Request for Council Action

To: Mayor Wimmer
Members of the City Council

From: Roxanne Achman
Community Development Director

Date: January 3, 2017

Subject: Request for Approval of the Reimbursement of Property Taxes to Athens Township for PID 01.006.0505.

Background

It was brought to staff's attention that Ordinance No. 661 did not address MN State Statute 414.036 City Reimbursement to Town to Annex Taxable Property. This statute requires the annexing municipality to reimburse the township for lost property taxes for a minmum of two years.

Staff received the 2017 proposed taxes statement from the Isanti County Auditior for PID 01.006.0505, which states that the proposed property taxes payable to Athens Township are expected to be $92.04.

Staff is requesting to send a letter to Athens Township indicating reimbursement for two years following the year in which the City of Isanti Could first levy on the annexed property in the amount of $92.04 each year. The letter requests acknowledgement and agreement of the payments by Athens Township. The Office of Administrative Hearings requires proof of a repayment agreement in order to continue processing the annexation of PID 01.006.0505.

RESOLUTION NO. 2017-XXX

A RESOLUTION APPROVING THE PAYMENT OF PROPERTY TAXES FOR PID 01.006.0505 TO ATHENS TOWNSHIP FOR 2018 AND 2019

WHEREAS, the City of Isanti adopted Ordinance No. 661 annexing PID 01.006.0505 on December 20, 2016; and,

WHEREAS, Minnesota State Statute 414.036 requires the annexing municipality to reimburse the township for property taxes for a minimum of two years; and

WHEREAS, the proposed 2017 tax statement from the Isanti County Auditor indicates the proposed property taxes payable to Athens Township are $92.04; and

WHEREAS, the City of Isanti will pay Athens Township $92.04 (101-41910-310) per year for the two years following the year in which the City of Isanti could first levy on the annexed property;

NOW, THEREFORE, BE IT RESOLVED by the City Council of the City of Isanti, Minnesota as follows:

1. In the first year following the year in which the City of Isanti could first levy on the annexed area, an amount equal to $92.04; and

2. In the second year, an amount equal to $92.04.

3. Such payments shall be made out of fund source 101-41910-310 (Annexation Payments).

This Resolution was duly adopted by the Isanti City Council this 3rd day of January 2017.

ORDINANCE NO. 661

AN ORDINANCE EXTENDING THE CORPORATE LIMITS OF THE CITY OF ISANTI TO INCLUDE CERTAIN UNINCORPORATED PROPERTY (41.99 ACRES) OWNED BY BRENNAN AND REBECCA COX AND ABUTTING UPON THE LIMITS OF THE CITY OF ISANTI IN ATHENS TOWNSHIP PURSUANT TO MINNESOTA STATUTES 414.033, SUBD. 2(3), AND TO ZONE SUCH PROPERTY AS RECREATIONAL COMMERCIAL

WHEREAS, a certain petition dated October 31, 2016, requesting that the property as hereinafter described be annexed to the City of Isanti, Minnesota, was duly presented to this Council on the 15th day of November 2016; and,

WHEREAS, said property to be annexed is described as follows:

> That part of the Northeast Quarter (NE1/4) of Section Six (6), Township Thirty-four (34), Range Twenty-three (23), lying Easterly of the Easterly right-of-way line of the Burlington Northern Railway (formerly the Eastern Railway Company of Minnesota), excepting therefrom that part of said NE1/4 of Section 6, described as follows: Commencing at the Northeast corner of the Southeast Quarter of the Northeast Quarter (SE1/4 of NE1/4) of said Section 6; thence South along the East line of said Section 6, a distance of 208.7 feet for the point of beginning of the exception to be herein described; thence West and parallel to the North line of said Section 6 and to the Easterly right-of-way of said Burlington Northern Railway; thence Southerly following the Easterly line of said railroad right-of-way and to the South line of the NE1/4 of said Section 6; thence Easterly along the south line of the NE1/4 of said Section 6 to the Southeast corner thereof; thence North along the East line of the NE1/4 of said Section 6 to the point of beginning and there to terminate,
>
> Except the Northerly 243.75 feet of the Southerly 482.10 feet of the Easterly 547.29 feet and the Southerly 238.35 feet of the Easterly 592.87 feet,
>
> And, also excepting all that part thereof contained within the right-of-way of Polk Street Northeast.

WHEREAS, said petition was signed by all owners of the property; and,

WHEREAS, said property is unincorporated and abuts the City of Isanti on its Southerly boundary; and,

WHEREAS, said property is less than 120 acres; and,

WHEREAS, said property is not presently served by public sewer and water facilities or public sewer and water facilities are not otherwise available; and,

WHEREAS, the property to be annexed may be annexed by ordinance pursuant to Minnesota State Statutes Section 414.033, Subd. 2(3); and,

WHEREAS, the property shall be designated as a "RC" Recreational Commercial District under and pursuant to the Zoning Ordinance 445, Section 3, Subd. 3(b) and upon the City's zoning map, subject to amendment as provided by said ordinance; and,

WHEREAS, said property is proposed to be developed for recreational commercial purposes; and

WHEREAS, to facilitate said development, the property owner has requested city services be extended to said property at such time that they become available; and

WHEREAS, notice of public hearing was given to those parties specified in Minnesota Statutes 414.033, subd. 2b; and

WHEREAS, a public hearing was duly held by the Isanti City Council on the 20th day of December 2016; and

WHEREAS, provisions of Minn. Statute 414.033, subd. 13 are not applicable in that there will be no change in the electric utility service provider resulting from the annexation of the territory to the municipality.

NOW THEREFORE, THE CITY OF ISANTI DOES HEREBY ORDAINS AS FOLLOWS:

1. The City Council hereby determines that the property as hereinafter described is or is about to become urban or suburban in nature in that the conditions set forth in MN SS section 414.033, Subd. 2(3) apply, and said property is being developed for recreational commercial purposes which need or will need city services, including public sewer and water facilities, and that none of property is now included within the limits of any city.

2. **Territory annexed.** The corporate limits of the City of Isanti are hereby extended to include the following described territory, said land abutting the City of Isanti and being 120 acres or less in area, and is not presently served by public sewer and water facilities or public sewer and water facilities are not otherwise available, and the City having received a petition for annexation from all the property owners of the land, to wit:

   That part of the Northeast Quarter (NE1/4) of Section Six (6), Township Thirty-four (34), Range Twenty-three (23), lying Easterly of the Easterly right-of-way line of the Burlington Northern Railway (formerly the Eastern Railway Company of Minnesota), excepting therefrom that part of said NE1/4 of Section 6, described as follows: Commencing at the Northeast corner of the Southeast Quarter of the Northeast Quarter (SE1/4 of NE1/4) of said Section 6; thence South along the East line of said Section 6, a distance of 208.7 feet for the point of beginning of the exception to be herein described; thence West and parallel to the North line of said Section 6 and to the Easterly right-of-way of said Burlington Northern Railway; thence Southerly following the Easterly line of said railroad right-of-way and to the South line of the NE1/4 of said Section 6; thence Easterly along the south line of the NE1/4 of said Section 6 to the Southeast corner thereof; thence North along the East line of the NE1/4 of said Section 6 to the point of beginning and there to terminate,

Except the Northerly 243.75 feet of the Southerly 482.10 feet of the Easterly 547.29 feet and the Southerly 238.35 feet of the Easterly 592.87 feet.

The above described property consists of a total of 41.99 acres, more or less. Copies of the corporate boundary map showing the property to be annexed and its relationship to the corporate boundaries and an appropriate plat map are attached hereto.

3. **Population.** There are no people residing on the above described land.

4. **Property Taxes.** Pursuant to Minnesota Statutes 414.033, subd. 12, property taxes on annexations effective after August 1 of a levy year shall be payable to the Township of Athens, Minnesota for 2017. Thereafter, for property taxes payable in 2018, the property taxes shall be payable to the City of Isanti.

5. **Zoning.** Pursuant to Ord. No. 445, Section 3, Subd. 3(b), the property shall be designated as "RC" Recreational Commercial District.

6. **Filing.** The City Clerk is directed to file certified copies of this ordinance with the Chief Administrative Law Judge, the Township, the County Auditor and the Secretary of State.

7. **Effective date of annexation.** This ordinance takes effect upon its approval by the Chief Administrative Law Judge pursuant to Minnesota Statutes 414.033, subd. 7.

Passed and Adopted by the City Council of Isanti, Minnesota this 20th day of December 2016.

The meeting date was changed due to the discussion which took place in regards to K. 3 below.

I. Council Committee Reports

Councilor Lundeen reported that during a Fire District Meeting last Wednesday, it was brought to his attention that recently due to a methane fire at Ever Cat Fuels, three or four sets of turn-out gear were ruined. These cost about $7,000. Ever Cat stated they are going to pay for the gear and they are also working with the Fire District to find grants to get special equipment to fight these specialty types of fires. The Mayor stated he is aware of only two fires in the past seven years. The Mayor requested that if the Council was going to be stating who has had a fire, we do it each and every time, so as not to point fingers. Councilor Lundeen stated that this was a specialty fire, which was why he brought it up, and stressed that Ever Cat Fuels has stepped forward and is working together with the Fire District to get the specialty equipment needed.

J. Public Hearings

1. **Ordinance Approving the Annexation and Zoning Request from Brennan and Rebecca Cox of Parcel No. 01.006.0505 into the City of Isanti and for such property to be Zoned Commercial Recreation**

Bruce Yerigan, property owner of 1426 Fourth Avenue SW, approached the podium to express his opposition to the annexation of this property for commercial use. He questioned the City's interest in doing so. It is his belief that it is his property which adjoins to it which actually allows this property to be annexed. He also questioned if annexed, if there is a plan to extend utilities and water through, and would there be an opportunity for a liquor license to be granted with that zoning classification? He explained when he purchased his property, they he had a preliminary plat on the property. The City had said they were interested in extending that preliminary plat beyond the termination date and when they approached the City to do that before it expired, the City decided then not to extend that agreement. Mr. Yerigan questioned why the City would approve annexing more property (which has to jump over his), when they were not interested in extending the plat. He also stated that according to his recollection one of the issues with his plat was the township road was coming to his property.

The Mayor addressed Mr. Yerigan's concerns. He explained the usage of this property would be zoned commercial/recreation. That the Cox's are looking to have a retreat/event center which would host corporate retreats, weddings and a number of other similar types of events. Mr. and Mrs. Cox have petitioned to come into the City of Isanti. They could apply for a City liquor license once they are in the City, and they would have to comply with the rules and regulations for the liquor license. The Mayor also explained they would not have utilities and water extended initially. The City does not extend utilities unless more areas would be developed, and there would be a need to have utilities extended. If that occurs, each individual developer would need to extend the utilities. There are many variables/options in how and when it would be extended. So, at this point, the City is not planning the property to be on city water and sewer. The Mayor explained the City has a number of properties within the City which are not on City sewer and water. The Mayor further expressed that the City looks at this as a favorable property to bring into the City and the property owner has petitioned to do so.

Mr. Yerigan questioned why the City views it as benefit to bring in a property that would not be hooked to City water and sewer, asking the Council what it is that is favorable? Mayor Wimmer answered yes, and explained that Isanti is very much an event type city. That this property and the proposed commercial/recreation use would be beneficial to the area. Mr. Yerigan questioned whether there were any

other facilities within the City that could be used for the same purpose? The Mayor responded the City does not currently have any commercial/recreation zoned property in the City of Isanti. But it will help the City by drawing people into the area. Mr. Yerigan asked if this is a new zoning classification. The Mayor explained it is nothing new being created, this zoning has been in the comp plan since approximately 2008. Mr. Yerigan finished by stating he wanted it to be on record that he is opposed to the City annexing this property for that use. He is concerned that the noise, assuming with an event center there would more than likely be some sort of music etc., the possibility of a liquor license and what it all means to the residents around that area which is now a rural setting.

Craig Bjorklund, 27072 Polk Street, approached the Council at the podium. Mr. Bjorklund informed the Council that he owns the land just south of the proposed annexed property. He expressed concern of the road system. He questioned, if approved, what would be done with the road? Mr. Bjorklund stated where you enter there is a curve, there is no turn lane, and no acceleration lane. Based on the proposed use of the property, he felt there could be hundreds of cars in and out of there. Since that road has been tarred, there have been a lot of children riding bike and playing in the road. He said that families use that road to walk their dogs, etc. He does not believe the road where you enter is going to be able to handle the traffic. He asked what restrictions does the City have with moving forward? The Mayor explained it is a township road and we don't control those roads, just as we don't control State or County roads. Mr. Bjorklund questioned how many commercial properties are on township roads. The Mayor believed this to be the first. He added that townships also have commercial properties on township roads. Mr. Bjorklund stated that the City would be jumping over residential and Isanti Township to put something in that we don't even have the right roadways to service. If you are going to put something in like this, it needs to have turn lanes, and acceleration lanes. The Mayor reiterated that it is the property owner that is petitioning to come into the City, not the City trying to grab this property and that it is a good project. Mr. Bjorklund commented that it is probably a good project, but it is not in the right location. He does not believe safety has been looked at with the project.

Kristine Yerigan, property owner of 1426 Fourth Avenue, approached the podium. She asked how far away the nearest commercial property is to this proposed annexed property? Mayor Wimmer estimated it would be up near Railroad, probably the VFW. Ms. Yerigan commented that it seems like the zoning is disorderly. The Mayor explained it is recreational/commercial the intensity of use is different. He further explained that we have not received any negative input from Athens Township itself, unlike other townships input when we annexed other property. Ms. Yerigan requested to have someone further explain commercial/ recreational zoning. She wanted clarification on what is allowed and what is not allowed. Roxanne Achman, Community Development Director for the City of Isanti, explained that a commercial/recreational district is a park with additional amenities. For instance, we would allow animals on property zoned for commercial/recreation. It is not something we would want right in our commercial business district, only something we would want in a commercial/recreational district. There is the ability to have businesses, not elaborate businesses, but smaller businesses that are related to the recreational use. Ms. Yerigan asked if the zoning allows campers, or could there be overnight stays. Ms. Achman did not think they had that in the zoning code. The Mayor explained it would depend on if there were structures that would allow overnight stays. The Mayor added that they cannot say the zoning will never change, but that is not the intention of this project.

Bruce Yerigan, approached the podium again. He pointed out that the commercial property they own in Isanti (brought up previously in the discussion) was built before there were any houses around it. He said there were houses built around it after the fact, in this commercial zoning area (industrial). There was enough concern with what they were allowed to do in their building, that they had to spend several thousands of dollars to fight to keep their zoning in a commercial area. Mr. Yerigan stated there was such a

concern about disruption for the residential neighborhood, that the city actually changed the zoning. He pointed out that if there is a concern about noise into residential area, what benefit would it be to the city to add this commercial property into a residential neighborhood.
Councilor Lorinser explained that to his knowledge, the zoning was changed in the last comp plan because the industrial district moved to the north end of the City, and that we didn't want to continue to add industrial businesses to that area. In his recollection, it had nothing to do with the noise of the businesses. The businesses that were already there, can be there and continue to operate status quo. Lorinser explained that we just didn't want to have that area expand because we have an industrial district to the north. The Mayor explained again that the recreational/commercial is vastly different than just a commercial area. A majority of the area will be an open, natural area. In regards to the noise, there are noise ordinances that would still apply. That a special event permit would be needed if they wanted to go beyond the designated hours of the noise ordinance. Mr. Yerigan also agreed with Mr. Bjorklund in the safety issue of the roads and thought that the Council should take that into consideration as well.

Diane Bjorklund, 27072 Polk Street, approached the podium. She also expressed her opposition to the annexation of this property. She attended every meeting at Athens Township and she did not believe that there was anyone from the city in attendance of those to hear what was going on. She stated that it is not wanted in the area. That it is a residential area and there are a lot of kids that use those roads to ride their bikes, walk, rollerblade, etc. She believes that if anyone on the Council lived there, that they wouldn't want it, and she does not want it. She did not have a problem with them annexing the property, she has a problem with what they are proposing to do on the property. She understands why the city wants to bring it in, that it's more tax money. The usage is the problem she is concerned with. Councilor Bergley asked Ms. Bjorklund if she knew how many attended the Athens Township Meeting. She answered "Quite a few, it got very hot and heated." Councilor Lorinser commented that it is surprising to hear because Athens Township has said nothing to Isanti.

Mr. Yerigan approached the podium again and said he was told from the Athens Township Board Representatives that they had limitations as to what they can even say at a City Council Meeting to oppose it. Mayor Wimmer replied that was not even remotely accurate. Years ago, when there was an annexation issue with Isanti Township, every single board member was here and were vehemently opposed to it. He added it was the only time in ten years he had to use his gavel. The City was jam packed with township people. So, that is not an accurate statement.

Mayor Wimmer then closed the public hearing.

Councilor Lundeen asked how this would affect the surrounding property, would they be annexed in too? The Mayor responded it would be up to the individual property owners. If they would like to petition to be annexed into the city, they would be welcome to do so. Lundeen thought it would create a donut hole (being surrounded by township properties). The Mayor explained it would not, if it were, we could not annex it. That this property is connected to the City. Councilor Bergley wanted to confirm by voting on this, we are only voting to annex this property into the city, it has nothing to do with roads, usage, etc. Lorinser added that as the property is developed we would look at items such as safety. That we do not know at this point if it would be a several cars to a lot of cars, we don't have that information yet. Lorinser reiterated that we are not going to put the public's safety at risk for traffic coming in and out of that business, and that it will be dealt with when further proposals come in. Mr. Yerigan then repeatedly interrupted and was escorted out of the meeting. Councilor Lorinser continued stating that the safety will be dealt with through the normal process of approval of requested uses and permits. We will not allow mass traffic to go out to that property being uncontrolled and will make sure there is safe travel on that road.

Motion by Lorinser, second by Collison to approve the annexation and zoning request from Brennan and Rebecca Cox of Parcel No. 01.006.0505 into the City of Isanti and for such property to be zoned commercial recreation. Motion carried unanimously.

1. **Report on Library Link and Extension of Agreements for 2017** ***(Barbara Misselt, Library Director)***
   a. **<u>Resolution 2016-359</u> Approving Partnership Agreements Between the City of Isanti and the East Central Library and the Isanti Area Friends of the Library**

Barbara Misselt reported on the Library Link Site which provides a link to the library services at East Central Regional Library. Isanti's outreach librarian is Tim Olson. On Wednesdays, he is Isanti; Mondays, Braham; and Tuesdays, Onamia. He also does bi-weekly service to Giese, Duquette, Jacobson, Hill City and McGrath. This is a specialized service. People can call in and tell him their request for a specific book or similar, and he will bring it the next time he's at their location. The operations are funded by the Cities, Counties and the State. The citizen volunteer group called "The Friends" also provide support. An annual evaluation to determine the continued value of the service is a requirement of the Agreement. The most recent evaluation demonstrates there has been a slight increase in usage. In 2016, Isanti has averaged about 25 visits per day. In 2015 we averaged 23 visits per day. We provide books, but also provide information and answers questions. Mr. Olson has answered 279 of those 'hard' questions in 2016. The Mayor wanted to reiterate that communication regarding changes needs to be between ECRL and "the Friends" and it is not a City Staff issue. Mayor also stated that the agreement with Library Link has been very successful and beneficial. Councilor Bergley stated he visits at least monthly and agrees Tim is very helpful. Councilor Lorinser added that this is a perfect example of multiple entities looking outside the box to make something happen. This is a product due to lack of funding for a building in Isanti, and then progressed to the idea of a link site. Now there are eight communities serviced with a library.

Motion by Lundeen, second by Bergley to approve Resolution 2016-359 as presented. Motion carried unanimously.

2. **Discussion on the Third Amendment to the Joint and Cooperative Agreement for the Cambridge-Isanti Bike Walk Trail** ***(Mayor Wimmer)***

Mayor Wimmer informed the Council that the reason this topic was brought back is because Cambridge has decided not to vote to approve the amendment they had asked us to work on, and that our attorney had put together. It is the Mayor's belief that they want to see what the County is doing with their trail. At this point he is asking the Council to rescind our approval of support and then just leave our bike-trail committee the way it is, and to not look at it again until they have already approved it.

Motion by Lorinser, second by Lundeen to rescind our approval of support for the Third Amendment to the Joint and Cooperative Agreement for the C-I Bike Walk Trail. Motion carried unanimously.

   a. **Update on Isanti County Trail & Bikeway Master Plan Process**

Mayor Wimmer gave an update on the Master Plan Process. In April or May, they are hoping to have a basic overlay of where they would like to see trails within Isanti County and then connecting to other trails from other counties. Congressman Nolan is on board with the idea and is looking at a five-county overlay as well down the road. Our push is a connection over to North Branch that ties into Sunrise Trail which is part of Route 41 which goes from the Cities, all the way up to Grand Portage. Mayor is pushing for the connection to North Branch from Isanti, which would make us the hub. It makes sense to connect to the trails that are already there and done.

3. **Discussion Regarding Planning Commission**

The Mayor stated that we currently have three vacancies on the current Planning Commission board. It was previously discussed and approved to change from a seven-member to a five-member commission because

we had people leave and could not find replacements. Now, we have two members that had terms end, and those members did not reapply. We have also not received any new applicants. Currently if a member cannot make it, we would not have a quorum and planning would be held up for another month. The Mayor proposed to change membership to the reflect that of Economic Development Authority. He proposed having the five city council members along with two citizen members. We would then move the Planning Commission meeting to the third week of the month (currently it is held the second). It would immediately follow the second city council meeting of the month.

Motion by Lundeen, second by Bergley to approve changing the Planning Commission. Motion carried unanimously.

City Administrator Don Lorsung asked for confirmation that with this motion, City Staff is directed to prepare the necessary amendments and notices and bring them back to the next City Council Meeting. The Mayor confirmed that was correct.

Mayor Wimmer announced that the Council would go into a brief recess and instructed those at the meeting to clear the Chambers. Council would then go into closed session to discuss Labor Negotiations.

N. Closed Session

1. Labor Negotiations

Council went into closed session at 8:05 p.m.

At 8:15 p.m. Council came out of closed session. Mayor Wimmer requested that Labor Attorney Frank Madden to provide a summary of the closed session. Attorney Madden explained what was discussed was the tentative agreement for a three-year contract between the city and LELS. It is subject for ratification by

the union and subject to formal approval by the Council in a public setting. Without getting into great detail about it, it is a settlement that is for three years with standardized wage increases, a few new items, and a few problems items were corrected, with one in particular relating to tuition reimbursement. There is a consensus in favor.

Motion by Lorinser, second by Lundeen to approve the tentative agreement as presented by Labor Attorney Frank Madden. Motion carried unanimously.

Adjournment
Motion by Lundeen, second by Bergley to adjourn. Motion carried unanimously. The meeting was adjourned at 8:17 p.m.

MEMO

To: **Mayor and City Council**
From: Lindsey Giese, Human Resources/City Clerk
Date: December 28, 2016
Subject: Approval of Wine License and Sunday Sales for Genevieve's LLC dba Café Genevieve's

Background:
Genevieve's LLC dba Café Genevieve's (Owner Genevieve Saniti) has submitted an application for a 3.2% Malt Liquor On-Sale License, a Wine License and a Strong Beer license. Café Genevieve's will be taking over the location of the previous business, The Green Table, within the City of Isanti located at 4 Enterprise Avenue NE Suite 5. A background check has been completed by the Chief of Police, and the applicant and business successfully passed the liquor license background.

3.2% Malt Liquor On-Sale License:
Per City Code, Chapter 76-14 Types of Licenses, Subdivision C.1, the City may issue 3.2% malt liquor license to restaurants. Café Genevieve's is a new restaurant within the City of Isanti, located at 4 Enterprise Avenue NE, Suite 5.

Wine License:
Per City Code, Chapter 76-14 Types of Licenses, Subdivision B, 1, with City Council approval, wine licenses may be issued contingent on approval from the Commissioner of Public Safety to restaurants having facilities for seating of at least 25 people at one time for the sale of wine not exceeding 14% alcohol by volume for consumption on the licensed premises in conjunction with the sale of food. Genevieve's LLC dba Café Genevieve's has seating of at least 25 people at one time and will be selling wine in conjunction with food.

Strong Beer:
Minnesota State Law and City Ordinance allows a holder of an on-sale wine license who is also licensed to sell 3.2% on-sale liquor, and whose gross receipts are attributed to 60 percent of the sale of food, can sell strong beer without an additional license. Café Genevieve's is anticipating to have sales be attributed to at least 60 percent food and has requested approval for the above listed licenses.

Sunday Sales:
Per City Code Chapter 76-14, Subdivision B & D, a wine license authorizes the sale of wine on all days of the week *unless* the Council restricts the license's authorization to the sale of wine on all days except Sundays. Therefore, Café Genevieve's, so long as a wine license is held, and the Council does not object to Sunday sales, a separate On-Sale Sunday license is not required.

Fees Proration:
Per City Code Chapter 76-17, Subdivision D, licenses issued that are to become effective other than on the first day of the licensed year, shall be a pro rata share of the annual license fee. At the time of the application, Ms. Saniti paid fees in full. The Wine license fee of $300 was paid and $250 for a malt liquor license. Café Genevieve's, if approved by Council, will only be in operation of the license for a period of three months before the annual required renewal occurs. Therefore, Ms. Saniti is due a total refund of $412.50 for 3 out of 12 months of operation for the valid licenses listed above.

Requested City Council Approval:

- Approval of a 3.2% Malt Liquor On-Sale License
- Approval of a Wine License
- Approval for Sunday Sales for 3.2% Malt Liquor & Wine
- Approval of refunding prorated fee to Genevieve's LLC dba Café Genevieve's

- Resolution Authorizing a 3.2% Malt Liquor License, Wine License, Strong Beer License and Sunday Sales for Genevieve's LLC dba Café Genevieve's

RESOLUTION 2017-XXX

RESOLUTION AUTHORIZING A 3.2% MALT LIQUOR ON-SALE LICENSE, A WINE LICENSE, A STRONG BEER LICENSE, AND SUNDAY SALES FOR GENEVIEVE'S LLC DBA CAFÉ GENEVIEVE'S

WHEREAS, the City has received an application for a Wine License (inclusive of Sunday sales) as well an application for 3.2% Malt Liquor On-Sale License and an application for Strong Beer from Genevieve's, LLC dba Café Genevieve's; and,

WHEREAS, the location of the establishment is correctly zoned for the proposed operation of said establishment; and,

WHEREAS, the applicant has provided proof of liquor liability and workers' compensation insurance; and,

WHEREAS, Minnesota State Law and City Ordinance allows a holder of an on-sale wine license who is also licensed to sell 3.2% malt liquor on-sale, and whose gross receipts are attributed to 60 percent of the sale of food, to sell strong beer without an additional license; and,

WHEREAS, Genevieve's LLC dba Café Genevieve's has been approved for a 3.2% malt liquor on-sale license and wine license inclusive of Sunday sales (as indicated above) and anticipates sales to be attributed to at least 60 percent food; and,

WHEREAS, the required fees for the licenses and background check have been paid in full and upon approval will require a reimbursement of a prorated fee; and,

WHEREAS, the City has conducted a background check on the applicant for the 3.2% malt liquor on-sale license, wine license and strong beer license and found no reason to deny the licenses; and,

WHEREAS, the effective date of the 3.2% malt liquor on-sale license shall be the date of Council adoption through March 31, 2017 when annual renewals are required; and,

WHEREAS, the effective date of the wine and strong beer license shall be determined by the State of Minnesota Alcohol and Gambling Enforcement Division per all state requirements being met.

NOW, THEREFORE, IT IS HERBY RESOLVED by the City Council of the City of Isanti, Minnesota that:

1. That the City approves authorization to issue a wine license, a 3.2% malt liquor on-sale license and a strong beer license to Genevieve's LLC dba Café Genevieve's, inclusive of the authorization to sell wine on Sundays in accordance with the Isanti City Code. Authorization is contingent upon all local and State requirements being met and receipt of all required documentation.
2. That staff is hereby authorized to sign all required documents to provide for the issuance of the 3.2% malt liquor on-sale license, the wine license with Sunday sales, and the strong beer license.

3. That staff is able to proceed forward with submission to the Commissioner of Public Safety for a Wine license and Strong Beer license for Genevieve's LLC dba Café Genevieve's.
4. The Wine and Strong beer licenses are issued by the State, and Genevieve's LLC dba Café Genevieve's is not authorized to sell wine or strong beer until the state authorizes and issues the appropriate licenses. Also, Café Genevieve's must hold off on Sunday sales until authorized by the Commissioner of Public Safety. The Commissioner of Public Safety indicates the license may be subject to a pre-license inspection by the Minnesota Department of Public Safety.

This resolution was duly adopted by the Isanti City Council this 3rd day of January, 2017.

Request for Council Action

To: Mayor Wimmer
Members of the City Council

From: Roxanne Achman
Community Development Director

Date: January 3, 2017

Subject: Request from the City of Isanti to Repeal and Replace Chapter 119 Open Burning in its Entirety and Replacing it with New Provisions.

Background

The Development and Operations Advisory Committee has been reviewing MN State Statute in regards to the provisions of open burning. It is in the interest of DOAC to have the City take over the permitting of open burning permits rather than allowing the Fire District, DNR or authorized Fire Wardens the ability to issue permits within the city limits. This will provide City Officials and Staff more control over the situtaitons, ensure the burns are known about well in advance and so that they do not occur during a special event.

City Code Chapter 119 Burning, Open, has been completely redrafted. The provisions outlined within Chapter 119 follow the regulations within MN State Statute regarding open burning. Staff consulted MN State Statute, the League of MN Cities, City Attorney Joslin and several Cities with similar ordinances.

It was determined by DOAC that the Police Department will manage the open burning permits. Chief Hill will be authorized to work with the applicant to properly fill out the application, pay the fee, and to obtain an accurate description of the burn. Once a completed application has been submitted, City Council will take action on the permit, determining whether to approve, deny, or approve with conditions. The applicant must contact Chief Hill a minimum of one day prior to the burn for final approval to burn in order to ensure proper conditions and to check for any buring bans that may be in place.

A permit fee of $40 is suggested. MN State Statutes allows for a reasonable fee to be associated with open burning permits.

A Delegation of Authority Form will be submitted to the DNR to officially transfer authority to the City and to ensure their website states that the City is the permitting authority.

ORDINANCE NO. XXX

AN ORDINANCE REPEALING CHAPTER 119 BURNING, OPEN IN ITS ENTIRETY AND REPLACING WITH NEW PROVISIONS

THE CITY COUNCIL OF THE CITY OF ISANTI DOES ORDAIN:

Chapter 119

Burning, Open

ARTICLE I
General Provisions
119-1. Definitions
119-2. Provisions Adopted by Reference

ARTICLE II
Open Burning
119-3. Purpose.
119-4. Permit.

ARTICLE I
General Provisions
[Adopted 1-03-2017 by Ord. No. XXX]

119-1. Definitions.

The following words, terms and phrases, when used in this chapter, shall have the meaning ascribed to them in this section, except where the context clearly indicates a different meaning.

OPEN BURNING – The burning of any matter if the resultant combustion products are emitted directly to the atmosphere without passing through a stack, duct or chimney, except a recreational fire.

PROHIBITED MATERIALS –

(a) No person shall conduct, cause or permit open burning of oils, petroleum fuels, rubber, plastics, chemically treated materials, or other materials which produce excessive or noxious smoke such as tires, railroad ties, treated, painted or glued wood, composite shingles, tar paper, insulation, composition board, sheetrock, wiring, paint or paint fillers.

(b) No person shall conduct, cause or permit open burning of hazardous waste or salvage operations, or open burning of solid waste generated from an industrial or manufacturing process or from a service or commercial establishment or building material generated from demolition of commercial or institutional structures. No person shall conduct, cause or permit open burning of discarded material resulting from the handling, processing, storage, preparation, serving or consumption of food.

RECREATIONAL FIRE – A fire set with approved starter fuel no more than three feet in height, contained within the border of a recreational fire site using dry, clean wood; producing little detectable smoke, odor or soot beyond the property line; conducted with an adult tending the fire at all times; for recreational, ceremonial, food preparation or social purposes; extinguished completely before quitting the occasion; and respecting weather conditions, neighbors, burning bans, and air quality so that nuisance, health or safety hazards will not be created. Mobile cooking devices such as manufactured hibachis, charcoal grills, wood smokers and propane or natural gas devices are not defined as recreational fires.

RECREATIONAL FIRE SITE – an area of no more than a three-foot diameter circle (measured from the inside of the fire ring or border); completely surrounded by non-combustible and non-smoke- or odor-producing material, either of natural rock, cement, brick, tile or blocks or ferrous metal only and which area is depressed below ground, on the ground, or on a raised bed. Included are permanent outdoor wood burning fireplaces. Burning barrels are prohibited and are not a recreational fire site as defined herein. Recreational fire sites shall not be located closer than 25 feet to any structure.

STARTER FUELS – Dry, untreated, unpainted kindling, branches, or cardboard, or charcoal fire starter. Paraffin candles and alcohols are permitted as starter fuels and as aids to ignition only. Propane gas torches or other clean gas burning devices causing minimal pollution must be used to start an open burn.

WOOD – Dry, clean fuel only such as twigs, branches, limbs, "presto logs," charcoal, cord wood or untreated dimensional lumber. "Wood" does not include wood that is green, with leaves or needles, rotten, wet, oil soaked, or treated with paint, glue or preservatives. Clean pallets may be used for recreational fires when cut into three-foot lengths:

119-2. Provisions adopted by reference.

The provisions of Minn. Stats. §§ 88.16 and 88.17 and Minnesota State Fire Code (where adopted), are adopted by reference and made a part of this Code as if fully set forth at this point.

ARTICLE II
Open Burning

119-3. Purpose.

The purpose of this article is to establish permitted categories of open burn events for residences and farms within the city and provide for a permitting process for residential and agricultural open burning, except when such open burning is defined as a "recreational fire" as prescribed in this article.

119-4. Permit.

A. No person shall start or allow any open burning on any property in the city without first having obtained an open burn permit, except that a permit is not required for any fire that is a recreational fire as defined herein.

B. Application and Fees.

(1) Open burning permits shall be obtained by making application on a form prescribed by the department of natural resources (DNR) and Minnesota Pollution Control Agency (MPCA) and adopted by the city. The permit application shall be presented to the Police Chief, or his or her designee, for reviewing and processing said applications.

(2) An open burning permit shall require a nonrefundable application fee. Application and permit fees shall be as prescribed in the fee schedule.

C. Issuance Process.
A burning permit application may be picked up at City Hall. Applicants shall return a completed application, to the Police Department. The request will then be submitted to the City Council for review and action. Once the permit is approved by the City Council the materials to be burned

may then be piled for burning at which time a second inspection shall be scheduled to assess volume of material, and review fire safety considerations. One day before burning, the permit holder shall notify the City of Isanti Police Department of the proposed burn. The Police Chief has the authority determine that an open burn is not appropriate on the permitted date(s) due to a burning ban, air quality alert, weather, or other reasonable conditions. The Police Department shall notify the Mayor whether the burn will occur or not.

D. Issuance Standards.

(1) Open burn permits may be issued only for the following purposes:

(a) Elimination of fire or health hazard that cannot be abated by other practical means.

(b) Ground thawing for utility repair and construction.

(c) Disposal of vegetative matter for managing forest, prairie or wildlife habitat, and in the development and maintenance of land and rights-of-way where chipping, composting, land spreading or other alternative methods are not practical.

(d) Disposal of diseased trees generated on site, diseased or infected nursery stock, and diseased bee hives.

(e) Disposal of unpainted, untreated, non-glued lumber and wood shakes generated from construction, where recycling, reuse, removal or other alternative disposal methods are not practical.

(2) Fire training permits can only be issued by the Minnesota Pollution Control Agency (MPCA). No fire may be allowed to smolder with no flame present.

(3) Open burning shall only be permitted on the date(s) outlined on the permit.

(4) Open burning may only occur on the property of the person requesting the permit.

119-X. Denial

If established criteria for the issuance of an open burning permit are not met, or if during review of said application it is determined that a practical alternative method for disposal of the material exists, or a pollution or nuisance condition would result, or if a burn event safety plan cannot be drafted to the satisfaction of the Police Chief, designee or City Council, the application for the open burning permit may be denied.

119-X. Permit holder responsibility

A. Prior to starting an open burn, the permit holder shall be responsible for confirming that no burning ban or air quality alert is in effect. Every open burn event shall be constantly attended by the permit holder or his competent representative. The open burning site shall have available,

appropriate communication and fire suppression equipment as set out in the fire safety plan. The open burn fire shall be completely extinguished before the permit holder or his representative leaves the site. It is the responsibility of the permit holder to have a valid permit, as required by this article, available for inspection on the site by the city police department, fire department, Minnesota Pollution Control Agency (MPCA) representative, and/or department of natural resources (DNR) forest officer.

B. The permit holder is responsible for compliance and implementation of all general conditions, special conditions and the burn event safety plan as established in the permit issued. The permit holder shall be responsible for all costs incurred as a result of the burn, including, but not limited to, fire suppression and administrative fees.

119-X. Revocation

The open burning permit is subject to revocation at the discretion of the Minnesota Pollution Control Agency (MPCA) commissioner, or department of natural resources (DNR) forest officer, the fire chief, or the police chief or designee. Reasons for revocation include, but are not limited to: a fire hazard existing or developing during the course of the burn, any of the conditions of the permit being violated during the course of the burn, pollution or nuisance conditions developing during the course of the burn, or a fire smoldering with no flame present.

119-X. Violations and penalties.

Any person violating any provision of this chapter is guilty of a misdemeanor and upon conviction shall be punished by a fine of not to exceed $1,000 or imprisonment for a period not to exceed 90 days, or both, plus costs of prosecution in either case.

EFFECTIVE DATE
This Ordinance takes effect upon its passage and publication in the official newspaper of the City of Isanti.

Authorization to Issue Open Burning Permits

Open Burning of Vegetative Materials

Date: _____

The Commissioner of Natural Resources, under the authority of M.S. 88.18, appoints the official named below as a fire warden in his/her respective district.

County: Isanti _____ City: Isanti _____

The official is authorized to:

- Write open burning permits for vegetative materials, as allowed under Minnesota Statutes 88.01 to 88.22.
- Inspect material to be burned prior to issuing a burning permit.
- Order a fire to be extinguished when necessary.
- Revoke or limit a permit to burn when necessary.
- Refuse to issue a permit to burn when necessary.

This authorization extends to the official's staff, who may issue permits under the official's supervision. Under M.S. 88.04, subd. 4, the Commissioner of Natural Resources exercises general supervision and direction. The Commissioner of Natural Resources and designated officials shall cooperate in the regulation and control of wildfires within the district. Under M.S. 88.22 the Commissioner of Natural Resources may impose burning bans and other prohibitions when conditions warrant. The designated official may impose regulations that are more restrictive than the Commissioner's regulation, when acting in cooperation with a forest officer. This authorization does not limit the Commissioner's authority to issue open burning permits in the above-named jurisdiction, and the local DNR office shall notify the designated official of permits within the jurisdiction issued from its offices.

By our signatures, we approve and acknowledge this appointment.

cc: St. Paul, Forest Management and Protection – Section Manager

88.17 PERMISSION TO START FIRES; PROSECUTION FOR UNLAWFULLY STARTING FIRES.

Subdivision 1. **Permit required.** (a) A permit to start a fire to burn vegetative materials and other materials allowed by Minnesota Statutes or official state rules and regulations may be given by the commissioner or the commissioner's agent. This permission shall be in the form of:
(1) a written permit issued by a forest officer, fire warden, or other person authorized by the commissioner; or
(2) an electronic permit issued by the commissioner, an agent authorized by the commissioner, or an Internet site authorized by the commissioner.
(b) Burning permits shall set the time and conditions by which the fire may be started and burned. The permit shall also specifically list the materials that may be burned. The permittee must have the permit on their person and shall produce the permit for inspection when requested to do so by a forest officer, conservation officer, or other peace officer. The permittee shall remain with the fire at all times and before leaving the site shall completely extinguish the fire. A person shall not start or cause a fire to be started on any land that is not owned or under their legal control without the written permission of the owner, lessee, or an agent of the owner or lessee of the land. Violating or exceeding the permit conditions shall constitute a misdemeanor and shall be cause for the permit to be revoked.

Subd. 2.[Repealed, 1993 c 328 s 32]

Subd. 3. **Special permits.** The following special permits are required at all times, including when the ground is snow-covered:
(a) **Fire training.** A permit to start a fire for the instruction and training of firefighters, including liquid fuels training, may be given by the commissioner or agent of the commissioner. Except for owners or operators conducting fire training in specialized industrial settings pursuant to applicable federal, state, or local standards, owners or operators conducting open burning for the purpose of instruction and training of firefighters with regard to structures must follow the techniques described in a document entitled: Structural Burn Training Procedures for the Minnesota Technical College System.
(b) **Permanent tree and brush open burning sites.** A permit for the operation of a permanent tree and brush burning site may be given by the commissioner or agent of the commissioner. Applicants for a permanent open burning site permit shall submit a complete application on a form provided by the commissioner. Existing permanent tree and brush open burning sites must submit for a permit within 90 days of the passage of this statute for a burning permit. New site applications must be submitted at least 90 days before the date of the proposed operation of the permanent open burning site. The application must be submitted to the commissioner and must contain:
(1) the name, address, and telephone number of all owners of the site proposed for use as the permanent open burning site;
(2) if the operator for the proposed permanent open burning site is different from the owner, the name, address, and telephone number of the operator;
(3) a general description of the materials to be burned, including the source and estimated quantity; and
(4) a topographic or similarly detailed map of the site and surrounding area within a one mile circumference showing all structures that might be affected by the operation of the site.
Only trees, tree trimmings, or brush that cannot be disposed of by an alternative method such as chipping, composting, or other method shall be permitted to be burned at a permanent open burning site. A permanent tree and brush open burning site must be located so as not to create a nuisance or endanger water quality.

Subd. 4. **Account created.** There is created in the state treasury a burning permit account within the natural resources fund where all fees collected under this section shall be deposited.

Subd. 5. **Permit fees.** (a) The annual fees for an electronic burning permit are:
(1) $5 for a noncommercial burning permit; and
(2) for commercial enterprises that obtain multiple permits, $5 per permit for each burning site, up to a maximum of $50 per individual business enterprise per year.
(b) Except for the issuing fee under paragraph (c), money received from permits issued under this section shall be deposited in the state treasury and credited to the burning permit account and,

except for the electronic licensing system commission established by the commissioner under section 84.027, subdivision 15, is annually appropriated to the commissioner of natural resources for the costs of operating the burning permit system.
(c) Of the fee amount collected under paragraph (a), $1 shall be retained by the permit agent as a commission for issuing electronic permits.
(d) Fire wardens who issue written permits may charge a fee of up to $1 for each permit issued, to be retained by the fire warden as a commission for issuing the permit. This paragraph does not limit a local government unit from charging an administrative fee for issuing open burning permits within its jurisdiction.

88.171 OPEN BURNING PROHIBITIONS.

Subdivision 1. **Continual.** Open burning prohibitions specified in this section are in effect at all times of the year.

Subd. 2. **Prohibited materials; exceptions.** No person shall conduct, cause, or permit open burning of rubber, plastics, chemically treated materials, or other materials which produce excessive or noxious smoke including, but not limited to, tires, railroad ties, chemically treated lumber, composite shingles, tar paper, insulation, composition board, sheetrock, wiring, paint, or paint filters. The commissioner may allow burning of prohibited materials when the commissioner of health or the local board of health has made a determination that the burning is necessary to abate a public health nuisance. Except as specifically authorized by the commissioner of the Pollution Control Agency as an emergency response to an oil spill, no person shall conduct, cause, or permit open burning of oil.

Subd. 3. **Hazardous wastes.** No person shall conduct, cause, or permit open burning of hazardous waste as defined in section 116.06, subdivision 11, and applicable commissioner's rules.

Subd. 4. **Industrial solid waste.** (a) No person shall conduct, cause, or permit open burning of solid waste generated from an industrial or manufacturing process or from a service or commercial structure.
(b) The commissioner may allow open burning of raw untreated wood if the commissioner determines that reuse, recycling, or land disposal is not a feasible or prudent alternative.

Subd. 5. **Demolition debris.** No person shall conduct, cause, or permit open burning of burnable building material generated from demolition of commercial or institutional structures. A farm building is not a commercial structure.

Subd. 6. **Salvage operations.** No person shall conduct, cause, or permit salvage operations by open burning.

Subd. 7. **Motor vehicles.** No person shall conduct, cause, or permit the processing of motor vehicles by open burning.

Subd. 8. **Garbage.** (a) No person shall conduct, cause, or permit open burning of discarded material resulting from the handling, processing, storage, preparation, serving, or consumption of food, unless specifically allowed under section 17.135.
(b) A county may allow a resident to conduct open burning of material described in paragraph (a) that is generated from the resident's household if the county board by resolution determines that regularly scheduled pickup of the material is not reasonably available to the resident.

Subd. 9. **Burning ban.** No person shall conduct, cause, or permit open burning during a burning ban put into effect by a local authority, county, or a state department or agency.

Subd. 10. **Smoldering fires.** Fires must not be allowed to smolder with no flame present, except when conducted for the purpose of managing forests, prairies, or wildlife habitats.

88.18 FIRE WARDENS.

The commissioner may appoint local government officials, authorized Minnesota pollution control agents, fire chiefs, or other responsible persons to be fire wardens in their respective districts.

88.22 WILDFIRE PREVENTION; PROHIBITIONS, BANNING; PENALTIES.

Subdivision 1. **Imposition of restrictions.** (a) **Road closure.** When the commissioner of natural resources shall determine that conditions conducive to wildfire hazards exist in the wildfire areas of the state and that the presence of persons in the wildlife areas tends to aggravate wildfire hazards, render forest trails impassable by driving thereon during wet seasons and hampers the effective enforcement of state timber trespass and game laws, the commissioner may by written order, close any road or trail leading into any land used for any conservation purposes, to all modes of travel except that considered essential such as residents traveling to and from their homes or in other cases to be determined by the authorized forest officers assigned to guard the area.

(b) **Burning ban.** The commissioner may also, upon such determination, by written order, suspend the issuance of permits for open fires, revoke or suspend the operation of a permit previously issued and, to the extent the commissioner deems necessary, prohibit the building of all or some kinds of open fires in all or any part of a wildfire area regardless of whether a permit is otherwise required; and the commissioner also may, by written order, prohibit smoking except at places of habitation or automobiles or other enclosed vehicles properly equipped with an efficient ash tray.

Subd. 2. **Dumping ban.** The commissioner may close any public or private dumping area, by posting such area as closed to dumping, whenever the commissioner deems it necessary for the prevention of wildfires. Thereafter no person shall deposit refuse of any kind within or adjacent to such closed area, or along the road leading thereto. The commissioner shall establish such minimum standards governing public and private dumping areas as the commissioner deems necessary for the prevention of wildfires.

Subd. 3. **Penalty.** Any violations of this section is a misdemeanor.

Request for City Council Action

To: **Mayor Wimmer and Members of City Council**

From: Josi Wood, Public Services Director/ Assistant City Administrator

Date: January 3, 2017

Subject: Consider Ordinance to Amend City Code 325-8 Taking water without authority; violations and penalties.

Background:
It has been brought to Staff's attention that some contractors have been using their own wrench to turn the curbstop (water valve box) on/off. Current City Codes states that tampering is prohibited, but an amendment should be considered under City Code 325-8 to be clear that it includes such action. Staff can only assume they have been doing so because of the time and/or brief waiting for Public Works or perhaps because they have been allowed to. There is no fee associated with authorized personnel, PW, coming out.

Staff is recommending the below underlined amendments to City Code:

§ 325-8. Taking water without authority; Operation of Curbstops; violations and penalties.

A. Taking water without authority, tampering with shutoff valves, water meters, meter systems, or installation of meter bypasses is strictly prohibited, and determination by the City Administrator or their designee that probable cause to believe that any such violation is occurring or has occurred, shall subject the customer and/or owner to immediate discontinuance of service and an estimated bill will be issued for unmetered water use. Discontinuance and reinstatement of water service by the City under this Section shall be subject to fees set forth in this Chapter. Repair or replacement of damaged meter equipment shall be charged to the customer and/or owner. All fees, cost for equipment repair or replacement, and the bill for unmetered water use shall be paid prior to restoration of water service.

B. Operation of Curbstops. The turning on/off of Curbstops (valve boxes) is strictly prohibited without prior approval from the City Administrator or their designee. In the event of a declared emergency, with prior approval as per this paragraph, curbstops may be turned off by a licensed plumber.

C. Violations and Penalties. The City reserves the right to pursue any applicable criminal charges for unauthorized taking of water in addition to any other penalties, costs or remedies provided under this Chapter or City Code Chapter 65, Administrative Penalties.

Development Operations and Advisory Committee Recommendation:
The DOAC Committee met on December 22, 2016 to discuss the need to have language added to clarify that the curbstop must not be turned on/off by unauthorized persons and the need to include language of

violation and penalty, if said action occurred, to include Administrative Citations. The Committee approved the language as presented in this document.

Request:
Staff is looking for action on this item.

ORDINANCE NO.

AN ORDINANCE AMENDING CHAPTER 325-8 TAKING WATER WITHOUT AUTHORITY; VIOLATIONS AND PENALITIES

THE CITY COUNCIL OF THE CITY OF ISANTI DOES ORDAIN:

Section 325-8, Taking water without authority; violations and penalties, of Chapter 325 of the Code of the City of Isanti is hereby amended to add the following text:

325-8. Taking water without authority; **Operation of Curbstops**; violations and penalties.

A. Taking water without authority, tampering with shutoff valves, water meters, meter systems, or installation of meter bypasses is strictly prohibited, and determination by the City Administrator or their designee that probable cause to believe that any such violation is occurring or has occurred, shall subject the customer and/or owner to immediate discontinuance of service and an estimated bill will be issued for unmetered water use. Discontinuance and reinstatement of water service by the City under this Section shall be subject to fees set forth in this Chapter. Repair or replacement of damaged meter equipment shall be charged to the customer and/or owner. All fees, cost for equipment repair or replacement, and the bill for unmetered water use shall be paid prior to restoration of water service.

B. Operation of Curbstops. The turning on/off of Curbstops (valve boxes) is strictly prohibited without prior approval from the City Administrator or their designee. In the event of a declared emergency, with prior approval as per this paragraph, curbstops may be turned off by a licensed plumber.

C. **Violations and Penalties.** The City reserves the right to pursue any applicable criminal charges for unauthorized taking of water in addition to any other penalties, costs or remedies provided under this Chapter **or City Code Chapter 65, Administrative Penalties.**

EFFECTIVE DATE

Subject: Resolution Adopting the City of Isanti Residential Rain Garden Incentive Program Materials

---

Background:
At its September 20, 2016 meeting, the City Council adopted the City of Isanti Residential Rain Garden Incentive Program policy. The 2017 Stormwater Fund budget includes $5,000 for the program.

At its December 22, 2016 meeting, the Finance Committee reviewed the reimbursement process, and recommended that a new line be created in the Stormwater Fund to streamline tracking of the reimbursements being paid out. The $5000 will need to be transferred to Stormwater-495.

City staff have created Residential Rain Garden Incentive Program materials. As written, the program will award 50% reimbursements, up to $500, to City of Isanti residents submitting complete application materials in the order they are received. Rain gardens will be installed and inspected by City Staff upon completion before reimbursements are given. Program participants will be asked to sign an agreement, which includes maintaining the garden for a minimum of 5 years.

Similar programs have proven successful in many cities throughout Minnesota and across the United States. Staff have looked to these programs for best practices in establishing the guidelines for the City of Isanti program.

Program materials include: promotional/educational brochure about rain gardens, program application (including planning resources), program agreement, a rain garden construction guide, and a reimbursement form.

Staff Request:
Staff are requesting that Council review the program materials. Upon approval, the materials will be posted for residents to begin applying by February 1, 2017.

RESOLUTION NO. 2017-XXX

A RESOLUTION ADOPTING THE CITY OF ISANTI RESIDENTIAL RAIN GARDEN INCENTIVE PROGRAM MATERIALS

WHEREAS, the City of Isanti believes that rain gardens are a powerful stormwater management tool; and,

WHEREAS, the City of Isanti adopted a Residential Rain Garden Incentive Program policy on September 20, 2016; and,

WHEREAS, City of Isanti residents are eligible to apply for the program to receive a 50% reimbursement up to $500; and,

WHEREAS, reimbursements will be funded through Stormwater (603-49500- 495); and,

WHEREAS, city staff have compiled program materials to educate the public on the benefits of rain gardens, to determine if their property is appropriate for a rain garden, resources for planning a residential rain garden, and application documents to be submitted to the City of Isanti; and,

WHEREAS, residents will have access to all materials through the City of Isanti website and at City Hall.

NOW, THEREFORE, IT IS HEREBY RESOLVED by the City Council of the City of Isanti, Minnesota to approve the City of Isanti Residential Rain Garden Incentive Program materials.

This resolution was duly adopted by the Isanti City Council this 3rd day of January, 2017.

Residential Rain Garden

Incentive Program

What is a rain garden?

Rain gardens are specifically designed to capture and naturally filter stormwater runoff. They are typically made up of native flowers, grasses, and shrubs, and are beautiful landscaping features.

Who cares about runoff?

Stormwater (rain) washes away sediment, chemicals, and other pollutants. If it doesn't get filtered first, all of those things end up back in the water we drink, cook with, and play in!

What can I do?

You can plant a rain garden at home - and the City of Isanti is here to help! You can apply for the reimbursement program to receive 50% (up to $500) of the cost to put in a rain garden. Through the process, you'll find lots of helpful hints and tips to guide you through planning your garden.

The application can be found online at cityofisanti.us or picked up at Isanti City Hall.

In a natural environment, rain generally soaks into the ground where it can be filtered before being returned to water sources. However, our streets, parking lots, sidewalks, and roofs cause the stormwater to run right into lakes, streams, and rivers. Rain gardens help to catch and filter some of this water with the help of native plants. The plants grow deep roots which help to stabilize the soil and slow down stormwater so pollutants can be removed.

Rain Garden Incentive Program

Rain Garden Incentive Program Information

In order to assist residents in installing rain gardens, the City of Isanti is offering a 50% reimbursement incentive program (up to $500) for design, plants, mulch, soil amendments, and related materials. Applicants must be City of Isanti residents, and the future rain garden must be installed within the City of Isanti limits. *Note: Rain gardens are not recommended for parcels entirely within the High Vulnerability Well Head Protection areas; contact the City to confirm you are not within this area.* More than one rain garden can be installed per parcel, but the total reimbursement will not exceed $500. Rain gardens must be at least 100 square feet, and installed in 2017. The selected participants must commit to keeping the rain garden on the property and maintaining it for five years.

Applications will be accepted between February 1, 2017 and May 1, 2017.

Incentive Program Process

1. Read all incentive program guidelines and resources for starting a rain garden. Determine if you have the time, resources, and space to construct a rain garden on your property.
2. Review resources online or find a rain garden specialist to help with soil testing, site evaluation, and garden design.
3. Submit a completed application to the City of Isanti by May 1, 2017.
4. The final plan for the rain garden, including cross section with depth of rain garden, must be approved by City Staff. The plan must be followed to receive the reimbursement. *No costs incurred before approval of program application will be reimbursed.*
5. During construction, retain original receipts for plants, mulch, compost, and other related materials to submit for reimbursement. Remember to take "during" and "after" construction photos. **Rain gardens must be constructed and planted by October 1, 2017.**
6. When installation is complete, contact city staff for a site visit and submit Post-Construction Reimbursement Form, and copies of original receipts, plus "during" and "after" photos to the City by **November 15, 2017.** All plants must be planted in the rain garden. Once these requirements are complete, a check in the amount of 50% of the actual documented approved costs up to $500, and not to exceed amount originally approved through the application process, will be issued within 4 to 6 weeks. **November 15, 2017 is the final deadline to submit any outstanding paperwork and qualify for reimbursement.**
7. At the City's discretion, rain garden photos may be posted on its website (or used in other City publications), along with other rain garden details and the rain garden plan. The rain garden may be included in a tour of rain gardens. City staff will notify residents prior to planned activities.

Please complete the application, including the site sketch and "before" photos, and submit by:

_____Contractor designed _____Self-designed

Rain gardens need weeding, watering, and mulching to preserve their health and function. At a minimum, you will need to cut or pull dead vegetation each spring and weed it 2 to 3 times per growing season. Check which box indicates your maintenance plan:

_____Contracted maintenance _____Self-maintained

Use the following pages to determine the specifications of your proposed rain garden. Read each section carefully and complete all tables and questions.

Is the preferred location of the rain garden appropriate?

Location Factor	
What are the approximate dimensions of the garden? (Must be at least 100 ft^2)	_____ft x _____ft = _____ft^2
Is the area designated for the garden flat or sloping?	_____Flat _____Sloping – by _____ %
What is the distance of rain garden from structure(s) and from adjacent property line? (Must be a minimum of 10 ft)	_____ft from structures _____ft from adjacent property line
What is the distance of rain garden from septic drain field? (Must be a minimum of 50 ft)	_____ft from drain field _____N/A
Are there buried utilities under the proposed location?	_____No _____Yes

The table below includes some factors to consider – will the rain garden reduce stormwater runoff in any of these ways?

Stormwater Factor	
Does your street have stormdrains? Does your neighborhood have stormwater pond(s)?	_____Yes _____No _____Unknown _____Yes _____No _____Unknown
Are there obvious signs of stormwater running off the property?	_____Yes _____No _____Sometimes If yes or sometimes, describe:
Does the property get stormwater runoff from another property?	_____Yes _____No If yes, describe:

Check any other management practices currently being used to treat stormwater on your property:

___ Rain Barrel ___ Stormwater Pond ___ Down Spout/Sump Diffuser ___ Other (describe below)

What impervious areas do you plan to capture water from? (Check all that apply.)

Drainage Area	Area in square feet
House roof – describe which portion(s):	
Garage roof – describe which portion(s):	
Driveway (only the portion that slopes to rain garden):	
Patio	
Other (please describe):	
Total Drainage Area	

Note: This table can be used to calculate "A" on the Percolation Test

The size of the rain garden depends on how much space is available on your property and how much water you can capture. Learn how to calculate the size of a rain garden by practicing with "Percolation Test" supplemental document.

Rain garden area and depth should be based upon the size of the drainage area you intend to serve (table above) and the infiltration rate of the site. The depth of a rain garden should equal the number of inches per day that will infiltrate based on your percolation test (worksheet attached).

- Percolation test results: _____ inches per hour
- Rain garden depth: _____ inches (same as "C" in percolation test results)
- Rain garden area: _____ ft^2

If the infiltration rate is less than 2 inches per hour, it is recommended that you amend your soil with a mixture of 75% sand and 25% compost and/or increase the depth of your garden.

Check how you plan to excavate the soil and what you will do with the excess soil:

Excavation Method	Soil Use
___ Shovel	___ Use for berm around garden
___ Mini-backhoe	___ Use or store elsewhere on site
___ Haul off site	___ Other:

Use the following tables to estimate the total cost of installing your proposed rain garden. These tables are meant as a guide, and may not include every expense that is needed for every situation.

Estimate the number of plants you intend to purchase for your rain garden using the spacing guidelines below. Native plant species or their cultivars that originate in Minnesota are recommended. Consult Blue Thumb (www.blue-thumb.org) for a comprehensive list of rain garden plants. Feel free to attach additional pages for your plant estimates.

Spacing Guidelines	
Plugs	12"-15" spacing (therefore, ~100 plants/100 square feet of garden)
2"-4" pots	15"-18" spacing (therefore, ~56 plants/100 square feet of garden)
6"+ pots	Spacing depends on species
Shrubs	Spacing depends on species

Plant Species	Number of Plants	Price Each	Price Total

Grand Total = _____

My rain garden will be installed by (check one): _____ Me _____ A Contractor

Materials estimates: please estimate the materials costs using both tables below:

Material	Unit Costs	Size (ft^2)	Cost per ft^2	Multiplier	Total
Soil amendment, if needed (compost, sand, and peat moss mixture)	\$0.15 per ft^2 at a depth of 1 inch		\$	Depth of amendment in inches =	\$
Shredded hardwood mulch	\$0.25 per ft^2		\$	1.0	\$

Material Subtotal A = \$_____

Method for Water to Enter the Garden (Check those that apply)	Materials and Amount (Give size and quantity)	Cost
Extended downspout		\$
Buried or overland pipe or drain tile		\$
Across lawn	N/A	\$
Dry creek (rock, no plastic liner)		\$
Stone or concrete spillway		\$
Other (list):		\$

Material Subtotal B = \$ _____

Total Materials (Subtotal A + Subtotal B) = \$ _____

Please add all materials totals to determine the cost of your rain garden per square foot.

Cost Totals	Total
Plants	\$
Materials	\$
Total Cost	\$
Cost Per square Foot*	**\$**

*Cost per square foot will be one criteria used to select incentive recipients. Reimbursements will be based on actual costs, as verified by receipts, not to exceed per reimbursement request.

Please note: every rain garden is unique. You may encounter further expenses not included in these tables. Those may also be considered for reimbursement, but are subject to approval by city staff. Only expenses approved through this application process will be eligible for reimbursement upon project completion. Include any other expected expenses not included in these tables on the "Additional Information" page at the end of the application.

Sketch your property including buildings, driveways, sidewalks, street, gutters/downspouts, and the proposed location of the rain garden. Rain gardens should be at least 10 ft away from all buildings, including those on neighboring property. Locations on steep slopes and above buried utility lines are not recommended. Recommended locations are existing low spots in the yard, places where water collects, and areas near downspouts. For detailed instructions on how to design and plant a raingarden, we recommend "The Blue Thumb Guide to Raingardens" which is available through the public library system.

Agreement

If I am chosen to participate in the *City of Isanti Rain Garden Incentive Program*, I hereby agree to:

1. Read and understand all the information provided in the incentive program documents
2. Construct a rain garden according to the plans submitted in the Rain Garden Incentive Program Pre-Construction Application and approved as an incentive recipient
3. Call Gopher State One-Call (1-800-252-1166) before I start digging
4. Avoid planting within utility and drainage easements
5. Track expenditures during rain garden construction
6. Take before, during, and after project photos (preferably digital)
7. Allow the site to be published on the City of Isanti's website and other publications, and allow the public to view my rain garden
8. Submit reimbursement requests by November 15 of the year the incentive was awarded, providing all receipts for materials
9. Maintain the rain garden for a minimum of 5 years and submit photos of my rain garden annually for 5 years to the city.
10. Agree that all submittals and methods or techniques developed as part of the incentive award shall become the property of the City of Isanti for use at its discretion, including but not limited to print and web site publications, maps, and any or all program publicity.

Further, I understand that the City of Isanti will not authorize payment of the reimbursement request unless full documentation is received and until all construction tasks are complete.

Except if arising from or out of the City of Isanti's fault or negligence, I agree to indemnify and defend the City of Isanti, and will hold harmless the City of Isanti, and assigns from any claims, expenses, or damages including attorney's fees, arising from my participation in this agreement.

I certify to the best of my knowledge that the information included in this application is true, complete, and accurate, and I agree with terms listed above.

Rain Garden Incentive Program

Percolation test

To test the infiltration rate of your soil:

1. **Choose a good location for a rain garden (near a downspout, near the driveway, in a natural depression, at least 10' from any structures)**
2. **Dig a hole about 8 inches deep and 8 inches wide.**
3. **Fill the hole with water and let it drain.**
4. **Fill the hole again, but this time measure and record the water level at the 30 minute, 1 hour, and 2 hour marks. If it is draining very slowly, record the level every hour.**

   _____ **30 minutes**

   _____ **1 hour**

   _____ **2 hours**

5. **Using these measurements, calculate how many inches of water soak into the ground in 1 hour. For example, if the water in the hole drops ½ inch in two hours, that means ¼ inch infiltrates every hour (½ ÷ 2 hr = ¼ in per hour)** _____

The infiltration rate test results on my purposed rain garden site show that water infiltrates into the ground at a rate of _____ inches per hour (B). (Clay 0.15in/hour; loam 0.5 in/hour; sand 1 in/hour)

To find the depth of your rain garden, take the infiltration rate (B) and multiply by 24 hours:

(B) x 24 = _____ inches of water per day that will infiltrate (C)

(C) is the **maximum depth** your rain garden should be in order to insure there is no standing water 48 hours after a rain event

To find the drainage area (A), calculate the area in square feet of impervious surfaces – e.g. roof, driveway, etc. - you intend to capture water from (see "Drainage Area" table in the application)

To find the area of your rain garden, take the drainage area (A) and divide it by the depth of your rain garden (C):

(A) _____ ÷ (C) _____ = _____ area of proposed rain garden (D)

Write the dimensions of your proposed rain garden here:

Raingarden Area (D, above): _____ square feet Depth (C, above): _____ inches

Rain Garden Incentive Program

Rain Garden Construction Guide

Every rain garden project varies in important ways, but the following is a general step-by-step guide.

1. **Call Gopher State One** (1-800-252-1166) and your irrigation installer (if applicable) to stake the location of underground utilities and irrigation lines near your raingarden site. You may need to adjust the raingarden location if utilities are found below your rain garden location.
2. **Prepare the site**
    a. **Spray paint** or lay a rope around the outline of the proposed garden
    b. **Remove the sod.** A mechanical sod cutter works best. Roll it up and save it for patching up bare spots.
    c. **Loosen soil** 6" – 12" deep. A large 8hp rear tine tiller makes this much easier!
    d. **Remove the soil** 4" lower than your intended garden depth to accommodate adding and tilling in 3" of compost. For example, if you want a 3" deep rain garden on flat ground, dig the depression 7" below grade.
    e. **Add compost and till –** if your infiltration test shows that your garden will drain slowly, compost will help the water infiltrate faster.
    f. **Make sure there is an outlet** to the rain garden that is lower than the inlet (unless using a pop-up drain). If there is a high flow of water entering the garden, put the outlet close to the inlet so when the rain garden is full it can easily reroute itself out of the garden and into a proper drainage path.
3. **Add 3" of shredded hardwood mulch** to the garden. High quality shredded hardwood mulch is stringy and gets tangled easily, and should hold together if squeezed into a ball. Unlick wood chip mulch, shredded hardwood mulch should stay put on the bottom of the rain garden during times of temporary ponding.
4. **Lay out potted plants** in desired locations. This is your chance to make final adjustments to your design.
5. **Dig in and plant the native plants!** Break up the root balls before planting and after planting be sure to compress the soil surrounding the plants to allow good soil to root contact.
6. **Water the garden** immediately after planting and at least twice a week for the next month or two. Potted plants, especially small pots and plugs, dry out quickly with full sun and wind. After the first season no additional water should be needed – native plants, with deep roots, can handle droughts.
7. **Connect your water sources** to the raingarden (ex: downspouts and driveways). If the raingarden is draining poorly in the beginning, it might be best to wait 2-4 months after planting to connect the water source so the plants have time to establish a bigger root system.
8. **Weed the garden** two to three times per growing season or as needed.
9. **Remove dead vegetation** each spring with hedge clippers or a weed whacker and then compost it. Driving lawn mowers on the rain garden will compact the soil and reduce water infiltration rates.
10. **Replace mulch as needed.** In 2-3 years, the native perennial plants should spread to empty areas so that mulching is no longer required. The closer you plant, the faster the garden fills out.
11. **Dividing perennial plants** with a space every 5-7 years makes the plants healthier and more vigorous. It also means free plants for you and your friends!

Date: January 3, 2017

Subject: Resolution Amending the Lease Agreement with Rum River BMX to Allow a Sublease and Special Event Vendors

Background:
Rum River BMX Association approached the City of Isanti wanting to enter into an agreement with Full Tilt Bike Co, LLC. ("Full Tilt") to sublease space inside the Isanti Indoor Arena. The Bike Shop would pay $800/month sublease to Rum River BMX, as well as providing promotional materials for Rum River BMX rider retention program, parts at 10% above cost with no charge labor to maintain and repair loaner bikes. Full Tilt would have exclusive use of 1400 square feet at the south end of the building.

City staff have consulted with bond counsel and the county assessor to determine the effects of this agreement on property taxes and the bond that was used to construct the building. The agreement as presented, will not affect the tax-exempt status of the bond, but should be reviewed annually. There will be property taxes assessed on the 1400 square feet; Rum River BMX will be wholly responsible for paying these.

Rum River BMX has also asked to be allowed to have other vendors present at special events. In order to stay within the restrictions of the bond, each vendor will only be allowed to operate at the Isanti Indoor Arena 50 days through the length of the bond (the last bond payment will be February 1, 2030).

Rum River BMX will be responsible for tracking and reporting to the City of Isanti all vendor activity (including Full Tilt) annually.

The lease agreement has been amended, and is attached for Council review. All attachments to the lease remain unchanged and are not included at this time.

Staff Request:
Staff is requesting that Council review the amendment of the Lease with Rum River BMX Association.

RESOLUTION NO. 2017-XXX

RESOLUTION APPROVING AMENDMENT TO RUM RIVER BMX ASSOCIATION LEASE AGREEMENT TO ALLOW SUBLEASE WITH FULL TILT BIKE COMPANY LLC. AND SPECIAL EVENT VENDORS

WHEREAS, the Tenant and the City entered into a Lease Agreement dated as of October 27, 2014 (the "Lease"); and,

WHEREAS, the Tenant and the City desire to modify the Lease to allow for a sublease with Full Tilt Bike Company, LLC, a Minnesota limited liability company, and limited use of the Premises by vendors during special events; and,

WHEREAS, city staff and attorneys have revised the lease agreement to allow the sublease with Full Tilt Bike Company, LLC and special event vendors with the condition that Rum River BMX will be responsible for any such actions that change tax-exempt status of the bond or property taxes; and,

WHEREAS, according to the terms of the lease amendment, Rum River BMX must provide the City of Isanti with the proposed sublease and attachments annually, prior to execution of the sublease; and,

WHEREAS, Rum River BMX has provided the proposed sublease with Full Tilt Bike Company, LLC for approval by the City of Isanti; and,

WHERAS, the current term of the sublease would be through December 31, 2018, but will need to be amended so that the sublease term is for a one-year period only.

NOW, THEREFORE, IT IS HEREBY RESOLVED by the City Council of the City of Isanti, Minnesota to approve the amendment to the Rum River BMX Lease Agreement as attached as 'Exhibit A.'

AND FURTHERMORE, IT IS HEREBY RESOLVED by the City Council of the City of Isanti, Minnesota that the sublease with by Rum River BMX Association with Full Tilt Bike Company, LLC (Exhibit B) is approved for 2017 with the following conditions:

1. The term of the sublease is adjusted to be effective for one year

Use of the parking lot is restricted as defined in section 29.

1.1 **Building to be Constructed.** Prior to February 1, 2015 Landlord will cause to be constructed upon the Premises a building approximately 73,125 square feet in size. The building is to be built to Landlord specifications and suitable for containment of existing BMX track.

1.2 **Completion of Construction.** Said construction shall be substantially completed by February 1, 2015. If for any reason certificate of occupancy enabling tenant to take possession of and occupy the building to be constructed upon the subject Premises as provided herein cannot be issued until after February 1, 2015, the effective date of this lease shall be delayed until the first day of the first calendar month following issuance of the certificate of occupancy. In such case, the term of this lease shall be deemed to be for forty (40) years thereafter commencing as of the first day of the first calendar month following the date of issuance of the certificate of occupancy. All other terms and conditions of this lease shall remain as herein provided save and except that the rental payment schedule set forth in Exhibit B attached hereto and made a part hereof shall be adjusted to comply with a new 40 year lease term as occasioned by any such delay in the effective date of the lease.

2. **Term And Commencement.**

2.1 **Term.** The term of this lease shall be from the Commencement Date until January 31, 2055.

2.2 **Commencement Date.** The Commencement Date shall be February 1, 2015.

3. **Improvements.** The Premises is being leased in an "**AS IS**" condition.

4. Use of the Demised Premises. It is agreed that the Premises shall be used by the Tenant for the sole and exclusive use of Tenant's charitable, educational and recreational purposes primarily being the construction, maintenance and operation of a BMX race track and facility and related events ("Business").

5. Rent; Taxes and Utilities. In addition to the payment of Rent, Tenant shall be responsible for the payment of all costs defined herein associated with the Premises during the term of this Lease.

5.1. **Rent.** During the term of this Lease Tenant shall pay rent to the Landlord in the amount of $1.00 per month payable on the first day of each calendar month for the period of February 1, 2015 to July 31, 2015. Rent will increase to $6,000 per month payable on the first day of each and every calendar month beginning on August 1, 2015. The rent shall be increased by 2.5% annually beginning on August 1, 2016 and continuing throughout the term of the lease. The Lease payment schedule is attached hereto as Exhibit B and made a part hereof.

5.2. ~~**Taxes.** The Isanti County Assessor has provided a letter indicating that the proposed use on the Premises is tax exempt for property tax purposes. In the event that action by the Tenant changes the property tax status resulting in revocation of the tax exempt status for the Premises, Tenant shall be responsible for all real estate taxes which may be levied upon the Premises and improvements subsequent to the Commencement Date, provided, that the Landlord has paid the taxes, if any, due in calendar year 2014 and Tenant shall have no responsibility for such taxes. In the event that action by the Landlord changes the property tax status resulting in revocation of the tax exempt status for the Premises, Landlord shall be responsible for the all real estate taxes which may be levied upon the Premises and improvements subsequent to the Commencement Date. In the event that actions resulting in a revocation of the tax exempt status for the Premises is caused to occur by neither the Tenant, nor the Landlord, both parties will work together to seek remedy to restore property tax exempt status for Premises.~~

5.2 **Taxes.** The Isanti County Assessor has provided a letter indicating that the proposed use on the Premises is tax exempt for property tax purposes. In the event that any action, use, or sublease by Tenant of the Premises changes the property tax status resulting in revocation of the tax exempt status for the Premises, Tenant shall be responsible for all real estate taxes which may be levied upon the Premises and improvements subsequent to the commencement Date, provided, that the Landlord has paid the taxes, if any, due in calendar year 2014 and Tenant shall have no responsibility for such taxes. In the event that action by the Landlord changes the property tax status resulting in revocation of the tax exempt status for the Premises, Landlord shall be responsible for all real estate taxes which may be levied upon the Premises and improvements subsequent to the Commencement Date. Landlord's authorization of use or sublease by Tenant through an amendment or otherwise, shall not constitute an act by Landlord under this Section. In the event that actions resulting in a revocation of the tax exempt status for the Premises is caused to occur by neither the Tenant, nor the Landlord, both parties will work together to seek remedy to restore property tax exempt status for the Premises.

Access to a separate water service will be provided by the city at no charge to the Tenant for the sole purposes of maintaining the BMX track. Water used for irrigation outside of the indoor BMX facility and applicable usage fees will not be a responsibility of the Tenant. Storm Water Fees applicable to Premises will not be a responsibility of the Tenant.

~~5.5 **Tax Exempt Status of Tenant.** The Premises will not be used, directly or indirectly, in any activity which constitutes an unrelated trade or business activity of Tenant, determined by applying Section 513(a) of the Internal Revenue Code of 1986, as amended ("Code"). "Section 501(c)(3) Organization" means an organization that is exempt from federal income taxation pursuant to Section 501(a) of the Code as a result of the application of Section 501(c)(3) of the Code. Tenant will promptly provide Landlord with full information as to any use of the Premises by anyone other than a Section 501(c)(3) Organization or an individual member of the general public. Nothing in this paragraph is intended to give Lessee rights to assign this Lease or sublease any portion of the Premises. Tenant is a Section 501(c)(3) Organization, and Tenant is not a "private foundation" as defined in Section 509(a) of the Code. There is no action, proceeding or investigation pending or threatened or any basis therefore by the IRS or authorities of the State of Minnesota which, if adversely determined, might result in a modification of the status of Tenant as a Section 501(c)(3) Organization.~~

5.5 Tax Exempt Status of Tenant. Except as otherwise provided under this Agreement, the Premises will not be used, directly or indirectly, in any activities which constitutes an unrelated trade or business activity of Tenant, determined by applying Section 513(a) of the Internal Revenue Code of 1986, as amended ("Code"). "Section 501(c)(3) Organization" means an organization that is exempt from federal income taxation pursuant to Section 501(a0 of the Code as a result of the application of Section 501(c)(3) of the Code. Tenant will promptly provide Landlord with full information as to any use of the Premises by anyone other than a Section 501(c)(3) Organization or an individual member of the general public. Nothing in this paragraph is intended to give Tenant rights to assign this Lease or sublease any portion of the Premises. Tenant is a Section 501(c)(3) Organization, and Tenant is not a "private foundation" as defined in Section 509(a) of the Code. There is no action, proceeding or investigation pending or threatened or any basis therefore by the IRS or authorities of the State of Minnesota which, if adversely determined, might result in a modification of the status of Tenant as a Section 501(c)(3) Organization.

Formatted: Indent: First line: 0.38"

5.6 **Tax Exempt Status of Premises.** The Isanti County Assessor has reviewed the Tenant Landlord relationship and status and has deemed the Premises to be Exempt from Property Taxes. See Exhibit C attached hereto and made a part hereof. The Tenant and Landlord agree to cooperate to maintain this status for the term of the lease.

6. Maintenance. Tenant shall have sole responsibility for the maintenance of all aspects of the Premises, excluding structural and mechanical items relating to the building structure, and will keep it in good condition, reasonable wear and tear and damage by fire and the elements excepted. Tenant will keep the Premises in an orderly, clean and sanitary condition as required by the laws and ordinances applicable thereto; will not do nor permit to be done on said Premises anything in violation of the laws or ordinances applicable thereto. Without limiting the foregoing, Tenant shall be responsible for all costs of janitorial services, snow removal, except snow removal from parking

lot, of entrance to indoor facility, garbage removal and all other general maintenance of the Premises. Decorative landscaping including but not limited to flowers, shrubbery, decorative rock, and woodchips shall be kept in a neat and orderly condition by the Tenant as acceptable to Landlord. Landlord will be responsible for maintenance and snow plowing for the parking lot further defined in section 29 of this Lease.

6.1 Restrooms, Concessions and Warming House. The Tenant agrees to maintain restrooms and concession stand on North side of building. Maintenance includes the cleaning, stocking of materials and general maintenance of facilities described. The Landlord agrees to maintain restrooms and warming house as depicted on the construction plans and specifications on South side of building. Maintenance includes the cleaning, stocking of materials and general maintenance of facilities described.

7. Insurance.

7.1 Tenant shall maintain at Tenants sole expense comprehensive general liability insurance, naming the Landlord as an additional insured, with respect to accidents occurring on or about the Premises or arising out of the use thereof in reasonable amounts, but not less than $1,000,000 for injury or death to any person, $1,000,000 for injuries or deaths arising out of any one accident, and $1,000,000 for property damage, with reasonable deductible clauses, written by companies licensed to do business in the State of Minnesota and will deliver to the Landlord a certification of such insurance providing for fifteen (15) days written notice to Landlord prior to cancellation thereof. Said minimum insurance amounts shall be subject to increase for inflation upon written notice by Landlord to Tenant.

7.2 Landlord may maintain such insurance upon the Premises against loss by fire and extended coverage perils as Landlord may deem appropriate from time to time. Tenant may maintain such additional insurance covering Tenant's Interest in the property as Tenant may deem appropriate. In the event the building to be constructed upon the Premises pursuant to paragraph 1.1 above is destroyed or damaged to the extent that continued occupancy by Tenant is not feasible, Landlord shall have the option to rebuild or repair said building to the same or better condition as existed prior to the occurrence of such damage, or to declare this lease terminated upon written notice given to Tenant within 90 days after any event which renders the building unusable. If Landlord elects to rebuild/repair such damage there shall be no abatement of rent for any period during which the building is unusable by Tenant. If Landlord elects not to repair/rebuild the lease shall be terminated, and no rent shall be payable from and after the date of occurrence of the event which rendered the Premises unusable by Tenant.

7.3 Subleases. Any subtenant authorized under the terms of this Lease, shall be required to comply with all provisions of Section 7 under the terms of any sublease.

8. Alterations and Liens.

8.1 Tenant shall not be allowed to add any improvements requiring a building permit nor to alter or remodel the Premises without the prior written consent of Landlord, which consent shall not be unreasonably withheld or delayed.

8.2 In the event of any construction on or alteration to the Premises, and at the request of Landlord, Tenant will post in a conspicuous place on the Premises a notice that Landlord is not liable for the payment of any costs of any such construction or improvement and that neither the Premises nor the Building shall be subject to lien therefore. In the event that a lien is placed against the Premises as a result of any construction or alteration done by or at the request of Tenant, Tenant shall satisfy or remove the same within ten (10) days of receipt of notice from Landlord. So long as the laws of this State shall provide for the filing of a statutory bond to eliminate the attachment of mechanic's or materialmen's liens to real estate, Tenant shall require that its contractor or itself shall take such steps as are provided by law for the filing of said statutory bond to remove any such lien in the event Tenant contests the validity of such lien. If the same is not removed within ten (10) days from the date of written notice from Landlord, Landlord shall have the right at Landlord's option of paying the same or any portion thereof and the amounts so paid, including attorney's fees and expenses connected therewith, shall be deemed to be additional rent due from Tenant to Landlord and shall be paid to Landlord immediately upon provision to Tenant of a bill for same. Tenant shall indemnify and save harmless Landlord from and against all losses, claims, damages, costs or expenses suffered by Landlord by reason of any repairs, installations or improvements made by Tenant.

9. Damage. In case said Premises be damaged or destroyed due to actions of the Tenant, the Tenant shall repair or replace the same to substantially the same condition as existed immediately prior to such damage or destruction.

10. Default.

10.1 In the event the Tenant should (a) default in the payment of any of the rentals within ten (10) days of notice that same is due hereunder or (b) default in the keeping or performing of any other term or condition of this Lease and fail to remove such default within thirty (30) days after receipt of notice in writing from the Landlord specifying the nature of such default, then and in any such event the Landlord is hereby authorized to re-enter said Premises, to eject the Tenant, and take full possession of said Premises and to terminate this Lease at its option.

11. Condemnation.

11.1 If the whole of the Premises shall be taken by any public authority under the power of eminent domain, this Lease shall terminate when possession thereof shall be required by the appropriating or condemning authority, or when legal title to the Premises shall vest in the appropriating or condemning authority, whichever shall first occur. In the event only a portion of the Premises are taken, the Lease shall cease as to the part taken, and the rent herein reserved shall be adjusted for the remainder of the Premises so that the Tenant shall be required to pay for the balance of the term that portion of the rent herein reserved which the value of the part of the Premises remaining after condemnation bears to the value of the Premises, immediately prior to the date of condemnation. If, however, by reason of the condemnation there is not sufficient space left in the Premises for the Tenant to conduct business or the taking of parking and common area is so substantial as to render the Premises unsuitable and unfit for which they were rented, then and in such events the Lease shall terminate.

11.2 All compensation awarded or paid as a result of a total or partial condemnation shall belong to Landlord.

12. Subordination. It is expressly understood and agreed, at the option of the Landlord, this Lease shall be and is subordinated to any existing mortgages covering said Premises, any extension or renewal thereof, or to any new mortgages which may be placed thereon from time to time. Provided, however, any mortgage shall recognize the validity of this Lease and shall agree that this Lease remains in full force and effect as to Tenant in the event of a foreclosure of the Landlord's interest as long as Tenant shall not be in default under the terms of this Lease. Tenant agrees to make, execute and deliver any such instruments as may be reasonably required subordinating this Lease to such mortgage, subject to the conditions here before specified.

~~**13. Assignment or Subletting.** Tenant will not assign this Lease, will not sublet any part of the Premises, or allow use of the Premises by anyone other than the Tenant without the express prior written approval of the City Council of the City of Isanti, as evidenced by a duly adopted Resolution of the City Council, provided that any other user or sublessee shall be a Section 501(c)(3) Organization or governmental entity.~~

13. Assignment or Subletting.

A. Except as otherwise provided herein, Tenant will not assign this Lease, will not sublet any part of the Premises, or allow use of the Premises by anyone other than the Tenant without the express prior written approval of the City Council of the City of Isanti, as evidenced by a duly adopted Resolution of the City Council. Except as otherwise provided in this Section, any other user or sublessee shall be a Section 501(c)(3) Organization or governmental entity.

B. Tenant may sublet no more than 1,400 square feet of the Premises to Full Tilt Bike Co., LLC, a Minnesota limited liability company ("Full Tilt"). The sublease must be at fair market value and may not impact the current tax-exempt bond status of the bonds used to acquire the Premises. Tenant shall provide the Landlord with a copy of the proposed sublease together with any amendments for approval by the City Council prior to execution. The sublease must be annually renewing and subject to annual review and approval by the City Council. By May 1st of each year, Tenant shall provide an accounting of all lease payments and other fees and charges paid by Full Tilt for the previous year

C. Tenant may have vendors present at special events as long as the use of the Premises by vendors does not affect the current bond status of the Premises. Each vendor may only be allowed use of the Premises for a total of 50 days prior to February 2, 2030. All vendors must be a charged a fair market price for use of the Premises.

D. Tenant shall annually track the days and type of use of the Premises by each vendor and the fees charged for each vendor's use of the Premises. On or before May 1st of each year, Tenant shall provide to Landlord a report of the use and fees for the previous year.

Formatted: Indent: First line: 0.5"

E. Tenant shall be responsible for all costs, taxes, expenses, charges incurred by the Landlord in connection with the sublease or use of the Premises by vendors, including any costs associated with a change in the status of the current bonds used to finance acquisition of the Premises.

F. Tenant shall require subtenants and other vendors to comply with the terms of this Lease and include all relevant provisions in any sublease or contract for use of the Premises.

14. Indemnification.

14.1 The Tenant agrees to indemnify, defend and hold Landlord and its officers and employees harmless from and against any claim, loss or expense arising out of injury, death or

property loss or damage occurring in the Premises, except to the extent caused by the negligent act or intentional misconduct of Landlord or its officers or employees.

14.2 The Landlord agrees to indemnify, defend and hold Tenant and its officers and employees harmless from and against any claim, loss or expense arising out of injury, death or property loss or damage occurring as a result of Landlord's acts or omissions, to the extent caused by the negligent act or intentional misconduct of Landlord or its officers or employees.

15. Signage and Advertising.

15.1 Subject to applicable laws and ordinances, Tenant shall have the right to erect, maintain and operate signs located on the inside of the building on Premises, and to place its usual signs, logos, lettering and notices customarily installed or used at Tenant's facilities, subject to the prior consent of Landlord. All signs visible from the outside of the building shall be subject to prior written approval of Landlord. Naming rights for the facility and exterior signage placed by the Landlord on the outside of the building are the sole property and responsibility of the Landlord.

16. Mutual Release. Landlord and Tenant hereby release one another and their respective officers and employees from any and all liability (to the other or anyone claiming through or under them by way of subrogation or otherwise) for any loss or damage covered by property insurance or coverable by a customary policy of insurance even if such loss or damage shall have been caused by the fault or negligence of the other party, or anyone for whom such party may be responsible.

17. Notices. All notices, consents, demands and requests which may be or are required to be given by either party to the other, shall be in writing, and shall be deemed given or served when deposited in the United States mail by registered or certified mail, postage prepaid, addressed as follows:

If to Landlord:	City of Isanti 110 1st Avenue NW PO Box 428 Isanti, Minnesota 55040
If to Tenant:	Rum River BMX Association ~~31719 Lever St NE~~ ~~Cambridge, Minnesota 55008~~101 Isanti Parkway NW Isanti, MN 55040

Such addresses may be changed from time to time by either party by serving notices as above provided.

18. Relationship of Parties. Nothing contained in this Lease shall be deemed or construed by the parties hereto or by any third party to create the relationship of principal and agent or of partnership or of joint venture or of any association whatsoever between Landlord and Tenant, it being expressly understood and agreed that neither the method of computation of rent nor any other provisions contained in this Lease nor any act or acts of the parties hereto shall be deemed

to create any relationship between Landlord and Tenant other that the relationship of landlord and tenant.

19. Attorneys' Fees. In the event Landlord institutes legal action or proceedings arising out of or in any way connected with this Lease against Tenant, the Tenant shall reimburse the Landlord for all reasonable attorney fees and costs incurred in connection therewith.

This Lease and Operating Policy (the "Operating Policy") attached as Exhibit D and made a part hereof embody all of the agreements between the parties hereto respecting the premises hereby demised. All subsequent changes and modifications to be valid shall be embodied within a written instrument duly executed by the parties hereto.

21. Paragraph Headings. The headings of the several paragraphs contained herein are for convenience only and do not define, limit, or construe the contents, construction or meaning of the provisions of this Lease.

22. Laws of Minnesota. The laws of the State of Minnesota shall govern the validity, performance and enforcement of this Lease

23. Saving Clause. The invalidity or unenforceability of any provision of this Lease, including but not limited to the provisions of the Operating Agreement set forth in Exhibit D and made a part if this Lease, shall not affect or impair the validity of any other provision.

24. Successors and Assigns. All of the terms, covenants, provisions and conditions of this Lease shall be binding upon and inure to the benefit of the parties hereto, their respective successors and assigns.

25. Force Majeure. In the event either party shall be delayed or hindered in, or prevented from, the performance of any work, service or other act required under this Lease to be performed by such party and such delay or hindrance is due to: (i) strikes, lockouts, or other labor disputes; (ii) inability to obtain labor or materials or reasonable substitutes therefor; or, (iii) acts of God, governmental restrictions, enemy act, civil commotion, unavoidable fire or other casualty, or other causes of a like nature beyond the control of the party so delayed or hindered, then performance of such work, service or other act shall be excused for the period of such delay and the period for the performance of such work, service or other act shall be extended by a period equivalent to the period of such delay; provided nothing in this section shall be interpreted to allow an extension of time for Tenant to any rent due pursuant to this lease.

26. Consents. Landlord and Tenant covenant and agree that whenever, pursuant to the terms of this Lease, consent, satisfaction, determination or approval is required or permitted of Landlord or Tenant, such consent, satisfaction, determination or approval shall not be unreasonably determined, withheld or delayed.

27. Hazardous Materials

27.1 Tenant shall not use, store, manufacture, dispose of or discharge any pollutants, contaminants, or harmful or hazardous substances from or on the Premises or otherwise occupy or permit the Premises to be occupied or used in a manner which:

27.1.1 violates any law, regulation, rule or other governmental requirement;

27.1.2 impairs the health, safety or condition of any person or property; or

27.1.3 adversely affects the use, enjoyment or value of the Premises or the surrounding property.

27.2 Tenant shall promptly notify Landlord of the breach, or the potential or threatened breach, of any of the provisions of this paragraph. Landlord shall have the right of access to the Premises to inspect, test and, in Landlord's sole discretion, remedy any potential environmental problem. Tenant shall indemnify and hold Landlord and Its officers, shareholders, partners, employees, and agents, harmless from any loss, claim, liability or expense (including, without limitation, attorneys' fees, court costs, consultant fees, expert fees, penalties, fines, removal, clean-up, transportation, disposal, restoration expenses, diminution in value of the Premises, damages for the loss or restriction on use of rentable or usable space or of any amenity of the Premises, damages arising from any adverse impact on marketing of space) arising in connection with Tenant's failure to comply with the provisions of this paragraph.

27.3. Notwithstanding any other provision of this Lease, the liability of the City is limited by and subject to the limitations provided by Chapter 466 of the Minnesota Statutes regarding liability for municipalities

28. **ADA Compliance.**

28.1. The Landlord agrees that restroom facilities, the building structure and access to the building on the Premises is at the time of that this lease is entered into is compliant with the Americans Disabilities Act (the "ADA"). It is the Tenant's responsibility to maintain all bleachers and or seating/viewing area in compliance with ADA for the entire term of this lease, and to provide proof of such compliance to the Landlord upon request.

29. **Parking Lot.**

29.1. Notwithstanding any other provisions in this Lease agreement to the contrary, the City reserves the right to utilize and/or regulate use of all, or any part of parking lot located on the Premises at any time for any purposes it deems appropriate. Landlord will be responsible for the maintenance and snow plowing of the parking lot directly west of the indoor BMX facility to be constructed. Full Tilt Bike Co. will sublease a portion of the Isanti Indoor Arena for the purpose of operating a BMX racing bike shop. This agreement will be in effect through 12/31/2018.

Rum River BMX will provide a 40' x 35' area on the south end of the arena. This area will be the space 40' directly east of the concrete walkway that surround the restroom and 35' directly north of the south wall of the arena. Full Tilt Bike Co. will also have access to the Rum River BMX dumpsters with the expectation that all boxes are broken down and that when large dumpsters are provided for special events those will be used first. Per this agreement Full Tilt Bike Co. will be the exclusive BMX bike shop of the Isanti Indoor Arena and Rum River BMX. Competing sales of BMX racing related bike parts will not be allowed within the Isanti Indoor Arena with the exception of private party sales of used parts. Rum River BMX may at their discretion bring in events specific vendors that are not BMX racing bike shops. These event specific vendors will not infringe upon the area subleased by Full Tilt Bike Co.. This agreement does not apply during USA BMX National or Gold Cup events.

Full Tilt Bike Co. must maintain appropriate vendor licenses and insurances. Full Tilt Bike Co. is also responsible for all collection and payment of sales taxes on goods sold. Full Tilt Bike Co. may not enter into any agreement holding the City of Isanti or Rum River BMX in any way liable or responsible for fulfillment. Full Tilt Bike Co. agrees to maintain this area; maintaining a clean and professional appearance. Full Tilt Bike Co. will not have a key to the Isanti Indoor Arena. The hours of operation will be within the normal business hours of Rum River BMX. Those hours of operation are subject to change seasonally and as Rum River BMX sees fit to modify the operating schedule.

In exchange for this space Full Tilt Bike Co. will:

- Pay Rum River BMX the amount of $800 per month
- Provide maintenance at no cost and parts at 10% over invoice cost for Rum River BMX rental bikes
- Provide or reimburse reasonable cost for Full Tilt Bike Co. and Rum River BMX branded drawstring bag or similar rider retention awards. Full Tilt Bike Co. may at their discretion include promotional materials in these rider awards.

Rum River BMX will be responsible for all property taxes that are a result of for profit use of this portion of the Isanti Indoor Arena.

We enter into this agreement on this _____ day of _____ 201__.

AGREEMENT FOR PUBLISHING SERVICES MINUTEMAND PRESS AND THE CITY OF ISANTI

This agreement is hereby entered into between the City of Isanti and Minuteman Press on this on this 3rd day of January, 2017 for provision of publication of the City newsletter, the 'Isantian'. This agreement will be effective through December 31, 2018.

Through this agreement, Minuteman Press agrees to provide printing, labeling, sealing, and transport services for the City of Isanti newsletter, "The Isantian." This will be done under direction of the City of Isanti and Katie Lawrence, representative of Minuteman Press.

The newsletter is scheduled to be published four times a year, with main ready copies to be delivered to the post office on dates designated by the City of Isanti in March/April, June, September, and December in all years of this contract. The newsletter will be a 12-page publication in full color, 11" x 17" folded to an 8 ½" x 11" finished piece. Minuteman Press is responsible for labeling, sealing, and transporting the newsletter to the post office and city offices each quarter.

The Spring 2017 Isantian will be laid out by Minuteman Press. The City of Isanti will provide the copy and articles for the newsletter. These will be e-mailed to Minuteman Press no later than fourteen (14) days prior to the scheduled date of delivery. The City agrees to proof read the copy and articles prior to submission and work with Minuteman Press on newsletter content and format. The City of Isanti will provide a list of names and addresses in a file that is acceptable to the City of Isanti and Minuteman Press.

After the Spring 2017 Isantian has been printed, Minuteman Press will provide the newsletter template to the City of Isanti. The City of Isanti will have full rights to the newsletter template. The City of Isanti will provide full newsletter to Minuteman Press for the successive newsletters. Minuteman Press will proof the provided newsletters to ensure print quality.

The quoted printing bid per quarterly publication is $1,575.46, the quoted design services for the newsletter template is $225.00, and the quoted direct mail service is $277.50.

Either party (Minuteman Press or the City of Isanti), may terminate this agreement at any time upon not less than 120 days written notice prior to the next publication date.

This Agreement was approved by the City Council of the City of Isanti on the 3rd day of January, 2016.

A RESOLUTION ACCEPTING QUOTE FOR PUBLICATION OF THE CITY OF ISANTI NEWSLETTER FOR YEARS 2017-2018

WHEREAS, the City of Isanti has determined that it is in the City's best interest to outsource the publication of the City Newsletter, the 'Isantian'; and,

WHEREAS, to outsource allows for a higher quality of paper and number of inks to be used that will be offset by the sale of advertisements in the publication to reduce the overall cost of the publication to the City; and,

WHEREAS, estimates were gathered from four vendors; and,

WHEREAS, Minuteman Press provided a quote for a quarterly publication to the City in the amount of $1575.46, plus direct mail service of $277.50, and a one-time design fee of $225.00; and,

NOW, THEREFORE, IT IS HEREBY RESOLVED by the City Council of the City of Isanti, Minnesota to hereby accept the quote as received from Minuteman Press for a quarterly publication cost to the City in the amount of $1575.46, plus direct mail at $277.50, and one-time design fee of $225.00 from January 3, 2017 through December 31, 2018;

BE IT FURTHER RESOLVED by the City Council of the City of Isanti, Minnesota to hereby authorize City staff to enter into an agreement, as provided in Exhibit A, with Minuteman Press for the publishing service.

This Resolution is hereby approved by the Isanti City Council this 3rd day of January 2017.

Request for City Council Action

To: Mayor Wimmer and City Council Members

From: Sean M. Sullivan, Economic Development Director

Date: January 3, 2017

Subject: **Consider Resolution Authorizing the Execution of Repayment Agreement with Real Deal Construction, Inc.**

On December 20, 2016 the City Council amended and extended a SAC and WAC Deferral program as Resolution No. 2016-362 to continue to spur development activity. Real Deal Construction, Inc. has requested the City to execute a Repayment Agreement for 601 Fir St SW legally described as Lot 9, Block 3, Isanti Meadows, for the construction of an approximate 1,204 SF main floor single family home. The business is in "good standing" upon review of the Minnesota Secretary of State Office as of December 29, 2016. The form of the Repayment Agreement is consistent with the form approved by the City Council on December 20, 2016. The Repayment Agreement will be dated as of the date that the Building Permit is paid for by the Developer. Staff is asking the City Council to consider adoption of the attached resolution and execution of the Repayment Agreement.

City Council Action:

Consider Adoption of Resolution and Execution of Repayment Agreement

REPAYMENT AGREEMENT; STATUTORY SHORT FORM MORTGAGE; AND DEED RESTRICTIONS

THIS REPAYMENT AGREEMENT; STATUTORY SHORT FORM MORTGAGE; AND DEED RESTRICTIONS ("AGREEMENT"), made on or as of the ____ day of January, 2017, by and between the City of Isanti, Minnesota, a Minnesota municipal corporation (hereinafter referred to as the "City") having its principal office at 110 First Avenue N.W. PO Box 428, Isanti, Minnesota 55040, and Real Deal Construction, Inc., a corporation under the laws of the state of Minnesota (hereinafter referred to as the "Developer"), having its principal office at 31108 County Road 5, Princeton, MN 55371.

WITNESSETH:

WHEREAS, the Developer intends to construct a 1,204 square foot main floor single family home (the "Improvements") on certain real property (the "Property") in the City; and

WHEREAS, in connection with the construction of the Improvements there are certain water and sanitary sewer charges that are payable by the Developer to the City; and

WHEREAS, the Developer has demonstrated to the satisfaction of the City that the Developer is unable to pay the full amount of the charges now and has asked the City to defer such charges and make them payable at a future point in time; and

WHEREAS, the City believes that the development of the Improvements by the Developer is in the best interests of the City and, therefore, it is willing to defer the charges if doing so will facilitate the development and viability of the Improvements.

NOW, THEREFORE, in consideration of the premises and the mutual obligations of the parties hereto, each of them does hereby covenant and agree with the other as follows:

ARTICLE I
Definitions

Section 1.1. Definitions. In this Agreement, unless a different meaning clearly appears from the context:

"Agreement" means this Agreement, as the same may be from time to time modified, amended, or supplemented.

"City" means the City of Isanti, Minnesota, its successors and assigns.

"County" means Isanti County, Minnesota.

"Deferred Charges" means the utility charges described in Section 3.1 of this Agreement being deferred by the City and which the Developer is obligated to pay in accordance with this Agreement.

"Developer" means Real Deal Construction, Inc, a Minnesota Corporation, its successors and assigns.

"Event of Default" means an action by the Developer listed in Article IV of this Agreement.

"Improvements" means the 1,204 square foot main floor single family home to be constructed by the Developer on the Property.

"Property" means the real property described on the attached Schedule A to this Agreement.

"State" means the State of Minnesota.

ARTICLE II
Representations

Section 2.1. Representations by the City. The City makes the following representations as the basis for the undertaking on its part herein contained:

(a) The City is a statutory city duly organized and existing under the laws of the State. Under State law, the City has the power to enter into this Agreement and to perform its obligations hereunder.

Section 2.2. Representations by the Developer. The Developer represents that:

(a) The Developer is a corporation duly organized and authorized to transact business in the State, is not in violation of any provisions of its Bylaws or the laws of the State, has power to enter into this Agreement and has duly authorized the execution, delivery and performance of this Agreement by proper action of its Articles of Incorporation.

ARTICLE III
Deferred Charges, Payment and Security

Section 3.1. Deferred Charges. The Developer owes to the City the sum of **$ 8,222.00** in deferred utility charges ("Deferred Charges"). The Deferred Charges consist of **$3787.00** in Water Availability Charges and **$4,435.00** in Sewer Availability Charges. The City has agreed to defer the payment of the Deferred Charges as described in this Agreement.

Section 3.2. Payment of the Deferred Charges. The Developer covenants and agrees that it will pay the Deferred Charges to the City on the earliest to occur of the following:

(a) on the date that is one hundred and twenty (120) days after the date of this Agreement;

(b) on the date that the Developer sells or transfers the Property or Improvements, or any portion thereof; or

(c) on the date that the City issues a certificate of occupancy for the Improvements.

Interest shall accrue on the Deferred Charges at the rate of zero percent (0%) from the date hereof and continuing until the Deferred Charges and all accrued interest have been paid in full.

Section 3.3. Payment of Costs.

(a) The Developer shall pay all costs for title work and recording of this Agreement.

(b) The Developer shall pay all costs incurred by the City in connection with the preparation and implementation of this Agreement and related documents, including, without limitation, fees of attorneys related the preparation of this Agreement and related documents, if the Developer fails to complete construction of the Improvements within one hundred and twenty (120) days after the date of this Agreement.

Section 3.4 Security. As security for Developer's obligation of repayment of the Deferred Charges and Costs identified in Sections 3.1 and 3.3, Developer hereby grants and the City shall and hereby does have, a lien on the Property in the full amount necessary to satisfy any repayment obligation of the fees and charges identified in Sections 3.1 and 3.3 under this Agreement and the cost including reasonable attorney's fees, of collecting the same.

Section 3.5 Notice. At least 10 days before the date of any sale, cash out refinance, transfer or other conveyance of the Property or, in the event of a sale by contract for deed, Developer or their heirs, executors or representatives, shall give the City notice thereof.

Section 3.6 Mortgage. To secure any such repayment of the Deferred Charges under Section 3.1 and 3.3 as may become due under the provisions of this Article, the Developer hereby

grants to the City a Statutory Short Form Mortgage pursuant to the provisions of Minnesota Statutes Section 507.15 (2016) as follows:

UNIFORM SHORT FORM MORTGAGE

This statutory mortgage, made this ___ day of January, 2017 between the City of Isanti, a Minnesota Municipal having its principal office at 110 First Avenue N.W. PO Box 428, Isanti, Minnesota 55040 (the "Mortgagor"), and Real Deal Construction, Inc., a corporation under the laws of the state of Minnesota, having its principal office at 31108 County Road 5, Princeton, MN 55371(the "Mortgagee"),

Witnesseth, that to secure the payment of the Deferred Charges by the Mortgagee to the Mortgagor of $8,222.00 as described in Article 3 of this Agreement (the "Indebtedness") the Mortgagor, hereby mortgages to the mortgagee and grants a security interest in the real property located at 601 Fir St SW, in the City of Isanti, Isanti County, Minnesota, as legally described and set forth in "Schedule A" attached hereto and made a part hereof ("Property"), subject only to any liens or encumbrances of record thereon as of the date hereof.

And Mortgagor agrees and covenants with the Mortgagee the following statutory covenants;

1. To warrant the title to the Property, subject only to prior encumbrances of record as of the date hereof.
2. To pay the indebtedness as herein provided.
3. To pay all taxes.
4. To keep the buildings located on the Property insured against fire, windstorm and extended coverage for their full insurable value for the protection of the Mortgagee.
5. That the Property shall be kept in repair and no waste shall be committed.
6. That the whole of the principal sum shall become due after default, in the payment of any installment of principal or interest, or of any tax, or in the performance of any other covenant, at the option of the Mortgagee.

If default be made in any payment or covenant herein, the mortgagee shall have the statutory power of sale, and on foreclosure may retain statutory costs and attorney's fees.

Section 3.7. In the event Mortgagor or their heirs, executors or representatives shall fail or refuse to make a required repayment of the Indebtedness within the limited period set forth herein, the Mortgagee may, with or without notice to Mortgagor foreclose said lien in the same manner as provided pursuant an action for the foreclosure of mortgage upon said Property, as by statute provided, or may at its option proceed with foreclosure by advertisement pursuant to the statutory power of sale which the Mortgagor grants to the Mortgagee provided under this Mortgage, in accordance with applicable law. In the event of default by Mortgagor on any of Mortgagor's obligations under the terms of this Mortgage, Mortgagee shall also have the right to pursue any remedy available to it at law or in equity.

ARTICLE IV
Events of Default

Section 4.1. Events of Default Defined. The following shall be "Events of Default" under this Agreement and the term "Event of Default" shall mean, whenever it is used in this Agreement (unless the context otherwise provides), any one or more of the following events:

(a) Failure by the Developer to pay when due any payments required to be paid under this Agreement.

(b) The Developer of the following: (i) file any petition in bankruptcy or for any reorganization, arrangement, composition, readjustment, liquidation, dissolution, or similar relief under United States Bankruptcy Laws or any similar Federal or State Laws; or (ii) make an assignment for the benefit of its creditors; or (iii) admits, in writing, its inability to pay its debts generally as they become due; or (iv) be adjudicated, bankrupt or insolvent.

Section 4.2. City's Remedies on Default. Whenever any Event of Default by Developer referred to in Section 4.1 of this Agreement occurs, the City may take any one or more of the following actions after providing ten (10) days written notice to the Developer of the Event of Default, but only if the Event of Default has not been cured within said ten (10) days:

(a) Declare the entire outstanding balance of the Deferred Charges immediately due and payable;

(b) Terminate this Agreement;

(c) Deny issuance of certificates of occupancy or temporary certificates of occupancy;

(c) Take whatever action, including legal, equitable or administrative action, which may appear necessary or desirable to the City to collect any payments due under this Agreement, or to enforce performance and observance of any obligation, agreement, or covenant of the Developer under this Agreement, including the remedies provided under Article 3.

Section 4.3. No Remedy Exclusive. No remedy herein conferred upon or reserved to the City or Developer is intended to be exclusive of any other available remedy or remedies, but each and every such remedy shall be cumulative and shall be in addition to every other remedy given under this Agreement or now or hereafter existing at law or in equity or by statute. No delay or omission to exercise any right or power accruing upon any default shall impair any such right or power or shall be construed to be a waiver thereof, but any such right and power may be exercised from time to time and as often as may be deemed expedient. In order to entitle the City or the Developer to exercise any remedy reserved to it, it shall not be necessary to give notice, other than such notice as may be required in this Article IV.

Section 4.4. No Additional Waiver Implied by One Waiver. In the event any agreement contained in this Agreement should be breached by either party and thereafter waived by the other

party, such waiver shall be limited to the particular breach so waived and shall not be deemed to waive any other concurrent, previous or subsequent breach hereunder.

Section 4.5. Costs of Enforcement. Whenever any Event of Default occurs and the City shall employ attorneys or incur other expenses for the collection of payments due or to become due or for the enforcement of performance or observance of any obligation or agreement on the part of the Developer under this Agreement, the Developer agrees that it shall, within ten (10) days of written demand by the City, pay to the City the reasonable fees of such attorneys and such other expenses so incurred by the City.

Section 4.6. Certificate of Occupancy. The City may deny a certificate of occupancy or temporary certificate of occupancy for the Property until all amounts owed to the City under the terms of this Agreement have been paid by Developer.

ARTICLE V
Additional Provisions

Section 5.1. Representatives Not Individually Liable. No member, official, or employee of the City shall be personally liable to the Developer, or any successor in interest, in the event of any default or breach or for any amount which may become due to Developer or successor in interest or on any obligations under the terms of this Agreement.

Section 5.2. Titles of Articles and Sections. Any titles of the several parts, Articles, and Sections of the Agreement are inserted for convenience of reference only and shall be disregarded in construing or interpreting any of its provisions.

Section 5.3. Notices and Demands. Except as otherwise expressly provided in this Agreement, a notice, demand, or other communication under the Agreement by either party to the other shall be sufficiently given or delivered if it is dispatched by registered or certified mail, postage prepaid, return receipt requested, or delivered personally; and

(a) in the case of the Developer, is addressed to or delivered personally to the Developer at 31108 County Road 5, Princeton, MN 55371; and

(b) in the case of the City, is addressed to or delivered personally to the City at 110 First Avenue N.W., P.O. Box 428, Isanti, Minnesota 55040,

or at such other address with respect to either such party as that party may, from time to time, designate in writing and forward to the other as provided in this Section.

Section 5.4. Disclaimer of Relationships. The Developer acknowledges that nothing contained in this Agreement nor any act by the City or the Developer shall be deemed or construed by the Developer or by any third person to create any relationship of third-party beneficiary, principal and agent, limited or general partner, or joint venture between the City and the Developer or any third party.

Section 5.5. Release. Upon payment of all fees and charges under Article III in accordance with the provisions of this Agreement, the City will furnish Developer with a Release of Mortgage for the Property within a reasonable period of time following the request. Developer shall be responsible for recording the Release of Mortgage.

Section 5.6. Modifications. This Agreement may be modified solely through written amendments hereto executed by the Developer and the City.

Section 5.7. Counterparts. This Agreement may be executed in any number of counterparts, each of which shall constitute one and the same instrument.

Section 5.8. Judicial Interpretation. Should any provision of this Agreement require judicial interpretation, the court interpreting or construing the same shall not apply a presumption that the terms hereof shall be more strictly construed against one party by reason of the rule of construction that a document is to be construed more strictly against the party who itself or through its agent or attorney prepared the same, it being agreed that the agents and attorneys of both parties have participated in the preparation hereof.

Section 5.9. Run with the Land. This Agreement may be recorded against the Property and shall run with the aforesaid Property and shall inure to the benefit of and be binding upon the parties hereto and their respective heirs, executors, representatives, successors and assigns.

IN WITNESS WHEREOF, the City has caused this Agreement to be duly executed in its name and behalf and the Developer has caused this Agreement to be duly executed in its name and behalf on or as of the date first above written.

Parks, Recreation, and Culture Board
City Administrator / City Clerk
Human Resources / Deputy Clerk
Finance Director / Treasurer / Asst. City Administrator
Economic Development Director
Community Development Director
Public Works Director
Chief of Police
Liquor Store Manager
Building Official
City Attorney
City Engineer
Other employees of the City of Isanti

Standards of Conduct

1. Public Officials, City employees, and Police Reserve members:

   a) Shall not use their positions to secure special privileges or exemptions for themselves or others to intentionally jeopardize the position of employment of others;

b) Shall not engage in, solicit, negotiate for, or promise to accept private employment nor shall they render services for private interests or conduct a private business when such employment, service, or business creates a conflict with or impairs the proper discharge of their official duties;

c) Shall not participate in deliberations in any matter before the Council, Board or Commission, which affects that Public Official's, Public Official's spouse or minor child's financial interests directly or indirectly or those of a business, profession or occupation with which the Public Official is associated. Whenever such conflict is recognized, the affected Public Officials shall disclose in writing such interest prior to any discussion or vote and disqualify themselves from any further involvement pertaining to the issue;

d) Shall not act as agent or attorney for another in any matter before the Council or any Board or Commission or before any court or administrative board in any matter in which the City is a party;

e) Shall not directly or indirectly receive, or agree to receive, any compensation, gift or reward or gratuity as an inducement to support or influence any matter or proceeding connected with, or related to, the duties of the office; The following types of gifts are permitted under exceptions to the law:

    1) Lawful campaign contributions.

    2) Services to assist an official in the performance of official duties.

    3) Services of insignificant monetary value.

    4) A plaque or similar item.

    5) A trinket or item of insignificant monetary value.

    6) Informational material of unexceptional value.

    7) Food or beverage given at a reception, meal, or meeting by an organization before whom the recipient makes a speech or answers questions as part of a program (this exception is only available if the location of the reception, meal, or meeting is away from the recipient's place of work).

    8) Gifts given because of the recipient's membership in a group.

    9) Gifts between family members.

f) Shall not disclose to others or use to further their personal interest confidential information acquired by them in the course of their official duties.

2. Any Public Official who is an officer, director, partner, agent, proprietor or employee of any firm or has a proprietary interest of 10 percent (10%) or more in any company,

business, enterprise or corporation, partnership, labor union or association doing business with the City shall make known that interest in writing as provided in the disclosure section of this Policy.

3. No Public Official nor business entity that the Public Official has a financial interest in, in excess of 10 percent (10%), shall enter into any contract with the City unless otherwise authorized by law.

4. Public Officials shall disclose to the governing body any relationship to another person or entity in any instance where there is a conflict of interest or could be the appearance of a conflict of interest.

5. Public Officials shall not have a personal financial interest in any sales, lease, or contract that they are authorized to make in their official capacities.

6. A Public Official shall not hold two positions if the positions' functions are incompatible with one another.

Disclosures

Public Officials, elected or appointed and employees serving as Department Heads or Supervisors, shall, no later than thirty (30) days following election or appointment to office and each year thereafter by February 1, complete the Disclosure Form and return it to the City Administrator. All subsequent applicants for appointment on Boards and Commissions shall file a completed Disclosure Form together with the application form. Within thirty (30) days after the acquisition or sale of any property, each Public Official shall file as a public record with the City Administrator, a list of all real property in the City owned by such person, that person's spouse, or minor child, or in which the Public Official has a beneficial interest, disclosing each individual item held, and by whom. Homestead shall be excluded from the above disclosure. Each Public Official shall disclose all positions as officer, director, partner, agent, proprietor or employee of any firm in which such Public Official has a proprietary interest of ten percent (10%) or more in any company, business, enterprise, corporation, partnership, labor union or association doing business with the City, and indicate with respect to each such relationship whether services are gratuitous or for compensation.

Disclosure Form

The disclosure information required by this Policy shall be set forth on a form which shall be made available by the City Administrator and is part of this Policy.

Discipline

Upon a signed written complaint of any person questioning adherence to this Policy or on the Council's own volition, the Council shall refer the matter to the City Attorney for investigation and the City Attorney shall report the results of the investigation to the Council within forty-five (45) days thereafter. A copy of such report shall be furnished to the person complained against. Such person may request a hearing on this matter before the Council which request shall be filed

with the City Administrator not later than ten (10) days following receipt by such person of the City Attorney's report.

Upon receipt of the City Attorney's report and at the conclusion of any hearing on the matter, the Council by majority vote may dismiss the complaint as having no merit, may adopt a resolution of censure, or with respect to members of Boards and Commissions, the Council may remove a member from such Board or Commission. In the event the complaint is against a member of the Council, such member shall not participate in the Council's deliberations or vote on the issue.

Violations

Any Public Official who violates the Conflict of Interest Law can be found guilty of a gross misdemeanor, be fined up to $3,000, and imprisoned for up to one year. Any contract that has been made illegally is void.

This Resolution is hereby approved by the Isanti City Council this 3rd day of January, 2017.

Date: December 27, 2016
Subject: Vehicle Forfeiture ICR#16000875
2004 Chevrolet VIN#1G1JC12F847176433

MEMO

Background:
The City of Isanti through its Police Department have lawfully seized and forfeited a 2004 Chevrolet Cavalier. The City of Isanti holds clear title on this vehicle.

Action:
The City Council through resolution has approved the sale of forfeited vehicles at Pikes Auction of Princeton, Mn. I am requesting the Council review and approve the sale of this vehicle at the next public auction held on March 11th, 2017. Pikes Auction will advertise this vehicle.

The proceeds of this sale will be deposited into the Isanti Police Department Forfeiture Fund.

Thank you for your consideration,

Chief Gene C. Hill

RESOLUTION 2017-_____

RESOLUTION APPROVING TO SELL THE FORFEITED 2004 CHEVROLET CAVALIER AT PUBLIC AUCTION

WHEREAS, the police department lawfully seized and forfeited a 2004 Chevrolet Cavalier because of DUI arrest; and

WHEREAS, state statute permits the sale of such vehicles under Mn. §169A.63; and

WHEREAS, the proceeds from such sale must be designated for limited use by the governmental authority to promote public safety; and

WHEREAS, the vehicle is not viable for use by the City of Isanti by any department; and

WHEREAS, the next public auction is March 11, 2017 at Wayne Pike Auction in Princeton, Mn.

NOW, THEREFORE, BE IT RESOLVED by the City Council of the City of Isanti, Minnesota, to hereby approve the sale of such vehicle at public auction and the proceeds to be deposited into the Isanti Police Department Forfeiture Fund.

This Resolution is approved by the City of Isanti Council this 3rd Day of January, 2017.

From: Don Lorsung, City Administrator

Date: December 28, 2016

Subject: A Resolution Adopting Fees within the City of Isanti and Ordinance Amending the Code of the City of Isanti Chapter 160 Fees

---

Background:

Staff has added in the Open Burning Permit fee to the Fee resolution and City Code Amendment. Staff has also added Chapter 325 Water and a fine of $200.00 to the Administrative Citations line item in the Fee Resolution for curb stop tampering (Consistent with other similar listed offenses). Staff also reviewed the Fee resolution and City Code Amendment adopted at the December 20, 2016 City Council Meeting, and has two other clarifying items to add. One regards the recently adopted document/process for the SAC/WAC Repayment Agreement and Mortgage, adding the payment of document filing fees by the applicants into the fee schedule. The other is an update of the SAC/WAC fees to the 2017 fee amounts, adopted by the City Council.

Action Requested:

EXHIBIT A.

the employee's current rate of pay; and the employee shall be reimbursed for any unused sick leave for hours accrued in the termination year at the rate of one-half (1/2) of the employee's daily salary based on a maximum accrual of ninety-six (96) hours.

Vacation Leave

Vacation will accrue at the following rates:

a. ~~After one (1) year~~0 through 1 year:6 days / 48 hrs. / yr

b. After two (2) years 12 days / 96 hrs. / yr

c. After six (6) years 18 days / 144 hrs. / yr

d. After ten (10) years 24 days / 192 hrs. / yr

e. After fifteen (15) years 27 days / 216 hrs. / yr

Eligibility

Full-time employees will earn vacation leave in accordance with the above schedule.

Part-time employees who work at least thirty (30) hours per week on a regular basis will accrue vacation leave on a prorated basis of the full-time employee schedule.

Part-time employees who are scheduled to work less than thirty (30) hours on a regular basis, temporary and seasonal employees will not earn or accrue vacation leave.

Accrual Rate

For the purpose of determining an employee's vacation accrual rate, years of service will include all continuous time that the employee has worked at the City. Employees who are rehired after terminating City employment will not receive credit for their prior service unless specifically negotiated at the time of hire. (See Section 5 – Layoff/Recall)

Use

~~After six~~During the first (6) months of service, while an employee is on probation, vacation leave may be used as it is earned, subject to approval by the employee's supervisor.

Every full-time and part-time thirty (30) hour plus employee hired prior to March 1, 2007 shall have July 1 as their anniversary date for purposes of earned vacation. Vacation earned from the date of employment to July 1 shall be credited to the employee and shall be taken as provided. Every full-time and part-time thirty (30) hour plus employee hired after March

SECTION 14.

OUTSIDE EMPLOYMENT

The potential for conflicts of interest is lessened when individuals employed by the City of Isanti regard the City as their primary employment responsibility. All outside employment is to be reported to the employee's immediate supervisor. If a potential conflict exists based on this policy or any other consideration, the supervisor will consult with the City Administrator. All outside employment, unless part of an employment contract, shall be approved by the City Council. Any City employee accepting employment in an outside position that is determined by the City Administrator to be in conflict with the employee's City job will be required to resign from the outside employment or may be subject to discipline up to and including termination. A form must be completed by the employee and submitted to the City Administrator.

For the purpose of this policy, outside employment refers to any non-city employment or consulting work for which an employee receives compensation, except for compensation received in conjunction with military service or holding a political office or an appointment to a government board or commission that is compatible with City employment. The following is to be considered when determining if outside employment is acceptable:

a. Outside employment must not interfere with a full-time employee's availability during the City's regular hours of operation or with a part-time employee's regular work schedule.
b. Outside employment must not interfere with the employee's ability to fulfill the essential requirements of his/her position.
c. Outside employment or business opportunity shall meet the standards of the City's Conflict of Interest Policy.
d. The employee must not use City equipment, resources or staff in the course of the outside employment.
e. The employee must not violate any City personnel policies as a result of outside employment.
f. The employee must not receive compensation from another individual or employer for services performed during hours for which he/she is also being compensated by the City. Work performed for others while on approved vacation or compensatory time is not a violation of policy unless that work creates the appearance of a conflict of interest.
g. No employee will work for another employer, or for his/her own business, while using paid sick leave from the City for those same hours.
h. Departments may establish more specific policies as appropriate, subject to the approval of the City Administrator.
~~h.~~ i. Outside employment opportunities with private or public entities where the employee already serves that entity with specified duties through a Joint Powers Agreement or Service Contract shall be reviewed by the Personnel Committee prior to acceptance of the employment opportunity. The review is to ensure that there is no conflict of interest with or use of City time or resources for the

employment opportunity. Continued employment by the employee in this capacity shall be reviewed by the Personnel Committee on an annual basis.

City employees are not permitted to accept outside employment that creates either the appearance of or the potential for a conflict with the development, administration or implementation of policies, programs, services or any other operational aspect of the City.

SECTION 15.

DRUG FREE WORKPLACE

In accordance with Federal Law, the City of Isanti has adopted the following policy on drugs in the workplace:

a. Employees are expected and required to report to work on time and in appropriate mental and physical condition. It is the City's intent and obligation to provide a drug-free, safe and secure work environment.

b. The unlawful manufacture distribution, possession, or use of a controlled substance on City property or while conducting City business is absolutely prohibited. Violations of this policy will result in disciplinary action, up to and including termination, and may have legal consequences.

c. The City recognizes drug abuse as a potential health, safety, and security problem. Employees needing help in dealing with such problems are encouraged to use their health insurance plan, as appropriate.

c. Employees must, as a condition of employment, abide by the terms of this policy and must report any conviction under a criminal drug statute for violations occurring on or off work premises while conducting City business. A report of the conviction must be made within five (5) days after the conviction as required by the Drug-Free Workplace Act of 1988.

RESOLUTION NO. 2017-XXX

RESOLUTION AUTHORIZING THE ACCEPTANCE OF THE LABOR AGREEMENT BETWEEN THE CITY OF ISANTI AND LAW ENFORCEMENT LABOR SERVICES, INC. LOCAL 217

WHEREAS, the City of Isanti and LELS Local 217, have met to negotiate certain contract issues between the two affected parties for a Labor Agreement for a period beginning January 1, 2017 and ending December 31, 2019; and

WHEREAS, a tentative agreement was brought before City Council in a closed session on December 20, 2016, and after returning to open session a motion was made to approve the tentative agreement; and,

WHEREAS, an updated contract has been reviewed by both parties and both parties are accepting the proposed terms of the collective bargaining agreement as negotiated.

NOW, THEREFORE, IT IS HEREBY RESOLVED by the City Council of the City of Isanti, Minnesota as follows:

1. The Labor Agreement shall be approved as negotiated between the two parties given, through staff review; the terms of the contact are those terms reached within the tentative agreement.

2. The Mayor and City Administrator are hereby authorized to execute the Labor Agreement given the language prepared is representative of the terms agreed upon and reached within the tentative agreement.

3. Provided Steps 1 and 2 have been completed, Staff is hereby directed to distribute one original copy of the signed Labor Agreement to LELS, Local 217 and retain one original as a file copy.

This resolution was duly adopted by the Isanti City Council this 3rd day of January, 2017.

3.6 CHIEF: The Chief of Police of the City of Isanti Police Department.

3.7 BASE PAY RATE: The employee's hourly rate exclusive of any special allowances.

3.8 OVERTIME: Work performed in excess of an employees scheduled shift.

3.9 CALL BACK: Return of an employee to a specified work site to perform assigned duties at the express authorization of the Employer at a time other than a scheduled shift. An extension of or an early report to a scheduled shift is not a call back.

3.10 IMMEDIATE FAMILY: Immediate family shall include the employee's spouse, child, father, mother, spouse's mother, spouses father, grandchild, sibling-in-law, sibling, grandparent, grandparent-in-law, step parent, step brother/sister, step child.

3.11 DAYS: Unless otherwise indicated, mean the City's regular business days.

3.12 PROMOTION; A permanent change of an employee from a position in one work classification to a position in another work classification within the bargaining unit with more responsibility or duties and higher compensation.

3.13 TRANSFER; A change of employee from one position to another position in the same work classification or to another work classification, in the same compensation range within the bargaining unit, usually involving the performance of similar duties and requiring essentially the same basic qualifications.

3.14 EMERGENCY: A crisis situation or condition which reasonably may be expected to endanger life or property as defined by the Employer.

3.15 PROBATION PERIOD: Means one (1) calendar year from the employees date of hire. The probationary period for promoted or reassigned employees will last for six (6) months from date of promotion or reassignment.

3.16 RESIGNATION IN GOOD STANDING: An employee leaving service with the Employer after giving a two week notice, providing the employee has not been discharged for misconduct.

ARTICLE 4 – NON-DISCRIMINATION

The Employer and the Union agree not to discriminate against any employee on any basis prohibited by law.

ARTICLE 5 – UNION RIGHTS

In recognition of the Union as the Exclusive representative the Employer shall;

5.1 Deduct each payroll period an amount sufficient to provide the payment of dues established by the Union from the wages of all employees authorizing in writing such deduction; and

5.2 Remit such deduction to the appropriate designated officer of the Union.

5.3 The Union may designate certain employees from the bargaining unit to act as stewards and shall inform the Employer in writing of such choice

5.4 The Employer shall make available to the Union mutually agreed upon facilities at reasonable times for the purposes of conducting Union business.

5.5 The Employer agrees to make space available on the Employer bulletin board for the posting of official Union notice(s) and announcements.

5.6 The Union agrees to indemnify and hold harmless the Employer against any claims, suits, orders, or judgments brought or issued against the Employer under the provisions of this article.

ARTICLE 6 – EMPLOYER AUTHORITY

6.1 The Employer retains the full and unrestricted right to operate and manage all manpower, facilities and equipment; to establish functions and programs; to set and amend budgets; to determine the utilization of technology; to establish and modify the organizational structure; to select, direct and determine the number of personnel; to establish work schedules, and to perform any inherent managerial function not specifically limited by this AGREEMENT.

6.2 Any term and condition of employment not specifically established or modified by this AGREEMENT shall remain solely within the discretion of the Employer to modify, establish, or eliminate.

ARTICLE 7 – SAVINGS CLAUSE

This AGREEMENT is subject to the law. In the event that any provision of this AGREEMENT shall be held to be contrary to the law by a Court of competent jurisdiction or administrative agency from whose final judgment or decree no appeal is made within the time provided, such provision shall be voided. All other provisions of this AGREEMENT shall continue in full force and effect. The voided provisions shall be renegotiated upon written request of either party.

ARTICLE 8 – EMPLOYEE RIGHTS/GRIEVANCE PROCEDURE

8.1 A grievance is defined as a dispute or disagreement as to the interpretation or application of the specific terms and conditions of this AGREEMENT.

8.2 Union Representative. The Employer will recognize representatives designated by the Union as the grievance representatives of the bargaining unit. The Union shall notify the Employer in writing of the names of such Union representatives and of their successors when so designated.

8.3 Processing of a Grievance. It is recognized and accepted by the Union and the Employer that the processing of grievances as hereinafter provided is limited by the job duties and responsibilities of the employees and shall therefore be accomplished during normal working hours only when consistent with such employee duties and responsibilities. The aggrieved employee and the Union representative shall be allowed a reasonable amount of time without loss in pay when a grievance is investigated and presented to the Employer during normal working hours provided the employee and the Union Representative have notified and received the approval of the designated supervisor.

8.4 Procedure. Grievances, as defined by section 9.2, shall be resolved in conformance with the following procedure:

Step 1. An employee claiming a violation concerning the interpretation or application of this Agreement shall, within twenty-one (21) calendar days after such alleged violation has occurred or the employee through the use of reasonable diligence should have had knowledge of the occurrence of the alleged violation, present such grievance to the Police Chief At this step, the grievance may be presented either orally or in writing. The Police Chief will discuss and give an answer, in writing, to such Step 1 grievance within twenty-one (21) calendar days after receipt. A grievance not resolved in Step 1 and appealed to Step 2 shall be placed in writing setting forth the nature of the grievance, the facts on which it was based, the provision or provisions of the Agreement allegedly violated, and the remedy requested and shall be appealed to Step 2 within ten (10) calendar days after the Police Chiefs final answer in Step 1. Any grievance not appealed in writing to Step 2 by the Union within ten (10) calendar days shall be considered waived.

Step 2. If appealed, the grievance shall be in writing and presented by the Union to the City Administrator. The City Administrator will give the Union the Employers Step 2 answer in writing within ten (10) calendar days. A grievance not resolved in Step 2 may be appealed to Step 3 within ten (10) calendar days following the Employer's final Step 2 answer. Any grievance not appealed in writing to Step 3 by the Union within ten (10) calendar days shall be considered waived.

Step 3 A grievance not resolved in Step 2, by mutual consent, may be mediated using the services of the Bureau of Mediations Services. A petition for mediation by either party stops all timelines. A grievance not resolved in mediation, may be appealed to Step 4.

Step 4. A grievance unresolved in Step 2 or Step 3 and appealed to Step 4 by the Union shall be submitted to arbitration subject to the provisions of the Public Employment Labor Relations Act of 1971 as amended.

The Union and the Employer will endeavor to select a mutually acceptable arbitrator to hear and decide the grievance. If the Union and the Employer are unable to agree on an arbitrator, they may request from the Director of the Bureau of Mediation Services a list of qualified arbitrators. The parties will alternately strike names from the list of arbitrators until only one (1) name remains. The remaining arbitrator will hear and decide the grievance. If the parties are unable to agree on who will strike the first name the question will be decided by the flip of a coin.

8.5 Arbitrator's Authority

8.5.1 The arbitrator shall have no right to amend, modify, nullify, ignore, add to, or subtract from the terms and conditions of this AGREEMENT. The arbitrator shall consider and decide only the issue(s) submitted by the Employer and the Union in writing and shall have no authority to make a decision on any other issue not so submitted.

8.5.2 The arbitrator shall be without power to make decisions contrary to, or inconsistent with, or modifying or varying in any way the application of laws, rules or regulations having the force and effect of law. The arbitrator's decision shall be submitted in writing within thirty (30) days following the close of the hearing or the submission of briefs by the parties, whichever be later, unless the parties agree to an extension. The decision shall be binding on both the Employer and the Union and shall be based solely on the arbitrator's interpretation or application of the express terms of this Agreement and to the facts of the grievance presented.

8.5.3 The fees and expenses for the arbitrator's services and proceedings shall be borne equally by the Employer and the Union provided that each party shall be responsible for compensating its own representatives and witnesses. If either party desires a verbatim record of the proceedings, it may cause such record to be made, providing it pays for the record. If both parties desire a verbatim record of proceedings the cost shall be shared equally.

8.6 Waiver. If a grievance is not presented within the time limits set forth above, it shall be considered "waived." If a grievance is not appealed to the next step within the specific

time limit or any agreed extension thereof, it shall be considered settled on the basis of the Employers last answer. If the Employer does not answer a grievance or an appeal thereof within the specified time limits, the Union may elect to treat the grievance as denied at that step and immediately appeal the grievance to the next step. The time limit in each Step may be extended by mutual agreement of the Employer and the Union.

ARTICLE 9 – DISCIPLINE

9.1 The Employer will discipline employees for just cause only. Discipline will be in one or more of the following forms

A. Oral reprimand
B. Written reprimand
C. Suspension
D. Demotion, or
E. Discharge

9.2 Suspension, demotions and discharges will be in written form.

9.3 Written reprimands, notices of suspensions, notices of demotion and notices of discharge which are to become part of an employee's personnel file will be read and acknowledged by signature of the employee. Employees and the Union will receive a copy of such reprimands and/or notices. Such documents more than twenty-four (24) months old may not be used for promotional evaluation or disciplinary action and shall be removed unless the original signed letter of discipline indicates otherwise.

9.4 Employees may examine their own individual personnel files at reasonable time under the direct supervision of the Employer.

9.5 Employees will not be questioned concerning an investigation of disciplinary action unless the employee has been given adequate opportunity to have a Union representative present at such questioning.

9.6 Grievances relating to this Article shall be initiated by the Union at Step 2 of the grievance procedure under Article 8 of this Agreement.

ARTICLE 10 – JOB SAFETY TRAINING

10.1 The Employer agrees to provide employees with body armor as required by law.

10.2 The Employer will pay the cost of maintaining POST licensure.

10.3 The time an employee spends attending training, approved by the Chief and the City Administrator, shall be considered working hours for the purpose of computing wages

and other benefits provided by this Agreement.

ARTICLE 11 – HOURS OF WORK

11.1 The normal work year is an average of two thousand eighty (2,080) hours to be accounted for by each employee through

a) hours worked on assigned shifts;
b) holidays;
c) assigned training;
d) authorized leave time.

11.2 Nothing contained in this or any other Article shall be interpreted to be a guarantee of a minimum or maximum number of hours the Employer may assign employees.

11.3 Scheduled shifts shall be bid by seniority prior to November 15th of each year.

ARTICLE 12 – OVERTIME PAY

12.1 Hours worked in excess of the employee's scheduled shift will be compensated at one and one-half times the employee's regular base pay rate.

12.2 For the purpose of computing overtime compensation, overtime hours worked shall not be pyramided, compounded, or paid twice for the same hours worked.

12.3 Part-time employees will be scheduled to fill open shifts unless it results in the payment of overtime. Reimbursable contract overtime shall be offered to full-time employees prior to assigning part-time employees. Overtime shall be distributed as equally as practicable to the full-time members of the bargaining unit.

12.4 In lieu of monetary compensation, an employee may choose to receive compensatory time at the rate of time and one-half (1-1/2) to a maximum accumulation of eighty (80) hours.

12.5 Credit for overtime hours worked (pay and/or compensatory time off) shall only be given upon receipt of supervisor approved documentation as to the purpose and need for the overtime and must be approved by the City Administrator.

12.6 Overtime shall be paid to nearest 1/4 hour. Officers shall report their start time at the time scheduled and any time worked over their shift as authorized by the Chief.

ARTICLE 13 – COURT TIME

An employee who is required to appear in Court during the employee's scheduled off-duty time shall receive a minimum of three (3) hours pay at one and one-half (1-1/2) time the employee's base pay rate or for time worked, whichever is greater. An extension or early report to a regularly scheduled shift for a court appearance does not qualify the employee for the three (3) hour minimum. Overtime for court appearances shall be paid at the 1 1/2 times current rate of pay.

Court Standby: An off-duty employee who must remain available for a court hearing, and is required to call for verification that an appearance is necessary. An employee shall be compensated at the rate of $20.00 per day of standby only if no appearance is required. Compensation shall be paid for standby only on Tuesday, Wednesday, Thursday, and Friday. An employee may not receive standby pay and the court time minimum on the same day.

ARTICLE 14 – CALL BACK TIME

An employee who is called to duty during the employee's scheduled off-duty time shall receive a minimum of three (3) hours pay at one and one-half (1-1/2) time the employee's base pay rate or for time worked, whichever is greater. An extension or early report to a regularly scheduled shift for duty does not qualify the employee for the three (3) hour minimum.

ARTICLE 15 – STANDBY PAY

Employees required by the Employer to be on "stand-by" status will be compensated at the rate of one-half (1/2) their hourly base wages.

ARTICLE 16 – SENIORITY

16.1 Definition: Seniority will be determined by an employee's length of continuous service with the Employer and posted in an appropriate location. Seniority rosters may be maintained by the Employer on the basis of time in grade and time within specific classifications. Full time employees shall always have seniority over part time employees. Seniority within the part time personnel shall not be transferable to a full time position.

16.2 Probationary Employees: During the probationary period, an employee may be discharged at the sole discretion of the Employer.

16.3 Lay-offs: Lay-offs are defined as separation from service by the Employer not related to discipline. Employees will be laid off by job classification seniority. Employees on layoff will have recall rights for one year after layoff. No employees will be hired in any job classification in which employees are laid off who have recall rights.

16.3.1 During a period when any employee is laid off under Article 16.2 the Employer agrees that overtime will not be used to subvert the need for the laid-off employee.

16.4 Vacancies: Job vacancies within the bargaining unit will be posted by the Employer in the department in a conspicuous place, for a period of ten (10) working days. An employee must apply for the position within the ten (10) working days posting time. An employee assigned to the posted job will be on probation for six (6) months, during which time the employee may be returned to their former position upon the request of the employee, without loss of seniority.

16.5 Transfers/Promotions: Seniority will be the determining criteria for transfer and promotions within the bargaining unit when the job-relevant qualifications are equal.

ARTICLE 17 – COMPENSATION

17.1 Rates of Pay: Employees covered by this AGREEMENT shall be compensated in accordance with the Salary Schedule marked "Appendix A" attached hereto and made a part of this AGREEMENT.

17.2 Meals: Employees will be reimbursed for meals according to current policy.

17.3 The City shall pay the following lump sum payments to employees possessing a valid Post License and current Firearms Qualifications on December 31 of the preceding year. Payment shall be made in January of each contract year.

Post License	$325.00
Firearms qualifications	$300.00

17.4 Longevity: Longevity pay is based upon full length of service as a full-time officer in the City of Isanti from date of hire. Effective January 1, 2017, full time employees will receive longevity pay in accordance with the following schedule:

10 Years of Service – Two Percent (2%) above base wage rate
15 Years of Service – Four Percent (4%) above base wage rate
20 Years of Service – Six Percent (6%) above base wage rate

Longevity rates are applied to the base wage rate for full time employees for that year of tenure. The employee's anniversary date shall be the date used for the purpose of longevity increment movement.

ARTICLE 18 – VACATION

18. 1 Vacation will accrue at the following rates:

0 through 1 year	6 days / 48 hrs. / yr.
After two (2) years	12 days / 96 hrs. / yr.
After six (6) years	18 days / 144 hrs. / yr.
After ten (10) years	24 days / 192 hrs. / yr.
After fifteen (15) years	27 days / 216 hrs. / yr.

18.2 48 hours of unused vacation and the Employee's annual accrual may be carried over from year to year.

18.3 When an employee terminates employment with the City in good standing, the employee shall receive the value of 100% of vacation time earned but unused as severance pay.

18.4 Seniority shall apply on vacation scheduling up to March 1st of each year. After March 1st, vacation scheduling shall be on a first come, first serve basis.

18.5 Vacation Donation Option: An employee may voluntarily donate their accumulated vacation hours (up to a max of 2 days / or 24 hours) to other employees whose accumulated leave balances are exhausted and who would otherwise be subject to a loss of income during a continued absence from work due to illness or injury. Donations will not be paid until all types of paid leave are exhausted by the recipient. The donated time will be paid to the recipient at the recipient's regular rate of pay on an hour per hour basis, and there will be no consideration for differences in wage rates applied to the transfer.

ARTICLE 19 – LEAVES OF ABSENCE

19.1 Military Leave. Any military leave of absence shall be handled as provided by law.

19.2 Negotiating Committee. An employee elected to serve on the negotiating committee representing the bargaining unit members shall suffer no loss of pay if negotiations are held during the employee's on-duty hours. The employee shall not be eligible for overtime or straight time if meetings are held during the employee's off-duty hours.

19.3 Jury Duty. Employees required to serve on jury duty will be compensated by the Employer for the difference between the employee's regular rate of pay and the amount paid for jury duty.

19.4 Parenting Leave. Unpaid parenting leave is available to employees pursuant to law.

ARTICLE 20 – SICK LEAVE

20.1 All full-time employees shall be credited with 8 hours of sick leave for each month of service, with a maximum accumulation of 480 Hours.

20.2 Employees may use their accrued sick leave for an illness or injury of the employee, employee's immediate family, and or to attend the funeral of a fellow employee. "Immediate family" will be defined by, and limited by, Minnesota Statutes Section 181.9413.

20.3 Upon termination of an employee in good standing and with five years consecutive employment, the employee shall be reimbursed one-half pay for sick days not used to a maximum of four hundred eight (480) accumulated hours at the employee's current rate of pay; and the employee shall be reimbursed for any unused sick leave for hours accrued in the termination year at the rate of one-half (1/2) of the employee's daily salary based on a maximum of accrual of ninety-six (96) hours.

20.4 An employee who is drawing worker's compensation shall be allowed to use accumulated sick leave as necessary to insure a full monthly paycheck, providing that employee shows documentation to the Employer.

20.5 The Employer may require an employee to submit a medical certificate verifying that the employee may return to work.

20.6 At the employee's option, the employee may sell back to the Employer unused sick leave in excess of 480 Hours up to a maximum of six (6) days in any one year and receive for said sick days compensation at the normal rate of compensation then being received. In computing this option, each year's accumulation is added to the previous accumulation and of that total any portion in excess of 480 Hours may be sold back under this provision up to six (6) days in any one year.

ARTICLE 21 – FUNERAL LEAVE

21.1 Funeral Leave is defined as paid leave not charged to an employee's sick leave or vacation leave, given in the event of a death in the employee's immediate family. (See Article 3.10)

21.2 Funeral leave in an amount equal to three eight hour work days or 24 work hours shall be granted to each employee in the event of a death in the Employees immediate family. Requests for funeral leave will not be denied if the Employer's needs can be accommodated during the proposed absence.

21.3 Additional days. Additional leave time may be taken only with the permission of the City Administrator. These additional days will be charged against accumulated sick leave or vacation leave at the employee's discretion.

ARTICLE 22 – INSURANCE

22.1 Health Insurance. The Employer will provide a health and medical care insurance program to all employees. The Employer will pay 100% of the premium for single coverage health insurance Employees choosing dependent care health coverage will be required to pay according to current City policy applicable to all City employees. Essentially, Employee contributions toward the premium costs of dependent coverage will increase or decrease by the same percentages as the City's overall policy cost increase or decrease for the health care coverage for the duration of this Agreement.

Effective 07/01/2011 and for the duration of this Agreement, the Employer will provide a plan with coverage and benefits at least equivalent to the coverage provided under the Blue Cross/Blue Shield "120 Group Plan" as set forth in the attached Appendix 'C'.

22.2 Life Insurance. The Employer will provide and pay the full cost of the premiums for, life insurance in the amount of $25,000.00 for each full-time employee.

22.3 Effective Date. The health and medical and term life insurance shall be in effect the first day of the first full month of employment.

22.4 Dental Insurance. The Employer shall make dental insurance coverage available to employee and employee's dependents. The Employer will pay 100% of the premium for single coverage and 100% of the premium for dependent care coverage.

ARTICLE 23 – PART-TIME EMPLOYEES

All benefits (vacation, sick leave, holiday leave, insurance, etc.) Shall be provided on a pro-rated basis to those part-time employees normally scheduled to work an average of 30 or more hours per week.

ARTICLE 24 – HOLIDAYS

24.1 Recognized Holidays. Holidays include the following:

New Year's Day
Presidents Day
Columbus Day
Independence Day
Veteran's Day
1/2 day Christmas Eve
Christmas Day
Martin Luther King Day
Memorial Day
Labor Day
Thanksgiving Day
Floating Holiday

24.2 During the month of December Employees will be paid a lump sum check at the employees regular rate of pay for the above holidays or receive days off in lieu of payment. Days off must be scheduled with the employee's supervisor. Employees terminating employment during the calendar year will receive a pro-rated payment.

24.3 Employees who work on a recognized holiday shall be paid at one and one-half (1 ½) times their regular straight time rate for all hours worked, up to 12 hours pay depending on the length of the employee's normally scheduled work day, in addition to holiday pay as provided in Article 24.2. Holidays excluded from pay at the one and one-half (1 ½) times the regular straight time rate are the Floating Holiday and ½ Day for Christmas Eve which shall be paid at the regular straight time rate for all hours worked.

24.4 An employee utilizing the Floating Holiday will be allowed up to (12) hours pay, depending on the length of the employee's normally scheduled work day.

ARTICLE 25 – UNIFORMS

25.1 The Employer shall provide the initial uniform issue, as listed in Appendix B, for each permanent full-time employee.

25.2 Each police officer shall receive a uniform allowance of $ $85.71 per month.

25.3 Uniform allowance for part-time employees shall be on a pro-rata basis and shall be paid in two installments (January 1 and July 1 of each year). Allowance shall be determined according to the percentage of full-time hours worked in the preceding six months.

25.4 The Employer shall pay for the repair or replacement of personal items of the individual employee which are damaged or destroyed in the line of duty, except in those instances where the damage or loss is caused by the personal neglect of the employee.

25.5 Employees terminating from the Police Department, with less than three (3) years of service, for any reason must return their entire uniform, including accessories, except for any items that were individually purchased by the officer using resources other than the uniform allowance. Regardless of the years of service, an employee terminating from the Police Department must return their body armor and other uniform accessories if originally paid for by the employer, and must return all uniform insignia and department "patches".

25.6 The Employer shall cover all costs of eyeglasses or other eye-wear damaged or destroyed in the line of duty, except in those instances where the damage or loss is caused by the personal neglect of the employee.

25.7 The Employer shall provide an annual stipend of $100 for the maintenance and replacement of the Officer's service firearm to each permanent full time employee employed by the Department as of December 31 of the preceding year. The payment shall be made in January of each contract year.

ARTICLE 26 – OUTSIDE EMPLOYMENT

Employees must receive prior written approval from the Chief and City Administrator before accepting outside employment.

ARTICLE 27 – WAIVER

27.1 Any and all prior agreements, resolutions, practices, policies, rules and regulations regarding terms and conditions of employment to the extent inconsistent with the provisions of this AGREEMENT, are hereby superseded.

27.2 The parties mutually acknowledge that during the negotiations which resulted in this AGREEMENT, each had the unlimited right and opportunity to make demands with respect to any term or condition of employment not removed by law from bargaining. All agreements and understandings arrived at by the parties are set forth in writing in this AGREEMENT. The Employer and the Union each voluntarily waives the right to meet and negotiate regarding any and all terms and conditions of employment referred to or covered by this AGREEMENT, although such terms or conditions may not have been within the knowledge or contemplation of either or both of the parties at the time that this contract was negotiated or executed,

ARTICLE 28 – DURATION

This AGREEMENT shall be in effect from January 1, 2017 until December 31, 2019, and shall remain in effect from year to year thereafter unless either party gives notice as may be required by state statute of their desire to amend this AGREEMENT.

IN WITNESS WHEREOF, the parties hereto have set their signatures.

I. Council Committee Reports

Mayor Wimmer reported that the Arts and Science Academy has requested the School Resource Officer to visit their school to provide some services. The School District does know there is a cost associated with the service, and Chief Hill and Officer Gau will be working out the details. They will be charged for these services as per the City Fee Schedule.

J. Public Hearings

None

K. Business Items

1. **Resolution 2017-001 for Approval of a Wine License and Sunday Sales for Genevieve's, LLC dba Café Genevieve's** *(Genevieve Saniti, Café Owner)*

The Mayor explained this will be in the same building as Willowbridge. They will be taking over the space that Green Table previously occupied. It is planned to open January 16, 2017 with a soft opening on January 14, 2017.

Motion by Lundeen, second by Bergley to approve Resolution 2017-001 as presented. Motion carried unanimously.

2. **Interview Applicant for the Vacant Term Seat for the Park, Recreation and Culture Board** (*Mayor Wimmer*)

There was one applicant for the open Park, Recreation, and Culture Board. The applicant was Aaron Zdon of 709 Bergman Court. Mr. Zdon stated his name and address and was then asked questions specific to the Board.

Motion by Lundeen, second by Bergley to re-appoint Aaron Zdon to the open Park, Recreation and Culture seat with the term ending 12/31/2019. Motion carried unanimously.

a. **Ordinance 665 Amending City Code Chapter 8-6, Planning Commission to Change Composition**
b. **Resolution 2017-002 Designating Committees and Representatives for City Commissions and Advisory Boards for 2017**

Motion by Lorinser, second by Collison to approve Ordinance 665 and Resolution 2017-002 as presented. Motion carried unanimously.

City Administrator Don Lorsung

3. **Consider Designating an Official Newspaper and Appointing Depositories and Professional Services for Year 2017**
   a. Open Bids for the Designation of the City's Official Newspaper

City Administrator Lorsung informed the Council that the City received two bids. One was from Isanti County News and the other from Isanti-Chisago County Star. He then proceeded to open those bids.

Isanti County News	$4.77 per column inch (11 lines/inch) 3,906 distributions in 55040 zip code (Isanti)
Isanti-Chisago County Star	$ 2.25 per column inch; (11.5 lines/inch) 1,710 distributions in City of Isanti

The Mayor explained that traditionally the Star has been less expensive than the Isanti County News; however, in the past Council elected to go with Isanti County News because the 'Star' has gone back and forth between being a pay-for-paper (which makes delivery much smaller) and being a free paper. The Mayor believed they are now a free paper. He also stated that Isanti County News coverage is focused more on the community within Isanti County. Those are the criteria used, along with price. Councilor Lorinser questioned why the distribution numbers were so different if 'the Star' is free again. The Mayor's understanding of how the numbers are put together depends on who they are delivering to. He didn't think that either could give an exact number of residents within the city that they deliver to, it is more of a vague number.

b. **Resolution 2017-003 Designating an Official Newspaper, Appointing Depositories and Professional Services and Setting City Council Meetings for Year 2017**

Motion by Lorinser, second by Bergley to designate the Isanti County News as the Official Newspaper for the year 2017. Motion carried unanimously.

Motion by Lundeen, second by Collison to approve Resolution 2017-003 appointing Depositories and Professional Services and setting 2017 City Council meetings as presented. Motion carried unanimously.

4. **Resolution 2017-004 Authorizing Signatures for the Purpose of Accessing and Maintaining City Funds and Investments**

Motion by Bergley, second by Lorinser to approve Resolution 2017-004 as presented. Motion carried unanimously.

5. **Ordinance 666 to Repeal and Replace City Code Chapter 119 Open Burning in its Entirety and Replace it with New Provisions**

Councilor Bergley asked how many open burning permits will be issued, and the Mayor responded that it should be minimal. If it does occur, we will be aware of it and it will be processed through our Police Chief and he will be communicating with the Fire District.

Motion by Lorinser, second by Collison to approve Ordinance 666 as presented. Motion carried unanimously.

6. **Ordinance 667 to Amend City Code 325-8 Taking Water Without Authority; Violations and Penalties**

Motion by Lundeen, second by Collison to approve Ordinance 667 as presented. Motion carried unanimously.

7. **Resolution 2017-005 Adopting the City of Isanti Residential Rain Garden Incentive Program Materials**

Motion by Lundeen, second by Bergley to approve Resolution 2017-005 as presented. Motion carried unanimously.

8. **Resolution 2017-006 Approving Amendment to the Rum River BMX Association Agreement to Allow Sublease with Full Tilt Bike Company LLC and Special Event Vendors**

Motion by Lundeen, second by Bergley to approve Resolution 2017-006 as presented. Motion carried unanimously.

9. **Resolution 2017-007 Accepting Quote for Publication of the City of Isanti Newsletter for Years 2017-2018**

City Attorney Clark Joslin

13. Review Conflict of Interest Policy

a. Resolution Approving the City of Isanti Conflicts of Interest Policy

City Attorney, Clark Joslin, addressed the Council regarding the annual review of the City of Isanti's Conflict of Interest Policy. The Policy is similar to the policy that has been in effect for over a decade, and no changes have been made for this year. Joslin requested that the Council, Committee and Board members each take time to read through the policy provisions and how they might apply to the individual. As in past years, and as is provided in the policy, there is a Disclosure Form that each of the individuals needs to complete, sign and return to the City Administrator Lorsung. Attorney Joslin asked that this be done as promptly as possible but must be signed before February 1, 2017. Joslin reviewed what constitutes as Conflicts of Interest, describing the two types as: 1) Financial Conflicts of Interest where the individual would abstain from vote on any issue that would provide a direct financial benefit to the individual, immediate family members, etc. (examples were given); 2) Any type of situation that might impair the individual's ability to view, make decisions or participate in discussions on items with a view towards the best interest of residents and tax payers of the City as opposed to personal interests or considerations (examples were given). He further explained in situations where it may appear there is a conflict, the best procedure is to abstain from the vote and to even leave the Council Chambers during the discussion to avoid the appearance of influencing a decision or the outcome of the matter. Attorney Joslin advised all to "if in doubt, check it out."

City Attorney Joslin also offered a reminder that under Minnesota Law all meetings of, not only the City Council, but all the Council's Boards and advisory committees, are subject to the Open Meeting Law. He stated that anytime there is a quorum of the members of any of the Boards present, that is subject to the Open Meeting Law, and that it must be posted for the Public. He stated there was an exception of social or civic events where there is no City business being discussed, but still encouraged members to avoid any situation that may appear as a violation to avoid perception of conducting city business. Joslin remarked that the intent of the Open Meeting Law is to keep deliberations and the decision-making process of public bodies transparent. The League also has materials on the Open Meeting Law as well which was provided to the Council.

(Resolution will be voted on at the January 17, 2017 meeting)

L. Approve Consent Agenda

1. Consider Accounts Payable in the Amount of $218,524.96 and Payroll in the Amount of $89,613.08 and Fourth Quarter Payroll for Council/Boards/Commissions in the Amount of $11,081.81

Request for Council Action

To: Mayor Wimmer
Members of the City Council

From: Roxanne Achman
Community Development Director

Date: January 17, 2017

Subject: Consider Resolution Accepting State Bid for a Building Official Service Vehicle.

Background

The City Council authorized the purchase of a Building Official truc when adopting the 2017 budget. The amount included in the 20017 budget was $20,000.

Staff would like to replace the Building Officials vehicle with the same model, a Chevrolet Colorado. Quotes were solicited from the two Chevrolet dealers who have contracts to sell vehicles at state bid price. The following quotes were received along with trade-in bids:

Bidder Name	Vehicle Description	Bid Amount	Trade-In Value
Ranger Chevrolet	2017 Chevy Colorado	$21,064.40	$4,000
Nelson Auto Center	2017 Chevy Colorado	$21,222.16	Failed to provide

The Finance Committee reveiwed the request and is recommending the purchase of the 2017 Chevrolet Colorado from Ranger Chevrolet. This purchase will be funded entirely through 101-42401-500. Any remaining funds (should there be any) will be used to outfit the vehicle with decals and lighting.

RESOLUTION NO. 2017-XXX

RESOLUTION ACCEPTING STATE BID FOR A BUILDING OFFICIAL SERVICE VEHICLE

WHEREAS, the 2017 Budget included funds for a Building Official Service Vehicle; and

WHEREAS, Community Development Director Achman obtained the following quotes through the state bid process for a pickup; and

Bidder	Equipment Description	Bid Amount
Ranger Chevrolet 150 2 E Howard St Hibbing, MN 55746	2017 Chevrolet Colorado 2WD	$21,064.40
Nelson Auto Center P.O. Box 338 Fergus Falls, MN 56538	2017 Chevrolet Colorado 2WD	$21,222.16

WHEREAS, Finance Committee recommends the purchase of the 2017 Chevrolet Colorado from Ranger Chevrolet;

NOW, THEREFORE, IT IS HEREBY RESOLVED by the City Council of the City of Isanti, Minnesota

1. Hereby accepts the State Bid for the purchase of the 2017 Chevrolet Colorado for a total amount of $21,064.40, plus any applicable taxes and fees. Funding source to be 101-42401-500.
2. Authorize the Community Development Director and City Clerk to sign the required documents for the purchase of vehicle.
3. Authorize trade-in of the 2005 Chevrolet Colorado at $4,000 to Ranger Chevrolet.
4. Authorize the remainder of the budgeted $20,000 (if any) to equip the 2017 Chevrolet Colorado. Funding source to be 101-42401-500.
5. Authorize payment, if needed, at time of delivery, prior to inclusion on Accounts Payable listing.

This resolution was duly adopted by the Isanti City Council this 17th day of January 2017.

Hi Roxanne

I attached a spec for the 4x4 and I goofed up on the 2 wheel drive I sent you. It didn't have the automatic transmission so I have now included that. The 4

The trade value for your 2005 Colorado would be $4,000.00 on either truck. If your 2005 was a 4x4 it would be worth about $1,500 to 2,000 more so it is a good option.

Thanks

Commissioners Present: George Wimmer, Keith Dragisich, Ross Lorinser, Dan Collison, Paul Bergley, Steve Lundeen and Tara Hallberg

Commissioners Absent: None

Staff Present: Economic Development Director Sean Sullivan

c. Agenda Modifications

2. Approval of Agenda

Motion to approve Agenda as presented by Lundeen, second by Collison, motion carried unanimously.

3. Approve Minutes of November 1, 2016 Regular Economic Development Meeting

Motion by Lorinser second by Collison to approve the minutes for November 1, 2016. Motion carried unanimously.

4. Consider Survey of Newly Constructed Houses/Residents

Economic Development Director Sullivan highlighted the steady growth Isanti has seen over the past three years and the opportunity to survey approximately 140 new households that has moved into newly constructed houses. He indicated that this sample would be a good group to survey to get an idea on why people are moving to Isanti. Information could be used to for economic development, marketing and planning. He also indicated that it would increase changes of a returned surveys if a self-addressed stamped envelope was included. Staff asked for feedback from the EDA.

Commissioner Hallberg stated that an incentive should be included in the survey to get a better response rate.

President Wimmer indicated that they had talked about this at a League of MN Cities conference and that new residents appreciated that the city wanted their feedback

Economic Development Director Sullivan and Commissioner Collison shared the opinion that if an incentive were used the person being surveyed would lose their confidentiality.

Commissioner Dragisich stated that he thought this was a good idea.

Commissioner Lundeen expressed concern at the cost for this survey, especially if the City didn't get a good return rate. He thought it might be better to ask local realtors.

Commissioner Collison requested some changes in the form letter to be sent signed by Mayor Wimmer.

Consensus of the EDA was that this information would be optional. It was also recommended to ask some local businesses for some gift cards that could be used as incentives. The ability to sign up for the incentive would be optional.

Motion by Lundeen, second by Bergley to recommend to the City Council to direct staff to add an incentive section to the survey, work with President Wimmer on the cover letter and to send out a survey to the residents of the houses constructed 2014-2016. This project to be funded from EDA Marketing 495 fund. Motion carried unanimously.

5. City of Isanti and Chamber Map Update

Economic Development Director Sullivan outlined the two map concepts and their purposes. He referenced the sizing of the map in the North 65 Chamber of Commerce and that it was now representing Isanti proportionally and fairly in the publication. Based on this changed has asked if the EDA was comfortable moving forward with and ad in the publication.

Commissioner Bergley pointed out that the location of the Cities (Isanti, Braham and Cambridge) shown on the draft North 65 Chamber Map was not consistent to their actual location and this this was a concern of his. Commissioners stated that the Isanti County map being on the reverse side helps minimize this concern.

Discussion ensued but consensus was that based on the change in the sizing of the map the EDA wanted to advertise in the publication.

Sullivan explained to the EDA that he has been working with ECM and other vendors to get quotes for a City of Isanti Map in addition to the Chamber map. At this point he has only able to get a solid quote for ECM but was waiting for quotes from two other vendors. He expressed concern at getting the project complete in order to get it in the March Isantian for delivery.

Commissioner Dragisich asked if the city had considered an App for a City map that would be mobile. Commissioner Dragisich asked if it would be better to have a less highway and more descriptive and fun map that residents might use more.

President Wimmer stated that he thought this was a good idea and that it had been discussed at a League of Minnesota Cities conference he had attended. He stated that the current city technology

is not where it needs to be to do something like this. He reference that the city will be getting GIS in the future (2018) and that once this was in place project like this would be possible.

Sullivan passed out a version of map done by Bolton and Menk that had only a City map on one side and places to vise and things to see on the other without a county a map. He asked if the EDA would like to do something like this.

The consensus was that the Isanti County map was helpful as it helped in identifying the locations of specific cities in reference to each other and certain destinations. The EDA did want to keep the Isanti County Map as part of its publication and note replace it with other City or regional information.

Motion by Lundeen, second by Lorinser to recommend to City Council to purchase a business card sized ad in the North 65 Chamber of Commerce Map for a cost not to exceed $300. Staff is to provide information for the ad that included City Logo, address and contact information for the city. This project to be funded from EDA Marketing 495 fund. Motion carried unanimously.

Motion by Lundeen, second by Dragisich to direct staff to continue work relating into process, quotes and design of Isanti of Isanti/County of Isanti Map to be mailed out in the Isantian and to ultimately bring to City Council for consideration.

6. Consider Recommendation for Installation of Real Estate Sign at 100 Dahlin

Sullivan presented the staff memo and highlighted the cost and design of the proposed sign. Cost were separated between actual cost of the sign ($260.00), the posts ($125) and the installation ($200).

Discussion ensued. EDA commissioners referenced past practice in relation to the installation of sign and felt that the purchase of posts and installation should be done by public works.

Motion by Lundeen, second by Lorinser to recommend to the City Council accept the real estate sign design, cost and vendor for $260.00 and to have public works purchase the posts and install the sign at 100 Dahlin Ave NE.

7. Other Business / Updates / Communications

Sullivan highlighted items on the Staff Memo including that O'Reilly Auto Parts was coming to town.

Sullivan read the letter of resignation submitted by Commissioner Dragisich.

The EDA and Staff thanked him for his service.

RESOLUTION NO. 2017-XXX

CITY OF ISANTI
CONFLICTS OF INTEREST POLICY

Purpose
The City Council of the City of Isanti confirms its determination that ethical standards among the Mayor and Council Members and members of the various Boards and Commissions and employees of the City (Public Officials) are essential to the proper conduct of City affairs. By eliminating conflicts of interest and providing a guide for conduct in City matters, the City Council strives to promote the faith and confidence of the citizens of the City in their government. The following standards of conduct are intended to serve as a guideline for Public Officials in carrying out their responsibilities. This Policy is in addition to any statutory requirements, Attorney General Opinions or court rulings, which prescribe allowable actions for Public Officials.

Definition
Public Officials shall be defined as follows:

Mayor
City Council
Planning Commission
Economic Development Authority
Parks, Recreation, and Culture Board
City Administrator
Human Resources / City Clerk
Finance Director / Treasurer
Economic Development Director
Community Development Director
Public Services Director / Assistant City Administrator
Chief of Police
Liquor Store Manager
Building Official
City Attorney
City Engineer
Other employees of the City of Isanti

Standards of Conduct

1. Public Officials, City employees, and Police Reserve members:

   a) Shall not use their positions to secure special privileges or exemptions for themselves or others to intentionally jeopardize the position of employment of others;

   b) Shall not engage in, solicit, negotiate for, or promise to accept private employment nor shall they render services for private interests or conduct a private business when

such employment, service, or business creates a conflict with or impairs the proper discharge of their official duties;

c) Shall not participate in deliberations in any matter before the Council, Board or Commission, which affects that Public Official's, Public Official's spouse or minor child's financial interests directly or indirectly or those of a business, profession or occupation with which the Public Official is associated. Whenever such conflict is recognized, the affected Public Officials shall disclose in writing such interest prior to any discussion or vote and disqualify themselves from any further involvement pertaining to the issue;

d) Shall not act as agent or attorney for another in any matter before the Council or any Board or Commission or before any court or administrative board in any matter in which the City is a party;

e) Shall not directly or indirectly receive, or agree to receive, any compensation, gift or reward or gratuity as an inducement to support or influence any matter or proceeding connected with, or related to, the duties of the office; The following types of gifts are permitted under exceptions to the law:

1) Lawful campaign contributions.

2) Services to assist an official in the performance of official duties.

3) Services of insignificant monetary value.

4) A plaque or similar item.

5) A trinket or item of insignificant monetary value.

6) Informational material of unexceptional value.

7) Food or beverage given at a reception, meal, or meeting by an organization before whom the recipient makes a speech or answers questions as part of a program (this exception is only available if the location of the reception, meal, or meeting is away from the recipient's place of work).

8) Gifts given because of the recipient's membership in a group.

9) Gifts between family members.

f) Shall not disclose to others or use to further their personal interest confidential information acquired by them in the course of their official duties.

2. Any Public Official who is an officer, director, partner, agent, proprietor or employee of any firm or has a proprietary interest of 10 percent (10%) or more in any company, business, enterprise or corporation, partnership, labor union or association doing business

with the City shall make known that interest in writing as provided in the disclosure section of this Policy.

3. No Public Official nor business entity that the Public Official has a financial interest in, in excess of 10 percent (10%), shall enter into any contract with the City unless otherwise authorized by law.

4. Public Officials shall disclose to the governing body any relationship to another person or entity in any instance where there is a conflict of interest or could be the appearance of a conflict of interest.

5. Public Officials shall not have a personal financial interest in any sales, lease, or contract that they are authorized to make in their official capacities.

6. A Public Official shall not hold two positions if the positions' functions are incompatible with one another.

Disclosures

Public Officials, elected or appointed and employees serving as Department Heads or Supervisors, shall, no later than thirty (30) days following election or appointment to office and each year thereafter by February 1, complete the Disclosure Form and return it to the City Administrator. All subsequent applicants for appointment on Boards and Commissions shall file a completed Disclosure Form together with the application form. Within thirty (30) days after the acquisition or sale of any property, each Public Official shall file as a public record with the City Administrator, a list of all real property in the City owned by such person, that person's spouse, or minor child, or in which the Public Official has a beneficial interest, disclosing each individual item held, and by whom. Homestead shall be excluded from the above disclosure. Each Public Official shall disclose all positions as officer, director, partner, agent, proprietor or employee of any firm in which such Public Official has a proprietary interest of ten percent (10%) or more in any company, business, enterprise, corporation, partnership, labor union or association doing business with the City, and indicate with respect to each such relationship whether services are gratuitous or for compensation.

Disclosure Form

The disclosure information required by this Policy shall be set forth on a form which shall be made available by the City Administrator and is part of this Policy.

Discipline

Upon a signed written complaint of any person questioning adherence to this Policy or on the Council's own volition, the Council shall refer the matter to the City Attorney for investigation and the City Attorney shall report the results of the investigation to the Council within forty-five (45) days thereafter. A copy of such report shall be furnished to the person complained against. Such person may request a hearing on this matter before the Council which request shall be filed with the City Administrator not later than ten (10) days following receipt by such person of the City Attorney's report.

Upon receipt of the City Attorney's report and at the conclusion of any hearing on the matter, the Council by majority vote may dismiss the complaint as having no merit, may adopt a resolution of censure, or with respect to members of Boards and Commissions, the Council may remove a member from such Board or Commission. In the event the complaint is against a member of the Council, such member shall not participate in the Council's deliberations or vote on the issue.

Violations

Any Public Official who violates the Conflict of Interest Law can be found guilty of a gross misdemeanor, be fined up to $3,000, and imprisoned for up to one year. Any contract that has been made illegally is void.

This Resolution is hereby approved by the Isanti City Council this 17th day of January, 2017.

MEMO

Request for City Council Agenda

To: **Mayor Wimmer and City Council Members**
From: Chief Gene C. Hill
Date: January 4, 2017
Subject: Verizon Jet Packs for PD Administrative Staff

Background:

In 2016 the Finance Committee reviewed the request of the Chief of Police in regards to getting Verizon Internet Jet Packs ($34.99/month) for the PD administrative staff in lieu of the $30.00 cell phone stipend. Cell phones are required by policy for PD administrative staff. PD administrative staff would continue to maintain their existing phones at their own expense and that the Jet Packs would be billed through the City's existing Verizon government account. A signed letter from the Chief of Police and the Lieutenant are included.

The Jet packs would allow PD administrative staff better cell phone coverage and allow the use of their laptop computers while away from traditional Wifi networks to access the records management system and other criminal justice connections.

The Finance has approved this request.

Action:

For the City Council to review and consider moving forward with this request.

Thank you for your consideration
Chief Gene C. Hill

RESOLUTION NO. 2017-_____

A RESOLUTION AUTHORIZING THE REQUISITION OF VERIZON INTERNET JET PACKS FOR THE POLICE DEPARTMENT ADMINISTRATIVE STAFF IN LIEU OF THE CELL PHONE STIPEND

WHEREAS, the Police Department Administrative Staff are authorized to receive cell phone stipends by City Policy, and;

WHEREAS, the Administrative Staff has requested Verizon Internet Jet Packs in lieu of the cell phone stipend, and;

WHEREAS, the Finance Committee has reviewed and recommended moving forward with requisition of the Verizon Internet Jet Packs to be billed to the existing Verizon City Account, and;

NOW, THEREFORE, IT IS HEREBY RESOLVED by the City Council of the City of Isanti, Minnesota as follows:

1. That the City Council authorizes the Chief of Police and the Police Lieutenant to each receive a Verizon Internet Jet pack in lieu of their cell phone stipend and it is to be billed on the existing City Verizon Account.

Adopted by the Isanti City Council this 17th day of January 2017.

Reference: Police Department Cell Phone Stipend

As previously discussed at a Finance Committee meeting in 2016, I brought up in discussion that Lt. Muyres and I would like to forgo our cell phone stipend from the City in lieu of getting a Verizon Jet Pack. This item would allow increased cell phone coverage and both of us to use our laptops when needed for work when we are away from internet or a Wi-Fi location. The ladder scenario does happen frequently when I travel and am away from the office. This would drastically speed up my responses to questions and be useful in emergency management situations.

Both Lt. Muyres and myself find that the Verizon Jet Pack would better suit or needs.

Subject: Resolution to Adopt Policy for City Council Pay Process

---

Staff has developed a formal Pay Process for City Council Pay (per diems). The need for a formal process and policy stems from a review of the current informal process, in which there were errors, etc. The proposed policy is a more professional approach, clarifying responsibilities and using email to communicate and document meeting attendance. The Finance Committee has reviewed the policy and is recommending its adoption.

A Resolution to Adopt the Policy for City Council Pay Process is attached for your consideration.

RESOLUTION NO. 2017-_____

A RESOLUTION ADOPTING A POLICY FOR CITY COUNCIL PAY PROCESS

WHEREAS, the Process for City Council Pay needed to be reviewed due to inconsistencies and errors in the current system; and,

WHEREAS, Staff has prepared a revised policy that centralizes the responsibilities for documenting and processing per diem pay for City Councilor service on Boards and Committees; and,

WHEREAS, the Finance Committee has reviewed this policy and recommends its adoption; and,

NOW, THEREFORE, IT IS HEREBY RESOLVED by the City Council of the City of Isanti, Minnesota hereby adopts a Policy for City Council Pay Process, as provided in 'Exhibit A'.

This resolution was duly adopted by the Isanti City Council this 17th day of January 2017.

EXHIBIT A

POLICY FOR CITY COUNCIL PAY PROCESS

1. The Administrative Data Clerk (ADC) will be responsible for keeping the quarterly records for City Council Meeting Attendance. In their absence, the Human Resources/City Clerk will take on this role.

2. Department Heads or subordinate staff that attend City Council Committee Meetings are responsible for e-mailing attendance by City Councilmembers to the ADC. These emails shall be copied to the Human Resources/City Clerk. This includes extensions of Committee Meetings for Finance or Personnel, or other in-house meetings as defined for Council Pay by the City Council.

3. Emails should be sent with the subject line "Council Committee Attendance" and include the Councilmember that was present, the date of the meeting, and what the meeting was for.

4. Councilmembers that attend assigned Board or Organization meetings are responsible for e-mailing or reporting attendance in writing to the ADC.

5. The ADC will prepare a Quarterly Report and submit it to the Department Heads for review approximately one week prior to the required processing of quarterly payroll. Once reviewed and approved by the Department Heads, the Quarterly Report will be sent to the Mayor and City Council for their review. Each party will have 3 business days to review the list and report back to the ADC.

6. Once the Review is complete, the ADC will forward the final Quarterly Report to the Assistant Finance Director for processing.

Subject: Purchasing Policy Amendment – Purchasing Flexibility

---

Per direction from City Council Goal Setting in January, 2016, staff had prepared an Amendment to the City Purchasing Policy to allow Purchasing Flexibility for goods and services that are outside of the approved City Budget (see attached) for that line item. As discussed, this discretion is for purchases of up to $1,000.00. Such purchases must be recommended by the Department Head and Finance Director, and approved by the Finance Committee. Funding for these purchases must be from budgeted allocations under a specific line item. The proposed policy wording has been reviewed by the City Auditors. This proposed amendment had been reviewed and recommended by the Finance Committee for consideration in March, 2016, and needs City Council consideration to be placed into formal policy.

RESOLUTION 2017-____

A RESOLUTION ADOPTING AMENDMENT TO THE PURCHASING POLICY

WHEREAS, the City of Isanti requires quality goods and services to meet the need of its citizens, while maximizing tax dollars; and

WHEREAS, the approved budget adopted provides the basis for spending in a year but a purchasing policy gives direction to staff on authorized approval on dollar limit of expenditures; and

WHEREAS, guidelines are necessary for governing the process in which goods and services are purchased; and

WHEREAS, expediency and flexibility is required in purchasing for City Operations. Sometimes needed purchases of goods or services are outside of a City Department's Approved Annual Budget. In order to expedite these purchases, the City Council grants the Finance Committee discretion to approve such purchases of goods and services not to exceed $1,000.00. These purchases must be within allocations as budgeted in the City Department's Approved Annual Budget, under a specified line item for that year, as recommended by the Department Head and Finance Director.

WHEREAS, Resolution 2007-083 authorized a Purchasing Policy; and Resolutions 2009-010, 2009-309, 2011-194, 2014-125, 2016-093 authorized amendments to the Purchasing Policy;

NOW, THEREFORE BE IT RESOLVED BY THE CITY COUNCIL of the City of Isanti, Minnesota, hereby approves the Purchasing Policy as amended and attached as 'Exhibit A'.

This Resolution hereby approved by the Isanti City Council this 17th day of January 2017.

Amended August 16, 2011
Amended June 3, 2014
Amended March 15, 2016- Addendum
Amended January 17, 2017

PURPOSE

The City of Isanti will support a purchasing policy that provides quality goods and services that meet the need of the City. These goods and services will be acquired in a manner to maximize the value received for each tax dollar spent. Purchasing policies are designed to facilitate the effective delivery of municipal services while maintaining adequate financial controls.

All purchasing by local government units is regulated by State Law. Consequently, these laws will govern each employee's responsibility in all purchasing processes.

The primary basis for the City's system of internal control is the City's annual budget. The budget, as adopted by the City Council, serves as the basis for the City's spending for that year. All purchases must be within a Department's approved budget or in the list of capital purchases in the Replacement Fund's approved budget.

It will be the responsibility of each City employee to adhere to the purchasing process and procedures for the actual ordering/purchasing of goods and services, procedures for receiving and reporting purchases and procedures for payment of vendor invoices.

The City of Isanti encourages its staff to consider local purchasing when all factors are relatively equal.

GUIDELINES

It is the policy of the City of Isanti that the following ethical principles shall govern the conduct of every employee involved, directly or indirectly, in the City procurement process.

1. All purchases must be within a Department's approved budget or in the list of capital purchases in the Replacement Fund's approved budget. The Finance Committee has authority to authorize non-budgeted purchases of goods or services in the amount of $1,000.00 or less, as recommended by the Department Head and Finance Director. Such purchases must be within the approved annual Budget for that Department, allocated under a specified line item.

2. Employees will avoid activities which would compromise or give the perception of compromising the best interests of the City of Isanti. Employees will not knowingly use confidential proprietary information for actual or anticipated personal gain.

3. Employees will avoid any activity that would create a conflict between their personal interest and the interest of the City. Conflicts exist in any relationship where a person is not acting in the City's best interest and may be acting in their own interest or the interest of someone associated with them. Such conflicts of interest would include being involved in any procurement in which:

    a. The employee or any member of the employee's family has a financial interest pertaining to the City procurement process.
    b. A business or organization in which the employee, or any member of the employee's family, has a financial interest pertaining to the City procurement process.
    c. Any other person, business, or organization with whom the employees or a member of the employee's family is negotiating or has an arrangement concerning prospective employment.

    If such conflicts of interest exist, the employee will notify the City Administrator in writing and will remove him/herself from the City procurement process.

4. Employees will avoid the appearance of unethical or compromising practices in relationship, actions, and communications regarding the procurement process.

5. Employees will never solicit or accept money, loans, gifts, favors, or anything of value, from present or potential contractors which might influence or appear to influence a purchasing decision. If anyone is in doubt about whether a specific transaction complies with this policy, the person should disclose the transaction to the City Administrator for a determination of compliance.

6. The City of Isanti shall be environmentally conscious by encouraging the use of recycled products whenever practicable and in the best interest of the City.

7. It is City policy not to endorse or in any way permit an employee's name, position or the City's name to be used and advertised as supporting a product or vendor. This does not apply to giving references for products or services used by the City.

8. No individual shall be allowed to make any purchases for personal use through the City.

9. Effective January 1, 2014, the City is exempt from paying sales tax on most goods and services. Reference Minnesota Statutes for current guidelines on Local Government Sales and Use Tax Exemptions.

PURCHASING PROCEDURES

These policies regulating the degree of formality are to be followed in the purchase of goods and services, depending on the costs of the items to be purchased. The splitting of purchases into smaller orders to avoid these requirements is strictly prohibited.

Purchase Level	Quotes/Bids	Approving Authority
$0 - $1,000	**Invoice**	**Department Head**

$1,000.01 - $5,000	**2 Written Quotes***	**Finance Director**
$5,000.01 - $10,000	**2 Written Quotes***	**City Administrator**
$10,000.01 - $100,000	**3 Written Quotes ***	**City Council**
Over $100,000	**Bids**	**City Council**

**Written quotes or a completed quote form is to be attached where there is more than one feasible source*

All purchases must be within a Department's approved budget or in the list of capital purchases in the Replacement Fund's approved budget.

Purchases Under $1,000. Department heads are authorized to purchase directly from vendors for any purchase under $1,000. It is the responsibility of each Department head to insure complete control over this segment of the purchasing process. It is recommended that equipment purchases under $1,000 should have two (2) quotations to confirm competitive pricing. Department heads should designate employees who will be allowed to make purchases and to provide internal control procedures to ensure that all purchases are for legitimate public purposes and all purchases accounted for.

Purchases from $1,000.01 to $5,000. Purchase requisitions for goods or services having a value of $1,000 to $5,000 must be submitted for approval by the City Finance Director prior to placing an order with a vendor. Before submitting a purchase requisition, Department heads must obtain two (2) or more written quotations for the goods or services required. The quotations may be obtained via mail, e-mail or fax machine and must be signed by an authorized representative of the vendor. The purchase requisition awarding the purchase to the lowest responsible bidder should then be forwarded to the City Finance Director who will check to insure that the quotation form has been completed correctly and that funds are available in the appropriate budget. If Department heads are unable to secure two (2) quotations, a notation explaining why less than two (2) qualified vendors were available should be made on the quotation form, attached to the purchase order and forwarded to the City Finance Director. When seeking two (2) quotes, the practice of "auctioneering" should be avoided by refusing to disclose to a vendor the price quoted by competitors. Purchase requisition and quotation request form will be attached to the appropriate City Council bill list.

Purchases from $5,000.01 to $10,000 The same procedures apply as when purchasing from $1,000 to $5,000 except that once approved by Finance Director further approval must be made by City Administrator.

Purchases from $10,000.01 to $100,000 Prior to processing a purchase requisition to secure goods or services valued at $10,000 to $100,000, Department heads must obtain three (3) written quotations. For purchases over $25,000 the State of Minnesota's Cooperative Purchasing Venture (CPV) must be considered. If Department heads are unable to secure three (3) written quotations a memo explaining why less than three (3) qualified vendors were available as well as the Quotation Request form should be attached to the purchase order and forwarded to the City Clerk/Assistant for placement on the City Council agenda. All purchases over $10,000 require City Council approval. The Quotation Request form requires appropriate planning to insure that adequate lead time is available to satisfy the purchasing requirements. For local improvement contracts that are paid for with special assessments the purchases over $100,000 process must be used if the estimated costs of the contract exceeds $50,000.

Purchases over $100,000 Department heads anticipating the purchase of goods or services

valued over $100,000 should prepare specifications based upon standards appropriate to meet the City's needs. For local improvement contracts that are paid for with special assessments the purchases over $100,000 process must be used if the estimated cost of the contract exceeds $50,000. Specifications should be forwarded to the City Clerk/Assistant City Administrator. The City Clerk/Assistant City Administrator will then direct the preparation of the necessary bid packet, public notices and advertisements to meet the City's purchasing policy and will also send invitations to bid to qualified vendors. Department heads should submit a list of such vendors along with the specifications. A bid packet containing an invitation to bid, specifications, and general bid documents will be sent to these vendors, as well as those that respond to the legal notice. Formal bids will be advertised for at least ten (10) business days prior to bid opening.

After the bids are opened, the bids will be referred to the Department head for review. The Department head will prepare a written tabulation of all bids and draft a memo to the City Clerk/Assist City Administrator that will be placed on the next City Council Agenda, which will include the Department heads recommendation for the bid award. All purchases over $10,000 must be awarded by the City Council. The award will normally be made to the low bidder meeting specifications. If not, documentation should be made to list the reasons why other than the low bidder was selected in the best interest of the City. Performance bonds and payments bonds are required for all public work contracts over $75,000. Bid bonds may be requested. Workers compensation insurance and general insurance certificates may also be required with the City of Isanti named as an additional insured.

Independent Contractor Exemption Certificate (ICEC) Residential and commercial building construction or improvement service independent contractors carrying on a trade or business as a sole proprietor must present and ICEC when submitting a quote or bid. In accordance with state law if a sole proprietor does not have an ICEC the individual becomes an employee of the City of Isanti. Payments made to a sole proprietor are subject to 2% withholding for Minnesota income tax if the work was performed in the State of Minnesota and the total payments during the year exceed $600.

State of Minnesota Cooperative Purchasing Program All requirements of this policy are deemed to be met if purchases are made through this State Program. Depending upon purchase level of item appropriate approvals still apply. All purchases over $25,000 require consideration of the Cooperative Purchasing Venture (CPV).

Cumulative Purchases The same purchase level guidelines under PURCHASING GUIDELINES remain effective for the total amount purchased throughout the year, however purchases for the same product may be made by a department by obtaining quotes/bids once during the year. Example: Sand/salt purchases for public works.

Emergency Purchases An "emergency" is defined as an unforeseen combination of circumstances that calls for immediate action to prevent a "disaster" from developing or occurring. A "disaster" is defined as a situation that creates an actual or imminent serious threat to the health and safety of persons, or a situation that has resulted or is likely to result in catastrophic loss to property or the environment, and for which traditional sources of relief and assistance within the affected area are unable to repair or prevent the injury or loss.

A "public health emergency" means an occurrence or imminent threat of an illness or health condition in Minnesota where there is evidence that the cause of the illness or health condition is bioterrorism, or an airborne infectious agent or toxin and that the illness poses a high

probability of a large number of deaths or disabilities or widespread exposure to an airborne infectious agent that poses a significant risk to a large number of people.

Professional Services are considered to be unique and are not subject to the bid law even though the contract amount may exceed $100,000. This group includes: architects, engineers, construction managers, attorneys, accountants, consultants, and other services requiring technical, scientific or professional training

A REQUEST FOR PROPOSAL (RFP) can be prepared much the same way as specifications including requirements and minimum standards for the services to be provided. RFP's should be submitted to the City Administrator for review and approval prior to distribution. When a RFP is approved, a limited number of qualified professionals will be invited to submit a proposal setting forth their interest, qualifications and how they can meet the City's needs. In securing professional services it is the primary goal of the City to obtain the services of a professional who has a proven record of providing in a professional way those services required. A contract will be negotiated with the professional deemed to best meet the City's needs.

Contracts Only the city council may make contracts on behalf of the city. Individual council members, council committees, and city administrative officers may not enter into these contracts.

The following purchases are exempt from this purchasing policy:

Utility invoices-telephone, electric, natural gas, gasoline, mileage, products purchased for resale, emergency purchases, maintenance and repairs, schools, conferences and meeting reimbursements.

Major capital repairs beyond normal maintenance are NOT exempt from the purchasing policy.

Addendum to City Purchasing Policy
Environmental Sustainability

I. PURPOSE AND NEED FOR POLICY The goal of this policy is to encourage and increase purchasing that reflects the City's commitment to sustainability. This Policy promotes:

- Conserving natural resources
- Minimizing environmental impacts, such as pollution
- Supporting strong recycling markets
- Increasing the use and availability of environmentally preferable products that protect the environment
- Rewarding manufacturers and vendors that reduce environmental impacts in their production and distribution systems
- Creating a model for successfully purchasing environmentally preferable products that encourages other purchasers in our community to adopt similar goals
- Lowering overall costs by addressing full cost accounting (purchase, maintenance, disposal, staff time, and labor)
- Leveraging buying power

II. POLICY The following guidelines are to be followed as practicable by the City of Isanti:

1. Recycled Paper Products and Recycled-Content Products. Per Minnesota Statute 16B.122 and per the Federal Environmental Protection Agency's (EPA) requirements, the City of Isanti will endeavor to purchase paper products containing the highest postconsumer content practicable, but no less than 30% recycled-content for copy paper (which is the minimum recycled content standard established by the EPA Comprehensive Procurement Guidelines: www.epa.gov). The City should purchase other products made with recycled material whenever possible and economically feasible.

2. Waste Minimization. The City should buy in bulk whenever practicable to reduce packaging. Packaging that is reusable, recyclable or compostable is preferred, when suitable uses and programs exist.

3. Energy Saving Products. All appliances and products purchased by the City, for which the US EPA Energy Star certification is available, will meet Energy Star certification, provided such products are available and financially feasible (www.energystar.gov). This would include lighting systems, exhaust fans, water heaters, computers, exit signs, and appliances, such as refrigerators, dishwashers, and microwave ovens.

4. Water Saving Products. Water saving products purchased by the City will meet the WaterSense certification when such products are available and financially feasible (www.epa.gov). This includes, but is not limited to, high-performing fixtures, such as toilets, waterless urinals, low-flow faucets and aerators, and upgraded irrigation systems.

5. Cleaning Products. Cleaning products purchased by the City will meet Green Seal, EcoLogo, and/or U.S. EPA Design for the Environment cleaning product standards, if such products are practicable, available, and perform to an acceptable standard.

6. Lighting. The City should purchase and install LED lighting on any new construction, retrofits, remodels or replacement projects, including street lighting.

III. PROCEDURE When purchasing products and services for the City, staff will:

- Ensure that specifications support the use of reusable, recycled, or environmentally preferable products by following these guidelines.
- Evaluate environmentally preferable products to determine the extent to which they may be used by the department and its contractors.
- Facilitate data collection on purchases of designated environmentally preferable products by the department in order to determine the effectiveness of the products and services.
- Use a standard of accepting a 10% increased cost for these items. Financial incentives should be taken into consideration in cost comparisons. Authorization from the Finance Committee is required if the additional cost to buy the environmentally preferable product is greater than $1,000. (It is recognized that these costs may be more expensive in the near term, but usage will contribute to a lowering of costs over time for environmentally sustainable products and services).

IV. RESPONSIBILITY All City departments are responsible for implementation of this policy and to ensure their respective employees are fully aware and supportive of the City's policy to purchase environmentally preferable goods and services. City staff will implement these guidelines in conjunction with the city's normal purchasing procedure and with consideration of the above price differential

Motion by Lundeen second by Bergley to approve the minutes for December 6, 2016. Motion carried unanimously.

4. 2014-2016 Minnesota Manufacturing Week Summary Report

Economic Development Sullivan highlighted the manufacturing business reports generated on behalf of the city of Isanti by Greater MSP. 22 visits were conducted in 2016. Sullivan explained that the City enters the raw data from business visits and various reports can be generated to show trends and areas to review. He highlighted a few of the large changes from 2015 to 2016 and also areas that the City scored below neutral for the business environment. Sullivan pointed out that planned investment by companies was down but the ratings for local government assistance and attitude toward business showed improvement.

President Wimmer highlighted some of the recent home sales information in Isanti and the surrounding area. He indicated both he and Economic Development Director Sullivan monitor this information. He indicated values were increasing at a higher rate in the City of Isanti than in Cambridge. He indicated that it made sense as incomes were higher in Isanti. He also noted that Isanti has a higher volume of sales compared to Cambridge which was interesting.

No Action was requested and no action was taken as this was an information item.

5. Other Business / Updates

Economic Development Director Sullivan highlighted the Staff Memo which included Whiskey Road Pub and Grub has submitted an IUP. President Wimmer indicate he met with owners and that they understand City expectations. Final number of single family housing permits for 2016 was 63.

RE: City Council 2016 Goal Updates

Overview

This memo has been prepared to provide the City Council with a report on the status of 2016 City Council Goals, as a part of the 2017 City Council Goal Setting. City Attorney Clark Joslin will review this report with you.

2016 Goals/Project Status

- 2016 Elections – Implement Polling Places – Second Precinct created and a new Polling Place at ICC planned and implemented for last year's general elections.

- Adopt New EDA Marketing Plan – A decision was made to implement specific marketing activities that include an updated Welcome Brochure, a direct mail to targeted industrial businesses, a promotional bag, generation and distribution of a community map, partnerships with Isanti businesses, the Mayor's 10 Annual Employer Celebration Day, Real estate sign on 100 Dahlin and finalization of the CGI video and placement on the City website. All items are in various stages of implementation and are dependent on each other. In addition, a Community Survey has be issued for new homes and survey should be helpful for future marketing. These types of activities are supported in the current Marketing Plan.

- Hotel Project Options – Project at a standstill with no new investor coming forward. Study is still current and can be used for interested parties. Staff to continue to provide study to potential partners.

- Fifth Street Extension – Develop Funding Options- Staff has worked with Federal EDA and Congressman Nolan's Office to find funding opportunities for the extension. Project size and economic impact too small for federal programs. Staff fees that a potential partnership with Allina and impacted landowners possible but would need direction and negotiating parameters from City Council to proceed.

- New City Councilmember Orientation – Former HR/City Clerk Karissa Henning started work on this project, but with her departure the project was not completed. Staff recommends this project be added to be completed prior to the 2018 City Council Elections.

- City Comprehensive Planning Update – DOAC reviewed. GIS work to be implemented for 2017 and the Comp Plan Update for 2018. It is on the agenda today for discussion.

- 2016 Collective Bargaining – The City has completed negotiations and a 3 year Contract with the LELS. The Personnel Committee and staff are continuing contract negotiations with Local 49 and it is hoped to have a settlement soon.

- Department Head Salary Review – This was completed by the Personnel Committee/staff, and implemented in 2016.

- City Staffing Plan – This was completed by the Personnel Committee/staff and adopted in 2016.

- Purchasing Discretion - Purchasing Policy Amendment to allow up to $1,000 budget discretion by – Initial work was completed by the Finance Committee and staff in 2016, with the resolution officially adopted on 1/17/17.

- Isanti Liquor Tastings Event – This was planned by the Liquor Committee/staff and the event was held at the Isanti Community Center in October, 2016. It is on the agenda for discussion at Goal Setting.

- Railroad Avenue Sidewalk – As directed by the City Council, the City Engineer is preparing a feasibility report. The next step is review of the Feasibility Report by the Finance Committee.

- Continue Marketing Plan and Economic Development Efforts to Diversify and Increase the Tax Base – Continued ongoing effort by EDA, DOAC and staff.

- Maintain City and Development Standards – Continued on-going effort by DOAC and staff. This includes enforcement and code/regulation changes to enhance efforts.

City Attorney Joslin welcomed the City Council and staff to the Goal Setting meeting.

City Attorney Joslin gave a brief introduction regarding the Goal Setting Session Agenda.

Overview of Prior Year Goals
Joslin reviewed the top goals from previous years and they were as follows:

2015

- Adopt a Long Range Revenue Plan
- Adopt Pavement Management and Utility Improvement Plans
- Complete a Utility Rate Study
- Create Joint Planning Advisory Board with City of Cambridge and Isanti Township - Comprehensive Planning
- Work on Sidewalk Infill on CSAH 23 and Heritage Boulevard
- Continue Marketing Plan and Economic Development Efforts to Diversify and Increase the Tax Base
- Maintain City and Development Standards

2014

- Police Chief Search - Internal Posting Process
- Change Sidewalk Snow Removal Policy
    - Formal Policy Change for Council Consideration
    - Purchase of new equipment
    - Hiring of one new full-time maintenance technician
    - Discontinue charging citizens for un-cleared sidewalks

- Create Joint Planning Meetings with Cambridge and Isanti Township - Compatible Land Usage/ Common Control Boundaries
- County Road 5 (Heritage Blvd) Traffic Study - Traffic Control/ Improvement

- Community Center - Finalize Process/ Make it Financially Viable
- HRA Option - Evaluate
- CSAH 5 Aesthetic Standards / Traffic Flow Evaluation
- City Website Update
- Maintain City Standards
- Utility Billing - Pursue In House Billing
- Continue Economic Development Efforts to Diversify and Increase the Tax Base

2012

- Community Center Review – Citizen Task Force
- Capital Replacement Fund – Review Reserves
- Utility Billing Review and Recommendation
- CSAH 5 – Traffic and Congestion Issues
- Main Street Traffic Issues
- Continue Economic Development – Diversify and Increase Tax Base

Mayor Wimmer did note that the 2011 community meeting minutes and staff memo is also within the goal setting agenda packet. Mayor Wimmer indicated there were two community meetings held in 2015 to review the pavement and utility management plans; however, there were no citizens present at either meeting.

Mayor Wimmer reported that the City is on track from a financial standpoint. The City is building its fund reserve back up. It is recommended by the City's auditors that that City maintain minimally a 50% fund balance. Maintaining a 50% fund balance helps the City receive better bond ratings. Mayor Wimmer emphasized the importance of maintaining a 50% fund balance as the City will need to bond for upcoming street improvement projects.

Mayor Wimmer shared with the Council that he anticipates seeing savings in utilities as a result of the 2016 utility rate study.

Mayor Wimmer explained the City's financial plan has been reviewed at other City Council meetings and that once the numbers have been finalized from the 2015 audit, the financial plan will be updated.

There was discussion from the Council on bringing in the 108 unit apartment building to the northeast corner of Isanti; this should attract developers.

There was discussion on the asset management and pavement plans.

The Mayor indicated that he is going to try to hold more informal meetings with the public and business community. He will be trying to start up 'Coffee with the Mayor' for those interested in discussing City matters and providing him with their input. This is in attempt to receive a wider range of input from all citizens and business owners.

Review of 2016 Projects/ Goals

a. 2016 Elections – Dual Polling Locations

Mayor Wimmer indicated that as required by the County, the City is splitting into two polling precincts.

Lorsung explained that the City's two precincts would be divided by a line on the centerline of Heritage Boulevard that extends from the City's western boundary to its intersection with Hwy. 65. From there, the line extends south on the centerline of Highway 65. Precinct one would be at City Hall and serving those to the south of heritage, west of 65; precinct two would be at the Isanti Community Center, serving those to the north of heritage, east of 65.

b. EDA Marketing Plan

The City Council briefly reviewed the EDA marketing plan. More information will be provided once Sullivan is able to get final numbers. There was discussion on the more the City can do at the City level for businesses, the more likely the City is to bring businesses in. Credit was given to the development team for their great work in 2015.

c. Hotel Project

In review of past studies, having a hotel in Isanti is viable. However, the success of being able to bring a hotel to the City of Isanti may be contingent upon the City's level of involvement in a hotel project. There are three different ways the City could be involved in a hotel project: 1) wholly fund a hotel 2) partial ownership in a hotel 3) providing as many financial incentives as possible for a business interested in doing a hotel project. The Mayor noted that he believes a hotel will come in the next three to five years - into the area - however, 'area' does not necessarily mean a hotel will come to Isanti. The Mayor asked the Council if they would like to consider having any ownership stake in a hotel.

Bergley mentioned he would be willing to look at partial ownership with intent to sell to a private business.

Johnson concurred that he would be in favor of a hotel and some level of City involvement.

Lundeen noted he does not believe a City should own any business.

Collison made comment that he would be in favor of looking into a hotel and potential levels of City involvement, but would also want to see an end to the City's involvement; a hotel should not remain under City ownership.

Mayor Wimmer informed the Council that from a dollars and cents standpoint, it looks better to have whole ownership of a hotel versus partial. The Mayor continued to state though that he understands it is a big question as to whether or not a government entity should be involved in a hotel, and that is what the Council will need to decide.

Sullivan reviewed some tax advantages of having a hotel in the City of Isanti.

There was direction for Sullivan to gather more information regarding a hotel in Isanti and review with the EDA.

d. Hockey Rink Capital Improvements

Mayor Wimmer reported that the Youth Hockey Association is no longer able to maintain or assist in maintaining the hockey rink. The current rink is in bad shape. There was discussion on moving the hockey rink and pleasure rink to the south of the BMX building, and putting cement slabs down and using wooden boards. This way, citizens using the rinks can be closer to the BMX warming house, and the wooden boards can be taken down in the summer. Doing this would be a lot less expensive than reserving funds to build a new hockey rink. A new hockey rink could cost between $30,000 and $50,000 dollars.

There was discussion in regards to citizens using the rink and concerns regarding parking lot space for BMX.

There was discussion in regards to more storage being needed for public works and the police department. Having wooden boards on the rinks would mean another thing public works would need to store in the off-season.

Mayor Wimmer stated he wanted the Council to be aware of this as it is something the Park, Recreation, and Culture Board will be looking at.

e. 5th Street NE Road Extension

There was discussion on finding outside funding options for this extension.

f. New City Councilmember Orientation

Staff will be preparing a new City Councilmember orientation process and packet for new members. Councilmembers are to reach out to staff if they have any suggestions on how to make the onboarding process for new Councilmembers better. An orientation packet will come back to the Council for review.

g. City Comprehensive Plan Update

The Mayor indicated doing a comprehensive plan could easily cost $50,000. There was discussion with staff on the best process for doing a comprehensive plan. Staff requested Council consideration of a facilitator to assist staff through the process and gathering data. Staff is to

bring back to City Council timelines for 2017 GIS needs and for a 2018 comprehensive plan update.

h. 2016 Collective Bargaining

Staff reported that preparation for collective bargaining will happen in late summer. It is anticipated that notices to bargain will be received in early to mid-fall and negotiations will take place in mid to late fall.

i. Department Head Salary Review

Mayor Wimmer stated that the City pays considerably less than other cities for department head positions. He would like to see a $5,000 increase for all department head positions. Mayor Wimmer added that City staff is incredibly efficient; overall the City's administrative costs are 30-40% less than peer groups. There was discussion amongst Council about staff members wearing many hats and being great at what they do.

j. City Staffing Plan

Mayor Wimmer noted he would like to have a City staffing plan laid out and approved by Council so staff members can see how the Council foresees positions and departments growing. The Council agreed with this and felt doing so would empower staff and create commitment from staff members - as they can know that their positions or departments will grow overtime.

k. Purchasing Discretion – Finance Committee

Mayor Wimmer and Lorsung explained that a purchasing timeline for staff can at times take multiple weeks due to needing Council approval. The Mayor would like the Finance Committee to have the ability to allow smaller budget items be approved at the Committee level versus bringing it back to Council to save staff time.

l. Isanti Liquor Tastings Event - ICC

There was consensus among the Council that Isanti Liquor should hold its tastings in Isanti. Last year the annual liquor tasting event (hosted by the Chamber of Commerce) was held in Cambridge. The Council discussed the idea of holding an Isanti Liquor Store tasting and was in favor of it. The Liquor Committee will be working on this.

With the City Council's guidance, staff will direct all goals and action items discussed to the appropriate Committees for consideration.

Adjournment

Meeting adjourned at 10:55 a.m.

Respectfully submitted,

Clark A. Joslin, Facilitator
Isanti City Attorney

- Need to continue training/mentoring for employees to move up within the Department
- Community Policing - Key Foundation to the Police Department
- Looking into grant funding for automated external defibrillators (A.E.D's) for all City Buildings
- Looking into grant funding for thermal imaging cameras
- Need for new technology/equipment in the investigation room such as cameras
- Gas prices are currently down, but ammunition prices have gone up

Public Works Director Nick Fleischhacker reported on the following:

- Water and long term planning
- Water process testing is done 1,300 times per year
- Sewer and long term maintenance needs
- Sewer process testing done 1,000 times per year
- Reporting for water/sewer and new legislation
- Streets - straight salt versus dirt makes an ease for clean-up in spring for streets
- Looking into paint that lasts for a longer term - currently re-paint yearly

- Streets are in pretty good shape if start to repair and maintain now - this will lead to a decrease in costs for road maintenance/reconstruction long term
- Parks and summer maintenance

Liquor Store Manager John Jacobi reported on the Liquor Store:

- 4.4% increase in sales over year prior
- Development in wines
- Great employees and ideas
- Backroom always over stacked/ over crowded
- EMV pay chip and pin credit cards
- Parking lot deterioration
- Plans for the future
- Hope for a new Liquor Store in future plans

Mayor Wimmer and the Council discussed that they do not foresee planning for a new Liquor Store for at least five more years.

Community Development Director Roxanne Achman reported on the following:

- Several potential commercial projects
- Code Updates
- Numerous calls on platting and adding on to homes/ businesses
- 2016 Comprehensive Plan
- Creation of a Joint Planning Board for the Comprehensive Plan with the City of Cambridge and Isanti Township
- Potential change to the make-up of the Planning Commission
- Need for GIS and Mapping software
- Succession Planning - Building Official position
- Code Enforcement/ Zoning Technician obtaining permit technician certification

Economic Development Director Sean Sullivan reported on the following:

- The Economy is improving from where is has been from the last 5 years. Isanti has an opportunity to grow again - we need to stick to our message
- Currently over 150 businesses in Isanti that employ over 1500 workers
- 38 permits for single family residential homes were pulled in 2014
- East Central MN Housing Study and Tourism Impact Hotel Feasibility Study were completed in 2014 and will be used to market to specific end users
- Demand for senior and residential housing for Isanti identified in East Central MN Housing Study
- Future Development Needed: Working on Hotel and Clinic and other CEDS Priorities
- Upgraded City Website 2014
- Need to consider potentially to recruiting businesses from the North
- Continued development of City owned lots in Industrial Park
- Need for quality development along highway 65, beginning to see some push for development that doesn't maximize land on 65 and could be detrimental for future of Isanti (Do we want used car lots?)

- Monument Sign or Billboard on Hwy 65 for Isanti would be a great way to market community

Lundeen stated that a monument sign with an electronic billboard would be a great attraction.

Community Events Manager/ Parks Coordinator Josi Wood reporting on the following:

- Community Center - increase in rentals since 2014 improvements
- Numerous Community Center showings and renting
- Creation of new parks brochure
- Summer planning - farmers market and street dances
- Custodian position filled for cleaning the Community Center and Indoor Arena (home of Isanti BMX)
- Need for Community Center capital improvement replacement plan
- Family programming
- Playground audit
- Looking for grant opportunities
- Some DNR land issues with newly acquired park land - will need to clean-up/ work on

Mayor Wimmer talked about holding off on some of the improvements on the City Hall and Community Center parking lot project for the upcoming year.

Human Resources/ Deputy Clerk Karissa Henning reported on the following:

- Need to look into electronic records management system and future planning for such a system
- Creation of formal data practices policy
- Administrative Intern - tasks/ projects assigned
- Investigator and Building Inspector Search/ Building Official succession planning
- Personnel Policy updates (2014 law changes)
- Job Audit on office positions - 1st quarter of 2015
- Phone system research and replacement for 2015
- Licensing/ Pawn renewals and potential of the new strong beer and wine license for City Center Market's 'The Green Table'
- Safety Consultant Contract expires November 2015 - potential RFP for services
- OSHA Simulated inspections and OSHA Reporting
- Pay Equity Reporting
- Benefits Consultants contract up December 2015 - potential RFP for services
- Compliance with ACA requirements
- Monitor aggregate plan value in anticipation of Cadillac Tax (2018)
- Establish Look Back Policy - determine benefit eligibility and avoid future penalties
- Benefit renewals and commercial insurance renewals - Fall 2015
- Monitor claims and look for ways to decrease claim rating

City Engineer Brad DeWolf reported on the following:

- 2014 was a planning year in terms of improvements

- Asset Management Plan - invest for the future
- The City is ahead of many other cities in terms of planning and capital improvement replacement schedules
- Reviewed requirements for public works departments
- Wastewater requirements will continue to become more stringent
- The main lift station has exceeded it's useful life and the City needs to look at the replacement of this
- 2014 good work on traffic sign policies and sign retro-reflectivity
- Storm water pond maintenance
- Annual pavement maintenance and storm sewer and well head maintenance
- Re-alignment of credit union drive

Mayor Wimmer, the City Council, and Lorsung hosted a discussion on the difficulties that may be faced with the re-alignment of credit union drive and Lorsung noted that with the building of Family Dollar, this will alter how things will be re-aligned.

Finance Director Sarah Cotton reported on the following:

- Movement of Utility Billing in-house dramatically increased foot traffic at City Hall
- Importance of Payroll Clerk, Utility Billing Clerk, and Receptionist - front line staff; great customer service provided to citizens
- Review of what the Finance Department does
- 2015 utility rate study
- Funding for capital improvement projects
- Goal - credit card payments online for all permits

Mayor Wimmer reviewed the five year plan fund balance and discussed the City's long term plan. Mayor Wimmer touched base on planning for increases in payments to the Fire District and how the City may need to start levying for fire services due to the yearly increases. Mayor Wimmer noted fire services have increased around 10 % each year. Mayor Wimmer stated that fire service is the one thing within the City budget that the City cannot control.

Mayor Wimmer noted local government aid (LGA) will change and fluctuate. Mayor Wimmer touched base on a revenue shortfall and attributes some of the shortfall to undeveloped lots.

Mayor Wimmer touched base on the pavement management plan and noted the more the City can take care of on the front end, the less costly repairs will be later; this will save the City some money in reconstruction fees for streets. Mayor Wimmer stated there is a need to get caught up on street repairs now while the City is able to make minor repairs so larger repairs do not need to be made later. Mayor Wimmer noted the city will need to take a look at debt payments for the pavement plan. Mayor Wimmer emphasized the importance of a good road and utility system.

Mayor Wimmer touched base on potential franchise fees for utilities in public right-of-ways.

Mayor Wimmer talked about the downtown parking project and also again on how he does not recommend doing City Hall parking lot improvements in 2015.

Mayor Wimmer talked about a new liquor store and how he does not anticipate implementing a new liquor store in the next five years. Mayor Wimmer explained this is because if the City were to have a new liquor store, this would mean revenues would then not be able to go back to the City as it would be going to debt service payments.

Jacobi did note that the liquor store will plateau in terms of revenue generated for the City due to lack of space. Jacobi mentioned the store may have already hit its plateau and that in talking with the auditors and other cities it is surprising how much money comes out of sales for the store due to its size. Mayor Wimmer noted the City's budget does need the money generated from the liquor store for the next three to five years.

After a short break Mayor Wimmer touched base on/ followed up on a few remaining goals:

Mayor Wimmer noted again that he would like to hold community meetings one in the morning and one in the evening for the pavement utility and asset management plans.

Mayor Wimmer touched base on the assessment policy and asked the Council whether or not they wanted to review it and make changes. Cotton noted that if the Council keeps the current policy, this would not be a significant impact to the citizens in terms of cost. The Council was in favor of keeping the same assessment policy.

Mayor Wimmer touched base on having a rate study done for City utilities. Mayor Wimmer touched base on doing the housing study and marketing plan. Mayor Wimmer touched base on the desire to create a joint planning board for the comprehensive plan.

Mayor Wimmer noted that Henning will do a job audit of office positions in 2015.

Joslin asked for goals from the other Council members for the year 2015.

Collision

- Address storage room concerns for Liquor Store
- Police Department Interview Room technology
- Policy for Police Officers body cameras
- Entry sign into Isanti
- Concentrate on maintaining current parks and weed control
    - There was discussion on irrigated versus non-irrigated sections of parks and how nothing can be done about this due to the sand in some areas

Lundeen

- Fire District - do what the City can to make changes
- Finishing sidewalk on Whiskey road on east side
- Establish long range financial plan

MINUTES OF THE CITY COUNCIL
GOAL SETTING SESSION
CITY OF ISANTI
January 27, 2014

The meeting was called to order at 8:30 a.m.

Members Present: Mayor George Wimmer, Councilors Dan Collison, Steve Lundeen, Adam Johnson and Sue Larson.

Members Absent: None.

Staff Present: City Attorney Clark Joslin as Facilitator, City Administrator/City Clerk Don Lorsung, Human Resources/Deputy City Clerk Karissa Henning, Finance Director Sarah Cotton, Liquor Store Manager John Jacobi, Economic Development Director Sean Sullivan, Community Development Director Roxanne Achman, Community Events and Parks Coordinator Josi Wood, Police Chief Ron Sager, Police Lieutenant Gene Hill, and Public Works Director Nick Fleischhacker.

City Attorney Joslin gave a brief introduction regarding the Goal Setting Session Agenda.

Overview of 2010 - 2013 Top Goals
Joslin reviewed the top goals from previous years and they were as follows:

2010
- Economic Development Comprehensive Plan
- Downtown Plan
- Consideration of EDA to an HRA
- Continue work on Rail Industrial Park
- Budgeting without LGA
- Establishing a list of cuts and prioritize budget items
- Determine the percentage of general funds to reserve
- Restructuring bonded debt

2011
- Restructure City Government – Joslin discussed Community Meetings/Outcome

2012
- Community Center Review – Citizen Task Force
- Capital Replacement Fund – Review Reserves
- Utility Billing Review and Recommendation
- CSAH 5 – Traffic and Congestion Issues
- Main Street Traffic Issues
- Continue Economic Development – Diversify and Increase Tax Base

2013
- Community Center - Finalize Process/ Make it Financially Viable

- HRA Option - Evaluate
- CSAH 5 Aesthetic Standards / Traffic Flow Evaluation
- City Website Update
- Maintain City Standards
- Utility Billing - Pursue In House Billing
- Continue Economic Development Efforts to Diversify and Increase the Tax Base

It was indicated that utility billing is now in house and that a majority of the 2013 goals are completed and other goals are still moving forward as directed. It was also noted that the donation by the Ruby Johnson Trust Dated February 17, 2010 for Capital Improvements to the Isanti Community Center, accepted by the City Council on November 6, 2013, will greatly assist in the capital improvements needed.

Long Term Plan
Mayor Wimmer reviewed the five year plan fund balance, talked about the City's long term plan, how the City should stay strong with rental and nuisance ordinances to protect property values, and a desire to increase the commercial industrial tax base.

Mayor Wimmer touched on the City being in good financial shape and having a higher percentage of its operating expenses in its fund balance than other cities. The State recommends having around 35% - 50% of operating expenses within the fund balance. It is projected that the City will be able to be around 60% through 2018. Mayor Wimmer also noted the City has been subsidizing the fund balance around $200,000 - $300,000 dollars a year in order to maintain its service level to citizens without raising taxes.

Mayor Wimmer noted the Chief of Police submitted his retirement letter on January 21, 2014 and discussed with the Council moving forward with an internal posting for the position. There was consensus among the Council to do an internal posting and to first try to promote from within the Police Department.

There was discussion amongst the Council regarding all City sidewalks being cleared by Public Works staff, and what it would take to make that possible. Currently only 40% of City sidewalks are cleared. There was direction from Council for staff to take the necessary steps to proceed forward with investing in new equipment, hiring another employee, discontinue fining citizens who have not cleared sidewalks, and to change the sidewalk snow removal policy so that the City is to clear all City sidewalks (besides those exempt within the plowing policy and private sidewalks). The direction is effective from this date (01-27-2014) forward.

Collison discussed the need for a new Liquor Store and recommended that the store be relocated off of highway 65. Mayor Wimmer noted the Liquor Store is an economic development tool that can help support other local businesses in town on County Road 5 (Heritage Blvd) and Main Street. There was discussion regarding business being taken away from other businesses off of County Road 5 (Heritage Blvd) and Main Street if the Liquor Store were to move. Mayor Wimmer expressed that he felt that Liquor Store was still about three to five years away from expanding/being built. Mayor Wimmer indicated in order for it to be financially feasible, the Liquor Store would need to increase sales by around 1.5 million dollars. Jacobi noted that a cost study should be done to see whether

or not it would be feasible, at this point in time, to build a new store. Jacobi shared his concern that there is not enough space to house everything that the customers would like and that he does lose business because of this. There was consensus that the Liquor Store has most likely neared its potential for sales and that more space is needed in order for the store to grow and generate more money in sales. There was discussion for Sullivan and Jacobi to continue working together towards promoting economic development and the Liquor Store through joint signage. Mayor Wimmer directed the Liquor Store market study be placed back on the 2015 Goal Setting session for discussion.

City Finances Report
Cotton reviewed the updated capital improvement plan, capital replacement reserves and debt schedule. The City has a little over four million dollars in outstanding debt.

Mayor Wimmer stated LGA funds can be used to help with purchasing capital replacements.

Cotton recommended a rate study be done in 2015 for water and sewer.

City Council Discussion
Mayor Wimmer noted that in 2015-2016 the City should be taking a look at redoing the comprehensive plan, and that he would like to have joint planning meetings with Cambridge and the Townships regarding compatible land usage/ common control boundaries.

There was discussion amongst the Council that there is still a desire to have smooth traffic flow and for it to be aesthetically pleasing along County Road 5 (Heritage Blvd). Staff is to work with the City Engineer on possible traffic controls along County Road 5 (Heritage Blvd).

After a short break, there was discussion on replacing street lights, and for the Public Works Committee to review this matter and put together a phased plan for replacing the lights. Mayor Wimmer asked that the costs be reviewed and a plan to be in place by May 2014 for budgeting purposes.

Larson brought up the issue of frozen water pipes downtown. There was discussion that moving forward insulation should be put underneath the sidewalks or roadways without sufficient cover.

There was discussion on having Sullivan continue moving forward with updating the City website.

There was discussion on Community Center improvements, having the Community Center parking lot conjoin with an expanded City Hall parking lot, and for drainage issues to be looked at. Mayor Wimmer clarified that the donation of money received for the Community Center can only be used for the Community Center; any additional work done in conjunction with the Community Center improvements would be taken from other City funds.

Lundeen and Larson stated they would like to see continued support for economic development and the maintaining of City standards be placed back on as City goals for 2014.

Through the above discussions at City Council Goal Setting Session, the following was compiled for the 2014 City Council Goals:

1. Police Chief Search - Internal Posting Process
2. Change Sidewalk Snow Removal Policy
    a. Formal Policy Change for Council Consideration
    b. Purchase of new equipment
    c. Hiring of one new full-time maintenance technician
    d. Discontinue charging citizens for un-cleared sidewalks
3. Create Joint Planning Meetings with Cambridge and Isanti Township - Compatible Land Usage/ Common Control Boundaries
4. County Road 5 (Heritage Blvd) Traffic Study - Traffic Control/ Improvement
5. Street Light Infill - Phased Plan for Budget Consideration
6. Community Center Improvements / Parking Lot Improvements
    a. Tie in Downtown Accessibly to City Hall/ Community Center through Downtown Parking Improvements, Access East of City Hall
    b. Community Center Improvements
7. Complete Implementation of City Website Improvements
8. Continue Economic Development Efforts to Diversify and Increase the Tax Base
9. Maintain City Standards

Items to be reviewed at the 2015 Goal Setting Session:

1. Liquor Store Market Study
2. Water and Sewer Rate Study
3. Comprehensive Plan Update

With the City Council's guidance, staff will direct all goals and action items discussed to the appropriate Committees for consideration

MINUTES OF THE CITY COUNCIL
GOAL SETTING SESSION
CITY OF ISANTI
January 28, 2013

The meeting was called to order at 8:30 a.m.

Members Present: Mayor George Wimmer, Councilors Dan Collison, Steve Lundeen, Adam Johnson and Sue Larson.

Members Absent: None.

Staff Present: City Attorney Clark Joslin as Facilitator, City Administrator/City Clerk Don Lorsung, Human Resources/Deputy City Clerk Karissa Henning, Finance Director Sarah Cotton, Liquor Store Manager John Jacobi, Economic Development Director Sean Sullivan, Planning and Parks Director Lisa Wilson, City Engineer Brad DeWolf, Police Chief Ron Sager and Public Works Director Pat Meyer.

City Attorney Joslin gave a brief introduction regarding the Goal Setting Session Agenda.

Overview of 2009 - 2012 Top Goals
Joslin reviewed the top goals from previous years and they were as follows:

2009
- Long Term Financial Plan
- Commercial Tax Base
- Disaster Plan
- New Personnel Policy
- City Multi Modal Transportation Plan

2010
- Economic Development Comprehensive Plan
- Downtown Plan
- Consideration of EDA to an HRA
- Continue work on Rail Industrial Park
- Budgeting without LGA
- Establishing a list of cuts and prioritize budget items
- Determine the percentage of general funds to reserve
- Restructuring bonded debt

2011
- Restructure City Government – Joslin discussed Community Meetings/Outcome

2012
- Community Center Review – Citizen Task Force
- Capital Replacement Fund – Review Reserves
- Utility Billing Review and Recommendation

- CSAH 5 – Traffic and Congestion Issues
- Main Street Traffic Issues
- Continue Economic Development – Diversify and Increase Tax Base

It was indicated that majority of the goals were completed. Councilor questions and project history were discussed that included the Pedestrian Bridge Project, Rail Industrial Park, Economic Development efforts and organizations, EDA and HRA concepts, the Isanti Community Center Task Force efforts to date/next steps and physical condition of the building/equipment/parking lot and recent fundraising efforts.

Joslin then asked each City Councilmember to comment on what they were pleased about with the 2009-2012 Goals.

- Councilor Larson – Economic Development Efforts
- Councilor Johnson – Financial Planning and Marketing of Isanti
- Mayor Wimmer – Long Term Financial Planning
- Councilor Lundeen – Economic Development – Past efforts/Upcoming Opportunities
- Councilor Collison – Financial Planning – Budgeting w/o LGA, Commercial and Residential Marketing Efforts

Joslin then asked each City Councilmember to comment on areas in the 2009-2012 Goals that needed more review and work.

- Councilor Larson – Historic Downtown Area – More planning and economic development effort needed for vibrant Downtown
- Councilor Johnson – Downtown Development – Need Businesses to attract traffic. Make it a destination
- Mayor Wimmer – Downtown – Discussed past Efforts, rail/bus planning to connect to Metro and amenities that would draw residents downtown and First Avenue Loop
- Councilor Lundeen – Downtown – Businesses moved to CSAH 5, agreed First Avenue Loop need. Community Center – largest major goal left
- Councilor Collison – Downtown – Businesses not open on Sundays and times that are convenient to residents

More discussion was had concerning past Downtown activities and that the City has been facilitating recent projects, such as the Historic Downtown Sign. Sullivan noted that the Chamber's Downtown Committee had been disbanded.

Mayor Wimmer gave a presentation on the Long Term Financial Plans. The purpose of the plan is to look long range at revenue, fund balances and expenses, as the City moves through a time period with a lower tax base. The presentation included information on the long term financial plan, comparison of taxes received based upon residential housing size, change in percentages of owner occupied and rental housing, the Hwy 65 corridor, Isanti's niche commercial and smaller retail draw, strengths include the industrial park and successes with industrial firms, and city tax base shift from 2009 to 2012, city general fund balances, savings in City operations in that time period, use of grants for equipment, local government aid use, and future capital replacement funds needs.

After a short break, a report on City Finances was given by Cotton that covered the following items: General Financial Conditions, Capital Improvement Plan projects and equipment, City debt/bonds, Union Contracts/terms, Health Insurance and Cotton's planning for an upcoming personal leave.

Sullivan gave a report on the 2013 EDA Marketing/Work Plan and current projects. Sullivan discussed that there are several projects in various stages, local job creation and Isanti strengths with recruitment, and neighboring community draws that may affect Isanti. Sullivan discussed the need for additional marketing funding. The EDA has reviewed the 2013 Work Plan, and has recommended its approval to the City Council. Staff will put the plan on the February 5, 2013 City Council meeting for consideration.

Joslin stated that this was the point in goal setting where the City Council had the opportunity to ask City staff any questions they had on projects and operations. Discussion was had concerning Liquor Store operations/future of the store /site, and store size needs/events and signage costs. Community signage on Hwy 65 was also discussed.

Joslin then began the City Council Goal Setting with a Visioning Session and asked the City Councilmembers to state what their vision was for Isanti.

- Councilor Larson – Make the Isanti Community Center viable with Marketing. Economic Development – Marketing for the City of Isanti, fill the Industrial Park and East 65 Commercial Area. Look at CSAH 5 Corridor (it's a baby Hwy 95) and address issues.
- Councilor Johnson – Prepare a Larger Over-arching Plan and Vision for Isanti, promote its own unique attributes, close to metro for commuting, small town amenities, have more downtown draws. Cambridge is close enough for some amenities but more restaurant options are needed.
- Mayor Wimmer – Define and work towards Isanti's Niche. Be able to afford and fund operations and needs independently, 10 year plan for that, Develop assets and tax base. Heavy lifting for downtown, commercial, etc. needs to come from City to make plans happen. Systematic plan to make city self-supporting.
- Councilor Lundeen – Grow the downtown and restaurant base, Isanti is in a great position to make things happen, Isanti will grow and standards do not have to be given up, Main Street has shifted to include CSAH 5, Continue to grow Isanti, have the City Council agree on standards, retain the small town feeling.
- Councilor Collison – Concentrate on being Isanti, don't compete with neighboring cities, keep hometown/small town feeling, have efficient services, have wider spread commercial, beyond downtown, concentrating on smaller industrial/retail businesses.

Joslin reviewed a composite of ideas discussed that included themes of: Growth Continues, "Hometown Feel", Niche (Identity), Self Sufficiency, Maintain Efficiencies, and Best Practices. It was commented that over the next 5 years current services should be maintained.

A lunch break was taken in the session at 11:50 a.m.

The goal setting session was reconvened at 12:20 p.m. Joslin then asked City Councilmembers to list their top goals for 2013.

- Councilor Collison –
  a. Promote and retain existing businesses
  b. Look at a City owned sign on Highway 65
  c. Community Center – Work on self sustaining through marketing and providing amenities (horseshoe pits, ping pong tables, etc.)
  d. Rum River Meadows Park – Look at basketball court and sand volleyball court
  e. Martin's Landing – Work with DNR to Improve
  f. Public Works Department – Look at Efficiencies, PW Building Space Issues, Parking Area Surfacing, Use of Salt for Winter Plowing
  g. Development – Residential and Industrial – Heading in right direction, keep working on this
- Councilor Lundeen
  a. Community Center – How to fund and maintain – top priority
  b. Continue growth of Industrial, Commercial and Retail businesses in town
  c. Street Lighting and Sidewalks – general public safety – look into
  d. Park System – Continue to develop amenities in the parks we have (ex. another pavilion in Bluebird Park
  e. Building Permit Costs – Regarding sac/wac fees – why higher than adjacent communities – need to be competitive
- Mayor Wimmer
  a. In-house Utility Billing – review, prepare proposal, look at contract with current vendor
  b. City Website – Needs to be cleaned up and updated with more economic development focus
  c. Capital Improvements – Need to define funding for priority projects, (ex. CSAH 5 Sidewalks, street lights)
  d. Employee Groups – include non bargaining group in benefits discussion
  e. Maintain City Standards – Consistent standards at all levels for nuisances and regulations.
  f. HRA Option – Review it as option to purchase/manage properties for downtown loop and development
- Councilor Johnson
  a. City Website – needs update – include new pictures of industrial park and parks
  b. Hwy 65 & CSAH 5 – What are we looking for in development out there (needs planning)
  c. CSAH 5 – Downtown includes CSAH 5. Needs to be cleaned up with consistent planned development (markets city)
  d. Downtown Plan – review and complete a new plan
  e. HRA Option – Would assist with Isanti on path to being an independent city with unique identity, consider this option

- Councilor Larson
  a. Community Center – look at options – figure out how to make it sustainable
  b. Downtown – make it successful
  c. HRA Option – may be a good decision – help market the City and increase tax base
  d. CSAH 5 – There are multiple issues (look and appeal), need sidewalks in place and look further at Credit Union Drive Option for traffic flow.
  e. Utility Billing – this is a sore spot with residents, will need part-time staff to assist.

Mayor Wimmer summarized the 2013 goals

1. Community Center
   a. Finalize process
   b. Need to make it financially viable
2. HRA Option - Work on Business Loop
3. CSAH 5 Aesthetic (appearance) Standards and Traffic Flow Evaluation
4. City Website Update
5. Maintain City Standards – Consistency on City Standards at all levels
6. Utility Billing – Pursue In House Option
7. Continue Economic Development Efforts to Diversify and Increase the Tax Base.

Mayor Wimmer acknowledged that there were other items discussed and that staff will direct those to the appropriate Committees for consideration

Adjournment

Meeting adjourned at 1:35 p.m.

MINUTES OF THE CITY COUNCIL
GOAL SETTING SESSION
CITY OF ISANTI
January 13, 2012

The meeting was called to order at 8:30 a.m.

Members Present: Mayor George Wimmer, Councilors Steve Lundeen, Jim Kennedy, Ross Lorinser and Sue Larson.

Members Absent: None.

Staff Present: City Attorney Clark Joslin as Facilitator, City Administrator/City Clerk Don Lorsung, Human Resources/Deputy City Clerk Karissa Henning, Finance Director Kristi Smith, Economic Development Director Sean Sullivan, Planning and Parks Director Lisa Wilson, Police Chief Ron Sager and Public Works Director Pat Meyer.

Overview of 2010 Top Goals
Joslin reviewed the top 2010 goals and they were as follows:

- Economic Development Comprehensive Plan
- Downtown Plan
- Consideration of EDA to an HRA
- Continue work on Rail Industrial Park
- Budgeting without LGA
- Establishing a list of cuts and prioritize budget items
- Determine the percentage of general funds to reserve
- Restructuring bonded debt

Overview of 2011 Goal
Joslin reviewed the goal set for 2011:

- Restructure City Government
    - Provide a three year Budget framework

Joslin also noted that there was direction by the Council to establish two citizen input meetings, which were held in March 2011. The outcomes of the meetings were fairly positive and that the citizens were happy with the services provided by the City.

Economic Development Director Sean Sullivan reviewed with Council a draft EDA Marketing / Work Plan for 2012. The Plan included goals and objectives that included the following:

- Update Brochures for real estate to include "Shovel Ready" certification and updated aerials
- Attendance at conferences and networking events for marketing

- Continued website enhancements and updates specific to promoting economic development
- Continue to support large events held in Isanti that bring commerce or help local businesses
- Development of current maps to market Isanti
- Calls to targeted industries
- Continued business retention and expansion visits
- Analysis comparing development costs from Isanti and its regional competitors
- Consider addition of a Business Spotlight section in the Isantian
- Use various forms of media to highlight Isanti successes
- Market Isanti's Shovel Ready Certification

Larson made comment she finds it very important for Sullivan and Lorsung to have presence at legislative forums to help Isanti marketing. Lorsung stated Sullivan and himself can attend legislative forums but will need direction from Council to do so. Mayor Wimmer agreed with Larson and requested of staff to make Council aware of the events and from there it will be decided.

There was discussion on the need for review and recommendation of Utility Billing; this will be brought to Finance Committee.

Finance Director Kristi Smith provided an update of the 2011 Goal as previously stated above in regards to:

- General Fund Financial Condition– changes in the market value credit, by 2015 the City will have a lack of revenue sources and will need to find balances to cover expenditures
- Capital Replacement Fund – Smith stressed concern for the lack of funding for the Capital Replacement Fund

There was discussion on the Municipal Building Reserve in regards to if the reserve is only for the City Hall and Public Works buildings. Smith will look into this for verification.

Lundeen questioned when the Police Department building was built and if anything needs to be replaced. Police Chief Ron Sager stated the building was built in 1984 and the last time the building was renovated most everything was replaced from the furnace to roofing. However, Sager noted that the windows within the building could be replaced; a lot of heat is lost through the windows and window replacements would cut down on heating costs for the building.

Larson questioned what is the yearly average that is being placed into the municipal fund per year and if the City could continue to place money into this account for unexpected building maintenance needs. Smith will look into on average how much was being placed in the municipal fund.

Lorinser made comment that it would be hard for the City to keep placing money into the Municipal Building Reserve Fund at this point due to low City funds.

Mayor Wimmer directed the Finance Committee to look into the Municipal Building Reserve fund in regards to allowed expenditures and to have a policy set in place to clarify this matter, along with a resolution, which will be brought back to City Council at a later date.

Smith presented the Isanti Community Center losses from 2007 through 2012 with budgeted data provided for 2011 and 2012.

Mayor Wimmer discussed some possible options he has and will be looking into regarding the Isanti Community Center. Mayor Wimmer made comment that the Isanti Lions Club does not have an interest to take over the Community Center. Mayor Wimmer noted that he had meet with Pastors within the area to discuss options of moving the programs currently held at the Isanti Community Center to the churches within the area if need be. The Mayor received a positive message from the churches within the Community if the programs were to need a new site. Mayor Wimmer also will be looking into asking the townships if they would help financially sustain the Isanti Community Center and its programs, as a large number of those using the Isanti Community Center's programs are from within the townships.

Both Mayor Wimmer and Larson made comment on the importance of the Community Center and their hopes to find a way to keep the Community Center up and running.

Mayor Wimmer and Lorsung agreed that a plan needs to be made as far as what will happen to the Community Center within the next year.

Mayor Wimmer decided that a task force will be made up for the Community Center. This task force will research and review all of the options for the future of the Community Center. Mayor Wimmer set a time frame of 6 to 12 months from now for the task force to complete researching all the available options for the Community Center; whereas at that time they will present to City Council their recommendations.

There was discussion on County Road 5 regarding traffic and congestion issues as well as a concern for pedestrians. Mall owners will be met with regarding the right of way for pedestrian access.

There was discussion about a growing concern of cars speeding on Main Street. Chief Sager will set up traffic reading systems to see the average speed of cars traveling on Main Street and report back to the City Council.

Mayor Wimmer summarized the 2012 goals:

1. Community Center Review
    a. Contact Townships regarding Assistance with Facility costs.
    b. Citizen Task Force – To be formed to review the Community Center and all options and within 6-12 months present to the City Council their recommendations.
2. Capital Replacement Fund – Municipal Building Fund Reserve

Finance Committee to review and bring back a recommendation on the following:

a. Municipal Building Replacement Policy
b. On-going Balance in Account
c. Use of Existing Funds
d. Review of General Maintenance Building Reserve Funds and consider if fund needs to be adjusted.

3. Review and Recommendation regarding Utility Billing – Finance Committee
4. Review CSAH 5 Traffic and Congestion Issues
    a. Meet with Mall owners regarding the right of way for pedestrian access. Report back as to potential solutions.
5. Main Street Traffic Issues
    a. Police Chief Sager to conduct vehicle speed study and report back on findings and potential recommendations.
6. Continue Economic Development Efforts to Diversify and Increase the Tax Base.

Subject: Asset Management Plan – 2017 Update
City of Isanti, MN
Project No.: R13.113062

The Asset Management Plan was created in 2014 and becomes outdated as we undertake and complete items in the plan. This plan has two Asset Management Plans, one for the Wastewater Treatment Facility and one for the Water Treatment Facility.

Wastewater Treatment Facility:

With this year's 2017 Wastewater Treatment Facility Improvements we are completing all but one item in the 10-year Capital Improvement Plan for this facility. The only remaining major item is the Clarifier Rehabilitation that is scheduled for 2025. This is still anticipated to be needed at that time and the associated estimated cost is still $500,000. It is anticipated that an annual preventative maintenance cost of approximately $20,000 will be needed as well.

Wastewater Treatment Facility – Capital Improvement Plan			
Year	**Budget**	**Description**	**Current Status**
~~2015~~	~~$1,500,000~~	~~Pretreatment Building~~	**Under Construction**
~~2016~~	~~$600,000~~	~~New Main Lift Station~~	**Under Construction**

~~2016~~	~~$100,000~~	~~Aerated Pond Blower Replacement~~	**Under Construction**
~~2017~~	~~$500,000~~	~~Filter Rehabilitation~~	**Under Construction**
2025	**$500,000**	**Clarifier Rehabilitation**

Water Treatment Facility:
We have completed the Additional Chlorine Generation System on schedule and continue to be on schedule to complete the remaining 4 major items in the 10-year plan. The next item scheduled item for this facility is in 4 years (2021) when we recommend rebuilding one filter a year for each year from 2012 through 2024.

MEMORANDUM

Date: January 19, 2017

To: Don Lorsung, City Administrator

From: Bradley C. DeWolf, P.E.
City Engineer

Subject: Pavement Management Plan – 2017 Update
City of Isanti, MN
Project No.: R13.113062

The Pavement Management Plan was created in 2014 and has become outdated as we complete items in the plan. This plan has multiple 10-year maintenance schedules. We have not completed maintenance work on the trail system or the parking lot system so the only 10-year maintenance plan that requires an update is the Road Maintenance Plan and associated estimated costs.

In 2015 the City performed the first year of the pavement management plan completing a mill and overlay and a large sealcoat project. During the 2015 Pavement Management Project design, it was determined that the roadways City Staff rated at a 6 out of 10 could all be sealcoated when the original assumption was that half of these roadways rated at a 6 would require a mill and overlay. This modified which roadways were included in the project and how future projects would be scheduled.

The difference in cost for the maintenance of these roads is substantial. A mill and overlay project costs approximately $70/linear foot where a simple sealcoat project cost is only $9/lineal foot.

Updating these costs in the remaining 9-year maintenance schedule reduced the estimated cost per year by approximately $140,000 for the 2018 maintenance project.

The estimated project cost for the Palomino Road Project is shown in the 2017 project year.

The Brookview South 1-4 Additions Rehabilitation project that is included in the 2010-2020 City Capital Improvement Plan would be a large part of the proposed reconstruction project scheduled for construction in 2018 in the attached schedule.

Attached is the updated 9-year maintenance cost breakdown as well as the updated 9-year Road Maintenance Concept Map.

Please contact me if you have any questions.

RE: 2017 City Council Goal Setting – Information on Potential Goals

Please find below information on proposed projects/directives that will be reviewed at the City Council Goal Setting Session:

- Annexation of Surrounded Properties – The City of Cambridge annexed a number of properties that it surrounded that were formerly in Isanti Township. Surrounded properties benefit from City services and facilities while not paying for their operation or maintenance. The City Council discussed the concept of Annexation of Surrounded Properties in 2008 and 2011, but decided not to consider further action. After City Council discussion on Annexation in 2011 there were communications with Isanti Township regarding a possible payment in lieu for City services. This did not transpire.

- Dog Park – City residents have expressed an interest in having a place to bring their dog's off-leash. Dog parks are popular amenities provided in many cities. The area east of the Isanti Indoor Arena has been identified as a possible location for a future dog park, and at the July 5, 2016 City Council meeting, the location and park concept were approved by Council. Funds for the project have not been budgeted and a timeline for development has not been determined.

- Outdoor Hockey Rink – The hockey rink boards formerly located in Bluebird Park were sold in 2016 due to deteriorating conditions and prohibitive maintenance costs. This location will now be used for skate park equipment (to be moved in 2017). The Park Board has discussed desire for an outdoor hockey rink, but the project has not been budgeted. A new hockey rink would ideally be located closer to the warming house on the south end of the Isanti Indoor Arena – there is no lighting, electricity, or water service in this area at this time.

- Park Dedication Fund Use – City Ordinance 536, Article 10, Subdivision 2.O. states "*The cash contributions for parks and trails shall be deposited in either the city's park and recreation development fund or multipurpose pedestrian trail fund and shall be used only for park acquisition or development and trail acquisition*

or development." Minnesota State Statute 462.358 Subd 2b. (g) states "*Cash payments received must be used only for the acquisition and development or improvement of parks, recreational facilities, playgrounds, trails, wetlands, or open space based on the approved park systems plan. Cash payments must not be used for ongoing operation or maintenance of parks, recreational facilities, playgrounds, trails, wetlands, or open space.*" The city's language is more restrictive than the state statute requires, and revision could potentially allow for future funds to help with improving Isanti's existing parks.

- City Comprehensive Plan Update – The City's Comprehensive Plan was last updated in 2008. The City has greatly changed since 2008. Isanti had experienced a downturn in the economy shortly after the 2008 Plan was approved and has since experienced a rebound in development in all areas – housing, businesses, jobs, etc. In order to develop in the most efficient and effective manner, the Comprehensive Plan should be updated to reflect the City's Goals and Objectives over the next decade. Updating the Comp Plan is an expensive, but necessary, process.

- 2017 Pavement Management Program – Based on prior review and direction from the City Council, the City Engineer is preparing a program for the next phase of crack sealing and sealcoating per the Pavement Management Plan. Most of the activity this year will occur in the NW Quadrant of the City. Funding for the work, as well as engineering services, will come from Franchise Fee Revenues from electric and natural gas utility providers that use the City right-of-way.

- Palomino Road Reconstruction Project – Based on City Council prior review, and acceptance of a proposal for a Preliminary Study from the City Engineer, per the Pavement Management Plan, this project is planned for consideration for 2017. The Preliminary Study will be reviewed by the Finance Committee at their February 9th meeting. It is anticipated that funding for this project will include Municipal State Aid funds, as well as Special Assessments and City Bond funds.

- Railroad Avenue Sidewalk/Trail – As with the preceding items, per City Council Direction, the City Engineer is preparing a feasibility study for this project. The Feasibility Study for this project will also be reviewed by the Finance Committee. Railroad Avenue is also a Municipal State Aid Route and funds can be used for walk improvements.

- 2017 Liquor Store Tastings Event – In 2016, Liquor Store staff and vendors held a Tastings Event at the ICC. The Liquor Committee reviewed the event and discussed what improvements could be made. It is being recommended for 2017 to try "in-house tastings", which would be advertised and held on Thursdays in October, prior to the Holidays. The tastings would be staffed by vendors, with different product classes on successive Thursdays. One date would be for malt beverages, one date for wine and one date for cordials.

- Setting a Future Date of Discussion of a New Liquor Store Project – The Liquor Committee discussed the increased patronage and sales at the Liquor Store. It is being recommended to select a future City Council Goal Setting date where the idea of a new Liquor Store would be discussed. The original target date for discussion of consideration was 2019. It is realized that it will be later than that, so the Committee would like to set a placeholder for future discussion.

- Public Works and Police Department Storage – For years there has been a need for an increase in adequate and secured storage for both the Public Works and Police Department's equipment and vehicles. The Departments have needed to use storage options in various areas to "stack" equipment to get them out of the elements. Also, some equipment including four of the PD squad cars do not have storage options available and remain outside. The two storage buildings currently used are not up to City Code and would be cost prohibitive to modify or improve, are not in a secured area, and are not in a good location should the proposed dog park look to expand. There is space for a new storage facility within the secured Public Works area which would consolidate and protect the valuable assets the departments have while ensuring proper storage.

I. Council Committee Reports
Mayor Wimmer reported that 23% of our new resident surveys have been returned, which is great as they were sent out approximately 1 ½ weeks ago.

The Mayor praised Isanti County for keeping the area of County Road 23 and County Road 5 through Isanti, cleaned up and clear of snow.

Mayor Wimmer noted that Sunday liquor sales may get through the legislature. He indicated that staff is working on a plan if that were to happen. The Mayor also mentioned that our liquor store has gone from

the lower third ranked to one of the top 14 in the State last year, from a profit stand point. Councilor Collison reported that during the liquor store meeting tonight, it was noted this last December was the best December on record for sales. Collison commended Liquor Store Manager John Jacobi for the excellent job.

Mayor Wimmer stressed that all of the decisions made by Staff and Council, whether straight dollars and sense, or planning type decisions, impact our bottom line as a city.

City Engineer Brad DeWolf discussed the asset management and pavement plans. We have a very pro-active plan and stressed that maintenance is always more cost effective than restructure. The Mayor added we have a dedicated funding source and the intention of that is that we stay on schedule. Councilor Collison questioned how long we will be able continue to use the wastewater pond system. DeWolf answered the pond systems are working quite effectively, and stated that we will have to re-evaluate when the State starts requesting nitrate and chloride removal. In his opinion, he felt this City would have about a decade.

Review of 2017 Projects/Goals

a. Annexation of Surrounded Properties

Joslin explained that the city of Cambridge annexed a number of properties that it surrounded that were formerly in Isanti Township. Surrounding properties benefit from City services and facilities while not contributing any payment for their operation or maintenance. The City of Isanti also has a number of 'donut holes'. In 2011, possibilities of annexation of the 'donut holes' was discussed but it was decided not to consider further action at that time. Joslin elaborated that there were discussions with Isanti township to develop a policy about payments in lieu of taxes for services provided. We were looking to create a mutually acceptable agreement for the services but that was never an agreement that was able to be finalized.

The Mayor stated that a lot of these properties are not receiving any benefits from the township but are paying their taxes to the township. The Mayor stated that we have to make a decision as a City. As the City continues to grow, that these properties need to be annexed to the City. All but one is already under our planning jurisdiction, and they benefit from our growth as a community as well as our police protection. These property owners have a lot of benefits they are receiving directly.

The Mayor shared that he understands residents are concerned about increase in taxes, as they would be paying City tax rate instead of township tax rate. Currently our City tax payers are subsidizing their tax rates right now. He further explained that the City will get a lot of pushback. The Mayor mentioned those potentially being annexed may ask about the connection to city water and sewer, and he wanted to make it clear that those are two separate items. That not all properties within the City of Isanti are connected to water and sewer. If someone has a good working system, the City would not force them to connect to the city services.

Councilor Bergley asked if all these properties are all residential? The Mayor explained a few are residential properties that are currently non-conforming in commercial zoned areas, the Golf Course, and the rest are residential. Bergley asked if it's different for residential or business on how the City would treat the annexation and expectations. Mayor confirmed that those are residential properties in the B2 district, but that expectations for a business would be the same as residential. Administrator Lorsung mentioned that if there are properties that have utilities going by them, they would then be charged an access/availability fee. Currently, because they are not in the city they don't receive that fee, but if utilities are running in front of their property and they are annexed that fee would be applicable.

The Mayor stated that with no other questions or concerns being mentioned, that with this goal setting process items are discussed at this meeting and are brought for approval at the next Council meeting. Therefore, he will bring this goal forward to the next Council meeting.

b. Dog Park

The Mayor mentioned that this is a topic that has been brought up a lot. The decisions that will need to be made are do we want to have a dog park, do we want to have it located in the area currently specified and do we want to pay for it? The current discussed location is currently about an acre, with potential to grow. The estimated cost is between $18,000 and $19,000. There was discussion in regards to the usage, the area, and handling of waste. It was discussed that this should proceed as a goal to be brought to the next Council meeting.

c. Outdoor Hockey Rink

The previous outdoor rink was taken down for safety reasons. Without paying an overwhelming amount of money for a refrigerator rink, it's hard to guarantee ice. The plan would be to move the rink to the grassy area just south of the BMX building. It would be temporary, so the space could still be used in the summer. The cost of this would be between $61,500 – $92,500. We could potentially budget for this for 2018, if the Council wanted to pursue this. Councilor Bergley stated he believes it is hard for a city to staff warming houses, and as a hockey rink user, to consider this issue when looking at these costs for the usage the rink would receive. Josi Wood, Public Services Director also added that there is a lot entailed in the maintenance, much more than the pleasure rink. Further discussion ensued. It was brought up to relocate the Pleasure Rink so it would be closer to the warming house and bathrooms. Wood indicated that there would be some challenges and costs associated with it, but it would be an option. This item will be addressed by the Park, Recreation and Culture Board.

d. Park Dedication Fund Use

The Mayor informed the Council that we have always used our park dedication funds for new items. However, state statute allows us to use these funds to replace some items. If our policy was changed, it would impact any new development going forward. The funds would likely not be there. The Mayor was not in favor of changing it but wanted to bring it before Council so a conscious decision was made. Brief discussion took place. Attorney Joslin clarified the state statute states we cannot dedicate some of the funds for ongoing operational maintenance but they could be used to replace funds that we were going to use for development from our budget from

funds from the dedication fees. The Council came to a consensus that they are comfortable with the language as is.

e. City Comprehensive Plan Update

Mayor Wimmer indicated that our comprehensive plan was developed a number of years ago, and much has changed in that time. He then asked if we are still on the right path of where we want to go? And does the plan reflect that? He believes we need a serious update to our plan. Roxanne Achman, Community Development Director, agreed, at the very least, we need to update the plan. She indicated with the upcoming potential annexations, the new property that was just annexed using a zoning district that we have not used before (even though it was in our previous comp plan) and the new overlay district, updating the plan is important. The Mayor also mentioned that road plans and improvements need to be included in this as well. Brad DeWolf added that by using technology and social media venues we are able to get more public input versus coming to an open house meeting. An estimate of the cost to update or provide a new comprehensive plan could range from $50,000 to $100,000. This is not currently in the budget for 2017.

f. 2017 Pavement Management Program

City Engineer stated that the Pavement Management program is currently under design and will be bringing it before Council. He stated that we focused on getting seal coats on some of our very highly traveled roads and will also be doing some crack sealing. A preliminary budget will be brought before Council.

g. Palomino Road Reconstruction

This currently has no funding source, and would need bonding. The actual amount will be determined from cost estimates.

h. Railroad Avenue Sidewalk/Trail

This currently has no funding source, and would need bonding. The actual amount will be determined from cost estimates.

i. 2017 Liquor Store Tasting Event

Liquor Store Manager John Jacobi explained that last year the tastings event was held in the Community Center. We did not get the numbers as anticipated. In order for this event to be successful, we would need to have approximately 60 people just to break even. The Liquor Store Committee discussed that this year the plan would be to hold tastings at the Liquor Store and have different vendors come in one day a week for the month of October to provide different samples to store guests.

j. Setting a Future Target Date for Discussion of a New Liquor Store Project

There was discussion in regards to the prior projects done on the store. The Mayor stated that currently we are in a situation where it is under great management and we are getting great revenue out of it. Mayor Wimmer questioned what kind of sales we would need to generate in order to continue to bring the same amount of money to the bottom line of the City while also

paying the capital costs of the new store. John Jacobi, Liquor Store Manager, addressed Council and discussed the possibility of Sunday sales and new conditions. He also pointed out our record year last year. The Liquor Committee would like to have goals in place such as a certain year in which they will look again at the plans as a possibility of expanding the store. Jacobi stated that the lack of space is the greatest issue. Further discussion took place about what it would take to repay the cost of building a new store, or expanding the current store. The Mayor stated he would like to see this item go to Finance Committee to come up with some numbers to evaluate, and at that time we would have a better idea of when the City could look at a target date for the store.

k. Public Works and Police Department Storage

The Mayor identified that there is storage located all over the City, however, it is not efficient. Public Services Director/Assistant City Administrator, Josi Wood, spoke to Council informing them of the needs of Public Works. Chief of Police Gene Hill also spoke in regards to his department needs for storage, and the expense of items that are currently gaining wear and tear due to the storage constraints. The item was directed to Finance Committee to research to budget for 2018.

Mayor Wimmer explained these goals will be brought before Council to be assigned to Committees for consideration. He also thanked and praised Staff for their work.

Adjournment

Motion by Bergley, second by Collison to adjourn. The meeting was adjourned at 10:27 a.m.

Subject: Resolution Approving a Special Event Application for DK Gold Cup Regional Race Weekend

---

Background

The City has received an application for the upcoming special event planned for the Rum River BMX Association. The DK Gold Cup Regional Race Weekend is scheduled for February 25 and 26, 2017. Saturday, February 25 is a charity race benefitting the Leukemia and Lymphoma Society, and Sunday February 26 is the regional points race for the USABMX DK Gold Cup Series. Hours of the event are 10:00 am to 6:00 pm on Feb. 25 and 7:00 am to 5:00 pm Feb. 26. Rum River BMX estimates the number of individuals in attendance is 800 per day. Portable restroom facilities will be provided by the Association for the event and the organization would be responsible for clean-up of the outside areas. The standard public addressing system would be used throughout the event. Parking will be provided in the lot on site, with overflow parking in Bluebird Park lots. The Association is not requesting that any roads be closed.

Good afternoon,

We've received our first 2017 Special Event Permit Application! I have updated the form (with the goal of getting everything we needed the first time around... so far not the case), but the information is the same as what we were asking for with the old form.

This event is a BMX race weekend on February 25 and 26. They're expecting 800 people per day, with parking in the Isanti Indoor Arena lots and at Bluebird. They are not requesting street closures or additional Fire or PD services.

Please review the document and respond with your approval or comments at your convenience.
Thanks,

Subject: A Resolution Approving Acceptance of Grant from Partners in Healthy Living for River Bluff Preserve Trail Maps

---

Background

Staff have worked closely with Partners in Healthy Living for grant funding in the past. An application was submitted to Partners in Healthy Living to help fund the creation of trail maps for River Bluff Preserve. The project was estimated at $750 by Bolton and Menk; this would include designing the map and a tri-fold brochure in a style similar to what is used at Legacy Park.

On January 20, 2017, the award letter for $675 was received from Partners in Healthy Living. The grand is reimbursement-based and requires a 10% in-kind contribution. At its December 8, 2016 meeting, the Finance Committee reviewed this project and recommended that Council approve the unbudgeted 10% ($75) contribution to be funded through Parks, Recreation, and Culture – Engineering Fees (101-45300-303).

Staff Request

City staff is requesting that council approve acceptance of the grant as well as the unbudgeted in-kind contribution funds.

A RESOLUTION APPROVING ACCEPTANCE OF GRANT FROM PARTNERS IN HEALTHY LIVING FOR RIVER BLUFF PRESERVE TRAIL MAPS

WHEREAS, the City of Isanti remains dedicated to increasing awareness of an active lifestyle in the Community; and,

WHEREAS, city staff received approval from the City Council on January 5, 2016, Resolution 2016-005 to apply for grants pertaining to the community events and parks; and,

WHEREAS, city staff applied through a mini grant through Partners in Healthy living for $675.00 to help pay for a creation of trail map and brochure for River Bluff Preserve; and,

WHEREAS, city staff received a letter awarding the grant in the amount of $675.00 on January 20, 2017; and,

WHEREAS, the funds received will be a reimbursement upon receiving receipts and other required documentation; and,

WHEREAS, City of Isanti in-kind contributions for these items will be an estimated unbudgeted cost of $75.00; and,

WHEREAS, the funding source for the in-kind contributions will be 101-45300-303 (Parks, Recreation and Culture Engineering Fees);

NOW, THEREFORE, IT IS HEREBY RESOLVED by the City Council of the City of Isanti, Minnesota, to

1. Hereby approve the acceptance of a grant from Partners in Healthy Living in the amount of $675.00.
2. Authorize city staff to pay out the full cost of the River Bluff Preserve trail map creation from Parks, Recreation, and Culture Engineering Fees, $675.00 of which will be reimbursed by Partners in Healthy Living.

Request for Council Action

To: Mayor Wimmer
Members of the City Council

From: Roxanne Achman, Community Development Director

Date: February 7, 2017

Subject: Request from Brad Slawson for Approval of a Conditional Use Permit for the operation of a Restaurant at 404 Whiskey Road NW, Units F and G, and an Interim Use Permit for a Shared Parking Agreement between the Restaurant and PID 16.030.0901, Isanti County, Isanti, Minnesota.

Background

The Whiskey Road Pub & Grub, owned by SHK 88 LLC, has submitted an application for a Conditional Use Permit to operate a restaurant within the Rum River Mall at 404 Whiskey Road NW. The restaurant will be occupying Units F and G, which has 2400 square feet of space. Whiskey Road Pub & Grub will offer seating for up to 96 patrons inside, with seating for up to 30 in the outdoor patio space to be constructed in front of the restaurant. The outdoor patio will be fully enclosed with a 3-4-foot-high wrought iron fence. The patio will consume 2 parking stalls, which will be relocated to the adjacent lot. A full description of the services to be offered can be seen in the attached Description of Operations.

Restaurants (Carry-out, Drive-in, Fast food, or Sit-down) in the B-2 General Business district are allowed with approval of a Conditional Use Permit.

At the time the Rum River Mall was constructed, the parking ratio that was used assumed that all occupants would be offices or similar type uses. The minimum number of stalls were constructed, 60 stalls. The restaurant requires more stalls that are available for the Mall. Fortunately, 27 parking stalls were constructed on the adjacent lot to the northeast. Brad Slawson, co-owner of SHK 88, LLC, has purchased the lot in order to share the parking with the Whiskey Road Pub & Grub. Shared parking agreements require approval through an Interim Use Permit. The parking agreement is attached. The City is party to the agreement so that it is aware of any changes in the future. The agreement was drafted by Berglund & Berglund, SHK 88's attorney, and has been reviewed by staff and City Attorney Joslin.

Rum River Mall

Total On-Site Parking: 60 stalls
Stalls being used: 43 stalls
Remaining: 17 stalls (2 stalls being replaced with patio, leaving 15 available)

Restaurants: 1 stall / 3 seats, plus 1 / employee on the largest shift
96 seats = 32 stalls, plus 7 stalls for employees, **39 stalls required.**
2 stalls replaced with a patio

Parking:
On-site: 15 stalls
Off-site: 24 stalls (parking agreement)

Zoning
The property is zoned "B-2" General Business District. "Restaurants (Carry-Out, Drive-In, Fast Food, or Sit Down)" are listed as a Conditional Use within the "B-2" District. The petitioner is subject to the application requirements, procedure, and performance standards as outlined within Section 21 Administration, Article 2 Conditional Use Permits of Ordinance No. 445: Zoning.

Comprehensive Plan
The 2008 Comprehensive Plan has the area guided for General Commercial Development. The existing uses and the proposed use would appear to meet purpose, goals, and objectives of this land use classification.

Zoning Ordinance Provisions
The property is zoned "B-2" General Business District. It is the intent of this zoning district to promote the development of commercial uses which are predominately auto-oriented in nature. The district caters to highway-oriented businesses as well as businesses that provide basic shopping and service needs for the community. Compatibility with adjacent uses and buildings is required within the district, as site design, building size and materials, and screening/landscaping are important to the creation and maintenance of a thriving commercial base.

Conditional Use Permit Requirements
Upon review of a Conditional Use Permit request, the Zoning Ordinance provides factors and standards that must be reviewed by the Planning Commission. Section 21, Article 2 Conditional Uses states:

D. The Planning Commission shall hold a public hearing and consider possible adverse effects of the proposed Conditional Use. The judgment of the Planning Commission shall be based upon, but is not limited to the following factors:
   1. The proposed action has been considered in relation to the specific policies and provisions of and has been found to be consistent with the goals and objectives of the Comprehensive Plan, including public facilities and capital improvement plans.
   2. The proposed action meets the purpose and intent of this Ordinance and the underlying zoning district.
   3. The establishment, maintenance or operation of the conditional use will promote and enhance the general public welfare and will not be detrimental or endanger the public health, safety, morals, or comfort.
   4. The conditional use will not be injurious to the use and enjoyment of other property within the immediate vicinity for the purposes already permitted; nor substantially diminish or impair property values within the neighborhood.
   5. The establishment of the conditional use will not impede the normal and orderly development and improvement of surrounding property for uses permitted in the district.
   6. Adequate public facilities and services are available or can be reasonably provided to accommodate the use which is proposed.
   7. The conditional use shall, in all other respects, conform to the applicable regulations of the district in which it is located.
   8. The conditional use complies with the general and specific performance standards as specified by within this Article.

Subdivision 4: General Performance Standards
As may be applicable, the evaluation of any proposed conditional use permit request shall be subject to and include, but not be limited to, the following general performance standards and criteria (Additional specific standards and criteria may be cited for respective conditional uses, as noted within each particular zoning district. A request shall be evaluated based upon those additional standards and criteria when provided):

A. The use and the site in question shall be served by a street of sufficient capacity to accommodate the type and volume of traffic which would be generated an adequate public right-of-way shall be provided.

B. The site design for access and parking shall minimize internal as well as external traffic conflicts and shall be in compliance with Section 17 of this Ordinance.

C. If applicable, a pedestrian circulation system shall be clearly defined and appropriate provisions made to protect such areas from encroachment by parked or moving vehicles.

D. Adequate off-street parking and off-street loading shall be provided in compliance with Section 17 of this Ordinance.

E. Loading areas and drive-thru facilities shall be positioned so as to minimize internal site access problems and maneuvering conflicts, to avoid visual or noise impacts on any adjacent residential use or district, and provided in compliance with Section 17 of this Ordinance.

F. Whenever a non-residential use is adjacent to a residential use or district, a buffer area with screening and landscaping shall be provided in accordance with the provisions of Section 15 of this Ordinance.

G. General site screening and landscaping shall be provided in compliance with Section 15 of this Ordinance.

H. All exterior lighting shall be directed so as not to cast glare toward or onto the public right-of-way or neighboring residential uses or districts, and shall be in compliance with Section 14 of this Ordinance.

I. The site drainage system shall be subject to the review and approval of the City Engineer.

J. The architectural appearance and functional design of the building and site shall not be so dissimilar to the existing and potential buildings and area so as to cause a blighting influence. All sides of the principal and accessory structures are to have essentially the same or coordinated, harmonious exterior finish materials and treatment.

K. Provisions shall be made for daily litter control, an interior location for recycling and trash handling and storage or an outdoor, enclosed receptacle area shall be provided in compliance with Section 14 of this Ordinance.

L. All signs and informational or visual communication devices shall be in compliance with Section 16 of this Ordinance.

M. The use and site shall be in compliance with any federal, state, or county laws or regulations that are applicable and any related permits shall be obtained and documented to the City.

N. Any applicable business licenses mandated by City Code are approved and obtained.

O. The hours of operation may be restricted when there is judged to be an incompatibility with a residential use or district.

P. The use complies with the applicable performance standards of the zoning district in which it is located and where applicable, any non-conformities shall be eliminated.

Q. Additional Stipulations. All conditions pertaining to a specific site are subject to change when the City Council, upon investigation in relation to a formal request, finds that the general public health, safety, and welfare, can be served as well or better by modifying or expanding the conditions set forth herein.

Interim Use Permit Requirements

Subdivision 5: Criteria for Granting an Interim Use Permit

The Planning Commission and City Council shall consider the effect of the proposed use upon the health, safety, and general welfare of occupants of surrounding properties. The Planning Commission and City Council shall consider and make findings regarding the following factors:

A. The proposed use shall meet the applicable zoning regulations; and

B. The proposed use will not adversely impact implementation of the Comprehensive Plan; and

C. The proposed use will terminate upon a date or event that can be identified with certainty; and

D. The proposed use will not impose additional costs on the public if it is necessary for the public to take the property in the future; and

E. The applicant has signed a consent agreement agreeing that the applicant, owner, operator, tenant and/or user has no entitlement to future re-approval of the Interim Use Permit; and

F. The proposed use will be subjected to, by agreement with the property owner, any conditions that the City Council deems appropriate for permission of the proposed interim use, including a condition

that the owner may be required to provide an appropriate surety to cover the cost of removing the interim use and any interim structures upon the expiration of the interim use.

Subdivision 6: Conditions of Approval

In permitting a new interim use permit or amending an existing interim use permit, the Planning Commission may recommend and the City Council may impose, in addition to the standards and requirements expressly specified by this section, additional conditions which the Planning Commission and/or City Council consider necessary to protect the best interest of the surrounding area or the community as a whole. These conditions may include, but are not limited to, the following:

A. Increasing the required lot size or yard dimensions;
B. Limiting the height, size, or location of buildings;
C. Controlling the location and number of vehicles access points;
D. Increasing the street width;
E. Increasing the number of required off-street parking spaces;
F. Limiting the number, size, location or lighting of signs;
G. Requiring diking, fencing, screening, landscaping or other facilities to protect adjacent or nearby property;
H. Designation of open space;
I. Obtaining the necessary licenses as required by the City of Isanti, Isanti County or State of Minnesota;
J. Restrictions on the hours of operation;
K. Exterior lighting is limited to protect adjacent or nearby property;
L. Controlling architectural appearance and functional design of the building or site;
M. Applicable performance standards of the zoning district in which such use is located are met and non-conformities are eliminated;
N. Annual review, if deemed appropriate by the City Council.
O. Any additional stipulations, pertaining to a specific site are subject to change when the City Council, upon investigation in relation to a formal request, finds that the general public, health, safety, and welfare, can be served as well or better by modifying or expanding upon the conditions set forth herein.

Any change involving structural alterations, enlargement, intensification of use, or similar changes not specifically permitted by the interim use permit shall require an amended interim use permit and all procedures shall apply as if a new permit were being issued. The Zoning Administrator or their designee shall maintain a record of all interim use permits including information on the use, location, and conditions imposed by the City Council, time limits, review dates, and such other information as may be appropriate.

Certification of Taxes Paid

Prior to approving an application for Conditional Use and/or Interim Use Permit approval, certification must be provided to the City that there are not any delinquent property taxes, special assessments, penalties, interest, or outstanding municipal utility fees. City staff did verify with Isanti County on Friday, December 9th, 2016; that all taxes associated with the property were current.

Public Notice

Notice of the Conditional Use Permit request was published within the Isanti County News on Wednesday, January 4th, 2017. Notices were also sent to all property owners within 350' of the subject property.

Public Comments

City staff did not receive any public comments prior to the release of this staff memo.

Deadline for City Council Action

The City of Isanti received a complete application for this request on December 9th, 2016. Pursuant to Minnesota State Statute, the City must act on this request by February 7th, 2017 (60-days); unless the City

provides the petitioner with written reasons for an additional 60-day review period. The City may with the petitioner's consent extend the review period beyond the 120 days.

Development and Operations Advisory Committee Recommendation

The Development and Operations Advisory Committee met on Thursday, January 5th, 2017 to review the proposed request. The Committee recommends approval of the Conditional Use and Interim Use Permit for the Whiskey Road Pub & Grub to locate within the building located at 404 Whiskey Road NW, with the following conditions:

1. The applicant shall meet State requirements and obtain all necessary State permits with regards to Electrical, Plumbing, and Health.
2. The applicant shall include a four-foot sidewalk around the perimeter of the outdoor seating area.
3. Details shall be submitted on the fencing to surround the outdoor seating area.
4. The parking agreement shall be changed to reflect the parking that will be relocated to the adjacent lot.

Staff Request

Staff is requesting a recommendation on this item, which will be forwarded to the City Council for final review and approval.

Planning Commission Recommendation:

Motion by Kennedy second by Collison to recommend approval the request from Brad Slawson for Approval of a Conditional Use Permit for the operation of a Restaurant at 404 Whiskey Road NW, Units F and G, and an Interim Use Permit for a Shared Parking Agreement between the Restaurant and PID 16.030.0901, Isanti County, Isanti, Minnesota based on the Findings of Fact and Conclusions and with the following conditions:

1. Providing proof of ownership of all parcels (16.030.0901, 16.108.0050, 16.108.0060 and 16.108.0070).
2. The signing and recording of the shared parking agreement.
3. Any handicapped parking spaces removed due to the installation of the outdoor patio area shall be designated elsewhere within the parking lot nearest to the entry as possible.
4. The applicant shall meet State requirements and obtain all necessary State permits with regards to Electrical, Plumbing, and Health.
5. The shared parking arrangement provided for is permitted and would meet the requirements of the Zoning Ordinance, based upon the existing use and the number of seats provided for by the petitioner at this time. However, should the petitioner expand the facility in the future by adding additional seating within the facility beyond the 96 identified within the initial request, additional parking will be required to meet the provisions of the Zoning Ordinance. Such additional parking shall meet the Off-Street Parking and Loading requirements of the Zoning Ordinance.

Motion carried unanimously.

WHEREAS, the City of Isanti Planning Commission recommended approval of the proposed Conditional Use Permit and Interim Use Permit subject to the conditions as listed below; and,

WHEREAS, the City Council reviewed the requested Conditional Use Permit at its regularly scheduled meeting on February 7th, 2017; and,

NOW, THEREFORE, BE IT RESOLVED BY THE CITY COUNCIL OF THE CITY OF ISANTI, MINNESOTA, that it adopts the Findings of Fact and Conclusion related to the requested Conditional Use Permit and **BE IT FURTHER RESOLVED** that the requested Conditional Use Permit for a Bar and Restaurant to be located within Units F and G at 404 Whiskey Road NW and an Interim Use Permit for a shared parking agreement between Units E, F and G 404 Whiskey Road NW and PID 16.030.0901 be hereby approved subject to the following conditions:

1. Providing proof of ownership of all parcels (16.030.0901, 16.108.0050, 16.108.0060 and 16.108.0070).
2. The signing and recording of the shared parking agreement.
3. Any handicapped parking spaces removed due to the installation of the outdoor patio area shall be designated elsewhere within the parking lot nearest to the entry as possible.
4. The applicant shall meet State requirements and obtain all necessary State permits with regards to Electrical, Plumbing, and Health.
5. The shared parking arrangement provided for is permitted and would meet the requirements of the Zoning Ordinance, based upon the existing use and the number of seats provided for by the petitioner at this time. However, should the petitioner expand the facility in the future by adding additional seating within the facility beyond the 96 identified within the initial request, additional parking will be required to meet the provisions of the Zoning Ordinance. Such additional parking shall meet the Off-Street Parking and Loading requirements of the Zoning Ordinance.

Adopted by the Isanti City Council on this 7th day of February 2017.

FINDINGS OF FACT AND CONCLUSION

Request

Request from Brad Slawson for Approval of a Conditional Use Permit for the operation of a Restaurant at 404 Whiskey Road NW, Units F and G, and an Interim Use Permit for a Shared Parking Agreement between the Restaurant and PID 16.030.0901, Isanti County, Isanti, Minnesota.

Findings of Fact

1. The petitioner, Brad Slawson of SHK 88, LLC, is requesting approval of a Conditional Use Permit for a restaurant and an Interim Use Permit for a Shared Parking agreement at 404 Whiskey Rd NW.
2. The property is zoned "B-2" General Business District, in which restaurants are considered a Conditional Use.
3. Section 17 Off-Street Parking and Loading, Subdivision 11 allows for shared parking through an Interim Use Permit.
4. The petitioner submitted a complete Application for a Conditional Use Permit and Interim Use Permit on December 9th, 2016. Pursuant to Minnesota State Statute, the City must act on this request by February 7th, 2017 (60-day rule).
5. A public hearing date before the Planning Commission was scheduled for Tuesday, January 17th, 2017 immediately following the 7:00 p.m. City Council meeting at City Hall within the Council Chambers.
6. Notice of the request was published within the Isanti County News on Wednesday, January 4th, 2017. Notices were sent to all property owners located within 350 feet of the subject property.
7. Section 18, Subdivision 7 Standards of the Zoning Ordinance shall be used to evaluate any proposed site plans.
8. Section 21, Article 2: Conditional Use Permits, Subdivision 3 (D) of the Zoning Ordinance establishes factors that the judgment of the Planning Commission shall be based upon when reviewing a Conditional Use Permit request as well as Section 21, Article 2: Conditional Use Permits, Subdivision 4 General Performance Standards of the Zoning Ordinance establishes additional general standards that shall be used to evaluate any proposed conditional use permit request.
9. Section 21, Article 3: Interim Uses, Subdivision 5 of the Zoning Ordinance establishes criteria in which the judgment of the Planning Commission and City Council shall be based upon when reviewing an Interim Use Permit request. In addition, the Planning Commission may recommend and the City Council may require additional items so as to protect the best interest of the surrounding properties or the community as a whole and may include, but are not limited to the items listed within Section 21, Article 3: Interim Uses, Subdivision 6 of the Zoning Ordinance.

Conclusions

1. In review of the standards established in Section 18, Subdivision 7, the following conclusions have been made (*conclusions to each requirement are shown in underlined italics)*:
   A. Consistency with the elements and objectives of the City's development guides, including the Comprehensive Plan.
   The elements of the project would appear to meet the requirements of the zoning ordinance and the intent of the land use designation in which the property is located. It is consistent with the development of this area based on the Comprehensive Plan.
   B. Consistency with City Codes.
   Overall, the proposal appears to be consistent with city codes and ordinances. The building is existing and would appear to meet the minimum requirements set by the zoning ordinance (setbacks, parking, landscaping, lighting, etc).

C. Preservation of the site in its natural state to the extent practicable by minimizing tree and soil removal and designing grade changes to be in keeping with the general appearance of neighboring developed or developing areas.
Not applicable.

D. The amount and location of open space and landscaping.
The restaurant will be locating within an existing building. Requirements for the existing building appear to have been met.

E. Vehicular and pedestrian circulation, including walkways, interior drives, and parking in terms of location and number of access points to the public streets, width of interior drives and access points, general interior circulation, separation of pedestrian and vehicular traffic and arrangement and amount of parking.
Additional parking will be provided on an adjacent lot owned by the same group as the owners of the restaurant. A shared parking agreement is part of the approval for this project. The shared parking agreement ensures all standards are being met.

F. Protection of adjacent and neighboring properties through reasonable provision of surface water drainage, sound and light buffers, preservation of views, lights, and air and those aspects of design not adequately covered by other regulations which may have substantial effects on neighboring land uses.
There will be no changes to existing exterior elements.

G. Consistency with the City's Engineering and Design standards as adopted by Resolution of the City Council.
Not applicable.

2. In review of the standards established in Section 21, Article 2 Conditional Use (D); the following conclusions have been made (*conclusions to each requirement are shown in underlined italics)*: The Planning Commission shall hold a public hearing and consider possible adverse effects of the proposed Conditional Use. The judgment of the Planning Commission shall be based upon, but is not limited to the following factors:

A. The proposed action has been considered in relation to the specific policies and provisions of and has been found to be consistent with the goals and objectives of the Comprehensive Plan, including public facilities and capital improvement plans.
As noted, the proposed use for the site would be consistent with the goals and objectives of the comprehensive plan.

B. The proposed action meets the purpose and intent of this Ordinance and the underlying zoning district.
The proposed use fitting for this area as it is an auto-orientated business that is best suited for the B-2 district.

C. The establishment, maintenance or operation of the conditional use will promote and enhance the general public welfare and will not be detrimental or endanger the public health, safety, morals, or comfort.
The establishment of the conditional use does not appear to endanger the public health, safety, morals and comfort of the surrounding area or the community. The proposal would appear to take into consideration the surrounding properties and meets the standards as required by ordinance.

D. The conditional use will not be injurious to the use and enjoyment of other property within the immediate vicinity for the purposes already permitted; nor substantially diminish or impair property values within the neighborhood.
The conditional use for a restaurant does not appear to diminish or impair surrounding property values. Much of the area surrounding this property is also zoned for similar uses.

E. The establishment of the conditional use will not impede the normal and orderly development and improvement of surrounding property for uses permitted in the district.
The area surrounding this property is primarily developed. The use will likely benefit existing businesses nearby.

F. Adequate public facilities and services are available or can be reasonably provided to accommodate the use which is proposed.
Adequate public facilities and services are available to the property.

G. The conditional use shall, in all other respects, conform to the applicable regulations of the district in which it is located.
The requested conditional use permit appears to conform to the applicable regulations required for the district and the performance standards outlined within the zoning ordinance. Conditions will be placed on any approval to ensure that the property is developed in accordance to ordinance requirements and the proposed plan provided by the applicant.

H. The conditional use complies with the general and specific performance standards as specified by within this Article.
These have been evaluated as part of the findings of fact; and can be found within this document.

3. In review of the standards established in Section 21, Article 2 Conditional Use, Subdivision 4 General Performance Standards; the following conclusions have been made (*conclusions to each requirement are shown in underlined italics)*:

A. The use and the site in question shall be served by a street of sufficient capacity to accommodate the type and volume of traffic which would be generated an adequate public right-of-way shall be provided.
Traffic volume and type is expected for this location. There is currently a great deal of traffic and parking that takes place within this area. The required amount of parking will be available with the shared parking agreement with the adjacent lot.

B. The site design for access and parking shall minimize internal as well as external traffic conflicts and shall be in compliance with Section 17 of this Ordinance.
Access to the site is existing and had been approved at an earlier date.

C. If applicable, a pedestrian circulation system shall be clearly defined and appropriate provisions made to protect such areas from encroachment by parked or moving vehicles.
Not applicable.

D. Adequate off-street parking and off-street loading shall be provided in compliance with Section 17 of this Ordinance.
The site has sufficient existing off-street parking with the shared parking agreement.

E. Loading areas and drive-thru facilities shall be positioned so as to minimize internal site access problems and maneuvering conflicts, to avoid visual or noise impacts on any adjacent residential use or district, and provided in compliance with Section 17 of this Ordinance.
Not applicable.

F. Whenever a non-residential use is adjacent to a residential use or district, a buffer area with screening and landscaping shall be provided in accordance with the provisions of Section 15 of this Ordinance.
The restaurant and outdoor patio face opposite of the residential area. The building should block any noise or light.

G. General site screening and landscaping shall be provided in compliance with Section 15 of this Ordinance.
The building is existing and was approved as is.

H. All exterior lighting shall be directed so as not to cast glare toward or onto the public right-of-way or neighboring residential uses or districts, and shall be in compliance with Section 14 of this Ordinance.
No additional lighting will be added in the parking lot. Any lighting added to the patio area will not affect the residential areas due to the building shielding those areas.

I. The site drainage system shall be subject to the review and approval of the City Engineer.
Not applicable. No exterior site changes.

J. The architectural appearance and functional design of the building and site shall not be so dissimilar to the existing and potential buildings and area so as to cause a blighting

influence. All sides of the principal and accessory structures are to have essentially the same or coordinated, harmonious exterior finish materials and treatment.
A wrought iron fence will enclose the patio area.

K. Provisions shall be made for daily litter control, an interior location for recycling and trash handling and storage or an outdoor, enclosed receptacle area shall be provided in compliance with Section 14 of this Ordinance.
Approved per the previously approved site plan.

L. All signs and informational or visual communication devices shall be in compliance with Section 16 of this Ordinance.
Signage will be approved separately.

M. The use and site shall be in compliance with any federal, state, or county laws or regulations that are applicable and any related permits shall be obtained and documented to the City.
The applicant will need to pull the appropriate permits through the Department of Health for food preparation.

N. Any applicable business licenses mandated by City Code are approved and obtained.
The applicant is to work with the city to obtain a liquor license or any other required licenses.

O. The hours of operation may be restricted when there is judged to be an incompatibility with a residential use or district.
The hours are not expected to be an issue.

P. The use complies with the applicable performance standards of the zoning district in which it is located and where applicable, any non-conformity shall be eliminated.
Not applicable.

Q. Additional Stipulations. All conditions pertaining to a specific site are subject to change when the City Council, upon investigation in relation to a formal request, finds that the general public health, safety, and welfare, can be served as well or better by modifying or expanding the conditions set forth herein.

4. In review of the factors established in Section 21, Article 3: Interim Uses, Subdivision 5, the following conclusions have been made (*conclusions to each requirement are shown in underlined italics)*:

A. The proposed use shall meet the applicable zoning regulations.
Shared parking is identified as being permitted with an Interim Use Permit.

B. The proposed use will not adversely impact implementation of the Comprehensive Plan.
The proposed use was previously determined to be acceptable as an Interim Use within the General Business District. The proposed use is an interim use and will only continue on the property until such time as the use is no longer in effect. The use compliments the Comprehensive Plan by providing a way for zoning code to followed in extenuating circumstances.

C. The proposed use will terminate upon a date or event that can be identified with certainty.
The proposed use could be conducted on the property until such time as:1) the business would cease to operate, 2) the tenant vacates the building, 3) the business is sold to another owner, whichever were to occur first, or 4) the shared parking agreement is violated or terminated.

D. The proposed use will not impose additional costs on the public if it is necessary for the public to take the property in the future.
At this time, the improvements being made to the unit to accommodate the use do not appear to impose additional costs on the public. The parking is existing.

E. The applicant has signed a consent agreement agreeing with the applicant, owner, operator, tenant and/or user has no entitlement to future re-approval of the Interim Use Permit.
The applicant is aware of the terms of the Interim Use Permit and that a new permit would be necessary should a different group or entity decide to take over the business/unit in the future.

F. The proposed use will be subject to, by agreement with the property owner, any conditions that the City Council deems appropriate for permission of the proposed interim use, including a condition that the owner may be required to provide an appropriate surety to cover the cost of removing the interim use and any interim structures upon the expiration of the interim use.

Decision

The Planning Commission reviewed the request in a public hearing on **January 17th, 2017**. The meeting minutes shall be made a part of the Findings of Fact and Conclusion.

Planning Commission Recommendation:

Motion by Kennedy second by Collison to recommend approval the request from Brad Slawson for Approval of a Conditional Use Permit for the operation of a Restaurant at 404 Whiskey Road NW, Units F and G, and an Interim Use Permit for a Shared Parking Agreement between the Restaurant and PID 16.030.0901, Isanti County, Isanti, Minnesota based on the Findings of Fact and Conclusions and with the following conditions:

1. Providing proof of ownership of all parcels (16.030.0901, 16.108.0050, 16.108.0060 and 16.108.0070).
2. The signing and recording of the shared parking agreement.
3. Any handicapped parking spaces removed due to the installation of the outdoor patio area shall be designated elsewhere within the parking lot nearest to the entry as possible.
4. The applicant shall meet State requirements and obtain all necessary State permits with regards to Electrical, Plumbing, and Health.
5. The shared parking arrangement provided for is permitted and would meet the requirements of the Zoning Ordinance, based upon the existing use and the number of seats provided for by the petitioner at this time. However, should the petitioner expand the facility in the future by adding additional seating within the facility beyond the 96 identified within the initial request, additional parking will be required to meet the provisions of the Zoning Ordinance. Such additional parking shall meet the Off-Street Parking and Loading requirements of the Zoning Ordinance.

Motion carried unanimously.

WHEREAS, Brad Slawson is the majority owner and President of Pub & Grub and he is the majority owner and Chief Manager of SHK, and

WHEREAS, it is the intention of Brad Slawson through either of the corporate entities listed above, to build out a restaurant and bar to be called Whiskey Road Pub & Grub, Inc. in the existing building located on **Parcel A**, and

WHEREAS, **Parcel B** consists of vacant land consisting of 27 parking stalls which is contiguous to **Parcel A**, and

WHEREAS, the parties hereto desire to declare and execute an agreement for the use of the parking stalls on **Parcel B** for the benefit of **Parcel A**, and

NOW, THEREFORE, in consideration of the covenants herein contained, the parties hereby agree as follows:

1. As a condition for Pub & Grub to be eligible to receive and maintain a conditional use permit to operate a restaurant and/or bar on **Parcel A**, the City is requiring that the Pub & Grub be entitled to the exclusive use of no less than 24 parking stalls on **Parcel B**.

2. In the event Brad Slawson through either of the corporate entities listed above, wishes to install improvements on **Parcel B**, the City will allow him to subdivide **Parcel B** for the purpose of that improvement, subject to meeting any and all subdivision requirements including, but not limited to, the requirement that at least 24 parking stalls meeting any and all applicable standards on **Parcel B** remain committed to be used exclusively as parking for **Parcel A**.

Whiskey Road Pub & Grub

404 Whiskey Road, Isanti MN

We are preparing to open a 2400 square foot restaurant bar & grill at the location of 404 Whiskey Road in Isanti Minnesota. Our concept is to offer an excellent dining option in a city that seems to have too few with excellent made from scratch menu options. We wish to have a bar offering full liquor but specializing in a nice array of craft beer options on tap. Our ownership group is experienced in this industry and we have a proven track record. Our record is one of responsible ownership and extremely positive community involvement. In the subsequent paragraphs we hope to lay out our plan for bringing the city of Isanti a great local restaurant that will support the community in many ways.

Description of operations

We project to have an operation that is based on approximately 70% of sales coming from food purchase and 30% coming from beer and liquor. Since it is our objective to be a restaurant first we are going to be opening at 10:30 a.m. Monday through Friday to accommodate what we expect to be an excellent lunch crowd. We intend to open at 8:00 a.m. Saturday and Sundays and offer a nice made from scratch breakfast for our patrons. We are projecting a midnight closing on Sunday-Thursday with a 1 a.m. closing time on Friday and Saturdays. Our food will be served until 1 hour from close on all days with minimal food offerings available until closing. We will be offering burgers, broasted chicken, pizza, sandwiches, daily lunch and dinner specials. We will have a full functioning kitchen with the capacity to make a wide array of food options from scratch. It is our hope to appeal to the immediate community and be a local secret for the citizens of Isanti. Our target market is the families of our community and those seeking a quality meal while enjoying a cocktail or craft beer. We will not in any way act as a night club as we are intending to always be a restaurant first and foremost. Our ideal capacity would be for 96 patrons offering a mixture of high and low top seating along with booths for family seating.

Parking

We have done some preliminary inspections of traffic at the mall and talked with several employees of the city about making sure that we would have enough parking to accommodate our concept. We believe that there is more than sufficient parking at the mall but to ensure that there will not be an issue we have a purchase agreement in place for the 4 acre plot adjoining the property so that we may add additional parking if necessary.

Experience

Our group consists of 3 owners Bradley Slawson Jr, Dale Heille and Brian Keller. We are all local men that graduated together from Blaine High School in 1988. We all currently reside in Ham Lake. Brad is currently the owner of Route 65 Pub & Grub in East Bethel as well as Route 65 Discount Liquor store in East Bethel. He has operated these businesses successfully for 4 years and is currently the president of the East Bethel Chamber of Commerce. He has 2 adult children that are currently enrolled in the University of Minnesota and the University of Wisconsin Stout respectively. Brad also served as vice president of the Blaine Youth Hockey Association for 12+ years. Dale Heille is currently the Owner of Chanticlear Franchise System (franchisor for all Chanticlear Pizza restaurants), Pine Insurance Agency in Ham Lake, and a partner in Chanticlear Pizza Grill in Coon Rapids. He owns some commercial real estate as well in Ham Lake. He has 3 children and 2 grandchildren. His oldest daughter works as a property manager for First Service Residential in Minneapolis and is married with 2 children. His middle daughter is a senior at the University of Minnesota while his youngest son is opening his own Chanticlear Pizza delivery store in Oak Grove. Brian Keller has been the Chief Operating Officer for Chanticlear Franchise System since 2003. He has 2 children with the oldest being a Junior at the University of Minnesota Duluth and the youngest a Junior at Blaine high School. Brian was formerly the

owner of Chanticlear Pizza in Elk River but sold that location in 2013. Brian currently serves as the Treasurer of the booster club for Blaine volleyball acting in that capacity for nearly 2 years.

Community

Each member of our ownership group has spent the better part of their adult lives involved in their local communities in some capacity or another. We have all coached youths in various sports for many years. We have served on the boards of non-profits and volunteered endlessly for fundraising efforts. Professionally we have sponsored youth sports, cub scouts, foundations, and held numerous benefits for families trying to raise money for various reasons. We continually donate money when asked for all sorts of causes that benefit our community members. All of our businesses that we have been involved with are held in high esteem within their respective cities and as owners we have great relationships with local governments. We believe it is the obligation of each member of a community to contribute positively to the betterment of the community. We especially feel that as business owners that hope to profit from the support of the community that we have an extra obligation to give back and so we do!

Summary

We hope that you feel as we do that there is a need for additional dining options in Isanti and that our group and concept is the right fit to fill that need. Ours is a group that will positively impact the citizens of Isanti. We have the ability to provide any information that you would like to see with expedience and detail. It is our belief that our local roots and outstanding track record makes us ideal candidates for an operation such as this in Isanti. Our restaurant will be something that the city of Isanti can be proud of.

A Community For Generations.

Request for Council Action

To: Mayor Wimmer
Members of the City Council

From: Roxanne Achman
Community Development Director

Date: February 7, 2017

Subject: Request from Jon Solomonson for Final Plat Approval of Fairway Greens Phase 9, legally described as Outlot A, Fairway Greens Phase 7, Isanti County, Isanti, Minnesota.

Background

In July 2014, a preliminary plat and master development agreement were approved for Fairway Greens Ph 7. The development agreement outlines a phasing of the development for the remainder of the lots within Fairway Greens Ph 7. Jon Solomonson, the owner and developer, is requesting to final plat the remaining one, single-family lot, on Wendover St NE that does not require the extension of roadway and services. The lot is located on the south side of Wendover St NE. The plat will be Fairway Greens Phase 9.

Any further development of this area will require a new development agreement in order to extend services and infrastructure.

The development is consistent with original preliminary plat for this area and with the comprehensive plan.

The City Engineer has reviewed the development plan and recommends approval subject to changing the name of the plat to Fairway Greens Phase 9. * The plat has been resubmitted with the corrected title.

Certification of Taxes Paid

Prior to approving an application for Final Plat, certification must be provided to the City that there are no delinquent property taxes, special assessments, penalties, interest, or outstanding municipal utility fees. City staff did verify with Isanti County on Friday, December 30th, 2016; that all taxes associated with the property were current.

Public Notice

Written notification was sent to surrounding properties owner located within 350' of said development. Such letters were sent on January 4th, 2017.

Public Comments

No public comments had been received regarding the proposed text amendment prior to the release of the staff memo.

Deadline for City Council Action

The applicant submitted an application for Final Plat approval on December 30th, 2016. City staff did verify that the application was complete on December 30, 2016. Pursuant to Minnesota State Statute, the City must act on this request by February 28, 2017 (60-days); unless an extension of the review period has been agreed to by the applicant.

Planning Commission Recommendation:

Motion by Lundeen second by Bergley to recommend approval of the request from Jon Solomonson for Final Plat Approval of Fairway Greens Phase 9, legally described as Outlot A, Fairway Greens Phase 7, Isanti County, Isanti, Minnesota based on the Findings of Fact and Conclusions with the following conditions:

1. Upon approval of the Final Plat by the City Council, the City Clerk or his/her designee shall record it with the County Recorder's Office within ninety (90) days after the date of approval; otherwise, failure of the applicant to comply and submit the necessary items and fees for the recording of the Final Plat by the City shall be cause for revoking the City's approval and the Final Plat shall be considered void, unless the developer or applicant requests an extension, in writing and receives approval from the City Council. The City Council may approve up to two (2) extensions for a term not to exceed one (1) additional year for each extension. Fees associated with the recording of the Final Plat will be charged back to the developer or subdivider.

2. The subdivider shall immediately upon approval, furnish the City Administrator or his/her designee with three (3) full size mylar transparencies of the Final Plat, two (2) for the County and one (1) for the City. Three (3) additional 11 inch by 17 inches mylar transparencies shall be given to the City Planner, the City Clerk, and Isanti County. No building permits shall be issued until these conditions have been complied with.

Motion carried unanimously.

Subject: Fairway Greens Phase Nine – Final Plat Review
City of Isanti, MN
Project No.: R13.111162

We have reviewed the Final Plat created by Acre Land Surveying entitled "Fairway Greens Phase Eight" submitted 12/30/2016.

The final plat includes subdividing Outlot A of Fairway Greens Phase Seven into one residential lot and one Outlot as "Fairway Greens Phase Eight". The lot was graded and sewer and water services were stubbed out in anticipation of this lot layout as part of the Fairway Greens construction.

We have reviewed the submitted final plat and have the following comments:

1) Rename the plat "Fairway Greens Phase Nine"

We recommend approval of the final plat once the title is revised to state "Fairway Greens Phase Nine".

Please contact me if you have any questions.

Request for Council Action

To: Mayor Wimmer
Members of the City Council

From: Roxanne Achman
Community Development Director

Date: February 7, 2017

Subject: Request from First Fruits Land Development LLC for Final Plat Approval of Sun Prairie Third Addition, legally described as Outlots H, Sun Prairie First Addition, Isanti County, Isanti, Minnesota.

Background

First Fruits Land Development LLC received approval of the preliminary plat for Sun Prairie Third and Fourth Addition. At this time, they will be moving forward with the final plat for Sun Prairie Third Addition, which consists of 7 single family lots along Marion St SE. The average lot size is 11,325sf. Home will be required to be a minimum of 1200sf with 720sf garages.

Lot Requirements:

Size: Minimum 11,000sf
Width: Corner – 95ft, Other – 80ft
Depth: 137ft
All lots meet the minimum standards.

This development has existing city infrastructure and is covered by the original development agreement for Sun Prairie First Addition. The Signal Light Fee for these lots was paid at the time the original development agreement was signed.

The fees due include:

Park Dedication Fee: 7 lots at $1500 = $10,500
Trunk Sewer Charge: 7 lots at $1000 = $7,000

The development is consistent with original preliminary plat for this area and with the comprehensive plan.

The City Engineer has reviewed the development plan and recommends approval.

Certification of Taxes Paid

Prior to approving an application for Final Plat, certification must be provided to the City that there are no delinquent property taxes, special assessments, penalties, interest, or outstanding municipal utility fees. City staff did verify with Isanti County on Monday, November 28th, 2016; that all taxes associated with the property were current.

Public Notice

Written notification was sent to surrounding properties owner located within 350' of said development. Such letters were sent on January 4th, 2017.

Public Comments
No public comments had been received regarding the proposed text amendment prior to the release of the staff memo.

Deadline for City Council Action
The applicant submitted an application for Final Plat approval on December 30th, 2016. City staff did verify that the application was complete on December 30, 2016. Pursuant to Minnesota State Statute, the City must act on this request by February 28, 2017 (60-days); unless an extension of the review period has been agreed to by the applicant.

Planning Commission Recommendation:
Motion by Lundeen second by Bergley to recommend approval of the request from First Fruits Land Development LLC for Final Plat Approval of Sun Prairie Third, legally described as Outlots H, Sun Prairie First Addition, Isanti County, Isanti, Minnesota based on the Findings of Fact and conclusions with the following conditions:

1. Upon approval of the Final Plat by the City Council, the City Clerk or his/her designee shall record it with the County Recorder's Office within ninety (90) days after the date of approval; otherwise, failure of the applicant to comply and submit the necessary items and fees for the recording of the Final Plat by the City shall be cause for revoking the City's approval and the Final Plat shall be considered void, unless the developer or applicant requests an extension, in writing and receives approval from the City Council. The City Council may approve up to two (2) extensions for a term not to exceed one (1) additional year for each extension. Fees associated with the recording of the Final Plat will be charged back to the developer or subdivider.

2. The subdivider shall immediately upon approval, furnish the City Administrator or his/her designee with three (3) full size mylar transparencies of the Final Plat, two (2) for the County and one (1) for the City. Three (3) additional 11 inch by 17 inches mylar transparencies shall be given to the City Planner, the City Clerk, and Isanti County. No building permits shall be issued until these conditions have been complied with.

Motion carried unanimously.

Subject: A Resolution Approving a Special Event Request for Downtown Street Dances

Background

City staff has submitted a special event permit application to hold three downtown street dances. The first street dance will be held Saturday, June 24 from 7:00 p.m. to 11:00 p.m. featuring Boogie Wonderland. The second is on Saturday, July 15 from 7:00 p.m. to 11:00 p.m. featuring Jonah and the Whales. The third dance is on Saturday, August 12 from 7:00 p.m. to 11:00 p.m. featuring Hitchville.

The dances will be held at the intersection of 1st Avenue and Main Street. The estimated number of people to be in attendance is 500 - 1000 people per dance. A beer wagon, food vendors, and non-food vendors will be present at each dance. Alcohol sales will be monitored through the use of wristbands and law enforcement presence. The event will be free to the public. A 15' x 35' stage will be set-up in the right-of-way between Isanti Retail Meats and the Creamery. Parking for the event will be located at City Hall, the Community Center, public areas surrounding Eagle Park, and street parking. Signage will be posted the week of the event; a Special Event Sign Permit Application has been complete. There is a $50 fee associated with this application; city staff are requesting that Council to waive this fee.

Given that the events are street dances, some roadways will be closed for the event. Main Street W from the Railroad tracks to 2nd Ave NW as well as 1st Ave NW from City Hall to the alley behind Custom Meats and the Post office will be closed for the event. Absolute Portable Restrooms will provide restroom facilities for the event. Portables will be placed either on 1st Ave south of Main Street or on the grass lot east of Retail Meats (pending approval from Retail Meats). Trash will be picked up from the street and placed into receptacles. There will be a public addressing system and sound amplification provided outside by the band on stage. Both Public Works and the Police Department will be providing assistance with the event.

Should the weather not cooperate for the events, the event will be cancelled. Any cancellations will be posted to the City's website and the Isanti Events and Community Center Facebook page as early as possible.

The attached site plan shows the location of components for the event on Main Street. Copies of letters that will be sent to surrounding property owners have also been attached for Council review. The complete application as well as departmental review are attached.

Staff Request
City staff is requesting approval of the Street Dance Special Event Permit application and attachments.

Subject: Special Event Application - Street Dances

Good morning!

I have put together the application for this year's Street Dances. The events will be June 24, July 15, and August 12. The location of the street closures/logistics of the event will be the same as in past years.

Chief Hill, please plan to have some of your folks at each of these events – we really appreciate their presence!

Please respond with your comments or approval – if you would like to discuss any aspect of these events, let me know.

Dear Isanti Resident:

The City of Isanti will be hosting street dances throughout Summer 2017 on Saturday **June 24**, (*Boogie Wonderland*), Saturday **July 15** (*Jonah and the Whales*), and Saturday **August 12** (*Hitchville*). Bands will begin playing at 7:00 pm and finish at 11:00 pm. The featured band will perform on an outdoor stage at the corner of 1st Avenue and Main Street, between Isanti Retail Meats and the Creamery Crossing.

If you live close to the intersection of Main Street and 1st Avenue you may be able to hear the music from your home. The band will be playing from 7:00 -11:00 pm with sound check beginning as early as 4:00 pm. Please be advised that music will be played at levels within City approved regulations.

The street dance will require street closures for participant safety. Main Street will be closed from just west of the railroad tracks to 2nd Avenue. 1st Avenue will be closed from the alley south of Main Street to the alley north of Main Street before City Hall. The road closures will begin between 1:00 and 2:00 pm. Please make plans for this in advance of the event. **No Parking will be allowed on the closed portion of Main Street from 2:00 pm the day of the event until 12:00 am the next day.** These road closures will not affect accessibility to your home. We appreciate your cooperation.

We hope you will attend the street dance event and enjoy the concert, beer wagon, and food vendors that will be present.

If you have any questions or concerns, please contact Katie at 763-444-5512.

Sincerely,

Katie Everett

Dear Isanti Business Owner:

The City of Isanti will be hosting street dances throughout Summer 2017 on Saturday **June 24**, (*Boogie Wonderland*), Saturday **July 15** (*Jonah and the Whales*), and Saturday **August 12** (*Hitchville*). Bands will begin playing at 7:00 pm and finish at 11:00 pm. The featured band will perform on an outdoor stage at the corner of 1st Avenue and Main Street, between Isanti Retail Meats and the Creamery Crossing.

These events will require street closures for participant safety. Main Street will be closed from just west of the railroad tracks to 3rd Avenue. 1st Avenue will be closed from the alley south of Main Street to the alley north of Main Street. The road closures will begin at approximately 1:00 pm the day of each event. Please make plans for this in advance of the event. **No Parking will be allowed on the closed portion of Main Street from 2:00 pm the day of the event – 12:00 am the next day.** We appreciate your cooperation.

We hope you will take advantage of the heightened foot traffic that will be in the downtown Isanti area during the time of these events. You may wish to consider opening your store for an extended period of time to generate more sales, or utilize the sidewalk in front of your store for a sidewalk sale. You are also welcome to hand out information to promote your business such as coupons to redeem at a later date or a discount offered for this day. We hope that these events prove advantageous for your business.

If you have any questions, please call Katie at 763-444-5512.

Section 16 Signs:

Below are a number of rules and regulations pertaining to temporary signs for special events. The full ordinance can be found on the City's website (www.cityofisanti.us) or at City Hall.

- Permission
  Signs placed on property other than your own, require property owner permission.

- Signs on City Property
  Temporary signs are **prohibited** from being placed on City property or within the City right-of-way of any street.

- Sign Setback
  Signs shall be setback a minimum of ten (10) feet from the property line. Signs should not be in locations that would interfere with safe vehicular and pedestrian circulation or public safety signals.

Temporary Signs Requiring a Permit

The following signs require a temporary sign permit in zoning districts and shall meet the requirements as provided within this Section.

- Public interest signs publicizing a charitable or non-profit event of general public interest. Such signs may be erected only on private property with the consent of the owner. Such signs shall be limited to thirty-two (32) square feet. Public interest signs shall be permitted only fourteen (14) days before and must be removed seven (7) days after the event to which it pertains.

- Banners, portable signs, and inflatable figures:
  No more than one (1) banner or portable sign not to exceed thirty-two (32) square feet or one (1) inflatable figure not to exceed ten (10) feet in width or depth shall be permitted in a commercial or industrial district for a special event sponsored and/or run by a commercial enterprise in connection with a seasonal sale or other special offer. Banners, portable signs and inflatable figures for these types of events are permitted, provided they may be allowed for a maximum of thirty (30) consecutive days, no more than four (4) times per year. A minimum of one month is required between events.

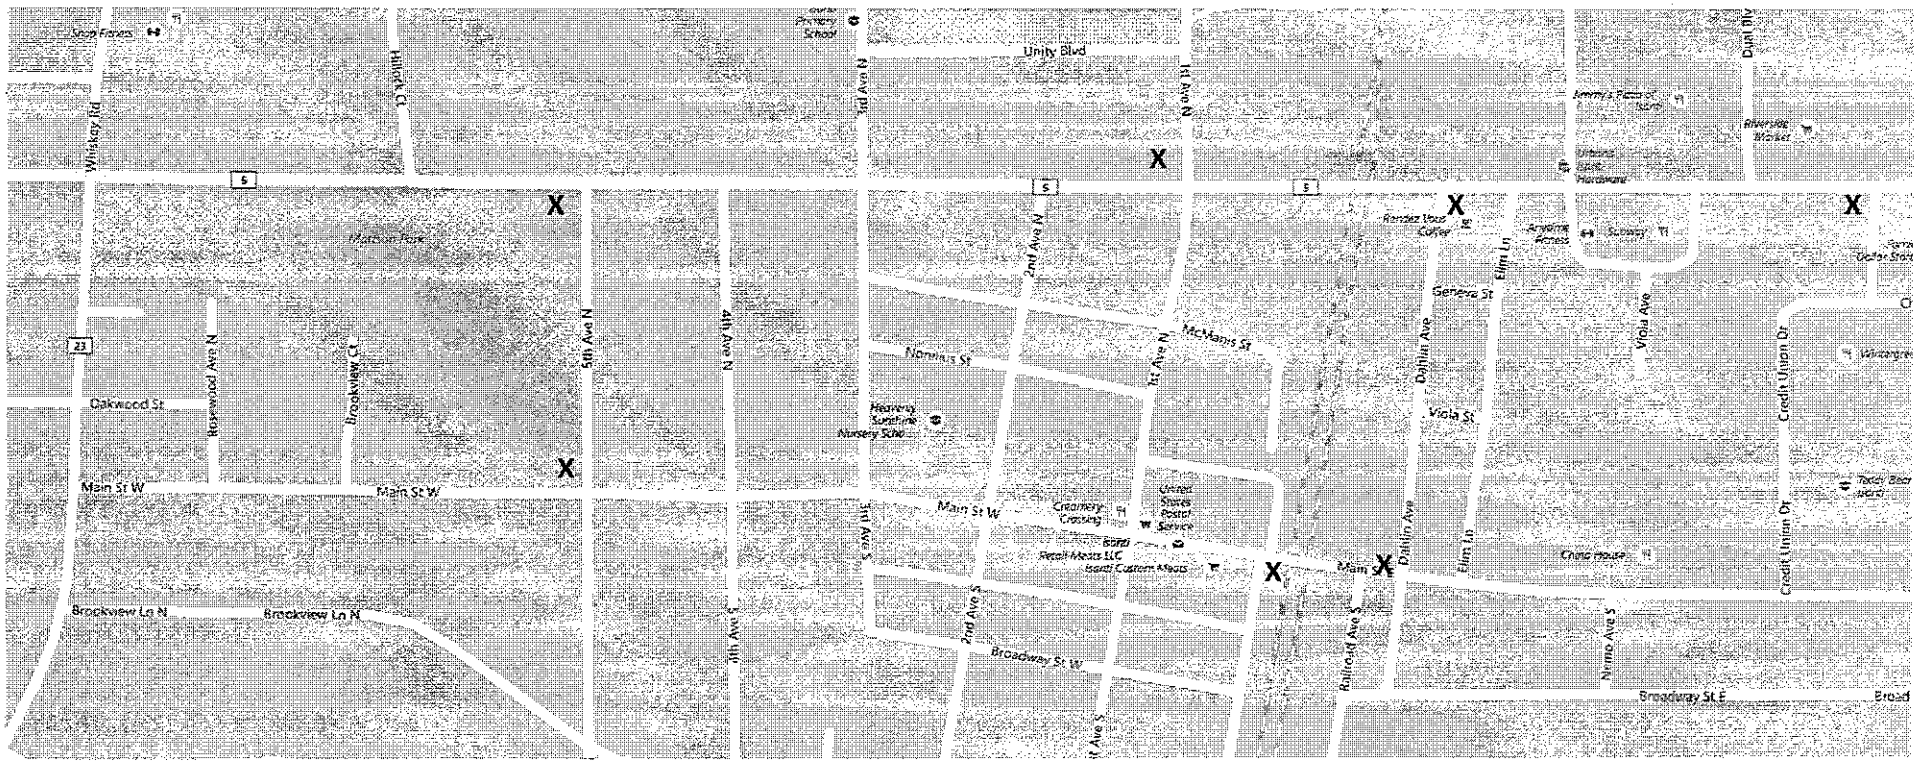
Temporary Signs Not Needing a Permit

The following signs are exempt from permit requirements in all zoning districts.

- Directional signs.
  Directional signs not exceeding two (2) square feet in surface area displaying directional information for a special event, or other similar uses provided that such use shall be limited to one such sign per thoroughfare approach. Such signs shall not be illuminated and all shall comply with all applicable regulations of the road authorities.

- Ground Signs (sandwich board).
  So long as they are not located on a sidewalk or trail and are brought inside every night at the completion of business hours.

Downtown Isanti Street Dance—Temporary Sign Permit Application



Signs will be posted at locations marked with an X, and will not block the line of sight for drivers or pedestrians.

Signs are 18" x 24" corrugated plastic on wire step stakes.

Hello Peggy!

I am just getting some of my planning for events started in 2017 – is it okay for the City to post signs for the Farmer's Market and Street Dances on MinnCo property again this year?

Thanks,

CITY OF ISANTI
PARKS, RECREATION, AND CULTURE BOARD
MEETING MINUTES
November 22, 2016
City Council Chambers

1. Meeting Opening.

A. Call to Order.
Zdon called the meeting to order at 6:00 p.m.

B. Pledge of Allegiance.
Everyone stood for the Pledge of Allegiance.

C. Roll Call.
Members Present: Jennifer Garvey, Mayor Wimmer, James Witte, and Aaron Zdon
Staff Present: Katie Everett, Community Events and Parks Coordinator

D. Agenda Modifications.
Zdon asked if there were any agenda modifications. There were none.

Motion by Garvey, second by Witte to approve the November 22, 2016 Parks, Recreation, and Culture Board Agenda. Motion was unanimously approved.

2. Approval of Minutes from October 25, 2016 Parks, Recreation and Culture Board Meeting.

Motion by Wimmer. Second by Garvey. Vote was unanimously approved.

3. Community Garden 2017 Handbook

Everett explained that she took what we had from 2016 and put a picture of our real garden on it and updated some of the things that we talked about last time and put in new dates. One point that she wanted to highlight that was changed was on the wordy side [of the brochure] under "Community gardeners will": "maintain their plots through the end of the season and arrange for care of plots during vacation or other extended absence. In the event that a plot can no longer be maintained, gardeners will notify the City of Isanti as soon as possible" and that was to cover if somebody were to be done in July, we'd have this to say that it's yours to be taken care of until the end of the season. Everett said that if that goes with what the board was thinking she will keep it in there. Garvey agreed that it was. Everett stated that she updated the dates for the season; staff had talked about ending the season a little bit earlier next year because we ran into frost and things this year, and people were done for the most part at the beginning of October. Everett put in the handbook that the season would end October 15th next year. We didn't have a ton of people that just grew pumpkins or anything that they would be waiting for; Everett doesn't see a lot of people being upset about not having those extra couple weeks, and it makes more sense for having running water end at that time. Zdon agreed.

Everett stated that on the cover page, all of those dates are updated. Council did approve the registration period that the board discussed so that is set. Everett stated the kick-off party will be the pre-season meeting, and everyone can get together and we'll go over rules and that kind of thing, but a party sounded like more fun than a meeting, so hopefully people come. The first day to garden and last day to garden are listed there too. The gardeners also talked about doing more gatherings and those kinds of things during the summer, but Everett stated that if that's something she is going to coordinate, she'll do surveys to see when people can come after they're registered so that it's not just something she makes up and then no one can come. Those will be to be determined. Prices are the same; the rest of the rules are all the same.

Everett asked Mayor Wimmer if this should go to Council to get approved as well. Wimmer stated that it should. Garvey motioned to have the amended handbook brought to Council for approval, Wimmer seconded; the motion was unanimously approved.

4. Parks Updates

Everett stated that the second movie night was very snowy, but 32 people came. Garvey stated that was very good turnout for that night. Everett stated we had more people come to that one than the first one, and it was great to see all of those people come. The next movie is Elf and South Isanti Baptist Youth Group will be coming in to run that one. Everett stated that it's a great December movie so we should have a good turnout; they have invited a bunch of people on our Facebook event and that kind of thing too.

Everett stated that she and Mayor Wimmer went to the Bike Isanti County meeting, and the purpose of that meeting was to select who was going to do the master plan. They had a couple of proposals come in and the group weighed pros and cons of those. The committee chose one that has to go to the County Board for approval. Part of that process is going to be County staff making sure they have money for the proposal that the committee selected; they have the majority of it, but there definitely is a gap in funding there that they need to come up with. Wimmer stated that the proposal that was selected, he thought the County staff might have been leaning toward the other proposal because it was cheaper, but they only had one public meeting. The proposal that was selected has a meeting in each of the three cities, has more input from the public, it costs more, but there's more work to do and it's a good proposal that brings in a lot of public input, and hopefully the County Board will go with that recommendation. Everett stated that she did talk to them at the end of the meeting and it sounded like the county board will accept it as long as they find the money to cover it.

Wimmer stated that he had two updates. Council has goal setting in January, and there are two items from PRC that will be going there. One will be the dog park and the other is the outdoor hockey rink to see if there is commitment to either, and then making that a goal for Council to make that happen. He will let the board know if February.

Everett stated that she has been working with Josi [Public Services Director] on some inspection forms for each of the parks. There had been some started, but not really in a helpful way. It was a really long list that in most of our parks only a few of things apply. Everett has gone through the standard list and made it applicable to each of our parks, so it will be a checklist that she or someone from Public Works can go through every month to make sure things are being kept up and we don't end up with a big list of surprises again. That doesn't mean that things that are found will be budgeted, so there may still be discussions that need to be had, but at least we'll know more regularly what's going on and what needs to be replaced. That is a work in progress.

Everett stated that the Parks Brochure is coming. Basically, we'll just have to start over the next couple of months finding bands and scheduling them for Street Dances and getting programs for next year set. As far as she knows, that won't need to be done until the beginning of February so we have some time to work on it, but she wanted to put it on the Board's radar.

Everett stated that in discussions with other staff, the Arts and Science Academy is making some progress. We don't have anything finalized with them yet, but it sounds like wheels are turning, and hopefully we can get agreements settled so that things can move forward. Wimmer stated that they have their planning done, but it doesn't look like they're going to build a gymnasium that they were looking at initially so we are looking at doing something with the lot so we can split that off and put it to their existing primary lot. They are looking at doing a middle school, and then eventually a high school at

some point. They are moving forward on the park portion that we had discussed with them, but they have a couple of irons in the fire.

Everett stated that the Bluebird climbing equipment is here, but she hasn't gotten a hold of the guy from St. Croix who is supposed to come and put it back up. She asked if the board would be okay with it being put up in the spring so it doesn't just sit out there all winter, she doesn't know how much it gets used in the winter. If it makes sense to put it in next spring we can. The ground is not that frozen yet, so if we want to put it in now, she can get in touch with him. Wimmer stated he would recommend waiting until spring. Garvey agreed. Everett stated that she'll let them know, and she'll tell them to plan on being here as soon as it is spring to get it put back up.

Everett stated that the last thing she has is the vehicle traffic issue at Legacy. She had a map to pass around that shows what we're thinking needs to be done. We'll have a gate installed at the end of where the pavement is right now, and because of the easements that we're using, we'll have to tell people to use that access road to get in. The map shows where we will ask them to walk. Part of the process will be having Bolton and Menk redo the trail map for us so it shows that, so there is a cost involved with that as well. We'll need to make sure that we have sources for the funding for the engineering and for getting the equipment for the gate. Once we have that, in the springtime we can put the gate in. Everett passed the map around and explained that the ponds that are out there belong to the City so if people go about halfway up the road, there is already an easement. Wimmer stated that it is an access easement to the stormwater ponds for when the area gets built out. He explained that we tried for a while to get a closer in to where most people are walking, but we do have an access easement that will serve as our designated trail. The bank has kind of just shut down on working with us, and we aren't exactly sure why, but it is what it is at this point.

Everett stated that the only other thing she had was a letter for Zdon because his term is expiring at the end of the year. The opening has been posted.

Zdon stated that there is no meeting in December; Everett confirmed.

5. Adjournment

Motion by Wimmer, second by Witte to adjourn the November 22, 2016 meeting of the Parks, Recreation, and Culture Board. Motion was approved.

The meeting adjourned at 6:13 p.m.

Request for City Council Action

To: **Mayor Wimmer and City Council Members**
From: Chief Gene C. Hill
Date: January 19, 2017
Subject: Squad Car Purchase - 2017 Ford F150 Crew Cab 4x4 Police Edition

---

Background:
The City Council passed the budget for 2017 to include the purchase of a new vehicle for the Police Department. The vehicle that is being replaced is a 2006 Chevrolet Silverado 4x4 that was forfeited from a drunk driver. The 2006 Chevrolet would be sold at auction and the proceeds from that sale would be required to be deposited into the Isanti PD Forfeiture Fund per §169A.63, funding from the forfeiture fund will assist in this vehicle purchase as needed.

The vehicle to be ordered is a 2017 Ford F150 Crew Cab 4x4 Police Edition SSV. This type of vehicle has many uses for the police department:

- Marked Patrol Unit.
- Emergency Management Vehicle – with Heavy Towing Capability.
- Designated Police Reserve Vehicle.
- Hauling Training Equipment.

2017 Ford F150 Crew Cab 4x4 Police Edition SSV		$32,825.45
Graffix Shopee – car decals		800.00
Emergency Automotive		9,878.37
	Total	$43,503.82

The Finance Committee has reviewed this item and recommends to the council to consider approving the purchase with budget capital funds.

Action:

Please review attached information for consideration in replacing an aged police car and the needed expenditures to complete the build. To declare the 2006 Chevrolet Silverado 1500 Crew Cab Truck surplus property and to sell the vehicle at public auction at Wayne Pike Auction Services in Princeton, Mn. as council has approved in the past. The sale proceeds will be deposited into the Isanti Police Forfeiture Fund.

Thank you for your consideration,
Chief Gene C. Hill

RESOLUTION 2017-_____

RESOLUTION APPROVING THE PURCHASE OF A 2017 FORD F150 CREW CAB 4x4 SSV POLICE EDITION

WHEREAS, the police department has budgeted for the purchase of a replacement squad car for 2017 as notated in the Cities capital replacement plan; and

WHEREAS, the funds to purchase the vehicle will be from the police capital replacement fund; and

WHEREAS, to authorize the expense to equip the new vehicle with proceeds from the police forfeiture fund as needed; and

WHEREAS, to declare the 2006 Chevrolet Silverado 1500 Crew Cab Truck as surplus property, to sell the vehicle at public auction (Wayne Pikes Auction Services (Princeton, Mn.), and

WHEREAS, deposit the funds from the sale of the vehicle back into the Isanti Police Forfeiture Fund from where they originated in accordance with Minnesota §169A.63.

NOW, THEREFORE, BE IT RESOLVED by the City Council of the City of Isanti, Minnesota, to hereby approve:

1. The purchase of the 2017 Ford F150 Crew Cab Police Edition SSV.
2. To declare the 2006 Chevrolet Silverado as surplus property to be sold at Wayne Pikes Auction and that the proceeds be deposited into the Isanti Forfeiture Fund.

This Resolution is approved by the City of Isanti Council this 7th Day of February, 2017.

Subject: New Squad Computer's

MEMO

Background:

The FBI has made recent security changes that affect how we within the Isanti Police Department access criminal justice files that are maintained by the federal government. Microsoft no longer supports Windows XP…meaning there are no further updates for the security of the system. The FBI no longer allows computers with this system to be used for accessing criminal justice information.

Off of the State Contract pricing for New Panasonic Toughbook CF-31 Computers with Windows 10 are $3,369.00 each. One computer will be a replacement of an old Windows XP computer that is 6 years old. The other computer would be for the new squad car.

The computers will be funded out of the forfeiture fund as budgeted for 2017 which was at $6000.00 based on 2016 estimates. The computers priced out were for Windows 7, we are purchasing Windows 10. The additional funds would also come from the forfeiture fund.

Finance Committee has reviewed and recommends the purchase

Action:

For the City Council to review and consider the purchase.

Respectfully,

Chief Gene C. Hill

RESOLUTION NO. 2017-_____

A RESOLUTION AUTHORIZING THE PURCHASE OF TWO NEW PANASONIC TOUGHBOOK CF-31 COMPUTERS FOR SQUAD

WHEREAS, the Police Department is required to follow the rules of the FBI in regards to criminal justice access via computers, and;

WHEREAS, the FBI no longer allows computers with Windows XP to access these criminal justice systems, and;

WHEREAS, the use of state contract pricing was used to determine the purchase expense, and;

WHEREAS, the purchase will be funded through the police department's forfeiture fund, and;

NOW, THEREFORE, IT IS HEREBY RESOLVED by the City Council of the City of Isanti, Minnesota as follows:

1. That the City Council authorizes the Chief of Police to purchase two new Panasonic ToughBook CF-31 Computers with Windows 10 for the new squad car.

Welcome to a meeting of the Isanti City Council. In order that this and future Council meetings can be more meaningful to you and other citizens, the City Council uses a set of rules to govern the conduct of its meetings. These "Rules of Procedure" are for the convenience of those attending meetings as well as for the members of the Council. The following is a brief summary of the rules which may be of interest to you.

COUNCIL MEETING PROCEDURES

ORDER OF BUSINESS

The schedule for a Council meeting is shown on the "agenda". An agenda is simply a list of items of business to be considered at a meeting. Copies of the agenda are available at the entrance to the Council Chambers at the time of the meetings.

Persons wishing to have an item considered by the Council must contact the office of the City Clerk before 12:00 p.m. on the Wednesday prior to the meeting date.

It is necessary that requests be made in writing. (A form for making such a request is provided at the entrance to the Council Chambers and shown on the back of this pamphlet.) The written requests are reproduced and forwarded to the members of the Council by the City Staff, thus allowing for more detailed study and review by the Council prior to the meeting.

NON-AGENDA ITEMS

Individuals wishing to appear at regular meetings of the Council (first and third Tuesdays of each month) relative to items not included on an agenda may speak of make presentations under the section of the agenda entitled "Citizen Input"; however, no final action is to be expected for such items. The Council will want time to study proposals or requests not of a routine nature. You are encouraged to fill out the "Agenda Request Form" if you wish some action by the Council.

ADDRESSING THE COUNCIL

Persons wishing to address the Council on a subject which appears on the agenda must wait until the item is discussed by the Council. The procedure for consideration of an agenda item is (1) staff presentation; (2) presentations by petitioner or advisory bodies (if required); (3) Council motion and second to place the matter on the floor; (4) Council questions of staff and/or advisory body reports and discussion; (5) presentations from the audience; and (6) Council decision. No discussion of an item is allowed by the Mayor, Council, or members of the audience until the matter has been placed on the floor.

1. An individual wishing to address the Council should stand, wait to be acknowledged by the Mayor to speak, state his or her name and address before speaking.

2. All remarks should be directed to the Mayor rather than to any individual Councilmember or to administrative staff. The Mayor may wish to refer any questions to the proper Councilmember, City Administrator or other appropriate staff.

3. To avoid confusion, only one person may have the floor (speak) at any one time. The Mayor is responsible for determining who has this privilege.

4. In order to facilitate matters and permit all of those who wish to express themselves to do so, presentations are limited to three minutes except at official public hearings. Groups are encouraged to speak through a single spokes-person rather than individually.

CONSENT AGENDA ITEMS

The Isanti City Council uses a "consent agenda" procedure for routine, non-controversial items needing little or no deliberation. Those items are identified on the agenda and are approved with one vote unless a council-member or citizen requests that the item be considered separately.

VOTING

Three members of the Council must be present if official business is to be transacted. Most resolutions and motions of the Council are adopted if a majority vote of those Council-members present is cast. Some actions require more votes, such as an ordinance related to zoning regulations which requires approval by a 4/5 vote of the entire Council. The publication of an ordinance in the official newspaper of the City is required before it actually takes effect.

Only members of the City Council may vote on decisions before them. The Council takes comments by citizens, Staff and Commission information and the interests of the general public into account in arriving at decisions. Members of the Council attempt to represent your best interests as well as those of your fellow citizens.

PUBLIC HEARINGS

Certain items on the agenda are identified as "public hearings". These are formal proceedings giving citizens an opportunity to express their concerns on a specific issue. Some issues on which the Council is required to hold public hearings are the annual budget, public improvement projects, and levying of special assessments.

The Council endeavors to complete action on each issue the same night as the hearing. However, there may be circumstances where additional information or action is needed making it desirable to defer action until a later date. Depending on the situation, the hearing may be closed to a future meeting date.

GENERAL HEARING PROCEDURES

1. Mayor opens the hearing.
   * Staff describes the proposal.
   * Those wishing to comment are heard.

   NOTE: If you wish to be heard, but do not want to speak, paper is provided at the Clerk's table which you may use to write your position.
2. Formal action is taken to close the hearing.

3. Council members have opportunity to comment and ask questions on the issue.

4. Council takes action on the issue or defers decision.

MEETING DATES

Regular City Council meetings are held the first and third Tuesdays of each month, at 7:00 p.m., at City Hall. Tentative agendas for regular meetings are prepared on the Wednesday preceding the meeting. *(Occasionally, meeting days are changed to avoid conflicts with holidays or other events. Information on specific meeting dates is available from City Hall.)*

Informal City Council meetings are held the Second Thursday of each month, at 7:00 p.m., at City Hall. Informal meetings, also called work sessions, are held for discussion only. No action can be taken at these meetings. Tentative agendas for informal meetings are generally prepared on the Wednesday preceding the meeting.

MINUTES

The official minutes of Council meetings are prepared and kept by the City Clerk and are reviewed and approved by the Council (usually at the next regular meeting). Copies of the approved minutes are available in the City Clerk's office and the City's web site, www.cityofisanti.us

RE: Resolution Approving Contract Release with TR Computer Sales, LLC and Authorizing the Acceptance of Contract Services from White Bear Lake IT Solutions, LLC

In 2016, the City had renewed IT support services from TR Computer Sales, LLC. A part of this renewal included services from their key account employee Jim Kritta. Jim was integral in the firm's provision of IT support services to the City and other TR Computer accounts. Mr. Kritta is separating from TR Computers and has formed a new company, White Bear IT Solutions, LLC. With this separation, and through his new firm, Mr. Kritta has offered the City of Isanti IT Services, with support back-up from TR Computers. At a point in the future when fully staffed, Mr. Kritta's firm will provide their own back-up Computer Services. A 3-year contract has been proposed, with a 1 year review, at monthly rates lower than the current service contract with TR Computers. Staff and the City Attorney have reviewed the contract and are recommending approval to end the current contract with TR Computers, LLC and enter into a contract with White Bear IT Solutions, LLC. The Finance Committee has reviewed this matter.

Please find attached a draft Resolution that would release the City of Isanti from its contract with TR Computers, LLC and authorize acceptance of contract IT services from White Bear IT Solutions, LLC.

RESOLUTION NO. 2017-XXX

A RESOLUTION APPROVING THE CONTRACT RELEASE FROM TR COMPUTER SALES, LLC AND AUTHORIZING THE ACCEPTANCE OF CONTRACT SERVICES FROM WHITE BEAR IT SOLUTIONS, LLC

WHEREAS, the City of Isanti had authorized renewing IT support services for general city computer systems (non-specialized) to TR Computer Sales, LLC beginning April 1, 2016 for a three-year contract; and,

WHEREAS, the City's main contact and office location representative has been Jim Kritta throughout the entire term of our services; and,

WHEREAS, Jim Kritta has resigned from his position at TR Computer Sales, LLC and opened his own business White Bear IT Solutions, LLC; and,

WHEREAS, TR Computer Sales, LLC has confirmed with the City of Isanti that because they will continue to have an ongoing working relationship with White Bear IT Solutions and will be acting as a "backup" service provider to that company that they will release the City of Isanti from the three-year contract without any required notice should the City so choose; and,

WHEREAS, Mr. Kritta has proposed a contract ("Exhibit A") which provides the same services which the City is currently receiving, but at a slightly lower monthly cost to the City; and,

WHEREAS, the contract with White Bear IT Solutions, LLC has been reviewed by the City Attorney and the Finance Committee; and,

WHEREAS, to keep consistency within the IT support services and with the proposed reasonably monthly cost the Finance Committee recommends the approval to authorize IT support services to White Bear IT Solutions

NOW THEREFORE BE IT RESOLVED by the City Council of the City of Isanti, Minnesota as follows:

1. The City Council hereby awards IT support services as outlined in the contract marked "Exhibit A" to White Bear IT Solutions, LLC effective February 8, 2017

2. The City Clerk is authorized to confirm the mutual agreement with TR Computer Sales, LLC that we agree to the release of contract services with no required notice.

3. That the City Clerk is hereby authorized to enter into a contract agreement with White Bear IT Solutions, LLC for the period from February 1, 2017 to February 1, 2018 with an automatic renewal of a 24 months (through February 1, 2020) so long as neither party provides written notice of its intent to not renew the contract.

4. That staff is able to prepare and sign documents as needed to execute this contract.

This resolution was duly adopted by the Isanti City Council this 7th day of February 2017.

EXHIBIT A

IT support contract

Introduction

This IT support contract ("contract") is made as of February 1st, 2017 (the "Effective Date"), by and between the **City of Isanti** ('the client') and **White Bear IT Solutions LLC** ('the service provider').

Purpose

The client depends on IT equipment, software and services (together: 'the IT system') that are maintained and supported by the service provider.

This contract sets out how the IT service provider will provide maintenance and support services for the IT system. It describes which items the service provider will provide support, what services it will provide, and how the client can expect problems with the IT system to be handled.

Scope

Parties

This contract is between:

The client:	The service provider:
City of Isanti 110 1st Ave NW Isanti, MN 55040 Key contact: Lindsey Giese 763-444-5512	White Bear IT Solutions LLC 4986 Stewart Ave White Bear Lake, MN Key Contact: Jim Kritta 651-447-7186

Term and Termination of Agreement

This contract commences on **February 1st, 2017** and will continue for a period of 12 **months.**

This contract will automatically renew for a period of 24 months beginning on the first anniversary date of this contract unless the client provides written notice of its intent not to renew this contract to the service provider 60 days prior to the first anniversary date. The automatic renewal of this contract will be effective without any requirement that such renewal be in writing. The automatic renewal of this contract will be upon the same terms and conditions set forth in this contract except as the parties may otherwise mutually agree.

This contract will terminate upon (i) either party providing a 60 days written notice to the other party (ii) a party's breach of this contract, provided however that the non-breaching party shall give the breaching party 10 days notice in writing of such breach, and the breaching party will have 10 days to remedy or correct any and all breaches contained in the written notice.

Equipment, software and services covered

This contract covers the equipment, software and services listed below. This list may be updated at any time, with agreement from both the client and service provider.

- Onsite/Remote Support of all Servers, PC's, Laptops and Firewalls
- Network Monitoring (Servers, PC's, Laptops and Firewalls)
- Backup Monitoring (Datto – Alto2 Device)
- Anti-virus Monitoring (Trend)
- Annual Disaster Recovery Testing (Datto – Alto2 Device)

Exclusions

The service provider will make its best efforts to provide support and rectify problems as requested.

However, this agreement only applies to the parts of the IT system listed above.

The services do not include maintenance or repair necessitated by:

- The use of equipment, software or service(s) in a way or for a purpose for which it was not designed.
- **Changes** to the configuration or set up of equipment, software or services otherwise than by the service provider or without the prior written approval of the service provider.
- Damage caused by virus, spyware, or lack of a firewall when updates have not been installed or where an update has not yet become available, or

where the client has prevented the service provider from **performing required maintenance and updates**. Theft or loss of equipment.
- Relocation of equipment
- Poor environmental conditions
- Fire, tornado, lightening, floods and other acts or events that are beyond the reasonable control of the service provider.

Limitation of Liability

THE SERVICE PROVIDER SHALL NOT BE LIABLE TO THE CLIENT FOR LOST PROFITS, ANY SPECIAL, INDIRECT, OR CONSEQUENTIAL DAMAGES ARISING OUT OF OR RELATED TO THE CONTRACT, EVEN IF THE SERVICE PROVIDER HAS BEEN NOTIFIED OF THE POSSIBILITY OF SUCH DAMAGES. UNDER NO CIRCUMSTANCES WILL LIABILITY EXCEED AMOUNTS PAID BY THE CLIENT TO THE SERVICE PROVIDER UNDER THIS CONTRACT.

Responsibilities

Key service provider responsibilities

The service provider will maintain and support the IT system used by the client.

Additionally, the service provider will:

- Ensure relevant software, services and equipment are available to the client
- Respond to support requests and within reasonable time, in any case.
- Do its best to escalate and resolve issues in an appropriate, timely manner.
- Maintain good communication with the client at all times.

Key client responsibilities

The client will use the IT system as intended.

Additionally, the client will:

- Make timely payment on service provider's invoices.
- Notify the service provider of issues or problems in a timely manner.
- Provide the service provider with access to equipment, software and services for the purposes of maintenance, updates and fault prevention.
- Keep the service provider informed about potential changes to its IT system. For example, if client's employees are to begin connecting their own mobile devices to the company network, the service provider may be able to adjust its services accordingly.
- Maintain good communication with the service provider at all times.

Confidentiality

In order to provide services as described herein, the service provider may have access to the client's confidential information. The service provider agrees to take all reasonable measures to keep all files, client information, passwords, and any other proprietary client data secure and confidential.

Activities

The service provider will perform a number of specific tasks for the client. Details of these tasks are described in the table below, along with the purpose and frequency of each.

Activity	Frequency	Notes
General		
Document software and hardware changes	As necessary	
Send client log of work performed	Monthly	
System maintenance		
Check backups are running properly	Daily	This is a simple check that backups are running with no errors reported.
Perform backup test	Monthly	This is a full data restore test.
Monitor and maintain server uptime	Constantly	
Install software patches, service packs and other updates	As necessary	Updates will usually be tested before being rolled out across the IT system.
Install software upgrades	As necessary	Upgrades that incur costs — and other major upgrades — will only be installed after consultation with the client.
Monitor server event logs for potential problems	Daily	
Monitor available disk space on servers and company computers	Daily	
Perform system and server reboots	As necessary	Non-essential reboots will be performed at convenient times, agreed between client and supplier.
General server maintenance	As necessary	To be performed out of hours or at mutually agreed times.
Let client know of any potential issues	As necessary	For example: • Disk space running low • Equipment showing signs of failure • Deteriorating broadband speed

Create, remove and maintain employee user accounts and permissions	As necessary	For example, when employees: • Join or leave the company • Require access to additional resources
Assist users with support queries	As necessary	For example: • How to connect to VPN • Where to save shared files
Fixing problems		
Disaster recovery of core systems	As necessary	In the event of a significant IT failure or problem (e.g. complete server failure or security breach), The service provider will do everything possible to restore service. A separate disaster recovery plan should be maintained.
Fix user errors / mistakes	As necessary	For example: • Accidental file deletion • Forgotten password
Raise support requests with third-party providers	As necessary	Where cloud services and other aspects of the IT system are not in The service provider's direct control, The service provider will take responsibility for liaising with third-parties to resolve issues.
Managing networks		
Maintain internet connection	Constantly	Automated monitoring will be used to identify performance issues with or availability of the client's internet connection(s).
Monitor network capacity and performance	Weekly	The service provider will endeavour to identify where network capacity is reaching its limit.

Chairman Wimmer read the item into the minutes and opened the public hearing.

There was no one to speak on the matter. The public hearing was closed.

Motion by Lundeen second by Bergley to recommend approval of the request from First Fruits Land Development LLC for Final Plat Approval of Sun Prairie Third, legally described as Outlots H, Sun Prairie First Addition, Isanti County, Isanti, Minnesota based on the Findings of Fact and conclusions with the following conditions:

1. Upon approval of the Final Plat by the City Council, the City Clerk or his/her designee shall record it with the County Recorder's Office within ninety (90) days after the date of approval; otherwise, failure of the applicant to comply and submit the necessary items and fees for the recording of the Final Plat by the City shall be cause for revoking the City's approval and the Final Plat shall be considered void, unless the developer or applicant requests an extension, in writing and receives approval from the City Council. The City Council may approve up to two (2) extensions for a term not to exceed one (1) additional year for each extension. Fees associated with the recording of the Final Plat will be charged back to the developer or subdivider.

2. The subdivider shall immediately upon approval, furnish the City Administrator or his/her designee with three (3) full size mylar transparencies of the Final Plat, two (2) for the County and one (1) for the City. Three (3) additional 11 inch by 17 inches mylar transparencies shall be given to the City Planner, the City Clerk, and Isanti County. No building permits shall be issued until these conditions have been complied with.

Motion carried unanimously.

B. Request from Jon Solomonson for Final Plat Approval of Fairway Greens Phase 9, legally described as Outlot A, Fairway Greens Phase 7, Isanti County, Isanti, Minnesota.

Chairman Wimmer read the item into the minutes and opened the public hearing.

There was no one to speak on the matter. The public hearing was closed.

Motion by Lundeen second by Bergley to recommend approval of the request from Jon Solomonson for Final Plat Approval of Fairway Greens Phase 9, legally described as Outlot A, Fairway Greens Phase 7, Isanti County, Isanti, Minnesota based on the Findings of Fact and Conclusions with the following conditions:

1. Upon approval of the Final Plat by the City Council, the City Clerk or his/her designee shall record it with the County Recorder's Office within ninety (90) days after the date of approval; otherwise, failure of the applicant to comply and submit the necessary items and fees for the recording of the Final Plat by the City shall be cause for revoking the City's approval and the Final Plat shall be considered void, unless the developer or applicant requests an extension, in writing and receives approval from the City Council. The City Council may approve up to two (2) extensions for a term not to exceed one (1) additional year for each extension. Fees associated with the recording of the Final Plat will be charged back to the developer or subdivider.

2. The subdivider shall immediately upon approval, furnish the City Administrator or his/her designee with three (3) full size mylar transparencies of the Final Plat, two (2) for the County and one (1) for the City. Three (3) additional 11 inch by 17 inches mylar transparencies shall be given to the City Planner, the City Clerk, and Isanti County. No building permits shall be issued until these conditions have been complied with.

Motion carried unanimously.

C. Request from Brad Slawson for Approval of a Conditional Use Permit for the operation of a Restaurant at 404 Whiskey Road NW, Units F and G, and an Interim Use Permit for a Shared Parking Agreement between the Restaurant and PID 16.030.0901, Isanti County, Isanti, Minnesota.

Chairman Wimmer read the item into the minutes and opened the public hearing.

Adam Patneaude, 416 10th Ave NW, approached the podium. Patneaude asked what the bar would do for the community if it was opened. Will they give back through pull-tabs?

Chairman Wimmer stated pull-tabs would be considered charitable gambling. Chairman Wimmer asked for clarification from Mr. Patneaude if he wanted to know whether charitable gambling proceeds would be go back to the community. Patneaude indicated that was the question he was asking. Chairman Wimmer stated that's one of the things they look for when issuing permits for charitable gambling, is for them to give back to the community.

Patneaude asked if it would be a full bar. Chairman Wimmer stated it would be a bar and restaurant. Patneaude further asked if there would be food. Chairman Wimmer reiterated it's a bar and restaurant.

Patneaude asked if there would be security – bouncers or paid security. Chairman Wimmer stated he is not aware of any in Isanti that have that type of security. Patneaude indicated he knew of a few in Cambridge that had security.

Patneaude asked if there would be off-sale available. Chairman Wimmer clarified there would be no off-sale available. The only place allowed to have off-sale is Isanti Liquor.

Patneaude indicated that the reason he was bringing these questions up, is because he has had an issue in the past with litter from liquor and other trash, and he does not want it to increase.

Chairman Wimmer stated he understood the concern and that a conversation has been had with the new owners of the prospective new business to let them know Isanti takes all these items seriously. When liquor licenses are renewed each year, the business must be present at the City Council meeting. Chairman Wimmer further explained that liquor licenses are not a right, they are a privilege.

Chairman Wimmer closed the public hearing.

Motion by Kennedy second by Collison to approve the request from Brad Slawson for Approval of a Conditional Use Permit for the operation of a Restaurant at 404 Whiskey Road NW, Units F and G, and an Interim Use Permit for a Shared Parking Agreement between the Restaurant and PID 16.030.0901, Isanti County, Isanti, Minnesota based on the Findings of Fact and Conclusions and with the following conditions:

1. Providing proof of ownership of all parcels (16.030.0901, 16.108.0050, 16.108.0060 and 16.108.0070).
2. The signing and recording of the shared parking agreement.
3. Any handicapped parking spaces removed due to the installation of the outdoor patio area shall be designated elsewhere within the parking lot nearest to the entry as possible.
4. The applicant shall meet State requirements and obtain all necessary State permits with regards to Electrical, Plumbing, and Health.
5. The shared parking arrangement provided for is permitted and would meet the requirements of the Zoning Ordinance, based upon the existing use and the number of seats provided for by the petitioner at this time. However, should the petitioner expand the facility in the future by adding additional seating within the facility beyond the 96 identified within the initial request, additional parking will be required to meet the provisions of the Zoning Ordinance. Such additional parking shall meet the Off-Street Parking and Loading requirements of the Zoning Ordinance.

Motion carried unanimously.

5. Other Business.

A. None.

6. Other Communications.

A. None.

7. Adjournment

Motion by Bergley second by Lundeen to adjourn the January 17th, 2017 meeting of the Planning Commission. Motion was unanimously approved.

The meeting adjourned at 7:14 p.m.

Dated at Isanti, Minnesota this 17th day of January 2017.

Respectfully submitted,

CITY OF ISANTI
PARKS, RECREATION, AND CULTURE BOARD
MEETING MINUTES
January 24, 2017
City Council Chambers

1. Meeting Opening.

A. Call to Order.
Giese called the meeting to order at 6:00 p.m.

B. Pledge of Allegiance.
Everyone stood for the Pledge of Allegiance.

C. Roll Call.
Members Present: Jennifer Garvey, Mayor Wimmer, James Witte, and Aaron Zdon
Staff Present: Katie Everett, Community Events and Parks Coordinator
Lindsey Giese, City Clerk/Human Resources

D. Agenda Modifications.
Giese asked if there were any agenda modifications. There were none.

Motion by Wimmer, second by Witte to approve the January 24, 2017 Parks, Recreation, and Culture Board Agenda. Motion was unanimously approved.

2. Organization of Advisory Bodies as per Chapter 8 of the Isanti City Code

A. Oath of Office for New Parks, Recreation, and Culture Board Member
Zdon stated the Oath of Office.

B. Chair of Parks, Recreation, and Culture Board
Giese asked if there were any nominations. Zdon stated he would continue if he was nominated. Wimmer nominated Zdon, Garvey seconded. Zdon was unanimously approved as Chair and lead the rest of the meeting.

C. Vice-Chair of Parks, Recreation, and Culture Board
Wimmer nominated Garvey, Witte seconded the nomination. Garvey was unanimously approved as Vice-Chair.

D. Secretary of Parks, Recreation, and Culture Board
Wimmer nominated Everett, Garvey seconded. Everett was unanimously approved as Secretary.

E. Approve Parks, Recreation, and Culture Board Meeting Dates
Zdon stated they are the standard dates, with no December meeting. Witte made a motion to accept the dates, Wimmer seconded the motion. Dates were unanimously accepted.

F. Discuss Parks, Recreation and Culture Board Member Involvement in other Boards.
Everett stated that in the past this was included because we had Zdon on the BMX Board. She put the item back on this year to see if there were any boards that PRC should know about. There were none.

G. Review of Conflict of Interest Policy – Resolution No. 2017-017

Wimmer stated there are no changes to the policy. He wanted to highlight something he usually talks to the City Attorney about after the presentation, and we ran into it at the Planning Commission meeting, which is not hanging around as a quorum. We had an issue with the Planning Commission that they were all hanging around after the meeting and were talking, which is a no-no. That is one thing people don't really think about, especially in a Park Board meeting in a relaxed setting, but if any business is being discussed it needs to be during the meeting and only during the meeting. If there are other events that we would all be at, like the opening of a park, that will be posted as well; just like when we do the park tour so that people know we're there. The other thing people don't think about is the daisy-chain type meeting, where if Wimmer were to talk to Garvey and then she talks to Zdon and they're talking about the same thing, that is a daisy chain meeting and is a violation of the open meeting law. Those are the two things that may go to the back of the mind; otherwise, most everybody knows not to get paid to make a decision or make a decision that benefits you personally. Everything else is the same, we just need the forms filled out and signed.

Everett stated that everyone has copies of the Conflict of Interest Policy, so if there is any discussion needed next month to let her know. If there are questions, she can ask the City Attorney. Garvey stated the Attorney is great at answering questions, so if anything comes up she recommended giving him a call.

3. Approval of Minutes from November 22, 2016 Parks, Recreation and Culture Board Meeting.

Motion by Wimmer. Second by Garvey. Vote was unanimously approved.

4. Schedule Annual Park Tour

Everett stated that this generally happens in April. Zdon stated that it should be fine by April 25; Garvey stated that we can always watch the weather and move it to May at the March meeting if we had to. Garvey motioned to have the tour in April; Witte seconded. The motion was unanimously approved.

5. 2017 Project Overview

Everett stated that the budget has started over, so she has listed some of the things that are included in the budget. There are other projects also included that she will update the board on when we have more information.

Everett stated there is money in the budget to order quite a few skate park panels, so we should be able to repair what is broken, but we'll have to reassess after winter if there are more than there were before. We will double check exactly what need and them get them ordered. The next step is deciding where the equipment will sit. Everett had talked with Wood (Public Services Director), and it sounds like one end or the other stays dry and the other collects water, so it may be a matter of just knowing where that is. She said she would imagine that it won't be warm enough before the April park tour to move things, so we can talk about it then. Garvey stated we can get a good idea of where the snow melt is now and keep watching it. Everett stated that there's probably water sitting on it this week, so she can go out and take a picture so we've got it.

Everett stated the next item listed is the money budgeted for the things related to what was on the priority list. Most of those things have been taken care of. One thing that was left were the slide mats. She stated that she had spoken with Harlan [playground rep] and he thought we may have mats that are buried underneath the woodchips, and that they're supposed to be about 12 inches down and are our "insurance." Everett had been assuming they were supposed to be sitting on top of the woodchips to keep them in place and give kids a soft place to land. She talked to another playground rep and he said they are supposed to be on the top. Everett stated that at this point since the slides were mostly put in by Harlan, we might actually have more than we know. It will be a matter of waiting until the ground thaws out and then Everett will go and find out. Everett stated we have quite a few slides and was wondering if the

original intent was to have them at the base of all of the slides or if there were priorities for them. Garvey asked if there was a requirement to have them. Everett stated there wasn't that she knew of, as long as we have the required depth of wood chips. From Harlan's perspective, it was extra insurance, because woodchips move so should a kid fall at the bottom of a slide, then the mat will be there. Zdon stated that he thought it should be a goal to have them at the base of all of the slides, otherwise the surface depth has to get a lot deeper. Then it saves labor and maintenance of putting the chips back all the time. Garvey asked if it had to be a specific slide mat, is there a certain depth to it. She remembered looking at the Fleet Farm ad and seeing horse stall mats that look like the exact same thing. Everett stated there are several kinds you can buy. Some are way thicker, and would be heavier so kids couldn't move them, but they get exponentially more expensive. The other playground rep we've been working with said that he can get what sounds like the same thing for $100. Everett stated she thinks it's just a rubber mat that's an inch thick, but she would have to look into the specifics.

Everett stated there is a slide at Bluebird on the Clifford equipment that has a hole in it. It looks like someone took an axe to it or something, there's a slice in it that we can't fix. We'll have to get a whole new slide. Coming from Harlan it will be about $700, which isn't awesome but it is what it is. That is one of the first things we're planning to get replaced. Everett stated she also talked with Harlan about the rock wall grips. They are fairly inexpensive, probably about $30 each, so we'll probably get enough to replace what's broken now and have a couple on hand.

Everett stated that we didn't have money for the hopscotch stencil last year. She stated to let her know if that is a priority this year, or if we wait until the end of the year again. Garvey stated that the slide is more important, Zdon agreed. Garvey stated that she would recommend waiting until the end of the year. Zdon stated he is still astonished by the price of a stencil. Everett stated that since we are going to wait, she can keep an eye out for sales on them or other options. Zdon said he would have his wife look at the preschool catalog.

Everett stated that the foul line marker at Unity Field is no longer white, but we can get the guys out to repaint it pretty inexpensively. Since we have new signs coming for Unity, we can spruce the place up all at the same time.

Everett stated that the light timers at Unity and Bluebird were being installed today. She hadn't heard if they were finished or not, but they should be very soon if they weren't. Hopefully that cuts down on those being on for extended periods.

Everett stated there is an item to discuss benches and tables. We have money to spend on them, but she wanted the PRC Board to give direction for what kind was wanted. She explained that in our experience, the steel ones are more durable, we have seen the Legacy ones get kind of carved up, but that happens to the steel ones too. Wimmer stated that the coated steel ones get chipped out; granted, we had a couple carved, but he likes the recycled plastic a lot better. Garvey stated you can sand it out in those and you can replace a slat. Zdon stated that it seems like with the steel ones you have to either replace it or recoat the whole thing. Everett stated that Public Works did repaint some of the steel ones last summer, and it was a lot of work. Zdon said he thought they looked really good, but if you look at the labor. He stated the plastic ones would also stick to the theme, since we have those going in elsewhere. Everett stated that they might be more expensive, but there are other vendors out there and she hasn't done much research yet. She said she would imagine it all kind of washes out and recycled plastic isn't really a new thing anymore so it's getting cheaper. Garvey asked if we needed a motion; Everett stated she didn't think so. Wimmer asked where we were looking at putting these in. Everett stated that what was intended for what's in the budget was for Mattson and what is now Isanti Hills Neighborhood Park, formerly Tot Lot. She stated that probably with the money we have that's about all we can do. Garvey asked if it would be one bench and table at each park. Everett stated that we will see; there are usually three tables at Mattson

under the pavilion. Zdon stated that there are aluminum benches down near the tennis courts and we have repaired those. Everett agreed that those seem to be in pretty good shape. That may be something that we look at on the park tour to see what we need and where they should go. She stated that there are different options for both benches and tables if we want them to stay where we put them, to get in ground mounts or cement mounts. In the meantime she will get pricing on the recycled style.

Everett stated the signs were the last item on this memo. Under the $5000 budget, we should have enough money to get signs for all of our parks to match what we have at River Bluff. She wanted to get an idea from PRC, because some of our parks don't have that kind of sign, whether we do something different at some places. Isanti Hills has a new name, so that is kind of a priority to get a new sign there. Mattson has this kind of sign as well as the wooden one. This style is faded, so to we should get that switched out so they match. Riverside's is faded, and Rum River Meadows is in better shape than most but is fading. Bluebird actually doesn't have a big sign that says that it's Bluebird Park. She stated that she doesn't know if we want one and where it should go. When you're entering in from this direction, there is a little one on a post that says "Welcome to Bluebird Park, follow our rules." Everett stated that she has found that a lot of people don't know what that park is called. She asked if the board had any ideas – if they wanted that kind of sign there. Her first inkling was to put a sign somewhere near the playground because that's where most of the traffic is headed, but there are so many ways to get into the park that there's not one way to come in and you'll see it right away. Garvey stated this can be another item at the tour. Zdon stated that it could maybe be a couple of smaller signs, and his thought would be a nice one up by the flagpole. Everett stated that would kind of a central place because technically the soccer complex is part of Bluebird Park. Everett stated that VFW Park is small and doesn't have as big of a sign. Right now there is a sign on the fence that says it's a Veterans' Park, and she didn't know if we wanted to keep that sign because it's part of the VFW or if we wanted to get another sign that matches ours that fits on the fence. Garvey stated she thought we should get something that matches the rest because she doesn't think most people realize it is actually a City park. She thinks that if there is a sign that matches the other city parks, people will think this is a City Park. Everett stated that she thought the size of what we have at River Bluff might be overwhelming for VFW. Zdon stated that he thought something smaller that could be fence mounted would be good. Garvey agreed. Everett stated the last one to consider would be Eagle Park. She had put together before kind of a custom street sign on a fancy post that would also say home of the Farmer's Market, so anytime people were there they would know that the farmer's market happens and that's where they should go. She thought it might also help if we post a name for that place, it might help people know we watch what happens there. One thought about that is that Everett didn't know if Eagle Park has ever been officially named Eagle Park. Wimmer stated that it has not. Wimmer stated he is not a huge fan of designating it a City Park, but it became known that way because it was an Eagle Scout project that was done there with the cement picnic table. That's how it came to be, but it's a parking lot with a nice green space in the middle, and that's what it is. We have listed it as Eagle Park and that type of thing. Garvey asked if we list it in the brochure that that's what the name of it is. Everett confirmed that it is, and all of the Farmer's Market things say it's at Eagle Park, which doesn't do a lot for people who don't know where Eagle Park is. Wimmer said he's never liked that it's been designated that way and it's not something the City has done, it's just kind of tradition. He would rather have it called something like "Farmer's Market Square," or something, he didn't know what it would be, but something along that line. It doesn't fit our definitions of a park at all. Zdon said he liked the street sign idea, and maybe at the next meeting we should talk about what goes on it. Then when the Farmer's Market comes around it has a name. Garvey asked when the Isantian is coming out. Everett stated it won't be coming out until April 3rd. Garvey asked if we would have time for changes after next month's meeting. Everett stated that she thought we would. Everett said other sign things she included were Legacy Park – she assumed that sign was meant to be temporary, so it would make the most sense to wait until that gets moved, and the board agreed – and she didn't think we wanted to put a new fancy sign at Whisper Ridge right now. She stated if they agreed with those things, she would put together a plan and figure out what that would cost.

6. Legacy Award Nominations for Consideration by the PRC Board

Wimmer stated that he wanted to clarify because there are some not accurate statements in the memo. First, the council doesn't decide. We get the nominations in, and if they fit the criteria, this board makes nominations to the mayor, and the mayor decides. It is handled through the mayor and not the council. The range, it is of Isanti residents and what they have done within the community. He would have to take a further look to see if it's really fitting what we're trying to do, which is bringing regional, statewide or national positive recognition to the City of Isanti. Everett stated that she included the second one who is not a resident because in our policy it lists "and those members of organizations within the City of Isanti," so she didn't want to make the decision to leave them out and left them there for the board's consideration, acknowledging they are not city residents. Garvey asked the last time we had something like this come up.Mayor Wimmer stated we have had two so far. One was the national ranked BMX riders, and the other the state champion Odyssey of the Mind team from School for All Seasons. Garvey stated that she didn't remember them.. Everett stated she couldn't find them in the history either, but the policy said they're supposed to. She stated that part of this discussion is to also see what should be changed in the policy to make the process more clear – if it's something that is the mayor's award, does it make sense to discuss them here, she didn't know. Zdon stated they did come through, but the BMX was three years ago. Wimmer added that Odyssey of the Mind might have been 2015. Zdon asked if the board will be discussing it. Wimmer stated that the process is to try to get applications in, the biggest issue he thinks has been getting the word out that it exists. He said we did have somebody apply last year, kind of in this same vein that had done scouting and was retiring or something along those lines. That is a very nice thing, but the reason he had created the award was that they helped bring recognition to the community from a regional, state, national level. This applicant again is a person who looks like they've done great doing wonderful things, but doesn't fit that criteria of bringing the recognition to the city. Zdon said that what would maybe, without seeing the article, was that it was published nationally. Wimmer stated, yes, but unless the article is about Isanti it's not bringing the city recognition. Wimmer stated he would take a look at that angle of it if it does. Wimmer stated it should show our community. From the education standpoint the state champion Odyssey of the Mind team, or with the BMX, they are kind of our ambassadors and have done a great job highlighting what can happen being here. Zdon also shared that the news just came out that the BMX track was rated #1 in the nation two years in a row. Everett asked if we were going to discuss any changes to the policy here, or if we would look at it later. Zdon said we'll shelf it for now; Wimmer agreed.

7. Mattson Tennis Court Discussion

Everett stated that over the course of the year last year – Josi had started the project – we were looking at whether or not we could just fill cracks on the tennis courts, and they are too big to do that. We had a few companies come out and give us estimates for what it will cost, and it's a lot. Everett wanted to get the board's input on how big of a priority this was. Wimmer asked when this was done last. Everett stated she didn't know, but it's been a while. Zdon stated it hasn't been terribly long because it's been since he has been on the board. Garvey asked if that was filling cracks, and Zdon and Wimmer agreed that it had been completely redone, maybe 10 years ago. Everett stated she will find out. Wimmer also wanted to find out what the life expectancy is supposed to be. Zdon stated he thought it would be longer than that. Wimmer agreed, but stated he's not an expert. Wimmer stated we need to go back and find out when it was, because it was a major renovation to the courts, and what is the life expectancy. Zdon stated then we can budget accordingly. If it is only ten years, then we'll deal with it. Everett stated the estimates came back in varying levels of detail. Some of them were very clear about what they were going to do and how long the options available would last. She will look closer at those. Zdon stated it looks like it's going to be about $14,000. Garvey asked Everett if she had seen the email from MRPA about USA Tennis giving grants. Everett stated she doesn't get those emails; Garvey stated she will find it and forward it.

8. Mini Grant Opportunity

Everett explained that we received a Partners in Healthy Living grant last year to get the picnic table and bench out at the community garden. They have left the "project" open, so this year again we are eligible to apply for $1000 from Partners in Healthy Living. Everett explained when she wrote the memo, she had a question out to the person she works with at the County, asking what we would be most likely to get money for. The things listed here are what we have in the budget, but of course if we don't have to spend our money on them, that would be better. The answer back was that yes, we can get money for more raised beds and we can get money to help with a new shed for sure – their max size is 8' x 10', but we can only have 6' x 8', so that's fine. They wanted more information about what we would need to buy for a kids' area, they're kind of particular about things that are set up versus on going, etc. The shaded area was less clear; if it was going to be a picnic table that we were getting an umbrella to go with, we'd have a better chance, but they weren't sure we would be able to get that covered. As far as how many raised beds we need – we had three last year, all three were used, but we had two different families so one person had one and the other person had two. Everett stated that she thought as they get more popular we will need more; she didn't know how many we wanted to get this year, or if we wanted to wait until registrations come in. If they fill up right away, we'll have time to get more. Witte asked if there was a high interest in the past year for raised beds. Everett stated that both of the people that reserved them wanted more than one, so yes, kind of. After that point, there weren't a lot of people wondering about those specifically. Garvey asked to clarify that one person had two; Everett said yes, and that was because we didn't get a third person. They waited until registration was closed and then got the second one. Zdon said it looked like we budgeted for three this year; Everett confirmed. Zdon asked if they said the raised beds would for sure qualify [for the grant]. Everett said yes. Zdon said he thought we should put in for 3 raised beds, or 2 at least. Everett said they love seeing we're contributing our own money, so if we put in for 3 and we're spending more money, that might help. Wimmer made a motion to apply for 3 raised beds; Witte seconded. It was unanimously approved.

9. Parks Updates

Everett stated that for the December movie we had South Isanti Baptist in for Elf. We had 33 people. January was just last Friday with the soccer club, we had 29. She stated that she was hoping with all the people they know we would get more people there, but one of the volunteers did say during the movie that she thought they hadn't really told anyone about it. Zdon confirmed, stating he is involved with soccer and didn't hear anything about it. Everett stated she was told at one point they were going to put it on their website, but she didn't confirm whether they did. Zdon said they have hundreds of people on their email list. Everett stated that she thinks if they come back, they have now learned that they need to tell people if they want to make money. It was on par with what we've had all season, so overall not bad. February movie is Inside Out and Heavenly Sunshine is hosting. They brought in 100 people last year. Zdon said they're planning on breaking the record this year.

Everett stated she's working on drafting the Parks Brochure. She listed things that will be happening. Movie nights will continue. The summer program series used to be the Legacy Park Series, and last summer was Communities Growing. This year Everett is planning an Earth Day clean up. She would like to have people sign up ahead of time to get an idea of how many hands we'll have, and then start our efforts at Legacy Park. If there are enough people signed up, maybe send some of those people over to River Bluff. Legacy is kind of the priority because Everett hears a lot that there's trash back there. Especially after we don't have a garbage can out there anymore, it gets pretty bad. Everett is also planning a pollinator planting program. Pollinators are things people are very interested in right now. We will go to the community garden. Everett hasn't decided yet if we will plant in one of the plots and have it be annual pollinator plants, or she is leaning toward taking a section that right now is unused and plant perennial pollinator plants which will benefit the garden and the pollinators. Everett explained that she loves doing pond study, so to tie together all of the programs to learn about the environment, the other program will be water quality. You can test the Rum River's water quality by sampling for macroinvertebrates. We will go and get some nets and find out what kinds of critters are in the water and then teach people about

which critters you want there and how many of them. Street Dances finally have bands booked; Boogie Wonderland and Jonah and the Whales will be coming back, and the third band is Hitchville. They are kind of a regional band, putting out their second album, and look like they put on a very entertaining show. Those will be June 24, July 15, and August 12. Nature Detectives Club is still going. The Farmer's Market as well. Everett explained that we are still looking for more Farmer's Market vendors. She has spoken with an artist and there might be some interest in getting artists out and musicians. Zdon stated that would be cool. The Minnesota Farmer's Market Association today shared our Farmer's Market post that we are looking for vendors. They have a lot of viewers, so hopefully that gets us out there. She has contacted the past vendors to get them all coming back, and is working to get new people to come. She explained that a lot of people aren't aware that they don't have to have a farm to sell things at the farmer's market. If they are gardening vegetables and they have a lot of extra ones and they want to get together with their friends and sell them at the farmer's market, come talk to her. Craft things, baked goods are huge hit, and anyone can make them. There is a big variety out there. Garvey asked if either of the landscape companies participate. Everett explained that Isanti Gardens has a home greenhouse on Long Lake, and he comes to sell plants. He came through most of the season last year. Wimmer added that they are very reasonably priced. Everett said that he has great plants, and he does it because he loves it, and he works in landscaping as a day job. Wimmer stated that Northland and Green Barn haven't, and we've tried to work with them on different things with varying degrees of success. Everett stated that plant sales in the spring would be awesome to have more of, because people come and they want tomatoes at the end of May, and they don't exist yet, so if there are more products we can offer earlier in the season, that's always great.

Everett stated Community Garden registration is starting very soon. Last year, the indication was that we will have lots of returners, so Everett is ready for them to bust down the doors on February 6th.

Everett also stated that the County Master Trail Plan public interest meeting in Isanti is being planned for February 22, which is a Wednesday. The first choice was the Community Center, but it is already booked, so it will occur in Council Chambers. They are looking to see where people want trails in the county. Everett will post things about that as she gets them.

Everett stated the last items will be updates from goal setting which happened yesterday. Mayor Wimmer stated that the dog park was pretty warmly received, so we will be moving forward with that. We will continue discussion on that, in the location east of the BMX facility. The outdoor hockey rink did not go over well. Councilmember Bergley, who actually is a skater and hockey player, was not in favor of going forward with it from a cost standpoint and being able to keep ice. What was discussed was having Park and Rec take a look at taking the pleasure rink where we currently have it and putting it by where we discussed having the hockey rink near the changing room, and looking at the lighting and things like that. Zdon said he agreed that would be a good location. Wimmer stated we would at least be tying [the rink and warming house] together. Wimmer explained that the council decided to keep the Park Dedication Fund the way it is for new stuff. He explained that he told the council he didn't favor changing the policy, but he wanted the council to make a definitive action on it. We want to keep the money there for new stuff; we could use it to replace, but then as the city continues to expand, we won't have the funds for new amenities.

I. Council Committee Reports
Mayor Wimmer informed the Council that there will be some storm water changes under direction from the State. Due to the abundance of work and potential changes, it may require an addition of a half time position for the City.

The Mayor also informed Council that Brad DeWolf and staff have been going over the road projects over on Palomino. There was an unexpected surprise found in which a 10-inch pipe is going into a 6-inch

pipe and then back out to a 12-inch pipe. This was done when that development was put in, and we will have to do what is necessary to fix it. The cost is estimated somewhere around $261,000. Councilor Lorinser questioned how long the pipe is that needs to be replaced and Mayor Wimmer replied that it extends approximately 4 - 5 blocks, or somewhere within that range. The Mayor added that it is something that will have to get done as it affects the whole looping for the City to East Highway 65 and impacts the project going forward.

J. Public Hearings

K. Business Items

1. **Resolution 2017-023 Approving a Special Event Permit for DK Gold Cup Regional Race Weekend**

Andy Strom, President of the Rum River BMX Association, addressed the Council and informed them that they are once again the number one track in the nation, for the second year in a row. It is based off of the number of riders and their participation. He stated that the last weekend in February will be a big race weekend with people from all over, including five or six different states being represented. The *Race for Life* is a huge charity race which supports the Leukemia and Lymphoma Society. The *Gold Cup Qualifying Race* is a regional series and is a qualifying race. Mayor Wimmer added that we are probably the smallest community in the top 10, 20 or 30 ranked in the Nation. It is a testament to the great facility. Mr. Strom agreed it is a testament to the great facility and added it is also due to the great relationship with the Association and the City which allows them to accomplish such big things. The Mayor also praised the great volunteers that assist Rum River BMX.

Motion by Collison second by Lorinser, to approve Resolution 2017-023 as presented. Motion carried unanimously.

2. **Interview Applicant for Vacant Term Seat for Planning Commission**

Jeff Miller, 1300 Ironwood Court SW, was asked nine questions relating to the vacant Planning Commission seat.

MEMO

A Community For Generations.

Isanti

To: Mayor Wimmer and City Council Members

From: Sean M. Sullivan, Economic Development Director

Date: February 21, 2017

Subject: Consider Resolution Acknowledging Process for EDA Marketing / Work Plan Updates

---

The Economic Development Team continuously is reviewing and amending the EDA Marketing / Work plan to ensure that it is current and to review its effectiveness. Previous plans have included local SWOT analysis, identifying goals, objectives, competition, strategic partners and suggestions on how Isanti can position itself to make it more marketable for potential business prospects. In past years there has been formal adoption of the plan. In light of the ever changing environment and the fluid nature of marketing plans The Economic Development Team is asking if adoption of a new formal document is necessary. The Economic Development Team is comfortable with the direction the City Council has provided at goal setting, previously plans, and budgeting. The Economic Development Team will continue to work toward executing those initiatives discussed at the EDA meeting in February 2017 keep the EDA and City Council up to date with successes and shortcomings when relevant.

Requested Action:

Consider Adoption of Resolution 2017-___ A Resolution Acknowledging Process for EDA Marketing / Work Plan Updates

Attachment

1) Resolution 2017 - ____ A Resolution Acknowledging Process for EDA Marketing / Work Plan Updates

RESOLUTION 2017-___

A RESOLUTION ACKNOWLEDGING PROCESS FOR EDA MARKETING / WORK PLAN UPDATES

WHEREAS, The Isanti EDA promotes and supports the growth of commercial and industrial development and tax base through the use of economic development methods and tools; and,

WHEREAS, in the past the EDA has adopted previous work plans annually to incorporate changes to SWOT analysis, new initiatives and other items; and,

WHEREAS, marketing plans can be guides for strategies and are constantly being reviewed to incorporate changes in the market and to take advantage of opportunities as they arise to better position Isanti; and,

WHEREAS, Annual City Council Goal Setting Sessions, feedback from the EDA and business community and Economic Development Team continuous monitoring of the Economic conditions in Isanti help guide marketing decision as they arise; and,

WHEREAS, the City Council has the discretion to allocate funds as needed to support marketing efforts that are not outlined specifically in the annual EDA budget which gives added flexibility in carrying out an effective marketing effort; and

WHEREAS, adopting a plan annually is not necessary as staff has been given direction by the City Council and EDA.

NOW, THEREFORE, IT IS HEREBY RESOLVED by the City Council of the City of Isanti, Minnesota acknowledge that adopting a plan on an annual basis is not required and that EDA Marketing / Work Plans will only be sent to City Council for formal adoption if formally requested by the City Council.

This Resolution hereby approved by the Isanti City Council this 21st day of February 2017.

MEMO

To: Mayor Wimmer and City Council

From: Sean M. Sullivan, Economic Development Director

Date: February 21, 2017

Subject: Consider Resolution Enter into Agreement Group C Media to Advertise in Business Facilities

---

Background:

The last 2 years the City of Isanti took advantage of an advertising opportunity to coordinate with the Department of Employment and Economic Development in 2015 and 2016. DEED has contracted with Journal Communications to produce a Minnesota Economic Development Magazine. The magazine will continue to be used in 2017 by DEED and will be distrusted at all trade shows. Staff was made aware of another venue that has a more targeted audience of site selectors called Business Facilities. They have a bi-monthly magazine with great distribution and an online presence. One item this company touts is specific lead generation. Staff has contacted Connexus Energy and they agree that this is a great opportunity and they have committed to paying for half of the ad package. Here is a summary of what the City of Isanti is receiving in the advertising package:

1/4 Page, 4-Color Ad – March/April '17 issue.

ONE e-Location Newsletter Ad, which will run after the March/April display ad runs.

March/April issue – 900 word advertorial in the North American Focus section, which will highlight MINNESOTA.

The total cost for the ad package is $1850.00 with only $925.00 being responsible from the City of Isanti. The proposed ad buy for 2017 is $2,022.50 less that the city expenditure from last year which creates more advertising flexibility. Business Facilities is also doing a focus on Workforce and Staff has put local businesses and the Workforce Center in contact with the publication to provide quotes and or feedback on programs available in Isanti and Minnesota.

Requested Action:

Consider Resolution to Enter into Contract with Agreement Group C Media to Advertise in Business Facilities

Funding Source:

EDA Marketing 495 fund - $925.00
Connexus Energy - $925.00 via reimbursement

Consider Resolution to Enter into Contract with Agreement Group C Media to Advertise in Business Facilities

RESOLUTION 2017-____

RESOLUTION TO ENTER INTO CONTRACT WITH GROUP C MEDIA TO ADVERTISE IN BUSINESS FACILITIES

WHEREAS, the City of Isanti needs to expand its marketing to include more, local, internet and national venues; and

WHEREAS, Staff has consulted with Group C Media and Connexus Energy and has agreed upon utilizing a ¼ page 4 color Ad with an e-Location Newsletter Ad and a 900 word advertorial to be placed in the online and print magazine at a cost not to exceed $1,850, with the City only being responsible for $925.00; and

WHEREAS, the City of Isanti EDA has budgeted advertising dollars in 2017 for this purpose; and

WHEREAS, the Connexus Energy has committed to fund $925.00 of the advertisement and agrees to reimburse the City of Isanti for its portion of the ad; and

WHEREAS, Staff will work with Business Facilities to develop the ad and to procure copies of the written publication for City use.

NOW, THEREFORE, IT IS HEREBY RESOLVED by the City Council of the City of Isanti, authorize Mayor George Wimmer to enter into the attached contract on behalf of the City of Isanti and to fund advertisement in from EDA marketing Fund 495 initially in the amount of $1,850 with Connexus reimbursing the City of Isanti for $925.00 of its cost for shared advertisement.

MEMORANDUM

Date: February 14, 2017

To: Don Lorsung, City Administrator

From: Bradley C. DeWolf, P.E.
City Engineer

Subject: 2017 Palomino Road Street & Utility Improvements - Engineering Services
City of Isanti, MN
Project No.: R13.112450

Pursuant to your authorization, we have prepared a Preliminary Engineering Report (PER) for the 2017 Palomino Road Street & Utility Improvements. Included in the report are exhibits depicting the proposed improvements, estimated costs and discussion regarding funding and the Minnesota State Statute No. 429 (MS-429) assessment procedure.

The Finance Committee has reviewed this report and recommends Council approval.

Should the Mayor and City Council elect to move forward with the improvements, Bolton & Menk, Inc proposes to complete the following scope of services to enable the project to be completed:

- Prepare documents for the required public hearing
- Prepare Plans and Specifications
- Advertise for bids
- Prepare the recommendation to Council to award bid
- Hold a preconstruction meeting
- Perform construction observation and surveying during the project
- Perform construction administration during the project
- Prepare the final assessment roll and conduct the final assessment hearing

We recommend the following schedule to keep the project on schedule to be constructed this summer:

1) February 21, 2017 Mayor and City Council accepts Report calls for Hearing on the Improvement and Authorizes Preparation of Plans and Specifications.
2) March 21, 2017 Hold Public Hearing
3) April 4, 2017 Mayor and City Council approves plans and orders advertisement of bids
4) May 2, 2017 Open Bids
5) May 16, 2017 Mayor and City Council awards bid
6) June – November, 2017 Project construction
7) November 7, 2017 Conduct final assessment hearing

We propose to assist the City in completing the project in accordance with the scope of services, for an hourly, not-to-exceed fee of $157,576. These fees were included in the estimated project costs in the Preliminary Engineering Report.

I will be at the February 21, 2017 City Council meeting to present this report and respond to any questions you have concerning this project. Feel free to contact me with any questions prior to the meeting.

Bolton & Menk is an equal opportunity employer.

RESOLUTION NO. 2017-____ **K.3.a.**

RESOLUTION RECEIVING FEASIBILITY REPORT, AND CALLING HEARING ON THE 2017 PALOMINO ROAD STREET AND UTILITY IMPROVEMENT PROJECT

WHEREAS, pursuant to Resolution 2016-287 of the City Council adopted September 20, 2016, a report has been prepared by Bolton & Menk, Inc. with reference to the improvement of Palomino Road SE from the intersection of Railroad Avenue SE to the intersection of State Highway 65. The improvement shall consist of street reconstruction, trail construction, and the installation of a new watermain. This report was received by the Council on February 21, 2017, and

WHEREAS, the report provides information regarding whether the proposed project is necessary, cost-effective, and feasible,

NOW, THEREFORE, IT IS HEREBY RESOLVED by the City Council of the City Of Isanti, Minnesota as follows:

1. The Council will consider the proposed improvement in accordance with the report and the assessment of benefited property for all or a portion of the cost of the improvement pursuant to Minnesota Statutes, Chapter 429, at an estimated total cost of the improvement of $787,881.88.

2. A public hearing shall be held on such proposed improvement at approximately **7:00 p.m.** on the **21st** day of **March, 2017**, in the Council Chambers at Isanti City Hall, 110 1st Avenue NW, Isanti MN, and the City Clerk shall give mailed and published notice of such hearing and improvement as required by law.

This resolution was duly adopted by the Isanti City Council this 21st day of February 2017.

Motion: Seconded: Carried:

Attest: Mayor George A. Wimmer

Lindsey Giese
Human Resources/City Clerk

RESOLUTION NO. 2017-____ **K.3.b.**

RESOLUTION AUTHORIZING PREPARATION OF PLANS ON THE 2017 PALOMINO ROAD STREET AND UTILITY IMPROVEMENT PROJECT

WHEREAS, a resolution of the city council adopted the 21st day of February, 2017, fixed a date for a public hearing on the improvements on Palomino Road SE from Railroad Avenue SE to Highway 65. The improvements shall consist of street reconstruction, trail construction, and the installation of a new watermain, and

WHEREAS, as recommended in the Preliminary Engineering Report, in order to keep the proposed project on schedule for a May 2017 bid opening, it is recommended that development of plans and specifications begin in advance of authorization of the project.

NOW, THEREFORE, IT IS HEREBY RESOLVED by the City Council of the City Of Isanti, Minnesota as follows:

1. Bolton & Menk, Inc., as the City Engineer, is hereby designated as the engineer for this improvement and shall prepare plans and specifications for the making of such improvement.

This resolution was duly adopted by the Isanti City Council this 21st day of February 2017.

Motion: Seconded: Carried:

MEMORANDUM

Date: February 10, 2017

To: Honorable Mayor Wimmer and Members of the City Council

From: Bradley C. DeWolf, P.E. BCD

Subject: Railroad Avenue Trail Infill Study
City of Isanti, MN
BMI Project No.: R13.112655

On February 9, 2017 the Finance Committee reviewed the Railroad Avenue Trail Infill Study. The Committee is recommending not to proceed with this project at this time due to the high project cost. This high project cost was due to the need to reconstruct one-half of the existing street in order to meet MnDOT State Aid and safety requirements for the sidewalk section.

The roadway is currently in moderate condition and is anticipated to have an additional 10-15 year pavement life before a full reconstruction project would be warranted.

The finance committee has determined that the trail project should be put on hold until the full road reconstruction project is scheduled. At that time, they recommend that the trail should be re-evaluated and considered to be constructed with the full roadway project.

I will be at the February 21, 2017 City Council meeting to respond to any questions you have concerning the study.

Please contact me with any questions or if you would like any additional information prior to the meeting as well.

Bolton & Menk is an equal opportunity employer.

RESOLUTION NO. 2017-XXX

A RESOLUTION APPROVING POSTPONEMENT OF INFILL PROJECT TO CONNECT SIDEWALK ON RAILROAD AVE SE FROM PALOMINO RD SE TO MAIN STREET

WHEREAS, the City Council brought forward during the City Council 2016 Goal Setting meeting that there was interest in connecting trail/ sidewalk gaps within the city; and,

WHEREAS, as the City is planning work along Palomino Rd SE as a street project for 2017, the City approved a preliminary study to show whether or not there would be a cost savings to tie the two projects together; and,

WHEREAS, the preliminary study performed by Bolton and Menk, Inc. determined there would not be a cost savings in design and construction and the scope of the project was considerable given the work that would need to be done to the street; and,

WHEREAS, the Finance Committee determined that it would be in the best interest of the city to postpone further discussion on such work until the street is in need of full reconstruction in approximately 10-15 years;

NOW, THEREFORE, IT IS HEREBY RESOLVED by the City Council of the City of Isanti, Minnesota to hereby postpone further project inquires for sidewalk infill along Railroad Ave SE until full street reconstruction is needed in approximately 10-15 years.

Adopted by the Isanti City Council this 21st day of February, 2017.

Motion by Lundeen second by Bergley to approve the minutes for December 6, 2016. Motion carried unanimously.

4. 2014-2016 Minnesota Manufacturing Week Summary Report

Economic Development Sullivan highlighted the manufacturing business reports generated on behalf of the city of Isanti by Greater MSP. 22 visits were conducted in 2016. Sullivan explained that the City enters the raw data from business visits and various reports can be generated to show trends and areas to review. He highlighted a few of the large changes from 2015 to 2016 and also areas that the City scored below neutral for the business environment. Sullivan pointed out that planned investment by companies was down but the ratings for local government assistance and attitude toward business showed improvement.

President Wimmer highlighted some of the recent home sales information in Isanti and the surrounding area. He indicated both he and Economic Development Director Sullivan monitor this information. He indicated values were increasing at a higher rate in the City of Isanti than in Cambridge. He indicated that it made sense as incomes were higher in Isanti. He also noted that Isanti has a higher volume of sales compared to Cambridge which was interesting.

No Action was requested and no action was taken as this was an information item.

5. Other Business / Updates

Economic Development Director Sullivan highlighted the Staff Memo which included Whiskey Road Pub and Grub has submitted an IUP. President Wimmer indicate he met with owners and that they understand City expectations. Final number of single family housing permits for 2016 was 63.

MEMO

Date: February 7, 2017

Subject: 2017 Phase III Street Lighting Infill Program

The City Council has budgeted for the 2017 Phase III Street Lighting In-fill Program. This is the final year of a 3-year plan to add street lighting in residential areas in the City of Isanti. This phase includes placement of 6 street lights as follows: a street light placed across from the street entry to Fifth Avenue Court SW, a street light placed near the midpoint of the road along Hillock Court NW, a street light placed at the intersection of Unity Boulevard and Third Avenue, a street light placed on Hillock Street NW, between the intersections of 10th and 11th Avenues NW, and placement of two lights on existing power poles to improve lighting on Whiskey Road NW.

Connexus has provided an Outdoor Lighting Construction Contract and a Maintenance Agreement for the new lighting (attached). The estimated construction cost is $11,257.50. This is within the 2017 budgeted amount of $20,000. Attached for your consideration is Resolution approving the construction contract and lighting maintenance agreement.

RESOLUTION NO. 2017-____

A RESOLUTION AUTHORIZING ENTERING INTO A CONSTRUCTION CONTRACT AND ENERGY AND MAINTENANCE AGREEMENT WITH CONNEXUS ENERGY FOR THE 2017 PHASE III STREET LIGHTING INFILL PROGRAM

WHEREAS, the City of Isanti, City Council, through adoption of the 2017 City Budget, approved the 2017 Phase II Street Lighting Program; and

WHEREAS, the 2017 program has been reviewed and recommended for approval by the Public Works Committee; and

WHEREAS, Connexus Energy has provided an estimated cost of $11,257.50 for installation of the street lights, and will charge $6.76 per month for a LED Traditionaire fixture, and $6.76 per month for a LED Cobra fixture subject to change, for the monthly energy and maintenance costs; and

WHEREAS, the construction amount is within the 2017 budgeted funds for the Street Lighting Program,

NOW, THEREFORE, BE IT RESOLVED by the City Council of the City of Isanti, Minnesota to hereby approve the Outdoor Lighting New Construction Contract for installation of the Street Lighting for $11,257.50 and the monthly Energy and Maintenance Agreement from Connexus Energy for the monthly energy and maintenance costs on the aforementioned lights and authorize the City Administrator to sign said contract and agreement.

This Resolution was duly adopted by the Isanti City Council this 21st day of February 2017.

Energy and Maintenance Agreement

City of Isanti
P.O. Box 428
Isanti, MN 55040

Account #417002-263506

Location: 2017 Phase III Infill Project (Service order: SORD000W1631612)

Connexus Energy shall provide the energy and maintenance for the outdoor lighting system as detailed below:

- (3) LED Traditionaire fixture installed on a fiberglass pole
- (3) LED Cobra fixture installed on a wood pole

The current energy and maintenance rate for these fixtures is $6.76 per month, per fixture. This rate adheres to Connexus Energy's published rate schedule, and is subject to change.

Maintenance of the fixtures, including lamp replacement, will be provided by Connexus Energy for a period of 25 years (According to Connexus Energy's Outdoor Lighting Guidelines). If, in Connexus Energy's opinion, after 25 years, the condition of the outdoor lighting system is such that replacement or significant renovation is necessary (due to deterioration from age), the customer will be responsible for the replacement cost.

Please indicate your acceptance of this monthly Energy and Maintenance Agreement by signing on the line below and return in the envelope provided.

MEMO

To: **Mayor Wimmer and Members of the City Council**

From: Josi Wood, Public Services Director/ Asst. City Administrator

Date: February 21, 2017

Subject: Consider Resolutions for the Operation of the Compost Site and Hiring of Seasonal Public Works Spring Through Fall 2017

Background

There are funds budgeted for the hiring of seasonal public works employees to staff the compost site as well as assist in other public works duties which includes park maintenance, garbage pick-up, street painting, mowing, weeding, etc. The proposed hire dates would be as early as April 20 and the end date would be November 12. The compost site would open April 23 and close for the season on November 12. The hours of the compost site are as follows: Sunday – noon – 5pm, Monday – closed, Tuesday 1-7pm*, Wednesday – closed, Thursday 1-7pm*, Friday – closed and Saturday – closed. * the time will be 7pm or sunset, whichever is earlier.

The proposed wage is $10.25/hour for new hires and $10.75/ hour for seasonals who have worked as a public works seasonal in 2016. Funding has been outlined in Sanitation in the 2017 budget for the compost attendant. The other seasonal activities would be funded out of Streets (25%) and PRC (75%). The total wages paid out for PT seasonal public works staff in 2017 will not exceed $9,000.00.

Committee Recommendation

The Finance Committee reviewed the funds in the 2017 budget and pay allocation. The Personnel Committee reviewed the information to post and hire. The recommendation is to move forward with the hiring of public works seasonal employees for the duties, hiring wage and wage allocation as written above.

Staff Request

Staff is requesting action on this item.

RESOLUTION NO. 2017-

RESOLUTION APPROVING SEASONAL WORKERS FOR PUBLIC WORKS FOR SPRING THROUGH FALL (2017)

WHEREAS, an attendant is needed for the compost site and this cost was factored into the 2017 budgeted; and,

WHEREAS, the Finance Committee reviewed the needs for the compost site and budgeted funding and recommended keeping the hours the same as in 2016 and the hiring on seasonal employees to staff the compost site and perform duties within parks and streets maintenance, street painting, mowing, weeding, and garbage pickup; and,

WHEREAS, each public works seasonal worker will not exceed more than 67 working days or 100 working days (for full time students) within a twelve month period and the terms and conditions of employment for public works seasonal workers will adhere to all applicable provisions of the International Union of Operating Engineers, Local 49 contract with the City of Isanti in regards to temporary/seasonal employees; and,

WHEREAS, the Personnel Committee has reviewed this matter and recommends approval of public works seasonal workers for Spring through Fall of 2017 at a rate of $10.25/ hour for new hires and $10.75/ hour for hires that are returning; and,

WHEREAS, the job description was approved with the hiring of public works seasonals in 2016 and there are no changes being made;

NOW THEREFORE BE IT RESOLVED BY THE CITY COUNCIL OF THE CITY OF ISANTI, MINNESOTA AS FOLLOWS:

1. Human Resources is hereby authorized to post to fill seasonal worker positions throughout the spring through fall of 2017 as needed upon approval of this resolution.
2. The total combined impact to the 2017 budget of PT seasonal workers for duties as described per this Resolution will not exceed $9,000.00.
3. Each seasonal worker will not exceed more than 67 days or 100 working days (for full time students) within a twelve month period and the terms and conditions of employment will adhere to all applicable provisions of the International Union of Operating Engineers, Local 49 contract with the City of Isanti in regards to temporary/seasonal employees
4. The seasonal workers rate of pay will be $10.25/ hour for new hires and $10.75/ hour for hires that are returning.
5. Funding for the seasonal employees will be Sanitation (100%) for compost attendant duties and a split between Streets (25%) and Parks, Recreation and Culture (75%) for other duties.

This resolution was duly adopted by the Isanti City Council this 21st day of February, 2017.

Regular Meeting Minutes of
February 7, 2017
Isanti City Hall

1. Call To Order

The meeting was called to order by Economic Development Director Sullivan at 7:19 p.m.

a. Pledge of Allegiance

b. Roll Call

Commissioners Present: Dan Collison, Ross Lorinser, Paul Bergley and George Wimmer

Commissioners Absent: Tara Hallberg, Steve Lundeen

Staff Present: Economic Development Director Sean Sullivan

c. Agenda Modifications

No modifications to the agenda were presented. Motion by Lorinser second by Collison to adopt Agenda as presented. Motion passed unanimously.

2. Approve Minutes of January 3, 2017 Regular Economic Development Meeting

Motion by Lorinser second by Bergley to approve the minutes for January 3, 2017. Motion carried unanimously.

3. Review and Discussion of Update to EDA marketing / Work Plan

Economic Development Sullivan highlighted the changes to the EDA Marketing / Work Plan and asked for comments on the sections regarding the positioning of Isanti to potential prospects. He indicated that much data was dated and the new data supported some of the previous trends that were identified.

President Wimmer quested the partnership with the North 65 Chamber of Commerce. He is not convinced that there are a lot of items that we can work with them on based on what he has seen to this point. The major concern is that the Chamber is focused on working with their members only not all Isanti businesses.

Consensus was to remove the Chamber from page 18 as a potential partner but leave them under the SWOT Analysis so that the EDA acknowledges their presence and that they could be a potential partner in the future.

Sullivan summarized the initiatives and actions for the future. He asked the EDA for specific feedback on the positioning statement.

Discussion ensued.

President Wimmer stated that the stability in the City of Isanti is a positive for development. Developers know what to expect and this opens doors for Isanti. Communities that have unstable leadership scare developers away.

Economic Development Director Sullivan cited an example from Anoka County where the City of Isanti was commended for "doing it right" as seen by development leap frogging over East Bethel and locating in Isanti. Project such as Coborn's, Allina Health and SnoBear USA are examples of this.

President Wimmer also cited that the City's high development standards is also being successful as property values are on the rise.

President also indicated that the City is expanding its legislative efforts to help assure that Isanti has the tools it needs to be successful and to improve changes of funding for future projects.

Discussion ensued.

Consensus was to have Economic Development Develop Sullivan condense the position statement and to bring it back to the full City Council for approval.

No Action was requested and no action was taken as this was an information item.

5. Other Business / Updates

President Wimmer questioned the involvement of City Staff in ICICLE. He asked for input from members of EDA.

Consensus was that staff time is valuable and that attending ICICLE was not warranted at this time.

June 1st is the estimated opening date for Whiskey Road Pub and Grub.

President Wimmer highlighted the recent successes and development in Isanti. He indicated that these successes might be able to be converted into reductions in development fees. This item will be reviewed this year to see feasibility.

Commissioner Lorinser stated it was nice to exceed reasonable expectations rather that to fall short of unrealistic expectations.

President Wimmer stated that he and Economic Development Director Sullivan met with Senators Koran and Hoffman on 2/7. The focus of the meeting was in regards to MIF and JCF and Isanti projects. The meetings were successful.

Sullivan touched on items highlighted in the Staff Memo below.

g. Community Map and Survey
h. Open House for New Initiative Foundation President
i. MIF and Business Subsidy Reporting
j. Housing Starts in 2016
k. Business Arrivals and Departures in Isanti 2016

6. Adjournment

Lorinser motioned, seconded by Bergley to adjourn at 7:50 pm. Motion carried unanimously.

I. Council Committee Reports
Councilor Bergley gave a brief summary of the progress on the liquor store building goal which was last brought up at Goal Setting. Bergley stated that at the Liquor Committee meeting, Manager John Jacobi came up with a hard number of what the 'limit of per square foot' in the industry typically is. The figure he came up with is $600 per square foot, and he is well exceeding that at around $800 per square feet. Bergley said and the item will be brought before the Finance Committee.

J. Public Hearings
None.

K. Business Items

1. **Resolution 2017-043 Acknowledging Process for EDA Marketing/Work Plan Updates**

Motion by Lorinser, second by Bergley to approve Resolution 2017-044 as presented. Motion carried unanimously.

City Engineer Brad DeWolf

3. Palomino Road Improvement Project

City Engineer Brad DeWolf explained to Council that Palomino Road is the worst road in their pavement rating system. The scope of the project includes reclaiming the roadway, re-pavement, spot curb repair, 10-foot trail on the North side and replacing the substandard watermain from a 6-inch water main to a 10-inch watermain. The total project cost is estimated at $787,900. A portion of that road project segment will need to be assessed at $3,656 per parcel in accordance with our assessment policy. The watermain will have to be paid outside of state aide. State aid will cover the City share of the road and all of the cost for the trail improvements. The watermain is estimated at $261,500. Mayor explained what will most likely happen is an inter-fund loan from the sewer fund to the water fund. DeWolf also noted they did not schedule an open house, but that could still be scheduled. The Mayor indicated he thought it would be important to do in an informal setting. DeWolf stated he would schedule it with staff.

   a. **Resolution 2017-045 Receiving Feasibility Report and Calling Hearing on the 2017 Palomino Road Street and Utility Improvement Project**

Motion by Bergley, second by Collison to approve Resolution 2017-045 as presented. Motion carried unanimously.

   b. **Resolution 2017-046 Authorizing Preparation of Plans on the 2017 Palomino Road Street and Utility Improvement Project**

Motion by Bergley, second by Collison to approve Resolution 2017-046 as presented. Motion carried unanimously.

4. **Resolution 2017-047 Approving Postponement of Infill Project to Connect Sidewalk on Railroad Avenue SE From Palomino Road SE to Main Street**

Motion by Lundeen, second by Lorinser to approve Resolution 2017-047 as presented. Motion carried unanimously.

Mayor explained that one of the things the city has looked at doing is an extension of 5th Avenue to Main Street. He would like to get together with the property owners to discuss it to see if we could get that road punched through. It is a very small section. If we could do it with this project, we could save $5,000 – $10,000. It is one of the goals carried over from last year. This is difficult because the property that is developed now is not where the road would be, they've already put in their road. Councilor Lorinser questioned if it would go behind Allina. The Mayor explained it would be a continuation of that road. He stated that from an economic development standpoint it would be a benefit to the Main Street properties, the Anlauf Development, plus the other two undeveloped

properties. The Mayor questioned how much a feasibility study would cost. DeWolf stated it would be $3,000 or less.

Motion by Lundeen, second by Bergley to move forward with a Feasibility Study on Fifth Avenue NE to Main Street with a cost not to exceed $3,000.

L. Approve Consent Agenda

1. Consider Accounts Payable in the Amount of $215,448.71 and Payroll in the amount of $92,039.17.
2. Final Minutes of the January 3, 2017 Economic Development Authority Meeting
3. **Resolution 2017-048 Authorizing Entering into a Construction Contract and Energy and Maintenance Agreement with Connexus Energy for the 2017 Phase III Street Lighting Infill Program**

Date: March 7, 2017

Subject: Resolution Approving Unbudgeted Event Funding for Summer 2017

Background:
At its February 21, 2017 meeting, the Cambridge City Council chose not to fund and participate in the Two Cities, One Community event in 2017. The City of Isanti would still like to host an event utilizing the Cambridge-Isanti Bike/Walk Trail and a community wellness fair in Bluebird Park. The Isanti contribution to the event was budgeted in 2017 at $2,725.00 from EDA, with a total event budget of $5,450.00 including a contribution from Cambridge. Staff have revised this event as a full day community celebration to occur on August 12, 2017 in conjunction with the last Street Dance and the Rum River Rods Summer Spectacular car show. In addition to this event, a city-wide scavenger hunt will be launched on June 24 (before the first Street Dance) and ending at the August 12 event. There will be unbudgeted expenses associated with these events. Staff have estimated expenses for these events including marketing, supplies, equipment rental, prizes, and 5K race timing to be about $9,200.00. Including the previously budgeted funds for the Two Cities, One Community event, there will be a net $6,475.00 unbudgeted remaining. Staff recommends that the additional amount come from the General Fund fund.

Staff Request:
Staff are requesting City Council approve the unbudgeted funds for the August 12 event and the city wide scavenger hunt.

RESOLUTION 2017-

A RESOLUTION APPROVING UNBUDGETED EVENT FUNDING FOR SUMMER 2017

WHEREAS, the City of Isanti and City of Cambridge had hosted a joint event "Two Cities, One Community" in 2015 and 2016 with an event budget of $5,450.00; and,

WHEREAS, the City of Isanti has budgeted $2,725.00 from EDA for this event in 2017; and,

WHEREAS, the City of Cambridge has withdrawn its contribution of $2,725.00 and participation from the event for 2017; and,

WHEREAS, the City of Isanti wishes to continue a free community event utilizing the Cambridge-Isanti Bike/Walk Trail for a 5K and family bike ride, Bluebird Park for a kids' and wellness fair, and to incorporate these events with the last Street Dance scheduled for August 12, 2017; and,

WHEREAS, in addition to this event, the City of Isanti will offer a city wide scavenger hunt beginning with a kick-off event on June 24, 2017 and wrapping up at the August 12, 2017 event; and,

WHEREAS, there will be unbudgeted expenses associated with these events; and,

WHEREAS, staff estimate the total expenses for the August 12 event and the scavenger hunt to be about $9,200.00; and,

WHEREAS, the additional unbudgeted amount needed will be $6,475.00; and,

WHEREAS, the source for the unbudgeted $6,475.00 will be the General Fund fund;

NOW, THEREFORE, IT IS HEREBY RESOLVED by the City Council of the City of Isanti, Minnesota, to approve unbudgeted funding for the August 12 full day event and city wide scavenger hunt in the amount of $6,475.00, the source of which will be the General Fund fund.

This Resolution hereby approved by the Isanti City Council this 7th day of March, 2017.

Subject: Farmers' Market Location Discussion

Background:
City staff have received concerns from farmers' market vendors over the past few years that the market is not visible enough to draw the desired amount of customers. In the past, City Council had chosen to bring the market to the downtown area to increase traffic and promote business there. However, there has been very little downtown business participation. In order to boost the farmer's market visibility, and ultimately the number of customers and vendors, the market will be moving from "Eagle Park" behind Custom Meats to the open space north of the Isanti Liquor Store parking lot at 400 West Dual Boulevard. Staff will be compiling the necessary information to update the Interim Use Permit for the Isanti Family Farmer's Market.

RESOLUTION NO. 2017-XXX

APPROVING THE ON-SALE AND SUNDAY LIQUOR LICENSE RENEWAL APPLICATION FOR RUM RIVER VFW 2735

WHEREAS, Rum River's VFW Post 2735 On-Sale and Sunday Liquor License will expire on March 31, 2017; and,

WHEREAS, the applicant has completed the renewal application for the City of Isanti and for the State of Minnesota and provided proof of liquor liability and workers' compensation insurance; and,

WHEREAS, all tax assessments against the property are current; and,

WHEREAS, the applicant has no delinquent City fees; and,

WHEREAS, the applicant has passed a police activity review by the Personnel Committee for the business; and,

WHEREAS, the Chief of Police has reviewed the renewal application and that the applicant has not been cited during the past five years for any state/local liquor law violations.

NOW, THEREFORE, IT IS HEREBY RESOLVED by the City Council of the City of Isanti, Minnesota, that:

1. Rum River's VFW Post 2735 On-Sale and Sunday Liquor License Renewal is approved.
2. The effective date of the On-Sale and Sunday Liquor License shall be April 1, 2017 through March 31, 2018.
3. Staff shall forward all necessary information to the State of Minnesota to complete the liquor license process.

MEMO

To: **Mayor and City Council**
From: Lindsey Giese, Human Resources/City Clerk
Date: March 1, 2017
Subject: Northern Pawn License Renewal

Background:
Prior to being brought to City Council for consideration of a Pawnshop License renewal, Northern Pawn's application was reviewed for completeness, the license applicants undergo a background check by the Chief of Police, taxes and assessments are reviewed against the licensed property to make sure they are current, and fees owed to the City are checked to ensure there are no delinquent fees.

Northern Pawn has submitted a complete application, and through review, has been recommended to proceed forward to the City Council for consideration for renewal of their pawnshop license at this time.

RESOLUTION NO. 2017-XXX

RESOLUTION APPROVING PAWNSHOP LICENSE TO NORTHERN PAWN, INC.

WHEREAS, the City has received an application for renewal of a Pawnshop License from Joe Niles, Northern Pawn, Inc. for the operation of a pawnshop at 303 Credit Union Drive Suite 9; and

WHEREAS, all City fees are current and the required license fee and bond have been received; and

WHEREAS, all taxes assessments against the property are current; and

WHEREAS, the Isanti Police Department has conducted a background check on the applicant for the pawnshop license and found no reason to deny the renewal of the license; and

WHEREAS, the City has not received any information to preclude the issuance of the pawnshop license to the applicant.

NOW THEREFORE BE IT RESOLVED by the City Council of the City of Isanti, Minnesota as follows:

1. That the City hereby authorizes the issuance of a Pawnshop License to Joe Niles, Northern Pawn, Inc. to operate a pawnshop at 303 Credit Union Drive, Suite 9, Isanti MN 55040 for a license period from April 1, 2017 to March 31, 2018.

2. The transaction fee shall be subject to the current fee that is set by the City Council within the Fee Schedule.

3. The license shall be subject to all conditions as provided within City Code Chapter 233.

4. That the Mayor and City Clerk are hereby authorized to sign all required documents to provide for the issuance of the pawnshop license.

This resolution was duly adopted by the Isanti City Council this 7th day of March 2017.

Background:
Upon completion of the Isanti Indoor Arena, city staff have been working closely with the Rum River BMX Association to make sure the facility is functioning as it should. Through inspections by City staff and requests from the association, it has been determined that there are repairs needed to the roof. A vent stack was displaced by snow sliding from an upper portion of the roof on the east side of the building, an outdoor light at the main entrance of the building has repeatedly filled with water, and the seams of the gutters have been found to leak. City staff have requested bids for this work, and received the following:

Bidder Name	Total Bid
Steel Structures, Inc	$4,783.00
B&B Sheet Metal and Roofing Inc.	$6,150.00

At its February 23, 2017 meeting, the Finance Committee reviewed the bids and recommended that City Council approve the bid from Steel Structures, Inc. In total, with 10% contingency, the amount needed to repair the issues found on the Indoor Arena roof will not exceed $5,261.30. These repairs were unexpected, and are therefore unbudgeted. The Finance Committee has recommended that the funding source for the repairs be the General Fund fund.

RESOLUTION NO. 2017-XXX

RESOLUTION ACCEPTING BID FOR REPAIRS TO THE ISANTI INDOOR ARENA ROOF

WHEREAS, the Isanti Indoor Arena was completed in early 2015 and is being leased by Rum River BMX Association; and,

WHEREAS, city staff continue to work with Rum River BMX members to ensure the facility is fully operational and running as efficiently as possible; and,

WHEREAS, it has been determined repairs are needed for a vent stack on the east side of the building, one portion of the roof over the north entry needs to be sealed to prevent an outdoor light from filling with water, and the seams of the gutters on the whole facility will need to be sealed; and,

WHEREAS, pursuant to a request for bids by city staff for the work above, the following bids were received:

Bidder Name	**Total Bid**
Steel Structures, Inc	$4,783.00
B&B Sheet Metal and Roofing Inc.	$6,150.00

WHEREAS, the Finance Committee has reviewed the bids received and has recommended acceptance of the bid from Steel Structures, Inc. for the work listed above; and,

WHERAS, this work is unbudgeted, and the Finance Committee has recommended that the funding source be the General Fund fund; and,

WHEREAS, the amount needed for the repairs from the General Fund fund will not exceed $5,261.30 (including a 10% contingency);

NOW, THEREFORE, IT IS HEREBY RESOLVED by the City Council of the City of Isanti, Minnesota to accept the bid from Steel Structures, Inc. for repairs to the Isanti Indoor Arena in the amount, not to exceed, $5,261.30; and **BE IT FURTHER RESOLVED** that the source of funding for the repairs will be the General Fund fund.

This resolution was duly adopted by the Isanti City Council this 7th day of March, 2017.

Request for Council Action

To: Mayor Wimmer
Members of the City Council

From: Roxanne Achman
Community Development Director

Date: March 7, 2017

Subject: Request from CSDCPC ASA, LLC, on behalf of the Art and Science Academy, for Preliminary Plat Approval of Fairway Greens Phase 10, legally described as Lots 2 & 3, Block 1, Fairway Greens Phase, Isanti County, Isanti, Minnesota.

Background

Charter Schools Development Corporation Development Corporation, Art and Science Academy (CSDCPC ASA, LLC), currently owns Lots 2 and 3, Block 1, Fairway Greens. Lot 2 contains the existing Art and Science Academy. Lot 3 is vacant and planned to become park and open space.

The request is to shift the lot line between lots 2 and 3 in order to potentially accommodate a future gymnasium addition on to the existing Art and Science Academy building. Due to these lots being part of a Planned Unit Development, the lot line shift is required to go through the full platting approval process.

A request to vacate all drainage and utility easements within Lots 2 and 3, Block 1, Fairway Greens will be heard at a public hearing scheduled for the March 21st City Council meeting. All easement will be reestablished on the Final Plat of Fairway Greens Phase 10.

The plat of Fairway Greens Phase 10 is part of an even bigger project. Staff will be bringing forward information and plans for a park space on existing Lot 3 and an agreement to covey the property to the City, in addition to a use and maintenance agreement. The Art and Science Academy will also be requesting an amendment to their Conditional Use Permit for an increase in the number of students permitted to be enrolled at the school.

The City Engineer has reviewed the preliminary plat and recommends approval.

Certification of Taxes Paid

Prior to approving an application for Preliminary Plat, certification must be provided to the City that there are no delinquent property taxes, special assessments, penalties, interest, or outstanding municipal utility fees. City staff did verify with Isanti County on Monday, February 13th, 2017; that all taxes associated with the property were current.

Public Notice

Notice was published within the Isanti County News on February 8th, 2017. Written notification was provided to property owners located within 350' of the subject site as required by Minnesota State Statute.

Public Comments

No public comments had been received regarding the proposed amendment prior to the release of the staff memo.

Deadline for City Council Action

The applicant submitted an application for Preliminary Plat approval on January 27, 2017. City staff did verify that the application was complete on February 1, 2017. Pursuant to Minnesota State Statute, the City must act on this request by June 1, 2017 (120-days); unless an extension of the review period has been agreed to by the applicant.

Development and Operations Advisory Committee Comments

The Development and Operations Advisory Committee reviewed the request at their meeting held on Thursday, February 9th, 2017. The Committee recommended approval with the condition that all review comments are addressed.

Planning Commission Recommendation

Motion by Lundeen, second by Collison to recommend approval of the request from CSDCPC ASA, LLC, on behalf of the Art and Science Academy, for Preliminary Plat Approval of Fairway Greens Phase 10, legally described as Lots 2 & 3, Block 1, Fairway Greens Phase, Isanti County, Isanti, Minnesota. Motion carried unanimously.

FINDINGS OF FACT AND CONCLUSION

Request

Request from CSDCPC ASA, LLC, on behalf of the Art and Science Academy, for Preliminary Plat Approval of Fairway Greens Phase 10, legally described as Lots 2 & 3, Block 1, Fairway Greens Phase, Isanti County, Isanti, Minnesota.

Findings of Fact

1. The applicant, CSDCPC ASA, LLC ('the applicant'), has made application for Preliminary Plat Approval of Fairway Greens Phase Ten, Isanti County, Minnesota.
2. The property is legally described as Lots 2 & 3, Block 1, Fairway Greens, Isanti County, Minnesota.
3. The Applicant is requesting Preliminary Plat Approval in an effort to adjust a lot line within a plat that is part of a Planned Unit Development in order to create space for the possibility of a future gymnasium expansion to the building on Lot 2, Block 1, Fairway Greens.
4. The property is zoned "H65" Highway 65 Corridor Overlay District.
5. A preliminary plat is considered a major change requiring a public hearing and notification of all property owners within 350'; and final approval by the City Council.
6. The Applicant submitted an application for Preliminary Plat Approval on January 27th, 2017. It was deemed complete on February 1, 2017.
7. A public hearing date before the Planning Commission was scheduled for Tuesday, February 21st, 2017 immediately following the 7:00 p.m. City Council meeting at City Hall within the Council Chambers.
8. Notices were sent to all property owners located within the development and within 350 feet of the subject property.

Conclusions

1. The platting of the property would appear to meet the lot requirements and setback requirements as provided within the zoning ordinance for properties located within the "H65" Highway 65 Corridor Overlay District.
2. The platting of the property would appear to meet the Design Standards as required by Ordinance No. 536.

Decision

The Planning Commission held a public hearing on the item at the **February 21st, 2017** meeting. The meeting minutes, staff memo and exhibits will be made part of the Findings of Facts and Conclusions.

Planning Commission Recommendation

Motion by Lundeen, second by Collison to recommend approval of the request from CSDCPC ASA, LLC, on behalf of the Art and Science Academy, for Preliminary Plat Approval of Fairway Greens Phase 10, legally described as Lots 2 & 3, Block 1, Fairway Greens Phase, Isanti County, Isanti, Minnesota. Motion carried unanimously.

GRADING NOTES

1. – All elevations shown are to final surfaces.
2. – Contractor is responsible for obtaining a National Pollutant Discharge Elimination System (NPDES) General Storm Water Permit for Construction Activity before construction begins.

EROSION CONTROL NOTES

1. – Contractor is responsible for all notifications and inspections required by General Storm Water Permit.
2. – All erosion control measures shown shall be installed prior to grading operations and maintained until all areas disturbed have been restored.
3. – Sweep paved public streets as necessary where construction sediment has been deposited.
4. – Each area disturbed by construction shall be restored per the specifications within 14 days after the construction activity in that portion of the site has temporarily or permanently ceased.
5. – Temporary soil stockpiles must have silt fence around them and cannot be placed in surface waters, including storm water conveyances such as curb and gutter systems, or conduits and ditches.
6. – The normal wetted perimeter of any temporary or permanent drainage ditch or swale that drains water from any portion of the construction site, or diverts water around the site, must be stabilized within 200 lineal feet from the property edge, or from the point of discharge into any surface water. Stabilization of the last 200 lineal feet must be completed within 24 hours after connecting to a surface water.
7. – Excess concrete/water from concrete trucks shall be disposed of in portable washout concrete basin or disposed of in a contained area.
8. – See Specifications for Seed, Fertilizer and Mulch details.

INSPECTION AND MAINTENANCE

- The site must be inspected once every seven (7) days during active construction and within 24 hours after a rainfall event greater than 0.5 inches in 24 hours.
- All inspections and maintenance conducted must be recorded in writing and records retained with the SWPPP.
- Areas of the site that have undergone final stabilization, may have the inspection of these areas reduced to once per month.
- All silt fence must be repaired, replaced, or supplemented within 24 hours when they become nonfunctional or the sediment reaches 1/3 of the height of the fence.
- Surface waters and conveyance systems must be inspected for evidence of sediment being deposited. Removal and stabilization must take place within seven (7) days of discovery unless precluded by legal, regulatory, or physical access constraints.
- Construction site vehicle exit locations must have sediment removed from off-site paved surfaces within 24 hours of discovery.

POLLUTION PREVENTION MANAGEMENT

- All solid waste must be disposed of off-site per the MPCA disposal requirements.
- All hazardous waste must be properly stored with restricted access to storage areas to prevent vandalism. Storage and disposal of hazardous waste must be in compliance with MPCA Regulations.

SPECIFICATIONS

GENERAL

I. GENERAL

A. Before construction begins, the Contractor will contact all utility companies, both public and private and have them locate all utilities within the construction limits.

B. The Contractor shall be responsible for arranging all required inspections with the governing authority that has jurisdiction over the work that is to be performed.

C. The Contractor shall stay within the construction limits unless approval otherwise by the Owner and or Engineer. Construction limits are defined by the property boundary unless shown different on the plan.

D. The Contractor shall be responsible for protection of existing structures, utilities, trees, etc. from damage during construction.

E. The Contractor shall be responsible for correcting any damage (at Contractor's expense).

F. Any discrepancies found on the site that affect the proposed work shall be reported to the Owner and/or Engineer before the completion of any additional work.

G. No soils report provided. Subgrade soils assumed adequate for the proposed construction.

H. Existing Topography and Boundary Survey provided by Reinder & Associates, Inc.

SITE CLEARING

I. GENERAL

A. Remove trees, shrubs, grass, and other vegetation or obstructions, as required, to permit installation of improvements shown on the Plans.

II. EXECUTION

A. Trees and stumps shall be hauled from the site. Burial on-site or burning of trees and stumps will not be allowed.

B. Where existing trees are indicated to remain, bone existing topsoil in place within drip liner to prevent damage to root system.

C. Topsoil shall be stripped from disturbed areas and stockpiled to plan cut extending 6-feet in depth.

D. Remove all loose dirt and brushfields material from under stumps and roadways within 3-feet of final proposed subgrade.

E. Remove all waste materials and unsuitable or excess topsoil from Owner's property.

GRADING, EROSION CONTROL, AND TURF ESTABLISHMENT

I. GENERAL

A. All grading, erosion control and turf establishment shall be according to the materials, workmanship, and other applicable requirements of the Minnesota Department of Transportation "Standard Specifications for Construction", latest edition, unless otherwise specified.

B. All erosion control measures shown on the plans must be installed prior to commencement of grading operations and maintained until all areas served are fully stabilized.

C. All areas disturbed by construction shall be restored with sand and disked mulch, sod, wood fiber blanket, or be hard surfaced within one month of substantial completion or consideration.

D. Provide sufficient borrowed soil materials from off-site locations if adequate approved soil materials are not available from excavations. Remove off excess and unsatisfactory material from the site.

E. Protect structures, utilities, sidewalks, pavements, and other facilities from damage caused by settlement, lateral movement, undermining, washout, and other hazards created by earthwork operations.

F. Compaction shall not be less than the following percentages of maximum dry density according to ASTM D 698:

1. Under structures, building slabs, steps, and pavements, compact the top 12 inches below subgrade and each layer of backfill or fill material at 100 percent maximum dry density.

2. Under walkways, compact the top 6 inches below subgrade and each layer of backfill or fill material at 100 percent maximum dry density.

3. Under lawn or unpaved areas, compact the top 6 inches below subgrade and each layer of backfill or fill material at 95 percent maximum dry density.

G. Grade as shown on the plan are to finished grade.

H. Restore trenches trending within road subgrade to be designed by Others (per their requirements).

II. PRODUCTS

A. Satisfactory soils include ASTM D 2487 soil classification groups GW, GP, GM, GW, SP, SM, and SW, free of rock or gravel larger than 2-inches in any dimension, debris waste, frozen materials, vegetation and other deleterious matter.

B. Unsatisfactory soils include ASTM D 2487 soil classification groups OC, SC, ML, MH, CL, CH, OL, PH, and PT.

C. All topsoil and fill materials must be satisfactory soil materials.

D. Topsoil shall be per ASTM C 33/33, free of stones 1" or larger.

E. Subbase and base material must be a uniformly or uniformly graded mixture of natural or crushed gravel, crushed stone, and natural or crushed sand meeting MNDOT Specifications for Class 5 gravel.

F. Turf establishment shall mix shall be as follows - 25# Pro Time Perennial Ryegrass, 25# Hot Rockets Ryegrass, 25# Water Dimplings Fescue, 20# Chariot Hard Fescue, 10# Shadowfax Perennial Ryegrass @ 200 lbs/acre drilled with a DRILLON type seeder. Fertilizer shall be 10-10-10 (50%) commercial grade, and mulch shall be MNDOT type 2 hydromulch.

III. EXECUTION

A. Fill under buildings shall be compacted to meet Soil Engineer's recommendations.

B. Place 4-inches of topsoil over all areas to be re-established with turf.

C. Provide erosion control measures to prevent erosion or displacement of soils and discharge of soil-bearing water runoff or airborne dust to adjacent properties and walkways.

D. Place inlet protection devices in catch basins after they are constructed but maintain shall all areas disturbed have been restored.

E. Wherever construction vehicle access routes intersect paved public roads, provisions must be made to minimize the transport of sediment (mud) by vehicles tracking onto the paved road surface. Where sediment is transported onto a public road surface, the roads shall be cleaned thoroughly at the end of each day. Sediment shall be removed by shoveling or sweeping and be transported to a sediment controlled disposal area. Street washing shall be allowed only after sediment is removed in this manner.

BITUMINOUS PAVEMENT

I. GENERAL

A. Provide hot-mix asphalt pavement according to the materials, workmanship, and other applicable requirements of the Minnesota Department of Transportation "Standard Specifications for Construction", latest edition, unless otherwise specified.

B. Conform to applicable standards of authorities having jurisdiction for asphalt paving work on public property.

II. PRODUCTS

A. Use sources and mix aggregate materials and proportions that have performed satisfactorily in previous installations.

B. Provide a base and wear course as indicated on the plan unless otherwise specified.

C. Provide a tack coat as indicated on the plan unless otherwise specified.

III. EXECUTION

A. Verify that the subgrade is dry and in suitable condition to support paving and imposed loads.

B. The Contractor shall furnish a 10-foot straight board to check the completed subgrade and/or aggregate base for soft spots prior to placement.

C. Machine place hot-mix asphalt on prepared surface, spread uniformly, and strike off. Place asphalt mix by hand in areas inaccessible to equipment in a manner that prevents segregation of mix. Place each course to required grade, cross section, and thickness when compacted.

D. Begin compaction as soon as placed hot-mix paving will bear roller weight without excessive displacement.

E. Provide an average density of 96 percent of reference laboratory density according to ASTM D 1559, but not less than 94 percent nor greater than 100 percent.

F. Tolerances: Base course thickness shall be plus or minus 0.5-inches and surface course shall be plus or minus 0.25-inches.

PORTLAND CEMENT CONCRETE PAVEMENT

I. GENERAL

A. Provide Portland cement concrete pavement for roads, curbs, walks and exterior slabs supporting by the materials, workmanship, and other applicable requirements of the Minnesota Department of Transportation "Standard Specifications for Construction", latest edition, unless otherwise specified.

II. PRODUCTS

A. Portland cement concrete for curb and gutter and sidewalk shall be 4000 psi, 28-day compressive strength, 5.0% air entrainment, and 3-inch slump.

B. Provide Grade-60 reinforcing bars and fix bars where indicated.

C. Curing compound shall be solvent-borne, liquid membrane-forming ASTM C309, Type I or approved equal.

III. EXECUTION

A. The Contractor shall furnish a 10-foot straight board to check the completed subgrade and/or aggregate base for soft spots prior to pavement placement.

B. Comply with requirements and ASH ACI 304R for measuring, mixing, transporting, and placing concrete.

C. Comply with the Concrete Reinforcing Steel Institute's recommended practice for "Placing Reinforcing Bars" for placing and supporting reinforcement.

D. Preformed expansion joints using 0.5-inch thickness shall be placed at each end of curb radius, at intersections, and approximately every 200-feet.

E. Contraction joints shall be placed at minimum 10-foot intervals in the curb and gutter and at 3-foot for walks.

F. Provide a medium to fine broom finish perpendicular to traffic flow.

G. Protect freshly placed concrete from premature drying and excessive cold or hot temperatures using membrane curing, insulation-blanketing-cover curing, curing compound or a combination of these.

TENNIS COURT COLOR COATING

DESCRIPTION
The acrylic surfacing is to be applied as per manufacturer's recommendation and per Section 11.0. from the ASBA tennis guidelines as modified hereafter. In the case of discrepancy between ASBA tennis guidelines and manufacturer's recommendation, the manufacturer's shall govern.

MATERIALS
The schedule of materials is as follows:
A. Finish Coat: 100% acrylic emulsion formulated with acrylic resins, mineral fillers, color fast pigments and manufacturer's approved silica sand. Finish coat shall be fully pigmented. Inherent court color shall be as designated on plan set
B. Resurfacer: 50/50 blended asphalt emulsion/acrylic resurfacer
C. Patch Mix: Acrylic court patch binder
D. Line Paint: Court lines shall be white, water-based acrylic emulsion
E. Combat Anti Caustic Resistant, outdoor, latex based caulk as recommended by color coat supplier

The acrylic surfacing material shall be manufactured by:
A. Nonacrylic Sports
B. California Products
C. Advantage Sport Coatings
D. Laykold
E. Advantage Sport Coatings (Vimex Brothers)

CONSTRUCTION REQUIREMENTS

Surface Preparation:
New bituminous surfaces shall be allowed to cure for twenty eight (28) days prior to application of acrylic surfacing. Bituminous surface shall be cleaned and free of dirt, grease, or other foreign matter.

Bituminous surface shall be dry, as well as clean, since moisture on the surface on hot days can turn to steam or vapor. If this is trapped under an application of material, blisters may occur.

Prior to surfacing, the court shall be flooded with clean potable water and allowed to drain for one hour. If there is any remaining water that is deeper than one sixteenth of an inch (1/16"), that area shall be patched with acrylic court patch binder and leveled in accordance with the manufacturer's recommendations. Flooding shall be redone until the surface is sufficiently tolerance as determined by the ENGINEER. After of the acrylic court patch binder has cured, a minimum of two (2) coats of 50/50 blended resurfacer shall be applied at ninety (90) degrees to each other.

Finish Coat:
Bituminous surfaces, acrylic filler surfaces, acrylic filler surfaces, and blended resurfacer surfaces shall be cleaned and free of dirt, grease, or other foreign matter.

Bituminous surface shall be dry, as well as clean, since moisture on the surface on hot days can turn to steam or vapor. If this is trapped under an application of material, blisters may occur.

The finishing coating materials shall be installed in multiple applications, at least two (2) coats, as per manufacturer's recommendation, so as to have true, uniform texture and color. The base coat shall include sand texture. Contractor shall apply additional coats over entire surface until uniformity is achieved. The top coat shall be one hundred percent (100%) acrylic. Application of the work shall be performed by skilled workers by a manufacturer approved installer. No work shall be performed when rain is imminent. Air temperature shall be 50 degrees Fahrenheit and rising during installation. Application rates shall be as per manufacturer's recommendation (minimum of 0.08 gallons per square yard per coat for the first two (2) coats).

The finish line stripping shall not be applied until the underlying surface is thoroughly dried as required by sport coatings product manufacturer. Layout court lines as indicated on the drawings. Lines shall be applied without variations in width or alignment.

WARRANTY
Materials shall have a one (1) year limited written warranty supplied by the manufacturer.

Honorable George Wimmer, Mayor, and Members of the City Council
City of Isanti
110 First Avenue Northwest
Isanti, MN 55040

RE: Proposal for Planning and Zoning Administration Services

Dear Mayor Wimmer and Members of the Council:

Bolton & Menk is pleased to present this proposal for professional zoning administration and planning services to assist the City with enforcing the City Code and to help consider future land use decisions. This proposal will define our scope of work and provide you with an hourly rate to provide these services on an as needed basis.

Scope of Services:
Our understanding of the planning and zoning consulting services the City of Isanti needs include the following tasks:

- Interpret and enforce the City of Isanti Zoning and Subdivision Ordinance to ensure an effective and uniform application of the codes
- Apply the City Comprehensive Land Use Plan and other long range plans and provide long-term planning services and studies if desired and requested.
- Processes land use applications, including variances, use permits, rezoning requests, subdivision plats, annexation requests, etc.
- Regulate land uses within the Flood Plain as controlled by the floodplain ordinance and FEMA Program.
- Review and administer all building permit reviews and on-site setback evaluations as needed
- Research and respond to citizen requests and questions about existing ordinances, zoning and land-use
- Attend and facilitate Planning Commission, City Council meetings and all other board or commission meetings as needed
- Prepare staff reports for Planning Commission, City Council and other boards and commissions as needed
- Review city code, ordinances, and regulations relating to planning and zoning, make recommended changes for consistency with state statutes, and to facilitate effective enforcement
- Prepare and publish written notification for public meetings as required by state statute.
- Identify, draft, and review new zoning ordinances and zoning processes that are beneficial to the City.
- Work closely and effectively with City staff to provide support and respond to routine requests

Personnel, Hours and Fees:

Alex Conzemius will serve as the Lead Planner for the City of Isanti. In this role he will maintain regular office hours at City Hall. His scheduled hours will be Monday, Wednesday and Friday. Mr. Conzemius will maintain this schedule for as long as the City of Isanti desires. Maintaining consistent office hours is a critical component in providing support to the staff as well as assisting residents with routine requests. Mr. Conzemius will be responsive to City and resident requests throughout the business week.

Mr. Conzemius and Bolton & Menk will provide planning consulting services for the City of Isanti at **an hourly rate of $98.00 per hour, not to exceed $1,750 per week.**

Mr. Conzemius will have the full support of over 400 professionals in various disciplines within the firm including over a dozen professional planners. Notably, Senior Planner, Ms. Jane Kansier, AICP, will be available to serve the City of Isanti in order to support planning and zoning work and will be committed to assist Mr. Conzemius and assure quality planning services.

Bolton & Menk puts a high priority on ensuring our company's efforts are consistent with our clients' needs. Please review this document, and feel free to contact me at 612-756-1032 if you have any questions.

Sincerely,

Bolton & Menk, Inc.

Subject: **Consider Resolution Authorizing Registration of City of Isanti and Parks Logos with Minnesota Secretary of State**

Background:

Protection of logos and identifying marks is common practice in the private sector. Getting protection and sole ownership of your brand is important to control a company's message and image. Both federal and state trademarks are available to protect improper use of these marks and logos. With today's digital age marks and logo are readily available and easily reused. Generally speaking, if they are not used for private financial benefit by unauthorized parties or used maliciously to tarnish the image or misrepresent the entity that logo is tied the reuse of the mark or logo is generally accepted. Staff has consulted the city Development Attorney Campbell Knutson and they have indicated that it might be difficult to get the trademark registered at the federal level based on a court case centered on the City of Los Angeles. Without getting into specific details of a federal decision some of the protections offered to private individuals and corporations don't transfer to cities and governmental entities in the public domain.

Even though the city might not be afforded all the same protections as individuals and private corporations it does make sense to make an effort to provide as much protection to our logos as possible. The logos the City would propose to trademark are as follows:

Potential Costs:

Based on online research and consulting with Campbell Knutson here are the potential costs **per logo**:

Minnesota Trademark Registration

Registration - CLASS 35 (Advertising and business)	$50
Development Attorney Fees to File (155/hr. for 1 hr.)	$155
Total	**$205**

Registering the trademark in Minnesota will offer the City some protection on the use of its logos. Note that the trademark must be renewed every 10 years, at a fee of $25 per mark. Also note the above was for one logo. To file both the city and parks logo the total cost would be **$410.00**

Other Considerations

It is possible that City Staff could potentially register the trademarks to reduce the legal cost associated with Development Attorney.

DOAC Recommendation:

City Council Adopt Resolution to direct Staff to register trademarks for City of Isanti and Isanti Parks Logos at the office of the MN Secretary of State for a cost not to exceed $410 with Parks and EDA splitting the costs. If needed Staff can consult with City Development Attorney to get filing completed.

Potential Funding Sources:

Filing of City Logo	$205 - EDA - Marketing 495
Fling of the Parks Logo	$205 - PRC - Advertising 340

Requested Action:

Motion to adopt Resolution 2017-___ Authorizing Registration of City of Isanti and Parks Logos with Minnesota Secretary of State

Attachment:

1) Resolution 2017-___ Authorizing Registration of City of Isanti and Parks Logos with Minnesota Secretary of State

RESOLUTION 2017-____

AUTHORIZING REGISTRATION OF CITY OF ISANTI AND ISANTI PARKS LOGOS WITH MINNESOTA SECRETARY OF STATE

WHEREAS, protecting a brand, image, interest and credibility of a city and it's departments is important to the success of a city; and

WHEREAS, the City of Isanti has not registered the City of Isanti logo or Isanti Parks logos in the state trademark office; and

WHEREAS, social media outlets, other advertising venues, mailings and the internet have become of source of information for many people and it is possible that the city logo could be used to misrepresent actions, positions or marketing of the City of Isanti; and

WHEREAS, control and ownership of the City of Isanti and Isanti Parks logo is a vital component to protecting the City's interest, image, brand and credibility; and

WHEREAS, the DOAC Committee has recommended that the City of Isanti register the City of Isanti and Isanti Parks Logos with the MN Secretary of State.

NOW, THEREFORE, IT IS HEREBY RESOLVED by the City Council of the City of Isanti, authorize:

1) City Staff and Mayor George Wimmer to register the City of Isanti and Isanti Parks logos with the Office of the Minnesota Secretary of State in the form of the attached registration forms in an amount not to exceed $410.00
2) Registration of the City of Isanti logo be funded by EDA Marketing 495 Fund in an amount not to exceed $205.
3) Registration of the Isanti Parks logo be funded by PRC Advertising 340 Fund in an amount not to exceed $205.

This Resolution hereby approved by the Isanti City Council this 7th day of March 2017.

1) You must submit one specimen or facsimile of the mark as you have actually used it in commerce. Copies are acceptable. A typewritten statement of the mark would not be acceptable, since it would not have been in use with the public. Acceptable examples would be a business card, letterhead, clipping from an advertisement, label, picture or copies of such materials.
2) State the words or phrase to be registered, if any. The words or phrase must be listed exactly as it appears on the specimens submitted with this application. A separate application is needed for each phrase to be registered.
3) Provide a **written** description of the **logo design** to be registered, if any. This description must depict the design as it appears on the accompanying specimen. Only one logo design is permitted per application. If none, leave blank.
4) Indicate the classification number under which this mark falls. A list of the international system of trade and service mark classifications is available from the Office of the Secretary of State. Leave blank if unknown and this office will fill it in.
A separate application and fee is required for each classification in which you wish to register a mark.
5) State the SPECIFIC goods or services represented by the mark. DO NOT use indefinite terms, such as "accessories", "products," or the like. Use language that would be readily understandable to the general public. For example, "t-shirts" or "dry cleaning services". The identification of goods or services must NOT describe the mode of use of the mark, such as on labels, stationery, business cards, menus, signs or in advertising. If the applicant identifies the goods or services too broadly as, for example, "advertising and business," or just "products," or "services," the application will be returned.
6) State the way the mark appears on the goods, i.e., "on containers," "on tags or labels affixed to the goods", "by stamping it on the goods".
7) In order to register a mark in Minnesota, it must have been used commercially prior to registration. List the date the mark was first used in Minnesota. If it has not yet been used in Minnesota, you cannot register the mark with this office.
8) State the name and complete address of the applicant. If the applicant is an organization, list the home jurisdiction and the principal place of business in the home jurisdiction.
9) A signature of one markholder listed or an Authorized Agent (The signing party must indicate on the document that they are acting as the agent of the person(s) whose signature would be required and that they have been authorized to sign on behalf of that person(s).) is required. Include the date, printed name of the person signing, and the title of the signer.
Email Address for Official Notices. This email address may be used to send annual renewal reminders and other important notices that may require action or response. Check the box if you wish to have your email address excluded from requests for bulk data, to the extent allowed by Minnesota law.

1. **You must include a sample of commercial use (See Instructions).**

2. State the words or phrase to be registered:

City of Isanti Parks Logo (both Color and Black and White Versions)

3. Provide a written description of the logo design (if none, leave blank). Stylized letters are not a logo design:

"Isanti Parks" spelled out on the following described logo: Green Circle with Blue Isanti Logo running across the diameter of circle. Blue trees on top along with blue and white sun, blue snowflakes, blue stars and white clouds. A white river runs from the top to the bottom with the word "parks" in it.

4. Trade/Service Mark Classification Number (See instructions before completing this item):
NOTE: A separate application and fee is required for each classification desired. 35

5. List the SPECIFIC goods or services within the above classification for which the mark is used:

Isanti Parks Brand, Marketing of Isanti Parks, Advertising, Internet, City of Isanti website, Official communication from City of Isanti Parks to public or private entities and individuals

6. How and where is the mark displayed on the goods or services listed in Item 4?

Isanti Parks Brand, Isanti Parks Letterhead, Isanti Parks business cards, Isanti Parks marketing materials, City of Isanti website, Internet, Communications and publishing of Isanti Parks information from the City to public and private entities and individuals

7. List the date on which this mark was first used in commerce by the applicant or their predecessor(s) in Minnesota:
(Must have been used prior to registration)

MEMORANDUM

Date: February 28, 2017

To: Honorable Mayor Wimmer and Members of the City Council

From: Bradley C. DeWolf, P.E.

Subject: Recommended Ordinance No. 420 Updates to Comply with MS4 General Permit
City of Isanti, MN
Project No.: R13.109634

This memo is intended to summarize the major updates that are recommended to bring the City of Isanti into compliance with the Minnesota Municipal Separate Storm Sewer System (MS4) Permit. The attached copy of the Ordinance has detailed footnotes for each recommended change.

General Updates:

- All references to specific positions and departments have been revised to be less specific.
- Wording changes to improve consistency.
- Revised wording where possible to avoid specifying means or methods.
- Eliminated wording not required to be included in the Ordinance.

Section 3.0 Definitions:

- Definitions have been updated to match State Statute and Permit word usage and definitions.
- Definitions have been added for new terms used later in the Ordinance.

Section 4.0 Scope and Effect:

- The wording has been clarified to allow the maximum exemptions allowed by the MS4 Permit.
- A statement has been added to ensure it is clear that this Ordinance does not take the place of any required permits.

Section 5.0 Stormwater Management Plan Application Procedures:

- The list of items required to be submitted to the City for review has been updated to reflect the information required for the review of the plan as required by the City's MS4 permit.

Section 6.0 Stormwater Management Plan Review Procedure:

- Updated to reduce redundancy in the Ordinance.

Bolton & Menk is an equal opportunity employer.

Section 7.0 Stormwater Management Plan Approval Standards:

- Inserted new requirements that the MS4 Permit requires to be included in the Ordinance:
  - Volume – 1-inch infiltration off each 1.0 acres of new impervious
  - Total Suspended Solids – no net increase for new development, net decrease for redevelopment
  - Total Phosphorus – no net increase for new development, net decrease for redevelopment
- Added wording for determining infeasibility and required mitigation when the new requirements cannot be met.
- Inserted requirements for design of temporary sedimentation basins.
- Inserted restrictions on infiltration.
- Adding wording to prohibit substitution of maintenance of existing structures for installation of new structures.
- Updated wording to meet current design standards.
- Referenced the MN Buffer Statute.
- Spell out responsibility for private pond maintenance and procedure for addressing failure to provide that maintenance.

Section 11.0 Enforcement:

- Included reference to the new Enforcement Response Procedures (ERPs) that the City will be adopting as part of the MS4 process.
- Updated wording to lay out procedures for failure to comply with actions taken by the City under the ERPs.

SUMMARY OF ISANTI ORDINANCE NO. 420
AN ORDINANCE PROMOTING THE HEALTH, SAFETY AND GENERAL WELFARE OF THE CITIZENS OF ISANTI MINNESOTA, AND ADOPTING AN ORDINANCE THAT PROVIDES FOR STORMWATER MANAGEMENT PRACTICES

The following is a summary of the contents of the City of Isanti Storm~~W~~water[1] Management Ordinance No. 420.

Section 1.0 Statutory Authorization. This ordinance is adopted pursuant to Minnesota Statutes Chapters 103B, 105, 462 and 497.

Section 2.0 Purpose. The purpose of this ordinance is to control or eliminate storm water pollution along with soil erosion and sedimentation within the City. The ordinance establishes standards and specifications for conservation practices and planning activities, which minimize storm water pollution, soil erosion and sedimentation; and prohibits illicit connections and illegal discharges.

Section ~~15~~14.0 **Effective Date.** Ordinance No. 420 shall take effect upon its adoption and publication in the City's Official Newspaper.

[1] The spelling of Stormwater has been updated throughout to match the spelling used in the MN Stormwater Manual, MN MS4 Permit, and the MN Construction Stormwater Permit.

ORDINANCE NO. 420
STORMWATER MANAGEMENT ORDINANCE
AN ORDINANCE PROMOTING THE HEALTH, SAFETY AND GENERAL WELFARE OF THE CITIZENS OF ISANTI MINNESOTA AND ADOPTING AN ORDINANCE THAT PROVIDES FOR STORMWATER MANAGEMENT PRACTICES

Section 1.0 Statutory Authorization. This ordinance is adopted pursuant to Minnesota Statutes Chapters l03B, 105, 462 and 497.

Section 2.0 Purpose. The purpose of this ordinance is to control or eliminate storm water pollution along with soil erosion and sedimentation within the City. The ordinance establishes standards and specifications for conservation practices and planning activities, which minimize storm water pollution, soil erosion and sedimentation; and prohibits illicit connections and illegal discharges.

Section 3.0. Definitions. Unless specifically defined below, the words or phrases used in this ordinance shall have the same meaning as they have in common usage. When not inconsistent with the context, words used in the present tense include the future tense, words in the plural number include the singular number, and words in the singular number include the plural number. The words "shall" and "must" are always mandatory and not merely directive.

3.1 Applicant. Any person or entity that applies for a building permit, subdivision approval, or a permit to allow land disturbing activities. Applicant also means that person's agents, employees, and others acting under this person's direction.

3.2 Best Management Practices (BMP's). Erosion and sediment control and water quality management practices that are the most effective and practicable means of controlling, preventing, and minimizing the degradation of surface water, including construction-phasing, minimizing the length of time soil areas are exposed, prohibitions, and other management practices published by state or designated area-wide planning agencies. (Examples of BMP's can be found in the current versions of the Minnesota Pollution Control Agency's publications, "Protecting Water Quality in Urban Areas," and, "Storm-Water and Wetlands: Planning and Evaluation Guidelines for Addressing Potential Impacts of Urban Storm-Water and Snow-Melt Runoff on Wetlands," the United States Environmental Protection Agency's, "~~Storm Water~~Stormwater Management for Construction Activities: Developing Pollution Prevention Plans and Best Management Practices," (as a reference for BMP's) and the Minnesota Department of Transportation's, "Erosion Control Design Manual").

3.3 Buffer. A protective vegetated zone located adjacent to a natural resource, such as a

public water~~water of the state~~[2], that is subject to direct or indirect human alteration. Such a buffer strip is an integral part of protecting an aquatic ecosystem through filtering pollutants and providing adjacent habitat. The width of a buffer strip is the width along each bank of a stream. Therefore a 30-foot wide stream with 100-foot buffer strips has a total width of 230-feet. Acceptable buffer vegetation includes preserving existing predevelopment vegetation and/or planting locally distributed native Minnesota trees, shrubs and grassy vegetation. Alteration of buffers is strictly limited. Buffer areas are designated with permanent markers.

3.4 City. The City of Isanti. Where used in this ordinance, the City Administrator, those designated by the City Council, or those designated by the City Administrator are authorized to act as the City.[3]

3.5 Common Plan of Development or Sale. A contiguous area where multiple separate and distinct land disturbing activities may be taking place at different times, or on different schedules, but under one proposed plan. This item is broadly defined to include design, permit application, advertisement or physical demarcation indicating that land disturbing activities may occur.[4]

~~3.4~~3.6 Construction Activity. This includes a disturbance to the land that results in a change in the topography, existing soil cover (both vegetative and non-vegetative), or the existing soil topography that may result in accelerated storm water runoff leading to soil erosion and movement of sediment into surface waters or drainage systems. Examples of construction activity may include clearing, grading, filling and excavating. Construction activity includes any disturbance of more than ~~one~~ 1.0 acre of total land area, and may include disturbance of less than ~~one~~ 1.0 acre of total land area if that is part of a ~~larger development that will ultimately disturb one acre or more~~Common Plan of Development or Sale.[5]

3.7 Construction Stormwater General Permit. Within the context of this ordinance refers to the General Permit Authorization to Discharge Stormwater Associated with Construction Activity under the Pollutant Discharge Elimination System/State Disposal System; Permit Number MN R1000001. In the case of a discrepancy between this ordinance and the Construction Stormwater General Permit the more stringent requirement shall apply.[6]

3.8 Detention Basin or Detention Facility. A man-made storage facility containing runoff from rainfall and snowmelt events to control peak discharge rates and provide an

[2] Changed to match MN MS4 General Permit wording.
[3] Added definition to provide clarification when the City is referenced in the text. All references in the Ordinance to a specific City Position or Department have been updated to match this definition.
[4] Added definition used in the Construction Stormwater Permit to provide clarity.
[5] Updated wording to match Construction Stormwater Permit requirements.
[6] Added definition of reference to Construction Stormwater General Permit to provide clarity.

opportunity for physical, chemical, and biological treatment of runoff and/or infiltration to occur.[7]

~~3.5~~3.9 Developer. A person, firm, corporation, sole proprietorship, partnership, state agency, or political subdivision thereof engaged in a land disturbance activity.

3.10 Development. Any land disturbance activity that changes the site's runoff characteristics in conjunction with residential, commercial, industrial or institutional construction or alteration.[8]

~~3.6~~3.11 Dewatering. The removal of water for construction activity. It can be a discharge of appropriated surface or groundwater to dry and/or solidify a construction site. It may require Minnesota Department of Natural Resources permits to be appropriated and if contaminated may require other MPCA permits to be discharged.

~~3.7~~3.12 Discharge. The release, conveyance, channeling, runoff, or drainage, of storm water, including snowmelt, from a construction site.

~~3.8~~3.13 Energy Dissipation. This refers to methods employed at pipe outlets to prevent erosion. Examples include, but are not limited to: aprons, riprap, splash pads, and gabions that are designed to prevent erosion.

3.14 Enforcement Response Procedure (ERP). Procedures adopted by City Council to respond to violations of these regulations.[9]

~~3.9~~3.15 Erosion. Any process that wears away the surface of the land by the action of water, wind, ice, or gravity. Erosion can be accelerated by the activities of people and nature.

~~3.10~~3.16 Erosion Control. Refers to methods employed to prevent erosion. Examples include soil stabilization practices, horizontal slope grading, temporary or permanent cover, and construction phasing.

~~3.11~~3.17 Erosion and Sediment Practice Specifications or Practice. The management procedures, techniques, and methods to control soil erosion and sedimentation as officially adopted by either the State, County, City or local watershed group, whichever is more stringent.

~~3.12~~3.18 Exposed Soil Areas. All areas of the construction site where the vegetation (trees, shrubs, brush, grasses, etc.) or impervious surface has been removed, thus rendering the soil more prone to erosion. This includes topsoil stockpile areas, borrow areas and disposal areas within the construction site. It does not include stockpiles or surcharge areas of gravel, concrete or bituminous. Once soil is exposed it is considered "exposed

[7] Updated terminology to match wording used in MN MS4 General Permit and Construction Stormwater Permit.
[8] Matches definition used in the MN MS4 General Permit.
[9] ERP is referenced later in the ordinance.

soil," until it meets the definition of "final stabilization."

~~3.13~~3.19 Filter Strips. A vegetated section of land designed to treat runoff as overland sheet flow. They may be designed in any natural vegetated form from a grassy meadow to a small forest. Their dense vegetated cover facilitates pollutant removal and infiltration.

~~3.14~~3.20 Final Stabilization. Means that all soil disturbing activities at the site have been completed, and that a uniform perennial vegetative cover with a density of seventy (70) ~~seventy-five (75)~~ [10]percent of the cover for unpaved areas and areas not covered by permanent structures has been established, or equivalent permanent stabilization measures have been employed. Simply sowing grass seed is not considered final stabilization. (Examples of vegetative cover practices can be found in the current version of the Minnesota Department of Transportation's publication, "Standard Specifications for Construction" as supplemented and as amended from time to time.)

3.21 Hazardous Materials. Any material, including any substance, waste, or combination thereof, which because of its quantity, concentration, or physical, chemical, or infectious characteristics may cause, or significantly contribute to, a substantial present or potential hazard to human health, safety, property, or the environment when improperly treated, stored, transported, disposed of, or otherwise managed.[11]

~~3.15~~3.22 Hydric Soils. Soils that are saturated, flooded, or ponded long enough during the growing season to develop anaerobic conditions in the upper part.

3.23 Hydrologic Soil Group (HSG). The Natural Resources Conservation Service (NRCS) has grouped soils throughout the nation into several categories based on their hydrologic characteristics and runoff potential under similar storm and vegetation conditions. Soil properties that influence runoff potential are those that influence the minimum rate of infiltration for a bare soil after prolonged wetting and when not frozen, including depth to a seasonally high water table, saturated hydraulic conductivity after prolonged wetting, and depth to a layer with a very slow water transmission rate. The soils in the United States are assigned to four groups (A, B, C, and D) and three dual classes (A/D, B/D, and C/D).[12]

~~3.16~~3.24 Hydrophytic Vegetation. Macrophytic (large enough to be observed by the naked eye)~~,~~ plant life growing in water, soil or on a substrate that is at least periodically deficient in oxygen as a result of excessive water content.

~~3.17~~3.25 ~~Illicit~~~~Illegal~~[13] Discharge. Any direct or indirect non-storm water discharge to the storm drain system, except as exempted in Section 8 of this ordinance.

---

[10] Updated to match the requirements of the MN Construction Stormwater Permit

[11] Hazardous Materials are discussed later in the ordinance.

[12] Infiltration is discussed later in the ordinance. HSG is referenced as it relates to infiltration restrictions.

[13] Matches definition used in the MN MS4 General Permit.

~~3.183.26~~ Illicit Connections. An illicit connection is defined as either of the following: Any drain or conveyance, whether on the surface or subsurface, which allows an illegal discharge to enter the storm drain system including but not limited to any conveyance which allow any non-storm water discharge including sewage, process wastewater, and wash water to enter the storm drain system and any connections to the storm drain system from indoor drains and sinks, regardless of whether said drain or connection had been previously allowed, permitted, or approved by an authorized enforcement agency or, any drain or conveyance connected from a commercial or industrial land use to the storm drain system which has not been documented in plans, maps, or equivalent records and approved by an authorized enforcement agency.

~~3.193.27~~ Impervious Surface. A constructed hard surface that either prevents or retards the entry of water into the soil, and causes water to run off the surface in greater quantities and at an increased rate of flow than existed prior to development. Examples include rooftops, sidewalks, patios, driveways, parking lots, storage areas, and concrete, asphalt, or gravel roads.

~~3.203.28~~ Land Disturbance Activity. Any land change that may result in soil erosion from water or wind and the movement of sediments into or upon waters or lands within this government's jurisdiction, including clearing & grubbing, grading, excavating, transporting and filling of land. Within the context of this rule, land disturbance activity does not mean:

a) Minor land disturbance activities such as home gardens and an individual's home landscaping, repairs, and maintenance work.

b) Any activity including construction, installation, and maintenance of fences, signs, posts, poles, and electric, telephone, cable television, utility lines or individual service connections to these utilities, which result in disturbing less than ~~one~~ 1.0[14] acre of land.

~~b)~~c) Construction, installation, and maintenance of fences, signs, posts, poles, and electric, telephone, cable television, utility lines or individual service connections to these utilities, which result in creating under 1.0 acre of exposed soil or impervious surface.[15]

~~c)~~d) Tilling, planting, or harvesting of agricultural, horticultural, or silvicultural (forestry) crops.

~~d)~~e) Emergency work to protect life, limb, or property and emergency repairs, unless the land disturbing activity would have otherwise required an

approved erosion and sediment control plan, except for the emergency. If such a plan would have been required, then the disturbed land area shall be shaped and stabilized in accordance with the City's requirements as soon as possible.

3.29 MIDS. Minimal Impact Design Standards[16]

3.30 MPCA. The Minnesota Pollution Control Agency[17]

3.31 Municipal Separate Storm Sewer System (MS4). The system of conveyances (including sidewalks, roads with drainage systems, municipal streets, catch basins, curbs, gutters, ditches, man-made channels, or storm drains) owned and operated by the City and designed or used for collecting or conveying storm water, and that is not used for collecting or conveying sewage.[18]

3.32 National Pollutant Discharge Elimination System (NPDES) Stormwater Discharge Permit. Means a permit issued by the MPCA under authority delegated pursuant to 33 USC § 1342(b) that authorizes the discharge of storm water to waters of the United States, whether the permit is applicable on an individual, group, or general area-wide basis.[19]

3.33 Native Vegetation. The pre settlement group of plant species native to the local region that were not introduced as a result of European settlement or subsequent human introduction.

3.34 New Development. All development that is not defined as redevelopment.[20]

~~3.21~~3.35 Non-Stormwater Discharge. Any discharge to the storm drain system that is not composed entirely of storm water.[21]

~~3.22~~ Ordinary High Water Mark (OHW). ~~This is generally the boundary elevation where the vegetation changes from predominately aquatic (where "aquatic" broadly means that the vegetation can survive moist conditions) to terrestrial. This elevation delineates the highest water level, which has been maintained for a sufficient period of time to leave evidence upon the landscape, commonly that point where the natural vegetation changes from predominantly aquatic to predominantly terrestrial. Water often reaches this elevation in spring. For rivers and streams the ordinary high water mark is usually the top of the bank. It is less well defined for lakes and wetlands. The definition in Minnesota Statute 103G.005, subdivision 14 says that the "Ordinary high water level" means the~~

~~3.23 the ordinary high water level is an elevation delineating the highest water level that has been maintained for a sufficient period of time to leave evidence upon the landscape, commonly the point where the natural vegetation changes from predominantly aquatic to predominantly terrestrial;~~

~~3.24 for watercourses, the ordinary high water level is the elevation of the top of the bank of the channel; and~~

~~3.25 for reservoirs and flowages, the ordinary high water level is the operating elevation of the normal summer pool.~~

~~3.26~~3.36 ~~The term "ordinary high water mark" is further defined in~~ Minnesota Rule 6120.2500, Subpart 11 ""Ordinary High Water Mark" means the boundary of public waters and wetlands, and shall be an elevation delineating the highest water level which has been maintained for a sufficient period of time to leave evidence upon the landscape, commonly that point where the natural vegetation changes from predominantly aquatic to predominantly terrestrial. For watercourses, the ordinary high water level is the elevation of the top of the bank of the channel. For reservoirs and flowages, the ordinary high water level is the operating elevation of the normal summer pool." ~~Ordinary high water marks are determined by the Minnesota Department of Natural Resources' area hydrologist.~~[22]

~~3.27~~3.37 ~~Waters of the State~~[23]Paved Surface. A constructed hard, smooth surface made of gravel, asphalt, concrete or other pavement material. Examples include, but are not limited to, roads, sidewalks, driveways and parking lots.

~~3.28~~3.38 Permanent Cover. Means "final stabilization." Examples include grass, gravel, asphalt, and concrete. See also the definition of "final stabilization."

3.39 Permit. Within the context of this ordinance a "permit" is a written warrant or license granted for construction, subdivision approval, or to allow land disturbing activities.[24]

3.40 Person. Any individual, association, organization, partnership, firm, corporation or other entity recognized by law and acting as either the owner or as the owner's agent.[25]

3.41 Pollutant. Anything which causes or contributes to pollution. Pollutants may include, but are not limited to: paints, varnishes, and solvents; oil and other automotive fluids; non-hazardous liquid and solid wastes and yard wastes; refuse, rubbish, garbage, litter, or other discarded or abandoned objects, ordinances, and accumulations, so that same may

cause or contribute to pollution; floatables; pesticides, herbicides, and fertilizers; hazardous substances and wastes; sewage, fecal coliform and pathogens; dissolved and particulate metals; animal wastes; wastes and residues that result from constructing a building or structure; and noxious or offensive matter of any kind.[26]

3.42 Premises. Any building, lot, parcel of land, or portion of land whether improved or unimproved including adjacent sidewalks and parking strips.[27]

3.43 Public Waters. As defined in MN Statute 103G.005, Subpart 15 and further defined as:

a) Water basins assigned a shoreland management classification.

b) Waters of the state that have been finally determined to be public waters or navigable waters by a court of competent jurisdiction.

c) Meandered lakes, excluding lakes that have been legally drained.

d) Water basins previously designated by the MN Department of Natural Resources for management for a specific purpose such as trout lakes and game lakes pursuant to applicable laws.

e) Water basins designated as scientific and natural areas under MN Statute 84.033.

f) Water basins located within and totally surrounded by publicly owned lands.

g) Water basins where the state of Minnesota or the federal government holds title to any of the beds or shores, unless the owner declares that the water is not necessary for the purposes of the public ownership.

h) Water basins where there is a publicly owned and controlled access that is intended to provide for public access to the water basin.

i) Natural and altered watercourses with a total drainage area greater than two square miles.

j) Natural and altered watercourses designated by the MN Department of Natural Resources as trout streams.

k) Public waters wetlands

l) Public waters are not determined exclusively by the proprietorship of the underlying, overlying, or surrounding land or by whether it is a body or stream of water that was navigable in fact or susceptible of being used as a highway for commerce at the time this state was admitted to the union.[28]

3.44 Public Waters Wetlands. Means all types 3, 4, and 5 wetlands, as defined in United States Fish and Wildlife Service Circular No. 39 (1971 edition), not included within the definition of public waters, that are ten or more acres in size in unincorporated areas or 2-1/2 or more acres in incorporated areas.[29]

3.45 Redevelopment. Any development where, prior to the start of construction, the areas to be disturbed have 15 percent or more of impervious surface(s).[30]

~~3.29~~3.46 Runoff Coefficient. The fraction of total precipitation that is not infiltrated into or otherwise retained by the soil, concrete, asphalt or other surface upon which it falls, that will appear at the conveyance as runoff. This coefficient is usually estimated for an event or on an average annual basis.

~~3.30~~3.47 Sediment. The product of an erosion process; solid material both mineral and organic, that is in suspension, is being transported, or has been moved by water, wind, or ice, and has come to rest on the earth's surface either above or below water level.

~~3.31~~3.48 Sedimentation. The process or action of depositing sediment.

~~3.32~~3.49 Sediment Control. The methods employed to prevent sediment from leaving the development site. Sediment control practices include silt fences, sediment traps, earth dikes, drainage swales, check dams, subsurface drains, pipe slope drains, storm drain inlet protection, and temporary or permanent sedimentation basins.

~~3.33~~3.50 Soil. The unconsolidated mineral and organic material on the immediate surface of the earth. For the purposes of this document stockpiles of gravel, aggregate, concrete or bituminous materials are not considered "soil" stockpiles.

~~3.34~~3.51 Stabilized. The exposed ground surface after it has been covered by sod, erosion control blanket, riprap, or other material that prevents erosion. Simply sowing grass seed is not considered stabilization.

3.52 Steep Slope. Any slope steeper than One (1) foot of vertical rise for every three (3) feet of horizontal run.[31]

3.53 Storm Drainage System. Publicly-owned facilities by which storm water is collected and/or conveyed, including but not limited to any roads with drainage systems, municipal streets, gutters, curbs, inlets, piped storm drains, pumping facilities, retention and detention basins, natural and human-made or altered drainage channels, reservoirs, and other drainage structures.[32]

3.54 Storm water. Any surface flow, runoff, and drainage consisting entirely of water from

any form of natural precipitation, and resulting from such precipitation. Under Minnesota Rule 7077.0105, subpart 41b storm water, "means precipitation runoff, stormwater runoff, snow melt runoff, and any other surface runoff and drainage." (According to the Code of Federal Regulations (CFR) under 40 CFR 122.26 [b][13], "Stormwater means stormwater runoff, snow melt runoff and surface and drainage."). Storm water does not include construction site dewatering.[33]

3.55 Storm Water Management Plan. A document which describes the BMPs and activities to be implemented by a person or business to identify sources of pollution or contamination at a site and the actions to eliminate or reduce pollutant discharges to Storm Water, Storm Water Conveyance Systems, and/or Receiving Waters to the Maximum Extent Practicable.[34]

~~3.35 Stormwater Under Minnesota Rule 7077.0105, subpart 41 b stormwater, "means precipitation runoff, stormwater runoff, snow melt runoff, and any other surface runoff and drainage." (According to the Federal Code of Regulations under 40 CFR 122.26 [b][13], "Stormwater means stormwater runoff, snow melt runoff and surface and drainage."). Stormwater does not include construction site dewatering.~~ [35]

~~3.36~~3.56 Storm Water Pollution ~~Control~~ Prevention Plan (SWPPP). A joint storm water and erosion and sediment control plan that is a document ~~containing~~ meeting the requirements of this ordinance and the Minnesota Construction Stormwater General Permit~~Section 4~~[36], that when implemented will decrease soil erosion on a parcel of land and off-site nonpoint pollution. It involves both temporary and permanent controls.

~~3.37~~3.57 Structure. Anything manufactured, constructed or erected which is normally attached to or positioned on land, including portable structures, earthen structures, roads, parking lots, and paved storage areas.

~~3.38~~3.58 Subdivision. Any tract of land divided into building lots for private, public, commercial, industrial, etc. development. Minnesota Rule 6120.2500, subpart 17 defines subdivision as, "... land that is divided for the purpose of sale, rent, or lease, including planned unit development."

~~3.39~~3.59 Temporary Protection. Short-term methods employed to prevent erosion. Examples of such protection include: straw, mulch, erosion control blankets, wood chips, and erosion netting.

3.60 Total Suspended Solids (TSS). Includes all particles suspended in water which will not

3.61 Total Phosphorus (TP). The total concentration of phosphorus found in the water.[38]

~~3.40~~3.62 Urban. Of, relating to, characteristic of, constituting a City.

~~3.41~~3.63 Vegetated or Grassy Swales. A vegetated earthen channel that conveys storm water, while treating the storm water by biofiltration. Such swales remove pollutants by both filtration and infiltration.

3.64 Waste and Material Disposal. All waste and unused building materials (including garbage, debris, cleaning wastes, wastewater, toxic materials or hazardous materials), shall be properly disposed of off-site and not allowed to be carried by runoff into a receiving channel or storm sewer system.[39]

3.65 Wastewater. Any water or other liquid, other than uncontaminated storm water, discharged from a facility.[40]

~~3.42~~3.66 Waters of the State. As defined in Minnesota Statutes section 115.01, subdivision 22 the term " ... "Waters of the State" means all streams, lakes, ponds, marshes, watercourses, waterways, wells, springs, reservoirs, aquifers, irrigation systems, drainage systems and all other bodies or accumulations of water, surface or underground, natural or artificial, public or private, which are contained within, flow through, or border upon the state or any portion thereof."

~~3.43 Wet Detention Facility A permanent man-made structure, used for the temporary storage of runoff to control the peak discharge rates and provide gravity settling of pollutants.~~

~~3.44 Wet Retention Facility A permanent man-made structure, containing a permanent pool of water without release except by means of evaporation, infiltration, or emergency bypass.~~ [41]

3.67 Wetlands. As defined by the Wetland Conservation Act, as amended from time to time, and Isanti County.

the application for subdivision approval. Every applicant for a permit ~~for land disturbing activities~~that disturbs 1.0 acres or more and that does not require ~~a building permit or~~ subdivision approval must submit a Storm Water Management Plan ~~to the Engineering Department~~with the application for permit application. No ~~building permit,~~ subdivision approval~~,~~ or permit ~~to allow land disturbing activities~~ shall be issued until approval of the Storm Water Management Plan or a waiver of the approval requirement has been obtained in strict conformance with the provisions of this ordinance. Nothing in this ordinance shall exempt the applicant from the requirement to obtain applicable permits from Government Agencies other than the City.[42]

4.2 Exemptions. The provisions of this ordinance do not apply to:

a) Any part of a subdivision if a plat for the subdivision has been approved by the City Council on or before the effective date of this ordinance;

b) A lot for which a building permit has been approved on or before the effective date of this ordinance;

c) Installation of fence, sign, telephone, and electric poles and other kinds of posts or poles unless the cumulative land disturbance is equal to or greater than 1.0 acres[43]; or

d) Any activity that disturbs less than 1.0 acres~~one acre~~ of land; or

e) Emergency work to protect life, limb, or property.

4.3 The City Council may waive any requirement of this ordinance upon making finding that compliance with the requirement is infeasible[44]~~will involve an unnecessary hardship~~ and the waiver of such requirement will not adversely affect the standards and requirements set forth in Sections 7 and 8. The City Council may require, as a condition of the waiver, such dedication or construction, or agreement to dedicate or construct as may be necessary to adequately meet said standards and requirements.

Section 5.0 Storm Water Management Plan Application Procedures

5.1 Application. A written application for Storm Water Management Plan approval, along with the proposed Storm Water Management Plan, shall be filed with the ~~Department of Community Development or the Engineering Department~~appropriate Department of the City when applicable and shall include a statement indicating the purpose for which the

approval is requested, that the proposed use is permitted by right or as an exception in the underlying zoning district, and adequate evidence showing that the proposed use will conform to the standards set forth in this ordinance. Prior to applying for approval of a Storm Water Management Plan, an applicant may have the Storm Water Management Plans reviewed by the appropriate Department of the City.

Two sets of clearly legible blue or black lined copies of drawings and required information shall be submitted to the appropriate Department of the City~~Department of Community Development or Engineering Department~~ and shall be accompanied by all applicable fees. Drawings shall be prepared to a scale appropriate to the site of the project and suitable for the review to be performed. At a minimum the scale shall be 1 inch equals 100-feet.

5.2 Storm Water ~~m~~Management ~~plan~~Plan. At a minimum, the Storm Water Management Plan shall contain the following information, except as determined otherwise by staff. Items identified with ~~all~~ an asterix (*) in subsections a through e below may be omitted upon initial application if determined to be unnecessary by ~~staff~~the appropriate Department of the City.

a) Identification and description

1) Proposed name of development;

2) Legal description and address;

3) Names, addresses, and phone numbers of the primary contact, record owner, subdivider, land surveyor, engineer, designer of the plat, and any agent having control of the land;

4) Graphic scale not less than one inch to one hundred feet;

5) North arrow;

6) Location of the tract by an insert map at a scale sufficient to clearly identify the location of the property and giving such information as the names and numbers of adjoining roads, railroads, utilities, subdivisions, towns and districts or other landmarks; and

7) Date of preparation.

b) Existing Conditions

1) Boundary lines of proposed plan;

2) Existing zoning classifications for land within and abutting the development;

3) Acreage and lot dimensions;

4) Location of roads, lots, structures, etc. as required by the City;

5) Existing topography with a contour interval appropriate to the topography of the land but in no case having a contour interval greater than 2-feet;

6) Location and dimensions of existing storm water drainage systems and natural drainage patterns on and immediately adjacent to the site delineating in which direction and at what rate storm water is conveyed from the site, identifying the receiving stream, river, public water, or wetland, and setting forth those areas of the unaltered site where storm water collects;

7) *Wetland area (submit approval letter from Isanti County stating that there are either no wetlands, or detailing construction requirements related to wetlands and any necessary wetlands mitigation);

8) *Steep slopes ~~where areas of 18% or more exist over a distance for 50-feet or more~~[45];

9) * Bluff areas where the slope rises at least 25-feet above the toe of the bluff and the grade of the slope from the toe of the bluff to a point 25-feet or more above the toe of the bluff averages 30% or greater;

10) *Vegetative cover and clearly delineating any revegetation proposed for removal;

11) *Wooded area and tree survey;

12) * Agricultural land preservation area(s);

13) *Map of soil types and infiltration rates;

14) *Hydrologic calculations for volume runoff, velocities, and peak flow rates for the l-year 24-hour storm event, 10-year 24-hour storm event, and 100-year 24-hour storm event. These shall include:

- Pre-existing peak flow rates
- Assumed runoff curve numbers
- Time of concentration used in calculations
- If a flood insurance study has been done by the National Flood Insurance Program, the 100-year flood elevation with and without the floodway.

15) *Bankfull discharge rate (1.5-year recurrence interval) of creek or stream

if there is a waterway on the site or if the site discharges directly to a waterway~~; and~~.

c) Site construction plan. A site construction plan including:[46]

1) Locations and dimensions of all proposed land disturbing activities and any phasing of those activities;

2) Locations and dimensions of all existing and new impervious surfaces;

3) Existing and proposed contours;

4) Existing and proposed direction of storm water flow and dividing lines;

5) Areas of steep slopes;

6) Areas to be protected from disturbance during construction, including but not limited to existing and proposed buffer strips;

7) Surface waters, existing wetlands, and storm water basins within 1.0-mile of the site which will receive storm water from the project;

~~2) Locations and dimensions of all temporary soil or dirt stockpiles;~~

8) Locations and dimensions of all temporary and permanent BMPs;

9) Tabulation of estimated BMP quantities;

~~3)~~10) ~~construction site erosion control measures necessary to meet the requirements of this ordinance;~~ Locations and dimensions of all areas to be not disturbed and/or protected during construction;

~~4)~~11) Schedule of anticipated starting and completion date of each land disturbing activity including construction phasing ~~the~~and ~~-~~installation of construction site erosion control measures needed to meet the requirements of this ordinance; and

12) Provisions for maintenance of the construction site erosion control measures during construction.

~~5)~~13) Sites disturbing 1.0 acres or more shall submit a SWPPP that complies with the Minnesota Construction Stormwater General Permit to the City and obtain a permit from the MPCA prior to beginning of any land disturbance activity.

~~6) NPDES permit.~~[47]

[46] The list of information to be included in the site construction plan has been updated to match the requirements of the Construction Stormwater Permit.

[47] The NPDES permit cannot be obtained until there is a project SWPPP. The Developer should not obtain the permit before the City review.

d) Plan of final site conditions. A plan of final site conditions on the same scale as the existing site map showing the site changes including:

1) Layout of proposed streets showing the proposed names, the right-of-way widths, centerline gradients and typical cross sections;

2) Location and width of proposed pedestrian ways and utility easements;

3) Lot sizes, layout, numbers and preliminary dimensions of lots and blocks;

4) Minimum building setback lines as required by the zoning ordinance;

5) Areas and size of areas other than streets, alleys, pedestrian ways and utility easements, intended to be dedicated or reserved for public use;

6) Finished grading shown at contours at the same interval as provided above or as required to clearly indicate the relationship of proposed changes to existing topography and remaining features;

7) A drainage plan of the developed site delineating in which direction and at what rate storm water will be conveyed from the site and setting forth the areas of the site where storm water will be allowed to collect;

8) Location of proposed public sewer and water mains;

9) * A landscape plan, drawn to an appropriate scale, including dimensions and distances and the location, type, size and description of all proposed landscape materials and proposed ground cover (final stabilization) which will be added to the site as part of the development;

10) Hydrologic calculations for volume runoff, velocities, and peak flow rates for the 1-year 24-hour storm event, 10-year 24-hour storm event, and 100-year 24-hour storm event. These shall include:

- Post-construction peak flow rates with no detention
- Post-construction peak flow rates with detention
- Assumed runoff curve numbers
- Time of concentration used in calculations
- If a flood insurance study has been done by the National Flood Insurance Program, the 100-year flood elevation with and without the floodway.

11) *Bankfull discharge rate (1.5-year recurrence interval) of creek or stream if there is a waterway on the site or if the site discharges directly to the waterway;

12) ~~*Normal water level, high water~~OHW ~~level~~, 100-year high water level, and emergency overflow elevations for the site;

13) A maintenance plan indicating the responsible party or parties charged with the long-term maintenance, repair, or replacement of any privately owned storm water conveyance and retention facilities. Such plan shall also include information on the intended final ownership of the properties containing such facilities and the means by which inspection, maintenance, repair, or replacement when necessary shall be funded and accomplished;~~. And~~ and

14) Any other information pertinent to the particular project that, in the opinion of the appropriate Department of the City, is necessary for the review of the project.

e) *Models/Methodologies/Computations. Hydrologic models and design methodologies used for determining runoff characteristics and analyzing Storm Water Management structures shall be approved by the City ~~City Engineer~~. Plans, specifications and computations for storm water management facilities submitted for review shall be sealed and signed by a registered professional engineer. All computations shall accompany~~appear on~~ the plans submitted for review, unless otherwise approved by the ~~City Engineer~~City.

Section 6.0 Storm Water Management Plan Review Procedure

6.1 Process.

a) Subdivisions. Storm Water management plans meeting the requirements of Section 5 shall be reviewed by ~~both the Community Development Department and the Engineering Department~~the appropriate Departments of the City and reviewed in accordance with the Standards of Section 7. Their findings shall be forwarded to the Planning Commission prior to their approval of the final plat of the subdivision. Staff findings shall include recommendation for approval; approval with conditions or modifications; or denial based on submission of incomplete plans, failure to meet ordinance provisions, or incompatibility with overall City drainage plans. Following Planning Commission approval of both the Storm Water Management Plan and final subdivision plat, the final plat with Storm Water Management Plan shall be submitted with any recommendations and conditions to the City Council at its next regular meeting. City Council action on the final plat and Storm Water Management Plan must be accomplished within 60 days

following the date the application for approval is filed with and accepted by the ~~Community Development Department~~appropriate Department of the City unless an extension is requested per applicable State Statute.

b) ~~Building~~ Permits. Storm Water management plans meeting the requirements of Section 5 shall be reviewed by ~~both the Community Development Department and the Engineering Department~~the appropriate Departments of the City for compliance with the standards of Section 7. Within 30 days of the filing of the plan, City staff shall contact the applicant or their agent on the review findings and indicate approval; approval with certain conditions or modifications; or denial based on submission of incomplete plans, failure to meet ordinance provisions, or incompatibility with overall City drainage plans. If the plan is denied by the City, the applicant or their agent shall have 45 days from this initial contact to resubmit plans for review under the original application and with no additional processing and review fee. Upon approval of the Storm Water Management Plans, the applicant or their agent shall be notified of compliance. ~~Building p~~Permits involving such non-exempted land disturbance activities shall not be issued until such notice of compliance is given.

~~c) Land Disturbing Activities Not Requiring a Building Permit. Storm Water management plans meeting the requirements of Section 5 shall be reviewed by the Engineering Department for compliance with the standards of Section 7. Within 30 days of the filing of the plan, City staff shall contact the applicant or their agent on the review findings and indicate approval; approval with certain conditions or modifications; or denial based on submission of incomplete plans, failure to meet ordinance provisions, or incompatibility with overall City drainage plans. If the plans are denied by the City the applicant or their agent shall have 45 days from this initial contact to resubmit plans for review under the original application and with no additional processing and review fee. Upon approval by the Engineering Department of the Storm Water Management Plan, the applicant or their agent shall be notified of compliance. Subject to any other applicable statutes, ordinances, rules and regulations, permits or other such approvals for such non-exempted land disturbing activities shall be issued.~~ [48]

6.2 Duration. Approval of a plan submitted under the provisions of this ordinance shall expire one year after the date of approval unless construction has commenced in accordance with the plan. Prior to the date of expiration the applicant or their agent may submit to the appropriate Departments of the City~~Community Development Department~~

[48] The updates to paragraphs a) and b) of this section make this paragraph unnecessary.

~~or Engineering Department, as applicable~~, a written request for an extension of time to commence construction activities. This request shall include the reasons for the requested extension and a projected timetable for construction and completion. An extension of not greater than one single year may be granted by the ~~Department~~City. Receipt of any request for an extension shall be acknowledged by the ~~Department~~ City within 15 days and a final decision on the extension shall be made within 30 days of receipt.

6.3 Conditions. A Storm Water Management Plan may be approved subject to compliance with conditions reasonable and necessary to insure that the requirements contained in this ordinance are met. Such conditions may, among other matters, limit the size, kind or character of the proposed development, require the construction of structures, drainage facilities, storage basins and other facilities, require replacement of vegetation, establish required monitoring procedures, stage the work over time, require alteration of the site design to insure buffering, and require the conveyance to the City of Isanti or other public entity of certain lands or interests therein.

6.4 Financial Securities~~,~~. The applicant shall provide security for the performance of the work described and delineated on the approved grading plan involving the ~~storm water pollution control plan~~SWPPP[49] and any storm water and pollution control plan related remedial work in an amount as identified in the current City of Isanti Fee Schedule.

The financial security shall be by cash deposit to the City, Letter of Credit or bond as identified ~~in the Developer's Agreement~~as identified in the Developer's Agreement, City Fee Schedule, or the ERP. In the case of a discrepancy the Developer's Agreement shall take precedence over the City Fee Schedule which shall take precedence over the ERP.[50]

6.5 Maintaining the Financial Security. As identified in the Developer's Agreement.

6.6 Action Against the Financial Security. The City of Isanti may act against the financial security if any of the conditions listed below exist. The City shall use funds from this security to finance remedial work undertaken by the City or a private contractor under contract to the City and to reimburse the City for all direct costs incurred in the process of remedial work including, but not limited to, staff time and consultant fees.

a) The developer ceases land disturbing activities and/or filling and abandons the work site prior to completion of the grading plan.

b) The developer fails to conform to the grading plan and/or the ~~storm water pollution control plan~~SWPPP[51] as approved by the City.

c) The techniques utilized under the ~~storm water pollution control~~

6.7 Returning the Financial Security. If not defined in a Development Agreement, the security deposited with the City for faithful performance of the work shown on the grading plan and/or SWPPP[53] ~~storm water pollution control plan~~ and any ~~storm water and pollution control plan~~ related remedial work ~~to finance necessary remedial work~~ shall be released one full year after the completion of the installation of all permanent[54] storm water pollution control measures as shown on the grading plan and/or the ~~storm water pollution control plan~~SWPPP.

6.8 Fees. All applications for Storm Water Management Plan approval shall be accompanied by a processing and approval fee as determined by the City Council.

Section 7.0 Storm Water Management Plan Approval Standards

7.1 No Storm Water Management Plan which fails to meet the standards contained in this section shall be approved.

7.2 [55]~~All Storm Water Management Plans must be prepared in accordance with the City of Isanti Storm Water Management Plan and Engineering Design Standards, as amended from time to time.~~ Storm Water Rate and Water Quality.

a) For new development release rates, volume, TSS, and TP from the site on an annual average basis shall not increase over the predevelopment 24-hour 2-year, 10-year and 100-year peak storm discharge rates, based on the last 10-years of how that land was used. Also accelerated channel erosion must not occur as a result of the proposed activity.

b) For redevelopment there shall be a net reduction on an annual average basis for release rates, volume, TSS, and TP from the pre-project conditions predevelopment 24-hour 2-year, 10-year and 100-year peak storm discharge rates, based on the last 10-years of how that land was used. Also accelerated channel erosion must not occur as a result of the proposed activity.

c) Oil and grease control. Where the potential for pollution by oil, grease, or both, exists, the City may require installation of an oil and grease removal device designed to handle the volume and type of material anticipated.

d) For projects where site constraints limit the ability to provide the required

[54] Clarification that the security will not be released until 1-year after completion of permanent measures.

control practices within the project boundary; the project shall provide for downstream improvements for that portion that cannot be treated within project boundaries. Such projects may include:

1) Linear projects where reasonable effort has been made to obtain sufficient right-of-way to install required control practices and said efforts have been unsuccessful;

2) Sites where infiltration is prohibited;

3) Other locations as determined by the City.

e) Projects that have made reasonable effort but been unable to fully meet TSS and TP requirements within the project limits may upon authorization by the City utilize the following methods to meet that portion not met onsite:

1) Provide treatment that yields the same benefits in an offsite location to the same receiving water that receives runoff from the project site. If this is not feasible then;

2) Provide treatment that yields the same benefits in an offsite location within the same Minnesota Department of Natural Resources catchment area as the project site. If this is not feasible then;

3) Provide treatment that yields the same benefits in an offsite location within an adjacent Minnesota Department of Natural Resources catchment area up-stream of the project site. If this is not feasible then;

4) Provide treatment that yields the same benefits at a site approved by the City.

f) Offsite mitigation authorized by the City shall be completed within 24-months of the beginning of construction on the permitted site.

g) Applicants shall provide documentation showing compliance with the rate and quality requirements of this ordinance. Acceptable documentation options shall be:

1) For Rate and Volume:

- Calculations shall be by a methodology listed in the MPCA Stormwater Manual or other method approved by the City.
- For agricultural land subject to this section, the maximum runoff curve number (RCN) used in such calculations shall be 51 for HSG A, 68 for HSG B, 79 for HSG C, and 84 for HSG D.
- Heavily disturbed sites will be lowered one permeability class for

hydrologic calculations. Lightly disturbed areas require no modification. Where practices have been implemented to restore soil structure to pre-developed conditions, no permeability class modification is required.

2) For TSS and TP:

- Calculations shall be done using the Minimal Impact Design Standards (MIDS) Calculator available on the MPCA website, or
- Other method approved by the City.

~~7.2~~7.3 Site dewatering. Water pumped from the site shall be treated by temporary sedimentation basins, grit chambers, sand filters, upflow chambers, hydro-cyclones, swirl concentrators or other appropriate controls as appropriate. Water may not be discharged in a manner that causes erosion or flooding of the site or receiving channels or a wetland.

~~7.3~~7.4 Waste and material disposal. All waste and unused building materials (including garbage, debris, cleaning wastes, wastewater, toxic materials or hazardous materials) shall be properly disposed of off-site and not allowed to be carried by runoff into a receiving channel or storm sewer system.

~~7.4~~7.5 Tracking. Each site shall have graveled roads, access drives and parking areas of sufficient width and length to prevent sediment from being tracked onto public or private roadways. Any sediment reaching a public or private road shall be removed by street cleaning (not flushing) before the end of each workday.

~~7.5~~7.6 Drain inlet protection. All storm drain inlets shall be protected during construction until control measures are in place with an appropriate inlet protection measure~~straw bale, silt fence or equivalent barrier~~[56] meeting accepted design criteria, standards and specifications contained in the MPCA publication "Protecting Water Quality in Urban Areas.

~~7.6~~7.7 Site erosion control. The following criteria apply only to construction activities that result in runoff leaving the site.

a) Channelized runoff from adjacent areas passing through the site shall be diverted around disturbed areas, if practical. Otherwise, the channel shall be protected as described below. ~~Sheetflow~~Sheet flow runoff from adjacent areas greater than 10,000 square feet in area shall also be diverted around disturbed areas, unless shown to have resultant runoff rates of less than 0.5 cubic feet per second across the disturbed area for the one-year storm. Diverted runoff shall be conveyed in a manner that will not erode the

[56] Revised to specify a result instead of a method.

conveyance and receiving channels.

b) All activities on the site shall be conducted in a logical sequence to minimize the area of bare soil exposed at any one time.

c) Runoff from the entire disturbed area on the site shall be controlled by meeting either subsections 1 and 2 or 1 and 3.

1) All disturbed ground left inactive for fourteen or more days shall be stabilized by seeding or sodding (only available prior to September 15) or by mulching or covering or other equivalent control measure.

2) For sites with more than ten acres disturbed at one time, or if channel originates in the disturbed area, one or more temporary or permanent sedimentation basins shall be constructed. Each temporary sedimentation basins must be designed and constructed according to the following requirements:

- The basins must provide live storage for a calculated volume of runoff from a 2-year, 24-hour storm from each acre drained to the basin, except that in no case shall the basin provide less than 1,800 cubic feet of live storage from each acre drained to the basin, or where the calculation has not been performed, a temporary sediment basin providing 3,600 cubic feet of live storage per acre drained to the basin shall be provided for the entire drainage area of the temporary basin.
- Temporary basin outlets must be designed to prevent short-circuiting and the discharge of floating debris.
- The basin must be designed with the ability to allow complete basin drawdown for maintenance activities, and must include a stabilized emergency overflow to prevent failure of pond integrity.
- The outlet structure must be designed to withdraw water from the surface in order to minimize the discharge of pollutants, except that the use of a surface withdrawal mechanism for discharge of the basin may be temporarily suspended during frozen conditions.
- Energy dissipation must be provided for the basin outlet [57]
- ~~Each sedimentation basin shall have a surface area of at least one percent of the area draining to the basin and at least three feet of~~

[57] The MS4 Permit requires that the City Ordinance include provisions for use of temporary sedimentation basins. The wording used here is taken from the Construction Stormwater Permit.

~~depth and constructed in accordance with accepted design specifications. Sediment shall be removed to maintain a depth of three feet.~~ The basin discharge rate shall also be sufficiently low as to not cause erosion along the discharge channel or the receiving water.

~~2)~~3) For sites with less than ten acres disturbed at one time, ~~silt fences, straw bales, or equivalent~~ erosion and sediment control measures shall be placed along all sideslope and downslope sides of the site. If a channel or area of concentrated runoff passes through the site, silt fences shall be placed along the channel edges to reduce sediment reaching the channel. The use of ~~silt fences, straw bales, or equivalent~~ erosion and sediment[58] control measures must include a maintenance and inspection schedule.

d) Any soil or dirt storage piles containing more than ten cubic yards of material should not be located with a downslope drainage length of less than 25-feet from the toe of the pile to a roadway or drainage channel. If remaining for more than seven days, they shall be stabilized by mulching, vegetative cover, tarps, or other means. Erosion from piles which will be in existence for less than seven days shall be controlled by placing sediment control measures~~straw bales or silt fence barriers~~[59] around the pile. In-street utility repair or construction soil or dirt storage piles located closer than 25-feet of a roadway or drainage channel must be covered with tarps or suitable alternative control, if exposed for more than seven days, and the stormdrain inlets must be protected with ~~straw bale or other~~ appropriate filtering barriers.

~~7.7 Storm Water management criteria for permanent facilities~~

7.8 ~~An applicant shall install or construct, on or for the proposed land disturbing or development activity, all storm water management facilities necessary to manage increased runoff so that the one year-, ten year, and 100 year storm peak discharge rates existing before the proposed development shall not be increased, and accelerated channel erosion will not occur as a result of the proposed land disturbing or development activity.~~ [60]The City may require, at their discretion, an applicant to make an in-kind or monetary contribution to the development and maintenance of ~~community~~ City storm water management facilities designed to serve multiple land disturbing and development activities undertaken by one or more persons, including the applicant.

[58] Revised to avoid specifying a method of meeting the requirements.
[59] Revised to avoid specifying a method of meeting the requirements.
[60] The previous sections are no longer needed with the insertion of the MS4 required wording.

7.9 The applicant shall give consideration to reducing the need for storm water management facilities by incorporating the use of natural topography and land cover such as wetlands, ponds, natural swales and depressions as they exist before development to the degree that they can accommodate the additional flow of water without compromising the integrity or quality of the wetland or pond.

7.10 The following storm water management practices shall be investigated in developing a Storm Water Management Plan in the following descending order of preference:[61]

a) Protect and preserve as much natural or vegetated area on the site as possible, minimizing impervious surfaces. Direct runoff to vegetated areas rather than to adjoining streets, storm sewers and ditches.

b) Flow attenuation of treated storm water by the use of open vegetated swales and natural depressions.

c) Infiltration of runoff on site. The water quality volume that must be infiltrated on sites which create 1.0 or more acres of new impervious shall be one (1) inch of runoff from the new impervious surfaces created by the project.

1) Calculations shall use the appropriate HSG Classification and saturated infiltration rates unless specific rates are measured by a registered soil scientist except that the design infiltration rate shall be no greater than 1/2 the observed rate or 0.25 in/hour for HSG B soils, or 0.5 in/hour for HSG A soils.

2) Infiltration shall be prohibited where:

- Industrial facilities not authorized to infiltrate industrial storm water under an NPDES/SDS Industrial Stormwater Permit issued by the MPCA,
- Vehicle fueling and maintenance occur,
- Less than three (3) feet of separation distance from the bottom of the infiltration system to the elevation of the seasonally saturated soils or the top of bedrock can be achieved.
- High levels of contaminants in soil or groundwater will be mobilized by the infiltrating storm water.

3) Infiltration shall be restricted without higher engineering review, sufficient to provide a functioning treatment system without adverse impacts to groundwater, when:

[61] The order of preference has been updated to match the order specified by the MS4 Permit.

- Soil infiltration rates are more than 8.3 inches per hour.
- Soils are predominately HSG D (clay), except where soil amendment will allow for appropriate infiltration.
- Within the City's Drinking Water Supply Management Area (DWSMA)

4) Stormwater detention facilities; and

5) A combination of successive practices may be used to achieve the applicable minimum control requirements specified in in this ordinance. The applicant shall provide justification for the method selected.

7.11 Projects must include creation of new or retrofit existing structural storm water BMPs or utilize properly designed regional structural storm water BMPs. Routine maintenance of existing structural storm water BMPs does not meet the requirement to provide storm water management under this division.

7.12 Structural Stormwater BMPs installed to fulfill the requirements of this Ordinance shall be maintained in compliance with the approved maintenance plan. Where no plan is in place they shall be maintained in compliance with accepted Industry Standard and Minnesota Pollution Control Agency recommendations. No Structural Stormwater BMPs shall be removed or altered in such a way to decrease structural Stormwater BMPs effectiveness without:

a) Authorization of the City; and

b) Providing new or improved Structural Stormwater BMPs providing or exceeding that amount lost due to the alteration or removal.

7.13 Detention Basin Design, excluding those facilities with a permanent pool depth, shall be designed according to the most current technology as reflected in the MPCA publication Protecting Water Quality in Urban Areas, and shall contain, at a minimum, the following design factors:

a) Calculations shall be provided showing treatment volume that meets Construction Stormwater General Permit;

b) Basin depth less than 3.5-feet as measured from the floor elevation to the overflow elevation unless authorized by the City;

c) Drainage easements must cover the back-to-back 100-year high water level;

d) Minimum vegetative buffer around outlet of 16.5-feet;

e) Basin slopes shall be no steeper than 4:1;

f) Heavy machinery traffic shall not be allowed in the basin area at any time

during design or construction of the basin;

g) Seeding shall meet City standards for infiltration basins.

h) Rain gardens shall be planted with native plants approved by the City and appropriate to the soil type and hydrologic budget.

~~1) Natural infiltration of precipitation on site such as Rain Gardens;~~

~~2) Flow attenuation by use of open vegetated swales and natural depressions; and~~

7.15 Buffer protection for Rivers, Stream, Lakes and Wetlands.

a) All projects must meet the requirements of the Wetlands Conservation Act and MN Statutes regarding vegetative buffers.[67]

b) All projects must meet the Isanti County Technical Evaluation Panel requirements, and shall provide a letter certifying the same.

c) All projects must meet the Army Corp of Engineers requirements if applicable, and shall provide a letter certifying the same.

d) A protective buffer strip of natural vegetation including grass, rye and native prairie grasses, at least 50 feet in width from the high-water level shall surround all wetlands, retention, and detention basins and 100-foot from a special or impaired water.

[66] This section is no longer needed since it conflicts with the MN Stormwater Manual.
[67] Reference to MN Statute.

1) Detailed buffer design in site specific, and therefore, the City may require a larger buffer than the minimum specified.

2) Buffer strip width may be modified with approval of the City based on the topography of the area where such change shall provide equal or improved protection to the resource and such that the modified buffer strip shall provide the resources a total buffer area equal to that provided by an unmodified buffer strip.

e) Any existing drain tile shall be modified as part of the project to eliminate short circuiting of the buffer strip.

f) New or enhanced buffer strips shall be maintained by the applicant for the later of 1-year after completion of the project or acceptance by the City.[68]

~~d)~~g) ~~A minimum 30-foot buffer strip of native vegetation around all wetlands shall be maintained. Wetland b~~Buffer zones shall be clearly identified with City approved monuments at all lot lines. For large lot developments, additional monuments may be required at City staff discretion.

~~1) A 75-foot buffer along streams, lakes, rivers and special waters identified in the NPDES construction permit shall be maintained at all times using native vegetation.~~

~~2) Detailed buffer design is site specific, and therefore, the City may require a larger buffer than the minimum specified. The applicant shall maintain the buffer for the first year after completion of the project.~~[69]

7.16 Steep slopes. No land disturbing or development activities shall be allowed on slopes of 18 percent or more.

7.17 Inspection and maintenance. All storm water management facilities shall be designed to minimize the need of maintenance, to provide access for maintenance purposes and to be structurally sound. All storm water management facilities shall have a plan of operation and maintenance that assures continued effective removal of pollutants carried in storm water runoff.

a) The ~~City Engineer~~City, ~~or designated representative~~, may inspect all storm water management facilities during and after construction as deemed necessary by the City. ~~The inspection records will be kept on file at the Engineering Department for a period of 6 years.~~[70]

[68] Incorporates the required Buffer Law wording into the Ordinance.

[69] This section is more stringent than the current MN Buffer Law. The wording has been removed.

[70] Revised to eliminate reference to a specific position and to remove record keeping guidelines from the Ordinance.

b) The applicant shall provide access for inspection and maintenance of the storm water management facility. –It shall be the responsibility of the applicant to obtain and dedicate to the City any necessary permanent easements or other property interests to allow access to the storm water management facilities for inspection and maintenance purposes.[71]

c) The applicant shall be responsible for inspection and maintenance of all public storm water management facilities constructed with the project until final acceptance by the City. [72]

d) If the City finds that storm water facility maintenance is required during this period, a written notice shall be delivered to the developer. If the developer fails to take corrective action within the time period specified in the written notice, the City shall take corrective action to maintain the storm water facility.

e) The City shall keep a record of the total cost of the maintenance activity attributable to each lot or parcel of property and notify the property owner of the expense to be paid by the property owner. The City shall also notify the property owner that if the expense is not paid, the expense will be made a special assessment against the property.

f) On or before September 1 of each year, the City shall list the total unpaid charges for each type of current service against each separate lot or parcel to which they are attributable under this section. After notice and hearing as provided in M.S. § 429.061, the City Council may then spread the charges against the property benefited as a special assessment under M.S. § 429.101 and other pertinent statutes for certification to the County Auditor and collection along with the current taxes the following year or in annual installments, not exceeding ten, as the City Council may determine in each case.

g) In cases where cooperation is withheld, construction stop orders may be issued by the City, until all erosion and sediment control measures meet specifications. A second erosion and sediment control/grading inspection must then be scheduled and passed before the final inspection will be done.[73]

~~e)~~h) All infiltration areas must be inspected to ensure that sediment from ongoing construction activities is not reaching infiltration areas, and that these areas

are also being protected from soil compaction from the movement of construction equipment.[74]

~~7.17~~7.18 Models/methodologies/computations. Hydrologic models and design methodologies used for the determination of runoff and analysis of storm water management structures shall be approved by the ~~City Engineer~~City. Plans, specification and computations for storm water management facilities submitted for review shall be sealed and signed by a registered professional engineer. All computations shall appear on the plans submitted for review, unless otherwise approved by the ~~City Engineer~~City.

~~7.18~~7.19 All pond calculations submitted shall incorporate Soil Conservation Service (SCS) or National Resource Conservation Service (NRCS) methods. Show all calculations regarding curve numbers and time of concentration determinations.

~~7.19~~7.20 All pond calculations submitted shall show existing soil maps of the site to verify existing soil conditions.

~~7.20~~7.21 All drainage maps submitted for the existing and proposed conditions should show 2-foot contours, with drainage areas clearly labeled. Drainage area maps should be scaled no less than 1:100.

~~7.21~~7.22 Watershed Management Plans/Groundwater Management Plans. Storm Water management plans shall be consistent with adopted watershed management plans and groundwater management plans prepared in accordance with Minnesota Statutes section 103B.231 and 103B.255 respectively, and as approved by the Minnesota Board of Water and Soil Resources in accordance with State law.

~~7.22~~7.23 Easements. If a Storm Water Management Plan involves direction of some or all runoff off the site, it shall be the responsibility of the applicant to obtain from adjacent property owners any necessary easements or other property interests concerning flowage of water.

Section 8.0. Storm Water and Urban Runoff Pollution Control

8.1 ~~Illegal Disposal~~ Illicit Discharge[75]

a) No person shall throw, deposit, place, leave, maintain, or keep nor permit to be thrown, placed, left, maintained or kept, any refuse, rubbish, garbage, or any other discarded or abandoned objects, articles, ~~or~~ accumulations, or pollutants, in or upon any street, alley, sidewalk, storm drain, inlet, catch basin conduit or drainage structure, business place, or upon any public or private plot of land in the City, so that the same might ~~be or become a pollutant~~enter a public water, except in containers, recycling bags, or other

lawfully established waste disposal facility.

b) No person shall intentionally dispose of leaves, dirt, or other landscape debris into a street, road, alley, catch basin, culvert, curb, gutter, inlet, ditch, natural watercourse, flood control channel, canal, storm drain or any fabricated natural conveyance.

8.2 Illegal Discharges and Illicit Connections

a) No person shall cause any illegal discharge to enter the municipal storm water system unless such discharge:

1) Ceonsists of non-storm water that is authorized by an NPDES point source permit obtained from the MPCA; or

~~1~~)2) Is associated with fire-fighting activities.

~~a~~)b) No person shall use an illicit connection to intentionally convey non-storm water to the City storm water system.

8.3 Good Housekeeping Provisions. Any owner or occupant of property within the City shall comply with the following ~~g~~food housekeeping requirements:

a) No person shall leave, deposit, discharge, dump, or otherwise expose any chemical or septic waste in an area where discharge to streets or storm drain system may occur. This section shall apply to both actual and potential discharges.

b) Runoff of water from residential property shall be minimized to the maximum extent practicable. Runoff of water from the washing down of paved areas in commercial or industrial property is prohibited unless necessary for health or safety purposes and not in violation of any other provisions in the City's codes.

c) Storage of Materials, Machinery, and Equipment

1) Objects, such as motor vehicle parts, containing grease, oil or other hazardous substances, and unsealed receptacles containing hazardous materials, shall not be stored in areas susceptible to runoff.

2) Any machinery or equipment which is to be repaired or maintained in areas susceptible to runoff shall be placed in a confined area to contain leaks, spills, or discharges.

8.4 Removal of Debris and Residue

a) All motor vehicle parking lots located in areas susceptible to runoff shall be swept to remove debris. Such debris shall be collected and properly

disposed.

b) Fuel and chemical residue or other types of potentially harmful material, such as animal waste, garbage or batteries, which is located in an area susceptible to runoff, shall be removed as soon as possible and disposed of properly.

Section 9.0 Maintenance of Storm Water Facilities. The ~~community~~ City[76] requires that storm water facilities be maintained.

9.1 Private Storm Water Facilities - All private storm water facilities shall be maintained in proper condition consistent with the performance standards for which they were originally designed as shown in the approved construction plans on file with the City.

9.2 Removal of settled materials in private storm water facilities - All settled materials from ponds, sumps, grit chambers, and other devices, including settled solids, shall be removed and properly disposed of on a five (5) year interval. ~~One to five (5) year w~~Waivers from this requirement may be granted by the ~~community~~ City when the owner presents evidence that the facility has additional capacity to remove settled solids in accordance with the original design capacity. The waiver shall include an expiration date after which the owner will have six (6) months to remove all settled materials or obtain a waiver renewal from the City.[77]

9.3 Maintenance plan for Private Storm Water Facilities required - No private storm water facilities may be approved unless a maintenance plan is provided that defines who will conduct the maintenance, the type of maintenance and the maintenance intervals. The details shall be included in an agreement that shall be recorded against the property being developed. In addition, the agreement shall provide for:

a) Access in perpetuity for inspection of the facilities by the City.

b) Access in perpetuity for maintenance of the facilities should the City find that storm water facility maintenance is required and upon written notice the property owners fail to take corrective action with the cost of such maintenance to be paid by the property owner. [78]

~~9.3~~9.4 Maintenance-friendly design - All storm water facilities must be designed to minimize the need for maintenance, to provide easy vehicle and personnel access for maintenance purposes, and be structurally sound. It shall be the responsibility of the applicant to

~~9.4 Inspection. The community shall inspect all storm water facilities during construction, during the first year of operation, and at least once every five years thereafter.~~

~~9.5 Maintenance of Publicly Owned Storm Water Facilities. The community shall annually perform the maintenance of the in place storm water facilities within the community as provided for in the local water management plan or watershed management plan of affected watershed management organizations if there is no approved local water management plan. Further, the community shall notify the owners of other publicly owned storm water facilities if scheduled maintenance is needed according to periodic site inspections or maintenance plans on file.~~[79]

~~**Section 10.0. Inventory of Storm Water Facilities**~~

~~10.1 Upon adoption of this Chapter, the City shall inventory and maintain a database for all private and public storm water facilities within the City requiring maintenance to assure compliance with this ordinance. The City shall notify owners of public and private storm water facilities of the need for conducting maintenance at least every five years, starting in 2007.~~[80]

Section ~~11~~10.0. Enforcement. The City shall be responsible for enforcing this ordinance.[81]

10.1 Violations.

a) It shall be unlawful for any person to violate any provision or fail to comply with any of the requirements of this Ordinance. Any person who has violated or continues to violate the provisions of this Ordinance, may be subject to the enforcement actions outlined in this section or may be restrained by injunction or otherwise abated in a manner provided by law.

b) In the event the violation constitutes an immediate danger to public health or public safety, the City is authorized to enter upon the subject private property, without giving prior notice, to take any and all measures necessary to abate the violation and/or restore the property. The City is authorized to

[79] Removing sections 9.4 and 9.5 will not change the City's responsibility to inspection and maintain its facilities, but it allows the City to schedule and perform these duties in a cost effective manner.
[80] Section 10 is not required to be included in the Ordinance.
[81] The following information has been added to reference the new ERPs. The City is required to adopt a set of ERPs and reference them in Ordinance. These revisions also provide for enforcement outside the ERPs and for appeal.

seek costs of the abatement as outlined in this Ordinance.

10.2 The City has adopted an Enforcement Response Procedures (ERP) Document that that includes increasing penalties for Illicit Discharges of Pollutants. This document includes Written Notices, Citations, Cease and Desist Orders as well as revocation of permits. The ERP Document is hereby referenced as part of this Ordinance.

10.3 Suspension of MS4 Access.

a) The City may, without prior notice, suspend MS4 discharge access to a person when such suspension is necessary to stop an actual or threatened discharge which presents or may present imminent and substantial danger to the environment, or to the health or welfare of persons, or to the MS4 or waters of the United States. If the violator fails to comply with a suspension order issued in an emergency, the City may take such steps as deemed necessary to prevent or minimize damage to the MS4 or waters of the United States, or to minimize danger to persons.

b) Suspension Due to the Detection of Illicit Discharge

c) Any person discharging to the MS4 in violation of this Ordinance may have their MS4 access terminated if such termination would abate or reduce an illicit discharge. The City will notify a violator of the proposed termination of its MS4 access. The violator may petition the City for a reconsideration and hearing.

d) A person commits an offense if the person reinstates MS4 access to premises terminated pursuant to this Section, without the prior approval of the City.

10.4 Appeal of Suspension of MS4 Access.

a) Any person suspended from MS4 access may appeal the determination of the City. The notice of appeal must be received within 10 days from the date of the suspension. Hearing on the appeal before the City Council or its designee shall take place within 10 days from the date of receipt of the notice of appeal. The decision of the City Council or its designee shall be final.

10.5 Enforcement Measures After Appeal.

a) If the violation has not been corrected pursuant to the requirements set forth in the ERP, suspension of MS4 access, or, in the event of a denied appeal, within 10 days of the denial, then representatives of the City may enter upon the subject private property and are authorized to take any and all measures necessary to abate the violation and/or restore the property. It shall be unlawful for any person, owner, agent or person in possession of any

premises to refuse to allow the government agency or designated contractor to enter upon the premises for the purposes set forth above.

10.6 Cost of Abatement of the Violation.

a) Within 10 days after abatement of the violation, the owner of the property will be notified in writing of the cost of abatement, including administrative costs. The property owner may file a written protest objecting to the amount of the assessment within 10 days of the written notice. If the amount due is not paid within a timely manner as determined by the decision of the City or by the expiration of the time in which to file an appeal, the charges shall become a special assessment against the property and shall constitute a lien on the property for the amount of the assessment.

b) Any person violating any of the provisions of this article shall become liable to the City by reason of such violation. The liability shall be paid in not more than 5 equal payments. Interest at the rate of 18 percent per annum shall be assessed on the balance beginning on the 10th day following discovery of the violation.

10.7 Violations Deemed A Public Nuisance.

a) In addition to the enforcement processes and penalties provided, any condition caused or permitted to exist in violation of any of the provisions of this Ordinance is a threat to public health, safety, and welfare, and is declared and deemed a nuisance, and may be summarily abated or restored at the violator's expense, and/or a civil action to abate, enjoin, or otherwise compel the cessation of such nuisance may be taken.

10.8 Remedies Not Exclusive.

a) The remedies listed in this Ordinance are not exclusive of any other remedies available under any applicable federal, state or local law and it is within the discretion of the City seek cumulative remedies.

b) The City may recover all attorney's fees court costs and other expenses associated with enforcement of this Ordinance, including sampling and monitoring expenses.

~~10.1 Notification of Failure of the Storm Water Management Plan. The City shall notify the permit holder of the failure of the storm water pollution control plan's measures.~~

~~a) Notification by City. The initial contact will be by phone to the parties listed on the application and/or the storm water pollution control plan. Forty-eight (48) hours after notification by the City or seventy-two (72) hours after the failure of erosion control measures, the City, at its discretion, may begin~~

~~corrective work.~~

~~b) Erosion Off Site. If erosion breaches the perimeter of the site, the applicant shall immediately develop a cleanup and restoration plan, obtain the right of entry from the adjoining property owner, and implement the cleanup and restoration plan within forty-eight (48) hours of obtaining the adjoining property owner's permission. In no case, unless written approval is received from the City, may more than seven (7) calendar days go by without corrective action being taken. If in the discretion of the City, the permit holder does not repair the damage caused by the erosion, the City may do the remedial work required.~~

~~c) Erosion into Streets, Wetlands, or Water Bodies. If eroded soils (including tracked soils from construction activities) enter or appear likely to enter streets, wetlands, or other water bodies, cleanup and repair shall be immediate. The applicant shall provide all traffic control and flagging required to protect the traveling public during the cleanup operations.~~

~~d) Failure to do Corrective Work. When an applicant fails to conform to any provision of this policy within the time stipulated, the City may take the following actions.~~

~~1) Withhold the scheduling of inspections and/or the issuance of a Certificate of Occupancy.~~

~~2) Revoke any permit issued by the City to the applicant for the site in question or any other of the applicant's sites within the City's jurisdiction.~~

~~3) Direct the correction of the deficiency by the City staff or by a separate contract. The issuance of a permit constitutes a right of entry for the City or its contractor to enter upon the construction site for the purpose of correcting deficiencies in the erosion control.~~

~~4) All costs incurred by the City in correcting storm water pollution control deficiencies shall be reimbursed by the applicant. If payment is not made within thirty (30) days after costs are incurred by the City, payment will be made from the applicant's financial securities.~~

~~5) If there is an insufficient financial amount in the applicant's financial securities to cover the costs incurred by the City, then the City may assess the remaining amount against the property. As a condition of the permit, the owner shall waive notice of any assessment hearing to be conducted by the City, concur that the benefit to the property exceeds the amount of the proposed assessment, and waive all rights by virtue of Minnesota Statute 429.081 to challenge the amount or validity of assessment.~~

~~e) The City may at its discretion, take emergency actions to address conditions which may warrant immediate response without providing the notice described above.~~

~~10.2~~10.9 Notification of Need for Maintenance, Repair, or Replacement of Existing Private Storm Water Facilities of a Non-Critical Nature.

a) If upon inspection, the ~~Public Works Department~~City finds that any private storm water management facilities require maintenance, repair, or replacement, but such deficiencies do not create a critical or imminent threat to adjacent properties, the environment, or other storm water facilities; the party or parties responsible for the continued operation of the facilities shall be given:

1) written notice of the findings,

2) what actions are required to correct the situation,

3) and a timetable by which such activities must be completed.

b) Such parties shall have 15 days to reply to the ~~Public Works Department~~ City indicating their response to the notice.

c) If the responsible party or parties do not complete the necessary activities stipulated by the ~~Public Works Department, the City Council~~ City after notice and public hearing may order that such activities are completed by the City or its designated contractor and that all costs associated with such activities be certified by the ~~Public Works Director to the City Council~~City Administrator or designee to the City Council.

d) The amount so charged shall be a lien upon the properties benefiting from and utilizing the storm water facilities maintained, repaired or replaced and shall be added to, and become, and form part of the taxes next to be assessed and levied upon such properties, and the City Council shall, by appropriate resolution, assess the costs above mentioned against said properties, and certify the same to the County Assessor of Isanti County, Minnesota. The same shall be collected and enforced in the same manner as the collection of real estate taxes.

Section ~~12~~11.0 Right of Entry and Inspection.

11.1 Powers. The applicant shall allow the City ~~and their authorized representatives~~, upon presentation of credentials to:

a) Enter upon the permitted site for the purpose of obtaining information,

examination of records, conducting investigations or surveys.

b) Bring such equipment upon the permitted development as is necessary to conduct such surveys and investigations.

c) Examine and copy any books, papers, records, or memoranda pertaining to activities or records required to be kept under the terms and conditions of this permitted site.

d) Inspect the storm water pollution control measures.

e) Sample and monitor any items or activities pertaining to storm water pollution control measures.

Section ~~13~~12.0 Abrogation and Greater Restrictions. It is not intended to repeal, abrogate, or impair any existing easements, covenants, or deed restrictions. However, where this ordinance imposes greater restrictions, the provisions of this ordinance shall prevail. All other ordinances inconsistent with this ordinance are hereby repealed to the extent of the inconsistency only.

Section ~~14~~13.0 Severability. The provisions of this ordinance are severable, and if any provision of this ordinance, or application of any provision of this ordinance to any circumstance, is held invalid, the application of such provision to other circumstances, and the remainder of this ordinance must not be affected thereby.

Section ~~15~~14.0. Effective Date. This ordinance shall take effect upon its adoption and publication in the City's Official Newspaper.

Chairman Wimmer read the item into the minutes and opened the public hearing.

There was no one to speak on the matter. The public hearing was closed.

Motion by Lundeen second by Bergley to recommend approval of the request from First Fruits Land Development LLC for Final Plat Approval of Sun Prairie Third, legally described as Outlots H, Sun Prairie First Addition, Isanti County, Isanti, Minnesota based on the Findings of Fact and conclusions with the following conditions:

1. Upon approval of the Final Plat by the City Council, the City Clerk or his/her designee shall record it with the County Recorder's Office within ninety (90) days after the date of approval; otherwise, failure of the applicant to comply and submit the necessary items and fees for the recording of the Final Plat by the City shall be cause for revoking the City's approval and the Final Plat shall be considered void, unless the developer or applicant requests an extension, in writing and receives approval from the City Council. The City Council may approve up to two (2) extensions for a term not to exceed one (1) additional year for each extension. Fees associated with the recording of the Final Plat will be charged back to the developer or subdivider.

2. The subdivider shall immediately upon approval, furnish the City Administrator or his/her designee with three (3) full size mylar transparencies of the Final Plat, two (2) for the County and one (1) for the City. Three (3) additional 11 inch by 17 inches mylar transparencies shall be given to the City Planner, the City Clerk, and Isanti County. No building permits shall be issued until these conditions have been complied with.

Motion carried unanimously.

B. Request from Jon Solomonson for Final Plat Approval of Fairway Greens Phase 9, legally described as Outlot A, Fairway Greens Phase 7, Isanti County, Isanti, Minnesota.

Chairman Wimmer read the item into the minutes and opened the public hearing.

There was no one to speak on the matter. The public hearing was closed.

Motion by Lundeen second by Bergley to recommend approval of the request from Jon Solomonson for Final Plat Approval of Fairway Greens Phase 9, legally described as Outlot A, Fairway Greens Phase 7, Isanti County, Isanti, Minnesota based on the Findings of Fact and Conclusions with the following conditions:

1. Upon approval of the Final Plat by the City Council, the City Clerk or his/her designee shall record it with the County Recorder's Office within ninety (90) days after the date of approval; otherwise, failure of the applicant to comply and submit the necessary items and fees for the recording of the Final Plat by the City shall be cause for revoking the City's approval and the Final Plat shall be considered void, unless the developer or applicant requests an extension, in writing and receives approval from the City Council. The City Council may approve up to two (2) extensions for a term not to exceed one (1) additional year for each extension. Fees associated with the recording of the Final Plat will be charged back to the developer or subdivider.

2. The subdivider shall immediately upon approval, furnish the City Administrator or his/her designee with three (3) full size mylar transparencies of the Final Plat, two (2) for the County and one (1) for the City. Three (3) additional 11 inch by 17 inches mylar transparencies shall be given to the City Planner, the City Clerk, and Isanti County. No building permits shall be issued until these conditions have been complied with.

Motion carried unanimously.

C. Request from Brad Slawson for Approval of a Conditional Use Permit for the operation of a Restaurant at 404 Whiskey Road NW, Units F and G, and an Interim Use Permit for a Shared Parking Agreement between the Restaurant and PID 16.030.0901, Isanti County, Isanti, Minnesota.

Chairman Wimmer read the item into the minutes and opened the public hearing.

Adam Patneaude, 416 10th Ave NW, approached the podium. Patneaude asked what the bar would do for the community if it was opened. Will they give back through pull-tabs?

Chairman Wimmer stated pull-tabs would be considered charitable gambling. Chairman Wimmer asked for clarification from Mr. Patneaude if he wanted to know whether charitable gambling proceeds would be go back to the community. Patneaude indicated that was the question he was asking. Chairman Wimmer stated that's one of the things they look for when issuing permits for charitable gambling, is for them to give back to the community.

Patneaude asked if it would be a full bar. Chairman Wimmer stated it would be a bar and restaurant. Patneaude further asked if there would be food. Chairman Wimmer reiterated it's a bar and restaurant.

Patneaude asked if there would be security – bouncers or paid security. Chairman Wimmer stated he is not aware of any in Isanti that have that type of security. Patneaude indicated he knew of a few in Cambridge that had security.

Patneaude asked if there would be off-sale available. Chairman Wimmer clarified there would be no off-sale available. The only place allowed to have off-sale is Isanti Liquor.

Patneaude indicated that the reason he was bringing these questions up, is because he has had an issue in the past with litter from liquor and other trash, and he does not want it to increase.

Chairman Wimmer stated he understood the concern and that a conversation has been had with the new owners of the prospective new business to let them know Isanti takes all these items seriously. When liquor licenses are renewed each year, the business must be present at the City Council meeting. Chairman Wimmer further explained that liquor licenses are not a right, they are a privilege.

Chairman Wimmer closed the public hearing.

Motion by Kennedy second by Collison to approve the request from Brad Slawson for Approval of a Conditional Use Permit for the operation of a Restaurant at 404 Whiskey Road NW, Units F and G, and an Interim Use Permit for a Shared Parking Agreement between the Restaurant and PID 16.030.0901, Isanti County, Isanti, Minnesota based on the Findings of Fact and Conclusions and with the following conditions:

1. Providing proof of ownership of all parcels (16.030.0901, 16.108.0050, 16.108.0060 and 16.108.0070).
2. The signing and recording of the shared parking agreement.
3. Any handicapped parking spaces removed due to the installation of the outdoor patio area shall be designated elsewhere within the parking lot nearest to the entry as possible.
4. The applicant shall meet State requirements and obtain all necessary State permits with regards to Electrical, Plumbing, and Health.
5. The shared parking arrangement provided for is permitted and would meet the requirements of the Zoning Ordinance, based upon the existing use and the number of seats provided for by the petitioner at this time. However, should the petitioner expand the facility in the future by adding additional seating within the facility beyond the 96 identified within the initial request, additional parking will be required to meet the provisions of the Zoning Ordinance. Such additional parking shall meet the Off-Street Parking and Loading requirements of the Zoning Ordinance.

Motion carried unanimously.

5. Other Business.

A. None.

6. Other Communications.

A. None.

7. Adjournment

Motion by Bergley second by Lundeen to adjourn the January 17th, 2017 meeting of the Planning Commission. Motion was unanimously approved.

The meeting adjourned at 7:14 p.m.

Dated at Isanti, Minnesota this 17th day of January 2017.

Respectfully submitted,

CITY OF ISANTI
PARKS, RECREATION, AND CULTURE BOARD
MEETING MINUTES
January 24, 2017
City Council Chambers

1. Meeting Opening.

A. Call to Order.
Giese called the meeting to order at 6:00 p.m.

B. Pledge of Allegiance.
Everyone stood for the Pledge of Allegiance.

C. Roll Call.

Members Present:	Jennifer Garvey, Mayor Wimmer, James Witte, and Aaron Zdon
Staff Present:	Katie Everett, Community Events and Parks Coordinator
	Lindsey Giese, City Clerk/Human Resources

D. Agenda Modifications.
Giese asked if there were any agenda modifications. There were none.

Motion by Wimmer, second by Witte to approve the January 24, 2017 Parks, Recreation, and Culture Board Agenda. Motion was unanimously approved.

2. Organization of Advisory Bodies as per Chapter 8 of the Isanti City Code

A. Oath of Office for New Parks, Recreation, and Culture Board Member
Zdon stated the Oath of Office.

B. Chair of Parks, Recreation, and Culture Board
Giese asked if there were any nominations. Zdon stated he would continue if he was nominated. Wimmer nominated Zdon, Garvey seconded. Zdon was unanimously approved as Chair and lead the rest of the meeting.

C. Vice-Chair of Parks, Recreation, and Culture Board
Wimmer nominated Garvey, Witte seconded the nomination. Garvey was unanimously approved as Vice-Chair.

D. Secretary of Parks, Recreation, and Culture Board
Wimmer nominated Everett, Garvey seconded. Everett was unanimously approved as Secretary.

E. Approve Parks, Recreation, and Culture Board Meeting Dates
Zdon stated they are the standard dates, with no December meeting. Witte made a motion to accept the dates, Wimmer seconded the motion. Dates were unanimously accepted.

F. Discuss Parks, Recreation and Culture Board Member Involvement in other Boards.
Everett stated that in the past this was included because we had Zdon on the BMX Board. She put the item back on this year to see if there were any boards that PRC should know about. There were none.

G. Review of Conflict of Interest Policy – Resolution No. 2017-017

Wimmer stated there are no changes to the policy. He wanted to highlight something he usually talks to the City Attorney about after the presentation, and we ran into it at the Planning Commission meeting, which is not hanging around as a quorum. We had an issue with the Planning Commission that they were all hanging around after the meeting and were talking, which is a no-no. That is one thing people don't really think about, especially in a Park Board meeting in a relaxed setting, but if any business is being discussed it needs to be during the meeting and only during the meeting. If there are other events that we would all be at, like the opening of a park, that will be posted as well; just like when we do the park tour so that people know we're there. The other thing people don't think about is the daisy-chain type meeting, where if Wimmer were to talk to Garvey and then she talks to Zdon and they're talking about the same thing, that is a daisy chain meeting and is a violation of the open meeting law. Those are the two things that may go to the back of the mind; otherwise, most everybody knows not to get paid to make a decision or make a decision that benefits you personally. Everything else is the same, we just need the forms filled out and signed.

Everett stated that everyone has copies of the Conflict of Interest Policy, so if there is any discussion needed next month to let her know. If there are questions, she can ask the City Attorney. Garvey stated the Attorney is great at answering questions, so if anything comes up she recommended giving him a call.

3. Approval of Minutes from November 22, 2016 Parks, Recreation and Culture Board Meeting.

Motion by Wimmer. Second by Garvey. Vote was unanimously approved.

4. Schedule Annual Park Tour

Everett stated that this generally happens in April. Zdon stated that it should be fine by April 25; Garvey stated that we can always watch the weather and move it to May at the March meeting if we had to. Garvey motioned to have the tour in April; Witte seconded. The motion was unanimously approved.

5. 2017 Project Overview

Everett stated that the budget has started over, so she has listed some of the things that are included in the budget. There are other projects also included that she will update the board on when we have more information.

Everett stated there is money in the budget to order quite a few skate park panels, so we should be able to repair what is broken, but we'll have to reassess after winter if there are more than there were before. We will double check exactly what need and them get them ordered. The next step is deciding where the equipment will sit. Everett had talked with Wood (Public Services Director), and it sounds like one end or the other stays dry and the other collects water, so it may be a matter of just knowing where that is. She said she would imagine that it won't be warm enough before the April park tour to move things, so we can talk about it then. Garvey stated we can get a good idea of where the snow melt is now and keep watching it. Everett stated that there's probably water sitting on it this week, so she can go out and take a picture so we've got it.

Everett stated the next item listed is the money budgeted for the things related to what was on the priority list. Most of those things have been taken care of. One thing that was left were the slide mats. She stated that she had spoken with Harlan [playground rep] and he thought we may have mats that are buried underneath the woodchips, and that they're supposed to be about 12 inches down and are our "insurance." Everett had been assuming they were supposed to be sitting on top of the woodchips to keep them in place and give kids a soft place to land. She talked to another playground rep and he said they are supposed to be on the top. Everett stated that at this point since the slides were mostly put in by Harlan, we might actually have more than we know. It will be a matter of waiting until the ground thaws out and then Everett will go and find out. Everett stated we have quite a few slides and was wondering if the

original intent was to have them at the base of all of the slides or if there were priorities for them. Garvey asked if there was a requirement to have them. Everett stated there wasn't that she knew of, as long as we have the required depth of wood chips. From Harlan's perspective, it was extra insurance, because woodchips move so should a kid fall at the bottom of a slide, then the mat will be there. Zdon stated that he thought it should be a goal to have them at the base of all of the slides, otherwise the surface depth has to get a lot deeper. Then it saves labor and maintenance of putting the chips back all the time. Garvey asked if it had to be a specific slide mat, is there a certain depth to it. She remembered looking at the Fleet Farm ad and seeing horse stall mats that look like the exact same thing. Everett stated there are several kinds you can buy. Some are way thicker, and would be heavier so kids couldn't move them, but they get exponentially more expensive. The other playground rep we've been working with said that he can get what sounds like the same thing for $100. Everett stated she thinks it's just a rubber mat that's an inch thick, but she would have to look into the specifics.

Everett stated there is a slide at Bluebird on the Clifford equipment that has a hole in it. It looks like someone took an axe to it or something, there's a slice in it that we can't fix. We'll have to get a whole new slide. Coming from Harlan it will be about $700, which isn't awesome but it is what it is. That is one of the first things we're planning to get replaced. Everett stated she also talked with Harlan about the rock wall grips. They are fairly inexpensive, probably about $30 each, so we'll probably get enough to replace what's broken now and have a couple on hand.

Everett stated that we didn't have money for the hopscotch stencil last year. She stated to let her know if that is a priority this year, or if we wait until the end of the year again. Garvey stated that the slide is more important, Zdon agreed. Garvey stated that she would recommend waiting until the end of the year. Zdon stated he is still astonished by the price of a stencil. Everett stated that since we are going to wait, she can keep an eye out for sales on them or other options. Zdon said he would have his wife look at the preschool catalog.

Everett stated that the foul line marker at Unity Field is no longer white, but we can get the guys out to repaint it pretty inexpensively. Since we have new signs coming for Unity, we can spruce the place up all at the same time.

Everett stated that the light timers at Unity and Bluebird were being installed today. She hadn't heard if they were finished or not, but they should be very soon if they weren't. Hopefully that cuts down on those being on for extended periods.

Everett stated there is an item to discuss benches and tables. We have money to spend on them, but she wanted the PRC Board to give direction for what kind was wanted. She explained that in our experience, the steel ones are more durable, we have seen the Legacy ones get kind of carved up, but that happens to the steel ones too. Wimmer stated that the coated steel ones get chipped out; granted, we had a couple carved, but he likes the recycled plastic a lot better. Garvey stated you can sand it out in those and you can replace a slat. Zdon stated that it seems like with the steel ones you have to either replace it or recoat the whole thing. Everett stated that Public Works did repaint some of the steel ones last summer, and it was a lot of work. Zdon said he thought they looked really good, but if you look at the labor. He stated the plastic ones would also stick to the theme, since we have those going in elsewhere. Everett stated that they might be more expensive, but there are other vendors out there and she hasn't done much research yet. She said she would imagine it all kind of washes out and recycled plastic isn't really a new thing anymore so it's getting cheaper. Garvey asked if we needed a motion; Everett stated she didn't think so. Wimmer asked where we were looking at putting these in. Everett stated that what was intended for what's in the budget was for Mattson and what is now Isanti Hills Neighborhood Park, formerly Tot Lot. She stated that probably with the money we have that's about all we can do. Garvey asked if it would be one bench and table at each park. Everett stated that we will see; there are usually three tables at Mattson

under the pavilion. Zdon stated that there are aluminum benches down near the tennis courts and we have repaired those. Everett agreed that those seem to be in pretty good shape. That may be something that we look at on the park tour to see what we need and where they should go. She stated that there are different options for both benches and tables if we want them to stay where we put them, to get in ground mounts or cement mounts. In the meantime she will get pricing on the recycled style.

Everett stated the signs were the last item on this memo. Under the $5000 budget, we should have enough money to get signs for all of our parks to match what we have at River Bluff. She wanted to get an idea from PRC, because some of our parks don't have that kind of sign, whether we do something different at some places. Isanti Hills has a new name, so that is kind of a priority to get a new sign there. Mattson has this kind of sign as well as the wooden one. This style is faded, so to we should get that switched out so they match. Riverside's is faded, and Rum River Meadows is in better shape than most but is fading. Bluebird actually doesn't have a big sign that says that it's Bluebird Park. She stated that she doesn't know if we want one and where it should go. When you're entering in from this direction, there is a little one on a post that says "Welcome to Bluebird Park, follow our rules." Everett stated that she has found that a lot of people don't know what that park is called. She asked if the board had any ideas – if they wanted that kind of sign there. Her first inkling was to put a sign somewhere near the playground because that's where most of the traffic is headed, but there are so many ways to get into the park that there's not one way to come in and you'll see it right away. Garvey stated this can be another item at the tour. Zdon stated that it could maybe be a couple of smaller signs, and his thought would be a nice one up by the flagpole. Everett stated that would kind of a central place because technically the soccer complex is part of Bluebird Park. Everett stated that VFW Park is small and doesn't have as big of a sign. Right now there is a sign on the fence that says it's a Veterans' Park, and she didn't know if we wanted to keep that sign because it's part of the VFW or if we wanted to get another sign that matches ours that fits on the fence. Garvey stated she thought we should get something that matches the rest because she doesn't think most people realize it is actually a City park. She thinks that if there is a sign that matches the other city parks, people will think this is a City Park. Everett stated that she thought the size of what we have at River Bluff might be overwhelming for VFW. Zdon stated that he thought something smaller that could be fence mounted would be good. Garvey agreed. Everett stated the last one to consider would be Eagle Park. She had put together before kind of a custom street sign on a fancy post that would also say home of the Farmer's Market, so anytime people were there they would know that the farmer's market happens and that's where they should go. She thought it might also help if we post a name for that place, it might help people know we watch what happens there. One thought about that is that Everett didn't know if Eagle Park has ever been officially named Eagle Park. Wimmer stated that it has not. Wimmer stated he is not a huge fan of designating it a City Park, but it became known that way because it was an Eagle Scout project that was done there with the cement picnic table. That's how it came to be, but it's a parking lot with a nice green space in the middle, and that's what it is. We have listed it as Eagle Park and that type of thing. Garvey asked if we list it in the brochure that that's what the name of it is. Everett confirmed that it is, and all of the Farmer's Market things say it's at Eagle Park, which doesn't do a lot for people who don't know where Eagle Park is. Wimmer said he's never liked that it's been designated that way and it's not something the City has done, it's just kind of tradition. He would rather have it called something like "Farmer's Market Square," or something, he didn't know what it would be, but something along that line. It doesn't fit our definitions of a park at all. Zdon said he liked the street sign idea, and maybe at the next meeting we should talk about what goes on it. Then when the Farmer's Market comes around it has a name. Garvey asked when the Isantian is coming out. Everett stated it won't be coming out until April 3rd. Garvey asked if we would have time for changes after next month's meeting. Everett stated that she thought we would. Everett said other sign things she included were Legacy Park – she assumed that sign was meant to be temporary, so it would make the most sense to wait until that gets moved, and the board agreed – and she didn't think we wanted to put a new fancy sign at Whisper Ridge right now. She stated if they agreed with those things, she would put together a plan and figure out what that would cost.

6. Legacy Award Nominations for Consideration by the PRC Board

Wimmer stated that he wanted to clarify because there are some not accurate statements in the memo. First, the council doesn't decide. We get the nominations in, and if they fit the criteria, this board makes nominations to the mayor, and the mayor decides. It is handled through the mayor and not the council. The range, it is of Isanti residents and what they have done within the community. He would have to take a further look to see if it's really fitting what we're trying to do, which is bringing regional, statewide or national positive recognition to the City of Isanti. Everett stated that she included the second one who is not a resident because in our policy it lists "and those members of organizations within the City of Isanti," so she didn't want to make the decision to leave them out and left them there for the board's consideration, acknowledging they are not city residents. Garvey asked the last time we had something like this come up.Mayor Wimmer stated we have had two so far. One was the national ranked BMX riders, and the other the state champion Odyssey of the Mind team from School for All Seasons. Garvey stated that she didn't remember them.. Everett stated she couldn't find them in the history either, but the policy said they're supposed to. She stated that part of this discussion is to also see what should be changed in the policy to make the process more clear – if it's something that is the mayor's award, does it make sense to discuss them here, she didn't know. Zdon stated they did come through, but the BMX was three years ago. Wimmer added that Odyssey of the Mind might have been 2015. Zdon asked if the board will be discussing it. Wimmer stated that the process is to try to get applications in, the biggest issue he thinks has been getting the word out that it exists. He said we did have somebody apply last year, kind of in this same vein that had done scouting and was retiring or something along those lines. That is a very nice thing, but the reason he had created the award was that they helped bring recognition to the community from a regional, state, national level. This applicant again is a person who looks like they've done great doing wonderful things, but doesn't fit that criteria of bringing the recognition to the city. Zdon said that what would maybe, without seeing the article, was that it was published nationally. Wimmer stated, yes, but unless the article is about Isanti it's not bringing the city recognition. Wimmer stated he would take a look at that angle of it if it does. Wimmer stated it should show our community. From the education standpoint the state champion Odyssey of the Mind team, or with the BMX, they are kind of our ambassadors and have done a great job highlighting what can happen being here. Zdon also shared that the news just came out that the BMX track was rated #1 in the nation two years in a row. Everett asked if we were going to discuss any changes to the policy here, or if we would look at it later. Zdon said we'll shelf it for now; Wimmer agreed.

7. Mattson Tennis Court Discussion

Everett stated that over the course of the year last year – Josi had started the project – we were looking at whether or not we could just fill cracks on the tennis courts, and they are too big to do that. We had a few companies come out and give us estimates for what it will cost, and it's a lot. Everett wanted to get the board's input on how big of a priority this was. Wimmer asked when this was done last. Everett stated she didn't know, but it's been a while. Zdon stated it hasn't been terribly long because it's been since he has been on the board. Garvey asked if that was filling cracks, and Zdon and Wimmer agreed that it had been completely redone, maybe 10 years ago. Everett stated she will find out. Wimmer also wanted to find out what the life expectancy is supposed to be. Zdon stated he thought it would be longer than that. Wimmer agreed, but stated he's not an expert. Wimmer stated we need to go back and find out when it was, because it was a major renovation to the courts, and what is the life expectancy. Zdon stated then we can budget accordingly. If it is only ten years, then we'll deal with it. Everett stated the estimates came back in varying levels of detail. Some of them were very clear about what they were going to do and how long the options available would last. She will look closer at those. Zdon stated it looks like it's going to be about $14,000. Garvey asked Everett if she had seen the email from MRPA about USA Tennis giving grants. Everett stated she doesn't get those emails; Garvey stated she will find it and forward it.

8. Mini Grant Opportunity

Everett explained that we received a Partners in Healthy Living grant last year to get the picnic table and bench out at the community garden. They have left the "project" open, so this year again we are eligible to apply for $1000 from Partners in Healthy Living. Everett explained when she wrote the memo, she had a question out to the person she works with at the County, asking what we would be most likely to get money for. The things listed here are what we have in the budget, but of course if we don't have to spend our money on them, that would be better. The answer back was that yes, we can get money for more raised beds and we can get money to help with a new shed for sure – their max size is 8' x 10', but we can only have 6' x 8', so that's fine. They wanted more information about what we would need to buy for a kids' area, they're kind of particular about things that are set up versus on going, etc. The shaded area was less clear; if it was going to be a picnic table that we were getting an umbrella to go with, we'd have a better chance, but they weren't sure we would be able to get that covered. As far as how many raised beds we need – we had three last year, all three were used, but we had two different families so one person had one and the other person had two. Everett stated that she thought as they get more popular we will need more; she didn't know how many we wanted to get this year, or if we wanted to wait until registrations come in. If they fill up right away, we'll have time to get more. Witte asked if there was a high interest in the past year for raised beds. Everett stated that both of the people that reserved them wanted more than one, so yes, kind of. After that point, there weren't a lot of people wondering about those specifically. Garvey asked to clarify that one person had two; Everett said yes, and that was because we didn't get a third person. They waited until registration was closed and then got the second one. Zdon said it looked like we budgeted for three this year; Everett confirmed. Zdon asked if they said the raised beds would for sure qualify [for the grant]. Everett said yes. Zdon said he thought we should put in for 3 raised beds, or 2 at least. Everett said they love seeing we're contributing our own money, so if we put in for 3 and we're spending more money, that might help. Wimmer made a motion to apply for 3 raised beds; Witte seconded. It was unanimously approved.

9. Parks Updates

Everett stated that for the December movie we had South Isanti Baptist in for Elf. We had 33 people. January was just last Friday with the soccer club, we had 29. She stated that she was hoping with all the people they know we would get more people there, but one of the volunteers did say during the movie that she thought they hadn't really told anyone about it. Zdon confirmed, stating he is involved with soccer and didn't hear anything about it. Everett stated she was told at one point they were going to put it on their website, but she didn't confirm whether they did. Zdon said they have hundreds of people on their email list. Everett stated that she thinks if they come back, they have now learned that they need to tell people if they want to make money. It was on par with what we've had all season, so overall not bad. February movie is Inside Out and Heavenly Sunshine is hosting. They brought in 100 people last year. Zdon said they're planning on breaking the record this year.

Everett stated she's working on drafting the Parks Brochure. She listed things that will be happening. Movie nights will continue. The summer program series used to be the Legacy Park Series, and last summer was Communities Growing. This year Everett is planning an Earth Day clean up. She would like to have people sign up ahead of time to get an idea of how many hands we'll have, and then start our efforts at Legacy Park. If there are enough people signed up, maybe send some of those people over to River Bluff. Legacy is kind of the priority because Everett hears a lot that there's trash back there. Especially after we don't have a garbage can out there anymore, it gets pretty bad. Everett is also planning a pollinator planting program. Pollinators are things people are very interested in right now. We will go to the community garden. Everett hasn't decided yet if we will plant in one of the plots and have it be annual pollinator plants, or she is leaning toward taking a section that right now is unused and plant perennial pollinator plants which will benefit the garden and the pollinators. Everett explained that she loves doing pond study, so to tie together all of the programs to learn about the environment, the other program will be water quality. You can test the Rum River's water quality by sampling for macroinvertebrates. We will go and get some nets and find out what kinds of critters are in the water and then teach people about

which critters you want there and how many of them. Street Dances finally have bands booked; Boogie Wonderland and Jonah and the Whales will be coming back, and the third band is Hitchville. They are kind of a regional band, putting out their second album, and look like they put on a very entertaining show. Those will be June 24, July 15, and August 12. Nature Detectives Club is still going. The Farmer's Market as well. Everett explained that we are still looking for more Farmer's Market vendors. She has spoken with an artist and there might be some interest in getting artists out and musicians. Zdon stated that would be cool. The Minnesota Farmer's Market Association today shared our Farmer's Market post that we are looking for vendors. They have a lot of viewers, so hopefully that gets us out there. She has contacted the past vendors to get them all coming back, and is working to get new people to come. She explained that a lot of people aren't aware that they don't have to have a farm to sell things at the farmer's market. If they are gardening vegetables and they have a lot of extra ones and they want to get together with their friends and sell them at the farmer's market, come talk to her. Craft things, baked goods are huge hit, and anyone can make them. There is a big variety out there. Garvey asked if either of the landscape companies participate. Everett explained that Isanti Gardens has a home greenhouse on Long Lake, and he comes to sell plants. He came through most of the season last year. Wimmer added that they are very reasonably priced. Everett said that he has great plants, and he does it because he loves it, and he works in landscaping as a day job. Wimmer stated that Northland and Green Barn haven't, and we've tried to work with them on different things with varying degrees of success. Everett stated that plant sales in the spring would be awesome to have more of, because people come and they want tomatoes at the end of May, and they don't exist yet, so if there are more products we can offer earlier in the season, that's always great.

Everett stated Community Garden registration is starting very soon. Last year, the indication was that we will have lots of returners, so Everett is ready for them to bust down the doors on February 6th.

Everett also stated that the County Master Trail Plan public interest meeting in Isanti is being planned for February 22, which is a Wednesday. The first choice was the Community Center, but it is already booked, so it will occur in Council Chambers. They are looking to see where people want trails in the county. Everett will post things about that as she gets them.

Everett stated the last items will be updates from goal setting which happened yesterday. Mayor Wimmer stated that the dog park was pretty warmly received, so we will be moving forward with that. We will continue discussion on that, in the location east of the BMX facility. The outdoor hockey rink did not go over well. Councilmember Bergley, who actually is a skater and hockey player, was not in favor of going forward with it from a cost standpoint and being able to keep ice. What was discussed was having Park and Rec take a look at taking the pleasure rink where we currently have it and putting it by where we discussed having the hockey rink near the changing room, and looking at the lighting and things like that. Zdon said he agreed that would be a good location. Wimmer stated we would at least be tying [the rink and warming house] together. Wimmer explained that the council decided to keep the Park Dedication Fund the way it is for new stuff. He explained that he told the council he didn't favor changing the policy, but he wanted the council to make a definitive action on it. We want to keep the money there for new stuff; we could use it to replace, but then as the city continues to expand, we won't have the funds for new amenities.

5. Adjournment

Subject: Interim Finance Director Services

Attached is a proposal from Steve McDonald and Jean McGann, Abdo Eick and Meyers (AEM) Financial Services for Interim Finance Director / Financial Services. It is basically the same proposal that the City Council approved in 2016. Their Client Service Manager, Gayle Bauman, will provide the interim services for the City. Gayle performed these duties in 2016, and assisted the past Finance Director with orientation services, the 2016 Financial Software Conversion, and other projects.

The fee for the interim services is the same as in 2016, at $11,750 per month. The proposal provides services from February 23 through May 31, 2017. The Finance Committee has reviewed the proposal. Attached is a Resolution and Proposal for your consideration.

RESOLUTION NO. 2017-

A RESOLUTION ACCEPTING PROPOSAL FOR INTERIM FINANCE DIRECTOR SERVICES

WHEREAS, the Finance Director gave notice of resignation as an employee of the City of Isanti, with her last work day February 21, 2017; and

WHEREAS, the Finance Committee recognizes that certain tasks and services must be provided in the interim of filling the position; and

WHEREAS, Abdo Eick & Meyers LLP has provided interim Finance Director services for the City in 2008, 2012, and 2016 and

WHEREAS, Abdo Eick & Meyers LLP submitted a proposal to provide Interim Financial Management Services until such time as the Finance Director position has been filled; and

WHEREAS, the City Council feels it is in the best interest of the citizens of the City of Isanti that quality financial services are provided in the interim of filling the Finance Director position.

NOW, THEREFORE, IT IS HEREBY RESOLVED by the City Council of the City of Isanti, Minnesota, as follows:

1. Hereby accepts Abdo Eick & Meyers LLP proposal to the City of Isanti for Interim Financial Management Services, dated February 23, 2017, for a monthly fee of $11,750, plus hourly rates/fees if necessary as per their proposal.

This Resolution hereby approved by the Isanti City Council this 7th day of March 2017.

LETTER OF TRANSMITTAL

Don Lorsung
City of Isanti
110 1st Avenue North
Isanti, Minnesota 55040

Dear Mr. Lorsung,

Thank you for the opportunity to submit this proposal to the City of Isanti, Minnesota (the City) for interim financial management services. Based on our past experience with Cities of comparable size and complexity, we believe our structured contract with defined outcomes offered through AEM Financial Solutions, LLC (AEMFS) would provide the City with excellent financial management services.

We believe our solution will continue to result in the City receiving high level information, continual improvement of processes and allow the City to keep overall costs stable. Our proposal is based on the past work we have done, the needs of the City, and the experiences we have had working with other cities. The proposal outlines the scope of services we believe will address the needs of the City.

The term of this contract shall be from February 23, 2017 through May 31, 2017.

An AEMFS representative will be in the City offices as necessary to perform responsibilities as noted on the Scope of Services page. Services will also be performed remotely as necessary.

Investment by the City for services is indicated in the financial page.

AEMFS would like to thank the City for the opportunity. We look forward to exceeding your expectations and continuing our long-term, mutually beneficial relationship.

Sincerely,

AGREEMENT FOR FINANCIAL SERVICES

THIS AGREEMENT, is made and entered into on February 23, 2017 by and between the City of Isanti, Minnesota (hereinafter referred to as the "City"), and AEM Financial Solutions LLC (hereinafter referred to as the "Contractor").

Articles of Agreement & Recitals

WHEREAS, the City is authorized and empowered to secure from time to time certain professional services through contracts with qualified consultants; and

WHEREAS, the Contractor understands and agrees that:

1. The Contractor will act as an Independent Contractor in the performance of all duties under this Agreement. Accordingly, the Contractor shall be responsible for payment of all taxes, including federal, state and local taxes and professional/business license fees arising out of the Contractor's activities;

2. The Contractor shall have no authority to bind the City for the performance of any services or to obligate the City. The Contractor is not an agent, servant, or employee of the City and shall not make any such representations or hold himself/herself out as such;

3. The Contractor shall be the exclusive outsourced accounting service provider for the City during the term of this Agreement;

4. The Contractor shall perform all professional services in a competent and professional manner, acting in the best interests of the City at all times.

5. The Contractor shall not accrue any continuing contract rights for the services performed under this contract.

NOW THEREFORE, in consideration of the mutual covenants and promises contained herein, it is agreed as follows:

ARTICLE I

INCORPORATION OF RECITALS

The recitals and agreement set forth above are hereby incorporated into this Agreement.

ARTICLE II

LIABILITY INSURANCE

Section 1 Liability Insurance: The Contractor shall obtain professional liability insurance, at their expense with liability insurance coverage minimums in the amount of $2,000,000, which Contractor must secure and maintain during the term of this Agreement. Contractor will provide City with proof of liability insurance coverage under this Agreement in writing upon request by the City.

People +Process. Going Beyond the Numbers

ARTICLE III

DURATION OF THE AGREEMENT

Section 1 Duration: This Agreement shall commence upon date of execution by all parties and will remain in effect until May 31, 2017 unless earlier terminated as provided in Sections 2 and 3.

Section 2 City's Termination Rights: City may terminate this Agreement upon sixty (60) days written notice in the event the City determines in its sole discretion that it is not in the City's best interest to continue using Contractor's services. The City may terminate on ten (10) days written notice of the Contractor fails to perform its obligations under this Agreement.

Section 3 Contractor's Termination Rights: Contractor may terminate this Agreement upon thirty (30) days written notice to City in the event City does not pay Contractor compensation as required under Article 5, Section 9 within fifteen (15) days after invoice is received by City. In the event of non-payment within thirty (30) days, Contractor shall give City an opportunity to cure the default by giving a notice of such non-payment and an additional five (5) days after the City's receipt of the notice to remit such payment, prior to giving a notice of termination. Contractor can also terminate the Agreement with one hundred twenty (120) days written notice if the Contractor believes it is in its best interests to terminate the Agreement.

ARTICLE IV

RENEWAL OF THE AGREEMENT

Section 1 Renewal Period: Not less than ninety (90) days prior to the expiration of this Agreement, the City may provide written notice of intent to renew this Agreement for an additional term of up to three years upon terms and conditions agreed upon by both parties to the Agreement. If no such renewal agreement is executed by the parties, the Agreement terminates without further action of either party on September 30, 2016.

ARTICLE V

GENERAL

Section 1 Authorized City Agent: The City's authorized agent for the purpose of administration of this Agreement is the City Administrator. Said agent shall have final authority for approval and acceptance of the Contractor's services performed under this Agreement and shall further have responsibility for administration of the terms and conditions of this Agreement. All notices under this Agreement shall be sent to the person and address indicated below on the signature lines.

Section 2 Amendments: No amendments or variations of the terms and conditions of this Agreement shall be valid unless in writing and signed by the parties.

Section 3 Assignability: The Contractor's rights and obligations under this Agreement are not assignable or transferable.

Section 4 Data: Any data or materials, including, but not limited to, reports, studies, photographs, negatives, or any and all other documents prepared by the Contractor or its outside consultants in the performance of the Contractor's obligations under this Agreement shall be the exclusive property of the City, and any such data and materials shall be remitted to the City by the Contractor upon completion, expiration, or termination of this Agreement. Further, any such data and materials shall be treated and maintained by the Contractor and its outside consultants in accordance with applicable federal, state and local. Further, Contractor will have access to data collected or maintained by the City to the extent necessary to perform Contractor's obligations under this Agreement. Contractor agrees to maintain all data obtained from the City in the same manner as the City is required under the Minnesota Government Data Practices Act, Minnesota Statutes Chapter 13 or other applicable law (hereinafter referred to as the "Act"). Contractor will not release or disclose the contents of data classified as not public to any person except at the written direction of the City. Upon receipt of a request to obtain and/or review data as defined in the Act, Contractor will immediately notify the City. The City shall provide written direction to Contractor regarding the request within a reasonable time, not to exceed fifteen (15) days. The City agrees to indemnify, hold harmless and defend Contractor for any liability, expense, cost, damages, claim, and action, including attorneys' fees, arising out of or related to Contractor's complying with the City's direction. Subject to the aforementioned, Contractor agrees to defend and indemnify the City from any claim, liability, damage or loss asserted against the City as a result of Contractor's failure to comply with the requirements of the Act. Upon termination and/or completion of this Agreement, Contractor agrees to return all data to the City, as requested by the City.

People + Process. Going Beyond the Numbers

ARTICLE V - CONTINUED

GENERAL - CONTINUED

Section 5 Entire Agreement: This Agreement is the entire agreement between the City and the Contractor and it supersedes all prior written or oral agreements. There are no other covenants, promises, undertakings, or understandings outside of this Agreement other than those specifically set forth. Any term, condition, prior course of dealing, course of performance, usage of trade, understanding, or agreement purporting to modify, vary, supplement, or explain any provision of this Agreement is null and void and of no effect unless in writing and signed by representatives of both parties authorized to amend this Agreement.

Section 6 Severability: All terms and covenants contained in this Agreement are severable. In the event any provision of this Agreement shall be held invalid by any court of competent jurisdiction, this Agreement shall be interpreted as if such invalid terms or covenants were not contained herein and such holding shall not invalidate or render unenforceable any other provision hereof.

Section 7 Contractor Fiscal Decision Waiver: Contractor is responsible for providing the City with timely and accurate financial recommendations and information that allows City Council the ability to make final financial decisions. Contractor will provide final financial recommendations, but is not responsible for the final decisions made regarding financial matters.

Section 8 City Employment of Contractors Employees; Should the City desire to employ the Contractors employee that is assigned to the City during the term of this Agreement, it must have the written consent of the Contractor to enter into a City employee contract with the Contractors employee. Should the Contractor agree to such arrangement, the agreement will include a payment equal to 50% of the annual contracted cost, in addition to the annual contracted cost already paid to the Contractor. This restriction on employment applies only during the term of this agreement.

Section 9 Compensation: The parties agree that the Contractor shall be paid compensation for the services provided hereunder, payable for work performed in accordance with this Agreement, based on the fees indicated in Table 1 and under the attached scope of services. Additional fees will not be incurred without prior approval of the City.

Table 1

Services Period	Monthly Fee
February 23, 2017 - May 31, 2017	$ 11,750

Initial invoice will be sent within 10 days of the execution of this agreement. Monthly installment fees will be invoiced throughout the remainder of this contract.

Section 10 Additional Services: Should the City request additional services in addition to the Contracted Services, the Contractor will provide the City with proposed fees for the services to be provided. The City shall provide a written or electronic confirmation prior to the proposed services implementation.

Section 11 Outside Contractors: It shall be the responsibility of Contractor to compensate any other outside consultants retained or hired by Contractor to fulfill their obligations under this Agreement and shall be responsible for their work and Contractor, by using outside contractors, shall not be relieved of its obligations under this Agreement.

Subject: Resolution Authorizing Engineering Proposal on Water Tower Cleaning and Inspection

---

Background

To keep the City's Public Water Supply system equipment in good working condition and to verify there are no minor issues that could potentially turn into major issues, Staff included water tower cleaning and inspection into the 2017 budget in the amount of $12,000.00. The first step was to get a proposal from Bolton and Menk, Inc. to do the inspection, evaluation of the water tower and obtain quotes for interior and exterior water tower cleaning. This work has not been completed since the water tower was installed therefore the inspection will be thorough.

The proposal from Bolton and Menk, Inc's is in the amount, not to exceed, $5,850.00 for inspection and services as outlined in their proposal including to move forward soliciting quotes for cleaning.

Depending on how much the quotes are for interior and exterior cleaning, if only one may be performed this year the other would be budgeted next year. However, this will be reviewed to determine if there is a cost savings to do both at the same time.

Finance Committee Recommendation

The Finance Committee recommends to move forward with Bolton and Menks, Inc.'s proposal and for them to solicit quotes for cleaning services. The funding for this item is outlined in Water (500).

Request

Staff is requesting action on this item.

MEMORANDUM

Date: February 1, 2017

To: Josi Wood, Public Services Director

From: Bradley C. DeWolf, P.E.

Subject: 750,000 Gallon Elevated Water Storage Tank
Proposal for Cleaning, Inspection, Evaluation and Report
City of Isanti, MN

Per your request, Bolton & Menk, Inc. proposes to provide engineering services for the cleaning, inspection, and evaluation of the 750,000 Gallon Elevated Water Storage Tank located at 601 East Dual Blvd. in Isanti.

It is our understanding the estimated work to be completed on the water storage tank or "water tower" is as follows:

- Cleaning of sediment from the tower's interior wet floor
- Cleaning of the tower exterior surfaces
- Review and evaluation

The following is a breakout of services to be provided to the City of Isanti:

- Search, selection, and recommendation of contractor to perform the tower cleaning
  - Provide recommendation and project management for a contractor that will perform the cleaning of the tower's exterior
  - Provide recommendation and project management for a contractor that will perform the cleaning of the tower's interior
  - Provide part-time Resident Project Representative during tower cleaning
- Tower Inspection and Evaluation
  - Perform interior and exterior review and evaluation of the tower
- Tower Evaluation Report
  - Provide report stating findings from the evaluation

It is assumed the City will provide one operator (as necessary) to provide site access and operate tower water controls, valves, or other needed water operations.

Bolton & Menk proposes to complete the above engineering services for an hourly, not-to-exceed fee of $5,850.00.

Please contact me at (612) 756-1032 if you have any questions or need additional information.

Bolton & Menk is an equal opportunity employer.

RESOLUTION NO. 2017-XXX

A RESOLUTION AUTHORIZING ENGINEERING SERVICES FOR WATER TOWER INSPECTION AND CLEANING QUOTES

WHEREAS, as part of regular maintenance of the Public Water Supply, the water tower shall be inspected by an engineer every five years and cleaned every ten years; and,

WHEREAS, Bolton and Menk, Inc. provided a proposal for such services; and,

WHEREAS, the proposal by Bolton and Menk, Inc. includes inspection and the solicitation of cleaning quotes in the amount, not to exceed, $5,850.00; and,

WHEREAS, the Finance Committee determined that it would be in the best interest of the city to move forward with the proposal by Bolton and Menk, Inc. for the inspection and to obtain quotes; and,

WHEREAS, this item was budgeted within the Water Fund fund;

NOW, THEREFORE, IT IS HEREBY RESOLVED by the City Council of the City of Isanti, Minnesota to hereby accept the proposal by Bolton and Menk, Inc. to inspect the water tower and obtain quotes for cleaning in the amount, not to exceed, $5,850.00.

Adopted by the Isanti City Council this 7th day of March, 2017.

Subject: Resolution Approving Integration of the MIOX Equipment into SCADA

Background

Recently the MIOX chlorination system's equipment screen failed and Staff needed to purchase a new one. The cost of this new screen was $2,600.00. The MIOX equipment is not functional without a screen so Staff needed to quickly arrange for hypochlorite to be brought in-house via bulk supply to keep the City's system operating as we need by having disinfectant for our Public Water Supply. This same screen also failed a couple years ago; there is only a one year warranty. Staff is requesting to have the MIOX system integrated into SCADA so we will be able to not only monitor how the equipment is running remotely, but also be alarmed when it has failed and if the screen fails yet again be able to make chlorine.

Staff has reviewed this with Total Control and they have determined that it is possible by collecting the data codes that they need from the MIOX to integrate it as staff has outlined above. The cost to do such work is $1,600.00. Funding source would be Water (404).

Finance Committee Recommendation

The Finance Committee Recommended approval of the integration to be funded through Water (404).

RESOLUTION NO. 2017-XXX

A RESOLUTION APPROVING INTEGRATION OF THE MIOX EQUIPMENT INTO SCADA

WHEREAS, the water treatment plant's equipment for its main chlorination supply is the Miox Chlorine Regeneration System; and,

WHEREAS, staff was made aware that when the screen failed, there was no backup to be able to run the equipment via remote with our SCADA system; and,

WHEREAS, integration for such services would be provided by our integrator Total Control in the amount of $1,600.00; and,

WHEREAS, the Finance Committee reviewed the need to have the backup capabilities and has recommended that the MIOX be integrated into SCADA; and,

WHEREAS, staff has included 10% contingency for unknown expenses for a total project cost of $1,760.00; and,

WHEREAS, the funding source is identified as Water Fund fund, expense line – maint/ equipment (404);

NOW, THEREFORE, BE IT RESOLVED by the City Council of the City of Isanti, Minnesota to hereby accept the quote from Total Control plus added contingency in the total amount, not to exceed, $1,760.00.

Motion by Garvey. Second by Wimmer. Vote was unanimously approved.

3. Bench and Table Update
Everett stated that the board will talk more about this on the parks tour, but thought she would give a baseline of what we have to look at for Mattson and Isanti Hills. The memo attachment shows what we currently have; the price doesn't include freight, so depending on how many tables we get she would guess about $1000 per table. We have $5000 budgeted, so depending on if we decide we also want to get benches or whatever we decide to do, we have a little bit of room to get more than one table for each park. The aluminum benches at Mattson down by the tennis courts seem to be okay. There is an aluminum bench at Isanti Hills that is almost buried in the sand, and Everett said they have talked about that one before and it might just be a matter of moving that bench and it's really okay. We will evaluate those things more, but at least we have some prices to work from. For the most part, different vendors all kind of wash out with prices – some of the more expensive ones then have free shipping. Zdon confirmed that on the park tour we will firm this up. His current recommendation would be to stick with the same that we have, but we can look at it. Everett stated that it looks like some different vendors sell exactly the same table, too. Zdon stated that it also doesn't hurt to ask when we're ordering if we can get free shipping because the competitors do.

4. 2017 Parks Brochure Review
Everett stated that board members all have a color version updated this afternoon, and there are a couple of key things that have changed since the version they saw. Everett asked Mayor Wimmer if he would like to give the update. Wimmer stated that we are going to move the farmers' market from where it had been located because we aren't getting the numbers that we want from vendors or people going through, and the reason Council had decided to have it there was to bring people to the downtown area. We've gotten basically zero response from the businesses along there trying to take advantage of it, even as simple as leaving information at the City table that's there. So, in order to make sure we have a farmers

market that is viable long term, we're looking to move it out by the Isanti Liquor Store. We own the lot to the north. Wimmer has spoken with the manager there as well as Urban's Hardware, and it's very positive. If you look at the parking lot [at the liquor store], the open space to the north of that is also owned by the city. We'd put vendors there, customer parking would be at the liquor store parking. There may be some cross benefit there. Obviously we'll get a lot more traffic at the farmers market. Wimmer thinks it will make it a lot easier to get vendors. As we talked about it, it will take a little while, next year will be much better as they see the outcome from this year, but hopefully it'll get some more vendors in there. Everett has brought up vendor parking, which is something we'll have to figure out how we get that if we do end up with twenty/twenty-five vendors, we'll need places to put them. That's a great problem to have.

Wimmer stated that additionally we no longer have the Two Cities, One Community event. So we're going to take that, and on August 12th we'll take those activities and meld them in with the last Street Dance and that is also the car show spectacular event. So we'll have activities starting at 8:00 am running all the way through the end of the Street Dance at 11:00 pm. We're going to work with some other groups to get some volunteers to help out with that, as well as some possible internship type things for the summer. We'll have a lot of great events throughout that whole day. For those who have done the 5K or bike ride, the lot where it starts in Cambridge is actually owned by the state, so we'll work with them to use that lot for the event. It will be another great full day kind of thing, kind of like what they work during Rodeo/Jubilee days with stuff going all day. It will be a nice end of summer event. We don't have a name yet for it, but we're working on it, then we can cross market everything as well.

Mayor Wimmer also explained that the scavenger hunt will be the best part. It has morphed from a medallion hunt into a scavenger hunt, Everett has some good stuff put together. We are looking at announcing it at the June Street Dance or Jubilee Days so we have a number of weeks. The goal is to get everybody into all of our parks, to get them into other potential spots within the city that we want them to become accustomed with. The first 100 people that complete the scavenger hunt would get a prize and then they would be entered in a drawing for a grand prize. We're looking at starting with about $100 for a grand prize, but hopefully we can boost it up by then. Zdon asked if Park Board members can participate, Wimmer stated everyone can participate. Everett stated they could as long as they didn't write the clues. Everett stated the basic idea is that the clues are selected by parks or other places we want people to visit; you go to the place and answer a question that you can only answer by going there. Wimmer gave the example of looking for the number of bolts on a certain table at Legacy Park.

Zdon stated that he had a couple of things on the map in the brochure. First, number 6, Unity Park, is missing on the map image. The other is do we want to add a "13a" since we have a 13a box for the garden, the same way it's listed for 2, Bluebird Park. Everett stated that is a good idea. Everett stated that she did move the location of the farmers market over and added West Dual because it wasn't there before. Zdon said that will be cool because all those cars will be able to see it. Wimmer stated that the people coming into the store too, and John, the manager there, was excited about the idea. Wimmer stated that when he thought of the idea he wanted to make sure he talked to everybody. Garvey stated that business for the liquor store will benefit as well. Wimmer stated that they talked about the possibility of people buying things at the market and going to the liquor store to get something that will go with it. Longer term, Wimmer was also thinking that we can put together recipes with a shopping list.

Wimmer stated another update is with the Arts and Science Academy. We're making progress, but he is taking the position that Council will not approve changes to their CUP to allow more students until we see ground broken and they're working on that park component of the whole project.

Everett asked if there were any other changes to the brochure. She stated that the Last Chance Summer Dance section will change, but it's kind of a filler for the event. If we don't come up with a better name, it

will be Last Chance Summer Dance; Zdon stated it's not terrible. Everett stated that if there are events to go on the last page, to let her know. She found many that aren't happening anymore or don't have people to contact to verify when they are. Zdon stated that BMX will have a national in May as well.

Everett stated that otherwise, programs are pretty similar to last year. Movies are set. Street Dance bands changed since the last meeting. Wimmer explained that Hitchville stopped communicating. Everett explained that after we booked Devon Worley she got an email from Hitchville and they had been in Mexico for eleven days. Devon Worley Band is popular in this area, she usually had been up at Fire on the Rum and that kind of stuff, so it will be a good show for us too.

Everett stated that we do have some volunteers coming from Access Church for the Earth Day clean up, so if the members knew of any more volunteers to let her know and we could maybe get to some more parks that day too.

Wimmer asked what the numbers were for the last movie night. Everett stated that movie night with Heavenly Sunshine had 70 people, and it was that really nice day so we didn't know if anyone was going to come inside, so 70 was a great number for that day.

Everett explained that the brochure will hopefully get to the printers by the end of this week or early next week, so this will probably be the last time the board sees it before it's actually printed.

5. Tennis Court Research Update

Everett reminded the board that at the last meeting they talked about costs for the tennis courts. She dug back a little bit and couldn't find when the courts were initially installed, but back in 2003 they were completely reconstructed and that was a $62,000 project. Everett explained that she thinks if the courts are maintained properly, that may be a project that never really has to happen, though she's not positive. As far as resurfacing, 10-15 years seems pretty typical depending on location and weather conditions, annual crack filling, that kind of thing. We're kind of at that point, where it's typical that we'd have to do it again. She said she didn't know if this was something we wanted to look at for the 2018 budget. Wimmer stated that we have to, there's one crack that's getting pretty big. Zdon confirmed that we need to look at getting it done, but it's not in the budget so we can't do it now. But, if we can crack fill and stay on top of the weeds for now. Everett explained that the depths of the cracks at this point, we really can't fill, but we certainly can make sure there aren't weeds growing in them this year and making it worse, and keep them as playable as possible. Wimmer confirmed that we need to get something in the 2018 budget. Everett explained that she did look into the grant that Garvey had found and it wasn't as promising as we originally thought. It was for up to 10% of what you're doing, for us $1,400. At the time that we're looking to do it, she will see if we can get $1,400 to help, but it's not something that can cover our whole cost. Everett stated she'll make a note and we'll talk about it at budget time.

6. Parks Updates

Everett stated that some of these were covered in the brochure update so we'll skip through. She explained that March Movie Night will have New Hope Community Church volunteering and they're new to town so it will be cool to see some of those faces.

Skate park equipment – Everett directed the members to the picture that Zdon put together, and the attached picture showing where the water sits on the slab. What we need to decide is the general area where the equipment will be moved. As public works started looking at it, the composite boards underneath are cracked. In order to put it back together, the alternative is marine grade plywood. We should be able to replace it with what's budgeted and get some panels to replace the worst stuff this year. Anything we can't do, we'll get to early next year. That shouldn't be a major setback, but we may not be

able to get as many panels as we thought we would. Everett stated that it looks like what is on the picture from Zdon makes sense with where the water sits. Zdon stated that it's not there for water reasons, but it does work well with where the water sits also. It allows for future expansion. Zdon stated the only major input would be that currently to the north of the north-most obstacle, there's about 30-40 feet that's kind of wasted space. We want to have it maybe 10 feet off of the north side. Everett stated that there might be safety regulations on that, but she's not sure since it's cement anyway. Zdon pointed out that the south side right now only has about a foot. Everett asked if the orientation works. Zdon stated yes, with what we have, put everything where it is, but in the northwest corner. Everett asked if there was any preference from the west side of the slab how far over it goes. Zdon stated that the same, or maybe a little more over so there's space at the rail. He stated that when they get to that point he'd be glad to come out and look at it. Wimmer stated that when it's time, to go out there with public works to map out where stuff is and start marking it, that would be the best thing to do. Otherwise, we can have a 10 minute conversation now, but we'll just have to repeat it again. Zdon confirmed that for now, basically how it is now, a little further north, maybe a little farther east. There was discussion about where the water sits on the slab.

Everett stated that community garden reservations have started coming in. There are 18 ground plots reserved at this point, and a couple more people that were in last year have called but haven't had a chance to get in yet. Wimmer asked how many there are total. Everett stated there are 60 total and 3 raised beds. She did put in the mini grant application for 3 more, and included new hoses in that because there was some more money to play with. She did include on the garden layout that she didn't think it made sense to have the beds in the garden being weathered if they weren't being used, so at the point we get reservations for them, we'll install them. The School for all Seasons is excited to come back. Everett will be at their school next week for STEAM week, and they are going to try to do as many garden-related things over STEAM week as they can. She will give them a presentation on pollinators.

Everett explained that the future dog park is going to be a 2018 budget item. Going through the process, we'll need to get the lot surveyed so we know exactly where the fence can go so we don't end up on railroad property. Park board will be updated as all of that happens. Wimmer stated that it ties into one of the other things we're looking at in 2018. We're looking at doing something, most likely and addition, but possibly a stand alone, Public Works building. The two buildings that are just east of the BMX building are full of police ceased property, public works stuff, we have stuff at the water tower. Every free space we have, pretty much, has stuff jammed in it everywhere. What we're looking at is having a place that would be secure, and we had public works fenced in last year, so if it's police property they'll be able to get to what they need too. In a lot of the situations, to get to one thing you have to pull out three others, it's a mess. With this, we'd have dedicated space for the police department and public works, as well as having place for our squad cars. All of our squad cars sit outside because we have no place to park them inside. Those two buildings will be removed once this other building is up, so that will open the space up more. It kind of all ties together. Zdon stated that it's time, and those buildings have served their purpose. Wimmer stated that he thought one of them was from the old summer kitchen, but he's talked to the original land owners and they know that it'll be going too.

Everett stated that she also listed the new street dance dates.

Wimmer stated that we also got a park grant for River Bluff. Everett stated that we got another mini grant through Partners in Healthy Living to have Bolton and Menk make us trail maps similar to what we have at Legacy for River Bluff. That grant has been accepted by council and we've seen the first draft of that, and it looks good. Wimmer stated that we'll update the Legacy one as well. And the barrier went up today. We'll put signs up. Obviously, if someone wanted to drive around they could, but with those signs if they do it they'll be immediately ticketed because now we can enforce it. Everett stated that there's a gap between the gates, so hopefully it's obvious that you can walk back there still. Wimmer stated that hopefully this will cut down on some of the nonsense that's been happening. Garvey stated that it's gone

down significantly, and Wimmer confirmed that they've picked up a few people and gotten a couple of vehicles.

RESOLUTION 2017-XXX
A RESOLUTION SUPPORTING LOCAL DECISION-MAKING AUTHORITY

WHEREAS, local elected decision-makers are in the best position to determine what health, safety and welfare regulations best serve their constituents; and

WHEREAS, just like state legislative leaders, local elected officials are held accountable through Minnesota's robust elections process; and

WHEREAS, ordinances at the local level are enacted only after a comprehensive, legal and open process; and

WHEREAS, local units of government are required to publish notices about meetings where policies will be discussed and decisions will be made; and

WHEREAS, under the state's Open Meeting Law, public policy discussions and decisions must occur in meetings that are accessible to members of the public; and

WHEREAS, cities are often laboratories for determining public policy approaches to the challenges that face residents and businesses; and

WHEREAS, preservation of local control in Minnesota has yielded statewide benefits such as the 2007 Freedom to Breathe Act, an amendment to the Minnesota Clean Indoor Air Act; and

WHEREAS, more than two dozen bills that restrict local decision-making have been introduced in 2017 to date.

NOW, THEREFORE, BE IT RESOLVED BY THE CITY COUNCIL OF THE CITY OF ISANTI, that this Council supports local decision-making authority and opposes legislation that removes the ability for local elected officials to respond to the needs of their businesses and constituents.

ADOPTED by the Isanti City Council this 21st day of March, 2017.

MEMO

To: **Mayor Wimmer and City Council Members**

From: Don Lorsung, City Administrator

Date: March 20, 2017

Subject: Resolution Awarding Rug & Uniform Services

Background:
As per our regular services contracts, quotes were requested for Rug & Uniform Services. Two quotes were received that include weekly, bi-weekly and monthly servicing of all municipal departments rugs (and related services) as well as Public Works uniform services. The contract is for a 3-year time period that extends from April 1, 2017 to March 31, 2020.

Rug & Uniform Services:
One quote was from the current provider, G&K Services and the other was from Huebsch Services. Please see the attached quotes that gives category pricing for each service area. In reviewing the pricing provided the overall cost per item was cheaper through G&K. However, Huebsch Services did have some cheaper costs for the replacement of loss/damage values. In reviewing this with staff, it was determined that due to the rare need to replace a lost or damaged item, that the overall pricing still remained lower with G&K Services.

Council Action:
Staff recommendation: Staff is recommending accepting the quote from G&K Services for rug & uniform services for the next contract period.

Attachments:
- Proposal from G&K Services
- Proposal from Huebsch Services
- Resolution 2017-XXX Accepting Proposal Quote for Rug & Uniform Services For All City Departments and Entering Into 3-Year Contract with G&K Services

RESOLUTION NO. 2017-XXX

RESOLUTION ACCEPTING PROPOSAL QUOTE FOR RUG & UNIFORM SERVICES FOR ALL CITY DEPARTMENTS AND ENTERING INTO THREE-YEAR CONTRACT WITH G & K SERVICES

WHEREAS, the current 3-year contract for Rug & Uniform Services expires March 31, 2017; and,

WHEREAS, the City of Isanti posted a request for proposals for rug & uniform services on March 3, 2017 with a closing date of March 17, 2017; and,

WHEREAS, a request for quotes for the services was published in the City's official newspaper; and

WHEREAS, two quotes were received for the service at the noticed time and date. Staff evaluated the quotes received for costs of servicing and replacement costs of items; and,

WHEREAS, the lower overall quote was provided by G & K Services, which is the current provider for all city departments and municipal buildings; and,

WHEREAS, G&K Services also holds the State bid contract for rug and uniform services and the new contract would reflect the state bid pricing; and

NOW, THEREFORE, IT IS HEREBY RESOLVED by the City Council of the City of Isanti, Minnesota, the following:

1. Hereby award the contract for rug and uniform services to G & K.
2. Approve a term of 3-years for contract of services.
3. The Human Resources/City Clerk and/or City Administrator are authorized to sign the renewed contract with prices listed per the proposal document on behalf of the City.

This resolution was duly adopted by the Isanti City Council this 21st day of March, 2017.

J. Public Hearings

K. Business Items

1. **<u>Resolution 2017-057</u> Approving Unbudgeted Event Funding for Summer 2017**

Mayor Wimmer explained that the City of Cambridge has backed out of the "Two Cities, One Community Event". The events that we had planned and budgeted for have been moved to August 12, 2017. The City of Isanti will be having a 5K and the family bike ride. We will have our fitness fair in Bluebird Park and that would transition into the Rum River Rods Car Show. There will also be a vendor fair, pie eating contests, parts swap and games at the events. The day will end with our final street dance of the year. Without the participation of Cambridge, there were other costs associated with this that we did not expect. Councilor Lorinser asked if there were fees for the 5K race. The Mayor indicated we don't charge for the race, but it is timed with the top 3 in the adult and youth categories receiving medals. The purpose of this event is to bring people to the City. All the events are free. We will try to keep the same format and make it a welcoming celebration of the City. There will also be a scavenger hunt which will kick off in June and the finale will be at this event.

Motion by Lorinser, second by Collison to approve Resolution 2017-057 as presented. Motion carried unanimously.

2. **Farmer's Market Location Discussion**

The Mayor explained that the reasoning for bringing the Farmers Market to Downtown, behind Isanti Custom Meats and the Post Office to what is known as Eagle Park, was to try and get more activity Downtown. We were hoping to have more coordination with the businesses and we haven't quite had that. It has been more difficult than anticipated with traffic and to get vendors to participate. The Mayor indicated the idea came to mind to move the Farmer's Market near the Liquor Store where we have an open lot. We have plenty of space for parking and for the vendors, and there is higher visibility and better traffic flow.

Motion by Lundeen, second by Lorinser to proceed with the process of moving the Farmer's Market Location. Motion carried unanimously.

<u>City Administrator Don Lorsung</u>

3. On-Sale and Sunday Liquor License Renewals
   a. **<u>Resolution 2017-058</u> Approving a Liquor License Renewal for Rum River VFW 2735**
   b. **<u>Resolution 2017-059</u> Approving a Liquor License Renewal for Wintergreen's Golf & Grill**
   c. **<u>Resolution 2017-060</u> Approving a Liquor License Renewal for Junction Bowl and Whistle Stop Bar & Grill**

The Mayor praised all three establishments. The VFW has made really good progress from last year in their participation with the Police Department. Wintergreen's and Junction Bowl continued with a good report. The Mayor explained that the things we track range from fights and disturbances to DUI's, some of which are out of the establishment's control. There were very few of any of those things. Which is what we want to have in this community, people who take their liquor licenses seriously. It is

about the importance of people drinking responsibly. The City wants to have a positive situation where anyone can take their family into any establishment.

Motion by Lorinser, second by Lundeen to approve Resolution 2017-058, 2017-059, and 2017-060 as presented. Motion carried unanimously.

4. **Resolution 2017-061 Approving Pawnshop License Renewal to Northern Pawn, Inc.**
   The Mayor indicated he has never had a complaint in all the years they have been in operation and thanked Northern Pawn, Inc. for doing a fantastic job.

Motion by Lundeen, second by Bergley to approve Resolution 2017-061 as presented. Motion carried unanimously.

5. **Resolution 2017-062 Accepting Bid for Repairs to the Isanti Indoor Arena**
   The bid was awarded to Steel Structures, Inc.

Motion by Lundeen, second by Lorinser to approve Resolution 2017-062 as presented. Motion carried unanimously.

6. **Resolution 2017-063 Approving the Preliminary Plat of Fairway Greens Phase Ten, legally described as Lots 2 and 3, Block 1, Fairway Greens, Isanti County, Isanti, Minnesota**

Motion by Lundeen, second by Bergley to approve Resolution 2017-063 as presented. Motion carried unanimously.

MEMORANDUM

Date: March 15, 2017

To: Honorable Mayor Wimmer and Members of the City Council

From: Bradley C. DeWolf, P.E.
City Engineer

Subject: 2017 Palomino Road Street & Utility Improvements
Public Hearing & Project Authorization
City of Isanti, MN
Project No.: R13.112450

An Informational Open House was conducted on March 14th, 2017. Seven individuals representing four properties attended. There are a total of 26 properties associated with the project. The majority of attendees agreed the roadway was in need of repair and cited high truck traffic as the main cause for the poor condition. Both owners in attendance that have property on the north side of Palomino opposed the proposed trail. A majority of those who attended did not express opposition to the proposed roadway improvements, and two property owners stated they felt the proposed assessments were fair.

Following the Public Hearing input, should you decide to proceed with the project, a resolution ordering the improvement has been included in the Council packet.

Following is a schedule for the project:

1) March 21, 2017 – Hold Public Hearing, Mayor and City Council order the improvements
2) April, 2017 – Mayor and City Council reviews and approves final plans and orders advertisement of bids
3) April, 2017 – Advertise for bids
4) May, 2017 – Open Bids
5) May, 2017 – Mayor and City Council awards Bid
6) June 2017 – Commence construction
7) November, 2017 – Substantial construction completion
8) November, 2017 – Conduct final assessment hearing
9) June 2018 – Final construction complete (bituminous wearing course)

I will be at the March 21, 2017 Council meeting to provide a condensed presentation on the project and assist with questions during the Public Hearing. Please contact me with any questions or comments.

RESOLUTION NO. 2017-XXX

A RESOLUTION VACATING A UTILITY EASEMENT

THE CITY COUNCIL OF THE CITY OF ISANTI, MINNESOTA DOES HEREBY RESOLVE AS FOLLOWS:

WHEREAS, the City Council of the City of Isanti previously passed Resolution No. 2017-030 noting its interest in vacating pursuant to Minnesota Statute 412.851 a utility easement legally described as:

That part of Lots 2 and 3, Block 1, FAIRWAY GREENS, Isanti County, Minnesota, described as follows:

All Drainage and Utility Easements lying within Lots 2 & 3, Block 1, Fairway Greens, according to the plat thereof, Isanti County, Isanti, Minnesota, which were dedicated to the public in said plat;

and setting a public hearing to consider the vacation of such drainage and utility easement: and,

WHEREAS, a public hearing to consider the vacation of the utility easement was held on the 21st day of March, 2017, before the City Council of the City of Isanti in the City Hall located at 110 First Avenue NW at 7:00 p.m. after due published and posted notice had been given, as well as personally mailed notice to all affected property owners by the Community Development Director and all interested and affected persons were given the opportunity to voice their concerns and be heard; and,

WHEREAS, any person, corporation or public body owning or controlling easements contained upon the property vacated, reserves the right to continue maintaining the same or to enter upon such way or portion thereof vacated to maintain, repair, replace or otherwise attend thereto; and,

WHEREAS, the City Council of the City of Isanti in its discretion has determined that the vacation will not hinder the public interest as all easements will be reestablished with the plat of Fairway Greens Phase Ten; and,

WHEREAS, all members of the City Council of the City of Isanti concur in this Resolution; and,

NOW THEREFORE, BE IT UNANIMOUSLY RESOLVED BY THE CITY COUNCIL OF THE CITY OF ISANTI, COUNTY OF ISANTI, MINNESOTA, that such petition for vacation is hereby granted and the drainage and utility easements located on the property legally described as Lots 2 and 3, Block 1, Fairway Greens described as follows be hereby vacated:

All Drainage and Utility Easements lying within Lots 2 & 3, Block 1, Fairway Greens, according to the plat thereof, Isanti County, Isanti, Minnesota, which were dedicated to the public in said plat.

BE IT FURTHER RESOLVED, that the Mayor and City Clerk are hereby authorized to sign all documents necessary to effectuate the intent of this Resolution and that the City Clerk is hereby directed

to file a Notice in writing of the completion of these vacation proceedings, together with a certified copy of this Resolution, with the County Recorder in and for Isanti County, Minnesota.

FINDINGS OF FACT AND CONCLUSION

Request

Request from CSDCPC ASA LLC for the Vacation of that part of Lots 2 and 3, Block 1, FAIRWAY GREENS, Isanti County, Minnesota, described as follows:

> All Drainage and Utility Easements lying within Lots 2 & 3, Block 1, Fairway Greens, according to the plat thereof, Isanti County, Isanti, Minnesota, which were dedicated to the public in said plat.

Findings of Fact

1. The applicant has requested Final Plat approval of Fairway Greens Phase Ten, which will reestablish the easements along new property lines.
2. The petitioner has petitioned for the vacation of a drainage and utility easement shown on such plat for Fairway Greens.
3. Such property is legally described as Lots 2 and 3, Block 1, Fairway Greens.
4. The property is zoned "H65" Highway 65 Corridor Overlay District within Fairway Greens.
5. The property is currently vacant.
6. The petitioner is requesting the vacation of the easement in order to replat the property. All drainage and utility easements will be reestablished with the plat of Fairway Greens Phase Ten.
7. A complete application was received on February 1, 2017 and a public hearing date was set by the City Council on February 7th, 2017 for Tuesday, March 21st, 2017 (Resolution No. 2017-030).
8. Notice of the Vacation of an Easement Area was published within the Isanti County News on Wednesday, March 8th, 2017 and Wednesday, March 15th, 2017. Notices were sent to all property owners located within 350 feet of the subject property.

Conclusions

The vacation of the drainage easements will not adversely affect the public as all drainage and utility easements will be reestablished with the plat of Fairway Greens Phase Ten.

Decision

The City Council reviewed the item at their regularly scheduled meeting on **March 21st, 2017.** The meeting minutes will be made part of the Findings of Fact.

Easements to be vacated:

All Drainage and Utility Easements lying within Lots 2 & 3, Block 1, Fairway Greens, according to the plat thereof, Isanti County, Isanti, Minnesota, which were dedicated to the public in said plat.

MEMO

Date: March 16, 2017

Subject: Banking Services

The current banking services agreement with Community Pride Bank has a stipulation that the agreement could be continued for up to two years. Due to recent staff changes and workload, in order to provide continuity and stable services staff is recommending continuation of the current agreement with Community Pride Bank for a one year time period. The extension would end on March 31, 2018. This proposed extension was reviewed by the Finance Committee and is recommended for consideration by the City Council.

With the extension, terms in the current banking agreement remain the same, other than an increased and fixed rate for our Money Market funds (0.35% to 0.55%). Attached is a Resolution and Proposal for your consideration.

RESOLUTION NO. 2017-____

A RESOLUTION APPROVING THE EXTENSION OF AN AGREEMENT WITH COMMUNITY PRIDE BANK FOR BANKING SERVICES

WHEREAS, in 2014 the City of Isanti entered into an Agreement with Community Pride Bank to provide Banking Services for a three year period, ending on March 31, 2017, with the potential of two year extension; and

WHEREAS, Due to the City staffing changes and workload, staff is recommending a one year extension of the current agreement with Community Pride Bank with the terms the same, other than a change in the Money Market Account as outlined in the attached letter from Community Pride Bank; and

WHEREAS, the Finance Committee has reviewed this matter and is recommending City Council consideration of the one year extension of the current agreement:

NOW THEREFORE BE IT RESOLVED by the City Council of the City of Isanti, Minnesota as follows:

1. The City Council hereby approves the extension of the current banking services agreement with Community Pride Bank to March 31, 2018**.**

2. That the terms of the agreement with **Community Pride Bank** for banking services are the same, other than the change of the Money Market Funds from a .35% variable interest rate, subject to daily change, to a .55% fixed rate.

This resolution was duly adopted by the Isanti City Council this 21st day of March 2017.

Dear Don Lorsung,

This letter is to summarize our emails and phone conversations. We agree to an extension of the Banking Services agreement that we have with you. The current term of this agreement ends on March 31, 2017.

This letter confirms that the current terms of the contract regarding charges/services will stay the same, other than the interest rate on the Money Market account #22000178, which is currently at .35% Annual Percentage Yield (APY).

We will increase this rate to 0.55 APY beginning April 1, 2017 and fix the rate for a period of one year.

The current rates on your Business checking account #21001631 and the Sewer Revenue Money Market account #22000475 will remain the same at .03% and .75%, respectively.

Let me know if you have any questions.

Sincerely,

Request for City Council Action

To: **Mayor Wimmer and City Council Members**
From: Chief Gene C. Hill
Date: March 16, 2017
Subject: Squad 225 - Repairs

MEMO

Background:

On 03/15/2017 I brought squad 225 (2010 Dodge Charger) to Hirsch Motors for a recall on the timing chain and because of a critical engine light (flashing engine light). They have been diagnosing the problem and finally determined that the cam shaft is bad in many spots and one cam lobe has caused valve issues/failure on that cylinder.

As you recall, this is the same fate our 2011 Charger had last year and we put a low mileage engine into the vehicle because the 2011 car was not scheduled to be replaced until 2019. We are into Hirsch so far for approximately $800.00 to put the car back together. The engine does run but it's a little rough, but performs for now.

Options:

1. Put the car back together and be out with an $800.00 bill, bring this vehicle to Auction like we have done in the past with other squads.
2. Repair the current engine for an estimated cost of $4500.00 12month/12K mile warranty
3. Replace engine with a long block for an estimated $7,100.00 5year / 100K warranty
4. Replace with a salvage yard engine for about $4,300.00 30day / 3K warranty

I recommend the first option and the City Administrator concurs with that decision process as does the Finance Committee. Let's get out the 2010 Charger as cheaply as we can, it has almost 160K miles on the odometer. With squad cars the true mileage on the vehicle can be doubled because of all the idle time police cars receive. In 2018 the 2010 Charger was scheduled to be replaced.

The Blue Silverado was to be replaced and sold this summer at auction once the new squad arrived. All involved concur that keeping the blue truck for another year so we are not running short of vehicles and so that we are not putting excess mileage on the rest of the fleet.

This Charger was purchased with Forfeiture Funds and the proceeds of the sale will need to be deposited into the forfeiture fund by state law.

Action:

For the City Council to consider putting the 2010 Charger back together, declaring the vehicle surplus property, selling vehicle at the next Wayne Pikes public auction and depositing the proceeds of the sale into the Isanti PD Forfeiture Fund. Lastly, to retain the blue Chevrolet Silverado for one more year.

Respectfully,

Chief Gene C. Hill

RESOLUTION 2017-____

RESOLUTION DECLARING 2010 DODGE CHARGER AS SURPLUS PROPERTY

WHEREAS, the police department has experienced mechanical issues with the 2010 Dodge Charger squad car which reduces its ability to be used as a reliable squad car; and

WHEREAS, the Police Department will be proposing in their 2018 budget request to replace this vehicle; and

WHEREAS, in the interim, until the former squad car is replaced, the Police Department proposes to keep the 2006 Chevrolet Silverado, previously declared as Surplus in City Resolution No. 2017-032 ; and

WHEREAS, this matter has been reviewed by the Finance Committee and they are recommending to the City Council to declare the 2010 Dodge Charger as surplus property, and to sell the vehicle at public auction (Wayne Pikes Auction Services (Princeton, MN), and

WHEREAS, deposit the funds from the sale of the vehicle back into the Isanti Police Forfeiture Fund from where they originated in accordance with Minnesota §169A.63.

NOW, THEREFORE, BE IT RESOLVED by the City Council of the City of Isanti, Minnesota, to hereby approve:

1. For necessary repairs in the amount of $800.00 to be made on the vehicle, and to declare the 2010 Dodge Charge as surplus property to be sold at Wayne Pikes Auction and that the sale proceeds be deposited into the Isanti Forfeiture Fund.

2. To rescind prior City Council action in Resolution No. 2017-032, previously declaring the 2006 Chevrolet Silverado as surplus property.

This Resolution is approved by the City of Isanti Council this 21st Day of March, 2017.

City of Isanti
Economic Development Authority
Regular Meeting Minutes of
February 7, 2017
Isanti City Hall

1. Call To Order

The meeting was called to order by Economic Development Director Sullivan at 7:19 p.m.

a. Pledge of Allegiance

b. Roll Call

Commissioners Present:	Dan Collison, Ross Lorinser, Paul Bergley and George Wimmer
Commissioners Absent:	Tara Hallberg, Steve Lundeen
Staff Present:	Economic Development Director Sean Sullivan

c. Agenda Modifications

No modifications to the agenda were presented. Motion by Lorinser second by Collison to adopt Agenda as presented. Motion passed unanimously.

2. Approve Minutes of January 3, 2017 Regular Economic Development Meeting

Motion by Lorinser second by Bergley to approve the minutes for January 3, 2017. Motion carried unanimously.

3. Review and Discussion of Update to EDA marketing / Work Plan

Economic Development Sullivan highlighted the changes to the EDA Marketing / Work Plan and asked for comments on the sections regarding the positioning of Isanti to potential prospects. He indicated that much data was dated and the new data supported some of the previous trends that were identified.

President Wimmer quested the partnership with the North 65 Chamber of Commerce. He is not convinced that there are a lot of items that we can work with them on based on what he has seen to this point. The major concern is that the Chamber is focused on working with their members only not all Isanti businesses.

Consensus was to remove the Chamber from page 18 as a potential partner but leave them under the SWOT Analysis so that the EDA acknowledges their presence and that they could be a potential partner in the future.

Sullivan summarized the initiatives and actions for the future. He asked the EDA for specific feedback on the positioning statement.

Discussion ensued.

President Wimmer stated that the stability in the City of Isanti is a positive for development. Developers know what to expect and this opens doors for Isanti. Communities that have unstable leadership scare developers away.

Economic Development Director Sullivan cited an example from Anoka County where the City of Isanti was commended for "doing it right" as seen by development leap frogging over East Bethel and locating in Isanti. Project such as Coborn's, Allina Health and SnoBear USA are examples of this.

President Wimmer also cited that the City's high development standards is also being successful as property values are on the rise.

President also indicated that the City is expanding its legislative efforts to help assure that Isanti has the tools it needs to be successful and to improve changes of funding for future projects.

Discussion ensued.

Consensus was to have Economic Development Develop Sullivan condense the position statement and to bring it back to the full City Council for approval.

No Action was requested and no action was taken as this was an information item.

5. Other Business / Updates

President Wimmer questioned the involvement of City Staff in ICICLE. He asked for input from members of EDA.

Consensus was that staff time is valuable and that attending ICICLE was not warranted at this time.

June 1st is the estimated opening date for Whiskey Road Pub and Grub.

President Wimmer highlighted the recent successes and development in Isanti. He indicated that these successes might be able to be converted into reductions in development fees. This item will be reviewed this year to see feasibility.

Commissioner Lorinser stated it was nice to exceed reasonable expectations rather that to fall short of unrealistic expectations.

President Wimmer stated that he and Economic Development Director Sullivan met with Senators Koran and Hoffman on 2/7. The focus of the meeting was in regards to MIF and JCF and Isanti projects. The meetings were successful.

Sullivan touched on items highlighted in the Staff Memo below.

a. Business Prospects
b. GPS 45:93
c. EDAM
d. CGI Video
e. CVN
f. Shovel Ready Application
g. Community Map and Survey
h. Open House for New Initiative Foundation President
i. MIF and Business Subsidy Reporting
j. Housing Starts in 2017
k. Business Arrivals and Departures in Isanti 2017

6. Adjournment

Lorinser motioned, seconded by Bergley to adjourn at 7:50 pm. Motion carried unanimously.

Dated at Isanti, Minnesota, this 7th day of February, 2017.

Respectively Submitted,

Sean M. Sullivan

Subject: Donation Request for MMBA "Help Our Local Animals" Supplies Drive Promotion In-Store

Background:
Each year the MMBA supports many different organizations for the sole purpose of raising funds as well as supply donations to help support local animal shelters in our area. I am requesting that we promote this program in-store and customers can donate pet supplies, food items or a cash donation in any amount they wish to help support this program. The dates of the drive are April 1st through April 30th, 2017.

4th Annual MMBA "Help Our Local Animals" Supplies Drive

In an effort to help members Promote the Community Value of their Municipal Liquor Operation, MMBA, in partnership with Miller Lite, is coordinating the *Third Annual Municipal "Help Our Local Animals" Supplies Drive* **benefiting your local animal shelter or other related animal cause.**

This is an effort to support animals in need. We'll be raising both supplies and funds. You in turn will donate everything to the local animal shelter of your choice.

Participating individual cities will be randomly drawn to win one of ten $200 donations to your local animal shelter from MillerCoors and MMBA.

So, everyone has a chance to win!

Here are additional details:

- The Supplies Drive will run from April 1 – April 30, 2017.
- Each participating MMBA member will collect pet supplies (food, blankets, leashes, kennels, etc & cash) for donation to your local shelter or animal cause of choice. Please reach out to your local animal causes and discuss items of need and anything they can do to help publicize this event
- At the end of the event (May 1), please take the collected supplies and cash to the recipient. (Contact the MMBA office if you need assistance locating your local cause.)

- Miller Lite POS to help Support the event

    - Signage from your Miller Distributor - One 3x5 banner - One 1x2 foot sign – Please contact them and discuss the info you would like on your custom sign.

    - 100 donation cards (with scannable UPC) will be created and provided by your Miller Lite distributor.

    - Bucket for collection of cash if you do not want to scan

    - Additional signage and donation cards can be obtained by contacting your Miller Lite Distributor. Get creative!

    - Materials will arrive the end of March.

Here are some successful ideas to promote the event:

- ✓ Product discount for those donating supplies
- ✓ Stapling a flyer to carry-out bags
- ✓ Photo's of animals from your local shelter / cause that need adoption or help
- ✓ Displaying the donated supplies in the front of the store to catch customer eyes
- ✓ Reference or total focus in advertising mediums
- ✓ Miller Lite wholesaler could build a platform of Miller Lite cases for the supplies to display on, or a wall of cases around an area where donations will be placed.
- ✓ Local newspaper story
- ✓ Collect contributions by participating in other community events

Any and all additional display/feature consideration for Miller Lite is greatly appreciated!

If you would like to participate in this event, contact the MMBA Office at:

Phone: 763-572-0222 or 866-938-3925
Email: kaspszak@visi.com

If you have questions about POS, please address with your local Miller Distributor.

If you have any issues contacting your local distributor, please contact Jon Chance

Phone: 612-718-6862

RESOLUTION NO. 2017-XXX

RESOLUTION APPROVING A CONTRACT FOR INTERIM COMMUNITY DEVELOPMENT CONSULTING SERVICES WITH ROXANNE ACHMAN

WHEREAS, Community Development Director Roxanne Achman gave notice of resignation as an employee of the City of Isanti, with her last work day March 24, 2017; and

WHEREAS, the Personnel Committee recognizes that certain tasks and services must be provided in the interim of filling the position; and

WHEREAS, the Personnel Committee reviewed the potential to contract with Achman for community development services in the interim until a new Community Development Director is hired; and

WHEREAS, the Personnel Committee finds it would be a smoother transition to have Achman provide interim services and recommends contracting with Achman for interim community development services.

NOW, THEREFORE, IT IS HEREBY RESOLVED by the City Council of the City of Isanti, Minnesota, as follows:

1. Hereby enters into the attached contract between the City of Isanti and Roxanne Achman for interim community development services, with Achman's hourly rate being $115/hour.
2. Approves and authorizes staff to sign the contract between the City of Isanti and Achman.

This Resolution hereby approved by the Isanti City Council this 21st day of March, 2017.

Subject: Resolution Awarding Fire Extinguisher Services

As per our regular Services contracts, quotes were requested for Fire Extinguisher services. Two quotes were received that include: servicing of city fire extinguishers, annual inspection of City fire extinguishers, and servicing of public fire extinguishers. The contract is for a 2-year time period that extends from April 1, 2017 to March 31, 2019.

Fire Extinguisher Services

One quote was from the current provider, Summit Companies and the other was from Total Life Security. Please see the attached quotes and quote tabulation that gives category pricing for each service area. In reviewing the pricing provided for City extinguishers (using the average price for each service category and the mobile cost calculated per city extinguisher serviced), Total Life Securities average annual price is slighting lower ($503.00) than Summit Companies average annual price ($519.00). Regarding the servicing of public fire extinguishers, Summit Companies is the clear lower quoter, as Total Life Security's mobile charges alone are estimated to add over $39 to the price of each extinguisher serviced based on the 2016 number of 27 public fire extinguishers serviced and the average of 2.5 trips monthly by the vendor to City Hall for servicing.

Council Action:

Staff recommendation: With the small cost differential between the firms for servicing City extinguishers and the larger cost differential for servicing of Public extinguishers, staff is recommending accepting the quote from Summit Companies for fire extinguisher services for the next contract period.

MEMO

To: **Mayor Wimmer & City Council**
From: Lindsey Giese, Human Resources/City Clerk
Date: March 9, 2017
Subject: Job Description Changes within Public Works

Background:
Prior to labor negotiations with the Local 49ers, the Personnel Committee felt restructuring of the department would provide more efficiencies within Public Works. Human Resources worked to develop job descriptions, job points and pay scales to actively reflect the new positions.

These positions and pay scales were discussed during labor negotiations and tentatively agreed upon.

Recommendation:
Personnel Committee recommends that City Council approve the job descriptions for the Public Works department.

Attachments:

- Resolution 2017 – XXX Approving Job Descriptions Within the Public Works Department
- 'Exhibit A' – Equipment Mechanic Job Description
- 'Exhibit B' – Maintenance Technician I Job Description
- 'Exhibit C' – Revised Maintenance Technician II Job Description
- 'Exhibit D' – Pay Scales for Equipment Mechanic and Maintenance Technician I

RESOLUTION NO. 2017-XXX

RESOLUTION APPROVING JOB DESCRIPTIONS WITHIN THE PUBLIC WORKS DEPARTMENT

WHEREAS, prior to labor negotiations with I.U.O.E. Local 49 the Personnel Committee recommended a restructure of the department to more efficiently suit the needs of the City; and,

WHEREAS, with the restructure there was a creation of two new positions: Equipment Mechanic and Maintenance Technician I; and,

WHEREAS, Human Resources outlined the job points and pay scales related to the creation of these two new positions; and,

WHEREAS, this also created the need for a revision of an existing job description for the Maintenance Technician (now Maintenance Technician II) position; and,

NOW THEREFORE, BE IT RESOLVED by the City Council of the City of Isanti, Minnesota to approve the job descriptions outlined in 'Exhibit A', 'Exhibit B', and 'Exhibit C' and approve the job points and pay scales for the two new positions outlined in 'Exhibit D' for the Public Works Department.

This resolution was duly adopted by the Isanti City Council this 21st day of March, 2017.

City of Isanti
Economic Development Authority
Regular Meeting Minutes of
March 7, 2017
Isanti City Hall

1. Call To Order

The meeting was called to order by Economic Development Director Sullivan at 7:20 p.m.

a. Pledge of Allegiance

b. Roll Call

Commissioners Present:	Dan Collison, Ross Lorinser, Paul Bergley and George Wimmer, Steve Lundeen, Tara Hallberg
Commissioners Absent:	None
Staff Present:	Economic Development Director Sean Sullivan

c. Agenda Modifications

No modifications to the agenda were presented. Motion by Lundeen second by Collison to adopt Agenda as presented. Motion passed unanimously.

2. Approve Minutes of February 7, 2017 Regular Economic Development Meeting

Motion by Collison second by Bergley to approve the minutes for February 7, 2017. Motion carried unanimously.

3. Summary of New Home Construction Survey 2014-2016

Economic Development Sullivan presented the results of the New Resident Survey of new homes constructed from 2014-2016. 132 surveys were mailed out and 107 reached the intended targeted audience. 39 survey will filled out and returned which amounted to a 36% return rate which was statistically significant. The highest percentage of home sales fell in the 160K to 180K range which was consistent with data reported by the MPLS Association of Realtors for this market. The leading factor in selecting to move to Isanti was the cost of the home. Proximity to the metro, small town feel and growing in Isanti / gamily were other secondary factors. The number of commuters was higher than seen in other data provided by DEED with 95% of those surveyed leaving the City of Isanti for work. The data is meaningful and can be used for future marketing and policy decisions.

President Wimmer stated that a lot of this information is similar to the trends that existing during the boom in the mid 2000's. He also stated that a lot of the people moving in are looking for the small town feel but also want some of the big city amenities/services.

Sullivan shared information from the survey relating to the household size. The survey data reported 2.4 where the Census data had us at 2.24.

Lorinser stated how refreshing it was to see the varying comments on both sides of issues. This is what makes this country great.

Sullivan indicated surveying differing groups would be beneficial. He stated that the responses rate and contact with residents was beneficial. More surveys should be developed.

5. Other Business / Updates

Sullivan touched on items highlighted in the Staff Memo below.

Discussion ensued regarding success and the impact of the Chamber of Commerce

a. Business Prospects
b. GPS 45:93
c. EDAM – Day at Capitol
d. CVN
e. City and Park Logo Registration
f. Community Map
g. Housing Data from MPLS Realtor Association
h. Housing Starts in 2017
i. Business Arrivals and Departures in Isanti 2017

6. Adjournment

Lundeen motioned, seconded by Bergley to adjourn at 7:42 pm. Motion carried unanimously.

Dated at Isanti, Minnesota, this 7th day of March, 2017.

Respectively Submitted,

I. Council Committee Reports

Mayor Wimmer reported that during the Chamber Board Meeting, Cambridge Councilmember Morin updated the Chamber Board in stating that Cambridge was getting close to securing a hotel deal. The Mayor explained that it has also been one of the prime projects for Isanti for a very long time. He expressed that we have had some near misses and had some proposals within the last year that would require more City involvement to make the project happen. He has been working with the Economic Development team to see what we can get together. Mayor Wimmer asked the Council to think about what they are willing to do. Both the Cambridge and Isanti tourism studies conducted determined that this area would only be able to support one more hotel with about 80 rooms needed for our area. Once a new hotel is finalized, it would likely be five or ten years for another opportunity. The Mayor would like it discussed at the next council meeting regarding that type of proposal.

J. Public Hearings

1. 2017 Palomino Road Street & Utility Improvements Project
   a. **Resolution 2017-081 Ordering the 2017 Palomino Road Street & Utility Improvement Project**

City Engineer Brad DeWolf gave a presentation on the project. He explained what is proposed to be upgraded is from Railroad Avenue to Trunk Highway 65. It is a municipal state aid street and was the worst rated pavement in the community according to the street rating test conducted last year. There is a six and eight inch watermain under the street that will need to be replaced, to complete a 10 and 12-inch loop that we have in the entire community. The proposed improvements include to reclaim the street and repair all bad concrete, curb and gutter, the installation of the new watermain and a proposed 10-foot trail/walkway construction. The cost is broken down between street $380,000; watermain $261,000; and bituminous trail $146,000. It is proposed to use our city assessment policy, and the per parcel assessment would be on 25% of street costs only. It is not proposed to assess for watermain or trail. The estimated assessments come out to $3,656.77 per parcel. It would be levied to property owners' property taxes and divided between ten years. The interest rate is estimated 4.75%. Other project costs will be paid by city funds and state aid. DeWolf explained they would award a bid in May, construction could start in June and the project would have an expected completion of November.

The Public Hearing was opened at 7:07 p.m.

Terry Ranua, 306 Palomino Road, addressed the council and questioned why a ten-foot trail is needed instead of a four-foot sidewalk as in other parts of the city? He presented an alternative to just paint a line down the center of the road like on Railroad Avenue which would be cheaper, and stated it would not require additional maintenance in the winter. He further explained that he did not understand where the idea of the trail came from. Mr. Ranua then expressed concern over the trucks going down the road which he believes to be what damaged the road. He believes when the cross over to 65 on Main Street was closed, the traffic started coming down Palomino. Ranua believes a better option would be to get the traffic back onto Main Street instead of a residential neighborhood. He would also like to see a flashing light on the speed limit sign at each end of the street.

Mayor Wimmer addressed the concerns explaining that a ten-foot bituminous trail versus what is actually a five-foot sidewalk is typically cheaper. The Mayor explained Palomino is a major road for us and that is why we receive Municipal State Aid and why the State is actually funding a big portion of the project. He stated that having a trail along that road is in the City's Long Term Connectivity Plan to make sure we have trails where we have the most traffic. Mayor Wimmer believes that because there is no place to walk is why there is no one walking currently. The truck traffic is a concern in several areas in the City and is something we are trying to address, as we are conducting traffic studies. However, MN DOT controls the access across 65. City Engineer DeWolf addressed the question of why the trail needs to be ten-feet. He explained it is to meet state aid design standards. The Mayor explained we do have other bituminous trails around the city, however there are some that are eight feet as they are not on State Aid Roads.

Dennis Simpson, 303 Palomino, also addressed the Council. He expressed concern having the trail go to the highway. He is wondering how do we plan to control the young children going to the Highway? The Mayor addressed the concern and explained this is a long-term investment in the future development of the City. It may not be for today but because we are doing this project today, it makes it less expensive. We are at least providing a safer option than walking down the middle of the road. In afterthought, the Mayor realized he had not addressed Mr. Ranua's comment on Railroad Ave. He explained they are working at getting a trail there, it is less safe to just have that line on the road.

Sean Stickley, 301 Palomino Road, approached the Council. He questioned why they are putting no parking on the south side of Palomino Road. Mayor Wimmer replied that it is required by the State and asked Brad DeWolf to further explain. DeWolf explained the width of the road with the current curb dimensions, only permits two driving lanes and one parking lane, that is why the south side is no parking. Stickley also commented he agrees with the comments of the other two residents. He was curious if the city would assist in the clean up after the project is completed as he had just pressure washed the outside of his home and it took over a month to complete. Mayor responded that he hopes Mr. Stickley will appreciate the fact that there is a nice new road to drive on and there will not be as many pot holes damaging his vehicle.

Clint Metz, 210 Palomino, approached the Council and questioned what will happen to his irrigation and also questioned about the driveway entrances. The Mayor explained that the irrigation should not be in the city right-of-way. But if so, it is the homeowner's responsibility to move it. DeWolf explained the sidewalk/trail will go through the driveways and will be matched in behind the trail.

Terry Ranua, 306 Palomino Road, approached the podium for a second time with concern that his concrete driveway would be cut out. He also was in disbelief that concrete is not less expensive than bituminous. He also questioned what happens with the mailboxes, fire hydrants and trees. City Engineer DeWolf explained that the end of the driveway where the trail goes through will have to be removed, unless they meet the exact aid handicapped accessible slopes the State requires. Each driveway will be surveyed and if they can match into it, they will. They will look at each one separately and meet with each property owner. As for the cost of concrete versus bituminous, he did not have exact figures of price per foot on hand. However, Councilor Collison added that there is much more labor involved with concrete. Councilor Lundeen added that when he built his house, the cost was almost double for concrete and with black driveway (bituminous) it also melts off ice

quicker. DeWolf further explained the mailboxes will be behind the curb where they are permitted. The fire hydrants and power poles will have to be moved to the back side of the trail. There are a few isolated trees that will likely have to be removed. Mayor Wimmer explained that when we look at street repairs, the neighborhood does not like it due to the interruptions etc., but we have to look at it from the stand point of long term benefit to that area versus letting the infrastructure decay to such a point the cost would continue to escalate.

Mike Cameron, 206 Palomino Rd, addressed his concerns to the Council. His concern was regarding his concrete driveway being replaced. Mayor reiterated that each driveway would be looked at individually and if they don't have to touch the driveways, if they were to meet specifications, it will be cheaper for the City also. The City is responsible for repair of the sidewalks.

Linda Cameron, 205 Palomino Rd, approached the podium and expressed her concern. She questioned why the trail isn't being located on the other side of the street. She was also concerned about the taxes increasing. Engineer DeWolf explained it connects well with Railroad Avenue trail on that side and that is why it was looked at more on the north side then on the south side. The Mayor explained that it wouldn't raise the tax, but it would add an assessment, which is reflected on the tax statement. He also stated that we can all agree that we don't want taxes to be as high and valuations continue to rise dramatically. However, the City doesn't control the valuation side of it. About 40% of taxes go to the City the rest goes to the County and School District. Also, this is one of the lowest assessments we've had for similar projects. Palomino benefits because it is a Municipal State Aid Road. Further discussion ensued regarding Municipal State Aid.

Kara Merrifield, 208 Palomino Rd, addressed the Council. She expressed her concern over differing explanations of the re-location of the power lines. She stated at the open house meeting they were informed that the power lines would be placed in front of the trail by the mailboxes. DeWolf stated that the private utilities, both the cable boxes and the power poles will be relocated to the North side of the trail, as it is shown on the map.

Clint Metz, 210 Palomino Rd, raised his concern that all trees would be cut down for these power lines, and they are beautiful mature trees. City Engineer DeWolf explained that Mr. Metz' trees are located several feet back from the trail. DeWolf said they will need to meet with the power company to discuss the trimming. Councilor Lorinser asked if the lines could be run underground and the Mayor responded that it would probably double this budget.

Terry Ranua, 306 Palomino Rd, approached the podium again to reiterate his desire for a concrete, smaller sidewalk. He also raised questions on if the snow would be plowed or blown. His concern was in regards to the trail and the trail being so close to the front of his house that if the snow was blown it may hit his windows.

Mike Cameron, 206 Palomino, wanted clarification on a ten or twenty-year plan. The Mayor explained that the pavement management plan is a ten-year management plan to address the street infrastructure in the city. However, that we like to look out for several decades when planning projects and looking at the impact for the city. Isanti has changed so much in the last decade not to mention the last two or three decades. Cameron stated that the South side is swamp and the North is full so he questioned how that area is going to change in twenty years? Councilor Collison added it

is more about where that trail is going to connect in the future. Councilor Lorinser questioned if the corner of Palomino and Hwy 65 is Commercial. Mayor Wimmer replied yes. Cameron questioned why the assessment is for only the people on Palomino, and why it isn't split between all houses around there? The Mayor pointed out that $3,600 is only 25% of the street cost. The 75% is picked up by everyone else in the City. When the streets are done in their neighborhood, they will pick up those costs. Mayor Wimmer added that $3,600 is a very reasonable street assessment.

Kara Merrifield, 208 Palomino Rd, wanted clarification what would be happen if someone were hurt on that trail, in front of their home. Would it go on their homeowner's insurance? The Mayor explained a sidewalk is City infrastructure. She wanted to know with so many unanswered questions and things the City Engineer needs to check into, how can a decision be made tonight? The Mayor explained that they can decide to go ahead with the project to get the ball rolling, but can make change orders as the project moves forward.

The Public Hearing was closed at 7:48 p.m.

Mayor Wimmer summarized the hearing with the main concerns being the ten-foot asphalt versus a five-foot sidewalk, the other was the North or South side location of the trail, and tree preservation. The Mayor questioned would changing from a ten foot to a five-foot sidewalk save any trees and how many? If we don't have the answer, can we move forward and at that point do a change order? City Engineer DeWolf stated he would be happy to come back and do a comparison and how it would affect the trees. Further discussion ensued.

Motion by Collison, second by Lorinser to approve Resolution 2017-081 with the understanding the City Council will review information from the City Engineer at their April 4, 2017 City Council meeting regarding the impact of a 5'foot concrete sidewalk or a 10' bituminous trail, and then make a decision regarding construction of said improvement. Motion carried unanimously.

2. **Resolution 2017-082 Vacation of All Drainage and Utility Easements Lying Within Lots 2 & 3, Block 1, Fairway Greens**

The Public Hearing opened at 8:00p.m. There were no public comments. The Public Hearing was closed at 8:00p.m.

Motion by Lundeen, second by Collison to approve Resolution 2017-082 as presented. Motion carried unanimously.

K. Business Items

1. **Resolution 2017-083 Supporting Local Decision-Making Authority**

The Mayor stated that Cities are having a lot of their authority taken away from them. The most recent proposal is one that would make it illegal for cities to charge planning and review fees. We would still need to do the work and pay our Community Development Director but we couldn't charge the developer for it, it would have to be paid by the taxpayers. This resolution is showing our support for local decision making authority.

Motion by Lundeen, second by Lorinser to approve Resolution 2017-083 as presented. Motion carried unanimously.

City Administrator Don Lorsung

2. **Resolution 2017-084 Approving the Extension of an Agreement with Community Pride Bank for Banking Services**

Motion by Lundeen, second by Bergley to approve Resolution 2017-084 as presented. Motion carried unanimously.

Police Chief Gene Hill

3. **Resolution 2017-085 Declaring 2010 Dodge Charger as Surplus Property**

Motion by Lorinser, second by Bergley to approve Resolution 2017-085 as presented. Motion carried unanimously.

L. Approve Consent Agenda

1. Consider Accounts Payable in the Amount of $619,440.00 and Payroll in the Amount of $92,593.77
2. Contractor's Pay Request No. 07 Wastewater Treatment Improvements in the Amount of $335,782.00
3. Final Meeting Minutes of the February 7, 2017 Economic Development Authority Meeting
4. **Resolution 2017-086 Approving Donation Box at Liquor Store for Pet Supplies Drive**
5. **Resolution 2017-087 Approving Contract for Interim Community Development Consulting Services with Roxanne Achman**
6. **Resolution 2017-088 Accepting Quote for Fire Extinguisher Services for the City of Isanti and Entering into a Contract for Fire Extinguisher Services**
7. **Resolution 2017-089 Approving Job Descriptions Within the Public Works Department**
8. **Resolution 2017-090 Approving Farmers Market Advertisement in the May Edition of the Courier**
9. **Resolution 2017-091 Extending Vacation Hours for Liquor Store Manager John Jacobi**
10. **Resolution 2017-092 Accepting Proposal Quote for Rug & Uniform Services for All City Departments and Entering into Three-Year Contract with G & K Services**

Motion by Lundeen, second by Bergley to approve Consent Agenda as presented. Motion carried unanimously.

At 8:06p.m. Mayor Wimmer announced that the Council would go into a brief recess to clear out the chambers and that Council would then go into closed session to discuss the Public Services 49er's Labor Negotiations.

N. Closed Session

1. Labor Negotiations

At 8:14 p.m. Council came out of closed session. Mayor Wimmer requested City Attorney Clark Joslin provide a summary of the closed session.

Attorney Joslin explained the council went into closed session for purpose of the discussion on labor negotiations with the labor contract of the Public Works Department workers through the Local 49 Union. There was discussion on the terms of the proposed contract provisions, discussion of the process that was followed in the course of negotiations and various items that were included in the contract. Following that discussion, the Council ended the closed session and came back to open session for purpose of taking any action the Council deems appropriate.

a. **<u>Resolution 2017-093</u> Authorizing the Acceptance of the Labor Agreement Between the City of Isanti and I.U.O.E., Local No. 49, AFL-CIO**

Motion by Bergley, second by Lundeen to approve the I.U.O.E., Local 49 union contract as presented. Motion carried unanimously.

b. **<u>Resolution 2017-094</u> Approving a Cost of Living Adjustment (COLA) for Non-Union Employees**

Motion by Lundeen, second by Bergley to approve Resolution 2017-094 as presented. Motion carried unanimously.

Adjournment

Motion to adjourn by Lundeen, second by Bergley. Motion carried unanimously. The meeting was adjourned at 8:17p.m.

Council Discussion

Subject: Notice from Isanti County regarding a proposed lodging retreat and Conditional Use Permit for a property just outside City limits and guided for future low density residential land uses

---

Background

On March 30th, Isanti County provided notice that a conditional use permit to operate a retreat center for overnight private temporary lodging was being pursued. The property is located at 27868 Polk St. NE, is represented by PID #05.031.3300 and is located in the SE ¼ of the SE ¼ of Section 31, Township 35, Range 23 in Isanti Township

2008 Comprehensive Plan, Future Land Use Map:

The Isanti Comprehensive Plan guides this area partially for future low density residential development. The rest of the property that is encumbered by water and wetlands is guided for park/open space uses. City Council must consider the implications of the proposed lodging retreat and the effect that such a development may have on the likelihood that the City of Isanti can realize the vision of the Isanti Comprehensive Plan as shown in the Future Land Use exhibit. State law allows land use planning to extend beyond the boundary of a municipality to include areas that are likely to be developed in future years with more intense land uses. The purpose of this rule is to discourage any improvements, or conveyance of property in such a manner that would make it difficult or more expensive to extend services to such an area at a time in the future when there is development pressure in the area.

The City of Isanti's Comprehensive Plan was reviewed by adjacent jurisdictions prior to approval. Isanti County should be aware of expansion and Land Use plans for the area. City Council is asked to provide guidance to staff on any response to this issue.

County Planning Commission Consideration

The County Planning Commission will review the Conditional Use Permit on April 13, 2017. Any opinion on this issue is requested to be sent to the County in writing by April 6th or by attending the Planning Commission meeting. A more detailed copy of the request may be reviewed in the County Zoning Office prior to the meeting.

Section 18, Subdivision 4 of the County Zoning Ordinance states that "the establishment of the conditional use [must] not impede the normal and orderly development and improvement of surrounding vacant property for uses predominant in the area." It could be argued that the retreat center, if approved, would impede on the orderly development of the area, would be an incompatibility with planned future land uses and would make the extension of utilities for this development and that of adjacent vacant properties less likely. The Isanti County Commissioners would benefit from some response from the City of Isanti on the impacts of the

proposed use on the orderly development of the area in order for them to fully consider the request and whether it could be approved.

Staff Request

To consider the proposed lodging retreat building proposal, and the impacts the development would have on the area and growth of the City of Isanti. To provide guidance to staff on the response, if any, to the County and Township on this matter.

Subject: A Resolution Approving a Special Event Permit Request for Celebrate Isanti on August 12, 2017

Background

City staff has submitted a special event permit application to host the Celebrate Isanti event on August 12, 2017. The event will include free activities open to the public throughout the day. A 5K family bike ride and run/walk will begin at the Park and Ride in Cambridge at 8:30 am. The route for the race will follow the Cambridge-Isanti Bike/Walk Trail into Bluebird Park with the finish line on the southwest corner of the Isanti Soccer Complex. There will be a kids'/wellness fair with local businesses and organizations in the open space at Bluebird Park from 9:00 am to 1:00 pm. Vendors will submit applications to the City for review. They will showcase the resources available in the community for children and families. From 11:00 am to 5:00 pm, the Rum River Rods' Summer Spectacular Car Show will occur on Main Street. The Street Dance featuring Jonah and the Whales will begin at 7:00 pm and end at 11:00 pm (a Special Event Permit has already been issued for this part of the event).

Parking for the 5K and Wellness Fair portions of the event is anticipated to be contained within the Park and Ride and Bluebird Park Lots.

Portions of Main Street Downtown will be closed for the day. Cars entered into the Car Show will be parked on both sides of Main Street. Main Street will be closed from 2nd Ave to just west of the tracks and 1st Ave will be closed from the alley south of City Hall to the alley behind the Post Office. Letters will be sent to area residents and business informing them of the closure.

Should the weather not cooperate for the events, the event will be cancelled. Any cancellations will be posted to the City's website and the Isanti Events and Community Center Facebook page as early as possible.

A Special Event Permit Application including site plan, temporary sign permit application, and proof of written notification, is attached for Council review. The Special Event Permit typically requires a $100 clean up deposit fee; city staff are asking that this fee be waived. The Temporary Sign Permit application typically requires a $50 fee; city staff are asking that this fee be waived.

Staff Request

City staff is requesting approval of the Celebrate Isanti Special Event Permit application and attachments, and waiver of the associated fees.

Good afternoon!

I have attached the special event application for the Celebrate Isanti (formerly Two Cities, One Community) event happening August 12. The event will include the 5K family bike ride and run/walk and kids' festival as in previous years. We'll be coordinating with the Isanti County Sheriff for traffic control around the 5K route, and will work with Isanti PD to ensure that the trail is monitored during the race.

As both Isanti Fire and Isanti PD are available, we would like to invite you to participate in the kids' festival as well. Upon Council approval of these materials, the vendor form will go out to potential participants for this part of the event.

Celebrate Isanti will also include the Car Show Spectacular on Main Street – we are expecting a separate application from Rum River Rods for this event and their weekly car shows – and the last Street Dance of the summer. The application for the street dances has already been approved.

Please respond with your comments or approval at your earliest convenience. If I hear back from everyone by the end of the day tomorrow (Wednesday), I should be able to get it on the council agenda for 4/4.

Thanks!

Dear Isanti Resident:

The City of Isanti is looking forward to hosting the Celebrate Isanti event on August 12, 2017. This event will be a full day celebration of the things that make our community great! Below is a schedule of events for the day – all activities are free and open to the public, we hope you can join us!

- 5K Family Bike Ride and Run/Walk on the Cambridge-Isanti Bike/Walk Trail
  (The route will begin at the Park and Ride in Cambridge and end in Bluebird Park, free shuttle services will be available)
  - 8:00 am Check in at the Park and Ride in Cambridge

Section 16 Signs:

Below are a number of rules and regulations pertaining to temporary signs for special events. The full ordinance can be found on the City's website (www.cityofisanti.us) or at City Hall.

- Permission
  Signs placed on property other than your own, require property owner permission.

- Signs on City Property
  Temporary signs are **prohibited** from being placed on City property or within the City right-of-way of any street.

- Sign Setback
  Signs shall be setback a minimum of ten (10) feet from the property line. Signs should not be in locations that would interfere with safe vehicular and pedestrian circulation or public safety signals.

Temporary Signs Requiring a Permit

The following signs require a temporary sign permit in zoning districts and shall meet the requirements as provided within this Section.

- Public interest signs publicizing a charitable or non-profit event of general public interest. Such signs may be erected only on private property with the consent of the owner. Such signs shall be limited to thirty-two (32) square feet. Public interest signs shall be permitted only fourteen (14) days before and must be removed seven (7) days after the event to which it pertains.

- Banners, portable signs, and inflatable figures:
  No more than one (1) banner or portable sign not to exceed thirty-two (32) square feet or one (1) inflatable figure not to exceed ten (10) feet in width or depth shall be permitted in a commercial or industrial district for a special event sponsored and/or run by a commercial enterprise in connection with a seasonal sale or other special offer. Banners, portable signs and inflatable figures for these types of events are permitted, provided they may be allowed for a maximum of thirty (30) consecutive days, no more than four (4) times per year. A minimum of one month is required between events.

Temporary Signs Not Needing a Permit

The following signs are exempt from permit requirements in all zoning districts.

- Directional signs.
  Directional signs not exceeding two (2) square feet in surface area displaying directional information for a special event, or other similar uses provided that such use shall be limited to one such sign per thoroughfare approach. Such signs shall not be illuminated and all shall comply with all applicable regulations of the road authorities.

- Ground Signs (sandwich board).
  So long as they are not located on a sidewalk or trail and are brought inside every night at the completion of business hours.

MEMO

To: **Mayor and City Council**
From: Lindsey Giese, Human Resources/City Clerk
Date: March 30, 2017
Subject: Approval of Consumption & Display Permit for Brushes & Boards, LLC

Background:
Brushes & Boards, LLC (Owner Stacy Upton) has submitted an application for a Consumption & Display permit. Brushes & Boards is located at 401 Dual Blvd. E Suite 102, Isanti, MN 55040. The business operates as an instructor led DIY (Do-It-Yourself) workshop. A background check has been completed by the Chief of Police, and the applicant and business successfully passed the liquor license background.

Consumption & Display Permit:
Per City Code, Chapter 76-14 Types of Licenses, Subdivision G.1, the City may issue a Consumption & Display permit to an applicant who has not, within five years prior to the application, been convicted of a felony or of violating any provisions of this article or rule adopted under this article. The Isanti City Code matches Minnesota State Statute § 340A.414. The State of Minnesota Alcohol and Gambling Enforcement has verified the eligibility, and if the business receives City Council approval, the final approval must be made by the State of Minnesota. This permit would expire March 31 of each year.

Requested City Council Approval:
- Approval of Consumption & Display Permit to Brushes & Boards, LLC effective April 4, 2017 through March 31, 2018.

Attachments:
- Resolution 2017-XXX - Authorizing a Consumption & Display Permit to Brushes & Boards, LLC (Owner Stacy Upton)

RESOLUTION 2017-XXX

RESOLUTION AUTHORIZING A CONSUMPTION & DISPLAY PERMIT TO BRUSHES & BOARDS, LLC

WHEREAS, the City has received an application for a Consumption and Display permit from Brushes & Boards, LLC; and,

WHEREAS, the applicant has provided proof of liability insurance and is not required to obtain workers' compensation insurance as there are no other employees; and,

WHEREAS, Minnesota State Law and City Ordinance have been reviewed and the business meets the criteria in which the applicant is eligible for the permit; and,

WHEREAS, the required fees for the permit and background check have been paid in full; and,

WHEREAS, the City has conducted a background check on the applicant and found no reason to deny the permit; and,

WHEREAS, the effective date of the Consumption & Display permit shall be determined by the State of Minnesota Alcohol and Gambling Enforcement Division per all state requirements being met.

NOW, THEREFORE, IT IS HERBY RESOLVED by the City Council of the City of Isanti, Minnesota that:

1. That the City approves authorization to issue a Consumption and Display permit to Brushes & Boards, LLC (Owner Stacy Upton) in accordance with Isanti City Code.
2. Authorization is contingent upon all local and State requirements being met and receipt of all required documentation.
3. That staff is hereby authorized to sign all required documents to provide for the issuance of the Consumption and Display permit.
4. The Consumption and Display permit is issued by the State, and Brushes & Boards, LLC is not authorized to allow consumption within the business until the state authorizes and issues the appropriate permit.

This resolution was duly adopted by the Isanti City Council this 4th day of April, 2017.

Request for Council Action

To: Mayor Wimmer
Members of the City Council

From: Roxanne Achman, AICP
Community Development Director

Date: April 4, 2017

Subject: Resolution to Approve a Conveyance Agreement with a supplemental Use and Maintenance Agreement between the City of Isanti and CSDCPC ASA, LLC for the property legally described as Lot 2, Block 1, Fairway Greens, Isanti County, Isanti, Minnesota.

Background

The Final Plat, Rezoning and Site Plan for a park and playground space at 901 6th Ave Ct NE were recommended for approval by the Planning Commission on March 21st, 2017, for the Art and Science Academy (ASA). Part of the agreement to allow ASA to construct such a space in what would otherwise be a commercial district, is the agreement to convey such property to the City upon completion of the park.

An agreement has been drafted that outlines the details of the construction and conveyance of the property. The attached Conveyance Agreement was drafted by Bob Deike and reviewed and revised by Campbell Knutson. CSDCPC ASA LLC (the Art and Science Academy) has had their attorney review the agreement as well. It appears that both parties are at an agreement with the attached version.

A Use and Maintenance Agreement supplements the Conveyance Agreement. The Art and Science Academy would like exclusive use of the playground and soccer field from 7:30am – 4:00pm on school days when classes are in session. The agreement outlines such uses, the responsibilities of each party, the need for comprehensive general limited liability insurance and the events of default. This agreement is very similar to what we have with other entities.

While the City will perform all regular maintenance on the property once it is conveyed, the school will be responsible for a portion of the costs due to their request for exclusive use for a significant portion of the time the park is open. Costs were calculated by Community Events and Parks Coordinator Katie Everett and further approved by the Development and Operations Advisory Committee. The overall cost of maintenance is expected to be roughly $4,400 per year. The Art and Science Academy will be responsible for contributing $2,200 per year to the City for use and maintenance. ASA will be billed by August 31st of each year. The final approval of Schedule D (Use and Maintenance Agreement) has not yet been received from CSDCPC ASA LLC. If any changes are needed, an amendment shall be made.

WHEREAS, CSDC is the owner of a parcel of real property located in the City, which real property is legally described on Schedule A attached to this Agreement and is referred to in this Agreement as the "CSDC Property"; and

WHEREAS, CSDC has leased the CSDC Property to the School, which is currently operating a charter school in the City on property adjacent to the vacant CSDC Property pursuant to a conditional use permit approval granted by the City; and

WHEREAS, CSDC has requested that the City make certain changes to the conditional use permit approval to allow CSDC and School to modify their operations in the City; and

WHEREAS, as a condition to the City's approval of the modification to the conditional use permit CSDC has agreed to construct certain recreational improvements on the CSDC Property (the "CSDC Improvements") and upon completion of such construction would deed the CSDC Property and CSDC Improvements to the City to be owned and maintained by the City; and

WHEREAS, the City and CSDC desire by this Agreement to document their understandings regarding the construction of the CSDC Improvements, the conveyance of the CSDC Property and the ownership and maintenance of the CSDC Property and the CSDC Improvements; and

NOW THEREFORE, in consideration of the premises and the mutual obligations of the parties hereto, and subject to the limitations set forth below, each of them does hereby covenant and agree with the other as follows:

ARTICLE I

Definitions

Section 1.1. Definitions. In this Agreement, unless a different meaning clearly appears from the context:

"Agreement" means this Agreement, as the same may be from time to time modified, amended, or supplemented.

"City" means the City of Isanti, or its successors or assigns.

"Closing" or "Closing Date" shall have the meaning provided in Section 3.6(a).

"Construction Plans" means the plans, specifications and drawings relating to the construction of the CSDC Improvements to be constructed by CSDC, copies of which Construction Plans are attached to this Agreement as Schedule C.

"County" means Isanti County, Minnesota.

"CSDC" is defined in the preamble.

"CSDC Improvements" means the recreational improvements to be constructed by CSDC on the CSDC Property, a depiction of which improvements is shown on Schedule B to this Agreement and which improvements are described in the Construction Plans.

"CSDC Property" means the real property described as such on the attached Schedule A.

"CUP Amendment" means the City's approval on _____, 20__, of an amendment to CSDC's conditional use permit approval governing its operations in the City.

"School' means the Art & Science Academy, Inc., a Minnesota nonprofit corporation.

"Unavoidable Delays" means delays which are the direct result of acts of God, unforeseen adverse weather conditions, strikes, other labor troubles, fire or other casualty to the Minimum Improvements, litigation commenced by third parties which, by injunction or other similar judicial action, directly results in delays, or acts of any federal, state or local governmental unit, and which directly results in delays.

ARTICLE II

Representations

Section 2.1. Representations by the City. The City makes the following representations as the basis for the undertaking on its part herein contained:

(a) The City is a statutory city under the laws of the State. Under the laws of the State, the City has the power to enter into this Agreement and to perform its obligations hereunder.

Section 2.2. Representations by CSDC. CSDC represents that:

(a) CSDC is a limited liability company organized under the laws of the State of Delaware and whose sole member is nonprofit corporation organized and existing under the laws of the State of Arizona. CSDC is duly authorized to transact business in the State, is not in violation of any provisions of its articles of organization, operating agreement, or the laws of the State, has the power to enter into this Agreement and has duly authorized the execution, delivery and performance of this Agreement by proper action of its board of directors.

(b) CSDC owns fee title to the CSDC Property.

(c) CSDC will construct the CSDC Improvements in accordance with the terms of this Agreement and all local, state and federal laws and regulations (including, but not limited to, environmental, zoning, building code and public health laws and regulations), except for variances necessary to construct the improvements contemplated in the Construction Plans approved by the City.

(d) CSDC will obtain, in a timely manner, all required permits, licenses and approvals, and will meet, in a timely manner, all requirements of all applicable local, state and federal laws and regulations which must be obtained or met before the CSDC Improvements may be lawfully constructed.

(e) Neither the execution and delivery of this Agreement, the consummation of the transactions contemplated hereby, nor the fulfillment of or compliance with the terms and conditions of this Agreement is prevented, limited by or conflicts with or results in a breach of, the terms, conditions or provisions of any restriction or any evidences of indebtedness, agreement or instrument of whatever nature to which CSDC is now a party or by which it is bound, or constitutes a default under any of the foregoing. Notwithstanding the foregoing, CSDC shall obtain prior written approval from CSDC's lender prior to commencing work on any of the CSDC Improvements or the transfer of the CSDC Property and shall take all reasonable steps to obtain lender's approval.

(f) To the best knowledge of CSDC, there is no action, litigation, investigation, condemnation or proceeding of any kind pending or threatened against the CSDC Property.

(g) CSDC represents that it is not aware of any septic systems or wells located on the CSDC Property.

Section 2.3. Representations and Agreements by School. School represents that:

(a) School is a nonprofit corporation organized under the laws of the State of Minnesota. School is duly authorized to transact business in the State, is not in violation of any provisions of its articles of organization, operating agreement, or the laws of the State, has the power to enter into this Agreement and has duly authorized the execution, delivery and performance of this Agreement by proper action of its board of directors.

(b) School holds a leasehold interest in the CSDC Property.

(c) School approves the CSDC Improvements and authorizes CSDC to construct the CSDC Improvements and transfer the CSDC Property in accordance with the terms of this Agreement. School agrees to release its leasehold interest in the CSDC Property at Closing as further described herein provided the Use and Maintenance Agreement provided under Section 3.3(g) of this Agreement is executed at Closing.

ARTICLE III

Conveyance of CSDC Property; City Reimbursements

Section 3.1. Status of CSDC Property. CSDC owns fee title to the CSDC Property. CSDC has proposed to the City that CSDC will construct the CSDC Improvements on the CSDC Property in accordance with this Agreement, and based on such proposal the City approved the CUP Amendment. Upon completion of the CSDC Improvements and acceptance of the CSDC Improvements by the City, CSDC will convey the CSDC Property to the City and the City will own and maintain the CSDC Property and Improvements as part of the City's park system, subject to the release of the lien on the CSDC Property by CSDC's lender.

Section 3.2 Agreement to Sell. (a) The City agrees to purchase the CSDC Property and CSDC agrees to sell the CSDC Property to the City in consideration for the payment of a purchase price of $1.00 and the City's other covenants and agreements contained in this Agreement, subject to the qualifications set forth in Section 3.1.

(b) The purchase price to be paid by the City to acquire the CSDC Property shall be payable by means of cash or certified funds on the date of closing on the sale of the CSDC Property to the City.

Section 3.3. Conditions Precedent to Conveyance. CSDC's obligation to sell and the City's obligation to purchase the CSDC Property shall be subject to satisfaction of all of the following conditions precedent:

(a) CSDC having completed construction of the CSDC Improvements consistent with the City-approved plans for the CSDC Improvements and the City having inspected the CSDC Improvements and found them to be acceptable. CSDC agrees that it will not commence construction of the CSDC Improvements until the CSDC Property has been re-platted.

(b) The City having determined that the environmental and soil conditions on the CSDC Property are acceptable to the City prior to Closing.

(c) CSDC having completed the re-platting of the CSDC Property creating it as a separate lot.

(d) School releasing the CSDC Property from its lease with CSDC at Closing.

(e) CSDC's lender releasing its lien on the CSDC Property at Closing.

(f) City review and acceptance of the title to the CSDC Property at Closing.

(g) Execution by the School and the City of a Use and Maintenance Agreement for the CSDC Property in substantially the form attached as Schedule D[AMP3].

Section 3.4 Title.

(a) Quality of Title. CSDC shall convey marketable fee title to the CSDC Property to the City, subject to no liens, easements, encumbrances, conditions, reservations or restrictions other than encumbrances approved by City in writing ("Permitted Encumbrances").

(b) Title Evidence. Within ten (10) business days after this Agreement is fully executed by the parties, CSDC shall furnish to the City a commitment ("Title Commitment") for an owner's policy of insurance in the amount of the fair market value of the CSDC Property insuring title to the CSDC Property subject only to the Permitted Encumbrances.

(c) City's objections. Within twenty (20) business days after receiving the Title Commitment, the City shall make written objections ("Objections") to the form and/or contents of the Title Commitment. The City's failure to make Objections within such time period will constitute waiver of Objections. Any matter shown on such Title Commitment and not objected to by the City shall be deemed an additional "Permitted Encumbrance" hereunder. CSDC shall have ninety (90) days after receipt of the Objections to cure the Objections, during which period the Closing will be postponed as necessary. CSDC shall use its best efforts to correct any Objections. If the Objections are not cured within such 90-day period, the City will, in addition to any other remedy available at law or under this Agreement, have the option to do either of the following:

(1) Terminate this Agreement; or

(2) Waive the Objections and proceed to close.

Section 3.5 Environmental Assessment. Within _____ (____) days after the date of this Agreement CSDC shall provide to the City all surveys, studies and reports that is has in its possession relating to the soils or environmental conditions existing on the CSDC Property. The City, its contractors and agents shall have the option, but not the obligation, to enter upon the CSDC Property at reasonable times and upon notice to CSDC to undertake such surveying and

testing as the City reasonably determines is necessary to ascertain the soils and environmental conditions existing on the CSDC Property. If the City determines that conditions existing on the CSDC Property are unacceptable it will have the right to notify CSDC upon which, CSDC may elect to remedy the defective conditions or terminate this Agreement which shall be of no further force or effect.

Section 3.6 Closing.

(a) Closing on the conveyance of the CSDC Property to the City shall occur within ten (10) business days after completion of the conditions precedent set forth in Section 3.3 (a) and (c) ("Closing or Closing Date"). The closing shall be conducted by the title company that issued the title commitment and shall occur at a mutually agreeable time and place. CSDC agrees to deliver possession of the CSDC property to the City on the Closing Date. Each party shall provide their tax identification numbers at Closing.

(b) At closing on conveyance of the CSDC Property, CSDC shall deliver to the City: (i) a general warranty deed duly executed and acknowledged, in recordable form, conveying to the City marketable title to the CSDC Property; (ii) a Seller's Affidavit, in customary form, relative to judgments, federal tax liens, mechanic's liens and outstanding interests in the CSDC Property; (iii) such other documents as may be required to effect the conveyance of the CSDC Property to the City; and (iv) an assignment of all warranties provided by contractors engaged to construct the CSDC Improvements which are by their terms assignable.

3.7. Closing Costs and Prorations. The CSDC and the City agree to the following prorations and allocations of costs:

(a) Closing Costs. CSDC shall pay all costs of issuing the title commitment. The City shall be responsible for title insurance premiums required for the issuance of any owner's title insurance policy required by the City. The closing fees charged by the title company shall be split between the City and CSDC. CSDC shall pay for preparation and recording of any document necessary to clear title to the CSDC Property. The City pay the costs for recording of the deed.

(b) State Deed Tax. CSDC shall pay all state deed tax for the warranty deed required under this Agreement.

(c) Real Estate Taxes and Levied and Pending Assessments. General real estate taxes due in in the year of Closing shall be prorated by CSDC and the City as of the Closing Date based upon a calendar fiscal year. CSDC shall be responsible for all special assessments levied or pending against the CSDC Property as of the date of Closing.

(d) Consultant Fees. CSDC and the City will each pay their own attorney's and consultant's fees.

(e) Platting Costs. CSDC shall be responsible for all costs associated with the platting of the CSDC Property.

ARTICLE IV

Construction of Improvements

Section 4.1. Construction of Improvements. CSDC agrees that it will construct the CSDC Improvements on the CSDC Property in accordance with the approved Construction Plans and at all times that it owns the CSDC Property will preserve and keep the CSDC Improvements in good repair and condition and in accordance with all applicable laws and ordinances.

Section 4.2. Construction Plans and Site Plan. As of the date of this Agreement CSDC has submitted to the City and the City has approved Construction for the CSDC Improvements. If CSDC desires to make any material change in any Construction Plans or site plan after their approval by the City, CSDC shall submit the proposed change to the City for its approval prior to making the change.

Section 4.3. Commencement and Completion of Construction. (a) CSDC agrees for itself, its successors and assigns, and every successor in interest to the CSDC Property, or any part thereof, that CSDC, and its successors and assigns, shall promptly begin and diligently prosecute to completion construction of the CSDC Improvements within the period specified in this Section 4.3 of this Agreement.

(b) Subject to Unavoidable Delays, CSDC shall commence construction of the CSDC Improvements by _____, 201__, and shall complete such construction by _____, 201__.

ARTICLE V

Insurance and Condemnation

Section 5.1. Insurance.

(a) CSDC will provide and maintain or cause to be provided and maintained at all times during the process of constructing the CSDC Improvements up to the Closing Date, and, from time to time at the request of the City, furnish the City with proof of payment of premiums on:

(i) Builder's risk insurance, written on the so-called "Builder's Risk -- Completed Value Basis," in an amount equal to one hundred percent (100%) of the insurable value of the CSDC Improvements at the date of completion, and with coverage available in nonreporting form on the so called "all risk" form of policy;

(ii) Comprehensive general liability insurance (including operations, contingent liability, operations of subcontractors, completed operations, Broadening Endorsement including contractual liability insurance) together with an Owner's Contractor's Policy with limits against bodily injury and property damage of not less than $2,000,000 for each

occurrence (to accomplish the above-required limits, an umbrella excess liability policy may be used); and

(iii) Worker's compensation insurance, with statutory coverage and employer's liability protection.

The policies of insurance required pursuant to clauses (i) and (ii) above shall be in form and content satisfactory to the City and shall be placed with financially sound and reputable insurers licensed to transact business in the State, the liability insurer to be rated A or better in Best's Insurance Guide. The policy of insurance delivered pursuant to clause (i) above shall contain an agreement of the insurer to give not less than thirty (30) days' advance written notice to the City in the event of cancellation of such policy or change affecting the coverage thereunder.

ARTICLE VI

[intentionally omitted]

ARTICLE VII

Events of Default

Section 7.1. Events of Default Defined. The term "Event of Default" shall mean, whenever it is used in this Agreement (unless the context otherwise provides), any failure by either party to substantially observe or perform any material covenant, condition, obligation or agreement on its part to be observed or performed hereunder.

Section 7.2. Remedies on Default. Whenever any Event of Default referred to in Section7.1 of this Agreement occurs, the non-defaulting party may take any one or more of the following actions after providing thirty (30) days written notice to defaulting party of the Event of Default, but only if the Event of Default has not been cured within said thirty (30) days:

(a) In the case of an Event of Default by CSDC, the City may revoke the CUP Amendment;

(b) Take whatever action, including legal, equitable, including an action for specific performance, or administrative action, which may appear necessary or desirable to the non-defaulting party to collect any payments due under this Agreement, or to enforce performance and observance of any obligation, agreement, or covenant of the other party under this Agreement.

Section 7.3. No Remedy Exclusive. No remedy herein conferred upon or reserved to the City or CSDC is intended to be exclusive of any other available remedy or remedies, but each and

every such remedy shall be cumulative and shall be in addition to every other remedy given under this Agreement or now or hereafter existing at law or in equity or by statute. No delay or omission to exercise any right or power accruing upon any default shall impair any such right or power or shall be construed to be a waiver thereof, but any such right and power may be exercised from time to time and as often as may be deemed expedient. In order to entitle the City or CSDC to exercise any remedy reserved to it, it shall not be necessary to give notice, other than such notice as may be required in this Article VII.

Section 7.4. No Additional Waiver Implied by One Waiver. In the event any agreement contained in this Agreement should be breached by either party and thereafter waived by the other party, such waiver shall be limited to the particular breach so waived and shall not be deemed to waive any other concurrent, previous or subsequent breach hereunder.

ARTICLE VIII

Additional Provisions

Section 8.1 Conflict of Interests; City Representatives Not Individually Liable. The City and CSDC, to the best of their respective knowledge, represent and agree that no member, official, or employee of the City shall have any personal interest, direct or indirect, in this Agreement, nor shall any such member, official, or employee participate in any decision relating to this Agreement which affects his or her personal interests or the interests of any corporation, partnership, or association in which he or she is directly or indirectly interested. No member, official, or employee of the City shall be personally liable to CSDC, or any successor in interest, in the event of any default or breach by the City or for any amount which may become due to CSDC or successor or on any obligations under the terms of this Agreement.

Section 8.2. Titles of Articles and Sections. Any titles of the several parts, Articles, and Sections of the Agreement are inserted for convenience of reference only and shall be disregarded in construing or interpreting any of its provisions.

Section 8.3. Notices and Demands. Except as otherwise expressly provided in this Agreement, a notice, demand, or other communication under the Agreement by either party to the other shall be sufficiently given or delivered if it is dispatched by registered or certified mail, postage prepaid, return receipt requested, or delivered personally; and

(a) in the case of CSDC, is addressed to CSDC as set forth in the preamble; and

(b) in the case of the City, is addressed to or delivered personally to the City at City Hall, 110 First Avenue Northwest, P.O. Box 428, Isanti, MN 55040.

or at such other address with respect to either such party as that party may, from time to time, designate in writing and forward to the other as provided in this Section.

Section 8.4. Disclaimer of Relationships. Nothing contained in this Agreement nor any act by the City or CSDC shall be deemed or construed by any person to create any relationship of third-party beneficiary, principal and agent, limited or general partner, or joint venture among the City, CSDC, and/or any third party.

Section 8.5. Modifications. This Agreement may be modified solely through written amendments hereto executed by the CSDC, City and School.

Section 8.6. Counterparts. This Agreement may be executed in any number of counterparts, each of which shall constitute one and the same instrument.

Section 8.7. Judicial Interpretation. Should any provision of this Agreement require judicial interpretation, the court interpreting or construing the same shall not apply a presumption that the terms hereof shall be more strictly construed against one party by reason of the rule of construction that a document is to be construed more strictly against the party who itself or through its agent or attorney prepared the same, it being agreed that the agents and attorneys of all parties have participated in the preparation hereof.

Section 8.8. Governing Law. This Agreement is made and executed under and in all respects is to be governed and construed under the laws of the State of Minnesota.

Section 8.9. Attorney's Fees. Each party will pay its own attorney's fees, except that a party defaulting under this Agreement or any closing document will pay the reasonable attorney's fees and court costs incurred by the non-defaulting party to enforce its rights regarding such default.

IN WITNESS WHEREOF, the parties have caused this Agreement to be duly executed as of the date first above written.

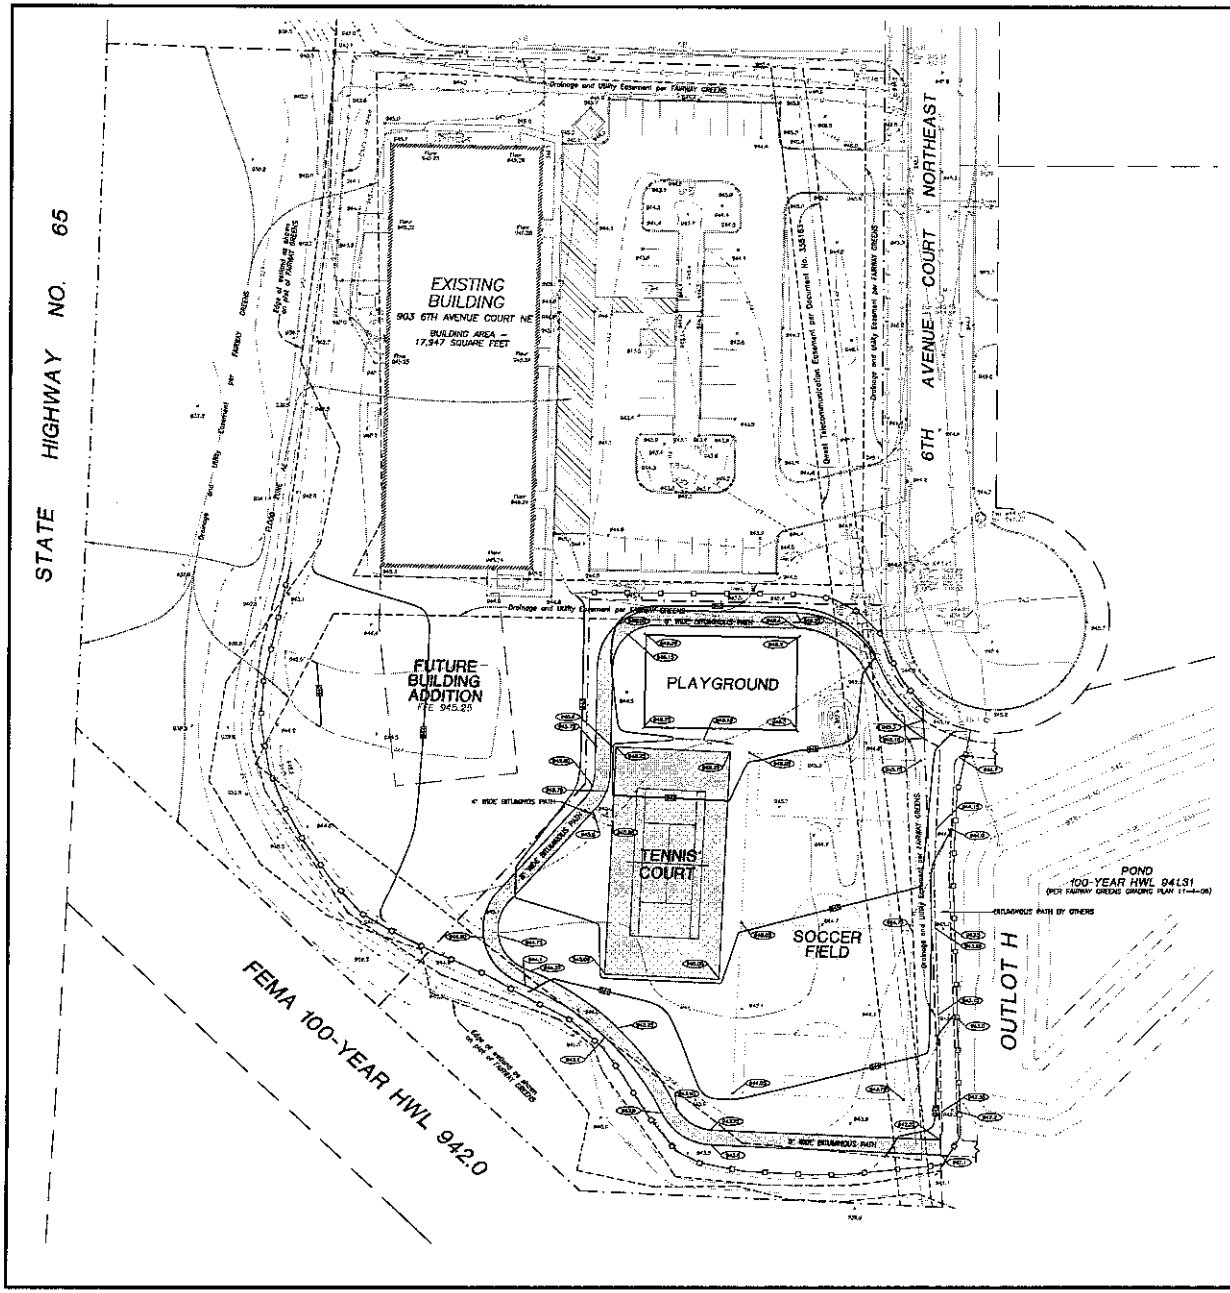
SCHEDULE B

Depiction of CSDC Improvements



GRADING NOTES

1. All elevations shown are to final surfaces.
2. Contractor is responsible for obtaining a National Pollutant Discharge Elimination System (NPDES) General Storm Water Permit for Construction Activity before construction begins.

EROSION CONTROL NOTES

1. Contractor is responsible for all modifications and inspections required by General Storm Water Permit.
2. All erosion control measures shown shall be installed prior to grading operations and maintained until all areas disturbed have been restored.
3. Sweep paved public streets as necessary where construction sediment has been deposited.
4. Each area disturbed by construction shall be restored per the specifications within 14 days after the construction activity in that portion of the site has temporarily or permanently ceased.
5. Temporary soil stockpiles must have silt fence around them and cannot be placed in surface waters, including storm water conveyances such as curb and gutter systems, or conduits and ditches.
6. The normal wetted perimeter of any temporary or permanent drainage ditch or swale that drains water from any portion of the construction site, or diverts water around the site, must be stabilized within 200 lineal feet from the property edge, or from the point of discharge into any surface water. Stabilization of the last 200 lineal feet must be completed within 24 hours after connecting to a surface water.
7. Excess concrete/water from concrete trucks shall be disposed of in portable washout concrete basin or disposed of in a contained area.
8. See Specifications for Seed, Fertilizer and Mulch details.

INSPECTION AND MAINTENANCE

- The site must be inspected once every seven (7) days during active construction and within 24 hours after a rainfall event greater than 0.5 inches in 24 hours.
- All inspections and maintenance conducted must be recorded in writing and records retained with the SWPPP.
- Areas of the site that have undergone final stabilization, may have the inspection of these areas reduced to once per month.
- All silt fence must be repaired, replaced, or supplemented within 24 hours when they become nonfunctional or the sediment reaches 1/3 of the height of the fence.
- Surface waters and conveyance systems must be inspected for evidence of sediment being deposited. Removal and stabilization must take place within seven (7) days of discovery unless precluded by legal, regulatory, or physical access constraints.
- Construction site vehicle exit locations must have sediment removed from off-site paved surfaces within 24 hours of discovery.

POLLUTION PREVENTION MANAGEMENT

- All solid waste must be disposed of off-site per the MPCA disposal requirements.
- All hazardous waste must be properly stored with restricted access to storage areas to prevent vandalism. Storage and disposal of hazardous waste must be in compliance with MPCA Regulations.

GENERAL

I. GENERAL

A. Before commencement begins, the Contractor will contact all utility companies, both public and private and have them locate all utilities within the construction limits.

B. The Contractor shall be responsible for arranging all required inspections with the governing authority that has jurisdiction over the work that is to be performed.

C. The Contractor shall stay within the construction limits unless approved otherwise by the Owner and or Engineer. Construction limits are defined by the property boundary unless shown different on the plan.

D. The Contractor shall be responsible for protection of existing structures, utilities, trees, etc. from damage during construction.

E. The Contractor shall be responsible for correcting any damage (at Contractor's expense).

F. Any discrepancies found on the site that affect the proposed work shall be reported to the Owner and/or Engineer before the commencement of any additional work.

G. No soils report provided. Subgrade soils assumed adequate for the proposed construction.

H. Existing Topography and Boundary Survey provided by Rehder & Associates, Inc.

SITE CLEARING

I. GENERAL

A. Remove trees, shrubs, grass, and other vegetation or obstructions, as required, to permit installation of improvements shown on the Plans.

II. EXECUTION

A. Trees and stumps shall be hauled from the site. Burial on-site or burning of trees and stumps will not be allowed.

B. Where existing trees are indicated to remain, trees suitable beyond to grade within drip lines to prevent damage to root system.

C. Topsoil shall be stripped from disturbed areas and stockpiled in piles not exceeding 8'-feet in depth.

D. Remove all trash, dirt and unsuitable material from under drives and roadways within 3-feet of final pavement subgrade.

E. Remove all waste materials and unsuitable or excess topsoil from Owner's property.

GRADING, EROSION CONTROL, AND TURF ESTABLISHMENT

I. GENERAL

A. All grading, erosion control and turf establishment shall be according to the materials, workmanship, and other applicable requirements of the Minnesota Department of Transportation "Standard Specifications for Construction", latest edition, unless otherwise specified.

B. All erosion control measures shown on the plans must be installed prior to commencement of grading operations and maintained until all areas affected by the site have been restored.

C. All areas disturbed by construction shall be restored with sand and disturbed mulch, sod, seed then blanket, or be hard surfaced within five weeks of substantial completion of construction.

D. Provide approved borrow soil materials from off-site when sufficient approved soil materials are not available from excavations. Remove all unsuitable and unsatisfactory material from the site.

E. Protect structures, utilities, sidewalks, pavements, and other facilities from damage caused by settlement, lateral movement, undermining, washout, and other hazards created by earthwork operations.

F. Compaction shall not be less than the following percentages of maximum dry density according to ASTM D 698:
   1. Under structures, parking slabs, steps, and pavements, compact the top 12 inches below subgrade and each layer of backfill or fill material at 100 percent maximum dry density.
   2. Under walkways, compact the top 6 inches below subgrade and each layer of backfill or fill material at 100 percent maximum dry density.
   3. Under lawn or unpaved areas, compact the top 6 inches below subgrade and each layer of backfill or fill material at 85 percent maximum dry density.

G. Grades are shown on the plan are to finished grade.

H. Backfill boneyfree trenching utilities under building slabs to be designed by Others (per their requirements).

II. PRODUCTS

A. Satisfactory soils include ASTM D 2487 soil classification groups GW, GP, GM, SW, SP, SM, and SC; free of rock or gravel larger than 3-inches in any dimension, debris, waste, frozen materials, vegetation and other deleterious matter.

B. Unsatisfactory soils include ASTM D 2487 soil classification groups GC, SC, ML, MH, CL, CH, OL, OH, and PT.

C. All backfill and fill materials must be satisfactory and available.

D. Topsoil shall be per ASTM D 5268, free of stones 1" or larger.

E. Subbase and base material must be a vertically or artificially graded mixture of natural or crushed gravel, crushed stone, and natural or crushed sand meeting MNDOT Specifications for Class 3 gravel.

F. Turf establishment seed mix shall be as follows - 20% Blue Angel Kentucky Bluegrass, 20% Yell Kentucky Bluegrass, 20% Heather Chewings Fescue, 20% Channel Hard Fescue, 10% Southwinder Perennial Ryegrass @ 220 lbs/acres drilled with a EDELLION type seeder. Fertilizer shall be 10-10-10 (50%) commercial grade, and mulch shall be MNDOT Type 2 hydromulch.

III.EXECUTION

A. Fill under buildings shall be compacted to meet Soil Engineer's recommendations.

B. Place 4-inches of topsoil over all areas to be re-established with turf.

C. Provide erosion control measures to prevent erosion or displacement of soils and discharge of soil-bearing water runoff or airborne dust to adjacent properties and waterways.

D. Place inlet protection devices in catch basins after they are constructed and roadways until all areas disturbed have been restored.

E. Wherever construction vehicles access routes intersect paved public roads, provisions must be made to minimize the transport of sediment (mud) by vehicles tracking onto the paved road surface. Where sediment is transported onto a public road surface, the roads shall be cleaned thoroughly at the end of each day. Sediment shall be removed by shoveling or sweeping and be transported to a sediment control-defined disposal area. Street washing shall be allowed only after sediment is removed in this manner.

BITUMINOUS PAVEMENT

I. GENERAL

A. Provide bituminous asphalt pavement according to the materials, workmanship, and other applicable requirements of the Minnesota Department of Transportation "Standard Specifications for Construction", latest edition, unless otherwise specified.

B. Conform to applicable standards of authorities having jurisdiction for asphalt paving work on public property.

II. PRODUCTS

A. Use coarse and fine aggregate materials and proportions that have performed satisfactorily in previous installations.

B. Provide a base and wear course as indicated on the plan unless otherwise specified.

C. Provide a tack coat as indicated on the plan unless otherwise specified.

III.EXECUTION

A. Verify that the subgrade is dry and in suitable condition to support paving and imposed loads.

B. See Contractor shall furnish a tandem truck loaded with a minimum of 14-tons to check the completed subgrade and/or aggregate base for soft spots prior to placement.

C. Machine place hot-mix asphalt on prepared surface, spread uniformly, and strike off. Place asphalt mix by hand in areas inaccessible to equipment in a manner that prevents segregation of mix. Place each course to required grade, cross section, and thickness when compacted.

D. Begin construction in areas not placed full-wide paving until base roller weight without excessive displacement.

E. Provide an average density of 96 percent of reference laboratory density according to ASTM D 1559, but not less than 94 percent nor greater than 100 percent.

F. Tolerances: Base course thickness shall be plus or minus 0.5-inches and wearing course shall be plus or minus 0.25-inches.

PORTLAND CEMENT CONCRETE PAVEMENT

I. GENERAL

A. Provide Portland cement concrete pavement for roads, curbs, walks and exterior slabs according to the materials, workmanship, and other applicable requirements of the Minnesota Department of Transportation "Standard Specifications for Construction", latest edition, unless otherwise specified.

II. PRODUCTS

A. Portland cement concrete for curb and gutter and sidewalk shall be 4000 psi, 28-day compressive strength, 5.0% air entrainment, and 3-inch slump.

B. Provide Grade-60 reinforcing bars and tie bars where indicated.

C. Curing compound shall be solvent-borne, liquid membrane-forming ASTM C309, Type 1 or approved equal.

III.EXECUTION

A. The Contractor shall furnish a tandem truck loaded with a minimum of 14-tons to check the completed subgrade and/or aggregate base for soft spots prior to placement thereof.

B. Comply with environmental and site act 3846 for excavating, making, transporting, and placing concrete.

C. Comply with the Concrete Reinforcing Steel Institute's recommended practice for "Placing Reinforcing Bars" for placing and supporting reinforcement.

D. Preformed expansion joints using 0.5-inch thickness shall be placed at each end of each radius, at intersections, and approximately every 200-feet.

E. Construction joints shall be placed at minimum 10-foot intervals in the curb and gutter and at 3-feet for walks.

F. Provide a medium to fine broom finish perpendicular to traffic flow.

G. Protect freshly placed concrete from premature drying and excessive cold or hot temperatures using membrane curing, membrane-reinforcing-paper curing, curing compound or a combination of these.

DESCRIPTION
A. The site amenity listed below shall be furnished and installed by the CONTRACTOR. The CONTRACTOR shall be responsible for complete installation of site amenities in accordance with both the construction documents and manufacturer's specifications (supplied by manufacturer's local representative and approved by ENGINEER prior to construction). CONTRACTOR shall be responsible for all labor, equipment, concrete, and miscellaneous expenses associated with installation of the site amenities.

All site amenities listed below shall not be substituted without OWNER and ENGINEER approval of alternate manufacturer and product line. Any request for such a substitution must be in writing and made at not less than seven (7) days prior to bid opening date. The requests must be self-explanatory with all product line, technical drawings and manufacturer information supplied for review by the OWNER and ENGINEER. Requests for substitutions for this equipment subsequent to this date will not be considered.

A. Components: Framework and Fabric: Galvanized/aluminum coated to ANSI/ASTM A123; coating or industry standard
B. Accessories: Same finish as framework and components

INSTALLATION
A. Install framework, accessories and gates in accordance with ANSI/ASTM F567
B. Set all posts plumb as shown in plans
C. Install bottom brace rail
D. Stretch fabric between terminal posts or at intervals of 100' feet maximum, whichever is less
E. Fasten bottom of fabric 1.5 inches above finished grade
F. Fasten fabric to top rail bottom, line posts, and braces, with tie wire at maximum 12 inches on center
G. Attach fabric to end and corner posts with tension bars and tension bar clips

QUALITY ASSURANCE
A. Manufacturer: Company specializing in manufacturing the products specified in this Section with minimum five (5) years documented experience.

SUBMITTALS
A. Provide shop drawings for gates and fencing.
B. Provide product data on fabric, posts, accessories, fittings and hardware

WARRANTY
A. Provide manufacturer's standard limited warranty covering all components against failure resulting from normal use except gates
B. Provide minimum five (5) year warranty for gates (from date of installation). Failure will be considered any defect that affects operating the gates in a normal manner and cosmetic structural failures associated with finishes/welds

TENNIS COURT COLOR COATING

DESCRIPTION
The acrylic surfacing is to be applied as per manufacturer's recommendation and per Section 11.0. from the ASBA tennis guidelines as modified hereafter. In the case of discrepancy between ASBA tennis guidelines and manufacturer's recommendations, the manufacturer's shall govern.

MATERIALS
The schedule of materials is as follows:
A. Finish Coat: 100% acrylic emulsion formulated with acrylic resins, mineral fillers, color fast pigments and manufacturer's approved silica sand. Finish coat shall be fully pigmented. Finished court color shall be as designated on plan set.
B. Resurfacer: 50/50 blended synthetic emulsion/acrylic resurfacer
C. Patch Mix: Acrylic court patch binder
D. Line Paint: Court lines shall be white, water-based acrylic emulsion
E. Control Joint Caulk: Resilient, nonfoam, silicone based caulk as recommended by color coat supplier

The acrylic surfacing material shall be manufactured by:
A. Monosynthetic Sports
B. California Products
C. Advantage Sport Coatings
D. Laykold
E. Advantage Sport Coatings (Vance Brothers)

CONSTRUCTION REQUIREMENTS

Surface Preparation:
New bituminous surfaces shall be allowed to cure for twenty eight (28) days prior to application of acrylic surfacing. Bituminous surface shall be cleaned and free of dirt, grease, or other foreign matter.

Bituminous surface shall be dry, as well as clean, since moisture on the surface on hot days can turn to steam or vapor. If this is trapped under an application of material, blisters may occur.

Prior to surfacing, the court shall be flooded with clean potable water and allowed to drain for one hour. If there is any remaining water that is deeper than one sixteenth of an inch (1/16"), that area shall be patched with acrylic court patch binder and leveled in accordance with the manufacturer's recommendations. Flooding shall be redone until the surface is sufficiently tolerance as determined by the ENGINEER. After all the acrylic court patch binder has cured, a minimum of two (2) coats of 50/50 blended resurfacer shall be applied at ninety (90) degrees to each other.

Finish Coat:
Bituminous surfaces, acrylic fiber surfaces, acrylic filler surfaces, and blended resurfacer surfaces shall be cleaned and free of dirt, grease, or other foreign matter.

Bituminous surface shall be dry, as well as clean, since moisture on the surface on hot days can turn to steam or vapor. If this is trapped under an application of material, blisters may occur.

The finishing coating materials shall be installed in multiple applications, at least two (2) coats, as per manufacturer's recommendation, so as to form true, uniform texture and color. The base coat shall include sand texture. Contractor shall apply additional coats over entire surface until uniformity is achieved. The top coat shall be one hundred percent (100%) acrylic. Application of the work shall be performed by skilled workers by a manufacturer approved installer. No work shall be performed when rain is imminent. Air temperatures shall be 50 degrees Fahrenheit and rising during installation. Application rates shall be as per manufacturer's recommendation (minimum of 0.06 gallons per square yard per coat for the first two (2) coats).

The finish line stripping shall not be applied until the underlying surface is thoroughly dried as required by sport coatings product manufacturer. Layout court lines as indicated on the drawings. Lines shall be applied without variations in width or alignment.

WARRANTY
Materials shall have a one (1) year limited written warranty supplied by the manufacturer.

ASTM F1487

The lay-out for this custom playscape, design number 17-1050A, has been configured to meet the requirements of the ASTM F1487 standard. In addition, each of the above components listed as "Certified" have been tested and are IPEMA certified. Components listed as "Not Applicable" do not fall within the scope of the ASTM F1487 standard and have not been tested. IPEMA certification can be verified on the IPEMA website, www.ipema.org. In the interest of playground safety, IPEMA provides a Third Party Certification Service which validates compliance.

2010 ADA Standards for Accessible Design

The lay-out was also designed to meet the 2010 Standards published 15-Sep-2010, by the Department of Justice when installed over a properly maintained surfacing material that is in compliance with ASTM F1951 "Accessibility of Surface Systems Under and Around Playground Equipment" as well as ASTM F1292, "Impact Attenuation of Surfacing Materials Within the Use Zone of Playground Equipment", appropriate for the fall height of the structure.

Installation Times

Installation times are based on one experienced installer. A crew of three experienced individuals can perform the installation within the given time, each member working 1/3 of the given hours. [Eg. Installation Time = 30 hours. For a crew of three, each member will work 10 hours on the installation for a total of 30 hours on the project.]

Carbon Footprint

The CO2e (carbon footprint given in Kilograms and Metric Tons) listed above is a measure of the environmental impact this play structure represents from harvesting raw materials to the time it leaves our shipping dock. Playworld Systems nurtures a total corporate culture that is focused on eliminating carbon producing processes and products, reducing our use of precious raw materials, reusing materials whenever possible and recycling materials at every opportunity. Playworld Systems elected to adopt the Publicly Available Specification; PAS 2050 as published by the British Standards Institute and sponsored by Defra and the Carbon Trust. The PAS 2050 has gained international acceptance as a specification that measures the greenhouse gas emissions in services and goods throughout their entire life cycle.

Pre-Consumer Recycle Content

A measurement, in pounds, that qualifies the amount of material that was captured as waste and diverted from landfill during an initial manufacturing process and is being redirected to a separate manufacturing process to become a different product. E.g. 100% of our Aluminum Tubing is made from captured waste material during the manufacturing process of extruded Aluminum products such as rods, flat bars and H-channels.

Post-Consumer Recycle Content

A measurement, in pounds, that qualifies the amount of material that was once another product that has completed its lifecycle and has been diverted from a landfill as a solid waste through recycling and is now being used in a Playworld Systems' product. E.g. **20% to 40% of the steel in our steel tubing and sheet steel have been diverted from landfills. Automobiles are scrapped and recyclable steel is purchased by the steel mill that produces our raw product.

** The amount of Post-Consumer recycled steel fluctuates daily based on the availability of the recycled steel.

SCHEDULE D

Use and Maintenance Agreement

Policy of Use and Maintenance for Academy Park

Intent

The purpose of this policy is for the City of Isanti and Arts and Science Academy, Inc., or, subject to prior approval by the City of Isanti, the process of which shall take no more than 60 days upon request, any substitute, successor, or replacement school (collectively "School") to have an understanding of the use and maintenance responsibilities of the Park at Lot 2, Block 1, Fairway Greens Phase Ten, here after referred to as "Academy Park." This policy will be effective until such time that no approved School is operating at 903 6th Ave Ct NE, provided, however, that the agreement maybe be terminated in the event that the School shall fail to fulfill its obligations under the terms of this agreement following written notice and reasonable opportunity to cure such failure. The policy will be reviewed annually and may be amended at any time, and from time to time, by action of the Isanti City Council. The City shall notify School and CSDCPC ASA, LLC whenever the policy is amended in the future.

School Use

School will have exclusive use of the Academy Park playground and soccer field from 7:30 am-4:00 pm on school days when classes are in session. School will provide a school calendar to the City of Isanti prior to the start of each school year. No exclusive use outside of this time period will be allowed without written approval of reservation from the City of Isanti, and must adhere to all City of Isanti park use regulations. No fee will be assessed for these reservations.

Additionally, prior to hosting any event with more than 300 expected, the School shall be responsible for obtaining the necessary Special Event permit for the City of Isanti, in accordance with Isanti City Code of Ordinances Chapter 278.

City Hours of Use

Outside of the playground and soccer field, Academy Park will be available for public use during park hours, 7:00 am to 10:00 pm every day. The playground and soccer field will be available for public use outside of the hours reserved for School use.

City Additional Agreement

The City of Isanti agrees to erect a sign at the park indicating the hours identified above in an effort to ensure that members of the community understand the agreement.

Maintenance of Park Surfaces and Equipment

School agrees to keep Academy Park free of litter and maintain its condition as is reasonably possible during use at its sole expense.

The City of Isanti agrees to perform all regular maintenance of Academy Park surfaces and equipment. School agrees to contribute up to one half of the maintenance costs. Based on use by both parties, the City has calculated the necessary contribution by School to be $2,200.00 per year. This cost will be billed to the School by August 31st of each year. The maintenance costs will be reviewed annually, and the contribution by School may be adjusted accordingly based on actual costs and inflation.

Insurance

School shall maintain, at its sole expense, a comprehensive general liability insurance, naming the City of Isanti as an additional named insured, with respect to accidents occurring on or about the Premises or arising out of the use of thereof in reasonable amounts, but not less than $1,000,000 for injury or death to any person, $1,000,000 for injuries or deaths arising out of any one accident, and $1,000,000 for property damage, with reasonable deductible clauses, written by companies licensed to do business in the State of Minnesota and will deliver to the City of Isanti a certification of such insurance providing for fifteen (15) days written notice to the City of Isanti prior to cancellation thereof. Said minimum insurance amounts shall be subject to increase for inflation upon written notice by the City of Isanti to School.

The City of Isanti shall add the Academy Park as an insured property under its existing property damage insurance and shall name School and CSDCPC ASA, LLC as additional named insureds. All equipment existing and future structures shall be included in the coverage.

Events of Default

Section 1. Events of Default by School Defined. The term "School Event of Default" shall mean, whenever it is used in this Agreement (unless the context otherwise provides), any failure by School to observe or perform any covenant, condition, obligation or agreement on its part to be observed or performed hereunder.

Section 2. City's Remedies on Default. Whenever any School Event of Default by School referred to in Section 1 of this article occurs, the City may immediately suspend its performance under this Agreement until it receives assurances from the School, deemed adequate by the City, that the School will cure its default and continue its performance under this Agreement and may take any one or more of the following actions after providing thirty (30) days written notice to the School of the Event of Default, but only if the Event of Default has not been cured within said thirty (30) days or such longer period of time as reasonably necessary to cure the Default, not to exceed 120 days:

(a) Terminate this Agreement;

(b) Take whatever action, including legal, equitable, including an action for specific performance, or administrative action, which may appear necessary or desirable to the City to collect any payments due under this Agreement, or to enforce performance and observance of any obligation, agreement, or covenant of the School under this Agreement.

Section 3. Events of Default by City Defined. The term "City Event of Default" shall mean, whenever it is used in this Agreement (unless the context otherwise provides), any failure by City to observe or perform any covenant, condition, obligation or agreement on its part to be observed or performed hereunder.

Section 4. School's Remedies on Default. Whenever any City Event of Default referred to in Section 3 occurs and is continuing, the School, as specified below, may take any one or more of the following actions after the giving of thirty (30) days written notice to the City, but only if the City Event of Default has not been cured within said thirty (30) days or such longer period of time as reasonably necessary to cure the Default, not to exceed 120 days, provided that the City commences to cure within the thirty (30) day period and diligently pursues the same to completion. The School may take any action, including legal or administrative action, in law or in equity, which may appear necessary or desirable to enforce performance and observance of any obligation, agreement or covenant of the Authority under this Agreement.

Section 5. No Remedy Exclusive. No remedy herein conferred upon or reserved to the City or School is intended to be exclusive of any other available remedy or remedies, but each and every such remedy shall be cumulative and shall be in addition to every other remedy given under this Agreement or now or hereafter existing at law or in equity or by statute. No delay or omission to exercise any right or power accruing upon any default shall impair any such right or power or shall be construed to be a waiver thereof, but any such right and power may be exercised from time to time and as often as may be deemed expedient. In order to entitle the City or the School to exercise any remedy reserved to it, it shall not be necessary to give notice, other than such notice as may be required in this article, Events of Default.

Section 6. No Additional Waiver Implied by One Waiver. In the event any agreement contained in this Agreement should be breached by either party and thereafter waived by the other party, such waiver shall be limited to the particular breach so waived and shall not be deemed to waive any other concurrent, previous or subsequent breach hereunder.

Section 7. Costs of Enforcement. Whenever any School or City Event of Default occurs and the other party shall employ attorneys or incur other expenses for the collection of payments due or to become due or for the enforcement of performance or observance of any obligation or agreement on the part of the other party under this Agreement, the parties agree that the prevailing party shall be entitled to an award of its reasonable fees of such attorneys and such other expenses so incurred by it in its action to compel such performance on the part of the other party.

Request for Council Action

To: Mayor Wimmer
Members of the City Council

From: Roxanne Achman
Community Development Director

Date: April 4th, 2017

Subject: Request from CSDCPC ASA, LLC, on behalf of the Art and Science Academy, for Site Plan Approval of a Park and Open Space Area on the property legally described as Lots 2 & 3, Block 1, Fairway Greens, Isanti County, Isanti, Minnesota.

Background

The Art and Science Academy has provided a site plan for Lots 2 and 3, Block 1, Fairway Greens indicating the plan for this area in order to provide themselves with a little additional space on Lot 2 and to provide a park and play space for students and the community on Lot 3. The goal is to ultimately convey Lot 3 with the park, to the City upon completion so that the park will be considered a City Park open to the public. A use and maintenance agreement is currently being drafted that will allow the Art and Science Academy exclusive use during certain times. The full agreements will be reviewed at City Council and approval of the Site Plan will be contingent on their approval by the Council.

The plan indicates an eight (8) foot wide, paved, path around the perimeter of the property, which will eventually connect with the City owned pond lot to the east. There will also be a tennis court with a 4' chain link fence on the sides and 10' chain link fence on each end, a soccer field and a 4,000sf playground space. There will be 10 trees added to the lot; a combination of Patriot Elm and White Pine. This plan is part of a larger plan in which the City will develop the grassy area surrounding the pond with a trail and proposed outdoor exercise equipment.

** The layout of the proposed future gymnasium is not part of this site plan review. An new site plan submittal will be required should the Art and Science Academy decide to move forward with that addition.

Items that need to be addressed:

1. Sod needs to be shown as the type of turf to be installed within the site.
2. Irrigation needs to implemented.

Development and Operations Advisory Committee Recommendations

The Development and Operations Advisory Committee reviewed the item at their regularly scheduled meeting held on January 18th, 2017. The committee members had the following comments/recommendations regarding the proposal:

1. Address comments as outlined by the Community Development Director and the City Engineer.
2. Complete Conveyance Agreement and Use and Maintenance Agreement.

Staff Recommendation:

Staff recommends approval of the site plan subject to successfully addressing the review comments provided by the Community Development Director and the City Engineer.

Comprehensive Plan

Parks and Open Space-The purpose of this category is to identify portions of Isanti that contain existing or planned park and open space uses. Examples of park and open space uses include local and state parks, wildlife areas, and other outdoor recreation facilities, as well as passive open space areas that are prioritized as protected on the natural areas map.

In addition to the parks and open space areas designated as such on the Land Use Plan map, new residential developments should incorporate neighborhood parks as they are developed. The actual location of these parks/open spaces will be determined by the site design of each subdivision.

Public / Semi-Public- The purpose of this category is to identify areas in Isanti that are used for the benefit of the public. This includes publicly owned uses, such as schools, City buildings, county buildings and utility/infrastructure related uses such as sewage treatment plants, power plants, etc. This also includes semi-public private institutional uses such as hospitals, colleges, cemeteries, religious institutions etc.

Both existing and future planned public / semi-public facilities are designated on the Land Use Plan map. Future possible locations of the high school are also shown. Generally, existing community facilities should continue to be maintained and preserved at their current location. If a public facility or institution ceases to exist or moves from its present site, that site should be designated as the same use, other public / semi-public use, or the predominate land use that surrounds it until such time as a comprehensive plan amendment designates it differently. For example, if a school is surrounded by low density residential relocates; the school property should either be a new school or other public use, or be designated for low-density residential development. In addition, new development should incorporate appropriate public/semi-public uses as they are developed. The actual location of these public/semi-public sites will be determined by the site design of each development.

Zoning Ordinance Provisions

The property is being rezoned to "POS" Parks and Open Space Overlay District. The purpose of the "POS" Parks and Open Space Overlay District is to protect and preserve parks, open space, and undevelopable land and areas with valuable environmental qualities from further development and to provide for the recreational use of land and structures within the City.

Site Plan Review Requirements

Prior to the construction of any new building or addition to a building that expands or changes the use of the building or parcel of land or modifies a building, accessory structure or site or land feature in any manner which results in a different intensity of use, including the requirement for additional parking or the enlargement of a building by more than 10% of its gross floor area would require a Site Plan/Building Appearance Review. When evaluating a site and building plan; Section 18, Subdivision 7 of the Zoning Ordinances states that City staff and the City Council must consider its compliance with the following:

A. Consistency with the elements and objectives of the City's development guides, including the comprehensive plan.
B. Consistency with City Codes.
C. Preservation of the site in its natural state to the extent practicable by minimizing tree and soil removal and designing grade changes to be in keeping with the general appearance of neighboring developed or developing areas.
D. The amount and location of open space and landscaping.
E. Vehicular and pedestrian circulation, including walkways, interior drives, and parking in terms of location and number of access points to public streets, width of interior drives and access points, general interior circulation, separation of pedestrian and vehicular traffic and arrangement and amount of parking.

F. Protection of adjacent and neighboring properties through reasonable provision for surface water drainage, sound and sight buffers, preservation of views, light and air and those aspects of design not adequately covered by other regulations which may have substantial effects on neighboring land uses.

G. Consistency with the City's Engineering Design Standards as adopted by Resolution of the City Council.

Certification of Taxes Paid

Prior to approving an application for Site Plan approval, certification must be provided to the City that there are not any delinquent property taxes, special assessments, penalties, interest, or outstanding municipal utility fees. City staff did verify with Isanti County on Tuesday, October 27, 2016; that all taxes associated with the property were current.

Public Notice

Notice was published within the Isanti County News on October 26th, 2016. Written notification was provided to property owners located within 350' of the subject site as required by Minnesota State Statute.

Public Comment

To date, no public comment or questions had been received.

Planning Commission Recommendation:

Motion by Collison, second by Lorinser to recommend approval of the request from CSDCPC ASA, LLC, on behalf of the Art and Science Academy, for Site Plan Approval of a Park and Open Space Area on the property legally described as Lots 2 & 3, Block 1, Fairway Greens, Isanti County, Isanti, Minnesota with the following conditions:

1. Sod is to be used to establish turf within the development.
2. The development must be irrigated.
3. The Final Plat of Fairway Greens Phase 10 must be recorded.
4. The agreement to convey Lot 3, Block 1, Fairway Greens to the City of Isanti must be approved by City Council and executed by both parties.
5. The Use and Maintenance Agreement must be approved by City Council and executed by both parties.
6. This Resolution does not constitute approval of the gymnasium addition onto the existing school. A separate site plan/building appearance application and review will be required.

Motion carried unanimously.

Deadline for City Council Action

The applicant submitted an application for Site Plan approval on February 13, 2017. City staff did verify that the application was complete on March 3, 2017. Pursuant to Minnesota State Statute, the City must act on this request by May 2nd, 2017 (60 days). The only exception to these deadlines provided would be if the City provides the petitioner with written reasons for an additional 60-day review period.

FINDINGS OF FACT AND CONCLUSION

Request

Request from CSDCPC ASA, LLC, on behalf of the Art and Science Academy, for Site Plan Approval of a Park and Open Space Area on the property legally described as Lots 2 & 3, Block 1, Fairway Greens, Isanti County, Isanti, Minnesota.

Findings of Fact

1. The applicant CSDCPC ASA, LLC, on behalf of the Art and Science Academy, submitted an application for Site Plan Review of a park and play space to be located at 901 6th Ave Ct NE, legally described as Lot 3, Block 1, Fairway Greens.
2. The property is zoned "H65" Highway 65 Corridor Overlay District. In which, the use is not permitted. A rezoning for the property to Park and Open Space is occurring at this same Planning Commission meeting. The recommendation will be sent to City Council.
3. Any new building or addition to a building that expands or changes the use of the building or parcel of land or modifies a building, accessory structure or site or land feature in any manner which results in a different intensity of use, including the requirement for additional parking or the enlargement of a building by more than 10% of its gross floor area requires a site plan/ building appearance approval.
4. The proposed new use would meet the requirements as noted within the Zoning Ordinance for requiring site plan/building appearance approval prior to construction.
5. The applicant would appear to have met the requirements for approving the construction of a park and play space, as stipulated in Section 11 Overlay Districts, Article 4 Open Space and Parks Overlay District.
6. A complete application was received on March 3, 2017 and a public hearing date before the Planning Commission was scheduled for March 21, 2017.
7. Notice of the Site Plan Review request was published within the Isanti County News on Wednesday, March 8th, 2017. Notices were sent to all property owners located within 350 feet of the subject property.

Conclusions

1. In review of the standards established in Section 18, Subdivision 7, the following conclusions have been made (*conclusions to each requirement are shown in underlined italics)*:
   - A. Consistency with the elements and objectives of the City's development guides, including the Comprehensive Plan.
     The proposal would appear to be consistent with the elements and objectives of the City's development guides and the Comprehensive Plan in that the space is contributing to the school and the community as a whole by providing an outdoor space.
   - B. Consistency with City Codes.
     A review of the proposal against zoning ordinance requirement has been completed. The requirements would appear to have been met by the proposal as presented for the site plan review. Any deficiencies or inconsistencies with ordinance requirements have been noted.
   - C. Preservation of the site in its natural state to the extent practicable by minimizing tree and soil removal and designing grade changes to be in keeping with the general appearance of neighboring developed or developing areas.

The site will be preserved to the fullest extent possible. There are no trees on the lot, however, trees will be added. Developing this lot as a park and play space keeps the lot in a natural state than if it were developed into a commercial property.

D. The amount and location of open space and landscaping.
The amount of landscaping will meet code and open space requirements will be met. Sod and irrigation is required on all disturbed areas of the lot. Revisions have been requested.

E. Vehicular and pedestrian circulation, including walkways, interior drives, and parking in terms of location and number of access points to the public streets, width of interior drives and access points, general interior circulation, separation of pedestrian and vehicular traffic and arrangement and amount of parking.
Parking is provided within the schools parking lot. An eight (8) foot wide paved path is integrated into the plans.

F. Protection of adjacent and neighboring properties through reasonable provision of surface water drainage, sound and light buffers, preservation of views, lights, and air and those aspects of design not adequately covered by other regulations which may have substantial effects on neighboring land uses.
The drainage/grading have been reviewed by the City Engineer. There will be no additional lighting.

G. Consistency with the City's Engineering and Design standards as adopted by Resolution of the City Council.
The plan have been reviewed and approved by the City Engineer.

Decision

The Planning Commission reviewed the request in a public hearing on March 21, 2017. The meeting minutes, staff memo, and attachments shall be made a part of the Findings of Fact and Conclusion.

Planning Commission Recommendation:

Motion by Collison, second by Lorinser to recommend approval of the request from CSDCPC ASA, LLC, on behalf of the Art and Science Academy, for Site Plan Approval of a Park and Open Space Area on the property legally described as Lots 2 & 3, Block 1, Fairway Greens, Isanti County, Isanti, Minnesota with the following conditions:

1. Sod is to be used to establish turf within the development.
2. The development must be irrigated.
3. The Final Plat of Fairway Greens Phase 10 must be recorded.
4. The agreement to convey Lot 3, Block 1, Fairway Greens to the City of Isanti must be approved by City Council and executed by both parties.
5. The Use and Maintenance Agreement must be approved by City Council and executed by both parties.
6. This Resolution does not constitute approval of the gymnasium addition onto the existing school. A separate site plan/building appearance application and review will be required.

Motion carried unanimously.

RE: Site Plan and Building Appearance Review – Art & Science Academy Park Space

Dear Mr. Ford,

On February 13, 2017; Applications for the following were submitted via email: Conditional Use Permit, Final Plat, and Site Plan for an increase in student enrollment numbers, the platting of Fairway Greens Phase 10, and the constructions of the park space, respectively on the lots legally described as Lots 2 & 3, Block 1, Fairway Greens. City staff has completed a preliminary review of the application materials. Based upon that review the application is considered **incomplete**. Additional information and/or further clarification is required for a number items related to the proposal. The following items must be submitted and/or further clarified for further review.

1. Submit the required fees for each application:
    a. Final Plat – $325 + $10/lot = **$345 plus $1,500 escrow**
    b. Site Plan – **$325 plus $1,000 escrow**
    c. Conditional Use Permit – **$275**
2. Provide details on irrigation for both properties (the new park space and the portion of the lot begin added to the existing school building). Per Zoning Ord. 445, Section 15, Subdivision 5, Paragraph B(6)(a): *Sprinkle systems shall be provided as part of each new development for all landscaped areas, except those areas on the property that will be preserved in their natural state.*
3. Provide details on turf establishment in accordance with Zoning Ord. 445, Section 15, Subdivision 5, Paragraph D (4) and (5). Seeding is not permitted.

Please note, that in addition to the items listed above, the City is waiting for a response from CSDCPC ASA, LLC on the conveyance agreement and plans for the playground. Staff is drafting the Use and Maintenance Agreement, which cannot be fully completed until all the details of the park space are received.

A response to each of the concerns listed above must be addressed in writing and re-submitted to City staff for further review. Once that information is received, City staff will complete the review of the Conditional Use Permit, Final Plat and Site Plan requests. If you have questions regarding the request for additional information, please let me know and I will be happy to assist. I can be reached at (763) 444-5512 or rachman@cityofisanti.us .

GRADING NOTES

1. All elevations shown are to final surfaces.
2. Contractor is responsible for obtaining a National Pollutant Discharge Elimination System (NPDES) General Storm Water Permit for Construction Activity before construction begins.

EROSION CONTROL NOTES

1. Contractor is responsible for all notifications and inspections required by General Storm Water Permit.
2. All erosion control measures shown shall be installed prior to grading operations and maintained until all areas disturbed have been restored.
3. Sweep paved public streets as necessary where construction sediment has been deposited.
4. Each area disturbed by construction shall be restored per the specifications within 14 days after the construction activity in that portion of the site has temporarily or permanently ceased.
5. Temporary soil stockpiles must have silt fence around them and cannot be placed in surface waters, including storm water conveyances such as curb and gutter systems, or conduits and ditches.
6. The normal wetted perimeter of any temporary or permanent drainage ditch or swale that drains water from any portion of the construction site, or diverts water around the site, must be stabilized within 200 lineal feet from the property edge, or from the point of discharge into any surface water. Stabilization of the last 200 lineal feet must be completed within 24 hours after connecting to a surface water.
7. Excess concrete/water from concrete trucks shall be disposed of in portable washout concrete basin or disposed of in a contained area.
8. See Specifications for Seed, Fertilizer and Mulch details.

INSPECTION AND MAINTENANCE

- The site must be inspected once every seven (7) days during active construction and within 24 hours after a rainfall event greater than 0.5 inches in 24 hours.
- All inspections and maintenance conducted must be recorded in writing and records retained with the SWPPP.
- Areas of the site that have undergone final stabilization, may have the inspection of these areas reduced to once per month.
- All silt fence must be repaired, replaced, or supplemented within 24 hours when they become nonfunctional or the sediment reaches 1/3 of the height of the fence.
- Surface waters and conveyance systems must be inspected for evidence of sediment being deposited. Removal and stabilization must take place within seven (7) days of discovery unless precluded by legal, regulatory, or physical access constraints.
- Construction site vehicle exit locations must have sediment removed from off-site paved surfaces within 24 hours of discovery.

POLLUTION PREVENTION MANAGEMENT

- All solid waste must be disposed of off-site per the MPCA disposal requirements.
- All hazardous waste must be properly stored with restricted access to storage areas to prevent vandalism. Storage and disposal of hazardous waste must be in compliance with MPCA Regulations.

I. GENERAL

A. Remove trees, shrubs, grass, and other vegetation or obstructions, as required, to permit installation of improvements shown on the Plans.

II. EXECUTION

A. Trees and stumps shall be hauled from the site. Burial on-site or burning of trees and stumps will not be allowed.
B. Where existing trees are indicated to remain, take suitable lasted to place within duly three to prevent damage to root system.
C. Topsoil shall be stripped from disturbed areas and stockpiled in piles not exceeding 8-feet in depth.
D. Remove all trash and unsuitable material from under piers, and roadways within 3-feet of final pavement subgrade.
E. Remove all stable materials and unsuitable or excess topsoil from Owner's property.

GRADING, EROSION CONTROL, AND TURF ESTABLISHMENT

I. GENERAL

A. All grading, erosion control and turf establishment shall be according to the materials, workmanship, and other applicable requirements of the Minnesota Department of Transportation "Standard Specifications for Construction", latest edition, unless otherwise specified.
B. All existing control monuments shown on the plans must be identified prior to commencement of grading operations and maintained both at all times during and after the site have been restored.
C. All areas disturbed by construction shall be restored with seed and disked mulch, and seed then blanket, or be hard surfaced within two weeks of substantial completion of construction.
D. Provide approved borrow and materials from off-site when sufficient approved soil materials are not available from excavations. Remove all excess and unsatisfactory material from the site.
E. Protect structures, utilities, sidewalks, pavements, and other facilities from damage caused by settlement, lateral movement, undermining, washout, and other hazards created by earthwork operations.
F. Compaction shall not be less than the following percentages of maximum dry density according to ASTM D 698:
   I. Under structures, building slabs, steps, and pavements, compact the top 12 inches below subgrade and each layer of backfill or fill material at 100 percent maximum dry density.
   II. Under walkways, compact the top 6 inches below subgrade and each layer of backfill or fill material at 100 percent maximum dry density.
   III. Under lawn or unpaved areas, compact the top 6 inches below subgrade and each layer of backfill or fill material at 95 percent maximum dry density.
G. Grades as shown on the plan are to finished grade.
H. Backfill trenches inspected within under building slabs to be designed by others (per their requirements).

II. PRODUCTS

A. Satisfactory soils include ASTM D 2487 soil classification groups GW, GP, GM, SW, SP, SM and SW free of rock or gravel larger than 3-inches in any dimension, debris, waste, frozen materials, vegetation and other deleterious matter.
B. Unsatisfactory soils include ASTM D 2487 soil classification groups GC, SC, ML, MH, CL, CH, OL, OH, and PT.
C. All backfill and fill materials must be satisfactory soil materials.
D. Topsoil shall be per MSCV D 3365, free of stones 1" or larger.
E. Subbase and base material must be a naturally or artificially graded mixture of natural or crushed gravel, crushed stone, and natural or crushed sand meeting MNDOT Specifications for Class 3 gravel.
F. Turf establishment: seed mix shall be as follows – 25% Blue Angel Kentucky Bluegrass, 25% Hot Kentucky Bluegrass, 20% Fesdo Elandique Fescue, 20% Shadal Hard Fescue, 10% Pennfine Perennial Ryegrass @ 250 lbs/acre drilled with a GREEN Type seeder, fertilizer shall be 10-10-10 (10%) commercial grade, and mulch shall be MNDOT Type 4 hydromulch.

III.EXECUTION

A. Fill under buildings shall be compacted to meet Soil Engineer's recommendations.
B. Place 4-inches of topsoil over all areas to be re-established with turf.
C. Provide erosion control measures to prevent erosion or displacement of soils and discharge of soil-bearing water runoff or eroded sand to adjacent properties and walkways.
D. Place inlet protection devices in catch basins after they are constructed and maintain until all areas disturbed have been restored.
E. Wherever construction vehicle access routes intersect paved public roads, provisions must be made to minimize the transport of sediment (mud) by vehicle or vehicles tracking onto the paved road surface. Where sediment is transported onto a public road surface, the roads shall be cleaned thoroughly at the end of each day. Sediment shall be removed by shoveling or sweeping and be transported to a sediment controlled disposal area. Street washing shall be allowed only after sediment is removed in this manner.

BITUMINOUS PAVEMENT

I. GENERAL

A. Provide hot-mix asphalt pavement according to the materials, workmanship, and other applicable requirements of the Minnesota Department of Transportation "Standard Specifications for Construction", latest edition, unless otherwise specified.
B. Conform to applicable standards of authorities having jurisdiction for asphalt paving work on public property.

II. PRODUCTS

A. Use asphalt and fine aggregate materials and proportions that have performed satisfactorily in previous installations.
B. Provide a base and wear course as indicated on the plan unless otherwise specified.
C. Provide a base and as indicated on the plan unless otherwise specified.

III.EXECUTION

A. Verify that the subgrade is dry and in suitable condition to support paving and imposed loads.
B. The Contractor shall furnish a tandem truck loaded with a minimum of 14-tons to check the completed subgrade and/or aggregate base for soft spots prior to pavement placement.
C. Machine place hot-mix asphalt on prepared surface, spread uniformly, and prefix off. Place asphalt mix by hand in areas inaccessible to equipment in a manner that prevents segregation of mix. Place each course to required grade, cross section, and thickness when compacted.
D. Begin compaction as soon as placed hot-mix paving will bear roller weight without excessive displacement.
E. Provide an average density of 94 percent of reference laboratory density according to ASTM D 1559, but not less than 94 percent nor greater than 100 percent.
F. Tolerances: Base course thickness shall be plus or minus 0.5-inches and surface course shall be plus or minus 0.25-inches.

PORTLAND CEMENT CONCRETE PAVEMENT

I. GENERAL

A. Provide Portland cement concrete pavement for roads, curbs, walks and exterior slabs according to the materials, workmanship, and other applicable requirements of the Minnesota Department of Transportation "Standard Specifications for Construction", latest edition, unless otherwise specified.

II. PRODUCTS

A. Portland cement concrete for curb and gutter and sidewalk shall be 4000 psi, 28-day compressive strength, 5.0% air entrained, and 3-inch slump.
B. Provide Grade-60 reinforcing bars and tie bars where indicated.
C. Curing compound shall be solvent-borne, liquid membrane-forming ASTM C309, Type 1 or approved equal.

III.EXECUTION

A. The Contractor shall furnish a tandem truck loaded with a minimum of 14-tons to check the completed subgrade and/or aggregate base for soft spots prior to pavement placement.
B. Comply with requirements and with ACI 304R for measuring, mixing, transporting, and placing concrete.
C. Comply with the Concrete Reinforcing Steel Institute's recommended practices for "Placing Reinforcing Bars" for placing and supporting reinforcement.
D. Preformed expansion joints using 0.5-inch thickness shall be placed at each end of each curbline, at intersections, and approximately every 200-feet.
E. Construction joints shall be placed at minimum 10-foot intervals in the curb and gutter and at 5-foot for walks.
F. Provide a medium to fine broom finish perpendicular to traffic flow.
G. Protect freshly placed concrete from premature drying and excessive cold or hot temperatures using moisture curing, moisture-retaining cover curing, curing compound or a combination of these.

TENNIS COURT COLOR COATING

DESCRIPTION
The acrylic surfacing is to be applied as per manufacturer's recommendation and per Section 11.G. from the ASBA tennis guidelines as modified hereafter. In the case of discrepancy between ASBA tennis guidelines and manufacturer's recommendation, the manufacturer's shall govern.

MATERIALS
The schedule of materials is as follows:
A. Finish Coat: 100% acrylic emulsion formulated with acrylic resins, mineral fillers, color fast pigments and manufacturer's approved silica sand. Finish coat shall be fully pigmented. Polished sand color shall be as designated on plan set
B. Resurfacer: 50/50 blended asphalt emulsion/acrylic resurfacer
C. Patch Mix: Acrylic court patch binder
D. Line Paint: Paint lines shall be white, water-based acrylic emulsion
E. Control Joint Caulk: Resilient, outdoor, latex based caulk as recommended by color coat supplier

The acrylic surfacing material shall be manufactured by:
A. Sportexrylic Sports
B. California Products
C. Advantage Sport Coatings
D. Laykold
E. Advantage Sport Coatings (Vonce Brothers)

CONSTRUCTION REQUIREMENTS

Surface Preparation:
New bituminous surfaces shall be allowed to cure for twenty eight (28) days prior to application of acrylic surfacing. Bituminous surface shall be cleaned and free of dirt, grease, or other foreign matter.

Bituminous surface shall be dry, as well as clean, since moisture on the surface on hot days can turn to steam or vapor. If this is trapped under an application of material, blisters may occur.

Prior to surfacing, the court shall be flooded with clean potable water and allowed to drain for one hour. If there is any remaining water that is deeper than one sixteenth of an inch (1/16"), that area shall be patched with acrylic court patch binder and leveled in accordance with the manufacturer's recommendations. Flooding shall be redone until the surface is sufficiently laitance or determined by the ENGINEER. After all the acrylic court patch binder has cured, a minimum of two (2) coats of 50/50 blended resurfacer shall be applied at ninety (90) degrees to each other.

Finish Coat:
Bituminous surfaces, acrylic filler surfaces, acrylic filler surfaces, and blended resurfacer surfaces shall be cleaned and free of dirt, grease, or other foreign matter.

Bituminous surfaces shall be dry, as well as clean, since moisture on the surface on hot days can turn to steam or vapor. If this is trapped under an application of material, blisters may occur.

The finishing coating materials shall be installed in multiple applications, at least two (2) coats, as per manufacturer's recommendation, so as to form true, uniform texture and color. The base coat shall include sand texture. Contractor shall apply additional coats over entire surface until uniformity is achieved. The top coat shall be one hundred percent (100%) acrylic. Application of the work shall be performed by skilled workers by a manufacturer approved installer. No work shall be performed when rain is imminent. Air temperatures shall be 50 degrees Fahrenheit and rising during installation. Application rates shall be as per manufacturer's recommendation (minimum of 0.05 gallons per square yard per coat for the first two (2) coats).

The finish line striping shall not be applied until the underlying surface is thoroughly dried as required by sport coatings product manufacturer. Layout court lines as indicated on the Drawings. Lines shall be applied without variations in width or alignment.

WARRANTY
Materials shall have a one (1) year limited written warranty supplied by the manufacturer.

Request for Council Action

To: Mayor Wimmer
Members of the City Council

From: Roxanne Achman
Community Development Director

Date: April 4, 2017

Subject: Request from CSDCPC ASA, LLC, on behalf of the Art and Science Academy, for Final Plat Approval of Fairway Greens Phase 10, legally described as Lots 2 & 3, Block 1, Fairway Greens Phase, Isanti County, Isanti, Minnesota.

Background

Charter Schools Development Corporation Development Corporation, Art and Science Academy (CSDCPC ASA, LLC), is requesting Final Plat approval of Fairway Greens Phase 10.

The City Engineer has reviewed the final plat and recommends approval.

Information from Preliminary Plat approval by the City Council on March 7th, 2017:
Charter Schools Development Corporation Development Corporation, Art and Science Academy (CSDCPC ASA, LLC), currently owns Lots 2 and 3, Block 1, Fairway Greens. Lot 2 contains the existing Art and Science Academy. Lot 3 is vacant and planned to become park and open space.

The request is to shift the lot line between lots 2 and 3 in order to potentially accommodate a future gymnasium addition on to the existing Art and Science Academy building. Due to these lots being part of a Planned Unit Development, the lot line shift is required to go through the full platting approval process.

A request to vacate all drainage and utility easements within Lots 2 and 3, Block 1, Fairway Greens will be heard at a public hearing scheduled for the March 21st City Council meeting. All easement will be reestablished on the Final Plat of Fairway Greens Phase 10.

The plat of Fairway Greens Phase 10 is part of an even bigger project. Staff will be bringing forward information and plans for a park space on existing Lot 3 and an agreement to covey the property to the City, in addition to a use and maintenance agreement. The Art and Science Academy will also be requesting an amendment to their Conditional Use Permit for an increase in the number of students permitted to be enrolled at the school.

Certification of Taxes Paid

Prior to approving an application for Preliminary Plat, certification must be provided to the City that there are no delinquent property taxes, special assessments, penalties, interest, or outstanding municipal utility fees. City staff did verify with Isanti County on Monday, February 13th, 2017; that all taxes associated with the property were current.

Public Notice

Notice was published within the Isanti County News on March 8th, 2017. Written notification was provided to property owners located within 350' of the subject site as required by Minnesota State Statute.

Public Comments
No public comments had been received regarding the proposed amendment prior to the release of the staff memo.

Deadline for City Council Action
The applicant submitted an application for Final Plat approval on February 13, 2017. City staff did verify that the application was complete on March 3, 2017. Pursuant to Minnesota State Statute, the City must act on this request by May 2, 2017 (60-days); unless an extension of the review period has been agreed to by the applicant.

Development and Operations Advisory Committee Comments
The Development and Operations Advisory Committee reviewed the request at their meeting held on Thursday, February 23rd, 2017. The Committee recommended approval.

Planning Commission Recommendation:
Motion by Lundeen, second by Bergley to recommend approval of the request from CSDCPC ASA, LLC, on behalf of the Art and Science Academy, for Final Plat Approval of Fairway Greens Phase 10, legally described as Lots 2 & 3, Block 1, Fairway Greens Phase, Isanti County, Isanti, Minnesota with the following conditions:

1. Upon approval of the Final Plat by the City Council, the City Clerk or his/her designee shall record it with the County Recorder's Office within ninety (90) days after the date of approval; otherwise, failure of the applicant to comply and submit the necessary items and fees for the recording of the Final Plat by the City shall be cause for revoking the City's approval and the Final Plat shall be considered void, unless the developer or applicant requests an extension, in writing and receives approval from the City Council. The City Council may approve up to two (2) extensions for a term not to exceed one (1) additional year for each extension. Fees associated with the recording of the Final Plat will be charged back to the developer or subdivider.
2. The subdivider shall immediately upon approval, furnish the City Administrator or his/her designee with three (3) full size mylar transparencies of the Final Plat, two (2) for the County and one (1) for the City. Three (3) additional 11 inch by 17 inches mylar transparencies shall be given to the City Planner, the City Clerk, and Isanti County. No building permits shall be issued until these conditions have been complied with.

Motion carried unanimously.

Options & Proposed Motion Language

1. Recommend Approval with No Conditions: Motion to recommend approval of the request from CSDCPC ASA, LLC, on behalf of the Art and Science Academy, for Final Plat Approval of Fairway Greens Phase 10, legally described as Lots 2 & 3, Block 1, Fairway Greens Phase, Isanti County, Isanti, Minnesota.
2. Recommend Approval with Conditions: Motion to recommend approval of the request from CSDCPC ASA, LLC, on behalf of the Art and Science Academy, for Final Plat Approval of Fairway Greens Phase 10, legally described as Lots 2 & 3, Block 1, Fairway Greens Phase, Isanti County, Isanti, Minnesota with the following conditions……
3. Recommend Denial: Motion to recommend denial of the request from CSDCPC ASA, LLC, on behalf of the Art and Science Academy, for Final Plat Approval of Fairway Greens Phase 10, legally described as Lots 2 & 3, Block 1, Fairway Greens Phase, Isanti County, Isanti, Minnesota for the following reasons……

RESOLUTION NO. 2017-XXX

A RESOLUTION APPROVING THE FINAL PLAT OF FAIRWAY GREENS PHASE TEN, LEGALLY DESCRIBED AS LOTS 2 AND 3, BLOCK 1, FAIRWAY GREENS ADDITION

WHEREAS, CSDCPC ASA, LLC has made application for Final Plat Approval for Fairway Greens Phase Ten; which is legally described as Lots 2 & 3, Block 1, Fairway Greens, Isanti County, Minnesota; and,

WHEREAS, the Isanti Planning Commission conducted a public hearing on the Final Plat on March 21st, 2017; and,

WHEREAS, all required public notices regarding the public hearing were posted and sent; and,

WHEREAS, the Isanti Planning Commission had recommended approval of the requested Final Plat based upon the Findings of Fact and Conclusion as presented with conditions; and,

WHEREAS, the City Council reviewed the Final Plat request at its meeting on April 4th, 2017; and,

NOW, THEREFORE, IT IS HEREBY RESOLVED by the City Council of the City of Isanti, Minnesota, that it adopts the Findings of Fact and Conclusion related to the requested Final Plat and **BE IT FURTHER RESOLVED** that the requested Final Plat Approval from CSDCPC ASA, LLC., be approved with the following conditions:

1. Upon approval of the Final Plat by the City Council, the City Clerk or his/her designee shall record it with the County Recorder's Office within ninety (90) days after the date of approval; otherwise, failure of the applicant to comply and submit the necessary items and fees for the recording of the Final Plat by the City shall be cause for revoking the City's approval and the Final Plat shall be considered void, unless the developer or applicant requests an extension, in writing and receives approval from the City Council. The City Council may approve up to two (2) extensions for a term not to exceed one (1) additional year for each extension. Fees associated with the recording of the Final Plat will be charged back to the developer or subdivider.

2. The subdivider shall immediately upon approval, furnish the City Administrator or his/her designee with three (3) full size mylar transparencies of the Final Plat, two (2) for the County and one (1) for the City. Three (3) additional 11 inch by 17 inches mylar transparencies shall be given to the City Planner, the City Clerk, and Isanti County. No building permits shall be issued until these conditions have been complied with.

Adopted by the Isanti City Council on this 4th day of April 2017.

FINDINGS OF FACT AND CONCLUSION

Request

Request from CSDCPC ASA, LLC, on behalf of the Art and Science Academy, for Final Plat Approval of Fairway Greens Phase 10, legally described as Lots 2 & 3, Block 1, Fairway Greens Phase, Isanti County, Isanti, Minnesota.

Findings of Fact

1. The applicant, CSDCPC ASA, LLC ('the applicant'), has made application for Final Plat Approval of Fairway Greens Phase Ten, Isanti County, Minnesota.
2. The property is legally described as Lots 2 & 3, Block 1, Fairway Greens, Isanti County, Minnesota.
3. The Applicant is requesting Final Plat Approval in an effort to adjust a lot line within a plat that is part of a Planned Unit Development in order to create space for the possibility of a future gymnasium expansion to the building on Lot 2, Block 1, Fairway Greens.
4. The property is zoned "H65" Highway 65 Corridor Overlay District.
5. A final plat is considered a major change requiring a public hearing and notification of all property owners within 350'; and final approval by the City Council.
6. The Applicant submitted an application for Final Plat Approval on February 13th, 2017. It was deemed complete on March 3rd, 2017.
7. A public hearing date before the Planning Commission was scheduled for Tuesday, March 21st, 2017 immediately following the 7:00 p.m. City Council meeting at City Hall within the Council Chambers.
8. Notices were sent to all property owners located within the development and within 350 feet of the subject property.

Conclusions

1. The platting of the property would appear to meet the lot requirements and setback requirements as provided within the zoning ordinance for properties located within the "H65" Highway 65 Corridor Overlay District.
2. The platting of the property would appear to meet the Design Standards as required by Ordinance No. 536.

Decision

The Planning Commission held a public hearing on the item at the **March 21st, 2017** meeting. The meeting minutes, staff memo and exhibits will be made part of the Findings of Facts and Conclusions.

Planning Commission Recommendation:

Motion by Lundeen, second by Bergley to recommend approval of the request from CSDCPC ASA, LLC, on behalf of the Art and Science Academy, for Final Plat Approval of Fairway Greens Phase 10, legally described as Lots 2 & 3, Block 1, Fairway Greens Phase, Isanti County, Isanti, Minnesota with the following conditions:

1. Upon approval of the Final Plat by the City Council, the City Clerk or his/her designee shall record it with the County Recorder's Office within ninety (90) days after the date of approval; otherwise, failure of the applicant to comply and submit the necessary items and fees for the recording of the Final Plat by the City shall be cause for revoking the City's approval and the Final Plat shall be considered void, unless the developer or applicant requests an extension, in writing and receives approval from the City Council. The City Council may approve up to two (2) extensions for a term not to exceed one (1) additional year for each extension. Fees associated with the recording of the Final Plat will be charged back to the developer or subdivider.

2. The subdivider shall immediately upon approval, furnish the City Administrator or his/her designee with three (3) full size mylar transparencies of the Final Plat, two (2) for the County and one (1) for the City. Three (3) additional 11 inch by 17 inches mylar transparencies shall be given to the City Planner, the City Clerk, and Isanti County. No building permits shall be issued until these conditions have been complied with.

Motion carried unanimously.

Request for Council Action

To: Mayor Wimmer
Members of the City Council

From: Roxanne Achman, AICP
Community Development Director

Date: April 4th, 2017

Subject: Request from the City of Isanti to Rezone Lot 3, Block 1, Fairway Greens, soon to be Lot 2, Block 1, Fairway Greens Phase Ten, Isanti County, Isanti, Minnesota, from "H65" Highway 65 Corridor Overlay District to "POS" Parks and Open Space Overlay District.

Background

The request to rezone this parcel from "H65" Highway 65 Corridor Overlay District to "POS" Park and Open Space is due to the combined efforts of the Art and Science Academy's need for additional outdoor play space and the City's need for a park space in that quadrant of the City according to the 2011 Comprehensive Parks, Trails and Open Space Plan.

The next item on the agenda explains the layout of the park. The park is to benefit not only the Art and Science Academy, but the community as a whole. This park will also be unique in that it will also be a great amenity to the business area to the east as that area develops.

Zoning Ordinance Requirements

The purpose of the "POS" Parks and Open Space Overlay District is to protect and preserve parks, open space, and undevelopable land and areas with valuable environmental qualities from further development and to provide for the recreational use of land and structures within the City.

The Planning Commission shall conduct a public hearing, and report its findings and make recommendations to the City Council. The Planning Commission shall consider possible adverse effects of the proposed amendment. The judgment of the Planning Commission with regard to the application shall be based upon, but is not limited to, the following factors:

1. The proposed action has been considered in relation to the specific policies and provisions of and has been found to be consistent with the City Comprehensive Plan, including public facilities and capital improvement plans.
2. The proposed action meets the purpose and intent of this Ordinance or in the case of a map amendment; it meets the purpose and intent of the individual district.
3. There is adequate infrastructure available to service the proposed action.
4. There is an adequate buffer or transition provided between potentially incompatible districts.

Comprehensive Plan

The purpose of this category is to identify portions of Isanti that contain existing or planned park and open space uses. Examples of park and open space uses include local and state parks, wildlife areas, and other outdoor recreation facilities, as well as passive open space areas that are prioritized as protected on the natural areas map.

Public Notice
Notice of the Map Amendment was published in the official City newspaper, Isanti County News; on Wednesday, March 8th, 2017. Mailed notice was provided to property owners within 350' of the subject property.

Public Comments
No public comments had been received regarding the proposed text amendment prior to the release of the staff memo.

Deadline for City Council Action
The City of Isanti requested this action on March 3rd, 2017. Pursuant to Minnesota State Statute, the City must act on this request by May 2nd, 2017 (60-days); unless an extension of the review period has been agreed to by the applicant.

Planning Commission Recommendation:
Motion by Kennedy, second by Collison to recommend approval of the request from City of Isanti to Rezone Lot 3, Block 1, Fairway Greens, soon to be Lot 2, Block 1, Fairway Greens Phase Ten, Isanti County, Isanti, Minnesota, from "H65" Highway 65 Corridor Overlay District to "POS" Parks and Open Space Overlay District. Motion carried unanimously.

Options and Proposed Motion Language
1. Recommend Approval with No Conditions: Motion to recommend approval of the request from the City of Isanti to Rezone Lot 3, Block 1, Fairway Greens, soon to be Lot 2, Block 1, Fairway Greens Phase Ten, Isanti County, Isanti, Minnesota, from "H65" Highway 65 Corridor Overlay District to "POS" Parks and Open Space Overlay District.
2. Recommend Approval with Conditions: Motion to recommend approval of the request from the City of Isanti to Rezone Lot 3, Block 1, Fairway Greens, soon to be Lot 2, Block 1, Fairway Greens Phase Ten, Isanti County, Isanti, Minnesota, from "H65" Highway 65 Corridor Overlay District to "POS" Parks and Open Space Overlay District with the following changes….
3. Recommend Denial: Motion to recommend denial of the request from the City of Isanti to Rezone Lot 3, Block 1, Fairway Greens, soon to be Lot 2, Block 1, Fairway Greens Phase Ten, Isanti County, Isanti, Minnesota, from "H65" Highway 65 Corridor Overlay District to "POS" Parks and Open Space Overlay District for the following reasons….
4. Table: Motion to table the request from the City of Isanti to Rezone Lot 3, Block 1, Fairway Greens, soon to be Lot 2, Block 1, Fairway Greens Phase Ten, Isanti County, Isanti, Minnesota, from "H65" Highway 65 Corridor Overlay District to "POS" Parks and Open Space Overlay District. FINDINGS OF FACT AND CONCLUSION

Request

Request from the City of Isanti to Rezone Lot 3, Block 1, Fairway Greens, soon to be Lot 2, Block 1, Fairway Greens Phase Ten, Isanti County, Isanti, Minnesota, from "H65" Highway 65 Corridor Overlay District to "POS" Parks and Open Space Overlay District.

Findings of Fact

1. CSDCPC ASA LLC, owns Lot 3, Block 1, Fairway Greens.
2. CSDCPC ASA LLC has requested approval of a final plat and site plan in order to construct a playground and park space on the subject property.
3. Lot 3, Block 1, Fairway Greens is on a separate lot from the Art and Science Academy.
4. The property is zoned "H65" Highway 65 Corridor Overlay District, which does not permit park space as a primary use.
5. CSDCPC ASA LLC and the City of Isanti are in the process of completing an agreement that would convey Lot 3, Block 1, Fairway Greens to the City of Isanti upon completion of the playground and park space.
6. The City of Isanti, is requesting to rezone Parcel No. 16.113.0030 from "H65" Highway 65 Corridor Overlay District to "POS" Park and Open Space District.
2. The property is legally described as follows: Lot 3, Block 1 of Fairway Greens.
3. The rezoning of the property would permit the property to be slated for park and open space uses.
4. The Comprehensive Plan has a land use encourages the incorporation of parks.
   The 2011 Comprehensive Parks, Trails and Open Space Plan describes a need for outdoor play space in the northeast quadrant of the City.
5. The request to rezone this property was received on March 3rd, 2017. Pursuant to Minnesota State Statute, the City must act on this request by May 2nd, 2017 (60-day rule).
6. A public hearing date before the Planning Commission was scheduled for Tuesday, March 21st, 2017 immediately following the 7:00 p.m. City Council meeting at City Hall within the Council Chambers.
8. Notice of the Rezoning request was published within the Isanti County News on Wednesday, March 8th, 2017. Notices were sent to all property owners located within 350 feet of the subject property.
9. Section 21, Article 1: Amendments (Text and Map), Subdivision 4 (D) of the Zoning Ordinance establishes criteria in which the judgment of the Planning Commission and City Council shall be based upon when reviewing a Rezoning request.

Conclusions

A. In review of the factors established in Section 21, Article 1 Amendments (Text and Map), Subdivision 4 (D) the following conclusions have been made (*conclusions to each requirement are shown in underlined italics)*:

   1. The proposed action has been considered in relation to the specific policies and provisions of and has been found to be consistent with the Comprehensive Plan, including public facilities and capital improvement plans.
      The identified parcels fit within the concept of enhancing natural areas and wetlands located in and around the community. This park will be a part of the natural wetland area to the east and south of the property. The park will provide a space for all generations to enjoy as it will incorporate play spaces and a workout area for nearby businesses as the area develops.

2. The proposed action meets the purpose and intent of this Ordinance or in the case of a map amendment; it meets the purpose and intent of the individual district.
The rezoning of the parcel would meet the purpose and intent of the district in which the property is located. Park and open space is suitable and beneficial to the school and future business and residential developments in that area.

3. There is adequate infrastructure available to service the proposed action.
Any necessary infrastructure is already in place in this area should the City need connect to it.

4. There is an adequate buffer or transition provided between potentially incompatible districts.
Parks and open space are compatible with schools and will be inviting to surrounding businesses.

Decision

The Planning Commission reviewed the request in a public hearing on **March 21st, 2017**. The meeting minutes, staff memo, and attachments shall be made a part of the Findings of Fact and Conclusion.

Planning Commission Recommendation:

Motion by Kennedy, second by Collison to recommend approval of the request from City of Isanti to Rezone Lot 3, Block 1, Fairway Greens, soon to be Lot 2, Block 1, Fairway Greens Phase Ten, Isanti County, Isanti, Minnesota, from "H65" Highway 65 Corridor Overlay District to "POS" Parks and Open Space Overlay District. Request for Council Action

To: Mayor Wimmer
Members of the City Council

From: Roxanne Achman, AICP
Community Development Director

Date: April 4th, 2017

Subject: Request from the City of Isanti for an Interim Use Permit to allow for a Farmer's Market on the property located at 400 West Dual Boulevard NE, legally described as Lot 5, Block 2, Dual Industrial Park, Isanti County, Isanti, Minnesota.

Background

The City has been operating the Isanti Family Farmer's Market within Eagle Park for the past 4 years. While the Farmer's Market has been successful, there have been several requests to locate the Market on a more heavily traveled and visible roadway. City Staff and Officials proposed the idea of locating the Farmer's Market in the grassy area just north of the Isanti Municipal Liquor Store at 400 West Dual Blvd NE. The Liquor Store lot has a large grassy area that maintained and available at this time.

The idea of relocating the Isanti Family Farmer's Market to this location was presented to the City Council on March 7th, 2017 at their regularly scheduled meeting to get preliminary approval. There was no opposition to the location change. The Farmer's Market would operate during the same time period as it did when it was located in Eagle Park: Beginning the last Friday in May to the last Friday in September from 2 p.m.-6 p.m.

Zoning Ordinance Provisions

The property is zoned "B-2" General Business District. In which, Farmer's Markets are considered an Interim Use. While the City had been granted approval to host a Farmer's Market on this parcel in May 2013 (Resolution No. 2013-092); the permit was granted to a specific location (Eagle Park). As a result, a new permit to establish the use would be required.

In general, all Interim Uses are subject to criteria, which must be reviewed as part of the Interim Use process. The Criteria and Conditions of Approval, as stipulated within the Zoning Ordinance are provided below.

Section 21 Administration and Enforcement, Article 3 Interim Uses, Subdivision 5: Criteria for Granting an Interim Use Permit

The Planning Commission and City Council shall consider the effect of the proposed use upon the health, safety, and general welfare of occupants of surrounding properties. The Planning Commission and City Council shall consider and make findings regarding the following factors:

A. The proposed use shall meet the applicable zoning regulations; and
B. The proposed use will not adversely impact implementation of the Comprehensive Plan; and
C. The proposed use will terminate upon a date or event that can be identified with certainty; and
D. The proposed use will not impose additional costs on the public if it is necessary for the public to take the property in the future; and
E. The applicant has signed a consent agreement agreeing with the applicant, owner, operator, tenant and/or user has no entitlement to future re-approval of the Interim Use Permit; and

F. The proposed use will be subject to, by agreement with the property owner, any conditions that the City Council deems appropriate for permission of the proposed interim use, including a condition that the owner may be required to provide an appropriate surety to cover the cost of removing the interim use and any interim structures upon the expiration of the interim use.

Section 21 Administration and Enforcement, Article 3 Interim Uses, Subdivision 6: Conditions of Approval

In permitting a new interim use permit or amending an existing interim use permit, the Planning Commission may recommend and the City Council may impose, in addition to the standards and requirements expressly specified by this section, additional conditions which the Planning Commission and/or City Council consider necessary to protect the best interest of the surrounding area or the community as a whole. These conditions may include, but are not limited to, the following:

A. Increasing the required lot size or yard dimensions;
B. Limiting the height, size, or location of buildings;
C. Controlling the location and number of vehicles access points;
D. Increasing the street width;
E. Increasing the number of required off-street parking spaces;
F. Limiting the number, size, location or lighting of signs;
G. Requiring diking, fencing, screening, landscaping or other facilities to protect adjacent or nearby property;
H. Designation of open space;
I. Obtaining the necessary licenses as required by the City of Isanti, Isanti County or State of Minnesota;
J. Restrictions on the hours of operation;
K. Exterior lighting is limited to protect adjacent or nearby property;
L. Controlling architectural appearance and functional design of the building or site;
M. Applicable performance standards of the zoning district in which such use is located are met and non-conformities are eliminated;
N. Annual review, if deemed appropriate by the City Council.
O. Any additional stipulations, pertaining to a specific site are subject to change when the City Council, upon investigation in relation to a formal request, finds that the general public, health, safety, and welfare, can be served as well or better by modifying or expanding upon the conditions set forth herein.

Public Notice

Notice was published within the Isanti County News on March 8th, 2017. Written notification was provided to property owners located within 350' of the subject site as required by City Code.

Public Comment

No public comments had been received at the time the staff memo had been printed.

Planning Commission Recommendation:

Motion by Lundeen, second by Collison to recommend approval of the request from City of Isanti for an Interim Use Permit to allow for a Farmer's Market on the property located at 400 West Dual Boulevard NE, legally described as Lot 5, Block 2, Dual Industrial Park, Isanti County, Isanti, Minnesota with the following conditions:

1. The music that is provided on-site during the event shall be amplified within reason and shall not disturb the neighboring parcels.
2. All garbage and excess produce/waste shall be removed after the event, unless an incident arises that shows just cause for earlier pick-up.
3. All tables, carts, or flat beds used as display area shall be portable and shall be removed from the site at the end of the event.

4. Such event shall take place on Friday's only beginning in May through September from 2 p.m. to 6 p.m.
5. Should issues arise and negative impacts be experienced in the surrounding neighborhood, the City Council may re-evaluate and re-examine any site constraints.
6. Once the number of vendors provided on-site exceeds 20; a restroom facility must be provided on-site.
7. Any temporary signage placed to market and coordinate traffic to the event cannot be placed within the public right-of-way and must not limit visibility of motorists at intersections.
8. The Interim Use Permit is granted until such time as the use would discontinue for a period of one year or City of Isanti was to choose to terminate the event, whichever would occur first.

Motion carried unanimously.

Deadline for City Council Action

The City of Isanti received the application materials and deemed said application complete on March 3rd, 2017. Pursuant to Minnesota State Statute, the City must act on this request by May 2nd, 2017 (60 days), unless the City provides the petitioner with written reasons for an additional 60-day review period.

City Staff Comments

The proposal as presented by the City of Isanti is similar in nature to that originally proposed and approved by the City Council in May 2013 for the Isanti Family Farmer's Market. City staff would recommend the following conditions be considered for granting of the request:

1. The music that is provided on-site during the event shall be amplified within reason and shall not disturb the neighboring parcels.
2. All garbage and excess produce/waste shall be removed after the event, unless an incident arises that shows just cause for earlier pick-up.
3. All tables, carts, or flat beds used as display area shall be portable and shall be removed from the site at the end of the event.
4. Such event shall take place on Friday's only beginning in May through September from 2 p.m. to 6 p.m.
5. Should issues arise and negative impacts be experienced in the surrounding neighborhood, the City Council may re-evaluate and re-examine any site constraints.
6. Once the number of vendors provided on-site exceeds 20; a restroom facility must be provided on-site.
7. Any temporary signage placed to market and coordinate traffic to the event cannot be placed within the public right-of-way and must not limit visibility of motorists at intersections.
8. The Interim Use Permit is granted until such time as the use would discontinue for a period of one year or City of Isanti was to choose to terminate the event, whichever would occur first.

City Staff Request

City staff is requesting action on this item.

FINDINGS OF FACT AND CONCLUSION

Request

Request from the City of Isanti for an Interim Use Permit to allow for a Farmer's Market on the property located at 400 West Dual Boulevard NE, legally described as Lot 5, Block 2, Dual Industrial Park, Isanti County, Isanti, Minnesota.

Findings of Fact

1. The applicant owns the property, on which the Farmer's Market would be located.
2. The property is legally described as Lot 5, Block 2, Dual Industrial Park. The property is more generally known as the Isanti Municipal Liquor Store.
3. The property is zoned "B-2" General Business District, in which an Interim Use Permit is required for Farmer's Markets.
4. The City of Isanti had originally issued an Interim Use Permit to the Isanti Chamber of Commerce to hold such an event upon this same property/area in February 2010 (Resolution No. 2010-032). Later another IUP was issued to the City for a Farmer's Market in the same location in May 2013 (Resolution 2013-092).
5. The applicant (City of Isanti) submitted an Interim Use Permit Application on March 3rd, 2017. Pursuant to Minnesota State Statute, the City must act on this request by May 2nd, 2017 (60-day rule).
6. A public hearing date before the Planning Commission was scheduled for Tuesday, March 21st immediately following the 7:00 p.m. City Council meeting at City Hall within the Council Chambers.
7. Notice of the Interim Use Permit request was published within the Isanti County News on Wednesday, March 8th, 2017. Notices were sent to all property owners located within 350 feet of the subject property.
8. Section 21, Article 3: Interim Uses, Subdivision 5 of the Zoning Ordinance establishes criteria in which the judgment of the Planning Commission and City Council shall be based upon when reviewing an Interim Use Permit request. In addition, the Planning Commission may recommend and the City Council may require additional items so as to protect the best interest of the surrounding properties or the community as a whole and may include, but are not limited to the items listed within Section 21, Article 3: Interim Uses, Subdivision 6 of the Zoning Ordinance.
9. Section 13, Subdivision 5 of the Zoning Ordinance establishes additional performance standards, which specifically relate to Farmer's Markets.
10. The Planning Commission held a public hearing on the item on March 21st, 2017; and all property owners within 350' were invited to attend and provide public comment.

Conclusions

1. In review of the factors established in Section 21, Article 3: Interim Uses, Subdivision 5, the following conclusions have been made (*conclusions to each requirement are shown in underlined italics)*:
   - A. The proposed use shall meet the applicable zoning regulations.
     The proposed use has been identified as an Interim Use within the "B-2" General Business District.
   - B. The proposed use will not adversely impact implementation of the Comprehensive Plan.
     The proposed use was previously determined to be acceptable as an Interim Use within the General Business District. The proposed use is an interim use and will only continue on the property until such time as the City of Isanti would either choose to terminate the use or the use would discontinue for a period of one year; whichever would come first. Should the use terminate; future development on the property could occur in accordance with the goals and policies of the Comprehensive Plan.
   - C. The proposed use will terminate upon a date or event that can be identified with certainty.

The proposed use could be conducted on the property until such time as the City of Isanti or would choose to terminate the use/event or the use would discontinue for a period of one year, whichever were to occur first.

D. The proposed use will not impose additional costs on the public if it is necessary for the public to take the property in the future.
At this time, the City owns the property. All items associated with the proposed use shall be portable and must be removed from the site after each event.

E. The applicant has signed a consent agreement agreeing with the applicant, owner, operator, tenant and/or user has no entitlement to future re-approval of the Interim Use Permit.
The applicant is the property owner. The applicant is also aware of the terms of the Interim Use Permit and that a new permit would be necessary should a different group or entity decide to take over the event in the future.

F. The proposed use will be subject to, by agreement with the property owner, any conditions that the City Council deems appropriate for permission of the proposed interim use, including a condition that the owner may be required to provide an appropriate surety to cover the cost of removing the interim use and any interim structures upon the expiration of the interim use.
Additional conditions have been added to the approval and have been provided for within this Findings of Fact and Conclusion, which the City Council have determined are necessary to protect the best interest of the surrounding area and the community as a whole.

2. In review of the additional performance standards established in Section 13, Subdivision 5 for Farmer's Markets; the following conclusions have been made (*conclusions to each requirement are shown in underlined italics)*:

A. When more than twenty (20) vendors are anticipated, trash receptacles and screened dumpsters shall be provided on site. Such dumpsters shall be picked up the day following the close of the market.
The number of vendors at this time is less than 20. As a condition of the approval, all waste is to be removed after the event. If an incident arises that shows just cause for an earlier pick-up date; such arrangements will be made.

B. The site shall be maintained and cleaned on a nightly basis to eliminate debris and rodent activity.
The petitioner has indicated that the area will be cleaned and the dumpsters will be removed. If an incident arises that shows just cause for an earlier pick-up date; such arrangements will be made.

C. The site shall be accessible via a collector or an arterial roadway.
West Dual Boulevard NE has direct access to Heritage Blvd NE / County Road 5 (Major Collector).

D. Sales hours will only be permitted from sunrise to sunset.
The hours will be from 2 p.m. to 6 p.m.

E. A parking plan shall be submitted for City Council review and approval.
Given that the vendors will be unable to have vehicles within the farmer's market area, a designated vendor parking area or plan would need to be submitted and reviewed prior to the opening day of the market.

F. When more than twenty (20) vendors are anticipated, restroom facilities shall be provided on or adjacent to the property. When provided on adjacent property, written approval from the neighboring property owner, authorizing the use of restroom facilities from the neighboring property shall be filed with the City.
At this time, the total number of vendors anticipated is less than 20. If over twenty (20) vendors are booked for the event, a portable toilet will be provided.

Decision

The Planning Commission reviewed the request in a public hearing on **March 21st, 2017**. The meeting minutes, staff memo, and attachments shall be made a part of the Findings of Fact and Conclusion.

Planning Commission Recommendation:

Motion by Lundeen, second by Collison to recommend approval of the request from City of Isanti for an Interim Use Permit to allow for a Farmer's Market on the property located at 400 West Dual Boulevard NE, legally described as Lot 5, Block 2, Dual Industrial Park, Isanti County, Isanti, Minnesota with the following conditions:

1. The music that is provided on-site during the event shall be amplified within reason and shall not disturb the neighboring parcels.
2. All garbage and excess produce/waste shall be removed after the event, unless an incident arises that shows just cause for earlier pick-up.
3. All tables, carts, or flat beds used as display area shall be portable and shall be removed from the site at the end of the event.
4. Such event shall take place on Friday's only beginning in May through September from 2 p.m. to 6 p.m.
5. Should issues arise and negative impacts be experienced in the surrounding neighborhood, the City Council may re-evaluate and re-examine any site constraints.
6. Once the number of vendors provided on-site exceeds 20; a restroom facility must be provided on-site.
7. Any temporary signage placed to market and coordinate traffic to the event cannot be placed within the public right-of-way and must not limit visibility of motorists at intersections.
8. The Interim Use Permit is granted until such time as the use would discontinue for a period of one year or City of Isanti was to choose to terminate the event, whichever would occur first.

Motion carried unanimously.

Community Development Director

Date: April 4th, 2017

Subject: Request from the City of Isanti to Amend Ordinance No. 445 Zoning, Section 10, Article 1 "RC" Recreational Commercial District and Section 2 Definition of Terms.

Background

In 2008, Zoning Ordinance No. 445 was adopted which included a new district; the Recreational Commercial District. This district was created in part due to the 2008 Comprehensive Plan in which the district is described. The City designated its first Recreational Commercial parcel within the City with the annexation of roughly 42 acres of Athens Township in December 2016. In light of the first parcel being designated as Recreational Commercial "RC", City staff and officials felt it was appropriate to review the uses within the district.

2008 Comprehensive Plan, Chapter 7 Land Use and Growth, page 7-13:

> **Recreational Commercial-** The intent of the Recreational Commercial designation is to include recreation and supporting businesses, such as hotel/conference facilities, water parks, athletic clubs, restaurants, golf courses and other forms of outdoor recreation. An additional intent of the Recreational Commercial is to promote high quality, large-scale recreational uses that preserve the natural character of woodlands, steep slopes, wetlands and other conditions that hinder development. Recreational Commercial developments are to be designed to fit within the topography and physical features of the site, and must have low profiles so as not to detract from their natural settings.

The Development and Operations Advisory Committee reviewed the uses and regulations for this district during several meetings. The uses proposed for Brennan and Rebecca Cox's property were also reviewed in order to make a determination on what uses were appropriate and expected for the RC District and which were not. The Committee felt the below uses and regulations fit well with Isanti's vision of having many draws and activities, and would further enhance the district.

The following were added to Permitted Uses:

- Community Garden
- Farmers Market

The following were added to Conditional Uses:

- Bed and Breakfast
- Hobby Farm
- Retreat Center

The following was added to the Exterior Building Materials:

- Design Standard Flexibility. The City Council may approve an alternative approach to meeting any of the design standards in this Section if an applicant demonstrates such modification is necessary to respond to site conditions, will result in better integration of uses, or provide significant site amenities, buffers, and other elements to offset any potential harmful effect that could be caused by the use and will further the intent of this Section.
  ** This statement was added due to the possibility of new concepts and uses that do not fit squarely within the regulations.*

Definitions were added for the following:

Hobby Farm

The incidental use of land for the production and/or cultivation of farm crops and the keeping of animals generally raised on a farm. The keeping of animals is subject to MN State Statute 343.

Retreat Center

A semipublic use oriented to using the natural features and outdoor character of the area for short-term stays and featuring educational, contemplative and human development workshop and related training activities, which may include the following: passive recreation (non-motorized) oriented to appreciating the outdoor and natural character of the area; a nature center, conservatory, interpretive center, exhibit, museum or library space; residential buildings (cabins) for short-term occupancy by a single family or unrelated individuals attending an educational or similar event or workshop at the retreat (but not designed or intended for use as a residence); and/or having limited communal facilities for dining, sanitation, meeting, educational or worship purposes.

Staff Request

To consider recommending approval of the attached ordinance amending Section 2 Definitions and Section 10, Article 1 "RC" Recreational Commercial District.

Planning Commission Recommendation:

FINDINGS OF FACT AND CONCLUSION

Request

Request from the City of Isanti to Amend Ordinance No. 445 Zoning, Section 10, Article 1 "RC" Recreational Commercial District and Section 2 Definition of Terms.

Findings of Fact

1. In 2008, both the Comprehensive Plan and Zoning Ordinance No. 445 added the "RC" Recreational Commercial District.
2. Until December 2016, there was not a parcel designated as "RC".
3. With the "RC" District not being used since it was created, it makes it difficult to determine all uses and performance standards that are appropriate.
4. A project was presented to City staff and officials that fit within the intent of the Recreational Commercial District as described within the 2008 Comprehensive Plan.
5. While the intent of the Ordinance remains intact, amendments must be made to the Ordinance regulations to ensure that the appropriate requirements are being used.
6. Notification of the public hearing was provided for within the City's official newspaper on Wednesday, March 8th, 2017.

Conclusions

1. In review of the Ordinance requirements provided for within Section 21, Article 1 Amendments (Text and Map), Subdivision 4 (D), the following conclusions have been made *(conclusions to each requirement have been shown in underlined italics):*
   a. The proposed action has been considered in relation to the specific policies and provisions of and has been found to be consistent with the City Comprehensive Plan, including public facilities and capital improvement plans.
   The updates to the Recreational Commercial District allow it more closely align with the intended purpose of the district as defined in the 2008 Comprehensive Plan.
   b. The proposed action meets the purpose and intent of this Ordinance or in the case of a map amendment; it meets the purpose and intent of the individual district.
   The ordinance amendment helps further define the existing ordinance.
   c. There is adequate infrastructure available to service the proposed action.
   Not applicable.
   d. There is an adequate buffer or transition provided between potentially incompatible districts.
   Not applicable.

Decision

The Planning Commission held a public hearing on the item at the **March 21st, 2017** meeting. The meeting minutes, staff memo, and attachments shall be made a part of the Findings of Fact and Conclusions.

Subject: A Resolution Approving Acceptance of Grant from Partners in Healthy Living for Additional Community Garden Equipment

---

Background

Staff have worked closely with Partners in Healthy Living for grant funding in the past. An application was submitted to Partners in Healthy Living to purchase additional raised beds for the community garden as well as new hoses. The total cost for these purchases is estimated to be $1,101.58. The maximum award through the grant program is $1000, and requires a 10% in-kind contribution. The City of Isanti's contribution is budgeted through Parks, Recreation, and Culture in 2017 and will include the cost above $1000 for materials, contribution of City compost for the raised beds, and Public Works time.

On March 20, 2017, the award letter for $1000 was received from Partners in Healthy Living.

Staff Request

City staff is requesting that council approve acceptance of the grant.

Request for City Council Action

To: Mayor Wimmer and City Council Members

From: Sean M. Sullivan, Economic Development Director

Date: April 4, 2017

Subject: **Consider Resolution Authorizing Isanti Bucks and City Promotional Bag Marketing Program**

Background:

Collaboration and cooperation between the City of Isanti and business community is important to our success. The City currently hosts events that provide opportunities for businesses to market themselves to residents and visitors. In an effort to increase collaboration and to improve commerce an "Isanti Bucks" program is being considered. This program would consist of printing vouchers (Isanti Bucks) with cash denominations that can be redeemed only at participating Isanti businesses. Once used the "Isanti Bucks" would be returned to the City by businesses for reimbursement. In addition, the City would also purchase "Isanti" promotional bags to be used at community event for the distribution of marketing materials for the City and Isanti businesses. Staff contemplates that this program would be funded by the EDA as this is a marketing program. In order to get this program going Staff is asking the City Council to allocate $5000 to the EDA for these purposes. BMX National in May, District Soccer Tournament in July and the BMX State Event in August will be the test market for the program in 2017. The goal is to create a "proof the concept" and based upon what is learned, a more defined program will be developed for 2018. City Staff and Officials will engage Isanti businesses to work on developing a program that is beneficial to both parties.

The details of the program are yet to be determined but in order to meet the goal set forth by Mayor Wimmer of having this program in place by Mid May Staff is requesting that the City Council approve a budget and provide Staff the opportunity to put together an operational plan for an Isanti Bucks program which include a city promotional bag. In order to meet deadlines Staff is also asking for permission to spend funds on the printing of Isanti Bucks vouchers without additional City Council approvals. It is anticipated that the printing of vouchers will be less than $500. Staff will consult with legal counsel to ensure that the program can be operated by the City.

Potential Funding Source:

EDA Marketing 495. This is not a budgeted item but the City Council can amend the budget to allow for this expense which would include allocation of $5000 to the EDA for these purposes.

City Council Action Requested:

Consider adoption of Resolution 2017-_____ Authorizing Isanti Bucks and City Promotional Bag Marketing Program

Attachment:

1) Resolution 2017-_____ Authorizing Isanti Bucks and City Promotional Bag Marketing Program

RESOLUTION 2017-___

AUTHORIZING ISANTI BUCKS AND CITY PROMOTIONAL BAG MARKETING PROGRAM

WHEREAS, collaboration and cooperation between the City of Isanti and its businesses has a positive impact on the business climate for the city; and

WHEREAS, creating incentive programs that increase commerce in the city limits of Isanti are beneficial to the success of businesses and the community; and

WHEREAS, the Isanti Bucks and City Promotional Bag program would be funded and operated by the City of Isanti Economic Development Authority; and

WHEREAS, Staff estimates that it will need $5000 to establish and operate this program and that it should be funded through EDA 495.

WHEREAS, Staff recommends that legal counsel review this program to ensure that it is permitted to be operated by the City of Isanti EDA or City of Isanti.

NOW, THEREFORE, IT IS HEREBY RESOLVED by the City Council of the City of Isanti, Minnesota authorize:

1) $5000 reallocated to Fund EDA 495 to be spent on implementing and operating an Isanti Bucks Program and to Authorize Staff to purchase items necessary to roll out program on May 11, 2017
2) Staff develop a policy for the use and operation of the Isanti Bucks Program
3) Staff obtain a legal opinion confirming that this program can legally be operated by the City of Isanti EDA or City of Isanti.

This Resolution hereby approved by the Isanti City Council this 4th day of April 2017.

MEMORANDUM

Date: March 29, 2017

To: Honorable Mayor Wimmer and Members of the City Council

From: Bradley C. DeWolf, P.E.

Subject: 2017 Palomino Road SE Improvements – Pedestrian Alternatives
City of Isanti, MN

As requested at the March 21, 2017 Council Meeting, we have created a 5-foot concrete walk alternative to the proposed 10-foot bituminous trail along the north side of Palomino Road SE from Railroad Avenue SE to Highway 65.

Attached are the typical sections and layouts of the two alternatives. The power lines are overhead in both options as it was found to not significantly reduce the number of poles along the project that are required for services to houses and to provide street lighting.

The following is a summary of each alternative:

10-foot Bituminous Trail:

This option places a 10-foot wide bituminous trail against the existing back of curb.

1. This section matches the trail along Railroad Avenue SE.
2. Provides more room for two way use and bicycles.
3. Requires driveway regrading.
4. Requires three retaining walls to meet grading requirements and one safety fence.
5. Requires power poles and signs to be located further back into yards.
6. Requires 8 trees to be removed. The power company would need to trim additional trees to clear the new powerline alignment.
7. Mailboxes will be installed in the bituminous trail.

5-foot Concrete Walk:

This option places a 5-foot wide concrete walk with a 5-foot grass boulevard behind the existing back of curb.

1. This section matches the City standard sidewalk.
2. Is narrow for two way traffic and would not be recommended for bike use.
3. Matches driveway grades well.
4. Requires one short retaining wall to meet grading requirements and match landscaping.
5. Power poles and signs could be located in the boulevard.
6. Requires three trees to be removed.
7. Mailboxes would not be impacted.

Both alternatives are feasible from an engineering standpoint and essentially the same cost. Both projects are also eligible for State Aid funding.

Please contact me with any questions or if you would like any additional information.

MEMORANDUM

Date: March 29, 2017

To: Honorable Mayor Wimmer and Members of the City Council

From: Bradley C. DeWolf, P.E.
Bryan Nemeth, P.E., PTOE

Subject: TH 65 at Cajima Street NE Intersection Analysis: Preliminary Results

As directed by the City Council, Bolton & Menk has completed a preliminary analysis of the intersection of Trunk Highway (TH) 65 and Cajima Street. The preliminary analysis included a high-level review of the intersection location and the existing and forecasted conditions to understand if the location is a viable candidate for a change in traffic control.

Based on the preliminary analysis, the intersection meets many of the conditions that indicate that a change in traffic control may be needed and the location is appropriate based on its spacing to other intersections.

Preliminary Analysis Results

- The intersection of TH 65 and Cajima Street NE is located 3/4 miles north of the signalized intersection of TH 65 and Heritage Blvd (CSAH 5). The intersection location is in compliance with public street spacing and signal spacing on TH 65, according to MnDOT's Access Management Manual.
- Ten crashes were recorded at this intersection from 2013 to 2015. There were zero observed fatal & serious injury crashes over the time period.
- The intersection currently meets the MnMUTCD 4-hour warrant to consider a change in traffic control, but a signal is currently not justified by MnDOT based on 8-hour volumes.
- The intersection currently operates acceptably overall but the side-street left turns onto TH 65 operate at unacceptable levels (Level of Service F and average delay of greater than one minute per vehicle) during the AM and PM peak hours.
- The westbound left delay is anticipated to increase from below 90 seconds to over 1100 seconds per vehicle over the next 20 years with the current stop control in the AM and PM peak hours.

We met with MnDOT and they recommended completing an Intersection Control Evaluation (ICE) Report to verify the location suitability and determine the intersection improvements needed with detailed analysis and intersection concepts.

As stated in the previous Traffic Signal Justification Study Proposal, We proposed to complete the ICE for an hourly, not to exceed fee of $12,970.

The Finance Committee recommends approval of this proposal now that MnDOT has determined an ICE is warranted.

Please contact me at (612) 756-1032 if you have any questions or need additional information.

CITY OF ISANTI
PARKS, RECREATION, AND CULTURE BOARD
MEETING MINUTES
February 28, 2017
City Council Chambers

1. Meeting Opening.

A. Call to Order.
Zdon called the meeting to order at 6:00 p.m.

B. Pledge of Allegiance.
Everyone stood for the Pledge of Allegiance.

C. Roll Call.
Members Present: Jennifer Garvey, Mayor Wimmer, James Witte, and Aaron Zdon
Staff Present: Katie Everett, Community Events and Parks Coordinator

D. Agenda Modifications.
Zdon asked if there were any agenda modifications. There were none.

Motion by Wimmer, second by Garvey to approve the February 28, 2017 Parks, Recreation, and Culture Board Agenda. Motion was unanimously approved.

2. Approval of Minutes from January 24, 2017 Parks, Recreation and Culture Board Meeting.
Motion by Garvey. Second by Wimmer. Vote was unanimously approved.

3. Bench and Table Update
Everett stated that the board will talk more about this on the parks tour, but thought she would give a baseline of what we have to look at for Mattson and Isanti Hills. The memo attachment shows what we currently have; the price doesn't include freight, so depending on how many tables we get she would guess about $1000 per table. We have $5000 budgeted, so depending on if we decide we also want to get benches or whatever we decide to do, we have a little bit of room to get more than one table for each park. The aluminum benches at Mattson down by the tennis courts seem to be okay. There is an aluminum bench at Isanti Hills that is almost buried in the sand, and Everett said they have talked about that one before and it might just be a matter of moving that bench and it's really okay. We will evaluate those things more, but at least we have some prices to work from. For the most part, different vendors all kind of wash out with prices – some of the more expensive ones then have free shipping. Zdon confirmed that on the park tour we will firm this up. His current recommendation would be to stick with the same that we have, but we can look at it. Everett stated that it looks like some different vendors sell exactly the same table, too. Zdon stated that it also doesn't hurt to ask when we're ordering if we can get free shipping because the competitors do.

4. 2017 Parks Brochure Review
Everett stated that board members all have a color version updated this afternoon, and there are a couple of key things that have changed since the version they saw. Everett asked Mayor Wimmer if he would like to give the update. Wimmer stated that we are going to move the farmers' market from where it had been located because we aren't getting the numbers that we want from vendors or people going through, and the reason Council had decided to have it there was to bring people to the downtown area. We've gotten basically zero response from the businesses along there trying to take advantage of it, even as simple as leaving information at the City table that's there. So, in order to make sure we have a farmers

market that is viable long term, we're looking to move it out by the Isanti Liquor Store. We own the lot to the north. Wimmer has spoken with the manager there as well as Urban's Hardware, and it's very positive. If you look at the parking lot [at the liquor store], the open space to the north of that is also owned by the city. We'd put vendors there, customer parking would be at the liquor store parking. There may be some cross benefit there. Obviously we'll get a lot more traffic at the farmers market. Wimmer thinks it will make it a lot easier to get vendors. As we talked about it, it will take a little while, next year will be much better as they see the outcome from this year, but hopefully it'll get some more vendors in there. Everett has brought up vendor parking, which is something we'll have to figure out how we get that if we do end up with twenty/twenty-five vendors, we'll need places to put them. That's a great problem to have.

Wimmer stated that additionally we no longer have the Two Cities, One Community event. So we're going to take that, and on August 12th we'll take those activities and meld them in with the last Street Dance and that is also the car show spectacular event. So we'll have activities starting at 8:00 am running all the way through the end of the Street Dance at 11:00 pm. We're going to work with some other groups to get some volunteers to help out with that, as well as some possible internship type things for the summer. We'll have a lot of great events throughout that whole day. For those who have done the 5K or bike ride, the lot where it starts in Cambridge is actually owned by the state, so we'll work with them to use that lot for the event. It will be another great full day kind of thing, kind of like what they work during Rodeo/Jubilee days with stuff going all day. It will be a nice end of summer event. We don't have a name yet for it, but we're working on it, then we can cross market everything as well.

Mayor Wimmer also explained that the scavenger hunt will be the best part. It has morphed from a medallion hunt into a scavenger hunt, Everett has some good stuff put together. We are looking at announcing it at the June Street Dance or Jubilee Days so we have a number of weeks. The goal is to get everybody into all of our parks, to get them into other potential spots within the city that we want them to become accustomed with. The first 100 people that complete the scavenger hunt would get a prize and then they would be entered in a drawing for a grand prize. We're looking at starting with about $100 for a grand prize, but hopefully we can boost it up by then. Zdon asked if Park Board members can participate, Wimmer stated everyone can participate. Everett stated they could as long as they didn't write the clues. Everett stated the basic idea is that the clues are selected by parks or other places we want people to visit; you go to the place and answer a question that you can only answer by going there. Wimmer gave the example of looking for the number of bolts on a certain table at Legacy Park.

Zdon stated that he had a couple of things on the map in the brochure. First, number 6, Unity Park, is missing on the map image. The other is do we want to add a "13a" since we have a 13a box for the garden, the same way it's listed for 2, Bluebird Park. Everett stated that is a good idea. Everett stated that she did move the location of the farmers market over and added West Dual because it wasn't there before. Zdon said that will be cool because all those cars will be able to see it. Wimmer stated that the people coming into the store too, and John, the manager there, was excited about the idea. Wimmer stated that when he thought of the idea he wanted to make sure he talked to everybody. Garvey stated that business for the liquor store will benefit as well. Wimmer stated that they talked about the possibility of people buying things at the market and going to the liquor store to get something that will go with it. Longer term, Wimmer was also thinking that we can put together recipes with a shopping list.

Wimmer stated another update is with the Arts and Science Academy. We're making progress, but he is taking the position that Council will not approve changes to their CUP to allow more students until we see ground broken and they're working on that park component of the whole project.

Everett asked if there were any other changes to the brochure. She stated that the Last Chance Summer Dance section will change, but it's kind of a filler for the event. If we don't come up with a better name, it

will be Last Chance Summer Dance; Zdon stated it's not terrible. Everett stated that if there are events to go on the last page, to let her know. She found many that aren't happening anymore or don't have people to contact to verify when they are. Zdon stated that BMX will have a national in May as well.

Everett stated that otherwise, programs are pretty similar to last year. Movies are set. Street Dance bands changed since the last meeting. Wimmer explained that Hitchville stopped communicating. Everett explained that after we booked Devon Worley she got an email from Hitchville and they had been in Mexico for eleven days. Devon Worley Band is popular in this area, she usually had been up at Fire on the Rum and that kind of stuff, so it will be a good show for us too.

Everett stated that we do have some volunteers coming from Access Church for the Earth Day clean up, so if the members knew of any more volunteers to let her know and we could maybe get to some more parks that day too.

Wimmer asked what the numbers were for the last movie night. Everett stated that movie night with Heavenly Sunshine had 70 people, and it was that really nice day so we didn't know if anyone was going to come inside, so 70 was a great number for that day.

Everett explained that the brochure will hopefully get to the printers by the end of this week or early next week, so this will probably be the last time the board sees it before it's actually printed.

5. Tennis Court Research Update

Everett reminded the board that at the last meeting they talked about costs for the tennis courts. She dug back a little bit and couldn't find when the courts were initially installed, but back in 2003 they were completely reconstructed and that was a $62,000 project. Everett explained that she thinks if the courts are maintained properly, that may be a project that never really has to happen, though she's not positive. As far as resurfacing, 10-15 years seems pretty typical depending on location and weather conditions, annual crack filling, that kind of thing. We're kind of at that point, where it's typical that we'd have to do it again. She said she didn't know if this was something we wanted to look at for the 2018 budget. Wimmer stated that we have to, there's one crack that's getting pretty big. Zdon confirmed that we need to look at getting it done, but it's not in the budget so we can't do it now. But, if we can crack fill and stay on top of the weeds for now. Everett explained that the depths of the cracks at this point, we really can't fill, but we certainly can make sure there aren't weeds growing in them this year and making it worse, and keep them as playable as possible. Wimmer confirmed that we need to get something in the 2018 budget. Everett explained that she did look into the grant that Garvey had found and it wasn't as promising as we originally thought. It was for up to 10% of what you're doing, for us $1,400. At the time that we're looking to do it, she will see if we can get $1,400 to help, but it's not something that can cover our whole cost. Everett stated she'll make a note and we'll talk about it at budget time.

6. Parks Updates

Everett stated that some of these were covered in the brochure update so we'll skip through. She explained that March Movie Night will have New Hope Community Church volunteering and they're new to town so it will be cool to see some of those faces.

Skate park equipment – Everett directed the members to the picture that Zdon put together, and the attached picture showing where the water sits on the slab. What we need to decide is the general area where the equipment will be moved. As public works started looking at it, the composite boards underneath are cracked. In order to put it back together, the alternative is marine grade plywood. We should be able to replace it with what's budgeted and get some panels to replace the worst stuff this year. Anything we can't do, we'll get to early next year. That shouldn't be a major setback, but we may not be

able to get as many panels as we thought we would. Everett stated that it looks like what is on the picture from Zdon makes sense with where the water sits. Zdon stated that it's not there for water reasons, but it does work well with where the water sits also. It allows for future expansion. Zdon stated the only major input would be that currently to the north of the north-most obstacle, there's about 30-40 feet that's kind of wasted space. We want to have it maybe 10 feet off of the north side. Everett stated that there might be safety regulations on that, but she's not sure since it's cement anyway. Zdon pointed out that the south side right now only has about a foot. Everett asked if the orientation works. Zdon stated yes, with what we have, put everything where it is, but in the northwest corner. Everett asked if there was any preference from the west side of the slab how far over it goes. Zdon stated that the same, or maybe a little more over so there's space at the rail. He stated that when they get to that point he'd be glad to come out and look at it. Wimmer stated that when it's time, to go out there with public works to map out where stuff is and start marking it, that would be the best thing to do. Otherwise, we can have a 10 minute conversation now, but we'll just have to repeat it again. Zdon confirmed that for now, basically how it is now, a little further north, maybe a little farther east. There was discussion about where the water sits on the slab.

Everett stated that community garden reservations have started coming in. There are 18 ground plots reserved at this point, and a couple more people that were in last year have called but haven't had a chance to get in yet. Wimmer asked how many there are total. Everett stated there are 60 total and 3 raised beds. She did put in the mini grant application for 3 more, and included new hoses in that because there was some more money to play with. She did include on the garden layout that she didn't think it made sense to have the beds in the garden being weathered if they weren't being used, so at the point we get reservations for them, we'll install them. The School for all Seasons is excited to come back. Everett will be at their school next week for STEAM week, and they are going to try to do as many garden-related things over STEAM week as they can. She will give them a presentation on pollinators.

Everett explained that the future dog park is going to be a 2018 budget item. Going through the process, we'll need to get the lot surveyed so we know exactly where the fence can go so we don't end up on railroad property. Park board will be updated as all of that happens. Wimmer stated that it ties into one of the other things we're looking at in 2018. We're looking at doing something, most likely and addition, but possibly a stand alone, Public Works building. The two buildings that are just east of the BMX building are full of police ceased property, public works stuff, we have stuff at the water tower. Every free space we have, pretty much, has stuff jammed in it everywhere. What we're looking at is having a place that would be secure, and we had public works fenced in last year, so if it's police property they'll be able to get to what they need too. In a lot of the situations, to get to one thing you have to pull out three others, it's a mess. With this, we'd have dedicated space for the police department and public works, as well as having place for our squad cars. All of our squad cars sit outside because we have no place to park them inside. Those two buildings will be removed once this other building is up, so that will open the space up more. It kind of all ties together. Zdon stated that it's time, and those buildings have served their purpose. Wimmer stated that he thought one of them was from the old summer kitchen, but he's talked to the original land owners and they know that it'll be going too.

Everett stated that she also listed the new street dance dates.

Wimmer stated that we also got a park grant for River Bluff. Everett stated that we got another mini grant through Partners in Healthy Living to have Bolton and Menk make us trail maps similar to what we have at Legacy for River Bluff. That grant has been accepted by council and we've seen the first draft of that, and it looks good. Wimmer stated that we'll update the Legacy one as well. And the barrier went up today. We'll put signs up. Obviously, if someone wanted to drive around they could, but with those signs if they do it they'll be immediately ticketed because now we can enforce it. Everett stated that there's a gap between the gates, so hopefully it's obvious that you can walk back there still. Wimmer stated that hopefully this will cut down on some of the nonsense that's been happening. Garvey stated that it's gone

down significantly, and Wimmer confirmed that they've picked up a few people and gotten a couple of vehicles.

Subject: 2017 Technology Budget Purchases

Background:
City Administrator and HR/City Clerk had an opportunity to review the technology budget balance for 2017 with Gayle Bauman, Interim Finance Director. It was determined that the remaining balance of the 2017 budget is $10,881.27. Based on this amount, staff was able to calculate which items will be purchased within the budget this year.

$6,000 – Estimated amount of Large Printer
(Reducing costs of paying Bolton & Menk to print Larger items for us)
$1,300 – Laptop, Docking Station, Mouse, Microsoft Suite Software & 3 Yr. Warranty
(Replacement Computer for extra 'Check Out' Computer)
$400 – Replacement of Brother Color Printer

$1,060 – Adobe Software (4 licenses/8 Users)

$399 – Adobe Pro Software (1 license/2 Users)

$849 – Remaining Unbudgeted balance of Firewall protection

$10,008.00

The remaining balance in the technology budget will be approximately $873.27 assuming all above items are paid for at the estimated cost.

Recommendation:
The Finance Committee has reviewed the proposed purchases within the allotted budget and recommends the approval.

MEMO

To: **Mayor Wimmer and City Council Members**

From: Sean M. Sullivan, Economic Development Director

Date: April 4, 2017

Subject: Consider Adoption of Resolution 2017-___ Authorizing Staff to Seek Help with Economic Development / Activities through Providing a Paid Intern Opportunity and Accepting a $1,000 Scholarship from the Minnesota Economic Development Foundation

---

Background:

Staff is requesting that the City Council authorize a part time Economic Development Marketing Intern position for the summer of 2017. Staff has been working on marketing initiatives for 2017 and beyond. In 2017, Staff would like to create some new marketing materials including: Maps, two-sided one page brochures, updates to welcome brochure utilizing In Design, and enhancements to the ED webpage. In addition, an intern would assist in business retention and expansion efforts by assisting with updating of business list and incorporating the updates into the website business list. Support for EDA events such as the Mayor Employer Celebration Day on June 6 and other Community Events.

Budgeting:

The 2017 EDA budget included $4000 for the Spring/Summer intern. It was anticipated that the intern would start sooner this year but that does not match well with the college schedule. Staff applied for and was awarded a $1000 scholarship from the Minnesota Economic Development Foundation to with costs. This would allow for $5000 to be spent on an intern if desired. Personnel Committee reviewed this item and recommends that the Summer intern be hired for 18 weeks – 25 Hrs/week @ 10.00 per hour totaling $4,500. The Committee also approved the attached posting and job description.

City Council Action Requested:

Adoption of Resolution 2017-____ A Resolution Authorizing Staff to Seek Help with Economic Development / Activities through Providing a Paid Intern Opportunity and Accepting a $1,000 Scholarship from the Minnesota Economic Development Foundation

Attachments:

1) Resolution 2017-____ A Resolution Authorizing Staff to Seek Help with Economic Development / Activities through Providing a Paid Intern Opportunity and Accepting a $1,000 Scholarship from the Minnesota Economic Development Foundation

RESOLUTION NO. 2017-____

RESOLUTION AUTHORIZING STAFF TO SEEK HELP WITH ECONOMIC DEVELOPMENT / MARKETING ACTIVITIES THROUGH PROVIDING A PAID INTERNSHIP OPPORTUNITY AND ACCEPTING A $1,000 SCHOLARSHIP FROM THE MINNESOTA ECONOMIC DEVELOPMENT FOUNDATION

WHEREAS, through City Council direction Staff has been tasked with the creation and updating of city marketing materials, updating and implementing the city marketing plan and sustaining economic development efforts; and,

WHEREAS, Staff as part of its future staffing plan has requested assistance in the creation and updating of city marketing materials, updating and implementing the city marketing plan and sustaining economic development; and,

WHEREAS, the Personnel Committee has reviewed the request and recommends that an Economic Development / Marketing Intern be hired to assist the Economic Development Director and that this position be funded from the EDA 495 Marketing Fund in an amount not to exceed $4,500; and,

WHEREAS, Economic Development Director Sullivan applied to the Minnesota Economic Development Foundation for a $1,000 matching intern scholarship, and was awarded a scholarship for the purposes of hiring an Economic Development / Marketing Intern.

NOW THEREFORE BE IT RESOLVED BY THE CITY COUNCIL OF THE CITY OF ISANTI, MINNESOTA AS FOLLOWS:

1. Human Resources and the Economic Development Director are hereby directed to advertise to fill an Economic Development / Marketing Internship.
2. Intern funded through EDA 495 marketing budget in an amount not to exceed $4,500.
3. Approval of the job description for the Economic Development / Marketing Intern attached hereto as 'Exhibit A'.
4. Acceptance of $1,000 Scholarship from Minnesota Economic Development Foundation.
5. The Economic Development Marketing Intern rate of pay will be $10.00 / hour.

3. Sand Removal Update at Isanti Hills and Mattson Parks

Everett stated that this was one of the last remnants of the prioritized list from 2015. Park Board had noticed the areas that had sand were getting sand burs, so our plan is to replace the remaining sand with wood chips, which is what we have everywhere else. A couple of things for the board to note: at Mattson Park, we measured (and swing zones have a ridiculous fall zone around them), so the swing set that's closest to the sidewalk right now is not in compliance. When the woodchips go in, they'll go pretty much up to the sidewalk to make sure we have the correct distance back from the swings. Otherwise, we're just doing the fall distances around any of the equipment with wood chips. There's kind of an awkward space between the two swing sets at Mattson that's sand, that will be grass so we're not paying to put woodchips in the middle of nowhere. The pictures are rough estimates, Everett stated she didn't measure on them, but wanted to give the board an idea. Staff looked at costs for getting more of the play curbing, and long term it's looking like a cement strip, similar to what we have at Bluebird, is going to be more maintenance efficient, if nothing else. We have noticed in a few different places that the play curb is warping. The playground rep said he's never heard of that happening before and didn't have a solution for it, and wasn't willing to replace any of it. For now, this new stuff we'll plan on doing a concrete curb. The ones out at Bluebird are a little fancier, these ones will just be a strip of concrete to keep the woodchips where they need to be.

We'll do some final measurements at Isanti Hills before all of that happens. We are going to keep just kind of a sand box so we can keep the diggers out there. The digging equipment we have needs to be replaced. It's something we'll look at the end of this year to see if we have it in the budget. They're about $900 a piece, before freight and all the other things they charge us for. There are two different kinds, one has a seat and one doesn't, so one can be accessible. We'll make sure we get one of each. Towards the

middle of this year, if it doesn't look like we'll be able to get them, we'll budget for them next year. In the meantime, Public Works will tighten them up the best they can; the handles just get really wobbly on them. Then extra area that isn't in a fall zone and isn't the sand will become grass. That one is kind of a unique situation because the playground isn't dug in. So when you go out to Isanti Hills, we have that raised wood and then the playground is a step up. We may have to get a little creative with how that part is curbed to make sure we have the depth of woodchips that we need. Public Works has lots of creative people on staff, so we'll make sure that happens, and all of the footings are as deep as they need to be.

4. Parks and Program Updates

Everett stated that we did not get a very big turnout for New Hope Church. When the youth director was there, Everett asked how many kids they have in their program and he told her 100. They had 4 or 5 kids there volunteering and hadn't told anyone else. It was also spring break and it was nice outside and St. Patrick's Day. The last one is the Girl Scouts and the Little Prince. The Girl Scouts have never volunteered before, but seem very excited about it. They have also told Everett they're interested in participating in Earth Day.

The Cultivate Wellness sponsorship program, which combines opportunities to sponsor the community garden and the farmers' market, has been sent out. Everett worked with Economic Development to send it to more people this year that may be interested in town. They were given until May 1st, so they have some time. The Street Dance sponsorships are a separate program. Coborn's was very excited to get involved with that this year. Everett also sent them the Cultivate Wellness one, and they forwarded to the dietician to see if she had some interest in getting involved with it. Their dietician did attend the Two Cities event last year. Otherwise, the Street Dance sponsorships have the regular people back and then adding on Coborn's is great. Everett is meeting with Allina at the end of this week to talk about all kinds of ways we can get them involved now that their clinic is open. The Princeton Zimmerman farmers' market has a cool partnership with the Fairview over there. Doctors basically prescribe farmers' markets, and then patients come and have a $2 coin they can spend there.

Wimmer stated that on a side note, someone will need to talk to Allina about their ribbon cutting because they're expecting 300+ people. We'll probably need a special event permit because they'll have people parking everywhere. Everett asked if he knew when it was; Wimmer stated the 6th of May. Zdon stated that is also City Wide Garage Sale. Everett stated she got a call from Harvest Church and they are interested in getting involved with the City Wide Garage Sale too, so lots of stuff will be happening that day. Wimmer stated that we don't actually do the City Wide Garage Sale. Everett confirmed, but stated that people just call the City because it's the only place they see information.

Everett stated that in other events, she also attended the Master Gardeners' Burst into Spring event. We just attend with a table and all of our City information and talk with Master Gardeners between classes and then all the people who attend the event. She pushed the Farmers' Market this year and let everyone know we're moving. It's a good place to connect with people who are interested in those kinds of things that we're doing. We've been to that a few years now.

Earth Day Clean Up is coming up. Everett stated she was at Legacy today and the trash is not that bad. If the groups, like Access Church and the Girl Scouts, do want to come, she thinks we can probably tap on some other parks too and get everything looking really good.

Signs are coming for the farmers' market especially. Additionally, in the park sign plan, Public Services Director Wood noticed that the Bike/Walk trail sign down on the far end is looking pretty rough. Everett will look into getting that made too. She's not sure if we'll want to match those signs with what's going in at the other parks, in which case we might want to do both. We can look at those and see what we've got budgeted.

The farmers' market location stuff is pretty much set. Public Works has some good ideas for helping us get on and off the grass with vendor trucks and that kind of stuff. Community Development Director Achman buttoned up the Interim Use Permit before her last day, so that will go to council on the 4th. Then it's just getting the word out and getting people there. Everett stated she was just talking with staff about potentially getting a snapchat filter for the farmers' market, so that could be really fun. She will look into the details, some of those you have to pay for, some you don't, but she's just looking at other ways to market to people, and have people share all of that stuff. Wimmer stated that we should get something at the liquor store so people know. Everett stated she asked the sign company she's been working with to quote a post and panel sign, which is similar to what is at the community center but with metal posts, and it was about $3,000. So that is not what we'll do, but we are planning on having something there so people always know it's there. Wimmer stated we need to fix the downtown one too. Everett confirmed that we do, and that one we will be able to just remove stickers, so it shouldn't be too horrible to get it fixed.

Arts and Science Academy stuff is moving along. That also will be going to Council on the 4th. Basically, our agreement is going to be that during school days, they will have exclusive use of the playground and soccer field, and the rest of the park will be open for the public to use. All of the park will be available for the public to use during the rest of park hours. They'll also be helping with maintenance costs. Zdon asked if there's a timeline on that project. Everett stated that's a more interesting question than he knew. Zdon stated that then there's no concrete timeline. Wimmer stated that there is not, but they won't be able to expand unless they start getting this thing done. Everett stated that they would like sooner rather than later. Garvey asked if we have thought about putting a sign up at that location. Everett stated that it's part of the agreement as well. It states that we'll put up a sign that conveys what the agreement is. So, if somebody shows up from the daycare and wants to use the playground, it will be posted that it's for the school's use at that time.

Everett stated that next month is the annual parks tour. We will plan to meet here and leave from here. So far, priorities are to look at benches and tables at Mattson and Isanti Hills, and then signs especially at Bluebird. Wimmer stated to tell the Public Services Director that he wants the bridge in.

Wimmer stated that we had a meeting with BMX last week. It went okay, we're getting set up for the national coming up.

Garvey asked if Everett knew when the skate park equipment is getting moved. Everett stated that it will be soon, and the panels shipped on Monday she thought. Once we have all of the pieces that will begin. Wimmer added we'll move and repair; Zdon confirmed that those will happen simultaneously. Garvey asked if we have a way to get it out to the public that from this date to this date the skateboard equipment is going to be moved or unavailable. Even if it's a laminated sign on the equipment. Everett stated that she does have some signs for when they start working that will say it's closed for construction, but we can definitely put a post on the website explaining what's happening too. Garvey stated it may get one or two people's questions answered instead of having to call City Hall. At least it's a due diligence to notify the public about it.

EMPLOYMENT AGREEMENT

THIS AGREEMENT made and entered into on April 18, 2017 by and between the City of Isanti, Minnesota, a municipal corporation, herein called EMPLOYER, and Michael Betker, herein called EMPLOYEE. This Agreement shall become effective on the EMPLOYEE'S first day of employment of June 5, 2017.

EMPLOYER desires to employ the services of Michael Betker as Finance Director for the City of Isanti as provided by applicable Minnesota law and applicable ordinances of the City of Isanti, Minnesota.

It is the desire of the EMPLOYER to employ the EMPLOYEE and it is the EMPLOYEE's desire to accept employment from the EMPLOYER on the terms and conditions as set forth herein.

NOW THEREFORE IN CONSIDERATION OF THE MUTUAL COVENANTS HEREIN CONTAINED, THE EMPLOYER AND EMPLOYEE AGREE AS FOLLOWS:

1. Duties. As authorized pursuant to the provisions of Minnesota Statutes Section §412.111, the EMPLOYER hereby agrees to employ EMPLOYEE as Finance Director of the City of Isanti to perform the functions and duties as specified in the job description for the position of Finance Director of the City of Isanti, as approved by the City Council, and as the same may be amended from time to time.

2. Term. The EMPLOYEE's employment shall be for an indefinite term at the will of the EMPLOYER. The terms of this contract shall be applicable from June 5, 2017 and until termination of the employment relationship, or until amended by a subsequent agreement approved by action of the City Council of the City of Isanti and signed by both EMPLOYER and EMPLOYEE.

3. Employment at Will. The EMPLOYEE is employed at the will of the EMPLOYER, and therefore may be terminated at any time with or without cause upon, except as hereinafter provided, not less than 30 days' written notice from EMPLOYER to EMPLOYEE. EMPLOYER may however, in EMPLOYER's sole discretion, terminate the EMPLOYEE immediately and without any prior notice for misconduct, defined as follows:

A. Conduct by the EMPLOYEE resulting in criminal charges against the EMPLOYEE (except for petty misdemeanor traffic violations); or

B. EMPLOYEE's refusal to obey a lawful directive of EMPLOYER; or

C. Acts by the EMPLOYEE intended to cause injury to the EMPLOYER.

The EMPLOYEE may terminate his employment with not less than 30 days written notice from EMPLOYEE to EMPLOYER. Failure of the EMPLOYEE to provide the EMPLOYER with 30 days written notice shall result in a forfeiture by EMPLOYEE of any separation benefits including, but not limited to, payout of any accruals otherwise paid out at separation in accordance with EMPLOYER's personnel policies.

4. Salary. EMPLOYER agrees to pay EMPLOYEE for services rendered pursuant to this contract wages calculated on an annual base salary of $86,591.73 payable in installments at the same time as other payroll employees of the EMPLOYER are paid. In the event a cost of living adjustment is approved by the EMPLOYER in 2017 for the salary for this position, the annual base salary shall be increased to include that adjustment. Subsequent annual salary increases shall be based on a successful annual performance review and approval of any cost of living salary adjustment by the City Council.

5. Vacation, Sick Leave and Insurance Benefits. The EMPLOYEE shall be entitled to earn vacation at an accrual rate equivalent to 12 days per year, with any additional adjustment based on years of services as prescribed by the EMPLOYER's personnel policy. Employee shall also receive administrative leave days as prescribed by the EMPLOYER's personnel policy.

Sick leave shall be provided as prescribed by the EMPLOYER's personnel policy. Insurance and other employee benefits shall be provides as prescribed by the EMPLOYER's personnel policy.

6. Performance Appraisal. The City Administrator, or in absence of the City Administrator, the Mayor and Council shall review and evaluate the performance of EMPLOYEE at least once annually, preferably prior to November 1st of each year. Following completion of each such performance appraisal the EMPLOYEE shall be given a summary thereof. In the first year of employment the EMPLOYEE shall be subject to a probationary performance review after six months of employment as per the EMPLOYER's personnel policy.

7. Retirement Benefits. The EMPLOYEE shall be entitled to participate in the accrual of retirement benefit contributions as prescribed for public employees under PERA, and/or under any other retirement program, if any, which may now or hereafter be available pursuant to and consistent with any applicable state or federal laws and EMPLOYER's personnel policy.

8. Moving expenses. Should the employee, at EMPLOYEE's choice, relocate to the City of Isanti, the EMPLOYER shall reimburse the EMPLOYEE up to $2,000 for all reasonable and necessary moving expenses. EMPLOYEE shall provide satisfactory documentation of said expenses to EMPLOYER for approval and reimbursement. If

EMPLOYEE leaves employment prior to 24 months of employment, EMPLOYEE will reimburse EMPLOYER a pro-rated amount dependent on the number of months in the position.

9. Personnel Policy. Except where specifically abridged or modified by this Agreement, the EMPLOYEE shall be subject to all terms and provisions of the EMPLOYER's personnel policies as set forth in the EMPLOYER's personnel policy manual. If any provision of this manual conflicts with a provision in this contract, then the contractual provision shall prevail.

10. Professional Development. The EMPLOYER agrees, subject to annual budget approval and subject to preauthorization of the City Administrator and/or City Council, to pay all necessary and reasonable expenses of EMPLOYEE for short courses, institutes and seminars that are, in the opinion of both EMPLOYER and EMPLOYEE necessary for professional development of EMPLOYEE. EMPLOYER shall pay for EMPLOYEE's attendance at the MnGFOA annual conference. The EMPLOYER will pay costs for training fees, travel and lodging, and meals, as per the EMPLOYER's personnel policy manual. The EMPLOYER shall pay for publications for the EMPLOYEE to assist in performance of their job duties. Such publications shall be approved by the EMPLOYER.

11. Professional Membership. During the term of employment, EMPLOYER will pay EMPLOYEE's annual regular membership dues for EMPLOYEE's ongoing membership in the MnGFOA, and National GFOA as the same become due and payable.

12. Severability. Should any provision of this agreement be held unlawful by a Court of competent jurisdiction; all other provisions of this agreement shall remain in force for the duration of the agreement.

13. Notices. Notices pursuant to this agreement shall be given by deposit in the custody of the United States Postal Service, postage prepaid, and addressed as follows:

EMPLOYMENT AGREEMENT

THIS AGREEMENT made and entered into on April 18, 2017 by and between the City of Isanti, Minnesota, a municipal corporation, herein called EMPLOYER, and Ryan J. Kernosky, herein called EMPLOYEE. This Agreement shall become effective EMPLOYEE'S first day of employment of May 30, 2017.

EMPLOYER desires to employ the services of Ryan J. Kernosky as Community Development Director for the City of Isanti as provided by applicable Minnesota law and applicable ordinances of the City of Isanti, Minnesota.

It is the desire of the EMPLOYER to employ the EMPLOYEE and it is the EMPLOYEE's desire to accept employment from the EMPLOYER on the terms and conditions as set forth herein.

NOW THEREFORE IN CONSIDERATION OF THE MUTUAL COVENANTS HEREIN CONTAINED, THE EMPLOYER AND EMPLOYEE AGREE AS FOLLOWS:

1. Duties. As authorized pursuant to the provisions of Minnesota Statutes Section §412.111, the EMPLOYER hereby agrees to employ EMPLOYEE as Community Development Director of the City of Isanti to perform the functions and duties as specified in the job description for the Community Development Director of the City of Isanti, as approved by the City Council, and as the same may be amended from time to time.

2. Term. The EMPLOYEE's employment shall be for an indefinite term at the will of the EMPLOYER. The terms of this contract shall be applicable from May 30, 2017 and until termination of the employment relationship, or until amended by

Motion by Lundeen, second by Collison to approve. Motion carried unanimously.

G. Citizens Input

Commissioner Mike Warring, Business Owner, addressed the Mayor and Council. He expressed his appreciation and thanked Chief Hill and the Police Department for the quick response during a medical emergency with one of the Seniors at his establishment. They took control of the situation and did CPR. Warring stated that they did a wonderful job.

Chief Hill addressed the Council stating that it was a group effort with the Fire Department. Chief Hill, Deputy Sgt. Chad Meyer, Officer Adam Gau, Investigator Dustin Noreen, and Officer Dan Vandenheuvel were all there. The situation was that an individual went down, they were found to be pulseless, CPR was conducted, and they were able to bring him back. The individual was alive when they left Cambridge Medical Center, and was later flown to Abbott Northwestern Hospital, where he currently is. Chief Hill is pleased to state that the individual is still with us.

I. Council Committee Reports

Mayor explained why the item to discuss a Conditional Use Permit for the Retreat Center was taken off the agenda. The Mayor and Economic Development Director Sean Sullivan met with the individuals today and they discussed a number of things. The applicants of the retreat center have withdrawn their application to the Isanti County. They are going to move forward with annexing another large chunk of property into the City of Isanti. Those projects will all go together which is why it was taken off the agenda.

Mayor Wimmer indicated he was disappointed with the Bike Isanti County process, which is to put together a comprehensive trail plan for the County. One of the items we were looking as the City was for was an East-West connection and Cambridge had been looking for a North-South connection. The group got the plans back and Cambridge ended up with a North-South and an East-West connection. The Mayor stated that we will still be looking into getting some help to get Isanti connected to North Branch so we can connect into the Sunrise Trail which is already part of the main Route 41 from the Twin Cities all the way up to Grand Portage.

The Mayor explained he, along with City Staff, met with the architects for the school. They are looking at some expansions with some of the schools, specifically over at the Primary school dealing with preschool and Community Ed. Their preschool program is "busting at the seams", they are having to turn away kids each year. The School District is looking at ways to expand and the City shared some of the concerns with what they were basing their enrollment model on. The Mayor stated that we wanted to take a look at their numbers. The other concern was that the Primary School and how it is currently accessed is already a debacle, and what the expansion plans could do to that. There will be more discussions, as this is a long-term thing. Mayor Wimmer said he was not sure how far along the school is in the process, and we are trying to minimize any impact to the City.

J. Public Hearings

K. Business Items

1. ~~Discussion Regarding Conditional Use Permit to Operate Retreat Center~~ (Item was removed from the agenda)
1. **Resolution 2017-095 Approving a Special Event Permit Request for Celebrate Isanti on August 12, 2017**

Motion by Lundeen, second by Bergley to approve Resolution 2017-095 as presented. Motion carried unanimously.

2. **Resolution 2017-096 Authorizing Consumption & Display Permit for Brushes & Boards**

Councilmember Lorinser requested clarification and asked if the customers would bring their own beverages? Owner Stacy Upton, 401 Dual Boulevard in Dual Square Mall, explained her request to the Council. Brushes and Boards is an instructor lead workshop in which customers paint their selected design onto wooden signs. The request for the Consumption & Display permit is so that

individuals can bring their own adult beverages with them when they attend the class. She stated many workshops like this in the Twin Cities allow wine or beer. The Mayor concurred with Ms. Upton that many similar businesses, for example wine and canvass, offer this option.

Motion by Collison, second by Bergley to approve Resolution 2017-096 as presented. Motion carried unanimously.

3. **Resolution 2017-097 to Approve a Conveyance Agreement with a supplemental Use and Maintenance Agreement between the City of Isanti and CSDCPC ASA, LLC for the property legally described as Lot 2, Block 1, Fairway Greens, Isanti County, Isanti, Minnesota**

Motion by Lorinser, second by Lundeen to approve Resolution 2017-097 as presented. Motion carried unanimously.

4. **Resolution 2017-098 Approving the Site Plan for a Park and Open Space Area on the property legally described as Lots 2 & 3, Block 1, Fairway Greens, as requested by CSDCPC ASA LLC**

Motion by Lundeen, second by Bergley to approve Resolution 2017-098 as presented. Motion carried unanimously.

5. **Resolution 2017-099 Approving the Final Plat of Fairway Greens Phase 10 as requested by CSDCPC ASA LLC, legally described as Lots 2 & 3, Block 1, Fairway Greens, Isanti County, Isanti, Minnesota**

Motion by Lundeen, second by Bergley to approve Resolution 2017-099 as presented. Motion carried unanimously.

6. **Ordinance 671 Approving a Map Amendment to Lot 3, Block 1, Fairway Greens, to Rezone from "H65" Highway 65 Corridor Overlay District to "POS" Parks and Open Space Overlay District**

Motion by Lorinser, second by Collison to approve Ordinance 671 as presented. Motion carried unanimously.

7. **Resolution 2017-100 Approving an Interim Use Permit to allow for a Farmer's Market on the property located at 400 West Dual Boulevard NE as requested by the City of Isanti**

Motion by Bergley, second by Lundeen to approve Resolution 2017-100 as presented. Motion carried unanimously.

8. **Ordinance 672 Amending Ordinance No. 445 Zoning, Section 10, Article 1 "RC" Recreational Commercial District**

Motion by Lorinser, second by Collison to approve Ordinance 672 as presented. Motion carried unanimously.

9. **Resolution 2017-101 Approving Acceptance of Grant from Partners in Healthy Living for Additional Community Garden Equipment**

Motion by Collison, second by Lundeen to approve Resolution 2017-101 as presented. Motion carried unanimously.

10. **Resolution 2017-102 Authorizing Isanti Bucks and City Promotional Bag Marketing Program**
Mayor Wimmer explained that the City has run into a little "hitch". The City cannot directly run the Isanti Bucks program. The Mayor has been having discussions with another organization to see if they would run this program through them which by Statute is allowed. We would like to move forward with the City putting the program together, as well as the City Promotional Bag Marketing Program. There are two important components to the Isanti Bucks program outside of getting the

retail establishments to buy into it. The first is to try to raise awareness of the different business in the City and the second is for the businesses to feel the impact of that awareness.

Motion by Lorinser, second by Collison to approve Resolution 2017-102 as presented. Motion carried unanimously.

11. **Resolution 2017-103 2017 Palomino Road SE Improvements – Pedestrian Alternatives –** The two alternatives brought to the Council were a ten-foot path or a five-foot sidewalk. City Engineer Brad DeWolf explained that the location of the power poles need a two-foot clear zone from the back of the curb. If we do a five foot walk with a small boulevard, the poles can stay out towards the street which allows for less tree removal and less tree trimming over time. A ten-foot path would require the poles to be twelve feet back. The Mayor pointed out the ten-foot trail would require the loss of eight trees and more significant trimming. The five-foot sidewalk would only require the loss of three trees. The five-foot concrete sidewalk was found to have the least impact, and the best option.

Motion by Collison, second by Lorinser to approve the five-foot concrete sidewalk. Motion carried unanimously.

12. **Resolution 2017-104 Preliminary Analysis Results: TH 65 at Cajima Street NE Intersection Analysis**
City Engineer DeWolf explained this was a two-part proposal. Bolton & Menk was to do the traffic counts first, meet with MN DOT and make sure they were favorable before we went into a full study. The counts do reflect a four-hour warrant. There have been ten crashes at the intersection from the year 2013 through 2015. The delays on the side streets become unacceptable at peak hour times. With that data, they met with MN DOT and they recommend to the City to move forward if the City wants to look at putting in a signal or a different configuration of the intersection.

Motion by Lundeen, second by Bergley to move forward to the next step to conduct a full study. Motion carried unanimously.

L. Approve Consent Agenda

1. Consider Accounts Payable in the Amount of $154,868.69 and Payroll in the Amount of $95,802.39 and First Quarter Payroll for Council Boards/Commissions in the Amount of $11,512.38

Request for City Council Action

To: Mayor Wimmer
Members of the City Council

From: Katie Everett
Community Events & Parks Coordinator

Date: April 18, 2017

Subject: Resolution Approving a Special Event Permit Application for the 2017 Land O Lakes National Event

---

Background

Rum River BMX Association group will be hosting the Land O Lakes National Event on May 11th from 3:00 to 10:00 pm, May 12th from 9:00 am – 9:00 pm, May 13th from 8:00 am to 6:00 pm, and May 14 from 6:00 am to 3:00 pm. The estimated number of individuals in attendance is 5,000 – 9,000 total over four days. The Association is requesting that overnight camping be allowed from Thursday night through Monday morning, and expect about 200 people to camp. Parking for the event will take place on the grass to the south and east of the Isanti Indoor Arena and at the south Bluebird Park lot. Rum River BMX Association will be responsible for any damages to grass as a result of this event.

The Association is requesting that Isanti Parkway be closed in front of the arena on Saturday and Sunday of the event. In order to provide adequate notice to drivers, barricades will be placed at the intersections of Isanti Parkway and 3rd Avenue and Isanti Parkway and East Dual Boulevard. These barricades will be provided by Isanti Public Works, but it will be the responsibility of Rum River BMX Association to position them during the event. The compost site will remain accessible from 12:00 to 5:00 pm on Sunday, May 14; the compost site attendant will place signs on the barricades indicating this.

Restroom facilities will be provided by the Association for the event through Absolute Portables. The Association will be responsible for upkeep of all restroom facilities over the course of the event, including those on the south end of the Isanti Indoor Arena. The Association will be responsible for clean-up of the outside areas; the $100 clean up deposit is on file, and should Public Works need to clean the grounds for any reason, this check may be cashed. The standard public addressing system will be used throughout the event.

An exempt gambling permit has been filed in conjunction with the special event permit application and is being processed through the City Clerk's office.

Special Event Permit application materials, including an event map, have been included for Council review.

Staff Request

City staff are requesting City Council's approval of the Special Event Permit application for the 2017 Land O Lakes National BMX event.

RESOLUTION NO. 2017-XXX

RESOLUTION APPROVING A SPECIAL EVENT PERMIT APPLICATION FOR THE 2017 LAND O LAKES NATIONAL EVENT

WHEREAS, Andy Strom, on behalf of the Rum River BMX Association, has submitted a Special Event application requesting a permit to host the Land O Lakes Nationals event at the Isanti Indoor Arena; and,

WHEREAS, the event is scheduled to take place Thursday, May 11 from 3:00-10:00pm; Friday, May 12, 9:00am-9:00pm; Saturday, May 13, 8:00am-6:00pm, and Sunday, May 14, 6:00am-3:00pm.

WHEREAS, the estimated number of people to be in attendance over that time period is 5,000-9,000; and,

WHEREAS, the applicant will be required to provide additional restrooms for the event and will be bringing in 14 units from Absolute Portables; and,

WHEREAS, parking for the event will take place at the south Bluebird Park lot and the grass to the south and east of the Isanti Indoor Arena. The main lot at the Isanti Indoor Arena will be reserved as the pit area, and camping will occur to the south on the grass from Thursday night through Monday morning; and,

WHEREAS, the application submittal does require a $100 clean-up deposit fee, which is on file with the City of Isanti; and,

WHEREAS, the applicant has requested that Isanti Parkway be closed in front of the facility on Saturday and Sunday of the event. Public Works may provide barricades and detour signs, but it is the responsibility of the association to put them out each day, and the compost site will remain accessible when it is open on Sunday; and,

WHEREAS, the applicant has indicated that a large tent may be placed over the tar pad east of the building. In the event that this does occur, Rum River BMX will be responsible for calling in locates prior to any stakes being used and will be responsible for any damages resulting from the tent stakes; and,

WHEREAS, the applicant has indicated that additional bleachers may be brought in for the event; if the association does elect to do this, proof of state safety inspections must be provided to the City of Isanti; and,

WHEREAS, the applicant has also filed an exempt gambling permit for the event which is being processed separately through the City Clerk's office;

NOW, THEREFORE, IT IS HEREBY RESOLVED by the City Council of the City Of Isanti, Minnesota to hereby approve the special event request with the following conditions:

- Camping is permitted only on the Isanti Indoor Arena and former Vision Wake grounds, provided no fires are allowed.
- Rum River BMX will be responsible for repairing any damage to grass due to parking, camping, or other event activities.
- The requested road closure is permitted with barricades and detour signs provided by Public Works and placed by Rum River BMX from 8:00 am to 5:00 pm on Saturday and 6:00 am to 3:00 pm on Sunday.
- Rum River BMX Association will be responsible for the upkeep of all restroom facilities, including those at the south end of the building, for the duration of the event.

AND FURTHERMORE, IT IS HEREBY RESOLVED by the City Council of the City of Isanti, Minnesota that this Resolution is hereby the "Permit" for the above stated Special Event.

This resolution was duly adopted by the Isanti City Council this 18th day of April 2017.

Subject: Resolution Approving a Special Event Application for the Isanti Allina Health Clinic Grand Opening

---

Background

The City received a special event application from Kathy Bishop for the Isanti Allina Health Clinic Grand Opening on Saturday, May 6th from 10:00 am – 1:00 pm. The event will include clinic tours, food and beverage tent, and activities/games.

The organizer has stated that event activities will take place at the Isanti Allina Health Clinic. Anticipated attendance is 300. The organizer has stated that parking will occur in the clinic parking lot and along the streets as needed.

A portable speaker system will be used for the ribbon cutting and music in the tent. The organizer's staff will be cleaning up after the event; the organizer has noted that the tent will be taken down on Monday. The required deposit fee of $100 has been submitted.

A copy of the application, site map, and departmental review has been attached for City Council review.

Request for City Council Action

To: Mayor Wimmer and City Council Members

From: Sean M. Sullivan, Economic Development Director

Date: April 18, 2017

Subject: **Consider Resolution Authorizing Purchase of City Promotional Bags**

Background:

Collaboration and cooperation between the City of Isanti and business community is important to our success. The City of Isanti is home to events that provide opportunities for businesses to market themselves to residents and visitors. In an effort to increase collaboration and to improve commerce a City Promotional Bag is being considered. This concept has been discussed in the past and staff was directed to further research it and to look into setting up a program. The goal would be to work with businesses to obtain marketing materials to put in a bag that would be distributed at various events. Staff obtained quotes from 3 vendors for an Isanti Blue 13x13x5 city logoed bag and they are as follows:

Vendor	Product	Units	Cost	Setup	Shipping	Discount	Total
Promo Direct	13x13x5 Abe Celebration Tote w/City logo	1000	$ 1,440.00	$ 55.00	$ 189.50	$ (149.50)	$ 1,535.00
Leader Promos	13x13x5 Abe Celebration Tote w/City logo	1000	$ 1,360.00	$ 50.00	$ 184.50	$ -	$ 1,594.50
4 Imprint	13x13x5 Abe Celebration Tote w/City logo	1000	$ 1,550.00	$ 40.00	$ 91.80	$ -	$ 1,681.80

Staff contemplates that this program would be funded by the EDA through reallocation of funds as discussed at the April 4, 2017 City Council Meeting.

Potential Funding Source:

EDA Marketing 495. This is not a budgeted item but the City Council can amend the budget to allow for this expense which would include allocation of $1,535.00 to the EDA for these purposes.

City Council Action Requested:

Consider adoption of Resolution 2017- _____ Authorization to Purchase City Promotional Bags

Attachment:

1) Resolution 2017- _____ Authorization to Purchase City Promotional Bags

RESOLUTION 2017-___

AUTHORIZATION TO PURCHASE CITY PROMOTIONAL BAGS

WHEREAS, collaboration and cooperation between the City of Isanti and its businesses has a positive impact on the business climate for the city; and

WHEREAS, creating incentive programs that increase commerce in the city limits of Isanti are beneficial to the success of businesses and the community; and

WHEREAS, a City Promotional Bag marketing program would be funded and operated by the City of Isanti Economic Development Authority; and

WHEREAS, Staff has received quotes from three vendors for 13 X 13 X 5 Abe Celebration Tote Bags with a City of Isanti Logo imprinted on it; and

WHEREAS, the lowest quote of $1535.00 attached hereto was provided by Promo Direct and their quote meets the requirements of the bag type and delivery date.

NOW, THEREFORE, IT IS HEREBY RESOLVED by the City Council of the City of Isanti, Minnesota authorize:

1) $1535.00 reallocated to Fund EDA 495 to be spent on purchasing 1000 promotional bags to begin distribution in May of 2017.
2) Direct Staff to work with City businesses to participate in Promotional Bag Program.
3) Select lowest cost vendor quote, Promo Direct, and authorize staff to purchase 1000 Abe Celebration Tote City of Isanti Promotional Bags to be funded through EDA Marketing 495.

This Resolution hereby approved by the Isanti City Council this 18th day of April 2017.

Request for Council Action

To: Mayor Wimmer
Members of the City Council

From: Roxanne Achman
Independent Consultant

Date: April 18, 2017

Subject: Request from Beverly A. Cox VanRuden and Brennan and Rebecca Cox for the Annexation of Parcels No. 05.031.3300 and 05.031.3301 into the City of Isanti and for such property to be Zoned Recreational Commercial.

Background

Beverly A Cox VanRuden and Brennan and Rebecca Cox have petitioned the City for the annexation of two parcels of property, which, combined, equal roughly 40 acres. The parcels are located south of Isanti along Polk St NE located in Isanti Township. Their property abuts the Isanti city limits on the southerly boundary, along the property line of the parcel the Cox's recently had annexed.

The request comes to the city as a way to further expand upon their future development of the proposed Circle B Ranch. The property requesting to be annexed is proposed to be a bed and breakfast facility with crafting and gathering spaces. Final details have not been submitted the City and will be presented to the Planning Commission and City Council once the property owners are prepared to move forward with the development of their property as "The Nest", and extension of the Circle B Ranch.

The property will need to request a rezoning of the property once it has been annexed into the City. The plan is to be zoned Recreational Commercial (RC) to expand upon the existing RC District south of the property.

The parcels being petitioned for annexation are within Isanti Township. An Orderly Annexation agreement exists between the City of Isanti and Isanti Township providing for a slightly different process than was experienced in December 2016. A resolution must be passed by both entities accepting the annexation. Isanti Township will be given a 30-day review and comment period. There will be no public hearing for the annexation unless Isanti township chooses not to approve the joint resolution for annexation, at which time it would be presented to the Municipal Boundary Adjustment Unit for consideration.

The Orderly Annexation agreement amended by Res. No. 2006-222 and further amended by Res. No. 2006-265, requires that a reimbursement of taxes to the township occur and that the tax rate be graduated over a period as specified in the joint resolution. Those amounts are outlined within the attached resolution.

The annexation will be effective upon approval by the Chief Administrative Law Judge.

IN THE MATTER OF THE AMENDMENT TO THE JOINT RESOLUTION FOR ORDERLY ANNEXATION BETWEEN THE TOWNSHIP OF ISANTI AND THE CITY OF ISANTI, MINNESOTA PURSUANT TO MINNESOTA STATUTES 414.0325. SUBD. 1

WHEREAS, the Township of Isanti and the City of Isanti are parties to a Joint Resolution for Orderly Annexation, which Joint Resolution was duly filed with the Municipal Board on August 31, 1973, (File No: A-2457(OA) which Resolution has since been amended to include additional lands; and,

WHEREAS, the lands described on the attached Exhibit "A", incorporated herein by this reference, are included in the area designated by said Joint Resolution as properly subject to and in need of Orderly Annexation as provided by Statute; and

WHEREAS, Minn. Stat. Sec. 414.036 requires a reimbursement from the municipality to the town for all or part of the taxable property annexed as part of the order; and,

WHEREAS, File No: A-2457(OA) requires a staged graduated increase in the tax rate.

NOW, THEREFORE, BE IT RESOLVED BY THE TOWNSHIP OF ISANTI AND THE CITY OF ISANTI, AS FOLLOWS:

1. A tax break shall be applied to the Beverly A.Cox VanRuden property; PID 05.031.3300 over a three-year period and shall provide for a reduction of the City tax rate at a rate of 61.572% per year for a three-year period for levy year 2018, 2019, and 2020.
2. Reimbursement shall be made to the Town of Isanti per the following scheduled for PID 05.031.3300:
    a. In the first year following the year the City of Isanti could first levy on the annexed area, an amount equal to $484.82.
    b. In the second year, an amount equal to $484.82.
    c. In the third year, an amount equal to $484.82.
3. A tax break shall be applied to the Brenna and Rebecca Cox property; PID 05.031.3301 over a three-year period and shall provide for a reduction of the City tax rate at a rate of 61.572% per year for a three-year period for levy year 2018, 2019, and 2020.
4. Reimbursement shall be made to the Town of Isanti per the following scheduled for PID 05.031.3301:
    a. In the first year following the year the City of Isanti could first levy on the annexed area, an amount equal to $3.92.
    b. In the second year, an amount equal to $3.92
    c. In the third year, an amount equal to $3.92.

5. Both the Township and the City agree that no alteration of the stated boundaries of the lands herein designated for annexation pursuant to this Resolution, as described on Exhibit "A" attached hereto and made a part hereof is appropriate. Further, both the City and Township agree that pursuant to Minnesota Statutes 414.0325, Subd. 1, no consideration by the Office of Strategic & Long Range Planning, is necessary for annexation of the herein described territory to the City of Isanti. Upon receipt of this Resolution, the Office of Strategic & Long Range Planning may review and comment, but shall, within thirty (30) days, order the annexation of the property as described on the attached Exhibit "A" in accordance with the terms of this Joint Resolution.

34.9 Acres

The Southwest Quarter of the Southeast Quarter (SE ¼ of SE ¼) of Section Thirty-one (31), Township Thirty-five (35), Range Twenty-three (23), EXCEPTING THEREFROM the following described parcel: The East 552.75 feet of the South 369 feet of the SE ¼ of the SE ¼ of Section 31, Township 35, Range 23, Isanti County, Minnesota.

AND

PID No. 05.031.3301
5 Acres

The East 552.75 feet of the South 396 feet of the SE1/4 of SE1/4 of Section 31, Township 35, Range 23, Isanti County, Minnesota.

FINDINGS OF FACT AND CONCLUSION

Request

Request from Beverly A Cox VanRuden Brennan and Rebecca Cox for the Annexation of Parcels No. 05.031.3300 and 05.031.3301 into the City of Isanti.

Findings of Fact

1. The petition for annexation was signed by all owners of the property.
2. Parcels 05.031.3300 and 05.031.3301, lie within Isanti Township.
3. Pursuant to Orderly Annexation Agreement No. A-2457(OA), property within Isanti Township is subject to the requirements stated within.
4. The land is not already part of another city.
5. The property is not presently served by public sewer and water facilities and public sewer and water facilities are not otherwise available.
6. There will be no population increase as the property is not for residential purposes.
7. The parcel will be subject to 2019, and future, City property taxes pursuant to MN State Statute 414.033, Subd. 12.
8. Zoning Ordinance No. 445, Section 3, Subd. 3(b), dedicates annexed property as "R-1" Single Family Residential if it is not otherwise dedicated.
9. The zoning cannot change until a public hearing is held to do so.
10. The City's boundary and zoning map shall be amended to reflect the changes as approved by City Council.
11. Section 21, Article 1: Amendments (Text and Map), Subdivision 4 (D) of the Zoning Ordinance establishes criteria in which the judgment of the City Council shall be based upon when reviewing a boundary adjustment request.

Conclusions

A. In review of the factors established in Section 21, Article 1 Amendments (Text and Map), Subdivision 4 (D) the following conclusions have been made (*conclusions to each requirement are shown in underlined italics)*:

   1. The proposed action has been considered in relation to the specific policies and provisions of and has been found to be consistent with the Comprehensive Plan, including public facilities and capital improvement plans.
      The Comprehensive Plan includes a specific section for Recreational Commercial that, to date, is not designated within the City. The Comprehensive Plan outlined this district for the time when it was needed and appropriate. When the Comprehensive Plan is updated in 2018, the land use map will be updated to reflect the change in uses of many areas, to include this area.
   2. The proposed action meets the purpose and intent of this Ordinance or in the case of a map amendment; it meets the purpose and intent of the individual district.
      The ordinance states that property annexed into the City is dedicated as residential unless dedicated otherwise. It is of the opinion of the City that the property would be better suited for Recreational Commercial in order to allow for the appropriate development of the property as an event venue. A separate public hearing will be held to consider the rezoning of these parcels.
   3. There is adequate infrastructure available to service the proposed action.
      There is no public sewer or water facilities available to this property. Once it becomes reasonably available, connection will be required.

4. There is an adequate buffer or transition provided between potentially incompatible districts.
The property will become part of a nearly 42-acre parcel of land south of it that is surrounded by agricultural and residential properties. Uses permitted the property will be those that do not appear to disrupt the other districts.

Decision
The City Council reviewed the request on April 18th, 2017. The meeting minutes, staff memo, and attachments shall be made a part of the Findings of Fact and Conclusion.

Subject: Request from Prairie Senior Cottages for Approval of an Extension of the Site Plan/Building Appearance, Conditional Use Permit and Variance approved through Resolution No. 2016-133 for the construction of Prairie Senior Cottages II located on the property legally described as Lot 1, Block 1, Bank Site Second Addition, Isanti County, Isanti, Minnesota.

Background

Prairie Senior Cottages has submitted a request to extend the Site Plan/Building Appearance, Conditional Use Permit and Variance that was approved for the construction of Prairie Senior Cottages II. Resolution No. 2016-133 was approved by the City Council on April 19th, 2016. Site Plans, Conditional Use Permits and Variance expire after one year if construction has not commenced. Per Section 18 of the Zoning Ordinance, the City Council may grant an extension of up to one year.

The attached letter requesting a one year extension. Further conversations with Prairie Senior Cottages indicate that construction will likely commence in 2017.

Ordinance Review

The Zoning Ordinance reads as follows:

Section 18: Site Plan Review

Subd. 15. Term of Approval

Site Plan approval shall be good for one (1) year from the date of the approval. An extension of up to one (1) year may be granted. Such extension must be requested in writing and filed with the City at least thirty (30) days before the expiration of the original approval. There shall be no charge for the filing of such extension. The request for extension shall be presented to the City Council for a decision. Only one extension can be granted.

Staff Recommendation:

Staff recommends approval of the request.

Request for City Council Action

To: Mayor Wimmer and Members of the City Council

From: Josi Wood, Public Services Director/ Assist. City Admin.

Date: April 18, 2017

Subject: Consider Resolution Authorizing Services for Water Tower Interior and Exterior Cleaning

---

Background

Staff budgeted $12,000.00 as an estimate for water tower cleaning and inspection services within the 2017 budget. Bolton and Menk, Inc's proposal for services to go out for quotes as well as inspection was approved by Council March 7th, 2017 in the amount of $5,850.00. Quotes have all been received and are seen in the attachment. Bolton and Menk, Inc. and staff are recommending to go with Midco Diving & Marine Services, Inc. in the total amount of $9,575.00 for interior and exterior cleaning.

The cost of the engineer's work and cleaning services for both interior and exterior totals $15,425.00

Finance Committee Recommendation

The Finance Committee discussed this item April 7 and recommends cleaning the interior and exterior at the same time with Midco Diving & Marine Services to save money. They recommend approval of the cleaning service in the amount of $9,575.00 plus contingency; total $4,967.50 over the budgeted amount.

Request

Staff is requesting an additional $4,967.50 to perform cleaning of the interior and exterior of the water tower and contingency to be funded out of Water (500).

MEMORANDUM

Date: April 4, 2017

To: Josi Wood, Public Services Director / Assistant City Administrator

From: Bradley C. DeWolf, P.E. BCD

Subject: Water Tower Cleaning - Interior and Exterior
City of Isanti
Project No.: R13.113483

As directed by the City Council, Bolton & Menk has solicited quotes to perform both interior and exterior water tower cleaning.

The table below lists the Contractor and price for the services to be provided.

Bidders	Total Project Quote Price	Price for Diver Cleaning & Inspection 750,000 Gal. Tower	Price for Exterior Pressure Wash
1. Liquid Engineering Corporation Billings, MT	$3,830 Interior Only Requires Separate Contracts	$3,830	Did Not Bid Requires Separate Contract
2. National Wash Authority, LLC dba Midwest Mobile Washers Morrison, IL	$5,800 Exterior Only Requires Separate Contracts	Did Not Bid Requires Separate Contract	$5,800
3. Midco Diving & Marine Services, Inc. Rapid City, SD	$9,575	Included in Total Quote Price	Included in Total Quote Price
4. LiquiVision Technology Diving Services Klamath Falls, OR	$9,795	$3,995	$5,800
5. Central Tank Coatings, Inc Elgin, IA	$19,500 Exterior Only Requires Separate Contracts	Did Not Bid Requires Separate Contract	$19,500
6. Water Tower Clean & Coat, Inc. Rockford, MN	$20,400	$3,650	$16,750

The interior cleaning will include a diving team that will clean any sediment that has accumulated at the bottom surface of the tank floor. In addition, the dive team will videotape the dive and perform an observation and inspection of the interior portions of the tank.

The exterior cleaning will include the use of a telescoping basket lift. The cleaning crew will wet the tower surfaces with an environmental "friendly" and safe detergent that will kill the mildew. Next the crew will power wash the dirt and mildew from the tank surfaces.

We recommend that the City award the contract to the overall low bidder, Midco Diving & Marine Services, Inc. out of Rapid City, South Dakota, in the amount of $9,575.00.

To: Josi Wood, Public Services Director

From: Bradley C. DeWolf, P.E.

Subject: 750,000 Gallon Elevated Water Storage Tank
Proposal for Cleaning, Inspection, Evaluation and Report
City of Isanti, MN

Per your request, Bolton & Menk, Inc. proposes to provide engineering services for the cleaning, inspection, and evaluation of the 750,000 Gallon Elevated Water Storage Tank located at 601 East Dual Blvd. in Isanti.

It is our understanding the estimated work to be completed on the water storage tank or "water tower" is as follows:

- Cleaning of sediment from the tower's interior wet floor
- Cleaning of the tower exterior surfaces
- Review and evaluation

The following is a breakout of services to be provided to the City of Isanti:

- Search, selection, and recommendation of contractor to perform the tower cleaning
  - Provide recommendation and project management for a contractor that will perform the cleaning of the tower's exterior
  - Provide recommendation and project management for a contractor that will perform the cleaning of the tower's interior
  - Provide part-time Resident Project Representative during tower cleaning
- Tower Inspection and Evaluation
  - Perform interior and exterior review and evaluation of the tower
- Tower Evaluation Report
  - Provide report stating findings from the evaluation

It is assumed the City will provide one operator (as necessary) to provide site access and operate tower water controls, valves, or other needed water operations.

Bolton & Menk proposes to complete the above engineering services for an hourly, not-to-exceed fee of $5,850.00.

Please contact me at (612) 756-1032 if you have any questions or need additional information.

Request for City Council Action

To: Mayor Wimmer and City Council Members

From: Sean M. Sullivan, Economic Development Director

Date: April 18, 2017

Subject: **Consider Adoption of Resolution Awarding the Lease of City Owned Crop Land**

Background:

For the past two years the City has not leased this 4 acre parcel for crop land purposes. On April 12, 2017, the City received a request from Craig Bjorklund to lease this 4-acre parcel in 2017. The 4 acre parcel is land locked and access would need to be obtained through the Johnson cropland to the south. Mr. Bjorklund is farming the Johnson crop land in 2017 and would be able to access the 4-acre parcel. Mr. Bjorklund leased this 4-acre parcel in the past and is requesting that the City lease it to him for $140.00 for Crop Year 2017 which is the same rate as the City has charged him in the past.

Staff has reviewed this request with City Attorney Joslin and recommends approval of the attached resolution.

Requested Action:
Consider Adoption of Resolution 2017- ___ Awarding the Lease of City Owned Crop Land

Attachment:

1) Resolution 2017- ___ Awarding the Lease of City Owned Crop Land
2) Letter from Craig Bjorklund requesting the lease of 4 Acre parcel

RESOLUTION NO. 2017-

RESOLUTION AWARDING THE LEASE OF CITY OWNED CROP LAND

WHEREAS, the City of Isanti has determined that certain property currently owned by the City will not be needed in the near future for an intended public use; and

WHEREAS, the City has identified the property to be leased/rented for crop production on the map attached is 4 acres and is identified as Tax ID 16.029.1400, further described as: a parcel located east of 500 East Dual Boulevard; and

WHEREAS, the City has received a request from a party interested in farming the proposed property for the production of row crops for the 2017 crop year as follows:

Craig Bjorklund, Bjorklund Farms $ 140.00/ 2017 crop year only

NOW THEREFORE BE IT RESOLVED BY THE CITY COUNCIL OF THE CITY OF ISANTI, MINNESOTA AS FOLLOWS:

1. Hereby awards the lease for a period of one crop year to Craig Bjorklund, Bjorklund Farms, for the amount of $140.00/annual rent for year 2017 for rental of 4 acres of City Property for crop farming as described above.

2. That rent shall be due on April 19, 2017 for the 2017 crop year.

3. The City reserves the right to develop the property at any time through the contract period. If the City exercises this right, the City shall compensate Mr. Bjorklund for the fair market value of the crop destroyed, valued at the average market price per bushel as of the date of initial construction activity resulting in the removal of the crop, based on the average per acre yield as established by the records maintained by USDA pertaining to the subject field or as available for similar fields located in Isanti Township, in the event such records are not available for the specific crop field herein.

4. That Mr. Bjorklund shall have no right to rent the land for future crop years after year 2017 unless awarded the lease by the City Council through a bid process.

This resolution was duly adopted by the Isanti City Council this 18th day of April 2017.

RE: 2017 Crop Lease of 4 Acre Parcel

Dear Sir:

I am requesting the City of Isanti to consider the following proposal to lease a parcel of City of Isanti owned crop land for $140.00. The quote is for a 2017 Crop Year lease in accordance with the Specifications for Lease of City Owned Property for Crop Farming attached hereto. I am currently leasing the Johnson parcel which provides access to the 4 acre parcel described below. I understand that the City reserves the Right to Develop the Lease Area as described on the attached Specifications for Lease of City Owned Property for Crop Farming.

Please consider this proposal to lease this parcel for the 2017 crop year

Sincerely,

Craig Bjorkland
Bjorkland Companies

Request for City Council Action

To: Mayor Wimmer and City Council Members

From: Sean M. Sullivan, Economic Development Director

Date: April 18, 2017

Subject: **Consider Resolution Authorizing the Execution of Repayment Agreement with J Robinson Construction, Inc.**

On December 20, 2016 the City Council amended and extended a SAC and WAC Deferral program as Resolution No. 2016-362 to continue to spur development activity. J Robinson Construction, Inc. has requested the City to execute a Repayment Agreement for 1007 Pleasant View Ct NW, Isanti, MN legally described as Lot 12, Block 3, Villages on the Rum, for the construction of an approximate 1,350 SF main floor single family home. The business is in "good standing" upon review of the Minnesota Secretary of State Office as of April 13, 2017. The form of the Repayment Agreement is consistent with the form approved by the City Council on December 20, 2016. The Repayment Agreement will be dated as of the date that the Building Permit is paid for by the Developer. Staff is asking the City Council to consider adoption of the attached resolution and execution of the Repayment Agreement.

City Council Action:

Consider Adoption of Resolution and Execution of Repayment Agreement

Attachment:

1) Resolution 2017-____ Authorization to Execute Repayment Agreement with J Robinson Construction, Inc.

RESOLUTION 2017-XXX

AUTHORIZATION AND EXECUTION OF REPAYMENT AGREEMENT WITH J ROBINSON CONSTRUCTION, INC.

WHEREAS, the City of Isanti adopted a SAC and WAC Deferral program on December 20, 2016 which is documented by Resolution 2016-279; and

WHEREAS, A boiler plate Repayment Agreement was drafted by Development Attorney Campbell Knutson and the City Council directed Staff to utilize this agreement for parties interested in SAC and WAC Deferral for commercial or residential development; and

WHEREAS, J Robinson Construction, Inc. (the "Developer") has asked the City of Isanti to enter into a Repayment Agreement for the property legally described as: Lot 12, Block 3, Villages on the Rum (the "Property") and has agreed to pay the recording fee associated with the filing of the Repayment Agreement; and

WHEREAS, the Developer has stated the it will be the owner of the Property at the time of execution of the Repayment Agreement; and

WHEREAS, the date of the Repayment Agreement will be when the Developer signs prior to payment of the building permit; and

WHEREAS, the Developer is registered, active and is in good standing with the Minnesota Secretary of State Office as of April 13, 2017.

NOW, THEREFORE, IT IS HEREBY RESOLVED by the City Council of the City of Isanti, Minnesota authorized the Mayor and City Administrator to execute the Repayment Agreement attached hereto contingent upon satisfactory proof of ownership witnessed in a recorded instrument of conveyance to the Developer.

This Resolution hereby approved by the Isanti City Council this 18th day of April, 2017.

REPAYMENT AGREEMENT; STATUTORY SHORT FORM MORTGAGE; AND DEED RESTRICTIONS

THIS REPAYMENT AGREEMENT; STATUTORY SHORT FORM MORTGAGE; AND DEED RESTRICTIONS ("AGREEMENT"), made on or as of the ____ day of April, 2017, by and between the City of Isanti, Minnesota, a Minnesota municipal corporation (hereinafter referred to as the "City") having its principal office at 110 First Avenue N.W. PO Box 428, Isanti, Minnesota 55040, and J Robinson Construction, Inc., a corporation under the laws of the state of Minnesota (hereinafter referred to as the "Developer"), having its principal office at 309 Elm Street SW, Isanti, MN 55040.

WITNESSETH:

WHEREAS, the Developer intends to construct a 1,350 square foot main floor single family home (the "Improvements") on certain real property (the "Property") in the City; and

WHEREAS, in connection with the construction of the Improvements there are certain water and sanitary sewer charges that are payable by the Developer to the City; and

WHEREAS, the Developer has demonstrated to the satisfaction of the City that the Developer is unable to pay the full amount of the charges now and has asked the City to defer such charges and make them payable at a future point in time; and

WHEREAS, the City believes that the development of the Improvements by the Developer is in the best interests of the City and, therefore, it is willing to defer the charges if doing so will facilitate the development and viability of the Improvements.

NOW, THEREFORE, in consideration of the premises and the mutual obligations of the parties hereto, each of them does hereby covenant and agree with the other as follows:

ARTICLE I
Definitions

Section 1.1. Definitions. In this Agreement, unless a different meaning clearly appears from the context:

"Agreement" means this Agreement, as the same may be from time to time modified, amended, or supplemented.

"City" means the City of Isanti, Minnesota, its successors and assigns.

"County" means Isanti County, Minnesota.

"Deferred Charges" means the utility charges described in Section 3.1 of this Agreement being deferred by the City and which the Developer is obligated to pay in accordance with this Agreement.

"Developer" means Real Deal Construction, Inc, a Minnesota Corporation, its successors and assigns.

"Event of Default" means an action by the Developer listed in Article IV of this Agreement.

"Improvements" means the 1,350 square foot main floor single family home to be constructed by the Developer on the Property.

"Property" means the real property described on the attached Schedule A to this Agreement.

"State" means the State of Minnesota.

ARTICLE II
Representations

Section 2.1. Representations by the City. The City makes the following representations as the basis for the undertaking on its part herein contained:

(a) The City is a statutory city duly organized and existing under the laws of the State. Under State law, the City has the power to enter into this Agreement and to perform its obligations hereunder.

Section 2.2. Representations by the Developer. The Developer represents that:

(a) The Developer is a corporation duly organized and authorized to transact business in the State, is not in violation of any provisions of its Bylaws or the laws of the State, has power to enter into this Agreement and has duly authorized the execution, delivery and performance of this Agreement by proper action of its Articles of Incorporation.

ARTICLE III
Deferred Charges, Payment and Security

Section 3.1. Deferred Charges. The Developer owes to the City the sum of **$ 8,222.00** in deferred utility charges ("Deferred Charges"). The Deferred Charges consist of **$3787.00** in Water Availability Charges and **$4,435.00** in Sewer Availability Charges. The City has agreed to defer the payment of the Deferred Charges as described in this Agreement.

Section 3.2. Payment of the Deferred Charges. The Developer covenants and agrees that it will pay the Deferred Charges to the City on the earliest to occur of the following:

(a) on the date that is one hundred and twenty (120) days after the date of this Agreement;

(b) on the date that the Developer sells or transfers the Property or Improvements, or any portion thereof; or

(c) on the date that the City issues a certificate of occupancy for the Improvements.

Interest shall accrue on the Deferred Charges at the rate of zero percent (0%) from the date hereof and continuing until the Deferred Charges and all accrued interest have been paid in full.

Section 3.3. Payment of Costs.

(a) The Developer shall pay all costs for title work and recording of this Agreement.

(b) The Developer shall pay all costs incurred by the City in connection with the preparation and implementation of this Agreement and related documents, including, without limitation, fees of attorneys related the preparation of this Agreement and related documents, if the Developer fails to complete construction of the Improvements within one hundred and twenty (120) days after the date of this Agreement.

Section 3.4 Security. As security for Developer's obligation of repayment of the Deferred Charges and Costs identified in Sections 3.1 and 3.3, Developer hereby grants and the City shall and hereby does have, a lien on the Property in the full amount necessary to satisfy any repayment obligation of the fees and charges identified in Sections 3.1 and 3.3 under this Agreement and the cost including reasonable attorney's fees, of collecting the same.

Section 3.5 Notice. At least 10 days before the date of any sale, cash out refinance, transfer or other conveyance of the Property or, in the event of a sale by contract for deed, Developer or their heirs, executors or representatives, shall give the City notice thereof.

Section 3.6 Mortgage. To secure any such repayment of the Deferred Charges under Section 3.1 and 3.3 as may become due under the provisions of this Article, the Developer hereby

grants to the City a Statutory Short Form Mortgage pursuant to the provisions of Minnesota Statutes Section 507.15 (2016) as follows:

UNIFORM SHORT FORM MORTGAGE

This statutory mortgage, made this ___ day of April, 2017 between the City of Isanti, a Minnesota Municipal having its principal office at 110 First Avenue N.W. PO Box 428, Isanti, Minnesota 55040 (the "Mortgagor"), and J Robinson Construction, Inc., a corporation under the laws of the state of Minnesota, having its principal office at 309 Elm Street SW, Isanti, MN 55040 (the "Mortgagee"),

Witnesseth, that to secure the payment of the Deferred Charges by the Mortgagee to the Mortgagor of $8,222.00 as described in Article 3 of this Agreement (the "Indebtedness") the Mortgagor, hereby mortgages to the mortgagee and grants a security interest in the real property located at 1007 Pleasant View Ct NW, in the City of Isanti, Isanti County, Minnesota, as legally described and set forth in "Schedule A" attached hereto and made a part hereof ("Property"), subject only to any liens or encumbrances of record thereon as of the date hereof.

And Mortgagor agrees and covenants with the Mortgagee the following statutory covenants;

1. To warrant the title to the Property, subject only to prior encumbrances of record as of the date hereof.
2. To pay the indebtedness as herein provided.
3. To pay all taxes.
4. To keep the buildings located on the Property insured against fire, windstorm and extended coverage for their full insurable value for the protection of the Mortgagee.
5. That the Property shall be kept in repair and no waste shall be committed.
6. That the whole of the principal sum shall become due after default, in the payment of any installment of principal or interest, or of any tax, or in the performance of any other covenant, at the option of the Mortgagee.

If default be made in any payment or covenant herein, the mortgagee shall have the statutory power of sale, and on foreclosure may retain statutory costs and attorney's fees.

Section 3.7. In the event Mortgagor or their heirs, executors or representatives shall fail or refuse to make a required repayment of the Indebtedness within the limited period set forth herein, the Mortgagee may, with or without notice to Mortgagor foreclose said lien in the same manner as provided pursuant an action for the foreclosure of mortgage upon said Property, as by statute provided, or may at its option proceed with foreclosure by advertisement pursuant to the statutory power of sale which the Mortgagor grants to the Mortgagee provided under this Mortgage, in accordance with applicable law. In the event of default by Mortgagor on any of Mortgagor's obligations under the terms of this Mortgage, Mortgagee shall also have the right to pursue any remedy available to it at law or in equity.

ARTICLE IV
Events of Default

Section 4.1. Events of Default Defined. The following shall be "Events of Default" under this Agreement and the term "Event of Default" shall mean, whenever it is used in this Agreement (unless the context otherwise provides), any one or more of the following events:

(a) Failure by the Developer to pay when due any payments required to be paid under this Agreement.

(b) The Developer of the following: (i) file any petition in bankruptcy or for any reorganization, arrangement, composition, readjustment, liquidation, dissolution, or similar relief under United States Bankruptcy Laws or any similar Federal or State Laws; or (ii) make an assignment for the benefit of its creditors; or (iii) admits, in writing, its inability to pay its debts generally as they become due; or (iv) be adjudicated, bankrupt or insolvent.

Section 4.2. City's Remedies on Default. Whenever any Event of Default by Developer referred to in Section 4.1 of this Agreement occurs, the City may take any one or more of the following actions after providing ten (10) days written notice to the Developer of the Event of Default, but only if the Event of Default has not been cured within said ten (10) days:

(a) Declare the entire outstanding balance of the Deferred Charges immediately due and payable;

(b) Terminate this Agreement;

(c) Deny issuance of certificates of occupancy or temporary certificates of occupancy;

(c) Take whatever action, including legal, equitable or administrative action, which may appear necessary or desirable to the City to collect any payments due under this Agreement, or to enforce performance and observance of any obligation, agreement, or covenant of the Developer under this Agreement, including the remedies provided under Article 3.

Section 4.3. No Remedy Exclusive. No remedy herein conferred upon or reserved to the City or Developer is intended to be exclusive of any other available remedy or remedies, but each and every such remedy shall be cumulative and shall be in addition to every other remedy given under this Agreement or now or hereafter existing at law or in equity or by statute. No delay or omission to exercise any right or power accruing upon any default shall impair any such right or power or shall be construed to be a waiver thereof, but any such right and power may be exercised from time to time and as often as may be deemed expedient. In order to entitle the City or the Developer to exercise any remedy reserved to it, it shall not be necessary to give notice, other than such notice as may be required in this Article IV.

Section 4.4. No Additional Waiver Implied by One Waiver. In the event any agreement contained in this Agreement should be breached by either party and thereafter waived by the other

party, such waiver shall be limited to the particular breach so waived and shall not be deemed to waive any other concurrent, previous or subsequent breach hereunder.

Section 4.5. Costs of Enforcement. Whenever any Event of Default occurs and the City shall employ attorneys or incur other expenses for the collection of payments due or to become due or for the enforcement of performance or observance of any obligation or agreement on the part of the Developer under this Agreement, the Developer agrees that it shall, within ten (10) days of written demand by the City, pay to the City the reasonable fees of such attorneys and such other expenses so incurred by the City.

Section 4.6. Certificate of Occupancy. The City may deny a certificate of occupancy or temporary certificate of occupancy for the Property until all amounts owed to the City under the terms of this Agreement have been paid by Developer.

ARTICLE V
Additional Provisions

Section 5.1. Representatives Not Individually Liable. No member, official, or employee of the City shall be personally liable to the Developer, or any successor in interest, in the event of any default or breach or for any amount which may become due to Developer or successor in interest or on any obligations under the terms of this Agreement.

Section 5.2. Titles of Articles and Sections. Any titles of the several parts, Articles, and Sections of the Agreement are inserted for convenience of reference only and shall be disregarded in construing or interpreting any of its provisions.

Section 5.3. Notices and Demands. Except as otherwise expressly provided in this Agreement, a notice, demand, or other communication under the Agreement by either party to the other shall be sufficiently given or delivered if it is dispatched by registered or certified mail, postage prepaid, return receipt requested, or delivered personally; and

(a) in the case of the Developer, is addressed to or delivered personally to the Developer at 309 Elm Street SW, Isanti, MN 55040; and

(b) in the case of the City, is addressed to or delivered personally to the City at 110 First Avenue N.W., P.O. Box 428, Isanti, Minnesota 55040,

or at such other address with respect to either such party as that party may, from time to time, designate in writing and forward to the other as provided in this Section.

Section 5.4. Disclaimer of Relationships. The Developer acknowledges that nothing contained in this Agreement nor any act by the City or the Developer shall be deemed or construed by the Developer or by any third person to create any relationship of third-party beneficiary, principal and agent, limited or general partner, or joint venture between the City and the Developer or any third party.

Section 5.5. Release. Upon payment of all fees and charges under Article III in accordance with the provisions of this Agreement, the City will furnish Developer with a Release of Mortgage for the Property within a reasonable period of time following the request. Developer shall be responsible for recording the Release of Mortgage.

Section 5.6. Modifications. This Agreement may be modified solely through written amendments hereto executed by the Developer and the City.

Section 5.7. Counterparts. This Agreement may be executed in any number of counterparts, each of which shall constitute one and the same instrument.

Section 5.8. Judicial Interpretation. Should any provision of this Agreement require judicial interpretation, the court interpreting or construing the same shall not apply a presumption that the terms hereof shall be more strictly construed against one party by reason of the rule of construction that a document is to be construed more strictly against the party who itself or through its agent or attorney prepared the same, it being agreed that the agents and attorneys of both parties have participated in the preparation hereof.

Section 5.9. Run with the Land. This Agreement may be recorded against the Property and shall run with the aforesaid Property and shall inure to the benefit of and be binding upon the parties hereto and their respective heirs, executors, representatives, successors and assigns.

IN WITNESS WHEREOF, the City has caused this Agreement to be duly executed in its name and behalf and the Developer has caused this Agreement to be duly executed in its name and behalf on or as of the date first above written.

2. Approve Minutes of February 7, 2017 Regular Economic Development Meeting

Motion by Collison second by Bergley to approve the minutes for February 7, 2017. Motion carried unanimously.

3. Summary of New Home Construction Survey 2014-2016

Economic Development Sullivan presented the results of the New Resident Survey of new homes constructed from 2014-2016. 132 surveys were mailed out and 107 reached the intended targeted audience. 39 survey will filled out and returned which amounted to a 36% return rate which was statistically significant. The highest percentage of home sales fell in the 160K to 180K range which was consistent with data reported by the MPLS Association of Realtors for this market. The leading factor in selecting to move to Isanti was the cost of the home. Proximity to the metro, small town feel and growing in Isanti / gamily were other secondary factors. The number of commuters was higher than seen in other data provided by DEED with 95% of those surveyed leaving the City of Isanti for work. The data is meaningful and can be used for future marketing and policy decisions.

President Wimmer stated that a lot of this information is similar to the trends that existing during the boom in the mid 2000's. He also stated that a lot of the people moving in are looking for the small town feel but also want some of the big city amenities/services.

Sullivan shared information from the survey relating to the household size. The survey data reported 2.4 where the Census data had us at 2.24.

Lorinser stated how refreshing it was to see the varying comments on both sides of issues. This is what makes this country great.

Sullivan indicated surveying differing groups would be beneficial. He stated that the responses rate and contact with residents was beneficial. More surveys should be developed.

5. Other Business / Updates

Sullivan touched on items highlighted in the Staff Memo below.

RE: Nuisance Weed/Grass Abatement – Quotes for Service

The City received 1 quote for 2017 nuisance residential and large tract weed/grass abatement (lot mowing). The quote for mowing services was submitted by Brian's Lawn & Irrigation. The quote for residential lot abatement is for $32.00 per lot and $5.00 mobilization charge (if the owner has already cut his grass). The quote for large tract abatement is a $50.00 base charge per property and $50.00 per hour of mowing.

As a part of this, Staff further recommends that the 2017 fee to be charged for properties abated using a private vendor would be the actual cost charged by the vendor to the City for the service and the $25.00 non-compliance fee as designated in City Fee Schedule.

Attached for your consideration is a resolution accepting the quote for these nuisance weed/grass abatement services.

RESOLUTION NO. 2017-____

RESOLUTION AWARDING QUOTE FOR OUTSOURCING THE MOWING OF NUISANCE WEED/GRASS ABATEMENT LOTS

WHEREAS, the City of Isanti has determined that is in the City's best interest to accept quotes for the outsourcing of mowing services for nuisance weed/grass abatement lots located within the city; and

WHEREAS, a request for quotes for the services was published in the City's official newspaper; and

WHEREAS, quotes were received and a tally of the quotes is provided on the attached 'Exhibit A';

NOW, THEREFORE, IT IS HEREBY RESOLVED by the City Council of the City of Isanti, Minnesota as follows:

1. To hereby award the low quote for mowing services for nuisance residential weed/grass abatement lots as provided within the specifications so posted and published to **Brian's Lawn & Irrigation** for the 2017 mowing season.
2. To hereby award the low quote for mowing services for nuisance large tract weed/grass abatement as provided within the specifications so posted and published to **Brian's Lawn & Irrigation** for the 2017 mowing season.
3. That **Brian's Lawn & Irrigation** provides a Certificate of Compliance as required under the Minnesota Workers' Compensation Law (if required).
4. That **Brian's Lawn & Irrigation** provides a copy of their liability insurance and names the City as an 'additional insured'.
5. That the quotation as signed by the vendor for the 2017 Growing Season constitutes a contract with the City of Isanti for said services. Mowing rates are listed in Attachment A.
6. That City staff is authorized to charge the administrative fee for billing of properties abated as designated in the City Fee Schedule; with the administrative fee, rate charge and any applicable sales tax charged to the responsible party.

This resolution was duly adopted by the Isanti City Council this 18th day of April 2017.

MEMO

To: **Mayor Wimmer & City Council**
From: Lindsey Giese, Human Resources/City Clerk
Date: April 14, 2017
Subject: Training Request for "Leading in the Connected Era" (TCHRA)

Background:
The 2017 Budget has an approved $245.00 for the HR/City Clerk to attend LMC Clerk Orientation. However, in 2016 HR/City Clerk was able to attend that training, and has requested to utilize that money to attend another training. On May 11, 2017 Twin Cities Human Resource Association is hosting "Leading in the Connected Era", which is a training with focus on enhancing the important Human Resource competencies in today's world. The learning objectives provide by TCHRA are as follows:

- Decode the major factors changing the way we work
- Identify how these factors change work expectations
- Provide actionable solutions for leaders to better engage their workforce
- Explore best – and worst – case studies from organizations who are finding success, or failure, in this new world of work
- Transform workplace conflicts into growth opportunities

This one day training is estimated at a cost of $204.16, therefore replacing the approved $245.00 for Clerk Orientation.

RESOLUTION NO. 2017-XXX

A RESOLUTION APPROVING HUMAN RESOURCES/CITY CLERK LINDSEY GIESE TO ATTEND THE TCHRA SPRING CONFERENCE

WHEREAS, the Human Resources/City Clerk, Lindsey Giese, submitted a request to the Personnel Committee for use of reallocating training dollars to be used towards a separate training; and,

WHEREAS, the approved 2017 budget has $245.00 allocated for the League of Minnesota Cities Clerk Orientation; and,

WHEREAS, Human Resources/City Clerk Giese attended the orientation training in 2016 and has requested to utilize the budgeted $245.00 towards a human resource based training; and,

WHEREAS, the Personnel Committee has reviewed the request and recommends its approval; and,

NOW, THEREFORE, IT IS HEREBY RESOLVED by the City Council of the City of Isanti, Minnesota, to hereby approve the reallocation of training dollars and for Human Resources/City Clerk Giese to register and attend the Spring (TCHRA) Twin Cities Human Resources Training.

RESOLUTION NO. 2017-XXX

RESOLUTION OFFERING THE INTERNAL POSITION OF EQUIPMENT MECHANIC TO SCOT KLERSY

WHEREAS, on March 21, 2017 the Isanti City Council approved the new position of Equipment Mechanic per Resolution 2017-089; and,

WHEREAS, the Equipment Mechanic job posting was made available to all internal Public Works staff; and,

WHEREAS, interviews were conducted for the position and the interview panel deemed Mr. Scot Klersy to be the best candidate for the position; and,

WHEREAS, the Personnel Committee reviewed this matter and recommends offering the position of Equipment Mechanic to Mr. Scot Klersy; and,

NOW THEREFORE BE IT RESOLVED BY THE CITY COUNCIL OF THE CITY OF ISANTI, MINNESOTA AS FOLLOWS:

1. That Scot Klersy will move from current Maintenance Technician II position to the new Equipment Mechanic position effective April 19, 2017.
2. Mr. Scot Klersy has elected to be removed from the on-call rotation, therefore giving up his premium pay for Water & Wastewater licenses and will relinquish that pay upon the return of the employee out on a leave of absence – in order to not interrupt the on-call process with limited staff.
3. That Klersy be placed at Year 3 of the Equipment Mechanic pay scale as outlined in the I.U.O.E. Local 49 & City of Isanti Collective Bargaining Contract at base pay of $25.35 per hour.
4. Human Resources and the City Administrator are authorized to complete all required documentation for the position change.

Subject: Resolution Providing a Process on Nuisance Abatements for Dangerous Appliances

---

Staff is requesting consideration of formal adoption of the process that is being used to deal with Dangerous Appliances. These are typically non-functioning refrigerators or freezers that are set outside of a home or garage by the resident or property owner.

Attached is a resolution that outlines the policy, abatement steps, recovery of the appliance by the owner, and billing for City services.

RESOLUTION 2017-____

A RESOLUTION PROVIDING A PROCESS ON NUISANCE ABATEMENTS FOR DANGEROUS APPLIANCES

WHEREAS, it is recognized that placement of appliances that have confined space, such as refrigerators and freezers, outside of a building on private property is a safety issue and Public Safety Nuisance that requires immediate abatement per City Code 216, Nuisances; and

WHEREAS, Staff has responded to such nuisances and is recommending formal adoption of the following actions for abatement of these nuisances:

NOW, THEREFORE, IT IS HEREBY RESOLVED by the City of Isanti, Minnesota, that the nuisance abatement process be the following:

1) Nuisance Issue is confirmed and documented by Staff. Staff attempts to contact the resident and/or property owner to remove the appliance immediately. If the resident and/or property owner cannot be contacted, a Notice of Property Abatement is posted on the door of the property. The notice shall state the nuisance and abatement steps taken by the City.

2) The appliance shall be removed by the City and placed in a City storage facility for two weeks' time. The owner may collect the appliance upon payment for City staff time and other applicable costs to remove the appliance per City Code 216-7A, Recovery of cost.

3) If the appliance is not collected by the owner in the time period, it will be disposed of through the City's contracted refuse hauler. The costs of disposal and removal time shall be billed to the resident and/or property owner per City Code 216-7A. If unpaid, these costs shall be placed as a special assessment on the property per Isanti City Code 216-7B, Assessment and Minnesota Statutes 429.

4) The City reserves the right to further action under City Code Chapter 216-8. Violations and penalties.

This Resolution hereby approved by the Isanti City Council this 18th day of April 2017.
