
President Wimmer stated it has grown every year. He thanks Commissioner Warring for his volunteer work and participation in the event. He also acknowledged participation by elected officials and Isanti businesses in past events. He indicated that it is a great opportunity to share with businesses how Isanti has changed from the past year.

Motion by Bergley, second by Lundeen to approve June 6th 2017 as event date and to authorize Economic Development Director Sullivan to coordinate event.

5. Other Business / Updates

President Wimmer updated the EDA about the Circle B retreat Center in Isanti Township. He and Economic Development Director Sullivan met with the owner and based on the conversation the owner has withdrawn his application to the Isanti County for the CUP. The intent is to now request annexation into the City of Isanti so the entire project would be in city limits.

Sullivan indicated that he was meeting with interested parties in regards to the hotel. Consensus was that another hotel was needed in the Isanti –Cambridge Market and whatever location secured on first would probably hinder efforts to get one in the other community for quite some time.

The estimated timeline for the Whiskey Road Pub and Grub to open was pushed back to July 2017.

Sullivan highlighted the 5th Avenue Extension meeting and the level of participation by the stakeholders. He was encouraged by the open discussion and thought that he would have something to report in a month or so.

President Wimmer echoed Sullivan's optimism and thought the meeting with stakeholders was very productive and that the stakeholders need to work with each other and the city to find a fair solution.

Sullivan updated the Staff memo information with 15 new housing permits being pulled with 4 more ready to be picked up.

Commissioner Lorinser asked what the annual projections were for the SAC and WAC hook-ups for the sewer and water study.

Sullivan stated that it was based on 25 SAC and WAC hookups annually.

J. Public Hearings

K. Business Items

1. **<u>Resolution 2017-114</u> Accepting the 2016 Audit and Financial Statement and Presentation of 2016 Annual Financial Report and Management Letter** *(Steve McDonald, AEM, LLP)*
Steve McDonald of Abdo, Eick & Meyers, LLP stated that the 2016 Audit has been completed. The Council Members have been provided hard copies of the full audit for review. He indicated that the required communications have been provided. That in a job audit the goal is giving an opinion on the city's financial statements. McDonald stated that the object of their intent was met. The city has been provided with an unmodified opinion, which is the highest form of assurance given on financial statements. He did further outline that there were two findings. One, was that of many small cities, which occurs when within the preparation of financial statements there are not enough people involved in the process to accurately segregate the duties. The other was considered a material audit adjustment, which is more out of the ordinary adjustments being made. It was stated that this is likely due to the changes within the Finance Department, and processes have been put in place to help assure these types of adjustments do not occur in the future. Mr. McDonald also stated that there were no findings as it relates to compliance issues according to what is reviewed against State Statutes.

   From a financial aspect, the general fund has a target of maintaining a reserve of 50% of what is expected to be spent in the following year. For 2016, the city was very close to that target at 49%. The City maintained an adequate working capital over the past 4-5 years in the general fund. The Mayor mentioned that in 2015 we were at about 40% and jumped back up to 49% in 2016, so that we are moving very quickly back towards that 50% goal. Steve McDonald further discussed the enterprise funds, specifically stating that the Water and Sewer Fund built sufficient cash for working capital and set aside reserves for future capital needs. At the end of 2016, there was a $1.9 million end cash balance for Water. The Sewer Fund, also had significant cash balance of $3.8 million, but McDonald cautioned that the increase is really driven by unspent bond proceeds, which will be used. He further explained that the Storm Water Fund had significant improvement, ending with a deficit of $16,000 but still had great improvement from where it was at the end of 2015. The other enterprise account for the Liquor Store ended with an overall gross profit of 27% for 2016, with the overall income before transfers being 11%. He indicated that we are a couple percentage points higher than State average. The cash balance for that fund is also up, which goes to show that it is well performing.

   The Mayor pointed out that the city's debt per capita is coming down, which is good. He also stated that the expenditures per capita has increased slightly, but compared to the comparable cities, we are still doing quite well in that area. The City's per capita spending is double digits less than our peer groups. The Mayor stated that overall the one area we do spend more on is in our public safety. However, we take the safety of our citizens very seriously, and it is something that we will likely continue to do because of the great value we get for our dollars. He further went on to explain that the dollars the City does receive are managed very well, and money is spent as efficiently as possible.

Motion by Lundeen, second by Lorinser to approve acceptance of the 2016 Audit via Resolution 2017-114 as presented. Motion carried unanimously.

2. **<u>Resolution 2017-115</u> Approving a Special Event Permit Application for the 2017 Land O' Lakes National Event** *(Andy Strom, Rum River BMX Association)*
Andy Strom with Rum River BMX stated that they are excited to host the Land O' Lake National Event for the 2nd year in a row. He said that Rum River BMX is becoming a destination for all those that ride BMX across the nation. For this particular event, it is expected to have about 7,500 people in

attendance and of those have about 1,500 racers. Strom stated that Rum River BMX has been working with the City and the Chamber to try to find ways for those visiting in town to connect with local businesses. The Mayor then said that this is kind of the last component, by getting every business to realize the potential with all the visitors in town for the big races.

Councilmember Lorinser asked if there would be camping this year. The Mayor stated that there will be camping there. However, that the Mayor and Katie, Community Events & Parks Coordinator, are working with Rum River BMX and discussing options for next year (2018) including if there will be a fee associated with camping or parking in order to cover any costs of potential repairs.

Mayor Wimmer further reminded everyone that this organization is run all by volunteers and they do a fantastic job.

Motion by Lorinser, second by Lundeen to approve Resolution 2017-115 as presented. Motion carried unanimously.

3. **Resolution 2017-116 Approving a Special Event Application for the Isanti Allina Health Clinic Grand Opening** *(Jon Ward, Allina Health)*
   Mr. Jon Ward of Allina Health stated the new Isanti Allina Health Clinic has been open for about six weeks. On May 6th is the open house and ribbon cutting. They expect about 300-350 people, but there could be more. The Mayor stated that the open house is the same day as city wide garage sales, he expects that it will be well attended. Mr. Ward went on to state that there will be a tent with food, face painting for kids and educational activities inside the building. Mr. Ward said the clinic has family practice, primary care, a pediatrician, a mental health provider, a psychologist, and a social worker. They also have an acupuncturist and nutritionist on site. The Courage Kenny Rehabilitation Institute also has sports medicine. The clinic is equipped with radiology and a lab, and will be adding things like OBGYN in the near future. He stated that they basically have a full-service operation and that they do accept walk-ins.

Motion by Lundeen, second by Collison to approve Resolution 2017-116 as presented. Motion carried unanimously.

4. **Consideration of Participation in an Economic Development Property** *(Mayor Wimmer)*
   The Mayor stated that he and Sean Sullivan (Economic Development Director) have been working diligently with a prospective developer for the hotel project. A national chain is interested in building in Isanti. The proposed hotel would consist of 50 rooms, an oversized pool, a 12-16 person hot tub and some additional features. There have been a few potential sites located for this project. It is expected to create between 8 and 12 jobs within the City. The goal would be to have construction begin in Summer 2017. The City would be able to receive just under $60,000 in city taxes for this project. The Mayor went on to say that this project will not happen unless there is City participation. He said that the negotiation process has gone as far as it can go without having the go-ahead from City Council. The initial discussion was that the City would have somewhere between 40%-50% ownership, with an intention of selling that within 5 years or less to be removed from the deal. The Mayor stated that this is just a rough outline of what is being looked at, but he is asking City Council for approval to move forward and continue the negotiation process based on the parameters he's explained.

   Councilmember Bergley asked for clarification on what the Council would be approving. The Mayor said they would be approving having the negotiators go back to finalize the negotiation process. The Mayor then stated that the specifics of the project would be provided to the Council once the deal comes in. He said that the one of the big concerns that were brought up last time a hotel project was

discussed, was the level of involvement of the city. He said previously partial ownership was expected to last 7-9 years, and this deal would be 5 years or less. Mayor Wimmer said that this deal has a conservative estimate of bringing in about $56,000 of tax dollars because it is not a TIF project. Councilmember Bergley stated that this deal sounds better than the one that was previously discussed. He recalls stating that he would only want involvement in ownership if the deal was 5 years or less, which is what is being proposed.

Mayor Wimmer said that this deal is likely as good as we are going to get. The Mayor discussed that the BMX project was a $2.3 million-dollar project that was more high risk than this project would be. He expressed that the BMX project turned out phenomenal. Mayor said that we put all projects of the city through the same rigors, and although there is not a 100% guarantee that this project will be successful, this hotel project would still be less risky than that of BMX. Councilor Bergley asked the Mayor why he thought this project would be less risky. The Mayor stated that there would be significantly less money involved, as far as the financial impact. He also stated that Rum River BMX is operated by a non-profit, all volunteer organization. That they could up and leave whenever they choose. That this project is working with a nationwide hotel chain. The Mayor reiterated, that if we do not make a deal for a hotel project, that the hotel will be placed somewhere else outside the city, and that we won't have another chance for 5 or 10 years.

Councilmember Lundeen asked where this money would be coming from. He said that his biggest concern was that he did not want to see tax dollars go up from funding a project like this. The Mayor said that there are a few options, and that there would likely be internal transfers. The Mayor did not expect this to have any effect on taxes. The Mayor stated that having a facility like this will allow a lot more activities such as BMX, Soccer, the bowling alley and maybe a future curling team to be possible. He said that this is the best situation we've had. Mayor Wimmer said that this is the missing piece, that previously the goal from many years ago to get a clinic, a pharmacy and a hotel in the city. We now have a clinic, a pharmacy and the possibility of a hotel.

Motion by Collison, second by Lorinser to approve moving forward in the negotiation process with the potential developer for a hotel project utilizing the general parameters indicated by the Mayor. Motion carried unanimously.

5. **Resolution 2017-117 Authorizing Purchase of City Promotional Bags** *(Mayor Wimmer)*
   Mayor discussed that previously the Isanti-Buck program was approved through Council, but that there has been a snag in that. However, the Isanti bag program would be the purchase of nice reusable canvas like bags (similar to those at the Farmer's Market). The goal would be to purchase 1,000 bags and give them out at big events. We want to have something that people are using and taking places. The bags would be given out at the upcoming National BMX event in May, the soccer event occurring in June and then State Finals for BMX. Money has already been approved for the program this would just be accepting the cost from Promo-Direct for purchasing.

Motion by Lundeen, second by Lorinser to approve Resolution 2017-117 as presented. Motion carried unanimously.

6. **Resolution 2017-118 - Request from Beverly A. Cox VanRuden and Brennan and Rebecca Cox for Resolution Approving the Annexation of Parcels No. 05.031.3300 and 05.031.3301 Under the Orderly Annexation Agreement Between the Township of Isanti and the City of Isanti, Minnesota Pursuant to Minnesota Statutes 414.0325. Subd. 1** *(Mayor Wimmer)*
   This will be adding about 40 acres into the City of Isanti. This is the parcels in-between the original property in Athens Township, which will connect up towards the City. The entire properties together will be about 80 acres.

Motion by Bergley, second by Collison to approve Resolution 2017-118 as presented annexing the property of Parcels No. 05.031.330 and 05.031.3301 Motion carried unanimously.

Subject: A Resolution Approving a Special Event Permit Application for the Rum River Rods Regular and Summer Spectacular Car Shows

---

Background

The City of Isanti received a special event application from Amy Campbell-Davis on behalf of Rum River Rods to host classic car shows the 2nd and 4th Wednesday evenings June 14 – August 30 from 5:30 p.m. to 8:30 p.m. on Main Street in downtown Isanti. Set-up for the event would begin at 5:00 p.m. Estimated 50-100 people are anticipated for the regular car shows. Also included in the application is the Summer Spectacular Car Show on August 12 from 11:00 am to 5:00 pm. Attendance for this event is estimated at 250-500 people. Parking will be along City streets and within city owned parking lots the evenings of the events.

A section of Main Street would need to be closed from the railroad tracks to its intersection with 4th Avenue, as well as 1st, 2nd, and 3rd Avenues north and south of Main Street to the alleys. The Applicant will make arrangements to close off the road with barricades. Cars would be located in these areas for showing. Volunteers from the car club will assist with clean-up after the show. The Rum River Rods are asking people to bring a non-perishable item which will be donated to Family Pathways.

A 12'x12' tent will be placed in front of Isanti Bike for the regular shows. A 30'x30 tent will be placed on the grassy lot adjacent to the Family Pathways for the Summer Spectacular event. A letter from Family Pathways granting this approval has been attached for Council review. A public address system and music will be utilized during the events. The regular events are free; the Summer Spectacular event will include a $10.00 participant registration fee; money collected will go to charity and cover expenses. Spectators are always free.

A $100 clean-up deposit fee, proof of insurance, and signed Release and Indemnification Form are outstanding.

The August 12 Summer Spectacular will also include a vendor fair and swap meet. These activities require a Peddler's Permit and $25 fee to be filed. These items must be submitted prior to July 14, 2017; a complete list of vendors must also be submitted to the City of Isanti prior to the event.

A copy of the application, department review, permission for property use, event map, proof of notification, and event flyers have been attached for City Council review.

Staff Request
City staff is requesting action on this item.

Good afternoon,

I have received the Special Event Permit application for this years' car shows. Please note that Rum River Rods had elected to do these the 2nd and 4th weeks of the month only (instead of every Wednesday). I spoke with the coordinator, and she said they in the event of rain they will not reschedule for a 1st or 3rd week instead, they'll just cancel. The closure area is the same as last year.

Please review the attached application and respond with your approval or comments by the end of the day next Wednesday (4/26).

Subject: Resolution Authorizing Northland Landscape Nursery for City Hall Landscaping

---

Background
The City budgeted $3,500.00 for landscaping on the North side of City Hall. Staff solicited quotes from local vendors and found the below information. The varieties of plants chosen will do well on the north side of a building as well as provide a fuller look with plants of varying heights. The variety was also to have different colors and time of year when the flowers blossom. Specific plant information including color and time of bloom will be provided at the meeting. Rock was chosen to provide a cleaner look and to be able to handle rain coming off the roof of the building.

Vendor	Cost for Design	Cost for Plants	Cost for Rock *all comparable*	Cost of Installation	Total
Northland Landscape Nursery	$0	$923.17 (gave 25% discount for current acct)	$700.00 (max. cost dependent on color)	$1,800.00	$3,423.17
Green Barn	Does not offer service	Does not give pricing over the phone	$700.00 (max. cost dependent on color)	Does not offer service	N/A
Mickman Bros. Landscaping	Verbal Quote $500.00 ($65.00/hr)	$1,250.00	$700.00 (They recommended Bebergs for rock. Max. cost)	$2,000.00 (min. cost)	$4,450.00

Finance Committee Recommendation
Finance Committee is recommending Northland Landscape Nursery for plants and materials. They also recommend having Northland do the installation on the North side of City Hall. The total cost will not exceed $3,500.00 which is budgeted within Municipal Building. Public works will implement landscaping on the West side of City Hall utilizing plants from the North side.

Subject: Resolution Authorizing Engineering Services for 2017 Storm Pond Maintenance Work

---

Background
Bolton and Menk, Inc. completed the Storm Pond Assessment and Inventory in 2016. The Assessment outlined the storm pond's integrity and function and then rated them based on the severity of the work that needed to be performed. All ponds were scheduled into a 5 year maintenance plan. This 5 year maintenance plan and corresponding storm pond work was approved by Council in October, 2016.

Bolton and Menk, Inc. has put together a proposal for services to create plans and specs for the ponds and apron work defined in Year 1 of the maintenance plan, go out for bids and also inspect the work and ponds after the construction. Their work also includes notifying via mail and door postings to affected residents. The cost for their work is in the amount, not to exceed, $7,500.00.

Finance Committee Recommendation
The Finance Committee discussed the work to be done and funds available for such work. The Finance Committee recommends the engineering work as proposed by Bolton and Menk, Inc. in the amount, not to exceed, $7,500.00.

1. Meeting Opening.

A. Call to Order.
Zdon called the meeting to order at 6:00 p.m.

B. Pledge of Allegiance.
Everyone stood for the Pledge of Allegiance.

C. Roll Call.
Members Present: Jennifer Garvey, Mayor Wimmer, James Witte, and Aaron Zdon
Staff Present: Katie Everett, Community Events and Parks Coordinator

D. Agenda Modifications.
Zdon asked if there were any agenda modifications. There were none.

Motion by Wimmer, second by Witte to approve the March 28, 2017 Parks, Recreation, and Culture Board Agenda. Motion was unanimously approved.

2. Approval of Minutes from February 28, 2017 Parks, Recreation and Culture Board Meeting.

Motion by Wimmer. Second by Garvey. Vote was unanimously approved.

3. Sand Removal Update at Isanti Hills and Mattson Parks

Everett stated that this was one of the last remnants of the prioritized list from 2015. Park Board had noticed the areas that had sand were getting sand burs, so our plan is to replace the remaining sand with wood chips, which is what we have everywhere else. A couple of things for the board to note: at Mattson Park, we measured (and swing zones have a ridiculous fall zone around them), so the swing set that's closest to the sidewalk right now is not in compliance. When the woodchips go in, they'll go pretty much up to the sidewalk to make sure we have the correct distance back from the swings. Otherwise, we're just doing the fall distances around any of the equipment with wood chips. There's kind of an awkward space between the two swing sets at Mattson that's sand, that will be grass so we're not paying to put woodchips in the middle of nowhere. The pictures are rough estimates, Everett stated she didn't measure on them, but wanted to give the board an idea. Staff looked at costs for getting more of the play curbing, and long term it's looking like a cement strip, similar to what we have at Bluebird, is going to be more maintenance efficient, if nothing else. We have noticed in a few different places that the play curb is warping. The playground rep said he's never heard of that happening before and didn't have a solution for it, and wasn't willing to replace any of it. For now, this new stuff we'll plan on doing a concrete curb. The ones out at Bluebird are a little fancier, these ones will just be a strip of concrete to keep the woodchips where they need to be.

We'll do some final measurements at Isanti Hills before all of that happens. We are going to keep just kind of a sand box so we can keep the diggers out there. The digging equipment we have needs to be replaced. It's something we'll look at the end of this year to see if we have it in the budget. They're about $900 a piece, before freight and all the other things they charge us for. There are two different kinds, one has a seat and one doesn't, so one can be accessible. We'll make sure we get one of each. Towards the

middle of this year, if it doesn't look like we'll be able to get them, we'll budget for them next year. In the meantime, Public Works will tighten them up the best they can; the handles just get really wobbly on them. Then extra area that isn't in a fall zone and isn't the sand will become grass. That one is kind of a unique situation because the playground isn't dug in. So when you go out to Isanti Hills, we have that raised wood and then the playground is a step up. We may have to get a little creative with how that part is curbed to make sure we have the depth of woodchips that we need. Public Works has lots of creative people on staff, so we'll make sure that happens, and all of the footings are as deep as they need to be.

4. Parks and Program Updates

Everett stated that we did not get a very big turnout for New Hope Church. When the youth director was there, Everett asked how many kids they have in their program and he told her 100. They had 4 or 5 kids there volunteering and hadn't told anyone else. It was also spring break and it was nice outside and St. Patrick's Day. The last one is the Girl Scouts and the Little Prince. The Girl Scouts have never volunteered before, but seem very excited about it. They have also told Everett they're interested in participating in Earth Day.

The Cultivate Wellness sponsorship program, which combines opportunities to sponsor the community garden and the farmers' market, has been sent out. Everett worked with Economic Development to send it to more people this year that may be interested in town. They were given until May 1st, so they have some time. The Street Dance sponsorships are a separate program. Coborn's was very excited to get involved with that this year. Everett also sent them the Cultivate Wellness one, and they forwarded to the dietician to see if she had some interest in getting involved with it. Their dietician did attend the Two Cities event last year. Otherwise, the Street Dance sponsorships have the regular people back and then adding on Coborn's is great. Everett is meeting with Allina at the end of this week to talk about all kinds of ways we can get them involved now that their clinic is open. The Princeton Zimmerman farmers' market has a cool partnership with the Fairview over there. Doctors basically prescribe farmers' markets, and then patients come and have a $2 coin they can spend there.

Wimmer stated that on a side note, someone will need to talk to Allina about their ribbon cutting because they're expecting 300+ people. We'll probably need a special event permit because they'll have people parking everywhere. Everett asked if he knew when it was; Wimmer stated the 6th of May. Zdon stated that is also City Wide Garage Sale. Everett stated she got a call from Harvest Church and they are interested in getting involved with the City Wide Garage Sale too, so lots of stuff will be happening that day. Wimmer stated that we don't actually do the City Wide Garage Sale. Everett confirmed, but stated that people just call the City because it's the only place they see information.

Everett stated that in other events, she also attended the Master Gardeners' Burst into Spring event. We just attend with a table and all of our City information and talk with Master Gardeners between classes and then all the people who attend the event. She pushed the Farmers' Market this year and let everyone know we're moving. It's a good place to connect with people who are interested in those kinds of things that we're doing. We've been to that a few years now.

Earth Day Clean Up is coming up. Everett stated she was at Legacy today and the trash is not that bad. If the groups, like Access Church and the Girl Scouts, do want to come, she thinks we can probably tap on some other parks too and get everything looking really good.

Signs are coming for the farmers' market especially. Additionally, in the park sign plan, Public Services Director Wood noticed that the Bike/Walk trail sign down on the far end is looking pretty rough. Everett will look into getting that made too. She's not sure if we'll want to match those signs with what's going in at the other parks, in which case we might want to do both. We can look at those and see what we've got budgeted.

The farmers' market location stuff is pretty much set. Public Works has some good ideas for helping us get on and off the grass with vendor trucks and that kind of stuff. Community Development Director Achman buttoned up the Interim Use Permit before her last day, so that will go to council on the 4th. Then it's just getting the word out and getting people there. Everett stated she was just talking with staff about potentially getting a snapchat filter for the farmers' market, so that could be really fun. She will look into the details, some of those you have to pay for, some you don't, but she's just looking at other ways to market to people, and have people share all of that stuff. Wimmer stated that we should get something at the liquor store so people know. Everett stated she asked the sign company she's been working with to quote a post and panel sign, which is similar to what is at the community center but with metal posts, and it was about $3,000. So that is not what we'll do, but we are planning on having something there so people always know it's there. Wimmer stated we need to fix the downtown one too. Everett confirmed that we do, and that one we will be able to just remove stickers, so it shouldn't be too horrible to get it fixed.

Arts and Science Academy stuff is moving along. That also will be going to Council on the 4th. Basically, our agreement is going to be that during school days, they will have exclusive use of the playground and soccer field, and the rest of the park will be open for the public to use. All of the park will be available for the public to use during the rest of park hours. They'll also be helping with maintenance costs. Zdon asked if there's a timeline on that project. Everett stated that's a more interesting question than he knew. Zdon stated that then there's no concrete timeline. Wimmer stated that there is not, but they won't be able to expand unless they start getting this thing done. Everett stated that they would like sooner rather than later. Garvey asked if we have thought about putting a sign up at that location. Everett stated that it's part of the agreement as well. It states that we'll put up a sign that conveys what the agreement is. So, if somebody shows up from the daycare and wants to use the playground, it will be posted that it's for the school's use at that time.

Everett stated that next month is the annual parks tour. We will plan to meet here and leave from here. So far, priorities are to look at benches and tables at Mattson and Isanti Hills, and then signs especially at Bluebird. Wimmer stated to tell the Public Services Director that he wants the bridge in.

Wimmer stated that we had a meeting with BMX last week. It went okay, we're getting set up for the national coming up.

Garvey asked if Everett knew when the skate park equipment is getting moved. Everett stated that it will be soon, and the panels shipped on Monday she thought. Once we have all of the pieces that will begin. Wimmer added we'll move and repair; Zdon confirmed that those will happen simultaneously. Garvey asked if we have a way to get it out to the public that from this date to this date the skateboard equipment is going to be moved or unavailable. Even if it's a laminated sign on the equipment. Everett stated that she does have some signs for when they start working that will say it's closed for construction, but we can definitely put a post on the website explaining what's happening too. Garvey stated it may get one or two people's questions answered instead of having to call City Hall. At least it's a due diligence to notify the public about it.

Subject: Commercial Insurance Representative – Selection Process

---

The current contract with Associated Financial Group as our Commercial Insurance Representative expires on October 31, 2017. In keeping with our professional service contracts, we would like to move ahead with the Request for Proposal (RFP) process to procure services for a five-year period.

In 2015, the Finance Committee reviewed firms for our Benefits Insurance Representative. Staff met with representatives from three firms that had previously submitted proposals, and the Finance Committee interviewed two of those firms. Staff would like to use a similar process for the Commercial Insurance agency proposals. Staff would like to invite RFPs from the larger commercial insurance vendors who submitted proposals in 2012. With our current firm of Associated Financial Group, we would also like to invite proposals from: Bearence Management Group, Northern Capital Insurance Group and Arthur J Gallagher & Co. Staff will also be publishing notice requesting RFPs. We will be using our approved template to request RFPs for this service.

The recommended timeline for this work is:

City Council Approval of RFP & Process – May 2, 2017
Publication/Proposals out to Vendors– August 16, 2017
Proposals Due – September 15, 2017
Finance Committee Interview – October 5, 2017
City Council Consideration – October 17, 2017
New 5 Year Service Contract Starts – November 1, 2017

The Finance Committee has reviewed this matter. Staff is requesting approval of the process for procurement of these services.

RESOLUTION 2017-____

APPROVE SELECTION PROCESS FOR COMMERCIAL INSURANCE REPRESENTATIVE

WHEREAS, the City of Isanti contracts for a Commercial Insurance Representative that provides agent and insurance administrative services, working with the League of Minnesota Cities Insurance Trust (LMCIT); and,

WHEREAS, these professional services are contracted for a 5-year period with the current term expiring on October 31, 2017; and,

WHEREAS, the City needs to procure services of a consultant to perform such services and staff has prepared a Selection Process. As a part of this process, staff will be using the approved Request for Proposals template. The Finance Committee has reviewed is matter:

NOW, THEREFORE, IT IS HEREBY RESOLVED by the City Council of the City of Isanti, Minnesota:

1. That the Selection Process for Commercial Insurance Representative Services, as outlined in the City Administrator's Memo to the City Council (dated 4/21/17) is approved.

This Resolution is hereby adopted by the Isanti City Council this 2nd day of May, 2017.

Subject: Amendment of Liquor Store Policy – Holidays & Sunday Sales

---

The Personnel Committee has reviewed Sunday Liquor Sales, as it affects holidays. Typically for Holidays, or defined days adjacent to holidays that do not have a set day of the week, if on a Sunday the Liquor Store would be open from 11:00 a.m. to 6:00 p.m. The Committee is also recommending changing the Christmas Eve closing time from 4:00 p.m. to 6:00 p.m., so it would be consistent with allowed Sunday hours. They are further recommending that the Liquor Store be open on Easter Sunday.

For your consideration, please find attached a Resolution amending the Liquor Store Policy on Holidays.

RESOLUTION NO. 2017-____

RESOLUTION AMENDING THE HOLIDAY POLICY AS IT RELATES TO THE LIQUOR STORE POLICIES

WHEREAS, State law on the off-sale of liquor on Sundays has changed and effective July 2, 2017, off-sale of liquor in licensed premises will be allowed from the hours of 11:00 a.m. and 6:00 p.m.; and

WHEREAS, the Isanti Liquor Store 'Holidays' policy must be amended to accurately reflect the holidays on Sundays that the Liquor Store will open for sales; and

WHEREAS, the Personnel Committee has since reviewed the policy and has made a recommendation that the Holiday Policy is amended as per Attachment A. This amendment includes the extension of Christmas Eve store hours to 6:00 p.m., and the addition of Easter Sunday to open store hours:

NOW THEREFORE, BE IT RESOLVED by the City Council of the City of Isanti, Minnesota:

1) To hereby amend the Isanti Liquor Policy for Holidays regarding Sundays that the Liquor Store will be open, as per Attachment A, Holidays, effective on July 2, 2017.

This resolution was duly adopted by the Isanti City Council this 2nd day of May, 2017.

CITY OF ISANTI
PLANNING COMMISSION
MEETING MINUTES
April 18, 2017

1. Meeting Opening.

A. Call to Order.

Chairman Wimmer called the meeting to order at 7:41 p.m.

B. Pledge of Allegiance.

Everyone rose for the pledge of allegiance.

C. Roll Call.

Members Present: George Wimmer, Dan Collison, Steve Lundeen, Ross Lorinser, Paul Bergley, Jim Kennedy and Jeff Miller.

Members Absent: None

Staff Present: Alex Conzemius, Planner with Bolton & Menk
Lindsey Giese, Human Resources/City Clerk

Others Present:

D. Agenda Modifications.

Giese stated there were none.

Motion by Lundeen second by Lorinser to approve the agenda. Motion carried unanimously.

2. Approval of Minutes from March 21, 2017 Planning Commission Meeting.

Chairman Wimmer questioned if there were any comments or changes to the minutes.

Motion by Lundeen, second by Collison to approve the March 21st, 2017 Planning Commission Meeting Minutes. Motion was unanimously approved.

3. Other Business.

A. Property Annexation: Chairman Wimmer provided background on discussions of planned annexation of Parcels 05.031.3300 and 05.031.3301 totaling approximately 40 acres and located South of the City of Isanti and in close proximity to recently annexed property from the same owner. The property is planned to be developed as part of the Circle B Ranch campus and will serve as a bed and breakfast facility with crafting and gathering spaces.

The City of Isanti has an orderly annexation agreement in place over this property to facilitate the annexation into City limits. Upon annexation, it is anticipated that the property will be zoned Recreational Commercial (RC) similar to contiguous and adjacent property on the Circle B Ranch site.

B. Arts and Science Academy Middle School: Chairman Wimmer provided updates to the planning commission regarding recent conversations and development plans on the site. It was noted that the timeline for construction of the site is hurried and the applicant is working to

submit all information and fees in order to move the project forward. The City is waiting for all necessary signatures, application material and fees in order to consider the preliminary plat. The applicant has expressed some interest in holding a special meeting to expedite the process.

An update was provided regarding construction of 7th Ave and discussions with the applicant on the timing and staging of construction. The City of Isanti needs the extension of the road to provide access to the school property and the extension of the road through the property to provide a connection to the property to the north.

4. Other Communications.

CITY OF ISANTI
PARKS, RECREATION, AND CULTURE BOARD
MEETING MINUTES
April 25, 2017
City Council Chambers

1. Meeting Opening.

A. Call to Order.
Zdon called the meeting to order at 6:00 p.m.

B. Pledge of Allegiance.
Everyone stood for the Pledge of Allegiance.

C. Roll Call.
Members Present: Jennifer Garvey, Mayor Wimmer, James Witte, and Aaron Zdon
Staff Present: Katie Everett, Community Events and Parks Coordinator

D. Agenda Modifications.
Zdon asked if there were any agenda modifications. There were none.

Motion by Wimmer, second by Witte to approve the April 25, 2017 Parks, Recreation, and Culture Board Agenda. Motion was unanimously approved.

2. Approval of Minutes from March 28, 2017 Parks, Recreation and Culture Board Meeting.

Motion by Wimmer. Second by Garvey. Vote was unanimously approved.

3. Annual Park Tour

A. Unity Park – Everett explained that Public Works will be doing some maintenance to the ballfield soon. They will scrape the edge where kind of a bowl has been created and grass is creeping in, and more crushed limestone will be brought in. A drag has been purchased. Zdon asked if it would be kept at the field; Everett said she had thought about that and didn't know yet because a lot of our things tend to disappear when they are left out, but she had talked to Public Services Director Wood who had also discussed getting some bases to rent out. Zdon explained that a lot of fields will have a box with those kinds of items in them that is locked. Everett said she'll look into this option here. The group also looked at the new park sign that is now posted on the backstop.

B. Bluebird Park – The board started at the skate park equipment that has been moved to the cement slab. Everett explained which boards have been replaced and that Public Works has been able to do more sections than originally planned already this year. There will be a couple more of the panels coming, and when those are delivered Public Works will close the equipment for a few more days to replace the panels on the bigger ramp. Zdon stated that there are still a few of the bars from the hockey boards sticking up out of the cement that should get ground off so no one catches on them. The group then walked over to the rain garden. Everett explained that there are some existing plants that have not come up yet, like the black eyed susans which are later season plants. More plants will be coming on May 8 to fill in more spaces. Public Works will also be added new mulch, and we are experimenting with types of mulch that won't wash away. Everett also stated that the gutter seams on the Indoor Arena have not been sealed and a vent stack that was knocked over by snow is fixed. The group then walked back to the Bluebird playground area to discuss park signs and determined that rather than getting one large sign somewhere in the park, we should post something like a 4'x2' sign at each end of 1st Avenue entering the park and a 2'x2' where the trail enters from 3rd Avenue. If there is not one of the park rules signs near the playground equipment, the board recommended posting one on the pavilion, and it could be positioned to

still direct people toward the public restroom like the sign currently posted near the skate park equipment. The group thought that the Bike/Walk Trail signs should be updated to match the new signs and decided to discuss what goes on them at a later time.

C. Legacy Park – Park Board members met at the new gate and discussed that it seems so far like the gate is helping, but it may be that it's still early in the season so we will keep an eye on the activity in the park. There were some tire tracks present, so it does appear that someone way be driving around the gate still. Mayor Wimmer stated that because they will now be trespassing if anyone sees this happening, they need to call the Police Department right away so they can handle it while it's happening. Everett explained that Earth Day was a success with 17 people at Legacy cleaning up and about 15 over at River Bluff. They didn't find a ton of trash, which she took as a good sign; and the best benefit was that many of them had never been there before and intended to come back once they saw it.

D. Riverside Park – The Board members had a discussion about the picnic tables which are constantly being moved under the equipment. One was placed under the glider. Garvey asked if we thought it was there so that kids could reach the handles, and maybe if we find some way to have a step up if the kids would stop putting the table there. The group also noticed that the second table was underneath equipment that did have steps, so that may or may not be effective. Everett stated that this equipment is more "big kid equipment" anyway, except the toddler equipment. Wimmer stated that there had been discussions in the past about moving that equipment closer to the main playground so it wasn't so far away, and the group agreed the current location is awkward for parents who might have kids playing at both to be able to watch everyone.

E. River Bluff Preserve – Mayor Wimmer and Everett explained that they went on a walk through with Wood and will be doing some maintenance on a washout on the trail between the dock and Martin's Landing where ATVs have eroded the shoreline. Everett explained that the garden is over half reserved at this point and more people have been coming in this week to reserve spaces. A new shed will be delivered next week; Public Works has tilled once already and will till the plots again before the season opens. Everett explained that they have money budgeted for a kids area so she is planning to have a place for them to dig with signs showing bugs to look for and that kind of thing, planting some shorter sunflowers, as well as some tomatoes and cucumbers that kids can help grow with any produce going to the Senior Dining program. Everett asked how much of the remaining space could be used for the Planting for Pollinators program coming up and explained that she could potentially get a seed mix to cover the whole space, depending on what it costs. She reminded the board members that the space was originally intended to be room for more beds as they're needed and didn't know if the pollinator plants would be missed if they were taken out to make more room. Wimmer asked if Everett would be growing pumpkins again this year, and she said she could also do that, but thought since we have the pollinator program scheduled, she wanted to get the board's opinion about how to use the space.

F. Rum River Meadows – Everett stated that Public Works will be getting the volleyball net back up soon. Zdon asked if that was well used last year, and Wimmer said he saw a number of people using it, but it wasn't a high traffic area. Everett stated that the City has been dealing with some dog feces issues on the empty lot to the west of the playground; Wimmer explained that the dog owners have been fined and the issue is on going. Everett explained that otherwise, the park equipment is good shape right now. The group discussed that this is a park that is used often.

G. Isanti Hills Neighborhood Park – Everett explained that she will be getting the sign replaced with the new name, and they may move the sign to the corner and position it so it can be seen better from the two more highly used entrances. Garvey also asked if we had ever thought about putting small signs out at the sidewalk indicating that the park was there. The board members thought this would be a good idea. The group discussed getting new tables and benches for the park and determined that the current benches are okay for now and we could potentially get two new tables for under the pavilion, but thought this may not be high priority.

H. Whisper Ridge – Everett stated what when she was out on Monday she noticed a lot of trash in the area. She didn't know if she was more aware of it because it was very windy and things were blowing around or if there was more trash than usual. Wimmer asked that we make sure Public Works gets out to

clean it up. Zdon stated that he knew his son and a group of friends had been out using the basketball court, so at least it is being used.

I. Mattson Park – The board members discussed how this park is one of the worst in terms of vandalism within the city and it's an ongoing problem. With the tables that got painted last year, they thought it would not be a good investment to put brand new tables in this park at this point that will likely be damaged. The benches and tables around the park are currently in good condition; the ones under the pavilion are in the worst condition, but the board felt they should not be replaced at this time. Everett explained that the basketball court is still in pretty good shape and Zdon stated that this one gets used all the time too. Wimmer asked about the tennis court resurfacing; Everett stated that we can't fill the cracks now and resurfacing will be about a $14,000 project, so it will be budgeted for next year.

Due to time, the group decided not to visit VFW Park and wrapped up the meeting at Mattson Park.

J. VFW Park – Everett stated that this park is in kind of the same condition it always is and she will order a smaller sign to mount on the fence there.

4. Parks and Program Updates

Everett explained that there were 19 in attendance at the last movie night, and considering that it was really nice outside that day that was a good number. Rum River BMX will be hosting Nationals on May 11-14, and they have been working with the City to make sure there aren't any surprises this year. Celebrate Isanti planning is under way and sign up for the run/walk and bike ride is open online. The Cultivate Wellness Sponsorships are coming in, and Everett will send a reminder email this week. The compost site did open over the weekend and collects leaves and grass from City of Isanti residents.

5. Adjournment

Motion by Witte, second by Garvey to adjourn the April 25, 2017 meeting of the Parks, Recreation, and Culture Board. Motion was approved.

The meeting adjourned at 7:25 p.m.

I. Council Committee Reports

Councilmember Lundeen wanted to inform the Council that past Isanti Police Chief Norry Sorensen's wife passed away recently.

Councilmember Lundeen also mentioned that the Fire District received notice that the State is re-looking into how the fire rating process has worked in the past, and potentially looking to change it. The process is being reviewed to potentially combine the City and neighboring townships into one

rating. Mayor Wimmer indicated that this could be a significant cost to the residents, and that this cannot happen. He stated that if the City's rating is impacted negatively due to neighboring townships not having sufficient water supply nearby that this could be a big issue. He intended to follow up with Fire Chief Jankovich and determine who they could talk to about the matter. Councilmember Lundeen concurred that the Fire District was not in favor of the potential change, and agreed that we should reach out to the necessary party about our concerns.

Request for City Council Action

To: Mayor Wimmer and City Council Members

From: Sean M. Sullivan, Economic Development Director

Date: May 16, 2017

Subject: **Consider Resolution Authorizing Execution of Term Sheet for Hotel Project**

The City Development Team has been working with a Developer to bring a hotel to the City of Isanti. Outlining the items needed to be resolved and the parameters to work within to finalize the terms of a deal is necessary to represent the level of City commitment to this important project. City Development Attorney Campbell Knutson and Northland Securities have worked with the Development Team to identify and clarify items and terms relevant to putting a successful project together. The Development Team understands that flexibility in negotiations is needed to assure that the City achieves a deal that protects the City, yet enables the project to be successful. The attached Term Sheet serves as a guide to finalizing terms and associated documents that will be brought back to the City Council and Isanti EDA for final approvals.

City Council Action:

The Development Team is asking for the City Council to consider adoption of Resolution 2017-___ Authorizing Execution of Term Sheet for Hotel Project.

Attachment:

1) Resolution 2017-___ Authorizing Execution of Term Sheet for Hotel Project.

RESOLUTION 2017-___

AUTHORIZATION OF EXECUTION OF TERM SHEET FOR HOTEL PROJECT

WHEREAS, the City Development Team has been directed by the City Council to negotiate a deal that will result in a hotel being built in the City of Isanti; and,

WHEREAS, The City Development Team has been diligently working with a developer to put together the framework of a deal that will bring a hotel to the City of Isanti; and,

WHEREAS, identifying items and terms pertinent to the project and the level of commitment by the City of Isanti and its EDA is necessary to move this project forward; and,

WHEREAS, the City Development Attorney has drafted the attached Term Sheet outlining tenants of a proposed hotel deal and framework to bring the deal to fruition; and,

WHEREAS, execution of the attached Term Sheet will solidify the level of the City of Isanti and its EDA's commitment to bringing a Hotel to the City of Isanti.

NOW, THEREFORE, IT IS HEREBY RESOLVED by the City Council of the City of Isanti, Minnesota authorized the Mayor to execute the attached Terms Sheet on behalf of the City of Isanti.

This Resolution hereby approved by the Isanti City Council this 16th day of May 2017.

b. Contributions of equity from the EDA in an amount between 40-60% with the balance from the Individuals.
c. City Site Control.
d. Execution of a Development Agreement between the Limited Partnership and the City.
e. Financing from private lenders in an amount to be determined.
f. Abatement of Development fees, access charges and property taxes from The State of Minnesota, Counties, the appropriate School District and the City to the extent possible.
g. Municipal conditions and approvals via resolutions and other processes as required.

5. **EDA Conditions**, as determined to date:

a. City Council approval of participation in and the terms of the Limited Partnership subject to additional or revised conditions and requirements.
b. City Approval of all Development and Planning Applications and Construction Plans.

c. Execution of a Development Agreement.
d. Approval of financial subsidies and assistance after public hearings as required.
e. Approval for the waiver or abatement of required development and utility access fees and charges.
f. Approval of the sale and disposition of real property following applicable City processes and other requirements.
g. Approval of all Public Assistance provided to the Project.
h. Equity contribution not to exceed $-------.
i. EDA receipt of documents and agreements from the parties to the Limited Partnership and third parties.
j. EDA receipt of affidavits and reports showing the General Partners have no outstanding unsatisfied judgments, tax liens or bankruptcies.
k. EDA receipt of all financing documents and details of financing obtained by the General Partners.

6. **Public Assistance**: Subject to all terms and conditions of the Limited Partnership and a Development Agreement, and to the extent authorized by applicable law, the EDA will:

a. Obtain real property and transfer it to the Limited Partnership.
b. Provide various guarantees as applicable and approved by financial and legal consultants.
c. Provide guarantees and security pledges in amounts equal to the EDA equity contributions to the Limited Partnership.
d. Obtain fee waivers and abatements as necessary.

7. **Miscellaneous**: Additional conditions of public assistance remain under consideration. Additional terms and requirements for the Limited Partnership also remain under consideration.

IN WITNESS WHEREOF, the parties have executed this Agreement as of the date first set forth above.

Request for Council Action

To: Mayor Wimmer
Members of the City Council

From: Roxanne Achman
Independent Consultant

Date: May 16, 2017

Subject: Request from Premier Bank, on behalf of CSDCPC ASA, LLC, for Preliminary Plat Approval of Arts and Science Addition, legally described as the Northwest Quarter of the Southeast Quarter of Section 20, Township 35, Range 23, Isanti County, Minnesota.

Background

Charter Schools Development Corporation, Art and Science Academy (CSDCPC ASA, LLC), is in the process of purchasing a 13.3-acre parcel from Premier Bank for the construction of a middle school. The subject property is located north of Cajima St NE and adjacent to 7th Ave NE. The property is required to be platted before development begins and includes the dedication of right-of-way for the extension 7th Ave NE.

The preliminary plat of Arts and Science Addition indicates the layout of 7th Ave NE, which will provide a 60ft wide right-of-way extending north and east, ending on the east property line where it will eventually provide an outlet/inlet for future residential development. A sidewalk will be installed on the west side of 7th Ave NE. A temporary cul-de-sac and easement will be necessary until 7th Ave NE is extended to intersect with another roadway. The plat will consist of a 10.9-acre parcel that the middle school will be situated on, and a 1.37 acre Outlot that will contain the storm water pond.

The platting and development of this property requires the execution of a development agreement. Such agreement is being drafted and will be reviewed and acted on by the City Council at the time the Final Plat is ready for the City Councils review and approval.

The City Engineer recommends approval once the following items are addressed:

Site Plan:

1. A temporary bituminous cul-de-sac will be required at the end of the proposed curb, sized to meet City standards
   a. The temp cul-de-sac pavement section may be 6" of Class 5 and 3" of bituminous pavement.
2. Show the emergency overflow elevation for the infiltration basin at the rip-rap overflow.
3. A long term inspection and maintenance schedule needs to be submitted for the infiltration basin.

Hydraulic Report:

1. Verify the bottom of the infiltration basin is at a minimum 3-feet above the water table.

Final & Preliminary Plat:

1. A temporary easement will be required around the temporary cul-de-sac.
2. A permanent drainage and utility easement is required over the infiltration basin in Outlot A.
3. A temporary construction easement will be required where work is shown outside the property lines. This does not need to be shown on the plat, just planned for if the site layout is not revised.

Certification of Taxes Paid
Prior to approving an application for Preliminary Plat, certification must be provided to the City that there are no delinquent property taxes, special assessments, penalties, interest, or outstanding municipal utility fees. As of May 2nd, 2017, all taxes have been paid.

Public Notice
Notice was published within the Isanti County News on April 26, 2017. Written notification was provided to property owners located within 350' of the subject site as required by Minnesota State Statute.

Public Comments
No public comments had been received regarding the proposed amendment prior to the release of the staff memo.

Development and Operations Advisory Committee Comments
The Development and Operations Advisory Committee reviewed the request at their meeting held on Thursday, March 22nd, April 6th and April 20th, 2017. The Committee recommended approval with the condition that all review comments are addressed.

Planning Commission Recommendation:
Motion by Kennedy second by Collison to recommend approval of the request from Premier Bank, on behalf of CSDCPC ASA, LLC, for Preliminary Plat Approval of Arts and Science Addition, legally described as the Northwest Quarter of the Southeast Quarter of Section 20, Township 35, Range 23, Isanti County, Minnesota. with the following conditions

1. A Development Agreement will need to be in place for the plat to be in effect.

Site Plan:

2. A temporary bituminous cul-de-sac will be required at the end of the proposed curb, sized to meet City standards
   a. The temp cul-de-sac pavement section may be 6" of Class 5 and 3" of bituminous pavement.
3. Show the emergency overflow elevation for the infiltration basin at the rip-rap overflow.
4. A long-term inspection and maintenance schedule needs to be submitted for the infiltration basin.

Hydraulic Report:

5. Verify the bottom of the infiltration basin is at a minimum 3-feet above the water table.

Final & Preliminary Plat:

6. A temporary easement will be required around the temporary cul-de-sac.
7. A permanent drainage and utility easement is required over the infiltration basin in Outlot A.
8. A temporary construction easement will be required where work is shown outside the property lines. This does not need to be shown on the plat, just planned for if the site layout is not revised.

Motion carried unanimously.

Deadline for City Council Action
The applicant submitted an application for Preliminary Plat approval on March 17, 2017. City staff did verify that the application was complete on April 18, 2017. Pursuant to Minnesota State Statute, the City must act on this request by August 16, 2017 (120-days); unless an extension of the review period has been agreed to by the applicant.

FINDINGS OF FACT AND CONCLUSION

Request

Request from Premier Bank, on behalf of CSDCPC ASA, LLC, for Preliminary Plat Approval of Arts and Science Addition, legally described as the Northwest Quarter of the Southeast Quarter of Section 20, Township 35, Range 23, Isanti County, Minnesota.

Findings of Fact

1. The applicant, Premier Bank, on behalf of CSDCPC ASA, LLC ('the applicant'), has made application for Preliminary Plat Approval of Arts and Science Addition, Isanti County, Minnesota.
2. The property is legally described as the Northwest Quarter of the Southeast Quarter of Section 20, Township 35, Range 23, Isanti County, Minnesota, except the following described parcels:1) The North 565 feet of the West 1021 feet of Section 20, Township 35, Range 23, Isanti County, Minnesota, AND, 2) That part of the Northwest Quarter of the Southeast Quarter of Section 20, Township 35, Range 23, Isanti County, Minnesota, lying South of the North 565 feet thereof and Westerly of the following described line: Commencing at the Southeast corner of said Northwest Quarter of the Southeast Quarter; thence North 89 degrees 54 minutes 39 seconds West assumed bearing, along the South line of said Northwest Quarter of the Southeast Quarter, a distance of 536.69 feet to the point of beginning of the line to be described; then North 00 degrees 38 minutes 48 seconds East, a distance of 761.49 feet, more or less, to the South line of said North 565 feet and said line there terminating, Isanti County, Minnesota.
3. The Applicant is requesting Preliminary Plat Approval in an effort to create a buildable lot for a middle school.
4. The property is zoned "R-3A" Low Density Multi-Family Residential District.
5. A preliminary plat is considered a major change requiring a public hearing and notification of all property owners within 350'; and final approval by the City Council.
6. The Applicant submitted an application for Preliminary Plat Approval on March 17th, 2017. It was deemed complete on April 18, 2017.
7. A public hearing date before the Planning Commission was scheduled for Tuesday, May 9th, 2017 at 7:00 p.m.at City Hall within the Council Chambers.
8. Notices were sent to all property owners located within the development and within 350 feet of the subject property.

Conclusions

1. The platting of the property would appear to meet the lot requirements and setback requirements as provided within the zoning ordinance for properties located within the "R-3A" Low Density Multi-Family Residential District.
2. The platting of the property would appear to meet the Design Standards as required by Ordinance No. 536.

Decision

The Planning Commission held a public hearing on the item at the **May 9th, 2017** meeting. The meeting minutes, staff memo and exhibits will be made part of the Findings of Facts and Conclusions.

Planning Commission Recommendation:

Motion by Kennedy second by Collison to recommend approval of the request from Premier Bank, on behalf of CSDCPC ASA, LLC, for Preliminary Plat Approval of Arts and Science Addition, legally described as the

Northwest Quarter of the Southeast Quarter of Section 20, Township 35, Range 23, Isanti County, Minnesota. with the following conditions

1. A Development Agreement will need to be in place for the plat to be in effect.

Site Plan:

2. A temporary bituminous cul-de-sac will be required at the end of the proposed curb, sized to meet City standards
   a. The temp cul-de-sac pavement section may be 6" of Class 5 and 3" of bituminous pavement.
3. Show the emergency overflow elevation for the infiltration basin at the rip-rap overflow.
4. A long-term inspection and maintenance schedule needs to be submitted for the infiltration basin.

Hydraulic Report:

5. Verify the bottom of the infiltration basin is at a minimum 3-feet above the water table.

Final & Preliminary Plat:

6. A temporary easement will be required around the temporary cul-de-sac.
7. A permanent drainage and utility easement is required over the infiltration basin in Outlot A.
8. A temporary construction easement will be required where work is shown outside the property lines. This does not need to be shown on the plat, just planned for if the site layout is not revised.

Motion carried unanimously.

MEMORANDUM

Date: May 10, 2017

To: Roxanne Achman, Community Development Director
Alex Conzemius, Interim City Planner

From: Bradley C. DeWolf, P.E.
City Engineer

Subject: Arts & Science Addition – Site Plan Review
City of Isanti, MN
Project No.: R13.113898

Arts & Science Addition

We have reviewed the site plan created by Rehder & Associates, Inc entitled "Arts & Science Addition" stamped PRELIMINARY with a revision date of May 5, 2017. The hydraulic report was not resubmitted with this document. The Preliminary and Final Plat were not re-submitted with this documents.

The site plan includes a grading plan, utility plan, and site layout for the proposed roadway extension of 7th Avenue NE north of Cajima Street NE including a storm water infiltration basin.

We have reviewed the submitted documents and have the following comments:

Site Plan:

1. Add a leader and call out on the 6-inch gate valve on the water service line at the right-of-way. It is hard to see.
2. Label the emergency overflow elevation for the infiltration basin at the rip-rap overflow.
3. A long term inspection and maintenance schedule needs to be submitted for the infiltration basin.

Hydraulic Report:

1. Verify the bottom of the infiltration basin is at a minimum 3-feet above the water table.

Final & Preliminary Plat:

1. A temporary easement will be required around the temporary cul-de-sac.
2. A permanent drainage and utility easement is required over the infiltration basin in Outlot A.
3. A temporary construction easement will be required where work is shown outside the property lines. This does not need to be shown on the plat, just planned for if the site layout is not revised.

We recommend approval of the "Arts & Science Addition" site plan, hydraulics report, and plat once the above comments are addressed.

Please contact me if you have any questions.

Request for Council Action

To: Mayor Wimmer
Members of the City Council

From: Roxanne Achman, AICP
Independent Consultant

Date: May 16, 2017

Subject: Request from Premier Bank, on behalf of CSDCPC ASA, LLC, for Site Plan and Building Appearance and Conditional Use Permit Approval of a Middle School on the property legally described as Northwest Quarter of the Southeast Quarter of Section 20, Township 35, Range 23, Isanti County, Minnesota.

Background

The Art and Science Academy opened its doors in 2014 at 905 6th Ave Ct NE for grades K-8. Since it's opening the school has been growing to the point where they have decided to build a middle school just north of their existing site. The middle school will house grades 5-8 and the existing school will be for grades K-4.

The Art and Science Academy is working with Premier Bank to purchase a 13.3 acre parcel north of Cajima. The property will be platted to include a 10.9 acre parcel for the school, right-of-way for the extension of 7th Ave NE, and a pond lot.

The school will be one story and have 10 classrooms and up to 250 students. The site exceeds parking requirements by providing 33 stalls. The parking ratio for schools is 1/20 students and 1/classroom. The parking lot is designed to have busses and staff enter at the northern entrance, where parents and visitors will enter from the southern entrance. The site plan shows traffic flow arrows and "Do Not Enter" signs where appropriate. Bicycle parking is shown on the south side of the building.

The R-3A building setbacks are met with greater than 30 ft in the front and rear yards and greater than 10 ft on the side yard. Parking and drive aisles are set back the minimum 10ft. A trash receptacle and enclosure is shown on the northeast side of the building. The exterior of the building will be finished with a stucco in two different colors; a variation of brown (*tobacco road or cocoa bean*) and cream (*cream or sand point*). It will have an architectural shingle roof.

The plans note that all disturbed areas will be sodded and irrigated. Staff has requested a landscaping plan and lighting plan be submitted as part of the approval.

All of staff's comments and requests for revision have been made to the attached plans. The City Engineers comments have all been addressed and are reflected in the approval letter from Bolton & Menk dated May 3, 2017. Plat comments will be addressed separately.

Staff Recommendation:

Staff recommends approval of the site plan/building appearance and conditional use permit under the condition that the final plat, a temporary easement for a cul-de-sac is and the development agreement are recorded.

Comprehensive Plan

The purpose of this category (*Public/Semi-Public*) is to identify areas in Isanti that are used for the benefit of the public. This includes publicly owned uses, such as schools, City buildings, county buildings and utility/infrastructure related uses such as sewage treatment plants, power plants, etc. This also includes semi-public private institutional uses such as hospitals, colleges, cemeteries, religious institutions etc.

Both existing and future planned public / semi-public facilities are designated on the Land Use Plan map. Future possible locations of the high school are also shown. Generally, existing community facilities should continue to be maintained and preserved at their current location. If a public facility or institution ceases to exist or moves from its present site, that site should be designated as the same use, other public / semi-public use, or the predominate land use that surrounds it until such time as a comprehensive plan amendment designates it differently. For example, if a school is surrounded by low density residential relocates; the school property should either be a new school or other public use, or be designated for low-density residential development. In addition, new development should incorporate appropriate public/semi-public uses as they are developed. The actual location of these public/semi-public sites will be determined by the site design of each development.

Zoning Ordinance Provisions

The property is zoned "R-3A" Low Density Multiple Family District. The "R-3A" District is designed to provide for low density areas, which accommodate a variety of housing types, to include detached and attached single-family, two-family, duplexes, and attached and detached townhomes. These districts shall be located and are intended to function as a transition area between the less intense single-family developments and the more intense multiple family districts. The district promotes more walkable neighborhoods with a variety of housing types.

Site Plan Review Requirements

Prior to the construction of any new building or addition to a building that expands or changes the use of the building or parcel of land or modifies a building, accessory structure or site or land feature in any manner which results in a different intensity of use, including the requirement for additional parking or the enlargement of a building by more than 10% of its gross floor area would require a Site Plan/Building Appearance Review. When evaluating a site and building plan; Section 18, Subdivision 7 of the Zoning Ordinances states that City staff and the City Council must consider its compliance with the following:

A. Consistency with the elements and objectives of the City's development guides, including the comprehensive plan.
B. Consistency with City Codes.
C. Preservation of the site in its natural state to the extent practicable by minimizing tree and soil removal and designing grade changes to be in keeping with the general appearance of neighboring developed or developing areas.
D. The amount and location of open space and landscaping.
E. Vehicular and pedestrian circulation, including walkways, interior drives, and parking in terms of location and number of access points to public streets, width of interior drives and access points, general interior circulation, separation of pedestrian and vehicular traffic and arrangement and amount of parking.
F. Protection of adjacent and neighboring properties through reasonable provision for surface water drainage, sound and sight buffers, preservation of views, light and air and those aspects of design not adequately covered by other regulations which may have substantial effects on neighboring land uses.
G. Consistency with the City's Engineering Design Standards as adopted by Resolution of the City Council.

Conditional Use Permit Requirements

Upon review of a Conditional Use Permit request, the Zoning Ordinance provides factors and standards that must be reviewed by the Planning Commission. Section 21, Article 2 Conditional Uses states:

D. The Planning Commission shall hold a public hearing and consider possible adverse effects of the proposed Conditional Use. The judgment of the Planning Commission shall be based upon, but is not limited to the following factors:

1. The proposed action has been considered in relation to the specific policies and provisions of and has been found to be consistent with the goals and objectives of the Comprehensive Plan, including public facilities and capital improvement plans.
2. The proposed action meets the purpose and intent of this Ordinance and the underlying zoning district.
3. The establishment, maintenance or operation of the conditional use will promote and enhance the general public welfare and will not be detrimental or endanger the public health, safety, morals, or comfort.
4. The conditional use will not be injurious to the use and enjoyment of other property within the immediate vicinity for the purposes already permitted; nor substantially diminish or impair property values within the neighborhood.
5. The establishment of the conditional use will not impede the normal and orderly development and improvement of surrounding property for uses permitted in the district.
6. Adequate public facilities and services are available or can be reasonably provided to accommodate the use which is proposed.
7. The conditional use shall, in all other respects, conform to the applicable regulations of the district in which it is located.
8. The conditional use complies with the general and specific performance standards as specified by within this Article.

Certification of Taxes Paid

Prior to approving an application for approval of a site plan or conditional use permit, certification must be provided to the City that there are not any delinquent property taxes, special assessments, penalties, interest, or outstanding municipal utility fees. As of May 2nd, 2017, all taxes have been paid.

Public Notice

Notice was published within the Isanti County News on April 26th, 2017. Written notification was provided to property owners located within 350' of the subject site as required by Minnesota State Statute.

Public Comment

To date, no public comment or questions had been received.

Development and Operations Advisory Committee:

The Development and Operation Advisory Committee met on March 24th and April 20th, 2017 to discuss the site plan and building appearance. The committee recommended approval of the site plan/building appearance and conditional use permit under the condition that all staff and city engineer comments are addressed.

FINDINGS OF FACT AND CONCLUSION

Request

Request from Premier Bank, on behalf of CSDCPC ASA, LLC, for Site Plan and Building Appearance and Conditional Use Permit Approval of a Middle School on the property legally described as Northwest Quarter of the Southeast Quarter of Section 20, Township 35, Range 23, Isanti County, Minnesota.

Findings of Fact

1. The applicant is requesting to construct a middle school on the property is legally described as Northwest Quarter of the Southeast Quarter of Section 20, Township 35, Range 23, Isanti County, Minnesota, except the following described parcels:1) The North 565 feet of the West 1021 feet of Section 20, Township 35, Range 23, Isanti County, Minnesota, AND, 2) That part of the Northwest Quarter of the Southeast Quarter of Section 20, Township 35, Range 23, Isanti County, Minnesota, lying South of the North 565 feet thereof and Westerly of the following described line: Commencing at the Southeast corner of said Northwest Quarter of the Southeast Quarter; thence North 89 degrees 54 minutes 39 seconds West assumed bearing, along the South line of said Northwest Quarter of the Southeast Quarter, a distance of 536.69 feet to the point of beginning of the line to be described; then North 00 degrees 38 minutes 48 seconds East, a distance of 761.49 feet, more or less, to the South line of said North 565 feet and said line there terminating.
2. The property is zoned "R-3A" Low Density Multi Family Residential District.
3. A Conditional Use Permit is required for educational institutions within the "R-3A" Low Density Multi Family Residential District.
4. Site Plan/Building Appearance Review is required for all new buildings.
5. The petitioner submitted a Site Plan/Building Appearance and Conditional Use Permit Application on March 17th, 2017. The application was deemed complete on April 18th, 2017. Pursuant to Minnesota State Statute, the City must act on this request by June 17th, 2017 (60-day rule).
6. A public hearing date before the Planning Commission was scheduled for Tuesday, May 9th, 2017 at 7:00 p.m. at City Hall within the Council Chambers.
7. Notice of the Site Plan and Conditional Use Permit request was published within the Isanti-County News on Wednesday, April 26th, 2017. Notices were sent to all property owners located within 350 feet of the subject property.
8. Section 18, Subdivision 7 Standards of the Zoning Ordinance shall be used to evaluate any proposed site plans.
9. Section 21, Article 2: Conditional Use Permits, Subdivision 3 (D) of the Zoning Ordinance establishes factors that the judgment of the Planning Commission shall be based upon when reviewing a Conditional Use Permit request as well as Section 21, Article 2: Conditional Use Permits, Subdivision 4 General Performance Standards of the Zoning Ordinance establishes additional general standards that shall be used to evaluate any proposed conditional use permit request.

Conclusions

1. In review of the standards established in Section 18, Subdivision 7, the following conclusions have been made (*conclusions to each requirement are shown in underlined italics)*:
   A. Consistency with the elements and objectives of the City's development guides, including the Comprehensive Plan.
   The location of the school is consistent with the City's Comprehensive Plan in that the school is located within a residential area, yet it serves as a buffer to the commercial district.
   B. Consistency with City Codes.

Overall, the proposal appears to be consistent with city codes and ordinances. The plans provided would appear to meet the minimum requirements set by the zoning ordinance (setbacks, parking, landscaping, lighting, etc).

C. Preservation of the site in its natural state to the extent practicable by minimizing tree and soil removal and designing grade changes to be in keeping with the general appearance of neighboring developed or developing areas.
There will be no trees or other landscaping removed. The grading and general appearance is consistent with surrounding development. The site is currently a field.

D. The amount and location of open space and landscaping.
The amount of open space and landscaping exceeds the required amount.

E. Vehicular and pedestrian circulation, including walkways, interior drives, and parking in terms of location and number of access points to the public streets, width of interior drives and access points, general interior circulation, separation of pedestrian and vehicular traffic and arrangement and amount of parking.
The parking exceeds requirements and is designed for the best and safest flow of traffic.

F. Protection of adjacent and neighboring properties through reasonable provision of surface water drainage, sound and light buffers, preservation of views, lights, and air and those aspects of design not adequately covered by other regulations which may have substantial effects on neighboring land uses.
Surface drainage has been reviewed and approved by the City Engineer. There is not expected to be any other hindrances to surrounding property owners.

G. Consistency with the City's Engineering and Design standards as adopted by Resolution of the City Council.
Storm water ponding has been reviewed and approved by the City Engineer.

2. In review of the standards established in Section 21, Article 2 Conditional Use (D); the following conclusions have been made (*conclusions to each requirement are shown in underlined italics)*: The Planning Commission shall hold a public hearing and consider possible adverse effects of the proposed Conditional Use. The judgment of the Planning Commission shall be based upon, but is not limited to the following factors:

A. The proposed action has been considered in relation to the specific policies and provisions of and has been found to be consistent with the goals and objectives of the Comprehensive Plan, including public facilities and capital improvement plans.
As noted, the proposed use for the site would be consistent with the goals and objectives of the comprehensive plan. Public facilities have been planned for this area and will be extended for this development.

B. The proposed action meets the purpose and intent of this Ordinance and the underlying zoning district.
The proposed use is consistent with the underlying zoning district. Educational institutions are generally best served in residential areas.

C. The establishment, maintenance or operation of the conditional use will promote and enhance the general public welfare and will not be detrimental or endanger the public health, safety, morals, or comfort.
The establishment of the conditional use does not appear to endanger the public health, safety, morals and comfort of the surrounding area or the community. The proposed use will likely enhance the general public welfare for this area.

D. The conditional use will not be injurious to the use and enjoyment of other property within the immediate vicinity for the purposes already permitted; nor substantially diminish or impair property values within the neighborhood.
The conditional use may increase property values as families may want to be closer to the middle school. A school is not likely to affect the enjoyment of other properties in the area.

E. The establishment of the conditional use will not impede the normal and orderly development and improvement of surrounding property for uses permitted in the district.

The use will not impede on the development of the area. If anything, it may enhance development in that it provides the ultimate buffer between residential uses and commercial uses.

F. Adequate public facilities and services are available or can be reasonably provided to accommodate the use which is proposed.
ditional public facilities and services will be extend for the proposed use and future uses.

G. The conditional use shall, in all other respects, conform to the applicable regulations of the district in which it is located.
The requested conditional use permit appears to conform to the applicable regulations required for the district and the performance standards outlined within the zoning ordinance. Conditions will be placed on any approval to ensure that the property is developed in accordance to ordinance requirements and the proposed plan provided by the applicant.

H. The conditional use complies with the general and specific performance standards as specified by within this Article.
These have been evaluated as part of the findings of fact; and can be found within this document.

3. In review of the standards established in Section 21, Article 2 Conditional Use, Subdivision 4 General Performance Standards; the following conclusions have been made (*conclusions to each requirement are shown in underlined italics)*:

A. The use and the site in question shall be served by a street of sufficient capacity to accommodate the type and volume of traffic which would be generated an adequate public right-of-way shall be provided.
A collector street will be installed as part of the site development. This will help control the amount of traffic entering/exiting the school.

B. The site design for access and parking shall minimize internal as well as external traffic conflicts and shall be in compliance with Section 17 of this Ordinance.
There will be two entrance points and one exit. Buses and staff will enter the northern most access. Parents and visitors will enter the southern access. Both will exit from the southern access point. Parents and visitors will be separated from the bus and staff vehicles.

C. If applicable, a pedestrian circulation system shall be clearly defined and appropriate provisions made to protect such areas from encroachment by parked or moving vehicles.
Busses and parents will pull up to the sidewalk next to the school to drop kids off.

D. Adequate off-street parking and off-street loading shall be provided in compliance with Section 17 of this Ordinance.
The required parking is provided on site.

E. Loading areas and drive-thru facilities shall be positioned so as to minimize internal site access problems and maneuvering conflicts, to avoid visual or noise impacts on any adjacent residential use or district, and provided in compliance with Section 17 of this Ordinance.
Bus loading and drop-off areas are separated from regular traffic flow to alleviate any potential conflicts.

F. Whenever a non-residential use is adjacent to a residential use or district, a buffer area with screening and landscaping shall be provided in accordance with the provisions of Section 15 of this Ordinance.
Not applicable.

G. General site screening and landscaping shall be provided in compliance with Section 15 of this Ordinance.
Landscaping will be provided per Section 15 of this Ordinance.

H. All exterior lighting shall be directed so as not to cast glare toward or onto the public right-of-way or neighboring residential uses or districts, and shall be in compliance with Section 14 of this Ordinance.

The applicant will be providing an exterior lighting plan.

I. The site drainage system shall be subject to the review and approval of the City Engineer.
Site drainage has been reviewed and approved by the City Engineer.

J. The architectural appearance and functional design of the building and site shall not be so dissimilar to the existing and potential buildings and area so as to cause a blighting influence. All sides of the principal and accessory structures are to have essentially the same or coordinated, harmonious exterior finish materials and treatment.
The building meets the requirements for exterior finish materials and treatment.

K. Provisions shall be made for daily litter control, an interior location for recycling and trash handling and storage or an outdoor, enclosed receptacle area shall be provided in compliance with Section 14 of this Ordinance.
The refuse container is located on site and is screened.

L. All signs and informational or visual communication devices shall be in compliance with Section 16 of this Ordinance.
There are no signs proposed at this time.

M. The use and site shall be in compliance with any federal, state, or county laws or regulations that are applicable and any related permits shall be obtained and documented to the City.
The applicant will need to pull the appropriate permits and curb cut permits through the city engineer. Any appropriate fees must be paid for these permits and inspections completed by the appropriate staff person prior, during, and following construction.

N. Any applicable business licenses mandated by City Code are approved and obtained.
Not applicable.

O. The hours of operation may be restricted when there is judged to be an incompatibility with a residential use or district.
Not applicable.

P. The use complies with the applicable performance standards of the zoning district in which it is located and where applicable, any non-conformity shall be eliminated.
The use appears to be in compliance with all applicable performance standards.

Q. Additional Stipulations. All conditions pertaining to a specific site are subject to change when the City Council, upon investigation in relation to a formal request, finds that the general public health, safety, and welfare, can be served as well or better by modifying or expanding the conditions set forth herein.

Decision

The Planning Commission held a public hearing on the item at the **May 9th, 2017** meeting. The meeting minutes shall be made part of the Findings of Fact.

Planning Commission Recommendation:

Motion by Lundeen second by Kennedy to recommend approval of the request from Premier Bank, on behalf of CSDCPC ASA, LLC, for Site Plan and Building Appearance and Conditional Use Permit Approval of a Middle School on the property legally described as Northwest Quarter of the Southeast Quarter of Section 20, Township 35, Range 23, Isanti County, Minnesota with the following conditions:

MEMORANDUM

Date: May 10, 2017

To: Roxanne Achman, Community Development Director
Alex Conzemius, Interim City Planner

From: Bradley C. DeWolf, P.E.
City Engineer

Subject: Arts & Science Addition – Site Plan Review
City of Isanti, MN
Project No.: R13.113898

Arts & Science Addition

We have reviewed the site plan created by Rehder & Associates, Inc entitled "Arts & Science Addition" stamped PRELIMINARY with a revision date of May 5, 2017. The hydraulic report was not resubmitted with this document. The Preliminary and Final Plat were not re-submitted with this documents.

The site plan includes a grading plan, utility plan, and site layout for the proposed roadway extension of 7th Avenue NE north of Cajima Street NE including a storm water infiltration basin.

We have reviewed the submitted documents and have the following comments:

Site Plan:

1. Add a leader and call out on the 6-inch gate valve on the water service line at the right-of-way. It is hard to see.
2. Label the emergency overflow elevation for the infiltration basin at the rip-rap overflow.
3. A long term inspection and maintenance schedule needs to be submitted for the infiltration basin.

Hydraulic Report:

1. Verify the bottom of the infiltration basin is at a minimum 3-feet above the water table.

Final & Preliminary Plat:

1. A temporary easement will be required around the temporary cul-de-sac.
2. A permanent drainage and utility easement is required over the infiltration basin in Outlot A.
3. A temporary construction easement will be required where work is shown outside the property lines. This does not need to be shown on the plat, just planned for if the site layout is not revised.

We recommend approval of the "Arts & Science Addition" site plan, hydraulics report, and plat once the above comments are addressed.

Please contact me if you have any questions.

GRADING NOTES

1. – All elevations shown are to final surfaces.
2. – Contractor is responsible for obtaining a National Pollutant Discharge Elimination System (NPDES) General Storm Water Permit for Construction Activity before construction begins.

EROSION CONTROL NOTES

1. – Contractor is responsible for all notifications and inspections required by General Storm Water Permit.
2. – All erosion control measures shown shall be installed prior to grading operations and maintained until all areas disturbed have been restored.
3. – Sweep paved public streets as necessary where construction sediment has been deposited.
4. – Each area disturbed by construction shall be restored per the specifications within 14 days after the construction activity in that portion of the site has temporarily or permanently ceased.
5. – Temporary soil stockpiles must have silt fence around them and cannot be placed in surface waters, including storm water conveyances such as curb and gutter systems, or conduits and ditches.
6. – The normal wetted perimeter of any temporary or permanent drainage ditch or swale that drains water from any portion of the construction site, or diverts water around the site, must be stabilized within 200 lineal feet from the property edge, or from the point of discharge into any surface water. Stabilization of the last 200 lineal feet must be completed within 24 hours after connecting to a surface water.
7. – All pipe outlets must be provided with temporary or permanent energy dissipation within 24 hours of connection to a surface water.
8. – Excess concrete/water from concrete trucks shall be disposed of in portable washout concrete basin or disposed of in a contained area.

INSPECTION AND MAINTENANCE

- The site must be inspected once every seven (7) days during active construction and within 24 hours after a rainfall event greater than 0.5 inches in 24 hours.
- All inspections and maintenance conducted must be recorded in writing and records retained with the SWPPP.
- Areas of the site that have undergone final stabilization, may have the inspection of these areas reduced to once per month.
- All silt fence must be repaired, replaced, or supplemented within 24 hours when they become nonfunctional or the sediment reaches 1/3 of the height of the fence.
- Surface waters and conveyance systems must be inspected for evidence of sediment being deposited. Removal and stabilization must take place within seven (7) days of discovery unless precluded by legal, regulatory, or physical access constraints.
- Construction site vehicle exit locations must have sediment removed from off-site paved surfaces within 24 hours of discovery.
- Infiltration areas shall be graded to finished grade when all contributing drainage areas have been stabilized. Protect infiltration area from sediment and heavy equipment compaction during/after construction with silt fence.

POLLUTION PREVENTION MANAGEMENT

- All solid waste must be disposed of off-site per the MPCA disposal requirements.
- All hazardous waste must be properly stored with restricted access to storage areas to prevent vandalism. Storage and disposal of hazardous waste must be in compliance with MPCA Regulations.

City of Isanti
Economic Development Authority
Regular Meeting Minutes of
April 4, 2017
Isanti City Hall

1. Call To Order

The meeting was called to order by Economic Development Director Sullivan at 7:17 p.m.

a. Pledge of Allegiance

b. Roll Call

Commissioners Present:	Dan Collison, Ross Lorinser, Paul Bergley, George Wimmer, Steve Lundeen, and Tara Hallberg
Commissioners Absent:	None
Staff Present:	Economic Development Director Sean Sullivan

c. Agenda Modifications

No modifications to the agenda were presented. Motion by Lundeen second by Bergley to adopt Agenda as presented. Motion passed unanimously.

2. Approve Minutes of March 7, 2017 Regular Economic Development Meeting

Motion by Lundeen second by Lorinser to approve the minutes for March 7, 2017. Motion carried unanimously.

3. 2017 Mayor's Employer Appreciation Luncheon

Economic Development Sullivan presented the staff memo highlighted the previous success of the event and the importance of it moving forward. It was noted that this year would mark the 10th year of this event. Sullivan suggested that the event not be changed due to its success. Sullivan stated that costs had been going up due to the increased numbers of businesses and the milestone anniversaries and the recognition plaques. He asked the EDA to authorize him to move forward with coordination of the 2017 event to be held on June 6 at the Isanti Community Center.

President Wimmer stated it has grown every year. He thanked Commissioner Warring, who was present at the meeting, for his volunteer work and participation in the event. He also acknowledged participation by elected officials and Isanti businesses in past events. He indicated that it is a great opportunity to share with businesses how Isanti has changed from the past year.

Motion by Bergley, second by Lundeen to approve June 6th 2017 as event date and to authorize Economic Development Director Sullivan to coordinate event.

5. Other Business / Updates

President Wimmer updated the EDA about the Circle B retreat Center in Isanti Township. He and Economic Development Director Sullivan met with the owner and based on the conversation the owner has withdrawn his application to the Isanti County for the CUP. The intent is to now request annexation into the City of Isanti so the entire project would be in city limits.

Sullivan indicated that he was meeting with interested parties in regards to the hotel. Consensus was that another hotel was needed in the Isanti –Cambridge Market and whatever location secured on first would probably hinder efforts to get one in the other community for quite some time.

The estimated timeline for the Whiskey Road Pub and Grub to open was pushed back.

Sullivan highlighted the 5th Avenue Extension meeting and the level of participation by the stakeholders. He was encouraged by the open discussion and thought that he would have something to report in a month or so.

President Wimmer echoed Sullivan's optimism and thought the meeting with stakeholders was very productive and that the stakeholders need to work with each other and the city to find a fair solution.

Sullivan updated the Staff memo information with 15 new housing permits being pulled with 4 more ready to be picked up.

Commissioner Lorinser asked what the annual projections were for the SAC and WAC hook-ups for the sewer and water study.

Sullivan stated that it was based on 25 SAC and WAC hookups annually.

WHEREAS, the applicant has paid the required application fees for Temporary 3.2 Beer Licenses as set forth in the Fee Schedule; and

WHEREAS, the Police Department has reviewed the application and made a recommendation for approval.

NOW, THEREFORE, IT IS HEREBY RESOLVED by the City Council of the City of Isanti, Minnesota as follows:

1. That the Isanti Lions Club application for a Temporary 3.2 Beer Licenses for the Isanti Street Dances scheduled for June 24, 2017, July 15, 2017 and August 12, 2017 are approved subject to the following conditions:
    a) A Certificate of Liquor Liability Insurance for the event is received by the City prior to the event dates.

This resolution duly adopted by the Isanti City Council this 16th day of May, 2017.

Subject: Change Order - AEM Financial Management Services

The current contract for AEM Financial Management Services ends on May 31st. With the need to transition to the new Finance Director, staff requested a proposal from AEM to assist on an hourly basis for the month of June. This will provide crossover services with the new Finance Director, who starts on Monday, June 5th, and assistance as needed for the remainder of the month. AEM has prepared a proposed Change Order for these services. The hourly fee is reflective of their current rates for service. The Finance Committee has reviewed the proposed Change Order.

Attached for your consideration is a Resolution to approve the proposed Change Order for AEM Financial Management Services.

RESOLUTION NO. 2017-____

A RESOLUTION ACCEPTING A CHANGE ORDER FOR INTERIM FINANCIAL MANAGEMENT SERVICES

WHEREAS, Abdo Eick & Meyers LLP (AEM) is providing interim Finance Director services for the City as per the proposal for Interim Financial Management Services accepted per City Resolution 2017-077. The proposal provided services until June 1, 2017; and

WHEREAS, a Finance Director has been hired and will start with the City on June 5, 2017. AEM has submitted a Change Order to modify the extension of services to transition Financial Management Services from the firm to the new Finance Director; and

WHEREAS, the Finance Committee has met with the AEM representative and recommends acceptance of the Change Order.

NOW, THEREFORE, IT IS HEREBY RESOLVED by the City Council of the City of Isanti, Minnesota, as follows:

1. Hereby accepts Abdo Eick & Meyers LLP Change Order dated May 3, 2017 to modify the existing agreement and transition Financial Management services.

This Resolution hereby approved by the Isanti City Council this 16th day of May, 2017.

City of Isanti
110 1st Avenue North
Isanti, Minnesota 55040

Proposed by: Jean D. McGann

Change request:

Per request of City of Isanti (the City) we are modifying the terms of the Interim Financial Management Services agreement.

On February 23, 2017 the City and AEM entered into a contract for Interim Financial Management Services. This contract is set to expire on May 31, 2017. Due to the City hiring a full-time Finance Director, the City and AEMFS have determined it is in the best interest of the City to modify the terms and duration of the amended agreement. Such terms are modified to state that the City will be invoiced at an hourly rate rather than a monthly fixed rate and the contract will expire on June 30, 2017.

This modification will take effect on June 1, 2017.

The investment by the City is outlined below

Contractor's Employee	Hourly Rate
Gayle Bauman, Client Services Manager	$185
Client Services Accountant	$145

Reason for requiring the change order: City hired full-time Finance Director
Nature of work to be performed: Financial Management Services
Contract modification: Modified contract from fixed fee to hourly rate effective June 1, 2017 and extended term to June 30, 2017.

Estimated cost of change/ additional work:

Effective June 1, 2017, the City of Isanti will be billed based on the hourly rate outlined above. The contract end date will be June 30, 2017. The terms and conditions of payment will be the same as in the original contract.

RE: Proposed 2018 Budget Calendar

Interim Finance Director Gayle Baumann will be working on Budget spreadsheets for City Departments, It is anticipated Department heads will receive their budget spreadsheets in late May and will be meeting in June with the new Finance Director and I to review their budgets. The Finance Committee will be meeting with each department at upcoming Finance Committee meetings in June (6/22) and early July (7/6). If an additional Committee Meeting is necessary, it can be scheduled the week of June 26th. These meetings will also include a review of Department Capital Requests.

At this time it is recommended to have only two budget workshop sessions with a third session held if deemed necessary. Suggested dates for this year's work sessions include:

Tuesday, July 18, 2017
Wednesday, August 2, 2017
Tuesday, August 15, 2017 (Optional Third Workshop)

Staff is recommending that the Budget Workshops start at 7:15 p.m. or upon completion of the regular meeting, whichever is earlier.

The 2018 preliminary budget and levy must be certified to the County by September 30, 2017 and should be adopted at the September 5, 2017 regularly scheduled City Council meeting.

The Finance Committee has reviewed the 2018 Budget Calendar/Process. Attached is a resolution setting the City Council Budget Workshops.

RESOLUTION NO 2017-____

A RESOLUTION SETTING BUDGET WORK SESSIONS

WHEREAS, the City Council schedules Work Sessions as needed from time to time in accordance with City Code Chapter 8-12, B.; and

WHEREAS, annually the City Council meets in Work Sessions regarding the proposed City Budget with three scheduled Work Sessions. The need for the third Work Session will be affirmed prior to adjournment of the second Work Session.

NOW THEREFORE BE IT RESOLVED by the City Council of the City of Isanti, Minnesota to set the following Budget Work Sessions, to be held at 7:15 p.m. or immediately after the regular City Council Meeting, whichever is earlier on the following dates:

1. Tuesday, July 18, 2017
2. Wednesday, August 2, 2017
3. Tuesday, August 15, 2017 (Optional Third Workshop – held only if needed)

Request for City Council Action

To: Mayor Wimmer and City Council Members

From: Sean M. Sullivan, Economic Development Director

Date: May 16, 2017

Subject: **Consider Resolution Adopting City Logo Use Policy and Agreement**

Background:

Economic Development Director Sullivan and Community Events and Parks Coordinator Everett have collaborated on a policy and agreement regarding the use of City Logos. The policy and agreement put in place some protections over the use of the City and Parks logos and serve as a way to track its usage. The policy also identifies the process a business needs to follow to in order to gain permission to use City logos. The Logo Use Agreement has been developed as a fillable form and this template can be used for either the City of Isanti Logo or the Isanti Parks Logo. Staff is asking for the City Council to consider adoption of the attached Logo Use Policy and Logo Use Agreement.

DOAC Recommendation:

DOAC recommend adoption of the attached Resolution and Logo Use Agreement

City Council Action:

Consider Adoption of Resolution 2017-___ Adopting City Logo Use Policy and Agreement

Attachment:

1) Resolution 2017- ____ Adopting City Logo Use Policy and Agreement

RESOLUTION 2017-___

RESOLUTION ADOPTING CITY LOGO USE POLICY AND AGREEMENT

WHEREAS, the City of Isanti understands that the use of the City of Isanti or Isanti Parks Logo (hereinafter referred to as the "Logos") in certain circumstances by parties or entities other than the City (hereinafter referred to as the "Marketer") can be beneficial; and

WHEREAS, the City has registered both the Logos with the Office of the Minnesota Secretary of State in an effort to protect the logos from improper use and to protect the City brand; and,

WHEREAS, in order to further protect and to monitor the use of the Logos the establishment of policy and procedures that restrict or permit the use of the logo is required; and,

WHEREAS, a City Logo Use Agreement (hereinafter referred to as the "Agreement") attached hereto will be used to permit and restrict the use of the Logos.

NOW, THEREFORE, IT IS HEREBY RESOLVED by the City Council of the City of Isanti, Minnesota adopt the attached Logo Use Agreement.

BE IT FURTHER RESOLVED, that the City Council of the City of Isanti adopt the following Policy and Procedures for the Use of the City Logos:

1) The Logos may only be used by the City of Isanti, City of Isanti EDA or City of Isanti Parks unless the Agreement between the City of Isanti and Marketer is executed by authorized officials.

2) The City of Isanti Development & Operations Advisory Committee (hereinafter referred to as "DOAC") will review any request to use the Logos and make a formal recommendation to the City of Isanti City Council to consider entering into a formal agreement with interested party.

3) The Logos may only be used if the Isanti City Council approves its use through adoption of resolution and the execution of the Agreement

4) Exhibit B of the Agreement will be submitted for review by DOAC to determine if the proposed use of the Logos is in the best interest of the City of Isanti and will not cause harm to the brand of the City.

5) The City of Isanti reserves the right to withdraw permission at any time, for any reason according to the terms and provisions of the Agreement.

This Resolution hereby approved by the Isanti City Council this 16th day of May, 2017.

MEMO

To: **Mayor Wimmer and City Council Members**
From: Lindsey Giese, Human Resources/City Clerk
Date: May 12, 2017
Subject: New Position: Assistant Liquor Store Manager

Background:
With Sunday Liquor Sales going into effect after July 1, 2017, the staffing operations within the Isanti Liquor store will be affected. It has been proposed to add an additional position of Assistant Liquor Store Manager. With any new position the creation of a job description, determination of job points and a salary range must be created. Points are determined using the Minnesota State Job Match/Job Evaluation System from Minnesota Management and Budget. The evaluation system focuses on the responsibilities of know-how, problem solving and accountability skills required to do the job. The determination of points takes into consideration the split of positions and job responsibilities, as well as the expected percentage of time tasks take throughout a typical work day. The salary scale was adjusted to most accurately fit within the City of Isanti pay schedule with the new job points, while reflecting comparable market value.

The proposed job points and salary range for the Assistant Liquor Store Manager position are as follows:

2017 Job Classification Wage Scales

Wage Scales Effective 1/1/2017

JOB TITLE	FLSA Status	POINTS	STEP 1	STEP 2	STEP 3	STEP 4	STEP 5	STEP 6	STEP 7
			0.895	*0.930*	*0.965*	*1.000*	*1.035*	*1.070*	*1.105*

per pay period			$1,615.30	$1,678.46	$1,741.63	$1,804.80	$1,867.97	$1,931.14	$1,994.30
per year			$41,997.70	$43,640.06	$45,282.43	$46,924.80	$48,567.17	$50,209.54	$51,851.90

The draft job description for the aforementioned position is attached as 'Exhibit A' to the proposed resolution. The recommended job points and salary range for the aforementioned position is attached as 'Exhibit B' to the proposed resolution.

Recommendation:
The Liquor Store Committee discussed implementation of an Assistant Liquor Store Manager, and the Personnel Committee has reviewed the proposed job description, job points and pay scale for 2017 and recommends approval.

RESOLUTION APPROVING THE NEW POSITION OF ASSISTANT LIQUOR STORE MANAGER (JOB DESCRIPTION, JOB POINTS AND SALARY RANGE)

WHEREAS, due to Sunday Liquor Sales the staffing operations within the Isanti Liquor Store will need adjustment; and,

WHEREAS, as a result the position of Assistant Liquor Store Manager has been proposed; and,

WHEREAS, the Liquor Committee had discussed implementing the proposed position; and,

WHEREAS, the Personnel Committee has reviewed the proposed job description, job points, and salary range and recommends approval.

NOW THEREFORE, BE IT RESOLVED by the City Council of the City of Isanti, Minnesota as follows:

1) The job description for the Assistant Liquor Store Manager attached hereto as 'Exhibit A'.
2) The job point total and salary range for the Assistant Liquor Store Manager attached hereto as 'Exhibit B'
3) Approval to post for the new vacant position after Personnel Committee reviews and approves the recruitment timeline.
4) That Human Resources and the City Administrator are authorized to complete all required documentation for the completion of this new position.

MEMO

Request for City Council Action

To: **Mayor Wimmer and City Council Members**

From: Chief Gene C. Hill

Date: May 12, 2017

Subject: October 01, 2017 – September 30, 2018 Safe and Sober Grant

---

Background:

The City of Isanti has allowed its Police Department to participate in the Safe and Sober Grants that are sponsored by the Minnesota Department of Public Safety – Office of Traffic Safety for the past many years. Through this program, the City is given grant money to offset expenses for Peace Officer's to provide enhanced enforcement of traffic laws specifically DWI, seatbelt, and speed enforcement.

Also, the Safe and Sober Grant has provided many free items to the City of Isanti such as: several paid driving school tuitions, portable breath test machines, flashlights, metal detectors, light bars, squad video camera, radar, stationary speed sign, and window-tint meters which reduces the tax burden to the City.

The grant process requirements have changed drastically over the years as well as our grant partners. This year we are required to have a countywide grant. This grant would be Isanti PD as the lead agency and grant fiscal managers. Participating grant members, will be Braham and Cambridge PD and Isanti County Sheriff's Office.

Action:
I request that the City Council take action by reviewing and considering a resolution to allow a joint venture with the Minnesota Department of Public Safety – Office of Traffic Safety to participate in the Safe and Sober Grant Program with the grant partners of Braham and Cambridge PD along with Isanti County Sheriff's Office.

Respectfully,

Chief Gene C. Hill

RESOLUTION NO. 2017-_____

A RESOLUTION AUTHORIZING TO ENTER INTO AN AGREEMENT WITH THE MINNESOTA OFFICE OF TRAFFIC SAFETY GRANT FOR SAFE AND SOBER HIGH VISIBILITY ENFORCEMENT

WHEREAS, the Minnesota Office of Traffic Safety offers an enhanced traffic enforcement grant to promote roadway and driver safety awareness and education, and;

WHEREAS, the Isanti Police Department has participated in this grant for ten plus years and is partnering with Cambridge PD, Braham PD and Isanti County Sheriff's Office to provide high visibility enforcement, and;

WHEREAS, receives full compensation for the Officer's wages and benefits for hours worked, and;

WHEREAS, is eligible for free large equipment for department use which saves tax dollars, and;

NOW, THEREFORE, IT IS HEREBY RESOLVED by the City Council of the City of Isanti, Minnesota as follows:

1. Be it resolved that Isanti Police Department enter into a grant agreement with the Minnesota Department of Public Safety, Office of Traffic Safety for Traffic Safety Enforcement projects during the period from October 1, 2017 through September 30, 2018.

2. That the Chief of Police or designee is hereby authorized to execute such agreements and amendments as are necessary to implement the project on behalf of the City of Isanti and Isanti Police Department; and that the fiscal agent of the grant will be the City of Isanti.

This resolution duly adopted by the Isanti City Council this 16th day of May, 2017.

a. Pledge of Allegiance

b. Roll Call

Commissioners Present:	Dan Collison, Ross Lorinser, Paul Bergley, George Wimmer, and Steve Lundeen
Commissioners Absent:	Tara Hallberg (Excused)
Staff Present:	Economic Development Director Sean Sullivan

c. Agenda Modifications

Economic Development Director Sullivan asked for an Addendum to the Agenda to remove Item 4. Isanti Hotel Update and to Add Item 4. Consider Adoption of EDA Resolution 2017 - ___ Approving Earnest or Option Money for Purchase of Real Property for Hotel Project. Motion by Bergley second by Collison to adopt Agenda as amended. Motion passed unanimously.

2. Approve Minutes of April 4, 2017 Regular Economic Development Meeting

Motion by Lundeen second by Collison to approve the minutes for April 4, 2017. Motion carried unanimously.

3. City Promotional Bag Program Update

Economic Development Sullivan stated that he had received the 1000 bags that were ordered and he was receiving items from businesses to be stuffed inside of the bags. He will continue to solicit business to participate in the program. 330-340 bags will be distributed at the Land O Lakes BMX Event. He indicated that a sign was being made that would acknowledge that the City of Isanti was providing the Free bags and was coordinating this promotional activity.

President Wimmer stated that only Isanti business would be allowed to put item in the bag contrary to what the North 65 Chamber had stated.

Commissioner Collison asked when items needed to be submitted by.

ED Director Sullivan stated May 10th at the latest.

Item was informational, no action requested,

4. Consider Adoption of Resolution 2017- Resolution Approving Earnest or Option Money for Purchase of Real Property for Hotel Project

President Wimmer stated that action was required to authorize the City to secure a site for the Hotel project. Multiple sites were being considered and flexibility was needed in order to assure the site could be secured in a timely manner.

Motion by Lorinser, second by Collison to Adopt Resolution 2017- 2 Resolution Approving Earnest or Option Money for Purchase of Real Property for Hotel Project. Motion carried unanimously.

5. Other Business / Updates

ED Director Sullivan updated the housing start number to reflect 28 new permits pulled with one waiting to be picked up.

He also indicated that he had a conference call with a DEED prospect in Europe. He also stated that this lead would not have been received unless the City has received Shovel Ready Certification.

Commissioner Collison inquired if references were given as part of this process.

ED Director Sullivan stated that sometimes this does occur but it is utilized more once the prospect come to town to visit.

President Wimmer acknowledge this was in early stages of process but felt the City had a great track record on getting the deal done once we brought them into the city to see the sites and meet with staff.

President Wimmer has been tracking City overall water usage. Based on trend it is possible that rates and cost structure could be adjusted which could result in lowering charges related to SAC and WAC and usage.

ED Director Sullivan stated Allina Clinic has it Grand Opening on May 6 from 10 AM – 2PM

Commissioner Lundeen asked what status of Whiskey Road Pub and Grub was.

ED Director Sullivan stated the project was approved by the City and that the opening has been delayed. There have been issues relating to the patio being approved by the building association. Staff will provide updates when relevant.

President Wimmer stated he and Community Events and Parks Director Everett met with RR BMX relating to upcoming events and that all was in order.

Isanti

To: Economic Development Authority

From: Sean M. Sullivan, Economic Development Director

Date: June 6, 2017

Subject: Consider Purchase of Real Property Identified as Tax ID Number 16.029.0101

Background:

The City Development Team has negotiated a Purchase Agreement for the acquisition of Tax ID Parcel 16.029.0101 legally described on the on the attached Resolution. The property is being purchased for economic development purposes. The parcel is approximately 1.91 acres according to Isanti County data. The property purchase price is $98,000 and the City of Isanti has made a full offer for the site and has executed a purchase agreement contingent on City Council Approval. The property taxes are not current but amount will be prorated based on actual date of closing. The City of Isanti will be responsible for the payment out outstanding special assessments as identified in the purchase agreement addendum:counteroffer. The real estate agent has provided a copy of an Owner and Encumbrance report dated May 5, 2017 which has been reviewed by Attorney Joslin. DAC has reviewed this item and is comfortable purchasing the parcel if due diligence regarding environmental is clear. Staff is asking the City Council to approve attached resolution and to authorize conducting a Phase One and required environmental work.

Requested Actions

1) Consider Adoption of Resolution 2017-XXX Authorizing the Purchase of Real Property Identified as Tax ID Number 16.029.0101

I. Council Committee Reports

Mayor Wimmer expressed his dissatisfaction with the City Engineer firm, Bolton & Menk, regarding the Wastewater Treatment Facility Improvement project. He explained that the City now has an issue where the treatment plant was not designed correctly. According to the memo the engineer provided, it was stated that the information the engineer had was inaccurate. The Mayor explained his displeasure with that answer, as the City utilizes the City Engineer to make these determinations. He further expressed that the idea that the City would spend this amount of money to fix an issue that he indicated was the City Engineer's responsibility was unacceptable. Further, the Mayor explained that the ongoing issue with the rancid smell from the facility has not been solved. He has been informed on numerous occasions ways that the odor was going to be fixed, and it has not yet been done. The Mayor stated that this impacts people's abilities to enjoy the weather because it is unpleasant to open their windows or be outside with the smell. Mayor Wimmer said that Bolton & Menk need to come up with another plan if they are to continue being the City's Engineer, as this was their issue.

Subject: A Resolution Approving a Special Event Permit Application for the Bluejacket 5K

Background

The City received a special event application from Jesse Jennissen, on behalf of the Isanti Intermediate School and School for All Seasons. The group is looking to host a the Bluejacket 5K & 1 Mile Run/Walk on Saturday, October 7, 2017. The event would take place from 7:30 a.m. to 11:30 a.m. There will be a 5k as well as a 1 mile walk/run, which is open to participants of all ages. Those participants under 18 must have signed parent permission. All 1 mile and 5k participants would pay a fee. The money that is raised from the event will help cover the costs of the race as well as create a scholarship fund for graduating Cambridge-Isanti High School Students.

Some music will be provided by a DJ for the event, but will not be playing loudly. Parking for the event would be in the parking lot located at the Intermediate School. Restroom facilities will be located within the school. Signs will be placed on the school's property. In addition, chalk or washable paint will be used on the roadways to mark the routes. The estimated number of people in attendance is 150-200.

Maps have been provided, which show the routes to be used for the events. The group has requested assistance from Isanti Fire District and Isanti Police Department. They have not requested a road closure, but have requested that the police are present to assist with crossing runners on Heritage Blvd NE and 8th Ave NE from about 9 a.m. to 10:20 a.m. Volunteers and school staff will aid with clean-up after the event is completed. The applicant is requesting the clean-up fee waived.

A copy of the application and department approval has been attached for City Council review.

Staff Request

City staff is requesting action on this item.

The undersigned agrees to assume all liability for and to defend, indemnify and hold Independent School District No. 911, its employees and agents, harmless from all loss, damage, cost and expense, including all attorney's fees incurred by the undersigned arising from or in any way connected with the use of the Community Education-Independent School District No. 911 facilities as set forth herein.

If requested, the undersigned further agrees to provide liability insurance in the amount of at least $1,000,000 to cover said use of the facilities.

The undersigned further agrees to be responsible for any and all damage to School district property arising from said use, and had read and understands the Facilities Use Policy and agrees to comply with all conditions of that policy. The undersigned accepts that the School District may have to preempt our scheduled use of the facility and understands in that case that the School District will give as much advance notice as possible and any money paid for preempted time will be refunded.

Policy and procedures can be reviewed at http://www.cambridge.k12.mn.us/~comm-ed/facilities.html or a copy of the policy and procedures can be requested by calling Facility Use at 763-689-6222 or 763-689-6232.

Subject: Resolution Approving a Special Event Permit Application for 2017 Soccer District Tournament

---

Background
The City received a special event application from the Cambridge-Isanti Soccer Club for the MYSA Soccer North District Qualifier to be held at the Isanti Soccer Complex. The event is scheduled to take place over the course of several days, July 13-17, 2017 from 8:00 a.m. until dark.

The estimated number of people to be in attendance is around 8,000 players, coaches, staff, and spectators. Primary parking for the event will occur at the soccer complex. The coordinators have requested that overflow parking at Bluebird Park be permitted. Additional restroom facilities will be brought in for the event; and will be pumped by Jimmy's Johnnies. Clean-up will be provided by volunteers through the Cambridge-Isanti Soccer Club. They have submitted the necessary clean-up deposit and a copy of their Liability Insurance is on file.

A copy of the application and departmental review has been attached for City Council review.

Staff Request
City staff is requesting action on this item.

Subject: A Resolution Approving a Special Event Permit Application from the North 65 Chamber of Commerce for Jubilee Days

---

Background

The City received a special event application from the North 65 Chamber of Commerce for Jubilee Days. The event will consist of a parade to be held on Thursday, July 6th from 3:00 p.m. to 10:30 p.m. The parade will have 150 – 200 entries (businesses, marching bands, flyover, food and miscellaneous vendors). Set-up for the parade will take place at the Isanti Middle School. Participants will travel along Oakwood St NW, cross Whiskey Rd NW and start down Main Street W.

The official parade start is at the intersection of 5th Ave and Main St W. A map showing the parade route has been included as part of their special event application for Council review. An estimated 10,000 people are anticipated to attend the parade. No parking signs will be posted along the parade route and Credit Union Dr NE. In terms of clean-up plans, volunteers and the City's Public Works staff have been requested. Food vendors will be located along the parade route. KBEK will be playing music and announcing at the corner of 1st Ave and Main St W. The group is requesting electric access at 30 West Main St.

On Saturday, July 8th from 7:00 a.m. to 4:00 p.m. will be Kids Day. There will be kids games, pony rides, bounce houses, turtle races, outhouse races, kiddie parade, craft fair, carnival food sales, vendor booths, and fun run. The craft fair portion of the event will take place on both sides of Main Street between 1st Ave NW and 2nd Ave NW. There will be approximately 3,000 in attendance this day.

Other events will take place along Main St W from 1st Ave NW to just west of the railroad tracks, so the street will be closed for the events. A stage and other activities are set to occur in this area. In addition, the City Hall parking lot, the grassy area just to the east of City Hall to the railroad right-of-way will also be used for this event. There will be no parking along Main Street W prior to the closure of the street; and signs must be placed accordingly. Volunteers will help to clean the areas that were used for these events.

In addition, there would be a temporary closure of Main St W and 2nd Ave SW from the church driveway to Main Street W and 2nd Ave SW and Main St W and the 1st AveW and Main St W intersections for the Kiddie parade. The estimated closure time for these areas is a brief period around 11:00 am. Clean-up of the area will be completed by volunteers.

The applicant is also requesting to place some temporary signage for the event, one of which would be located on City property (401 1st Ave NW); the northwest corner of County Road 5 NW and 1st Ave NW. Temporary folding signs will be placed for games and sponsors of the event. Crafters coming to the area for the craft show may also display signs for the event. Signs located on City property require approval by the City Council. The remaining signs will be displayed on private property. Permission from the property owner is required. The signs will be removed after the event has ended. For a temporary sign, a $50 application fee is required. The applicant would be requesting that the application fee for this community event be waived. The applicant has also noted that they would like to request use of the community sign; the separate application has been submitted.

The applicant will be contracting with Absolute Portables to provide the necessary portable restroom facilities for the event. A list of locations for portable restrooms has been included with the application materials.

Assistance has been requested of the Isanti Police Department to provide security to the area the day of the event. The Isanti Fire District will be on notice that day; and called if or when necessary for assistance. There are no formal tickets sold for the event. The Chamber of Commerce does appreciate donations, but they are not required. The purpose of any money that is collected by donation is to help cover the expenses associated with the event.

The applicant has provided a list of requests from the City for Jubilee Days, which has been attached for Council review.

A copy of the application, details and departmental review has been attached for City Council review.

Staff Request

The North 65 Chamber of Commerce is going to need to coordinate the activities with the Isanti Police Department, Isanti Fire District, and Isanti Public Works.

The North 65 Chamber of Commerce will also need to work with staff to get the necessary paperwork and approval for a peddlers permit for the vendor fair.

City staff is requesting action on this item.

Members of the City Council

From: Katie Everett
Community Events and Parks Coordinator

Date: June 6, 2017

Subject: Resolution Approving Facility Use Agreement with Cambridge-Isanti Schools for Mattson Tennis Courts

---

Background:
City staff were approached by Kris Crocker, Cambridge-Isanti Schools Director of Finance and Operations, with a Facility Use Agreement for the use of the Mattson Park Tennis Courts. The Parks, Recreation, and Culture Board discusses the fee schedule for this arrangement each year; it recommended $400 per season for a two-year period, and this rate was approved by City Council via Resolution 2016-247. There is no existing Facility Use Agreement pertaining to this arrangement.

The Facility Use Agreement has been reviewed by the Development and Operations Advisory Committee, and has been approved by Cambridge-Isanti Schools. It is attached for Council review.

Facility Use Agreement

THIS AGREEMENT dated the 18th day of May, 2017, between Cambridge-Isanti Schools and *City of Isanti* (CONTRACTOR) includes the following mutually agreeable terms between the parties:

1. RENTAL STRUCTURE: A rate of $400 for each season ($800 total) will include the following: (use of tennis courts from 3:00-5:15 pm for the spring and fall seasons) at the following address: Mattson Park, 311 5th Ave NW, Isanti MN 55040

2. INSURANCE: Cambridge-Isanti Schools shall maintain participant accident coverage and shall name the City of Isanti as the additional insured thereunder. The School District agrees to indemnify and hold the City harmless for any costs, damages or liability caused by the School District's use.

3. TERM: The term of this Agreement shall begin on *July 1, 2017* and shall terminate on *June 30, 2018*. However, the Superintendent of Schools, or designee, may terminate this Agreement after providing written notice to the CONTRACTOR of the intended termination at least thirty (30) calendar days prior to the date of the intended termination. This agreement may also be terminated by mutual consent.

4. GOVERNING LAW & VENUE: This agreement shall be construed in accordance with the laws of the State of Minnesota. Any dispute with respect to this agreement is subject to the laws of Minnesota. Each party shall be responsible for its own attorneys' fees and costs incurred as a result of any action or proceeding under this agreement.

IN WITNESS WHEREOF, the parties hereto, by the undersigned authorized to bind said parties do herein agree to the terms and conditions herein and attached hereto.

Request for Council Action

To: Mayor Wimmer
Members of the City Council

From: Roxanne Achman
Independent Consultant

Date: June 6, 2017

Subject: Request from Premier Bank, on behalf of CSDCPC ASA, LLC, for Final Plat Approval of Arts and Science Addition, legally described as the Northwest Quarter of the Southeast Quarter of Section 20, Township 35, Range 23, Isanti County, Minnesota.

Background

This is the final plat for the Art and Science Addition. The approval shall be subject to approval of the development agreement and the temporary cul-de-sac, which will be presented to the City Council prior to approval of the Final Plat. It shall also be contingent on successfully updating the plat, consent to plat and title opinion, should CSDCPC ASA, LLC take ownership prior to approval of the Final Plat by the City Council.

Preliminary Plat Memo: Charter Schools Development Corporation, Art and Science Academy (CSDCPC ASA, LLC), is in the process of purchasing a 13.3-acre parcel from Premier Bank for the construction of a middle school. The subject property is located north of Cajima St NE and adjacent to 7th Ave NE. The property is required to be platted before development begins and includes the dedication of right-of-way for the extension 7th Ave NE.

The preliminary plat of Arts and Science Addition indicates the layout of 7th Ave NE, which will provide a 60ft wide right-of-way extending north and east, ending on the east property line where it will eventually provide an outlet/inlet for future residential development. A sidewalk will be installed on the west side of 7th Ave NE. A temporary cul-de-sac and easement will be necessary until 7th Ave NE is extended to intersect with another roadway. The plat will consist of a 10.9-acre parcel that the middle school will be situated on, and a 1.37 acre Outlot that will contain the storm water pond.

The platting and development of this property requires the execution of a development agreement. Such agreement is being drafted and will be reviewed and acted on by the City Council at the time the Final Plat is ready for the City Councils review and approval.

The City Engineer has reviewed the final plat and recommends approval.

Certification of Taxes Paid

Prior to approving an application for Final Plat, certification must be provided to the City that there are no delinquent property taxes, special assessments, penalties, interest, or outstanding municipal utility fees. Property taxes have been paid as of May 2, 2017.

Public Notice

Notice was published within the Isanti County News on May 3, 2017. Written notification was provided to property owners located within 350' of the subject site as required by Minnesota State Statute.

Public Comments

No public comments had been received regarding the proposed amendment prior to the release of the staff memo.

Planning Commission Recommendation:

Motion by Lundeen second by Bergley to recommend approval of the request from Premier Bank, on behalf of CSDCPC ASA, LLC, for Final Plat Approval of Arts and Science Addition, legally described as the Northwest Quarter of the Southeast Quarter of Section 20, Township 35, Range 23, Isanti County, Minnesota. with the following conditions:

1. A Development Agreement will need to be in place for the plat to be in effect.
2. A temporary easement will be required around the temporary cul-de-sac.
3. A permanent drainage and utility easement is required over the infiltration basin in Outlot A.
4. A temporary construction easement will be required where work is shown outside the property lines. This does not need to be shown on the plat, just planned for if the site layout is not revised.
5. Upon approval of the Final Plat by the City Council, the City Clerk or his/her designee shall record it with the County Recorder's Office within ninety (90) days after the date of approval; otherwise, failure of the applicant to comply and submit the necessary items and fees for the recording of the Final Plat by the City shall be cause for revoking the City's approval and the Final Plat shall be considered void, unless the developer or applicant requests an extension, in writing and receives approval from the City Council. The City Council may approve up to two (2) extensions for a term not to exceed one (1) additional year for each extension. Fees associated with the recording of the Final Plat will be charged back to the developer or subdivider.
6. The subdivider shall immediately upon approval, furnish the City Administrator or his/her designee with three (3) full size mylar transparencies of the Final Plat, two (2) for the County and one (1) for the City. Three (3) additional 11 inch by 17 inches mylar transparencies shall be given to the City Planner, the City Clerk, and Isanti County. No building permits shall be issued until these conditions have been complied with.

Motion carried unanimously.

Deadline for City Council Action

The applicant submitted an application for Final Plat approval on April 27, 2017. City staff did verify that the application was complete on May 1, 2017. Pursuant to Minnesota State Statute, the City must act on this request by July 30, 2017 (90-days); unless an extension of the review period has been agreed to by the applicant.

Options & Proposed Motion Language

1. Recommend Approval with No Conditions: Motion to recommend approval of the request from Premier Bank, on behalf of CSDCPC ASA, LLC, for Final Plat Approval of Arts and Science Addition, legally described as the Northwest Quarter of the Southeast Quarter of Section 20, Township 35, Range 23, Isanti County, Minnesota.

FINDINGS OF FACT AND CONCLUSION

Request

Request from Premier Bank, on behalf of CSDCPC ASA, LLC, for Final Plat Approval of Arts and Science Addition, legally described as the Northwest Quarter of the Southeast Quarter of Section 20, Township 35, Range 23, Isanti County, Minnesota.

Findings of Fact

1. The applicant, Premier Bank, on behalf of CSDCPC ASA, LLC ('the applicant'), has made application for Final Plat Approval of Arts and Science Addition, Isanti County, Minnesota.
2. The property is legally described as the Northwest Quarter of the Southeast Quarter of Section 20, Township 35, Range 23, Isanti County, Minnesota, except the following described parcels:1) The North 565 feet of the West 1021 feet of Section 20, Township 35, Range 23, Isanti County, Minnesota, AND, 2) That part of the Northwest Quarter of the Southeast Quarter of Section 20, Township 35, Range 23, Isanti County, Minnesota, lying South of the North 565 feet thereof and Westerly of the following described line: Commencing at the Southeast corner of said Northwest Quarter of the Southeast Quarter; thence North 89 degrees 54 minutes 39 seconds West assumed bearing, along the South line of said Northwest Quarter of the Southeast Quarter, a distance of 536.69 feet to the point of beginning of the line to be described; then North 00 degrees 38 minutes 48 seconds East, a distance of 761.49 feet, more or less, to the South line of said North 565 feet and said line there terminating, Isanti County, Minnesota.
3. The Applicant is requesting Final Plat Approval in an effort to create a buildable lot for a middle school.
4. The property is zoned "R-3A" Low Density Multi-Family Residential District.
5. A final plat is considered a major change requiring a public hearing and notification of all property owners within 350'; and final approval by the City Council.
6. The Applicant submitted an application for Final Plat Approval on April 27th, 2017. It was deemed complete on May 1, 2017.
7. A public hearing date before the Planning Commission was scheduled for Tuesday, May 16th, 2017 immediately following the 7:00 p.m. City Council meeting at City Hall within the Council Chambers.
8. Notices were sent to all property owners located within the development and within 350 feet of the subject property.

Conclusions

1. The platting of the property would appear to meet the lot requirements and setback requirements as provided within the zoning ordinance for properties located within the "R-3A" Low Density Multi-Family Residential District.
2. The platting of the property would appear to meet the Design Standards as required by Ordinance No. 536.

Decision

The Planning Commission held a public hearing on the item at the **May 16th, 2017** meeting. The meeting minutes, staff memo and exhibits will be made part of the Findings of Facts and Conclusions.

Planning Commission Recommendation:

Motion by Lundeen second by Bergley to recommend approval of the request from Premier Bank, on behalf of CSDCPC ASA, LLC, for Final Plat Approval of Arts and Science Addition, legally described as the

Northwest Quarter of the Southeast Quarter of Section 20, Township 35, Range 23, Isanti County, Minnesota. with the following conditions:

1. A Development Agreement will need to be in place for the plat to be in effect.
2. A temporary easement will be required around the temporary cul-de-sac.
3. A permanent drainage and utility easement is required over the infiltration basin in Outlot A.
4. A temporary construction easement will be required where work is shown outside the property lines. This does not need to be shown on the plat, just planned for if the site layout is not revised.
5. Upon approval of the Final Plat by the City Council, the City Clerk or his/her designee shall record it with the County Recorder's Office within ninety (90) days after the date of approval; otherwise, failure of the applicant to comply and submit the necessary items and fees for the recording of the Final Plat by the City shall be cause for revoking the City's approval and the Final Plat shall be considered void, unless the developer or applicant requests an extension, in writing and receives approval from the City Council. The City Council may approve up to two (2) extensions for a term not to exceed one (1) additional year for each extension. Fees associated with the recording of the Final Plat will be charged back to the developer or subdivider.
6. The subdivider shall immediately upon approval, furnish the City Administrator or his/her designee with three (3) full size mylar transparencies of the Final Plat, two (2) for the County and one (1) for the City. Three (3) additional 11 inch by 17 inches mylar transparencies shall be given to the City Planner, the City Clerk, and Isanti County. No building permits shall be issued until these conditions have been complied with.

Arts & Science Addition

We have reviewed the site plan created by Rehder & Associates, Inc entitled "Arts & Science Addition" stamped PRELIMINARY with a revision date of May 5, 2017. The hydraulic report was not resubmitted with this document. The Preliminary and Final Plat were not re-submitted with this documents.

The site plan includes a grading plan, utility plan, and site layout for the proposed roadway extension of 7th Avenue NE north of Cajima Street NE including a storm water infiltration basin.

We have reviewed the submitted documents and have the following comments:

Site Plan:

1. Add a leader and call out on the 6-inch gate valve on the water service line at the right-of-way. It is hard to see.
2. Label the emergency overflow elevation for the infiltration basin at the rip-rap overflow.
3. A long term inspection and maintenance schedule needs to be submitted for the infiltration basin.

Hydraulic Report:

1. Verify the bottom of the infiltration basin is at a minimum 3-feet above the water table.

Final & Preliminary Plat:

1. A temporary easement will be required around the temporary cul-de-sac.
2. A permanent drainage and utility easement is required over the infiltration basin in Outlot A.
3. A temporary construction easement will be required where work is shown outside the property lines. This does not need to be shown on the plat, just planned for if the site layout is not revised.

We recommend approval of the "Arts & Science Addition" site plan, hydraulics report, and plat once the above comments are addressed.

DEVELOPMENT CONTRACT

(Developer Installed Improvements)

ARTS AND SCIENCE ADDITION

AGREEMENT dated _____, 2017, by and between the **City of Isanti**, a statutory city under the laws of the State of Minnesota (hereinafter referred to as the "City"), and having its principal office at City Hall, 110 First Avenue Northwest, Isanti, Minnesota 55040, and CSDCPC ASA, LLC, a Delaware limited liability company whose sole member is CSDC Property Corporation, a nonprofit corporation organized and existing under the laws of the State of Arizona (hereinafter referred to as "Developer"), having its principal office at 6731 Columbia Gateway Drive, Suite 220, Columbia, MD 21046.

RECITALS

WHEREAS, the City Council of the City has, by Resolution No. _____ on _____, approved the Arts and Science Addition Plat for a subdivision as proposed by Developer to be known as Arts and Science Addition (the "Development"); and,

WHEREAS, the final plat is comprised of one 10.9 acre lot ("Lot 1, Block 1") and one 1.37 acre Outlot (Outlot A), both zoned R-3A Low Density Multi-Family Residential District and,

WHEREAS, on _____ the City Council approved Resolution No. _____ approving the site plan for the development of Lot 1, Block 1 for the purpose of constructing a middle school; and,

WHEREAS, Lot 1, Block 1, shall be known as the "Development" for the purposes of this Development Agreement, subject to all terms and conditions; and,

WHEREAS, it is the policy of the City to enter into a development contract as contemplated in Minnesota Statutes 462.358, Subd. 2(a); and

WHEREAS, the parties hereto desire to set forth the respective rights and obligations of the parties to this Agreement.

NOW, THEREFORE, in consideration of the premises and of the mutual promises and conditions contained herein, it is agreed by the parties hereto as follows:

1. **REQUEST FOR PLAT APPROVAL.** Developer has asked the City to approve a plat for ***ARTS AND SCIENCE ADDITION*** (referred to in this Contract as the "plat"). The land is situated in the City of Isanti, County of Isanti, State of Minnesota, and is legally in Exhibit A attached hereto.

2. **CONDITIONS OF PLAT APPROVAL.** The City hereby approves the plat on condition that the Developer enter into this Contract, furnish the security required by it, and record the plat with the County Recorder or Registrar of Titles within 90 days after the City Council approves the final plat.

3. **RIGHT TO PROCEED.** Within the plat or land to be platted, the Developer may not grade or otherwise disturb the earth or remove trees, unless a grading permit has been approved by the by the City Council through a conditional use permit, construct sewer lines, water lines, streets, utilities, public or private improvements, or any buildings until all the following conditions

have been satisfied: 1) this agreement has been fully executed by both parties and filed with the City Clerk, 2) the necessary security has been received by the City, 3) the necessary insurance for the Developer and its construction contractors has been received by the City, and 4) the plat has been filed with the Isanti County Recorder or Registrar of Titles' office.

4. CHANGES IN OFFICIAL CONTROLS. For two (2) years from the date of this Contract, no amendments to the City's Comprehensive Plan, except an amendment placing the plat in the current metropolitan urban service area, or official controls shall apply to or affect the use, development density, lot size, lot layout or dedications of the approved plat unless required by state or federal law or agreed to in writing by the City and the Developer. Thereafter, notwithstanding anything in this Contract to the contrary, to the full extent permitted by state law, the City may require compliance with any amendments to the City's Comprehensive Plan, official controls, platting or dedication requirements enacted after the date of this Contract.

5. DEVELOPMENT PLANS. The plat shall be developed in accordance with the following plans. The plans shall not be attached to this Contract. With the exception of Plans A, B, C, and F the plans may be prepared, subject to the City Engineer's approval, after entering the Contract, but before commencement of any work in the plat. The City Engineer may approve minor amendments to Plan B without City Council approval. The erosion control plan may also be approved by the Isanti County Soil and Water Conservation District. If the plans vary from the written terms of this Contract, the written terms shall control. The plans are:

Plan A - Plat

Plan B - Final Grading, Drainage, and Erosion Control Plan

Plan C - Tree Preservation Plan

Plan D - Plans and Specifications for Public Improvements

Plan E - Street Lighting Plan

Plan F - Landscape Plan

Plan G - Utility Plan

Plan H - Site Plan

Plan I - Exterior Building Plan

6. **IMPROVEMENTS.** All Developer installed private improvements shall be installed pursuant to the terms and conditions herein set forth.

A. The Developer is responsible at Developer's cost for the construction of the required sanitary sewer service, water service, storm sewer system, and road restoration.

B. Developer shall provide adequate off-street parking on all lots so that the City can prohibit on-street parking if necessary for safety and maintenance purposes.

C. All utilities, including electricity, telephone and natural gas, shall be installed underground where possible, and within the roadway right-of-way.

D. Developer shall work with the local Postmaster to identify mailbox locations.

The improvements shall be installed in accordance with the City subdivision ordinance; City standard specifications for utility and street construction; and any other ordinances including Stormwater Management Ordinance No. 420 concerning erosion and drainage and City Code Chapter 216-4B(4) prohibiting grading, construction activity, and the use of power equipment between the hours of 9:00 p.m. and 7:00 a.m. The Developer shall submit plans and specifications which have been prepared by a competent registered professional engineer to the City for approval by the City Engineer. The Developer shall instruct its engineer to provide adequate field inspection personnel to assure an acceptable level of quality control to the extent that the Developer's

engineer will be able to certify that the construction work meets the approved City standards as a condition of City acceptance. In addition, the City may, at the City's discretion and at the Developer's expense, have one or more City inspectors and a soil engineer inspect the work on a full or part-time basis. The Developer, its contractors and subcontractors, shall follow all instructions received from the City's inspectors. The Developer's engineer shall provide for on-site project management. The Developer's engineer is responsible for design changes and contract administration between the Developer and the Developer's contractor. The Developer or its engineer shall schedule a pre-construction meeting at a mutually agreeable time at the City with all parties concerned, including the City staff, to review the program for the construction work. Within thirty (30) days after the completion of the improvements and before the security is released, the Developer shall supply the City with a complete set of reproducible "as constructed" plans and an electronic file of the "as constructed" plans in an AutoCAD in NAD 83 Isanti County Coordinates for mapping purposes.

In accordance with Minnesota Statutes 505.021, the final placement of iron monuments for all lot corners must be completed before the applicable security is released. The Developer's surveyor shall also submit a written notice to the City certifying that the monuments have been installed following site grading, utility and street construction.

7. **PERMITS.** The Developer shall obtain or require its contractors and subcontractors to obtain all necessary permits, which may include:

A. Minnesota Department of Health for Watermains

B. MPCA NPDES Permit for Construction Activity

C. MPCA for Sanitary Sewer and Hazardous Material Removal and Disposal

D. City of Isanti for Building Permits

8. **DEWATERING.** Due to the variable nature of groundwater levels and stormwater flows, it will be the Developer's and the Developer's contractors and subcontractors responsibility to satisfy themselves with regard to the elevation of groundwater in the area and the level of effort needed to perform dewatering and storm flow routing operations. All dewatering shall be in accordance with all applicable county, state, and federal rules and regulations. DNR regulations regarding appropriations permits shall also be strictly followed.

9. **TIME OF PERFORMANCE.** The Public Improvements shall be substantially completed by October 31, 2017. The Public Improvements shall be fully completed by June 30, 2018. The Developer may, however, request an extension of time from the City. If an extension is granted, it shall be conditioned upon updating the security posted by the Developer to reflect cost increases and the extended completion date. All work within 7th Ave NE and Cajima St NE, including street, sanitary sewer, storm sewer, and municipal water (the "Developer Installed Municipal Improvements"), shall be done subject to the approval of the City in accordance with City standards and requirements. All Developer Installed Municipal Improvements shall be fully completed to the reasonable satisfaction and approval of the City within 30 days after the bituminous surface is removed.

10. **LICENSE.** The Developer hereby grants the City, its agents, employees, officers and contractors a license to enter the plat to perform all work and inspections deemed appropriate by the City in conjunction with plat development.

11. **EROSION CONTROL.** Prior to initiating site grading, the erosion control plan, Plan B, shall be implemented by the Developer and inspected and approved by the City or Isanti County Soil and Water Conservation District. The City or Isanti County Soil and Water Conservation District may impose additional erosion control requirements if they would be beneficial. Soil

stabilization shall be employed throughout the Plat as required to insure the integrity of the soils. Developer shall use topsoil, mulching, seeding, silt fence, and such other means as are approved by the City to prevent erosion of the soils. The Developer shall be responsible for compliance with the approved erosion control plan. The erosion control plan shall be in accordance with the Minnesota Pollution Control Agency's NPDES Phase II requirements. The parties recognize that time is of the essence in controlling erosion. If the Developer does not comply with the MPCA Stormwater Permit for Construction Activity or with the erosion control plan and schedule or supplementary instructions received from the City or the Isanti County Soil and Water Conservation District, the City may take such action as it deems appropriate to control erosion. The City will endeavor to notify the Developer in advance of any proposed action, but failure of the City to do so will not affect the Developer's and City's rights or obligations hereunder. City shall be entitled to all of its reasonable costs and expenses including, but not limited to legal, fiscal and engineering relating to the unsatisfactory condition. City may at its option invoice the said costs for direct payment from Developer or proceed to draw on Developer's escrow established under paragraph 20 or the financial guarantee provided pursuant to paragraph 22 of this agreement. No development, utility or street construction will be allowed and no building permits will be issued unless the plat is in full compliance with the approved erosion control plan.

12. GRADING PLAN. The plat shall be graded in accordance with the approved grading development and erosion control plan, Plan "B". The plan shall conform to City of Isanti specifications. Soils inspection and compaction testing by a registered professional engineer shall be accomplished on all lots where filling is required, in accordance with the approved Grading Plan. A minimum of one (1) compaction test shall be obtained for every two (2) foot increment of fill that is placed. Within thirty (30) days after completion of the grading and before

the City approves individual building permits, the Developer shall provide the City with an "as constructed" grading plan certified by a registered land surveyor or engineer that all storm water treatment basins, swales, and ditches have been constructed on public easements or land owned by the City. The "as constructed" plan shall include field verified elevations of the following: a) cross sections of storm water treatment basins; b) location and elevations along all swales, wetlands, wetland mitigation areas if any, ditches, locations and dimensions of borrow areas/stockpiles, and installed "conservation area" posts; c) lot corner elevations and building pads, and all other items listed in Subdivision Ordinance No. 536 and d) A summary of all inspections and compaction tests shall be provided to the City upon completion of the grading. The City will withhold issuance of Certificate of Occupancy until the approved certified grading plan is on file with the City and all erosion control measures are in place as determined by the City Engineer.

A certified as-built building pad survey must be submitted and approved for commercial, industrial or institutional developments prior to issuance of a building permit. The Developer shall provide a 79G for each lot that has more than two (2) feet of fill.

13. STREET CLEANING. The Developer shall contract with a street cleaning firm to provide street cleaning services within and immediately adjacent to the Development. A copy of said contract shall be submitted to and approved by the City, in its discretion, prior to the issuance of a grading permit. This contract shall name the City as an authorized agent to order street cleaning services, as the City deems necessary. The Developer shall pay for the cost of the street cleaning under the contract. During development of the Plat, the Developer shall keep the streets adjoining its Development free of dirt and debris caused by its Development. In the event dirt and/or debris has accumulated on streets within or adjacent to the Development, the Developer will be given a telephone notice when an unsatisfactory condition exists that is determined to be

the Developers' responsibility. Work to correct said unsatisfactory condition shall commence within forty-eight (48) hours from the time of the telephone notice. If said work is not commenced within forty-eight (48) hours of said telephone notice, City may proceed to do the required work at the expense of the Developer. If conditions are such that street cleaning operations are immediately necessary, the City may perform the necessary street cleaning. The City will then bill the Developer for all associated street cleaning costs. Failure to reimburse the City for street cleaning costs within ten (10) days of such billing will result in the City drawing funds from the escrow and/or drawing upon the financial guarantee provided by the Developer pursuant to paragraph 13 of this Agreement.

14. OWNERSHIP OF IMPROVEMENTS. Upon completion of the work and construction required by this Contract and final acceptance by the City, the improvements lying within public easements, except those under an encroachment agreement, shall become City property without further notice or action.

15. ROAD DEDICATION. The Final Plat shall dedicate to the City for roadway and utility purposes all land within the development located within thirty (30) feet from the centerline of 7th Ave NE. Road access to the property to the east of the development shall be provided (60-foot-wide right-of-way) at or off the eastern edge of the development. This access shall be identified and recorded by deeds satisfactory to the City Attorney.

16. STORMWATER. Developer shall construct storm sewer, berms, swales, and/or such other storm water drainage devices as shall be necessary to control drainage within the Development. A storm water drainage plan must be submitted to the City and approved by the City and the City's Engineer. Storm water systems shall be designed based on 100 year high water levels. Existing storm water drainage devices that need to be relocated, or easements that need to

be vacated for development purposes shall be per approved storm water drainage plans. Drainage easements shall be given so as to cover the east storm water basin. The Developer shall maintain all drainage area easements on each Lot and no improvements, landscaping or grading shall be permitted in drainage area easements which would interfere with drainage.

17. STREET LIGHTS. The Developer will be responsible for the internal lighting. All internal lighting for the development shall meet the City's photometric section of the Zoning Ordinance.

18. PARKS AND TRAILS. The Developer does not have any trails that are required to be built in this development. Sidewalks shall be placed on the west side and north side of every street, cul-de-sac, or other roadway as identified by the City per Ordinance No. 536, Article 7, Subdivision 5. Pedestrian Ways.

19. STREET REPAIRS. It is anticipated that heavy construction equipment will be using County and/or City roads to access this plat, including but not limited to Cajima St NE. The Developer shall be responsible for the reconstruction and/or repair of any City and/or County roads damaged during project construction by the Developer's construction crews following completion of construction within the Plat. Said reconstruction shall return the streets or roads to an equal or better condition than existed prior to the project. Plans for such work shall be approved by the City Engineer prior to commencement of repairs. The Developer shall instruct all construction crews to ensure that the properties surrounding this plat have adequate access at all times during construction.

20. ESCROW FOR CITY COSTS AND FEES. Developer shall, contemporaneously with the execution of this Agreement, deposit with the City an escrow of $20,000 to cover the cost of legal fees, engineering fees, administrative expenses and other costs related to this Development.

All fees and costs incurred by the City in connection with this Development shall be charged against said escrow account which shall remain in effect until the completion of this Development. Any funds remaining in the escrow accounts after the completion of this Development shall be refunded to the Developer. In the event that the escrow account herein is depleted, Developer agrees that upon request of the City, Developer shall post additional sums of money to replenish the account to a balance of $20,000 to cover projected City costs as determined by the City. Developer agrees that the escrow account shall always have a balance of no less than $1,000.00. Developer shall be entitled, upon request, to an itemized statement of all costs and fees charged against this escrow account. Developer shall pay all fees relating to the Development including, but not limited to, legal, engineering and recording fees.

21. WARRANTIES. The Developer represents and warrants that all of the Developer Installed Municipal Improvements that may be needed within the 7th Ave NE and Cajima St NE right-of-way made shall be guaranteed to be properly functioning as designed for a period of two (2) years following acceptance by the City ("Warranty Period"). In the case of any material or labor that is supplied and that is reasonably rejected by the City as defective or unsuitable, then the rejected materials shall be removed and replaced with approved material, and the rejected labor shall be done anew to the reasonable satisfaction and approval of the City at the sole cost and expense of the Developer. In any event, none of the Warranty Periods identified herein shall begin to run until all of the construction has been approved and accepted by the City. If the Developer does not proceed to correct or repair improvements under this section once notified by the City, it shall be considered an Event of Default under this Development Agreement. The Developer shall post a warranty bond to guarantee completion of warranty items.

22. SECURITY. To guarantee compliance with the terms of this Contract, payment of real estate taxes including interest and penalties, payment of special assessments, payment of the costs of all public improvements, and construction of all public improvements, the Developer shall furnish the City with a cash escrow or letter of credit in the amount equal to one hundred twenty five percent (125%) of the estimated cost, subject to approval of the City Engineer. The amount of the security was calculated as provided in Exhibit B, attached hereto and incorporated herein. The attached breakdown is for historical reference; it is not a restriction on the use of the security. The bank shall be subject to the approval of the City Administrator or designee. The City may draw down the security, on five (5) business days written notice to the Developer, for any violation of the terms of this Contract or without notice if the security is allowed to lapse prior to the end of the required term. If the required public improvements are not completed at least thirty (30) days prior to the expiration of the security, the City may also draw it down without notice. If the security is drawn down, the proceeds shall be used to cure the default. Upon receipt of proof satisfactory to the City that work has been completed and financial obligations to the City have been satisfied, with City approval the security may be reduced from time to time by eighty percent (80%) of the financial obligations that have been satisfied. Twenty percent (20%) of the amounts certified by the Developer's engineer shall be retained as security until the City approved "as constructed" plans have been received by the City and all disturbed areas have permanent vegetation re-established all improvements have been completed. The City will not release the final ten (10%) of security until all financial obligations to the City are satisfied, the warranty periods have expired or a warranty security is provided, and the public improvements are accepted by the City Council. The City's standard specifications for utility and street construction outline procedures for security reductions. Developer shall provide a security

in the amount of $178,116.63 for the costs of construction related to the improvements in the 7th Ave NE and Cajima St NE right-of-way prior to City execution of the Plat.

23. SIGNS, SIGNALS AND MARKINGS. Pursuant to Minnesota Statute 169.06, Subd, 3, the City has the authority to place and maintain traffic-control devices and street signs, which will be necessary in the Development. The Developer, with approval from the City's Public Works Department, shall erect said traffic-control devices and street signs within the Development. All signs must be placed prior to the commencement of building construction. These costs do not include electronic traffic signal lights which shall be subject to the fee required under Section 18 of this agreement.

24. LANDSCAPING REQUIREMENTS. All boulevards shall be initially seeded at completion of mass grading operation and then sodded prior to issuance of a certificate of occupancy. All Lot front yards, side yards and back yards shall be fully sodded. Seeding of public areas and storm water drainage areas shall be completed immediately following grading. Sodding shall be complete, established and growing within sixty (60) days of issuance of a Certificate of Occupancy, except that, if the Certificate of Occupancy is issued between the dates of October 1 and May 1, then the sodding required herein shall be complete, established and growing no later than July 1.

All Lots shall receive four (4) inches of premium top soil (as defined by MNDOT, from a source approved by the City Engineer) prior to sodding, in accordance with City Ordinance 445, Zoning Ordinance.

All seeded areas in the development shall be tilled to loosen compacted soils and receive 4 inches of topsoil. MNDOT #25 seed mix shall be used for all constructed storm water ponds and replacement areas.

Landscaping shall be installed per the approved Site Plan and in accordance with City Zoning Ordinance Section 15 Fencing, Screening and Landscaping.

25. DRAINAGE EASEMENTS.

A. No improvements, landscaping, or grading shall be permitted in defined drainage easements without prior written permission of the City.

B. Developer and its successors in interest, including all builders and property owners, shall be responsible for maintenance of all drainage areas within the easements located on their property.

26. LOWEST FLOOR PLANS. No building shall be constructed on any of the lots within the Development unless the lowest floor elevation is at least two (2) feet above the 100-year flood elevation or two (2) feet above the high groundwater elevation, whichever is greater, for the subject property. Additionally, the lowest floor elevation shall be specifically referenced and designated, for each lot, on a certificate of survey, which survey shall be provided to the City before any building permits are issued.

A certificate of survey shall be provided to the Building Official of the lot at the time a building permit is requested. The Developer shall also provide to the City a Certificate indicating that the lot within this Development is graded as per the grading plan submitted and approved by the City.

27. PARK DEDICATION. The City has a policy to build up a capital account for future park acquisition and development by means of a park dedication fee of $1,500.00 (one thousand five hundred dollars) per acre, payable prior to City execution of the final plat. These fees shall be in addition to all other charges and building fees assessed by the City.

28. SIGNAL LIGHT CONTRIBUTION FEE. The Developer shall pay a signal light contribution fee of $0.10 (ten cents) per square foot of usable commercial lot platted prior to City execution of the final plat.

29. TRUNK UTILITY CHARGE. For each Phase of the Development, the Developer shall pay a utility trunk charge based on the number of acres as per the City Fee Schedule. The fee is $2,050.00 (two thousand fifty dollars) per acre. Fees shall be paid prior to City execution of the final plat.

30. COST SUMMARY. A cost summary of all fees, escrows and sureties is provided in Exhibit B.

31. AGENCY APPROVAL. Developer agrees to submit the Final Plat, or any portions thereof, to all appropriate federal, state, county or local governing agencies or bodies for their written approval.

32. INCORPORATION BY REFERENCE. All general and special conditions, plans, special provisions, proposals, specifications and contracts for the plat and for any improvements furnished and let pursuant to this Agreement, as well as the Final Plat shall be and hereby are made a part of this Agreement by reference as if fully set out herein in full.

33. MISCELLANEOUS PROVISIONS. Developer specifically understands that approval for the Plat is given subject to the following requirements:

A. Final plat approval is contingent upon compliance with grading, storm water drainage, and utility plan approval by the City.

B. All applicable conditions of plat approval must be met prior to the recording of the final plat at the Isanti County Recorder's Office.

C. Exterior lighting or advertising activities on the site shall comply with City ordinances regarding same.

D. The Developer is responsible for complying with the provisions of the MPCA's NPDES Stormwater Permit. Where the MPCA and City requirements vary, the more stringent or restrictive requirement shall govern.

E. All structures in this addition shall meet ordinance requirements within the zoning district.

F. The Developer shall remove all temporary soil stabilization and erosion control devices, such as silt fencing as a part of the Developer's construction project, before the escrow held by the City is returned to the Developer.

G. The Developer shall place 4 inches of existing top soil, and seed and mulch all disturbed topsoil in the plat to prevent erosion and to control dust. Areas not being developed shall be seeded and ground cover maintained per City Ordinance.

H. The Developer is responsible for the maintenance of any lot and outlot so long as the Developer owns the lot or outlot.

I. No material deviations from the approved final plat and/or construction plans shall be allowed unless approved in writing by the City.

J. The Developer shall provide the City with legal descriptions of all parcels of land that are to be subdivided as a part of this project.

K. The Developer shall also provide the City a Certificate from the Developer's engineer indicating that the Development is graded as per the grading plan submitted. The grading plan will be approved by the City prior to the issuance of a building permit.

L. During construction of the development, the Developer shall provide on-site a sufficient number of portable outhouses to be available for the persons who will be working on-site.

M. During the installation of the Developer Installed Municipal Improvements, Developer shall remove all tree waste, junk, miscellaneous debris, and shall cap and remove all wells as specified by the State of Minnesota. The Developer shall remove junk vehicles, and any other personal property from the land within the Development still owned by Developer pursuant to the City Zoning Ordinance. Such requirements shall transfer to the owner of any such lot that is sold, transferred or assigned to any builder or other owner.

N. The Developer is responsible for the installation of mailboxes according to the United States Postal Service regulations. The mailboxes must be installed before a Certificate of Occupancy is issued.

34. SPECIAL PROVISIONS. The Developer shall comply with following special provisions:

a. The Developer agrees to pay liquidated damages to the City, in the amount of five hundred dollars ($500.00), if the Developer encroaches upon any City road right-of-way or utility easement without first obtaining a written permit from the City expressly authorizing said encroachment. The City shall be authorized to retain an appropriate percentage of the financial guarantee referred to above as security for payment of any liquidated damages owed to the City.

35. RECORD INFORMATION REQUIREMENTS. Following completion of all development activities, the Developer shall provide to the City "as-built" plans for all developer installed public improvements and land within the plat. This information shall be provided to the City by two (2) printed copies, one (1) mylar "hardshell" and in an electronic GIS file format acceptable to the City Engineer. Such record drawings shall be submitted by the Developer and

approved by the City Engineer, prior to the City accepting the developer installed public improvements and starting the warranty period. As-built information shall include:

a. Topography in two (2) foot contour intervals.

b. Water System facility information, including:

(1) Location, size and depth of all mains;

(2) Location and type of all valves; and,

(3) Location of all hydrants.

c. Sanitary sewer facilities information, including:

(1) Location, size and depth of all mains;

(2) Location and invert elevations of all manholes; and,

d. Storm sewer facilities information, including:

(1) Location, size and depth of all storm sewers;

(2) Location and invert elevations of all manholes; and,

(3) Location, type and outflow elevations of all storm water control structures.

e. Flood plain boundaries.

f. Ordinary high water elevation for all water bodies.

g. Location of all easements and restrictive covenants.

h. Location of all road right-of-ways.

i. Location of all streets, sidewalks and trails.

j. Location and description of all surveying monuments.

k. Developer shall also provide such other information regarding the plat as is reasonably requested by the City.

36. WARRANTY OF TITLE. Developer warrants and represents to the City that it is the fee owner of the land described herein and that it has authority to execute this Development Agreement and agree to the conditions hereof. Developer also represents and warrants that the use for which this development is sought will not violate any restrictive covenants applying to the property.

37. LIEN WAIVERS. Copies of signed and recorded lien waivers are required from each of the Developer's Contractors and Subcontractors. The Lien Waivers shall be submitted to and approved by the City Engineer prior to accepting the Developer Installed Municipal Improvements and starting the warranty period.

38. RESPONSIBILITY FOR COSTS.

A. Except as otherwise specified herein, the Developer shall pay all costs incurred by it or the City in conjunction with the development of the plat, including but not limited to legal, planning, engineering and inspection expenses incurred in connection with approval and acceptance of the plat, the preparation of this Contract, review of construction plans and documents, and all costs and expenses incurred by the City in monitoring and inspecting development of the plat.

B. The Developer shall hold the City and its officers, employees, and agents harmless from claims made by itself and third parties for damages sustained or costs incurred resulting from plat approval and development. The Developer shall indemnify the City and its officers, employees, and agents for all costs, damages, or expenses which the City may pay or incur in consequence of such claims, including attorneys' fees.

C. The Developer shall reimburse the City for costs incurred in the enforcement of this Contract, including engineering and attorneys' fees.

D. The Developer shall pay, or cause to be paid when due, and in any event before any penalty is attached, all special assessments referred to in this Contract. This is a personal obligation of the Developer and shall continue in full force and effect even if the Developer sells one or more lots, the entire plat, or any part of it.

E. The Developer shall pay in full all bills submitted to it by the City for obligations incurred under this Contract within thirty (30) days after receipt. If the bills are not paid on time, the City may halt plat development and construction until the bills are paid in full. Bills not paid within thirty (30) days shall accrue interest at the rate of eighteen percent (18%) per year. Additionally, the Developer shall pay in full all bills submitted to it by the City prior to any reductions in the security for the development.

F. In addition to the charges and special assessments referred to herein, other charges and special assessments may be imposed such as but not limited to sewer availability charges ("SAC"), City water connection charges, City sewer connection charges, and building permit fees.

39. DEVELOPER'S DEFAULT. In the event of default by the Developer as to any of the work to be performed by it hereunder, the City may, at its option, perform the work and the Developer shall promptly reimburse the City for any expense incurred by the City, provided the Developer, except in an emergency as determined by the City, is first given notice of the work in default, not less than forty-eight (48) hours in advance. This Contract is a license for the City to act, and it shall not be necessary for the City to seek a Court order for permission to enter the land. When the City does any such work, the City may, in addition to its other remedies, assess the cost in whole or in part. In addition, the City take any of the following actions:

(1) The City may suspend its performance under this Agreement until it receives assurances from Developer, deemed adequate by the City, that Developer will cure its default and continue its performance under the Agreement. Suspension of performance includes the right of the City to withhold permits including, but not limited to, building permits.

(2) The City may initiate such action, including legal, equitable or administrative action, as is necessary for the City to secure performance of any provision of this agreement or recover any amounts due under this Agreement from Developers and/or may immediately draw on any or all the financial guarantees provided by the Developer pursuant to this Agreement.

(3) The City may draw upon any escrow or financial guarantee established pursuant to this Agreement.

40. MISCELLANEOUS.

A. The Developer represents to the City that the plat complies with all city, county, metropolitan, state, and federal laws and regulations, including but not limited to: subdivision ordinances, zoning ordinances, and environmental regulations. If the City determines that the plat does not comply, the City may, at its option, refuse to allow construction or development work in the plat until the Developer does comply. Upon the City's demand, the Developer shall cease work until there is compliance.

B. Third parties shall have no recourse against the City under this Contract.

C. Breach of the terms of this Contract by the Developer shall be grounds for denial of building permits, including lots sold to third parties.

D. If any portion, section, subsection, sentence, clause, paragraph, or phrase of this Contract is for any reason held invalid, such decision shall not affect the validity of the remaining portion of this Contract.

E. If building permits are issued prior to the acceptance of public improvements, the Developer assumes all liability and costs resulting in delays in completion of public improvements and damage to public improvements caused by the City, Developer, its contractors, subcontractors, material men, employees, agents, or third parties. No sewer and water connections or inspections may be conducted and no one may occupy a building for which a building permit is issued on either a temporary or permanent basis until the streets needed for access have been paved with a bituminous surface and the utilities are accepted by the City Engineer.

F. The action or inaction of the City shall not constitute a waiver or amendment to the provisions of this Contract. To be binding, amendments or waivers shall be in writing, signed by the parties and approved by written resolution of the City Council. The City's failure to promptly take legal action to enforce this Contract shall not be a waiver or release.

G. This Contract shall run with the land and may be recorded against the title to the property. The Developer covenants with the City, its successors and assigns, that the Developer is well seized in fee title of the property being final platted and/or has obtained consents to this Contract, in the form attached hereto, from all parties who have an interest in the property; that there are no unrecorded interests in the property being final platted; and that the Developer will indemnify and hold the City harmless for any breach of the foregoing covenants.

H. Insurance. Prior to execution of the final plat, Developer and its general contractor shall furnish to the City a certificate of insurance showing proof of the required insurance required under this Paragraph. Developer and its general contractor shall take out and maintain or cause to

be taken out and maintained until six (6) months after the City has accepted the public improvements, such insurance as shall protect Developer and its general contractor and the City for work covered by the Contract including workers' compensation claims and property damage, bodily and personal injury which may arise from operations under this Contract, whether such operations are by Developer and its general contractor or anyone directly or indirectly employed by either of them. The minimum amounts of insurance shall be as follows:

Commercial General Liability (or in combination with an umbrella policy)

$2,000,000 Each Occurrence
$2,000,000 Products/Completed Operations Aggregate
$2,000,000 Annual Aggregate

The following coverages shall be included:

Premises and Operations Bodily Injury and Property Damage
Personal and Advertising Injury
Blanket Contractual Liability
Products and Completed Operations Liability

Automobile Liability
$2,000,000 Combined Single Limit – Bodily Injury & Property Damage
Including Owned, Hired & Non-Owned Automobiles

Workers Compensation
Workers' Compensation insurance in accordance with the statutory requirements of the State of Minnesota, including Employer's Liability with minimum limits are as follows:

- *$500,000 – Bodily Injury by Disease per employee*
- *$500,000 – Bodily Injury by Disease aggregate*
- *$500,000 – Bodily Injury by Accident*

The Developer's and general contractor's insurance must be "Primary and Non-Contributory".

All insurance policies (or riders) required by this Contract shall be (i) taken out by and maintained with responsible insurance companies organized under the laws of one of the states of the United States and qualified to do business in the State of Minnesota, (ii) shall name the City, its employees and agents as additional insureds (CGL and umbrella only) by endorsement which

shall be filed with the City. A copy of the endorsement must be submitted with the certificate of insurance.

Developer's and general contractor's policies and Certificate of Insurance shall contain a provision that coverage afforded under the policies shall not be cancelled without at least thirty (30) days' advanced written notice to the City, or ten (10) days' notice for non-payment of premium.

An Umbrella or Excess Liability insurance policy may be used to supplement Developer's or general contractor's policy limits on a follow-form basis to satisfy the full policy limits required by this Contract.

I. Indemnification. To the fullest extent permitted by law, Developer agrees to defend, indemnify and hold harmless the City, and its employees, officials, and agents from and against all claims, actions, damages, losses and expenses, including reasonable attorney fees, arising out of Developer's negligence or its performance or failure to perform its obligations under this Contract. Developer's indemnification obligation shall apply to Developer's general contractor, subcontractor(s), or anyone directly or indirectly employed or hired by Developer, or anyone for whose acts Developer may be liable. Developer agrees this indemnity obligation shall survive the completion or termination of this Contract. The indemnification requirement provided under this Section shall not apply to negligence or willful misconduct by the Indemnified Parties.

J. Each right, power or remedy herein conferred upon the City is cumulative and in addition to every other right, power or remedy, express or implied, now or hereafter arising, available to City, at law or in equity, or under any other agreement, and each and every right, power and remedy herein set forth or otherwise so existing may be exercised from time to time as

often and in such order as may be deemed expedient by the City and shall not be a waiver of the right to exercise at any time thereafter any other right, power or remedy.

K. The Developer may not assign this Contract without the written permission of the City Council. The Developer's obligation hereunder shall continue in full force and effect even if the Developer sells one or more lots, the entire plat, or any part of it.

L. Private sidewalks and stairs that require a building permit shall be constructed in accordance with plans and specifications prepared by a structural or geotechnical engineer licensed by the State of Minnesota. Following construction, a certification signed by the design engineer shall be filed with the Building Official evidencing that the retaining wall was constructed in accordance with the approved plans and specifications. All retaining walls identified on the development plans and by special conditions referred to in this Contract shall be constructed before any other building permit is issued for a lot on which a retaining wall is required to be built.

M. Judicial Interpretation. Should any provision of this Agreement require judicial interpretation, the court interpreting or construing the same shall not apply a presumption that the terms hereof shall be more strictly construed against one party by reason of the rule of construction that a document is to be construed more strictly against the party who itself or through its agent or attorney prepared the same, it being agreed that the agents and/or attorneys of both parties have participated in the preparation hereof.

N. Governing Law. This Agreement shall be construed under the laws of the state of Minnesota.

O. Severable Provisions. If any word, phrase, clause or part of this Agreement is found unenforceable, the balance of the Agreement shall remain in full force and effect.

P. Counterparts. This Agreement may be executed in any number of counterparts, each of which shall constitute one and the same instrument.

41. NOTICE AND DEMANDS. Except as otherwise expressly provided in this Agreement, a notice, demand or other communication under this Agreement by either party to the other shall be sufficiently given or delivered if it is dispatched by registered or certified mail, postage prepaid, return receipt requested, or delivered personally to the Developer or City at the following addresses:

Request for City Council Action

To: Mayor Wimmer and City Council Members

From: Sean M. Sullivan, Economic Development Director

Date: June 6, 2017

Subject: **Consider Resolution Authorizing the Execution of Repayment Agreement on Lot 13, Block 3, VOR with J Robinson Construction, Inc.**

On December 20, 2016 the City Council amended and extended a SAC and WAC Deferral program as Resolution No. 2016-362 to continue to spur development activity. J Robinson Construction, Inc. has requested the City to execute a Repayment Agreement for 1009 Pleasant View Ct NW, Isanti, MN legally described as Lot 12, Block 3, Villages on the Rum, for the construction of an approximate 1,340 SF main floor single family home. The business is in "good standing" upon review of the Minnesota Secretary of State Office as of May 31, 2017. The form of the Repayment Agreement is consistent with the form approved by the City Council on December 20, 2016. The Repayment Agreement will be dated as of the date that the Building Permit is paid for by the Developer. Staff is asking the City Council to consider adoption of the attached resolution and execution of the Repayment Agreement.

City Council Action:

Consider Adoption of Resolution and Execution of Repayment Agreement

Attachment:

1) Resolution 2017-____ Authorization to Execute Repayment Agreement on Lot 13, Block 3 VOR with J Robinson Construction, Inc.

RESOLUTION 2017-___

AUTHORIZATION AND EXECUTION OF REPAYMENT AGREEMENT FOR LOT 13, BLOCK 3, VOR WITH J ROBINSON CONSTRUCTION, INC.

WHEREAS, the City of Isanti adopted a SAC and WAC Deferral program on December 20, 2016 which is documented by Resolution 2016-279; and

WHEREAS, A boiler plate Repayment Agreement was drafted by Development Attorney Campbell Knutson and the City Council directed Staff to utilize this agreement for parties interested in SAC and WAC Deferral for commercial or residential development; and

WHEREAS, J Robinson Construction, Inc. (the "Developer") has asked the City of Isanti to enter into a Repayment Agreement for the property legally described as: Lot 13, Block 3, Villages on the Rum (the "Property") and has agreed to pay the recording fee associated with the filing of the Repayment Agreement; and

WHEREAS, the Developer has stated the it will be the owner of the Property at the time of execution of the Repayment Agreement; and

WHEREAS, the date of the Repayment Agreement will be when the Developer signs prior to payment of the building permit; and

WHEREAS, the Developer is registered, active and is in good standing with the Minnesota Secretary of State Office as of May 31, 2017.

NOW, THEREFORE, IT IS HEREBY RESOLVED by the City Council of the City of Isanti, Minnesota authorized the Mayor and City Administrator to execute the Repayment Agreement attached hereto contingent upon satisfactory proof of ownership witnessed in a recorded instrument of conveyance to the Developer.

This Resolution hereby approved by the Isanti City Council this 6th day of June 2017.

Attest: Mayor George A. Wimmer

Lindsey Giese
Human Resources/City Clerk

REPAYMENT AGREEMENT; STATUTORY SHORT FORM MORTGAGE; AND DEED RESTRICTIONS

THIS REPAYMENT AGREEMENT; STATUTORY SHORT FORM MORTGAGE; AND DEED RESTRICTIONS ("AGREEMENT"), made on or as of the ____ day of June, 2017, by and between the City of Isanti, Minnesota, a Minnesota municipal corporation (hereinafter referred to as the "City") having its principal office at 110 First Avenue N.W. PO Box 428, Isanti, Minnesota 55040, and J Robinson Construction, Inc., a corporation under the laws of the state of Minnesota (hereinafter referred to as the "Developer"), having its principal office at 309 Elm Street SW, Isanti, MN 55040.

WITNESSETH:

WHEREAS, the Developer intends to construct a 1,340 square foot main floor single family home (the "Improvements") on certain real property (the "Property") in the City; and

WHEREAS, in connection with the construction of the Improvements there are certain water and sanitary sewer charges that are payable by the Developer to the City; and

WHEREAS, the Developer has demonstrated to the satisfaction of the City that the Developer is unable to pay the full amount of the charges now and has asked the City to defer such charges and make them payable at a future point in time; and

WHEREAS, the City believes that the development of the Improvements by the Developer is in the best interests of the City and, therefore, it is willing to defer the charges if doing so will facilitate the development and viability of the Improvements.

NOW, THEREFORE, in consideration of the premises and the mutual obligations of the parties hereto, each of them does hereby covenant and agree with the other as follows:

ARTICLE I
Definitions

Section 1.1. Definitions. In this Agreement, unless a different meaning clearly appears from the context:

"Agreement" means this Agreement, as the same may be from time to time modified, amended, or supplemented.

"City" means the City of Isanti, Minnesota, its successors and assigns.

"County" means Isanti County, Minnesota.

"Deferred Charges" means the utility charges described in Section 3.1 of this Agreement being deferred by the City and which the Developer is obligated to pay in accordance with this Agreement.

"Developer" means J Robinson Construction, Inc, a Minnesota Corporation, its successors and assigns.

"Event of Default" means an action by the Developer listed in Article IV of this Agreement.

"Improvements" means the 1,340 square foot main floor single family home to be constructed by the Developer on the Property.

"Property" means the real property described on the attached Schedule A to this Agreement.

"State" means the State of Minnesota.

ARTICLE II
Representations

Section 2.1. Representations by the City. The City makes the following representations as the basis for the undertaking on its part herein contained:

(a) The City is a statutory city duly organized and existing under the laws of the State. Under State law, the City has the power to enter into this Agreement and to perform its obligations hereunder.

Section 2.2. Representations by the Developer. The Developer represents that:

(a) The Developer is a corporation duly organized and authorized to transact business in the State, is not in violation of any provisions of its Bylaws or the laws of the State, has power to enter into this Agreement and has duly authorized the execution, delivery and performance of this Agreement by proper action of its Articles of Incorporation.

ARTICLE III
Deferred Charges, Payment and Security

Section 3.1. Deferred Charges. The Developer owes to the City the sum of **$ 8,222.00** in deferred utility charges ("Deferred Charges"). The Deferred Charges consist of **$3787.00** in Water Availability Charges and **$4,435.00** in Sewer Availability Charges. The City has agreed to defer the payment of the Deferred Charges as described in this Agreement.

Section 3.2. Payment of the Deferred Charges. The Developer covenants and agrees that it will pay the Deferred Charges to the City on the earliest to occur of the following:

(a) on the date that is one hundred and twenty (120) days after the date of this Agreement;

(b) on the date that the Developer sells or transfers the Property or Improvements, or any portion thereof; or

(c) on the date that the City issues a certificate of occupancy for the Improvements.

Interest shall accrue on the Deferred Charges at the rate of zero percent (0%) from the date hereof and continuing until the Deferred Charges and all accrued interest have been paid in full.

Section 3.3. Payment of Costs.

(a) The Developer shall pay all costs for title work and recording of this Agreement.

(b) The Developer shall pay all costs incurred by the City in connection with the preparation and implementation of this Agreement and related documents, including, without limitation, fees of attorneys related the preparation of this Agreement and related documents, if the Developer fails to complete construction of the Improvements within one hundred and twenty (120) days after the date of this Agreement.

Section 3.4 Security. As security for Developer's obligation of repayment of the Deferred Charges and Costs identified in Sections 3.1 and 3.3, Developer hereby grants and the City shall and hereby does have, a lien on the Property in the full amount necessary to satisfy any repayment obligation of the fees and charges identified in Sections 3.1 and 3.3 under this Agreement and the cost including reasonable attorney's fees, of collecting the same.

Section 3.5 Notice. At least 10 days before the date of any sale, cash out refinance, transfer or other conveyance of the Property or, in the event of a sale by contract for deed, Developer or their heirs, executors or representatives, shall give the City notice thereof.

Section 3.6 Mortgage. To secure any such repayment of the Deferred Charges under Section 3.1 and 3.3 as may become due under the provisions of this Article, the Developer hereby

grants to the City a Statutory Short Form Mortgage pursuant to the provisions of Minnesota Statutes Section 507.15 (2016) as follows:

UNIFORM SHORT FORM MORTGAGE

This statutory mortgage, made this ___ day of June, 2017 between the City of Isanti, a Minnesota Municipal having its principal office at 110 First Avenue N.W. PO Box 428, Isanti, Minnesota 55040 (the "Mortgagor"), and J Robinson Construction, Inc., a corporation under the laws of the state of Minnesota, having its principal office at 309 Elm Street SW, Isanti, MN 55040 (the "Mortgagee"),

Witnesseth, that to secure the payment of the Deferred Charges by the Mortgagee to the Mortgagor of $8,222.00 as described in Article 3 of this Agreement (the "Indebtedness") the Mortgagor, hereby mortgages to the mortgagee and grants a security interest in the real property located at 1009 Pleasant View Ct NW, in the City of Isanti, Isanti County, Minnesota, as legally described and set forth in "Schedule A" attached hereto and made a part hereof ("Property"), subject only to any liens or encumbrances of record thereon as of the date hereof.

And Mortgagor agrees and covenants with the Mortgagee the following statutory covenants;

1. To warrant the title to the Property, subject only to prior encumbrances of record as of the date hereof.
2. To pay the indebtedness as herein provided.
3. To pay all taxes.
4. To keep the buildings located on the Property insured against fire, windstorm and extended coverage for their full insurable value for the protection of the Mortgagee.
5. That the Property shall be kept in repair and no waste shall be committed.
6. That the whole of the principal sum shall become due after default, in the payment of any installment of principal or interest, or of any tax, or in the performance of any other covenant, at the option of the Mortgagee.

If default be made in any payment or covenant herein, the mortgagee shall have the statutory power of sale, and on foreclosure may retain statutory costs and attorney's fees.

Section 3.7. In the event Mortgagor or their heirs, executors or representatives shall fail or refuse to make a required repayment of the Indebtedness within the limited period set forth herein, the Mortgagee may, with or without notice to Mortgagor foreclose said lien in the same manner as provided pursuant an action for the foreclosure of mortgage upon said Property, as by statute provided, or may at its option proceed with foreclosure by advertisement pursuant to the statutory power of sale which the Mortgagor grants to the Mortgagee provided under this Mortgage, in accordance with applicable law. In the event of default by Mortgagor on any of Mortgagor's obligations under the terms of this Mortgage, Mortgagee shall also have the right to pursue any remedy available to it at law or in equity.

ARTICLE IV
Events of Default

Section 4.1. Events of Default Defined. The following shall be "Events of Default" under this Agreement and the term "Event of Default" shall mean, whenever it is used in this Agreement (unless the context otherwise provides), any one or more of the following events:

(a) Failure by the Developer to pay when due any payments required to be paid under this Agreement.

(b) The Developer of the following: (i) file any petition in bankruptcy or for any reorganization, arrangement, composition, readjustment, liquidation, dissolution, or similar relief under United States Bankruptcy Laws or any similar Federal or State Laws; or (ii) make an assignment for the benefit of its creditors; or (iii) admits, in writing, its inability to pay its debts generally as they become due; or (iv) be adjudicated, bankrupt or insolvent.

Section 4.2. City's Remedies on Default. Whenever any Event of Default by Developer referred to in Section 4.1 of this Agreement occurs, the City may take any one or more of the following actions after providing ten (10) days written notice to the Developer of the Event of Default, but only if the Event of Default has not been cured within said ten (10) days:

(a) Declare the entire outstanding balance of the Deferred Charges immediately due and payable;

(b) Terminate this Agreement;

(c) Deny issuance of certificates of occupancy or temporary certificates of occupancy;

(c) Take whatever action, including legal, equitable or administrative action, which may appear necessary or desirable to the City to collect any payments due under this Agreement, or to enforce performance and observance of any obligation, agreement, or covenant of the Developer under this Agreement, including the remedies provided under Article 3.

Section 4.3. No Remedy Exclusive. No remedy herein conferred upon or reserved to the City or Developer is intended to be exclusive of any other available remedy or remedies, but each and every such remedy shall be cumulative and shall be in addition to every other remedy given under this Agreement or now or hereafter existing at law or in equity or by statute. No delay or omission to exercise any right or power accruing upon any default shall impair any such right or power or shall be construed to be a waiver thereof, but any such right and power may be exercised from time to time and as often as may be deemed expedient. In order to entitle the City or the Developer to exercise any remedy reserved to it, it shall not be necessary to give notice, other than such notice as may be required in this Article IV.

Section 4.4. No Additional Waiver Implied by One Waiver. In the event any agreement contained in this Agreement should be breached by either party and thereafter waived by the other

party, such waiver shall be limited to the particular breach so waived and shall not be deemed to waive any other concurrent, previous or subsequent breach hereunder.

Section 4.5. Costs of Enforcement. Whenever any Event of Default occurs and the City shall employ attorneys or incur other expenses for the collection of payments due or to become due or for the enforcement of performance or observance of any obligation or agreement on the part of the Developer under this Agreement, the Developer agrees that it shall, within ten (10) days of written demand by the City, pay to the City the reasonable fees of such attorneys and such other expenses so incurred by the City.

Section 4.6. Certificate of Occupancy. The City may deny a certificate of occupancy or temporary certificate of occupancy for the Property until all amounts owed to the City under the terms of this Agreement have been paid by Developer.

ARTICLE V
Additional Provisions

Section 5.1. Representatives Not Individually Liable. No member, official, or employee of the City shall be personally liable to the Developer, or any successor in interest, in the event of any default or breach or for any amount which may become due to Developer or successor in interest or on any obligations under the terms of this Agreement.

Section 5.2. Titles of Articles and Sections. Any titles of the several parts, Articles, and Sections of the Agreement are inserted for convenience of reference only and shall be disregarded in construing or interpreting any of its provisions.

Section 5.3. Notices and Demands. Except as otherwise expressly provided in this Agreement, a notice, demand, or other communication under the Agreement by either party to the other shall be sufficiently given or delivered if it is dispatched by registered or certified mail, postage prepaid, return receipt requested, or delivered personally; and

(a) in the case of the Developer, is addressed to or delivered personally to the Developer at 309 Elm Street SW, Isanti, MN 55040; and

(b) in the case of the City, is addressed to or delivered personally to the City at 110 First Avenue N.W., P.O. Box 428, Isanti, Minnesota 55040,

or at such other address with respect to either such party as that party may, from time to time, designate in writing and forward to the other as provided in this Section.

Section 5.4. Disclaimer of Relationships. The Developer acknowledges that nothing contained in this Agreement nor any act by the City or the Developer shall be deemed or construed by the Developer or by any third person to create any relationship of third-party beneficiary, principal and agent, limited or general partner, or joint venture between the City and the Developer or any third party.

Section 5.5. Release. Upon payment of all fees and charges under Article III in accordance with the provisions of this Agreement, the City will furnish Developer with a Release of Mortgage for the Property within a reasonable period of time following the request. Developer shall be responsible for recording the Release of Mortgage.

Section 5.6. Modifications. This Agreement may be modified solely through written amendments hereto executed by the Developer and the City.

Section 5.7. Counterparts. This Agreement may be executed in any number of counterparts, each of which shall constitute one and the same instrument.

Section 5.8. Judicial Interpretation. Should any provision of this Agreement require judicial interpretation, the court interpreting or construing the same shall not apply a presumption that the terms hereof shall be more strictly construed against one party by reason of the rule of construction that a document is to be construed more strictly against the party who itself or through its agent or attorney prepared the same, it being agreed that the agents and attorneys of both parties have participated in the preparation hereof.

Section 5.9. Run with the Land. This Agreement may be recorded against the Property and shall run with the aforesaid Property and shall inure to the benefit of and be binding upon the parties hereto and their respective heirs, executors, representatives, successors and assigns.

IN WITNESS WHEREOF, the City has caused this Agreement to be duly executed in its name and behalf and the Developer has caused this Agreement to be duly executed in its name and behalf on or as of the date first above written.

REPAYMENT AGREEMENT; STATUTORY SHORT FORM MORTGAGE; AND DEED RESTRICTIONS

THIS REPAYMENT AGREEMENT; STATUTORY SHORT FORM MORTGAGE; AND DEED RESTRICTIONS ("AGREEMENT"), made on or as of the ____ day of June, 2017, by and between the City of Isanti, Minnesota, a Minnesota municipal corporation (hereinafter referred to as the "City") having its principal office at 110 First Avenue N.W. PO Box 428, Isanti, Minnesota 55040, and J Robinson Construction, Inc., a corporation under the laws of the state of Minnesota (hereinafter referred to as the "Developer"), having its principal office at 309 Elm Street SW, Isanti, MN 55040.

WITNESSETH:

WHEREAS, the Developer intends to construct a 1,340 square foot main floor single family home (the "Improvements") on certain real property (the "Property") in the City; and

WHEREAS, in connection with the construction of the Improvements there are certain water and sanitary sewer charges that are payable by the Developer to the City; and

WHEREAS, the Developer has demonstrated to the satisfaction of the City that the Developer is unable to pay the full amount of the charges now and has asked the City to defer such charges and make them payable at a future point in time; and

WHEREAS, the City believes that the development of the Improvements by the Developer is in the best interests of the City and, therefore, it is willing to defer the charges if doing so will facilitate the development and viability of the Improvements.

NOW, THEREFORE, in consideration of the premises and the mutual obligations of the parties hereto, each of them does hereby covenant and agree with the other as follows:

ARTICLE I
Definitions

Section 1.1. Definitions. In this Agreement, unless a different meaning clearly appears from the context:

"Agreement" means this Agreement, as the same may be from time to time modified, amended, or supplemented.

"City" means the City of Isanti, Minnesota, its successors and assigns.

"County" means Isanti County, Minnesota.

"Deferred Charges" means the utility charges described in Section 3.1 of this Agreement being deferred by the City and which the Developer is obligated to pay in accordance with this Agreement.

"Developer" means J Robinson Construction, Inc, a Minnesota Corporation, its successors and assigns.

"Event of Default" means an action by the Developer listed in Article IV of this Agreement.

"Improvements" means the 1,340 square foot main floor single family home to be constructed by the Developer on the Property.

"Property" means the real property described on the attached Schedule A to this Agreement.

"State" means the State of Minnesota.

ARTICLE II
Representations

Section 2.1. Representations by the City. The City makes the following representations as the basis for the undertaking on its part herein contained:

(a) The City is a statutory city duly organized and existing under the laws of the State. Under State law, the City has the power to enter into this Agreement and to perform its obligations hereunder.

Section 2.2. Representations by the Developer. The Developer represents that:

(a) The Developer is a corporation duly organized and authorized to transact business in the State, is not in violation of any provisions of its Bylaws or the laws of the State, has power to enter into this Agreement and has duly authorized the execution, delivery and performance of this Agreement by proper action of its Articles of Incorporation.

ARTICLE III
Deferred Charges, Payment and Security

Section 3.1. Deferred Charges. The Developer owes to the City the sum of **$ 8,222.00** in deferred utility charges ("Deferred Charges"). The Deferred Charges consist of **$3787.00** in Water Availability Charges and **$4,435.00** in Sewer Availability Charges. The City has agreed to defer the payment of the Deferred Charges as described in this Agreement.

Section 3.2. Payment of the Deferred Charges. The Developer covenants and agrees that it will pay the Deferred Charges to the City on the earliest to occur of the following:

(a) on the date that is one hundred and twenty (120) days after the date of this Agreement;

(b) on the date that the Developer sells or transfers the Property or Improvements, or any portion thereof; or

(c) on the date that the City issues a certificate of occupancy for the Improvements.

Interest shall accrue on the Deferred Charges at the rate of zero percent (0%) from the date hereof and continuing until the Deferred Charges and all accrued interest have been paid in full.

Section 3.3. Payment of Costs.

(a) The Developer shall pay all costs for title work and recording of this Agreement.

(b) The Developer shall pay all costs incurred by the City in connection with the preparation and implementation of this Agreement and related documents, including, without limitation, fees of attorneys related the preparation of this Agreement and related documents, if the Developer fails to complete construction of the Improvements within one hundred and twenty (120) days after the date of this Agreement.

Section 3.4 Security. As security for Developer's obligation of repayment of the Deferred Charges and Costs identified in Sections 3.1 and 3.3, Developer hereby grants and the City shall and hereby does have, a lien on the Property in the full amount necessary to satisfy any repayment obligation of the fees and charges identified in Sections 3.1 and 3.3 under this Agreement and the cost including reasonable attorney's fees, of collecting the same.

Section 3.5 Notice. At least 10 days before the date of any sale, cash out refinance, transfer or other conveyance of the Property or, in the event of a sale by contract for deed, Developer or their heirs, executors or representatives, shall give the City notice thereof.

Section 3.6 Mortgage. To secure any such repayment of the Deferred Charges under Section 3.1 and 3.3 as may become due under the provisions of this Article, the Developer hereby

grants to the City a Statutory Short Form Mortgage pursuant to the provisions of Minnesota Statutes Section 507.15 (2016) as follows:

UNIFORM SHORT FORM MORTGAGE

This statutory mortgage, made this ___ day of June, 2017 between the City of Isanti, a Minnesota Municipal having its principal office at 110 First Avenue N.W. PO Box 428, Isanti, Minnesota 55040 (the "Mortgagor"), and J Robinson Construction, Inc., a corporation under the laws of the state of Minnesota, having its principal office at 309 Elm Street SW, Isanti, MN 55040 (the "Mortgagee"),

Witnesseth, that to secure the payment of the Deferred Charges by the Mortgagee to the Mortgagor of $8,222.00 as described in Article 3 of this Agreement (the "Indebtedness") the Mortgagor, hereby mortgages to the mortgagee and grants a security interest in the real property located at 808 Marion St SE, in the City of Isanti, Isanti County, Minnesota, as legally described and set forth in "Schedule A" attached hereto and made a part hereof ("Property"), subject only to any liens or encumbrances of record thereon as of the date hereof.

And Mortgagor agrees and covenants with the Mortgagee the following statutory covenants;

1. To warrant the title to the Property, subject only to prior encumbrances of record as of the date hereof.
2. To pay the indebtedness as herein provided.
3. To pay all taxes.
4. To keep the buildings located on the Property insured against fire, windstorm and extended coverage for their full insurable value for the protection of the Mortgagee.
5. That the Property shall be kept in repair and no waste shall be committed.
6. That the whole of the principal sum shall become due after default, in the payment of any installment of principal or interest, or of any tax, or in the performance of any other covenant, at the option of the Mortgagee.

If default be made in any payment or covenant herein, the mortgagee shall have the statutory power of sale, and on foreclosure may retain statutory costs and attorney's fees.

Section 3.7. In the event Mortgagor or their heirs, executors or representatives shall fail or refuse to make a required repayment of the Indebtedness within the limited period set forth herein, the Mortgagee may, with or without notice to Mortgagor foreclose said lien in the same manner as provided pursuant an action for the foreclosure of mortgage upon said Property, as by statute provided, or may at its option proceed with foreclosure by advertisement pursuant to the statutory power of sale which the Mortgagor grants to the Mortgagee provided under this Mortgage, in accordance with applicable law. In the event of default by Mortgagor on any of Mortgagor's obligations under the terms of this Mortgage, Mortgagee shall also have the right to pursue any remedy available to it at law or in equity.

ARTICLE IV
Events of Default

Section 4.1. Events of Default Defined. The following shall be "Events of Default" under this Agreement and the term "Event of Default" shall mean, whenever it is used in this Agreement (unless the context otherwise provides), any one or more of the following events:

(a) Failure by the Developer to pay when due any payments required to be paid under this Agreement.

(b) The Developer of the following: (i) file any petition in bankruptcy or for any reorganization, arrangement, composition, readjustment, liquidation, dissolution, or similar relief under United States Bankruptcy Laws or any similar Federal or State Laws; or (ii) make an assignment for the benefit of its creditors; or (iii) admits, in writing, its inability to pay its debts generally as they become due; or (iv) be adjudicated, bankrupt or insolvent.

Section 4.2. City's Remedies on Default. Whenever any Event of Default by Developer referred to in Section 4.1 of this Agreement occurs, the City may take any one or more of the following actions after providing ten (10) days written notice to the Developer of the Event of Default, but only if the Event of Default has not been cured within said ten (10) days:

(a) Declare the entire outstanding balance of the Deferred Charges immediately due and payable;

(b) Terminate this Agreement;

(c) Deny issuance of certificates of occupancy or temporary certificates of occupancy;

(c) Take whatever action, including legal, equitable or administrative action, which may appear necessary or desirable to the City to collect any payments due under this Agreement, or to enforce performance and observance of any obligation, agreement, or covenant of the Developer under this Agreement, including the remedies provided under Article 3.

Section 4.3. No Remedy Exclusive. No remedy herein conferred upon or reserved to the City or Developer is intended to be exclusive of any other available remedy or remedies, but each and every such remedy shall be cumulative and shall be in addition to every other remedy given under this Agreement or now or hereafter existing at law or in equity or by statute. No delay or omission to exercise any right or power accruing upon any default shall impair any such right or power or shall be construed to be a waiver thereof, but any such right and power may be exercised from time to time and as often as may be deemed expedient. In order to entitle the City or the Developer to exercise any remedy reserved to it, it shall not be necessary to give notice, other than such notice as may be required in this Article IV.

Section 4.4. No Additional Waiver Implied by One Waiver. In the event any agreement contained in this Agreement should be breached by either party and thereafter waived by the other

party, such waiver shall be limited to the particular breach so waived and shall not be deemed to waive any other concurrent, previous or subsequent breach hereunder.

Section 4.5. Costs of Enforcement. Whenever any Event of Default occurs and the City shall employ attorneys or incur other expenses for the collection of payments due or to become due or for the enforcement of performance or observance of any obligation or agreement on the part of the Developer under this Agreement, the Developer agrees that it shall, within ten (10) days of written demand by the City, pay to the City the reasonable fees of such attorneys and such other expenses so incurred by the City.

Section 4.6. Certificate of Occupancy. The City may deny a certificate of occupancy or temporary certificate of occupancy for the Property until all amounts owed to the City under the terms of this Agreement have been paid by Developer.

ARTICLE V
Additional Provisions

Section 5.1. Representatives Not Individually Liable. No member, official, or employee of the City shall be personally liable to the Developer, or any successor in interest, in the event of any default or breach or for any amount which may become due to Developer or successor in interest or on any obligations under the terms of this Agreement.

Section 5.2. Titles of Articles and Sections. Any titles of the several parts, Articles, and Sections of the Agreement are inserted for convenience of reference only and shall be disregarded in construing or interpreting any of its provisions.

Section 5.3. Notices and Demands. Except as otherwise expressly provided in this Agreement, a notice, demand, or other communication under the Agreement by either party to the other shall be sufficiently given or delivered if it is dispatched by registered or certified mail, postage prepaid, return receipt requested, or delivered personally; and

(a) in the case of the Developer, is addressed to or delivered personally to the Developer at 309 Elm Street SW, Isanti, MN 55040; and

(b) in the case of the City, is addressed to or delivered personally to the City at 110 First Avenue N.W., P.O. Box 428, Isanti, Minnesota 55040,

or at such other address with respect to either such party as that party may, from time to time, designate in writing and forward to the other as provided in this Section.

Section 5.4. Disclaimer of Relationships. The Developer acknowledges that nothing contained in this Agreement nor any act by the City or the Developer shall be deemed or construed by the Developer or by any third person to create any relationship of third-party beneficiary, principal and agent, limited or general partner, or joint venture between the City and the Developer or any third party.

Section 5.5. Release. Upon payment of all fees and charges under Article III in accordance with the provisions of this Agreement, the City will furnish Developer with a Release of Mortgage for the Property within a reasonable period of time following the request. Developer shall be responsible for recording the Release of Mortgage.

Section 5.6. Modifications. This Agreement may be modified solely through written amendments hereto executed by the Developer and the City.

Section 5.7. Counterparts. This Agreement may be executed in any number of counterparts, each of which shall constitute one and the same instrument.

Section 5.8. Judicial Interpretation. Should any provision of this Agreement require judicial interpretation, the court interpreting or construing the same shall not apply a presumption that the terms hereof shall be more strictly construed against one party by reason of the rule of construction that a document is to be construed more strictly against the party who itself or through its agent or attorney prepared the same, it being agreed that the agents and attorneys of both parties have participated in the preparation hereof.

Section 5.9. Run with the Land. This Agreement may be recorded against the Property and shall run with the aforesaid Property and shall inure to the benefit of and be binding upon the parties hereto and their respective heirs, executors, representatives, successors and assigns.

IN WITNESS WHEREOF, the City has caused this Agreement to be duly executed in its name and behalf and the Developer has caused this Agreement to be duly executed in its name and behalf on or as of the date first above written.

REPAYMENT AGREEMENT; STATUTORY SHORT FORM MORTGAGE; AND DEED RESTRICTIONS

THIS REPAYMENT AGREEMENT; STATUTORY SHORT FORM MORTGAGE; AND DEED RESTRICTIONS ("AGREEMENT"), made on or as of the ____ day of June, 2017, by and between the City of Isanti, Minnesota, a Minnesota municipal corporation (hereinafter referred to as the "City") having its principal office at 110 First Avenue N.W. PO Box 428, Isanti, Minnesota 55040, and J Robinson Construction, Inc., a corporation under the laws of the state of Minnesota (hereinafter referred to as the "Developer"), having its principal office at 309 Elm Street SW, Isanti, MN 55040.

WITNESSETH:

WHEREAS, the Developer intends to construct a 1,340 square foot main floor single family home (the "Improvements") on certain real property (the "Property") in the City; and

WHEREAS, in connection with the construction of the Improvements there are certain water and sanitary sewer charges that are payable by the Developer to the City; and

WHEREAS, the Developer has demonstrated to the satisfaction of the City that the Developer is unable to pay the full amount of the charges now and has asked the City to defer such charges and make them payable at a future point in time; and

WHEREAS, the City believes that the development of the Improvements by the Developer is in the best interests of the City and, therefore, it is willing to defer the charges if doing so will facilitate the development and viability of the Improvements.

NOW, THEREFORE, in consideration of the premises and the mutual obligations of the parties hereto, each of them does hereby covenant and agree with the other as follows:

ARTICLE I
Definitions

Section 1.1. Definitions. In this Agreement, unless a different meaning clearly appears from the context:

"Agreement" means this Agreement, as the same may be from time to time modified, amended, or supplemented.

"City" means the City of Isanti, Minnesota, its successors and assigns.

"County" means Isanti County, Minnesota.

"Deferred Charges" means the utility charges described in Section 3.1 of this Agreement being deferred by the City and which the Developer is obligated to pay in accordance with this Agreement.

"Developer" means J Robinson Construction, Inc, a Minnesota Corporation, its successors and assigns.

(a) on the date that is one hundred and twenty (120) days after the date of this Agreement;

(b) on the date that the Developer sells or transfers the Property or Improvements, or any portion thereof; or

(c) on the date that the City issues a certificate of occupancy for the Improvements.

Interest shall accrue on the Deferred Charges at the rate of zero percent (0%) from the date hereof and continuing until the Deferred Charges and all accrued interest have been paid in full.

Section 3.3. Payment of Costs.

(a) The Developer shall pay all costs for title work and recording of this Agreement.

(b) The Developer shall pay all costs incurred by the City in connection with the preparation and implementation of this Agreement and related documents, including, without limitation, fees of attorneys related the preparation of this Agreement and related documents, if the Developer fails to complete construction of the Improvements within one hundred and twenty (120) days after the date of this Agreement.

Section 3.4 Security. As security for Developer's obligation of repayment of the Deferred Charges and Costs identified in Sections 3.1 and 3.3, Developer hereby grants and the City shall and hereby does have, a lien on the Property in the full amount necessary to satisfy any repayment obligation of the fees and charges identified in Sections 3.1 and 3.3 under this Agreement and the cost including reasonable attorney's fees, of collecting the same.

Section 3.5 Notice. At least 10 days before the date of any sale, cash out refinance, transfer or other conveyance of the Property or, in the event of a sale by contract for deed, Developer or their heirs, executors or representatives, shall give the City notice thereof.

Section 3.6 Mortgage. To secure any such repayment of the Deferred Charges under Section 3.1 and 3.3 as may become due under the provisions of this Article, the Developer hereby

grants to the City a Statutory Short Form Mortgage pursuant to the provisions of Minnesota Statutes Section 507.15 (2016) as follows:

UNIFORM SHORT FORM MORTGAGE

This statutory mortgage, made this ___ day of June, 2017 between the City of Isanti, a Minnesota Municipal having its principal office at 110 First Avenue N.W. PO Box 428, Isanti, Minnesota 55040 (the "Mortgagor"), and J Robinson Construction, Inc., a corporation under the laws of the state of Minnesota, having its principal office at 309 Elm Street SW, Isanti, MN 55040 (the "Mortgagee"),

Witnesseth, that to secure the payment of the Deferred Charges by the Mortgagee to the Mortgagor of $8,222.00 as described in Article 3 of this Agreement (the "Indebtedness") the Mortgagor, hereby mortgages to the mortgagee and grants a security interest in the real property located at 826 Marion St SE, in the City of Isanti, Isanti County, Minnesota, as legally described and set forth in "Schedule A" attached hereto and made a part hereof ("Property"), subject only to any liens or encumbrances of record thereon as of the date hereof.

And Mortgagor agrees and covenants with the Mortgagee the following statutory covenants;

1. To warrant the title to the Property, subject only to prior encumbrances of record as of the date hereof.
2. To pay the indebtedness as herein provided.
3. To pay all taxes.
4. To keep the buildings located on the Property insured against fire, windstorm and extended coverage for their full insurable value for the protection of the Mortgagee.
5. That the Property shall be kept in repair and no waste shall be committed.
6. That the whole of the principal sum shall become due after default, in the payment of any installment of principal or interest, or of any tax, or in the performance of any other covenant, at the option of the Mortgagee.

If default be made in any payment or covenant herein, the mortgagee shall have the statutory power of sale, and on foreclosure may retain statutory costs and attorney's fees.

Section 3.7. In the event Mortgagor or their heirs, executors or representatives shall fail or refuse to make a required repayment of the Indebtedness within the limited period set forth herein, the Mortgagee may, with or without notice to Mortgagor foreclose said lien in the same manner as provided pursuant an action for the foreclosure of mortgage upon said Property, as by statute provided, or may at its option proceed with foreclosure by advertisement pursuant to the statutory power of sale which the Mortgagor grants to the Mortgagee provided under this Mortgage, in accordance with applicable law. In the event of default by Mortgagor on any of Mortgagor's obligations under the terms of this Mortgage, Mortgagee shall also have the right to pursue any remedy available to it at law or in equity.

ARTICLE IV
Events of Default

Section 4.1. Events of Default Defined. The following shall be "Events of Default" under this Agreement and the term "Event of Default" shall mean, whenever it is used in this Agreement (unless the context otherwise provides), any one or more of the following events:

(a) Failure by the Developer to pay when due any payments required to be paid under this Agreement.

(b) The Developer of the following: (i) file any petition in bankruptcy or for any reorganization, arrangement, composition, readjustment, liquidation, dissolution, or similar relief under United States Bankruptcy Laws or any similar Federal or State Laws; or (ii) make an assignment for the benefit of its creditors; or (iii) admits, in writing, its inability to pay its debts generally as they become due; or (iv) be adjudicated, bankrupt or insolvent.

Section 4.2. City's Remedies on Default. Whenever any Event of Default by Developer referred to in Section 4.1 of this Agreement occurs, the City may take any one or more of the following actions after providing ten (10) days written notice to the Developer of the Event of Default, but only if the Event of Default has not been cured within said ten (10) days:

(a) Declare the entire outstanding balance of the Deferred Charges immediately due and payable;

(b) Terminate this Agreement;

(c) Deny issuance of certificates of occupancy or temporary certificates of occupancy;

(c) Take whatever action, including legal, equitable or administrative action, which may appear necessary or desirable to the City to collect any payments due under this Agreement, or to enforce performance and observance of any obligation, agreement, or covenant of the Developer under this Agreement, including the remedies provided under Article 3.

Section 4.3. No Remedy Exclusive. No remedy herein conferred upon or reserved to the City or Developer is intended to be exclusive of any other available remedy or remedies, but each and every such remedy shall be cumulative and shall be in addition to every other remedy given under this Agreement or now or hereafter existing at law or in equity or by statute. No delay or omission to exercise any right or power accruing upon any default shall impair any such right or power or shall be construed to be a waiver thereof, but any such right and power may be exercised from time to time and as often as may be deemed expedient. In order to entitle the City or the Developer to exercise any remedy reserved to it, it shall not be necessary to give notice, other than such notice as may be required in this Article IV.

Section 4.4. No Additional Waiver Implied by One Waiver. In the event any agreement contained in this Agreement should be breached by either party and thereafter waived by the other

party, such waiver shall be limited to the particular breach so waived and shall not be deemed to waive any other concurrent, previous or subsequent breach hereunder.

Section 4.5. Costs of Enforcement. Whenever any Event of Default occurs and the City shall employ attorneys or incur other expenses for the collection of payments due or to become due or for the enforcement of performance or observance of any obligation or agreement on the part of the Developer under this Agreement, the Developer agrees that it shall, within ten (10) days of written demand by the City, pay to the City the reasonable fees of such attorneys and such other expenses so incurred by the City.

Section 4.6. Certificate of Occupancy. The City may deny a certificate of occupancy or temporary certificate of occupancy for the Property until all amounts owed to the City under the terms of this Agreement have been paid by Developer.

ARTICLE V
Additional Provisions

Section 5.1. Representatives Not Individually Liable. No member, official, or employee of the City shall be personally liable to the Developer, or any successor in interest, in the event of any default or breach or for any amount which may become due to Developer or successor in interest or on any obligations under the terms of this Agreement.

Section 5.2. Titles of Articles and Sections. Any titles of the several parts, Articles, and Sections of the Agreement are inserted for convenience of reference only and shall be disregarded in construing or interpreting any of its provisions.

Section 5.3. Notices and Demands. Except as otherwise expressly provided in this Agreement, a notice, demand, or other communication under the Agreement by either party to the other shall be sufficiently given or delivered if it is dispatched by registered or certified mail, postage prepaid, return receipt requested, or delivered personally; and

(a) in the case of the Developer, is addressed to or delivered personally to the Developer at 309 Elm Street SW, Isanti, MN 55040; and

(b) in the case of the City, is addressed to or delivered personally to the City at 110 First Avenue N.W., P.O. Box 428, Isanti, Minnesota 55040,

or at such other address with respect to either such party as that party may, from time to time, designate in writing and forward to the other as provided in this Section.

Section 5.4. Disclaimer of Relationships. The Developer acknowledges that nothing contained in this Agreement nor any act by the City or the Developer shall be deemed or construed by the Developer or by any third person to create any relationship of third-party beneficiary, principal and agent, limited or general partner, or joint venture between the City and the Developer or any third party.

Section 5.5. Release. Upon payment of all fees and charges under Article III in accordance with the provisions of this Agreement, the City will furnish Developer with a Release of Mortgage for the Property within a reasonable period of time following the request. Developer shall be responsible for recording the Release of Mortgage.

Section 5.6. Modifications. This Agreement may be modified solely through written amendments hereto executed by the Developer and the City.

Section 5.7. Counterparts. This Agreement may be executed in any number of counterparts, each of which shall constitute one and the same instrument.

Section 5.8. Judicial Interpretation. Should any provision of this Agreement require judicial interpretation, the court interpreting or construing the same shall not apply a presumption that the terms hereof shall be more strictly construed against one party by reason of the rule of construction that a document is to be construed more strictly against the party who itself or through its agent or attorney prepared the same, it being agreed that the agents and attorneys of both parties have participated in the preparation hereof.

Section 5.9. Run with the Land. This Agreement may be recorded against the Property and shall run with the aforesaid Property and shall inure to the benefit of and be binding upon the parties hereto and their respective heirs, executors, representatives, successors and assigns.

IN WITNESS WHEREOF, the City has caused this Agreement to be duly executed in its name and behalf and the Developer has caused this Agreement to be duly executed in its name and behalf on or as of the date first above written.

WHEREAS, the City of Isanti adopted a SAC and WAC Deferral program on December 20, 2016 which is documented by Resolution 2016-279; and

WHEREAS, A boiler plate Repayment Agreement was drafted by Development Attorney Campbell Knutson and the City Council directed Staff to utilize this agreement for parties interested in SAC and WAC Deferral for commercial or residential development; and

WHEREAS, Real Deal Construction, Inc. (the "Developer") has asked the City of Isanti to enter into a Repayment Agreement for the property legally described as: Lot 9, Block 2, Isanti Meadows (the "Property") and has agreed to pay the recording fee associated with the filing of the Repayment Agreement; and

WHEREAS, the Developer has stated the it will be the owner of the Property at the time of execution of the Repayment Agreement; and

WHEREAS, the date of the Repayment Agreement will be when the Developer signs prior to payment of the building permit; and

WHEREAS, the Developer is registered, active and is in good standing with the Minnesota Secretary of State Office as of June 2, 2017.

NOW, THEREFORE, IT IS HEREBY RESOLVED by the City Council of the City of Isanti, Minnesota authorized the Mayor and City Administrator to execute the Repayment Agreement attached hereto contingent upon satisfactory proof of ownership witnessed in a recorded instrument of conveyance to the Developer.

This Resolution hereby approved by the Isanti City Council this 6th day of June 2017.

Attest: Mayor George A. Wimmer

Lindsey Giese
Human Resources/City Clerk

REPAYMENT AGREEMENT; STATUTORY SHORT FORM MORTGAGE; AND DEED RESTRICTIONS

THIS REPAYMENT AGREEMENT; STATUTORY SHORT FORM MORTGAGE; AND DEED RESTRICTIONS ("AGREEMENT"), made on or as of the ____ day of June, 2017, by and between the City of Isanti, Minnesota, a Minnesota municipal corporation (hereinafter referred to as the "City") having its principal office at 110 First Avenue N.W. PO Box 428, Isanti, Minnesota 55040, and Real Deal Construction, Inc., a corporation under the laws of the state of Minnesota (hereinafter referred to as the "Developer"), having its principal office at 31108 County Road 5, Princeton, MN 55371.

WITNESSETH:

WHEREAS, the Developer intends to construct a 1,308 square foot main floor single family home (the "Improvements") on certain real property (the "Property") in the City; and

WHEREAS, in connection with the construction of the Improvements there are certain water and sanitary sewer charges that are payable by the Developer to the City; and

WHEREAS, the Developer has demonstrated to the satisfaction of the City that the Developer is unable to pay the full amount of the charges now and has asked the City to defer such charges and make them payable at a future point in time; and

WHEREAS, the City believes that the development of the Improvements by the Developer is in the best interests of the City and, therefore, it is willing to defer the charges if doing so will facilitate the development and viability of the Improvements.

NOW, THEREFORE, in consideration of the premises and the mutual obligations of the parties hereto, each of them does hereby covenant and agree with the other as follows:

ARTICLE I
Definitions

Section 1.1. Definitions. In this Agreement, unless a different meaning clearly appears from the context:

"Agreement" means this Agreement, as the same may be from time to time modified, amended, or supplemented.

"City" means the City of Isanti, Minnesota, its successors and assigns.

"County" means Isanti County, Minnesota.

"Deferred Charges" means the utility charges described in Section 3.1 of this Agreement being deferred by the City and which the Developer is obligated to pay in accordance with this Agreement.

"Developer" means Real Deal Construction, Inc, a Minnesota Corporation, its successors and assigns.

"Event of Default" means an action by the Developer listed in Article IV of this Agreement.

"Improvements" means the 1,308 square foot main floor single family home to be constructed by the Developer on the Property.

"Property" means the real property described on the attached Schedule A to this Agreement.

"State" means the State of Minnesota.

ARTICLE II
Representations

Section 2.1. Representations by the City. The City makes the following representations as the basis for the undertaking on its part herein contained:

(a) The City is a statutory city duly organized and existing under the laws of the State. Under State law, the City has the power to enter into this Agreement and to perform its obligations hereunder.

Section 2.2. Representations by the Developer. The Developer represents that:

(a) The Developer is a corporation duly organized and authorized to transact business in the State, is not in violation of any provisions of its Bylaws or the laws of the State, has power to enter into this Agreement and has duly authorized the execution, delivery and performance of this Agreement by proper action of its Articles of Incorporation.

ARTICLE III
Deferred Charges, Payment and Security

Section 3.1. Deferred Charges. The Developer owes to the City the sum of **$ 8,222.00** in deferred utility charges ("Deferred Charges"). The Deferred Charges consist of **$3787.00** in Water Availability Charges and **$4,435.00** in Sewer Availability Charges. The City has agreed to defer the payment of the Deferred Charges as described in this Agreement.

Section 3.2. Payment of the Deferred Charges. The Developer covenants and agrees that it will pay the Deferred Charges to the City on the earliest to occur of the following:

(a) on the date that is one hundred and twenty (120) days after the date of this Agreement;

(b) on the date that the Developer sells or transfers the Property or Improvements, or any portion thereof; or

(c) on the date that the City issues a certificate of occupancy for the Improvements.

Interest shall accrue on the Deferred Charges at the rate of zero percent (0%) from the date hereof and continuing until the Deferred Charges and all accrued interest have been paid in full.

Section 3.3. Payment of Costs.

(a) The Developer shall pay all costs for title work and recording of this Agreement.

(b) The Developer shall pay all costs incurred by the City in connection with the preparation and implementation of this Agreement and related documents, including, without limitation, fees of attorneys related the preparation of this Agreement and related documents, if the Developer fails to complete construction of the Improvements within one hundred and twenty (120) days after the date of this Agreement.

Section 3.4 Security. As security for Developer's obligation of repayment of the Deferred Charges and Costs identified in Sections 3.1 and 3.3, Developer hereby grants and the City shall and hereby does have, a lien on the Property in the full amount necessary to satisfy any repayment obligation of the fees and charges identified in Sections 3.1 and 3.3 under this Agreement and the cost including reasonable attorney's fees, of collecting the same.

Section 3.5 Notice. At least 10 days before the date of any sale, cash out refinance, transfer or other conveyance of the Property or, in the event of a sale by contract for deed, Developer or their heirs, executors or representatives, shall give the City notice thereof.

Section 3.6 Mortgage. To secure any such repayment of the Deferred Charges under Section 3.1 and 3.3 as may become due under the provisions of this Article, the Developer hereby

grants to the City a Statutory Short Form Mortgage pursuant to the provisions of Minnesota Statutes Section 507.15 (2016) as follows:

UNIFORM SHORT FORM MORTGAGE

This statutory mortgage, made this ___ day of June, 2017 between the City of Isanti, a Minnesota Municipal having its principal office at 110 First Avenue N.W. PO Box 428, Isanti, Minnesota 55040 (the "Mortgagor"), and Real Deal Construction, Inc., a corporation under the laws of the state of Minnesota, having its principal office at 31108 County Road 5, Princeton, MN 55371(the "Mortgagee"),

Witnesseth, that to secure the payment of the Deferred Charges by the Mortgagee to the Mortgagor of $8,222.00 as described in Article 3 of this Agreement (the "Indebtedness") the Mortgagor, hereby mortgages to the mortgagee and grants a security interest in the real property located at 600 Fir St SW, in the City of Isanti, Isanti County, Minnesota, as legally described and set forth in "Schedule A" attached hereto and made a part hereof ("Property"), subject only to any liens or encumbrances of record thereon as of the date hereof.

And Mortgagor agrees and covenants with the Mortgagee the following statutory covenants;

1. To warrant the title to the Property, subject only to prior encumbrances of record as of the date hereof.
2. To pay the indebtedness as herein provided.
3. To pay all taxes.
4. To keep the buildings located on the Property insured against fire, windstorm and extended coverage for their full insurable value for the protection of the Mortgagee.
5. That the Property shall be kept in repair and no waste shall be committed.
6. That the whole of the principal sum shall become due after default, in the payment of any installment of principal or interest, or of any tax, or in the performance of any other covenant, at the option of the Mortgagee.

If default be made in any payment or covenant herein, the mortgagee shall have the statutory power of sale, and on foreclosure may retain statutory costs and attorney's fees.

Section 3.7. In the event Mortgagor or their heirs, executors or representatives shall fail or refuse to make a required repayment of the Indebtedness within the limited period set forth herein, the Mortgagee may, with or without notice to Mortgagor foreclose said lien in the same manner as provided pursuant an action for the foreclosure of mortgage upon said Property, as by statute provided, or may at its option proceed with foreclosure by advertisement pursuant to the statutory power of sale which the Mortgagor grants to the Mortgagee provided under this Mortgage, in accordance with applicable law. In the event of default by Mortgagor on any of Mortgagor's obligations under the terms of this Mortgage, Mortgagee shall also have the right to pursue any remedy available to it at law or in equity.

ARTICLE IV
Events of Default

Section 4.1. Events of Default Defined. The following shall be "Events of Default" under this Agreement and the term "Event of Default" shall mean, whenever it is used in this Agreement (unless the context otherwise provides), any one or more of the following events:

(a) Failure by the Developer to pay when due any payments required to be paid under this Agreement.

(b) The Developer of the following: (i) file any petition in bankruptcy or for any reorganization, arrangement, composition, readjustment, liquidation, dissolution, or similar relief under United States Bankruptcy Laws or any similar Federal or State Laws; or (ii) make an assignment for the benefit of its creditors; or (iii) admits, in writing, its inability to pay its debts generally as they become due; or (iv) be adjudicated, bankrupt or insolvent.

Section 4.2. City's Remedies on Default. Whenever any Event of Default by Developer referred to in Section 4.1 of this Agreement occurs, the City may take any one or more of the following actions after providing ten (10) days written notice to the Developer of the Event of Default, but only if the Event of Default has not been cured within said ten (10) days:

(a) Declare the entire outstanding balance of the Deferred Charges immediately due and payable;

(b) Terminate this Agreement;

(c) Deny issuance of certificates of occupancy or temporary certificates of occupancy;

(c) Take whatever action, including legal, equitable or administrative action, which may appear necessary or desirable to the City to collect any payments due under this Agreement, or to enforce performance and observance of any obligation, agreement, or covenant of the Developer under this Agreement, including the remedies provided under Article 3.

Section 4.3. No Remedy Exclusive. No remedy herein conferred upon or reserved to the City or Developer is intended to be exclusive of any other available remedy or remedies, but each and every such remedy shall be cumulative and shall be in addition to every other remedy given under this Agreement or now or hereafter existing at law or in equity or by statute. No delay or omission to exercise any right or power accruing upon any default shall impair any such right or power or shall be construed to be a waiver thereof, but any such right and power may be exercised from time to time and as often as may be deemed expedient. In order to entitle the City or the Developer to exercise any remedy reserved to it, it shall not be necessary to give notice, other than such notice as may be required in this Article IV.

Section 4.4. No Additional Waiver Implied by One Waiver. In the event any agreement contained in this Agreement should be breached by either party and thereafter waived by the other

party, such waiver shall be limited to the particular breach so waived and shall not be deemed to waive any other concurrent, previous or subsequent breach hereunder.

Section 4.5. Costs of Enforcement. Whenever any Event of Default occurs and the City shall employ attorneys or incur other expenses for the collection of payments due or to become due or for the enforcement of performance or observance of any obligation or agreement on the part of the Developer under this Agreement, the Developer agrees that it shall, within ten (10) days of written demand by the City, pay to the City the reasonable fees of such attorneys and such other expenses so incurred by the City.

Section 4.6. Certificate of Occupancy. The City may deny a certificate of occupancy or temporary certificate of occupancy for the Property until all amounts owed to the City under the terms of this Agreement have been paid by Developer.

ARTICLE V
Additional Provisions

Section 5.1. Representatives Not Individually Liable. No member, official, or employee of the City shall be personally liable to the Developer, or any successor in interest, in the event of any default or breach or for any amount which may become due to Developer or successor in interest or on any obligations under the terms of this Agreement.

Section 5.2. Titles of Articles and Sections. Any titles of the several parts, Articles, and Sections of the Agreement are inserted for convenience of reference only and shall be disregarded in construing or interpreting any of its provisions.

Section 5.3. Notices and Demands. Except as otherwise expressly provided in this Agreement, a notice, demand, or other communication under the Agreement by either party to the other shall be sufficiently given or delivered if it is dispatched by registered or certified mail, postage prepaid, return receipt requested, or delivered personally; and

(a) in the case of the Developer, is addressed to or delivered personally to the Developer at 31108 County Road 5, Princeton, MN 55371; and

(b) in the case of the City, is addressed to or delivered personally to the City at 110 First Avenue N.W., P.O. Box 428, Isanti, Minnesota 55040,

or at such other address with respect to either such party as that party may, from time to time, designate in writing and forward to the other as provided in this Section.

Section 5.4. Disclaimer of Relationships. The Developer acknowledges that nothing contained in this Agreement nor any act by the City or the Developer shall be deemed or construed by the Developer or by any third person to create any relationship of third-party beneficiary, principal and agent, limited or general partner, or joint venture between the City and the Developer or any third party.

Section 5.5. Release. Upon payment of all fees and charges under Article III in accordance with the provisions of this Agreement, the City will furnish Developer with a Release of Mortgage for the Property within a reasonable period of time following the request. Developer shall be responsible for recording the Release of Mortgage.

Section 5.6. Modifications. This Agreement may be modified solely through written amendments hereto executed by the Developer and the City.

Section 5.7. Counterparts. This Agreement may be executed in any number of counterparts, each of which shall constitute one and the same instrument.

Section 5.8. Judicial Interpretation. Should any provision of this Agreement require judicial interpretation, the court interpreting or construing the same shall not apply a presumption that the terms hereof shall be more strictly construed against one party by reason of the rule of construction that a document is to be construed more strictly against the party who itself or through its agent or attorney prepared the same, it being agreed that the agents and attorneys of both parties have participated in the preparation hereof.

Section 5.9. Run with the Land. This Agreement may be recorded against the Property and shall run with the aforesaid Property and shall inure to the benefit of and be binding upon the parties hereto and their respective heirs, executors, representatives, successors and assigns.

IN WITNESS WHEREOF, the City has caused this Agreement to be duly executed in its name and behalf and the Developer has caused this Agreement to be duly executed in its name and behalf on or as of the date first above written.

Request for City Council Action

To: Mayor Wimmer and City Council Members

From: Sean M. Sullivan, Economic Development Director

Date: June 6, 2017

Subject: **Consider Adoption of Resolution Transferring City Owned Real Estate to the City of Isanti Economic Development Authority**

Background:

The City Development Team and DOAC has discussed transferring City of Isanti land assets to the EDA. This transfer would provide needed assets to the economic development arm of the city and the ability to leverage financing and serve as the conduit for future business deals. It is common for City EDA's to serve in this capacity. It should be noted that the City of Isanti City Council still needs to approve any future levies, bonds expenditures from the EDA based on its enabling resolution. Staff has consulted with City Attorney Joslin and he has prepared the instruments required to transfer the property.

The following real estate is proposed to be transferred from the City of Isanti to the City of Isanti EDA:

Parcel	Address	Legal Description	Acres	SF
16.124.0020	701 E Dual Blvd NE	Outlot A, Isanti Centennial Complex 5th Rear.	15.5	674,744

Requested Action:

Consider Adoption of Resolution 2017-___ Transferring City Owned Real Estate to the City of Isanti Economic Development Authority

Attachment:

1) Resolution 2017-___ Transferring City Owned Real Estate to the City of Isanti Economic Development Authority

RESOLUTION NO. 2017-___

A RESOLUTION APPROVING THE TRANSFER OF CERTAIN REAL ESTATE OWNED BY THE CITY OF ISANTI TO THE ECONOMIC DEVELOPMENT AUTHORITY (EDA) OF THE CITY OF ISANTI

WHEREAS, the City of Isanti, Minnesota is the owner in fee title of certain real property lying and being in the City of Isanti, Isanti County, Minnesota, legally described as set forth in Exhibit "A" attached hereto and made a part hereof; and

WHEREAS, said real property was acquired by and is owned and held by the City primarily for the purpose of enhancing economic development within the City; and

WHEREAS, the City Council of the City of Isanti hereby finds that the transfer of title from the City of Isanti to the Economic Development Authority of the City of Isanti (EDA) will provide the EDA with such option, if hereafter deemed appropriate by the EDA, to use all or such portion of the said real property described in Exhibit "A" attached hereto as may be necessary to procure appropriate financing for or to otherwise accommodate the construction of a hotel within the City of Isanti, including such financial participation in said project by or through the EDA, in accordance with its statutory authority, as the EDA may hereafter deem appropriate, and

WHEREAS, the City is authorized pursuant to the provisions of Minnesota Statutes Sections 465.035, 469.091 and 469.012 to transfer said real property to the EDA for the purposes herein provided; and

WHEREAS the City Council of the City of Isanti finds pursuant to the provisions of Minnesota Statutes Section 462.356, subd. 2 that the transfer of the subject real property pursuant to the provisions of this Resolution has no relationship to the City's Comprehensive Municipal Plan, and thus needs no review by the Planning Commission prior to approval, and accordingly hereby RESOLVES to dispense with the requirements of said subdivision;

NOW THEREFORE, IT IS FURTHER RESOLVED: That the Mayor and City Clerk or their designees are hereby authorized and directed to sign and deliver any and all deeds of conveyance and/or other documents as may be reasonably necessary or convenient to the conveyance of the real property described on Exhibit "A" attached hereto to the City of Isanti EDA, as provided above.

MEMORANDUM

Date: May 30, 2017

To: Honorable Mayor Wimmer and Members of the City Council

From: Bradley C. DeWolf, P.E.

Subject: 2017 Palomino Road SE Improvements Project
City of Isanti, MN
No Parking Restriction for State-Aid Route
BMI Project No. R13.112450

As stated in the Preliminary Engineering Report for this project, dated February 13, 2017, the proposed Palomino Road SE street width of 32 feet is not wide enough to allow on-street parking on both sides of the roadway in accordance with Municipal State Aid System (MSAS) requirements. Therefore, in order to expend MSAS funds on Palomino Road SE for the 2017 Palomino Road SE Improvements project, an ordinance amending Chapter 227 – Parking and Storage must be approved to state no parking is allowed along the south side of Palomino Road SE from Railroad Avenue SE to Trunk Highway 65. As part of the project, No Parking signs will be installed on the south side of the roadway along this route.

An ordinance is attached for Council action to restrict parking on the south side of Palomino Road SE from Railroad Avenue SE to Trunk Highway 65.

Please contact me at (612) 756-1032 if you have any questions or need additional information.

ORDINANCE NO. XXX

AN ORDINANCE AMENDING CHAPTER 227 PARKING AND STORAGE

THE CITY COUNCIL OF THE CITY OF ISANTI DOES ORDAIN:

Sub-paragraph (5), Paragraph C., Parking, Stopping, and Standing Provisions, Section 227-2, Parking Regulations, Article II General Parking Regulations, of Chapter 227 of the Code of the City of Isanti is hereby amended to add the following text:

227-2. Parking regulations.

C. Parking, stopping and standing provisions.

(5) No parking is allowed on any of the following streets or highway:

(a) Along either side of Third Avenue NW beginning at its intersection with Isanti Parkway NW to the point at which the City of Isanti corporate boundary ends and Isanti Township begins (Jackson St NW).

(b) Along either side of Railroad Ave SE beginning at its intersection with Palomino Road SE to its intersection with Townsedge Road SE. Along the East side of Railroad Ave SE beginning at its intersection with Main Street E to its intersection with Palomino Road SE.

(c) Along either side of County Road 5 NE/NW beginning at its intersection with Trunk Highway 65 heading west to its intersection with Whiskey Road NW.

(d) Along either side of Fourth Ave SW from its intersection with Main Street W heading south to its intersection with Elizabeth St SW.

(e) Along either side of Elizabeth St SW from its intersection with Fifth Ave SW heading east to its intersection with Second Ave SW.

(f) Along either side of Fifth Ave SW from its intersection with Elizabeth St SW heading south to its intersection with S Brookview Ln SW.

(g) Along either side of Second Ave SW from its intersection with Main St W heading south to its intersection with Elizabeth St SW.

(h) Along either side of Isanti Parkway NW, from Third Avenue NW to East Dual Boulevard NE.

(i) Along either side of Broadway St SE, from Highway 65 NE to 6th Ave NE.

(j) Along either side of 6th Ave NE, from Broadway St SE to Heritage Blvd NE.

(k) Along the West side of Centennial Dr. NW, from Heritage Blvd NW extending South 905' (feet).

(l) Along the South side of Palomino Road SE, from Railroad Avenue SE to Trunk Highway 65.

EFFECTIVE DATE
This Ordinance takes effect upon its passage and publication in the official newspaper of the City of Isanti.

MEMORANDUM

Date: May 31, 2017

To: Honorable Mayor Wimmer and Members of the City Council

From: Bradley C. DeWolf, P.E. (BCD)

Subject: Approval of Plans and Authorization to Advertise for Bids
2017 Palomino Road Improvements
City of Isanti, MN
BMI Project No.: R13.112450

We request that the City Council approve the plans and specifications, entitled "2017 Palomino Road Improvements", and authorize advertisement for bids.

Following is the schedule for the 2017 Palomino Road Improvements Project:

Approve Plans & Specs, Authorize Advertisement for Bids	June 6, 2017
Open Bids	June 28, 2017
Commence Construction	July 10, 2017
Substantial Completion of Construction	November 1, 2017

As required by the Minnesota State Statute Chapter 429 process, we are requesting that City Council approve plans and specifications and authorize advertisement for bids.

MnDOT State Aid has reviewed, approved and authorized bidding of the project.

A resolution is attached to approve the plans and authorize the advertisement for bids.

I will be at the June 6, 2017 City Council meeting to respond to any questions you have concerning the approval of plans and specifications or the authorization to advertise for bids.

Please contact me with any questions or if you would like any additional information prior to the meeting as well.

RESOLUTION NO. 2017-____

RESOLUTION APPROVING PLANS AND ORDERING ADVERTISEMENT FOR BIDS FOR THE 2017 PALOMINO ROAD STREET AND UTILITY IMPROVEMENTS

WHEREAS, pursuant to Resolution No. 2017-046 passed by the Council, the City Engineer, Bolton & Menk, Inc. has prepared plans and specifications for the Palomino Road Street and Utility Improvements. The improvements shall consist of in whole or a part in the above mentioned improvement area: street reconstruction, sidewalk construction, and the installation of a new watermain.

NOW, THEREFORE, IT IS HEREBY RESOLVED by the City Council of the City Of Isanti, Minnesota:

1. Such plans and specifications, copies of which are on file in the City Offices, are hereby approved.
2. Bolton & Menk, Inc. shall prepare and cause to be inserted in the official paper and in Finance & Commerce and on QuestCDN an advertisement for bids upon the making of such improvement under such approved plans and specifications. The advertisement shall be published for 21 days, shall specify the work to be done, shall state that bids will be received by the Clerk until 10:00 am on June 28th, 2017 at which time they will be publicly opened in the Council Chambers of the City Hall by the City Clerk and City Engineer, will then be tabulated, and will be considered by the council at approximately 7:00 p.m. on July 5, 2017, in the Council Chambers of the City Hall. Any bidder whose responsibility is questioned during consideration of the bid will be given an opportunity to address the Council on the issue of responsibility. No bids will be considered unless sealed and filed with the Clerk and accompanied by a bid bond payable to the City of Isanti for five percent (5%) of the amount of such bid.

This resolution was duly adopted by the Isanti City Council this 6th day of June 2017.

A RESOLUTION APPROVING THE CLOSURE OF UNITY PARK BALL FIELD FOR THE ISANTI RODEO JULY 7TH – JULY 9TH AND AUTHORIZING THE USE OF THE UNITY PARK BLEACHERS AT THE RODEO GROUNDS

WHEREAS, the Isanti Fire District hosts an annual rodeo as part of the Jubilee Days celebration; and,

WHEREAS, each year the Isanti Fire District requests that the City of Isanti close Unity Park Ball Field for the duration of the rodeo, so as to avoid damage to vehicles parked in the area for the event; and,

WHEREAS, issues have occurred in previous years, of which the Isanti Rodeo Association had been liable for damage that occurred; and,

WHEREAS, to avoid complaints and damage to vehicles of those individuals attending the Jubilee and Rodeo events, the City of Isanti has authorized such closure each year to ensure that such issues do not occur; and,

WHEREAS, the Isanti Rodeo Association is also requesting use of the Unity Park bleachers for additional seating at the Rodeo Grounds; and,

WHEREAS, the Isanti Rodeo Association would remove the bleachers before the event and return them to Unity Park on Monday, July 10th;

NOW, THEREFORE, IT IS HEREBY RESOLVED by the City Council of the City of Isanti, Minnesota **to** hereby authorize the closure of Unity Park Ball Field as requested by the Isanti Rodeo Association July 7th – July 9th and authorizes City staff to place signage announcing such closure.

AND, BE IT FURTHER RESOLVED by the City Council of the City of Isanti, Minnesota hereby authorizes the use of the Unity Park bleachers at the Isanti Rodeo Grounds, with the following conditions:

1. The bleachers are returned to Unity Park on Monday, July 10th.
2. Any damages sustained to the bleachers either in transit or at the Rodeo event shall be repaired by the Isanti Fireman's Rodeo Association.

This resolution was duly adopted by the Isanti City Council this 6th day of June, 2017.

Subject: Office Copier/Fax/Scanner Multi-Function Center

MEMO

Background:
The police department is currently on a month-to-month lease with Zerox Corporation for its multi-function center. This unit is more than five years old and no longer meets all the needs to of the department. The current one was fast in its day but suffers by comparison to new technology.

Jesse Jarvie of Metro Sales stopped by our office because he has many units in service with local business's in Isanti and many local government entities in Isanti County. He provided a quote and a FREE machine to use to see if it meets our needs.

Three quotes have been received and the Department's recommendation is to go with Metro Sales due to the machine quality, machine speed, machine ease of operation and customer service.

CA Lorsung has stated that he prefers a 36 month lease; however, I feel that would be appropriate for most applications and departments. In our case, most of our communications are dealt with scanned and emailed case reports to the courts, attorneys and probation. We store very little print hard copies of anything. This is why I feel a 60 month lease would be appropriate for the police department. Our current machine has been in operation for well over 60 months and works fine, but the older technology is slow and it does not scan two sided documents. The new machine does scan two sided documents and scans five times as fast as our old one. This will increase staff productivity by having a two sided / faster scanner.

The Finance Committee has reviewed this item and recommends to Council to move forward with the quote from Metro Sales,

Action:
For City Council to review and consider the lease of a multi-function center from Jesse Jarvie of Metro Sales.

Chief Gene C. Hill

Subject: Resolution Authorizing the Trade-In and Purchase of a New Utility Trailer

---

Background

The City budgeted $6,500.00 within Streets (500) to purchase a new painter and painting trailer utilizing trade-in of the trailer that is of no use to the PW department. The trailer being traded-in is the 2000 16' Rugged Road Trailer. Below is the information that Staff has received from the 3 vendors that were contacted. The net purchase price for the Utility Trailer is $950.00. There is $862.00 remaining from the original $6,500.00 budgeted funds for this item. With the trade-in value lower than was quoted last year during budgeting, there are $88.00 needed. Leftover funds within Streets (500) from the purchase of the City Truck will be utilized to fund the difference.

Vendor	Trade-in Value	New Utility Trailer
Central Trailer Sales	$700.00	$1650.00
Crawfords Equipment	$700.00	$3100.00
M & G Trailer Sales	Did not contact me back	

Finance Committee Recommendation

Finance Committee is recommending Central Trailer Sales for the trade-in of the 2000 16' Rugged Road Trailer and purchase of the PJ U2 Utility Trailer in the net amount of $950.00. It is also recommended to move forward using remaining funds within Streets (500) for the $88.00 shortage.

A RESOLUTION AUTHORIZING THE TRADE-IN AND PURCHASE OF A NEW UTILITY TRAILER

WHEREAS, the City budgeted $6,500.00 for purchase of a street painter and paint trailer within Streets (500); and,

WHEREAS, staff solicited quotes for the trade-in value of an unused 2000 16ft Rugged Road Trailer and for a new 6' x 12' utility trailer to be used for street painting and found Central Trailer Sales to provide the best value; and,

WHEREAS, the value of the trailer for trade-in was $700.00 and cost for the new PJ U2 Utility Trailer was $1,650.00 for a net purchase price of $950.00; and,

WHEREAS, after the purchase of the painter there are $862.00 funds remaining of the $6,500.00; and,

WHEREAS, the remaining $88.00 will be used from leftover funds from the 2017 GMC truck within Streets (500); and,

WHEREAS, Finance Committee reviewed the quotes and recommends approval of the trade-in and purchase through Central Trailer Sales for the net amount of $950.00; and,

WHEREAS, the funding source is identified as Streets (500);

NOW, THEREFORE, BE IT RESOLVED by the City Council of the City of Isanti, Minnesota to hereby accept the quote for the 2000 16' Rugged Road Trailer trade-in value and new PJ U2 Utility Trailer from Central Trailer Sales for a total cost of $950.00.

DATA INVENTORY

DATA PRACTICES PROCEDURES

1.0 Introduction. These procedures are adopted to comply with the requirements of the Minnesota Government Data Practices Act (the "Act"), specifically Minnesota Statutes Sections 13.025, 13.03, subdivision 2 and 13.05, subdivision 5. It is the intent of the City of Isanti ("City") to remain in compliance with the Act. These procedures shall be supplemented by the requirements of the Act as needed and if any procedure contained herein is inconsistent with those requirements, as they may be amended, the specific provisions of the Act shall be controlling.

2.0 Responsible Authority. The Manager is the Responsible Authority and Compliance Official responsible for the collection, use and distribution of government data and is accountable for City compliance with the Minnesota Government Data Practices Act. The Responsible Authority has authorized certain other City employees to collect, maintain, disseminate and otherwise assist in complying with the Act ("Designees"). These Designees are listed on attached **Exhibit 1**. The Responsible Authority shall provide training to Designees and staff at such times and in such a manner as the designated Responsible Authority determines is appropriate to inform them of their obligations under the Act. The designated Responsible Authority shall also be authorized to amend or supplement the Exhibits attached to these procedures as needed to further the intent of these procedures and the City's compliance with the Act. For the purposes of carrying out these procedures, the term Responsible Authority shall include Designees unless the context in which it is used indicates a different intent.

3.0 Access to Public Data. All information maintained by the City is public unless there is a specific statutory designation which gives it a different classification. Categories of classification are as follows:

Data on Individuals* M.S. § 13.02, subd. 5	**Data on Decedents** M.S. § 13.10, subd. 1	**Data not on Individuals*** M.S. § 13.02, subd. 4
Public Accessible to anyone M.S. § 13.02, subd. 15	**Public** Accessible to anyone M.S. § 13.02, subd. 15	**Public** Accessible to anyone M.S. § 13.02, subd. 14
Private Accessible to the data subject; Not accessible to the public M.S. § 13.02, subd. 12	**Private**** Accessible to the representative of the decedent; Not accessible to the public M.S. § 13.10, subd. 1(b)	**Nonpublic** Accessible to the data subject; Not accessible to the public M.S. § 13.02, subd. 9
Confidential Not accessible to the data subject; Not accessible to the public M.S. § 13.02, subd. 3	**Confidential**** Not accessible to the representative of the decedent; Not accessible to the public M.S. § 13.10, subd. 1(a)	**Protected Nonpublic** Not accessible to the data subject; Not accessible to the public M.S. § 13.02, subd. 13

* Individual is defined at M.S. § 13.02, subd. 8. Individual means a living human being. It does not mean any type of entity created by law, such as a corporation.

** Private and confidential data on decedents become public data ten years after the death of the data subject and 30 years after the creation of the data.

3.1 People Entitled to Access. Any person has the right to inspect or view public data and/or to have an explanation of the meaning of the data. The person does not need to state his or her name or give the reason for the request, unless a statute specifically authorizes the City to request such information. Additionally, any person has the right to obtain a copy of public data except in the case of copyrighted materials in the possession of the City for which the City does not have express written permission to reproduce. See **Exhibit** 7.

3.1A Copyrighted public documents may be shown to anyone but shall not be reproduced or photocopied without express written permission from the copyright holder. See **Exhibit** 7.

3.1A1 The Responsible Authority reserves the right to refuse to provide copies of copyrighted data in accordance with the copyright law of the United States (Title 17, United States Code) which governs the making of photocopies or other reproductions of copyrighted material.

3.1A2 Public documents created by the City of Isanti and/or its officials and employees on behalf of the City do not qualify for copyright protection and shall be available for viewing and reproduction in accordance with the Act. In certain cases, the City may enforce a copyright or acquire a patent for a computer software program or components of a program created by the City. In such cases, the data shall be treated as trade secret information.

3.2. Form of Request. The request for public data generally requires a written request on a form provided by the City, and sending it by email, U.S. mail, or by hand-delivering it to the City. See **Exhibit 3**.

3.3 Request for Clarification. If the data request is unclear, the City may ask for clarification. If the request yields voluminous data, the City may ask if there is more specific data sought by the requestor. However, if the requestor chooses not to limit its request, the City will respond to the original data request.

3.3 Identification of Requesting Party. The Responsible Authority **may not** require the requesting party to provide identification to view public documents except as may be necessary to facilitate access to the data. Examples of when identifying information may be requested include, but are not limited to, obtaining a mailing address when the person has requested that copies be mailed, requesting identification when copies have been paid for by check, or requesting contact information in order to clarify or follow up on the request. The Responsible Authority must verify the identity of the requesting party as a person entitled to reproductions when reproductions of copyrighted public data are requested. Identity can be established through personal knowledge, presentation of photo identification, comparison of the data subject's signature on a consent form with the person's signature in City records, or other reasonable means.

3.4 Form of Copies. Where public data is maintained in a computer storage medium, the Responsible Authority shall provide copies of the public data in electronic form upon request, provided a copy can reasonably be made in that form. The Responsible Authority is not required to provide the data in an electronic format or program that is different from the format or program in which the Responsible Authority maintains the data.

3.5 Time Limits (Public Data). Requests will be received and processed only at Isanti City Hall during normal business hours. If copies cannot be made at the time of the request, copies will be supplied as soon as reasonably possible. Whenever possible, the Responsible Authority will immediately allow the person

to inspect the public data. When providing an immediate response to the customer it should not interfere with the City's efficient operations. The Responsible Authority may require that the requesting person make an appointment or return at a later time to inspect or to pick up copies of the requested data.

When public data on individuals is requested by the individual data subject and an immediate response is not possible, the authorized City employee will provide the data within ten days of the date of the request, excluding Saturdays, Sundays and legal holidays.

3.6 Fees. Anyone may inspect or view public data for any reason without charge. Fees may be charged only if the requesting person asks for a copy or electronic transmittal of the data. Fees will be charged according to the City's current fee schedule and may not include time necessary to separate public from non-public data. Prepayment of fees prior to receiving the copies is mandatory. In some situations, the City may also ask for a refundable deposit prior to copying data if the actual cost of providing copies may result in a large fee. Fees are established annually by ordinance. Information regarding the City's approved fee schedule is attached in **Exhibit 2**.

4.0 Access to Private and Confidential Data on Individuals. Information about individual people is classified by law as public, private, or confidential. An inventory of the private and confidential information maintained by the City is contained in **Appendix A**.

4.1 People Entitled to Access.

4.1A Public information about an individual may be shown or given to anyone for any reason.

4.1B Private information about an individual may be shown or given to:

4.1B1 The individual, but only once every six months, unless a dispute has arisen or additional data has been collected or created.

4.1B2 A person who has been given access by the express written consent of the data subject. See **Exhibit 6**.

4.1B3 People, or another responsible authority, which are authorized access by federal or state law or by court order.

4.1B4 People within the City staff, the City Council, and outside agents (such as attorneys, insurance agents, etc.) whose work assignments or responsibilities reasonably require access.

4.1C Confidential information may not be given to the subject of the data, but may be given or shown to:

4.1C1 People who are authorized access by federal or state law or by court order.

4.1C2 People within the City staff, the City Council, and outside agents (such as attorneys, insurance agents, etc.) whose work assignments or responsibilities reasonably require access.

4.2 Form of Request. The data request generally requires a written request on a form provided by the City, and sending it by email, U.S. mail, or by hand-delivering it to the City. See **Exhibit 3**. Data will be released depending on whether or not the City has stored the data requested and whether the data is classified as public, private, or confidential.

4.3 Requests for Private or Confidential Information. All requests to see private or confidential information must be made in writing in order to verify identity. The Responsible Authority will provide a form. See **Exhibit 3**. to document the requesting party's identity, the information requested, and the City's response; however, any individual may request data verbally or in writing as long as the request is accompanied by documentation providing the requesting party's identity and a detailed description of the information requested.

4.4 Identification of Requesting Party. The Responsible Authority **must** verify the identity of the requesting party as a person entitled to access when private or confidential data is requested. Identity can be established through personal knowledge, presentation of photo identification, comparison of the data subject's signature on a consent form with the person's signature in City records, or other reasonable means.

4.5 Time Limits. Requests will be received and processed at Isanti City Hall only during normal business hours. Access to the data will be provided as soon as is reasonably possible. Data requested by the individual data subject will be provided within ten days of the date of the request, excluding Saturdays, Sundays and legal holidays if an immediate response is not possible.

4.6 Fees. Fees will be charged in the same manner as for public information and are summarized in **Exhibit 2**.

4.7 Summary Data. The term summary data refers to statistical records and reports derived from data on individuals but which does not identify an individual by name or reveal any other characteristic that could uniquely identify an individual. Summary data derived from private or confidential data is public. The Responsible Authority will prepare summary data upon request, if the request is in writing and the requesting party pays for the cost of preparation. The

Responsible Authority must notify the requesting party about the estimated costs and collect these costs before preparing or supplying the summary data. This should be done within 10 days after receiving the request. If the summary data cannot be prepared within 10 days, the Responsible Authority must notify the requester of the anticipated time schedule and the reason for the delay.

Summary data may be prepared by "blacking out" personal identifiers, cutting out portions of the records that contain personal identifiers, creating a spreadsheet, programming computers to delete personal identifiers, or other reasonable means.

The Responsible Authority may ask an outside agency or person to prepare the summary data if (1) the specific purpose is given in writing (2) the agency or person agrees not to disclose the private or confidential data, and (3) the Responsible Authority determines that access by this outside agency or person will not compromise the privacy of the private or confidential data. See **Exhibit 4**.

4.8 **Records of Minors and Incapacitated Persons** as defined in Minnesota Statutes § 524.5-102, subdivision 6. The following applies to private (not confidential) data about people under the age of 18 and about those persons who are incapacitated as defined by Minnesota Statutes § 524.5-102, subdivision 6.

4.8A Parent /Guardian Access. In addition to the people listed above who may have access to private data, a Parent may have access to private information about a minor or incapacitated person. For the purposes of these procedures, "Parent" shall include guardians and individuals acting as parents or guardians in the absence of parents or guardians. A Parent is presumed to have this right unless the minor has requested the Responsible Authority to withhold the data and withholding the data would be in the best interest of the minor, or unless the Responsible Authority has been given evidence that there is a state law, court order, or other legally binding document, that restricts the Parent's exercise of this right.

4.8B Notice to Minor and Incapacitated Persons. Before requesting private data from minors or incapacitated persons, City personnel must notify the minors and incapacitated persons that they may request that the information not be given to their parent or guardian(s). See **Exhibit 5**.

4.8C Denial of Parent or Guardian Access. The Responsible Authority may deny parent or guardian access to private data when the individual requests this denial and the Responsible Authority determines that withholding the data would be in the best interest of the individual. The request from the individual must be in writing, stating the reasons for the request. In determining the best interest of the individual, the Responsible Authority will consider:

4.8C1 Whether the individual is of sufficient age and maturity to explain the reasons and understand the consequences,

4.8C2 Whether denying access may protect the individual from physical or emotional harm,

4.7C3 Whether there are reasonable grounds to support the individual's reasons, and

4.8C4 Whether the data concerns medical, dental, or other health services provided under Minnesota Statutes Sections 144.341 to 144.347. If so, the data may be released only if failure to inform the parent or guardian would seriously jeopardize the health of the individual.

The Responsible Authority may also deny parental access without a request from the juvenile or incapacitated person under Minnesota Statutes Section 144.335, or under any other state or federal statute that allows or requires denial of parental access and that provides standards for denying parental access.

5.0 Access to Private and Confidential Data on Decedents. Private data on decedents means data which, prior to the death of the data subject, were classified by statute, federal law, or temporary classification as private data. Confidential data means data which, prior to the death of the data subject, were classified by statute, federal law, or temporary classification as confidential data. An Inventory of the private and confidential information maintained by the City is contained in **Appendix A.** Information about individuals who are deceased will be treated the same as data that is about individuals who are living except:

5.0A Private and confidential data on decedents will become public data ten years after the death of the data subject **and** 30 years after the creation of the data in accordance with Minnesota Statutes Section 13.10, subdivision 2. An individual is presumed dead if either 90 years elapsed since the creation of the data or 90 years have elapsed since the individual's birth, whichever is earlier, except that an individual is not presumed to be dead if the Responsible Authority has information readily available to it indicating the individual is still living.

5.0B A representative of the decedent may exercise the rights that the decedent could have exercised as a living individual. A "representative of the decedent" means a personal representative of the estate of the decedent during the period of administration, or if no personal representative has been appointed or after discharge, the surviving spouse, any child of the decedent, or, if there is no surviving spouse or children, the parents of the decedent.

6.0 Access to Data Not On Individuals. Information not about individuals is classified by law as public, nonpublic, and protected nonpublic. Information that is not about individuals will generally be treated the same as data about individuals. Nonpublic and protected nonpublic information, except for security information, becomes public either ten years after it was created by the City or ten years after the data was received or collected by the City unless the Responsible Authority reasonably determines that if the information was made public or made available to the data subject that the harm to the public or the data subject would outweigh the benefit to the public or the data subject.

6.1 People Entitled to Access.

6.1A Public information not about an individual may be shown to anyone. Copyrighted documents will not be reproduced or photocopied without express written permission from the copyright holder. See **Exhibit 7**.

6.1B Nonpublic information not about an individual may be shown or given to:

6.1B1 An authorized representative of the subject entity of the data, but only once every six months, unless a dispute has arisen or additional data has been collected.

6.1B2 A person who has been given access by the express written consent of the authorized representative of the entity which is the subject of the data. See **Exhibit 6**.

6.1B3 People who are authorized access by federal or state law or by court order.

6.1B4 People within the City staff, the City Council, and outside agents (such as attorneys, insurance agents, etc.) whose work assignments or responsibilities reasonably require access.

6.1C Protected Nonpublic information may not be given to the authorized representative of the entity, but may be given or shown to:

6.1C1 People who are authorized access by federal or state or by court order.

6.1C2 People within the City staff, the City Council, and outside agents (such as attorneys, insurance agents, etc.) whose work assignments or responsibilities reasonably require access.

6.2 Form of Request. The data request generally requires a written request on a form provided by the City, and sending it by email, U.S. mail, or by hand-

delivering it to the City. See **Exhibit 3**. Data will be released depending on whether or not the City has stored the data requested and whether the data is classified as public, nonpublic, protected nonpublic or is copyrighted.

6.3 Form of Request (Nonpublic or Protected Nonpublic Information). All requests to view or receive a reproduction of nonpublic or protected nonpublic information must be made in writing in order to verify identity. All requests to receive a reproduction of copyrighted public, nonpublic or protected nonpublic information must be made in writing in order to determine if the request for copyrighted material qualifies for release under copyright law of the United States (Title 17, United States Code.) The Responsible Authority will provide a form , **Exhibit 3**, to document the requesting party's identity, the information requested, and the City's response; however, any person may request data verbally or in writing as long as the request includes documentation of the requesting party's identity and a detailed description of the information requested.

6.4 Identification of Requesting Party. The Responsible Authority must verify the identity of the requesting party as a person entitled to access when nonpublic or protected nonpublic data is requested. The Responsible Authority must also verify the identity of the requesting party as a person entitled to access when copies of copyrighted private, nonpublic, or protected nonpublic data is requested. Identity can be established through personal knowledge, presentation of photo identification, comparison of the data subject's signature on a consent form with the person's signature in City records, or other reasonable means.

6.5 Time Limits. Requests will be received and processed at Isanti City Hall only during normal business hours. The response must be immediate, if possible, or prompt and reasonable, if an immediate response is not possible.

6.6 Fees. Fees will be charged in the same manner as for public information and are summarized in **Exhibit 2**.

6.7 Accessibility of Records. Upon request by an individual, records must be made available within a reasonable time period to persons with disabilities in a manner consistent with state and federal laws prohibiting discrimination against persons with disabilities. Reasonable modifications must be made in any policies, practices and procedures that might otherwise deny equal access to records to individuals with disabilities. This requirement does not apply to (1) technology procured or developed prior to January 1, 2013, unless substantially modified or substantially enhanced after January 1, 2013 or (2) records that cannot be reasonably modified to be accessible without an undue burden as defined in Minnesota Statutes Section 16E.015, subdivision 4 to the public entity or (3) except as otherwise provided in Minnesota Statutes Chapter 16E.

7.0 Temporary Classification. If the Responsible Authority determines information not expressly classified by law should be protected, the Responsible Authority may apply to

the Department of Administration Commissioner for permission to classify information as private, confidential, nonpublic or protected nonpublic for its own use and for the use of other governmental entities on a temporary basis. The application and the classification of the information shall be in accordance with Minnesota Statutes Section 13.06.

8.0 Denial of Access. If the Responsible Authority determines that the requested data is not accessible to the requesting party, the Responsible Authority must inform the requesting party verbally at the time of the request or in writing as soon after that as possible. The Responsible Authority must give the specific legal authority, including statutory section, for withholding the data. The Responsible Authority must place a verbal denial in writing upon request. This must also include the specific legal authority for the denial.

9.0 Collection of Data on Individuals. The collection and storage of information about individuals will be limited to that necessary for the administration and management of the programs specifically authorized by the state legislature, City Council, or federal government.

9.1 Tennessen Warning. When an individual is asked to supply private or confidential information about the individual, the City employee requesting the information must give the individual a Tennessen warning. See **Exhibit 8; Exhibit 9**.

9.1A This warning must contain the following:

9.1A1 The purpose and intended use of the requested data,

9.1A2 Whether the individual may refuse or is legally required to supply the requested data,

9.1A3 Any known consequences from supplying or refusing to supply the information, and

9.1A4 The identity of other persons or entities authorized by state or federal law to receive the data.

9.1B A Tennessen warning is not required when:

9.1B1 An individual is requested to supply investigative data to a law enforcement officer;

9.1B2 The data subject is not an individual (e.g., the data subject is a corporation or partnership);

9.1B3 The data subject offers information that has not been requested by the City;

9.1B4 The information requested from the individual is about someone else;

9.1B5 The City receives information about the subject from someone else; or

9.1B6 The information requested from the subject is classified as public data.

9.1C A Tennessen warning may be on a separate form (**Exhibit 9**) or may be incorporated into the form which requests the private or confidential data.

9.1D Collection of Data on Individuals through the Use of the City's Computer. When an individual gains access to government information or services through the City's computer, the City may create, collect, or maintain electronic access data or use its computer to install a cookie on an individual's computer. The City must inform individuals gaining access to the City's computer of the creation, collection, or maintenance of electronic access data or the City's use of cookies before requiring the individual to provide any data about the individual to the City. As part of that notice, the City must inform the individual how the data will be used and disseminated. Notwithstanding an individuals' refusal to accept a cookie on its computer, the City must allow the individual to gain access to data or information, transfer data or information, or use government services by means of the City's computer.

9.2 Data Quality Procedures. The City is required to establish procedures to ensure that data on individuals are accurate, complete and current. The Responsible Authority shall work with employees that collect, use, or disseminate data on individuals to implement the following procedures:

9.2A At the time that data is collected from the individual data subject, the individual should be advised of his or her right to review and contest the accuracy or completeness of public or private data concerning him/herself.

9.2B An individual data subject should be encouraged to review his/her file for accuracy, completeness and currency.

9.2C Whenever possible and practical, collect data about an individual from the individual subject of the data rather than from third parties (e.g.,

birthdate, address, etc.). (This directive does not prohibit employees from collecting data from third parties.)

9.2D Design forms to collect objective types of data elements whenever possible, rather than data which calls for an opinion or conclusion or other subjective entry. Forms for the collection of data on individuals should request only necessary data.

9.2E Department heads should periodically review forms used to collect data on individuals. Data elements that are not necessary or that lend themselves to ambiguity or subjectivity should be removed and the forms redesigned.

9.2F Department heads should periodically conduct quality/validity check on sample case files that contain data on individuals.

10.0 Challenge to Data Accuracy or Completeness. An individual who is the subject of public or private data may contest the accuracy or completeness of that data maintained by the City. The individual must notify the City's Responsible Authority in writing describing the nature of the disagreement. Within 30 days, the Responsible Authority must respond and either (1) correct the data found to be inaccurate or incomplete and attempt to notify past recipients of inaccurate or incomplete data, including recipients named by the individual, or (2) notify the individual that the authority believes the data to be correct.

An individual who is dissatisfied with the Responsible Authority's action may appeal to the Commissioner of the Minnesota Department of Administration, using the contested case procedures under Minnesota Statutes Chapter 14. The Responsible Authority will correct any data if so ordered to do so by the Commissioner.

11.0 Data Protection.

11.1 Accuracy and Currency of Data.

11.1A All employees will be requested, and given appropriate forms, to provide updated personal information to the appropriate supervisor, City Administrator, Human Resources/City Clerk, or Finance Director, which is necessary for tax, insurance, emergency notification, and other personnel purposes. Other people who provide private or confidential information will also be encouraged to provide updated information when appropriate.

11.1B Department heads should, on a yearly basis, review forms used to collect data on individuals to delete items that are not necessary and to clarify items that may be ambiguous.

11.1C All records must be disposed of according to the State of Minnesota General Records Retention Schedule.

11.2 **Data Safeguards/Ensuring Security of Not Public Data.** The City has established the following procedures to ensure appropriate access to not public data:

11.2A Data Inventory. Pursuant to Minn. Stat. §13.025, subd. 1, the City has a Data Inventory that identifies and describes all not public data on individuals maintained by the City. See **Appendix A**. To comply with Minn. Stat. §13.05, subd. 5, the City has modified its Data Inventory to represent the employees who have access to not public data.

11.2B In the event of a temporary duty as assigned by the City Administrator or Supervisor, an employee may access certain not public data, for as long as the work is assigned to the employee.

11.2C In addition to those employees listed in the Inventory, the Responsible Authority/Compliance Officer (City Administrator, Human Resources/City Clerk), Data Practices Designee, City Councilmembers, City Attorney, or specific City agent may have access to all not public data maintained by the City for specified duties. Any access to not public data will be strictly limited to the data on an as-needed basis and only as necessary to complete the work assignment.

11.2D Employee position descriptions and job responsibilities. Position descriptions may contain provisions identifying any not public data accessible to the employee when a work assignment reasonably requires access. Only those employees whose job responsibilities require them to have access will be allowed access to files and records that contain private or confidential information. The City Administrator or Human Resources/City Clerk shall instruct these employees to:

11.2.D1 1) not discuss, disclose, or otherwise release private or confidential data to anyone other than City employees whose job responsibilities require access to the data;

11.2.D2 2) Password-protect their computers and lock their computers before leaving work stations;

11.2.D3 3) Secure no public data within locked work spaces and in locked file cabinets;

11.2.D4 4) not leave private or confidential data where non-authorized individuals might see it; and

11.2.D5 5) shred private or confidential data before discarding.

11.2E When a contract with an outside party requires access to private or confidential information, the contracting party will be required to use and disseminate the information consistent with the Act. The City must include in a written contract the language contained in **Exhibit 10** or substantially similar language.

11.2F **Data Storage.** Private and confidential information will be stored in files, work spaces, or databases that are not readily accessible to individuals who do not have authorized access and that will be secured during hours when offices are closed. Private and confidential data will be kept only in City offices, except when necessary for City business. The City will limit access to shared network drives and implement password protections, where necessary, for not public data.

11.2G **Appointment of Designees.** To further ensure appropriate access and compliance with laws, the City Administrator, an appointed responsible authority designee, the Human Resources/City Clerk. See **Appendix A.**

11.2H **Data Sharing with Authorized Entities or Individuals.** State or federal law may authorize the sharing of public data in specific circumstances. Not public data may be shared with another entity if a federal or state law allows or mandates it. Individuals will receive notice of any sharing in applicable Tennessen warnings or the City will obtain the individual's consent. Any sharing of not public data will be strictly limited to the data necessary or required to comply with the applicable law.

11.2I **Security Assessment.** The City will conduct a comprehensive security assessment of any personal information maintained by the City (i.e., social security numbers, driver's license or identification numbers, and account, credit and debit card numbers along with any security code, access code or passwords that would permit access to an individual's financial account).

11.3 **Procedures for Breaches in Security.**

11.3A In the event of an unauthorized breach of the security of not public data, the City will follow all applicable procedures pursuant to Minn. Stat. § 13.055. The City will promptly investigate a breach in the security of data. Upon completion of the investigation and final disposition of any

disciplinary action related to the breach, the City will prepare a report on the facts and results of the investigation.

11.3B If the breach involves unauthorized access to or acquisition of data by an employee, contractor, or agent of the City, the report will include: 1) a description of the type of data that were accessed or acquired; 2) the number of individuals whose data was improperly accessed or acquired; 3) if there has been final disposition of disciplinary action, the name of each employee determined to be responsible for the unauthorized access or acquisition; and 4) the final disposition of any disciplinary action taken against each employee in response.

11.3C The City will notify the subject of the data that the report is being prepared and how to access the report and that the report may be requested by mail or email. Notification to the data subject may be delayed if a law enforcement agency determines that the notification will impede an active criminal investigation. After the law enforcement agency determines that notification will not compromise the investigation, the notification must be made to the data subject.

11.3D The City will notify each data subject affected by a breach in writing either by first class mail or by electronic notice, or by substitute notice, as allowed by law.

11.4 Penalties for Unlawfully Accessing Not Public Data. The City will utilize penalties for unlawful access by its employees to not public data as provided for in Minnesota Statutes Section 13.09, if necessary. Penalties include suspension, dismissal, or referring the matter to the appropriate prosecutorial authority who may pursue a criminal misdemeanor charge.

EXHIBIT 1

LIST OF DESIGNEES

The Minnesota Data Practices Act establishes a system for compilation and distribution of data gathered by government agencies. All data collected and maintained by the City of Isanti ("City") is presumed public and is accessible to the public for both inspection and copying, unless classified as Private, Confidential, Nonpublic or Protected Nonpublic in accordance with Federal law, State Statute or a temporary classification.

The City has appointed the following position to administer this system.

Responsible Authority and Data Practices Designee:

Lindsey Giese
Human Resources|City Clerk
City of Isanti
110 1st Avenue NW PO Box 428
Isanti, MN 55040
P: (763) 444-5512
F: (763) 444-5560
E: LGiese@cityofisanti.us

Data Practices Compliance Official
Donald Lorsung
City Administrator
City of Isanti
110 1st Avenue NW PO Box 428
Isanti, MN 55040
P: (763) 444-5512
F: (763) 444-5560
E: DLorsung@cityofisanti.us

The Responsible Authority, Compliance Official, and Designee shall have access to all records.

Other persons responsible for the maintenance and dissemination of City records are as apparent or assigned.

EXHIBIT 2

Annual Fee Schedule

The City of Isanti charges members of the public for copies of government data. These charges are authorized under Minnesota Statutes, section 13.03, subdivision 3(c).

Pre-Payment Mandatory

Pre-payment is mandatory for all copy requests for which fees are charged. Additionally, if a data request will result in voluminous numbers of documents, the City may ask for a deposit prior to copying data. If the cost of providing the copies is less than the deposit amount, the person making the data request will receive a refund of the unused deposit amount. If the cost of providing the copies exceeds the deposit amount, the person making the data request is responsible for the remaining balance before the copies will be provided. The deposit amount must be paid before the City will begin working on processing a data request.

Standard Charges

Please note: An administrative fee may be charged for services not specifically identified, as deemed appropriate by the City Council (and or designees – City Administrator, Human Resources/City Clerk). An administrative fee may be added to the charges in the Fee Register for those situations where the specified fee does not adequately compensate the City.

- The City will not require payment for copies if the cost of copies is less than $5.00.

- 100 or fewer black and white paper copies/ 8.5" x 11"
  single-sided – 25 cents
  double-sided – 50 cents

- 100 or More Paper Copies, or Most Other Types of Copies – Actual Cost

What is Actual Cost?

The charge for most other types of copies, when a charge is not set by statute or rule, is the actual cost of searching for and retrieving the data, and making the copies, or electronically transmitting the data (e.g. sending the data by email).

In determining the actual cost of making copies, the City considers factors including but not limited to:

- Staff time to:
  - retrieve documents (except when the subject of the data is making the request);
  - make, certify and compile copies;
  - sort and label documents only if necessary to identify the data to be copied;

- remove staples or paper clips;
- Please note: the cost of employee time to search for data, retrieve data, and make copies should generally not exceed those of the lowest-paid employee who can complete the task performed. However, if, because of the subject matter of the request, the City finds it necessary for a higher-paid employee to search for and retrieve the data, the City will calculate the search and retrieval portion of the copy charge at the higher salary/wage;

- Materials (paper, copier ink, staples, magnetic tapes, CD's or DVD's, thumb drives, etc.);
- Special costs associated with making copies from computerized data, such as writing or modifying a computer program to format data;
- Mailing costs; and/or
- Costs to pay an outside vendor (including transportation to and from the vendor) if the request is for copies of data that we cannot reproduce ourselves, such as photographs.

EXHIBIT 9

City of Isanti
Tennessen Warning Form

It is the City of Isanti's responsibility to inform potential employees of their privacy rights. Please carefully read the Tennessen Warning provided below. Sign and date the form and return it with your application. Your signature indicates that you have received information regarding your rights as they pertain to the Minnesota Government Data Practices Act.

The Minnesota Government Data Practices Act (Minn. Stat. §§ 13.01 – 13.90) includes two sections affecting applicants seeking employment with the City of Isanti. First, under "Rights of Subjects of Data" (Minn. Stat. § 13.04), when an applicant is asked to provide information about him/herself, the City must advise you of:

- The purpose and intended use of the data;
- Whether you may refuse or are legally required to supply the requested data;
- Any known consequences arising from your supplying or refusing to supply the data; and
- The identity of other persons or organizations authorized by State of Federal law to receive the data you provide.

Second under "Personnel Data" (Minn. Stat. §13.43) the following data on you as an applicant for employment by a public agency is automatically public:

- Your veteran's status;
- Your job history;
- Your education and training;
- Your relevant test scores;
- Your rank on our eligibility list; and
- Work availability.

As an applicant, your name is considered private until you are certified as eligible for appointment to a position or are considered by the appointing authority to be a finalist for a position in public employment.
If you are hired, the following additional data about you will be considered public information:

- Your name;
- Your employee identification number (which is not your Social Security number);
- Your actual gross salary, contract fees, salary range, and actual gross pension;
- The value and nature of employer paid benefits;
- The basis for and the amount of any added remuneration, including expense reimbursement, in addition to your salary;
- You job title, bargaining unit (if applicable) and job description;
- The dates of your first and last employment with us;
- The status of any written complaints or charges against you while you work for the City of Isanti, regardless whether or not they have resulted in disciplinary

action, the final disposition of any disciplinary action and supporting documentation;

- You work location and work telephone number;
- Your education and training background;
- Work-related continuing education;
- Honors and awards you have received;
- Payroll timesheets or other comparable data that are only used to account for your works time for payroll purposes: except to the extent that release of time sheet data would reveal employee's reasons for the use of sick or other medical leave or other non-public data;
- Your previous work experience;
- The "complete" terms of any settlement agreement (including buyout agreements) except that the agreement must include the specific reasons if it involves the payment of more than $10,000 of public money; and
- Your badge number. This data is private if the candidate is applying for or is hired for an undercover law enforcement position.

All data concerning you which is placed in your personnel file and which is not addressed in statute as public data (see above listing) is private data. This private data will be available to you and those members of city staff needing it to process city records. In addition, the following persons or organization are authorized by state and federal law to receive this data if they so request in certain circumstances:

- The Bureau of Census;
- Federal, State and County Auditors;
- The State Department of Public Welfare;
- The Department of Human Rights;
- Applicant Data Practices Advisory Continued
- Federal Officials investigating compliance of Affirmative Action and Equal Employment Opportunities;
- Labor organizations and the Bureau of Mediation Services;
- Data may also be made available through court order.

With the exception of the optional data requested, the data you provide is needed to identify you and you assist in determining your suitability for the position for which you are applying. The optional data is used in summary form by the city's Affirmative Action Program to monitor protected class employment and meet federal, state and local reporting requirements. Furnishing the optional data requested about you in voluntary.

NOTICE REGARDING SOCIAL SECURITY NUMBER: This information will be used for payroll taxes, insurance purposes, and retained in the employee's data record.

NOTICE TO MINORS: Minors from whom private data or confidential data is collected have the right to request that parental access to the private data be denied.

If you have any questions regarding your rights as a subject of data, please contact the City of Isanti Human Resources at 110 1st Ave NW P.O. Box 428, Isanti, MN 5501 1.

This information is subject to change consistent with subsequent amendments to the Minnesota Government Data Practices Act.

I have read and understand the information given above regarding the Minnesota Data Practices Act.

SAMPLE CONTRACT PROVISION

Data Practices Compliance. This contract is governed by Minnesota Statutes Section 13.05, subdivisions 6 and 11, the provisions of which are incorporated by reference into this contract. The City of Isanti ("City") agrees to give the CONTRACTOR access to data collected or maintained by the City as necessary to perform CONTRACTOR'S obligations under this contract. CONTRACTOR agrees to maintain all data created, collected, received, stored, used, maintained or disseminated by CONTRACTOR consistent with requirements of the Minnesota Government Data Practices Act, Minnesota Chapter 13 (the "Act"). CONTRACTOR will not release or disclose the contents of data classified as not public to any person except at the written direction of the City. CONTRACTOR agrees to defend and indemnify the City from any claim, liability, damage or loss asserted against the City as a result of CONTRACTOR'S failure to comply with the requirements of this Paragraph; provided that CONTRACTOR shall have no duty to defend or indemnify where CONTRACTOR has acted in conformance with the City's written directions.

EXHIBIT 11

Building Permit/Plans

DATA PRACTICES ADVISORY

You may be required to submit building plans with your building permit application so that the City of Isanti can determine whether or not your building permit application should be approved. If you do not submit plans when they are required, your building permit will not be approved. The Minnesota Government Data Practices Act establishes a presumption that all government data are public and are accessible by the public for both inspection and copying unless there is a federal law, a state statute, or a temporary classification of data that provides that certain data are not public. Minnesota Statutes Section 13.01 defines government data as being all data collected, created, received, maintained, or disseminated by the City.

The Government Data Practices Act allows building plans to be classified as non-public ONLY if they contain the following information:

> Security information defined by Minnesota Statutes Section 13.37 as being "government data the disclosure of which would be likely to substantially jeopardize the security of information, possessions, individuals or property against theft, tampering, improper use, attempted escape, illegal disclosure, trespass, or physical injury."
>
> AND / OR
>
> Trade Secret information defined by Minnesota Statutes Section 13.37 as being "government data, including a formula, pattern, compilation, program, device, method, technique or process (1) that was supplied by the affected individual or organization, (2) that is the subject of efforts by the individual or organization that are reasonable under the circumstances to maintain its secrecy, and (3) that derives independent economic value, actual or potential, from not being generally known to, and not being readily ascertainable by proper means by, other persons who can obtain economic value from its disclosure or use."

Building plans submitted to the City are generally public information and will be presumed to be available for copying and release to the public. If you hold a copyright to the plans and do not want them copied for the public, then you will need to indicate as such below. Also, if you believe that your building plans qualify for the classification of nonpublic data you must provide documentation verifying your claim. The responsible authority for the City of Isanti will determine whether or not the plans qualify for nonpublic data classification within 10 business days of the request.

Building plans and related documents submitted to the City are presumed to be public and by submitting them and signing this document you are expressly giving permission to

the City to make copies for the City's use and to make available to the public upon request unless you indicate otherwise as follows:

_____ **The building plans I have submitted contain SECURITY INFORMATION as defined by Minnesota Statutes Section 13.37, subdivision 1 (a) and are to be treated as protected nonpublic data.** I understand I must provide an explanation (below) to support my claim that the information I am providing constitutes security information under law.

_____ **The building plans I have submitted contain TRADE SECRET INFORMATION as defined by Minnesota Statutes Section 13.37, subdivision 1 (b) and are to be treated as protected nonpublic data.** I understand I must provide an explanation (below) to support my claim that the information I am providing constitutes trade secret information under law.

_____ **The building plans I have submitted are COPYRIGHTED under and protected by the Federal Copyright Act and I do not give permission for them to be copied for release to the public.** However, I understand the plans are considered public information under Minnesota law and may be viewed by the public.

APPENDIX A

NONPUBLIC, PRIVATE, AND CONFIDENTIAL DATA MAINTAINED BY THE CITY OF ISANTI

DATA INVENTORY

Pursuant to Minnesota Statute § 13.025, subd. 1, the City provides this Data Inventory identifying and describing all not public data on individuals maintained by the City. To comply with Minnesota Statute § 13.05, subd. 5, the City's Data Inventory also indicates the employees who have access to this data.

In addition to the employees listed, the City's Responsible Authority/Data Practices Compliance Official, Data Practices Designee(s), City Councilmembers, City Attorney, and specified agents of the City will also have access to all not public data only on an as-needed basis, and only when necessary as part of a specific work assignment.

This Inventory includes data divided into the following categories: General, Administration, Community and Real Property, Personnel, and Public Safety. These categories are provided only for convenience in locating types of data. Inclusion in any particular category is not intended to indicate an exclusive location for that data type. (For example, data listed under Personnel may be physically located in more than one City department.)

This Inventory includes citations to the applicable Minnesota Statutes. Please refer to the specific statutes cited for the complete details regarding the data classifications, any applicable exceptions, and other information.

EXHIBIT B

Data Practices Policy for Data Subjects

City of Isanti, Minnesota

Section 1
DATA ABOUT YOU

The Government Data Practices Act (Minnesota Statutes, Chapter 13) says that data subjects have certain rights related to a government entity collecting, creating, and keeping government data about them. You are the subject of data when you can be identified from the data. Government data is a term that means all recorded information a government entity has, including paper, email, DVDs, photographs, etc.

Classification of Data about You

The Government Data Practices Act presumes that all government data are public unless a state or federal law says that the data are not public. Data about you are classified by state law as public, private, or confidential. See below for some examples.

1. **Public data**: We must give public data to anyone who asks; it does not matter who is asking for the data or why.

   The following is an example of public data about you:
   Names of government employees, if you are a government employee

2. **Private data**: We cannot give private data to the general public, but you have access when the data are about you. We can share your private data with you, with someone who has your permission, with our government entity staff who need the data to do their work, and as permitted by law or court order.

   The following is an example of private data about you:
   Your social security number.

3. **Confidential data**: Confidential data have the most protection. Neither the public nor you can get access even when the confidential data are about you. We can share confidential data about you with our government entity staff who need the data to do their work and to others as permitted by law or court order. We cannot give you access to confidential data.

   The following is an example of confidential data about you:
   Your identity if you are the subject of an active criminal investigation.

Your Rights under the Government Data Practices Act

The City of Isanti must keep all government data in a way that makes it easy for you to access data about you. Also, we can collect and keep only those data about you that we need for administering and managing programs that are permitted by law. As a data subject, you have the following rights.

- **Access to Your Data**
  You have the right to look at (inspect), free of charge, public and private data that we keep about you. You also have the right to get copies of public and private data about you. The Government Data Practices Act allows us to charge for copies. You have the right to look at data, free of charge, before deciding to request copies.

  Also, if you ask, we will tell you whether we keep data about you and whether the data are public, private, or confidential.

  As a parent, you have the right to look at and get copies of public and private data about your minor children (under the age of 18). As a legally appointed guardian, you have the right to look

at and get copies of public and private data about an individual for whom you are appointed guardian.

Minors have the right to ask this government entity not to give data about them to their parent or guardian. If you are a minor, we will tell you that you have this right. We may ask you to put your request in writing and to include the reasons that we should deny your parents access to the data. We will make the final decision about your request based on your best interests. **Note**: Minors do not have this right if the data in question are educational data maintained by an educational agency or institution.

- **When We Collect Data from You**
  When we ask you to provide data about yourself that are not public, we must give you a notice. The notice is sometimes called a Tennessen warning. The notice controls what we do with the data that we collect from you. Usually, we can use and release the data only in the ways described in the notice.

  We will ask for your written permission if we need to use or release private data about you in a different way, or if you ask us to release the data to another person. This permission is called informed consent. If you want us to release data to another person, you must use the consent form we provide.

- **Protecting your Data**
  The Government Data Practices Act requires us to protect your data. We have established appropriate safeguards to ensure that your data are safe. In the unfortunate event that we determine a security breach has occurred and an unauthorized person has gained access to your data, we will notify you, conduct an investigation into the security breach, and prepare a report which you may obtain access, in accordance with the law.

- **When your Data are Inaccurate and/or Incomplete**
  You have the right to challenge the accuracy and/or completeness of public and private data about you. You also have the right to appeal our decision. If you are a minor, your parent or guardian has the right to challenge data about you.

How to Make a Request for Your Data

To look at data, or request copies of data that this government entity keeps about you, your minor children, or an individual for whom you have been appointed legal guardian, the City generally requires a written request. Make your request for data to the appropriate individual listed in the Data Practices Contacts in **Section 2**. You may make your request by filling out a form provided by the City (also attached to this Policy), and sending it by email, U.S. mail, or by hand-delivering it to the City.

Please be sure that your written data request is as clear and detailed as possible. If the City does not understand your request, the City may ask you for clarification. The City cannot begin processing your data request if you do not provide the requested clarification.

In addition, if your request is so broad that it yields voluminous data, the City may ask if there is more specific data you seek. The City may also ask whether you wish to inspect the data at City offices prior to making copies, or require a deposit for the actual cost of providing copies. (See **Section 3** for information on copy costs and payment.)

The City requires proof of your identity before we can respond to your request for data. If you are requesting data about your minor child, you must show proof that you are the minor's parent. If you are a guardian, you must show legal documentation of your guardianship. Please see the Standards for Verifying Identity located in **Section 4**.

How We Respond to a Data Request

Once you make your request, we will work to process your request. If it is not clear what data you are requesting, we will ask you for clarification.

- If we do not have the data, we will notify you in writing within 10 business days.
- If we have the data, but the data are confidential or private data that are not about you, we will notify you within 10 business days and state which specific law says you cannot access the data.
- If we have the data, and the data are public or private data about you, we will respond to your request within 10 business days, by doing one of the following:
    - arrange a date, time, and place to inspect data, for free, if your request is to look at the data, or
    - provide copies of the data within 10 business days. You may choose to pick up your copies, or we will mail them to you. We will provide electronic copies (such as email or CD-ROM) upon request if we keep the data in electronic format.

Please see Section 3, so that you understand how the City calculates costs for copies and your obligations regarding payment of copies. You will be responsible to pre-pay for the cost of copies prior to receipt of the copies. In addition, if a deposit is required as described in Section 1, *How to Make a Request for Your Data,* you must pay the deposit before the City will begin working on your request.

After we have provided you with access to data about you, we do not have to show you the data again for 6 months unless there is a dispute or we collect or create new data about you.

If you do not understand some of the data (technical terminology, abbreviations, or acronyms), please let us know. We will give you an explanation if you ask.

The Government Data Practices Act does not require us to create or collect new data in response to a data request if we do not already have the data, or to provide data in a specific form or arrangement if we do not keep the data in that form or arrangement. For example, if the data you request are on paper only, we are not required to create electronic documents to respond to your request. In addition, we are not required under the Government Data Practices Act to respond to questions that are not specific requests for data.

Section 3
Copy Costs and Payment – Data Subjects

This government entity charges data subjects for copies of government data. These charges are authorized under Minnesota Statutes, section 13.04, subdivision 3.

Pre-payment is mandatory for all copy requests for which fees are charged. Additionally, if a data request will result in voluminous numbers of documents, the City may ask for a deposit prior to copying data. If the cost of providing the copies is less than the deposit amount, you will receive a refund of the unused deposit amount. If the cost of providing the copies exceeds the deposit amount, you are responsible for the remaining balance before the copies will be provided to you. You must pay the deposit amount before the City will begin working on your request.

The City will not require payment for copies if the cost of copies is less than $5.00.

Actual cost

When the subject of the data requests copies, the City may charge for the actual costs of making, certifying and compiling the copies.

In determining the actual cost of making copies, the City considers factors including but not limited to:

- Staff time to:
  - make, certify and compile copies;
  - sort and label documents only if necessary to identify the data to be copied;
  - remove staples or paper clips;
- Materials (paper, copier ink, staples, magnetic tapes, CD's or DVD's, thumb drives, etc.);
- Special costs associated with making copies from computerized data, such as writing or modifying a computer program to format data;
- Mailing costs; and/or
- Costs to pay an outside vendor (including transportation to and from the vendor) if your request is for copies of data that we cannot reproduce ourselves, such as photographs.

The City cannot require you, as a member of the public, to identify yourself or explain the reason for your data request. However, depending on how you want us to process your request (if, for example, you want us to mail you copies of data), we may need some information about you. If you choose not to give us any identifying information, we will provide you with contact information so you may check on the status of your request. In addition, please keep in mind that if we do not understand your request and have no way to contact you, we will not be able to process your request.

Section 4
Standards for Verifying Identity

The following constitute proof of identity.

- An **adult individual** must provide a valid photo ID, such as

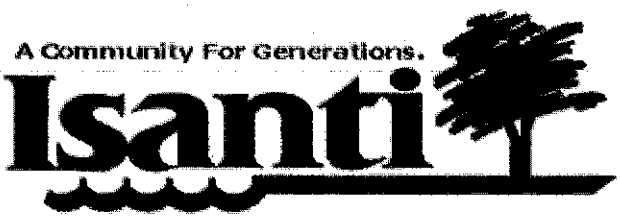
  - a Minnesota ID
  - a Minnesota tribal ID
- A **minor individual** must provide a valid photo ID, such as
  - a state driver's license
  - a military ID
  - a passport
  - a Minnesota ID
  - a Minnesota Tribal ID
  - a Minnesota school ID
- The **parent or guardian of a minor** must provide a valid photo ID *and either*
  - a certified copy of the minor's birth certificate *or*
  - a certified copy of documents that establish the parent or guardian's relationship to the child, such as
    - ❖ a court order relating to divorce, separation, custody, foster care
    - ❖ a foster care contract
    - ❖ an affidavit of parentage
- The **legal guardian for an individual** must provide a valid photo ID *and* a certified copy of appropriate documentation of formal or informal appointment as guardian, such as
  - court order(s)
  - valid power of attorney

Note: Individuals who do not exercise their data practices rights in person must provide either notarized or certified copies of the documents that are required or an affidavit of ID.

EXHIBIT C



Data Practices Policy for Members of the Public

City of Isanti, Minnesota

Section 1

Right to Access Public Data

The Government Data Practices Act (Minnesota Statutes, Chapter 13) presumes that all government data are public unless a state or federal law says the data are not public. Government data is a term that means all recorded information a government entity has, including paper, email, DVDs, photographs, etc.

The Government Data Practices Act also provides that the City of Isanti must keep all government data in a way that makes it easy for you, as a member of the public, to access public data. You have the right to look at (inspect), free of charge, all public data that we keep. You also have the right to get copies of public data. The Government Data Practices Act allows us to charge for copies. You have the right to look at data, free of charge, before deciding to request copies.

How to Make a Data Request

To look at data or request copies of data that the City keeps, the City generally requires a written request. Make your request for data to the appropriate individual listed in the Data Practices Contacts on page 4. You may make your request for data by filling out a form provided by the City (also attached to this Policy) and sending it by email, U.S. mail, or by hand-delivering it to the City.

Please be sure that your written data request is as clear and detailed as possible. If the City does not understand your request, the City may ask you for clarification. The City cannot begin processing your data request if you do not provide the requested clarification.

In addition, if your request is so broad that it yields voluminous data, the City may ask if there is more specific data you seek. The City may also ask whether you wish to inspect the data at City offices prior to making copies, or require a deposit for actual costs of providing the copies. (See **Section 3** for information on copy costs and payment.)

The City cannot require you, as a member of the public, to identify yourself or explain the reason for your data request. However, depending on how you want us to process your request (if, for example, you want us to mail you copies of data), we may need some information about you. If you choose not to give us any identifying information, we will provide you with contact information so you may check on the status of your request. In addition, please keep in mind that if we do not understand your request and have no way to contact you, we will not be able to process your request.

How We Respond to a Data Request

Upon receiving your request, the City will work to process it.

- If we do not have the data, we will notify you in writing as soon as reasonably possible.
- If we have the data, but the data are not public, we will notify you as soon as reasonably possible and state which specific law says the data are not public or cannot be disclosed.
- If we have the data, and the data are public, we will respond to your request appropriately and promptly, within a reasonable amount of time by doing one of the following:
    - arrange a date, time, and place to inspect data, for free, if your request is to look at the data, or
    - provide you with copies of the data as soon as reasonably possible. You may choose to pick up your copies, or we will mail or email them to you if possible. If you want us to send the copies through the mail, you will need to provide us with an address or email address. We may provide electronic copies (such as email or CD-ROM) upon request if we keep the data in electronic format.

Please see Section 3, so that you understand how the City calculates costs for copies and your obligations regarding payment of copies. You will be responsible to pre-pay for the cost of copies prior to receipt of the copies. In addition, if a deposit is required as described in Section 1, *How to Make a Data Request*, you must pay the deposit before the City will begin working on your data request.

If you do not understand some of the data (technical terminology, abbreviations, or acronyms), please let us know. We will give you an explanation if you ask.

The Government Data Practices Act does not require us to create or collect new data in response to a data request if we do not already have the data, or to provide data in a specific form or arrangement if we do not keep the data in that form or arrangement. For example, if the data you request are on paper only, we are not required to create electronic documents to respond to your request.

In addition, the Government Data Practices Act does not require us to answer questions that are not requests for data.

Requests for Summary Data

Summary data are statistical records or reports that are prepared by removing all identifiers from private or confidential data on individuals. The preparation of summary data is not a means to gain access to private or confidential data. We will prepare summary data if you make your request in writing and pre-pay for the cost of creating the data. Upon receiving your written request – you may use the data request form on page 6 – we will respond within ten business days with the data or details of when the data will be ready and how much we will charge.

Section 3

Copy Costs and Payment – Members of the Public

The City of Isanti charges members of the public for copies of government data. These charges are authorized under Minnesota Statutes, section 13.03, subdivision 3(c).

Pre-payment is mandatory for all copy requests for which fees are charged. Additionally, if a data request will result in voluminous numbers of documents, the City may ask for a deposit prior to copying data. If the cost of providing the copies is less than the deposit amount, you will receive a refund of the unused deposit amount. If the cost of providing the copies exceeds the deposit amount, you are responsible for the remaining balance before the copies will be provided to you. You must pay the deposit amount before the City will begin working on your request.

The City will not require payment for copies if the cost of copies is less than $5.00.

For 100 or Fewer Paper Copies – 25 Cents Per Page

100 or fewer pages of black and white, letter or legal size paper copies cost 25¢ for a one-sided copy, or 50¢ for a two-sided copy.

For 100 or More Paper Copies, or Most Other Types of Copies – Actual Cost

The charge for most other types of copies, when a charge is not set by statute or rule, is the actual cost of searching for and retrieving the data, and making the copies, or electronically transmitting the data (e.g. sending the data by email).

In determining the actual cost of making copies, the City considers factors including but not limited to:

- Staff time to:
  - retrieve documents (except when the subject of the data is making the request);
  - make, certify and compile copies;
  - sort and label documents only if necessary to identify the data to be copied;
  - remove staples or paper clips;
  - **Please note:** the cost of employee time to search for data, retrieve data, and make copies should generally not exceed those of the lowest-paid employee who can complete the task performed. However, if, because of the subject matter of your request, we find it necessary for a higher-paid employee to search for and retrieve the data, we will calculate the search and retrieval portion of the copy charge at the higher salary/wage;
- Materials (paper, copier ink, staples, magnetic tapes, CD's or DVD's, thumb drives, etc.);
- Special costs associated with making copies from computerized data, such as writing or modifying a computer program to format data;
- Mailing costs; and/or
- Costs to pay an outside vendor (including transportation to and from the vendor) if your request is for copies of data that we cannot reproduce ourselves, such as photographs.

MEMORANDUM

TO: Mayor George Wimmer
Members of the City Council

FROM: Ryan Kernosky, Community Development Director

DATE: June 20, 2017

SUBJECT: Request from Stev Stegner to waive Rental License Penalty Fee – PID 16.050.0170 (208 3rd Ave NW)

Background

Under Ch. 253 of the municipal code, the City inspects and regulates licensing of rental units. The purpose of inspecting and regulating rentals is to *"protect the public health, safety and welfare of citizens of the City that have as their place of abode a living unit furnished to them for the payment of a rental fee to another."* Within our code, rental licenses are issued every two years and expire on December 31, with the intention that license renewals need to be filed at least 60 days prior to license expiration.

Typically, in late summer/ early fall of the year the license is to expire, the City sends out reminder letters to the property owners. We have historically had good compliance with rental property owners in the City returning the rental license back to the City prior to the December 31st deadline.

Request

Stev Stegner owns the property at 208 3rd Ave NW, and currently rents the property. Mr. Stegner, like all other rental property owners, was sent a letter dated August 1, 2016 reminding him to renew his rental license. The City did not receive any updated rental license nor applicable fees by the December 31, 2016 deadline.

On May 19, 2017, the City Building Official sent Mr. Stegner a letter stating that the City had not received a rental license, and provided Mr. Stegner a deadline of June 2, 2017 to provide the City the proper license and applicable fees.

On May 31, 2017 Mr. Stegner provided the City with a $150.00 check but with no rental license. The City mistakenly deposited this check into his water utility account, this has since been corrected.

Not knowing that we had received the fee for a rental license, Mr. Stegner received a letter from my office giving him until June 12, 2017 to comply with our code, or face a possible citation. Mr.

Stegner then provided an email with a copy of the check, and his rental license dated June 12, 2017.

Per Resolution 2017-012 (establishing a fee schedule), rental license fees for single-family units are $150.00 with a 100% penalty fee for late licenses. Mr. Stegner is requesting that we waive the late fee.

Staff Recommendation

Staff is recommending that the City Council DENY Mr. Stegner's request.

Mr. Stegner has had ample time to comply with our municipal code. The City provided information on license fees and late fees in the August letter and again in the May letter. We are now six months into 2017, and have finally received all necessary materials to issue a license with the exception of the late fee. Staff has spent more than enough time trying to get Mr. Stegner's property into compliance, and I fear that if we waive this penalty fee, we are setting a precedent that will encourage other rental property owners to take a passive approach to complying with our municipal code.

Mayor Wimmer and Members of the Isanti City Council,

I have one rental home in Isanti. Over the years, I have complied with your rental policy. In January 2017, I asked the tenants if they were interested in purchasing the home and since their lease was up in May, I had not planned to continue leasing the property. The tenant asked if they could stay until Fall due to health reasons. At that time, I mailed in my rental license fee of $150 for 2017 since I had allowed the tenants to stay.

Recently, I received a letter from Ryan K the Community Development Director. He informed me that there was a 100% penalty for my late payment. I feel a 100% penalty fee is too high. It is much higher than other fees in your City. I would like to commend the rapid the thorough responses from Ryan. He was prompt and professional. He is an asset to your community.

It is still my intent to sell this home this Summer/Fall. I have already paid the rental fee and I am asking the Council to forgive the 100% penalty or at the least reduce the penalty to some more reasonable level and benchmark it against other City Fees.

I ask that you forgive or reduce the fees based on the following:
1. It was not my intent to continue leasing the property this far into the year. When I chose to extend the lease, I paid the fee.
2. The family has medical issues, so I granted them month to month status
3. I plan to sell the home within a few months.
4. City Fees are generally based on the cost to administer the license. In this case, there was a negligible amount of staff time to send a letter, it does not seem that there was $150 in added cost to the City.

Make it a Great Day!

Subject: Ordinance Regarding Commercial Parking Lot Facility Maintenance

---

Staff has developed an ordinance to address maintenance of commercial parking lot facilities. Parking lot facility maintenance items include surfacing, curbing, drainage system, lighting and accessibility. The draft ordinance language would require that parking lots are maintained to applicable engineering design and safety standards, including meeting ADA standards (see attached). Concerns with commercial parking lots would be reviewed by the City Engineer or their designee. They will be addressed as nuisances requiring immediate repair, or in timeframes set by the City Engineer or their designee.

The proposed ordinance has been reviewed by the City Attorney and the DOAC Committee.

ORDINANCE NO. ____

AN ORDINANCE AMENDING ISANTI CITY CODE CHAPTER 216 NUISANCES – COMMERCIAL PARKING LOTS

THE CITY COUNCIL OF THE CITY OF ISANTI DOES ORDAIN:

Section 216-4, Public nuisances affecting peace, safety, and general welfare, of the Code of the City of Isanti is hereby amended to read and include the following:

(5) All commercial parking lot facilities shall be maintained and operated in compliance with applicable engineering design and safety standards, including but not limited to applicable provisions of the Americans with Disabilities Act (ADA). Any such parking lot that fails to meet said standards as to surfacing, curbing, drainage system, lighting or accessibility, or is otherwise in such disrepair so as to be reasonably deemed to constitute a public safety hazard, as determined by the City Engineer or his or her designee, is hereby declared to be a nuisance. Nuisances constituting an immediate safety hazard shall be subject to immediate abatement. Otherwise, alleviation of nuisances shall be in conformance with timeframes set by the City Engineer or his or her designee.

EFFECTIVE DATE
This ordinance takes effect upon its passage and publication in the official newspaper of the City of Isanti.

Adopted by the City Council this 20th day of June, 2017.

MEMORANDUM

Date: June 12, 2017

To: Honorable Mayor Wimmer and Members of the City Council

From: Bradley C. DeWolf, P.E.
City Engineer

Subject: MnDOT Master Partnership Contract
City of Isanti, MN
Project No.: R13.113063

Please find enclosed a Master Partnership Contract from the Minnesota Department of Transportation. The Master Partnership Contract provides an opportunity for the City of Isanti and the Minnesota Department of Transportation to work together on such items as roadway maintenance and share professional services.

The City has had this agreement in place for the past 5 years. The Master Partnership Contract is valid for 5 years so it is time for renewal.

The Master Partnership Contract establishes the working relationship between the Minnesota Department of Transportation and the City of Isanti for such items as routine road maintenance and professional services. The Master Partnership Contract is a reciprocal agreement, meaning that the City of Isanti can utilize Mn/DOT services and Mn/DOT can utilize City of Isanti services. With the Master Partnership Contract in place, the overall time required for Mn/DOT and the City of Isanti to work jointly is greatly reduced.

We recommend that the City Council pass the enclosed resolution authorizing the Master Partnership Contract with the Minnesota Department of Transportation and approve the Master Partnership Contract. Upon approval by the City Council, 2 original signed copies of the Resolution and Master Partnership Contract will be forwarded to the District State Aid Engineer to be placed on file with the Minnesota Department of Transportation.

Please contact me if you have any questions.

RESOLUTION NO. 2017-____

RESOLUTION ENTERING INTO A MASTER PARTNERSHIP CONTRACT WITH THE MINNESOTA DEPARTMENT OF TRANSPORATION

WHEREAS, The Minnesota Department of Transportation wishes to cooperate closely with local units of government to coordinate the delivery of transportation services and maximize the efficient delivery of such services at all levels of government; and

WHEREAS, MnDOT and local governments are authorized by Minnesota Statutes sections 471.59, 174.02, and 161.20, to undertake collaborative efforts for the design, construction, maintenance and operation of state and local roads; and

WHEREAS, the parties wish to able to respond quickly and efficiently to such opportunities for collaboration, and have determined that having the ability to write "work orders" against a master contract would provide the greatest speed and flexibility in responding to identified needs.

NOW, THEREFORE, IT IS HEREBY RESOLVED by the City Council of the City Of Isanti, Minnesota:

1. That the City of Isanti enter into a Master Partnership Contract with the Minnesota Department of Transportation, a copy of which was before the Council.

2. That the proper City officers are authorized to execute such contract, and any amendments thereto.

3. That the Isanti City Engineer is authorized to negotiate work order contracts pursuant to the Master Contract, which work order contracts may provide for payment to or from MnDOT, and that the City Engineer may execute such work order contracts on behalf of the City of Isanti without further approval by this Council.

This resolution was duly adopted by the Isanti City Council this 20th day of June 2017.

DEPARTMENT OF TRANSPORTATION

MnDOT Contract Number: 1028387

STATE OF MINNESOTA

AND

CITY OF ISANTI

MASTER PARTNERSHIP CONTRACT

This master contract is between the State of Minnesota, acting through its Commissioner of Transportation in this contract referred to as the "State" and the City of ISANTI, acting through its City Council, in this contract referred to as the "Local Government."

Recitals

1. The parties are authorized to enter into this contract pursuant to Minnesota Statutes, §§15.061, 471.59 and 174.02.
2. Minn. Stat. § 161.20, subd. 2, authorizes the Commissioner of Transportation to make arrangements with and cooperate with any governmental authority for the purposes of constructing, maintaining and improving the trunk highway system.
3. Each party to this contract is a "road authority" as defined by Minn. Stat. §160.02, subd. 25.
4. Minn. Stat. § 161.39, subd. 1, authorizes a road authority to perform work for another road authority. Such work may include providing technical and engineering advice, assistance and supervision, surveying, preparing plans for the construction or reconstruction of roadways, and performing roadway maintenance.
5. Minn. Stat. §174.02, subd. 6, authorizes the Commissioner of Transportation to enter into contracts with other governmental entities for research and experimentation; for sharing facilities, equipment, staff, data, or other means of providing transportation-related services; or for other cooperative programs that promote efficiencies in providing governmental services, or that further development of innovation in transportation for the benefit of the citizens of Minnesota.
6. Each party wishes to occasionally purchase services from the other party, which the parties agree will enhance the efficiency of delivering governmental services at all levels. This Master Partnership Contract (MPC) provides a framework for the efficient handling of such requests. This MPC contains terms generally governing the relationship between the parties. When specific services are requested, the parties will (unless otherwise specified) enter into a "Work Order" contracts.
7. After the execution of this MPC, the parties may (but are not required to) enter into "Work Order" contracts. These Work Orders will specify the work to be done, timelines for completion, and compensation to be paid for the specific work.
8. The parties are entering into this MPC to establish terms that will govern all of the Work Orders subsequently issued under the authority of this Contract.

Master Partnership Contract

1. Term of Master Partnership Contract; Use of Work Order Contracts; Survival of Terms

1.1. ***Effective Date:*** This contract will be effective on the date last signed by the Local Government, and all State officials as required under Minn. Stat. § 16C.05, subd. 2.

1.2. A party must not accept work under this Contract until it is fully executed.

1.3. ***Expiration Date.*** This Contract will expire on June 30, 2022.

1.4. ***Work Order Contracts.*** A work order contract must be negotiated and executed (by both the State and the Local Government) for each particular engagement, except for Technical Services provided by the State to the Local Government as specified in Article 2. The work order contract must specify the detailed scope of work and deliverables for that project. A party must not begin work under a work order until the work order is fully executed. The terms of this MPC will apply to all work orders contracts issued, unless specifically varied in the work order. The Local Government understands that this MPC is not a guarantee of any payments or work order assignments, and that payments will only be issued for work actually performed under fully-executed work orders.

1.5. ***Survival of Terms.*** The following clauses survive the expiration or cancellation of this master contract and all work order contracts: 12. Liability; 13. State Audits; 14. Government Data Practices and Intellectual Property; 17. Publicity; 18. Governing Law, Jurisdiction, and Venue; and 22. Data Disclosure. All terms of this MPC will survive with respect to any work order contract issued prior to the expiration date of the MPC.

1.6. ***Sample Work Order.*** A sample work order contract is available upon request from the State.

1.7. ***Definition of "Providing Party" and "Requesting Party".*** For the purpose of assigning certain duties and obligations in the MPC to work order contracts, the following definitions will apply throughout the MPC. "Requesting Party" is defined as the party requesting the other party to perform work under a work order contract. "Providing Party" is defined as the party performing the scope of work under a work order contract.

2. Technical Services

2.1. ***Technical Services*** include repetitive low-cost services routinely performed by the State for the Local Government. These services may be performed by the State for the Local Government without the execution of a work order, as these services are provided in accordance with standardized practices and processes and do not require a detailed scope of work. Exhibit A – Table of Technical Services is attached.

2.1.1. Every other service not falling under the services listed in Exhibit A will require a work order contract.

2.2. The Local Government may request the State to perform Technical Services in an informal manner, such as by the use of email, a purchase order, or by delivering materials to a State lab and requesting testing. A request may be made via telephone, but will not be considered accepted unless acknowledged in writing by the State.

2.3. The State will promptly inform the Local Government if the State will be unable to perform the requested Technical Services. Otherwise, the State will perform the Technical Services in accordance with the State's normal processes and practices, including scheduling practices taking into account the availability of State staff and equipment.

2.4. Payment Basis. Unless otherwise agreed to by the parties prior to performance of the services, the State will charge the Local Government the State's then-current rate for performing the Technical Services. The then-current rate may include the State's normal and customary additives. The State will invoice the Local Government upon completion of the services, or at regular intervals not more than once monthly as agreed upon by the parties. The invoice will provide a summary of the Technical Services provided by the State during the invoice period.

3. Services Requiring A Work Order Contract

3.1. ***Work Order Contracts:*** A party may request the other party to perform any of the following services under individual work order contracts.

3.2. ***Professional and Technical Services.*** A party may provide professional and technical services upon the request of the other party. As defined by Minn. Stat. §16C.08, subd. 1, professional/technical services "means services that are intellectual in character, including consultation, analysis, evaluation, prediction, planning, programming, or recommendation; and result in the production of a report or completion of a task." Professional and technical services do not include providing supplies or materials except as incidental to performing such services. Professional and technical services include (by way of example and without limitation) engineering services, surveying, foundation recommendations and reports, environmental documentation, right-of-way assistance (such as performing appraisals or providing relocation assistance, but excluding the exercise of the power of eminent domain), geometric layouts, final construction plans, graphic presentations, public relations, and facilitating open houses. A party will normally provide such services with its own personnel; however, a party's professional/technical services may also include hiring and managing outside consultants to perform work provided that a party itself provides active project management for the use of such outside consultants.

3.3. ***Roadway Maintenance***. A party may provide roadway maintenance upon the request of the other party. Roadway maintenance does not include roadway reconstruction. This work may include but is not limited to snow removal, ditch spraying, roadside mowing, bituminous mill and overlay (only small projects), seal coat, bridge hits, major retaining wall failures, major drainage failures, and message painting. All services must be performed by an employee with sufficient skills, training, expertise or certification to perform such work, and work must be supervised by a qualified employee of the party performing the work.

3.4. ***Construction Administration.*** A party may administer roadway construction projects upon the request of the other party. Roadway construction includes (by way of example and without limitation) the construction, reconstruction, or rehabilitation of mainline, shoulder, median, pedestrian or bicycle pathway, lighting and signal systems, pavement mill and overlays, seal coating, guardrail installation, and channelization. These services may be performed by the Providing Party's own forces, or the Providing Party may administer outside contracts for such work. Construction administration may include letting and awarding construction contracts for such work (including state projects to be completed in conjunction with local projects). All contract administration services must be performed by an employee with sufficient skills, training, expertise or certification to perform such work.

3.5. ***Emergency Services.*** A party may provide aid upon request of the other party in the event of a man-made disaster, natural disaster or other act of God. Emergency services includes all those services as the parties mutually agree are necessary to plan for, prepare for, deal with, and recover from emergency situations. These services include, without limitation, planning, engineering, construction, maintenance, and removal and disposal services related to things such as road closures, traffic control, debris removal, flood protection and mitigation, sign repair, sandbag activities and general cleanup. Work will be performed by an employee with sufficient skills, training, expertise or certification to perform such work, and work must be supervised by a qualified employee of the party performing the work. If it is not feasible to have an executed work order prior to performance of the work, the parties will promptly confer to determine whether work may be commenced without a fully-executed work order in place. If work commences without a fully-executed work order, the parties will follow up with execution of a work order as soon as feasible.

3.6. When a need is identified, the State and the Local Government will discuss the proposed work and the resources needed to perform the work. If a party desires to perform such work, the parties will negotiate the specific and detailed work tasks and cost. The State will then prepare a work order contract. Generally, a work order contract will be limited to one specific project/engagement, although "on call" work orders may be prepared for certain types of services, especially for "Technical Services" items as identified section 2.1.. The work order will also identify specific deliverables required, and timeframes for completing work. A work order must be fully executed by the parties prior to work being commenced.

The Local Government will not be paid for work performed prior to execution of a work order contract and authorization by the State.

4. Responsibilities of the Providing Party

4.1. ***Terms Applicable to ALL Work Order Contracts.*** The terms in this section 4.1 will apply to ALL work order contracts.

4.1.1. Each work order will identify an Authorized Representative for each party. Each party's authorized representative is responsible for administering the work order, and has the authority to make any decisions regarding the work, and to give and receive any notices required or permitted under this MPC or the work order.

4.1.2. The Providing Party will furnish and assign a publicly employed licensed engineer (Project Engineer), to be in responsible charge of the project(s) and to supervise and direct the work to be performed under each work order contract. For services not requiring an engineer, the Providing Party will furnish and assign another responsible employee to be in charge of the project. The services of the Providing Party under a work order contract may not be otherwise assigned, sublet, or transferred unless approved in writing by the Requesting Party's authorized representative. This written consent will in no way relieve the Providing Party from its primary responsibility for the work.

4.1.3. If the Local Government is the Providing Party, the Project Engineer may request in writing specific engineering and/or technical services from the State, pursuant to Minn. Stat. Section 161.39. The work order Contract will require the Local Government to deposit payment in advance. The costs and expenses will include the current State additives and overhead rates, subject to adjustment based on actual direct costs that have been verified by audit.

4.1.4. Only the receipt of a fully executed work order contract authorizes the Providing Party to begin work on a project. Any and all effort, expenses, or actions taken by the Providing Party before the work order contract is fully executed are considered unauthorized and undertaken at the risk of non-payment.

4.1.5. In connection with the performance of this contract and any work orders issued, the Providing Agency will comply with all applicable Federal and State laws and regulations. When the Providing Party is authorized or permitted to award contracts in connection with any work order, the Providing Party will require and cause its contractors and subcontractors to comply with all Federal and State laws and regulations.

4.2. ***Additional Terms for Roadway Maintenance.*** The terms of section 4.1 and this section 4.2 will apply to all work orders for Roadway Maintenance.

4.2.1. Unless otherwise provided for by contract or work order, the Providing Party must obtain all permits and sanctions that may be required for the proper and lawful performance of the work.

4.2.2. The Providing Party must perform maintenance in accordance with MnDOT maintenance manuals, policies and operations.

4.2.3. The Providing Party must use State-approved materials, including (by way of example and without limitation), sign posts, sign sheeting, and de-icing and anti-icing chemicals.

4.3. ***Additional Terms for Construction Administration.*** The terms of section 4.1 and this section 4.3 will apply to all work order contracts for construction administration.

4.3.1. Contract(s) must be awarded to the lowest responsible bidder or best value proposer in accordance with state law.

4.3.2. Contractor(s) must be required to post payment and performance bonds in an amount equal to the contract amount. The Providing Party will take all necessary action to make claims against such bonds in the event of any default by the contractor.

4.3.3. Contractor(s) must be required to perform work in accordance with the latest edition of the Minnesota Department of Transportation Standard Specifications for Construction.

4.3.4. For work performed on State right-of-way, contractor(s) must be required to indemnify and hold the State harmless against any loss incurred with respect to the performance of the contracted work, and must be required to provide evidence of insurance coverage commensurate with project risk.

4.3.5. Contractor(s) must pay prevailing wages pursuant to applicable state and federal law.

4.3.6. Contractor(s) must comply with all applicable Federal, and State laws, ordinances and regulations, including but not limited to applicable human rights/anti-discrimination laws and laws concerning the participation of Disadvantaged Business Enterprises in federally-assisted contracts.

4.3.7. Unless otherwise agreed in a work order contract, each party will be responsible for providing rights of way, easement, and construction permits for its portion of the improvements. Each party will, upon the other's request, furnish copies of right of way certificates, easements, and construction permits.

4.3.8. The Providing Party may approve minor changes to the Requesting Party's portion of the project work if such changes do not increase the Requesting Party's cost obligation under the applicable work order contract.

4.3.9. The Providing Party will not approve any contractor claims for additional compensation without the Requesting Party's written approval, and the execution of a proper amendment to the applicable work order contract when necessary. The Local Government will tender the processing and defense of any such claims to the State upon the State's request.

4.3.10. The Local Government must coordinate all trunk highway work affecting any utilities with the State's Utilities Office.

4.3.11. The Providing Party must coordinate all necessary detours with the Requesting Party.

4.3.12. If the Local Government is the Providing Party, and there is work performed on the trunk highway right-of-way, the following will apply:

4.3.12.1 The Local Government will have a permit to perform the work on the trunk highway. The State may revoke this permit if the work is not being performed in a safe, proper and skillful manner, or if the contractor is violating the terms of any law, regulation, or permit applicable to the work. The State will have no liability to the Local Government, or its contractor, if work is suspended or stopped due to any such condition or concern.

4.3.12.2 The Local Government will require its contractor to conduct all traffic control in accordance with the Minnesota Manual on Uniform Traffic Control Devices.

4.3.12.3 The Local Government will require its contractor to comply with the terms of all permits issued for the project including, but not limited to, National Pollutant Discharge Elimination System (NPDES) and other environmental permits.

4.3.12.4 All improvements constructed on the State's right-of-way will become the property of the State.

5. Responsibilities of the Requesting Party

5.1. After authorizing the Providing Party to begin work, the Requesting Party will furnish any data or material in its possession relating to the project that may be of use to the Providing Party in performing the work.

5.2. All such data furnished to the Providing Party will remain the property of the Requesting Party and will be promptly returned upon the Requesting Party's request or upon the expiration or termination of this contract (subject to data retention requirements of the Minnesota Government Data Practices Act and other applicable law).

5.3. The Providing Party will analyze all such data furnished by the Requesting Party. If the Providing Party finds any such data to be incorrect or incomplete, the Providing Party will bring the facts to the attention of the Requesting Party before proceeding with the part of the project affected. The Providing Party will investigate the matter, and if it finds that such data is incorrect or incomplete, it will promptly determine a method for furnishing corrected data. Delay in furnishing data will not be considered justification for an adjustment in compensation.

5.4. The State will provide to the Local Government copies of any Trunk Highway fund clauses to be included in the bid solicitation and will provide any required Trunk Highway fund provisions to be included in the Proposal for Highway Construction, that are different from those required for State Aid construction.

5.5. The Requesting Party will perform final reviews and inspections of its portion of the project work. If the work is found to have been completed in accordance with the work order contract, the Requesting Party will promptly release any remaining funds due the Providing Party for the Project(s).

5.6. The work order contracts may include additional responsibilities to be completed by the Requesting Party.

6. Time

In the performance of project work under a work order contract, time is of the essence.

7. Consideration and Payment

7.1. ***Consideration.*** The Requesting Party will pay the Providing Party as specified in the work order. The State's normal and customary additives will apply to work performed by the State, unless otherwise specified in the work order. The State's normal and customary additives will not apply if the parties agree to a "lump sum" or "unit rate" payment.

7.2. ***State's Maximum Obligation.*** The total compensation to be paid by the State to the Local Government under all work order contracts issued pursuant to this MPC will not exceed $100,000.00.

7.3. ***Travel Expenses.*** It is anticipated that all travel expenses will be included in the base cost of the Providing Party's services, and unless otherwise specifically set forth in an applicable work order contract, the Providing Party will not be separately reimbursed for travel and subsistence expenses incurred by the Providing Party in performing any work order contract. In those cases where the State agrees to reimburse travel expenses, such expenses will be reimbursed in the same manner and in no greater amount than provided in the current "MnDOT Travel Regulations" a copy of which is on file with and available from the MnDOT District Office. The Local Government will not be reimbursed for travel and subsistence expenses incurred outside of Minnesota unless it has received the State's prior written approval for such travel.

7.4. **Payment.**

7.4.1. ***Generally.*** The ***Requesting Party*** will pay the Providing Party as specified in the applicable work order, and will make prompt payment in accordance with Minnesota law.

7.4.2. ***Payment by the Local Government.***

7.4.2.1. The Local Government will make payment to the order of the Commissioner of Transportation.

7.4.2.2. **IMPORTANT NOTE: PAYMENT MUST REFERENCE THE "MNDOT CONTRACT NUMBER" SHOWN ON THE FACE PAGE OF THIS CONTRACT AND THE "INVOICE NUMBER" ON THE INVOICE RECEIVED FROM MNDOT.**

7.4.2.3. Remit payment to the address below:

MnDOT
Attn: Cash Accounting
RE: MnDOT Contract Number 1028387.
Mail Stop 215
395 John Ireland Blvd
St. Paul, MN 55155

7.4.3. ***Payment by the State.***

7.4.3.1. *Generally.* The State will promptly pay the Local Government after the Local Government presents an itemized invoice for the services actually performed and the State's Authorized Representative accepts the invoiced services. Invoices must be submitted as specified in the applicable work order, but no more frequently than monthly.

7.4.3.2. *Retainage for Professional and Technical Services.* For work orders for professional and technical services, as required by Minn. Stat. § 16C.08, subd. 2(10), no more than 90 percent of the amount due under any work order contract may be paid until the final product of the work order contract has been reviewed by the State's authorized representative. The balance due will be paid when the State's authorized representative determines that the Local Government has satisfactorily fulfilled all the terms of the work order contract.

8. Conditions of Payment

All work performed by the Providing Party under a work order contract must be performed to the Requesting Party's satisfaction, as determined at the sole and reasonable discretion of the Requesting Party's Authorized Representative and in accordance with all applicable federal and state laws, rules, and regulations. The Providing Party will not receive payment for work found by the State to be unsatisfactory or performed in violation of federal or state law.

9. Local Government's Authorized Representative and Project Manager; Authority to Execute Work Order Contracts

9.1. The Local Government's Authorized Representative for administering this master contract is the Local Government's Engineer, and the Engineer has the responsibility to monitor the Local Government's performance. The Local Government's Authorized Representative is also authorized to execute work order contracts on behalf of the Local Government without approval of each proposed work order contract by its governing body.

9.2. The Local Government's Project Manager will be identified in each work order contract.

10. State's Authorized Representative and Project Manager

10.1. The State's Authorized Representative for this master contract is the District State Aid Engineer, who has the responsibility to monitor the State's performance.

10.2. The State's Project Manager will be identified in each work order contract.

11. Assignment, Amendments, Waiver, and Contract Complete

11.1. ***Assignment.*** Neither party may assign or transfer any rights or obligations under this MPC or any work order contract without the prior consent of the other and a fully executed Assignment Contract, executed and approved by the same parties who executed and approved this MPC, or their successors in office.

11.2. ***Amendments.*** Any amendment to this master contract or any work order contract must be in writing and will not be effective until it has been executed and approved by the same parties who executed and approved the original contract, or their successors in office.

11.3. ***Waiver.*** If a party fails to enforce any provision of this master contract or any work order contract, that failure does not waive the provision or the party's right to subsequently enforce it.

11.4. ***Contract Complete.*** This master contract and any work order contract contain all negotiations and contracts between the State and the Local Government. No other understanding regarding this master contract or any work order contract issued hereunder, whether written or oral may be used to bind either party.

12. Liability.

Each party will be responsible for its own acts and omissions to the extent provided by law. The Local Government's liability is governed by Minn. Stat. chapter 466 and other applicable law. The State's liability is governed by Minn. Stat. section 3.736 and other applicable law. This clause will not be construed to bar any legal remedies a party may have for the other party's failure to fulfill its obligations under this master contract or any work order contract. Neither party agrees to assume any environmental liability on behalf of the other party. A Providing Party under any work order is acting only as a "Contractor" to the Requesting Party, as the term "Contractor" is defined in Minn. Stat. §115B.03 (subd. 10), and is entitled to the protections afforded to a "Contractor" by the Minnesota Environmental Response and Liability Act. The parties specifically intend that Minn. Stat. §471.59 subd. 1a will apply to any work undertaken under this MPC and any work order issued hereunder.

13. State Audits

Under Minn. Stat. § 16C.05, subd. 5, the party's books, records, documents, and accounting procedures and practices relevant to any work order contract are subject to examination by the parties and by the State Auditor or Legislative Auditor, as appropriate, for a minimum of six years from the end of this MPC.

14. Government Data Practices and Intellectual Property

14.1. ***Government Data Practices.*** The Local Government and State must comply with the Minnesota Government Data Practices Act, Minn. Stat. Ch. 13, as it applies to all data provided by the State under this MPC and any work order contract, and as it applies to all data created, collected, received, stored, used, maintained, or disseminated by the Local Government under this MPC and any work order contract. The civil remedies of Minn. Stat. § 13.08 apply to the release of the data referred to in this clause by either the Local Government or the State.

14.2. ***Intellectual Property Rights***

14.2.1. Intellectual Property Rights. The Requesting Party will own all rights, title, and interest in all of the intellectual property rights, including copyrights, patents, trade secrets, trademarks, and service marks in the Works and Documents created and paid for under work order contracts. Works means all inventions, improvements, discoveries (whether or not patentable), databases, computer programs, reports, notes, studies, photographs, negatives, designs, drawings, specifications, materials, tapes, and disks conceived, reduced to practice, created or originated by the Providing Party, its employees, agents, and subcontractors, either individually or jointly with others in the performance of this master contract or any work order contract. Works includes "Documents." Documents are the originals of any databases, computer programs, reports, notes,

studies, photographs, negatives, designs, drawings, specifications, materials, tapes, disks, or other materials, whether in tangible or electronic forms, prepared by the Providing Party, its employees, agents, or contractors, in the performance of a work order contract. The Documents will be the exclusive property of the Requesting Party and all such Documents must be immediately returned to the Requesting Party by the Providing Party upon completion or cancellation of the work order contract. To the extent possible, those Works eligible for copyright protection under the United States Copyright Act will be deemed to be "works made for hire." The Providing Party Government assigns all right, title, and interest it may have in the Works and the Documents to the Requesting Party. The Providing Party must, at the request of the Requesting Party, execute all papers and perform all other acts necessary to transfer or record the Requesting Party's ownership interest in the Works and Documents. Notwithstanding the foregoing, the Requesting Party grants the Providing Party an irrevocable and royalty-free license to use such intellectual property for its own non-commercial purposes, including dissemination to political subdivisions of the state of Minnesota and to transportation-related agencies such as the American Association of State Highway and Transportation Officials.

14.2.2. *Obligations with Respect to Intellectual Property.*

14.2.2.1. *Notification.* Whenever any invention, improvement, or discovery (whether or not patentable) is made or conceived for the first time or actually or constructively reduced to practice by the Providing Party, including its employees and subcontractors, in the performance of the work order contract, the Providing Party will immediately give the Requesting Party's Authorized Representative written notice thereof, and must promptly furnish the Authorized Representative with complete information and/or disclosure thereon.

14.2.2.2. *Representation.* The Providing Party must perform all acts, and take all steps necessary to ensure that all intellectual property rights in the Works and Documents are the sole property of the Requesting Party, and that neither Providing Party nor its employees, agents or contractors retain any interest in and to the Works and Documents.

15. Affirmative Action

The State intends to carry out its responsibility for requiring affirmative action by its Contractors, pursuant to Minn. Stat. §363A.36. Pursuant to that Statute, the Local Government is encouraged to prepare and implement an affirmative action plan for the employment of minority persons, women, and the qualified disabled, and submit such plan to the Commissioner of the Minnesota Department of Human Rights. In addition, when the Local Government lets a contract for the performance of work under a work order issued pursuant to this MPC, it must include the following in the bid or proposal solicitation and any contracts awarded as a result thereof:

15.1. ***Covered Contracts and Contractors.*** If the Contract exceeds $100,000 and the Contractor employed more than 40 full-time employees on a single working day during the previous 12 months in Minnesota or in the state where it has its principle place of business, then the Contractor must comply with the requirements of Minn. Stat. § 363A.36 and Minn. R. Parts 5000.3400-5000.3600. A Contractor covered by Minn. Stat. § 363A.36 because it employed more than 40 full-time employees in another state and does not have a certificate of compliance, must certify that it is in compliance with federal affirmative action requirements.

15.2. ***Minn. Stat. § 363A.36.*** Minn. Stat. § 363A.36 requires the Contractor to have an affirmative action plan for the employment of minority persons, women, and qualified disabled individuals approved by the Minnesota Commissioner of Human Rights ("Commissioner") as indicated by a certificate of compliance. The law addresses suspension or revocation of a certificate of compliance and contract consequences in that event. A contract awarded without a certificate of compliance may be voided.

15.3. ***Minn. R. Parts 5000.3400-5000.3600.***

15.3.1. *General.* Minn. R. Parts 5000.3400-5000.3600 implement Minn. Stat. § 363A.36. These rules include, but are not limited to, criteria for contents, approval, and implementation of affirmative action plans; procedures for issuing certificates of compliance and criteria for determining a contractor's compliance status; procedures for addressing deficiencies, sanctions, and notice and hearing; annual compliance reports; procedures for compliance review; and contract consequences for non-compliance. The specific criteria for approval or rejection of an affirmative action plan are contained in various provisions of Minn. R. Parts 5000.3400-5000.3600 including, but not limited to, parts 5000.3420-5000.3500 and 5000.3552-5000.3559.

15.3.2. *Disabled Workers.* The Contractor must comply with the following affirmative action requirements for disabled workers:

15.3.2.1. The Contractor must not discriminate against any employee or applicant for employment because of physical or mental disability in regard to any position for which the employee or applicant for employment is qualified. The Contractor agrees to take affirmative action to employ, advance in employment, and otherwise treat qualified disabled persons without discrimination based upon their physical or mental disability in all employment practices such as the following: employment, upgrading, demotion or transfer, recruitment, advertising, layoff or termination, rates of pay or other forms of compensation, and selection for training, including apprenticeship.

15.3.2.2. The Contractor agrees to comply with the rules and relevant orders of the Minnesota Department of Human Rights issued pursuant to the Minnesota Human Rights Act.

15.3.2.3. In the event of the Contractor's noncompliance with the requirements of this clause, actions for noncompliance may be taken in accordance with Minn. Stat. Section 363A.36, and the rules and relevant orders of the Minnesota Department of Human Rights issued pursuant to the Minnesota Human Rights Act.

15.3.2.4. The Contractor agrees to post in conspicuous places, available to employees and applicants for employment, notices in a form to be prescribed by the commissioner of the Minnesota Department of Human Rights. Such notices must state the Contractor's obligation under the law to take affirmative action to employ and advance in employment qualified disabled employees and applicants for employment, and the rights of applicants and employees.

15.3.2.5. The Contractor must notify each labor union or representative of workers with which it has a collective bargaining agreement or other contract understanding, that the Contractor is bound by the terms of Minn. Stat. Section 363A.36, of the Minnesota Human Rights Act and is committed to take affirmative action to employ and advance in employment physically and mentally disabled persons.

15.3.3. *Consequences.* The consequences for the Contractor's failure to implement its affirmative action plan or make a good faith effort to do so include, but are not limited to, suspension or revocation of a certificate of compliance by the Commissioner, refusal by the Commissioner to approve subsequent plans, and termination of all or part of this contract by the Commissioner or the State.

15.3.4. *Certification.* The Contractor hereby certifies that it is in compliance with the requirements of Minn. Stat. § 363A.36 and Minn. R. Parts 5000.3400-5000.3600 and is aware of the consequences for noncompliance.

16. Workers' Compensation

Each party will be responsible for its own employees for any workers compensation claims. This MPC, and any work order contracts issued hereunder, are not intended to constitute an interchange of government employees under Minn. Stat. §15.53. To the extent that this MPC, or any work order issued hereunder, is determined to be

subject to Minn. Stat. §15.53, such statute will control to the extent of any conflict between the contract and the statute.

17. Publicity

17.1. ***Publicity.*** Any publicity regarding the subject matter of a work order contract where the State is the Requesting Party must identify the State as the sponsoring agency and must not be released without prior written approval from the State's Authorized Representative. For purposes of this provision, publicity includes notices, informational pamphlets, press releases, research, reports, signs, and similar public notices prepared by or for the Local Government individually or jointly with others, or any subcontractors, with respect to the program, publications, or services provided resulting from a work order contract.

17.2. ***Data Practices Act.*** Section 17.1 is not intended to override the Local Government's responsibilities under the Minnesota Government Data Practices Act.

18. Governing Law, Jurisdiction, and Venue

Minnesota law, without regard to its choice-of-law provisions, governs this master contract and all work order contracts. Venue for all legal proceedings out of this master contract or any work order contracts, or the breach of any such contracts, must be in the appropriate state or federal court with competent jurisdiction in Ramsey County, Minnesota.

19. Prompt Payment; Payment to Subcontractors

The parties must make prompt payment of their obligations in accordance with applicable law. As required by Minn. Stat. § 16A.1245, when the Local Government lets a contract for work pursuant to any work order, the Local Government must require its contractor to pay all subcontractors, less any retainage, within 10 calendar days of the prime contractor's receipt of payment from the Local Government for undisputed services provided by the subcontractor(s) and must pay interest at the rate of one and one-half percent per month or any part of a month to the subcontractor(s) on any undisputed amount not paid on time to the subcontractor(s).

20. Minn. Stat. § 181.59. The Local Government will comply with the provisions of Minn. Stat. § 181.59 which requires: Every contract for or on behalf of the state of Minnesota, or any county, city, town, township, school, school district, or any other district in the state, for materials, supplies, or construction shall contain provisions by which the Contractor agrees: (1) That, in the hiring of common or skilled labor for the performance of any work under any contract, or any subcontract, no contractor, material supplier, or vendor, shall, by reason of race, creed, or color, discriminate against the person or persons who are citizens of the United States or resident aliens who are qualified and available to perform the work to which the employment relates; (2) That no contractor, material supplier, or vendor, shall, in any manner, discriminate against, or intimidate, or prevent the employment of any person or persons identified in clause (1) of this section, or on being hired, prevent, or conspire to prevent, the person or persons from the performance of work under any contract on account of race, creed, or color; (3) That a violation of this section is a misdemeanor; and (4) That this contract may be canceled or terminated by the state, county, city, town, school board, or any other person authorized to grant the contracts for employment, and all money due, or to become due under the contract, may be forfeited for a second or any subsequent violation of the terms or conditions of this contract.

21. Termination; Suspension

21.1. ***Termination by the State for Convenience.*** The State or commissioner of Administration may cancel this MPC and any work order contracts at any time, with or without cause, upon 30 days written notice to the Local Government. Upon termination, the Local Government and the State will be entitled to payment, determined on a pro rata basis, for services satisfactorily performed.

21.2. ***Termination by the Local Government for Convenience.*** The Local Government may cancel this MPC and any work order contracts at any time, with or without cause, upon 30 days written notice to the State.

Upon termination, the Local Government and the State will be entitled to payment, determined on a pro rata basis, for services satisfactorily performed.

21.3. ***Termination for Insufficient Funding.*** The State may immediately terminate or suspend this MPC and any work order contract if it does not obtain funding from the Minnesota legislature or other funding source; or if funding cannot be continued at a level sufficient to allow for the payment of the services covered here. Termination or suspension must be by written or fax notice to the Local Government. The State is not obligated to pay for any services that are provided after notice and effective date of termination or suspension. However, the Local Government will be entitled to payment, determined on a pro rata basis, for services satisfactorily performed to the extent that funds are available. The State will not be assessed any penalty if the master contract or work order is terminated because of the decision of the Minnesota legislature or other funding source, not to appropriate funds. The State must provide the Local Government notice of the lack of funding within a reasonable time of the State's receiving that notice.

22. Data Disclosure

Under Minn. Stat. §270C.65, subd. 3, and other applicable law, the Local Government consents to disclosure of its federal employer tax identification number, and/or Minnesota tax identification number, already provided to the State, to federal and state tax agencies and state personnel involved in the payment of state obligations. These identification numbers may be used in the enforcement of federal and state tax laws which could result in action requiring the Local Government to file state tax returns and pay delinquent state tax liabilities, if any.

23. Defense of Claims and Lawsuits

If any lawsuit or claim is filed by a third party (including but not limited to the Local Government's contractors and subcontractors), arising out of trunk highway work performed pursuant to a valid work order issued under this MPC, the Local Government will, at the discretion of and upon the request of the State, tender the defense of such claims to the State or allow the State to participate in the defense of such claims. The Local Government will, however, be solely responsible for defending any lawsuit or claim, or any portion thereof, when the claim or cause of action asserted is based on its own acts or omissions in performing or supervising the work. The Local Government will not purport to represent the State in any litigation, settlement, or alternative dispute resolution process. The State will not be responsible for any judgment entered against the Local Government, and will not be bound by the terms of any settlement entered into by the Local Government except with the written approval of the Attorney General and the Commissioner of Transportation and pursuant to applicable law.

1. Call To Order

The meeting was called to order by Economic Development Director Sullivan at 7:11 p.m.

a. Pledge of Allegiance

b. Roll Call

Commissioners Present:	Dan Collison, Ross Lorinser, Paul Bergley, George Wimmer, and Steve Lundeen
Commissioners Absent:	Tara Hallberg (Excused)
Staff Present:	Economic Development Director Sean Sullivan

c. Agenda Modifications

Economic Development Director Sullivan asked for an Addendum to the Agenda to remove Item 4. Isanti Hotel Update and to Add Item 4. Consider Adoption of EDA Resolution 2017 - ___ Approving Earnest or Option Money for Purchase of Real Property for Hotel Project. Motion by Bergley second by Collison to adopt Agenda as amended. Motion passed unanimously.

2. Approve Minutes of April 4, 2017 Regular Economic Development Meeting

Motion by Lundeen second by Collison to approve the minutes for April 4, 2017. Motion carried unanimously.

3. City Promotional Bag Program Update

Economic Development Sullivan stated that he had received the 1000 bags that were ordered and he was receiving items from businesses to be stuffed inside of the bags. He will continue to solicit business to participate in the program. 330-340 bags will be distributed at the Land O Lakes BMX Event. He indicated that a sign was being made that would acknowledge that the City of Isanti was providing the Free bags and was coordinating this promotional activity.

President Wimmer stated that only Isanti business would be allowed to put item in the bag contrary to what the North 65 Chamber had stated.

Commissioner Collison asked when items needed to be submitted by.

ED Director Sullivan stated May 10th at the latest.

Item was informational, no action requested,

4. Consider Adoption of Resolution 2017- Resolution Approving Earnest or Option Money for Purchase of Real Property for Hotel Project

President Wimmer stated that action was required to authorize the City to secure a site for the Hotel project. Multiple sites were being considered and flexibility was needed in order to assure the site could be secured in a timely manner.

Motion by Lorinser, second by Collison to Adopt Resolution 2017- 2 Resolution Approving Earnest or Option Money for Purchase of Real Property for Hotel Project. Motion carried unanimously.

5. Other Business / Updates

ED Director Sullivan updated the housing start number to reflect 28 new permits pulled with one waiting to be picked up.

He also indicated that he had a conference call with a DEED prospect in Europe. He also stated that this lead would not have been received unless the City has received Shovel Ready Certification.

Commissioner Collison inquired if references were given as part of this process.

ED Director Sullivan stated that sometimes this does occur but it is utilized more once the prospect come to town to visit.

President Wimmer acknowledge this was in early stages of process but felt the City had a great track record on getting the deal done once we brought them into the city to see the sites and meet with staff.

President Wimmer has been tracking City overall water usage. Based on trend it is possible that rates and cost structure could be adjusted which could result in lowering charges related to SAC and WAC and usage.

ED Director Sullivan stated Allina Clinic has it Grand Opening on May 6 from 10 AM – 2PM

Commissioner Lundeen asked what status of Whiskey Road Pub and Grub was.

ED Director Sullivan stated the project was approved by the City and that the opening has been delayed. There have been issues relating to the patio being approved by the building association. Staff will provide updates when relevant.

President Wimmer stated he and Community Events and Parks Director Everett met with RR BMX relating to upcoming events and that all was in order.

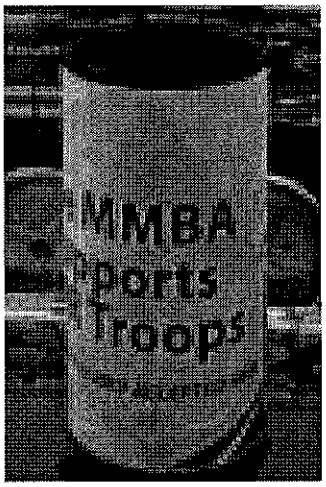
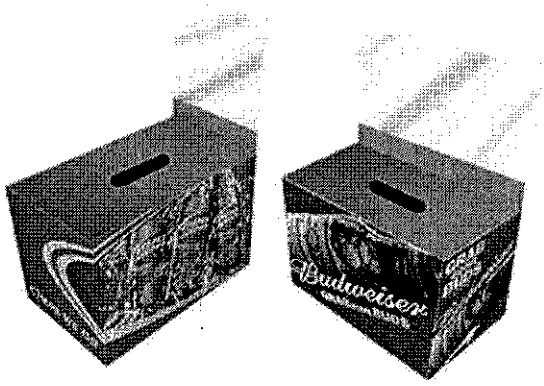
4th Annual MMBA "Support OUR Troops" Supplies Drive

In the continuing effort to help members Promote the Community Value of their Municipal Liquor Operation, MMBA, in partnership with Anheuser-Busch, is coordinating the *Annual Municipal "Support OUR Troops" Supplies Drive* **benefiting your local active military personnel.**

This is an effort to support active military personnel in your area serving our country around the world. We'll be raising both supplies and funds. You in turn will donate everything to the service members of your choice.





Here are additional details:

- The Supplies Drive will run from July 1st – July 31st, 2017.
- Each participating MMBA member will collect supplies to be sent to troops actively serving our country. Items can include non-perishable food, toiletries, batteries, sunscreen, lip balm, deodorant, eye drops, beef snack sticks, mouthwash, powder, iTunes Gift cards, AAA & AA batteries and anything else that will cheer a soldier up.
- Wholesalers will provide ***customized*** signage, assist with designing and building displays to fit retailer needs and provide collection bin/box to collect items.
    - Wholesaler custom signage can include pictures/names of the beneficiary the store designates
- Customers will be encouraged to "sign up" local troops in store.
- Municipalities will work with local families of troops to get the items to those troops.

RE: Quotes for Lease of City Owned Crop Land

As per previous discussion and City Council approved specifications, staff has solicited and received quotes for lease of City Owned Crop Land for the 2018 Crop Year. With Parcel A, the 82.7 acre area by the WWTP, the City received two quotes (see attached), one from Wayne Calander and one from Craig Bjorklund. Mr. Calander submitted the high quote for $6,781.40. The prior quote from Mr. Calander for the 2017 crop year was $6,703.13.

Regarding Parcel B, the 4 acre land locked parcel, we received a quote from Craig Bjorklund for $140.00. The quote is contingent on Mr. Bjorklund being able to rent the Johnson property. The quote amount is the same as the prior quote for the 2017 crop year ($140.00).

Staff is recommending acceptance of Mr. Calander's quote for Parcel A and Mr. Bjorklund's quote for the Parcel B for the 2018 Crop Year. Attached are resolutions awarding the lease for your consideration.

QUOTE OPENING
Land Lease – 2018 Crop Year

Quoter Name	Parcel A	Parcel B
Wayne Calander Calander Farms	**$6,781.40**	
Craig Bjorklund Bjorklund Farms	**$3,721.50**	**$140.00**

RESOLUTION NO. 2017-____

RESOLUTION AWARDING QUOTE FOR THE LEASE OF CITY OWNED CROP LAND

WHEREAS, the City of Isanti has determined that certain property currently owned by the City will not be needed in the near future for the intended public use; and

WHEREAS, the City has identified the property to be leased/rented for crop production on the map attached as Area A for 82.7 acres, further described as: south and east of the City Wastewater Treatment Facility, located to the east of 3rd Avenue North and south of 299th Avenue; and

WHEREAS, the City advertised and obtained two quotes from parties interested in farming the above stated property for the production of row crops for the 2018 Crop Year as follows:

Craig Bjorklund, Bjorklund Farms	$3,721.50/yr.
Wayne Calander, Calander Farms	$6,781.40/yr.

NOW THEREFORE BE IT RESOLVED BY THE CITY COUNCIL OF THE CITY OF ISANTI, MINNESOTA AS FOLLOWS:

1. Hereby awards the bid as received for a period of two crop years to Wayne Calander, Calander Farms, for the amount of $6,781.40/annual rent for the 2018 crop year for the rental of approximately 82.7 acres of City property for crop farming as described above.

2. That the annual rent of $6,781.40/yr. shall be due and paid to the City of Isanti according to the following schedule:

On December 4, 2017	$3,390.70	(1st half of first year 2018 annual fee)
On December 3, 2018	$3,390.70	(2nd half of year 2018 annual fee)

3. The City reserves the right to develop the property at any time through the contract period. If the City exercises this right, the City shall compensate Mr. Calander for the fair market value of the crop destroyed, valued at the average market price per bushel as of the date of initial construction activity resulting in the removal of the crop, based upon the average per acre yield as established by the records maintained by USDA pertaining to the subject field or as available for similar fields located in Isanti Township, in the event such records are not available for the specific crop field herein.
4. That Mr. Calander shall have no right to rent the land for future crop years after year 2018 unless awarded the lease by the City Council through a bid process.

This resolution was duly adopted by the Isanti City Council this 20th day of June 2017.

RESOLUTION AWARDING QUOTE FOR THE LEASE OF CITY OWNED CROP LAND FOR THE 2018 CROP YEAR

WHEREAS, the City of Isanti has determined that certain property currently owned by the City will not be needed in the near future for an intended public use; and

WHEREAS, the City has identified the property to be leased/rented for crop production on the map attached as Area B for 4 acres, further described as: a parcel located east of 500 East Dual Boulevard; and

WHEREAS, the City has advertised and obtained a late quote from a party interested in farming the proposed property for the production of row crops for the 2018 crop year as follows:

Craig Bjorklund, Bjorklund Farms $ 140.00/ 2018 crop year only

NOW THEREFORE BE IT RESOLVED BY THE CITY COUNCIL OF THE CITY OF ISANTI, MINNESOTA AS FOLLOWS:

1. Hereby awards the quote received for a period of one crop year to Craig Bjorklund, Bjorklund Farms, for the amount of $140.00/annual rent for year 2018 for rental of 4 acres of City Property for crop farming as described above. The City understands that Mr. Bjorklund's quote is contingent on his ability to rent the adjacent crop land. If he cannot rent the adjacent crop land, the quote is void.

2. That rent shall be due by December 1, 2017 for the 2018 crop year.

3. The City reserves the right to develop the property at any time through the contract period. If the City exercises this right, the City shall compensate Mr. Bjorklund for the fair market value of the crop destroyed, valued at the average market price per bushel as of the date of initial construction activity resulting in the removal of the crop, based on the average per acre yield as established by the records maintained by USDA pertaining to the subject field or as available for similar fields located in Isanti Township, in the event such records are not available for the specific crop field herein.

4. That Mr. Bjorklund shall have no right to rent the land for future crop years after year 2018 unless awarded the lease by the City Council through a bid process.

SECTION 10.

LEAVES

Depending upon an employee's situation, more than one form of leave may apply during the same period of time. An employee will need to meet the requirements of each form of leave separately. Leave requests will be evaluated on a case-by-case basis.

Except as otherwise stated, all paid time off, taken under any of the City's leave programs, must be taken consecutively, with no intervening unpaid leave. The City will provide employees with time away from work as required by state or federal statutes, if there are requirements for such time off that are not described in the personnel policies.

Sick Leave

Sick leave is authorized absence from work with pay, granted to qualified full-time and part-time thirty (30) hour employees. Sick leave is a privilege, not a right. Employees are to use this paid leave only when they are unable to work for medical reasons and under the conditions explained below. Sick leave does not accrue during an unpaid leave of absence.

- Full-time employees will accumulate sick leave at a rate of one (1) day per month.
- Part-time employees regularly scheduled to work at least 30 hours per week will accrue sick leave on a pro-rated basis of the full time employee schedule.
- Part-time employees regularly scheduled to work fewer than 30 hours per week will not earn or accrue sick leave.
- Temporary and seasonal employees will not earn or accrue sick leave.
- Sick leave may be used only for days when the employee would otherwise have been at work. It cannot be used for scheduled days off.

Sick leave may be used as follows:

- When an employee is unable to perform work duties due to illness or disability (including pregnancy).
- An employee who is drawing worker's compensation shall be allowed to use accumulated sick leave as necessary to ensure a full monthly paycheck, providing that employee shows documentation to the Employer.
- For medical, dental or other care provider appointments.
- When an employee has been exposed to a contagious disease of such a nature that his/her presence at the work place could endanger the health of others.
- To care for the employee's injured or ill children, including stepchildren or foster children, for such reasonable periods as the employee's attendance with the child may be necessary.
- To take children, or other family members to a medical, dental or other care provider appointment.
- To care for an ill spouse, father, mother, sister or brother.

After accrued sick leave has been exhausted, vacation leave or other leaves may be used upon approval of the City Administrator, to the extent the employee is entitled to such leave.

To be eligible for sick leave pay, the employee will:

- Communicate with his/her immediate supervisor, as soon as possible after the scheduled start of the work day, for each and every day absent;
- Keep his/her immediate supervisor informed of the status of the illness/injury or the condition of the ill family member;
- Submit a physician's statement upon request.

After an absence of more than three (3) days, a physician's statement may be required on the employee's first day back to work, indicating the nature of the illness or medical condition and attesting to the employee's ability to return to work and safely perform the essential functions of the job with or without reasonable accommodation.

Any work restrictions must be stated clearly on the return-to-work form. Employees who have been asked to provide such a statement may not be allowed to return to work until they comply with this provision. Sick leave may be denied for any employee required to provide a doctor's statement until such a statement is provided.

The City has the right to obtain a second medical opinion to determine the validity of an employee's worker's compensation or sick leave claim, or to obtain information related to restrictions or an employee's ability to work. The City will arrange and pay for an appropriate medical evaluation when it is required by the City.

Any employee who makes a false claim for sick leave will be subject to discipline up to and including termination.

Sick leave will normally not be approved after an employee gives notice that he or she will be terminating employment. Exceptions must be approved by the City Administrator.

Reimbursement of Accrued Sick Hours

Upon accrual of four hundred eighty (480) hours, the City shall on an annual basis, reimburse unused sick leave at the rate of one-half (1/2) of the employee's daily salary based on a maximum accrual of ninety-six (96) hours for those hours over the four hundred eighty (480) hours and upon termination reimburse unused sick leave as outlined in the step that follows as "a". The sick leave time reimbursed by the City will be lost by the employee for accumulation purposes. The sick leave that is accumulated may be used only for sick leave purposes and the employee will not be reimbursed for unused sick leave except in the manner as described in this section.

Upon termination of an employee in good standing and with five years consecutive employment, the employee shall be reimbursed one-half pay for sick days not used to a maximum of four hundred eighty (480) accumulated hours at the employee's current rate of

pay; and the employee shall be reimbursed for any unused sick leave for hours accrued in the termination year at the rate of one-half (1/2) of the employee's daily salary based on a maximum accrual of ninety-six (96) hours.

Vacation Leave

Vacation will accrue at the following rates:

a.	0 through 1 year:	6 days / 48 hrs. / yr
b.	After two (2) years	12 days / 96 hrs. / yr
c.	After six (6) years	18 days / 144 hrs. / yr
d.	After ten (10) years	24 days / 192 hrs. / yr
e.	After fifteen (15) years	27 days / 216 hrs. / yr

Eligibility

Full-time employees will earn vacation leave in accordance with the above schedule.

Part-time employees who work at least thirty (30) hours per week on a regular basis will accrue vacation leave on a prorated basis of the full-time employee schedule.

Part-time employees who are scheduled to work less than thirty (30) hours on a regular basis, temporary and seasonal employees will not earn or accrue vacation leave.

Accrual Rate

For the purpose of determining an employee's vacation accrual rate, years of service will include all continuous time that the employee has worked at the City. Employees who are rehired after terminating City employment will not receive credit for their prior service unless specifically negotiated at the time of hire. (See Section 5 – Layoff/Recall)

Use

During the first (6) months of service, while an employee is on probation, vacation leave may be used as it is earned, subject to approval by the employee's supervisor.

Every full-time and part-time thirty (30) hour plus employee hired prior to March 1, 2007 shall have July 1 as their anniversary date for purposes of earned vacation. Vacation earned from the date of employment to July 1 shall be credited to the employee and shall be taken as provided. Every full-time and part-time thirty (30) hour plus employee hired after March 1, 2007 shall have their date of hire as their anniversary date for purposes of earned vacation.

An employee will not earn any vacation leave for any pay period unless he/she is employed by the City on the last scheduled work day of the pay period.
Requests for vacation must be received at least forty-eight (48) hours in advance of the requested time off. This notice may be waived at the discretion of the supervisor and/or City Administrator. Vacation can be requested in increments as small as one hour. Vacation leave is to be used only by the employee who accumulated it. It cannot be transferred to another employee.

On the employee's anniversary date, employees may carry accrued vacation leave up to a maximum of the employee's annual accrual rate plus forty-eight (48 hours). Accrued hours in excess of the allowed amount shall be forfeited by the employee unless obtaining approval of the City Council to carry the excess of the allowed amount. Vacation leave cannot be converted into cash payments except at termination.

Vacation Donation

An employee may voluntarily donate their accumulated vacation hours (up to a max of 24 hours) to other employees whose accumulated leave balances are exhausted and who would otherwise be subject to a loss of income during a continued absence from work due to illness or injury. Donations will not be paid until all types of paid leave are exhausted by the recipient. The donated time will be paid to the recipient at the recipient's regular rate of pay on an hour per hour basis, and there will be no consideration for differences in wage rates applied to the transfer.

Funeral Leave

Employees will be permitted to use up to three (3) consecutive working days, with pay, as funeral leave upon the death of an immediate family member. This paid leave will not be deducted from the employee's vacation or sick leave balance.

The actual amount of time off, and funeral leave approved, will be determined by the supervisor or City Administrator depending on individual circumstances (such as the closeness of the relative, arrangements to be made, distance to the funeral, etc.).

I. Council Committee Reports

Mayor Wimmer requested that City Engineer Brad DeWolf and Commissioner Warring continue to work with the county engineer toward a solution regarding the storm water damage of the trail as there has been no progress. There was work done by the city a few years ago on a section of the trail.

A permanent solution is needed rather than spending thousands of dollars every couple of years for repairs. Mayor Wimmer and Commissioner Warring will work towards getting this done if it cannot be resolved through staff.

Mayor Wimmer and City Administrator Lorsung met with Waste Management regarding the service issues residents in the city have been having regarding intermittent collection of garbage under new pick-up schedule. Mayor Wimmer said the meeting was unproductive as Waste Management's solution was for residents to pile their garbage and recycling at the end of their driveways until it can be collected. Waste Management indicated that the issues with the pick-up schedules should be resolved in the next few weeks. Mayor Wimmer told Waste Management that what they are doing at this time is unacceptable. Waste Management is a regulated service which gives municipalities discretion, but the city has only had them register at this time.

K. Business Items

1. Request from Stephen G Stegner to waive Residential Rental License Late Fee of $150.00 for 208 3rd Ave NW. Steve Stegner said he had intended to sell the property by now but the tenants are still renting the property due to some medical issues. He said he has paid the license fee. Mayor Wimmer said the payment was due January 1st but was not paid until May 30th, making it egregiously late. Mayor Wimmer said he would not be in favor of waiving the fee as it is in city code and the ordinances need to be followed. Mayor Wimmer continued by saying he and the Council have worked very hard worked hard to ensure that consequences for late payments was enforced and the city does not waive fees.

Motion by Lorinser, second by Collison to deny the fee waiver request. Motion carried unanimously.

MEMORANDUM

TO: Mayor Wimmer
Members of the City Council

FROM: Ryan Kernosky, Community Development Director

DATE: July 5, 2017

SUBJECT: Agenda Request from New Hope Community Church to allow the Arts & Science Academy to utilize their space from August 1, 2017 to November 20, 2017 for up to 200 students

---

Background

New Hope Community Church (applicant), located at 114 Dahlin Ave NE, has submitted an Agenda Request Form for the Council. The applicant, along with the Arts & Science Academy is seeking permission to utilize the church as an education institution for a short period of time.

As you may recall, the Arts & Science Academy has recently begun construction on their middle school. Recognizing that the middle school will not be completed in time for the start of the school year, the Arts & Science Academy has partnered with New Hope Community Church to utilize their space from August 1, 2017 to November 30, 2017 to house their students while the new middle school is being constructed. Per the application, they are not intending to exceed 200 students.

Because educational institutions are not a permitted nor a conditional use in the B-1 zoning district, this request is being taken directly to the City Council for discussion and/or consideration.

Existing Zoning

The church is currently zoned B-1 "Central Business District." The purpose of the "B-1" Central Business District (CBD) is to promote mutually compatible business activities in downtown Isanti. What makes the Central Business District unique from the General Business District is that it is a commercial area that serves as a focal point both culturally and historically for the City of Isanti. Commercial uses, to include but are not limited to retail, office, and service uses; encourage and support pedestrian movement and activity within the Central Business District.

Religious Institutions are a conditional use in the B-1 zoning district and are defined as "A place of worship or religious assembly, where people regularly assemble for religious purposes and related social events with related accessory uses and facilities such as the following: rectory or

convent; private school, meeting hall, offices for administration, or licensed child or adult day care; and which is maintained and controlled by a religious body organized to sustain public worship and religious ceremonies."

Other Considerations

Traffic Flow and Parking: There are several questions raised regarding the flow of traffic (including bus and parent drop off), and parking.

Addressing Fire Marshal Requirements: The Deputy State Fire Marshal and the City Building Official did a walkthrough of the church and listed items that would need to be addressed prior to the school utilizing space in the church.

City Staff Request

Staff has prepared this memo to provide information on the City Council Agenda Request. If there is consensus to allow this temporary use, staff would then prepare and present a resolution to the City Council for consideration at the July 18th City Council meeting.

MEMORANDUM

TO: Mayor Wimmer
Members of the City Council

FROM: Ryan Kernosky, Community Development Director

DATE: July 5, 2017

SUBJECT: Agenda Request from CSDCPC ASA, LLC. to temporarily increase the number of students from (260) 300 to 350 for 903 6th Ave Ct NE

Background

CSDCPC ASA, LLC. (applicant) on behalf of the Arts & Science Academy has submitted an Agenda Request Form to temporarily increase the number of students from (260) 300 to 350 at 903 6th Ave Ct NE. The City Council will be voting on whether or not to amend an existing Conditional Use Permit (#2014-074) to allow the Arts & Science Academy to permanently increase their enrollment from 260 to 300 students. This request is to temporarily increase the number of students from 300 to 350.

As you may recall, the Arts & Science Academy has recently begun construction on their middle school. Recognizing that the middle school will not be completed in time for the start of the school year, the Arts & Science Academy has partnered with New Hope Community Church to utilize their space from August 1, 2017 to November 30, 2017 to house some of their students while the new middle school is being constructed. Per the application, they are not intending to exceed 350 students during this time.

Other Considerations

Traffic Flow and Parking: There are several questions raised regarding the flow of traffic (including bus and parent drop off), and parking due to the increase in enrollment. This should be addressed by the applicant.

City Staff Request

Staff has prepared this memo to provide information on the City Council Agenda Request. If there is consensus to allow this temporary use, staff would then prepare and present a resolution to the City Council for consideration at the July 18th City Council meeting.

MEMORANDUM

Members of the City Council

FROM: Ryan Kernosky, Community Development Director

DATE: July 5, 2017

SUBJECT: Conditional Use Permit Amendment – Art & Science Academy

Background

CSDCPC ASA, LLC on behalf of the Art & Science Academy (applicant) has submitted a Conditional Use Permit (CUP) Amendment to amend Resolution 2014-074. Resolution 2014-074 established the Art & Science Academy's original CUP. In that Resolution, a condition capped the number of students at 260. The applicant, through the amended CUP application, wishes to increase the student enrollment from 260 students to 300 students.

The City has been working with the applicant to build a new park facility adjacent to their property. Once the applicant is finished building the park to the specifications of the City, the applicant will convey the property to the City. As part of the Conveyance Agreement (approved through Resolution 2017-097), there was a mutual understanding that the applicant intended to increase the enrollment at the Art & Science Academy through an Amended Conditional Use Permit.

Zoning Ordinance Requirements

Zoning: The subject property is located on 6th Ave Ct NE and is 2.71 acres in size. The property is zoned 'B-2' *General Business District* and falls within the 'H65' *Highway 65 Corridor Overlay District.* At the time of the 2014 CUP, 'educational institutions' were a conditional use in the B-2 zoning district. Since that time, that use has been removed from the B-2 zoning district entirely. It is appropriate to amend the existing CUP to reflect proposed changes for this use.

Parking and Traffic: The applicant states in the application that they will not be increasing the number of staff, and therefore will not be looking to increase the number of parking stalls. Currently the school has 43 stalls of off-street parking. Within our municipal code, the school is required to have one stall per 20 students and one stall per classroom; the existing number of off-street parking stalls well exceeds our minimums. The applicant also states that the current pick up/ drop off area works well, with staff providing safety for the students as the load and unload the bus.

Site Plan Review: Because the proposed amendment does not impact the physical layout nor the aesthetics of the existing property, there is no need to pursue a site plan review. The potential building addition will need to go through the proper steps and receive the proper approvals if it is ever built.

Comprehensive Plan
Educational Institutions are neither fitting nor unfitting within the "B-2" and "H65" zoning districts of the Comprehensive Plan. The typical increase in the morning and afternoon traffic flow are a result of the educational institution make this use more of a destination, and not convenience based used that would typically be allowed in commercial zoning. However, the City amended the code in 2014 to make Education Institutions a conditional use in this zoning district, and has since amended the code again to remove it as a conditional use. It's appropriate to take that into consideration when making a recommendation to the City Council.

Other Considerations
The City has approved an agreement with the applicant to construct a park adjacent to the subject property, and the City has received the Final Plat (Fairway Greens Phase 10). The final plat has been recorded, and construction on the park has commenced.

Public Notice
Notice of the proposed CUP Amendment was published in the official City newspaper, *Isanti County News,* on Wednesday June 7, 2017. Mailed notices were provided to property owners within 350' of the subject property.

Public Comment
At the time of this memo being published, staff had received no comment from the public.

Development and Operations Advisory Committee Comments
The Development and Operations Advisory Committee met on Thursday June 8, 2017 and expressed the following comments:

1) The proposed park needs to be completed and conveyed to the City prior to increasing enrollment from 260 to 300.

Staff Request
City staff is requesting action on this item.

City Planning Commission Recommendation
The City Planning Commission reviewed this matter at the June 20th, 2017 meeting. It was moved by Lorinser, second by Collison to approve the proposal as presented by staff. Motion carried unanimously.

Options and Proposed Motion Language
1. Approval with No Conditions: Motion to approve the request from CSDCPC ASA, LLC on behalf of the Art & Science Academy, for approval of an Amendment to the Conditional Use Permit approved through Resolution 2014-074, to allow for an increase in the maximum number of students allowed from 260 to 300, at the property legally described as Lot 2, Block1 of Fairway Greens, Isanti County, Isanti, Minnesota.

2. Approval with Conditions: Motion to approve the request from CSDCPC ASA, LLC on behalf of the Art & Science Academy, for approval of an Amendment to the Conditional Use Permit approved through Resolution 2014-074, to allow for an increase in the maximum number of students allowed from 260 to 300, at the property legally described as Lot 2, Block1 of Fairway Greens, Isanti County, Isanti, Minnesota with the following conditions…

3. Denial: Motion to deny the request from CSDCPC ASA, LLC on behalf of the Art & Science Academy, for approval of an Amendment to the Conditional Use Permit approved through Resolution 2014-074, to allow for an increase in the maximum number of students allowed from

260 to 300, at the property legally described as Lot 2, Block1 of Fairway Greens, Isanti County, Isanti, Minnesota for the following reasons…

Conditional Use Permit Modification Narrative

Reason for Modifying the CUP:

The Art and Science Academy would like to increase its enrollment from 260 to 300 students to meet additional demand in the community by filling out existing classes to capacity. Currently, the Art and Science Academy is not able to enroll any students next year even though they still have room in many of the classrooms to accommodate more students. Increasing student enrollment would allow them to better meet existing demand and provide educational choice for more families. For example, they currently have only 8 students enrolled in 7th grade and have additional openings ranging from 2 or 3 in some classes to 10 in kindergarten.

Traffic and Parking:

To date, the school's student drop off and pick up procedures have been successful and no unusual incidents have occurred. The school has 5-6 staff assigned to coordinate parent pick up. Students arrive and leave safely and parents are generally satisfied with the time it takes to enter and exit the parking lot. The pick-up times at the school are staggered, due to the after school enrichment programs, resulting in families picking up students at 3pm and 4pm rather than all at once. At this point there are quite a few empty parking spots in the driveway. If the student enrollment was increased to 300 students, there would still be ample parking spaces to accommodate any new staff. However, since the increased enrollment is targeting the filling out of existing classes rather than adding additional classes, the school expects there to be very little increase in staff parking.

RESOLUTION NO. 2014-074

A RESOLUTION APPROVING THE CONDITIONAL USE PERMIT (CUP) AND SITE PLAN/BUILDING APPEARANCE FOR THE ART AND SCIENCE ACADEMY TO BE LOCATED ON THE PROPERTY AT 903 6TH AVENUE COURT NE

WHEREAS, Shade Tree Center LLC currently owns the property at 903 6th Avenue Court NE; and,

WHEREAS, the petitioner has requested a Conditional Use Permit (CUP) to allow for educational institutions on the property at 903 6th Avenue Court NE; and,

WHEREAS, the property is located within the "B-2" General Business District, which requires a Conditional Use Permit (CUP) for educational institutions; and,

WHEREAS, following publication, posted and mailed notice thereof, the City of Isanti Planning Commission conducted a public hearing on the proposed Conditional Use Permit on April 8th, 2014; and,

WHEREAS, the City of Isanti Planning Commission recommended approval of the proposed Conditional Use Permit subject to the conditions as listed below based upon the Findings of Fact and Conclusion as presented; and,

WHEREAS, the City Council reviewed the requested Conditional Use Permit at its regularly scheduled meeting on April 15th, 2014; and,

WHEREAS, the City Council of the City of Isanti has determined that the Conditional Use Permit and Site Plan / Building Appearance with conditions, meets the ordinance requirements necessary for granting approval; and,

NOW, THEREFORE, BE IT RESOLVED BY THE CITY COUNCIL OF THE CITY OF ISANTI, MINNESOTA, that it adopts the Findings of Fact and Conclusion related to the requested Conditional Use Permit and Site Plan/building Appearance for the Art and Science Academy and **BE IT FURTHER RESOLVED** that the requested Conditional Use Permit and Site Plan/Building Appearance to be located on the property at 903 6th Avenue NE, be hereby approved subject to the following conditions:

1. The maximum number of students enrolled at the Art and Science Academy shall be 260.
2. Changes in traffic flow shall be reviewed and approved by the City Engineer.
3. The City of Isanti shall be notified if the number of buses servicing the Academy is greater than three (3).
4. The building plans must be submitted to and approved by the Building Official prior to renovations of the building.
5. The striped pedestrian crosswalk across the vehicle drive lane does not line up with the existing pedestrian ramp located north of the main entrance. The crosswalk should either line up with the existing pedestrian ramp or a new pedestrian ramp meeting all ADA requirements should be built in line with the proposed crosswalk.
6. A paved walk across the center island in line with the proposed crosswalk is also required. This would need to be designed with proper drainage to maintain the existing rain garden hydraulics.
7. Once the electrical contractor has designed the lighting layout submit layout, style, and photometrics stating it meets lighting level requirements to the City for review.
8. Plantings are shown in the "proof of parking" area. Should additional parking be needed in the future these planting and irrigation would need to be relocated. Verify this is the intent or revise the proposed planting locations on the plan.

Adopted by the Isanti City Council on this 15th day of April 2014.

FINDINGS OF FACT AND CONCLUSION

Conditional Use Permit Amendment
CSDCPC ASA, LLC on behalf of the Arts & Science Academy

June 20, 2017
Prepared by Ryan Kernosky, Community Development Director

Request

Request from CSDCPC ASA, LLC, on behalf of the Arts & Science Academy, for approval of an Amendment to the Conditional Use Permit approved through Resolution 2014-074, that would allow an increase in the number of students from 260 to 300, located at 903 6th Ave Ct NE, legally described as Lot 1, Block 1, Fairway Greens Phase 10, Isanti County, Isanti, Minnesota.

Findings of Fact

1. The applicant is requesting to amend Resolution 2014-074 to allow an increase in the number of students permitted from 260 to 300, located at 903 6th Ave Ct NE, legally described as Lot 1, Block 1, Fairway Greens Phase 10, Isanti County, Isanti, Minnesota.

2. The property is zoned "B-2" General Business District and is a part of the "H65" Highway 65 Overlay Zoning District.

3. The applicant has submitted a Conditional Use Permit Amendment Application, the required application fee and associated materials on February 13, 2017. The received materials were deemed complete on March 3, 2017.

4. A public hearing on the matter was scheduled before the City of Isanti Planning Commission on June 20, 2017 at 7:00 p.m. at City Hall within the City Council Chambers.

5. Notice of the Conditional Use Permit Amendment Application was published with the *Isanti County News* on June 7, 2017. Notices were sent to all property owners located within 350 feet of the aforementioned legally described parcel.

6. The City and applicant have interest in construction of a safe and usable park facility to be used by students and the public.

7. The City, through Resolution 2017-097, has agreed to accept ownership of the park facility located on a property legally described as Lot 2, Block 1, Fairway Greens Phase 10 after the applicant has completed construction on a safe and usable park facility.

8. Section 21, Article 2: Conditional Use Permits, Subdivision 3 (D) of the Zoning Ordinance establishes factors that the judgment of the Planning Commission shall be based upon when reviewing a Conditional Use Permit request as well as Section 21, Article 2: Conditional Use Permits, Subdivision 4 General Performance Standards of the Zoning Ordinance establishes additional general standards that shall be used to evaluate any proposed conditional use permit request.

Conclusions

1. In review of the standards established in Section 21, Article 2 Conditional Use (D); the following conclusions have been made (*conclusions to each requirement are shown in underlined italics)*:

   The Planning Commission shall hold a public hearing and consider possible adverse effects of the proposed Conditional Use. The judgment of the Planning Commission shall be based upon, but is not limited to the following factors:

   A. The proposed action has been considered in relation to the specific policies and provisions of and has been found to be consistent with the goals and objectives of the Comprehensive Plan, including public facilities and capital improvement plans.

      The proposed uses for the site would be consistent with the goals and objectives of the comprehensive plan.

   B. The proposed action meets the purpose and intent of this Ordinance and the underlying zoning district.

      The proposed uses fit the intent of the ordinance and underlying zoning district ("B-2" General Business District and "HWY 65" Overlay District). The overall site layout of uses is complementary of each of the uses.

   C. The establishment, maintenance or operation of the conditional use will promote and enhance the general public welfare and will not be detrimental or endanger the public health, safety, morals, or comfort.

      The establishment of the conditional use does not appear to endanger the public health, safety, morals and comfort of the surrounding area or the community. The proposed use increases the quality of life in Isanti by offering more students the opportunity to attend alternative schooling.

   D. The conditional use will not be injurious to the use and enjoyment of other property within the immediate vicinity for the purposes already permitted; nor substantially diminish or impair property values within the neighborhood.

      The conditional use does not appear to diminish or impair surrounding property values.

   E. The establishment of the conditional use will not impede the normal and orderly development and improvement of surrounding property for uses permitted in the district.

      The conditional uses on this lot will likely enhance future development in this area.

   F. Adequate public facilities and services are available or can be reasonably provided to accommodate the use which is proposed.

      As part of the development agreement, the applicant is to construct a park facility adjacent to the subject parcel. After the park facility is constructed, the applicant will be conveying the property to the City for public use. This condition is met.

   G. The conditional use shall, in all other respects, conform to the applicable regulations of the district in which it is located.

      The requested conditional use permit appears to conform to the applicable regulations required for the district and the performance standards outlined within the zoning

ordinance. Conditions will be placed on any approval to ensure that the property is developed in accordance to ordinance requirements and the proposed plan provided by the applicant.

H. The conditional use complies with the general and specific performance standards as specified by within this Article.

These have been evaluated as part of the findings of fact; and can be found within this document.

3. In review of the standards established in Section 21, Article 2 Conditional Use, Subdivision 4 General Performance Standards; the following conclusions have been made (*conclusions to each requirement are shown in underlined italics)*:

A. The use and the site in question shall be served by a street of sufficient capacity to accommodate the type and volume of traffic which would be generated an adequate public right-of-way shall be provided.

This site is currently served by a street of sufficient capacity. The proposed conditional use will not change the type of traffic flow that 6th Ave Ct NE was designed to accommodate. The amendment may slightly increase the amount of traffic as compared to the plan approved through resolution 2014-074.

B. The site design for access and parking shall minimize internal as well as external traffic conflicts and shall be in compliance with Section 17 of this Ordinance.

Sufficient access points have been provided for this site. Parking meets the standards outlined in Section 17 of this Ordinance.

C. If applicable, a pedestrian circulation system shall be clearly defined and appropriate provisions made to protect such areas from encroachment by parked or moving vehicles.

Existing parking lot crosswalks and pedestrian infrastructure is sufficient.

D. Adequate off-street parking and off-street loading shall be provided in compliance with Section 17 of this Ordinance.

Adequate off-street parking and school bus loading/ unloading is provided on site.

E. Loading areas and drive-thru facilities shall be positioned so as to minimize internal site access problems and maneuvering conflicts, to avoid visual or noise impacts on any adjacent residential use or district, and provided in compliance with Section 17 of this Ordinance.

Not applicable to the amendment.

F. Whenever a non-residential use is adjacent to a residential use or district, a buffer area with screening and landscaping shall be provided in accordance with the provisions of Section 15 of this Ordinance.

Not applicable.

G. General site screening and landscaping shall be provided in compliance with Section 15 of this Ordinance.

No additional landscaping is required nor needed.

H. All exterior lighting shall be directed so as not to cast glare toward or onto the public right-of-way or neighboring residential uses or districts, and shall be in compliance with Section 14 of this Ordinance.

Lighting meets the requirements of Section 14 of this Ordinance.

I. The site drainage system shall be subject to the review and approval of the City Engineer.

Site drainage was addressed and approved with the original plans.

J. The architectural appearance and functional design of the building and site shall not be so dissimilar to the existing and potential buildings and area so as to cause a blighting influence. All sides of the principal and accessory structures are to have essentially the same or coordinated, harmonious exterior finish materials and treatment.

The building meets the exterior material requirements outlined in code.

K. Provisions shall be made for daily litter control, an interior location for recycling and trash handling and storage or an outdoor, enclosed receptacle area shall be provided in compliance with Section 14 of this Ordinance.

Not applicable to the amendment.

L. All signs and informational or visual communication devices shall be in compliance with Section 16 of this Ordinance.

Existing signage appears to meet our sign code.

M. The use and site shall be in compliance with any federal, state, or county laws or regulations that are applicable and any related permits shall be obtained and documented to the City.

The applicant may need to pull permits related to school operations, that is typically handled through the State.

N. Any applicable business licenses mandated by City Code are approved and obtained.

Not applicable.

O. The hours of operation may be restricted when there is judged to be an incompatibility with a residential use or district.

Not applicable.

P. The use complies with the applicable performance standards of the zoning district in which it is located and where applicable, any non-conformity shall be eliminated.

The use complies with the applicable performance standards as further outlined in Section 13 Use Regulations of this Ordinance.

Q. Additional Stipulations. All conditions pertaining to a specific site are subject to change when the City Council, upon investigation in relation to a formal request, finds that the

general public health, safety, and welfare, can be served as well or better by modifying or expanding the conditions set forth herein.

Decision

The Planning Commission reviewed the request in a public hearing on June 20, 2017. The meeting minutes, staff memo, and attachments shall be made part of the Findings of Fact and Conclusion.

Planning Commission Recommendation:

Motion by Lorinser, second by Collison to approve the request from CSDCPC ASA, LLC on behalf of the Art & Science Academy, for approval of an Amendment to the Conditional Use Permit approved through Resolution 2014-074, to allow for an increase in the maximum number of students allowed from 260 to 300, at the property legally described as Lot 2, Block1 of Fairway Greens, Isanti County, Isanti, Minnesota with the following condition:

MEMORANDUM

TO: Mayor Wimmer
Members of the City Council

FROM: Ryan Kernosky, Community Development Director

DATE: July 5, 2017

SUBJECT: Consider Adoption of Resolution Accepting Annual Walkthrough of Buildings on City Property Report, and Authorize to Receive Quotes for Repairs

---

Background
In 2014, the City of Isanti adopted a policy that required annual monitoring of the general conditions of buildings on City-owned properties. This was for purposes of capital improvement budgeting, and are not considered official building inspections. The 2014 Resolution (#2014-180) required that these monitoring's were performed between July and August of each year, and were to be sent to the City Council no later than September 15th of each year.

In 2016, the City amended the policy through Resolution 2016-320. The changed policy recognized the need to perform the yearly monitoring's sooner, and required that the walkthroughs happened in March and April, with City Council review by May 1st of each year.

Because the transition between the full-time Community Development Directors and having an Interim Director, this task was not done until late May and is now being presented to you for consideration.

Development & Operations Advisory Committee Review
The City Building Official presented his findings to the Development & Operations Advisory Committee on June 22, 2017. The building walkthrough report is included in this agenda packet.

Staff Request
Consider Adoption of Resolution 2017-XXX Accepting the Annual Walkthrough of Buildings on City Property Report, and to authorize staff to receive quotes for repairs to buildings.

RESOLUTION 2017-XXX

A RESOLUTION ACCEPTING ANNUAL WALKTHROUGH OF BUILDINGS ON CITY PROPERTY REPORT AND AUTHORIZING STAFF TO REQUEST QUOTES ON REPAIRS FOR BUILDINGS

WHEREAS, the City of Isanti adopted Resolution 2014-180 directing a Designee to walkthrough buildings on City owned property and to provide a report to the Isanti City Council; and,

WHEREAS, the City Engineer and Public Works staff monitor City Buildings used to house utility infrastructure such as Pump houses, water towers, and wastewater treatment and are not included in this report; and,

WHEREAS, annual visits to non-utility infrastructure related buildings (excluding park structures) should be done to assess the general conditions of the buildings and their uses to better monitor these city assets; and,

WHEREAS, the annual walkthroughs have been conducted and a summary report with recommendations has been completed and is attached as 'Exhibit A'; and,

WHEREAS, the Development and Operations Advisory Committee reviewed the summary report and recommends the approval; and,

WHEREAS, the annual walkthroughs are not considered official building inspections; and,

WHEREAS, City Staff is seeking authorization to request quotes for the recommended repairs;

NOW, THEREFORE, IT IS HEREBY RESOLVED by the City Council of the City of Isanti, Minnesota accept and acknowledge the attached report and recommendations **AND** authorizes the City Staff of Isanti to request quotes for recommended repairs.

This resolution is hereby approved by the City of Isanti City Council this 5th day of July, 2017.

Request for City Council Action

To: Mayor Wimmer and City Council Members

From: Sean M. Sullivan, Economic Development Director

Date: July 5, 2017

Subject: **Consider Resolution Authorizing the Execution of Repayment Agreement on Lot 14, Block 3, Isanti Meadows with Real Deal Construction, Inc.**

On December 20, 2016 the City Council amended and extended a SAC and WAC Deferral program as Resolution No. 2016-362 to continue to spur development activity. Real Deal Construction, Inc. has requested the City to execute a Repayment Agreement for Greenwood Ave SW legally described as Lot 14, Block 3, Isanti Meadows, for the construction of an approximate 1,204 SF main floor single family home. The business is in "Active / Good Standing" upon review of the Minnesota Secretary of State Office as of June 27, 2017. The form of the Repayment Agreement is consistent with the form approved by the City Council on December 20, 2016. The Repayment Agreement will be dated as of the date that the Building Permit is paid for by the Developer. Staff is asking the City Council to consider adoption of the attached resolution and execution of the Repayment Agreement.

City Council Action:

Consider Adoption of Resolution and Execution of Repayment Agreement

Attachment:

1) Resolution 2017-____ Authorization to Execute Repayment Agreement on Lot 14, Block 3, Isanti Meadows with Real Deal Construction, Inc.

RESOLUTION 2017-___

Authorization and Execution of Repayment Agreement on Lot 14, Block 3, Isanti Meadows with Real Deal Construction, Inc.

WHEREAS, the City of Isanti adopted a SAC and WAC Deferral program on December 20, 2016 which is documented by Resolution 2016-279; and

WHEREAS, A boiler plate Repayment Agreement was drafted by Development Attorney Campbell Knutson and the City Council directed Staff to utilize this agreement for parties interested in SAC and WAC Deferral for commercial or residential development; and

WHEREAS, Real Deal Construction, Inc. (the "Developer") has asked the City of Isanti to enter into a Repayment Agreement for the property legally described as: Lot 14, Block 3, Isanti Meadows (the "Property") and has agreed to pay the recording fee associated with the filing of the Repayment Agreement; and

WHEREAS, the Developer has stated the it will be the owner of the Property at the time of execution of the Repayment Agreement; and

WHEREAS, the date of the Repayment Agreement will be when the Developer signs prior to payment of the building permit; and

WHEREAS, the Developer is registered, active and is in good standing with the Minnesota Secretary of State Office as of June 27, 2017.

NOW, THEREFORE, IT IS HEREBY RESOLVED by the City Council of the City of Isanti, Minnesota authorized the Mayor and City Administrator to execute the Repayment Agreement attached hereto contingent upon satisfactory proof of ownership witnessed in a recorded instrument of conveyance to the Developer.

This Resolution hereby approved by the Isanti City Council this 5th day of July 2017.

REPAYMENT AGREEMENT; STATUTORY SHORT FORM MORTGAGE; AND DEED RESTRICTIONS

THIS REPAYMENT AGREEMENT; STATUTORY SHORT FORM MORTGAGE; AND DEED RESTRICTIONS ("AGREEMENT"), made on or as of the ____ day of July, 2017, by and between the City of Isanti, Minnesota, a Minnesota municipal corporation (hereinafter referred to as the "City") having its principal office at 110 First Avenue N.W. PO Box 428, Isanti, Minnesota 55040, and Real Deal Construction, Inc., a corporation under the laws of the state of Minnesota (hereinafter referred to as the "Developer"), having its principal office at 31108 County Road 5, Princeton, MN 55371.

WITNESSETH:

WHEREAS, the Developer intends to construct a 1,204 square foot main floor single family home (the "Improvements") on certain real property (the "Property") in the City; and

WHEREAS, in connection with the construction of the Improvements there are certain water and sanitary sewer charges that are payable by the Developer to the City; and

WHEREAS, the Developer has demonstrated to the satisfaction of the City that the Developer is unable to pay the full amount of the charges now and has asked the City to defer such charges and make them payable at a future point in time; and

WHEREAS, the City believes that the development of the Improvements by the Developer is in the best interests of the City and, therefore, it is willing to defer the charges if doing so will facilitate the development and viability of the Improvements.

NOW, THEREFORE, in consideration of the premises and the mutual obligations of the parties hereto, each of them does hereby covenant and agree with the other as follows:

ARTICLE I
Definitions

Section 1.1. Definitions. In this Agreement, unless a different meaning clearly appears from the context:

"Agreement" means this Agreement, as the same may be from time to time modified, amended, or supplemented.

"City" means the City of Isanti, Minnesota, its successors and assigns.

"County" means Isanti County, Minnesota.

"Deferred Charges" means the utility charges described in Section 3.1 of this Agreement being deferred by the City and which the Developer is obligated to pay in accordance with this Agreement.

"Developer" means Real Deal Construction, Inc, a Minnesota Corporation, its successors and assigns.

"Event of Default" means an action by the Developer listed in Article IV of this Agreement.

"Improvements" means the 1,204 square foot main floor single family home to be constructed by the Developer on the Property.

"Property" means the real property described on the attached Schedule A to this Agreement.

"State" means the State of Minnesota.

ARTICLE II
Representations

Section 2.1. Representations by the City. The City makes the following representations as the basis for the undertaking on its part herein contained:

(a) The City is a statutory city duly organized and existing under the laws of the State. Under State law, the City has the power to enter into this Agreement and to perform its obligations hereunder.

Section 2.2. Representations by the Developer. The Developer represents that:

(a) The Developer is a corporation duly organized and authorized to transact business in the State, is not in violation of any provisions of its Bylaws or the laws of the State, has power to enter into this Agreement and has duly authorized the execution, delivery and performance of this Agreement by proper action of its Articles of Incorporation.

ARTICLE III
Deferred Charges, Payment and Security

Section 3.1. Deferred Charges. The Developer owes to the City the sum of **$ 8,222.00** in deferred utility charges ("Deferred Charges"). The Deferred Charges consist of **$3787.00** in Water Availability Charges and **$4,435.00** in Sewer Availability Charges. The City has agreed to defer the payment of the Deferred Charges as described in this Agreement.

Section 3.2. Payment of the Deferred Charges. The Developer covenants and agrees that it will pay the Deferred Charges to the City on the earliest to occur of the following:

(a) on the date that is one hundred and twenty (120) days after the date of this Agreement;

(b) on the date that the Developer sells or transfers the Property or Improvements, or any portion thereof; or

(c) on the date that the City issues a certificate of occupancy for the Improvements.

Interest shall accrue on the Deferred Charges at the rate of zero percent (0%) from the date hereof and continuing until the Deferred Charges and all accrued interest have been paid in full.

Section 3.3. Payment of Costs.

(a) The Developer shall pay all costs for title work and recording of this Agreement.

(b) The Developer shall pay all costs incurred by the City in connection with the preparation and implementation of this Agreement and related documents, including, without limitation, fees of attorneys related the preparation of this Agreement and related documents, if the Developer fails to complete construction of the Improvements within one hundred and twenty (120) days after the date of this Agreement.

Section 3.4 Security. As security for Developer's obligation of repayment of the Deferred Charges and Costs identified in Sections 3.1 and 3.3, Developer hereby grants and the City shall and hereby does have, a lien on the Property in the full amount necessary to satisfy any repayment obligation of the fees and charges identified in Sections 3.1 and 3.3 under this Agreement and the cost including reasonable attorney's fees, of collecting the same.

Section 3.5 Notice. At least 10 days before the date of any sale, cash out refinance, transfer or other conveyance of the Property or, in the event of a sale by contract for deed, Developer or their heirs, executors or representatives, shall give the City notice thereof.

Section 3.6 Mortgage. To secure any such repayment of the Deferred Charges under Section 3.1 and 3.3 as may become due under the provisions of this Article, the Developer hereby

grants to the City a Statutory Short Form Mortgage pursuant to the provisions of Minnesota Statutes Section 507.15 (2016) as follows:

UNIFORM SHORT FORM MORTGAGE

This statutory mortgage, made this ___ day of July, 2017 between the City of Isanti, a Minnesota Municipal having its principal office at 110 First Avenue N.W. PO Box 428, Isanti, Minnesota 55040 (the "Mortgagor"), and Real Deal Construction, Inc., a corporation under the laws of the state of Minnesota, having its principal office at 31108 County Road 5, Princeton, MN 55371(the "Mortgagee"),

Witnesseth, that to secure the payment of the Deferred Charges by the Mortgagee to the Mortgagor of $8,222.00 as described in Article 3 of this Agreement (the "Indebtedness") the Mortgagor, hereby mortgages to the mortgagee and grants a security interest in the real property located at 700 Greenwood St SW, in the City of Isanti, Isanti County, Minnesota, as legally described and set forth in "Schedule A" attached hereto and made a part hereof ("Property"), subject only to any liens or encumbrances of record thereon as of the date hereof.

And Mortgagor agrees and covenants with the Mortgagee the following statutory covenants;

1. To warrant the title to the Property, subject only to prior encumbrances of record as of the date hereof.
2. To pay the indebtedness as herein provided.
3. To pay all taxes.
4. To keep the buildings located on the Property insured against fire, windstorm and extended coverage for their full insurable value for the protection of the Mortgagee.
5. That the Property shall be kept in repair and no waste shall be committed.
6. That the whole of the principal sum shall become due after default, in the payment of any installment of principal or interest, or of any tax, or in the performance of any other covenant, at the option of the Mortgagee.

If default be made in any payment or covenant herein, the mortgagee shall have the statutory power of sale, and on foreclosure may retain statutory costs and attorney's fees.

Section 3.7. In the event Mortgagor or their heirs, executors or representatives shall fail or refuse to make a required repayment of the Indebtedness within the limited period set forth herein, the Mortgagee may, with or without notice to Mortgagor foreclose said lien in the same manner as provided pursuant an action for the foreclosure of mortgage upon said Property, as by statute provided, or may at its option proceed with foreclosure by advertisement pursuant to the statutory power of sale which the Mortgagor grants to the Mortgagee provided under this Mortgage, in accordance with applicable law. In the event of default by Mortgagor on any of Mortgagor's obligations under the terms of this Mortgage, Mortgagee shall also have the right to pursue any remedy available to it at law or in equity.

ARTICLE IV
Events of Default

Section 4.1. Events of Default Defined. The following shall be "Events of Default" under this Agreement and the term "Event of Default" shall mean, whenever it is used in this Agreement (unless the context otherwise provides), any one or more of the following events:

(a) Failure by the Developer to pay when due any payments required to be paid under this Agreement.

(b) The Developer of the following: (i) file any petition in bankruptcy or for any reorganization, arrangement, composition, readjustment, liquidation, dissolution, or similar relief under United States Bankruptcy Laws or any similar Federal or State Laws; or (ii) make an assignment for the benefit of its creditors; or (iii) admits, in writing, its inability to pay its debts generally as they become due; or (iv) be adjudicated, bankrupt or insolvent.

Section 4.2. City's Remedies on Default. Whenever any Event of Default by Developer referred to in Section 4.1 of this Agreement occurs, the City may take any one or more of the following actions after providing ten (10) days written notice to the Developer of the Event of Default, but only if the Event of Default has not been cured within said ten (10) days:

(a) Declare the entire outstanding balance of the Deferred Charges immediately due and payable;

(b) Terminate this Agreement;

(c) Deny issuance of certificates of occupancy or temporary certificates of occupancy;

(c) Take whatever action, including legal, equitable or administrative action, which may appear necessary or desirable to the City to collect any payments due under this Agreement, or to enforce performance and observance of any obligation, agreement, or covenant of the Developer under this Agreement, including the remedies provided under Article 3.

Section 4.3. No Remedy Exclusive. No remedy herein conferred upon or reserved to the City or Developer is intended to be exclusive of any other available remedy or remedies, but each and every such remedy shall be cumulative and shall be in addition to every other remedy given under this Agreement or now or hereafter existing at law or in equity or by statute. No delay or omission to exercise any right or power accruing upon any default shall impair any such right or power or shall be construed to be a waiver thereof, but any such right and power may be exercised from time to time and as often as may be deemed expedient. In order to entitle the City or the Developer to exercise any remedy reserved to it, it shall not be necessary to give notice, other than such notice as may be required in this Article IV.

Section 4.4. No Additional Waiver Implied by One Waiver. In the event any agreement contained in this Agreement should be breached by either party and thereafter waived by the other

party, such waiver shall be limited to the particular breach so waived and shall not be deemed to waive any other concurrent, previous or subsequent breach hereunder.

Section 4.5. Costs of Enforcement. Whenever any Event of Default occurs and the City shall employ attorneys or incur other expenses for the collection of payments due or to become due or for the enforcement of performance or observance of any obligation or agreement on the part of the Developer under this Agreement, the Developer agrees that it shall, within ten (10) days of written demand by the City, pay to the City the reasonable fees of such attorneys and such other expenses so incurred by the City.

Section 4.6. Certificate of Occupancy. The City may deny a certificate of occupancy or temporary certificate of occupancy for the Property until all amounts owed to the City under the terms of this Agreement have been paid by Developer.

ARTICLE V
Additional Provisions

Section 5.1. Representatives Not Individually Liable. No member, official, or employee of the City shall be personally liable to the Developer, or any successor in interest, in the event of any default or breach or for any amount which may become due to Developer or successor in interest or on any obligations under the terms of this Agreement.

Section 5.2. Titles of Articles and Sections. Any titles of the several parts, Articles, and Sections of the Agreement are inserted for convenience of reference only and shall be disregarded in construing or interpreting any of its provisions.

Section 5.3. Notices and Demands. Except as otherwise expressly provided in this Agreement, a notice, demand, or other communication under the Agreement by either party to the other shall be sufficiently given or delivered if it is dispatched by registered or certified mail, postage prepaid, return receipt requested, or delivered personally; and

(a) in the case of the Developer, is addressed to or delivered personally to the Developer at 31108 County Road 5, Princeton, MN 55371; and

(b) in the case of the City, is addressed to or delivered personally to the City at 110 First Avenue N.W., P.O. Box 428, Isanti, Minnesota 55040,

or at such other address with respect to either such party as that party may, from time to time, designate in writing and forward to the other as provided in this Section.

Section 5.4. Disclaimer of Relationships. The Developer acknowledges that nothing contained in this Agreement nor any act by the City or the Developer shall be deemed or construed by the Developer or by any third person to create any relationship of third-party beneficiary, principal and agent, limited or general partner, or joint venture between the City and the Developer or any third party.

Section 5.5. Release. Upon payment of all fees and charges under Article III in accordance with the provisions of this Agreement, the City will furnish Developer with a Release of Mortgage for the Property within a reasonable period of time following the request. Developer shall be responsible for recording the Release of Mortgage.

Section 5.6. Modifications. This Agreement may be modified solely through written amendments hereto executed by the Developer and the City.

Section 5.7. Counterparts. This Agreement may be executed in any number of counterparts, each of which shall constitute one and the same instrument.

Section 5.8. Judicial Interpretation. Should any provision of this Agreement require judicial interpretation, the court interpreting or construing the same shall not apply a presumption that the terms hereof shall be more strictly construed against one party by reason of the rule of construction that a document is to be construed more strictly against the party who itself or through its agent or attorney prepared the same, it being agreed that the agents and attorneys of both parties have participated in the preparation hereof.

Section 5.9. Run with the Land. This Agreement may be recorded against the Property and shall run with the aforesaid Property and shall inure to the benefit of and be binding upon the parties hereto and their respective heirs, executors, representatives, successors and assigns.

IN WITNESS WHEREOF, the City has caused this Agreement to be duly executed in its name and behalf and the Developer has caused this Agreement to be duly executed in its name and behalf on or as of the date first above written.

RE: Award Recommendation – 2017 Palomino Road Improvements
City of Isanti, Minnesota
BMI Project No. R13.1112450

Honorable Mayor Wimmer and Members of the City Council:

Five bids were received on the 2017 Palomino Road Improvements project on June 28, 2017. The bids were checked and tabulated and the final results are summarized as follows:

Bidder	Bid
C & L Excavating	$553,814.25
Northdale Construction Co	$580,797.64
Douglas-Kerr Underground	$648,510.94
R.L. Larson Excavating	$659,048.05
LaTour Construction	$693,480.75
Engineer's Estimate	*$635,000.00*

C & L Excavating's bid is within the anticipated budget. We recommend award of this project to C & L Excavating in the amount of $553,814.25.

If you have any questions, please contact me.

Sincerely,

1. Meeting Opening.

A. Call to Order.
Zdon called the meeting to order at 6:00 p.m.

B. Pledge of Allegiance.
Everyone stood for the Pledge of Allegiance.

C. Roll Call.
Members Present: Jennifer Garvey, Mayor Wimmer, James Witte, and Aaron Zdon
Staff Present: Katie Everett, Community Events and Parks Coordinator

D. Agenda Modifications.
Zdon asked if there were any agenda modifications. There were none.

Motion by Wimmer, second by Witte to approve the April 25, 2017 Parks, Recreation, and Culture Board Agenda. Motion was unanimously approved.

2. Approval of Minutes from March 28, 2017 Parks, Recreation and Culture Board Meeting.

Motion by Wimmer. Second by Garvey. Vote was unanimously approved.

3. Annual Park Tour

A. Unity Park – Everett explained that Public Works will be doing some maintenance to the ballfield soon. They will scrape the edge where kind of a bowl has been created and grass is creeping in, and more crushed limestone will be brought in. A drag has been purchased. Zdon asked if it would be kept at the field; Everett said she had thought about that and didn't know yet because a lot of our things tend to disappear when they are left out, but she had talked to Public Services Director Wood who had also discussed getting some bases to rent out. Zdon explained that a lot of fields will have a box with those kinds of items in them that is locked. Everett said she'll look into this option here. The group also looked at the new park sign that is now posted on the backstop.

B. Bluebird Park – The board started at the skate park equipment that has been moved to the cement slab. Everett explained which boards have been replaced and that Public Works has been able to do more sections than originally planned already this year. There will be a couple more of the panels coming, and when those are delivered Public Works will close the equipment for a few more days to replace the panels on the bigger ramp. Zdon stated that there are still a few of the bars from the hockey boards sticking up out of the cement that should get ground off so no one catches on them. The group then walked over to the rain garden. Everett explained that there are some existing plants that have not come up yet, like the black eyed susans which are later season plants. More plants will be coming on May 8 to fill in more spaces. Public Works will also be added new mulch, and we are experimenting with types of mulch that won't wash away. Everett also stated that the gutter seams on the Indoor Arena have not been sealed and a vent stack that was knocked over by snow is fixed. The group then walked back to the Bluebird playground area to discuss park signs and determined that rather than getting one large sign somewhere in the park, we should post something like a 4'x2' sign at each end of 1st Avenue entering the park and a 2'x2' where the trail enters from 3rd Avenue. If there is not one of the park rules signs near the playground equipment, the board recommended posting one on the pavilion, and it could be positioned to

still direct people toward the public restroom like the sign currently posted near the skate park equipment. The group thought that the Bike/Walk Trail signs should be updated to match the new signs and decided to discuss what goes on them at a later time.

C. Legacy Park – Park Board members met at the new gate and discussed that it seems so far like the gate is helping, but it may be that it's still early in the season so we will keep an eye on the activity in the park. There were some tire tracks present, so it does appear that someone way be driving around the gate still. Mayor Wimmer stated that because they will now be trespassing if anyone sees this happening, they need to call the Police Department right away so they can handle it while it's happening. Everett explained that Earth Day was a success with 17 people at Legacy cleaning up and about 15 over at River Bluff. They didn't find a ton of trash, which she took as a good sign; and the best benefit was that many of them had never been there before and intended to come back once they saw it.

D. Riverside Park – The Board members had a discussion about the picnic tables which are constantly being moved under the equipment. One was placed under the glider. Garvey asked if we thought it was there so that kids could reach the handles, and maybe if we find some way to have a step up if the kids would stop putting the table there. The group also noticed that the second table was underneath equipment that did have steps, so that may or may not be effective. Everett stated that this equipment is more "big kid equipment" anyway, except the toddler equipment. Wimmer stated that there had been discussions in the past about moving that equipment closer to the main playground so it wasn't so far away, and the group agreed the current location is awkward for parents who might have kids playing at both to be able to watch everyone.

E. River Bluff Preserve – Mayor Wimmer and Everett explained that they went on a walk through with Wood and will be doing some maintenance on a washout on the trail between the dock and Martin's Landing where ATVs have eroded the shoreline. Everett explained that the garden is over half reserved at this point and more people have been coming in this week to reserve spaces. A new shed will be delivered next week; Public Works has tilled once already and will till the plots again before the season opens. Everett explained that they have money budgeted for a kids area so she is planning to have a place for them to dig with signs showing bugs to look for and that kind of thing, planting some shorter sunflowers, as well as some tomatoes and cucumbers that kids can help grow with any produce going to the Senior Dining program. Everett asked how much of the remaining space could be used for the Planting for Pollinators program coming up and explained that she could potentially get a seed mix to cover the whole space, depending on what it costs. She reminded the board members that the space was originally intended to be room for more beds as they're needed and didn't know if the pollinator plants would be missed if they were taken out to make more room. Wimmer asked if Everett would be growing pumpkins again this year, and she said she could also do that, but thought since we have the pollinator program scheduled, she wanted to get the board's opinion about how to use the space.

F. Rum River Meadows – Everett stated that Public Works will be getting the volleyball net back up soon. Zdon asked if that was well used last year, and Wimmer said he saw a number of people using it, but it wasn't a high traffic area. Everett stated that the City has been dealing with some dog feces issues on the empty lot to the west of the playground; Wimmer explained that the dog owners have been fined and the issue is on going. Everett explained that otherwise, the park equipment is good shape right now. The group discussed that this is a park that is used often.

G. Isanti Hills Neighborhood Park – Everett explained that she will be getting the sign replaced with the new name, and they may move the sign to the corner and position it so it can be seen better from the two more highly used entrances. Garvey also asked if we had ever thought about putting small signs out at the sidewalk indicating that the park was there. The board members thought this would be a good idea. The group discussed getting new tables and benches for the park and determined that the current benches are okay for now and we could potentially get two new tables for under the pavilion, but thought this may not be high priority.

H. Whisper Ridge – Everett stated what when she was out on Monday she noticed a lot of trash in the area. She didn't know if she was more aware of it because it was very windy and things were blowing around or if there was more trash than usual. Wimmer asked that we make sure Public Works gets out to

clean it up. Zdon stated that he knew his son and a group of friends had been out using the basketball court, so at least it is being used.

I. Mattson Park – The board members discussed how this park is one of the worst in terms of vandalism within the city and it's an ongoing problem. With the tables that got painted last year, they thought it would not be a good investment to put brand new tables in this park at this point that will likely be damaged. The benches and tables around the park are currently in good condition; the ones under the pavilion are in the worst condition, but the board felt they should not be replaced at this time. Everett explained that the basketball court is still in pretty good shape and Zdon stated that this one gets used all the time too. Wimmer asked about the tennis court resurfacing; Everett stated that we can't fill the cracks now and resurfacing will be about a $14,000 project, so it will be budgeted for next year.

Due to time, the group decided not to visit VFW Park and wrapped up the meeting at Mattson Park.

J. VFW Park – Everett stated that this park is in kind of the same condition it always is and she will order a smaller sign to mount on the fence there.

4. Parks and Program Updates

Everett explained that there were 19 in attendance at the last movie night, and considering that it was really nice outside that day that was a good number. Rum River BMX will be hosting Nationals on May 11-14, and they have been working with the City to make sure there aren't any surprises this year. Celebrate Isanti planning is under way and sign up for the run/walk and bike ride is open online. The Cultivate Wellness Sponsorships are coming in, and Everett will send a reminder email this week. The compost site did open over the weekend and collects leaves and grass from City of Isanti residents.

5. Adjournment

Motion by Witte, second by Garvey to adjourn the April 25, 2017 meeting of the Parks, Recreation, and Culture Board. Motion was approved.

The meeting adjourned at 7:25 p.m.

Dated at Isanti, Minnesota this 25th day of April, 2017.

Request for City Council Action

To: **Mayor Wimmer and City Council Members**
From: Chief Gene C. Hill
Date: June 26, 2017
Subject: Investigator Computer

MEMO

Background:

In 2017, $3,000.00 was budgeted for investigator equipment. Inv. Noreen has requested a Microsoft Surface computer. The large Panasonic Toughbook computer has proven to be very heavy to carry and cumbersome to use at scenes and for meetings.

The Toughbook computer he is using is a Microsoft XP model and is 6+ years old and is no longer supported. The Surface computer has proven itself to be handy, it takes great photos and you can write on the screen for taking notes. Its light weight and versatility is what is needed. We would be ordering this item off the State Contract. From time to time, Microsoft will run a sale off of their website that will beat the state contract pricing. I would also be ordering a docking station, protective case and wireless mouse along with an extended warranty. Estimated cost would be approximately $1700.00 and budgeted money is in place for this purchase.

The Finance Committee has reviewed and is recommending consideration.

Action:

For the Council to review and consider the purchase of the computer for the Investigator.

Respectfully,

Chief Gene C. Hill

RESOLUTION NO. 2017-_____

A RESOLUTION AUTHORIZING THE PURCHASE OF A MICROSFT SURFACE COMPUTER FOR THE POLICE INVESTIGATOR

WHEREAS, the Police Department is required to follow the rules of the FBI in regards to criminal justice access via computers, and;

WHEREAS, the FBI no longer allows computers with Windows XP to access these criminal justice systems, and;

WHEREAS, the use of state contract pricing was used to determine the purchase expense, and;

WHEREAS, the purchase will be funded through the police department's investigator equipment line item, and;

NOW, THEREFORE, IT IS HEREBY RESOLVED by the City Council of the City of Isanti, Minnesota as follows:

1. That the City Council authorizes the Chief of Police to purchase a Microsoft Surface Computer with Windows 10 for the Police Investigator.

Adopted by the Isanti City Council this 5th day of July, 2017.

RE: Approval of Sale of Tax Forfeit Parcel by Isanti County

The City has been notified of a tax forfeit parcel in the Villages on the Rum Development. The parcel, Lot 32, Block 4, Villages on the Rum, is owned by Iverson Real Estate Corporation. The parcel is a residential lot. The Development and Operations Advisory Committee has reviewed the property and is recommending that the City approve the sale of the tax forfeit parcel by Isanti County. The parcel will be sold either at Public Auction or by Private Auction to the adjacent landowner.

Attached is a resolution for your consideration that approves the sale of the parcel by Isanti County.

CITY OF ISANTI, MINNESOTA

RESOLUTION NO. 2017-_____

RESOLUTION STATING THE CITY OF ISANTI'S APPROVAL OF THE COUNTY OF ISANTI TO CLASSIFY AND SELL PARCEL FOR PUBLIC AUCTION OR PRIVATE AUCTION TO ADJACENT LANDOWNERS

BE IT RESOLVED BY THE CITY COUNCIL OF THE CITY OF ISANTI (the "City") AS FOLLOWS:

WHEREAS, the City of Isanti has been notified that Lot 32, Block 4, Villages on the Rum (Parcel Number 16.092.1680), owned by Iverson Real Estate Corporation, located within the City, is under tax forfeiture proceedings; and,

WHEREAS, the subject property is a residential lot in the Villages on the Rum private development; and,

NOW, THEREFORE, BE IT RESOLVED that the City Council of the City of Isanti hereby approves the County of Isanti to classify and sell parcel 16.092.1680 for public auction or private auction to adjacent landowners.

Adopted this 5th day of July, 2017.

Enclosed is a classification listing of non-conservation land located in your township. The parcel(s) described in the listing forfeited to the State of Minnesota for non-payment of property taxes.

As required under M.S. 282.01, we request that you approve the parcel(s) for public auction or auction to adjacent owners or request a conveyance to your township for public use. Please complete the enclosed request for approval and return it to our office.

We require a certified copy of the City Council Resolution authorizing any action taken. Please refer to the enclosed information regarding a governmental entity acquiring a tax forfeit parcel and the regulations associated.

Special assessments that were levied before the forfeiture do not need to be certified to this office. They were canceled at forfeiture and will be paid from the sale price. Special assessments that are levied after the forfeiture should be certified to this office. They will be added to the appraised value and paid from the sale price.

Please be advised that, if the City Council fails to respond within sixty (60) days of the date of this letter, the classification and sale will be deemed to be approved.

If you have any questions, please feel free to contact me at (763) 689-1644.

CITY OF ISANTI
PLANNING COMMISSION
MEETING MINUTES
June 20, 2017

1. Meeting Opening.

A. Call to Order.

Chairman Wimmer called the meeting to order at 7:17 p.m.

B. Pledge of Allegiance.

Everyone rose for the pledge of allegiance.

C. Roll Call.

Members Present: George Wimmer, Dan Collison, Steve Lundeen, Ross Lorinser, Paul Bergley, Jim Kennedy and Jeff Miller.

Members Absent: None

Staff Present: Don Lorsung, City Administrator

Others Present: Karl Jentoft, CSDCPC ASA, LLC, on behalf of the Art and Science Academy

D. Agenda Modifications.

None

Motion by Lundeen second by Collison to approve the agenda. Motion carried unanimously.

2. Approval of Minutes from May 19, 2017 Planning Commission Meetings

Chairman Wimmer questioned if there were any comments or changes to the minutes.

Motion by Lundeen, second by Bergley to approve the Meeting Minutes. Motion was unanimously approved.

3. Public Hearing

A. Request from CSDCPC ASA, LLC, on behalf of the Art and Science Academy, for approval of an Amendment to the Conditional Use Permit approved through Resolution 2014-074, to increase the maximum number of students from 260 to 300 at 903 6th Ave Ct NE, legally described as Lot 2, Block 1, of Fairway Greens, Isanti County, Isanti, Minnesota.

Chairman Wimmer read the item into the minutes and opened the public hearing at 7:18 p.m.

Wimmer commented that the Planning Commission was looking for substantial progress on the playground before approving the request. He said the request was a month early, but it could be approved at the July meeting as long as CSDCPC ASA, LLC followed through.

Karl Jentoft said the plats were filed 6/20/2017 and they have not been able to physically work on the park before the filing. The amendment request for the Planning Commission's June

meeting was to give the City Council time to approve the request before the beginning of the school year.

Wimmer said he understood, which is why the City conveyed that the process needed to begin sooner than it did. He would only want to go forward with it if there was substantial progress by the July 5th City Council meeting, or if not then, for consideration at the July 18th City Council meeting.

Jentoft agreed. They have a contractor lined up to perform the work. He shared the importance for the student enrollment to increase for the next school year. He also shared that the Art and Science Academy would be requesting a temporary increase to 350 students until the Middle School would open.

Wimmer then reiterated that substantial progress must be made.

Bergley commented that the 2014 zoning ordinance did allow for educational institutions in that zone. He wanted to know if that had changed. Wimmer discussed about the need to maximize commercial uses in that district, causing the changes in use.. He shared that the property in question was originally zoned as commercial use; a non-profit bought them and they were then reclassified. Since no additional building or footage is being added, this is still an approved usage and the zoning requirements have not changed.

City Attorney Joslin stated that the applicant should waive the applicability of the 60-day rule for the request to ensure it causes no future issues with consideration at either July City Council meeting. Wimmer said the applicant can waive the rule and a decision will be made at either of the July council meetings.

Jentoft agreed to the 60-day rule waiver. He will follow this verbal agreement with an e-mail to the City.

Wimmer proposed that the requested amendment be approved at the Planning Commission meeting for final consideration at one of the City Council meetings in July provided there was substantial progress on the playground.

Mayor Wimmer closed the Public Hearing at 7:28 p.m.

Motion by Lorinser, second by Collison to approve the proposal. Motion carried unanimously.

4. Other Business.

A. None.

5. Other Communications.

CITY OF ISANTI
PARKS, RECREATION, AND CULTURE BOARD
MEETING MINUTES
June 27, 2017
City Council Chambers

1. Meeting Opening.

A. Call to Order.
Zdon called the meeting to order at 6:10 p.m.

B. Pledge of Allegiance.
Everyone stood for the Pledge of Allegiance.

C. Roll Call.

Members Present:	Jennifer Garvey, James Witte, and Aaron Zdon
Members Absent:	Mayor Wimmer
Staff Present:	Katie Everett, Community Events and Parks Coordinator

D. Agenda Modifications.
Zdon asked if there were any agenda modifications. There were none.

Motion by Garvey, second by Wimmer to approve the June 27, 2017 Parks, Recreation, and Culture Board Agenda. Motion was unanimously approved.

2. Approval of Minutes from April 25, 2017 Parks, Recreation and Culture Board Meeting.

Motion by Garvey. Second by Witte. Vote was unanimously approved.

3. Sign Replacement Plan

Everett explained the signs that directly match River Bluff have been ordered, mostly because we needed to make sure that former – Tot Lot had the right name before the scavenger hunt started. That sign has been put up, she hasn't gotten a chance to see if the others are up yet. She explained that the other options are in the packet. The board had talked about doing some smaller ones to distribute around Bluebird Park. The big signs we have are 8'x3'. The 4'x2 option would go on the entrance off of Isanti Parkway where the road is, and the 2'x2' where the trail comes in on the side off of 3rd, and then 1st Ave winds through the park. Right now there's a little sign as you come through there, we'd replace that one with one that matches. Everett stated that she didn't attach one of the little rules signs because people would be passing them and would read them. Garvey asked if there is a sign near the playground that says there's a bathroom available at BMX. Everett explained that the closest one is by the skate park. Zdon stated that one isn't super visible, and no one really knows. Everett stated that the one out there is a rule sign that across the bottom shows "Public Restroom," and we should be able to order another of those. Garvey stated that she doesn't like adding more posts, because she knows the people mowing the grass don't like more posts, so if it's attached to the pavilion. Zdon added that families with babies at the pavilion don't always want to be using the portables, so agreed that would be a good location. Everett explained that she got the invoice for the signs ordered so far and we should have plenty of money to get what we need.

Everett explained that VFW sign has a condensed version of the rules with the ones more pertinent for that site. That is the same size as the one on the backstop at Unity for a frame of reference. The Bike/Walk Trail signs look like people have been throwing things at them and they're all dented. Everett explained that she thinks there are way too many words on the sign, and the group agreed. Zdon stated that someone might read "4. No alcohol," because it's short and move on. Everett explained that is what

the sign currently reads. Garvey recommended that the group revisit this sign, she agreed that there are way too many rules and four is about the max, and no one is going to stop and read all of these. Zdon stated that the font can be bigger then, too. Everett said that maybe we can have some rules listed and then have a little mailbox there will all of the rules listed so we can say they're available. Zdon said that for number one, "No motorized or recreational vehicles on the trail or its right of way," you can just say "No motorized vehicles," which is what you see on every sign – or you could add no ATVs, and that's still shorter. Garvey asked if Everett had looked at any other county or regional trail signage to see any comparisons. Everett said that she hasn't directly relating to this, but she's never seen a sign that looks like this in all the time she's visited parks. Witte stated that some places just use emblems. Garvey stated a lot of them are getting away from the English language and making sure it's just a universal type of thing. Zdon stated that if you're biking, you can pick up 6 emblems quickly as you're going by. Garvey stated she likes the idea of the emblems; Zdon agreed, and stated that even if some are written and then add 4 or 6 big emblems. Garvey stated she would make a motion to come back with a couple of rules and some emblems that would be an option to condense this sign down. Everett stated she can rework it too, and she will check with the City Administration because they may have ideas about which rules have to be on there. Zdon stated that it's not a bad thing to have the full set of rules maybe posted, but also have an abridged set somewhere on the trail, and have these maybe on the website. Everett stated she believed they are currently on the website, but wasn't positive about that. Garvey stated she didn't think most other places would have these even as an option posted somewhere because all they're going to do is get trashed. Everett agreed that it's not effective and she'll rework it and bring it back. In the meantime, if the board had a chance to Google and find some good emblems, they can email them to her. Zdon stated they should be public domain on the alcohol, no littering, no motorized. Everett stated that she has seen the National Parks Service has a download of their standard ones too. The other signs on the last page will replace the sign just as you're crossing the dirt road; as you're coming into the City of Isanti it says welcome and as you're leaving, thanks for visiting. That's what they say now, Everett said she didn't know if we wanted more information or to stick with what's there. Zdon stated that these are nice and big. Everett stated that Cambridge has a nice big map on their beginning end. So we might be able to look into getting their version of that map and maybe get something like that on this end. There was a gentleman that came in probably a couple of months ago now that said he would like to see distance markers on the trail. He happened to be a sign guy and was going to send options for doing this, and she hasn't heard from him. That might be something that the Bike/Walk Trail committee looks at too. Zdon said that would be nice to have. Everett explained that a lot of people go out with spray paint and mark the trail wherever they want for their 5Ks and things, so that might limit that. Everett stated that if they're okay with those, she will order them as well as the Bluebird and VFW Park sign.

4. Benches and Tables

Everett stated that she wanted to confirm that when the group was out on the park tour, they weren't super convinced that new tables were going to a high priority. The Public Works department has repainted a bunch of the blue and black ones too. There may be a couple left to work on, but the ones that were the worst like over at Mattson are all being redone. They're all getting a little bit of a facelift. There is a chance that we might be able to get some donated by the Rotary; they contacted that they may be interested in doing that again. Everett just wanted to make sure we don't want to order anything at this point. Zdon asked if the $5000 budgeted is use-it-or-lose it or if it will be pushed to next year. Everett explained that we'll probably lose it, but if we don't need to spend it that's good for the Parks budget. Garvey asked if it has to be spent on tables and benches. Everett explained at this point, yes it does. If we do determine that we do not want to do this and there's another project that fits within that budget, it would be a Finance Committee and then ultimately Council decision to reallocate that money. Garvey asked if we would want to have that decision made by November at the latest. Everett said that should happen as soon as possible. Zdon asked if that money could be used to replace the boards at Legacy that are gouged up, or would that be separate repair budget? Everett said she thought we probably could use it for that. Zdon said he thought it would fit within the scope. Everett explained that she did contact that and

it was about $60 per board. Zdon said we might need 20 boards over there, we don't know, some of them are pretty bad. Garvey asked if it could come back next month. Zdon asked if we could get a count of how many boards are out there. Everett explained she had gone out and didn't remember exactly how many were bad, but it was around eight. Zdon said that was less than he thought. Everett said that each table has three slats on the top and each bench is just one, so there aren't as many as she was thinking either. She said she asked if we could get blank ones to have extras, but the boards in each position are different and it costs more to get them blank. Everett stated that we might still be able to order extra middle ones, extra end ones, etc. Zdon said he thought it might make sense to get some extra sets since these are the same benches we're using at other parks now too. Garvey asked if the Parks department had tried sanding them down; Everett said she thought they may have done that in a couple of shallow spots, but some of them are so deep you'd end up with a big bowl there. Zdon said that by the time we pay for someone to do that work you could probably just pay for a new board, plus the finish gets kind of weird when you do that. Zdon said he'd like to get an estimate on getting some sets so we have plenty to fix what's there and possibly have some extras.

Zdon asked if there are other top priority benches and tables, or if they have them all repaired. Everett stated that some of the blue ones are pretty dented, but they're nicer now and will hold up for a while. Garvey asked if the blue ones are the metal mesh. Everett said they are. The brown ones that are the permanent ones in the parks were repainted, and the blue ones are usually the ones under the pavilions that move around. They don't look brand new, but they look a lot better. Zdon said the board could leave it up to staff's discretion. If there are some that the mesh is torn, then it's a safety hazard. If there are any staff don't think are worth repairing, then maybe next month we know that and then can decide and be done with it.

5. Parks Updates

Everett said that the scavenger hunt kick off was really fun. We had about 10 people, with adults and kids, that came to volunteer with Access Church, and 20-25 people that came through to do that activities and a handful more that just stopped by to get the passports. We had a decent turnout for not knowing what to expect. Some people brought the newspaper ad with them, so it's good to know how people are hearing about things. We've had 13 or 14 turned back in, and we've been watching people doing it around town. Some people come in to City Hall and just go out and do it all in a day. The prizes are the blue Frisbees, which we've had before, and blue aluminum water bottles. Staff are collecting some things from local businesses. We have requested a gift card from Coborn's and Allina is going to donate a parks visiting kit with sunscreen, bug spray, that kind of thing. And there will be $100 cash prize. We are requiring that the person be there to win the grand prize, which will be drawn August 12th at the Street Dance.

Boogie Wonderland was awesome. We got no weather to speak of here. It was the coolest Street Dance Everett had ever been too. There were a couple of spritzes as the band was setting up, but otherwise we completely escaped all of the weather that happened everywhere else on Saturday. Our vendors were all saying they had never seen that many people at a Street Dance before. The Lions ran out of beer at 10:45. Boogie Wonderland is easy to work with, and they want to come back.

The Farmers' Market is going well. The vendors are going a little rogue this week, and they're having the market without Everett. She will be off on Friday, and has put one of them in charge and we'll see how they do. They're all pretty happy. It's not as easy to get in and out for them to set up this year, so the logistics are a little trickier. She is not allowing them to complain about that because the customer traffic has increased so much. It's been way busier. Last week was rainy, and Everett thinks it was still busier than an average week last year. We have also worked with Dual Square Mall and EverCat owns a building next to that about access to that grassy area, and they've all been super cooperative about that. The Liquor Store has been very kind too as we're setting up and doing all of that. Zdon stated they're

probably getting more business too. Everett said the market tries to send that in and hopes it goes both ways.

The Arts and Science Academy is moving along. The direction they've been given is that once there is substantial progress made on the park, they will be given official approval to go ahead with expanding enrollment and the middle school stuff. Zdon asked if the park is physically being done. Everett stated that it is, and within the last couple of weeks they've filed all of the final plats. Zdon asked if there is a final plan, and if it's online. Everett stated she's not sure if it's online anywhere, but will include a full size tennis court, she thinks the soccer field will be little, but it's for small kids. Everett stated she doesn't know the dimensions on that. They'll also be putting in a playground, and the equipment changed a couple of times so she's not sure exactly off hand what they chose. A paved trail loop will also go through there, and eventually we'll connect that around the storm pond. Zdon asked if they're doing the work out gear that was on the original. Everett stated that will be on our section, and at this point that is not a budgeted project but we'd like to do it at some point in the future. Zdon stated that he was at Highland Park over the weekend and the exercise area was packed. Everett explained that the new Community Development Director is very interested in parks too, and he asked when the last time we did a park plan was. Everett told him it was 2011, but it hasn't been followed very closely. She also thinks that sometime in the next couple of years the City is supposed to be updating its comprehensive plan and Parks is supposed to be a part of that. Hopefully we get a guiding document going forward, and that park would maybe included as well as some of the other dream items.

Everett explained that it is budget time so staff is preparing preliminary budgets to be brought forward. She is working on a grant for a dog park, so if we get that, the dog park will happen a lot sooner. It's looking like right now that might happen over the next couple years if we don', budgeting that in so we have enough to do a good job when we put it up. We're also looking at a way to start including capital replacement for playgrounds to have funds available to replace things that are aging. As far as Everett knows we're still planning to do the tennis court next year as long as that gets approved in the budget process. We know that will just continue to get more expensive the longer we wait.

Celebrate Isanti is the last item. Everett asked the board that if they know of organizations or teams that might want to come to the wellness fair to let her know. Otherwise it's going well, she thinks there are about 40 people signed up for the 5K. There is still time for that, and we'll do another advertising push on that as it gets closer. Zdon asked which day that is; Everett said August 12. Everett stated that it's looking like it will be a good day with lots of free things for people to do. And between then and now is the July Street Dance. Devon Worley Band is coming. She has never done a Street Dance before, but has done a lot of stuff in the area and has a pretty decent following. Rodeo/Jubilee things are coming up fast – next week already, the parade is next Thursday.

I. Council Committee Reports

Mayor Wimmer mentioned the number of firework complaints the city has received and how those are dealt with. He said the process in dealing with the complaint reports was to give a warning to the offender first, then issue citations to those who failed to heed the warnings.

Mayor Wimmer then wanted to clarify the School Board tax abatement as he felt there was some confusion surrounding it after it had been reported incorrectly in the news. They are not being subsidized with public money. It is their own money they are paying in and without the abatement this would not occur. The benefit with the tax abatement is that from day one, there is extra income available for the county, school district, and city to share in those funds. For the first five years the entity receiving the tax abatement keeps 50% of the tax amount and 50% is shared with the county, school district, and city. After year five, the abatement amount decreases by 10% each year until year 10 when the entity pays on the full tax base.

Mayor Wimmer asked that if the press or community members had any questions regarding any of the Economic Development tools being used to please contact him or the City of Isanti Economic Development Director, Sean Sullivan, for clarification as it can be confusing. Mayor Wimmer went on to explain that the tax abatement was more favorable than TIF as when TIF is used 100% of the revenue is kept by the entity or business and is not shared with the community. Tax Abatement is less familiar but more beneficial to all government entities as they share in a portion of the taxed amount. Mayor Wimmer wanted this to be as clear as possible and once again implored anyone with any questions to seek answers from the appropriate people so the facts are out there.

J. Public Hearings

None.

K. Business Items

1. **Request for a Temporary Conditional Use Permit for ASA Middle School Students at New Hope Community Church.** Mayor Wimmer wanted to know what steps the charter school would have to go through so the students could be housed at the church and what were the transportation issues surrounding this.

   Pastor Bill Berg from New Hope Community Church said they have researched the entire project, have looked at the building codes and what was necessary, and have spoken with the State as to what needs to take place to house the students. B. Berg then explained they have looked at scheduling also and it does not appear to be a conflict. Karl Jentoft said transportation has already been approved with School District 911 picking up and dropping off students utilizing one bus. However, the route is not set yet as it is dependent upon student numbers, handicapped accessibility, and street access to the church.

   Mayor Wimmer wanted to make sure that it was understood that the City Council would only be approving that it could happen but it is the State that has final authority regarding the school operations. Mayor Wimmer wanted to receive a written response from the charter school and church regarding the issues still in question. He said the City Council would provide a list with the questions to the charter school and New Hope Community Church so it was clear what they wanted answered. Mayor Wimmer said the request should be tabled until there is a written explanation answering the City Council's list of questions before this request is heard again.

Motion by Lundeen, second by Collison to table Request. Motion carried.

2. **<u>Resolution 2017-185</u> Request for a Temporary Conditional Use Permit to Increase the Maximum Number of ASA Students to 350 students.** Karl Jentoft said this was a temporary CUP to increase student capacity to 350 students to give flexibility to place the students where it will be

most convenient during construction. Mayor Wimmer wanted to clarify that the temporary increase to 350 included the additional 40 students being requested in Business Item number 3. Mayor Wimmer said if they approved the 350 with this request it would cover both. He continued by saying that while there was progress on the playground as requested by the City Council, it is not substantial progress. However, he said there is another couple of weeks for them to do this. Mayor Wimmer said he didn't think there were any issues with the temporary increase right now and it would cover them for the next few months regarding student numbers.

Motion by Lundeen, second by Bergley to approve the request as presented as Resolution 217-185. Motion carried.

City Administrator Don Lorsung

3. Resolution Amending the Conditional Use Permit Approved for the Arts and Science Academy Increasing the Maximum Number of Students From 260 to 300 at 903 6th Avenue Court NE.

Motion by Lorinser, second by Lundeen to table this item until the next City Council meeting. Motion carried.

4. **Resolution 2017-186 Accepting Annual Walkthrough of Buildings on City Property Report and Request Quotes on Repairs**

Motion by Lorinser, second by Collison to approve Resolution 2017-186 as presented. Motion carried.

Economic Development Director Sean Sullivan

5. **Resolution 2017-187 Authorizing the Execution of Repayment Agreement on Lot 14, Block 3, Isanti Meadows with Real Deal Construction, Inc.**

Motion by Lundeen, second by Collison to approve Resolution 2017-187 as presented. Motion carried.

City Engineer Brad DeWolf

5. **Resolution 2017-188 Awarding the Bid for the 2017 Palomino Road Improvement Project**
   Five bids were received by June 28th with the low bid from C&L Excavating at $553,814.25. The City Engineer had estimated the cost at $635,000.00 so the bid from C&L Excavating was very competitive.

Motion by Lorinser, second by Lundeen to approve Resolution 2017-188 to award bid to C & L Excavating. Motion carried.

L. Approve Consent Agenda

1. Consider Accounts Payable in the Amount of $263,812.43 and Payroll in the amount of $110,546.26
2. Final Meeting Minutes for the April 25, 2017 Parks, Recreation and Culture Board Meeting
3. **Resolution 2017-189 Authorizing the Purchase of a Microsoft Surface Computer for Police Investigator**
4. **Resolution 2017-190 Stating the City of Isanti's Approval of the County of Isanti to Classify and sell Parcel for Public Auction or Private Auction to Adjacent Property Owners**

Motion by Lundeen, second by Bergley to approve Consent Agenda as presented. Motion carried.

Public Hearing

To: The Honorable Mayor Wimmer
Members of the City Council

From: Matt Lindholm, Code Enforcement and Zoning Technician
Ryan Kernosky, Community Development Director

Date: July 18, 2017

Subject: Public Hearing for Abatement of the property located at 310 1st Ave SW due to outside storage of rubbish, salvage materials, junk, boat on a non-compliant filled with stagnant water, brush pile or other miscellaneous refuse and items in violation of City Code 216-2 affecting health and safety; City Code 227-8 Storage and Parking Restrictions; City Code 273-7 Public Nuisances Affecting Health; and Ordinance No. 445 Zoning.

Background

On September 23, 2016, Matt Lindholm, Code Enforcement and Zoning Technician (CEZT) issued a notification letter citing "Outdoor storage of rubbish, salvage material and junk." The letter indicated that the trash collected near the front door needed to be removed and properly disposed of. At this time, the City requested that these issues be taken care of by October 7, 2016 if the residents were unable to make the corrections in the required time, they were invited to contact the City. In the meantime, the City received no correspondence or contact from the resident.

After a drive by inspection on October 10, 2016 and on October 11, 2016 an Administrative Citation of $200 was issued to Richard Blake for failure to remedy the code compliance issue. The Administrative Citation had a due date of October 25, 2016.

On November 23, 2016, the CEZT sent letters to all property owners with unpaid Administrative Citations. The letter indicated that Mr. Blake now $220.00 and would owe $242.00 in two weeks. On November 28, 2017, the CEZT received a handwritten notice regarding the property owner. The notice was written on the November 23 letter, and stated that the property owner never received a citation and that all cars were licensed.

December 2016, having received news that Mr. Blake passed away, Roxanne Achman, the former Community Development Director, instructed the CEZT to freeze the outstanding Administrative Citation at its current amount of $242.00.

On June 6, 2017, a resident stopped in City Hall and filed a complaint regarding the property at 310 1st Ave SW. The complainant was well aware of Mr. Blake's passing, but was very

concerned about the open trash near the front door, and the additional issues of the bush pile, boat with stagnant water, various debris about the property, and the long grass. The same day, the CEZT visited and documented that property, issuing a notification letter citing "1) Outdoor storage of rubbish, salvage material and junk, 2) Public Nuisances Affecting Health—Weeds and Unmaintained Grass, 3) Boat and trailer parked/stored on grass, and 4) Stagnant water affecting health." The letter indicated that the code violations needed to be taken care of within two weeks, by June 20, 2017.

On June 22, 2017, the CEZT conducted a site inspection and documented that the violations in question remained. The CEZT obtained contact information for a descendant of Mr. Blake's and attempted to contact them. A detailed voicemail was left, informing the relative of the situation and idea of the City to abate the property, rather than issue additional Administrative Citations.

A public hearing notice was posted on the front door and sent to the property owner on June 22, 2017, with a public hearing date of July 18, 2017. Notice was also published in the Isanti County News on July 5, 2017.

On the day this memo was completed for the Council packet the property remained in violation with no apparent progress being made. The property will be reinspected on July 18, 2017 just prior to the City Council meeting and an update will be provided to the City Council.

Greetings,

On September 23, 2016 you were notified that your property was in violation of city ordinance in regards to the outdoor storage of rubbish, salvage material, and junk. You have not contacted our office to discuss this matter and the violation remains. This is an Administrative Citation for the violations listed below.

ORDINANCE	DESCRIPTION	ACTION NEEDED TO BE CORRECTED	FINE	DUE DATE
Ch 216-2	Outdoor storage of rubbish, salvage material and junk	The material collected near the front must be properly disposed of and removed from the property	$200	October 25, 2016

In order to avoid further penalties, you will need to pay the fine **AND** correct the violation by the due date or request an Administrative Hearing in writing. Please feel free to contact me, Mon—Thu 8am to 12 noon, at (763) 444-5512 or email me at codeandzoning@cityofisanti.us

A 10% late fee will be assessed after 10 days of non-payment and/or non-compliance. City code violations that are not resolved may also be referred to the City Council for abatement which will be done at the homeowners expense and may result in a lien upon the property. Additionally, the City of Isanti may turn over non-compliant property owners to the Police Department for criminal prosecution. Property owners wishing to appeal an administrative citation may elect to moderate the violation with a neutral 3rd party if they notify the City within 10 calendar days of the issuance of this administrative citation. Each day a violation exists constitutes a separate offense and is subject to additional fines.

Greetings,

A City Code violation was noted at your property.

Violation description: **Outdoor storage of rubbish, salvage material and junk**

We understand that no one enjoys receiving a city code violation and that most residents aren't aware that these codes exist. Please read the details below carefully and make the necessary corrections prior to the due date. City codes help keep our community safe, friendly, and beautiful. I am here to help you remove this violation on your property, located at 707 4th Ave SW in Isanti.

Your due date to come into compliance is on or before October 7, 2016. In order to be in compliance with City Code, the material collected near the front must be properly disposed of and removed from the property.

Please note that in the event of a repeat violation of the same or similar nature, which was previously cleared, occurring within a twelve, (12) month period from date of this letter, on this property, owned by the same property owner, the violation will be immediately issued an Administrative Citation.

If you feel that there has been an error or you are unable to make the corrections in the required time or need help understanding how to return your property into compliance, please contact me. My office hours are 8:00am to 12:00 noon, Monday through Thursday. **Please contact Matt at (763) 444-5512** or email to **codeandzoning@cityofisanti.us**

Greetings,

Two City Code violations were noted at your property.

Violation description: **Boat with a motor and trailer parked/stored on grass**
Violation description: **Allowing the pooling of stagnant water**

We understand that no one enjoys receiving a city code violation and that most residents aren't aware that these codes exist. Please read the details below carefully and make the necessary corrections prior to the due date. City codes help keep our community safe, friendly, and beautiful. I am here to help you remove this violation on your property, located at 310 1st Ave SW in Isanti.

Your due date to come into compliance is on or before June 20, 2017. Isanti City Code states that units with motors and trailers are not permitted to be parked/stored on the grass at any time of year. To comply with City Code, please move the boat and trailer to the impervious surface of the driveway, the garage or remove the boat and trailer from the property. Additionally, the City requests that you drain the water pooled in the boat and boat cover. The City received complaints that it's attracting mosquitoes. As minor as the violations may sound, they are ordinances that City Council expects and requires City staff to enforce. See ordinance details below.

Please note that in the event of a repeat violation of the same or similar nature, which was previously cleared, occurring within a twelve, (12) month period from date of this letter, on this property, owned by the same property owner, the violation will be immediately issued an Administrative Citation.

Violation: **Boat and trailer parked/stored on grass**
Ordinance: 227 PARKING AND STORAGE
Description: 227-8 Storage and Parking Restrictions

A. *All outdoor storage and/or parking of any unit in any residentially zoned district shall comply with the requirements set forth in the matrix grid attached hereto, and incorporated herein as Exhibit A*
B. *All motor vehicles and all units as identified within Exhibit A which are parked or stored outdoors in any residentially zoned district shall be maintained in a clean, well-kept manner, be currently licensed, operable/usable, and road legal. Storage of dilapidated or unsightly units is prohibited.*
C. *Personal vehicles, company vehicles, recreational vehicles, trailers and fish houses may be parked or stored outdoors in a residentially zoned district, only on the property of the owner, resident or authorized user of such unit, and in accordance with the provisions of this section:*
   (1) ***All vehicles and units with motors shall be parked and stored on an impervious surface. Units without motors require improved surface (see definitions below)***
   (2) *The lot area covered by impervious surface must not exceed the maximum allowed within the applicable zoning district*
   (3) *Recreational vehicles shall be mobile and shall not be permanently affixed upon any foundation nor upon or in the ground in any manner that would prevent portability*
   (4) *A screening fence must be provided when the unit is visible from adjacent properties and/or the street, when located in the rear yard. Exceptions may be provided when a fence would limit legal access to a street. Screening fences shall meet all requirements as set forth in Ordinance No. 445 Zoning. When a screening fence is used, the entire length of the unit, 50 percent of the height of the unit, and at least three (3) sides of the unit must be screened at ground view from any neighboring property or the right-of-way. All fencing must be maintained on a property. Screening must be made from approved materials.*
   (5) *An area under a deck located within the rear yard may (be) utilized to store units identified in this article, provided they fit entirely under the deck an meet the appropriate surfacing requirements. Screening fence requirements must be met however, the fence shall not create an entirely enclosed area. One side of the area below the deck must remain open to allow air flow.*
   (6) *Only one (1) trailer or recreational vehicle shall be permitted at any time on the driveway. Boats, snowmobiles, or personal watercraft stored on a single trailer will count as one unit.*

227-1 Definitions.
IMPERVIOUS SURFACE - Areas where water, air or roots cannot readily penetrate the soil. Examples include concrete, asphalt, bituminous; driveway pavers systems with a minimum thickness of 60 mm (2-3/8 inch) and with gaps not to exceed ¼ of an inch.

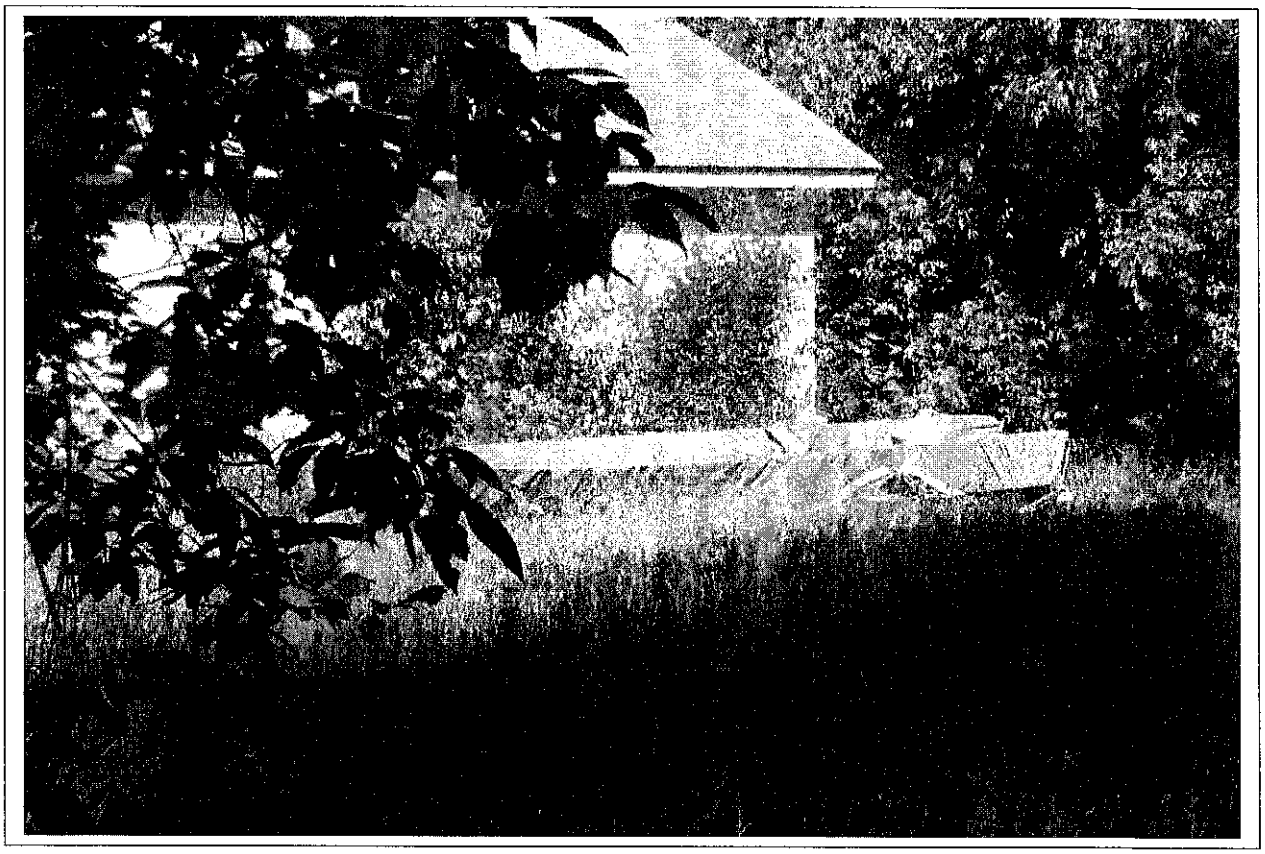
Violation: **Stagnant water affecting health**
Ordinance: 216 NUISANCES
Description: 216-2 Public nuisances affecting health.

The following are hereby declared to be nuisances affecting health:

D. All ponds or pools of stagnant water.

To review this City Ordinance on the web, go to http://ecode360.com/9545297.



Action must be taken on or before June 20, 2017. Failure to come into compliance prior to the due date will result in an administrative citation from the City of Isanti, which carries a fine of up to $200 per day that the violation continues to exist. A 10% late fee will also be assessed after 10 days of non-payment or non-compliance. City code violations that are not resolved may also be referred to the City Council for abatement which will be done at the homeowner's expense and may result in a lien upon the property. Additionally, the City of Isanti may turn over non-compliant property owners to the Police Department for criminal prosecution. Property owners wishing to appeal an administrative citation may elect to moderate the violation with a neutral 3rd party if they notify the City within 10 calendar days of the issuance of an administrative citation.

Greetings,

A City Code violation was noted at your property.

Public Nuisances Affecting Health—Weeds and Unmaintained Grass

We understand that no one enjoys receiving a city code violation and that most residents aren't aware that these codes exist. Please read the details below carefully and make the necessary corrections prior to the due date. City codes help keep our community safe, friendly, and beautiful. I am here to help you remove this violation on your property, located at 203 1st Ave NW in Isanti.

Your due date to come into compliance is on or before June 20, 2017. In order to be in compliance with City Code, please remove and properly dispose of the brush pile(s).

Please note that in the event of a repeat violation of the same or similar nature, which was previously cleared, occurring within a twelve, (12) month period from date of this letter, on this property, owned by the same property owner, the violation will be immediately issued an Administrative Citation.

If you feel that there has been an error or you are unable to make the corrections in the required time or need help understanding how to return your property into compliance, please contact me. My office hours are 8:00am to 12:00 noon, Monday through Thursday. **Please contact Matt at (763) 444-5512** or email to **codeandzoning@cityofisanti.us**

NOTICE OF PUBLIC HEARING FOR PROPERTY ABATEMENT

The Isanti City Council will hold a public hearing at their regularly scheduled meeting on **Tuesday, July 18th, 2017** to review the violations of City Code that have occurred on this property. Based upon the evidence that will be provided, the City Council will consider authorizing the nuisance abatement for the property at your expense. Your attendance is recommended.

Based upon that authorization, your property shall be re-inspected and if the property is found to be non-compliant, the property will be abated immediately. Items will be removed by the City at that time; and you will be liable for all costs incurred by the City for the abatement, including administrative costs. Upon the provision of City Code 216-7 (Recovery of Cost), Staff has been directed to submit to Council a list of the total unpaid charges along with all other charges as well as other charges for current services to be assessed under Minnesota Statutes, Section 429-101.

If you have any questions or concerns please contact me as soon as possible. I can be reached at (763) 444-5512 or via e-mail at codeandzoning@cityofisanti.us

Subject: Resolution Approving a Special Event Permit Application for the BMX State Series Qualifying Race

---

Background

Rum River BMX Association will be hosting the MN State Series qualifying race on August 6, 2017 from 9:00 am to 5:00 pm. The estimated number of individuals in attendance is 800. The Association is requesting that overnight camping be allowed for the event, and expect about 20-25 people to camp. Parking for the event will take place on the grass to the south and east of the Isanti Indoor Arena and at the south Bluebird Park lot. Rum River BMX Association will be responsible for any damages to grass as a result of this event.

Restroom facilities will be provided by the Association for the event through Absolute Portables. The Association will be responsible for upkeep of all restroom facilities over the course of the event, including those on the south end of the Isanti Indoor Arena. The Association will be responsible for clean-up of the outside areas; the $100 clean up deposit is on file, and should Public Works need to clean the grounds for any reason, this check may be cashed. The standard public addressing system will be used throughout the event.

Special Event Permit application materials, including an event map, have been included for Council review.

Staff Request

City staff are requesting City Council's approval of the Special Event Permit application for the 2017 State Qualifier Race.

RESOLUTION NO. 2017-XXX

RESOLUTION APPROVING A SPECIAL EVENT APPLICATION FOR THE MN STATE SERIES QUALIFYING RACE

WHEREAS, Andy Strom, on behalf of the Rum River BMX Association, submitted a Special Event application on June 14, 2017 requesting approval to host the MN State Series Qualifying Race; and,

WHEREAS, the event is scheduled to take place on Sunday, August 6, 2017 from 9:00 a.m. to 5:00 p.m. at the Isanti Indoor Arena located at 101 Isanti Parkway NW; and,

WHEREAS, the estimated number of people to be in attendance is 800; and,

WHEREAS, the applicant would be required to provide additional portable restroom facilities for the event, in which the applicant will be contacting its current supplier to do so prior to the event; and,

WHEREAS, parking for volunteers, spectators, and participants will be at the Isanti Indoor Arena parking lot with overflow at Bluebird Park parking lots and the grass to the south and east of the facility.

NOW, THEREFORE, IT IS HEREBY RESOLVED by the City Council of the City Of Isanti, Minnesota to approve the special event request for the August 6, 2017 MN State Series Qualifying Race event with the following conditions:

- No signage shall be posted for the event, unless allowed under Zoning Ordinance section 16, or a Temporary Sign Permit Application and fee are submitted.
- City staff recommend that tent stakes not be allowed in the irrigated area east of the Indoor Arena; if any irrigation lines are used, Rum River BMX Association will be billed for their repair.

AND FURTHERMORE, IT IS HEREBY RESOLVED by the City Council of the City of Isanti, Minnesota that this Resolution is hereby the "Permit" for the above stated Special Event.

This resolution was duly adopted by the Isanti City Council this 18th day of July, 2017.

Request for City Council Action

To: **Mayor Wimmer and City Council Members**

From: Chief Gene C. Hill **MEMO**

Date: July 12, 2017

Subject: **Body Worn Video Cameras**

Background:

In September 2012 the City Council approved the purchase of two body worn cameras through a 50/50 equipment matching grant from the Safe and Sober Grant Program. Since then the body camera program has evolved into four cameras worn by officers and the video is downloaded in house to an external hard drive.

In very recent years, the body worn camera issue has morphed into a very hot topic nationally. In Minnesota, the video date collected was technically public information and would have to be made available upon public request. The Minnesota Data Practices Act did not specifically address body worn video collected by law enforcement where the citizens had expectations of privacy, such as within their homes. This created a significant conflict with US Supreme Court decisions (4th Amendment) where people had these expectations and protections.

The Minnesota Legislature took on this challenge to update the Mn. Date Practices Act; however, put into place several obstacles for law enforcement entities that cost real dollars to maintain. The biggest cost to the body worn camera program are the biennial audits that are required under {§13.825(9) attached}. The audits have to be external and by a third party for transparency purposes and are costing many thousands of dollars for each audit, twice a year to be complaint with the new law.

The other more hidden costs are the extra hours of supervisory review of video footage randomly to make sure the officers are complying with the legislative changes and the requirements of the department's policy.

This issue was discussed at the last DOAC Meeting and they recommended this com to City County for discussion and consideration. The intent of the body worn camera program had

all good intentions; however, with the legislative changes, there is no budgeted money to perform these audits which could reach ten thousand dollars annually.

I have attached the LMCIT new model policy for review as well. Our current department policy would have to be updated to meet these new requirements if we are to continue with the body worn camera program.

At this time I feel that we need to suspend our body worn camera program until financial funding can be obtained for the biennial audits and for video redacting software that would be needed to redact information from the video that is not considered public data. The redacting software is also an expensive purchase.

Action:

I am requesting the City Council review, discuss and consider the suspension of our body worn camera program.

Thank you for your time and consideration,

Chief Gene C. Hill

RESOLUTION 2017-_____

RESOLUTION APPROVING THE SUSPENSION OF THE ISANTI POLICE DEPARTMENTS BODY WORN CAMERA PROGRAM

WHEREAS, in 2012 the Isanti PD body worn camera program was implemented through a 50/50 matching grant to improve law enforcement evidence gathering; and

WHEREAS, in 2015/2016, body worn video became a national topic over what data was public versus private of confidential; and

WHEREAS, the Minnesota Legislature update the Minnesota Data Practices Act to update the concerns of this data, how it was to be retained, length of retention, access requirements and the inclusion of biennial audits; and

WHEREAS, the legislative changes have place a financial burden on agencies not previously experienced; and

NOW, THEREFORE, BE IT RESOLVED by the City Council of the City of Isanti, Minnesota, to hereby approve the suspension of the Isanti Body Worn Camera Program.

This Resolution is approved by the City of Isanti Council this 18th Day of July, 2017.

13.825 PORTABLE RECORDING SYSTEMS.

Subdivision 1. **Application; definition.** (a) This section applies to law enforcement agencies that maintain a portable recording system for use in investigations, or in response to emergencies, incidents, and requests for service.

(b) As used in this section:

(1) "portable recording system" means a device worn by a peace officer that is capable of both video and audio recording of the officer's activities and interactions with others or collecting digital multimedia evidence as part of an investigation;

(2) "portable recording system data" means audio or video data collected by a portable recording system; and

(3) "redact" means to blur video or distort audio so that the identity of the subject in a recording is obscured sufficiently to render the subject unidentifiable.

Subd. 2. **Data classification; court-authorized disclosure.** (a) Data collected by a portable recording system are private data on individuals or nonpublic data, subject to the following:

(1) data that document the discharge of a firearm by a peace officer in the course of duty, if a notice is required under section 626.553, subdivision 2, or the use of force by a peace officer that results in substantial bodily harm, as defined in section 609.02, subdivision 7a, are public;

(2) data are public if a subject of the data requests it be made accessible to the public, except that, if practicable, (i) data on a subject who is not a peace officer and who does not consent to the release must be redacted, and (ii) data on a peace officer whose identity is protected under section 13.82, subdivision 17, clause (a), must be redacted;

(3) portable recording system data that are active criminal investigative data are governed by section 13.82, subdivision 7, and portable recording system data that are inactive criminal investigative data are governed by this section;

(4) portable recording system data that are public personnel data under section 13.43, subdivision 2, clause (5), are public; and

(5) data that are not public data under other provisions of this chapter retain that classification.

(b) A law enforcement agency may redact or withhold access to portions of data that are public under this subdivision if those portions of data are clearly offensive to common sensibilities.

(c) Section 13.04, subdivision 2, does not apply to collection of data classified by this subdivision.

(d) Any person may bring an action in the district court located in the county where portable recording system data are being maintained to authorize disclosure of data that are private or nonpublic under this section or to challenge a determination under paragraph (b) to redact or withhold access to portions of data because the data are clearly offensive to common sensibilities. The person bringing the action must give notice of the action to the law enforcement agency and subjects of the data, if known. The law enforcement agency must give notice to other subjects of the data, if known, who did not receive the notice from the person bringing the action. The court may order that all or part of the data be released to the public or to the person bringing the action. In making this determination, the court shall consider whether the benefit to the person bringing the action or to the public outweighs any harm to the public, to the law enforcement agency,

or to a subject of the data and, if the action is challenging a determination under paragraph (b), whether the data are clearly offensive to common sensibilities. The data in dispute must be examined by the court in camera. This paragraph does not affect the right of a defendant in a criminal proceeding to obtain access to portable recording system data under the Rules of Criminal Procedure.

Subd. 3. **Retention of data.** (a) Portable recording system data that are not active or inactive criminal investigative data and are not described in paragraph (b) must be maintained for at least 90 days and destroyed according to the agency's records retention schedule approved pursuant to section 138.17.

(b) Portable recording system data must be maintained for at least one year and destroyed according to the agency's records retention schedule approved pursuant to section 138.17 if:

(1) the data document (i) the discharge of a firearm by a peace officer in the course of duty if a notice is required under section 626.553, subdivision 2, or (ii) the use of force by a peace officer that results in substantial bodily harm; or

(2) a formal complaint is made against a peace officer related to the incident.

(c) If a subject of the data submits a written request to the law enforcement agency to retain the recording beyond the applicable retention period for possible evidentiary or exculpatory use related to the circumstances under which the data were collected, the law enforcement agency shall retain the recording for an additional time period requested by the subject of up to 180 days and notify the requester that the recording will then be destroyed unless a new request is made under this paragraph.

(d) Notwithstanding paragraph (b) or (c), a government entity may retain a recording for as long as reasonably necessary for possible evidentiary or exculpatory use related to the incident with respect to which the data were collected.

Subd. 4. **Access by data subjects.** (a) For purposes of this chapter, a portable recording system data subject includes the peace officer who collected the data, and any other individual or entity, including any other peace officer, regardless of whether the officer is or can be identified by the recording, whose image or voice is documented in the data.

(b) An individual who is the subject of portable recording system data has access to the data, including data on other individuals who are the subject of the recording. If the individual requests a copy of the recording, data on other individuals who do not consent to its release must be redacted from the copy. The identity and activities of an on-duty peace officer engaged in an investigation or response to an emergency, incident, or request for service may not be redacted, unless the officer's identity is subject to protection under section 13.82, subdivision 17, clause (a).

Subd. 5. **Inventory of portable recording system technology.** A law enforcement agency that uses a portable recording system must maintain the following information, which is public data:

(1) the total number of recording devices owned or maintained by the agency;

(2) a daily record of the total number of recording devices actually deployed and used by officers and, if applicable, the precincts in which they were used;

(3) the policies and procedures for use of portable recording systems required by section 626.8473; and

(4) the total amount of recorded audio and video data collected by the portable recording system and maintained by the agency, the agency's retention schedule for the data, and the agency's procedures for destruction of the data.

Subd. 6. **Use of agency-issued portable recording systems.** While on duty, a peace officer may only use a portable recording system issued and maintained by the officer's agency in documenting the officer's activities.

Subd. 7. **Authorization to access data.** (a) A law enforcement agency must comply with sections 13.05, subdivision 5, and 13.055 in the operation of portable recording systems and in maintaining portable recording system data.

(b) The responsible authority for a law enforcement agency must establish written procedures to ensure that law enforcement personnel have access to the portable recording system data that are not public only if authorized in writing by the chief of police, sheriff, or head of the law enforcement agency, or their designee, to obtain access to the data for a legitimate, specified law enforcement purpose.

Subd. 8. **Sharing among agencies.** (a) Portable recording system data that are not public may only be shared with or disseminated to another law enforcement agency, a government entity, or a federal agency upon meeting the standards for requesting access to data as provided in subdivision 7.

(b) If data collected by a portable recording system are shared with another state or local law enforcement agency under this subdivision, the agency that receives the data must comply with all data classification, destruction, and security requirements of this section.

(c) Portable recording system data may not be shared with, disseminated to, sold to, or traded with any other individual or entity unless explicitly authorized by this section or other applicable law.

Subd. 9. **Biennial audit.** (a) A law enforcement agency must maintain records showing the date and time portable recording system data were collected and the applicable classification of the data. The law enforcement agency shall arrange for an independent, biennial audit of the data to determine whether data are appropriately classified according to this section, how the data are used, and whether the data are destroyed as required under this section, and to verify compliance with subdivisions 7 and 8. If the governing body with jurisdiction over the budget of the agency determines that the agency is not complying with this section or other applicable law, the governing body may order additional independent audits. Data in the records required under this paragraph are classified as provided in subdivision 2.

(b) The results of the audit are public, except for data that are otherwise classified under law. The governing body with jurisdiction over the budget of the law enforcement agency shall review the results of the audit. If the governing body determines that there is a pattern of substantial noncompliance with this section, the governing body must order that operation of all portable recording systems be suspended until the governing body has authorized the agency to reinstate their use. An order of suspension under this paragraph may only be made following review of the results of the audit and review of the applicable provisions of this chapter, and after providing the agency and members of the public a reasonable opportunity to respond to the audit's findings in a public meeting.

(c) A report summarizing the results of each audit must be provided to the governing body with jurisdiction over the budget of the law enforcement agency and to the Legislative Commission on Data Practices and Personal Data Privacy no later than 60 days following completion of the audit.

Subd. 10. **Notification to BCA.** Within ten days of obtaining new surveillance technology that expands the type or scope of surveillance capability of a portable recording system device beyond video or audio recording, a law enforcement agency must notify the Bureau of Criminal Apprehension that it has obtained the new surveillance technology. The notice must include a description of the technology and its surveillance

capability and intended uses. The notices are accessible to the public and must be available on the bureau's Web site.

Subd. 11. **Portable recording system vendor.** (a) For purposes of this subdivision, "portable recording system vendor" means a person who is not a government entity and who provides services for the creation, collection, retention, maintenance, processing, or dissemination of portable recording system data for a law enforcement agency or other government entity. By providing these services to a government entity, a vendor is subject to all of the requirements of this chapter as if it were a government entity.

(b) A portable recording system vendor that stores portable recording system data in the cloud must protect the data in accordance with the security requirements of the United States Federal Bureau of Investigation Criminal Justice Information Services Division Security Policy 5.4 or its successor version.

(c) Subject to paragraph (d), in an action against a vendor under section 13.08 for a violation of this chapter, the vendor is liable for presumed damages of $2,500 or actual damages, whichever is greater, and reasonable attorney fees.

(d) In an action against a vendor that improperly discloses data made not public by this chapter or any other statute classifying data as not public, the vendor is liable for presumed damages of $10,000 or actual damages, whichever is greater, and reasonable attorney fees.

Subd. 12. **Penalties for violation.** In addition to any other remedies provided by law, in the case of a willful violation of this section a law enforcement agency is subject to exemplary damages of not less than twice the minimum, nor more than twice the maximum allowable for exemplary damages under section 13.08, subdivision 1.

Body-Worn Cameras Policy

League of Minnesota Cities Model Policy

This League model policy was thoughtfully developed by our staff with the guidance of a working group. Models should be customized as appropriate for an individual city's circumstances in consultation with the city's attorney. Helpful background information on this model may be found in "*Use of Body-Worn Cameras*".

Where optional provisions are offered, you must choose one of the options, but choosing "option 1," for example, does not require you to choose "option 1" at every choice point.

Red typeface indicates that the language is included in response to a statutory mandate for guidance on that particular topic. While this language is recommended, agencies may certainly have other options for addressing mandatory policy elements.

This icon marks comments that explain the reasons for inclusion of particular language in the model, or that will help you decide on different possible approaches offered in the policy. Delete them before adopting your customized policy.

[Italic brackets] Text marked this way is a placeholder for agency-specific language.

CITY OF *[CITY NAME]*
USE OF BODY-WORN CAMERAS POLICY

Purpose

The primary purpose of using body-worn-cameras (BWCs) is to capture evidence arising from police-citizen encounters. This policy sets forth guidelines governing the use of BWCs and administering the data that results. Compliance with these guidelines is mandatory, but it is recognized that officers must also attend to other primary duties and the safety of all concerned, sometimes in circumstances that are tense, uncertain, and rapidly evolving.

The reference to tense and uncertain circumstances is derived from the U.S. Supreme Court's decision in *Graham v. Connor*, 490 U.S. 386, 397 (1989).

Policy

It is the policy of this department to authorize and require the use of department-issued BWCs as set forth below, and to administer BWC data as provided by law.

Scope

This policy governs the use of BWCs in the course of official duties. It does not apply to the use of squad-based (dash-cam) recording systems. The chief or chief's designee may supersede this policy by providing specific instructions for BWC use to individual officers, or providing specific instructions pertaining to particular events or classes of events, including but not limited to political rallies and demonstrations. The chief or designee may also provide specific instructions or standard operating procedures for BWC use to officers assigned to specialized

details, such as carrying out duties in courts or guarding prisoners or patients in hospitals and mental health facilities.

Members of the model policy working group expressed that the policy should: (1) allow for the issuance of special instructions on BWC use to officers deemed to be *Giglio*-impaired; and (2) ensure that discretion exists to override normal recording guidelines for events where their use might be perceived as a form of political or viewpoint-based surveillance. In addition, members identified a concern that the "general" guidelines for BWC use could be poorly suited to the activities performed by court bailiffs, and that agencies should therefore have express authority to depart from them for special assignments and duties.

Definitions

The following phrases have special meanings as used in this policy:

A. **MGDPA or Data Practices Act** refers to the Minnesota Government Data Practices Act, Minn. Stat. § 13.01, et seq.

B. **Records Retention Schedule** refers to the General Records Retention Schedule for Minnesota Cities.

County agencies will need to modify the policy to meet their own record retention schedule.

C. **Law enforcement-related information** means information captured or available for capture by use of a BWC that has evidentiary value because it documents events with respect to a stop, arrest, search, citation, or charging decision.

D. **Evidentiary value** means that the information may be useful as proof in a criminal prosecution, related civil or administrative proceeding, further investigation of an actual or suspected criminal act, or in considering an allegation against a law enforcement agency or officer.

"[R]elated civil or administrative proceeding" refers, for example, to implied consent or forfeiture actions arising from an encounter or arrest. The working group sought to clarify that the policy does not obligate officers to collect BWC data solely for use in third-party tort litigation.

E. **General citizen contact** means an informal encounter with a citizen that is not and does not become law enforcement-related or adversarial, and a recording of the event would not yield information relevant to an ongoing investigation. Examples include, but are not limited to, assisting a motorist with directions, summoning a wrecker, or receiving generalized concerns from a citizen about crime trends in his or her neighborhood.

F. **Adversarial** means a law enforcement encounter with a person that becomes confrontational, during which at least one person expresses anger, resentment, or hostility toward the other, or at least one person directs toward the other verbal conduct consisting of arguing, threatening, challenging, swearing, yelling, or shouting. Encounters in which a citizen demands to be recorded or initiates recording on his or her own are deemed adversarial.

This definition is used to identify conflict situations, since they may evolve into more consequential matters or give rise to complaints against officers. Later provisions in this policy require officers to record adversarial encounters. Some working group members disfavored the term "adversarial," and agencies may wish to consider other terminology better suited to their communities.

G. **Unintentionally recorded footage** is a video recording that results from an officer's inadvertence or neglect in operating the officer's BWC, provided that no portion of the resulting recording has evidentiary value. Examples of unintentionally recorded footage include, but are not limited to, recordings made in station house locker rooms, restrooms, and recordings made while officers were engaged in conversations of a non-business, personal nature with the expectation that the conversation was not being recorded.

H. **Official duties,** for purposes of this policy, means that the officer is on duty and performing authorized law enforcement services on behalf of this agency.

Use and Documentation

A. Officers may use only department-issued BWCs in the performance of official duties for this agency or when otherwise performing authorized law enforcement services as an employee of this department.

B. Officers who have been issued BWCs shall operate and use them consistent with this policy. Officers shall conduct a function test of their issued BWCs at the beginning of each shift to make sure the devices are operating properly. Officers noting a malfunction during testing or at any other time shall promptly report the malfunction to the officer's supervisor and shall document the report in writing. Supervisors shall take prompt action to address malfunctions and document the steps taken in writing.

Under Minn. Stat. § 626.8473, subd. 3(b)(2)-(3), policies must contain procedures for identifying and addressing malfunctions, including procedures for officers to test the functioning of their equipment. The actual steps to be used for function testing will likely vary based on the systems and technologies in place. Agencies should consider incorporating device-specific protocols for function testing into this policy. Satisfactory documentation of malfunctions and steps taken to address them could include emails, notes, or memoranda that the agency maintains as part of its BWC program records.

C. Officers should wear their issued BWCs at the location on their body and in the manner specified in training.

D. Officers must document BWC use and non-use as follows:

Agencies may need to conform the requirements and terminology of parts D (1) and (2) to their records management system or existing business practices. These provisions are recommended to assure that agencies document and maintain information about: (1) recordings, so that existing ones can be located, linked to a particular event, and disclosed by the prosecution as may be required by criminal discovery obligations; and (2) instances of non-recording, when it would be reasonable to expect BWC footage to exist in the circumstances.

1. Whenever an officer makes a recording, the existence of the recording shall be documented in an incident report or *[CAD record/other documentation of the event]*.

2. Whenever an officer fails to record an activity that is required to be recorded under this policy or captures only a part of the activity, the officer must document the circumstances and reasons for not recording in an incident report or *[CAD record/other documentation of the event]*. Supervisors shall review these reports and initiate any corrective action deemed necessary.

E. The department will maintain the following records and documents relating to BWC use, which are classified as public data:

1. The total number of BWCs owned or maintained by the agency;

2. A daily record of the total number of BWCs actually deployed and used by officers and, if applicable, the precincts in which they were used;

3. The total amount of recorded BWC data collected and maintained; and

4. This policy, together with the Records Retention Schedule.

General Guidelines for Recording

Choose one:

A. [Option 1] Officers shall activate their BWCs when responding to all calls for service and during all law enforcement-related encounters and activities, including but not limited to pursuits, *Terry* stops of motorists or pedestrians, arrests, searches, suspect interviews and interrogations, and during any police/citizen contacts that becomes adversarial. However, officers need not activate their cameras when it would be unsafe, impossible, or impractical to do so, but such instances of not recording when otherwise required must be documented as specified in the Use and Documentation guidelines, part (D)(2) (above).

See LMC Information Memo, "*Use of Body-Worn Cameras*," Section IV, Deciding what to record. Option 1 requires the recording of all responses to calls for service and law enforcement-related activities.

Or,

A. [Option 2] Officers shall activate their BWCs when anticipating that they will be involved in, become involved in, or witness other officers of this agency involved in a pursuit, *Terry* stop of a motorist or pedestrian, search, seizure, arrest, use of force, adversarial contact, and during other activities likely to yield information having evidentiary value. However, officers need not activate their cameras when it would be unsafe, impossible, or impractical to do so, but such instances of not recording when otherwise required must be documented as specified in the Use and Documentation guidelines, part (D)(2) (above).

Option 2 more narrowly defines the class of events to be recorded. As compared with Option 1, this language: (1) eliminates the requirement of recording all responses to calls for service; (2) continues to require the recording of contacts and events having constitutional dimensions and those likely to result in complaints against officers and agencies; and (3) leaves it to officers to identify other circumstances "likely to yield information having evidentiary value."

B. Officers have discretion to record or not record general citizen contacts.

C. Officers have no affirmative duty to inform people that a BWC is being operated or that the individuals are being recorded.

Some commentators suggest that an announcement that BWCs are being used might have a civilizing effect in the field, and advocate telling people they are being recorded. However, the working group believed that an announcement requirement would distract officers from their duties and could become a debating point during tense enforcement encounters.

D. Once activated, the BWC should continue recording until the conclusion of the incident or encounter, or until it becomes apparent that additional recording is unlikely to capture information having evidentiary value. The officer having charge of a scene shall likewise direct the discontinuance of recording when further recording is unlikely to capture additional information having evidentiary value. If the recording is discontinued while an investigation, response, or incident is ongoing, officers shall state the reasons for ceasing the recording on camera before deactivating their BWC. If circumstances change, officers shall reactivate their cameras as required by this policy to capture information having evidentiary value.

A statement on camera such as, "Everything has settled down and the action appears to be over" should often suffice as a statement of reasons for stopping to record.

E. Officers shall not intentionally block the BWC's audio or visual recording functionality to defeat the purposes of this policy.

This provision is to be read in conjunction with the statement of "Purpose" set forth above: "The primary purpose of using BWCs is to capture *evidence* arising from police-citizen encounters." The working group considered a variety of scenarios in which it would be appropriate for officers to block the recording functionality of their BWCs, such as to avoid capturing irrelevant images of an undressed bystander within a private home; images of a mobile computer screen displaying private or confidential data; or audio of officers conferring about an arrest decision or tactical situation. Momentary blocking may be administratively preferable to turning the camera off and back on, since doing so would result in multiple data files that would each need to be processed and administered.

F. Notwithstanding any other provision in this policy, officers shall not use their BWCs to record other agency personnel during non-enforcement related activities, such as during pre- and post-shift time in locker rooms, during meal breaks, or during other private conversations, unless recording is authorized as part of an administrative or criminal investigation.

Special Guidelines for Recording

Officers may, in the exercise of sound discretion, determine:

A. To use their BWCs to record any police-citizen encounter if there is reason to believe the recording would potentially yield information having evidentiary value, unless such recording is otherwise expressly prohibited.

This provision is included to ensure that officers are clearly vested with discretion to use their BWCs to capture information having evidentiary value.

B. To use their BWCs to take recorded statements from persons believed to be victims of and witnesses to crimes, and persons suspected of committing crimes, considering the needs of the investigation and the circumstances pertaining to the victim, witness, or suspect.

In addition,

C. Officers need not record persons being provided medical care unless there is reason to believe the recording would document information having evidentiary value. When responding to an apparent mental health crisis or event, BWCs shall be activated as necessary to document any use of force and the basis for it, and any other information having evidentiary value, but need not be activated when doing so would serve only to record symptoms or behaviors believed to be attributable to the mental health issue.

The language in parts B and C is for use with Option 2 under General guidelines for recording. This language is unnecessary and confusing for agencies choosing Option 1, since Option 1 already requires the recording of all responses to calls for service and all law enforcement-related encounters and activities.

D. Officers *[shall] [should]* use their *[BWCs] [BWCs and squad-based audio/video systems]* to record their transportation and the physical transfer of persons in their custody to hospitals, detox and mental health care facilities, juvenile detention centers, and jails, but otherwise should not record in these facilities unless the officer anticipates witnessing a criminal event or being involved in or witnessing an adversarial encounter or use-of-force incident.

Agencies should consider recording all transports of persons in custody as a safeguard against liability and to document any incriminating statements. The best means of accomplishing this may depend on the technologies the agency is using. While squad-based audio/video systems with rear-facing cameras may be better suited for recording a prisoner's behavior during transport, the officer's BWC may capture more of the officer's interaction with the prisoner at the time he or she is removed from the car and transferred to the custody of another.

Downloading and Labeling Data

A. Each officer using a BWC is responsible for transferring or assuring the proper transfer of the data from his or her camera to *[specify data storage location]* by the end of that officer's shift. However, if the officer is involved in a shooting, in-custody death, or other

law enforcement activity resulting in death or great bodily harm, a supervisor or investigator shall take custody of the officer's BWC and assume responsibility for transferring the data from it.

Agencies will need to conform this language to their own technologies and business practices. The central idea is that the responsibility for handling daily transfers of routine BWC data rests with the individual officer unless the process is automated. However, when the officer is involved in a significant event that will result in the agency immediately initiating an investigation, then someone else (an appropriate supervisor or investigator) should take custody of the involved officer's BWC and take care of transferring the data. Doing so will safeguard the integrity of the evidence and protect the officer against allegations of mishandling evidence.

B. Officers shall label the BWC data files at the time of video capture or transfer to storage, and should consult with a supervisor if in doubt as to the appropriate labeling. *[Include any technology-specific instructions for this process; if metadata is not being stored, then the information could be documented in a video log or other record.]* Officers should assign as many of the following labels as are applicable to each file:

See Section V-A, Labeling data for retention purposes, in Information Memo, "*Use of Body-Worn Cameras.*"

1. **Evidence—criminal:** The information has evidentiary value with respect to an actual or suspected criminal incident or charging decision.

The Records Retention Schedule for Minnesota Cities provides that retention periods for cases that have been charged are based on the status of court proceedings. (Code POL 05840.) For uncharged offenses, retention is seven years or permanent in the case of homicides (Code POL 03300 for adults; POL 03400 for juveniles). Counties will need to consult their own records retention schedule for guidance.

2. **Evidence—force:** Whether or not enforcement action was taken or an arrest resulted, the event involved the application of force by a law enforcement officer of this or another agency.

These recordings must be maintained for six years regardless of the disposition of any related criminal case. (Code POL 05920.) Some working group members expressed a desire for use of a term different than "force" to describe this category. Agencies are free to adopt other terminology as they deem appropriate. Counties will need to consult their own records retention schedule for guidance.

3. **Evidence—property:** Whether or not enforcement action was taken or an arrest resulted, an officer seized property from an individual or directed an individual to dispossess property.

Evidence/property logs are subject to a one-year minimal retention period. (Code POL 03740.) Counties will need to consult their own records retention schedule for guidance.

4. **Evidence—administrative:** The incident involved an adversarial encounter or resulted in a complaint against the officer.

   The definition of "adversarial encounter" is intended to trigger the recording of interactions thought likely to result in complaints against an officer or the agency. Video that turns out to have evidentiary value in any internal investigation is subject to a six-year retention period. (Code POL 05880.) A shorter retention period may be utilized if no complaint or investigation arises. Counties will need to consult their own records retention schedule for guidance.

5. **Evidence—other:** The recording has potential evidentiary value for reasons identified by the officer at the time of labeling.

   Retention will depend on the reason stated for maintaining the data. Counties will need to consult their own records retention schedule for guidance.

6. **Training:** The event was such that it may have value for training.

   No minimal retention period exists. Counties will need to consult their own records retention schedule for guidance.

7. **Not evidence:** The recording does not contain any of the foregoing categories of information and has no apparent evidentiary value. Recordings of general citizen contacts and unintentionally recorded footage are not evidence.

   Data not identified as having evidentiary value is subject to a 90-day retention period under Minn. Stat. § 13.825, subd. 3(a).

C. In addition, officers shall flag each file as appropriate to indicate that it contains information about data subjects who may have rights under the MGDPA limiting disclosure of information about them. These individuals include:

   This provision assumes that the software being utilized will allow flagging. *See* Section V-B, Data access issues and flagging, in LMC Information Memo, "*Use of Body-Worn Cameras*."

   1. Victims and alleged victims of criminal sexual conduct and sex trafficking.
   2. Victims of child abuse or neglect.
   3. Vulnerable adults who are victims of maltreatment.
   4. Undercover officers.
   5. Informants.
   6. When the video is clearly offensive to common sensitivities.
   7. Victims of and witnesses to crimes, if the victim or witness has requested not to be identified publicly.

8. Individuals who called 911, and services subscribers whose lines were used to place a call to the 911 system.

9. Mandated reporters.

10. Juvenile witnesses, if the nature of the event or activity justifies protecting the identity of the witness.

11. Juveniles who are or may be delinquent or engaged in criminal acts.

12. Individuals who make complaints about violations with respect to the use of real property.

13. Officers and employees who are the subject of a complaint related to the events captured on video.

14. Other individuals whose identities the officer believes may be legally protected from public disclosure.

D. Labeling and flagging designations may be corrected or amended based on additional information.

Administering Access to BWC Data:

A. **Data subjects.** Under Minnesota law, the following are considered data subjects for purposes of administering access to BWC data:

1. Any person or entity whose image or voice is documented in the data.

2. The officer who collected the data.

3. Any other officer whose voice or image is documented in the data, regardless of whether that officer is or can be identified by the recording.

B. **BWC data is presumptively private.** BWC recordings are classified as private data about the data subjects unless there is a specific law that provides differently. As a result:

1. BWC data pertaining to people is presumed private, as is BWC data pertaining to businesses or other entities.

2. Some BWC data is classified as confidential (see C. below).

3. Some BWC data is classified as public (see D. below).

C. **Confidential data.** BWC data that is collected or created as part of an active criminal investigation is confidential. This classification takes precedence over the "private" classification listed above and the "public" classifications listed below.

D. **Public data.** The following BWC data is public:

1. Data documenting the discharge of a firearm by a peace officer in the course of duty, other than for training or the killing of an animal that is sick, injured, or dangerous.

2. Data that documents the use of force by a peace officer that results in substantial bodily harm.

3. Data that a data subject requests to be made accessible to the public, subject to redaction. Data on any data subject (other than a peace officer) who has not consented to the public release must be redacted [*if practicable*]. In addition, any data on undercover officers must be redacted.

> The "if practicable" language is noted as optional but recommended because two sections of the law are in disagreement as to the privacy protections given to data subjects who have not consented to the release of data about themselves. Minn. Stat. §13.825, subd. 2(a)(2) provides that when a data subject requests that data be made available to the public, the agency must first, *"if practicable,"* redact data on all other non-officer subjects who have not consented to the public release. However, under subdivision 4(b) of the same statute, there is no "if practicable" qualification on the obligation to redact data on non-consenting data subjects when providing a requestor with a copy of the data. For the sake of affording consistent protection to non-consenting data subjects, agencies may wish to redact information about them in all cases.

4. Data that documents the final disposition of a disciplinary action against a public employee.

However, if another provision of the Data Practices Act classifies data as private or otherwise not public, the data retains that other classification. For instance, data that reveals protected identities under Minn. Stat. § 13.82, subd. 17 (e.g., certain victims, witnesses, and others) should not be released even if it would otherwise fit into one of the public categories listed above.

E. **Access to BWC data by non-employees.** Officers shall refer members of the media or public seeking access to BWC data to *[the responsible authority/data practices designee]*, who shall process the request in accordance with the MGDPA and other governing laws. In particular:

1. An individual shall be allowed to review recorded BWC data about him- or herself and other data subjects in the recording, but access shall not be granted:

    a. If the data was collected or created as part of an active investigation.

b. To portions of the data that the agency would otherwise be prohibited by law from disclosing to the person seeking access, such as portions that would reveal identities protected by Minn. Stat. § 13.82, subd. 17.

2. Unless the data is part of an active investigation, an individual data subject shall be provided with a copy of the recording upon request, but subject to the following guidelines on redaction:

   a. Data on other individuals in the recording who do not consent to the release must be redacted.

   See above note at section D(3) on public data.

   b. Data that would identify undercover officers must be redacted.

   c. Data on other officers who are not undercover, and who are on duty and engaged in the performance of official duties, may not be redacted.

F. **Access by peace officers and law enforcement employees.** No employee may have access to the department's BWC data except for legitimate law enforcement or data administration purposes:

Choose one:

1. [Option 1] Officers may access and view stored BWC video only when there is a business need for doing so, including the need to defend against an allegation of misconduct or substandard performance. Officers may review video footage of an incident in which they were involved prior to preparing a report, giving a statement, or providing testimony about the incident.

See Information Memo, "*Use of Body-Worn Cameras*", Section V-C, Officer access to video and critical incidents.

Or,

1. [Option 2] Officers may access and view stored BWC video only when there is a business need for doing so, including the need to defend against an allegation of misconduct or substandard performance. Except as provided in the critical incident response policy, officers may review video footage of an incident in which they were involved prior to preparing a report, giving a statement, or providing testimony about the incident.

2. Agency personnel shall document their reasons for accessing stored BWC data *[in the manner provided within the database] [or, specify manner of documentation]* at the time of each access. Agency personnel are prohibited from accessing BWC data for non-business reasons and from sharing the data for non-law enforcement related

purposes, including but not limited to uploading BWC data recorded or maintained by this agency to public and social media websites.

3. Employees seeking access to BWC data for non-business reasons may make a request for it in the same manner as any member of the public.

G. **Other authorized disclosures of data.** Officers may display portions of BWC footage to witnesses as necessary for purposes of investigation as allowed by Minn. Stat. § 13.82, subd. 15, as may be amended from time to time. Officers should generally limit these displays in order to protect against the incidental disclosure of individuals whose identities are not public. Protecting against incidental disclosure could involve, for instance, showing only a portion of the video, showing only screen shots, muting the audio, or playing the audio but not displaying video. In addition,

1. BWC data may be shared with other law enforcement agencies only for legitimate law enforcement purposes that are documented in writing at the time of the disclosure.

2. BWC data shall be made available to prosecutors, courts, and other criminal justice entities as provided by law.

The documentation requirements in parts F(2) and G(1) are intended to foster accountability with regard to the limitations on access to and dissemination of BWC data applicable to law enforcement employees and to aid the agency in achieving favorable audit results.

Data Security Safeguards

A. *[Specify data security safeguards to be used in your agency and in connection with the particular BWC technologies being employed, including any procedures for making backup copies of the data.]*

Choose one:

B. [Option 1] Personally owned devices, including but not limited to computers and mobile devices, shall not be programmed or used to access or view agency BWC data.

Or,

B. [Option 2] Access to BWC data from city or personally owned and approved devices shall be managed in accordance with established city policy.

C. Officers shall not intentionally edit, alter, or erase any BWC recording unless otherwise expressly authorized by the chief or the chief's designee.

D. As required by Minn. Stat. § 13.825, subd. 9, as may be amended from time to time, this agency shall obtain an independent biennial audit of its BWC program.

Agency Use of Data

A. At least once a month, supervisors will randomly review BWC usage by each officer to ensure compliance with this policy *[and to identify any performance areas in which additional training or guidance is required.]*

See Information Memo, "*Use of Body-Worn Cameras*", Section V-D, Supervisory review, for policy considerations pertaining to supervisory review of data for performance assessment.

B. In addition, supervisors and other assigned personnel may access BWC data for the purposes of reviewing or investigating a specific incident that has given rise to a complaint or concern about officer misconduct or performance.

C. Nothing in this policy limits or prohibits the use of BWC data as evidence of misconduct or as a basis for discipline.

This language is based on the Peace Officer Discipline Procedures Act, Minn. Stat. § 626.89, subd. 10.

D. Officers should contact their supervisors to discuss retaining and using BWC footage for training purposes. Officer objections to preserving or using certain footage for training will be considered on a case-by-case basis. Field training officers may utilize BWC data with trainees for the purpose of providing coaching and feedback on the trainees' performance.

Data Retention

A. All BWC data shall be retained for a minimum period of 90 days. There are no exceptions for erroneously recorded or non-evidentiary data.

B. Data documenting the discharge of a firearm by a peace officer in the course of duty, other than for training or the killing of an animal that is sick, injured, or dangerous, must be maintained for a minimum period of one year.

C. Certain kinds of BWC data must be retained for six years:

1. Data that documents the use of deadly force by a peace officer, or force of a sufficient type or degree to require a use of force report or supervisory review.

2. Data documenting circumstances that have given rise to a formal complaint against an officer.

Minn. Stat. § 13.825, subd. 3(b) provides for the data referenced in Parts C(1) and C(2) to be maintained for a minimum of one year and then destroyed according to the agency's retention schedule. However, the General Records Retention Schedule for Minnesota Cities establishes

six-year retention periods for force incidents where a supervisory review is completed (Code POL 05929), and also for data that has evidentiary value in any internal investigation. (Code POL 05880.) Counties will need to consult their own records retention schedule for guidance.

D. Other data having evidentiary value shall be retained for the period specified in the Records Retention Schedule. When a particular recording is subject to multiple retention periods, it shall be maintained for the longest applicable period.

County agencies will need to consult their own records retention schedule for guidance.

E. Subject to Part F (below), all other BWC footage that is classified as non-evidentiary, becomes classified as non-evidentiary, or is not maintained for training shall be destroyed after 90 days.

F. Upon written request by a BWC data subject, the agency shall retain a recording pertaining to that subject for an additional time period requested by the subject of up to 180 days. The agency will notify the requestor at the time of the request that the data will then be destroyed unless a new written request is received.

G. The department shall maintain an inventory of BWC recordings having evidentiary value.

The General Records Retention Schedule for Minnesota Cities indicates that agencies shall permanently maintain an inventory of evidentiary audio and video recordings. (POL 05810.) Counties will need to consult their own records retention schedule for guidance.

H. The department will post this policy, together with *[a link to]* its Records Retention Schedule, on its website.

Compliance

Supervisors shall monitor for compliance with this policy. The unauthorized access to or disclosure of BWC data may constitute misconduct and subject individuals to disciplinary action and criminal penalties pursuant to Minn. Stat. § 13.09.

MEMORANDUM

TO: Mayor Wimmer
Members of the City Council

FROM: Ryan Kernosky, Community Development Director

DATE: July 18, 2017

SUBJECT: Agenda Request from New Hope Community Church to allow the Arts & Science Academy to utilize their space from August 1, 2017 to November 20, 2017 for up to 200 students

Background

New Hope Community Church (applicant), located at 114 Dahlin Ave NE, has submitted an Agenda Request Form for the Council. The applicant, along with the Arts & Science Academy is seeking permission to utilize the church as an education institution for a short period of time.

As you may recall, the Arts & Science Academy has recently begun construction on their middle school. Recognizing that the middle school will not be completed in time for the start of the school year, the Arts & Science Academy has partnered with New Hope Community Church to utilize their space from August 1, 2017 to November 30, 2017 to house their students while the new middle school is being constructed. Per the application, they are not intending to exceed 200 students.

Because educational institutions are not a permitted nor a conditional use in the B-1 zoning district, this request is being taken directly to the City Council for discussion and/or consideration.

Existing Zoning

The church is currently zoned B-1 "Central Business District." The purpose of the "B-1" Central Business District (CBD) is to promote mutually compatible business activities in downtown Isanti. What makes the Central Business District unique from the General Business District is that it is a commercial area that serves as a focal point both culturally and historically for the City of Isanti. Commercial uses, to include but are not limited to retail, office, and service uses; encourage and support pedestrian movement and activity within the Central Business District.

Religious Institutions are a conditional use in the B-1 zoning district and are defined as "A place of worship or religious assembly, where people regularly assemble for religious purposes and

related social events with related accessory uses and facilities such as the following: rectory or convent; private school, meeting hall, offices for administration, or licensed child or adult day care; and which is maintained and controlled by a religious body organized to sustain public worship and religious ceremonies."

Staff Comments

Traffic Flow and Parking: The plans New Hope/ASA submitted are in this packet, along with a recommend plan put together by City staff. Staff is concerned about the use of the unimproved alley for traffic as well as safety issues with the bus exiting onto Heritage Blvd. We recommend that, because there's only one bus, both parent and bus drop off and pick up is done within the parking lot area of facility.

Addressing Fire Marshal Requirements: The Deputy State Fire Marshal and the City Building Official did a walkthrough of the church and listed items that would need to be addressed prior to the school utilizing space in the church. On July 13, 2017, the Deputy State Fire Marshal signed off that the corrections have been made. The City has asked for a formal letter for the property file.

Traffic Flow & Safety
One bus will be used to drop off and pick up students. The bus will require approximately 5 minutes to safely unload students in the morning. The school staff will take every precaution necessary to ensure complete safety of students. These steps include:

Positioning staff at specific locations
Each day during the morning drop off and after school pick up of students (see diagram). The staff will wear reflective outerwear and will direct all traffic through the parking lot areas. School staff will ensure that all students are fully aware of procedures for exiting the busses, such as remaining on the sidewalk areas at all times and proceeding directly into the school building upon arrival. Staff will direct students and traffic at all times to ensure student safety.

There will be two drop off and pick up locations:

1. The school bus drop off area and
2. The parent pick up/drop off location. Both locations will be clearly marked.

The bus pick up/drop off area will be located at the rear of the building. As students are released from the busses, they will be directed to enter the school promptly.

The parent drop off area will be located at the front of the building. Staff will direct traffic to ensure that all traffic is flowing at a safe pace and that all vehicles continue to move after students are dropped off.

SUBJECT: Arts & Science Academy-New Hope Community Church

The Arts and Science Academy charter school had proposed to lease space from the New Hope Community Church, 114 Dahlin Ave NE. Isanti MN. 55040, for educational purposed consisting of approximately 100 students in grades 7-9.

On June 14, 2017 I conducted an initial fire inspection of the church property. A fire report was generated that consisted of 7 general areas that needed correction.

On July 13, 2017 I conducted a follow-up inspection. All items found on the initial inspection have been corrected.

There are no apparent fire code violations and the property is approved for use by the charter school.

If there are any questions or concerns please feel free to contact me at 651-888-9119.

SUBJECT: Agenda Request from New Hope Community Church to allow the Arts & Science Academy to utilize their space from August 1, 2017 to November 20, 2017 for up to 200 students

---

Background

New Hope Community Church (applicant), located at 114 Dahlin Ave NE, has submitted an Agenda Request Form for the Council. The applicant, along with the Arts & Science Academy is seeking permission to utilize the church as an education institution for a short period of time.

As you may recall, the Arts & Science Academy has recently begun construction on their middle school. Per the application, they are not intending to exceed 200 students.

Because educational institutions are not a permitted nor a conditional use in the B-1 zoning district, this request is being taken directly to the City Council for discussion and/or consideration.

Existing Zoning

The church is currently zoned B-1 "Central Business District." The purpose of the "B-1" Central Business District (CBD) is to promote mutually compatible business activities in downtown Isanti. What makes the Central Business District unique from the General Business District is that it is a commercial area that serves as a focal point both culturally and historically for the City of Isanti. Other Considerations

Traffic Flow and Parking: There are several questions raised regarding the flow of traffic (including bus and parent drop off), and parking.

Addressing Fire Marshal Requirements: The Deputy State Fire Marshal and the City Building Official did a walkthrough of the church and listed items that would need to be addressed prior to the school utilizing space in the church.

City Staff Request

Staff has prepared this memo to provide information on the City Council Agenda Request. If there is consensus to allow this temporary use, staff would then prepare and present a resolution to the City Council for consideration at the July 18th City Council meeting.

SUBJECT: Conditional Use Permit Amendment – Art & Science Academy

Background

CSDCPC ASA, LLC on behalf of the Art & Science Academy (applicant) has submitted a Conditional Use Permit (CUP) Amendment to amend Resolution 2014-074. Resolution 2014-074 established the Art & Science Academy's original CUP. In that Resolution, a condition capped the number of students at 260. The applicant, through the amended CUP application, wishes to increase the student enrollment from 260 students to 300 students.

The City has been working with the applicant to build a new park facility adjacent to their property. Once the applicant is finished building the park to the specifications of the City, the applicant will convey the property to the City. As part of the Conveyance Agreement (approved through Resolution 2017-097), there was a mutual understanding that the applicant intended to increase the enrollment at the Art & Science Academy through an Amended Conditional Use Permit.

Zoning Ordinance Requirements

Zoning: The subject property is located on 6th Ave Ct NE and is 2.71 acres in size. The property is zoned 'B-2' *General Business District* and falls within the 'H65' *Highway 65 Corridor Overlay District.* At the time of the 2014 CUP, 'educational institutions' were a conditional use in the B-2 zoning district. Since that time, that use has been removed from the B-2 zoning district entirely. It is appropriate to amend the existing CUP to reflect proposed changes for this use.

Parking and Traffic: The applicant states in the application that they will not be increasing the number of staff, and therefore will not be looking to increase the number of parking stalls. Currently the school has 43 stalls of off-street parking. Within our municipal code, the school is required to have one stall per 20 students and one stall per classroom; the existing number of off-street parking stalls well exceeds our minimums. The applicant also states that the current pick up/ drop off area works well, with staff providing safety for the students as the load and unload the bus.

Site Plan Review: Because the proposed amendment does not impact the physical layout nor the aesthetics of the existing property, there is no need to pursue a site plan review. The potential building addition will need to go through the proper steps and receive the proper approvals if it is ever built.

Comprehensive Plan
Educational Institutions are neither fitting nor unfitting within the "B-2" and "H65" zoning districts of the Comprehensive Plan. The typical increase in the morning and afternoon traffic flow are a result of the educational institution make this use more of a destination, and not convenience based used that would typically be allowed in commercial zoning. However, the City amended the code in 2014 to make Education Institutions a conditional use in this zoning district, and has since amended the code again to remove it as a conditional use. It's appropriate to take that into consideration when making a recommendation to the City Council.

Other Considerations
The City has approved an agreement with the applicant to construct a park adjacent to the subject property, and the City has received the Final Plat (Fairway Greens Phase 10). The final plat has been recorded, and construction on the park has commenced.

Public Notice
Notice of the proposed CUP Amendment was published in the official City newspaper, *Isanti County News,* on Wednesday June 7, 2017. Mailed notices were provided to property owners within 350' of the subject property.

Public Comment
At the time of this memo being published, staff had received no comment from the public.

Development and Operations Advisory Committee Comments
The Development and Operations Advisory Committee met on Thursday June 8, 2017 and expressed the following comments:

1) The proposed park needs to be completed and conveyed to the City prior to increasing enrollment from 260 to 300.

Staff Request
City staff is requesting action on this item.

City Planning Commission Recommendation
The City Planning Commission reviewed this matter at the June 20th, 2017 meeting. It was moved by Lorinser, second by Collison to approve the proposal as presented by staff. Motion carried unanimously.

Options and Proposed Motion Language
1. Approval with No Conditions: Motion to approve the request from CSDCPC ASA, LLC on behalf of the Art & Science Academy, for approval of an Amendment to the Conditional Use Permit approved through Resolution 2014-074, to allow for an increase in the maximum number of students allowed from 260 to 300, at the property legally described as Lot 2, Block1 of Fairway Greens, Isanti County, Isanti, Minnesota.

2. Approval with Conditions: Motion to approve the request from CSDCPC ASA, LLC on behalf of the Art & Science Academy, for approval of an Amendment to the Conditional Use Permit approved through Resolution 2014-074, to allow for an increase in the maximum number of students allowed from 260 to 300, at the property legally described as Lot 2, Block1 of Fairway Greens, Isanti County, Isanti, Minnesota with the following conditions...

3. Denial: Motion to deny the request from CSDCPC ASA, LLC on behalf of the Art & Science Academy, for approval of an Amendment to the Conditional Use Permit approved through Resolution 2014-074, to allow for an increase in the maximum number of students allowed from

260 to 300, at the property legally described as Lot 2, Block1 of Fairway Greens, Isanti County, Isanti, Minnesota for the following reasons…

4. Table Request: Motion to table approval of the request from CSDCPC ASA, LLC on behalf of the Art & Science Academy, for approval of an Amendment to the Conditional Use Permit approved through Resolution 2014-074, to allow for an increase in the maximum number of students allowed from 260 to 300, at the property legally described as Lot 2, Block1 of Fairway Greens, Isanti County, Isanti, Minnesota (a specific reason and information request should be included in the motion to table).

Conditional Use Permit Modification Narrative

Reason for Modifying the CUP:

The Art and Science Academy would like to increase its enrollment from 260 to 300 students to meet additional demand in the community by filling out existing classes to capacity. Currently, the Art and Science Academy is not able to enroll any students next year even though they still have room in many of the classrooms to accommodate more students. Increasing student enrollment would allow them to better meet existing demand and provide educational choice for more families. For example, they currently have only 8 students enrolled in 7th grade and have additional openings ranging from 2 or 3 in some classes to 10 in kindergarten.

Traffic and Parking:

To date, the school's student drop off and pick up procedures have been successful and no unusual incidents have occurred. The school has 5-6 staff assigned to coordinate parent pick up. Students arrive and leave safely and parents are generally satisfied with the time it takes to enter and exit the parking lot. The pick-up times at the school are staggered, due to the after school enrichment programs, resulting in families picking up students at 3pm and 4pm rather than all at once. At this point there are quite a few empty parking spots in the driveway. If the student enrollment was increased to 300 students, there would still be ample parking spaces to accommodate any new staff. However, since the increased enrollment is targeting the filling out of existing classes rather than adding additional classes, the school expects there to be very little increase in staff parking.

RESOLUTION NO. 2014-074

A RESOLUTION APPROVING THE CONDITIONAL USE PERMIT (CUP) AND SITE PLAN/BUILDING APPEARANCE FOR THE ART AND SCIENCE ACADEMY TO BE LOCATED ON THE PROPERTY AT 903 6TH AVENUE COURT NE

WHEREAS, Shade Tree Center LLC currently owns the property at 903 6th Avenue Court NE; and,

WHEREAS, the petitioner has requested a Conditional Use Permit (CUP) to allow for educational institutions on the property at 903 6th Avenue Court NE; and,

WHEREAS, the property is located within the "B-2" General Business District, which requires a Conditional Use Permit (CUP) for educational institutions; and,

WHEREAS, following publication, posted and mailed notice thereof, the City of Isanti Planning Commission conducted a public hearing on the proposed Conditional Use Permit on April 8th, 2014; and,

WHEREAS, the City of Isanti Planning Commission recommended approval of the proposed Conditional Use Permit subject to the conditions as listed below based upon the Findings of Fact and Conclusion as presented; and,

WHEREAS, the City Council reviewed the requested Conditional Use Permit at its regularly scheduled meeting on April 15th, 2014; and,

WHEREAS, the City Council of the City of Isanti has determined that the Conditional Use Permit and Site Plan / Building Appearance with conditions, meets the ordinance requirements necessary for granting approval; and,

NOW, THEREFORE, BE IT RESOLVED BY THE CITY COUNCIL OF THE CITY OF ISANTI, MINNESOTA, that it adopts the Findings of Fact and Conclusion related to the requested Conditional Use Permit and Site Plan/building Appearance for the Art and Science Academy and **BE IT FURTHER RESOLVED** that the requested Conditional Use Permit and Site Plan/Building Appearance to be located on the property at 903 6th Avenue NE, be hereby approved subject to the following conditions:

1. The maximum number of students enrolled at the Art and Science Academy shall be 260.
2. Changes in traffic flow shall be reviewed and approved by the City Engineer.
3. The City of Isanti shall be notified if the number of buses servicing the Academy is greater than three (3).
4. The building plans must be submitted to and approved by the Building Official prior to renovations of the building.
5. The striped pedestrian crosswalk across the vehicle drive lane does not line up with the existing pedestrian ramp located north of the main entrance. The crosswalk should either line up with the existing pedestrian ramp or a new pedestrian ramp meeting all ADA requirements should be built in line with the proposed crosswalk.
6. A paved walk across the center island in line with the proposed crosswalk is also required. This would need to be designed with proper drainage to maintain the existing rain garden hydraulics.
7. Once the electrical contractor has designed the lighting layout submit layout, style, and photometrics stating it meets lighting level requirements to the City for review.
8. Plantings are shown in the "proof of parking" area. Should additional parking be needed in the future these planting and irrigation would need to be relocated. Verify this is the intent or revise the proposed planting locations on the plan.

Adopted by the Isanti City Council on this 15th day of April 2014.

FINDINGS OF FACT AND CONCLUSION

Conditional Use Permit Amendment
CSDCPC ASA, LLC on behalf of the Arts & Science Academy

June 20, 2017
Prepared by Ryan Kernosky, Community Development Director

Request

Request from CSDCPC ASA, LLC, on behalf of the Arts & Science Academy, for approval of an Amendment to the Conditional Use Permit approved through Resolution 2014-074, that would allow an increase in the number of students from 260 to 300, located at 903 6th Ave Ct NE, legally described as Lot 1, Block 1, Fairway Greens Phase 10, Isanti County, Isanti, Minnesota.

Findings of Fact

1. The applicant is requesting to amend Resolution 2014-074 to allow an increase in the number of students permitted from 260 to 300, located at 903 6th Ave Ct NE, legally described as Lot 1, Block 1, Fairway Greens Phase 10, Isanti County, Isanti, Minnesota.

2. The property is zoned "B-2" General Business District and is a part of the "H65" Highway 65 Overlay Zoning District.

3. The applicant has submitted a Conditional Use Permit Amendment Application, the required application fee and associated materials on February 13, 2017. The received materials were deemed complete on March 3, 2017.

4. A public hearing on the matter was scheduled before the City of Isanti Planning Commission on June 20, 2017 at 7:00 p.m. at City Hall within the City Council Chambers.

5. Notice of the Conditional Use Permit Amendment Application was published with the *Isanti County News* on June 7, 2017. Notices were sent to all property owners located within 350 feet of the aforementioned legally described parcel.

6. The City and applicant have interest in construction of a safe and usable park facility to be used by students and the public.

7. The City, through Resolution 2017-097, has agreed to accept ownership of the park facility located on a property legally described as Lot 2, Block 1, Fairway Greens Phase 10 after the applicant has completed construction on a safe and usable park facility.

8. Section 21, Article 2: Conditional Use Permits, Subdivision 3 (D) of the Zoning Ordinance establishes factors that the judgment of the Planning Commission shall be based upon when reviewing a Conditional Use Permit request as well as Section 21, Article 2: Conditional Use Permits, Subdivision 4 General Performance Standards of the Zoning Ordinance establishes additional general standards that shall be used to evaluate any proposed conditional use permit request.

Conclusions

1. In review of the standards established in Section 21, Article 2 Conditional Use (D); the following conclusions have been made (*conclusions to each requirement are shown in underlined italics)*:

   The Planning Commission shall hold a public hearing and consider possible adverse effects of the proposed Conditional Use. The judgment of the Planning Commission shall be based upon, but is not limited to the following factors:

   A. The proposed action has been considered in relation to the specific policies and provisions of and has been found to be consistent with the goals and objectives of the Comprehensive Plan, including public facilities and capital improvement plans.

      The proposed uses for the site would be consistent with the goals and objectives of the comprehensive plan.

   B. The proposed action meets the purpose and intent of this Ordinance and the underlying zoning district.

      The proposed uses fit the intent of the ordinance and underlying zoning district ("B-2" General Business District and "HWY 65" Overlay District). The overall site layout of uses is complementary of each of the uses.

   C. The establishment, maintenance or operation of the conditional use will promote and enhance the general public welfare and will not be detrimental or endanger the public health, safety, morals, or comfort.

      The establishment of the conditional use does not appear to endanger the public health, safety, morals and comfort of the surrounding area or the community. The proposed use increases the quality of life in Isanti by offering more students the opportunity to attend alternative schooling.

   D. The conditional use will not be injurious to the use and enjoyment of other property within the immediate vicinity for the purposes already permitted; nor substantially diminish or impair property values within the neighborhood.

      The conditional use does not appear to diminish or impair surrounding property values.

   E. The establishment of the conditional use will not impede the normal and orderly development and improvement of surrounding property for uses permitted in the district.

      The conditional uses on this lot will likely enhance future development in this area.

   F. Adequate public facilities and services are available or can be reasonably provided to accommodate the use which is proposed.

      As part of the development agreement, the applicant is to construct a park facility adjacent to the subject parcel. After the park facility is constructed, the applicant will be conveying the property to the City for public use. This condition is met.

   G. The conditional use shall, in all other respects, conform to the applicable regulations of the district in which it is located.

      The requested conditional use permit appears to conform to the applicable regulations required for the district and the performance standards outlined within the zoning

ordinance. Conditions will be placed on any approval to ensure that the property is developed in accordance to ordinance requirements and the proposed plan provided by the applicant.

H. The conditional use complies with the general and specific performance standards as specified by within this Article.

These have been evaluated as part of the findings of fact; and can be found within this document.

3. In review of the standards established in Section 21, Article 2 Conditional Use, Subdivision 4 General Performance Standards; the following conclusions have been made (*conclusions to each requirement are shown in underlined italics)*:

A. The use and the site in question shall be served by a street of sufficient capacity to accommodate the type and volume of traffic which would be generated an adequate public right-of-way shall be provided.

This site is currently served by a street of sufficient capacity. The proposed conditional use will not change the type of traffic flow that 6th Ave Ct NE was designed to accommodate. The amendment may slightly increase the amount of traffic as compared to the plan approved through resolution 2014-074.

B. The site design for access and parking shall minimize internal as well as external traffic conflicts and shall be in compliance with Section 17 of this Ordinance.

Sufficient access points have been provided for this site. Parking meets the standards outlined in Section 17 of this Ordinance.

C. If applicable, a pedestrian circulation system shall be clearly defined and appropriate provisions made to protect such areas from encroachment by parked or moving vehicles.

Existing parking lot crosswalks and pedestrian infrastructure is sufficient.

D. Adequate off-street parking and off-street loading shall be provided in compliance with Section 17 of this Ordinance.

Adequate off-street parking and school bus loading/ unloading is provided on site.

E. Loading areas and drive-thru facilities shall be positioned so as to minimize internal site access problems and maneuvering conflicts, to avoid visual or noise impacts on any adjacent residential use or district, and provided in compliance with Section 17 of this Ordinance.

Not applicable to the amendment.

F. Whenever a non-residential use is adjacent to a residential use or district, a buffer area with screening and landscaping shall be provided in accordance with the provisions of Section 15 of this Ordinance.

Not applicable.

G. General site screening and landscaping shall be provided in compliance with Section 15 of this Ordinance.

No additional landscaping is required nor needed.

H. All exterior lighting shall be directed so as not to cast glare toward or onto the public right-of-way or neighboring residential uses or districts, and shall be in compliance with Section 14 of this Ordinance.

Lighting meets the requirements of Section 14 of this Ordinance.

I. The site drainage system shall be subject to the review and approval of the City Engineer.

Site drainage was addressed and approved with the original plans.

J. The architectural appearance and functional design of the building and site shall not be so dissimilar to the existing and potential buildings and area so as to cause a blighting influence. All sides of the principal and accessory structures are to have essentially the same or coordinated, harmonious exterior finish materials and treatment.

The building meets the exterior material requirements outlined in code.

K. Provisions shall be made for daily litter control, an interior location for recycling and trash handling and storage or an outdoor, enclosed receptacle area shall be provided in compliance with Section 14 of this Ordinance.

Not applicable to the amendment.

L. All signs and informational or visual communication devices shall be in compliance with Section 16 of this Ordinance.

Existing signage appears to meet our sign code.

M. The use and site shall be in compliance with any federal, state, or county laws or regulations that are applicable and any related permits shall be obtained and documented to the City.

The applicant may need to pull permits related to school operations, that is typically handled through the State.

N. Any applicable business licenses mandated by City Code are approved and obtained.

Not applicable.

O. The hours of operation may be restricted when there is judged to be an incompatibility with a residential use or district.

Not applicable.

P. The use complies with the applicable performance standards of the zoning district in which it is located and where applicable, any non-conformity shall be eliminated.

The use complies with the applicable performance standards as further outlined in Section 13 Use Regulations of this Ordinance.

Q. Additional Stipulations. All conditions pertaining to a specific site are subject to change when the City Council, upon investigation in relation to a formal request, finds that the

general public health, safety, and welfare, can be served as well or better by modifying or expanding the conditions set forth herein.

Decision

The Planning Commission reviewed the request in a public hearing on June 20, 2017. The meeting minutes, staff memo, and attachments shall be made part of the Findings of Fact and Conclusion.

Planning Commission Recommendation:

Motion by Lorinser, second by Collison to approve the request from CSDCPC ASA, LLC on behalf of the Art & Science Academy, for approval of an Amendment to the Conditional Use Permit approved through Resolution 2014-074, to allow for an increase in the maximum number of students allowed from 260 to 300, at the property legally described as Lot 2, Block1 of Fairway Greens, Isanti County, Isanti, Minnesota with the following condition:

1) Final conveyance from CSDCPC ASA, LLC to the City of Isanti of the park facility legally described as Lot 2, Block 1, Fairway Greens Phase 10, Isanti County, Minnesota, is to be completed.

RESOLUTION NO. 2017-XXX

A RESOLUTION AMENDING THE CONDITIONAL USE PERMIT (CUP) APPROVED THROUGH RESOLUTION 2014-074 FOR THE ART AND SCIENCE ACADEMY LOCATED ON THE PROPERTY AT 903 6TH AVENUE COURT NE MORE LEGALLY DESCRIBED AS LOT 1, BLOCK 1, FAIRWAY GREENS PHASE 10, ISANTI COUNTY, MINNESOTA

WHEREAS, CSDCPC ASA, LLC currently owns the property legally described as Lot 1, Block 1, Fairway Greens Phase 10, Isanti County, Minnesota; and,

WHEREAS, the applicant, Art & Science Academy, has requested an Amendment to the Conditional Use Permit originally approved through Resolution 2014-074; and,

WHEREAS, the Amendment to the Conditional Use Permit would increase the maximum number of students enrolled at the Art and Science Academy from 260 to 300; and,

WHEREAS, the City of Isanti and the owner of the property legally described as Lot 1, Block 1, Fairway Greens Phase 10, Isanti County, Minnesota, have entered into a mutually agreed upon Conveyance Agreement approved through Resolution 2017-097; and,

WHEREAS, the Planning Commission has recommended approval of the request Amendment based upon the Findings of Fact and Conclusion as presented with conditions; and,

WHEREAS, the City Council reviewed the requested Amendment to the Site Plan and Conditional Use Permit at its regularly scheduled meeting on _____, 2017; and,

WHEREAS, the City Council of the City of Isanti has determined that the Conditional Use Permit meets the ordinance requirements necessary for granting approval;

NOW, THEREFORE, BE IT RESOLVED BY THE CITY COUNCIL OF THE CITY OF ISANTI, MINNESOTA, that it adopts the Findings of Fact and Conclusion related to the requested Amendment to Resolution 2014-074 and **BE IT FURTHER RESOLVED** that the requested Amendment on the property legally described as Lot 1, Block 1, Fairway Greens Phase 10, Isanti County, Minnesota, be hereby approved subject to the following conditions:

1. Final acceptance of park improvements and conveyance of property from CSDCPC ASA, LLC to the City of Isanti of the park facility legally described as Lot 2, Block 1, Fairway Greens Phase 10, Isanti County, Minnesota.

2. The permanent maximum number of students enrolled in the Arts and Science Academy is 300 students.

Adopted by the City of Isanti City Council on this ____ day of _____, 2017.

MEMO

To: Mayor Wimmer and City Council

From: Don Lorsung, City Administrator

Date: July 7, 2017

Subject: Resolution Adopting Ordinance Notification Policy

Legislation was enacted this Session to require that Cities provide a 10 day notification and posting requirement for new ordinances before the City Council can consider them. If a city uses it's website to post its ordinances (or code) it has to use that website for the posting of new proposed ordinances, and if the City has an "electronic notification system", that will need to be used to distribute those ordinances. Below are the steps staff is proposing to meet these new law requirements.

Posting and Notification Requirements– We are proposing that Posting would be achieved by creating a drop down on our City Website. The new section would be titled "Pending and Proposed Ordinances". As far as notification, we would distribute those to the same recipients of the electronic City Council Agendas (as they now get pending ordinances in the agenda packets). Copies of proposed ordinances would be posted on the Official City Bulletin Board at City Hall.

Development of Amended or New Ordinances – We are proposing that responsibility would be placed in the City Development and Operations Advisory Committee for development of new pending ordinances. It will now take longer to get the ordinances to the City Council Agenda, as such legislation will not be able to be considered at the next regular City Council meeting, but at the 2nd meeting after Committee meetings. The law change will affect any new ordinances recommended from the July 20, 2017 Committee Meetings forward.

This matter has been reviewed by DOAC and City Attorney Joslin. Attached is a draft Resolution for your consideration that addresses this matter outlines the proposed process.

RESOLUTION NO. 2017 –

RESOLUTION ADOPTING ORDINANCE NOTIFICATION POLICY

WHEREAS, the Minnesota Legislature had adopted Chapter 77, requiring a ten (10) day notification of non- interim proposed ordinances, and

WHEREAS, in order to comply with the new legislation, the City Council recognizes that a policy is necessary to provide a process of notification that is in compliance for non-interim proposed ordinances;

NOW, THEREFORE, IT IS HEREBY RESOLVED by the City Council of the City of Isanti, Minnesota to adopt the policy that provides for the procedures and steps necessary for the notification of non-interim ordinances, with said process and steps that are hereby listed below and made a part of this resolution.

1. Proposed Ordinances shall be reviewed by the Development and Operations Advisory Committee of the City Council prior to electronic posting and transmission.
2. Proposed Ordinances shall be placed on the City Website and posted a minimum of ten (10) days prior to date of the City Council Meeting where a final vote on the ordinance is scheduled.
3. The proposed non-interim ordinances shall be electronically sent out to all parties that have signed up for electronic notification by the City. This notification shall take place a minimum of ten (10) days prior to the date of the City Council Meeting where a final vote shall be taken.
4. Failure of a party to receive notification under this process shall not invalidate an approved ordinance.

This resolution was duly adopted by the Isanti City Council this 18th day of July, 2017.

Request for City Council Action

To: Mayor Wimmer and Members of the City Council

From: Josi Wood, Public Services Director/ Assist. City Admin.

Date: July 18, 2017

Subject: Consider Resolution Authorizing Payment of Services for Water Tower Cleaning

---

Background

April 18, 2017 Council approved cleaning of the interior and exterior water tower through Midco Diving & Marine Services in the amount of $9,575.00 plus 5% continency. Upon cleaning the water tank, it was determined that the amount of sediment exceeded the three inches that was included in the agreement with the contractor. In many areas, the sediment reached 20 inches. Removal of the sediment was tracked and billed at an hourly rate.

The total amount owed for the interior and exterior water tower cleaning is $11,175.00.

Finance Committee Recommendation

The Finance Committee discussed this item July 6 and recommends approval of full payment to Midco Diving & Marine Services, Inc. in the amount of $11,175.00.

Request for City Council Action

To: Mayor Wimmer and City Council

From: Sean M. Sullivan, Economic Development Director

Date: July 18, 2017

Subject: **Consider Resolution Authorizing Purchase of T930 Postscript Printer**

Background:

Economic Development Director Sullivan and Isanti Events and Parks Coordinator Katie Everett have been researching printers. Based on office needs we have decided that a Large Format Color Printer – HP T930 without scanning capability is the best value. The Technology Fund has approved an expenditure up to $6000 for this large format printer. Staff has researched prices and different vendors and has found a local vendor that is the cheapest and has the most flexibility. See the pricing below:

Tierney	$3,345
IT Supplies	$4,995
CDW	$5,795

Staff has demoed the printer in the office and it has met staff needs. Tierney has provided some training and to date software has been installed on the computers for Community Events and Parks Coordinator Everett, ED Director Sullivan, CD Director Kernosky and it will be installed on Public Services/Assistant City Administrator Wood and City Administrator Lorsung's computers and others that have a need for this type of printer.

Potential Funding Source:

Technology Fund. Printer will be used by primarily by Park and Rec, Economic Development, Planning and Public Services.

Finance Committee Recommendation:

Finance committee has met and recommended purchase of the T930 printer to be funded out of the Technology Fund for an amount of $3,345.

Staff Recommendation:

Staff recommends purchase of the T-930 Printer and replacement ink cartridges in an amount not to exceed $3,600. This recommendation is $255 more than the Finance Committee recommendation but falls well within the allowance of $6000 that was established for this purpose.

Requested Action:

Consider Adoption of Resolution 2017- ___ Authorizing Purchase of T930 Postscript Printer

Attachment:

1) Resolution 2017- ___ Authorizing Purchase of T930 Postscript Printer

RESOLUTION 2017-___

Authorization the Purchase of T930 Postscript Printer

WHEREAS, the City of Isanti EDA has identified improving marketing as a priority; and

WHEREAS, the City of Isanti does not have the in house capability to print large color maps and marketing materials for use in presentations or other mediums; and

WHEREAS, the City of Isanti got three quotes for the T930 Printer and the quote of $3,345.00 provided by Tierney was the best quote and the Finance Committee recommended its purchase; and

WHEREAS, In addition the purchase of the printer City Staff has included an additional $255.00 for the purchase of addition printing cartridges.

NOW, THEREFORE, IT IS HEREBY RESOLVED by the City Council of the City of Isanti, Minnesota authorize the purchase of the HP Designjet T930 Postscript printer and printing cartridges in an amount not to exceed $3,600 as identified on the attached invoice # 505961-1. The purchase will be from the Technology Fund.

This Resolution hereby approved by the Isanti City Council this 18th day of July 2017.

City of Isanti
Economic Development Authority
Regular Meeting Minutes of
July 5, 2017
Isanti City Hall

1. Call To Order

The meeting was called to order by Economic Development Director Sullivan at 7:21 p.m.

a. Pledge of Allegiance

b. Roll Call

Commissioners Present:	Dan Collison, Ross Lorinser, Paul Bergley, George Wimmer, and Steve Lundeen
Commissioners Absent:	Tara Hallberg (excused)
Staff Present:	Economic Development Director Sean Sullivan

c. Agenda Modifications

None. Motion by Collison second by Lorinser to adopt Agenda as presented. Motion passed unanimously.

2. Approve Minutes of June 6, 2017 Regular Economic Development Meeting

Motion by Bergley second by Lundeen to approve the minutes as presented for June 6, 2017. Motion carried unanimously.

3. Isanti Hotel Update

President Wimmer updated the EDA as to the status of the project. The Development Team was working with legal counsel, financial advisors and a lending institution to finalize the financing structure of the deal. The discussion centered on not being a limited partner but only providing financing with a combination of internal and external sources. The reason for the change in ownership is based upon the delay it would put in place for this construction season. Tax abatement applications are being presented to the School Board and Isanti County for consideration. The applicant will be the developer. The advantage of tax abatement vs. TIF for the participating jurisdictions was explained. Tax abatement would be Pay-as-you-go.

Item was informational, no action requested

4. Isanti Welcome Brochure Update

Economic Development Director Sullivan provided the EDA with a draft brochure with updates. He asked for comments and feedback.

President Wimmer indicated he has some changes and would work with Staff to get them implemented.

Motion by Lundeen second by Bergley to direct Economic Development Director Sullivan, President Wimmer and ED Intern Gilyard to work on edits for document and bring back to City Council with printing costs for final approval. Motion carried unanimously.

5. Other Business / Updates

Sullivan stated 42 single housing permits have been pulled and 1 more are waiting to be picked up. It is about the same pace as last year.

Commissioner Lundeen indicated we had hit our mark for the year.

Sullivan stated he had read an article that supported the economy being in a much more stable position and that if a recession were to occur it would not be as bad as the Great Recession.

Commissioner Collison asked if there were bags available for the Summer Spectacular on August 12.

President Wimmer stated they had chosen three events and this was not one of them.

Commissioner Lundeen stated he saw people stopping at the City of Cambridge sign and taking pictures.

President Wimmer indicated that signs were expensive.

ED Director Sullivan stated that the Lodging tax could help with this item in the future. He supported the idea of a sign on Highway 65.

Commissioner Lorinser stated that the development at the intersection of Hwy 65 and Heritage Blvd is lit up at night and that a visible corridor is being defined.

a. Business Prospects

SUBJECT: ASA Park Updates – July 18, 2017

Background

Per the Development Agreement between CDSCPC ASA, LLC and the City of Isanti (approved through Resolution 2017-163), CDSCPC ASA, LLC is in the process of constructing a park/playground facility that will be transferred to the City once substantial completion has taken place. This transfer of park/playground facility will allow the Arts & Science Academy to *permanently* increase their enrollment from 260 to 300 students. This Conditional Use Permit Amendment has been tabled, and the applicant has waived the 60-day rule put in place by Minnesota Statutes.

As you may recall, the City Council approved a *temporary* increase in enrollment for the Arts & Science Academy from 260 to 350 students beginning August 1st, 2017 and ending November 30th, 2017. This was done to accommodate students enrolled at the Arts & Science Academy Middle School, which will not be completed until November 2017.

Once the park is substantially completed and ready to be transferred to City ownership, the City Council will vote on the proposed Conditional Use Permit Amendment.

In an attempt to keep the City Council updated on the park/playground facility construction, staff will be preparing updates for the City Council. This is one of those updates.

Update on Park/Playground Facility Construction

As of July 12, 2017:

- Irrigation system installed
- 8' wide bituminous path installed
- Tennis court pavement installed
- 8" x 12" concrete border for playground has been installed

Subject: Review 2018 Preliminary Department Budget Expenditures

---

Expenditures – All Departments

- All wages include a 3% COLA for 2018 and include the necessary step increases, where applicable. A COLA of 3% results in an estimated $45,300 impact to the general fund.
- Health Insurance is based on 2018 premiums plus 10%. An increase of 10% results in an estimated $21,800 impact to the general fund.
- Worker's compensation rates are based on 2017 rates and include a 7% inflationary factor. An increase of 7% results in a $3,200 impact to the general fund.
- Property, liability, and volunteer insurance premiums are based on 2017 rates and include a 7% inflationary factor. An increase of 7% results in a $3,800 impact to the general fund.
- Dental Insurance is based on 2017 premiums, plus 5%.
- Life/AD&D Insurance is based on 2017 rates plus 10%.
- Managed expenses throughout the general fund budget have been adjusted based on prior year actual costs, current year expenditures through June, actual maintenance agreements and contracted costs.
- Total Preliminary 2018 Budgeted Expenditures, including Debt Service, are $4,075,487. This represents an $18,467 increase over 2017, or 0.45%.

Mayor and Council

- Budgeted expenditures have decreased 1,229 from 42,553 in 2017 to 41,323

Elections

- Total budgeted Election expenditures has increased 8,210 due largely to the budgeted expenditure of $6,000 for 2 new voting machines.

Finance and Administration

- Auditing and Accounting Services (301) no longer includes interim services provided by AEM Financial Services.
- Professional Services (300) increased by $12,986 to cover a 3% increase as well as a FMLA provision of 9,638.

CITY OF ISANTI
CITY COUNCIL MEETING
TUESDAY, July 18, 2017 – 7:00 P.M.
CITY HALL

Mayor Wimmer called the meeting to order at 7:00 p.m.

The Pledge of Allegiance was recited.

Members Present: Mayor George Wimmer, Council Members: Paul Bergley, Dan Collison, Ross Lorinser and Steve Lundeen

Members Absent: None

Staff Present: City Administrator Don Lorsung, Human Resources/City Clerk Katie Brooks, Finance Director Mike Betker, Public Service Director/Assistant City Administrator Josi Wood, Community Development Director Ryan Kernosky, Economic Development Director Sean Sullivan, City Attorney Clark Joslin, and Assistant City Engineer Jason Cook

Others Present: B. Larson, A. Strom, D. van Hees, Polaris Battalion U.S. Navy Sea Cadets

D. Adopt Agenda

Administrator Lorsung explained the agenda was amended by adding Item E.1. Award – 2017 Jubilee Parade Mayor's Choice Trophy.

Motion by Lundeen, second by Collison to approve the agenda with modifications listed above. Motion carried.

E. Proclamations/Commendations/Certificate Awards

1. 2017 Jubilee Parade Mayor's Choice Trophy

Dawn van Hees, Public Relations and Recruiting Lead, and the Cadets of the Polaris Battalion U.S. Navy Sea Program appeared to receive the Mayor's Choice Trophy for their float entry in the 2017 Jubilee Parade.

D. van Hees explained the cadets are a part of a Navy based youth program for youths aged 11-17 that have an interest in the military. Although they follow the customs, courtesies, and uniform of the Navy, the cadets learn about all branches of the U.S. military. It is not a recruiting program; rather it is a program that allows the cadets to learn leadership skills and how to make good life choices. The program usually graduates 1-5 cadets a year with approximately half of the graduates entering the military and the other half choosing to continue with school or enter the workforce.

The cadets have training two days a month on the weekends that include training options, drills, and specialty classes. The specialty classes include a medical class taught by EMT's and nurses in which all of the cadets will be certified in 1st Aid, CPR, and AED skills, aviation and rocketry where they learn things like projection and launch a rocket, a law enforcement class taught by Isanti County Sheriff Deputies, photography and photojournalism, and Special Ops. In addition

to the monthly training and fun activities the cadets do, such as marching in parades, they also have the option of attending boot camp training for two weeks each year.

Mayor Wimmer thanked D. van Hees for her presentation before taking pictures with the cadets and presenting them with congratulations and their award.

To: Mayor Wimmer
Members of the City Council

From: Katie Everett
Community Events & Parks Coordinator

Date: August 2, 2017

Subject: Resolution Approving a Special Event Permit Application for the BMX State Series Finals Race

---

Background

Rum River BMX Association will be hosting the MN State Series Finals Race on August 26, 2017 from 10:00 am to 7:00 pm and August 27, 2017 from 7:00 am – 6:00 pm. The estimated number of individuals in attendance is 2000. The Association is requesting that overnight camping be allowed for the event, and expect about 200 people to camp. Parking for the event will take place on the grass to the south and east of the Isanti Indoor Arena and at the south Bluebird Park lot. Rum River BMX Association will be responsible for any damages to grass or irrigation as a result of this event.

The organizers have asked that Isanti Parkway be closed in front of the Indoor Arena on Saturday between 11:00 am and 5:00 pm and on Sunday between 8:00 am and 4:00 pm. Public Works will provide barricades for the closure; Rum River BMX will be responsible for closing and opening the street at the times listed.

Restroom facilities will be provided by the Association for the event through Absolute Portables. The Association will be responsible for upkeep of all restroom facilities over the course of the event, including those on the south end of the Isanti Indoor Arena. The Association will be responsible for clean-up of the outside areas; the $100 clean up deposit is on file, and should Public Works need to clean the grounds for any reason, this check may be cashed. The standard public addressing system will be used throughout the event.

Special Event Permit application materials, including an event map, have been included for Council review.

Staff Request

City staff are requesting City Council's approval of the Special Event Permit application for the 2017 State Qualifier Race.

RESOLUTION NO. 2017-XXX

RESOLUTION APPROVING A SPECIAL EVENT APPLICATION FOR THE MN STATE SERIES FINALS RACE

WHEREAS, Andy Strom, on behalf of the Rum River BMX Association, submitted a Special Event application requesting approval to host the MN State Series Finals Race; and,

WHEREAS, the event is scheduled to take place on Saturday, August 26, 2017 from 10:00 a.m. to 7:00 p.m. and Sunday, August 27, 2017 from 7:00 am to 6:00 pm at the Isanti Indoor Arena located at 101 Isanti Parkway NW; and,

WHEREAS, the estimated number of people to be in attendance is 200; and,

WHEREAS, the applicant would be required to provide additional portable restroom facilities for the event, in which the applicant will be contacting its current supplier to do so prior to the event; and,

WHEREAS, parking for volunteers, spectators, and participants will be at the Isanti Indoor Arena on the grass south of the facility and the Bluebird Park parking lots.

WHEREAS, Isanti Parkway will be closed in front of the Arena (east of 1st Avenue and west of the compost site) on Saturday from 11:00 am to 5:00 pm and Sunday from 8:00 am to 4:00 pm.

NOW, THEREFORE, IT IS HEREBY RESOLVED by the City Council of the City Of Isanti, Minnesota to approve the special event request for the August 26 and 27, 2017 MN State Series Finals Race event with the following conditions:

- No signage shall be posted for the event, unless allowed under Zoning Ordinance section 16, or a Temporary Sign Permit Application and fee are submitted.
- City staff recommend that tent stakes not be allowed in the irrigated area east of the Indoor Arena; if any irrigation lines are harmed, Rum River BMX Association will be billed for their repair.

AND FURTHERMORE, IT IS HEREBY RESOLVED by the City Council of the City of Isanti, Minnesota that this Resolution is hereby the "Permit" for the above stated Special Event.

This resolution was duly adopted by the Isanti City Council this 2nd day of August, 2017.

Good afternoon,

We have received another Special Event Permit Application from Rum River BMX. They are planning to host the event on August 26 & 27. They're expecting 2000 people for the event, and have requested that Isanti Parkway be closed in front of the arena on Saturday between 11:00 am and 5:00 pm and Sunday between 8:00 am and 4:00 pm. There will be overnight camping for the event as well.

They have stated that security isn't required for the event, but Police Reserves are welcome as available.

Please respond with your comments or approval at your convenience.

Subject: Consider Resolution Approving Safety Climb Cable System Installation on the Interior of the Water Tower

---

Background:

One of the items that was discovered during the water tower inspection that is of immediate concern was that there was no safety climb system from the base of the tower up 5 flights to reach the lower portion of the bowl. There was a cable from the bottom of the bowl to the top of the tower only. The platform is not wide enough from the wall to catch a person should they fall therefore a safety system is necessary. Two safety options include either a cage or a cable system. The cable system is the lesser of the two to install and would also meet all OSHA requirements for fixed ladders on towers. This item is unbudgeted.

Finance Committee Recommendation

The Finance Committee discussed this item July 20 and recommends approval of the unbudgeted work proposed by Hartung Zoatings for a DBI SALA Safety Climb Cable System in the amount of $3,500.00. The recommended funding source is Water Fund 601-49400-401.

Request:

Staff is requesting approval on the installation of the safety climb system proposed as well as an additional 10% contingency for unexpected costs and an additional $200.00 cable slider that works with the system installed for a total project cost of $4,050.00 to be funded by the Water Fund (401).

RESOLUTION NO. 2017-XXX

A RESOLUTION APPROVING SAFETY CLIMB CABLE SYSTEM INSTALLATION ON THE INTERIOR OF THE WATER TOWER

WHEREAS, upon inspection of our water tower system, it is recommended, and would meet OSHA requirements, to install a safety climb system on the interior five levels of the water tower's fixed ladder; and,

WHEREAS, options include a cage or cable system, with cable system being the lesser cost of the two; and,

WHEREAS, a bid has been received from Hartung Zoatings for a DBI SALA Safety Climb Cable System in the amount of $3,500.00; and,

WHEREAS, staff has included 10% contingency for unknown expenses and an additional $200.00 for a cable slider that fits the system being installed for a total project cost of $4,050.00; and,

WHEREAS, the Finance Committee has reviewed the bid and has recommended acceptance of the bid from Hartung Zoatings for the work listed above;

WHEREAS, this item is unbudgeted, and the Finance Committee has recommended that the funding source be the Water (601) Fund balance which calls for an increase in the budget for line item 601-49400-401 to account for the purchase; and,

NOW, THEREFORE, BE IT RESOLVED by the City Council of the City of Isanti, Minnesota to hereby accept the bid from Hartung Zoatings plus added contingency and cable slider in the total amount, not to exceed, $4,050.00; and **BE IT FURTHER RESOLVED** that the source of funding for the item be the Water Fund balance and the Finance Director is authorized to make the necessary budget adjustments to account for the purchase.

This resolution was duly adopted by the Isanti City Council this 2nd day of August, 2017.

Request for City Council Action

From: Josi Wood, Public Services Director/ Asst. City Administrator

Date: August 2, 2017

Subject: Consider Ordinance to Amend City Code Chapter 160 Fees and Resolution to Amend the Fee Schedule

---

Background:
Currently when someone does work to their driveway, either by new construction or existing, and the curbstop is located within said driveway space, the city has them fill out a 'City Utility Services Under Driveway Agreement' stating that they acknowledge the responsibility of repair should any be needed. Staff would like to also have residents purchase and install a valve cover plate when their driveway is being installed or improved. The valve cover plate allows Public Works the space needed should there be necessary repairs done to the shut-off valve and also protects the valve from plow damage or other damage that could occur. Staff would also like the cover plate required for curbstops located within a sidewalk that is either installed or repaired by a contractor. The valve will hopefully discourage contractors from covering the curbstops which has been an issue in both driveways and sidewalks.

Sewer & Water Department
Valve Cover Plate $100.00

Finance Committee Recommendation
The Finance Committee met to discuss this item July 20 and recommends approval of the Ordinance amendment to include Valve Cover Plate in the amount of $100.00 within the Sewer & Water Department.

MEMORANDUM

TO: Mayor Wimmer
Members of the Isanti City Council

FROM: Ryan Kernosky, Community Development Director

DATE: August 2, 2017

SUBJECT: Request from Rice Building Systems Inc., on behalf of Coborn's Inc., for approval for the Site Plan Review Application and Amendment to the Conditional Use Permit approved through Resolution 2015-253, to allow construction of an Automobile Car Wash Establishment at the property legally described as Lot 1, Block 1 of Isanti Commons Second Addition, Isanti County, Isanti, Minnesota

Background

Rice Companies, on behalf of Corborn's Inc. (applicant), has submitted a Conditional Use Permit Amendment to amend Resolution 2015-253 and a Site Plan Review Permit to construct a stand-alone car wash facility at 209 6th Avenue NE.

Resolution 2015-253 is the original Conditional Use Permit (CUP), it was amended in 2016 through Resolution 2016-338 and required that "Resubmittal and approval shall be required for the future construction of the convenience store and/or car wash." Because the applicant has submitted new plans, it's appropriate to require an amended CUP and new Site Plan Review Application.

Zoning Ordinance Requirements

The subject parcel is currently zoned "H65" *Highway 65 Corridor Overlay District*. It is the purpose of this district to enhance the first impression of Isanti through development of a corridor that is inviting, visually appealing and a place that community members want to visit and passersby want to stop. This district is designed and intended to promote the development of an attractive view of the community from Highway 65 through architectural and signage controls, landscaping, screening, building orientation and other features.

Automobile car wash establishments are a conditional use of the H65 Overlay District, only when in conjunction with a permitted use. *General Retail Establishments* are a permitted use, and include Grocery Stores.

Comprehensive Plan

This property is designated as *General Commercial* within the Future Land Use Map of the 2008 Comprehensive Plan Update. The purpose of the General Commercial designation is to "identify portions of Isanti that contain or should be developed for general commercial use. Examples may

include highway-oriented businesses such as fast food restaurants, conveniences stores, gas stations and other auto-oriented businesses."

The 2008 update continues to state that "Much of this land use is located along the Highway 65 corridor and CSAH 5. General Commercial is the largest commercial land use designation. These uses are predominantly auto-oriented in terms of access and services. Design of both site and buildings are important to maintain a thriving commercial base. In addition, commercial businesses not located at major intersections should remain small scale, and provide services primarily to the surrounding neighborhood. Also, the architecture and site design of all commercial areas much be compatible with the surrounding neighborhood and landscape. Such issues as building size, location on the lot, building materials, screening and other design issues are important."

It is my opinion that this request is compatible with the Comprehensive Plan of the City of Isanti.

Site Plan Review

Per Section 18, Subdivision 7 of the Zoning Ordinance, City staff and the City Council must consider the request's compliance with the following related to Site Plan Review:

A. Consistency with the elements and objectives of the City's development guides, including the comprehensive plan.

B. Consistency with City Codes.

C. Preservation of the site in its natural state to the extent practicable by minimizing tree and soil removal and designing grade changes to be in keeping with the general appearance of neighboring developed or developing areas.

D. The amount and location of open space and landscaping.

E. Vehicular and pedestrian circulation, including walkways, interior drives, and parking in terms of location and number of access points to the public streets, width of interior drives and access points, general interior circulation, separation of pedestrian and vehicular traffic and arrangement and amount of parking.

F. Protection of adjacent and neighboring properties through reasonable provision for surface water drainage, sound and sight buffers, preservation of views, light, and air and those aspects of design not adequately covered by other regulations which may have substantial effects on neighboring land uses.

G. Consistency with the City's Engineering Design standards as adopted by Resolution of the City Council.

Community Development Director's Comments:

The proposed car wash is between 32' and 46' from the City Right-of-Way Line off of 6th Ave NE. As this street develops into the future, it'll be important to encourage future buildings to be closer to the street like the proposed car wash and existing Coborn's, this will provide a 'framed' street that will encourage future walkability and lower speed of travel for vehicles. The proposed car wash appears to utilize the same high-quality materials that are on the existing grocery store,

and has windows on all sides, including the side facing 6th Ave NE. It is my opinion that this request is compatible with the Site Plan Review requirements of our zoning code.

Conditional Use Permit

Per Section 21, Article 2 of the Zoning Ordinance, City staff and the City Council must consider the request's compliance with the following related to Conditional Use Permits, and the Planning Commission shall hold a public hearing and consider possible adverse effects of the proposed Conditional Use. The judgment of the Planning Commission shall be based upon, but is not limited to the following factors:

1. The proposed action has been considered in relation to the specific policies and provisions of and has been found to be consistent with the goals and objectives of the Comprehensive Plan, including public facilities and capital improvement plans.

2. The proposed action meets the purpose and intent of this Ordinance and the underlying zoning district.

3. The establishment, maintenance or operation of the conditional use will promote and enhance the general public welfare and will not be detrimental or endanger the public health, safety, morals, or comfort.

4. The conditional use will not be injurious to the use and enjoyment of other property within the immediate vicinity for the purposes already permitted; nor substantially diminish or impair property values within the neighborhood.

5. The establishment of the conditional use will not impede the normal and orderly development and improvement of surrounding property for uses permitted in the district.

6. Adequate public facilities and services are available or can be reasonably provided to accommodate the use which is proposed.

7. The conditional use shall, in all other respects, conform to the applicable regulations of the district in which it is located.

8. The conditional use complies with the general and specific performance standards as specified by within this Article.

Community Development Director's Comments:
It is my opinion that this request is compatible with the Conditional Use Permit requirements of our zoning code.

Section 13, Subdivision 3: Automobile Car Wash Establishments

A. Stacking shall be provided in accordance with Section 17 of this Ordinance, with such areas designated to facilitate adequate on-site circulation.

B. Water shall not drain across any sidewalk or into a public right-of-way, subject to the approval of the City Engineer.

C. Vacuuming and drying facilities shall be located in an enclosed structure or located away for any residential use to minimize the impact of noise.

D. All water disposal facilities including sludge, grit removal, and disposal equipment shall conform with all sections and codes regarding sewerage and health.

Certification of Taxes Paid

Prior to approving an application for approval of a Conditional Use Permit, certification must be provided to the City that there are not any delinquent property taxes, special assessments, penalties, interest, or outstanding municipal utility fees. City staff did verify with Isanti County that there are no delinquent property taxes, special assessments, penalties, interest, or fees. The applicant has paid half of their 2017 taxes as of April 26th, 2017. It is not uncommon for property owners to pay taxes in installments.

Public Notice

Notice of the proposed CUP Amendment and Site Plan Review Application was published in the official City newspaper, *Isanti County News,* on Wednesday July 5, 2017. Mailed notices were provided to property owners within 350' of the subject property.

Public Comment

City staff did receive an email from Darren Trudeau, Landlord for Coborn's, stating they are in support of the request.

Deadline for City Council Action

The City of Isanti received an application for the Site Plan Review and Conditional Use Permit on May 31st, 2017. The application was deemed complete on June 26th, 2017. Pursuant to Minnesota State Statute, the City must act on this request by August 25th, 2017 (60 days).

Development & Operations Advisory Committee Review

The Development & Operations Advisory Committee met on July 6th, 2017 and had no comments regarding the proposed Car Wash, other than the concern that the area was not properly landscaped when the proposed convenience store/ car was removed from the plans as promised.

City Planning Commission Recommendation

The City Planning Commission reviewed this matter at the July 18, 2017 meeting and approved the proposed amendment with the condition that the same external materials are used on the car wash that were presented to the Commission by the applicant.

It was moved by Lundeen, seconded by Collison to approve the amendment with the aforementioned condition. Motion carried unanimously.

FINDINGS OF FACT AND CONCLUSION

Conditional Use Permit Amendment
Rice Companies INC., on behalf of Coborn's INC.

August 2, 2017
Prepared by Ryan Kernosky, Community Development Director

Request

Request from Rice Companies INC., on behalf of Coborn's INC., for an Amendment to the Conditional Use Permit originally approved through Resolution 2015-253, and approval of a Site Plan/Building Appearance Review for the property at 209 6th Ave NE, more legally described as Lot 1, Block 1 of Isanti Commons Second Addition, Isanti County, Isanti, Minnesota

Findings of Fact

1. The applicant is requesting to Amend to the Conditional Use Permit originally approved through Resolution 2015-253, and is seeking approval of a Site Plan/Building Appearance Review for the property at 209 6th Ave NE, more legally described as Lot 1, Block 1 of Isanti Commons Second Addition, Isanti County, Isanti, Minnesota.

2. The property is zoned "B-2" General Business District and is a part of the "H65" Highway 65 Overlay Zoning District.

3. The applicant has submitted a Conditional Use Permit Amendment Application and Site Plan/Building Appearance Review Application materials on May 31, 2017. The received materials were deemed complete and paid on June 26th, 2017.

4. A public hearing on the matter was scheduled before the City of Isanti Planning Commission on July 18, 2017 at 7:00 p.m. at City Hall within the City Council Chambers.

5. Notice of the Conditional Use Permit Amendment Application and approval of a Site Plan/Building Appearance Review was published with the *Isanti County News* on June 7, 2017. Notices were sent to all property owners located within 350 feet of the aforementioned legally described parcel.

6. Section 21, Article 2: Conditional Use Permits, Subdivision 3 (D) of the Zoning Ordinance establishes factors that the judgment of the Planning Commission shall be based upon when reviewing a Conditional Use Permit request as well as Section 21, Article 2: Conditional Use Permits, Subdivision 4 General Performance Standards of the Zoning Ordinance establishes additional general standards that shall be used to evaluate any proposed conditional use permit request. Furthermore, standards established in Section 18, Subdivision 7 regulate Site Plan/Building Appearance standards that shall be used to evaluate any proposed commercial and industrial buildings.

Conclusions

1. In review of the standards established in Section 21, Article 2 Conditional Use (D); the following conclusions have been made (*conclusions to each requirement are shown in underlined italics)*:

The Planning Commission shall hold a public hearing and consider possible adverse effects of the proposed Conditional Use. The judgment of the Planning Commission shall be based upon, but is not limited to the following factors:

A. The proposed action has been considered in relation to the specific policies and provisions of and has been found to be consistent with the goals and objectives of the Comprehensive Plan, including public facilities and capital improvement plans.

The proposed uses for the site would be consistent with the goals and objectives of the comprehensive plan.

B. The proposed action meets the purpose and intent of this Ordinance and the underlying zoning district.

The proposed uses fit the intent of the ordinance and underlying zoning district ("B-2" General Business District and "HWY 65" Overlay District). The overall site layout of uses is complementary of each of the uses.

C. The establishment, maintenance or operation of the conditional use will promote and enhance the general public welfare and will not be detrimental or endanger the public health, safety, morals, or comfort.

The establishment of the conditional use does not appear to endanger the public health, safety, morals and comfort of the surrounding area or the community.

D. The conditional use will not be injurious to the use and enjoyment of other property within the immediate vicinity for the purposes already permitted; nor substantially diminish or impair property values within the neighborhood.

The conditional use does not appear to diminish or impair surrounding property values.

E. The establishment of the conditional use will not impede the normal and orderly development and improvement of surrounding property for uses permitted in the district.

The conditional use will not impede the normal and orderly development and improvement of surrounding property for uses permitted in the district.

F. Adequate public facilities and services are available or can be reasonably provided to accommodate the use which is proposed.

Adequate public facilities and services are available.

G. The conditional use shall, in all other respects, conform to the applicable regulations of the district in which it is located.

The requested conditional use permit appears to conform to the applicable regulations required for the district and the performance standards outlined within the zoning ordinance. Conditions will be placed on any approval to ensure that the property is developed in accordance to ordinance requirements and the proposed plan provided by the applicant.

H. The conditional use complies with the general and specific performance standards as specified by within this Article.

These have been evaluated as part of the findings of fact; and can be found within this document.

2. In review of the standards established in Section 21, Article 2 Conditional Use, Subdivision 4 General Performance Standards; the following conclusions have been made (*conclusions to each requirement are shown in underlined italics)*:

   A. The use and the site in question shall be served by a street of sufficient capacity to accommodate the type and volume of traffic which would be generated an adequate public right-of-way shall be provided.

   This site is currently served by a street of sufficient capacity. The proposed conditional use will not change the type of traffic flow that 6th Ave NE was designed to accommodate.

   B. The site design for access and parking shall minimize internal as well as external traffic conflicts and shall be in compliance with Section 17 of this Ordinance.

   Sufficient access points have been provided for this site. Parking meets the standards outlined in Section 17 of this Ordinance.

   C. If applicable, a pedestrian circulation system shall be clearly defined and appropriate provisions made to protect such areas from encroachment by parked or moving vehicles.

   Existing parking lot crosswalks and pedestrian infrastructure is sufficient.

   D. Adequate off-street parking and off-street loading shall be provided in compliance with Section 17 of this Ordinance.

   Adequate off-street parking is provided on site.

   E. Loading areas and drive-thru facilities shall be positioned so as to minimize internal site access problems and maneuvering conflicts, to avoid visual or noise impacts on any adjacent residential use or district, and provided in compliance with Section 17 of this Ordinance.

   The Automobile Car Wash Establishment is positioned to limit internal site access problems and maneuvering conflicts, and avoids visual and noise impacts.

   F. Whenever a non-residential use is adjacent to a residential use or district, a buffer area with screening and landscaping shall be provided in accordance with the provisions of Section 15 of this Ordinance.

   Not applicable.

   G. General site screening and landscaping shall be provided in compliance with Section 15 of this Ordinance.

   No additional landscaping is required nor needed.

   H. All exterior lighting shall be directed so as not to cast glare toward or onto the public right-of-way or neighboring residential uses or districts, and shall be in compliance with Section 14 of this Ordinance.

   Lighting meets the requirements of Section 14 of this Ordinance.

I. The site drainage system shall be subject to the review and approval of the City Engineer.

Site drainage was addressed and approved with the original plans.

J. The architectural appearance and functional design of the building and site shall not be so dissimilar to the existing and potential buildings and area so as to cause a blighting influence. All sides of the principal and accessory structures are to have essentially the same or coordinated, harmonious exterior finish materials and treatment.

The building meets the exterior material requirements outlined in code, and matches the existing Coborn's building.

K. Provisions shall be made for daily litter control, an interior location for recycling and trash handling and storage or an outdoor, enclosed receptacle area shall be provided in compliance with Section 14 of this Ordinance.

Existing trash receptacles are located on the property.

L. All signs and informational or visual communication devices shall be in compliance with Section 16 of this Ordinance.

No formal signage has been submitted. Any proposed signage would require review and approval by the City staff to ensure compliance with the City Sign Code.

M. The use and site shall be in compliance with any federal, state, or county laws or regulations that are applicable and any related permits shall be obtained and documented to the City.

Not applicable.

N. Any applicable business licenses mandated by City Code are approved and obtained.

Not applicable.

O. The hours of operation may be restricted when there is judged to be an incompatibility with a residential use or district.

Not applicable.

P. The use complies with the applicable performance standards of the zoning district in which it is located and where applicable, any non-conformity shall be eliminated.

The use complies with the applicable performance standards as further outlined in Section 13 Use Regulations of this Ordinance.

Q. Additional Stipulations. All conditions pertaining to a specific site are subject to change when the City Council, upon investigation in relation to a formal request, finds that the general public health, safety, and welfare, can be served as well or better by modifying or expanding the conditions set forth herein.

3. In review of the standards established in Section 18, Subdivision 7 Site Plan/Building Appearance Standards; the following conclusions have been made (*conclusions to each requirement are shown in underlined italics)*:

A. Consistency with the elements and objectives of the City's development guides, including the comprehensive plan.

The proposed Site Plan/Building Appearance is consistent with the comprehensive plan.

B. Consistency with City Codes.
The proposed Site Plan/Building Appearance is consistent with City Codes

C. Preservation of the site in its natural state to the extent practicable by minimizing tree and soil removal and designing grade changes to be in keeping with the general appearance of neighboring developed or developing areas.

The proposed Site Plan/Building Appearance is part of a larger grocery store project. The project area has already been graded and is ready for the development of the car wash.

D. The amount and location of open space and landscaping.

The proposed Site Plan/Building Appearance includes landscaping and open space.

E. Vehicular and pedestrian circulation, including walkways, interior drives, and parking in terms of location and number of access points to the public streets, width of interior drives and access points, general interior circulation, separation of pedestrian and vehicular traffic and arrangement and amount of parking.

The proposed Site Plan/Building Appearance includes an already existing sidewalk. Interior vehicular traffic infrastructure has already been approved and installed.

F. Protection of adjacent and neighboring properties through reasonable provision for surface water drainage, sound and sight buffers, preservation of views, light, and air and those aspects of design not adequately covered by other regulations which may have substantial effects on neighboring land uses.

The proposed Site Plan/Building Appearance was reviewed by the City Engineer, their comments should be included in the required conditions of this approval.

G. Consistency with the City's Engineering Design standards as adopted by Resolution of the City Council.

The proposed Site Plan/Building Appearance was reviewed by the City Engineer, their comments should be included in the required conditions of this approval.

Decision

The Planning Commission reviewed the request in a public hearing on July 18, 2017. The meeting minutes, staff memo, and attachments shall be made part of the Findings of Fact and Conclusion.

Planning Commission Recommendation:

Motion by Lundeen, Seconded by Collison to approve the request from Rice Companies Inc. on behalf of Coborn's, for approval of the Site Plan Review Application and Amendment to the

Conditional Use Permit approved through Resolution 2015-253, to allow construction of an Automobile Car Wash Establishment at the property legally described as Lot 1, Block 1 of Isanti Commons Second Addition, Isanti County, Isanti, Minnesota. with the following conditions:

1) Resubmittal and approval shall be required for the future construction of the convenience store
2) Adhere to the City Engineer's comments from the memo dated July 12, 2017
3) Exterior materials must be consistent with the existing grocery and what was presented to the City Planning Commission

MEMORANDUM

Date: July 12, 2017

To: Ryan Kernosky, Community Development Director

From: Bradley C. DeWolf, P.E.
City Engineer

Subject: Coborn's Car Wash Site Plan Review
City of Isanti, MN
Project No.: R13.113062

We have reviewed the Site Plan entitled "Coborn's 2017 Car Wash" signed on 6/16/2017.

The site plan includes the construction of a car wash within the Coborn's parking lot. A car wash was originally included in the Coborn's site plan reviewed and approved November 2015.

Also submitted was a hydraulics letter stating the existing pond was sized for the new impervious area that will be constructed.

We have reviewed the submitted documents and have the following comments:

1) Create a drainage swale between the berm and the car wash building to drain away from the building and to the north or south.
2) The proposed contours at the north eastern limits of the site appear to be over 4:1 slope and don't tie into existing contours. Modify to not exceed 4:1 slopes.
3) Evergreen trees are shown close to the existing storm sewer pipe at the north east corner of the site. Ensure the trees are not planted within 5 feet of the existing storm pipe.

We recommend approval of the site plan once the above items are addressed.

Please contact me if you have any questions.

GRADING NOTES

1. LOCATIONS AND ELEVATIONS OF EXISTING TOPOGRAPHY AND UTILITIES AS SHOWN ON THIS PLAN ARE APPROXIMATE. CONTRACTOR SHALL FIELD VERIFY SITE CONDITIONS AND UTILITY LOCATIONS PRIOR TO EXCAVATION/CONSTRUCTION. THE ENGINEER SHALL BE NOTIFIED IMMEDIATELY IF ANY DISCREPANCIES ARE FOUND.
2. CONTRACTORS SHALL REFER TO ARCHITECTURAL PLANS FOR EXACT LOCATIONS AND DIMENSIONS OF VESTIBULE, SLOPED PAVEMENT, EXIT PORCHES, RAMPS, TRUCK DOCKS, PRECISE BUILDING DIMENSIONS, EXACT BUILDING UTILITY ENTRANCE LOCATIONS, AND EXACT LOCATIONS AND NUMBER OF DOWNSPOUTS.
3. ALL EXCAVATION SHALL BE IN ACCORDANCE WITH THE CURRENT EDITION OF "STANDARD SPECIFICATIONS FOR TRENCH EXCAVATION AND BACKFILL/SURFACE RESTORATION" AS PREPARED BY THE CITY ENGINEERS ASSOCIATION OF MINNESOTA.
4. ALL DISTURBED UNPAVED AREAS ARE TO RECEIVE FOUR INCHES OF TOPSOIL AND SOD OR SEED. THESE AREAS SHALL BE WATERED UNTIL A HEALTHY STAND OF GRASS IS OBTAINED. SEE LANDSCAPE PLAN FOR PLANTING AND TURF ESTABLISHMENT.
5. THE CONTRACTOR SHALL BE RESPONSIBLE FOR PROVIDING AND MAINTAINING TRAFFIC CONTROL DEVICES SUCH AS BARRICADES, WARNING SIGNS, DIRECTIONAL SIGNS, FLAGMEN AND LIGHTS TO CONTROL THE MOVEMENT OF TRAFFIC WHERE NECESSARY. PLACEMENT OF THESE DEVICES SHALL BE APPROVED BY THE ENGINEER PRIOR TO PLACEMENT. TRAFFIC CONTROL DEVICES SHALL CONFORM TO APPROPRIATE MNDOT STANDARDS.
6. ALL SLOPES SHALL BE GRADED TO 3:1 OR FLATTER, UNLESS OTHERWISE INDICATED ON THIS SHEET.
7. CONTRACTOR SHALL UNIFORMLY GRADE AREAS WITHIN LIMITS OF GRADING AND PROVIDE A SMOOTH FINISHED SURFACE WITH UNIFORM SLOPES BETWEEN POINTS WHERE ELEVATIONS ARE SHOWN OR BETWEEN SUCH POINTS AND EXISTING GRADES.
8. SPOT ELEVATIONS SHOWN INDICATE FINISHED PAVEMENT ELEVATIONS & GUTTER FLOW LINE UNLESS OTHERWISE NOTED. PROPOSED CONTOURS ARE TO FINISH GRADE SURFACE GRADE.
9. SEE SOILS REPORT FOR PAVEMENT THICKNESSES AND HOLD DOWNS.
10. CONTRACTOR SHALL DISPOSE OF ANY EXCESS SOIL MATERIAL THAT EXISTS AFTER THE SITE GRADING AND UTILITY CONSTRUCTION IS COMPLETED. THE CONTRACTOR SHALL DISPOSE OF ALL EXCESS SOIL MATERIAL IN A MANNER ACCEPTABLE TO THE OWNER AND THE REGULATING AGENCIES.
11. CONTRACTOR SHALL PROVIDE A STRUCTURAL RETAINING WALL DESIGN CERTIFIED BY A LICENSED PROFESSIONAL ENGINEER.
12. ALL CONSTRUCTION SHALL CONFORM TO LOCAL, STATE AND FEDERAL RULES INCLUDING THE NATIONAL POLLUTANT DISCHARGE ELIMINATION SYSTEM (NPDES) PERMIT REQUIREMENTS.
13. PRIOR TO PLACEMENT OF ANY STRUCTURE OR PAVEMENT, A PROOF ROLL AT MINIMUM WILL BE REQUIRED ON THE SUBGRADE. PROOF ROLLING SHALL BE ACCOMPLISHED BY MAKING A MINIMUM OF 2 COMPLETE PASSES WITH FULLY LOADED TANDEM-AXLE DUMP TRUCK, OR APPROVED EQUAL, IN EACH OF 2 PERPENDICULAR DIRECTIONS WHILE UNDER SUPERVISION AND DIRECTION OF THE INDEPENDENT TESTING LABORATORY. AREAS OF FAILURE SHALL BE EXCAVATED AND RE-COMPACTED AS SPECIFIED HEREIN.
14. EMBANKMENT MATERIAL PLACED BENEATH BUILDINGS AND STREET OR PARKING AREAS SHALL BE COMPACTED IN ACCORDANCE WITH THE SPECIFIED DENSITY METHOD AS OUTLINED IN MNDOT 2105.3F3 AND THE REQUIREMENTS OF THE GEOTECHNICAL ENGINEER.
15. EMBANKMENT MATERIAL NOT PLACED IN THE BUILDING PAD, STREETS OR PARKING AREA SHALL BE COMPACTED IN ACCORDANCE WITH REQUIREMENTS OF THE ORDINARY COMPACTION METHOD AS OUTLINED IN MNDOT 2105.3F2.
16. ALL SOILS AND MATERIALS TESTING SHALL BE COMPLETED BY AN INDEPENDENT GEOTECHNICAL ENGINEER. EXCAVATION FOR THE PURPOSE OF REMOVING UNSTABLE OR UNSUITABLE SOILS SHALL BE COMPLETED AS REQUIRED BY THE GEOTECHNICAL ENGINEER. THE CONTRACTOR SHALL BE RESPONSIBLE FOR COORDINATING ALL REQUIRED SOILS TESTS AND INSPECTIONS WITH THE GEOTECHNICAL ENGINEER.

GENERAL EROSION CONTROL NOTES

1. THE CONTRACTOR IS SPECIFICALLY CAUTIONED THAT THE LOCATION AND/OR ELEVATION OF EXISTING UTILITIES AS SHOWN ON THESE PLANS ARE BASED ON RECORDS OF THE VARIOUS UTILITY COMPANIES AND LIMITED MEASUREMENTS TAKEN BY THE FIELD. THE INFORMATION SHALL NOT BE RELIED ON AS BEING EXACT OR COMPLETE. THE CONTRACTOR SHALL VERIFY EXISTING CONDITIONS PRIOR TO CONSTRUCTION AND NOTIFY THE OWNER OR ENGINEER OF DISCREPANCIES.
2. ALL SILT FENCE AND OTHER EROSION CONTROL FEATURES SHALL BE IN PLACE PRIOR TO ANY EXCAVATION/CONSTRUCTION AND SHALL BE MAINTAINED UNTIL VEGETATION OR GROUND COVER HAS BEEN ESTABLISHED. EXISTING SILT FENCE ON-SITE SHALL BE MAINTAINED AND/OR REMOVED AND SHALL BE CONSIDERED INCIDENTAL TO THE GRADING CONTRACT. IT IS OF EXTREME IMPORTANCE TO BE AWARE OF CURRENT FIELD CONDITIONS WITH RESPECT TO EROSION CONTROL. TEMPORARY PONDING, DIKES, HAYBALES, ETC., REQUIRED BY THE CITY SHALL BE INCIDENTAL TO THE GRADING CONTRACT.
3. EROSION AND SEDIMENT CONTROL (ESC): THE CONTRACTOR SHALL ASSUME COMPLETE RESPONSIBILITY FOR CONTROLLING ALL SEDIMENT AND EROSION OF THE PROJECT AREA. THE CONTRACTOR SHALL USE WHATEVER MEANS NECESSARY TO CONTROL THE EROSION AND SEDIMENT (INCLUDING BUT NOT LIMITED TO: CATCH BASIN INSERTS, CONSTRUCTION ENTRANCES, EROSION CONTROL BLANKET, AND SILT FENCE. ESC SHALL COMMENCE WITH GRADING AND CONTINUE THROUGHOUT THE PROJECT UNTIL ACCEPTANCE OF THE WORK BY THE OWNER. THE CONTRACTOR'S RESPONSIBILITY INCLUDES ALL IMPLEMENTATION AS REQUIRED TO PREVENT EROSION AND THE DEPOSITING OF SILT. THE OWNER MAY DIRECT THE CONTRACTOR'S METHODS AS DEEMED FIT TO PROTECT PROPERTY AND IMPROVEMENTS. ANY DEPOSITION OF SILT OR MUD ON NEW OR EXISTING PAVEMENT OR BY EXISTING STORM SEWERS OR SWALES SHALL BE REMOVED AFTER EACH RAIN EVENT. AFFECTED AREAS SHALL BE CLEANED TO THE SATISFACTION OF THE OWNER, ALL AT THE EXPENSE OF THE CONTRACTOR. ALL TEMPORARY EROSION CONTROL SHALL BE REMOVED BY THE CONTRACTOR AFTER THE TURF IS ESTABLISHED.
4. ALL STREETS DISTURBED DURING WORKING HOURS MUST BE CLEANED AT THE END OF EACH WORKING DAY. A CONSTRUCTION ENTRANCE TO THE SITE MUST BE PROVIDED ACCORDING TO DETAILS TO REDUCE TRACKING OF DIRT ONTO PUBLIC STREETS.
5. PROPOSED PONDS SHALL BE EXCAVATED FIRST AND USED AS TEMPORARY PONDING DURING CONSTRUCTION.
6. WHEN INSTALLING END-OF-LINE FLARED END SECTIONS, BEING THE SILT FENCE UP & OVER THE FLARED END SECTIONS & COVER DISTURBED AREAS WITH RIP RAP. THE UPSTREAM FLARED END SECTIONS SHALL HAVE WOOD FIBER BLANKET INSTALLED ON THE DISTURBED SOILS.
7. ALL UNPAVED AREAS ALTERED DUE TO CONSTRUCTION ACTIVITIES MUST BE RESTORED WITH SEED AND MULCH, SOD, EROSION CONTROL BLANKET OR BE HARD SURFACE WITHIN 2 WEEKS OF COMPLETION OF CONSTRUCTION.
8. THE SITE MUST BE STABILIZED WITH A 25-151 SEED MIX AT 70 POUNDS PER ACRE AND TYPE 1 MULCH AT 2-TONS PER ACRE IN ACCORDANCE WITH MNDOT 2575 UNLESS OTHERWISE NOTED.
9. TEMPORARY SEEDING SHALL BE MN/DOT SEED MIX 22-111 AT 40-POUNDS PER ACRE AND TYPE 1 MULCH AT 2-TONS PER ACRE IN ACCORDANCE WITH MNDOT 2575 UNLESS OTHERWISE NOTED.
10. FOR AREAS WITH SLOPE OF 3:1 OR GREATER, RESTORATION WITH SOD OR EROSION CONTROL BLANKET IS REQUIRED.
11. ALL TEMPORARY STOCKPILES MUST HAVE SILT FENCE INSTALLED AROUND THEM TO TRAP SEDIMENT.
12. ALL PERMANENT PONDS USED AS TEMPORARY SEDIMENT BASINS DURING CONSTRUCTION SHALL BE DREDGED AFTER THE SITE HAS BEEN STABILIZED TO RESTORE THE PONDS TO THE PROPOSED BOTTOM ELEVATION.
13. ALL CONSTRUCTION SHALL CONFORM TO LOCAL AND STATE RULES INCLUDING THE NATIONAL POLLUTANT DISCHARGE ELIMINATION SYSTEM (NPDES) PERMIT REQUIREMENTS.
14. THE SITE MUST BE KEPT IN A WELL DRAINED CONDITION AT ALL TIMES. THE CONTRACTOR SHALL BE RESPONSIBLE FOR TEMPORARY DITCHES, PIPING OR OTHER MEANS REQUIRED TO ENSURE PROPER DRAINAGE DURING CONSTRUCTION. LOW POINTS IN ROADWAYS OR BUILDING PADS MUST BE PROVIDED WITH A POSITIVE OUTFLOW.
15. PUBLIC STREETS USED FOR HAULING SHALL BE KEPT FREE OF SOIL AND DEBRIS. STREET SWEEPING SHALL BE CONCURRENT WITH SITE WORK.

Planting Notes

SCOPE:

1. ALL PLANT MATERIAL INSTALLATION, INCLUDING TOP SOIL, SOD, MULCH, LIMITED TO WORK WITHIN THE CONSTRUCTION.
2. CONTRACTOR SHALL LOCATE AND VERIFY ALL UTILITIES, INCLUDING IRRIGATION LINES, WITH THE GOPHER STATE ONE CALL AT 651-454-0002. CONTRACTOR SHALL CONTACT GOPHER STATE ONE CALL AT 651-454-0002 AT LEAST 48 HOURS BUT NOT MORE THAN 14 DAYS PRIOR TO BEGINNING EXCAVATION. CONTRACTOR SHALL BE RESPONSIBLE FOR THE PROTECTION AND REPAIR OF ANY DAMAGES TO THESE UTILITIES OR SUBSURFACE APPURTENANCES IN ANY PROJECT EXCAVATIONS. REPAIR AT CONTRACTOR'S EXPENSE.
3. THE CONTRACTOR SHALL BE RESPONSIBLE FOR COMPARING WITH APPROPRIATE CHECK SET (as-built, when available) THE WORK
4. ALL PLANT MATERIAL QUANTITIES, SHOWN ON PLANS AND SCHEDULES ARE APPROXIMATE. CONTRACTOR SHALL BE RESPONSIBLE APPROXIMATE LOCATIONS OF ALL PLANTS AS LAID OUT BY LANDSCAPE ARCHITECT AND ADJUSTED AS NECESSARY TO THE EXACT CONFIGURATION OF THE SITE. THE LANDSCAPE ARCHITECT SHALL APPROVE THE PLANTING LOCATION OF ALL PLANT MATERIALS PRIOR TO INSTALLATION AS ACTUAL LOCATION OF PLANT MATERIAL IS SUBJECT TO FIELD CONDITIONS.
5. WHERE MATERIALS ARE TO BE WITHIN EASEMENTS, ALL UNDERGROUND UTILITIES SHALL BE LOCATED BEFORE PLANTING. CONTRACTOR SHALL BE RESPONSIBLE FOR ANY DAMAGE TO UTILITIES.
6. ALL PLANTING MATERIAL SHALL BE SUBJECT TO INSPECTION AND THE APPROVAL OF THE LANDSCAPE ARCHITECT OR OWNER. ALL SUBSTITUTIONS MUST BE APPROVED PRIOR TO COMMENCING OF WORK AND MUST EQUAL OR EXCEED THE QUALITY OF THE SPECIFIED PLANT. THE LANDSCAPE ARCHITECT AND OWNER RESERVE THE RIGHT TO REJECT ANY AND ALL PLANT MATERIAL NOT MEETING SPECIFICATIONS AT THE TIME OF DELIVERY AND INSTALLATION.
7. THE PLAN SHALL PREVAIL IN CASE OF DISCREPANCY BETWEEN PLANTING LIST AND SYMBOLS SHOWN ON THE PLAN. IN THE EVENT OF A DISCREPANCY BETWEEN THE NUMBER OF PLANTS SHOWN ON THE PLAN AND THE NUMBER LISTED IN THE PLANT LIST, THE NUMBER SHOWN ON THE PLAN SHALL PREVAIL.
8. CONTRACTOR SHALL PROVIDE QUANTITIES OF ALL PLANT MATERIALS FOR EACH COMPLETE OPENING IN LANDSCAPING, IF APPROPRIATE. THE QUANTITIES REQUIRED ON THE BASIS OF THE LANDSCAPE SPECIALIST'S OR OWNER'S REPRESENTATIVE'S ACCEPTANCE OF THE PLANTING IN OPENING. THE SUBMISSION SHALL STATE THE PERCENT OF REPLACEMENT REQUIRED FOR EACH AREA PLANTED. REPLACEMENT OF MATERIALS DYING WITHIN A SPECIFIED GUARANTEE PERIOD SHALL BE PROVIDED BY CONTRACTOR AT NO ADDITIONAL COST TO OWNER. CONTRACTOR SHALL PROVIDE EROSION CONTROL BLANKETS, BIO-ROLLS AND SILT FENCE AS NECESSARY TO PREVENT EROSION AND SEDIMENT MOVEMENT FROM SITE DURING ESTABLISHMENT PERIOD. SEE SITE AND UTILITY PLANS FOR LOCATIONS OF ALL SILT FENCE, DITCH CHECKS, AND SEDIMENT CONTROL DEVICES.
9. SOD SHALL BE NEWLY HARVESTED WITHIN 36 HOURS OF INSTALLATION. SOD SHALL BE MACHINE CUT AT A UNIFORM THICKNESS OF 1" TO 1-1/2" PLUS OR MINUS 1/4", AND SHALL CONTAIN NO MORE THAN 2" OF TOP GROWTH. DAMAGED SOD, SOD NOT MEETING SPECIFICATIONS, OR SOD NOT INSTALLED WITHIN 36 HOURS OF HARVEST SHALL BE REJECTED. SOD SHALL BE WATERED IMMEDIATELY AFTER INSTALLATION TO A DEPTH OF 4" AND MAINTAINED UNTIL ACCEPTANCE.
10. ALL PLANTING BEDS SHALL BE EDGED WITH SPADE CUT EDGE.
11. ALL PLANTING BEDS SHALL BE MULCHED WITH 3" DEPTH SHREDDED HARDWOOD MULCH, UNLESS OTHERWISE NOTED. MULCH SHALL BE FREE OF DEBRIS AND FOREIGN MATERIALS HARMFUL TO PLANT GROWTH. MULCH SHALL BE APPLIED AFTER PLANTING AND WATERING AND SHALL BE RAKED TO A UNIFORM DEPTH AND APPEARANCE.
12. ALL PLANTING BEDS SHALL BE TREATED WITH A PRE-EMERGENT HERBICIDE AT MANUFACTURER'S RECOMMENDED RATES AFTER PLANTING AND MULCHING.
13. ALL PLANTING BEDS SHALL BE TREATED WITH A PRE-EMERGENT HERBICIDE AT MANUFACTURER'S RECOMMENDED RATES AFTER PLANTING AND MULCHING.

Request for City Council Action

To: Mayor Wimmer and City Council Members

From: Sean M. Sullivan, Economic Development Director

Date: August 2, 2017

Subject: **Consider Adoption of Resolution Authorizing Appraisal of Isanti EDA Land**

Background:

On June 6, 2017 the City Council authorized transfer of City of Isanti owned land to the Isanti EDA. The City has been diligently working on a hotel project and part of this process requires an appraisal on the parcels identified below. Staff is in the process of quantifying the cost of this items and anticipates it will be available at the time of the regularly scheduled City Council Meeting.

MINNESOTA LAWFUL GAMBLING

LG220 Application for Exempt Permit

An exempt permit may be issued to a nonprofit organization that:

- conducts lawful gambling on five or fewer days, and
- awards less than $50,000 in prizes during a calendar year.

If total raffle prize value for the calendar year will be $1,500 or less, contact the Licensing Specialist assigned to your county by calling 651-539-1900.

Application Fee (non-refundable)

Applications are processed in the order received. If the application is postmarked or received 30 days or more before the event, the application fee is **$100**; otherwise the fee is **$150.**

Due to the high volume of exempt applications, payment of additional fees prior to 30 days before your event will not expedite service, nor are telephone requests for expedited service accepted.

Request for City Council Action

To: Mayor Wimmer and City Council Members

From: Sean M. Sullivan, Economic Development Director

Date: August 2, 2017

Subject: **Consider Resolution Authorizing Contract with Carlson McCain for Phase 2 Environmental**

Background:

The City of Isanti has entered into a purchase agreement to acquire parcel number 16.029.0101. During the due diligence stage the City ordered and received a Phase 1 Environmental for the subject site. The Phase 1 identified a recognized Environmental Condition (REC) at two offsite locations and a Phase 2 is being recommended to determine if there are impacts on the subject site. The Phase 1 was completed by Carlson McCain and they have provided the cost for the Phase 2. Staff recommends that a Phase 2 be ordered to determine the impact, if any, to the subject site.

Staff is looking for authorization to proceed with the Phase 2 Environmental. The cost is $2995.00.

Funding Source:

EDA – Site Acquisition. This is not a budgeted expense. The cost could ultimately be coded to the Isanti Hotel project and has the potential to be reimbursed but this is not guaranteed.

Request for Action:

Consider adoption of Resolution 2017-_____ Authorizing Contract with Carlson McCain for Phase 2 Environmental

Attachment:

1) Resolution 2017-_____ Authorizing Contract with Carlson McCain for Phase 2 Environmental

RESOLUTION 2017-___

Authorizing Contract with Carlson McCain for Phase 2 Environmental

WHEREAS, the City of Isanti City Council directed staff to conduct environmental testing on parcel I.D number 16.029.0101 and a Phase One was completed; and

WHEREAS, the findings of the Phase One Environmental recommend completing a Phase Two Environmental; and

WHEREAS, Carlson McCain has provided the attached contract in an amount not to exceed $2,995 to perform the necessary work; and

WHEREAS, Finance Committee recommends executing the attached contract with Carlson McCain, and

NOW, THEREFORE, IT IS HEREBY RESOLVED by the City Council of the City of Isanti, Minnesota authorize the following:

1) Authorize Mayor Wimmer to execute contract with Carlson McCain in an amount not to exceed $2995 to be funded from fund108-39203.

2) Authorize Finance Department to transfer $2995 out of fund 101-49110-700 and into fund 108-39203 and to formally amend the budget to reflect the transfer.

This Resolution hereby approved by the Isanti City Council this 2nd day of August, 2017.

Re: Scope of Work and Cost Estimate
Limited Phase II Investigation
Parcel #160290101
Isanti, MN

Dear Mr. Sullivan:

Carlson McCain, Inc. (Carlson McCain) is pleased to present to this Scope of Work and Cost Estimate to complete a Limited Phase II Investigation at the above referenced site (Property). The scope of work for the Limited Phase II Investigation is based on our knowledge of the Property from results of a recently completed Phase I Environmental Site Assessment (ESA). A Recognized Environmental Condition (REC), as that term is defined by ASTM 1527-13, was identified at the Property and include the following:

- The Isanti BP/Isanti Union 76 Service Station and the Northland 88 Premium Stores/Minnoco Northland 66 site are considered RECs for the Property. Both sites are located in a hydraulically up-gradient position to the Property that are reported leak sites. Both sites are listed as having reported groundwater contamination and the Isanti BP site is listed as having two inches of free product.

Scope of Work

This section provides our recommendations and a brief description of the scope of work and estimated cost to complete the Limited Phase II Investigation.

- Completion of one direct push soil boring to a depth of up to 40 feet below ground surface or to groundwater, along the northern Property line for collection of a groundwater and soil vapor sample for analysis of gasoline range organics (GRO), diesel range organics (DRO), and volatile organic compounds (VOCs),
- Preparation of a Limited Phase II Investigation Letter Report.

Subsurface Drilling

Soil samples will be continuously collected from the test hole using a MacroCore™ sampler and screened on-site with a photoionization detector (PID). An attempt will be made to recover adequate groundwater from the test hole for analytical testing. If encountered, the groundwater sample will be collected through a temporary monitoring well.

Analytical samples will be submitted to a State of Minnesota certified laboratory using a standard 10 day turn-around time. The soil vapor sample will be collected and analyzed using EPA Method TO-15, for analysis of VOCs. Upon receipt of analytical data, the results of the investigation will be presented in a letter report. This report will include a brief discussion of the field investigation, summary of analytical results, and reference to Minnesota screening criteria and will provide our opinions and recommendations as to whether additional work is required at the Property. If contamination is identified during this investigation, a notification will be reported to the state duty officer, then Carlson McCain will work with the City to provide guidance for the next steps (i.e. additional investigation, enrollment into the MPCA VBP, etc.).

Cost Estimate

The following summarizes the Cost Estimate:
Limited Phase II Investigation

Labor (Coordination, HASP, Oversight, Reporting)	$1,455
Equipment and Expenses	$ 215
Drilling Contractor	$ 862
Analytical Fees	$ 463
Total Project Estimate	**$2,995**

Closing

Once authorized, Carlson McCain would be able to initiate work and complete the Project, as described in the previous sections. We appreciate the opportunity to submit this Scope of Work and Cost Estimate. If you have any questions about the project or our proposed scope of services, please feel free to call me at (763) 489-7900 or send me an e-mail at csteman@carlsonmccain.com. Thank you for your time and consideration.

Sincerely,
Carlson McCain, Inc.

STANDARD TERMS AND CONDITIONS

1. **STANDARD OF CARE.** Services shall be performed by Carlson McCain, Inc. (hereinafter referred to as the Company) in accordance with the standard of professional practice ordinarily exercised by the applicable profession at the time and within the locality where the Services are performed. Professional Services are not subject to, and the Company can not provide, any warranty or guarantee, express or implied, including warranties or guarantees contained in any uniform commercial code. Any such warranties or guarantees contained in any purchase orders, requisitions or notices to proceed issued by a client are specifically objected to.

2. **CHANGE OF SCOPE.** The scope of Services set forth in this Agreement is based on facts known at the time of execution of this Agreement, including, if applicable, information supplied by Client. For some projects the scope may not be fully definable during the initial phases. As the Project progresses, facts discovered may indicate that scope must be redefined. The Company will promptly provide Client with an amendment to this Agreement to recognize such change, which shall be deemed approved if not objected to within 15 days of receipt by Client.

3. **SAFETY.** The Company has established and maintains corporate programs and procedures for the safety of its employees. Unless specifically included as a service to be provided as a service under this Agreement, the Company specifically disclaims any authority or responsibility for general job site safety and safety of persons other than the Company employees.

4. **DELAYS.** If events beyond the control of Client or the Company, including, but not limited to, fire, flood, explosion, riot, strike, war, process shutdown, acts of God or the public enemy, and act or regulation of any government agency, result in delay to any schedule established in this Agreement, such schedule shall be amended to the extent necessary to compensate for such delay. In the event such delay exceeds 90 days, the Company shall be entitled to an equitable adjustment in compensation.

   In the event that the project is delayed by Client and such delay exceeds 30 days, the Company shall be entitled to an extension of time equal to the delay and an equitable adjustment in compensation.

5. **TERMINATION / SUSPENSION.** Either party may terminate this Agreement upon 30 days written notice to the other party. Client shall pay the Company for all Services, including any expenses, incurred prior to termination.

   In the event that either party defaults in its obligations under this Agreement (including Clients obligation to make the payments required hereunder), the non-defaulting party may, after 7 days written notice stating its intention to suspend performance under the Agreement if cure of such default is not commenced and diligently continued, and failure of the defaulting party to commence cure within such time limit and diligently continue, suspend performance under this Agreement.

6. **OPINIONS OF CONSTRUCTION COST.** Any opinion of construction costs prepared by the Company is supplied for the general guidance of the Client only. Since the Company has no control over the competitive bidding or market conditions, the Company cannot guarantee the accuracy of such opinions as compared to contract bids or actual costs to client.

7. **RELATIONSHIP WITH CONTRACTORS.** The Company shall serve as Client's professional representative for the Services, and may make recommendations to Client concerning actions relating to Client's contractors, but the Company specifically disclaims any authority to direct or supervise the means, methods, techniques, sequences, or procedures or construction selected by Client's contractors.

8. **CONSTRUCTION/CONTRACTOR OVERSIGHT.** For projects involving construction or contractor oversight, Client acknowledges that under generally accepted professional practice, interpretations of construction documents or field plans in the field are normally required, and that performance of construction-related services by the design professional for the project permits errors or omissions to be identified and corrected at comparatively low cost. Client agrees to hold the Company harmless from any claims resulting from performance of construction-related or contractor oversight services by persons other than the Company.

9. **INSURANCE.** The Company will maintain insurance coverage for Comprehensive General, Automobile and Worker's Compensation in amounts in accordance with legal, and the Company's business requirements. Certificates evidencing such coverage will be provided to Client upon request.

10. **INDEMNITIES.** To the fullest extent permitted by law, the Company shall indemnify and save harmless Client from and against loss, liability, and damages sustained by Client, its agents, employees, and representatives by reason of injury or death to persons or damage to tangible property to the extent caused directly by the willful misconduct or failure to adhere to the standard of care described in Paragraph 1 above of the Company, its agent or employees.

    To the fullest extent permitted by law, Client shall defend, indemnify, and save harmless the Company, its agents, employees, and representatives from and against loss, liability, and damages (including reasonable litigation costs) arising from or relating to claims for injury or death to persons, damages to tangible property, or other losses, alleged to be caused by any of the following: (a) any substance, condition, element, or material or any combination of the foregoing (i) produced, emitted or released from Project (ii) tested by the Company under this Agreement, or (iii) used or incorporated by the Company in the Services; or (b) operation or management of the Project. Client also agrees to require its construction contractor, if any, to include the Company as an indemnitee under indemnification obligation to Client.

11. **LIMITATIONS OF LIABILITY.** No employee or agent of the Company shall have individual liability to Client. Client agrees that, to the fullest extent permitted by law, the Company's liability to Client for any and all injuries, claims, losses, expenses or damages whatsoever arising out of or in any way related to the Project or this Agreement from any causes including, but not limited to, the Company's negligence, errors, omissions, strict liability, or breach of contract shall not exceed the total compensation received by the Company under this Agreement. If Client desires a limit of liability greater than that provided above, Client and the Company shall include in Part III of this Agreement the amount of such limit and the additional compensation to be paid to the Company for assumption of such additional risk.

    IN NO EVENT AND UNDER NO CIRCUMSTANCES SHALL THE COMPANY BE LIABLE TO CLIENT FOR CONSEQUENTIAL, INCIDENTAL, INDIRECT, SPECIAL, OR PUNITIVE DAMAGES.

12. **ACCESS.** Client shall provide the Company safe access to any premises necessary for the Company to provide services.

13. **REUSE OF PROJECT DELIVERABLES.** Reuse of any documents or other deliverables, including electronic media, pertaining to the Project by Client for any purpose other than that for which such documents or deliverables were originally prepared, or alteration of such documents or deliverables without written verification or adaptation by the Company for the specific purpose intended, shall be at the Client's risk. Client agrees to defend, indemnify, and hold harmless the Company from all claims, damages, and expenses (including reasonable litigation costs), arising out of such reuse or alteration by Client or others acting through Client.

14. **AMENDMENT.** This Agreement, upon execution by both parties hereto, can be amended only by a written instrument signed by both parties.

15. **ASSIGNMENT.** Except for assignments (a) to entities which control, or are controlled by, the parties hereto or (b) resulting from operation of law, the rights and obligations of this Agreement cannot be assigned by either party without written permission of the other party. This Agreement shall be binding upon and inure to the benefit of any permitted assigns.

16. **STATUTES OF LIMITATION.** To the fullest extent permitted by law, parties agree that, except for indemnification, the time period for bringing claims under this Agreement shall expire one year after Project completion.

17. **PREVAILING PARTY LITIGATION COSTS.** In the event any actions are brought to enforce this Agreement, the prevailing party shall be entitled to collect its litigation costs from the other party.

18. **NO WAIVER.** No waiver by either party of any default by the other party in the performance of any particular section of this Agreement shall invalidate any other section of this Agreement or operate as a waiver of any future default, whether like or different in character.

19. **NO THIRD-PARTY BENEFICIARY.** Nothing contained in this Agreement, nor the performance of the parties hereunder, is intended to benefit, nor shall inure to the benefit of, any third party, including Client's contractors, if any.

20. **SEVERABILITY.** The various terms, provisions and covenants herein contained shall be deemed to be separate and severable, and the invalidity or unenforceability of any of them shall not affect or impair the validity or enforceability of the remainder.

21. **AUTHORITY.** The persons signing this Agreement warrant that they have the authority to sign as, or on behalf of, the party for whom they are signing.

22. **LIEN RIGHTS.** The Company hereby gives notice that, pursuant to Minnesota Stature Chapter 514, and as stated in the contract, it retains the right to file a lien against real property in the event of non-payment of invoices for engineering, landscape architecture, surveying, planning or environmental services performed with respect to the subject property. The lien will be prepared and filed in accordance with pertinent laws of the State of Minnesota.

23. **CONSEQUENTIAL DAMAGES.** Neither the Company nor the Client will be liable for any indirect, incidental, special or consequential damages (including loss of anticipated profits, business interruption or good will of other economic or commercial loss) relating to the services rendered.

24. **RELATIONSHIP OF PARTIES.** The Company will act solely as an independent contractor of the Client and not as the Client agent for any purpose. Neither the Company nor the Client may enter into any agreement or assume any obligation for the other, and nothing herein may be construed to establish any partnership, joint venture or principal-agent relationship between the Company and the Client.

25. **SUCCESSORS AND ASSIGNS.** The Client and the Company each binds itself, its successors, assigns and legal representatives to the other party with respect to all provisions of the contract/agreement. Neither the Client nor the Company shall assign, set over or transfer his interest in the contract/agreement, in whole or in part, without the prior written consent of the other, and any act in derogation hereof, shall, at the option of the non-assigning party, render the written contract/agreement terminated.

26. **ARBITRATION.** All claims, disputes and other matters in question arising out of, or relating to, the contract/agreement or the breach thereof shall be decided by arbitration in accordance with the Construction Industry Arbitration Rules of the American Arbitration Association then obtaining, unless the parties mutually agree other wise in writing. This agreement to arbitrate shall be specifically enforceable under the prevailing arbitration law in the State of Minnesota. Notice of the demand for arbitration shall be filed in writing with the other party to the contract/agreement and with the American Arbitration Association. The demand shall be made within a reasonable time after the claim; dispute or other matter in question has arisen. In no event, shall the demand for arbitration be made after the date when institution of legal or equitable proceedings based on such claim, dispute or other matter in question would be barred by the applicable stature of limitation. Arbitration will not limit the Company's mechanic's lien rights. All arbitrations will be conducted in Hennepin County, Minnesota.

    The award rendered by the arbitrators shall be final and judgment may be entered upon it in accordance with applicable law in any court having jurisdiction thereof. Arbitration of claims arising from the contract/agreement shall not be consolidated with any other arbitration proceedings except by written consent of the parties.

27. **ENTIRE AGREEMENT.** The Client's engagement of the Company to perform work represents the Client's acceptance of the terms and conditions contained herein, which constitute the entire understanding between the Company and the Client and supersede any previous communication, representations or agreements by either party, whether oral or written. The terms and conditions contained herein take precedence over the Client's additional or different terms and conditions that may be

contained in any purchase order, work order, invoice, gate pass, acknowledgment form, manifest or other document forwarded by the Client to the Company to which notice of objection is hereby given. Unless otherwise agreed to in writing by an officer of the Company, the Client's engagement of the Company is limited to these terms and conditions. The Company's commencement of performance will not be deemed or constructed as acceptance of the Client's additional or different terms and conditions.

No change of any of the terms or conditions herein will be valid or binding on either party unless in writing and signed by an owner or an officer of the Client and by an officer of the Company. If any of the provisions hereof are invalid under any applicable statute or rule or law or law, such provisions re, to that extent, deemed omitted, but the remaining terms and conditions of the contract/agreement will remain otherwise in effect. There are no understandings, agreements representations or warranties, express or implied, that are not specified herein respecting the subject hereof.

28. **APPLICABLE LAW.** The contract/agreement shall be governed by the laws of the State of Minnesota.

29. **EEO/AA.** The Company is an Equal Employment Opportunity/Affirmative Action Employer.

I. Council Committee Reports

Mayor Wimmer remarked that a second Parks and Recreation Board meeting was cancelled due to a lack of attendance. Therefore, the City Council would be hearing items that could have been addressed at a regular meeting. If this continues, it will have to be addressed.

J. **Public Hearings**
None.

K. **Business Items**

1. **Presentation of Center Point Energy Community Partnership Grant Check**
Jason Schwietering of Center Point Energy presented the City of Isanti with a Community Partnership Grant Program check in the amount of $2,500.00. The Community Partnership Program enables Centerpoint Energy to support their partner cities with safety projects and equipment purchases. The Partnership Grant will be used to purchase portable 800 MHZ radios. Mayor Wimmer expressed his appreciation on behalf of the City of Isanti.
2. **Resolution 2017-201 Approving a Special Event Permit for BMX State Series Final Race**
Andy Strom, President of the Rum River BMX Association, said the state finals race brings people from all across the state and beyond. He said it is a big plus that the City of Isanti is so supportive of the track and the sport. He continued by saying that the City of Isanti continues to host the BMX State Finals because it has the best track in not only the state, but the entire country, based on an independent rating. Mr. Strom continued by saying this race series is watched by the entire country and other states constantly try to emulate them. Mayor Wimmer commented that this was good not only for the Rum River BMX Association, but for the City of Isanti.

Motion by Lundeen, second by Bergley to approve the request. Motion carried.

MINUTES
CITY OF ISANTI
CITY COUNCIL BUDGET WORK SESSION
WEDNESDAY, AUGUST 2, 2017 – 7:00 P.M.
CITY HALL

Mayor Wimmer called the meeting to order at 7:16 p.m.

Members Present: Mayor George Wimmer, Council Members: Paul Bergley, Dan Collison, Ross Lorinser and Steve Lundeen

Members Absent: None

Staff Present: City Administrator Don Lorsung, Human Resources/City Clerk Katie Brooks, Finance Director Mike Betker, Public Service Director/Assistant City Administrator Josi Wood, Economic Development Director Sean Sullivan, City Attorney Clark Joslin

Finance Director Mike Betker began by saying that he would be happy to field any questions, comments, or concerns that the Council may have regarding budget items. He continued by saying that in an effort to be respectful of the Council's time, he wouldn't go through the Budget line by line or read any of the memos the Councilmembers had in front of them.

Regarding General Fund Budget Updates:
Mr. Betker said there are no General Fund Budget updates of any substance at this time.

Regarding Preliminary Budgets for the Enterprise Funds:
Mr. Betker continued by saying the base assumptions regarding wages and employer paid insurances are the same as those of the General Fund, which were reviewed at the last Budget Work Session.

However, he wanted to note that of the four Enterprise Funds, one big item that is new to this year's budget is the addition of the MS4 Technician position, which is accounted for within the Storm Water Fund. Mr. Betker said he had provided some commentary on those proposed costs in his first memo to the City Council.

Regarding Capital Outlay Requests:
Mr. Betker reminded the Council that the proposed list of Capital Outlay Expenditures is the result of many meetings with department heads and the Finance Committee, and represents just a portion of the original requests. He commented that the largest outlay item belonged to the Sewer and Storm Water Funds.

Mr. Betker concluded by saying the city will be putting $20,000.00 aside for Reserve Funding in 2018, with $10,000.00 each for the future dog park development and for work to be done at Bluebird Park.

Mayor Wimmer then provided some clarification regarding the Water and Sewer from a revenue standpoint. He began by saying that by using assumptions from last year's revenue and then reducing rates this year, the provided numbers were fairly conservative. However, he said if there was continued revenue generated by building projects, the city could possibly be looking at another reduction in usage rates sometime in the future, even with the increase in the Storm Water Fund due to the MS4 Technician position. Mayor Wimmer then asked Public Service Director/Assistant City Administrator Josi Wood to explain the new inspection requirements the City is facing, commenting that it may result in a small fee increase in billing.

Ms. Wood began saying that the City of Isanti is an MS4 Community with enforcement beginning in August of 2018, requiring the MS4 Tech position. This means the City will need to be in compliance with the Pollution Control Agency and their regulatory requirements to keep the City's storm water systems clean and clear. Requirements include regular inspections with documentation, completing the paperwork the agency requires, and tracking records so if there is an audit, all of the required information is readily available for the City to submit.

Mayor Wimmer explained that the City had two options; contract with a company like Bolton and Menk to do the inspections at a costly rate, or to hire the position directly with the City of Isanti. The position is expected to be part-time, at least to begin with. It will result in an increase from a cost stand-point for the City, but it is a requirement the City has to comply with.

When asked to clarify his earlier comment regarding an increase in billing, Mayor Wimmer responded by saying he expects property owners will see a fee increase of a dollar added to their monthly bill, or $12.00 per home per year, beginning early 2018. He then briefly commented that due to building projects, there has been an increase in Revenue and the Water and Sewer Fund, even with the reduced usage rate, is doing well at this time.

Mayor Wimmer concluded by saying the Council is still looking at some items that could possibly be pared down in the budget, such as advertising for the Liquor Store and legacy items that are no longer necessary.

Adjournment
Motion by Lorinser, second by Lundeen to adjourn. Motion carried unanimously. The Budget Work Session adjourned at 7:26 p.m.

Respectfully Submitted,

Request for City Council Action

To: Mayor Wimmer and City Council Members

From: Sean M. Sullivan, Economic Development Director

Date: August 15, 2017

Subject: **PUBLIC HEARING: Consider Awarding Proposed Business Subsidy to Isanti Hotel Partners LLC**

Background:

The City of Isanti has identified a hotel as a priority Economic Development project for the City of Isanti. The proposed project consists of construction of a 60 unit hotel with a tax assessed valuation of $2,827,100. This project is anticipated to generate $137,000 in annual property taxes and to create 4 Full time and 8 part time jobs in the City of Isanti. This project will provide positive economic impact on the business community and residents and it builds synergy with venues such as Isanti Indoor Arena – Home of Rum River BMX, the Isanti Soccer Complex, David Johnson Civic Arena, and other regional athletic and community events. It has been included within the Comprehensive Economic Development Strategy (CEDS) that is provided to the East Central Regional Development Commission (ECRDC) and documented as Resolution 2016-282. In order to finalize financing structure and to quantify sources and uses it is required to define the City of Isanti and EDA assistance to the project. Without assistance from the City of Isanti, and other local taxing jurisdictions this project would not happen. The City Council of the City of Isanti will hold a public hearing on August 15, 2017 to consider a business subsidy pursuant to Minnesota Statutes Sections 116J.993 to 116J.995 to be made by the City of Isanti, Minnesota to Isanti Hotel Partners, LLC.

The City of Isanti, Minnesota proposes provide the following to Isanti Hotel Partners, LLC:

1. A loan to Isanti Hotel Partners, LLC from the Economic Development Authority from the net proceeds of the revenue bonds to be issued by the City of Isanti EDA not exceed $2,100,000.
2. Land to be purchased by the City of Isanti identified as Tax Identification Number 16.029.0101 and valued at $98,000.
3. $700,000 cash from City of Isanti to Isanti Hotel Partners LLC as a cash grant.
4. $182,549 in Tax Abatement from the City of Isanti.
5. Waiver of $85,000 of sewer and water access and from City of Isanti.

The Public Hearing for the business subsidy hearing has been properly noticed in the Isanti County News. Once the Development Agreement is complete it will be available for public inspection at a future date.

City of Isanti Business Subsidy Criteria and Project Qualification

The City of Isanti has adopted business subsidy criteria to be used to assure that public purpose and city economic development, and comprehensive plan goals are being met. Below is an excerpt from the adopted criteria with explanation on how each of the criteria is met.

1 PUBLIC PURPOSE REQUIREMENT

1.1 All business subsidies must meet a public purpose. ***See below***

1.2 The creation or retention of jobs may be, but is not required to be, a public purpose for granting a subsidy. The determination that jobs are not a public purpose for the subsidy and that the related wage and job goals are zero shall be made following a public hearing. ***Isanti Hotel Partners LLC has agreed to create 4 Full time positions and 8 part time positions as a result of this project as identified in the Isanti Project Summary dated 8.7.17.***

1.3 Job retention may only be used as a public purpose in cases where job loss is specific and demonstrable. The City shall document the information used to determine the nature of the job loss. *N/A*

1.4 The creation of tax base shall not be the sole public purpose of a subsidy. ***The new jobs to be created are outlined above as well as the positive impact and diversity to the local economy. A market study conducted by IDM in 2016 documented the demand for 75 rooms in the Isanti Trade area. The private sector approached the city of Isanti requesting assistance to make the project feasible. In addition, the configuration of the property requires the vacation of a street that bisects the property to allow for development and without involvement from the City of Isanti it would not be economically feasible for the project to move forward as identified on the Site reconfiguration exhibit. Although the increase in tax base and the related increase in property taxes generated cannot be the only reason it is important to understand how much this project does increase tax base within the city and county and school district jurisdictions.***

Based on information provided by the Isanti Hotel Partners LLC and the Isanti County Assessor the City of Isanti anticipates the following as a result of the project:

- ***$2,827,100 in assessed value at project completion (increase of $2,711,100 in market value)***
- ***$137,000 in taxes annually (increase annually of $132,702 in property taxes)***

1.5 The wage floor for wages to be paid for the jobs created shall be six dollars ($6) for commercial businesses and eight dollars fifty cents ($8.50) for Industrial businesses. The City will seek to create jobs with higher wages as appropriate for the overall public purpose of the subsidy.

The proposed project meet that job wage floor requirement of the city approved business subsidy criteria.

2 BUSINESS SUBSIDY APPROVAL CRITERIA

2.1 All new projects approved by the Grantor should meet the following minimum approval criteria. However, it should not be presumed that a project meeting these criteria will automatically be approved. Meeting these criteria creates no contractual rights on the part of any potential developer.

2.2 To be eligible to receive a business subsidy, the recipient must meet the following minimum requirements:

a. The subsidy must achieve a public purpose. ***This project satisfies the public purpose criteria.***
b. The project must comply with local plans and ordinances. ***The project is in compliance. The property is zoned commercial and a hotel is a permitted use within the zoning district as identified on zoning map dated 3/21/2017 and Section 7 of Zoning.***
c. The recipient shall provide information demonstrating that granting the subsidy is necessary for the proposed development to occur. ***Isanti Hotel Partners LLC has provided documentation in the projected cash flow showing that without the proposed business subsidy the project is not economically feasible.***
d. The recipient must enter into an agreement pursuant to these criteria and the Statutes. ***Isanti Hotel Partners, LLC will enter into a business subsidy agreement at the time the Development Agreement is complete. A draft Development Agreement will be available for review at the time of the Business Subsidy Hearing on August 15, 2017.***

2.3 The business subsidy shall be provided within applicable state legislative restrictions, debt limit guidelines, and other appropriate financial requirements and policies. ***The business subsidy is compliant based on review of the City Attorney and/or Bond Counsel and the documents cited within this memo.***

2.4 The project must be in accord with the Comprehensive Plan and Zoning Ordinances, or required changes to the plan and Ordinances must be under active consideration by the City at the time of approval. ***The project is in compliance. The property is zoned commercial (B-2) and a hotel is a permitted use within the zoning district. The City Site Plan process will require it to meet the requirements of the Comprehensive Plan and Zoning Ordinances.***

2.5 Business subsidies will not be provided to projects that have the financial feasibility to proceed without the benefit of the subsidy. In effect, business subsidies will not be provided solely to broaden a developer's profit margins on a project. Prior to consideration of a business subsidy request, the Grantor may undertake an independent underwriting of the project to help ensure that the request for assistance is valid. ***Based on information provided by private financial institution and Isanti Hotel Partners LLC and review by City Staff and consultants it has been determined that the project is not economically feasible unless the City provides a business subsidy.***

2.6 Prior to approval of a business subsidy, the developer shall provide any required market and financial feasibility studies, appraisals, soil boring, information provided to private lenders for the

project, and other information or data that the Grantor or its financial consultants may require in order to proceed with an independent underwriting. ***Criteria will be meet within the Development Agreement that will be executed between the City of Isanti and Isanti Hotel Partners LLC.***

2.7 Any developer requesting a business subsidy should be able to demonstrate past successful general development capability as well as specific capability in the type and size of development proposed. ***The Developer has a record of successful hotel projects and has demonstrated the capacity to complete the project.***

2.8 The developer must retain ownership of the project at least long enough to complete it, to stabilize its occupancy, to establish the project management, and to initiate repayment of the business subsidy, if applicable. ***The Developer is an owner in Isanti Hotel Partners LLC and will be required to operate for 5 years which will be incorporated in to the Development Agreement***

2.9 A recipient of a business subsidy must enter into a subsidy agreement with the Grantor as described in Section 4. ***The business subsidy agreement will be a part of the Development Agreement to be executed between the City of Isanti and Isanti Hotel Partners LLC***

2.10 A recipient of a business subsidy must make a commitment to continue operations within the City for at least five years after the benefit date. ***This requirement will be included in the Development Agreement to be executed between Isanti Hotel Partners LLC and the City of Isanti***

2.11 Any business subsidy will be at the lowest possible level and for the least amount of time necessary, after the recipient maximizes the use of private debt and equity financing first. ***The proposed business subsidy is being provided at the lowest possible level for the least amount of time to make the project economically feasible. The private debt/equity structure proposed is consistent with maximizing the use of private debt/equity.***

Requested Action:

Consider Adoption of Resolution 2017- ___ Awarding Business Subsidy to Isanti Hotel Partners LLC

The proposed business subsidy be contingent on the execution of a future Development Agreement between the City of Isanti and Isanti Hotel Partners LLC that incorporates the specifics outlined above. In addition, the City of Isanti and City of Isanti Economic Development Authority will only enter into the Development Agreement and related documents upon satisfactory review by the City Attorney and Bond Counsel.

Attachment:

1) Resolution 2017- ___ Awarding Business Subsidy to Isanti Hotel Partners LLC

RESOLUTION 2017-___

AWARDING BUSINESS SUBSIDY TO ISANTI HOTEL PARTNERS, LLC

WHEREAS, the City is actively negotiating a deal that would bring a 60 unit Hotel to the City of Isanti, MN to be located on parcel identified as TAX ID Number 16.029.0101; and;

WHEREAS, the City of Isanti and the City of Isanti Economic Development Authority propose to provide the Isanti Hotel Partners, LLC the following business subsidy in the forms and amounts listed below:

1. The issuance by the City of Isanti Economic Development Authority of revenue bonds in an aggregate principal amount not to exceed $2,100,000 and the loan of the net proceeds of the revenue bond to Isanti Hotel Partners, LLC.
2. Land to be purchased by the City of Isanti identified as tax identification number 16.029.0101 valued at $98,000.
3. $700,000 cash from City of Isanti to Isanti Hotel Partners, LLC as a Grant.
4. $182,549 in Tax Abatement from the City of Isanti.
5. Waiver of $85,000 of sewer and water access and from City of Isanti.

WHEREAS, without provision of the above business subsidy the project would not be economically feasible and it would not happen in the City of Isanti. Minnesota.

NOW, THEREFORE, IT IS HEREBY RESOLVED by the City Council of the City of Isanti, Minnesota authorize the following:

1) The proposed business subsidy is contingent on: (1) the issuance of revenue bonds by the City of Isanti Economic Development Authority in a principal amount not to exceed $2,100,000 and (2) the execution of a Development Agreement between the City of Isanti and Isanti Hotel Partners, LLC that incorporates the following specific business subsidy:

    a. A loan from the City of Isanti Economic Development Authority of the net proceeds of the revenue bonds to Isanti Hotel Partners, LLC.
    b. Land to be purchased by the City of Isanti identified as tax identification number 16.029.0101 valued at $98,000
    c. $700,000 cash from City of Isanti to Isanti Hotel Partners LLC as a Grant.
    d. $182,549 in Tax Abatement from the City of Isanti.
    e. Waiver of $85,000 of sewer and water access and from City of Isanti.

2) The foregoing business subsidy is contingent upon the required public hearings, issuance of revenue bonds and approval of the Development Agreement by the City Council.

This Resolution hereby approved by the Isanti City Council this 15th day of August 2017.

Request for City Council Action- MEMO

To. **Mayor Wimmer and Members of City Council**

From: **Josi Wood, Public Services Director/Asst. City Admin.**

Date: August 15th, 2017

Subject: Consider Resolution Approving Snow Plowing Policy 2017-XXX and Resolution Approving Exempt Sidewalks from Snow Removal 2017-XXX

The Public Works Committee has completed their annual review of the City of Isanti Snow Plowing Policy and Operational Guidelines, pursuant to Section V., Administration, City Council Resolution 2006-295, and also Exempt Sidewalks from Snow Removal pursuant to Resolution 2014-007.

Public Works Committee Recommendation:
The Public Works Committee Recommends no changes to the existing Snow Plowing Policy and Exempt Sidewalks.

Request:
It is requested that City Council review and take action on this item.

Attachments:

- Resolution 2017-XXX – Resolution Approving Snow Plowing Policy and Operational Guidelines
- Resolution 2017-XXX – Resolution Approving Exempt Sidewalks From Snow Removal

RESOLUTION NO. 2017-XXX

A RESOLUTION APPROVING SNOW PLOWING POLICY AND OPERATIONAL GUIDELINES

I. PERSONNEL

All Department of Public Works personnel shall be available for all snow plowing operations, unless on approved leave or unable to respond due to a medical condition.

II. PROCEDURES

A. Alert and Call Out

During normal working hours, the Public Services Director or designee shall be responsible for monitoring street and weather conditions and initiation of snow and ice control procedures. After hours, on weekends, and during holidays the Police Department shall notify the Public Works On-Call or designee when snow and ice conditions warrant crew alert. Snowplows will not be sent out in situations that may be hazardous due to severely restricted visibility.

B. Salting and Sanding

The City shall consider in order the following factors when establishing application rates and locations for application of salt and/or sand. The City shall use salt as the primary treatment. Sand may be used if there is a traction issue or if weather conditions deem it effective either combined with salt or as a separate treatment.

1) Safety of the Motoring Public
2) Environmental impact of salt usage
3) Cost

Salt or sand shall be applied to the street surface in such quantities so as to provide a level of skid resistance that is consistent with standards normally experienced on city streets throughout the State of Minnesota. It is recognized that a bare pavement policy is not possible at all times during winter.

Streets shall be spot salted (or sanded) to provide skid resistance and traction consistent with area standards in accordance with the following priorities:

1) All controlled intersections along Main Street, Heritage Blvd, County Road 23 and all curves.
2) School zones
3) Commercial and industrial streets
4) Residential – blanket sanding of general snow pack on residential streets will not be done.
5) In rare instances, when ice accumulation renders the streets unsafe to drive, the Public Services Director may authorize blanket sanding of city streets to restore vehicle traction.

C. Snow Plowing

The City will plow all storms of over 2 inches. During the season, snowfall of less than 2 inches may be removed depending on road conditions. Snow plowing shall normally begin when accumulation reaches a point where functional traffic flow is inhibited. Typical plow start time is 3:00 a.m. Plowing may start earlier in the prior evening, or delayed after 3:00 a.m., or may start during the daytime if conditions warrant. Plowing shall begin as close as practicable to the time snowfall ceases and will continue as visibility and operator safety permit. Work periods shall not exceed safe limits that operators can continue without rest.

Snow removal operations shall proceed as rapidly as possible in accordance with the following priorities:

1) Fire Hall Access Area

2) Police Department Access Area
3) Snow Emergency Routes - These routes (listed in this resolution) are typically first plowed. In extreme snowfalls, these routes shall be plowed to maintain the driving lanes in a passable condition until normal snow plowing activities resume.
4) 2" or more snow event, Downtown sidewalks from the Railroad Tracks on the east and traveling west to the intersection of Main and 2nd Avenue.
5) Sidewalk Routes to Schools – First day sidewalks listed in this resolution.
6) Residential Streets
7) City Downtown Parking Lot, City Hall Parking lot and Isanti Community Center Lot
8) Municipal Liquor Store Parking Lot
9) Alleys
10) Eagle Park Parking Lot
11) Isanti Indoor Arena
12) All Other Sidewalks – Second day sidewalks (except exempt sidewalks)
13) River Bluff Preserve and Bluebird Park Parking Lots
14) Ice Skating Rink

For a storm of roughly 6 to 10 inches, it shall be the goal of the City to have all streets plowed curb-to-curb within 12 hours after snowfall stops. Storms of larger magnitude or extremely wet snow will take longer depending on severity. Extreme snowfalls may warrant the opening of two lanes in the middle of the street initially with full width plowing to follow at a later time.

It shall be the policy of the City that the opening of driveways will not be the responsibility of the City. Property owners shall be responsible for clearing driveways, and walkways. For a 2"or more snow event, the City shall clean all sidewalks and trails that provide direct access to the Primary, Intermediate and Middle Schools.

D. Snow Hauling

Snow will be hauled from the following streets:

1) Main Street between 3rd Avenue and Elim Lane.

Late spring and early fall snowfalls may be left on roadways if melting is determined to be imminent or if substantial damage will be caused to the pavement structure. Clearing of intersection snow banks will be accomplished when needed on collector streets and near schools.
Snow hauling could begin as early as 3:00 a.m. or 1 hour following the beginning of snow removal operations. Hauling will continue for as many nights as is necessary.
Snow pickup shall be accomplished using such personnel, equipment and methods appropriate to maintaining a reasonable and safe passage of vehicles and pedestrians at all times. Traffic may be restricted by the Police Chief or his designee as emergency conditions may dictate.

E. Snow Plowing Alleys

Alleys will be opened in the aforementioned priority to provide functional traffic movement.

F. Wingbacks

During planned City-wide wingbacks, resident notification will be made on the City Website and by News Blasts. The Public Services Director, Designee or route driver will determine that areas may need wingbacks more often due to drifting snow or other conditions at the time, in these instances notice may not be given.

The Public Works Department will try to minimize impact to driveways and sidewalks but some snow removal may be required by the homeowner.

G. Complaints

Complaints concerning snow and ice removal will be handled in the following manner:

1) All complaints shall be referred to the Public Services Director or designee.
2) Slippery Street and sidewalk complaints shall be listed and given to Public Works for investigation and possible action.
3) All other complaints shall be given to Administration for investigation and possible action.

H. Property Damage

It is recognized by the City that on occasion private property is damaged during snow and ice control operations. Where this happens, it shall be the policy of the City to handle damages in the following manner:

1) **Mailboxes** – Where mailboxes are placed adjacent to the street it shall be the policy of the City that snow shall be plowed to the curb to allow for passage of traffic and mail delivery. It shall be the responsibility of the property owner to keep piled snow away from mailboxes so mail can be delivered.
Where damage to the mailbox occurs, such damage shall be investigated by the Public Services Director or Designee. If it is determined that the weight of the snow movement caused the damage, the City will not assume responsibility for repair of the mailbox. If the mailbox was built according to Isanti County specifications, and was struck directly by the plow, the City will repair or replace the mailbox in kind, not to exceed $100.00.

2) **Boulevard Damage** – The City will repair physical damage to boulevard areas and may replace sod in extreme cases as determined by the Public Services Director. Typical repairs will be with dirt and seed. The City will not repair winter kill or salt damaged lawn areas. The City will not replace or repair sprinkler systems, landscaping or other structures in the boulevard.

3) **Curbs** – Concrete curbs will not be replaced unless the curb back is broken.

4) **Driveway Ramps** – Damage caused to driveway ramps or fillets where mountable curb is in place will not be repaired by the City unless authorized by the Public Services Director.

5) **Garbage Receptacles** – Garbage receptacles are not to be placed in the street section. The City is not responsible for damage of receptacles or clean-up of waste.

III. POST PLOWING OPERATIONS

Once plowing is completed from curb to curb, post plowing operations will begin in the following priority:

A. Fire Hydrants

Fire hydrants on public streets serving commercial/industrial areas, high density residential units and school facilities shall be plowed or shoveled out so as to be readily accessible for use.

B. Intersections

If in the discretion of staff, snow piles at busy intersections are of such height as to create unsafe conditions, the piles will be pushed back at those intersections on the following streets:

1) County Road 5
2) Main Street
3) County Road 23

IV. EMERGENCY ASSISTANCE

At the discretion of the City Administrator, the Public Works Department can hire either additional equipment or drivers for assistance with snow removal.

V. ADMINISTRATION

A. Council Review

The City Council's Public Works Committee shall annually review the City's Snow Removal Policy and Operational Guidelines, prior to the next year's snow season and make any recommendations for amendments to the City Council.

VI. REPEAL

This resolution repeals all previous snow plow policies.

This Resolution was duly adopted by the Isanti City Council this 15th day of August, 2017.

RESOLUTION NO. 2017-XXX

A RESOLUTION APPROVING EXEMPT SIDEWALKS FROM SNOW REMOVAL

WHEREAS, Resolution 2014-007 states sidewalk routes shall be reviewed by the City Council's Public Works Committee on an annual basis, prior to the next year's snow season regarding School Routes to School and for sections of sidewalk that due to lack of development do not provide a connecting link between private and public facilities, residences and commercial/industrial businesses; and,

WHEREAS, those sections of sidewalk identified in the review and approved for exemption by the City Council, shall not be required to have snow removed that snow season; and,

WHEREAS, Public Works Committee met and are recommending that the following properties are exempted from the sidewalk snow removal requirement for the 2017-2018 snow season:

- Bellaire Blvd NW – Sidewalk section north of intersection with Blossom Blvd.
- 7th Avenue NE – Sidewalk section between Cajima St NE and Golden Way NE (no development on either side);

NOW, THEREFORE, IT IS HEREBY RESOLVED by the City of Isanti, Minnesota, that the sidewalks listed above are exempt from snow removal for 2017-2018.

This Resolution was duly adopted by the Isanti City Council this 15th day of August, 2017.

Subject: Consider Resolution Requesting Quotations for Ancillary Snow Removal for the Liquor Store, Community Center and Isanti Indoor Arena Parking Lots 2017-XXX

The Public Works Department removes snow from parking lots within the City, however, there may be infrequent times when they are unavailable to remove snow from the Isanti Liquor Store, Isanti Community Center and primary lot in Bluebird Park for the Isanti Indoor Arena for events and after hours. Ancillary snow removal of such lots would be times when snowfall is greater than two inches. The attached 'Exhibit A' outlines the specifications for each parking lot.

Public Works Committee Recommendation:
The Public Works Committee Recommends approval of ancillary snow removal for such lots as described in the attached Resolution.

Request:
It is requested that City Council review and take action on this item.

RESOLUTION NO. 2017-XXX

A RESOLUTION REQUESTING QUOTATIONS FOR ANCILLARY SNOW REMOVAL FOR THE LIQUOR STORE, COMMUNITY CENTER AND ISANTI INDOOR ARENA PARKING LOTS

WHEREAS, the Public Works Department clears snow from City Parking Lots; and,

WHEREAS, there may be occasions when accumulated snow exceeds two inches from the time the Public Works Department leaves for the day and the Liquor Store is still open or there are events held at the Isanti Indoor Arena or Isanti Community Center; and,

WHEREAS, the City solicits quotations from private firms for such snow removal for the parking lots at the Liquor Store, the Isanti Community Center and the Isanti Indoor Arena primary BMX parking lot in Bluebird Park. These ancillary services are for snow removal during time periods that Public Works is not available; and,

WHEREAS, the specifications for parking lot snow removal is outline in 'Exhibit A'; and,

WHEREAS, the City of Isanti has determined it is in the City's best interest to solicit quotes every three (3) years for ancillary snow removal services;

NOW, THEREFORE, IT IS HEREBY RESOLVED by the City of Isanti, Minnesota, as follows:

1. Directs staff to advertise and procure quotations for ancillary snow removal for the Liquor Store, Community Center and Isanti Indoor Arena for the winter season 2017-18 through winter season 2019-20.

2. In the future, staff will solicit quotes for ancillary snow removal services for a 3-year time period, which will cover 3 snow seasons. The next solicitation will be in the fall of 2020.

This Resolution was duly adopted by the Isanti City Council this 15th day of August, 2017.

The City is interested in a quotation for this work, as further described.

Provision of Services:

It is intended that these services are supplemental only, and do not replace regular snow removal activity by the City of Isanti. The intent is the removal of snow from the three facility parking lots in early evening hours or on weekends when the facilities are open or in times of continuing snowfall and City equipment is not available. The vendor will provide a contact phone number to the City (that is monitored on a 24-hour basis). The vendor shall give the caller a time when they can expect the vendor to be on-site to remove snow. The contracted service shall be a 3-year term for the 2017-18 through 2019-20 winter Seasons.

Isanti Community Center Procedures:

a. Service requests will be made on an "on-call" basis by the Public Services Director, Community Events & Parks Coordinator or in their absence, the City Administrator. Removal requests for snowfall amounts shall be greater than 2 inches.

b. Removal of snowfall at the Community Center includes the parking lot, shoveling of the exterior front entryway of the building and salting of the exterior front entryway.

c. The service provider must discuss with the Public Services Director on where to store snow prior to providing service.

d. Billing shall be made for each removal at a set fee for snow removal of the entire parking area for a 2 inch or greater snowfall.

Municipal Liquor Store Procedures:

a. Service Requests will be made on an "on-call" basis, upon contact by the Liquor Store Manager (or Managing Clerk). Removal requests for snowfall amounts shall be greater than 2 inches.

b. The vendor must stop and verify with the Liquor Store Manager (or Managing Clerk) that they are on-site and ready to remove snow prior to beginning any work.

c. The service provider must discuss with the Public Services Director on where to store snow prior to providing service.

d. Billing shall be made for each removal at a set fee for snow removal of the entire parking area for a 2 inch or greater snowfall.

Primary Parking Lot for the Isanti Indoor Arena in Bluebird Park Procedures:

a. Removal of snowfall refers to only the parking lot located directly west of the Isanti Indoor Arena - BMX facility.

b. Service requests will be made on an "on-call" basis by the Public Services Director, Community Events & Parks Coordinator or in their absence, the City Administrator. Removal requests for snowfall amounts shall be greater than 2 inches.

c. The service provider must discuss with the Public Services Director on where to store snow prior to providing service.

d. Billing shall be made for each removal at a set fee for snow removal of the entire parking area for a 2 inch or greater snowfall.

The service provider selected by the City Council shall provide liability insurance ($1,000,000), with the City listed as an additional insured, and workers compensation insurance, as required.

Please provide a quotation for the cost of snow removal for each facility per snowfall event. Please use the attached form.

MEMORANDUM

Date: August 9, 2017

To: Honorable Mayor Wimmer and Members of the City Council

From: Bradley C. DeWolf, P.E.
City Engineer

Subject: 2017 Palomino Road SE Improvements Project
City of Isanti, MN
Additional Curb Replacement
BMI Project No. R13.112450

The 2017 Palomino Road Improvements project is scheduled to begin construction in September, and will include removing and replacing existing curb that has reached a failed condition. The original plan for replacing curb as needed resulted in approximately 50% of the curb along Palomino Road needing to be replaced.

The low bid for this project came in at $553,800. This is $81,200 under the engineers estimate. Due to the good bid price, it was requested to obtain the added cost of replacing all curb along Palomino Road. The contractor has submitted revised pricing for the added work and it would cost approximately $37,500 in order to replace the additional curb, for an estimated project cost of $591,300. This is still $43,700 under the engineers estimate.

The assessments for this project are based on 25% of the assessable cost, and residents along the project were told to expect an assessment of $3,656.77/parcel. After adjusting the assessments based on the amount bid, the new assessment would be approximately $2,900/parcel. If the full curb replacement is included then the assessment would be approximately $3,300/parcel, which is $350 under the original reported assessment amount.

The finance committee met on 08-03-2017 and approved the additional cost for the full curb replacement. Therefore, we recommend the council approve the attached change order to replace all curb & gutter along Palomino Road.

Please contact me at (612) 756-1032 if you have any questions or need additional information.

RESOLUTION NO. 2017-____

A RESOLUTION APPROVING CHANGE ORDER FOR THE 2017 PALOMINO ROAD STREET & UTILITY IMPROVEMENT

WHEREAS, on July 5, 2017 the City Council awarded the bid to C & L Excavating for the 2017 Palomino Road SE Street & Utility Improvement; and

WHEREAS, the bid cost is $81,200 below the City Engineer's estimate for the project. With the low bid, the City Engineer is recommending removal and replacement of all curb and gutter on the Palomino street section that is being reconstructed. The cost to do this additional project work is $37,500; and,

WHEREAS, the City Engineer reviewed this matter with the Finance Committee and was directed to provide a change order for City Council consideration of removal and replacement of all of the curb and gutter for the project:

NOW, THEREFORE, IT IS HEREBY RESOLVED by the City Council of the City of Isanti, Minnesota as follows:

1) To approve Change Order No. 1 for a $37,500 addition in costs for removal and replacement of all of the curb and gutter on the street section that is being reconstructed as part of the 2017 Palomino Road Street & Utility Improvement Project.

Adopted by the Isanti City Council this 15th day of August 2017.

Subject: Consider Resolution 2017-XXX Authorizing the Execution of Repayment Agreement on Lot 27, Block 3, Sun Prairie Third Addition with J Robinson Construction, Inc.

Background:

On December 20, 2016 the City Council amended and extended a SAC and WAC Deferral program as Resolution No. 2016-362 to continue to spur development activity. J Robinson Construction, Inc. has requested the City to execute a Repayment Agreement for 405 8th Avenue SE, Isanti, MN legally described as Lot 27, Block 3, Sun Prairie First Addition, for the construction of an approximate 1,350 SF main floor single family home. The business is in "good standing" upon review of the Minnesota Secretary of State Office as of August 9, 2017. The form of the Repayment Agreement is consistent with the form approved by the City Council on December 20, 2016. The Repayment Agreement will be dated as of the date that the Building Permit is paid for by the Developer. Staff is asking the City Council to consider adoption of the attached resolution and execution of the Repayment Agreement.

Request:

It is requested that the City Council consider adoption of Resolution 2017- XXX Authorization and Execution of Repayment Agreement on Lot 27, Block 3, Sun Prairie First Addition with J Robinson Construction, Inc.

Attachment:

1) Resolution 2017- XXX Authorization and Execution of Repayment Agreement on Lot 27, Block 3, Sun Prairie First Addition with J Robinson Construction, Inc.

REPAYMENT AGREEMENT; STATUTORY SHORT FORM MORTGAGE; AND DEED RESTRICTIONS

THIS REPAYMENT AGREEMENT; STATUTORY SHORT FORM MORTGAGE; AND DEED RESTRICTIONS ("AGREEMENT"), made on or as of the ____ day of August, 2017, by and between the City of Isanti, Minnesota, a Minnesota municipal corporation (hereinafter referred to as the "City") having its principal office at 110 First Avenue N.W. PO Box 428, Isanti, Minnesota 55040, and J Robinson Construction, Inc., a corporation under the laws of the state of Minnesota (hereinafter referred to as the "Developer"), having its principal office at 309 Elm Street SW, Isanti, MN 55040.

WITNESSETH:

WHEREAS, the Developer intends to construct a 1,350 square foot main floor single family home (the "Improvements") on certain real property (the "Property") in the City; and

WHEREAS, in connection with the construction of the Improvements there are certain water and sanitary sewer charges that are payable by the Developer to the City; and

WHEREAS, the Developer has demonstrated to the satisfaction of the City that the Developer is unable to pay the full amount of the charges now and has asked the City to defer such charges and make them payable at a future point in time; and

WHEREAS, the City believes that the development of the Improvements by the Developer is in the best interests of the City and, therefore, it is willing to defer the charges if doing so will facilitate the development and viability of the Improvements.

NOW, THEREFORE, in consideration of the premises and the mutual obligations of the parties hereto, each of them does hereby covenant and agree with the other as follows:

ARTICLE I
Definitions

Section 1.1. Definitions. In this Agreement, unless a different meaning clearly appears from the context:

"Agreement" means this Agreement, as the same may be from time to time modified, amended, or supplemented.

"City" means the City of Isanti, Minnesota, its successors and assigns.

"County" means Isanti County, Minnesota.

"Deferred Charges" means the utility charges described in Section 3.1 of this Agreement being deferred by the City and which the Developer is obligated to pay in accordance with this Agreement.

"Developer" means J Robinson Construction, Inc, a Minnesota Corporation, its successors and assigns.

"Event of Default" means an action by the Developer listed in Article IV of this Agreement.

"Improvements" means the 1,350 square foot main floor single family home to be constructed by the Developer on the Property.

"Property" means the real property described on the attached Schedule A to this Agreement.

"State" means the State of Minnesota.

ARTICLE II
Representations

Section 2.1. Representations by the City. The City makes the following representations as the basis for the undertaking on its part herein contained:

(a) The City is a statutory city duly organized and existing under the laws of the State. Under State law, the City has the power to enter into this Agreement and to perform its obligations hereunder.

Section 2.2. Representations by the Developer. The Developer represents that:

(a) The Developer is a corporation duly organized and authorized to transact business in the State, is not in violation of any provisions of its Bylaws or the laws of the State, has power to enter into this Agreement and has duly authorized the execution, delivery and performance of this Agreement by proper action of its Articles of Incorporation.

ARTICLE III
Deferred Charges, Payment and Security

Section 3.1. Deferred Charges. The Developer owes to the City the sum of **$ 8,222.00** in deferred utility charges ("Deferred Charges"). The Deferred Charges consist of **$3787.00** in Water Availability Charges and **$4,435.00** in Sewer Availability Charges. The City has agreed to defer the payment of the Deferred Charges as described in this Agreement.

Section 3.2. Payment of the Deferred Charges. The Developer covenants and agrees that it will pay the Deferred Charges to the City on the earliest to occur of the following:

(a) on the date that is one hundred and twenty (120) days after the date of this Agreement;

(b) on the date that the Developer sells or transfers the Property or Improvements, or any portion thereof; or

(c) on the date that the City issues a certificate of occupancy for the Improvements.

Interest shall accrue on the Deferred Charges at the rate of zero percent (0%) from the date hereof and continuing until the Deferred Charges and all accrued interest have been paid in full.

Section 3.3. Payment of Costs.

(a) The Developer shall pay all costs for title work and recording of this Agreement.

(b) The Developer shall pay all costs incurred by the City in connection with the preparation and implementation of this Agreement and related documents, including, without limitation, fees of attorneys related the preparation of this Agreement and related documents, if the Developer fails to complete construction of the Improvements within one hundred and twenty (120) days after the date of this Agreement.

Section 3.4 Security. As security for Developer's obligation of repayment of the Deferred Charges and Costs identified in Sections 3.1 and 3.3, Developer hereby grants and the City shall and hereby does have, a lien on the Property in the full amount necessary to satisfy any repayment obligation of the fees and charges identified in Sections 3.1 and 3.3 under this Agreement and the cost including reasonable attorney's fees, of collecting the same.

Section 3.5 Notice. At least 10 days before the date of any sale, cash out refinance, transfer or other conveyance of the Property or, in the event of a sale by contract for deed, Developer or their heirs, executors or representatives, shall give the City notice thereof.

Section 3.6 Mortgage. To secure any such repayment of the Deferred Charges under Section 3.1 and 3.3 as may become due under the provisions of this Article, the Developer hereby

grants to the City a Statutory Short Form Mortgage pursuant to the provisions of Minnesota Statutes Section 507.15 (2016) as follows:

UNIFORM SHORT FORM MORTGAGE

This statutory mortgage, made this ___ day of August, 2017 between the City of Isanti, a Minnesota Municipal having its principal office at 110 First Avenue N.W. PO Box 428, Isanti, Minnesota 55040 (the "Mortgagor"), and J Robinson Construction, Inc., a corporation under the laws of the state of Minnesota, having its principal office at 309 Elm Street SW, Isanti, MN 55040 (the "Mortgagee"),

Witnesseth, that to secure the payment of the Deferred Charges by the Mortgagee to the Mortgagor of $8,222.00 as described in Article 3 of this Agreement (the "Indebtedness") the Mortgagor, hereby mortgages to the mortgagee and grants a security interest in the real property located at 405 8th Avenue SE, in the City of Isanti, Isanti County, Minnesota, as legally described and set forth in "Schedule A" attached hereto and made a part hereof ("Property"), subject only to any liens or encumbrances of record thereon as of the date hereof.

And Mortgagor agrees and covenants with the Mortgagee the following statutory covenants;

1. To warrant the title to the Property, subject only to prior encumbrances of record as of the date hereof.
2. To pay the indebtedness as herein provided.
3. To pay all taxes.
4. To keep the buildings located on the Property insured against fire, windstorm and extended coverage for their full insurable value for the protection of the Mortgagee.
5. That the Property shall be kept in repair and no waste shall be committed.
6. That the whole of the principal sum shall become due after default, in the payment of any installment of principal or interest, or of any tax, or in the performance of any other covenant, at the option of the Mortgagee.

If default be made in any payment or covenant herein, the mortgagee shall have the statutory power of sale, and on foreclosure may retain statutory costs and attorney's fees.

Section 3.7. In the event Mortgagor or their heirs, executors or representatives shall fail or refuse to make a required repayment of the Indebtedness within the limited period set forth herein, the Mortgagee may, with or without notice to Mortgagor foreclose said lien in the same manner as provided pursuant an action for the foreclosure of mortgage upon said Property, as by statute provided, or may at its option proceed with foreclosure by advertisement pursuant to the statutory power of sale which the Mortgagor grants to the Mortgagee provided under this Mortgage, in accordance with applicable law. In the event of default by Mortgagor on any of Mortgagor's obligations under the terms of this Mortgage, Mortgagee shall also have the right to pursue any remedy available to it at law or in equity.

ARTICLE IV
Events of Default

Section 4.1. Events of Default Defined. The following shall be "Events of Default" under this Agreement and the term "Event of Default" shall mean, whenever it is used in this Agreement (unless the context otherwise provides), any one or more of the following events:

(a) Failure by the Developer to pay when due any payments required to be paid under this Agreement.

(b) The Developer of the following: (i) file any petition in bankruptcy or for any reorganization, arrangement, composition, readjustment, liquidation, dissolution, or similar relief under United States Bankruptcy Laws or any similar Federal or State Laws; or (ii) make an assignment for the benefit of its creditors; or (iii) admits, in writing, its inability to pay its debts generally as they become due; or (iv) be adjudicated, bankrupt or insolvent.

Section 4.2. City's Remedies on Default. Whenever any Event of Default by Developer referred to in Section 4.1 of this Agreement occurs, the City may take any one or more of the following actions after providing ten (10) days written notice to the Developer of the Event of Default, but only if the Event of Default has not been cured within said ten (10) days:

(a) Declare the entire outstanding balance of the Deferred Charges immediately due and payable;

(b) Terminate this Agreement;

(c) Deny issuance of certificates of occupancy or temporary certificates of occupancy;

(c) Take whatever action, including legal, equitable or administrative action, which may appear necessary or desirable to the City to collect any payments due under this Agreement, or to enforce performance and observance of any obligation, agreement, or covenant of the Developer under this Agreement, including the remedies provided under Article 3.

Section 4.3. No Remedy Exclusive. No remedy herein conferred upon or reserved to the City or Developer is intended to be exclusive of any other available remedy or remedies, but each and every such remedy shall be cumulative and shall be in addition to every other remedy given under this Agreement or now or hereafter existing at law or in equity or by statute. No delay or omission to exercise any right or power accruing upon any default shall impair any such right or power or shall be construed to be a waiver thereof, but any such right and power may be exercised from time to time and as often as may be deemed expedient. In order to entitle the City or the Developer to exercise any remedy reserved to it, it shall not be necessary to give notice, other than such notice as may be required in this Article IV.

Section 4.4. No Additional Waiver Implied by One Waiver. In the event any agreement contained in this Agreement should be breached by either party and thereafter waived by the other

party, such waiver shall be limited to the particular breach so waived and shall not be deemed to waive any other concurrent, previous or subsequent breach hereunder.

Section 4.5. Costs of Enforcement. Whenever any Event of Default occurs and the City shall employ attorneys or incur other expenses for the collection of payments due or to become due or for the enforcement of performance or observance of any obligation or agreement on the part of the Developer under this Agreement, the Developer agrees that it shall, within ten (10) days of written demand by the City, pay to the City the reasonable fees of such attorneys and such other expenses so incurred by the City.

Section 4.6. Certificate of Occupancy. The City may deny a certificate of occupancy or temporary certificate of occupancy for the Property until all amounts owed to the City under the terms of this Agreement have been paid by Developer.

ARTICLE V
Additional Provisions

Section 5.1. Representatives Not Individually Liable. No member, official, or employee of the City shall be personally liable to the Developer, or any successor in interest, in the event of any default or breach or for any amount which may become due to Developer or successor in interest or on any obligations under the terms of this Agreement.

Section 5.2. Titles of Articles and Sections. Any titles of the several parts, Articles, and Sections of the Agreement are inserted for convenience of reference only and shall be disregarded in construing or interpreting any of its provisions.

Section 5.3. Notices and Demands. Except as otherwise expressly provided in this Agreement, a notice, demand, or other communication under the Agreement by either party to the other shall be sufficiently given or delivered if it is dispatched by registered or certified mail, postage prepaid, return receipt requested, or delivered personally; and

(a) in the case of the Developer, is addressed to or delivered personally to the Developer at 309 Elm Street SW, Isanti, MN 55040; and

(b) in the case of the City, is addressed to or delivered personally to the City at 110 First Avenue N.W., P.O. Box 428, Isanti, Minnesota 55040,

or at such other address with respect to either such party as that party may, from time to time, designate in writing and forward to the other as provided in this Section.

Section 5.4. Disclaimer of Relationships. The Developer acknowledges that nothing contained in this Agreement nor any act by the City or the Developer shall be deemed or construed by the Developer or by any third person to create any relationship of third-party beneficiary, principal and agent, limited or general partner, or joint venture between the City and the Developer or any third party.

Section 5.5. Release. Upon payment of all fees and charges under Article III in accordance with the provisions of this Agreement, the City will furnish Developer with a Release of Mortgage for the Property within a reasonable period of time following the request. Developer shall be responsible for recording the Release of Mortgage.

Section 5.6. Modifications. This Agreement may be modified solely through written amendments hereto executed by the Developer and the City.

Section 5.7. Counterparts. This Agreement may be executed in any number of counterparts, each of which shall constitute one and the same instrument.

Section 5.8. Judicial Interpretation. Should any provision of this Agreement require judicial interpretation, the court interpreting or construing the same shall not apply a presumption that the terms hereof shall be more strictly construed against one party by reason of the rule of construction that a document is to be construed more strictly against the party who itself or through its agent or attorney prepared the same, it being agreed that the agents and attorneys of both parties have participated in the preparation hereof.

Section 5.9. Run with the Land. This Agreement may be recorded against the Property and shall run with the aforesaid Property and shall inure to the benefit of and be binding upon the parties hereto and their respective heirs, executors, representatives, successors and assigns.

IN WITNESS WHEREOF, the City has caused this Agreement to be duly executed in its name and behalf and the Developer has caused this Agreement to be duly executed in its name and behalf on or as of the date first above written.

REPAYMENT AGREEMENT; STATUTORY SHORT FORM MORTGAGE; AND DEED RESTRICTIONS

THIS REPAYMENT AGREEMENT; STATUTORY SHORT FORM MORTGAGE; AND DEED RESTRICTIONS ("AGREEMENT"), made on or as of the ____ day of August, 2017, by and between the City of Isanti, Minnesota, a Minnesota municipal corporation (hereinafter referred to as the "City") having its principal office at 110 First Avenue N.W. PO Box 428, Isanti, Minnesota 55040, and J Robinson Construction, Inc., a corporation under the laws of the state of Minnesota (hereinafter referred to as the "Developer"), having its principal office at 309 Elm Street SW, Isanti, MN 55040.

WITNESSETH:

WHEREAS, the Developer intends to construct a 1,350 square foot main floor single family home (the "Improvements") on certain real property (the "Property") in the City; and

WHEREAS, in connection with the construction of the Improvements there are certain water and sanitary sewer charges that are payable by the Developer to the City; and

WHEREAS, the Developer has demonstrated to the satisfaction of the City that the Developer is unable to pay the full amount of the charges now and has asked the City to defer such charges and make them payable at a future point in time; and

WHEREAS, the City believes that the development of the Improvements by the Developer is in the best interests of the City and, therefore, it is willing to defer the charges if doing so will facilitate the development and viability of the Improvements.

NOW, THEREFORE, in consideration of the premises and the mutual obligations of the parties hereto, each of them does hereby covenant and agree with the other as follows:

ARTICLE I
Definitions

Section 1.1. Definitions. In this Agreement, unless a different meaning clearly appears from the context:

"Agreement" means this Agreement, as the same may be from time to time modified, amended, or supplemented.

"City" means the City of Isanti, Minnesota, its successors and assigns.

"County" means Isanti County, Minnesota.

"Deferred Charges" means the utility charges described in Section 3.1 of this Agreement being deferred by the City and which the Developer is obligated to pay in accordance with this Agreement.

"Developer" means J Robinson Construction, Inc, a Minnesota Corporation, its successors and assigns.

ARTICLE II
Representations

Section 2.1. Representations by the City. The City makes the following representations as the basis for the undertaking on its part herein contained:

(a) The City is a statutory city duly organized and existing under the laws of the State. Under State law, the City has the power to enter into this Agreement and to perform its obligations hereunder.

Section 2.2. Representations by the Developer. The Developer represents that:

(a) The Developer is a corporation duly organized and authorized to transact business in the State, is not in violation of any provisions of its Bylaws or the laws of the State, has power to enter into this Agreement and has duly authorized the execution, delivery and performance of this Agreement by proper action of its Articles of Incorporation.

ARTICLE III
Deferred Charges, Payment and Security

Section 3.1. Deferred Charges. The Developer owes to the City the sum of **$ 8,222.00** in deferred utility charges ("Deferred Charges"). The Deferred Charges consist of **$3787.00** in Water Availability Charges and **$4,435.00** in Sewer Availability Charges. The City has agreed to defer the payment of the Deferred Charges as described in this Agreement.

Section 3.2. Payment of the Deferred Charges. The Developer covenants and agrees that it will pay the Deferred Charges to the City on the earliest to occur of the following:

(a) on the date that is one hundred and twenty (120) days after the date of this Agreement;

(b) on the date that the Developer sells or transfers the Property or Improvements, or any portion thereof; or

(c) on the date that the City issues a certificate of occupancy for the Improvements.

Interest shall accrue on the Deferred Charges at the rate of zero percent (0%) from the date hereof and continuing until the Deferred Charges and all accrued interest have been paid in full.

Section 3.3. Payment of Costs.

(a) The Developer shall pay all costs for title work and recording of this Agreement.

(b) The Developer shall pay all costs incurred by the City in connection with the preparation and implementation of this Agreement and related documents, including, without limitation, fees of attorneys related the preparation of this Agreement and related documents, if the Developer fails to complete construction of the Improvements within one hundred and twenty (120) days after the date of this Agreement.

Section 3.4 Security. As security for Developer's obligation of repayment of the Deferred Charges and Costs identified in Sections 3.1 and 3.3, Developer hereby grants and the City shall and hereby does have, a lien on the Property in the full amount necessary to satisfy any repayment obligation of the fees and charges identified in Sections 3.1 and 3.3 under this Agreement and the cost including reasonable attorney's fees, of collecting the same.

Section 3.5 Notice. At least 10 days before the date of any sale, cash out refinance, transfer or other conveyance of the Property or, in the event of a sale by contract for deed, Developer or their heirs, executors or representatives, shall give the City notice thereof.

Section 3.6 Mortgage. To secure any such repayment of the Deferred Charges under Section 3.1 and 3.3 as may become due under the provisions of this Article, the Developer hereby

grants to the City a Statutory Short Form Mortgage pursuant to the provisions of Minnesota Statutes Section 507.15 (2016) as follows:

UNIFORM SHORT FORM MORTGAGE

This statutory mortgage, made this ___ day of August, 2017 between the City of Isanti, a Minnesota Municipal having its principal office at 110 First Avenue N.W. PO Box 428, Isanti, Minnesota 55040 (the "Mortgagor"), and J Robinson Construction, Inc., a corporation under the laws of the state of Minnesota, having its principal office at 309 Elm Street SW, Isanti, MN 55040 (the "Mortgagee"),

Witnesseth, that to secure the payment of the Deferred Charges by the Mortgagee to the Mortgagor of $8,222.00 as described in Article 3 of this Agreement (the "Indebtedness") the Mortgagor, hereby mortgages to the mortgagee and grants a security interest in the real property located at 810 Marion St SE, in the City of Isanti, Isanti County, Minnesota, as legally described and set forth in "Schedule A" attached hereto and made a part hereof ("Property"), subject only to any liens or encumbrances of record thereon as of the date hereof.

And Mortgagor agrees and covenants with the Mortgagee the following statutory covenants;

1. To warrant the title to the Property, subject only to prior encumbrances of record as of the date hereof.
2. To pay the indebtedness as herein provided.
3. To pay all taxes.
4. To keep the buildings located on the Property insured against fire, windstorm and extended coverage for their full insurable value for the protection of the Mortgagee.
5. That the Property shall be kept in repair and no waste shall be committed.
6. That the whole of the principal sum shall become due after default, in the payment of any installment of principal or interest, or of any tax, or in the performance of any other covenant, at the option of the Mortgagee.

If default be made in any payment or covenant herein, the mortgagee shall have the statutory power of sale, and on foreclosure may retain statutory costs and attorney's fees.

Section 3.7. In the event Mortgagor or their heirs, executors or representatives shall fail or refuse to make a required repayment of the Indebtedness within the limited period set forth herein, the Mortgagee may, with or without notice to Mortgagor foreclose said lien in the same manner as provided pursuant an action for the foreclosure of mortgage upon said Property, as by statute provided, or may at its option proceed with foreclosure by advertisement pursuant to the statutory power of sale which the Mortgagor grants to the Mortgagee provided under this Mortgage, in accordance with applicable law. In the event of default by Mortgagor on any of Mortgagor's obligations under the terms of this Mortgage, Mortgagee shall also have the right to pursue any remedy available to it at law or in equity.

ARTICLE IV
Events of Default

Section 4.1. Events of Default Defined. The following shall be "Events of Default" under this Agreement and the term "Event of Default" shall mean, whenever it is used in this Agreement (unless the context otherwise provides), any one or more of the following events:

(a) Failure by the Developer to pay when due any payments required to be paid under this Agreement.

(b) The Developer of the following: (i) file any petition in bankruptcy or for any reorganization, arrangement, composition, readjustment, liquidation, dissolution, or similar relief under United States Bankruptcy Laws or any similar Federal or State Laws; or (ii) make an assignment for the benefit of its creditors; or (iii) admits, in writing, its inability to pay its debts generally as they become due; or (iv) be adjudicated, bankrupt or insolvent.

Section 4.2. City's Remedies on Default. Whenever any Event of Default by Developer referred to in Section 4.1 of this Agreement occurs, the City may take any one or more of the following actions after providing ten (10) days written notice to the Developer of the Event of Default, but only if the Event of Default has not been cured within said ten (10) days:

(a) Declare the entire outstanding balance of the Deferred Charges immediately due and payable;

(b) Terminate this Agreement;

(c) Deny issuance of certificates of occupancy or temporary certificates of occupancy;

(c) Take whatever action, including legal, equitable or administrative action, which may appear necessary or desirable to the City to collect any payments due under this Agreement, or to enforce performance and observance of any obligation, agreement, or covenant of the Developer under this Agreement, including the remedies provided under Article 3.

Section 4.3. No Remedy Exclusive. No remedy herein conferred upon or reserved to the City or Developer is intended to be exclusive of any other available remedy or remedies, but each and every such remedy shall be cumulative and shall be in addition to every other remedy given under this Agreement or now or hereafter existing at law or in equity or by statute. No delay or omission to exercise any right or power accruing upon any default shall impair any such right or power or shall be construed to be a waiver thereof, but any such right and power may be exercised from time to time and as often as may be deemed expedient. In order to entitle the City or the Developer to exercise any remedy reserved to it, it shall not be necessary to give notice, other than such notice as may be required in this Article IV.

Section 4.4. No Additional Waiver Implied by One Waiver. In the event any agreement contained in this Agreement should be breached by either party and thereafter waived by the other

party, such waiver shall be limited to the particular breach so waived and shall not be deemed to waive any other concurrent, previous or subsequent breach hereunder.

Section 4.5. Costs of Enforcement. Whenever any Event of Default occurs and the City shall employ attorneys or incur other expenses for the collection of payments due or to become due or for the enforcement of performance or observance of any obligation or agreement on the part of the Developer under this Agreement, the Developer agrees that it shall, within ten (10) days of written demand by the City, pay to the City the reasonable fees of such attorneys and such other expenses so incurred by the City.

Section 4.6. Certificate of Occupancy. The City may deny a certificate of occupancy or temporary certificate of occupancy for the Property until all amounts owed to the City under the terms of this Agreement have been paid by Developer.

ARTICLE V
Additional Provisions

Section 5.1. Representatives Not Individually Liable. No member, official, or employee of the City shall be personally liable to the Developer, or any successor in interest, in the event of any default or breach or for any amount which may become due to Developer or successor in interest or on any obligations under the terms of this Agreement.

Section 5.2. Titles of Articles and Sections. Any titles of the several parts, Articles, and Sections of the Agreement are inserted for convenience of reference only and shall be disregarded in construing or interpreting any of its provisions.

Section 5.3. Notices and Demands. Except as otherwise expressly provided in this Agreement, a notice, demand, or other communication under the Agreement by either party to the other shall be sufficiently given or delivered if it is dispatched by registered or certified mail, postage prepaid, return receipt requested, or delivered personally; and

(a) in the case of the Developer, is addressed to or delivered personally to the Developer at 309 Elm Street SW, Isanti, MN 55040; and

(b) in the case of the City, is addressed to or delivered personally to the City at 110 First Avenue N.W., P.O. Box 428, Isanti, Minnesota 55040,

or at such other address with respect to either such party as that party may, from time to time, designate in writing and forward to the other as provided in this Section.

Section 5.4. Disclaimer of Relationships. The Developer acknowledges that nothing contained in this Agreement nor any act by the City or the Developer shall be deemed or construed by the Developer or by any third person to create any relationship of third-party beneficiary, principal and agent, limited or general partner, or joint venture between the City and the Developer or any third party.

Section 5.5. Release. Upon payment of all fees and charges under Article III in accordance with the provisions of this Agreement, the City will furnish Developer with a Release of Mortgage for the Property within a reasonable period of time following the request. Developer shall be responsible for recording the Release of Mortgage.

Section 5.6. Modifications. This Agreement may be modified solely through written amendments hereto executed by the Developer and the City.

Section 5.7. Counterparts. This Agreement may be executed in any number of counterparts, each of which shall constitute one and the same instrument.

Section 5.8. Judicial Interpretation. Should any provision of this Agreement require judicial interpretation, the court interpreting or construing the same shall not apply a presumption that the terms hereof shall be more strictly construed against one party by reason of the rule of construction that a document is to be construed more strictly against the party who itself or through its agent or attorney prepared the same, it being agreed that the agents and attorneys of both parties have participated in the preparation hereof.

Section 5.9. Run with the Land. This Agreement may be recorded against the Property and shall run with the aforesaid Property and shall inure to the benefit of and be binding upon the parties hereto and their respective heirs, executors, representatives, successors and assigns.

IN WITNESS WHEREOF, the City has caused this Agreement to be duly executed in its name and behalf and the Developer has caused this Agreement to be duly executed in its name and behalf on or as of the date first above written.

Request for City Council Action - MEMO

To: **Mayor Wimmer and Members of City Council**

From: **Sean M. Sullivan, Economic Development Director**

Date: August 15, 2017

Subject: Consider Resolution 2017-XXX Authorizing the Execution of Repayment Agreement on Lot 8, Block 3, VOR with J Robinson Construction, Inc.

Background:

On December 20, 2016 the City Council amended and extended a SAC and WAC Deferral program as Resolution No. 2016-362 to continue to spur development activity. J Robinson Construction, Inc. has requested the City to execute a Repayment Agreement for 1000 Pleasant View Ct NW, Isanti, MN legally described as Lot 8, Block 3, Villages on the Rum, for the construction of an approximate 1,350 SF main floor single family home. The business is in "good standing" upon review of the Minnesota Secretary of State Office as of August 9, 2017. The form of the Repayment Agreement is consistent with the form approved by the City Council on December 20, 2016. The Repayment Agreement will be dated as of the date that the Building Permit is paid for by the Developer. Staff is asking the City Council to consider adoption of the attached resolution and execution of the Repayment Agreement.

Request:

It is requested that the City Council consider adoption of Resolution 2017- XXX Authorization and Execution of Repayment Agreement on Lot 8, Block 3 VOR with J Robinson Construction, Inc.

Attachment:

1) Resolution 2017- XXX Authorization and Execution of Repayment Agreement on Lot 8, Block 3 VOR with J Robinson Construction, Inc.

AUTHORIZATION AND EXECUTION OF REPAYMENT AGREEMENT FOR LOT 8, BLOCK 3, VILLAGES ON THE RUM WITH J ROBINSON CONSTRUCTION, INC.

WHEREAS, the City of Isanti adopted a SAC and WAC Deferral program on December 20, 2016 which is documented by Resolution 2016-279; and

WHEREAS, A boiler plate Repayment Agreement was drafted by Development Attorney Campbell Knutson and the City Council directed Staff to utilize this agreement for parties interested in SAC and WAC Deferral for commercial or residential development; and

WHEREAS, J Robinson Construction, Inc. (the "Developer") has asked the City of Isanti to enter into a Repayment Agreement for the property legally described as: Lot 8, Block 3, Villages on the Rum (the "Property") and has agreed to pay the recording fee associated with the filing of the Repayment Agreement; and

WHEREAS, the Developer has stated the it will be the owner of the Property at the time of execution of the Repayment Agreement; and

WHEREAS, the date of the Repayment Agreement will be when the Developer signs prior to payment of the building permit; and

WHEREAS, the Developer is registered, active and is in good standing with the Minnesota Secretary of State Office as of August 9, 2017.

NOW, THEREFORE, IT IS HEREBY RESOLVED by the City Council of the City of Isanti, Minnesota authorized the Mayor and City Administrator to execute the Repayment Agreement attached hereto contingent upon satisfactory proof of ownership witnessed in a recorded instrument of conveyance to the Developer.

This Resolution hereby approved by the Isanti City Council this 15th day of August 2017.

REPAYMENT AGREEMENT; STATUTORY SHORT FORM MORTGAGE; AND DEED RESTRICTIONS

THIS REPAYMENT AGREEMENT; STATUTORY SHORT FORM MORTGAGE; AND DEED RESTRICTIONS ("AGREEMENT"), made on or as of the ____ day of August, 2017, by and between the City of Isanti, Minnesota, a Minnesota municipal corporation (hereinafter referred to as the "City") having its principal office at 110 First Avenue N.W. PO Box 428, Isanti, Minnesota 55040, and J Robinson Construction, Inc., a corporation under the laws of the state of Minnesota (hereinafter referred to as the "Developer"), having its principal office at 309 Elm Street SW, Isanti, MN 55040.

WITNESSETH:

WHEREAS, the Developer intends to construct a 1,350 square foot main floor single family home (the "Improvements") on certain real property (the "Property") in the City; and

WHEREAS, in connection with the construction of the Improvements there are certain water and sanitary sewer charges that are payable by the Developer to the City; and

WHEREAS, the Developer has demonstrated to the satisfaction of the City that the Developer is unable to pay the full amount of the charges now and has asked the City to defer such charges and make them payable at a future point in time; and

WHEREAS, the City believes that the development of the Improvements by the Developer is in the best interests of the City and, therefore, it is willing to defer the charges if doing so will facilitate the development and viability of the Improvements.

NOW, THEREFORE, in consideration of the premises and the mutual obligations of the parties hereto, each of them does hereby covenant and agree with the other as follows:

ARTICLE I
Definitions

Section 1.1. Definitions. In this Agreement, unless a different meaning clearly appears from the context:

"Agreement" means this Agreement, as the same may be from time to time modified, amended, or supplemented.

"City" means the City of Isanti, Minnesota, its successors and assigns.

"County" means Isanti County, Minnesota.

"Deferred Charges" means the utility charges described in Section 3.1 of this Agreement being deferred by the City and which the Developer is obligated to pay in accordance with this Agreement.

"Developer" means J Robinson Construction, Inc, a Minnesota Corporation, its successors and assigns.

"Event of Default" means an action by the Developer listed in Article IV of this Agreement.

"Improvements" means the 1,350 square foot main floor single family home to be constructed by the Developer on the Property.

"Property" means the real property described on the attached Schedule A to this Agreement.

"State" means the State of Minnesota.

ARTICLE II
Representations

Section 2.1. Representations by the City. The City makes the following representations as the basis for the undertaking on its part herein contained:

(a) The City is a statutory city duly organized and existing under the laws of the State. Under State law, the City has the power to enter into this Agreement and to perform its obligations hereunder.

Section 2.2. Representations by the Developer. The Developer represents that:

(a) The Developer is a corporation duly organized and authorized to transact business in the State, is not in violation of any provisions of its Bylaws or the laws of the State, has power to enter into this Agreement and has duly authorized the execution, delivery and performance of this Agreement by proper action of its Articles of Incorporation.

ARTICLE III
Deferred Charges, Payment and Security

Section 3.1. Deferred Charges. The Developer owes to the City the sum of **$ 8,222.00** in deferred utility charges ("Deferred Charges"). The Deferred Charges consist of **$3787.00** in Water Availability Charges and **$4,435.00** in Sewer Availability Charges. The City has agreed to defer the payment of the Deferred Charges as described in this Agreement.

Section 3.2. Payment of the Deferred Charges. The Developer covenants and agrees that it will pay the Deferred Charges to the City on the earliest to occur of the following:

(a) on the date that is one hundred and twenty (120) days after the date of this Agreement;

(b) on the date that the Developer sells or transfers the Property or Improvements, or any portion thereof; or

(c) on the date that the City issues a certificate of occupancy for the Improvements.

Interest shall accrue on the Deferred Charges at the rate of zero percent (0%) from the date hereof and continuing until the Deferred Charges and all accrued interest have been paid in full.

Section 3.3. Payment of Costs.

(a) The Developer shall pay all costs for title work and recording of this Agreement.

(b) The Developer shall pay all costs incurred by the City in connection with the preparation and implementation of this Agreement and related documents, including, without limitation, fees of attorneys related the preparation of this Agreement and related documents, if the Developer fails to complete construction of the Improvements within one hundred and twenty (120) days after the date of this Agreement.

Section 3.4 Security. As security for Developer's obligation of repayment of the Deferred Charges and Costs identified in Sections 3.1 and 3.3, Developer hereby grants and the City shall and hereby does have, a lien on the Property in the full amount necessary to satisfy any repayment obligation of the fees and charges identified in Sections 3.1 and 3.3 under this Agreement and the cost including reasonable attorney's fees, of collecting the same.

Section 3.5 Notice. At least 10 days before the date of any sale, cash out refinance, transfer or other conveyance of the Property or, in the event of a sale by contract for deed, Developer or their heirs, executors or representatives, shall give the City notice thereof.

Section 3.6 Mortgage. To secure any such repayment of the Deferred Charges under Section 3.1 and 3.3 as may become due under the provisions of this Article, the Developer hereby

grants to the City a Statutory Short Form Mortgage pursuant to the provisions of Minnesota Statutes Section 507.15 (2016) as follows:

UNIFORM SHORT FORM MORTGAGE

This statutory mortgage, made this ___ day of August, 2017 between the City of Isanti, a Minnesota Municipal having its principal office at 110 First Avenue N.W. PO Box 428, Isanti, Minnesota 55040 (the "Mortgagor"), and J Robinson Construction, Inc., a corporation under the laws of the state of Minnesota, having its principal office at 309 Elm Street SW, Isanti, MN 55040 (the "Mortgagee"),

Witnesseth, that to secure the payment of the Deferred Charges by the Mortgagee to the Mortgagor of $8,222.00 as described in Article 3 of this Agreement (the "Indebtedness") the Mortgagor, hereby mortgages to the mortgagee and grants a security interest in the real property located at 1000 Pleasant View Court NW, in the City of Isanti, Isanti County, Minnesota, as legally described and set forth in "Schedule A" attached hereto and made a part hereof ("Property"), subject only to any liens or encumbrances of record thereon as of the date hereof.

And Mortgagor agrees and covenants with the Mortgagee the following statutory covenants;

1. To warrant the title to the Property, subject only to prior encumbrances of record as of the date hereof.
2. To pay the indebtedness as herein provided.
3. To pay all taxes.
4. To keep the buildings located on the Property insured against fire, windstorm and extended coverage for their full insurable value for the protection of the Mortgagee.
5. That the Property shall be kept in repair and no waste shall be committed.
6. That the whole of the principal sum shall become due after default, in the payment of any installment of principal or interest, or of any tax, or in the performance of any other covenant, at the option of the Mortgagee.

If default be made in any payment or covenant herein, the mortgagee shall have the statutory power of sale, and on foreclosure may retain statutory costs and attorney's fees.

Section 3.7. In the event Mortgagor or their heirs, executors or representatives shall fail or refuse to make a required repayment of the Indebtedness within the limited period set forth herein, the Mortgagee may, with or without notice to Mortgagor foreclose said lien in the same manner as provided pursuant an action for the foreclosure of mortgage upon said Property, as by statute provided, or may at its option proceed with foreclosure by advertisement pursuant to the statutory power of sale which the Mortgagor grants to the Mortgagee provided under this Mortgage, in accordance with applicable law. In the event of default by Mortgagor on any of Mortgagor's obligations under the terms of this Mortgage, Mortgagee shall also have the right to pursue any remedy available to it at law or in equity.

ARTICLE IV
Events of Default

Section 4.1. Events of Default Defined. The following shall be "Events of Default" under this Agreement and the term "Event of Default" shall mean, whenever it is used in this Agreement (unless the context otherwise provides), any one or more of the following events:

(a) Failure by the Developer to pay when due any payments required to be paid under this Agreement.

(b) The Developer of the following: (i) file any petition in bankruptcy or for any reorganization, arrangement, composition, readjustment, liquidation, dissolution, or similar relief under United States Bankruptcy Laws or any similar Federal or State Laws; or (ii) make an assignment for the benefit of its creditors; or (iii) admits, in writing, its inability to pay its debts generally as they become due; or (iv) be adjudicated, bankrupt or insolvent.

Section 4.2. City's Remedies on Default. Whenever any Event of Default by Developer referred to in Section 4.1 of this Agreement occurs, the City may take any one or more of the following actions after providing ten (10) days written notice to the Developer of the Event of Default, but only if the Event of Default has not been cured within said ten (10) days:

(a) Declare the entire outstanding balance of the Deferred Charges immediately due and payable;

(b) Terminate this Agreement;

(c) Deny issuance of certificates of occupancy or temporary certificates of occupancy;

(c) Take whatever action, including legal, equitable or administrative action, which may appear necessary or desirable to the City to collect any payments due under this Agreement, or to enforce performance and observance of any obligation, agreement, or covenant of the Developer under this Agreement, including the remedies provided under Article 3.

Section 4.3. No Remedy Exclusive. No remedy herein conferred upon or reserved to the City or Developer is intended to be exclusive of any other available remedy or remedies, but each and every such remedy shall be cumulative and shall be in addition to every other remedy given under this Agreement or now or hereafter existing at law or in equity or by statute. No delay or omission to exercise any right or power accruing upon any default shall impair any such right or power or shall be construed to be a waiver thereof, but any such right and power may be exercised from time to time and as often as may be deemed expedient. In order to entitle the City or the Developer to exercise any remedy reserved to it, it shall not be necessary to give notice, other than such notice as may be required in this Article IV.

Section 4.4. No Additional Waiver Implied by One Waiver. In the event any agreement contained in this Agreement should be breached by either party and thereafter waived by the other

party, such waiver shall be limited to the particular breach so waived and shall not be deemed to waive any other concurrent, previous or subsequent breach hereunder.

Section 4.5. Costs of Enforcement. Whenever any Event of Default occurs and the City shall employ attorneys or incur other expenses for the collection of payments due or to become due or for the enforcement of performance or observance of any obligation or agreement on the part of the Developer under this Agreement, the Developer agrees that it shall, within ten (10) days of written demand by the City, pay to the City the reasonable fees of such attorneys and such other expenses so incurred by the City.

Section 4.6. Certificate of Occupancy. The City may deny a certificate of occupancy or temporary certificate of occupancy for the Property until all amounts owed to the City under the terms of this Agreement have been paid by Developer.

ARTICLE V
Additional Provisions

Section 5.1. Representatives Not Individually Liable. No member, official, or employee of the City shall be personally liable to the Developer, or any successor in interest, in the event of any default or breach or for any amount which may become due to Developer or successor in interest or on any obligations under the terms of this Agreement.

Section 5.2. Titles of Articles and Sections. Any titles of the several parts, Articles, and Sections of the Agreement are inserted for convenience of reference only and shall be disregarded in construing or interpreting any of its provisions.

Section 5.3. Notices and Demands. Except as otherwise expressly provided in this Agreement, a notice, demand, or other communication under the Agreement by either party to the other shall be sufficiently given or delivered if it is dispatched by registered or certified mail, postage prepaid, return receipt requested, or delivered personally; and

(a) in the case of the Developer, is addressed to or delivered personally to the Developer at 309 Elm Street SW, Isanti, MN 55040; and

(b) in the case of the City, is addressed to or delivered personally to the City at 110 First Avenue N.W., P.O. Box 428, Isanti, Minnesota 55040,

or at such other address with respect to either such party as that party may, from time to time, designate in writing and forward to the other as provided in this Section.

Section 5.4. Disclaimer of Relationships. The Developer acknowledges that nothing contained in this Agreement nor any act by the City or the Developer shall be deemed or construed by the Developer or by any third person to create any relationship of third-party beneficiary, principal and agent, limited or general partner, or joint venture between the City and the Developer or any third party.

Section 5.5. Release. Upon payment of all fees and charges under Article III in accordance with the provisions of this Agreement, the City will furnish Developer with a Release of Mortgage for the Property within a reasonable period of time following the request. Developer shall be responsible for recording the Release of Mortgage.

Section 5.6. Modifications. This Agreement may be modified solely through written amendments hereto executed by the Developer and the City.

Section 5.7. Counterparts. This Agreement may be executed in any number of counterparts, each of which shall constitute one and the same instrument.

Section 5.8. Judicial Interpretation. Should any provision of this Agreement require judicial interpretation, the court interpreting or construing the same shall not apply a presumption that the terms hereof shall be more strictly construed against one party by reason of the rule of construction that a document is to be construed more strictly against the party who itself or through its agent or attorney prepared the same, it being agreed that the agents and attorneys of both parties have participated in the preparation hereof.

Section 5.9. Run with the Land. This Agreement may be recorded against the Property and shall run with the aforesaid Property and shall inure to the benefit of and be binding upon the parties hereto and their respective heirs, executors, representatives, successors and assigns.

IN WITNESS WHEREOF, the City has caused this Agreement to be duly executed in its name and behalf and the Developer has caused this Agreement to be duly executed in its name and behalf on or as of the date first above written.

Regular Meeting Minutes of
July 5, 2017
Isanti City Hall

1. Call To Order

The meeting was called to order by Economic Development Director Sullivan at 7:21 p.m.

a. Pledge of Allegiance

b. Roll Call

Commissioners Present:	Dan Collison, Ross Lorinser, Paul Bergley, George Wimmer, and Steve Lundeen
Commissioners Absent:	Tara Hallberg (excused)
Staff Present:	Economic Development Director Sean Sullivan

c. Agenda Modifications

None. Motion by Collison second by Lorinser to adopt Agenda as presented. Motion passed unanimously.

2. Approve Minutes of June 6, 2017 Regular Economic Development Meeting

Motion by Bergley second by Lundeen to approve the minutes as presented for June 6, 2017. Motion carried unanimously.

3. Isanti Hotel Update

President Wimmer updated the EDA as to the status of the project. The Development Team was working with legal counsel, financial advisors and a lending institution to finalize the financing structure of the deal. The discussion centered on not being a limited partner but only providing financing with a combination of internal and external sources. The reason for the change in ownership is based upon the delay it would put in place for this construction season. Tax abatement applications are being presented to the School Board and Isanti County for consideration. The applicant will be the developer. The advantage of tax abatement vs. TIF for the participating jurisdictions was explained. Tax abatement would be Pay-as-you-go.

Item was informational, no action requested

4. Isanti Welcome Brochure Update

Economic Development Director Sullivan provided the EDA with a draft brochure with updates. He asked for comments and feedback.

President Wimmer indicated he has some changes and would work with Staff to get them implemented.

Motion by Lundeen second by Bergley to direct Economic Development Director Sullivan, President Wimmer and ED Intern Gilyard to work on edits for document and bring back to City Council with printing costs for final approval. Motion carried unanimously.

5. Other Business / Updates

Sullivan stated 42 single housing permits have been pulled and 1 more are waiting to be picked up. It is about the same pace as last year.

Commissioner Lundeen indicated we had hit our mark for the year.

Sullivan stated he had read an article that supported the economy being in a much more stable position and that if a recession were to occur it would not be as bad as the Great Recession.

Commissioner Collison asked if there were bags available for the Summer Spectacular on August 12.

President Wimmer stated they had chosen three events and this was not one of them.

Commissioner Lundeen stated he saw people stopping at the City of Cambridge sign and taking pictures.

President Wimmer indicated that signs were expensive.

ED Director Sullivan stated that the Lodging tax could help with this item in the future. He supported the idea of a sign on Highway 65.

Commissioner Lorinser stated that the development at the intersection of Hwy 65 and Heritage Blvd is lit up at night and that a visible corridor is being defined.

Subject: New Copier – City Hall

Staff has reviewed new Copier Options for City Hall. The current Copier is a 36 month State Bid rental from Toshiba, with the term ending in October, 2017. The copier has performed relatively trouble free. Staff has met with representatives from Ricoh and Toshiba to review their copiers and capabilities. Attached is an analysis prepared by Finance Director Mike Betker that shows projected annual costs. The State Bid rental contract will allow the City the option of upgrading to a color copier in a future year (if needed), and if we have copier issues, it will be easier to replace it (versus a lease). Staff is recommending entering into a monthly rental (48 month) with Toshiba for a black and white copier. Staff has reviewed this matter with the Finance Committee. Attached for your consideration is a Resolution to approve entering into a monthly rental with Toshiba for a new Copier.

RESOLUTION NO. 2017-____

RESOLUTION APPROVING ENTERING INTO A NEW AGREEMENT WITH TOSHIBA AND UPGRADE TO A NEW COPIER AT CITY HALL

WHEREAS, the City is at the end of its 36 month rental of the copier from Toshiba; and,

WHEREAS, staff has reviewed new copier rental options with Ricoh and Toshiba representatives. Staff compared State Bid rental cost, capacity and the ability to move to a copier with color capacity during the rental time period if desired; and,

WHEREAS, staff finds that a 48 month State Bid rental contact with Toshiba for an e-studio5508A copier at $189.88 a month (with a per copy maintenance charge of $0.0049), would be the best option for the City; and,

WHEREAS, staff has reviewed this matter with Finance Committee:

NOW, THEREFORE, IT IS HEREBY RESOLVED by the City Council of the City Of Isanti, Minnesota:

1. To approve and authorize staff to enter into a new 48 monthly rental agreement with Toshiba for the Toshiba e-studio5508A copier, pursuant to terms of the State Bid, for Isanti City Hall in the amount of $189.88 a month (with a per copy maintenance charge of $0.0049) for the term of the rental, effective September 1, 2017.

Subject: Consider Resolution to Declare Metal as Scrap and Authorize Its' Disposal

---

Public Works has accumulated miscellaneous items that need to be disposed of. These items are as follows:

Scrap

Iron and Steel leftover from repairs
Old Signs
Old Sign Posts
Old Meter Bodies

Per policy, Resolution 2009-078, based on current pricing, Public Services Director obtained quotes and recommends taking the scrap metal to Northern Metal Recycling in St. Cloud for the best prices on scrap metals. Any items that cannot be taken as scrap will be disposed of.

Request:
It is requested that City Council review and take action on this item.

Attachment:

- Resolution 2017-XXX – Resolution to Declare Metal as Scrap and Authorize Its' Disposal

RESOLUTION NO. 2017-XXX

A RESOLUTION TO DECLARE METAL AS SCRAP AND AUTHORIZE ITS' DISPOSAL

WHEREAS, it has been determined that the Public Works Department has scrap metal that is of no use to the City; and,

WHEREAS, Resolution No. 2009-078 provides guidelines for the disposal of scrap metal; and,

WHEREAS, among solicited quotations, current pricing yields highest with Northern Metal Recycling in St. Cloud;

NOW, THEREFORE, IT IS HEREBY RESOLVED by the City of Isanti, Minnesota, to hereby authorize the following:

1. To declare scrap metal which includes but not limited to: old iron from repairs, aluminum signs, steel signs and old meter parts, located at the Public Works Facility as surplus property and authorize for its disposal.
2. The Public Services Director shall have the authority to sign all necessary paperwork to allow for the process for the disposal of scrap metal identified per this Resolution.

This Resolution was duly adopted by the Isanti City Council the 15th day of August, 2017.

1. Call To Order

The meeting was called to order by President Wimmer at 7:47 p.m.

a. Pledge of Allegiance

b. Roll Call

Commissioners Present:	Dan Collison, Ross Lorinser, Paul Bergley, George Wimmer, Tara Hallberg and Steve Lundeen
Commissioners Absent:	None
Staff Present:	Economic Development Director Sean Sullivan

c. Agenda Modifications

None.

2. Approve Minutes of July 5, 2017 Regular Economic Development Meeting

Motion by Bergley second by Collison to approve the minutes as presented for July 5, 2017. Motion carried unanimously.

3. Isanti Hotel Update

President Wimmer updated the EDA as to the status of the project. The project is a Best Western Plus product. The product is similar to a Holiday Inn Express or Fairfield. A description of the city and private financing structure for the project was outlined. He highlighted the approval of tax abatement for the project by the school district and that the city would be considering approval of its own abatement as well as total financial assistance package on August 15th at a public hearing. He outlined the Isanti County Abatement process and status. The County EDA Committee will meet on August 14th, the full Isanti County EDA will meet on August 28th and the Isanti County Board of Commissioners has scheduled a public hearing to consider action on September 6th.

Economic Development Director Sullivan stated that the EDA would be specifically involved in the Revenue Bond process and that is was likely that there would be approvals or hearings at the City of Isanti EDA meeting in September 2017. Sullivan communicated the tax impact of the project specifically the $2.8M in new taxable market value, $137,000 annually in property taxes and the impacts for each taxing jurisdiction. In 2019 the City of Isanti is estimated to receive approximately $48,000 in new taxes annually and proposes to abate 50% of that number to support the project for a

defined period of time. He acknowledged the support of the school district for this project and the positive impact it will have immediately and into the future for the taxing jurisdiction.

President Wimmer pointed out the school district had Ehlers conduct a financial analysis that concluded that there would be no negative tax impact for its jurisdiction based upon the City abatement proposal. In some instances it actually was an immediate positive impact. The long term tax impact is positive for all jurisdiction.

Item was informational, no action requested.

4. Other Business / Updates

Sullivan stated 56 single housing permits have been pulled and 3 more are waiting to be picked up. This is ahead of the pace set last year.

Sullivan indicated that the Rum River BMX State Finals is the last bag distribution for the City Promo Bag Program. He indicated that after the final even a survey would be conducted to see how the program was received by businesses.

Commissioner Bergley asked when the auto parts store would be opening. He had seen the Cambridge O' Reilly beginning to advertise for employment opportunities in Isanti.

ED Director Sullivan state he anticipated it opening up no later than October 2017.

President Wimmer stated he had quite a few positive comments on the street dances and the exposure to historic downtown.

From: **Sean M. Sullivan, Economic Development Director**

Date: September 5, 2017

Subject: **Public Hearing:** Consider Adoption of Resolution 2017-XXX Approving Property Tax Abatement To Assist In Financing A Hotel By Isanti Hotel Partners, LLC In The City Isanti, Minnesota

---

Request:

The City Development Team has been actively negotiating with Isanti Hotel Partners, LLC to bring a 60 unit Best Western Plus Hotel to the City of Isanti. City Assistance is needed in order to make the project in Isanti possible. The Hotel is considered a priority project by the City Council as noted in its CEDS document and city goalsetting. This project has regional benefits and will help improve commerce in in the City of Isanti and Isanti County. The Cambridge –Isanti School District has already approved tax abatement for this project in an amount not to exceed $83,161. Staff is asking the City Council to consider approval of the attached resolution to provide $182,549 in city tax abatement to Isanti Hotel Partners.

Council Action:

Consider Adoption of Resolution 2017-XXX Approving Property Tax Abatement To Assist In Financing A Hotel By Isanti Hotel Partners, LLC In The City Isanti, Minnesota

Attachment:

- Resolution 2017-XXX - Approving Property Tax Abatement To Assist In Financing A Hotel By Isanti Hotel Partners, LLC In The City Isanti, Minnesota

RESOLUTION 2017- XXX

RESOLUTION APPROVING PROPERTY TAX ABATEMENT TO ASSIST IN FINANCING A HOTEL BY ISANTI HOTEL PARTNERS, LLC IN THE CITY ISANTI, MINNESOTA

WHEREAS, Isanti Hotel Partners, LLC and/or its assigns (the "Company") has requested the City to abate the City's share of all property taxes to be generated for 9 years (specifically, with respect to the payable 2020 through 2028 property taxes) on Tax Parcel No. 16.029.0101 (the "Property"). It is the intent for the Company to construct and operate a 60 unit hotel in the City of Isanti (the "Project"). The abatement (the "Abatement") will be for the earlier of a 9 year period or a maximum of $182,549 in total payments. Abatement assistance may be used for project and operational costs of the project; and

WHEREAS, On the date hereof, the City held a public hearing on the question of the Abatement, and said hearing was preceded by at least 10 days but not more than 30 days prior published notice hereof; and

WHEREAS, Findings for the Abatement. The City hereby makes the following findings:

(i) Granting the Abatement is in the public interest because it will increase or preserve the tax base, help retain and expand commercial and industrial enterprise, and provide employment opportunities in the County and the City.

(ii) The City expects the public benefits described in (i) above to be derived from the Abatement.

(iii) The Property is not located in a tax increment financing district.

(iv) In any year, the total amount of property taxes abated by the City by this and other resolutions does not exceed ten percent (10%) of the current levy or $200,000, whichever is greater.

NOW, THEREFORE, IT IS HEREBY RESOLVED by the City Council of the City of Isanti, Minnesota to approve the Terms of Abatement provided below and authorize the Mayor and City Administrator to execute documents necessary to provide abatement to the Company:

(i) The Abatement shall be for a maximum of $182,549.00 and shall apply to the taxes payable in the years 2020 through 2028, and shall be based on the following schedule and the City portion of property taxes for the Property:

(ii) The Abatement shall be for varying percentages of the City's share of the property taxes generated by the Property which are attributable to the Project as documented on the schedule below for each payable year. The Isanti County Assessor

has estimated the Taxable Market Value to be $2,827,100 upon completion and full assessment.

2020 - 50%
2021 - 50%
2022 - 50%
2023 - 50%
2024 - 50%
2025 - 40%
2026 - 30%
2027 - 20%
2028 - 10%

(iii) The abatement may not be modified or changed during the term set forth in (a) above, except with the prior written consent of the City.

(iv) The Abatement shall be subject to all the terms and limitations of the Abatement Law.

(v) In order to be entitled to the Abatement, the Company shall not be in default of any of its payment obligations respecting any taxes, assessments, utility charges or other governmental impositions with respect to Independent School District 911, Isanti County or the City of Isanti.

(f) All terms will be subject to final approval of the Development Agreement between the taxing jurisdictions and the Company

This Resolution hereby approved by the Isanti City Council this 5th day of September 2017.

RESOLUTION NO. 2017-XXX

RESOLUTION APPROVING REDEVELOPMENT PROJECT AREA AND PLAN

WHEREAS,

Section 1. Recitals.

(a) It has been proposed by the City of Isanti Economic Development Authority (the "EDA"), that the EDA establish a Redevelopment Project Area as described herein (the "Redevelopment Project Area"), in connection with the construction of an approximately 60 unit hotel to be located on Parcel ID No. 16.029.0101 in the City and adopting the Redevelopment Plan for the Redevelopment Project Area (the "Plan"); all pursuant to and in conformity with applicable law, including Minnesota Statutes, Sections 469.001 through 469.047 and 469.090 through 469.1082; all as reflected in that certain document entitled in part "Redevelopment Plan for Hotel Project" dated September 5, 2017, and presented for the Council's consideration.

(b) The Council has investigated the facts relating to the Plan.

(c) The City has performed all actions required by law to be performed prior to the adoption and approval of the Plan, including, but not limited to, a review of and written comment on the Plan by the City Planning Commission, and the holding of a public hearing thereon following at least 10 but not more than 30 days' prior published notice thereof, as required by law;

WHEREAS,

Section 2. Findings for the Adoption and Approval of the Plan.

(a) The Council hereby finds that the Plan conforms to the general plan for the development or redevelopment of the City as a whole because the Redevelopment Project Area is properly zoned for the intended uses, and the anticipated development is in furtherance of long range plans of the City for that area; that the Plan will afford maximum opportunity consistent with the sound needs of the City as a whole, for the development of the Redevelopment Project Area and adjacent areas by private enterprise because they will enable the EDA to provide and finance necessary public facilities; and the land in the Redevelopment Project Area would not be made available for redevelopment without the financial aid to be sought.

(b) The Council further finds that the Plan is intended and, in the judgment of this Council, its effect will be, to promote the public purposes and accomplish the objectives specified in the Redevelopment Plan for Redevelopment Project Area.

NOW, THEREFORE, IT IS HEREBY RESOLVED by the City Council of the City of Isanti, Minnesota to adopt the Plan, as presented to the Council on this date, including without limitation the findings and statements of objectives contained therein, are hereby approved, ratified, established, and adopted and shall be placed on file in the office of the City Clerk.

This resolution was duly adopted by the Isanti City Council this 5th day of September, 2017.

I. INTRODUCTION AND LEGAL BASIS

A. Intent

The City of Isanti Economic Development Authority, Isanti, Minnesota (the "EDA") proposes to establish a Redevelopment Project Area as described herein (the "Redevelopment Project Area"), in connection with the development of a 60 unit hotel project in the City

In the remainder of the Redevelopment Area the EDA proposes to facilitate, as appropriate, private development by acquiring land and preparing it for private development and by constructing public infrastructure improvements.

B. Statement

The City and EDA have determined that conditions exist within the Redevelopment Area which have prevented further development of land by private enterprise. It has been found that the Redevelopment Area is potentially more useful and valuable for contributing to the public health, safety and welfare than has been realized under existing development.

The development of these parcels are not attainable in the foreseeable future without the intervention of the EDA in the private development process. The EDA has prepared the Redevelopment Plan, which provides for the elimination of these conditions, thereby making the land useful and valuable for contributing to the public health, safety and welfare.

C. Redevelopment Area Boundaries

The boundaries of the Redevelopment Area are outlined on the Redevelopment Area Boundary Map, Exhibit A.

All land included in the Project Area is within the legal boundaries of the City.

D. Statement of Authority

Minnesota Statutes Section 469.001-469.047 (Housing and Redevelopment Authority Act) grants municipalities the authority to designate redevelopment areas within the boundaries of the municipalities. Within these areas, the municipality may adopt a redevelopment plan and establish a project consistent with the municipality's public purpose. The project as contemplated by this

plan consists of a redevelopment project as defined in Section 469.001, Subdivision 14.

E. Findings and Declaration

The City and the EDA make the following findings:

1. The certain parcels of land in the project area would not be made available for redevelopment without some public financial aid.

2. The redevelopment plans for the Redevelopment Area in the City will afford maximum opportunity consistent with the needs of the locality as a whole, for the redevelopment of the area by private enterprise.

3. The Redevelopment Plan conforms to the general plan for development of the locality as a whole.

II. REDEVELOPMENT PROGRAM

A. Redevelopment Plan Objectives

The EDA, through implementation of this plan, seeks to achieve the following objectives:

1. To promote and seek the orderly and harmonious development of the Redevelopment Area.

2. To provide logical and organized land use for the entire Redevelopment Area consistent with the Comprehensive Land Use Plan and the Zoning Ordinance of the City.

3. To promote the prompt development of property in the Redevelopment Area with a minimal adverse impact on the environment.

4. To provide general design guidance in conjunction with a suitable development contract in order to enhance the physical environment of the area.

5. To provide adequate utilities and other public improvements and facilities, to enhance the Redevelopment Area and the City for new and existing development.

6. To assist the financial feasibility of private projects to the extent necessary and where there is a corresponding level of public benefit.

7. To enhance the overall economy of the City and surrounding area by retaining current, and providing additional employment opportunities for the residents of the City and surrounding community.

8. To increase the City's tax base.

9. To stimulate development and investment within the Redevelopment Area by private interests.

B. Land Use

The proposed land use for the Redevelopment Area is a hotel and other commercial facilities.

C. Redevelopment Activities

1. Acquisition

The City proposes to acquire the property in the Redevelopment Area on which the hotel will be located. Other than that property, other property in the Redevelopment Area may be acquired by the EDA if and when required to facilitate development or redevelopment within the Redevelopment Area.

2. Relocation

It is not expected that any persons will be displaced as a result of this Redevelopment Plan.

3. Hotel and Other Public Improvements.

The EDA proposes to cause the hotel to be constructed and, as appropriate, other public improvements within the Redevelopment Area.

D. Financing Plan

1. Project Budget

Attached hereto as Exhibit B is a budget which details estimated development costs associated with constructing and equipping the Hotel as currently contemplated. The items of cost and the costs thereof shown in the budget are estimated to be necessary based upon information now available. It is anticipated that the items of cost and the costs thereof shown in each category in the budget may decrease or increase, but that the total project cost will not exceed the amount shown above.

3. Bond Issue Details

The EDA proposes to issue in revenue bonds in an amount not to exceed $2,100,000 to finance a portion of the cost of construction.

E. Development Standards

The EDA will consider among other things, the following factors when evaluating development proposals for projects within the Redevelopment Area seeking public assistance and support:

1. Degree to which redevelopment objectives are provided for or enhanced.

2. Consistency with this plan and the City's Comprehensive Plan.

F. Environmental Controls

It is presently anticipated that the proposed development in the Redevelopment Area will not present major environmental problems. All municipal actions and public improvements will be carried out in a manner that will comply with applicable environmental standards. The environmental controls to be

applied within the area are contained within the codes and ordinances of the City.

G. Administration of Project

The City Council has authorized the EDA to be responsible for seeing that the contents of this Plan are promoted, implemented and enforced.

H. Modification of Plan

A Redevelopment Plan may be modified at any time. The modification must be adopted by the EDA and the City, upon notice and after the public hearing required for the original adoption of the Redevelopment Plan.

Changes that do not alter or affect the exterior boundaries and do not substantially alter or affect the general land use established in the plan, shall not constitute a modification of the Redevelopment Plan, nor require approval by the City.

Subject: Proposed Moratorium – Wireless Telecommunication Facilities in Public Rights of Way

---

During this past session, the Minnesota Legislature amended Minnesota's Telecommunications Right-of-Way User statutes to address small wireless facilities and the support structures on which those facilities may attach to or the right-of-ways (ROW) where they may be placed in. The new law allows cities to require telecommunications right-of-way users to get a permit for use of the right-of-way and establishes a permitting structure for the siting of these small wireless facilities. The new law prohibits cities from adopting a moratorium with respect to filing, receiving, or processing applications for right-of-way or small wireless facility permits if they have a ROW ordinance in place. However, for cities that did not have a right-of-way ordinance in place on or before May 18, 2017, this prohibition on a moratorium does not take effect until January 1, 2018. The City of Isanti does not have ROW or small wireless facility ordinances in place at this time to address this matter. Staff believes it is imperative to study and develop appropriate regulations regarding ROW and small wireless facilities for the City. Therefore, in order to provide sufficient time to research, study and prepare recommendations on appropriate permitting and land use controls, staff is recommending that the City Council consider adoption of a moratorium on placement of small wireless facilities in the ROW. Upon completion of the study, recommendations will be made to the City Council regarding adoption of appropriate right-of-way official controls.

ORDINANCE NO. ____

AN ORDINANCE ESTABLISHING A MORATORIUM ON THE CONSIDERATION OF WIRELESS TELECOMMUNICATIONS FACILITIES AND ANTENNAS IN PUBLIC RIGHT OF WAYS WITHIN THE CITY OF ISANTI AND DIRECTING THAT A PLANNING STUDY BE CONDUCTED

THE CITY OF ISANTI SO ORDAINS:

Section 1. Background

The 2017 Legislature amended Minnesota's Telecommunications Right-of-Way User statutes to address small wireless facilities and the support structures on which those facilities may attach. The Telecom ROW Law allows cities to require telecommunications right-of-way users to get a permit for use of the right-of-way and establishes a permitting structure specifically for the siting of small wireless facilities. The Law prohibits cities from adopting a moratorium with respect to filing, receiving, or processing applications for right-of-way or small wireless facility permits; however, for cities that did not have a right-of-way ordinance in place on or before May 18, 2017, this prohibition on moratoria does not take effect until January 1, 2018. The City of Isanti did not have a right-of-way ordinance in place on or before May 18, 2017. The installation of facilities in the public right-of-way has the potential to negatively impact the health, safety, and welfare of the community if not properly regulated. The City's staff have recommended that the City study the issues pertaining to management of the public right-of-way and the potential for the development of small cell sites in the City and to evaluate the need for standards to regulate these facilities. The City Council has determined a need to undertake a study to determine the appropriate permitting and land use controls, consistent with the state law, for wireless telecommunications facilities, antennas, and other structures in the public right-of-way. Upon completion of the study, the City Council will consider the adoption of appropriate right-of-way official controls. Minn. Stat. § 462.355, Subd. 4, allows the City to adopt an interim ordinance for the purpose of protecting the planning process and the health, safety, and welfare of its citizens.

Section 2. Findings

The City of Isanti has the authority, pursuant to common law and Minnesota Statutes, to regulate the installation of utilities and telecommunications right-of-way users within the public right-of-way. The City Council finds that it is necessary for City staff and consultants to conduct a planning study to determine the appropriate permitting and land use controls, consistent with state law that should apply to wireless telecommunications facilities and antennas in the public right-of-way,

and to protect the planning process and the health, safety, and welfare of its citizens. The purpose of the study to be conducted includes, but is not limited to, determining the appropriate permitting and licensing standards, and land use and development standards that should apply to wireless telecommunications facilities and antennas in the public right-of-way and establishing an appropriate ordinance. The Council finds that there is a need to adopt a City-wide moratorium ordinance while the study referenced above is conducted. The Council finds that this moratorium applies to, but is not limited to, the following types of land use applications: right-of-way permits, antenna permits, building permits, and electrical permits for installation, construction, or operation of wireless telecommunications facilities and antennas in the public right-of-way.

Section 3. Planning Study; Moratorium

A study is authorized to be conducted by City staff and consultants, to be followed by consideration of an ordinance by the Council, or other City commissions, as required by law. Pending completion of the study and adoption of an ordinance, a moratorium is established on the issuance of City approvals for or related to the installation, construction, or operation of wireless telecommunications facilities and antennas in the public right-of-way. During the period of the moratorium, applications for any such approvals identified in section 3.02 shall not be accepted by the City nor shall the Planning Commission or Council consider or grant approval of any such application. The moratorium established by this Ordinance shall apply to any application pending as of the date of this Ordinance. Any application submitted to which the moratorium applies shall be denied unless the application includes a specific request that it be excepted from the moratorium, in which case the City staff shall submit the application to the Council for consideration of granting an exception. The Council may approve exceptions to this moratorium for an application if the Council, in its sole discretion, determines that the approval being sought will not interfere with the purposes for which this moratorium was adopted.

Section 4. Enforcement. The City may enforce this Ordinance by mandamus, injunction, or other appropriate civil remedy in any court of competent jurisdiction.

Section 5. Term. Unless earlier repealed by the City Council, this Ordinance shall remain in effect for a period of one year after its effective date.

Section 6. This Ordinance shall take effect and be in force from and after its passage and publication according to law.

Adopted by the City Council this 5th day of September, 2017.

Request for City Council Action

To: **Mayor Wimmer and City Council Members**

From: Chief Gene C. Hill **MEMO**

Date: August 18, 2017

Subject: **$32,725.00 Safe and Sober Grant Acceptance**

Background:

The City Council had authorized the Chief of Police to apply for the Safe and Sober Grant in May 2017. This grant provides extra patrol and heightened enforcement for seatbelt usage, DUI enforcement and speeding violations which all tend to be the most dangerous actions that lead to injury and death of the motoring public.

The grant was approved and we were awarded $32,725.00 in grant funding for the time period of October 1, 2017 through September 30, 2018.

Action:

I am requesting that the City Council accept the $32,725.00 grant award from the Minnesota Department of Public Safety – Office of Traffic Safety – Safe and Sober Grant Program, on behalf of the Police Department.

RESOLUTION NO. 2017-XXX

RESOLUTION AUTHORIZING STAFF TO ACCEPT THE MINNESOTA DEPARTMENT OF PUBLIC SAFETY – OFFICE OF TRAFFIC SAFETY - SAFE AND SOBER GRANT PROGRAM

WHEREAS, the Isanti Police Department had the opportunity to apply for the Minnesota Department of Public Safety – Office of Traffic Safety – Safe and Sober Grant Program; and

WHEREAS, the Police Department makes use of grant opportunities to provide better service to the community; and

WHEREAS, the City of Isanti Police Department was awarded the grant to enhance existing enforcement practices.

NOW, THEREFORE, IT IS HEREBY RESOLVED by the City Council of the City of Isanti, Minnesota to authorize:

1. To acceptance of the Minnesota Department of Public Safety – Office of Traffic Safety – Safe and Sober Program in the amount of $32,725.00.
2. To allow the Chief of Police or designee to enter into and sign all necessary grant paperwork and that the City of Isanti will be the fiscal agent of the grant.

This resolution was duly adopted by the Isanti City Council this 5th day of September, 2017.

TAX RATE	85.93%	82.93%	-3.50%	-3.01

The overall levy is proposed to increase by $219,611 over 2017. The increase is primarily intended to improve the General Fund's fund balance as well as cover inflationary increases and capital expenditures.

As discussed in prior work sessions, other General Fund revenue sources have been adjusted to reflect prior year trends, rates per the fee schedule, and known agreements and trends.

General Fund expenditures have been adjusted based on prior year actual costs, current year expenditures thru June, actual maintenance agreements and contracted costs. All wages include a 3% COLA for 2018 and include the necessary step increases, where applicable. Dental Insurance, Worker's Compensation, Property/Liability/Volunteer Insurance, and Life/AD&D Insurance have all

been adjusted to reflect premiums paid in 2017 and any necessary inflationary factor was applied. Health Insurance has increased 26.3%. The following are key changes/and or additions to the General Fund Budget:

Expenditures

- FMLA/Personnel Policy Costs - $9,638
- COLA – 3%
- EDA budget increases - $10,682 and includes the addition of an EDA levy.
- Annexation payments - $17,592

Capital Outlay

- Mattson Tennis Court Resurfacing - $18,800
- Street Lighting Infill - $20K
- Plow Truck - $24,500 General Fund Share of total cost (50%)
- 2 Kubota Mowers - $20,000

Request for City Council Action - MEMO

To: **Mayor Wimmer and Members of City Council**

From: **Sean M. Sullivan, Economic Development Director**

Date: September 5, 2017

Subject: **Consider Resolution 2017-XXX Authorizing Funding and Execution of the Municipal Advisory Service Agreement between the City of Isanti EDA and Northland Securities, Inc.**

Request:

Northland Securities, Inc is the City Financial Advisor for the City of Isanti. They have provided services regarding the potential issuance of an EDA Revenue Bond. Attached is the contract that the EDA must execute in order to continue exploring this financing option for the 60 Unit Best Western Plus Hotel project. The City Council of the City of Isanti must approve this expenditure by the EDA. The amount of the contract is not to exceed $16,800. This is an unbudgeted item.

City Council Action:

Consider Adoption for Resolution 2017-XXX Authorizing Funding and Execution of the Municipal Advisory Service Agreement between the City of Isanti EDA and Northland Securities, Inc.

Attachment:

- Resolution 2017-XXX Authorizing Funding and Execution of the Municipal Advisory Service Agreement between the City of Isanti EDA and Northland Securities, Inc.

RESOLUTION NO. 2017-XXX

RESOLUTION AUTHORIZING FUNDING AND EXECUTION OF THE MUNICIPAL ADVISORY SERVICE AGREEMENT BETWEEN THE CITY OF ISANTI EDA AND NORTHLAND SECURITIES, INC.

WHEREAS, the Northland Securities is the financial advisor for the City of Isanti, and

WHEREAS, the City of Isanti Economic Development Authority is considering the use of Revenue Bonds to provide Financing for the 60 unit hotel project within the Redevelopment Area and within Economic Development District No.1 in the city of Isanti;

WHEREAS, the City of Isanti must approve unbudgeted expenditures for the City if Isanti Economic Development Authority;

WHEREAS, the City of Isanti agrees that execution of the attached agreement is necessary to provide financing for the 60 unit Hotel project.

NOW, THEREFORE, IT IS HEREBY RESOLVED by the City Council of the City of Isanti, Minnesota to authorize:

1) The City of Isanti Economic Development Authority to enter into the attached Municipal Advisory Service Agreement (the "Agreement").
2) Funding in an amount not to exceed $16,800 for the services to be provided in the attached Agreement be allocated to the EDA and authorized for payment of services rendered by Northland Securities, Inc.

This resolution was duly adopted by the Isanti City Council this 5th day of September, 2017.

MUNICIPAL ADVISORY SERVICE AGREEMENT
BY AND BETWEEN
THE ECONOMIC DEVELOPMENT AUTHORITY OF THE
THE CITY OF ISANTI, MINNESOTA
AND
NORTHLAND SECURITIES, INC.

This Agreement made and entered into by and between the Isanti Economic Development Authority (hereinafter "EDA") and Northland Securities, Inc., of Minneapolis, Minnesota (hereinafter "NSI").

WITNESSETH

WHEREAS, the EDA desires to have NSI provide it with advice on the structure, terms, timing and other matters related to the issuance of EDA Project Revenue Bonds for the construction of a hotel (the "Debt") serving in the role of municipal (financial) advisor, and

WHEREAS, NSI is a registered municipal advisor (registration # 866-00082-00), and

WHEREAS, the EDA and NSI are entering into this Agreement to define the municipal advisory relationship at the earliest opportunity related to the Debt, and

WHEREAS, NSI desires to furnish services to the EDA as hereinafter described,

NOW, THEREFORE, it is agreed by and between the parties as follows:

SERVICES TO BE PROVIDED BY NSI

NSI shall provide the EDA with services necessary to analyze structure, set terms and close the Debt as follows:

1. Meet with EDA officials and others as directed to define the scope and the objectives for the Debt.
2. Analyze alternative debt structures and flow of funds.
3. Investigate and consider reasonably feasible financing alternatives.
4. Prepare materials needed to evaluate the material risks, potential benefits, structure and other characteristics of the recommended plan for the Debt, including issue structure, estimated debt service payments, projected revenues, method of issuance, bond rating, sale timing, and call provisions.
5. Coordinate with legal counsel any actions needed to authorize the issuance of the Debt.
6. Attend meetings with staff, EDA Board and City Council as needed and as requested.
7. Provide information to EDA in support of EDA negotiation with purchaser of the Debt.
8. Work with legal counsel to incorporate terms of the Debt into bond resolution, loan agreement, development and other related documents.
9. Assist legal counsel and EDA in closing the Debt.
10. Prepare final finance plan with payment schedule and summary of key terms.

COMPENSATION

For providing these services with respect to the Debt, NSI shall be paid a lump sum of $16,800. The fee due to NSI shall be payable by the EDA upon the closing of the Debt. It is expressly understood that there is no obligation on the part of the EDA under the terms of this Agreement to issue the Debt. If the Debt is not issued, NSI shall be paid on an hourly basis for services provided at the rate of $160/hour with the total amount not to exceed $16,800. NSI will provide the EDA with a statement of work performed as the basis for the compensation.

DISCLAIMER

The scope of this Agreement does not include any analysis of business plans or operating projections for the hotel project. In accepting this Agreement, the EDA acknowledges that it has not directed NSI to provide an opinion of the financial feasibility for the hotel project and accepts responsibility for any due diligence regarding the project and the developer.

SUCCESSORS OR ASSIGNS

The terms and provisions of this Agreement are binding upon and inure to the benefit of the EDA and NSI and their successors or assigns.

TERM OF THIS AGREEMENT

This Agreement may be terminated by thirty (30) days written notice by either the EDA or NSI and it shall terminate sixty (60) days following the closing date related to the issuance of the Debt.

Dated this 4th day of August, 2017.

MEMORANDUM

TO: Mayor George Wimmer
Members of the City Council

FROM: Ryan Kernosky, Community Development Director

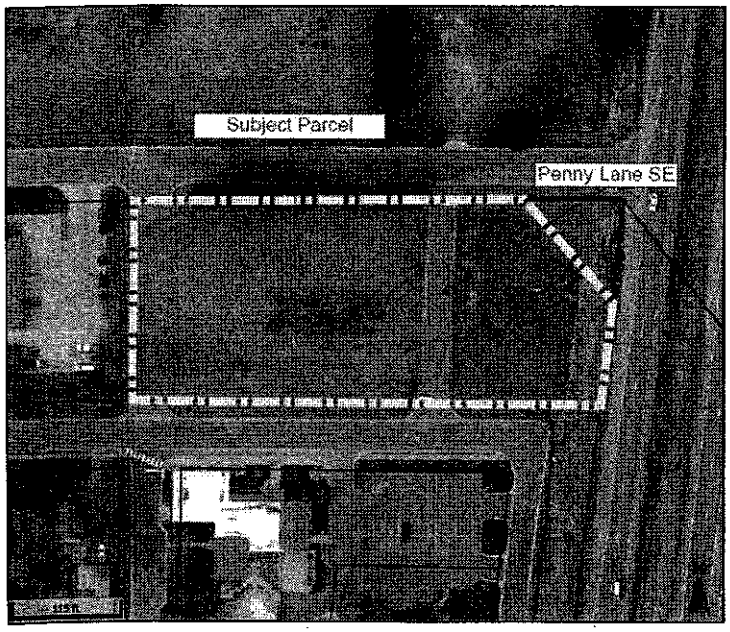
DATE: September 5, 2017

SUBJECT: Resolution 2017-XXX, A RESOLUTION INITIATING THE STREET VACATION FOR PENNY LANE SOUTHEAST, CITY OF ISANTI, MINNESOTA

Background

As you may be aware, the City is actively pursuing a hotel to be constructed on PID 160290101. The 1.91-acre parcel that the City has a development agreement on is split by Penny Lane Southeast.

Penny Ln SE is not a road within a City Right of Way nor any recorded easement. However, pursuant to Minnesota State Statute 160.05 Subdivision 1, any roadway that has been used and kept in repair and worked for six continuous years as a public highway is deemed dedicated to the public until lawfully vacated, as such, we are required to go through the street vacation process.



As part of the process to get the hotel built, the City will need to vacate Penny Lane Southeast. This is the first step to begin the street vacation process. **This is only a resolution to begin the street vacation process.** The City will need to publish two public hearing notices, and hold a public hearing before any formal vacation takes place (pursuant to MN State Stats. 412.851).

Staff Recommendation

Staff is recommending approval of the attached resolution.

- Resolution 2017-XXX, A RESOLUTION INITIATING THE STREET VACATION FOR PENNY LANE SOUTHEAST, CITY OF ISANTI, MINNESOTA

RESOLUTION 2017-XXX

A RESOLUTION INITIATING THE STREET VACATION FOR PENNY LANE SOUTHEAST, CITY OF ISANTI, MINNESOTA

WHEREAS, the City Council of the City of Isanti finds that Penny Lane Southeast, lying and being between the northerly right of way line of Broadway Street Southeast and the southerly right of way line of Main Street East, all within the city limits of the City of Isanti, has been used and kept in repair and worked for at least six continuous years as a public highway by the City of Isanti; and,

WHEREAS, Minnesota Statutes Section 160.05 Subdivision 1 provides that when any road or portion of a road has been used and kept in repair and worked for at least six consecutive years as a public highway by a road authority it shall be deemed dedicated to the public to the width of the actual use and be and remain, until lawfully vacated, a public highway whether it has ever been established as a public highway or not; and,

WHEREAS, the said Penny Lane Southeast has not been established of record as a public highway, but has been used and kept in repair and worked by the City of Isanti for more than six years as a public highway; and,

WHEREAS, the City of Isanti has entered into a purchase agreement for purchase by the City from Emerald Acres Investment LLC of certain real property identified as PID 160290101, said parcel legally described as:

MEMORANDUM

TO: Mayor George Wimmer
Isanti City Council

FROM: Ryan Kernosky, Community Development Director

DATE: September 5, 2017

SUBJECT: Request from Brennan and Rebecca Cox for a Conditional Use Permit and Site Plan Review Application to operate a Hobby Farm and Retreat Center on the properties legally described in "Exhibit A"

Background

Brennan and Rebecca Cox (applicant) have submitted a Conditional Use Permit (CUP) and Site Plan Review Application to operate a Hobby Farm and Retreat Center on the properties legally described in "Exhibit A".

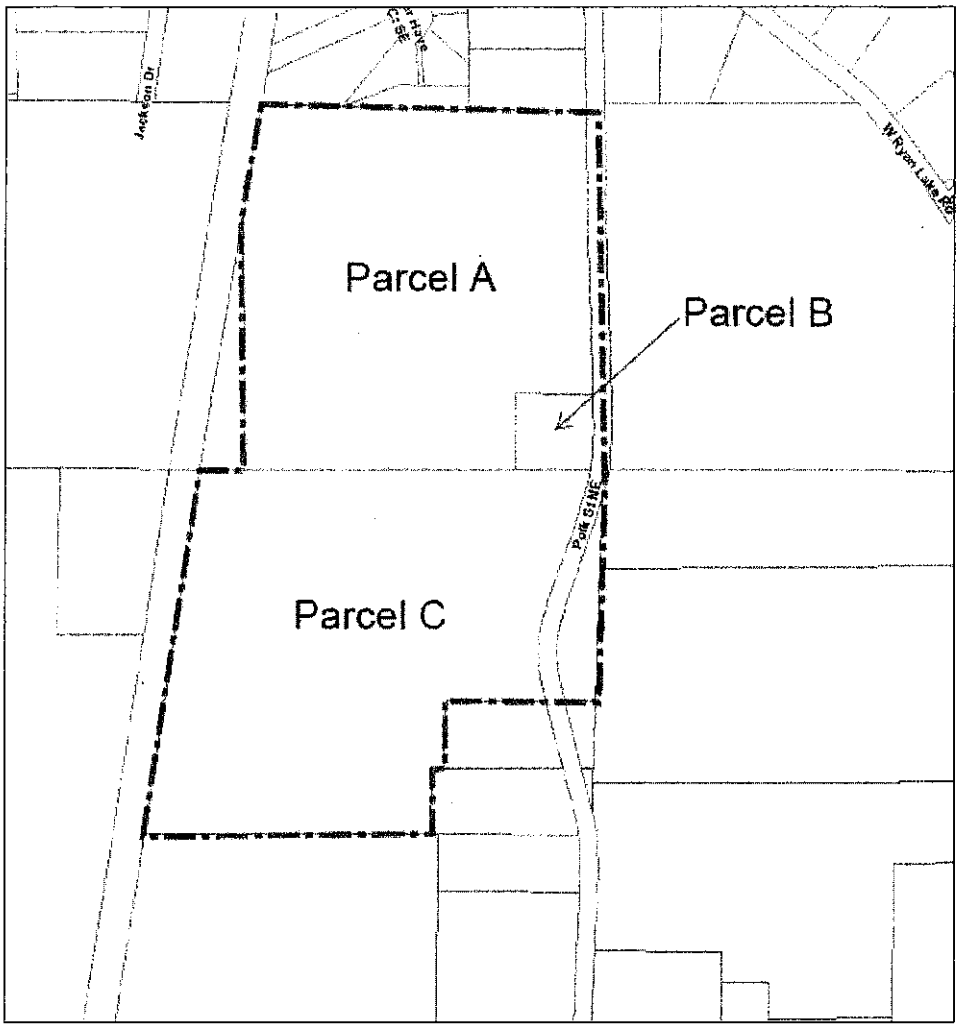
There are three properties being considered for the CUP and Site Plan Review. They are briefly described below:

Parcel A – PID 050313300, 34.9 acres in size, and on the North-side of the three properties. This parcel has an existing home and four sheds on the property. The proposed use would turn the property into a short-term transient rental also known as "The Nest."

Parcel B – PID 050313301, 5 acres in size, abuts Polk St NE and is in between Parcel A and Parcel C. There are no immediate plans for this parcel.

Parcel C – PID 010060505, 42 acres in size, and on the South-side of the three properties. This parcel has several existing sheds and the foundation for the proposed event center. This parcel would also include several future lodging options (cabins, car trains), recreational trails, and hobby farm activities.

A map is included on the next page to give you a visual representation of the parcels.



The City has been working with the applicant for quite some time on this project. Several steps have been taken to get this project going, those include:

- Annexation of Parcel C in December 2016
- Amending the City's Zoning Code in March 2017 (through Ordinance No. 672) to update the *Recreational Commercial* zoning classification to include Hobby Farms and Retreat Centers.
- Annexation of Parcels A & B in June 2017

Zoning Ordinance Requirements

Parcel A & B:

Zoning: Parcels A & B are zoned R-1 *Single-Family Residential.* Because they were recently annexed into the City (June 2017), and the resolution approving the resolution did not include a designated zoning classification, our code states that it is automatically zoned

R-1. The property will need to be rezoned from R-1 to RC, something City staff is currently working on and will be bringing to the September Planning Commission.

Parking: City code does not specifically reference a retreat or short-term transient parking in the off-street parking requirements. However, we do require "Motel/Hotels" to provide 1 space per sleeping unit, plus 1 additional space for every 10 sleeping units, and 1 space per employee on the peak shift. It would be appropriate to require that the applicant provide the minimum requirement for off-street parking described under the "Motel/Hotel" classification. This parking lot will also require handicap stalls in compliance with ADA requirements and the entire parking area will need to be surfaced.

The applicant has indicated that there are 5 bedrooms that can accommodate 10 individuals, therefore 6 (5 for the bedrooms, 1 for the staff) paved parking stalls are required and one handicap stall is required.

Site Plan Review: The site map includes a home that is approximately 180' from the Polk Street Right of Way, and 192' from the north property line. The property has four small sheds and one large out building on the property, and the principal structure. A concrete pad and walkway surrounds the principal structure, and is accessed by a gravel driveway. No official parking lot has been designated. The applicant is proposing to install a row of trees on the north property line.

This parcel, as mentioned above, has five accessory buildings. Per our code, commercial uses are permitted *up to* 30% of the principal structure, the <u>total</u> square footage for the accessory structures is roughly 3,599; the <u>total</u> square footage. The City's non-conforming section (section 19), states that *"Any non-conforming building or structure may be continued, including through repair, replacement, restoration, maintenance or improvement, but not expansion."* So, while the total accessory structure square footage far exceeds the 30% rule, because the buildings are existing and there are no plans to add any more, it is currently *Legal Non-Conforming.*

<u>Parcel C:</u>

Zoning: Parcel C is zoned RC. The purpose of the RC is to provide sufficient area for the development of indoor and outdoor recreational and cultural activities and facilities that preserve the natural character of the land while meeting the current and future recreational services demands of the community. Within the RC zoning classification, Hobby Farms and Retreat Centers are a *Conditional Use.*

The applicant has proposed to construct a two-story, 10,628 sq ft event facility that reflects the aesthetics of a barn. The proposed building would include a great hall, mezzanine, office, kitchen, restrooms, bar, a bridal suite, and bedrooms. The applicant has also proposed to construct recreational trails on the parcel C. The applicant has also indicated that there will be future additions to the property, included a gazebo, a home, cabins, train cars, and a hall. The property currently has a number of sheds and a horse barn.

The proposed trail system falls under the *retreat center* designation. However, the trail system does go from property within the City's jurisdiction onto property that falls under the Athens Township's jurisdiction. In discussing this with Athens Township, they may require a permit for the trail system on the property. This would be between the applicant and the Township, and not involve the City.

Parking: The applicant has proposed an approximately 44,000 sq ft gravel parking lot. Similar to the proposed use on Parcel A, this should be surfaced within a reasonable amount of time. Any handicap stalls will require immediate surfacing per ADA requirements. The City, as a condition, should have a timeline when the parking lot will be paved, and may want to require a letter of credit and escrow to be a part of the conditional use permit to ensure that this requirement is completed.

This use is best described as a "Dance Hall." Dance Halls require a minimum of one space per 200 sq ft of gross floor area. The proposed site plan has 104 parking stalls, which will require a minimum of five handicap parking stalls, the applicant has proposed five stalls.

It should be noted that the proposed overflow parking encroaches onto the adjacent property (which is also owned by the applicant). The adjacent property is not located within the City limits, and the discussions with the Athens Township indicate that parking is not permitted on the adjacent parcel. While the City does not have jurisdiction over this parcel, good planning indicates that we should be working with the surrounding communities to ensure that the City's land-uses do not impact the Township's land-uses. We will not count the overflow parking in the total required parking because of this, and will require as a condition, the applicant resubmit plans that do not include any parking on the adjacent parcel not within the City.

Site Plan Review: The overall site plan meets our required minimum zoning codes. Any future buildings should be brought back to the Planning Commission and the City Council as an amendment to the Conditional Use Permit and the Site Plan Review. This has been standard practice to ensure harmonious development as these large projects progress along.

As mentioned with Parcel A, the City has a 30% accessory square footage requirement on accessory structures. The existing accessory buildings on Parcel C total roughly 7,553 square feet in size. The proposed event barn is 10,628 square feet in size. Again, the 30% rule is far exceeded on this parcel. The applicant has indicated on the application that they intend to construct other buildings on this parcel (school/hall building, house, gazebo, train cars, cabins, etc.). As the applicant continues to build on this property, the City needs to ensure that the proposed 71% accessory floor area to principal floor area is not exceeded. Therefore, the applicant needs to either apply for and receive a variance, or remove accessory buildings to stay under that percentage.

Comprehensive Plan

The 2008 Comprehensive Plan identifies Parcels A & B has either Low Density Residential or Future Park/Open Space. Parcel C, however, does not have any specific future land use designation.

Recreational Commercial is defined as the following in the Comprehensive Plan: The intent of the Recreational Commercial designation is to include recreation and supporting businesses, such as hotel/conference facilities, water parks, athletic clubs, restaurants, golf courses and other forms of outdoor recreation. An additional intent of the Recreational Commercial is to promote high quality, large-scale recreational uses that preserve the natural character of woodlands, steep slopes, wetlands and other conditions that hinder development. Recreational Commercial developments are to be designed to fit within the topography and physical features of the site, and must have low profiles so as not to detract from their natural settings.

I believe this plan is consistent with the City's Comprehensive Plan.

Conditional Use Permit Requirements

Upon review of a Conditional Use Permit request, the Zoning Ordinance provides factors and standards that must be reviewed by the Planning Commission. Section 21, Article 2 Conditional Uses states:

D. The Planning Commission shall hold a public hearing and consider possible adverse effects of the proposed Conditional Use. The judgment of the Planning Commission shall be based upon, but is not limited to the following factors:
   1. The proposed action has been considered in relation to the specific policies and provisions of and has been found to be consistent with the goals and objectives of the Comprehensive Plan, including public facilities and capital improvement plans.
   2. The proposed action meets the purpose and intent of this Ordinance and the underlying zoning district.
   3. The establishment, maintenance or operation of the conditional use will promote and enhance the general public welfare and will not be detrimental or endanger the public health, safety, morals, or comfort.
   4. The conditional use will not be injurious to the use and enjoyment of other property within the immediate vicinity for the purposes already permitted; nor substantially diminish or impair property values within the neighborhood.
   5. The establishment of the conditional use will not impede the normal and orderly development and improvement of surrounding property for uses permitted in the district.
   6. Adequate public facilities and services are available or can be reasonably provided to accommodate the use which is proposed.
   7. The conditional use shall, in all other respects, conform to the applicable regulations of the district in which it is located.
   8. The conditional use complies with the general and specific performance standards as specified by within this Article.

Site Plan Review

Per Section 18, Subdivision 7 of the Zoning Ordinance, City staff and the City Council must consider the request's compliance with the following related to Site Plan Review:

A. Consistency with the elements and objectives of the City's development guides, including the comprehensive plan.
B. Consistency with City Codes.
C. Preservation of the site in its natural state to the extent practicable by minimizing tree and soil removal and designing grade changes to be in keeping with the general appearance of neighboring developed or developing areas.
D. The amount and location of open space and landscaping.
E. Vehicular and pedestrian circulation, including walkways, interior drives, and parking in terms of location and number of access points to the public streets, width of interior drives and access points, general interior circulation, separation of pedestrian and vehicular traffic and arrangement and amount of parking.
F. Protection of adjacent and neighboring properties through reasonable provision for surface water drainage, sound and sight buffers, preservation of views, light, and air and those aspects of design not adequately covered by other regulations which may have substantial effects on neighboring land uses.
G. Consistency with the City's Engineering Design standards as adopted by Resolution of the City Council.

Certification of Taxes Paid

Prior to approving an application for a conditional use permit, certification must be provided to the City that there are not any delinquent property taxes, special assessments, penalties, interest, or outstanding municipal utility fees. City staff did verify with Isanti County all taxes associated with the property were current.

Township Comment

This project, as mentioned above, includes overflow parking and a recreational trail system onto an adjacent property that is part of the Athens Township. Good planning principals includes communication with abutting jurisdictions to ensure that land-uses are consistent. Athens Township has expressed concerns regarding the overflow parking and the trail system that would go from the property within the City's limits and the property in the Township's limits. The applicant will have to seek permission from the Township to install both the overflow parking and the trail system on the adjacent property.

The Township has also raised questions on whether or not Polk Street is suitable for such a large development. There are concerns that the number of cars would cause dangerous conditions for residents who use Polk Street.

Development and Operations Advisory Committee:

The Development Advisory Committee met on August 3rd, 2017 to discuss the Conditional Use Permit request and Site Plan Review. The committee recommended approval of the CUP and Site Plan.

Planning Commission

This item was part of the August 15th, 2017 City Planning Commission Agenda. A public hearing was conducted, and members of the community spoke on the item. The most prominent concern was regarding noise emitting from the property and the Township concerns about Polk Street, which are addressed above.

Motion by Lorinser, second by Collison to approve with Staff's recommended conditions. Approved unanimously.

Deadline for City Council Action

The City of Isanti received a complete application for a Conditional Use Permit and Site Plan Review on July 10, 2017. Pursuant to Minnesota State Statute, the City must act on this request by September 10, 2017 (60 days). The only exception to these deadlines provided would be if the City provides the petitioner with written reasons for an additional 60-day review period.

MEMORANDUM

Date: July 26, 2017

To: Ryan Kernosky, Community Development Director

From: Bradley C. DeWolf, P.E.
City Engineer

Subject: Cox Farms: Circle B Ranch Site Plan Review
City of Isanti, MN
Project No.: R13.113062

We have reviewed the Site Plan entitled "Cox Farm" received on July 17, 2017 with a signature date of 6/13/2017.

The site plan includes the construction of additional buildings, gravel and bituminous parking lots, and a drainage pond.

Also submitted were hydraulic calculations for the proposed pond, as well as a storm water pollution prevention plan.

We have reviewed the submitted documents and have the following comments:

Street/Parking Lot:

1. Submit turning movements for traffic flow through the parking area and identify how the parking lot will drain to the proposed pond.
2. Plan calls out 2.08% slope for handicap parking stalls. ADA requires maximum 2.0% in all directions.
3. Grading Note 1 on sheet 4 of 8 makes mention of proposed curb & gutter. Where is proposed curb & gutter on plan?
4. Submit spot elevations and surface grades for access road to Polk Street NE and parking lots.
5. Submit pavement section for proposed streets and parking lots.

Sidewalk:

6. Plan calls out 2.08% cross slope for sidewalks. ADA requires maximum 2.0% cross slope. Refer to MnDOT pedestrian curb ramp details. (Standard Plan 5-297.250)

Well Service:

7. Proposed Barn Area appears to be within 45' from existing well. MDH requires 50' separation.

Storm Water / SWPPP:

8. Show all existing and proposed culvert information visibly on plan.
9. Include plan showing existing and proposed contours, wetland delineations, grading construction limits, drainage flow arrows, and identify how drainage reaches the proposed pond. Wetland delineations are needed to verify impacts to existing wetlands and determine necessary permit requirements.
10. Submit a soils map to show existing soil types within the construction limits.
11. Show locations of proposed BMPs and seeding limits on plan, including redundant BMPs for work near wetlands.
12. Include details for proposed BMPs.
13. Include a long-term maintenance plan for the proposed pond.
14. When working within 200-ft of a surface water, site must be stabilized within 24 hrs. 7 days when not within 200-ft of surface water.
15. Identify qualified personnel for design of SWPPP with certifications.
16. Review section 7, identify final stabilization. Include seed and mulch types.

Permits (To be completed prior to construction):

17. NPDES Construction Storm Water General Permit
18. Minnesota Department of Health Monitoring Well Permit
19. DNR Water Appropriations Permit – if planning to withdrawal more than 10,000 gal water per day or 1 million gal water per year.
20. Army Corps of Engineers Section 404 Permit – if filling existing wetland.

We recommend approval of the site plan once the above items are addressed.

WHEREAS, the City of Isanti Planning Commission recommended approval of the proposed Conditional Use Permit subject to the conditions as listed below; and,

WHEREAS, the City of Isanti City Council reviewed the requested Conditional Use Permit and Site Plan Review at its regularly scheduled meeting on _____ _____, 2017; and,

NOW, THEREFORE, BE IT RESOLVED BY THE CITY COUNCIL OF THE CITY OF ISANTI, MINNESOTA, that it adopts the Findings of Fact and Conclusions related to the requested Conditional Use Permit and Site Plan Review adopted by the City Planning Commission on August 15th, 2017, and **BE IT FURTHER RESOLVED** that the request Conditional Use Permit and Site Plan Review for the proposed Hobby Farm and Retreat Center be here by approved with the following conditions:

1) PID 050313300 and PID 050313301 must be rezoned from "R-1" Single-Family Residential to "RC" Recreational Commercial.

2) Handicapped parking stalls and paths leading to entryways and exits must be surfaced with either asphalt, concrete, or other surface materials as approved by the American Disabilities Act prior to a certificate of occupancy being issued for PID 010060505.

3) Proposed parking lot on PID 010060505 must be surfaced within five years. The applicant must submit a letter of credit to the City to ensure the aforementioned condition is met within the five-year timeline, and must submit engineered plans to be reviewed and that comply with Section 17 of the Zoning Code.

4) Parking Stalls are to be installed on PID 050313300 and must comply with Section 17 of the Zoning Code. The applicant will be required to submit engineered plans for review prior to installing the aforementioned parking stalls.

5) The applicant must adhere to the City Engineer's comments from the memo dated July 26, 2017 and complete all proposed stormwater management controls prior to the Certificate of Occupancy being issued.

6) Exterior lighting must be downward directed, night-sky friendly, and may not spill over onto adjacent properties.

7) The property owner, and any subsequent property owners, are responsible for the installation and cost of roadway improvements, which may include turning lanes, on

Polk Street NE if deemed necessary by the City of Isanti. Said improvements must meet City engineering standards.

8) The foundation installed for the purposes of constructing the event barn needs to be inspected by the City Building Official to ensure proper installation prior to building permits being issued for future construction.

9) Resubmittal and approval shall be required for any future construction of buildings, train cars, decks, etc.. to ensure compliance with the City of Isanti Zoning Code and Building Codes.

10) All applicable permits and licenses must be obtained from the property authorities (Army Corps of Engineers, State of Minnesota, County of Isanti, City of Isanti).

FINDINGS OF FACT AND CONCLUSION

Conditional Use Permit Amendment & Site Plan Review
Brennan and Rebecca Cox, 'Circle B Ranch' and 'The Nest'

August 15, 2017
Prepared by Ryan Kernosky, Community Development Director

Request

Request from Brennan and Rebecca Cox (applicant) for a Conditional Use Permit and Site Plan Review approval to construct a Retreat Center (as defined under Section 2 of the Isanti Zoning Code) at the properties legally described as:

> The Southeast Quarter of the Southeast Quarter (SE 1/4) of SE 1/4) of Section Thirty-one (31), Township Thirty-five (35), Range Twenty-three (23), EXCEPTING THEREFROM the following described parcel: The East 552.75 feet of the South 396 feet of the SE1/4 of SE1/4 of Section 31, Township 35, Range 23, Isanti County, Minnesota.

AND THE PROPERTIES LEGALLY DESCRIBED AS:

> The East 552.75 feet of the South 396 feet of the SE1/4 of SE1/4 of Section 31, Township 35, Range 23, Isanti County, Minnesota.

AND THE PROPERTIES LEGALLY DESCRIBED AS:

> That part of the Northeast Quarter (NE1/4) of Section Six (6), Township Thirty-four (34), Range Twenty-three (23), lying Easterly of the Easterly right-of-way line of the Burlington Northern Railway (formerly the Eastern Railway Company of Minnesota), excepting therefrom that part of said NE1/4 of Section 6, described as follows:
>
> Commencing at the Northeast corner of the Southeast Quarter of the Northeast Quarter (SE1/4 of NE1/4) of said Section 6; thence South along the East line of said Section 6, a distance of 208.7 feet for the point of beginning of the exception to be herein described; thence West and parallel to the North line of said Section 6 and to the Easterly right-of-way of said Burlington Northern Railway; thence Southerly following the Easterly line of said railroad right-of-way and to the South line of the NE1/4 of said Section 6; thence Easterly along the south line of the NE1/4 of said Section 6 to the Southeast corner thereof; thence North along the East line of the NE1/4 of said Section 6 to the point of beginning and there to terminate,
>
> Except the Northerly 243.75 of the Southerly 482.10 feet of the Easterly 547.29 feet and the Southerly 238.35 feet of the Easterly 592.87 feet.

Findings of Fact

1. The applicant is requesting for approval of a Conditional Use Permit and Site Plan Review for the properties legally described under 'Request'.

2. The properties are zoned "R-1" Single-Family Residential AND "RC" Recreational Commercial.

3. The applicant has submitted a Conditional Use Permit Application and Site Plan Review Application on June 15th, 2017. The received materials were deemed complete and paid on June July 10th, 2017.

4. A public hearing on the matter was scheduled before the City of Isanti Planning Commission on August 15, 2017 at 7:00 p.m. at City Hall within the City Council Chambers.

5. Notice of the Conditional Use Permit Amendment Application and approval of a Site Plan Review was published with the *Isanti County News* on August 2nd, 2017. Notices were sent to all properties owners located within 350 feet of the aforementioned legally described parcel.

6. Section 21, Article 2: Conditional Use Permits, Subdivision 3 (D) of the Zoning Ordinance establishes factors that the judgment of the Planning Commission shall be based upon when reviewing a Conditional Use Permit request as well as Section 21, Article 2: Conditional Use Permits, Subdivision 4 General Performance Standards of the Zoning Ordinance establishes additional general standards that shall be used to evaluate any proposed conditional use permit request. Furthermore, standards established in Section 18, Subdivision 7 regulate Site Plan/Building Appearance standards that shall be used to evaluate any proposed commercial and industrial buildings.

Conclusions

1. In review of the standards established in Section 21, Article 2 Conditional Use (D); the following conclusions have been made (*conclusions to each requirement are shown in underlined italics)*:

   The Planning Commission shall hold a public hearing and consider possible adverse effects of the proposed Conditional Use. The judgment of the Planning Commission shall be based upon, but is not limited to the following factors:

   A. The proposed action has been considered in relation to the specific policies and provisions of and has been found to be consistent with the goals and objectives of the Comprehensive Plan, including public facilities and capital improvement plans.

      The proposed uses for the site would be consistent with the goals and objectives of the comprehensive plan, as described in the Staff Memo dated August 15, 2017.

   B. The proposed action meets the purpose and intent of this Ordinance and the underlying zoning district.

      The proposed uses fit the intent of the ordinance and underlying zoning district ("RC" Recreational Commercial.

   C. The establishment, maintenance or operation of the conditional use will promote and enhance the general public welfare and will not be detrimental or endanger the public health, safety, morals, or comfort.

      The establishment of the conditional use does not appear to endanger the public health, safety, morals and comfort of the surrounding area or the community.

   D. The conditional use will not be injurious to the use and enjoyment of other properties within the immediate vicinity for the purposes already permitted; nor substantially diminish or impair properties values within the neighborhood.

      The conditional use does not appear to diminish or impair surrounding properties values.

E. The establishment of the conditional use will not impede the normal and orderly development and improvement of surrounding properties for uses permitted in the district.

The conditional use will not impede the normal and orderly development and improvement of surrounding properties for uses permitted in the district.

F. Adequate public facilities and services are available or can be reasonably provided to accommodate the use which is proposed.

Adequate public services are not currently available. However, could be provided if necessary.

G. The conditional use shall, in all other respects, conform to the applicable regulations of the district in which it is located.

The requested conditional use permit appears to conform to the applicable regulations required for the district and the performance standards outlined within the zoning ordinance. Conditions will be placed on any approval to ensure that the properties are developed in accordance to ordinance requirements and the proposed plan provided by the applicant.

H. The conditional use complies with the general and specific performance standards as specified by within this Article.

These have been evaluated as part of the findings of fact; and can be found within this document.

2. In review of the standards established in Section 21, Article 2 Conditional Use, Subdivision 4 General Performance Standards; the following conclusions have been made (*conclusions to each requirement are shown in underlined italics)*:

A. The use and the site in question shall be served by a street of sufficient capacity to accommodate the type and volume of traffic which would be generated an adequate public right-of-way shall be provided.

The site is serviced by a street that may not be of sufficient capacity. This concern has been expressed by the Athens Township. The applicant may be responsible for future public infrastructure improvements in the Right of Way if deemed necessary by the City of Isanti.

B. The site design for access and parking shall minimize internal as well as external traffic conflicts and shall be in compliance with Section 17 of this Ordinance.

Sufficient access points have been provided for this site. Parking needs to meet Section 17 of the ordinance (surfacing, and minimum required stalls for "The Nest").

C. If applicable, a pedestrian circulation system shall be clearly defined and appropriate provisions made to protect such areas from encroachment by parked or moving vehicles.

Proposed pedestrian circulation appears to be sufficient.

D. Adequate off-street parking and off-street loading shall be provided in compliance with Section 17 of this Ordinance.

Adequate off-street parking is provided on site. Parking needs to meet Section 17 of the ordinance (surfacing, and minimum required stalls for "The Nest").

E. Loading areas and drive-thru facilities shall be positioned so as to minimize internal site access problems and maneuvering conflicts, to avoid visual or noise impacts on any adjacent residential use or district, and provided in compliance with Section 17 of this Ordinance.

The proposed project does not include any drive-thru facilities

F. Whenever a non-residential use is adjacent to a residential use or district, a buffer area with screening and landscaping shall be provided in accordance with the provisions of Section 15 of this Ordinance.

The applicant has proposed a tree buffer along the North Property Line of PID 050313300.

G. General site screening and landscaping shall be provided in compliance with Section 15 of this Ordinance.

No additional landscaping is required.

H. All exterior lighting shall be directed so as not to cast glare toward or onto the public right-of-way or neighboring residential uses or districts, and shall be in compliance with Section 14 of this Ordinance.

No lighting plan has been submitted, however a condition of the permit will include restrictions on lighting.

I. The site drainage system shall be subject to the review and approval of the City Engineer.

Site drainage has been submitted and reviewed by the City Engineer. Applicant is working with Engineer to comply with requirements.

J. The architectural appearance and functional design of the building and site shall not be so dissimilar to the existing and potential buildings and area so as to cause a blighting influence. All sides of the principal and accessory structures are to have essentially the same or coordinated, harmonious exterior finish materials and treatment.

Under Section 10, Article 1, Subdivision 8: "The City Council may approve an alternative approach to meeting any of the design standards in this Section if an applicant demonstrates such modifications is necessary to respond to site conditions, will result in better integration of uses, or provide significant site amenities, buffers, and other elements to offset any potential harmful effect that could be caused by the use and will further the intent of this section." This section is met.

K. Provisions shall be made for daily litter control, an interior location for recycling and trash handling and storage or an outdoor, enclosed receptacle area shall be provided in compliance with Section 14 of this Ordinance.

Trash receptacles will be located on the properties.

L. All signs and informational or visual communication devices shall be in compliance with Section 16 of this Ordinance.

No formal signage has been submitted. Any proposed signage would require review and approval by the City staff to ensure compliance with the City Sign Code.

M. The use and site shall be in compliance with any federal, state, or county laws or regulations that are applicable and any related permits shall be obtained and documented to the City.

The property complies with other laws and regulations.

N. Any applicable business licenses mandated by City Code are approved and obtained.

A liquor license will need to be obtained for the Event Center.

O. The hours of operation may be restricted when there is judged to be an incompatibility with a residential use or district.

Not applicable.

P. The use complies with the applicable performance standards of the zoning district in which it is located and where applicable, any non-conformity shall be eliminated.

The use complies with the applicable performance standards as further outlined in Section 13 Use Regulations of this Ordinance.

Q. Additional Stipulations. All conditions pertaining to a specific site are subject to change when the City Council, upon investigation in relation to a formal request, finds that the general public health, safety, and welfare, can be served as well or better by modifying or expanding the conditions set forth herein.

3. In review of the standards established in Section 18, Subdivision 7 Site Plan/Building Appearance Standards; the following conclusions have been made (*conclusions to each requirement are shown in underlined italics)*:

A. Consistency with the elements and objectives of the City's development guides, including the comprehensive plan.

The proposed Site Plan/Building Appearance is consistent with the comprehensive plan.

B. Consistency with City Codes.
The proposed Site Plan/Building Appearance is consistent with City Codes, with the exceptions discussed in the Staff Memo dated August 15, 2017.

C. Preservation of the site in its natural state to the extent practicable by minimizing tree and soil removal and designing grade changes to be in keeping with the general appearance of neighboring developed or developing areas.

The purpose of the "RC" Recreational Commercial zoning district is to encourage site development that takes into consideration the natural state of the property. This project is very consistent with this standard.

D. The amount and location of open space and landscaping.

The proposed Site Plan/Building Appearance includes landscaping and open space that far exceeds minimums necessary.

E. Vehicular and pedestrian circulation, including walkways, interior drives, and parking in terms of location and number of access points to the public streets, width of interior drives and access points, general interior circulation, separation of pedestrian and vehicular traffic and arrangement and amount of parking.

Vehicular and pedestrian circulation within the property appears to be sufficient. The applicant will have to submit an updated parking plan when the parking lot will become paved.

F. Protection of adjacent and neighboring properties through reasonable provision for surface water drainage, sound and sight buffers, preservation of views, light, and air and those aspects of design not adequately covered by other regulations which may have substantial effects on neighboring land uses.

The proposed Site Plan/Building Appearance was reviewed by the City Engineer, their comments should be included in the required conditions of this approval.

G. Consistency with the City's Engineering Design standards as adopted by Resolution of the City Council.

The proposed Site Plan/Building Appearance was reviewed by the City Engineer, their comments should be included in the required conditions of this approval.

Decision

The Planning Commission reviewed the request in a public hearing on August 15, 2017. The meeting minutes, staff memo, and attachments shall be made part of the Findings of Fact and Conclusion.

Planning Commission Recommendation:

Motion by Lorinser, second by Collison to approve with Staff's recommended conditions. Carried unanimously.

GRADING NOTES

1. PROPOSED CONTOURS ARE TO FINISHED SURFACE ELEVATION. SPOT ELEVATIONS ALONG PROPOSED CURB DENOTE GUTTER GRADE.

2. CONTRACTOR SHALL REVIEW PAVEMENT GRADIENT AND CONSTRUCT GUTTER OUT WHERE WATER DRAINS AWAY FROM THE CURB. ALL OTHER AREAS SHALL BE CONSTRUCTED AS GUTTER IN CURBS.

3. ALL GRADIENTS ON SIDEWALKS ALONG THE ADA ROUTE SHALL HAVE A MAXIMUM LONGITUDINAL SLOPE OF 5% (1:20), EXCEPT AT CURB RAMPS (1:12), AND A MAXIMUM CROSS SLOPE OF 2%. MAXIMUM SLOPE IN ANY DIRECTION ON AN ADA PARKING STALL OR ACCESS AISLE SHALL BE IN 2%. CONTRACTOR SHALL REVIEW AND VERIFY THE GRADIENT IN THE FIELD ALONG THE ADA ROUTES PRIOR TO PLACING CONCRETE OR BITUMINOUS. CONTRACTOR SHALL NOTIFY THE ENGINEER IMMEDIATELY IF THERE IS A DISCREPANCY BETWEEN THE GRADIENT IN THE FIELD VERSUS THE DESIGN GRADIENT. COORDINATE ALL WORK WITH PAVING CONTRACTOR.

4. CONTRACTOR SHALL TAKE ALL PRECAUTIONS NECESSARY TO AVOID PROPERTY DAMAGE TO ADJACENT PROPERTIES DURING THE CONSTRUCTION PHASES OF THIS PROJECT. CONTRACTOR WILL BE HELD SOLELY RESPONSIBLE FOR ANY DAMAGES TO THE ADJACENT PROPERTIES OCCURRING DURING THE CONSTRUCTION PHASES OF THIS PROJECT.

5. SAFETY NOTICE TO CONTRACTORS: IN ACCORDANCE WITH GENERALLY ACCEPTED CONSTRUCTION PRACTICES, CONTRACTOR WILL BE SOLELY AND COMPLETELY RESPONSIBLE FOR CONDITIONS ON THE JOB SITE, INCLUDING SAFETY OF ALL PERSONS AND PROPERTY DURING PERFORMANCE OF THE WORK. THIS REQUIREMENT WILL APPLY CONTINUOUSLY AND NOT BE LIMITED TO NORMAL WORKING HOURS. THE DUTY OF THE ENGINEER OR THE DEVELOPER TO CONDUCT CONSTRUCTION REVIEW OF THE CONTRACTOR'S PERFORMANCE IS NOT INTENDED TO INCLUDE REVIEW OF THE ADEQUACY OF THE CONTRACTOR'S SAFETY MEASURES IN, ON OR NEAR THE CONSTRUCTION SITE.

6. CONTRACTOR SHALL COMPLETE THE SITE GRADING CONSTRUCTION IN ACCORDANCE WITH THE REQUIREMENTS OF THE OWNER'S SOILS ENGINEER. ALL SOIL TESTING SHALL BE COMPLETED BY THE OWNER'S SOILS ENGINEER. CONTRACTOR SHALL BE RESPONSIBLE FOR COORDINATING ALL REQUIRED SOIL TESTS AND INSPECTIONS WITH THE SOILS ENGINEER.

7. PRIOR TO PLACEMENT OF THE AGGREGATE BASE, A TEST ROLL SHALL BE PERFORMED ON THE STREET AND PARKING AREA SUBGRADE. CONTRACTOR SHALL PROVIDE A LOADED TANDEM AXLE TRUCK WITH A GROSS WEIGHT OF 25 TONS. THE TEST ROLLING SHALL BE AT THE DIRECTION OF THE SOILS ENGINEER AND SHALL BE COMPLETED IN AREAS AS DIRECTED BY THE SOILS ENGINEER. CORRECTION OF THE SUBGRADE SOILS SHALL BE COMPLETED IN ACCORDANCE WITH THE REQUIREMENTS OF THE SOILS ENGINEER.

8. REPLACE ALL SUBGRADE SOIL DISTURBED DURING THE CONSTRUCTION THAT HAVE BECOME UNSUITABLE AND WILL NOT PASS A TEST ROLL. REMOVE UNSUITABLE SOIL FROM THE SITE AND IMPORT SUITABLE SOIL AT NO ADDITIONAL COST TO THE OWNER.

9. CONTRACTOR SHALL BE RESPONSIBLE FOR PROVIDING AND MAINTAINING VEHICULAR AND PEDESTRIAN TRAFFIC CONTROL DEVICES SUCH AS BARRICADES, WARNING SIGNS, DIRECTIONAL SIGNS, FLAGMEN AND LIGHTS TO CONTROL THE MOVEMENT OF TRAFFIC WHERE NECESSARY. TRAFFIC CONTROL DEVICES SHALL CONFORM TO APPROPRIATE MINNESOTA DEPARTMENT OF TRANSPORTATION STANDARDS.

10. EXISTING TREES AND OTHER NATURAL VEGETATION WITHIN THE PROJECT AND/OR ADJACENT TO THE PROJECT ARE OF PRIME CONCERN TO THE CONTRACTOR'S OPERATIONS AND SHALL BE A RESTRICTED AREA. CONTRACTOR SHALL PROTECT TREES TO REMAIN AT ALL TIMES. EQUIPMENT SHALL NOT NEEDLESSLY BE OPERATED UNDER NEARBY TREES AND EXTREME CAUTION SHALL BE EXERCISED WHEN WORKING ADJACENT TO TREES SHOULD ANY PORTION OF THE TREE BRANCHES REQUIRE REMOVAL TO PERMIT OPERATION OF THE CONTRACTOR'S EQUIPMENT, CONTRACTOR SHALL OBTAIN THE SERVICES OF A PROFESSIONAL TREE TRIMMING SERVICE TO TRIM THE TREES PRIOR TO THE BEGINNING OF OPERATION. SHOULD CONTRACTOR'S OPERATIONS RESULT IN THE BREAKING OF ANY LIMBS, THE BROKEN LIMBS SHOULD BE REMOVED IMMEDIATELY AND CUTS SHALL BE PROPERLY PROTECTED TO MINIMIZE ANY LASTING DAMAGE TO THE TREE. NO TREES SHALL BE REMOVED WITHOUT AUTHORIZATION BY THE ENGINEER. COSTS FOR TRIMMING SERVICES SHALL BE CONSIDERED INCIDENTAL TO THE GRADING CONSTRUCTION AND NO SPECIAL PAYMENT WILL BE MADE.

EROSION CONTROL NOTES

ALL EROSION CONTROL MEASURES MUST BE INSTALLED PRIOR TO COMMENCEMENT OF GRADING OPERATIONS AND BE MAINTAINED UNTIL ALL DISTURBED AREAS ON THE SITE HAVE BEEN RESTORED.

TEMPORARY EROSION CONTROL (HAY BALES OR APPROVED EQUIVALENT) TO BE PLACED AROUND STORM DRAIN STRUCTURES DURING CONSTRUCTION (REFER TO DETAIL).

SEDIMENT SHALL BE REMOVED FROM ALL SEDIMENT CONTROL DEVICES AS NECESSARY AND MUST BE REMOVED IF DESIGN CAPACITY HAS BEEN REDUCED BY 50%.

A STABILIZED CONSTRUCTION ENTRANCE SHALL BE INSTALLED AT THE BEGINNING OF CONSTRUCTION & MAINTAINED FOR DURATION OF PROJECT.

ALL SLOPES 3:1 OR STEEPER, NOT TO BE SODDED AND GREATER THAN 8 FEET IN HEIGHT, SHALL HAVE EROSION CONTROL FABRIC INSTALLED.

CONTRACTOR SHALL SEED AND MULCH ALL DISTURBED AREAS NOT TO BE SODDED. SEEDING SHALL COMPLY WITH MN/DOT SPEC. NO. 3876, AT A RATE OF 50 LBS/ACRE. SEEDING IN POND AND INFILTRATION AREAS SHALL BE MIXTURE 310PWT (NATIVE WET TALL) IN ACCORDANCE WITH MNDOT 3876, AT A RATE OF 82 LBS/ACRE. MULCH SHALL COMPLY WITH MN/DOT SPECIFICATION 3882, TYPE 1. THE MULCH SHALL BE APPLIED IN ACCORDANCE WITH MN/DOT SPEC. NO. 2575.3, F1. MULCH TO BE APPLIED AT A RATE OF 2 TONS PER ACRE. MULCH SHALL BE ANCHORED WITH A DISC, CLODBUSTER OR OTHER APPROVED EQUIPMENT.

ALL DISTURBED AREAS WITHIN PUBLIC RIGHT OF WAY TO BE SODDED.

ALL EROSION AND SEDIMENT CONTROL MEASURES SHOWN ON THE PLANS OR IMPLEMENTED IN THE FIELD SHALL BE IN ACCORDANCE WITH THE CITY AND NPDES PERMIT REQUIREMENTS, AND THE MPCA'S "PROTECTING WATER QUALITY IN URBAN AREAS BEST MANAGEMENT PRACTICES FOR MINNESOTA."

THE CONTRACTOR SHALL PROVIDE DESIGNATED CONCRETE TRUCK WASHOUT AREA WITH APPROPRIATE SIGNAGE. WASHOUT AREA IS TO BE A MINIMUM OF 50' FROM STORM DRAINS, DITCHES, PONDS, OR OTHER STORMWATER FEATURES. ALL LIQUID AND SOLID WASTE GENERATED BY CONCRETE WASHOUT OPERATIONS MUST BE CONTAINED IN A LEAK-PROOF CONTAINMENT FACILITY OR IMPERMEABLE LINER (E.G. COMPACTED CLAY LINER, IMPERMEABLE GEO-MEMBRANE). AFTER WASTE CONCRETE IS SET, BREAK-UP AND DISPOSE OF PROPERLY.

THE CONTRACTOR SHALL PAY SPECIAL ATTENTION TO ALL ADJACENT PROPERTY LINES AND MAKE SURE THE EROSION CONTROL PRACTICES IN-PLACE IN THOSE AREAS PREVENT MIGRATION OF SEDIMENT ONTO ADJACENT PROPERTIES.

IF ANY SLOPES APPEAR TO BE FAILING, THE CONTRACTOR SHALL PROVIDE ADDITIONAL SILT FENCE, BIOROLLS AND EROSION CONTROL BLANKET AS NEEDED.

ADJACENT STREETS SHALL BE KEPT CLEAN OF CONSTRUCTION MATERIALS, DIRT, AND OTHER UNDESIRABLE MATERIALS. SOILS TRACKED FROM THE SITE BY MOTOR VEHICLES MUST BE CLEANED DAILY (OR MORE FREQUENTLY, AS NECESSARY) FROM PAVED ROADWAY SURFACES THROUGHOUT THE DURATION OF CONSTRUCTION.

ORDINANCE NO. 661

AN ORDINANCE EXTENDING THE CORPORATE LIMITS OF THE CITY OF ISANTI TO INCLUDE CERTAIN UNINCORPORATED PROPERTY (41.99 ACRES) OWNED BY BRENNAN AND REBECCA COX AND ABUTTING UPON THE LIMITS OF THE CITY OF ISANTI IN ATHENS TOWNSHIP PURSUANT TO MINNESOTA STATUTES 414.033, SUBD. 2(3), AND TO ZONE SUCH PROPERTY AS RECREATIONAL COMMERCIAL

WHEREAS, a certain petition dated October 31, 2016, requesting that the property as hereinafter described be annexed to the City of Isanti, Minnesota, was duly presented to this Council on the 15th day of November 2016; and,

WHEREAS, said property to be annexed is described as follows:

That part of the Northeast Quarter (NE1/4) of Section Six (6), Township Thirty-four (34), Range Twenty-three (23), lying Easterly of the Easterly right-of-way line of the Burlington Northern Railway (formerly the Eastern Railway Company of Minnesota), excepting therefrom that part of said NE1/4 of Section 6, described as follows: Commencing at the Northeast corner of the Southeast Quarter of the Northeast Quarter (SE1/4 of NE1/4) of said Section 6; thence South along the East line of said Section 6, a distance of 208.7 feet for the point of beginning of the exception to be herein described; thence West and parallel to the North line of said Section 6 and to the Easterly right-of-way of said Burlington Northern Railway; thence Southerly following the Easterly line of said railroad right-of-way and to the South line of the NE1/4 of said Section 6; thence Easterly along the south line of the NE1/4 of said Section 6 to the Southeast corner thereof; thence North along the East line of the NE1/4 of said Section 6 to the point of beginning and there to terminate,

Except the Northerly 243.75 feet of the Southerly 482.10 feet of the Easterly 547.29 feet and the Southerly 238.35 feet of the Easterly 592.87 feet,

And, also excepting all that part thereof contained within the right-of-way of Polk Street Northeast.

WHEREAS, said petition was signed by all owners of the property; and,

WHEREAS, said property is unincorporated and abuts the City of Isanti on its Southerly boundary; and,

WHEREAS, said property is less than 120 acres; and,

WHEREAS, said property is not presently served by public sewer and water facilities or public sewer and water facilities are not otherwise available; and,

WHEREAS, the property to be annexed may be annexed by ordinance pursuant to Minnesota State Statutes Section 414.033, Subd. 2(3); and,

WHEREAS, the property shall be designated as a "RC" Recreational Commercial District under and pursuant to the Zoning Ordinance 445, Section 3, Subd. 3(b) and upon the City's zoning map, subject to amendment as provided by said ordinance; and,

WHEREAS, said property is proposed to be developed for recreational commercial purposes; and

WHEREAS, to facilitate said development, the property owner has requested city services be extended to said property at such time that they become available; and

WHEREAS, notice of public hearing was given to those parties specified in Minnesota Statutes 414.033, subd. 2b; and

WHEREAS, a public hearing was duly held by the Isanti City Council on the 20th day of December 2016; and

WHEREAS, provisions of Minn. Statute 414.033, subd. 13 are not applicable in that there will be no change in the electric utility service provider resulting from the annexation of the territory to the municipality.

NOW THEREFORE, THE CITY OF ISANTI DOES HEREBY ORDAINS AS FOLLOWS:

1. The City Council hereby determines that the property as hereinafter described is or is about to become urban or suburban in nature in that the conditions set forth in MN SS section 414.033, Subd. 2(3) apply, and said property is being developed for recreational commercial purposes which need or will need city services, including public sewer and water facilities, and that none of property is now included within the limits of any city.

2. **Territory annexed.** The corporate limits of the City of Isanti are hereby extended to include the following described territory, said land abutting the City of Isanti and being 120 acres or less in area, and is not presently served by public sewer and water facilities or public sewer and water facilities are not otherwise available, and the City having received a petition for annexation from all the property owners of the land, to wit:

   That part of the Northeast Quarter (NE1/4) of Section Six (6), Township Thirty-four (34), Range Twenty-three (23), lying Easterly of the Easterly right-of-way line of the Burlington Northern Railway (formerly the Eastern Railway Company of Minnesota), excepting therefrom that part of said NE1/4 of Section 6, described as follows: Commencing at the Northeast corner of the Southeast Quarter of the Northeast Quarter (SE1/4 of NE1/4) of said Section 6; thence South along the East line of said Section 6, a distance of 208.7 feet for the point of beginning of the exception to be herein described; thence West and parallel to the North line of said Section 6 and to the Easterly right-of-way of said Burlington Northern Railway; thence Southerly following the Easterly line of said railroad right-of-way and to the South line of the NE1/4 of said Section 6; thence Easterly along the south line of the NE1/4 of said Section 6 to the Southeast corner thereof; thence North along the East line of the NE1/4 of said Section 6 to the point of beginning and there to terminate,

Except the Northerly 243.75 feet of the Southerly 482.10 feet of the Easterly 547.29 feet and the Southerly 238.35 feet of the Easterly 592.87 feet.

The above described property consists of a total of 41.99 acres, more or less. Copies of the corporate boundary map showing the property to be annexed and its relationship to the corporate boundaries and an appropriate plat map are attached hereto.

3. **Population.** There are no people residing on the above described land.

4. **Property Taxes.** Pursuant to Minnesota Statutes 414.033, subd. 12, property taxes on annexations effective after August 1 of a levy year shall be payable to the Township of Athens, Minnesota for 2017. Thereafter, for property taxes payable in 2018, the property taxes shall be payable to the City of Isanti.

5. **Zoning.** Pursuant to Ord. No. 445, Section 3, Subd. 3(b), the property shall be designated as "RC" Recreational Commercial District.

6. **Filing.** The City Clerk is directed to file certified copies of this ordinance with the Chief Administrative Law Judge, the Township, the County Auditor and the Secretary of State.

7. **Effective date of annexation.** This ordinance takes effect upon its approval by the Chief Administrative Law Judge pursuant to Minnesota Statutes 414.033, subd. 7.

Passed and Adopted by the City Council of Isanti, Minnesota this 20th day of December 2016.

Request for City Council Action

To: **Mayor Wimmer and City Council Members**

From: Chief Gene C. Hill **MEMO**

Date: August 18, 2017

Subject: Center Point Energy Safety Equipment Matching Grant Award

---

Background:

Center Point Energy has a 50/50 matching grant that was awarded in the amount of $2,500.00 for the purchase of safety / emergency equipment.

The police department would like to purchase Motorola APX4000 Portable Radios to be used by the PD, during Emergency Management Events and Public Works.

The Finance Committee has reviewed the purchase request and makes recommends the purchase. The matching funds would come from the forfeiture fund.

Action:

I am requesting the City Council to review and consider the purchase of the above stated safety related equipment.

Thank you for your time and consideration,

Chief Gene C. Hill

RESOLUTION 2017-XXX

RESOLUTION APPROVING TO PROCEED WITH THE EXPEDITURE OF THE CENTERPOINT ENERGY 50/50 SAFETY / EMERGENCY EQUIPMENT MATCHING GRANT

WHEREAS, CenterPoint Energy has a 50/50 matching grant opportunity to purchase safety / emergency related equipment; and

WHEREAS, CenterPoint Energy presented the $2500.00 check to the City Council at the 08-02-2017 City Council Meeting; and

WHEREAS, the Finance Committee has recommended the use of these funds to purchase two Motorola APX 4000 portable radios to be used by the police department; and

NOW, THEREFORE, BE IT RESOLVED by the City Council of the City of Isanti, Minnesota to hereby approve the following:

1. To allow the purchase of 2 - APX 4000 Motorola Portable Radios with the grants funds and the remaining balance to be paid from the Isanti Police Forfeiture Fund.
2. To allow the Chief of Police signature authority to administer the grant.

This Resolution is approved by the City of Isanti Council this 5th Day of September, 2017.

Subject: City Phone Lines - Contract Renewal

Background:
The current agreement with CenturyLink for City phone lines will expire this month. Staff has been working with our consultant, Arne Keifenheim from Minnesota Telecom Agency to review the expiring contract and to look at renewal options. Keifenheim was able to quote the City the same pricing with CenturyLink as the current contract - given the City enters into another three year contract. This contract allows the City flexibility if there are changes with the phone system before the end of the contract, as long as ten lines are kept in service under the contract.

Finance Committee Recommendation:
The Finance Committee recommends renewing the City phone line contract with CenturyLink.

City Council Request:
Approval to proceed with the City phone line contract renewal with CenturyLink.

RESOLUTION NO. 2017-xxx

A RESOLUTION ACCEPTING RENEWAL QUOTE FOR PHONE LINE SERVICES

WHEREAS, CenturyLink currently provides telephone line services for all City departments and municipal buildings; and

WHEREAS, CenturyLink has submitted their renewal rates for telephone line services. The new rates are the same as the City is currently paying. As with the prior contract, the new one will be for a 3 year time period; and

WHEREAS, CenturyLink's contract allows the City flexibility if there are changes with the phone system before the end of the contract; and

WHEREAS, the Finance Committee recommends approval of renewing with CenturyLink for another three year contract.

NOW, THEREFORE, IT IS HEREBY RESOLVED by the City of Isanti, Minnesota that the City Council hereby accepts the proposal as received by CenturyLink for their Century Link Line Volume Plan phone line service for a 3 year time period, and authorize's staff to enter into the service agreement with CenturyLink.

This Resolution is hereby approved by the Isanti City Council this 5th day of September 2017.

CENTURYLINK® LINE VOLUME PLAN
ACKNOWLEDGMENT FORM ("Acknowledgment")

1. **Scope; Definitions. City of Isanti** ("Customer") hereby acknowledges they are ordering the Line Volume Plan ("CLVP") provided by **Qwest Corporation d/b/a CenturyLink QC** ("CenturyLink"). CLVP provides discounted rates on Discount Eligible Services based on Customer's purchase of 10 to 3,000 Contributory Access Lines, as more fully described herein. CenturyLink provides CLVP in accordance with the applicable CenturyLink tariff, price list, price schedule, administrative guideline, catalog, or other rate and term schedules ("Tariff"), which is incorporated into this Acknowledgment by reference and made a part of this Acknowledgment. The Contributory Access Lines and Discount Eligible Services (collectively the "Service") described herein are provided in accordance with, and governed by the Tariff applicable to the Service. CenturyLink reserves the right to amend, change, withdraw, or file additional Tariffs in its sole discretion, with such updated Tariffs effective upon posting or fulfillment of any necessary regulatory requirements. This offer may not be provided in conjunction with any other local voice volume discount plan.

"the 14 States" are Arizona, Colorado, Idaho, Iowa, Minnesota, Montana, Nebraska, New Mexico, North Dakota, Oregon, South Dakota, Utah, Washington and Wyoming.

"Contributory Access Lines" means the aggregate number of Customer's existing and new local business exchange access lines as set forth on Exhibit 2, that will be considered for purposes of determining the applicable Line Tier as set forth in Exhibit 1, both of which are incorporated by this reference and made part of this Acknowledgment. Contributory Access Lines are Flat Business Lines with or without CenturyLink Packages, Centrex 21 and Utility Line in CenturyLink's local service areas in the 14 States. The Contributory Access Lines will be aggregated across the 14 States, and will be determined conclusively by CenturyLink records.

"Discount Effective Date" means the effective bill date of the first service order to add CLVP to Customer's account.

"Discount Eligible Services" are Flat Business Lines, Hunting associated with Flat Business Lines, CenturyLink Choice™ Business (USOC PGOQL only), Business Plus (USOC PGOQM only), Business Add-A-Line, and Business Prime in CenturyLink's local serving area in the 14 States.

"CenturyLink Packages" are CenturyLink Choice™ Business (USOC PGOQL and PGOBA), Business Plus (USOC PGOQM, PGOQX and PGOQY), Business Add-A-Line, Business Prime, Two-Line Business, Business Line Plus and CustomChoice® for Business.

"Rates" means the net rates that will be derived by applying discounts to the Tariff month-to-month rates for Discount Eligible Services which will appear as a credit on each monthly bill.

2. **Term.** This Acknowledgment will expire three years from the Discount Effective Date ("Term"). If CenturyLink continues to provide Service after the Term without a further agreement, the CLVP Rates will be discontinued and Service will continue at the then applicable month-to-month rate and terms and conditions of the Tariff.

3. **Contributory Access Lines, Line Tier and Rates.** Based on 20 Contributory Access Lines, Customer will pay the Rates for Services listed on Exhibit 1 hereto for the 10-49 line tier ("Line Tier") on each monthly bill for all Discount Eligible Services purchased during the Term. The Rates will (a) not change during the Term of this Acknowledgment; (b) commence on the Discount Effective Date; (c) not be applied to more than 3000 Discount Eligible Service lines; and (d) terminate upon expiration of the Term, and Service will continue at the applicable month-to-month rate and terms of the Tariff.

4. **Changes.** Customer may move or add Service ("Change") if CenturyLink commercially offers such Change, and Customer agrees to pay all applicable charges related to such Change. Such Change will be subject to the terms and conditions of the Tariff. Rates for added Service will (a) commence on the effective bill date of the service order to add CLVP to the additional Service; (b) not be retroactive to the Discount Effective Date; and (c) terminate upon expiration of the Term. Additions to the Contributory Access Lines will not change the Rates under this Acknowledgment. The Contributory Access Lines and any Change, will be determined conclusively by CenturyLink records.

5. **Minimum Line Requirement, Annual Audit, Shortfall Charge.** Based on the Line Tier, Customer must maintain 10 Contributory Access Lines ("Minimum Line Requirement") during the Term of this Acknowledgment. At the end of each twelve month period following the Discount Effective Date ("Annual Period"), CenturyLink will conduct an audit to determine the number of Customer's operational Contributory Access Lines ("Line Count"). If after each Annual Period Customer's Line Count fails to meet or exceed the Minimum Line Requirement, Customer will promptly pay to CenturyLink a shortfall charge equal to the difference between the Minimum Line Requirement and the Line Count multiplied by $60 ("Shortfall Charge"). If Customer is charged a Shortfall Charge, CenturyLink may subsequently conduct quarterly audits and apply Shortfall Charges until Customer meets the Minimum Line Requirement. In no event will the number of actual Contributory Access Lines in excess of Customer's Minimum Line Requirement in a particular Annual Period be "rolled back" or "carried over" for purposes of achieving Customer's Minimum Line Requirement in a prior or subsequent Annual Period.

6. **Termination.** Customer understands that, if prior to the conclusion of the Term, Customer terminates this Acknowledgment or Service in its entirety then Customer will be liable for a termination charge equal to the Minimum Line Requirement multiplied by $15, multiplied by the number of months remaining in the Term ("Termination Charge"). If a Termination Charge applies, such charge will be waived if at the same time this Acknowledgment is terminated, Customer enters into a new agreement for any other CenturyLink provided service and the total value of the new service agreement, excluding any nonrecurring and special construction charges, equals or exceeds the Termination Charge, which will be considered the remaining value of this Acknowledgment. The waiver does not apply to changes between regulated and unregulated or enhanced products and services.
