CITY OF ISANTI
CITY COUNCIL MEETING
Tuesday, December 15, 2015
CITY HALL

Mayor Wimmer called the meeting to order at 7:00 p.m.

The Pledge of Allegiance was recited.

Members Present: Mayor George Wimmer, Councilors: Paul Bergley, Dan Collison, Adam Johnson and Steve Lundeen

Members Absent: None

Staff Present: City Administrator/City Clerk Don Lorsung, City Attorney Clark Joslin, Human Resources/ Deputy City Clerk Karissa Henning, Police Chief Gene Hill, Community Development Director Roxanne Achman, Economic Development Director Sean Sullivan, and City Engineer Brad DeWolf

D. Adopt Agenda

Mayor requested that agenda item L.16. be moved from the Consent Agenda to Business Item K.8.
Motion by Lundeen second, by Johnson to approve the agenda with the requested modification. Motion carried unanimously

E. Proclamations/Commendations/Certificate Awards

The following employees have earned service credit for five, ten and fifteen years: Public Works Maintenance Technician Joshua Becker (5), Part-Time Police Officer Noah Buecksler (5), Public Works Maintenance Technician Scot Klersy (5), Part-Time Police Officer Brandon Oliver (5), Economic Development Director Sean Sullivan (5), Police Officer/SRO Adam Gau (10), Public Works Maintenance Technician Michael Harris (10), City Administrator Donald Lorsung (10), Public Works Maintenance Technician James Mager (10), Police Department Investigator Dusten Noreen (15)

Sullivan and Lorsung were available and recognized for their service credit at the meeting.

Lundeen made comment that a Cambridge resident had noted to him that there is a lot going on in the City of Isanti regarding growth and economic development and commended Sullivan for his great work with the City. Mayor Wimmer likewise gave praise to Sullivan and the Economic Development Team.

The Mayor also recognized Lorsung and his tenure with the City; the Mayor noted that when Lorsung was hired, it had been the first significant vote in two years that was actually a 5-0 vote. That is how much Lorsung stood out as a candidate for City Administrator. Mayor Wimmer also mentioned that recently, during Lorsung's performance review, everyone on the Council had an opportunity to give positive feedback to Lorsung and that he has been doing a great job.

The Mayor acknowledged that the City has a number of other great employees as well that are having anniversaries.

F. Approve City Council Minutes

1. December 1, 2015 - Regular Meeting of the City Council

Motion by Collison, second by Bergley to approve the Regular City Council Minutes of the December 1, 2015 meeting as presented. Motion carried unanimously.

G. Citizens Input
None.

H. Announcements
Announcements were read.

I. Council Committee Reports
Bergley stated that he had attended a Trunk Highway North 65 Coalition meeting where an amendment to the Joint Powers Agreement was mentioned. Bergley remarked that Lorsung had received an email on Joint Powers Agreement amendment between all those involved in the Trunk Highway North 65 Coalition. The Mayor requested further details from Lorsung who indicated that the big change would be the number of members required to make a quorum as this is something with which the Coalition had struggled. Lorsung also noted that it appears the Coalition has added co-chairs so there would be someone to run the meetings. The email has been passed on to City Attorney Joslin for review before it is brought back to the Council.

The Mayor had a couple of comments with regards to the boards and commissions. The Mayor noted that when the Council appoints people to the various boards and commissions to serve, their function is to sift through things and take some of the workload from the Council. The Mayor expressed that the City may have a situation where the purpose of candidates on boards and commissions may not have been fully instilled in them. Those members are not in place to create policy. The Mayor also noted that when people are appointed to those boards and commissions, they are representing the City of Isanti and Council members. The City will be looking at further training for their board chairs to ensure that they are keeping things on task.

While going through Planning Commission notes and listening to the meetings, the Mayor observed that there are safety concerns related to the development on the east side of Highway 65 and the need to provide safe Highway 65 crossing was being raised. The Mayor remarked that there had been a great pedestrian bridge project which would have addressed those concerns where 90% of the project would have been paid by an outside party. The Mayor asked that people not lose sight of the fact that there were plans in place that would have answered some of these issues; however, these solutions were not acted on due to lack of support at that time.

Another item the Mayor wanted to address was that if commission or board members have questions of staff that they be encouraged to approach staff with their questions as they arise. This would prevent waiting until the meeting to ask those questions where staff may be unaware or unprepared for a question that hadn't been raised previously. It is very hard for staff to have a response ready if they haven't run into a similar situation previously. The Mayor expressed a desire to encourage fellow commissioners and board members to ask staff when questions arise so that they can do the research and be prepared with answers. The Mayor noted that as there is more activity in the City, more of these types of issues do come up.

J. Public Hearings

K. Business Items
1. Report on Library Link and Extension of Agreements for 2016 (*Barbara Misselt, Library Director)*
   a. **Resolution 2015-296 Extending the Original Partnership Agreement between the City of Isanti and the East Central Library Board and the Isanti Area Friends of the Library**

Barbara Misselt, Director of the East Central Regional Library and Tim Olson, the Outreach Librarian newly assigned to the Isanti Outreach Site addressed the Council. Misselt remarked that the partnership between the City of Isanti, ECRL Board and the Isanti Area Friends of the Library had been in place for six years. Misselt felt that the partnership was going very well and indicated that the Isanti Outreach Site sees approximately 15 to 20 people each week. Statistics indicate that 887 people have visited the site since the beginning of the year (46 weeks.) The outreach site exists for those people who find it difficult to get to one of the other branches. The hours are noon to 4:00 p.m. on Wednesdays. Misselt indicated people can request books or other library materials and have them brought out the following week. People can also obtain research information. Misselt gave the example of inquiring on the price of rice in China. So far this year, 436 questions have been responded to by the site librarians. Misselt remarked that a reference question can be anything from: How do you download an eBook? to hardcore reference questions. Misselt expressed her opinion that the outreach site is an excellent example of intergovernmental cooperation stating that the County is a part of a joint powers agreement. The outreach site operations are paid for by the County with the City providing the space and the local citizens group of volunteers providing any incidental expenses. Misselt asked if there were any questions from the Council. Bergley asked if there were computers, as in Cambridge, at this outreach site. Misselt indicated that there is a single computer for the outreach librarian to use in answering questions; however it is not for public use. The Mayor commented that he had heard that a lot of people like the fact that they can request a book and have it brought in to the Isanti site. There is also easy returns with the book drop out front. Misselt acknowledged and thanked the Isanti Area Friends of the Library, represented that evening by ECRL Commissioner Mike Warring who volunteers with the group, who have helped with some rust-outs on the book drop. Misselt noted that book drops are very expensive if they have to be replaced.

Motion by Collison, second by Johnson to approve Resolution 2015-296 as presented. Motion carried unanimously.

2. **Resolution 2015-297 to Amend the Policy on the Use and Maintenance of the Outdoor Hockey Rink**

The Mayor reported that, as planned in 2004, the Outdoor Hockey Rink would have been a 50/50 cost split between the City and the Youth Hockey Association to install and maintain the rink. However, the Youth Hockey Association ended up donating approximately $5,000; whereas, the City's portion ended up being approximately $30,000. There was an agreement with the Youth Hockey Association where they were responsible for maintaining the ice and handle minor repairs; however, there were mixed reviews on how well this was carried out in actuality. Approximately 2 years ago, the Youth Hockey Association pulled out of that agreement completely. Previous to that the City had taken over maintaining the ice. Now the dasher boards need to come off because they are in such bad shape and the remaining rink boards are over 40 years old. The Park and Recreation board has recommended flooding the ice this year, removing the dasher boards, and to leave the remaining boards intact for now.

The Mayor stated that the Council needs to decide how the City should go forward as the boards must be replaced if there is going to be hockey played on the rink. The Mayor gave a bit of background in that initially the rink was reserved for certain hours specifically for the Youth Hockey Association hockey practices. Since that agreement is now defunct, there have been a few complaints that if there are hockey players on the ice it becomes dangerous for other skaters. The Park and Recreation board has put forward the suggestion that the rink should now be a pleasure rink and not used exclusively for hockey. The Mayor put forth the following questions, noting that this topic would arise again in the goal-setting session: Should Isanti have an outdoor rink specifically for hockey usage? Should there be designated times reserved for hockey? How should it be structured? How will the City fund the rink? The Mayor stated that it costs $5,000-$7,000 per season just to maintain the ice. This doesn't include costs associated with removing snow from the ice. When used as a pleasure rink, it's easier because they just drive a truck on the ice and plow across. To remove snow from a

hockey rink requires bringing in more specialized equipment, etc. and is ultimately more expensive.

The Mayor stated that this year, if weather allows, the rink will be flooded. However, in the goal-setting session, Council will need to decide what the City should do moving forward. The rules provided in the resolution are pleasure rink rules that would be applied to the hockey rink for now. There have been requests by hockey teams and parents to reserve ice time for hockey practices; however, to use the rink as initially purposed but without the Youth Hockey Association assisting in the maintenance and costs seems unfair to City residents. The Mayor noted that he had sat on the Council as a Councilmember when the agreement with the Youth Hockey Association came up for approval and the Mayor felt that the rink would never have been constructed if it hadn't been for the partnership to cover costs.

Collison inquired if the City had a pleasure rink located south of the hockey rink last season that will be in use again this season. The Mayor responded yes and the pleasure rink will be there this year as well. Bergley said that he had used the rink and there were issues with the warming house always being locked. The Mayor replied that he had not heard of that concern previously. The Mayor reported that there was a warming house that the City had built many years ago for which the City had an attendant. Then, he believed, that the Youth Hockey Association had a warming house that was used strictly for youth hockey and paid for by them so likely was locked when not in use. The warming house/changing room that the City has is the BMX building. One of the discussions by the Parks and Recreation Board was whether the pleasure rinks should be moved over to the other side of the pine trees in that way, they would be literally across the path from the warming house in the BMX building. There is nothing magical about where and how the pleasure rink is created and it could be moved and done anywhere. The big issue and concern is the hockey rink.

Motion by Johnson, second by Collison to approve Resolution 2015-297 as presented. Motion carried unanimously.

3. Consider Amendments to the City Code and Fee Schedule
    a. **Ordinance 627 to Amend The Code for the City of Isanti, Chapter 160, Fees**
    b. **Resolution 2015-298 Adopting Fees Within the City of Isanti**

Motion by Johnson, second by Collison to approve Ordinance 627 and Resolution 2015-298 as presented. Motion carried unanimously.

4. Extension of Water and Sanitary Sewer Rates
    a. **Ordinance 628 to Amend the Code for the City of Isanti, Chapter 325, Water**
    b. **Ordinance 629 to Amend the Code for the City of Isanti, Chapter 260, Sewer**

A utility fee study will be done in 2016. The rates being approved would be in place until the completion of that fee rate study which will tell the City where they need to be going forward.

Motion by Johnson, second by Collison to approve Ordinances 628 and 629 as presented. Motion carried unanimously.

5. **Resolution 2015-299 Approving Amended Job Descriptions, Job Titles, and Compensation - City Administrator and Human Resources/ City Clerk**

The Mayor stated that this had been previously planned and budgeted. Ms. Henning will now be the official City Clerk and taking those related duties from the City Administrator position to the Human Resources/City Clerk position.

Motion by Lundeen, second by Bergley to approve Resolution 2015-299 as presented. Motion carried unanimously.

6. **Resolution 2015-300 Approving the Contingent Promotion of Building Inspector Henly to Building Official Effective January 1, 2016**

The Mayor reported that this was contingent upon Henly passing his test.

Motion by Collison, second by Bergley to approve Resolution 2015-300 as presented. Motion carried unanimously.

7. **Resolution 2015-301 Approving Update to Market Tourism and Lodging Analysis Study**

The Mayor stated that this study was to obtain the new numbers reflected in the City's current economy into that study the City will be using for the hotel project.

Motion by Johnson, second by Lundeen to approve Resolution 2015-301 as presented. Motion carried unanimously.

8. **Resolution 2015-302 Establishing a Restricted Parking Zone Along a Section of Third Avenue NW**

The Mayor reported that there had been a request by the School District to have some parking limitations along Third Avenue NW. The Mayor stated that it seems an appropriate action; however, when the City does this type of thing it isn't always clear to the public why the City is always doing this. That is why this topic was pulled from the Consent Agenda. The Mayor wanted to be certain that residents understood why the parking restriction was being made. The School District asked that the signs be put up to help with safety concerns and traffic flow. The City determined that it was a reasonable request.

Motion by Lundeen, second by Bergley to approve Resolution 2015-302 as presented. Motion carried unanimously.

L. Approve Consent Agenda

RE: Designating Official Newspaper, Appointing Depositories, Professional Services, and Setting City Council Meetings for Year 2016

Newspaper Bids, Appointment of Depositories and Professional Services

Bids for the 2016 official city newspaper have been received from the Isanti-Chisago County Star and Isanti County News. Bids will be opened and read out loud at the Council meeting.

Attached is a Resolution designating the official City Newspaper, designation of depositories and appointment of professional services for the year 2016.

Regular City Council Meetings

The Resolution also sets City Council meetings per the attached schedule. Meetings are typically held at 7:00 p.m. on the first and third Tuesdays of the month. Regarding the regular meeting schedule, Wednesday meetings will be held this year due to Precinct Caucus (3/1/16) and National Night Out (per City Code – 8/2/16).

Council Workshops

City Council Workshops are set at the direction of the City Council. The City Council would call for the Workshop at the first regular meeting of the month. The Workshop would be held at 5:45 p.m. prior to the second regular City Council meeting of the month.

From: Roxanne Achman
Community Development Director

Date: January 5, 2016

Subject: A Resolution Setting a Public Hearing to Vacate a Drainage and Utility Easement within Lots 1, Block 1, Isanti Commons First Addition.

Background

Isanti Commons First Addition is located East of Highway 65 and South of Heritage Boulevard, where the new Coborn's grocery store is to be constructed. This property is being split to allow for development on the southern portion of the lot, thus requiring the vacation of a drainage and utility easement so as not to impede development. Drainage will be directed to an alternate easement location within the newly platted lot. The plat request will be presented to the Planning Commission on January 12th, 2016 and to the City Council on January 19th, 2016.

Vacations require a 30 day notice prior to the public hearing.

Staff Request

Set a public hearing for Tuesday, February 16th, 2016.

Date: January 5, 2016

Subject: Resolution Approving Staff to Submit Applications for Grants Pertaining to Activities in Parks, Recreation and Culture Department for 2016-2017

Background

Staff has been made aware that the City would be eligible to apply for funding of grant dollars to help support some of the city's community, park and recreation initiatives. Due to the short notice of when staff is made aware of the potential grant opportunities, staff may need to apply in a short timeframe.

Two such grant opportunities that staff is proposing to apply for are the 2016 Innovation Fund grant program through the Initiative Foundation and the Outdoor Recreation Grant Program through the Minnesota Department of Natural Resources.

Staff Request

Staff is requesting approval for submission of applications to grants that pertain to the Parks, Recreation and Culture department. Submittal of any grants that fit within the described areas will be based upon City staff's discretion and their ability to complete the background work to submit the application.

City staff is requesting action on this item.

Request for City Council Action

To: **Mayor Wimmer and City Council Members**

From: Chief Gene C. Hill **MEMO**

Date: December 14, 2015

Subject: **Mini-Grant - Preliminary Breath Test (PBT)**

Background:

The City Council had authorized the Chief of Police to apply for the Safe and Sober Grant Acceptance in June of 2015. This grant provides extra patrol and heightened enforcement for seatbelt usage, DUI enforcement and speeding violations which all tend to be the most dangerous actions that lead to injury and death of the motoring public.

There is a mini-grant available to replace the aging Preliminary Breath Test –PBT's that the City owns. One of the PBT's is not holding calibration and the other in many years old and is reaching its life expectancy.

Action:

I am requesting that the City Council to review and consider this request to apply for the mini-grant to replace the PBT's.

Supportive Documentation:

2016 Solicitation for Requests for Preliminary Breath Testers with Lockout

The Minnesota Department of Public Safety's Office of Traffic Safety (OTS) is seeking requests from single law enforcement agencies who commonly stop vehicles for traffic safety violations and are interested in receiving Preliminary Breath Testers (PBT) with a Lockout Enabled. Federal funding for these PBTs is received by OTS from the National Highway Traffic Safety Administration.

The PBTs are Alco-Sensor IV models that have the additional feature of becoming locked, and therefore not useable, when they have not been calibrated within the last 30 days. Notices of the impending lockout will be given seven days before the lockout occurs. Once locked, they will become useable again only after they have been calibrated. OTS is not able to provide the PBTs under this grant without the lockout enabled due to the fact that your agency may have purchased those models in the past and that would supplanting which is not allowed with federal funds.

OTS has a simple Survey Monkey questionnaire that will serve as your request for the devices. A copy of the questionnaire is attached on the next page to help you in preparing to complete the Survey Monkey questionnaire. NOTE The request can only be received by OTS via the Survey Monkey; paper copies are not accepted. Once the requests have been received, OTS will determine how many, if any, each requesting agency will receive based on the answers to the Survey Monkey questions and the available money. OTS will purchase the PBTs and give them to our traffic safety law enforcement liaisons who will distribute them to the individual agencies. Serial numbers of the PBTs for the individual agencies will be tracked by the liaisons. In the future, the liaisons will spot check and inventory the PBTs to ensure they are still in use for their intended purpose.

The PBTs cannot be traded in, sold, or disposed of in any way unless the OTS has approved the trade in, sale or disposal before it occurs. If an agency finds it cannot use the PBTs after receiving them, the PBTs should be returned to OTS via your traffic safety law enforcement liaison.

You must complete the Survey Monkey questionnaire by 5:00 p.m. on January 11, 2016.

Questions on this solicitation must be directed to Susie Palmer on or before December 31, 2015; no one else is authorized to answer questions and answers from other may be incorrect. Questions asked and their answers will be posted on the Law Enforcement Partners page on the OTS Web site.

RESOLUTION NO. 2016-XXXX

RESOLUTION AUTHORIZING THE CHIEF OF POLICE TO APPLY FOR THE MINI-GRANT FROM THE MINNESOTA DEPARTMENT OF PUBLIC SAFETY - OFFICE OF TRAFFIC SAFETY FOR THE PRELIMINARY BREATH TEST (PBT'S)

WHEREAS, the Isanti Police Department has the opportunity to apply for a mini-grant with the Minnesota Department of Public Safety – Office of Traffic Safety; and

WHEREAS, the Police Department makes use of grant opportunities to provide better service to the community; and

WHEREAS, the City of Isanti Police Department is in need of replacing several of its aging PBT's; and

NOW, THEREFORE, IT IS HEREBY RESOLVED by the City Council of the City of Isanti, Minnesota to authorize the Chief of Police to apply for the mini-grant available through the Minnesota Department of Public Safety – Office of Traffic Safety for the replacement of the aging PBT's.

This resolution was duly adopted by the Isanti City Council this 5th day of January, 2016.

MEMO

To: Mayor Wimmer and City Council

From: Karissa Henning, Human Resources/City Clerk

Date: January 5, 2016

Subject: Conflict of Interest Policy

City Attorney Clark Joslin will do the annual review of the Conflict of Interest Policy with the City Council.

The current Conflict of Interest Policy (Resolution) is attached for your review and consideration. The original Policy was developed and adopted in 2003.

Disclosure forms (also attached) should be completed by the City Council and returned to the City Administrator.

RESOLUTION NO. 2016-XXX

CITY OF ISANTI
CONFLICTS OF INTEREST POLICY

Purpose

The City Council of the City of Isanti confirms its determination that ethical standards among the Mayor and Council Members and members of the various Boards and Commissions and employees of the City (Public Officials) are essential to the proper conduct of City affairs. By eliminating conflicts of interest and providing a guide for conduct in City matters, the City Council strives to promote the faith and confidence of the citizens of the City in their government. The following standards of conduct are intended to serve as a guideline for Public Officials in carrying out their responsibilities. This Policy is in addition to any statutory requirements, Attorney General Opinions or court rulings, which prescribe allowable actions for Public Officials.

Definition

Public Officials shall be defined as follows:

Mayor
City Council
Planning Commission
Economic Development Authority
Parks, Recreation, and Culture Board
City Administrator ~~/ City Clerk~~

Finance Director / Treasurer ~~/ Asst. City Administrator~~
Economic Development Director
Community Development Director
Public ~~Works~~ Services Director
Chief of Police
Liquor Store Manager
Building Official
City Attorney
City Engineer
Other employees of the City of Isanti

Standards of Conduct

1. Public Officials, City employees, and Police Reserve members:

   a) Shall not use their positions to secure special privileges or exemptions for themselves or others to intentionally jeopardize the position of employment of others;

b) Shall not engage in, solicit, negotiate for, or promise to accept private employment nor shall they render services for private interests or conduct a private business when such employment, service, or business creates a conflict with or impairs the proper discharge of their official duties;

c) Shall not participate in deliberations in any matter before the Council, Board or Commission, which affects that Public Official's, Public Official's spouse or minor child's financial interests directly or indirectly or those of a business, profession or occupation with which the Public Official is associated. Whenever such conflict is recognized, the affected Public Officials shall disclose in writing such interest prior to any discussion or vote and disqualify themselves from any further involvement pertaining to the issue;

d) Shall not act as agent or attorney for another in any matter before the Council or any Board or Commission or before any court or administrative board in any matter in which the City is a party;

e) Shall not directly or indirectly receive, or agree to receive, any compensation, gift or reward or gratuity as an inducement to support or influence any matter or proceeding connected with, or related to, the duties of the office; The following types of gifts are permitted under exceptions to the law:

1) Lawful campaign contributions.

2) Services to assist an official in the performance of official duties.

3) Services of insignificant monetary value.

4) A plaque or similar item.

5) A trinket or item of insignificant monetary value.

6) Informational material of unexceptional value.

7) Food or beverage given at a reception, meal, or meeting by an organization before whom the recipient makes a speech or answers questions as part of a program (this exception is only available if the location of the reception, meal, or meeting is away from the recipient's place of work).

8) Gifts given because of the recipient's membership in a group.

9) Gifts between family members.

f) Shall not disclose to others or use to further their personal interest confidential information acquired by them in the course of their official duties.

2. Any Public Official who is an officer, director, partner, agent, proprietor or employee of any firm or has a proprietary interest of 10 percent (10%) or more in any company,

business, enterprise or corporation, partnership, labor union or association doing business with the City shall make known that interest in writing as provided in the disclosure section of this Policy.

3. No Public Official nor business entity that the Public Official has a financial interest in, in excess of 10 percent (10%), shall enter into any contract with the City unless otherwise authorized by law.

4. Public Officials shall disclose to the governing body any relationship to another person or entity in any instance where there is a conflict of interest or could be the appearance of a conflict of interest.

5. Public Officials shall not have a personal financial interest in any sales, lease, or contract that they are authorized to make in their official capacities.

6. A Public Official shall not hold two positions if the positions' functions are incompatible with one another.

Disclosures

Public Officials, elected or appointed and employees serving as Department Heads or Supervisors, shall, no later than thirty (30) days following election or appointment to office and each year thereafter by February 1, complete the Disclosure Form and return it to the City Administrator. All subsequent applicants for appointment on Boards and Commissions shall file a completed Disclosure Form together with the application form. Within thirty (30) days after the acquisition or sale of any property, each Public Official shall file as a public record with the City Administrator, a list of all real property in the City owned by such person, that person's spouse, or minor child, or in which the Public Official has a beneficial interest, disclosing each individual item held, and by whom. Homestead shall be excluded from the above disclosure. Each Public Official shall disclose all positions as officer, director, partner, agent, proprietor or employee of any firm in which such Public Official has a proprietary interest of ten percent (10%) or more in any company, business, enterprise, corporation, partnership, labor union or association doing business with the City, and indicate with respect to each such relationship whether services are gratuitous or for compensation.

Disclosure Form

The disclosure information required by this Policy shall be set forth on a form which shall be made available by the City Administrator and is part of this Policy.

Discipline

Upon a signed written complaint of any person questioning adherence to this Policy or on the Council's own volition, the Council shall refer the matter to the City Attorney for investigation and the City Attorney shall report the results of the investigation to the Council within forty-five (45) days thereafter. A copy of such report shall be furnished to the person complained against. Such person may request a hearing on this matter before the Council which request shall be filed

with the City Administrator not later than ten (10) days following receipt by such person of the City Attorney's report.

Upon receipt of the City Attorney's report and at the conclusion of any hearing on the matter, the Council by majority vote may dismiss the complaint as having no merit, may adopt a resolution of censure, or with respect to members of Boards and Commissions, the Council may remove a member from such Board or Commission. In the event the complaint is against a member of the Council, such member shall not participate in the Council's deliberations or vote on the issue.

Violations

Any Public Official who violates the Conflict of Interest Law can be found guilty of a gross misdemeanor, be fined up to $3,000, and imprisoned for up to one year. Any contract that has been made illegally is void.

This Resolution is hereby approved by the Isanti City Council this 5th day of January, 2016.

MEMO

To: Mayor Wimmer and City Council

From: Don Lorsung, City Administrator

Date: December 16, 2015

Subject: Service on LMC Policy Committee

Over the past two years, I served on an LMC Policy Committee. The Committee is the Improving Fiscal Futures Committee. This committee reviews issues and formulates policy recommendations on municipal financial management, property and other taxes, state aid programs, and financial reporting requirements. Those areas are of great importance to our community and I believe my experience and expertise would benefit the City through service on this committee. Committee meetings are scheduled in the mornings during weekends, one day each month in July, August and September. They are held at the LMC Building at St. Paul. In the event I cannot attend in St. Paul, I have the option to participate electronically. Once appointed, LMC Committee members serve a two year term.

I am requesting approval to continue my participation on the LMC Fiscal Futures Committee for another two year term (2016/2017). Attached is a resolution for your consideration.

RESOLUTION 2016-

AUTHORIZING CITY ADMINISTRATOR DON LORSUNG TO SERVE ON THE LMC FISCAL FUTURES POLICY COMMITTEE

WHEREAS, the League of Minnesota Cities (LMC) has Policy Committees that work on the various issues and legislative matters regarding cities; and,

WHEREAS, the LMC Policy Committees are comprised of both elected and appointed city officials; and,

WHEREAS, City Administrator Don Lorsung, has broad experience and expertise with local government matters; and

WHEREAS, appointment of the City Administrator Don Lorsung to the LMC Fiscal Futures Policy Committee, will serve to assist both the LMC (and the City of Isanti as its member) with the various issues and legislative matters that will be considered by the committee;

NOW, THEREFORE, IT IS HEREBY RESOLVED by the City Council of the City of Isanti, Minnesota to authorize City Administrator Lorsung to be appointed to the LMC Fiscal Futures Policy Committee for a two year term.

This Resolution hereby approved by the Isanti City Council this 5th day of January 2016.

From: Karissa Henning, Human Resources/ City Clerk

Date: January 5, 2016

Subject: Resolution Approving a Memorandum of Understanding Between the City of Isanti and I.U.O.E., Local 49, AFL-CIO Regarding Lead Pay

---

Attached for City Council approval is a Memorandum of Understanding (MOU) between the City of Isanti and I.U.O.E., Local 49, AFL-CIO regarding lead pay. The purpose of the MOU is to document agreements on a new process for lead pay due to the reorganization of the City of Isanti Public Works Department.

This MOU requires City Council approval to be added and considered as a part of the contract between the City of Isanti and I.U.O.E, Local 49, AFL-CIO dated January 1, 2014 – December 31, 2016.

The MOU has been reviewed and approved by the Personnel Committee, City Attorney Joslin, and Union Business Agent Pothen.

RESOLUTION NO. 2015-XXX

RESOLUTION APPROVING A MEMORANDUM OF UNDERSTANDING BETWEEN THE CITY OF ISANTI AND I.O.U.E., LOCAL 49, AFL-CIO REGARDING LEAD PAY

WHEREAS, due to the reorganization of the public works department there is need to clarify how the public works union contract reads regarding lead pay; and

WHEREAS, a Memorandum of Understanding has been prepared by staff and reviewed by the Personnel Committee, City Attorney Joslin and Union Business Agent Pothen.

NOW THEREFORE BE IT RESOLVED BY THE CITY COUNCIL OF THE CITY OF ISANTI, MINNESOTA that the attached Memorandum of Understanding between the City of Isanti and I.O.U.E., Local 49, AFL-CIO regarding lead pay is hereby approved.

This resolution was duly adopted by the Isanti City Council this 5th day of January, 2016.

Attest:

Mayor George A. Wimmer

MEMORANDUM OF UNDERSTANDING

The purpose of this Memorandum of Understanding is to document agreements on a new process for lead pay due to the reorganization of the City of Isanti Public Works Department. The following agreements have been made outside of the Labor Agreement between City of Isanti and International Union of Operating Engineers, Local 49, AFL-CIO dated January 1, 2014 - December 31, 2016:

Pursuant to the current Labor Agreement between City of Isanti and International Union of Operating Engineers, Local 49, AFL-CIO, Article 6.13, Definitions, Lead Pay, defined as: pay to the individual selected by the Public Works Director to act in a supervisory role while the Public Works Director is out of town or otherwise unavailable to supervise. With the Working Foreman now serving in the day to day supervisory role in the Public Works Department, in their absence the Lead Worker role will be assigned to the on-call individual to act in the Lead Worker supervisory role. This assignment will occur when the Working Foreman is out of town or otherwise unavailable to supervise. When serving in the role of Lead Worker, the on-call individual will receive Lead Pay as provided under the current Labor Agreement. This includes situations where the Working Foreman is on vacation over a weekend. Under the circumstance that a new employee is the designated the on-call individual during their probationary period, the Working Foreman will assign another individual as the Lead Worker. Under the circumstances that the on-call individual, due to sickness or other inability to perform this function, the Working Foreman will assign another individual as the Lead Worker.

Members Present: Mayor George Wimmer, Councilors: Paul Bergley, Dan Collison, Adam Johnson and Steve Lundeen

Members Absent: None

Staff Present: City Administrator Don Lorsung, City Attorney Clark Joslin, Human Resources/ City Clerk Karissa Henning, Police Chief Gene Hill, Economic Development Director Sean Sullivan, and City Engineer Brad DeWolf

D. Adopt Agenda

Motion by Collison second by Johnson to approve the agenda as presented. Motion carried unanimously

E. Proclamations/Commendations/Certificate Awards

The Mayor described the City of Isanti Legacy Medal as one in which the recipients are people who have brought positive recognition to the City of Isanti on a regional, state or national level. The City receives nominations for this award. The Mayor indicated that last year's medal nominations included BMX National and State Champions. Unfortunately, they weren't quite able to get their information in yet; they may be also nominated for 2016 awards.

One group and one individual were nominated and selected for the Legacy Award. First, Mayor Wimmer recognized Aquatennial Princess Maddie Simon, the first of Isanti's Ambassadors to become an Aquatennial Princess. She will be given the award for doing a fantastic job representing the City of Isanti throughout the region and bringing recognition to the City. The Mayor noted that he has received numerous emails and messages from people who have had contact with Simon and had never heard of the City of Isanti previously. The Mayor stated that Simon is the City's most effective, most efficient, dollar for dollar marketing our City could get (as she is a Volunteer). Mayor Wimmer then recognized the group, Odyssey of the Mind from the School of All Seasons and Intermediate School. The Mayor noted that the team, over a number of years, has done exceptionally well representing the City of Isanti. Odyssey of the Mind is a challenge for both the mind and creativity, and the students involved are exceptional at what they do. The Mayor reported that the School for All Seasons and Intermediate School have routinely taken firsts, seconds and thirds through the last decade or so, while competing against arts and science schools from the metro area and even the neighboring states of Iowa and North Dakota. The Odyssey of the Mind team being recognized this year took 1st place and the Mayor stated that he couldn't be prouder of the remarkable group of students. There are seven students on the team; however, only six were available to receive their medals at the Council meeting including: Matthew, Austin, Maria, Abigail, Eva, Emily. Missing was Chloe.

F. Approve City Council Minutes

1. December 15, 2015 – Regular Meeting of the City Council

Motion by Lundeen, second by Johnson to approve the Regular City Council Minutes of the December 15, 2015 meeting as presented. Motion carried unanimously.

K. Business Items

1. Interview Applicants for the Vacant Term Seats for the Planning Commission and Park, Recreation and Culture Board

Economic Development Board
There are no open seats on the Economic Development Authority Board for 2016.

Planning Commission
There was one open seat on the Planning Commission for which two applications were received: Luke Merrill and Jim Kennedy.

Applicants were asked and answered the same group of questions specific to the committee for which they were applying.

Motion by Johnson second by Collison to appoint Jim Kennedy to the vacant Planning Commission seat with a term ending 12-31-2018. Motion carried unanimously.

Park, Recreation, and Culture Board
There were two open seats on the Park, Recreation, and Culture Board for which two applications were received: Jamie Bergwick and Lynn True (True was not at the council meeting). There were no applicants for the student seat.

Bergwick was asked and answered questions specific to the committee for which she was applying.

Motion by Lundeen second by Johnson to re-appoint Bergwick to the open Park, Recreation and Culture seat with the term ending 12-31-2018. Motion carried unanimously.

a. Resolution 2016-001 Designating Committees and Representatives for City Commissions and Advisory Boards for 2016

Mayor Wimmer shared that he is happy with the current appointments and that all committee and advisory board members are doing a great job. His one stipulation was that the Student Representative seat on the Parks, Recreation and Culture Board would be a one year only appointment.

Motion by Lundeen second by Johnson to approve Resolution 2016-001 as presented. Motion carried unanimously.

2. Consider Designating an Official Newspaper and Appointing Depositories and Professional Services for Year 2016
   a. Open Bids for the Designation of the City's Official Newspaper

Isanti County News	$ 4.77 per column inch (11 lines/inch) 4145 distributions in Isanti 55040 zip code
Isanti-Chisago County Star	$ 2.25 per column inch; (11.5 lines/inch) 1710 distributions in City of Isanti

The Mayor noted that, traditionally, the Star has been less than the Isanti County News; however, the Council has elected to go with the Isanti County News as they are the only paper to truly cover the City by attending and reporting on City Council meetings, events, etc. The Isanti-Chisago Star qualifies as a potential Official Newspaper; however, they rarely attend or report on the City's activities.

   b. **Resolution 2016-002 Designating an Official Newspaper, Appointing Depositories and Professional Services and Setting City Council Meetings for Year 2016**

Motion by Johnson, second by Lundeen to designate the Isanti County News as the City's Official Newspaper for year 2016. Motion carried unanimously.

Motion by Johnson second by Lundeen to approve the professional services, depositories, and the City Council meeting schedule for year 2016 as presented. Motion carried unanimously.

3. **Resolution 2016-003 Authorizing Signatures for the Purpose of Accessing and Maintaining City Funds and Investments**

Motion by Johnson, second by Bergley to approve Resolution No. 2016-003 as presented. Motion carried unanimously.

4. **Resolution 2016-004 Setting a Public Hearing for an Easement Vacation within Lot 1, Block 1, Isanti Commons First Addition.**

Motion by Lundeen, second by Johnson to approve Resolution No. 2016-004 as presented. Motion carried unanimously.

5. **Resolution 2016-005 Approving Staff to Submit Applications for Grants to Activities in PR&C for 2016-17**

Motion by Lundeen, second by Johnson to approve Resolution No. 2016-005 as presented. Motion carried unanimously.

6. **Resolution 2016-006 Amending the Resignation Date of Building Official Rick Sames**

The Mayor stated that Sames has offered to stay on so the City can get through all the Coborn's plans which is a tremendous help to the City.

Motion by Bergley, second by Johnson to approve Resolution No. 2016-006 as presented. Motion carried unanimously.

7. **Resolution 2016-007 Authorizing the Chief of Police to Apply for the Mini-Grant from the Minnesota Department of Public Safety, Office of Traffic Safety for the Preliminary Breath Test (PBT's)**

Motion by Johnson, second by Lundeen to approve Resolution No. 2016-007 as presented. Motion carried unanimously.

8. Review Conflict of Interest Policy
    a. **Resolution 2016-008 Approving the City of Isanti Conflict of Interest Policy**

City Attorney, Clark Joslin, addressed the Council regarding the annual review of the City of Isanti's Conflict of Interest Policy. The Policy is similar to the policy that has been in effect since 2003. Joslin requested that the Council, Committee and Board members each take time to read through the policy provisions and how they might apply to the individual. As in past years, and as is provided in the policy, there is a Disclosure Form that each of the individuals needs to complete, sign and return to the City Administrator or City Clerk. Joslin asked that this be done as promptly as possible. Joslin reviewed what constitutes as Conflicts of Interest, describing the two types as: 1) Financial Conflicts of Interest where the individual would abstain from vote on any issue that would provide a direct financial benefit to the individual, immediate family members, etc. (examples were given); 2) Any type of situation that might impair the individual's ability to view, make decisions or participate in discussions on items with a view towards the best interest of residents and tax payers of the City as opposed to personal interests or considerations (examples were given.) Joslin admonished all to "if in doubt, check it out."

Each year, in addition to the City policy that was provided, Joslin has provided individuals with a copy of the League of Minnesota's memos regarding official conflict of interest which outline in detail, different types of potential of conflict of interest and ways to avoid it along with things of which to be aware. Joslin noted that these are available on the League of Minnesota's website.

Joslin also offered a reminder that under Minnesota Law all meetings of, not only the City Council, but all the Council's Boards and advisory committees, are subject to the Open Meeting Law and anytime there is a quorum of the members of any of the Boards present, that is subject to the Open Meeting Law with the exception of social events where there is no City business discussed. The Mayor interjected that if there is an activity where it is known that there will be a quorum of City Council members, those activities are oftentimes posted as well just to stay on the safe side. Joslin remarked that the intent of the Open Meeting Law is to keep deliberations and the decision making process of public bodies transparent. The League also has updated materials on the Open Meeting Law as well.

The Mayor addressed the daisy chain issue where member A talks with member B who talks with member C and although it may not be intentional, it is a way to get around the Open Meeting Law. The Mayor stipulated that daisy chaining is a violation, and not acceptable. The Mayor also affirmed that Joslin is available to respond to questions and the importance of asking questions when they arise.

Motion by Lundeen, second by Bergley to approve Resolution No. 2016-008 as presented. Motion carried unanimously.

L. Approve Consent Agenda

1. Consider Accounts Payable in the Amount of $262,051.39 and Payroll in the Amount of $171,960.73 and Fourth Quarter Payroll for Council/Boards/Commissions in the Amount of $8,444.38
2. Pay Request No. 6 - Final – 2014 BMX & Public Works Site Improvements in the Amount of $38,503.62

3. **Resolution 2016-009** Authorizing City Administrator Don Lorsung to Serve on the LMC Fiscal Futures Policy Committee
4. **Resolution 2016-010** Approving a Memorandum of Understanding Between the City of Isanti and I.U.O.E., Local 49, AFL-CIO Regarding Lead Pay

Motion by Lundeen second by Collison to approve the consent agenda. Motion carried unanimously.

Closed Session
At 7:30 p.m. the City Council went into a closed session.

At 7:39 p.m. the Council came out of a closed session and the Mayor reopened the City Council meeting. The City Attorney gave the following summation: the closed session was held in pursuant the provisions of Minnesota statute 13D.05 Subdivision 2a for an update and discussion of information pertaining to an internal affairs investigation regarding law enforcement personnel conduct for the purpose of proceeding forward.

The Mayor asked for action to formally approve administrative leave for Officer Barrows and approval for staff to proceed forward with any steps and costs necessary to ensure that the process moves forward in a timely manner

Motion by Johnson second by Lundeen to approve outlined actions on this matter. Motion carried unanimously.

Adjournment
Motion by Johnson second by Lundeen to adjourn. Motion carried unanimously. Meeting adjourned at 7:40 p.m.

Request for City Council Action

To: Mayor Wimmer
Members of the City Council

From: Katie Everett
Community Events and Parks Coordinator

Date: January 19, 2016

Subject: Approving Resolution for Funding for Development of the 38 Acre Parkland

---

Background:
The City purchased a 38-acre parcel in the southwest corner of the city and received permission from the MN Department of Natural Resources to develop a park within the Wild and Scenic River Easement Area in 2015. The future park will include a community garden, restored native habitat, and trails with access to the Rum River (including a dock structure to provide trail linkage to Martin's Landing to the north).

Cost:
The first year unbudgeted costs to develop the 38-Acre project and have it operating Spring 2016 are as follows:

Community Garden Total	$31,567
Trails Total	$15,200
Dock Total	$11,254
Parking Lot Total	$42,471.00
7% Contigency Costs not to exceed	$7,034.44
Development Total	$107,526.44

The community garden total includes costs for fencing, water access, soil preparations, gardening tools, and marketing the garden. The Trails total is provided by Bolton and Menk and includes the costs of: grading to the Rum River, clearing and grubbing to the Rum River, and erosion control. The included dock total is one estimate provided by Performance Dock for an 8' dock with railings, ramps at both ends, and two benches. The parking lot total has been provided by Bolton and Menk (detailed estimate included in the Project Summary Documents).

Finance Committee Recommendation

The above budget was brought to the Finance Committee on January 7, 2016. The Finance Committee recommended that the project be funded first through the Park Dedication Fund and remaining costs be met through an interfund loan from the General Fund Fund to be repaid as the Park Dedication Fund is replenished by City development. The Park Dedication Fund currently holds $18,331.78.

The Finance Committee also recommended that the Community Garden plots be rented at $15/100 ft^2 and $20/raised bed each season. A priority system will be developed for returning renters in good standing to reserve plots first. A final layout will be determined to maximize space available for renters and to fit renter needs.

Staff Request

City staff is requesting action on these items:

- City Council authorize funding for the development of the 38-Acre project development per the Finance Committee recommendation.
- Approval for the rental fees of Community Garden plots and raised beds

RESOLUTION APPROVING FUNDING FOR DEVELOPMENT OF THE 38 ACRE PARKLAND

WHEREAS, the City currently owns a 38-acre parcel designated as parkland obtained from the Department of Natural Resources identified as property tax ID number 16.095.0500; and,

WHEREAS, staff estimates development of the 38 Acre Parkland will not exceed $107,526.44 for improvements as follows:

Community Garden Total	$31,567
Trails Total	$15,200
Dock Total	$11,254
Parking Lot Total	$42,471.00
7% Contigency Costs	$7,034.44
Improvement Total	$107,526.44

WHEREAS, the Finance Committee met on January 7, 2016 and recommended funding of the above mentioned project be from the Park Dedication Fund and remaining funds be through a zero interest interfund loan from the General Fund to the Park Dedication Fund; and,

WHEREAS, the Park Dedication Fund currently has a budget of $18,331.78; and,

WHEREAS, the interfund loan from the General Fund Fund to the Park Dedication Fund would be $89,194.66; and,

WHEREAS, the General Fund will be repaid as the Park Dedication Fund is replenished by development in the City of Isanti;

NOW, THEREFORE, IT IS HEREBY RESOLVED by the City Council of the City Of Isanti, Minnesota to hereby approve funding of the 2016 development of the 38-Acre Parkland per this Resolution through the Park Dedication Fund and an interfund loan from the General Fund Fund.

This resolution was duly adopted by the Isanti City Council this 19th day of January, 2016.

A RESOLUTION ESTABLISHING RENTAL FEES FOR COMMUNITY GARDEN PLOTS

WHEREAS, a community garden will be constructed in Spring 2016; and,

WHEREAS, members of the community will be allowed to rent ground plots or raised bed spaces; and,

WHEREAS, staff gathered rental fee and plot size information for other community gardens in Minnesota to compare; and,

WHEREAS, the Finance Committee met on January 7, 2016 to review the above information and discuss rental fees for the new community garden, and recommended the cost for such rental be \$15/100 ft^2 and \$20/raised bed; and,

WHEREAS, the Finance Committee determined that a priority system should be set up for returning renters in good standing to reserve plots first in following years;

NOW, THEREFORE, BE IT RESOLVED by the City Council of the City of Isanti, Minnesota to hereby set the community garden rental fees at \$15/100 ft^2 and \$20/raised bed and give priority to returning renters.

Adopted by the Isanti City Council this 19th day of January, 2016.

Subject: TH 65 Corridor Coalition – Amended and Restated Joint Powers Agreement

---

The TH 65 Corridor Coalition, at their November 19, 2015 meeting, has approved an Amended and Restated Joint Powers Agreement (JPA). This amended JPA has been forwarded to Coalition members for their consideration. In an e-mail from Coalition Administrative Representative, Carolyn Braun, the proposed JPA changes are as follows:

- "Each jurisdiction shall be considered a 'member' of the coalition.
- Each jurisdiction will appoint a representative (and alternate representative) to the coalition. Unless otherwise approved by the jurisdiction, members shall be elected officials. The jurisdictions may choose to send another community representative or staff member.
- A Board of Directors will be established.
- The 'Board' shall consist of two co-chairs, a secretary, a treasurer and one at-large member, each elected for a one year term at the annual meeting. The administrative representative will be an ex-officio member of the Board of Directors.
- The Board will have authority to take action between meetings of the full coalition, consistent with direction given by the full coalition.
- The Board of Directors will have authority to enter into contracts and/or expend funds when the value or such contract or expenditure is less than $5,000 and the expenditures are within the Coalition's approved budget.
- Each co-chair can call a special meeting. The administrative representative must call a special meeting upon the request of five representatives.
- Forty percent (40%) of the membership present at a regular or special meeting will constitute a quorum."

City Councilmember Paul Bergley, our appointed TH 65 Corridor Coalition Representative, will be presenting this proposed amended JPA at the City Council Meeting. City Attorney Clark Joslin has reviewed the proposed amended JPA. Attached for your consideration is a Resolution to approve the Amended and Re-stated JPA, and a copy of the final proposed Amended and Restated JPA.

AMENDED AND RESTATED
JOINT POWERS AGREEMENT
FOR THE NORTH TRUNK HIGHWAY 65 CORRIDOR COALITION

This Amended and Restated Joint Powers Agreement is made and entered into as of the date specified below. The parties to this agreement are governmental units of the State of Minnesota. This agreement is made and entered into pursuant to Minnesota Statutes, 2004, Section 471.59.

WITNESSETH:

WHEREAS, the governmental units all of whom directly border on or are in close proximity to Trunk Highway 65 (TH65), hereby agree to form the North Trunk Highway 65 Corridor Coalition,~~and~~

WHEREAS, the Coalition will commence a collaborative effort to address transportation and community planning issues associated with the improvement and expansion of the TH 65 corridor by:

1. Identifying, discussing and addressing transportation needs, including transit, transportation safety and efficacy for transportation improvements;;
2. Identifying, discussing and addressing other physical and community planning issue affected by said improvements; and
3. Addressing other issues that respective members deem appropriate.

WHEREAS, the Coalition desires to utilize this strategic alliance to assist in marketing and guiding development along the TH 65 Corridor; and

WHEREAS, the success of this collaborative effort will be dependent upon having access to adequate resources to comprehensively research and address the critical issues that impact TH 65; and

NOW THEREFORE, on the basis of the premises and the mutual covenants hereinafter set

forth, the parties hereto agree as follows:

ARTICLE I.
VISION STATEMENT

The general purpose of this agreement is to create an organization through which the members that are parties to this Agreement may jointly and cooperatively plan for and maximize the opportunities for sub-regional transportation and transit development, quality growth and diversification along TH 65 through a system of collaboration, pursuant to Minnesota Statutes, 2004, Section 471.59.

ARTICLE II.
ORGANIZATIONAL GOALS

The goal of the Organization shall be to: Work cooperatively with transportation, transit and other agencies in planning for transportation improvements including connecting State and County roadways, mass transit needs, and other infrastructure improvements along TH 65 to plan for future development along the corridor.

ARTICLE III.
DEFINITIONS

For purposes of this agreement the terms defined in this Article have the meanings given them.

Business at special meetings is limited to matters contained in the notice of the special meeting.

ARTICLE VIII.
POWERS AND DUTIES

Section 1. The Coalition may take such actions, as it deems necessary and convenient to accomplish the general purposes of this agreement. A member community shall retain the right to specifically approve proposed improvements in its community.

Section 2. The Coalition may:

a) Enter into contracts to carry out its powers and duties;
b) Purchase and hold personal property and accounts;
c) Contract for space, commodities or personal services with a member or group of members;
d) Accept gifts, apply for and use grants or loans of money or other property from the state, the United States of America, from other governmental and non-governmental units, and may enter into agreements in connection

therewith, hold, use and dispose of such money or property in accordance with the terms of the gift, grant, loan or agreement relating thereto;

e) Within the jurisdictional areas of operation of the parties:

1. Collect and analyze data,
2. Develop strategic recommendations, and
3. Implement marketing programs for the purpose of economic development and retention of existing businesses.

Section 3. The North Highway 65 Corridor Coalition may purchase liability insurance to insure against liability of the organization and its constituent members.

Section 4. Forty percent (40%) of the membership present at a regular or special meeting of the Coalition shall constitute a quorum. An affirmative vote of a majority of the Representatives present shall be required for approval of any matter.

ARTICLE IX.
FINANCIAL MATTERS

Section 1. The fiscal year of the North Highway 65 Corridor Coalition is the calendar year.

Section 2. The Board shall adopt an annual budget for each year prior to August 1 of the preceding year except for the year 2016. For the year 2016, the budget shall be adopted by February 28, , 2016. The board will give an opportunity to each member to comment or object to the proposed budget before adoption. Notice of the adopted budget must be sent promptly thereafter to the chief administrative officer of each Coalition member. The budget for any year except 2016 is deemed approved by each member unless, prior to November 1st of the preceding year, a member gives written notice to the Administrative Representative that the member is withdrawing at the end of the year as provided in the Agreement.

Section 3. Operational costs shall be shared. Each member shall pay an annual fee as established by the adoption of a resolution by a majority of Representatives at a meeting or special meeting of the Coalition. Except for 2016, the Board shall allocate the dues among members and notify the members each year by December 1st. The Board may annually review the membership fee and make recommendations to the Coalition to adjust the fees. Changes to the fees shall not become effective until approved by the Coalition at a regular or special

meeting called for that purpose, and the Governing Bodies of the members pursuant to the following procedure:. When approved by the Coalition, a notice of the change in fees shall be sent to the governing body of each member. The notice shall state that the governing body shall provide written notice of the approval/disapproval within 60 days of the notice. The notice shall further provide that the approval/disapproval of the fee change will be based upon an affirmative vote of the majority of the members timely responding to the notice.

Section 4. Membership dues for members joining the organization after the beginning of the budget year shall be assessed a fee comparable to similar current members and shall be included in the calculation outlined in Section 3 in subsequent years.

Section 5. Coalition membership dues are due and payable no later than January 31 of the fiscal year. In the event of a dispute as to the amount of a billing a member must nevertheless make payment as billed to preserve membership status. The member may make payment subject to its right to dispute the bill and exercise any remedies available to it. Failure to pay a billing within 60 days results in suspension of voting privileges of the member director. Failure to pay a billing within 120 days is grounds for termination of membership. Termination of membership for failure to pay a billing does not terminate the obligation of that member to pay the amount due.

ARTICLE X.
WITHDRAWAL

Section 1. A member may withdraw from the Coalition no later than November 1 in any year. The notice shall be accompanied by a certified copy of a resolution adopted by the governing body of that member authorizing its withdrawal from membership. The withdrawal is effective at the end of the calendar year in which notice is given.

Section 2. The withdrawal or termination of a member does not affect that member's obligation to pay fees, charges or contractual charges incurred prior to withdrawal.

ARTICLE XI.
DISSOLUTION

Section 1. Dissolution is mandatory when the Administrative Representative has received certified copies of resolutions adopted by the governing bodies of two-thirds of the members of the Coalition in good standing requesting dissolution of the Coalition.

Section 2. In the event of dissolution, the board must determine the measures necessary to affect the dissolution and must provide for the taking of such measures as promptly as circumstances permit, subject to the provisions of this agreement and law.

Section 3. In the event of dissolution, following the payment of all outstanding obligations, assets of the Coalition will be distributed among the then existing members in direct proportion to their .cumulative annual membership contributions. If those obligations exceed the assets of Coalition, the net deficit of the Coalition will be charged to and paid by the then existing members in direct proportion to the operational cost formula set forth in Article IX. Section 3 herein.

ARTICLE XII.
EFFECTIVE DATE; DURATION

Section 1. After approval by the Coalition, the Administrative Representative shall send a copy of this Amended and Restated Agreement to the Governing Bodies of the members, along with a notice. The notice shall state that the governing body shall provide written notice of the approval/disapproval of the Amended and Restated Agreement to the Administrative Representative within 60 days of the notice. The notice shall further provide that the approval/disapproval of the Amended and Restated Agreement will be based upon a vote of the majority of the governing bodies timely responding to the notice. Approval or disapproval of the Amended and Restated Agreement may be in the form of a resolution or motion adopted by the governing body of the member.

Section 2. This agreement shall remain in effect until such time as the Coalition shall agree to dissolve said agreement in accordance with Article XI of this Agreement.

ARTICLE XIII.

ANNUAL REPORT

The Coalition seeks the following outcomes and annually will measure success against stated goals to determine whether the Coalition should continue as a Joint Powers effort.

Section 1. Transportation and transit infrastructure improvements resulting in improved service, business growth and labor availability.

Section 2. Adoption of operating policies and framework so that goals and objectives of organization can be achieved.

ARTICLE XIV.

AMENDED AND RESTATED BYLAWS

Upon approval of this Amended and Restated Agreement, the Board shall prepare Amended and Restated Bylaws consistent with this Agreement and other changes deemed necessary. Included in the Amended and Restated Bylaws shall be provisions for alternative methods of voting by electronic means consistent with applicable law. The Board shall then call a special meeting of the Coalition for the purpose of reviewing, amending and approving the amended and restated bylaws. The Amended and Restated bylaws shall become effective upon a majority vote of the Representatives present.

Subject: A Resolution Approving a Special Event Request for Downtown Street Dances

---

Background

City staff has submitted a special event permit application to hold three downtown street dances. The first street dance will be held Saturday, June 25 from 7:00 p.m. to 11:00 p.m. featuring the Jonah and the Whales Band. The second is on Saturday, July 16 from 7:00 p.m. to 11:00 p.m. featuring Boogie Wonderland Band. The third dance is on Saturday, August 13 from 7:00 p.m. to 11:00 p.m. featuring the Chris Brooks Band.

The dances will be held at the intersection of 1st Avenue and Main Street. The bands are anticipated to perform two 105 minute shows. The estimated number of people to be in attendance is 500 people per dance. A beer wagon and food vendors will be present at each dance. Alcohol sales will be monitored through the use of bracelets and law enforcement presence. The event will be free to the public. Parking for the event will be located at City Hall, the Community Center, public areas surrounding Eagle Park, and street parking. Directional signage will be placed to direct traffic coming to the event. A 15' x 36' stage will be set-up in the right-of-way between Isanti Retail Meats and the Creamery.

Given that the events are street dances, some roadways will be closed for the event. Main Street W from the Railroad tracks to 2nd Ave NW as well as 1st Ave NW from City Hall to the alley behind Custom Meats and the Post office will be closed for the event. Absolute Portable Restrooms will provide seven (7) restroom facilities for the event. Portables will be placed either on 1st Ave south of Main Street or on the grass lot east of Retail Meats (pending approval from Retail Meats). Trash will be picked up from the street and placed into receptacles. There will be a public addressing system and sound amplification provided outside by the band on stage. Both Public Works and the Police Department will be providing assistance with the event.

Should the weather not cooperate for the events, a backup location will be selected and reserved.

The attached site plan shows the location of components for the event on Main Street. Copies of letters that will be sent to surrounding property owners have also been attached for Council review. The complete application as well as departmental review has been attached for City Council review.

Staff Request

City staff is requesting action on this item.

RESOLUTION NO. 2016-XXX

A RESOLUTION APPROVING THE SPECIAL EVENT APPLICATION FOR DOWNTOWN STREET DANCES

WHEREAS, the City of Isanti will be hosting Downtown Street Dances to be held at the intersection of 1st Avenue and Main Street within downtown Isanti on Saturday, June 25, 2016 from 7:00 p.m. to 11:00 p.m., Saturday, July 16, 2016 from 7:00 p.m. to 11:00 p.m., and Saturday, August 13, 2016 from 7:00 p.m. to 11:00 p.m.; and

WHEREAS, the events are free and open to the public; and,

WHEREAS, the City of Isanti will require assistance from both the Police Department and Public Works Department for the events; and

NOW, THEREFORE, IT IS HEREBY RESOLVED by the City Council of the City of Isanti, Minnesota, to hereby approve assistance and authority in the areas as provided below for the Street Dances to be held on Saturday, June 25, 2016, Saturday, July 16, 2016 and Saturday, August 13, 2016:

1. Assistance from both Public Works and the Police Department for the event when necessary.
2. Closure of a portion of Main Street W beginning at the Railroad tracks to 2nd Ave NW. As well as closure of 1st Ave NW/SW from City Hall to the alley behind Custom Meats and the Post Office.
3. Placement of a stage within City right-of-way located between Isanti Retail Meats and the Creamery.
4. Parking to be provided at City Hall, the Community Center, public parking areas surrounding Eagle Park, and on City streets.
5. Ability to serve alcohol from a beer wagon and have designated food and non-food vendors present and located as shown on the site plan.
6. Allow a public address system and sound amplification for the bands
7. Back-up location to be determined.
8. Placement of temporary directional signs on City property and private property (with property owner permission) to direct individuals to the event and parking areas.

AND FURTHERMORE, IT IS HEREBY RESOLVED by the City Council of the City of Isanti, Minnesota that this Resolution is hereby the 'Permit' for the above stated Special Event.

This Resolution hereby approved by the Isanti City Council this 19th day of January, 2016.

Hello,

Attached is the application for the 2016 season of Street Dances. Dates: June 25, July 16, August 13. No changes to the layout from last year, except that we may position portable bathrooms differently (in the grass by Retail Meats, pending their approval). No special requests from Isanti Fire. We do request assistance from PD to monitor alcohol sales/consumption.

Please respond with your approval/non-approval at your earliest convenience.

Thanks,

Hi Gene,
Sorry that we gave a very short turnaround time and need a quick response....just making sure you received an email from Katie about the Street Dances. It will be the same location and logistics as last year and we'll also need reserves to help out with liquor control.
Thank you!

Month Day, 2016

Dear Isanti Business Owner:

The City of Isanti will be hosting three (3) street dance events in the summer of 2016. On Saturday June 25, 2016 (Jonah and the Whales), Saturday July 16 (Boogie Wonderland), and Saturday August 13 (Chris Brooks Band) bands will begin playing at 7:00 pm and finish at 11:00 pm. The featured band will perform on an outdoor stage at the corner of 1st Avenue and Main Street, between Isanti Retail Meats and the Creamery Crossing.

All of these events will require street closures for participant safety. Main Street will be closed from just west of the railroad tracks to 3rd Avenue. 1st Avenue will be closed from the alley south of Main Street to the alley north of Main Street. The road closures will begin at approximately 7 AM the day of each event. Please make plans for this in advance of the event. **No Parking will be allowed on the closed portion of Main Street 4 PM the day of the event – 12 AM the next day.** We appreciate your cooperation.

We hope you will take advantage of the heightened foot traffic that will be in the downtown Isanti area during the time of these events. You may wish to consider opening your store for an extended period of time to generate more sales, or utilize the sidewalk in front of your store for a sidewalk sale. You are also welcome to hand out information to promote your business such as coupons to redeem at a later date or a discount offered for this day. We hope that these events prove advantageous for your business.

If you have any questions please call Katie at 763.444.5512.

Sincerely,

Katie Everett

Month Day, 2016

Dear Isanti Resident:

The City of Isanti will be hosting street dances throughout Summer 2016. On Saturday **June 25**, (Jonah and the Whales), Saturday **July 16** (Boogie Wonderland), and Saturday **August 13** (Chris Brooks Band) bands will begin playing at 7:00 pm and finish at 11:00 pm. The featured band will perform on an outdoor stage at the corner of 1st Avenue and Main Street, between Isanti Retail Meats and the Creamery Crossing.

If you live close to the intersection of Main Street and 1st Avenue you may be able to hear the music from your home. The band will be playing from 7:00 -11:00 pm with sound check beginning as early as 4:00 pm. Please be advised that music will be played at levels within City approved regulations.

The street dance will require street closures for participant safety. Main Street will be closed from just west of the railroad tracks to 2nd Avenue. 1st Avenue will be closed from the alley south of Main Street to the alley north of Main Street before City Hall. The road closures will begin between 2:00 pm and 4:00 pm. Please make plans for this in advance of the event. **No Parking will be allowed on the closed portion of Main Street 4:00 pm the day of the event until 12:00 am the next day.** These road closures will not affect accessibility to your home. We appreciate your cooperation.

In the event of significant rainfall the event will be moved to [TBD] and the roads will not be closed in Downtown Isanti.

We hope you will attend the street dance event and enjoy the concert, beer wagon, and food vendors that will be present.

If you have any questions or concerns, please contact Katie at 763.444.5512.

Sincerely,

Katie Everett

Special event organizers should refer to the usage chart above for use in determining the number of portable restrooms needed at a special event. Factors that may skew this chart:

* Does not allow for excessive consumption of beer that will cause the quantity of portables to be insufficient.

* If event space is a problem for a large quantity of portable toilets, then perhaps an alternative to reducing the number of units needed is an increase in the service/cleaning of the portable restroom units during the day of the event. If the units are serviced twice during each day of the event, you can cut the number required in half.

Background

Tim Marinan is the owner of South Isanti Auto Sales. Mr. Marinan is requesting to locate his vehicle sales operation at 401 E Dual Blvd NE – the Dual Square Mall. Bullseye Properties owns this property and has submitted a letter of support for such use on their property. This property is zoned "B-2" General Business District. Motor vehicle sales are permitted with the approval of a Conditional Use Permit within this district. A maximum of five vehicles will be displayed on site at any one time. The attached site plan shows the location of the display vehicles as being the five stalls facing East Dual Boulevard. This use was discussed with the Development and Operations Advisory Committee at their December 17th meeting. DOAC had no objections or major concerns of the operations of a motor vehicle sales office with vehicle display.

The specific conditions outlined in Section 13: Use Regulations are as follows (not all are applicable):

1. Services and sales are associated with a principal building with a minimum floor area of at least one thousand (1,000) square feet.
   The principal building is roughly 9,250 square feet.
2. All area of the property not devoted to building, parking, or open sales lot area shall be landscaped in accordance with Section 15 of this Ordinance.
   The use is part of an existing building with previous site plan approval.
3. Off-street parking and loading shall meet the requirements as stipulated within Section 17 of this Ordinance.
   There are 45 parking stalls on site. The Mall requires 37 stalls (1 stall/250sf floor area). 5 stalls will be used for display, bring the total used stalls to 42.
4. All new or used vehicles parked or displayed outdoors on the property shall conform to all requirements of the State of Minnesota; shall be operable; shall include all engine, muffler, brakes, and operating parts; shall be equipped with all exterior body parts as if new (for a passenger vehicle, truck or van, this shall mean four (4) tires, all doors and windows, headlamps and grillwork, mirrors, fenders, trunk, lids, body panels and molding, etc, or if a boat, all windshields, safety railings, hulls, trailer, etc.); shall be uniformly and wholly painted; and shall be free from having any loose or damaged exterior parts.
   Applicant to be made aware of this requirement.
5. All repair, assembly, disassembly or maintenance of motor vehicles or motor vehicle parts shall occur within an enclosed building.
   Applicant states no on site repair, assembly, disassembly or maintenance will occur on site.
6. A detailed site plan conforming to the requirements of Section 18 of this Ordinance shall be submitted. The site plan shall also illustrate the location of all open sales and storage areas.
   A site plan indicating the location of the display vehicles has been submitted and is attached.

7. No outside speaker system shall be permitted without the approval from the City Council.
   Applicant to be made aware of this requirement.
8. A landscaped buffer shall be provided, if the use abuts any residential zoning district. Solid screening to a minimum height of six (6) feet shall be provided along any portion of the open sales lot abutting a residential property or district. Such screening shall consist of a continuous landscape berm, solid wood fence, wall, or other comparable material. Fencing shall be constructed of wood or comparable material and should be of an ornamental or decorative design. If a chain link or wood fence is used, landscaping shall be provided on the outside of the fence facing the abutting residential property or district.
   Not applicable.

Staff Recommendation:
Staff recommends approval of the Conditional Use Permit subject to the conditions outlined in Sections 13 and 21 of Zoning Ordinance No. 445.

Comprehensive Plan
The 2008 Comprehensive Plan has the area guided for General Commercial Development. The existing uses and the proposed use would appear to meet purpose, goals, and objectives of this land use classification.

Zoning
The property is zoned "B-2" General Business District. Motor Vehicle Sales are listed as a Conditional Use within the "B-2" District. The petitioner is subject to the application requirements, procedure, and performance standards as outlined within Section 21 Administration, Article 2 Conditional Use Permits and Section 13 Use Regulations, Subdivision12 of Ordinance No. 445: Zoning.

Zoning Ordinance Provisions
The property is zoned "B-2" General Business District. It is the intent of this zoning district to promote the development of commercial uses which are predominately auto-oriented in nature. The district caters to highway-oriented businesses as well as businesses that provide basic shopping and service needs for the community. Compatibility with adjacent uses and buildings is required within the district, as site design, building size and materials, and screening/landscaping are important to the creation and maintenance of a thriving commercial base.

Conditional Use Permit Requirements
Upon review of a Conditional Use Permit request, the Zoning Ordinance provides factors and standards that must be reviewed by the Planning Commission. Section 21, Article 2 Conditional Uses states:

D. The Planning Commission shall hold a public hearing and consider possible adverse effects of the proposed Conditional Use. The judgment of the Planning Commission shall be based upon, but is not limited to the following factors:
   1. The proposed action has been considered in relation to the specific policies and provisions of and has been found to be consistent with the goals and objectives of the Comprehensive Plan, including public facilities and capital improvement plans.
   2. The proposed action meets the purpose and intent of this Ordinance and the underlying zoning district.
   3. The establishment, maintenance or operation of the conditional use will promote and enhance the general public welfare and will not be detrimental or endanger the public health, safety, morals, or comfort.
   4. The conditional use will not be injurious to the use and enjoyment of other property within the immediate vicinity for the purposes already permitted; nor substantially diminish or impair property values within the neighborhood.
   5. The establishment of the conditional use will not impede the normal and orderly development and improvement of surrounding property for uses permitted in the district.

6. Adequate public facilities and services are available or can be reasonably provided to accommodate the use which is proposed.
7. The conditional use shall, in all other respects, conform to the applicable regulations of the district in which it is located.
8. The conditional use complies with the general and specific performance standards as specified by within this Article.

Section 13 Use Regulations

Subdivision 12: Motor Vehicle Sales and Rental/Leasing Facilities

A. Services and sales are associated with a principal building with a minimum floor area of at least one thousand (1,000) square feet.
B. All area of the property not devoted to building, parking, or open sales lot area shall be landscaped in accordance with Section 15 of this Ordinance.
C. Off-street parking and loading shall meet the requirements as stipulated within Section 17 of this ordinance.
D. All new or used vehicles parked or displayed outdoors on the property shall conform to all requirements of the State of Minnesota; shall be operable; shall include all engine, muffler, brakes, and operating parts; shall be equipped with all exterior body parts as if new (for a passenger vehicle, truck or van, this shall mean four (4) tires, all doors and windows, headlamps and grillwork, mirrors, fenders, trunk, lids, body panels and molding, etc, or if a boat, all windshields, safety railings, hulls, trailer, etc.); shall be uniformly and wholly painted; and shall be free from having any loose or damaged exterior parts.
E. All repair, assembly, disassembly or maintenance of motor vehicles or motor vehicle parts shall occur within an enclosed building.
F. A detailed site plan conforming to the requirements of Section 18 of this Ordinance shall be submitted. The site plan shall also illustrate the location of all open sales and storage areas.
G. No outside speaker system shall be permitted without the approval from the City Council.
H. A landscaped buffer shall be provided, if the use abuts any residential zoning district. Solid screening to a minimum height of six (6) feet shall be provided along any portion of the open sales lot abutting a residential property or district. Such screening shall consist of a continuous landscape berm, solid wood fence, wall, or other comparable material. Fencing shall be constructed of wood or comparable material and should be of an ornamental or decorative design. If a chain link or wood fence is used, landscaping shall be provided on the outside of the fence facing the abutting residential property or district.

Certification of Taxes Paid

Prior to approving an application for a conditional use permit, certification must be provided to the City that there are not any delinquent property taxes, special assessments, penalties, interest, or outstanding municipal utility fees. City staff did verify with Isanti County on Wednesday, December 9th, 2015; that all taxes associated with the property were current.

Public Notice

Notice was published within the Isanti County News on December 30th, 2015. Written notification was provided to property owners located within 350' of the subject site as required by Minnesota State Statute.

Public Comment

To date, no public comment or questions had been received.

Development and Operations Advisory Committee:

The Development Advisory Committee met on December 17, 2015 to discuss the Conditional Use Permit request. The committee recommended approval of the CUP subject to the submittal of all requested documents and information requested by the Community Development Director.

Planning Commission Recommendation:

FINDINGS OF FACT AND CONCLUSION

Request

Request from Tim Marinan for Approval of a Conditional Use Permit to operate a Motor Vehicle Sales Office and Display at the Dual Square Mall on the property located at 401 E Dual Blvd NE, Isanti, Minnesota.

Findings of Fact

1. The applicant is requesting to operate a Motor Vehicle Sales and Display on the property located at 401 East Dual Boulevard NE (Dual Square Mall).
2. The property is zoned "B-2" General Commercial District.
3. A Conditional Use Permit is required for Motor Vehicle Sales and Display within the "B-2" General Commercial District.
4. The petitioner submitted a Conditional Use Permit Application, the required application fee and associated materials on December 9th, 2015. Staff had reviewed such application and deemed such application complete on December 9th, 2015. Pursuant to Minnesota State Statute, the City must act on this request by February 7th, 2016 (60-day rule).
5. A public hearing date before the Planning Commission was scheduled for Tuesday, January 12th, 2016 at 7:00 p.m. at City Hall within the Council Chambers.
6. Notice of the Conditional Use Permit request was published within the Isanti- County News on Wednesday, December 30th, 2015. Notices were sent to all property owners located within 350 feet of the subject property.
7. Section 21, Article 2: Conditional Use Permits, Subdivision 3 (D) of the Zoning Ordinance establishes factors that the judgment of the Planning Commission shall be based upon when reviewing a Conditional Use Permit request as well as Section 21, Article 2: Conditional Use Permits, Subdivision 4 General Performance Standards of the Zoning Ordinance establishes additional general standards that shall be used to evaluate any proposed conditional use permit request.
8. The Planning Commission held a public hearing on the item on January 12th, 2016; and all property owners within 350' of the subject property were invited to attend and provide public comment.

Conclusions

1. In review of the standards established in Section 18, Subdivision 7, the following conclusions have been made (*conclusions to each requirement are shown in underlined italics)*:
   - A. Consistency with the elements and objectives of the City's development guides, including the Comprehensive Plan.
     As outlined within the staff memo, the elements of the project would appear to meet the requirements of the zoning ordinance and the intent of the land use designation in which the property is located.
   - B. Consistency with City Codes.
     Overall, the proposal appears to be consistent with city codes and ordinances. The plans provided would appear to meet the minimum requirements set by the zoning ordinance (setbacks, parking, landscaping, lighting, etc).
   - C. Preservation of the site in its natural state to the extent practicable by minimizing tree and soil removal and designing grade changes to be in keeping with the general appearance of neighboring developed or developing areas.
     This is an existing site. There will be no physical changes to the property.
   - D. The amount and location of open space and landscaping.
     The amount of open space and landscaping are based upon the original site plan.
   - E. Vehicular and pedestrian circulation, including walkways, interior drives, and parking in terms of location and number of access points to the public streets, width of interior

drives and access points, general interior circulation, separation of pedestrian and vehicular traffic and arrangement and amount of parking.
The existing parking area meets the parking requirements set forth in Section 17 of the Zoning Ordinance.

F. Protection of adjacent and neighboring properties through reasonable provision of surface water drainage, sound and light buffers, preservation of views, lights, and air and those aspects of design not adequately covered by other regulations which may have substantial effects on neighboring land uses.
There will be no physical changes to the property. Vehicle displays are permitted within the General Commercial District. There are no residential properties nearby requiring additional screening.

G. Consistency with the City's Engineering and Design standards as adopted by Resolution of the City Council.
Not applicable.

2. In review of the standards established in Section 21, Article 2 Conditional Use (D); the following conclusions have been made (*conclusions to each requirement are shown in underlined italics)*: The Planning Commission shall hold a public hearing and consider possible adverse effects of the proposed Conditional Use. The judgment of the Planning Commission shall be based upon, but is not limited to the following factors:

A. The proposed action has been considered in relation to the specific policies and provisions of and has been found to be consistent with the goals and objectives of the Comprehensive Plan, including public facilities and capital improvement plans.
As noted, the proposed use for the site would be consistent with the goals and objectives of the comprehensive plan.

B. The proposed action meets the purpose and intent of this Ordinance and the underlying zoning district.
The proposed use a permitted conditional use. It fits the intent of the ordinance and underlying zoning district ("B-2" General Commercial District).

C. The establishment, maintenance or operation of the conditional use will promote and enhance the general public welfare and will not be detrimental or endanger the public health, safety, morals, or comfort.
The establishment of the conditional use does not appear to endanger the public health, safety, morals and comfort of the surrounding area or the community. The proposal follows the requirements further outlined in Section 13: Use Regulations for Motor Vehicle Repair and/or Body Shop.

D. The conditional use will not be injurious to the use and enjoyment of other property within the immediate vicinity for the purposes already permitted; nor substantially diminish or impair property values within the neighborhood.
The use of this property as a motor vehicle body shop will be maintained within the building and shall abide by the conditions outlined in Section 13: Use Regulations for Motor Vehicle Sales.

E. The establishment of the conditional use will not impede the normal and orderly development and improvement of surrounding property for uses permitted in the district.
The use of this property for motor vehicle sales will not be detrimental to surrounding properties, nor will it impede normal and orderly growth.

F. Adequate public facilities and services are available or can be reasonably provided to accommodate the use which is proposed.
Adequate public facilities and services are existing and available.

G. The conditional use shall, in all other respects, conform to the applicable regulations of the district in which it is located.
The requested conditional use permit appears to conform to the applicable regulations required for the district and the performance standards outlined within the zoning

ordinance. Conditions will be placed on the approval to ensure that the property is used in accordance to the ordinance requirements.

H. The conditional use complies with the general and specific performance standards as specified by within this Article.
These have been evaluated as part of the findings of fact; and can be found within this document.

3. In review of the standards established in Section 21, Article 2 Conditional Use, Subdivision 4 General Performance Standards; the following conclusions have been made (*conclusions to each requirement are shown in underlined italics)*:

A. The use and the site in question shall be served by a street of sufficient capacity to accommodate the type and volume of traffic which would be generated an adequate public right-of-way shall be provided.
This site is currently served by a street of sufficient capacity. The proposed conditional use will not change the type or volume of traffic flow for this site.

B. The site design for access and parking shall minimize internal as well as external traffic conflicts and shall be in compliance with Section 17 of this Ordinance.
Access and parking for this development are in compliance with Section 17 of this Ordinance.

C. If applicable, a pedestrian circulation system shall be clearly defined and appropriate provisions made to protect such areas from encroachment by parked or moving vehicles.
Not applicable.

D. Adequate off-street parking and off-street loading shall be provided in compliance with Section 17 of this Ordinance.
Access and parking for this development are in compliance with Section 17 of this Ordinance.

E. Loading areas and drive-thru facilities shall be positioned so as to minimize internal site access problems and maneuvering conflicts, to avoid visual or noise impacts on any adjacent residential use or district, and provided in compliance with Section 17 of this Ordinance.
Not applicable.

F. Whenever a non-residential use is adjacent to a residential use or district, a buffer area with screening and landscaping shall be provided in accordance with the provisions of Section 15 of this Ordinance.
Not applicable.

G. General site screening and landscaping shall be provided in compliance with Section 15 of this Ordinance.
Landscaping is existing and is consistent with the approved site plan for such building.

H. All exterior lighting shall be directed so as not to cast glare toward or onto the public right-of-way or neighboring residential uses or districts, and shall be in compliance with Section 14 of this Ordinance.
No additional lighting will be added.

I. The site drainage system shall be subject to the review and approval of the City Engineer.
Not applicable.

J. The architectural appearance and functional design of the building and site shall not be so dissimilar to the existing and potential buildings and area so as to cause a blighting influence. All sides of the principal and accessory structures are to have essentially the same or coordinated, harmonious exterior finish materials and treatment.
There will be no changes to the existing building.

K. Provisions shall be made for daily litter control, an interior location for recycling and trash handling and storage or an outdoor, enclosed receptacle area shall be provided in compliance with Section 14 of this Ordinance.
The refuse container is part of the existing building.

L. All signs and informational or visual communication devices shall be in compliance with Section 16 of this Ordinance.

There are no signage changes proposed.

M. The use and site shall be in compliance with any federal, state, or county laws or regulations that are applicable and any related permits shall be obtained and documented to the City.
The applicant will need to pull the appropriate permits and any appropriate fees must be paid for these permits and inspections completed by the appropriate staff person prior, during, and following construction.

N. Any applicable business licenses mandated by City Code are approved and obtained.
Not applicable.

O. The hours of operation may be restricted when there is judged to be an incompatibility with a residential use or district.
Not applicable.

P. The use complies with the applicable performance standards of the zoning district in which it is located and where applicable, any non-conformity shall be eliminated.
All performance standards are to be met and maintained.

Q. Additional Stipulations. All conditions pertaining to a specific site are subject to change when the City Council, upon investigation in relation to a formal request, finds that the general public health, safety, and welfare, can be served as well or better by modifying or expanding the conditions set forth herein.

Request for Council Action

To: Mayor Wimmer
Members of the City Council

From: Roxanne Achman
Community Development Director

Date: January 19th, 2016

Subject: Request from Property Resource Group on behalf of Isanti Holdings, LLC for Preliminary and Final Plat Approval of a Minor Subdivision of the property legally described as Lot 1, Block 1, Isanti Commons First Addition, Isanti County, Isanti, Minnesota.

Background

Property Resource Group, the owners behind Isanti Holdings LLC and property owners of Isanti Commons First Addition, have submitted a request to subdivide Lot 1, Block 1, Isanti Commons First Addition into two lots. Lot 1 (5.9 acres) will consist of the Coborn's grocery store, gas station and car wash. Lot 2 (1.9 acres) will be separated for future development. Staff does not currently have a request to develop this site, however, it is zoned B-2 for General Commercial uses.

The Development Agreement will be amended at the January 19th, 2016 City Council meeting to reflect the plats name change.

The City Engineer recommends approval of the plat subject to the review comments outlined in the attached memo dated January 11, 2016. Staff has no concerns with the plat.

Staff recommends approval of the plat subject to addressing the City Engineer's review comments from January 11, 2016.

Certification of Taxes Paid

Prior to approving an application for Minor Subdivision, certification must be provided to the City that there are no delinquent property taxes, special assessments, penalties, interest, or outstanding municipal utility fees. City staff did verify with Isanti County on Friday, December 18th, 2015; that all taxes associated with the property were current.

Public Notice

A public hearing notice was published in the Isanti County News on Wednesday, December 30th, 2015. Written notification was sent to surrounding properties owner located within 350' of said development. Such letters were sent on December 30th, 2015.

Public Comments

No public comments had been received regarding the proposed text amendment prior to the release of the staff memo.

Planning Commission Recommendation:

Motion by Cesafsky second by Bergley to recommend approval of the request from Property Resource Group on behalf of Isanti Holdings, LLC for Preliminary and Final Plat Approval of a Minor Subdivision of the

property legally described as Lot 1, Block 1, Isanti Commons First Addition, Isanti County, Isanti, Minnesota based on the Findings of Fact and Conclusions with the following conditions:

1. An agreement with the owner of the triangular piece of property located east of the proposed pond will need to be in place prior to performing any work on that property.
2. Upon approval of the Final Plat by the City Council, the City Clerk or his/her designee shall record it with the County Recorder's Office within ninety (90) days after the date of approval; otherwise, failure of the applicant to comply and submit the necessary items and fees for the recording of the Final Plat by the City shall be cause for revoking the City's approval and the Final Plat shall be considered void, unless the developer or applicant requests an extension, in writing and receives approval from the City Council. The City Council may approve up to two (2) extensions for a term not to exceed one (1) additional year for each extension. Fees associated with the recording of the Final Plat will be charged back to the developer or subdivider.
3. The subdivider shall immediately upon approval, furnish the City Administrator or his/her designee with three (3) full size mylar transparencies of the Final Plat, two (2) for the County and one (1) for the City. Three (3) additional 11 inch by 17 inches mylar transparencies shall be given to the City Planner, the City Clerk, and Isanti County. No building permits shall be issued until these conditions have been complied with.
4. The Development Agreement for Isanti Commons First Addition shall be amended to reflect the plat name change associated with this property.

Motion carried unanimously.

Deadline for City Council Action

The applicant submitted an application for Preliminary Plat approval on December 18th, 2015. City staff did verify that the application was complete on December 18th, 2015. Pursuant to Minnesota State Statute, the City must act on this request by April 16th, 2016 (120-days); unless an extension of the review period has been agreed to by the applicant.

FINDINGS OF FACT AND CONCLUSION

Request

Request from Property Resource Group on behalf of Isanti Holdings, LLC for Preliminary and Final Plat Approval of a Minor Subdivision of the property legally described as Lot 1, Block 1, Isanti Commons First Addition, Isanti County, Isanti, Minnesota.

Findings of Fact

1. The applicant, the City of Isanti ('the applicant'), has made application for Minor Subdivision Approval of Isanti Commons Second Addition, Isanti County, Minnesota.
2. The property is legally described as Lots 1, Block 1, Isanti Commons First Addition Isanti County, Minnesota.
3. The Applicant is requesting Minor Subdivision Approval in an effort to prepare for future development of the land.
4. The property is zoned B-2 "General Business District".
5. A Minor Subdivision is considered a major change requiring a public hearing and notification of all property owners within 350'; and final approval by the City Council.
6. The Applicant submitted an application for Minor Subdivision Approval on December 18th, 2015. It was deemed complete on December 18th, 2015.
7. A public hearing date before the Planning Commission was scheduled for Tuesday, January 12th, 2016 at 7:00 p.m. at City Hall within the Council Chambers.
8. Notice of the Minor Subdivision request was published within the Isanti County News on Wednesday, December 30th, 2015.

Conclusions

1. The platting of the property would appear to meet the lot requirements and setback requirements as provided within the zoning ordinance for properties located within the B-2 "General Business District".
2. The platting of the property would appear to meet the Design Standards as required by Ordinance No. 536.
3. Comments from the City Engineer dated January 11, 2016 need to be addressed prior to recording of the plat.

Decision

The Planning Commission held a public hearing on the item at the **January 12th, 2016** meeting. The meeting minutes, staff memo and exhibits will be made part of the Findings of Facts and Conclusions.

Motion by Cesafsky second by Bergley to recommend approval of the request from Property Resource Group on behalf of Isanti Holdings, LLC for Preliminary and Final Plat Approval of a Minor Subdivision of the property legally described as Lot 1, Block 1, Isanti Commons First Addition, Isanti County, Isanti, Minnesota based on the Findings of Fact and Conclusions with the following conditions:

1. An agreement with the owner of the triangular piece of property located east of the proposed pond will need to be in place prior to performing any work on that property.
2. Upon approval of the Final Plat by the City Council, the City Clerk or his/her designee shall record it with the County Recorder's Office within ninety (90) days after the date of approval; otherwise, failure of the applicant to comply and submit the necessary items and fees for the recording of the Final Plat by the City shall be cause for revoking the City's approval and the Final Plat shall be considered void, unless the developer or applicant requests an extension, in writing and receives approval from the City Council. The City Council may approve up to two

(2) extensions for a term not to exceed one (1) additional year for each extension. Fees associated with the recording of the Final Plat will be charged back to the developer or subdivider.

3. The subdivider shall immediately upon approval, furnish the City Administrator or his/her designee with three (3) full size mylar transparencies of the Final Plat, two (2) for the County and one (1) for the City. Three (3) additional 11 inch by 17 inches mylar transparencies shall be given to the City Planner, the City Clerk, and Isanti County. No building permits shall be issued until these conditions have been complied with.
4. The Development Agreement for Isanti Commons First Addition shall be amended to reflect the plat name change associated with this property.

Motion carried unanimously.

Subject: Isanti Commons 2nd Addition – Final Plat Review
Isanti, Minnesota

We have reviewed the final plat created by APA Consulting entitled "Isanti Commons Second Addition" and submitted on January 11, 2016.

The plat includes splitting Lot 1 Block 1 from the Isanti Commons 1st Addition into two separate lots.

We have reviewed the submitted plat and have the following comments:

1. An agreement with the owner of the triangular piece of property located east of the proposed pond will need to be in place prior to performing any work on that property.

We recommend approval of the final plat as submitted.

From: Roxanne Achman
Community Development Director

Date: January 19th, 2016

Subject: Request from Property Resource Group on behalf of Isanti Holdings, LLC for an Amendment to the Isanti Commons First Addition Development Agreement.

Background

The replatting of Lot 1, Block 1, Isanti Commons First Addition will require the name of the plat to change to Lots 1 & 2, Block 1, Isanti Commons Second Addition. To ensure that it is clear that both Lots 1 & 2 are part of the Development Agreement, an amendment is being requested to change any reference of Lot 1, Block 1, Isanti Commons First Addition to Lots 1 & 2, Block 1, Isanti Commons Second Addition.

The requested amendment was drawn up by Mr. Robert Deike. Property Resource Group (Isanti Holdings, LLC) is in agreement with the proposed amendment.

Subject: Request from the City of Isanti to Amend Ordinance No. 445 Zoning, Section 2 Definitions to include Motor Vehicle Sales Office (no on-site displays, i.e. broker or wholesaler) within the definition of General Office.

Background

Staff was asked to speak with the City Attorney regarding the creation and use of a registration form for Motor Vehicle Sales Offices not having on-site vehicle displays. In speaking with the City Attorney it was determined that a registration form would not be appropriate in that no other general office uses are required to register and the means for enforcement are already in place should vehicle begin to show up at the sales office.

At the December 8th, 2015 Planning Commission meeting, the Commission had recommended moving forward with an amendment to the definition of General Office whether a registration form would be generated or not. Attached is an ordinance amending such definition to include: Motor Vehicle Sales Office (no on-site displays, i.e. broker or wholesaler).

Staff Request

To consider recommending approval of the attached ordinance amending the definition of General Office to include Motor Vehicle Sales Office (no on-site displays, i.e. broker or wholesaler)

Planning Commission Recommendation:

Motion by Kennedy second by Lundeen to approve the request from the City of Isanti to Amend Ordinance No. 445 Zoning, Section 2 Definitions to include Motor Vehicle Sales Office (no on-site displays, i.e. broker or wholesaler) within the definition of General Office based on the Findings of Fact and Conclusions. THE CITY OF ISANTI DOES ORDAIN:

I. AMENDMENTS

Section 2: Definition of Terms is hereby amended to include and read as follows:

General Office

Use of a building for business, professional or administrative offices. A general office is characterized as an establishment with a low proportion of vehicle trips attributed mainly to visitors and/or clients. Examples include, but are not limited to, offices providing architectural, computer software consulting, data management, engineering, interior design, real estate, motor vehicle sales office (no on-site vehicle display; i.e. broker or wholesaler), insurance, investment or legal services. This definition does not include a bank and/or financial institution, physician, dentist, optometrist, psychiatric or chiropractic offices.

FINDINGS OF FACT AND CONCLUSION

Request
Request from the City of Isanti to Amend Ordinance No. 445 Zoning, Section 2 Definition of Terms.

Findings of Fact
1. The Development and Operations Advisory Committee requested the Planning Commission review an amendment to Section 2 of the Zoning Ordinance at their regularly scheduled meeting on October 22, 2015.
2. The Planning Commission reviewed the Zoning Ordinance on December 8, 2015 and called for a public hearing on January 12th, 2016 to amend Section 2.
3. While the intent of the Ordinance remains intact, amendments must be made to the Ordinance regulations to ensure that the appropriate requirements are being used.
4. Notification of the public hearing was provided for within the City's official newspaper on Wednesday, December 30th, 2015.
5. The Planning Commission reviewed the requested text amendment to the Zoning Ordinance during a public hearing held at their regularly scheduled meeting on January 12th, 2016.

Conclusions
1. In review of the Ordinance requirements provided for within Section 21, Article 1 Amendments (Text and Map), Subdivision 4 (D), the following conclusions have been made *(conclusions to each requirement have been shown in underlined italics):*
   a. The proposed action has been considered in relation to the specific policies and provisions of and has been found to be consistent with the City Comprehensive Plan, including public facilities and capital improvement plans.
   The ordinance amendment helps to clarify an existing definition which does not affect the City Comprehensive Plan.
   b. The proposed action meets the purpose and intent of this Ordinance or in the case of a map amendment; it meets the purpose and intent of the individual district.
   The ordinance amendment clarifies an existing ordinance.
   c. There is adequate infrastructure available to service the proposed action.
   Not applicable.
   d. There is an adequate buffer or transition provided between potentially incompatible districts.
   Not applicable.

Decision
The Planning Commission held a public hearing on the item at the **January 12th, 2016** meeting. The meeting minutes, staff memo, and attachments shall be made a part of the Findings of Fact and Conclusions.

Motion by Kennedy second by Lundeen to approve the request from the City of Isanti to Amend Ordinance No. 445 Zoning, Section 2 Definitions to include Motor Vehicle Sales Office (no on-site displays, i.e. broker or wholesaler) within the definition of General Office based on the Findings of Fact and Conclusions. Motion carried unanimously.

Roxanne:

My initial impression is that we would need to develop an ordinance provision to require a special registration for an otherwise permitted type of business. Other than from the perspective that such a special provision would be more likely to keep the requirement at the forefront of awareness for businesses that would be affected, and tend to take away any argument (though it wouldn't in my opinion be a valid defense) that they didn't know they couldn't have on-site displays, I don't think that it would provide any additional enforcement "teeth".

Subject: Car Dealer Office

Clark,

We've recently had a number of requests for car dealer offices with no on-site displays to locate within our commercial districts. Car dealers with on-site displays require a CUP, so I wanted to get DOAC's and the Planning Commission opinion on whether a car dealer office without displays would be a permitted office use or whether the felt the office should still be subject to the CUP. In discussions with DOAC and the Planning Commission it was determined that they would be permitted as a general office without the CUP, however, the Planning Commission wanted your opinion on whether we could require that car dealer offices without displays to fill out a registration form that included a disclaimer about displays. Their questions were: Can we require a registration form? And, would the form provide any additional enforcement teeth (in case displays begin to appear) that the zoning ordinance wouldn't already cover?

The example I used for the commission was the registration form we require of permitted home occupations.

Give me a call when you have a free moment to discuss this matter. I have until the next Planning Commission meeting to pull the information together.

Thank You!

Request for Council Action

Date: January 19, 2016

Subject: Request from IRET Properties for Approval of an Extension of the Conditional Use Permit approved through Resolution No. 2015-014 for the construction of a 108-unit apartment building located within the Fairway Greens Development, legally described as Outlot A, Fairway Greens Phase 5, Isanti County, Isanti, Minnesota.

Background

IRET Properties has submitted a request to extend the Condition Use Permit that was approved for the construction of a 108-unit apartment building. Resolution No. 2015-014 was approved by the City Council on January 20th, 2015. Conditional Use Permits expire after one year if the use has not commenced. Per Section 19 of the Zoning Ordinance, the Planning Commission and City Council may grant an extension of up to one year. The site plan for this same project will be expiring as well; however, requests for site plan extensions are routed directly through the City Council.

The attached letter requesting an extension indicates a high probability of the project commencing in 2016.

Ordinance Review

The Zoning Ordinance reads as follows:

Section 19: Amendments and Conditional Use Permits

Subd. 3. Lapse of Conditional Use Permit by Non-Use

Unless the City Council approves a different time period for requests when action was first taken, if within one year after a conditional use permit has been granted, the permitted work has not been completed, then such permit shall become null and void without further action by the Planning Commission and City Council, unless a petition for extension of time in which to complete the work has been granted by the City Council. Such extension shall be requested in writing and filed with the Zoning Administrator at least thirty (30) days before the expiration of the original conditional use permit. There shall be no charge for the filing of such petition. The request for extension shall state facts showing a good faith attempt to complete the work permitted in the conditional use permit. A request for extension of one (1) year or any extension of time longer than one (1) year shall be presented to the Planning Commission for recommendation and to the City Council for a decision.

Staff Recommendation:

Staff recommends approval of the request.

Planning Commission Recommendation:

Motion by Lundeen second by Kennedy to recommend approval of the request from IRET Properties for Approval of an Extension of the Conditional Use Permit approved through Resolution No. 2015-014 for the construction of a 108-unit apartment building located within the Fairway Greens Development, legally

Re: Fairway Greens Phase 8/Evergreen Apartments, petition to extend the Conditional Use Permit and the Site Plan approval for I year.

Dear Ms. Achman,

We previously received City Council approval of an amended Conditional Use Permit and a Site Plan for the Fairway Greens Phase 8/Evergreen Apartment project.

You may recall that while we were working on the Evergreen project we were simultaneously working on another large apartment project in Monticello, MN. Our development personnel did not have the capacity to begin both projects at the same time and the Monticello project came together more quickly. We elected to begin construction on that project earlier this year.

We are excited about and remain committed to developing our new 108 unit apartment project in Isanti and are looking to reset the development process to allow construction to begin next year. In your November email to Andy Martin you outlined Isanti's process for requesting an extension on the project. Accordingly, we respectfully request an extension of the Conditional Use Permit and Site Plan approval for one year.

Please call me if you would like to discuss this in further detail.

Request for Council Action

To: Mayor Wimmer
Members of the City Council

From: Roxanne Achman
Community Development Director

Date: January 19, 2016

Subject: Request from IRET Properties for Approval of an Extension of the Site Plan and Building Appearance approved through Resolution No. 2015-015 for the construction of a 108-unit apartment building located within the Fairway Greens Development, legally described as Outlot A, Fairway Greens Phase 5, Isanti County, Isanti, Minnesota.

Background

IRET Properties has submitted a request to extend the Site Plan and Building Appearance that was approved for the construction of a 108-unit apartment building. Resolution No. 2015-015 was approved by the City Council on January 20th, 2015. Site Plans expire after one year if construction has not commenced. Per Section 18 of the Zoning Ordinance, the City Council may grant an extension of up to one year.

The attached letter requesting an extension indicates a high probability of the project commencing in 2016.

Ordinance Review

The Zoning Ordinance reads as follows:

Section 18: Site Plan Review

Subd. 15. Term of Approval

Site Plan approval shall be good for one (1) year from the date of the approval. An extension of up to one (1) year may be granted. Such extension must be requested in writing and filed with the City at least thirty (30) days before the expiration of the original approval. There shall be no charge for the filing of such extension. The request for extension shall be presented to the City Council for a decision. Only one extension can be granted.

Staff Recommendation:

Staff recommends approval of the request.

Subject: Liquor Store Cash Drawer Variance Policy Amendment

The Personnel Committee reviewed that there is a need to further clarify the Liquor Store Cash Drawer Variance Policy. The policy does note that any cash drawer variances, whether it is an overage or shortage, is shared equally amongst those using the cash drawer. However, to make sure there is a clear understanding that the responsibility is shared, including any disciplinary action, it is recommended to expand on to that statement and add that any disciplinary action will also be shared. As it is often unknown where the cash drawer variance came from.

Attached is the recommended amendment to the Policy.

RESOLUTION NO. 2016-

RESOLUTION APPROVING AN AMENDMENT TO THE LIQUOR STORE POLICY, CASH DRAWER VARIANCES

WHEREAS, the Personnel Committee reviewed that there is a need to further clarify the Liquor Store Cash Drawer Variance Policy to ensure it is clear that any disciplinary action is shared for those sharing a cash drawer (for variances) as it is often unknown where the variance came from; and

WHEREAS, an amendment has been made to further clarify the policy, attached hereto as 'Exhibit A'.

NOW THEREFORE BE IT RESOLVED BY THE CITY COUNCIL OF THE CITY OF ISANTI, MINNESOTA that the attached Liquor Store Policy Amendment, Cash Drawer Variances is hereby approved.

CASH DRAWER VARIANCES

POLICY

1. Sound judgment is required by all personnel in the handling of daily receipts and deposits.

2. Variances are recorded by the accounting clerk on a daily basis; accumulated overages or shortages of money exceeding five dollars ($5.00) over a period of three (3) months may result in a written reprimand or termination.

3. In the case where cash drawers are shared with another employee/s, the overages or shortages (and any disciplinary action) is shared equally amongst those sharing the cash drawer.

Subject: Consider Resolution Approving a Utility Rate Study with Northland Securities

---

Background:

The last utility rate study was conducted in 2011 and set utility rates through December 31, 2015. The Council extended the 2015 rates pending completion of a new utility rate study. Staff prepared a Request for Proposal for a utility rate study and published it in the paper.

We received 5 proposals on time and 1 proposal was received late. After reviewing the proposals two firms were selected to move forward to the interview process with the Finance Committee.

Finance Committee met with representatives from Abdo, Eick & Meyers, Inc. and Northland Securities on January 6, 2016, to discuss their proposals and approach to the utility rate study. The two previous utility rate studies had been completed by Abdo, Eick & Meyers, Inc. The proposal from Abdo, Eick & Meyers, Inc. came in at a flat fee of $7,000 and Northland Securities came in at a fee of $160/hr. NTE $7,000.

The Finance Committee is recommending acceptance of the Proposal from Northland Securities. The City will be going out for a bond rating/sale in 2016 and as Northland Securities currently facilitates these transactions they would provide a unique insight in the utility rate process.

Current Action:

Consider Resolution 2016-xxx Approving a Utility Rate Study with Northland Securities.

A RESOLUTION APPROVING A UTILITY RATE STUDY WITH NORTHLAND SECURITIES

WHEREAS, the previous utility rate study was conducted in 2011 and set the utility rates until December 31, 2015; and

WHEREAS, the council approved the extension of the 2015 utility rates, pending the results of a new utility rate; and

WHEREAS, the City of Isanti has determined that it is in the City's best interest to seek proposals from qualified consultants to conduct a multi-year utility rate study; and

WHEREAS; five firms submitted proposals on time and one proposal was received late, and

WHEREAS; The Finance Committee interviewed two firms and recommends selecting Northland Securities to conduct the utility rate study.

NOW, THEREFORE, BE IT RESOLVED by the City Council of the City of Isanti, Minnesota as follows:

1. The City Council hereby approves the utility rate study proposal from Northland Securities at a cost of $160/hr. not to exceed $7,000.00.

Dear Mr. Lorsung:

Northland Securities, Inc. is very pleased to offer this proposal to provide water and sanitary sewer rate analysis services to the City of Isanti. We have prepared this proposal based on your Request for Proposals and on our past service to other cities for similar service requests.

This proposal explains Northland's qualifications and approach for serving the City. We are confident that you will find this proposal unique and offers the best solution to your user rate analysis needs. This proposal also reflects the qualities that we bring to our work.

Our current understanding of the work to be done is based on the scope of services outlined in the Request for Proposals. We understand the services requested will include information gathering, comparable cities, analysis of existing rate structure, cost analysis, proposed modification to existing rate structure, and recommendation on reserves. Northland is committed to performing this work within the City's stated project schedule.

Northland has built its reputation on being attentive to client needs and responding with creative and prudent ideas. It is that philosophy, combined with our experienced personnel and our sincere interest in working diligently to achieve your objectives that will help you accomplish your goals.

Once again, our thanks for the opportunity to submit this proposal. Do not hesitate to contact me with any questions about this proposal (direct 612.851.4992 or email rfifield@northlandsecurities.com).

Study Objectives

Northland Securities has a clear understanding of the objectives for the City of Isanti to undertake a study of water and sewer rates. That said, we believe that it is essential to use the "kickoff meeting" (see Work Plan) to review and confirm project objectives. This step ensures that the City achieves desired outcomes.

Broadly, the rate study will allow the City to explore options for user charges that:

- Provide adequate funding for operations and planned capital improvements.
- Spread the cost of water and sewer system equitably across the customer base.
- Create a long-term management plan that avoids the need for large and unanticipated rate increases.
- Encourage user behavior desired by the City.
- Provide a tool for communicating with bond rating agencies, facilitating the best possible rating for the city.
- Coordinate with the need to issue bonds to finance sanitary sewer improvements in 2016.

There are several factors that clearly distinguish Northland Securities from other firms and make us uniquely qualified to serve the City of Isanti.

Northland knows Isanti. Northland has provided public finance services to the City for over 12 years. Northland has been the City's economic development finance advisor since 2009. This history brings established relationships and a proven record of service to the rate study. Our qualifications are more than words in a proposal. Northland has demonstrated its ability to provide quality and creative services to the City of Isanti. More importantly, it ensures that the results of the study will be relevant and effective. Northland will be there to assist the City with implementation.

Northland has a <u>proven record</u> of creative, effective and responsive services to cities. Northland serves more Minnesota cities than any other firm. This record of helping Minnesota cities create and implement effective financial plans clearly demonstrates the skills needed to serve Isanti.

There is no substitute for relevant experience. The Northland staff members that will serve Isanti provide extensive experience in the financial operation of Minnesota cities and municipal utilities. This experience includes utility rate analysis, multi-year financial and budget planning, and direct municipal utility financial management. This breadth of experience means the City benefits from the lessons learned from long successful careers and

work on similar projects.

Northland tailors its work to meet the unique needs of each project. We do not use some generic utility rate model that requires you to interpret what the data means for Isanti. Northland will create analytical tools in a format that fits Isanti. This means that the results of our work gives you clear and accurate guidance.

Northland educates our clients and promotes understanding. We believe that an important part of our service delivery is to help the City to clearly understand its options and their implications in order to assist the City in making informed decisions. We strongly believe that the work we do must provide value to the City and leave the City in a better position not only in the short term, but in the long term as well. The success of projects like this requires both analytic and communication skills. Northland has an excellent record of making complex financial issues understandable and of conducting workshops that engage the participants to obtain feedback and build consensus.

Description of Firm

Northland Securities, Inc. is a registered municipal advisor and a broker-dealer that has been the leading underwriter of new long-term Minnesota municipal bonds in each of the past five years (according to market data from Thomson Reuters). This business model creates the perfect framework for serving the City of Isanti. Northland provides all of the financial advisory services needed by the City combined with an understanding of municipal bonds that only comes from underwriting bonds. Northland provides services in the areas of:

- Competitive Bond Sales
- Negotiated Bond Sales
- Bond Underwriting
- Bank Private Placement
- Debt Refinancing
- Continuing Disclosure
- Investments
- Property Tax Impact Analysis
- Referendum Assistance
- Debt Management Plans
- Capital Improvement Plans

Experience - Financial Planning/Rate Studies

Northland believes that successful financial planning is crucial to achieving financial strength and agility for a city. Northland staff has designed and led a wide range of strategic financial planning projects, as both government staff and consultants. We understand the importance of developing well-conceived financial plans to help guide decision-making. Northland staff offer a broad range of experience and technical skills to complement what the City of Isanti is already doing. We have the ability to analyze complex financial planning issues and the communication skills necessary to convert these complex matters into useful

decision-making material for City officials. Past financial planning projects undertaken by Northland staff include:

- Financial management plans
- Strategic plans
- Goal setting workshops
- Rate and fee studies
- Revenue diversification
- Service studies
- Capital improvement plans
- Development plan implementation

Northland has recently completed financial planning and rate study projects for the following Minnesota cities:

- St. Paul Park
- Corcoran
- St. Francis
- Deer River
- Faribault
- Lake Elmo
- Mountain Lake
- Thief River Falls
- Watertown
- Shorewood
- Johnston (IA)

We would be happy to provide you with samples of the work product from any of these projects.

Each member of the Northland team serving Isanti has direct experience as the city staff with rate setting and municipal utility financial management.

Customer Service Model

Isanti has direct experience with Northland's customer service model. We have demonstrated the ability to provide excellence in financial advisory services. Several characteristics highlight our approach to customer service:

Commitment to Quality

Every member of Northland's staff that touches work for the City of Isanti is committed to providing the best possible service. We give you information that educates and guides decisions, disclosure documents that are thorough and accurate, and operating procedures that place minimal additional burden on City staff.

Responsiveness

Northland takes pride in providing timely service. We strive to respond to every question and request for assistance as quickly as possible. When an immediate response is not possible, we provide (and meet) clear timing expectations. We provide the service that you want, when you need it.

Hands On

Our public finance professionals perform the analysis and structuring of every transaction. This approach ensures that your needs are accurately accounted for in each project. It avoids the "lost in translation" problem that occurs when client service representatives hand off the analysis and structure to analysts.

Personnel

Northland Securities will serve the City of Isanti with a two person team of talented and experienced professionals. These two individuals are the essential link between the qualifications of the firm and our ability to serve the City. Isanti only benefits from the experience of the "firm" through the experience and skills of the staff that serves you.

Providing exemplary service to the City is the top priority for Northland Securities. Accordingly, we propose to have three of our senior staff members, **Rusty Fifield** and **Jessica Green** will have primary responsibility for this project. **Tammy Omdal** will provide technical assistance and oversight review of our work. The Northland team provides the experience and skills needed to successfully undertake this rate study. The team also provides the resources needed to undertake the study within the timelines desired by the City

Rusty Fifield

Rusty Fifield is a Senior Vice President and Director of Public Finance for Northland Securities. His career spans more than 36 years of service to local governments. For the past 32 years, Rusty has been a financial advisor to local governments in Minnesota. During his career, he has served more than 120 Minnesota cities on a wide range of capital finance, community development and financial planning projects.

Rusty has a wide range of experience in utility financial planning and rate setting. Examples of his experience include:

- Rusty designed and led a process to evaluate sanitary sewer, water and storm water user rates for the City of Shorewood. He worked closely with city staff to define critical issues and collect background information. The process included a series of three workshops with the City Council to explain findings, obtain guidance and built consensus for the final recommendation. In addition to overall financial condition, the study considered other changes in the rate structure desired by the City.
- Rusty created a capital improvements planning model for the City of New Prague. This model was designed to analyze the financial implications of alternative plans for future infrastructure projects. The City used this model to design changes in utility rate charges.
- Rusty led a strategic financial planning project for the City of Champlin (while with Ehlers and Associates). An important focus of this project was improvements and rate options for the municipal water system. This planning process led to the plan for building the City's first water treatment plant. Rusty served as the City's financial advisor for issuing bonds to finance the water plant.
- Rusty conducted a comprehensive financial planning project for water system in Inver Grove Heights (while with Ehlers and Associates). The purpose of this project was to evaluate the financial

implications of options for future expansion to the municipal water system. This planning process led to the plan for building the City's first water treatment plant. Rusty served as the City's financial advisor for issuing bonds to finance the water plant.

The breadth of his background is uniquely suited to financial planning for municipal utility systems. Rusty is the only consultant in this region to combine direct experience as independent finance advisor, planning consultant, city manager and investment banker. This experience provides Northland's clients with valuable understanding on financial planning and capital improvement projects. There are very few financing needs of Minnesota cities that Rusty has not encountered. He draws on this extensive experience to help clients find creative solutions to complex issues.

Jessica Green

Jessica is a Vice President of Public Finance with Northland Securities. With experience in municipal finance, community and economic development, and commercial banking, Jessica is able to assist Minnesota cities and counties with all aspects of their project planning and financing needs. Jessica has a proven track record of making complex financial issues understandable and building consensus among diverse interests. She prides herself on an approachable style, ensuring that City staff, elected officials and other project participants feel confident and informed every step of the way.

In her role as Finance Director for the City of Big Lake, Jessica was responsible for the financial management of the City's full-service utility system. Her work included the assessment of various rate structures and tiers, and making recommendations to mindfully grow utility revenues while being conscious of customer satisfaction.

Tammy Omdal

Tammy Omdal is a Senior Vice President at Northland Securities in Public Finance providing senior level analytical and project management services to the firm's Minnesota clients. She joined Northland in 2011 as manager of Northland Strategies, the special projects group at Northland Securities. Northland Strategies provides public and private clients with consulting services in the areas of real estate and economic development, group process, service studies and financial planning.

Tammy has nearly twenty-five years of experience in public finance, with most of those years working directly for municipal governments in leadership positions. Clients value her insights and direct knowledge having experienced and managed many of the same challenges facing Northland's clients. Tammy provides financial advisory services including:

- Financial planning for operations, capital improvements, and debt service.
- Debt issuance and preparing rating agency presentations and preparation of disclosure.
- Special financial studies including utility and enterprise studies.
- Economic development and redevelopment planning.
- Tax increment financing and property tax abatement planning and analysis.

Over the past three years, Tammy has completed financial planning and rate study projects for the following Minnesota cities:

- St. Paul Park
- Corcoran
- St. Francis
- Deer River
- Faribault
- Lake Elmo
- Mountain Lake
- Thief River Falls
- Watertown

Prior to joining Northland in 2011, Tammy most recently served as the Deputy City Manager/Chief Financial Officer for the City of Burnsville, MN. An important part of Tammy's past work experience that is relevant to Isanti is her background with not only developing financial plans but having had to implement plans. As Management and Budget Director for the City of Minneapolis, MN, she created successful financial work-out plans for financially strained internal service funds/operations resulting in greater financial stability and worked to establish a new utility fund for stormwater management.

Northland's Approach

Northland tailors its approach and analytical tools to meet the unique needs of each project. It is Northland's practice to share source documents and electronic files with its clients for their on-going use.

We propose the following approach to service to the City of Isanti for the project: These steps are designed to accomplish all of the tasks listed in Section B of the RFP.

Step 1: Conduct kick off meeting with City Staff to review project objectives, set meeting schedule and collect background data. This step lays the foundation for the project. It ensures that Northland starts work with a clear understanding of the issues and objectives to be addressed through this project. Roles and responsibilities are defined to help the process move efficiently and minimize burdens on City Staff. An initial project calendar will be created to identify key timing factors for the project.

We would use this meeting collect information about the utilities from the City. Northland already has on file the following information pertinent to the study: annual financial reports for the years 2010-2014, outstanding debt and estimates for 2016 sanitary sewer improvements. Additional information we would seek from the City includes:

- Future growth projections.
- Current water usage data.
- Description of current sewer and water customers.
- Current charges for utility service and connections.
- Estimated year end 2015 financial statements for Water Fund and Sewer Fund.
- 2016 Budget.
- Estimated cost and timing of capital improvement to be paid from sewer or water revenues in the years 2017-2021.
- Significant changes in O&M expenses in the years 2017-2021.
- Existing depreciation schedules.

This kickoff meeting provides the opportunity to review and discuss objectives for the rate study. Issues that may be discussed include:

- Aspects of the current rate structure that need to be examined.
- Objectives for the rate study.
- Criteria used in evaluating rate changes.
- Identify comparable cities.
- Consideration of conducting sewer portion of study first to better coordinate with planned debt issuance.

Step 2: Collect data from comparable cities.

Step 3: Design financial models for sanitary sewer and water funds. Northland will create spreadsheets that model the unique characteristics of Isanti's utility systems. These models will be used to analyze and explain the implications of alternative user rate structures. At a minimum, the models will analyze user rate implications from changes in:

- Operating expenses.
- System usage.
- Customers.
- Capital improvements and funding options.
- Reserves.

Step 4: Develop up to three alternatives for sanitary sewer and water rates. Northland will identify and evaluate the current rate structure and up to three change alternatives for the utilities. Water rate charge structures will meet the statutory requirements for water conservation. The analysis will incorporate the current understanding of financing for 2016 sewer system improvements, including bond rating considerations..

Step 5: Prepare draft report. Northland will prepare a written summary of the work performed including the results of the analysis in Step 4.

Step 6: Conduct review process. The review process will consist of: (1) Submit preliminary findings to city staff for review and comment and (2) Meet with Finance Committee to present findings and solicit feedback. As indicated in the RFP, the process will address water and sanitary sewer rates separately.

Step 7: Complete follow-up analysis and prepare a final draft report for submission to City Staff. Northland will use the input from the Finance Committee to refine the analysis and to make modifications in the findings and recommendations. This information will be incorporated into a final draft report. The final draft report shall be in an easy to understand format and to the point. This report will contain a specific action plan for implementing the recommended changes in the rates and in planning to finance key capital improvements.

Step 8: Provide a final draft report for presentation to the City Council for plan adoption, based on feedback and requested modifications from City staff from Step 9.

Optional Step: Conduct public workshop (optional service), if desired by the City. Northland will design and conduct a public meeting that explains the findings and recommendations and uses a structured means of obtaining public comments on the options.

References

We believe that references are an essential part of the evaluation process. References frequently provide a valuable tool for differentiating consulting firms. The actual experience of clients is a useful measure of a firm's ability to deliver the services described in a proposal. Study Cost

This section contains the itemized statement of fees for financial services to be provided by Northland. In comparing proposals and checking references, you will find that we strive for equity and value in our fees. Several factors illustrate these objectives:

- There are no incidental or hidden fees.
- Our hourly rates are very competitive.
- The experience of our staff allows us to work efficiently and with lower total project budgets.
- When we agree to a "not to exceed" budget, which is our practice, we will not bill for a greater amount unless you request services outside of the work scope.
- We typically do not propose flat fee special projects. You should only pay for the services we deliver.

The remainder of this section describes the basic compensation structure proposed for Isanti.

Out-of-Pocket Expenses

Northland will not bill the City of Isanti for any out of pocket expenses for travel, copying, mail/shipping, and printing.

Northland Practice for Hourly Consulting Services

We are committed to establishing fair and manageable arrangements for consulting projects billed on an hourly basis. We will provide you with a detailed description of work to be performed and a cost of services based on this proposal. We will not bill for costs in excess of the stated amount unless the City agrees to a revised scope of work and budget. We do not surprise you with unexpected billing. We do not seek compensation for services not under contract. We encourage you to call and not worry about "starting the meter".

This project will be billed monthly at a rate of $160 per hour. Invoices will detail the work performed, requested compensation for the period and show amounts previously billed and amount remaining under the approved budget.

Proposed Project Budget and Completion Timeline

Project Budget

Northland will perform the Utility Rate Study for a not-to-exceed cost of $7,000.

The project budget includes kickoff meeting, two (2) Finance Committee meetings, two (2) meetings for presentation to Council, and all travel and other incidentals.

MEMO

Request for City Council Action

To: **Mayor Wimmer and City Council Members**

From: Chief Gene C. Hill

Date: January 7, 2016

Subject: Squad Car Purchase - 2016 Ford Police Interceptor Utility AWD

Background:

The finance committee is aware, has reviewed and recommended that the need to replace an aging, rusty squad that is in need of some expensive repairs. The City Council has budgeted funds to proceed with replacing the 2002 Chevrolet Silverado 1500 Extended Cab Truck, this vehicle is driven by our School Resource Officer. This vehicle is in excess of 100K miles and there are some very expense repairs looming in the near future.

The new 2016 Ford Interceptor would become the new day shift squad car and the current 2010 Dodge Charger that the day shift is using, with almost 150K miles, would be given to the School Resource Officer to use. This car still runs out well and is not in need of any expected repairs.

This 2002 Chevrolet Truck was originally a forfeiture vehicle and the funds from the sale of that vehicle would have to return to the Isanti Police Forfeiture Fund according to Minnesota §169A.63; however, funding from the forfeiture fund will assist in this vehicles purchase as needed.

Direction from the Finance Committee is to purchase another Ford Interceptor - Utility AWD.

2015 Ford Interceptor – Utility AWD	$27,645.95
Grafix Shoppe – car decals	740.00
Emergency Automotive	9,679.28
Panasonic Toughbook CF-30 – Refurbished (estimated)	1,500.00
	$39,565.23

The big advantages with the Ford Utility is the overall height of the vehicle…better driver visibility, getting in and out of the vehicle is more ergonomically correct causing less stress on the back, legs, shoulders and neck. In 2016, there is a back-up camera for these vehicles.

An AWD pursuit vehicle offers a few key advantages to patrol officers. Typically an AWD vehicle provides better torque management than a two-wheel-drive system, giving a vehicle better traction by more equally distributing power to four tires. AWD systems also provide better traction on adverse surfaces such as dirt, sand, ice, and rain-slicked pavement. The automakers each say their AWD vehicles provide greater safety and vehicle control for officers who need to make sudden emergency maneuvers that require a strong steering input coupled with fast acceleration. An ideal example would involve an officer stopped on a gravelly highway shoulder who must make a quick U-turn to catch a speeder heading in the opposite direction (Clinton, 2013).

The high dollar interior equipment items such as the radio, video camera system and radar will be reused. The only high dollar item that may be needing replacement is the squad car computer. I estimate that the new needed equipment, vehicle graphics and labor can be completed for less than $11,919.28

Action:

The finance committee has reviewed this request and is recommending the purchase of the 2016 Ford Interceptor Utility AWD in white to match the rest of the fleet.

Please review attached information for consideration in replacing an aged police car and the needed expenditures to complete the build.

To declare the 2002 Chevrolet Silverado 1500 Extended Cab Truck surplus property and to sell the vehicle at public auction at Wayne Pike Auction Services in Princeton, Mn. as council has approved in the past. The sale proceeds will be deposited into the Isanti Police Forfeiture Fund.

Thank you for your consideration,

Chief Gene C. Hill

RESOLUTION 2016-XXX

RESOLUTION APPROVING THE PURCHASE OF A 2016 FORD INTERCEPTOR UNTILITY AWD PURSUIT VEHICLE

WHEREAS, the police department has budgeted for the purchase of a replacement squad car for 2016 as notated in the Cities capital replacement plan; and

WHEREAS, the funds to purchase the vehicle will be from the police capital replacement fund; and

WHEREAS, to authorize the expense to equip the new vehicle with proceeds from the police forfeiture fund as needed; and

WHEREAS, the current vehicle is in need of some future expensive repairs if kept to maintain its serviceability; and

WHEREAS, to declare the 2002 Chevrolet Silverado 1500 Extended Cab Truck as surplus property, to sell the vehicle at public auction (Wayne Pikes Auction Services (Princeton, Mn.), and

WHEREAS, deposit the funds from the sale of the vehicle back into the Isanti Police Forfeiture Fund from where they originated in accordance with Minnesota §169A.63.

NOW, THEREFORE, BE IT RESOLVED by the City Council of the City of Isanti, Minnesota, to hereby approve.

This Resolution is approved by the City of Isanti Council this 19th Day of January, 2016

MEMO

Request for City Council Action

To: **Mayor Wimmer and City Council Members**

From: Chief Gene C. Hill

Date: January 14, 2016

Subject: Vehicle Forfeiture ICR#15003827
2001 Chevrolet S-10 Blazer VIN #1GNCT18W61K14334

Background:

The City of Isanti through its Police Department have lawfully seized and forfeited a 2001 Chevrolet S-10 Blazer. The City of Isanti holds clear title on this vehicle.

Action:

The City Council through resolution has approved the sale of forfeited vehicles at Pikes Auction of Princeton, Mn. I am requesting the Council review and approve the sale of this vehicle at the next contractor's public auction held on March 12, 2015. Pikes Auction will advertise this vehicle.

The proceeds of this sale will be deposited into the Isanti Police Department Forfeiture Fund.

Thank you for your consideration,

Chief Gene C. Hill

RESOLUTION 2016-XXX

RESOLUTION APPROVING TO SELL THE FORFEITED 2001 CHEVROLET S-10 BLAZER AT PUBLIC AUCTION

WHEREAS, the police department lawfully seized and forfeited a 2001 Chevrolet S-10 Blazer because of DUI arrest; and

WHEREAS, state statute permits the sale of such vehicles under Mn. §169A.63; and

WHEREAS, the proceeds from such sale must be designated for limited use by the governmental authority to promote public safety; and

WHEREAS, they vehicle is not viable for use by the City of Isanti by any department; and

WHEREAS, the next public auction is March 4, 2016 at Wayne Pike Auction in Princeton, Mn.

NOW, THEREFORE, BE IT RESOLVED by the City Council of the City of Isanti, Minnesota, to hereby approve the sale of such vehicle at public auction and the proceeds to be deposited into the Isanti Police Department Forfeiture Fund.

This Resolution is approved by the City of Isanti Council this 19th Day of January, 2016

Request for City Council Direction

To: Mayor Wimmer and City Council Members

From: Sean M. Sullivan, Economic Development Director

Date: January 19, 2015

Subject: **Resolution to Consider Donation of Parcel in Redevelopment TIF District No. 9**

Background:

Staff was made aware of a building located in historic downtown that is now vacant with the last tenant relocating to another City of Isanti business location. The 4,000 square foot building was constructed on or before 1900. The condition of the building is poor and the owners of the building have not expressed interest in updating the building and making necessary repairs to improve its marketability and use. This building serves as one of the gateway entry points to historic downtown Isanti and has the potential to become a detriment to investment downtown due to inactivity, maintenance and a very visible location. This parcel is located in TIF District No. 9 which is a redevelopment TIF District. Staff has been in contact with the owner of the building and the owner has expressed a willingness to donate the building to the City of Isanti with nominal costs associated with the transaction.

As indicated above the building is in rough shape and there are significant dollars that would go into repairs of the building just to bring it into a condition to make it marketable for rent or lease. Staff has received rough estimates from a contractor through a third party to repair and/or demolish the structure. Staff has also contacted an environmental firm to get estimates for the Phase 1 and Demolition Survey. The rough estimates are as follows:

Remove and rebuild roof	$50,000
Repair Roof (instead of removing and rebuilding)	$45,000
Demolition	$10-$30,000
Phase 1 Environmental	$ 2,200
Demolition Survey / Testing	$ 2,100

There are other items that could become evident upon further inspection that could lead to increased costs. Currently the property is assessed at $141,000 with current property taxes (including special

assessments) of $4,828.00. The City portion of annual taxes are estimated to be $1,247. Staff is unaware of any environmental assessments that have been completed on the property. Based on its proximity to the railroad ROW and the age of the building it is possible that there could be items of concern. Staff is recommending that a Phase 1 and a building/demolition survey be conducted or a review be performed by a qualified professional. Acquisition, renovation would be qualifying activities within TIF District No. 9. This district is in the last year of it timetable to make qualifying activities so this is the only opportunity we have to potentially recoup cost associated with redevelopment activities of the duration of the district. Staff is looking for direction on this matter.

Funding Source and Amount:

To be quantified and determined is direction to move forward with negotiation is given to Staff.

Request for Action:

Consider adoption of Resolution 2016-___ Authorization for Staff to Consider Donation of Parcel in Redevelopment TIF District No. 9.

Attachment:

1) Resolution 2016-____ Authorization for Staff to Consider Donation of Parcel in Redevelopment TIF District No. 9.

RESOLUTION 2016-___

Consider Donation of Parcel in Redevelopment TIF District No. 9

WHEREAS, Parcel No. 16.047.0120 commonly known as 102 Dahlin Avenue NE (The "Property")is located in Redevelopment TIF District No. 9; and

WHEREAS, the Property is in poor condition and there are many repairs needed to make it a marketable building for business use; and

WHEREAS, Staff has been in contact with the owner of the Property and the owner has expressed a willingness to donate the Property to the City of Isanti at a nominal cost; and

WHEREAS, the structural and environmental condition of the Property have unknowns and need to be defined prior to the City considering donation of the Property; and

WHEREAS, Staff has obtained estimates for a Phase 1 ($2,200) and Demolition Survey ($2,100) which staff is recommending be conducted prior to the City considering acceptance of the donation of the Property.

NOW, THEREFORE, IT IS HEREBY RESOLVED by the City Council of the City of Isanti, Minnesota authorize City Staff to work with the land owner on the terms of donation of the Property and conduct environmental tests in an amount not to exceed $5000 with the funding source to be determined by Finance Committee.

This Resolution hereby approved by the Isanti City Council this 19th day of January 2016.

CITY OF ISANTI
PLANNING COMMISSION
MEETING MINUTES
DECEMBER 8, 2015

1. Meeting Opening.

A. Call to Order.

Duncan called the meeting to order at 7:00 p.m.

B. Pledge of Allegiance.

Everyone rose for the pledge of allegiance.

C. Roll Call.

Members Present: Jeff Duncan, Paul Bergley, Steve Lundeen, Wayne Traver, Cindy Lind-Livingston, and Luke Merrill.

Members Absent: Greg Cesafsky (gave prior notice)

Staff Present: Community Development Director, Roxanne Achman

Others Present: None

D. Agenda Modifications.

Achman stated there were none.

2. Approval of Minutes from November 10, 2015 Planning Commission Meeting.

Duncan questioned if there were any comments or changes on the minutes.

Motion by Bergley second by Lind-Livingston to approve the November 10th, 2015 Planning Commission meeting minutes. Motion was unanimously approved.

3. Public Hearings.

None.

4. Other Business.

A. Discussion on Car Dealerships.

Duncan read the item in to the minutes.

Achman presented the staff memo.

Duncan asked if there was a concern that a car dealer office would be any different than the other office uses listed.

Achman stated that the other office uses such as architectural office, engineering office and other similar offices generally do not have a component similar to what a car dealer office could bring in. It needs to be clear that no cars are allowed to be displayed for sale on site unless they have an approved conditional use permit. Achman further explained that brokers and wholesalers do not have on site sales and display. The Driver and Vehicle Services division has an application that must be filled out prior to a car dealer getting a license. The application specifies the

requirements for each type of car dealer. For instance, a used car dealer may not have on site sales or display, but the State requires that proof of five display stalls be available. In this case, the City would require a conditional use permit.

Traver stated he felt a registration application should be generated and filled out by anyone that wanted to operate a car dealer office. That way it's in writing what the expectations are for that particular business. With selling cars it's easy for a car to arrive and be overlooked on the site, but if more cars show up, then we have a binding document that tells them they cannot display the cars on site and were informed of that.

Duncan asked if the definition is amended and the City notices cars being displayed on site, then what action does the City take.

Achman stated the business would get a zoning violation and it would go through a similar process as nuisance violations. They would need to remove the display and if they wanted to have on site sales and display, then they would need to apply for a conditional use permit.

Duncan asked if the process would be any different if the car dealer office filled out and submitted a registration form.

Achman stated that she felt the registration form would allow staff to track the business more easily.

Merrill stated he felt the registration form would just create more administrative work.

Achman stated that the home occupation registration form was maybe a poor example of a form to use. The registration of home occupations helps track home occupations because they are generally not apparent from the outside.

Duncan stated he would lean towards simply amending the general office definition.

Lundeen indicted he agreed with Traver in that a registration form should be filled out so that the business owner signs the document knowing all the rules. He further stated that he felt when a document like that is signed, it is more binding.

Traver stated that the registration form would hold the business owner liable.

Bergley asked if staff would design a form similar to the home occupation registration form.

Achman stated she would. It would be fairly basic. The form would likely have contact information and a disclaimer about vehicle sales and display.

Lind-Livingston asked if any of the other general offices have to submit a registration form when they come in.

Achman stated they did not. The other offices listed do not tend to have a component that could create issues similar to on site vehicle displays.

Lind-Livingston stated it shouldn't cause too much extra work to fill out the form, file it, and then it's available whenever you need it.

Merrill stated complexity is easy, simplicity is difficult to achieve. Merrill felt that adding a registration form was just making more work.

Duncan stated that he would like to hear the City Attorney's input on whether the form would provide the City with additional teeth to help enforce the regulation of no vehicle display's or not. If it does, Duncan stated he would agree with it. If in the end it's not providing anything additional for enforcement, then it's just an extra burden on a general office.

Traver asked if the item should be tabled.

Duncan requested staff discuss with the City Attorney whether or not an application for the operation of a car dealer office with no on-site sales would provide more teeth in the event the cars started to show up on-site. If it did not, then Duncan suggested not moving forward with an application. In either situation, the definition of General Office should be amended to include car dealers with no on-site sales. There was consensus among the Planning Commission to bring information back to the next Planning Commission meeting.

Lind-Livingston asked if the form would be brought to the next meeting.

Achman stated she would draft a form if the City Attorney's opinion was that a form would provide additional teeth for enforcement.

B. Planning Commissioner Training.
Duncan read the item into the minutes.

Achman presented the staff memo and outlined the attachments regarding meeting order and organization.

Discussion ensued between the Planning Commission and staff about the conduct of Commissioners and their role in making decisions.

5. Other Communications.

A. Tentative 2016 Planning Commission Meeting Dates
Achman provided the Planning Commission with the tentative 2016 Planning Commission meeting dates, stating that the dates would be reviewed and approved at the January 5th, 2016 City Council meeting.

6. Adjournment

Motion by Lundeen second by Bergley to adjourn the December 8th, 2015 meeting of the Planning Commission. Motion was unanimously approved.

The meeting adjourned at 8:12 p.m.

Dated at Isanti, Minnesota this 8th day of December 2015.

Sullivan distributed Jump Drives to EDA members present.

a. Pledge of Allegiance

b. Roll Call

Members Present:	Tara Hallberg, Keith Dragisich, Paul Bergley, George Wimmer and Steve Lundeen
Members Absent:	Dan Collison, Adam Johnson
Staff Present:	Economic Development Director Sean Sullivan

c. Agenda Modifications

None.

2. Approval of Agenda

Motion to approve Agenda as presented by Lundeen, second by Bergley, motion carried unanimously.

3. Approve Minutes of November 3, 2015 Regular Economic Development Meeting

Motion to approve minutes as presented by Bergley, second by Hallberg, motion carried unanimously.

4. Update on Outside Storage Containers in Commercial and Industrial Zoning Districts

President Wimmer provided an update to the EDA on how the visits with business have been going. He indicated that the visits were going well and that a consistent comment from the businesses was to be treated fairly and equally. He also indicated that the visits outlined that the City was only looking to enforce what is currently on the books. There is still one business that needs to be met with but as of now this business is in compliance and a meeting may not be necessary.

No action was requested or taken on this informational item.

5. Economic Development Authority – 2016 Meeting Schedule (Tentative)

Economic Development Director Sullivan went of the tentative schedule for 2016 highlight the two Wednesday dates due to Precinct Caucuses and National Night Out. Sullivan instated that the schedule was usually approved at the first meeting in January but the consensus of the EDA was to adopt it now.

Motion to adopt the following meeting schedule for the EDA for 2016:

2016 ECONOMIC DEVELOPMENT AUTHORITY MEETING SCHEDULE

The Economic Development Authority shall hold regular meetings immediately following the 1st 7:00 p.m. City Council Meeting on the 1st Tuesday of every month. at Isanti City Hall. All meetings are held at Isanti City Hall at 110 1st Avenue NW, Isanti, MN 55040 in the City Council Chambers. The 2016 scheduled meeting dates are below:

January 5, 2016

February 2, 2016

March 2, 2016 (Wed.)

April 5, 2016

May 3, 2016

June 7, 2016

August 3, 2016 (Wed.)

September 6, 2016

October 4, 2016

November 1, 2016

December 6, 2016

By Bergley, second by Hallberg, motion carried unanimously.

6. Consider Review of Business Subsidy Policy and Business Incentives

Economic Development Director updated the EDA that Isanti County was in the process of revising its Tax Abatement Policy. He indicated that the City Business Subsidy policy was created in 2002 and there have

been subsequent policies adopted in regards to TIF, Tax Abatement and Revolving Loan incentives. Staff asked the EDA if it would be prudent to review the existing policies and to bring back suggestions, revisions, and / or updates to the EDA for consideration. Staff indicated this could take some time but that it would make sense so due to timing of potential Isanti County changes.

Motion to direct Economic Development Director Sullivan to review the existing Business Subsidy, Tax Abatement, TIF and RLF policies and applications and to bring back suggestions and potential revisions to the EDA for consideration by Lundeen, second by Hallberg, motion carried unanimously.

7. Discussion on the Johnson Parcel

Economic Development Director Sullivan highlighted the staff memo. He indicated that the Johnson property was valuable real estate in the City of Isanti with its proximity to Hwy 65 and Heritage Blvd. He also explained that there we some challenges associated with the development and marketing of this property as well. The property is bisected by a natural gas distribution pipeline for Northern Natural Gas and it is not listed by a real estate broker. These items aren't necessarily a deterrent to development but the uncertainty of the pipeline and options to move and lack of marketing certainly does not help. Sullivan indicated that he discussed these issues with the landowner and a representative and they were attempting to contact Northern Natural Gas regarding movement of the pipeline, costs and were considering marketing options with a minimum of a for sale sign. Sullivan indicated that development of this parcel was important to the City and that the tax base it could generate would be significant. He indicated that working with the landowner to develop this parcel, and to work with all other parcels in the City was his job.

8. Other Business / Updates

Economic Development Director Sullivan updated the EDA that the City of Isanti was the winner of the 2015 Business Recruitment Award from EDAM.

Duncan questioned if there were any comments or changes to the minutes.

Motion by Lundeen, second by Bergley to approve the December 8th, 2015 Planning Commission Meeting Minutes. Motion was unanimously approved.

5. Public Hearings.
A. Request from Tim Marinan for Approval of a Conditional Use Permit to operate a Motor Vehicle Sales Office and Display at the Dual Square Mall on the property located at 401 E Dual Blvd NE, Isanti, Minnesota.
Duncan read the item into the minutes.

Achman presented the staff memo.

Duncan opened the public hearing.

Timothy Marinan, 4359 155th Ave NW, Andover, MN, approached the podium to state his presence.

Bergley asking if the applicant understood all the conditions outlined for the Conditional Use Permit.

Achman confirmed the applicant was presented the conditions and understood them.

Bruce Yerigan, 27741 University Ave NE, Isanti, MN, asked if there was a site layout indicating where the cars would be displayed.

Achman provided Mr. Yerigan with a copy of the site layout indicating the cars would be on the easternmost portion of the lot, facing East Dual Boulevard NE.

Lundeen asked Mr. Marinan if he anticipated more than five cars being displayed on the lot.

Mr. Marinan stated that he did not. The site is primarily for the use of an office space.

Achman clarified that due to the type of car dealer license Mr. Marinan has, the state requires that he provides proof that five vehicles can be displayed on the lot whether he plans on using them or not.

Duncan closed the public hearing.

Motion by Kennedy second by Cesafsky to recommend approval of the request from Tim Marinan for Approval of a Conditional Use Permit to operate a Motor Vehicle Sales Office and Display at the Dual Square Mall on the property located at 401 E Dual Blvd NE, Isanti, Minnesota based on the Findings of Fact and conclusions with the following conditions:

1. Services and sales are associated with a principal building with a minimum floor area of at least one thousand (1,000) square feet.
2. All area of the property not devoted to building, parking, or open sales lot area shall be landscaped in accordance with Section 15 of this Ordinance.
3. Off-street parking and loading shall meet the requirements as stipulated within Section 17 of this Ordinance.
4. All new or used vehicles parked or displayed outdoors on the property shall conform to all requirements of the State of Minnesota; shall be operable; shall include all engine, muffler, brakes, and operating parts; shall be equipped with all exterior body parts as if new (for a passenger vehicle, truck or van, this shall mean four (4) tires, all doors and windows, headlamps and grillwork, mirrors, fenders, trunk, lids, body panels and molding, etc, or if a boat, all windshields, safety railings, hulls, trailer, etc.); shall be uniformly and wholly painted; and shall be free from having any loose or damaged exterior parts.
5. All repair, assembly, disassembly or maintenance of motor vehicles or motor vehicle parts shall occur within an enclosed building.
6. A detailed site plan conforming to the requirements of Section 18 of this Ordinance shall be submitted. The site plan shall also illustrate the location of all open sales and storage areas.
7. No outside speaker system shall be permitted without the approval from the City Council.
8. A landscaped buffer shall be provided, if the use abuts any residential zoning district. Solid screening to a minimum height of six (6) feet shall be provided along any portion of the open sales lot abutting a residential property or district. Such screening shall consist of a continuous landscape berm, solid wood fence, wall, or other comparable material. Fencing shall be constructed of wood or comparable material and should be of an ornamental or decorative design. If a chain link or wood fence is used, landscaping shall be provided on the outside of the fence facing the abutting residential property or district.

Motion carried unanimously.

B. Request from Property Resource Group on behalf of Isanti Holdings, LLC for Preliminary and Final Plat Approval of a Minor Subdivision of the property legally described as Lot 1, Block 1, Isanti Commons First Addition, Isanti County, Isanti, Minnesota.

Duncan read the item into the minutes.

Achman presented the staff memo.

Bergley questioned whether Coborn's had given any indication of what would be placed on that lot.

Achman clarified that Coborn's does not own the property. Paces Lodging (Property Resource Group) owns the land. Whoever purchases or leases the lot will be doing so from Paces. Not Coborn's.

Duncan stated that it appeared city staff was recommending approval subject to the City Engineers review comments being addressed.

Duncan opened the public hearing.

Mr. Yerigan requested to see a copy of the plat.

Achman provided a copy to Mr. Yerigan and indicated where the subdivision would occur on the parcel.

Duncan closed the public hearing.

Motion by Cesafsky second by Bergley to recommend approval of the request from Property Resource Group on behalf of Isanti Holdings, LLC for Preliminary and Final Plat Approval of a Minor Subdivision of the property legally described as Lot 1, Block 1, Isanti Commons First Addition, Isanti County, Isanti, Minnesota based on the Findings of Fact and Conclusions with the following conditions:

1. An agreement with the owner of the triangular piece of property located east of the proposed pond will need to be in place prior to performing any work on that property.
2. Upon approval of the Final Plat by the City Council, the City Clerk or his/her designee shall record it with the County Recorder's Office within ninety (90) days after the date of approval; otherwise, failure of the applicant to comply and submit the necessary items and fees for the recording of the Final Plat by the City shall be cause for revoking the City's approval and the Final Plat shall be considered void, unless the developer or applicant requests an extension, in writing and receives approval from the City Council. The City Council may approve up to two (2) extensions for a term not to exceed one (1) additional year for each extension. Fees associated with the recording of the Final Plat will be charged back to the developer or subdivider.
3. The subdivider shall immediately upon approval, furnish the City Administrator or his/her designee with three (3) full size mylar transparencies of the Final Plat, two (2) for the County and one (1) for the City. Three (3) additional 11 inch by 17 inches mylar

transparencies shall be given to the City Planner, the City Clerk, and Isanti County. No building permits shall be issued until these conditions have been complied with.

4. The Development Agreement for Isanti Commons First Addition shall be amended to reflect the plat name change associated with this property.

Motion carried unanimously.

C. Request from the City of Isanti to Amend Ordinance No. 445 Zoning, Section 2 Definitions.

Duncan read the item into the minutes.

Achman presented the staff memo.

Duncan opened the public hearing. There was no one to speak on the matter. Duncan closed the public hearing.

Motion by Kennedy second by Lundeen to approve the request from the City of Isanti to Amend Ordinance No. 445 Zoning, Section 2 Definitions to include Motor Vehicle Sales Office (no on-site displays, i.e. broker or wholesaler) within the definition of General Office based on the Findings of Fact and Conclusions. Motion carried unanimously.

6. Other Business.

A. Request from IRET Properties for Approval of an Extension of the Conditional Use Permit approved through Resolution No. 2015-014 for the construction of a 108-unit apartment building located within the Fairway Greens Development, legally described as Outlot A, Fairway Greens Phase 5, Isanti County, Isanti, Minnesota.

Duncan read the item into the minutes.

Achman presented the staff memo.

Duncan asked if there were any conditions attached to the request.

Achman stated there are no conditions. The extension can be granted for up to one year.

Lundeen stated he doesn't want this to turn into a yearly request.

Achman indicated that an extension can only be granted twice.

Bergley stated his concern based on the letter. The letter states they were unable to complete the project last year due to a lack of workers. He asked whether the City needs to be concerned about the project being started and not finished.

Lundeen stated that IRET is a big company that is mainly out of North Dakota. Now that housing has dropped off in North Dakota, they should be able to complete the project here without a problem.

Motion by Lundeen second by Kennedy to recommend approval of the request from IRET Properties for Approval of an Extension of the Conditional Use Permit approved through Resolution

No. 2015-014 for the construction of a 108-unit apartment building located within the Fairway Greens Development, legally described as Outlot A, Fairway Greens Phase 5, Isanti County, Isanti, Minnesota. Motion carried unanimously.

7. Other Communications.

A. None.

8. Adjournment

Motion by Lundeen second by Kennedy to adjourn the January 12th, 2016 meeting of the Planning Commission. Motion was unanimously approved.

The meeting adjourned at 7:20 p.m.

Dated at Isanti, Minnesota this 12th day of January 2016.

Motion by Lundeen second by Collison to approve the minutes for December 1, 2015. Motion carried unanimously.

4. Open Meeting Law & Conflict of Interest Information, Clark Joslin, City Attorney

President Wimmer indicated that this presentation was already given to City Council and EDA members were present at the City council Meeting on January 5, 2016.

Staff asked commissioners to get conflict of interest form submitted as soon as possible.

No formal action was requested or taken.

5. 2014-2015 Minnesota Manufacturing Week Summary Report

Economic Development Sullivan highlighted the Manufacturing business reports generated on behalf of the city of Isanti by Greater MSP. Sullivan explained that the City enters the raw data from business visits and various reports can be generated to show trends and areas to review. Has highlight a few of the large changes from 2014 to 2015 and also area that the City scored below neutral for the business environment. Sullivan asked the EDA if they liked the reports and the information contained.

The EDA consensus was that there were useful reports. Tracy Niefert, Isanti Area Chamber of Commerce President provided an update about upcoming chamber events and the pending merger between the Isanti Area Chamber of Commerce and the Cambridge Area Chamber of Commerce.

6. Consider Establishment of Meetings with Isanti Businesses in 2016

Economic Development Director Sullivan presented the staff memo. He indicated the he and President Wimmer had been discussing this item generally and were looking for some input from the full EDA regarding the matter. The thought would be to offer times for businesses to meet with City Staff and the Mayor to have questions answered and to pass on information pertinent to the business community. This would build off from what is being done at the Mayor's Luncheon.

President Wimmer stated that he wanted the meetings to be more of informal with coffee and a very low intensity forum.

Sullivan asked the EDA if they had additional comments.

President Wimmer wants the meeting to be fairly frequent with it starting as soon as possible. He thought March was a reasonable timetable to start meetings.

Commissioner Dragisich asked if we could allocate some marketing dollars to these meeting for food and beverage.

Consensus of the EDA was to allocate some marketing funds for food and beverage.

EDA consensus was to have Economic Development Director Sullivan work with President Wimmer to get these meetings up and running in March 2016.

7. Other Business / Updates

Economic Development Director Sullivan highlighted the Staff Memo which included that housing continues to thrive and the he and President Wimmer would be accepting the business recruitment award from EDAM in January. Coborn's and Allina will be incorporated into future marketing materials. The EDA also touched on the impact of SnoBear USA to the community and the unique nature of their products.

b. 2016 Tourism Market Study Update
c. GPS 45:93
d. EDAM – Winter Conference
e. Housing Starts in 2015
f. Business Arrivals and Departures in Isanti 2015

Commissioner Collision asked if the EDA would be interested in putting a map together showing location of businesses and attractions to be placed at Isanti Indoor Arena – Home of Rum River BMX.

President Wimmer indicated that this was a good idea. He indicated that the business haven't seemed to take full advantage of events that come to Isanti. He mentioned past venues such as

Cambridge Isanti Soccer / BMX and Hockey haven't had the best participation rates by Isanti businesses in marketing efforts. More work needs to be done in this area. A Hotel is a key component to the success of businesses in Isanti. The Hotel and how to get it built will be discussed at City Council Goal Setting.

Commissioner Lundeen expressed the need for a hotel in Isanti to accommodate for events. He mentioned that 4 Large State Softball tournaments are held in Cambridge that draw from around the state. They have to turn down bids due to lack of lodging in area.

Commissioner Dragisich asked if the BMX event and the street dance could be coordinated together.

President Wimmer stated that in the past the Street Dances were held on weekends that didn't have conflicting events.

8. Adjournment

Lundeen motioned, seconded by Bergley to adjourn at 8:13 pm. Motion carried unanimously.

Dated at Isanti, Minnesota, this 5th day of January, 2016.

MEMORANDUM

Date: January 6, 2016

To: Don Lorsung, City Administrator

From: Bradley C. DeWolf, P.E.
City Engineer

Subject: Engineering Update for the Week of January 13, 2016
Isanti, Minnesota

The following is a list of anticipated engineering activities scheduled for the coming week.

1) **City Hall Parking Lot Expansion**

The Contractor will move forward on the alley work within the railroad easement next spring.

2) **Community Garden Park Improvements**

We will assist the City as needed.

3) **Railroad Avenue Pond Improvements**

The contractor plans to begin work on this project this week. We will determine how much of the project can be constructed this winter and what items will need to be constructed next spring.

4) **Watermain Loop Improvements**

We are developing the plans and specifications for the construction of a watermain loop to the Middle School.

5) **Wastewater System Improvements**

The wastewater plant process layout is complete. We are currently coordinating with sub-consultants regarding structural and electrical needs.

6) **General Engineering**

General engineering activities are performed on an as-needed, as requested basis.

In addition to the current projects listed above we have completed and accepted 42 private developments and 45 city contracts since being selected as your City Engineer in 2008.

Please contact Brad or Jason if you have any questions.

- Maintain City Standards

Mayor Wimmer explained that he would like to hold community meetings again like the City did in 2011 for input on the pavement and asset management plans, the assessment policy and funding strategy. Mayor Wimmer indicated he would like to hold one daytime session and one evening session so all member of the community have a chance to provide input.

City staff gave reports on their departments, work plans, projects, and work load.

Chief Hill gave a report on the Police Department a few key topics Hill addressed were:

- Strengths/weaknesses of the Police Department
- Opportunities/Threats
- Need to continue training/mentoring for employees to move up within the Department
- Community Policing - Key Foundation to the Police Department
- Looking into grant funding for automated external defibrillators (A.E.D's) for all City Buildings
- Looking into grant funding for thermal imaging cameras
- Need for new technology/equipment in the investigation room such as cameras
- Gas prices are currently down, but ammunition prices have gone up

Public Works Director Nick Fleischhacker reported on the following:

- Water and long term planning
- Water process testing is done 1,300 times per year
- Sewer and long term maintenance needs
- Sewer process testing done 1,000 times per year
- Reporting for water/sewer and new legislation
- Streets - straight salt versus dirt makes an ease for clean-up in spring for streets
- Looking into paint that lasts for a longer term - currently re-paint yearly

- Streets are in pretty good shape if start to repair and maintain now - this will lead to a decrease in costs for road maintenance/reconstruction long term
- Parks and summer maintenance

Liquor Store Manager John Jacobi reported on the Liquor Store:

- 4.4% increase in sales over year prior
- Development in wines
- Great employees and ideas
- Backroom always over stacked/ over crowded
- EMV pay chip and pin credit cards
- Parking lot deterioration
- Plans for the future
- Hope for a new Liquor Store in future plans

Mayor Wimmer and the Council discussed that they do not foresee planning for a new Liquor Store for at least five more years.

Community Development Director Roxanne Achman reported on the following:

- Several potential commercial projects
- Code Updates
- Numerous calls on platting and adding on to homes/ businesses
- 2016 Comprehensive Plan
- Creation of a Joint Planning Board for the Comprehensive Plan with the City of Cambridge and Isanti Township
- Potential change to the make-up of the Planning Commission
- Need for GIS and Mapping software
- Succession Planning - Building Official position
- Code Enforcement/ Zoning Technician obtaining permit technician certification

Economic Development Director Sean Sullivan reported on the following:

- The Economy is improving from where is has been from the last 5 years. Isanti has an opportunity to grow again - we need to stick to our message
- Currently over 150 businesses in Isanti that employ over 1500 workers
- 38 permits for single family residential homes were pulled in 2014
- East Central MN Housing Study and Tourism Impact Hotel Feasibility Study were completed in 2014 and will be used to market to specific end users
- Demand for senior and residential housing for Isanti identified in East Central MN Housing Study
- Future Development Needed: Working on Hotel and Clinic and other CEDS Priorities
- Upgraded City Website 2014
- Need to consider potentially to recruiting businesses from the North
- Continued development of City owned lots in Industrial Park
- Need for quality development along highway 65, beginning to see some push for development that doesn't maximize land on 65 and could be detrimental for future of Isanti (Do we want used car lots?)

- Monument Sign or Billboard on Hwy 65 for Isanti would be a great way to market community

Lundeen stated that a monument sign with an electronic billboard would be a great attraction.

Community Events Manager/ Parks Coordinator Josi Wood reporting on the following:

- Community Center - increase in rentals since 2014 improvements
- Numerous Community Center showings and renting
- Creation of new parks brochure
- Summer planning - farmers market and street dances
- Custodian position filled for cleaning the Community Center and Indoor Arena (home of Isanti BMX)
- Need for Community Center capital improvement replacement plan
- Family programming
- Playground audit
- Looking for grant opportunities
- Some DNR land issues with newly acquired park land - will need to clean-up/ work on

Mayor Wimmer talked about holding off on some of the improvements on the City Hall and Community Center parking lot project for the upcoming year.

Human Resources/ Deputy Clerk Karissa Henning reported on the following:

- Need to look into electronic records management system and future planning for such a system
- Creation of formal data practices policy
- Administrative Intern - tasks/ projects assigned
- Investigator and Building Inspector Search/ Building Official succession planning
- Personnel Policy updates (2014 law changes)
- Job Audit on office positions - 1st quarter of 2015
- Phone system research and replacement for 2015
- Licensing/ Pawn renewals and potential of the new strong beer and wine license for City Center Market's 'The Green Table'
- Safety Consultant Contract expires November 2015 - potential RFP for services
- OSHA Simulated inspections and OSHA Reporting
- Pay Equity Reporting
- Benefits Consultants contract up December 2015 - potential RFP for services
- Compliance with ACA requirements
- Monitor aggregate plan value in anticipation of Cadillac Tax (2018)
- Establish Look Back Policy - determine benefit eligibility and avoid future penalties
- Benefit renewals and commercial insurance renewals - Fall 2015
- Monitor claims and look for ways to decrease claim rating

City Engineer Brad DeWolf reported on the following:

- 2014 was a planning year in terms of improvements

- Asset Management Plan - invest for the future
- The City is ahead of many other cities in terms of planning and capital improvement replacement schedules
- Reviewed requirements for public works departments
- Wastewater requirements will continue to become more stringent
- The main lift station has exceeded it's useful life and the City needs to look at the replacement of this
- 2014 good work on traffic sign policies and sign retro-reflectivity
- Storm water pond maintenance
- Annual pavement maintenance and storm sewer and well head maintenance
- Re-alignment of credit union drive

Mayor Wimmer, the City Council, and Lorsung hosted a discussion on the difficulties that may be faced with the re-alignment of credit union drive and Lorsung noted that with the building of Family Dollar, this will alter how things will be re-aligned.

Finance Director Sarah Cotton reported on the following:

- Movement of Utility Billing in-house dramatically increased foot traffic at City Hall
- Importance of Payroll Clerk, Utility Billing Clerk, and Receptionist - front line staff; great customer service provided to citizens
- Review of what the Finance Department does
- 2015 utility rate study
- Funding for capital improvement projects
- Goal - credit card payments online for all permits

Mayor Wimmer reviewed the five year plan fund balance and discussed the City's long term plan. Mayor Wimmer touched base on planning for increases in payments to the Fire District and how the City may need to start levying for fire services due to the yearly increases. Mayor Wimmer noted fire services have increased around 10 % each year. Mayor Wimmer stated that fire service is the one thing within the City budget that the City cannot control.

Mayor Wimmer noted local government aid (LGA) will change and fluctuate. Mayor Wimmer touched base on a revenue shortfall and attributes some of the shortfall to undeveloped lots.

Mayor Wimmer touched base on the pavement management plan and noted the more the City can take care of on the front end, the less costly repairs will be later; this will save the City some money in reconstruction fees for streets. Mayor Wimmer stated there is a need to get caught up on street repairs now while the City is able to make minor repairs so larger repairs do not need to be made later. Mayor Wimmer noted the city will need to take a look at debt payments for the pavement plan. Mayor Wimmer emphasized the importance of a good road and utility system.

Mayor Wimmer touched base on potential franchise fees for utilities in public right-of-ways.

Mayor Wimmer talked about the downtown parking project and also again on how he does not recommend doing City Hall parking lot improvements in 2015.

Mayor Wimmer talked about a new liquor store and how he does not anticipate implementing a new liquor store in the next five years. Mayor Wimmer explained this is because if the City were to have a new liquor store, this would mean revenues would then not be able to go back to the City as it would be going to debt service payments.

Jacobi did note that the liquor store will plateau in terms of revenue generated for the City due to lack of space. Jacobi mentioned the store may have already hit its plateau and that in talking with the auditors and other cities it is surprising how much money comes out of sales for the store due to its size. Mayor Wimmer noted the City's budget does need the money generated from the liquor store for the next three to five years.

After a short break Mayor Wimmer touched base on/ followed up on a few remaining goals:

Mayor Wimmer noted again that he would like to hold community meetings one in the morning and one in the evening for the pavement utility and asset management plans.

Mayor Wimmer touched base on the assessment policy and asked the Council whether or not they wanted to review it and make changes. Cotton noted that if the Council keeps the current policy, this would not be a significant impact to the citizens in terms of cost. The Council was in favor of keeping the same assessment policy.

Mayor Wimmer touched base on having a rate study done for City utilities. Mayor Wimmer touched base on doing the housing study and marketing plan. Mayor Wimmer touched base on the desire to create a joint planning board for the comprehensive plan.

Mayor Wimmer noted that Henning will do a job audit of office positions in 2015.

Joslin asked for goals from the other Council members for the year 2015.

Collision

- Address storage room concerns for Liquor Store
- Police Department Interview Room technology
- Policy for Police Officers body cameras
- Entry sign into Isanti
- Concentrate on maintaining current parks and weed control
    - There was discussion on irrigated versus non-irrigated sections of parks and how nothing can be done about this due to the sand in some areas

Lundeen

- Fire District - do what the City can to make changes
- Finishing sidewalk on Whiskey road on east side
- Establish long range financial plan

MINUTES OF THE CITY COUNCIL
GOAL SETTING SESSION
CITY OF ISANTI
January 27, 2014

The meeting was called to order at 8:30 a.m.

Members Present: Mayor George Wimmer, Councilors Dan Collison, Steve Lundeen, Adam Johnson and Sue Larson.

Members Absent: None.

Staff Present: City Attorney Clark Joslin as Facilitator, City Administrator/City Clerk Don Lorsung, Human Resources/Deputy City Clerk Karissa Henning, Finance Director Sarah Cotton, Liquor Store Manager John Jacobi, Economic Development Director Sean Sullivan, Community Development Director Roxanne Achman, Community Events and Parks Coordinator Josi Wood, Police Chief Ron Sager, Police Lieutenant Gene Hill, and Public Works Director Nick Fleischhacker.

City Attorney Joslin gave a brief introduction regarding the Goal Setting Session Agenda.

Overview of 2010 - 2013 Top Goals
Joslin reviewed the top goals from previous years and they were as follows:

2010
- Economic Development Comprehensive Plan
- Downtown Plan
- Consideration of EDA to an HRA
- Continue work on Rail Industrial Park
- Budgeting without LGA
- Establishing a list of cuts and prioritize budget items
- Determine the percentage of general funds to reserve
- Restructuring bonded debt

2011
- Restructure City Government – Joslin discussed Community Meetings/Outcome

2012
- Community Center Review – Citizen Task Force
- Capital Replacement Fund – Review Reserves
- Utility Billing Review and Recommendation
- CSAH 5 – Traffic and Congestion Issues
- Main Street Traffic Issues
- Continue Economic Development – Diversify and Increase Tax Base

2013
- Community Center - Finalize Process/ Make it Financially Viable

- HRA Option - Evaluate
- CSAH 5 Aesthetic Standards / Traffic Flow Evaluation
- City Website Update
- Maintain City Standards
- Utility Billing - Pursue In House Billing
- Continue Economic Development Efforts to Diversify and Increase the Tax Base

It was indicated that utility billing is now in house and that a majority of the 2013 goals are completed and other goals are still moving forward as directed. It was also noted that the donation by the Ruby Johnson Trust Dated February 17, 2010 for Capital Improvements to the Isanti Community Center, accepted by the City Council on November 6, 2013, will greatly assist in the capital improvements needed.

Long Term Plan
Mayor Wimmer reviewed the five year plan fund balance, talked about the City's long term plan, how the City should stay strong with rental and nuisance ordinances to protect property values, and a desire to increase the commercial industrial tax base.

Mayor Wimmer touched on the City being in good financial shape and having a higher percentage of its operating expenses in its fund balance than other cities. The State recommends having around 35% - 50% of operating expenses within the fund balance. It is projected that the City will be able to be around 60% through 2018. Mayor Wimmer also noted the City has been subsidizing the fund balance around $200,000 - $300,000 dollars a year in order to maintain its service level to citizens without raising taxes.

Mayor Wimmer noted the Chief of Police submitted his retirement letter on January 21, 2014 and discussed with the Council moving forward with an internal posting for the position. There was consensus among the Council to do an internal posting and to first try to promote from within the Police Department.

There was discussion amongst the Council regarding all City sidewalks being cleared by Public Works staff, and what it would take to make that possible. Currently only 40% of City sidewalks are cleared. There was direction from Council for staff to take the necessary steps to proceed forward with investing in new equipment, hiring another employee, discontinue fining citizens who have not cleared sidewalks, and to change the sidewalk snow removal policy so that the City is to clear all City sidewalks (besides those exempt within the plowing policy and private sidewalks). The direction is effective from this date (01-27-2014) forward.

Collison discussed the need for a new Liquor Store and recommended that the store be relocated off of highway 65. Mayor Wimmer noted the Liquor Store is an economic development tool that can help support other local businesses in town on County Road 5 (Heritage Blvd) and Main Street. There was discussion regarding business being taken away from other businesses off of County Road 5 (Heritage Blvd) and Main Street if the Liquor Store were to move. Mayor Wimmer expressed that he felt that Liquor Store was still about three to five years away from expanding/being built. Mayor Wimmer indicated in order for it to be financially feasible, the Liquor Store would need to increase sales by around 1.5 million dollars. Jacobi noted that a cost study should be done to see whether

or not it would be feasible, at this point in time, to build a new store. Jacobi shared his concern that there is not enough space to house everything that the customers would like and that he does lose business because of this. There was consensus that the Liquor Store has most likely neared its potential for sales and that more space is needed in order for the store to grow and generate more money in sales. There was discussion for Sullivan and Jacobi to continue working together towards promoting economic development and the Liquor Store through joint signage. Mayor Wimmer directed the Liquor Store market study be placed back on the 2015 Goal Setting session for discussion.

City Finances Report
Cotton reviewed the updated capital improvement plan, capital replacement reserves and debt schedule. The City has a little over four million dollars in outstanding debt.

Mayor Wimmer stated LGA funds can be used to help with purchasing capital replacements.

Cotton recommended a rate study be done in 2015 for water and sewer.

City Council Discussion
Mayor Wimmer noted that in 2015-2016 the City should be taking a look at redoing the comprehensive plan, and that he would like to have joint planning meetings with Cambridge and the Townships regarding compatible land usage/ common control boundaries.

There was discussion amongst the Council that there is still a desire to have smooth traffic flow and for it to be aesthetically pleasing along County Road 5 (Heritage Blvd). Staff is to work with the City Engineer on possible traffic controls along County Road 5 (Heritage Blvd).

After a short break, there was discussion on replacing street lights, and for the Public Works Committee to review this matter and put together a phased plan for replacing the lights. Mayor Wimmer asked that the costs be reviewed and a plan to be in place by May 2014 for budgeting purposes.

Larson brought up the issue of frozen water pipes downtown. There was discussion that moving forward insulation should be put underneath the sidewalks or roadways without sufficient cover.

There was discussion on having Sullivan continue moving forward with updating the City website.

There was discussion on Community Center improvements, having the Community Center parking lot conjoin with an expanded City Hall parking lot, and for drainage issues to be looked at. Mayor Wimmer clarified that the donation of money received for the Community Center can only be used for the Community Center; any additional work done in conjunction with the Community Center improvements would be taken from other City funds.

Lundeen and Larson stated they would like to see continued support for economic development and the maintaining of City standards be placed back on as City goals for 2014.

Through the above discussions at City Council Goal Setting Session, the following was compiled for the 2014 City Council Goals:

1. Police Chief Search - Internal Posting Process
2. Change Sidewalk Snow Removal Policy
    a. Formal Policy Change for Council Consideration
    b. Purchase of new equipment
    c. Hiring of one new full-time maintenance technician
    d. Discontinue charging citizens for un-cleared sidewalks
3. Create Joint Planning Meetings with Cambridge and Isanti Township - Compatible Land Usage/ Common Control Boundaries
4. County Road 5 (Heritage Blvd) Traffic Study - Traffic Control/ Improvement
5. Street Light Infill - Phased Plan for Budget Consideration
6. Community Center Improvements / Parking Lot Improvements
    a. Tie in Downtown Accessibly to City Hall/ Community Center through Downtown Parking Improvements, Access East of City Hall
    b. Community Center Improvements
7. Complete Implementation of City Website Improvements
8. Continue Economic Development Efforts to Diversify and Increase the Tax Base
9. Maintain City Standards

Items to be reviewed at the 2015 Goal Setting Session:

1. Liquor Store Market Study
2. Water and Sewer Rate Study
3. Comprehensive Plan Update

With the City Council's guidance, staff will direct all goals and action items discussed to the appropriate Committees for consideration

MINUTES OF THE CITY COUNCIL
GOAL SETTING SESSION
CITY OF ISANTI
January 28, 2013

The meeting was called to order at 8:30 a.m.

Members Present: Mayor George Wimmer, Councilors Dan Collison, Steve Lundeen, Adam Johnson and Sue Larson.

Members Absent: None.

Staff Present: City Attorney Clark Joslin as Facilitator, City Administrator/City Clerk Don Lorsung, Human Resources/Deputy City Clerk Karissa Henning, Finance Director Sarah Cotton, Liquor Store Manager John Jacobi, Economic Development Director Sean Sullivan, Planning and Parks Director Lisa Wilson, City Engineer Brad DeWolf, Police Chief Ron Sager and Public Works Director Pat Meyer.

City Attorney Joslin gave a brief introduction regarding the Goal Setting Session Agenda.

Overview of 2009 - 2012 Top Goals
Joslin reviewed the top goals from previous years and they were as follows:

2009
- Long Term Financial Plan
- Commercial Tax Base
- Disaster Plan
- New Personnel Policy
- City Multi Modal Transportation Plan

2010
- Economic Development Comprehensive Plan
- Downtown Plan
- Consideration of EDA to an HRA
- Continue work on Rail Industrial Park
- Budgeting without LGA
- Establishing a list of cuts and prioritize budget items
- Determine the percentage of general funds to reserve
- Restructuring bonded debt

2011
- Restructure City Government – Joslin discussed Community Meetings/Outcome

2012
- Community Center Review – Citizen Task Force
- Capital Replacement Fund – Review Reserves
- Utility Billing Review and Recommendation

- CSAH 5 – Traffic and Congestion Issues
- Main Street Traffic Issues
- Continue Economic Development – Diversify and Increase Tax Base

It was indicated that majority of the goals were completed. Councilor questions and project history were discussed that included the Pedestrian Bridge Project, Rail Industrial Park, Economic Development efforts and organizations, EDA and HRA concepts, the Isanti Community Center Task Force efforts to date/next steps and physical condition of the building/equipment/parking lot and recent fundraising efforts.

Joslin then asked each City Councilmember to comment on what they were pleased about with the 2009-2012 Goals.

- Councilor Larson – Economic Development Efforts
- Councilor Johnson – Financial Planning and Marketing of Isanti
- Mayor Wimmer – Long Term Financial Planning
- Councilor Lundeen – Economic Development – Past efforts/Upcoming Opportunities
- Councilor Collison – Financial Planning – Budgeting w/o LGA, Commercial and Residential Marketing Efforts

Joslin then asked each City Councilmember to comment on areas in the 2009-2012 Goals that needed more review and work.

- Councilor Larson – Historic Downtown Area – More planning and economic development effort needed for vibrant Downtown
- Councilor Johnson – Downtown Development – Need Businesses to attract traffic. Make it a destination
- Mayor Wimmer – Downtown – Discussed past Efforts, rail/bus planning to connect to Metro and amenities that would draw residents downtown and First Avenue Loop
- Councilor Lundeen – Downtown – Businesses moved to CSAH 5, agreed First Avenue Loop need. Community Center – largest major goal left
- Councilor Collison – Downtown – Businesses not open on Sundays and times that are convenient to residents

More discussion was had concerning past Downtown activities and that the City has been facilitating recent projects, such as the Historic Downtown Sign. Sullivan noted that the Chamber's Downtown Committee had been disbanded.

Mayor Wimmer gave a presentation on the Long Term Financial Plans. The purpose of the plan is to look long range at revenue, fund balances and expenses, as the City moves through a time period with a lower tax base. The presentation included information on the long term financial plan, comparison of taxes received based upon residential housing size, change in percentages of owner occupied and rental housing, the Hwy 65 corridor, Isanti's niche commercial and smaller retail draw, strengths include the industrial park and successes with industrial firms, and city tax base shift from 2009 to 2012, city general fund balances, savings in City operations in that time period, use of grants for equipment, local government aid use, and future capital replacement funds needs.

After a short break, a report on City Finances was given by Cotton that covered the following items: General Financial Conditions, Capital Improvement Plan projects and equipment, City debt/bonds, Union Contracts/terms, Health Insurance and Cotton's planning for an upcoming personal leave.

Sullivan gave a report on the 2013 EDA Marketing/Work Plan and current projects. Sullivan discussed that there are several projects in various stages, local job creation and Isanti strengths with recruitment, and neighboring community draws that may affect Isanti. Sullivan discussed the need for additional marketing funding. The EDA has reviewed the 2013 Work Plan, and has recommended its approval to the City Council. Staff will put the plan on the February 5, 2013 City Council meeting for consideration.

Joslin stated that this was the point in goal setting where the City Council had the opportunity to ask City staff any questions they had on projects and operations. Discussion was had concerning Liquor Store operations/future of the store /site, and store size needs/events and signage costs. Community signage on Hwy 65 was also discussed.

Joslin then began the City Council Goal Setting with a Visioning Session and asked the City Councilmembers to state what their vision was for Isanti.

- Councilor Larson – Make the Isanti Community Center viable with Marketing. Economic Development – Marketing for the City of Isanti, fill the Industrial Park and East 65 Commercial Area. Look at CSAH 5 Corridor (it's a baby Hwy 95) and address issues.
- Councilor Johnson – Prepare a Larger Over-arching Plan and Vision for Isanti, promote its own unique attributes, close to metro for commuting, small town amenities, have more downtown draws. Cambridge is close enough for some amenities but more restaurant options are needed.
- Mayor Wimmer – Define and work towards Isanti's Niche. Be able to afford and fund operations and needs independently, 10 year plan for that, Develop assets and tax base. Heavy lifting for downtown, commercial, etc. needs to come from City to make plans happen. Systematic plan to make city self-supporting.
- Councilor Lundeen – Grow the downtown and restaurant base, Isanti is in a great position to make things happen, Isanti will grow and standards do not have to be given up, Main Street has shifted to include CSAH 5, Continue to grow Isanti, have the City Council agree on standards, retain the small town feeling.
- Councilor Collison – Concentrate on being Isanti, don't compete with neighboring cities, keep hometown/small town feeling, have efficient services, have wider spread commercial, beyond downtown, concentrating on smaller industrial/retail businesses.

Joslin reviewed a composite of ideas discussed that included themes of: Growth Continues, "Hometown Feel", Niche (Identity), Self Sufficiency, Maintain Efficiencies, and Best Practices. It was commented that over the next 5 years current services should be maintained.

A lunch break was taken in the session at 11:50 a.m.

The goal setting session was reconvened at 12:20 p.m. Joslin then asked City Councilmembers to list their top goals for 2013.

- Councilor Collison –
  a. Promote and retain existing businesses
  b. Look at a City owned sign on Highway 65
  c. Community Center – Work on self sustaining through marketing and providing amenities (horseshoe pits, ping pong tables, etc.)
  d. Rum River Meadows Park – Look at basketball court and sand volleyball court
  e. Martin's Landing – Work with DNR to Improve
  f. Public Works Department – Look at Efficiencies, PW Building Space Issues, Parking Area Surfacing, Use of Salt for Winter Plowing
  g. Development – Residential and Industrial – Heading in right direction, keep working on this
- Councilor Lundeen
  a. Community Center – How to fund and maintain – top priority
  b. Continue growth of Industrial, Commercial and Retail businesses in town
  c. Street Lighting and Sidewalks – general public safety – look into
  d. Park System – Continue to develop amenities in the parks we have (ex. another pavilion in Bluebird Park
  e. Building Permit Costs – Regarding sac/wac fees – why higher than adjacent communities – need to be competitive
- Mayor Wimmer
  a. In-house Utility Billing – review, prepare proposal, look at contract with current vendor
  b. City Website – Needs to be cleaned up and updated with more economic development focus
  c. Capital Improvements – Need to define funding for priority projects, (ex. CSAH 5 Sidewalks, street lights)
  d. Employee Groups – include non bargaining group in benefits discussion
  e. Maintain City Standards – Consistent standards at all levels for nuisances and regulations.
  f. HRA Option – Review it as option to purchase/manage properties for downtown loop and development
- Councilor Johnson
  a. City Website – needs update – include new pictures of industrial park and parks
  b. Hwy 65 & CSAH 5 – What are we looking for in development out there (needs planning)
  c. CSAH 5 – Downtown includes CSAH 5. Needs to be cleaned up with consistent planned development (markets city)
  d. Downtown Plan – review and complete a new plan
  e. HRA Option – Would assist with Isanti on path to being an independent city with unique identity, consider this option

- Councilor Larson
  a. Community Center – look at options – figure out how to make it sustainable
  b. Downtown – make it successful
  c. HRA Option – may be a good decision – help market the City and increase tax base
  d. CSAH 5 – There are multiple issues (look and appeal), need sidewalks in place and look further at Credit Union Drive Option for traffic flow.
  e. Utility Billing – this is a sore spot with residents, will need part-time staff to assist.

Mayor Wimmer summarized the 2013 goals

1. Community Center
  a. Finalize process
  b. Need to make it financially viable
2. HRA Option - Work on Business Loop
3. CSAH 5 Aesthetic (appearance) Standards and Traffic Flow Evaluation
4. City Website Update
5. Maintain City Standards – Consistency on City Standards at all levels
6. Utility Billing – Pursue In House Option
7. Continue Economic Development Efforts to Diversify and Increase the Tax Base.

Mayor Wimmer acknowledged that there were other items discussed and that staff will direct those to the appropriate Committees for consideration

MINUTES OF THE CITY COUNCIL
GOAL SETTING SESSION
CITY OF ISANTI
January 13, 2012

The meeting was called to order at 8:30 a.m.

Members Present: Mayor George Wimmer, Councilors Steve Lundeen, Jim Kennedy, Ross Lorinser and Sue Larson.

Members Absent: None.

Staff Present: City Attorney Clark Joslin as Facilitator, City Administrator/City Clerk Don Lorsung, Human Resources/Deputy City Clerk Karissa Henning, Finance Director Kristi Smith, Economic Development Director Sean Sullivan, Planning and Parks Director Lisa Wilson, Police Chief Ron Sager and Public Works Director Pat Meyer.

Overview of 2010 Top Goals
Joslin reviewed the top 2010 goals and they were as follows:

- Economic Development Comprehensive Plan
- Downtown Plan
- Consideration of EDA to an HRA
- Continue work on Rail Industrial Park
- Budgeting without LGA
- Establishing a list of cuts and prioritize budget items
- Determine the percentage of general funds to reserve
- Restructuring bonded debt

Overview of 2011 Goal
Joslin reviewed the goal set for 2011:

- Restructure City Government
    - Provide a three year Budget framework

Joslin also noted that there was direction by the Council to establish two citizen input meetings, which were held in March 2011. The outcomes of the meetings were fairly positive and that the citizens were happy with the services provided by the City.

Economic Development Director Sean Sullivan reviewed with Council a draft EDA Marketing / Work Plan for 2012. The Plan included goals and objectives that included the following:

- Update Brochures for real estate to include "Shovel Ready" certification and updated aerials
- Attendance at conferences and networking events for marketing

- Continued website enhancements and updates specific to promoting economic development
- Continue to support large events held in Isanti that bring commerce or help local businesses
- Development of current maps to market Isanti
- Calls to targeted industries
- Continued business retention and expansion visits
- Analysis comparing development costs from Isanti and its regional competitors
- Consider addition of a Business Spotlight section in the Isantian
- Use various forms of media to highlight Isanti successes
- Market Isanti's Shovel Ready Certification

Larson made comment she finds it very important for Sullivan and Lorsung to have presence at legislative forums to help Isanti marketing. Lorsung stated Sullivan and himself can attend legislative forums but will need direction from Council to do so. Mayor Wimmer agreed with Larson and requested of staff to make Council aware of the events and from there it will be decided.

There was discussion on the need for review and recommendation of Utility Billing; this will be brought to Finance Committee.

Finance Director Kristi Smith provided an update of the 2011 Goal as previously stated above in regards to:

- General Fund Financial Condition– changes in the market value credit, by 2015 the City will have a lack of revenue sources and will need to find balances to cover expenditures
- Capital Replacement Fund – Smith stressed concern for the lack of funding for the Capital Replacement Fund

There was discussion on the Municipal Building Reserve in regards to if the reserve is only for the City Hall and Public Works buildings. Smith will look into this for verification.

Lundeen questioned when the Police Department building was built and if anything needs to be replaced. Police Chief Ron Sager stated the building was built in 1984 and the last time the building was renovated most everything was replaced from the furnace to roofing. However, Sager noted that the windows within the building could be replaced; a lot of heat is lost through the windows and window replacements would cut down on heating costs for the building.

Larson questioned what is the yearly average that is being placed into the municipal fund per year and if the City could continue to place money into this account for unexpected building maintenance needs. Smith will look into on average how much was being placed in the municipal fund.

Lorinser made comment that it would be hard for the City to keep placing money into the Municipal Building Reserve Fund at this point due to low City funds.

Mayor Wimmer directed the Finance Committee to look into the Municipal Building Reserve fund in regards to allowed expenditures and to have a policy set in place to clarify this matter, along with a resolution, which will be brought back to City Council at a later date.

Smith presented the Isanti Community Center losses from 2007 through 2012 with budgeted data provided for 2011 and 2012.

Mayor Wimmer discussed some possible options he has and will be looking into regarding the Isanti Community Center. Mayor Wimmer made comment that the Isanti Lions Club does not have an interest to take over the Community Center. Mayor Wimmer noted that he had meet with Pastors within the area to discuss options of moving the programs currently held at the Isanti Community Center to the churches within the area if need be. The Mayor received a positive message from the churches within the Community if the programs were to need a new site. Mayor Wimmer also will be looking into asking the townships if they would help financially sustain the Isanti Community Center and its programs, as a large number of those using the Isanti Community Center's programs are from within the townships.

Both Mayor Wimmer and Larson made comment on the importance of the Community Center and their hopes to find a way to keep the Community Center up and running.

Mayor Wimmer and Lorsung agreed that a plan needs to be made as far as what will happen to the Community Center within the next year.

Mayor Wimmer decided that a task force will be made up for the Community Center. This task force will research and review all of the options for the future of the Community Center. Mayor Wimmer set a time frame of 6 to 12 months from now for the task force to complete researching all the available options for the Community Center; whereas at that time they will present to City Council their recommendations.

There was discussion on County Road 5 regarding traffic and congestion issues as well as a concern for pedestrians. Mall owners will be met with regarding the right of way for pedestrian access.

There was discussion about a growing concern of cars speeding on Main Street. Chief Sager will set up traffic reading systems to see the average speed of cars traveling on Main Street and report back to the City Council.

Mayor Wimmer summarized the 2012 goals:

1. Community Center Review
    a. Contact Townships regarding Assistance with Facility costs.
    b. Citizen Task Force – To be formed to review the Community Center and all options and within 6-12 months present to the City Council their recommendations.
2. Capital Replacement Fund – Municipal Building Fund Reserve

Finance Committee to review and bring back a recommendation on the following:

a. Municipal Building Replacement Policy
b. On-going Balance in Account
c. Use of Existing Funds
d. Review of General Maintenance Building Reserve Funds and consider if fund needs to be adjusted.

3. Review and Recommendation regarding Utility Billing – Finance Committee
4. Review CSAH 5 Traffic and Congestion Issues
    a. Meet with Mall owners regarding the right of way for pedestrian access. Report back as to potential solutions.
5. Main Street Traffic Issues
    a. Police Chief Sager to conduct vehicle speed study and report back on findings and potential recommendations.
6. Continue Economic Development Efforts to Diversify and Increase the Tax Base.

Staff Present: City Administrator Don Lorsung, Assistant City Administrator/City Clerk Irene Bauer, Finance Director Kristi Smith, Economic Development Director Sean Sullivan, Police Chief Ron Sager, Public Works Director Pat Meyer, and City Engineer Brad DeWolf.

1. Opening Remarks

Mayor Wimmer gave an introduction to the Community Meeting stating that revenues are down, property values have declined; and the City has not increased property taxes to make up for the lost revenue. Mayor Wimmer stated that there will be increases to water and sewer utilities due to the lack of development on the east side of Highway 65; whereas the development to pay down the bond debt on that project is not taking place due to the down turn in the economy.

2. Presentation of Financial Information

Finance Director Kristi Smith provided an overview of a five year projection for the General Fund whereas in year 2014 the City will not have the funds to operate. Smith reviewed the LGA Flip (Local Government Aid) whereas the LGA that is received in the current year is not used as a part of the revenue in the budget year, but is used in the next budget year. However it is expected that the State will cease paying out LGA to Cities in year 2012.

Charts were reviewed that provided for the General Fund Fund balance before revenue cuts and how they were affected after the revenue cuts for years 2008 through 2011. Charts were reviewed on the 2011 budgeted expenditures and wage and benefit allocations.

3. Presentation of Current City Service Levels

City Administrator Don Lorsung reviewed the City Departments, the 2011 budgeted expenditures, staffing levels, and an abbreviated list of major duties for each department. The departments included Finance and Administration, Planning/Zoning and Parks/Recreation, Economic Development Authority, Building Inspection, Police, Public Works, Fire, and the Municipal Liquor Store.

4. Gathering of Community Input

The meeting was opened up for community input. Persons in attendance were invited to provide verbal input or if they did not care to provide verbal input, there were comment sheets that could be filled out and turned in.

Jason Lee - 1109 Rum River Drive

Made comment on:

- Water Bill
  - That he pays more for his water and sewer bill than he does for taxes.
- Sidewalks and Plowing
  - That some of the residents remove snow, some do not
  - Why are some areas in town plowed when there are no homes in the area
- Vacant Lots
  - Has issue with building requirements; that he would like to see it opened up that if a property purchases a vacant lot adjacent to his residence, the property owner would have the ability to place a garage or shed on the property.

Council reviewed each of the items.

- Water bill
  - Lee commented on when the plant would be paid off and the bill would go down. Mayor Wimmer stated that with the bond issue for improvements on the east side of Highway 65 that water and sewer bills will be increasing so the City can meet the bond payments for that project.
- Sidewalks and Plowing
  - Council responded that the policy is that all sidewalks are plowed. Sidewalks designated as the safe routes to school are plowed by the City, all other sidewalks are the responsibility of the property owner to be kept clear of snow. That the goal is to not expand on City services and add more plowing by the City. That there is a responsibility of the homeowner to take care of and maintain sidewalks adjacent to their properties.
- Vacant Lots
  - Discussion took place that in the down turn of the economy if property owners should be allowed to construct other types of buildings on a residential vacant lot; Council stated that for the future of the City, the City would want to see residential lots with residential homes placed on them and it would be difficult to allow other types of structures on the residential vacant lots.

Barb Lorge – 115 Brookview Court

Made comment on:

- Community Center
  - There was discussion on the Community Center, the involvement by the Lions, the usage of the facility and the operation costs.

Jason Lee - 1109 Rum River Drive

Made comment on:

- LGA
  - There was discussion on the projected LGA funds that most likely will not be received in the near future and on the current down turn of economics.

Zack Knutson – 509 Edgewood Street
Made comment on:

- Plowing of Sidewalks
- Pedestrian Bridge – why go through with this?
- LGA Funds – what are they?
- Cut tax and sewer costs

Council response:

- LGA Funds
  - LGA is Local Government Aid that is received from the State and that these funding revenues have been cut over the past years and are anticipated to end in year 2012.
- Pedestrian Bridge
  - The pedestrian bridge will be funded with state and federal grants and with Park Dedication Fee funds. Park Dedication Fees are received when a developer develops a subdivision. The funds can only be used for new park and recreation equipment, buildings, and infrastructure, i.e. infrastructure such as sidewalks, trails, and the pedestrian bridge.

Zack Knutson made comment on the downtown area and that he would like to see an effort to move more traffic through the area. Council commented that there is a Historic Downtown Committee that is working on the downtown area.

Barb Lorge – 115 Brookview Court
Made comment on:

- Pedestrian Bridge
  - Questioned the number of kids that will use the bridge. There was comment that the opportunity was there to enhance pedestrian traffic to the east side of Highway 65 and the project would be funded without the use of tax payer's money.

Clell Bone – 201 3rd Avenue NW
Made comment on:

- Community Center
  - Finds it would not be a good move to replace. Liquor Store revenues and cable franchise fees could be used to assist in its operation and maintenance.
  - Lions have tripled its size.
- Police Protection
- Fire Department
  - Built substations without the use of tax payers money. Police and Fire have good mutual aid systems and the Departments are a value to the community.
- Commented on the loss of the Hardware Store
- Have good City staff
- City Council is doing a good job.

Kim Viske – 715 S Brookview Lane

- Requested the City provide information on the different funds the City has, what their balances are, and how those funds can be used.

Final comments:
Staff was directed to do the following:

- Place the Community Meeting agenda and informational materials on the website.
- Provide a few of the Departments service indicators and the costs to provide the service.
- Provide a list of City funds, the fund balance, and how those funds can be used.

The March 1, 2011 Community Meeting ended at 8:31 p.m.

March 4, 2011 Community Meeting

City Administrator Don Lorsung called the meeting to order at 12.02 p.m.

Members Present:	Mayor Wimmer (arrived at 12:25 p.m.), Councilor Sue Larson (arrived at 12:10 p.m.) and Councilor Ross Lorinser (arrived at 12:45 p.m.)
Members Absent:	Councilors Louise Duff and Jim Kennedy
Staff Present:	City Administrator Don Lorsung, Assistant City Administrator/City Clerk Irene Bauer, Finance Director Kristi Smith, Economic Development Director Sean Sullivan, Police Chief Ron Sager, Public Works Director Pat Meyer, and Assistant City Engineer Kevin Bittner.

Presentation of Financial Information and Current City Service Levels
Finance Director Kristi Smith presented the financial information for the City and City Administrator Don Lorsung presented the current City service levels.

Opening Remarks
At 12:25 p.m. Mayor Wimmer gave an introduction to the 2nd of two Community Meetings held.

Gathering of Community Input
The meeting was opened up for community input. Persons in attendance were invited to provide verbal input or if they chose, there were comment sheets that could be filled out and turned in.

Glenn Farrell – 201 1st Avenue NW
Made comment on:

- Sand and Salt
    - Stated that sand has no melting properties and why doesn't the City use other chemicals. There was comment made that sand is cheaper to purchase than salt but does not work as well

Through discussion it was stated that the City uses a combination of salt and sand

- Noise decibel when plowing the City Hall parking lot and downtown area and hours of plowing.
    - Questioned if the snowplowing can take place later rather than to start at 1 or 2:00 a.m. Questioned if it is necessary to clean the downtown area curb to curb for every snow event or if this can be done after a few snow storms.

The snow plowing process was reviewed and it was stated that the current process works well. That there is always a question by residents if the snowplowing is starting too early or too late. It was stated that the intent is to clear the snow emergency routes and school routes to provide for a safe commute. Mr. Farrell stated that the downtown sidewalks are wide and some of the snow storage can take place on the sidewalks.

There was discussion on snow removal and snow storage.

Alan Duff – Isanti County Commissioner and Resident
Posed the following questions:

- How is the City doing on relying on less LGA funds and the use of Liquor Store funds as funding sources – how is the City doing on living on less?

There was review of the loss of Local Government Aid (LGA) and that the anticipated revenue projections beyond 2011 indicates that there will be no LGA received after year 2012. Budgeting and reductions in services are continually being reviewed and cuts have been made.

- How does the City anticipate additional revenues coming in, whether by increasing taxes or increasing the commercial tax base?

There was review of the Economic Development Authority (EDA) projects that are moving forward; and other commercial projects that are being looked at.

Helen Remmers – Meadows Edge Apartments
Made comment on:

- Community Center
    - Stated the Community Center is a much needed facility in the community.
- Trails - sidewalks
    - Commented on the money needed to upkeep trails; but there are not sidewalks in some locations where they are needed

There was response that the City recognizes the need for more sidewalks in the high traffic areas, however there is a cost to install the sidewalks and there is no right-of-way for their construction.

Glen Farrell
Comment on:

- The replacement of the WWTP for the construction of a rail spur.

This was review and discussion on this matter whereas there is a concept plan to replace the current WWTP with a mechanical plant in order to obtain enough land to construct a full rail spur. Future economics will determine if this project moves forward.

Mayor Wimmer stated the City Council wants to receive input from the community of what services are most important, make sure the City is protecting the most critical services for the residents; that there may be cuts that may affect some residents more than others.

It was stated that the information requested from the first meeting has been placed on the website.
The March 4, 2011 Community Meeting ended at 1:08 p.m.

Respectfully submitted,

Irene J. Bauer
Assistant City Administrator/City Clerk

1.g.

TO: Mayor Wimmer and City Council

FROM: Don Lorsung, City Administrator

DATE: March 30, 2011

RE: Community Meetings

The City Council held two community meetings (March 1st and March 4th) to gather public input about city service provision. Attached are the minutes from those meetings. As a part of this process, staff has posted information on the City website to provide further information to the citizens. Service areas that were discussed by the citizens at the meetings included:

- Concerns over the cost of water and sewer utilities
- Sidewalk Snow Removal
- Community Center Usage and Need
- Fire and Police Services
- Street Maintenance – Salt/Sand use and Downtown Snow Removal

There were other items discussed relating to City operations and projects and they are reflected in the attached minutes. The City Council had requested that this information be placed on a future Council meeting for discussion.

I. Council Committee Reports
Mayor Wimmer stated that Isanti County will stop processing "Permits to Purchase" and these will now be processed by the City's Police Department. The Mayor did express confidence that the Police Department would do a fine job; however, by Minnesota State Statute, the City will not be able to charge a fee for this service and the Mayor speculated that this may be why the Sheriff's department had passed the burden of this task to the Cities. The Mayor indicated that he will be speaking with Isanti County Sheriff Chris Caulk regarding this matter and expressed frustration that, once again, the City is being required to do something which the Townships are not. The Mayor noted that the Cities of Isanti County pay the lion's share of all County taxes and in return, they receive fewer services than the Townships.

J. Public Hearings

K. Business Items
1. Approval for Funding the Development of the 38 Acre Parkland

The Mayor described the larger components of the development plan for the 38 acre parkland parcel which is to include a community garden with space for the Isanti Middle School, Minnesota Center, School for All

Seasons and the Isanti Intermediate School. The Mayor indicated there will also be approximately one acre set aside for long term biology experiments for the Middle School – similar to a very mini version of the Cedar Creek Research Center in northern Anoka County. In addition, there will be a walking path around the parkland and a bridge which goes across and links the area, as well as, a designated, handicap accessible fishing area -- one of the very few in the county on the Rum River.

The Mayor reported that the City is looking into an inter-fund loan as Park and Recreation does not have the full funds to cover the development plan. Through an inter-fund loan the Park and Recreation revenue that comes in, which is by State law only allowed to be used on new parkland acquisitions or development of new parks, can then be transferred back to the General Fund.

Bergley asked if the Community Garden would be available for residents. The garden would be available for residents and non-residents; the City is looking at charging a fee small for those interested in reserving garden spots for the year.

Lundeen clarified that the land being discussed was that which was acquired from the DNR. Lundeen went on to state that although he was in favor of acquiring the land, he was not in favor of there being additional money invested in parks at this time. One of the biggest complaints Lundeen hears from residents is that Isanti has too many parks.

The Mayor responded with the example of Legacy Park which did not get a lot of support at the time, but ended being a tremendous success for the City. The Mayor emphasized that the features of this new park are unique and not designed for a single demographic like play parks. The Mayor noted that Cambridge's Community Garden is 100% full and typically has a waiting list. This park has been a high priority for the City as it has amenities that are currently not available anywhere else in the City. This is also a way to make the Rum River accessible to residents. The Mayor also noted that the cost of equipment only for a standard play park is $75,000-$80,000 plus; therefore, the dollar for dollar value of a park with a large number of amenities which aren't currently available within the City is significant.

Bergley inquired if the proposal had passed through the Park, Recreation and Culture Board to which the Mayor responded affirmatively. The Mayor emphasized that the City is making an effort to establish a variety of unique amenities that have low, on-going costs associated with them. The park will provide the School District with a strong educational resource and increase funding opportunities from a grant standpoint.

The Mayor reported that on-going maintenance costs for this park will be minimal and gave Legacy Park as an example where it costs only a few hundred dollars a year to maintain the trail system. Johnson asked Wood what she anticipated in terms of time for maintenance from the Public Works crew including mowing. Wood responded that there would be some areas that would be mowed and other areas that will be left natural. Wood also noted that in comparison with Legacy Park or play parks, the maintenance would be significantly less. Wood identified that lime-ag may be needed from time to time, or it may be necessary to respond to wash-outs or similar events. Wood felt that the largest up-front maintenance would be in the spring time to get the gardens ready with time spent the initial year being greater than that needed for subsequent years. Johnson asked what the City's yearly responsibility would be to maintain the community gardens. Wood responded that the City would till the gardens and perhaps add topsoil based on soil testing through the U of MN at a cost of $35. If there were compost on site, Public Works would turn that every couple of weeks. Wood noted that plot renters would be responsible for weeding, etc.

Johnson asked what the timeline would be for returning funds to the General Fund. The Mayor indicated

that would depend upon development; however, it is a priority for those funds to be returned to the General Fund.

Johnson stated concern over whom or what would prevent outsiders from digging in or removing items from someone's garden plot. Johnson added that the cost of seeds can add up and it would be a notable loss if a plot were to be decimated. Wood addressed this concern saying she had spoken with a number of Cities and they simply haven't had this problem; acknowledging that that isn't to say that plots here will not be disturbed. Wood indicated that there would be a tall fence that could be locked with access for plot owners' only.

Johnson remarked that, previously, cost had been a concern; however, the City is rapidly developing and he didn't believe it would take long to repay the funds to the General Fund. He acknowledged that it is what the Parks and Recreation Fund is for and it is a good opportunity for the City; however, he did feel concern for some of the residents near the location. Johnson indicated he would motion to approve.

Bergley stated his concerns which included the effects of the recent property tax increase on area residents. Bergley acknowledged that the City is promoting fitness and stated he was all for fishing and gardening. The Mayor responded that it is important to educate residents and reiterated that the park is not being funded with City property tax dollars. The fees to pay for this project are coming out of the park dedication fund, which by State mandate, can only be used for new park equipment and/or new park land acquisition. To which Johnson replied that the dollars would be sitting unused if not for this project and that was why he has chosen to support the project. The Mayor did follow-up by stating that on-going maintenance will come from property tax dollars; however those costs will be in the hundreds, not thousands of dollars.

The Mayor restated that the playground parks cost the most in terms of upkeep and repair. Wood stated that park dedication funds can't be used to do any repairs; they must be used for new development.

Lundeen indicated that, like Johnson, he was initially opposed to the project due to the total cost; however, knowing that the City property tax dollars were not being used to develop the park and having the amenities at such a low cost in terms of maintenance won him over. Lundeen seconded the motion to approve.

a. Resolution 2016-011 Approving Funding for Development of the 38 Acre Parkland
b. Resolution 2016-012 Establishing Rental Fees for Community Garden Plots

Motion by Johnson second by Lundeen to approve Resolutions 2016-011 and 2016-012 as presented. Collison Abstained. Motion carried.

2. **Resolution Authorizing Approval and Execution of the Amended and Restated Joint Powers Agreement for the North Trunk Highway 65 Coalition**

Mayor Wimmer stated that the Coalition wanted to change the quorum to 40% which he was not in favor of; he believes a quorum should remain as truly defined - meaning 50 % plus one. The Mayor asked Bergley if the Coalition was unable to get sufficient numbers of members to attend. Bergley stated that the Coalition wanted the Board to be able to get things accomplished; if a quorum is not present, nothing can be done or move forward. The Mayor stated that he was not in favor of making this change. The Mayor also remarked that if the Coalition cannot get sufficient numbers to attend for a voting quorum, that they should change their membership. Bergley recently started attending the meetings and indicated at present, they were well attended and members were anxious to get things moving. Joslin was asked for his input as was Commissioner Warring of Isanti County who was present.

The question was raised as to whether the City would still be a member of the Coalition if they were to fail to approve the Agreement. Lorsung responded that the City would not retain its membership. Lorsung asked for clarification as to the major reason for not approving the agreement so that this information might be passed on to the Coalition Board. The consensus was that the change to 40% needed for a quorum was the reason for denial.

Motion by Johnson second by Lundeen to deny the resolution. Motion carried.

3. **Resolution 2016-013 Approving a Special Event Request for Downtown Street Dances**

The Mayor asked for a quick update from Wood on Park and Recreation and the recent movie night. Wood indicated that 106 people attended the last movie night with Heavenly Sunshine Preschool, the movie's concession volunteers, receiving $133 (sum of the night's profits) for their participation.

Motion by Johnson, second by Lundeen to approve Resolution 2016-013 as presented. Motion carried unanimously.

4. **Resolution 2016-014 Approving a Conditional Use Permit to Operate a Motor Vehicle Sales Office and Display at the Dual Square Mall**

Motion by Bergley, second by Lundeen to approve Resolution 2016-014 as presented. Motion carried unanimously.

5. **Resolution 2016-015 Approving the Minor Subdivision of the Property Legally Described as Lot 1, Block 1, Isanti Commons First Addition, Isanti County, Isanti, Minnesota**

Motion by Lundeen, second by Johnson to approve Resolution 2016-015 as presented. Motion carried unanimously.

6. **Resolution 2016-016 Approving an Amendment to the Isanti Commons First Addition Development Agreement**

Motion by Lundeen, second by Johnson to approve Resolution 2016-016 as presented. Motion carried unanimously.

7. **Ordinance 631 Amending the Code for the City of Isanti, No. 445 Zoning, Section 2 Definitions**

Motion by Lundeen, second by Bergley to approve Ordinance 631 as presented. Motion carried unanimously.

8. **Resolution 2016-017 Approving an Extension of the Conditional Use Permit Allowing the Construction of a 108-Unit Apartment Complex Located Within the Fairway Greens Development**

Motion by Bergley, second by Lundeen to approve Resolution 2016-017 as presented. Motion carried unanimously.

9. **Resolution 2016-018 Approving an Extension of the Site Plan and Building Appearance for a 108 Unit Apartment Complex to be Located Within Outlot A, Fairway Greens Phase 5**

Motion by Lundeen, second by Bergley to approve Resolution 2016-018 as presented. Motion carried unanimously.

10. **Resolution 2016-019 Approving an Amendment to the Liquor Store Policy, Cash Drawer Variances**

Motion by Johnson, second by Bergley to approve Resolution 2016-019 as presented. Motion carried unanimously.

11. **Resolution 2016-020 Approving a Utility Rate Study with Northland Securities**

Motion by Johnson, second by Lundeen to approve Resolution 2016-020 as presented. Motion carried unanimously.

12. **Resolution 2016-021 Approving the Purchase of a 2016 Ford Interceptor Utility AWD Pursuit Vehicle.**

Bergley asked if this was the vehicle that had been approved for purchase in the budget. The Mayor indicated it was. Lorsung addressed the Council stating that, in this case, in the budget the vehicle was to be purchased directly out of City money; there is now forfeiture funds that will be used to offset the cost to the General Fund and taxpayers.

Motion by Johnson, second by Lundeen to approve Resolution 2016-021 as presented. Motion carried unanimously.

13. **Resolution 2016-022 Approving the Sale of the Forfeited 2001 Chevrolet S-10 Blazer at Public Auction**

Motion by Johnson, second by Bergley to approve Resolution 2016-022 as presented. Motion carried unanimously.

14. **Resolution 2016-023 to Consider Donation of Parcel in Redevelopment District No. 9**

Sullivan addressed the Council indicating that he had been in contact with the landowner of 100 Dahlin and they have indicated that they would like to donate the property to the City. Sullivan stated that there are a number of issues regarding this property that were uncertain (i.e. condition of the property, cost of demolition, whether there is asbestos or hazardous materials present); issues that would come with any purchase, demolition or repair of a property of this age. Sullivan stated he did not recommend repair. Sullivan did look into how the City handled the property at 30 Main Street, which is now Isanti Retail Meats, and was a re-development project that the City took action to make occur. That situation was very similar to this as the building was in disrepair and there were beginning to be some complaints on the property and the condition of the building has been reviewed and questioned. Sullivan asked the Council to consider moving along with this property in a similar way as that of 30 Main Street which would be to express to the landowner that the City does have interest in receiving the property as a donation. The City would then do its due diligence to ascertain what the City is obtaining. Sullivan indicated he would recommend doing things along the lines of a demolition survey, building walk-thru, and potentially a Phase 1 if desired. Sullivan noted that he is looking for some direction from the Council as to how to proceed. Sullivan stated that the property is within the City's downtown corridor, within TIF District No. 9 and at this time, there are

no dollars available within that District to fund some of the costs; however, if there were to be some dollars that would come up due to redevelopment or the increase in value within that district any costs that were incurred to acquire, demolish and prep the site would be eligible costs to reimburse. Thus, the City could set up a revolving loan fund that may or may not be refunded from that District.

The Mayor followed up with an overview and history of the situation. The Mayor asked Sullivan for the quote for the proposed due diligence which was $4,300 which includes a Phase 1 and demolition survey. Sullivan noted that the Resolution states an amount not exceed $5,000. If any hazardous issues were to be found, that would drive the demolition costs up to $30,000 as, for example, if asbestos were to be found that would need to be taken to an alternate landfill. Sullivan reiterated that he would not recommend repairing the building. Sullivan noted that redevelopment takes awhile; the City acquired 30 Main in 1997 and Retail Meats was not in place until 2008. That location did involve acquisition costs as well as a demolition. Sullivan remarked that the 30 Main Project was one of the first projects that the EDA was involved in and the Council put an allocation into EDA to work through that project.

Bergley asked if the Martial Arts group were still in the building to which the Mayor responded that they had moved as the building was not in usable condition. Sullivan stated that based on a discussion with the Building Department, unless repairs are done on the property, no one will be allowed to occupy the building.

Lundeen noted that the situation with the building has been on-going and confirmed Sean's assessment that it would be impractical to repair the building.

After confirming the resolution stipulated an amount for the due diligence not to exceed $5,000. The motion was made.

Motion by Johnson, second by Lundeen to approve Resolution 2016-023 as presented. Motion carried unanimously.

L. Approve Consent Agenda

1. Consider Accounts Payable in the Amount of $596,750.00 and Payroll in the Amount of $99,385.64
2. Final Minutes of the December 8, 2015 Planning Commission Meeting
3. Final Minutes of the December 1, 2015 Economic Development Authority Meeting
4. Consider 2016 City Council Committee Meeting Schedule

Motion by Johnson second by Bergley to approve the consent agenda. Motion carried unanimously.

Adjournment

Motion by Johnson second by Lundeen to adjourn. Motion carried unanimously. Meeting adjourned at 8:09 p.m.

Respectfully Submitted,

- Capital Replacement Fund – Review Reserves
- Utility Billing Review and Recommendation
- CSAH 5 – Traffic and Congestion Issues
- Main Street Traffic Issues
- Continue Economic Development – Diversify and Increase Tax Base

Mayor Wimmer did note that the 2011 community meeting minutes and staff memo is also within the goal setting agenda packet. Mayor Wimmer indicated there were two community meetings held in 2015 to review the pavement and utility management plans; however, there were no citizens present at either meeting.

Mayor Wimmer reported that the City is on track from a financial standpoint. The City is building its fund reserve back up. It is recommended by the City's auditors that that City maintain minimally a 50% fund balance. Maintaining a 50% fund balance helps the City receive better bond ratings. Mayor Wimmer emphasized the importance of maintaining a 50% fund balance as the City will need to bond for upcoming street improvement projects.

Mayor Wimmer shared with the Council that he anticipates seeing savings in utilities as a result of the 2016 utility rate study.

Mayor Wimmer explained the City's financial plan has been reviewed at other City Council meetings and that once the numbers have been finalized from the 2015 audit, the financial plan will be updated.

There was discussion from the Council on bringing in the 108 unit apartment building to the northeast corner of Isanti; this should attract developers.

There was discussion on the asset management and pavement plans.

The Mayor indicated that he is going to try to hold more informal meetings with the public and business community. He will be trying to start up 'Coffee with the Mayor' for those interested in discussing City matters and providing him with their input. This is in attempt to receive a wider range of input from all citizens and business owners.

Review of 2016 Projects/ Goals

a. 2016 Elections – Dual Polling Locations

Mayor Wimmer indicated that as required by the County, the City is splitting into two polling precincts.

Lorsung explained that the City's two precincts would be divided by a line on the centerline of Heritage Boulevard that extends from the City's western boundary to its intersection with Hwy. 65. From there, the line extends south on the centerline of Highway 65. Precinct one would be at City Hall and serving those to the south of heritage, west of 65; precinct two would be at the Isanti Community Center, serving those to the north of heritage, east of 65.

b. EDA Marketing Plan

The City Council briefly reviewed the EDA marketing plan. More information will be provided once Sullivan is able to get final numbers. There was discussion on the more the City can do at the City level for businesses, the more likely the City is to bring businesses in. Credit was given to the development team for their great work in 2015.

c. Hotel Project

In review of past studies, having a hotel in Isanti is viable. However, the success of being able to bring a hotel to the City of Isanti may be contingent upon the City's level of involvement in a hotel project. There are three different ways the City could be involved in a hotel project: 1) wholly fund a hotel 2) partial ownership in a hotel 3) providing as many financial incentives as possible for a business interested in doing a hotel project. The Mayor noted that he believes a hotel will come in the next three to five years - into the area - however, 'area' does not necessarily mean a hotel will come to Isanti. The Mayor asked the Council if they would like to consider having any City ownership stake in a hotel.

Bergley mentioned he would be willing to look at partial City ownership with intent to sell to a private business.

Johnson concurred that he would be in favor of a hotel and some level of City involvement.

Lundeen noted he does not believe a City should own any business.

Collison made comment that he would be in favor of looking into a hotel and potential levels of City involvement, but would also want to see an end to the City's involvement; a hotel should not remain under City ownership.

Mayor Wimmer informed the Council that from a dollars and cents standpoint, it looks better to have whole ownership of a hotel versus partial. The Mayor continued to state though that he understands it is a big question as to whether or not a government entity should be involved in a hotel, and that is what the Council will need to decide.

Sullivan reviewed some tax advantages of having a hotel in the City of Isanti.

There was direction for Sullivan to gather more information regarding a hotel in Isanti and review with the EDA.

d. Hockey Rink Capital Improvements

Mayor Wimmer reported that the Youth Hockey Association is no longer able to maintain or assist in maintaining the hockey rink. The current rink is in bad shape. There was discussion on moving the hockey rink and pleasure rink to the south of the BMX building, placing a liner on the ground and using wooden boards for the rink. This way, citizens using the rinks can be closer to the BMX warming house, and the wooden boards can be taken down in the summer. Doing this would be a lot less expensive than reserving funds to build a new hockey rink. A new hockey rink could cost between $30,000 and $50,000 dollars.

There was discussion in regards to citizens using the rink and concerns regarding parking lot space for BMX.

There was discussion in regards to more storage being needed for public works and the police department. Having wooden boards on the rinks would mean another thing public works would need to store in the off-season.

Mayor Wimmer stated he wanted the Council to be aware of this as it is something the Park, Recreation, and Culture Board will be looking at.

e. 5th Street NE Road Extension

There was discussion on finding outside funding options for this extension.

f. New City Councilmember Orientation

Staff will be preparing a new City Councilmember orientation process and packet for new members. Councilmembers are to reach out to staff if they have any suggestions on how to make the onboarding process for new Councilmembers better. An orientation packet will come back to the Council for review.

g. City Comprehensive Plan Update

The Mayor indicated doing a comprehensive plan could easily cost $50,000. There was discussion with staff on the best process for doing a comprehensive plan. Staff requested Council consideration of a facilitator to assist staff through the process and gathering data. Staff is to

bring back to City Council timelines for 2017 GIS needs and for a 2018 comprehensive plan update.

h. 2016 Collective Bargaining

Staff reported that the collective bargaining process will begin in late summer. As in the past the City Attorney and staff will be assisting with negotiations. It is anticipated that notices to bargain will be received in early to mid-fall and negotiations will take place in mid to late fall.

i. Department Head Salary Review

Mayor Wimmer stated that the City pays considerably less than other cities for department head positions. He would like to see a $5,000 increase for all department head positions. Mayor Wimmer added that City staff is incredibly efficient; overall the City's administrative costs are 30-40% less than peer groups. There was discussion amongst Council about staff members wearing many hats and being great at what they do.

j. City Staffing Plan

Mayor Wimmer noted he would like to have a City staffing plan laid out and approved by Council so staff members can see how the Council foresees positions and departments growing. The Council agreed with this and felt doing so would empower staff and create commitment from staff members - as they can know that their positions or departments will grow over time.

k. Purchasing Discretion – Finance Committee

Mayor Wimmer and Lorsung explained that a purchasing timeline for staff can at times take multiple weeks due to needing Council approval. The Mayor would like the Finance Committee to have the ability to allow smaller budget items be approved at the Committee level versus bringing it back to Council to save staff time.

l. Isanti Liquor Tastings Event - ICC

There was consensus among the Council that Isanti Liquor should hold its tastings in Isanti. Last year the annual liquor tasting event (hosted by the Chamber of Commerce) was held in Cambridge. The Council discussed the idea of holding an Isanti Liquor Store tasting and was in favor of it. The Liquor Committee will be working on this.

With the City Council's guidance, staff will direct all goals and action items discussed to the appropriate Committees for consideration.

Adjournment

Meeting adjourned at 10:55 a.m.

Request for Council Action

To: Mayor Wimmer
Members of the City Council

From: Katie Everett
Community Events & Parks Coordinator

Date: February 2, 2016

Subject: A Resolution Approving Funding and Special Event Request for the Two Cities, One Community Event Hosted by Isanti and Cambridge

---

Background

The Cities of Isanti and Cambridge hosted the first Two Cities, One Community event on October 3, 2015. The event included a 5K Walk/Run and Family Bike ride that started at the north end of the Cambridge-Isanti Bike/Walk Trail in Cambridge. There were 50 registered participants for both the run/walk and bike ride. Also included in the event was a wellness fair at Bluebird Park with an address from both mayors and family activities provided by local businesses and organizations. Cambridge hosted an ice cream social, ribbon cutting ceremony at their new pavilion, and live music.

In an attempt to increase visibility and attendance for this event, staff has recommended changing the date for the 2016 event to September 10. The City of Cambridge has agreed to this change.

In 2015, the costs of the event were split 50/50 between the Cities of Cambridge and Isanti. Isanti's contribution was provided through EDA funds. The City of Cambridge contributed $2425.00 in 2015, and the City of Isanti contributed $2425.00 plus Public Works time.

Staff Request

Staff is requesting that City Council approve the Two Cities, One Community event application for September 10, 2016. Additionally, staff is requesting that Isanti's contribution to the event budget come from EDA funds in the amount, not to exceed, $2425.00 plus Public Works time anticipated to be $300.00.

RESOLUTION 2016-

A RESOLUTION APPROVING FUNDING AND SPECIAL EVENT REQUEST FOR TWO CITIES, ONE COMMUNITY EVENT HOSTED BY ISANTI AND CAMBRIDGE

WHEREAS, the City of Isanti and City of Cambridge will be hosting a joint event "Two Cities, One Community" which will consist of a 5K, Run/Walk/Bike and wellness fair on September 10, 2016; and

WHEREAS, the event will promote and bring awareness to the great network of park systems the City of Isanti has to offer to our residents and those looking to relocate to our community; and,

WHEREAS, the event is designed to bring commerce to Isanti, provide recreational opportunities, promote healthy lifestyles and enable the communities to market themselves to residents and potential investors; and

WHEREAS, the event will take place beginning at the Park 'n' Ride in Cambridge and follow the Cambridge-Isanti Bike/Walk Trail into Bluebird Park; and,

WHEREAS, vendors, food and non-food, and proposed activities including a climbing wall and bouncy house will be placed in the grassy area of Bluebird Park; and,

WHEREAS Parking for the Isanti event portion will be within the Bluebird Park parking lots; and,

WHEREAS, Public Works and volunteers will clean up after the event; and,

WHEREAS, a public addressing system and possible music will be located on the Bluebird Park grounds for the event; and,

WHEREAS, City of Cambridge has given approval to use the Bike/Walk Trail and is jointly planning and funding the event; and,

WHEREAS, staff will submit a final site plan to be reviewed by all departments who approved the Special Event Application after working with Public Works to determine the best location of activities and vendors within Bluebird Park; and,

WHEREAS, staff is requesting the $100 clean-up deposit fee and sign permit fee to be waived; and,

WHEREAS, total expenditures for this event will not exceed $5,450.00 and funding for this event will be shared with a 50/50 split between the City of Isanti and the City of Cambridge; and,

WHEREAS, funding for the City of Isanti's portion for this event will be from EDA in the amount, not to exceed, $2725.00.

NOW, THEREFORE, IT IS HEREBY RESOLVED by the City Council of the City of Isanti, Minnesota, to hereby approve funding from the Isanti EDA and the above stated actions of the "Two Cities, One Community" event to held September 10, 2016 with the following conditions:

- EMS and/or Police Reserves will be provided by event holder to be on site for the entire event.

- The required clean-up and sign permit fee will be waived.
- Staff will receive site plan approval prior to the event.
- The Cambridge-Isanti Bike/Walk Trail will remain open for public use during the event.

BE IT FURTHER RESOLVED by the City Council of the City of Isanti, Minnesota that this Resolution is hereby the 'Permit' for the above stated Special Event.

This Resolution hereby approved by the Isanti City Council this 2nd day of February, 2016.

Hello,

I've attached the special event permit for the Two Cities, One Community event for 2016. The biggest change is that this year the event will be held September 10th instead of in October. As of today, the event activities will still be the same. We will work with the City of Cambridge to provide Reserves as EMS for the 5K again, but if that changes I will let you know right away.

We do not have any special requests for Isanti Fire District services, but would love your presence at the Wellness Fair in Bluebird Park again (those details will all be figured out at a later date).

Community Events and Parks Coordinator

Date: February 2, 2016

Subject: A Resolution to Approve the Park Name River Bluff Preserve for the 38-Acre Parkland Located in Rum River Meadows Outlot D

Background:
The City of Isanti has acquired, at no cost, 38 acres from the Minnesota Department of Natural Resources within Rum River Meadows – Outlot D (PID#16.095.0500) and has received permission to develop a park on the parcel. The City Council approved funding to develop the park in 2016 at the January 19, 2016 meeting. Development plans include a community garden and trails to the Rum River with fishing access.

In an effort to promote and to increase visibility of the park, the City is requesting that the 38-Acre Park Parcel be named. The City has worked to create a name that is meaningful and reflects the natural features of the park. The recommendation for the park name is ***River Bluff Preserve.***

Staff Request:
Staff is requesting City Council adopt the resolution to name the 38 Acre Park Parcel "River Bluff Preserve."

Attachment:

Date: February 2nd, 2016

Subject: Resolution Approving a Request from IRET Properties for an Extension of the Final Plat of Fairway Greens Phase 8.

Background

The applicant had received Final Plat Approval on February 17th, 2015 by Resolution No. 2015-030. In June 2015, IRET Properties requested an extension of the plat by one year from the date the plat was approved by City Council. The extension was granted through Resolution No. 2015-137 until February 17th, 2016.

At this time IRET is requesting their second, and final, one year extension of the plat. The applicant is requesting to extend the plat filing date to February 2nd, 2017. Per Ordinance No. 536, a plat may be extended twice for up to one year each time.

As per Ordinance No. 536:

> "Upon approval of the Final Plat by the City Council, the City Clerk or his/her designee shall record it with the County Recorder's Office within ninety (90) days after the date of approval; otherwise, failure of the applicant to comply and submit the necessary items and fees for the recording of the Final Plat by the City shall be cause for revoking the City's approval and the Final Plat shall be considered void, unless the developer or applicant requests an extension, in writing and receives approval from the City Council. The City Council may approve up to two (2) extensions for a term not to exceed one (1) additional year for each extension. Fees associated with the recording of the Final Plat will be charged back to the developer or subdivider."

A RESOLUTION APPROVING THE FINAL PLAT OF FAIRWAY GREENS PHASE 8, LEGALLY DESCRIBED AS OUTLOT A, FAIRWAY GREENS PHASE FIVE

WHEREAS, Investors Real Estate Trust, Properties (IRET), has made application for Final Plat Approval for Fairway Greens Phase 8; which is legally described as Outlot A, Fairway Greens Phase Five, Isanti County, Isanti, Minnesota; and,

WHEREAS, the Isanti Planning Commission conducted a public hearing on the Final Plat on February 10th, 2015; and,

WHEREAS, all required public notices regarding the public hearing were posted and sent; and,

WHEREAS, the Isanti Planning Commission had recommended approval of the requested Final Plat based upon the Findings of Fact and Conclusion as presented with conditions; and,

WHEREAS, the City Council reviewed the Final Plat request at its meeting on February 17th, 2015; and,

NOW, THEREFORE, IT IS HEREBY RESOLVED by the City Council of the City of Isanti, Minnesota, that it adopts the Findings of Fact and Conclusion related to the requested Final Plat and **BE IT FURTHER RESOLVED** that the requested Final Plat Approval from IRET, be approved with the following conditions:

1. Final approval and recording of the Development Agreement between IRET and the City of Isanti.

2. Revisions to the Final Plat based on the comments outlined in Bolton &Menk, Inc.'s comments dated February 4, 2015, shall be completed prior to its recording.

3. Upon approval of the Final Plat by the City Council, the City Clerk or his/her designee shall record it with the County Recorder's Office within ninety (90) days after the date of approval; otherwise, failure of the applicant to comply and submit the necessary items and fees for the recording of the Final Plat by the City shall be cause for revoking the City's approval and the Final Plat shall be considered void, unless the developer or applicant requests an extension, in writing and receives approval from the City Council. The City Council may approve up to two (2) extensions for a term not to exceed one (1) additional year for each extension. Fees associated with the recording of the Final Plat will be charged back to the developer or subdivider.

4. The subdivider shall immediately upon approval, furnish the City Administrator or his/her designee with three (3) full size mylar transparencies of the Final Plat, two (2) for the County and one (1) for the City. Three (3) additional 11 inch by 17 inches mylar transparencies shall be given to the City Planner, the City Clerk, and Isanti County. No building permits shall be issued until these conditions have been complied with.

Adopted by the Isanti City Council on this 17th day of February 2015.

Re: Fairway Greens Phase 8/Evergreen Apartments, petition to extend the Plat approval for one year.

Dear Ms. Achman,

We previously received City Council approval of the Plat for the Fairway Greens Phase 8/Evergreen Apartment project in Isanti.

Recently we received approval of our request for the extension of the Project's Amended Conditional Use Permit by the Planning Commission and that request has been forwarded to the City Council for their consideration for approval. In your November email to Andy Martin you outlined Isanti's process for requesting an extension of the approvals on the project and, accordingly, we respectfully request an extension of the Plat approval for one year.

We are excited about and remain committed to developing our new 108 unit apartment project in Isanti and are looking forward to beginning construction of the project this year.

Please call me if you would like to discuss this in further detail.

Sincerely,

Paul Reinke

Request for City Council Action

To: Mayor Wimmer
Members of the City Council

From: Katie Everett
Community Events and Parks Coordinator

Date: February 2, 2016

Subject: Resolutions to Accept Quotes for the 38 Acre Parkland Dock and Fence

---

Background:
At the January 19, 2016 City Council meeting, development of the 38-Acre Parkland into a park including walking trails, fishing access and a community garden was approved. Bids have been received for a roll-in dock system and the community garden fence.

Roll In Dock System:
Three bids have been received for 8' wide docks with railings and two benches. Estimates from each company are attached.

Bidder Name	Total Bid
Performance Dock and Lift	$11,254.00
Fish Lake Dock and Lift	$9,662.00
Portadock	$12,984.00

Community Garden Fence:
Through discussions with the MN DNR and with other community garden managers, it has been determined that an 8' woven wire fence will be adequate for control of deer and other wildlife. Two bids have been received:

Bidder Name	Total Bid
Arrow Fence	$8,240.00
Century Fence	$8,875.00

Finance Committee Recommendation:
The finance committee reviewed the bids for both projects. The committee recommends Performance Dock and Lift for the roll in dock system and Century Fence for the community garden fence are in the best interest of the project and for the City.

MEMO

Request for City Council Action

To: **Mayor Wimmer and City Council Members**

From: Chief Gene C. Hill

Date: January 25, 2016

Subject: **Mini-Grant - Preliminary Breath Test (PBT) Acceptance**

Background:

The City Council had authorized the Chief of Police to apply for the Safe and Sober Grant in June of 2015. This grant provides extra patrol and heightened enforcement for seatbelt usage, DUI enforcement and speeding violations which all tend to be the most dangerous actions that lead to injury and death of the motoring public.

There is a mini-grant available to replace the aging Preliminary Breath Test –PBT's that the City owns. One of the PBT's is not holding calibration and the other in many years old and is reaching its life expectancy.

Action:

I am requesting that the City Council to review and consider the acceptance of the mini-grant award to replace the PBT's.

RESOLUTION NO. 2016-XXXX

RESOLUTION AUTHORIZING THE CHIEF OF POLICE TO ACCEPT THE MINI-GRANT FROM THE MINNESOTA DEPARTMENT OF PUBLIC SAFETY - OFFICE OF TRAFFIC SAFETY FOR THE PRELIMINARY BREATH TEST (PBT'S)

WHEREAS, the Isanti Police Department had the opportunity to apply for a mini-grant with the Minnesota Department of Public Safety – Office of Traffic Safety; and

WHEREAS, the Police Department makes use of grant opportunities to provide better service to the community; and

WHEREAS, the City of Isanti Police Department is in need of replacing several of its aging PBT's; and

WHEREAS, the City was awarded three Portable Breath Test (PBT's) to enhance alcohol detection violations; and

NOW, THEREFORE, IT IS HEREBY RESOLVED by the City Council of the City of Isanti, Minnesota to authorize the Chief of Police to accept the mini-grant award through the Minnesota Department of Public Safety – Office of Traffic Safety for the replacement of the aging PBT's.

This resolution was duly adopted by the Isanti City Council this 2nd day of February, 2016.

Subject: Shakopee Mdewakanton Sioux Community (SMSC) AED LIFE Program - Acceptance

---

Background:

The City Council had authorized the Chief of Police to apply for the Shakopee Mdewakanton Sioux Community (SMSC) LIFE Program (January 2015). On January 22, 2016 the Director of Public Safety from the SMSC informed me that our LIFE Program AED's request has been fulfilled.

Action:

I am requesting that the City Council accept the LIFE Program – AED's award from the Shakopee Mdewakanton Sioux Community (SMSC) on behalf of the Police Department.

RESOLUTION NO. 2016-XXXX

RESOLUTION AUTHORIZING STAFF TO ACCEPT THE 2016 SHAKOPEE MDEWAKANTON SIOUX COMMUNITY LIFE PROGRAM AED AWARD

WHEREAS, the Isanti Police Department had the opportunity to apply for the Shakopee Mdewakanton Sioux Community (SMSC) AED LIFE Program; and

WHEREAS, the Police Department makes use of grant opportunities to provide better service to the community; and

WHEREAS, the City of Isanti Police Department has requested these AED units to replace aging units that are no longer supported by the vendor.

NOW, THEREFORE, IT IS HEREBY RESOLVED by the City Council of the City of Isanti, Minnesota to authorize the acceptance of the Shakopee Mdewakanton Sioux Community (SMSC) LIFE Program AED award.

PARKS, RECREATION, AND CULTURE BOARD
MEETING MINUTES
November 24, 2015

1. Meeting Opening.

A. Call to Order.
Zdon called the meeting to order at 6:00 p.m.

B. Pledge of Allegiance.
Everyone stood for the Pledge of Allegiance.

C. Roll Call.

Members Present:	Jamie Bergwick, Lynn True, Mayor Wimmer and Aaron Zdon
Members Absent:	Maddie Anderson, Jennifer Garvey (both gave prior notice)
Staff Present:	Josi Wood, Public Services Director

D. Agenda Modifications.
Zdon asked if there were any.

Wimmer stated he would cover rink items during the priority list items.

There were none. Motion by Wimmer. Second by True.

2. Approval of Minutes from October 27, 2015 Park, Recreation and Culture Board Meeting.

Motion to approve the agenda and minutes by Wimmer. Second by Bergwick. Vote was unanimously approved.

3. Public Hearing

None.

4. Discussion on Prioritizing Replacement/Repair Items – Subcommittee Report

Zdon stated that he and True met to prioritize the list. Zdon stated that they listed the top ten items. He noted that the sand at the Tot Lot should be addressed and budgeted within the next two years. Zdon read the items in order of what should be addressed first:

1) Fix or replace aluminum bench ends at Mattson and VFW
2) Replace tube slide bottom at Totlot
3) Rubber coatings on the chains and benches
4) Skate park – cracked panels, missing screws and sinking into asphalt
5) Remove and replace grills at Mattson and add ADA ones
6) Replace 90 degree angle slide on toddler equipment at Rum River Meadows
7) Add in an ADA swing at Mattson
8) Add signs to Totlot and Whisper Ridge. Maintenance to existing fading signs
9) Add mats to the bottom of slides
10) Edging maintenance

Zdon stated there was other random maintenance items that he believed would already be being addressed so it wasn't in the top 10. Zdon also added it would be nice to have a soccer or some sort of field marked out at Mattson

Wimmer stated he wanted to go over the hockey rink. He stated we have been thinking about different options. The cost to maintain the ice is between $5000-$7000 with including labor and time. It doesn't

include water which is the single most cost expensive item to maintain it. Just to compare to Legacy Park's maintenance. We have a couple hours here and there so we're talking about a couple hundred bucks to maintain something for a much longer time. Wimmer stated we were trying to come up with some creative ways for alternatives. One option was to take the $5000 and buy ice time at the arena and have open public skating. There weren't any hours available. Wimmer stated he spoke with someone from youth hockey and they said they took as many hours as they could because the Owls are not there anymore. The arena is looking to have another semi-pro team next year but in the meantime the youth hockey will take all the hours they can get. The person stated that we can take the boards off the rink. Another thing that has been popular is to have half rinks for 3 on 3, etc. Wimmer stated that we probably do have enough to do a half rink but the boards are still in rough shape. Wimmer stated that we will need to address the boards and possible look at having new boards to create a half rink. Wimmer stated another possibility is to not have the hockey rink. People need to understand that it is open ice. You can't have 4 people saying we are playing hockey so you cannot be on it. There were a couple instances last year with people being told they couldn't play because of hockey. Wimmer stated we can't have people taking over the ice. It is free skating. Then with the idea of free skating, does it make sense to have it posted as a hockey rink? Should it be free skating ice? Wimmer stated he doesn't feel qualified to answer that question but it is a question that should be asked.

Bergwick stated that there has been times she was told that they couldn't use the rink and had to go to the puddle [pleasure] rink because they were using the hockey rink.

Wood stated that it wouldn't be safe to have both hockey and free skating on the rink.

True asked what the difference is. Is it that there are no pucks allowed on the pleasure rink.

Everyone stated yes.

Wood stated that you can see how even open skating would prefer the hockey rink because it would be better ice and there is something to hold onto.

Wimmer stated so if we want to have it be open skate, we can't have it be a hockey rink because pucks would be wizzing by and someone could get hit. Wimmer stated you can't have some people use it and others not.

Bergwick stated that if it's for free skating you don't need to maintain it to be hockey ice.

Wimmer stated then why are we maintaining it for hockey.

Zdon stated there must be some sort of sock tube that can be put around so you can flood without the boards. In the spring it would be stored by PW and then the concrete could be a skate park.

Wimmer stated that would be a question if we do a half rink, is there enough room to do a skate park next to it. I don't know that answer but you could have your equipment there and get more use out of the area.

Zdon stated the problem with using it as a skate park, is that it does have water that sits there, but if there were not boards, more of the water would run off. You could probably drill holes to let the water go out in the summer. It could be a year-round use of that slap.

Wimmer stated his whole question is that if we are not going to use it as a hockey rink, why are we spending thousands of dollars maintaining it to be that.

True asked how much hockey use does it get compared to free skating.

Bergwick stated it can just be three or so kids slapping pucks around.

Zdon stated it did get a lot of use last year as it was a good year. There were also people on the pleasure rink. Would we keep both?

Wimmer stated we would keep the pleasure rink. Wimmer stated Staff has been asked questions on whether or not the hockey rink can be reserved for playing hockey and we're not going to have that.

Wimmer and the Board shared concern if there were people playing hockey and you came up to free skate. The question was asked if people can ask them to stop.

Wimmer stated we have a pleasure rink because we have a hockey rink. Wimmer shared how the pleasure rink started at the Middle school and the hockey rink because of the agreement with the youth hockey association.

Wimmer stated that if the PRC Board and Council want to have a hockey rink just for hockey than that is one thing, but if it's just for skating than it shouldn't be called a hockey rink.

Zdon stated that they could than just flood the area where the pleasure rink is.

Wood stated it is much easier to maintain that rink.

Wimmer stated he wished Garvey was here since she knows about this as being a hockey mom. Wimmer asked what is the point of having the boards if you're not playing hockey?

More discussion on the question as to whether the rink should be a hockey rink and if sticks are allowed.

Zdon stated he would like to have rinks by the old vision wake area since that is closer to the warming house. He stated it would take some planning to having it there and moving the lights

True stated she thought that was the plan.

Wimmer stated that that original area was slated for a baseball field.

More discussion about having the rinks up on the old vision wake area.

Zdon asked if the boards [kick plates] were removed.

Wood stated yes, and the repairs were done. However, there was more damage seen after the boards were removed.

Wimmer recapped the conversation about needing to ask the question as to whether or not the city wants to have this as a hockey rink and incur the costs associated with that. He reminded the Board that the only reason we had it in the first place was because of the hockey association.

Zdon stated he would like to see the discussion continue and see what kind of usage it gets over the winter. Then to make a game plan over the summer for next winter.

Small discussion about having rinks up by the warming house occurred.

Motion to authorize repairing items on the PRC Subcommittee list as funds become available by Wimmer. Second by Bergwick.

5. Approved Acquisition of Parcels 605 and 607 Fir St SW

Wood stated that the city acquired parcels 605 and 607 Fir St SW with a conditional use deed. Wood stated as was worded in the conditional use deed, we have three years to use them as a public park space with a sports amenity such as a tennis court, volleyball area, etc.

Zdon asked if it had to be one of those three only. Could there be a playground?

Wood stated it could be something other but it was listed in the application that we would use it as a public area with sports amenity.

True asked if the Board needed to decide what should be done and what kind of amenity.

Wood stated that it would need to be brought up for discussion sometime next year as to determine a plan within the next three years.

6. Warming House Rules

Wood stated that we do not have a rule sign so she was looking for an action to have one made. She stated she would have one posted on the outside and inside.

Discussion was held to determine the verbiage.

Motion by True to have warming house signs made. Second by Bergwick.

7. Update to Farmers Market Imaging

As staff moves forward with having new signs made for the farmers market, staff asked to create a new logo to make it more eye catching and modern.

Motion by True to create a new logo. Second by Wimmer.

8. Adjournment

Motion by Wimmer, second by Bergwick to adjourn the November 24, 2015 meeting of the Parks, Recreation, and Culture Board. Motion was approved.

The meeting adjourned at 6:31 p.m.

Dated at Isanti, Minnesota this 24th day of November 2015.
Respectfully submitted,

MEMO

Request for City Council Action

To: **Mayor Wimmer and City Council Members**

From: Chief Gene C. Hill

Date: January 20, 2016

Subject: Part-time Hire – Additional position

Background: The Personnel Committee has reviewed and recommends Council Consideration

The police department is in a position where we are two fulltime officers down and even though there is light at the end of the tunnel…additional help is needed. We currently are hiring one part-time officer to replace a vacancy created through a resignation.

With the addition of one more part-time officer to the allowed roster of 7 to make 8 positions, this would help significantly in covering the vacancies of the two full time officers. In addition, most of our fulltime officers are accruing close to the maximum of vacation time allowed by policy. This equates too many shifts that would potentially need to be covered. It goes without saying that a part-time officer is cheaper than a fulltime officer covering at overtime.

The additional cost to add this position is basically 2 - shirts and a pair of uniform pants. By practice and hiring requirements, we only hire a part-time officer if they are currently established as a full-time officer somewhere else. This translates into much faster training in that we do not need to teach them to be an officer, just an Isanti Officer.

Action:

For the City Council to review and consider this request and allow the hiring of another part-time officer.

Thank you for your time and consideration

Chief Gene C. Hill

RESOLUTION NO. 2016-XXXX

RESOLUTION AUTHORIZING THE POLICE DEPARTMENT TO ADD AN ADDITIONAL POSITION TO THE PART-TIME POLICE OFFICER ROSTER

WHEREAS, the City of Isanti Police Department is in need of an additional officer to cover shifts to maintain the current level of service; and

WHEREAS, the Isanti Police Department has the need for another part-time officer due to unforeseen circumstances; and

WHEREAS, the Police Department is currently in the process of filling a current part-time officer vacancy and this is an opportune, cost-effective time to add this position; and

NOW, THEREFORE, IT IS HEREBY RESOLVED by the City Council of the City of Isanti, Minnesota to authorize Human Resources and the Chief of Police to increase the roster to include an additional part-time officer bringing the authorized total to 8 part-time officers and to post and fill this position.

This resolution was duly adopted by the Isanti City Council this 2nd day of February, 2016.

MEMORANDUM

TO: MAYOR WIMMER AND CITY COUNCIL

FROM: ISANTI CITY ATTORNEY CLARK A. JOSLIN

DATE: JANUARY 28, 2016

SUBJECT: RESOLUTION AUTHORIZING CITY ADMINISTRATOR TO SIGN MASTER SUBSCRIBER AGREEMENT AUTHORIZING CITY ATTORNEY AND CITY ATTORNEY STAFF ACCESS TO MINNESOTA GOVERNMENT ACCESS (MGA) DATA SYSTEM

As City Attorney I am requesting authorization from the City Council for myself and my staff to access Minnesota Government Agency (MGA) online data. This access is necessary for the City Attorney's office to comply with the electronic data sharing process being implemented by Isanti County Court Administration.

Attached for review is a proposed Resolution authorizing City Administrator Lorsung to sign the Master Subscriber Agreement in behalf of the City, which authorizes Isanti City Attorney and Isanti City Attorney staff members to access online Minnesota court data for governmental agencies.

This Master Subscriber Agreement For Minnesota Court Data Services (hereinafter the Master Subscriber Agreement) attached hereto for reference, is required in order to provide access to non-public data maintained by the court system available to authorized government subscribers. Also attached for review is the Request Form for MGA Login Account, which must be signed and submitted along with the Master Subscriber Agreement.

RESOLUTION NO. 2016-XXX

CITY OF ISANTI
AUTHORIZATION TO CITY ATTORNEY FOR ACCESS TO MINNESOTA GOVERNMENT ACCESS (MGA)

WHEREAS, the Minnesota Government Access (MGA) data system maintains certain non-public data in electronic form which is available, upon approval of the responsible jurisdiction, to assist prosecutors providing prosecution services within such jurisdiction in the provision of said prosecution services; and

WHEREAS, the City Council of the City of Isanti finds that access to the MGA system, in accordance with the terms of the Master Subscriber Agreement for Minnesota Court Data Services (Master Agreement) attached hereto, will be a beneficial tool and will assist the City Attorney and City Attorney's staff in providing prosecution services for the City;

NOW, THEREFORE, IT IS HEREBY RESOLVED THAT:

The Isanti City Council hereby grants City Administrator Donald Lorsung authority to sign in behalf of the City of Isanti the Master Subscriber Agreement For Minnesota Court Data Services, and Request Form for MGA Login Account, authorizing the City Attorney and such members of City Attorney's staff as City Attorney Clark A. Joslin may authorize from time to time to access court data services available to Minnesota Government Subscribers as provided for under the terms of said Master Subscriber Agreement.

This Resolution is hereby approved by the Isanti City Council this 2nd day of February, 2016.

MASTER SUBSCRIBER AGREEMENT FOR MINNESOTA COURT DATA SERVICES FOR GOVERNMENTAL AGENCIES

THIS AGREEMENT is entered into by and between

The City of Isanti ,
(Government Subscriber Name)

of 110 First Avenue NW, PO Box 428, Isanti, MN 55040 ,
(Government Subscriber Address)

(hereinafter "Government Subscriber") and THE STATE OF MINNESOTA

Office of State Court Administration ,

of 25 Rev. Dr. Martin Luther King Jr. Blvd. St. Paul, Minnesota 55155 ,

(hereinafter "the Court").

Recitals

The Court offers Court Data Services, as defined herein, to Minnesota Government Subscribers as authorized by the Rules of Public Access and Court Order. The Court Data Services are offered to Government Subscribers as governmental units and are offered solely for certain governmental use as permitted herein. Government Subscriber desires to use Court Data Services, and the Court desires to provide the same, to assist Government Subscriber in the efficient performance of its governmental duties as required or authorized by law or court rule in connection with any civil, criminal, administrative, or arbitral proceeding in any Federal, State or local court or agency or before any self-regulatory body.

Court Data Services are defined in the Definitions section of this Agreement and may involve a one-way or two-way transmission of information between the parties, some of which may include court information that is not accessible to the public pursuant to the Rules of Public Access and which may not be disclosed by Government Subscriber without the prior approval of the appropriate court or record custodian. Government Subscriber agrees herein to limit its access to and use of Court Records and Court Documents through Court Data Services to the Government Subscriber's "Legitimate Governmental Business Need" as defined herein.

Agreement

NOW, THEREFORE, in consideration of the mutual covenants, promises and agreements contained herein, the Court and Government Subscriber agree as follows:

1. TERM; TERMINATION; ONGOING OBLIGATIONS.

1.1 Term. This Agreement shall be effective on the date executed by the Court and shall remain in effect according to its terms.

1.2 Termination.

1.2.1 Either party may terminate this Agreement with or without cause by giving written notice to the other party. The effective date of the termination shall be thirty (30) days after the other party's receipt of the notice of termination, unless a later date is specified in the notice. Termination of this Agreement pursuant to Clause 4.5 shall be effective immediately and may occur without prior notice to Government Subscriber.

1.2.2 The provisions of Clauses 5, 6, 8, 9, 10, 12.2, 12.3 and 15 through 24 shall survive any termination of this Agreement, as shall any other provisions that by their nature are intended or expected to survive such termination. Upon termination, the Government Subscriber shall perform the responsibilities set forth in paragraph 8.6 hereof.

1.3 Subsequent Agreement. This Agreement may be superseded by a subsequent agreement between the parties.

2. DEFINITIONS.

2.1 "Agency Account Manager" means the Government Subscriber employee assigned with the tasks of: (1) being the point of contact for communications between Government Subscriber and the Court; (2) maintaining a current list Government Subscriber's Individual Users and their signed User Acknowledgment Forms and promptly notifying the Court when Government Subscriber's Individual Users with individual logins should have accounts added or deleted; (3) reporting violations of this agreement by Government Subscriber's Individual Users and steps taken to remedy violations to the Court.

2.2 "Court Data Services" means one or more of the following services and includes any additional or modified services identified as such on the Justice Agency Resource webpage of the Minnesota Judicial Branch website, which is currently www.mncourts.gov, or other location designated by the Court and/or its affiliates, as the same may be amended from time to time by the Court and/or its affiliates:

2.2.1 "Bulk Data Delivery" means the electronic transmission of Court Records in bulk form from the Court to the Government Subscriber, from one or more of the Court's databases and through any means of transmission, as described in applicable Policies & Notices and materials referenced therein.

2.2.2 "Court Integration Services" means pre-defined automated transmissions of i) Court Records from the Court's computer systems to Government Subscriber's computer systems; and/or ii) Government Subscriber Records from the Government Subscriber's computer systems to the Court's computer systems; on a periodic basis or as triggered by pre-determined events, as described in applicable Policies & Notices and materials referenced therein.

2.2.3 "MNCIS Login Accounts" means a digital login account created for and provided to the Government Subscriber for online access to and use of Court Records and Court Documents maintained by the Minnesota Court

Information System ("MNCIS"), as described in applicable Policies & Notices and materials referenced therein.

2.3 **"Court Data Services Databases"** means any databases and the data therein, used as a source for Court Data Services, together with any documentation related thereto, including without limitation descriptions of the format or contents of data, data schemas, and all related components.

2.4 **"Court Data Services Programs"** means any computer application programs, routines, transport mechanisms, and display screens used in connection with Court Data Services, together with any documentation related thereto.

2.5 **"Court Records"** means all information in any form made available by the Court and/or its affiliates to Government Subscriber for the purposes of carrying out this Agreement, including:

2.5.1 **"Court Case Information"** means any information in the Court Records that conveys information about a particular case or controversy, including without limitation Court Confidential Case Information and Court Documents, as defined herein.

2.5.2 **"Court Confidential Case Information"** means any information in the Court Records (including Court Documents) that is inaccessible to the public pursuant to the Rules of Public Access and that conveys information about a particular case or controversy.

2.5.3 **"Court Confidential Security and Activation Information"** means any information in the Court Records that is inaccessible to the public pursuant to the Rules of Public Access and that explains how to use or gain access to Court Data Services, including but not limited to login account names, passwords, TCP/IP addresses, Court Data Services user manuals, Court Data Services Programs, Court Data Services Databases, and other technical information.

2.5.4 **"Court Confidential Information"** means any information in the Court Records that is inaccessible to the public pursuant to the Rules of Public Access, including without limitation both i) Court Confidential Case Information; and ii) Court Confidential Security and Activation Information.

2.5.5 **"Court Documents"** means electronic images of documents that are part of or included in a court file.

2.6 **"DCA"** means the District Court Administrator pursuant to Minnesota Statutes, section 485.01.

2.7 **"Government Subscriber Records"** means any information in any form made available by the Government Subscriber to the Court and/or its affiliates for the purposes of carrying out this Agreement.

2.8 **"Government Subscriber's Individual Users"** means Government Subscriber's employees or independent contractors whose use or access of Court Data Services,

as well as the access, use and dissemination of Court Records (including Court Documents), is necessary to effectuate the purposes of this Agreement.

2.9 **"Legitimate Governmental Business Need"** means a requirement, duty or obligation for the efficient performance of governmental tasks or governmental responsibilities and as required or authorized by law or court rule in connection with any civil, criminal, administrative, or arbitral proceeding in any Federal, State or local court or agency or before any self-regulatory body.

2.10 **"Policies & Notices"** means the policies and notices published by the Court and/or its affiliates in connection with each of its Court Data Services, on a website or other location designated by the Court and/or its affiliates, as the same may be amended from time to time by the Court and/or its affiliates. Policies & Notices for each Court Data Service, hereby made part of this Agreement by reference, provide additional terms and conditions that govern Government Subscriber's use of such services, including but not limited to provisions on fees, access and use limitations, and identification of various third party applications, such as transport mechanisms, that Government Subscriber may need to procure separately to use Court Data Services.

2.11 **"Rules of Public Access"** means the Rules of Public Access to Records of the Judicial Branch promulgated by the Minnesota Supreme Court, as the same may be amended from time to time, including without limitation lists or tables published from time to time by the Court and/or the SCAO entitled "Limits on Public Access to Case Records" or "Limits on Public Access to Administrative Records," all of which by this reference are made a part of this Agreement. It is the obligation of Government Subscriber to check from time to time for updated rules, lists, and tables and be familiar with the contents thereof. Such rules, lists, and tables are posted on the main website for the Court, for which the current address is www.mncourts.gov.

2.12 **"SCAO"** means the State of Minnesota, State Court Administrator's Office.

2.13 **"This Agreement"** means this Master Subscriber Agreement for Minnesota Court Data Services for Governmental Agencies, including all Exhibits, Policies & Notices, and other documents referenced, attached to, or submitted or issued hereunder.

2.14 **"Trade Secret Information of SCAO and its licensors"** is defined in sections 8.1, 8.2 and 8.4 of this Agreement.

2.15 **"User Acknowledgement Form"** means the form signed by Government Subscriber's Individual Users to confirm in writing that the Individual User has read and understands the requirements and restrictions in this Agreement (Exhibit A).

3. **DATA ACCESS SERVICES PROVIDED TO GOVERNMENT AGENCY.** Following execution of this Agreement by both parties, Government Subscriber will be offered access to the Court Records (including Court Documents) described in the Government Subscriber Access Chart, which is posted on the Policies & Notices.

4. AUTHORIZED ACCESS, USE, AND DISSEMINATION OF COURT DATA SERVICES AND COURT RECORDS LIMITED; TRAINING; VIOLATIONS; SANCTIONS.

4.1 Authorized Access to Court Data Services and Court Records.

4.1.1 Government Subscriber and Government Subscriber's Individual Users shall access only the Court Data Services and Court Records (including Court Documents) necessary for a Legitimate Governmental Business Need.

4.1.2 The access of Court Data Services or Court Records (including Court Documents) by Government Subscriber or Government Subscriber's Individual Users for personal or non-official use, or any use that is not a "Legitimate Governmental Business Need" as defined herein, is prohibited.

4.1.3 Government Subscriber and Government Subscriber's Individual Users shall not access or attempt to access Court Data Services or Court Records (including Court Documents) in any manner not set forth in this Agreement, Policies & Notices, or other Court Data Services documentation.

4.2 Authorized Use of Court Data Services and Court Records.

4.2.1 Government Subscriber and Government Subscriber's Individual Users shall use the Court Data Services and Court Records (including Court Documents) accessed only for a Legitimate Governmental Business Need and according to the instructions provided in corresponding Policies & Notices or other materials.

4.2.2 The use of Court Data Services or Court Records (including Court Documents) by Government Subscriber or Government Subscriber's Individual Users for personal or non-official use, or any use that is not a "Legitimate Governmental Business Need" as defined herein, is prohibited.

4.2.3 Government Subscriber and Government Subscriber's Individual Users shall not use or attempt to use Court Data Services or Court Records (including Court Documents) in any manner not set forth in this Agreement, Policies & Notices, or other Court Data Services documentation.

4.3 Dissemination of Court Records. Government Subscriber and Government Subscriber's Individual Users shall not share the Court Records (including Court Documents) accessed and data therefrom with third parties and other individuals other than as needed to further a Legitimate Governmental Business Need.

4.4 Training. Government Subscriber shall provide Government Subscriber's Individual Users training in the proper access, use, and dissemination of Court Records (including Court Documents).

4.5 Violations.

4.5.1 The access, use, or dissemination of Court Data Services or Court Records (including Court Documents) beyond what is necessary for a Legitimate

Governmental Business Need by Government Subscriber or Government Subscriber's Individual Users is a violation of this Agreement. The access, use or dissemination of Court Data Services or Court Records (including Court Documents) by Government Subscriber or Government Subscriber's Individual Users for personal use is a violation of this Agreement.

4.5.2 Any violation pursuant to Clause 4.5.1, or any unauthorized or attempted access, use or dissemination of Court Data Services, Court Records or Court Documents by Government Subscriber or Government Subscriber's Individual Users shall be grounds for the Court to impose sanctions as described in Clause 4.6 and to terminate this Agreement without prior notice to Government Subscriber and/or Government Subscriber's Individual Users.

4.6 Sanctions.

4.6.1 Sanctions for a violation pursuant to Clause 4.5.1 may be imposed upon a Government Subscriber and/or Government Subscriber's Individual Users and may include the suspension of access or termination of access for Government Subscriber and/or Government Subscriber's Individual Users.

4.6.2 If the Court decides to terminate the access for Government Subscriber and/or Government Subscriber's Individual Users, the Court shall notify the affected party in writing. The termination shall be effective immediately. Prior notice to Government Subscriber and/or Government Subscriber's Individual Users is not required. Reinstatement of the access shall only be upon the written direction of the Court.

5. **GUARANTEES OF CONFIDENTIALITY.** Government Subscriber agrees:

5.1 To not disclose Court Confidential Information to any third party except where necessary to carry out the Government Subscriber's Legitimate Governmental Business Need as defined in this Agreement.

5.2 To take all appropriate action, whether by instruction, agreement, or otherwise, to insure the protection, confidentiality and security of Court Confidential Information and to satisfy Government Subscriber's obligations under this Agreement.

5.3 To limit the use of and access to Court Confidential Information to Government Subscriber's Individual Users. Government Subscriber shall advise Government Subscriber's Individual Users of the restrictions upon access, use and disclosure contained in this Agreement, requiring each Government Subscriber's Individual User to acknowledge in writing that the individual has read and understands such restrictions. Government Subscriber's Individual Users shall sign the User Acknowledgment Form (Exhibit A) before accessing Court Data Services.

5.4 That, without limiting Clause 1 of this Agreement, the obligations of Government Subscriber and Government Subscriber's Individual Users with respect to the confidentiality and security of Court Confidential Information shall survive the termination of this Agreement and the termination of their relationship with Government Subscriber.

5.5 That, notwithstanding any federal or state law applicable to the nondisclosure obligations of Government Subscriber and Government Subscriber's Individual Users under this Agreement, such obligations of Government Subscriber and Government Subscriber's Individual Users are founded independently on the provisions of this Agreement.

5.6 That, a violation of Government Subscriber's agreements contained in this Clause 5, or a violation of those same agreements by Government Subscriber's Individual Users, shall be grounds for the Court to terminate this agreement and Government Subscriber and/or Government Subscriber's Individual Users access to Court Data Services and Court Records (including Court Documents).

6. **APPLICABILITY TO COURT CASE INFORMATION PROVIDED UNDER LEGAL MANDATE AND PREVIOUSLY DISCLOSED COURT RECORDS AND COURT DOCUMENTS.** Subscriber acknowledges and agrees:

6.1 **Court Case Information Provided Under Legal Mandate.** When the Court is required to provide Government Subscriber with Court Case Information under a legal mandate and the provision of such data by the Court is not optional or otherwise left to the discretion of the Court, for example in the case of a state statutory reporting requirement, the provisions of this Agreement that govern or restrict Government Subscriber's access to and use of Court Case Information do not apply to the specific data elements identified in the legal mandate, but remain in effect with respect to all other Court Case Information provided by the Court to Government Subscriber. All other provisions of this Agreement remain in full effect, including, without limitation, provisions that govern or restrict Government Subscriber's access to and use of Court Confidential Security and Activation Information.

6.2 **Previously Disclosed Court Records and Court Documents.** Without limiting section 6.1, all Court Records and Court Documents disclosed to Government Subscriber prior to the effective date of this Agreement shall be subject to the provisions of this Agreement.

7. **ACKNOWLEDGMENT BY INDIVIDUALS WITH ACCESS TO COURT RECORDS UNDER THIS AGREEMENT.**

7.1 **Requirement to Advise Government Subscriber's Individual Users.** To affect the purposes of this Agreement, Government Subscriber shall advise each of Government Subscriber's Individual Users who are permitted to use and/or access Court Data Services and Court Records (including Court Documents) under this Agreement of the requirements and restrictions in this Agreement.

7.2 **Required Acknowledgement by Government Subscriber's Individual Users.**

7.2.1 Government Subscriber shall require each of Government Subscriber's Individual Users to sign the User Acknowledgement Form (Exhibit A).

7.2.2 The User Acknowledgement Forms of current Government Subscriber's Individual Users must be obtained prior to submitting this Agreement to the

Court for approval and shall accompany the submission of this Agreement for approval.

7.2.3 Until the User Acknowledgement Form required in Clause 7.2.1 is signed, a Government Subscriber's Individual User is prohibited from accessing, using or disseminating Court Data Services and Court Records (including Court Documents). The access, use or dissemination of Court Data Services or Court Records (including Court Documents) by a Government Subscriber's Individual User that has not completed a User Acknowledgement Form as required in Clause 7.2.1 is a violation of this Agreement.

7.2.4 Government Subscriber shall keep all such written User Acknowledgment Forms on file while this Agreement is in effect and for one (1) year following the termination of this Agreement. Government Subscriber shall promptly provide the Court with access to, and copies of, such acknowledgements upon request to the Agency Account Manager.

7.2.5 The User Acknowledgment Forms are incorporated herein by reference.

8. **LICENSE AND PROTECTION OF PROPRIETARY RIGHTS.** During the term of this Agreement, subject to the terms and conditions hereof, the Court, with the permission of the SCAO, hereby grants to Government Subscriber a nonexclusive, nontransferable, limited license to use Court Data Services Programs and Court Data Services Databases to access or receive Court Records (including Court Documents). SCAO and the Court reserve the right to make modifications to the Court Data Services, Court Data Services Programs, and Court Data Services Databases, and related materials without notice to Government Subscriber. These modifications shall be treated in all respects as their previous counterparts.

8.1 Court Data Services Programs. SCAO is the copyright owner and licensor of the Court Data Services Programs. The combination of ideas, procedures, processes, systems, logic, coherence and methods of operation embodied within the Court Data Services Programs, and all information contained in documentation pertaining to the Court Data Services Programs, including but not limited to manuals, user documentation, and passwords, are trade secret information of SCAO and its licensors.

8.2 Court Data Services Databases. SCAO is the copyright owner and licensor of the Court Data Services Databases and of all copyrightable aspects and components thereof. All specifications and information pertaining to the Court Data Services Databases and their structure, sequence and organization, including without limitation data schemas such as the Court XML Schema, are trade secret information of SCAO and its licensors.

8.3 Marks. Government Subscriber shall neither have nor claim any right, title, or interest in or use of any trademark used in connection with Court Data Services, including but not limited to the marks "MNCIS" and "Odyssey."

8.4 Restrictions on Duplication, Disclosure, and Use.

8.4.1 Trade secret information of SCAO and its licensors will be treated by Government Subscriber in the same manner as Court Confidential

Information. In addition, Government Subscriber will not copy any part of the Court Data Services Programs or Court Data Services Databases, or reverse engineer or otherwise attempt to discern the source code of the Court Data Services Programs or Court Data Services Databases, or use any trademark of SCAO or its licensors, in any way or for any purpose not specifically and expressly authorized by this Agreement. As used herein, "trade secret information of SCAO and its licensors" means any information possessed by SCAO which derives independent economic value from not being generally known to, and not being readily ascertainable by proper means by, other persons who can obtain economic value from its disclosure or use. "Trade secret information of SCAO and its licensors" does not, however, include information which was known to Government Subscriber prior to Government Subscriber's receipt thereof, either directly or indirectly, from SCAO or its licensors, information which is independently developed by Government Subscriber without reference to or use of information received from SCAO or its licensors, or information which would not qualify as a trade secret under Minnesota law.

8.4.2 It will not be a violation of Clause 8.4 for Government Subscriber to make up to one (1) copy of training materials and configuration documentation for each individual authorized to access, use, or configure Court Data Services, solely for its own use in connection with this Agreement.

8.4.3 Government Subscriber will take all steps reasonably necessary to protect the copyright, trade secret, and trademark rights of SCAO and its licensors and Government Subscriber will advise Government Subscriber's Individual Users who are permitted access to any of the Court Data Services Programs and Court Data Services Databases, and trade secret information of SCAO and its licensors, of the restrictions upon duplication, disclosure and use contained in this Agreement.

8.5 Proprietary Notices. Government Subscriber will not remove any copyright or proprietary notices included in and/or on the Court Data Services Programs or Court Data Services Databases, related documentation, or trade secret information of SCAO and its licensors, or any part thereof, made available by SCAO or the Court, and Government Subscriber will include in and/or on any copy of the Court Data Services Programs or Court Data Services Databases, or trade secret information of SCAO and its licensors and any documents pertaining thereto, the same copyright and other proprietary notices as appear on the copies made available to Government Subscriber by SCAO or the Court, except that copyright notices shall be updated and other proprietary notices added as may be appropriate.

8.6 Title; Return. The Court Data Services Programs and Court Data Services Databases, and related documentation, including but not limited to training and configuration material, if any, and logon account information and passwords, made available by the Court and SCAO to Government Subscriber hereunder, and all copies, including partial copies, thereof are and remain the property of the respective licensor. Within ten days of the effective date of termination of this Agreement, Government Subscriber shall either: (i) uninstall and return any and all copies of the applicable Court Data Services Programs and Court Data Services Databases, and related documentation, including but not limited to training and configuration

materials, if any, and logon account information; or (2) destroy the same and certify in writing to the Court that the same have been destroyed.

8.7 **Reasonable Security Measures.** The Court may add reasonable security measures including, but not limited to, a time-out feature, to Court Data Services Programs.

9. **INJUNCTIVE RELIEF; LIABILITY.** Government Subscriber acknowledges that the Court, SCAO, SCAO's licensors, and DCA will be irreparably harmed if Government Subscriber's obligations under this Agreement are not specifically enforced and that the Court, SCAO, SCAO's licensors, and DCA would not have an adequate remedy at law in the event of an actual or threatened violation by Government Subscriber of its obligations. Therefore, Government Subscriber agrees that the Court, SCAO, SCAO's licensors, and DCA shall be entitled to an injunction or any appropriate decree of specific performance for any actual or threatened violations or breaches by Government Subscriber or Government Subscriber's Individual Users without the necessity of the Court, SCAO, SCAO's licensors, or DCA showing actual damages or that monetary damages would not afford an adequate remedy. Unless Government Subscriber is an office, officer, agency, department, division, or bureau of the state of Minnesota, Government Subscriber shall be liable to the Court, SCAO, SCAO's licensors, and DCA for reasonable attorney's fees incurred by the Court, SCAO, SCAO's licensors, and DCA in obtaining any relief pursuant to this Agreement.

10. **COMPROMISE LIABILITY.** Government Subscriber and the Court agree that, except as otherwise expressly provided herein, each party will be responsible for its own acts and the results thereof to the extent authorized by law and shall not be responsible for the acts of any others and the results thereof. Liability shall be governed by applicable law. Without limiting the foregoing, liability of the Court and any Government Subscriber that is an office, officer, agency, department, division, or bureau of the state of Minnesota shall be governed by the provisions of the Minnesota Tort Claims Act, Minnesota Statutes, section 3.376, and other applicable law. Without limiting the foregoing, if Government Subscriber is a political subdivision of the state of Minnesota, liability of the Subscriber shall be governed by the provisions of Minn. Stat. Ch. 466 (Tort Liability, Political Subdivisions) or other applicable law.

11. **AVAILABILITY.** Specific terms of availability shall be established by the Court and set forth in the Polices & Notices. The Court reserves the right to terminate this Agreement immediately and/or temporarily suspend Government Subscriber's approved Court Data Services in the event the capacity of any host computer system or legislative appropriation of funds is determined solely by the Court to be insufficient to meet the computer needs of the courts served by the host computer system. Monthly fees, if any, shall be prorated only for periods of suspension or upon termination of this Agreement.

12. **ADDITIONAL USER OBLIGATIONS.** The obligations of the Government Subscriber set forth in this section are in addition to the other obligations of the Government Subscriber set forth elsewhere in this Agreement.

12.1 **Judicial Policy Statement.** Government Subscriber agrees to comply with all policies identified in applicable Policies & Notices. Upon failure of the Government Subscriber to comply with such policies, the Court shall have the option of immediately suspending or terminating the Government Subscriber's Court Data Services on a temporary basis and/or immediately terminating this Agreement.

12.2 Access and Use; Log.

12.2.1 Government Subscriber shall be responsible for all access to and use of Court Data Services and Court Records (including Court Documents) by Government Subscriber's Individual Users or by means of Government Subscriber's equipment or passwords, whether or not Government Subscriber has knowledge of or authorizes such access and use.

12.2.2 Government Subscriber shall also maintain a log identifying all persons to whom Government Subscriber has disclosed its Court Confidential Security and Activation Information, such as user ID(s) and password(s), including the date of such disclosure. Government Subscriber shall maintain such logs while this Agreement is in effect and for a period of one (1) year following termination of this Agreement. Government Subscriber shall promptly provide the Court with access to, and copies of, such logs upon request.

12.2.3 Government Subscriber, through the Agency Account Manager, shall promptly notify the Court when Government Subscriber's Individual Users with individual logins should have accounts added or deleted. Upon Government Subscriber's failure to notify the Court of these changes, the Court may terminate this Agreement without prior notice to Government Subscriber.

12.2.4 The Court may conduct audits of Government Subscriber's logs and use of Court Data Services and Court Records (including Court Documents) from time to time. Upon Government Subscriber's failure to maintain such logs, to maintain accurate logs, or to promptly provide access by the Court to such logs, the Court may terminate this Agreement without prior notice to Government Subscriber.

12.3 Personnel. Government Subscriber agrees to investigate (including conducting audits), at the request of the Court, allegations of misconduct pertaining to Government Subscriber's Individual Users having access to or use of Court Data Services, Court Confidential Information, or trade secret information of the SCAO and its licensors where such persons violate the provisions of this Agreement, Policies & Notices, Judicial Branch policies, or other security requirements or laws regulating access to the Court Records. Government Subscriber, through the Agency Account Manager, agrees to notify the Court of the results of such investigation, including any disciplinary actions, and of steps taken to prevent further misconduct. Government Subscriber agrees to reimburse the Court for costs to the Court for the investigation of improper use of Court Data Services, Court Records (including Court Documents), or trade secret information of the SCAO and its licensors.

13. FEES AND INVOICES. Applicable monthly fees commence ten (10) days after notice of the Court's approval of this Agreement or upon the initial Government Subscriber transaction as defined in the Policies & Notices, whichever occurs earlier. When fees apply, the State shall invoice Government Subscriber on a monthly basis for charges incurred in the preceding month and applicable taxes, if any, and payment of all amounts shall be due upon receipt of invoice. If all amounts are not paid within thirty (30) days of the date of the invoice, the Court may immediately cancel this Agreement without notice to Government Subscriber and pursue all available legal remedies. Government Subscriber certifies that

funds have been appropriated for the payment of charges under this Agreement for the current fiscal year, if applicable.

14. **MODIFICATION OF FEES.** SCAO may modify the fees by amending the Policies & Notices as provided herein, and the modified fees shall be effective on the date specified in the Policies & Notices, which shall not be less than thirty (30) days from the publication of the Policies & Notices. Government Subscriber shall have the option of accepting such changes or terminating this Agreement as provided in section 1 hereof.

15. **WARRANTY DISCLAIMERS.**

15.1 **WARRANTY EXCLUSIONS.** EXCEPT AS SPECIFICALLY AND EXPRESSLY PROVIDED HEREIN, COURT, SCAO, SCAO'S LICENSORS, AND DCA MAKE NO REPRESENTATIONS OR WARRANTIES OF ANY KIND, INCLUDING BUT NOT LIMITED TO THE WARRANTIES OF FITNESS FOR A PARTICULAR PURPOSE OR MERCHANTABILITY, NOR ARE ANY WARRANTIES TO BE IMPLIED, WITH RESPECT TO THE INFORMATION, SERVICES OR COMPUTER PROGRAMS MADE AVAILABLE UNDER THIS AGREEMENT.

15.2 **ACCURACY, COMPLETENESS AND AVAILABILITY OF INFORMATION.** WITHOUT LIMITING THE GENERALITY OF THE PRECEDING PARAGRAPH, COURT, SCAO, SCAO'S LICENSORS, AND DCA MAKE NO WARRANTIES AS TO THE ACCURACY OR COMPLETENESS OF THE INFORMATION CONTAINED IN THE COURT RECORDS. THE COURT IS NOT LIABLE FOR ANY COURT RECORDS OR COURT DOCUMENTS NOT AVAILABLE THROUGH COURT DATA SERVICES DUE TO COMPUTER OR NETWORK MALFUNCTION, MISTAKE OR USER ERROR.

16. **RELATIONSHIP OF THE PARTIES.** Government Subscriber is an independent contractor and shall not be deemed for any purpose to be an employee, partner, agent or franchisee of the Court, SCAO, SCAO'S licensors, or DCA. Neither Government Subscriber nor the Court, SCAO, SCAO'S licensors, or DCA shall have the right nor the authority to assume, create or incur any liability or obligation of any kind, express or implied, against or in the name of or on behalf of the other.

17. **NOTICE.** Except as provided in Clause 2 regarding notices of or modifications to Court Data Services and Policies & Notices, and in Clauses 13 and 14 regarding notices of or modification of fees, any notice to Court or Government Subscriber hereunder shall be deemed to have been received when personally delivered in writing or seventy-two (72) hours after it has been deposited in the United States mail, first class, proper postage prepaid, addressed to the party to whom it is intended at the address set forth on page one of this Agreement or at such other address of which notice has been given in accordance herewith.

18. **NON-WAIVER.** The failure by either Party at any time to enforce any of the provisions of this Agreement or any right or remedy available hereunder or at law or in equity, or to exercise any option herein provided, shall not constitute a waiver of such provision, remedy or option or in any way affect the validity of this Agreement. The waiver of any default by either Party shall not be deemed a continuing waiver, but shall apply solely to the instance to which such waiver is directed.

19. **FORCE MAJEURE.** Neither party shall be responsible for failure or delay in the performance of their respective obligations hereunder caused by acts beyond their reasonable control.

20. **SEVERABILITY.** Every provision of this Agreement shall be construed, to the extent possible, so as to be valid and enforceable. If any provision of this Agreement so construed is held by a court of competent jurisdiction to be invalid, illegal or otherwise unenforceable, such provision shall be deemed severed from this Agreement, and all other provisions shall remain in full force and effect.

21. **ASSIGNMENT AND BINDING EFFECT.** Except as otherwise expressly permitted herein, neither Party may assign, delegate and/or otherwise transfer this Agreement or any of its rights or obligations hereunder without the prior written consent of the other. This Agreement shall be binding upon and inure to the benefit of the Parties hereto and their respective successors and assigns, including any corporation or other legal entity into, by or with which Government Subscriber may be merged, acquired or consolidated or which may purchase the entire assets of Government Subscriber.

22. **GOVERNING LAW.** This Agreement shall in all respects be governed by and interpreted, construed and enforced in accordance with the laws of the United States and of the State of Minnesota.

23. **VENUE AND JURISDICTION.** Any action arising out of or relating to this Agreement, its performance, enforcement or breach will be venued in a state or federal court situated within the State of Minnesota. Government Subscriber hereby irrevocably consents and submits itself to the personal jurisdiction of said courts for that purpose.

24. **INTEGRATION.** This Agreement sets forth the entire Agreement and understanding between the Parties regarding the subject matter hereof and supersedes any prior representations, statements, proposals, negotiations, discussions, understandings, or agreements regarding the same subject matter. Except as otherwise expressly provided in Clause 2 regarding Court Data Services and Policies & Notices, and in Clauses 13 and 14 regarding fees, any amendments or modifications to this Agreement shall be in writing signed by both Parties.

25. **MINNESOTA DATA PRACTICES ACT APPLICABILITY.** If Government Subscriber is a Minnesota Government entity that is subject to the Minnesota Government Data Practices Act, Minn. Stat. Ch. 13, Government Subscriber acknowledges and agrees that: (1) the Court is not subject to Minn. Stat. Ch. 13 (*see* section 13.90) but is subject to the Rules of Public Access and other rules promulgated by the Minnesota Supreme Court; (2) Minn. Stat. section 13.03, subdivision 4(e) requires that Government Subscriber comply with the Rules of Public Access and other rules promulgated by the Minnesota Supreme Court for access to Court Records provided under this Agreement; (3) the use of and access to Court Records may be restricted by rules promulgated by the Minnesota Supreme Court, applicable state statute or federal law; and (4) these applicable restrictions must be followed in the appropriate circumstances.

IN WITNESS WHEREOF, the Parties have, by their duly authorized officers, executed this Agreement, intending to be bound thereby.

1. GOVERNMENT SUBSCRIBER Government Subscriber must attach documented verification of authority to sign on behalf of and bind the entity ("Master Subscriber Agreement Signing Authority"), such as a council resolution, board authority or legally binding decision maker, and attach same as Exhibit B.

User Acknowledgment Form

The Agency identified below that I work for has contracted with the Office of State Court Administration (the "Court") for the access and use of the Court's Records and Documents. Under that contract, the Agency is required to have employees, student attorneys and contractors sign the written acknowledgment below before they are permitted access.

I, _____, as an employee/student attorney/contractor of _____ ("the Agency"), state the following:

1. I have read and understand the requirements and restrictions in the Master Subscriber Agreement for Minnesota Court Data Services for Governmental Agencies between the Agency and the Court.

2. I understand that I am not to share my login and password information.

3. I shall access and use the Court Records and Court Documents provided for only "legitimate governmental business needs." I understand a "legitimate governmental business need" is limited to a requirement, duty or obligation for the efficient performance of governmental tasks or governmental responsibilities that is required or authorized by law or court rule in connection with any civil, criminal, administrative, or arbitral proceeding in any Federal, State or local court or agency or before any self-regulatory body.

4. I shall not access or use Court Records or Court Documents for personal or non-official use or any use that is not a legitimate governmental business need as defined in paragraph 3, above.

5. I will not share Court Records or Court Documents with third parties other than as needed to further legitimate governmental business needs as defined in paragraph 3, above.

6. I understand that the Court is not liable for any Court Records or Court Documents not available due to computer or network malfunction, mistake or user error. The Court makes no warranties as to the completeness or accuracy of the Court Records and Court Documents provided.

7. I agree to notify the Court when I no longer work for the Agency or no longer have a legitimate governmental business need for Court Records and Court Documents. I agree to stop accessing court records and documents when this occurs.

8. I understand that should I violate paragraphs **3.**, **4.**, or **5.**, it would result in the suspension or termination of my access to Court Records and Documents, and may result in the suspension or termination of the access to Court Records and Documents by the Agency, and other civil and criminal liability.

Members Present:	Jamie Bergwick, Jennifer Garvey, Mayor Wimmer, and Aaron Zdon
Members Absent:	None
Staff Present:	Josi Wood, Public Services Director

D. Agenda Modifications.
Wood asked if there were any agenda modifications. There were none.

Motion by Wimmer, second by Zdon to approve the January 26th, 2016 Parks, Recreation, and Culture Board Agenda. Motion was unanimously approved.

2. Organization of Advisory Bodies as per Chapter 8 of the Isanti City Code

A. Oath of Office for New Board Member
Wood stated the first item is the reelection of a board member. Jamie Bergwick has been reappointed. Wood stated in her packet was an Oath of Office form and that she would have Bergwick cite the Oath of Office pledge.

Bergwick cited the Oath of Office pledge.

B. Chair of Parks, Recreation and Culture Board
Wood asked if there were recommendations for the Chair seat.

Zdon stated that he would like to continue as chair.

Motion to nominate Aaron Zdon for the 2016 Parks, Recreation and Culture Board Chair by Bergwick. Second by Garvey. The vote was unanimously approved.

C. Vice-Chair of Park, Recreation and Culture Board
Zdon stated the next order of business is to appoint a Vice Chair.

Garvey stated she would like to continue to be Vice Chair for the 2016 Parks, Recreation and Culture Board.

Motion by Wimmer to nominate Jenny Garvey. Second by Bergwick. The vote was unanimously approved.

D. Secretary of Parks, Recreation and Culture Board

Motion by Wimmer for City Staff, Josi Wood, for position of secretary for the Parks, Recreation and Culture Board. Second by Bergwick. The vote was unanimously approved.

E. Approve Parks, Recreation and Culture Board Meeting Dates

Zdon stated the meetings are typically the fourth Tuesday and December has been excluded as usual due to Christmas week. Motion by Wimmer. Second by Bergwick. Vote was unanimously approved.

F. Review of Parks, Recreation and Culture Board Member Involvement with other Boards

Wood stated in the past there has been one member who has been a member of the Rum River BMX Association board and wanted to know if that should continue.

Zdon stated he would like to continue being on the Rum River BMX Board.

Motion made by Wimmer. Second by Garvey. Vote was unanimously approved.

G. Review of Conflict of Interest Policy – Resolution No. 2016-008

Joslin approached the podium, introduced himself and thoroughly presented the 2016 Conflict of Interest policy. Joslin asked the Members of the Board if they had any questions and that he would be available to be contacted for questions as well. Joslin asked each member to sign that the have reviewed and agreed to the policy and turn the paperwork into City staff Wood at the end of the meeting.

3. Approval of Minutes from November 24, 2015 Park, Recreation and Culture Board Meeting.

Motion by Wimmer. Second by Bergwick. Vote was unanimously approved.

4. Schedule Annual Park Tour

Wood stated that the annual park tour is typically done at the April meeting. Wood stated that if they keep that tradition that the date would be April 26th, 2016.

Zdon asked if anyone had any conflicts with that date.

Motion to have the annual tour on the April 26th PRC Board meeting by Bergwick. Second by Garvey. Vote was unanimously approved.

5. 38 Acre Park Project Update

Wimmer stated that Council approved it after some discussion. He stated one member wasn't overly excited about it but that is because it is in his backyard and he didn't want it in his backyard. Wimmer stated staff has worked really hard and great staff really do make a great project. Wimmer described the project and that it will take time but included that the Master Gardeners believe the garden will fill up and the school will have a lot of participation similar to what is at the Cedar Creek School.

Wood stated she apologized that some of the copies did not print in their packet. She described the project details that were outlined on the funding page. She also provided the PRC Board with a draft of the plot sites. Wood stated that they would have more elevated/raised beds but there will be two for this year. She also described other elements of the project including the shed, tools and water. Wood described the dock that will be used as the bridge.

Wimmer stated we would be ADA compliant to the end of the bridge and then beyond that the trail will be what it is. That is why we will have it blocked out since there is a lot of ATV traffic.
Wood stated then there would be a trail that would lead the path down the river to the bridge.

Wood stated that we will also have the community garden. As is in the documents, there are the preliminary rules and regulations. Wood stated the cost of the plots were approved by Council. Wood asked if anyone had any questions.

There was discussion on the rules and regulations.

Garvey had some question about the cost of the plots and the size. She asked for more clarification on the sizes in regards to what is stated in the brochure to let people know the sizes of the plots.

Zdon asked if the price was per season and not month.

Wood stated the cost was per season.

Garvey had a concern about providing tools in a shed that was open to the public.

Wood stated that the Cambridge Community Garden does the same thing and have not had issues.

There was discussion regarding the availability of tools to renters of the plots as well as other comments on the rules flyer.

Wimmer stated he wanted to jump in to update the Board on the hockey rink. At Council Goal Setting, the Council had a consensus of what will be voted on at a next meeting, which was something the Board discussed and wished Garvey was there since she's the hockey person. What the Council is looking at is doing is the two rinks on the East side of the pine trees which will be closer to the warming house, and have temporary wood boards and liner. Then the pleasure rink next to it. Wimmer stated it is not set in stone but from a cost standpoint that is what is being looked at. Wimmer stated this may be a way we can ensure we will have outdoor hockey that is cost effective.

Garvey asked if that would be at the next Council meeting.

Wimmer stated that that is where we would be looking at it and obviously it is not set in stone yet. The PRC Board can certainly look at it but from a cost and staff standpoint of doing the wooden boards in regards to repair, it may ensure we will be able to have hockey.

Garvey asked at the next Council meeting.

Wimmer stated yes, it will be brought up with the overall goals.

Garvey stated that her husband was here because they had a few conversations. Garvey went into brief details of another option and Wimmer stated to have her or her husband call him to discuss a new potential path.

Wimmer needed to excuse himself from the meeting to attend another.

There was another brief discussion on the community garden brochure verbiage.

6. Draft Park Brochure for Review

Wood provided a draft of the parks brochure to the Board. She asked for comments and/or suggestions.

The PRC Board had a few minor changes in regards to clarification and grammar but all agreed it was a very well put together brochure.

7. Adjournment

Motion by Garvey, second by Bergwick to adjourn the January 26, 2016 meeting of the Parks, Recreation, and Culture Board. Motion was approved.

The meeting adjourned at 6:43 p.m.

Dated at Isanti, Minnesota this 26th day of January 2016.

Respectfully submitted,

CITY OF ISANTI
CITY COUNCIL MEETING
Tuesday, February 2, 2016
CITY HALL

Mayor Wimmer called the meeting to order at 7:00 p.m.

The Pledge of Allegiance was recited.

Members Present: Mayor George Wimmer, Councilors: Paul Bergley, Dan Collison and Steve Lundeen

Members Absent: Adam Johnson

Staff Present: City Administrator Don Lorsung, City Attorney Clark Joslin, Human Resources/City Clerk Karissa Henning, Lieutenant Travis Muyres, Economic Development Director Sean Sullivan, and Assistant City Engineer Jason Cook

D. Adopt Agenda

Addendum: Add new L.11 Resolution Authorizing Staff to Accept the Knights of Columbus Winter Jacket Donation for Children of Need in the Isanti Schools.

Motion by Collison, second by Lundeen to approve the agenda with addendum as presented. Motion carried unanimously.

E. Proclamations/Commendations/Certificate Awards

1. EDAM SnoBear Award

The Mayor thanked Economic Development Director Sean Sullivan for the fantastic job he did on the SnoBear project. The Mayor noted that this is the second EDAM award received by the City, the first was in 2008 for the Evercat Project, and there are many more great projects in the hopper. The Mayor commented that one of Sullivan's greatest strengths is his technical expertise, along with his knowledge of the available financial tools and his ability to work with a variety of people and organizations. The Mayor acknowledged that without Sullivan, the City may not have received this award. The Mayor noted that approximately $600,000 in state funds were brought in for this project, in addition to the $37,000 invested by the City through TIF Funds which were monies that could only be used for a project of this nature. The Mayor emphasized that although it's wonderful to receive the award and recognition for the hard work and many hours that go into a project such as this, it is the company itself which is the greater reward for the community. The Mayor noted that SnoBear will be adding close to 25 jobs and they have noted plans for expanding. The Mayor also noted that SnoBear is contracting with several local businesses which is a great spin-off benefit.

F. Approve City Council Minutes

1. January 19, 2016 – Regular Meeting of the City Council
2. January 25, 2016 – Goal Setting Meeting of the City Council

Motion by Lundeen, second by Bergley to approve the Regular City Council Minutes of the January 19, 2016 and the Goal Setting City Council Meeting Minutes of the January 25, 2016 meeting as presented.

Motion carried unanimously.

G. Citizens Input
None.

H. Announcements
Announcements were read.

I. Council Committee Reports
The Mayor mentioned that the City has received a request to consider some Mutual Aid Agreements for law enforcement with Isanti County. The Mayor wanted to make the Council aware that he has declined to participate in meetings regarding the Mutual Aid Agreements until further details regarding the agreements have been made explicit. The Mayor indicated that when he receives more information and has an opportunity to review the details, this will directed to the Police Committee for review as there are a number of issues that need to be considered.

J. Public Hearings
None

K. Business Items

1. **Resolution 2016-024 Approving Funding and Special Event Request for Two Cities, One Community Event Hosted by Isanti and Cambridge**

The Mayor noted that this was the event, held jointly with Cambridge, which was held for the first time last year. The Mayor stated his eagerness to continue with this endeavor and build upon the collaborative efforts of the two cities.

Motion by Bergley second by Lundeen to approve Resolution 2016-024 as presented. Motion carried unanimously.

2. **Resolution 2016-025 Approving the Park Name River Bluff Preserve for the 38-Acre Parkland Located in Rum River Meadows Outlot D**

Motion by Bergley second by Lundeen to approve Resolution 2016-025 as presented. Motion carried unanimously.

3. **Resolution 2016-026 Approving City Council Goals for Year 2016**

The Mayor made a few comments here. First, he stated that Parks, Recreation and Culture had been contacted by Mr. Garvey who will be working with the Hockey Arena Board. Garvey indicated that if the City was interested in donating the old hockey rink boards, which will no longer be used by the City, to the Hockey Arena Board; the Board is willing to create a hockey rink near the hockey arena which will have scheduled hours for open use. The Mayor emphasized that this does not mean that the City would discontinue plans for a hockey rink, but it would provide options for the City going forward, in addition to being a good use of equipment that would have been scrapped. The Council will need to have the Arena Board come forward with an official request. Garvey, who has had some communication with the Hockey Arena Board, will be working on that official request. When the request is received, the City would be approaching it as a donation from the City to the Arena Board. The Mayor wanted to address the issue at this time to see if there are any concerns amongst the Council members. Bergley asked for clarification as to whether further action by the City would be needed to remove the boards, etc. The Mayor responded that the Arena Board would arrange to have the hockey rink boards removed and be put into use however they saw

fit. Council members noted that the City could then get by simply building a pleasure rink. The Mayor reiterated that this issue would still need to come before Council before any action could be taken.

Motion by Lundeen second by Bergley to approve Resolution 2016-026 as presented. Motion carried unanimously.

4. **Resolution 2016-027 Approving a Final One-Year Extension for the Final Plat for Fairway Greens Phase 8 as Requested by IRET Properties**

Motion by Lundeen second by Collison to approve Resolution 2016-027 as presented. Motion carried unanimously.

5. **Resolution 2016-028 Approving a Computer Software Purchase Agreement with Civic Systems, LLC.**

The Mayor noted that this purchase was included in the current budget.

Motion by Collison second by Lundeen to approve Resolution 2016-028 as presented. Motion carried unanimously.

6. **Consider Resolutions to Accept Quotes for the 38 Acre Parkland Dock and Fence**
   a. **Resolution 2016-029 Accepting Bid for the Dock System at the 38-Acre Park**
   b. **Resolution 2016-030 Accepting Bid for the Installation of the Community Garden Fence**

The Finance Committee recommended accepting bids from Performance Dock and Lift for the dock system and Century Fence for the Community garden fence.

Motion by Lundeen second by Collison to approve Resolutions 2016-029 and 2016-030 as presented. Motion carried unanimously.

7. **Resolution 2016-031 Authorizing the Chief of Police to Accept the Mini Grant from the MN Department of Public Safety – Office of Traffic Safety for the Preliminary Breath Test (PBT's)**

Motion by Collison second by Bergley to approve Resolution 2016-031 as presented. Motion carried unanimously.

8. **Resolution 2016-032 Authorizing Staff to Accept the 2016 Shakopee Mdewakanton Sioux Community AED Life Program**

Motion by Collison second by Lundeen to approve Resolution 2016-032 as presented. Motion carried unanimously.

PUBLIC HEARING

To: Mayor Wimmer
Members of the City Council

From: Roxanne Achman
Community Development Director

Date: November 17th, 2015

Subject: Approval of the request from Property Resource Group to Vacate a drainage and utility easement within Isanti Commons First Addition.

Background

Isanti Commons First Addition is located East of Highway 65 and South of Heritage Boulevard, where the new Coborn's grocery store is to be constructed. This property is being split to allow for development on the southern portion of the lot, thus requiring the vacation of a drainage and utility easement so as not to impede development. Drainage will be directed to an alternate easement location within the newly platted lot. The easement to be vacated is as described below:

That part of Outlot A, ISANTI COMMONS, Isanti County, Minnesota, described as follows:

> Commencing at the northeast corner of said ISANTI COMMONS; thence South 01 degrees 10 minutes 49 seconds East on an assumed bearing along the East line of said ISANTI COMMONS, a distance of 754.53 feet; thence southwesterly a distance of 141.09 feet along a tangential curve concave northwesterly having a central angle of 26 degrees 56 minutes 47 seconds and a radius of 300.00 feet; thence North 60 degrees 00 minutes 37 seconds West, a distance of 30.09 feet to the point of beginning; thence continuing on said line North 60 degrees 00 minutes 37 seconds West, a distance of 84.12 feet; thence South 29 degrees 59 minutes 23 seconds West, a distance of 51.58 feet; thence South 60 degrees 00 minutes 37 seconds East, a distance of 113.95 feet; thence North 32 degrees 50 seconds 58 minutes East, a distance of 15.83 feet; thence northeasterly a distance of 35.80 feet along a tangential curve concave northwesterly having a central angle of 07 degrees 35 minutes 48 seconds and a radius of 270.00 feet to the point of beginning.

A public hearing was set by the City Council January 5th, 2016 for the February 16th, 2016 City Council meeting.

Public Hearing Notice

Notice was published within the Isanti County News on Wednesday, January 27th and Wednesday, February 3rd. Notice was also provided to property owners living within the subject area of the vacation that may be impacted by such a vacation. City staff has received no questions or comments regarding the vacation.

Staff Request

City Staff is requesting action on this item.

STATE OF MINNESOTA

RESOLUTION NO. 2016-XXX

A RESOLUTION VACATING A UTILITY EASEMENT

THE CITY COUNCIL OF THE CITY OF ISANTI, MINNESOTA DOES HEREBY RESOLVE AS FOLLOWS:

WHEREAS, the City Council of the City of Isanti previously passed Resolution No. 2016-004 noting its interest in vacating pursuant to Minnesota Statute 412.851 a utility easement legally described as:

That part of Outlot A, ISANTI COMMONS, Isanti County, Minnesota, described as follows:

Commencing at the northeast corner of said ISANTI COMMONS; thence South 01 degrees 10 minutes 49 seconds East on an assumed bearing along the East line of said ISANTI COMMONS, a distance of 754.53 feet; thence southwesterly a distance of 141.09 feet along a tangential curve concave northwesterly having a central angle of 26 degrees 56 minutes 47 seconds and a radius of 300.00 feet; thence North 60 degrees 00 minutes 37 seconds West, a distance of 30.09 feet to the point of beginning; thence continuing on said line North 60 degrees 00 minutes 37 seconds West, a distance of 84.12 feet; thence South 29 degrees 59 minutes 23 seconds West, a distance of 51.58 feet; thence South 60 degrees 00 minutes 37 seconds East, a distance of 113.95 feet; thence North 32 degrees 50 seconds 58 minutes East, a distance of 15.83 feet; thence northeasterly a distance of 35.80 feet along a tangential curve concave northwesterly having a central angle of 07 degrees 35 minutes 48 seconds and a radius of 270.00 feet to the point of beginning,

and setting a public hearing to consider the vacation of such drainage and utility easement: and,

WHEREAS, a public hearing to consider the vacation of the utility easement was held on the 16th day of February, 2016, before the City Council of the City of Isanti in the City Hall located at 110 First Avenue NW at 7:00 p.m. after due published and posted notice had been given, as well as personal mailed notice to all affected property owners by the Community Development Director on the 8th day of February, 2016 and all interested and affected persons were given the opportunity to voice their concerns and be heard; and,

WHEREAS, any person, corporation or public body owning or controlling easements contained upon the property vacated, reserves the right to continue maintaining the same or to enter upon such way or portion thereof vacated to maintain, repair, replace or otherwise attend thereto; and,

WHEREAS, the City Council of the City of Isanti in its discretion has determined that the vacation will not hinder the public interest because the drainage will be redirected to an onsite ponding area; and,

WHEREAS, all members of the City Council of the City of Isanti concur in this Resolution; and,

NOW THEREFORE, BE IT UNANIMOUSLY RESOLVED BY THE CITY COUNCIL OF THE CITY OF ISANTI, COUNTY OF ISANTI, MINNESOTA, that such petition for vacation is hereby granted and the utility easement located on the property legally described as Outlot A, Isanti Commons described as follows be hereby vacated:

That part of Outlot A, ISANTI COMMONS, Isanti County, Minnesota, described as follows: Commencing at the northeast corner of said ISANTI COMMONS; thence South 01 degrees 10 minutes 49 seconds East on an assumed bearing along the East line of said ISANTI COMMONS, a distance of 754.53 feet; thence southwesterly a distance of 141.09 feet along a tangential curve concave northwesterly having a central angle of 26 degrees 56 minutes 47 seconds and a radius of 300.00 feet; thence North 60 degrees 00 minutes 37 seconds West, a distance of 30.09 feet to the point of beginning; thence continuing on said line North 60 degrees 00 minutes 37 seconds West, a distance of 84.12 feet; thence South 29 degrees 59 minutes 23 seconds West, a distance of 51.58 feet; thence South 60 degrees 00 minutes 37 seconds East, a distance of 113.95 feet; thence North 32 degrees 50 seconds 58 minutes East, a distance of 15.83 feet; thence northeasterly a distance of 35.80 feet along a tangential curve concave northwesterly having a central angle of 07 degrees 35 minutes 48 seconds and a radius of 270.00 feet to the point of beginning.

BE IT FURTHER RESOLVED, that the Mayor and City Clerk are hereby authorized to sign all documents necessary to effectuate the intent of this Resolution and that the City Clerk is hereby directed to file a Notice in writing of the completion of these vacation proceedings, together with a certified copy of this Resolution, with the County Recorder in and for Isanti County, Minnesota.

Adopted by the Isanti City Council this 16th day of February 2016.

FINDINGS OF FACT AND CONCLUSION

Request

Request from Property Resource Group for the Vacation of that part of Outlot A, ISANTI COMMONS, Isanti County, Minnesota, described as follows:

> Commencing at the northeast corner of said ISANTI COMMONS; thence South 01 degrees 10 minutes 49 seconds East on an assumed bearing along the East line of said ISANTI COMMONS, a distance of 754.53 feet; thence southwesterly a distance of 141.09 feet along a tangential curve concave northwesterly having a central angle of 26 degrees 56 minutes 47 seconds and a radius of 300.00 feet; thence North 60 degrees 00 minutes 37 seconds West, a distance of 30.09 feet to the point of beginning; thence continuing on said line North 60 degrees 00 minutes 37 seconds West, a distance of 84.12 feet; thence South 29 degrees 59 minutes 23 seconds West, a distance of 51.58 feet; thence South 60 degrees 00 minutes 37 seconds East, a distance of 113.95 feet; thence North 32 degrees 50 seconds 58 minutes East, a distance of 15.83 feet; thence northeasterly a distance of 35.80 feet along a tangential curve concave northwesterly having a central angle of 07 degrees 35 minutes 48 seconds and a radius of 270.00 feet to the point of beginning.

Findings of Fact

1. The applicant received Final Plat Approval for Isanti Commons Second Addition on January 19th, 2016 (Resolution No. 2016-015).
2. The petitioner has petitioned for the vacation of a drainage and utility easement shown on such plat for Isanti Commons Second Addition.
3. Such property is legally described as Outlot A, Isanti Commons.
4. The property is zoned "B-2" General Business District within Isanti Commons.
5. The property is currently vacant.
6. The petitioner is requesting the vacation of the easement in order to develop the site. Drainage that was intended to go into these easements will be redirected to a pond that will be constructed as part of this lots development.
7. A complete application was received on December 28th, 2015 and a public hearing date was set by the City Council on January 5th, 2016 for Tuesday, February 16th, 2016 (Resolution No. 2016-004).
8. Notice of the Vacation of an Easement Area was published within the Isanti County News on Wednesday, January 27th, 2016 and Wednesday, February 3rd, 2016. Notices were sent to all property owners located within 350 feet of the subject property.
9. Property taxes are up to date and current as of December 28th, 2015.

Conclusions

1. The vacation of the drainage easements will not adversely affect the public as drainage will be redirected to an onsite pond.

Decision

The City Council reviewed the item at their regularly scheduled meeting on **February 16th, 2016.** The meeting minutes will be made part of the Findings of Fact.

MEMO

To: **Mayor and City Council**
From: Karissa Henning, Human Resources/ City Clerk
Date: February 16, 2016
Subject: Department Head Pay Increase

Background:
Staff was directed to review with the Personnel Committee increasing pay for all department heads by $5,000 dollars at the 2016 City Council goal setting session due to the City's pay for department heads being lower than neighboring Cities.

Personnel Committee Review:
The Personnel Committee reviewed increasing department head salaries by $5,000 and recommends making the adjustment to all department head salaries at the beginning of the pay scale (step 1).

Attached for Council review and consideration is the increase of department head salaries by $5,000 at the beginning of the pay scale (step 1) for each position. The total impact to the budget for this increase in department head salaries across all funds is $42,155.62 for the remainder of the 2016 year. It is recommended to amend the 2016 budget and to fund this additional expense by increasing the transfer from the Liquor Store by $42,155.62.

Council Action:
Approval of a $5,000 dollar increase to all department head salaries effective pay period 6 of 2016 (February 21, 2016), an amendment to the 2016 budget in the amount of $42,155.62, and to fund this expense by increasing the transfer from the Liquor Store by $42,155.62.

- 2016 Budget Impact for $5,000 Dollar Increase

RESOLUTION NO. 2016-XXX

RESOLUTION APPROVING A FIVE THOUSAND DOLLAR INCREASE TO ALL DEPARTMENT HEAD SALARIES AND AMENDING THE 2016 BUDGET

WHEREAS, the City of Isanti has noticed its pay for department head positions is lower than neighboring cities; and,

WHEREAS, at City Council goal setting the Personnel Committee was directed to look into increasing all department head positions by $5,000 dollars; and,

WHEREAS, the Personnel Committee reviewed this matter and recommends increasing all department head salaries by $5,000; and,

WHEREAS, the $5,000 dollar increase is to start at the beginning of the pay scale (step 1) and will be effective the start of pay period 6 of 2016 (February 21, 2016); and,

WHEREAS, the 2016 budget was approved on December 1, 2015 and it is recommended to amend the budget to include the department head salary increase in the amount of $42,155.62.

NOW THEREFORE BE IT RESOLVED BY THE CITY COUNCIL OF THE CITY OF ISANTI, MINNESOTA:

1.) That all department head positions be increased by $5,000 dollars beginning at step 1 of the pay scale (as attached) and will be effective the start of pay period 6 of 2016 (February 21, 2016).

2.) The 2016 budget is hereby amended to include the department head salary increase effective pay period 6 of 2016 in the amount of $42,155.62 and to fund this expense by increasing the transfer from the Liquor Store by $42,155.62.

This resolution was duly adopted by the Isanti City Council this 16th day of February, 2016.

Request for Council Action

To: Mayor Wimmer
Members of the City Council

From: Roxanne Achman
Community Development Director

Date: February 16, 2016

Subject: Request from the City of Isanti to Rezone Parcel No. 16.103.0550, legally described as Lot 6, Block 3 of Isanti Meadows, and Parcel 16.103.0560, legally described as Lot 7, Block 1, Isanti Meadows, Isanti County, Isanti, Minnesota, for park and open space uses.

Background

City staff received a listing of tax forfeited properties for 2015 last year. Among those were properties located in Isanti Meadows at 605 and 607 Fir St SW (PID 16.103.0550 and 16.103.0560). The City applied for a Conditional Use Deed to acquire these two parcels for public park use which was approved by Isanti County and the State of Minnesota. In order to use the property for park and open space uses, the property needs to be rezoned to Park and Open Space (POS) through an amendment to the zoning map.

The City has three (3) years to use the parcels as a neighborhood park of open space and include one of the following sports amenities: tennis court, basketball court or volleyball court. Should the land not be used as listed on the Conditional Use Deed, it would revert back to the State.

Zoning Ordinance Requirements

The purpose of the "POS" Parks and Open Space Overlay District is to protect and preserve parks, open space, and undevelopable land and areas with valuable environmental qualities from further development and to provide for the recreational use of land and structures within the City.

The Planning Commission shall conduct a public hearing, and report its findings and make recommendations to the City Council. The Planning Commission shall consider possible adverse effects of the proposed amendment. The judgment of the Planning Commission with regard to the application shall be based upon, but is not limited to, the following factors:

1. The proposed action has been considered in relation to the specific policies and provisions of and has been found to be consistent with the City Comprehensive Plan, including public facilities and capital improvement plans.
2. The proposed action meets the purpose and intent of this Ordinance or in the case of a map amendment; it meets the purpose and intent of the individual district.
3. There is adequate infrastructure available to service the proposed action.
4. There is an adequate buffer or transition provided between potentially incompatible districts.

Comprehensive Plan

The purpose of this category is to identify portions of Isanti that contain existing or planned park and open space uses. Examples of park and open space uses include local and state parks, wildlife areas, and other outdoor recreation facilities, as well as passive open space areas that are prioritized as protected on the natural areas map.

In addition to the parks and open space areas designated as such on the Land Use Plan map, new residential developments should incorporate neighborhood parks as they are developed.

Public Notice
Notice of the Map Amendment was published in the official City newspaper, Isanti County News; on Wednesday, January 27th, 2016. Mailed notice was provided to property owners within 350' of the subject property.

Public Comments
No public comments had been received regarding the proposed text amendment prior to the release of the staff memo.

Planning Commission Recommendation:
Motion by Kennedy second by Lind-Livingston to recommend approval of the request from the City of Isanti to Rezone Parcel No. 16.103.0550, legally described as Lot 6, Block 3 of Isanti Meadows, and Parcel 16.103.0560, legally described as Lot 7, Block 1, Isanti Meadows, Isanti County, Isanti, Minnesota, for park and open space uses based on the Findings of Fact and Conclusions. Motion carried unanimously.

Deadline for City Council Action
The City of Isanti received a complete application for this request on January 21st, 2016. Pursuant to Minnesota State Statute, the City must act on this request by March 21st, 2016 (60-days); unless an extension of the review period has been agreed to by the applicant.

Staff Request
City staff is requesting a recommendation on this item, which would be forwarded to the City Council at their February 16th, 2016 meeting.

FINDINGS OF FACT AND CONCLUSION

Request

Request from the City of Isanti to Rezone Parcel No. 16.103.0550, legally described as Lot 6, Block 3 of Isanti Meadows, and Parcel 16.103.0560, legally described as Lot 7, Block 1, Isanti Meadows, Isanti County, Isanti, Minnesota, for park and open space uses.

Findings of Fact

1. The property owners, the City of Isanti, filed an application to rezone Parcel No. 16.103.0550and Parcel 16.103.0560from "R-1" Single Family Residential District to "POS" Park and Open Space District.
2. The property is legally described as follows: Parcel No. 16.103.0550, legally described as Lot 6, Block 3 of Isanti Meadows, and Parcel 16.103.0560, legally described as Lot 7, Block 1, Isanti Meadows.
3. The rezoning of the property would permit the property to be slated for park and open space uses.
4. The Comprehensive Plan has a land use encourages the incorporation of neighborhood parks.
5. The requested to rezone this property on January 21st, 2016. Pursuant to Minnesota State Statute, the City must act on this request by March 21st, 2016 (60-day rule).
6. A public hearing date before the Planning Commission was scheduled for Tuesday, February 9th, 2016 at 7:00 p.m. at City Hall within the Council Chambers.
8. Notice of the Rezoning request was published within the Isanti County News on Wednesday, January 27th, 2016. Notices were sent to all property owners located within 350 feet of the subject property.
9. Section 21, Article 1: Amendments (Text and Map), Subdivision 4 (D) of the Zoning Ordinance establishes criteria in which the judgment of the Planning Commission and City Council shall be based upon when reviewing a Rezoning request.

Conclusions

A. In review of the factors established in Section 21, Article 1 Amendments (Text and Map), Subdivision 4 (D) the following conclusions have been made (*conclusions to each requirement are shown in underlined italics)*:

   1. The proposed action has been considered in relation to the specific policies and provisions of and has been found to be consistent with the Comprehensive Plan, including public facilities and capital improvement plans.
      The identified parcels fit within the concept of implementing neighborhood parks. One of the Comprehensive Plan's objectives is to provide passive parkland and open space areas to enhance the quality of life in existing and future neighborhoods
   2. The proposed action meets the purpose and intent of this Ordinance or in the case of a map amendment; it meets the purpose and intent of the individual district.
      The rezoning of the parcel would meet the purpose and intent of the district in which the property is located. Park and open space is suitable and beneficial to residential neighborhoods.
   3. There is adequate infrastructure available to service the proposed action.
      Any necessary infrastructure is already in place in this area should the City need connect to it.
   4. There is an adequate buffer or transition provided between potentially incompatible districts.
      Parks and open space are compatible with residential uses.

Decision

The Planning Commission reviewed the request in a public hearing on **February 9th, 2016**. The meeting minutes, staff memo, and attachments shall be made a part of the Findings of Fact and Conclusion.

Motion by Kennedy second by Lind-Livingston to recommend approval of the request from the City of Isanti to Rezone Parcel No. 16.103.0550, legally described as Lot 6, Block 3 of Isanti Meadows, and Parcel 16.103.0560, legally described as Lot 7, Block 1, Isanti Meadows, Isanti County, Isanti, Minnesota, for park and open space uses based on the Findings of Fact and Conclusions. Subject: Resolution Establishing and Appointing Members to the GreenStep Committee.

Background

Last year the City Council passed Resolution No. 2015-181 authorizing the City of Isanti to participate in the Minnesota GreenStep Cities Program. One of the items that need to be completed in order to reach the next level (Step 3) in the GreenStep Cities Program is to establish a committee to oversee and coordinate sustainable efforts within the community. Up to this point the Development and Operations Advisory Committee has been overseeing these efforts.

DOAC reviewed the matter at their February 4th, 2016 meeting and recommended that the City Council consider establishing a GreenStep Committee and appointing the existing Councilmembers on DOAC and the following City Staff:

City Administrator
Finance Director
Public Services Director
Community Development Director
Economic Development Director

Subject: Consider Resolution for Public Works Lighting Upgrade and Grant Submission

---

Overview

By upgrading the existing Public Works Facility lighting to exclusive LED, the City will see an annual savings of $1,674.52 and payback for the entire project in 5.4 years. The total energy savings over ten years for this project will be $16,745.19. The budget had $9,500.00 allocated in Capital Outlay for this project.

Background

Staff has been looking into options for upgrading the inefficient lighting at the Public Works Facility. Since a more energy efficient option would be in the best interest of the City, staff reached out to the City's energy provider, Connexus Energy, for assistance. The City's representative at Connexus Energy, Jennifer Sweeney, suggested that she meet on site with a lighting representative that they work with to get more options.

Staff met with Jennifer and the reps at Lighten Up, LLC on January 26th to discuss the needs of the facility as well as look at options that are energy efficient. Their proposal is attached. The materials would be purchased through them and electrical work to be performed by the City's contracted electrician, North Branch Electric (NBE). The City would also qualify for rebates through Connexus and a grant opportunity through the MN Chamber.
Here is the breakdown of the project:

Material (Lighten Up)	$7,785.00
Labor (NBE)	$3,245.00
Contingency Costs	$550.00
SUBTOTAL	$11,580.00
Less Rebate	-$2,016.00
Less Proposed Grant	-$985.00
TOTAL	**$8,579.00**

Finance Committee Recommendation

The Finance Committee reviewed the information and recommends to move forward with the project as proposed with the initial amount slightly over budget as the rebate and proposed grant will offset the costs bringing the entire project under what was budgeted.

Staff Request

Staff is requesting action on this item to work with Lighten Up, LLC as referred by Connexus Energy for the lighting upgrades for materials, electrical to be installed by the City contracted Electrician, North Branch Electric, and to apply for the MN Chamber energy savings grant opportunity.

RESOLUTION NO. 2016-XXX

A RESOLUTION AUTHORIZING THE UPGRADE OF THE PUBLIC WORKS FACILITY LIGHTING

WHEREAS, upgrading the existing lighting to LED technology will fix the inefficient lighting of the Public Works Facility as well as give an annual energy savings of an estimated $1,674.52 to the City; and,

WHEREAS, the materials will be purchased through Lighten Up, LLC, a Connexus Energy affiliate, in the amount of $7,785.00; and,

WHEREAS, the electrical labor will be performed through the City's contracted electrician, North Branch Electric, in the amount of $3,245.00; and,

WHEREAS, contingency costs for the project will be in the amount of $550.00; and,

WHEREAS, the estimated rebates through Connexus Energy will be $2,016.00; and,

WHEREAS, staff may proceed with applying for an energy savings grant opportunity through the MN Chamber of Commerce, a Connexus Energy affiliate, which may give additional funds towards this project; and,

WHEREAS, the funding source will be from Capital Outlay of these funds and respective 20% allocation: streets, PRC, water, sewer and storm water; and,

WHEREAS, the Finance Committee reviewed the proposals on February 4, 2016 and has recommended that the project move forward as outlined per this resolution;

NOW, THEREFORE, BE IT RESOLVED by the City Council of the City of Isanti, Minnesota:

1. To hereby accept the proposals from Lighten Up, LLC, North Branch Electric and contingency funds in the total amount, not to exceed, $11,580.00 before the energy rebates are applied.
2. Authorize the Public Services Director to apply for the energy savings grant opportunity through the MN Chamber of Commerce and sign the required documents for such grant.

This resolution was duly adopted by the Isanti City Council this 16th day of February, 2016.

Description of Work

Retrofit Existing Interior & Exterior Lighting

This proposal covers the removal of all existing HID (high-bay) light fixtures in the shop, the installation of new LED High-bays, replacement of the existing wall-packs, and the retrofitting of remaining fluorescent light fixtures.

General
All fixtures, lamps, and associated parts are to be supplied by Lighten UP LLC.
(NBE does not have anything to do with this lighting supplier)

This proposal covers the installation or replacement of all the light fixtures listed in the LIghten UP LLC proposal.

Notes

High-bay fixtures will be cable-hung from the ceiling. The quote from the lighting supplier calls for feeding the new fixtures with the old cord-sets. Height of each fixture will be dictated by the length of the old cord-set.

Total installation should be completed within 3 days of commencement.

NBE does not warrant any fixtures supplied by others.

The total cost includes all materials, labor, lift rental, and permit fees for the work contained within this proposal.

2016
Business Environmental Sustainability Project Finance Program Application

Summary

The Business Environmental Sustainability Finance Program (BESFP) is a grant program of the Minnesota Chamber of Commerce. **The purpose of the BESFP grant program is to motivate business owners to complete projects that would otherwise not get done without a BESFP grant. Applications for which a verbal or written commitment has already been made to complete the project will not be considered for this grant program.**

Grants of up to $3,000 may be available for pre-qualified energy efficiency and waste management projects. BESFP grant program participants will work closely with Energy Smart or Waste Wise staff to identify projects that may qualify for a grant. **For approved energy project applicants, the BESFP grant may finance $0.07/estimated kWh saved, up to a third of the project cost with a $3,000 cap for pre-qualified energy projects.** For approved waste project applicants, the BESFP grant may finance one third of the project cost up to $3,000 for a pre-qualified waste improvement project. The grantee is responsible for the remaining project cost.

Eligible projects include energy efficiency projects that receive an energy utility rebate and waste projects which result in quantifiable waste diversion (waste kept out of the municipal solid waste stream). No more than one grant per business (or business location) per calendar year, or for one 12-month period, will be given. Priority will be given to businesses that have not received a BESFP grant at any time in the past.

2016 grant applications will be accepted until December 1, 2016. Projects must be complete and verified by December 31, 2016 in order to qualify for a grant.

Stakeholder Responsibilities

Energy Smart & Waste Wise Staff are responsible for:

- Conducting initial energy or waste on-site consultation
- Reviewing project bids with business representative(s)
- Verifying estimated energy or waste savings based on the project specifications
- Performing final inspection of the completed project
- Completing and submitting energy utility rebate forms
- Verifying that energy utility rebate has been received by business

Businesses is responsible for:

- Ensuring that the application is true to the mission of the grant program and that **the project will not be done if a BESFP grant is not given**
- Completing a Waste Wise or Energy Smart on-site consultation
- Securing two to three bids from contractors qualified to complete the project work
- Completing and signing the BESFP application
- Demonstrating ability to finance project cost
- Providing most recent 12 consecutive months of energy utility bills
- Agreeing to a full inspection of financed project
- Completing a W9 and providing it to the BESFP

MINNESOTA CHAMBER of COMMERCE

2016
Business Environmental Sustainability Project Finance Program Application

If using a contractor for the project, the contractor is responsible for:

- Ensuring that the application is true to the mission of the grant program and that **the project will not be done if a BESFP grant is not given**
- Providing a copy of the project quote (including material and labor costs) and final invoice and rebate paperwork
- Carrying liability insurance certificate specific to the project
- Signing a Warranty and Contract Agreement, Lien Waiver(s) and Sworn Construction Statement if applicable

Eligible Businesses and Projects

Eligible projects include:

- Energy projects which qualify for an Xcel Energy or Connexus Energy prescriptive or pre-approved customer rebate
- Waste projects for which diversion rates can be quantified according to industry standards

Applicants must meet one of more of the following criteria:

- Is a member of the Minnesota Chamber of Commerce
- Is an Xcel Energy or Connexus Energy customer (energy projects only)
- Is NOT located in Ramsey, Washington, Anoka, or Carver county (waste projects only)

Application Procedure

1. Contact Energy Smart or Waste Wise to schedule an energy and/or waste on-site consultation
2. Energy Smart or Waste Wise staff conducts an on-site visit to identify projects that may qualify for a grant
3. Energy Smart or Waste Wise staff work with the business to secure two to three bids from qualified contractors (bid process includes identifying and noting applicable energy utility rebates or estimated rate of waste diversion)
4. Business submits a BESFP grant application
5. Energy Smart or Waste Wise reviews application and verifies that project qualifies for a utility rebate
6. If the BESFP grant application is approved, project work commences
7. Energy savings or waste diversion and receipt of utility rebate check need to be verified, and W9 submitted to BESFP before a grant check is sent

Energy Projects Only

1. Energy Smart staff performs inspection after project work is completed
2. Energy Smart staff or contractor completes the energy utility rebate application and submits it to the energy utility
3. The BESFP grant may finance $0.07/estimated kWh saved, up to a third of the project cost with a $3,000 cap for pre-qualified energy projects.

MEMORANDUM

Date: February 8, 2016

To: Honorable Mayor Wimmer and Members of the City Council
City of Isanti

From: Bradley C. DeWolf, P.E.
City Engineer

Subject: Water Treatment Plant Hatch Improvements
City of Isanti, MN

The Water Treatment Plant has16 hatches. Three hatches have been replaced to date. The remaining 13 hatches have varying levels of deterioration, from leaking to beginning signs of corrosion. To prevent future risk of failure of these hatches, Bolton & Menk, Inc met with Matt Sylvester and Shank Constructors, Inc to discuss improvement options. It was determined that a 150 pound slip on flange, steel hinges, and new gaskets are needed.

Attached is the quote received from Shank Constructors, Inc to install these improvements at a cost of $4,400 per hatch totaling $57,200.

The current City budget includes $50,000 for this work that was based on the engineers estimate.

We recommend the City approve these needed improvements and award the project to Shank Constructors, Inc. in the amount of $57,200.

Please contact me at (612) 756-1032 if you have any questions or need additional information.

Motion by Lundeen second by Collison to approve the minutes for December 1, 2015. Motion carried unanimously.

4. Open Meeting Law & Conflict of Interest Information, Clark Joslin, City Attorney

President Wimmer indicated that this presentation was already given to City Council and EDA members were present at the City council Meeting on January 5, 2016.

Staff asked commissioners to get conflict of interest form submitted as soon as possible.

No formal action was requested or taken.

5. 2014-2015 Minnesota Manufacturing Week Summary Report

Economic Development Sullivan highlighted the Manufacturing business reports generated on behalf of the city of Isanti by Greater MSP. Sullivan explained that the City enters the raw data from business visits and various reports can be generated to show trends and areas to review. Has highlight a few of the large changes from 2014 to 2015 and also area that the City scored below neutral for the business environment. Sullivan asked the EDA if they liked the reports and the information contained.

The EDA consensus was that there were useful reports. Tracy Niefert, Isanti Area Chamber of Commerce President provided an update about upcoming chamber events and the pending merger between the Isanti Area Chamber of Commerce and the Cambridge Area Chamber of Commerce.

6. Consider Establishment of Meetings with Isanti Businesses in 2016

Economic Development Director Sullivan presented the staff memo. He indicated the he and President Wimmer had been discussing this item generally and were looking for some input from the full EDA regarding the matter. The thought would be to offer times for businesses to meet with City Staff and the Mayor to have questions answered and to pass on information pertinent to the business community. This would build off from what is being done at the Mayor's Luncheon.

President Wimmer stated that he wanted the meetings to be more of informal with coffee and a very low intensity forum.

Sullivan asked the EDA if they had additional comments.

President Wimmer wants the meeting to be fairly frequent with it starting as soon as possible. He thought March was a reasonable timetable to start meetings.

Commissioner Dragisich asked if we could allocate some marketing dollars to these meeting for food and beverage.

Consensus of the EDA was to allocate some marketing funds for food and beverage.

EDA consensus was to have Economic Development Director Sullivan work with President Wimmer to get these meetings up and running in March 2016.

7. Other Business / Updates

Economic Development Director Sullivan highlighted the Staff Memo which included that housing continues to thrive and the he and President Wimmer would be accepting the business recruitment award from EDAM in January. Coborn's and Allina will be incorporated into future marketing materials. The EDA also touched on the impact of SnoBear USA to the community and the unique nature of their products.

a. Business Prospects
b. 2016 Tourism Market Study Update
c. GPS 45:93
d. EDAM – Winter Conference
e. Housing Starts in 2015
f. Business Arrivals and Departures in Isanti 2015

Commissioner Collision asked if the EDA would be interested in putting a map together showing location of businesses and attractions to be placed at Isanti Indoor Arena – Home of Rum River BMX.

President Wimmer indicated that this was a good idea. He indicated that the business haven't seemed to take full advantage of events that come to Isanti. He mentioned past venues such as

Cambridge Isanti Soccer / BMX and Hockey haven't had the best participation rates by Isanti businesses in marketing efforts. More work needs to be done in this area. A Hotel is a key component to the success of businesses in Isanti. The Hotel and how to get it built will be discussed at City Council Goal Setting.

Commissioner Lundeen expressed the need for a hotel in Isanti to accommodate for events. He mentioned that 4 Large State Softball tournaments are held in Cambridge that draw from around the state. They have to turn down bids due to lack of lodging in area.

Commissioner Dragisich asked if the BMX event and the street dance could be coordinated together.

President Wimmer stated that in the past the Street Dances were held on weekends that didn't have conflicting events.

8. Adjournment

Lundeen motioned, seconded by Bergley to adjourn at 8:13 pm. Motion carried unanimously.

Dated at Isanti, Minnesota, this 5th day of January, 2016.

Respectively Submitted,

_____

Motion carried unanimously.

4. Approval of Minutes from December 8, 2015 Planning Commission Meeting.
Duncan questioned if there were any comments or changes to the minutes.

Motion by Lundeen, second by Bergley to approve the December 8th, 2015 Planning Commission Meeting Minutes. Motion was unanimously approved.

5. Public Hearings.
A. Request from Tim Marinan for Approval of a Conditional Use Permit to operate a Motor Vehicle Sales Office and Display at the Dual Square Mall on the property located at 401 E Dual Blvd NE, Isanti, Minnesota.
Duncan read the item into the minutes.

Achman presented the staff memo.

Duncan opened the public hearing.

Timothy Marinan, 4359 155th Ave NW, Andover, MN, approached the podium to state his presence.

Bergley asking if the applicant understood all the conditions outlined for the Conditional Use Permit.

Achman confirmed the applicant was presented the conditions and understood them.

Bruce Yerigan, 27741 University Ave NE, Isanti, MN, asked if there was a site layout indicating where the cars would be displayed.

Achman provided Mr. Yerigan with a copy of the site layout indicating the cars would be on the easternmost portion of the lot, facing East Dual Boulevard NE.

Lundeen asked Mr. Marinan if he anticipated more than five cars being displayed on the lot.

Mr. Marinan stated that he did not. The site is primarily for the use of an office space.

Achman clarified that due to the type of car dealer license Mr. Marinan has, the state requires that he provides proof that five vehicles can be displayed on the lot whether he plans on using them or not.

Duncan closed the public hearing.

Motion by Kennedy second by Cesafsky to recommend approval of the request from Tim Marinan for Approval of a Conditional Use Permit to operate a Motor Vehicle Sales Office and Display at the Dual Square Mall on the property located at 401 E Dual Blvd NE, Isanti, Minnesota based on the Findings of Fact and conclusions with the following conditions:

1. Services and sales are associated with a principal building with a minimum floor area of at least one thousand (1,000) square feet.
2. All area of the property not devoted to building, parking, or open sales lot area shall be landscaped in accordance with Section 15 of this Ordinance.
3. Off-street parking and loading shall meet the requirements as stipulated within Section 17 of this Ordinance.
4. All new or used vehicles parked or displayed outdoors on the property shall conform to all requirements of the State of Minnesota; shall be operable; shall include all engine, muffler, brakes, and operating parts; shall be equipped with all exterior body parts as if new (for a passenger vehicle, truck or van, this shall mean four (4) tires, all doors and windows, headlamps and grillwork, mirrors, fenders, trunk, lids, body panels and molding, etc, or if a boat, all windshields, safety railings, hulls, trailer, etc.); shall be uniformly and wholly painted; and shall be free from having any loose or damaged exterior parts.
5. All repair, assembly, disassembly or maintenance of motor vehicles or motor vehicle parts shall occur within an enclosed building.
6. A detailed site plan conforming to the requirements of Section 18 of this Ordinance shall be submitted. The site plan shall also illustrate the location of all open sales and storage areas.
7. No outside speaker system shall be permitted without the approval from the City Council.
8. A landscaped buffer shall be provided, if the use abuts any residential zoning district. Solid screening to a minimum height of six (6) feet shall be provided along any portion of the open sales lot abutting a residential property or district. Such screening shall consist of a continuous landscape berm, solid wood fence, wall, or other comparable material. Fencing shall be constructed of wood or comparable material and should be of an ornamental or decorative design. If a chain link or wood fence is used, landscaping shall be provided on the outside of the fence facing the abutting residential property or district.

Motion carried unanimously.

B. Request from Property Resource Group on behalf of Isanti Holdings, LLC for Preliminary and Final Plat Approval of a Minor Subdivision of the property legally described as Lot 1, Block 1, Isanti Commons First Addition, Isanti County, Isanti, Minnesota.

Duncan read the item into the minutes.

Achman presented the staff memo.

Bergley questioned whether Coborn's had given any indication of what would be placed on that lot.

Achman clarified that Coborn's does not own the property. Paces Lodging (Property Resource Group) owns the land. Whoever purchases or leases the lot will be doing so from Paces. Not Coborn's.

Duncan stated that it appeared city staff was recommending approval subject to the City Engineers review comments being addressed.

Duncan opened the public hearing.

Mr. Yerigan requested to see a copy of the plat.

Achman provided a copy to Mr. Yerigan and indicated where the subdivision would occur on the parcel.

Duncan closed the public hearing.

Motion by Cesafsky second by Bergley to recommend approval of the request from Property Resource Group on behalf of Isanti Holdings, LLC for Preliminary and Final Plat Approval of a Minor Subdivision of the property legally described as Lot 1, Block 1, Isanti Commons First Addition, Isanti County, Isanti, Minnesota based on the Findings of Fact and Conclusions with the following conditions:

1. An agreement with the owner of the triangular piece of property located east of the proposed pond will need to be in place prior to performing any work on that property.
2. Upon approval of the Final Plat by the City Council, the City Clerk or his/her designee shall record it with the County Recorder's Office within ninety (90) days after the date of approval; otherwise, failure of the applicant to comply and submit the necessary items and fees for the recording of the Final Plat by the City shall be cause for revoking the City's approval and the Final Plat shall be considered void, unless the developer or applicant requests an extension, in writing and receives approval from the City Council. The City Council may approve up to two (2) extensions for a term not to exceed one (1) additional year for each extension. Fees associated with the recording of the Final Plat will be charged back to the developer or subdivider.
3. The subdivider shall immediately upon approval, furnish the City Administrator or his/her designee with three (3) full size mylar transparencies of the Final Plat, two (2) for the County and one (1) for the City. Three (3) additional 11 inch by 17 inches mylar

transparencies shall be given to the City Planner, the City Clerk, and Isanti County. No building permits shall be issued until these conditions have been complied with.

4. The Development Agreement for Isanti Commons First Addition shall be amended to reflect the plat name change associated with this property.

Motion carried unanimously.

C. Request from the City of Isanti to Amend Ordinance No. 445 Zoning, Section 2 Definitions.

Duncan read the item into the minutes.

Achman presented the staff memo.

Duncan opened the public hearing. There was no one to speak on the matter. Duncan closed the public hearing.

Motion by Kennedy second by Lundeen to approve the request from the City of Isanti to Amend Ordinance No. 445 Zoning, Section 2 Definitions to include Motor Vehicle Sales Office (no on-site displays, i.e. broker or wholesaler) within the definition of General Office based on the Findings of Fact and Conclusions. Motion carried unanimously.

6. Other Business.

A. Request from IRET Properties for Approval of an Extension of the Conditional Use Permit approved through Resolution No. 2015-014 for the construction of a 108-unit apartment building located within the Fairway Greens Development, legally described as Outlot A, Fairway Greens Phase 5, Isanti County, Isanti, Minnesota.

Duncan read the item into the minutes.

Achman presented the staff memo.

Duncan asked if there were any conditions attached to the request.

Achman stated there are no conditions. The extension can be granted for up to one year.

Lundeen stated he doesn't want this to turn into a yearly request.

Achman indicated that an extension can only be granted twice.

Bergley stated his concern based on the letter. The letter states they were unable to complete the project last year due to a lack of workers. He asked whether the City needs to be concerned about the project being started and not finished.

Lundeen stated that IRET is a big company that is mainly out of North Dakota. Now that housing has dropped off in North Dakota, they should be able to complete the project here without a problem.

Motion by Lundeen second by Kennedy to recommend approval of the request from IRET Properties for Approval of an Extension of the Conditional Use Permit approved through Resolution

No. 2015-014 for the construction of a 108-unit apartment building located within the Fairway Greens Development, legally described as Outlot A, Fairway Greens Phase 5, Isanti County, Isanti, Minnesota. Motion carried unanimously.

7. Other Communications.

A. None.

8. Adjournment

Motion by Lundeen second by Kennedy to adjourn the January 12th, 2016 meeting of the Planning Commission. Motion was unanimously approved.

The meeting adjourned at 7:20 p.m.

Dated at Isanti, Minnesota this 12th day of January 2016.

Respectfully submitted,

Subject: Animal Control Services – Amendment to Specifications

---

Staff has reviewed the specifications for Animal Control Services and is recommending changes in length of contract term, and liability insurance requirements. Animal Control Services are for the contracted Animal Control Officer and Kennel Services (for nuisance dogs). The proposed changes have been reviewed by the Finance Committee. The following changes in the specifications are being recommended:

- Changing the contract term from a 2 year to 3 years for the Animal Control Officer and Kennel Services to achieve greater continuity in working with the vendor (in the past several years, we have had the same vendor provide Animal Control Officer and Kennel services). As with other multi-year contracts we have done, we would include the ability for the vendor to quote an annual price adjustment for service costs.

- Increase liability insurance requirements from $500,000 to $1 million for required coverage from the vendor. We have been standardizing our contracts to include this requirement.

Attached are the revised specifications for your consideration.

Subject: Resolution authorizing the conveyance of Outlot A, Mattson's Second Addition to Melanie Graw pursuant to the deed.

Background

In November 2014, City Council approved Resolution No. 2014-255 authorizing staff to repair the creek bank along Outlot A, Mattson's Second Addition and begin drafting a Quit Claim Deed to convey the lot to the adjacent property owner. The adjacent property owner, Melanie Graw, had been using the lot for many years because the previous owner had constructed a fence and shed that had been encroaching upon the City's property.

Bolton & Menk had verified that it was not necessary for the City to retain Outlot A so long as the existing drainage and utility easement are reserved in order to maintain the sewer that runs through Outlot A.

The creek bank repairs have been completed. City Attorney Clark Joslin has drafted the deed conveying Outlot A, Mattson's Second Addition to Ms. Melanie Graw.

Subject: **Consider Adoption of Resolution Awarding Environmental Project to Carlson McCain and Authorization of Interfund Loan**

Background:

Staff has been working the PDL Properties to donate 100 Dahlin Ave NE to the City of Isanti for redevelopment. Discussions with the owner have centered on donation of the land to the City at no cost (aside from a proration of taxes), and a due diligence period to assess the environmental conditions and conduct a pre-demolition survey. The owners has verbally agreed to grant access to the property to conduct testing. Staff will have written consent of the general terms of this transaction and permission to enter property from the owner prior to commencing environmental test.

The City Council approved by resolution a not to exceed $5,000 amount to complete a PreDemo Survey and a Phase 1 environmental to assess risk and get a better understanding of demolition costs. Attached are the quotes that were received by four environmental firms. Staff has reviewed all the proposals and is recommending selection of Carlson McCain. The difference in cost is $157.00. Although Braun-Intertec is the lowest bidder staff has concerns with the size of the entity, size of the project and the responsiveness of a larger organization. Staff has worked with Jim Crowl from Carlson McCain on past redevelopment and remediation projects and has received exemplary service and work product. In addition, Mr. Crowl has worked with Staff to receive no association determination letters and has provided other environmental services and Staff was extremely satisfied with the end products and results. All proposals below are considered complete and are comparable as to the scope of work:

Company Name	Phase One	Pre-Demolition Survey	Total
Braun Intertec	$ 1,900	$ 2,095	$ 3,995
Carlson McCain / Package	$ 2,130	$ 2,022	$ 4,152
American Engineering Testing	$ 2,200	$ 2,000	$ 4,200
Bay West	$ 2,100	$ 2,607	$ 4,707

Budgeting:

In 2016, there was not a budget allocation for this potential project. Acquisition, renovation would be qualifying activities within TIF District No. 9. This district is in the last year of it timetable to make qualifying activities so this is the only opportunity we have to potentially recoup cost associated with redevelopment activities of the duration of the district. EDA participation in this project would be consistent with goals of the EDA and TIF District No. 9 that would lead to redevelopment activities that would be of benefit to historic downtown. Staff understands that there could be an extended hold period which is typical for redevelopment projects. The City could do an inter-fund loan in the event the funds become available from TIF district No. 9.

Finance Committee Recommendation:

Select Quote for Pre-demolition Survey and Environmental Phase 1 project at 100 Dahlin from Carlson McCain. To fund project out of General Fund and to set up an inter-fund loan with TIF District No. 9 in the event that there are funds available to reimburse for eligible activities.

Funding Source and Amount:

General Fund and to set up an inter-fund loan with TIF District No. 9 in the event that there are funds available to reimburse for eligible activities in the amount of $4,152.

City Council Action:

Consider Adoption of Resolution 2016-___ Awarding Environmental Project to Carlson McCain and Authorization of Interfund Loan

Attachments:

1) Resolution Awarding Environmental Project to Carlson McCain and Authorization of Inter-fund Loan

RESOLUTION 2016-___

Awarding Environmental Project to Carlson McCain and Authorization of Interfund Loan

WHEREAS, the City of Isanti City Council Directed staff to get quotes from vendors to conduct a Pre-demolition Survey and a Phase 1 Environmental for the real property locates at 100 Dahlin Ave NE; and

WHEREAS, Finance Committee has reviewed quotes from four vendors and recommended the selection of Carlson McCain for the quote of $4,152; and

WHEREAS, the environmental work to be conducted, including possible demolition is on real property located in TIF District No. 9 and the work is a TIF eligible expense; and

WHEREAS, an Interfund Loan resolution must be adopted prior to the expenditure of funds in order to be eligible for reimbursement from TIF District No. 9.

NOW, THEREFORE, IT IS HEREBY RESOLVED by the City Council of the City of Isanti, Minnesota authorize the following:

1) Award project for Pre-demolition survey and Phase 1 Environmental to Carlson McCain and to authorize execution of attached proposals.
2) Authorize Interfund Loan in the amount of $4,152 from the City General Fund to TIF District No. 9 for activities related to the acquisition and environmental work for 100 Dahlin Ave NE

Re: Scope of Work and Cost Estimate
Pre-Demolition Survey
100-102 Dahlin Avenue NE

Dear Sean:

Carlson McCain, Inc. (Carlson McCain) is pleased to provide this Scope of Work and Cost Estimate to conduct an asbestos inspection and regulated/hazardous materials inventory (collectively referred to as a pre-demolition survey or the Survey) for the above referenced Site (also referred to as the Property). It is our understanding that the City of Isanti is considering redevelopment of the Site and will demolish the existing building as part of the process. Our Scope of Work and Cost Estimate to conduct this task is provided in the following sections.

Scope of Work

Asbestos Sampling

Samples of suspect asbestos containing materials (ACM) will be collected at random locations and sealed in polyethylene bags. All materials will be wetted prior to sampling to minimize fiber/dust release to the environment. Approximately three samples of a homogeneous building material will be collected as a sample set to represent the material type. Homogeneous materials (i.e. thermal system insulation, ceiling spray, tile, etc.) are defined as those which appear to be the same on the basis of apparent age, color, size and texture. Please note that in order to complete this portion of the Survey, destructive sampling will be required. Furthermore, we are assuming the building is vacant and that power is disconnected, so we can complete a thorough inspection in one trip.

A chain-of-custody will be initiated and kept with the samples until they are submitted to a qualified laboratory for analysis. Samples will be analyzed for asbestos content in accordance with Environmental Protection Agency (EPA) Method 600R-93/166 and will be examined using polarized light microscopy with dispersion staining techniques.

Fibrous components will be identified and an area percentage of asbestos present will be determined by visual estimation. In addition, the laboratory will use a "test until positive" scheme (meaning if the first sample of the set is found to contain asbestos, the remainder of the sub-set samples will be assumed to be positive and no further analysis will be conducted). This will serve to minimize analytical costs and may result in fewer samples being analyzed. For the purpose of this Scope of Work, we are assuming that 70 samples will be collected for asbestos analysis.

Regulated/Hazardous Materials Inventory

Carlson McCain will conduct a regulated/hazardous materials inventory to identify and quantify regulated and/or hazardous materials within the building. These materials may include, but are not limited to lead, mercury, polychlorinated biphenyls (PCBs), chlorofluorocarbons (CFCs), fluorescent light bulbs, chemicals, flammable liquids, etc. Currently lead-based paint does not require to be tested for demolition and therefore, samples will not be collected for analysis.

Reporting

Upon completion of the Survey, all pertinent information and laboratory data will be presented in a letter report. The Report will include a discussion of the methods used for asbestos sampling and present the results for asbestos analysis. An itemized list of all other materials identified during the regulated/hazardous materials inventory will also be included with the Report. Locations of the asbestos and regulated/hazardous materials identified will be provided in a tabular format and shown on a field drawing.

Cost Estimate

Based on the above Scope of Work, our Cost Estimate to complete the task is $2,092. Should Carlson McCain also be selected to conduct the Phase I Environmental Site Assessment (ESA) for this Project, we could reduce this price by $70 (to $2,022), as we could combine the travel time to complete both inspections in one trip. These costs include all labor, equipment/expenses and analytical costs (based on the number of samples referenced above). If additional samples are required, they will be billed at a rate of $30 per sample. However, we will notify you prior to analysis, should this be the case.

Closing

Based on the above Scope of Work and Cost Estimate, we would be able to initiate the project immediately following your authorization to proceed and would be able to complete the Report within three weeks. We appreciate the opportunity to submit this Scope of Work and Cost Estimate. If you have any questions or comments, please feel free to send me an e-mail at jcrowl@carlsonmccain.com or call me at (763) 489-7907. If you would like us to proceed with conducting this Scope of Work, please review the attached Standard Terms & Conditions, sign below and return a copy to us for our records. We look forward to working with you on this Project.

Sincerely,

Carlson McCain, Inc.

STANDARD TERMS AND CONDITIONS

1. STANDARD OF CARE. Services shall be performed by Carlson McCain, Inc. (hereinafter referred to as the Company) in accordance with the standard of professional practice ordinarily exercised by the applicable profession at the time and within the locality where the Services are performed. Professional Services are not subject to, and the Company can not provide, any warranty or guarantee, express or implied, including warranties or guarantees contained in any uniform commercial code. Any such warranties or guarantees contained in any purchase orders, requisitions or notices to proceed issued by a client are specifically objected to.

2. CHANGE OF SCOPE. The scope of Services set forth in this Agreement is based on facts known at the time of execution of this Agreement, including, if applicable, information supplied by Client. For some projects the scope may not be fully definable during the initial phases. As the Project progresses, facts discovered may indicate that scope must be redefined. The Company will promptly provide Client with an amendment to this Agreement to recognize such change, which shall be deemed approved if not objected to within 15 days of receipt by Client.

3. SAFETY. The Company has established and maintains corporate programs and procedures for the safety of its employees. Unless specifically included as a service to be provided as a service under this Agreement, the Company specifically disclaims any authority or responsibility for general job site safety and safety of persons other than the Company employees.

4. DELAYS. If events beyond the control of Client or the Company, including, but not limited to, fire, flood, explosion, riot, strike, war, process shutdown, acts of God or the public enemy, and act or regulation of any government agency, result in delay to any schedule established in this Agreement, such schedule shall be amended to the extent necessary to compensate for such delay. In the event such delay exceeds 90 days, the Company shall be entitled to an equitable adjustment in compensation.

   In the event that the project is delayed by Client and such delay exceeds 30 days, the Company shall be entitled to an extension of time equal to the delay and an equitable adjustment in compensation.

5. TERMINATION / SUSPENSION. Either party may terminate this Agreement upon 30 days written notice to the other party. Client shall pay the Company for all Services, including any expenses, incurred prior to termination.

   In the event that either party defaults in its obligations under this Agreement (including Clients obligation to make the payments required hereunder), the non-defaulting party may, after 7 days written notice stating its intention to suspend performance under the Agreement if cure of such default is not commenced and diligently continued, and failure of the defaulting party to commence cure within such time limit and diligently continue, suspend performance under this Agreement.

6. OPINIONS OF CONSTRUCTION COST. Any opinion of construction costs prepared by the Company is supplied for the general guidance of the Client only. Since the Company has no control over the competitive bidding or market conditions, the Company cannot guarantee the accuracy of such opinions as compared to contract bids or actual costs to client.

7. RELATIONSHIP WITH CONTRACTORS. The Company shall serve as Client's professional representative for the Services, and may make recommendations to Client concerning actions relating to Client's contractors, but the Company specifically disclaims any authority to direct or supervise the means, methods, techniques, sequences, or procedures or construction selected by Client's contractors.

8. CONSTRUCTION/CONTRACTOR OVERSIGHT. For projects involving construction or contractor oversight, Client acknowledges that under generally accepted professional practice, interpretations of construction documents or field plans in the field are normally required, and that performance of construction-related services by the design professional for the project permits errors or omissions to be identified and corrected at comparatively low cost. Client agrees to hold the Company harmless

from any claims resulting from performance of construction-related or contractor oversight services by persons other than the Company.

9. INSURANCE. The Company will maintain insurance coverage for Comprehensive General, Automobile and Worker's Compensation in amounts in accordance with legal, and the Company's business requirements. Certificates evidencing such coverage will be provided to Client upon request.

10. INDEMNITIES. To the fullest extent permitted by law, the Company shall indemnify and save harmless Client from and against loss, liability, and damages sustained by Client, its agents, employees, and representatives by reason of injury or death to persons or damage to tangible property to the extent caused directly by the willful misconduct or failure to adhere to the standard of care described in Paragraph 1 above of the Company, its agent or employees.

To the fullest extent permitted by law, Client shall defend, indemnify, and save harmless the Company, its agents, employees, and representatives from and against loss, liability, and damages (including reasonable litigation costs) arising from or relating to claims for injury or death to persons, damages to tangible property, or other losses, alleged to be caused by any of the following: (a) any substance, condition, element, or material or any combination of the foregoing (i) produced, emitted or released from Project (ii) tested by the Company under this Agreement, or (iii) used or incorporated by the Company in the Services; or (b) operation or management of the Project. Client also agrees to require its construction contractor, if any, to include the Company as an indemnitee under indemnification obligation to Client.

11. LIMITATIONS OF LIABILITY. No employee or agent of the Company shall have individual liability to Client. Client agrees that, to the fullest extent permitted by law, the Company's liability to Client for any and all injuries, claims, losses, expenses or damages whatsoever arising out of or in any way related to the Project or this Agreement from any causes including, but not limited to, the Company's negligence, errors, omissions, strict liability, or breach of contract shall not exceed the total compensation received by the Company under this Agreement. If Client desires a limit of liability greater than that provided above, Client and the Company shall include in Part III of this Agreement the amount of such limit and the additional compensation to be paid to the Company for assumption of such additional risk.

IN NO EVENT AND UNDER NO CIRCUMSTANCES SHALL THE COMPANY BE LIABLE TO CLIENT FOR CONSEQUENTIAL, INCIDENTAL, INDIRECT, SPECIAL, OR PUNITIVE DAMAGES.

12. ACCESS. Client shall provide the Company safe access to any premises necessary for the Company to provide services.

13. REUSE OF PROJECT DELIVERABLES. Reuse of any documents or other deliverables, including electronic media, pertaining to the Project by Client for any purpose other than that for which such documents or deliverables were originally prepared, or alteration of such documents or deliverables without written verification or adaptation by the Company for the specific purpose intended, shall be at the Client's risk. Client agrees to defend, indemnify, and hold harmless the Company from all claims, damages, and expenses (including reasonable litigation costs), arising out of such reuse or alteration by Client or others acting through Client.

14. AMENDMENT. This Agreement, upon execution by both parties hereto, can be amended only by a written instrument signed by both parties.

15. ASSIGNMENT. Except for assignments (a) to entities which control, or are controlled by, the parties hereto or (b) resulting from operation of law, the rights and obligations of this Agreement cannot be assigned by either party without written permission of the other party. This Agreement shall be binding upon and inure to the benefit of any permitted assigns.

16. STATUTES OF LIMITATION. To the fullest extent permitted by law, parties agree that, except for indemnification, the time period for bringing claims under this Agreement shall expire one year after Project completion.

17. PREVAILING PARTY LITIGATION COSTS. In the event any actions are brought to enforce this Agreement, the prevailing party shall be entitled to collect its litigation costs from the other party.

18. NO WAIVER. No waiver by either party of any default by the other party in the performance of any particular section of this Agreement shall invalidate any other section of this Agreement or operate as a waiver of any future default, whether like or different in character.

19. NO THIRD-PARTY BENEFICIARY. Nothing contained in this Agreement, nor the performance of the parties hereunder, is intended to benefit, nor shall inure to the benefit of, any third party, including Client's contractors, if any.

20. SEVERABILITY. The various terms, provisions and covenants herein contained shall be deemed to be separate and severable, and the invalidity or unenforceability of any of them shall not affect or impair the validity or enforceability of the remainder.

21. AUTHORITY. The persons signing this Agreement warrant that they have the authority to sign as, or on behalf of, the party for whom they are signing.

22. LIEN RIGHTS. The Company hereby gives notice that, pursuant to Minnesota Stature Chapter 514, and as stated in the contract, it retains the right to file a lien against real property in the event of non-payment of invoices for engineering, landscape architecture, surveying, planning or environmental services performed with respect to the subject property. The lien will be prepared and filed in accordance with pertinent laws of the State of Minnesota.

23. CONSEQUENTIAL DAMAGES. Neither the Company nor the Client will be liable for any indirect, incidental, special or consequential damages (including loss of anticipated profits, business interruption or good will of other economic or commercial loss) relating to the services rendered.

24. RELATIONSHIP OF PARTIES. The Company will act solely as an independent contractor of the Client and not as the Client agent for any purpose. Neither the Company nor the Client may enter into any agreement or assume any obligation for the other, and nothing herein may be construed to establish any partnership, joint venture or principal-agent relationship between the Company and the Client.

25. SUCCESSORS AND ASSIGNS. The Client and the Company each binds itself, its successors, assigns and legal representatives to the other party with respect to all provisions of the contract/agreement. Neither the Client nor the Company shall assign, set over or transfer his interest in the contract/agreement, in whole or in part, without the prior written consent of the other, and any act in derogation hereof, shall, at the option of the non-assigning party, render the written contract/agreement terminated.

26. ARBIRTATION. All claims, disputes and other matters in question arising out of, or relating to, the contract/agreement or the breach thereof shall be decided by arbitration in accordance with the Construction Industry Arbitration Rules of the American Arbitration Association then obtaining, unless the parties mutually agree other wise in writing. This agreement to arbitrate shall be specifically enforceable under the prevailing arbitration law in the State of Minnesota. Notice of the demand for arbitration shall be filed in writing with the other party to the contract/agreement and with the American Arbitration Association. The demand shall be made within a reasonable time after the claim; dispute or other matter in question has arisen. In no event, shall the demand for arbitration be made after the date when institution of legal or equitable proceedings based on such claim, dispute or other matter in question would be barred by the applicable stature of limitation. Arbitration will not limit the Company's mechanic's lien rights. All arbitrations will be conducted in Hennepin County, Minnesota.

    The award rendered by the arbitrators shall be final and judgment may be entered upon it in accordance with applicable law in any court having jurisdiction thereof. Arbitration of claims arising from the contract/agreement shall not be consolidated with any other arbitration proceedings except by written consent of the parties.

27. ENTIRE AGREEMENT. The Client's engagement of the Company to perform work represents the Client's acceptance of the terms and conditions contained herein, which constitute the entire understanding between the Company and the Client and supersede any previous communication, representations or agreements by either party, whether oral or written. The terms and conditions contained herein take precedence over the Client's additional or different terms and conditions that may be contained in any purchase order, work order, invoice, gate pass, acknowledgment form, manifest or other document forwarded by the Client

to the Company to which notice of objection is hereby given. Unless otherwise agreed to in writing by an officer of the Company, the Client's engagement of the Company is limited to these terms and conditions. The Company's commencement of performance will not be deemed or constructed as acceptance of the Client's additional or different terms and conditions.

No change of any of the terms or conditions herein will be valid or binding on either party unless in writing and signed by an owner or an officer of the Client and by an officer of the Company. If any of the provisions hereof are invalid under any applicable statute or rule or law or law, such provisions re, to that extent, deemed omitted, but the remaining terms and conditions of the contract/agreement will remain otherwise in effect. There are no understandings, agreements representations or warranties, express or implied, that are not specified herein respecting the subject hereof.

28. APPLICABLE LAW. The contract/agreement shall be governed by the laws of the State of Minnesota.

29. EEO/AA. The Company is an Equal Employment Opportunity/Affirmative Action Employer.

Re: Scope of Work and Cost Estimate
Phase I Environmental Site Assessment
100-102 Dahlin Avenue NE

Dear Sean:

Carlson McCain, Inc. (Carlson McCain) is pleased to provide this Scope of Work and Cost Estimate to conduct a Phase I Environmental Site Assessment (ESA) for the above referenced Site (also referred to as the Property). It is our understanding that the City of Isanti is considering redevelopment of the Site. Our Scope of Work and Cost Estimate to conduct this task is provided in the following sections.

Purpose and Objectives

The purpose of conducting a Phase I ESA is to provide information about the general environmental character of the Property; and satisfy one of the requirements to qualify for the *innocent landowner, contiguous property owner, or bona fide prospective purchaser* limitations on Comprehensive Environmental Response, Compensation, and Liability Act (CERCLA) liability in accordance with 42 USC §9601(35)(B), if the need should arise. That requirement includes conducting "all appropriate inquiry into the previous ownership and uses of the Property consistent with good commercial and customary practice."

Scope of Work

The Phase I ESA will be conducted following guidelines established by the American Society for Testing and Materials (ASTM), "Standard Practice for Environmental Site Assessments: Phase I Environmental Site Assessment Process, Standard E1527-13".

The Scope of Work to be provided by Carlson McCain to conduct a Phase I ESA for the Property includes the following:

1. Site Location - Describe the location of the Property, by street address, township and municipality, county, and United States Geological Survey (USGS) Quadrants to the nearest 1/4 section.

2. Uses of the Property - Identify obvious uses of the Property from the present, back to the Property's first developed use, or back to 1940, whichever is earlier.

3. Uses of Properties in Surrounding Area - Identify uses of surrounding parcels, to the extent that this information is revealed in the course of researching the Property.

4. Site Reconnaissance - Visit the Property in an effort to visually or physically determine the presence of underground or aboveground storage tanks (USTs or ASTs) including types of materials stored, refuse disposal, wells, septic systems, sumps, pits, ponds, lagoons, catchment basins, retention ponds, areas of surface soil staining, stressed vegetation, or any other obvious indication of a contamination source. Adjacent properties will also be assessed to determine if they are potential sources of contamination.

5. Site Maps - Provide historic and current topographic maps that designate the locations of pertinent site features, structures and potential sources of contamination.

6. Database File Search - Conduct a database file search of all applicable State, Federal and Tribal regulatory agencies to determine the presence of known contaminated sites near the Site.

7. Information Requests - Inquire via letter or telephone interview with local officials regarding their knowledge of the Property. A reasonable attempt will be made to contact at least one staff member of the local fire department, State or local health department, local engineering and/or public works department, planning and development personnel of the city, county and other development authorities, zoning and assessment personnel of the city or county, the county solid waste officer, the county hazardous waste officer, and the local fire department inspector.

8 Water Supply - Identify the source of potable water for the Property.

9. Aerial Photographs - Provide and review copies of aerial photographs, or reasonable facsimiles, to check for altered land use, previous storage, etc.

10. Sanborn Maps - Provide and review copies of historic Sanborn fire insurance maps, or reasonable facsimiles, to check for altered land use, previous storage, etc.

11. City Directories - Review historic city directories that have been published to determine the history of occupancy.

12. Other Historical Records - Review as necessary, other historical records including but not limited to provided previous environmental reports, property tax files, recorded land title records, building department records, zoning department records and other reasonably ascertainable historical sources that identify past uses of the Property.

13. Interviews - Reasonable attempts will be made to obtain information from past and present owners, operators, and occupants of the Property.

All information gathered during the Phase I ESA will be presented in a single comprehensive Report for the Property. The Report will identify recognized environmental conditions (RECs), Historic RECS, Controlled RECs and de minimis conditions. Please note recommendations are not required by the ASTM Standard. However, we will be happy to discuss recommendations (if any) with you, upon completion of the Report.

Users Responsibilities

In accordance with ASTM, several tasks are to be provided by the User and will help identify the possibility for RECs in connection with the Property. The following tasks are expected to be completed by the User and this information provided to Carlson McCain:

1. Environmental Cleanup Liens*.
2. Activity and land use limitations that are in place on the Property or that have been filed or recorded in a registry.
3. Specialized knowledge or experience of the person seeking to qualify for the *Landowner Liability Protection.*
4. Relationship of the purchase price to the fair market value of the Property if it were not contaminated.
5. Commonly known or reasonably ascertainable information about the Property; and
6. The degree of obviousness of the presence of likely presence of contamination at the Property, and the ability to detect the contamination by appropriate investigation.

* Completion of a search for environmental liens is not included in the Scope of Work for this Project.

Assumptions/Conditions

1. No attempt will be made to perform a compliance audit involving regulatory permit review for any on-site operations or adjacent areas of concern identified during this Assessment, or for any planned use of the Property.
2. Carlson McCain will be provided with the names and telephone numbers of key contact persons for the Property.
3. It will be necessary to contact only those agencies specified in the proposed Scope of Work to obtain information on current and prior ownership, land use, and regulatory compliance. Furthermore, it is assumed that all information compiled from these agencies can be obtained without conducting on-site interviews with departmental staff.
4. The site reconnaissance will only be performed across areas of the Properties which are readily accessible at the time of inspection.
5. Access to the Property will not be restricted.

Cost Estimate

Our Cost Estimate to complete the Scope of Work as outlined above is $2,200 and will be billed as a lump sum upon completion of the Project. Should Carlson McCain also be selected to conduct the pre-demolition survey for this Project, we could reduce this price by $70 (to $2,130), as we could combine the travel time to complete both inspections in one trip. The above costs include all labor, expenses and subcontractor research fees.

Closing

Based on the above Scope of Work and Cost Estimate, we would be able to initiate the project immediately following your authorization to proceed. Please note the ASTM Standard requires that a minimum of 20 working days be given to regulatory agencies to provide files that may be useful in evaluating your Property; however, we expect that we can complete the Report within three weeks upon receiving authorization to proceed. We appreciate the opportunity to submit this Scope of Work and Cost Estimate. If you have any questions or comments, please feel free to send me an e-mail at jcrowl@carlsonmccain.com or call me at (763) 489-7907. If you would like us to proceed with conducting this Scope of Work, please review the attached Standard Terms & Conditions, sign below and return a copy to us for our records. We look forward to working with you on this Project.

Sincerely,

Carlson McCain, Inc.

STANDARD TERMS AND CONDITIONS

1. STANDARD OF CARE. Services shall be performed in accordance with the standard of professional practice ordinarily exercised by the applicable profession at the time and within the locality where the Services are performed. Professional Services are not subject to, and Carlson McCain can not provide, any warranty or guarantee, express or implied, including warranties or guarantees contained in any uniform commercial code. Any such warranties or guarantees contained in any purchase orders, requisitions or notices to proceed issued by a client are specifically objected to.

2. CHANGE OF SCOPE. The scope of Services set forth in this Agreement is based on facts known at the time of execution of this Agreement, including, if applicable, information supplied by Client. For some projects the scope may not be fully definable during the initial phases. As the Project progresses, facts discovered may indicate that scope must be redefined. Carlson McCain will promptly provide Client with an amendment to this Agreement to recognize such change, which shall be deemed approved if not objected to within 15 days of receipt by Client.

3. SAFETY. Carlson McCain has established and maintains corporate programs and procedures for the safety of its employees. Unless specifically included as a service to be provided under this Agreement, Carlson McCain specifically disclaims any authority or responsibility for general job site safety and safety of persons other than Carlson McCain employees.

4. DELAYS. If events beyond the control of Client or Carlson McCain, including, but not limited to, fire, flood, explosion, riot, strike, war, process shutdown, acts of God or the public enemy, and act or regulation of any government agency, result in delay to any schedule established in this Agreement, such schedule shall be amended to the extent necessary to compensate for such delay. In the event such delay exceeds 90 days, Carlson McCain shall be entitled to an equitable adjustment in compensation.

   In the event that the project is delayed by Client and such delay exceeds 30 days, Carlson McCain shall be entitled to an extension of time equal to the delay and an equitable adjustment in compensation.

5. TERMINATION / SUSPENSION. Either party may terminate this Agreement upon 30 days written notice to the other party. Client shall pay Carlson McCain for all Services, including any expenses, incurred prior to termination.

   In the event that either party defaults in its obligations under this Agreement (including Client's obligation to make the payments required hereunder), the non-defaulting party may, after seven (7) days written notice stating its intention to suspend performance under the Agreement if cure of such default is not commenced and diligently continued, and failure of the defaulting party to commence cure within such time limit and diligently continue, suspend performance under this Agreement.

6. OPINIONS OF CONSTRUCTION COST. Any opinion of construction costs prepared by Carlson McCain is supplied for the general guidance of the Client only. Since Carlson McCain has no control over the competitive bidding or market conditions, Carlson McCain cannot guarantee the accuracy of such opinions as compared to contract bids or actual costs to client.

7. RELATIONSHIP WITH CONTRACTORS. Carlson McCain shall serve as Client's professional representative for the Services, and may make recommendations to Client concerning actions relating to Client's contractors. However, Carlson McCain specifically disclaims any authority to direct or supervise the means, methods, techniques, sequences, or procedures or construction selected by Client's contractors.

8. CONSTRUCTION/CONTRACTOR OVERSIGHT. For projects involving construction or contractor oversight, Client acknowledges that under generally accepted professional practice, interpretations of construction documents or field plans in the field are normally required, and that performance of construction-related services by the design professional for the project permits errors or omissions to be identified and corrected at comparatively low cost. Client agrees to hold Carlson McCain harmless from any claims resulting from performance of construction-related or contractor oversight services by persons other than Carlson McCain.

9. INSURANCE. Carlson McCain will maintain insurance coverage for Comprehensive General, Automobile and Worker's Compensation in amounts in accordance with legal, and Carlson McCain's business, requirements. Certificates evidencing such coverage will be provided to Client upon request.

10. INDEMNITIES. To the fullest extent permitted by law, Carlson McCain shall indemnify and save harmless Client from and against loss, liability, and damages sustained by Client, its agents, employees, and representatives by reason of injury or death to persons or damage to tangible property to the extent caused directly by the willful misconduct or failure to adhere to the standard of care described in Paragraph 1 above of Carlson McCain, its agent or employees.

To the fullest extent permitted by law, Client shall defend, indemnify, and save harmless Carlson McCain, its agents, employees, and representatives from and against loss, liability, and damages (including reasonable litigation costs) arising from or relating to claims for injury or death to persons, damages to tangible property, or other losses, alleged to be caused by any of the following: a) any substance, condition, element, or material or any combination of the foregoing (i) produced, emitted or released from Project, (ii) tested by Carlson McCain under this Agreement, or (iii) used or incorporated by Carlson McCain in the Services; or b) operation or management of the Project. Client also agrees to require its construction contractor, if any, to include Carlson McCain as an indemnitee under indemnification obligation to Client.

11. LIMITATIONS OF LIABILITY. No employee or agent of Carlson McCain shall have individual liability to Client. Client agrees that, to the fullest extent permitted by law, Carlson McCain's liability to Client for any and all injuries, claims, losses, expenses or damages whatsoever arising out of or in any way related to the Project or this Agreement from any causes including, but not limited to, Carlson McCain's negligence, errors, omissions, strict liability, or breach of contract shall not exceed the total compensation received by Carlson McCain under this Agreement. If Client desires a limit of liability greater than that provided above, Client and Carlson McCain shall include in Part III of this Agreement the amount of such limit and the additional compensation to be paid to Carlson McCain for assumption of such additional risk.

    IN NO EVENT AND UNDER NO CIRCUMSTANCES SHALL CARLSON McCAIN BE LIABLE TO CLIENT FOR CONSEQUENTIAL, INCIDENTAL, INDIRECT, SPECIAL, OR PUNITIVE DAMAGES.

12. ACCESS. Client shall provide Carlson McCain safe access to any premises necessary for Carlson McCain to provide services.

13. REUSE OF PROJECT DELIVERABLES. Reuse of any documents or other deliverables, including electronic media, pertaining to the Project by Client for any purpose other than that for which such documents or deliverables were originally prepared, or alteration of such documents or deliverables without written verification or adaptation by Carlson McCain for the specific purpose intended, shall be at the Client's risk. Client agrees to defend, indemnify, and hold harmless Carlson McCain from all claims, damages, and expenses (including reasonable litigation costs), arising out of such reuse or alteration by Client or others acting through Client.

14. AMENDMENT. This Agreement, upon execution by both parties hereto, can be amended only by a written instrument signed by both parties.

15. ASSIGNMENT. Except for assignments a) to entities which control, or are controlled by, the parties hereto, or b) resulting from operation of law, the rights and obligations of this Agreement cannot be assigned by either party without written permission of the other party. This Agreement shall be binding upon and inure to the benefit of any permitted assigns.

16. STATUTES OF LIMITATION. To the fullest extent permitted by law, parties agree that, except for indemnification, the time period for bringing claims under this Agreement shall expire one year after Project completion.

17. PREVAILING PARTY LITIGATION COSTS. In the event any actions are brought to enforce this Agreement, the prevailing party shall be entitled to collect its litigation costs from the other party.

18. NO WAIVER. No waiver by either party of any default by the other party in the performance of any particular section of this Agreement shall invalidate any other section of this Agreement or operate as a waiver of any future default, whether like or different in character.

19. NO THIRD-PARTY BENEFICIARY. Nothing contained in this Agreement, nor the performance of the parties hereunder, is intended to benefit, nor shall inure to the benefit of, any third party, including Client's contractors, if any.

20. SEVERABILITY. The various terms, provisions and covenants herein contained shall be deemed to be separate and severable, and the invalidity or unenforceability of any of them shall not affect or impair the validity or enforceability of the remainder.

21. AUTHORITY. The persons signing this Agreement warrant that they have the authority to sign as, or on behalf of, the party for whom they are signing.

22. LIEN RIGHTS. Carlson McCain hereby gives notice that, pursuant to Minnesota Stature Chapter 514, and as stated in the contract, it retains the right to file a lien against real property in the event of non-payment of invoices for engineering, landscape architecture, surveying, planning or environmental services performed with respect to the subject property. The lien will be prepared and filed in accordance with pertinent laws of the State of Minnesota.

23. CONSEQUENTIAL DAMAGES. Neither Carlson McCain nor CLIENT will be liable for any indirect, incidental, special or consequential damages (including loss of anticipated profits, business interruption or good will of other economic or commercial loss) relating to the services rendered.

24. RELATIONSHIP OF PARTIES. Carlson McCain will act solely as an independent contractor of the CLIENT and not as the CLIENT agent for any purpose. Neither Carlson McCain nor the CLIENT may enter into any agreement or assume any obligation for the other, and nothing herein may be construed to establish any partnership, joint venture or principal-agent relationship between Carlson McCain and the CLIENT.

25. SUCCESSORS AND ASSIGNS. The CLIENT and Carlson McCain each binds itself, its successors, assigns and legal representatives to the other party with respect to all provisions of the contract/agreement. Neither the CLIENT nor Carlson McCain shall assign, set over or transfer his interest in the contract/agreement, in whole or in part, without the prior written consent of the other, and any act in derogation hereof, shall, at the option of the non-assigning party, render the written contract/agreement terminated.

26. ARBITRATION. All claims, disputes and other matters in question arising out of, or relating to, the contract/agreement or the breach thereof shall be decided by arbitration in accordance with the Construction Industry Arbitration Rules of the American Arbitration Association then obtaining, unless the parties mutually agree other wise in writing. This agreement to arbitrate shall be specifically enforceable under the prevailing arbitration law in the State of Minnesota. Notice of the demand for arbitration shall be filed in writing with the other party to the contract/agreement and with the American Arbitration Association. The demand shall be made within a reasonable time after the claim; dispute or other matter in question has arisen. In no event, shall the demand for arbitration be made after the date when institution of legal or equitable proceedings based on such claim, dispute or other matter in question would be barred by the applicable stature of limitation. Arbitration will not limit Carlson McCain's mechanic's lien rights. All arbitrations will be conducted in Hennepin County, Minnesota.

    The award rendered by the arbitrators shall be final and judgment may be entered upon it in accordance with applicable law in any court having jurisdiction thereof. Arbitration of claims arising from the contract/agreement shall not be consolidated with any other arbitration proceedings except by written consent of the parties.

27. ENTIRE AGREEMENT. The CLIENT'S engagement of Carlson McCain to perform work represents the CLIENT'S acceptance of the terms and conditions contained herein, which constitute the entire understanding between Carlson McCain and the CLIENT and supersede any previous communication, representations or agreements by either party, whether oral or written. The terms and conditions contained herein take precedence over the CLIENT'S additional or different terms and conditions that may be contained in any purchase order, work order, invoice, gate pass, acknowledgment form, manifest or other document forwarded by the CLIENT to Carlson McCain to which notice of objection is hereby given. Unless otherwise agreed to in writing by an officer of Carlson McCain, the CLIENT'S engagement of Carlson McCain is limited to these terms and conditions. Carlson McCain's commencement of performance will not be deemed or constructed as acceptance of the CLIENT'S additional or different terms and conditions.

    No change of any of the terms or conditions herein will be valid or binding on either party unless in writing and signed by an owner or an officer of the CLIENT and by an officer of Carlson McCain. If any of the provisions hereof are invalid under any applicable statute or rule or law or law, such provisions re, to that extent, deemed omitted, but the remaining terms and conditions of the contract/agreement will remain otherwise in effect. There are no understandings, agreements representations or warranties, express or implied, that are not specified herein respecting the subject hereof.

28. APPLICABLE LAW. The contract/agreement shall be governed by the laws of the State of Minnesota.

29. EEO/AA. Carlson McCain is an Equal Employment Opportunity/Affirmative Action Employer.

City of Isanti
Economic Development Authority
Regular Meeting Minutes of
February 2, 2016
Isanti City Hall

1. Call To Order

The meeting was called to order by Economic Development Director Sullivan at 7:19 p.m.

a. Pledge of Allegiance

b. Roll Call

Members Present:	Tara Hallberg, Keith Dragisich, Dan Collison, Steve Lundeen, Paul Bergley and George Wimmer
Members Absent:	Adam Johnson
Staff Present:	Economic Development Director Sean Sullivan

c. Agenda Modifications

No modifications to the agenda were presented. Motion to approve Agenda as presented by Collison, second by Lundeen, motion carried unanimously.

2. Approve Minutes of January 5, 2016 Regular Economic Development Meeting

Motion by Lundeen second by Collison to approve the minutes for January 5, 2016. Motion carried unanimously.

3. 100 Dahlin Ave NE

Economic Development Director Sullivan outlined the staff memo and indicated the he was in process of obtaining quotes and written correspondence from the landowner that would allow the City to perform due diligence for the property. He also indicated that Finance Committee will be identifying a funding source for the project. TIF 9 is possible but it is likely that the General Fund will issue an inter-fund Loan and with the intention to be reimbursed through TIF. Historically the area has had TIF assistance to help get things moving.

Commissioner Bergley asked about the large range in the demolition cost estimates

President Wimmer stated he felt the building would be torn down and there could be an extended "hold" period and that the City should be prepared for that. He indicated the city could choose to do nothing but that could end up like the Arlington which was not a desired outcome.
Sullivan stated that it was due to the uncertainty of the environmental conditions. If there was asbestos, mercury or other hazardous materials there is a higher cost associated with the demolition and the depositing of the debris at landfills.

DRAFT

Consensus was to keep the EDA up to date on project.

4. 2016 Mayor's Employer Celebration Day

Economic Development Director Sullivan presented the staff memo. The event will be held on June 7, 2016 at Isanti City Hall/ Community Center. He indicated that this location has served the event well in the past.

Sullivan indicated that he felt that due to the number of businesses being recognized the event might be closer to $700 versus $600 and that it was within his discretion for the budget.

5. Other Business / Updates

Economic Development Director Sullivan highlighted the Staff Memo.

President Wimmer indicated that the 108 unit market rate apartment project was still looking like it was moving forward and that he would be talking about it at the Mayors State of the City. The project would help economic development activities.

Commissioner Lundeen informed the EDA that Lisa Marie (painter of mural on Family Pathways) and Al Anlauf passed away recently.

Commissioner Lundeen indicated that trying to bring a dentist office to Isanti would be a good idea.

President Wimmer summarized the City Council Goal Setting meeting regarding the Hotel for the EDA.

1. Meeting Opening.

A. Call to Order.

Cesafsky called the meeting to order at 7:00 p.m.

B. Pledge of Allegiance.

Everyone rose for the pledge of allegiance.

C. Roll Call.

Members Present: Paul Bergley, Steve Lundeen, Wayne Traver, Cindy Lind-Livingston, Greg Cesafsky, and Jim Kennedy.

Members Absent: Jeff Duncan (provided prior notice)

Staff Present: Community Development Director, Roxanne Achman

Others Present: None

D. Agenda Modifications.

Achman stated there were none.

2. Review Conflict of Interest Policy.

City Attorney Clark Joslin presented the conflict of interest policy and outlined the open meeting law.

3. Approval of Minutes from January 12, 2016 Planning Commission Meeting.

Cesafsky questioned if there were any comments or changes to the minutes.

Motion by Bergley second by Kennedy to approve the January 12th, 2016 Planning Commission Meeting Minutes. Motion was unanimously approved.

4. Public Hearings.

A. Request from the City of Isanti to Rezone Parcel No. 16.103.0550, legally described as Lot 6, Block 3 of Isanti Meadows, and Parcel No. 16.103.0560, legally described as Lot 7, Block 3 of Isanti Meadows, Isanti County, Isanti, Minnesota, for park and open space uses.

Cesafsky read the item into the minutes.

Achman presented the staff memo.

Bergley asked if there would be a volleyball court, tennis court or basketball court on the property.

Achman explained that as part of the request to use the property as park and open space, the city had to identify something other than open space that would be in the park.

Bergley asked if there was a volleyball court in any of the city parks.

Achman stated she wasn't aware of any volleyball courts in any of the city parks. She further stated that the design of the park will be discussed and reviewed at the Parks, Recreation and Culture Board.

Lundeen asked if the lots were actually tax forfeited.

Achman stated that they were.

Bergley asked what the approval process would be from here on out.

Achman informed him that the rezoning request would go to City Council for final approval. Then the design would occur at the Parks, Recreation and Culture Board, who would recommend approval to the City Council.

Bergley stated that by approving the rezoning, we still don't know what the Parks, Recreation and Culture Board will do with it.

Cesafsky opened the public hearing. There was no one to speak on the item. The public hearing was then closed.

Motion by Kennedy second by Lind-Livingston to recommend approval of the request from the City of Isanti to Rezone Parcel No. 16.103.0550, legally described as Lot 6, Block 3 of Isanti Meadows, and Parcel No. 16.103.0560, legally described as Lot 7, Block 3 of Isanti Meadows, Isanti County, Isanti, Minnesota, for park and open space uses based on the Findings of Fact and Conclusions. Motion carried unanimously.

5. Other Business.

A. None.

6. Discussion Items.

A. Planning Commissioner Training.

Achman questioned whether the Planning Commission would like to watch the webinar in one session or two.

The Planning Commission conceded they would prefer to watch the webinar in one session.

7. Adjournment

Motion by Bergley second by Lundeen to adjourn the February 9th, 2016 meeting of the Planning Commission. Motion was unanimously approved.

The meeting adjourned at 7:20 p.m.

City of Isanti

From: Bradley C. DeWolf, P.E.
City Engineer

Jason W. Cook, P.E.
Assistant City Engineer

Subject: Project Status Report
Isanti, Minnesota
BMI Project No: R13.111162

Please find listed below a status report of the current projects in the City of Isanti.

1) City Hall Parking Lot Expansion

The Contractor will move forward on the alley work within the railroad easement next spring.

2) Community Garden Park Improvements

We will design the parking lot, garden water service, and trail to the Rum River this winter anticipating spring construction.

3) Railroad Avenue Pond Improvements

The contractor has completed the pond excavation and installed topsoil and erosion control blanket. The remaining storm sewer work and street patch will be constructed next spring.

4) Watermain Loop Improvements

We have designed plans for a watermain loop to the Isanti Middle School. We have submitted the plans to the City for review.

5) Wastewater System Improvements

The wastewater plant process layout is complete. We will have the plans submitted to the MPCA by the end of the month.

In addition to the current projects listed above we have completed and accepted 42 private developments and 45 city contracts since being selected as your City Engineer in 2008.

Please contact Brad or Jason if you have any questions.

Request for City Council Action

To: Mayor Wimmer and City Council Members

From: Sean M. Sullivan, Economic Development Director

Date: February 16, 2016

Subject: **Consider Resolution Authorizing the Execution of Repayment Agreement with J Robinson Construction, Inc for Lot 8, Block 1, Villages on the Rum Third Addition Phase Three**

On December 1, 2016, the City Council extended the SAC and WAC Deferral program as Resolution No. 2015-289 to help continue to spur development activity. J Robinson Construction, Inc. has requested the City to execute a Repayment Agreement for Lot 8, Block 1, Villages on the Rum Third Addition Phase Three for the construction of a 1018 square foot single family residential home at 503 Moline Loop NW. The business is in "good standing" upon review of the Minnesota Secretary of State Office as of February 16, 2016. The form of the Repayment Agreement is consistent with the form presented on December 1, 2015. The Repayment Agreement will be dated as of the date that the Building Permit is paid for by the Developer. Staff is asking the City Council to consider adoption of the attached resolution and execution of the Repayment Agreement.

City Council Action:

Consider Adoption of Resolution and Execution of Repayment Agreement

Attachments:

1) Resolution 2016-____ Authorization to Execute Repayment Agreement with J Robinson Construction, Inc. for Lot 8, Block 1, Villages on the Rum Third Addition Phase Three

RESOLUTION 2016-___

Authorization and Execution of Repayment Agreement with J Robinson Construction, Inc. on Lot 9, Block 1, Villages on the Rum Third Addition Phase Three

WHEREAS, the City of Isanti extended the SAC and WAC Deferral program on December 1, 2015 which is documented by Resolution 2015-289; and

WHEREAS, A boiler plate Repayment Agreement was drafted by Development Attorney Deike and the City Council directed Staff to utilize this agreement for parties interested in SAC and WAC Deferral for commercial or residential development; and

WHEREAS, J Robinson Construction, Inc. (the "Developer") has asked the City to enter into a Repayment Agreement for the property legally described as: Lot 9, Block 1, Villages on the Rum Third Addition Phase Three (the "Property"); and

WHEREAS, the Developer has stated the it will be the owner of the Property at the time of execution of the Repayment Agreement; and

WHEREAS, the date of the Repayment Agreement will be when the Developer signs prior to payment of the building permit; and

WHEREAS, the Developer is registered, active and is in good standing with the Minnesota Secretary of State Office as of February 16, 2016.

NOW, THEREFORE, IT IS HEREBY RESOLVED by the City Council of the City of Isanti, Minnesota authorized the Mayor and City Administrator/City Clerk to execute the Repayment Agreement attached hereto contingent upon satisfactory proof of ownership witnessed in a recorded instrument of conveyance to the Developer.

This Resolution hereby approved by the Isanti City Council this 16th day of February 2016.

Attest: Mayor George A. Wimmer

REPAYMENT AGREEMENT

THIS AGREEMENT, made on or as of the ____ day of _____, 2016, by and between the City of Isanti, Minnesota, a statutory City under the laws of the state of Minnesota (hereinafter referred to as the "City") having its principal office at 110 First Avenue N.W., Isanti, Minnesota 55040, and J Robinson Construction, Inc, a corporation under the laws of the State of Minnesota (hereinafter referred to as the "Developer"), having its principal office at 309 Elm Street SW, Isanti, MN 55040.

WITNESSETH:

WHEREAS, the Developer intends to construct a 1018 square foot main floor single family home (the "Improvements") on certain real property (the "Property") in the City; and

WHEREAS, in connection with the construction of the Improvements there are certain water and sanitary sewer charges that are payable by the Developer to the City; and

WHEREAS, the Developer has demonstrated to the satisfaction of the City that the Developer is unable to pay the full amount of the charges now and has asked the City to defer such charges and make them payable at a future point in time; and

WHEREAS, the City believes that the development of the Improvements by the Developer is in the best interests of the City and, therefore, it is willing to defer the charges if doing so will facilitate the development and viability of the Improvements.

NOW, THEREFORE, in consideration of the premises and the mutual obligations of the parties hereto, each of them does hereby covenant and agree with the other as follows:

ARTICLE I

Definitions

Section 1.1. Definitions. In this Agreement, unless a different meaning clearly appears from the context:

"Agreement" means this Agreement, as the same may be from time to time modified, amended, or supplemented.

"City" means the City of Isanti, Minnesota, its successors and assigns.

"County" means Isanti County, Minnesota.

"Deferred Charges" means the utility charges described in Section 3.1 of this Agreement being deferred by the City and which the Developer is obligated to pay in accordance with this Agreement.

"Developer" means J Robinson Construction, Inc., a Minnesota Corporation, its successors and assigns.

"Event of Default" means an action by the Developer listed in Article IV of this Agreement.

"Improvements" means the 1018 square foot main floor single family home to be constructed by the Developer on the Property.

"Property" means the real property described on the attached Schedule A to this Agreement.

"State" means the State of Minnesota.

ARTICLE II

Representations

Section 2.1. Representations by the City. The City makes the following representations as the basis for the undertaking on its part herein contained:

(a) The City is a statutory city duly organized and existing under the laws of the State. Under State law, the City has the power to enter into this Agreement and to perform its obligations hereunder.

Section 2.2. Representations by the Developer. The Developer represents that:

(a) The Developer is a limited liability company duly organized and authorized to transact business in the State, is not in violation of any provisions of its Bylaws or the laws of the State, has power to enter into this Agreement and has duly authorized the execution, delivery and performance of this Agreement by proper action of its President.

ARTICLE III

Deferred Charges

Section 3.1. Deferred Charges. The Developer owes to the City the sum of **$7,983.00** in deferred utility charges. The Deferred Charges consist of **$3,677.00** in Water Connection Charges and **$4,306.00** in Sewer Connection Charges. The City has agreed to defer the payment of the Deferred Charges as described in this Agreement.

Section 3.2. Payment of the Deferred Charges. The Developer agrees that it will pay the Deferred Charges to the City on the earliest to occur of the following:

(a) on the date that is one hundred and twenty (120) days after the date of this Agreement;

(b) on the date that the Developer sells or transfers the Property or Improvements, or any portion thereof; or

(c) on the date that the City issues a certificate of occupancy for the Improvements.

Interest shall accrue on the Deferred Charges at the rate of zero percent (0%) from the date hereof and continuing until the Deferred Charges and all accrued interest have been paid in full.

Section 3.3. Payment of Costs. The Developer shall pay all costs incurred by the City in connection with the preparation and implementation of this Agreement and related documents, including, without limitation, fees of attorneys related the preparation of this Agreement and related documents, if the Developer fails to complete construction of the Improvements within one hundred and twenty (120) days after the date of this Agreement.

ARTICLE IV

Events of Default

Section 4.1. Events of Default Defined. The following shall be "Events of Default" under this Agreement and the term "Event of Default" shall mean, whenever it is used in this Agreement (unless the context otherwise provides), any one or more of the following events:

(a) Failure by the Developer to pay when due any payments required to be paid under this Agreement.

(b) The Developer of the following: (i) file any petition in bankruptcy or for any reorganization, arrangement, composition, readjustment, liquidation, dissolution, or similar relief under United States Bankruptcy Laws or any similar Federal or State Laws; or (ii) make an assignment for the benefit of its creditors; or (iii) admits, in writing, its inability to pay its debts generally as they become due; or (iv) be adjudicated, bankrupt or insolvent.

Section 4.2. City's Remedies on Default. Whenever any Event of Default by Developer referred to in Section 4.1 of this Agreement occurs, the City may take any one or more of the following actions after providing ten (10) days written notice to the Developer of the Event of Default, but only if the Event of Default has not been cured within said ten (10) days:

(a) Declare the entire outstanding balance of the Deferred Charges immediately due and payable.

(b) Terminate this Agreement.

(c) Take whatever action, including legal, equitable or administrative action, which may appear necessary or desirable to the City to collect any payments due under this Agreement, or to enforce performance and observance of any obligation, agreement, or covenant of the Developer under this Agreement.

Section 4.3. No Remedy Exclusive. No remedy herein conferred upon or reserved to the City or Developer is intended to be exclusive of any other available remedy or remedies, but each and every such remedy shall be cumulative and shall be in addition to every other remedy given under this Agreement or now or hereafter existing at law or in equity or by statute. No delay or omission to exercise any right or power accruing upon any default shall impair any such right or power or shall be construed to be a waiver thereof, but any such right and power may be exercised from time to time and as often as may be deemed expedient. In order to entitle the City or the Developer to exercise any remedy reserved to it, it shall not be necessary to give notice, other than such notice as may be required in this Article IV.

Section 4.4. No Additional Waiver Implied by One Waiver. In the event any agreement contained in this Agreement should be breached by either party and thereafter waived by the other party, such waiver shall be limited to the particular breach so waived and shall not be deemed to waive any other concurrent, previous or subsequent breach hereunder.

Section 4.5. Costs of Enforcement. Whenever any Event of Default occurs and the City shall employ attorneys or incur other expenses for the collection of payments due or to become due or for the enforcement of performance or observance of any obligation or agreement on the part of the Developer under this Agreement, the Developer agrees that it shall, within ten (10) days of written demand by the City, pay to the City the reasonable fees of such attorneys and such other expenses so incurred by the City.

ARTICLE V

Additional Provisions

Section 5.1. Representatives Not Individually Liable. No member, official, or employee of the City shall be personally liable to the Developer, or any successor in interest, in the event of any default or breach or for any amount which may become due to Developer or successor in interest or on any obligations under the terms of this Agreement.

Section 5.2. Titles of Articles and Sections. Any titles of the several parts, Articles, and Sections of the Agreement are inserted for convenience of reference only and shall be disregarded in construing or interpreting any of its provisions.

Section 5.3. Notices and Demands. Except as otherwise expressly provided in this Agreement, a notice, demand, or other communication under the Agreement by either party to the other shall be sufficiently given or delivered if it is dispatched by registered or certified mail, postage prepaid, return receipt requested, or delivered personally; and

(a) in the case of the Developer, is addressed to or delivered personally to J Robinson Construction, Inc. at 309 Elm Street SW, Isanti, MN 55040; and

(b) in the case of the City, is addressed to or delivered personally to the City at 110 First Avenue N.W., P.O. Box 428, Isanti, Minnesota 55040,

or at such other address with respect to either such party as that party may, from time to time, designate in writing and forward to the other as provided in this Section.

Section 5.4. Disclaimer of Relationships. The Developer acknowledges that nothing contained in this Agreement nor any act by the City or the Developer shall be deemed or construed by the Developer or by any third person to create any relationship of third-party beneficiary, principal and agent, limited or general partner, or joint venture between the City and the Developer or any third party.

Section 5.5. Modifications. This Agreement may be modified solely through written amendments hereto executed by the Developer and the City.

Section 5.6. Counterparts. This Agreement may be executed in any number of counterparts, each of which shall constitute one and the same instrument.

Section 5.7. Judicial Interpretation. Should any provision of this Agreement require judicial interpretation, the court interpreting or construing the same shall not apply a presumption that the terms hereof shall be more strictly construed against one party by reason of the rule of construction that a document is to be construed more strictly against the party who itself or through its agent or attorney prepared the same, it being agreed that the agents and attorneys of both parties have participated in the preparation hereof.

IN WITNESS WHEREOF, the City has caused this Agreement to be duly executed in its name and behalf and the Developer has caused this Agreement to be duly executed in its name and behalf on or as of the date first above written.

Request for City Council Action

To: Mayor Wimmer and City Council Members

From: Sean M. Sullivan, Economic Development Director

Date: February 16, 2016

Subject: **Consider Resolution Authorizing the Execution of Repayment Agreement with J Robinson Construction, Inc for Lot 9, Block 1, Villages on the Rum Third Addition Phase Three**

On December 1, 2016, the City Council extended the SAC and WAC Deferral program as Resolution No. 2015-289 to help continue to spur development activity. J Robinson Construction, Inc. has requested the City to execute a Repayment Agreement for Lot 9, Block 1, Villages on the Rum Third Addition Phase Three for the construction of a 1018 square foot single family residential home at 501 Moline Loop NW. The business is in "good standing" upon review of the Minnesota Secretary of State Office as of February 16, 2016. The form of the Repayment Agreement is consistent with the form presented on December 1, 2015. The Repayment Agreement will be dated as of the date that the Building Permit is paid for by the Developer. Staff is asking the City Council to consider adoption of the attached resolution and execution of the Repayment Agreement.

City Council Action:

Consider Adoption of Resolution and Execution of Repayment Agreement

Attachments:

1) Resolution 2016-____ Authorization to Execute Repayment Agreement with J Robinson Construction, Inc. for Lot 9, Block 1, Villages on the Rum Third Addition Phase Three

RESOLUTION 2016-___

Authorization and Execution of Repayment Agreement with J Robinson Construction, Inc. on Lot 8, Block 1, Villages on the Rum Third Addition Phase Three

WHEREAS, the City of Isanti extended the SAC and WAC Deferral program on December 1, 2015 which is documented by Resolution 2015-289; and

WHEREAS, A boiler plate Repayment Agreement was drafted by Development Attorney Deike and the City Council directed Staff to utilize this agreement for parties interested in SAC and WAC Deferral for commercial or residential development; and

WHEREAS, J Robinson Construction, Inc. (the "Developer") has asked the City to enter into a Repayment Agreement for the property legally described as: Lot 8, Block 1, Villages on the Rum Third Addition Phase Three (the "Property"); and

WHEREAS, the Developer has stated the it will be the owner of the Property at the time of execution of the Repayment Agreement; and

WHEREAS, the date of the Repayment Agreement will be when the Developer signs prior to payment of the building permit; and

WHEREAS, the Developer is registered, active and is in good standing with the Minnesota Secretary of State Office as of February 16, 2016.

NOW, THEREFORE, IT IS HEREBY RESOLVED by the City Council of the City of Isanti, Minnesota authorized the Mayor and City Administrator/City Clerk to execute the Repayment Agreement attached hereto contingent upon satisfactory proof of ownership witnessed in a recorded instrument of conveyance to the Developer.

This Resolution hereby approved by the Isanti City Council this 16th day of February 2016.

REPAYMENT AGREEMENT

THIS AGREEMENT, made on or as of the ____ day of _____, 2016, by and between the City of Isanti, Minnesota, a statutory City under the laws of the state of Minnesota (hereinafter referred to as the "City") having its principal office at 110 First Avenue N.W., Isanti, Minnesota 55040, and J Robinson Construction, Inc, a corporation under the laws of the State of Minnesota (hereinafter referred to as the "Developer"), having its principal office at 309 Elm Street SW, Isanti, MN 55040.

WITNESSETH:

WHEREAS, the Developer intends to construct a 1018 square foot main floor single family home (the "Improvements") on certain real property (the "Property") in the City; and

WHEREAS, in connection with the construction of the Improvements there are certain water and sanitary sewer charges that are payable by the Developer to the City; and

WHEREAS, the Developer has demonstrated to the satisfaction of the City that the Developer is unable to pay the full amount of the charges now and has asked the City to defer such charges and make them payable at a future point in time; and

WHEREAS, the City believes that the development of the Improvements by the Developer is in the best interests of the City and, therefore, it is willing to defer the charges if doing so will facilitate the development and viability of the Improvements.

NOW, THEREFORE, in consideration of the premises and the mutual obligations of the parties hereto, each of them does hereby covenant and agree with the other as follows:

ARTICLE I

Definitions

Section 1.1. Definitions. In this Agreement, unless a different meaning clearly appears from the context:

"Agreement" means this Agreement, as the same may be from time to time modified, amended, or supplemented.

"City" means the City of Isanti, Minnesota, its successors and assigns.

"County" means Isanti County, Minnesota.

"Deferred Charges" means the utility charges described in Section 3.1 of this Agreement being deferred by the City and which the Developer is obligated to pay in accordance with this Agreement.

"Developer" means J Robinson Construction, Inc., a Minnesota Corporation, its successors and assigns.

"Event of Default" means an action by the Developer listed in Article IV of this Agreement.

"Improvements" means the 1018 square foot main floor single family home to be constructed by the Developer on the Property.

"Property" means the real property described on the attached Schedule A to this Agreement.

"State" means the State of Minnesota.

ARTICLE II

Representations

Section 2.1. Representations by the City. The City makes the following representations as the basis for the undertaking on its part herein contained:

(a) The City is a statutory city duly organized and existing under the laws of the State. Under State law, the City has the power to enter into this Agreement and to perform its obligations hereunder.

Section 2.2. Representations by the Developer. The Developer represents that:

(a) The Developer is a limited liability company duly organized and authorized to transact business in the State, is not in violation of any provisions of its Bylaws or the laws of the State, has power to enter into this Agreement and has duly authorized the execution, delivery and performance of this Agreement by proper action of its President.

ARTICLE III

Deferred Charges

Section 3.1. Deferred Charges. The Developer owes to the City the sum of **$7,983.00** in deferred utility charges. The Deferred Charges consist of **$3,677.00** in Water Connection Charges and **$4,306.00** in Sewer Connection Charges. The City has agreed to defer the payment of the Deferred Charges as described in this Agreement.

Section 3.2. Payment of the Deferred Charges. The Developer agrees that it will pay the Deferred Charges to the City on the earliest to occur of the following:

(a) on the date that is one hundred and twenty (120) days after the date of this Agreement;

(b) on the date that the Developer sells or transfers the Property or Improvements, or any portion thereof; or

(c) on the date that the City issues a certificate of occupancy for the Improvements.

Interest shall accrue on the Deferred Charges at the rate of zero percent (0%) from the date hereof and continuing until the Deferred Charges and all accrued interest have been paid in full.

Section 3.3. Payment of Costs. The Developer shall pay all costs incurred by the City in connection with the preparation and implementation of this Agreement and related documents, including, without limitation, fees of attorneys related the preparation of this Agreement and related documents, if the Developer fails to complete construction of the Improvements within one hundred and twenty (120) days after the date of this Agreement.

ARTICLE IV

Events of Default

Section 4.1. Events of Default Defined. The following shall be "Events of Default" under this Agreement and the term "Event of Default" shall mean, whenever it is used in this Agreement (unless the context otherwise provides), any one or more of the following events:

(a) Failure by the Developer to pay when due any payments required to be paid under this Agreement.

(b) The Developer of the following: (i) file any petition in bankruptcy or for any reorganization, arrangement, composition, readjustment, liquidation, dissolution, or similar relief under United States Bankruptcy Laws or any similar Federal or State Laws; or (ii) make an assignment for the benefit of its creditors; or (iii) admits, in writing, its inability to pay its debts generally as they become due; or (iv) be adjudicated, bankrupt or insolvent.

Section 4.2. City's Remedies on Default. Whenever any Event of Default by Developer referred to in Section 4.1 of this Agreement occurs, the City may take any one or more of the following actions after providing ten (10) days written notice to the Developer of the Event of Default, but only if the Event of Default has not been cured within said ten (10) days:

(a) Declare the entire outstanding balance of the Deferred Charges immediately due and payable.

(b) Terminate this Agreement.

(c) Take whatever action, including legal, equitable or administrative action, which may appear necessary or desirable to the City to collect any payments due under this Agreement, or to enforce performance and observance of any obligation, agreement, or covenant of the Developer under this Agreement.

Section 4.3. No Remedy Exclusive. No remedy herein conferred upon or reserved to the City or Developer is intended to be exclusive of any other available remedy or remedies, but each and every such remedy shall be cumulative and shall be in addition to every other remedy given under this Agreement or now or hereafter existing at law or in equity or by statute. No delay or omission to exercise any right or power accruing upon any default shall impair any such right or power or shall be construed to be a waiver thereof, but any such right and power may be exercised from time to time and as often as may be deemed expedient. In order to entitle the City or the Developer to exercise any remedy reserved to it, it shall not be necessary to give notice, other than such notice as may be required in this Article IV.

Section 4.4. No Additional Waiver Implied by One Waiver. In the event any agreement contained in this Agreement should be breached by either party and thereafter waived by the other party, such waiver shall be limited to the particular breach so waived and shall not be deemed to waive any other concurrent, previous or subsequent breach hereunder.

Section 4.5. Costs of Enforcement. Whenever any Event of Default occurs and the City shall employ attorneys or incur other expenses for the collection of payments due or to become due or for the enforcement of performance or observance of any obligation or agreement on the part of the Developer under this Agreement, the Developer agrees that it shall, within ten (10) days of written demand by the City, pay to the City the reasonable fees of such attorneys and such other expenses so incurred by the City.

ARTICLE V

Additional Provisions

Section 5.1. Representatives Not Individually Liable. No member, official, or employee of the City shall be personally liable to the Developer, or any successor in interest, in the event of any default or breach or for any amount which may become due to Developer or successor in interest or on any obligations under the terms of this Agreement.

Section 5.2. Titles of Articles and Sections. Any titles of the several parts, Articles, and Sections of the Agreement are inserted for convenience of reference only and shall be disregarded in construing or interpreting any of its provisions.

Section 5.3. Notices and Demands. Except as otherwise expressly provided in this Agreement, a notice, demand, or other communication under the Agreement by either party to the other shall be sufficiently given or delivered if it is dispatched by registered or certified mail, postage prepaid, return receipt requested, or delivered personally; and

(a) in the case of the Developer, is addressed to or delivered personally to J Robinson Construction, Inc. at 309 Elm Street SW, Isanti, MN 55040; and

(b) in the case of the City, is addressed to or delivered personally to the City at 110 First Avenue N.W., P.O. Box 428, Isanti, Minnesota 55040,

or at such other address with respect to either such party as that party may, from time to time, designate in writing and forward to the other as provided in this Section.

Section 5.4. Disclaimer of Relationships. The Developer acknowledges that nothing contained in this Agreement nor any act by the City or the Developer shall be deemed or construed by the Developer or by any third person to create any relationship of third-party beneficiary, principal and agent, limited or general partner, or joint venture between the City and the Developer or any third party.

Section 5.5. Modifications. This Agreement may be modified solely through written amendments hereto executed by the Developer and the City.

Section 5.6. Counterparts. This Agreement may be executed in any number of counterparts, each of which shall constitute one and the same instrument.

Section 5.7. Judicial Interpretation. Should any provision of this Agreement require judicial interpretation, the court interpreting or construing the same shall not apply a presumption that the terms hereof shall be more strictly construed against one party by reason of the rule of construction that a document is to be construed more strictly against the party who itself or through its agent or attorney prepared the same, it being agreed that the agents and attorneys of both parties have participated in the preparation hereof.

IN WITNESS WHEREOF, the City has caused this Agreement to be duly executed in its name and behalf and the Developer has caused this Agreement to be duly executed in its name and behalf on or as of the date first above written.

I. Council Committee Reports

Mayor Wimmer addressed the explosion felt that day from Orbital ATK in northern Anoka County. The Mayor noted that a lot of questions had arisen regarding the explosion. There was some misinformation that circulated regarding the explosion indicating that it was an accidental discharge; however, the discharge was planned although there was significantly more ordnance being destroyed than what is typical. The Mayor noted that for most, it was merely a nuisance; however, it was a significant explosion and residents were uncertain as to what was happening. The Mayor acknowledged receiving a number of calls, some from people who have relatives in the community who suffer from Post Traumatic Stress Disorder (PTSD). The Mayor plans to work with the Isanti County Sheriff on receiving prior notice when similarly large discharges take place so that the City can provide announcements to its residents in the future.

The Mayor also read the Allina Clinic Release announcing their anticipated spring 2017 Medical Clinic opening in the City of Isanti. The release indicated that the Allina Board of Directors had approved a 17,000 square foot facility. Lundeen asked if the building size had been reduced from 19,000 square feet to 17,000 square feet. Mayor Wimmer clarified that a 17,000 or 19,000 facility had been approved allowing Allina room to expand. It was generally believed that Allina would go to the 19,000 square footage because the cost to expand in the future would be greater than building to 19,000 from the start. The Mayor reiterated that this will be a model new Clinic for Allina. It will be a model for how they build and deliver health care in the future with both medical and complimentary therapy features to be included in this facility.

J. Public Hearings

1. Request from Property Resource Group for the Vacation of a Drainage and Utility Easement Lying with Isanti Commons First Addition

Mayor Wimmer opened the public hearing at 7:04 p.m.
There were no questions or comments.
Mayor Wimmer closed the public hearing closed at 7:05 p.m.

a. Resolution 2016-041 Vacating a Utility Easement

Motion by Lundeen second by Bergley to approve Resolution 2016-041 as presented. Motion carried unanimously.

K. Business Items

1. Knights of Columbus Jacket Donation

Chief Hill addressed the City Council stating that the Knights of Columbus had reached out to the City of Isanti Police Department along with the School Resource Officer, Middle School, Elementary School and Primary School staff to identify children in need to be the recipients of the many winter jackets being donated by the Knights of Columbus. Chief Hill thanked the Knights of Columbus for the partnership and for allowing them to assist in getting the jackets to needy kids.

Motion by Lundeen second by Bergley to accept the donation. Motion carried unanimously.

2. Discuss C-I Bike/Walk Trail Amendment (Mayor Wimmer)

Mayor Wimmer stated that the Isanti County Parks Director had raised the question of having the Bike/Walk Trail Committee amend the language in the Joint Powers Agreement currently in place with the City of Isanti, Isanti Township, City of Cambridge and Isanti County, to allow for making connections with the Isanti County trail systems and build upon what is currently in place. The Mayor proposed that his focus would be to build upon what the City has already done versus start from scratch. He stated that it was originally stressed to try and finish some connections with the Bike/Walk Trail on the northern end and to connect to the City of Cambridge. The Mayor advocated that from the perspective of the City of Isanti, it would be desirable to have a connection to the east with North Branch going along Highway 5 which already has a bike lane. The Mayor also noted that improvements are needed on a stretch of Highway 95 before entering the City of North Branch, as the area which would need some significant safety improvement; otherwise, the trail could connect with the Sunrise Trail which has runs north and south. The Mayor remarked that Chisago County, North Branch and neighboring communities are working to get further north and thereby connect with trails there. The Mayor also confirmed that the City of Isanti built the trail from the Bluebird Park by the soccer fields all the way up to 299th. He emphasized that this wasn't part of the trail dollars, but rather a connection paid for by the City of Isanti. The Mayor told the Isanti County Parks Director that he didn't believe the City of Isanti would be interested helping fund their connection on the north end into the City of Cambridge, believing it fair that they, likewise, would pay for their own. The Mayor indicated that he was looking to the Council for approval in going forward with getting the City Attorney and staff to put some amendment language together. Also, another meeting would be required with Cambridge to hammer out the details.

A motion was made by Lundeen second by Bergley to move forward with amending the Cambridge Isanti Bike/Walk Trail Joint Powers agreement to include potential new trail links. Motion carried unanimously.

3. **<u>Resolution 2016-042</u> Approving a Five Thousand Dollar Increase to All Department Head Salaries and Amending the 2016 Budget (Mayor Wimmer)**

The Mayor proposed a basic $5,000 dollar increase across the board for department heads with a total impact of $42,000. The Mayor noted that as indicated on the salary ranges from adjacent cities, the current salary ranges for City of Isanti employees are $6,000 to $23,000 less than the comparables. Lundeen asked that it be stressed that the impetus for this action was to help curb the loss of department heads as seen recently. The Mayor acknowledged that pay raises are seldom popular with the constituency; however, he stated that he would be willing to engage that discussion with anyone and indicated that comparable figures were starker than he had anticipated.

Motion by Bergley second by Collison to approve Resolution 2016-042 as presented. Motion carried unanimously.

4. **<u>Ordinance 633</u> Approving an Amendment to the Zoning Map to Rezone Lots 6 & 7, Block 3 of Isanti Meadows from R-1 Single Family Residential to Park and Open Space**

The Mayor noted that these were the forfeited lots that were designated for future parkland.

Motion by Lundeen second by Bergley to approve Ordinance 633 as presented. Motion carried unanimously.

5. Resolution 2016-043 Establishing and Appointing Members to the GreenStep Committee

The Mayor stated that GreenStep is the program through the MCPA and League of Minnesota Cities to improve the City's impact on the environment and one of the steps the City needs to take is to have an official committee structure set up. Bergley asked if the assigned committee members had agreed to participate to which the Mayor responded that the committee had already been meeting, the City merely needed to make it official. Mayor Wimmer commented that the committee has done a fantastic job and anticipates that by this summer, the City will be at Step 3 in the program which indicates significant progress. The Mayor recognized Community Development Director Roxanne Achman and Public Services Director Josi Wood for their contribution to this program.

Motion by Lundeen second by Bergley to approve Resolution 2016-043 as presented. Motion carried unanimously.

6. Resolution 2016-044 for Public Works Lighting Upgrade and Grant Submission

Bergley inquired in what manner the lighting was considered inefficient. Lorsung responded that it is inefficient from the standpoint that it is old technology and of candles per square foot. Lorsung stated that the lighting upgrade was going to reduce the City's use of energy at the public works facility and provide better lighting for the City's employees. Collison confirmed that it is very dark in the City's public works building. Lundeen indicated that it is likely that there would also be financial assistance from the utility company as they would come in to audit the energy usage after the upgrade. Lundeen also noted that a lot of facilities have undergone these upgrades for the financial assistance received from the utility companies, underscoring the value of an upgrade for the City.

Motion by Lundeen second by Bergley to approve Resolution 2016-044 as presented. Motion carried unanimously.

7. Resolution 2016-045 for Water Treatment Plant Hatch Improvements

DeWolf reported to the Council that at the City's water treatment facility there are four steel pressure filters with each filter having four hatches on it. After the warranty period on the project, it was noted that the hatches had some problem with corrosion and are starting to leak. Three of the hatches with the greatest problems were repaired when Public Works Director Fleischacker was still with the City; however, it is obvious the other 13 need repair. Quotes were solicited from several contractors. Shank Construction, who fixed the original three, was the only contractor to respond as it is extremely tedious work. This project was estimated at $50,000; the bid came in at $57,200. DeWolf recommended the City move forward with this bid indicating that the design was poor from the start; however, noting the fix is a long-lasting solution. DeWolf also stated that keeping these hatches from leaking has taken up many public works staff hours over the past year and would thus definitely be a benefit from a time/cost perspective.

Bergley asked if the job should be split as only $50,000 was budgeted. Lundeen indicated that it would likely cost an additional $20,000 if the project were split. The Mayor noted that the cost for the work will come out of the water fund.

Motion by Lundeen second by Bergley to approve Resolution 2016-045 as presented. Motion carried unanimously.

MEMO

To: **Mayor and City Council**

From: Karissa Henning, Human Resources/City Clerk

Date: March 2, 2016

Subject: On-Sale and Sunday Liquor License Renewals

Prior to being brought to City Council for consideration of a Liquor License renewal, all Liquor License applications are reviewed for completeness, the license applicants undergo a background check by the Chief of Police, taxes and assessments are reviewed against the licensed property to make sure they are current; fees owed to the City are checked to ensure there are no delinquent fees, and the Personnel Committee reviews the police activity for the licensed business.

The following license holders have submitted complete applications, and through review, have been recommended to proceed forward to the City Council for consideration for renewal of their liquor license at this time:

- Rum River VFW 2735
- Wintergreens Golf & Grill
- Junction Bowl and Whistle Stop Bar and Grill
- City Center/The Green Table

RESOLUTION NO. 2016-XXX

APPROVING THE ON-SALE AND SUNDAY LIQUOR LICENSE RENEWAL APPLICATION FOR RUM RIVER VFW 2735

WHEREAS, Rum River's VFW Post 2735 On-Sale and Sunday Liquor License will expire on March 31, 2016; and,

WHEREAS, the applicant has completed the renewal application for the City of Isanti and for the State of Minnesota and provided proof of liquor liability and workers' compensation insurance; and,

WHEREAS, all taxes assessments against the property are current; and,

WHEREAS, the applicant has no delinquent City fees; and,

WHEREAS, the applicant has passed a police activity review by the Personnel Committee for the business; and,

WHEREAS, the Chief of Police has reviewed the renewal application and that the applicant has not been cited during the past five years for any state/local liquor law violations.

NOW, THEREFORE, IT IS HEREBY RESOLVED by the City Council of the City of Isanti, Minnesota, that:

1. Rum River's VFW Post 2735 On-Sale and Sunday Liquor License Renewal is approved.
2. The effective date of the On-Sale and Sunday Liquor License shall be April 1, 2016 through March 31, 2017.
3. Staff shall forward all necessary information to the State of Minnesota to complete the liquor license process.

This resolution was duly adopted by the Isanti City Council this 2nd day of March 2016.

MEMO

To: **Mayor Wimmer and Members of the City Council**

From: Josi Wood, Public Services Director

Date: March 2, 2016

Subject: Consider Resolutions for the Operation of the Compost Site and Hiring of Seasonal Public Works Spring Through Fall

---

Overview

By hiring two seasonal public works employees, the City will be better able to maintain the level of public service that the City strives for as well as re-open the compost site.

Background

Staff is requesting to have two seasonal public works employees be hired to attend the compost site that Council approved to re-open spring 2016 as well as assist in other public works duties which includes park maintenance, garbage pick-up, street painting, mowing, weeding, etc. The proposed hire dates would be as early as April 17 and as late as November 20. These would also be the beginning and ending dates of when the compost site would be open to the public for collecting compostable yard waste.

The total duration would be a combined maximum of 185 days for both seasonal employees. The days would be considerably less if the seasonal workers are not full time students. Here are the stipulations set forth per the provisions of the International Union of Operating Engineers, Local 49 contract with the City of Isanti in regards to temporary/seasonal employees:

Each seasonal worker will not exceed more than 67 days or 100 working days (for full time students) within a twelve month period and the terms and conditions of employment will adhere to all applicable provisions of the International Union of Operating Engineers, Local 49 contract with the City of Isanti in regards to temporary/seasonal employees.

Both seasonal employees would be paid a wage of $9.50/hour. Funding has been outlined out of Sanitation in the 2016 budget to re-open and staff the compost site in the proposed amount of $7,068.00. The other unbudgeted seasonal activities would be funded out of Streets (25%) and PRC (75%) in the amount of $6,688.00. The total impact to the 2016 budget would be no more than $14,060 for a total of 185 hours combined.

Personnel Committee Recommendation

The Personnel Committee reviewed the information and recommends to move forward with the hiring of two seasonal employees for the duties, wage and funding allocation as written above.

From: Chief Gene C. Hill **MEMO**

Date: February 16, 2016

Subject: PD – Pet Clinic

Background:

The City of Isanti has allowed its Police Department to sponsor an annual Pet Clinic for many years. For the second year we are partnering with our local Isanti Pet Clinic for this event. The event would be held at the Clinic itself instead of the Isanti Community center. This would enhance staff time with clean up afterwards and also not conflict with interests of other groups who use the Community Center as a social and serving of food venue. This will also assist with the Vet Clinic set up and tear down time.

Action:

I request that the Committee allow the Pet Clinic Event to continue with the change in venue to the Isanti Pet Clinic location.

Thank you for your consideration,

Request for City Council Action

To: **Mayor Wimmer and City Council Members**
From: Chief Gene C. Hill
Date: February 23, 2016
Subject: AAA Traffic Safety Grant

Background:

AAA on a yearly basis offers traffic safety grant opportunities to non-profit organizations and to government entities to promote safe driving habits. These opportunities offer enhanced positive contact with the public to educate them versus penalize them for their driving conduct. Research based evidence has proven that this type of activity has a longer lasting impact on peoples driving habits.

Action:

I am requesting that the City Council to review and consider this request to apply for the AAA Traffic Safety Grant.

RESOLUTION NO. 2016-XXXX

RESOLUTION AUTHORIZING THE CHIEF OF POLICE TO APPLY FOR THE AAA TRAFFIC SAFETY GRANT

WHEREAS, the Isanti Police Department has the opportunity to apply for a AAA Traffic Safety Grant to promote safe driving habits; and,

WHEREAS, the Police Department makes use of grant opportunities to provide a safer motoring community for all its citizens and guests; and,

WHEREAS, the City of Isanti Police Department, based on evidence based research that promoting positive driving habits has a longer lasting effect on driving habits.

NOW, THEREFORE, IT IS HEREBY RESOLVED by the City Council of the City of Isanti, Minnesota to authorize the Chief of Police to apply for the AAA Traffic Safety Grant

This resolution was duly adopted by the Isanti City Council this 2nd day of March, 2016.

2016 TRAFFIC SAFETY GRANT REQUEST

AAA Minnesota/Iowa is currently accepting traffic safety grant requests up to $500 for 2016. Activities that would qualify include mock car crashes, seat belt challenges, anti-texting and driving events, etc. Monies cannot be used to fund staff. Organizations located in Hennepin County are not eligible to receive this grant. **The grant must go to a tax-exempt organization.**

Organization: Isanti Police Department

Contact Person: Chief Gene C. Hill

Phone: 763-444-4761 **E-mail:** Chiefhill@cityofisanti.us

Mailing Address: PO BOX 428 - 401 1st Ave N, Isanti MN 55040

Is the organization receiving the grant tax exempt? Yes

Amount requested? $500

Briefly describe how, when and where the funds will be used: Isanti Police Officers will make contact with motorists that are observed promoting traffic safety by wearing their seatbelts, not using their cell phones, having pets secured in the rear of their vehicle, etc. This will occur throughout the City of Isanti during the large mobilization waves promoting safe driving and seatbelt use. This can also occur in school zones during parent drop offs. Contacting the drivers as they drop their children off and developing community relationships while promoting safety to the children present.

Briefly describe how AAA will be recognized for the grant monies: AAA's logo will be on each of the certificates along with being listed in the news coverage from local papers. The Officers will also be advising each of the drivers contacted that the reward is provided on behalf of AAA.

Subject: Approval of Plans and Authorization to Advertise for Bids
School Watermain Loop Improvements
BMI Project No: R13.110979

We request that the City Council approve the plans and specifications, entitled School Watermain Loop Improvements, and authorize advertisement for bids. We also recommend acquiring a utility easement on the Isanti Middle School property.

This plan includes the construction of a new watermain crossing across Heritage Boulevard at the Isanti Middle School to provide a secondary water supply to the school, main lift station, and apartment buildings west of Whiskey Road. Currently, if there is a watermain break in this area, all of these buildings are without water until the main is repaired.

The proposed loop will connect the watermain at the north west corner of the Isanti Middle School to the watermain in Wendover Street NW on the north side of Heritage Boulevard. This loop will be constructed on Isanti Middle School property and will require a utility easement from the school.

Following is the schedule for the School Watermain Loop Improvements Project:

D. Agenda Modifications.
Wood asked if there were any agenda modifications. There were none.

Motion by Wimmer, second by Zdon to approve the January 26th, 2016 Parks, Recreation, and Culture Board Agenda. Motion was unanimously approved.

2. Organization of Advisory Bodies as per Chapter 8 of the Isanti City Code

A. Oath of Office for New Board Member
Wood stated the first item is the reelection of a board member. Jamie Bergwick has been reappointed. Wood stated in her packet was an Oath of Office form and that she would have Bergwick cite the Oath of Office pledge.

Bergwick cited the Oath of Office pledge.

B. Chair of Parks, Recreation and Culture Board
Wood asked if there were recommendations for the Chair seat.

Zdon stated that he would like to continue as chair.

Motion to nominate Aaron Zdon for the 2016 Parks, Recreation and Culture Board Chair by Bergwick. Second by Garvey. The vote was unanimously approved.

C. Vice-Chair of Park, Recreation and Culture Board
Zdon stated the next order of business is to appoint a Vice Chair.

Garvey stated she would like to continue to be Vice Chair for the 2016 Parks, Recreation and Culture Board.

Motion by Wimmer to nominate Jenny Garvey. Second by Bergwick. The vote was unanimously approved.

D. Secretary of Parks, Recreation and Culture Board

Motion by Wimmer for City Staff, Josi Wood, for position of secretary for the Parks, Recreation and Culture Board. Second by Bergwick. The vote was unanimously approved.

Wood stated in the past there has been one member who has been a member of the Rum River BMX Association board and wanted to know if that should continue.

Zdon stated he would like to continue being on the Rum River BMX Board.

Motion made by Wimmer. Second by Garvey. Vote was unanimously approved.

G. Review of Conflict of Interest Policy – Resolution No. 2016-008

Joslin approached the podium, introduced himself and thoroughly presented the 2016 Conflict of Interest policy. Joslin asked the Members of the Board if they had any questions and that he would be available to be contacted for questions as well. Joslin asked each member to sign that the have reviewed and agreed to the policy and turn the paperwork into City staff Wood at the end of the meeting.

3. Approval of Minutes from November 24, 2015 Park, Recreation and Culture Board Meeting.

Motion by Wimmer. Second by Bergwick. Vote was unanimously approved.

4. Schedule Annual Park Tour

Wood stated that the annual park tour is typically done at the April meeting. Wood stated that if they keep that tradition that the date would be April 26th, 2016.

Zdon asked if anyone had any conflicts with that date.

Motion to have the annual tour on the April 26th PRC Board meeting by Bergwick. Second by Garvey. Vote was unanimously approved.

5. 38 Acre Park Project Update

Wimmer stated that Council approved it after some discussion. He stated one member wasn't overly excited about it but that is because it is in his backyard and he didn't want it in his backyard. Wimmer stated staff has worked really hard and great staff really do make a great project. Wimmer described the project and that it will take time but included that the Master Gardeners believe the garden will fill up and the school will have a lot of participation similar to what is at the Cedar Creek School.

Wood stated she apologized that some of the copies did not print in their packet. She described the project details that were outlined on the funding page. She also provided the PRC Board with a draft of the plot sites. Wood stated that they would have more elevated/raised beds but there will be two for this year. She also described other elements of the project including the shed, tools and water. Wood described the dock that will be used as the bridge.

Wimmer stated we would be ADA compliant to the end of the bridge and then beyond that the trail will be what it is. That is why we will have it blocked out since there is a lot of ATV traffic.
Wood stated then there would be a trail that would lead the path down the river to the bridge.

Wood stated that we will also have the community garden. As is in the documents, there are the preliminary rules and regulations. Wood stated the cost of the plots were approved by Council. Wood asked if anyone had any questions.

There was discussion on the rules and regulations.

Garvey had some question about the cost of the plots and the size. She asked for more clarification on the sizes in regards to what is stated in the brochure to let people know the sizes of the plots.

Zdon asked if the price was per season and not month.

Wood stated the cost was per season.

Garvey had a concern about providing tools in a shed that was open to the public.

Wood stated that the Cambridge Community Garden does the same thing and have not had issues.

There was discussion regarding the availability of tools to renters of the plots as well as other comments on the rules flyer.

Wimmer stated he wanted to jump in to update the Board on the hockey rink. At Council Goal Setting, the Council had a consensus of what will be voted on at a next meeting, which was something the Board discussed and wished Garvey was there since she's the hockey person. What the Council is looking at is doing is the two rinks on the East side of the pine trees which will be closer to the warming house, and have temporary wood boards and liner. Then the pleasure rink next to it. Wimmer stated it is not set in stone but from a cost standpoint that is what is being looked at. Wimmer stated this may be a way we can ensure we will have outdoor hockey that is cost effective.

Garvey asked if that would be at the next Council meeting.

Wimmer stated that that is where we would be looking at it and obviously it is not set in stone yet. The PRC Board can certainly look at it but from a cost and staff standpoint of doing the wooden boards in regards to repair, it may ensure we will be able to have hockey.

Garvey asked at the next Council meeting.

Wimmer stated yes, it will be brought up with the overall goals.

Garvey stated that her husband was here because they had a few conversations. Garvey went into brief details of another option and Wimmer stated to have her or her husband call him to discuss a new potential path.

Wimmer needed to excuse himself from the meeting to attend another.

There was another brief discussion on the community garden brochure verbiage.

6. Draft Park Brochure for Review

Wood provided a draft of the parks brochure to the Board. She asked for comments and/or suggestions.

The PRC Board had a few minor changes in regards to clarification and grammar but all agreed it was a very well put together brochure.

7. Adjournment

Motion by Garvey, second by Bergwick to adjourn the January 26, 2016 meeting of the Parks, Recreation, and Culture Board. Motion was approved.

The meeting adjourned at 6:43 p.m.

Dated at Isanti, Minnesota this 26th day of January 2016.

Respectfully submitted,

MEMO

To: **Mayor Wimmer and City Council Members**

From: Sean M. Sullivan, Economic Development Director

Date: March 2, 2016

Subject: Consider Adoption of Resolution 2016-___ Authorizing Staff to Seek Help with Economic Development / Activities through Providing a Paid Intern Opportunity and Accepting a $1,000 Scholarship from the Minnesota Economic Development Foundation

---

Background:

Staff is requesting that the City Council authorize a part time Economic Development Marketing Intern position for the summer of 2016. Staff has been working on marketing initiatives for 2016 and beyond. In 2016, Staff would like to create some new marketing materials including: Maps, two-sided one page brochures, updates to welcome brochure utilizing In Design, and enhancements to the ED webpage. In addition, an intern would assist in business retention and expansion efforts by assisting with updating of business list and incorporating the updates into the website business list. Support for EDA events such as the Mayor Employer Celebration Day on June 7 and the new Business Meetings would certainly be helpful and increase some efficiencies for the Economic Development Director.

Budgeting:

In 2016, there was not a budgeted item an intern for EDA. Based on the past summer intern staff has estimated a timeframe of 18 weeks at 20 hours a week and a $9.50 wage per hour with an estimated cost of $3,420. Staff submitted an intern scholarship application to the Minnesota Economic Development Foundation and was awarded a matching $1,000 scholarship for 2016. This scholarship could be used to offset up to $1,000 in costs associated with the Economic Development marketing intern. The ED intern would need to be familiar with the In Design CS6 program and related modules and have a willingness to learn and participate in economic development related activities. Mayor Wimmer and Finance Director Frechette has discussed a plan that would allocate funds to EDA in order to fund the intern and additional marketing activities. The actual cost of the position to the City of Isanti less the $1,000 intern scholarship is $2,420.

Technology and Office Space:

In the past the intern has been given a cube and use of a PC and the laptop to conduct business. Intern Buboltz was able to utilize the City laptop off site (when appropriate) to work on development of the Welcome brochure. The City laptop also has a shared license with the In Design marketing program. Staff recommendation would be to set up the intern in the space formerly occupied by Building Official Nick Henly, use of the PC on that desk, and to provide access to the city laptop and In Design as needed.

Next Steps:

Staff has worked with City Clerk Henning to develop a job description which is attached and plans to coordinate with her to develop a job posting for immediate use. The need for an intern will increase as the year moves on and project such as Coborn's and Allina commence construction. Based on projected start times for construction and the implementation of the new Business Meetings and Mayor's Employer Luncheon staff would like to have the intern on board in April of 2016 ending sometime in August.

Recommendation:

Recommendation by Staff is to approve the attached job description for the Economic Development Marketing Intern, authorize funding of $3,420 from the EDA 495 Marketing fund to pay for the position, to develop a job posting, interview qualified applicants and to accept the Minnesota Economic Development Foundation Scholarship in the Amount of $1,000.

City Council Action Requested:

RESOLUTION NO. 2016-____

RESOLUTION AUTHORIZING STAFF TO SEEK HELP WITH ECONOMIC DEVELOPMENT / MARKETING ACTIVITIES THROUGH PROVIDING A PAID INTERNSHIP OPPORTUNITY AND ACCEPTING A $1,000 SCHOLARSHIP FROM THE MINNESOTA ECONOMIC DEVELOPMENT FOUNDATION

WHEREAS, through City Council direction Staff has been tasked with the creation and updating of city marketing materials, updating and implementing the city marketing plan and sustaining economic development efforts; and,

WHEREAS, Staff as part of its future staffing plan has requested assistance in the creation and updating of city marketing materials, updating and implementing the city marketing plan and sustaining economic development; and,

WHEREAS, the Finance Committee has reviewed the request and recommends that an Economic Development / Marketing Intern be hired to assist the Economic Development Director and that this position be funded from the EDA 495 Marketing Fund in an amount not to exceed $3,420; and,

WHEREAS, Economic Development Director Sullivan applied to the Minnesota Economic Development Foundation for a $1,000 matching intern scholarship, and was awarded a scholarship for the purposes of hiring an Economic Development / Marketing Intern.

NOW THEREFORE BE IT RESOLVED BY THE CITY COUNCIL OF THE CITY OF ISANTI, MINNESOTA AS FOLLOWS:

1. Human Resources and the Economic Develop Director are hereby directed to advertise to fill an Economic Development / Marketing Internship.
2. Intern funded through EDA 495 marketing budget in an amount not to exceed $3,420.
3. Approval of the job description for the Economic Development / Marketing Intern attached hereto as 'Exhibit A'.
4. Acceptance of $1,000 Scholarship from Minnesota Economic Development Foundation.
5. The Economic Development Marketing Intern rate of Pay will be $9.50 / hour.

Subject: Forfeited 2008 Honda CRF250R Dirt Bike

Background:

The City of Isanti through its Police Department has lawfully seized and forfeited a 2008 Honda CRF250R Dirt Bike. The City of Isanti holds clear title on the above dirt bike. This dirt bike does not currently have any use within the department.

Action:

The Police Department wishes that the City Council to review, consider and approve the selling of the dirt bike, as it has with other forfeited vehicles, at Wayne Pikes Auction on March 5th, 2016; and that the proceeds be deposited into the Isanti Forfeiture fund.

Thank you for your consideration,

Subject: Forfeited 2014 Coolster 125cc ATV

Background:

The City of Isanti through its Police Department has lawfully seized and forfeited a 2014 125cc Coolster ATV. The City of Isanti holds clear title on the above ATV. This ATV was to be used for the departments ATV safety program and would also allow the Police Reserves to patrol the parks and extensive trail system within the City.

After having the ATV in service for a year, we have learned that the ATV does not suit the needs of the department because of its size and being under powered for the departments need. The dependability of the unit is not what it needs to be for department use.

Action:

The Police Department wishes that the City Council review, consider and approve the selling of the ATV, as it has with other forfeited vehicles, at Wayne Pikes Auction; and that the proceeds be deposited into the Isanti Forfeiture fund.

REPAYMENT AGREEMENT

THIS AGREEMENT, made on or as of the ____ day of March, 2016, by and between the City of Isanti, Minnesota, a statutory City under the laws of the state of Minnesota (hereinafter referred to as the "City") having its principal office at 110 First Avenue N.W., Isanti, Minnesota 55040, and J Robinson Construction, Inc, a corporation under the laws of the State of Minnesota (hereinafter referred to as the "Developer"), having its principal office at 309 Elm Street SW, Isanti, MN 55040.

WITNESSETH:

WHEREAS, the Developer intends to construct a 1018 square foot main floor single family home (the "Improvements") on certain real property (the "Property") in the City; and

WHEREAS, in connection with the construction of the Improvements there are certain water and sanitary sewer charges that are payable by the Developer to the City; and

WHEREAS, the Developer has demonstrated to the satisfaction of the City that the Developer is unable to pay the full amount of the charges now and has asked the City to defer such charges and make them payable at a future point in time; and

WHEREAS, the City believes that the development of the Improvements by the Developer is in the best interests of the City and, therefore, it is willing to defer the charges if doing so will facilitate the development and viability of the Improvements.

NOW, THEREFORE, in consideration of the premises and the mutual obligations of the parties hereto, each of them does hereby covenant and agree with the other as follows:

ARTICLE I

Definitions

Section 1.1. Definitions. In this Agreement, unless a different meaning clearly appears from the context:

"Agreement" means this Agreement, as the same may be from time to time modified, amended, or supplemented.

"City" means the City of Isanti, Minnesota, its successors and assigns.

"County" means Isanti County, Minnesota.

"Deferred Charges" means the utility charges described in Section 3.1 of this Agreement being deferred by the City and which the Developer is obligated to pay in accordance with this Agreement.

"Developer" means J Robinson Construction, Inc., a Minnesota Corporation, its successors and assigns.

"Event of Default" means an action by the Developer listed in Article IV of this Agreement.

"Improvements" means the 1018 square foot main floor single family home to be constructed by the Developer on the Property.

"Property" means the real property described on the attached Schedule A to this Agreement.

"State" means the State of Minnesota.

ARTICLE II

Representations

Section 2.1. Representations by the City. The City makes the following representations as the basis for the undertaking on its part herein contained:

(a) The City is a statutory city duly organized and existing under the laws of the State. Under State law, the City has the power to enter into this Agreement and to perform its obligations hereunder.

Section 2.2. Representations by the Developer. The Developer represents that:

(a) The Developer is a limited liability company duly organized and authorized to transact business in the State, is not in violation of any provisions of its Bylaws or the laws of the State, has power to enter into this Agreement and has duly authorized the execution, delivery and performance of this Agreement by proper action of its President.

ARTICLE III

Deferred Charges

Section 3.1. Deferred Charges. The Developer owes to the City the sum of **$7,983.00** in deferred utility charges. The Deferred Charges consist of **$3,677.00** in Water Connection Charges and **$4,306.00** in Sewer Connection Charges. The City has agreed to defer the payment of the Deferred Charges as described in this Agreement.

Section 3.2. Payment of the Deferred Charges. The Developer agrees that it will pay the Deferred Charges to the City on the earliest to occur of the following:

(a) on the date that is one hundred and twenty (120) days after the date of this Agreement;

(b) on the date that the Developer sells or transfers the Property or Improvements, or any portion thereof; or

(c) on the date that the City issues a certificate of occupancy for the Improvements.

Interest shall accrue on the Deferred Charges at the rate of zero percent (0%) from the date hereof and continuing until the Deferred Charges and all accrued interest have been paid in full.

Section 3.3. Payment of Costs. The Developer shall pay all costs incurred by the City in connection with the preparation and implementation of this Agreement and related documents, including, without limitation, fees of attorneys related the preparation of this Agreement and related documents, if the Developer fails to complete construction of the Improvements within one hundred and twenty (120) days after the date of this Agreement.

ARTICLE IV

Events of Default

Section 4.1. Events of Default Defined. The following shall be "Events of Default" under this Agreement and the term "Event of Default" shall mean, whenever it is used in this Agreement (unless the context otherwise provides), any one or more of the following events:

(a) Failure by the Developer to pay when due any payments required to be paid under this Agreement.

(b) The Developer of the following: (i) file any petition in bankruptcy or for any reorganization, arrangement, composition, readjustment, liquidation, dissolution, or similar relief under United States Bankruptcy Laws or any similar Federal or State Laws; or (ii) make an assignment for the benefit of its creditors; or (iii) admits, in writing, its inability to pay its debts generally as they become due; or (iv) be adjudicated, bankrupt or insolvent.

Section 4.2. City's Remedies on Default. Whenever any Event of Default by Developer referred to in Section 4.1 of this Agreement occurs, the City may take any one or more of the following actions after providing ten (10) days written notice to the Developer of the Event of Default, but only if the Event of Default has not been cured within said ten (10) days:

(a) Declare the entire outstanding balance of the Deferred Charges immediately due and payable.

(b) Terminate this Agreement.

(c) Take whatever action, including legal, equitable or administrative action, which may appear necessary or desirable to the City to collect any payments due under this Agreement, or to enforce performance and observance of any obligation, agreement, or covenant of the Developer under this Agreement.

Section 4.3. No Remedy Exclusive. No remedy herein conferred upon or reserved to the City or Developer is intended to be exclusive of any other available remedy or remedies, but each and every such remedy shall be cumulative and shall be in addition to every other remedy given under this Agreement or now or hereafter existing at law or in equity or by statute. No delay or omission to exercise any right or power accruing upon any default shall impair any such right or power or shall be construed to be a waiver thereof, but any such right and power may be exercised from time to time and as often as may be deemed expedient. In order to entitle the City or the Developer to exercise any remedy reserved to it, it shall not be necessary to give notice, other than such notice as may be required in this Article IV.

Section 4.4. No Additional Waiver Implied by One Waiver. In the event any agreement contained in this Agreement should be breached by either party and thereafter waived by the other party, such waiver shall be limited to the particular breach so waived and shall not be deemed to waive any other concurrent, previous or subsequent breach hereunder.

Section 4.5. Costs of Enforcement. Whenever any Event of Default occurs and the City shall employ attorneys or incur other expenses for the collection of payments due or to become due or for the enforcement of performance or observance of any obligation or agreement on the part of the Developer under this Agreement, the Developer agrees that it shall, within ten (10) days of written demand by the City, pay to the City the reasonable fees of such attorneys and such other expenses so incurred by the City.

ARTICLE V

Additional Provisions

Section 5.1. Representatives Not Individually Liable. No member, official, or employee of the City shall be personally liable to the Developer, or any successor in interest, in the event of any default or breach or for any amount which may become due to Developer or successor in interest or on any obligations under the terms of this Agreement.

Section 5.2. Titles of Articles and Sections. Any titles of the several parts, Articles, and Sections of the Agreement are inserted for convenience of reference only and shall be disregarded in construing or interpreting any of its provisions.

Section 5.3. Notices and Demands. Except as otherwise expressly provided in this Agreement, a notice, demand, or other communication under the Agreement by either party to the other shall be sufficiently given or delivered if it is dispatched by registered or certified mail, postage prepaid, return receipt requested, or delivered personally; and

(a) in the case of the Developer, is addressed to or delivered personally to J Robinson Construction, Inc. at 309 Elm Street SW, Isanti, MN 55040; and

(b) in the case of the City, is addressed to or delivered personally to the City at 110 First Avenue N.W., P.O. Box 428, Isanti, Minnesota 55040,

or at such other address with respect to either such party as that party may, from time to time, designate in writing and forward to the other as provided in this Section.

Section 5.4. Disclaimer of Relationships. The Developer acknowledges that nothing contained in this Agreement nor any act by the City or the Developer shall be deemed or construed by the Developer or by any third person to create any relationship of third-party beneficiary, principal and agent, limited or general partner, or joint venture between the City and the Developer or any third party.

Section 5.5. Modifications. This Agreement may be modified solely through written amendments hereto executed by the Developer and the City.

Section 5.6. Counterparts. This Agreement may be executed in any number of counterparts, each of which shall constitute one and the same instrument.

Section 5.7. Judicial Interpretation. Should any provision of this Agreement require judicial interpretation, the court interpreting or construing the same shall not apply a presumption that the terms hereof shall be more strictly construed against one party by reason of the rule of construction that a document is to be construed more strictly against the party who itself or through its agent or attorney prepared the same, it being agreed that the agents and attorneys of both parties have participated in the preparation hereof.

IN WITNESS WHEREOF, the City has caused this Agreement to be duly executed in its name and behalf and the Developer has caused this Agreement to be duly executed in its name and behalf on or as of the date first above written.

REPAYMENT AGREEMENT

THIS AGREEMENT, made on or as of the ____ day of March, 2016, by and between the City of Isanti, Minnesota, a statutory City under the laws of the state of Minnesota (hereinafter referred to as the "City") having its principal office at 110 First Avenue N.W., Isanti, Minnesota 55040, and J Robinson Construction, Inc, a corporation under the laws of the State of Minnesota (hereinafter referred to as the "Developer"), having its principal office at 309 Elm Street SW, Isanti, MN 55040.

WITNESSETH:

WHEREAS, the Developer intends to construct a 1018 square foot main floor single family home (the "Improvements") on certain real property (the "Property") in the City; and

WHEREAS, in connection with the construction of the Improvements there are certain water and sanitary sewer charges that are payable by the Developer to the City; and

WHEREAS, the Developer has demonstrated to the satisfaction of the City that the Developer is unable to pay the full amount of the charges now and has asked the City to defer such charges and make them payable at a future point in time; and

WHEREAS, the City believes that the development of the Improvements by the Developer is in the best interests of the City and, therefore, it is willing to defer the charges if doing so will facilitate the development and viability of the Improvements.

NOW, THEREFORE, in consideration of the premises and the mutual obligations of the parties hereto, each of them does hereby covenant and agree with the other as follows:

ARTICLE I

Definitions

Section 1.1. Definitions. In this Agreement, unless a different meaning clearly appears from the context:

"Property" means the real property described on the attached Schedule A to this Agreement.

"State" means the State of Minnesota.

ARTICLE II

Representations

Section 2.1. Representations by the City. The City makes the following representations as the basis for the undertaking on its part herein contained:

(a) The City is a statutory city duly organized and existing under the laws of the State. Under State law, the City has the power to enter into this Agreement and to perform its obligations hereunder.

Section 2.2. Representations by the Developer. The Developer represents that:

(a) The Developer is a limited liability company duly organized and authorized to transact business in the State, is not in violation of any provisions of its Bylaws or the laws of the State, has power to enter into this Agreement and has duly authorized the execution, delivery and performance of this Agreement by proper action of its President.

ARTICLE III

Deferred Charges

Section 3.1. Deferred Charges. The Developer owes to the City the sum of **$7,983.00** in deferred utility charges. The Deferred Charges consist of **$3,677.00** in Water Connection Charges and **$4,306.00** in Sewer Connection Charges. The City has agreed to defer the payment of the Deferred Charges as described in this Agreement.

Section 3.2. Payment of the Deferred Charges. The Developer agrees that it will pay the Deferred Charges to the City on the earliest to occur of the following:

(a) on the date that is one hundred and twenty (120) days after the date of this Agreement;

(b) on the date that the Developer sells or transfers the Property or Improvements, or any portion thereof; or

(c) on the date that the City issues a certificate of occupancy for the Improvements.

Interest shall accrue on the Deferred Charges at the rate of zero percent (0%) from the date hereof and continuing until the Deferred Charges and all accrued interest have been paid in full.

Section 3.3. Payment of Costs. The Developer shall pay all costs incurred by the City in connection with the preparation and implementation of this Agreement and related documents, including, without limitation, fees of attorneys related the preparation of this Agreement and related documents, if the Developer fails to complete construction of the Improvements within one hundred and twenty (120) days after the date of this Agreement.

ARTICLE IV

Events of Default

Section 4.1. Events of Default Defined. The following shall be "Events of Default" under this Agreement and the term "Event of Default" shall mean, whenever it is used in this Agreement (unless the context otherwise provides), any one or more of the following events:

(a) Failure by the Developer to pay when due any payments required to be paid under this Agreement.

(b) The Developer of the following: (i) file any petition in bankruptcy or for any reorganization, arrangement, composition, readjustment, liquidation, dissolution, or similar relief under United States Bankruptcy Laws or any similar Federal or State Laws; or (ii) make an assignment for the benefit of its creditors; or (iii) admits, in writing, its inability to pay its debts generally as they become due; or (iv) be adjudicated, bankrupt or insolvent.

Section 4.2. City's Remedies on Default. Whenever any Event of Default by Developer referred to in Section 4.1 of this Agreement occurs, the City may take any one or more of the following actions after providing ten (10) days written notice to the Developer of the Event of Default, but only if the Event of Default has not been cured within said ten (10) days:

(a) Declare the entire outstanding balance of the Deferred Charges immediately due and payable.

(b) Terminate this Agreement.

(c) Take whatever action, including legal, equitable or administrative action, which may appear necessary or desirable to the City to collect any payments due under this Agreement, or to enforce performance and observance of any obligation, agreement, or covenant of the Developer under this Agreement.

Section 4.3. No Remedy Exclusive. No remedy herein conferred upon or reserved to the City or Developer is intended to be exclusive of any other available remedy or remedies, but each and every such remedy shall be cumulative and shall be in addition to every other remedy given under this Agreement or now or hereafter existing at law or in equity or by statute. No delay or omission to exercise any right or power accruing upon any default shall impair any such right or power or shall be construed to be a waiver thereof, but any such right and power may be exercised from time to time and as often as may be deemed expedient. In order to entitle the City or the Developer to exercise any remedy reserved to it, it shall not be necessary to give notice, other than such notice as may be required in this Article IV.

Section 4.4. No Additional Waiver Implied by One Waiver. In the event any agreement contained in this Agreement should be breached by either party and thereafter waived by the other party, such waiver shall be limited to the particular breach so waived and shall not be deemed to waive any other concurrent, previous or subsequent breach hereunder.

Section 4.5. Costs of Enforcement. Whenever any Event of Default occurs and the City shall employ attorneys or incur other expenses for the collection of payments due or to become due or for the enforcement of performance or observance of any obligation or agreement on the part of the Developer under this Agreement, the Developer agrees that it shall, within ten (10) days of written demand by the City, pay to the City the reasonable fees of such attorneys and such other expenses so incurred by the City.

ARTICLE V

Additional Provisions

Section 5.1. Representatives Not Individually Liable. No member, official, or employee of the City shall be personally liable to the Developer, or any successor in interest, in the event of any default or breach or for any amount which may become due to Developer or successor in interest or on any obligations under the terms of this Agreement.

Section 5.2. Titles of Articles and Sections. Any titles of the several parts, Articles, and Sections of the Agreement are inserted for convenience of reference only and shall be disregarded in construing or interpreting any of its provisions.

Section 5.3. Notices and Demands. "Event of Default" means an action by the Developer listed in Article IV of this Agreement.

"Improvements" means the 1018 square foot main floor single family home to be constructed by the Developer on the Property.

"Property" means the real property described on the attached Schedule A to this Agreement.

"State" means the State of Minnesota.

ARTICLE II

Representations

Section 2.1. Representations by the City. The City makes the following representations as the basis for the undertaking on its part herein contained:

(a) The City is a statutory city duly organized and existing under the laws of the State. Under State law, the City has the power to enter into this Agreement and to perform its obligations hereunder.

Section 2.2. Representations by the Developer. The Developer represents that:

(a) The Developer is a limited liability company duly organized and authorized to transact business in the State, is not in violation of any provisions of its Bylaws or the laws of the State, has power to enter into this Agreement and has duly authorized the execution, delivery and performance of this Agreement by proper action of its President.

ARTICLE III

Deferred Charges

Section 3.1. Deferred Charges. The Developer owes to the City the sum of **$7,983.00** in deferred utility charges. The Deferred Charges consist of **$3,677.00** in Water Connection Charges and **$4,306.00** in Sewer Connection Charges. The City has agreed to defer the payment of the Deferred Charges as described in this Agreement.

Section 3.2. Payment of the Deferred Charges. The Developer agrees that it will pay the Deferred Charges to the City on the earliest to occur of the following:

(a) on the date that is one hundred and twenty (120) days after the date of this Agreement;

(b) on the date that the Developer sells or transfers the Property or Improvements, or any portion thereof; or

(c) on the date that the City issues a certificate of occupancy for the Improvements.

Interest shall accrue on the Deferred Charges at the rate of zero percent (0%) from the date hereof and continuing until the Deferred Charges and all accrued interest have been paid in full.

Section 3.3. Payment of Costs. The Developer shall pay all costs incurred by the City in connection with the preparation and implementation of this Agreement and related documents, including, without limitation, fees of attorneys related the preparation of this Agreement and related documents, if the Developer fails to complete construction of the Improvements within one hundred and twenty (120) days after the date of this Agreement.

ARTICLE IV

Events of Default

Section 4.1. Events of Default Defined. The following shall be "Events of Default" under this Agreement and the term "Event of Default" shall mean, whenever it is used in this Agreement (unless the context otherwise provides), any one or more of the following events:

(a) Failure by the Developer to pay when due any payments required to be paid under this Agreement.

(b) The Developer of the following: (i) file any petition in bankruptcy or for any reorganization, arrangement, composition, readjustment, liquidation, dissolution, or similar relief under United States Bankruptcy Laws or any similar Federal or State Laws; or (ii) make an assignment for the benefit of its creditors; or (iii) admits, in writing, its inability to pay its debts generally as they become due; or (iv) be adjudicated, bankrupt or insolvent.

Section 4.2. City's Remedies on Default. Whenever any Event of Default by Developer referred to in Section 4.1 of this Agreement occurs, the City may take any one or more of the following actions after providing ten (10) days written notice to the Developer of the Event of Default, but only if the Event of Default has not been cured within said ten (10) days:

(a) Declare the entire outstanding balance of the Deferred Charges immediately due and payable.

(b) Terminate this Agreement.

(c) Take whatever action, including legal, equitable or administrative action, which may appear necessary or desirable to the City to collect any payments due under this Agreement, or to enforce performance and observance of any obligation, agreement, or covenant of the Developer under this Agreement.

Section 4.3. No Remedy Exclusive. No remedy herein conferred upon or reserved to the City or Developer is intended to be exclusive of any other available remedy or remedies, but each and every such remedy shall be cumulative and shall be in addition to every other remedy given under this Agreement or now or hereafter existing at law or in equity or by statute. No delay or omission to exercise any right or power accruing upon any default shall impair any such right or power or shall be construed to be a waiver thereof, but any such right and power may be exercised from time to time and as often as may be deemed expedient. In order to entitle the City or the Developer to exercise any remedy reserved to it, it shall not be necessary to give notice, other than such notice as may be required in this Article IV.

Section 4.4. No Additional Waiver Implied by One Waiver. In the event any agreement contained in this Agreement should be breached by either party and thereafter waived by the other party, such waiver shall be limited to the particular breach so waived and shall not be deemed to waive any other concurrent, previous or subsequent breach hereunder.

Section 4.5. Costs of Enforcement. Whenever any Event of Default occurs and the City shall employ attorneys or incur other expenses for the collection of payments due or to become due or for the enforcement of performance or observance of any obligation or agreement on the part of the Developer under this Agreement, the Developer agrees that it shall, within ten (10) days of written demand by the City, pay to the City the reasonable fees of such attorneys and such other expenses so incurred by the City.

ARTICLE V

Additional Provisions

Section 5.1. Representatives Not Individually Liable. No member, official, or employee of the City shall be personally liable to the Developer, or any successor in interest, in the event of any default or breach or for any amount which may become due to Developer or successor in interest or on any obligations under the terms of this Agreement.

Section 5.2. Titles of Articles and Sections. Any titles of the several parts, Articles, and Sections of the Agreement are inserted for convenience of reference only and shall be disregarded in construing or interpreting any of its provisions.

Section 5.3. Notices and Demands. Except as otherwise expressly provided in this Agreement, a notice, demand, or other communication under the Agreement by either party to the other shall be sufficiently given or delivered if it is dispatched by registered or certified mail, postage prepaid, return receipt requested, or delivered personally; and

(a) in the case of the Developer, is addressed to or delivered personally to J Robinson Construction, Inc. at 309 Elm Street SW, Isanti, MN 55040; and

(b) in the case of the City, is addressed to or delivered personally to the City at 110 First Avenue N.W., P.O. Box 428, Isanti, Minnesota 55040,

or at such other address with respect to either such party as that party may, from time to time, designate in writing and forward to the other as provided in this Section.

Section 5.4. Disclaimer of Relationships. The Developer acknowledges that nothing contained in this Agreement nor any act by the City or the Developer shall be deemed or construed by the Developer or by any third person to create any relationship of third-party beneficiary, principal and agent, limited or general partner, or joint venture between the City and the Developer or any third party.

Section 5.5. Modifications. This Agreement may be modified solely through written amendments hereto executed by the Developer and the City.

Section 5.6. Counterparts. This Agreement may be executed in any number of counterparts, each of which shall constitute one and the same instrument.

Section 5.7. Judicial Interpretation. Should any provision of this Agreement require judicial interpretation, the court interpreting or construing the same shall not apply a presumption that the terms hereof shall be more strictly construed against one party by reason of the rule of construction that a document is to be construed more strictly against the party who itself or through its agent or attorney prepared the same, it being agreed that the agents and attorneys of both parties have participated in the preparation hereof.

IN WITNESS WHEREOF, the City has caused this Agreement to be duly executed in its name and behalf and the Developer has caused this Agreement to be duly executed in its name and behalf on or as of the date first above written.

From: Chief Gene C. Hill
Date: February 24, 2016
Subject: Minnesota Court Data Services Agreement

Background:

Minnesota Court Services is launching a new website that allows criminal justice entities to access court data such as case files, orders for protection, harassment orders, conditions of release for pre-trial individuals and more to better assist officers with real time data 24/7.

This access to data will allow officers to make better on scene decisions about arrest situations which will reduce potential liability.

Action:

I am requesting that the City Council review, consider and accept the agreement for access to the Minnesota Court Data Services and to allow the Chief of Police to sign the acceptance agreement.

RESOLUTION NO. 2016-XXXX

RESOLUTION AUTHORIZING THE CHIEF OF POLICE TO ACCEPT AND SIGN THE AGREEMENT FOR ACCESS TO MINNESOTA COURT DATA SERVICES

WHEREAS, the Minnesota Court Data Services are offered to governmental units for certain governmental uses; and

WHEREAS, this data exists to assist governmental units in the efficient performance of governmental duties as required or authorized by law or court rule in connection with any civil, criminal, administrative, or arbitral proceeding in any federal, state or local court or agency or before any self-regulating body;

NOW, THEREFORE, IT IS HEREBY RESOLVED by the City Council of the City of Isanti, Minnesota to authorize:

1. The acceptance of the agreement with Minnesota Court Data Services.
2. To allow and authorize the Chief of Police to sign and enter into this agreement for criminal justice purposes.

This resolution was duly adopted by the Isanti City Council this 2nd day of March, 2016.

From: Brenda Frechette, Finance Director

Date: February 25, 2016

Subject: Consider Resolution Authorizing the Designation of Fund Balances for 2015

Background: The PFA financing agreement requires an annual amount to be designated for system replacement:

1. $.10 per 1,000 gallons of wastewater flow for 2015 shall be placed in a reserve for the purpose of capital replacement of the wastewater treatment facility as provided for under the WIF guidelines.

Action Requested: Consider Resolution Authorizing the Designation of Fund Balances for 2015

Attachments: Resolution Authorizing the Designation of Fund Balances for 2015

RESOLUTION NO. 2016-XXX

A RESOLUTION AUTHORIZING THE DESIGNATION OF FUND BALANCES FOR 2015

WHEREAS, the City Council of Isanti finds that it is important to review financing to eliminate deficits in certain funds and close funds with no recent activity or for projects that are materially complete; and,

WHEREAS, the City Council of Isanti finds that it is in the best interests of the community that the City officially list each year the specific amounts reserved for the above purposes; and,

WHEREAS, the WIF portion of the Public Facilities authority loan requires funds to be placed in a reserve fund for capital replacement for major rehabilitation, expansion, or replacement of its existing system at the end of its useful life.

NOW, THEREFORE, BE IT RESOLVED by the City Council of the City of Isanti, Minnesota that:

1. The amount of $.10 per 1,000 gallons of wastewater flow for the year 2015 shall be placed in a reserve fund for the purpose of capital replacement of the wastewater treatment facility as provided under the WIF guidelines.

MEMO

Date: February 23, 2016

Subject: 2016 Phase II Street Lighting Infill Program

The City Council has budgeted for the 2016 Phase II Street Lighting In-fill Program. Changes were made to the 2016 program to place two new lights on Railroad Avenue NE, one near the pedestrian crossing north of the intersection with Palomino Road NE and one at the intersection of Broadway NE and Railroad Avenue NE (see attached map). The original two lights that were planned for this phase will be added to the 2017 Phase III Program.

Connexus has provided an Outdoor Lighting Construction Contract and a Maintenance Agreement for the new lighting (see attached). The estimated construction cost is $12,634. This is within the 2016 budgeted amount of $14,536. Attached for your consideration is Resolution approving the construction contract and lighting maintenance agreement.

RESOLUTION NO. 2016-_____

A RESOLUTION AUTHORIZING ENTERING INTO A CONSTRUCTION CONTRACT AND ENERGY AND MAINTENANCE AGREEMENT WITH CONNEXUS ENERGY FOR THE 2016 PHASE II STREET LIGHTING INFILL PROGRAM

WHEREAS, the City of Isanti, City Council, through adoption of the 2016 City Budget, approved the 2016 Phase II Street Lighting Program; and

WHEREAS, the program has been modified to include two street lights on Railroad Avenue NE to provide better lighting for pedestrians; and

WHEREAS, Connexus Energy has provided an estimated cost of $12,634.00 for installation of the street lights, and will charge $9.76 per month per fixture for a LED Shoebox light, $6.76 per month for a LED Traditionaire light, and $6.76 per month for a LED Cobra light subject to change, for the monthly energy and maintenance costs; and

WHEREAS, the construction amount is within the 2016 budgeted funds ($14,536) for the Street Lighting Program,

NOW, THEREFORE, BE IT RESOLVED by the City Council of the City of Isanti, Minnesota to hereby approve the Outdoor Lighting New Construction Contract for installation of the Street Lighting for $12,634.00 and the monthly Energy and Maintenance Agreement from Connexus Energy for the monthly energy and maintenance costs on the aforementioned lights and authorize staff to sign said contract and agreement.

This Resolution was duly adopted by the Isanti City Council this 2nd day of March 2016.

Energy and Maintenance Agreement

City of Isanti
P.O Box 428
Isanti, MN 55040

Account #417002-263506

Location: Various (Service order: SORD000W1530563)

Connexus Energy shall provide the energy and maintenance for the outdoor lighting system as detailed below:

- (1) LED Shoebox installed on a fiberglass pole $9.76/mo
- (2) LED Traditionaire installed on a fiberglass pole $6.76/mo
- (3) LED Cobra installed on a wood pole $6.76/mo

The current energy and maintenance rate for these fixtures is $9.76 and $6.76 per month, per fixture. This rate adheres to Connexus Energy's published rate schedule, and is subject to change.

Maintenance of the fixtures, including lamp replacement, will be provided by Connexus Energy for a period of 25 years (According to Connexus Energy's Outdoor Lighting Guidelines). If, in Connexus Energy's opinion, after 25 years, the condition of the outdoor lighting system is such that replacement or significant renovation is necessary (due to deterioration from age), the customer will be responsible for the replacement cost.

Please indicate your acceptance of this monthly Energy and Maintenance Agreement by signing on the line below and returning one copy in the envelope provided.

Request for City Council Action

To: Mayor Wimmer
Members of the City Council

From: Katie Everett
Community Events and Parks Coordinator

Date: March 2, 2016

Subject: A Resolution to Approve the Purchase of Monthly InDesign Subscription for PRC

Background:
The Community Events and Parks Coordinator has been creating several fillable forms, flyers, and marketing tools using Adobe InDesign software through a shared account with EDA. Pending approval of an EDA intern, an additional license will be required for Adobe InDesign. The cost of the subscription to the software is $19.99 per month.

The finance committee recommends that PRC subscribe to Adobe InDesign for one year at $19.99 per month. The total expense for 2016 would be $239.88.

Staff Request:
Staff is requesting City Council to approve the unbudgeted expense of $19.99 per month ($239.88 for 2016) for one year of Adobe InDesign. The fees will be paid from the Parks, Recreation, and Culture budget (line 305 – Technology).

Attachment:
- Resolution 2016 - XXX

RESOLUTION NO. 2016-XXX

RESOLUTION APPROVING THE PURCHASE OF MONTHLY INDESIGN SUBSCRIPTION FOR PARKS, RECREATION AND CULTURE

WHEREAS, the Community Events and Parks Coordinator regularly uses Adobe InDesign; and,

WHEREAS, a future EDA intern, pending approval, will require the use of Adobe InDesign software, and the two positions cannot simultaneously use the current license; and,

WHEREAS, the Finance Committee met on February 18, 2016 and recommended Parks, Recreation, and Culture purchase a $19.99 per month subscription for one year through the Technology line of its budget (305); and,

WHEREAS, the total expense of InDesign will be $239.88 for one year from date of purchase; and,

NOW, THEREFORE, IT IS HEREBY RESOLVED by the City Council of the City Of Isanti, Minnesota to hereby approve the unbudgeted purchase of a one-year Adobe InDesign subscription for $19.99/month ($239.88 for 2016).

This resolution was duly adopted by the Isanti City Council this 2nd day of March, 2016.

CITY OF ISANTI
PARKS, RECREATION, AND CULTURE BOARD
MEETING MINUTES
February 23, 2016
City Council Chambers

1. Meeting Opening.

A. Call to Order.
Zdon called the meeting to order at 6:02 p.m.

B. Pledge of Allegiance.
Everyone stood for the Pledge of Allegiance.

C. Roll Call.

Members Present:	Jennifer Garvey, Mayor Wimmer, and Aaron Zdon
Members Absent:	Jamie Bergwick (Gave Prior Notice)
Staff Present:	Josi Wood, Public Services Director

D. Agenda Modifications.
Zdon asked if there were any agenda modifications. There were none.

Motion by Garvey, second by Wimmer to approve the February 23rd 2016 Parks, Recreation, and Culture Board Agenda. Motion was unanimously approved.

2. Approval of Minutes from January 26, 2016 Parks, Recreation and Culture Board Meeting.

Motion by Wimmer. Second by Garvey. Vote was unanimously approved.

3. Tot Lot Equipment Discussion

Wood stated that the bottom slide portion of the Tot Lot Slide had been identified by the Subcommittee to be addressed with a new piece as prioritized item #2 on the replacement list. Wood stated as she had mentioned previously, the equipment was approximately 17 years old and the exact slide piece was not available but the playground representative had found a comparable piece that should work. Wood stated the piece was ordered but staff found that it would not work with the line up of the holes and the new piece was ¾ inches larger than the old. Wood stated she did ask the playground representative an estimate for the remainder of the slide. He was going on vacation but gave a rough estimate of $3700.00. He would get a more accurate number when he returns in a week. Wood stated she had other discount playground equipment to review by the Board because it may not be cost effective to purchase a new slide when there are other equipment pieces broken and more would probably come as the equipment continues to age.

Zdon asked if we would get a credit.

Wood stated the rep didn't know at that time. Wood stated later she would work to get a credit towards other items we purchase through them.

Other discussion on the return and why the equipment would not work and the playground company.

Wimmer asked how much was set aside for park equipment.

Wood stated $10,000 [staff stated that incorrectly, the number allotted for park equipment reserves in the 2016 budget was $7500.00].
Wimmer stated it would be approximately 40% of the total funds for one slide.

Discussion was held on whether the slide was a safety hazard. It was determined that it was not. Also, there was discussion on the sale price full sets of equipment in comparison.

The Board asked to get more information brought back to the next meeting.

4. Compost Site Discussion

Wood stated the compost site potential hours will go to Council next Wednesday. Also to have an attendant staff the site. All of the funds to reopen the site was approved in the 2016 budget.

Zdon asked if we would be hiring someone to do this.

Wood stated yes. That is going to Council as well. Wood described how the hours and days would work out under the Union contract.

Garvey asked if we have questions on the hours we should go to Council.

Wood stated yes.

5. Updates

Street Dances

Wood stated that the street dance dates are in place. The city has the backup venue for July and August at the Isanti Indoor Arena. The RR BMX has races the full weekend during the street dance date in June.

PRC Marketing

Wood stated that staff had been working hard to promote and market the many PRC programs and events the city has to offer. These include PRC Parks Brochure, Many Faces City Article Portion, STEAM, and Community Education Brochure. Wood explained the different marketing opportunities.

Community Garden

Wood stated the community garden is moving right along. Staff is waiting for more of the ground to thaw. Registration for plots was open effective February 9th. Please direct people to contact Katie Everett to register and choose their plots or they can also get the information off the City website or right at the front desk at City Hall.

Garvey asked if we had someone register already.

Wood stated yes.

River Bluff Preserve Park

Wood stated the name was approved by Council for the 38-acre parkland. Staff met with the DNR to discuss putting up signage to help control the intrusion of 4-wheelers and snowmobiles on their land. Staff also has signs and posts they will put up come spring.

Wimmer stated we are having quite a few more. Last he saw was 5 ATV and a few extra people below drinking beer. We will install the bollards to help prevent. Wimmer stated its getting more. He spoke with Chief about it. He stated since the licensing of the ATV we are seeing more. Wimmer stated we will start putting out on the licenses that if they break any of these rules, they will lose their license. PD

said they are seeing more ATVs trespassing and going on private property because we are allowing them to use the road.

Wimmer wanted to share with the Allina clinic coming in, they are eager to invest in the City and have funding and grant opportunities available.

Wimmer began discussion on the open member seat and youth/student seat that are still open and encouraged the Board to share that they should share with others and have them send in an application.

6. Adjournment

Motion by Wimmer, second by Garvey to adjourn the February 23, 2016 meeting of the Parks, Recreation, and Culture Board. Motion was approved.

The meeting adjourned at 6:20 p.m.

Dated at Isanti, Minnesota this 23rd day of February, 2016.

Respectfully submitted,

I. Council Committee Reports

Mayor Wimmer stated that he had been contacted by the County Administrator, Kevin VanHooser, to participate in collecting materials for a marketing video for the County with other cities. The Mayor and Sullivan will be putting some things together from an economic development standpoint for the video. In addition, the city Mayors will be participating in the video; there will be more information forthcoming regarding content, etc.

The Mayor noted that Councilmember Johnson has been absent for three, consecutive City Council meetings. Neither the Mayor, nor staff, has had contact with Johnson for at least two weeks. The Mayor noted that he was aware that Johnson had been away from the City; however, he was uncertain whether Johnson had returned or would be returning. The situation is uncertain. However, per City Code, three absences in a row results in the forfeiture of one's position. The State has a statute requiring that 90 days must pass before the Council can declare a vacancy due to Johnson's absences, and remove Johnson from his seat. There was no agenda item prepared for the present meeting to address this issue as it was hoped that Johnson would be attending the meeting. Something will be put together for the next Council meeting, if nothing further is heard from Johnson, as the City cannot continue without a fifth Council member. The position will need to be filled.

J. Public Hearings

None

K. Business Items

1. **<u>Resolution 2016-052</u> Approving a Special Event Application for the Race for Life/Gold Cup Qualifier Event**

The Mayor acknowledged that this is a great event; however, he remarked that this will be the last time the City will be preparing a special addendum for event permits. The Mayor noted that events such as these need to be reviewed by various staff within the City, as well as, the Fire District, etc. The Mayor was giving fair warning while observing that events such as this are planned sufficiently in advance to be added to the agenda within the scheduled deadlines.

Motion by Lundeen second by Collison to approve Resolution 2016-052 as presented. Motion carried unanimously.

2. **On-Sale and Sunday Liquor License Renewals**
   a. **<u>Resolution 2016-053</u> Approving a Liquor License Renewal for Rum River VFW 2735**

The Mayor had concerns to address with the representatives of Rum River VFW, noting that over the past two years 23 out of the 30 police incidents reported for Licensed Liquor establishments in the City of Isanti were associated with the VFW. Ten of those incidents occurred in 2014 and thirteen in 2015 indicating an escalation of instances which included fights, disorderly conduct and assault charges. The Mayor asserted that the VFW needs to monitor and contend with this situation; noting that if a similar number of incidents are reported next year, it will be a problem. The Mayor recommended working with Chief Hill and the Police Department

to address these issues. With that said, the Mayor recommended moving forward with licensing for this year.

Motion by Lundeen second by Collison to approve Resolution 2016-053 as presented. Motion carried unanimously

b. Resolution 2016-054 Approving a Liquor License Renewal for Wintergreen's Golf & Grill

The Mayor remarked that Wintergreen's Golf & Grill has been doing a great job and has plans to expand with a volleyball court this year. The Mayor noted there was only one incident reported associated with the establishment.

Motion by Lundeen second by Collison to approve Resolution 2016-054 as presented. Motion carried unanimously

c. Resolution 2016-055 Approving a Liquor License Renewal for Junction Bowl and Whistle Stop Bar & Grill

The Mayor remarked that Junction Bowl is also doing a great job.

Motion by Lundeen second by Collison to approve Resolution 2016-055 as presented. Motion carried unanimously

d. Resolution 2016-056 Approving a Liquor License Renewal for The Green Table

The Mayor stated that this establishment too, is doing a great job.

Motion by Lundeen second by Bergley to approve Resolution 2016-056 as presented. Motion carried unanimously

3. Consider Resolutions for the Operation of the Compost Site and Hiring of Seasonal Public Works Spring Through Fall

a. Resolution 2016-057 Approving Operation of the Compost Site

b. Resolution 2016-058 Approving Seasonal Workers for Public Works for Spring Through Fall (2016)

The Mayor stated that operations at the compost site will run from spring through fall and that the seasonal workers to be hired are the employees staffing the gate of the compost site ensuring that only city residents are using the site and dropping off appropriate material. Bergley asked for clarification regarding the overall number of days staff will be employed at the site. Lorsung clarified that, per the union contract, student employees could work 100 days with non-students limited to 67 days; noting that additional hiring may be necessary to keep the compost facility manned through the season. Bergley asked if the opening and closing dates were vague due to weather constraints; to which the Mayor confirmed that it was. The Mayor stated if the site needed to be closed early due to weather, City staff will work to get the word out to everyone. Lundeen noted that re-opening the site was important for city residents.

Motion by Lundeen second by Bergley to approve Resolutions 2016-057 and 2016-058 as presented. Motion carried unanimously

4. Resolution 2016-059 Approving Additional Marketing Funds for the Economic Development Authority and Amending the 2016 Budget

Bergley asked if there were plans for the budgeted $20,000. The Mayor responded that the EDA budget has allowed the City to do things like the street dances, farmers market, etc; noting that these activities cannot be funded just through the general fund as it involves marketing the community and the City must follow state statute guidelines. As activities are added, along with more traditional economic development marketing the funds, funds have drained down. The Mayor noted that there have been periods over the years when the City has not needed to add funds to the EDA marketing budget. Now, the City will have dollars designated specifically for economic development marketing and dollars designated for community marketing activities. These will all be EDA budget dollars, but they will be separated. In summary, the Mayor responded that the amount specified had not been budgeted in 2015 for the 2016 budget; and that is why the amount specified was being pulled from the General Fund to replenish the EDA marketing budget, which was to ensure that the funds needed to cover scheduled economic development and community marketing activities would be available. The Mayor stated that he did not anticipate spending the full amount in 2016. Bergley asked if the requested monies were to cover the activities discussed in the goal-setting session to which the Mayor expressed agreement. Lundeen stated that the Economic Development Board has accomplished a great deal and he has heard from surrounding communities that the City of Isanti "has it going on."

Motion by Lundeen second by Bergley to approve Resolution 2016-059 as presented. Motion carried unanimously

5. Resolution 2016-060 Authorizing a Pet Clinic Sponsored by the City of Isanti Police Department

The Mayor commented that the location is being changed from the Community Center over to an actual pet clinic in town. This was recommended by Public Services Director Wood in response to concerns from some community members that the clinic was being held in a location where events are being held and food is being served.

Motion by Bergley second by Collison to approve Resolution 2016-060 as presented. Motion carried unanimously

6. Resolution 2016-061 Authorizing the Chief of Police to Apply for the AAA Traffic Safety Grant

Motion by Collison second by Bergley to approve Resolution 2016-061 as presented. Motion carried unanimously

7. Resolution 2016-062 Approving Plans and Authorization to Advertise for Bids – Wastewater Treatment Improvements Project

DeWolf addressed the Council stating the project was per the Capital Improvement Plan with a

bid opening scheduled for May 3rd, 2016.

Motion by Lundeen second by Bergley to approve Resolution 2016-062 as presented. Motion carried unanimously

8. Resolution 2016-063 Approving Plans and Authorization to Advertise for Bids – School Watermain Loop Improvements Project

DeWolf stated that this project was also per the Capital Improvement Plan with a bid opening scheduled for May 3rd, 2016. He noted that both project bids (waste water treatment improvements and school watermain loop improvements) would be brought back before the Council on May 17th, 2016 for review and approval if in order. The Mayor reiterated that these projects were part of the City's Capital Improvement Plan and has been included in the long-term budgeting.

Motion by Collison second by Lundeen to approve Resolution 2016-063 as presented. Motion carried unanimously

Public Hearing

To: Mayor Wimmer
Members of the City Council

From: Roxanne Achman
Community Development Director

Date: March 15, 2016

Subject: Request from the City of Isanti for a Conditional Use Permit for the installation of a fence greater than six (6) feet in height to be placed around the Community Garden located in River Bluff Preserve, legally described as Outlot D, Rum River Meadows, Isanti County, Isanti, Minnesota.

Background

The Public Serviced Director and Community Events and Parks Corrdinator have been working with the MN DNR and with other community garden managers making a determination on the best material and fence height to protect the newly created Community Garden in River Bluff Preserve. It has been determined that an 8' woven wire fence will be adequate for control of deer and other wildlife. Fences greater than 6' in height require a Conditional Use Permit.

Staff Recommendation:

Staff recommends approval of the Conditional Use Permit.

Comprehensive Plan

The purpose of this category is to identify portions of Isanti that contain existing or planned park and open space uses. Examples of park and open space uses include local and state parks, wildlife areas, and other outdoor recreation facilities, as well as passive open space areas that are prioritized as protected on the natural areas map. In addition to the parks and open space areas designated as such on the Land Use Plan map, new residential developments should incorporate neighborhood parks as they are developed. The actual location of these parks/open spaces will be determined by the site design of each subdivision.

Zoning Ordinance Provisions

The purpose of the "POS" Parks and Open Space Overlay District is to protect and preserve parks, open space, and undevelopable land and areas with valuable environmental qualities from further development and to provide for the recreational use of land and structures within the City. Fences in excess of six (6) feet shall require a conditional use permit.

A public hearing shall be held to consider possible adverse effects of the proposed Conditional Use. The judgment of the Planning Commission shall be based upon, but is not limited to the following factors:

1. The proposed action has been considered in relation to the specific policies and provisions of and has been found to be consistent with the goals and objectives of the Comprehensive Plan, including public facilities and capital improvement plans.
2. The proposed action meets the purpose and intent of this Ordinance and the underlying zoning district.

3. The establishment, maintenance or operation of the conditional use will promote and enhance the general public welfare and will not be detrimental or endanger the public health, safety, morals, or comfort.
4. The conditional use will not be injurious to the use and enjoyment of other property within the immediate vicinity for the purposes already permitted; nor substantially diminish or impair property values within the neighborhood.
5. The establishment of the conditional use will not impede the normal and orderly development and improvement of surrounding property for uses permitted in the district.
6. Adequate public facilities and services are available or can be reasonably provided to accommodate the use which is proposed.
7. The conditional use shall, in all other respects, conform to the applicable regulations of the district in which it is located.
8. The conditional use complies with the general and specific performance standards as specified by within this Article.

The proposal appears to have all of the necessary requirements for the district.

Public Notice

Notice was published within the Isanti County News on March 2nd, 2016. Written notification was provided to property owners located within 350' of the subject site as required by Minnesota State Statute.

Public Comment

To date, no public comment or questions had been received.

Deadline for City Council Action

The City of Isanti received a complete application for the Conditional Use Permit request on February 26th, 2016. Pursuant to Minnesota State Statute, the City must act on this request by April 26th, 2016 (60 days). The only exception to these deadlines provided would be if the City provides the petitioner with written reasons for an additional 60-day review period.

Options & Proposed Motion Language

1. Recommend Approval with No Conditions: Motion to approve the request from City of Isanti for a Conditional Use Permit for the installation of a fence greater than six (6) feet in height to be placed around the Community Garden located in River Bluff Preserve, legally described as Outlot D, Rum River Meadows, Isanti County, Isanti, Minnesota.
2. Recommend Approval with Conditions: Motion to approve the request from City of Isanti for a Conditional Use Permit for the installation of a fence greater than six (6) feet in height to be placed around the Community Garden located in River Bluff Preserve, legally described as Outlot D, Rum River Meadows, Isanti County, Isanti, Minnesota with the following conditions……
3. Recommend Denial: Motion to deny the request from City of Isanti for a Conditional Use Permit for the installation of a fence greater than six (6) feet in height to be placed around the Community Garden located in River Bluff Preserve, legally described as Outlot D, Rum River Meadows, Isanti County, Isanti, Minnesota for the following reasons…….
4. Table: Motion to table the request from City of Isanti for a Conditional Use Permit for the installation of a fence greater than six (6) feet in height to be placed around the Community Garden located in River Bluff Preserve, legally described as Outlot D, Rum River Meadows, Isanti County, Isanti, Minnesota (a specific reason and information request should be included in the motion to table).

FINDINGS OF FACT AND CONCLUSION

Request

Request from the City of Isanti for a Conditional Use Permit for the installation of a fence greater than six (6) feet in height to be placed around the Community Garden located in River Bluff Preserve, legally described as Outlot D, Rum River Meadows, Isanti County, Isanti, Minnesota.

Findings of Fact

1. The City is requesting a conditional use permit that would permit the construction of an eight (8) foot high fence within River Bluff Preserve.
2. The property in question is legally described as all that part of Outlot D, Rum River Meadows.
3. The property is zoned "POS" Park and Open Space. In which, the construction of an eight (8) foot high fence is permitted by conditional use permit.
4. The proposed fence height meets the requirements as noted within the Zoning Ordinance for requiring conditional use permit approval prior to construction.
5. The applicant would appear to have met the requirements for approving a Conditional Use Permit for a fence up to eight (8) feet in height, as stipulated in Section 15 Fencing, Screening and Landscaping, Subdivision 3 Non-Residential Fences, and Section 21 Administration and Enforcement, Article 2 Conditional Use Permits.
6. A complete application was received on February 29th, 2016 and a public hearing date before the City Council was scheduled for Tuesday, March 15th, 2016.
7. Notice of the Conditional Use Permit request was published within the Isanti County News on Wednesday, March 2nd, 2016. Notices were sent to all property owners located within 350 feet of the subject property.

Conclusions

1. In review of the standards established in Section 18, Subdivision 7, the following conclusions have been made (*conclusions to each requirement are shown in underlined italics)*:
   - A. Consistency with the elements and objectives of the City's development guides, including the Comprehensive Plan.
     The proposal would appear to be consistent with the elements and objectives of the City's development guides and the Comprehensive Plan and protects the aesthetic qualities of the City.
   - B. Consistency with City Codes.
     A review of the proposal against zoning ordinance requirement has been completed. The requirements would appear to have been met by the proposal as presented for the conditional use permit for an eight (8) foot high fence. Any deficiencies or inconsistencies with ordinance requirements have been noted.
   - C. Preservation of the site in its natural state to the extent practicable by minimizing tree and soil removal and designing grade changes to be in keeping with the general appearance of neighboring developed or developing areas.
     The natural state of this site will not be disrupted at this time.
   - D. The amount and location of open space and landscaping.
     The fence will not disrupt the open space.
   - E. Vehicular and pedestrian circulation, including walkways, interior drives, and parking in terms of location and number of access points to the public streets, width of interior drives and access points, general interior circulation, separation of pedestrian and vehicular traffic and arrangement and amount of parking.

Parking and access will not be affected.

F. Protection of adjacent and neighboring properties through reasonable provision of surface water drainage, sound and light buffers, preservation of views, lights, and air and those aspects of design not adequately covered by other regulations which may have substantial effects on neighboring land uses.
The drainage/grading are not changing with this project.

G. Consistency with the City's Engineering and Design standards as adopted by Resolution of the City Council.
Not applicable.

2. In review of the standards established in Section 21, Article 2 Conditional Uses, the following conclusions have been made (*conclusions to each requirement are shown in underlined italics)*:

A. The proposed action has been considered in relation to the specific policies and provisions of and has been found to be consistent with the goals and objectives of the Comprehensive Plan, including public facilities and capital improvement plans.
The request to install an eight (8) foot high fence is consistent with the Comprehensive Plan standards and will not affect public facilities or capital improvement plans.

B. The proposed action meets the purpose and intent of this Ordinance and the underlying zoning district.
The installation of an eight (8) foot high fence with the approval of a conditional use permit meets the purpose and intent of the zoning ordinance. It is permitted within the underlying zoning district.

C. The establishment, maintenance or operation of the conditional use will promote and enhance the general public welfare and will not be detrimental or endanger the public health, safety, morals, or comfort.
The conditional use permit, if granted, will protect the garden from most nuisance animals.

D. The conditional use will not be injurious to the use and enjoyment of other property within the immediate vicinity for the purposes already permitted; nor substantially diminishes or impairs property values within the neighborhood.
Issuance of the conditional use will not be injurious to the use or enjoyment of other property within the area.

E. The establishment of the conditional use will not impede the normal and orderly development and improvement of surrounding property for uses permitted in the district.
The conditional use will not impede the normal and orderly development of surrounding properties, if anything, it may enhance development.

F. Adequate public facilities and services are available or can be reasonably provided to accommodate the use which is proposed.
Not applicable.

G. The conditional use shall, in all other respects, conform to the applicable regulations of the district in which it is located.
The specific requirements for this type of use as listed in Section 15, Subdivision ,3.

H. The conditional use complies with the general and specific performance standards as specified by within this Article.
As outlined within the staff memo and within the findings of fact and conclusion, the requested conditional use appears to comply with the general and specific performance standards.

Decision

The City Council reviewed the request in a public hearing on June 10th, 2014. The meeting minutes, staff memo, and attachments shall be made a part of the Findings of Fact and Conclusion.

RESOLUTION NO. 2016-XXX

A RESOLUTION DECLARING
A VACANCY ON THE CITY COUNCIL

WHEREAS, Councilor Adam Johnson has missed three consecutive regular meetings of the Council without being excused by the Council; and

WHEREAS, pursuant to the City of Isanti City Code, Chapter 18 Elections, Article III Vacancies in Elected Offices, Section 18-7 Vacancies in Council, A.3, any member of the Council forfeits their office for failure to attend three consecutive regular meetings of the Council without being excused by the Council; and,

WHEREAS, pursuant to Minnesota State Statute 412.02 City Elections; Officers, Terms, Vacancies, City Employees, Subd. 2b Inability or Refusal to Serve, a vacancy in the office of Mayor or Council member may be declared by the Council when the officeholder is unable to serve in the office or attend Council meetings for a 90-day period; and

WHEREAS, the first day of Councilor Johnson's unexcused and unexplained absence from Council was the February 2, 2016 council meeting; and

WHEREAS, a 90-day period following February 2, 2016 ends on May 2, 2016; and

WHEREAS, provided Councilor Johnson does not resume his council duties before May 2, 2016 the City Council will need to declare a vacancy on the City Council; and,

WHEREAS, this resolution serves as the declaration of a vacancy on the City Council assuming Councilor Johnson continues his unexcused and unexplained leave of absence past May 2, 2016; and,

WHEREAS, this resolution also shall serve as authorization for staff to proceed forward per City Code in filling the vacancy in the event that Councilor Johnson continues his absence past May 2, 2016; and

WHEREAS, Councilor Johnson's vacancy would leave the Council with one vacant seat with less than two years remaining on its unexpired term; and,

WHEREAS, City Code Chapter 18, Article III and applicable Minn. Statutes set forth the procedure for filling vacancies on the City Council: and

NOW, THEREFORE, IT IS HEREBY RESOLVED by the City Council of Isanti, Minnesota, as follows:

1. Contingent upon Councilor Johnson's absence continuing past May 2, 2016 the Council hereby declares a vacancy of the Council effective May 3, 2016.
2. Notice of the vacancy shall be posted at City Hall and sent to the official City newspaper on the next business day following May 3, 2016.
3. That the vacancy shall be filled according to the provisions within City Code Chapter 18, Article III, Paragraphs 18-7 and 18-9, and applicable Minnesota law as follows:

a) A uniform application is to be approved by the City Council 21 days following the declaration of vacancy, and is hereby attached (as exhibit) and approved by the City Council
b) Tentative interview scheduling shall be completed and posted at City Hall not later than 25 days from the declared vacancy (therefore on or before May 27, 2016)
c) The interview process shall not start earlier than 28 days from the declared vacancy (therefore no earlier than May 31, 2016)
    a. Applicants shall be interviewed by the Council, in accordance with the State of Minnesota open meeting laws
    b. A uniform list of initial questions to be asked of all applicants shall be made available to the public and the applicants in advance of interviews. To the extent reasonably practicable, questions asked of all applicants at the interviews shall be uniform
d) Upon completion of the interview process, the Council may call for a vote to temporarily appoint an applicant. The appointment to fill the vacant Council seat will remain active until a successor elected at the Regular Election (November 8, 2016) takes the oath of office.
e) If the Council pursues the appointment process but then fails to fill a vacancy within 45 days from the occurrence of the vacancy, the City Clerk shall call a special election to fill the vacancy.

This Resolution was duly adopted by the Isanti City Council this 15th day of March, 2016.

Request for City Council Action

To: Mayor Wimmer and Members of the City Council
From: Karissa Henning, Human Resources/City Clerk
Date: March 10, 2016
Subject: Consider Amendments to Isanti City Code Chapter 233 Pawn Shops

---

Background

A formal request had been received from Joe Niles of Northern Pawn regarding the language provided within Chapter 233, Articles 13 Redemption Period and 14 Holding Period of the Pawn Ordinance.

The first request, regarding Redemption Period is to reduce the period from 90 days to 60 days. It was noted in his request that Northern Pawn customers are able to extend their time period for redemption at any time and the amount a customer would have to pay to redeem an item would be unaffected by the change.

It was further noted that this proposed amendment was discussed with Chief Hill; and he stated that he has no concerns regarding the potential change and is would not affect the investigation of items.

The second request is to reduce the Holding Period for non-media items from the current 30 day period to a 21 day period. It was noted in his request that technology has increased significantly in recent years making it easier to track and investigate stolen merchandise.

It was also noted that the change would also allow pawnshops to be competitive with the many "second-hand" businesses that are in the area. It was also stated that these businesses operate much as the pawnshops do, but are largely unregulated by the cities they are located in, and much of their product goes uninvestigated. Northern Pawn experiences an overall confiscation rate equivalent to less than one item per month.

Personnel Committee Review

The Personnel Committee has reviewed this request and recommends approval of both Ordinance changes. City staff has prepared amendment to the Isanti City Code. A copy has been attached for Council review and consideration. City staff is requesting action on this item.

Re: Proposed Change to City Code

Northern Pawn would like to request a change to chapter 233 of the city code pertaining to pawn shops. We request that section 13 of chapter 233 regarding redemption period be changed to a sixty-day holding period rather than the current ninety-day. This change will have no affect on any operations as far as the city is concerned. Any of our customers that are planning to pick up their pawned items will still be able to extend their time period at any time. The amount a customer would have to pay to redeem an item would be unaffected by this change.

This change would allow our business to sell unredeemed pawns sooner to recoup our costs earlier. This requested redemption period is not unprecedented; it appears that the city of Anoka currently has a sixty-day redemption period. We would not be surprised if numerous other cities in the state do as well.

I have spoken with Chief Hill about this potential change; he has stated he has no concerns about it as it will not affect the investigation of items.

Thank you,

Joe Niles

Re: Proposed Change to City Code

Northern Pawn would like to request a change to chapter 233 of the city code pertaining to pawn shops. We request that section 14 of chapter 233 regarding holding period for non-media items be changed to a twenty-one day holding period rather than the current thirty day.

Technology has increased significantly in recent years making it much easier to track and investigate stolen merchandise. Unfortunately with the progress made in technology has come a change in the way people are selling items. Selling on Craigslist, eBay, and Facebook sites is becoming much more prevalent. Shortening the holding period for purchases will allow our business to pay more for items and allow us to better compete with selling on the previously mentioned sites. The more we purchase, the more items get investigated by the police. Hopefully, in turn this can lead to a decrease in the amount of stolen product exchanging hands on the open market, and ultimately help to stem theft overall.

This change would also allow us to be more competitive with the many "second-hand" businesses that are in the area. These businesses operate much like we do, but are largely unregulated by the cities they are located in, and much of their product goes uninvestigated.

At this point our business has been open nearly 9 years, in that time we have had a total of 154 items confiscated. Many of those items were part of the same unique transaction. For example one person pawned 11 items in one transaction that were all confiscated. Some of the confiscated items were pawned or sold by one person; one customer had 3 separate pawns confiscated. Eliminating those instances would bring our total confiscations below 100 total items, less than one item per month.

Stolen merchandise is not something that occurs often with us, the hold period is longer than it really needs to be.

Thank you,

Joe Niles

AN ORDINANCE TO AMEND THE CODE FOR THE CITY OF ISANTI, CHAPTER 233, PAWNSHOPS, AMENDING ARTICLE 13, REDEMPTION PERIOD

THE CITY COUNCIL OF THE CITY OF ISANTI HEREBY ORDAINS AS FOLLOWS:

The Code of the City of Isanti, Chapter 233 Pawnshops, Article 13, Redemption Period is hereby amended as follows:

ARTICLE I, **Redemption Period**

Any person pledging, pawning or depositing an item for security must have a minimum of ~~90~~ **60** days from the date of that transaction to redeem the item before it may be forfeited and sold. During the ninety-day holding period, items may not be removed from the licensed location except as provided in § 233-20. Licensees are prohibited from redeeming any item to anyone other than the person to whom the receipt was issued or, to any person identified in a written and notarized authorization to redeem the property identified in the receipt, or to a person identified in writing by the pledger at the time of the initial transaction and signed by the pledger or with approval of the Isanti Police Department license inspector. Written authorization for release of property to persons other than original pledger must be maintained along with original transaction record in accordance with § 233-10

Effective Date

This Ordinance shall take effect the day following its publication in the City's Official Newspaper.

Request for Council Approval

To: Mayor Wimmer
Members of the City Council

From: Roxanne Achman
Community Development Director

Date: March 15, 2016

Subject: Request from Ron Stawski on behalf of Wintergreen's for a Conditional Use Permit to allow for outdoor volleyball courts on the property legally described as that part of Lot 2, Block 2, Credit Union Addition, lying south of the North 10 feet thereof, as measured at right angles to the north line of said Lot 2, Isanti County, Isanti, Minnesota.

Background

Wintergreens is planning to submit an application for a Conditional Use Permit to install two volleyball courts adjacent to their newest parking lot. Commercial recreation in the B-2 General Business District requires a CUP. Commercial recreation does not have additional conditions outlined within Section 13 Use Regulations.

The site currently has roughly 90 parking stalls. 65 are required stalls. Code does not outline parking requirements for volleyball or other similar uses. I did not find parking standards for volleyball in other cities either.

Plans have been submitted showing a volleyball court area of 70' x 100', which will contain 2 courts. The volleyball area is fenced in and has additional lighting for courts. The fence is to be three foot, chain-link fence surrounding the perimeter of the courts, up to the building. The lighting fits within the lighting standards in that it is a hooded light and does not exceed 5 foot candles at the property line. The future parking shown on this plan is not part of the approval request.

The CUP would also be necessary for the grading of the lot in order to construct the volleyball courts. A CUP for grading is required if more than 25 cubic yards are disturbed. This project would disturb roughly 100 cubic yards of dirt.

The City Engineer provided comments on February 1, 2016 (attached) requesting that on-site drainage be reevaluated. The attached site plan addresses the drainage and was acceptable to the City Engineer.

Staff Recommendation:

Staff recommends approval of the Conditional Use Permit subject based on the Findings of Fact and Conclusions.

Comprehensive Plan

The 2008 Comprehensive Plan has the area guided for General Commercial Development. The existing uses and the proposed use would appear to meet purpose, goals, and objectives of this land use classification.

Zoning

The property is zoned "B-2" General Business District. Grading in excess of 25 cubic yards in any district requires a Conditional Use Permit. The petitioner is subject to the application requirements, procedure, and

performance standards as outlined within Section 21 Administration, Article 2 Conditional Use Permits of Ordinance No. 445: Zoning.

Zoning Ordinance Provisions

The property is zoned "B-2" General Business District. It is the intent of this zoning district to promote the development of commercial uses which are predominately auto-oriented in nature. The district caters to highway-oriented businesses as well as businesses that provide basic shopping and service needs for the community. Compatibility with adjacent uses and buildings is required within the district, as site design, building size and materials, and screening/landscaping are important to the creation and maintenance of a thriving commercial base.

Prohibited Lighting: No use or structure shall be operated or occupied as to create light or glare in such an amount or to such a degree or intensity as to constitute a hazardous condition, or as to unreasonably interfere with the use and enjoyment of property with by any person or normal sensitivities, or otherwise as to create a public nuisance.

B. Minimum Standards: All uses shall comply with the following standards except as otherwise provided in this section:
   1. Lighting fixtures shall be effectively shielded and arranged so as not to shine directly on any residential property. Lighting fixtures not of a cutoff type shall be subject to the following:
      a. Maximum initial lumens generated by each fixture shall not exceed two thousand (2,000) lumen (equivalent to a one hundred fifty (150) watt incandescent bulb).
      b. Mounting heights of such fixtures shall not exceed fifteen (15) feet.
   2. Lighting shall not create a sensation of brightness that is substantially greater than ambient lighting conditions so as to create annoyance, discomfort, or decreased visual performance or visibility.
   3. Lighting shall not directly or indirectly cause illumination or glare in excess of one-half (1/2) foot candle measured at the closest residential property line and five (5) foot-candles measured at the street curb line or non-residential property line nearest the light source.
   4. Lighting shall not create a hazard for vehicular or pedestrian traffic.
   5. Lighting of building facades or roofs shall be located, aimed, and shielded so that light is directed only onto the façade or roof.
   6. Lighting shall be maintained stationary and constant in intensity and color, and not be of a flashing, moving, or intermittent type.
   7. Business and industrial zoned property must light the trash enclosure areas for the safety of their employees.

Conditional Use Permit Requirements

Upon review of a Conditional Use Permit request, the Zoning Ordinance provides factors and standards that must be reviewed by the Planning Commission. Section 21, Article 2 Conditional Uses states:

D. The Planning Commission shall hold a public hearing and consider possible adverse effects of the proposed Conditional Use. The judgment of the Planning Commission shall be based upon, but is not limited to the following factors:
   1. The proposed action has been considered in relation to the specific policies and provisions of and has been found to be consistent with the goals and objectives of the Comprehensive Plan, including public facilities and capital improvement plans.
   2. The proposed action meets the purpose and intent of this Ordinance and the underlying zoning district.

3. The establishment, maintenance or operation of the conditional use will promote and enhance the general public welfare and will not be detrimental or endanger the public health, safety, morals, or comfort.
4. The conditional use will not be injurious to the use and enjoyment of other property within the immediate vicinity for the purposes already permitted; nor substantially diminish or impair property values within the neighborhood.
5. The establishment of the conditional use will not impede the normal and orderly development and improvement of surrounding property for uses permitted in the district.
6. Adequate public facilities and services are available or can be reasonably provided to accommodate the use which is proposed.
7. The conditional use shall, in all other respects, conform to the applicable regulations of the district in which it is located.
8. The conditional use complies with the general and specific performance standards as specified by within this Article.

Certification of Taxes Paid

Prior to approving an application for approval of a Conditional Use Permit, certification must be provided to the City that there are not any delinquent property taxes, special assessments, penalties, interest, or outstanding municipal utility fees. City staff did verify with Isanti County on Friday, January 29th, 2016; that all taxes associated with the property were current.

Public Notice

Notice was published within the Isanti County News on February 24th, 2016. Written notification was provided to property owners located within 350' of the subject site as required by Minnesota State Statute.

Public Comment

To date, no public comment or questions had been received.

FINDINGS OF FACT AND CONCLUSION

Request

Request from Ron Stawski on behalf of Wintergreen's for a Conditional Use Permit to allow for outdoor volleyball courts on the property legally described as that part of Lot 2, Block 2, Credit Union Addition, lying south of the North 10 feet thereof, as measured at right angles to the north line of said Lot 2, Isanti County, Isanti, Minnesota.

Findings of Fact

1. The applicant is requesting to grade and construct two outdoor volleyball courts on the property legally described as that part of Lot 2, Block 2, Credit Union Addition, lying south of the North 10 feet thereof, as measured at right angles to the north line of said Lot 2, Isanti County, Isanti, Minnesota
2. The property is zoned "B-2" General District.
3. A Conditional Use Permit is required for Commercial Recreation within the B-2 District.
4. The petitioner submitted a complete Conditional Use Permit Application, the required application fee and associated materials on February 8th, 2016. Pursuant to Minnesota State Statute, the City must act on this request by April 8th, 2016 (60-day rule).
5. A public hearing date before the Planning Commission was scheduled for Tuesday, March 8th, 2016 at 7:00 p.m. at City Hall within the Council Chambers.
6. Notice of the Conditional Use Permit request was published within the Isanti- County News on Wednesday, February 24th, 2016. Notices were sent to all property owners located within 350 feet of the subject property.
7. Section 21, Article 2: Conditional Use Permits, Subdivision 3 (D) of the Zoning Ordinance establishes factors that the judgment of the Planning Commission shall be based upon when reviewing a Conditional Use Permit request as well as Section 21, Article 2: Conditional Use Permits, Subdivision 4 General Performance Standards of the Zoning Ordinance establishes additional general standards that shall be used to evaluate any proposed conditional use permit request.
8. The Planning Commission held a public hearing on the item on March 8th, 2016; and all property owners within 350' of the subject property were invited to attend and provide public comment.

Conclusions

1. In review of the standards established in Section 21, Article 2 Conditional Use (D); the following conclusions have been made (*conclusions to each requirement are shown in underlined italics)*: The Planning Commission shall hold a public hearing and consider possible adverse effects of the proposed Conditional Use. The judgment of the Planning Commission shall be based upon, but is not limited to the following factors:
   A. The proposed action has been considered in relation to the specific policies and provisions of and has been found to be consistent with the goals and objectives of the Comprehensive Plan, including public facilities and capital improvement plans.
   As noted, the proposed use for the site would be consistent with the goals and objectives of the comprehensive plan.
   B. The proposed action meets the purpose and intent of this Ordinance and the underlying zoning district.
   The proposed use is a permitted conditional use. It fits the intent of the ordinance and underlying zoning district ("B-2"General Business District).
   C. The establishment, maintenance or operation of the conditional use will promote and enhance the general public welfare and will not be detrimental or endanger the public health, safety, morals, or comfort.
   The volleyball courts will be within a fenced in area and will have proper lighting that meets the City's requirements.

D. The conditional use will not be injurious to the use and enjoyment of other property within the immediate vicinity for the purposes already permitted; nor substantially diminish or impair property values within the neighborhood.
The conditional use commercial recreation is fitting for a commercial district where activities may go on later in other districts. There are no residential districts directly abutting this property.

E. The establishment of the conditional use will not impede the normal and orderly development and improvement of surrounding property for uses permitted in the district.
This use will not impede development.

F. Adequate public facilities and services are available or can be reasonably provided to accommodate the use which is proposed.
There are no additional public facilities needed for this use. Adequate parking and lighting are supplied on site.

G. The conditional use shall, in all other respects, conform to the applicable regulations of the district in which it is located.
The requested conditional use permit appears to conform to the applicable regulations required for the district and the performance standards outlined within the zoning ordinance. Conditions will be placed on any approval to ensure that the property is developed in accordance to ordinance requirements and the proposed plan provided by the applicant.

H. The conditional use complies with the general and specific performance standards as specified by within this Article.
These have been evaluated as part of the findings of fact; and can be found within this document.

3. In review of the standards established in Section 21, Article 2 Conditional Use, Subdivision 4 General Performance Standards; the following conclusions have been made (*conclusions to each requirement are shown in underlined italics)*:

A. The use and the site in question shall be served by a street of sufficient capacity to accommodate the type and volume of traffic which would be generated an adequate public right-of-way shall be provided.
This site is currently served by a street of sufficient capacity. The proposed conditional use will not change the type or volume of traffic flow for this site.

B. The site design for access and parking shall minimize internal as well as external traffic conflicts and shall be in compliance with Section 17 of this Ordinance.
Access to the site is existing and had been approved at an earlier date. Sufficient parking is provided on site.

C. If applicable, a pedestrian circulation system shall be clearly defined and appropriate provisions made to protect such areas from encroachment by parked or moving vehicles.
Not applicable.

D. Adequate off-street parking and off-street loading shall be provided in compliance with Section 17 of this Ordinance.
Parking exists on site and is sufficient for the proposed use.

E. Loading areas and drive-thru facilities shall be positioned so as to minimize internal site access problems and maneuvering conflicts, to avoid visual or noise impacts on any adjacent residential use or district, and provided in compliance with Section 17 of this Ordinance.
Not applicable.

F. Whenever a non-residential use is adjacent to a residential use or district, a buffer area with screening and landscaping shall be provided in accordance with the provisions of Section 15 of this Ordinance.
Not applicable.

G. General site screening and landscaping shall be provided in compliance with Section 15 of this Ordinance.
Landscaping and screening were established with the original site plan.

H. All exterior lighting shall be directed so as not to cast glare toward or onto the public right-of-way or neighboring residential uses or districts, and shall be in compliance with Section 14 of this Ordinance.
The added exterior lighting meets the requirements of Section 14 of the Zoning Ordinance.

I. The site drainage system shall be subject to the review and approval of the City Engineer.
Drainage has been reviewed and approved by the City Engineer.

J. The architectural appearance and functional design of the building and site shall not be so dissimilar to the existing and potential buildings and area so as to cause a blighting influence. All sides of the principal and accessory structures are to have essentially the same or coordinated, harmonious exterior finish materials and treatment.
Not applicable. No additional buildings will be added to the site.

K. Provisions shall be made for daily litter control, an interior location for recycling and trash handling and storage or an outdoor, enclosed receptacle area shall be provided in compliance with Section 14 of this Ordinance.
The location of the refuse container is existing and in compliance.

L. All signs and informational or visual communication devices shall be in compliance with Section 16 of this Ordinance.
No additional signage to be added to the site at this time.

M. The use and site shall be in compliance with any federal, state, or county laws or regulations that are applicable and any related permits shall be obtained and documented to the City.
The applicant will need to pull the appropriate permits and any appropriate fees must be paid for these permits and inspections completed by the appropriate staff person prior, during, and following construction.

N. Any applicable business licenses mandated by City Code are approved and obtained.
Not applicable.

O. The hours of operation may be restricted when there is judged to be an incompatibility with a residential use or district.
Not applicable.

P. The use complies with the applicable performance standards of the zoning district in which it is located and where applicable, any non-conformity shall be eliminated.
The use complies with the applicable performance standards.

Q. Additional Stipulations. All conditions pertaining to a specific site are subject to change when the City Council, upon investigation in relation to a formal request, finds that the general public health, safety, and welfare, can be served as well or better by modifying or expanding the conditions set forth herein.

Decision

The Planning Commission held a public hearing on the item at the **March 8th, 2016** meeting. The meeting minutes shall be made part of the Findings of Fact.

Planning Commission Recommendation:

Motion by Kennedy second by Lundeen to recommend approval of the request from Ron Stawski on behalf of Wintergreen's for a Conditional Use Permit to allow for outdoor volleyball courts on the property legally described as that part of Lot 2, Block 2, Credit Union Addition, lying south of the North 10 feet thereof, as measured at right angles to the north line of said Lot 2, Isanti County, Isanti, Minnesota. MEMORANDUM

Date: February 1, 2016

To: Roxanne Achman, Community Development Director

From: Bradley C. DeWolf, P.E.
City Engineer

Subject: Wintergreens Volleyball - Site Review
Isanti, Minnesota

We have reviewed the site layout sheet C1 created by Roshell Engineering, LLC entitled "Volleyball Court & Future Parking Lot" with a date of January 29, 2016.

The plan includes two beach volleyball courts with a 3 foot high chain link fence around it as well as an area for a future parking lot. The proposed site is located on the south side of Wintergreens Golf & Grill on Credit Union Drive NE.

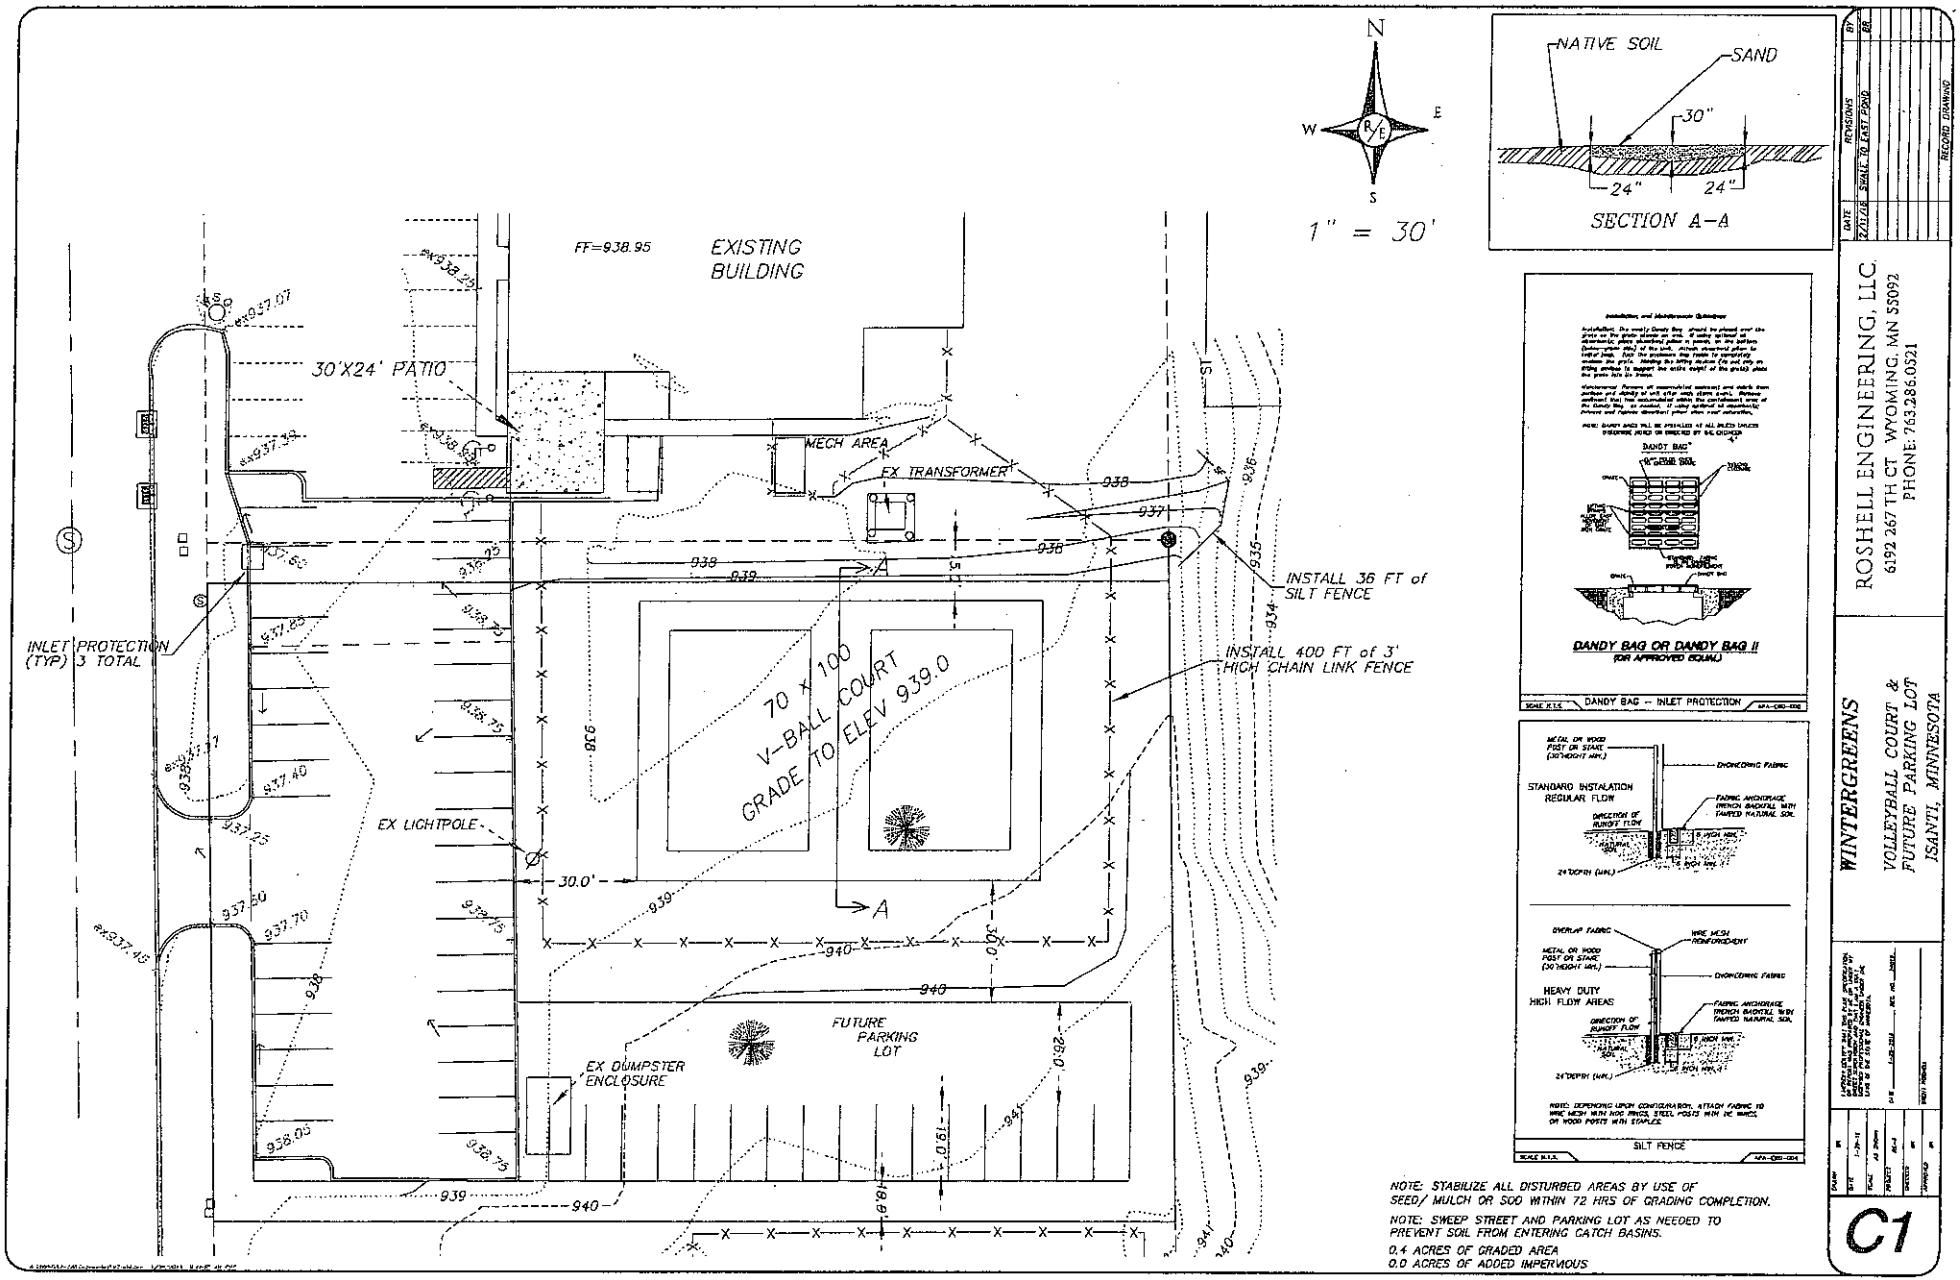
We have reviewed the submitted layout and have the following comments:

1. The future parking lot will require a separate site review once proposed curb grades are set and site grading is determined.

2. The existing drainage appears to hold water at the NW corner of the proposed volleyball courts and the majority of this low area is proposed to be filled with 1-2 feet of material. This reduced low infiltration area, may cause standing water to be deeper and to occur more often than it currently does and may impact the mechanical pad on the south side of the building.
    a. We recommend this drainage area be evaluated to ensure acceptable runoff conditions are met.

We recommend approval of the volleyball courts and fence as shown in the plan once the above drainage issue is resolved.

Please contact me if you have any questions.



NOTE: STABILIZE ALL DISTURBED AREAS BY USE OF SEED/ MULCH OR SOD WITHIN 72 HRS OF GRADING COMPLETION.

NOTE: SWEEP STREET AND PARKING LOT AS NEEDED TO PREVENT SOIL FROM ENTERING CATCH BASINS.

MEMO

To: **Mayor Wimmer and Members of the City Council**
From: Josi Wood, Public Services Director
Date: March 15, 2016
Subject: Consider Resolution for Preliminary Study to Connect the Sidewalk on Whiskey Rd SW between Birch St SW to South of Dogwood St SW

Background:
The City Council held discussion regarding trail connectivity during the 2016 Goal Setting Meeting. The trail infill projects would first need to have a preliminary study completed to see if the project is feasible. Proposals for the preliminary study and cost by Bolton and Menk, Inc. are as follows and in detail in the attachments:

1) Connection from the existing bituminous trail on the north side of Heritage Blvd at Hillock Court NW to the Isanti Primary School. This project would also look at the possibility of extending the existing sanitary sewer system to serve the adjacent properties that are still on septic systems. Not to exceed $5,700.00.
2) Connection from the existing bituminous trail on Railroad Ave SE from Palomino Rd SE to Main Street. Not to exceed $5,900.00.
3) Connection from the existing concrete walk on Whiskey Rd SW from Birch St SW to the existing concrete walk south of Dogwood St SW. Not to exceed $4,500.00.

Public Works Committee Recommendation:
The Public Works Committee recommended to get the proposals from Bolton and Menk, Inc. to see if the connections discussed at City Council Goal Setting 2016 would be feasible.

Finance Committee Recommendation:
The Finance Committee recommended these actions for the above notated proposed preliminary studies:

1) The connection on the north side of Heritage Blvd at Hillock Court NW to the Isanti Primary School should be brought back to City Council Goal Setting 2017 due to the increase in project cost considerations to also include the extension of the sanitary sewer system.
2) The connection on Railroad Ave SE from Palomino Rd SE to Main Street should be included in with the foreseen Palomino Rd SE project study to gain cost savings in design and construction.
3) The connection on Whiskey Rd SW from Birch St SW to the existing concrete walk south of Dogwood St SW should have a preliminary study completed in the amount, not to exceed, $4,500.00 to determine whether or not it would be feasible.

Requests:
Staff is requesting action to approve the preliminary study by Bolton and Menk, Inc. to connect the sidewalk on Whiskey Rd SW between Birch St SW to South of Dogwood St SW in the amount, not to exceed, $4,500.00 from funding source: Streets – Engineering (303).

- Resolution 2016-XXX

RESOLUTION NO. 2016-XXX

A RESOLUTION AUTHORIZING A PRELIMINARY STUDY TO CONNECT THE SIDEWALK ON WHISKEY AVE FROM BIRCH ST SW TO SOUTH OF DOGWOOD ST SW

WHEREAS, the City Council determined during the City Council 2016 Goal Setting meeting that there was interest in connecting three trail/ sidewalk gaps within the city; and,

WHEREAS, the Finance Committee determined that it would be in the best interest of the city to discuss the connection on the north side of Heritage Blvd at Hillock Court NW to the Isanti Primary School during the City Council Goal Setting 2017 meeting as there is a need to also connect the sanitary sewer line and wait on the connection study on Railroad Ave SE from Palomino Rd SE to Main Street until the Palomino street project is outlined to gain cost savings in design and construction; and,

WHEREAS, the Finance Committee determined that it would be in the best interest of the city to move forward with the preliminary study to connect the sidewalk from Birch St SW to the existing sidewalk south of Dogwood St SW on Whiskey Ave SW by Bolton and Menk, Inc. in the amount, not to exceed, $4,500.00; and,

WHEREAS, it was also recommended that the Public Works Committee review the need for no parking signage along Railroad Ave SE between Palomino Rd SE and Main Street for added safety of pedestrians; and,

WHEREAS, the funding source would be from Streets – Engineering (303) in the total amount of $4,500.00;

NOW, THEREFORE, IT IS HEREBY RESOLVED by the City Council of the City of Isanti, Minnesota to hereby accept the proposal for a preliminary study by Bolton and Menk, Inc. to determine if the sidewalk can be connected on Whiskey Ave SW as stated above in the amount, not to exceed, $4,500.00.

Adopted by the Isanti City Council this 15th day of March 2016.

Subject: Engineering Proposal for Heritage Boulevard Trail Infill Study
City of Isanti, MN

Bolton & Menk, Inc. is pleased to present this proposal for professional engineering services for the Heritage Boulevard Trail Infill Study.

The proposed project would connect the existing bituminous trail on the north side of Heritage Boulevard at Hillock Court NW to the Isanti Primary School. We will also evaluate the possibility of extending the existing sanitary sewer system to serve the adjacent properties that are within City Limits but are still on septic systems along this project.

This study was discussed at the City Council Goal Setting Work Session, January 25, 2016, and requested at the Public Works Committee Meeting, February 2, 2016.

Our scope of work will include the following:

- Survey existing conditions
- Research existing right of way
- Determine sanitary sewer service availability
- Prepare a Preliminary Engineering Report discussing our findings
- Create figures to supplement the report
- Prepare a project cost estimate
- Provide a recommendation as to the feasibility of the project

We propose to complete the described scope of work for an hourly, not to exceed, fee of $5,700.

Thank you for the opportunity to present this proposal. Please contact me at (612) 756-1032 if you have any questions or need additional information.

Economic Development Authority
Regular Meeting Minutes of
February 2, 2016
Isanti City Hall

1. Call To Order

The meeting was called to order by Economic Development Director Sullivan at 7:19 p.m.

a. Pledge of Allegiance

b. Roll Call

Members Present:	Tara Hallberg, Keith Dragisich, Dan Collison, Steve Lundeen, Paul Bergley and George Wimmer
Members Absent:	Adam Johnson
Staff Present:	Economic Development Director Sean Sullivan

c. Agenda Modifications

No modifications to the agenda were presented. Motion to approve Agenda as presented by Collison, second by Lundeen, motion carried unanimously.

2. Approve Minutes of January 5, 2016 Regular Economic Development Meeting

Motion by Lundeen second by Collison to approve the minutes for January 5, 2016. Motion carried unanimously.

3. 100 Dahlin Ave NE

Economic Development Director Sullivan outlined the staff memo and indicated the he was in process of obtaining quotes and written correspondence from the landowner that would allow the City to perform due diligence for the property. He also indicated that Finance Committee will be identifying a funding source for the project. TIF 9 is possible but it is likely that the General Fund will issue an inter-fund Loan and with the intention to be reimbursed through TIF. Historically the area has had TIF assistance to help get things moving.

Commissioner Bergley asked about the large range in the demolition cost estimates

President Wimmer stated he felt the building would be torn down and there could be an extended "hold" period and that the City should be prepared for that. He indicated the city could choose to do nothing but that could end up like the Arlington which was not a desired outcome.
Sullivan stated that it was due to the uncertainty of the environmental conditions. If there was asbestos, mercury or other hazardous materials there is a higher cost associated with the demolition and the depositing of the debris at landfills.

Consensus was to keep the EDA up to date on project.

4. 2016 Mayor's Employer Celebration Day

Economic Development Director Sullivan presented the staff memo. The event will be held on June 7, 2016 at Isanti City Hall/ Community Center. He indicated that this location has served the event well in the past.

Sullivan indicated that he felt that due to the number of businesses being recognized the event might be closer to $700 versus $600 and that it was within his discretion for the budget.

5. Other Business / Updates

Economic Development Director Sullivan highlighted the Staff Memo.

President Wimmer indicated that the 108 unit market rate apartment project was still looking like it was moving forward and that he would be talking about it at the Mayors State of the City. The project would help economic development activities.

Commissioner Lundeen informed the EDA that Lisa Marie (painter of mural on Family Pathways) and Al Anlauf passed away recently.

Commissioner Lundeen indicated that trying to bring a dentist office to Isanti would be a good idea.

President Wimmer summarized the City Council Goal Setting meeting regarding the Hotel for the EDA.

1. Meeting Opening.

A. Call to Order.

Cesafsky called the meeting to order at 7:00 p.m.

B. Pledge of Allegiance.

Everyone rose for the pledge of allegiance.

C. Roll Call.

Members Present: Paul Bergley, Steve Lundeen, Wayne Traver, Cindy Lind-Livingston, Greg Cesafsky, and Jim Kennedy.

Members Absent: Jeff Duncan (provided prior notice)

Staff Present: Community Development Director, Roxanne Achman

Others Present: None

D. Agenda Modifications.

Achman stated there were none.

2. Review Conflict of Interest Policy.

City Attorney Clark Joslin presented the conflict of interest policy and outlined the open meeting law.

3. Approval of Minutes from January 12, 2016 Planning Commission Meeting.

Cesafsky questioned if there were any comments or changes to the minutes.

Motion by Bergley second by Kennedy to approve the January 12th, 2016 Planning Commission Meeting Minutes. Motion was unanimously approved.

4. Public Hearings.

A. Request from the City of Isanti to Rezone Parcel No. 16.103.0550, legally described as Lot 6, Block 3 of Isanti Meadows, and Parcel No. 16.103.0560, legally described as Lot 7, Block 3 of Isanti Meadows, Isanti County, Isanti, Minnesota, for park and open space uses.

Cesafsky read the item into the minutes.

Achman presented the staff memo.

Bergley asked if there would be a volleyball court, tennis court or basketball court on the property.

Achman explained that as part of the request to use the property as park and open space, the city had to identify something other than open space that would be in the park.

Bergley asked if there was a volleyball court in any of the city parks.

Achman stated she wasn't aware of any volleyball courts in any of the city parks. She further stated that the design of the park will be discussed and reviewed at the Parks, Recreation and Culture Board.

Lundeen asked if the lots were actually tax forfeited.

Achman stated that they were.

Bergley asked what the approval process would be from here on out.

Achman informed him that the rezoning request would go to City Council for final approval. Then the design would occur at the Parks, Recreation and Culture Board, who would recommend approval to the City Council.

Bergley stated that by approving the rezoning, we still don't know what the Parks, Recreation and Culture Board will do with it.

Cesafsky opened the public hearing. There was no one to speak on the item. The public hearing was then closed.

Motion by Kennedy second by Lind-Livingston to recommend approval of the request from the City of Isanti to Rezone Parcel No. 16.103.0550, legally described as Lot 6, Block 3 of Isanti Meadows, and Parcel No. 16.103.0560, legally described as Lot 7, Block 3 of Isanti Meadows, Isanti County, Isanti, Minnesota, for park and open space uses based on the Findings of Fact and Conclusions. Motion carried unanimously.

5. Other Business.

A. None.

6. Discussion Items.

A. Planning Commissioner Training.

Achman questioned whether the Planning Commission would like to watch the webinar in one session or two.

The Planning Commission conceded they would prefer to watch the webinar in one session.

7. Adjournment

Motion by Bergley second by Lundeen to adjourn the February 9th, 2016 meeting of the Planning Commission. Motion was unanimously approved.

The meeting adjourned at 7:20 p.m.

Dated at Isanti, Minnesota this 9th day of February 2016.

Request for City Council Action

To: **Mayor Wimmer and City Council Members**

From: Chief Gene C. Hill

Date: March 8, 2016

Subject: Part-timer Peace Officer Hiring

MEMO

Background:

The City of Isanti has allowed its Police Department to keep an active roster of eight part-time Peace Officers to cover vacations, sick time, comp. time, trainings and special events throughout the year.

The City advertised the positions and received numerous applications. There are three current openings in the roster for part-time officers due to two resignations and recent City Council approval for one additional position. The personnel committee has given the police department permission to move forward to City Council for their review and consideration.

Upon review of these applications and interviews; Brian Jacob Saba, Eric Thomas Baumgart and John Harold McCarty were selected to fill these part-time positions. Each of these individuals are current full-time licensed officers with other agencies in good standing.

Action:

I ask the City Council to review and consider the hiring of Brian Jacob Saba, Eric Thomas Baumgart and John Harold McCarty for the position of part-time on-call peace officer.

Thank you for your consideration,

Gene C. Hill

Chief Gene C. Hill

RESOLUTION 2016-_____

RESOLUTION APPROVING THE HIRING OF BRIAN SABA, ERIC BAUMGART AND JOHN MCCARTY TO FILL THE THREE VACANCIES IN THE PART TIME ISANTI PEACE OFFICER ROSTER

WHEREAS, due to the creation of an additional part-time peace officers position being created; and

WHEREAS, the recent resignation of two other part-time peace officers created three vacancies; and

WHEREAS, the city advertised and interviewed candidates to fill these vacancies and that these three candidates meet all the qualifications necessary by policy and state statute; and

NOW, THEREFORE, BE IT RESOLVED by the City Council of the City of Isanti, Minnesota, to hereby approve.

- The hiring of Brian Saba, Eric Baumgart and John McCarty as part-time on-call peace officers.
- Human Resources is directed to offer the Part-Time Peace Office Positions to Brian Saba, Eric Baumgart, and John McCarty.

Request for City Council Action

To: Mayor Wimmer and City Council Members

From: Brenda Frechette, Finance Director

Date: March 3, 2016

Subject: Consider Resolution to join WEX NJPA Fleet Fuel Card Program

Background:

Currently the City utilizes multiple accounts for purchasing fuel (2 WEX accounts and 1 house account). The WEX NJPA Fleet Fuel Program would combine all fuel purchases to one account for ease of administration and provide the necessary information to properly track purchases by equipment, purchaser and department. The WEX NJPA Fleet Fuel Card Program has a very large network of affiliated stations allowing employees to purchase fuel regardless of their location (I have verified that all three local merchants are included in their network). Allowed purchases with the program will be limited to fuel only (this will include the purchase of propane and car washes but only if the car wash purchase is initiated at the pump).

Finance Committee met and reviewed the options presented regarding fleet fuel card programs and is recommending the migrating to the WEX NJPA Fleet Fuel Card Program.

Current Action:

Consider Authorization of City Staff to sign the Addendum to the Fuel Fleet Card Services Agreement Between WEX Bank and the National Joint Powers Alliance (NJPA) for the purchasing of fuel for all city vehicles.

RESOLUTION NO. 2016-XXX

A RESOLUTION AUTHORIZING JOINING THE WEX NJPA FLEET FUEL CARD PROGRAM

WHEREAS, the City is currently purchasing fuel through separate accounts that are location specific; and

WHEREAS, the WEX NJPA Fleet Fuel Card Program would allow consolidation of all fuel purchases to a single account; and

WHEREAS, the WEX NJPA Fleet Fuel Card Program has a large network of affiliated locations which could be utilized; and

WHEREAS, the WEX NJPA Fleet Fuel Card Program would only allow for the purchases of fuel or propane and car washes initiated at the pump; and

WHEREAS, Finance Committee met and reviewed the options presented regarding fleet fuel card options; and is recommending migrating to the WEX NJPA Fleet Fuel Card Program;

NOW, THEREFORE, BE IT RESOLVED by the City Council of the City of Isanti, Minnesota that staff proceed with completion of the Addendum to the Fuel Card Services Agreement between WEX Bank and the National Joint Powers Alliance (NJPA).

Good morning Brenda. Thank you for your time on our call discussing the WEX NJPA Program!

NJPA, National Joint Powers Alliance, is a network of 45,000 municipal and local government organizations, which have banded together to harness their purchasing power on a national level.
Your city is already a member of NJPA! You can visit their website at: http://www.njpacoop.org/.

Under this program, the normal $40 set-up fee and $2 monthly card fees are waived for you.

Some of the other advantages of this agreement are:

- **Earn 1.00% off all retail transactions charged to your account,** (as long as payment is made within the net 26 day payment terms). * Purchases will be limited to fuel & propane
- **Tax exemption** at the time of billing and reporting for qualified fleets to significantly reduce administrative time.
- Online Account access to control and manage fleet purchases
- Roadside assistance to keep your fleet covered while they are on the road, available 24 hours a day.
- Fuel Site Mapping Mobile Application - helps your drivers locate the lowest price fuel station based on their current location.

I am including the WEB site link you can use to identify the **fuel or service locations** our card can be used at:
http://www.wexinc.com/accepting-locations - All 3 local stations are included in their network

If you are interested in our program, please **complete, sign and email or fax the attached addendum back to me at 207-874-1581**.

In the meantime, please don't hesitate to contact me at **207-523-7330** with any questions. I look forward to speaking with you again!

Thank you,

Brenda,
Thank you for your time today. You had inquired about our fleet card program for your drivers. The Comdata MasterCard program allows you to fuel at any MasterCard accepting location (MasterCard has worldwide acceptance). The program Agreement is attached and any fees that do apply or could are listed. The account has a onetime setup fee of $75, there are no card fees, FleetAdvance is $20 per month (I would like to demo ICD; to include SmartBuy and more).

The transactions fees on the Agreement apply to companies that purchase diesel at truck stop locations ($1, $1.50 and $2.50).

- Transactional Data – Comdata passes all data to you that is passed from the Merchant. We process our own transactions and do not go through a third party.
- Reporting - Run more than 50 standard reports or create custom files to export for integration with in-house accounting or Enterprise Resource Planning (ERP) systems.
    - Access real-time transaction history
    - Track purchasing exceptions for each cardholder
    - Identify reasons for declined transactions
    - Use ad hoc reporting to create customized reports
    - View and download transaction detail to
    - analyze spending behaviors
- Fuel Only restrictions – You can restrict cards to fuel only. We can lock the cards to pay at the pump to prevent inside purchases. You eliminate the risk of the cardholder going inside to try and make a purchase of sodas, candy or other.

I would like to add some other interesting features and benefits of the Comdata card. Such as:

- iConnectData - Comdata offers a complete online management tool to help you seamlessly organize, consolidate, analyze and manage transaction data from your Comdata MasterCard. You will have access to real-time card management, transaction detail and visibility of your corporate spend, enabling greater control over your business expenditures.
- Automatic pump shut off - Comdata can limit the dollar amount of the authorization when it occurs at the pump to match the transaction limit specified by the customer.
- MasterCard platform – MasterCard has worldwide acceptance.
- Combine all fuel sources with a single solution – Our MasterCard can be used to pay all fuel resources; retail, truck stop, bulk, and mobile fuel. The card can be used to pay for all fuel types too.
- Leverage fuel discounts at 30,000+ locations - Comdata Consortium includes Merchants that we have negotiated discount fuel prices through. Here is a sample listing:

MEMO

To: **Mayor and City Council**
From: Karissa Henning, Human Resources/ City Clerk
Date: March 11, 2016
Subject: IT Support Services

On October 20, 2015 City Council approved the Request for Proposals (RFP's) for IT Support Services for general city computer systems (non-specialized) and authorized advertising for RFP's and fees to provide for the services. The RFP directed that fees were to be provided for a period of three years.

Five proposals were received from vendors; and, of the 5 proposals received; only two were determined to meet the city's needs in terms of service level and cost:

TR Computer Sales, LLC (estimated costs based on 2015 service usage):

a) $22,177.80 annually for break/fix & on-site services option
b) $27,577.80 annually for hybrid network monitoring & break/fix with on-site services option
c) $31,080.00 annually for managed service with on-site services option

CW Technology:

$28,440.00 annually for managed service with on-site services.

Committee Recommendation:
The Personnel Committee has reviewed the RFP's for the stated vendors and City IT service level needs and recommends awarding the RFP to TR Computer Sales, LLC with the hybrid monitoring and break/fix on-site services option. Currently, the city is using break/fix services with this vendor. However, in reviewing IT service level needs of staff, a more proactive and managed service for IT is needed due to the increasing use of technology by staff and the amount of downtime staff is encountering while experiencing technology issues.

RESOLUTION NO. 2016-XXX

A RESOLUTION AWARDING THE CONTRACT FOR IT SUPPORT SERVICES TO TR COMPUTER SALES, LLC

WHEREAS, the City of Isanti has determined that it is in the City's best interest to seek proposals from qualified consultants to provide IT support services for general city computer systems (non-specialized) for a three year period; and

WHEREAS, five different firms were reviewed and proposals were received; and

WHEREAS, the Personnel Committee recommends staying with TR Computer Sales, LLC at a higher level of service and entering into a three year contract with TR Computer Sales, LLC for their hybrid network monitoring & break/fix service level option.

NOW THEREFORE BE IT RESOLVED by the City Council of the City of Isanti, Minnesota as follows:

1. The City Council hereby awards IT support services to TR Computer Sales, LLC as the vendor that best meets the needs of the City.
2. That the City Clerk is hereby authorized to enter into an agreement with TR Computer Sales, LLC for their hybrid network monitoring & break/fix with on-site service option for the period from April 1, 2016 to March 31, 2019 and for staff to prepare and sign documents as needed to execute this contract.

This resolution was duly adopted by the Isanti City Council this 15th day of March 2016.

Proposed Engagement

March 8, 2016

Karissa Henning
City of Isanti
110-1st Avenue NW
Isanti, MN 55040

Dear Karissa

The following is a description and estimated fees for our proposed computer service engagement with City of Isanti. The engagement letter sets forth the engagement's objectives, documents the procedures for conducting this engagement, identifies your responsibilities, and provides our estimated fees. The final paragraph indicates what you need to do if you want us to proceed with this engagement.

ENGAGEMENT OBJECTIVE

The engagement's objective is to provide service and support on your current computer network.

SCOPE OF SERVICES

- Provide as needed daily and emergency network support at our hourly rate (see below for pricing)
- LOOK@IT server / workstation monitoring managed services.
- Consulting related to your hardware / software needs. (we are a reseller of Dell, HP hardware).
- Provide quarterly preventive maintenance to remove spyware, apply Microsoft updates and schedule your antivirus updates at an hourly basis.
- Yearly client reviews to document hardware and software.

OPTIONAL SERVICES THAT WE ARE AVAILABLE TO PROVIDE UPON YOUR REQUEST
(These services are not included in the total estimate for this engagement.)

- Custom Microsoft Access Database programming.
- Training for Microsoft Office productivity software.
- Fit Analisys

YOUR RESPONSIBILITIES

The engagement's nature will demand significant involvement by your personnel. The ultimate success of the engagement depends primarily on your personnel and the effort contributed toward the new system's implementation. To achieve a smooth and successful implementation, your company will be responsible for performing the following:

- Order the necessary software and hardware from TR Computer Sales, LLC or another desired vendor.
- Attend training if needed and make key personnel available to learn the new system.

The prices quoted above are at today's market value. Prices and availability will be verified at time of purchase.

MN State tax laws require us to charge you tax an all purchases as well as service to install any new hardware or software. This tax will be assessed on all purchases and only the appropriate services provided.

Our estimate is based on our prior experience multiplied by our standard hourly charges for these services, as summarized on the System Specification section. Any unusual disruption in the implementation process may result in higher fees. On-going support will be provided on an "as needed" basis, at your request. Consider purchasing telephone technical support contracts with the software vendors that offer them, if you require immediate response or guaranteed call back times.

The terms for any additional hardware or software not specifically listed in this engagement are due upon receipt of invoice, if the order total is less than $1,000. Pre-payment is required for orders exceeding $1,000.

We invoice our labor twice a month, separate from computer hardware and software, and expect payment within thirty (30) days

Our hourly rate is $135.00 for level 1 PC / help desk work and $145.00 for Level 2 server, firewall type work for work preformed M-F 8:00am to 5pm and we charge time and ½ per hour after 5:00pm and weekends and is billed in 15 minute increments.

Hybrid Option		
	# of WS's	# of Servers
	35	1
	10	100
	350	100
Monitoring Per Month	$ 450.00	
Monitoring Per Year	$ 5,400.00	
Estimated labor Per Year	$ 15,697.80	
4 hours onsite	$ 6,480.00	
Estimated Total Per Year	$ 27,577.80	

Each monthly invoice will include a detailed description of the services provided. Our fees are based on the hourly rates of the various staff level and are adjusted annually for general economic factors. We schedule staff to serve your company based on the level of tasks to assure that you receive cost-effective service. TR Computer Sales charges a one way trip charge.

This service agreement is for a 3 year time time period, effective upon date of approval by the City of Isanti. Either party may terminate this agreement with a 60 day written notice to the other party.

WARRANTIES AND LIMITATIONS

It is your sole responsibility to comply with software copyright laws, except as to software provided by us. Except as otherwise warranted herein, our liability for damages with respect to the services provided shall in no event exceed the charges previously paid to us for these services. All items returned for

exchange or refund must be accompanied by the box and manuals in original condition. Most software can not be returned or exchanged. Warranties for the computer software and hardware products installed as part of this engagement are provided by the manufacturer of those products. We offer no warranties, expressed or implied, regarding the functionality or capabilities of the software or hardware products installed as part of this engagement, except for a one year limited warranty on TR Computer Systems. Our warranty on the TR System covers hardware components and the operating system, and such labor/time as necessary to service the warranty. Data and software restoration is not covered under this warranty.

COMPUTER CONSULTING OUTSIDE OF THIS ENGAGEMENT / OTHER TERMS

Any future computer services will be covered by the terms in this engagement letter. Rate change adjustments can only be made on the annual anniversary date of this agreement, with written notification to the City at least 90 days prior to the proposed change date. A rate change of 5% or more is equivalent to a termination notice.

Technicians must have a security clearance and ability to pass a background check to manage the City's and the City's Police Department computer systems, and shall treat and maintain all data or information encountered in servicing either of the systems as strictly confidential. The Police Department will provide the background check at the City's sole expense.

CLOSING

We sincerely appreciate the opportunity to serve you. If the foregoing is in accordance with your understanding, please sign this letter and return the signed letter to us. We look forward to working with you.
Sincerely,
Dale Deters

Total	35	1

- Break Fix Support

  Recommendation: TR Computer Sales hourly rate in 2016 will be $135.00 for level 1 PC / help desk work and $145.00 for Level 2 server, firewall type work. We can assist you remotely using our help desk 651-209-1989 or by scheduling time with a consultant for any projects that you may require assistance.
  Based off of an estimate of 2015 usage, plus 4 hours onsite, an estimated total for break/fix services would be around $22,177.80

- Network Monitoring (Level I)

  Level I: Monitoring Services only cost $10.00 per PC and $100.00 per server per month. This monitoring services covers over 100 different services such as:
  Anti-virus monitoring
  Malwarebytes scanner
  Security patches
  HD disk space and predicted failures (Raid alerts)

Subject: Donation Request for MMBA "Help Our Local Animals" Supplies Drive promotion in-store

---

Background:
Each year the MMBA supports many different organizations for the sole purpose of raising funds as well as supply donations to help support local animal shelters in our area. I am requesting that we promote this program in-store and customers can donate pet supply, food items or a cash donation in any amount they wish to help support this program. The dates of the donations are April 1st through April 30th 2016.

RESOLUTION NO. 2016-XXX

RESOLUTION APPROVING DONATION BOX AT LIQUOR STORE

WHEREAS, on June 2, 2009 City Council approved a donation box policy; and

WHEREAS, Isanti Liquor is requesting use of a donation box at the liquor store in support of the MMBA "Help Our Local Animals" Supplies Drive promotion; and

WHEREAS, the Liquor Committee has reviewed the request and recommended its approval.

NOW, THEREFORE, BE IT RESOLVED that the City Council of the City of Isanti, Minnesota hereby approves placement of a donation box for the MMBA "Help Our Local Animals" Supplies Drive promotion at the Isanti Liquor Store from April 1, 2016 through April 30, 2016.

Adopted by the Isanti City Council this 15th day of March 2016.

3rd Annual MMBA "Help Our Local Animals" Supplies Drive

In an effort to help members Promote the Community Value of their Municipal Liquor Operation, MMBA, in partnership with Miller Lite, is coordinating the *Third Annual Municipal "Help Our Local Animals" Supplies Drive* **benefiting your local animal shelter.**

This is an effort to support the shelters in your area that support animals in need. We'll be raising both supplies and funds. You in turn will donate everything to the local animal shelter of your choice.

Participating individual cities will be randomly drawn to win one of ten $200 donations to your local animal shelter from MillerCoors and MMBA.

So, everyone has a chance to win!

Here are additional details:

- The Supplies Drive will run from April 1 – April 30, 2016.
- Each participating MMBA member will collect pet supplies (food, blankets, leashes, kennels, etc & cash) for donation to your local shelter of choice. Please reach out to your local shelter and discuss items of need and anything they can do to help publicize this event
- At the end of the event (May 1), please take the collected supplies and cash to the shelter. (Contact the MMBA office if you need assistance locating your local shelter.)

- Miller Lite POS to help Support the event

    - Signage from your Miller Distributor - One 3x5 banner - One 1x2 foot sign – Please contact them and discuss the info you would like on your custom sign.

    - 100 donation cards (with scannable UPC) will be created and provided by your Miller Lite distributor.

    - Bucket for collection of cash if you do not want to scan

    - Additional signage and donation cards can be obtained by contacting your Miller Lite Distributor. Get creative!

    - Materials will arrive the end of March.

Here are some successful ideas to promote the event:

- ✓ Product discount for those donating supplies
- ✓ Stapling a flyer to carry-out bags
- ✓ Photo's of animals from your local shelter that need adoption or help
- ✓ Displaying the donated supplies in the front of the store to catch customer eyes
- ✓ Reference or total focus in advertising mediums
- ✓ Miller Lite wholesaler could build a platform of Miller Lite cases for the supplies to display on, or a wall of cases around an area where donations will be placed.
- ✓ Local newspaper story
- ✓ Collect contributions by participating in other community events

Any and all additional display/feature consideration for Miller Lite is greatly appreciated!

If you would like to participate in this event, contact the MMBA Office at:

Phone: 763-572-0222 or 866-938-3925
Email: kaspszak@visi.com

If you have questions about POS, please address with your local Miller Distributor.

If you have any issues contacting your local distributor, please contact Jon Chance

CITY OF ISANTI

KENNEL SERVICES
INDEPENDENT CONTRACTOR AGREEMENT

THIS AGREEMENT between the **City of Isanti** (hereinafter "**City**"), whose principal office is located at 110 First Avenue North, City of Isanti, State of Minnesota, and **Linda Fransen,** Quiet Oaks Kennel, 25895 Lever St. NE, Isanti, Minnesota, 55040 (hereinafter "**Contractor**"), is made and entered into on the ____ day of March, 2016.

A. **Period of Agreement.**
City hereby agrees to hire Contractor to render services as a dog care provider (kennel services), and Contractor faithfully agrees to diligently perform such duties for the period from April 1, 2016 to March 31, 2019.

B. **Nature of Services.**
Contractor shall perform the services contemplated by this Agreement in a discreet, humane manner. Contractor is retained as an independent contractor to assist with the dog care for unleashed dogs picked up by Isanti City's Animal Control Officer and/or law enforcement within the City of Isanti. It is specifically made part of this Agreement that the nature of services to be provided by Contractor shall include the provision of a place for each dog to stay; together with the provision of food, water and walking/exercising the dogs. The Contractor will be responsible to contact the rescue party i.e. animal shelter, human society, etc. for pick-up, or shall transport all dogs to the vet at the end of the five days each unclaimed dog is to be held pursuant to City Ordinance and State Statute. If a dog that has bitten a person is impounded, that dog must be kept apart from other animals and observed for a period of 10 days pursuant to City Ordinance and State Statute, during which time the Contractor shall notify the City of signs of any transmittable diseases.

In the event of a dog bite, Contractor shall hold for ten (10) days pursuant to City Ordinance and State Statute; unless a release signed by the owner of the dog(s) is received authorizing euthanasia or disposal of the dog(s); and the owner has provided payment of all fees relating to the impoundment and kenneling of the dog(s).

It is understood, pursuant to this Agreement, that the Animal Control Officer shall bring all dogs caught directly to Contractor. Contractor will provide services for the City of Isanti seven days a week, twenty-four hours per day.

C. **Compensation**

Contractor shall receive Twenty Dollars **($10.00)** per day per dog for the provision of food, water and walking/exercising. This fee shall increase at the rate of Five Dollars **($5.00)** for each service year of the contract (April 1st to March 31st of the following year is a service year). Contractor shall also receive Thirty Dollars **($20.00)** for the transportation of a dog kept pursuant to this Agreement to the rescue party, shelter or Veterinarian at the end of five working days pursuant to City Ordinance and State Statute; or in the case of a dog bite to the veterinarian after ten working days. Contractor shall also be reimbursed the cost of medication for animal boarding services. Contractor shall provide proof of purchase of any said medication and verify which impounded dog

received said medication. Contractor shall receive no other benefits than the above referenced dollar amounts or items stated in this contract. This Agreement specifically excludes all benefits received by employees of the City. In the event Contractor finds a home for an unclaimed dog after its required holding period, Contractor shall contact City as to required charges to release said dog. Contractor must instruct said person to pay fees directly to City and show a paid receipt to Contractor prior to picking up the dog.

D. **Licensing and Certification.**
Contractor hereby agrees to maintain all Professional Licensing and Certification required by local, state and federal law, and/or Associations for Dog Catchers and Dog Kennels.

E. **Relationship of Parties**
The parties intend that an independent contractor relationship will be created by this Agreement. The City is interested only in the results to be achieved, specifically; the caring for dogs not restrained with City limits, and the conduct and control of the work will lay solely with the Contractor. Contractor is not to be considered an agent or employee of the City for any purpose, and the employees of the Contractor, if any, are not to be considered employees of the City, and are not entitled to any of the benefits that the City provides its employees. It is further understood that Contractor may perform services for other entities, as long as such relationship does not impede, or prohibit, the provision of services for City pursuant to this Agreement.

F. **Liability Insurance and Indemnification.**
The services to be performed by Contractor pursuant to this Agreement will be performed entirely at Contractor's risk, and Contractor assumes all responsibility for the use and condition of tools and equipment used in the performance of Contractor's duties, efforts and work as dog care provider. Contractor shall be solely responsible for obtaining, at contractor's expense, liability insurance coverage naming the **City of Isanti** as additional insured, in an amount of not less than $1,000,000.00 insuring against personal injury or property damage for liability to third parties. Contractor further agrees to indemnify City for any and all liability or loss arising in any way out of the performance of this Agreement, including costs and attorney's fees.

G. **Termination.**
City and Contractor may terminate this Agreement at any time by providing written notice of not less than sixty (60) days. Such notice shall be given to City at City offices. Such notice shall be given to Contractor at its place of business.

H **Facilities and Equipment.**
Contractor shall be responsible for providing all tools and equipment necessary to perform the duties of dog care provider. The City will not provide office space to Contractor for services as dog care provider. Contractor shall also provide appropriate kennels for the retention of dogs caught by Contractor until appropriate disposition can be made for each such dog retained.

I. **Accounting and Billing.**
Contractor agrees to provide to City at the end of each month a summary of all dogs cared for, and an itemization of charges for each such dog cared for by Contractor. City agrees to pay for such services each month and within 30 days of its receipt of each month's

billing from Contractor. City shall be responsible for collecting payments from any individual, or individuals, for retrieving their dog.

J. Business Records.
At all times during the course of the Agreement, and upon termination of this Agreement by either party, all files, documents and records relating to performance of dog caring by Contractor shall remain the property of City, and shall be provided to City at any time upon its request to Contractor.

K. Entire Agreement.
This Agreement constitutes the entire agreement of the parties with respect to the subject matter hereof and supersedes all other agreements or representations, whether written or oral.

L. Headings
Headings are for convenience only and are not a part of this Agreement.

MEMO

To: **Mayor Wimmer and Members of the City Council**
From: Josi Wood, Public Services Director
Date: March 15, 2016
Subject: A Resolution to Declare Certain Property as Surplus and Authorize Its Disposal

---

Background:
Public Works has accumulated many miscellaneous items that need to be disposed of. These items are as follows.

Scrap

Iron and Steel leftover from repairs
Old Signs (Steel)
Old Signs (Aluminum)
Old Meter Bodies (Brass)

Per policy, Resolution 2009-078, based on current pricing, Public Services Director obtained three (3) quotes and recommends taking the scrap metal to Northern Metal recycling in St. Cloud. Any items that cannot be taken as scrap will be disposed of.

Paint

Various paint from past projects and donation have accumulated at the Public Works facility.

Per policy, Resolution 2003-014, staff will post the paint as surplus in local publications. Should no offers come in, staff will dispose of the paint through the County wide hazardous waste facility and pay the fee that results.

Requests:
Staff is requesting action to approve the disposal of scrap and surplus paint per Resolution.

Attachment:

- Resolution 2016-XXX

RESOLUTION NO. 2016-XXX

A RESOLUTION TO DECLARE CERTAIN PROPERTY AS SURPLUS AND AUTHORIZE ITS DISPOSAL

WHEREAS, on occasion the City of Isanti incurs supplies and equipment that is no longer of use for departments within the City; and,

WHEREAS, this property is considered surplus property; and,

WHEREAS, it has been determined that the Public Works Department has scrap metal that is of no use to the City; and,

WHEREAS, Resolution No. 2009-078 provides guidelines for the disposal of scrap metal and Resolution No. 2003-014 provides guidelines for the disposal of surplus property;

NOW, THEREFORE, IT IS HEREBY RESOLVED by the City Council of the City Of Isanti, Minnesota hereby authorizes the following:

1. To declare scrap metal which includes but not limited to: old iron from repairs, aluminum signs, steel signs and old meter parts, located at the Public Works Facility as surplus property and authorize for its disposal.
2. To declare paint that was either obtained to the City or leftover from City projects which are located at the Public Works Facility as surplus and post notice. Should the public not make an offer, staff will take the paint to be disposed of properly to a hazardous waste facility and pay the subsequent fee.
3. The Public Services Director shall have the authority to sign all necessary paperwork to allow for the process for the disposal of surplus property identified per this Resolution.

CITY OF ISANTI

CONTRACT FOR PORTABLE TOILET SERVICES

This agreement is made as of the ____ day of _____, 2016, between the City of Isanti, a Minnesota Municipal Corporation **("City")**, and _____ **("Contractor")**. The **City** and the **Contractor** agree as follows:

SECTION 1. PURPOSE

The purpose of this agreement is to establish a standardized portable toilet servicing procedure for portable toilet units placed on City property.

SECTION 2. SERVICES TO BE PERFORMED

A. The **Contractor** shall provide portable toilets and service the units as listed on Attachment 'A'.

B. The **Contractor** shall not be required to service the portable toilets on State of Minnesota legal holidays; provided, however, that service shall occur on the routes reasonably in advance thereof or thereafter as the **City** and **Contractor** may agree so that the schedule can be completed regardless of a holiday.

SECTION 3. TERM OF CONTRACT

A. The term of this **Contract** shall be April 1, 2016 through March 31, 2018.

SECTION 4. CONTRACTOR'S EQUIPMENT

A. All vehicles used by the **Contractor** to service the portable toilet units placed on municipal properties shall be painted and marked uniformly and shall be identified on both sides of the cab. All required equipment to service the units shall be maintained in good usable condition on each vehicle.

B. The **Contractor** shall make all collections of materials in vehicles with closed tops so that contents will not spill or leak. All of the **Contractor's** vehicles shall be kept clean and as free from offensive odors as possible and shall not be allowed to stand in any street or other place longer than is reasonably necessary to service the units.

C. The **Contractor** shall keep all equipment used in the performance of the work required by this Contract in good operating condition and in a clean, sanitary condition. Cabs shall be cleaned daily and the exterior of the vehicle shall be thoroughly washed at least one time per week. All of the **Contractor's** equipment is subject to periodic inspection by the **City**.

SECTION 5. CONTRACTOR'S OPERATIONS

A. The **Contractor** shall establish and maintain, in a location approved by the City Administrator, an office staffed and capable of accepting complaints and customer calls. The office shall be in service during the

hours of 8:00 a.m. and 5:00 p.m. on all days of service as specified herein. The address and telephone number of the office shall be given to the **City** in writing. Any changes in address and telephone number of the office shall be given to the **City** in writing at least ten (10) working days prior to such change. An emergency contact phone number for evenings, holidays and weekends to address emergency events shall be provided to the **City**.

B. Complaints on service will be taken and collected by the **City** in addition to those received at the **Contractor's** office. The **City** will notify the **Contractor** of all complaints it receives. The **Contractor** is responsible for all corrective actions. A record of all such complaints and the action taken thereon shall be kept by the **Contractor** and reported monthly to the Public Services Director. All complaints shall be answered by the **Contractor** courteously and promptly.

C. The **City** shall notify the **Contractor** by 12:00 noon on the day following the scheduled service of any missed stops. The **contractor** is required to service such locations before 5:00 p.m. on the date of notification.

D. The **Contractor's** employees shall handle all servicing of the units with reasonable care to avoid any spillage or leakage to occur. Any spillage or leakage shall be immediately cleaned up.

E. The performance of the Contract shall be done by the **Contractor** utilizing such equipment and work methods as are adequate to insure proper and satisfactory collection and disposal of the materials at all times. **Contractor's** failure to perform shall not be excused by adverse conditions of weather, breakdown and similar hindrances, which on other work might be regarded as "acts of providence".

SECTION 6. COMPENSATION

The **City** will compensate the **Contractor** for the rental and servicing of portable toilets located on designated municipal property as set forth in Attachment A and the Quote Form that was submitted by the **Contractor**, attached hereto and made a part hereof.

The **Contractor** will look to the particular entity receiving services under this contract as set forth in Appendix 'B' or Appendix "C" attached hereto and made a part hereof for compensation due from such entity for the rental and servicing of portable toilets for the benefit of that entity. The **City** will not be responsible for payment of services and servicing of toilets provided at the request of said entities; however said entities shall be entitled to receive services from the **Contractor** at the pricing set forth in Appendix 'B' or "C" at any time during the term of this contract.

The **Contractor** will provide rental and servicing of portable toilets for Special Events sponsored in whole or in part by the Isanti Area Chamber of Commerce at the pricing set forth in Appendix 'C' attached hereto and made a part hereof. The Chamber may designate the number and location of portable toilets needed and shall be solely responsible for payment of all compensation due the Contractor for the services so requested. The **City** shall have no responsibility for payment for the rental and servicing of portable toilets requested by the Chamber under this contract.

SECTION 7. LIABILITY INSURANCE / INDEMNIFICATION

The **Contractor** shall indemnify and hold harmless the **City** and its officers, agents and employees from and against all claims, damages, losses or expenses, including attorney fees, for which it may be held liable, arising out of or resulting from the assertion against them of any claims, debts or obligations in consequence of the performance of this **Contract** by the **Contractor**, its employees, agents or subcontractors. **Contractor** will

carry, for the duration of this Agreement, liability insurance coverage and shall provide a Certificate of Liability Insurance to the City and shall name the **City of Isanti** as an additional insured, an amount of not less than $500,000.00, insuring against personal injury or property damage for liability to third parties. The **Contractor** shall provide a copy of his license to haul as authorized and approved by Isanti County.

SECTION 8. TERMINATION

The **City** shall have the right to terminate this Contract prior to the expiration of its term if in the **City's** opinion; there has been a breach of its terms by the **Contractor**.

SECTION 9. PENALTIES AND DAMAGES

A. Failure by the **Contractor** to perform under this Contract, may result in its termination and/or claims by the **City** for damages.
B. In the event of breach of this Contract by the **Contractor**, or proven negligence by the **Contractor**, the **Contractor** agrees to pay, in addition to the actual damages sustained by the **City** as a result thereof, the cost, including reasonable attorney's fees incurred by the **City** in pursuing any of its rights under this Contract.

SECTION 10. SUCCESSORS AND ASSIGNS

The **Contractor** binds itself, its successors, executors, administrators and assigns to the **City** in respect to all covenants of this Contract, except that the **Contractor** shall not assign or transfer any part of its interest in this Contract nor shall the **Contractor** assign any moneys due, or to become due, without the **City's** written consent.

SECTION 11. AMENDMENT, MODIFICATION OR WAIVER

No amendment, modification, or waiver of any condition, provision, or term of this Contract shall be valid or of any effect unless made in writing, signed by the party or parties to be bound or by its duly authorized representative, and specifying with particularity the extent and nature of such amendment, modification, or waiver. Any waiver by any party or any default of another party shall not affect or impair any right arising from any subsequent default.

SECTION 12. SEVERABLE PROVISIONS

Each provision, section, sentence, clause, phrase, and word of this Contract is intended to be severable. If any provision, section, sentence, clause, phrase, or word hereof is illegal or invalid for any reason whatsoever, such illegality or invalidity shall not affect the validity of the remainder of this Contract.

SECTION 13. ENTIRE CONTRACT

This Contract contains the entire understanding of the parties hereto with respect to the transactions contemplated hereby and supersedes all prior agreements and understanding between the parties with respect to such subject matter. Subject: Purchasing Policy Addendum – Environmental Sustainability

---

Staff has been working on a number of Green Step Initiatives. One of these is an addendum to the City Purchasing Policy to encourage and increase purchasing of goods, as practical and within defined purchasing parameters, which reflect the City's commitment to sustainability. The Finance Committee has reviewed the proposed policy and is recommending its adoption.

Attached for your consideration is a Resolution Adopting the Environmental Sustainability Purchasing Policy. A copy of the proposed policy is attached to the Resolution.

RESOLUTION 2016-_____

A RESOLUTION ADOPTING AN ADDENDUM TO THE CITY PURCHASING POLICY – ENVIRONMENTAL SUSTAINABILITY

WHEREAS, the City of Isanti is participating in the Green Steps Program; and

WHEREAS, a program supports and encourages purchasing of goods that reflect the City's commitment to environmental sustainability; and

WHEREAS, an Addendum to City Purchasing Policy has been prepared that provides guidelines to follow in purchasing as practicable to meet Green Step Program initiatives. The policy has been developed and reviewed with City Department Heads; and

WHEREAS, the proposed policy has been reviewed by the Finance Committee and is being recommended for adoption by the City Council;

NOW, THEREFORE BE IT RESOLVED BY THE CITY COUNCIL of the City of Isanti, Minnesota, hereby approves the Addendum to the City Purchasing Policy as amended and attached as 'Exhibit A'.

This Resolution is hereby approved by the Isanti City Council this 15th day of March 2016.

'Exhibit A'

Addendum to City Purchasing Policy
Environmental Sustainability

I. PURPOSE AND NEED FOR POLICY The goal of this policy is to encourage and increase purchasing that reflects the City's commitment to sustainability. This Policy promotes:

- Conserving natural resources
- Minimizing environmental impacts, such as pollution
- Supporting strong recycling markets
- Increasing the use and availability of environmentally preferable products that protect the environment
- Rewarding manufacturers and vendors that reduce environmental impacts in their production and distribution systems
- Creating a model for successfully purchasing environmentally preferable products that encourages other purchasers in our community to adopt similar goals
- Lowering overall costs by addressing full cost accounting (purchase, maintenance, disposal, staff time, and labor)
- Leveraging buying power

II. POLICY The following guidelines are to be followed as practicable by the City of Isanti:

1. Recycled Paper Products and Recycled-Content Products. Per Minnesota Statute 16B.122 and per the Federal Environmental Protection Agency's (EPA) requirements, the City of Isanti will endeavor to purchase paper products containing the highest postconsumer content practicable, but no less than 30% recycled-content for copy paper (which is the minimum recycled content standard established by the EPA Comprehensive Procurement Guidelines: www.epa.gov). The City should purchase other products made with recycled material whenever possible and economically feasible.

2. Waste Minimization. The City should buy in bulk whenever practicable to reduce packaging. Packaging that is reusable, recyclable or compostable is preferred, when suitable uses and programs exist.

3. Energy Saving Products. All appliances and products purchased by the City, for which the US EPA Energy Star certification is available, will meet Energy Star certification, provided such products are available and financially feasible (www.energystar.gov). This would include lighting systems, exhaust fans, water heaters, computers, exit signs, and appliances, such as refrigerators, dishwashers, and microwave ovens.

4. Water Saving Products. Water saving products purchased by the City will meet the WaterSense certification when such products are available and financially feasible (www.epa.gov). This includes, but is not limited to, high-performing fixtures, such as toilets, waterless urinals, low-flow faucets and aerators, and upgraded irrigation systems.

5. Cleaning Products. Cleaning products purchased by the City will meet Green Seal, EcoLogo, and/or U.S. EPA Design for the Environment cleaning product standards, if such products are practicable, available, and perform to an acceptable standard.

6. Lighting. The City should purchase and install LED lighting on any new construction, retrofits, remodels or replacement projects, including street lighting.

III. PROCEDURE When purchasing products and services for the City, staff will:

- Ensure that specifications support the use of reusable, recycled, or environmentally preferable products by following these guidelines.
- Evaluate environmentally preferable products to determine the extent to which they may be used by the department and its contractors.
- Facilitate data collection on purchases of designated environmentally preferable products by the department in order to determine the effectiveness of the products and services.
- Use a standard of accepting a 10% increased cost for these items. Financial incentives should be taken into consideration in cost comparisons. Authorization from the Finance Committee is required if the additional cost to buy the environmentally preferable product is greater than $1,000. (It is recognized that these costs may be more expensive in the near term, but usage will contribute to a lowering of costs over time for environmentally sustainable products and services).

IV. RESPONSIBILITY All City departments are responsible for implementation of this policy and to ensure their respective employees are fully aware and supportive of the City's policy to purchase environmentally preferable goods and services. City staff will implement these guidelines in conjunction with the city's normal purchasing procedure and with consideration of the above price differential

RESOLUTION NO. 2016-XXX

RESOLUTION OFFERING THE POSITION OF PART-TIME LIQUOR STORE CLERK III TO EMILY CAVALLARO

WHEREAS, the City Council of the City of Isanti is required to approve all new employees; and

WHEREAS, the City Council approved to advertise and accept applications to fill a Liquor Store Part-Time Clerk III position; and

WHEREAS, the Interviewing Panel selected Ms. Emily Cavallaro as the most qualified candidate for the open Part-Time Clerk III position.

NOW THEREFORE BE IT RESOLVED BY THE CITY COUNCIL of the City of Isanti, Minnesota as follows:

1. That Human Resources is hereby directed to offer the Liquor Store Part-Time Clerk III position to Ms. Emily Cavallaro for the City of Isanti and that she shall be eligible to start in that position effective March 16, 2016.
2. That Ms. Emily Cavallaro shall start at Step 1 of the Wage Scale at $12.98/hr.
3. That Ms. Emily Cavallaro shall be on probationary status per the Personnel Policy in the position of the Part-Time Clerk III position effective March 16, 2016, or her start date, whichever is later.
4. That Human Resources is directed to complete all required documentation for the completion of the employment offer.
5. That Human Resources can work with the Liquor Store Manager to fill Cavallaro's previously held part-time clerk position.
6. That Human Resources is directed to forward an executed copy of this resolution to the employee and place a copy in the employee's personnel file for future reference.

This resolution was duly adopted by the Isanti City Council this 15th day of March, 2016.

City of Isanti
Economic Development Authority
Regular Meeting Minutes of
March 2, 2016
Isanti City Hall

1. Call to Order

The meeting was called to order by Economic Development Director Sullivan at 7:22 p.m.

a. Pledge of Allegiance

b. Roll Call

Members Present:	Keith Dragisich, Dan Collison, Steve Lundeen, Paul Bergley and George Wimmer
Members Absent:	Tara Hallberg (excused), Adam Johnson
Staff Present:	Economic Development Director Sean Sullivan

c. Agenda Modifications

No modifications to the agenda were presented.

2. Approval of Agenda

Motion to approve Agenda as presented by Collison, second by Lundeen, motion carried unanimously.

3. Approve Minutes of February 2, 2016 Regular Economic Development Meeting

Motion by Lundeen second by Collison to approve the minutes for February 2, 2016. Motion carried unanimously.

4. Other Business / Updates

Economic Development Director Sullivan highlighted the Staff Memo. He shared that a Developer was working on a 24 unit senior memory care project and that he anticipated a site plan to be submitted within the next few months. He also indicated that new hearing aid business (HearsWell) had moved into the former Gental Dental site in Historic downtown Isanti. Sullivan passed out a Local Market Update relating to housing that outlined median and average sales prices and housing inventory in Isanti and Cambridge. The numbers showed a pretty strong marketing in Isanti with values on the rise.

President Wimmer updated the EDA about the progress and methodology of the rate study. He indicated that he was hopeful that rates could be reduced but that more work was needed to be done before a clear picture of the impacts could be reached. He wanted to make sure the plan addressed

the issues now and provided a sustainable path into the future. He echoed the information in the Market report and indicated that values were indeed on the rise and that this was a good document to reference when speaking to taxpayers to show the trend.

Commissioner Lundeen warned against the volatility of the housing market. It said it has up and downs and is unpredictable. Right now it is very strong but it could change quickly. He also referenced the 2 new dental clinics in Cambridge and that we should try to get on here.

Commissioner Dragisich indicated the affordable housing is really the main driver for the investment in Isanti. Gas prices at current levels are helping matters

CITY OF ISANTI
PLANNING COMMISSION
MEETING MINUTES
MARCH 8, 2016

1. Meeting Opening.

A. Call to Order.

Cesafsky called the meeting to order at 7:00 p.m.

B. Pledge of Allegiance.

Everyone rose for the pledge of allegiance.

C. Roll Call.

Members Present: Greg Cesafsky, Paul Bergley, Steve Lundeen, Wayne Traver, and Jim Kennedy.

Members Absent: Jeff Duncan (provided prior notice) and Cindy Lind-Livingston (provided prior notice)

Staff Present: Community Development Director, Roxanne Achman

Others Present: None

D. Agenda Modifications.

Achman stated there were none.

2. Approval of Minutes from February 9, 2016 Planning Commission Meeting.

Cesafsky questioned if there were any comments or changes to the minutes.

Motion by Lundeen second by Bergley to approve the February 9th, 2016 Planning Commission Meeting Minutes. Motion was unanimously approved.

3. Public Hearings.

A. Request from Ron Stawski on behalf of Wintergreen's for a Conditional Use Permit to allow for outdoor volleyball courts on the property legally described as that part of Lot 2, Block 2, Credit Union Addition, lying south of the North 10 feet thereof, as measured at right angles to the north line of said Lot 2, Isanti County, Isanti, Minnesota.

Cesafsky read the item into the minutes.

Achman presented the staff memo.

Cesafsky opened the public hearing.

Bergley asked if the apartments were more than 350 feet away. Achman stated that they were.

Traver stated that the only business close would be the daycare and the lights shouldn't be an issue for them.

Lundeen stated the lights wouldn't be any different than the parking lot lights. Achman confirmed that the same lights that are in the parking lot will be used for the volleyball courts; however, there will be four on one post.

Bergley asked for confirmation that the lights would be hooded. Achman stated they would be. Bergley further described how the lights at Redbird Field tend to spread out all over the place and asked if the lights would be as high as those. Achman stated the lights would be as high as the ones currently in the Wintergreen's parking lot. Bergley asked of the hood on the lights would prevent the light from spilling out to other properties. Achman stated these lights are not like the globed lights without a hood that tend to spill light all over. The hood directs the light downward.

There was no one in the audience to speak on the item. Cesafsky closed public hearing.

Motion by Kennedy second by Lundeen to recommend approval of the request from Ron Stawski on behalf of Wintergreen's for a Conditional Use Permit to allow for outdoor volleyball courts on the property legally described as that part of Lot 2, Block 2, Credit Union Addition, lying south of the North 10 feet thereof, as measured at right angles to the north line of said Lot 2, Isanti County, Isanti, Minnesota. Motion carried unanimously.

4. Other Business.

A. Legal Issues for Planning Commissioners.

A 75 minute webinar offered through the American Planning Association was presented to the Planning Commission.

5. Discussion Items.

A. None.

6. Adjournment

Motion by Lundeen second by Bergley to adjourn the March 8th, 2016 meeting of the Planning Commission. Motion was unanimously approved.

The meeting adjourned at 8:21 p.m.

Dated at Isanti, Minnesota this 8th day of March 2016.

Respectfully submitted,

_____

MEMORANDUM

Date: March 9, 2016

To: Honorable Mayor Wimmer and Members of the City Council
City of Isanti

From: Bradley C. DeWolf, P.E.
City Engineer

Jason W. Cook, P.E.
Assistant City Engineer

Subject: Project Status Report
Isanti, Minnesota
BMI Project No: R13.111162

Please find listed below a status report of the current projects in the City of Isanti.

1) **City Hall Parking Lot Expansion**

The Contractor will move forward on the alley work within the railroad easement this spring.

2) **Community Garden Park Improvements**

We will design the parking lot and trail to the Rum River this winter anticipating spring construction.

3) **Railroad Avenue Pond Improvements**

The contractor has completed the pond excavation and installed topsoil and erosion control blanket. The remaining storm sewer work and street patch will be constructed this spring.

4) **Watermain Loop Improvements**

We have designed plans for a watermain loop to the Isanti Middle School. We will coordinate obtaining required easements and permits.

5) **Wastewater System Improvements**

The MPCA should complete their review of the plans and approve the required permitting this month.

In addition to the current projects listed above we have completed and accepted 42 private developments and 45 city contracts since being selected as your City Engineer in 2008.

Please contact Brad or Jason if you have any questions.

Adjournment

Proclamation by Mayor George A. Wimmer

Week of the Young Child™

Whereas, many local organizations in conjunction with the National Association for the Education of Young Children, are celebrating the Week of the Young Child™, April 10th - April 16th; and,

Whereas, these organizations are working to improve early learning opportunities, including early literacy programs, that can provide a foundation of learning for children in Isanti, MN; and,

Whereas, teachers and others who make a difference in the lives of young children in Isanti, MN deserve thanks and recognition; and,

Whereas, public policies that support early learning for all young children are crucial to young children's futures.

I, George A. Wimmer, Mayor of the City of Isanti do hereby proclaim April 10th - April 16th as the Week of the Young Child™ and encourage all citizens to work to make a good investment in early childhood in Isanti, MN.

H. Announcements
Announcements were read

I. Council Committee Reports
Bergley stated that he, Lorsung and Sullivan had attended the Icicle Committee Meeting where the GIS system was discussed. He remarked that it sounded as though Cambridge would go ahead and do their own updating. Having conferred with Lorsung, Achman, and Wood, Bergley reported that the consensus was that the City is not ready to move forward on its own. Lorsung stated that the County has layers that the City does have information on; however, the County will not be updating those layers for the cities anymore. Lorsung recognized that it would take additional resources for the County to do

so. Lorsung re-stated that Cambridge has decided to go at it alone and at some point in the future the City of Isanti may be impelled to either go at it alone or, perhaps, look at a partnership. The Mayor observed that what the County needs in terms of a GIS system is very limited compared to the requirements of the cities where infrastructure, etc. would want to be included. The Mayor remarked that one of options that had been discussed was doing a web-based GIS and indicated that discussions would continue into the summer on this. The Mayor stated that this is an item that would have to be addressed in the budget; acknowledging that it is something that the city needs, but it is a cost issue.

Bergley noted the second item of importance discussed at the meeting was the CDI videos, reporting that, per the County Administrator, the City would not be allowed to put the video on its website. Bergley did note that a link to the video could be placed on the City's website; however, it was unfortunate in his opinion. The Mayor agreed with Bergley's opinion, indicating that the details for the videos were still being determined.

The Mayor shared that Human Resources/City Clerk Karissa Henning has accepted a position with Lino Lakes. The Mayor stated that Henning has done a great job for the City and that the City supports her completely in her decision. He noted that along with a significant increase in pay, the position is a good opportunity for Henning. The position is with a larger community and will allow her to advance her career while focusing on what she loves to do, Human Resources. Her departure underscores what had been discussed previously with regards to department head salaries. Henning intends to remain with the City for another month and will continue to help out after that date.

J. Public Hearings

1. **Resolution 2016-077 Approving a Conditional Use Permit for the Installation of a Fence Greater than Six (6) Feet in Height to be Placed Around the Community Garden in River Bluff Preserve**

The Public Hearing was opened at 7:08 p.m. There were no respondents. The Public Hearing was closed at 7:09 p.m.

Motion by Lundeen second by Bergley to approve Resolution 2016-077 as presented. Motion carried unanimously

K. Business Items

1. **Resolution 2016-078 Declaring a Vacancy on the City Council**

The Mayor noted that the City would not actually be able to declare a vacancy until the first meeting in May to comply with the State Statute for 90 days; however, Johnson's absence does violate City policy by having missed three, and now four, consecutive meetings. Also provided to the Council members was the process for accepting applications from people who might be interested in fulfilling the vacancy. The position could potentially be filled in the middle of June with the selected applicant attending their first Council meeting in July. The Mayor noted that the Council has had members resign; however, the City has never really run into this situation before, where it has had to prepare to declare a vacancy. Generally, the Council looks for someone who does have experience as it can take between three to six months for a new Council member to get up to speed. That appointment to fill Johnson's seat would run until the end December, 2016. If the situation of Council Johnson's absence continues, this would

be the process going forward and the prepared resolution approves the declaration of vacancy contingent upon 90 days passing and the steps moving forward from there.

Motion by Bergley second by Collison to approve Resolution 2016-078 as presented. Motion carried unanimously

2. **Resolution 2016-079 Approving a Pawnshop License Renewal to Northern Pawn, Inc.**

Motion by Lundeen second by Bergley to approve Resolution 2016-079 as presented. Motion carried unanimously

3. Consider Changes to City Code Chapter 233 Pertaining to Pawn Shops
    a. **Ordinance 634 Amending the Code for the City of Isanti, Chapter 233 Pawnshops Amending Article 13, Redemption Period**
    b. **Ordinance 635 Amending the Code for the City of Isanti, Chapter 233 Pawnshops Amending Article 14, Holding Period**

The Mayor noted that there had not been any issues as there is currently a great tracking system in place for redemption and holding periods. In review with the Chief of Police, there are no seen issues moving forward with the requested changes to the redemption and holding periods. The Mayor remarked that Joe Niles is a fantastic owner and there have been no issues at all with Northern Pawn.

Motion by Collison second by Bergley to approve Ordinance 634 and Ordinance 635 as presented. Motion carried unanimously

4. **Resolution 2016-080 Approving a Conditional Use Permit to Allow Outdoor Volleyball Courts at Wintergreen's Golf and Grill**

Motion by Lundeen second by Bergley to approve Resolution 2016-080 as presented. Motion carried unanimously

Subject: A Resolution Approving a Special Event Request for a Run/Walk for the Isanti Intermediate School and School for All Seasons

---

Background

The City received a special event application from Jesse Jennisen, on behalf of the Isanti Intermediate School and School for All Seasons. The group is looking to sponsor a run/walk event to be held on Saturday, October 8, 2016. The event would take place from 7:30 a.m. to 11:30 a.m. There will be a 5k as well as a 1 mile walk/run, which is open to participants of all ages. Those participants under 18 must have a parent or guardian present. All 1 mile and 5k participants would pay a fee. The money that is raised from the event will help cover the costs of the race as well as create a scholarship fund for graduating Cambridge-Isanti High School Students.

Youth games and food will be made available on the school site. Some music will be provided by a DJ for the event, but will not be playing loudly. Parking for the event would be in the parking lot located at the Intermediate School. Restroom facilities will be located within the school. Signs will be placed on the school's property. In addition, chalk or washable paint will be used on the roadways to mark the routes. The estimated number of people in attendance is 150-200.

Maps have been provided, which show the routes to be used for the events. The group has requested assistance with the event for fire, security, and EMS. They have not requested a road closure, but have requested that the police are present to assist with crossing runners on Heritage Blvd NE and 8th Ave NE from about 9 a.m. to 10:20 a.m. Volunteers and school staff will aid with clean-up after the event is completed. The applicant is requesting the clean-up and temporary sign permit fee be waived.

A copy of the application and department approval has been attached for City Council review.

Staff Request

City staff is requesting action on this item.

Hello,

I have received another special event permit application. This one is for the Isanti Intermediate and School For All Seasons 5K in the fall. This year the event is on October 8th, and the school is requesting that PD help with traffic crossing CR 5 and 8th Ave and that Isanti Fire be present at the event to assist with safety. It looks like the event is the same as it was in years past. Please review the attached application and race maps and respond with your approval, disapproval, or any changes you would like to see. I would like to put this to Council on April 5th, so need all signatures by Wednesday, March 30th.

Thank you,

Subject: Special Event Permit

Hello,

I have received another special event permit application. This one is for the Isanti Intermediate and School For All Seasons 5K in the fall. This year the event is on October 8th, and the school is requesting that PD help with traffic crossing CR 5 and 8th Ave and that Isanti Fire be present at the event to assist with safety. It looks like the event is the same as it was in years past. Please review the attached application and race maps and respond with your approval, disapproval, or any changes you would like to see. I would like to put this to Council on April 5th, so need all signatures by Wednesday, March 30th.

Thank you,

To property owners along 8th Ave, 9th Ave, and Marion St. SE:

On Saturday, October 8th, Isanti Intermediate School and School for All Seasons will be hosting a running and walking event. Participants in this event will be using the sidewalk and possibly some of the road near your property. The race begins at 9AM and the entrance of 8th Ave to this neighborhood will be congested with runners and walkers for the duration of the race (about 1 hour). If you are driving during this time please consider exiting on the south end of the neighborhood. This event could have people in the school area from 8AM to 11:30PM. If you have any questions about the Bluejacket run/walk please contact Jesse (763-245-6159) the event coordinator or Mark (763-552-8801) building administrator. Thank you for your cooperation with the fifth annual Bluejacket Run/Walk!

Subject: Special Event Request – Cambridge Isanti Soccer Club hosting the Kohl's American Cup Soccer Tournament

---

Background
The City received a special event application from the Cambridge-Isanti Soccer Club for the Kohl's American Cup to be held at the Isanti Soccer Complex on June 11, 2016 from 7:00 am to 8:00pm.

The estimated number of people to be in attendance is around 8,500 players, coaches, staff, and spectators. Primary parking for the event will occur at the soccer complex. The applicant states that the soccer complex parking will be adequate, but as with previous events the use of Bluebird Park for overflow will be permitted. Additional restroom facilities (14 units) will be brought in for the event by Jimmy's Johnnies. Volunteer medics will be on site for the event. Clean-up will be provided by volunteers through the Cambridge-Isanti Soccer Club. They have submitted the necessary event map, clean up deposit fee, and a copy of their Liability Insurance.

A copy of the application and departmental review has been attached for City Council review.

Staff Request
City staff is requesting action on this item.

Hello,

It's special event permit season! Attached is the information for the CI Soccer Club Kohl's American Cup tournament. They hosted this event last year, and the information is all the same. The event is scheduled for June 11 this year with 8500 estimated attendance. They have not made any requests from PD or Fire for this event. Parking should be contained within the complex lots, but Bluebird might be used for overflow.

Please respond with your approval, disapproval, or any comments for this permit.

Subject: Special Event Requests – BMX Events to include: Land O Lakes National Event, State Championship Race and Olympic Day, Minnesota State Finals, and October race/scholarship event

---

Background

The City has received four (4) separate applications for upcoming special events planned for the Rum River BMX Association. Each event has been outlined below.

Land O Lakes National Event

The group will be hosting the Land O Lakes National Event on May 13th from 12:00 to 8:00 pm, May 14th from 7:00 am – 6:00 pm, and May 15th from 6:00 am to 2:00 pm. The estimated number of individuals in attendance is 4000-6000 total over three days. Restroom facilities will be provided by the Association for the event and the organization would be responsible for clean-up of the outside areas. The standard public addressing system would be used throughout the event. Parking will occur in the on-site lot and overflow lot, the group is requesting permission to park in the grass south of the building and east of the building. The Association is requesting that Isanti Parkway be closed from the railroad tracks to the Skate Park on Saturday and Sunday from 7:00 am to 5:00 pm.

State Championship Race and Olympic Day

The group will be hosting the State Championship Race and Olympic Day on Saturday June 25 from 8:00 am to 5:00 pm and Sunday June 26th from 9:00 am to 5:00 pm. The estimated number of individuals in attendance is 2000 total over two days. Restroom facilities will be provided by the Association for the event and the organization would be responsible for clean-up of the outside areas. The standard public addressing system would be used throughout the event. Parking will occur in the on-site lot and overflow lot, the group is requesting permission to park in the grass south of the building and east of the building.

MN State BMX Finals

The group will be hosting the MN State BMX Finals on Friday, August 26th from 6:00 to 10:00 pm, Saturday, August 27th from 8:00 am to 5:00 pm and Sunday August 28thfrom 7:00 am to 5:00 pm. The estimated number of individuals in attendance is 2500-3000 total over three days. Portable restroom facilities will be provided by the Association for the event and the organization would be responsible for clean-up of the outside areas. The standard public addressing system would be used throughout the event. Parking

would be provided on site, in Bluebird Park lots as well as in the field adjacent to the track. The Association is not requesting that any roads be closed.

Double Point BMX Racing Event

The group will be hosting the double point BMX racing event and college scholarship fundraiser on October 29th from 10:00 am to 10:00 pm, and on October 30th from 10:00 am to 5:00 pm. The estimated number of individuals in attendance is 1500-2000 over two days. Portable restroom facilities will be provided by the Association for the event and the organization would be responsible for clean-up of the outside areas. The standard public addressing system would be used throughout the event. Parking will be provided in lot on site, with overflow parking in Bluebird Park lots, and the Association is asking that parking be allowed in the fields to the south and east of the facility. The Association is not requesting that any roads be closed.

Camping Request

The group is requesting to allow overnight camping for those participating at each of these events. They have requested to have camping on their grounds and former Vision Wake grounds.

Staff Request

The special event application forms and resolutions for each of these events have been provided within the packet for Council review and approval. Department head approvals have also been provided for each event. City staff is requesting action on this item.

WHEREAS, the event is scheduled to take place on Friday, May 13 from 12:00 to 8:00 p.m., Saturday, May 14 from 7:00 am to 6:00 pm, and Sunday, May 15 from 6:00 am to 2:00 pm at the Isanti Indoor Arena located at 101 Isanti Parkway NW; and,

WHEREAS, the estimated number of people to be in attendance over that time period is 4000-6000; and,

WHEREAS, the applicant would be required to provide additional portable restroom facilities for the event, in which the applicant will be contacting its current supplier to do so prior to the event; and,

WHEREAS, parking for volunteers, spectators, and participants will be at the Isanti Indoor Arena parking lot with overflow at Bluebird Park parking lots, and the fields behind the facility; and,

WHEREAS, the application submittal does require a $100 clean-up deposit fee, which would need to be waived by the City Council; and,

WHEREAS, the applicant has requested that camping be permitted (no fires would be permitted) from Thursday night to Monday morning; and,

WHEREAS, the applicant has requested that Isanti Parkway be closed from the railroad tracks to the facility, and Public Works may provide barricades and detour signs, but it is the responsibility of the association to put them out each day;

NOW, THEREFORE, IT IS HEREBY RESOLVED by the City Council of the City Of Isanti, Minnesota to hereby approve the special event request with the following conditions:

- Primary parking for volunteers, spectators, and participants will be on the Isanti Indoor Arena lot, with overflow parking within Bluebird Park parking lots and in the grass behind the building.
- Camping is permitted only on the Isanti Indoor Arena and former Vision Wake grounds, provided no fires are allowed.
- The requested road closure is permitted with barricades and detour signs provided by Public Works and placed by Rum River BMX from 7:00 am to 5:00 pm on Saturday and 7:00 am until one hour after racing ends Sunday.

AND FURTHERMORE, IT IS HEREBY RESOLVED by the City Council of the City of Isanti, Minnesota that this Resolution is hereby the "Permit" for the above stated Special Event.

This resolution was duly adopted by the Isanti City Council this 5th day of April 2016.

Hello,

RESOLUTION NO. 2016-XXX

K.3.c.

RESOLUTION APPROVING A SPECIAL EVENT APPLICATION FOR THE MN STATE BMX FINALS

WHEREAS, Kevin Riedemann, on behalf of the Rum River BMX Association, has submitted a Special Event application requesting approval to host the Minnesota State BMX Finals; and,

WHEREAS, the event is scheduled to take place on Friday, August 26th from 6:00 to 10:00 pm, Saturday, August 27th from 8:00 a.m. to 5:00 p.m. and Sunday, August 28th from 7:00 a.m. to 5:00 p.m. at the Rum River BMX Track located at 101 Isanti Parkway NW; and,

WHEREAS, the estimated number of people to be in attendance over that time period is 2500-3000; and,

WHEREAS, the applicant would be required to provide additional portable restroom facilities for the event, in which the applicant will be contacting its current supplier to do so prior to the event; and,

WHEREAS, parking for volunteers, spectators, and participants will be at the Isanti Indoor Arena parking lot with overflow at Bluebird Park parking lots and the fields behind the facility; and,

WHEREAS, the application submittal does require a $100 clean-up deposit fee, which would need to be waived by the City Council; and,

WHEREAS, the applicant has requested that camping be permitted (no fires would be permitted) on the evenings of Friday, August 26th, Saturday, August 27th, and Sunday 28th;

NOW, THEREFORE, IT IS HEREBY RESOLVED by the City Council of the City Of Isanti, Minnesota to hereby approve the special event request with the following conditions:

- Primary parking for volunteers, spectators, and participants will be on the Isanti Indoor Arena lot with overflow parking within Bluebird Park parking lots and on the fields behind the building. No parking is allowed on Public Works grounds.
- Camping is permitted only on the Isanti Indoor Arena and former Vision Wake grounds, provided no fires are allowed. No camping is allowed on Public Works grounds.

AND FURTHERMORE, IT IS HEREBY RESOLVED by the City Council of the City of Isanti, Minnesota that this Resolution is hereby the "Permit" for the above stated Special Event.

This resolution was duly adopted by the Isanti City Council this 5th day of April 2016.

Hello Al,

Please review the attached special event permits from Rum River BMX. The biggest thing for you to note is that the Land O Lakes National includes closing Isanti Parkway from the tracks to the facility.

They are requesting camping for all of these events, and have a pretty large turnout expected especially for the National event.

Subject: FW: Special events permits submitted for consideration

Hello Al,

Please review the attached special event permits from Rum River BMX. The biggest thing for you to note is that the Land O Lakes National includes closing Isanti Parkway from the tracks to the facility.

They are requesting camping for all of these events, and have a pretty large turnout expected especially for the National event.

Subject: Consider Resolutions to Accept Bids for River Bluff Preserve Park Improvements for Parking Lot, Water Line and Trail & Stairway

---

Background:

At the January 19, 2016 City Council Meeting, Council approved development of River Bluff Preserve Park (38-Acre Parkland) to include walking trails, parking lot, fishing access and a community garden. Bids have been received for parking lot, trail & stairway and community garden irrigation water line. Funding was established at that time to be an interfund loan from the General Fund Fund to the Park Dedication Fund, of which to be repaid as the Park Dedication Fund was replenished with City development. The bid for the trail and stairway came in higher than was initially proposed to Council and ultimately budgeted. Staff is requesting an interfund loan to fulfill the development after residual funds from the water line, parking lot and general contingency funds are used which would be $27,971.92; also to be repaid as the Park Dedication Fund is replenished by development in the City.

Parking Lot:

Three bids have been received:

Bidder Name	Total Amount
Prefer Paving & Ready Mix Inc.	$29,950.00
Dirtworks, Inc.	$56,043.00
Knife River	$62,628.50

The lowest bidding contractor's bid is attached.

Community Garden Irrigation Water Line:

One bid was received:

Bidder Name	Total Amount
MJL Contracting, Inc.	$3,800.00

The contractor's bid is attached.

Trail & Stairway:

Two bids have been received:

Bidder Name	Total Amount
G. L. Contracting Inc.	$50,176.00
Dirtworks, Inc.	$80,350.00

The lowest bidding contractor's bid is attached.

Staff Request:
Consider approving the bids for the parking lot, water line and trails and stairway as development of the River Bluff Preserve Park. As part of approving the bid for the trails and stairway, the resolution includes approval of an interfund loan in the amount of $27,971.92 to be repaid to the General Fund Fund from the Park Dedication Fund.

Subject: Promote Public Services Director to Public Services Director/ Assistant City Administrator

---

The City of Isanti has been without an Assistant City Administrator since previous Finance Director/ Assistant City Administrator Cotton's resignation. Human Resources/ City Clerk Henning had helped and became the point of contact in the City Administrator's absence since Cotton's resignation, however, now with Henning's resignation there is a need for a new point of contact when the City Administrator is out of the office, and there is a need for additional duties of an Assistant City Administrator to be taken on.

The Personnel Committee has reviewed this matter the recommends promoting Public Services Director Josi Wood into the Assistant City Administrator role.

Attached for Council review and approval is an amended job description for the Public Services Director/ Assistant City Administrator position, a revised pay range, and point total.

RESOLUTION NO. 2016-XXX

RESOLUTION PROMOTING PUBLIC SERVICES DIRECTOR JOSI WOOD TO PUBLIC SERVICES DIRECTOR/ ASSISTANT CITY ADMINISTRATOR AND APPROVING AN AMENDED JOB DESCRIPTION, PAY RANGE, AND POINTS

WHEREAS, the City is in need of an Assistant City Administrator; and

WHEREAS, the Personnel Committee reviewed this matter and recommends promoting Public Services Director Wood to be the Public Services Director/ Assistant City Administrator; and

WHEREAS, the Personnel Committee also recommends the amended job description, pay range and points as attached.

NOW THEREFORE BE IT RESOLVED BY THE CITY COUNCIL OF THE CITY OF ISANTI, MINNESOTA AS FOLLOWS:

MEMO

To: **Mayor and City Council**

From: Karissa Henning, Human Resources/ City Clerk

Date: April 5, 2016

Subject: Expediting the Hiring Process for New Employees

The typical hiring process for new employees is to bring before the City Council a candidate recommended for hire with a full background and reference checks complete, along with any additional screening necessary such as psychological evaluations, physical fitness tests, drug and alcohol tests, etc.

In waiting until a recommended new hire candidate has passed all proper screenings and backgrounds, by the time it is ready to go before Council, there may be a week or two of lag time before the hiring recommendation actually goes before Council for final approval due to the City Council only meeting twice a month.

Personnel Committee Review
In order to expedite the hiring process and get new employees onboard and working sooner, the Personnel Committee recommends that all new hires that are brought before the City Council as soon as a hiring recommendation is made with the contingency of the applicants approval for the hire being based on the passing of any screenings necessary, a successful background and reference check, and the Personnel Committee's final approval.

Council Action
Approve the attached: Resolution Authorizing Hiring Recommendations to go Before Council Prior to the Completion of Background and Reference Checks

RESOLUTION NO. 2016-XXX

A RESOLUTION AUTHORIZING HIRING RECOMMENDATIONS TO GO BEFORE COUNCIL PRIOR TO THE COMPLETION OF BACKGROUND AND REFERENCE CHECKS

WHEREAS, the typical hiring process for new employees is to bring before the City Council a candidate recommended for hire with a full background and reference checks complete, along with any additional screening necessary such as psychological evaluations, physical fitness tests, drug and alcohol tests, etc.; and,

Subject: A Resolution Approving an Operating Agreement between the City of Isanti and the Cambridge-Isanti School District for the Use of River Bluff Preserve and the Community Garden

---

Background:
Staff from the Cambridge-Isanti School District have expressed interest in having access to areas of River Bluff Preserve for outdoor educational experiences. In cooperation with City of Isanti staff, one acre of the upper portion of River Bluff Preserve has been designated for use by the Cambridge-Isanti School District for long term native planting experiments. In addition, a 40'x50' section of the Community Garden has been reserved for the school district's use.

In order to ensure the best interests of both sides are maintained, an Operating Agreement has been written. The agreement has been reviewed by DOAC and the City Attorney. Upon City Council approval of the agreement, it will be brought to the Cambridge-Isanti School District for approval. Once all parties have approved and signed the agreement, school activities may begin pending development of the park.

Staff Request:
Staff is requesting City Council to approve the Operating Agreement between the City of Isanti and the Cambridge-Isanti School District for the Use of River Bluff Preserve and the Community Garden.

OPERATING AGREEMENT FOR THE USE OF RIVER BLUFF PRESERVE AND COMMUNITY GARDEN BY CAMBRIDGE-ISANTI SCHOOL DISTRICT

Intent

It is the intent of this Operating Agreement for the City of Isanti and the Cambridge-Isanti School District to establish an understanding of both the City's and the District's respective responsibilities with regards to the operation, use, and maintenance of portions of River Bluff Preserve and the Isanti Community Garden. This agreement may be amended from time to time by the action of the Isanti City Council. The City of Isanti shall make its best efforts to notify the Cambridge-Isanti School District staff whenever this policy is discussed in the future. The City of Isanti may terminate this agreement with 3 months' written notice. Upon termination of this agreement, the school district agrees to return the one acre plot to its native condition and- to incur all costs associated with its restoration.

Hours of Use

The Cambridge-Isanti School District will access the park during normal park hours. The hours for River Bluff Preserve are 7 am to 10 pm; however, all activities in the Community Garden shall occur only between dawn and dusk.

Community Use

Community members will have access to all areas in River Bluff Preserve, and Community Garden renters will have access to the entire garden. While public access to designated school areas will not be restricted, signage may be used to educate visitors and discourage disturbances to ongoing projects.

City Of Isanti

1. The City of Isanti agrees to designate one (1) square acre of River Bluff Preserve and one 40'x50' segment of the Community Garden for the Cambridge-Isanti School District use free of charge. The Cambridge-Isanti School District shall provide liability insurance covering all school activities on the River Bluff Preserve and Community Garden sites.
2. The City authorizes the Cambridge-Isanti School Districted to use these spaces for educational purposes as long as the use of the property follows the regulations set under the MN DNR Wild and Scenic River Easement Area, and the properties are maintained to City standards.
3. The City authorizes and directs City staff to work with the Cambridge-Isanti School District in order to resolve any minor issues that may arise after this Agreement has been approved and signed, providing the resolution to such issues do not violate the intent of this Agreement.
4. The City will provide access to city water suitable for use in the community garden; water may be used to establish experimental prairie plantings in the one acre plot as is reasonably necessary.

5. When the City becomes aware of grant opportunities, the City shall forward those opportunities along to the Cambridge-Isanti School District. The City agrees to provide letters of support to the Cambridge-Isanti School District for such grant opportunities.
6. The City's commitments as described in this agreement, are subject to the condition that the Cambridge-Isanti School District provides adequate evidence satisfactory to the City that it is able to cover all operating expenses and any future projects in accordance with all terms and conditions herein agreed upon.

Cambridge-Isanti School District

1. The Cambridge-Isanti School District agrees to pay the full cost for any engineering or legal work that may be required in the future, except for that which is customarily the City's responsibility, and except as otherwise specifically provided for within this agreement.
2. The Cambridge-Isanti School District shall not incur any debt to which the City would be held liable for and will not charge the City of Isanti for any improvements in the event that the Cambridge-Isanti School District should find itself unable to maintain either the community garden or one acre plot.
3. The Cambridge-Isanti School District is responsible for all costs associated with educational activities on site, including but not limited to: seeds, plants, temporary trellises, signage, etc.
4. The Cambridge-Isanti School District agrees to use the site responsibly and to comply with regulations set under the MN DNR Wild and Scenic River Easement Area including not using chemical fertilizers and pesticides or building any permanent structures within the park boundaries.
5. The Cambridge-Isanti School District shall provide an accounting system, in which to track all expenditures and revenues to comply with any past, current, or future grant agreements.
6. The Cambridge-Isanti School District agrees to pay for any further site preparation costs necessary to make the site amenable to educational activities.
7. The Cambridge-Isanti School District agrees to schedule a meeting with the City of Isanti annually to review the Operating Policy in its entirety.

Maintenance

The Cambridge-Isanti School District is responsible for the maintenance of the one acre plot in River Bluff Preserve; should the District determine it is unable or unwilling to care for the one acre plot, or should the City of Isanti elect to terminate this operating agreement, the Cambridge-Isanti School District shall be responsible for the costs associated with restoring the acre to levels deemed acceptable by the City of Isanti.

The Cambridge-Isanti School District is expected to maintain its segment of the Community Garden to the standards held for all renters. The City of Isanti will construct a fence, provide water access, and till the soil each spring and fall. Any desire to plant perennials will be submitted in writing to the City of Isanti; if none are received the plot will be tilled under at the same time as the regular rental plots in the fall.

Subject: Purchase of a Server for the Finance Department

Currently, the City of Isanti, City Hall, only has one server that all departments share. However, the software that the Finance Department uses alone is quite extravagant and does take up quite a bit of space on the current server. This slows down the speed and performance of the current software being used by the Finance Department, and also affects the speed of the server as a whole; and therefore, other departments as well.

The Finance Department was approved to implement a new software suite, which is anticipated to take up even more space on the City's server. There are great concerns from City staff and IT regarding this. It is recommended by the City's IT Consultant that a new server be purchased solely for the use of the Finance Department. All Finance Department software suites would be transitioned to the new server. The remaining City Hall departments would share the current (main) server. In doing this transition, it is anticipated that the Finance Department would see increased speed in their software - and other departments as well.

Finance Committee Approval
The Finance Committee has reviewed this matter and recommends the purchase of a new server for the Finance Department.

Three quotes were received; the lowest quote is from TR Computer Sales for a Dell server in the amount of $10,981.00 and is recommended by Finance Committee for approval.

Council Action

- Approve the attached resolution: Approving the Purchase of a Server for the Finance Department

RESOLUTION NO. 2016-

A RESOLUTION APPROVING THE PURCHASE OF A SERVER FOR THE FINANCE DEPARTMENT

WHEREAS, currently, the City of Isanti, City Hall, only has one server that all departments share; and,

WHEREAS, the software that the Finance Department uses alone is quite extravagant and takes up quite a bit of space on the current server; and,

WHEREAS, this slows down the speed and performance of the current software being used by the Finance Department, and also affects the speed of the server as a whole (and therefore, other departments as well); and,

WHEREAS, the Finance Department was approved to implement a new software suite, which is anticipated to take up even more space on the City's server; and,

WHEREAS, there are great concerns from City staff and IT regarding this and it is recommended to purchase a new server, solely for the Finance Department; and,

WHEREAS, the Finance Committee has reviewed this matter and recommends the purchase of a new server solely for the Finance Department; and,

WHEREAS, three quotes were received and the lowest quote was by TR Computer sales for a dell server.

NOW, THEREFORE, BE IT RESOLVED by the City Council of the City of Isanti, Minnesota to hereby approve:

1. The attached quote by TR Computer Sales for a Dell Server for the Finance Department in the amount of $10,981.00.
2. Any labor costs needed to install the server for the Finance Department.

Adopted by the Isanti City Council this 5th day of April, 2016.

To: **Mayor and City Council**
From: Karissa Henning, Human Resources/ City Clerk
Date: April 5, 2016
Subject: Computer Replacement Purchase for Employees

The 2016 budget had five computers placed in for replacement, however with changes in the organization and additional staffing added throughout the 2014-2015 year, a sixth computer replacement is also needed.

In review of multiple computer options and quotes, the below is recommended for purchase and is the lowest cost option.

1 Fast Laptop, Docking Station, and Microsoft Office Pro - Parks
1 Fast Desktop, Microsoft Office H& B - Accounting
2 Regular Laptops, Docking Stations, and Microsoft H &B - CDD and HR
2 Desktops and Microsoft H & B - PW and Admin Data Clerk

- Two screens for each computer

Total Cost: $8,453.40
*Please note that the computer purchase costs do not include labor and assistance from IT in setting computers up for employees.

The 2016 budget had $6,000 placed in for the replacement of five computers. However, two computers were found to be more expensive than anticipated, and a sixth computer needs to be replaced. The two computers that were more expensive than anticipated are Community Events and Parks Coordinator and Accounting Clerk computers. The reason they are more expensive is because they need faster processing systems for the complex software programs they are using.

Two screens are being requested per computer because employees are printing less and using their computers more to review and edit documents. Two screens allow employees to compare and work on documents side by side without having to print them out. There have been employee requests about having two screens with their next computer. Employees who received their computer replacements last year, received two screens, and it is recommended to continue purchasing employees two computer screens moving forward.

Finance Committee Review
The Finance Committee has reviewed this matter and recommends the above computer purchase.

Council Action
Approve the above computer purchase and the attached quote from CDWG in the amount of $8,453.40.

RESOLUTION NO. 2016-

A RESOLUTION APPROVING THE PURCHASE OF EMPLOYEE REPLACEMENT COMPUTERS

WHEREAS, five employee computers were budgeted for replacement in 2016; and,

WHEREAS, due to changes in the organization and additional staffing added throughout the 2014-2015 year, a sixth employee computer needs to be replaced; and,

WHEREAS, quotes were received for six employee computer replacements; and,

WHEREAS, the attached quote from CDWG is the lowest cost option for the employee computer replacement purchase; and,

WHEREAS, the Finance Committee has reviewed this and recommends approval of the attached quote from CDWG for the employee computer replacement purchase.

NOW, THEREFORE, BE IT RESOLVED by the City Council of the City of Isanti, Minnesota to hereby approve:

1. The attached quote by CDWG in the amount of $8,453.40 for the employee computer replacement purchase.
2. Any labor costs needed to install the new computers for employees.

CITY OF ISANTI
PARKS, RECREATION, AND CULTURE BOARD
MEETING MINUTES
February 23, 2016
City Council Chambers

1. Meeting Opening.

A. Call to Order.
Zdon called the meeting to order at 6:02 p.m.

B. Pledge of Allegiance.
Everyone stood for the Pledge of Allegiance.

C. Roll Call.

Members Present:	Jennifer Garvey, Mayor Wimmer, and Aaron Zdon
Members Absent:	Jamie Bergwick (Gave Prior Notice)
Staff Present:	Josi Wood, Public Services Director

D. Agenda Modifications.
Zdon asked if there were any agenda modifications. There were none.

Motion by Garvey, second by Wimmer to approve the February 23rd 2016 Parks, Recreation, and Culture Board Agenda. Motion was unanimously approved.

2. Approval of Minutes from January 26, 2016 Parks, Recreation and Culture Board Meeting.

Motion by Wimmer. Second by Garvey. Vote was unanimously approved.

3. Tot Lot Equipment Discussion

Wood stated that the bottom slide portion of the Tot Lot Slide had been identified by the Subcommittee to be addressed with a new piece as prioritized item #2 on the replacement list. Wood stated as she had mentioned previously, the equipment was approximately 17 years old and the exact slide piece was not available but the playground representative had found a comparable piece that should work. Wood stated the piece was ordered but staff found that it would not work with the line up of the holes and the new piece was ¾ inches larger than the old. Wood stated she did ask the playground representative an estimate for the remainder of the slide. He was going on vacation but gave a rough estimate of $3700.00. He would get a more accurate number when he returns in a week. Wood stated she had other discount playground equipment to review by the Board because it may not be cost effective to purchase a new slide when there are other equipment pieces broken and more would probably come as the equipment continues to age.

Zdon asked if we would get a credit.

Wood stated the rep didn't know at that time. Wood stated later she would work to get a credit towards other items we purchase through them.

Other discussion on the return and why the equipment would not work and the playground company.

Wimmer asked how much was set aside for park equipment.

Wood stated $10,000 [staff stated that incorrectly, the number allotted for park equipment reserves in the 2016 budget was $7500.00].
Wimmer stated it would be approximately 40% of the total funds for one slide.

Discussion was held on whether the slide was a safety hazard. It was determined that it was not. Also, there was discussion on the sale price full sets of equipment in comparison.

The Board asked to get more information brought back to the next meeting.

4. Compost Site Discussion

Wood stated the compost site potential hours will go to Council next Wednesday. Also to have an attendant staff the site. All of the funds to reopen the site was approved in the 2016 budget.

Zdon asked if we would be hiring someone to do this.

Wood stated yes. That is going to Council as well. Wood described how the hours and days would work out under the Union contract.

Garvey asked if we have questions on the hours we should go to Council.

Wood stated yes.

5. Updates

Street Dances

Wood stated that the street dance dates are in place. The city has the backup venue for July and August at the Isanti Indoor Arena. The RR BMX has races the full weekend during the street dance date in June.

PRC Marketing

Wood stated that staff had been working hard to promote and market the many PRC programs and events the city has to offer. These include PRC Parks Brochure, Many Faces City Article Portion, STEAM, and Community Education Brochure. Wood explained the different marketing opportunities.

Community Garden

Wood stated the community garden is moving right along. Staff is waiting for more of the ground to thaw. Registration for plots was open effective February 9th. Please direct people to contact Katie Everett to register and choose their plots or they can also get the information off the City website or right at the front desk at City Hall.

Garvey asked if we had someone register already.

Wood stated yes.

River Bluff Preserve Park

Wood stated the name was approved by Council for the 38-acre parkland. Staff met with the DNR to discuss putting up signage to help control the intrusion of 4-wheelers and snowmobiles on their land. Staff also has signs and posts they will put up come spring.

Wimmer stated we are having quite a few more. Last he saw was 5 ATV and a few extra people below drinking beer. We will install the bollards to help prevent. Wimmer stated its getting more. He spoke with Chief about it. He stated since the licensing of the ATV we are seeing more. Wimmer stated we will start putting out on the licenses that if they break any of these rules, they will lose their license. PD

said they are seeing more ATVs trespassing and going on private property because we are allowing them to use the road.

Wimmer wanted to share with the Allina clinic coming in, they are eager to invest in the City and have funding and grant opportunities available.

Wimmer began discussion on the open member seat and youth/student seat that are still open and encouraged the Board to share that they should share with others and have them send in an application.

6. Adjournment

Motion by Wimmer, second by Garvey to adjourn the February 23, 2016 meeting of the Parks, Recreation, and Culture Board. Motion was approved.

The meeting adjourned at 6:20 p.m.

Dated at Isanti, Minnesota this 23rd day of February, 2016.

Respectfully submitted,

From: Chief Gene C. Hill
Date: March 18, 2016
Subject: Interview Room Video / Audio Camera System

Background:

The police department has an interview room that is in need of a video / audio recording system. It is mandate by statute that we record all criminal juvenile interviews. The courts and defense attorneys are also requesting video copies of the interview to dispel coerciveness of the interview. I have attached a quote from our buildings phone service provider and the estimate is attached.

This was discussed as a 2016 Capital Outlay Request Project. The Finance Committee has reviewed this project and recommended this be brought to the Council for review and consideration. The funding for this project would be from forfeiture funds.

Action:

I would request that the City Council review, discuss and approve this project.

Thank you for your consideration
Chief Gene C. Hill

RESOLUTION NO. 2016-

A RESOLUTION AUTHORIZING THE CHIEF OF POLICE TO MOVE FORWARD WITH THE PURCHASE AND INSTALLATION OF THE INTERVIEW ROOM VIDEO AND AUDIO RECORDING SYSTEM

WHEREAS, the Police Department has an interview room that is in need of a audio / video recording system, and;

WHEREAS, the state statute mandates certain crimes and instances where such a recording is required, and;

WHEREAS, this was a 2016 Capital Project and was reviewed by the Finance Committee, and;

WHEREAS, the City Council authorizes it Chief of Police to work from the bid provided by Dennison Technology Group, the department's current phone vendor, and;

NOW, THEREFORE, IT IS HEREBY RESOLVED by the City Council of the City of Isanti, Minnesota as follows:

1. That the City Council authorizes the Chief of Police to move forward with the bid to purchase and have installed the interview room video / audio recording system.
2. That the funding source would be from the police department forfeiture fund.

Adopted by the Isanti City Council this 5th day of April, 2016.

Subject: Sale of Seized / Forfeited Weapons and Two Purchase Two New Shotguns

---

Background:

The finance committee has review and recommends the sale of the current seized / forfeited weapons. The choice of using a FL dealer was determined to prevent the city from having to perform background checks and removes most of all liability.

Two quotes were received, one from S.H.R. Sales of Isanti and from Gunmasters of Princeton, Mn. The quotes are attached and S.H.R. Sales had the highest quote. This quote price would be held as a credit at the store in order to purchase two (2) replacement modernized shotguns for the department. The department firearms instructors and our range master have selected the Kel-Tec KSG shotgun to fit the department's needs now and into the future in regards to fit requirements for its wide range in stature of its officers. The reason this weapon fits those needs is because of the 'bull-pup' design of the weapon, making it shorter than a traditional shotgun.

The shotgun would be purchased at wholesale pricing and the inclusion of night sights, adjustable down grip handle and sling would bring the total of each weapon to approximately $1,100.00. I am requesting that we purchase two of these weapons, one will be completely covered by the credit of the sale of the weapons and the other would be funded entirely from the forfeiture fund.

Action:

For the City Council to authorize its Chief of Police to move forward with the sale of the seized / forfeited weapons and to use those proceeds to purchase two (2) outfitted modern police shotguns.

Thank you for your consideration
Chief Gene C. Hil

RESOLUTION NO. 2016-

A RESOLUTION AUTHORIZING THE SALE OF SEIZED / FORFEITED FIREARMS HELD BY THE POLICE DEPARTMENT TO S.H.R. SALES AND TO PURCHASE NEW MODERN SHOTGUNS.

WHEREAS, the Police Department has seized / forfeited handguns and longuns during the lawful course of police work, and;

WHEREAS, in the public interest, it is best to sell these items to a federally licensed firearm's dealer, and;

WHEREAS, two quotes were provided to the City from S.H.R. Sales of Isanti and Gunmaster's of Princeton, with the higher quote from S.H.R. Sales of Isanti, and;

WHEREAS, the quote price will be held by S.H.R. Sales as a store credit and be used towards the purchase of two (2) Kel-Tec KSG modern shotguns to upgrade and be mounted for use within its police cars, and;

WHEREAS, the remaining balance of the purchase will be funded through the police department's forfeiture fund, and;

NOW, THEREFORE, IT IS HEREBY RESOLVED by the City Council of the City of Isanti, Minnesota as follows:

1. That the City Council authorizes the Chief of Police to sell the seized / forfeited weapons as outlined in the attached list to S.H.R. Sales.
2. To use this quote price as a store credit in order to purchase and outfit the two (2) new weapons for official purposes

The KSG is our first entry into the shotgun market. The size, shape and design are similar to the currently available Kel-Tec RFB rifle, but the KSG ejects downward, instead of forward. The KSG weighs 6.9lbs and is as compact as legally possible with a 26.1" overall length and an 18.5" cylinder bore barrel. Even with this compact size, the internal dual tube magazines hold an impressive 6 rounds of 12 gage 3" shells each, for a total capacity of 6+6+1 (7 per tube if using 2-3/4" shells). The simple and reliable pump action feeds from either the left or right tube. The feed side is manually selected by a lever located behind the trigger guard. The lever can be positioned in the center detent in order to easily clear the chamber without feeding another round from either magazine. A cross bolt style safety blocks the sear, and the pump release lever is located in front of the trigger guard.

The pump includes an under Picatinny rail for the mounting of a forward grip, or a light or laser. The included top Picatinny sight rail will accept many types of optics or iron sights. Forward and rear sling loops are built in, and a basic sling is included. The soft rubber butt pad helps to tame recoil.

Subject: New Squad Computer

Background:

The FBI has made recent security changes that affect how we within the Isanti Police Department access criminal justice files that are maintained by the federal government. Microsoft no longer supports Windows XP…meaning there are no further updates for the security of the system. The FBI no longer allows computers with this system to be used for accessing criminal justice information.

I had intended refurbishing a Panasonic ToughBook CF-30 computer that we already have in service; however, the current hardware will not support Windows 7 Professional. I was advised that we just need to purchase a new computer. I had budgeted $1,500.00 to have the computer refurbished. A new computer will cost approximately $3,600.00 as outlined within the current State Contract Pricing through the Minnesota materials Management Division contracts in which we are a cooperative purchasing member.

The extra cost to purchase this computer would come from existing forfeiture funds.

Action:

The Finance Committee has reviewed this expenditure and recommended to move forward with City Council review and consideration in purchasing the new computer.

Respectfully,

Chief Gene C. Hill

RESOLUTION NO. 2016-_____

A RESOLUTION AUTHORIZING THE PURCHASE OF A NEW PANASONIC TOUGHBOOK CF-31 COMPUTER FOR SQUAD

WHEREAS, the Police Department is required to follow the rules of the FBI in regards to criminal justice access via computers, and;

WHEREAS, the FBI no longer allows computers with Windows XP to access these criminal justice systems, and;

WHEREAS, the computer that was to be refurbished will not support the requirements of Windows 7 Professional, and;

WHEREAS, the use of state contract pricing was used to determine the purchase expense, and;

WHEREAS, the remaining balance of the purchase will be funded through the police department's forfeiture fund, and;

NOW, THEREFORE, IT IS HEREBY RESOLVED by the City Council of the City of Isanti, Minnesota as follows:

1. That the City Council authorizes the Chief of Police to purchase an new Panasonic ToughBook CF-31 Computer for the new squad car.

RESOLUTION NO. 2016-XXX

RESOLUTION OFFERING THE POSITION OF POLICE OFFICER TO BRIAN SABA

WHEREAS, the City Council of the City of Isanti is required to approve all new employees; and,

WHEREAS, the City Council of the City of Isanti approved to hire an additional Police Officer and to advertise to fill the position per resolution 2015-293; and,

WHEREAS, the Interviewing Panel selected Mr. Brian Saba as the most qualified candidate for the position; and,

WHEREAS, a successful background and criminal check, reference checks, alcohol and drug test and psychological evaluation have been completed on the candidate.

NOW THEREFORE BE IT RESOLVED BY THE CITY COUNCIL of the City of Isanti, Minnesota as follows:

1. That Human Resources is hereby directed to offer the Police Officer position to Mr. Brian Saba for the City of Isanti contingent upon receiving an acceptable physical fitness evaluation and any final paperwork needed.

MEMO

Request for City Council Action

To: **Mayor Wimmer and Council Members**

From: Chief Gene C. Hill
Date: March 21, 2016
Subject: Dept. Policy Language Updates

Background:

From time to time the police department's policy language needs to be updated based on statutory change from the Legislature. These changes are also governed statutorily by the MN. POST Board. In the attached policies, added language is highlighted and deleted language is also highlighted and stricken by a single line. These updates will make our departments policies compliant with Legislative changes.

Action:

I request that the City Council review, consider and approve the language changes so that the policies are language compliant statutorily.

Thank you for your consideration,

Chief Gene C. Hill

ISANTI POLICE DEPARTMENT
DEPARTMENT MANUAL
Domestic Abuse

EFFECTIVE DATE:
DATE OF ISSUANCE:
GENERAL ORDER: No. 171
RE-EVALUATION DATE: April 16, 1999

INTRODUCTION AND PURPOSE OF POLICY

Introduction:

The ~~Isanti County Law Enforcement Agencies (Isanti County Sheriffs Office, Braham Police Department, Cambridge Police Department, and~~ Isanti Police Department~~)~~ recognizes domestic abuse as a serious problem in today's society. This agency's policy is to protect victims of domestic abuse by making an arrest whenever it is authorized and by insuring its peace officers' complete understanding of the law governing this area.

Peace officers will utilize this policy in response to calls where there may be domestic abuse. This policy prescribes courses of action peace officers should take in response to a domestic call. The agencies will aggressively enforce these laws without bias and prejudice based on race, marital status, sexual orientation, social class, age, disability, gender, religion, creed, or natural origin.

Purpose:

The principal purpose of this policy is to establish guidelines and procedures to be followed by peace officers in law enforcement's response to domestic abuse. Additionally, this policy intends:

1. To prevent future incidents of domestic abuse by establishing arrest rather than mediation as the preferred law enforcement response to domestic abuse.

2. To afford maximum protection and support to victims of domestic abuse through a coordinated program of law enforcement and victim assistance.

3. To ensure that the same law enforcement services are available in domestic abuse cases that are available in other criminal cases.

4. To reaffirm peace officers' authority and responsibility to make arrest decisions in accordance with established probable cause standards.

5. To promote peace officer safety by ensuring that they are as fully prepared as possible to respond to domestic calls.

6. To complement and coordinate efforts with the development of domestic abuse prosecution plans, so that law enforcement, prosecution and advocacy will be more efficient and successful.

7. To promote law enforcement's accountability to the public in responding to domestic abuse.

8. To document allegations of domestic abuse so there can be meaningful prosecution and delivery of victim services.

DEFINITIONS

For purposes of this policy, the words and phrases in this section have the meanings given to them, unless another intention clearly appears.

Domestic Abuse means (1) physical harm, bodily injury, assault, or the infliction of fear of imminent physical harm, bodily injury or assault, between family or household members; or (2) terroristic threats (M.S. 609.713, subd. 1) or criminal sexual conduct in the first through fourth degree, committed against a family or household member by a family or household member (M.S. 518B.01, subd. 2(a)).

Domestic Abuse Program means a public or private intervention project or advocacy program that provides support and assistance to the victims of domestic abuse.

Child means a person under the age of 18.

Family or Household Members means spouses, former spouses, parents and children, persons related by blood, and persons who are presently residing together or who have resided together in the past, and persons who have a child in common regardless of whether they have been married or have lived together at any time, and persons involved in a significant romantic or sexual relationship. It also includes a man and woman if the woman is pregnant and the man is alleged to be the father, regardless of whether they have been married or have lived together at any time.

Domestic Call means a request for assistance to a law enforcement agency regarding domestic abuse or any other crime against a family or household member.

DISPATCHING THE CALLS

Receiving the Domestic Call:

Upon receiving a domestic call, the dispatcher will assign the call a high priority. The dispatcher should assign at least two officers to a domestic call. If only one officer is available, all reasonable attempts should be made to obtain another officer to assist the officer who is initially dispatched.

Information to be Obtained:

The dispatcher receiving a domestic call should attempt to elicit from the caller and should communicate to the responding peace officer as much of the following information as possible:

- The nature of the incident.
- The address of the incident, including apartment number, etc.
- The telephone number where the caller can be reached and all alternate telephone number.
- Whether weapons are involved or are present in the dwelling.
- Whether someone is injured and the nature of the injury.
- Information about the suspect including whether the suspect is present, description, direction of flight, mode of travel, etc.
- Relationship between the caller and the suspect.
- Whether there has been prior abuse or prior calls involving these individuals.
- Whether there is an order for protection.
- Whether children are present at the scene.
- Whether there are non-English speaking people or people with mobility impairments or hearing impairments at the scene.

If the caller is the victim, the dispatcher should attempt to keep the caller on the telephone as long as possible, should tell the caller that help is on the way, and inform the caller when the caller can expect the peace officers to arrive.

If the caller is a witness to an incident in progress, the dispatcher should attempt to keep the caller on the telephone and should relay ongoing information provided by the caller to the responding peace officer.

If the responding peace officers are some distance away, and the dispatcher cannot remain on the telephone with the caller/victim, the dispatcher should attempt to call back periodically to check on the progress of events and call again when the officers arrive at the scene. If the dispatcher finds that a caller/victim who was recently available suddenly cannot be reached by phone or there is a persistent busy signal, the dispatcher should relay that information to the responding officer.

RESPONDING TO THE CALLS

Driving to the Scene:

The peace officer should respond directly and without reasonable delay to the scene of a domestic call. The peace officer should take into consideration all information provided by dispatch in determining speed of travel.

Initial Contact with Occupants:

Upon arriving at the scene of a domestic call and being met, the responding peace officers should identify themselves as peace officers; explain their presence, and request entry into the home.

The officers should ask to see the person who is the subject of the call. If the person who called the law enforcement agency is someone other than the subject of the call, the officers should not reveal the caller's name. The officers should check to make sure all of the occupants are safe.

Entry:

* Refused -- If refused entry, the officers should be persistent about seeing and speaking alone with the subject of the call. If access to the subject is refused, the officers should request the dispatcher to contact the caller.

* Forced Entry – If access is still refused and the officers have reason to believe that someone is in imminent danger, the officers are permitted to force entry.

* Search Warrant Entry -- If the officers are refused entry and have no legal grounds for forced entry and they have reasonable grounds to believe a crime has been committed, they should contact the supervisor and request permission to obtain a search warrant.

First Aid:

After securing the scene, the responding peace officers shall provide the necessary first aid.

ARREST DECISIONS

Making Arrests:

After securing the scene and providing any first aid, the peace officers will begin a criminal investigation to determine if there is evidence and probable cause to believe that a crime has been committed based on the evidence and not upon the victim's desire to make an arrest. The officers should collect relevant physical evidence, including weapons that may have been used, take photographs of the scene and any injuries, take damaged property into evidence if appropriate, and take statements from the involved parties and witnesses. Statements should be taken at the scene as close in time to the assault as possible. The victim's emotional state should be noted in the statement. Some of the evidence and statements include:

- Condition of clothing (if ripped take as evidence).
- Property damage (take photographs of any damage).
- Excited utterances of the victim and suspect.
- Demeanor of the victim and the suspect.
- Medical records including the victim's statement to paramedics, nurses and doctors and have the victim sign a medical release of information.
- Interviews of witnesses including the children who may have been present.
- Evidence of any prior domestic abuse – related convictions, including dates.
- Any existing orders for protection or no contact orders and the jurisdiction in which they were obtained.

Note: When determining probable cause, the peace officers should consider their observations and any statements by parties involved and any witnesses. Prior convictions may provide the basis for enhancement to a gross misdemeanor or even felony charges ~~(see VI.B below).~~

Factors Not To Be Considered in Making the Arrest:

Arrests should be made without the consideration of:

- Marital status, sexual orientation, race, or cultural, social, political or professional position.
- Ownership, tenancy rights of either party, or the fact that the incident occurred in a private place.
- Belief that the victim will not cooperate with criminal prosecution or that the arrest may not lead to a conviction (assume the victim will not cooperate and gather as much evidence as possible).
- Verbal assurances that the abuse will stop.
- Disposition of previous police calls involving same victim or suspect.
- Denial by either party that the abuse occurred when there is evidence of domestic abuse.
- Lack of a court order restraining or restricting the suspect.
- Concern about reprisals against the victim.
- Adverse financial consequences that might result from the arrest.
- Chemical dependency or intoxication of the parties.

Primary Aggressor and Dual Arrests:

The agencies shall discourage dual arrest. Where there are allegations that each party assaulted the other, the peace officer shall determine whether there is sufficient evidence to conclude that one of the parties is the primary aggressor based on the following criteria and the officer's judgment:

- Comparative extent of any injuries inflicted.
- Fear of physical injury because of past or present threats.
- Actions take in self-defense or to protect oneself.
- The history of domestic abuse perpetrated by one party against the other.
- Existence or previous existence of orders for protection.

AUTHORITY AND TYPES OF ARREST

Warrantless Probable Cause Arrest for Fifth Degree Assault or Domestic Violence:

Although the general rule is that officers may not make probable cause arrests for misdemeanors unless the offense occurs in their presence (or a citizen who saw the crime so requests), domestic assault is an exception. M.S. 629.341 provides that " . . . a peace officer may arrest a person anywhere without a warrant, including at the person's residence, if the peace officer has probable cause to believe that the person within the preceding seventy-two (72) ~~twelve~~ hours has

(committed the crime of domestic assault) . . ." However, the Minnesota Court of Appeals has ruled in State v. Anderson, 388 N.W.2d 784 (Minn. Ct. App. 1986) that absent consent, hot pursuit, medical or emergency aid, child welfare (M.S. 260C.165) or exigent circumstances, a peace officer DOES NOT have a right under M.S. 629.341 to enter a suspect house for the sole purpose of effecting a domestic abuse arrest. As a general rule, any evidence obtained as a result of an unlawful house entry will be suppressed under the "fruit of the poisonous tree" doctrine.

Note: An arresting officer may not issue a citation in lieu of an arrest and detention to all individual charged with assaulting a spouse or other individual with whom the charged person resides. (M.S. 629.72)

Level of Arrest for Assault 5 and Domestic Assault: Misdemeanor. Gross Misdemeanor and Felony:

Assault in the Fifth Degree and Domestic Assault are typically misdemeanors. However, recent changes in the statute greatly increase the potential for arrests for these crimes at the gross misdemeanor and even felony level.

1. Gross Misdemeanors

   M.S. 609.224, subd. 2(a), Assault in the Fifth Degree, provides for an **enhancement to a gross misdemeanor** violation when the offense is against the **same victim** within ten ~~five~~ years of discharge from sentence for a previous conviction for assault, criminal sexual conduct in the first through fourth degree, or terroristic threats in Minnesota or any similar law of another state.

   If the charge is Domestic Assault (M.S. 609.2242), if the current victim is a family member or household member, and the crime occurs within ten ~~five~~ years of discharge from sentence for conviction of any of the above offenses against **any family or household member,** the same gross misdemeanor enhancement applies. The prior conviction need not be against a member of the **same** family or household.

   If there is a prior conviction for assault or terroristic threats against **any person** within ten ~~two~~ years, a gross misdemeanor may also be charged.

2. Felonies

   As of August 1, 1993, if a person commits assault in the Fifth Degree within ten ~~five~~ years of discharge from sentence for the **first of two or more convictions** of assault, criminal sexual conduct in the first through fourth degree, or terroristic threats against the **same victim,** assault 5 becomes a felony. The same enhancement applies to assault 5 against any victim occurring within two years of the first of two or more of these convictions.

   Domestic Assault (against a family or household member) is also enhanceable under the same circumstances except that the prior convictions may be against **any** family or household member.

The new language "within ten ~~five~~ years of discharge from sentence" in effect extends the reach back for predicate convictions. Example: Defendant arrested for assault 5 on 1/1/98, sentenced on 6/1/98 and placed on two years probation. This offense remains good for enhancement purposes until 6/1/05.

Harassment/Stalking (M.S. 609.749):

Effective July 1, 1993, Minnesota enacted a stalking statute that creates new crimes at both the felony and gross misdemeanor levels. The statute also supersedes and repeals certain misdemeanor offenses. M.S. 609.749 includes several provisions that are frequently applicable to domestic abuse situations even when no actual assault occurs.

The 1997 Legislature amended the stalking statute to clarify language that the Minnesota Supreme Court found ambiguous in the 1993 law but still maintained the basic structure of the 1993 law.

1. Gross Misdemeanors

Current law (effective. 5/7 /97) makes it a gross misdemeanor to harass another person by committing any of the following acts. A person who:

- Directly or indirectly manifests a purpose or intent to injure the person, property or rights of another by the commission of an unlawful act.
- Stalks, follows or pursues another.
- Returns to the property of another if the action is without claim of right to the property or consent of one with authority to consent.
- Repeatedly makes telephone calls or induces a victim to make telephone calls to the actor, whether or not conversation ensues.
- Makes or causes the telephone of another repeatedly or continuously to ring.
- Repeatedly uses the mail or delivers or causes the delivery of letters, telegrams, packages, or other objects.
- Engages in any other harassing conduct that interferes with another person or intrudes on the person's privacy or liberty.

M.S. 609.749, subd. 1 (as amended by the 1997 Legislature) defines "harass" as meaning, "To engage in intentional conduct which (1) the actor **knows or has reason to know** would cause the victim **under the circumstances** to feel frightened, threatened, oppressed, persecuted, or intimidated; and (2) causes this reaction on the part of the victim."

The 1997 Legislature also specifically declared that in stalking/harassment prosecutions, the State does not have to prove the actor **intended** to cause the victim to feel frightened, threatened, oppressed, persecuted, or intimidated. M.S. 609.749, subd. 1 a.

2. Felony Enhancement

Any of the above gross misdemeanors is enhanceable to a felony if committed within 10 years of discharge from sentence for a prior conviction for harassment, assault (any degree), violation of an OFP, or harassment order or terroristic threats, OR if committed against a juvenile, OR if committed while possessing a dangerous weapon.

3. Pattern of Harassing Conduct

In addition, it is a felony to engage "in a pattern of harassing conduct with respect to a single victim or one or more members of a single household which the actor **knows or has reason to** know would cause a reasonable person under the circumstances to feel terrorized or to fear bodily harm and which does cause this reaction" in the victim. M.S. 609.749, subd. 5 (as amended by the 1997 Legislature). A "pattern of harassing conduct" means two or more acts (convictions are not necessary) within a five-year period that constitute any of the following offenses: harassment, terroristic threats, assault, violation of an order for protection or harassment order, trespass, harassing phone calls or mail or criminal defamation.

Note: The harassment statute makes it more important than ever to document not just the facts of the current police call but also the history of abuse or harassment.

4. Probable Cause Warrantless Arrest

The domestic abuse arrest statute (M.S. 629.72) has been amended to provide, as was already the case for domestic assault arrests, that the officer may **not** issue a citation in lieu of arrest in harassment/stalking cases. An officer may also make a warrantless probable cause arrest for harassment even if the offense did not occur in the officer's presence. M.S. 629.34, subd. 1(c)(5).

Probable Cause Felony Arrests for Other Crimes:

At a domestic call, peace officers shall consider whether other felonies have been committed including but not limited to: burglary, felony assault, terroristic threats, kidnapping, false imprisonment and witness tampering.

Note: An assault 5 may be chargeable as burglary in the first degree even if the home is also the offender's, if the entry is made without the consent of the victim and in violation of an OFP barring the offender from the premises. Burglary can also be charged even if an assault does not occur. Specifically, if a defendant enters the victim's house without consent and violates the OFP, burglary may be charged.

Violation of Court Orders:

The peace officer shall verify whether any of the following orders exist before or during an arrest. Verification may be made by the peace officer or someone acting at the officer's direction. Methods of verification include personally seeing a copy of the order or reviewing an agency's file that indicates the existence of such an order. If the verification is made at the

direction of the peace officer, the peace officer shall document the name of the person and the type of order verified. In a police report, the officer shall document actions taken to identify the specific court order (e.g. order for protection), the county of origin, the file number and the provision allegedly violated. The peace officer should make arrangements to get a copy of the order as part of the investigative process.

Note: Ex Parte Temporary Orders for Protection are valid for a fixed period of time, not to exceed 14 days from issuance unless extended by the court. Orders for protection (non-temporary) are valid for a fixed period of time, not to exceed one year except when the court determines a longer fixed period is appropriate.

1. Order for Protection

A peace officer shall arrest and take into custody without a warrant a person who the peace officer has probable cause to believe has violated the restraint or exclusion provisions of an order for protection granted pursuant to M.S. 518B.0l, subds. 6, 7, or 9. Such an arrest shall be made even if the violation of the order did not take place in the presence of the peace officer, if the existence of the order can be verified by the officer.

Note: There are three key points related to the Order for Protection: 1) The law requires an arrest regardless of whether or not the excluded party was invited back to the residence. 2) There is no hour limitation for a warrantless arrest for a violation of an Order for Protection. 3) If there is evidence that an individual has violated another provision of an Order for Protection, other than the restraint or exclusion clauses, a police report should be submitted to the prosecutor indicating that the order was violated.

A violation of an Order for Protection is a misdemeanor but is enhanceable to a gross misdemeanor if the offense occurs within ten ~~five~~ years of discharge from sentence for conviction of violation of an OFP or (effective for crimes occurring on and after 8/1/94) for any conviction of assault, terroristic threats, violation of a harassment order or harassment/stalking. As of 8/1/97, it is enhanceable as a **felony.**

As of 1/5/98, a statewide law enforcement computer verification system for domestic abuse orders for protection will be on line including the phone number of the controlling agency (the law enforcement agency with a copy of the actual OFF). The new system will also make it possible to identify respondents against whom an OFP has been issued but not served and even, by obtaining a fax of the order, to make service of the order.

2. Harassment/Restraining Order

A peace officer shall arrest and take into custody a person who the peace officer has probable cause to believe has violated a harassment restraining order pursuant to M.S. 609.748, subds. 4 or 5, if the existence of the order can be verified by the officer.

Note: A person who violates a harassment restraining order is guilty of a misdemeanor if the violator knows of the order. This offense is enhanced to a **gross misdemeanor** if it occurs within ten ~~five~~ years of discharge from sentence for a previous conviction for violation of either a harassment order or an OFP or any assault, harassment/stalking, or terroristic threats

conviction. As of 8/1/97, it is enhanced to a **felony** if it occurs within ~~ten five~~ years of discharge of the first of two or more such convictions.

3. No Contact Order

As of 8/1/93, an officer may arrest without a warrant any person who he has probable cause to believe has violated the provisions of a no contact or restraining order issued by a court. M.S. 629.34, subd. 1(6).

In many jurisdictions, pretrial no contact orders are routinely issued in crimes against person cases, including domestic assaults, and are valid until final disposition of the case (sentencing or dismissal).

The pre-trial order is frequently replaced at the time of sentencing with a new no contact order issued as a condition of probation. This no contact order may be valid for the full probationary period indicated in the order.

A no contact order can be rescinded by the court at any time. However, the production by the victim of a copy of an apparently valid court order, absent contrary evidence, provides prima facie basis for arrest whenever there is probable cause to believe a violation of the order has occurred.

Other Misdemeanors:

At a domestic call, the peace officer shall consider whether other crimes have been committed including but not limited to: trespassing, criminal damage to property, disorderly conduct, witness tampering, or assault.

ASSISTANCE, STAYING AT THE SCENE, VICTIM RIGHTS, AND SERVICES

Staying at the Scene:

If an arrest does not occur, peace officers should remain at the scene of the disturbance until they believe that the likelihood of further imminent abuse has been eliminated. If a domestic abuse intervention program is available, the peace officer should make contact for immediate intervention.

Note: M.S. 629.342 provides that when a peace officer does not make an arrest, the peace officer must provide immediate assistance to the victim, including obtaining necessary medical treatment and providing the victim with the notice of rights pursuant to M.S. 629.341, subd.3.

Assistance to Non-English Speaking Victims or Victims with Communication Disabilities:

The peace officer shall use the resource list established by the Isanti County Sheriffs Office, which includes International Language Services (number on file at Dispatch Center) and maintained in the Dispatch Center of the Sheriff's Office to contact a person to assist in those cases where the participants in the domestic call, including the witnesses, are non-English speaking, are hearing impaired, or have other communication disabilities. The officer should

avoid the use of friends, family, or neighbors serving as the primary interpreter for the investigation.

Notice of Crime Victim Rights:

The peace officer shall supply the victim of a domestic call a copy of the agency's crime victim notification form.

Services:

The peace officer should contact the local domestic abuse program, The Refuge, if available, by phone or pager as soon as possible (preferably within one hour of the arrest) on all arrest situations. The peace officer will provide the name and address of the victims and a brief factual reconstruction of the events associated with the action.

If the victim requests, in writing, that their name not be released to victim services organizations, the peace officer will notify The Refuge that a Domestic Abuse arrest was made and will inform The Refuge that the victim has requested that their name not be released to victim services organizations. The peace officer will not release the victim's name under these circumstances.

This section shall not apply if prohibited by the Minnesota Government Data Practices Act (M.S. 13.82, subd. 10).

CHILDREN

Child Victims:

If a child is present at the scene of a domestic call or is the victim of domestic abuse, the peace officer should determine whether the child has been subjected to physical abuse, emotional abuse, sexual abuse, or neglect, and comply with the requirements of M.S. 626.556, Reporting of Maltreatment of Minor. The officer shall also attempt to verify whether there has been an Order for Protection (MN §260C.201) ~~(M.S. 260.133).~~ If the child has been physical injured, the officer should escort the child to the nearest hospital for treatment.

Child Present and Care:

If the legal parent or guardian of a child can no longer provide care (for example, when the victim is hospitalized), the officer should consult with the legal guardian on determining the disposition of the child and should make a good faith attempt to follow the request of the legal guardian or parent.

If the peace officer reasonably believes that the child's immediate surroundings or conditions endanger the child's health and welfare, the officer may take the child into immediate custody pursuant to M.S. 260C.165~~, subd. 1(c)(2)~~.

REPORTS AND FORMS

Written Report:

Whether there is an arrest or not, peace officers shall make a report after responding to a domestic call. If the officer did not arrest or seek an arrest warrant even though arrest was authorized, a detailed explanation of the reasons for the officer's decision not to arrest must be documented. The report should include the following: detailed statements from the victim, suspect and witnesses; description of injuries; information about past abuse; description of the scene; primary aggressor; existence of language barriers; presence of elderly victims or those with disabilities; and documentation of evidence.

~~Department of Corrections, Domestic Abuse Case Law Enforcement Data Collection Form:~~

~~The law enforcement agency shall collect the data on the peace officer data collection form supplied by the Commission of Corrections when the victim is a woman. (611A.36, subd. 2).~~

FURTHER INVESTIGATION

A domestic call shall be turned over to the appropriate investigator for further follow-up if appropriate. If there is an arrest, the investigator shall determine the defendant's criminal record, and if there is evidence of a previous conviction, the peace officer should advise the prosecutors of any enhanced criminal sanctions which may be available. Follow-up may also include taking photographs of the victim's injuries 2-3 days after the incident. Bruises that were not visible immediately following the incident may appear within a couple of days. In addition to pictures, all officers should document the extent of injuries on a body diagram. (See attachment.)

Notwithstanding the fact that the officer has decided not to arrest one of the participants in the domestic call, the peace officer shall thoroughly document all relevant information in the report and shall refer the report to the appropriate prosecutor for review and consideration of criminal charges.

ISANTI POLICE DEPARTMENT

DEPARTMENT MANUAL

Procession of Property Seized For Administrative Forfeiture
MN Statute 609.531

EFFECTIVE DATE: January 2011
GENERAL ORDER: No. 2011-1

POLICY

It shall be the policy of the Isanti Police Department that all employees of the agency, all employees assigned to another law enforcement agency's task force and all employees assigned from an outside law enforcement agency to a task force in which this agency serves as the fiscal agent, shall follow all state and federal laws pertaining to the processing of property seized for forfeiture. Training will be provided by the employing law enforcement agency in consultation with the prosecuting authority to officers who may exercise the use of administrative forfeiture in the performance of their assigned duties. Such training to be conducted whenever the agency policy is changed or modified based upon administrative directives, legislative statutes changes and/or relative court decisions. Training may include but not limited to agency policy, directives, electronic or traditional classroom education.

DEFINITIONS

Cash: money in the form of bills or coins, traveler's checks, money orders, checks or other forms of electronic money or stored value cards, including but not limited to gift cards, debit cards, gift cards/certificates or other negotiable financial instruments.

Conveyance Device: a device used for transportation and includes, but is not limited to, a motor vehicle, trailer, snowmobile, airplane, and vessel and any equipment attached to it. The term "conveyance device" does not include property, which is in fact, itself stolen or taken in violation of the law.

Firearms/ammunition/firearm accessories: a device that projects either single or multiple projectiles at high velocity. Ammunition is a term meaning the assembly of a projectile and its propellant. Accessories include but are not limited to holsters, gun cases, fire arm optics, suppression devices, cleaning supplies, etc.

Forfeiture: the process by which legal ownership of an asset is transferred to a government or other authority.

Jewelry/Precious Metals/Precious Stones: The term "precious metals/precious stones" includes items of jewelry, such as rings, necklaces, and watches, that reasonably appear to be made of precious metals or precious stones. Precious metals include but are not limited to gold, silver, platinum, iridium, and palladium. Precious stones, often referred to as gemstones, include but are not limited to diamonds, emeralds, and rubies.

Forfeiture/Seized Property Reviewer: an Agency employee responsible for reviewing all forfeiture cases and is the liaison between the Agency and prosecutor's office.

Seizure: the act of law enforcement officials taking property, including cash, vehicles, etc. that has been used in connection with or acquired by illegal activities.

SEIZED PROPERTY SUBJECT TO ADMINISTRATIVE FORFEITURE

The following property may be seized and is presumed under MN STAT 609.5314 to be subject to administrative forfeiture if the item has a retail value of $50,000.00 or less:

All money, precious metals, and precious stones found in proximity to:

- Controlled substances;
- Forfeitable drug manufacturing or distributing equipment or devices; or
- Forfeitable records of manufacture or distribution of controlled substances.

All conveyance devices containing controlled substances with a retail value of $100.00 ~~$75~~ or more if possession or sale of the controlled substance would be a felony under chapter 152.

All firearms, ammunition, and firearm accessories found:

- In a conveyance device used or intended for use to commit or facilitate the commission of a felony offense involving a controlled substance;
- On or in proximity to a person from whom a felony amount of controlled substance is seized; or
- On the premises where a controlled substance is seized and in proximity to the controlled substance, if possession or sale of the controlled substance would be a felony under chapter 152.

Situations in which forfeiture should not be pursued:

- Seizure of property not listed above must be processed in coordination with and approved by the unit supervisor.

PROCESSING SEIZED PROPERTY FOR FORFEITURE PROCEEDINGS

When any property as described in the above section is seized, the peace officer making the seizure must prepare the following:

- The proper Notice of Seizure and Intent to Forfeit Property form. This form must be completed to include the following: a list describing each item seized, the name of the individual served with the Notice, location, and the date of seizure. Administrative forfeiture notices are NOT to be given for assets seized under MN STAT 609.5314 if the retail value of the asset exceeds $50,000.00.

- A receipt for the item(s) seized.

The Notice form also contains information in English, Hmong, Somali and Spanish concerning the right to obtain judicial review and the procedure under MN STAT 609.5314 to follow to obtain it. The form must be dated and signed by the peace officer conducting the seizure. An agency case number must be included on the form. The individual from whom property is seized must be given an opportunity to sign the seizure notice form. If the person refuses, the peace officer conducting the seizure must check the appropriate box indicating the refusal to sign. If property is seized from multiple individuals, a separate seizure form will be completed for each individual. A copy of the seizure form must be given to the individual served.

All property subject to and being processed for forfeiture through the agency must be held in the custody of the agency.

The peace officer conducting the seizure shall forward the original and pink copy of the seizure notices, seized property processing worksheets, property receipts and reports will be forwarded to the Forfeiture/Seized Property Reviewer within 10 days of seizure.

The peace officer conducting the seizure shall inform the Forfeiture/Seized Property Reviewer of the estimated retail value of drugs found in proximity to the asset seized.

Cash

Peace officers shall not seize cash having an aggregate value less than (Agency Discretion), unless pre-recorded buy funds are included in the cash seized. Cash shall be recounted and the amount verified by another employee of the Agency. The property bag and/or inventory receipt shall then be co-signed when cash is involved.

All forfeitable cash seized will be turned over to the Forfeiture/Seized Property Reviewer or property/evidence room as soon as practicably possible (Agency Discretion) of the seizure.

Prior to deposit with the Forfeiture/Seized Property Reviewer, peace officers shall examine all cash seized to determine whether it contains any buy funds. Peace officers shall document the recovery of all buy funds and deposit those funds with the Forfeiture/Seized Property Reviewer to be returned to the appropriate unit's buy fund account.

Peace officers seizing cash shall also prepare a property inventory. If cash is seized from multiple individuals, a property inventory receipt will be completed for each individual. The property inventory receipt shall specify the total amount of cash seized from each individual. The agency property inventory shall also contain a detailed description of all checks, money orders and/or travelers checks or other financial instruments.

The peace officer conducting the seizure shall provide a copy of the completed property inventory receipt to the Forfeiture/Seized Property Reviewer.

It is the seizing peace officer's responsibility to secure the cash consistent with the agency policy or procedure.

Jewelry/Precious Metals/Precious Stones

Peace officers seizing jewelry, precious metals, and/or precious stones will write a detailed description of each item on the property inventory receipt prior to inventorying the items. A copy of the property inventory receipt and any photographs of the jewelry, precious metals and/or precious stones shall be delivered to the Forfeiture/Seized Property Reviewer.

Peace officers seizing jewelry, precious metals, and/or precious stones shall deliver those items to the property/evidence room as soon as practicably possible.

Conveyance Device

Upon seizure for forfeiture, all conveyance devices shall immediately be either taken to a secure designated area or to an agency approved impound facility.

Peace officers shall inventory the conveyance device and its contents in accordance with agency policy. Peace officers shall also complete applicable report forms and distribute them appropriately.

Firearms/Ammunition/Firearm Accessories

When firearms, ammunition, or firearms accessories are seized, they shall be inventoried and delivered to the property/evidence room as per agency policy/procedure.

CASE FILE STATUS

The Forfeiture/Seized Property Reviewer shall forward all changes to forfeiture status to the supervisor who initiated the case.

REPORT WRITING

Peace officers seizing property must complete a report. All reports must include a description of the items seized, where the property is turned in/stored, the name of the individual served, the date that the seizure form was served, the name of the serving peace officer, and whether or not the individual signed the Notice of Seizure and Intent to Forfeit Property form.

All reports dealing with seized property will be completed within 24 hours of the seizure when practically possible.

Impartial Policing Policy

EFFECTIVE DATE:
DATE OF ISSUANCE:
GENERAL ORDER: 200112
RE-EVALUATION DATE:

PURPOSE

This policy is intended to reaffirm Isanti Police Department's commitment to impartial/unbiased policing and to reinforce procedures that serve to assure the public that we are providing service and enforcing laws in a fair and equitable manner to all.

DEFINITION

Racial profiling has the meaning given to it in Minn. Stat. 626.8471, Subd. 2. which states:
"Racial profiling" means any action initiated by law enforcement that relies upon the race, ethnicity, or national origin of an individual rather than:
(1) the behavior of that individual; or
(2) information that leads law enforcement to a particular individual who has been identified as being engaged in or having been engaged in criminal activity.
Racial profiling includes use of racial or ethnic stereotypes as factors in selecting whom to stop and search. Racial profiling does not include law enforcement's use of race or ethnicity to determine whether a person matches a specific description of a particular subject.

POLICY

A. Policing Impartially:

1. Investigative detentions, pedestrian and vehicle stops, arrests, searches and property seizures by officers will be based on a standard of reasonable suspicion or probable cause in accordance with the Fourth Amendment of the United States Constitution. Officers must be able to articulate specific facts, circumstances and conclusions that support reasonable suspicion or probable cause for investigative detentions, pedestrian and vehicle stops, arrests, nonconsensual searches and property seizures.

2. Except as provided in paragraph 3, officers shall not consider race, ethnicity, national origin, gender, sexual orientation and religion in establishing either reasonable suspicion or probable cause.

3. Officers may take into account the descriptors in paragraph 2 of a specific suspect(s) based on information that links specific, suspected, unlawful or suspicious activity to a particular individual or group of individuals. This information may be used in the same manner officers use specific information regarding age, height, weight, etc. about specific suspects.

B. Preventing Perceptions of Biased Policing -Procedural Guidelines:

In an effort to prevent the perception of biased law enforcement, officers shall utilize the following guidelines:

- Be respectful and professional.
- Introduce or identify yourself to the citizen and state the reason for contact as soon as practical, unless providing this information will compromise officer or public safety.
- Ensure that the detention is no longer than necessary to take appropriate action for the known or suspected offense.
- Attempt to answer any relevant questions the citizen may have regarding the citizen/officer contact, including relevant referrals to other agencies when appropriate.
- Provide your name and badge number when requested, preferably in writing or on a business card.
- Explain if you determine that the reasonable suspicion was unfounded (e.g., after an investigatory stop).

SUPERVISION AND ACCOUNTABILITY

Supervisors shall ensure that all personnel in their command are familiar with the content of this policy and are operating in compliance with it.

DEPARTMENT MANUAL
Pursuit Policy

EFFECTIVE DATE: April 13, 2000
DATE OF ISSUANCE: April 13, 2000
GENERAL ORDER: No. 178.0
RE-EVALUATION DATE:

PURPOSE

The purpose of this policy is to provide direction for the operation of law enforcement vehicles while involved in pursuit situations.

Policy Statement:

It is the primary mission of the Isanti Police Department to protect lives while enforcing the law. In addition, it is the responsibility of the Isanti Police Department to guide its officers in the safe and reasonable performance of their duties. To accomplish these goals, the following policy is provided to control and regulate the manner in which emergency vehicle operations are undertaken and performed. When engaged in emergency vehicle operations in the performance of official duties, drivers of authorized emergency vehicles are granted exemptions, by statute, from certain traffic laws. These exemptions are provided to help protect lives, not to place them at undue risk

Definitions:

A. Pursuit: A multi-stage process by which a police officer initiates a vehicular stop and a driver resists the signal or order to stop, increases speed, takes evasive action and/or refuses to stop the vehicle. Once the driver refuses to obey the police officer's signal or order, this pursuit policy and procedure will determine the officer's and department's actions.

B Termination of a pursuit: A pursuit shall terminate when the primary officer turns off the emergency equipment, resumes routine vehicle operation and informs dispatch, or when the suspect vehicle stops.

C; Divided Highway: Any highway that has been separated into two or more roadways by:

1. A physical barrier, or
2. A clearly indicated dividing section so constructed as to impede vehicular traffic.

D. Channeling: To direct vehicular traffic into a progressively narrowing passageway or lane location on the roadway.

E. Compelling Path: The use of channeling techniques with a modified roadblock located at its narrowed end. The compelling path differs from a termination roadblock in that the driver or any vehicle traveling the path has an exit option at the narrowed end.

Pursuit Considerations:

A. Pursuit is justified:

1. When a vehicle operator fails to stop after being given a visual or audible signal to stop by a peace officer; and
2. When there is reasonable expectation of a successful apprehension of the suspect.

B. Other factors to be considered:

1. The initial decision to engage in a pursuit shall rest primarily with the officer who has initiated the vehicular stop, after considering the elements of this policy,
2. These elements shall include, but are not limited to, the crime for which the suspect is wanted (the need to apprehend immediately) and the risk to the community created by the pursuit (traffic, area of pursuit, environmental factors, and weather conditions).
3. The officer must continually consider the risks created by the pursuit, as those risks may change during a pursuit.
4. Terminating a pursuit shall be considered a decision made in the interest of public safety. Many times the termination of a pursuit is the safest and most appropriate action.
5. The officer's decision to continue a pursuit may be overridden by a supervisor at any time.

C. Standards applied to the evaluation of a pursuit, as well as the decision to continue a pursuit shall include the following:

1. Is the need to immediately apprehend the suspect more important than the risk created by the pursuit?

B. Emergency vehicles operating in emergency mode are permitted to violate certain traffic

2. Do the dangers created by the pursuit exceed the danger posed by allowing the perpetrator to escape?

Procedures and Tactics for an Officer Engaging in a Pursuit:

A. Emergency vehicles shall be driven in a safe manner and with due regard for public safety.

B. Emergency vehicles operating in emergency mode are permitted to violate certain traffic regulations when necessary, as long as the operator continues to exercise due care in vehicle operation.

C. The vehicles shall be known as the primary unit, which will be the unit closest to the fleeing vehicle and the secondary unit, which shall remain at a safe distance behind the primary unit but close enough to provide support and communicate with dispatch. Backup units as needed shall operate at a safe distance to provide support.

Responsibilities of the Primary Unit:

A. The driver of the primary unit shall notify dispatch of the pursuit and shall provide at least the following critical information to dispatch:

1. Unit identification.
2. Offense for which the suspect is being pursued.
3. Suspect vehicle description, including license number if reasonably possible.
4. Location, direction, and speed of both vehicles.
5. Description of occupant(s) and if suspect is known to officer.
6. Any other important information about the suspect vehicle or environment (for example: suspect is traveling without lights, officer loses sight of vehicle, etc).

B. Based on the known information, the supervisor shall make the decision to either take further appropriate action or terminate the pursuit.

C. No officer will intentionally make vehicle-to-vehicle contact unless in conformance with Departmental policy on use of force (see Departmental Policy on Force).

D. Roadblocks established must conform to the policy on use of force.

E. Only police vehicles with emergency lights and siren will be used as pursuit vehicles.

Supervision of Pursuit Activities:

A. Each Department shall outline their procedures regarding who has control over pursuit activities.

B. Procedures regarding control over pursuit activities should:

1. Reference who should be notified that a unit has become involved in a pursuit.
2. Reference who critical information necessary to evaluate the continuation of the pursuit should be directed to.
3. Indicate who has the authority to terminate any pursuit.

C. Options to keep in mind during a pursuit include, but are not limited to the following:

1. In cases involving wrong-way drivers, parallel pursuits may be used.
2. Notification of the next jurisdiction is encouraged.
3. Channeling techniques may be used.
4. Creating a compelling path.

D. Post-pursuit chain of command notifications are required and should be identified in each Department's policy.

Dispatch Responsibilities:

Dispatch shall coordinate critical information, both as timely and accurately as possible.

Factors Influencing: the Termination of a Pursuit

A. The driver of the primary unit and the supervisor shall continually evaluate the risks and likelihood of a successful apprehension of the suspect.

B. The conditions of the pursuit become too risky for the safe continuation of the pursuit, i.e., it is futile to continue.

C. A supervisor orders it terminated.

D. If information is communicated that indicates the pursuit is out of compliance with policy.

E. When normal communication is broken.

F. When visual contact is lost for a reasonable period of time or the direction of travel cannot be determined.

G. When the suspect is known and could be apprehended later, and to delay apprehension does not create a substantial known risk of injury or death to another.

Interjurisdictional Pursuit:

A. The primary unit, before leaving its jurisdiction, shall update critical information to the dispatcher.

B. The primary police vehicle shall remain the primary vehicle in other jurisdictions unless the controlling pursuit authority transfers their authority to another jurisdiction.

C. Upon receiving notification that the pursuit is entering another agency's jurisdiction, the dispatcher shall forward all critical information possessed by the dispatcher to that agency.

D. When a pursuit enters this department's jurisdiction:

1. The dispatcher shall update the critical information to the shift supervisor or other authorized individual identified by the department.
2. The controlling pursuit authority shall determine if the pursuit is in conformance with policy and shall provide appropriate direction to their units.

Air Support:

Once contact is made with air support and air support has suspect vehicle in sight, the primary pursuit unit shall reduce the level of pursuit to that of support or other backup unit.

Care and Consideration of Victims:

A. If during a pursuit an officer observes or is made aware of an injury to an individual, the officer shall immediately notify the peace officer's dispatcher to have the appropriate emergency units respond.

B. The primary pursuit unit will be responsible for ensuring that assistance is provided to people who may have been injured during the course of a pursuit. The primary pursuit unit may delegate the responsibility to render the assistance to a specific support or backup unit when they are immediately available to render assistance.

Pursuit Summary Report:

A. The primary officer and the supervisor shall file a pursuit summary report.

B. To ensure compliance with MN §626.5532 ~~Statute 626.5531~~, the chief law enforcement officer shall ensure the completion of the state pursuit report form and forward it to the Commissioner of Public Safety within 30 days following the incident.

C. The report must contain the following elements:

1. The reason(s) for, and the circumstances surrounding the incident.
2. The alleged offense.
3. The length of the pursuit including time and distance.
4. The outcome of the pursuit.
5. Any injuries or property damage resulting from the incident; and
6. Any pending criminal charges against the driver.

Evaluation and Critique:

After each pursuit, the supervisor and department units involved with the pursuit will evaluate the pursuit and make recommendations to the chief law enforcement officer on ways to improve the department's pursuit policy and tactics.

******

~~This "Model Policy for Police Pursuits" is consistent with 1999 legislative language (626.8458 Subd. 2) and was originally adopted through POST Board action on January 28, 1999 and last revised at the October 1999 Board Meeting.~~

ISANTI POLICE DEPARTMENT
DEPARTMENT MANUAL
Missing and Exploited Children

EFFECTIVE DATE: March 15, 2010
DATE OF ISSUANCE:
GENERAL ORDER: No. 200
RE-EVALUATION DATE:

PURPOSE

The purpose of this policy is to establish responsibilities and guidelines regarding this agency's response to reports of missing children.

POLICY

It shall be the policy of this agency to thoroughly investigate all reports of missing ~~children~~ and endangered persons as defined in MN STAT Chapter 299C.52, subd. 1 (c) and (d) ("Minnesota Missing Children and Endangered Persons' Program" referred to as Brandon's Law). In addition, this agency holds that every child reported as missing will be considered "at risk" until significant information to the contrary is confirmed.

This policy addresses investigations where the person has been determined to be both missing and endangered and includes all procedures required by MN STAT 299C.52.

DEFINITIONS

A. Missing Child: A person who is:

1. Younger than eighteen (18) years of age, and

2. Whose whereabouts are unknown to a parent, guardian, or responsible party.

B. Unusual Circumstances: Refers to a missing child who is:

1. Thirteen (13) years of age or younger. This age was established by the federal Missing Children Assistance Act because children of this age group have not established independence from parental control, and do not have the survival skills necessary to protect themselves from exploitation on the streets.

2. Believed to be one or more of the following:

a. Out of the zone of safety for his or her age and developmental stage. The zone of safety will vary depending on the age of the child and his/her developmental stage. In the case of an infant, for example, the zone of safety will include the immediate presence of an adult custodian, or the

crib, stroller, or carriage in which the infant was placed. For a school age child, the zone of safety might be the immediate neighborhood or the route taken between home and school.

b. Mentally diminished. If the child is developmentally disabled or emotionally disturbed, he or she may have difficulty communicating with others about needs, identity, or address. The disability places this child in danger of exploitation.

c. Drug dependent, including both prescription and illicit substances any drug dependency puts the missing child at risk. The diabetic or epileptic child requires regular medication or his/her condition may become critical. The illicit drug abuser, on the other hand, may resort to crime or become the victim of exploitation.

d. A potential victim of foul play or sexual exploitation. Significant risk to the child can be assumed if investigation reveals indications of a possible abduction, violence at the scene of an abduction, or signs of sexual abuse.

e. In a life threatening situation. The environment in which the child is missing may be particularly hazardous. Examples of a dangerous environment could be a busy highway for toddler or an all-night truck stop for a young teenager.

f. Absent from home for more than twenty-four (24) hours before being reported to the police as missing. While some parents may incorrectly assume that twenty-four (24) hours must pass before police will accept a missing person case, a delay in reporting might also indicate the existence of neglect or abuse within the family.

g. Believed to be with adults who could endanger his or her welfare. A missing child in such circumstances is in danger not only of sexual exploitation, but also of involvement in criminal activity such as burglary, shoplifting and robbery.

h. Is absent under circumstances inconsistent with established patterns of behavior. Most children have an established routine that is reasonably predictable. Significant, unexplained deviations from that routine increase the probability of risk to the child.

i. Whose disappearance involves circumstances that would cause a reasonable person to conclude that the child should be considered at risk.

C. Determination of Unusual Circumstances

1. If it is determined that unusual circumstances are involved in the report of a missing child, a thorough investigation, including the use of all appropriate resources, and will commence immediately. While all missing child incidents

should be investigated thoroughly, those involving unusual circumstances indicate a heightened likelihood of risk to the child and; therefore, require an intensive response.

2. If appropriate, existing interagency response protocols should be activated. Pre-planned strategies for responding to missing child reports are essential for successful case resolution. By identifying all the services and resources a region has available to search for missing children, multi-agency agreements can be reached beforehand and activated promptly when the need arises.

PROCEDURES

A. The Call Taker (Communications Personnel, Dispatcher, etc.): The call taker who receives the report of a missing child will be responsible to:

1. Determine if circumstances of the report meet the definition of a missing child as defined above by questioning the caller about the circumstances of the report, the call taker is able to make a preliminary assessment about the level of risk to the missing child. This assessment will also prepare the call taker to promptly activate additional response protocols, if needed.

2. Immediately dispatch an officer to the scene of the report. The officer who routinely patrols the vicinity of the report is best suited to handle the first response since he/she should be familiar with the area and is likely to have knowledge of unusual activities, suspicious persons, known offenders, and other neighborhood dynamics. The handling of certain missing child reports, such as suspected runaways, over the telephone is discouraged since accurate assessments of risk to the child cannot be made. The National Child Search Assistance Act of 1990 mandates law enforcement's immediate response to reports of missing children, and the prompt entry of descriptive information into the NC I C Missing Person File.

3. Notify a supervisor. Because of the complexity of some missing child cases, especially those that may require the immediate mobilization of investigative resources, call takers should verify that a supervisor has been notified whenever officers respond to such an assignment.

4. Transmit the appropriate radio alerts and other notifications. A critical responsibility of the call taker is to obtain sufficient information from the reporting party to broadcast a radio message that alerts other officers, and other agencies if necessary, about the circumstances of the child's disappearance. Basic information should include the child's height, weight, hair and eye color, and clothing, as well as the location where the child was last seen. Most importantly, the radio alert should contain any information known about a possible abductor with special emphasis on the description of the suspect and vehicle used as well as direction of travel. Consideration should also be given to

the use of "road-block" plans, including those involving surrounding agencies, to apprehend a fleeing abductor.

5. Search agency records for related information. It is essential for responding officers to know if the child or family has been the subject of previous reports that might have a bearing to this incident. If possible, records should also be reviewed to learn if any incidents have been reported in the area that might have investigative value in this case. Complaints such as attempted abductions, prowlers, public lewdness, and suspicious persons will be of particular interest. Access should also be made to the Sex Offender Registration list to determine if individuals designated as sexual predators reside, work, or might otherwise be associated with the area.

6. Safeguard all pertinent records. The call taker should also ensure that records of all communication related to this incident, such as telephone conversations with the reporting party, including written notes regarding the discussion, radio broadcasts, and all subsequent notifications, are safeguarded for future investigative reference.

7. Initiate media contact. In agencies without a public information officer, the call taker, under direction of a police supervisor, may be best situated to provide information to the media that is designed to elicit public assistance in the search for a missing child. In preparation for such situations, call takers should have available the names and telephone numbers of media contacts.

B. The First Responder: The officer who is assigned as a first responder to the report of a missing child will be responsible to:

1. Respond promptly to the scene of the report. Even if the assigned officer has been provided with initial information such as the child's description and other facts about the incident, it would be inappropriate to delay response to circle through parks, check playgrounds, or stop suspicious individuals. Unless in immediate response to the child's safety, these activities can be handled by other patrol units.

2. Interview parent(s) or person who making the initial report. The purpose of this interview is to gain an insight into the circumstances surrounding the disappearance and other information needed to conduct an initial assessment of the case. If needed, request an interpreter through dispatch. Note: Using a specifically designed missing person report form to gather information will enable the first responder to more promptly reach an accurate risk assessment.

3. Obtain a description of the missing child. The collection of information about the missing child, race, height, weight, hair and eye color, clothing, and other noteworthy features, should be done promptly and relayed to other officers who may be assisting in the investigation. Several recent photographs and videotape, if available, should be secured. Here again, the use of a missing person report form will expedite the collection of descriptive information.

4. Verify that the child is in fact missing. First responders should never assume that searches conducted by distraught parents or others, have been performed in a thorough manner. Another check of the house and grounds should be made that includes places where children could be trapped, asleep, or hiding. Special attention should be paid to enclosures like refrigerators, freezers, and the interior of parked vehicles where limited breathing air may place the child at even greater risk. In the case of older children, first responders should ask if parents have checked with the child's friends or perhaps overlooked or forgotten something the child may have said that would explain the absence. Note: a search of the home should be conducted even if the child was last seen elsewhere.

5. Confirm the child's custody status. First responders should ascertain whether a dispute over the child's custody might have played a role in the disappearance. Questions regarding whether the reporting party has full legal custody, or if the non-custodial parent has been contesting custody, or if the missing child expressed a wish to live with the other parent, may help an officer gain important insight into the case.

6. Identify the circumstances of the disappearance. First responders need to ascertain whether the circumstances surrounding the child's disappearance are such that a heightened level of response is warranted. If "unusual circumstances" exist, as defined in paragraph B of Section III, then the decision to employ additional response methods is clear. In other situations where the circumstances are not clear, officers should keep the missing child's safety in mind and act accordingly.

7. Determine when, where, and who last saw the child. This information is needed to determine factors such as abduction time frame, windows of opportunity, and information verification. Comparison of information gathered from the reporting party, witness, and other sources may prove vital to case direction.

8. Interview the individual(s) who last had contact with the child. Effective questioning of those individuals who last saw or spoke with a missing child is crucial in the case assessment process. While seeking information about the child's appearance, demeanor, contradictions, officers also should be alert to contradictions or evasiveness by the witness, especially if these statements cannot be readily substantiated.

9. Identify the child's zone of safety for his or her age and developmental stage. Responding officers should attempt to determine how far a child could travel from the location where last seen before he or she would most likely be at, risk of injury or exploitation. This perimeter should, under many circumstances, define the first search zone.

10. Make an initial determination of the type of incident. By employing all available assessment tools, i.e., completion of standardized forms, interviews with parents, statements of witnesses, search of scene, etc., an officer should be able to reach a

preliminary determination regarding the type of case and the need for additional resources. Note: Officers must be cautious in "labeling" or classifying a missing child case, since the classification process will affect the way in which initial information or evidence is gathered. Even if first indications suggest a "less urgent" incident, officers should consider all possibilities until the case category is clearly determined.

11. Obtain a description of the suspected abductor(s) and other pertinent information. Officers need to record witness information immediately, not only for general investigative use, but also before witnesses forget or speak to others who may confuse or make suggestions about what was actually observed. If the abduction scene involves a business or other public place, officers may be able to supplement witness information with video from security cameras that might provide crucial information about suspect, vehicles, and circumstances. In the case of a suspected family abduction, the reporting party may have photographs of the abductor or other valuable information.

12. Determine the correct NCIC Missing Person File category and ensure that a notification is promptly transmitted. There are five (5) categories within the Missing Person File: disability, endangered, involuntary, juvenile, and catastrophe. Simply because the child is less than 18 years old does not require that the juvenile category must be used. The circumstances of the disappearance should govern category selection. NCIC suggests that family and non-family abductions be entered in the involuntary category. Runaways most commonly are entered in the juvenile category unless unusual circumstances exist.

13. Provide detailed descriptive information to communications unit for broadcast updates. As information becomes available regarding the child's appearance, circumstances of the case, or description of the potential abductor, officer should ensure that other officers and agencies are provided with up-to-date facts.

14. Identify and interview everyone at the scene. The name, address, home and work telephone number of everyone present at the scene, along with his or her relationship to the missing child, should be recorded. If possible, include them in photographs and/or videotapes of the incident scene. By interviewing each person privately, officers may be able to uncover information that will be instrumental in resolution of the case.

15. Obtain permission to conduct a thorough scene search. With the assistance of additional personnel, a systematic, thorough search of the incident scene should be conducted. If appropriate, officers should obtain written permission to search houses, apartments, out buildings, vehicles and other property that might hold information about the child's disappearance. Officers are again reminded to conduct a thorough, immediate search of the child's home and property, even if the disappearance supposedly took place elsewhere.

16. Secure and safeguard the area as a potential crime scene. First responders must take control of the immediate area where the incident occurred and establish an

appropriate perimeter to avoid destruction of vital evidence. In addition to external crime scenes, the child's home, and particularly his or her bedroom, should be secured and protected until evidence and identification material such as hair, fingerprints, bite marks, etc, are collected.

17. Prepare necessary reports and complete appropriate forms. Information gathered by the first responding officer(s) may be instrumental in the eventual case solution. To record this important information, officers should prepare a chronological account of their involvement and actions in the case from time of assignment to the point of dismissal. Reports should include everything, not just those events that seem to have a direct bearing on the case.

C. The Supervisor: The supervisor who is assigned to the report of a missing child will be responsible to:

1. Obtain a briefing from the first responder(s) and other agency personnel at the scene. This briefing allows the supervisor to determine the scope and complexity of the case and thus develop an appropriate response. The briefing should be conducted away from family, friends or any other individuals who may be present. Doing so will allow officers to speak freely about the events that have transpired and to pass along initial impressions and opinions that might be misconstrued by others.

2. Determine if additional personnel and resources are needed to assist in the investigation. Depending upon the situation, a supervisor may determine that additional personnel, including specialized units, should be called to the scene or otherwise assist in the investigation. Certain cases may also require that the supervisor activate existing interagency response protocols.

3. Establish a command post. A command post is a field headquarters for scene management. It is used as a center for organizing personnel and directing investigative efforts as well as a focal point for inquires, intelligence gathering and media contacts. As a general rule, the command post should be close enough to the center of activity to facilitate control and coordination, but sufficiently apart to allow a free exchange of ideas among responders. Using the victim's home as a command post is not recommended.

4. Organize and coordinate search efforts. Systematic searches are common features of missing child investigations. A supervisor should appoint a search operation coordinator who can oversee the search effort while the supervisor remains available to manage the entire investigation.

5. Ensure that all required notifications have been made because dissemination of information is an integral part of the search for a missing child. The supervisor should ensure that all officers, other departments and agencies, and all investigative networks are supplied with accurate details.

6. Establish a liaison with the victim family. Families of a missing child will experience extreme stress. Supervisors should establish liaisons with the victim family that can explain what investigative actions are being employed and what they can do to assist in the search.

7. Confirm that all agency policies and procedures are observed In addition to providing the innovative direction required during a missing child investigation, a supervisor must also ensure that the rules and regulations of a professional law enforcement organization are adhered to. Established policies and procedures, especially those related to missing children, should be regularly reviewed to insure compliance.

8. Manage media relations. Many missing child investigations, especially those involving large-scale search efforts, are likely to draw media attention. Supervisors should manage media presence in a way that complements, rather than conflicts with the investigation.

D. The Investigator: The investigator who is assigned to the report of a missing child will be responsible to:

1. Obtain a briefing from agency personnel at the scene. This briefing should be conducted prior to interviews with family members of the missing child or witnesses who may have been identified during the initial stage of the case. Its objective is to assist the investigator in formulating an effective interview strategy.

2. Verify the accuracy of all descriptive information. The verification process should include all details developed during the preliminary investigation. During the interview process the investigator should be alert to facts or statements that conflict with those gathered by the first responder.

3. Conduct a neighborhood investigation. A thorough canvass of the neighborhood should be conducted without delay. The objective is to identify and interview all persons within the abduction zone who may provide information related to the incident. Investigators should use a standardized set of questions to insure completeness and uniformity of information and facilitate establishment of a database to track leads. Record should also be made of all vehicles parked within the neighborhood and any other conditions that may have future investigative value.

4. Obtain a brief history of recent family dynamics. Information about family dynamics, obtained from family members, neighbors, teachers, classmates, and witnesses can offer valuable insights into what may have happened to the child and where he or she may be found. Records of family contact maintained by law enforcement agencies, social service departments, schools and other organizations should also be obtained and evaluated.

5. Explore the basis for conflicting information. When preliminary investigative steps have been taken, investigators should "compare notes " with the first responder, fellow investigators, and other agency personnel to identify and work through conflicting information. This collaborative evaluation will provide the investigative staff with a solid foundation upon which to structure future case directions.

6. Implement effective case management. An information management system is an essential part of the overall investigative process. Depending on the resources available, information may either be computerized or incorporated in a simple card system. Both methods are used to record, index, cross-reference, and retrieve the facts amassed during an investigation. The method doesn't matter as long as the system works for the investigator in charge of solving the case. NCMEC can provide computer software designed for effective case management.

7. Evaluate the need for additional resources and specialized services. The complexity of many missing child incidents may necessitate the use of resources and services both from within the agency and. from other organizations as well. Investigators should be aware of the input that can be obtained from resources such as the FBJ, NCIC, state missing children clearinghouses, and the National Center for Missing and Exploited Children.

8. Update descriptive information. If it appears that the case will not be resolved promptly, investigators should ensure that the descriptive record, especially that entered into the NCIC Missing Person File, is updated to include dental characteristics, scars, marks and tattoos, fingerprints, along with additional articles of clothing, jewelry, or unique possessions.

9. Monitor media relations. While information gained through effective media relations is often of significant value in a missing child case, investigators should review all notices prior to release to ensure that investigative objectives are not unintentionally compromised.

E. Unidentified Children: An officer assigned to the report of an unidentified person, whether living or deceased, who appears to be a child, will be responsible to:

1. Obtain a complete description. Officers who are assigned to this task should utilize standardized information gathering forms such as the NCIC Unidentified Person File Worksheet.

2. Enter the child's description into the NCIC Unidentified Person File. This file is compared daily with the contents of the NCIC Missing Person File. Entries with common characteristics are flagged and both agencies are informed.

3. Utilize all available resources to aid in identification of the child. The National Center for Missing and Exploited Children, state missing children clearinghouses, and other organizations, such as state medical examiners associations may be of assistance in the identification.

4. Cancel all notifications after identification is confirmed.

E. Recovery and/or Case Closure: An officer who is assigned to the recovery or return of a missing child will be responsible to:

1. Verify that the returned child is, in fact, the reported missing child. All returns should be personally verified by an officer. The benefits of this practice include assessing the child's safety, gaining intelligence about possible predators, and preventing future episodes.

2. Arrange for intervention services. If indicated during the verification process, officers should be alert for indications that additional services may be needed before the child can safely remain with the family. These services may include mental and/or physical health examinations and arrangements for family counseling.

3. Complete the appropriate supplemental reports and cancel alerts (Minnesota Crime Alert, Amber Alert, etc.), remove case from NCIC (as required by Mn. §299C.53 Sub. 2) and other information systems along with removing posters and publications from circulation. ~~all outstanding notifications. Along with cancellation of the NCIC Missing Person File entry~~ and other notifications regarding the case a supplemental report should be completed that describes the child's activities while missing and the circumstances of the recovery/return.

4. Perform constructive post-case critique. Re-assess the procedures used and update the department's policy and procedures as appropriate.

Notes: If appropriate, this section might also include a proviso concerning an agency's limited authority regarding sixteen (16) and seventeen (17) year-old missing children who, when located, may not be detained or required to return home.

This section might also include an entry regarding the recovery of a missing child on behalf of another agency or jurisdiction, including those from other states.

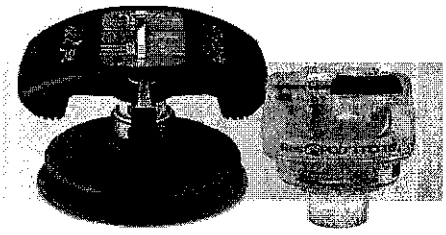
Subject: Allina – Donated Resc-Q-CPR System

Background:

Allina Health applied for and received a grant to purchase RES-Q-CPR System devices that significantly increase the survivability rate of patients in the field who are suffering from cardiac arrest. This claim is supported by evidence-based research and is the only device FDA approved for such claims.

Due to the significant increase in survivability, Allina is donating these devices to 1st Responders within their transportation areas to include all agencies within Isanti County. Allina would like to donate up to 4 of these units, based on availability, which have a MSRP value of approximately $1,300.00 each.



Action:

I am requesting that the City Council review and consider the acceptance of the donation for up to four units based on the availability as established by Allina Health Transportation.

RESOLUTION NO. 2016-_____

RESOLUTION AUTHORIZING STAFF TO ACCEPT A DONATION FROM ALLINA HEALTH OF UP TO FOUR RES-Q-CPR SYSTEM DEVICES

WHEREAS, the Isanti Police Department has been selected by Allina Health to receive up to four RES-Q-CRP System units for its patrol cars; and

WHEREAS, the Police Department would receive free training from Allina Health for the proper use and cleaning of such unit; and

NOW, THEREFORE, IT IS HEREBY RESOLVED by the City Council of the City of Isanti, Minnesota to authorize its Police Department to receive up to four of the donated RES-Q-CPR System units

SECTION 13.

EMPLOYEE EDUCATION & TRAINING

The City promotes staff development as an essential, ongoing function needed to maintain and improve cost effective quality service to residents. The purposes for staff development are to ensure that employees develop and maintain the knowledge and skills necessary for effective job performance and to provide employees with an opportunity for job enrichment and mobility. The City permits and encourages attendance at various education seminars ~~and~~, conferences, and training sessions as approved and budgeted.

Policy

The City will pay for the costs of an employee's participation in training and attendance at professional conferences, seminars, and training sessions provided that attendance is approved in advance and approved by the Department Head and City Administrator. Department/team trainings must also be approved by the Personnel Committee.

Job-Related Training & Conferences

The subject matter of the training session or conference is directly job-related and relevant to the performance of the employee's work responsibilities. Responsibilities outlined in the job description, annual work program requirements and training goals and objectives that have been developed for the employee will be considered in determining if the request is job-related.

CLE or similar courses taken by an employee in order to maintain licensing or other professional accreditation will not be eligible for payment under this policy unless specified in an employment contract or the subject matter relates directly to the employee's duties, even though the employee may be required to maintain such licensing or accreditation as a condition of employment with the City.

The Department Head and the City Administrator are responsible for determining job-relatedness and approving or disapproving training and conference attendance.

Job-Related Meetings

Attendance at regular ongoing professional meetings that an employee has an involvement in and are directly related to the performance of the employee's work responsibilities do not require the approval of the City Administrator. Advance Department Head approval is required to ensure adequate department coverage.

Request for Participation in Training & Conferences

All in state travel and ~~seminar~~ training/conference attendance by City employees must be in accordance with the City's adopted budget and requires prior approval by the appropriate

Department Head. A form requesting travel shall be completed by the employee and shall be submitted to the Department Head for approval and the request is then submitted to the Personnel Department; or in the case a Department Head is requesting travel approval, the Department Head shall forward the request to the Personnel Department for review; the Personnel Department shall forward all requests to the City Administrator for final approval.

All requests must include an estimate of the total cost (training session, travel, meals, etc.) and a statement of how the education or training is related to the performance of the employee's work responsibilities with the City. All training request forms shall be submitted to the City Administrator at least ten (10) days prior to the departure date.

Registration fees, meals, hotel/motel accommodations, public transportation, and other legitimate expenses are reimbursable as follows:

a. Expenses will be reimbursed for employees only. If spouses or guests attend the training sessions, they shall do so at no expense to the City.
b. All registration fees for the training session will be paid by the City, provided that attendance at said sessions was approved and budgeted.
c. Hotel/motel accommodations are reimbursable for the registrant at the single room rate at a hotel/motel most conveniently located to the training session location. If a double occupancy occurs (i.e. a spouse/guest accompanies the employee) the employee is responsible for the additional cost of the double over single occupancy.
d. Lodging for the night before the commencement of a conference, seminar, or meeting may be requested only if the following criteria are met:
    1. The conference begins that evening or prior to 8:00 a.m. the next day.
    2. The miles traveled to the conference site exceed 75 miles.
e. Lodging for a multiple day conference considered to be within driving distance may be requested if one or more of the following criteria are met:
    1. Scheduled events end at 7 p.m. or later
    2. Following day travel to the event would start before 6 a.m.
    3. Miles traveled to the conference sit exceed 75 miles
f. In the event there are extenuating circumstances where lodging is seen as necessary, but does not fall under the outlined criteria above, those instances will be dealt with on a case by case basis by the Personnel Department.
g. The registrant must provide receipts for all of the above expenditures and attach them to the expense report form provided.

All requests must be approved by the employee's supervisor and the City Administrator. Documentation approving conference or training attendance will be provided to the employee.

Out of State Travel

Attendance at training or conferences out of state is approved only if the training or conference is not available locally. All requests for out of state travel are reviewed for approval/disapproval by the City Administrator.

Compensation for Travel & Training Time

Time spent traveling to and from, as well as time spent attending a training session or conference, will be compensated in accordance with the Federal Fair Labor Standards Act.

Travel and other related training expenses will be reimbursed subject to the employee providing necessary receipts and appropriate documentation.

Travel & Meal Allowance

If employees are required to travel outside of the area in performance of their duties as a City employee, they will receive reimbursement of expenses for meals, lodging and necessary expenses incurred. However, the City will not reimburse employees for meals connected with training or meetings within City limits, unless the training or meeting is held as a breakfast, lunch or dinner meeting.

It is the City of Isanti's policy that City vehicles should be used for travel by City employees. However, if circumstances make it impractical to use a City vehicle, and advance approval is given by the Personnel Department prior to attendance, the City of Isanti will reimburse employees for the use of their private vehicles while on official City business at a rate as provided in the current budget. An employee approved to use their personal vehicle shall not be reimbursed for miles that the employee would have driven to and from their place of work; only those miles in excess of their regular miles that would have been driven to and from work shall be reimbursed. Mileage from the employee's home to city offices in the conduct of employment shall not be subject to reimbursement.

City vehicles shall only be used for transportation related to the event being attended.

Private vehicle mileage for use un-related to the event shall not be reimbursed.

Reimbursement will not be provided for any meals which are included as part of registration, tuition, or fees. Receipts for meals must clearly indicate whether the requested reimbursement is for BREAKFAST, LUNCH, or DINNER, and the date of the meal. Reimbursement for meals while on authorized travel shall include only actual expenditures including tax and 15% tip as outlined:

Full Day	$35.00 per day (maximum)
Individual Meals	$10.00 Breakfasts
	$10.00 Lunches
	$15.00 Dinners

Breakfast allowances shall be authorized for Isanti departures prior to 6:00 a.m. and dinner allowances shall be authorized for Isanti arrivals after 7:00 p.m.

Costs for meals which are a scheduled activity of an authorized conference or meeting which are not included in the registration fee shall be fully reimbursed.

Costs for alcoholic beverages shall not be reimbursed

A full reimbursement, over the maximum defined, may be authorized if a lower cost meal is not available when attending banquets, training sessions, or meetings of professional organizations; not to exceed federal guidelines.

Reimbursement Procedures

Expense Report. All requests for reimbursement shall be made on the standard expense report form or claim request form, and shall be submitted to the Department Head for approval; the Department Head shall forward to the City Administrator for final approval.

Receipts shall be attached to the expense report form for those expense items not paid in advance by the City as described:

a. Registration
b. Lodging
c. Meals
d. Other legitimate expenses

Receipts need not be provided for expenses documented on the expense report form for:

a. Public transportation & Parking
b. Other legitimate expenses where a receipt is not available

No advance reimbursement for an approved training session is permitted. Registration and lodging reservation shall be made subject to the employee's travel request form. The Finance Department shall process and provide a check made payable to the organization or lodging entity and either mail in said checks to those entities or provide to the employee to take with them for payment of said registration and/or lodging expenses.

Internal Training

The City of Isanti finds it to be in the best public interest to conduct formal and informal internal training sessions as follows:

a. Holding regular staff meetings at the Department Head level and frequent staff meetings at the employee level.
b. Conduct in-service training seminars on such subjects as safety, etc.
c. Meet and confer with elected and appointed personnel of nearby municipalities or other units of government for the purpose of exchanging ideas which are of mutual benefit.

There shall be no claims approved for personal expenses incurred under this Section.

Team/Department Training

The City of Isanti supports team/department training to enhance the cohesiveness and skills/ abilities of a department or a work team as a whole. Training objectives, costs, location, back-up for any staffing needs, and hours away from work for the training of teams/departments must be reviewed at the Personnel Committee level for approval. Costs for team/ department training must be approved by the City Council.

Memberships and Dues

The purpose of memberships to various professional organizations must be directly related to the betterment of the services of the City. Such memberships shall be approved by the City Council.

Upon separation of employment, individual memberships shall remain with the City and in that case would be the succeeding employee in that position.

WHEREAS, The Isanti City Council has directed City staff, subject to approval of this MOU by Owner, to contract with an environmental firm of City's choosing to conduct a pre-demolition survey and inspection and a Phase I Environmental assessment to assess the condition of the Property; and

WHEREAS, upon review of the of the pre-demolition survey and inspection report and Phase one Environmental assessment the City will make a determination on whether to proceed with the acquisition of the Property as proposed; and

WHEREAS, As part of the pre-demolition survey and environmental process, samples and testing will need to be obtained and conducted on the Property, such that the as a condition to entering into this MOU, the City requires that the Owner agree to hold harmless the City of Isanti and any environmental firm(s) it contracts with (the "Agent(s)" to perform the pre-demolition survey and inspection and Phase I environmental survey from any reasonable damage to the Property and any improvements thereon for any damage occurring thereto as a consequence of such survey, inspection and testing; NOW, THEREFORE, THE PARTIES HEREBY AGREE AS FOLLOWS:

By signing is Memorandum of Understanding the Owner agrees to the following terms and conditions relating to activities conducted by the City of Isanti and Agent to conduct a pre-demolition survey and a Phase I Environmental Assessment on the Property:

1) The Owner will, upon reasonable notice not to exceed seven (7) days, grant City and its Agent(s) full access to the Property for the purpose of conducting a pre-demolition survey, inspection and Phase I Environmental Assessment.
2) The pre-demolition survey and Phase I Environmental Assessment will require obtaining samples onsite and the Owner grants permission to the Purchaser and/or Agent to enter

the site and conduct a pre-demolition Survey and a Phase I Environmental Assessment, and to take such samples as may be reasonably necessary to said purposes.

3) The Owner will hold harmless the Purchaser and/or Agent(s) from any damage or claims of reasonable damage to the Property resulting from, or as a consequence of, the pre-demolition survey, inspection and Phase I Environmental assessment, including the taking of samples or other testing conducted on the Property.

4) The Owner agrees to donate the Property, "as-is" and "with all faults" to the City for a nominal monetary consideration of $1.00 if following said inspection, survey and assessment if the City deems the environmental conditions of the property to be satisfactory following review of the results thereof.

5) The City agrees to hold harmless the Owner from any claims for property damage or personal injury resulting from, or as a consequence of, the demolition survey, inspection and Phase I Environmental assessment.

6) All mortgages and liens against property will be released prior to the closing at Owner's sole expense. The Owner and City acknowledge that the title work has not been updated in many years and that there may be encumbrances that will not be released that will go along with the title to the property (i.e. drainage and utility easements, etc. that can only be determined via an updated title search). The City may elect to accept title "as-is" or to decline to accept conveyance of the Property in the event it determines title to be defective, in the City's sole discretion.

7) By proceeding to conduct the environmental survey, inspection and Phase I Environmental Assessment the City is relying on the Owner's commitment to donate the property to the City should the City find the environmental condition of the Property to be satisfactory, and such reliance shall serve as good and valuable consideration for the enforcement of the terms of this MOU.

8) Whether or not the City decides to accept the donation of the property, the City acknowledges that it will solely be responsible for the cost of the environmental survey, inspection, Phase I Environmental Assessment and any other due diligence matters regarding this transaction.

9) The Owner and City agree that this MOU is in full force and effect for a period of 60 days after signature by both the Owner and City. After the 60 day period the MOU is cancelled. The Owner and City may extend, or amend the MOU after the 60 day period if both the City and Owner agree.

Items 1 – 9 above are defined collectively as (the "Terms and Conditions") of this MOU.

The undersigned hereby acknowledge and agree the Terms and Conditions of this MOU.

RE: Electrical Contractor Maintenance Services

The City received notice from the current provider of electrical maintenance services (North Branch Electric) that they withdrawing from the contract due to closing their business. They will assist us with projects that are already underway, and will serve the City until a contract with a new provider is in place.

The City Council, at their September 16, 2014 meeting had approved specifications with a 5 year term for a provider. With this current situation, staff would like to re-start the 5 year term with a new provider. The only change in the approved specifications would be to start with a new term of June 1, 2016 to May 31, 2021.

A resolution approving specifications with the new term and authorization to re-quote and the specifications are attached for your consideration.

RESOLUTION NO. 2016-XXX

RESOLUTION APPROVING SPECIFICATIONS AND AUTHORIZING THE REQUEST FOR QUOTES FOR ELECTRICAL CONTRACTOR MAINTENANCE SERVICES

WHEREAS, the City has received notice from the current provider of electrical maintenance services (North Branch Electric) that they withdrawing from the contract due to closing their business; and,

WHEREAS, North Branch Electric will assist us with projects that are already underway, and will serve the City until a contract with a new provider is in place; and,

WHEREAS, The City Council, at their September 16, 2014 meeting had approved specifications with a 5 year term for a provider; and,

WHEREAS, staff would like to re-start the 5 year term with a new provider with the only change in the approved specifications being to start with a new term of June 1, 2016 to May 31, 2021.

NOW, THEREFORE, IT IS HEREBY RESOLVED by the City Council of the City of Isanti, Minnesota, as follows:

1) That the specifications for Electrical Maintenance Services are approved.
2) Authorizes the advertisement for quotes.

This resolution was duly approved by the Isanti City Council this 5th day of April 2016.

CITY OF ISANTI
SPECIFICATIONS FOR CONTRACTOR SERVICES

Section 1. Electrical Maintenance Work

The City is accepting proposals to perform electrical maintenance work on an "as-needed basis" for City buildings and facilities. The work may be indoor or outside. This work includes tasks ranging from maintenance of building lighting and electrical systems to small projects in City Parks. Work to be performed under direction of a state licensed Master Electrician. This proposer should list experience, examples of project work, list individual(s) to perform the work, their qualifications and contractor references. A completed Doing Business with the City of Isanti form should be provided with the proposal.

Acceptance of the proposal is for a "first call" basis, and if the contractor is not available or cannot respond in a timely manner, the City reserves the right to contact another vendor. Specialty equipment in city utility and liquor store facilities is not covered under this contract.

Section 2. Contract / Term of Contract

The successful proposer will enter into a contract with the City to provide services. The contact shall be for a five year time period (June 1, 2016 to May 31, 2021).

Section 3. Insurance /Independent Contractor

The Successful Contractor will need to provide to the City a Certificate of Insurance with General and Automobile Liability Insurance in the amount of $1,000,000 and Workers Compensation Insurance in the statutory amounts. The City of Isanti shall be listed on the Certificate as an additional insured.

Independent contractors carrying on a trade or business as sole proprietors must present an Independent Contractor Exemption Certificate (ICEC) when submitting a quote for the above services.

Section 4. Material Costs / Invoice required

For approved materials that need to be ordered for City projects that cost more than $50.00 dollars either individually or in total cost (multiple items), a copy of the vendor invoice that shows the cost to the Contractor for materials needs to be submitted with any request for reimbursement. With the use of materials purchased wholesale, the wholesale cost of the materials needs to be reported and a copy of the vendor receipt provided. In no case shall the contractor's mark-up exceed 10% of the wholesale cost. The City also requires that any rebates be reported and those amounts must be deducted from the cost of materials on the Contractor's bill to the City.

Section 5. References

Please provide contact information for 3 commercial customers that you have performed the above services for. This must be submitted with the proposal.

Section 6. Doing Business with the City

Please complete the attached form and submit with your proposal. The successful contractor must not have any delinquent accounts with the City of Isanti.

Subject: Amendment to Park Naming Policy

The City Council reserves the right to name Parks and to amend current policies.

Attached is a draft amended policy that places that naming option into the Park Naming Policy. The draft policy has been reviewed by the Development and Operations Advisory Committee.

RESOLUTION 2016- _____

A RESOLUTION ADOPTING AMENDMENT TO THE POLICY ON NAMING PARKS

WHEREAS, the City of Isanti had adopted a Policy On Naming Parks to provide a process to name City Parks; and

WHEREAS, the policy did not provide an alternative process for the City Council to name parks; and

WHEREAS, Resolution 2002-030 authorized the Park Naming Policy;

NOW, THEREFORE BE IT RESOLVED BY THE CITY COUNCIL of the City of Isanti, Minnesota, hereby approves the amendment for the Policy On Naming Parks, attached as 'Exhibit A'.

This Resolution hereby approved by the Isanti City Council this 5th day of April 2016.

Exhibit A

POLICY ON NAMING PARKS

Adopted 4-2-2002
Amended 4-5-2016

Introduction:
The naming of parks and park features is a thoughtful process that requires careful analysis. A park name remains with a property long after any knowledge of its origin has passed. The selection of a name for a park should be purposeful and systematic, resulting in a name for both meaningful and symbolic.

A park name may honor a person of significant stature within the community, recognize an organization or group that has contributed to the development of the facility, or appreciate a significant natural aspect of the park. Park names should be apolitical and honor a community contribution to the park, rather than an affiliation with a political party or action group.

The following procedures are meant as a systematic process to develop meaningful and creative names for the City of Isanti parks and park system. The procedures are intended to simplify the process, ensure consistency in park and facility naming, remove emotional motivations and encourage creativity. The City of Isanti's future park names will exhibit balance, diversity and creativity.

Timing:
The park naming process is lengthy by design. It is intended to minimize the emotional impact of the naming process or a naming request. All involved have time to consider long-term implications of the name.

A working name may be used before development. The working name should be nondescript and should not resemble a possible permanent name. When acquiring land for future parks, the assignment of a permanent park name may be delayed significantly. A temporary identification will be needed until development. A permanent name will be recommended by the Park and Recreation Board for adoption by the City Council.

Renaming Park Facilities:
Parks should be renamed only after careful consideration. Renaming a park should be considered if one or more of the following criteria is met:

1. The park name is the working name assigned prior to development.
2. Primary park users have submitted a name change petition for consideration through this park naming policy.
3. A person or group contributes a significant portion of the cost of acquiring, developing, renovation or adding land.
4. A park can be renamed for a living person or in memory of someone who has significantly contributed to the

community. The honoree should have completed at least ten years of services. A waiting period is required of six months from the conclusion of service or death.

Memorials:
As a tribute to a deceased resident, a person or group may donate a memorial such as a tree or planting with a plaque; or a bench, picnic shelter, or other park structure. The donor must pay the cost of the memorial, plus installation and future park maintenance required. Planting and location plans must be submitted in advance for approval by the City Administrator / Appropriate Staff. Plaque size must be no larger than 15 inches by 15 inches. City Staff will supervise the installation of memorials.

Procedures for Naming Parks:

The following procedures ~~should~~ may be followed in naming of parks. The City Council reserves the right to select a name for a City Park:

1. Staff will prepare a list of potential names and rationale based on input from appropriate sources, including a public notice in the City's official newspaper asking for citizen input; or a contest. The list will be filtered based on the criteria in this policy.
2. The Parks and Recreation Board will review the potential names. The commission will discuss each name and its merits. Names may be added or eliminated for the list at this time. No decision will be made at this point.
3. Staff should provide information requested by the commission at their next meeting. At this meeting, the commission will limit the list to three names.
4. At their next meeting, the Parks and Recreation Board shall debate the remaining names and select a name to be recommended to the City Council.
5. The proposed park name will then be submitted to the City Council for their approval at their next regular City Council meeting. If not approved, the City Council will return the issue to the Parks and Recreation Board with direction.

Park Naming Criteria:
The following criteria should be used to generate a list of potential names for consideration:

1. The name of the development.
2. The name of the neighborhood.
3. A name associated with a former school in the City.
4. Local points of interest or focal point near the park.
5. A stream, creek or body of water near the park..
6. A hill, valley, or topographic feature associated with the park.
7. An event or historical occurrence associated with the park.
8. A creative name based on an impression of the site.

9. A name based on vegetation or ecology of the area.
10. A dominant feature of the site.
11. A person or group who dedicates the majority of the land or cost for the park.

RESOLUTION NO. 2016-_____

RESOLUTION APPROVING STATE OF MINNESOTA JOINT POWERS AGREEMENTS WITH THE CITY OF ISANTI ON BEHALF OF ITS CITY ATTORNEY AND POLICE DEPARTMENT

WHEREAS, the City of Isanti on behalf of its Prosecuting Attorney and Police Department desires to enter into Joint Powers Agreements with the State of Minnesota, Department of Public Safety, Bureau of Criminal Apprehension to use systems and tools available over the State's criminal justice data communications network for which the City is eligible. The Joint Powers Agreements further provide the City with the ability to add, modify and delete connectivity, systems and tools over the five year life of the agreement and obligates the City to pay the costs for the network connection.

NOW, THEREFORE, BE IT RESOLVED by the City Council of the City of Isanti, Minnesota as follows:

1. That the State of Minnesota Joint Powers Agreements by and between the State of Minnesota acting through its Department of Public Safety, Bureau of Criminal Apprehension and the City of Isanti on behalf of its Prosecuting Attorney and Police Department, are hereby approved. Copies of the two Joint Powers Agreements are attached to this Resolution and made a part of it.

2. That the Chief of Police, Gene C. Hill, or his or her successor, is designated the Authorized Representative for the Police Department. The Authorized Representative is also authorized to sign any subsequent amendment or agreement that may be required by the State of Minnesota to maintain the City's connection to the systems and tools offered by the State.

To assist the Authorized Representative with the administration of the agreement, Administrative Assistant to the Chief, Penelope Anderson is appointed as the Authorized Representative's designee.

3. That the City Attorney, Clark A. Joslin of Joslin & Moore Law Offices, P.A., or his or her successor, is designated the Authorized Representative for the Prosecuting Attorney. The Authorized Representative is also authorized to sign any subsequent amendment or agreement that may be required by the State of Minnesota to maintain the City's connection to the systems and tools offered by the State.

To assist the Authorized Representative with the administration of the agreement, Legal Assistants Dana Millsap and Betty Stickels, or their successors, are appointed as the Authorized Representative's designees.

4. That George Wimmer, the Mayor for the City of Isanti, and Karissa Henning, the City Clerk, are authorized to sign the State of Minnesota Joint Powers Agreements.

Passed and Adopted by the Council on this 5th day of April, 2016.

COURT DATA SERVICES SUBSCRIBER AMENDMENT TO CJDN SUBSCRIBER AGREEMENT

This Court Data Services Subscriber Amendment ("Subscriber Amendment") is entered into by the State of Minnesota, acting through its Department of Public Safety, Bureau of Criminal Apprehension, ("BCA") and the City of Isanti on behalf of its Police Department ("Agency"), and by and for the benefit of the State of Minnesota acting through its State Court Administrator's Office ("Court") who shall be entitled to enforce any provisions hereof through any legal action against any party.

Recitals

This Subscriber Amendment modifies and supplements the Agreement between the BCA and Agency, SWIFT Contract number 107117, of even or prior date, for Agency use of BCA systems and tools (referred to herein as "the CJDN Subscriber Agreement"). Certain BCA systems and tools that include access to and/or submission of Court Records may only be utilized by the Agency if the Agency completes this Subscriber Amendment. The Agency desires to use one or more BCA systems and tools to access and/or submit Court Records to assist the Agency in the efficient performance of its duties as required or authorized by law or court rule. Court desires to permit such access and/or submission. This Subscriber Amendment is intended to add Court as a party to the CJDN Subscriber Agreement and to create obligations by the Agency to the Court that can be enforced by the Court. It is also understood that, pursuant to the Master Joint Powers Agreement for Delivery of Court Data Services to CJDN Subscribers ("Master Authorization Agreement") between the Court and the BCA, the BCA is authorized to sign this Subscriber Amendment on behalf of Court. Upon execution the Subscriber Amendment will be incorporated into the CJDN Subscriber Agreement by reference. The BCA, the Agency and the Court desire to amend the CJDN Subscriber Agreement as stated below.

The CJDN Subscriber Agreement is amended by the addition of the following provisions:

1. **TERM; TERMINATION; ONGOING OBLIGATIONS.** This Subscriber Amendment shall be effective on the date finally executed by all parties and shall remain in effect until expiration or termination of the CJDN Subscriber Agreement unless terminated earlier as provided in this Subscriber Amendment. Any party may terminate this Subscriber Amendment with or without cause by giving written notice to all other parties. The effective date of the termination shall be thirty days after the other party's receipt of the notice of termination, unless a later date is specified in the notice. The provisions of sections 5 through 9, 12.b., 12.c., and 15 through 24 shall survive any termination of this Subscriber Amendment as shall any other provisions which by their nature are intended or expected to survive such termination. Upon termination, the Subscriber shall perform the responsibilities set forth in paragraph 7(f) hereof.

2. **Definitions**. Unless otherwise specifically defined, each term used herein shall have the meaning assigned to such term in the CJDN Subscriber Agreement.

a. **"Authorized Court Data Services"** means Court Data Services that have been authorized for delivery to CJDN Subscribers via BCA systems and tools pursuant to an Authorization Amendment to the Joint Powers Agreement for Delivery of Court Data Services to CJDN Subscribers ("Master Authorization Agreement") between the Court and the BCA.

b. **"Court Data Services"** means one or more of the services set forth on the Justice Agency Resource webpage of the Minnesota Judicial Branch website (for which the current address is www.courts.state.mn.us) or other location designated by the Court, as the same may be amended from time to time by the Court.

c. "**Court Records**" means all information in any form made available by the Court to Subscriber through the BCA for the purposes of carrying out this Subscriber Amendment, including:

i. "**Court Case Information**" means any information in the Court Records that conveys information about a particular case or controversy, including without limitation Court Confidential Case Information, as defined herein.

ii. "**Court Confidential Case Information**" means any information in the Court Records that is inaccessible to the public pursuant to the Rules of Public Access and that conveys information about a particular case or controversy.

iii. **"Court Confidential Security and Activation Information"** means any information in the Court Records that is inaccessible to the public pursuant to the Rules of Public Access and that explains how to use or gain access to Court Data Services, including but not limited to login account names, passwords, TCP/IP addresses, Court Data Services user manuals, Court Data Services Programs, Court Data Services Databases, and other technical information.

iv. "**Court Confidential Information**" means any information in the Court Records that is inaccessible to the public pursuant to the Rules of Public Access, including without limitation both i) Court Confidential Case Information; and ii) Court Confidential Security and Activation Information.

d. "**DCA**" shall mean the district courts of the state of Minnesota and their respective staff.

e. "**Policies & Notices**" means the policies and notices published by the Court in connection with each of its Court Data Services, on a website or other location designated by the Court, as the same may be amended from time to time by the Court. Policies & Notices for each Authorized Court Data Service identified in an approved request form under section 3, below, are hereby made part of this Subscriber Amendment by this reference and provide additional terms and conditions that govern Subscriber's use of Court Records accessed through such services, including but not limited to provisions on access and use limitations.

f. "**Rules of Public Access**" means the Rules of Public Access to Records of the Judicial Branch promulgated by the Minnesota Supreme Court, as the same may be amended from time to time, including without limitation lists or tables published from time to time by the Court entitled *Limits on Public Access to Case Records or Limits on Public Access to Administrative Records*, all of which by this reference are made a part of this Subscriber Amendment. It is the obligation of Subscriber to check from time to time for updated rules, lists, and tables and be familiar with the contents thereof. It is contemplated that such rules, lists, and tables will be posted on the Minnesota Judicial Branch website, for which the current address is www.courts.state.mn.us.

g. "**Court**" shall mean the State of Minnesota, State Court Administrator's Office.

h. **"Subscriber"** shall mean the Agency.

i. "**Subscriber Records**" means any information in any form made available by the Subscriber to the Court for the purposes of carrying out this Subscriber Amendment.

3. REQUESTS FOR AUTHORIZED COURT DATA SERVICES. Following execution of this Subscriber Amendment by all parties, Subscriber may submit to the BCA one or more separate requests for Authorized Court Data Services. The BCA is authorized in the Master Authorization Agreement to process, credential and approve such requests on behalf of Court and all such requests approved by the BCA are adopted and incorporated herein by this reference the same as if set forth verbatim herein.

a. Activation. Activation of the requested Authorized Court Data Service(s) shall occur promptly following approval.

b. Rejection. Requests may be rejected for any reason, at the discretion of the BCA and/or the Court.

c. Requests for Termination of One or More Authorized Court Data Services. The Subscriber may request the termination of an Authorized Court Data Services previously requested by submitting a notice to Court with a copy to the BCA. Promptly upon receipt of a request for termination of an Authorized Court Data Service, the BCA will deactivate the service requested. The termination of one or more Authorized Court Data Services does not terminate this Subscriber Amendment. Provisions for termination of this Subscriber Amendment are set forth in section 1. Upon termination of Authorized Court Data Services, the Subscriber shall perform the responsibilities set forth in paragraph 7(f) hereof.

4. SCOPE OF ACCESS TO COURT RECORDS LIMITED. Subscriber's access to and/or submission of the Court Records shall be limited to Authorized Court Data Services identified in an approved request form under section 3, above, and other Court Records necessary for Subscriber to use Authorized Court Data Services. Authorized Court Data Services shall only be used according to the instructions provided in corresponding Policies & Notices or other materials and only as necessary to assist Subscriber in the efficient performance of Subscriber's duties

required or authorized by law or court rule in connection with any civil, criminal, administrative, or arbitral proceeding in any Federal, State, or local court or agency or before any self-regulatory body. Subscriber's access to the Court Records for personal or non-official use is prohibited. Subscriber will not use or attempt to use Authorized Court Data Services in any manner not set forth in this Subscriber Amendment, Policies & Notices, or other Authorized Court Data Services documentation, and upon any such unauthorized use or attempted use the Court may immediately terminate this Subscriber Amendment without prior notice to Subscriber.

5. **GUARANTEES OF CONFIDENTIALITY.** Subscriber agrees:

a. To not disclose Court Confidential Information to any third party except where necessary to carry out the Subscriber's duties as required or authorized by law or court rule in connection with any civil, criminal, administrative, or arbitral proceeding in any Federal, State, or local court or agency or before any self-regulatory body.

b. To take all appropriate action, whether by instruction, agreement, or otherwise, to insure the protection, confidentiality and security of Court Confidential Information and to satisfy Subscriber's obligations under this Subscriber Amendment.

c. To limit the use of and access to Court Confidential Information to Subscriber's bona fide personnel whose use or access is necessary to effect the purposes of this Subscriber Amendment, and to advise each individual who is permitted use of and/or access to any Court Confidential Information of the restrictions upon disclosure and use contained in this Subscriber Amendment, requiring each individual who is permitted use of and/or access to Court Confidential Information to acknowledge in writing that the individual has read and understands such restrictions. Subscriber shall keep such acknowledgements on file for one year following termination of the Subscriber Amendment and/or CJDN Subscriber Agreement, whichever is longer, and shall provide the Court with access to, and copies of, such acknowledgements upon request. For purposes of this Subscriber Amendment, Subscriber's bona fide personnel shall mean individuals who are employees of Subscriber or provide services to Subscriber either on a voluntary basis or as independent contractors with Subscriber.

d. That, without limiting section 1 of this Subscriber Amendment, the obligations of Subscriber and its bona fide personnel with respect to the confidentiality and security of Court Confidential Information shall survive the termination of this Subscriber Amendment and the CJDN Subscriber Agreement and the termination of their relationship with Subscriber.

e. That, notwithstanding any federal or state law applicable to the nondisclosure obligations of Subscriber and Subscriber's bona fide personnel under this Subscriber Amendment, such obligations of Subscriber and Subscriber's bona fide personnel are founded independently on the provisions of this Subscriber Amendment.

6. **APPLICABILITY TO PREVIOUSLY DISCLOSED COURT RECORDS.** Subscriber acknowledges and agrees that all Authorized Court Data Services and related Court Records disclosed to Subscriber prior to the effective date of this Subscriber Amendment shall be subject to the provisions of this Subscriber Amendment.

7. **LICENSE AND PROTECTION OF PROPRIETARY RIGHTS.** During the term of this Subscriber Amendment, subject to the terms and conditions hereof, the Court hereby grants to Subscriber a nonexclusive, nontransferable, limited license to use Court Data Services Programs and Court Data Services Databases to access or receive the Authorized Court Data Services identified in an approved request form under section 3, above, and related Court Records. Court reserves the right to make modifications to the Authorized Court Data Services, Court Data Services Programs, and Court Data Services Databases, and related materials without notice to Subscriber. These modifications shall be treated in all respects as their previous counterparts.

a. Court Data Services Programs. Court is the copyright owner and licensor of the Court Data Services Programs. The combination of ideas, procedures, processes, systems, logic, coherence and methods of operation embodied within the Court Data Services Programs, and all information contained in documentation pertaining to the Court Data Services Programs, including but not limited to manuals, user documentation, and passwords, are trade secret information of Court and its licensors.

b. Court Data Services Databases. Court is the copyright owner and licensor of the Court Data Services Databases and of all copyrightable aspects and components thereof. All specifications and information pertaining to the Court Data Services Databases and their structure, sequence and organization, including without limitation data schemas such as the Court XML Schema, are trade secret information of Court and its licensors.

c. Marks. Subscriber shall neither have nor claim any right, title, or interest in or use of any trademark used in connection with Authorized Court Data Services, including but not limited to the marks "MNCIS" and "Odyssey."

d. Restrictions on Duplication, Disclosure, and Use. Trade secret information of Court and its licensors will be treated by Subscriber in the same manner as Court Confidential Information. In addition, Subscriber will not copy any part of the Court Data Services Programs or Court Data Services Databases, or reverse engineer or otherwise attempt to discern the source code of the Court Data Services Programs or Court Data Services Databases, or use any trademark of Court or its licensors, in any way or for any purpose not specifically and expressly authorized by this Subscriber Amendment. As used herein, "trade secret information of Court and its licensors" means any information possessed by Court which derives independent economic value from not being generally known to, and not being readily ascertainable by proper means by, other persons who can obtain economic value from its disclosure or use. "Trade secret information of Court and its licensors" does not, however, include information which was known to Subscriber prior to Subscriber's receipt thereof, either directly or indirectly, from Court or its licensors, information which is independently developed by Subscriber without reference to or use of information received from Court or its licensors, or information which would not qualify as a trade secret under Minnesota law. It will not be a violation of this section 7, sub-section d, for Subscriber to make up to one copy of training materials and configuration documentation, if any, for each individual authorized to access, use, or configure Authorized Court Data Services, solely for its own use in connection with this Subscriber Amendment. Subscriber will take all steps reasonably necessary to protect the copyright, trade secret, and trademark rights of Court and its licensors and Subscriber will advise its bona fide personnel who are permitted access to any of the Court Data Services Programs and Court Data Services Databases, and trade secret information of Court and its licensors, of the restrictions upon duplication, disclosure and use contained in this Subscriber Amendment.

e. **Proprietary Notices.** Subscriber will not remove any copyright or proprietary notices included in and/or on the Court Data Services Programs or Court Data Services Databases, related documentation, or trade secret information of Court and its licensors, or any part thereof, made available by Court directly or through the BCA, if any, and Subscriber will include in and/or on any copy of the Court Data Services Programs or Court Data Services Databases, or trade secret information of Court and its licensors and any documents pertaining thereto, the same copyright and other proprietary notices as appear on the copies made available to Subscriber by Court directly or through the BCA, except that copyright notices shall be updated and other proprietary notices added as may be appropriate.

f. **Title; Return.** The Court Data Services Programs and Court Data Services Databases, and related documentation, including but not limited to training and configuration material, if any, and logon account information and passwords, if any, made available by the Court to Subscriber directly or through the BCA and all copies, including partial copies, thereof are and remain the property of the respective licensor. Except as expressly provided in section 12.b., within ten days of the effective date of termination of this Subscriber Amendment or the CJDN Subscriber Agreement or within ten days of a request for termination of Authorized Court Data Service as described in section 4, Subscriber shall either: (i) uninstall and return any and all copies of the applicable Court Data Services Programs and Court Data Services Databases, and related documentation, including but not limited to training and configuration materials, if any, and logon account information, if any; or (2) destroy the same and certify in writing to the Court that the same have been destroyed.

8. **INJUNCTIVE RELIEF**. Subscriber acknowledges that the Court, Court's licensors, and DCA will be irreparably harmed if Subscriber's obligations under this Subscriber Amendment are not specifically enforced and that the Court, Court's licensors, and DCA would not have an adequate remedy at law in the event of an actual or threatened violation by Subscriber of its obligations. Therefore, Subscriber agrees that the Court, Court's licensors, and DCA shall be entitled to an injunction or any appropriate decree of specific performance for any actual or threatened violations or breaches by Subscriber or its bona fide personnel without the necessity of the Court, Court's licensors, or DCA showing actual damages or that monetary damages would not afford an adequate remedy. Unless Subscriber is an office, officer, agency, department, division, or bureau of the state of Minnesota, Subscriber shall be liable to the Court, Court's licensors, and DCA for reasonable attorneys fees incurred by the Court, Court's licensors, and DCA in obtaining any relief pursuant to this Subscriber Amendment.

9. **LIABILITY.** Subscriber and the Court agree that, except as otherwise expressly provided herein, each party will be responsible for its own acts and the results thereof to the extent authorized by law and shall not be responsible for the acts of any others and the results thereof. Liability shall be governed by applicable law. Without limiting the foregoing, liability of the Court and any Subscriber that is an office, officer, agency, department, division, or bureau of the state of Minnesota shall be governed by the provisions of the Minnesota Tort Claims Act, Minnesota Statutes, section 3.376, and other applicable law. Without limiting the foregoing, if Subscriber is a political subdivision of the state of Minnesota, liability of the Subscriber shall be governed by the provisions of Minn. Stat. Ch. 466 (Tort Liability, Political Subdivisions) or other applicable law. Subscriber and Court further acknowledge that the liability, if any, of the BCA is governed by a separate agreement between the Court and the BCA dated December 13, 2010 with DPS-M -0958.

10. AVAILABILITY. Specific terms of availability shall be established by the Court and communicated to Subscriber by the Court and/or the BCA. The Court reserves the right to terminate this Subscriber Amendment immediately and/or temporarily suspend Subscriber's Authorized Court Data Services in the event the capacity of any host computer system or legislative appropriation of funds is determined solely by the Court to be insufficient to meet the computer needs of the courts served by the host computer system.

11. [reserved]

12. ADDITIONAL USER OBLIGATIONS. The obligations of the Subscriber set forth in this section are in addition to the other obligations of the Subscriber set forth elsewhere in this Subscriber Amendment.

a. Judicial Policy Statement. Subscriber agrees to comply with all policies identified in Policies & Notices applicable to Court Records accessed by Subscriber using Authorized Court Data Services. Upon failure of the Subscriber to comply with such policies, the Court shall have the option of immediately suspending the Subscriber's Authorized Court Data Services on a temporary basis and/or immediately terminating this Subscriber Amendment.

b. Access and Use; Log. Subscriber shall be responsible for all access to and use of Authorized Court Data Services and Court Records by Subscriber's bona fide personnel or by means of Subscriber's equipment or passwords, whether or not Subscriber has knowledge of or authorizes such access and use. Subscriber shall also maintain a log identifying all persons to whom Subscriber has disclosed its Court Confidential Security and Activation Information, such as user ID(s) and password(s), including the date of such disclosure. Subscriber shall maintain such logs for a minimum period of six years from the date of disclosure, and shall provide the Court with access to, and copies of, such logs upon request. The Court may conduct audits of Subscriber's logs and use of Authorized Court Data Services and Court Records from time to time. Upon Subscriber's failure to maintain such logs, to maintain accurate logs, or to promptly provide access by the Court to such logs, the Court may terminate this Subscriber Amendment without prior notice to Subscriber.

c. Personnel. Subscriber agrees to investigate, at the request of the Court and/or the BCA, allegations of misconduct pertaining to Subscriber's bona fide personnel having access to or use of Authorized Court Data Services, Court Confidential Information, or trade secret information of the Court and its licensors where such persons are alleged to have violated the provisions of this Subscriber Amendment, Policies & Notices, Judicial Branch policies, or other security requirements or laws regulating access to the Court Records.

d. Minnesota Data Practices Act Applicability. If Subscriber is a Minnesota Government entity that is subject to the Minnesota Government Data Practices Act, Minn. Stat. Ch. 13, Subscriber acknowledges and agrees that: (1) the Court is not subject to Minn. Stat. Ch. 13 (see section 13.90) but is subject to the Rules of Public Access and other rules promulgated by the Minnesota Supreme Court; (2) Minn. Stat. section 13.03, subdivision 4(e) requires that Subscriber comply with the Rules of Public Access and other rules promulgated by the Minnesota Supreme Court for access to Court Records provided via the

BCA systems and tools under this Subscriber Amendment; (3) the use of and access to Court Records may be restricted by rules promulgated by the Minnesota Supreme Court, applicable state statute or federal law; and (4) these applicable restrictions must be followed in the appropriate circumstances.

13. FEES; INVOICES. Unless the Subscriber is an office, officer, department, division, agency, or bureau of the state of Minnesota, Subscriber shall pay the fees, if any, set forth in applicable Policies & Notices, together with applicable sales, use or other taxes. Applicable monthly fees commence ten (10) days after notice of approval of the request pursuant to section 3 of this Subscriber Amendment or upon the initial Subscriber transaction as defined in the Policies & Notices, whichever occurs earlier. When fees apply, the Court shall invoice Subscriber on a monthly basis for charges incurred in the preceding month and applicable taxes, if any, and payment of all amounts shall be due upon receipt of invoice. If all amounts are not paid within 30 days of the date of the invoice, the Court may immediately cancel this Subscriber Amendment without notice to Subscriber and pursue all available legal remedies. Subscriber certifies that funds have been appropriated for the payment of charges under this Subscriber Amendment for the current fiscal year, if applicable.

14. MODIFICATION OF FEES. Court may modify the fees by amending the Policies & Notices as provided herein, and the modified fees shall be effective on the date specified in the Policies & Notices, which shall not be less than thirty days from the publication of the Policies & Notices. Subscriber shall have the option of accepting such changes or terminating this Subscriber Amendment as provided in section 1 hereof.

15. WARRANTY DISCLAIMERS.

a. WARRANTY EXCLUSIONS. EXCEPT AS SPECIFICALLY AND EXPRESSLY PROVIDED HEREIN, COURT, COURT'S LICENSORS, AND DCA MAKE NO REPRESENTATIONS OR WARRANTIES OF ANY KIND, INCLUDING BUT NOT LIMITED TO THE WARRANTIES OF FITNESS FOR A PARTICULAR PURPOSE OR MERCHANTABILITY, NOR ARE ANY WARRANTIES TO BE IMPLIED, WITH RESPECT TO THE INFORMATION, SERVICES OR COMPUTER PROGRAMS MADE AVAILABLE UNDER THIS AGREEMENT.

b. ACCURACY AND COMPLETENESS OF INFORMATION. WITHOUT LIMITING THE GENERALITY OF THE PRECEDING PARAGRAPH, COURT, COURT'S LICENSORS, AND DCA MAKE NO WARRANTIES AS TO THE ACCURACY OR COMPLETENESS OF THE INFORMATION CONTAINED IN THE COURT RECORDS.

16. RELATIONSHIP OF THE PARTIES. Subscriber is an independent contractor and shall not be deemed for any purpose to be an employee, partner, agent or franchisee of the Court, Court's licensors, or DCA. Neither Subscriber nor the Court, Court's licensors, or DCA shall have the right nor the authority to assume, create or incur any liability or obligation of any kind, express or implied, against or in the name of or on behalf of the other.

17. NOTICE. Except as provided in section 2 regarding notices of or modifications to Authorized Court Data Services and Policies & Notices, any notice to Court or Subscriber

hereunder shall be deemed to have been received when personally delivered in writing or seventy-two (72) hours after it has been deposited in the United States mail, first class, proper postage prepaid, addressed to the party to whom it is intended at the address set forth on page one of this Agreement or at such other address of which notice has been given in accordance herewith.

18. NON-WAIVER. The failure by any party at any time to enforce any of the provisions of this Subscriber Amendment or any right or remedy available hereunder or at law or in equity, or to exercise any option herein provided, shall not constitute a waiver of such provision, remedy or option or in any way affect the validity of this Subscriber Amendment. The waiver of any default by either Party shall not be deemed a continuing waiver, but shall apply solely to the instance to which such waiver is directed.

19. FORCE MAJEURE. Neither Subscriber nor Court shall be responsible for failure or delay in the performance of their respective obligations hereunder caused by acts beyond their reasonable control.

20. SEVERABILITY. Every provision of this Subscriber Amendment shall be construed, to the extent possible, so as to be valid and enforceable. If any provision of this Subscriber Amendment so construed is held by a court of competent jurisdiction to be invalid, illegal or otherwise unenforceable, such provision shall be deemed severed from this Subscriber Amendment, and all other provisions shall remain in full force and effect.

21. ASSIGNMENT AND BINDING EFFECT. Except as otherwise expressly permitted herein, neither Subscriber nor Court may assign, delegate and/or otherwise transfer this Subscriber Amendment or any of its rights or obligations hereunder without the prior written consent of the other. This Subscriber Amendment shall be binding upon and inure to the benefit of the Parties hereto and their respective successors and assigns, including any other legal entity into, by or with which Subscriber may be merged, acquired or consolidated.

22. GOVERNING LAW. This Subscriber Amendment shall in all respects be governed by and interpreted, construed and enforced in accordance with the laws of the United States and of the State of Minnesota.

23. VENUE AND JURISDICTION. Any action arising out of or relating to this Subscriber Amendment, its performance, enforcement or breach will be venued in a state or federal court situated within the State of Minnesota. Subscriber hereby irrevocably consents and submits itself to the personal jurisdiction of said courts for that purpose.

24. INTEGRATION. This Subscriber Amendment contains all negotiations and agreements between the parties. No other understanding regarding this Subscriber Amendment, whether written or oral, may be used to bind either party, provided that all terms and conditions of the CJDN Subscriber Agreement and all previous amendments remain in full force and effect except as supplemented or modified by this Subscriber Amendment.

IN WITNESS WHEREOF, the Parties have, by their duly authorized officers, executed this Subscriber Amendment in duplicate, intending to be bound thereby.

1. SUBSCRIBER (AGENCY)

Subscriber must attach written verification of authority to sign on behalf of and bind the entity, such as an opinion of counsel or resolution.

STATE OF MINNESOTA
JOINT POWERS AGREEMENT
AUTHORIZED AGENCY

This agreement is between the State of Minnesota, acting through its Department of Public Safety, Bureau of Criminal Apprehension ("BCA") and the City of Isanti on behalf of its Police Department ("Agency").

Recitals

Under Minn. Stat. § 471.59, the BCA and the Agency are empowered to engage in those agreements that are necessary to exercise their powers. Under Minn. Stat. § 299C.46 the BCA must provide a criminal justice data communications network to benefit authorized agencies in Minnesota. The Agency is authorized by law to utilize the criminal justice data communications network pursuant to the terms set out in this agreement. In addition, BCA either maintains repositories of data or has access to repositories of data that benefit authorized agencies in performing their duties. Agency wants to access these data in support of its official duties.

The purpose of this Agreement is to create a method by which the Agency has access to those systems and tools for which it has eligibility, and to memorialize the requirements to obtain access and the limitations on the access.

Agreement

1 Term of Agreement

1.1 ***Effective date*:** This Agreement is effective on the date the BCA obtains all required signatures under Minn. Stat. § 16C.05, subdivision 2.

1.2 ***Expiration date*:** This Agreement expires five years from the date it is effective.

2 Agreement between the Parties

2.1 General access. BCA agrees to provide Agency with access to the Minnesota Criminal Justice Data Communications Network (CJDN) and those systems and tools which the Agency is authorized by law to access via the CJDN for the purposes outlined in Minn. Stat. § 299C.46.

2.2 Methods of access.

The BCA offers three (3) methods of access to its systems and tools. The methods of access are:

A. **Direct access** occurs when individual users at the Agency use Agency's equipment to access the BCA's systems and tools. This is generally accomplished by an individual user entering a query into one of BCA's systems or tools.

B. **Indirect access** occurs when individual users at the Agency go to another Agency to obtain data and information from BCA's systems and tools. This method of access generally results in the Agency with indirect access obtaining the needed data and information in a physical format like a paper report.

C. **Computer-to-computer system interface** occurs when Agency's computer exchanges data and information with BCA's computer systems and tools using an interface. Without limitation, interface types include: state message switch, web services, enterprise service bus and message queuing.

For purposes of this Agreement, Agency employees or contractors may use any of these methods to use BCA's systems and tools as described in this Agreement. Agency will select a method of access and can change the methodology following the process in Clause 2.10.

2.3 Federal systems access. In addition, pursuant to 28 CFR §20.30-38 and Minn. Stat. §299C.58, BCA may provide Agency with access to the Federal Bureau of Investigation (FBI) National Crime Information Center.

2.4 Agency policies. Both the BCA and the FBI's Criminal Justice Information Systems (FBI-CJIS) have policies, regulations and laws on access, use, audit, dissemination, hit confirmation, logging, quality assurance, screening (pre-employment), security, timeliness, training, use of the system, and validation. Agency has created its own policies to ensure that Agency's employees and contractors comply with all applicable requirements. Agency ensures this compliance through appropriate enforcement. These BCA and FBI-CJIS policies and regulations, as amended and updated from time to time, are incorporated into this Agreement by reference. The policies are available at https://app.dps.mn.gov/cjdn.

2.5 Agency resources. To assist Agency in complying with the federal and state requirements on access to and use of the various systems and tools, information is available at https://sps.x.state.mn.us/sites/bcaservicecatalog/default.aspx. Additional information on appropriate use is found in the Minnesota Bureau of Criminal Apprehension Policy on Appropriate Use of Systems and Data available at https://dps.mn.gov/divisions/bca/bca-divisions/mnjis/Documents/BCA-Policy-on-Appropriate-Use-of-Systems-and-Data.pdf.

2.6 Access granted.

A. Agency is granted permission to use all current and future BCA systems and tools for which Agency is eligible. Eligibility is dependent on Agency (i) satisfying all applicable federal or state statutory requirements; (ii) complying with the terms of this Agreement; and (iii) acceptance by BCA of Agency's written request for use of a specific system or tool.

B. To facilitate changes in systems and tools, Agency grants its Authorized Representative authority to make written requests for those systems and tools provided by BCA that the Agency needs to meet its criminal justice obligations and for which Agency is eligible.

2.7 Future access. On written request by Agency, BCA also may provide Agency with access to those systems or tools which may become available after the signing of this Agreement, to the extent that the access is authorized by applicable state and federal law. Agency agrees to be bound by the terms and conditions contained in this Agreement that when utilizing new systems or tools provided under this Agreement.

2.8 Limitations on access. BCA agrees that it will comply with applicable state and federal laws when making information accessible. Agency agrees that it will comply with applicable state and federal laws when accessing, entering, using, disseminating, and storing data. Each party is responsible for its own compliance with the most current applicable state and federal laws.

2.9 Supersedes prior agreements. This Agreement supersedes any and all prior agreements between the BCA and the Agency regarding access to and use of systems and tools provided by BCA.

2.10 Requirement to update information. The parties agree that if there is a change to any of the information whether required by law or this Agreement, the party will send the new information to the other party in writing within 30 days of the change. This clause does not apply to changes in systems or tools provided under this Agreement.

This requirement to give notice additionally applies to changes in the individual or organization serving a city as its prosecutor. Any change in performance of the prosecutorial function must be provided to the BCA in writing by giving notice to the Service Desk, BCA.ServiceDesk@state.mn.us.

2.11 Transaction record. The BCA creates and maintains a transaction record for each exchange of data utilizing its systems and tools. In order to meet FBI-CJIS requirements and to perform the audits described in Clause 7, there must be a method of identifying which individual users at the Agency conducted a particular transaction.

If Agency uses either direct access as described in Clause 2.2A or indirect access as described in Clause 2.2B, BCA's transaction record meets FBI-CJIS requirements.

When Agency's method of access is a computer to computer interface as described in Clause 2.2C, the Agency must

keep a transaction record sufficient to satisfy FBI-CJIS requirements and permit the audits described in Clause 7 to occur.

If an Agency accesses data from the Driver and Vehicle Services Division in the Minnesota Department of Public Safety and keeps a copy of the data, Agency must have a transaction record of all subsequent access to the data that are kept by the Agency. The transaction record must include the individual user who requested access, and the date, time and content of the request. The transaction record must also include the date, time and content of the response along with the destination to which the data were sent. The transaction record must be maintained for a minimum of six (6) years from the date the transaction occurred and must be made available to the BCA within one (1) business day of the BCA's request.

2.12 Court information access. Certain BCA systems and tools that include access to and/or submission of Court Records may only be utilized by the Agency if the Agency completes the Court Data Services Subscriber Amendment, which upon execution will be incorporated into this Agreement by reference. These BCA systems and tools are identified in the written request made by Agency under Clause 2.6 above. The Court Data Services Subscriber Amendment provides important additional terms, including but not limited to privacy (see Clause 8.2, below), fees (see Clause 3 below), and transaction records or logs, that govern Agency's access to and/or submission of the Court Records delivered through the BCA systems and tools.

2.13 Vendor personnel screening. The BCA will conduct all vendor personnel screening on behalf of Agency as is required by the FBI CJIS Security Policy. The BCA will maintain records of the federal, fingerprint-based background check on each vendor employee as well as records of the completion of the security awareness training that may be relied on by the Agency.

3 Payment

The Agency agrees to pay BCA for access to the criminal justice data communications network described in Minn. Stat. § 299C.46 as specified in this Agreement. The bills are sent annually for the amount of One Hundred Eighty Dollars ($180.00).

Agency will identify its contact person for billing purposes, and will provide updated information to BCA's Authorized Representative within ten business days when this information changes.

If Agency chooses to execute the Court Data Services Subscriber Amendment referred to in Clause 2.12 in order to access and/or submit Court Records via BCA's systems, additional fees, if any, are addressed in that amendment.

4 Authorized Representatives

The BCA's Authorized Representative is Dana Gotz, Department of Public Safety, Bureau of Criminal Apprehension, Minnesota Justice Information Services, 1430 Maryland Avenue, St. Paul, MN 55106, 651-793-1007, or her successor.

The Agency's Authorized Representative is Chief Gene Hill, 401 1st Avenue NW, PO Box 428, Isanti, MN 55040, (763) 444-4761, or his/her successor.

5 Assignment, Amendments, Waiver, and Contract Complete

5.1 ***Assignment.*** Neither party may assign nor transfer any rights or obligations under this Agreement.

5.2 ***Amendments.*** Any amendment to this Agreement, except those described in Clauses 2.6 and 2.7 above must be in writing and will not be effective until it has been signed and approved by the same parties who signed and approved the original agreement, their successors in office, or another individual duly authorized.

5.3 ***Waiver.*** If either party fails to enforce any provision of this Agreement, that failure does not waive the provision or the right to enforce it.

5.4 ***Contract Complete.*** This Agreement contains all negotiations and agreements between the BCA and the Agency. No other understanding regarding this Agreement, whether written or oral, may be used to bind either party.

6 Liability

Each party will be responsible for its own acts and behavior and the results thereof and shall not be responsible or liable for the other party's actions and consequences of those actions. The Minnesota Torts Claims Act, Minn. Stat. § 3.736 and other applicable laws govern the BCA's liability. The Minnesota Municipal Tort Claims Act, Minn. Stat. Ch. 466, governs the Agency's liability.

7 Audits

7.1 Under Minn. Stat. § 16C.05, subd. 5, the Agency's books, records, documents, internal policies and accounting procedures and practices relevant to this Agreement are subject to examination by the BCA, the State Auditor or Legislative Auditor, as appropriate, for a minimum of six years from the end of this Agreement. Under Minn. Stat. § 6.551, the State Auditor may examine the books, records, documents, and accounting procedures and practices of BCA. The examination shall be limited to the books, records, documents, and accounting procedures and practices that are relevant to this Agreement.

7.2 Under applicable state and federal law, the Agency's records are subject to examination by the BCA to ensure compliance with laws, regulations and policies about access, use, and dissemination of data.

7.3 If Agency accesses federal databases, the Agency's records are subject to examination by the FBI and Agency will cooperate with FBI examiners and make any requested data available for review and audit.

7.4 To facilitate the audits required by state and federal law, Agency is required to have an inventory of the equipment used to access the data covered by this Agreement and the physical location of each.

8 Government Data Practices

8.1 BCA and Agency. The Agency and BCA must comply with the Minnesota Government Data Practices Act, Minn. Stat. Ch. 13, as it applies to all data accessible under this Agreement, and as it applies to all data created, collected, received, stored, used, maintained, or disseminated by the Agency under this Agreement. The remedies of Minn. Stat. §§ 13.08 and 13.09 apply to the release of the data referred to in this clause by either the Agency or the BCA.

8.2 Court Records. If Agency chooses to execute the Court Data Services Subscriber Amendment referred to in Clause 2.12 in order to access and/or submit Court Records via BCA's systems, the following provisions regarding data practices also apply. The Court is not subject to Minn. Stat. Ch. 13 (see section 13.90) but is subject to the *Rules of Public Access to Records of the Judicial Branch* promulgated by the Minnesota Supreme Court. All parties acknowledge and agree that Minn. Stat. § 13.03, subdivision 4(e) requires that the BCA and the Agency comply with the *Rules of Public Access* for those data received from Court under the Court Data Services Subscriber Amendment. All parties also acknowledge and agree that the use of, access to or submission of Court Records, as that term is defined in the Court Data Services Subscriber Amendment, may be restricted by rules promulgated by the Minnesota Supreme Court, applicable state statute or federal law. All parties acknowledge and agree that these applicable restrictions must be followed in the appropriate circumstances.

9 Investigation of alleged violations; sanctions

For purposes of this clause, "Individual User" means an employee or contractor of Agency.

9.1 Investigation. Agency and BCA agree to cooperate in the investigation and possible prosecution of suspected violations of federal and state law referenced in this Agreement. Agency and BCA agree to cooperate in the investigation of suspected violations of the policies and procedures referenced in this Agreement. When BCA becomes aware that a violation may have occurred, BCA will inform Agency of the suspected violation, subject to any restrictions in applicable law. When Agency becomes aware that a violation has occurred, Agency will inform BCA subject to any restrictions in applicable law.

9.2 Sanctions Involving Only BCA Systems and Tools.

The following provisions apply to BCA systems and tools not covered by the Court Data Services Subscriber

Amendment. None of these provisions alter the Agency's internal discipline processes, including those governed by a collective bargaining agreement.

9.2.1 For BCA systems and tools that are not covered by the Court Data Services Subscriber Amendment, Agency must determine if and when an involved Individual User's access to systems or tools is to be temporarily or permanently eliminated. The decision to suspend or terminate access may be made as soon as alleged violation is discovered, after notice of an alleged violation is received, or after an investigation has occurred. Agency must report the status of the Individual User's access to BCA without delay. BCA reserves the right to make a different determination concerning an Individual User's access to systems or tools than that made by Agency and BCA's determination controls.

9.2.2 If BCA determines that Agency has jeopardized the integrity of the systems or tools covered in this Clause 9.2, BCA may temporarily stop providing some or all the systems or tools under this Agreement until the failure is remedied to the BCA's satisfaction. If Agency's failure is continuing or repeated, Clause 11.1 does not apply and BCA may terminate this Agreement immediately.

9.3 Sanctions Involving Only Court Data Services

The following provisions apply to those systems and tools covered by the Court Data Services Subscriber Amendment, if it has been signed by Agency. As part of the agreement between the Court and the BCA for the delivery of the systems and tools that are covered by the Court Data Services Subscriber Amendment, BCA is required to suspend or terminate access to or use of the systems and tools either on its own initiative or when directed by the Court. The decision to suspend or terminate access may be made as soon as an alleged violation is discovered, after notice of an alleged violation is received, or after an investigation has occurred. The decision to suspend or terminate may also be made based on a request from the Authorized Representative of Agency. The agreement further provides that only the Court has the authority to reinstate access and use.

9.3.1 Agency understands that if it has signed the Court Data Services Subscriber Amendment and if Agency's Individual Users violate the provisions of that Amendment, access and use will be suspended by BCA or Court. Agency also understands that reinstatement is only at the direction of the Court.

9.3.2 Agency further agrees that if Agency believes that one or more of its Individual Users have violated the terms of the Amendment, it will notify BCA and Court so that an investigation as described in Clause 9.1 may occur.

10 Venue

Venue for all legal proceedings involving this Agreement, or its breach, must be in the appropriate state or federal court with competent jurisdiction in Ramsey County, Minnesota.

11 Termination

11.1 ***Termination.*** The BCA or the Agency may terminate this Agreement at any time, with or without cause, upon 30 days' written notice to the other party's Authorized Representative.

11.2 ***Termination for Insufficient Funding.*** Either party may immediately terminate this Agreement if it does not obtain funding from the Minnesota Legislature, or other funding source; or if funding cannot be continued at a level sufficient to allow for the payment of the services covered here. Termination must be by written notice to the other party's authorized representative. The Agency is not obligated to pay for any services that are provided after notice and effective date of termination. However, the BCA will be entitled to payment, determined on a pro rata basis, for services satisfactorily performed to the extent that funds are available. Neither party will be assessed any penalty if the agreement is terminated because of the decision of the Minnesota Legislature, or other funding source, not to appropriate funds. Notice of the lack of funding must be provided within a reasonable time of the affected party receiving that notice.

12 Continuing obligations

The following clauses survive the expiration or cancellation of this Agreement: 6. Liability; 7. Audits; 8. Government Data Practices; 9. Investigation of alleged violations; sanctions; and 10.Venue.

The parties indicate their agreement and authority to execute this Agreement by signing below.

Management, Honorable Mayor and City Council
City of Isanti, Minnesota

We have audited the financial statements of the governmental activities, the business-type activities, each major fund, and the aggregate remaining fund information of the City of Isanti, Minnesota (the City) for the year ended December 31, 2015. Professional standards require that we provide you with information about our responsibilities under generally accepted auditing standards, *Government Auditing Standards*, as well as certain information related to the planned scope and timing of our audit. We have communicated such information in our letter to you dated November 12, 2015. Professional standards also require that we communicate to you the following information related to our audit.

Our Responsibility Under Auditing Standards Generally Accepted in the United States of America and *Government Auditing Standards*

As stated in our engagement letter, our responsibility, as described by professional standards, is to express opinions about whether the financial statements prepared by management with your oversight are fairly presented, in all material respects, in conformity with accounting principles generally accepted in the United States of America. Our audit of the financial statements does not relieve you or management of your responsibilities.

Our responsibility is to plan and perform the audit to obtain reasonable, but not absolute, assurance that the financial statements are free of material misstatement. As part of our audit, we considered the internal control over financial reporting (internal control) of the City. Such considerations were solely for the purpose of determining our audit procedures and not to provide any assurance concerning such internal control. We are responsible for communicating significant matters related to the audit that are, in our professional judgment, relevant to your responsibilities in overseeing the financial reporting process. However, we are not required to design procedures specifically to identify such matters.

Significant Audit Findings

In planning and performing our audit of the financial statements, we considered the City's internal control to determine the audit procedures that are appropriate in the circumstances for the purpose of expressing our opinions on the financial statements, but not for the purpose of expressing an opinion on the effectiveness of the City's internal control. Accordingly, we do not express an opinion on the effectiveness of the City's internal control.

Our consideration of internal control was for the limited purpose described in the preceding paragraph and was not designed to identify all deficiencies in internal control that might be material weaknesses or significant deficiencies and therefore, material weaknesses or significant deficiencies may exist that were not identified However, as described in the accompanying Schedule of Findings and Responses, we identified certain deficiencies in internal control that we consider to be a material weakness and a significant deficiency.

A deficiency in internal control exists when the design or operation of a control does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct, misstatements on a timely basis. A material weakness is a deficiency, or a combination of deficiencies, in internal control such that there is a reasonable possibility that a material misstatement of the entity's financial statements will not be prevented, or detected and corrected on a timely basis. We consider the deficiency described on the following pages as item 2015-002 to be a material weakness.

A significant deficiency is a deficiency, or a combination of deficiencies, in internal control that is less severe than a material weakness, yet important enough to merit attention by those charged with governance. We consider the deficiency described on the following pages as item 2015-001 to be a significant deficiency.

2015-001 Preparation of financial statements

Condition: We were requested to draft the audited financial statements and related footnote disclosures as part of our regular audit services. Ultimately, it is management's responsibility to provide for the preparation of your statements and footnotes, and the responsibility of the auditor to determine the fairness of presentation of those statements. It is our responsibility to inform you that this deficiency could result in a material misstatement to the financial statements that could have been prevented or detected by your management. Essentially, the auditors cannot be part of your internal control process.

Criteria: Internal controls should be in place to provide reasonable assurance over the reliability of financial records and reporting.

Cause: From a practical standpoint, we both prepare your statements and determine the fairness of that presentation at the same time in connection with our audit. This is not unusual for us to do with organizations of your size.

Effect: The effectiveness of the internal control system relies on enforcement by management. The effect of deficiencies in internal controls can result in undetected errors in financial reporting. We have instructed management to review a draft of the auditor prepared financials in detail for accuracy; we have answered any questions that management might have, and have encouraged research of any accounting guidance in connection with the adequacy and appropriateness of classification of disclosures in your statements. We are satisfied that the appropriate steps have been taken to provide you with the completed financial statements.

Recommendation: Under these circumstances, the most effective controls lie in management's knowledge of the City's financial operations. It is the responsibility of management and those charged with governance to make the decision whether to accept the degree of risk associated with this condition because of cost and other considerations. Regarding the specific situations listed above, we would offer the following specific recommendations: 1) Utilize a disclosure checklist to ensure all required disclosures are present and agree to work papers, and 2) Agree your accounting information from your accounting software to the amounts reported in the financial statements.

Management response:

For now, the City accepts the degree of risk associated with this condition and thoroughly reviews a draft of the financial statements.

2015-002 Material audit adjustments

Condition: During our audit, several material audit adjustments were necessary related to capital asset additions, allocated project costs, and sold properties.

Criteria: The financial statements are the responsibility of the City’s management; therefor, the City must be able to prevent or detect a material misstatement in the financial statements including footnote disclosures.

Cause: The year-end trial balance and supporting work papers did not reflect all necessary accounting entries.

Effect: This indicates that a misstatement has occurred and was not detected by the City’s system of internal control.

Recommendation: We recommend that management review the final audit work paper and related journal entries, obtain an understanding of why the entries were necessary and modify current procedures to ensure that future corrections are not needed.

Management response:

Management has reviewed the final audit work paper and related journal entries and understands the adjustments made in the audit.

Compliance and Other Matters

As part of obtaining reasonable assurance about whether the City's financial statements are free of material misstatement, we performed tests of its compliance with certain provisions of laws, regulations, contracts and grant agreements, noncompliance with which could have a direct and material effect on the determination of financial statement amounts. However, providing an opinion on compliance with those provisions was not an objective of our audit, and accordingly, we do not express such an opinion. While our audit provides a reasonable basis for our opinion, it does not provide a legal determination on the City's compliance with those requirements. The results of our tests disclosed no instances of noncompliance or other matters that are required to be reported under *Government Auditing Standards* or statutes set forth by the State of Minnesota.

Qualitative Aspects of Accounting Practices

Management is responsible for the selection and use of appropriate accounting policies. The significant accounting policies used by the City are described in Note 1 to the financial statements. As described in Note 7 to the financial statements, the City changed accounting policies related to accounting and financial reporting for pensions by adopting GASB Statements No. 68 and 71 in 2015. Accordingly, the cumulative effect of the accounting as of the beginning of the year is disclosed in Note 7. We noted no transactions entered into by the City during the year for which there is a lack of authoritative guidance or consensus. All significant transactions have been recognized in the financial statements in the proper period.

Accounting estimates are an integral part of the financial statements prepared by management and are based on management's knowledge and experience about past and current events and assumptions about future events. Certain accounting estimates are particularly sensitive because of their significance to the financial statements and because of the possibility that future events affecting them may differ significantly from those expected. The most sensitive estimates affecting the financial statements were depreciation on capital assets, allocation of payroll and compensated absences, liability for other post-employment benefit, and the liability of the City's pensions.

- Management's estimate of depreciation is based on estimated useful lives of the assets. Depreciation is calculated using the straight-line method.

- Allocations of gross wages and payroll benefits are approved by City Council within the City's budget and are derived from each employee's estimated time to be spent servicing the respective functions of the City. These allocations are also used in allocating accrued compensated absences payable.

- The City's liability for other post-employment benefits was estimated to be zero primarily based on the assumption that employees, whom participate in the health insurance plan, will retire after the age of 65 and not continue to participate in the plan following retirement.

- Management's estimate of its pension liability is based on several factors including, but not limited to, anticipated investment return rate, retirement age for active employees, life expectancy, salary increases and form of annuity payment upon retirement.

    - The allocation of the pension liability related to Minnesota Public Employee Retirement Association (PERA) is based on the City's proportionate share of employer contributions to the PERA cost-sharing multiple employer Coordinated and Police and Fire pension plans.

We evaluated the key factors and assumptions used to develop these estimates in determining that they are reasonable in relation to the financial statements taken as a whole. The disclosures in the financial statements are neutral, consistent, and clear. Certain financial statement disclosures are particularly sensitive because of their significance to financial statement users.

Difficulties Encountered in Performing the Audit

We encountered no significant difficulties in dealing with management in performing and completing our audit.

People + Process. Going Beyond the Numbers

Corrected and Uncorrected Misstatements

Professional standards require us to accumulate all known and likely misstatements identified during the audit, other than those that are trivial, and communicate them to the appropriate level of management. Management has corrected all such misstatements. We proposed the following journal entries that we consider to be audit entries, or corrections of management decisions:

- Capital assets were adjusted as described in finding 2015-002.
- Retainage payable was adjusted to reduce prior year amounts paid as well as record an additional amount for the current year.
- Lease revenue was reclassified between funds and adjusted to unearned revenue for the portion related to 2016 obligations.

Disagreements with Management

For purposes of this letter, professional standards define a disagreement with management as a financial accounting, reporting, or auditing matter, whether or not resolved to our satisfaction, that could be significant to the financial statements or the auditor's report. We are pleased to report that no such disagreements arose during the course of our audit.

Management Representations

We have requested certain representations from management that are included in the management representation letter dated April 11, 2016.

Management Consultations with Other Independent Accountants

In some cases, management may decide to consult with other accountants about auditing and accounting matters, similar to obtaining a "second opinion" on certain situations. If a consultation involves application of an accounting principle to the City's financial statements or determination of the type of auditor's opinion that may be expressed on those statements, our professional standards require the consulting accountant to check with us to determine that the consultant has all the relevant facts. To our knowledge, there were no such consultations with other accountants.

Other Matters

We applied certain limited procedures to the required supplementary information (RSI) (Management's Discussion and Analysis, the Schedules of Employer's Share of the Net Pension Liability and the Schedules of Employer's Contributions), which is information that supplements the basic financial statements. Our procedures consisted of inquiries of management regarding the methods of preparing the information and comparing the information for consistency with management's responses to our inquiries, the basic financial statements, and other knowledge we obtained during our audit of the basic financial statements. We did not audit the RSI and do not express an opinion or provide any assurance on the RSI.

We were engaged to report on the supplementary information (combining and individual fund financial statements and schedules), which accompany the financial statements but are not RSI. With respect to this supplementary information, we made certain inquiries of management and evaluated the form, content, and methods of preparing the information to determine that the information complies with accounting principles generally accepted in the United States of America, the method of preparing it has not changed from the prior period, and the information is appropriate and complete in relation to our audit of the financial statements. We compared and reconciled the supplementary information to the underlying accounting records used to prepare the financial statements or to the financial statements themselves.

We were not engaged to report on the introductory section, which accompanies the financial statements but are not RSI. We did not audit or perform other procedures on this other information and we do not express an opinion or provide any assurance on it.

Other Audit Findings or Issues

We generally discuss a variety of matters, including the application of accounting principles and auditing standards, with management each year prior to retention as the City's auditors. However, these discussions occurred in the normal course of our professional relationship and our responses were not a condition to our retention.

Financial Position and Results of Operations

Our principal observations and recommendations are summarized on the following pages. These recommendations resulted from our observations made in connection with our audit of the City's financial statements for the year ended December 31, 2015.

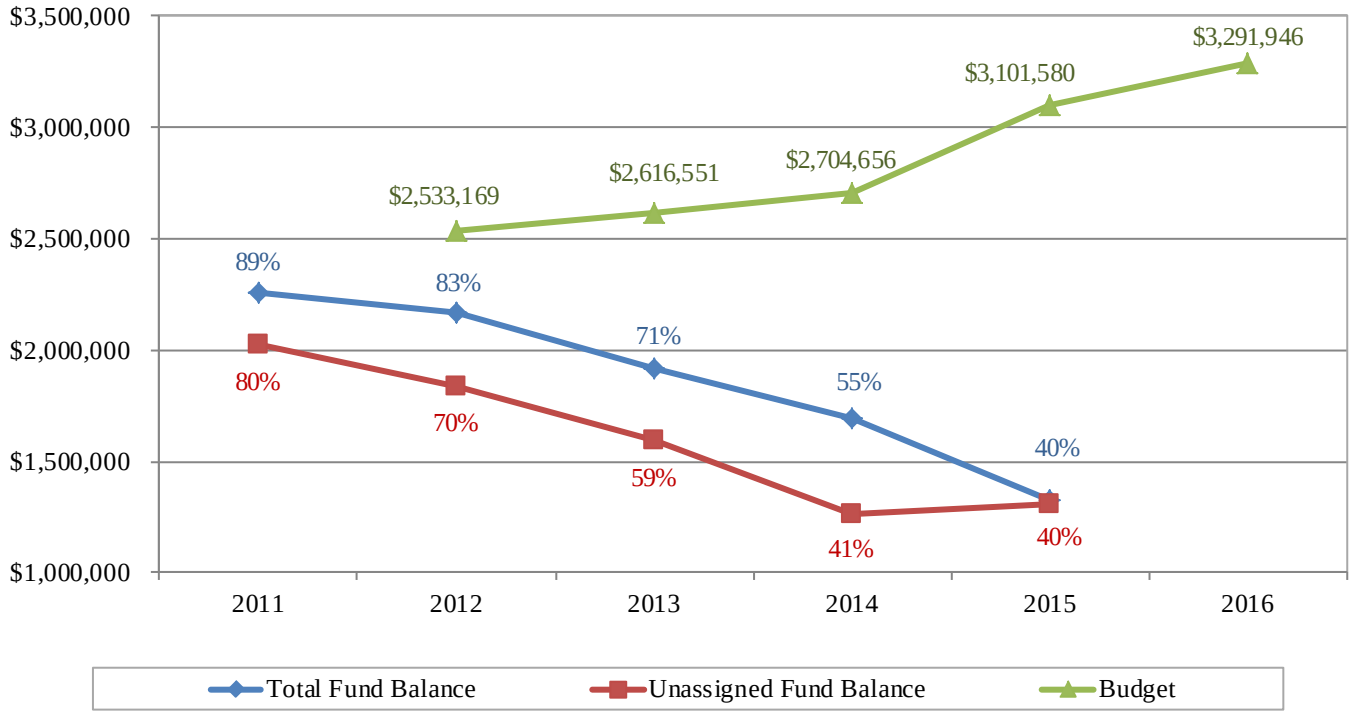
General Fund

The General fund is used to account for resources traditionally associated with government, which are not required legally or by sound principal management to be accounted for in another fund. The fund balance decreased $364,873 from 2014. We recommend the fund balance be maintained at a level sufficient to fund operations until the major revenue sources are received in June. The City's fund balance policy for the General fund identifies a minimum unassigned fund balance of 50 percent of the following year's budgeted expenditures and transfers out. The City's ending unassigned fund balance is below this target level from the policy.

The purposes and benefits of a fund balance are as follows:

- Expenditures are incurred somewhat evenly throughout the year. However, property tax and state aid revenues are not received until the second half of the year. An adequate fund balance will provide the cash flow required to finance the General fund expenditures.
- The City is vulnerable to legislative actions at the state and federal level. The State continually adjusts the local government aid formulas. An adequate fund balance will provide a temporary buffer against aid adjustments.
- Expenditures not anticipated at the time the annual budget was adopted may need immediate City Council action. These would include capital outlay, replacement, lawsuits and other items. An adequate fund balance will provide the financing needed for such expenditures.
- A strong fund balance will assist the City in maintaining, improving or obtaining its bond rating. The result will be better interest rates in future bond sales.

Fund Balance as a Percent of Next Year's Budgeted Expenditures and Transfers Out



People + Process. Going Beyond the Numbers

The 2015 General fund operations are summarized as follows:

	Final Budgeted Amounts	Actual Amounts	Variance with Final Budget
Revenues	$ 1,777,211	$ 2,504,581	$ 727,370
Expenditures	2,959,559	2,832,942	126,617
Deficiency of revenues under expenditures	(1,182,348)	(328,361)	853,987
Other financing sources (uses)			
Sale of capital asset	-	47,156	47,156
Transfers in	316,150	316,150	-
Transfers out	(142,021)	(399,818)	(257,797)
Total other financing sources (uses)	174,129	(36,512)	(210,641)
Net change in fund balances	(1,008,219)	(364,873)	643,346
Fund balances, January 1	1,692,234	1,692,234	-
Fund balances, December 31	$ 684,015	$ 1,327,361	$ 643,346

Some of the line items with significant variances are highlighted below:

- The largest revenue variance is within intergovernmental revenues, which was $560,901 more than budgeted. This is primarily due to $571,231 received for Local Government Aid (LGA), all of which was unbudgeted. Due to the State budget fluctuations and constant discussion at the State level of reducing and/or eliminating LGA, the City Council wanted to take the position that they would not receive any LGA in 2015, and if any LGA was received in 2015, that it would be used in the 2016 budget. The intent was to allow City Council additional time to react to any reduction received. City Council is aware that this could potentially increase the percentage of expenditures in fund balance at year end. The City did not budget for LGA again in 2016, but will utilize the funds received for 2015.

- Revenues from nonbusiness licenses and permits were $90,209 more than budgeted due to more activity than anticipated.

- Revenues from property taxes were $58,959 more than anticipated. This was largely due to excess TIF received as a result of the partial decertification of TIF district 10.

- In total, expenditures were $126,617 less than anticipated. Significant budget variances were as follows:

    - Current expenditures within each function were less than budgeted: general government $20,479, public safety $59,803, public works $30,296, culture and recreation $57,770, and economic development $423.

        - Note: this was partially offset with capital outlay of $40,602 more than budgeted.

- An additional $257,797 was transferred to capital project funds for current and future projects above what was budgeted.

People + Process. Going Beyond the Numbers

A comparison between General fund 2013, 2014, and 2015 revenues and other sources is presented below:

Source	2013	2014	2015	Percent of Total	Per Capita
Taxes	$ 1,449,759	$ 1,425,810	$ 1,357,265	47.3 %	$ 251
Licenses and permits	92,707	215,544	190,909	6.7	35
Intergovernmental	478,108	725,791	712,120	24.8	132
Charges for services	86,831	80,209	159,409	5.6	29
Fines and forfeitures	27,629	33,771	37,310	1.3	7
Investment earnings	(13,767)	38,436	16,767	0.6	3

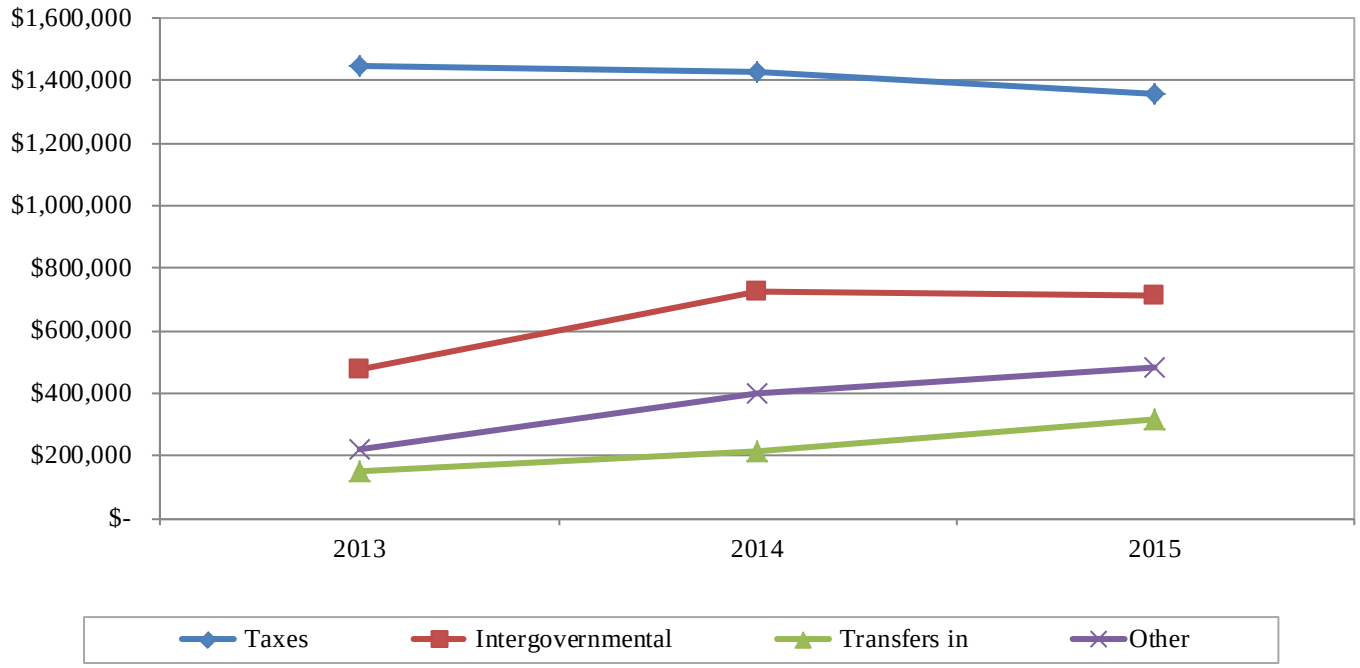
Transfers in	150,000	216,150	316,150	11.0	58
Sale of capital assets	-	-	47,156	1.6	9
Total revenues and other sources	$ 2,298,743	$ 2,766,057	$ 2,867,887	100.0 %	$ 530

A graphical presentation of 2013, 2014, and 2015 revenues and other sources follows:



Some of the line items with significant changes are highlighted below:

- Although $63,245 was collected for the City's portion of partially decertified TIF 10 distribution to the County, the overall property tax revenue decreased as a result of the decrease in the amount levied compared to 2014.
- The transfer from the Liquor Store increased from $200,000 in 2014 to $300,000 in 2015.
- Other revenues include the increase in charges for services, which includes roughly $32,000 for the lease of the fire station and $30,000 for the lease of the BMX building, neither of which were revenues in 2014. Also, other revenues includes $47,156 allocated to the General fund from the sale of property.

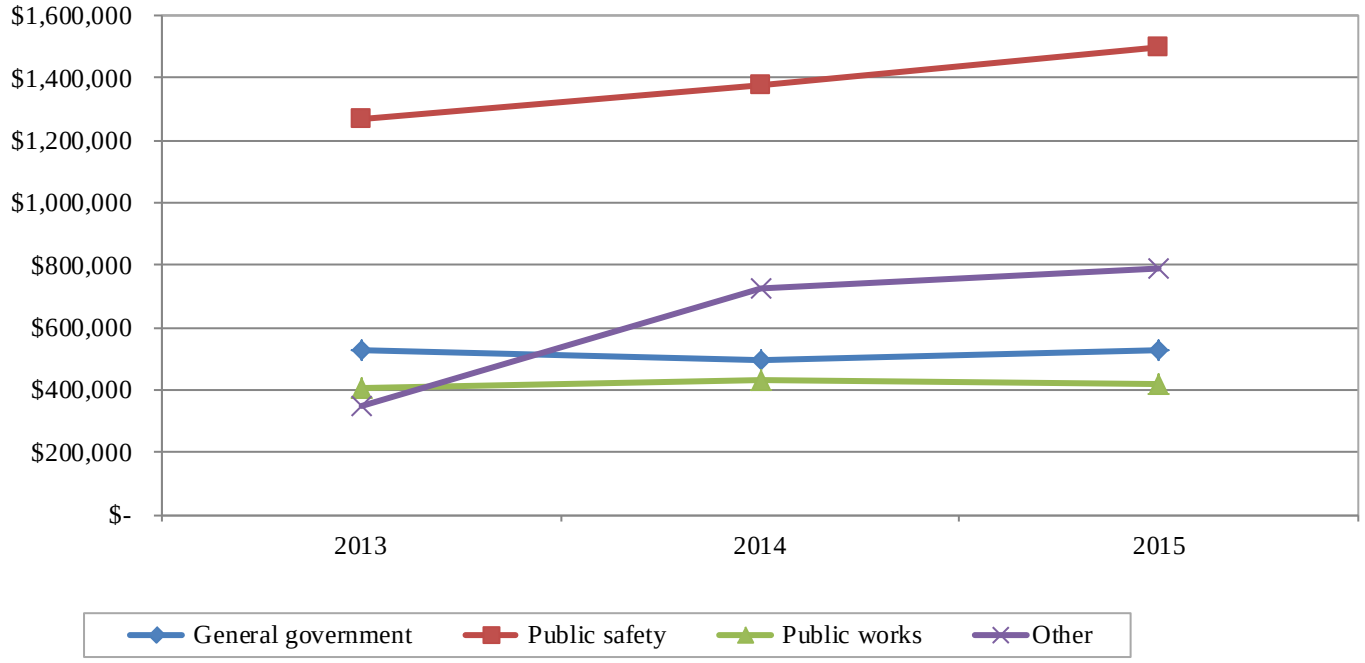
People + Process. Going Beyond the Numbers

A comparison between General fund expenditures and transfers out for 2013, 2014, and 2015 is presented below:

Program	2013	2014	2015	Percent of Total	Per Capita	Peer Group Per Capita
General government	$ 525,098	$ 494,663	$ 529,679	16.4 %	$ 98	$ 130
Public safety	1,267,859	1,379,885	1,495,583	46.3	276	231
Public works	405,159	432,964	417,763	12.9	77	120
Culture and recreation	175,626	281,616	259,295	8.0	48	58
Economic development	120,451	10,238	11,353	0.4	2	4
Capital outlay	1,484	266,474	117,717	3.6	22	32
Debt service	2,106	22,792	1,552	-	-	-
Transfers out	49,255	147,395	399,818	12.4	74	-
Total expenditures and transfers	$ 2,547,038	$ 3,036,027	$ 3,232,760	100.0 %	$ 597	$ 575

The above chart compares the amount the City spends per capita in comparison to a peer group. The peer group average is compiled from 2014 information from the 4th Class Cities (populations 2,500 to 10,000) that we have requested from the Office of the State Auditor.

The expenditures and transfers out summarized above are presented graphically as follows:



Some of the line items with significant changes are highlighted below:

- Although less than budgeted for 2015, public safety expenses have increased $15,698 from 2014. The police department made up the largest portion ($91,631) of the increase from 2014.

- Within other expenditures, the overall increase from 2014 to 2015 is a combination of the decrease in capital outlay offset by the increase in transfers out.

Special Revenue Funds

Special revenue funds receive revenue from specific sources and expenditures are for specific purposes. A summary of the special revenue fund balances is shown below:

Fund	Fund Balances December 31, 2014	2015	Increase (Decrease)
Nonmajor			
Redbirds Maintenance	$ 5,358	$ 81	$ (5,277)
Economic Development Authority	21,320	(251)	(21,571)
Park	22,341	18,383	(3,958)
Revolving Loan	234,825	619,963	385,138
Forfeiture	4,817	7,679	2,862
Youth Rec Education Safety	932	2,600	1,668
TIF 9	130,977	91,279	(39,698)
TIF 10	215,110	40,715	(174,395)
TIF 11	613	620	7
City Technology Improvement	(3,469)	4,562	8,031
Total	$ 632,824	$ 785,631	$ 152,807

The increase in the Revolving Loan fund is a result of a $400,000 MIF loan granted and reported as loans receivable.

The decrease in the TIF 10 is a result of paying $160,000 to the County related to the partial decertification of the District.

Capital Projects Funds

The fund balances of all capital projects funds are summarized below:

Capital Projects Fund	Fund Balances December 31, 2014	2015	Increase (Decrease)
Nonmajor			
Signal Light Improvement	$ 285,950	$ 289,464	$ 3,514
Fairway Blvd/County 5 Signal	152,264	188,197	35,933
Railroad Avenue Improvements	30,989	33,250	2,261
2013 Railroad Avenue and Walk Improvements	(766,009)	(561,065)	204,944
BMX & Bluebird Improvements	323,344	(146,872)	(470,216)
Public Works 2014 Site Improvements	208,025	(5,711)	(213,736)
Municipal Expansion	(49,252)	-	49,252
Pavement Management Improvements	-	30,489	30,489
City Parking Improvements	-	(50,410)	(50,410)
Capital Replacement	602,728	458,456	(144,272)
Total	$ 788,039	$ 235,798	$ (552,241)

The City should monitor funds with deficits to ensure that future revenues will be sufficient to cover all expenditures incurred.

The City budgeted $49,252 in 2015 to eliminate the deficit in the Municipal Expansion fund.

City staff have identified that the deficit in the 2013 Railroad Avenue and Walk Improvements fund will be covered by future Municipal State Construction Aid. Currently, the fund has $561,108 recorded as a deferred inflow. This will be recognized as revenue when the timing requirements are met.

Both the BMX & Bluebird Improvements and Public Works 2014 Site improvements projects were completed in 2015. The City Parking Improvements project is nearly complete. Transfers should be recorded in the future to eliminate these deficits.

Debt Service Funds

Debt Service funds are a type of governmental fund to account for the accumulation of resources for the payment of interest and principal on debt (other than enterprise fund debt). Debt Service funds may have one or a combination of the following revenue sources pledged to retire debt as follows:

- Property taxes - Primarily for general City benefit projects such as parks and municipal buildings. Property taxes may also be used to fund special assessment bonds which are not fully assessed.

- Tax increments - Pledged exclusively for tax increment/economic development districts.

- Capitalized interest portion of bond proceeds - After the sale of bonds, the project may not produce revenue (tax increments or special assessments) for a period of one to two years. Bonds are issued with this timing difference considered in the form of capitalized interest.

- Special assessments - Charges to benefited properties for various improvements.

In addition to the above pledged assets, other funding sources may be received by Debt Service funds as follows: residual project proceeds from the related capital projects fund, investment earnings, state or federal grants, and transfers from other funds.

The following is a summary of the cash, total assets and bonds outstanding at year end for the governmental debt service funds:

Debt Service Fund	Cash Balance	Total Assets	Bonds Outstanding	Maturity Date
2006A Improvement Bonds	$ 122,060	$ 313,565	$ 285,000	01/01/17

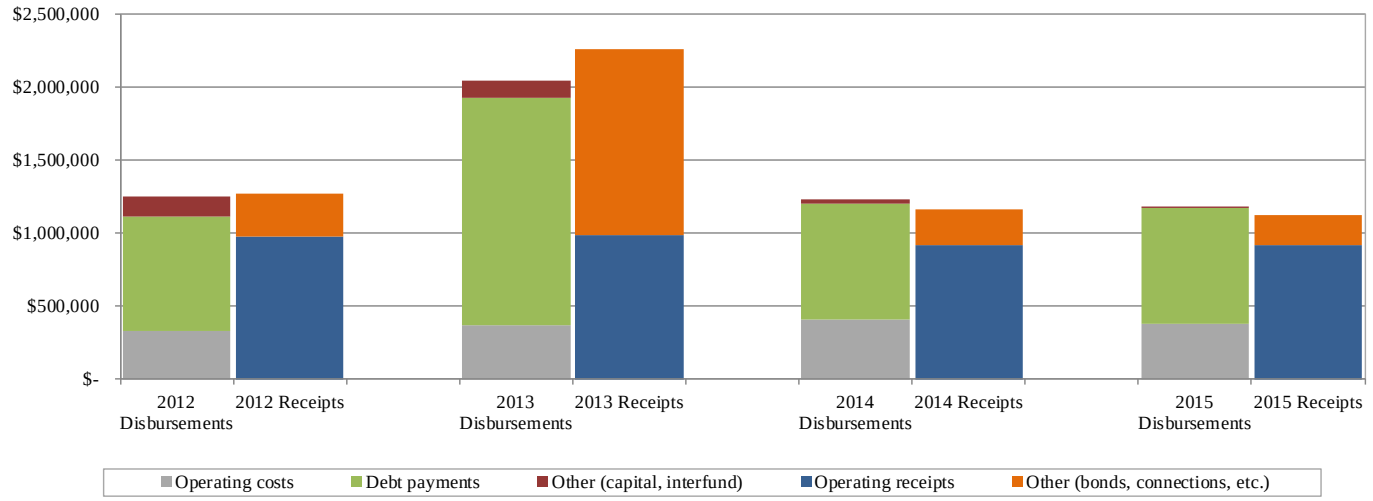
Enterprise Funds

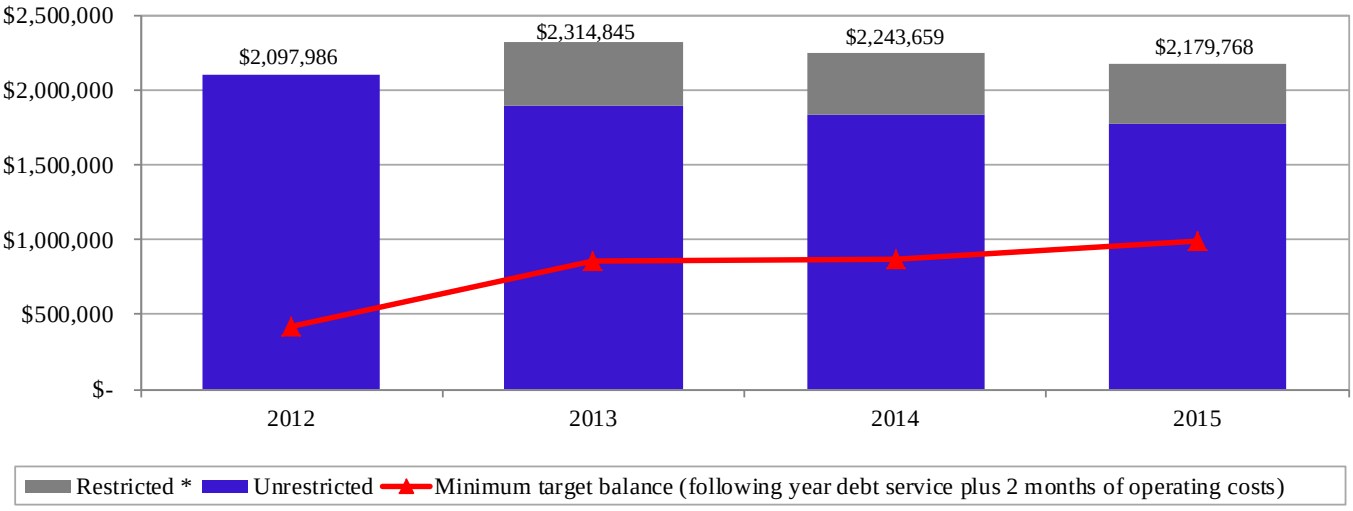
Enterprise funds are used to account for operations that are financed and operated in a manner similar to private business enterprises- where the intent is that the costs of providing goods or services to the general public on a continuing basis be financed or recovered primarily through user charges.

The results of the operations in terms of cash flow and the breakdown of the cash balances for the past four years are as follows:

Water Utility Fund Cash Flow



Water Utility Fund Cash Balance



* Restricted cash is being held in escrow for future debt payments. For reporting, this is included as cash until called.

	2012	2013	2014	2015
Bonds payable	$ 7,260,681	$ 7,132,806	$ 6,535,056	$ 5,922,056

Some of the items with significant changes in the above charts are highlighted below:

- Operating receipts (blue) have not been sufficient alone to cover operating costs (grey) and debt payments (green) in any of the four years presented. This signifies the need for cash from connections ($150,385 in 2015, included in orange) and to utilize cash reserves to cover costs.

We recommend that the rates be reviewed annually to ensure that they are sufficient to cover operating costs, annual scheduled debt payments, and planned project costs.

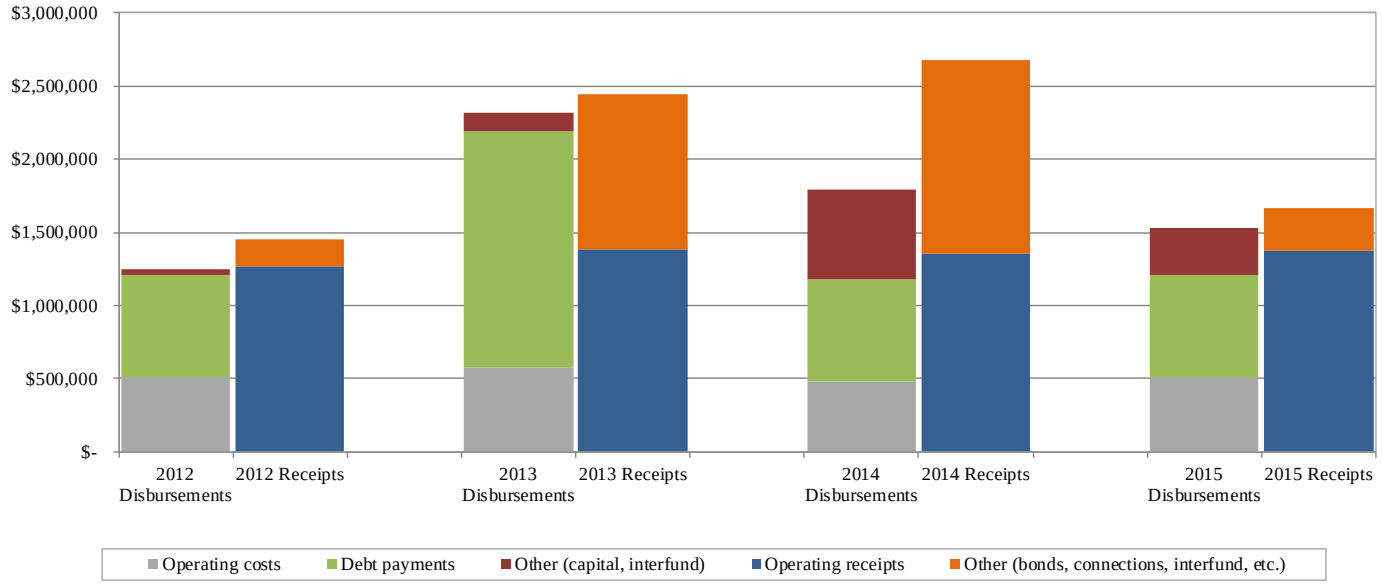
Sewer Utility Fund Cash Flow



Sewer Utility Fund Cash Balance

	2012	2013	2014	2015
Bonds payable	$ 4,757,659	$ 3,213,947	$ 3,431,159	$ 2,609,199

Some of the items with significant changes in the above charts are highlighted below:

- In 2014, $1,030,000 of revenue bonds were issued (included in orange). The bond proceeds have been used to pay for the Lift Station and Public Works improvement projects. Additionally, 2015 Waste Water Treatment Improvement project costs have been applied against these bond proceeds and approximately $172,000 is identified as unspent bond proceeds at year-end.
- For each of the years reported, operating receipts (blue) were sufficient to cover operating costs (grey) and debt payments (green) after factoring out refunded principal paid from bond proceeds in 2013.
- In 2015, receipts from connection fees were $176,479. For the four years presented, receipts from connection fees total $419,314.

As noted with the Water fund, we recommend that the rates be reviewed annually to ensure that they are sufficient to cover operating costs, annual scheduled debt payments, and planned project costs.

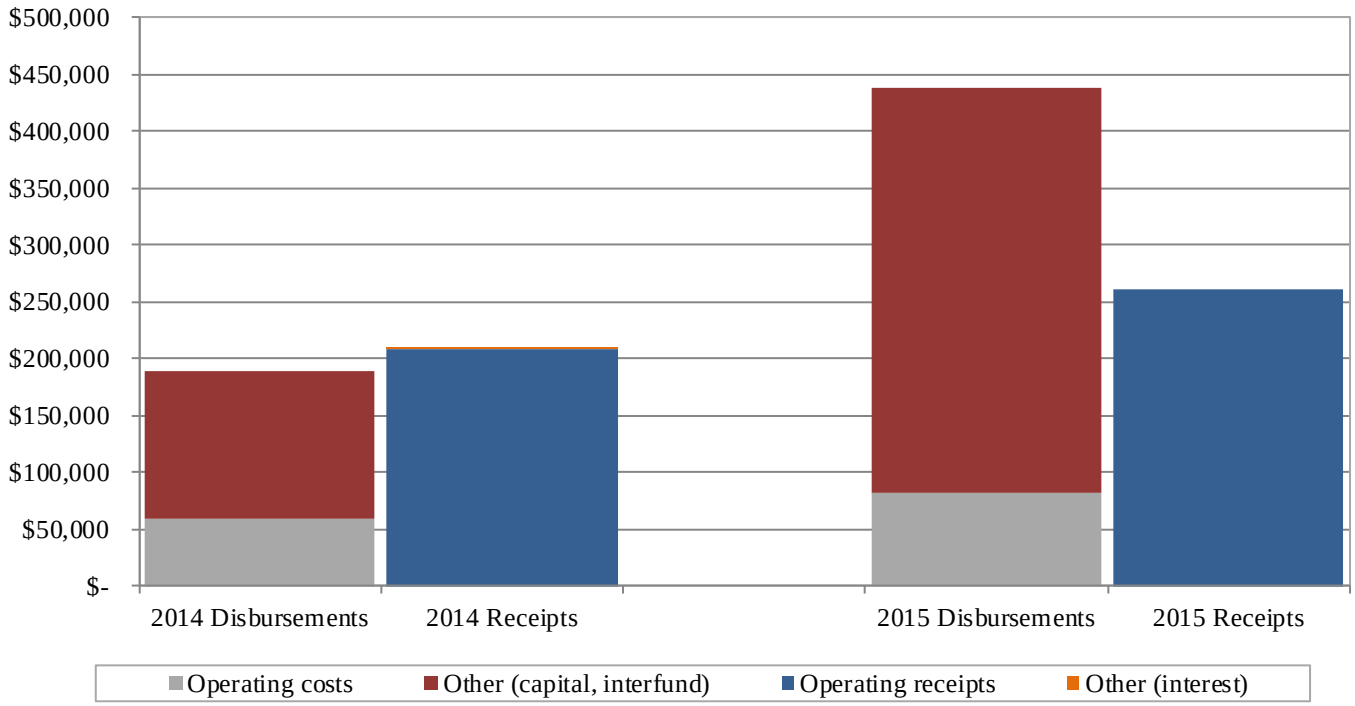
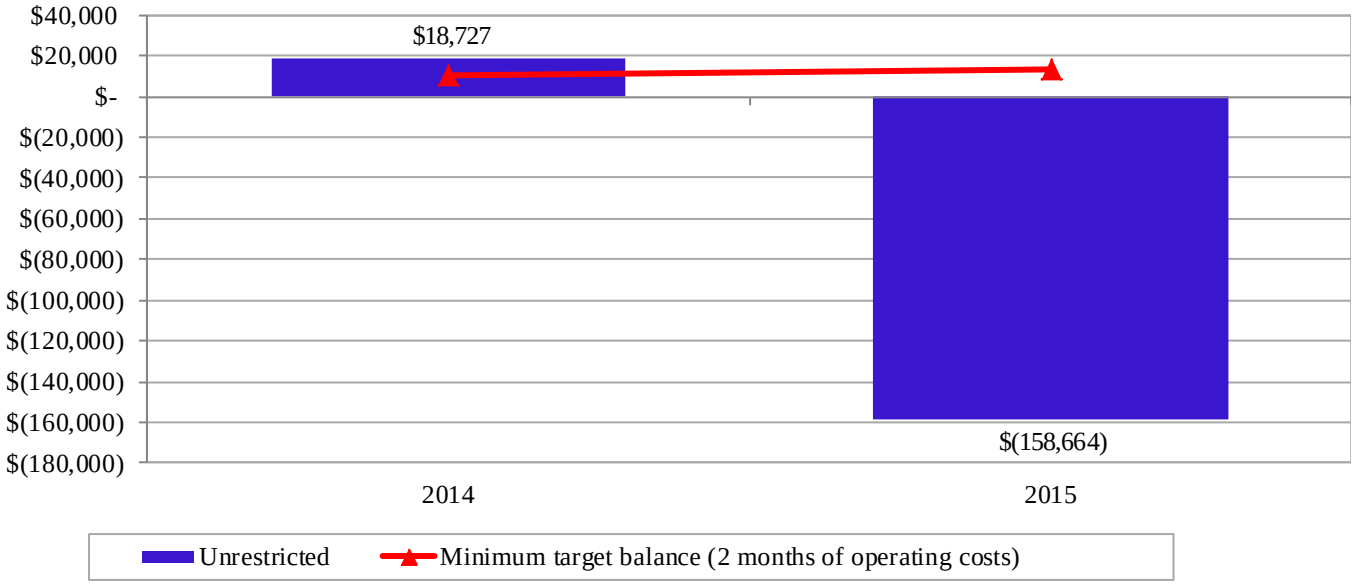
Storm Water Utility Fund Cash Flow



Storm Water Utility Fund Cash Balance



2014 was the first year of operations for the storm water fund. For both years presented, operating receipts (blue) were sufficient to cover operating costs (grey); however, there is negative cash of $158,664 at year-end as a result of 2015 capital (maroon). Future receipts in 2016 are anticipated to be sufficient to replenish this deficit.

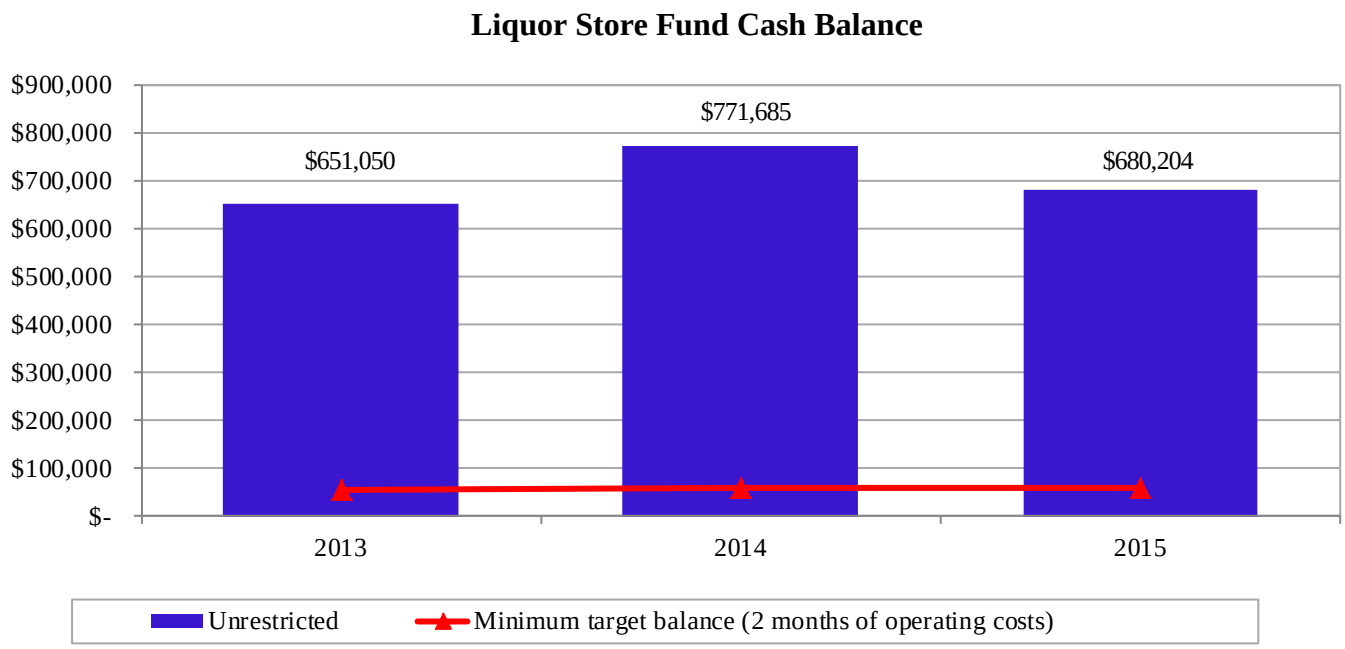
Transfers out	(150,000)	(6.5)	(200,000)	(8.3)	(300,000)	(12.1)
Change in net position	$ 96,250	4.2 %	$ 119,018	5.0 %	$ 20,251	0.9 %



Net cash from operations over the last three years have been $301,344, $305,986, and $314,936 for 2015, 2014, and 2013, respectively.

The fund had $100,657 for capital costs primarily related to parking lot improvements. These costs, as well as $300,000 transferred to the General fund, contributed to the overall decrease in cash from 2014.

We recommend that the City continue reviewing gross profit margins as well as operating expenses to achieve profitability at a level sufficient to cover any major repairs, planned capital related projects, and support budgeted transfers to the General fund.

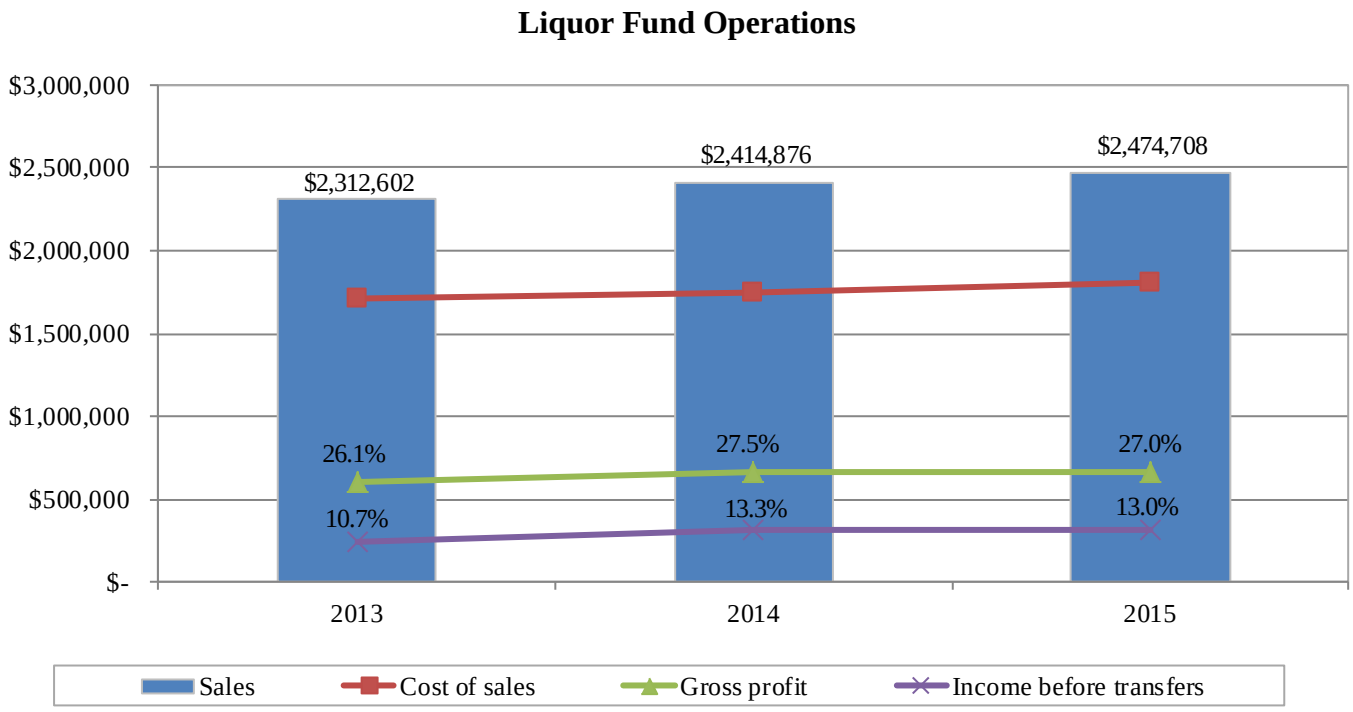
Source: Analysis of Municipal Liquor Store Operations, for the year ended December 31, 2014.
Published by the Minnesota Office of the State Auditor



Sales have continuously increased over the past three years. The gross profit remained fairly consistent with the previous year.

The City's gross profit percentages of 26.1, 27.5, and 27.0 percent for 2013, 2014 and 2015, respectively, are above the statewide averages. Additionally, the percentage of income before transfers was significantly higher for 2013 - 2015 than the statewide averages.

Ratio Analysis

The following captures a few ratios from the City's financial statements that give some additional information for trend and peer group analysis. The peer group average is derived from information we have requested from the Office of the State Auditor. Different peer group averages are used for cities of the 4th class (population 2,500 to 10,000). The majority of these ratios facilitate the use of economic resources focus and accrual basis of accounting at the government-wide level. A combination of liquidity (ability to pay its most immediate obligations), solvency (ability to pay its long-term obligations), funding (comparison of financial amounts and economic indicators to measure changes in financial capacity over time) and common-size (comparison of financial data with other cities regardless of size) ratios are shown below.

Ratio	Calculation	Source	2012	2013	2014	2015

Debt-to-Assets Leverage Ratio (Solvency Ratio)

The debt-to-assets leverage ratio is a comparison of a City's total liabilities to its total assets or the percentage of total assets that are provided by creditors. It indicates the degree to which the City's assets are financed through borrowings and other long-term obligations (i.e. a ratio of 50 percent would indicate half of the assets are financed with outstanding debt).

Debt Service Coverage Ratio (Solvency Ratio)

The debt coverage ratio is a comparison of cash generated by operations to total debt service payments (principal and interest) of enterprise funds. This ratio indicates if there are sufficient cash flows from operations to meet debt service obligations. Except in cases where other nonoperating revenues (i.e. taxes, assessments, transfers from other funds, etc.) are used to fund debt service payments, an acceptable ratio would be above 100 percent.

Bonded Debt per Capita (Funding Ratio)

This dollar amount is arrived at by dividing the total bonded debt by the population of the City and represents the amount of bonded debt obligation for each citizen of the City at the end of the year. The higher the amount, the more resources are needed in the future to retire these obligations through taxes, assessments or user fees.

Taxes per Capita (Funding Ratio)

This dollar amount is arrived at by dividing the total tax revenues by the population of the City and represents the amount of taxes for each citizen of the City for the year. The higher this amount is, the more reliant the City is on taxes to fund its operations.

Current Expenditures per Capita (Funding Ratio)

This dollar amount is arrived at by dividing the total current governmental expenditures by the population of the City and represents the amount of governmental expenditures for each citizen of the City during the year. Since this is generally based on ongoing expenditures, we would expect consistent annual per capita results.

Capital Expenditures per Capita (Funding Ratio)

This dollar amount is arrived at by dividing the total governmental capital outlay expenditures by the population of the City and represents the amount of capital expenditures for each citizen of the City during the year. Since projects are not always recurring, the per capita amount will fluctuate from year to year.

Capital Assets Percentage (Common-size Ratio)

This percentage represents the percent of governmental or business-type capital assets that are left to be depreciated. The lower this percentage, the older the City's capital assets are and may need major repairs or replacements in the near future. A higher percentage may indicate newer assets being constructed or purchased and may coincide with higher debt ratios or bonded debt per capita.

Future Accounting Standard Changes

The following Governmental Accounting Standards Board (GASB) Statements have been issued and may have an impact on future City financial statements: [(1)]

GASB Statement No. 72 - *Fair Value Measurement and Application*

Summary

This statement addresses accounting and financial reporting issues related to fair value measurements. The definition of fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. This Statement provides guidance for determining a fair value measurement for financial reporting purposes. This Statement also provides guidance for applying fair value to certain investments and disclosures related to all fair value measurements.

Effective Date and Transition

The requirements of this Statement are effective for financial statements for periods beginning after June 15, 2015. Earlier application is encouraged.

How the Changes in This Statement Will Improve Financial Reporting

The requirements of this Statement will enhance comparability of financial statements among governments by requiring measurement of certain assets and liabilities at fair value using a consistent and more detailed definition of fair value and accepted valuation techniques. This Statement also will enhance fair value application guidance and related disclosures in order to provide information to financial statement users about the impact of fair value measurements on a government's financial position.

GASB Statement No. 73 - *Accounting and financial reporting for pension and related assets that are not within the scope of GASB Statement No. 68, and amendments to certain provisions of GASB Statements No. 67 and No. 68*

Summary

The objective of this Statement is to improve the usefulness of information about pensions included in the general purpose external financial reports of state and local governments for making decisions and assessing accountability. This Statement results from a comprehensive review of the effectiveness of existing standards of accounting and financial reporting for all postemployment benefits with regard to providing decision-useful information, supporting assessments of accountability and interperiod equity, and creating additional transparency.

This Statement establishes requirements for defined benefit pensions that are not within the scope of Statement No. 68, Accounting and Financial Reporting for Pensions, as well as for the assets accumulated for purposes of providing those pensions. In addition, it establishes requirements for defined contribution pensions that are not within the scope of Statement 68. It also amends certain provisions of Statement No. 67, Financial Reporting for Pension Plans, and Statement 68 for pension plans and pensions that are within their respective scopes.

The requirements of this Statement extend the approach to accounting and financial reporting established in Statement 68 to all pensions, with modifications as necessary to reflect that for accounting and financial reporting purposes, any assets accumulated for pensions that are provided through pension plans that are not administered through trusts that meet the criteria specified in Statement 68 should not be considered pension plan assets. It also requires that information similar to that required by Statement 68 be included in notes to financial statements and required supplementary information by all similarly situated employers and nonemployer contributing entities.

This Statement also clarifies the application of certain provisions of Statements 67 and 68 with regard to the following issues:

1. Information that is required to be presented as notes to the 10-year schedules of required supplementary information about investment-related factors that significantly affect trends in the amounts reported.

2. Accounting and financial reporting for separately financed specific liabilities of individual employers and nonemployer contributing entities for defined benefit pensions.

Timing of employer recognition of revenue for the support of nonemployer contributing entities not in a special funding situation.

Future Accounting Standard Changes - Continued

Effective Date and Transition

The requirements of this Statement that address accounting and financial reporting by employers and governmental nonemployer contributing entities for pensions that are not within the scope of Statement 68 are effective for financial statements for fiscal years beginning after June 15, 2016, and the requirements of this Statement that address financial reporting for assets accumulated for purposes of providing those pensions are effective for fiscal years beginning after June 15, 2015. The requirements of this Statement for pension plans that are within the scope of Statement 67 or for pensions that are within the scope of Statement 68 are effective for fiscal years beginning after June 15, 2015. Earlier application is encouraged.

How the Changes in This Statement Will Improve Financial Reporting

The requirements of this Statement will improve financial reporting by establishing a single framework for the presentation of information about pensions, which will enhance the comparability of pension-related information reported by employers and nonemployer contributing entities.

GASB Statement No. 74 - *Financial Reporting for Postemployment Benefit Plans Other than Pension Plans*

Summary

The objective of this Statement is to improve the usefulness of information about postemployment benefits other than pensions (other postemployment benefits or OPEB) included in the general purpose external financial reports of state and local governmental OPEB plans for making decisions and assessing accountability. This Statement results from a comprehensive review of the effectiveness of existing standards of accounting and financial reporting for all postemployment benefits (pensions and OPEB) with regard to providing decision-useful information, supporting assessments of accountability and interperiod equity, and creating additional transparency.

This Statement replaces Statements No. 43, Financial Reporting for Postemployment Benefit Plans Other Than Pension Plans, as amended, and No. 57, OPEB Measurements by Agent Employers and Agent Multiple-Employer Plans. It also includes requirements for defined contribution OPEB plans that replace the requirements for those OPEB plans in Statement No. 25, Financial Reporting for Defined Benefit Pension Plans and Note Disclosures for Defined Contribution Plans, as amended, Statement 43, and Statement No. 50, Pension Disclosures.

Statement No. 75, Accounting and Financial Reporting for Postemployment Benefits Other than Pensions, establishes new accounting and financial reporting requirements for governments whose employees are provided with OPEB, as well as for certain nonemployer governments that have a legal obligation to provide financial support for OPEB provided to the employees of other entities.

The scope of this Statement includes OPEB plans-defined benefit and defined contribution-administered through trusts that meet the following criteria:

- Contributions from employers and nonemployer contributing entities to the OPEB plan and earnings on those contributions are irrevocable.
- OPEB plan assets are dedicated to providing OPEB to plan members in accordance with the benefit terms.
- OPEB plan assets are legally protected from the creditors of employers, nonemployer contributing entities, and the OPEB plan administrator. If the plan is a defined benefit OPEB plan, plan assets also are legally protected from creditors of the plan members.

This Statement also includes requirements to address financial reporting for assets accumulated for purposes of providing defined benefit OPEB through OPEB plans that are not administered through trusts that meet the specified criteria.

Effective Date and Transition

This Statement is effective for financial statements for fiscal years beginning after June 15, 2016. Earlier application is encouraged.

Future Accounting Standard Changes - Continued

How the Changes in This Statement Will Improve Financial Reporting

The requirements of this Statement will improve financial reporting primarily through enhanced note disclosures and schedules of required supplementary information that will be presented by OPEB plans that are administered through trusts that meet the specified criteria. The new information will enhance the decision-usefulness of the financial reports of those OPEB plans, their value for assessing accountability, and their transparency by providing information about measures of net OPEB liabilities and explanations of how and why those liabilities changed from year to year. The net OPEB liability information, including ratios, will offer an up-to-date indication of the extent to which the total OPEB liability is covered by the fiduciary net position of the OPEB plan. The comparability of the reported information for similar types of OPEB plans will be improved by the changes related to the attribution method used to determine the total OPEB liability. The contribution schedule will provide measures to evaluate decisions related to the assessment of contribution rates in comparison with actuarially determined rates, if such rates are determined. In addition, new information about rates of return on OPEB plan investments will inform financial report users about the effects of market conditions on the OPEB plan's assets over time and provide information for users to assess the relative success of the OPEB plan's investment strategy and the relative contribution that investment earnings provide to the OPEB plan's ability to pay benefits to plan members when they come due.

GASB Statement No. 75 - *Accounting and Financial Reporting for Postemployment Benefit Plans Other than Pension*

Summary

The primary objective of this Statement is to improve accounting and financial reporting by state and local governments for postemployment benefits other than pensions (other postemployment benefits or OPEB). It also improves information provided by state and local governmental employers about financial support for OPEB that is provided by other entities. This Statement results from a comprehensive review of the effectiveness of existing standards of accounting and financial reporting for all postemployment benefits (pensions and OPEB) with regard to providing decision-useful information, supporting assessments of accountability and interperiod equity, and creating additional transparency.

This Statement replaces the requirements of Statements No. 45, Accounting and Financial Reporting by Employers for Postemployment Benefits Other than Pensions, as amended, and No. 57, OPEB Measurements by Agent Employers and Agent Multiple-Employer Plans, for OPEB. Statement No. 74, Financial Reporting for Postemployment Benefit Plans Other than Pension Plans, establishes new accounting and financial reporting requirements for OPEB plans.

The scope of this Statement addresses accounting and financial reporting for OPEB that is provided to the employees of state and local governmental employers. This Statement establishes standards for recognizing and measuring liabilities, deferred outflows of resources, deferred inflows of resources, and expense/expenditures. For defined benefit OPEB, this Statement identifies the methods and assumptions that are required to be used to project benefit payments, discount projected benefit payments to their actuarial present value, and attribute that present value to periods of employee service. Note disclosure and required supplementary information requirements about defined benefit OPEB also are addressed.

In addition, this Statement details the recognition and disclosure requirements for employers with payables to defined benefit OPEB plans that are administered through trusts that meet the specified criteria and for employers whose employees are provided with defined contribution OPEB. This Statement also addresses certain circumstances in which a nonemployer entity provides financial support for OPEB of employees of another entity.

In this Statement, distinctions are made regarding the particular requirements depending upon whether the OPEB plans through which the benefits are provided are administered through trusts that meet the following criteria:

- Contributions from employers and nonemployer contributing entities to the OPEB plan and earnings on those contributions are irrevocable.

- OPEB plan assets are dedicated to providing OPEB to plan members in accordance with the benefit terms.

OPEB plan assets are legally protected from the creditors of employers, nonemployer contributing entities, the OPEB plan administrator, and the plan members.

People + Process. Going Beyond the Numbers

Future Accounting Standard Changes - Continued

Effective Date

This Statement is effective for fiscal years beginning after June 15, 2017. Earlier application is encouraged.

How the Changes in This Statement Will Improve Financial Reporting

The requirements of this Statement will improve the decision-usefulness of information in employer and governmental nonemployer contributing entity financial reports and will enhance its value for assessing accountability and interperiod equity by requiring recognition of the entire OPEB liability and a more comprehensive measure of OPEB expense. Decision-usefulness and accountability also will be enhanced through new note disclosures and required supplementary information, as follows:

- More robust disclosures of assumptions will allow for better informed assessments of the reasonableness of OPEB measurements.
- Explanations of how and why the OPEB liability changed from year to year will improve transparency.
- The summary OPEB liability information, including ratios, will offer an indication of the extent to which the total OPEB liability is covered by resources held by the OPEB plan, if any.
- For employers that provide benefits through OPEB plans that are administered through trusts that meet the specified criteria, the contribution schedules will provide measures to evaluate decisions related to contributions.

The consistency, comparability, and transparency of the information reported by employers and governmental nonemployer contributing entities about OPEB transactions will be improved by requiring:

- The use of a discount rate that considers the availability of the OPEB plan's fiduciary net position associated with the OPEB of current active and inactive employees and the investment horizon of those resources, rather than utilizing only the long-term expected rate of return regardless of whether the OPEB plan's fiduciary net position is projected to be sufficient to make projected benefit payments and is expected to be invested using a strategy to achieve that return.
- A single method of attributing the actuarial present value of projected benefit payments to periods of employee service, rather than allowing a choice among six methods with additional variations.
- Immediate recognition in OPEB expense, rather than a choice of recognition periods, of the effects of changes of benefit terms.
- Recognition of OPEB expense that incorporates deferred outflows of resources and deferred inflows of resources related to OPEB over a defined, closed period, rather than a choice between an open or closed period.

GASB Statement No. 76 - *The Hierarchy of Generally Accepted Accounting Principles for State and Local Governments*

Summary

The objective of this Statement is to identify-in the context of the current governmental financial reporting environment-the hierarchy of generally accepted accounting principles (GAAP). The "GAAP hierarchy" consists of the sources of accounting principles used to prepare financial statements of state and local governmental entities in conformity with GAAP and the framework for selecting those principles. This Statement reduces the GAAP hierarchy to two categories of authoritative GAAP and addresses the use of authoritative and nonauthoritative literature in the event that the accounting treatment for a transaction or other event is not specified within a source of authoritative GAAP.

This Statement supersedes Statement No. 55, The Hierarchy of Generally Accepted Accounting Principles for State and Local Governments.

Effective Date

The requirements of this Statement are effective for financial statements for periods beginning after June 15, 2015, and should be applied retroactively. Earlier application is permitted.

People + Process. Going Beyond the Numbers

Future Accounting Standard Changes - Continued

How the Changes in This Statement Will Improve Financial Reporting

The requirements in this Statement improve financial reporting by (1) raising the category of GASB Implementation Guides in the GAAP hierarchy, thus providing the opportunity for broader public input on implementation guidance; (2) emphasizing the importance of analogies to authoritative literature when the accounting treatment for an event is not specified in authoritative GAAP; and (3) requiring the consideration of consistency with the GASB Concepts Statements when evaluating accounting treatments specified in nonauthoritative literature. As a result, governments will apply financial reporting guidance with less variation, which will improve the usefulness of financial statement information for making decisions and assessing accountability and enhance the comparability of financial statement information among governments.

GASB Statement No. 77 - *Tax Abatement Disclosures*

Summary

Financial statements prepared by state and local governments in conformity with generally accepted accounting principles provide citizens and taxpayers, legislative and oversight bodies, municipal bond analysts, and others with information they need to evaluate the financial health of governments, make decisions, and assess accountability. This information is intended, among other things, to assist these users of financial statements in assessing (1) whether a government's current-year revenues were sufficient to pay for current-year services (known as interperiod equity), (2) whether a government complied with finance-related legal and contractual obligations, (3) where a government's financial resources come from and how it uses them, and (4) a government's financial position and economic condition and how they have changed over time.

Financial statement users need information about certain limitations on a government's ability to raise resources. This includes limitations on revenue-raising capacity resulting from government programs that use tax abatements to induce behavior by individuals and entities that is beneficial to the government or its citizens. Tax abatements are widely used by state and local governments, particularly to encourage economic development. For financial reporting purposes, this Statement defines a tax abatement as resulting from an agreement between a government and an individual or entity in which the government promises to forgo tax revenues and the individual or entity promises to subsequently take a specific action that contributes to economic development or otherwise benefits the government or its citizens.

Although many governments offer tax abatements and provide information to the public about them, they do not always provide the information necessary to assess how tax abatements affect their financial position and results of operations, including their ability to raise resources in the future. This Statement requires disclosure of tax abatement information about (1) a reporting government's own tax abatement agreements and (2) those that are entered into by other governments and that reduce the reporting government's tax revenues.

This Statement requires governments that enter into tax abatement agreements to disclose the following information about the agreements:

- Brief descriptive information, such as the tax being abated, the authority under which tax abatements are provided, eligibility criteria, the mechanism by which taxes are abated, provisions for recapturing abated taxes, and the types of commitments made by tax abatement recipients.

- The gross dollar amount of taxes abated during the period.

- Commitments made by a government, other than to abate taxes, as part of a tax abatement agreement.

Governments should organize those disclosures by major tax abatement program and may disclose information for individual tax abatement agreements within those programs.

People + Process. Going Beyond the Numbers

Tax abatement agreements of other governments should be organized by the government that entered into the tax abatement agreement and the specific tax being abated. Governments may disclose information for individual tax abatement agreements of other governments within the specific tax being abated. For those tax abatement agreements, a reporting government should disclose:

- The names of the governments that entered into the agreements.
- The specific taxes being abated.
- The gross dollar amount of taxes abated during the period.

Effective Date and Transition

The requirements of this Statement are effective for financial statements for periods beginning after December 15, 2015. Earlier application is encouraged.

How the Changes in This Statement Will Improve Financial Reporting

The requirements of this Statement improve financial reporting by giving users of financial statements essential information that is not consistently or comprehensively reported to the public at present. Disclosure of information about the nature and magnitude of tax abatements will make these transactions more transparent to financial statement users. As a result, users will be better equipped to understand (1) how tax abatements affect a government's future ability to raise resources and meet its financial obligations and (2) the impact those abatements have on a government's financial position and economic condition.

GASB Statement No. 78 - *Pension Provided Through Certain Multiple-Employer Defined Benefit Pension Plans*

Summary

The objective of this Statement is to address a practice issue regarding the scope and applicability of Statement No. 68, Accounting and Financial Reporting for Pensions. This issue is associated with pensions provided through certain multiple-employer defined benefit pension plans and to state or local governmental employers whose employees are provided with such pensions.

Prior to the issuance of this Statement, the requirements of Statement 68 applied to the financial statements of all state and local governmental employers whose employees are provided with pensions through pension plans that are administered through trusts that meet the criteria in paragraph 4 of that Statement.

This Statement amends the scope and applicability of Statement 68 to exclude pensions provided to employees of state or local governmental employers through a cost-sharing multiple-employer defined benefit pension plan that (1) is not a state or local governmental pension plan, (2) is used to provide defined benefit pensions both to employees of state or local governmental employers and to employees of employers that are not state or local governmental employers, and (3) has no predominant state or local governmental employer (either individually or collectively with other state or local governmental employers that provide pensions through the pension plan). This Statement establishes requirements for recognition and measurement of pension expense, expenditures, and liabilities; note disclosures; and required supplementary information for pensions that have the characteristics described above.

Effective Date

The requirements of this Statement are effective for reporting periods beginning after December 15, 2015. Earlier application is encouraged.

Future Accounting Standard Changes - Continued

GASB Statement No. 79 - *Certain External Investment Pools and Pool Participants*

Summary

This Statement addresses accounting and financial reporting for certain external investment pools and pool participants. Specifically, it establishes criteria for an external investment pool to qualify for making the election to measure all of its investments at amortized cost for financial reporting purposes. An external investment pool qualifies for that reporting if it meets all of the applicable criteria established in this Statement. The specific criteria address (1) how the external investment pool transacts with participants; (2) requirements for portfolio maturity, quality, diversification, and liquidity; and (3) calculation and requirements of a shadow price. Significant noncompliance prevents the external investment pool from measuring all of its investments at amortized cost for financial reporting purposes. Professional judgment is required to determine if instances of noncompliance with the criteria established by this Statement during the reporting period, individually or in the aggregate, were significant.

If an external investment pool does not meet the criteria established by this Statement, that pool should apply the provisions in paragraph 16 of Statement No. 31, Accounting and Financial Reporting for Certain Investments and for External Investment Pools, as amended. If an external investment pool meets the criteria in this Statement and measures all of its investments at amortized cost, the pool's participants also should measure their investments in that external investment pool at amortized cost for financial reporting purposes. If an external investment pool does not meet the criteria in this Statement, the pool's participants should measure their investments in that pool at fair value, as provided in paragraph 11 of Statement 31, as amended.

This Statement establishes additional note disclosure requirements for qualifying external investment pools that measure all of their investments at amortized cost for financial reporting purposes and for governments that participate in those pools. Those disclosures for both the qualifying external investment pools and their participants include information about any limitations or restrictions on participant withdrawals.

Effective Date

The requirements of this Statement are effective for reporting periods beginning after June 15, 2015, except for the provisions in paragraphs 18, 19, 23-26, and 40, which are effective for reporting periods beginning after December 15, 2015.

How the Changes in This Statement Will Improve Financial Reporting

This Statement will enhance comparability of financial statements among governments by establishing specific criteria used to determine whether a qualifying external investment pool may elect to use an amortized cost exception to fair value measurement. Those criteria will provide qualifying external investment pools and participants in those pools with consistent application of an amortized cost-based measurement for financial reporting purposes. That measurement approximates fair value and mirrors the operations of external investment pools that transact with participants at a stable net asset value per share.

GASB Statement No. 80 - *Blending Requirements for Certain Component Units - an Amendment of GASB Statement No. 14*

Summary

The objective of the Statement is to improve financial reporting by clarifying the financial statement presentation requirements for certain component units. This Statement amends the blending requirements established in paragraph 53 of Statement No. 14, *The Financial Reporting Entity, as amended*.

This Statement amends the blending requirements for the financial statement presentation of component units of all state and local governments. The additional criterion requires blending of a component unit incorporated as a not-for-profit corporation in which the primary government is the sole corporate member. The additional criterion does not apply to component units included in the financial reporting entity pursuant to the provisions of Statement No. 39, *Determining Whether Certain Organizations Are Component Units*.

Effective Date

The requirements of this Statement are effective for reporting periods beginning after June 15, 2016. Earlier application is encouraged.

How the Changes in This Statement Will Improve Financial Reporting

The requirements of this Statement enhance the comparability of financial statements among governments. Greater comparability improves the decision-usefulness of information reported in financial statements and enhances its value for assessing government accountability.

INDEPENDENT AUDITOR'S REPORT

Honorable Mayor and City Council
City of Isanti, Minnesota

Report on the Financial Statements

We have audited the accompanying financial statements of the governmental activities, the business-type activities, each major fund, and the aggregate remaining fund information of the City of Isanti, Minnesota (the City), as of and for the year ended December 31, 2015, and the related notes to the financial statements, which collectively comprise the City's basic financial statements as listed in the table of contents.

Management's Responsibility for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of the financial statements that are free from material misstatement, whether due to fraud or error.

Auditor's Responsibility

Our responsibility is to express opinions on these financial statements based on our audit. We conducted our audit in accordance with auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free of material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the financial statements. The procedures selected depend on the auditor's judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error. In making those risk assessments, the auditor considers internal control relevant to the City's preparation and fair presentation of the financial statements in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the City's internal control. Accordingly, we express no such opinion. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluating the overall presentation of the financial statements.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinions.

Opinions

In our opinion, the financial statements referred to above present fairly, in all material respects, the respective financial position of the governmental activities, the business-type activities, each major fund, and the aggregate remaining fund information of the City as of December 31, 2015, and the respective changes in financial position and, where applicable, cash flows thereof and the respective budgetary comparison for the General fund for the year then ended in accordance with accounting principles generally accepted in the United States of America.

Change in Accounting Standards

As described in Note 7 to the financial statements, the City adopted the provisions of Governmental Accounting Standard Board (GASB) Statement No. 68, *Accounting and Financial Reporting for Pensions - an Amendment of GASB Statement No. 27* and Statement No. 71, *Pension Transition for Contributions Made Subsequent to the Measurement Date - an Amendment of GASB Statement No. 68*, for the year ended December 31, 2015. Adoption of the provisions of these statements results in significant change to the classifications of the components of the financial statements.

Other Matters

Required Supplementary Information

Accounting principles generally accepted in the United States of America require that the Management's Discussion and Analysis starting on page 15 and the Schedules of Employer's Share of the Net Pension Liability and the Schedules of Employers Contributions on page 74 be presented to supplement the basic financial statements. Such information, although not a part of the basic financial statements, is required by the Governmental Accounting Standards Board, who considers it to be an essential part of financial reporting for placing the basic financial statements in an appropriate operational, economic, or historical context. We have applied certain limited procedures to the required supplementary information in accordance with auditing standards generally accepted in the United States of America, which consisted of inquires of management about the methods of preparing the information and comparing the information for consistency with management's responses to our inquires, the basic financial statements, and other knowledge we obtained during our audit of the basic financial statements. We do not express an opinion or provide any assurance on the information because the limited procedures do not provide us with sufficient evidence to express an opinion or provide any assurance.

Other Information

Our audit was conducted for the purpose of forming opinions on the financial statements that collectively comprise the City's basic financial statements. The introductory section and combining and individual fund financial statements and schedules are presented for purposes of additional analysis and are not a required part of the financial statements.

The combining and individual fund financial statements and schedules are the responsibility of management and were derived from and relate directly to the underlying accounting and other records used to prepare the basic financial statements. Such information has been subjected to the auditing procedures applied in the audit of the basic financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the basic financial statements or to basic the financial statements themselves, and other additional procedures in accordance with auditing standards generally accepted in the United States of America. In our opinion, the combining and individual fund financial statements and schedules are fairly stated in all material respects in relation to the basic financial statements as a whole.

The introductory section has not been subjected to the auditing procedures applied in the audit of the basic financial statements, and accordingly, we do not express an opinion or provide any assurance on it.

Other Reporting Required by *Government Auditing Standards*

In accordance with *Government Auditing Standards*, we have also issued our report dated April 11, 2016 on our consideration of the City's internal control over financial reporting and our tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements and other matters. The purpose of that report is to describe the scope of our testing of internal control over financial reporting and compliance and the results of that testing, and not to provide an opinion on the internal control over financial reporting or on compliance. That report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering the City's internal control over financial reporting and compliance.

Management's Discussion and Analysis

As management of the City of Isanti, Minnesota, (the City), we offer readers of the City's financial statements this narrative overview and analysis of the financial activities of the City for the fiscal year ended December 31, 2015.

Financial Highlights

- The beginning unrestricted net position was decreased by $1,968,432 to recognize the effects of GASB Statement No. 68 implementation.

- The assets and deferred outflows of the City exceeded its liabilities and deferred inflows of resources at the close of the most recent fiscal year by $42,206,100. Of this amount, $3,922,607 (unrestricted net position) may be used to meet the City's ongoing obligations to citizens and creditors.

- The City's total net position increased by $629,754. This was largely are result of operating income within business-type activities of $997,439 as well as capital contributions of $788,758.

- As of the close of the current fiscal year, the City's governmental funds reported combined ending fund balances of $3,856,086, a decrease of $698,947, in comparison with the prior year.

- At the end of the current fiscal year, unrestricted fund balance for the General fund was $1,310,488.

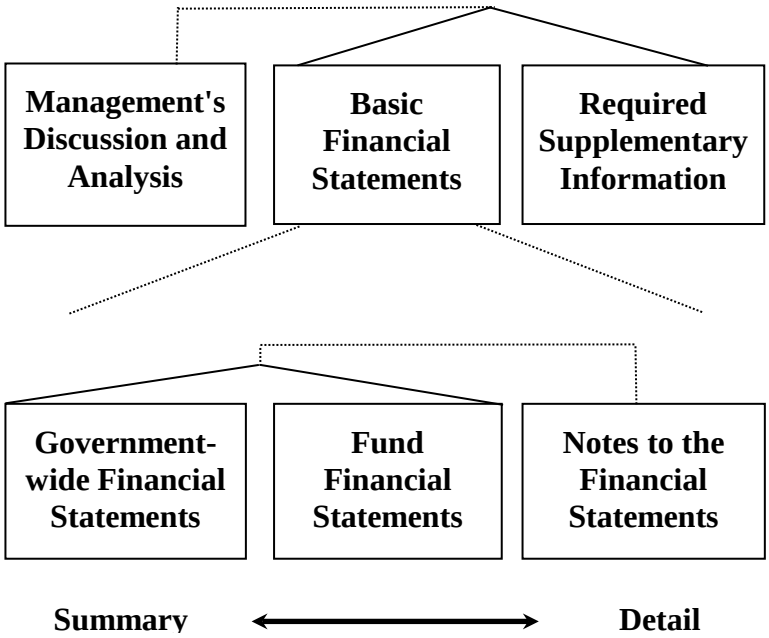
- The City's total noncurrent liabilities decreased $172,401 (1.0 percent) during the current fiscal year.

Overview of the Financial Statements

This discussion and analysis is intended to serve as an introduction to the City's basic financial statements. The City's basic financial statements comprise three components: 1) government-wide financial statements, 2) fund financial statements, and 3) notes to the financial statements. This report also contains other supplemental information in addition to the basic financial statements themselves.

The following chart shows how the required parts of this annual report are arranged and relate to one another. In addition to these required elements, we have included a section with combining and individual fund financial statements and schedules that provide details about nonmajor governmental funds, which are added together and presented in single columns in the basic financial statements.

Organization of the City's Annual Financial Report



The following chart summarizes the major features of the City's financial statements, including the portion of the City's activities they cover and the types of information they contain. The remainder of this overview section of management's discussion and analysis explains the structure and contents of each of the statements.

Major features of the Government-wide and Fund Financial Statements

Government-wide financial statements. The *government-wide financial statements* are designed to provide readers with a broad overview of the City's finances, in a manner similar to a private-sector business.

The *statement of net position* presents information on all of the City's assets and deferred inflows and liabilities and deferred outflows, with the difference between the four reported as *net position*. Over time, increases or decreases in net position may serve as a useful indicator of whether the financial position of the City is improving or deteriorating.

The *statement of activities* presents information showing how the City's net position changed during the most recent fiscal year. All changes in net position are reported as soon as the underlying event giving rise to the change occurs, *regardless of the timing of related cash flows*. Thus, revenues and expenses are reported in this statement for some items that will only result in cash flows in future fiscal periods (e.g., uncollected taxes and earned but unused vacation leave).

Both of the government-wide financial statements distinguish functions of the City that are principally supported by taxes and intergovernmental revenue (*governmental activities*) from other functions that are intended to recover all or a significant portion of their costs through user fees and charges (*business-type activities*). The governmental activities of the City include general government, public safety, public works, culture and recreation, economic development and interest on long-term debt. The business-type activities of the City include water, sewer, storm water and a liquor store.

The government-wide financial statements start on page 29 of this report.

Fund financial statements. A *fund* is a grouping of related accounts that is used to maintain control over resources that have been segregated for specific activities or objectives. The City, like other state and local governments, uses fund accounting to ensure and demonstrate compliance with finance-related legal requirements. All of the funds of the City can be divided into three categories: governmental funds, proprietary funds and the fiduciary fund.

Governmental funds. *Governmental funds* are used to account for essentially the same functions reported as *governmental activities* in the government-wide financial statements. However, unlike the government-wide financial statements, governmental fund financial statements focus on *near-term inflows and outflows of spendable resources*, as well as on *balances of spendable resources* available at the end of the fiscal year. Such information may be useful in evaluating a City's near-term financing requirements.

Because the focus of governmental funds is narrower than that of the government-wide financial statements, it is useful to compare the information presented for *governmental funds* with similar information presented for *governmental activities* in the government-wide financial statements. By doing so, readers may better understand the long-term impact by the City's near-term financing decisions. Both the governmental fund balance sheet and the governmental fund statement of revenues, expenditures and changes in fund balances provide a reconciliation to facilitate this comparison between *governmental funds* and *governmental activities*.

The City maintains 31 individual governmental funds, 7 of which are Debt Service funds. Information is presented separately in the governmental fund balance sheet and in the governmental fund statement of revenues, expenditures and changes in fund balances for the General fund and Debt Service fund, both of which are considered to be major funds. Data from the other governmental funds are combined into a single, aggregated presentation. Individual fund data for each of these nonmajor governmental funds is provided in the form of *combining statements or schedules* elsewhere in this report.

The City adopts an annual appropriated budget for its General fund. A budgetary comparison statement has been provided for the General fund to demonstrate compliance with this budget.

The basic governmental fund financial statements start on page 34 of this report.

Proprietary funds. The City maintains one type of proprietary fund. *Enterprise funds* are used to report the same functions presented as *business-type activities* in the government-wide financial statements. The City uses enterprise funds to account for its water, sewer, liquor store, and storm water.

Proprietary funds provide the same type of information as the government-wide financial statements, only in more detail. The proprietary fund financial statements provide separate information for each of the enterprise funds, all of which are considered to be major funds of the City.

The basic proprietary fund financial statements start on page 40 of this report.

Fiduciary fund. The fiduciary fund is used to account for resources held for the benefit of parties outside the City. The fiduciary fund is *not* reflected in the government-wide financial statements because the resources of this fund are not available to support the City's own programs.

The basic fiduciary fund financial statement can be found on page 46 of this report.

Notes to the financial statements. The notes provide additional information that is essential to a full understanding of the data provided in the government-wide and fund financial statements. The notes to the financial statements start on page 47 of this report.

Other information. In addition to the basic financial statements and accompanying notes, this report also presents *required supplementary information* concerning the City's progress in funding its obligation to provide pension benefits to its employees. Required supplementary information can be found on page 74 of this report.

The combining statements referred to earlier in connection with nonmajor governmental funds are presented following the notes to the financial statements. Combining and individual fund financial statements and schedules start on page 76 of this report.

Government-wide Financial Analysis

As noted earlier, net position may serve over time as a useful indicator of a government's financial position. In the case of the City, assets and deferred outflows exceeded liabilities and deferred inflows of resources by $42,206,100 at the close of the most recent fiscal year.

By far, the largest portion of the City's net position (81.6 percent) reflects its investment in capital assets (e.g., land, buildings, machinery and equipment); less any related debt used to acquire those assets that is still outstanding. The City uses these capital assets to provide services to citizens; consequently, these assets are not available for future spending. Although the City's investment in its capital assets is reported net of related debt, it should be noted that the resources needed to repay this debt must be provided from other sources, since the capital assets themselves cannot be used to liquidate these liabilities.

An additional portion of the City's net position (9.1 percent) represents resources that are subject to external restrictions on how they may be used. The remaining balance of *unrestricted net position*, $3,922,607, may be used to meet the City's ongoing obligations to citizens and creditors.

At the end of the current fiscal year, the City is able to report positive balances in all three categories of net position, both for the City as a whole, as well as for its separate governmental and business-type activities.

Governmental activities. The City's net position increased $629,754 during the current fiscal year. Governmental activities decreased the City's net position by $547,429 thereby accounting for none of the total growth in the net position of the City. Significant changes from the prior year are noted below:

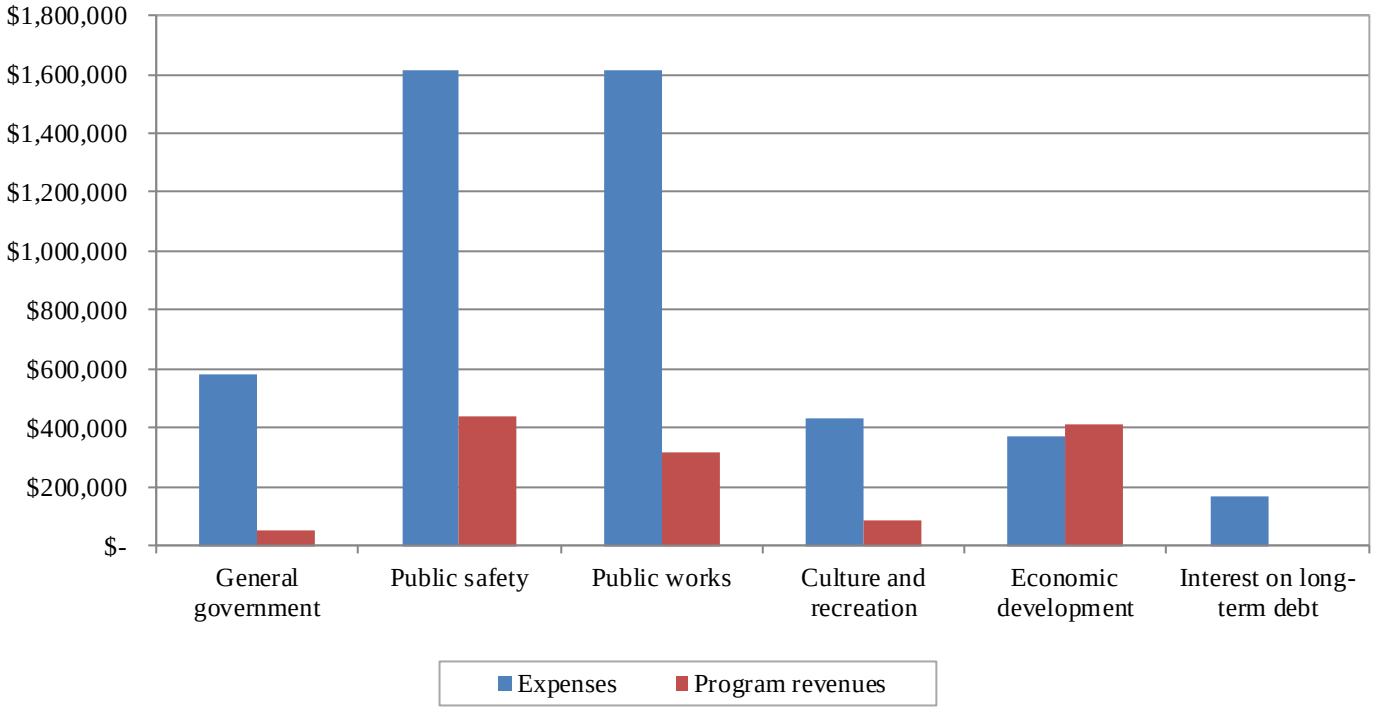
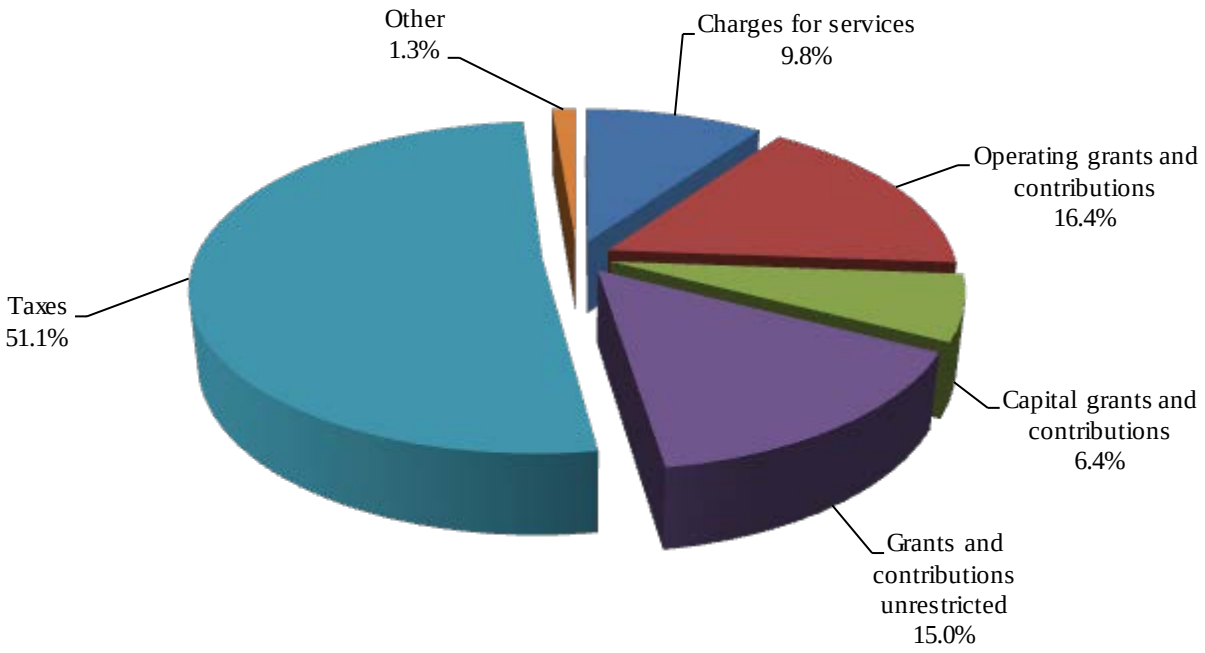
* GASB Statement No. 68 was implemented for the year ended December 31, 2015 and a required $1,968,432 restatement of beginning net position was recorded. Prior year amounts were not restated causing a variance in ending net position at December 31, 2014 and beginning net position on January 1, 2015. See Note 7.

The following graph depicts various governmental activities and shows the revenues and expenses directly related to those activities.

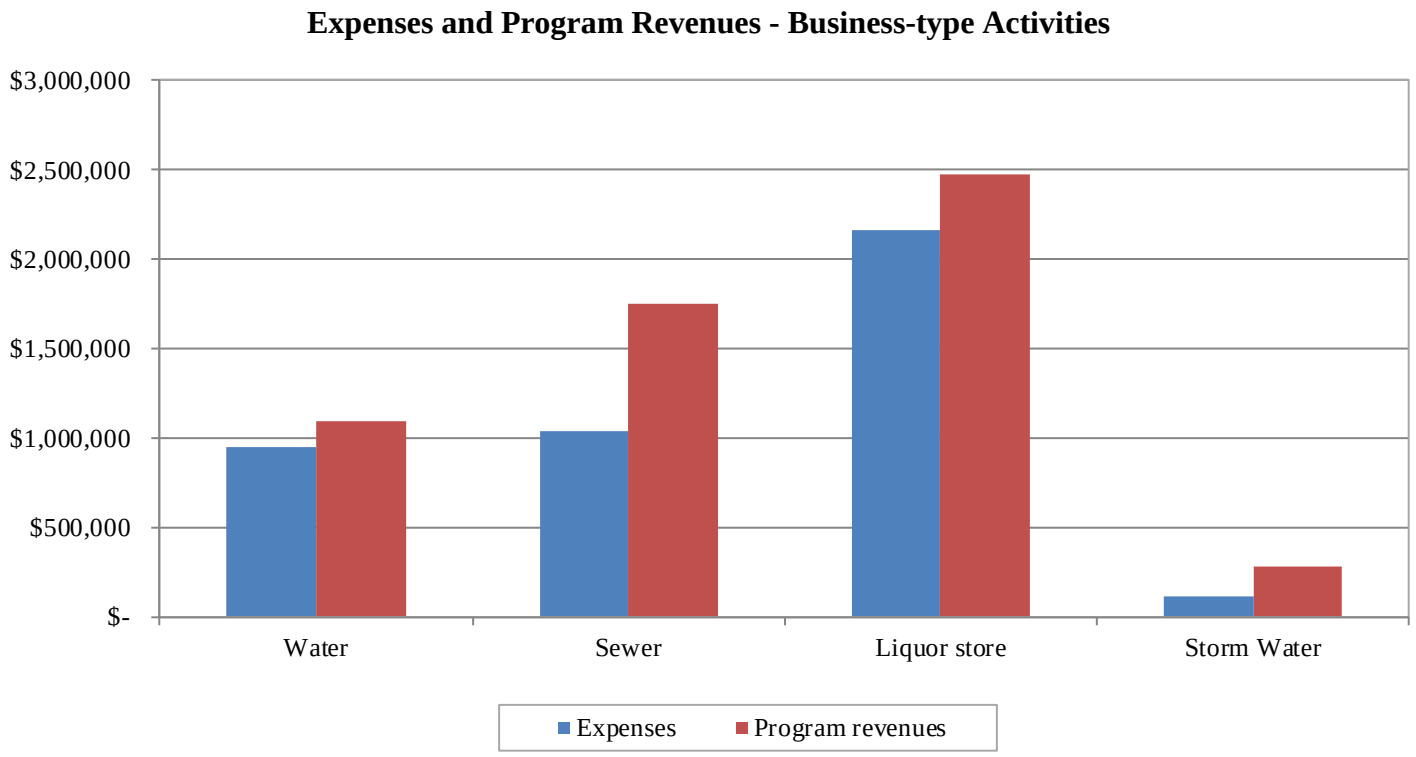
Expenses and Program Revenues - Governmental Activities

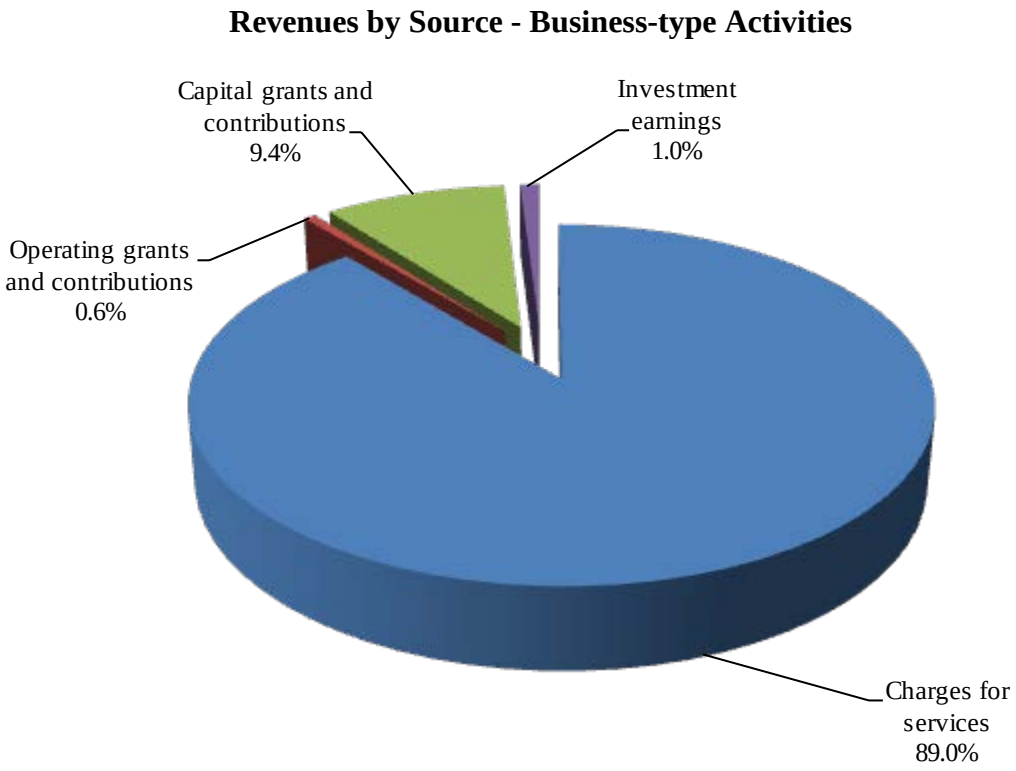


Revenues by Sources - Governmental Activities



Business-type activities. Business-type activities increased the City's net position by $1,177,183. Key elements of this increase are as follows:





Financial Analysis of the City's Funds

As noted earlier, the City uses fund accounting to ensure and demonstrate compliance with finance-related legal requirements.

Governmental funds. The focus of the City's *governmental funds* is to provide information on near-term inflows, outflows and balances of *spendable* resources. Such information is useful in assessing the City's financing requirements. In particular, *unassigned fund balance* may serve as a useful measure of a government's net resources available for spending at the end of the fiscal year.

As of the end of the current fiscal year, the City's governmental funds reported combined ending fund balances of $3,856,086, a decrease of $698,947 in comparison with the prior year. Of this total amount, 14.1 percent, or $544,700, constitutes unassigned fund balance, which is available for spending at the City's discretion. The remainder of fund balance of $3,311,386 is not available for new spending because it is either 1) nonspendable ($18,352), 2) restricted ($2,285,624), 3) committed ($1,003,045), or 4) assigned ($4,365). For further classification, refer to Note 3F on page 65 of this report.

Major funds	Fund Balance December 31, 2015	Fund Balance December 31, 2014	Increase (Decrease)
General	$ 1,327,361	$ 1,692,234	$ (364,873)
The General fund is the chief operating fund of the City. As a measure of the General fund's liquidity, it may be useful to compare fund balance to total fund expenditures and transfers out. Fund balance represents 40 percent of budgeted 2016 expenditures and transfers out. Of the fund balance, $1,310,488 is unassigned and will be used for cash flow for general operations and will be used to support operations until funds are received in June from the first tax settlement.			
Debt Service	$ 1,507,296	$ 1,441,936	$ 65,360
The Debt Service funds had an increase in fund balance comparable to expectations to meet future scheduled debt payments.			

Proprietary funds. The City's proprietary funds provide the same type of information found in the government-wide financial statements, but in more detail. Unrestricted net position of the enterprise funds at the end of the year amounted to $4,039,856. Other factors concerning the finances of this fund have already been addressed in the discussion of the City's business-type activities.

General Fund Budgetary Highlights

The City's original General fund budget was amended during the year, increasing expenditures $28,414 and identifying a decrease in fund balance of $1,008,219. Revenues were more than budget by $727,370 and expenditures were $126,617 less than budgeted amounts. In addition, transfers out exceeded budget by $257,797.

Capital Assets and Debt Administration

Capital assets. The City's investment in capital assets for its governmental and business type activities as of December 31, 2015, amounts to $48,144,723 (net of accumulated depreciation). This investment in capital assets includes land, structures, improvements, machinery and equipment, park facilities, roads and highways.

Major capital asset events during the current fiscal year included the following:

- Construction projects completed in 2015 include the Railroad Ave Improvements Phase II, the 2014 BMX Building and Site Improvements, the 2014 Public works site improvements, the 2014 Water Treatment Plant Modifications and the 2014 Unity Lift Station Improvements.
- Improvements to the City Hall, Community Center, and Liquor Store parking lots were capitalized.
- 2015 street overlay improvements were recognized as additions to governmental infrastructure.
- During 2015, the City purchased a 2015 Vactor Jetter.

Minnesota statutes limit the amount of net general obligation debt a City may issue to three percent of the market value of taxable property within the City. Net debt is payable solely from ad valorem taxes and, therefore, excludes debt financed partially or entirely by special assessments, enterprise fund revenues, or tax increments. As of December 31, 2015, the market value of property within the City is $269,093,600 for an allowable margin of $8,072,808. There is $2,950,000 of outstanding debt at year end that is applied against the statutory debt limit.

Additional information on the City's long-term debt can be found in Note 3E starting on page 61 of this report.

Economic Factors and Next Year's Budgets and Rates

- Property tax valuations within the City increased in 2015 and have continued to increase for 2016.

- Due to the State deficit and constant discussion at the State level of reducing and/or eliminating Local Government Aid and Market Value Credit, the City Council wanted to take the position that they would not receive any LGA in 2015, and if any LGA was received in 2015, that it would be used in the 2016 budget. The intent was to allow City Council additional time to react to any reduction received. City Council is aware that this could potentially increase the percentage of expenditures in fund balance at year end. The City did not budget for LGA again in 2016, but will utilize the funds received for 2017.

- Franchise fees were implemented in 2016 to offset pavement management costs.

All of these factors were considered in preparing the City's budget for the 2016 fiscal year.

Requests for Information

CITY OF ISANTI, MINNESOTA
RECONCILIATION OF THE STATEMENT OF REVENUES, EXPENDITURES AND
CHANGES IN FUND BALANCES TO THE STATEMENT OF ACTIVITIES
GOVERNMENTAL FUNDS
FOR THE YEAR ENDED DECEMBER 31, 2015

Amounts reported for governmental activities in the statement of activities are different because

Total net change in fund balances - governmental funds	$ (698,947)
Capital outlays are reported in governmental funds as expenditures. However, in the statement of activities, the cost of those assets is allocated over the estimated useful lives as depreciation expense.	
Capital outlays	1,208,703
Depreciation expense	(1,253,166)
Governmental funds report a gain (loss) on sale of capital assets to the extent of cash exchanged, whereas the disposition of the assets book value is included in the total gain (loss) in the statement of activities.	
Disposals	(81,742)
Accumulated depreciation on disposals	5,311
Governmental fund report projects in capital project funds. Some of the capital assets constructed in the project will be maintained from business-type activity funds. The assets are reported as a transfer from the government-activities to the business-type activities.	(228,455)
The issuance of long-term debt provides current financial resources to governmental funds, while the repayment of principal of long-term debt consumes the current financial resources of governmental funds. Neither transaction, however, has any effect on net position.	
Principal repayments	620,000
Amortization of bond premium	3,502
Interest on long-term debt in the statement of activities differs from the amount reported in the governmental funds because interest is recognized as an expenditure in the funds when it is due, and thus requires the use of current financial resources. In the statement of activities, however, interest expense is recognized as the interest accrues, regardless of when it is due.	(4,825)
Long-term pension activity is not reported in governmental funds.	
Pension expense	19,301
Pension revenue from state contributions	5,580
Certain revenues are recognized as soon as they are earned. Under the modified accrual basis of accounting, certain revenues cannot be recognized until they are available to liquidate liabilities of the current period.	
Property taxes	8,625
Special assessments	(106,494)
Some expenses reported in the statement of activities do not require the use of current financial resources and, therefore, are not reported as expenditures in the governmental funds.	
Compensated absences	(44,822)
Change in net position - governmental activities	$ (547,429)

Note 1: SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

A. Reporting entity

The City of Isanti, Minnesota (the City) operates under "Optional Plan A" form of government as defined in the State of Minnesota statutes. The City is governed by an elected Mayor and four-member City Council. The City Council exercises legislative authority and determines all matters of policy. The City Council appoints personnel responsible for the proper administration of all affairs relating to the City.

The City has considered all potential units for which it is financially accountable, and other organizations for which the nature and significance of their relationship with the City are such that exclusion would cause the City's financial statements to be misleading or incomplete. The Governmental Accounting Standards Board (GASB) has set forth criteria to be considered in determining financial accountability. These criteria include appointing a voting majority of an organization's governing body, and (1) the ability of the primary government to impose its will on that organization or (2) the potential for the organization to provide specific benefits to, or impose specific financial burdens on the primary government. The blended component units, although legally separate entities are, in substance, part of the City's operations and so data from these units are combined with data of the City. The City has the following component unit:

Blended Component Unit. The Economic Development Authority (EDA) of the City was created pursuant to Minnesota statutes 469.090 through 469.108 to carry out economic and industrial development and redevelopment consistent with policies established by the City Council. The City has the authority to approve and modify the EDA's budget, and the City Council has the ability to veto, overrule, or modify the decisions of the EDA Board of Commissioners. The EDA is governed by a total of seven commissioners, two of which are residents and five are City Council members. The EDA activities are blended and reported as a special revenue fund due to substantively the same governing board and due to the City having operation responsibility. Separate financial statements are not issued for this component unit.

B. Government-wide and fund financial statements

The government-wide financial statements (i.e., the statement of net position and the statement of activities) report information on all of the nonfiduciary activities of the primary government. *Governmental activities,* which normally are supported by taxes and intergovernmental revenues, are reported separately from *business-type activities,* which rely to a significant extent on fees and charges for support.

The statement of activities demonstrates the degree to which the direct expenses of a given function or segment are offset by program revenues. *Direct expenses* are those that are clearly identifiable with a specific function or segment. Amounts reported as *program revenues* include 1) charges to customers or applicants who purchase, use, or directly benefit from goods, services, or privileges provided by a given function or segment and 2) grants and contributions that are restricted to meeting the operational or capital requirements of a particular function or segment. Taxes and other items not properly included among program revenues are reported instead as *general revenues.*

Separate financial statements are provided for governmental funds, proprietary funds, and the fiduciary fund, even though the latter are excluded from the government-wide financial statements. Major individual governmental funds and major individual enterprise funds are reported as separate columns in the fund financial statements.

C. Measurement focus, basis of accounting, and financial statement presentation

The government-wide financial statements are reported using the *economic resources measurement focus* and the *accrual basis of accounting,* as are the proprietary fund financial statements. Revenues are recorded when earned and expenses are recorded when a liability is incurred, regardless of the timing of related cash flows. Property taxes are recognized as revenues in the year for which they are levied. Grants and similar items are recognized as revenue as soon as all eligibility requirements imposed by the provider have been met.

Note 1: SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES - CONTINUED

Governmental fund financial statements are reported using the *current financial resources measurement focus* and the *modified accrual basis of accounting.* Revenues are recognized as soon as they are both measurable and available. Revenues are considered to be *available* when they are collectible within the current period or soon enough thereafter to pay liabilities of the current period. For this purpose, the City considers revenues to be available if they are collected within 60 days of the end of the current fiscal period. Expenditures generally are recorded when a liability is incurred, as under accrual accounting. However, debt service expenditures, as well as expenditures related to compensated absences, and claims and judgments, are recorded only when payment is due.

Property taxes, franchise taxes, licenses and interest associated with the current fiscal period are all considered to be susceptible to accrual and so have been recognized as revenues of the current fiscal period. Only the portion of special assessments receivable due within the current fiscal period is considered to be susceptible to accrual as revenue of the current period. All other revenue items are considered to be measurable and available only when cash is received by the City.

Revenue resulting from exchange transactions, in which each party gives and receives essentially equal value, is recorded on the accrual basis when the exchange takes place. On a modified accrual basis, revenue is recorded in the year in which the resources are measurable and become available.

Non-exchange transactions, in which the City receives value without directly giving equal value in return, include property taxes, grants, entitlement and donations. On an accrual basis, revenue from property taxes is recognized in the year for which the tax is levied. Revenue from grants, entitlements and donations is recognized in the year in which all eligibility requirements have been satisfied. Eligibility requirements include timing requirements, which specify the year when the resources are required to be used or the year when use is first permitted, matching requirements, in which the City must provide local resources to be used for a specified purpose, and expenditure requirements, in which the resources are provided to the City on a reimbursement basis. On a modified accrual basis, revenue from non-exchange transactions must also be available before it can be recognized.

Unearned revenue arises when assets are recognized before revenue recognition criteria have been satisfied. Grants and entitlements received before eligibility requirements are met are also recorded as unearned revenue.

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect certain reported amounts and disclosures. Accordingly, actual results could differ from those estimates.

The City reports the following major governmental funds:

The *General fund* is the City's primary operating fund. It accounts for all financial resources of the general government, except those required to be accounted for in another fund.

The *Debt Service funds* accounts for the accumulation of resources and payment of general obligation bond principal and interest from governmental resources and special assessment bond principal and interest from special assessment levies when the City is obligated in some manner for the payment.

The City reports the following major proprietary funds:

The *Water fund* accounts for the costs associated with the City's water system and ensure that user charges are sufficient to pay for those costs.

The *Sewer fund* accounts for the costs associated with the City's sewer system and ensure that user charges are sufficient to pay for those costs.

The *Liquor Store fund* accounts for the costs associated with the City's liquor operations.

Note 1: SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES - CONTINUED

Additionally, the City reports the following fund types:

Fiduciary fund accounts for assets held by the City in a trustee capacity or as an agent on behalf of others.

The *agency fund* is custodial in nature and does not present results of operations or have a measurement focus. Agency funds are accounted for using the modified accrual basis of accounting. This fund is used to account for assets that the City holds for others in an agency capacity.

As a general rule the effect of interfund activity has been eliminated from government-wide financial statements.

Proprietary funds distinguish *operating* revenues and expenses from *nonoperating* items. Operating revenues and expenses generally result from providing services and producing and delivering goods in connection with a proprietary fund's principal ongoing operations. The principal operating revenues of the City's enterprise funds are charges to customers for sales and services. The City also recognizes as operating revenue the portion of tap fees intended to recover the cost of connecting new customers to the system. Operating expenses for enterprise funds include the cost of sales and services, administrative expenses, and depreciation on capital assets. All revenues and expenses not meeting this definition are reported as nonoperating revenues and expenses.

D. Assets, deferred outflows of resources, liabilities, deferred inflows of resources, and net position/fund balance

Deposits and investments

The City's cash and cash equivalents are considered to be cash on hand, demand deposits and short-term investments with original maturities of three months or less from the date of acquisition. The proprietary funds' portion in the government-wide cash and temporary investments pool is considered to be cash and cash equivalents for purposes of the statement of cash flows.

Cash balances from all funds are pooled and invested, to the extent available, in certificates of deposit and other authorized investments. Investments for the City are reported at fair value. It is the City's policy to refrain from investing in banks, savings and loan associations or credit unions whose equity to asset ratio is less than 10 percent. Earnings from such investments are allocated on the basis of applicable participation by each of the funds.

Note 1: SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES - CONTINUED

The City may invest idle funds as authorized by Minnesota statutes, as follows:

1. Direct obligations or obligations guaranteed by the United States or its agencies.

2. Shares of investment companies registered under the Federal Investment Company Act of 1940 and received the highest credit rating, rated in one of the two highest rating categories by a statistical rating agency, and have a final maturity of thirteen months or less.

3. General obligations of a state or local government with taxing powers rated "A" or better; revenue obligations rated "AA" or better.

4. General obligations of the Minnesota Housing Finance Agency rated "A" or better.

5. Obligation of a school district with an original maturity not exceeding 13 months and (i) rated in the highest category by a national bond rating service or (ii) enrolled in the credit enhancement program pursuant to statute section 126C.55.

6. Bankers' acceptances of United States banks eligible for purchase by the Federal Reserve System.

7. Commercial paper issued by United States banks corporations or their Canadian subsidiaries, of highest quality category by at least two nationally recognized rating agencies, and maturing in 270 days or less.

8. Repurchase or reverse repurchase agreements and securities lending agreements with financial institutions qualified as a "depository" by the government entity, with banks that are members of the Federal Reserve System with capitalization exceeding $10,000,000, a primary reporting dealer in U.S. government securities to the Federal Reserve Bank of New York, or certain Minnesota securities broker-dealers.

9. Guaranteed investment contracts (GIC's) issued or guaranteed by a United States commercial bank, a domestic branch of a foreign bank, a United States insurance company, or its Canadian subsidiary, whose similar debt obligations were rated in one of the top two rating categories by a nationally recognized rating agency.

Restricted assets

Certain proceeds of the City's enterprise fund refunding bonds are classified as restricted assets on the statements of net position.

Property taxes

The City Council annually adopts a tax levy in December and certifies it to the County for collection in the following year. The County is responsible for collecting all property taxes for the City. These taxes attach an enforceable lien on taxable property within the City on January 1 and are payable by the property owners in two installments. The taxes are collected by the County Auditor and tax settlements are made to the City during January, July and December each year.

Delinquent taxes receivable include the past six years' uncollected taxes. Delinquent taxes have been offset by a deferred inflow of resources for taxes not received within 60 days after year end in the governmental fund financial statements.

Accounts receivable

Accounts receivable include amounts billed for services provided before year end. Unbilled utility enterprise fund receivables are also included for services provided in 2015. The City annually certifies delinquent water and sewer accounts to the County for collection in the following year. Therefore, there has been no allowance for doubtful accounts established.

Note 1: SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES - CONTINUED

Special assessments

Special assessments represent the financing for public improvements paid for by benefiting property owners. These assessments are recorded as receivables upon certification to the County. Special assessments are recognized as revenue when they are received in cash or within 60 days after year end. All special assessments receivable are offset by a deferred inflow of resources in the governmental fund financial statements.

Interfund receivables and payables

Activity between funds that are representative of lending/borrowing arrangements outstanding at the end of the fiscal year are referred to as either "due to/from other funds" (i.e., the current portion of interfund loans) or "advances to/from other funds" (i.e., the non-current portion of interfund loans). All other outstanding balances between funds are reported as "due to/from other funds." Any residual balances outstanding between the governmental activities and business-type activities are reported in the government-wide financial statements as "internal balances."

Inventories and prepaid items

Inventories are valued at lower of cost or market, using the first-in, first-out (FIFO) method. Inventories of governmental funds are recorded as expenditures when consumed rather than when purchased.

Certain payments to vendors reflect costs applicable to future accounting periods and are recorded as prepaid items in both government-wide and fund financial statements.

Capital assets

Capital assets, which include property, plant, equipment and infrastructure assets (e.g., roads, bridges, sidewalks, and similar items) are reported in the applicable governmental or business-type activities columns in the government-wide financial statements. Capital assets are defined by the City as assets with an initial, individual cost of more than $5,000 (amount not rounded) and an estimated useful life in excess of one year.

In the case of initial capitalization of general infrastructure assets (i.e., those reported by governmental activities) the City chose to include items dating back to June 30, 1980. The City was able to estimate the historical cost for the initial reporting of these assets through backtrending (i.e., estimating the current replacement cost of the infrastructure to be capitalized and using an appropriate price-level index to deflate the cost to the acquisition year or estimated acquisition year). As the City constructs or acquires capital assets each period, including infrastructure assets, they are capitalized and reported at historical cost. The reported value excludes normal maintenance and repairs which are essentially amounts spent in relation to capital assets that do not increase the capacity or efficiency of the item or extend its useful life beyond the original estimate. In the case of donations the City values these capital assets at the estimated fair value of the item at the date of its donation.

Interest incurred during the construction phase of capital assets of business-type activities is included as part of the capitalized value of the assets constructed.

Property, plant and equipment are depreciated using the straight-line method over the following estimated useful lives:

Assets	Useful Lives in Years
Buildings and structures	40
Infrastructure	10 to 50
Furniture and equipment	3 to 20
Improvements other than buildings	10 to 20

Note 1: SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES - CONTINUED

Deferred outflows of resources

In addition to assets, the statement of financial position will sometimes report a separate section for deferred outflows of resources. This separate financial statement element, deferred outflows of resources, represents a consumption of net position that applies to a future period(s) and so will not be recognized as an outflow of resources (expense/expenditure) until then. The City has only one item that qualifies for reporting in this category. Accordingly, the item, deferred pension resources, is reported only in the statements of net position. This item results from actuarial calculations and current year pension contributions made subsequent to the measurement date.

Pensions

For purposes of measuring the net pension liability, deferred outflows/inflows of resources, and pension expense, information about the fiduciary net position of the Public Employees Retirement Association (PERA) and additions to/deductions from PERA's fiduciary net position have been determined on the same basis as they are reported by PERA except that PERA's fiscal year end is June 30. For this purpose, plan contributions are recognized as of employer payroll paid dates and benefit payments and refunds are recognized when due and payable in accordance with the benefit terms. Investments are reported at fair value.

Compensated absences

It is the City's policy to permit employees to accumulate a limited amount of earned but unused vacation, which is paid to the employee upon separation. A portion of unused sick leave may also be paid upon separation from City service. In governmental fund types the cost of these benefits is recognized when payments are made to the employees. The General fund is typically used to liquidate governmental compensated absences payable.

Long-term obligations

In the government-wide financial statements, and proprietary fund types in the fund financial statements, long-term debt and other long-term obligations are reported as liabilities in the applicable governmental activities, business-type activities, or proprietary fund type statement of net position. The recognition of bond premiums and discounts are amortized over the life of the bonds using the straight-line method. Bonds payable are reported net of the applicable bond premium or discount. Bond issuance costs are reported as an expense in the period incurred.

In the fund financial statements, governmental fund types recognized bond premiums and discounts, as well as bond issuance costs, during the current period. The face amount of debt issued is reported as other financing sources. Premiums received on debt issuances are reported as other financing sources while discounts on debt issuances are reported as other financing uses. Issuance costs, whether or not withheld from the actual debt proceeds received, are reported as debt service expenditures.

Deferred inflows of resources

In addition to liabilities, the statement of financial position and fund financial statements will sometimes report a separate section for deferred inflows of resources. This separate financial statement element, *deferred inflows of resources*, represents an acquisition of net position that applies to a future period(s) and so will not be recognized as an inflow of resources (revenue) until that time. The City has three types of items, *unavailable revenue* and *resources received in advance,* and *deferred pension resources.*

- *Unavailable revenue* arises only under a modified accrual basis of accounting that qualifies as needing to be reported in this category. Accordingly, the item, *unavailable revenue,* is reported only in the governmental funds balance sheet. The governmental funds report unavailable revenues from two sources: property taxes and special assessments. These amounts are deferred and recognized as an inflow of resources in the period that the amounts become available.
- *Resources received in advance* is reported in both the governmental fund financial statements and within the government-wide financial statements. This item is reported for amounts that have been received before time requirements are met, but after all other eligibility requirements have been met.
- *Deferred pension resources* is reported only in the statements of net position and results from actuarial calculations.

Note 1: SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES - CONTINUED

Fund balance

In the fund financial statements, fund balance is divided into five classifications based primarily on the extent to which the City is bound to observe constraints imposed upon the use of resources reported in the governmental funds. These classifications are defined as follows:

Nonspendable - Amounts that cannot be spent because they are not in spendable form, such as prepaid items.

Restricted - Amounts related to externally imposed constraints established by creditors, grantors or contributors; or constraints imposed by state statutory provisions.

Committed - Amounts constrained for specific purposes that are internally imposed by formal action (resolution) of the City Council, which is the City's highest level of decision-making authority. Committed amounts cannot be used for any other purpose unless the City Council modifies or rescinds the commitment by resolution.

Assigned - Amounts constrained for specific purposes that are internally imposed. In governmental funds other than the General fund, assigned fund balance represents all remaining amounts that are not classified as nonspendable and are neither restricted nor committed. In the General fund, assigned amounts represent intended uses established by the City Council itself or by an official to which the governing body delegates the authority. The City Council has adopted a fund balance policy which delegates the authority to assign amounts for specific purposes to the Finance Committee.

Unassigned - The residual classification for the General fund and also negative residual amounts in other funds.

The City considers restricted amounts to be spent first when both restricted and unrestricted fund balance is available. Additionally, the City would first use committed, then assigned, and lastly unassigned amounts of unrestricted fund balance when expenditures are made. The City has formally adopted a fund balance policy for the General fund. The City's policy is to maintain a minimum unassigned fund balance of 50 percent of the following year's budgeted expenditures and transfers out.

Net position

Net position represents the difference between assets and deferred outflows of resources and liabilities and deferred inflows of resources. Net position is displayed in three components:

a. Net investment in capital assets - Consists of capital assets, net of accumulated depreciation reduced by any outstanding debt attributable to acquire capital assets.

b. Restricted net position - Consists of net position balances restricted when there are limitations imposed on their use through external restrictions imposed by creditors, grantors, laws or regulations of other governments.

c. Unrestricted net position - All other net position balances that do not meet the definition of "restricted" or "net investment in capital assets".

When both restricted and unrestricted resources are available for use, it is the City's policy to use restricted resources first, then unrestricted resources as they are needed.

Note 2: STEWARDSHIP, COMPLIANCE AND ACCOUNTABILITY

A. Budgetary information

Annual budgets are adopted on a basis consistent with accounting principles generally accepted in the United States of America for the following funds:

- General
- Economic Development Authority
- Water
- Sewer
- Storm Water
- Liquor

All annual appropriations lapse at year end. The City does not use encumbrance accounting.

In May of each year, all departments of the City submit requests for appropriations to the City Administrator so that a budget may be prepared. Before September 30th, the proposed budget is presented to the City Council for review. The City Council holds public hearings and a final budget is prepared and adopted in early December.

The appropriated budget is prepared by fund, function and department. The City's department heads may make transfers of appropriations within a department. Transfers of appropriations between departments require the approval of the City Council. The legal level of budgetary control is the department level. The original budget was amended in 2015 to increase expenditures $28,414 for a total budgeted decrease in fund balance of $1,008,219.

B. Deficit fund equity

The following funds had deficit fund equity at December 31, 2015.

Fund	Amount
Nonmajor	
Economic Development Authority	$ 251
2013 Railroad Avenue & Walk Improvements	561,065
BMX & Bluebird Improvements	146,872
Public Works 2014 Site Improvements	5,711
City Parking Improvements	50,410

These deficits will be eliminated with future state aid, franchise taxes, and transfers from other funds.

Note 3: DETAILED NOTES ON ALL FUNDS

A. Deposits and investments

Deposits

Custodial credit risk for deposits and investments is the risk that in the event of a bank failure, the City's deposits and investments may not be returned or the City will not be able to recover collateral securities in the possession of an outside party. In accordance with Minnesota statutes and as authorized by the City Council, the City maintains deposits at those depository banks, all of which are members of the Federal Reserve System.

Minnesota statutes require that all City deposits be protected by insurance, surety bond or collateral. The market value of collateral pledged must equal 110 percent of the deposits not covered by insurance, bonds, or irrevocable standby letters of credit from Federal Home Loan Banks. Authorized collateral in lieu of a corporate surety bond includes:

- United States government Treasury bills, Treasury notes, Treasury bonds;
- Issues of United States government agencies and instrumentalities as quoted by a recognized industry quotation service available to the government entity;
- General obligation securities of any state or local government with taxing powers which is rated "A" or better by a national bond rating service, or revenue obligation securities of any state or local government with taxing powers which is rated "AA" or better by a national bond rating service;
- General obligation securities of a local government with taxing powers may be pledged as collateral against funds deposited by that same local government entity;
- Irrevocable standby letters of credit issued by Federal Home Loan Banks to a municipality accompanied by written evidence that the bank's public debt is rated "AA" or better by Moody's Investors Service, Inc., or Standard & Poor's Corporation; and
- Time deposits that are fully insured by any federal agency.

Minnesota statutes require that all collateral shall be placed in safekeeping in a restricted account at a Federal Reserve Bank, or in an account at a trust department of a commercial bank or other financial institution that is not owned or controlled by the financial institution furnishing the collateral. The selection should be approved by the City.

At year end, the City's carrying amount of deposits was $2,979,135 and the bank balance was $3,127,179. Of the bank balance, $358,990 was covered by federal depository insurance and $2,031 was covered by the national credit union share insurance fund. The remaining balance was covered by collateral held by the City's agent in the City's name.

Note 3: DETAILED NOTES ON ALL FUNDS - CONTINUED

Investments

The investments of the City are subject to the following risks:

- *Credit Risk* is the risk that an issuer or other counterparty to an investment will not fulfill its obligations. Ratings provided by various credit rating agencies where applicable indicate associated credit risk. The City's investments in Government Agencies are fully backed by the U.S. Government and are rated AAA.

- *Custodial Credit Risk* for investments is the risk that, in the event of the failure of the counterparty to a transaction, a government will not be able to recover the value of investment or collateral securities that are in the possession of an outside party. The City limits its exposure to custodial credit risk by purchasing insured or registered investments.

- *Interest Rate Risk* is the risk that changes in interest rates will adversely affect the fair value of an investment. Using the segmented time distribution method, the interest rate risk of these investments ranges from less than 6 months to more than 3 years.

- *Concentration of Credit Risk* is the risk of loss attributed to the magnitude of a government's investment in a single issuer. The City places no limit on the amount that may be invested in any one issuer. The City has invested more than 5 percent of investments in the following issuers: Federal Home Loan Bank System – 12.7 percent, U.S. Treasury Securities – 6.9 percent.

At year end, the City's investment balances were as follows:

Types of Investments	Credit Quality/ Ratings (1)	Segmented Time Distribution (2)	Fair Value and Carrying Amount
Pooled investments			
Broker Money Markets	N/A	less than 6 months	$ 1,012,428
Non-pooled investments			
Negotiable CDs	N/A	6 months to 1 year	250,000
Negotiable CDs	N/A	1 to 3 years	1,527,000
Negotiable CDs	N/A	more than 3 years	1,460,851
U.S. Treasury Securities	AAA	1 to 3 years	403,445
U.S. Government Agency Securities	AAA	more than 3 years	1,194,078
Total non-pooled investments			4,835,374
Total investments			$ 5,847,802

(1) Ratings are provided by various credit rating agencies where applicable to indicate associated credit risk.
(2) Interest rate risk is disclosed using the segmented time distribution method.
N/A Indicates not applicable or available.

B. Loans receivables

In 2008, the City's Revolving Loan fund loaned $194,000 to EverCat Fuels for 10 years at 3 percent interest. The monthly payment is $1,873 with the final payment being due in 2018. The loan was originated through the Minnesota Investment Fund and the City has agreed to remit 80 percent of the loan received back to the state. As of December 31, 2015, the loan receivable was $62,703.

In 2011, the City's Revolving Loan fund loaned $50,000 to H.M. Chris, LLC for 10 years at 3 percent interest. The monthly payment is $529. As of December 31, 2015, the loan receivable was $31,691.

In 2012, the City's Revolving Loan fund loaned $22,500 to K & D Investments for 10 years at 3 percent interest. The monthly payment is $298. As of December 31, 2015, the loan receivable was $12,088.

In 2013, the City's Revolving Loan fund loaned $25,000 to JAC Properties for 7 years at 3 percent interest. The monthly payment is $331. As of December 31, 2015, the loan receivable was $17,821.

In 2013, the City's Revolving Loan fund loaned $25,000 to the Isanti Parkway Center for 7 years at 3 percent interest. The monthly payment is $331. As of December 31, 2015, the loan receivable was $16,744.

In 2015, the City's Revolving Loan fund loaned $17,500 to Mom's Food Co-op Inc. for 5 years at 3 percent interest. The monthly payment is $315. As of December 31, 2015, the loan receivable was $14,484.

In 2015, the City's Revolving Loan fund loaned $427,000 to Mom's Food Co-op Inc. for 7 years at zero percent interest. The monthly payment is $321. As of December 31, 2015, the loan receivable was $427,000.

Note 3: DETAILED NOTES ON ALL FUNDS - CONTINUED

C. Interfund receivables, payables and transfers

The Sewer enterprise fund loaned the Municipal Expansion fund $450,000 in 2005 to provide for future costs associated with a new City hall. In 2008, the Sewer enterprise fund loaned another $53,527 to the Municipal Expansion fund. The loan is interest free, is due in 2015, and budgeted payments will be made each year. The loan was paid off in 2015.

In 2009, the Sewer enterprise fund advanced funds to the General fund to cover the City portion of the 2009 Street Improvements. Future General fund property tax levies will be utilized to repay the advance. Repayments will include interest of 3.25 percent. An additional $23,274 was borrowed between the funds in 2010. The outstanding balance at December 31, 2015 is $38,794.

In 2011, the Water and Sewer enterprise funds each loaned $15,897 to the General fund to cover the City portion of the Deer Haven Improvements. General fund property tax levies will be utilized to repay these advances. Repayments are interest free. The outstanding balance at December 31, 2015 is $19,076.

In 2013, General fund loaned $11,459 to the Technology fund to cover costs associated with technology expenses. The loan is interest free, is due in 2016, and budgeted payments will be made each year. The outstanding balance at December 31, 2015 is $3,820.

In 2013, the General fund loaned $87,145 and the Water and Sewer enterprise funds each loaned $43,573 to the 2013 Railroad Ave and Walk Improvement fund to cover the City portion of the 2013 Railroad Avenue and Walk Improvement project. Future Minnesota State Construction Aid will be utilized to repay these advances. Repayments are interest free. The loan was paid off in 2015.

Interfund transfers

The following interfund transfers were made during 2015:

	Transfer in			
Fund	General	Debt Service	Nonmajor Governmental	Total
Transfer out				
General	$ -	$ -	$ 399,818	$ 399,818
Nonmajor Governmental	16,150	-	276,617	292,767
Water	-	4,377	-	4,377

Total transfers in	$ 316,150	$ 39,390	$ 770,803	$1,126,343

During the year, transfers are used to 1) move General fund resources to other funds to cover interfund loan payments, 2) move General fund resources to provide an annual contribution for economic development, 3) transfer water and sewer resources to cover a portion of debt payments and 4) move liquor store resources to the General fund for operations. Further, during the year ended December 31, 2015, the City made the following one-time transfers:

1) Transfers of $228,172, $276,617 and $94,368 from the General fund, nonmajor governmental funds and the Storm Water fund, respectively, to various nonmajor governemental funds to provide funding for 2015 capital improvement projects.

2) The General fund transferred $29,627 to the nonmajor governmental funds to pay off an interfund loan.

Construction commitments

As of December 31, 2015, the City has a signed contract in place for the following construction projects. The following summarizes those commitments:

Project	Spent-to-Date	Remaining Commitment
Railroad Avenue Pond	$ 2,803	$ 91,319

E. Long-term debt

General obligation (G.O.) bonds

The City issues G.O. bonds to provide funds for the acquisition and construction of major capital facilities. G.O. bonds have been issued for both general government and business-type activities. These bonds are reported in the proprietary funds if they are expected to be repaid from proprietary fund revenues. In addition, bonds have been issued to refund G.O. bonds.

G.O. bonds are direct obligations and pledge the full faith and credit of the government. G.O. bonds currently outstanding are as follows:

G.O. revenue bonds

The following bonds were issued to finance capital improvements in the enterprise funds. They will be repaid from future net revenues pledged from the Water and Sewer funds and are backed by the taxing power of the City. Annual principal and interest payments on the bonds and enterprise G.O. improvement bonds are expected to require over 87 and 51 percent of net revenues from the Water and Sewer funds, respectively. Principal and interest paid for 2015 and total customer net revenues for the Water fund were $796,978 and $916,941, respectively. Principal and interest paid for 2015 and total customer net revenues for the Sewer fund were $702,174 and $1,375,981 respectively.

G.O. improvement (special assessment) bonds

The following bonds were issued to finance various improvements and will be repaid from special assessments levied on the properties benefiting from the improvements and/or ad valorem tax levies. All special assessment debt is backed by the full faith and credit of the City. Each year the combined assessment and tax levy equals 105 percent of the amount required for debt service. The excess of 5 percent is to cover any delinquencies in tax or assessment payments. The business-type bonds will be repaid from special assessments and future net revenues pledged from the Water and Sewer funds and are backed by the taxing power of the City.

Conduit debt

The City has issued industrial revenue notes to provide financial assistance to private sector entities for the acquisition and construction of industrial and commercial facilities deemed to be in the public interest. The bonds are secured by the property financed and are payable solely from payment received on the underlying loans. Upon repayment of the notes, ownership of the acquired facilities transfers to the private sector entity served by the note issuance. Neither the City, the State, nor any political subdivision thereof is obligated in any manner for repayment of the notes. Accordingly, the notes are not reported as liabilities in the accompanying financial statements.

As of December 31, 2015, there was one issue of industrial revenue notes outstanding, with a principal amount payable of $88,224.

Note 4: DEFINED BENEFIT PENSION PLANS - STATEWIDE

A. Plan description

The City participates in the following cost-sharing multiple-employer defined benefit pension plans administered by the Public Employees Retirement Association of Minnesota (PERA). PERA's defined benefit pension plans are established and administered in accordance with Minnesota statutes, chapters 353 and 356. PERA's defined benefit pension plans are tax qualified plans under Section 401 (a) of the Internal Revenue Code.

General Employees Retirement Fund (GERF)

All full-time and certain part-time employees of the City, are covered by the General Employees Retirement Fund (GERF). GERF members belong to either the Coordinated Plan or the Basic Plan. Coordinated Plan members are covered by Social Security and Basic Plan members are not. The Basic Plan was closed to new members in 1967. All new members must participate in the Coordinated Plan.

Public Employees Police and Fire Fund (PEPFF)

The PEPFF, originally established for police officers and firefighters not covered by a local relief association, now covers all police officers and firefighters hired since 1980. Effective July 1, 1999, the PEPFF also covers police officers and firefighters belonging to a local relief association that elected to merge with and transfer assets and administration to PERA.

Note 4: DEFINED BENEFIT PENSION PLANS - STATEWIDE - CONTINUED

B. Benefits provided

PERA provides retirement, disability and death benefits. Benefit provisions are established by Minnesota statute and can only be modified by the state legislature.

Benefit increases are provided to benefit recipients each January. Increases are related to the funding ratio of the plan. Members in plans that are at least 90 percent funded for two consecutive years are given 2.5 percent increases. Members in plans that have not exceeded 90 percent funded, or have fallen below 80 percent, are given 1 percent increases.

The benefit provisions stated in the following paragraphs of this section are current provisions and apply to active plan participants. Vested, terminated employees who are entitled to benefits but are not receiving them yet are bound by the provisions in effect at the time they last terminated their public service.

GERF benefits

Benefits are based on a member's highest average salary for any five successive years of allowable service, age, and years of credit at termination of service. Two methods are used to compute benefits for PERA's Coordinated and Basic Plan members. The retiring member receives the higher of a step-rate benefit accrual formula (Method 1) or a level accrual formula (Method 2). Under Method 1, the annuity accrual rate for a Basic Plan member is 2.2 percent of average salary for each of the first ten years of service and 2.7 percent for each remaining year. The annuity accrual rate for a Coordinated Plan member is 1.2 percent of average salary for each of the first ten years and 1.7 percent for each remaining year. Under Method 2, the annuity accrual rate is 2.7 percent of average salary for Basic Plan members and 1.7 percent for Coordinated Plan members for each year of service. For members hired prior to July 1, 1989, a full annuity is available when age plus years of service equal 90 and normal retirement age is 65. For members hired on or after July 1, 1989, normal retirement age is the age for unreduced Social Security benefits capped at 66.

PEPFF benefits

Benefits for the PEPFF members first hired after June 30, 2010, but before July 1, 2014, vest on a prorated basis from 50 percent after five years up to 100 percent after ten years of credited service. Benefits for PEPFF members first hired after June 30, 2014, vest on a prorated basis from 50 percent after ten years up to 100 percent after twenty years of credited service. The annuity accrual rate is 3 percent of average salary for each year of service.

For PEPFF who were first hired prior to July 1, 1989, a full annuity is available when age plus years of service equal at least 90.

C. Contributions

Minnesota statutes, chapter 353 sets the rates for employer and employee contributions. Contribution rates can only be modified by the state legislature.

GERF contributions

Basic Plan members and Coordinated Plan members were required to contribute 9.10 percent and 6.50 percent, respectively, of their annual covered salary in calendar year 2015. The City was required to contribute 11.78 percent of pay for Basic Plan members and 7.50 percent for Coordinated Plan members in calendar year 2015. The City's contributions to the GERF for the years ending December 31, 2015, 2014 and 2013 were $97,034, $90,186 and $79,524, respectively. The City's contributions were equal to the contractually required contributions for each year as set by Minnesota statute.

Note 4: DEFINED BENEFIT PENSION PLANS - STATEWIDE - CONTINUED

PEPFF contributions

Plan members were required to contribute 10.8 percent of their annual covered salary in calendar year 2015. The City was required to contribute 16.20 percent of pay for PEPFF members in calendar year 2015. The City's contributions to the PEPFF for the years ending December 31, 2015, 2014 and 2013 were $98,214, $83,216 and $80,911, respectively. The City's contributions were equal to the contractually required contributions for each year as set by Minnesota statute.

D. Pension costs

GERF pension costs

At December 31, 2015, the City reported a liability of $1,134,972 for its proportionate share of the GERF's net pension liability. The net pension liability was measured as of June 30, 2015, and the total pension liability used to calculate the net pension liability was determined by an actuarial valuation as of that date. The City's proportion of the net pension liability was based on the City's contributions received by PERA during the measurement period for employer payroll paid dates from July 1, 2014 through June 30, 2015 relative to the total employer contributions received from all of PERA's participating employers. At June 30, 2015, the City's proportionate share was 0.0219 percent which was a decrease of 0.0005 percent from its proportion measured as of June 30, 2014.

For the year ended December 31, 2015, the City recognized pension expense of $115,115 for its proportionate share of GERF's pension expense.

At December 31, 2015, the City reported its proportionate share of GERF's deferred outflows of resources and deferred inflows of resources, and its contributions subsequent to the measurement date, from the following sources:

	Deferred Outflows of Resources	Deferred Inflows of Resources
Differences between expected and actual experience	$ 10,766	$ 57,222
Changes in actuarial assumptions	70,441	-
Net difference between projected and actual earnings on plan investments	-	101,034
Changes in proportion	-	20,289
Contributions to GERF subsequent to the measurement date	47,837	-
Total	$ 129,044	$ 178,545

Deferred outflows of resources totaling $47,837 related to pensions resulting from the City's contributions to GERF subsequent to the measurement date will be recognized as a reduction of the net pension liability in the year ended December 31, 2016. Other amounts reported as deferred outflows and inflows of resources related to GERF pensions will be recognized in pension expense as follows:

2016	$ (27,864)
2017	(27,864)
2018	(68,468)
2019	26,858

Note 4: DEFINED BENEFIT PENSION PLANS - STATEWIDE - CONTINUED

PEPFF pension costs

At December 31, 2015, the City reported a liability of $704,465 for its proportionate share of the PEPFF's net pension liability. The net pension liability was measured as of June 30, 2015, and the total pension liability used to calculate the net pension liability was determined by an actuarial valuation as of that date. The City's proportion of the net pension liability was based on the City's contributions received by PERA during the measurement period for employer payroll paid dates from July 1, 2014 through June 30, 2015 relative to the total employer contributions received from all of PERA's participating employers. At June 30, 2015, the City's proportionate share was 0.0620 percent which was a decrease of 0.001 percent from its proportion measured as of June 30, 2014.

For the year ended December 31, 2015, the City recognized pension expense of $69,474 for its proportionate share of PEPFF's pension expense. The City also recognized $5,580 for the year ended December 31, 2015, as pension revenue for its proportionate share of the State of Minnesota's on-behalf contributions to the PEPFF. Legislation passed in 2013 required the State of Minnesota to begin contributing $9 million to the PEPFF each year, starting in fiscal year 2014.

At December 31, 2015, the City reported its proportionate share of PEPFF's deferred outflows of resources and deferred inflows of resources, and its contributions subsequent to the measurement date, from the following sources:

	Deferred Outflows of Resources	Deferred Inflows of Resources
Differences between expected and actual experience	$ 762	$ 114,241
Changes in actuarial assumptions	133,884	-
Net difference between projected and actual earnings on plan investments	-	125,071
Changes in proportion	-	11,178
Contributions to PEPFF subsequent to the measurement date	52,587	-
Total	$ 187,233	$ 250,490

Deferred outflows of resources totaling $52,587 related to pensions resulting from the City's contributions to PEPFF subsequent to the measurement date will be recognized as a reduction of the net pension liability in the year ended December 31, 2016. Other amounts reported as deferred outflows and inflows of resources related to GERF pensions will be recognized in pension expense as follows:

2016	$ (43,342)
2017	(43,342)
2018	(43,342)
2019	39,262
2020	(25,080)

Note 4: DEFINED BENEFIT PENSION PLANS - STATEWIDE - CONTINUED

E. Actuarial assumptions

The total pension liability in the June 30, 2015 actuarial valuation was determined using the following actuarial assumptions:

Inflation	2.75% per year
Active member payroll growth	3.50% per year
Investment rate of return	7.90%

Salary increases were based on a service-related table. Mortality rates for active members, retirees, survivors and disabilitants were based on RP-2000 tables for males or females, as appropriate, with slight adjustments. Cost of living benefit increases for retirees are assumed to be: 1 percent effective every January 1st until 2034, then 2.5 percent for GERF and PEPFF.

Actuarial assumptions used in the June 30, 2015 valuation were based on the results of actuarial experience studies. The experience study in the GERF was for the period July 1, 2004 through June 30, 2008, with an update of economic assumptions in 2014. The experience study for PEPFF was for the period July 1, 2004, through June 30, 2009.

There were no changes in actuarial assumptions in 2015.

The long-term expected rate of return on pension plan investments is 7.9 percent. The State Board of Investment, which manages the investments of PERA, prepares an analysis of the reasonableness of the long-term expected rate of return on a regular basis using a building-block method in which best-estimate ranges of expected future rates of return are developed for each major asset class. These ranges are combined to produce an expected long-term rate of return by weighting the expected future rates of return by the target asset allocation percentages. The target allocation and best estimates of arithmetic real rates of return for each major asset class are summarized in the following table:

Asset Class	Target Allocation	Long-term Expected Real Rate of Return
Domestic stocks	45.00 %	5.50 %
International stocks	15.00	6.00
Bonds	18.00	1.45
Alternative assets	20.00	6.40
Cash	2.00	0.50
Total	100.00 %	

F. Discount rate

The discount rate used to measure the total pension liability was 7.9 percent. The projection of cash flows used to determine the discount rate assumed that employee and employer contributions will be made at the rate specified in statute. Based on that assumption, each of the pension plan's fiduciary net position was projected to be available to make all projected future benefit payments of current active and inactive employees. Therefore, the long-term expected rate of return on pension plan investments was applied to all periods of projected benefit payments to determine the total pension liability.

Note 4: DEFINED BENEFIT PENSION PLANS - STATEWIDE - CONTINUED

G. Pension liability sensitivity

The following presents the City's proportionate share of the net pension liability for all plans it participates in, calculated using the discount rate disclosed in the preceding paragraph, as well as what the City's proportionate share of the net pension liability would be if it were calculated using a discount rate 1 percentage point lower or 1 percentage point higher than the current discount rate:

	City Proportionate Share of NPL		
	1 Percent Decrease (6.90%)	Current (7.90%)	1 Percent Increase (8.90%)
GERF	$ 1,784,579	$ 1,134,972	$ 598,496
PEPFF	1,373,010	704,465	152,131

H. Pension plan fiduciary net position

Detailed information about each defined benefit pension plan's fiduciary net position is available in a separately-issued PERA financial report that includes financial statements and required supplementary information. That report may be obtained on the Internet at www.mnpera.org; by writing to PERA at 60 Empire Drive #200, St. Paul, Minnesota, 55103-2088; or by calling (651) 296-7460 or (800) 652-9026.

Note 5: OTHER INFORMATION

A. Legal debt margin

In accordance with Minnesota statutes, the City may not incur or be subject to net debt in excess of three percent of the estimated market value of taxable property within the City. Net debt is payable solely from ad valorem taxes and, therefore, excludes debt financed partially or entirely by special assessments, enterprise fund revenues, or tax increments. As of December 31, 2015, the market value of property within the City is $269,093,600 for an allowable margin of $8,072,808. There is $2,950,000 of outstanding debt at year end that is applied against the statutory debt limit.

B. Risk management

The City is exposed to various risks of loss related to torts; theft of, damage to and destruction of assets; errors and omissions; injuries to employees; and natural disasters for which the City carries insurance. The City obtains insurance through participation in the League of Minnesota Cities Insurance Trust (LMCIT), which is a risk sharing pool with approximately 800 other governmental units. The City pays an annual premium to LMCIT for its workers compensation and property and casualty insurance. The LMCIT is self-sustaining through member premiums and will reinsure for claims above a prescribed dollar amount for each insurance event. Settled claims have not exceeded the City's coverage in any of the past three fiscal years.

Liabilities are reported when it is probable that a loss has occurred and the amount of the loss can be reasonably estimated. Liabilities, if any, include an amount for claims that have been incurred but not reported (IBNRs). The City's management is not aware of any incurred but not reported claims.

Note 5: OTHER INFORMATION - CONTINUED

C. Isanti Area Joint Operating Fire Board District

In October of 2002, the City and the towns of Athens, Bradford, Isanti, Oxford, Spencer Brook and Stanford, entered a joint powers agreement to acquire and pay for new fire department substations in the townships. The City shall deposit in advance quarterly contributions with the treasurer of the Isanti Area Joint Operating Fire fund. The amount of the quarterly contributions to the fund shall be according to the proportions established in the fire protection contract. Upon termination of the agreement, any real property or buildings owned by the Board shall become the sole property of the City or Township in which the property lies. The City contributed $180,256 to the Board in 2015. The City's equity interest and its share of the net income (loss) of the District is not measurable and it is not explicit; therefore, no equity interest is reported in the government-wide financial statements.

D. Cambridge-Isanti Bike-Walk Trail

On September 8, 2008, the City entered into a joint and cooperative agreement with Isanti County, Isanti Township, and the City of Cambridge for the construction, operation, and maintenance of a bike-walk trail that connects the cities of Cambridge and Isanti. The trail was constructed with Federal and State grants received by Isanti County and the City of Cambridge. Isanti is responsible for maintaining and operating the part of the trail lying south of the centerline of the right of way of 301st Avenue. The agreement will terminate after 20 years. The City contributed $10,840 to the cooperative during 2015.

E. North Trunk Highway 65 Corridor Coalition

On September 19, 2006, the City of Isanti joined the North Trunk Highway 65 Corridor Coalition. The Coalition consists of cities, counties, and towns from Highway 10 in Blaine to the northern reaches of Kanabec County. The agreement states that the City must support the preservation and upgrade of the corridor to meet future transportation needs for various modes including, but not limited to, highway improvements, bus improvements, commuter, freight rail, multi-use paths, and Intelligent Transportation Systems (ITS). The City paid dues of $250 to the Coalition during 2015.

F. Minnesota Department of Transportation Partnership Agreement

On June 3, 2008, the City entered into a partnership agreement with the Minnesota Department of Transportation to undertake collaborative efforts for the design, construction, maintenance, and operation of state and local roads. The agreement allows both parties to write work orders against a master contract without prior City Council consent to ensure the greatest speed and flexibility in responding to identified needs. This agreement was renewed by the City Council on December 18, 2012 and will remain in effect for five years.

Note 6: COMMITMENTS AND CONTINGENCIES

A. Concentrations

The City receives a significant amount of its annual General fund revenue from the State of Minnesota from the Local Government Aid (LGA). The amount received in 2015 was $571,231 for LGA. This accounted for 23 percent of General fund revenues.

B. Tax increment districts

The City's tax increment districts are subject to review by the State of Minnesota Office of the State Auditor (OSA). Any disallowed claims or misuse of tax increments could become a liability of the applicable fund. Management has indicated that they are not aware of any instances of noncompliance which would have a material effect on the financial statements.

Note 7: CHANGE IN ACCOUNTING STANDARDS

During 2015, the City implemented several new accounting pronouncements issued by the Governmental Accounting Standards Board (GASB), including Statement No. 68, *Accounting and Financial Reporting for Pensions - an Amendment of GASB Statement No. 27* and Statement No. 71, *Pension Transition for Contributions Made Subsequent to the Measurement Date - an Amendment of GASB Statement No. 68,* for the year ended December 31, 2015. These standards required a retroactive implementation which resulted in the restatement of beginning balances in the December 31, 2014 financial statements. Changes related to these standards are reflected in the financial statements and schedules and related disclosures are included in Note 4.

As a result of the restatement of beginning balances, the following schedule reconciles the previously reported December 31, 2014 balances to the December 31, 2015 financial statements:

	December 31, 2015

INDEPENDENT AUDITOR'S REPORT ON MINNESOTA LEGAL COMPLIANCE

Honorable Mayor and City Council
City of Isanti, Minnesota

We have audited, in accordance with auditing standards generally accepted in the United States of America, and the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States, the financial statements of the governmental activities, the business-type activities, each major fund, and the aggregate remaining fund information of the City of Isanti, Minnesota (the City) as of and for the year ended December 31, 2015, and the related notes to the financial statements, and have issued our report thereon dated April 11, 2016.

The *Minnesota Legal Compliance Audit Guide for Cities*, promulgated by the State Auditor pursuant to Minnesota Statute §6.65, contains seven categories of compliance to be tested: contracting and bidding, deposits and investments, conflicts of interest, public indebtedness, claims and disbursements, miscellaneous provisions, and tax increment financing. Our audit considered all of the listed categories.

In connection with our audit, nothing came to our attention that caused us to believe that the City failed to comply with the provisions of the *Minnesota Legal Compliance Audit Guide for Cities*. However, our audit was not directed primarily toward obtaining knowledge of such noncompliance. Accordingly, had we performed additional procedures, other matters may have come to our attention regarding the City's noncompliance with the above referenced provisions.

The purpose of this report is solely to describe the scope of our testing of compliance and the result of that testing, and not to provide an opinion on compliance. Accordingly, this communication is not suitable for any other purpose.

INDEPENDENT AUDITOR'S REPORT ON INTERNAL CONTROL OVER FINANCIAL REPORTING AND ON COMPLIANCE AND OTHER MATTERS BASED ON AN AUDIT OF FINANCIAL STATEMENTS PERFORMED IN ACCORDANCE WITH *GOVERNMENT AUDITING STANDARDS*

Honorable Mayor and City Council
City of Isanti, Minnesota

We have audited, in accordance with the auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards* issued by the Comptroller General of the United States, the financial statements of the governmental activities, the business-type activities, each major fund, and the aggregate remaining fund information of the City of Isanti, Minnesota (the City), as of and for the year ended December 31, 2015, and the related notes to the financial statements, which collectively comprise the City's basic financial statements and have issued our report thereon dated April 11, 2016.

Internal Control Over Financial Reporting

In planning and performing our audit of the financial statements, we considered the City's internal control over financial reporting (internal control) to determine the audit procedures that are appropriate in the circumstances for the purpose of expressing our opinions on the financial statements, but not for the purpose of expressing an opinion on the effectiveness of the City's internal control. Accordingly, we do not express an opinion on the effectiveness of the City's internal control.

Our consideration of internal control was for the limited purpose described in the preceding paragraph and was not designed to identify all deficiencies in internal control that might be material weaknesses or significant deficiencies and therefore, material weaknesses or significant deficiencies may exist that were not identified However, as described in the accompanying Schedule of Findings and Responses, we identified certain deficiencies in internal control that we consider to be a material weakness and a significant deficiency.

A deficiency in internal control exists when the design or operation of a control does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct, misstatements on a timely basis. A material weakness is a deficiency, or a combination of deficiencies, in internal control such that there is a reasonable possibility that a material misstatement of the entity's financial statements will not be prevented, or detected and corrected on a timely basis. We consider the deficiency described in the accompanying Schedule of Findings and Responses as item 2015-002 to be a material weakness.

A significant deficiency is a deficiency, or a combination of deficiencies, in internal control that is less severe than a material weakness, yet important enough to merit attention by those charged with governance. We consider the deficiency described in the accompanying Schedule of Findings and Responses as item 2015-001 to be a significant deficiency.

Compliance and Other Matters

As part of obtaining reasonable assurance about whether the City's financial statements are free from material misstatement, we performed tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements, noncompliance with which could have a direct and material effect on the determination of financial statement amounts. However, providing an opinion on compliance with those provisions was not an objective of our audit, and accordingly, we do not express such an opinion. The results of our tests disclosed no instances of noncompliance or other matters that are required to be reported under *Government Auditing Standards.*

The City's Responses to the Findings

The City's responses to the findings identified in our audit are described in the accompanying Schedule of Findings and Responses. The City's responses were not subjected to the auditing procedures applied in the audit of the financial statements and, accordingly, we express no opinion on them.

Purpose of this Report

The purpose of this report is solely to describe the scope of our testing of internal control and compliance and the results of that testing, and not to provide an opinion on the effectiveness of the City's internal control or on compliance. This report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering the City's internal control and compliance. Accordingly, this communication is not suitable for any other purpose.

People + Process. Going Beyond the Numbers

CITY OF ISANTI, MINNESOTA
SCHEDULE OF FINDINGS AND RESPONSES
FOR THE YEAR ENDED DECEMBER 31, 2015

Finding	Description

2015-001 Preparation of financial statements

Condition: We were requested to draft the audited financial statements and related footnote disclosures as part of our regular audit services. Ultimately, it is management's responsibility to provide for the preparation of your statements and footnotes, and the responsibility of the auditor to determine the fairness of presentation of those statements. It is our responsibility to inform you that this deficiency could result in a material misstatement to the financial statements that could have been prevented or detected by your management. Essentially, the auditors cannot be part of your internal control process.

Criteria: Internal controls should be in place to provide reasonable assurance over the reliability of financial records and reporting.

Cause: From a practical standpoint, we both prepare your statements and determine the fairness of that presentation at the same time in connection with our audit. This is not unusual for us to do with organizations of your size.

Effect: The effectiveness of the internal control system relies on enforcement by management. The effect of deficiencies in internal controls can result in undetected errors in financial reporting. We have instructed management to review a draft of the auditor prepared financials in detail for accuracy; we have answered any questions that management might have, and have encouraged research of any accounting guidance in connection with the adequacy and appropriateness of classification of disclosures in your statements. We are satisfied that the appropriate steps have been taken to provide you with the completed financial statements.

Recommendation: Under these circumstances, the most effective controls lie in management's knowledge of the City's financial operations. It is the responsibility of management and those charged with governance to make the decision whether to accept the degree of risk associated with this condition because of cost and other considerations. Regarding the specific situations listed above, we would offer the following specific recommendations: 1) Utilize a disclosure checklist to ensure all required disclosures are present and agree to work papers, and 2) Agree your accounting information from your accounting software to the amounts reported in the financial statements.

Management response:

For now, the City accepts the degree of risk associated with this condition and thoroughly reviews a draft of the financial statements.

Finding	Description

2015-002 Material audit adjustments

Condition: During our audit, several material audit adjustments were necessary related to capital asset additions, allocated project costs, and sold properties.

Criteria: The financial statements are the responsibility of the City's management; therefor, the City must be able to prevent or detect a material misstatement in the financial statements including footnote disclosures.

Cause: The year-end trial balance and supporting work papers did not reflect all necessary accounting entries.

Effect: This indicates that a misstatement has occurred and was not detected by the City's system of internal control.

Recommendation: We recommend that management review the final audit work paper and related journal entries, obtain an understanding of why the entries were necessary and modify current procedures to ensure that future corrections are not needed.

Management response:

Management has reviewed the final audit work paper and related journal entries and understands the adjustments made in the audit.

Executive Summary

This report presents the results of the study of customer rates for water and sanitary sewer utilities operated by the City of Isanti. This study was conducted by Northland Securities working with city staff and the City's Finance Committee. The purpose of the study was to provide the City with information needed to effectively manage rates and maintain the sound financial condition of these utilities.

Northland created a model that projected future revenues based on average consumption, number of customers and rates. The model allowed city officials to explore the financial implications of:

- Growth in the customer base.
- Use of existing reserves.
- Changes in base and consumption rates.

A variety of options were explored through the study process. These options considered alternative rates of growth, changes in rates and use of existing reserves. Through these investigations, the Finance Committee developed the recommendations described in this report for consideration by the City Council.

It is important to note that the projections used in this study are not intended as a detailed financial management plan for the utilities. The projections were designed to provide a framework for highlighting the financial implications related to changes in key assumptions. Ongoing monitoring of the financial condition of each utility is required to assess the outcomes based on actual operations. The assumptions used in the projections are described in Supporting Analysis section.

Water

The combination of existing reserves and projected future income allow the City to reduce user charges. The recommended rate change is a reduction in the base rate from $16.90 to $12.68 (25%). The effective date for the recommended rate change is January 1, 2017. Base and usage rates are proposed to increase annually by 3% in the years 2018 though 2020.

The rationale for the recommendation includes:

- A reduction in the base rate allows all water customers to share in the lower costs.
- The reduction in the base rate conveys the greatest benefit to lower use customers.
- The resulting reduction in revenues provides sufficient revenues to pay for projected operating expenses, planned capital improvements and existing debt service.
- The Water Fund maintains an acceptable "minimum cash balance" through 2020. (The targeted minimum cash balance is explained in the next section of this report.)
- The Water Fund is projected to produce net operating revenue in excess of debt service in 2016 and 2020. In the years 2017, 2018 and 2019, current projections indicate a slight net operating loss will occur after debt service. However, given the significant cash balance within the water fund, a 25% reduction of the base rate is still recommended. Additionally, growth assumptions used for the purposes of this study remain conservative. Actual growth and usage figures, which should be reviewed annually, may eliminate the projected net operating loss after debt service. This is an important factor for a bond rating and should remain a consideration for the City. A history of net revenues exceeding annual debt service allows the rating agency to exclude water revenue supported debt from debt ratio calculations.

Table 1 contains the proposed water rate schedule and water rates for the years 2011-2016. Table 2 contains the base fee schedule for commercial customers (no change in the allocation of base fees is proposed). Table 3 compares the monthly and annual costs under current and proposed rates for residential customers using 3,500, 5,000, 10,000 and 15,000 gallons per month.

Sanitary Sewer

The combination of existing reserves and projected future income allow the City to reduce user charges. The recommended rate change is a reduction in the base rate from $22.86 to $11.43 (50%). The effective date for the recommended rate change is January 1, 2017. Base and usage rates are proposed to increase annually by 3% in the years 2018 though 2020. Additionally, it is recommended that $850,000 of existing cash be used to pay for 2016 sanitary sewer system improvements, reducing the amount of anticipated debt needed to finance these improvements.

The rationale for the recommendation includes:

- A reduction in the base rate allows all sewer customers to share in the lower costs.
- The reduction in the base rate conveys the greatest benefit to lower use customers.
- The resulting reduction in revenues provides sufficient revenues to pay for projected operating expenses, planned capital improvements and existing debt service.
- The Sewer Fund maintains an acceptable "minimum cash balance" through 2020. (The targeted minimum cash balance is explained in the next section of this report.)
- The Sewer Fund is projected to produce net operating revenue in excess of debt service. This is an important factor for a bond rating. A history of net revenues exceeding annual debt service allows the rating agency to exclude sewer revenue supported debt from debt ratio calculations.

Table 4 contains the proposed sewer rate schedule and water rates for the years 2011-2016. Table 5 contains the base fee schedule for commercial customers (no change in the allocation of base fees is proposed). Table 6 compares the monthly and annual costs under current and proposed rates for residential customers using 3,500, 5,000, 10,000 and 15,000 gallons of water per month.

SAC/WAC

Although this study did not specifically analyze connection charges, it is recommended that the City continue the current policy of 3% annual increases in SAC and WAC.

Other Considerations

The January 1, 2017 effective date for the rate changes allows the City to take a series of verifying actions before final implementation:

1. The preliminary 2015 data used in the projections should be compared with the approved 2015 Audit and adjusted as needed.
2. The Sewer Fund projections should incorporate principal and interest payments from the sale of the 2016 G.O. Sewer Revenue Bonds.
3. The growth projections used in the study should be reviewed based on actual growth in 2016 and proposed development in 2017.
4. Assumptions used in this study should be compared with the 2017 Budget and significant differences should be reconciled.
5. The City should monitor water consumption trends. Declining water use will reduce projected revenues.

Supporting Analysis

This section contains the analysis and other information used in formulating the recommended actions.

Key Assumptions

The results of the study are shaped by underlying assumptions. The following section summarizes the key assumptions used in this study. Changes in these assumptions will alter the projected outcomes.

1. Operating revenues and expenditures for 2012, 2013, and 2014 come from the audited annual financial report.
2. Revenues and expenditures for 2015 are based on unaudited year end financial reports.
3. 2016 data is based on the 2016 Budget with adjustments to Connection Fees, Capital Outlay, Depreciation.
4. Water revenues from consumption are based on average consumption for the period 1/24/2015 to 1/23/2016 as listed in the Consumption Analysis Report. Average consumption is held constant over the five-year term of the projections.
5. All new residential customers are placed in the first tier of the rate schedule.
6. The projections assume that new residential growth only produces 50% of the possible revenue in the year of development to account for the construction period.
7. The projections assume one new commercial customer each year.
8. All new commercial customers are placed in the first tier of the rate schedule.
9. The projections assume one new industrial customer each year.
10. All new industrial customers are placed in the first tier of the rate schedule.
11. No new public customers are included in the projections.
12. No new apartment customers are included in the projections.
13. Annual adjustments in future expenditures use the following factors: Staffing 5%, Utilities 2%, Supplies 2%, Support 2%.
14. Investment income is based on 1% return on the prior year's ending balance.
15. Capital outlay expenditures were provided by the City.
16. The projections include estimated debt service on bonds issued in 2016 in an amount of $2,590,000 to finance sanitary sewer system improvements. The total cost of the improve-

ments is estimated to be $3,360,000. The borrowing need is reduced by a $850,000 cash contribution from the Sewer Fund.

The projections show a "minimum cash balance". This balance represents one-half of annual operating expenses (staffing, supplies, utilities, support services, and depreciation) plus debt service, capital outlay and transfers minus bond proceeds. The minimum cash balance is intended to provide a benchmark for cash reserves retained by each fund. It has been used to protect against excessive rate changes and use of reserves.

Comparable Cities

One means of evaluating utility rates is through a comparison with "comparable" cities. Table 9 on the next page compares current and proposed water and sewer rates in Isanti with published 2015 rates in six other cities. The chart below illustrates the combined monthly water and sewer cost for a household using 3,500 gallons of water per month.

LETTER OF TRANSMITTAL

Don Lorsung
City of Isanti
110 1st Avenue North
Isanti, Minnesota 55040

Dear Mr. Lorsung,

Thank you for the opportunity to submit this proposal to the City of Isanti, Minnesota (the City) for interim financial management services. Based on our past experience with Cities of comparable size and complexity, we believe our structured contract with defined outcomes offered through AEM Financial Solutions, LLC (AEMFS) would provide the City with excellent financial management services.

We believe our solution will continue to result in the City receiving high level information, continual improvement of processes and allow the City to keep overall costs stable. Our proposal is based on the past work we have done, the needs of the City, and the experiences we have had working with other cities. The proposal outlines the scope of services we believe will address the needs of the City.

The term of this contract shall be from April 21, 2016 through September 30, 2016.

An AEMFS representative will be in the City offices as necessary to perform responsibilities as noted on the Scope of Services page. Services will also be performed remotely as necessary.

Investment by the City for services is indicated in the financial page.

AEMFS would like to thank the City for the opportunity. We look forward to exceeding your expectations and continuing our long-term, mutually beneficial relationship.

Sincerely,

AEM Financial Solutions, LLC

FIRM QUALIFICATIONS AND EXPERIENCE

For over 50 years, we've helped local governments throughout Minnesota serve their communities more efficiently. As the leading governmental auditing firm in the state, we provide accounting, financial, and audit services to over 200 governmental entities. In 2009, we established AEM Financial Solutions, LLC (AEMFS) a company dedicated to providing day-to-day accounting and financial management services for local governments. The success of AEMFS stems from having over 17 years of government finance and audit experience, six years of Big Four accounting Firm, and over 50 years of providing governmental services in Minnesota.

As an integral part of your team, we work with you to deliver one-of-a-kind solutions for improving best practices in your entire organization. You can expect to work with our partners and managers to resolve issues ranging from operational effectiveness to long term planning and workflow.

AEMFS is a division of Abdo, Eick & Meyers, LLP (the Firm). Overall the Firm has a professional staff of more than 131 in its Edina and Mankato offices. AEMFS specializes in the governmental industry. The following summarizes the type of services we provide.

Governmental Client Services

Our governmental client base is composed of cities, municipalities and other public entities. They are as follows:

- Finance director services for approximately 17 cities.
    - 2 municipal clients receive the GFOA's certificate of achievement for excellence in financial reporting
- Process evaluation studies and recommendations
- Operational effectiveness
- Work flow implementation
- Request for proposal development
- Project feasibility analysis
- Rate studies, long term strategic planning and capital improvement planning
- Budget development and analysis

Personnel

AEMFS has a tremendous level of expertise and experience in providing Governmental services. Detailed biographies can be found in Appendix A. This detail will demonstrate that when combined, we have over 55 years of providing solutions to governmental entities along with over 25 years of private sector experience.

Our substantial governmental client base and commitment of staff to governmental services has provided our firm with the competence to serve your professionally and efficiently.

AGREEMENT FOR FINANCIAL SERVICES

THIS AGREEMENT, is made and entered into on April 13, 2016 by and between the City of Isanti, Minnesota (hereinafter referred to as the "City"), and AEM Financial Solutions LLC (hereinafter referred to as the "Contractor").

Articles of Agreement & Recitals

WHEREAS, the City is authorized and empowered to secure from time to time certain professional services through contracts with qualified consultants; and

WHEREAS, the Contractor understands and agrees that:

1. The Contractor will act as an Independent Contractor in the performance of all duties under this Agreement. Accordingly, the Contractor shall be responsible for payment of all taxes, including federal, state and local taxes and professional/business license fees arising out of the Contractor's activities;

2. The Contractor shall have no authority to bind the City for the performance of any services or to obligate the City. The Contractor is not an agent, servant, or employee of the City and shall not make any such representations or hold himself/herself out as such;

3. The Contractor shall be the exclusive outsourced accounting service provider for the City during the term of this Agreement;

4. The Contractor shall perform all professional services in a competent and professional manner, acting in the best interests of the City at all times.

5. The Contractor shall not accrue any continuing contract rights for the services performed under this contract.

NOW THEREFORE, in consideration of the mutual covenants and promises contained herein, it is agreed as follows:

ARTICLE I

INCORPORATION OF RECITALS

The recitals and agreement set forth above are hereby incorporated into this Agreement.

ARTICLE II

LIABILITY INSURANCE

Section 1 Liability Insurance: The Contractor shall obtain professional liability insurance, at their expense with liability insurance coverage minimums in the amount of $2,000,000, which Contractor must secure and maintain during the term of this Agreement. Contractor will provide City with proof of liability insurance coverage under this Agreement in writing upon request by the City.

People + Process. Going Beyond the Numbers

ARTICLE III

DURATION OF THE AGREEMENT

Section 1 Duration: This Agreement shall commence upon date of execution by all parties and will remain in effect until September 30, 2016 unless earlier terminated as provided in Sections 2 and 3.

Section 2 City's Termination Rights: City may terminate this Agreement upon sixty (60) days written notice in the event the City determines in its sole discretion that it is not in the City's best interest to continue using Contractor's services. The City may terminate on ten (10) days written notice of the Contractor fails to perform its obligations under this Agreement.

Section 3 Contractor's Termination Rights: Contractor may terminate this Agreement upon thirty (30) days written notice to City in the event City does not pay Contractor compensation as required under Article 5, Section 9 within fifteen (15) days after invoice is received by City. In the event of non-payment within thirty (30) days, Contractor shall give City an opportunity to cure the default by giving a notice of such non-payment and an additional five (5) days after the City's receipt of the notice to remit such payment, prior to giving a notice of termination. Contractor can also terminate the Agreement with one hundred twenty (120) days written notice if the Contractor believes it is in its best interests to terminate the Agreement.

ARTICLE IV

RENEWAL OF THE AGREEMENT

Section 1 Renewal Period: Not less than ninety (90) days prior to the expiration of this Agreement, the City may provide written notice of intent to renew this Agreement for an additional term of up to three years upon terms and conditions agreed upon by both parties to the Agreement. If no such renewal agreement is executed by the parties, the Agreement terminates without further action of either party on September 30, 2016.

ARTICLE V

GENERAL

Section 1 Authorized City Agent: The City's authorized agent for the purpose of administration of this Agreement is the City Administrator. Said agent shall have final authority for approval and acceptance of the Contractor's services performed under this Agreement and shall further have responsibility for administration of the terms and conditions of this Agreement. All notices under this Agreement shall be sent to the person and address indicated below on the signature lines.

Section 2 Amendments: No amendments or variations of the terms and conditions of this Agreement shall be valid unless in writing and signed by the parties.

Section 3 Assignability: The Contractor's rights and obligations under this Agreement are not assignable or transferable.

Section 4 Data: Any data or materials, including, but not limited to, reports, studies, photographs, negatives, or any and all other documents prepared by the Contractor or its outside consultants in the performance of the Contractor's obligations under this Agreement shall be the exclusive property of the City, and any such data and materials shall be remitted to the City by the Contractor upon completion, expiration, or termination of this Agreement. Further, any such data and materials shall be treated and maintained by the Contractor and its outside consultants in accordance with applicable federal, state and local. Further, Contractor will have access to data collected or maintained by the City to the extent necessary to perform Contractor's obligations under this Agreement. Contractor agrees to maintain all data obtained from the City in the same manner as the City is required under the Minnesota Government Data Practices Act, Minnesota Statutes Chapter 13 or other applicable law (hereinafter referred to as the "Act"). Contractor will not release or disclose the contents of data classified as not public to any person except at the written direction of the City. Upon receipt of a request to obtain and/or review data as defined in the Act, Contractor will immediately notify the City. The City shall provide written direction to Contractor regarding the request within a reasonable time, not to exceed fifteen (15) days. The City agrees to indemnify, hold harmless and defend Contractor for any liability, expense, cost, damages, claim, and action, including attorneys' fees, arising out of or related to Contractor's complying with the City's direction. Subject to the aforementioned, Contractor agrees to defend and indemnify the City from any claim, liability, damage or loss asserted against the City as a result of Contractor's failure to comply with the requirements of the Act. Upon termination and/or completion of this Agreement, Contractor agrees to return all data to the City, as requested by the City.

ARTICLE V - CONTINUED

GENERAL - CONTINUED

Section 5 Entire Agreement: This Agreement is the entire agreement between the City and the Contractor and it supersedes all prior written or oral agreements. There are no other covenants, promises, undertakings, or understandings outside of this Agreement other than those specifically set forth. Any term, condition, prior course of dealing, course of performance, usage of trade, understanding, or agreement purporting to modify, vary, supplement, or explain any provision of this Agreement is null and void and of no effect unless in writing and signed by representatives of both parties authorized to amend this Agreement.

Section 6 Severability: All terms and covenants contained in this Agreement are severable. In the event any provision of this Agreement shall be held invalid by any court of competent jurisdiction, this Agreement shall be interpreted as if such invalid terms or covenants were not contained herein and such holding shall not invalidate or render unenforceable any other provision hereof.

Section 7 Contractor Fiscal Decision Waiver: Contractor is responsible for providing the City with timely and accurate financial recommendations and information that allows City Council the ability to make final financial decisions. Contractor will provide final financial recommendations, but is not responsible for the final decisions made regarding financial matters.

Section 8 City Employment of Contractors Employees; Should the City desire to employ the Contractors employee that is assigned to the City during the term of this Agreement, it must have the written consent of the Contractor to enter into a City employee contract with the Contractors employee. Should the Contractor agree to such arrangement, the agreement will include a payment equal to 50% of the annual contracted cost, in addition to the annual contracted cost already paid to the Contractor. This restriction on employment applies only during the term of this agreement.

Section 9 Compensation: The parties agree that the Contractor shall be paid compensation for the services provided hereunder, payable for work performed in accordance with this Agreement, based on the fees indicated in Table 1 and under the attached scope of services. Additional fees will not be incurred without prior approval of the City.

Table 1

Services Period	Monthly Fee
April 21, 2016 - September 30, 2016	$ 11,750

Initial invoice will be sent within 10 days of the execution of this agreement. Monthly installment fees will be invoiced throughout the remainder of this contract.

Section 10 Additional Services: Should the City request additional services in addition to the Contracted Services, the Contractor will provide the City with proposed fees for the services to be provided. The City shall provide a written or electronic confirmation prior to the proposed services implementation.

Section 11 Outside Contractors: It shall be the responsibility of Contractor to compensate any other outside consultants retained or hired by Contractor to fulfill their obligations under this Agreement and shall be responsible for their work and Contractor, by using outside contractors, shall not be relieved of its obligations under this Agreement.

ACCOUNTANT'S COMPILATION REPORT

Honorable Mayor and City Council
City of Sample
Sample, Minnesota

We have compiled the accompanying statement of revenues and expenditures for the General Fund and statements of revenues and expenses for the enterprise funds of the City of Sample as of March 31, 20XX, for the quarter then ended. We have not audited or reviewed the accompanying financial statements and, accordingly, do not express an opinion or provide any assurance about whether the financial statements are in accordance with accounting principles generally accepted in the United States of America.

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America and for designing, implementing, and maintaining internal control relevant to the preparation and fair presentation of the financial statements.

Our responsibility is to conduct the compilation in accordance with Statements on Standards for Accounting and Review Services issued by the American Institute of Certified Public Accountants. The objective of a compilation is to assist management in presenting financial information in the form of financial statements without undertaking to obtain or provide any assurance that there are no material modifications that should be made to the financial statements.

SAMPLE

Management has elected to omit substantially all of the disclosures and the statement of cash flows required by accounting principles generally accepted in the United States of America. If the omitted disclosures and the statement of cash flows were included in the financial statements, they might influence the user's conclusions about the Company's financial position, results of operations, and cash flows. Accordingly, the financial statements are not designed for those who are not informed about such matters.

Sincerely,

AEM FINANCIAL SOLUTIONS, LLC
