7.1 Governing Law; Forum. Colorado state law, without regard to choice-of-law principles, governs all matters relating to this Acknowledgment, except with regard to matters which are within the exclusive jurisdiction of the state or federal regulatory agency. Any legal proceeding relating to this Acknowledgment will be brought in a U. S. District Court, or absent federal jurisdiction, in a state court of competent jurisdiction, in Denver, Colorado. This provision is not intended to deprive a small claims court or state agency of lawful jurisdiction that would otherwise exist over a claim or controversy between the parties.

7.2 Waiver of Jury Trial and Class Action. Each party, to the extent permitted by law, knowingly, voluntarily, and intentionally waives its right to a jury trial and any right to pursue any claim or action relating to this Acknowledgment on a class or consolidated basis or in a representative capacity. If for any reason the jury trial waiver is held to be unenforceable, the parties agree to binding arbitration for any dispute relating to this Acknowledgment under the Federal Arbitration Act, 9 U.S.C. § 1, et. seq. The arbitration will be conducted in accordance with the JAMS Comprehensive Arbitration Rules. Judgment upon the arbitration award may be entered in any court having jurisdiction.

7.3 Limitations Period. Any claim relating to this Acknowledgment must be brought within two years after the claim arises.

8. ARRA. Customer will not pay for Service with funds obtained through the American Recovery and Reinvestment Act or other similar stimulus grants or loans that would obligate CenturyLink to provide certain information or perform certain functions unless each of those obligations are explicitly identified and agreed to by the parties in this Acknowledgment or in an amendment to this Acknowledgment.

9. HIPAA. CenturyLink does not require or intend to access Customer data in its performance hereunder, including but not limited to any confidential health related information of Customer's clients, which may include group health plans, that constitutes Protected Health Information ("PHI"), as defined in 45 C.F.R. §160.103 under the Health Insurance Portability and Accountability Act of 1996 ("HIPAA Rules"). To the extent that any exposure to PHI is incidental to CenturyLink's provision of Service and not meant for the purpose of accessing, managing the PHI or creating or manipulating the PHI, such exposure is allowable under 45 CFR 164.502(a)(1)(iii).

10. Confidentiality. Neither party will, without the prior written consent of the other party: (a) disclose any of the terms of this Acknowledgment; or (b) disclose or use (except as expressly permitted by, or required to achieve the purposes of, this Acknowledgment) the Confidential Information of the other party. "Confidential Information" means any information that is not generally available to the public, whether of a technical, business, or other nature, and that: (i) the receiving party knows or has reason to know is confidential, proprietary, or trade secret information of the disclosing party; or (ii) is of such a nature that the receiving party should reasonably understand that the disclosing party desires to protect the information from disclosure. Confidential Information will not include information that is in the public domain through no breach of this Acknowledgment by the receiving party or is already known or is independently developed by the receiving party. Each party will use reasonable efforts to protect the other's Confidential Information, and will use at least the same efforts to protect such Confidential Information as the party would use to protect its own. CenturyLink's consent may only be given by its Legal Department. A party may disclose Confidential Information if required to do so by a governmental agency, by operation of law, or if necessary in any proceeding to establish rights or obligations under this Acknowledgment.

11. Use of Name and Marks. Neither party will use the name or marks of the other party or any of its Affiliates for any purpose without the other party's prior written consent. CenturyLink's consent may only be given by its Legal Department. "Affiliate" means any entity controlled by, controlling, or under common control with a party.

12. Notices. All notices must be in writing. Notices are deemed given if sent to the addressee specified for a party either (a) by registered or certified U.S. mail, return receipt requested, postage prepaid, three days after such mailing; or (b) by national overnight courier service, next business day; or (c) by facsimile when delivered if duplicate notice is also sent by regular U.S. Mail.

(a) Service Notices. All Customer notices for Service disconnect and termination must be sent via e-mail to: CenturyLink, Attn.: BusinessDisconnects@centurylink.com and must contain the account name, account number, identification of the Service(s), and Service address(es). Such disconnect and termination is effective 30 days after CenturyLink's receipt of the notice. All Customer notices for Service non-renewal and other routine operational notices will be provided to its CenturyLink sales representative. Failure to provide disconnect, termination and non-renewal notices in accordance with the terms of this Acknowledgment may result in continued charges, and CenturyLink will not credit charges for such noncompliance.

(b) Legal Notice. All legal notices required to be given under the Acknowledgment will be in writing and provided to CenturyLink at: 931 14th St., #900, Denver, CO 80202; Fax: 888-778-0054; Attn.: Legal Dept., and to Customer as provided in the Acknowledgment or in its absence, to Customer's address reflected in CenturyLink's records Attn. General Counsel.

13. General. Customer may not assign this Acknowledgment or any of its rights or obligations hereunder without the prior written consent of CenturyLink, which will not be unreasonably withheld. Customer may not assign to a reseller or telecommunications carrier under any circumstances. If a conflict exists among provisions within this Acknowledgment, the following order of precedence will apply in descending order of control: Tariff, this Acknowledgment, and CenturyLink records.

CITY OF ISANTI
PLANNING COMMISSION
MEETING MINUTES
August 15, 2017

1. Meeting Opening.

A. Call to Order.

Chairman Wimmer called the meeting to order at 7:26 p.m.

B. Pledge of Allegiance.

Everyone rose for the pledge of allegiance.

C. Roll Call.

Members Present: George Wimmer, Dan Collison, Steve Lundeen, Ross Lorinser, Paul Bergley, Jim Kennedy and Jeff Miller.

Members Absent: None

Staff Present: Clark Joslin, City Attorney; Ryan Kernosky, Community Development Director

D. Agenda Modifications.

None

Motion by Bergley, second by Collison to approve the Meeting Agenda. Motion was unanimously approved.

2. Approval of Minutes from July 18, 2017 Planning Commission Meetings

Motion by Collison, second by Lundeed to approve the Meeting Minutes. Motion was unanimously approved.

3. Public Hearing

A. Request from Brennan and Rebecca Cox for a Conditional Use Permit and Site Plan Review Approval to operate a Retreat Center and Hobby Farm on PIDs 050313300, 050313301, and 010060505

Mayor Wimmer opened the Public Hearing at 7:27 p.m.

Dave Beckstrom, 24542 Bourbon Street NW - Mr. Beckstrom stated that he was the Planning and Zoning Chairman for the Athens Township. Mr. Beckstrom stated that when the Athens Township was looking at this same project, they hired an engineering firm to look at Polk Street NE from a public safety perspective, Mr. Beckstrom provided a copy of to the Commission of the summary of the report for the Commission's consideration. The engineering firm recommended turn lanes and widening the road. Mr. Beckstrom asked the Commission to include a condition that the roads are improved for public safety. Mr. Beckstrom stated that the proposed overflow parking and trail system that is on the Athens Township parcel should be required to obtain all necessary permits from the Township.
Mayor Wimmer stated that both of those concerns are addressed in the City's proposed Resolution.

Bruce Yerigan, 1426 4th Ave SW – Mr. Yerigan asked if there was going to be any type of presentation on the request and if there was going to be any detail on the project. Mr. Yerigan expressed concerns about not knowing what the project was.

Mayor Wimmer asked Community Development Director Kernosky to provide a brief overview of the project.

Mr. Kernosky provided a brief overview of the project, he stated that the operation of a hobby farm and retreat center are conditional uses in the Recreational Commercial Zoning District. Mr. Kernosky also stated that the City Zoning Code requires projects go through Site Plan Reviews.

Mr. Yerigan spoke on concerns about potential noise issues from the event center. He asked whether or not the City had a noise ordinance.

Mayor Wimmer responded that the City does have a noise ordinance, and that other events have received City permission to go beyond the noise ordinance limitations.

Mr. Yerigan again questioned the noise ordinance regulations for private properties and how often the City gave out exceptions to the ordinance.

Mayor Wimmer closed the Public Hearing at 7:36 p.m.

Motion by Lorinser, second by Collison to approve with Staff's recommended conditions.

Mr. Bergley asked questions regarding the turn lanes and the engineering report. Mayor Wimmer stated that the City would be looking into it and that if the City determines that the property needs turns lanes, a condition is in the Resolution to require the property owner to install it.

Motion carried unanimously.

4. Other Business.

A. Resolution 2017-XXX, Penny Lane Southeast Street Vacation

Mayor Wimmer stated this was part of the redevelopment project proposal. The City Council has been looking to do this for several years, but has been waiting for a potential project to come to fruition. The City intends to install Richard Ave on the West end of the property. This would provide a larger parcel for development.

Mr. Kernosky commented that this was to start the process to vacate Penny Lane Southeast, and that a public hearing, Planning Commission recommendation, and City Council Consideration would still need to happen.

Motion by Lorinser, second by Collison to approve. Motion carried unanimously.

B. Resolution 2017-XXX, Isanti EDA, Redevelopment Project Area Proposal

Mayor Wimmer stated that this was part of the redevelopment area of the hotel, and included surrounding properties that are expected to be developed as a result of the hotel. Mayor Wimmer continued to say that this allows the City to pursue other redevelopment proposals and flexibility going forward.

Mr. Kernosky stated that this Resolution was the City Planning Commission stating that this redevelopment area is consistent with the City's Comprehensive Plan.

Motion by Bergley, second by Lorinser to approve. Motion carried unanimously.

5. Other Communications.

A. None.

6. Adjournment

Motion by Lundeen, second by to Collison to adjourn the August 15, 2017 meeting of the Planning Commission. Motion was unanimously approved.

The meeting adjourned at 7:42 p.m.

Dated at Isanti, Minnesota this 16th day of August, 2017

Respectfully submitted,

Ryan Kernosky
Community Development Director

Proclamation

Whereas: Manufacturing is a dynamic and robust industry, crucial to the health and strength of Minnesota's diverse economy and the economic development strategy for the City of Isanti; and

Whereas: The manufacturing industry contributed $48.2 billion to Minnesota's economy in 2016, and at 16 percent, is the largest sector contributing to the state's private gross domestic product; and

Whereas: In 2016, workers took home $20.3 billion in wages from Minnesota manufacturing jobs, the second-highest amount among the state's business sectors; and

Whereas: Manufactured exports brought $18 billion into the Minnesota economy in 2016; and

Whereas: Manufacturing provides 318,000 highly skilled, well-paying jobs, which significantly contribute to Minnesota's high standard of living and economic vitality; and

Whereas: Manufacturing in Minnesota pays an average annual wage of $63,794, which is 17 percent higher than the state's overall average wage.

Whereas: Manufacturing businesses employ 283 people in the City of Isanti which is approximately 15.3 percent of all jobs located within the City of Isanti

Now, therefore, I, George A. Wimmer, Mayor of the City of Isanti, do hereby proclaim that the week of October 1 to October 7, 2017 shall be observed as:

MINNESOTA MANUFACTURING WEEK

in the City of on this 19th day September, Two Thousand and Seventeen.

MAYOR GEORGE A. WIMMER

CITY OF ISANTI
CITY COUNCIL MEETING
WEDNESDAY, September 5, 2017 – 7:00 P.M.
CITY HALL

Mayor Wimmer called the meeting to order at 7:00 p.m.

The Pledge of Allegiance was recited.

Members Present: Mayor George Wimmer, Council Members: Paul Bergley, Dan Collison, Steve Lundeen, and Ross Lorinser (arrived late)

Members Absent: None.

Staff Present: City Administrator Don Lorsung, Human Resources/City Clerk Katie Brooks, Finance Director Mike Betker, Public Service Director/Assistant City Administrator Josi Wood, Economic Development Director Sean Sullivan, City Attorney Clark Joslin, and City Engineer Brad DeWolf

Others Present: D. Rosten

D. Adopt Agenda

Motion by Lundeen, second by Collison to approve the agenda. Motion carried.

E. Proclamations/Commendations/Certificate Awards

1. Beyond the Yellow Ribbon Presentation.

Dave Rosten, a representative from Beyond the Yellow Ribbon, presented a plaque to the City Council in gratitude for the city of Isanti's support for the program. Mr. Rosten explained that Beyond the Yellow Ribbon is a program that creates awareness of past and present servicemember's needs and assists with connecting and coordinating organizations, agencies, companies, and individuals in the community to provide resources and support to servicemembers and military families. He reported that the Isanti County chapter is the largest Yellow Ribbon Community in Minnesota. Mayor Wimmer thanked Mr. Rosten for his military service, his work with Beyond the Yellow Ribbon, and his gratitude for the support that the City of Isanti provides to the program.

F. Approve City Council Minutes

1. August 15, 2017 - Regular Meeting of the City Council
2. August 2, 2015 - Closed Meeting of the City Council

Motion by Lundeen, second by Bergley to approve minutes as presented. Motion carried.

G. Citizens Input

None.

H. Announcements

1. City Council Meeting — Tuesday, September 19, 2017 at 7:00 p.m.
2. Planning Commission Meeting — Tuesday, September 19, 2017 at 7:00 p.m.
   (Immediately following City Council Meeting)

I. Council Committee Reports

Mayor Wimmer reported that Ruth Hunstiger, Catholic Charities Director of Community Services, sent a letter thanking the city of Isanti for its commitment in providing support, food, and space for their Senior Dining program. Mayor Wimmer explained that this is the second year that the city of Isanti has participated in Catholic Charities "Plant a Row, Harvest a Row" program, which provides produce grown in the community garden directly to the Senior Dining location in Isanti.

Mayor Wimmer shared that the sub-committee for the Isanti County EDA sent a letter stating they would not allow a meeting with the Isanti County EDA regarding the hotel project as it did not meet their requirements for a project. Those requirements were: not enough equity in the project, it promoted competition with an existing business in Isanti County, and there was no proof that there was financial backing for the project. Mayor Wimmer explained those reasons were untrue and the project developer had already responded to the sub-committee's allegations.

Mayor Wimmer then broke the requirements down point-by-point to give a public response. Isanti County EDA policy requires a 20% threshold on equity and with the amount of money currently involved, the hotel project has reached approximately 30% equity.

The last approved project was for a gas station in Cambridge with a 100% abatement for a number of years. This raised the point that according to the Isanti County EDA project requirements and policies, that project violated more than one requirements as there is more than one gas station within Isanti County and Isanti County EDA policy states that an abatement may not go over 50%. Due to this, a request had been made to Isanti County for all public data regarding the gas station project that was approved.

Documentation had been provided to the sub-committee regarding financing for the hotel project. This included showing that all equity had been raised, the term sheet from the bank, and personal information on two of the investing partners who had provided personal guarantees on the loan.

Mayor Wimmer said the subcommittee's decision was disappointing, especially since there was no opportunity to refute any of the misinformation. He did point out that there has been no vote by the Isanti County EDA to reject the project as it did not move further than the subcommittee. Both the hotel developer and the City of Isanti intend to keep working on the project.

J. Public Hearings

1. Resolution 2017-224 Approving the Tax Abatement for Isanti Hotel Partners, LLC

Economic Development Director Sean Sullivan said the city of Isanti and Hotel Partners, LLC have been working together to bring a 60-unit Best Western plus hotel to the City of Isanti. The hotel is considered a priority project due to the benefits it will bring to the city and Isanti County.
Mayor Wimmer opened the Public Hearing at 7:20 p.m.
There were no comments during the public hearing.
Mayor Wimmer closed the Public Hearing at 7:21 p.m.
Motion by Lorinser, second by Bergley to approve the request as presented. Motion carried.

2. Resolution 2017-225 Adopting Redevelopment Project Area and Plan

Economic Development Director Sean Sullivan explained this is part of the process the city of Isanti and EDA go through to define a redevelopment area and plan so citizens can see what the plans are for the land parcel and the funds that will be needed to accomplish that.
Councilmember Lundeen commented that he believes there are a lot of community members that

have been waiting for the change of removing Penny Lane and having Richard Avenue go through the area in question. Mayor Wimmer agreed.

Mayor Wimmer opened the Public Hearing at 7:22 p.m.

There were no comments during the public hearing.

Mayor Wimmer closed the Public Hearing at 7:23 p.m.

Motion by Lundeen, second by Bergley to approve the request as presented. Motion carried.

K. Business Items

City Administrator Don Lorsung

1. **Ordinance No. 678 for Small Cell Moratorium of Wireless Telecommunications and Antennas in Public Right-of-Way**

Recent legislation has been passed that allow private entities to attach antennas onto public infrastructures. The ordinance will protect any entities that are financially responsible for the public infrastructure. This will be a one-year moratorium.

Motion by Lorinser, second by Lundeen to approve Ordinance 678. Motion carried.

Police Chief Gene Hill

2. **Resolution 2017-226 for Accepting $32,725.00 Safe and Sober Grant**

Motion by Bergley, second by Lundeen to approve the request as presented. Motion carried.

Finance Director Mike Betker

3. Adoption of Budget and Preliminary Levy
   a. **Resolution 2017-227 Setting the 2017 Final Budget and Levy Meeting**
   b. **Resolution 2017-228 Approving the 2018 Preliminary Budget for the City of Isanti**
   c. **Resolution 2017-229 Adopting the Proposed 2017 Tax Levy Collectible in 2018 for the City of Isanti**

Mayor Wimmer explained the 2018 Preliminary Budget is slightly higher than previously discussed due to an increase from the budgeted 10% to 26% in the health insurance rates by the insurance carrier. The increase is a reflection of the way insurers are pooling their customers. Finance Director Mike Betker said even with this change, residents should still see tax savings.

Motion by Lundeen, second by Collison to approve all three resolutions as presented. Motion carried.

Economic Development Director Sean Sullivan

4. **Resolution 2017-230 Authorizing Funding and Execution of the Municipal Advisory Service Agreement between the City of Isanti EDA and Northland Securities, Inc.**

Motion by Collison, second by Lorinser to approve the request as presented. Motion carried.

Community Development Director Ryan Kernosky

5. **Resolution 2017-231 Initiating the Street Vacation for Penny Lane Southeast**

Motion by Lundeen, second by Bergley to approve the request as presented. Motion carried.

6. **Resolution 2017-232 Approving the Request from Brennan and Rebecca Cox for a Conditional Use Permit and Site Plan Review Application to Operate a Hobby Farm and Retreat Center on the Properties Legally Described in "Exhibit A"**

This has been reviewed and approved through the last Planning Commission meeting.

Motion by Lundeen, second by Collison to approve the request as presented. Motion carried.

L. Approve Consent Agenda

1. Consider Accounts Payable in the Amount of $ 246,509.66 and Payroll in the amount of $ 98,882.54
2. **Resolution 2017-233 Center Point Energy Safety Equipment Matching Grant Award**
3. **Resolution 2017-234 Accepting Renewal Quote for Phone Line Services Through Century Link**

Motion by Lundeen, second by Bergley to approve Consent Agenda as presented. Motion carried.

M. Other Communications

1. Draft Meeting Minutes for the August 15, 2017 Planning Commission Meeting

Adjournment

Motion to adjourn by Bergley, second by Lundeen. Motion carried. The meeting was adjourned at 7:30 p.m.

Respectfully Submitted,

Jeannifer Anderson

Jeannifer Anderson

A Community For Generations.

Isanti

MEMORANDUM

TO: Mayor George Wimmer
Members of the City Council

FROM: Ryan Kernosky, Community Development Director

DATE: September 19, 2017

SUBJECT: Resolution 2017-XXX, A RESOLUTION VACATING PENNY LANE SOUTHEAST, CITY OF ISANTI, MINNESOTA

Background

As you may be aware, the City is actively pursuing a hotel to be constructed on PID 160290101. The 1.91-acre parcel that the City has a development agreement on is split by Penny Lane Southeast.

Penny Ln SE is not a road within a City Right of Way nor any recorded easement. However, pursuant to Minnesota State Statute 160.05 Subdivision 1, any roadway that has been used and kept in repair and worked for six continuous years as a public highway is deemed dedicated to the public until lawfully vacated, as such, we are required to go through the street vacation process.

During the September 5th, 2017 Common Council Meeting, Council members voted to approve Resolution 2017-231, which initiated the street vacation process. The next step is now a public hearing and final vote, followed by various notifications and filings to Isanti County. Once this is completed, Penny Lane SE will be formally vacated.

To ease any concerns, the City is intending to extend Richard Avenue between Broadway Street and Main Street (N/S) along the west property line. The replatting of the property is being handled at the September 19th Planning Commission.

Staff Recommendation

Staff is recommending approval of the attached resolution.

RESOLUTION 2017-231
A RESOLUTION INITIATING THE STREET VACATION FOR PENNY LANE SOUTHEAST, CITY OF ISANTI, MINNESOTA

WHEREAS, the City Council of the City of Isanti finds that Penny Lane Southeast, lying and being between the northerly right of way line of Broadway Street Southeast and the southerly right of way line of Main Street East, all within the city limits of the City of Isanti, has been used and kept in repair and worked for at least six continuous years as a public highway by the City of Isanti; and,

WHEREAS, Minnesota Statutes Section 160.05 Subdivision 1 provides that when any road or portion of a road has been used and kept in repair and worked for at least six consecutive years as a public highway by a road authority it shall be deemed dedicated to the public to the width of the actual use and be and remain, until lawfully vacated, a public highway whether it has ever been established as a public highway or not; and,

WHEREAS, the said Penny Lane Southeast has not been established of record as a public highway, but has been used and kept in repair and worked by the City of Isanti for more than six years as a public highway; and,

WHEREAS, the City of Isanti has entered into a purchase agreement for purchase by the City from Emerald Acres Investment LLC of certain real property identified as PID 160290101, said parcel legally described as:

> That part of the Northeast Quarter of the Southwest Quarter (NE ¼ of the SW ¼) of Section Twenty-nine (29), Township Thirty-five (35), Range Twenty-three (23), Isanti County, Minnesota described as follows, to-wit: Commencing at the intersection of the North right-of-way line of the public town road as presently existing and laid out, said road being the extension of Broadway Street in the Village of Isanti, Minnesota, with the West line of said Northeast Quarter of Southwest Quarter (NE ¼ of SW ¼), said intersection being Thirty-three(33) feet North of the Southwest corner of said Northeast Quarter of Southwest Quarter (NE ¼ of SW ¼), thence on an assumed bearing of South 89 degrees 59 minutes 27 seconds East, along said North right-of-way line of said road, and parallel to the South line of said Northeast Quarter of Southwest Quarter (NE ¼ of SW ¼) a distance of 236.70 feet to the point of beginning of the property to be described; then continuing South 89 degrees 59 minutes 27 seconds East along said North right of way line a distance of 435.59 feet, more or less, to the West right-of-way line of Minnesota Trunk Highway No. 65, as presently existing and laid out, thence Northeasterly along said West right-of-way line of Highway No 65, with the South right-of-way line of the public road as presently existing and laid out, said road being the extension of Main Street in the Village of Isanti, Minnesota , and being described in that certain Highway Easement recorded in Book Q of Miscellaneous, Page 128-9, thence Westerly along said distance of 457.67 feet, more or less, to the intersection with a line bearing North 00 degrees 06 minutes 41 seconds East from said point of beginning; thence South 00 degrees 06 minutes 41 seconds West a distance of 193.82 feet, more or less, to said point of beginning, excepting therefrom the following described triangular piece of land adjoining and Westerly of the Westerly boundary line of trunk Highway No. 65, Southerly of a line run

parallel with and distant 33 feet South of the Center of the line of Main Street in the Village of Isanti extending Easterly to said Highway and Northeasterly of the following described line: Beginning at a point on the Westerly boundary line of said highway distant 100 feet Southerly of its intersection with the above described 33 food parallel line; thence run Northwesterly to a point on said 33 foot parallel line distant 100 feet West of said intersection.

Through and within which the entirety of Penny Lane Southeast is located; and,

WHEREAS, the City of Isanti intends to extend Richard Avenue Southeast by dedicating public right of way along the West property line from Broadway Street Southeast to Main Street East of PID 160290101, thereby eliminating any further need or purpose for Penny Lane Southeast.

NOW, THEREFORE, BE IT RESOLVED, that the City of Isanti hereby initiates the process for the lawful vacation of said Penny Lane Southeast as presently located, between its intersection with the northerly right of way line Broadway Street Southeast and its intersection with the southerly right of way line of Main Street East, all within the City of Isanti, Isanti County, Minnesota, pursuant to the provisions of Minnesota Statutes Section 412.851.

This Resolution is hereby approved by the Isanti City Council this 5th day of September 2017.

Mayor George A. Wimmer

RESOLUTION 2017-XXX

A RESOLUTION VACATING PENNY LANE SOUTHEAST, CITY OF ISANTI, MINNESOTA

WHEREAS, the City Council of the City of Isanti previously passed Resolution 2017-231, providing its interest in vacating, pursuant to Minnesota Statutes § 412.851, Penny Lane Southeast, lying and being between the northerly right of way line of Broadway Street Southeast and the southerly right of way line of Main Street East

WHEREAS, the City Council of the City of Isanti finds that Penny Lane Southeast, lying and being between the northerly right of way line of Broadway Street Southeast and the southerly right of way line of Main Street East, all within the city limits of the City of Isanti, has been used and kept in repair and worked for at least six continuous years as a public highway by the City of Isanti; and,

WHEREAS, Minnesota Statutes Section 160.05 Subdivision 1 provides that when any road or portion of a road has been used and kept in repair and worked for at least six consecutive years as a public highway by a road authority it shall be deemed dedicated to the public to the width of the actual use and be and remain, until lawfully vacated, a public highway whether it has ever been established as a public highway or not; and,

WHEREAS, the said Penny Lane Southeast has not been established of record as a public highway, but has been used and kept in repair and worked by the City of Isanti for more than six years as a public highway; and,

WHEREAS, the City of Isanti has entered into a purchase agreement for purchase by the City from Emerald Acres Investment LLC of certain real property identified as PID 160290101, said parcel legally described as:

> That part of the Northeast Quarter of the Southwest Quarter (NE ¼ of the SW ¼) of Section Twenty-nine (29), Township Thirty-five (35), Range Twenty-three (23), Isanti County, Minnesota described as follows, to-wit: Commencing at the intersection of the North right-of-way line of the public town road as presently existing and laid out, said road being the extension of Broadway Street in the Village of Isanti, Minnesota, with the West line of said Northeast Quarter of Southwest Quarter (NE ¼ of SW ¼), said intersection being Thirty-three(33) feet North of the Southwest corner of said Northeast Quarter of Southwest Quarter (NE ¼ of SW ¼), thence on an assumed bearing of South 89 degrees 59 minutes 27 seconds East, along said North right-of-way line of said road, and parallel to the South line of said Northeast Quarter of Southwest Quarter (NE ¼ of SW ¼) a distance of 236.70 feet to the point of beginning of the property to be described; then continuing South 89 degrees 59 minutes 27 seconds East along said North right of way line a distance of 435.59 feet, more or less, to the West right-of-way line of Minnesota Trunk Highway No. 65, as presently existing and laid out, thence Northeasterly along said West right-of-way line of Highway No 65, with the South right-of-way line of the public road as presently existing and laid out, said road being the extension of Main Street in the Village of Isanti, Minnesota , and being described in that certain Highway Easement recorded in Book Q of Miscellaneous,

Page 128-9, thence Westerly along said distance of 457.67 feet, more or less, to the intersection with a line bearing North 00 degrees 06 minutes 41 seconds East from said point of beginning; thence South 00 degrees 06 minutes 41 seconds West a distance of 193.82 feet, more or less, to said point of beginning, excepting therefrom the following described triangular piece of land adjoining and Westerly of the Westerly boundary line of trunk Highway No. 65, Southerly of a line run parallel with and distant 33 feet South of the Center of the line of Main Street in the Village of Isanti extending Easterly to said Highway and Northeasterly of the following described line: Beginning at a point on the Westerly boundary line of said highway distant 100 feet Southerly of its intersection with the above described 33 food parallel line; thence run Northwesterly to a point on said 33 foot parallel line distant 100 feet West of said intersection.

Through and within which the entirety of Penny Lane Southeast is located; and,

WHEREAS, the City of Isanti intends to extend Richard Avenue Southeast by dedicating public right of way along the West property line from Broadway Street Southeast to Main Street East of PID 160290101, thereby eliminating any further need or purpose for Penny Lane Southeast.

WHEREAS, the City Council called for a public hearing noting its interest in vacating, pursuant to Minnesota Statute §412.851, Penny Lane Southeast, lying and being between the northerly right of way line of Broadway Street Southeast and the southerly right of way line of Main Street East; and setting a public hearing to consider the vacation of such street; and,

WHEREAS, a public hearing to consider the vacation of such street was held on September 19th, 2017 before the City Council in the City Hall located at 110 First Avenue NW, Isanti, Minnesota a 7:00 p.m. after due published and posted notice had been given, as well as personal mailed notice to all affected property owners on the 6th day of September, 2017. Published notice was published in the *Isanti County* News on September 6th & September 13th, 2017. All interested and affected persons were given an opportunity to voice their concerns and be heard; and,

WHEREAS, no notice has been given to the Commissioner of Natural Resources because no portion of the proposed vacation terminates at, abuts upon, or is adjacent to any public water; and,

WHEREAS, the Isanti City Council has determined that the vacation will benefit the public interest for reasons including, but not limited to:

1. The increased economic activity of the community as a result of the development of the proposed hotel will not happen unless Penny Lane Southeast is vacated.
2. Richard Avenue Southeast will be extended North/South along the West property line of PID 160290101 from Broadway Street Southeast to Main Street East, causing no significant impact on access for the surrounding neighborhoods.

WHEREAS, as no petition has been filed, at least four-fifths of all present members of the City Council concur in this resolution.

NOW, THEREFORE, BE IT RESOLVED, by the City Council of the City of Isanti, that Penny Lane Southeast, as legally described in "Exhibit A" attached hereto and incorporated herein shall be vacated.

The motion for the adoption of the foregoing resolution was duly moved by Councilman _____, seconded by Councilman _____, and upon vote being taken thereon, the following voted in favor thereof:

And the following voted against the same:

BE IT FURTHER RESOLVED, that the City Clerk of the City of Isanti prepare and file with the Isanti County Recorder a Notice of Completion of Vacation.

BE IT FURTHER RESOLVED, that the Mayor of the City of Isanti and the City Clerk of the City of Isanti are authorized and empowered to sign any and all documentation necessary and appropriate to affect the vacation.

Approved by the City of Isanti City Council this 19th day of September 2017.

MEMORANDUM

TO: Mayor George Wimmer
Members of the Isanti City Council

FROM: Ryan Kernosky, Community Development Director

DATE: September 19, 2017

SUBJECT: **Consideration of Joint Resolution 2017-XXX IN THE MATTER OF THE AMENDMENT TO THE ORDERLY ANNEXATION BETWEEN THE CITY OF ISANTI, MINNESOTA AND ISANTI TOWNSHIP, MINNESOTA PURSUANT TO MINNESOTA STATUTES § 414.0325 SUBD. 1**

Background

As part of the 2017 City Council Goals, the City identified annexation of properties completely surrounded by the corporate limits of the City for annexation. Many of these properties have been identified as receiving some amount of City services (directly or indirectly), without paying City taxes.

The Joint Resolution that the Council will be voting on is for properties that fall within the 1973 Orderly Annexation Agreement (OA) between the Village (City) of Isanti and the Isanti Township. The OA identified non-City properties within a specific area (Sections 30, 31, W3/4 of 29 and 32, Township 35, Range 23) to be annexed as a Joint Resolution between the City and the Township.

If the City Council chooses to annex the properties within the OA through the attached Joint Resolution, it would then be sent to the Isanti Township for their review and either approval or denial within 30 days. If the Isanti Township approves the Joint Resolution, the Joint Resolution would be sent to the Office of Administrative Hearings – Municipal Boundary Division for their review and approval within 30 days. However, if the Isanti Township chooses to object to the annexations within the OA, the Joint Resolution would be sent to the Office of Administrative Hearings – Municipal Boundary Division for an Administrative Judge Review. This review would include an administrative hearing held in the Isanti area. The Administrative Law Judge could, after the hearing, order the annexation, deny the annexation, or alter the boundaries of the annexation.

Part of the 1973 OA included language to reimburse the property owners a rate that depending on the time for annexed property owners to receive municipal services (sewer and water). That

reimbursement must be made over a three to five-year timeline. The City has identified the property owners who have immediate access to sewer and/or water and those who have no access to sewer and water. The City is proposing to reimburse property owners on one year of the difference between the City and Township property tax based on the following information:

a) If a property owner has access to sewer AND water: No Reimbursement will be issued by the City of Isanti.
b) If the property owner has access to sewer OR water: 50% Reimbursement will be issued to the property owner by the City of Isanti.
c) If the property owner has NO access to sewer AND water: 100% Reimbursement will be issued to the property owner by the City of Isanti.

A complete reimbursement schedule is attached to this memo for your information.

The City is also required by MN State Statute to reimburse the Isanti Township their portion of lost tax revenue as a result of any annexation. The City is required to do this between two and eight years. The City is proposing to reimburse the township over three years, and a complete township reimbursement schedule is attached to this memo.

Public Notice

The City provided all impacted property owners notice through US Postal Service on September 8, 2017. The City also provided the Isanti Township a copy of all letters sent to the impacted property owners, and a letter stating that we intend to initiate this process; this was sent out via US Postal Service on September 8, 2017.

Common Questions Regarding Annexation

If I'm annexed into the City, do I immediately have to hook up to City sewer? – No. However, your septic system must be up to the standards of the County. In the event that the private septic system becomes inoperable or no longer meet County standards, the property owner would be required to hook up to City sewer. When the property owner hooks up to City sewer, the must pay the "Sewer Access Charge" a one-time fee to hook up to the City's system, this one-time cost was set at $4,435.00 in 2017 but can change from year to year.

If I'm annexed into the City, do I immediately have to hook up to City water? – No, residents are able to maintain and use existing private wells on their property provided they meet yearly testing requirements. In the event that the private well does not meet minimum yearly requirements of testing (i.e. there's more bacteria in the well than permissible by health standards) or the well is inoperable, the property owner is required to hook up to City water. When a property owner, whether it's a brand new home or a home with an existing well, hooks up to City water, they must pay the one-time cost of the "Water Access Charge," that charge is currently $3787.00 but can change from year to year.

What other fees will I be charged by the City? – Property owners who have ACCESS to City Sewer and water hook ups are required, whether or not they are hooked into the sewer and water system, to pay half the base fee for the services they have access to. The current monthly base fee for water is $12.68 and $11.43 for sewer. This charge can change from year to year.

Property owners are also changed a monthly stormwater fee. This fee varies and is based on the lot size, impervious surface coverage of that lot, and whether or not the property has a structure on the property.

If I'm annexed into the City, do I have to meet nuisance standards? – Yes, once a property is annexed into the City, the rules and regulations relating to nuisances (long grass, unlicensed vehicles, etc.) must adhere to City standards.

Motion Language

Approve the Joint Resolution as presented: Move to approve Joint Resolution 2017-XXX as presented.

Approve the Joint Resolution with changes: Move to approve Joint Resolution 2017-XXX (1st vote) – NEW MOTION: Move to amend Joint Resolution 2017-XXX with the following changes…

Table the Joint Resolution: Move to table Joint Resolution 2017-XXX (specific Reasoning and Information for any requests should be included or stated in the motion to table).

JOINT RESOLUTION FOR ORDERLY ANNEXATION

ISANTI VILLAGE AND TOWNSHIP

Whereas, certain property within the Town of Isanti is in need of orderly annexation to the Village of Isanti; and,

Whereas, the legal description of the property is as follows:

> Sections 30, 31 and the Western Three-fourths (W 3/4) of Section Twenty-nine (29) and Thirty-two (32), Township Thirty-five (35), Range Twenty-three (23), all in Isanti Township, Isanti County, Minnesota;

Excepting therefrom property already included within the existing boundaries of the Village of Isanti;

Also excepting therefrom the property currently before the Minnesota Municipal Commission in annexation proceeding A-2193,

Now, Therefore, Be It Resolved by the Township of Isanti and the Village of Isanti, as follows:

1. That the above described area in Isanti Township is properly subject to orderly annexation under and pursuant to Minnesota Statutes 414.032, and the parties hereto do hereby designate this area as in need of orderly annexation as provided by statute. The Township of Isanti does upon passage of this resolution and its adoption by the council of the Village of Isanti, confer jurisdiction upon the Minnesota Municipal Commission so as to accomplish said orderly annexation in accordance with the terms of this resolution.

(1)

2. No annexations will take place anywhere within the area designated as in need of orderly annexation unless the area involved is or is about to become urban or suburban in character and unless the city has available and is capable of providing municipal services.

3. Any persons annexed to the village pursuant to this agreement shall receive a "tax break" consisting of a staged graduated increase in mill rates from the Town rate to the Village rate over a three to five year period depending on the length of time necessary to provide full municipal services to the area annexed.

TOWNSHIP OF ISANTI

Passed and adopted by the Township of Isanti this 11th day of June, 1973.

A JOINT RESOLUTION

CITY OF ISANTI, MN RESOLUTION 2017-XXX

ISANTI TOWNSHIP RESOLUTION: _____

IN THE MATTER OF THE AMENDMENT TO THE ORDERLY ANNEXATION BETWEEN THE CITY OF ISANTI, MINNESOTA AND ISANTI TOWNSHIP, MINNESOTA PURSUANT TO MINNESOTA STATUTES § 414.0325 SUBD 1

WHEREAS, the Township of Isanti and the City of Isanti are parties to a Joint Resolution for Orderly Annexation, which Joint Resolution was duly filed with the Municipal Board on August 31, 1973, (File NO: A-2457(OA)); and,

WHEREAS, the City of Isanti and Isanti Township designate for orderly annexation, the described lands defined in Exhibits "A" through "I", located within Isanti Township, County of Isanti, Minnesota; and,

WHEREAS, the City of Isanti and Isanti Township are in agreement as to the orderly annexation of the unincorporated lands described; that both believe it will be to their benefit and to the benefit of their respective residents; and,

WHEREAS, Minnesota Statutes § 414.0325 provides a procedure whereby the City of Isanti and Isanti Township may agree on a process of orderly annexation of designated areas; and,

WHEREAS, Both the City of Isanti and Isanti Township have agreed to all the terms and conditions for the annexation of the lands legally described in Exhibits "A" through "I" and the signatories hereto agree that no alteration of the designated area is appropriate and no consideration by the Chief Administrative Law Judge is necessary. The Chief Administrative Law Judge may review and comment, but shall within thirty (30) days, order the annexation of the properties as described within Exhibits "A" through "I" in accordance with the terms of this Joint Resolution.

NOW, THEREFORE, BE IT RESOLVED, jointly by the City Council of the City of Isanti and the Township Board of Isanti Township as follows:

1) That the following described lands identified in Exhibits "A" through "I" in Isanti Township are subject to orderly annexation pursuant to Minnesota Statutes § 414.0325.

2) That the described lands identified in Exhibits "A" through "I" consist of approximately 99 acres, the population in the subject area is approximately 61 persons, and the land use types are residential, recreational, agricultural, and commercial.

3) That the described lands identified in Exhibits "A" through "I" are urban or suburban or about to become so, and since the City of Isanti has either provided services, or is capable of providing services to this area within a reasonable time, the annexation would be in the best interest of the area.

4) That Isanti Township and the City of Isanti, by submission of this Joint Resolution to the Municipal Boundary Adjustment Unit of the Office of Administrative Hearings, confers jurisdiction upon the Chief Administrative Law Judge so as to accomplish said orderly annexation in accordance with the terms of this resolution.

5) Pursuant to condition 3 of the Joint Resolution for Orderly Annexation between the City of Isanti and Isanti Township, the City of Isanti agrees to reimburse the property owner(s) whose property has been annexed into the City through this Joint Resolution, a portion of the difference between the Isanti Township portion of property taxes and the City of Isanti portion of the property taxes as described in Exhibit "K", subject to the following[1]:

   a. If a property has immediate access to both sewer and water, then the City will reimburse no difference (0 percent) as described above to the property owner(s).

   b. If a property has immediate access to either sewer or water, then the City will reimburse half (50 percent) the difference as described above to the property owner(s).

      i. Reimbursement shall be made to the property owner(s) per the following schedule:

         1. In the first year following the year the City of Isanti could first levy on the annexed area, an amount equal to 67 percent of the total reimbursement.

         2. In the second year, an amount equal to 33 percent of the total reimbursement.

         3. In the third year, an amount equal to 0 percent of the total reimbursement.

   c. If a property has no immediate access to either sewer or water, then the City will reimburse the full (100 percent) difference as described above to the property owner(s).

      i. Reimbursement shall be made to the property owner(s) per the following schedule:

         1. In the first year following the year the City of Isanti could first levy on the annexed area, an amount equal to 67 percent of the total reimbursement.

         2. In the second year, an amount equal to 33 percent of the total reimbursement.

[1] Specific property owner(s) reimbursement for properties annexed through this Joint Resolution is described in Exhibit "L" attached to this document.

3. In the third year, an amount equal to 0 percent of the total reimbursement.

6) Reimbursement to Isanti Township for lost taxes on annexed property, pursuant to Minnesota Statute § 414.036, per the following schedule[2]:

   a. In the first year following the year in which the City of Isanti could first levy on the annexed area, an amount equal to $3,048.22; and

   b. In the second year, an amount equal to $3,048.22; and,

   c. In the third and final year, an amount equal to $3,048.22.

7) The City of Isanti and Isanti Township agree that upon receipt of this resolution, passed and adopted by each party, the Chief Administrative Law Judge may review and comment, but shall within thirty (30) days, order the annexation in accordance with the terms of the resolution.

[2] Specific property payments are described in Exhibit "J" attached to this document.

MEMORANDUM

TO: Mayor George Wimmer
Members of the Isanti City Council

FROM: Ryan Kernosky, Community Development Director

DATE: September 19, 2017

SUBJECT: **CONSIDERATION OF NOTICE OF INTENT TO ANNEX PROPERTY AT 1805 285TH AVE NE, PID 05.028.1101**

Background

As part of the 2017 City Council Goals, the annexation of surrounded properties was identified as a top priority of 2017. PID 05.028.1101 (subject parcel) does not fall within the 1973 Orderly Annexation agreement area between the City of Isanti and the Isanti Township, nor is the property *completely* surrounded by the City's corporate limits. Therefore, this parcel needs to be annexed using Minnesota Statute § 414.033 subd. 3.

MN Statute § 414.033 subd. 3

Minnesota State Statute § 414.033 subd. 3 allows for annexation of parcels through Ordinance that are surrounded by the annexing municipality on at least 60 percent of the property's boundaries and are under 40 acres in size. The subject parcel exceeds the 60 percent surrounded requirement and is 2.5 acres in size, therefore, can be annexed through ordinance and under § 414.033 subd. 3.

Notice of Intent

The City of Isanti is FIRST required to pass a *Notice of Intent* (NoI) and serve the Isanti Township and the Office of Administrative Hearings – Municipal Boundary Adjustment Unit as part of the annexation process. Once that is done, the Isanti Township has 90 days to file an objection to the NoI with the Administrative Law Judge. If an objection is recorded, the annexation goes through an administrative hearing coordinated by the Office of Administrative Hearings, this process could take up to a year. If there is no objection to the NoI, after 90 days the City would pass the Ordinance to annex the property and file it with the Office of Administrative Hearing – Municipal Boundary Adjustment Unit and they would issue the order for annexation.

The City has notified the property owner of the vote to be taken on the Notice of Intent.

Motion Language

Approve the Notice of Intent: Move to approve the Notice of Intent for the annexation of PID 05.028.1101

Table the Notice of Intent: Move to table the Notice of Intent for the annexation of PID 05.028.1101

Staff Request

Approve the Notice of Intent to annex PID 05.028.1101

NOTICE OF INTENT FOR ANNEXATION

IN THE MATTER OF THE NOTICE OF INTENT FOR THE ANNEXATION
OF CERTAIN LAND TO THE CITY OF ISANTI, MINNESOTA
PURSUANT TO MINNESOTA STATUTES § 414.033, SUBD. 3

TO: ISANTI TOWNSHIP Town Board; and

Office of Administrative Hearings
Municipal Boundary Adjustment Unit
P. O. Box 64620
St. Paul, MN 55164-0620

WHEREAS, the territory described below is not presently within the corporate limits of any incorporated city, and,

WHEREAS, the area proposed for annexation is 40 acres or less in size, is 60% or more bordered by land already within the corporate limits of the City of ISANTI, and is not appropriate for annexation by ordinance pursuant to Minnesota Statutes § 414.033, Subd. 2(3); and,

WHEREAS, the area proposed for annexation is described as follows:

The south 436 feet of the west 250 feet of the Southwest Quarter of the Southwest Quarter of Section 28, Township 35, Range 23, Isanti County, Minnesota.

WHEREAS, the area proposed for annexation abuts upon the corporate limits of the City of ISANTI, Minnesota; and,

WHEREAS, the area proposed for annexation is unincorporated, abuts on the city's NORTH, SOUTH, EAST, WEST boundaries, and is not included within any other municipality; and,

WHEREAS, the area proposed for annexation is approximately 2.5 acres in size; and

WHEREAS, the City of Isanti City Council has identified annexation of properties surrounded by the Corporate limits of the City for targeted annexation in 2017; and,

WHEREAS, the nature of the area proposed for annexation is: RESIDENTIAL; and,

WHEREAS, the area proposed for annexation is not included in any area that has already been designated for orderly annexation pursuant to Minnesota Statutes § 414.0325, nor in any other proceeding currently pending before the Office of Administrative Hearings - Municipal Boundary Adjustment Unit.

NOW THEREFORE, BE IT RESOLVED, BY THE CITY COUNCIL OF ISANTI, MINNESOTA that we hereby serve a Notice of Intent to annex the above-described property into

the corporate limits of the City of ISANTI, Minnesota on: ISANTI Township; ISANTI County; and the Municipal Boundary Adjustment Unit of the Office of Administrative Hearings.

Adopted this 19TH day of SEPTEMBER, 2017

Mayor George A. Wimmer

Subject: Resolution Approving a Special Event Permit Application for the 2018 Isanti Firefighters PRCA Rodeo

---

Background

The Isanti Firefighter Rodeo Association (IFRA), has submitted an application requesting a Special Event Permit for the 2018 Isanti Firefighters PRCA Rodeo. The event is scheduled for July 6 through July 8, 2018 and will take place on the Rodeo grounds at 500 3rd Ave NW. The association is anticipating about 11,000 people over the 3-day event. The event will include live entertainment using public addressing systems and amplifiers during the daily events and dances following the Friday and Saturday rodeo performances.

The IFRA is requesting the use of several areas for parking for spectators and overflow horse trailers. Property belonging to the City of Isanti includes Unity Park (420 3rd Ave NW), the south Bluebird Park parking lot (201 Isanti Parkway NW), and the grass south of the Isanti Indoor Arena (101 Isanti Parkway NW). Overflow horse parking will be allowed only at the Isanti Indoor Arena grass. Horses will not be allowed on any of the City's paved trails; if necessary, a rubber mat may be used at designated crossings, however, any resulting damage will be the responsibility of the IFRA to repair. Additionally, any designated crossings must not impact the trail's regular use during the event. City staff will designate entrance and exit areas for City of Isanti lots; IFRA will be responsible for enforcing spectator parking and for any damages caused to sidewalks, curbing, trails, etc. as a result of rodeo parking. Any City of Isanti owned properties reserved for exclusive event parking will incur a fee. Other parking areas owned by other entities include Isanti Primary School parking lot and grass (301 Heritage Blvd NW), Cambridge-Isanti bus garage on 1st Ave NW (PID 160400970), Isanti Civic Arena (600 1st Ave NW). Prior to the permit being issued, letters of permission from property owners other than the City of Isanti must be submitted for all parking areas requested. Parking on the grass in other areas of Bluebird Park is prohibited. A shuttle service will be provided for spectators from the parking areas.

The IFRA is not requesting that any roads be closed for the event, but have indicated that they may place signage indicating pedestrian crossings on 3rd Avenue and 1st Avenue.

The IFRA will provide additional portable restrooms as needed for the event, including 5 units to the area south of Isanti Indoor Arena. The portable restrooms provided during the event should be adequate for the estimated daily attendance. A Special Event Planning Usage Chart is available to determine the number needed. The public restrooms on the south end of the Isanti Indoor Arena will remain open during regular park hours (7:00 am to 10:00 pm), and will automatically lock at 10:00 pm. The IFRA will be responsible for periodically checking and restocking these facilities. The association will be responsible for cleaning up all parking areas after the event.

In addition the Special Event Permit, the IFRA must file separate Gambling and Temporary Sign permits, as well as a Liquor License, as applicable for the event.

Special Event Permit application materials, including an event map, have been included for Council review.

Staff Request

City staff are requesting City Council's approval of the Special Event Permit application for the 2018 Isanti Firefighters PRCA Rodeo.

RESOLUTION NO. 2017-XXX

RESOLUTION APPROVING A SPECIAL EVENT PERMIT APPLICATION FOR THE 2018 ISANTI FIREFIGHTERS PRCA RODEO

WHEREAS, Isanti Firefighter Rodeo Association (IFRA), has submitted a Special Event application requesting a permit to host the 2018 Isanti Firefighters PRCA Rodeo on the Isanti Rodeo Grounds; and,

WHEREAS, the event is scheduled for July 6 through July 8, 2018; and,

WHEREAS, the estimated number of people to be in attendance over that time period is 11,000; and,

WHEREAS, IFRA is requesting parking to be allowed at several City of Isanti owned and privately owned properties; and,

WHEREAS, City of Isanti properties requested include Unity Park (420 3rd Ave NW), the south Bluebird Park parking lot (201 Isanti Parkway NW), and the Isanti Indoor Arena including grass south of the facility (101 Isanti Parkway NW); and,

WHEREAS, any City of Isanti properties reserved exclusively for event parking will incur a reservation fee; and,

WHEREAS, if needed, the IFRA may park overflow horse trailers on the grass at Isanti Indoor Arena, however no horses will be allowed on the paved trails throughout Bluebird Park; and,

WHEREAS, mats may be placed over paved trails to protect the trails at designated horse crossing areas, however the trails must remain open and accessible during the event; and,

WHEREAS, all parking on the grass at Bluebird Park, except the area south of the Isanti Indoor Arena, is prohibited; and,

WHEREAS, additional privately owned lots will be used for spectator parking including the Isanti Intermediate School, the Cambridge-Isanti bus lot, and Isanti Civic Arena; the IFRA will be responsible for submitting letters from each property owner granting permission to use the lots prior to the event; and,

WHEREAS, throughout the event, public addressing systems and amplifiers will be used, including dances following the rodeo performances on Friday and Saturday; and,

WHEREAS, the applicant will be required to provide additional restrooms for the event and will bring additional units to parking areas; and,

WHEREAS, additional permitting and licensing may be required for this event including, but not limited to, a liquor license, gambling permit, and sign permit;

NOW, THEREFORE, IT IS HEREBY RESOLVED by the City Council of the City Of Isanti, Minnesota to hereby approve the special event permit for the 2018 Isanti Firefighters PRCA Rodeo with the

following conditions:

- Signed Release and Indemnification Form is submitted prior to the event
- A $100 Cleanup Deposit Fee is submitted prior to the event.
- A Certificate of Insurance is submitted prior to the event, and will list the City of Isanti as the additionally insured.
- Letters of permission from each property owner are submitted for all parking areas prior to the event.
- IFRA will be responsible for repairing any damage to grass, trails, sidewalks, or curbing due to parking, or other event activities.
- IFRA will be responsible for the upkeep of all restroom facilities, including those at the south end of the Isanti Indoor Arena, for the duration of the event.
- Proof of written notification to property owners within 350' of the rodeo grounds is submitted prior to the event.

AND FURTHERMORE, IT IS HEREBY RESOLVED by the City Council of the City of Isanti, Minnesota that this Resolution is hereby the "Permit" for the above stated Special Event.

This resolution was duly adopted by the Isanti City Council this 19th day of September 2017.

Subject: Special Event Permit Application - 2018 Rodeo

Hello!

I am hoping to get the 2018 Rodeo Special Event Permit to Council next week. I have attached all of the paperwork so far. There are a couple of points of discussion that I'm still waiting to hear back about, but I will let you know if anything written in these documents changes (I don't believe there's anything that is related to public safety that will change). Because IFRA has some deadlines to meet, we are putting this through now with lots of conditions that we get more things turned in before the rodeo next year. We will definitely plan on having some meetings before the event occurs to iron out any details. The separate parking map shows the areas that are being approved with the permit.

Please review the documents carefully and let me know if there are any questions. Since this is the first year we're doing a permit for the rodeo, we're trying to think ahead as much as possible. I will need your approval or comments by about 1:00 pm on Thursday to get everything onto the Council agenda for 9/19.

Thank you!

Parking Impact

IFRA would graciously request the grass lot south of the Isanti indoor BMX track, Unity Park and west side of the fire/police station on the grass for spectator parking. We have outlined these in a yellow on the provided map. There is a request for parking in the compost area for horse trailers. I will possibly need parking for forty horse trailers for overflow, each trailer averages 35 to 40 feet with truck. If you had any ideas that would be greatly appreciated. I really want my options approved in advance to avoid any unapproved trailer parking.

IFRA would also request if you had any options for non-utilities camper parking for spectators. Any profits would be direct to the City of Isanti. We would like the ability to advertise this potential and come up with a three-day pass for our rodeo.

IFRA also has included the letter from ISD approving last year's parking for the lot north west of the school and the old bus lot. This year IFRA will request from the hockey association and CISC for potential overflow parking.

Primary horse trailer parking will be on IFRA parking west of the rodeo grounds (outlined in red on the map). We can accommodate 160 horse trailers in this space. This past rodeo Friday night we had 200 horse's trailers, we are charging a fee for trailer parking of $25.00 a night. Any parking off the IFRA grounds would be gladly transferred to the City of Isanti. Sorry but, restating my concern in getting large number of trailers for Friday night and Saturday morning.

Request for City Council Action- MEMO

To: **Mayor Wimmer and Members of City Council**

From: Katie Brooks, Human Resources/City Clerk

Date: September 19, 2017

Subject: Consider Resolution to Appoint Candidate to Fill a Vacant Parks, Recreation, and Culture Board Seat 2017-XXX

Background:

Currently, there is one seat vacant on the Park, Recreation and Culture Board. The City is required to make certain official appointments to City Boards. Advertisements were placed to seek interested candidates for the vacant seat on the Parks, Recreation, and Culture Board. One application and Interest Disclosure form was received from Jeffrey Johnson. The applicant lives within City limits.

Request:

It is requested that City Council interview candidate Jeffrey Johnson and make appointment for the Parks, Recreation, and Culture Board.

Attachment:

- Resolution 2017-XXX

Park & Recreation Board Member Interview Questions:

1) What is the Park & Recreation Board's role?

2) What is your vision of the park and recreational system for the City?

3) Do you have experience in parks and recreation or park and recreation member experience?

4) Do you volunteer within the Isanti Community?

5) Can you attend evening meetings that start at 6:00 p.m.?

MEMO

To: **City Council**

From: Finance Director Betker

Date: September 19th, 2017

Subject: Utility Billing Cycle Adjustment

Background:
Month end accounting procedures include a reconciliation of utility accounts receivable between the Utility Management (UM) module and General Ledger (GL) module of the City's accounting software. Upon review it has become clear that current procedures are inefficient, time consuming and need improvement; from an accounting perspective, while conforming with City Code.

Research:
There are several problems that need to be addressed:

1) The City's billing cycle does not match a calendar month. The UM module uses periods that run monthly from the 24th to the 23rd. The GL module follows a calendar month. This leaves an open period in UM at the end of each GL period, a time period within which billing adjustments, payment adjustment and the like can be entered that will affect the amount that is receivable at month end without adversely affecting the UM billing period.
2) Furthermore the problem is compounded by an informal closing to each UM billing period. That is to say that rather than close the prior period at the end of the day on the 23rd of each month staff have left the period open. I suspect that the original intent of such action was well intended as such an action could allow for a more accurate accounting of the true receivable at month end. However since a hard close to the period has not been observed at month end; any benefit gained is diminished by ongoing prior period transactions that occur after month end but are then posted to the prior billing period.
3) Both of the above issues contribute to what would be a very time consuming process to properly reconcile the AR accounts of the enterprise utilities at year end 2017. A process that should take little to no time could instead take several hours up to about 2 days at year end.

Proposal:
The only solution that will solve all of the above identified problems simultaneously is to shift the billing period by 7 days and enact a "hard" close at the end of each month coinciding with the end of the UM billing period and the GL accounting period. The following table provides clarification about what changes would need to take place.

	Current	Proposed	
	October	November	December
Due Date	13th	**20th**	20th
Read Date	17th	**18th**	**20th**
Penalties Applied	19th	**26th**	26th
Bill Calculation/Mailing	23rd	**30th**	29th
Disconnect Posting	Nov 1st	**Dec 6th**	Jan 3rd
Disconnection	Nov 6th	**Dec 11th**	Jan 8th

- Due date and read date would both move to the 20th or nearest business day each month
- Penalties would be applied on the 26th or next business day each month
- Bills would be calculated and mailed by 2pm on the last business day of each month
- Disconnect door posting procedures would move from the Wednesday before the first Monday of the each month to the Wednesday before the second Monday of each month.
- Disconnection would move from the first Monday of each month to the second Monday of each month

Furthermore this change would be made easier by transitioning the read dates over 2 months rather than 1 month to reduce the adverse consequences of having several extra days in the billing period in the first month of the transition. Additionally I would expect residents to be receptive to this change as it will allow for extra week to pay in the month of November.

Residents would be made aware of this change in a mailing that would go out after the October due date. This should help to alleviate confusion about the correct due date upon receipt of the mailing by residents.

Additionally staff has concluded that the above outlined changes are compliant with City Code.

The Finance Committee approved the proposed transition at its September 7, 2017 meeting.

RESOLUTION NO. 2017-XXX

RESOLUTION SETTING DUE DATE FOR MUNICIPAL UTILITY BILLS

WHEREAS, the process for reconciling utility accounts receivable needed to be reviewed due to inconsistencies and errors in the current system; and,

WHEREAS, Staff has prepared a revised timeline for processing municipal utility bills that is compliant with City Code; and,

WHEREAS, the Finance Committee has reviewed this timeline and recommends its adoption; and,

NOW, THEREFORE, IT IS HEREBY RESOLVED by the City Council of the City of Isanti, Minnesota hereby adopts a due date for all municipal utility accounts of the 20th or the next business day of each month.

This resolution was duly adopted by the Isanti City Council this 19th day of September 2017.

Request for City Council Action - MEMO

To: **Mayor Wimmer and Members of City Council**

From: Katie Everett
Community Events & Parks Coordinator

Date: September 19, 2017

Subject: A Resolution Approving Cedar Tree Revetment at River Bluff Preserve 2017-XXX

Background

City of Isanti staff have worked with the Isanti Soil and Water Conservation District (SWCD) and Anoka SWCD on a cedar tree revetment project at River Bluff Preserve. Cedar tree revetments involve securing cedar trees to the river bank and planting trees within the project area. The cedar trees slow down the current and collect sediment to rebuild the riverbank, slowing down and correcting erosion. The trees grown in the area will then stabilize the bank well into the future.

The City of Isanti's partnership with the Soil and Water Conservation Districts to put the revetments in place will be made possible through grants from the Outdoor Heritage Fund and Conservation Corps of Minnesota. The City's responsibilities will be to contribute 10% of the material and installation costs (estimated $614.76, not to exceed $676.24), and to agree to leave the revetment in place for 10 years. The revetment requires cedar trees, and Isanti SWCD has identified about 20 trees in the upper prairie portion of River Bluff Preserve that would be appropriate for this project; the City would need to approve the removal and use of these trees.

The cedar tree revetments were not budgeted in 2017; however, the 2017 PRC budget included $10,090 (101-45300-500) for further improvement of River Bluff Preserve. There are adequate funds remaining in this budget to cover the City's 10% contribution toward the project.

Staff Request

It is requested that City Council consider approving the grants obtained through partnership with the Isanti Soil and Water Conservation District, approving the contract for construction and maintenance of the erosion control, and authorizing the unbudgeted amount, not to exceed $676.24, as required for the 10% contribution toward the grant for the project.

Attachments

- Resolution No. 2017-XXX
- Exhibit A: Partnership Agreement for the Construction and Maintenance of Riverbank Erosion Control

RESOLUTION NO. 2017-

A RESOLUTION APPROVING CEDAR TREE REVETMENT AT RIVER BLUFF PRESERVE

WHEREAS, the City of Isanti, through a partnership with Isanti Soil and Water Conservation District (SWCD) has the opportunity to participate in a cedar tree revetment program to control erosion and rebuild the river bank at River Bluff Preserve; and,

WHEREAS, the project is made possible through grants from the Outdoor Heritage Fund and Conservation Corps of Minnesota; and,

WHEREAS, the grants require a 10% contribution toward construction costs by the City of Isanti; and,

WHEREAS, the City of Isanti's contributions will not exceed $676.24, the source of which will be 101-45300-500; and,

WHEREAS, the City of Isanti will agree to keep the revetment in place over its effective lifetime (approximately 10 years); and,

WHEREAS, cedar trees are required for the construction and Isanti SWCD has identified trees appropriate for the project on the upper portion of River Bluff Preserve;

NOW, THEREFORE, IT IS HEREBY RESOLVED by the City Council of the City of Isanti, Minnesota, to approve cedar tree revetment at River Bluff Preserve, including the following:

- Funding the previously unbudgeted 10% contribution, not to exceed $676.24 through 101-45300-500
- Approving the Partnership Agreement for the Construction and Maintenance of Riverbank Erosion Control
- Removal and use of cedar trees from the upper portion of River Bluff Preserve in the revetment

This resolution was duly adopted by the Isanti City Council on this 19th day of September 2017.

PARTNERSHIP AGREEMENT FOR THE CONSTRUCTION AND MAINTENACE OF RIVERBANK EROSION CONTROL

THIS AGREEMENT is made on this_____day of_____, 2017 (Effective Date), by_____, (Owner) of the property located at _____(Property), and Anoka Conservation District (ACD)

WHEREAS, ACD in cooperation with the Isanti Soil and Water Conservation District (Isanti SWCD) has initiated an erosion control program for the improvement of water quality and habitat creation along the Rum River, located in Isanti County, Minnesota, and

WHEREAS, in cooperation with the Owner, ACD intends to install a cedar tree revetment and willow stakes along approximately 140 feet of riverbank at the Property as shown on the attached **Exhibit A** (Project). This Project will benefit water quality in the Rum River and will benefit Owner's Property by providing stabilization, and

WHEREAS, ACD will coordinate construction of the Project, and

WHEREAS, Owner desires to maintain the Project to ensure Project success.

BE IT RESOLVED THAT, in consideration of mutual promises set forth herein and other good and valuable consideration, ACD and Owner agree as follows:

1. ACD will be responsible for coordination and installation of the Project.

2. ACD and Owner each agree that financial responsibility for construction of this Project shall be as shown in **Table 1** below:

Table 1. Financial Responsibility for Project

RESPONSIBLE PARTY	COST ($)	% OF TOTAL
Owner*	$614.76	10%
OHF/CCM** Grants	$6,147.56	90%
TOTAL PROJECT COST	$6,762.32	100%

*The total Owner contribution cost will not exceed the amount shown, plus 10%, and will be based on actual materials and labor used.

Subject: Consider Resolution to Authorize Purchase for Wastewater Testing Equipment

---

Staff requests the ability to test for Wastewater Total Phosphorus in-house to be able to make changes in chemical feed rates based on scientific results versus visual aspects since current testing results are two weeks behind. The device and equipment necessary for such testing would be purchased from Hach and includes: DR 3900 device, heating block, and testing reagents. The costs for all the equipment, plus a 10% contingency in case there are other testing supplies necessary, is $7,700.00.

Finance Committee Recommendation:
The Finance Committee Recommends testing in-house to better operate the plant and utilize chemical treatments more effectively. They have outline the funding source as Sewer 602-49450-221.

Request:
It is requested that City Council review and take action on this item.

Attachment:

- Resolution 2017-XXX – Resolution to Authorize Purchase for Wastewater Testing Equipment

RESOLUTION NO. 2017-XXX

A RESOLUTION TO AUTHORIZE PURCHASE FOR WASTEWATER TESTING EQUIPMENT

WHEREAS, the Public Works Department has a need to test wastewater samples in-house to better operate the plant and better utilize chemical treatments; and,

WHEREAS, the device needed for such testing is the DR 3900 Spectrophotometer from Hach; and,

WHEREAS, the device is unbudgeted; and,

WHEREAS, the Finance Committee recommends purchase of the equipment and has recommended that the funding source be identified as Sewer Fund 602-49450-221 (chemicals) in the amount, not to exceed, $7,700.00 for the device, testing equipment, testing reagents, and 10% contingency;

NOW, THEREFORE, IT IS HEREBY RESOLVED by the City of Isanti, Minnesota, to hereby authorize the purchase of the DR 3900 and other testing materials from Hach in the amount, not to exceed, $7,700.00 from the Sewer Fund.

This Resolution was duly adopted by the Isanti City Council the 19th day of September, 2017.

Request for City Council Action

To: Mayor Wimmer and City Council Members

From: Sean M. Sullivan, Economic Development Director

Date: September 19, 2017

Subject: **Consider Resolution Authorizing the Execution of Repayment Agreement on Lot 1, Block 3, Isanti Meadows with Real Deal Construction, Inc.**

On December 20, 2016 the City Council amended and extended a SAC and WAC Deferral program as Resolution No. 2016-362 to continue to spur development activity. Real Deal Construction, Inc. has requested the City to execute a Repayment Agreement for 709 Fir St SW legally described as Lot 1, Block 3, Isanti Meadows, for the construction of an approximate 1,308 SF main floor single family home. The business is in "Active / Good Standing" upon review of the Minnesota Secretary of State Office as of September 11, 2017. The form of the Repayment Agreement is consistent with the form approved by the City Council on December 20, 2016. The Repayment Agreement will be dated as of the date that the Building Permit is paid for by the Developer. Staff is asking the City Council to consider adoption of the attached resolution and execution of the Repayment Agreement.

City Council Action:

Consider Adoption of Resolution and Execution of Repayment Agreement

Attachment:

1) Resolution 2017-____ Authorization to Execute Repayment Agreement on Lot 1, Block 3, Isanti Meadows with Real Deal Construction, Inc.

RESOLUTION NO. 2017-XXX

AUTHORIZATION AND EXECUTION OF REPAYMENT AGREEMENT ON LOT 1, BLOCK 3, ISANTI MEADOWS WITH REAL DEAL CONSTRUCTION, INC.

WHEREAS, the City of Isanti adopted a SAC and WAC Deferral program on December 20, 2016 which is documented by Resolution 2016-279; and

WHEREAS, A boiler plate Repayment Agreement was drafted by Development Attorney Campbell Knutson and the City Council directed Staff to utilize this agreement for parties interested in SAC and WAC Deferral for commercial or residential development; and

WHEREAS, Real Deal Construction, Inc. (the "Developer") has asked the City of Isanti to enter into a Repayment Agreement for the property legally described as: Lot 1, Block 3, Isanti Meadows (the "Property") and has agreed to pay the recording fee associated with the filing of the Repayment Agreement; and

WHEREAS, the Developer has stated the it will be the owner of the Property at the time of execution of the Repayment Agreement; and

WHEREAS, the date of the Repayment Agreement will be when the Developer signs prior to payment of the building permit; and

WHEREAS, the Developer is registered, active and is in good standing with the Minnesota Secretary of State Office as of September 11, 2017.

NOW, THEREFORE, IT IS HEREBY RESOLVED by the City Council of the City of Isanti, Minnesota authorized the Mayor and City Administrator to execute the Repayment Agreement attached hereto contingent upon satisfactory proof of ownership witnessed in a recorded instrument of conveyance to the Developer.

This Resolution hereby approved by the Isanti City Council this 19th day of September 2017.

Attest: Mayor George A. Wimmer

Katie Brooks
Human Resources / City Clerk

REPAYMENT AGREEMENT; STATUTORY SHORT FORM MORTGAGE; AND DEED RESTRICTIONS

THIS REPAYMENT AGREEMENT; STATUTORY SHORT FORM MORTGAGE; AND DEED RESTRICTIONS ("AGREEMENT"), made on or as of the ____ day of September, 2017, by and between the City of Isanti, Minnesota, a Minnesota municipal corporation (hereinafter referred to as the "City") having its principal office at 110 First Avenue N.W. PO Box 428, Isanti, Minnesota 55040, and Real Deal Construction, Inc., a corporation under the laws of the state of Minnesota (hereinafter referred to as the "Developer"), having its principal office at 31108 County Road 5, Princeton, MN 55371.

WITNESSETH:

WHEREAS, the Developer intends to construct a 1,308 square foot main floor single family home (the "Improvements") on certain real property (the "Property") in the City; and

WHEREAS, in connection with the construction of the Improvements there are certain water and sanitary sewer charges that are payable by the Developer to the City; and

WHEREAS, the Developer has demonstrated to the satisfaction of the City that the Developer is unable to pay the full amount of the charges now and has asked the City to defer such charges and make them payable at a future point in time; and

WHEREAS, the City believes that the development of the Improvements by the Developer is in the best interests of the City and, therefore, it is willing to defer the charges if doing so will facilitate the development and viability of the Improvements.

NOW, THEREFORE, in consideration of the premises and the mutual obligations of the parties hereto, each of them does hereby covenant and agree with the other as follows:

ARTICLE I
Definitions

Section 1.1. Definitions. In this Agreement, unless a different meaning clearly appears from the context:

"Agreement" means this Agreement, as the same may be from time to time modified, amended, or supplemented.

"City" means the City of Isanti, Minnesota, its successors and assigns.

"County" means Isanti County, Minnesota.

"Deferred Charges" means the utility charges described in Section 3.1 of this Agreement being deferred by the City and which the Developer is obligated to pay in accordance with this Agreement.

"Developer" means Real Deal Construction, Inc, a Minnesota Corporation, its successors and assigns.

"Event of Default" means an action by the Developer listed in Article IV of this Agreement.

"Improvements" means the 1,308 square foot main floor single family home to be constructed by the Developer on the Property.

"Property" means the real property described on the attached Schedule A to this Agreement.

"State" means the State of Minnesota.

ARTICLE II
Representations

Section 2.1. Representations by the City. The City makes the following representations as the basis for the undertaking on its part herein contained:

(a) The City is a statutory city duly organized and existing under the laws of the State. Under State law, the City has the power to enter into this Agreement and to perform its obligations hereunder.

Section 2.2. Representations by the Developer. The Developer represents that:

(a) The Developer is a corporation duly organized and authorized to transact business in the State, is not in violation of any provisions of its Bylaws or the laws of the State, has power to enter into this Agreement and has duly authorized the execution, delivery and performance of this Agreement by proper action of its Articles of Incorporation.

ARTICLE III
Deferred Charges, Payment and Security

Section 3.1. Deferred Charges. The Developer owes to the City the sum of **$ 8,222.00** in deferred utility charges ("Deferred Charges"). The Deferred Charges consist of **$3787.00** in Water Availability Charges and **$4,435.00** in Sewer Availability Charges. The City has agreed to defer the payment of the Deferred Charges as described in this Agreement.

Section 3.2. Payment of the Deferred Charges. The Developer covenants and agrees that it will pay the Deferred Charges to the City on the earliest to occur of the following:

(a) on the date that is one hundred and twenty (120) days after the date of this Agreement;

(b) on the date that the Developer sells or transfers the Property or Improvements, or any portion thereof; or

(c) on the date that the City issues a certificate of occupancy for the Improvements.

Interest shall accrue on the Deferred Charges at the rate of zero percent (0%) from the date hereof and continuing until the Deferred Charges and all accrued interest have been paid in full.

Section 3.3. Payment of Costs.

(a) The Developer shall pay all costs for title work and recording of this Agreement.

(b) The Developer shall pay all costs incurred by the City in connection with the preparation and implementation of this Agreement and related documents, including, without limitation, fees of attorneys related the preparation of this Agreement and related documents, if the Developer fails to complete construction of the Improvements within one hundred and twenty (120) days after the date of this Agreement.

Section 3.4 Security. As security for Developer's obligation of repayment of the Deferred Charges and Costs identified in Sections 3.1 and 3.3, Developer hereby grants and the City shall and hereby does have, a lien on the Property in the full amount necessary to satisfy any repayment obligation of the fees and charges identified in Sections 3.1 and 3.3 under this Agreement and the cost including reasonable attorney's fees, of collecting the same.

Section 3.5 Notice. At least 10 days before the date of any sale, cash out refinance, transfer or other conveyance of the Property or, in the event of a sale by contract for deed, Developer or their heirs, executors or representatives, shall give the City notice thereof.

Section 3.6 Mortgage. To secure any such repayment of the Deferred Charges under Section 3.1 and 3.3 as may become due under the provisions of this Article, the Developer hereby

grants to the City a Statutory Short Form Mortgage pursuant to the provisions of Minnesota Statutes Section 507.15 (2016) as follows:

UNIFORM SHORT FORM MORTGAGE

This statutory mortgage, made this ___ day of September, 2017 between the City of Isanti, a Minnesota Municipal having its principal office at 110 First Avenue N.W. PO Box 428, Isanti, Minnesota 55040 (the "Mortgagor"), and Real Deal Construction, Inc., a corporation under the laws of the state of Minnesota, having its principal office at 31108 County Road 5, Princeton, MN 55371(the "Mortgagee"),

Witnesseth, that to secure the payment of the Deferred Charges by the Mortgagee to the Mortgagor of $8,222.00 as described in Article 3 of this Agreement (the "Indebtedness") the Mortgagor, hereby mortgages to the mortgagee and grants a security interest in the real property located at 709 Fir St SW, in the City of Isanti, Isanti County, Minnesota, as legally described and set forth in "Schedule A" attached hereto and made a part hereof ("Property"), subject only to any liens or encumbrances of record thereon as of the date hereof.

And Mortgagor agrees and covenants with the Mortgagee the following statutory covenants;

1. To warrant the title to the Property, subject only to prior encumbrances of record as of the date hereof.
2. To pay the indebtedness as herein provided.
3. To pay all taxes.
4. To keep the buildings located on the Property insured against fire, windstorm and extended coverage for their full insurable value for the protection of the Mortgagee.
5. That the Property shall be kept in repair and no waste shall be committed.
6. That the whole of the principal sum shall become due after default, in the payment of any installment of principal or interest, or of any tax, or in the performance of any other covenant, at the option of the Mortgagee.

If default be made in any payment or covenant herein, the mortgagee shall have the statutory power of sale, and on foreclosure may retain statutory costs and attorney's fees.

Section 3.7. In the event Mortgagor or their heirs, executors or representatives shall fail or refuse to make a required repayment of the Indebtedness within the limited period set forth herein, the Mortgagee may, with or without notice to Mortgagor foreclose said lien in the same manner as provided pursuant an action for the foreclosure of mortgage upon said Property, as by statute provided, or may at its option proceed with foreclosure by advertisement pursuant to the statutory power of sale which the Mortgagor grants to the Mortgagee provided under this Mortgage, in accordance with applicable law. In the event of default by Mortgagor on any of Mortgagor's obligations under the terms of this Mortgage, Mortgagee shall also have the right to pursue any remedy available to it at law or in equity.

ARTICLE IV
Events of Default

Section 4.1. Events of Default Defined. The following shall be "Events of Default" under this Agreement and the term "Event of Default" shall mean, whenever it is used in this Agreement (unless the context otherwise provides), any one or more of the following events:

(a) Failure by the Developer to pay when due any payments required to be paid under this Agreement.

(b) The Developer of the following: (i) file any petition in bankruptcy or for any reorganization, arrangement, composition, readjustment, liquidation, dissolution, or similar relief under United States Bankruptcy Laws or any similar Federal or State Laws; or (ii) make an assignment for the benefit of its creditors; or (iii) admits, in writing, its inability to pay its debts generally as they become due; or (iv) be adjudicated, bankrupt or insolvent.

Section 4.2. City's Remedies on Default. Whenever any Event of Default by Developer referred to in Section 4.1 of this Agreement occurs, the City may take any one or more of the following actions after providing ten (10) days written notice to the Developer of the Event of Default, but only if the Event of Default has not been cured within said ten (10) days:

(a) Declare the entire outstanding balance of the Deferred Charges immediately due and payable;

(b) Terminate this Agreement;

(c) Deny issuance of certificates of occupancy or temporary certificates of occupancy;

(c) Take whatever action, including legal, equitable or administrative action, which may appear necessary or desirable to the City to collect any payments due under this Agreement, or to enforce performance and observance of any obligation, agreement, or covenant of the Developer under this Agreement, including the remedies provided under Article 3.

Section 4.3. No Remedy Exclusive. No remedy herein conferred upon or reserved to the City or Developer is intended to be exclusive of any other available remedy or remedies, but each and every such remedy shall be cumulative and shall be in addition to every other remedy given under this Agreement or now or hereafter existing at law or in equity or by statute. No delay or omission to exercise any right or power accruing upon any default shall impair any such right or power or shall be construed to be a waiver thereof, but any such right and power may be exercised from time to time and as often as may be deemed expedient. In order to entitle the City or the Developer to exercise any remedy reserved to it, it shall not be necessary to give notice, other than such notice as may be required in this Article IV.

Section 4.4. No Additional Waiver Implied by One Waiver. In the event any agreement contained in this Agreement should be breached by either party and thereafter waived by the other

party, such waiver shall be limited to the particular breach so waived and shall not be deemed to waive any other concurrent, previous or subsequent breach hereunder.

Section 4.5. Costs of Enforcement. Whenever any Event of Default occurs and the City shall employ attorneys or incur other expenses for the collection of payments due or to become due or for the enforcement of performance or observance of any obligation or agreement on the part of the Developer under this Agreement, the Developer agrees that it shall, within ten (10) days of written demand by the City, pay to the City the reasonable fees of such attorneys and such other expenses so incurred by the City.

Section 4.6. Certificate of Occupancy. The City may deny a certificate of occupancy or temporary certificate of occupancy for the Property until all amounts owed to the City under the terms of this Agreement have been paid by Developer.

ARTICLE V
Additional Provisions

Section 5.1. Representatives Not Individually Liable. No member, official, or employee of the City shall be personally liable to the Developer, or any successor in interest, in the event of any default or breach or for any amount which may become due to Developer or successor in interest or on any obligations under the terms of this Agreement.

Section 5.2. Titles of Articles and Sections. Any titles of the several parts, Articles, and Sections of the Agreement are inserted for convenience of reference only and shall be disregarded in construing or interpreting any of its provisions.

Section 5.3. Notices and Demands. Except as otherwise expressly provided in this Agreement, a notice, demand, or other communication under the Agreement by either party to the other shall be sufficiently given or delivered if it is dispatched by registered or certified mail, postage prepaid, return receipt requested, or delivered personally; and

(a) in the case of the Developer, is addressed to or delivered personally to the Developer at 31108 County Road 5, Princeton, MN 55371; and

(b) in the case of the City, is addressed to or delivered personally to the City at 110 First Avenue N.W., P.O. Box 428, Isanti, Minnesota 55040,

or at such other address with respect to either such party as that party may, from time to time, designate in writing and forward to the other as provided in this Section.

Section 5.4. Disclaimer of Relationships. The Developer acknowledges that nothing contained in this Agreement nor any act by the City or the Developer shall be deemed or construed by the Developer or by any third person to create any relationship of third-party beneficiary, principal and agent, limited or general partner, or joint venture between the City and the Developer or any third party.

Section 5.5. Release. Upon payment of all fees and charges under Article III in accordance with the provisions of this Agreement, the City will furnish Developer with a Release of Mortgage for the Property within a reasonable period of time following the request. Developer shall be responsible for recording the Release of Mortgage.

Section 5.6. Modifications. This Agreement may be modified solely through written amendments hereto executed by the Developer and the City.

Section 5.7. Counterparts. This Agreement may be executed in any number of counterparts, each of which shall constitute one and the same instrument.

Section 5.8. Judicial Interpretation. Should any provision of this Agreement require judicial interpretation, the court interpreting or construing the same shall not apply a presumption that the terms hereof shall be more strictly construed against one party by reason of the rule of construction that a document is to be construed more strictly against the party who itself or through its agent or attorney prepared the same, it being agreed that the agents and attorneys of both parties have participated in the preparation hereof.

Section 5.9. Run with the Land. This Agreement may be recorded against the Property and shall run with the aforesaid Property and shall inure to the benefit of and be binding upon the parties hereto and their respective heirs, executors, representatives, successors and assigns.

IN WITNESS WHEREOF, the City has caused this Agreement to be duly executed in its name and behalf and the Developer has caused this Agreement to be duly executed in its name and behalf on or as of the date first above written.

SCHEDULE A

Description of Property

Lot 1, Block 3, Isanti Meadows, Isanti County, Minnesota

RESOLUTION NO. 2017-XXX **K.9.**

A RESOLUTION APPROVING STAFF TO APPLY FOR MINNESOTA DEPARTMENT OF HEALTH GRANT FOR WHPP IMPLEMENTATION

WHEREAS, the Minnesota Department of Health has announced the availability of funding to support the implementation of source water plan implementation such as the City's well head protection plan (WHPP); and,

WHEREAS, staff will fill out the required documentation and eligibility requirements for such grant through the open grant eligibility timeframe; and,

WHEREAS, if awarded funding through the grant opportunity as outlined in this resolution, funds would be accepted through City Council;

NOW, THEREFORE, IT IS HEREBY RESOLVED by the City of Isanti, Minnesota, to hereby approve City staff to apply for the Minnesota Department of Health grant opportunity for source water plan implementation.

This Resolution was duly adopted by the Isanti City Council the 19th day of September, 2017.

Economic Development Authority
Regular Meeting Minutes of
August 2, 2017
Isanti City Hall

1. Call To Order

The meeting was called to order by President Wimmer at 7:47 p.m.

a. Pledge of Allegiance

b. Roll Call

Commissioners Present:	Dan Collison, Ross Lorinser, Paul Bergley, George Wimmer, Tara Hallberg and Steve Lundeen
Commissioners Absent:	None
Staff Present:	Economic Development Director Sean Sullivan

c. Agenda Modifications

None.

2. Approve Minutes of July 5, 2017 Regular Economic Development Meeting

Motion by Bergley second by Collison to approve the minutes as presented for July 5, 2017. Motion carried unanimously.

3. Isanti Hotel Update

President Wimmer updated the EDA as to the status of the project. The project is a Best Western Plus product. The product is similar to a Holiday Inn Express or Fairfield. A description of the city and private financing structure for the project was outlined. He highlighted the approval of tax abatement for the project by the school district and that the city would be considering approval of its own abatement as well as total financial assistance package on August 15th at a public hearing. He outlined the Isanti County Abatement process and status. The County EDA Committee will meet on August 14th, the full Isanti County EDA will meet on August 28th and the Isanti County Board of Commissioners has scheduled a public hearing to consider action on September 6th.

Economic Development Director Sullivan stated that the EDA would be specifically involved in the Revenue Bond process and that is was likely that there would be approvals or hearings at the City of Isanti EDA meeting in September 2017. Sullivan communicated the tax impact of the project specifically the $2.8M in new taxable market value, $137,000 annually in property taxes and the impacts for each taxing jurisdiction. In 2019 the City of Isanti is estimated to receive approximately $48,000 in new taxes annually and proposes to abate 50% of that number to support the project for a

defined period of time. He acknowledged the support of the school district for this project and the positive impact it will have immediately and into the future for the taxing jurisdiction.

President Wimmer pointed out the school district had Ehlers conduct a financial analysis that concluded that there would be no negative tax impact for its jurisdiction based upon the City abatement proposal. In some instances it actually was an immediate positive impact. The long term tax impact is positive for all jurisdiction.

Item was informational, no action requested.

4. Other Business / Updates

Sullivan stated 56 single housing permits have been pulled and 3 more are waiting to be picked up. This is ahead of the pace set last year.

Sullivan indicated that the Rum River BMX State Finals is the last bag distribution for the City Promo Bag Program. He indicated that after the final even a survey would be conducted to see how the program was received by businesses.

Commissioner Bergley asked when the auto parts store would be opening. He had seen the Cambridge O' Reilly beginning to advertise for employment opportunities in Isanti.

ED Director Sullivan state he anticipated it opening up no later than October 2017.

President Wimmer stated he had quite a few positive comments on the street dances and the exposure to historic downtown.

Request for City Council Action- MEMO

To. **Mayor Wimmer and Members of City Council**

From: Josi Wood, Public Services Director/Asst. City Admin.

Date: September 19th, 2017

Subject: Consider Resolution to Proceed with Process for Abandoned Property

---

On Tuesday July 25th, Public Works removed refuse and other materials including a duck boat as part of an abatement at the property 310 1st Ave. The refuse and other materials were disposed of after the 14-day holding period with exception of the duck boat. Public Works would like to take possession of the duck boat through the 345.75 MN State Statute process for use within the Wastewater ponds system. Staff has consulted City Attorney Joslin who stated that this is the process that should be followed.

Finance Committee Recommendation:

The Finance Committee recommends moving forward with the notification to the next of kin and brother of the deceased property owner pursuant to MN State Statute 345.75 which includes costs for sending certified letters.

Request:

It is requested that City Council review and take action on this item.

Attachment:

- Resolution 2017-XXX – Resolution to Proceed with Process for Abandoned Property

RESOLUTION NO. 2017-XXX

A RESOLUTION TO PROCEED WITH PROCESS FOR ABANDONED PROPERTY

WHEREAS, the Public Works Department collected debris, refuse, and a 14' Naden duck boat through cleanup and abatement of 310 1st Ave; and,

WHEREAS, after the holding period, the debris and refuse were disposed, but the boat was not claimed; and,

WHEREAS, Public Works has use for the boat at their six wastewater ponds to allow for sampling beyond their perimeter; and,

WHEREAS, pursuant to MN State Statute 345.75 Abandoned Tangible Personal Property, the City can obtain possession if the abandoned property has not been claimed within six months after proper notification; and,

WHEREAS, due to the owner being deceased, the City shall also send notification to the deceased owners next of kin and brother;

NOW, THEREFORE, IT IS HEREBY RESOLVED by the City of Isanti, Minnesota, to hereby authorize staff to proceed through the process pursuant to MN State Statute 345.75 to properly notify the next of kin and brother of the abandoned property hereby stated as a 14' duck boat.

This Resolution was duly adopted by the Isanti City Council the 19th day of September, 2017.

From: John Jacobi, Liquor Store Manager

Date: September 14, 2017

Subject: Donation Request for 10th Annual MMBA Food Drive promotion in-store

---

Background:
Each year the MMBA supports a food drive for the sole purpose of raising funds as well as food donations to help support local food shelves in our area. I am requesting that we promote this program in-store and customers can donate non perishable food items or a cash donation in any amount they wish to help support this program. The dates of the donations are October 1st through October 31st,2017.

RESOLUTION NO. 2017-XXX

RESOLUTION APPROVING DONATION BOX AT LIQUOR STORE

WHEREAS, on September 19, 2017 City Council approved a donation box policy; and

WHEREAS, Isanti Liquor is requesting use of a donation box at the liquor store in support of the MMBA "Food Drive"; and

WHEREAS, the Liquor Committee has reviewed the request and recommended its approval.

NOW, THEREFORE, BE IT RESOLVED that the City Council of the City of Isanti, Minnesota hereby approves placement of a donation box for the Food Drive at the Isanti Liquor Store from October 1, 2017 through October 31, 2017.

Adopted by the Isanti City Council this 19th day of September 2017.

10th Annual MMBA Food Drive Promotes Community Value

In an effort to help members Promote the Community Value of their Municipal Liquor Operation, MMBA, in partnership with Coors Light is coordinating the *Tenth Annual Municipal Liquor Food Drive* **benefiting your local food shelf.**

Again this year, there will be two competition brackets, based on 2015 annual sales:

$1,000,000 and Above & Below $1,000,000

The individual facility (not city) in each category with the highest weight donated will earn a $1,000 donation to their local food shelf from Coors Light and MMBA.

In addition:

Through a random drawing, ten $100 donations will be made to food shelves of participating facilities, other than the category winners. So, everyone has a chance to win!

Here are additional details:

- The food drive will run from October 1 – October 31, 2017.
- Each participating MMBA member will collect dry food, can goods & cash for donation to your local food shelf of choice. **Anything your food shelf will accept is eligible to be counted, including, but not limited to, field produce and canned / bottled water.**

NOTE:

Each $1 in cash donations will be counted as 3 pounds of food.

- At the end of the event (November 1), please take the collected food and cash to the food shelf to be weighed. (Contact the MMBA office if you need assistance locating your local food shelf.)

  A week or so after the conclusion of the event, an MMBA director will call you for the weight total given by your food shelf. You can also send the MMBA office the information at: kaspszak@visi.com or phone: 763.572.0222, 866.938.3925.

- One 7 foot banner, one 2 foot by 3 foot sign and two counter cash buckets will be created and provided by Coors Light. Additional signage can be obtained by contacting your Coors Light Distributor.

- Here are some successful ideas to promote the event:

  - ✓ Facility product discount for those donating food
  - ✓ Stapling a flyer to carry-out bags
  - ✓ Displaying the food in the front of the store to catch customer eyes
  - ✓ Reference or total focus in advertising mediums
  - ✓ Coors Light wholesaler could build a platform of Coors Light cases for the food to display on, or a wall of cases around an area where donations will be placed.
  - ✓ Local newspaper story
  - ✓ Collect contributions by participating in other community events

If you would like to participate in this event, contact the MMBA Office at:

Phone: 763-572-0222 or 866-938-3925
Email: kaspszak@visi.com

Thanks for your participation!!!!!

MEMO

To: **Mayor Wimmer and City Council**

From: Don Lorsung, City Administrator

Date: September 11, 2017

Subject: An Ordinance Amending Isanti City Code Chapter 227 – No Parking Zone on Main Street East

---

Due to safety concerns, staff has reviewed on-street parking on Main Street East, east of the intersection of Elim Lane NE. The street section narrows after Elim Lane to a 34.66' width. State Aid Requirements are 38' for parking on two sides of the roadway. The City Engineer and Police Chief are recommending a no parking zone on the south side of the street, from east of the intersection with Elim Lane NE to Highway 65.

The Police Committee has reviewed this matter and support the recommendation. Staff has prepared an Ordinance amendment to enact the no parking zone, and it is attached for your consideration.

ORDINANCE NO. xxx

AN ORDINANCE AMENDING CHAPTER 227 PARKING AND STORAGE

THE CITY COUNCIL OF THE CITY OF ISANTI DOES ORDAIN:

Sub-paragraph (5), Paragraph C., Parking, Stopping, and Standing Provisions, Section 227-2, Parking Regulations, Article II General Parking Regulations, of Chapter 227 of the Code of the City of Isanti is hereby amended to add the following text:

227-2. Parking regulations.

C. Parking, stopping and standing provisions.

(5) No parking is allowed on any of the following streets or highway:

(a) Along either side of Third Avenue NW beginning at its intersection with Isanti Parkway NW to the point at which the City of Isanti corporate boundary ends and Isanti Township begins (Jackson St NW).

(b) Along either side of Railroad Ave SE beginning at its intersection with Palomino Road SE to its intersection with Townsedge Road SE. Along the East side of Railroad Ave SE beginning at its intersection with Main Street E to its intersection with Palomino Road SE.

(c) Along either side of County Road 5 NE/NW beginning at its intersection with Trunk Highway 65 heading west to its intersection with Whiskey Road NW.

(d) Along either side of Fourth Ave SW from its intersection with Main Street W heading south to its intersection with Elizabeth St SW.

(e) Along either side of Elizabeth St SW from its intersection with Fifth Ave SW heading east to its intersection with Second Ave SW.

(f) Along either side of Fifth Ave SW from its intersection with Elizabeth St SW heading south to its intersection with S Brookview Ln SW.

(g) Along either side of Second Ave SW from its intersection with Main St W heading south to its intersection with Elizabeth St SW.

(h) Along either side of Isanti Parkway NW, from Third Avenue NW to East Dual Boulevard NE.

(i) Along either side of Broadway St SE, from Highway 65 NE to 6th Ave NE.

(j) Along either side of 6th Ave NE, from Broadway St SE to Heritage Blvd NE.

(k) Along the West side of Centennial Dr. NW, from Heritage Blvd NW extending South 905' (feet).

(l) Along the South side of Palomino Road SE, from Railroad Avenue SE to Trunk Highway 65.

(m) Along the south side of Main Street East, east of the Elim Street NE intersection to Highway 65 NE.

EFFECTIVE DATE
This Ordinance takes effect upon its passage and publication in the official newspaper of the City of Isanti.

Adopted by the City Council this 19th day of September, 2017.

City of Isanti
Economic Development Authority
Regular Meeting Minutes of
September 5, 2017
Isanti City Hall

1. Call To Order

The meeting was called to order by President Wimmer at 7:35 p.m.

a. Pledge of Allegiance

b. Roll Call

Commissioners Present:	Dan Collison, Ross Lorinser, Paul Bergley, George Wimmer, Tara Hallberg and Steve Lundeen
Commissioners Absent:	None
Staff Present:	Economic Development Director Sean Sullivan

c. Agenda Modifications

Motion by Collison, Second by Lorinser to add Item 7. Authorization to Direct City Attorney to Make Formal Written Information Request to Isanti County for all Documents Relating to Gas Station Abatement at Corner of State Hwy 65 and Main St in Cambridge, MN (Main and 65 LLC). Other Business/ Updates / Communication to be renumbered 8. And Adjournment to be renumbered as 9 and adopt the amended Agenda. Motion passed unanimously.

2. Approve Minutes of August 2, 2017 Regular Economic Development Meeting

Motion by Bergley second by Lundeen to approve the minutes as presented for July 5, 2017. Motion carried unanimously.

3. Public Hearing: Consider Resolution Establishing Economic Development District No. 1

Economic Development Director Sullivan highlighted the staff memo highlighting the reasons for establishing an Economic Development District in the City of Isanti. This action is part of a legal process to allow the EDA to use full power under both the EDA ad HRA Statutes. The 60 unit Best Western Plus Hotel project will be located within the proposed Economic Development District No. 1 as outlined within the attached resolution. This action is a required step to allow the use of Revenue Bonds if needed for project financing. It also identifies a specific geographic area for the project area.

President Wimmer opened the public hearing.

No public comment was received.

President Wimmer closed the public hearing

Motion by Lundeen, second by Bergley to Adopt EDA Resolution 2017-3 Establishing Economic Development District No. 1. Motion passed unanimously.

4. Public Hearing: Consider Granting of a Business Subsidy to Isanti Hotel Partners, LLC

Economic Development Director Sullivan highlighted the staff memo highlighting President Wimmer and Economic Development Director Sullivan work with the Developer, Legal Counsel, Financial Advisors and a Financial Institution to put together a hotel deal in Isanti. One method of financing for the project involves the issuance of Revenue Bonds by the EDA. The EDA is proposing to issue revenue bonds in an amount not to exceed $2,100,000 and loan the net proceeds of the bonds to Isanti Hotel Partners, LLC for the construction of a hotel. This proposed action is considered a business subsidy and requires a public hearing.

President Wimmer noted that if this financing is utilized it would simply be a pass through loan that would result in the Developer making payment directly to the bank. He said the payment structure was similar to the Industrial Revenue Bond that were issued for the Ice Arena in Isanti.

President Wimmer opened the public hearing.

Garen Engquist, 16 Nina Court SW, Isanti MN 55040 provided public comment. Mr. Engquist asked for clarification on the Tax Abatement and proposed issuance of Revenue Bonds.

President Wimmer explained that the City would be reimbursing City of Isanti taxes paid by the developer according the following schedule: 2020-50%, 2021-50%, 2022-50%, 2023- 50%, 2024-50%, 2025-40%, 2026-30%, 2027-20%, 2028-10%. If the EDA utilize Revenue Bonds the Developer is essentially borrowing the money in the name of the EDA/City. The Developer is responsible for guaranteeing that the debt gets paid and makes the payment to the bank. The EDA/City is not giving this money to the developer, it's a pass through loan.

Mr. Enquist thanked President Wimmer for the explanation

President Wimmer asked if there was any additional public comment.

No additional public comment was received.

President Wimmer closed the public hearing.

No action was taken on this item at this time.

5. Consider Adoption of EDA Resolution 2017-4 Approving Redevelopment Project Area and Redevelopment Plan

Economic Development Director Sullivan highlighted the staff memo. The City Development Team has been actively negotiating with Isanti Hotel Partners, LLC to bring a 60 unit Best Western Plus Hotel

to the City of Isanti. Part of this process involves defining a planned area of redevelopment centered around the Hotel project. This project is critical for the growth of Isanti and the redevelopment of parcels in this immediate area. The attached Redevelopment Plan and Area attached to the resolution that is required to be adopted by the City of Isanti EDA.

Motion by Lorinser, second by Collison to Adopt EDA Resolution 2017-4 Approving Redevelopment Project Area and Redevelopment Plan. Motion passed unanimously.

6. Consider Adoption of Resolution 2017-5 Authorizing the Funding and Execution of the Municipal Advisory Service Agreement between the City of Isanti EDA and Northland Securities, Inc.

Motion by Lorinser, second by Bergley to Adopt EDA Resolution 2017-5 Authorizing the Funding and Execution of the Municipal Advisory Service Agreement between the City of Isanti EDA and Northland Securities, Inc. Motion passed unanimously.

7. Authorization to City Attorney to Make Formal Written Information Request to Isanti County for all Documents Relating to Gas Station Abatement at Corner of State Hwy 65 and Main St in Cambridge, MN (Main and 65 LLC)

President Wimmer asked the EDA for action to direct City Attorney Joslin to formally make written request for all documents and public information in regards to the Cambridge.

Motion by Bergley, second by Collison to Authorize City Attorney to Make Formal Written Information Request to Isanti County for all Documents Relating to Gas Station Abatement at Corner of State Hwy 65 and Main St in Cambridge, MN (Main and 65 LLC). Motion carried unanimously.

8. Other Business / Updates

Economic Development Director Sullivan thanked Economic Development Intern Gilyard for his efforts during his internship.

President Wimmer also expressed the fact the he did whatever asked of him and the work product was great.

Sullivan stated 67 single housing permits have been pulled and 1 more is waiting to be picked up. This is well ahead of the pace set last year.

Commissioner Lorinser asked where we were at this time last year.

Sullivan didn't know of hand but stated he would forward that information out to the EDA.

MEMORANDUM

Date: September 13, 2017

To: Honorable Mayor Wimmer and Members of the City Council

From: Bradley C. DeWolf, P.E.

Subject: Project Status Report
Isanti, MN
Project No.: R13.113062

Please find listed below a status report of the current projects in the City of Isanti:

1) 2017 Palomino Road Improvements

The Contractor plans to complete all watermain work this month. Once watermain work is complete, street reconstruction will begin. Utility pole relocations are scheduled to be completed this month.

2) 2017 Pavement Maintenance Project

All crack filling and sealcoating is complete. Striping will be completed this month.

3) 1st Avenue Sidewalk & Curb Replacement

All work on this project is complete.

4) Arts & Science Addition & Park

All public utilities have been installed. Curb and gutter has also been poured. Final street grading and bituminous paving is scheduled to be completed this month. Playground Equipment installation and final sod placement is scheduled to be completed this month.

5) MS4 Phase 2 & 3 Implementation

We will continue to assemble documents to assist the City in meeting the requirements of the MS4 permit for Phase 2 and Phase 3 of the implementation schedule.

6) Wastewater Treatment Improvements

Paving is scheduled to be completed this month.

7) Cajima Street/TH 65 Signal Study

We have completed the Intersection Control Evaluation (ICE) report and will make any City requested revisions this month.

8) GIS Implementation

We have completed City staff training on the new GIS system.

In addition to the current projects listed above we have completed and accepted 44 private developments and 48 city contracts since being selected as your City Engineer in 2008.

Please contact me if you have any questions.

Bolton & Menk is an equal opportunity employer.

CITY OF ISANTI
CITY COUNCIL MEETING
WEDNESDAY, September 19, 2017 – 7:00 P.M.
CITY HALL

Mayor Wimmer called the meeting to order at 7:00 p.m.

The Pledge of Allegiance was recited.

Members Present: Mayor George Wimmer, Council Members: Paul Bergley, Dan Collison, and Ross Lorinser

Members Absent: Steve Lundeen

Staff Present: City Administrator Don Lorsung, Human Resources/City Clerk Katie Brooks, Finance Director Mike Betker, Public Service Director/Assistant City Administrator Josi Wood, Economic Development Director Sean Sullivan, City Attorney Clark Joslin, and City Engineer Brad DeWolf

Others Present: Jeff Holmgren, Garen Engquist, Marilyn Swanson, Lynn Swanson, Jeff Johnson, Lisa Johnson, George Heman, Clark Johnson, Don Hanson, Craig Nelson, Barbara Nelson, JoAnn Welcome, Mark Welcome, Elizabeth Anderson, Phil Hartley, Chris Hansmann, Carson Hansmann, Kathy Hansmann, Ron Bosch, Amy Bosch, Luke Merrill, Denise Merrill, Jay Abbott, Davina Abbott, Liz Wald, Dick Wald, Dayna Rask, Bruce Yerigan, Kris Yerigan, Heather Townswick, Mark Townswick, Guy Lillemo, Julie Birkholz, Scott L., Nancy Y., Don Y.

D. Adopt Agenda

Motion by Lorinser, second by Collison to approve the agenda. Motion carried.

E. Proclamations/Commendations/Certificate Awards

1. Mayors Proclamation – MN Manufacturer's Week October 1 – 7, 2017

Mayor Wimmer read the proclamation.

F. Approve City Council Minutes

1. September 5, 2017 - Regular Meeting of the City Council

Motion by Collison, second by Lorinser to approve minutes as presented. Motion carried.

G. Citizens Input

None.

H. Announcements

1.	Parks, Recreation, & Culture Board Meeting	Tuesday, September 26, 2017 at 6:00 p.m
2.	City Council Meeting	Tuesday, October 3, 2017 at 7:00 p.m.
3.	Economic Development Authority	Tuesday, October 3, 2017
	(Immediately following the City Council Meeting)	
4.	CITY OFFICES CLOSED	Monday, October 9, 2017
	(In Observance of Columbus Day)	

I. Council Committee Reports

None.

J. Public Hearings

1. Resolution 2017-235 to Vacate Penny Lane SE Pursuant to MN Statue §412.851

Mayor Wimmer opened the Public Hearing at 7:08 p.m.

There were no comments during the public hearing.

Mayor Wimmer closed the Public Hearing at 7:09 p.m.

Motion by Lorinser, second by Bergley to approve the request as presented. Motion carried.

K. Business Items

1. Joint Resolution 2017-236 in the Matter of the Amendment to the Orderly Annexation Between the City of Isanti, MN and Isanti Township, MN Pursuant to MN Statues § 414.0325 SUB.1

Mayor Wimmer began with an opening statement regarding the annexation. Property owner George Heman read a statement on behalf of himself and other concerned property owners. The statement highlighted the following points: the legality of the annexation, the financial, personal, and emotional repercussions an annexation would have on the property owners, and how the lifestyles of all property owners will be negatively affected if the properties be annexed.

Motion by Lorinser, second by Collison to approve the joint resolution as presented.

Councilman Bergley asked to speak against the motion due to a full council not being present as Councilman Lundeen was absent. Mayor Wimmer pointed out that no other Agenda Items are tabled if a Councilmember is absent and this is no different. It was also shared that this matter was discussed previously by a full council.

Motion carried.

2. Consider Notice of Intent to Annex Property at 1805 285th Ave NE PID 05.028.1101

This property is not included in the proposed joint annexation area between the City of Isanti and Isanti Township. Mayor Wimmer said the property owner would not have to utilize city water or sewer services as long as the well and septic system continued to pass inspection and when looking at the current valuation, the property tax was less than the 2017 proposed property tax from the township.

Motion by Lorinser, second by Bergley to approve the request as presented. Motion carried.

3. Resolution 2017-237 Approving a Special Event Permit Application for the 2018 Isanti Firefighters PRCA Rodeo

Jeff Holmgren of the Isanti Firefighter Rodeo Association (IFRA) is requesting the use of several areas of city property for expanded parking during the 2018 Isanti Firefighters PRCA Rodeo as it continues to grow. Mayor Wimmer said the City of Isanti has been working with IFRA and the Fire Department Chief about how to best achieve this. Mr. Holmgren asked if there were any additional questions or comments; there were none.

Motion by Lorinser, second by Bergley to approve the request as presented. Motion carried.

4. Interview Applicant for Vacant Parks, Recreation and Culture Board Seat

Applicant Jeff Johnson successfully interviewed with the City Council for the vacant Parks, Recreation, and Culture Board seat by answering a series of questions.

a. Resolution 2017-238 to Appoint Candidate to Fill Vacant Parks, Recreation and Culture Seat

Motion by Bergley, second by Collison to approve the request as presented. Motion carried.

City Administrator Don Lorsung

5. **Resolution 2017-239 Setting Due Date for Municipal Utility Bills**

Motion by Lorinser, second by Bergley to approve the request as presented. Motion carried.

6. **Resolution 2017-240 Approving Cedar Tree Revetment at River Bluff Preserve**

The project will transfer cedar trees from the upper prairie portion of River Bluff Preserve to prevent erosion along the Rum River Trail area.

Motion by Collison, second by Lorinser to approve the request as presented. Motion carried.

7. **Resolution 2017-241 Authorizing Purchase for Wastewater Testing Equipment**

Motion by Bergley, second by Collison to approve the request as presented. Motion carried.

8. **Resolution 2017-242 Authorizing the Execution of Repayment Agreement on Lot 1, Block 3, Isanti Meadows with Real Deal Construction, Inc.**

Motion by Collison, second by Lorinser to approve the request as presented. Motion carried.

9. **Resolution 2017-243 Approving Staff to Apply for MN DOH Grant for WHPP Implementation**

Motion by Collison, second by Bergley to approve the request as presented. Motion carried.

L. Approve Consent Agenda

1. Consider Accounts Payable in the Amount of $ 263,003.98 and Payroll in the amount of $102,998.02
2. Final Meeting Minutes for the August 2, 2017 Economic Development Authority Meeting
3. **Resolution 2017-244 Approving Gambling Permit for North Branch Area Education Foundation**
4. **Resolution 2017-245 Proceeding with Process for Abandoned Property at 310 - 1st Avenue**
5. **Resolution 2017-246 Approving Donation Box at Liquor Store for MMBA Food Drive**
6. **Ordinance NO. 679 Amending Isanti City Code Chapter 227- No Parking Zone on Main Street East**

Motion by Bergley, second by Lorinser to approve Consent Agenda as presented. Motion carried.

RE: 2017 Palomino Road Street & Utility Improvements Project – Special Assessments / Public Hearing

Attached for your consideration is a Resolution Declaring Costs to be Assessed, Ordering Preparation of the Proposed Assessments, and Ordering the Public Hearing for Proposed Assessments for the 2017 Palomino Road Street and Utility Improvements Project. The Public Hearing is scheduled for Tuesday, November 7, 2011, at approximately 7:00 p.m., as a part of the regular City Council Meeting that evening.

Notification of the public and benefiting property owners shall be as outlined in the attached resolution.

RESOLUTION NO. 2017-xxx

RESOLUTION DECLARING COST TO BE ASSESSED, ORDERING PREPARATION OF PROPOSED ASSESSMENT, AND ORDERING HEARING ON PROPOSED ASSESSMENT – 2017 PALOMINO ROAD STREET & UTILITY IMPROVEMENTS PROJECT

WHEREAS, a contract has been let for the 2017 Palomino Road Street and Utility Improvements Project and described herein the improvement of Palomino Road SE, from the intersection of Railroad Avenue SE to the intersection of State Highway 65. Project work also included, but not assessed includes installation of a new watermain and sidewalk construction. The contract (bid) price for such improvement is $591,312.55, and the expenses incurred or to be incurred in the improvement will be approximately $157,576.00. The total cost of the improvement is $748,888.55.

NOW, THEREFORE, IT IS HEREBY RESOLVED by the City Council of the City of Isanti, Minnesota as follows:

1. The portion of the cost of such improvement to be paid by the city is hereby declared to be $663,135.35 and the portion of the cost to be assessed against benefited property owners is declared to be $85,753.20.

2. Assessments shall be payable in equal annual installments extending over a period of 10 years, the first of the installments to be payable on or before the 15th day of May, 2018, and shall bear interest at the rate of 4.75% percent per annum from the date of the adoption of the assessment resolution.

3. The City Clerk, with the assistance of the city consulting engineer, shall forthwith calculate the proper amount to be specially assessed for such improvement against every assessable lot, piece or parcel of land within the district affected, without regard to cash valuation, as provided by law, and a copy of such proposed assessment shall be filed in the city office for public inspection.

BE IT FURTHER RESOLVED by the City Council of the City of Isanti, Minnesota as follows:

1. The City Clerk hereby notifies that such proposed assessment has been completed and filed in the city office for public inspection.

2. A hearing shall be held on **the 7th day of November, 2017** in the city hall at 7:00 pm. to pass upon such proposed assessment and at such time and place all persons owning property affected by such improvement will be given an opportunity to be heard with reference to such assessment.

3. The City Clerk is hereby directed to cause a notice of the hearing on the proposed assessment to be published once in the official newspaper at least two weeks prior to the hearing, and the total cost of the improvement shall be stated. The Clerk shall also cause mailed notice to be given to the owner of each parcel described in the assessment roll not less than two weeks prior to the hearing date.

4. The owner of any property so assessed may, at any time prior to certification of the assessment to the county auditor, pay the whole of the assessment on such property, with interest accrued to the date of payment, to the City of Isanti, except that no interest shall be charged if the entire assessment is paid within 30 days from the adoption of the assessment. They may at any time thereafter, pay to the City of Isanti the entire amount of the assessment remaining unpaid, with interest accrued to December 31 of the year in which such payment is made. Such payment must be made before November 15 or interest will be charged through December 31 of the succeeding year.

This resolution was duly adopted by the Isanti City Council this 3rd day of October 2017.

A Community For Generations

Isanti

MEMORANDUM

TO: Mayor George Wimmer
Members of the Isanti City Council

FROM: Ryan Kernosky, Community Development Director

DATE: October 3rd, 2017

SUBJECT: Minor Subdivision Plat – Isanti Hotel Addition

Background

As you may know, the City is actively working with a developer to construct a hotel on PID 160290101. As part of that process, the City needs to vacate Penny Lane SE and dedicate the Right-Of-Way (ROW) for Richard Avenue SE along the west property lines between Main Street E and Broadway Street SE.

Because the property is creating only one lot with dedicated ROW, we are able to replat the property using the Minor Subdivision Platting process. The City Planning Commission held a public hearing on September 19, 2017 and has recommended approval of the minor subdivision plat.

Staff Comments

The proposed Minor Subdivision Plat is a very simple replat of one parcel. A 60' ROW for Richard Avenue SE is created, and a 1.61-acre lot (Block 1, Lot 1) is also created for the development of the hotel.

Because the subject parcel abuts Trunk Highway 65, the City was required to have MN-DOT review the proposed Minor Subdivision Plat. This request for review was made on August 25, 2017 and reviewed on September 5, 2017. MN-DOT has no objection to the proposed Minor Subdivision Plat.

Staff supports the proposed Minor Subdivision Plat, and is recommending approval as presented.

Public Hearing

The City Planning Commission held a public hearing on September 19, 2017.

City Council Options

Approve as presented: Motion to approve the request from the City of Isanti for a combined preliminary and final plat for the Isanti Hotel Addition Minor Subdivision Plat.

Approve with conditions: Motion to approve the request from the City of Isanti for a combined preliminary and final plat for the Isanti Hotel Addition Minor Subdivision Plat with the following conditions…

Recommend denial: Motion to deny the request from the City of Isanti for a combined preliminary and final plat for the Isanti Hotel Addition Minor Subdivision Plat.

Table: Motion to table the request from the City of Isanti for a combined preliminary and final plat for the Isanti Hotel Addition Minor Subdivision Plat.

RESOLUTION 2017-XXX

A RESOLUTION THROUGH ORDINANCE NO. 536 (SUBDIVISION ORDINANCE), ARTICLE 3, APPROVING THE MINOR SUBDIVSION PLAT OF THE ISANTI HOTEL ADDITION

WHEREAS, the City of Isanti has made an application for a Minor Subdivision Plat for the Isanti Hotel Addition, which is legally described as:

That part of the Northeast Quarter of the Southwest Quarter (NE 1/4 of the SW 1/4) of Section Twenty-nine (29), Township Thirty-five (35), Range Twenty-three (23), Isanti County, Minnesota described as follows, to-wit: Commencing at the intersection of the North right-of-way line of the public town road as presently existing and laid out, said road being the extension of Broadway Street in the Village of Isanti, Minnesota, with the West line of said Northeast Quarter of Southwest Quarter (NE 1/4 of SW 1/4), said intersection being Thirty-three (33) feet North of the Southwest corner of said Northeast Quarter of Southwest Quarter (NE 1/4 of SW 1/4), thence on an assumed bearing of South 89 degrees 59 minutes 27 seconds East, along said North right-of-way line of said road, and parallel to the South line of said Northeast Quarter of Southwest Quarter (NE 1/4 of SW 1/4) a distance of 236.70 feet to the point of beginning of the property to be described; thence continuing South 89 degrees 59 minutes 27 seconds East along said North right of way line a distance of 435.59 feet, more or less, to the West right-of-way line of Minnesota Trunk Highway No. 65, as presently existing and laid out, thence Northeasterly along said West right-of-way line of Highway No. 65 a distance of 198.5 feet, more or less, to the intersection of said West right-of-way line of Highway No. 65, with the South right-of-way line of the public road as presently existing and laid out, said road being the extension of Main Street in the Village of Isanti, Minnesota, and being described in that certain Highway Easement recorded in Book Q of Miscellaneous, Page 128-9, thence Westerly along said South right-of-way of said Main St as extended easterly to said Highway No. 65, a distance of 457.67 feet, more or less, to the intersection with a line bearing North 00 degrees 06 minutes 41 seconds East from said point of beginning; thence South 00 degrees 06 minutes 41 seconds West a distance 193.82 feet, more or less, to said point of beginning, excepting therefrom the following described triangular piece of land adjoining and Westerly of the Westerly boundary line of trunk Highway No. 65, Southerly of a line run parallel with and distant 33 feet South of the Center of the line of Main Street in the Village of Isanti extending Easterly to said Highway and Northeasterly of the following described line: Beginning at a point on the Westerly boundary line of said highway distant 100 feet Southerly of its intersection with the above described 33 foot parallel line thence run Northwesterly to a point on said 33 foot parallel line distant 100 feet West of said intersection.

WHEREAS, the City of Isanti Planning Commission conducted a public hearing on the Minor Subdivision Plat on September 19, 2017; and,

WHEREAS, all required public notices regarding the public hearing were posted and sent to property owners within 350' of the subject parcel; and,

WHEREAS, the City of Isanti Planning Commission, after conducting the public hearing during the regularly scheduled Planning Commission meeting on September 19, 2017, has recommended approval of the Minor Subdivision Plat as presented; and,

WHEREAS, approval of the Minor Subdivision Plat combines the Preliminary and Final Plat approval process; and,

NOW, THEREFORE, BE IT RESOLVED, that the City Council of the City of Isanti, Minnesota adopts the Findings of Fact and Conclusion related to the requested Minor Subdivision Plat of the Isanti Hotel Addition and **BE IT FURTHER RESOLVED** that the requested Minor Subdivision Plat is hereby approved.

Adopted by the City of Isanti City Council on this 3rd day of October, 2017.

FINDINGS OF FACT AND CONCLUSION

Minor Subdivision Plat – Isanti Hotel Development

September 19, 2017
Prepared by Ryan Kernosky, Community Development Director

Request:
Request from the City of Isanti for a combined Preliminary and Final Plat approval through a Minor Subdivision Plat for the Isanti Hotel Addition as a part of PID 160290101 (subject parcel).

Findings of Fact:

1) The applicant, the City of Isanti, has submitted an application for a Minor Subdivision Plat approval for the property legally described as:

> That part of the Northeast Quarter of the Southwest Quarter (NE 1/4 of the SW 1/4) of Section Twenty-nine (29), Township Thirty-five (35), Range Twenty-three (23), Isanti County, Minnesota described as follows, to-wit: Commencing at the intersection of the North right-of-way line of the public town road as presently existing and laid out, said road being the extension of Broadway Street in the Village of Isanti, Minnesota, with the West line of said Northeast Quarter of Southwest Quarter (NE 1/4 of SW 1/4), said intersection being Thirty-three (33) feet North of the Southwest corner of said Northeast Quarter of Southwest Quarter (NE 1/4 of SW 1/4), thence on an assumed bearing of South 89 degrees 59 minutes 27 seconds East, along said North right-of-way line of said road, and parallel to the South line of said Northeast Quarter of Southwest Quarter (NE 1/4 of SW 1/4) a distance of 236.70 feet to the point of beginning of the property to be described; thence continuing South 89 degrees 59 minutes 27 seconds East along said North right of way line a distance of 435.59 feet, more or less, to the West right-of-way line of Minnesota Trunk Highway No. 65, as presently existing and laid out, thence Northeasterly along said West right-of-way line of Highway No. 65 a distance of 198.5 feet, more or less, to the intersection of said West right-of-way line of Highway No. 65, with the South right-of-way line of the public road as presently existing and laid out, said road being the extension of Main Street in the Village of Isanti, Minnesota, and being described in that certain Highway Easement recorded in Book Q of Miscellaneous, Page 128-9, thence Westerly along said South right-of-way of said Main St as extended easterly to said Highway No. 65, a distance of 457.67 feet, more or less, to the intersection with a line bearing North 00 degrees 06 minutes 41 seconds East from said point of beginning; thence South 00 degrees 06 minutes 41 seconds West a distance 193.82 feet, more or less, to said point of beginning, excepting therefrom the following described triangular piece of land adjoining and Westerly of the Westerly boundary line of trunk Highway No. 65, Southerly of a line run parallel with and distant 33 feet South of the Center of the line of Main Street in the Village of Isanti extending Easterly to said Highway and Northeasterly of the following described line: Beginning at a point on the Westerly boundary line of said highway distant 100 feet Southerly of its intersection with the

above described 33 foot parallel line thence run Northwesterly to a point on said 33 foot parallel line distant 100 feet West of said intersection.

2) The property is zoned "B-2" General Commercial and "TH 65" Overlay District.
3) The proposed Minor Subdivision Plat combines the Preliminary and Final Plat Public Hearings.
4) A Notice of Public Hearing was published in the *Isanti County News* on September 6, 2017.
5) Notice of the Public Hearing was sent via USPS to all property owners within 350' of the subject parcel.
6) A public hearing was scheduled for September 19, 2017 immediately following the 7:00 p.m. City Council meeting at City Hall within the Council Chambers.
7) The City finds it in the best interest of redevelopment of this property if the property is re-platted to dedicate a 60' City Right-of-Way for Richard Street SE along the West property line.
8) The City has voted to vacate Penny Lane SE that splits the subject property.

Conclusions:

1) The Minor Subdivision Plat of the property appears to meet the lot requirements and setback requirements as provided within the zoning ordinance for properties located within the B-2 and TH 65 zoning districts.

Decision:

The City of Isanti Planning Commission held a public hearing on the item at the September 19, 2017 meeting. The meeting minutes, staff memo, and exhibits will be made part of the Findings of Fact and Conclusion.

MEMORANDUM

TO: Mayor George Wimmer
Members of the Isanti City Council

FROM: Ryan Kernosky, Community Development Director

DATE: September 19, 2017

SUBJECT: Rezoning of PIDs 050313300 (27868 Polk St NE) and 050313301

Background

On June 1, 2017, PIDs 050313300 and 050313301 were annexed into the City of Isanti. There was no specific zoning district provided in the Resolution approved by the City Council, therefore the R-1 "Single-Family Residential" zoning classification was assigned to the properties pursuant with our zoning code.

These properties are owned by Brennan and Rebecca Cox, who have proposed to construct a transient lodging facility on the larger parcel (050313300). They also own the property that was annexed in December 2016 to the south that is zoned "Recreational Commercial." The City's comprehensive plan calls for this property to be Low Density Single-Family Residential (LDSFR). LDSFR encourages development of residential single-family homes between 0-3 units per acre.

Because of the proposed surrounding development, the residential character of the proposed transient lodging establishment, and the passive use that is associated with transient lodging establishments, I would be appropriate to rezone the property "Recreational Commercial" and potentially require a rezoning if the use of the property would ever change.

Pursuant to Section 21, Article 1, Subd. 4(d) – the Planning Commission should take the following items into consideration *(Staff Comments are Italicized)*:

1) The proposed action has been considered in relation to the specific policies and provisions of and has been found to be consistent with the City' Comprehensive Plan, including public facilities and capital improvement plans.

   The City's 2008 Comprehensive Plan calls for Low Density Residential and Future Park/Open space on the subject parcels. While the Comprehensive Plan may appear to be in conflict with the proposed rezoning, it's important to recognize that the use will be

consistent with that of a residential feel. The parcels will continue to have large open space along the west property line. There are no future plans for public facilities, nor any capital improvement projects in this part of the community.

Furthermore, Recreational Commercial portion of the future land use portion of the Comprehensive Plan states that "promote high quality, large-scale recreational uses that preserve the natural character of woodlands, steeps lopes, wetlands and other conditions that hinder development. Recreational Commercial developments are to be designed to fit within the topography and physical features of the site, and must have low profiles so as not to detract from their natural settings."

The existing building is a low-profile home that is very low density. The proposed site will continue to fit in with the natural characteristics of the property.

2) The proposed action meets the purpose and intent of this Ordinance or in the case of a map amendment; it meets the purpose and intent of the individual district.

The purpose of the Recreational Commercial District (RC) is to implement the goals and objectives established within the Comprehensive Plan, which is to provide sufficient area for the development of indoor and outdoor recreational and cultural activities and facilities that preserve the natural character of the land while meeting the current and future recreational services demands of the community.

The proposed development meets the conditions of the purpose and intent of the Recreational Commercial zoning district.

3) There is adequate infrastructure available to service the proposed action.

Because the City recently annexed this property into the City's limits, there is no sewer or water immediately available to the properties. The existing road has been a point of discussion for the surrounding properties and the Athens Township, however, the City has required that if it is deemed appropriate to update the road, that the developer of this parcel would be required to do so.

4) There is an adequate buffer or transition provided between potentially incompatible districts.

The existing buildings on the property are several feet away from existing residential properties. The developer has proposed to install a line of trees along the north property line. These two things combined provide more than adequate buffering and transition between the proposed use and the existing residential neighborhood.

DOAC Review

DOAC reviewed the proposed rezoning and are recommending approval. No further comments were provided.

Public Notice

Notice of the proposed rezoning on was published in the official City newspaper, *Isanti County News*, on Wednesday September 6, 2017. Mailed notices were provided to property owners within 350' of the subject property. A public hearing was held during the Planning Commission meeting on September 19, 2017.

Planning Commission Recommendation

The City Planning Commission, after receiving feedback from the public hearing, has voted to recommend approval.

Options & Proposed Motion Language

1. **Approve**: Motion to approve the request from the City of Isanti to rezone the properties legally described in Exhibit A from R-1 to RC.

2. **Deny**: Motion to deny the request from the City of Isanti to rezone the properties legally described in Exhibit A from R-1 to RC for the following reasons…

3. **Table**: Motion to table the request from the City of Isanti to rezone the properties legally described in Exhibit A from R-1 to RC. (a specific reason and information request should be included in the motion to table).

Staff Recommendation

Staff is recommending approval of the rezoning.

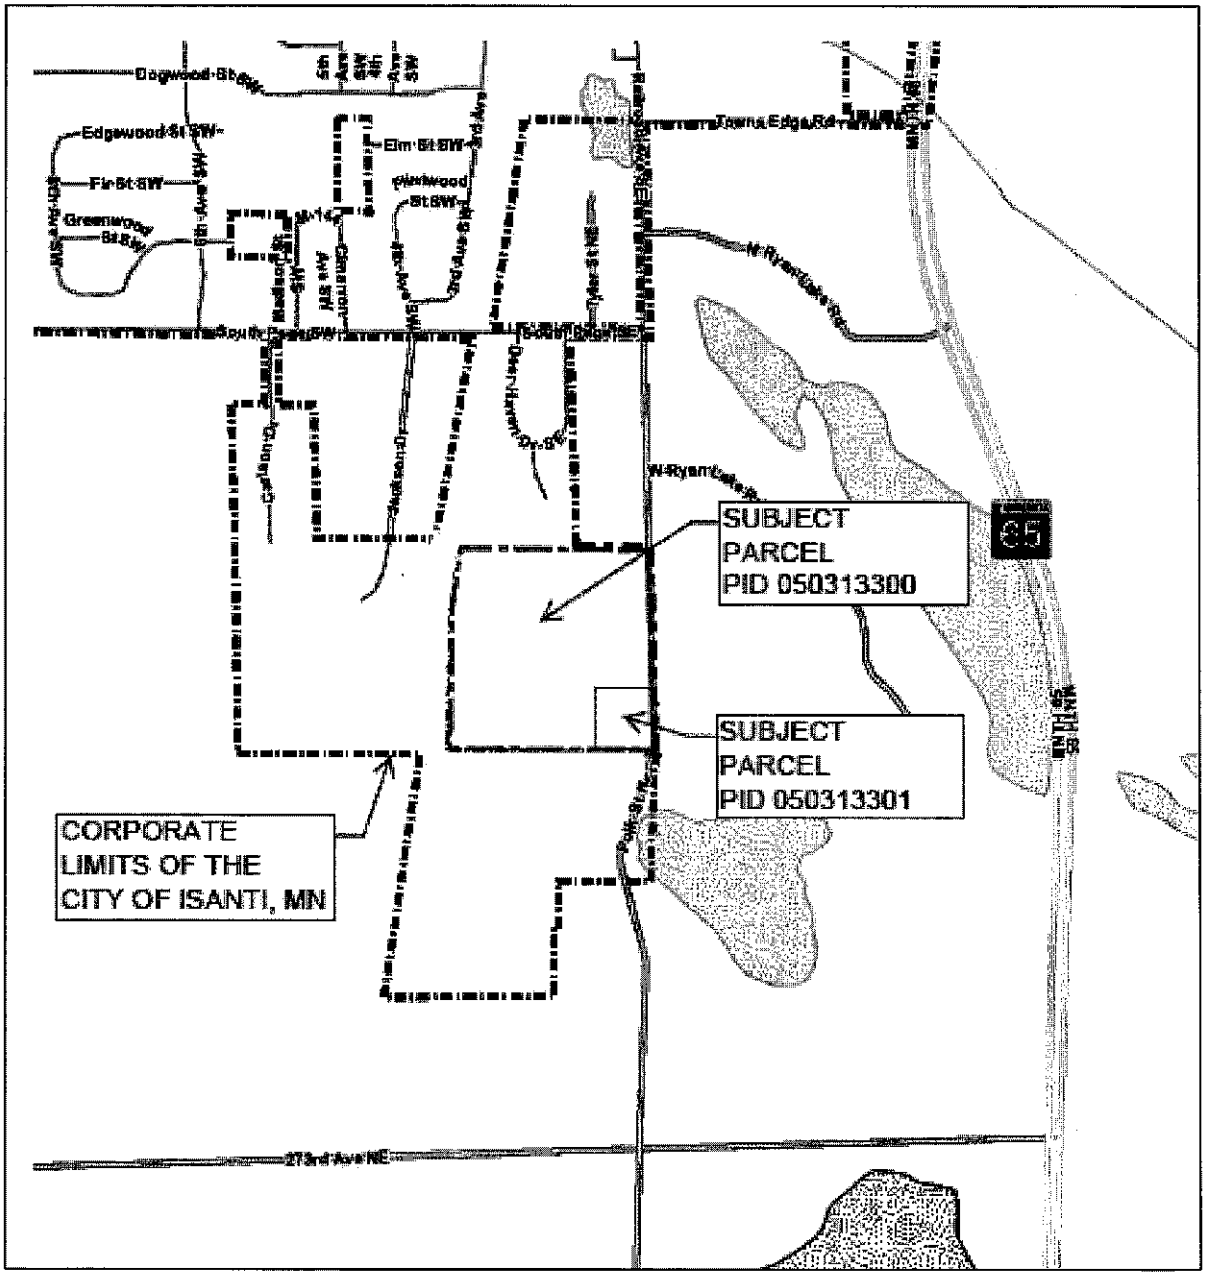
LOCATION MAP: REZONING FROM R-1 TO RC PID 050313300 & PID 050313301



ORDINANCE NO. XXX

AN ORDINANCE APPROVING AN AMENDMENT TO ORDINANCE NO. 445 (ZONING): THE OFFICIAL ZONING MAP

THE CITY OF ISANTI DOES ORDAIN:

WHEREAS, the City of Isanti annexed PID 050313300 & PID 05031330, more legally described in Exhibit A attached hereto, in June of 2017 through City Council Resolution 2017-118; and,

WHEREAS, consistent with Isanti Municipal Code (Zoning Code) Section 3, subd. 3(b), the subject parcels are considered to be in the "R-1" Single Family Residential District; and,

WHEREAS, the proposed rezoning is consistent with Isanti Municipal Code (Zoning Code) Section 21, Article 1, subd. 4(d); and,

WHEREAS, the notice of public hearing was published in the *Isanti County News* on September 6, 2017, and property owners within 350' of the subject parcel were notified of the public hearing; and

WHEREAS, during the regularly scheduled meeting of the City Planning Commission on September 19, 2017, Commissioners held a public hearing on the rezoning of the parcels; and,

WHEREAS, the Planning Commission has recommended approval of this Ordinance rezoning the properties described in Exhibit A from "R-1" Single Family Residential to "RC" Recreational Commercial.

NOW, THEREFORE, BE IT RESOLVED by the City Council of the City of Isanti, Minnesota, that the properties legally described in Exhibit A attached hereto, subject to easements, restrictions and reservations of record, approve the re-zone request from "R-1" Single Family Residential to "RC" Recreational Commercial.

BE IT FURTHER RESOLVED, that this Ordinance shall take effect the day following its publication in the City's Official Newspaper.

Adopted by the City Council this 3rd day of October, 2017.

MEMORANDUM

Date: September 25, 2017
To: Honorable Mayor Wimmer and Members of the City Council
City of Isanti
From: Bradley C. DeWolf, P.E.
City Engineer
Subject: Resolution for Municipal State Aid Funds Advancement
Isanti, Minnesota
BMI Project No: R13.112450

In order for the Finance Department of the Mn/DOT Muncipal State Aid Sytem (MSAS) to release our previously approved use of MSAS funds, a resolution must be passed requesting the State-Aid advancement. This will release funds to reimburse the City for the 2017 Palomino Road Improvements project. $468,934.44 of the $748,888.55 total proposed project cost is eligible for MSAS funding.

We recommend approval of the attached resolution in the amount of $468,934.44.

I will be at the October 3rd, 2017 City Council meeting to respond to any questions you have concerning the proposed funding and feel free to contact me with any questions prior to the meeting.

BCD/jwc

Bolton & Menk is an equal opportunity employer.

RESOLUTION NO. 2017-XXX

RESOLUTION REQUESTING ADVANCEMENT OF MUNICIPAL STATE AID FUNDS

WHEREAS, the City of Isanti has implemented Municipal State Aid Projects in 2017 which require State Aid funds in excess of those available in its Municipal Account, and

WHEREAS, said City is prepared to pay for the construction of said projects through the use of an advance from the Municipal State Aid Construction Fund to supplement the available funds in their Municipal State-Aid Construction Account, and

WHEREAS, the advance requested is based on the following determination of estimated expenditures:

	Total Project Cost	**State Aid Eligible**	**Total City Cost**
2017 Palomino Road Improvements	**$748,888.55**	**$468,934.44**	**$279,954.11**

Account Balance as of date 9/25/2017	($207,556.01)
Estimated Eligible Expenditures:	
Project #245-108-001 – Palomino Road Improvements	($468,934.44)
Total Amount Currently Available for Advance	$673,458.99
Advance Amount Requested	$468,934.44

WHEREAS, repayment of the funds so advanced will be made in accordance with the provisions of Minnesota Statutes 162.08, Subd. 5 & 7 and Minnesota Rules, Chapter 8820, and

NOW, THEREFORE, IT IS HEREBY RESOLVED by the City Council of the City Of Isanti, Minnesota:

1. That the Commissioner of Transportation be notified and is hereby requested to approve this advance for financing approved Municipal State Aid Highway Project(s) of the City of Isanti in an amount up to $468,934.44 in accordance with Minnesota Rules 8820.1500, Subp. 9.

2. The City Council authorizes repayments from subsequent accruals to the Municipal Account of said City from future year allocations until fully repaid.

This resolution was duly adopted by the Isanti City Council this 3rd day of October 2017.

CITY OF ISANTI
PARKS, RECREATION, AND CULTURE BOARD
MEETING MINUTES
June 27, 2017
City Council Chambers

1. Meeting Opening.

A. Call to Order.
Zdon called the meeting to order at 6:10 p.m.

B. Pledge of Allegiance.
Everyone stood for the Pledge of Allegiance.

C. Roll Call.

Members Present:	Jennifer Garvey, James Witte, and Aaron Zdon
Members Absent:	Mayor Wimmer
Staff Present:	Katie Everett, Community Events and Parks Coordinator

D. Agenda Modifications.
Zdon asked if there were any agenda modifications. There were none.

Motion by Garvey, second by Wimmer to approve the June 27, 2017 Parks, Recreation, and Culture Board Agenda. Motion was unanimously approved.

2. Approval of Minutes from April 25, 2017 Parks, Recreation and Culture Board Meeting.

Motion by Garvey. Second by Witte. Vote was unanimously approved.

3. Sign Replacement Plan

Everett explained the signs that directly match River Bluff have been ordered, mostly because we needed to make sure that former – Tot Lot had the right name before the scavenger hunt started. That sign has been put up, she hasn't gotten a chance to see if the others are up yet. She explained that the other options are in the packet. The board had talked about doing some smaller ones to distribute around Bluebird Park. The big signs we have are 8'x3'. The 4'x2 option would go on the entrance off of Isanti Parkway where the road is, and the 2'x2' where the trail comes in on the side off of 3rd, and then 1st Ave winds through the park. Right now there's a little sign as you come through there, we'd replace that one with one that matches. Everett stated that she didn't attach one of the little rules signs because people would be passing them and would read them. Garvey asked if there is a sign near the playground that says there's a bathroom available at BMX. Everett explained that the closest one is by the skate park. Zdon stated that one isn't super visible, and no one really knows. Everett stated that the one out there is a rule sign that across the bottom shows "Public Restroom," and we should be able to order another of those. Garvey stated that she doesn't like adding more posts, because she knows the people mowing the grass don't like more posts, so if it's attached to the pavilion. Zdon added that families with babies at the pavilion don't always want to be using the portables, so agreed that would be a good location. Everett explained that she got the invoice for the signs ordered so far and we should have plenty of money to get what we need.

Everett explained that VFW sign has a condensed version of the rules with the ones more pertinent for that site. That is the same size as the one on the backstop at Unity for a frame of reference. The Bike/Walk Trail signs look like people have been throwing things at them and they're all dented. Everett explained that she thinks there are way too many words on the sign, and the group agreed. Zdon stated that someone might read "4. No alcohol," because it's short and move on. Everett explained that is what the sign currently reads. Garvey recommended that the group revisit this sign, she agreed that there are way too many rules and four

is about the max, and no one is going to stop and read all of these. Zdon stated that the font can be bigger then, too. Everett said that maybe we can have some rules listed and then have a little mailbox there will all of the rules listed so we can say they're available. Zdon said that for number one, "No motorized or recreational vehicles on the trail or its right of way," you can just say "No motorized vehicles," which is what you see on every sign – or you could add no ATVs, and that's still shorter. Garvey asked if Everett had looked at any other county or regional trail signage to see any comparisons. Everett said that she hasn't directly relating to this, but she's never seen a sign that looks like this in all the time she's visited parks. Witte stated that some places just use emblems. Garvey stated a lot of them are getting away from the English language and making sure it's just a universal type of thing. Zdon stated that if you're biking, you can pick up 6 emblems quickly as you're going by. Garvey stated she likes the idea of the emblems; Zdon agreed, and stated that even if some are written and then add 4 or 6 big emblems. Garvey stated she would make a motion to come back with a couple of rules and some emblems that would be an option to condense this sign down. Everett stated she can rework it too, and she will check with the City Administration because they may have ideas about which rules have to be on there. Zdon stated that it's not a bad thing to have the full set of rules maybe posted, but also have an abridged set somewhere on the trail, and have these maybe on the website. Everett stated she believed they are currently on the website, but wasn't positive about that. Garvey stated she didn't think most other places would have these even as an option posted somewhere because all they're going to do is get trashed. Everett agreed that it's not effective and she'll rework it and bring it back. In the meantime, if the board had a chance to Google and find some good emblems, they can email them to her. Zdon stated they should be public domain on the alcohol, no littering, no motorized. Everett stated that she has seen the National Parks Service has a download of their standard ones too. The other signs on the last page will replace the sign just as you're crossing the dirt road; as you're coming into the City of Isanti it says welcome and as you're leaving, thanks for visiting. That's what they say now, Everett said she didn't know if we wanted more information or to stick with what's there. Zdon stated that these are nice and big. Everett stated that Cambridge has a nice big map on their beginning end. So we might be able to look into getting their version of that map and maybe get something like that on this end. There was a gentleman that came in probably a couple of months ago now that said he would like to see distance markers on the trail. He happened to be a sign guy and was going to send options for doing this, and she hasn't heard from him. That might be something that the Bike/Walk Trail committee looks at too. Zdon said that would be nice to have. Everett explained that a lot of people go out with spray paint and mark the trail wherever they want for their 5Ks and things, so that might limit that. Everett stated that if they're okay with those, she will order them as well as the Bluebird and VFW Park sign.

4. Benches and Tables

Everett stated that she wanted to confirm that when the group was out on the park tour, they weren't super convinced that new tables were going to a high priority. The Public Works department has repainted a bunch of the blue and black ones too. There may be a couple left to work on, but the ones that were the worst like over at Mattson are all being redone. They're all getting a little bit of a facelift. There is a chance that we might be able to get some donated by the Rotary; they contacted that they may be interested in doing that again. Everett just wanted to make sure we don't want to order anything at this point. Zdon asked if the $5000 budgeted is use-it-or-lose it or if it will be pushed to next year. Everett explained that we'll probably lose it, but if we don't need to spend it that's good for the Parks budget. Garvey asked if it has to be spent on tables and benches. Everett explained at this point, yes it does. If we do determine that we do not want to do this and there's another project that fits within that budget, it would be a Finance Committee and then ultimately Council decision to reallocate that money. Garvey asked if we would want to have that decision made by November at the latest. Everett said that should happen as soon as possible. Zdon asked if that money could be used to replace the boards at Legacy that are gouged up, or would that be separate repair budget? Everett said she thought we probably could use it for that. Zdon said he thought it would fit within the scope. Everett explained that she did contact that and it was about $60 per board. Zdon said we might need 20 boards over there, we don't know, some of them are pretty bad. Garvey asked if it could come back next month. Zdon asked if we could get a count of how many boards are out there. Everett explained she had gone out and didn't remember exactly how many were bad, but it was around eight. Zdon

said that was less than he thought. Everett said that each table has three slats on the top and each bench is just one, so there aren't as many as she was thinking either. She said she asked if we could get blank ones to have extras, but the boards in each position are different and it costs more to get them blank. Everett stated that we might still be able to order extra middle ones, extra end ones, etc. Zdon said he thought it might make sense to get some extra sets since these are the same benches we're using at other parks now too. Garvey asked if the Parks department had tried sanding them down; Everett said she thought they may have done that in a couple of shallow spots, but some of them are so deep you'd end up with a big bowl there. Zdon said that by the time we pay for someone to do that work you could probably just pay for a new board, plus the finish gets kind of weird when you do that. Zdon said he'd like to get an estimate on getting some sets so we have plenty to fix what's there and possibly have some extras.

Zdon asked if there are other top priority benches and tables, or if they have them all repaired. Everett stated that some of the blue ones are pretty dented, but they're nicer now and will hold up for a while. Garvey asked if the blue ones are the metal mesh. Everett said they are. The brown ones that are the permanent ones in the parks were repainted, and the blue ones are usually the ones under the pavilions that move around. They don't look brand new, but they look a lot better. Zdon said the board could leave it up to staff's discretion. If there are some that the mesh is torn, then it's a safety hazard. If there are any staff don't think are worth repairing, then maybe next month we know that and then can decide and be done with it.

5. Parks Updates

Everett said that the scavenger hunt kick-off was really fun. We had about 10 people, with adults and kids, that came to volunteer with Access Church, and 20-25 people that came through to do that activities and a handful more that just stopped by to get the passports. We had a decent turnout for not knowing what to expect. Some people brought the newspaper ad with them, so it's good to know how people are hearing about things. We've had 13 or 14 turned back in, and we've been watching people doing it around town. Some people come in to City Hall and just go out and do it all in a day. The prizes are the blue Frisbees, which we've had before, and blue aluminum water bottles. Staff are collecting some things from local businesses. We have requested a gift card from Coborn's and Allina is going to donate a parks visiting kit with sunscreen, bug spray, that kind of thing. And there will be $100 cash prize. We are requiring that the person be there to win the grand prize, which will be drawn August 12th at the Street Dance.

Boogie Wonderland was awesome. We got no weather to speak of here. It was the coolest Street Dance Everett had ever been too. There were a couple of spritzes as the band was setting up, but otherwise we completely escaped all of the weather that happened everywhere else on Saturday. Our vendors were all saying they had never seen that many people at a Street Dance before. The Lions ran out of beer at 10:45. Boogie Wonderland is easy to work with, and they want to come back.

The Farmers' Market is going well. The vendors are going a little rogue this week, and they're having the market without Everett. She will be off on Friday, and has put one of them in charge and we'll see how they do. They're all pretty happy. It's not as easy to get in and out for them to set up this year, so the logistics are a little trickier. She is not allowing them to complain about that because the customer traffic has increased so much. It's been way busier. Last week was rainy, and Everett thinks it was still busier than an average week last year. We have also worked with Dual Square Mall and EverCat owns a building next to that about access to that grassy area, and they've all been super cooperative about that. The Liquor Store has been very kind too as we're setting up and doing all of that. Zdon stated they're probably getting more business too. Everett said the market tries to send that in and hopes it goes both ways.

The Arts and Science Academy is moving along. The direction they've been given is that once there is substantial progress made on the park, they will be given official approval to go ahead with expanding enrollment and the middle school stuff. Zdon asked if the park is physically being done. Everett stated that it is, and within the last couple of weeks they've filed all of the final plats. Zdon asked if there is a final plan, and if it's online. Everett stated she's not sure if it's online anywhere, but will include a full-size tennis

court, she thinks the soccer field will be little, but it's for small kids. Everett stated she doesn't know the dimensions on that. They'll also be putting in a playground, and the equipment changed a couple of times so she's not sure exactly off hand what they chose. A paved trail loop will also go through there, and eventually we'll connect that around the storm pond. Zdon asked if they're doing the work out gear that was on the original. Everett stated that will be on our section, and at this point that is not a budgeted project but we'd like to do it at some point in the future. Zdon stated that he was at Highland Park over the weekend and the exercise area was packed. Everett explained that the new Community Development Director is very interested in parks too, and he asked when the last time we did a park plan was. Everett told him it was 2011, but it hasn't been followed very closely. She also thinks that sometime in the next couple of years the City is supposed to be updating its comprehensive plan and Parks is supposed to be a part of that. Hopefully we get a guiding document going forward, and that Parks would maybe be included as well as some of the other dream items.

Everett explained that it is budget time so staff is preparing preliminary budgets to be brought forward. She is working on a grant for a dog park, so if we get that, the dog park will happen a lot sooner. It's looking like right now that might happen over the next couple years if we don', budgeting that in so we have enough to do a good job when we put it up. We're also looking at a way to start including capital replacement for playgrounds to have funds available to replace things that are aging. As far as Everett knows we're still planning to do the tennis court next year as long as that gets approved in the budget process. We know that will just continue to get more expensive the longer we wait.

Celebrate Isanti is the last item. Everett asked the board that if they know of organizations or teams that might want to come to the wellness fair to let her know. Otherwise it's going well, she thinks there are about 40 people signed up for the 5K. There is still time for that, and we'll do another advertising push on that as it gets closer. Zdon asked which day that is; Everett said August 12. Everett stated that it's looking like it will be a good day with lots of free things for people to do. And between then and now is the July Street Dance. Devon Worley Band is coming. She has never done a Street Dance before, but has done a lot of stuff in the area and has a pretty decent following. Rodeo/Jubilee things are coming up fast – next week already, the parade is next Thursday.

6. Adjournment

Motion by Witte, second by Garvey to adjourn the June 27, 2017 meeting of the Parks, Recreation, and Culture Board. Motion was approved.

The meeting adjourned at 6:35 p.m.

Dated at Isanti, Minnesota this 27th day of June, 2017.

Respectfully submitted,

Katie Everett

CITY OF ISANTI
PLANNING COMMISSION
MEETING MINUTES
August 15, 2017

1. Meeting Opening.

A. Call to Order.

Chairman Wimmer called the meeting to order at 7:26 p.m.

B. Pledge of Allegiance.

Everyone rose for the pledge of allegiance.

C. Roll Call.

Members Present: George Wimmer, Dan Collison, Steve Lundeen, Ross Lorinser, Paul Bergley, Jim Kennedy and Jeff Miller.

Members Absent: None

Staff Present: Clark Joslin, City Attorney; Ryan Kernosky, Community Development Director

D. Agenda Modifications.

None

Motion by Bergley, second by Collison to approve the Meeting Agenda. Motion was unanimously approved.

2. Approval of Minutes from July 18, 2017 Planning Commission Meetings

Motion by Collison, second by Lundeed to approve the Meeting Minutes. Motion was unanimously approved.

3. Public Hearing

A. Request from Brennan and Rebecca Cox for a Conditional Use Permit and Site Plan Review Approval to operate a Retreat Center and Hobby Farm on PIDs 050313300, 050313301, and 010060505

Mayor Wimmer opened the Public Hearing at 7:27 p.m.

Dave Beckstrom, 24542 Bourbon Street NW - Mr. Beckstrom stated that he was the Planning and Zoning Chairman for the Athens Township. Mr. Beckstrom stated that when the Athens Township was looking at this same project, they hired an engineering firm to look at Polk Street NE from a public safety perspective, Mr. Beckstrom provided a copy of to the Commission of the summary of the report for the Commission's consideration. The engineering firm recommended turn lanes and widening the road. Mr. Beckstrom asked the Commission to include a condition that the roads are improved for public safety. Mr. Beckstrom stated that the proposed overflow parking and trail system that is on the Athens Township parcel should be required to obtain all necessary permits from the Township.
Mayor Wimmer stated that both of those concerns are addressed in the City's proposed Resolution.

Bruce Yerigan, 1426 4th Ave SW – Mr. Yerigan asked if there was going to be any type of presentation on the request and if there was going to be any detail on the project. Mr. Yerigan expressed concerns about not knowing what the project was.

Mayor Wimmer asked Community Development Director Kernosky to provide a brief overview of the project.

Mr. Kernosky provided a brief overview of the project, he stated that the operation of a hobby farm and retreat center are conditional uses in the Recreational Commercial Zoning District. Mr. Kernosky also stated that the City Zoning Code requires projects go through Site Plan Reviews.

Mr. Yerigan spoke on concerns about potential noise issues from the event center. He asked whether or not the City had a noise ordinance.

Mayor Wimmer responded that the City does have a noise ordinance, and that other events have received City permission to go beyond the noise ordinance limitations.

Mr. Yerigan again questioned the noise ordinance regulations for private properties and how often the City gave out exceptions to the ordinance.

Mayor Wimmer closed the Public Hearing at 7:36 p.m.

Motion by Lorinser, second by Collison to approve with Staff's recommended conditions.

Mr. Bergley asked questions regarding the turn lanes and the engineering report. Mayor Wimmer stated that the City would be looking into it and that if the City determines that the property needs turns lanes, a condition is in the Resolution to require the property owner to install it.

Motion carried unanimously.

4. Other Business.

A. Resolution 2017-XXX, Penny Lane Southeast Street Vacation

Mayor Wimmer stated this was part of the redevelopment project proposal. The City Council has been looking to do this for several years, but has been waiting for a potential project to come to fruition. The City intends to install Richard Ave on the West end of the property. This would provide a larger parcel for development.

Mr. Kernosky commented that this was to start the process to vacate Penny Lane Southeast, and that a public hearing, Planning Commission recommendation, and City Council Consideration would still need to happen.

Motion by Lorinser, second by Collison to approve. Motion carried unanimously.

B. Resolution 2017-XXX, Isanti EDA, Redevelopment Project Area Proposal

Mayor Wimmer stated that this was part of the redevelopment area of the hotel, and included surrounding properties that are expected to be developed as a result of the hotel. Mayor Wimmer continued to say that this allows the City to pursue other redevelopment proposals and flexibility going forward.

Mr. Kernosky stated that this Resolution was the City Planning Commission stating that this redevelopment area is consistent with the City's Comprehensive Plan.

Motion by Bergley, second by Lorinser to approve. Motion carried unanimously.

5. Other Communications.

A. None.

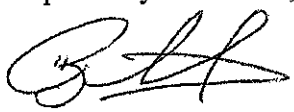
6. Adjournment

Motion by Lundeen, second by to Collison to adjourn the August 15, 2017 meeting of the Planning Commission. Motion was unanimously approved.

The meeting adjourned at 7:42 p.m.

Dated at Isanti, Minnesota this 16th day of August, 2017

Respectfully submitted,



Ryan Kernosky

Request for City Council

To: **Mayor Wimmer and City Council Members**

From: Chief Gene C. Hill **MEMO**

Date: September 26, 2017

Subject: Police Officer / Reserve Patrol Bike

Background:

The Police Reserve Unit has expressed interest in getting a second police bike so that they can ride in pairs. Research has proven that paired riding is much safer for the officers. The PD currently has a Trek brand police bike that is functional.

Striecher's Law Enforcement Supply in Plymouth Minnesota has a Smith & Wesson brand police bike that they used for demonstrations and in-store advertisement. The bike retails for approximately $2300.00 with the existing installed equipment of battery headlight / taillight, emergency lights, siren and saddle bag for equipment. A picture of the basic bike is attached. Streicher's is selling the bike for $788.00 fully equipped.

Funding for this purchase would come from existing budget funds from the Police Reserve line item. The Finance Committee has reviewed this request and is recommending for consideration by the City Council.

Action:

I am requesting the City Council review and consider moving forward with this purchase request to be fully funded from the Police Reserve Fund. Finance Director Betker and I have reviewed this purchase and the funding is available if approved.

Thank you for your time and consideration,

Chief Gene C. Hill

RESOLUTION NO. 2017-XXX

Purchase of Equipped Police Patrol Bicycle

WHEREAS, The Police Department has been wanting to expand the use of patrol bicycles within the City by its Officers and by its Police Reserve Unit and;

WHEREAS, funding is available to purchase a fully equipped police bike within the police reserve budget line item and;

WHEREAS, a patrol bike was found at a substantial cost savings to expand this program in which there is minimal reoccurring costs of maintenance to the tax payers and;

WHEREAS, the Finance Committee has review this request and is making it recommendation to move forward with this project and purchase;

NOW, THEREFORE, IT IS HEREBY RESOLVED by the City Council of the City of Isanti, Minnesota to authorize the Chief of Police to purchase an equipped Police Patrol Bike not to exceed $788.00.

This resolution was duly adopted by the Isanti City Council this 3rd day of October, 2017.

MEMORANDUM

TO: Mayor George Wimmer and City Council

FROM: Ryan Kernosky, Community Development Director

DATE: October 3, 2017

SUBJECT: RESOLUTION 2017-XXX – RFQ, NUSIANCE AND WEED ABATEMENT MOWING

City Staff and DOAC have determined that, in order to receive more quotes for contract nuisance weed and grass abatement, we should request for quotes in the fall rather than the spring. As such, the attached resolution permits staff to go out fall 2017 for quotes pertaining to the 2018 season.

While we expect to receive more quotes than previously, staff is asking that we have until February 1, 2018 to present the quotes to Council for their final approval.

Staff is asking for City Council's approval of the attached Resolution.

Please let me know if you have any further questions.

Attachments:

- RESOLUTION 2017-XXX: RESOLUTION AUTHORIZING STAFF TO REQUEST QUOTES ON CONTRACTORS FOR NUISANCE WEED/GRASS ABATEMENT 2018 SEASON

RESOLUTION 2017-XXX

RESOLUTION AUTHORIZING STAFF TO REQUEST QUOTES FOR CONTRACTORS FOR NUISANCE WEED/GRASS ABATEMENT 2018 SEASON

WHEREAS, the City of Isanti adopted Resolution 2009-115 which determined that is in the City's best interest of the City to accept quotes for the outsourcing of mowing services for nuisance weed/grass abatement lots located within the city; and

WHEREAS, during the 2017 mowing season, City Staff and the Development and Operations Advisory Committee have determined that seeking quotes during the fall of the year prior to the season may encourage more contractors to quote the requested mowing services; and,

WHEREAS, City Staff is seeking authorization to request quotes for mowing contractors for nuisance weed/grass abatement in 2018.

NOW, THEREFORE, IT IS HEREBY RESOLVED by the City Council of the City of Isanti, Minnesota authorizes the City Staff of Isanti to request quotes for nuisance weed/grass abatement lots, **AND BE IT FURTHER RESOLVED** that City Staff submit received quotes to the City Council for review and approval once an adequate number of quotes has been received.

This resolution is hereby approved by the City of Isanti City Council this 3rd day of October, 2017.

Isanti

MEMORANDUM

TO: Mayor George Wimmer
Members of the Isanti City Council

FROM: Ryan Kernosky, Community Development Director

DATE: October 3, 2017

SUBJECT: RESOLUTION 2017-XXX - A RESOLUTION RESCINDING PERMISSION FOR THE CONTINUED USE OF A FREE-STANDING SIGN LOCATED ON PID 16.029.0101

Background

PID 16.029.0101 is the parcel that the City has recently purchased to construct the 60-unit hotel. On that parcel is a free-standing sign that was part of the original parcel that Hurricane Car Wash was built on. The sign was constructed between 1998-1999, and the lot was split in 2002. Because the sign is no longer on the lot that advertises the business, it is an illegal non-conforming sign.

Part of the redevelopment of the site is to remove the sign. The City has been in contact with the owner of the sign, and he has stated that he intends to have it removed. Staff has inquired several times over the last summer about when it will be removed, with no determined date.

Because the hotel project is moving along and the City is the owner of the property, we need to be prepared to remove the sign in the event the owner is unable to do so. Staff is recommending an October 31st deadline to remove it – after that point the City would remove the sign. The City wants to work as much with the sign owner (as we have been), but we do need to get the sign removed in order to accommodate the redevelopment of the parcel.

Because the City owns the parcel now, the proposed resolution rescinds permission for the continued use of the free-standing sign on the subject parcel.

Staff Recommendation

Staff recommends approval of the Resolution.

RESOLUTION 2017-XXX

A RESOLUTION RESCINDING PERMISSION FOR THE CONTINUED USE OF A FREE-STANDING SIGN LOCATED ON PID 16.029.0101

WHEREAS, the City of Isanti purchased PID 16.029.0101 on September 19, 2017 from Emerald Acres Investment, LLC; and,

WHEREAS, the City of Isanti intends to redevelop the aforementioned property; and,

WHEREAS, the City of Isanti has a development agreement with Isanti Hotel Partners, LLC to construct a 60-unit hotel on the aforementioned parcel; and,

WHEREAS, an existing freestanding sign was installed on the property between 1998 and 1999; and,

WHEREAS, the aforementioned parcel was created through a Minor Subdivision in 2002; and,

WHEREAS, the aforementioned sign is in violation of the Zoning Ordinance, Ordinance 445, Section 16, Subd. 10(D) which states that a sign is prohibited and shall not be maintained on private land without the written consent of the owner thereof.

NOW, THEREFORE, BE IT RESOLVED that the City of Isanti, as property owner of PID 16.029.0101, rescinds permission of the existing free-standing sign to use the City's property for purposes of business identification. **BE IT FURTHER RESOLVED,** that the City of Isanti directs staff to notify the owner of the sign that they have until October 31st, 2017 to remove said sign, and that failure to do so will result in the City removing the sign, with costs to be billed to the owner of the sign. **BE IT FINALLY RESOLVED,** that in the event the owner of the sign fails to retrieve possession of the sign within thirty (30) days after it has been removed, that the City disposes of the sign as it sees fit.

CITY OF ISANTI
PARKS, RECREATION, AND CULTURE BOARD
MEETING MINUTES
September 26, 2017
City Council Chambers

1. Meeting Opening.

A. Call to Order.
Garvey called the meeting to order at 6:02 p.m.

B. Pledge of Allegiance.
Everyone stood for the Pledge of Allegiance.

C. Roll Call.

Members Present:	Jennifer Garvey, Jeff Johnson, and Mayor Wimmer
Members Absent:	James Witte, Aaron Zdon
Staff Present:	Katie Everett, Community Events and Parks Coordinator

D. Oath of Office for new Parks, Recreation, and Culture Board Member
Jeff Johnson read the Oath of Office as written.

E. Agenda Modifications.
Garvey asked if there were any agenda modifications. There were none.

Motion by Wimmer, second by Johnson to approve the September 26, 2017 Parks, Recreation, and Culture Board Agenda. Motion was unanimously approved.

2. Approval of Minutes from June 27, 2017 Parks, Recreation and Culture Board Meeting.

Motion by Wimmer. Second by Johnson. Vote was unanimously approved.

3. Bike/Walk Trail Sign Redesign

Everett explained that PRC has examined the sign at the end of the trail and all decided that the 5,000 word sign is not effective. Everett printed out the pictures of what Cambridge has at their end of the trail, and she drove by and it does still look like this. She stated that after the packet went out, the Bike/Walk Committee has talked about posting the rules in the past. It's not strictly written in the agreement that both have signed that this sign needs to be posted so she asked for Mayor Wimmer's input. Wimmer stated that the trail is a little bit different, it is not under the jurisdiction of the City of Isanti or of Cambridge, it's the joint powers. The Park Board doesn't really have jurisdiction over that; basically what we're trying to have is our park board and their park board trying to decide how to make the trail better. The issue that we run into with rules, and they run into it a little bit more than we do. There is a 60-40 split he believes because 301st is where the eventual demarcation line for Cambridge and Isanti. Whatever is north of that is their responsibility and what's south of that is ours. For our newest member, we pay for 40% of the cost of the bog walk and they pay for 60% of that, and we in essence pay for the part of the trail that will eventually fully within the City of Isanti and they pay for what will fully be in Cambridge. Almost of it right now is in Isanti Township; he stated he believes they pay $500 a year. Everett stated she believes it's $1,000. Wimmer stated he thought we were paying about $7,000 or $8,000 per year; Everett said she'd have to look it up to know for sure. Wimmer stated that either way, the majority of it will be in Cambridge so they pay that majority of that annual cost. Wimmer stated that what Cambridge is running into, and you can see it in the picture, is to the right of that line is private access because there is a home back there, and the rest is the trail. What we're trying to do is have people respect the fact that we have the trail, it's an easement to the joint powers, but it was all of these property owners in essence selling us

that easement and making sure we're good neighbors to them. The biggest concern they had was that people might not be behaving themselves on the trail. It has gone remarkably well, there have been just a couple things over the years that have ever been any kind of an issue. In the discussions, and we meet per the joint powers agreement with Mayor Palmer in January and go over things, the township is also there as well, and we wanted to make sure is that people know the rules of the trail as they're getting on to it. He didn't want to say that was a request from the township, but it was one of the concerns to just make sure everyone knows what it's about. Wimmer asked Everett to confirm that she was at the last meeting; she said that she was and both agreed that it was a very brief meeting. Everett informed the board that staff are planning to meet with Cambridge, because they do the work to maintain the trail, this fall. Because the committee meets in January, we want to get an idea of any issues before it snows. There are some places where roots are coming up through the pavement again, so it will be helpful to see those things before the meeting.

Garvey stated that looking at the picture, Cambridge has three signs on the left. She asked if the third sign was the rules. Everett said that it is and it matches exactly what we have. Garvey asked if Cambridge or the committee has had any discussion about taking that one down and redoing it. Wimmer stated he didn't think so, but he thinks they seem to be happy with their signs. Everett said she hasn't heard anything from them about it either. Wimmer stated he does agree that nobody is going to look at a sign with so much on it, and we've tried to do that with some of our signs to just have the big overall things on there. He is not sure if we need to do a sign like that or if we can do a sign with just the major rules. Johnson stated that he was out on Sunday to look at it and it's ridiculous; he didn't know who would stand there and read 19 rules, but he did. He said he does like the draft sign if it would be in a little more detail. He stated Cambridge's second sign is more detailed. Wimmer stated that the issue they have is that the trail on their end doesn't go to anything, so they're trying to show that if you go across this road and along this other road, you'll get to a Cambridge trail. They're trying accomplish with that is to show it does tie into a bigger trail system within their city, but the end is still in the township. That's why they have the more detailed sign. Johnson said that this one shows Bluebird Park, but it's kind of vague as far as parking; there's more parking than that. He said the four rules that are on the sign are the most important rules. Everett stated that those were examples and that's why she included the list of rules to see if there was something else they thought should be included. Wimmer stated he likes the visual of it. Everett stated that when we go to get the sign made, the people who do that will have more image rights so they can get symbols that look better too. Everett stated that we'll also make sure this matches the style of the signs that are already out. She asked Wimmer if for now we would put up a sign like this and keep the other sign up and then talk to the bike/walk committee. He states yes, and one thing we can talk about is not having that as a requirement. He's not sure where that will go or not go, he doesn't recall why it was in there necessarily. Since the trail has gone very well, maybe the township would also be okay with it. Anytime you get this specific with what kind of sign it gets cumbersome, especially as time moves forward. Garvey stated that she can see where on the Cambridge end with where the easement is, it's more pertinent than it is on our end where it is. Everett stated that by this time of year, once we order these it will make more sense to put the sign out in the spring so it's not out all winter when people aren't using the trail. In that time, we'll have met with the bike/walk committee to get an idea if both of those signs have to be up or if we can just post the one. The money budgeted for the signs is in 2017, so it's best to order this year.

Everett asked what changes they would like to see to the sign before it's made. Wimmer stated that the demarcation line is wrong; Everett stated that is where Beacon has it and asked if that's wrong. Wimmer stated that it is wrong. On the sign it's on 299th, but it should be on 301st. Everett asked if there are other landmarks that would be useful to put on the map. Wimmer stated that he didn't know if the board thought it would get too crowded or not, but to show where the bog walk is, and if it would beneficial to have something that shows the topography. That's one of the beautiful things about the trail is that there's a bog walk, there are pine trees here, there are a lot of different things you go through in 3 miles. If we could somehow show that. Garvey stated that it's a nature walk, so if we could notate that more

somehow. She stated that it shows 3 miles, but it might also be useful to have the other mile marker points shown too. She stated that she would add "For a complete list of rules, visit the City of Isanti website." Wimmer agreed. Garvey stated that way people know there are more rules and we have the back up. Everett stated that part of the reason it is so simple is that signs get exponentially more expensive the more colors you add to them, so that's why there are patterns in there but we can work with that and maybe still include some of those things. Wimmer stated that for people who haven't been on there before, he gets that comment a lot that it's neat how many different things you go through. Johnson said that he would agree, and he is also a visual person. They walked some of it and drove the majority, but if there were more detail in that sign it would be phenomenal for the first comer. He stated that those are the most important rules out of the 19 that he could think of. Everett stated that those are kind of the most common issues we have on the trail.

Everett stated Public Works spends a lot of time cleaning up that corner because at this point, the community dogs have decided that's their favorite place. She said that signs don't do a whole lot for people that aren't going to pick things up anyway, but the next page in the packet shows a sign that we can get a $28 sign to encourage people to pick up their pet waste because it spreads disease. Johnson said that he was thinking of doing the three signs; one at the city line, one at the beginning, and one in the middle. He understands that Everett is saying the one spot is where the dog waste is being dumped and asked if there's a garbage can there. Everett stated that there's not, and at this point we have a contract that doesn't include one in that, so until that contract is up we might not be able to get more. Wimmer stated that depending on how far out we put it, it will become a target as well. It's one of those things, like you lock your car to keep the honest people out. He would be a little apprehensive about putting a can out that far. The thing we need to do is to talk to the Police Chief because we're getting another bike patrol bike, so we'll now have a couple, so we can have the officers go up there. We can ask them to also talk with Cambridge PD to every once in a while just do the random, joint back and forth. Garvey asked if we have at Bluebird or any of the other parks pet pick up signs. Everett said we don't at this point. Garvey said she's guessing then that we don't have the bag disposal things anywhere. Wimmer stated that we have talked about doing that, maybe even within the last year. Everett stated that they're not terribly expensive, but the challenge again is getting people to use them, and then we also have a garbage sitting full of dog bags in the sun for a week. Johnson said that the signs would be a good idea; that way if the bike patrol was going by and saw someone's dog defecated they'd be able to say something about it. Garvey asked if there was a way to incorporate this with the new sign so we don't have to add a whole separate sign. Right now the sign shows leashing, but it seems like there might be space to add picking up after your pet. That way we don't have to add another whole sign, so that in the future we don't say we have the pet sign so now we need to add this, whatever could be the case in five years. Wimmer asked Johnson to clarify that he was suggesting getting this one in a couple spots. He confirmed that the memo stated that we can get one sign for $28 or $26 for three plus, so why not just get 3. Put one at the city line, one right at 3rd and Isanti Parkway, and one in the middle, so you're not double but even triple reminding them. Wimmer stated that he doesn't have a strong opinion either way, in his experience people who are going to take care of things will take care of it, and those who won't, won't anyway. It's good to remind them, and as we discussed with having the bags, if we do that we have to have a can available because it's only the most dedicated pet owner that is going to then carry that bag with them for the next 3 miles. Garvey asked if the garbage at the soccer complex is done by us or by them. Everett stated that is done by them. Garvey said that if it's just soccer maintaining that, that won't work.

Garvey asked if Everett would bring this back for the October meeting. Everett stated she will. Garvey clarified that since we don't meet in December we'll have to have it finalized by November; Everett confirmed. Wimmer stated that none of these will be going up until next April anyway.

4. Legacy Table Repair

Everett stated this is another continued discussion. She spoke with the Public Services Director, and they decided that because the boards depend on the location on the table and there's not any volume discount

on them, we're recommending that at this point we just get enough to replace what we need to. In the future we can get the ones we need, and at $66 each they will fit in a future budget as well, hopefully. Everett stated that we didn't find any tables in other parks that can't be repaired. We met with the Rotary and they are considering donating. Wimmer stated that we were saying 3 more, and they thought maybe more than that. The thing we're looking at with those Rotary tables is that they'd be handicap accessible so there's the one end without benches. It's nice to have those tables. They made it sound like, yes this is a slam dunk. The regional rotary then matches them; but we haven't heard anything from the yet but they've donated other things over the years as well.

Everett stated that at this point, it's hard for us to anticipate how long these repainted tables are going to last us, but for now they don't immediately need to be replaced. It doesn't look like there's a big priority for any of them to be replaced this year. We should be able to use the money for the tables to get the replacement slats at Legacy. Johnson asked if it was cheaper to replace the slats than the whole table. Everett stated it is, and one table is about $1000. Everett stated that these things are all expensive. Wimmer stated that to give Johnson an idea, to do a normal play park you're looking at $70,000-$80,000 just for equipment, not installed. We did Legacy for about $120,000 with everything. That's why we are trying to do more of the passive parks, where you have trails, and people can just kind of be in that space. It's a lot more cost effective, and then the maintenance and replacement is a lot less expensive.

5. Academy Park Update

Everett stated that she drove by yesterday and the equipment is sitting in crates in the parking lot. It looks like the area where the equipment is going has water in it right now so they might be waiting for it to dry out before they can do anything. It is Harlan with GameTime that will be installing that. Everett has gotten all of the manuals so we know what all of that equipment is and we'll be able to get part numbers and all of that as we need to replace it. Hopefully that goes up within the next couple of weeks. Wimmer said to get Johnson up to speed on this one, was that they wanted to expand their capacity for students in that building and originally it was a commercial building that they were renting so it was still producing property taxes. Then it was bought by a non-profit that basically holds properties for charter schools, and so it has disappeared off the tax rolls, which is a significant dollar amount. Then they were looking to build the middle school, which they're building now. And they wanted to do some park things and they had that extra space. So what we worked out with them, through probably close to a year of negotiating back and forth, was that we would allow them to increase their school size and change their conditional use permit. We were looking to have a neighborhood park over there, which would have been north of Cajima, kind of in that same area where the middle school is going to, so we flipped that to this which will be that neighborhood park with trails and sidewalks. It's part of kind of a larger concept. It will be deeded over to us. They will have exclusive use of it during school hours, after that it's open to the public. There will be tennis courts and an open area; they had some kind of thought of a soccer field but it's not that big of space. There's a track that goes around that, and it will connect to a future city trail that will go around that whole wetland area over there. The goal is that as that commercial area gets built out it will tie to the residential on the other side of 8th, that people during the day can use the walking trail on their lunch or whatever. Then we'll also have exercise type play equipment, so there will be an outside stationary bike. It's a little bit of a newer concept for us, but we think it will be a good idea. Then that area that was going to be a future park area then will be a tax-producing parcel. So in essence, we're trading where the park would have been for this. They get to meet what they need, we get a park in that area that meets our needs, they're paying for it all to build it and we'll take it and we'll have to replace it and maintain it over time. In essence, we get a nice new built park for free to the City, and we get to flip an area that wasn't going to be producing taxes to one that is.

Everett that we'll also be getting signage that matches our other parks out there. It is called Academy Park according to the agreement that was passed through Council. We will post a sign that shows people that during school days, she believes between 7:30 and 4:30 that the playground and soccer field are reserved for the school. So if anybody comes over during the day, they'll know that the school has priority for

those. Outside of those hours it's an open public park. That sign will be posted somewhere visible so people will understand what's going on without having to know the story. She explained that the picture attached to the memo didn't copy the best, but it shows what the equipment is. She got an updated layout recently; they might have discovered they didn't have enough fall zone around something maybe, so it's going to be shifted around a little bit. It looks like it should be a fun little park. That side of 65 doesn't really have a place for people to be outside.

6. Isanti Indoor Arena Steel Repair

Everett stated that this is really just a memo. We had issues with one of the lights under the awning at the entrance filling with water. Long story short, we ended up having to cut that light out and put it on the outside because no one could figure out where the water was coming from. Then we discovered trying to patch that hole was very difficult because it was special order white. Right now, it's patched with something that looks pretty good. If the board decides that it's very important to replace that with the special order white, we can do that. Johnson explained that he went out twice because he was so confused, and decided that it's a poor building design. He didn't understand how water would get in there with a steel roof and steel ceiling. Wimmer stated that we had a previous issue with water, but it actually ended up being condensation because it's such a large facility, and then making sure there's a proper requirement that they run the air flow system. It's a large enough building that it has its own atmosphere. Everett confirm that it does, and the dirt floor adds another element to that too. It's a fairly new building, so we're still learning how to operate it the best that we can. This was just so you all know that if in the future there are any issues, the steel is really expensive. Johnson said he doesn't think it's that important and it doesn't look that noticeable to him. He wouldn't spend $100 on a 3x3 sheet. Everett explained that she was kind of hoping she could talk about this when Zdon was there because he's in the construction field and he might know otherwise, but this is the information she's been given by the person who built the building. She has called Menards and confirmed it's a thing they don't sell. For right, we'll keep it as is and know that in the future regular white steel is maybe okay.

7. Parks Updates

Everett said that going all the way back to August, Celebrate Isanti was a great event. We had more run/walk finishers by almost double than we did last year. Wimmer stated that he wanted to state again that Everett did a phenomenal job with that. It was originally supposed to be the Two Cities, One Community event, and we got twice the participation when it was only one city. He stated Everett did a phenomenal job, it was a really crazy day having all that extra and everything was changed around, so it was really cool to see how it all came together. Everett stated that the car show did really well that day too. They are thinking about the future and how to expand that and fit more cars, and how they can continue to draw people in. We are looking forward to the future of car shows. Jonah and the Whales is always great. They like coming here, they're super easy to work with, and people like coming to their shows. All of our food vendors have been consistent over the last few years, and they want to keep coming back. We had a couple of new people this year, and as they're available they might come back. A lot of people in this region have consistent things they do every year, so getting new people that are able to come to all three street dances is hard. But it's an easy thing for them to set up and know that there will be customers right there. Wimmer added that with our consistent 80 and sunny weather, it was phenomenal. Everett stated that this year we had no problems in the forecasts this year, it was a complete flip around from the year before. Everett stated that we are starting to see the end of the life of our stage. In the next few years we'll have to look into options for that. Wimmer explained that it is a rebuilt stage that didn't have life in it to begin with. Everett stated that we repair it as needed and it's serving it's purpose. She stated that, just for fun, she went online and found one of those semi trailers that opens up into a stage and it's cover. She was quoted over $100,000 for that, so maybe that's not what our future is. There are options though, so we'll be looking at those and how to make this stage last another year.

Everett stated that the next item is the scavenger hunt. Staff had so much fun watching the kids bring the passports back in. The ladies up front always asked people if they had been to parks they hadn't been to

before, and everybody had. People would come in and share them with their friends, and they'd go out and do them. It did exactly what it was supposed to do. She did send out the survey for it. We got amazing answers from people. The only critiques were that people want more prizes. Wimmer added, or split up the grand prize; however at first when we were setting it up we didn't know if we'd have enough to make it a grand prize. We ended up with enough that people wondered if we couldn't split that out. He stated that every kid that turned one in did get a Frisbee or a water bottle. Everett confirmed that everyone did get a prize. There were a couple of people that said they didn't hear the announcements happening; and since she was there Everett isn't sure how that is possible if they were actually there on time. Everett stated that it's not a big deal because the first name we drew was a kid who was there, so it's not like we drew their names and they missed it. But, it is something that we can take into next year. We can make sure we make it a bigger deal so everyone is very aware that it's about to happen. Now that we know that people will do it too – WillowBridge was excited to get involved, and they don't necessarily have anything to do with parks – but there might be other businesses in town that want to get involved, and then maybe we can have more prizes in the future. Johnson said that he likes all of the spots and questions. Everett stated that this year, because we didn't know the construction plan for Palomino, VFW isn't on there, so there are things we can update next year too. Johnson asked if we can put it in the Isanti newspaper. Wimmer asked if he meant the Isantian, and he said yes. Johnson asked if it was in there; Wimmer stated that it wasn't. He explained that this was a germination of a request from a Council member to do a Christmas Bentlyville thing like they do in Duluth with a scavenger hunt, to what can we actually do, and this is what was born out of that. Again, this hits that great spot of getting people out to our parks who hadn't done it before and know what we have, and making it fun and enjoyable for them. And we did it with as little cost and effort as possible. So, with all of that, the timing didn't work for getting it into the issue of the Isantian. Everett stated that there will always be an extra cost when we insert something into the Isantian, and it costs more than you might expect. It is something we can think about including in the budget for this. Johnson said he thought it would get more people involved. Johnson said everyone did a great job, and as a new resident he'd like to do more that. Everett stated that with this one, we really can have an unlimited number of people participate with the same amount of effort from us. As many people as want to, can go online and print that off and it doesn't cost us anything. Wimmer stated that is really the genius behind this, as someone being conscious of where their tax money is going, we want to do as much as we can with as little dollars as we have to do it with. When you start adding things in, like going into the Isantian, you might be talking about hundreds of dollars more just for that operation. Johnson asked if we put an article in there. Everett said that we do. Johnson stated that article then could just state to go online and print it out. Everett stated that the biggest part of the budget for this program was advertising. There were some newspaper ads that went out, and she put a sign in each park telling people it was happening and where they could get a passport. Marketing, with most events, is the biggest cost.

Everett explained that the community garden is going well. There is a meeting next Wednesday with the gardeners. She said she has been bringing watermelon over to the senior diners and they are head over heels; they've gotten a lot of stuff this year. Wimmer stated that we have gotten a letter from Catholic Charities that runs Senior Dining in Isanti, they're very grateful as well. He said that the garden again has been phenomenal. Johnson asked where the garden is; Everett said it is at River Bluff Preserve and the address is 1111 Rum River Drive S. Wimmer stated that if Johnson hasn't been to that park, it's 38 acres and has a trail and fishing dock. Everett explained there are maps right at the parking lot, and the community garden gate is locked but if he wants to get in she can get him the code.

Everett said that movie nights are starting up. There are two volunteer groups and she's expecting a couple of the regular groups to still sign up as well. Wimmer asked her to explain how they work for Johnson. Everett stated that movie nights are free for the public to attend and there are affordable concessions. Youth groups can volunteer to run those concessions and then they get the profit from that night. We make sure we make back the cost to get the supplies, but the extras from the concessions go to the groups that volunteer. The groups basically just run that and clean up at the end, but kind of their

biggest job is to tell everyone they know to come so there are more people there buying concessions. Just like any other fundraiser you would do for a group, you want to get lots and lots of people there. Johnson clarified that it is in the Isanti Community Center. Everett stated that Heavenly Sunshine Preschool is our record holder, they've had more than 100 people come. Typically movie nights are closer to 30 or 40 people, but as these groups continue to come back they catch on that they need to tell people and they grow too. There was a question about whether or not movie nights are run outside or not. Everett explained that they're not right now because we run them over the cold season, but all of the equipment is outdoor theater equipment so maybe someday that could happen. Wimmer stated that if you look at Bluebird Park, that bowl in the open area was designed that way for an amphitheater to be put in there and have music nights, movie night, that type of thing. When we were ready to kind of launch with that, the Council decided they didn't want to go forward with it, and that's when we did Legacy Park. It would be very nice, but it's just where you put your money. Everett stated that we have the equipment to have movies outside, and it's something a lot of communities are doing outdoors right now. It's something to be considered. Wimmer stated that it's money and time and hours. Johnson said that he knows Maple Grove did it and it's huge in that city. They do it outside in the summer and move it indoors in the winter.

Everett said there's an exciting project happening at River Bluff Preserve. Staff worked with Isanti Soil and Water Conservation District and with the Anoka office, and those offices worked to get some grant funding. What they'll be doing is take cedar trees and cut them down, and basically use big cedar logs with the branches attached and they fasten them to the bank of the river. While those are there, they're slowing down the water so the erosion stops, and they also collect sediment so they build the bank back up. They'll also be planting willow stakes in there so that willow trees will grow in that sediment that's collecting, and once the cedar trees are gone, the willow trees will stabilize the bank into the future. The main area they'll be focusing on is an area about half way between the dock and Martin's Landing where there is a really steep spot where we have some bollards to keep people from falling into the river, and the bollards are about to fall out. They'll work on that first, and then as their time allows this year, they'll work on a section that's right at the bottom of the stairs. The river is undercutting a long section there, so they'll do what they can. It sounds like Soil and Water might have some money leftover so potentially we could reapply and get the rest of that done next year. Wimmer stated that the main area they're working on is an area where ATVs used to go, which they weren't supposed to do, but it was causing so much erosion big chunks were sluffing off into the river. When you go out there you'll see where all the bollards are, there used to be ground there 15 feet further over, but it was just constantly being eroded from all the ATV traffic. Everett added that since we put up the bollards we really haven't seen any ATV traffic back there. It looks like it's working really well, so as much as we can, we want to keep that place the way that it is. Additionally, she stated that we only have to pay 10% of the project. Soil and Water even approached us about the project so it wasn't that much work for us. Tiffany up there does great work finding grants.

The last item is the farmers market. Everett stated that the last market is this week. She will be meeting with the vendors after the market to get their ideas about what we can do for next year and their feedback about how it went this year. In just talking with them throughout the season, it's been overwhelmingly positive to move. We've had new vendors come and try it and stay. Our customers have been happy; we've had new people who didn't know we had a farmers market. Somehow, we do get some people who did know we have a farmers market and they show up very flustered because they can't find us. There is a sign posted at the old site telling people we have moved. One vendor shared with her that they go to the Elk River market on Thursdays and they've been doing as well here as there this year. Wimmer explained that the market used to be downtown because we were trying to help draw attention to the downtown. We did that for a number of years, and the businesses downtown just really did not embrace it or participate, or do anything with it. At a certain point, we had to decide that our vendors are great, but this is not an ideal spot for them from a traffic standpoint. If the downtown businesses aren't going to embrace it, let's put it someplace where we can maximize it as a resource for the whole community. Johnson said he'll have to check it out this week. Everett explained there's a pretty good variety of things from produce,

frozen meat, baked goods, a selling mushroom kits, and more. She stated that if you sign up for the newsletter it goes out every Thursday and lists what will be available that week; you can do that at the website.

8. Adjournment

Motion by Wimmer, second by Johnson to adjourn the September 26, 2017 meeting of the Parks, Recreation, and Culture Board. Motion was approved.

The meeting adjourned at 6:56 p.m.

Dated at Isanti, Minnesota this 26th day of September, 2017.

Respectfully submitted,

Katie Everett
Community Events and Parks Coordinator

CITY OF ISANTI
PLANNING COMMISSION
MEETING MINUTES
September 19, 2017

1. Meeting Opening.

A. Call to Order.

Chairman Wimmer called the meeting to order at 7:33 p.m.

B. Pledge of Allegiance.

Everyone rose for the pledge of allegiance.

C. Roll Call.

Members Present: George Wimmer, Dan Collison, Ross Lorinser, Paul Bergley, Jim Kennedy and Jeff Miller.

Members Absent: Steve Lundeen

Staff Present: Ryan Kernosky, Community Development Director

1D. Agenda Modifications.

None

Motion by Collison, second by Lorinser to approve the Meeting Minutes. Motion was unanimously approved.

2. Approval of Minutes from August 15th, 2017 Planning Commission Meeting

Motion by Bergley, second by Collison to approve the Meeting Minutes. Motion was unanimously approved.

3. Public Hearing

A. Request from the City of Isanti to Amend the Zoning Map (Ordinance No. 445) to Rezone PID 050313300 and PID 050313301 from R-1 Single Family Residential to RC Recreational Commercial

Mayor Wimmer opened the Public Hearing at 7:33 p.m.

Ron Bosch, 1314 4th Ave SW – Mr. Bosch stated that he has a flooding issue that is caused by the City of Isanti. He did not want any development in the neighborhood until the City addresses this issue. Mr. Bosch stated that the City has caused damage to neighbor properties.

Luke Merrill, 223 Broadway St SE – Mr. Merrill asked for clarification on the location of the subject parcel, the long-term goals of the property, and the possible other uses if the business doesn't succeed. Mr. Merrill also provided comment regarding other commercial districts and their impacts on residential property.

Mayor Wimmer closed the Public Hearing at 7:40 p.m.

Motion by Lorinser, second by Kennedy to recommend the rezoning. Motion passed unanimously.

B. Request from the City of Isanti to approve a Minor Subdivisioin Plat for the Isanti Hotel Addition

Mayor Wimmer opened the Public Hearing at 7:41 p.m.

Luke Merrill, 223 Broadway St SE – Mr. Merrill posed a question about the vacation of Penny Lane, and asked what was stopping a nearby business from vacating another street to expand their parking lot.

Denise Merrill, 223 Broadway St SE – Ms. Merrill asked who wanted the vacation of Penny Lane and the extension of Richard Street. Ms. Merrill stated that it was difficult to follow the plans and the processes of the City, and that notices are not always notified in the newspaper. Ms. Miller asked what was stopping a nearby business owner from purchasing the hotel property and using it as a parking lot, she also questioned what happens if the hotel project doesn't go through, what happens to the property and who pays for the new street.

Mayor Wimmer closed the Public Hearing at 7:52 p.m.

Motion by Collison, second by Lorinser to approve the Minor Subdivision Plat for the Isanti Hotel Addition. Motion passed unanimously.

4. Other Business.

A. None.

5. Other Communications.

A. None.

6. Adjournment

Motion by Burgley, second by to Lorinser to adjourn the September 19, 2017 meeting of the Planning Commission. Motion was unanimously approved.

The meeting adjourned at 7:54 p.m.

Dated at Isanti, Minnesota this 20th day of September, 2017

Respectfully submitted,

Ryan Kernosky
Community Development Director

AGENDA
CITY OF ISANTI
CITY COUNCIL MEETING
TUESDAY, OCTOBER 17, 2017 – 7:00 P.M.
CITY HALL

A. Call to Order
B. Pledge of Allegiance
C. Roll Call
D. Adopt Agenda

E. Proclamations/Commendations/Certificate Awards

F. Approve City Council Final Minutes
1. October 3, 2017 - Regular Meeting of the City Council

G. Citizens Input

H. Announcements

1. Parks, Recreation, and Culture Board Meeting	Tuesday, October 24, 2017 at 6:00 p.m.
2. City Council Meeting	Tuesday, November 7, 2017 at 7:00 p.m.
3. Economic Development Authority	Tuesday, November 7, 2017 *(Immediately following the City Council Meeting)*

I. Council Committee Reports

J. Public Hearings
1. Consider Resolution 2017-XXX Awarding Proposed Business Subsidy to Hotel Partners LLC (Sean Sullivan)
2. Consider Annexation of Land Pursuant to MN Statues §414.033 (Ryan Kernosky)
3. Consider Resolution 2017-XXX for Abatement of the Property Located at 310 1st Ave SW (Ryan Kernosky)

K. Business Items

<u>City Administrator Don Lorsung</u>
1. Consider Resolution 2017-XXX Authorizing Approval of Associated Benefits and Risk Consulting for Commercial Liability Insurance Services and for Staff to Prepare a Contract for Services
2. Consider Resolution 2017-XXX Accepting Quote for Ancillary Snow Removal for the 2017/18-2019/20 Snow Seasons
3. Consider Resolution 2017-XXX Approving Amended Snow Plowing Policy and Operational Guidelines

<u>Economic Development Director Sean Sullivan</u>
4. Consider Resolution 2017-XXX Authorizing Submittal of 2017 Comprehensive Economic Development Strategy to East Central Regional Development Commission

L. Approve Consent Agenda
1. Consider Accounts Payable in the Amount of $381,550.08 and Payroll in the amount of $98,525.26

2. Contractor Pay Request No. 13 Wastewater Treatment Improvements to Gridor Construction in the amount of $56,671.00
3. Contractor Pay Request No. 1 2017 Palomino Road Improvements to C & L Excavating in the amount of $236,931.24
4. Final Meeting Minutes for the September 5, 2017 Economic Development Authority Meeting
5. Resolution 2017-XXX Approving Gambling Permit for Knights of Columbus Council #10238
6. Resolution 2017-XXX Accepting the Resignation of Police Officer Rodrick Barrows
7. Resolution 2017-XXX Authorizing Improvements in the Fire Station

None.

F. Approve City Council Minutes

1. September 19, 2017 - Regular Meeting of the City Council

Motion by Bergley, second by Lorinser to approve minutes as presented. Motion carried.

G. Citizens Input

None.

H. Announcements

1. **CITY OFFICES CLOSED** Monday, October 9, 2017
   (In Observance of Columbus Day)
2. City Council Meeting Tuesday, October 17, 2017 at 7:00 p.m.
3. Planning Commission Meeting Tuesday, October 17, 2017
   (Immediately following the City Council Meeting)
4. Parks, Recreation, and Culture Board Meeting Monday, October 24, 2017 at 6:00 p.m.

I. Council Committee Reports

Councilman Bergley attended the Fire District meeting as an alternate to Councilman Lundeen during his absence. Councilman Bergley shared the Fire District's profit and loss budget statement he received at the meeting. The lease agreement between the City of Isanti and the Fire District for use of the Fire Hall is expiring soon and it should be included in the City Council's upcoming Yearly Goals Session. Mayor Wimmer explained that there have been conversations with the Fire District concerning some improvements they would like to make. The relationship differs from

the usual lessor/lessee agreement as it is the Fire District's responsibility to make improvements. It is expected that there will be future discussions concerning both the improvements and the Fire District's charges to the City of Isanti. The lease renews automatically every two years and both parties have a 15-month notification period in order to terminate the agreement. Councilman Lundeen asked about fire ratings. Councilman Bergley replied that insurance for some property owner's may decrease due to the fire ratings received. Mayor Wimmer said the fire ratings within the City of Isanti have not changed due to excellent infrastructure, but Isanti Township's ratings have improved. Councilman Lundeen said he understood there may be discussion about further change, but nothing is official at this time.

Mayor Wimmer commented that Manufacturer's Week has been going well. Economic Development Director Sean Sullivan started off the week meeting with local Manufacturers. There have been several meetings already with good responses and good signs of growth.

Mayor Wimmer said winter parking restrictions will soon be in effect. The City of Isanti restricts street parking in the evenings, whether it snows or not, to prevent any issues with road clearing. The Police Department will be issuing warnings to violators for the first week or two in an effort to prevent any misunderstandings. After that, tickets will be issued per the city ordinance.

J. Public Hearings

None.

K. Business Items

City Administrator Don Lorsung

1. **Resolution 2017-247 Ordering Hearing on Proposed Assessment - 2017 Palomino Road Street & Utility Project**

Motion by Bergley, second by Collison to approve the request as presented. Motion carried.

2. **Resolution 2017-248 Approving the Minor Subdivision Plat of the Isanti Hotel Addition through Ordinance No. 536**

Motion by Collison, second by Lorinser to approve the request as presented. Motion carried.

3. **Ordinance No. 680 Amending Ordinance No. 445 Rezoning PIDs 050313300 (27868 Polk St NE) and 050313301**

Motion by Lorinser, second by Bergley to amend Ordinance No. 445 as presented. Motion carried.

4. **Resolution 2017-249 Approving an Amendment to the 2017 Budget to Reduce the Advertising Budget of Fund 609: Liquor Store** This is to remove some of the ineffective or obsolete advertising for the liquor store.

Motion by Lorinser, second by Lundeen to approve the request as presented. Motion carried.

City Engineer Brad DeWolf

5. **Resolution 2017-250 Requesting Advancement of Municipal State Aid Funds for Palomino Road Improvements** Mayor Wimmer explained the MSA Funds are the portion of the state gas tax that is set aside to assist with the maintenance cost of major road routes throughout Minnesota, including those which run through the City of Isanti.

Motion by Lorinser, second by Collison to approve the request as presented. Motion carried.

L. Approve Consent Agenda

Isanti

Request for City Council Action

To: Mayor Wimmer and City Council Members

From: Sean M. Sullivan, Economic Development Director

Date: October 17, 2017

Subject: **PUBLIC HEARING: Consider Awarding Proposed Business Subsidy to Isanti Hotel Partners LLC**

Background:

The City of Isanti has identified a hotel as a priority economic development project for the City of Isanti. The proposed project consists of construction of a 60 unit hotel with an estimated tax assessed valuation of $2,827,100. This project is anticipated to generate $137,000 in annual property taxes and to create 4 Full time and 8 part time jobs in the City of Isanti. This project will provide positive economic impact on the business community and residents and it builds synergy with venues such as Isanti Indoor Arena – Home of Rum River BMX, the Isanti Soccer Complex, David Johnson Civic Arena, and other regional athletic and community events. It has been included within the Comprehensive Economic Development Strategy (CEDS) that is provided to the East Central Regional Development Commission (ECRDC) and documented as Resolution 2016-282. In order to finalize financing structure and to quantify sources and uses it is required to define the City of Isanti and EDA assistance to the project. Without assistance from the City of Isanti, and other local taxing jurisdictions this project would not happen. The City Council of the City of Isanti will hold a public hearing on October 17, 2017 to consider a business subsidy pursuant to Minnesota Statutes Sections 116J.993 to 116J.995 to be made by the City of Isanti, Minnesota to Isanti Hotel Partners, LLC.

The Public Hearing on October 17, 2017 is to have City of Isanti, Minnesota consider provision of the following business subsidy to Isanti Hotel Partners, LLC:

1. Land owned by City of Isanti identified as Tax Identification Number 16.029.0101 to be platted as Lot 1, Block 1, Isanti Hotel Addition and valued at $98,000 to be sold to Developer for $1.00.
2. $850,000 cash from City of Isanti to Isanti Hotel Partners LLC as a grant.
3. $182,549 in tax abatement from the City of Isanti.
4. Waiver of $85,000 of sewer and water access charges from City of Isanti.

The Public Hearing for the business subsidy hearing has been properly noticed in the Isanti County News.

City of Isanti Business Subsidy Criteria and Project Qualification

The City of Isanti has adopted business subsidy criteria to be used to assure that public purpose and city economic development, and comprehensive plan goals are being met. Below is an excerpt from the adopted criteria with explanation on how each of the criteria is met.

1 PUBLIC PURPOSE REQUIREMENT

1.1 All business subsidies must meet a public purpose. ***See below***

1.2 The creation or retention of jobs may be, but is not required to be, a public purpose for granting a subsidy. The determination that jobs are not a public purpose for the subsidy and that the related wage and job goals are zero shall be made following a public hearing. ***Isanti Hotel Partners LLC has agreed to create 4 Full time positions and 8 part time positions as a result of this project as identified in the Isanti Project Summary dated 9.21.17.***

1.3 Job retention may only be used as a public purpose in cases where job loss is specific and demonstrable. The City shall document the information used to determine the nature of the job loss. ***N/A***

1.4 The creation of tax base shall not be the sole public purpose of a subsidy. ***The new jobs to be created are outlined above as well as the positive impact and diversity to the local economy. A market study conducted by IDM in 2016 documented the demand for 75 rooms in the Isanti Trade area. The private sector approached the city of Isanti requesting assistance to make the project feasible. In addition, the configuration of the property requires the vacation of a street that bisects the property to allow for development and without involvement from the City of Isanti it would not be economically feasible for the project to move forward as identified on the Site reconfiguration exhibit. Although the increase in tax base and the related increase in property taxes generated cannot be the only reason it is important to understand how much this project does increase tax base within the city and county and school district jurisdictions.***

Based on information provided by the Isanti Hotel Partners LLC and the Isanti County Assessor the City of Isanti anticipates the following as a result of the project:

- ***$2,827,100 in assessed value at project completion (increase of $2,711,100 in market value)***
- ***$137,000 in taxes annually (increase annually of $132,702 in property taxes)***

1.5 The wage floor for wages to be paid for the jobs created shall be six dollars ($6) for commercial businesses and eight dollars fifty cents ($8.50) for Industrial businesses. The City will seek to create jobs with higher wages as appropriate for the overall public purpose of the subsidy. ***The proposed project meet that job wage floor requirement of the city approved business subsidy criteria.***

2 BUSINESS SUBSIDY APPROVAL CRITERIA

2.1 All new projects approved by the Grantor should meet the following minimum approval criteria. However, it should not be presumed that a project meeting these criteria will automatically be approved. Meeting these criteria creates no contractual rights on the part of any potential developer.

2.2 To be eligible to receive a business subsidy, the recipient must meet the following minimum requirements:

a. The subsidy must achieve a public purpose. ***This project satisfies the public purpose criteria.***
b. The project must comply with local plans and ordinances. ***The project is in compliance. The property is zoned commercial and a hotel is a permitted use within the zoning district as identified on zoning map dated 3/21/2017 and Section 7 of Zoning.***
c. The recipient shall provide information demonstrating that granting the subsidy is necessary for the proposed development to occur. ***Isanti Hotel Partners LLC has provided documentation in the projected cash flow showing that without the proposed business subsidy the project is not economically feasible.***
d. The recipient must enter into an agreement pursuant to these criteria and the Statutes. ***Isanti Hotel Partners, LLC will enter into a business subsidy agreement at the time the Development Agreement is complete. A draft Development Agreement will be available for review at the time of the Business Subsidy Hearing on October 17, 2017.***

2.3 The business subsidy shall be provided within applicable state legislative restrictions, debt limit guidelines, and other appropriate financial requirements and policies. ***The business subsidy is compliant based on review of the City Attorney and/or Bond Counsel and the documents cited within this memo.***

2.4 The project must be in accord with the Comprehensive Plan and Zoning Ordinances, or required changes to the plan and Ordinances must be under active consideration by the City at the time of approval. ***The project is in compliance. The property is zoned commercial (B-2) and a hotel is a permitted use within the zoning district. The City Site Plan process will require it to meet the requirements of the Comprehensive Plan and Zoning Ordinances.***

2.5 Business subsidies will not be provided to projects that have the financial feasibility to proceed without the benefit of the subsidy. In effect, business subsidies will not be provided solely to broaden a developer's profit margins on a project. Prior to consideration of a business subsidy request, the Grantor may undertake an independent underwriting of the project to help ensure that the request for assistance is valid. ***Based on information provided by private financial institution and Isanti Hotel Partners LLC and review by City Staff and consultants it has been determined that the project is not economically feasible unless the City provides a business subsidy.***

2.6 Prior to approval of a business subsidy, the developer shall provide any required market and financial feasibility studies, appraisals, soil boring, information provided to private lenders for the project, and other information or data that the Grantor or its financial consultants may require in order to proceed with an independent underwriting. ***Criteria will be meet within the Development Agreement that will be executed between the City of Isanti and Isanti Hotel Partners LLC.***

2.7 Any developer requesting a business subsidy should be able to demonstrate past successful general development capability as well as specific capability in the type and size of development proposed. ***The Developer has a record of successful hotel projects and has demonstrated the capacity to complete the project.***

2.8 The developer must retain ownership of the project at least long enough to complete it, to stabilize its occupancy, to establish the project management, and to initiate repayment of the business subsidy, if applicable. ***The Developer is Isanti Hotel Partners LLC and will be required to operate for 5 years which will be incorporated in to the Development Agreement***

2.9 A recipient of a business subsidy must enter into a subsidy agreement with the Grantor as described in Section 4. ***The business subsidy agreement will be a part of the Development Agreement to be executed between the City of Isanti and Isanti Hotel Partners LLC***

2.10 A recipient of a business subsidy must make a commitment to continue operations within the City for at least five years after the benefit date. ***This requirement will be included in the Development Agreement to be executed between Isanti Hotel Partners LLC and the City of Isanti***

2.11 Any business subsidy will be at the lowest possible level and for the least amount of time necessary, after the recipient maximizes the use of private debt and equity financing first. ***The proposed business subsidy is being provided at the lowest possible level for the least amount of time to make the project economically feasible. The private debt/equity structure proposed is consistent with maximizing the use of private debt/equity.***

Requested Action:

Consider Adoption of Resolution 2017-___ Awarding Business Subsidy and Authorization to Execute Development Agreement to Isanti Hotel Partners LLC

The proposed business subsidy is contingent on the execution of the Development Agreement between the City of Isanti and Isanti Hotel Partners LLC that incorporates the specifics outlined above. In addition, the City of Isanti will only enter into the Development Agreement and related documents upon satisfactory review by the City Attorney.

CONTRACT FOR
PRIVATE DEVELOPMENT

THIS AGREEMENT, made on or as of the ___ day of _____, 20__, by, between and among the **CITY OF ISANTI,** a Minnesota municipal corporation ("City") having its principal office at 110 First Avenue NW, Isanti, MN 55040 and **Isanti Hotel Partners, LLC,** a Minnesota limited liability company , having is principal office at 921 1st Street North, Suite 202, St. Cloud, MN 56303 referred to herein as "Developer").

WITNESSETH:

WHEREAS, as of the date of this Agreement there has been a proposal that the City approve a sale to Developer of approximately 1.61 acres of real property legally described on the attached Exhibit "A" (the "Property"), for less than its fair market value for development of a 60 unit hotel that would include a building, and a parking lot to be constructed by the Developer (the "Minimum Improvements") which Property would be used for operation of a hotel business; and

WHEREAS, Developer proposes to acquire the Property from the City and construct the Minimum Improvements and Developer proposes to construct a 60 unit hotel as franchised from Best Western Plus on the Property ("the Project") and will continue to operate its business in the hotel facility for a minimum of 5 years following substantial completion of the Project; and

WHEREAS, Developer has determined that construction of the Minimum Improvements would not occur on the Property due to the extraordinary site development and acquisitions costs associated with building on the Property but for tax abatement assistance from the City and School District and additional business subsidies from the City; and

WHEREAS, in order to assist Developer with the Project, the City has determined to provide assistance to the Project through an economic development business subsidy to the Developer in the manner desicribed in Article VIII in this Agreement; and

WHEREAS, the City finds that the development and construction of the Project and fulfillment of this Agreement are vital and are in the best interests of the City and will result in preservation and enhancement of the tax base, provide employment opportunities, provide accomodations to visitors to the City and are in accordance with the public purpose and provisions of the applicable state and local laws and requirements under which the Project has been undertaken and is being assisted; and

WHEREAS, pursuant to the Tax Abatement Act, the City may grant an abatement of the taxes imposed by such governmental unit on parcels of property, subject to certain conditions set forth in such act; and

WHEREAS, the City Tax Abatement as defined herein for the Project, reduction in the purchase price and cash contribution proposed under the terms of this Agreement provided by the City constitute a business subsidy (the "Business Subsidy"), pursuant to Minnesota Statutes, Sections 116J.993-.995 (the "Business Subsidy Act"); and

WHEREAS, the City held a public hearing on the City Tax Abatement and the granting of the Business Subsidy as required by law; and

WHEREAS, the City desires to pay the City Tax Abatement to the Developer to encourage development of the Project; and

WHEREAS, the Project is not located within a tax increment financing district; and

WHEREAS, the City has adopted a set of criteria for awarding business subsidies that comply with Minnesota Statutes §116J.994; and

WHEREAS, the Developer agrees to satisfy the provisions of the business subsidy reporting requirements under the Business Subsidy statute at Minn. Stat. Section 116J.993-.995 and as identified in the Business Subsidy Requirements of this Agreement; and

WHEREAS, the School District has agreed to provide a tax abatement to the Developer in the amount not to exceed $83,161; and

WHEREAS, the City has determined that the conveyance of Property serves a public purpose and that the transaction furthers its general plan of economic development; and

WHEREAS, the City finds that the Project and fulfillment generally of this Agreement is in the best interest of the City and the health, safety, morals and welfare of the residents of the City of Isanti and in accord with the public purposes and provisions of the applicable state and local laws and requirements;

NOW, THEREFORE, in consideration of the premises and the mutual obligations of the parties hereto, each of them does hereby covenant and agree with the other as follows:

ARTICLE I.
DEFINITIONS

In this Agreement, unless a different meaning clearly appears from the context:

"Agreement" means this Contract for Private Development by and between the City and Devloper, as the same may be from time to time modified, amended or supplemented.

"Articles and Sections" mentioned by number only are the respective Articles and Sections of this Agreement so numbered.

"Benefit Date" means the completion of the construction of the Project.

"Business Day" means any day except a Saturday, Sunday or a legal holiday or a day on which banking institutions in the City are authorized by law or executive order to close.

"**Business Subsidy Agreement**" means an agreement to be entered into between the City and Developer under the terms of Article VIII of this Agreement.

"**City**" means the City of Isanti, Minnesota.

"**City Tax Abatement**" means the City's Tax Abatement in the amount not to exceed $182,589 as described in Article V hereof and as authorized by the City Tax Abatement Resolution 2017-224, pursuant to the Tax Abatement Act.

"**City Tax Abatement Resolution**" means City of Isanti Resolution 2017-224 adopted September 5, 2017 and the City of Isanti City Council meeting.

"**Deed**" means the limited warranty deed described in Section 3.1 to be executed by the City conveying the Property to the Developer.

"**Developer**" means Isanti Hotel Partners, LLC, a Minnesota limited liability company .

"**Event of Default**" means an action by the Developer listed in Article IX of this Agreement.

"**Minimum Improvements**" means construction of a 60 unit hotel facility including an indoor pool, necessary parking, parking lot lighting, hooking up to City water and sewer, and all other construction activities related to the construction and operation of the hotel on the Property, in accordance with all applicable local, state and federal regulations;

"**Parties**" means the Developer and the City.

"**Party**" means one of the following: Developer or the City.

"**Project**" means the Property, completion of the Minimum Improvements on the Property, in accordance with the plans and specifications for the Project to be mutually approved by the City and the Developer in accordance with all applicable local, state and federal regulations.

"**Property**" means approximately 1.61 acres of real located in the City of Isanti, Isanti County, Minnesota, legally described as set forth in Exhibit A.

"**Purchase Price**" means the sum of One and no/100 Dollars ($1.00) which the Developer shall pay the City for the purchase of the Property.

"**School District**" means Cambridge-Isanti School District 911

"**School District Tax Abatement**" means the School District Tax Abatement in the amount of $83,161 pursuant to a tax abatement agreement between Developer and the School District.

"**State**" means the State of Minnesota.

"Substantial Completion" means the stage in the progress of construction of Minimum Improvements where the work is sufficiently complete in accordance with the plans approved under this Agreement that a certificate of occupancy or temporary certificate of occupancy is issued.

"Tax Abatement Act" means Minnesota Statutes, Sections 469.1812 through 469.1815, as amended or supplemented from time to time.

"Unavoidable Delays" means delays outside the control of the Party claiming its occurrence which are the direct result of strikes, other labor troubles, unusually severe or prolonged bad weather, Acts of God, fire or other casualty to the Minimum Improvements, litigation commenced by third parties which, by injunction or other similar judicial action, directly results in delays, or acts of any federal, state or local governmental unit (other than the City) which directly result in delays. Unavoidable delays shall not include delays in the Developer's obtaining permits or governmental approvals necessary directly to enable construction of the Minimum Improvements.

ARTICLE II.
REPRESENTATIONS AND WARRANTIES

Section 2.1. Representations and Warranties by the City. The City represents and warrants that:

(a) The City is a municipal corporation duly organized and existing under the laws of the State of Minnesota. Under the laws of the State, the City has the power to enter into this Agreement and carry out its obligations hereunder.

(b) The City makes no representation or warranty, either express or implied, as to the Property or its condition or soil conditions thereon, or that the Property is suitable for the Developer's needs except as specifically set forth in this Agreement.

(c) Subject to satisfaction of the terms and conditions of this Agreement, the City will convey the Property to the Developer for development in accordance with the terms of this Agreement.

(d) To the best knowledge of the City, no person or party other than the City has or will have at Closing, as hereinafter defined, any right of possession of the Property;

(e) To the best knowledge of the City, no entity or person has at any time:

i) "released" or actively or passively consented to the "release" or "threatened release" of any Hazardous Substance (as defined below) from any "facility" or "vessel" located on or used in connection with the Property; or

ii) taken any action in "response" to a "release" in connection with the Property; or

iii) otherwise engaged in any activity or omitted to take any action which could subject Developer or the City to claims for intentional or negligent torts, strict or absolute liability, either pursuant to statute or common law, in connection with Hazardous Substances (as defined below) located in or on the Property, including the generating, transporting, treating, storage or manufacture of any Hazardous Substance (as defined below). The terms set within quotation marks above shall have the meaning given to them in the Comprehensive Environmental Response, Compensation, and Liability Act of 1980, 42 U.S.C. Sec. 9601 et seq., as amended ("CERCLA") and any state environmental laws. "Hazardous Substances" means hazardous waste, toxic substances, urea formaldehyde, polychlorinated biphenyls, asbestos, petroleum, natural gas, synthetic gas usable for fuel or mixtures thereof, any materials related to any of the foregoing, and substances defined as "hazardous substances", "toxic substances", "hazardous waste", "pollutant", or "contaminant" in CERCLA, Resource Conservation and Recovery Act of 1976, as amended, 42 U.S.C. Sec. 6901 et seq., the Hazardous Materials Transportation Act, 49 U.S.C. Sec. 5101 et seq., the Clean Water Act of 1977, 33 U.S.C. Sec. 1251 et seq., any state laws regarding environmental matters, or any regulations promulgated pursuant to any of the foregoing statutes.

(f) The City has no actual knowledge of an "individual sewage treatment system" (as defined in Minnesota Statutes Section 115.55, subd. 1(g)) located on the Property;

(g) The City has no actual knowledge that a "well" (as defined in Minnesota Statutes Section 103I.005, subd. 21 is located on the Property.

(h) There has been no labor or materials of any kind furnished to or for the benefit of the Property for which payment in full has not been made.

(i) The City has received no notice of and has no knowledge of any pending or proposed special assessments affecting the Property or any proposed or pending public improvements which may give rise to any special or area assessments affecting the Property.

(j) City has received no notice of and has no knowledge of any pending or threatened condemnation or transfer in lieu thereof affecting any portion of the Property.

(k) The City has received no notice of and has no knowledge of any action, litigation, investigation or proceeding of any kind pending or threatened against the City or the Property, and the City knows of no facts which could give rise to any such action, litigation, investigation or proceeding.

(l) There are no leases, oral or written, affecting the Property nor any other right, title or interest in or to the Property granted to any third party and City covenants to deliver possession of the Property at Closing free of all tenancies, occupancies or other right, title and interest.

All representations and warranties shall survive Closing and the delivery of the Deed. The City shall execute and deliver to Developer at Closing a "Bring Down Certificate" certifying that all of the City's representations and warranties are true, correct and complete as of the Closing date.

Section 2.2. Representations and Warranties by Developer. Developer represents and warrants that:

(a) Developer is a limited liability company duly organized and operating under the laws of the State of Minnesota, has the power to enter into this Agreement, and has duly authorized the execution, delivery, and performance of this Agreement by proper action of its Members and Governors.

(b) Developer shall acquire the Property in accordance with the terms of this Agreement and construct the Minimum Improvements, and will cause the Project to be operated and maintained in accordance with the terms of this Agreement, and all local, state and federal laws and regulations (including, but not limited to, environmental, zoning, building code and public health laws and regulations).

(c) The acquisition of the Property and construction of the Project would not be undertaken by the Developer, and in the opinion of the Developer would not be economically feasible within the reasonably foreseeable future, without the assistance and benefit to the Developer provided for in this Agreement.

(d) The Minimum Improvements shall be constructed by the Developer, at its sole expense, in such manner, and at such expense as are necessary to make the Property usable by the Developer, including all such improvements as are necessary to make the hotel comply with all applicable federal, state and local rules, regulations, ordinances and laws. The Minimum Improvements shall include an indoor swimming pool to be constructed as part of the Project in accordance with the plans and specifications for the Project.

(e) The indoor swimming pool included as part of the Minimum Improvements shall be made available by the Developer and Developer's successors and assigns for use by the general public, subject to such reasonable rules as the Developer may establish from time to time, within the following parameters:

1) The pool shall be open to public use as much as reasonably possible.
2) The Developer, its successor or assigns may implement a reasonable charge per person / family for the use of the pool by the public.

The days of the week and hours for public use of the pool shall be communicated to the City and posted conspicuously at the pool to enhance public awareness of the availability of the pool for public use. The Developer may modify the days and times of availability of the pool for public use from time to time as maybe reasonably necessary, but will in good faith make every reasonable effort to make the pool available for public use as much as is reasonably possible.

(f) Developer shall use its best efforts to construct the Minimum Improvements in accordance with all local, state or federal energy-conservation laws or regulations.

(g) Developer shall obtain, in a timely manner, all required permits, licenses and approvals and to meet, in a timely manner, all requirements of all applicable local, state and federal laws and regulations which must be obtained or met before the Minimum Improvements may be lawfully constructed. The City will cooperate to expedite the processing of any application filed with the City by Developer. The City does not hereby warrant or represent that it will approve an application filed by Developer, except as expressly provided in this Agreement.

(h) Developer shall cooperate with the City, and the City shall cooperate with the Developer with respect to any litigation commenced with respect to this Agreement, the Property or the Minimum Improvements.

(i) Neither the execution and delivery of this Agreement, the consummation of the transactions contemplated hereby, nor the fulfillment of or compliance with the terms and conditions of this Agreement is prevented, limited by or conflicts with, or results in a breach of, the terms, conditions or provisions of any entity restriction or any evidences of indebtedness, agreement or instrument of whatever nature to which the Developer is now a party or by which it is bound or constitutes a default under any of the foregoing.

(j) Whenever any Event of Default occurs and if the City shall employ attorneys and engineers or incur other expenses for the collection of payments due or to become due or for the enforcement of performance or observance of any obligation or agreement on the part of the Developer under this Agreement, the Developer agrees that it shall, within ten (10) days of written demand by the City, pay to the City the reasonable fees of such attorneys and such other expenses so incurred by the City.

(k) At Closing, Developer shall have entered into a binding commitment to enter into a franchise agreement with Best Western Plus for operation of the hotel business on the Property.

All representations and warranties shall survive Closing and the delivery of the Deed. The Developer shall execute and deliver to City at Closing any documents necessary to implement the representations and warranties included herein.

ARTICLE III.
CONVEYANCE OF PROPERTY

Section 3.1. Status of Property. Subject to the satisfaction of the terms and conditions of this Agreement, the City agrees to convey the Property to Developer and Developer agrees to accept the Property from the City in "As-Is" condition. The City agrees to convey the Property to Developer by limited warranty deed. The Deed to Developer will be subject to the right of reverter required under Section 9.3 of this Agreement. Closing of the transaction contemplated under this Agreement (the "Closing") shall occur on or before December 1, 2017 (the "Closing Date") at such place as mutually agreed upon by City and Developer.

Section 3.2. Conditions Precedent to Conveyance of Property.

(a) The City's obligation to convey the Property shall be subject to the satisfaction of, or waiver in writing by the City of, all of the following conditions precedent:

(i) At Closing, there is no Event of Default;

(ii) Prior to Closing, the Developer shall have submitted to the City and the City shall have approved Construction Plans for the Minimum Improvements pursuant to Article IV of this Agreement.

(iii) Developer shall have received the necessary financing for acquisition of the Property and construction of the Minimum Improvements and the Closing shall occur no earlier than the closing of the construction financing;

(iv) The School District approving the School District Tax Abatement with the Developer;

(v) Developer shall have obtained bids relating to the Cost of the Minimum Improvements.

(b) Developer shall be obligated to accept title to the Property subject to satisfaction, or waiver in writing by the Developer, of the following conditions precedent:

(i) At Closing, the City not being in default under the terms of this Agreement; and;

(ii) At Closing, the City shall have delivered to Developer, in a form reasonably acceptable to Developer, the Deed, subject to:

1. building and zoning laws, ordinances, state and federal regulations;

2. easements, covenants and restrictions of record that do not affect Developer's contemplated use;

3. reservation of minerals or mineral rights to the State of Minnesota;

4. The lien of real estate taxes and special assessments not yet due and payable;

5. This Agreement;

6. any other exceptions expressly permitted by Developer;

(hereinafter, collectively the "Permitted Encumbrances").

(iii) Developer shall have obtained financing for the purchase of the Property and the construction of the Minimum Improvements all on terms and conditions satisfactory to Developer in its sole discretion.

(iv) Developer shall have determined that it is satisfied, in its sole discretion, with the results and matters disclosed by a Phase I Environmental Audit and Phase II soil tests, and its review of utilities, protective covenants, including the documents proposed under the terms of this Agreement for the Property, wetlands study, storm water retention/filtration, zoning, site conditions (tree mitigation, grading, clearing), site planning, review of any association documents, design guidelines, other private governing authority documents, feasibility study of the Property and other due diligence related materials. Developer shall be responsible for any and all costs incurred in connection with the Developer's inspections and due diligence review.

If the contingencies have not been satisfied or waived by the parties on or before December 1, 2017, then either party may elect to terminate this Agreement by written notice delivered to the other party. If this Agreement is terminated as permitted under the terms of this Section, then upon request by City, City and Developer agree to sign a cancellation of this Agreement.

Section 3.3. Purchase Price. The purchase price for the Property shall be One and No/100 ($1.00) Dollar and shall be payable by Developer to the City in cash at Closing.

Section 3.4. Title. Within twenty (20) business days after the date of this Agreement, the City shall, at its sole cost and expense, obtain a current commitment for the issuance of a ALTA Form B owner's policy of title insurance (the "Commitment") in the amount of not less than $98,000.00 to insure that Developer will have good and marketable title to the Property free and clear of all liens, restrictions, covenants and encumbrances except those liens, restrictions, covenants and encumbrances currently of record and otherwise identified in Section 3.2 (b)(ii) (the "Permitted Encumbrances"). The Commitment shall include copies of all documents referenced on Schedule B of said Commiment; a deferred, pending and levied special assessment search; and zoning, access, contiguity, and other standard endorsements, as Developer requests. A mortgage, monetary lien or any other lien or encumbrance against the Property shall be deemed to be a title objection. In the event any exceptions are listed in the Commitment (except for Permitted Encumbrances), if the City does not immediately remove the exceptions, the

Developer shall have the right to waive such exceptions, in which event the Deed to be delivered at Closing shall except such objections, or terminate this Agreement as the Developer's sole and exclusive remedy and in such event neither the City nor the Developer shall have any obligations or liability to the other hereunder. If this Agreement is terminated as permitted under the terms of this Section 3.4, then upon request by City, City and Developer agree to sign a cancellation of this Agreement.

Section 3.5. Physical Inspection. Developer and its agents will have the right, from time to time prior to the Closing, to enter upon the Property to examine the same and the condition thereof and to conduct such surveys and to make such engineering and other inspections, tests and studies as Developer determines to be reasonably necessary, all at Developer's sole cost and expense. Developer will conduct such examinations or surveys during normal business hours to the extent practicable. Developer will conduct all examinations and surveys of the Property in a manner that will not harm or damage the Property so that it cannot be restored to its prior condition or cause any claim adverse to the City and will restore the Property to its condition prior to any such examinations or surveys immediately after conducting the same. Developer will indemnify, defend, and hold the City harmless from and against any claims for injury or death to persons, damage to property or other losses, damages or claims, including, in each instance, reasonable attorneys' fees and litigation costs, arising out of any action of any person or firm entering the Property on Developer's behalf as aforesaid, which indemnity will survive the Closing and any termination of this Agreement without the Closing having occurred. Notwithstanding the foregoing, Developer will not be liable merely for the discovery of a pre-existing condition at the Property.

3.6. Real Estate Taxes and Special Assessments. The Parties shall pay the real estate taxes (which term, as used in this Agreement, must include service charges assessed against real property on an annual basis pursuant to Minnesota Statutes 429.101) and special assessments as follows:

(a) On or before the Date of Closing, the City shall pay the real estate taxes, installments of special assessments and any penalties and interest thereon that are due and payable with respect to the Property, in 2017 prior to the Date of Closing;

(b) The City and Developer shall pro rate the real estate taxes and installments of special assessments payable in the year of Closing on a per diem basis using the calendar year, to the Date of Closing. Any such pro-ration is final and no subsequent adjustments; refunds or additional payments shall be made.

(c) Developer shall be responsible for all amounts of real estate taxes and special assessments which are due and payable from and after the Date of Closing.

Section 3.7. Charges to be Paid by Developer. Developer shall be responsible for all appropriate fees in connection with issuance of a building permit with an exception of the waiver of $85,000 in SAC and WAC charges identified in Article VIII. Developer shall not be responsible for fees associated with the platting of the Property. Developer shall be responsible for City engineering fees for review and inspection of constructions plans and improvements not covered

by the building permit fees for private improvements directly related to the Property such as, but not limited to, in-house and/or consulting engineering fees for public utility connections, parking improvements located on the Property and landscaping located in or associated with work in the City right of way, alley, curb, and sidewalk areas. Developer shall be responsible for any costs for repair or maintenance to City property caused by Developer's construction of the Minimum Improvements.

Section 3.8. Closing.

(a) On the Closing Date, provided all conditions precedent for the City and Developer to close have either been met or waived, the City shall convey the Property to Developer through the execution and delivery of the Deed and all other documents reasonably required by City, Developer and the Title Company to complete the closing under the terms of this Agreement. This closing shall be at a location designated by the City.

(b) Within ten (10) days after the satisfaction and/or waiver of all of the conditions contained in Section 3.2 of this Agreement, and in any event no later than December 1, 2017, unless otherwise extended by agreement of the Parties, ("Closing Date" or "Closing"), provided all conditions precedent for the City and Developer to close have either been met or waived, and the Developer pays the City the Purchase Price, the City shall convey the Property to the Developer through the execution and delivery of the Deed and all other documents reasonably required by Developer and the Title Company. This closing shall be at a location mutually agreed upon by the parties. At the election of either Party, this Agreement may be declared void and of no further effect if a Closing does not occur on or before December 6, 2017.

(c) Developer shall take possession of the Property upon execution and delivery of the Deed by the City at closing.

(d) The Deed shall be in recordable form and shall be promptly recorded along with this Agreement.

(e) At Closing, the Developer shall pay:

(i) all title insurance company fees for title insurance premiums, if any;
(ii) recording fees for the Deed and mortgages required under this Agreement;
(iii) one half of closing costs;
(iv) all taxes payable in accordance with Section 3.6 of this Agreement;
(v) conservation fee attributable to the Deed; and
(vi) Developer's attorney fees, Developer and City engineering fees, and City attorney fees as provided under the Agreement;
(vii) the Purchase Price pursuant to the provisions of section 3.3;

(f) At Closing, the City shall pay:

(i) state deed tax;
(ii) recording fees for corrective instruments required to remove encumbrances

and place marketable title in Developer's name and easements required under this Agreement;

(iii) all taxes and assessments payable in accordance with Section 3.6 of this Agreement; and

(iv) the cost of obtaining a current updated title insurance policy commitment.

(g) All costs incidental to the Closing not otherwise specifically allocated under this Agreement shall be allocated in accordance with the custom and practice for similar transactions in Minnesota.

Section 3.9. Commissions. The City warrants and represents to Purchaser that no real estate broker was involved in this transaction on the City's behalf. The City shall indemnify Developer against any claim of any broker claiming by, through or under the City. Developer shall indemnify the City against any claim of any broker claiming by, through or under Developer. This warranty and representation shall survive Closing.

Section 3.10 Developer's Covenants. Developer's covenants set forth under Section 2.2 are an integral part of the consideration of the City's sale of the Property to Developer. Without Developer's covenants set forth under Section 2.2, the City would not sell the Property to Developer and agree to the business subsidy and other obligations under the terms of this Agreement.

ARTICLE IV.
CONSTRUCTION OF MINIMUM IMPROVEMENTS

Section 4.1. Construction of Minimum Improvements. The Developer agrees that it will construct the Minimum Improvements on the Property in accordance with construction plans approved by the City, (the "Construction Plans") and will operate and maintain, preserve and keep the Minimum Improvements or cause the Minimum Improvements to be maintained, preserved and kept with the appurtenances and every part and parcel thereof in good repair and condition.

Section. 4.2. Construction Plans.

(a) Within [redacted] days of the date of this Agreement, the Developer shall submit to the City a site plan for the Property ("Site Plan"), the Construction Plans for the Minimum Improvements. The Construction Plans shall provide for the construction of the Minimum Improvements and shall be in conformity with this Agreement, the Site Plan, and all applicable state and local laws and regulations. The City shall approve the Construction Plans in writing if, in the reasonable discretion of the City: (i) the Construction Plans conform to the terms and conditions of this Agreement; (ii) the Construction Plans conform to all applicable federal, state and local law, ordinances, rules and regulations; (iii) the Construction Plans are adequate to provide for the construction of the subject Minimum Improvements; (iv) the Construction Plans do not provide for expenditures in excess of the funds which will be available to the Developer for the construction of the Minimum Improvements; and (v) no Event of Default has occurred and is continuing. No approval by the City under this Section 4.2 shall relieve the Developer of the obligation to comply with the terms of this Agreement, applicable

federal, state and local laws, ordinances, rules and regulations, or to construct the Minimum Improvements. No approval by the City shall constitute a waiver of an Event of Default. The City shall review the Construction Plans as soon as reasonably possible of submission of a complete set of Construction Plans and either approve the same or provide Developer with a list of specific required changes to be made to the Construction Plans. Upon making the specific changes to the Construction Plans as required by the City, the Developer shall submit the Construction Plans with the required changes to the City for its approval and if Developer made the required changes, the Construction Plans shall be approved.

(b) If the Developer desires to make any material change in any Construction Plans after their approval by the City, the Developer shall submit the proposed change to the City for approval by the City Engineer and City Building Official. For purposes of this Section, a material change means any change in the building that involves the building code, any change in the location of the building on the site plan, any change of location of any sidewalk, parking space, drive lane, driveway, water or sewer service alignment, and any change in finished drainage patterns. If the Construction Plans, as modified by the proposed change, conform to the requirements of this Section 4.2 of this Agreement with respect to such previously approved Construction Plans, the City shall approve the proposed change and notify the Developer in writing of its approval.

Section 4.3. Construction of Improvements. The Developer shall substantially complete construction of the Minimum Improvements, except for landscaping; exterior matters such as final lift of asphalt, striping, etc.; and minor "punch list items", on or before a date twelve months following the Closing, subject to extensions approved by the City and Unavoidable Delays.

Section 4.4 Damage and Destruction. In the event of damage or destruction of the Project the Developer shall repair or rebuild the Project.

Section 4.5. Additional Security. As further security for the obligations under Article IV, the Developer shall arrange to have the City named as an additional insured on any payment or performance bond(s) that the Developer obtains from its construction contractor(s). As further security for the aforesaid obligations, the Developer shall ensure that the terms of its construction financing and/or title insurance include a provision requiring escrow of construction financing, including the business subsidy amounts, and Title Company and City approval prior to the payment or disbursement of any funds for construction-related expenses.

Section 4.6 Certificate of Completion. Promptly after notification by the Developer of completion of construction of the Minimum Improvements, the City shall inspect the construction to determine whether the Minimum Improvements have been completed in accordance with the Construction Plans and the terms of this Agreement, including the date of the completion thereof. In the event that the City is satisfied with the construction, the City shall furnish the Developer with a Certificate of Completion. Such certification by the City shall be a conclusive determination of satisfaction and termination of the agreements and covenants in this

Agreement solely with respect to the obligation of the Developer to construct the Minimum Improvements.

The certification provided for in this Section 4.6 shall be in recordable form. If the City shall refuse or fail to provide certification in accordance with the provisions of this Section 4.6, the City shall within 20 days of such written notification provide the Developer with a written statement, indicating in adequate detail in what respects the Developer has failed to complete the Minimum Improvements in accordance with the provisions of this Agreement necessary, in the opinion of the City, for the Developer to take or perform in order to obtain such certification. Prior to the issuance of a Certificate of Completion, conditional or limited occupancy of the Minimum Improvements may be permitted under such terms as may be specified by the City.

ARTICLE V.
CITY TAX ABATEMENT

Section 5.1. City Tax Abatement. The City shall provide to Developer as a necessary inducement for the Developer's performace of Developer's obligations under this Agreement development the City Tax Abatement in an amount not to exceed $182,549.00.

The City Tax Abatement is hereby granted in respect of property taxes levied by the City on the Property for nine years, commencing with taxes payable in 2020 and concluding with taxes payable in 2028. On or before February 1 and August 1 of each year commencing August 1, 2020 until the earlier of the date that the Developer shall have received the $182,549 or February 1, 2029 the City shall pay the Developer the amount of the City Tax Abatements received by the City in the previous six month period. The payment of the City Tax Abatement will be based on the following schedule:

2020 – 50% of the City Portion of Property taxes received from the Project in 2020
2021 - 50% of the City Portion of Property taxes received from the Project in 2021
2022 50% of the City Portion of Property taxes received from the Project in 2022
2023 - 50% of the City Portion of Property taxes received from the Project in 2023
2024 - 50% of the City Portion of Property taxes received from the Project in 2024
2025 - 40% of the City Portion of Property taxes received from the Project in 2025
2026 - 30% of the City Portion of Property taxes received from the Project in 2026
2027 – 20% of the City Portion of Property taxes received from the Project in 2027
2028 – 10% of the City Portion of Property taxes received from the Project in 2028

ARTICLE VI.
REAL PROPERTY TAXES

6.1. Real Property Taxes. The Developer shall, so long as this Agreement remains in effect, pay all real property taxes with respect to all parts of the Property owned by it which are payable pursuant to any statutory or contractual duty that shall accrue until title to the Property is vested in another person. The Developer agrees that for the period of this Agreement:

(a) It will not seek administrative review or judicial review of the applicability of any tax statute relating to the ad valorem property taxation of real property contained on the Property determined by any tax official to be applicable to the Project or the Developer or raise the inapplicability of any such tax statute as a defense in any proceedings with respect to the Property, including delinquent tax proceedings; provided, however, " tax statute" does not include any local ordinance or resolution levying a tax;

(b) It will not seek administrative review or judicial review of the constitutionality of any tax statute relating to the taxation of real property contained on the Property determined by any tax official to be applicable to the Project or the Developer or raise the unconstitutionality of any such tax statute as a defense in any proceedings, including delinquent tax proceedings with respect to the Property; provided, however, " tax statute" does not include any local ordinance or resolution levying a tax;

(c) It will not seek any tax deferral or abatement, either presently or prospectively authorized under Minnesota Statutes, Section 469.181, or any other State or federal law, of the ad valorem property taxation of the Tax Abatement Property so long as this Agreement remains in effect.

ARTICLE VII.
INSURANCE AND CONDEMNATION

Section 7.1. Insurance.

(a) The Developer will provide and maintain or cause to be provided and maintained at all times during the process of constructing the Minimum Improvements and, from time to time at the request of the City, furnish the City with proof of payment of premiums on:

(i) Builder's risk insurance, written on the so-called "Builder's Risk -- Completed Value Basis," in an amount equal to one hundred percent (100%) of the insurable value of the Minimum Improvements at the date of completion, and with coverage available in nonreporting form on the so called "all risk" form of policy.

(ii) General liability insurance (including operations, contingent liability, operations of subcontractors, completed operations, Broadening Endorsement including contractual liability insurance) with limits against bodily injury and property damage of not less than $2,000,000 for each occurrence (to accomplish the above-required limits, an umbrella excess liability policy may be used); and

(iii) Worker's compensation insurance, with statutory coverage and employer's liability protection.

(b) After completion of construction of the Minimum Improvements, the Developer shall maintain, or cause to be maintained, at its cost and expense, and from time to time at the request of the City shall furnish proof of the payment of premiums on, insurance as follows:

(i) Insurance against loss and/or damage to the Minimum Improvements under a policy or policies covering such risks as are ordinarily insured against by similar businesses, including (without limiting the generality of the foregoing) fire, extended coverage, all risk vandalism and malicious mischief, boiler explosion, water damage, demolition cost, debris removal, and collapse in an amount not less than the full insurable replacement value of the Minimum Improvements, but any such policy may have a deductible amount of not more than $25,000. No policy of insurance shall be so written that the proceeds thereof will produce less than the minimum coverage required by the preceding sentence, by reason of co-insurance provisions or otherwise, without the prior consent thereto in writing by the City. The term "full insurable replacement value" shall mean the actual replacement cost of the Minimum Improvements (excluding foundation and excavation costs and costs of underground flues, pipes, drains and other uninsurable items) and equipment, and shall be determined from time to time at the request of the City, but not more frequently than once every three years, by an insurance consultant or insurer, selected and paid for by the Developer and approved by the City.

(ii) Comprensive general public liability insurance, including personal injury liability (with employee exclusion deleted), and automobile insurance, including owned, non-owned and hired automobiles, against liability for injuries to persons and/or property, in the minimum amount for each occurrence and for each year of $2,000,000.00.

(iii) Such other insurance, including worker's compensation insurance respecting all employees of the Developer, in such amount as is customarily carried by like organizations engaged in like activities of comparable size and liability exposure; provided that the Developer may be self-insured with respect to all or any part of its liability for worker's compensation.

(c) The policies of insurance required pursuant to Subsections (a) and (b) above shall be in form and content satisfactory to the City and shall be placed with financially sound and reputable insurers licensed to transact business in the State, the liability insurer to be rated A or better in Best's Insurance Guide and shall contain an agreement of the insurer to give not less than thirty (30) days' advance written notice to the City in the event of cancellation of such policy or change affecting the coverage thereunder and shall name the City as an additional named insured or loss payee, as appropriate.

(d) The Developer agrees to notify the City promptly in the case of damage exceeding $25,000 in amount to, or destruction of, the Minimum Improvements or any portion thereof resulting from fire or other casualty. In the event of any such damage, the Developer will forthwith repair, reconstruct and restore the Minimum Improvements to substantially the same or an improved condition or value as existed prior to the event causing such damage and, to the extent necessary to accomplish such repair, reconstruction and restoration, the Developer will apply the proceeds of any insurance relating to such damage received by the Developer to the payment or reimbursement of the costs thereof. Any insurance proceeds remaining after completion of such repairs, construction and restoration shall be remitted to the Developer.

(e) The City agrees that any interest on its part by virtue of this Agreement in the application or receipt of any proceeds of insurance under the policies required by subsections (a)(i) or (b)(i) above shall be subordinate to the interest of the Developer's lenders of financing for the construction of the Minimum Improvements.

Section 7.2. Condemnation. In the event that title to and possession of the Minimum Improvements or any material part thereof shall be taken in condemnation or by the exercise of the power of eminent domain by any governmental body or other person, the Developer shall, with reasonable promptness after such taking, notify the City as to the nature and extent of such taking. Upon receipt of any condemnation award, the Developer shall use the entire condemnation award to reconstruct the Minimum Improvements (or, in the event only a part of Minimum Improvements have been taken, then to reconstruct such part within the City of Isanti).

ARTICLE VIII.
BUSINESS SUBSIDY AGREEMENT

Section 8.1. Assistance.

(a) It is the intention of the Parties that, as a necessary inducement to Developer to commence and complete the construction of the Minimum Improvements, the City shall contribute not more than $1,215,548 as the business subsidy. The form of the business subsidy which shall be provided for Developer by the City is as follows:

Land Value Reduction	$ 98,000
Cash	$ 850,000
Tax Abatement	$ 182,549
Waiver of SAC and WAC Fees	$ 85,000
Total	$1,215,549

(b) The City shall provide the $850,000 of City funds to the Developer upon compliance with the conditions precedent to conveyance of the Property set forth in Section 3.2. The $850,000 shall be deposited with a title insurance company acceptable to the City and bank providing the construction financing for the Minimum Improvements (the "Bank"). A Disbursing Agreement shall be entered into between the title company, City and Bank which shall provide that the City funds shall be disbursed after the equity deposited with the title company as required by the Bank has been spent on cost of construction of the Minimum Improvements.

Section 8.2 Business Subsidies Act.

(a) In order to satisfy the provisions of Minnesota Statutes, Sections 116J.993 to 116J.995 (the "Business Subsidies Act"), the Developer acknowledges and agrees that the amount of the "Business Subsidy" granted to the Developer under this Agreement is $1,215,548 as set forth in Section 8.1 and that the Business Subsidy is needed because the Project is not sufficiently feasible for the Developer to undertake without the Business Subsidy. The Project is located within Economic Development District No. 1 and is part of the the Redevelopment Area and Plan adopted

by the City of Isanti and City of Isanti Economic Development Authority. The public purpose of the Business Subsidy is to create new jobs in the City of Isanti, Minnesota, to enhance the tax base and encourage the construction of a hotel in the City. The Developer agrees that it will meet the following goals (the "Goals") in connection with the development of the Development Property. It will create at least four (4) full time jobs at an hourly wage and benefits totaling of at least $11.00 per hour and eight (8) part time jobs at an hourly benefit of $10.00 per hour within two years from the "Benefit Date", which is the earlier of the date the Developer completes or occupies the Project.

(b) If no Goals are met, the Developer agrees to repay all of the Business Subsidy to the City, plus interest ("Interest") set at the implicit price deflator defined in Minnesota Statutes, Section 275.70, Subdivision 2, accruing from and after the Benefit Date, compounded semiannually. If the Goals are met in part, the Developer will repay a portion of the Business Subsidy (plus Interest) determined by multiplying the Business Subsidy by a fraction, the numerator of which is the number of jobs in the Goals which were not created at the wage level set forth above and the denominator of which is twelve (12) (i.e. number of jobs set forth in the Goals).

(c) The Developer agrees to (i) report its progress on achieving the Goals to the City until the later of the date the Goals are met or two years from the Benefit Date, or, if the Goals are not met, until the date the Business Subsidy is repaid, (ii) include in the report the information required in Minnesota Statutes, Section 116J.994, Subdivision 7 on forms developed by the Minnesota Department of Employment and Economic Development, and (iii) send completed reports to the City. The Developer agrees to file these reports no later than March 1 of each year commencing March 1, 2018, and within 30 days after the deadline for meeting the Goals. The City agrees that if it does not receive the reports, it will mail the Developer a warning within one week of the required filing date. If within 14 days of the post marked date of the warning the reports are not made, the Developer agrees to pay to the City a penalty of $100 for each subsequent day until the report is filed up to a maximum of $1,000.

(d) The Developer agrees to continue operations within the City for at least five (5) years after the Benefit Date.

(e) There are no other state or local government agencies providing financial assistance for the Project other than the City.

(f) There is no parent corporation of the Developer.

(g) The Developer certifies that it does not appear on the Minnesota Department of Employment and Economic Development's list of recipients that have failed to meet the terms of a business subsidy agreement.

ARTICLE IX.
Events of Default

Section 9.1. Events of Default Defined. The following shall be "Events of Default" under this Agreement and the term "Event of Default" shall mean, whenever it is used in this Agreement (unless the context otherwise provides), any one or more of the following events:

(a) Failure by the Developer to pay when due any payments required to be paid under this Agreement or to pay when due ad valorem taxes on the Property and other City charges.

(b) Failure by the Developer to commence, diligently pursue and complete construction of the Minimum Improvements, or portions thereof, pursuant to the terms, conditions and limitations of this Agreement.

(c) Failure by Developer to observe or perform any other covenant, condition, obligation or agreement on its part to be observed or performed hereunder.

(d) The Developer does any of the following: (i) files any petition in bankruptcy or for any reorganization, arrangement, composition, readjustment, liquidation, dissolution, or similar relief under United States Bankruptcy Laws or any similar federal or state laws; or (ii) make an assignment for the benefit of its creditors; or (iii) admits, in writing, its inability to pay its debts generally as they become due; or (iv) be adjudicated, bankrupt or insolvent.

(e) If any warranty or representation by the Developer in this Agreement is untrue in any material respect.

(f) The holder of any mortgage of the Property or any improvements thereon, or any portion thereof, commences foreclosure proceedings as a result of any default under the applicable mortgage documents.

Section 9.2. City's Remedies on Default. Whenever any Event of Default by Developer referred to in Section 9.1 of this Agreement occurs, the City may take any one or more of the following actions and unless otherwise provided such actions may be taken only after providing thirty (30) days written notice to the Developer of the Event of Default and the Event of Default has not been cured within said thirty (30) days or, if the Event of Default is by its nature incurable within thirty (30) days, the Developer does not provide assurances to the City reasonably satisfactory to the City that the Event of Default will be cured and will be cured as soon as reasonably possible:

(a) Suspend its performance under the Agreement until it receives assurances from the Developer, deemed adequate by the City, that the Developer will cure its default and continue its performance under the Agreement.

(b) Terminate this Agreement;

(c) Take whatever action, including legal, equitable or administrative action, which may appear necessary or desirable to the City to collect any payments due or damages arising under this Agreement or to enforce performance and observance of any obligation, agreement, or covenant of the Developer under this Agreement, including but not limited to the right, but not the obligation to assume operation and management of the Project.

Section 9.3. Revesting Title in City Upon Happening of Event Subsequent to Conveyance to Developer. In the Event that subsequent to the execution and delivery of the Deed the Developer shall fail to complete construction of the Minimum Improvements in conformity with this Agreement and obtain a Certificate of Completion, or fail to operate the Project following completion of said construction, for a period of at least 5 years and such failure shall not be cured within thirty (30) days after written notice to do so, or within a reasonable amount of time thereafter if Developer is diligently proceeding with the construction of the Minimum Improvements, then the City shall have the right to immediately re-enter and take possession of the Property and to terminate (and revest in the City) the estate conveyed by the Deed to the Developer subject to the lien of a first mortgage, it being the intent of this provision, together with other provisions of the Agreement, that the conveyance of the Property to the Developer shall be made upon, and that the Deed shall contain a condition subsequent to the effect that in the event of any default on the part of the Developer and failure on the part of the Developer to remedy, end, or abrogate such default within the period and in the manner stated in such subdivisions, the City at its option may declare a termination in favor the City of the title, and all of the rights and interests in and to the Property conveyed to the Developer, and that such title and all rights and interests of the Developer and any assigns or successors in interest to and in the Property, including but not limited to all rights to manage and operate the Project, shall revert to the City.

Section 9.4. No Remedy Exclusive. No remedy herein conferred upon or reserved to the City is intended to be exclusive of any other available remedy or remedies, but each and every such remedy shall be cumulative and shall be in addition to every other remedy given under this Agreement or now or hereafter existing at law or in equity or by statute. No delay or omission to exercise any right or power accruing upon any default shall impair any such right or power or shall be construed to be a waiver thereof, but any such right and power may be exercised from time to time and as often as may be deemed expedient.

Section 9.5. Attorneys' Fees. Whenever any Event of Default occurs and either the City shall employ attorneys or incur expenses for the collection of payments due or to become due or for the enforcement of performance or observance of any obligation or agreement on the part of the Developer under this Agreement, the Developer agrees that it shall, within ten (10) days of written demand by the City pay to the City the reasonable fees of such attorneys and such other expenses so incurred by the City.

ARTICLE X.
ADDITIONAL PROVISIONS

Section 10.1. Restrictions on Use. The Developer agrees for itself and its successors and assigns and every successor in interest to the Property, or any part thereof, that the Developer and such successors and assigns shall devote the Property to a hotel use as provided in this Agreement.

Section 10.2. Equal Employment Opportunity. The Developer, for itself and its successors and assigns, agrees that during the construction of the Minimum Improvements provided for in this Agreement it will comply with all applicable federal, state and local equal employment and nondiscrimination laws and regulations.

Section 10.3. Conflicts of Interest. No member of the governing body or other official of the City shall have any financial interest, direct or indirect, in this Agreement, the Project or any contract, agreement or other transaction contemplated to occur or be undertaken thereunder or with respect thereto, nor shall any such member of the governing body or other official participate in any decision relating to the Agreement which affects his personal interest or the interest of any corporation, partnership or association in which he is, directly or indirectly, interested. No member, official or employee of the City shall be personally liable to the Developer or any successors in interest, in the event of any default or breach by the City or for any amount which may become due to the Developer or successor or on any obligations under the terms of the Agreement.

Section 10.4. Waiver and Release by Developer. The Developer hereby waives, releases and forever discharges the City from any claim for costs incurred in preliminary plans, specifications, site testing improvements, professional fees or legal fees in connection with the Project.

Section 10.5. Titles of Articles and Sections. Any titles of the several parts, Articles and Sections of this Agreement are inserted for convenience of reference only and shall be disregarded in construing or interpreting any of its provisions.

Section 10.6. Notices and Demands. Except as otherwise expressly provided in this Agreement, a notice, demand or other communication under the Agreement by either party to the other shall be sufficiently given or delivered if it is dispatched by registered or certified mail, postage prepaid, return receipt requested or delivered personally; and

(a) In the case of the Developer, is addressed or delivered personally to:

Isanti Hotel Partners, LLC
United Development Solutions, LLC
921 1st Street North Suite 202
St. Cloud, MN 56303

(b) In the case of the City, is addressed or delivered personally to:

City of Isanti
PO Box 428
110 First Avenue NW
Isanti, MN 55040

With a copy to:

Clark A. Joslin
Isanti City Attorney
Joslin & Moore Law Offices, P.A.
221 2nd Ave. NW
Cambridge, MN 55008
(763) 689-4101 • Fax: (763) 689-9794

(c) Either Party may, upon written notice to the other Party, change the address to which such notices and demands are made.

Section 10.7. Disclaimer of Relationship. The Developer acknowledges that nothing contained in this Agreement nor any act by the City or the Developer shall be deemed or construed by the Developer or any third person to create any relationship of third-party beneficiary, principal and agent, limited or general partner or joint venture between the City and the Developer.

Section 10.8. Covenants Running with the Land. The terms and provisions of this Agreement shall be deemed to be covenants running with the Property, shall not merge with the Deed to the Property, and shall be binding upon any successors or assigns of the Developer and any future owners or encumbrancers of the Property.

Section 10.9. Counterparts. This Agreement is executed in any number of counterparts, each of which shall constitute one and the same instrument.

Section 10.10. Law Governing. This Agreement will be governed and construed in accordance with the laws of Minnesota.

Section 10.11. Facsimile Signature. The parties hereto acknowledge and agree that in order to expedite the signing of this Agreement and the processing, and review and compliance with the terms hereof, the parties may utilize facsimile or electronic equipment to transmit and convey signatures hereto and such other information as may be necessary. With respect to any such transmission bearing a signature for any party hereto and on which the receiver is or may be reasonably expected to rely, than if such a facsimile or electronic transmission is corroborated by printout showing the telephone number or email address from which transmitted together with a date and time of transmission, it shall be binding on the sending party and may be relied upon by the party receiving the same. The sending party hereby acknowledges such reliance and weighs any defenses to the use of such documents or signatures.

Section 10.12. Judicial Interpretation. Should any provision of this Agreement require judicial interpretation, the court interpreting or construing the same shall not apply a presumption that the terms hereof shall be more strictly construed against one party by reason of the rule of construction that a document is to be construed more strictly against the party who itself or through its agent or attorney prepared the same, it being agreed that the agents and attorneys of both parties have participated in the preparation hereof.

Section 10.13. Modifications. This Agreement may be modified solely through written amendments hereto executed by the Developer and the City.

Section 10.14. Prohibition against Sale and Assignment. Developer agrees that Developer will not, for a period of at least five (5) years after the date of or sell or assign any of Developer's interest or rights in the Project to any third party without the expressed written consent of the City.

IN WITNESS WHEREOF, the City has caused this Agreement to be duly executed in its name and behalf, and the Developer has caused this Agreement to be duly executed in its name and behalf, on or as of the date first above written.

EXHIBIT "A"
TO CONTRACT FOR PRIVATE DEVELOPMENT

LEGAL DESCRIPTION

Lot 1, Block 1, Isanti Hotel Addition, Isanti County, Minnesota

RESOLUTION 2017-XXX

AWARDING BUSINESS SUBSIDY TO AND AUTHORIZATION TO EXECUTE DEVELOPEMT AGREEMENT WITH ISANTI HOTEL PARTNERS, LLC

WHEREAS, the City is actively negotiating a deal that would bring a 60 unit Hotel to the City of Isanti, MN to be located on parcel identified as TAX ID Number 16.029.0101 to be platted as Lo1 1, Block 1, Isanti Hotel Addition (The "Property"); and;

WHEREAS, the City of Isanti and the City of Isanti Economic Development Authority propose to provide the Isanti Hotel Partners, LLC (The "Developer") the following business subsidy in the forms and amounts listed below:

1. Land owned by the City of Isanti identified as tax identification number 16.029.0101 to be platted as Lot 1, Block 1, Isanti Hotel Addition, valued at $98,000 to be sold for $1.00.
2. $850,000 cash from City of Isanti to Isanti Hotel Partners, LLC as a Grant.
3. $182,549 in Tax Abatement from the City of Isanti.
4. Waiver of $85,000 of sewer and water access and from City of Isanti.

WHEREAS, the City Attorney, City Staff and Bond Counsel have worked together to draft a Development Agreement in the form submitted to the City Council which identifies the terms and conditions of the provision of financial assistance to be provided to the Developer by the City of Isanti.

WHEREAS, without provision of the above business subsidy the project would not be economically feasible and it would not happen in the City of Isanti. Minnesota; and

WHEREAS, the City of Isanti previously approved an agreement with Isanti Hotel Partners, LLC defined in Resolution 2012-137 and the above referenced proposed business subsidy and Development Agreement replaces and supercedes any previous subsidies, assistance and agreements with Isanti Hotel Partners, LLC including the subsidy and assistance referenced in Resolution 2012-137. The Development Agreement by and between the City of Isanti and Isanti Hotel Partners, LLC dated June 20, 2012 is null and void.

NOW, THEREFORE, IT IS HEREBY RESOLVED by the City Council of the City of Isanti, Minnesota, authorize the following:

1) Awarding of the following business subsidy to Isanti Hotel Partners, LLC:
   a. Land owned by the City of Isanti identified as tax identification number 16.029.0101 to be platted as Lot 1, Block 1, Isanti Hotel Addition, valued at $98,000 to be to be sold to Developer for $1.00.
   b. $850,000 cash from City of Isanti provided to Isanti Hotel Partners, LLC as a Grant.
   c. $182,549 in Tax Abatement from the City of Isanti.
   d. Waiver of $85,000 of sewer and water access and from City of Isanti.

2) The sale of real property identified as 16.029.0101 to be platted as Lot 1, Block 1, Isanti Hotel Addition for $1.00 to the Developer and to authorize the Mayor and City Administrator to execute instruments required to complete transaction.

3) Authorization for the City of Isanti to enter into the Development Agreement with the Developer and to authorize the Mayor and City Administrator to execute said agreement.

4) The foregoing business subsidy is contingent upon approval of the Development Agreement by the City Attorney.

5) The award of business subsidy and development agreement referenced above hereby replaces and supercedes any previous subsidies, assistance and agreements between the City of Isanti and Isanti Hotel Partners, LLC including the subsidy, assistance referenced in Resolution 2012-137. The Development Agreement by and between the City of Isanti and Isanti Hotel Partners, LLC dated June 20, 2012 is null and void.

This Resolution is hereby approved by the Isanti City Council this 17th day of October, 2017.

A Community For Generations

Isanti

MEMORANDUM

TO: Mayor George Wimmer
Members of the Isanti City Council

FROM: Ryan Kernosky, Community Development Director

DATE: October 17, 2017

SUBJECT: PUBLIC HEARING FOR ANNEXATION OF LAND PURSUANT TO MN STATUTES § 414.033 SUBD. 2(2)

Background

As part of the 2017 City Council Goals, the City identified annexation of properties completely surrounded by the corporate limits of the City for annexation. These properties have been identified as receiving some amount of City services (directly or indirectly), without paying City taxes.

An area identified for annexation is portions of the Sandbrook Golf Course. The area of the golf course subject to annexation is completely surrounded by the City of Isanti. As such, the City may choose to annex the property by ordinance through Minnesota Statute § 414.033 SUBD. 2(2). A map of the area proposed to be annexed through ordinance is within this packet.

Minnesota Statute § 414.033

Minnesota Statute § 414.033 provides municipalities the ability to annex unincorporated property by ordinance if they meet one of the four conditions in the Statute. The proposed annexation by ordinance meets Subdivision 2, Paragraph 2 which states *"A municipal council may by ordinance declare land annexed to the municipality and any such land is deemed to be urban or suburban in character or about to become so if: (2) the land is completely surrounded by land within the municipal limits."*

Because the subject parcels are completely surrounded by the City of Isanti, they are subject to annexation by ordinance through Minnesota Statute § 414.033 SUBD. 2(2). Per the statute, a notice of public hearing was provided to the property owner, the township, and the property owners contiguous with the area proposed for annexation. That notification included a notification letter, a notice of public hearing, a location map, and a draft ordinance.

If the City Council chooses to approve the proposed Ordinance, it will be sent to the Office of Administrative Hearings (OAH) – Municipal Boundary Adjustment Unit, Isanti Township Clerk,

County Auditor, and the Secretary of State. Once the OAH receives the ordinance and applicable fees, they will open a case file and the Administrative Law Judge will review the annexation.

Minnesota Statute § 414.036

Minnesota Statute § 414.036 requires that the City reimburses the Township their portion of taxes lost because of the annexation. This needs to be done over a period of two to eight years. The City is proposing a three-year payback at a cost of $846.87 per year, which complies with § 414.036.

Public Hearing

The City is required to hold a public hearing. Notice of the public hearing was provided consistent with the requirements of the State.

Staff Request

There is no required action at this meeting, only a public hearing. Formal action will be taken at the November 7th regularly scheduled City Council meeting.

Public Hearing

To: The Honorable Mayor Wimmer
Members of the City Council

From: Matt Lindholm, Code Enforcement and Zoning Technician
Ryan Kernosky, Community Development Director

Date: October 17, 2017

Subject: Public Hearing for Abatement of the property located at 310 1st Ave SW due to outside storage unlicensed, inoperable vehicles City Code 216-2 public affecting health and safety.

Background

On September 12, 2017, Matt Lindholm, Code Enforcement and Zoning Technician (CEZT) issued a notification letter citing "Outdoor storage of vehicles without current registration and (possibly) not in street operable condition." The letter indicated that the vehicles must have current license tabs, be stored in a garage or removed from the property. Additionally, if the vehicles were to be stored outside, they needed to be in street operable condition (along with current license tabs) to comply with City Code. At this time, the City requested that these issues be taken care of by September 26, 2017. If the property owner(s) were unable to make the corrections in the required time, they were invited to contact the City. In the meantime, the City received no correspondence or contact from the property owner(s).

After an inspection on September 28, 2017 it was concluded that the property owner(s) failed to remedy the code compliance issue. Rather than adding additional Administrative Citation fines and ultimately removing the issues through abatement, the CEZT initiated the abatement procedures. On September 29, 2017 the CEZT posted a public hearing notice on the front door with a public hearing date of October 17, 2017. Notice was also published in the Isanti County News on October 4, 2017.

On the day this memo was completed for the Council packet the property remained in violation with no apparent progress being made. The property will be reinspected on October 17, 2017 just prior to the City Council meeting and an update will be provided to the City Council.

Staff Request

City staff is requesting action on this item.

RESOLUTION NO. 2017-XXX

RESOLUTION TO AUTHORIZE NUISANCE ABATEMENT FOR PROPERTY LOCATED AT 310 1st Ave SW

WHEREAS, the property owner of 310 1st Ave SW is in violation of City Code 216-2 affecting health and safety; and,

WHEREAS, the process was followed under City Code §216-6 (Abatement) whereas the City served notice to the property owners regarding the violation; and

WHEREAS, City Code §216-6 provides for calling a public hearing to hear on the matter and notice shall be provided to the property owner of the hearing date; and

WHEREAS, City Code §216-6 after subject hearing the Council may abate the property and direct the City provide the services to allow compliance of the Nuisance Code

NOW, THEREFORE, IT IS HEREBY RESOLVED by the City Council of the City of Isanti, Minnesota as follows:

1. The property owner and/or occupant shall be given until Tuesday, October 24, 2017 to come into compliance.
2. The Code Enforcement/Zoning Technician shall inspect the property on Tuesday, July 25, 2017 and if the property is found not to be in compliance, the property located at 310 1st Ave SW shall be hereby abated.
3. Upon provision of City Code §216-6. Staff is hereby directed to submit to Council a list of the total unpaid charges along with all other such charges as well as other charges for current services to be assessed under Minnesota Statutes, Section 429.I01.

This Resolution hereby approved by the Isanti City Council this 17th day of October, 2017.

DATE: October 6, 2017

RE: Commercial Insurance Agency Proposals

The City received two proposals from firms that desire to serve as the City's Commercial Insurance Agency (Agent of Record). The proposals were evaluated based on specifications that were sent to interested agencies. Attached is a review grid that compares the firm's proposals for: compliancy to the RFP, fees, LMCIT cities served, fees additional services included in the fee and other services.

Of the four compliant proposals, they can be classed into two groups, those that provide the basic agent of record services and those that have "value added" or additional services. Both proposals have fees less than what the LMCIT distributes to the City. Staff also believes it is important to have a proactive agent/agency that works with staff to review costs and facilities and provide additional services as a part of management of the city's commercial insurance lines.

The Finance Committee reviewed the proposals and interviewed representatives of the two agencies at their October 5, 2017 meeting. Based on information received at the interviews and review of the proposals, the Finance Committee is recommending acceptance of the proposal from the Associated Benefits and Risks Consulting. They are our current provider and this would be a new contract for a five year term. Upon, acceptance of the proposal, staff will prepare contract documents and if needed, a change of agency from for the LMCIT.

City of Isanti

Commercial Insurance Agency/Agent Proposals – 2017

Firm	Proposal Compliant To RFP	Fee	LMCIT Cities Served	Additional Services In Fee	Other Services
NCI Group	Yes	$5,000 L/P/WC	11	Legal Serv. Hotline	N/A
Associated Group	Yes	$6,500 L/P/WC	3	Safety/Risk*	HR Solutions

Fee for 5 years (LMCIT insurance only – Switch to other Insurance Provider may increase fee), No charge for Legal Services Hotline (Kennedy & Graven)

*Safety and Risk Publications and Webinars, HR Hotline, Fees for 5 years, optional HR Solutions service for $6,503 per year total fee.

RESOLUTION NO. 2017-XXX

A RESOLUTION AUTHORIZING APPROVAL OF ASSOCIATED BENEFITS AND RISK CONSULTING FOR COMMERCIAL LIABILITY INSURANCE SERVICES AND FOR STAFF TO PREPARE A CONTRACT FOR SERVICES

WHEREAS, the City of Isanti has determined that it is in the City's best interest to seek proposals from insurance agents/agencies to provide the highest quality professional commercial liability services for the City and its staff; and

WHEREAS, Request for Proposals for Commercial Liability Insurance were received and reviewed by the Finance Committee; and

WHEREAS, the Finance Committee recommended interviewing two insurance agencies; and

WHEREAS, interviews took place on October 5, 2017; and

WHEREAS, the Finance Committee agreed upon Associated Benefits and Risk Consulting as the best fit for the needs of the City and recommends their firm to be the City's commercial insurance agency.

NOW THEREFORE BE IT RESOLVED by the City Council of the City of Isanti, Minnesota as follows:

1. The City Council accepts the proposal from Associate Benefits and Risk Consulting for Agent/Agency of Record for the City of Isanti, effective upon approval of a contract for services.

2. The City Council hereby authorizes staff to prepare a contract with Associated Benefits and Risk Consulting for commercial liability insurance services.

This resolution was duly adopted by the Isanti City Council this 17th day of October 2017.

Request for City Council Action- MEMO

To. **Mayor Wimmer and Members of City Council**

From: Josi Wood, Public Services Director/Asst. City Admin.

Date: October 17th, 2017

Subject: Consider Resolution for 2017/18-2019/20 Ancillary Snow Removal – Liquor Store, Isanti Community Center and Isanti Indoor Arena parking lot

---

As authorized, staff advertised for ancillary snow removal for the Isanti Liquor Store, Isanti Community Center and Isanti Indoor Arena primary parking lot for the 2017/18-2019/20 snow seasons. Two quotes were received and are attached. The lowest bidder was Triple JJJ Services LLC out of North Branch. Staff contacted the owner, Mr. Josh Jacobsen, to verify that he has adequate equipment, understood the terms of the agreement and to obtain references. Staff contacted his references, which are both current clients of his snow removal services, and both stated that he was reliable, responsive and good to work with.

Request:

It is requested that City Council review and take action on this item to award the Ancillary Snow Plowing contract for the 2017/18-2019/20 snow seasons to Triple JJJ Services LLC.

Attachment:

- Resolution 2017-XXX – Resolution Accepting Quote from Triple JJJ Services LLC for Ancillary Snow Removal
- Bid from Triple JJJ Services LLC
- Bid from Bjorklund Companies

'Exhibit A"

SPECIFICATIONS FOR ANCILLARY PARKING LOT SNOW REMOVAL ISANTI COMMUNITY CENTER, MUNICIPAL LIQUOR STORE, AND PRIMARY BLUEBIRD PARK PARKING LOT FOR THE ISANTI INDOOR ARENA

The City is interested in a quotation for this work, as further described.

Provision of Services:

It is intended that these services are supplemental only, and do not replace regular snow removal activity by the City of Isanti. The intent is the removal of snow from the three facility parking lots in early evening hours or on weekends when the facilities are open or in times of continuing snowfall and City equipment is not available. The vendor will provide a contact phone number to the City (that is monitored on a 24-hour basis). The vendor shall give the caller a time when they can expect the vendor to be on-site to remove snow. The contracted service shall be a 3-year term for the 2017-18 through 2019-20 winter Seasons.

Isanti Community Center Procedures:

a. Service requests will be made on an "on-call" basis by the Public Services Director, Community Events & Parks Coordinator or in their absence, the City Administrator. Removal requests for snowfall amounts shall be greater than 2 inches.

b. Removal of snowfall at the Community Center includes the parking lot, shoveling of the exterior front entryway of the building and salting of the exterior front entryway.

c. The service provider must discuss with the Public Services Director on where to store snow prior to providing service.

d. Billing shall be made for each removal at a set fee for snow removal of the entire parking area for a 2 inch or greater snowfall.

Municipal Liquor Store Procedures:

a. Service Requests will be made on an "on-call" basis, upon contact by the Liquor Store Manager (or Managing Clerk). Removal requests for snowfall amounts shall be greater than 2 inches.

b. The vendor must stop and verify with the Liquor Store Manager (or Managing Clerk) that they are on-site and ready to remove snow prior to beginning any work.

c. The service provider must discuss with the Public Services Director on where to store snow prior to providing service.

d. Billing shall be made for each removal at a set fee for snow removal of the entire parking area for a 2 inch or greater snowfall.

Primary Parking Lot for the Isanti Indoor Arena in Bluebird Park Procedures:

a. Removal of snowfall refers to only the parking lot located directly west of the Isanti Indoor Arena - BMX facility.

b. Service requests will be made on an "on-call" basis by the Public Services Director, Community Events & Parks Coordinator or in their absence, the City Administrator. Removal requests for snowfall amounts shall be greater than 2 inches.

c. The service provider must discuss with the Public Services Director on where to store snow prior to providing service.

d. Billing shall be made for each removal at a set fee for snow removal of the entire parking area for a 2 inch or greater snowfall.

The service provider selected by the City Council shall provide liability insurance ($1,000,000), with the City listed as an additional insured, and workers compensation insurance, as required.

Please provide a quotation for the cost of snow removal for each facility per snowfall event. Please use the attached form.

RESOLUTION NO. 2017-XXX

A RESOLUTION ACCEPTING QUOTE FROM TRIPLE JJJ SERVICES LLC FOR ANCILLARY SNOW REMOVAL

WHEREAS, the City of Isanti has determined it is in the City's best interest to receive quotes for ancillary snow removal for the Community Center, Liquor Store and Isanti Indoor Arena parking lots; and,

WHEREAS, an ad was placed in the official newspaper requesting quotes for ancillary snow removal services; and,

WHEREAS, two quotes were received; and,

WHEREAS, Triple JJJ Services LLC was the lowest bidder who also has adequate equipment and positive references; and,

WHEREAS, the specifications for parking lot snow removal is 'Exhibit A';

NOW, THEREFORE, IT IS HEREBY RESOLVED by the City of Isanti, Minnesota, to hereby accept the quotation and award the contract to Triple JJJ Services LLC for ancillary snow removal services for the 2017/18-2019/20 snow seasons upon them submitting the Certificate of Liability Insurance listing the City as the additional insured

Request for City Council Action- MEMO

To. **Mayor Wimmer and Members of City Council**

From: **Josi Wood, Public Services Director/Asst. City Admin.**

Date: October 17th, 2017

Subject: Consider Resolution Approving Amended Snow Plowing Policy 2017-XXX

At the October 3rd Public Works Committee meeting, there was discussion about clearing the sidewalk outside of the Arts and Science Middle School off of 7th Ave NE once the school opens. It is their recommendation to add that section of sidewalk to the current Snow Plowing Policy under "Sidewalk Routes to Schools"

7th Ave NE – North of Cajima Street

Request:
It is requested that City Council review and take action on this item.

Attachment:

- Resolution 2017-XXX – Resolution Approving Amended City of Isanti Snow Plowing Policy

RESOLUTION NO. 2017-XXX

A RESOLUTION APPROVING AMENDED SNOW PLOWING POLICY AND OPERATIONAL GUIDELINES

I. PERSONNEL

All Department of Public Works personnel shall be available for all snow plowing operations, unless on approved leave or unable to respond due to a medical condition.

II. PROCEDURES

A. Alert and Call Out

During normal working hours, the Public Services Director or designee shall be responsible for monitoring street and weather conditions and initiation of snow and ice control procedures. After hours, on weekends, and during holidays the Police Department shall notify the Public Works On-Call or designee when snow and ice conditions warrant crew alert. Snowplows will not be sent out in situations that may be hazardous due to severely restricted visibility.

B. Salting and Sanding

The City shall consider in order the following factors when establishing application rates and locations for application of salt and/or sand. The City shall use salt as the primary treatment. Sand may be used if there is a traction issue or if weather conditions deem it effective either combined with salt or as a separate treatment.

1) Safety of the Motoring Public
2) Environmental impact of salt usage
3) Cost

Salt or sand shall be applied to the street surface in such quantities so as to provide a level of skid resistance that is consistent with standards normally experienced on city streets throughout the State of Minnesota. It is recognized that a bare pavement policy is not possible at all times during winter.

Streets shall be spot salted (or sanded) to provide skid resistance and traction consistent with area standards in accordance with the following priorities:

1) All controlled intersections along Main Street, Heritage Blvd, County Road 23 and all curves.
2) School zones
3) Commercial and industrial streets
4) Residential – blanket sanding of general snow pack on residential streets will not be done.
5) In rare instances, when ice accumulation renders the streets unsafe to drive, the Public Services Director may authorize blanket sanding of city streets to restore vehicle traction.

C. Snow Plowing

The City will plow all storms of over 2 inches. During the season, snowfall of less than 2 inches may be removed depending on road conditions. Snow plowing shall normally begin when accumulation reaches a point where functional traffic flow is inhibited. Typical plow start time is 3:00 a.m. Plowing may start earlier in the prior evening, or delayed after 3:00 a.m., or may start during the daytime if conditions warrant. Plowing shall begin as close as practicable to the time snowfall ceases and will continue as visibility and operator safety permit. Work periods shall not exceed safe limits that operators can continue without rest.

Snow removal operations shall proceed as rapidly as possible in accordance with the following priorities:

1) Fire Hall Access Area

2) Police Department Access Area
3) Snow Emergency Routes - These routes (listed in this resolution) are typically first plowed. In extreme snowfalls, these routes shall be plowed to maintain the driving lanes in a passable condition until normal snow plowing activities resume.
4) 2" or more snow event, Downtown sidewalks from the Railroad Tracks on the east and traveling west to the intersection of Main and 2nd Avenue.
5) Sidewalk Routes to Schools – First day sidewalks listed in this resolution.
6) Residential Streets
7) City Downtown Parking Lot, City Hall Parking lot and Isanti Community Center Lot
8) Municipal Liquor Store Parking Lot
9) Alleys
10) Eagle Park Parking Lot
11) Isanti Indoor Arena
12) All Other Sidewalks – Second day sidewalks (except exempt sidewalks)
13) River Bluff Preserve and Bluebird Park Parking Lots
14) Ice Skating Rink

For a storm of roughly 6 to 10 inches, it shall be the goal of the City to have all streets plowed curb-to-curb within 12 hours after snowfall stops. Storms of larger magnitude or extremely wet snow will take longer depending on severity. Extreme snowfalls may warrant the opening of two lanes in the middle of the street initially with full width plowing to follow at a later time.

It shall be the policy of the City that the opening of driveways will not be the responsibility of the City. Property owners shall be responsible for clearing driveways, and walkways. For a 2"or more snow event, the City shall clean all sidewalks and trails that provide direct access to the Primary, Intermediate and Middle Schools.

D. Snow Hauling

Snow will be hauled from the following streets:

1) Main Street between 3rd Avenue and Elim Lane.

Late spring and early fall snowfalls may be left on roadways if melting is determined to be imminent or if substantial damage will be caused to the pavement structure. Clearing of intersection snow banks will be accomplished when needed on collector streets and near schools.
Snow hauling could begin as early as 3:00 a.m. or 1 hour following the beginning of snow removal operations. Hauling will continue for as many nights as is necessary.
Snow pickup shall be accomplished using such personnel, equipment and methods appropriate to maintaining a reasonable and safe passage of vehicles and pedestrians at all times. Traffic may be restricted by the Police Chief or his designee as emergency conditions may dictate.

E. Snow Plowing Alleys

Alleys will be opened in the aforementioned priority to provide functional traffic movement.

F. Wingbacks

During planned City-wide wingbacks, resident notification will be made on the City Website and by News Blasts. The Public Services Director, Designee or route driver will determine that areas may need wingbacks more often due to drifting snow or other conditions at the time, in these instances notice may not be given.

The Public Works Department will try to minimize impact to driveways and sidewalks but some snow removal may be required by the homeowner.

G. Complaints

Complaints concerning snow and ice removal will be handled in the following manner:

1) All complaints shall be referred to the Public Services Director or designee.
2) Slippery Street and sidewalk complaints shall be listed and given to Public Works for investigation and possible action.
3) All other complaints shall be given to Administration for investigation and possible action.

H. Property Damage

It is recognized by the City that on occasion private property is damaged during snow and ice control operations. Where this happens, it shall be the policy of the City to handle damages in the following manner:

1) **Mailboxes** – Where mailboxes are placed adjacent to the street it shall be the policy of the City that snow shall be plowed to the curb to allow for passage of traffic and mail delivery. It shall be the responsibility of the property owner to keep piled snow away from mailboxes so mail can be delivered.
Where damage to the mailbox occurs, such damage shall be investigated by the Public Services Director or Designee. If it is determined that the weight of the snow movement caused the damage, the City will not assume responsibility for repair of the mailbox. If the mailbox was built according to Isanti County specifications, and was struck directly by the plow, the City will repair or replace the mailbox in kind, not to exceed $100.00.

2) **Boulevard Damage** – The City will repair physical damage to boulevard areas and may replace sod in extreme cases as determined by the Public Services Director. Typical repairs will be with dirt and seed. The City will not repair winter kill or salt damaged lawn areas. The City will not replace or repair sprinkler systems, landscaping or other structures in the boulevard.

3) **Curbs** – Concrete curbs will not be replaced unless the curb back is broken.

4) **Driveway Ramps** – Damage caused to driveway ramps or fillets where mountable curb is in place will not be repaired by the City unless authorized by the Public Services Director.

5) **Garbage Receptacles** – Garbage receptacles are not to be placed in the street section. The City is not responsible for damage of receptacles or clean-up of waste.

I. Snow Emergency Routes

The following routes are designated as Snow Emergency Routes and shall be marked by signage:

Cajima Street - T.H. 65 to 8th Ave NE

8th Ave NE - Cajima Street to Heritage Blvd

8th Ave SE Boulevard - Heritage Blvd to CSAH 55

Main Street East - Railroad Tracks to T.H. 65

Dahlin Avenue - Broadway to Heritage Blvd

Main Street West - Whiskey Road to Railroad Tracks

First Avenue NW. - Main Street to Heritage Blvd

Centennial Drive - Oakwood Street to Heritage Blvd

Oakwood Street - Whiskey Road to Centennial Drive

Whiskey Road - Heritage Blvd to Isanti Parkway West

Hillock Street NW - Whiskey Road to 11th Avenue NW

11th Avenue NW - Hillock Street NW to Blossom Boulevard

Blossom Boulevard - 11th Avenue NW to Isanti Parkway West

Isanti Parkway West - Blossom Boulevard to 3rd Avenue N.

3rd Avenue N - Heritage Blvd to Isanti Parkway

Isanti Parkway East - 3rd Avenue N to East Dual Boulevard

East Dual Boulevard - Heritage Blvd to Cajima

Cajima Street - East Dual Blvd. to T.H. 65

Railroad Avenue - Main St to South Passage

Palomino Road - Railroad Avenue to T.H. 65

Townsedge Road - Railroad Avenue to T.H. 65

South Passage - Railroad Avenue to Whiskey Rd

Sixth Avenue SW - South Passage to S Brookview Lane

Dogwood Street SW - Whiskey Rd to 3rd Avenue SW

South Passage - Whiskey Rd to Rum River Drive SW

Rum River Drive SW - South Passage to Birch Street SW

Birch Street SW - Rum River Drive SW to Whiskey Rd

J. **<u>Sidewalk Routes to Schools</u>**

Broadway Street - Railroad Avenue to Candy Avenue

Dahlin Avenue - Broadway Street to Main Street

Main Street West - Whiskey Rd to Dahlin Avenue

Oakwood Street - Whiskey Rd to Centennial Drive

Heritage Blvd - Whiskey Rd to 65

First Avenue N - Main Street to Heritage Blvd

Second Avenue N - Main Street to Heritage Blvd

Third Avenue N - Main Street to Heritage Blvd

Fourth Avenue N - Main Street to Heritage Blvd

Fifth Avenue N - Main Street to Heritage Blvd

Fifth Avenue S – Main Street to S Brookview Lane SW

Whiskey Road - South Passage to Heritage Blvd

Whiskey Road - Heritage Blvd to Isanti Parkway West

Wendover Street NW - Whiskey Road to Rum River Drive NW

Rum River Drive NW - Wendover Street NW to Hillock Street NW

Eleventh Ave – Winsome Way to Wendover St NW

Isanti Parkway NW – 3rd Ave NW to 701 Isanti Parkway NW

First Ave NW – Broadway St to Heritage Blvd

8th Ave SE – Marion St SE to Heritage

9th Ave SE – Marion St SE to 8th Ave SE

Marion St SE – 8th Ave SE to 9th Ave SE

7th Ave NE – North of Cajima Street

III. POST PLOWING OPERATIONS

Once plowing is completed from curb to curb, post plowing operations will begin in the following priority:

A. Fire Hydrants

Fire hydrants on public streets serving commercial/industrial areas, high density residential units and school facilities shall be plowed or shoveled out so as to be readily accessible for use.

B. Intersections

If in the discretion of staff, snow piles at busy intersections are of such height as to create unsafe conditions, the piles will be pushed back at those intersections on the following streets:

1) County Road 5
2) Main Street
3) County Road 23

IV. EMERGENCY ASSISTANCE

At the discretion of the City Administrator, the Public Works Department can hire either additional equipment or drivers for assistance with snow removal.

V. ADMINISTRATION

A. Council Review

The City Council's Public Works Committee shall annually review the City's Snow Removal Policy and Operational Guidelines, prior to the next year's snow season and make any recommendations for amendments to the City Council.

VI. REPEAL

This resolution repeals all previous snow plow policies.

This Resolution was duly adopted by the Isanti City Council this 17th day of October, 2017.

Isanti

Request for City Council Direction

To: Mayor Wimmer and City Council Members

From: Sean M. Sullivan, Economic Development Director

Date: October 17, 2017

Subject: **Consider Resolution for Submittal of 2017 Comprehensive Economic Development Strategy (CEDS) to East Central Regional Development Commission (ECRDC)**

Background:

Please find the 2017 CEDS Survey Update completed by City Staff and reviewed by the EDA. Updates were made to the demographic information and narratives. The projects identified for the 2017 CEDS include: 1) Rail Served Industrial Park, 2) Downtown Redevelopment, 3) Mechanized Sewer Treatment Plant Upgrade and 4) Hotel / Redevelopment Plan. The purpose of the CEDS Survey is to identify Economic Development priorities that could qualify for EDA funding and it serves as an internal planning document. If there are additional projects that the City Council feels should be added it should be conveyed to Staff before submittal to the ECRDC. The survey needs to be returned to the ECRDC by October 20, 2017.

City of Isanti EDA Recommendation:

Motion to recommend to the City Council the submittal of attached 2017 CEDS was made by EDA on October 3, 2017.

Staff Request for Action:

Staff is looking for a motion to approve, deny or amend the Resolution 2017-_____ Authorizing Submittal of 2017 Comprehensive Economic Development Strategy (CEDS) Survey to East Central Regional Development Commission (ECRDC).

Attachments:

1) Resolution 2017-_____ Authorizing Submittal of 2017 Comprehensive Economic Development Strategy (CEDS) Survey to East Central Regional Development Commission (ECRDC).

Person completing survey: Sean Sullivan, Economic Development Director

I. Project Description:

Please provide a description of each of your projects prioritized below, with Project 1 being the highest priority project, and Project 5 being lowest. Please be as specific as you can with your description, including how projects will benefit your community, the region, labor force, etc. Please also include who the major beneficiaries of the project are, the estimated cost, where you are at in the planning process, and any other information you would deem beneficial when advocating for the project.

Project 1:

City of Isanti Rail Served Industrial Park/Rail Siding/Spur

The City of Isanti began its work on developing a rail served industrial park in 2006. The City of Isanti and the City of Cambridge discussed a joint rail park between the two communities and funded a consultant to advise the communities on rail locations. The study was completed and passed on to Isanti County. Isanti County contracted consultants Janna King and Michelle Keller to assist with identifying locations of a potential rail park within Isanti County. Based on initial consultations with King and Keller, it was determined that an industry expert be hired to conduct a formal feasibility / market study. The City of Isanti site was one of the three sites identified. Charles McSwain Consulting was contracted by Isanti County to further research the feasibility of rail sites within Isanti County. The results of the research identified the site in the City of Isanti

as the most financially feasible site in Isanti County. Current market conditions don't warrant the construction of the site in preparation of imminent development; however, the improving economic conditions may eventually drive its construction. In the event a catalyst project was to come forth, incremental development of the park would be economically viable. The main costs associated with the Rail Industrial Park are the switches, siding, and spurs necessary.

Ever Cat Fuels constructed a bio-diesel manufacturing plant within Isanti and desires to have the ability to receive and ship its products by rail in the future. This project was opened in 2008 and serves as a model for bio-diesel fuel production in the country. Ever Cat Fuels would be a beneficiary of the rail served industrial park and may contribute financially to its development. A regional industrial rail park has the potential to bring in new businesses, industry, and well-paying jobs to the City of Isanti, which would benefit the entire region.

A rail served industrial park will assist businesses with costs associated with shipping and receiving via rail. The impact of a rail served industrial park is believed to extend beyond the Region 7E boundaries as businesses in adjoining counties use the spur to decrease their shipping costs.

The City of Isanti owns the 137 acre parcel proposed for the rail served industrial park. There is the potential for acquisition of adjacent land to expand the proposed rail served industrial park site. BNSF has confirmed that the proposed site in the City of Isanti is large enough for a rail siding and the preliminary design has been approved by BNSF. The City Engineer has developed preliminary design concepts for the park and associated infrastructure. More work needs to be completed and these concepts need to be further refined and developed to achieve maximum efficiency. The City is seeking funding for engineering and environmental studies of the park, spur, rail switches, rail lines and interior roads to access the park.

Isanti City and County residents have long commute times to their jobs outside of the community. According to the US Census, the average Isanti commute is 33.2 minutes, which is 10 minutes longer than the average commute in Minnesota. Many workers from Isanti are commuting farther in order to find well-paying jobs to support their families. The time and cost of the commute takes away from the family and the community. Reducing commute times and creating well-paying jobs within the City of Isanti and Isanti County is important to the strength of the region. The rails served industrial park would greatly assist with job development in the City of Isanti and Isanti County.

Project 2:

City of Isanti Downtown Redevelopment.

A successful historic downtown is important to the success of the entire City of Isanti. The City has upgraded Main Street with new pavement, infrastructure, lighting and banners. The Isanti City Hall was constructed in Historic Downtown Isanti as a way to energize the area and to provide some connectivity to other commercial development on Heritage Boulevard (CSAH 5). There is still redevelopment work to be done including the revitalization of existing buildings, and redevelopment of underutilized properties.

Main Street was the signature place to shop and have a business. The intent is to keep this area viable as a successful business district. The City has explored senior housing, market rate housing, and business expansions and relocations to spur downtown growth and redevelopment. In 2012, the City of Isanti partnered with the private sector to construct a downtown directional sign to help generate commerce and the sign has been updated in 2016 to reflect changes businesses downtown. In 2016, there was only one vacant buildings (Former Chamber office), on historic Main Street. The City acquired 100 Dahlin Avenue NE, razed the structure, prepped the lot and is marketing that property for development.

The City has incorporated a Transit Multi-Modal Facility into the comprehensive plan and is noted as an important tool for the growth of the downtown and to assist our citizens in their daily long commutes to their jobs. Passenger rail, light rail, commuter rail and park & ride facilities have been a focus of discussion in Isanti County. The City of Isanti supports a rail stop within our community but understands that station locations are limited. It was determined that Isanti could support a commuter bus. To begin bus service the annual cost would be approximately $50,000 based on estimated ridership.

In 2013, the City of Isanti re-established a number of events and meetings to get more focus and involvement in historical downtown Isanti and they continue to be successful. The City EDA opened and operated a successful Farmer's Market at Eagle Park in downtown Isanti in 2013 and hosted two street dances. The City now has three street dances annually as they have proven to be very popular and great community building events. A full time Park and Events Coordinator position was created in 2014 to manage these events and to staff the Park and Recreation and Culture Board activities. Area businesses and City Officials plan to meet to discuss issues pertinent to downtown Isanti and the community as a whole. The Isanti and Cambridge Area Chambers of Commerce have merged and the organization now is called the North 65 Chamber of Commerce. The office is located at 2 Enterprise Avenue NE in the City of Isanti.

The City, East Central Regional Library System, and the Friends of the Library have combined resources and opened a "Library Outreach Stop" at Isanti City Hall, as a step to providing local library services. This serves as another key draw to the downtown and City Hall.

Project 3:

Mechanized Sewer Treatment Plant Upgrade

The City of Isanti is a young and vibrant community with a 2017 population estimated to be 5,873 according to State Demographer information from 2017 and recent housing permits pulled. Over the past 3 years the City has seen 184 single family housing permits pulled. The average age of City of Isanti residents is 30.8 years and the median household income is $58,431. Isanti is also home to over 177 businesses and 1,857 employees. The City owns 24 Minnesota Shovel Ready Certified acres (4 lots) in the Isanti Industrial Complex Industrial Park and has an additional 137 acres of land set aside for more industrial development (Rail Served Industrial Park) and 32 developable acres just north of the existing industrial park. Prior to the Great Recession, Isanti County was the second fastest growing county in the nation based on growth percentage and the

increase of housing starts is promising. Single family housing starts for the following years 2015-41, 2016-63 and 2017-80 (as of end of September 2017) show this positive trend. Currently there are 162 platted single family residential lots and 107 multi-family residential lots ready for development.

Although it cannot be assumed Isanti will grow at the levels it did during the mid-2000's it a fairly safe assumption that it will continue to grow at a fairly rapid rate. As of September 26, 2017 there were 269 platted lots (162-SFR, 107 Multi-Family) with infrastructure in place ready for immediate development. In order to keep up with future capacity and more stringent state environmental standards relating to water quality and additional nutrient removal, the City plans to make facility upgrades to make the current sewer treatment plant a fully mechanical facility within seven years. The capacity of the current system is 657,000 gallons per day. The estimated capacity of the new system is 850,000 plus gallons per day and will be constructed with a projected growth period of 20 years. Although the need is not immediate, it is imminent. Planning for the construction and identifying potential funding for this structure that will not overburden the taxpayer is important. Preliminary project estimates for the new plant are $15 million dollars, which includes reuse equipment the City already owns. In order to continue to grow smartly, maintain its place as a center of commerce, serve as a regional center for events, and be a great place for people to live, a new Mechanical Sewer Treatment Plant will need to be constructed.

Project 4:

Hotel / Redevelopment Plan.

The City of Isanti is home to many annual events and sport teams. Isanti Jubilee / PRCA Pro Rodeo, Isanti Indoor Arena – Home of Rum River BMX, David C Johnson Civic Arena, the Isanti Soccer Complex, and the Minnesota State Soccer Cup have brought several people to the City of Isanti in past years. A 75,000 square foot indoor BMX Arena, name Isanti Indoor Arena – Home of Rum River BMX was constructed in 2015 and has been hugely successful bringing 80,000 participants/spectators to the City of Isanti annually. The indoor BMX arena is the only project of its kind in the nation and is a bona-fide draw regionally and nationally. Financing for this project was done through City issued Tax Abatement bonds and participation by the Initiative Foundation. The City has entered into a 40 year lease with the Rum River BMX Association to operate the number one rated track in the United States. Based on these demand generators, their impact, and the fact that the closest, hotel to Isanti is located in Cambridge, a regional hotel market study was warranted and completed in 2016.

The conclusions of the feasibility/market study conducted by IDM in 2016 indicated a strong market demand for 80 hotel rooms in this market area. City Officials have been working on a 60 unit Best Western Hotel hotel with an indoor pool concept that would allow visitors to city attractions/events to stay and shop in Isanti and provide a venue for city residents to utilize. Estimated project costs for the 60 unit building are $6.2 Million dollars. This would also allow for the Civic Ice Irena, Isanti Soccer Complex, Isanti Indoor Arena – Home of Rum River BMX and other athletic facilities to hold more tournaments and events which would also increase commerce within the region.

Isanti is home to Evercat Fuels which is a cutting edge biodiesel pilot plant used to demonstrate the environmentally friendly process used to manufacture biodiesel. This facility employs nearly thirty employees and provides living wage jobs. Many out of town visitors come to see this pilot plant to learn about the processes involved with a new renewable energy source. Currently these visitors are forced to stay out of town or make a "day-trip" to Minnesota to visit Evercat. There are many other flourishing businesses including Advanced Telemetry Systems, ISD 911, SnoBear USA, Coborn's, Allina Health and Metal Coatings and Manufacturing that also help generate local demand for a hotel. Locating a hotel in Isanti, or this region, would help bring more jobs, commerce, investment, and modern amenities to Isanti County.

The City is considering the Hotel as a catalyst economic development/redevelopment project that will result in spin-off development opportunities in the immediate area. The acquisition of tax identification number 16.029.0101, the vacation of Penny Lane, the future construction of Richard Street from Broadway to Main Street and the extension of 5th Avenue NE to Main Street is all part of the Redevelopment Plan adopted by the EDA and the City Council in September of 2017. Reconfiguration of the existing street grid is necessary to facilitate development and redevelopment in this targeted area. The redevelopment of this area will build synergy with the existing historic downtown highlighted in Project two above.

II. Based on the projects you listed, please answer the following project benefits: (place a check for primary project benefits)

Project No.	**#1**	**#2**	**#3**	**#4**
Job Creation	X	X	X	X
Job Retention		X		
Livable Wages	X	X		X
Public Facilities	X		X

Industrial Parks

Name of industrial park and location:

Centennial Industrial Park. North side of the City of Isanti. East of the BNSF railroad tracks. West of TH 65. South of Cajima St (road in Isanti).

Size of industrial park: 62.00 acres approximate buildable

Acres available in industrial park: 24.00 acres approximate buildable

Asking price for industrial park land (per acre): $1 (if they meet City requirements)

Infrastructure in place at industrial park (please check all that apply):

Roads:	X	Water:	X	Sewer:	X
Storm Sewer:	X	Telecom.	X	Fiber Optics:	X

Are there any plans for expansion of the existing industrial park or create a new industrial park?

Yes: X No:

Please explain: A rail served industrial park, which would expand our current industrial park, is the City's number one CEDS request and the parcel is 137 acres north of City Public Services Campus. In addition, there are 32 acres adjacent and to the north of the existing industrial park that could serve for expansion of the existing park. There is no timetable for either project.

Total daily water capacity: 1,584,000 gallons. Available daily water capacity: 1,584,000 gallons

Total daily sewer capacity: 576,000 gallons. Available daily sewer capacity: 576,000 gallons

Loan Funds

City Revolving Loan Fund – Yes

Asset Base - $89,017 Available October 2017

Source – City Funds and State MIF Loan Repayment (20%)

Average Loan Size - $22,000

X. Other Information Requested:

What do you believe is the greatest obstacle to the Economic Development of the community or area served by your organization?

Rank from 1 to 5 with 1 being the greatest obstacle.

Adequate housing	____
Inadequate Infrastructure	____
Inadequately trained labor force	2
Inadequacy of broadband internet	____

Lack of agency staff	____
Lack of capital	1
Lack of equity funding resources	____
Lack of development plan	____
Lack of labor force	4
Lack of sites for development	____
Lack of transportation	3
Other	5

If other, please explain: The foreclosure crisis and uncertainty for costs for transportation, energy and goods and services. Isanti has fully recovered from the foreclosure crisis of 2009-2013. However, there are still some reservations as to re-investing in Isanti as many past investors were hurt financially by the sudden decline in economic activity in Isanti due to the Great Recession. Fuel costs have been trending lower, but historically they have been rather volatile. Gas prices are averaging $2.39 in the area now but the days of $4.00 gas are not out of recent memories for people and businesses looking to move to Isanti. Until we have some stability for an extended period of time there will be reservations by potential investors in Isanti. In addition, the cost of construction of new buildings far exceeds the price of acquiring exiting buildings. Vacant Building inventory continues to decline in Isanti and regionally but this serves as a barrier to new building construction in the industrial sector.

RESOLUTION 2017-XXX

AUTHORIZING SUBMITTAL OF 2017 COMPREHENSIVE ECONOMIC DEVELOPMENT STRATEGY (CEDS) TO EAST CENTRAL REGIONAL DEVELOPMENT COMMISSION (ECRDC)

WHEREAS, CEDS is a survey submitted to cities in the region to identify priority projects; and

WHEREAS, projects not identified in the CEDS survey are not eligible to apply for federal EDA funds; and

WHEREAS, a 1) Rail Served Industrial Park, 2) Downtown Redevelopment, 3) Mechanized Sewer Treatment Plant Upgrade and 4) Hotel / Redevelopment Plan have been identified as economic development priorities by the City Council and Isanti EDA; and

WHEREAS, the deadline for submittal of the 2017 CEDS survey is October 20, 2017.

NOW, THEREFORE, IT IS HEREBY RESOLVED by the City Council of the City of Isanti, Minnesota, authorize City staff to submit the 2017 CEDS survey attached hereto to the ECRDC.

This Resolution hereby approved by the Isanti City Council this 17th day of October 2017.

Attest:

_____
Mayor George A. Wimmer

City of Isanti
Economic Development Authority
Regular Meeting Minutes of
September 5, 2017
Isanti City Hall

1. Call To Order

The meeting was called to order by President Wimmer at 7:35 p.m.

a. Pledge of Allegiance

b. Roll Call

Commissioners Present:	Dan Collison, Ross Lorinser, Paul Bergley, George Wimmer, Tara Hallberg and Steve Lundeen
Commissioners Absent:	None
Staff Present:	Economic Development Director Sean Sullivan

c. Agenda Modifications

Motion by Collison, Second by Lorinser to add Item 7. Authorization to Direct City Attorney to Make Formal Written Information Request to Isanti County for all Documents Relating to Gas Station Abatement at Corner of State Hwy 65 and Main St in Cambridge, MN (Main and 65 LLC). Other Business/ Updates / Communication to be renumbered 8. And Adjournment to be renumbered as 9 and adopt the amended Agenda. Motion passed unanimously.

2. Approve Minutes of August 2, 2017 Regular Economic Development Meeting

Motion by Bergley second by Lundeen to approve the minutes as presented for August 2, 2017. Motion carried unanimously.

3. Public Hearing: Consider Resolution Establishing Economic Development District No. 1

Economic Development Director Sullivan highlighted the staff memo highlighting the reasons for establishing an Economic Development District in the City of Isanti. This action is part of a legal process to allow the EDA to use full power under both the EDA ad HRA Statutes. The 60 unit Best Western Plus Hotel project will be located within the proposed Economic Development District No. 1 as outlined within the attached resolution. This action is a required step to allow the use of Revenue Bonds if needed for project financing. It also identifies a specific geographic area for the project area.

President Wimmer opened the public hearing.

No public comment was received.

President Wimmer closed the public hearing

Motion by Lundeen, second by Bergley to Adopt EDA Resolution 2017-3 Establishing Economic Development District No. 1. Motion passed unanimously.

4. Public Hearing: Consider Granting of a Business Subsidy to Isanti Hotel Partners, LLC

Economic Development Director Sullivan highlighted the staff memo highlighting President Wimmer and Economic Development Director Sullivan work with the Developer, Legal Counsel, Financial Advisors and a Financial Institution to put together a hotel deal in Isanti. One method of financing for the project involves the issuance of Revenue Bonds by the EDA. The EDA is proposing to issue revenue bonds in an amount not to exceed $2,100,000 and loan the net proceeds of the bonds to Isanti Hotel Partners, LLC for the construction of a hotel. This proposed action is considered a business subsidy and requires a public hearing.

President Wimmer noted that if this financing is utilized it would simply be a pass through loan that would result in the Developer making payment directly to the bank. He said the payment structure was similar to the Industrial Revenue Bond that were issued for the Ice Arena in Isanti.

President Wimmer opened the public hearing.

Garen Engquist, 16 Nina Court SW, Isanti MN 55040 provided public comment. Mr. Engquist asked for clarification on the Tax Abatement and proposed issuance of Revenue Bonds.

President Wimmer explained that the City would be reimbursing City of Isanti taxes paid by the developer according the following schedule: 2020-50%, 2021-50%, 2022-50%, 2023- 50%, 2024-50%, 2025-40%, 2026-30%, 2027-20%, 2028-10%. If the EDA utilize Revenue Bonds the Developer is essentially borrowing the money in the name of the EDA/City. The Developer is responsible for guaranteeing that the debt gets paid and makes the payment to the bank. The EDA/City is not giving this money to the developer, it's a pass through loan.

Mr. Enquist thanked President Wimmer for the explanation

President Wimmer asked if there was any additional public comment.

No additional public comment was received.

President Wimmer closed the public hearing.

No action was taken on this item at this time.

5. Consider Adoption of EDA Resolution 2017-4 Approving Redevelopment Project Area and Redevelopment Plan

Economic Development Director Sullivan highlighted the staff memo. The City Development Team has been actively negotiating with Isanti Hotel Partners, LLC to bring a 60 unit Best Western Plus Hotel

to the City of Isanti. Part of this process involves defining a planned area of redevelopment centered around the Hotel project. This project is critical for the growth of Isanti and the redevelopment of parcels in this immediate area. The attached Redevelopment Plan and Area attached to the resolution that is required to be adopted by the City of Isanti EDA.

Motion by Lorinser, second by Collison to Adopt EDA Resolution 2017-4 Approving Redevelopment Project Area and Redevelopment Plan. Motion passed unanimously.

6. Consider Adoption of Resolution 2017-5 Authorizing the Funding and Execution of the Municipal Advisory Service Agreement between the City of Isanti EDA and Northland Securities, Inc.

Motion by Lorinser, second by Bergley to Adopt EDA Resolution 2017-5 Authorizing the Funding and Execution of the Municipal Advisory Service Agreement between the City of Isanti EDA and Northland Securities, Inc. Motion passed unanimously.

7. Authorization to City Attorney to Make Formal Written Information Request to Isanti County for all Documents Relating to Gas Station Abatement at Corner of State Hwy 65 and Main St in Cambridge, MN (Main and 65 LLC)

President Wimmer asked the EDA for action to direct City Attorney Joslin to formally make written request for all documents and public information in regards to the Cambridge.

Motion by Bergley, second by Collison to Authorize City Attorney to Make Formal Written Information Request to Isanti County for all Documents Relating to Gas Station Abatement at Corner of State Hwy 65 and Main St in Cambridge, MN (Main and 65 LLC). Motion carried unanimously.

8. Other Business / Updates

Economic Development Director Sullivan thanked Economic Development Intern Gilyard for his efforts during his internship.

President Wimmer also expressed the fact the he did whatever asked of him and the work product was great.

Sullivan stated 67 single housing permits have been pulled and 1 more is waiting to be picked up. This is well ahead of the pace set last year.

Commissioner Lorinser asked where we were at this time last year.

Sullivan didn't know of hand but stated he would forward that information out to the EDA.

Request for City Council Action

To: **Mayor Wimmer and City Council Members**

From: Chief Gene C. Hill
Date: October 10, 2017
Subject: Letter of Separation – Officer Rodrick Barrows

Background:

Officer Rodrick Barrows has put in his letter of separation / resignation from the police department dated October 7th, 2017 that is attached. His last day of employment would be October 29th, 2017 as stated in the letter.

Action:

I am requesting the City Council to review and consider accepting the letter of separation / resignation that was submitted by Officer Barrows.

Thank you for your time and consideration,

Chief Gene C. Hill

October 7, 2017

City of Isanti Police Department
401 1st Avenue North
Isanti, MN 55040

RE: Separation from employment

Chief of Police Gene C. Hill:

As you may be aware, I have been recently approved for PERA Duty Disability Benefits as a result of my work-related medical condition. While I am honored to have had the opportunity to serve the community, I must end my employment with the City of Isanti effective October 29, 2017 as a result of my medical condition.

I request that you make full payment of all of the benefits owed to me under my employment contact and collective bargaining agreement, including sick, vacation, holiday, comp. time, etc.

I appreciate your time and attention to this matter.

Sincerely,

5814

Rodrick Barrows

MEMO

To: **Mayor Wimmer and City Council**

From: Don Lorsung, City Administrator

Date: October 6, 2017

Subject: Resolution Authorizing Improvements in the Fire Station

---

Fire Chief Al Jankovich, on behalf of the Isanti Area Joint Operating Fire District, is requesting approval to proceed of the following improvements at the Fire Station. The Fire Station will be paying the costs for the improvements.

Proposed Improvements:

a. Replacement of 1 casement window and 1 glider window in the Fire Department Office.
b. Replacement of 2 casement windows in the main level training room.
c. Replacement of the furnace that serves the serves the Fire Department Office and main level training area, and replacement of the furnace and installation of air conditioning for the second floor meeting/training area.
d. Re-painting of the exterior of their portion of the building. Colors are to match City facilities. (* Please note that this work will be coordinated with consideration of painting of the entire building).

Attached are letters from the Fire Chief regarding these proposed improvements. This matter was reviewed by the Finance Committee. Attached is a Resolution for your consideration that authorizes improvements in the Fire Station

September 21, 2017

City of Isanti
Attn: Don Lorsung
P.O. Box 428
Isanti, MN 55040

received
9/23/17

RE: Fire Station Improvements

Mr. Lorsung and Whom It Applies,

This letter is to inform the City of Isanti of our wishes to perform building maintenance to areas of the 401 1st Ave NW building that is leased to the Fire District for use.

1 casement window and 1 glider window within the Fire Department office, and 2 casement windows in the main level training room are of interest to replace. Our goal would be to replicate the other buildings windows as much as possible. We have obtained one bid so far for budgetary purposes which totals $4,282.

Also, the furnace that supplies forced air to the down stairs office and training area, and another furnace upstairs that provides forced air to the upstairs training room are due to be replaced. We would also like to upgrade the upstairs unit to include air conditioning. We have obtained one proposal to complete the work totaling $11,550.

Would you please consider us making these improvements and advise on considerations we should include moving forward.

Thank you.

Alan Jankovich
Fire Chief
Isanti Fire District

RESOLUTION NO. 2017-XXX

A RESOLUTION AUTHORIZING IMPROVEMENTS IN THE FIRE STATION

WHEREAS, The Isanti Area Joint Operating Fire District (IAJOFD) desires to perform improvements in the Fire Station; and

WHEREAS, the IAJOFD desires approval of the improvements made in accordance iwh the lease; and

WHEREAS, the IAJOFD will be paying all costs of the proposed improvements;

NOW, THEREFORE, BE IT RESOLVED by the City Council of the City of Isanti, Minnesota that approval is given for the IAJOFD to perform the following improvements at their cost.

a. Replacement of 1 casement window and 1 glider window in the Fire Department Office.
b. Replacement of 2 casement windows in the main level training room.
c. Replacement of the furnace that serves the serves the Fire Department Office and main level training area, and replacement of the furnace and installation of air conditioning for the second floor meeting/training area.

Date: October 5, 2017

Subject: Resolution Designating Polling Places in City of Isanti

---

The 2017 Minnesota Legislature amended State Law to require that Cities designate their election polling places each year. The polling places designated by the City are then the polling places for the following calendar year. It is the City's intent to use the existing polling places for Election Precincts 1 and 2, as previously established by the City Council.

Attached is a Resolution for your consideration that designates our polling places.

RESOLUTION NO. 2017-XXX

A RESOLUTION DESIGNATING POLLING PLACES IN CITY OF ISANTI

WHEREAS, Minnesota Statues 204B.16 was amended this year by the Legislature to require the governing body of each municipality to designate by ordinance or resolution a polling place for each election precinct by December 31st of each year. These polling places are designated for the following calendar year; and,

WHEREAS, the City Council of the City of Isanti has created Precinct 1 and Precinct 2 with Official Polling Places, as adopted and designated in Resolution 2015-288; and,

WHEREAS, due to State law the City Council finds it necessary to re-designate a polling place location for each precinct;

NOW, THEREFORE, BE IT RESOLVED THAT THE CITY COUNCIL OF THE CITY OF ISANTI, ISANTI COUNTY, MINNESOTA HEREBY DESIGNATES THE POLLING PLACES FOR EACH PRECINCT AS FOLLOWS:

1. The official Polling Place location for Election Precinct 1 is Isanti City Hall, 110 First Avenue NW, Isanti, Minnesota.

2. The official Polling Place location for Election Precinct 2 is Isanti Community Center, 208.5 First Avenue NW, Isanti, Minnesota.

This resolution was duly adopted by the Isanti City Council this 17th day of October, 2017.

MEMO

To: **Mayor and Council Members**
From: Katie Brooks, Human Resources/City Clerk
Date: October 13, 2017
Subject: Social Media Policy- Adoption

Background:

The City of Isanti wishes to establish a Social Media Policy for a positive and informative social media presence. Adding this policy to our Personnel Policy will give the staff permission to manage all social media sites and the content exposed to the community. The City of Isanti will determine, at its discretion, how its web-based social media resources will be designed, implemented and managed as part of its overall communication and information sharing strategy. City social media sites may be modified or removed by the City at any time and without notice, as described in this document

- Exhibit A- Social Media Policy
- Resolution 2017-XXX.

City of Isanti, Minnesota
Social Media Policy

Purpose

Social networking in government serves two primary functions: to communicate and deliver messages directly to citizens and to encourage citizen involvement, interaction, and feedback. Information which is distributed via social networking must be accurate, consistent, and timely and meet the information needs of the City's customers. Since social media is used for social networking, this policy seeks to ensure proper use of the City of Isanti's social media sites by its representatives.

The City of Isanti wishes to establish a positive and informative social media presence. City representatives have the responsibility to use the City's social media resources in an efficient, effective, ethical and lawful manner pursuant to all existing City and departmental policies. This policy also provides guidelines and standards for city representatives regarding the use of social media for communication with residents, colleagues and all other followers.

Policy

The City of Isanti will determine, at its discretion, how its web-based social media resources will be designed, implemented and managed as part of its overall communication and information sharing strategy. City social media sites may be modified or removed by the City at any time and without notice, as described in this document.

City of Isanti social media accounts are considered a City asset and administrator access to these accounts must be securely administered in accordance with the City's Computer Use policy. The City reserves the right to shut down any of its social media sites or accounts for any reason without notice.

All social media web sites created and utilized during the course and scope of an employee's performance of his/her job duties will be identified as belonging to the City of Isanti, including a link to the City's official web site.

Scope

This policy applies to any existing or proposed social media web sites sponsored, established, registered or authorized by the City of Isanti. This policy also covers the private use of the City's social media accounts by all City representatives, including its employees and agents, Council members, appointed board or commission members and all public safety volunteers to the extent it affects the City. Questions regarding the scope of this policy should be directed to the Human Resources / City Clerk.

Definition

Social media are internet and mobile-based applications, websites and functions, other than email, for sharing and discussing information, where users can post photos, video, comments and

links to other information to create content on any imaginable topic. This may be referred to as "user-generated content" or "consumer-generated media."

Social media includes, but is not limited to:

- Social networking sites such as Facebook, LinkedIn, Twitter, and online dating services/mobile apps
- Blogs
- Social news sites such as Reddit and Buzzfeed
- Video and photo sharing sites such as YouTube, Instagram, SnapChat, and Flickr
- Wikis, or shared encyclopedias such as Wikipedia
- An ever emerging list of new web-based platforms generally regarded as social media or having many of the same functions as those listed above

As used in this policy, "employees and agents" means all City representatives, including its employees and other agents of the city, such as independent contractors or Council members.

Rules of Use

City employees, as assigned in their respective City Departments, or designated Agents with administrator access are responsible for managing social media websites. Facilities or departments wishing to have a new social media presence must initially submit a request to Personnel Committee in order to ensure social media accounts are kept to a sustainable number and policies are followed. All social media sites/use must be approved by Resolution of the City Council. All approved sites will be clearly marked as the City of Isanti site and will be linked with the official City website (www.cityofisanti.us). No one may establish social media accounts or websites on behalf of the City unless authorized in accordance with this policy

Administration of all social media web sites must comply with applicable laws, regulations, and policies as well as proper business etiquette.

City social media accounts accessed and utilized during the course and scope of an employee's performance of his/her job duties may not be used for private or personal purposes or for the purpose of expressing private or personal views on personal, political or policy issues or to express personal views or concerns pertaining to City employment relations matters.

No social media website may be used by the City or any City employee or agent to disclose private or confidential information. No social media web site should be used to disclose sensitive information; if there is any question as to whether information is private, confidential or sensitive, contact the Human Resources/City Clerk.

When using social media sites as a representative of the City, employees and agents will act in a professional manner. Examples include but are not limited to:

- Adhere to all City personnel and Computer Use policies
- Use only appropriate language

Be aware that content will not only reflect on the writer but also on the City of Isanti as a whole, including elected officials and other city employees and agents. Make sure information is accurate and free of grammatical errors.

- Not providing private or confidential information, including names, or using such material as part of any content added to a site.
- Not negatively commenting on community partners or their services, or using such material as part of any content added to a site.
- Not providing information related to pending decisions that would compromise negotiations.
- Be aware that all content added to a site is subject to open records/right to know laws and discovery in legal cases.
- Always keep in mind the appropriateness of content.
- Comply with any existing code of ethical behavior established by the City.

Where moderation of comments is an available option, comments from the public will be reviewed by City staff, with administrative rights, before posting. It is the City's discretion to allow any comments or posts on City social media sites.

City of Isanti's staff with administrative rights will not edit any posted comments. However, comments posted by members of the public may not be posted or may be removed if they are abusive, obscene, defamatory, in violation of the copyright, trademark right or other intellectual property right of any third party, or otherwise inappropriate or incorrect. The following are examples of content that may be removed by City staff before or shortly after being published:

- Potentially libelous comments
- Obscene or racist comments
- Personal attacks, insults, or threatening language
- Plagiarized material
- Private, personal information published without consent
- Comments totally unrelated to the topic of the forum
- Commercial promotions or spam
- Hyperlinks to material that is not directly related to the discussion

Personal Social Media Use

The City of Isanti respects employees and agents' rights to post and maintain personal websites, blogs and social media pages and to use and enjoy social media on their own personal devices during non-work hours. The City requires employees and agents to act in a prudent manner with regard to website and internet postings that reference the City of Isanti, its personnel, its operation or its property. Employees and agents and others affiliated with the City may not use a city brand, logo or other city identifiers on their personal sites, nor post information that purports to be the position of the City without prior authorization

City employees and agents are discouraged from identifying themselves as city employees when responding to or commenting on blogs with personal opinions or views. If an employee chooses to identify him or herself as a City of Isanti employee, and posts a statement on a matter related to City business, a disclaimer similar to the following must be used:

"These are my own opinions and do not represent those of the City."

Occasional access to personal social media websites during work hours is permitted, but employees and agents must adhere to the guidelines outlined in the City's Acceptable Use Policy for Electronic Communications and Internet Use. Employees and agents should also review the Data Ownership section of this policy (below).

There may be times when personal use of social media (even if it is off-duty or using the employee's own equipment) may spill over into the workplace and become the basis for employee coaching or discipline. Examples of situations where this might occur include:

- Friendships, dating or romance between co-workers
- Cyber-bullying, stalking or harassment
- Release of confidential or private data; if there are questions about what constitute confidential or private data, contact Human Resources / City Clerk.
- Unlawful activities
- Misuse of city-owned social media
- Inappropriate use of the city's name, logo or the employee's position or title
- Using city-owned equipment or city-time for extensive personal social media use

Each situation will be evaluated on a case-by-case basis because the laws in this area are complex. If you have any questions about what types of activities might result in discipline, please discuss the type of usage with Human Resources/City Clerk.

Data Ownership

All social media communications or messages composed, sent, or received on city equipment in an official capacity are the property of the City and will be subject to the Minnesota Government Data Practices Act. This law classifies certain information as available to the public upon request. The City of Isanti also maintains the sole property rights to any image, video or audio captured while a City employee is representing the City in any capacity.

The City retains the right to monitor employee's social media use on city equipment and will exercise its right as necessary. Users should have no expectation of privacy. Social media is not a secure means of communication.

Policy Violations

Violations of the Policy will subject the employee to disciplinary action up to and including discharge from employment.

RESOLUTION NO. 2017-XXX

RESOLUTION APPROVING SOCIAL MEDIA POLICY TO BE ADDED TO PERSONNEL POLICY, SECTION 17

WHEREAS, the Personnel Committee reviewed and has determined that there is a need to add a Social Media Policy to Section 17 of the Personnel Policy; and,

WHEREAS, the new policy has been established to ensure proper use of the City of Isanti social media sites; and,

WHEREAS, the City of Isanti will determine the design, implementation of management of all social media sites; and

WHEREAS, the City will modify or remove social media sites at any time without notice as described in the policy

NOW THEREFORE BE IT RESOLVED BY THE CITY COUNCIL OF THE CITY OF ISANTI, MINNESOTA the following:

1. That the new Social Media Policy be added to the Personnel Policy to Section 17 is hereby approved.

2. The attached Social Media Policy form ('Exhibit A') shall be used by staff to manage all social media sites

This resolution was duly adopted by the Isanti City Council this 17th day of October, 2017.

NORTH 65 CHAMBER OF COMMERCE

October 11, 2017

City of Isanti
110 1st Avenue NW
Isanti, MN 55040

Dear Mayor, Council and City Staff,

I would like to request the assistance of city public works to hang holiday wreaths on business buildings in the downtown area. Isanti's Home for the Holidays event is the weekend of November 4/5 and so the request is to have the wreaths up by November 3, 2017.

As in recent years, Isanti Rental has agreed to donate the use of their lift. We appreciate the partnership with the city to beautify the downtown area for the holiday shopping season.

Please contact me if you have any questions regarding this request. My direct email is melisa@north65chamber.com.

Best regards,

Melissa Bettendorf

Melissa Bettendorf
Executive Director

2 Enterprise Ave NE, Suite C4, Isanti, MN 55040
763-689-2505 or info@north65chamber.com
www.north65chamber.com

RESOLUTION 2017-XXX

RESOLUTION OFERING CITY ASSISTANCE TO NORTH 65 CHAMBER OF COMMERCE FOR HANGING AND REMOVAL OF WREATHS FOR THE HOLIDAY SEASON

WHEREAS, the North 65 Chamber of Commerce asked the City of Isanti to assist in the hanging and removal of eight wreaths in Historic Downtown Isanti for the holiday season; and,

WHEREAS, the equipment and materials necessary for the installation of the wreaths will be provided at no cost to City Staff; and,

WHEREAS, the North 65 Chamber of Commerce will be responsible for the maintenance and upkeep of the wreaths after installation; and,

WHEREAS, the wreaths will be hung from existing hooks on area businesses that have given consent; and,

WHEREAS, Public Services Director will coordinate with the North 65 Chamber of Commerce to install wreaths the week of October 30, 2017; and,

WHEREAS, the wreaths will be removed no later than January 31, 2018;

NOW, THEREFORE, IT IS HEREBY RESOLVED by the City Council of the City of Isanti, Minnesota to approve Public Works assistance in the hanging and removal of wreaths for the holiday season utilizing equipment and materials provided by the North 65 Chamber of Commerce.

This Resolution is hereby approved by the Isanti City Council this 17th day of October, 2017.

City of Isanti
Economic Development Authority
Regular Meeting Minutes of
October 3, 2017
Isanti City Hall

1. Call To Order

The meeting was called to order by President Wimmer at 7:11 p.m.

a. Pledge of Allegiance

b. Roll Call

Commissioners Present:	Dan Collison, Ross Lorinser, Paul Bergley, George Wimmer and Steve Lundeen
Commissioners Absent:	Tara Hallberg
Staff Present:	Economic Development Director Sean Sullivan

c. Agenda Modifications

Motion by Lundeen, Second by Collison approve the Agenda as presented. Motion passed unanimously.

2. Approve Minutes of September 5, 2017 Regular Economic Development Meeting

Motion by Lorinser second by Lundeen to approve the minutes as presented for September 5, 2017. Motion carried unanimously.

3. Isanti Hotel Update

Economic Development Director outlined the remaining processes/steps involved in the 60 Unit Best Western Plus Hotel Project. He indicated that there would be a public hearing on October 17, 2017 at the City Council Meeting to finalize the complete assistance package and to approve the form and content of the Development Agreement.

No action was taken on this item.

4. Consider Recommendation for Submittal of 2017 Comprehensive Economic Development Strategy (CEDS) Resolution to East Central Regional Development Commission (ECRDC)

Economic Development Director Sullivan highlighted the changes from the 2016 to 2017 CEDS document. The changes involved updated impacted populations and to better define the hotel project and related redevelopment plan. He stressed that it enabled the project to be eligible for Federal EDA funds although it was unlikely funds would be received.

Motion by Lundeen, second by Lorinser to recommend approval and submittal to ECRDC of 2017 CEDS. Motion carried unanimously

5. Other Business / Updates

Sullivan stated 75 single housing permits have been pulled and 5 more is waiting to be picked up. This is well ahead of the pace set last year as there were 55 at this point last year. Meeting have been taking place and more are scheduled for this week for MN Manufacturing Week.

Sullivan stated O'Reilly Auto Parts, Rockstad Relics, and KAS Bodyworks were recently opened or would be opening soon.

Commissioner Lorinser asked on the status of the Pub and Grub project. Lorinser indicated that there was a restaurant was opening in Fridley.

Sullivan indicated the he was unaware of any change of plans for the Isanti location.

Commissioner Collison stated that RR BMX did not receive 2018 National Event. One reason was the lack of Hotel in community.

President Wimmer stated that the Hotel was looking at a December 2017 because it had been delayed by the County. We also stated that the level of involvement by the city has changed through this process. The City will not be a partner nor a source of financing for the project as previously contemplated.

President Wimmer mentioned that the City had met with representatives of Quik Trip and Riverside Market to discuss a possible project.

a. Business Prospects
b. Marketing Materials
c. EDAM
d. GPS 45:93
e. Financial Resource Summit – ECRDC
f. 2017 Minnesota Manufacturing Week
g. Housing Starts in 2017
h. Business Arrivals and Departures in Isanti 2017

6. Adjournment

Lundeen motioned, seconded by Bergley to adjourn at 7:27 pm. Motion carried unanimously.

Dated at Isanti, Minnesota, this 5th day of October, 2017.

Respectively Submitted,

_____

Project No.: R13.113062

Please find listed below a status report of the current projects in the City of Isanti:

1) **2017 Palomino Road Improvements**

The Contractor plans to complete all work this month including the first lift of pavement. The final pavement lift and striping will occur next spring.

2) **2017 Pavement Maintenance Project**

Final punch list items will be completed this month.

3) **Arts & Science Addition & Park**

Sodding and final project closeout is scheduled to be completed this month.

4) **MS4 Phase 2 & 3 Implementation**

We will continue to assemble documents to assist the City in meeting the requirements of the MS4 permit for Phase 2 and Phase 3 of the implementation schedule.

5) **Wastewater Treatment Improvements**

Final punchlist items are scheduled to be completed this month.

6) **Cajima Street/TH 65 Signal Study**

We have completed the Intersection Control Evaluation (ICE) report and will make any City requested revisions this month.

In addition to the current projects listed above we have completed and accepted 44 private developments and 48 city contracts since being selected as your City Engineer in 2008.

Please contact me if you have any questions.

Bolton & Menk is an equal opportunity employer.

AGENDA
CITY OF ISANTI
CITY COUNCIL MEETING
TUESDAY, NOVEMBER 7, 2017 – 7:00 P.M.
CITY HALL

A. Call to Order
B. Pledge of Allegiance
C. Roll Call
D. Adopt Agenda

E. Proclamations/Commendations/Certificate Awards

F. Approve City Council Final Minutes
1. October 17, 2017 - Regular Meeting of the City Council

G. Citizens Input

H. Announcements

1. CITY OFFICES CLOSED	Friday, November 10, 2017 *(In observance of the Veteran's Day)*
2. City Council Meeting	Tuesday, November 21, 2017 at 7:00 p.m.
3. Planning Commission Meeting	Tuesday, November 21, 2017 at 7:00 p.m. *(Immediately following City Council Meeting)*
4. Parks, Recreation and Culture Board Meeting	Tuesday, November 28, 2017 at 6:00 p.m.
5. CITY OFFICES CLOSED	Thursday & Friday, November 23 & 24, 2017 *(In observance of the Thanksgiving holiday)*

I. Council Committee Reports

J. Public Hearings
1. Resolution 2017-XXX Adopting the Assessments for the 2017 Palomino Road Street and Utility Improvement Project (*Brad DeWolf*)

K. Business Items
1. Resolution 2017- XXX Approval for Boxes of Coats for Kids-Donation to Police Department (*Rick Dassigner*)

<u>City Administrator Don Lorsung</u>
2. Ordinance No. XXX Annexation of Land Pursuant to MN Statute §414.033 SUBD. 2(2)

L. Approve Consent Agenda
1. Consider Accounts Payable in the Amount of $1,159,337.43 and Payroll in the amount of $193,602.45
2. Consider Contractor Pay Request No. 1 2017 Pavement Management Project to Astech Corp. in the amount of $150,832.33
3. Final Meeting Minutes for the September 19, 2017 Planning Commission Meeting
4. Final Meeting Minutes for the September 26, 2017 Parks, Recreation and Culture Meeting
5. Resolution 2017-XXX Petitioning the Minnesota Office of Administrative Hearings for Annexation of Certain Portions of Isanti Township to the City of Isanti Pursuant to MN Statutes §414.0325

6. Resolution 2017-XXX Cancelling Debt Levy Requirements for General Obligation Bonds; 2008A
7. Resolution 2017-XXX Reducing Debt Levy Requirements for General Obligation Improvement Bonds; 2011A
8. Resolution 2017-XXX Approving Certification of Delinquent Charges for City Services and Unpaid Nuisance Abatement Charges Collectible in 2018
9. Resolution 2017-XXX Accepting $1,388.43 Department of Justice - Bulletproof Vest Partnership Grant
10. Resolution 2017-XXX Authorizing Offering Three Isanti Police Department Volunteer Reserve Unit Positions to Qualified Candidates
11. Resolution 2017-XXX Approving a Service Contract and Appointing an Agent of Record for Commercial Liability Insurance Services
12. Resolution 2017-XXX Approving a Check be Written to Girl Scouts for Volunteering at the Community Movie Night
13. Resolution 2017-XXX Approving the Resignation of Liquor Store Clerk II Carla Golden
14. Resolution 2017-XXX Accepting Flat Filing Cabinet Donation from Advanced Telemetry Systems Inc.
15. Resolution 2017-XXX Approving Repair on 2006 CEZT Dodge Charger
16. Resolution 2017-XXX Approving Emergency Repair of a Storm Water Pipe Along East Dual Blvd.

M. Other Communications

1. Draft Meeting Minutes for the October 24, 2017 Parks, Recreation and Culture Meeting
2. Draft Meeting Minutes for the October 17, 2017 Planning Commission Meeting

Adjournment

F.1.

CITY OF ISANTI
CITY COUNCIL MEETING
TUESDAY, OCTOBER 17, 2017 – 7:00 P.M.
CITY HALL

Mayor Wimmer called the meeting to order at 7:00 p.m.

The Pledge of Allegiance was recited.

Members Present: Mayor George Wimmer, Council Members: Paul Bergley, Dan Collison, Steve Lundeen, and Ross Lorinser

Members Absent: None

Staff Present: City Administrator Don Lorsung, Human Resources/City Clerk Katie Brooks, City Attorney Clark Joslin, Economic Development Director Sean Sullivan, Community Development Director Ryan Kernosky, and Chief Gene Hill

Others Present: George Heman, Elizabeth Anderson, Julie Birkholz, Clint Metz, Denise Turner, Joe Lohse, Joni Monk, JoAnn Welcome, Lynn Swanson, Rod Barrows, M. Rask, Denise Merrell, Cory Ebeling, Luke Merrill, Ken Jelosi, and Lyle Kleven

D. Adopt Agenda

Motion by Lorinser, second by Bergley to approve the agenda. Motion carried.

E. Proclamations/Commendations/Certificate Awards

None.

F. Approve City Council Minutes

1. October 3, 2017 - Regular Meeting of the City Council

Motion by Lorinser, second by Bergley to approve minutes as presented. Motion carried.

G. Citizens Input

George Heman said he would like to speak. Mayor Wimmer said Mr. Heman was not a City of Isanti resident at this time, but that he would be able to speak regarding the planned annexation during the Public Hearing Item on the Agenda.

Cory Ebeling said he is in disagreement with how the City was being run. He felt too much money was being spent on the hotel project and other City endeavors, such as the annexation. He was concerned that these projects would raise property taxes. Mayor Wimmer responded by saying that all City monies being spent for the hotel project would be paid back with funds generated by the hotel. The City Council had already passed the preliminary budget for 2018 that includes a 3.5% property tax rate decrease. Additionally, this year there was a 50% reduction in the base sewer fee as well as a 25% reduction in the base water fee.

Denise Merrill said she was against the hotel project. Mayor Wimmer explained that she would have an opportunity to speak during the Public Hearing Item on the Agenda.

H. Announcements

1. Parks, Recreation, and Culture Board Meeting — Monday, October 24, 2017 at 6:00 p.m.
2. City Council Meeting — Tuesday, November 7, 2017 at 7:00 p.m.
3. Economic Development Authority — Tuesday, November 7, 2017
   (Immediately following the City Council Meeting)

I. Council Committee Reports

None.

J. Public Hearings

1. **<u>Resolution 2017-256</u> Awarding Proposed Business Subsidy to Isanti Hotel Partners, LLC**

Economic Development Director Sean Sullivan explained the business subsidy is to Isanti Hotel Partners, LLC as a necessary inducement to the developer to commence and complete a 60 unit Best Western Hotel in the City of Isanti. The subsidy from the City of Isanti to the developer will not exceed $1,215,548.00 and is in the form of land contribution, cash, tax abatement, and a waiver of SAC and WAC fees. Isanti County has estimated the value of the project at $2.87 million dollars and will generate $137,000 in taxes annually.

Mayor Wimmer opened the Public Hearing at 7:12 p.m.
Denise Merrill discussed concerns with the Cambridge Isanti School District in relation to the health of the City of Isanti's economy. She wanted to know the names of every individual involved with Isanti Hotel Partners, LLC. She felt the economy of the City of Isanti could not support a $2.1 million dollar subsidy and that there were more pressing community needs, such as computers for students to study with. She also wanted to know why the location was chosen as it is in an historical part of the City rather than being on the outskirts. She said she was concerned as the planned hotel location was near her home and she did not want unknown persons walking in her neighborhood, which would mean more police officers would need to be hired.

Joe Lohse had prepared a list of questions. They were: Where is the money for the hotel project coming from? Why does the City need to invest? What is the City's plan for getting the money back if the hotel fails for any reason? If the backers back out, will the City take control of the business? Are there any financial backers in terms of Councilmembers or City residents funding this? Will there be public access or a discount for residents to use the facility? Was it needed and why does it have to be such a large facility? Will this project affect funding for the BMX track? Is other growth anticipated in the City as a result of the project, such as restaurants or public use facilities?

Mayor Wimmer closed the Public Hearing at 7:19 p.m.
Mayor Wimmer said the Cambridge-Isanti School District is responsible for the educational needs of students and there is a current initiative in the school district that supplies Chromebooks to every student in the district. The City Council has never discussed providing computers to its residents. When large projects come to the City of Isanti, such as Coborn's or Family Dollar, there are residents that don't believe the City of Isanti has a prosperous future. The City of Isanti has the highest household income in this area and the ability to support new businesses. Whenever a new business comes to the area, it also pulls more people into the area.

The proposed subsidy being voted on is not $2.1 million, that is the amount of the previously approved subsidy package. What is being voted on at this meeting is a lower subsidy amount to replace it. The previous Resolution awarding the higher amount was passed at a City Council meeting in August after a poorly attended Public Hearing. Troy Holkstra is the managing partner of Isanti Hotel Partners, LLC and it would be up to them if they wanted to provide the names of all other members.

The money is coming from inter-fund loans, the same as was made when City Hall was built. Money for that project was borrowed from the Sewer Fund and was paid back. The project is being subsidized as it would not happen without a subsidy. It is not a TIF subsidy as those are costlier to the City, County, and School District in lost tax dollars, even though TIF's are easier as TIF's require less public in-put and no Public Hearings, unlike tax abatements. If the hotel project doesn't get built, nothing is spent and the land is returned to the City. The cash portion will be put in escrow at the bank with the developer's money being used first to complete the project, so it is not like a check is being written directly to the developer. Conflict of Interest language is included in all development agreements that ensures no one on the City Council or any City employees benefit from the project in any way.

The hotel will have a public pool, which is desirable, and residents will be able to use the pool and community room for a nominal fee. Both the Cities of Cambridge and Isanti had market studies done. The City of Isanti study showed the area could support an 80 room facility; this will be a 60 room project. The BMX track has been incredibly successful on its own and for the City, but it is not in the same financial pool as the hotel project. There are other projects that are utilizing City money, but none of them take away from each other, and the more successful the BMX track is, the more successful the hotel project will be.

Councilman Lundeen said he thought it had been asked what the City would do if the project failed after being built and in business for a year. Mayor Wimmer explained the claw-back in the agreement means that if they aren't successful or fail to meet their compliance within the first five years then it all reverts back to the City. The land would come back to the City and the tax abatement would end immediately. Since the abatement is paid up front and returned to them, they would lose that entire amount. If they walked away from the deal, they would lose the money invested into it thus far, and the individuals that have personal guarantees would lose their significant personal investments in the project also. Councilmember Lorinser asked if that happened and the tax abatement went away, would the inter-fund loan be paid back quicker. Mayor Wimmer said that was correct.

Denise Merrill wanted to know what specifically an LLC was and if it was a separate entity. Mayor Wimmer said Isanti Hotel Partners LLC is a stand-alone Limited Liability Corporation and was not a subsidiary of any other corporation.

Motion by Lorinser, second by Collison to approve the request as presented. Motion carried.

2. Consider Annexation of Land Pursuant to MN Statues §414.033

Community Development Director Ryan Kernosky explained the annexation of properties surrounded by the City of Isanti was established as a 2017 City Goal. Portions of the Sanbrook Golf Course are completely surrounded by the City of Isanti and it has been identified for annexation. Per MN Statute 414.033, subdivision 2, paragraph (2), the City is permitted to annex properties through Ordinance after a required Public Hearing. The Ordinance will be voted on at the next scheduled City Council Meeting.

Mayor Wimmer opened the Public Hearing at 7:32 p.m.
Lyle Kleven, owner of Sanbrook Golf Course, said only 25% of the land is buildable and is swampland. The fees for the golf-course don't generate income like metropolitan golf courses do. He is concerned that he will be charged water run-off fees. He has ten (10) ponds on the property. He dams the water that runs off his property and impedes the water that runs through his property from all the land East of him, which is approximately 5,000 acres. It will be a financial burden to still have to pay water run-off fees. He respectfully asked the City Council that they not annex or wait a couple years before doing so unless the City would like to subsidize it, which he would appreciate.

Ken Jelosi asked if all the properties were surrounded by the City of Isanti currently, and for those that are, how many years has the City of Isanti tried to pursue this.

George Heman said he did not want to speak regarding the property in question. Rather, he wanted to clarify that the City of Isanti does not completely surround any of the properties. They annex the state highway and the road. The City only has easements and they have moved their municipal boundaries to say they surround the properties.

Mayor Wimmer closed the Public Hearing at 7:35 p.m.
Mayor Wimmer said the Council would have to look into the issue further due to the nature of the golf course and to check on the cost. One of the state mandated differences between townships and cities is that residents are responsible for water run-off in townships and the city is responsible in cities. As an MS4 City, it is one of the obligations the City of Isanti has. The water issue is something the Council needs to look at to figure out the calculations on an area like that. The properties are surrounded; per the statute the ones being annexed by ordinance only need to be 60% surrounded. This piece is completely surrounded. Mr. Kleven owns other lands that are outside of that which are not being annexed.

In 2011 the City tried to come up with a way to have fees the property owners paid, which were collected by the township, to be reverted back to the City. Discussions with the township broke down when the township wanted to charge the City for use of township roads.

Councilmember Lundeen clarified that the Council was going to estimate what the fees would be before action would be taken. Mayor Wimmer agreed as this was different than normal, and there is very little impervious surface on the property, so the fees may not be as high as is feared. This ordinance was not up for vote at this Council Meeting.

3. <u>Resolution 2017-257</u> for Abatement of the Property Located at 310 1st Ave SW

Community Development Director Ryan Kernosky explained the City of Isanti has been working on abating this property for just under a year. The current property owner has been unwilling to work with the City and the property is now going into foreclosure. Several notices have been sent as part of the abatement process. Recently, several inoperable non-registered vehicles have been stored on the property, which violates City Code. Part of the process to abate those vehicles calls for a Public Hearing. This resolution will allow time for the property owner to comply with the abatement; after that the City would be authorized to abate as necessary.
Mayor Wimmer opened the Public Hearing at 7: 40 p.m.
There were no comments.
Mayor Wimmer closed the Public Hearing at 7:41 p.m.

Motion by Lorinser, second by Collison to approve the request as presented. Motion carried.

Councilmember Lorinser asked how long the current property owner will have to comply. Mr. Kernosky said the deadline was October 25th.

K. Business Items

City Administrator Don Lorsung

1. **Resolution 2017-258 Authorizing Approval of Associated Benefits and Risk Consulting for Commercial Liability Insurance Services and for Staff to Prepare a Contract for Services**

Motion by Lorinser, second by Lundeen to approve the request as presented. Motion carried.

2. **Resolution 2017-259 Accepting Quote for Ancillary Snow Removal for the 2017/18-2019/20 Snow Seasons**

Motion by Bergley, second by Collison to approve the request as presented. Motion carried.

3. **Resolution 2017-260 Approving Amended Snow Plowing Policy and Operational Guidelines**

Motion by Collison, second by Bergley to approve the request as presented. Motion carried.

Councilmember Lorinser clarified that this just added an area to the school routes and if it would be plowed first. Mayor Wimmer said yes this was an addition to the primary route to be plowed before the secondary routes.

Julie Birkholz then approached the podium to ask how much snowfall was necessary to determine plowing. if there needed to be three inches of snow before it was plowed. Mayor Wimmer replied that the City does not have a set amount for plowing but generally waits until it is two inches. Ms. Birkholz said the plow comes through more than once when it is only half an inch and she felt the City had better things to spend money on. Councilmember Lorinser asked if the Public Works Director makes the decision to plow. Mayor Wimmer responded yes and they also come up with a snow plan if there is expected snowfall that accounts for other conditions. He encouraged Ms. Birkholz to contact himself or the City Administrator when she witnessed the plows making too many passes so they could assess the situation and intervene if necessary.

Ms. Birkholz also wanted to know why Public Works clears the snow from the sidewalks and then plow the roads which pushes the snow back up onto the sidewalk. Councilmember Lorinser said Public Works has a reason for what they do. Last week he witnessed the street sweeper pass by his house in Isanti six times so he contacted the Public Works Director. He was told that there are two dump sites for the debris and the route to them passes by his house. He continued to say if it snowed a small amount three times and the streets weren't plowed, the snow sitting there would compact and become icy. He also encouraged her to call if she felt the plows were coming through too often for the conditions.

Ms. Birkholz then questioned why the street sweepers needed to sweep so often when the leaves started to fall. She said again that there were better things the City could be spending money on and that it also put more wear and tear on the sweeping vehicles to do it so often. Mayor Wimmer said the streets are swept more often than they were a few years ago due to the storm-water system. When debris gets into the storm-water system, there is a significant cost to clean it out. As Isanti is now an MS4 City, the more debris that can be kept out of the storm-water system and holding ponds to begin with saves the huge cost of cleaning them out later. Councilmember Collison added that during the fall season it is not efficient to wait until the leaves have all dropped before sweeping as the hopper very quickly becomes full, requiring more trips to dump the debris.

Luke Merrill asked if Public Works goes over budget and asks for more money at the end of the year. He said it sounds as if Public Works was not being budgeted correctly. Mayor Wimmer responded by saying that additional money is not given to Public Works, nor are budget amendments made. Aside from Public Safety, all City departments are funded at a lesser rate than the City of Isanti's peer group of cities.

Councilmember Collison said that since the City has started using a hundred percent salt, sweeping has decreased. Councilmember Lundeen added that spring and summer sweeping has also almost gone away due to that. He continued by saying the run-off and storm pond situation is EPA controlled and not the City's choice. Prior to this, property owners were responsible whereas now the City must take care of it. If debris gets into the system the cost for cleanup is closer to 20-30 times the cost of prevention. He has told Public Works that they do a fabulous job. While he also doesn't agree with plowing when it is unnecessary, if it isn't done it turns icy and then becomes a public safety problem.

Economic Development Director Sean Sullivan

5. **Resolution 2017-261 Authorizing Submittal of 2017 Comprehensive Economic Development Strategy to East Central Regional Development Commission**

Economic Development Director Sean Sullivan said the CEDS was reviewed by the EDA at the last meeting and is typically updated annually. Projects identified in the document include rail-served industrial park, downtown redevelopment plan, mechanized sewer treatment plant upgrade, and the hotel redevelopment plan. The document has been updated with current information and the EDA recommend approval. If approved, it will be submitted to the ECRDC. Mayor Wimmer explained that submitting the document opens up State and federal funding for different projects.

Motion by Lorinser, second by Lundeen to approve the request as presented. Motion carried.

L. Approve Consent Agenda

1. Consider Accounts Payable in the Amount of $381,550.08 and Payroll in the amount of $98,525.26
2. Contractor Pay Request No. 13 Wastewater Treatment Improvements to Gridor Construction in the amount of $56,671.00
3. Contractor Pay Request No. 1 2017 Palomino Road Improvements to C & L Excavating in the amount of $236,931.24
4. Final Meeting Minutes for the September 5, 2017 Economic Development Authority Meeting
5. **Resolution 2017-262 Approving Gambling Permit for Knights of Columbus Council #10238**
6. **Resolution 2017-263 Accepting the Resignation of Police Officer Rodrick Barrows**
7. **Resolution 2017-264 Authorizing Improvements in the Fire Station**
8. **Resolution 2017-265 Designating Polling Places in City of Isanti**
9. **Resolution 2017-266 Approving Adoption of City of Isanti Social Media Policy**
10. **Resolution 2017-267 Approving Assistance with Hanging Wreaths for Holiday Season**

Motion by Lorinser, second by Lundeen to approve Consent Agenda as presented. Motion carried.

M. Other Communications

1. Draft Meeting Minutes for the October 3, 2017 Economic Development Authority Meeting
2. September Police Department Report
3. September Code Enforcement Report
4. September Building Inspector Report

5. October Engineering Report

Adjournment
Motion to adjourn by Lundeen, second by Bergley. Motion carried. The meeting was adjourned at 7:52 p.m.

MEMORANDUM

Date: November 1, 2017

To: Honorable Mayor Wimmer and Members of the City Council

From: Bradley C. DeWolf, P.E.
City Engineer

Subject: 2017 Palomino Road SE Improvements Project
City of Isanti, MN
Final Assessment Roll
BMI Project No. R13.112450

Attached is the final assessment roll for the 2017 Palomino Road Improvements project.

The assessments for this project are based on 25% of the assessable street cost in accordance with City code 276. The watermain was not assessed as the work was performed to complete a city wide loop by enlarging the watermain size. The sidewalk was not assessed as it was a new sidewalk not petitioned for by the residents. No work was done on the sanitary sewer.

The Preliminary Engineering Report had an estimated assessment of $3,656.77 per parcel. After adjusting the assessments based on the amount bid and quantities constructed, the final assessment is $3,298.20 per parcel. This is a reduction of $358.57/Parcel under the original reported assessment amount.

The total cost proposed to be assessed to benefiting properties is $85,753.20.

Please contact me at (612) 756-1032 if you have any questions.

Bolton & Menk is an equal opportunity employer.

Presentation
of
Final Assessment Hearing
to the City of

Isanti

for

Palomino Road Improvements

November 7, 2017

BOLTON & MENK

Real People. Real Solutions.

Project Location

- Palomino Road SE from Railroad Avenue to Highway 65

Improvements Completed

- Road Improvements
  - Reconstructed Street
- Sidewalk Improvements
  - 5' Sidewalk Added on North Side of Palomino Road
- Utility Improvements
  - Replaced Watermain with 10-inch Main
    - Completed City Wide Loop
  - Protected Existing Storm and Sanitary Sewer

Assessments – City Code 276

- Street Reconstruction:
  - Sidewalk Will Not Be Assessed
  - 25% of Street Improvement Costs Are Assessable
    - $3,656.77/Parcel - Preliminary Assessment Roll
    - $3,298.20/Parcel - Final Assessment Roll
      - $358.57/Parcel Reduction
- Watermain:
  - Watermain Will not be Assessed

Percent Assessed	25.0%

RESOLUTION NO. 2017-XXX

RESOLUTION ADOPTING ASSESSMENT FOR THE 2017 PALOMINO ROAD STREET & UTILITY IMPROVEMENT PROJECT

WHEREAS, pursuant to proper notice duly given as required by law, the City Council has met, heard and considered any and all objections to the proposed assessment for the 2017 Palomino Road Street and Utility Improvement Project, consisting of the improvement of: Palomino Road SE, from the intersection of Railroad Avenue SE to the intersection of State Highway 65. Said improvement consisted of: street reconstruction, curb and gutter, and installation of a new watermain and sidewalk. The proposed assessments are for street reconstruction, as described above.

NOW, THEREFORE, IT IS HEREBY RESOLVED by the City Council of the City of Isanti, Minnesota:

1. Such proposed assessment, a copy of which is attached hereto and made a part hereof, is hereby accepted and shall constitute the special assessment against the lands named therein, and each tract of land therein included is hereby found to be benefited by the proposed improvement in the amount of the assessment levied against it.
2. Such assessment shall be payable in equal annual installments extending over a period of ten (10) years, the first of the installments to be payable on or before May 15, 2018, and shall bear interest at the rate of 4.75 percent per annum from the date of the adoption of the assessment resolution. To the first installment shall be added interest on the entire assessment from January 1, 2018 until December 31, 2018. To each subsequent installment when due shall be added interest for one year on all unpaid installments.
3. The owner of any property so assessed may, at any time prior to certification of the assessment to the County Auditor, pay the whole of the assessment on such property, with interest accrued to the date of payment, to the City Treasurer, except that no interest shall be charged if the entire assessment is paid within 30 days and may, at any time thereafter, pay to the City Treasurer the entire amount of the assessment remaining unpaid, with interest accrued to December 31 of the year in which such payment is made. Such payment must be made before November 15 or interest will be charged through December 31 of the next succeeding year.
4. The City Clerk shall forthwith transmit a certified duplicate of this assessment to the County Auditor to be extended on the property tax lists of the county. Such assessments shall be collected and paid over in the same manner as other municipal taxes.

This Resolution is hereby approved by the Isanti City Council this 7th day of November, 2017.

MEMORANDUM

TO: Mayor George Wimmer
Members of the Isanti City Council

FROM: Ryan Kernosky, Community Development Director

DATE: November 7, 2017

SUBJECT: ORDINANCE NO. XXX – ANNEXATION OF LAND PURSUANT TO MN STATUTES § 414.033 SUBD. 2(2)

Background

As part of the 2017 City Council Goals, the City identified annexation of properties completely surrounded by the corporate limits of the City for annexation. These properties have been identified as receiving some amount of City services (directly or indirectly), without paying City taxes.

An area identified for annexation is portions of the Sanbrook Golf Course. The area of the golf course subject to annexation is completely surrounded by the City of Isanti. As such, the City may choose to annex the property by ordinance through Minnesota Statute § 414.033 SUBD. 2(2). A map of the area proposed to be annexed through ordinance is within this packet.

Minnesota Statute § 414.033

Minnesota Statute § 414.033 provides municipalities the ability to annex unincorporated property by ordinance if they meet one of the four conditions in the Statute. The proposed annexation by ordinance meets Subdivision 2, Paragraph 2 which states *"A municipal council may by ordinance declare land annexed to the municipality and any such land is deemed to be urban or suburban in character or about to become so if: (2) the land is completely surrounded by land within the municipal limits."*

Because the subject parcels are completely surrounded by the City of Isanti, they are subject to annexation by ordinance through Minnesota Statute § 414.033 SUBD. 2(2). Per the statute, a notice of public hearing was provided to the property owner, the township, and the property owners contiguous with the area proposed for annexation. That notification included a notification letter, a notice of public hearing, a location map, and a draft ordinance.

If the City Council chooses to approve the proposed Ordinance, it will be sent to the Office of Administrative Hearings (OAH) – Municipal Boundary Adjustment Unit, Isanti Township Clerk,

County Auditor, and the Secretary of State. Once the OAH receives the ordinance and applicable fees, they will open a case file and the Administrative Law Judge will review the annexation.

Minnesota Statute § 414.036

Minnesota Statute § 414.036 requires that the City reimburses the Township their portion of taxes lost because of the annexation. This needs to be done over a period of two to eight years. The City is proposing a three-year payback at a cost of $846.87 per year, which complies with § 414.036.

Public Hearing

The City conducted a public hearing on October 17, 2017.

City Council Comments

During the last City Council meeting, Council Members expressed concern regarding the stormwater charges for this proposed annexation. At the Council's request, City Engineer Brad DeWolf conducted a 'Equivalent Residential Unit' (ERU) rating for the Sanbrook Golf Course parcels. Mr. DeWolf concluded that four of the five parcels have an ERU of .25 and one has a 2.05 ERU, his memo is attached to this memo.

The expected cost will be $6.43 per unit per month. A total of 3.05 ERU's puts the monthly stormwater cost at $19.61 per month, or $235.32 per year for all five parcels.

Staff Request

City staff is requesting action on this item, and recommends approval.

MEMORANDUM

Date: October 19, 2017

To: Don Lorsung, City Administrator

From: Bradley C. DeWolf, P.E.
City Engineer

Subject: Sanbrook Golf Course ERU
City of Isanti, MN
Project No.: R13.113062

As requested, we have reviewed the Equivalent Residential Unit (ERU) rating for the Sanbrook Golf Course parcels.

Sanbrook Golf Course is comprised of 5 parcels. 4 of these parcels have no impervious surface and can be considered fully developed as the entire site is being used for its intended purpose. Given this, these 4 parcels would be assigned the City minimum of 0.25 ERU each.

The 5th parcel has multiple structures on it with an impervious area of 7712 SF. Using the ERU conversion factor of 1 ERU = 3765 SF this parcel would be assigned a 2.05 ERU.

Parcel 05.021.0101 = 0.25 ERU
Parcel 16.021.0300 = 0.25 ERU
Parcel 16.028.0400 = 0.25 ERU
Parcel 16.028.0103 = 0.25 ERU
Parcel 05.028.0302 = 2.05 ERU

We recommend assigning the above ERU ratings to these 5 parcels.

Please contact me if you have any questions.

Bolton & Menk is an equal opportunity employer.

ORDINANCE NO. XXX

AN ORDINANCE OF THE CITY OF ISANTI, MINNESOTA ANNEXING LAND LOCATED IN ISANTI TOWNSHIP, ISANTI COUNTY, MINNESOTA PURSUANT TO MINNESOTA STATUTES § 414.033 SUBD. 2 (2), PERMITTING ANNEXATION BY ORDINANCE

WHEREAS, the City of Isanti has identified the following property, legally described as:

> The West Half of the Southwest Quarter of Section 21, Township 35 North, Range 23 West of the 5th Principal Meridian, Isanti County, Minnesota.
>
> AND
>
> The Northwest Quarter of the Northwest Quarter and the westerly 495 feet of the Northeast Quarter of the Northwest Quarter of Section 28, Township 35 North, Range 23 West of the 5th Principal Meridian, Isanti County, Minnesota.

For annexation pursuant to Minnesota State Statute § 414.033 Subd. 2(2); and,

WHEREAS, said property is unincorporated and is completely surrounded by the corporate boundaries of the City of Isanti, MN; and,

WHEREAS, the City of Isanti, MN gave proper prior notice to Isanti Township, property owners, and contiguous property owners, and held a public hearing pursuant to Minnesota Statutes § 414.033 subd. 2b on October 17th, 2017.

NOW, THEREFORE, IT IS HEREBY RESOLVED by the City Council of the City of Isanti, Minnesota hereby ordains as follows:

1. The City Council hereby determines that the property as hereinafter described is completely surrounded by the City of Isanti and is urban or suburban in nature.

2. None of the property is included within the limits of any city, or in any area that has already been designated for orderly annexation pursuant to Minnesota Statute § 414.0325.

3. Reimbursement to Isanti Township for lost taxes on annexed property, pursuant to Minnesota Statute § 414.036, per the following schedule:

   a. In the first year following the year in which the City of Isanti could first levy on the annexed area, an amount equal to $846.87; and

   b. In the second year, an amount equal to $846.87; and,

   c. In the third and final year, an amount equal to $846.87.

4. That the corporate limits of the City of Isanti, Minnesota, are hereby extended to include the property legally described as:

   The West Half of the Southwest Quarter of Section 21, Township 35 North, Range 23 West of the 5th Principal Meridian, Isanti County, Minnesota.

   AND

   The Northwest Quarter of the Northwest Quarter and the westerly 495 feet of the Northeast Quarter of the Northwest Quarter of Section 28, Township 35 North, Range 23 West of the 5th Principal Meridian, Isanti County, Minnesota.

This Ordinance is hereby approved by the City of Isanti City Council this 17th Day of October, 2017.

CITY OF ISANTI
PLANNING COMMISSION
MEETING MINUTES
September 19, 2017

1. Meeting Opening.

A. Call to Order.

Chairman Wimmer called the meeting to order at 7:33 p.m.

B. Pledge of Allegiance.

Everyone rose for the pledge of allegiance.

C. Roll Call.

Members Present: George Wimmer, Dan Collison, Ross Lorinser, Paul Bergley, Jim Kennedy and Jeff Miller.

Members Absent: Steve Lundeen

Staff Present: Ryan Kernosky, Community Development Director

1D. Agenda Modifications.

None

Motion by Collison, second by Lorinser to approve the Meeting Agenda. Motion was unanimously approved.

2. Approval of Minutes from August 15th, 2017 Planning Commission Meeting

Motion by Bergley, second by Collison to approve the Meeting Minutes. Motion was unanimously approved.

3. Public Hearing

A. Request from the City of Isanti to Amend the Zoning Map (Ordinance No. 445) to Rezone PID 050313300 and PID 050313301 from R-1 Single Family Residential to RC Recreational Commercial

Mayor Wimmer opened the Public Hearing at 7:33 p.m.

Ron Bosch, 1314 4th Ave SW – Mr. Bosch stated that he has a flooding issue that is caused by the City of Isanti. He did not want any development in the neighborhood until the City addresses this issue. Mr. Bosch stated that the City has caused damage to neighbor properties.

Luke Merrill, 223 Broadway St SE – Mr. Merrill asked for clarification on the location of the subject parcel, the long-term goals of the property, and the possible other uses if the business doesn't succeed. Mr. Merrill also provided comment regarding other commercial districts and their impacts on residential property.

Mayor Wimmer closed the Public Hearing at 7:40 p.m.

Motion by Lorinser, second by Kennedy to recommend the rezoning. Motion passed unanimously.

B. Request from the City of Isanti to approve a Minor Subdivisioin Plat for the Isanti Hotel Addition

Mayor Wimmer opened the Public Hearing at 7:41 p.m.

Luke Merrill, 223 Broadway St SE – Mr. Merrill posed a question about the vacation of Penny Lane, and asked what was stopping a nearby business from vacating another street to expand their parking lot.

Denise Merrill, 223 Broadway St SE – Ms. Merrill asked who wanted the vacation of Penny Lane and the extension of Richard Street. Ms. Merrill stated that it was difficult to follow the plans and the processes of the City, and that notices are not always notified in the newspaper. Ms. Miller asked what was stopping a nearby business owner from purchasing the hotel property and using it as a parking lot, she also questioned what happens if the hotel project doesn't go through, what happens to the property and who pays for the new street.

Mayor Wimmer closed the Public Hearing at 7:52 p.m.

Motion by Collison, second by Lorinser to approve the Minor Subdivision Plat for the Isanti Hotel Addition. Motion passed unanimously.

4. Other Business.

A. None.

5. Other Communications.

A. None.

6. Adjournment

Motion by Burgley, second by to Lorinser to adjourn the September 19, 2017 meeting of the Planning Commission. Motion was unanimously approved.

The meeting adjourned at 7:54 p.m.

Dated at Isanti, Minnesota this 20th day of September, 2017

Respectfully submitted,

Ryan Kernosky
Community Development Director

CITY OF ISANTI
PARKS, RECREATION, AND CULTURE BOARD
MEETING MINUTES
September 26, 2017
City Council Chambers

1. Meeting Opening.

A. Call to Order.
Garvey called the meeting to order at 6:02 p.m.

B. Pledge of Allegiance.
Everyone stood for the Pledge of Allegiance.

C. Roll Call.

Members Present:	Jennifer Garvey, Jeff Johnson, and Mayor Wimmer
Members Absent:	James Witte, Aaron Zdon
Staff Present:	Katie Everett, Community Events and Parks Coordinator

D. Oath of Office for new Parks, Recreation, and Culture Board Member
Jeff Johnson read the Oath of Office as written.

E. Agenda Modifications.
Garvey asked if there were any agenda modifications. There were none.

Motion by Wimmer, second by Johnson to approve the September 26, 2017 Parks, Recreation, and Culture Board Agenda. Motion was unanimously approved.

2. Approval of Minutes from June 27, 2017 Parks, Recreation and Culture Board Meeting.

Motion by Wimmer. Second by Johnson. Vote was unanimously approved.

3. Bike/Walk Trail Sign Redesign

Everett explained that PRC has examined the sign at the end of the trail and all decided that the 5,000 word sign is not effective. Everett printed out the pictures of what Cambridge has at their end of the trail, and she drove by and it does still look like this. She stated that after the packet went out, the Bike/Walk Committee has talked about posting the rules in the past. It's not strictly written in the agreement that both have signed that this sign needs to be posted so she asked for Mayor Wimmer's input. Wimmer stated that the trail is a little bit different, it is not under the jurisdiction of the City of Isanti or of Cambridge, it's the joint powers. The Park Board doesn't really have jurisdiction over that; basically what we're trying to have is our park board and their park board trying to decide how to make the trail better. The issue that we run into with rules, and they run into it a little bit more than we do. There is a 60-40 split he believes because 301st is where the eventual demarcation line for Cambridge and Isanti. Whatever is north of that is their responsibility and what's south of that is ours. For our newest member, we pay for 40% of the cost of the bog walk and they pay for 60% of that, and we in essence pay for the part of the trail that will eventually fully within the City of Isanti and they pay for what will fully be in Cambridge. Almost of it right now is in Isanti Township; he stated he believes they pay $500 a year. Everett stated she believes it's $1,000. Wimmer stated he thought we were paying about $7,000 or $8,000 per year; Everett said she'd have to look it up to know for sure. Wimmer stated that either way, the majority of it will be in Cambridge so they pay that majority of that annual cost. Wimmer stated that what Cambridge is running into, and you can see it in the picture, is to the right of that line is private access because there is a home back there, and the rest is the trail. What we're trying to do is have people respect the fact that we have the trail, it's an easement to the joint powers, but it was all of these property owners in essence selling us

that easement and making sure we're good neighbors to them. The biggest concern they had was that people might not be behaving themselves on the trail. It has gone remarkably well, there have been just a couple things over the years that have ever been any kind of an issue. In the discussions, and we meet per the joint powers agreement with Mayor Palmer in January and go over things, the township is also there as well, and we wanted to make sure is that people know the rules of the trail as they're getting on to it. He didn't want to say that was a request from the township, but it was one of the concerns to just make sure everyone knows what it's about. Wimmer asked Everett to confirm that she was at the last meeting; she said that she was and both agreed that it was a very brief meeting. Everett informed the board that staff are planning to meet with Cambridge, because they do the work to maintain the trail, this fall. Because the committee meets in January, we want to get an idea of any issues before it snows. There are some places where roots are coming up through the pavement again, so it will be helpful to see those things before the meeting.

Garvey stated that looking at the picture, Cambridge has three signs on the left. She asked if the third sign was the rules. Everett said that it is and it matches exactly what we have. Garvey asked if Cambridge or the committee has had any discussion about taking that one down and redoing it. Wimmer stated he didn't think so, but he thinks they seem to be happy with their signs. Everett said she hasn't heard anything from them about it either. Wimmer stated he does agree that nobody is going to look at a sign with so much on it, and we've tried to do that with some of our signs to just have the big overall things on there. He is not sure if we need to do a sign like that or if we can do a sign with just the major rules. Johnson stated that he was out on Sunday to look at it and it's ridiculous; he didn't know who would stand there and read 19 rules, but he did. He said he does like the draft sign if it would be in a little more detail. He stated Cambridge's second sign is more detailed. Wimmer stated that the issue they have is that the trail on their end doesn't go to anything, so they're trying to show that if you go across this road and along this other road, you'll get to a Cambridge trail. They're trying accomplish with that is to show it does tie into a bigger trail system within their city, but the end is still in the township. That's why they have the more detailed sign. Johnson said that this one shows Bluebird Park, but it's kind of vague as far as parking; there's more parking than that. He said the four rules that are on the sign are the most important rules. Everett stated that those were examples and that's why she included the list of rules to see if there was something else they thought should be included. Wimmer stated he likes the visual of it. Everett stated that when we go to get the sign made, the people who do that will have more image rights so they can get symbols that look better too. Everett stated that we'll also make sure this matches the style of the signs that are already out. She asked Wimmer if for now we would put up a sign like this and keep the other sign up and then talk to the bike/walk committee. He states yes, and one thing we can talk about is not having that as a requirement. He's not sure where that will go or not go, he doesn't recall why it was in there necessarily. Since the trail has gone very well, maybe the township would also be okay with it. Anytime you get this specific with what kind of sign it gets cumbersome, especially as time moves forward. Garvey stated that she can see where on the Cambridge end with where the easement is, it's more pertinent than it is on our end where it is. Everett stated that by this time of year, once we order these it will make more sense to put the sign out in the spring so it's not out all winter when people aren't using the trail. In that time, we'll have met with the bike/walk committee to get an idea if both of those signs have to be up or if we can just post the one. The money budgeted for the signs is in 2017, so it's best to order this year.

Everett asked what changes they would like to see to the sign before it's made. Wimmer stated that the demarcation line is wrong; Everett stated that is where Beacon has it and asked if that's wrong. Wimmer stated that it is wrong. On the sign it's on 299th, but it should be on 301st. Everett asked if there are other landmarks that would be useful to put on the map. Wimmer stated that he didn't know if the board thought it would get too crowded or not, but to show where the bog walk is, and if it would beneficial to have something that shows the topography. That's one of the beautiful things about the trail is that there's a bog walk, there are pine trees here, there are a lot of different things you go through in 3 miles. If we could somehow show that. Garvey stated that it's a nature walk, so if we could notate that more

somehow. She stated that it shows 3 miles, but it might also be useful to have the other mile marker points shown too. She stated that she would add "For a complete list of rules, visit the City of Isanti website." Wimmer agreed. Garvey stated that way people know there are more rules and we have the back up. Everett stated that part of the reason it is so simple is that signs get exponentially more expensive the more colors you add to them, so that's why there are patterns in there but we can work with that and maybe still include some of those things. Wimmer stated that for people who haven't been on there before, he gets that comment a lot that it's neat how many different things you go through. Johnson said that he would agree, and he is also a visual person. They walked some of it and drove the majority, but if there were more detail in that sign it would be phenomenal for the first comer. He stated that those are the most important rules out of the 19 that he could think of. Everett stated that those are kind of the most common issues we have on the trail.

Everett stated Public Works spends a lot of time cleaning up that corner because at this point, the community dogs have decided that's their favorite place. She said that signs don't do a whole lot for people that aren't going to pick things up anyway, but the next page in the packet shows a sign that we can get a $28 sign to encourage people to pick up their pet waste because it spreads disease. Johnson said that he was thinking of doing the three signs; one at the city line, one at the beginning, and one in the middle. He understands that Everett is saying the one spot is where the dog waste is being dumped and asked if there's a garbage can there. Everett stated that there's not, and at this point we have a contract that doesn't include one in that, so until that contract is up we might not be able to get more. Wimmer stated that depending on how far out we put it, it will become a target as well. It's one of those things, like you lock your car to keep the honest people out. He would be a little apprehensive about putting a can out that far. The thing we need to do is to talk to the Police Chief because we're getting another bike patrol bike, so we'll now have a couple, so we can have the officers go up there. We can ask them to also talk with Cambridge PD to every once in a while just do the random, joint back and forth. Garvey asked if we have at Bluebird or any of the other parks pet pick up signs. Everett said we don't at this point. Garvey said she's guessing then that we don't have the bag disposal things anywhere. Wimmer stated that we have talked about doing that, maybe even within the last year. Everett stated that they're not terribly expensive, but the challenge again is getting people to use them, and then we also have a garbage sitting full of dog bags in the sun for a week. Johnson said that the signs would be a good idea; that way if the bike patrol was going by and saw someone's dog defecated they'd be able to say something about it. Garvey asked if there was a way to incorporate this with the new sign so we don't have to add a whole separate sign. Right now the sign shows leashing, but it seems like there might be space to add picking up after your pet. That way we don't have to add another whole sign, so that in the future we don't say we have the pet sign so now we need to add this, whatever could be the case in five years. Wimmer asked Johnson to clarify that he was suggesting getting this one in a couple spots. He confirmed that the memo stated that we can get one sign for $28 or $26 for three plus, so why not just get 3. Put one at the city line, one right at 3rd and Isanti Parkway, and one in the middle, so you're not double but even triple reminding them. Wimmer stated that he doesn't have a strong opinion either way, in his experience people who are going to take care of things will take care of it, and those who won't, won't anyway. It's good to remind them, and as we discussed with having the bags, if we do that we have to have a can available because it's only the most dedicated pet owner that is going to then carry that bag with them for the next 3 miles. Garvey asked if the garbage at the soccer complex is done by us or by them. Everett stated that is done by them. Garvey said that if it's just soccer maintaining that, that won't work.

Garvey asked if Everett would bring this back for the October meeting. Everett stated she will. Garvey clarified that since we don't meet in December we'll have to have it finalized by November; Everett confirmed. Wimmer stated that none of these will be going up until next April anyway.

4. Legacy Table Repair

Everett stated this is another continued discussion. She spoke with the Public Services Director, and they decided that because the boards depend on the location on the table and there's not any volume discount

on them, we're recommending that at this point we just get enough to replace what we need to. In the future we can get the ones we need, and at $66 each they will fit in a future budget as well, hopefully. Everett stated that we didn't find any tables in other parks that can't be repaired. We met with the Rotary and they are considering donating. Wimmer stated that we were saying 3 more, and they thought maybe more than that. The thing we're looking at with those Rotary tables is that they'd be handicap accessible so there's the one end without benches. It's nice to have those tables. They made it sound like, yes this is a slam dunk. The regional rotary then matches them; but we haven't heard anything from the yet but they've donated other things over the years as well.

Everett stated that at this point, it's hard for us to anticipate how long these repainted tables are going to last us, but for now they don't immediately need to be replaced. It doesn't look like there's a big priority for any of them to be replaced this year. We should be able to use the money for the tables to get the replacement slats at Legacy. Johnson asked if it was cheaper to replace the slats than the whole table. Everett stated it is, and one table is about $1000. Everett stated that these things are all expensive. Wimmer stated that to give Johnson an idea, to do a normal play park you're looking at $70,000-$80,000 just for equipment, not installed. We did Legacy for about $120,000 with everything. That's why we are trying to do more of the passive parks, where you have trails, and people can just kind of be in that space. It's a lot more cost effective, and then the maintenance and replacement is a lot less expensive.

5. Academy Park Update

Everett stated that she drove by yesterday and the equipment is sitting in crates in the parking lot. It looks like the area where the equipment is going has water in it right now so they might be waiting for it to dry out before they can do anything. It is Harlan with GameTime that will be installing that. Everett has gotten all of the manuals so we know what all of that equipment is and we'll be able to get part numbers and all of that as we need to replace it. Hopefully that goes up within the next couple of weeks. Wimmer said to get Johnson up to speed on this one, was that they wanted to expand their capacity for students in that building and originally it was a commercial building that they were renting so it was still producing property taxes. Then it was bought by a non-profit that basically holds properties for charter schools, and so it has disappeared off the tax rolls, which is a significant dollar amount. Then they were looking to build the middle school, which they're building now. And they wanted to do some park things and they had that extra space. So what we worked out with them, through probably close to a year of negotiating back and forth, was that we would allow them to increase their school size and change their conditional use permit. We were looking to have a neighborhood park over there, which would have been north of Cajima, kind of in that same area where the middle school is going to, so we flipped that to this which will be that neighborhood park with trails and sidewalks. It's part of kind of a larger concept. It will be deeded over to us. They will have exclusive use of it during school hours, after that it's open to the public. There will be tennis courts and an open area; they had some kind of thought of a soccer field but it's not that big of space. There's a track that goes around that, and it will connect to a future city trail that will go around that whole wetland area over there. The goal is that as that commercial area gets built out it will tie to the residential on the other side of 8th, that people during the day can use the walking trail on their lunch or whatever. Then we'll also have exercise type play equipment, so there will be an outside stationary bike. It's a little bit of a newer concept for us, but we think it will be a good idea. Then that area that was going to be a future park area then will be a tax-producing parcel. So in essence, we're trading where the park would have been for this. They get to meet what they need, we get a park in that area that meets our needs, they're paying for it all to build it and we'll take it and we'll have to replace it and maintain it over time. In essence, we get a nice new built park for free to the City, and we get to flip an area that wasn't going to be producing taxes to one that is.

Everett that we'll also be getting signage that matches our other parks out there. It is called Academy Park according to the agreement that was passed through Council. We will post a sign that shows people that during school days, she believes between 7:30 and 4:30 that the playground and soccer field are reserved for the school. So if anybody comes over during the day, they'll know that the school has priority for

those. Outside of those hours it's an open public park. That sign will be posted somewhere visible so people will understand what's going on without having to know the story. She explained that the picture attached to the memo didn't copy the best, but it shows what the equipment is. She got an updated layout recently; they might have discovered they didn't have enough fall zone around something maybe, so it's going to be shifted around a little bit. It looks like it should be a fun little park. That side of 65 doesn't really have a place for people to be outside.

6. Isanti Indoor Arena Steel Repair

Everett stated that this is really just a memo. We had issues with one of the lights under the awning at the entrance filling with water. Long story short, we ended up having to cut that light out and put it on the outside because no one could figure out where the water was coming from. Then we discovered trying to patch that hole was very difficult because it was special order white. Right now, it's patched with something that looks pretty good. If the board decides that it's very important to replace that with the special order white, we can do that. Johnson explained that he went out twice because he was so confused, and decided that it's a poor building design. He didn't understand how water would get in there with a steel roof and steel ceiling. Wimmer stated that we had a previous issue with water, but it actually ended up being condensation because it's such a large facility, and then making sure there's a proper requirement that they run the air flow system. It's a large enough building that it has its own atmosphere. Everett confirm that it does, and the dirt floor adds another element to that too. It's a fairly new building, so we're still learning how to operate it the best that we can. This was just so you all know that if in the future there are any issues, the steel is really expensive. Johnson said he doesn't think it's that important and it doesn't look that noticeable to him. He wouldn't spend $100 on a 3x3 sheet. Everett explained that she was kind of hoping she could talk about this when Zdon was there because he's in the construction field and he might know otherwise, but this is the information she's been given by the person who built the building. She has called Menards and confirmed it's a thing they don't sell. For right, we'll keep it as is and know that in the future regular white steel is maybe okay.

7. Parks Updates

Everett said that going all the way back to August, Celebrate Isanti was a great event. We had more run/walk finishers by almost double than we did last year. Wimmer stated that he wanted to state again that Everett did a phenomenal job with that. It was originally supposed to be the Two Cities, One Community event, and we got twice the participation when it was only one city. He stated Everett did a phenomenal job, it was a really crazy day having all that extra and everything was changed around, so it was really cool to see how it all came together. Everett stated that the car show did really well that day too. They are thinking about the future and how to expand that and fit more cars, and how they can continue to draw people in. We are looking forward to the future of car shows. Jonah and the Whales is always great. They like coming here, they're super easy to work with, and people like coming to their shows. All of our food vendors have been consistent over the last few years, and they want to keep coming back. We had a couple of new people this year, and as they're available they might come back. A lot of people in this region have consistent things they do every year, so getting new people that are able to come to all three street dances is hard. But it's an easy thing for them to set up and know that there will be customers right there. Wimmer added that with our consistent 80 and sunny weather, it was phenomenal. Everett stated that this year we had no problems in the forecasts this year, it was a complete flip around from the year before. Everett stated that we are starting to see the end of the life of our stage. In the next few years we'll have to look into options for that. Wimmer explained that it is a rebuilt stage that didn't have life in it to begin with. Everett stated that we repair it as needed and it's serving it's purpose. She stated that, just for fun, she went online and found one of those semi trailers that opens up into a stage and it's cover. She was quoted over $100,000 for that, so maybe that's not what our future is. There are options though, so we'll be looking at those and how to make this stage last another year.

Everett stated that the next item is the scavenger hunt. Staff had so much fun watching the kids bring the passports back in. The ladies up front always asked people if they had been to parks they hadn't been to

before, and everybody had. People would come in and share them with their friends, and they'd go out and do them. It did exactly what it was supposed to do. She did send out the survey for it. We got amazing answers from people. The only critiques were that people want more prizes. Wimmer added, or split up the grand prize; however at first when we were setting it up we didn't know if we'd have enough to make it a grand prize. We ended up with enough that people wondered if we couldn't split that out. He stated that every kid that turned one in did get a Frisbee or a water bottle. Everett confirmed that everyone did get a prize. There were a couple of people that said they didn't hear the announcements happening; and since she was there Everett isn't sure how that is possible if they were actually there on time. Everett stated that it's not a big deal because the first name we drew was a kid who was there, so it's not like we drew their names and they missed it. But, it is something that we can take into next year. We can make sure we make it a bigger deal so everyone is very aware that it's about to happen. Now that we know that people will do it too – WillowBridge was excited to get involved, and they don't necessarily have anything to do with parks – but there might be other businesses in town that want to get involved, and then maybe we can have more prizes in the future. Johnson said that he likes all of the spots and questions. Everett stated that this year, because we didn't know the construction plan for Palomino, VFW isn't on there, so there are things we can update next year too. Johnson asked if we can put it in the Isanti newspaper. Wimmer asked if he meant the Isantian, and he said yes. Johnson asked if it was in there; Wimmer stated that it wasn't. He explained that this was a germination of a request from a Council member to do a Christmas Bentlyville thing like they do in Duluth with a scavenger hunt, to what can we actually do, and this is what was born out of that. Again, this hits that great spot of getting people out to our parks who hadn't done it before and know what we have, and making it fun and enjoyable for them. And we did it with as little cost and effort as possible. So, with all of that, the timing didn't work for getting it into the issue of the Isantian. Everett stated that there will always be an extra cost when we insert something into the Isantian, and it costs more than you might expect. It is something we can think about including in the budget for this. Johnson said he thought it would get more people involved. Johnson said everyone did a great job, and as a new resident he'd like to do more that. Everett stated that with this one, we really can have an unlimited number of people participate with the same amount of effort from us. As many people as want to, can go online and print that off and it doesn't cost us anything. Wimmer stated that is really the genius behind this, as someone being conscious of where their tax money is going, we want to do as much as we can with as little dollars as we have to do it with. When you start adding things in, like going into the Isantian, you might be talking about hundreds of dollars more just for that operation. Johnson asked if we put an article in there. Everett said that we do. Johnson stated that article then could just state to go online and print it out. Everett stated that the biggest part of the budget for this program was advertising. There were some newspaper ads that went out, and she put a sign in each park telling people it was happening and where they could get a passport. Marketing, with most events, is the biggest cost.

Everett explained that the community garden is going well. There is a meeting next Wednesday with the gardeners. She said she has been bringing watermelon over to the senior diners and they are head over heels; they've gotten a lot of stuff this year. Wimmer stated that we have gotten a letter from Catholic Charities that runs Senior Dining in Isanti, they're very grateful as well. He said that the garden again has been phenomenal. Johnson asked where the garden is; Everett said it is at River Bluff Preserve and the address is 1111 Rum River Drive S. Wimmer stated that if Johnson hasn't been to that park, it's 38 acres and has a trail and fishing dock. Everett explained there are maps right at the parking lot, and the community garden gate is locked but if he wants to get in she can get him the code.

Everett said that movie nights are starting up. There are two volunteer groups and she's expecting a couple of the regular groups to still sign up as well. Wimmer asked her to explain how they work for Johnson. Everett stated that movie nights are free for the public to attend and there are affordable concessions. Youth groups can volunteer to run those concessions and then they get the profit from that night. We make sure we make back the cost to get the supplies, but the extras from the concessions go to the groups that volunteer. The groups basically just run that and clean up at the end, but kind of their

biggest job is to tell everyone they know to come so there are more people there buying concessions. Just like any other fundraiser you would do for a group, you want to get lots and lots of people there. Johnson clarified that it is in the Isanti Community Center. Everett stated that Heavenly Sunshine Preschool is our record holder, they've had more than 100 people come. Typically movie nights are closer to 30 or 40 people, but as these groups continue to come back they catch on that they need to tell people and they grow too. There was a question about whether or not movie nights are run outside or not. Everett explained that they're not right now because we run them over the cold season, but all of the equipment is outdoor theater equipment so maybe someday that could happen. Wimmer stated that if you look at Bluebird Park, that bowl in the open area was designed that way for an amphitheater to be put in there and have music nights, movie night, that type of thing. When we were ready to kind of launch with that, the Council decided they didn't want to go forward with it, and that's when we did Legacy Park. It would be very nice, but it's just where you put your money. Everett stated that we have the equipment to have movies outside, and it's something a lot of communities are doing outdoors right now. It's something to be considered. Wimmer stated that it's money and time and hours. Johnson said that he knows Maple Grove did it and it's huge in that city. They do it outside in the summer and move it indoors in the winter.

Everett said there's an exciting project happening at River Bluff Preserve. Staff worked with Isanti Soil and Water Conservation District and with the Anoka office, and those offices worked to get some grant funding. What they'll be doing is take cedar trees and cut them down, and basically use big cedar logs with the branches attached and they fasten them to the bank of the river. While those are there, they're slowing down the water so the erosion stops, and they also collect sediment so they build the bank back up. They'll also be planting willow stakes in there so that willow trees will grow in that sediment that's collecting, and once the cedar trees are gone, the willow trees will stabilize the bank into the future. The main area they'll be focusing on is an area about half way between the dock and Martin's Landing where there is a really steep spot where we have some bollards to keep people from falling into the river, and the bollards are about to fall out. They'll work on that first, and then as their time allows this year, they'll work on a section that's right at the bottom of the stairs. The river is undercutting a long section there, so they'll do what they can. It sounds like Soil and Water might have some money leftover so potentially we could reapply and get the rest of that done next year. Wimmer stated that the main area they're working on is an area where ATVs used to go, which they weren't supposed to do, but it was causing so much erosion big chunks were sluffing off into the river. When you go out there you'll see where all the bollards are, there used to be ground there 15 feet further over, but it was just constantly being eroded from all the ATV traffic. Everett added that since we put up the bollards we really haven't seen any ATV traffic back there. It looks like it's working really well, so as much as we can, we want to keep that place the way that it is. Additionally, she stated that we only have to pay 10% of the project. Soil and Water even approached us about the project so it wasn't that much work for us. Tiffany up there does great work finding grants.

The last item is the farmers market. Everett stated that the last market is this week. She will be meeting with the vendors after the market to get their ideas about what we can do for next year and their feedback about how it went this year. In just talking with them throughout the season, it's been overwhelmingly positive to move. We've had new vendors come and try it and stay. Our customers have been happy; we've had new people who didn't know we had a farmers market. Somehow, we do get some people who did know we have a farmers market and they show up very flustered because they can't find us. There is a sign posted at the old site telling people we have moved. One vendor shared with her that they go to the Elk River market on Thursdays and they've been doing as well here as there this year. Wimmer explained that the market used to be downtown because we were trying to help draw attention to the downtown. We did that for a number of years, and the businesses downtown just really did not embrace it or participate, or do anything with it. At a certain point, we had to decide that our vendors are great, but this is not an ideal spot for them from a traffic standpoint. If the downtown businesses aren't going to embrace it, let's put it someplace where we can maximize it as a resource for the whole community. Johnson said he'll have to check it out this week. Everett explained there's a pretty good variety of things from produce,

frozen meat, baked goods, a selling mushroom kits, and more. She stated that if you sign up for the newsletter it goes out every Thursday and lists what will be available that week; you can do that at the website.

8. Adjournment

Motion by Wimmer, second by Johnson to adjourn the September 26, 2017 meeting of the Parks, Recreation, and Culture Board. Motion was approved.

The meeting adjourned at 6:56 p.m.

Dated at Isanti, Minnesota this 26th day of September, 2017.

Respectfully submitted,

Katie Everett

Katie Everett
Community Events and Parks Coordinator

A Community For Generations.

MEMORANDUM

TO: Mayor George Wimmer
Members of the Isanti City Council

FROM: Ryan Kernosky, Community Development Director

DATE: November 7, 2017

SUBJECT: **RESOLUTION 2017-XXX: A RESOLUTION OF THE CITY OF ISANTI PETITIONING THE MINNESOTA OFFICE OF ADMINISTRATIVE HEARINGS FOR ANNEXATION OF CERTAIN PORTIONS OF ISANTI TOWNSHIP TO THE CITY OF ISANTI PURSUANT TO MINNESOTA STATUTES §414.0325**

Background

As part of the 2017 City Council Goals, the City identified annexation of properties completely surrounded by the corporate limits of the City for annexation. Many of these properties have been identified as receiving some amount of City services (directly or indirectly), without paying City taxes.

During the September 19, 2017 regularly scheduled City Council meeting, the Council approved Joint Resolution 2017-236. Joint Resolution 2017-236 amended and approved the annexation of Township jurisdiction properties through the 1973 Orderly Annexation Agreement between the City and the Township (Sections 30, 31, W3/4 of 29 and 32, Township 35, Range 23), and to pay the Township their portion of taxes subject to MN Stats. §414.036.

On September 20th, 2017, the City sent the signed Joint Resolution to the Isanti Township for their consideration. The City provided the Township 30 days to approve the Joint Resolution, and by the October 20th, 2017 deadline, the Township took no formal action on the Joint Resolution.

According to the Municipal Boundaries Adjustment Unit of the Office of Administrative Hearings, this is an unusual situation. Typically, when an Orderly Annexation Agreement is in place, as we have here, and when the Orderly Annexation Agreement has been executed numerous times over the life of the Orderly Annexation Agreement, the Township does not suddenly object to the annexation of properties within the Orderly Annexation Agreement area. Because the Township has decided to take no action on Joint Resolution 2017-236, City Council will need to formally

ask the OAH to either order the annexations immediately, or hold a hearing on the matter. The attached Resolution asks the OAH to do just that.

Staff Recommendation

Staff is recommending approval of the attached Resolution.

Motion Language

Approve the Joint Resolution as presented: Move to approve Joint Resolution 2017-XXX as presented.

Approve the Joint Resolution with changes: Move to approve Joint Resolution 2017-XXX (1st vote) – NEW MOTION: Move to amend Joint Resolution 2017-XXX with the following changes…

Table the Joint Resolution: Move to table Joint Resolution 2017-XXX (specific Reasoning and Information for any requests should be included or stated in the motion to table).

- Resolution 2017-XXX: A RESOLUTION OF THE CITY OF ISANTI PETITIONING THE MINNESOTA OFFICE OF ADMINISTRATIVE HEARINGS FOR ANNEXATION OF CERTAIN PORTIONS OF ISANTI TOWNSHIP TO THE CITY OF ISANTI PURSUANT TO MINNESOTA STATUTES §414.0325

RESOLUTION 2017-XXX

A RESOLUTION OF THE CITY OF ISANTI PETITIONING THE MINNESOTA OFFICE OF ADMINISTRATIVE HEARINGS FOR ANNEXATION OF CERTAIN PORTIONS OF ISANTI TOWNSHIP TO THE CITY OF ISANTI PURSUANT TO MINNESOTA STATUTES §414.0325

WHEREAS, the City of Isanti (the "City"), Isanti County, Minnesota, abuts and is bordered on the City's northerly, easterly, and southerly boundaries by the Isanti Township (the "Township"), Isanti County, Minnesota; and,

WHEREAS, certain portions of the Township designated herein for annexation have been developed in an urban or suburban manner or are about to become urban or suburban in character; and,

WHEREAS, the certain portions of the Township designated herein for annexation which are now urban or suburban or are about to become urban or suburban in character, abut or are completely surrounded by the City; and

WHEREAS, the City and the Township executed and filed an orderly annexation agreement (hereinafter the "1973 OA Agreement") (Exhibit 2), dated the 31st of August, 1973, (File NO: A-2457(OA)) with the Minnesota Municipal Board (now the Office of Administrative Hearings ("OAH")) containing a designated annexation area including the areas designated now for annexation; and,

WHEREAS, on September 19, 2017, the City of Isanti City Council passed Joint Resolution No. 2017-236 (Exhibit 1), which amended the Orderly Annexation Agreement between the City and the Township pursuant to §414.0325 subd 1; and,

WHEREAS, said Joint Resolution has agreed to all the terms and conditions for the annexation of the subject parcels subject to the 1973 OA Agreement; and,

WHEREAS, the City has the professional staff, the capacity, and the ability to provide municipal services to Township areas that are subject to the Joint Resolution for Orderly Annexation; and,

WHEREAS, said Joint Resolution was sent to the Township on September 20, 2017 as United States Post Office Certified Mail for the Township's consideration; and,

WHEREAS, on September 21, 2017, Mr. Greg T. Anderson, a Township employee, signed the Certified Mail Return Receipt on behalf of the Isanti Township; and,

WHEREAS, on September 12th, 2017, the Township, at the regularly scheduled Town Meeting, the Town Board passed unanimously to 'not approve the forced annexation by the City of Isanti and proposed residents of Isanti Township' (Exhibit 3); and,

WHEREAS, the Township was provided 30 days from September 20, 2017 to approve said Joint Resolution; and,

WHEREAS, the Township took no action on said Joint Resolution during the regularly scheduled Town Board meeting on October 10, 2017 (Exhibit 4); and,

WHEREAS, the Township has not approved said Joint Resolution by October 20, 2017, the 30-day deadline; and,

WHEREAS, the Township has refused to approve the Joint Resolution for Orderly Annexation of the areas designated herein for annexation in violation of the 1973 OA Agreement; and,

WHEREAS, the 1973 OA Agreement has been executed by both the City and the Township numerous times over the last several years, with no objection raised by the Township; and,

WHEREAS, the 1973 OA Agreement will be inoperative and have no meaning or effect, and will in fact be violated if the OAH does not order annexation of the areas designated herein for annexation that have been allowed to grow in an urban or suburban manner; and,

WHEREAS, Minnesota Statutes, Section 414.0325, Subdivision 1, provides as follows:

> **Initiating the proceeding.** (a) One or more townships and one or more municipalities, by joint resolution, may designate an unincorporated area as in need of orderly annexation. One or more municipalities, by joint resolution with the county, may designate an unincorporated area in which there is no organized township government as in need of orderly annexation.
>
> (b) A designated area is any area which the signatories to a joint resolution for orderly annexation have identified as being appropriate for annexation, either currently or at some point in the future, pursuant to the negotiated terms and conditions set forth in the joint resolution. Land described as a designated area is not, by virtue of being so described, considered also to be annexed for purposes of this chapter.
>
> (c) The joint resolution will confer jurisdiction on the chief administrative law judge over annexations in the designated area and over the various provisions in said agreement by submission of said joint resolution to the chief administrative law judge.
>
> (d) The resolution shall include a description of the designated area and the reasons for designation.
>
> (e) Thereafter, an annexation of any part of the designated area may be initiated by:
>
> > (1) submitting to the chief administrative law judge a resolution of any signatory to the joint resolution; or
> >
> > (2) the chief administrative law judge.
>
> (g) If a joint resolution designates an area as in need of orderly annexation and states that no alteration of its stated boundaries is appropriate, the chief administrative law judge may review and comment, but may not alter the boundaries.

(h) If a joint resolution designates an area as in need of orderly annexation, provides for the conditions for its annexation, and states that no consideration by the chief administrative law judge is necessary, the chief administrative law judge may review and comment, but shall, within 30 days, order the annexation in accordance with the terms of the resolution.

WHEREAS, it is the intent and desire of the City to resolve the issue of annexation for the betterment of the community by initiating a legal proceeding under state law for the immediate annexation of certain areas of the Township, legally described herein, with the OAH Municipal Boundary Adjustment Unit; and,

WHEREAS, The City Council of the City of Isanti supports the filing of this Resolution with the OAH Municipal Boundary Adjustment Unit for an immediate annexation order, or in the alternative, a hearing regarding the annexation of the areas of Isanti Township, legally described herein, to the City.

NOW, THEREFORE, BE IT RESOLVED BY THE CITY OF ISANTI CITY COUNCIL, ISANTI COUNTY, MINNESOTA, THAT:

1. The Minnesota Office of Administrative Hearings is hereby requested to either order the immediate annexation of certain areas of the Township to the City, or hold an administrative hearing pursuant to Minnesota Statutes § 414.09, on the question of annexation of certain portions of Isanti Township, Isanti County, Minnesota, legally described within Exhibit 1 attached within this document, pursuant to Minnesota Statutes § 414.0325.

2. The subject area of the Township designated for annexation through the 1973 Orderly Annexation Agreement to the City (hereinafter referred to as the "Subject Area") is legally described within Exhibit 1, attached hereto. The aforementioned 1973 Orderly Annexation Agreement between the City and the Township is included in Exhibit 2, attached hereto.

3. The subject parcels within the Township subject to the aforementioned Joint Resolution abut or are completely surrounded by the City of Isanti.

4. That pursuant to Minnesota Statutes § 414.09, the following parties are entitled to notice:
    a. Isanti Township, as the township presently governing the parcels, described within Exhibit 1, that are subject to annexation through the 1973 Orderly Annexation Agreement.
    b. Isanti County, as the county in which the parcels subject to annexation through the 1973 Orderly Annexation Agreement are located.

BE IT FURTHER RESOLVED:

1. That City staff is hereby directed to file this resolution, along with the applicable filing fees, with the Minnesota Office of Administrative Hearings – Municipal Boundary Adjustment Unit for annexation of the Subject Areas pursuant to the Minnesota Statute § 414.0325 and the 1973 Orderly Annexation Agreement to the City of Isanti. City staff is further directed to serve a copy of this resolution upon the Isanti Township.

THIS RESOLUTION WAS DULY ADOPTED BY THE ISANTI CITY COUNCIL THIS 7TH DAY OF NOVEMBER, 2017.

A JOINT RESOLUTION

CITY OF ISANTI, MN RESOLUTION 2017-236

ISANTI TOWNSHIP RESOLUTION: _____

IN THE MATTER OF THE AMENDMENT TO THE ORDERLY ANNEXATION BETWEEN THE CITY OF ISANTI, MINNESOTA AND ISANTI TOWNSHIP, MINNESOTA PURSUANT TO MINNESOTA STATUTES § 414.0325 SUBD 1

WHEREAS, the Township of Isanti and the City of Isanti are parties to a Joint Resolution for Orderly Annexation, which Joint Resolution was duly filed with the Municipal Board on August 31, 1973, (File NO: A-2457(OA)); and,

WHEREAS, the City of Isanti and Isanti Township designate for orderly annexation, the described lands defined in Exhibits "A" through "I", located within Isanti Township, County of Isanti, Minnesota; and,

WHEREAS, the City of Isanti and Isanti Township are in agreement as to the orderly annexation of the unincorporated lands described; that both believe it will be to their benefit and to the benefit of their respective residents; and,

WHERAS, Minnesota Statutes § 414.0325 provides a procedure whereby the City of Isanti and Isanti Township may agree on a process of orderly annexation of designated areas; and,

WHEREAS, Both the City of Isanti and Isanti Township have agreed to all the terms and conditions for the annexation of the lands legally described in Exhibits "A" through "I" and the signatories hereto agree that no alteration of the designated area is appropriate and no consideration by the Chief Administrative Law Judge is necessary. The Chief Administrative Law Judge may review and comment, but shall within thirty (30) days, order the annexation of the properties as described within Exhibits "A" through "I" in accordance with the terms of this Joint Resolution.

NOW, THEREFORE, BE IT RESOLVED, jointly by the City Council of the City of Isanti and the Township Board of Isanti Township as follows:

1) That the following described lands identified in Exhibits "A" through "I" in Isanti Township are subject to orderly annexation pursuant to Minnesota Statutes § 414.0325.

2) That the described lands identified in Exhibits "A" through "I" consist of approximately 99 acres, the population in the subject area is approximately 61 persons, and the land use types are residential, recreational, agricultural, and commercial.

3) That the described lands identified in Exhibits "A" through "I" are urban or suburban or about to become so, and since the City of Isanti has either provided services, or is capable of providing services to this area within a reasonable time, the annexation would be in the best interest of the area.

4) That Isanti Township and the City of Isanti, by submission of this Joint Resolution to the Municipal Boundary Adjustment Unit of the Office of Administrative Hearings, confers jurisdiction upon the Chief Administrative Law Judge so as to accomplish said orderly annexation in accordance with the terms of this resolution.

5) Pursuant to condition 3 of the Joint Resolution for Orderly Annexation between the City of Isanti and Isanti Township, the City of Isanti agrees to pay the property owner(s) whose property has been annexed into the City through this Joint Resolution, a portion of the difference between the Isanti Township portion of property taxes and the City of Isanti portion of the property taxes as described in Exhibit "K", subject to the following[1]:

    a. If a property has immediate access to both sewer and water, then the City will pay no difference as described above to the property owner(s).

    b. If a property has immediate access to either sewer or water, then the City will reimburse half (50 percent) the difference as described above to the property owner(s).

        i. Reimbursement shall be made to the property owner(s) per the following schedule:

            1. In the first year following the year the City of Isanti could first levy on the annexed area, an amount equal to 67 percent of the total reimbursement.

            2. In the second year, an amount equal to 34 percent of the total reimbursement.

            3. In the third year, an amount equal to 0 percent of the total reimbursement.

    c. If a property has no immediate access to either sewer or water, then the City will reimburse the full (100 percent) difference as described above to the property owner(s).

        i. Reimbursement shall be made to the property owner(s) per the following schedule:

            1. In the first year following the year the City of Isanti could first levy on the annexed area, an amount equal to 67 percent of the total reimbursement.

            2. In the second year, an amount equal to 34 percent of the total reimbursement.

[1] Specific property owner(s) payments for properties annexed through this Joint Resolution is described in Exhibit "L" attached to this document.

3. In the third year, an amount equal to 0 percent of the total reimbursement.

6) Reimbursement to Isanti Township for lost taxes on annexed property, pursuant to Minnesota Statute § 414.036, per the following schedule[2]:

   a. In the first year following the year in which the City of Isanti could first levy on the annexed area, an amount equal to $3,077.50; and

   b. In the second year, an amount equal to $3,077.50; and,

   c. In the third and final year, an amount equal to $3,077.50.

7) The City of Isanti and Isanti Township agree that upon receipt of this resolution, passed and adopted by each party, the Chief Administrative Law Judge may review and comment, but shall within thirty (30) days, order the annexation in accordance with the terms of the resolution.

[2] Specific property payments are described in Exhibit "J" attached to this document.

JOINT RESOLUTION FOR ORDERLY ANNEXATION

ISANTI VILLAGE AND TOWNSHIP

Whereas, certain property within the Town of Isanti is in need of orderly annexation to the Village of Isanti; and,

Whereas, the legal description of the property is as follows:

> Sections 30, 31 and the Western Three-fourths (W 3/4) of Section Twenty-nine (29) and Thirty-two (32), Township Thirty-five (35), Range Twenty-three (23), all in Isanti Township, Isanti County, Minnesota;

Excepting therefrom property already included within the existing boundaries of the Village of Isanti;

Also excepting therefrom the property currently before the Minnesota Municipal Commission in annexation proceeding A-2193,

Now, Therefore, Be It Resolved by the Township of Isanti and the Village of Isanti, as follows:

1. That the above described area in Isanti Township is properly subject to orderly annexation under and pursuant to Minnesota Statutes 414.032, and the parties hereto do hereby designate this area as in need of orderly annexation as provided by statute. The Township of Isanti does upon passage of this resolution and its adoption by the council of the Village of Isanti, confer jurisdiction upon the Minnesota Municipal Commission so as to accomplish said orderly annexation in accordance with the terms of this resolution.

(1)

EXHIBIT 2

2. No annexations will take place anywhere within the area designated as in need of orderly annexation unless the area involved is or is about to become urban or suburban in character and unless the city has available and is capable of providing municipal services.

3. Any persons annexed to the village pursuant to this agreement shall receive a "tax break" consisting of a staged graduated increase in mill rates from the Town rate to the Village rate over a three to five year period depending on the length of time necessary to provide full municipal services to the area annexed.

TOWNSHIP OF ISANTI

Passed and adopted by the Township of Isanti this 11th day of June, 1973.

[redacted]

The meeting was called to order at 7:30pm by Chairman, Scott W. Board members that were present, Vice Chairman Don Hanson, Supervisor, Guy Lillemo, Clerk Heather Townswick, Treasurer Kari Terhell.

Pledge of Allegiance was recited

There was 1 non board member present, Greg Anderson, Township employee along with 9 other non board members on behalf of the City of Isanti FORCED annexation.

Previous monthly meeting minutes from August 2017 were emailed to all board members by the clerk. There were no amendments that were needed. Guy L. made a motion to approve the meeting minutes as presented by the clerk. Don H. seconds. Motion carried unanimously.

Treasurers Report for August 2017 given by Treasurer, Kari Terhell as follows;

08/01/17 balance $540,113.86

25 checks/debits totaling $43,779.36

3 Deposit totaling $6,184.47

08/31/17 balance $501,518.97

Guy L. made a motion to approve the treasurers' report for August 2017 as presented by the treasurer. Don H. seconds. Motion carried unanimously.

Don H. made a motion per George Hemmer to void the 1973 orderly annexation with the City of Isanti and Isanti Township as the city does not follow the guidelines and because it was repealed in 1978 and then repealed 2 more times. Guy seconds. Motion carried unanimously.

[redacted]

Don H. Made a motion to have the meetings at 7:00PM starting October 2017. Heather will publish an article in the Isanti County News. Guy L. seconds motion carried unanimously.

Don H. motioned to adjourn the meeting. Guy L seconds. Motion carries unanimously. Meeting adjourned at 9:06 pm.

Request for City Council Action

To: City Council
From: Finance Director Betker
Date: November 7th, 2017
Subject: Resolutions Reducing or Cancelling Debt Levies Payable in 2018

Background:
At its September 5th 2017 meeting the Isanti City Council approved the preliminary General Fund, Debt Service and EDA levies payable in 2018. Debt levies for two bond issues; 2008A and 2011A, were approved at levels that were below the levels detailed in the original bond documents. The two bond issues, the originally scheduled levy for 2018 and actual certified levy for 2018 are shown below.

BOND ISSUES	ORIGINAL PRINCIPAL	DATE ISSUED	ORIGINAL 2018 DEBT LEVY	CERTIFIED 2018 DEBT LEVY	AMOUNT OF REDUCTION FROM ORIGINAL SCHEDULE
2008A GO Imp. Bonds	$ 1,275,000	12/8/2008	$ 65,079	$ -	$ (65,079)
2011A GO Imp. Bonds	$ 790,000	9/6/2011	$ 48,848	$ 7,061	$ (41,787)

County auditors are required to maintain bond registers that have information relating to any bonded debt issued by local taxing authorities in the county (Minnesota Statutes 475.62). For bonds that have tax levies pledged for payment of all or part of the debt, the county auditor must certify that the debt has been entered in the bond register and that any required tax levies have been made (Minnesota Statutes 475.63). It is the responsibility of the county auditor to make sure that debt levies as noted in the original bond resolution are made according to the levy schedule (Minnesota Statutes 475.64). If the municipality fails to make the needed debt service levy and has not provided a resolution to reduce the levy as provided in statute, the county auditor has the obligation of making the levy for debt service.

To reduce the debt levy, the taxing authority must certify that they are making an irrevocable appropriation of funds actually on hand to the debt service account or that there exists excess funds in the debt service account for payment of the debt (Minnesota Statutes 475.61, subd. 3). The certification should take the form of a resolution appropriating the funds and reducing the debt levy. The funds must already be on hand, it is not sufficient to anticipate receiving funds in the future.

Current Action:
Consider attached resolutions that will bring the City of Isanti into compliance with State Statutes 475.61, subd. 3 thru 475.64.

RESOLUTION NO. 2017-XXX

RESOLUTION CANCELLING DEBT LEVY REQUIREMENTS FOR GENERAL OBLIGATION IMPROVEMENT BONDS; 2008A

WHEREAS, the City of Isanti approved the issuance General Obligation Improvement Bonds; 2008A on December 2nd, 2008 in the amount of $1,275,000; and

WHEREAS, Isanti County has a schedule of bonded debt levy payments on file for the City of Isanti for 2008A General Obligation Bonds in the amount of $65,079; and

WHEREAS, the City of Isanti has sufficient cash funds to pay the bonded debt due in 2018.

NOW THEREFORE BE IT RESOLVED BY THE City Council of the City of Isanti, Minnesota to cancel the scheduled debt levy for taxes payable in 2018 for the 2008A General Obligation Bonds.

This resolution is duly adopted by the Isanti City Council this 7th day of November 2017.

Attest:

Mayor George A. Wimmer

Katie Brooks
Human Resources / City Clerk

RESOLUTION NO. 2017-XXX

RESOLUTION REDUCING DEBT LEVY REQUIREMENTS FOR GENERAL OBLIGATION IMPROVEMENT BONDS; 2011A

WHEREAS, the City of Isanti approved the issuance General Obligation Improvement Bonds; 2011A on September 6th, 2011 in the amount of $790,000; and

WHEREAS, Isanti County has a schedule of bonded debt levy payments on file for the City of Isanti for 2011A General Obligation Bonds in the amount of $48,848; and

WHEREAS, the City of Isanti has sufficient cash funds to pay the bonded debt due in 2018.

NOW THEREFORE BE IT RESOLVED BY THE City Council of the City of Isanti, Minnesota to reduce the scheduled debt levy for taxes payable in 2018 for the 2011A General Obligation Bonds to $7,061.

This resolution is duly adopted by the Isanti City Council this 7th day of November 2017.

Attest:

Mayor George A. Wimmer

Subject: Certification of Delinquent Charges to be Payable in 2018

Background:
Unpaid delinquent charges for city services (Exhibit A) and nuisance abatement (Exhibit B) are attached. The delinquent charges listed are as of November 1st 2017. Pursuant to City Code the attached delinquent charges may be certified as unpaid and delinquent to the County Auditor. Final assessment amounts are to include a $30 assessment fee per account per parcel.

Current Action:
Consider resolution certifying the attached delinquent amounts (Exhibits A & B) to Isanti County to be collected with taxes paid in 2018.

RESOLUTION NO. 2017-XXX

A RESOLUTION APPROVING CERTIFICATION OF DELINQUENT CHARGES FOR CITY SERVICES AND UNPAID NUISANCE ABATEMENT CHARGES COLLECTIBLE IN 2018

WHEREAS, pursuant to City Code § 260-10.B. and § 325-7.C., all accounts more than 30 days past due as of September 30, 2017, and the same having been properly billed to the owner or occupant of the premises served, may be certified by the City Clerk as unpaid and delinquent to the County Auditor; and

WHEREAS, pursuant to City Code § 216-7 Recovery of Cost, B. Assessment, all accounts past due for year 2017, and the same having been properly billed to the owner or occupant of the premises served, may be certified by the City Clerk as unpaid and delinquent to the County Auditor.

NOW, THEREFORE, IT IS HEREBY RESOLVED by the City Council of the City of Isanti, Minnesota, as follows:

1. That the list of delinquent charges for city services (Exhibit 'A'), a copy of which is attached hereto and made a part hereof, identifies the amount of the delinquent water, sewer, and storm, snow removal and lawn abatement charges that are to be levied against said properties for taxes payable year 2018.

2. That the unpaid charges for nuisance abatement (Exhibit 'B'), a copy of which is attached hereto and made a part hereof, identifies the amount of unpaid nuisance abatement charges that are to be levied against said properties for taxes payable year 2018.

3. A Special Assessment Fee of $30.00 shall be added to each Account, as per the City Fee Schedule.

4. The City Clerk shall forthwith transmit a certified duplicate of these listings (delinquent charges for city services and unpaid charges for nuisance abatement) to the county auditor to be extended on the property tax lists of the county. Such assessments shall be collected and paid over in the same manner as other municipal taxes.

This Resolution is hereby approved by the Isanti City Council this 7th day of November, 2017.

Request for City Council Action

To: **Mayor Wimmer and City Council Members**

From: Chief Gene C. Hill **MEMO**

Date: October 27, 2017

Subject: Department of Justice - Bulletproof Vest Partnership Grant

Background:

The City Council has authorized the Chief of Police to continually apply for the Department of Justice - Bulletproof Vest Partnership Grant. This grant helps offset the cost of the officer's vest that have a life expectancy of five years.

Action:

I am requesting that the City Council accept the grant award of $1,388.43 from the Department of Justice - Bulletproof Vest Partnership Grant on behalf of the Police Department.

RESOLUTION 2017- XXX

RESOLUTION AUTHORIZING STAFF TO ACCEPT THE DEPARTMENT OF JUSTICE - BULLETPROOF VEST PARTNERSHIP GRANT

WHEREAS, the Isanti Police Department had the opportunity to apply for the Department of Justice - Bulletproof Vest Partnership Grant; and

WHEREAS, the Police Department makes use of grant opportunities to provide better service to the community; and

WHEREAS, the City of Isanti Police Department has requested these ballistic vests to replace aging vests that have expired and are no longer supported by the vendor.

NOW, THEREFORE, IT IS HEREBY RESOLVED by the City Council of the City of Isanti, Minnesota, to authorize the acceptance of the Department of Justice - Bulletproof Vest Partnership Grant award of $1,388.43.

This Resolution is hereby approved by the Isanti City Council this 7th day of November, 2017.

Request for City Council Action

To: **Mayor Wimmer and City Council Members**
From: Chief Gene C. Hill
Date: November 1, 2017
Subject: Reserve Officer Hiring - Replacement

MEMO

Background:

The City of Isanti has a Police Reserve Unit that is a volunteer group. At the June February 7, 2017 CC meeting there was two Reserves who resigned and one Reserve who resigned at the December 29, 2016 CC meeting. In the resolutions, the CC allowed the replacement of those positions within the Reserve Unit.

The PD has received periodic applications for the position of a volunteer Police Reserve. Lt. Muyres has reviewed, interviewed and backgrounded the candidates below and recommends the following candidates to the CC for the position of Volunteer Isanti Police Reserve:

1. Anissa Hayat Bekka 03-24-1989
2. Brent Anthony Tholen 11-11-1995
3. Joseph James Dupay 11-12-1988

Action:

I ask that the City Council review, consider and approve the hiring of the above three candidates to fill vacancies within the Volunteer Isanti Police Reserves Program.

Thank you for your consideration,

Chief Gene C. Hill

RESOLUTION 2017 -XXX

A RESOLUTION AUTHORIZING FILLING OF VACANCIES TO THE ISANTI POLICE RESERVE UNIT BY HIRING ANISSA HAYAT BEKKA, BRENT ANTHONY THOLEN, AND JOSEPH JAMES DUPAY

WHERAS, the City of Isanti has authorized the police department to keep a roster of 13 voluntary police reserve positions; and,

WHEREAS, the Police Department recently accepted the resignation of three police reserves and authorization was given to fill those positions; and,

WHEREAS, reserve applications were received and reviewed; and

WHEREAS, selected candidates were interviewed and backgrounded for hire by Lt. Muyres and are recommended to fill current vacancies within the police reserve program; and

NOW, THEREFORE, IT IS HEREBY RESOLVED by the City Council of the City of Isanti, Minnesota as follows:

1. Filling three of the current vacancies within the Volunteer Isanti Police Reserve Program by hiring Anisa Hayat Bekka, Brent Anthony Tholen, and Joseph James Dupay.

This Resolution is hereby approved by the Isanti City Council this 7th day of November, 2017.

Request for City Council Action- MEMO

To. **Mayor Wimmer and Members of City Council**

From: Don Lorsung, City Administrator

Date: November 2nd, 2017

Subject: Commercial Insurance Agency Service Agreement

Background:

At the October 17, 2017 City Council meeting, the City Council selected Associated Financial Group (AFG) to serve as the City's agency for the City's commercial insurance accounts (liability, property, and worker's compensation) that is has with the League of Minnesota Cities Insurance Trust (LMCIT). As directed, the staff and the City Attorney have worked with AFG to develop a draft Service Fee Agreement between the City of Isanti and AFG. The agreement is for a 5 year term.

Attachment:

Attached for your consideration is a Resolution to approve the Service Fee Agreement and appoint AFG as the City's agent of record, and the proposed Service Fee Agreement.

RESOLUTION NO. 2017-XXX

A RESOLUTION APPROVING A SERVICE CONTRACT AND APPOINTING AN AGENT OF RECORD FOR COMMERCIAL LIABILITY INSURANCE SERVICES

WHEREAS, the City Council has accepted the proposal from Associated Financial Group for commercial liability insurance services as the City's agent of record, and

WHEREAS, the League of Minnesota Cities Insurance Trust (LMCIT) requires cities to use the services of an agent in order to participate in the LMCIT property/casualty program; and

WHEREAS, Associated Financial Group has agreed that he/she/they is/are willing to provide to the city the services listed below under the terms and conditions listed below;

NOW, THEREFORE, IT IS HEREBY RESOLVED by the City Council of the City of Isanti, Minnesota, as follows:

Appointment

1. The City of Isanti hereby appoints as its agent for purposes of the City's participation in the LMCIT property/casualty and workers' compensation programs Associated Financial Group.

Term

2. This appointment shall remain effective until October 31, 2022.

Compensation

3. As compensation for the services provided to the city as described in Paragraph 5 in the Service Fee Agreement. The city will pay to the agent a fee per the fee schedule in the attached Service Fee Agreement. The city hereby directs LMCIT not to include any allowance for an agent's fee in quoting and billing the city's premiums for property, liability, and automotive coverage and to refund the 2 percent workers' compensation coverage agent fee allowance to the city.

Services

4. Services provided shall be those as outlined in the attached Service Fee Agreement.

Approval of Service Contract

5. The Service Fee Agreement (see attached) is approved.

This Resolution is hereby approved by the Isanti City Council this 7th day of November, 2017.

Attest:

SERVICE FEE AGREEMENT

This Agreement is entered into on the ____ day of November, 2017, by and between the City of Isanti (hereinafter "Client"), and Associated Financial Group (hereinafter "AFG").

A. AFG is primarily engaged in the insurance brokerage business.

B. AFG routinely helps its clients assess their insurance risks and needs, designs plans of insurance, and obtains cost quotes based on these plans, and places insurance with insurance carriers.

C. AFG is typically compensated for its efforts through the commissions or fees it receives in brokering the sale of insurance to its clients.

D. AFG has been discussing insurance risks and needs with Client, and Client has designated AFG to be its official Agent of Record, and has completed (or will complete) any forms necessary to do so.

NOW, THEREFORE, in consideration of the above recitals and the mutual promises and conditions contained in this Agreement, the Parties agree as follows:

1. **Client's Performance:** Client will provide AFG with, and give AFG full access to whatever information AFG reasonably determines is necessary to enable AFG to perform fully and effectively under this Agreement.
2. **AFG's Performance:** AFG will perform the services listed in AFG's Response to Request for Proposal (see attached), dated September 15, 2017, and to the extent not included or redundant, the "Broker Duties and Responsibilities" as listed on Page 5 in the City of Isanti Request for Proposal – Insurance Agent of Record (see attached) and the following:
    a. Advise and assist the city in assembling and accurately reporting underwriting data, including updating property values, for rating purposes.
    b. Advise and assist the city in evaluating and selecting among coverage alternatives such as deductibles, limits, optional coverages, alternative coverage forms, etc.
    c. Review coverage documents and invoices to assure coverage has been correctly issued and billed.
    d. Advise the city on potential gaps or overlaps in coverages.
    e. Assist the city as requested in submitting claims and interpreting coverage as applied to particular claims.
    f. Review loss reports for correct reporting, appropriate reserves, etc.

g. Assist as requested with safety and loss control activities.

h. Assist the city in identifying risk exposures and developing appropriate strategies to address those exposures.

AFG will require each of its agents, officers and employees to abide by Client's policies regarding respectful workplace and smoking, as well as all other reasonable work rules, safety rules or policies regulating the conduct of persons on Client's property at all times while performing duties pursuant to this Agreement. AFG agrees and understands that a violation of any of these policies or rules may constitute a breach of this Agreement and sufficient grounds for immediate termination of the Agreement by Client.

3. **Service Team:** It is anticipated that the key personnel in the service team shall be those listed in the Response to Request for Proposal. In the event of a change of personnel, Client shall be notified by AFG and the new representative shall be introduced to Client's staff that would work directly with the service team personnel. Client reserves the right to request new key personnel on its AFG service team at any time that it reasonably concludes the service by any particular service person is not sufficient.

4. **Acknowledgement:** Client acknowledges that AFG's promises, as set forth above, represent a significant investment of time, effort, and expense on the part of AFG, and are services for which AFG is normally compensated through the commissions it receives as a result of entering into a business/insurance agency relationship with its clients.

5. **Agreement Term and Termination:** The term of this Agreement shall be for a five (5) year period starting on November 1, 2017, and continuing through October 31, 2022. Either Party may terminate this Agreement upon ninety (90) days' written notice prior to November 1st of any year of the contract.

6. **Compensation:** Client acknowledges that AFG shall be entitled to compensation for the efforts it makes pursuant to this agreement, according to the following annualized fee schedule:

Annual Term	Fees Paid
2017-2018	$6,500
2018-2019	$6,500
2019-2020	$6,500
2020-2021	$6,500
2021-2022	$6,500

Associated

Benefits and Risk Consulting

7. **Payment:** The fees for any particular annual term (other than the 2017-2018 term) shall be invoiced to, and paid by, Client on or before November 1st of the year for which payment is being made.

8. **Confidentiality:** All information and advice exchanged between the Parties (including their agents and employees) shall be treated as confidential, and shall not be disclosed to third parties except: 1) as agreed upon in writing, 2) where necessary to accomplish the purposes of this Agreement, or 3) as required by law (including any applicable provisions of the Minnesota Data Practices Act (Minnesota Statutes Chapter 13)). In addition, each party agrees promptly to advise the other party in writing of any unauthorized misappropriation, disclosure or use by any person of Confidential Information which may come to its attention, and to take all reasonable steps to limit, stop or otherwise remedy such misappropriation, disclosure or use. The confidentiality provisions contained herein shall continue and stay in effect even after the expiration of this Agreement.

9. **Contracting Ethics.** None of Client's elected officials or employees who exercise any responsibility in the review, approval, or implementation of this Agreement shall participate in any decision that affects his or her direct or indirect financial interests.

   It is a breach of ethical standards for any person to offer, give, or agree to give any City employee or Council person, or for any City employee or Council person to solicit, demand, accept, or agree to accept from another person or agency, a gratuity or an offer of employment whenever a reasonable prudent person would conclude that such consideration was motivated by an individual, group, or corporate desire to obtain special, preferential, or more favorable treatment than is normally accorded the general public.

   AFG shall not assign any interest in this Agreement and shall not transfer any interest in the same without prior written consent from Client. AFG shall not accept any private client or project that may place it in ethical conflict with its representation of Client.

10. **Final Agreement:** This Agreement is an independent document that contains all of the covenants and agreements between the parties, and supersedes any and all other Agreements, whether oral or in writing, between the parties hereto.

11. **Disclaimer:** While knowledge of the legal, tax, and financial issues related to the products, services, and advice offered by Associated Financial Group is an important part of our expertise, the products, services, and advice themselves do not constitute, and should not be construed as providing, legal, tax, or financial advice. Client agrees that it will use the products, services, or advice offered under this Agreement at its own risk, and takes full responsibility for any use it may make of the products, services, or advice offered under this Agreement. Client acknowledges that, in providing products, services, or advice under this Agreement, AFG is not acting in the capacity of a fiduciary, and Client hereby waives any rights it may have to pursue any type of fiduciary claim against AFG.

Associated
Benefits and Risk Consulting

Client is seeking AFG's expertise and recommendations with respect to the products, services, and advice offered by AFG under this Agreement. However, AFG cannot control the manner in which Client may interpret or utilize the products, services, and advice offered by AFG under this Agreement.

Neither Party shall be liable to the other Party for punitive or exemplary damages or any special, indirect or consequential damages of the other Party. Instead, the Parties will be responsible to each other for the actual losses occasioned by the direct negligence of the responsible Party, or its employees, agents, or consultants, to the degree and proportionate extent that the losses are attributable to the responsible Party, or its employees, agents, or consultants.

12. **Modifications:** Any modification of this Agreement shall be effective only if it is in writing, signed and dated by all parties hereto.
13. **Jurisdiction:** This Agreement is to be construed pursuant to Laws of the State of Minnesota. Jurisdiction and venue for any claim arising out of this Agreement shall be made in the State of Minnesota.

By signing this Agreement, the Parties agree to the terms as set forth above.

MEMORANDUM

TO: Mayor George Wimmer
Members of the Isanti City Council

FROM: Ryan Kernosky, Community Development Director

DATE: November 7, 2017

SUBJECT: **RESOLUTION NO. 2017-XXX: A RESOLUTION TO AUTHORIZE THE REPAIR OF THE 2006 DODGE CHARGER**

The 2006 Dodge Charge that the City owns and is primarily used by the Code Enforcement/ Zoning Technician is in need of some serious repairs. Before the winter seasons gets here, we had John Hirsch's Cambridge Motors look at the vehicle and they found the following problems:

- Input Speed Sensor in Transmission is failing, cost to repair $1,300.00
- Oil Pressure Sending Unit, $234.62
- New Thermostat & Cooling system labor, $315.36
- New Fan Motor, $145.60
- Outer Tie Rods, $236.43
- Alignment, $94.45
- New Tires, $202.00
- **Total Cost: $2,528.46**

The Finance Committee has reviewed the estimates, and recommends repairing the vehicle.

RESOLUTION NO. 2017-XXX

A RESOLUTION TO AUTHORIZE THE REPAIR OF THE 2006 DODGE CHARGER

WHEREAS, the 2006 Dodge Charger is used on a regular basis by City Staff and is in need of repairs; and,

WHEREAS, the repairs needed include:

- Input Speed Senor for the Transmission
- Outer Tie Rods
- A New Fan Motor
- A New Thermostat
- An Alignment
- New Tires

WHEREAS, staff obtained quotes for the above-mentioned repairs; and

WHEREAS, the quotes were in the amount of $2,528.46; and,

WHEREAS, the Finance Committee met to discuss the repair and quotes and made the recommendation to repair the vehicle.

NOW, THEREFORE, IT IS HEREBY RESOLVED by the City Council of the City of Isanti, Minnesota as follows:

1. Hereby directs City Staff to coordinate the repair the 2006 Dodge Charger.
2. Authorize the Community Development Director to sign the required documents for such repair.
3. Authorize payment, if necessary, at time of services and prior to inclusion on the Accounts Payable listing.

Adopted by the Isanti City Council this 7th day of November, 2017.

Request for City Council Action- MEMO

To. **Mayor Wimmer and Members of City Council**

From: Josi Wood, Public Services Director/Asst. City Admin.

Date: November 7th, 2017

Subject: Resolution to Approve an Emergency Repair of a Storm Water Pipe Along East Dual Blvd

---

Recently Staff became aware that an 18" reinforced concrete storm water pipe was collapsed on the north property line of 400 East Dual Blvd NE. The section of pipe connects catch basin #688 to culvert #307. This section of pipe directs water flow off of East Dual Blvd. Engineering reviewed the collapsed pipe and recommended to perform the repair to prevent water from pooling and freezing on the street. They have solicited quotes and received one from Dirtworks, Inc. to perform the necessary repair before winter freeze to prevent an unsafe street condition. The quote is attached in the amount of $3,800.00-7,300.00. The work is expected to be at the lower end of their range, however, if the adjoining sections of pipe must also be replaced, the work could be at the high end.

Finance Committee Recommendation:
The Finance Committee recommends to repair the damaged pipe. The funding source is Storm Water 603-49500-400.

Request:
It is requested that City Council review and take action on this item.

Attachment:

- Resolution 2017-XXX – Resolution to Approve an Emergency Repair of a Storm Water Pipe Along East Dual Blvd

RESOLUTION NO. 2017-

A RESOLUTION AUTHORIZING THE EMERGENCY REPAIR OF A STORM WATER PIPE OFF OF EAST DUAL BLVD

WHEREAS, a broken 18" RCP storm water pipe was recently discovered on the East side of East Dual Blvd NE which connects catch basin #688 to culvert #307; and,

WHEREAS, it was determined that an emergency repair was necessary for public safety to prevent water from freezing on the street; and,

WHEREAS, engineering solicited contractors for quotes and obtained one quote from Dirtworks, Inc. in the amount, not to exceed, $7,300.00 dependent on unknowns once the pipe section was exposed; and,

WHEREAS, the Finance Committee recommended to move forward with the repair from Dirtworks, Inc.; and,

WHEREAS, the funding source is Storm Water, Ground Maintenance (expense code 400);

NOW, THEREFORE, IT IS HEREBY RESOLVED by the City Council of the City of Isanti, Minnesota to accept the invoice from Dirtworks, Inc. for repair of the storm water pipe along East Dual Blvd NE in the amount, not to exceed, $7,300.00.

This Resolution was duly adopted by the Isanti City Council the 7th day of November, 2017.

CITY OF ISANTI
PARKS, RECREATION, AND CULTURE BOARD
MEETING MINUTES
October 24, 2017
City Council Chambers

1. Meeting Opening.

A. Call to Order.
Garvey called the meeting to order at 6:00 p.m.

B. Pledge of Allegiance.
Everyone stood for the Pledge of Allegiance.

C. Roll Call.

Members Present:	Jennifer Garvey, Jeff Johnson, James Witte, and Mayor Wimmer
Members Absent:	Aaron Zdon
Staff Present:	Katie Everett, Community Events and Parks Coordinator

D. Agenda Modifications.
Garvey asked if there were any agenda modifications. There were none.

Motion by Wimmer, second by Witte to approve the October 24, 2017 Parks, Recreation, and Culture Board Agenda. Motion was unanimously approved.

2. Approval of Minutes from September 26, 2017 Parks, Recreation and Culture Board Meeting.

Motion by Wimmer. Second by Witte. Vote was unanimously approved.

3. Bike/Walk Trail Sign Redesign

Everett explained that we have ordered the small clean up after your dog signs; she wasn't sure if Public Works had gotten a chance to put them up yet. She ordered three, one would be placed right at that corner and the others possibly at the entrances to Bluebird Park because we see a lot of dogs in and out of there. Public Works has been very busy doing fall shut down things. Johnson said he just drove by and they aren't up yet. Everett explained they will get to them soon.

Everett directed their attention to the color attachment of the sign draft. She explained that without adding lots of colors and making this a very expensive sign, she added in some of the types of things you would go through on the trail. The icons can be anything, so if something else would make more sense to the board those can be changed out, or if there is something on the trail we should be highlighting that isn't on the sign we can add those kinds of things too. Using different kinds of patterns with the blue, green, and white outlines kind of helps out. She noticed that the print out came through wrong; the parking lots have a has pattern in them and Bluebird Park has stripes. Johnson asked if the road was where Mayor Wimmer said it should be; he confirmed that it is. Everett asked if there were other things they hoped to have on there. Garvey stated that the only other thing they talked about was having mile markers, and they don't necessarily need to be numbered 1 and 2, but just the mile marker type of thing so people have another distance. Garvey stated that otherwise she likes the additions that are included. Witte asked if there was an icon for cleaning up after pets, and if this icon was just stating that it's more of a pet-friendly park. Everett explained that this icon is leashing pets and there's an icon for everything. What we talked about last time were the little signs we ordered that say dog waste spreads disease, those will go up separately and will hopefully draw more attention to that issue. Johnson showed Witte the secondary sign from last meeting.

Everett stated that she had just taken the side-by-side up the trail yesterday, and it looks like we must have a bunch of coyotes around based on the feces on the trail. Mayor Wimmer stated that there was recently a story in Garvey's neighborhood that someone thought their dog was fighting with another dog and someone else told them there were coyotes in the area. Wimmer stated we have a lot of nature here. Johnson stated he watched a deer walk right down Main Street this week, and that's why he lives in Isanti.

Everett stated that if there were no other comments on the sign, she would add mile markers and bring it back in November and then get it ordered by the end of the year.

4. Isanti Rocks Program

Everett stated that there already has been a development on this. In August, we had a family come in that had been on vacation and they saw another city that did a rock program. The board may have seen these in other communities; people literally just paint pebbles. They put whatever they want on them and then they hide them. Wimmer stated that this would be done in an appropriate way. Everett stated that when people find them, they're encouraged to post a picture to a designated Facebook page and then rehide them. If the kids really love the rocks, they can keep them too. Probably on the Facebook page then would be an appropriate place to post the rules and objectives of the program. We wouldn't want people hiding them on private property, or big rocks in the middle of grass; and keeping them to community-appropriate kinds of things painted on them. Everett explained that she just got an email from this family today, and she is interested in seeing this happen and will help with getting rocks painted, but she is a little worried about the administration of a public Facebook page. However, yesterday Everett got a call from someone at the school district who works with the Moving Forward program, which is for special needs students who have graduated but they aren't in careers yet, so they're in that 18-21 age group. It sounds like they have a lot of artists in the group right now, and so she was independently wondering if they could do something like this. She is looking to do this district-wide. She has already talked to County Parks and Cambridge about doing it in their parks too. She is totally willing to do the Facebook page and get that out there. She is hoping that they could launch it to raise attention for their program, but then open it up for the whole community to participate in that.

Everett stated that there are kind of two things at play here. She said that our biggest concern is will we allow that in our parks and public spaces; and then, who will be monitoring that. Wimmer added, will it then be a third party who's doing it. If the City was going to do it as a Park and Rec program type thing, it would be headed up by Everett and all of that kind of stuff. When we met with that individual, it did seem like she was kind of in the mindset of, "Hey, this is cool," but wanting to hand it off to somebody. It was nice to get that kind of an idea, but we have lots of things going on. The way Wimmer would look at it, and Council would need to discuss it as well, if a third party wants to do something like this – great. They would need to be told it needs to be in these certain areas, it can't be on private property, that kind of thing. The best thing for them to do would be to get local businesses involved and do some hiding there as well. Either we're going to let them do their thing and let them go (which would be Wimmer's preference), or we head it up because we're going to have a lot of other strictures of how we're going to handle that. It's neat to hear that the person from the school district program is looking to do with it – he says let them run with it.

Everett asked if there are specific things that the board would like to pass on as the rules, or things we should make sure we're in front of. Wimmer stated that the thing with hiding rocks is that you want to put them with other rocks; that sounds kind of obvious, but we don't have a whole lot of places that are City property that have that, and the few places we do like at Legacy with those big rocks, we don't want them doing it there because they're not supposed to be on there in the first place. Partnering with the clinic would be great because they have all of the rock; any of the places with landscaping around might be a good place to go. Just thinking City property especially, there just isn't a lot that is that way. Garvey stated that she would direct that back to City staff as to where they think, and they are more the experts on

the liability types of issues because they'll be out mowing and maintain things. They understand where rocks should be and where rocks should not be. Everett asked if the board thought it would be okay if someone wanted to hide a rock in a hollow log or something out at Legacy; they are not in landscaping, but they're still hiding them. Wimmer said they can, but we can't have people in certain areas there. On the top at Legacy is where we have the Native American artifacts, so we're aren't supposed to have anyone walking through there. Everett clarified that it could be along right on trails; Wimmer agreed, or right by the trails. That might be kind of boring, but it gets them to go to the park. Everett stated that even so, if there are only a couple back there people will still be looking for a while to find them. Wimmer stated that as long as they understand where they can and can't go. Even at River Bluff park, we want to try to get people to stay on the trails there too.

Witte asked if this would be a year-round activity. Everett explained that it would. The person from the school district was looking this fall to get the permissions to do it, then over the winter work on painting rocks, and then do a big launch kind of thing in the spring. It wouldn't be something that every winter they go out and collect them or anything. Johnson asked if we're going to end up with random rocks laying all over the place. Wimmer explained that the way something like this is successful is if people know about it. They'll have to think about how they want to notify the public that they're doing it; which again, the best way to do that is to get one of the papers to cover it as a cool human interest story, but then again you only get about 10-15% of people that will see it. It'll be one of those things that year after year will grow. You get people to see it and they'll post it somewhere asking people what this is about. A program like this probably doesn't really get there until the third year in. Wimmer stated that he's seen dozens of things in this kind of realm, and people usual peter out after the first year because it's a disappointing first year. They see it someplace after it's been going on a decade or two, and then they think it should happen that way right away again. It's kind of like when we did the community garden; Wimmer told Council that in three years we'll get full. It takes a while for people to get these things into their psyche. As long as they understand that and there are realistic expectations.

Everett stated that she wasn't sure how feasible it was, but the proposal of the plan that we got did talk about having somewhere on the rock somehow explaining what is going on. That would depend on what rock it is; you could maybe put post on Facebook or something on it so maybe that triggers something. You don't have a whole lot of space to communicate with people. Wimmer stated he has seen one community in Washington that had more of a slate-like thing and they had sticker that adhered to that. It wasn't a rock surface though; he didn't know how that would work. The rocks are not that big.

Everett stated that she was on board with letting someone else take this and run with it; and if it helps the Moving Forward program too, that is great. The person from the school district seems like she has it put together and is ready to go with it. Wimmer stated it's kind of like movie nights – it depends on the group that is coming. The more successful nights are because the organization that's running the snacks communicates it out to everybody. It'll be up to this group to make it successful. Witte added that another thing to consider is how many rocks they're thinking; 10, 15, 20, starting out with 5. Everett stated she thinks it depends on how excited the community gets about it; if the program has all winter paint rocks it might be a lot. They're also going to go district wide, so they'll probably start with a whole bunch of rocks and then distribute them around the county. Wimmer stated that it really needs to be hundreds for it to matter. Putting 5 or 10 out, even just in Isanti, that's not very much to get people into it. Everett explained that the person from the school district said she has a 5-gallon bucket of rocks coming.

Everett asked if there is anything from this that needs to go to Council. Wimmer stated that I think what we would do is about a month before they're ready to start and they know it's going to be a thing to get a hold of us, and then we as a Park Board will discuss it. Maybe even have her come in and tell us how they're going to do it and we can have a conversation with her. The Park Board would then make a recommendation to Council, and that's another way for her to get free press. She could also come to the

Council and give a presentation and that would be a way to get in the paper for sure. Garvey agreed that having her come in would be a really good thing.

5. Parks Updates

Everett explained that the first movie night was very successful. We had 54 people come. The Girl Scouts were volunteering. Everett did a quick crowd survey before she started the movie; she thought about one third of the people there were with the Girl Scouts and almost everyone else heard about it on Facebook. She did a $15 Facebook ad, and that seemed to have really reached some people. She will plan to continue that. Many people who came to this one had never been to movie nights before, so hopefully they will continue to come back. We currently do not have a volunteer group for November. Johnson asked how many volunteers are needed. Everett stated that we typically asked for 3 adult volunteers, and then however many kids want to come are welcome to clean up popcorn afterwards. She stated that the Ambassadors just signed up for April, which is Beauty and the Beast. Heavenly Sunshine is coming back, and the New Hope family group is coming too. There are still a couple left to fill. The Girl Scouts will be getting $60-some for coming, so that was a good start.

Everett explained that she sent the board an email with pictures, and it shows that Academy Park is complete. The engineers as of today, have checked everything off. Our zoning is good for everything they've put up. She talked with the City Attorney today, and it looks like the process to have the title switched over is longer than she hoped. We will get that done as fast as we can, but we now have to go back and work with a guy who is in D.C. to get all of the title papers and things. We'll do that as quickly as we can. Everett said we would like to do a grand opening event, at this point she is thinking it might be better done in the spring and maybe make it a little bigger deal, but we'll see how fast we can get everything through. We have signs coming for out there, but it looks like it's going to be at least two weeks before we can get all of the closing documents done. Wimmer asked who was involved with the paperwork and what the hang-up was. Everett said there isn't a hang up so far, she just didn't know before that this paperwork had to be done. Everett said she didn't want to do the grand opening and tell people they can start using it before we have all of that officially done. Johnson asked if she had seen it yet; she said that she has. Wimmer stated he has as well. Johnson said he just drove by it today and it looks really good. Everett agreed that it does. She added that there had been one place on the trail that looked like it wasn't going to drain very well, so she asked the engineers about it and now the trail has been redone there. Everything looks really good; we'll be getting the Academy Park sign and the sign that explains the hours out there.

Everett explained that summer events are already on her mind. We'll be getting the dates set. We're working on the community center calendar for next year and all of that kind of stuff is starting to happen as other events in town are getting planned. It's always good to get those out as soon as we can. For the most part, things will be kind of the same weekends as this year. We will officially set all of those soon.

Everett said that another question for the board that didn't make the memo was what we would like to do with ice this winter. She explained that we took down the rink boards after last year. We have the place for the pleasure rink. It sounds like last year was a challenge getting any good ice in there. The Public Services Director asked her to ask the Board for direction on ice this year. Wimmer asked what that means. Johnson asked if we even have an ice arena here. Wimmer explained that we have a pleasure rink, which we have a liner, and then that is just pleasure skating where you're not supposed to play hockey. He explained that what we took down last year were the boards for the ice arena, and the ice for that is always a lot more challenging because you get the reflection off the boards. We have had a couple of more mild winters. Long term, at some point, if there is going to be a hockey rink again would be in the grassy area over by the changing room. In our discussions before we talked about if it's possible to move the pleasure rink there. He asked Everett if there is a natural bowl where it's at now. Everett said that there is not. She explained that this is a two part thing. In moving the pleasure rink, we determined that there are no lights back there and winter is always dark. So, until we can get some money for lights, does

it make any sense to put it there? She explained that we don't have money for lights right now. Where it currently is, there is not a natural bowl. Public Works does a little bit of berming with some snow at this point. If we do want to keep it there, and can get permission to do some more dramatic berming, that would help get some ice in there. Wimmer stated that the other part was that it was supposed to be ice in winter and sand volleyball in summer; that was the original plan we've just never done the volleyball. The original plans also said that the open area across from the pine trees was supposed to be a little league baseball field. Obviously, things change. But it's supposed to be a dual-use spot; and this was before Wimmer was here, they were trying to make it a multi-seasonal, multi-use space in that park as possible. Everett explained that another consideration with moving it is that the closest hydrant is next to where the current pleasure rink is, so if we move it over we'll have to get water to that somehow. She thought the engineer said something like $10,000 to get another hydrant over there. Wimmer stated that he doesn't skate, but what he's always heard is that the changing room is so far away. Everett says that it makes sense, and since we have it, it would be nice if it was usable. However, at this point, will anyone use a rink only during the day during the winter? Garvey stated that it would only be weekends because the kids are in school, and the holiday break is the only time they would utilize it. Wimmer asked if it was about two to two-and-a-half months of decent ice weather. Garvey stated that it's usually mid-December to President's Day. Most other cities are done President's Day. Wimmer stated that if the question is if we are going to have a pleasure rink, we will have one. If that's the only place it can be, that's the only place it can be. Garvey stated that the thing she would like to look at - and it maybe wouldn't be this fall, but if it's going to be more where we're not going to have a volleyball court there and that area is going to be used more just for pleasure rink – is for the parks during the summer/spring to move that dirt around and to make more of a natural berm since that's the only thing that's going to be there. It would be easier then for them to create ice. Wimmer stated that even in our discussion about the hockey rink is how much space to we have dedicated to this. One of the things we liked about doing the wood board and putting it up each year is that it can get used the rest of the year. If we have something that is two to three months, then we have eight to nine months that it should be getting used for something else. That's why the berming and that kind of thing, it cuts back on the year round use. He thinks the reason that they planned for sand, is maybe that's something that could be molded better. If it's sand there, can you do something with the sand where you berm that up, and then you put your liner in and you do your rink that way. Garvey stated that sand isn't going to be the best, but she didn't realize we had a liner. Everett stated that she didn't know we had a liner either. Wimmer stated that we do, we bought one. Garvey explained that any other outdoor facility in any other city is just dirt. So she is saying that even just a small amount of dirt where you don't have a natural berm will help keep that water in. Sand, to her, will be more absorbent of the water, but once it's frozen it should be okay. If there's a liner, then that solves that issue already. Everett asked what the board thought about for this winter – can we bring in something to do a temporary berm or no? Wimmer asked what "something in" means. Garvey asked if we had a rink last year. Everett said we did, and it was really hard to get ice in it. Wimmer says we have one every year, and that has nothing to do with a berm it has to do with temperature. Everett says that it does because there's not a bowl there. They had to somehow get the water to stay in place until it froze and it took a long time. Wimmer said he didn't agree with that. Garvey asked why it was just last year, that should be a recurring problem. Everett stated that she thought it has been a recurring problem. Wimmer stated that he's never been told we have this kind of problem so we obviously have a communication issue someplace. His understanding is that they put down a layer, it freezes, put down a layer, it freezes, put down a layer, it freezes. It is labor intensive thing, but if you have a bowl, I don't know how that changes a lot. The biggest thing we run into is that it's not cold enough to make ice, or the crazy thing that it gets so cold where you really can't make good ice either. He said this is the first he's heard that we've had really any issues with the pleasure rink. Everett stated that she is not the one that floods it, but she was told that the water was draining out one side of it and that makes it very hard to make a pleasure rink. Garvey said that what she understands a lot of departments will do is to create that berm with snow. So you have to wait for snow, but then you're still at Mother Nature's beckon call. Johnson asked when they usually start ice build up. Everett stated, when it gets cold. Garved added, usually mid-December. If you can get ice by mid-December, you're doing really, really good. Usually right around Christmas is when most municipal

and outdoor ice is able to be skateable. Johnson said he's not a skater, but he has family members who are and he thinks he could draw them out with an ice rink. He will get nosey come December and see how they're doing. Wimmer stated that last year was pretty warm until the last week of December or so. Cambridge has refrigerator rinks which are awesome, crazy expensive, but they're awesome. Then you're kind of guaranteed about three months. Garvey agreed that they were anticipated from November to March, but she hasn't heard when they're going to start.

Johnson said he was curious how the Farmers Market did now that it's all done and said. Everett said that it was very good. She met with the vendors and the end of the market and all of the returners from last year saw increases. One of them told her he had a 300% increase over last year; another is doing as well here as in Elk River. We had lots of customers who had never come to the market and didn't know we had one before. It was definitely a good move. She hasn't heard from any vendors that aren't coming back next year. Overall a very good season.

8. Adjournment

Motion by Wimmer, second by Johnson to adjourn the October 24, 2017 meeting of the Parks, Recreation, and Culture Board. Motion was approved.

The meeting adjourned at 6:37 p.m.

Dated at Isanti, Minnesota this 24th day of October, 2017.

Respectfully submitted,

Katie Everett
Community Events and Parks Coordinator

CITY OF ISANTI
PLANNING COMMISSION
MEETING MINUTES
October 17, 2017

1. Meeting Opening.

A. Call to Order.

Chairman Wimmer called the meeting to order at 7:56 p.m.

B. Pledge of Allegiance.

Everyone rose for the pledge of allegiance.

C. Roll Call.

Members Present: George Wimmer, Dan Collison, Ross Lorinser, Paul Bergley, Jim Kennedy Jeff Miller, Steve Lundeen.

Members Absent:

Staff Present: Ryan Kernosky, Community Development Director

1D. Agenda Modifications.

None

Motion by Collison, second by Lundeen to approve the Meeting Agenda. Motion was unanimously approved.

2. Approval of Minutes from September 19th, 2017 Planning Commission Meeting

Motion by Lorinser, second by Lundeen to approve the Meeting Minutes. Motion was unanimously approved.

3. Public Hearing

A. None.

4. Other Business.

A. Planning Commission Resolution Concerning the Sale of Property Tax Identification Number 16.029.0101 to be Platted as Lot 1, Block 1, Isanti Hotel Addition to Isanti Hotel Partners LLC.

Mayor Wimmer explained that this Resolution provides City Planning Commission approval that this redevelopment project is consistent with the City's Comprehensive Plan and Future Land Use Plan.

Community Development Director Kernosky stated that this redevelopment project is consistent with the City's Comprehensive Plan and Future Land Use Plan.

Motioned by Lorinser, second by Bergely to approve the Planning Commission Resolution Concerning the Sale of Property Tax Identification Number 16.029.0101 to be Platted as Lot 1, Block 1, Isanti Hotel Addition to Isanti Hotel Partners LLC.

5. Other Communications.

A. None.

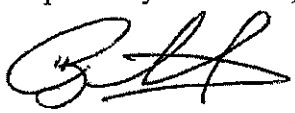
6. Adjournment

Motioned by Lundeen, second by Lorinser to adjourn the September 19, 2017 meeting of the Planning Commission. Motion was unanimously approved.

The meeting adjourned at 7:57 p.m.

Dated at Isanti, Minnesota this 18th day of October, 2017.

Respectfully submitted,



Ryan Kernosky
Community Development Director

5. CITY OFFICES CLOSED	Thursday & Friday, Nov. 23 & 24, 2017 *(In observance of the Thanksgiving holiday)*

I. Council Committee Reports

None.

J. Public Hearings

1. **<u>Resolution 2017-268</u> Adopting the Assessments for the 2017 Palomino Road Street and Utility Improvement Project**

City Engineer Brad DeWolf explained the assessment hearing was regarding the improvements on Palomino Road from trunk Highway 65 to Railroad Avenue. The work included roadway reconstruction, a 5' sidewalk, and some utility improvements associated with the water main. City Code states that no assessments are made for sidewalks and the City Council chose not to assess property owners for the water main. According to City Code, there is a 25% assessment cost for work on City streets, which came out to a cost of $3298.20 per parcel. Due to a favorable bid, this is approximately $358 less per parcel than was first expected.
Mayor Wimmer opened the Public Hearing at 7:02 p.m.

George Hemen said he did not have an objection to the assessment but he requested clarification from City Administrator Don Lorsung regarding the letter he received which stated it was a "special assessment". Mr. Lorsung explained "special assessment" was just wording that meant assessment. Mr. Lorsung verified with City Attorney Clark Joslin that the assessment for Mr. Hemen's property would be deferred until his property was annexed into the City of Isanti, as he was not technically a City resident yet. Mr. Joslin agreed that was the case.

Mayor Wimmer closed the Public Hearing at 7:07 p.m.
Councilmember Lorinser asked why the statute number Mr. Hemen referred to was different than what was in the letter. Mr. Hemen said he printed the statute off from on-line but there seemed to be more than one. Councilmember Lorinser then asked if the assessment letter sent to all property owners was the same. Mr. Lorsung said all the letters had the same information on them for all property owners.

Randy Arthur asked if Palomino was designed for semi-truck travel. Mr. Wolf explained it was an all-season, full capacity road which meant it was designed to handle heavier loads including semi-trucks. Mr. Arthur then asked if the businesses received an assessment. Mayor Wimmer said the assessment specifies affected property owners pay 25% and the other 75% is paid for by the City, which includes other City taxpayers.
Motion by Lorinser, second by Collison to approve the request as presented. Motion carried.

K. Business Items

1. <u>Resolution 2017-269</u> Approval for Boxes of Coats for Kids-Donation to Police Department

Rick Dassinger from the local Knights of Columbus chapter said the donation box is to collect winter coats for children in need that live in the City of Isanti area. Police Chief Gene Hill explained this is the third year for the program and that hundreds of jackets have been given out over the last few years. The coats are collected from the community and then distributed anonymously to children in need that have been identified by school employees, social workers, and the school resource officer. Hats and gloves donated by Cambridge-Isanti schoolteachers are distributed to kids at the same time. Mayor Wimmer told Mr. Dassinger that what the Knights of Columbus were doing was fantastic and was greatly appreciated.
Motion by Lundeen, second by Lorinser to approve the request as presented. Motion carried.

<u>City Administrator Don Lorsung</u>

2. <u>Ordinance No. 681</u> Annexation of Land Pursuant to MN Statute §414.033 SUBD. 2(2)

Mayor Wimmer said this ordinance was regarding the annexation of land which included Sandbrook Golf Course. The Council had looked at what the monthly storm-water fees would be for this parcel after hearing concerns from the property owner. It was determined that the monthly storm-water fees would be $19.61 cents per month versus the $3.05 paid by residential units due to the amount of land involved. Councilmember Bergley asked if there were any other costs

associated with this property if annexed. Mayor Wimmer said the property owner would be paying a City rate rather than a Township rate for property taxes.

Motion by Lorinser, second by Collison to approve the request as presented. Motion carried.

L. Approve Consent Agenda

1. Consider Accounts Payable in the Amount of $1,159,337.43 and Payroll in the amount of $193,602.45
2. Consider Contractor Pay Request No. 1 2017 Pavement Management Project to Astech Corp. in the amount of $150,832.33
3. Final Meeting Minutes for the September 19, 2017 Planning Commission Meeting
4. Final Meeting Minutes for the September 26, 2017 Parks, Recreation and Culture Meeting
5. **Resolution 2017-270 Petitioning the Minnesota Office of Administrative Hearings for Annexation of Certain Portions of Isanti Township to the City of Isanti Pursuant to MN Statutes §414.0325**
6. **Resolution 2017-271 Cancelling Debt Levy Requirements for General Obligation Bonds; 2008A**
7. **Resolution 2017-272 Reducing Debt Levy Requirements for General Obligation Improvement Bonds; 2011A**
8. **Resolution 2017-273 Approving Certification of Delinquent Charges for City Services and Unpaid Nuisance Abatement Charges Collectible in 2018**
9. **Resolution 2017-274 Accepting $1,388.43 Department of Justice - Bulletproof Vest Partnership Grant**
10. **Resolution 2017-275 Authorizing Offering Three Isanti Police Department Volunteer Reserve Unit Positions to Qualified Candidates**
11. **Resolution 2017-276 Approving a Service Contract and Appointing an Agent of Record for Commercial Liability Insurance Services**
12. **Resolution 2017-277 Approving a Check be Written to Girl Scouts for Volunteering at the Community Movie Night**
13. **Resolution 2017-278 Approving the Resignation of Liquor Store Clerk II Carla Golden**
14. **Resolution 2017-279 Accepting Flat Filing Cabinet Donation from Advanced Telemetry Systems Inc.**
15. **Resolution 2017-280 Approving Repair on 2006 CEZT Dodge Charger**
16. **Resolution 2017-281 Approving Emergency Repair of a Storm Water Pipe Along East Dual Blvd.**

Motion by Bergley, second by Collison to approve Consent Agenda as presented. Motion carried.

M. Other Communications

1. Draft Meeting Minutes for the October 24, 2017 Parks, Recreation and Culture Meeting
2. Draft Meeting Minutes for the October 17, 2017 Planning Commission Meeting

Adjournment

Motion to adjourn by Lundeen, second by Bergley. Motion carried. The meeting was adjourned at 7:16 p.m.

Request for City Council Action

To: Mayor Wimmer
Members of the City Council

From: Katie Everett
Community Events & Parks Coordinator

Date: November 21, 2017

Subject: A Resolution Accepting Picnic Table Donations from Cambridge-Isanti Rotary Club

---

Background

The City was approached by the Cambridge-Isanti Rotary Club with an offer to donate equipment for the parks. City staff assessed the current inventory of park picnic tables and benches and determined that the highest need is additional picnic tables (including wheelchair accessible). The Rotary is able to donate three standard tables and two wheelchair accessible tables for use in the parks.

Staff Request

City staff is requesting that council approve the donation of five picnic tables from the Cambridge-Isanti Rotary Club.

- Resolution No. 2017-XXX

RESOLUTION 2017-

A RESOLUTION ACCEPTING PICNIC TABLE DONATIONS FROM CAMBRIDGE-ISANTI ROTARY CLUB

WHEREAS, MN Statute 465.03 requires that cities accept donations for the benefit of its citizens in accordance with the terms prescribed by the donor; and,

WHEREAS, the City of Isanti has worked with the Cambridge-Isanti Rotary Club to assess the current needs of the parks, and determined that additional picnic tables will be an asset to park visitors and event attendees; and,

WHEREAS, the Cambridge-Isanti Rotary Club is donating three standard and two wheelchair accessible picnic tables with Rotary logos;

NOW, THEREFORE, IT IS HEREBY RESOLVED by the City Council of the City of Isanti, Minnesota, to accept the above donations of five picnic tables by the Cambridge-Isanti Rotary Club to be used at Isanti's parks and City of Isanti events.

This Resolution hereby approved by the Isanti City Council this 21st day of November, 2017.

Request for City Council Action

To: Mayor Wimmer
Members of the City Council

From: Katie Everett
Community Events & Parks Coordinator

Date: November 21, 2017

Subject: A Resolution Approving a Special Event Permit Application for Art and Science Academy 5K Color Run

Background

The City received a special event application from the Art and Science Academy looking to host a 5K Color Run on Saturday, April 28, 2018. The event will be about four hours long. The 5K will start and end at the south end of the Cambridge-Isanti Bike/Walk Trail with a color blast station. The color used will be a mixture of corn starch and food coloring that should wash away with any rain. Participants will sign a waiver. Fees will be collected for t-shirts and race bibs; all race proceeds will go to the Arts and Science Academy. Some additional activities such as a silent auction or bake sale may occur at Bluebird Park pavilion. Volunteers and school staff will aid with clean-up after the event is completed. The applicant has submitted the $100 clean up deposit.

The event organizers will need to provide additional information prior to the event. Confirmation of event parking areas will need to be submitted; if organizers wish to use the Isanti Soccer Complex lots, they will need to provide written permission from Cambridge-Isanti Soccer Club. As attendee estimates become more apparent, additional restrooms may need to be required. Organizers cannot plan to use the soccer complex portable restrooms without written permission.

All scheduled events occurring on the Cambridge-Isanti Bike/Walk Trail require approval by both the City of Isanti and the City of Cambridge, per the Joint Powers Agreement. The City of Cambridge has been contacted about this event as well.

An additional Special Event Temporary Sign Permit will need to be filed if any signs will be posted for the event. If organizers do wish to utilize the Bluebird Park Pavilion, they will need to submit a Park Reservation form as well.

A copy of the application and department approval has been attached for City Council review.

Staff Request

City staff is requesting action on this item.

RESOLUTION 2017-

A RESOLUTION APPROVING A SPECIAL EVENT PERMIT APPLICATION FOR THE ART AND SCIENCE ACADEMY 5K COLOR RUN

WHEREAS, Art and Science Academy will be holding a 5K color run on Saturday, April 28, 2018; and,

WHEREAS, the estimated number of participants 100-300; and,

WHEREAS, the 5K color run route will be an out-and-back on the Cambridge-Isanti Bike/Walk Trail starting and finishing at the south end of the trail and Isanti Parkway and 3rd Avenue; and,

WHEREAS, additional activities may take place in Bluebird Park; and,

WHEREAS, volunteers and school staff will clean-up after the event, and the organizers have submitted the $100 clean up deposit;

NOW, THEREFORE, IT IS HEREBY RESOLVED by the City Council of the City of Isanti, Minnesota, to hereby approve the application for the Art and Science Academy 5K Color Run to be held on April 28, 2018 with the following conditions:

- Additional portable restrooms are provided by the event organizers according to the attendance expected OR organizers submit written permission from Cambridge-Isanti Soccer Club allowing use of their units.
- A parking plan is submitted by April 6, 2018; any parking at Isanti Soccer Complex will need written permission from Cambridge-Isanti Soccer Club.
- And event signs will require a Special Event Temporary Sign Permit and fee.
- If organizers wish to have additional activities in Bluebird Park, the pavilion will need to be reserved with a Park Shelter Reservation form.
- Approval for use of the Cambridge-Isanti Bike/Walk Trail is given by City of Cambridge as required by the Joint Powers Agreement.

BE IT FURTHER RESOLVED by the City Council of the City of Isanti, Minnesota that this Resolution is hereby the 'Permit' for the above stated Special Event.

This Resolution hereby approved by the Isanti City Council this 21st day of November, 2017.

Subject: Special Event Request - Art and Science Color Run
Importance: High

Good afternoon,

I have received an application for a Special Event Permit for a color run from the Arts and Science Academy. The event is scheduled for April 28, 2018; however, we're hoping to get the permit through Council next week so they can get their contract with the race company filed by December 1st. They're planning to do a down and back on the Cambridge-Isanti Bike/Walk Trail starting at the Isanti end (intersection of Isanti Pkwy and 3rd Ave). They have not indicated that there will be an EMS services at the event – please advise to whether or not this will be required. They are also thinking about doing additional activities in Bluebird Park, so it may be useful to have PD support getting participants from the trail into Bluebird Park as needed. I plan to conditionally approve this permit to obtain some other documentation from them before the event; if there are items required but not currently included, let me know and we will make those part of the conditions.

Please respond with your comments and/or approval by noon on Wednesday (11/15) if possible.

Thank you!

Katie Everett
Community Events and Parks Coordinator

-EVENT SPONSOR-
RELEASE AND INDEMNIFICATION AGREEMENT

City of Isanti

THIS IS A RELEASE OF LIABILITY INDEMNIFICATION AGREEMENT. SPECIAL EVENTS HOLDER MUST READ CAREFULLY BEFORE SIGNING.

In consideration for being permitted to engage in the following special event activities on property owned by the City of Isanti:
Run/Bike path from Soccer feild to 1.5 miles and back again. Will do a color blast where everyone throws a packet of color. We will do this away from Soccer feild. This is Not Paint. Will not destroy Property.
Special Events Holder hereby acknowledges, represents, and agrees as follows:

A. We understand that the above described activities are or may be dangerous and do or may involve risks of injury, loss, or damage to us and/or third parties. We further acknowledge that such risks may include but not be limited to bodily injury, personal injury, sickness, disease, death, and property loss or damage, arising from the following circumstances, among others:
everyone doing the race will be singing a Waiver as well.

(Special Events Holder Initials Here) JK

B. If required by this paragraph, we agree to require each participant to our special event to execute a **RELEASE AND INDEMNIFICATION AGREEMENT** for ourselves and for the City of Isanti, on a form approved by the City of Isanti.

Participant Release and Indemnification required? YES [X] NO [ ]

(Special Events Holder Initials Here) JK

rcd 11/14/17

H. We understand and agree that this **RELEASE AND INDEMNIFICATION AGREEMENT** shall be governed by the laws of the State of Minnesota and that jurisdiction and venue for any suit or cause of action under this agreement shall lie in the courts.

(Special Event Holder Initials Here) LK

I. This **RELEASE AND INDEMNIFICATION AGREEMENT** shall be effective as of the date or dates of the applicable special event, shall continue in full force until our responsibilities hereunder are fully discharged, and shall be binding upon us, or successors, representatives, heirs, executors, assigns, and transferees.

(Special Event Holder Initials Here) LK

IN WITNESS THEREOF, THIS RELEASE AND INDEMNIFICATION AGREEMENT is executed by the special event holder, acting by and through the undersigned, who represents that he or she is property authorized to bind the Special Events Holder hereto.

Below you will find more information on the color and how it's distributed and cleanup. With over 1000+ My School Color Runs held in the past 2 years we have not received any complaints about staining or damage from the color. It's very simple ingredients. The key distinction for this event, especially when obtaining approval, is that is not paint - it is food coloring mixed with corn starch for the color powder packets and liquid food coloring mixed with water for the liquid color portion of the event. It is food coloring that is used in baking and easily rinses away.

Overview of color: Our My School Color Run has 2 color components. First, there is the liquid color (liquid food coloring mixed with water/(red, blue, yellow, and green colors available, your choice) which is sprayed on the kids throughout the course. We will provide you with qty. 8 sprayers (these are 1-gallon containers and you fill them up with the liquid color, hand pump them a few times and then spray) for 4 liquid color stations along the course, so 2 sprayers at each station. Most of this color ends up on the kids as it is sprayed directly at them. This is food coloring that is used in baking and can be purchased at any grocery store. Most of the liquid color will end up on the participants so this is not a big mess and it can be rinsed away.

The second color component is the individual powder color packets (the color powder consists of corn starch mixed with food coloring and there are 7 colors to choose from: red, yellow, orange, teal blue, purple, pink, and green). We will provide you with 1 of these packets for every participant. These packets are typically used at the finish line and everyone throws their color powder from the packets in the air simultaneously for the final color celebration. The coloring used in the color powder is also food coloring that is used in baking.

This event is **not** similar to the larger color run events where at those larger color run events, the powder color is distributed all along the course and with machines - this event is on a much smaller scale. The color powder will be contained to the finish line area and each participant will have 1 packet to throw in the air. This is easy to clean up.

We recommend that the kids with asthma / breathing issues not be in the middle of the final color powder celebration at the finish line but on the edges as they would avoid any really dusty situation.

8) Can we use our school track for the event? What about artificial turf?

No, you should **not** use your school track as part of this event. There are so many different types of tracks & surface compositions we cannot guarantee that the color will not stain a track. Also, even the mention of any color near or on a track, in our experience, has created problems for event organizers. We recommend that the liquid color stations and finish line be on a grassy area for ease of cleanup (rinse away or let mother nature wash it away or let the grass grow out and mow it away). No, this event should **not** be held on an artificial turf surface.

We will use grassy area away from soccer field

9) Can we use city streets for our event?

Yes, some clients do have their events on city streets. Please be aware that choosing to have your event on city streets can add to your planning time and expenses. There are typically additional permits to be obtained, approvals, additional insurance and added expenses for police details and/or road closures. Most of our clients use their school grounds or even the grounds of a nearby, larger school if more space is required.

Memo to: City of Isanti
From: Sue Mackert, Board Chair, Art & Science Academy

Monday, November 13, 2017

On behalf of the board of directors of Art & Science Academy, Isanti, I am pleased to give full support to the school's Parent Advisory Committee (PAC) for application to the City for services related to a 5K walk/run fundraiser and public event.

Lori Kenison, PAC board and parent representative on the school board will be your primary contact person.

We will make certain that all aspects of the run will be secure and safe for attendees and crowds. We are pleased to play a vital role in the educational system offered to Isanti families and appreciate the ongoing support of the City.

Please join us April 28, 2018 for a healthy and fun community event.

Date: November 21, 2017

Subject: Resolution Approving a Special Event Permit Application for the BMX Fire and Ice Series Final

---

Background

Rum River BMX Association will be hosting the Fire and Ice Series Final on December 9, 2017 from 9:00 am to 5:00 pm. The estimated number of individuals in attendance is 900. Parking for the event will take place at the Isanti Indoor Arena lots and at the south Bluebird Park lot.

Restroom facilities will be provided by the Association for the event through Absolute Portables. The Association will be responsible for upkeep of all restroom facilities over the course of the event, including those on the south end of the Isanti Indoor Arena. The Association will be responsible for clean-up of the event areas; the $100 clean up deposit is on file. The standard public addressing system will be used throughout the event.

Any event signage will require a Special Event Temporary Sign Permit.

Special Event Permit application materials, including an event map, have been included for Council review.

Staff Request

City staff are requesting City Council's approval of the Special Event Permit application for the Fire and Ice Series Final.

RESOLUTION 2017-XXX

RESOLUTION APPROVING A SPECIAL EVENT APPLICATION FOR THE MN STATE SERIES QUALIFYING RACE

WHEREAS, Rum River BMX Association submitted a Special Event application on November 8, 2017 requesting approval to host the Fire and Ice Series Final; and,

WHEREAS, the event is scheduled to take place on Saturday, December 9, 2017 from 9:00 a.m. to 5:00 p.m. at the Isanti Indoor Arena located at 101 Isanti Parkway NW; and,

WHEREAS, the estimated number of people to be in attendance is 900; and,

WHEREAS, the applicant would be required to provide additional portable restroom facilities for the event, in which the applicant will be contacting its current supplier to do so prior to the event; and,

WHEREAS, parking for volunteers, spectators, and participants will be at the Isanti Indoor Arena parking lot with overflow at the south Bluebird Park parking lot..

NOW, THEREFORE, IT IS HEREBY RESOLVED by the City Council of the City of Isanti, Minnesota to approve the special event request for the December 9, Fire and Ice Series Final event with the following condition:

- No signage shall be posted for the event, unless allowed under Zoning Ordinance section 16, or a Temporary Sign Permit Application and fee are submitted.

AND FURTHERMORE, IT IS HEREBY RESOLVED by the City Council of the City of Isanti, Minnesota that this Resolution is hereby the "Permit" for the above stated Special Event.

This Resolution is hereby approved by the Isanti City Council this 21th day of November, 2017.

Attest: Mayor George A. Wimmer

Katie Brooks
Human Resources/City Clerk

A Community For Generations.

Subject: Special Event Permit

Good afternoon,

I have just received a special event permit application from Rum River BMX. They are planning to host a Fire and Ice final on Saturday, December 9. They are anticipating about 900 people. They haven't requested any additional services, but have stated that Police Reserves are welcome if available. They'll plan to have overflow parking in the south lot at Bluebird Park.

Please respond with your comments or approval at your convenience.

Thank you!

-EVENT SPONSOR-
RELEASE AND INDEMNIFICATION AGREEMENT

City of Isanti

THIS IS A RELEASE OF LIABILITY INDEMNIFICATION AGREEMENT. SPECIAL EVENTS HOLDER MUST READ CAREFULLY BEFORE SIGNING.

In consideration for being permitted to engage in the following special event activities on property owned by the City of Isanti:
BMX racing

Special Events Holder hereby acknowledges, represents, and agrees as follows:

A. We understand that the above described activities are or may be dangerous and do or may involve risks of injury, loss, or damage to us and/or third parties. We further acknowledge that such risks may include but not be limited to bodily injury, personal injury, sickness, disease, death, and property loss or damage, arising from the following circumstances, among others:
BMX Racing

(Special Events Holder Initials Here) _____

B. If required by this paragraph, we agree to require each participant to our special event to execute a **RELEASE AND INDEMNIFICATION AGREEMENT** for ourselves and for the City of Isanti, on a form approved by the City of Isanti.

Participant Release and Indemnification required? YES ☑ NO ☐

(Special Events Holder Initials Here) _____

C. We agree to procure, keep in force, and pay for special event insurance coverage, from an insurer acceptable to the City of Isanti, for the duration of the above described activities.

(Special Events Holder Initials Here) _____

D. By signing this **RELEASE AND INDEMNIFICATION AGREEMENT,** we hereby expressly assume all such risks of injury, loss, or damage to us or any related third party, arising out of or in any way related to the above described activities,

whether or not caused by the act, omission, negligence, or other fault of the City of Isanti, its officers, its employees, or by any other cause.

(Special Event Holder Initials Here) _____

E. By signing this **RELEASE AND INDEMNIFICATION AGREEMENT,** we further hereby exempt, release and discharge the City of Isanti, its officers, and its employees from any and all claims, demands, and actions for such injury, loss or damage to us or to any third party, arising out of or in any way related to the above described activities, whether or not caused by the act, omission, negligence, or other fault of the City of Isanti, its officers, its employees, or by any other cause.

(Special Event Holder Initials Here) _____

F. We further agree to defend, indemnify and hold harmless the City of Isanti, its officers, employees, insurers, and self insurance pool, from and against all liability, claims, and demands, court costs and attorney fees, including those arising from any third party claim asserted against the City of Isanti, its officers, employees, insurers or self insurance pool, on account of injury, loss or damage, including without limitation claims arising from bodily injury, personal injury, sickness, disease, death, property damage or loss, or any other loss of any kind whatsoever, which arise out of or are in any way related to the above described activities, whether or not caused by our act, omission, negligence, or other fault of the City of Isanti, its officers, its employees, or by any other cause.

(Special Event Holder Initials Here) _____

G. By signing this **RELEASE AND INDEMNIFICATION AGREEMENT,** we hereby acknowledge and agree that said Agreement extends to all acts omissions, negligence, or other fault of the City of Isanti, its officers, and/or its employees, and that said Agreement is intended to be as broad and inclusive as is permitted by the laws of the State of Minnesota. If any portion thereof is held invalid, it is further agreed that the balance shall, notwithstanding, continue in full legal force and effect.

(Special Event Holder Initials Here) _____

H. We understand and agree that this **RELEASE AND INDEMNIFICATION AGREEMENT** shall be governed by the laws of the State of Minnesota and that jurisdiction and venue for any suit or cause of action under this agreement shall lie in the courts.

(Special Event Holder Initials Here) AS

I. This **RELEASE AND INDEMNIFICATION AGREEMENT** shall be effective as of the date or dates of the applicable special event, shall continue in full force until our responsibilities hereunder are fully discharged, and shall be binding upon us, or successors, representatives, heirs, executors, assigns, and transferees.

(Special Event Holder Initials Here) AS

IN WITNESS THEREOF, THIS RELEASE AND INDEMNIFICATION AGREEMENT is executed by the special event holder, acting by and through the undersigned, who represents that he or she is property authorized to bind the Special Events Holder hereto.

City of Isanti
Economic Development Authority
Regular Meeting Minutes of
October 3, 2017
Isanti City Hall

1. Call To Order

The meeting was called to order by President Wimmer at 7:11 p.m.

a. Pledge of Allegiance

b. Roll Call

Commissioners Present:	Dan Collison, Ross Lorinser, Paul Bergley, George Wimmer and Steve Lundeen
Commissioners Absent:	Tara Hallberg
Staff Present:	Economic Development Director Sean Sullivan

c. Agenda Modifications

Motion by Lundeen, second by Collison approve the Agenda as presented. Motion passed unanimously.

2. Approve Minutes of September 5, 2017 Regular Economic Development Meeting

Motion by Lorinser second by Lundeen to approve the minutes as presented for September 5, 2017. Motion passed unanimously.

3. Isanti Hotel Update

Economic Development Director Sullivan outlined the remaining processes/steps involved in the 60 Unit Best Western Plus Hotel Project. He indicated that there would be a public hearing on October 17, 2017 at the City Council Meeting to finalize the complete assistance package and to approve the form and content of the Development Agreement.

No action was taken on this item.

4. Consider Recommendation for Submittal of 2017 Comprehensive Economic Development Strategy (CEDS) Resolution to East Central Regional Development Commission (ECRDC)

Economic Development Director Sullivan highlighted the changes from the 2016 to 2017 CEDS document. The changes involved updated impacted populations and to better define the hotel project and related redevelopment plan. He stressed that it enabled the project to be eligible for Federal EDA funds although it was unlikely funds would be received.

Motion by Lundeen, second by Lorinser to recommend approval and submittal to ECRDC of 2017 CEDS. Motion passed unanimously

5. Other Business / Updates

Sullivan stated 75 single housing permits have been pulled and 5 more are waiting to be picked up. This is well ahead of the pace set last year as there were 55 at this point last year. Meetings have been taking place and more are scheduled for this week for MN Manufacturing Week.

Sullivan stated O'Reilly Auto Parts, Rockstad and Co Relics and Wares, and KAS Bodyworks were recently opened or would be opening soon.

Commissioner Lorinser asked on the status of the Pub and Grub project. Lorinser indicated that there was a restaurant was opening in Fridley.

Sullivan indicated the he was unaware of any change of plans for the Isanti location.

Commissioner Collison stated that RR BMX did not receive 2018 National Event. One reason was the lack of Hotel in community.

President Wimmer stated that the Hotel was looking at a December 2017 because it had been delayed by Isanti County. We also stated that the level of involvement by the city has changed through this process. The City will not be a partner nor a source of financing (in the form of Revenue Bonds) for the project as previously contemplated.

President Wimmer mentioned that the City had met with representatives of Quik Trip and Riverside Market to discuss a possible project.

RESOLUTION 2017-XXX

A RESOLUTION APPROVING APPLICATION FOR AN EXEMPT GAMBLING PERMIT FOR CAMBRIDGE-ISANTI REDLINE HOCKEY CLUB

WHEREAS, the City has received an application for an exempt gambling permit from the Cambridge-Isanti Redline Hockey Club to hold a fundraiser event on December 19, 2017 at the Isanti Ice Arena, 600 1st Avenue NW, Isanti, MN; and

WHEREAS, the applicant estimates the value of prizes to be awarded is less than $1,500; and

WHEREAS, the City of Isanti has no objection to the conduct of lawful gambling by the applicant, in accordance with law, at the designated location.

NOW, THEREFORE, IT IS HEREBY RESOLVED by the City Council of the City of Isanti, Minnesota that the Cambridge-Isanti Redline Hockey Club application for an exempt gambling permit is approved for the following date:

Tuesday, December 19, 2017
At the Isanti Ice Arena; and

BE IT FURTHER RESOLVED, that approval is subject to:

a. A successful background check has been revived from the Police Department.
b. The approval for such permits under the laws of the State of Minnesota and their compliance with all laws.

This Resolution is hereby approved by the Isanti City Council this 21st day of November 2017.

MEMO

To: Mayor Wimmer & City Council

From: Don Lorsung, City Administrator

Date: November 13, 2017

Subject: Resolution Amending Council Meeting Procedures to Clarify Agenda Requests

---

Please find attached a resolution clarifying the process for reviewing City Council Agenda Request Forms. The current policy is unclear regarding the review process, other than requiring that certain information be provided on the form (see attached City Resolution 2012-230). The proposed resolution has been reviewed by DOAC and the City Attorney.

RESOLUTION NO. 2017-XXX

RESOLUTION AMENDING COUNCIL MEETING PROCEDURES TO CLARIFY AGENDA REQUESTS PROCESS

WHEREAS, the City Council, on March 1, 2005, adopted Resolution No. 2005-023, Council Meeting Procedures; and

WHEREAS, as a part of Council Meeting Procedures, an Agenda Request Form was developed for individuals to complete to have an item placed before the City Council for action; and

WHEREAS, Agenda Request Forms were put in place to further the decorum and order at City Council meetings by providing the name of the individual, subject to be placed on the agenda, requested action, and reasons for the requested action. Other information necessary from requesting parties was added through City Council Resolution 2012-230; and

WHEREAS, The Development and Operations Advisory Committee has reviewed the need to add further definition regarding the process for considering Agenda Request Forms;

NOW, THEREFORE, IT IS HEREBY RESOLVED by the City Council of the City of Isanti, Minnesota that:

1. Agenda Request Forms, submitted by a party, shall be reviewed by the City Clerk as to completeness. Completed forms shall be forwarded to the Mayor to consideration of addition to the business agenda of the regular City Council meeting. As per his Office and as Presider of the City Council meeting, it shall be the Mayor's prerogative to add or not add the Requester's item to the City Council Agenda.

2. Any Party whose request is not included in the City Council Agenda may appeal that decision directly to the City Council at their regular meeting.

This Resolution is hereby approved by the Isanti City Council this 21th day of November, 2017.

Attest: Mayor George A. Wimmer

Katie Brooks
Human Resources/City Clerk

RESOLUTION NO. 2012-230

RESOLUTION AMEMDING COUNCIL MEETING PROCEDURES TO CLARIFY AGENDA REQUESTS

WHEREAS, the City Council, on March 1, 2005, adopted Resolution No. 2005-023, Council Meeting Procedures; and

WHEREAS, as a part of Council Meeting Procedures, an Agenda Request Form was developed for individuals to complete to have an item placed before the City Council for action; and

WHEREAS, Agenda Request Forms were put in place to further the decorum and order at City Council meetings by providing the name of the individual, subject to be placed on the agenda, requested action, and reasons for the requested action; and

WHEREAS, further clarification is requested by city staff on who or what entities may make and complete Agenda Request Forms;

NOW, THEREFORE BE IT RESOLVED by the City Council of the City of Isanti, Minnesota that:

1. Agenda Request Forms must include the name of the individual making the request. Individual is defined as a person, legal entity, or group with verified legal status registered with the MN Secretary of State.
2. Regarding a legal corporation, or group with verified legal status, the name of the individual that is the spokesperson; to be recognized by the Mayor or Presiding Officer, must be identified and written on the form.
3. A signature line shall be added to the Agenda Request Form. The signature shall be that of the individual making the request or an authorized representative from the legal entity or group with verified legal status.

This resolution was duly adopted by the Isanti City Council this 18th day of September, 2012.

Request for City Council Action- MEMO

To. **Mayor Wimmer and Members of City Council**

From: Finance Director Betker

Date: November 21st, 2017

Subject: Resolution Approving 2017 Audit Engagement Letter

Background:
Resolution 2016-298 designated Abdo, Eick & Meyers, LLP as the City's audit firm for 2017. The attached audit engagement letter documents and confirms the auditor's acceptance of the appointment, the objective and scope of the audit, the extent of the auditor's responsibilities to the client and the form of any reports.

Finance Director Betker has reviewed the engagement letter and is recommending acceptance.

Request:
Consider resolution approving engagement letter for 2017 audit.

Attachment(s):
- Resolution 2017-XXX – Approving the Engagement Letter for the 2017 Audit
- 2017 Audit Engagement Letter

RESOLUTION NO. 2017-XXX

A RESOLUTION APPROVING THE ENGAGEMENT LETTER FOR THE 2017 AUDIT

WHEREAS, MN State Statutes require the City of Isanti to employ a certified public accounting firm to audit, examine and report upon the books and records of the accounts of the City; and

WHEREAS, the City of Isanti, through Resolution 2016-298, designated the public accounting firm of Abdo, Eick & Meyers, LLP for their auditors for 2017;

NOW THEREFORE BE IT RESOLVED by the City Council of the City of Isanti, Minnesota hereby approves the Engagement Letter for the 2017 Audit in the amount of $28,180, with funding as follows:

1. 50% 101-41500-301 Financial Administration
2. 10% 101-42401-301 Building Inspection Administration
3. 10% 601-49400-301 Water Utility
4. 10% 602-49450-301 Sanitary Sewer Utility
5. 10% 603-49500-301 Storm Water Utility
6. 10% 609-49750-301 Liquor Store

This resolution was duly adopted by the Isanti City Council this 21st day of November 2017.

October 31, 2017

Management, Honorable Mayor and City Council
City of Isanti
Isanti, Minnesota

We are pleased to confirm our understanding of the services we are to provide the City of Isanti (the City) for the year ended December 31, 2017. We will audit the financial statements of the governmental activities, the business-type activities, each major fund and the aggregate remaining fund information, including the related notes to the financial statements, which collectively comprise the basic financial statements of the City as of and for the year ended December 31, 2017. Accounting standards generally accepted in the United States of America provide for certain required supplementary information (RSI), such as management's discussion and analysis (MD&A), to supplement the City's basic financial statements. Such information, although not a part of the basic financial statements, is required by the Governmental Accounting Standards Board who considers it to be an essential part of financial reporting for placing the basic financial statements in an appropriate operational, economic, or historical context. As part of our engagement, we will apply certain limited procedures to the City's RSI in accordance with auditing standards generally accepted in the United States of America. These limited procedures will consist of inquiries of management regarding the methods of preparing the information and comparing the information for consistency with management's responses to our inquiries, the basic financial statements, and other knowledge we obtained during our audit of the basic financial statements. We will not express an opinion or provide any assurance on the information because the limited procedures do not provide us with sufficient evidence to express an opinion or provide any assurance. The following RSI is required by generally accepted accounting principles and will be subjected to certain limited procedures, but will not be audited:

1) Management's Discussion and Analysis
2) Schedule of Funding Progress and Employer's Contributions

We have also been engaged to report on supplementary information other than RSI that accompanies the City's financial statements. We will subject the following supplementary information to the auditing procedures applied in our audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with auditing standards generally accepted in the United States of America, and we will provide an opinion on it in relation to the financial statements as a whole, in a report combined with our auditor's report on the financial statements:

1) Combining and Individual Fund Financial Statements and Schedules
2) Summary Financial Report - Revenues and Expenditures for General Operations - Governmental Funds

The following other information accompanying the financial statements will not be subjected to the auditing procedures applied in our audit of the financial statements, and our auditor's report will not provide an opinion or any assurance on that other information.

1) Introductory Section

Audit Objectives

The objective of our audit is the expression of opinions as to whether your financial statements are fairly presented, in all material respects, in conformity with U.S. generally accepted accounting principles and to report on the fairness of the supplementary information referred to in the second paragraph when considered in relation to the financial statements as a whole. Our audit will be conducted in accordance with auditing standards generally accepted in the United States of America and the standards for financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States, and will include tests of the accounting records of the City and other procedures we consider necessary to enable us to express such opinions. We will issue a written report upon completion of our audit of the City's financial statements. Our report will be addressed to the City Council of the City. We cannot provide assurance that unmodified opinions will be expressed. Circumstances may arise in which it is necessary for us to modify our opinions or add emphasis-of-matter or other-matter paragraphs. If our opinions are other than unmodified, we will discuss the reasons with you in advance. If, for any reason, we are unable to complete the audit or are unable to form or have not formed opinions, we may decline to express opinions or issue reports, or may withdraw from this engagement.

We will also provide a report (that does not include an opinion) on internal control related to the financial statements and compliance with the provisions of laws, regulations, contracts, and grant agreements, noncompliance with which could have a material effect on the financial statements as required by *Government Auditing Standards*. The report on internal control and on compliance and other matters will include a paragraph that states (1) that the purpose of the report is solely to describe the scope of testing of internal control and compliance, and the results of that testing, and not to provide an opinion on the effectiveness of the City's internal control on compliance, and (2) that the report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering the City's internal control and compliance. The paragraph will also state that the report is not suitable for any other purpose. If during our audit we become aware that the City is subject to an audit requirement that is not encompassed in the terms of this engagement, we will communicate to management and those charged with governance that an audit in accordance with U.S. generally accepted auditing standards and the standards for financial audits contained in *Government Auditing Standards* may not satisfy the relevant legal, regulatory, or contractual requirements.

Audit Procedures - General

An audit includes examining, on a test basis, evidence supporting the amounts and disclosures in the financial statements; therefore, our audit will involve judgment about the number of transactions to be examined and the areas to be tested. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluating the overall presentation of the financial statements. We will plan and perform the audit to obtain reasonable assurance about whether the financial statements are free of material misstatement, whether from (1) errors, (2) fraudulent financial reporting, (3) misappropriation of assets, or (4) violations of laws or governmental regulations that are attributable to the government or to acts by management or employees acting on behalf of the government. Because the determination of abuse is subjective, *Government Auditing Standards* do not expect auditors to provide reasonable assurance of detecting abuse.

Because of the inherent limitations of an audit, combined with the inherent limitations of internal control, and because we will not perform a detailed examination of all transactions, there is a risk that material misstatements may exist and not be detected by us, even though the audit is properly planned and performed in accordance with U.S. generally accepted auditing standards and *Government Auditing Standards*. In addition, an audit is not designed to detect immaterial misstatements or violations of laws or governmental regulations that do not have a direct and material effect on the financial statements. However, we will inform the appropriate level of management of any material errors, any fraudulent financial reporting, or misappropriation of assets that come to our attention. We will also inform the appropriate level of management of any violations of laws or governmental regulations that come to our attention, unless clearly inconsequential, and of any material abuse that comes to our attention. Our responsibility as auditors is limited to the period covered by our audit and does not extend to later periods for which we are not engaged as auditors.

Our procedures will include tests of documentary evidence supporting the transactions recorded in the accounts, and may include tests of the physical existence of inventories, and direct confirmation of receivables and certain other assets and liabilities by correspondence with selected individuals, funding sources, creditors, and financial institutions. We will request written representations from your attorneys as part of the engagement, and they may bill you for responding to this inquiry. At the conclusion of our audit, we will require certain written representations from you about your responsibilities for the financial statements; compliance with laws, regulations, contracts, and grant agreements; and other responsibilities required by generally accepted auditing standards.

Audit Procedures - Internal Control

Our audit will include obtaining an understanding of the government and its environment, including internal control, sufficient to assess the risks of material misstatement of the financial statements and to design the nature, timing, and extent of further audit procedures. Tests of controls may be performed to test the effectiveness of certain controls that we consider relevant to preventing and detecting errors and fraud that are material to the financial statements and to preventing and detecting misstatements resulting from illegal acts and other noncompliance matters that have a direct and material effect on the financial statements. Our tests, if performed, will be less in scope than would be necessary to render an opinion on internal control and, accordingly, no opinion will be expressed in our report on internal control issued pursuant to *Government Auditing Standards*.

An audit is not designed to provide assurance on internal control or to identify significant deficiencies or material weaknesses. However, during the audit, we will communicate to management and those charged with governance internal control related matters that are required to be communicated under AICPA professional standards and *Government Auditing Standards*.

Audit Procedures - Compliance

As part of obtaining reasonable assurance about whether the financial statements are free of material misstatement, we will perform tests of the City's compliance with the provisions of applicable laws, regulations, contracts, agreements, and grants. However, the objective of our audit will not be to provide an opinion on overall compliance and we will not express such an opinion in our report on compliance issued pursuant to *Government Auditing Standards*.

Other Services

We will prepare a general ledger trial balance for use during the audit. Our preparation of the trial balance will be limited to formatting information in the general ledger into a working trial balance. As part of the audit, we will assist with preparation of your financial statements and related notes. You will be required to acknowledge in the written representation letter our assistance with preparation of the financial statements and that you have reviewed and approved the financial statements and related notes prior to their issuance and have accepted responsibility for them. We will also use the financial statements to complete the Office of the State Auditors' Reporting Forms. We will also enter the current year capital asset transactions into our software based on information you provide. These nonaudit services do not constitute and audit under *Government Auditing Standards* and such services will not be conducted in accordance with *Government Auditing Standards*. We will perform the services in accordance with applicable professional standards. The other services are limited to the financial statement services previously defined. We, in our sole professional judgment, reserve the right to refuse to perform any procedure or take any action that could be construed as assuming management responsibilities.

Management Responsibilities

Management is responsible for designing, implementing and maintaining effective internal controls, including evaluating and monitoring ongoing activities, to help ensure that appropriate goals and objectives are met; following laws and regulations; and ensuring that management and financial information is reliable and properly reported. Management is also responsible for implementing systems designed to achieve compliance with applicable laws, regulations, contracts, and grant agreements. You are also responsible for the selection and application of accounting principles, for the preparation and fair presentation of the financial statements and all accompanying information in conformity with U.S. generally accepted accounting principles, and for compliance with applicable laws and regulations and the provisions of contracts and grant agreements.

Management is also responsible for making all financial records and related information available to us and for the accuracy and completeness of that information. You are also responsible for providing us with (1) access to all information of which you are aware that is relevant to the preparation and fair presentation of the financial statements, (2) additional information that we may request for the purpose of the audit, and (3) unrestricted access to persons within the government from whom we determine it necessary to obtain audit evidence.

Your responsibilities include adjusting the financial statements to correct material misstatements and for confirming to us in the written representation letter that the effects of any uncorrected misstatements aggregated by us during the current engagement and pertaining to the latest period presented are immaterial, both individually and in the aggregate, to the financial statements taken as a whole.

You are responsible for the design and implementation of programs and controls to prevent and detect fraud, and for informing us about all known or suspected fraud affecting the government involving (1) management, (2) employees who have significant roles in internal control, and (3) others where the fraud could have a material effect on the financial statements. Your responsibilities include informing us of your knowledge of any allegations of fraud or suspected fraud affecting the City received in communications from employees, former employees, grantors, regulators, or others. In addition, you are responsible for identifying and ensuring that the government complies with applicable laws, regulations, contracts, agreements, and grants and for taking timely and appropriate steps to remedy fraud and noncompliance with provisions of laws, regulations, contracts or grant agreements, or abuse that we report.

You are responsible for the preparation of the supplementary information, which we have been engaged to report on, in conformity with U.S. generally accepted accounting principles. You agree to include our report on the supplementary information in any document that contains and indicates that we have reported on the supplementary information. You also agree to include the audited financial statements with any presentation of the supplementary information that includes our report thereon. Your responsibilities include acknowledging to us in the written representation letter that (1) you are responsible for presentation of the supplementary information in accordance with GAAP; (2) you believe the supplementary information, including its form and content, is fairly presented in accordance with GAAP; (3) the methods of measurement or presentation have not changed from those used in the prior period (or, if they have changed, the reasons for such changes); and (4) you have disclosed to us any significant assumptions or interpretations underlying the measurement or presentation of the supplementary information.

Management is responsible for establishing and maintaining a process for tracking the status of audit findings and recommendations. Management is also responsible for identifying and providing report copies of previous financial audits, attestation engagements, performance audits or other studies related to the objectives discussed in the Audit Objectives section of this letter. This responsibility includes relaying to us corrective actions taken to address significant findings and recommendations resulting from those audits, attestation engagements, performance audits, or other studies. You are also responsible for providing management's views on our current findings, conclusions, and recommendations, as well as your planned corrective actions, for the report, and for the timing and format for providing that information. With regard to the electronic dissemination of audited financial statements, including financial statements published electronically on your website, you understand that electronic sites are a means to distribute information and, therefore, we are not required to read the information contained in these sites or to consider the consistency of other information in the electronic site with the original document.

You agree to assume all management responsibilities relating to the financial statements and related notes and any other nonaudit services we provide. You will be required to acknowledge in the management representation letter our assistance with preparation of the financial statements and related notes and that you have reviewed and approved the financial statements and related notes prior to their issuance and have accepted responsibility for them. Further, you agree to oversee the nonaudit services by designating an individual, preferably from senior management, with suitable skill, knowledge, or experience; evaluate the adequacy and results of those services; and accept responsibility for them.

Engagement Administration, Fees, and Other

We may from time to time, and depending on the circumstances, use third-party service providers in serving your account. We may share confidential information about you with these service providers, but remain committed to maintaining the confidentiality and security of your information. Accordingly, we maintain internal policies, procedures, and safeguards to protect the confidentiality of your personal information. In addition, we will secure confidentiality agreements with all service providers to maintain the confidentiality of your information and we will take reasonable precautions to determine that they have appropriate procedures in place to prevent the unauthorized release of your confidential information to others. In the event that we are unable to secure an appropriate confidentiality agreement, you will be asked to provide your consent prior to the sharing of your confidential information with the third-party service provider. Furthermore, we will remain responsible for the work provided by any such third-party service providers.

We understand that your employees will prepare all cash, accounts receivable, or other confirmations we request and will locate any documents selected by us for testing.

We will provide copies of our reports to the City; however, management is responsible for distribution of the reports and the financial statements. Unless restricted by law or regulation, or containing privileged and confidential information, copies of our reports are to be made available for public inspection.

The audit documentation for this engagement is the property of Abdo, Eick & Meyers, LLP and constitutes confidential information. However, subject to applicable laws and regulations, audit documentation and appropriate individuals will be made available upon request and in a timely manner to any Regulator or its designee, a federal agency providing direct or indirect funding, or the U.S. Government Accountability Office for purposes of a quality review of the audit, to resolve audit findings, or to carry out oversight responsibilities. We will notify you of any such request. If requested, access to such audit documentation will be provided under the supervision of Abdo, Eick & Meyers, LLP personnel. Furthermore, upon request, we may provide copies of selected audit documentation to the aforementioned parties. These parties may intend, or decide, to distribute the copies or information contained therein to others, including other governmental agencies.

The audit documentation for this engagement will be retained for a minimum of seven years after the report release date or for any additional period requested by the Regulator. If we are aware that a federal awarding agency or auditee is contesting an audit finding, we will contact the party(ies) contesting the audit finding for guidance prior to destroying the audit documentation.

We expect to begin our audit in February 2018 and to issue our reports no later than June 30, 2018. Steven R. McDonald, CPA is the engagement partner and is responsible for supervising the engagement and signing the reports or authorizing another individual to sign them.

Our fee for these services will be as follows:

Audit	$ 27,500
2017 Office of the State Auditor's Reporting Form	680
Total	$ 28,180

You may also be billed for travel and other out-of-pocket costs such as report production, typing, postage, etc if not included in the fee listed above.. The fee is based on anticipated cooperation from your personnel and the assumption that unexpected circumstances will not be encountered during the engagement. If significant additional time is necessary, we will discuss it with you and arrive at a new fee before we incur the additional costs. Our invoices for these fees will be rendered each month as work progresses and are payable on presentation. Amounts not paid within 30 days from the invoice date will be subject to a late payment charge of .66 percent per month (8 percent per year). If for any reason the account is turned over to collections, additional fees will be added to cover collections cost. In accordance with our Firm policies, work may be suspended if your account becomes 60 days or more overdue and will not be resumed until your account is paid in full. If we elect to terminate our services for nonpayment, our engagement will be deemed to have been completed upon written notification of termination, even if we have not completed your audit. You will be obligated to compensate us for all time expended and to reimburse us for all out-of-pocket expenditures through the date of termination.

Except in the event of your failure to make a payment when due, in the event of a dispute related in any way to our services, our Firm and you agree to discuss the dispute and, if necessary, to promptly mediate in a good faith effort to resolve. We will agree on a mediator, but if we cannot, either of us may apply to a court having personal jurisdiction over the parties for appointment of a mediator. We will share the mediator's fees and expenses equally, but otherwise will bear our own attorneys' fees and mediation cost. Participation in such mediation shall be a condition to either of us initiating litigation. In order to allow time for the mediation, any applicable statute of limitations shall be tolled for a period not to exceed 120 days from the date either of us first requests in writing to mediate the dispute. The mediation shall be confidential in all respects, as allowed or required by law, except our final settlement positions at mediation shall be admissible in litigation solely to determine the prevailing party's identify for purposes of the award of attorneys' fees. In the event you fail to make a payment for services or to reimburse for costs advanced by the Firm on your behalf, the Firm reserves the right to take all legally permissible action, including commencement of litigation in lieu of mediation, and shall have the right to collect its costs, including reasonable attorney's fees, incurred in any such collection or litigation activities.

Government Auditing Standards require that we provide you with a copy of our most recent external peer review report and any letter of comment, and any subsequent peer review reports and letters of comment received during the period of the contract. Our 2014 Peer Review Report accompanies this letter.

We appreciate the opportunity to be of service to the City and believe this letter accurately summarizes the significant terms of our engagement. If you have any questions, please let us know. If you agree with the terms of our engagement as described in this letter, please electronically sign this letter.

Sincerely,

Abdo Eick & Meyers, LLP

ABDO, EICK & MEYERS, LLP
Certified Public Accountants & Consultants

RESPONSE:

This letter correctly sets forth the understanding of the City of Isanti.

CERTIFIED PUBLIC ACCOUNTANTS
AND CONSULTANTS

System Review Report

September 10, 2014

To the Partners of
Abdo, Eick & Meyers, LLP
and the Peer Review Committee of the Minnesota Society
of Certified Public Accountants

We have reviewed the system of quality control for the accounting and auditing practice of Abdo, Eick & Meyers, LLP (the firm) in effect for the year ended May 31, 2014. Our peer review was conducted in accordance with the Standards for Performing and Reporting on Peer Reviews established by the Peer Review Board of the American Institute of Certified Public Accountants. As part of our peer review, we considered reviews by regulatory entities, if applicable, in determining the nature and extent of our procedures. The firm is responsible for designing a system of quality control and complying with it to provide the firm with reasonable assurance of performing and reporting in conformity with applicable professional standards in all material respects. Our responsibility is to express an opinion on the design of the system of quality control and the firm's compliance therewith based on our review. The nature, objectives, scope, limitations of, and the procedures performed in a System Review are described in the standards at www.aicpa.org/prsummary.

As required by the standards, engagements selected for review included engagements performed under *Government Audit Standards* and audits of employee benefit plans.

In our opinion, the system of quality control for the accounting and auditing practice of Abdo, Eick & Meyers, LLP in effect for the year ended May 31, 2014, has been suitably designed and complied with to provide the firm with reasonable assurance of performing and reporting in conformity with applicable professional standards in all material respects. Firms can receive a rating of *pass*, *pass with deficiency(ies)* or *fail*. Abdo, Eick & Meyers, LLP has received a peer review rating of *pass*.

MEMORANDUM

TO: Mayor George Wimmer
Members of the Isanti City Council

FROM: Clark Joslin, Isanti City Attorney

DATE: November 15, 2017

SUBJECT: Resolution for Approval of certified student attorney Meagan Guptill

---

Pursuant to the Minnesota Court Rules: Professional Rules: Student Practice Rules- I am requesting that the Isanti City Council approve Ms. Meagan Guptill to practice as a certified student attorney intern in behalf of the City of Isanti under the supervision of City Attorneys, Joslin & Moore Law Offices, P.A. under the applicable Student Practice Rules which provide that:

1) Under the supervision of a member of the bar, an eligible law student may represent and appear on behalf of any state, local, or other government unit.

2) An eligible law student is one who:
(1) is duly enrolled at the time of the original certification in a school of law approved by the American Bar Association;
(2) has completed at the time of original certification legal studies equivalent to at least two semesters of full-time study;
(3) has been certified by the state, local or other government unit or agency, or organization or persons representing indigents as being a paid or unpaid intern working for said unit, agency, organization, or persons;
(4) has been certified by the dean or designee of the law school as being of good academic standing; and
(5) has been identified as a student and accepted by the client.

3) The attorney who supervises a student shall:
(1) be a member of the bar of this court;
(2) assume personal professional responsibility for and supervision of the student's work;
(3) assist the student to the extent necessary;

(4) sign all pleadings;
(5) appear with the student in all trials
(6) appear with the student at all other proceedings unless the attorney deems his or her personal appearance unnecessary to assure proper supervision. This authorization shall be in writing and shall be available to the judge or other official conducting the proceedings upon request.

4) Ms. Meagan Guptill meets all of the requirements for an eligible law student to practice as a certified student attorney and city attorney Clark Joslin and all other licensed attorneys with Joslin & Moore Law Offices, P.A. meet all of the requirements for a supervising attorney.

5) In addition, Ms. Guptill has previous experiences in serving as an intern with the Kanabec County Attorney's Office and with the Isanti County Attorney's Office. I am confident that Ms. Guptill will do a good job on behalf of the city. I have confirmation with both Chief Gene Hill and City Administrator Don Lorsung that they have no objections or concerns with Ms. Guptill serving as certified student attorney for the city.

-Proposed Resolution

RESOLUTION 2017-XXX
RESOLUTION AUTHORIZING CERTIFIED STUDENT ATTORNEY REPRESENTATION

WHEREAS, City Attorney Clark A. Joslin has proposed that Ms. Meagan Guptill, a certified student attorney under applicable student practice rules approved by the Supreme Court of Minnesota be authorized to serve as a student attorney intern in behalf of prosecution matters for the City of Isanti; and,

WHEREAS, Ms. Meagan Guptill is an eligible law student who is duly enrolled in a law school approved by the American Bar Association; and,

WHEREAS, Ms. Meagan Guptill is duly certified to practice as a student attorney pursuant to the Student Practice Rules of the Minnesota Court; and,

WHEREAS, Clark A. Joslin, Isanti City Attorney or another licensed attorney from Joslin & Moore Law Offices, P.A. as city attorneys will supervise Ms. Meagan Guptill in the performance of her duties in behalf of the City of Isanti.

NOW, THEREFORE, IT IS HEREBLY RESOLVED that the City Council of Isanti, Minnesota hereby authorizes Certified Student Attorney Meagan Guptill to serve as a student intern in behalf of the City of Isanti in accordance with applicable Student Practice Rules, under the supervision of City Attorney Clark Joslin or any other licensed attorney with Joslin & Moore Law Offices, P.A., as City Attorneys.

This Resolution is hereby approved by the Isanti City Council this 21th day of November, 2017.

Attest:

Mayor George A. Wimmer

Katie Brooks
Human Resources/City Clerk

City of Isanti
Economic Development Authority
Regular Meeting Minutes of
November 7, 2017
Isanti City Hall

1. Call To Order

The meeting was called to order by President Wimmer at 7:20 p.m.

a. Pledge of Allegiance

b. Roll Call

Commissioners Present:	Dan Collison, Ross Lorinser, Paul Bergley, George Wimmer and Steve Lundeen
Commissioners Absent:	Tara Hallberg (Excused)
Staff Present:	Economic Development Director Sean Sullivan

c. Agenda Modifications

Motion by Lundeen, second by Lorinser approve the Agenda as presented. Motion passed unanimously.

2. Approve Minutes of October 3, 2017 Regular Economic Development Meeting

Motion by Bergley second by Lundeen to approve the minutes as presented for October 3, 2017. Motion passed unanimously.

3. Isanti Hotel Update

Economic Development Director Sullivan outlined the remaining processes/steps involved in the 60 Unit Best Western Plus Hotel Project. He stated that a complete site plan application had been submitted in October and that it would be reviewed at the November 21 Planning Commission Meeting. He indicated that all city site plan approvals would be received by City Council on December 5th if there were no issues. The Developer and Bank are finalizing financing and the city expects to see an executed term sheet soon.

No action was taken on this item.

4. City Promo Bag Order

Economic Development Director Sullivan highlighted the history of the promo bag program. He indicated it was successful last year and he recommended continuing it again next year. He obtained quotes from 3 vendors and the lowest vendor was Promo Direct for 1000 bags. The

recommendation from Economic Development Director Sullivan was to have the EDA recommend to the City Council to select Promo Direct and to order 1000 bags for next year. The expense would be coded to EDA Marketing – 495.

Motion by Lundeen, second by Bergley to have the EDA recommend to the City Council to select Promo Direct and to order 1000 bags for next year and to have them funded through EDA marketing -495. Motion passed unanimously

5. Other Business / Updates

Sullivan stated that he and President Wimmer attended the Ribbon Cutting for Rockstad and Co Relics and Wares on October 27th. He indicated that the new owner appreciated the grand opening and publicity for the event. It's a great addition to Isanti.

President Wimmer noted that the Chamber of Commerce was also in attendance and that the business has been doing well since it opened.

Commissioner Lorinser stated that he wanted to thank Economic Development Director Sullivan and President Wimmer and acknowledge an outstanding job putting the hotel deal together.

President Wimmer indicated that it was the intention of the Developer to break ground in December 2017 if possible.

Sullivan called out the fact the MOAT Trailers and Speed Wagon had not yet moved into a building but are still actively looking in Isanti.

6. Adjournment

Lundeen motioned, second by Lorinser to adjourn at 7:28 pm. Motion carried unanimously.

Dated at Isanti, Minnesota, this 7th Day of November, 2017.

Respectively Submitted,

_____

Sean M. Sullivan, Economic Development Director

M.2.

MEMORANDUM

Date: November 8, 2017

To: Honorable Mayor Wimmer and Members of the City Council

From: Bradley C. DeWolf, P.E.

Subject: Project Status Report
Isanti, MN
Project No.: R13.113062

Please find listed below a status report of the current projects in the City of Isanti:

1) 2017 Palomino Road Improvements

The Contractor has paved the first lift of pavement. The final pavement lift and striping will occur next spring. Sod will be placed this month if the weather improves, otherwise, temporary mulch will be installed for the winter. If temporary mulch is used, final sodding will take place in the spring prior to the final pavement installation.

2) 2017 Pavement Maintenance Project

This project is complete. The contractor will submit all final paperwork to close out the project.

3) Arts & Science Addition & Park

The first lift of pavement has been placed. The final pavement lift will occur next spring. The park is complete and ready to be turned over to the City.

4) MS4 Phase 2 & 3 Implementation

We will continue to assemble documents to assist the City in meeting the requirements of the MS4 permit for Phase 2 and Phase 3 of the implementation schedule.

5) Wastewater Treatment Improvements

Final punchlist items are scheduled to be completed this month.

6) Cajima Street/TH 65 Signal Study

We have completed the Intersection Control Evaluation (ICE) report and will make any City requested revisions this month.

In addition to the current projects listed above we have completed and accepted 44 private developments and 48 city contracts since being selected as your City Engineer in 2008.

Please contact me if you have any questions.

Bolton & Menk is an equal opportunity employer.

CITY OF ISANTI
CITY COUNCIL MEETING
TUESDAY, November 21, 2017 – 7:00 P.M.
CITY HALL

Mayor Wimmer called the meeting to order at 7:00 p.m.

The Pledge of Allegiance was recited.

Members Present: Mayor George Wimmer, Council Members: Paul Bergley, Dan Collison, Steve Lundeen, and Ross Lorinser

Members Absent: None

Staff Present: City Administrator Don Lorsung, Human Resources/City Clerk Katie Brooks, City Attorney Clark Joslin, Economic Development Director Sean Sullivan, Community Development Director Ryan Kernosky, and Chief Gene Hill

Others Present: Derek Ogren, Lori Kenison, Andy Strom, Jason Bourke, Elizabeth Anderson, George Hemen, John Moore, members of the Cambridge-Isanti Rotary Club

D. Adopt Agenda

1. Councilmember Lundeen requested Consent Item L.5. Resolution Amending Council Meeting Procedures to Clarify Agenda Requests Process, be moved to Business Item K.4. for discussion by the City Council.

Motion by Lundeen, second by Bergley to approve the agenda with the modification above. Motion carried.

E. Proclamations/Commendations/Certificate Awards

None.

F. Approve City Council Minutes

1. November 7, 2017 - Regular Meeting of the City Council

Motion by Lundeen, second by Bergley to approve minutes as presented. Motion carried.

G. Citizens Input

None.

H. Announcements

1. Parks, Rec, and Culture Board Meeting — Tuesday, Nov. 28, 2017 at 6:00 p.m.
2. **CITY OFFICES CLOSED** — Thursday & Friday, Nov. 23 & 24, 2017
   (In observance of the Thanksgiving holiday)
3. City Council Meeting — Tuesday, Dec. 5, 2017 at 7:00 p.m.
4. Economic Development Authority Meeting — Tuesday, Dec. 5, 2017
   (Immediately following the City Council Meeting)

I. Council Committee Reports

Mayor Wimmer reported there was a request from the Fire District to look at the lease agreement. He said they are trying to discuss what changes the Fire District is wanting so it does not have to be mediated.

J. Public Hearings

None.

K. Business Items

1. **Resolution 2017-282 Accepting Picnic Table Donations from the Cambridge-Isanti Rotary Club**

Derek Ogren, President of the Cambridge-Isanti Rotary Club, along with several other Rotarian members presented the City of Isanti with five industrial-grade picnic tables to be used in City of Isanti parks. Two of the construction grade steel picnic tables are ADA compliant with an extendable platform for wheelchair users. Mayor Wimmer said the City of Isanti has received several donations through the Cambridge-Isanti Rotary Club, for which he profusely thanked them for, and that the picnic tables were a great donation to the parks.

Motion by Lundeen, second by Lorinser to accept the donation of the picnic tables from the Cambridge-Isanti Rotary Club. Motion carried.

2. **Resolution 2017-283 Approving a Special Event Permit Application for Art and Science Academy 5K Color Run**

Lori Kenison, a member of the Board of Directors for the Art and Science Academy (ASA), would like to do a color run on April 28, 2018 as a fundraiser for the school. The ASA Board has obtained permission from the soccer complex to use the parking lot and tracks for the event. The color material is cornstarch and food coloring which will easily wash off. She said it will be a great day to run a 5k, throw color, and have fun while supporting the school.

Motion by Lundeen, second by Bergley to approve the request as presented. Motion carried.

3. **Resolution 2017-284 Approving a Special Event Permit Application for the BMX Fire and Ice Series Final**

Andy Strom, President of Rum River BMX, said the BMX Fire and Ice Series Final is coming up. It is the local track point series and is a great event which showcases the City of Isanti. It draws people in from five different states and is a fan favorite with huge awards. Mayor Wimmer agreed that it pulls in a large number of people into the City of Isanti, which is great.

Motion by Lorinser, second by Collison to approve the request as presented. Motion carried.

4. **Resolution 2017-286 Amending Council Meeting Procedures to Clarify Agenda Requests Process**

Councilmember Lundeen said he has received some calls regarding the resolution, and he agrees that it seems like censorship on the part of the City. Mayor Wimmer shared that other cities, such as Cambridge and North Branch, do not allow for their residents to add agenda items to the City Council Agenda at all. This resolution is to prevent the addition of agenda items that are not germane to City Council business. Nothing prevents that now as long as they get it in by the deadline of noon on Wednesday.

Councilmember Lundeen said he understands where the Mayor is coming from, but felt that worded as it currently was, it did not allow for citizens of the City to approach the Council with any issues they wanted addressed. He was concerned that it would fall to one person that would make the decisions, and that person may not feel an issue needs to be heard. Councilmember Collison asked if it would work if the committees handled the decision of including citizen-generated agenda items. Mayor Wimmer said he would be happy with that. Councilmember

Bergley clarified that if something were to be denied by a committee, the Mayor or Councilmembers could still put it on the agenda if they felt it needed to be discussed. Mayor Wimmer agreed they could.

After the Councilmembers further discussed the issue, Councilmember Bergley made a motion to table the issue for further study. The motion died for lack of a second. The Mayor and Councilmembers continued to discuss this matter for several minutes.

Councilmember Lundeen said he agrees with Councilmember Collison that it would be nice if citizen-generated agenda items went to a committee to be reviewed. Councilmember Bergley said even with a committee review, the City of Isanti would still be offering more options than other cities.

Discussion on the issue continued which resulted in a motion by Collison to approve the resolution providing it was changed to allow the appropriate committee to review citizen-generated items for inclusion to the Agenda.

Motion by Collison, second by Bergley to approve the Resolution with changes. Motion carried.

L. Approve Consent Agenda

1. Consider Accounts Payable in the Amount of $163,008.37 and Payroll in the amount of $119,431.62
2. Contractor Pay Request No. 2-Final 2017 Pavement Management Project Payment to Astech Corp. in the amount of $7,938.54
3. Final Meeting Minutes for the October 3, 2017 Economic Development Authority Meeting
4. **Resolution 2017-285 Approving Gambling Permit for Cambridge-Isanti Redline Hockey Club**
5. **Resolution 2017-287 Approving the Engagement Letter for the 2017 Audit**
6. **Resolution 2017-288 Approving Authorization of Certified Student Attorney Representation by City Attorney Student Intern Megan Guptill**

Motion by Lundeen, second by Lorinser to approve Consent Agenda as presented. Motion carried.

M. Other Communications

1. Draft Meeting Minutes for the November 7, 2017 Economic Development Authority Meeting
2. October Police Department Report
3. October Code Enforcement Report
4. October Building Inspector Report
5. November Engineering Report

N. Closed Session

1. City Administrator Performance Review

At 7:21 p.m. the City Council went into a closed session.

O. Open Session

At 7:54 p.m. Council came out of closed session. Mayor Wimmer requested that City Attorney Clark Joslin provide a summary of the closed session. City Attorney Joslin said the Closed Session began at 7:36 p.m. for the annual performance review of City Administrator Don Lorsung. During the closed session, Council addressed Mr. Lorsung as to his job performance. It was the consensus of the Council

that Mr. Lorsung has done, and continues to do, a fine job as City Administrator. Following discussion with Mr. Lorsung, closed session ended.

Adjournment
Motion to adjourn by Lundeen, second by Bergley. Motion carried. The meeting was adjourned at 7:56 p.m.

Respectfully Submitted,

Jeannifer Anderson

Jeannifer Anderson
Administrative Data Clerk

A Community For Generations.

Request for City Council Action

To: Mayor Wimmer and City Council Members

From: Don Lorsung, City Administrator

Date: November 30, 2017

Subject: Professional Engineering Services

The current engineering contract with Bolton & Menk will expire in March, 2018. The current contract allows for continuation of services by mutual agreement. The current contract was extended by the City Council in 2012. The Finance Committee has reviewed this matter and is recommending consideration of requesting proposals for this service. Below staff has outlined a timeline of activities to procure this service, if desired by the City Council.

City Council – Review of Contract	December 5, 2017
City Council - Approval of RFP and Advertisement	December 5, 2017
Engineering Proposal Submittal Deadline	January 12, 2018
Committee Review of Proposals	January, 2018 (TBD)
City Council - Consideration of Recommendation for Interviews	February 6, 2018
City Council - Interviews (4:00 p.m. start)	February 20, 2018
Selection of Firm (Regular Meeting)	February 20, 2018
City Council - Approval of Engineering Contract	March 6, 2018

Attached for your consideration is a Resolution approving the Request for Proposals (RFP) and directing staff to advertise for engineering services.

RESOLUTION 2017-XXX

RESOLUTION APPROVING REQUEST FOR PROPOSALS FOR ENGINEERING SERVICES

WHEREAS, over time the City of Isanti has utilized contracted municipal engineering services provided by qualified professional engineering firms as necessary; and,

WHEREAS, the contract with Bolton & Menk, Inc., who provides professional engineering services to the City of Isanti expires in March, 2018; and,

WHEREAS, upon review by the Finance Committee, staff has prepared a Request for Proposals and timeline to procure professional engineering services.

NOW, THEREFORE, IT IS HEREBY RESOLVED (tabbed) by the City Council of the City of Isanti, Minnesota:

1. Approval of the Request for Proposals for Professional Engineering Services, attached as Exhibit "A".

2. Direct staff to publish a Notice of the Request for Proposals and distribution to seek proposals for such services from qualified consultants and firms.

This Resolution is hereby approved by the Isanti City Council this 5th day of December, 2017.

Attest:

Mayor George A. Wimmer

Katie Brooks
Human Resources/City Clerk

REQUEST FOR PROPOSALS

FOR

PROFESSIONAL ENGINEERING SERVICES

PROPOSALS DUE: 4:30 p.m., January 12, 2018

CITY OF ISANTI
110 First Avenue N.W, PO Box 428
Isanti, MN 55040-428

TABLE OF CONTENTS

I. PURPOSE OF REQUEST

II. PROPOSAL CONTEXT - GENERAL INFORMATION

III. INSTRUCTIONS TO PROPOSERS

IV. PROPOSAL CONTENTS

V. SELECTION

VI. TERMS AND CONDITIONS

VII. PROPOSAL REVIEW TIMELINE

I. PURPOSE OF THE REQUEST

The City of Isanti is requesting proposals from Engineering Firms for City Engineering Services. Qualified firms are those that provide engineering services to Minnesota cities and have current municipal clients. Detailed information concerning the City's needs is outlined in the following Request for Proposals. The intent of the City of Isanti is to enter into a 5-year contract with the successful proposer for these services.

II. GENERAL INFORMATION

The City of Isanti is a full-service, suburban community of 5,614 residents located within 35 minutes of the Twin Cities. The community is located on the Highway 65 corridor. The City covers approximately 4.4 square miles in southern Isanti County.

The City operates under a Council-Administrator form of government. The City Council is the legislative and policy making body of the City. The Council is made up of four Council members and the Mayor. The City Administrator is accountable to the City Council for the implementation of Council direction and the administration of the day to day operations of the City. The City Council meets every first and third Tuesday of each month. The EDA meets on the first Tuesday of the month. The Planning Commission meets on the third Tuesday of the month. The Park and Recreation Board meets on the fourth Tuesday of every month.

City departments include: Public Services, Police, Community Development, Economic Development, Finance, Administration and Municipal Liquor. Fire suppression services are contracted from the Isanti Fire District. The Public Works Department is under the direction of the Public Services Director and has 7 full-time employees. The Public Works Department also performs park maintenance as a part of their duties.

III. INSTRUCTIONS TO PROPOSERS

A. All proposals should be sent and all questions and correspondence should be directed to:

Donald Lorsung, City Administrator
City of Isanti
P.O. Box 428
110 First Avenue NW
Isanti, MN 55040-0428
(763) 444-5512, ext. 117

B. All proposals must be received no later than 4:30 p.m., Friday, January 12, 2018. Ten copies of the proposal must be presented. The copies shall be sealed and clearly identified with "City Engineer Services Proposal" by the submittal deadline.

C. In order to be considered a valid proposal, each proposal must meet the following requirements:

1. Written proposals received after 4:30 p.m., January 12, 2018 will not be considered.

2. Each proposal must be signed by an officer of your company who can be held accountable for all representations.

D. The proposal shall be limited to a maximum of 25 pages (not including Disclosures and Assurances). Additional material, other than that requested by the City of Isanti, will be disregarded.

E. The City will review the proposals and may schedule interviews for finalists.

F. Proposers are prohibited from contacting any representatives of the City Council for purposes of lobbying to secure this contract.

IV. PROPOSAL CONTENTS

A. Cover Letter

(Maximum 2 pages)

Please provide a letter of introduction, discussing the firm, their interest in serving Isanti and the firm's qualifications.

B. Company Introduction

(Maximum 3 pages)

Please provide a memo regarding company history, location, services and company philosophy and/or mission.

C. Understanding of Community

(Maximum 3 page)

Please provide a memo regarding your knowledge of Isanti and the vision for your firm's role as a service provider to the City. As a part of that memo, please respond to the questions below:

As a part of engineering services, responsiveness to citizen inquiries and staff requests are paramount.

Whether the required response is to address citizen questions regarding driveway access during street improvement projects, or staff requests for information in order to respond to an economic development prospect, please comment on your firm's philosophy regarding the ability of your staff to respond to a variety of requests in a timely fashion and what the manner of response should be.

In addition, when you take on a new client (a new City); describe how you have gone about meeting, developing relationships, and communicating with the various types of individuals that you now serve (city staff, elected officials, and residents/business owners).

D. Identification and Qualifications of Key Staff

(Maximum 5 pages)

The ideal firm should have staff with extensive experience in municipal engineering including preparation of plans, administration and inspection of municipal construction projects, preparation of feasibility reports, preparation of assessment rolls, platting process and review. They should have general knowledge in water,

wastewater and storm water systems/facilities and utility operations. The employees directly serving the City should also have substantial experience in working with private commercial and residential developers in the role as a representative of a local government. Please provide the following:

1. The name of the person who will be responsible for the management and administration of the engineering contract with the City together with a resume describing that person's experience and qualifications. If that is different from the key employee designated to serve as City Engineer, please give information on both personnel.

2. The names and resumes of the professional support staff who will be assigned to this contract. This includes the primary field staff, project inspectors and surveyors.

3. An organizational chart identifying team members and their areas of responsibility.

4. A statement committing the aforementioned staff to this contract.

E. Basis for Compensation

1. The proposer should outline the basis for compensation including identification of all rates for staff (including any variation for general engineering consultation versus project work), reimbursables and sub-consultant markups. If the rates are subject to increases in the successive years of the contract, the proposer should outline any methodology or rate schedule for such rate adjustments.

2. The proposer should provide a sample bill for a municipal client that illustrates the program and task detail that would be included in City of Isanti billings.

F. Experience with Similar Cities / References

(Maximum 4-page limit)

Include information describing consulting and project work with similar cities served by the firm. As a part of this, please describe your approach to communication with residents, businesses, developers, staff, Commissions and City Council. Please provide a minimum of five references from public clients.

G. Approach to Scope of Work

(Maximum 8 pages)

The City of Isanti is searching for a firm that will provide professional services for engineering. Please describe your approach to the following work elements and tasks.

1. General and Project Management

- Assists in planning, coordinating, supervising and evaluating programs, plans, services, equipment and infrastructure. Assists with funding solutions.
- Evaluates City infrastructure needs and formulates short and long range plans to meet needs in all areas, including streets, water, sewer, storm drainage, street lights, parks, and buildings. Assists Public Services Director and/or Finance Director with upkeep of the Capital Improvement Plan as necessary.
- Directs engineering activities on City infrastructure improvements and oversees project management for the construction of the municipal public works projects.
- Ensures that costs and fees are charged back to development projects; works with the Finance Director to monitor charges and revenues associated with development projects. Assists in responding to questions regarding billing for engineering services.
- The firm's principal representative (designated as City Engineer) holds office hours at Isanti City Hall as per agreement with the City.

2. Construction Services

- Plan and review construction projects and specifications.
- Monitor the private and public construction process for compliance with codes, regulations, standards and with approved plans; assures financial accountability of private projects as they relate to escrows and letters of credit. Provide advice to the City during performance of construction projects, and shall give consideration and advice to the City during the performance of services.
- Prepare and review construction plans for public projects.
- Procure permits and required approvals from local, state and federal agencies.
- Review bids and prepare bid tabulations.
- Perform construction staking and surveying.
- Provide construction inspection services for private and public improvements.
- Work with City staff to close out private and public improvement projects in a timely manner.

3. Preparation of Engineering Reports and Technical Correspondence

- Determine the need for preliminary studies, reviews all preliminary studies for compliance with ordinances, comprehensive plans, engineering standards and financial guidelines including:
  - Feasibility reports
  - Construction inspection
  - Preparation of assessment rolls
  - Plat review
  - Utility studies
  - Traffic studies

- State aid reports
- Storm water system analysis and Management Plan
- Capital Improvement Planning studies (as directed)
- Planning and Design for City parks, trails and recreational amenities
- Prepare comments regarding reports, plans and studies of other agencies
- (as requested)
- Presents feasibility studies at public meetings
- Updates City Maps and Utility Records

4. Participates in city meetings, including:
   - Internal and external meetings involving engineering questions and issues.
   - Meets with developer and members of the public on proposed development projects in order to relate the processes and procedures involved with engineering and infrastructure development. Reviews development proposals for conformance with City Standards.
   - Acts as city liaison and city representative with other communities and county, state and federal agencies in areas of responsibility.
   - City Council meetings and work sessions.
   - Planning Commission and Park Board as needed.
   - Other City meetings as needed.

5. Response to Constituent Requests and Issues as Directed by Staff
   - Performs field inspections
   - Addresses constituent concerns personally and in writing
   - Makes public presentations
   - Provides recommendations to staff and City Council

6. Other Services
   - MS4 Program Activities (as contracted/defined)
   - Wellhead Protection Plan (as contracted/defined)
   - GIS Program (Program Maintenance/Upkeep)

H. Disclosures and Assurances (Appendix A)

1. Applicant Authority - Assurance that the signatory making representations in the proposal on behalf of the proposer has the authority to do so and to bind the firm to a contract.

2. Insurance Coverage - Documentation of current insurance coverage and limits, including professional liability insurance shall be provided with the proposal.

3. Conflicts of Interest - Potential conflicts of interest must be disclosed including all private client work.

4. Attach a copy of your standard engineering contract General Terms and Conditions.

V. SELECTION

A. The City of Isanti reserves the right to reject any or all proposals, and is not bound to accept the lowest cost proposal if that proposal is contrary to the best interests of the City.

B. Selection of the firms to be interviewed shall be based upon the following criteria:

1. The firm's approach to and understanding of the Request for Proposal and Scope of Work.
2. The firm's experience with similar contracts and clients.
3. The experience and qualifications of the proposed staff in similar contracts.
4. The firm's demonstrated ability to deliver work on time and within budget.
5. The extent of contract involvement by key personnel.
6. The extent to which previous clients have found the firm's services acceptable.
7. The firm's most significant qualifications for this project.

VI. TERMS AND CONDITIONS

A. The City of Isanti reserves the right to cancel or amend the request for proposals at any time. The City of Isanti reserves the right to determine the successful respondent. The City of Isanti reserves the right to reject any or all proposals.

B. The City of Isanti will not be liable for any costs incurred by the firm responding to this request.

C. A contract will be executed between the successful respondent and the City of Isanti. It is anticipated that the successful firm's proposal and the specifications of this request, including the Terms and Conditions set forth herein, will be incorporated in the contract. In the event that the City and the firm are unable to agree upon all contract provisions, the City reserves the right to cease negotiations, and move on to select another proposer, or to reject all proposals.

D. The firm shall not assign any interest in this contract and shall not transfer any interest in the same without the prior written consent of the City of Isanti.

E. For the purposes of this agreement, the consultant shall be deemed to be an independent contractor, and not an employee of the organization. Any and all agents, servants, or employees of the firm or other persons, while engaged in the performance of any work or services required to be performed by the City of Isanti under this agreement, shall not be considered employees of the City of Isanti and any and all actions which arise as a consequence of any act or omission on the part of the firm, its agents, servants, employees or other persons shall in no way be the obligation or

responsibility of the City of Isanti. The consultant, its agents, servants, or employees shall be entitled to none of the rights, privileges, or benefits of organization employees except as otherwise may be stated herein.

F. The consultant further agrees to comply with all federal, state and local laws or ordinances, and all applicable rules, regulations, and standards established by any agency of such governmental units, which are now or hereafter promulgated insofar as they relate to the firm's performance of the provisions of this agreement.

G. If, for any reason, the firm shall fail to fulfill in timely and proper manner the obligations under the contract, the City of Isanti shall reserve the right to terminate the contract by specifying the date of termination in a written notice to the firm at least thirty (30) calendar days before the termination date. In this event, the firm shall be entitled to just and equitable compensation for any satisfactory work completed.

H. No official or employee of the City of Isanti who exercises any responsibilities in the review, approval or carrying out of the contract shall participate in any decision which affects his or her direct or indirect personal or financial interest.

I. The City may choose to retain more than one consultant for specific duties.

J. All materials submitted in response to this RFP shall become the property of the City and will become public record after the evaluation process is completed and an award decision made. If the proposer submits information in response to the RFP that it believes to be trade secret materials, as defined by the Minnesota Government Data Practices Act, Minnesota Statutes 13.37, the proposer must:

1. Clearly mark all trade secret materials in its response at the time the response is submitted.

2. Include a statement with its proposal justifying the trade secret designation for each item and defend any action seeking release of the materials it believes to be a trade secret, an indemnify and hold harmless the City, its agents and employees, from any judgments or damages awarded against the City in favor of the party requesting the materials, and any and all costs connected with that defense. This indemnification survives the City's award of a contract. In submitting a response to this RFP, the proposer agrees that this indemnification survives as long as the trade secret materials are in the possession of the City.

3. The City will not consider the prices submitted by the proposer to be proprietary or trade secret materials.

VII. PROPOSAL REVIEW TIMELINE

City Council Approval of RFP/Advertisement	December 5, 2017
Engineering Proposal Submittal Deadline	January 12, 2018
Committee Review of Proposals	January, 2018 (TBD)
City Council Consideration of Recommendations for Interviews	February 6, 2018
City Council Interviews (4:00 p.m. start)	February 20, 2018
Selection of Firm (Regular Meeting)	February 20, 2018
City Council Approval of Engineering Contract	March 6, 2018

A Community For Generations

Isanti

MEMORANDUM

TO: Mayor George Wimmer
Members of the City of Isanti City Council

FROM: Ryan Kernosky, Community Development Director

DATE: December 5, 2017

SUBJECT: **SITE PLAN/BUILDING APPEARANCE REVIEW FOR ISANTI HOTEL PARTNERS, LLC**

Background

The City of Isanti has been working with Isanti Hotel Partners, LLC (Applicant) to develop a hotel in the City; the applicant has chosen to develop a 60-unit Best Western Plus on the vacant parcel between Main Street E, Broadway Street SE, and Hwy 65. The parcel is roughly 1.6 acres in size, and is currently split by Penny Lane SE. Several steps have already happened to get this project to this point. Penny Lane SE has been vacated, the property has been re-platted (to include a 60' Right-of-Way for a future extension of Richard Ave SE), and the sign that was on the property has been removed.

The hotel will be a three-story building at a height of 41 feet, and have 60 hotel rooms varying in style (two queen, king suite, etc.). A pool and hot tub is included in the plan, along with a community room.

The property is zoned 'B-2' General Business Zoning District with the 'TH 65' Hwy 65 Overlay Zoning District. In both Zoning Districts, *Hotels* are a permitted use.

Site Plan

The proposed site design includes 67 parking stalls (two fewer than the required number), three handicapped parking stalls, two outdoor patios, and extensive landscaping. Three access points to the property are provided, two off of Main Street East, one off of Broadway Street SE. Pedestrian sidewalks are located on the south-side of Broadway Street SE, and extend the entire length of Broadway Street SE.

The property is zoned 'B-2' General Business Zoning District with the 'TH 65' Hwy 65 Overlay Zoning District. Required and proposed setbacks are below:

Street Name	Required Minimum Setback	Proposed Setback
Main Street E	30'	94' (building) 55' (canopy)
Highway 65	30'	32'
Broadway Street SE	20'	20'
Richard Ave SE ROW	20'	134'

The property is required to have 25% green space, the total square feet of the property is 70,236 sq ft, which requires a minimum of 17,559 sq ft of green space. The proposed development provides 21,399 sq ft of green space, or 30.5%.

The parking lot is required to have 5% interior green space. The total area of the parking lot is 30,789 sq ft, which requires a minimum of 1,539 sq ft of green space. The proposed development provides 1,812 sq ft of interior parking green space, or 5.9%.

In review of the standards established in Section 18, Subd. 7 the following conclusions have been made (*conclusions to each requirement are shown in underlined italics):*

A. Consistency with the elements and objectives of the City's development guides, including the Comprehensive Plan.

The location of the proposed hotel is consistent with the City's development guides, including the City's 2008 Comprehensive Plan. Furthermore, the City of Isanti Planning Commission and the City of Isanti EDA has adopted a redevelopment plan that includes the subject parcel.

B. Consistency with City Codes.

The proposed hotel development meets all City codes with the exception of off-street parking requirements and setback requirements for proposed patios. The two exceptions that are not consistent with the City Codes have been identified by the City and developer. The developer has applied for a variance from these two exceptions. That variance review is part of these facts and conclusions.

C. Preservation of the site in its natural state to the extent practicable by minimizing tree and soil removal and designing grade changes to be in keeping with the general appearance of neighboring developed or developing areas.

The proposed hotel development intends to keep as many of the street trees along Broadway Street and Main Street as reasonably possible. The existing site, and the proposed site, appear to be consistent with elevation grades of the neighboring developed or developing areas.

D. The amount and location of open space and landscaping.

The amount of open space and landscaping meets the requirements within our City Zoning Code.

E. Vehicular and pedestrian circulation, including walkways, interior drives, and parking in terms of location and number of access points to the public streets, width of interior drives

and access points, general interior circulation, separation of pedestrian and vehicular traffic and arrangement and amount of parking.

The proposed parking area, pedestrian circulation, access points to the public streets, and all other requirements have been met or are being addressed through a variance.

F. Protection of adjacent and neighboring properties through reasonable provision of surface water drainage, sound and light buffers, preservation of views, lights, and air and those aspects of design not adequately covered by other regulations which may have substantial effects on neighboring land uses.

Surface drainage has been reviewed and approved by the City Engineer. There is not expected to be any other hindrances to surrounding property owners. The development will have down-ward directed lighting that will not spill onto adjacent properties. The site has been designed to minimize surrounding residential neighborhood hindrances, by having the parking lot and main entrance facing the north property line.

G. Consistency with the City's Engineering and Design standards as adopted by Resolution of the City Council.

Stormwater management plans have been reviewed and approved by the City Engineer.

Landscaping has been reviewed, and meets all requirements under our landscaping code.

Building Appearance

Subdivision 7 of Section 11 in the Isanti Zoning Code identifies Exterior Building Material standards. The proposed building has an exterior that is EIFS (Exterior insulation and finish system, or cladding) that are two colors, brick, and cast stone. The building has a parapet in metal flashing. The proposed building meets the building appearance requirements.

The proposed lighting plans indicate that excess lighting will not spill onto any nearby residential properties, and generally meets the requirements within Section 14.

Refuse and Trash Receptacle Enclosures were identified on the plan, however, no formal materials were submitted as part of the plan set. This will be a condition of the approval.

Comprehensive Plan

The City of Isanti's 2008 Comprehensive Plan identifies three 'goals' of Economic Development. Those goals include:

#1 – Maintain, develop and grow industrial and commercial opportunities in the City to increase the number of jobs and diversify the tax base.

#2 – Promote efficient, planned commercial and industrial expansion with the City's growth areas, accessible to public infrastructure and transportation.

#3 – Enhance the character of the City's commercial and industrial development. Within the aforementioned goals, the City's main strategy is to *"Identify key commercial and industrial development opportunities within the City's planned growth areas in locations with access to major transportation systems."*

Staff believes that this project is consistent with our 2008 Comprehensive Plan.

Zoning Ordinance Purpose
Highway 65 provides the main entrance into Isanti from the north and south. It is the purpose of this district to enhance the first impression of Isanti through development of a corridor that is inviting, visually appealing and a place that community members want to visit and passersby want to stop. This district is designed and intended to promote the development of an attractive view of the community from Highway 65 through architectural and signage controls, landscaping, screening, building orientation and other features.

Certification of Taxes Paid
As of November 21, 2017, all taxes have been paid.

Public Notice
Notice was published on November 8, 2017 in the *Isanti County News.* Property owners within 350' were provided written notice. Two members of the public spoke during the public hearing held at the regularly scheduled Planning Commission meeting on November 21, 2017.

Development & Operations Committee
The Development & Operations Committee has reviewed the site plan and building appearance. The committee recommended approval of the site plan and building appearance.

City Planning Commission Recommendation
The City Planning Commission voted to recommend approval of the proposed Resolution.

Deadline for City Council Action
The City of Isanti received the Site Plan and Building Appearance Application on October 20, 2017. The application was deemed complete on October 31, 2017. City Council must take action on this item by December 30, 2017.

Staff Comments & Recommendation
This is an excellent site design with an aesthetically pleasing building. Staff is very pleased with the main parking area off of Main Street (focusing the activity of the hotel away from the surrounding neighborhood), the building pushed as close as allowed towards Broadway Street SE which provides a 'bookend' to the commercial district and frames Broadway Street SE. The site is extensively landscaped with excellent interior flow of traffic and pedestrians.

Staff is recommending APPROVAL of the site plan and building appearance with the conditions stipulated in the attached Resolution.

A Community For Generations.

Isanti

MEMORANDUM

TO: Mayor George Wimmer
Members of the City of Isanti City Council

FROM: Ryan Kernosky, Community Development Director

DATE: December 5, 2017

SUBJECT: **VARIANCE APPLICATION FOR ISANTI HOTEL PARTNERS, LLC**

Background

The City has been working with Isanti Hotel Partners, LLC to construct a 60-room Best Western Plus on PID 16.146.0010 (formerly PID 16.029.0101). Several steps have been taken to get this project to fruition, including vacating Penny Lane SE and re-platting the property.

The subject property lies between the southern side of Main Street E and the northern side of Broadway Street SE, and the eastern side of the Richard Avenue SE Right-Of-Way (recently dedicated) and the western side of TH 65. It is 1.6 acres in size.

Variance Request

Isanti Hotel Partners LLC is requesting two variances:

1) Reduction in the number of off-street parking spaces required.
    a. Section 17, Subd. 10 sets the number of required off-street parking stalls. This section requires 1 space per sleeping unit, plus 1 additional space for every 10 sleeping units, and 1 space per employee on peak shift. This would mean that the applicant is required to provide a total of 69 parking spaces.
    b. The proposed site plan calls for 67 parking spaces, or a reduction of two required stalls.

2) Allowing proposed patios on the south-side of the proposed building to be closer to the Broadway Street SE Right-of-Way than permitted by Isanti Zoning Code.
    a. Section 13 Article 2, Subd. 14(A) states that the patio area shall be contiguous to the principal structure and shall meet the setbacks of the primary structure. The setback requirement for Street Side Yard Setbacks from Broadway Street SE is 20 feet.
    b. While the principal structure (hotel) meets that setback, the patios proposed by the developer do not. The proposed patios are 8' off of the Broadway Street SE Right-of-Way line.

Variance Requirements

Section 21, Article 5 provides the process of obtaining a variance. The purpose of this section is to "... provide regulations and procedures for deviations from the literal provisions of this Ordinance including restrictions placed on nonconformities; in instances where the strict enforcement of this Ordinance would cause practical difficulties when it is demonstrated that such variances are found to be in harmony with the general purposes and intent of this Ordinance and such variances are found to be consistent with the Comprehensive Plan."

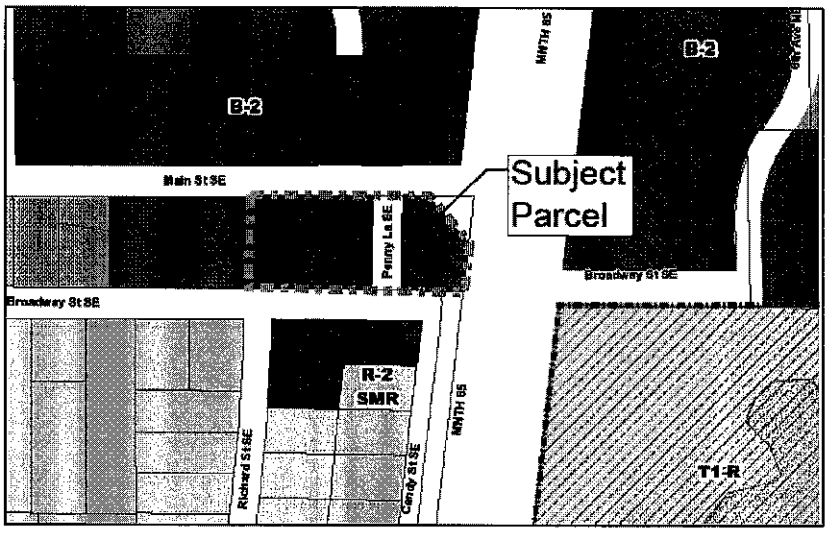
The City Planning Commission is to hold a public hearing on the proposed variances and consider whether or not the applicant meets all of the following criteria:

1. The property owner proposes to use the property in a reasonable manner not permitted by the zoning ordinance.
2. The plight of the landowner is due to circumstances unique to the property and has not been caused by the landowner.
3. A variance, if granted, will not alter the essential character of the locality.
4. Practical difficulties include but are not limited to, inadequate access to direct sunlight for solar energy systems.
5. Economic considerations alone do not constitute practical difficulties.

Staff Comment & Recommendation

Surrounding Zoning & Uses

North: B-2 & TH65 Overlay (Vacant)
South: B-2 w/ TH65 Overlay (Strike Funeral Home)
East: TH 65 ROW, B-2 w/ TH65 Overlay (TH 65 and O'Reilly Auto Parts)
West: B-2 (Hurricane Car Wash)



Off-Street Parking Reduction: The variation of two stalls between what is proposed and the requirement under our zoning code is pretty insignificant. This requirement could be met if the

City's Zoning code did not require a minimum of 25% green space within the parcel and 5% in the parking perimeter, however, keeping those requirements will assist in the aesthetics and the stormwater management of the parcel. As stated above, the City Planning Commission is to hold a public hearing on the proposed variances and consider whether or not the applicant meets all of the following criteria. City Staff Comments are *italicized*:

a. The property owner proposes to use the property in a reasonable manner not permitted by the zoning ordinance – *The proposed reduction in parking spaces is a reasonable manner, parking lots are required for development and are permitted by the zoning code. This criterion is met.*

b. The plight of the landowner is due to circumstances unique to the property and has not been caused by the landowner – *The tight development site coupled with the green space requirements within our code provide a unique hardship to the developer. This criterion is met.*

c. A variance, if granted, will not alter the essential character of the locality – *The reduction in parking spaces will not alter the essential character of the locality. This criterion is met.*

d. Practical difficulties include but are not limited to, inadequate access to direct sunlight for solar energy systems – *The number of parking stalls does not impact access to sunlight for solar energy systems. This criterion is met.*

e. Economic considerations alone do not constitute practical difficulties – *The proposed reduction in parking spaces does not take into consideration economic considerations. This criterion is met.*

Because the green space is needed for aesthetic purposes and for stormwater management, it's appropriate to approve this variance request.

2) The lot is an infill parcel that is limited in size. Because of requirements for biofiltration, stormwater management, and parking, this development location becomes even more challenging. The hotel footprint itself meets the 20' setback requirement from the Broadway Street SE Right-of-Way, and the proposed patios are setback 8' from the Right-of-Way line.

a. The property owner proposes to use the property in a reasonable manner not permitted by the zoning ordinance – *The development is a <u>permitted</u> use under the B-2 zoning district. The property is completely surrounded by either City Streets, City Right of Way, or a State Highway. This causes larger setback requirements than that of parcels that are bordered on one or two sides by streets. Because of that, the property is being used in a reasonable manner not permitted by the zoning ordinance. This criterion is met.*

b. The plight of the landowner is due to circumstances unique to the property and has not been caused by the landowner - *As stated above, the property is bordered on*

all sides by a public street or right of way. This is a unique circumstance that was not caused by the landowner. This criterion is met.

c. A variance, if granted, will not alter the essential character of the locality –*The principal structure of the development meets our setback requirements. By having the patios closer to the Broadway Street SE ROW will have no impact on the character of the locality. Furthermore, other commercial uses in this area are legal non-conforming structures that are already closer to the Broadway Street ST ROW, further justifying this variance request. This criterion is met.*

d. Practical difficulties include but are not limited to, inadequate access to direct sunlight for solar energy systems. *The proposed variance will not impact direct access of sunlight for solar energy systems. This criterion is met.*

e. Economic considerations alone do not constitute practical difficulties. *The proposed variance does not take into consideration any economic concerns. This criterion is met.*

The principal structure meets the setback requirements, if you would move the building further north to meet our setback requirements, you would reduce the amount of parking and thus cause greater need for a variance. It's appropriate to approve this variance.

Development and Operations Committee Review

The Development and Operations Committee Reviewed the proposed variances and recommend approval.

Planning Commission Recommendation

The City Planning Commission reviewed the proposed variance at the November 21, 2017 regularly scheduled meeting. After the public hearing was conducted, they voted to recommend approval of the variances.

Public Hearing

As required under Section 21, Article 5, Subd. 4(D), a public hearing has been scheduled for November 21, 2017 for the variances. Consistent with Section 21, Article 5, Subd. 4(C) all property owners within 350' of the subject parcel were notified of the public hearing.

The public hearing was held on November 21, 2017. Two citizens spoke during the public hearing.

- Resolution No. 2017-XXX

RESOLUTION NO. 2017-XXX

A RESOLUTION APPROVING THE SITE PLAN/BUILDING APPEARANCE FOR THE CONSTRUCTION OF A 60-UNIT HOTEL AND VARIANCES REQUESTED FOR REDUCED REQUIRED OFF-STREET PARKING STALLS AND SETBACK REQUIREMENTS FOR PATIOS ON THE PROPERTY LEGALLY DESCRIBED AS LOT 1, BLOCK 1, ISANTI HOTEL ADDITION, ISANTI COUNTY, ISANTI, MINNESOTA

WHEREAS, Isanti Hotel Partners, LLC is requesting a Site Plan/Building Appearance approval to allow for the construction of a 60-Unit Hotel; and,

WHEREAS, Isanti Hotel Partners, LLC is requesting a Variance approval from the minimum required off-street parking stalls and the street-side setback requirements for two patios from twenty (20) feet to eight (8) feet; and,

WHEREAS, the City of Isanti Planning Commission evaluated the request against the criteria established in Ordinance No. 445 Zoning, Section 21, Article 5, Subd. 4(A), noting that the proposal met all of the criteria; and,

WHEREAS, following publication, posted and mailed notice thereof, the City of Isanti Planning Commission conducted a public hearing on the requested Site Plan/Building Appearance and Variance during the regularly scheduled meeting on November 21st, 2017; and,

WHEREAS, the City of Isanti Planning Commission recommended approval of the required Site Plan/Building Appearance, and Variances subject to the conditions as listed below based upon the Findings of Fact and Conclusion as presented; and,

WHEREAS, the City of Isanti City Council reviewed the requested Site Plan/Building Appearance, and Variances at its regularly scheduled meeting on December 5, 2017.

NOW, THEREFORE, BE IT RESOLVED BY THE CITY COUNCIL OF THE CITY OF ISANTI, MINNESOTA, that it adopts the Findings of Fact and Conclusion related to the requested Site Plan/Building Appearance, and Variance. **BE IT FURTHER RESOLVED** that the requested Site Plan/Building Appearance, and Variance for the property legally described herein, be approved subject to the following conditions:

1) Trash Enclosures are properly screened consistent with Section 14, Subd. 3(C) of the Isanti Zoning Code.

2) A minimum of four bicycle parking spaces shall be installed consistent with Section 17, Subd. 14 of the Isanti Zoning Code.

3) Exterior Signage specifics shall be submitted to the Community Development Department for review prior to installation.

4) Revisions to the plans based on review comments from the Community Development Director and City Engineer

Adopted by the Isanti City Council on this 5th day of December 2017.

_____
Mayor George A. Wimmer

ATTEST:

_____
Katie Brooks,
Human Resources/ City Clerk

CITY OF ISANTI
PLANNING COMMISSION
MEETING MINUTES
November 21, 2017

1. Meeting Opening.

A. Call to Order.

Chairman Wimmer called the meeting to order at 7:23 p.m.

B. Pledge of Allegiance.

Everyone rose for the pledge of allegiance.

C. Roll Call.

Members Present: George Wimmer, Steve Lundeen, Dan Collison, Ross Lorinser, Paul Bergley, and Jeff Miller.

Members Absent: Jim Kennedy

Staff Present: Ryan Kernosky, Community Development Director; Don Lorsung, City Administrator; Katie Brooks, City Clerk/Human Resources; Jason Cook, City Engineer.

1D. Agenda Modifications.

None

Motion by Lorinser, second by Lundeen to approve the Meeting Agenda. Motion was unanimously approved.

2. Approval of Minutes from October 17, 2017 Planning Commission Meeting

Motion by Lorinser, second by Collison to approve the Meeting Minutes. Motion was unanimously approved.

3. Public Hearing

A. Request from Isanti Hotel Partners, LLC (Troy Hoekstra, Agent) for approval of a Site Plan Review per Section 18, Subd. 2 to construct a 60-room Hotel, and for a variance from Section 17, Subd. 10 of the Isanti Zoning Code pertaining to parking requirements and Section 13, Article 2, Subd. 14(A) pertaining to setback requirements for PID 16.146.0010 more legally described as Lot 1, Block 1, of Isanti Hotel Addition, Isanti County, Isanti, Minnesota

Mayor Wimmer opened the Public Hearing at 7:25 p.m.

Jason Bourke, 208 Richard Ave – Mr. Bourke wanted to publicly state that he is against the variance in the parking reduction. He wanted to make sure that the flow of the traffic from the hotel would not impact his neighborhood. Mr. Bourke stated he was not opposed to the hotel, but did have concerns over traffic and the parking.

Hugo Strike – Mr. Strike would like to see the hotel moved West to not block his business from view. Mr. Strike asked about how the codes were set, Mayor Wimmer provided an example on variances from the Co-Op's required parking. Mayor Wimmer stated that the variance was

consistent with Best Western brand standards. Mr. Strike stated that he thought the City did not give out variances.

Mayor Wimmer closed the Public Hearing at 7:29 p.m.

Mr. Lundeen stated that the likelihood of traffic utilizing Richard Avenue is unlikely. Vehicles will more likely use the Main Street to get onto TH 65.

Mayor Wimmer discussed previous examples of increased traffic uses in the City. There are ways to limit traffic using Richard Street, like signage.

Mr. Collison stated that there can be signage used. Mr. Lundeen stated that trailers are normally kept on the site (like the rodeo grounds).

Director Kernosky stated that the activity is facing Main Street, and that he expected the majority of hotel guests to utilize the Main Street side more often than the Broadway Street side for access. Director Kernosky continued to state that our zoning code does require interior landscaping, and that another variance would be needed if they removed that to accommodate the full required parking.

Motion by Lorisner, second by Collison to recommend approval of Resolution 2017-XXX approving the Site Plan/ Building Appearance and Variance for the Best Western Plus. Motion passed unanimously.

4. Other Business.

A. None.

5. Other Communications.

A. None.

6. Adjournment

Motion by Lundeen, second by to Bergely to adjourn the November 21, 2017 meeting of the Planning Commission. Motion was unanimously approved.

The meeting adjourned at 7:33 p.m.

Dated at Isanti, Minnesota this 22nd day of November, 2017.

Respectfully submitted,

Ryan Kernosky
Community Development Director

FINDINGS OF FACT AND CONCLUSION

Site Plan/Building Appearance Review
Variance Application Review

December 5, 2017
Prepared by Community Development Director Ryan Kernosky

Request

Request from Isanti Hotel Partners, LLC for a Site Plan/Building Appearance and Variance Application approval of a 60-Unit Best Western Plus on the property legally described as Lot 1, Block 1, Isanti Hotel Addition, Isanti County, Isanti, Minnesota.

Findings of Fact

1. The applicant is requesting to construct a 60-Unit Best Western Plus on the property legally described Lot 1, Block 1, Isanti Hotel Addition, Isanti County, Minnesota.
2. The subject property is zoned 'B-2' General Business Zoning District and is part of the 'TH-65' Highway 65 Corridor Overlay Zoning District.
3. Hotels are a permitted use in the B-2 Zoning District.
4. Hotels are a permitted use in the TH-65 Overlay Zoning District.
5. The petitioner submitted a Site Plan/Building Appearance and Variance Application on October 20, 2017. The application was deemed complete on October 31, 2017. Pursuant to Minnesota State Statute, the City must act on this request by December 30, 2017.
6. A public hearing was scheduled before the City of Isanti City Planning Commission on Tuesday, November 21, 2017 at 7:00 p.m. at City Hall within the City Council Chambers.
7. Notice of the Site Plan/Building Appearance Review and Variance Application was published within the *Isanti County News* on November 8, 2017. Notices were sent to all property owners located within 350 feet of the subject property.
8. Section 18, Subd. 7 Standards of the Zoning Ordinance shall be used to evaluate any proposed site plans.
9. Section 21, Article 5, Subd. 4(D) shall be used to evaluate any proposed variances.

Conclusions

1. In review of the standards established in Section 18, Subd. 7 the following conclusions have been made (*conclusions to each requirement are shown in underlined italics):*

   A. Consistency with the elements and objectives of the City's development guides, including the Comprehensive Plan.

   The location of the proposed hotel is consistent with the City's development guides, including the City's 2008 Comprehensive Plan. Furthermore, the City of Isanti Planning Commission and the City of Isanti EDA has adopted a redevelopment plan that includes the subject parcel.

   B. Consistency with City Codes.

   The proposed hotel development meets all City codes with the exception of off-street parking requirements and setback requirements for proposed patios. The two exceptions that are not consistent with the City Codes have been identified by the City and developer. The developer has applied for a variance from these two exceptions. That variance review is part of these facts and conclusions.

C. Preservation of the site in its natural state to the extent practicable by minimizing tree and soil removal and designing grade changes to be in keeping with the general appearance of neighboring developed or developing areas.

The proposed hotel development intends to keep as many of the street trees along Broadway Street and Main Street as reasonably possible. The existing site, and the proposed site, appear to be consistent with elevation grades of the neighboring developed or developing areas.

D. The amount and location of open space and landscaping.

The amount of open space and landscaping meets the requirements within our City Zoning Code.

E. Vehicular and pedestrian circulation, including walkways, interior drives, and parking in terms of location and number of access points to the public streets, width of interior drives and access points, general interior circulation, separation of pedestrian and vehicular traffic and arrangement and amount of parking.

The proposed parking area, pedestrian circulation, access points to the public streets, and all other requirements have been met or are being addressed through a variance.

F. Protection of adjacent and neighboring properties through reasonable provision of surface water drainage, sound and light buffers, preservation of views, lights, and air and those aspects of design not adequately covered by other regulations which may have substantial effects on neighboring land uses.

Surface drainage has been reviewed and approved by the City Engineer. There is not expected to be any other hindrances to surrounding property owners. The development will have down-ward directed lighting that will not spill onto adjacent properties. The site has been designed to minimize surrounding residential neighborhood hindrances, by having the parking lot and main entrance facing the north property line.

G. Consistency with the City's Engineering and Design standards as adopted by Resolution of the City Council.

Stormwater management plans have been reviewed and approved by the City Engineer.

2. In review of the Variance standards outlined in Section 21, Article 5, Subd. 4(D), the following conclusions have been made for the proposed reduction in parking spaces:

A. The property owner proposes to use the property in a reasonable manner not permitted by the zoning ordinance.

The proposed reduction in parking spaces is a reasonable manner, parking lots are required for development and are permitted by the zoning code. This criterion is met.

B. The plight of the landowner is due to circumstances unique to the property and has not been caused by the landowner.

The tight development site coupled with the green space requirements within our code provide a unique hardship to the developer. This criterion is met.

C. A variance, if granted, will not alter the essential character of the locality.

The reduction in parking spaces will not alter the essential character of the locality. This criterion is met.

D. Practical difficulties include but are not limited to, inadequate access to direct sunlight for solar energy systems.

The number of parking stalls does not impact access to sunlight for solar energy systems. This criterion is met.

E. Economic considerations alone do not constitute practical difficulties.

The proposed reduction in parking spaces does not take into consideration economic considerations. This criterion is met.

3. In review of the Variance standards outlined in Section 21, Article 5, Subd. 4(D), the following conclusions have been made for the proposed reduction in setbacks from 20' to 8' for the proposed patios:
   A. The property owner proposes to use the property in a reasonable manner not permitted by the zoning ordinance.

   The development is a permitted use under the B-2 zoning district. The property is completely surrounded by either City Streets, City Right of Way, or a State Highway. This causes larger setback requirements than that of parcels that are bordered on one or two sides by streets. Because of that, the property is being used in a reasonable manner not permitted by the zoning ordinance. This criterion is met.

   B. The plight of the landowner is due to circumstances unique to the property and has not been caused by the landowner.

   As stated above, the property is bordered on all sides by a public street or right of way. This is a unique circumstance that was not caused by the landowner. This criterion is met.

   C. A variance, if granted, will not alter the essential character of the locality.

   The principal structure of the development meets our setback requirements. By having the patios closer to the Broadway Street SE ROW will have no impact on the character of the locality. Furthermore, other commercial uses in this area are legal non-conforming structures that are already closer to the Broadway Street ST ROW, further justifying this variance request. This criterion is met.

   D. Practical difficulties include but are not limited to, inadequate access to direct sunlight for solar energy systems.

   The proposed variance will not impact direct access of sunlight for solar energy systems. This criterion is met.

   E. Economic considerations alone do not constitute practical difficulties.

   The proposed variance does not take into consideration any economic concerns. This criterion is met.

Decision

The Planning Commission held a public hearing on the item at the **November 21, 2017** meeting. The meeting minutes shall be made part of the Findings of Fact.

Planning Commission Action

Motion by Lorisner, second by Collison to recommend approval of Resolution 2017-XXX approving the Site Plan/ Building Appearance and Variance for the Best Western Plus. Motion passed unanimously.

REMOVE AND DISPOSE OF EXISTING BITUMINOUS PAVEMENT SECTION

KEY NOTES

1. SAWCUT, REMOVE, AND DISPOSE OF EXISTING CONCRETE CURB AND GUTTER.
2. REMOVE AND DISPOSE OF EXISTING SIGN & POST
3. REMOVE AND DISPOSE OF EXISTING TREE.
4. COORDINATE WITH LOCAL POWER COMPANY FOR REMOVAL AND RELOCATION OF EXISTING ELECTRICAL UTILITIES.
5. COORDINATE WITH LOCAL UTILITY COMPANY FOR REMOVAL AND RELOCATION OF EXISTING TELEPHONE UTILITIES
6. EXISTING CAR WASH SIGN AND ASSOCIATED ELECTRICAL TO BE REMOVED BY OTHERS.
7. PROTECT EXISTING TO TREES REMAIN - VERIFY WITH LANDSCAPE DESIGNER AND FINAL LANDSCAPE PLAN
8. REMOVE AND REPLACE EXISTING CURB AND PAVEMENT AS NEEDED FOR UTILITY CONNECTIONS/ RESTORE ALL PAVEMENT, CURB, AND UTILITY STRUCTURES PER CITY STANDARDS.
9. REMOVE AND DISPOSE OF EXISTING STORM SEWER STUB FOR NEW CONNECTION
10. REMOVE AND SALVAGE EXISTING SIGN. REINSTALL UPON COMPLETION OF WORK.

DEMOLITION NOTES

1. Verify all existing utility locations.
2. It is the responsibility of the Contractor to perform or coordinate all necessary utility demolitions and relocations from existing utility locations to all onsite amenities and buildings. These connections include, but are not limited to, water, sanitary sewer, cable tv, telephone, gas, electric, site lighting, etc
3. Prior to beginning work, contact Gopher State One call (651-454-0002) to locate utilities throughout the area under construction. The Contractor shall retain the services of a private utility locator to locate the private utilities
4. Sawcut along edges of pavements, sidewalks, and curbs to remain
5. All construction shall be performed in accordance with state and local standard specifications for construction

GRADING NOTES

1. All elevations with an asterisk (*) shall be field verified. If elevations vary significantly, notify the Engineer for further instructions.
2. Grades shown in paved areas represent finish elevation.
3. Restore all disturbed areas with 4" of good quality topsoil and sod, or as specified on the landscape plan.
4. Install Erosion Control Blanket on all slopes of 4:1 or greater.
5. All construction shall be performed in accordance with state and local standard specifications for construction.

EROSION CONTROL NOTES

1. Owner and Contractor shall obtain MPCA-NPDES permit. Contractor shall be responsible for all fees pertaining to this permit. The SWPPP shall be kept onsite at all times.
2. Install temporary erosion control measures (inlet protection, silt fence, and rock construction entrances) prior to beginning any excavation or demolition work at the site.
3. Erosion control measures shown on the erosion control plan are the absolute minimums. The contractor shall install temporary earth dikes, sediment traps or basins, additional siltation fencing, and/or disk the soil parallel to the contours as deemed necessary to further control erosion. All changes shall be recorded in the SWPPP.
4. All construction site entrances shall be stabilized with crushed rock across the entire width of the entrance and from the entrance to a point 50' into the construction zone.
5. The toe of the silt fence shall be trenched in a minimum of 8". The trench backfill shall be compacted with a vibratory plate compactor.
6. All grading operations shall be conducted in a manner to minimize the potential for site erosion. Sediment control practices must be established on all down gradient perimeters before any up gradient land disturbing activities begin.
7. All exposed soil areas must be stabilized as soon as possible to limit soil erosion but in no case later than 14 days after the construction activity in that portion of the site has temporarily or permanently ceased. Temporary stockpiles without significant silt, clay, or organic components (i.e. clean aggregate stockpiles, demolition concrete stockpiles, sand stockpiles) and the constructed base components of roads, parking lots and similar surfaces are exempt from this requirement.
8. The normal wetted perimeter of any temporary or permanent drainage ditch or swale that drains water from any portion of the construction site, or diverts water around the site, must be stabilized within 200 lineal feet from the property edge, or from the point of discharge into any surface water. Stabilization of the last 200 lineal feet must be completed within 24 hours after connecting to a surface water. Stabilization of the remaining portions of any temporary or permanent ditches or swales must be complete within 14 days after connecting to a surface water and construction in that portion of the ditch has temporarily or permanently ceased.
9. Pipe outlets must be provided with energy dissipation within 24 hours of connection to surface water.
10. All riprap shall be installed with a filter material or soil separation fabric and comply with the Minnesota Department of Transportation Standard Specifications.
11. All storm sewer catch basins not needed for site drainage during construction shall be covered to prevent runoff from entering the storm sewer system. Catch basins necessary for site drainage during construction shall be provided with inlet protection.
12. In areas where concentrated flows occur (such as swales and areas in front of storm catch basins and inlets) the siltation control facilities shall be backed by stabilization structure to protect those facilities from the concentrated flows.
13. Inspect the construction site once every seven days during active construction and within 24 hours after a rainfall event greater than 0.5 inches in 24 hours. All inspections shall be recorded in the SWPPP.
14. All silt fence must be repaired, replaced, or supplemented when they become nonfunctional or the sediment reaches 1/3 of the height of the fence. These repairs must be made within 24 hours of discovery, or as soon as field conditions allow access. All repairs shall be recorded in the SWPPP.
15. If sediment escapes the construction site, off-site accumulations of sediment must be removed in a manner and at a frequency sufficient to minimize off-site impacts.
16. All soils tracked onto pavement shall be removed daily.
17. All infiltration areas must be inspected to ensure that no sediment from ongoing construction activity is reaching the infiltration area and these areas are protected from compaction due to construction equipment driving across the infiltration area.
18. Temporary soil stockpiles must have silt fence or other effective sediment controls, and cannot be placed in surface waters, including stormwater conveyances such as curb and gutter systems, or conduits and ditches unless there is a bypass in place for the stormwater.
19. Collected sediment, asphalt and concrete millings, floating debris, paper, plastic, fabric, construction and demolition debris and other wastes must be disposed of properly and must comply with MPCA disposal requirements.
20. Oil, gasoline, paint and any hazardous substances must be properly stored, including secondary containment, to prevent spills, leaks or other discharge. Restricted access to storage areas must be provided to prevent vandalism. Storage and disposal of hazardous waste must be in compliance with MPCA regulations.
21. External washing of trucks and other construction vehicles must be limited to a defined area of the site. Runoff must be contained and waste properly disposed of. No engine degreasing is allowed onsite.
22. All liquid and solid wastes generated by concrete washout operations must be contained in a leak-proof contained facility or impermeable liner. A compacted clay liner that does not allow washout liquids to reach ground water is considered an impermeable liner. The liquid and solid wastes must not contact the ground, and there must not be runoff from the concrete washout operations or areas. Liquid and solid wastes must be disposed of properly and in compliance with MPCA regulations. A sign must be installed adjacent to each washout facility to inform concrete equipment operators to utilize the proper facilities.
23. Upon completion of the project and stabilization of all graded areas, all temporary erosion control facilities (silt fences, hay bales, etc.) shall be removed from the site.
24. All permanent sedimentation basins must be restored to their design condition immediately following stabilization of the site.
25. Contractor shall submit Notice of Termination for MPCA-NPDES permit within 30 days after Final Stabilization.

UTILITY NOTES

1. It is the responsibility of the contractor to perform or coordinate all necessary utility connections and relocations from existing utility locations to the proposed building, as well as to all onsite amenities. These connections include but are not limited to water, sanitary sewer, cable TV, telephone, gas, electric, site lighting, etc.
2. All sewer connections shall be performed in accordance with rules and local standard specifications for construction. Utility connections (sanitary sewer, watermain, and storm sewer) may require a permit from the City.
3. The contractor shall verify the elevations at proposed connections to existing utilities prior to any demolition or excavation.
4. The contractor shall notify all appropriate engineering departments and utility companies 72 hours prior to construction. All necessary precautions shall be made to avoid damage to existing utilities.
5. Storm sewer requires testing in accordance with Minnesota plumbing code 4715.1109 where located within 10 feet of waterlines or the building.
6. HDPE storm sewer piping shall meet ASTM F2306 and fittings shall meet ASTM D3212 joint pressure test. Installation shall meet ASTM C2321.
7. All RCP pipe shown on the plans shall be MNDOT class 5.
8. Maintain a minimum of 7 ½" of cover over all water lines and sanitary sewer lines. Install water lines 18" above sanitary sewers, where the sanitary sewer crosses over the water line, install sewer piping of materials equal to watermain standards for 9 feet on both sides and maintain 18" of separation.
9. Where 7 ½" of cover is not provided over sanitary sewer and water lines, install 2" rigid polystyrene insulation (MNDOT 3760) with a thermal resistance of at least 5 and a compressive strength of at least 25 psi. Insulation shall be 8' wide, centered over pipe with 6" sand backfill between pipe and insulation. Where depth is less than 5', use 4" of insulation.
10. All watermain piping shall be class 52 ductile iron pipe unless noted otherwise.
11. See Project Specifications for bedding requirements.
12. Pressure test and disinfect all new watermains in accordance with state and local requirements.
13. Sanitary sewer piping shall be PVC, SDR-35 for depths less than 12', PVC SDR-26 for depths between 12' and 26', and class 52 D.I.P. for depths of 26' or more.
14. Tracer wire including access boxes and grounding rodes shall be installed along sanitary sewer service pipe where indicated on the plans. Sanitary Sewer tracer wire shall be green #12 AWG Copper Clad Steel.

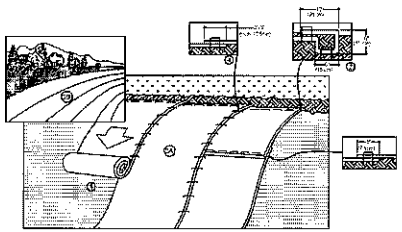
NORTH AMERICAN GREEN
EROSION CONTROL Products Guaranteed SOLUTIONS



1. PREPARE SOIL BEFORE INSTALLING ROLLED EROSION CONTROL PRODUCTS (RECPs), INCLUDING ANY NECESSARY APPLICATION OF LIME, FERTILIZER, AND SEED.
NOTE: WHEN USING CELL-O-SEED DO NOT SEED PREPARED AREA. CELL-O-SEED MUST BE INSTALLED WITH PAPER SIDE DOWN.
2. BEGIN AT THE TOP OF THE SLOPE BY ANCHORING THE RECPs IN A 6" (15 CM) DEEP X 6" (15 CM) WIDE TRENCH WITH APPROXIMATELY 12" (30 CM) OF RECPs EXTENDED BEYOND THE UP-SLOPE PORTION OF THE TRENCH. ANCHOR THE RECPs WITH A ROW OF STAPLES/STAKES APPROXIMATELY 12" (30 CM) APART IN THE BOTTOM OF THE TRENCH. BACKFILL AND COMPACT THE TRENCH AFTER STAPLING. APPLY SEED TO COMPACTED SOIL AND FOLD REMAINING 12" (30 CM) PORTION OF RECPs BACK OVER SEED AND COMPACTED SOIL. SECURE RECPs OVER COMPACTED SOIL WITH A ROW OF STAPLES/STAKES SPACED APPROXIMATELY 12" (30 CM) APART ACROSS THE WIDTH OF THE RECPs.
3. ROLL THE RECPs (A) DOWN OR (B) HORIZONTALLY ACROSS THE SLOPE. RECPs WILL UNROLL WITH APPROPRIATE SIDE AGAINST THE SOIL SURFACE. ALL RECPs MUST BE SECURELY FASTENED TO SOIL SURFACE BY PLACING STAPLES/STAKES IN APPROPRIATE LOCATIONS AS SHOWN IN THE STAPLE PATTERN GUIDE. WHEN USING THE DOT SELECT, STAPLES/STAKES SHOULD BE PLACED THROUGH EACH OF THE COLORED DOTS CORRESPONDING TO THE APPROPRIATE STAPLE PATTERN.
4. THE EDGES OF PARALLEL RECPs MUST BE STAPLED WITH APPROXIMATELY 2" - 3" (5 CM - 10 CM) OVERLAP DEPENDING ON RECPs TYPE.
5. CONSECUTIVE RECPs SPLICED DOWN THE SLOPE MUST BE PLACED END OVER END (SHINGLE STYLE) WITH AN APPROXIMATE 3" (7.5 CM) OVERLAP. STAPLE THROUGH OVERLAPPED AREA, APPROXIMATELY 12" (30 CM) APART ACROSS ENTIRE RECPs WIDTH.
NOTE
*IN LOOSE SOIL CONDITIONS, THE USE OF STAPLE OR STAKE LENGTHS GREATER THAN 6" (15 CM) MAY BE NECESSARY TO PROPERLY SECURE THE RECPs.

Staples/Anchors:
The type of anchors used to secure the blanket to the ground shall be steel wire 11 Gauge 1" wide x 8" long.

ACCEPTABLE FILL MATERIALS: STORMTECH SC-740 CHAMBER SYSTEMS

	MATERIAL LOCATION	DESCRIPTION	AASHTO MATERIAL CLASSIFICATIONS	COMPACTION / DENSITY REQUIREMENT
D	FINAL FILL: FILL MATERIAL FOR LAYER 'D' STARTS FROM THE TOP OF THE 'C' LAYER TO THE BOTTOM OF FLEXIBLE PAVEMENT OR UNPAVED FINISHED GRADE ABOVE. NOTE THAT PAVEMENT SUBBASE MAY BE PART OF THE 'D' LAYER	ANY SOIL/ROCK MATERIALS, NATIVE SOILS, OR PER ENGINEERS PLANS. CHECK PLANS FOR PAVEMENT SUBGRADE REQUIREMENTS.	N/A	PREPARE PER SITE DESIGN ENGINEER & PLANS. PAVED INSTALLATION MAY HAVE STRINGENT MATERIAL AND PREPARATION REQUIREMENTS.
C	INITIAL FILL: FILL MATERIAL FOR LAYER 'C' STARTS FROM THE TOP OF THE EMBEDMENT STONE (B LAYER) TO 18" (450 mm) ABOVE THE TOP OF THE CHAMBER. NOTE THAT PAVEMENT SUBGRADE MAY BE A PART OF THE 'C' LAYER.	GRAVEL OR WELL-GRADED SOIL/AGGREGATE MIXTURES, <35% FINES OR PROCESSED AGGREGATE. MOST PAVEMENT SUBBASE MATERIALS CAN BE USED IN LIEU OF THIS LAYER.	AASHTO M145*: A-1, A-2-4, A-3 OR AASHTO M43*: 3,357, 4,467, 5,56, 57, 6, 67, 68, 7, 78, 8, 89, 9, 10	BEGIN COMPACTIONS AFTER 12" (300 mm) OF MATERIAL OVER THE CHAMBERS IS REACHED. COMPACT ADDITIONAL LAYERS TO 35% (150 mm) MAX LIFTS TO A MIN. 95% PROCTOR DENSITY FOR WELL GRADED MATERIAL AND 95% RELATIVE DENSITY FOR PROCESSED AGGREGATE MATERIALS. ROLLER GROSS VEHICLE WEIGHT NOT TO EXCEED 12,000 lbs (53 kN). DYNAMIC FORCE NOT TO EXCEED 20,000 lbs (89 kN).
B	EMBEDMENT STONE: FILL SURROUNDING THE CHAMBERS FROM THE FOUNDATION STONE/SOIL LAYER UP TO THE 'C' LAYER ABOVE.	CLEAN, CRUSHED, ANGULAR STONE	AASHTO M43*: 3, 357, 4, 467, 5, 56, 57	NO COMPACTION REQUIRED.
A	FOUNDATION STONE: FILL BELOW CHAMBERS FROM THE SUBGRADE UP TO THE FOOT (BOTTOM) OF THE CHAMBER.	CLEAN, CRUSHED, ANGULAR STONE	AASHTO M43*: 3, 357, 4, 467, 5, 56, 57	PLATE COMPACT OR ROLL TO ACHIEVE A FLAT SURFACE. **

PLEASE NOTE:
* THE LISTED AASHTO DESIGNATIONS ARE FOR GRADATIONS ONLY. THE STONE MUST ALSO BE CLEAN, CRUSHED, ANGULAR. FOR EXAMPLE, A SPECIFICATION FOR #4 STONE WOULD STATE: "CLEAN, CRUSHED, ANGULAR #4 (AASHTO M43) STONE."
2. STORMTECH COMPACTION REQUIREMENTS ARE MET FOR 'A' LOCATION MATERIALS WHEN PLACED AND COMPACTED IN 6" (150 mm) MAX LIFTS USING TWO FULL COVERAGES WITH A VIBRATORY COMPACTOR.
3. WHERE AN UNPAVED SURFACE MAY BE CONTAMINATED BY CONSTRUCTION, FOR STANDARD DESIGN LOAD CONDITIONS, A FLAT SURFACE MAY BE ACHIEVED BY RAKING OR DRAGGING WITHOUT COMPACTION EQUIPMENT. FOR SPECIAL LOAD DESIGNS, CONTACT STORMTECH FOR COMPACTION REQUIREMENTS.

NOTES:

1. SC-740 CHAMBERS SHALL CONFORM TO THE REQUIREMENTS OF ASTM F2418 "STANDARD SPECIFICATION FOR POLYPROPYLENE (PP) CORRUGATED WALL STORMWATER COLLECTION CHAMBERS" OR ASTM F2922 "STANDARD SPECIFICATION FOR POLYETHYLENE (PE) CORRUGATED WALL STORMWATER COLLECTION CHAMBERS".
2. SC-740 CHAMBERS SHALL BE DESIGNED IN ACCORDANCE WITH ASTM F2787 "STANDARD PRACTICE FOR STRUCTURAL DESIGN OF THERMOPLASTIC CORRUGATED WALL STORMWATER COLLECTION CHAMBERS".
3. "ACCEPTABLE FILL MATERIALS" TABLE ABOVE PROVIDES MATERIAL LOCATIONS, DESCRIPTIONS, GRADATIONS, AND COMPACTION REQUIREMENTS FOR FOUNDATION, EMBEDMENT, AND FILL MATERIALS.
4. THE SITE DESIGN ENGINEER IS RESPONSIBLE FOR ASSESSING THE BEARING RESISTANCE (ALLOWABLE BEARING CAPACITY) OF THE SUBGRADE SOILS AND THE DEPTH OF FOUNDATION STONE WITH CONSIDERATION FOR THE RANGE OF EXPECTED SOIL MOISTURE CONDITIONS.
5. PERIMETER STONE MUST BE EXTENDED HORIZONTALLY TO THE EXCAVATION WALL FOR BOTH VERTICAL AND SLOPED EXCAVATION WALLS.
6. ONCE LAYER 'C' IS PLACED, ANY SOIL/MATERIAL CAN BE PLACED IN LAYER 'D' UP TO THE FINISHED GRADE. MOST PAVEMENT SUBBASE SOILS CAN BE USED TO REPLACE THE MATERIAL REQUIREMENTS OF LAYER 'D' OR 'C' AT THE SITE DESIGN ENGINEER'S DISCRETION.

SC-740 ISOLATOR ROW DETAIL

NTS

INSPECTION & MAINTENANCE

STEP 1) INSPECT ISOLATOR ROW FOR SEDIMENT
- A. INSPECTION PORTS (IF PRESENT)
  - A.1 REMOVE/OPEN LID, CAP, OR PLUG
  - A.2 REMOVE AND CLEAN FLEXSTORM FILTER IF INSTALLED
  - A.3 USING A FLASHLIGHT AND STADIA ROD, MEASURE DEPTH OF SEDIMENT AND RECORD ON MAINTENANCE LOG
  - A.4 LOWER A CAMERA INTO ISOLATOR ROW FOR VISUAL INSPECTION OF SEDIMENT LEVELS (IF NECESSARY)
  - A.5 IF SEDIMENT IS AT, OR ABOVE, 3" (80 mm) PROCEED TO STEP 2. IF NOT, PROCEED TO STEP 3
- B. ALL ISOLATOR ROWS
  - B.1 REMOVE COVER FROM DOWNSTREAM END OF ISOLATOR ROW
  - B.2 USING A FLASHLIGHT, INSPECT DOWN THE ISOLATOR ROW THROUGH EACH OUTLET PIPE
    - a. MIRRORS ON POLES OR CAMERAS MAY BE USED TO AVOID A CONFINED SPACE ENTRY
    - b. FOLLOW OSHA REGULATIONS FOR CONFINED SPACE ENTRY IF ENTERING MANHOLE
  - B.3 IF SEDIMENT IS AT, OR ABOVE, 3" (80 mm) PROCEED TO STEP 2. IF NOT, PROCEED TO STEP 3

STEP 2) CLEAN OUT ISOLATOR ROW USING THE JETVAC PROCESS
- A. A FIXED CULVERT CLEANING NOZZLE WITH REAR FACING SPREAD OF 45" (1.1 m) OR MORE IS PREFERRED
- B. APPLY MULTIPLE PASSES OF JETVAC UNTIL BACKFLUSH WATER IS CLEAN
- C. VACUUM STRUCTURE SUMP AS REQUIRED

STEP 3) REPLACE ALL COVERS, GRATES, FILTERS, AND LOOSE INCIDENTAL CONSTRUCTION DEBRIS AND ACCESSORIES

STEP 4) INSPECT AND CLEAN BASINS AND MANHOLES UPSTREAM OF THE STORMTECH SYSTEM

NOTES

1. INSPECT EVERY 6 MONTHS DURING THE FIRST YEAR OF OPERATION. ADJUST THE INSPECTION INTERVAL BASED ON PREVIOUS OBSERVATIONS OF SEDIMENT ACCUMULATION AND HIGH WATER ELEVATIONS.
2. CONDUCT JETTING AND VACTORING ANNUALLY OR WHEN INSPECTION SHOWS THAT MAINTENANCE IS NECESSARY.

Request for City Council

To: **Mayor Wimmer and City Council Members**

From: Chief Gene C. Hill **MEMO**

Date: November 28, 2017

Subject: Police Department Events Costs

Background:

The Finance Committee was discussing the Annual ATV / Snowmobile Event and its costs to the City. This brought up what other events that the police department are directly involved with and their costs to the City.

The Finance Committee want to inform the entire City Council of the direct costs to the City for the events listed on the attachment provided.

Action:

I am requesting the City Council review and discuss the costs for the events and the financial impacts they have to the budget.

Thank you for your time and consideration,

Chief Gene C. Hill

RESOLUTION NO. 2017-XXX

RESOLUTION OF POLICE DEPARTMENT EVENTS INVOLVEMENT AND THE RELATED FINANCIAL IMPACTS TO THE POLICE DEPARTMENT BUDGET

WHEREAS, the Police Department has been involved in numerous events that have a financial impact to the department's budget and;

WHEREAS, the Finance Committee wanted the full City Council to be aware of the costs of the departments involvement in these events and;

NOW, THEREFORE, IT IS HEREBY RESOLVED by the City Council of the City of Isanti, Minnesota to authorize the Chief of Police to participate in the attached special events with approximate associated costs.

This resolution was duly adopted by the Isanti City Council this 5th day of December, 2017.

_____
Mayor George A. Wimmer

Attest:

_____
Katie Brooks
Human Resources/City Clerk

Police Department Event Involvement Costs

1. Rodeo / Jubilee Days:
    - Officers:
        - Parade Night - all available department staff
            - Admin Staff (Penny/ Linda) $ 132.36
            - Fulltime Officers x 6 $1511.55
            - Part-time Officers x 5 $ 675.00
            - Reserves
        - Friday Night: 5 – extra officers (2Ft & 3 Pt) $2153.60
        - Saturday Day 1 – extra officer $ 270.00
        - Saturday Night 5 - extra officers (2Ft & 3 Pt) $2153.60
        - Sunday Day: 1 - extra officer - PT $ 270.00
    - Food / Drink Approximate $ 300.00
    - Extra Squad Usage: 4 squads totaling 550 miles @ .535/mile $ 294.25

    Total $7,760.36
2. Annual ATV / Snowmobile Parade:
    - Food:
        - Officers:
            - Fulltime x2 $403.08
            - Part-time x 2 $216.00
            - Reserves x 4 $0.00
        - Chili w/condiments (crackers, cheese, onion, sour cream) $250.00
        - Cookies – usually donated (12dozen)
    - Extra Vehicle Expense: 4 vehicle totaling 20 miles @ .535/mile $ 10.70
    - Trophies x 4: $ 50.00

    Total $ 929.78
3. VFW / Bike Rodeo:
    - Fulltime Officer x 1 for 3 hours: $151.20
    - 2-4 Reserve Officers: 0.00
    - Extra Vehicle 4 miles at .535/mile 2.14

    Total $ 153.34
4. Cambridge Isanti Prom – Spirit River Event Center
    - Fulltime Officer – 6 hours 302.31
    - Mileage – 3 miles at .535/mile 1.61

    Total $303.92
5. Shop with a Cop Program –
    - 2 Officer @ 2 hours each **Total $ 201.54**

6. Take a Kid Fishing:
    a. No longer conduct due to lack of citizen participants
7. ATV and Snowmobile Safety Training Classes:
    a. No longer conduct due to most participants are from outside City of Isanti

CITY OF ISANTI
PARKS, RECREATION, AND CULTURE BOARD
MEETING MINUTES
October 24, 2017
City Council Chambers

1. Meeting Opening.

A. Call to Order.
Garvey called the meeting to order at 6:00 p.m.

B. Pledge of Allegiance.
Everyone stood for the Pledge of Allegiance.

C. Roll Call.

Members Present:	Jennifer Garvey, Jeff Johnson, James Witte, and Mayor Wimmer
Members Absent:	Aaron Zdon
Staff Present:	Katie Everett, Community Events and Parks Coordinator

D. Agenda Modifications.
Garvey asked if there were any agenda modifications. There were none.

Motion by Wimmer, second by Witte to approve the October 24, 2017 Parks, Recreation, and Culture Board Agenda. Motion was unanimously approved.

2. Approval of Minutes from September 26, 2017 Parks, Recreation and Culture Board Meeting.

Motion by Wimmer. Second by Witte. Vote was unanimously approved.

3. Bike/Walk Trail Sign Redesign

Everett explained that we have ordered the small clean up after your dog signs; she wasn't sure if Public Works had gotten a chance to put them up yet. She ordered three, one would be placed right at that corner and the others possibly at the entrances to Bluebird Park because we see a lot of dogs in and out of there. Public Works has been very busy doing fall shut down things. Johnson said he just drove by and they aren't up yet. Everett explained they will get to them soon.

Everett directed their attention to the color attachment of the sign draft. She explained that without adding lots of colors and making this a very expensive sign, she added in some of the types of things you would go through on the trail. The icons can be anything, so if something else would make more sense to the board those can be changed out, or if there is something on the trail we should be highlighting that isn't on the sign we can add those kinds of things too. Using different kinds of patterns with the blue, green, and white outlines kind of helps out. She noticed that the print out came through wrong; the parking lots have a has pattern in them and Bluebird Park has stripes. Johnson asked if the road was where Mayor Wimmer said it should be; he confirmed that it is. Everett asked if there were other things they hoped to have on there. Garvey stated that the only other thing they talked about was having mile markers, and they don't necessarily need to be numbered 1 and 2, but just the mile marker type of thing so people have another distance. Garvey stated that otherwise she likes the additions that are included. Witte asked if there was an icon for cleaning up after pets, and if this icon was just stating that it's more of a pet-friendly park. Everett explained that this icon is leashing pets and there's an icon for everything. What we talked about last time were the little signs we ordered that say dog waste spreads disease, those will go up separately and will hopefully draw more attention to that issue. Johnson showed Witte the secondary sign from last meeting.

Everett stated that she had just taken the side-by-side up the trail yesterday, and it looks like we must have a bunch of coyotes around based on the feces on the trail. Mayor Wimmer stated that there was recently a story in Garvey's neighborhood that someone thought their dog was fighting with another dog and someone else told them there were coyotes in the area. Wimmer stated we have a lot of nature here. Johnson stated he watched a deer walk right down Main Street this week, and that's why he lives in Isanti.

Everett stated that if there were no other comments on the sign, she would add mile markers and bring it back in November and then get it ordered by the end of the year.

4. Isanti Rocks Program

Everett stated that there already has been a development on this. In August, we had a family come in that had been on vacation and they saw another city that did a rock program. The board may have seen these in other communities; people literally just paint pebbles. They put whatever they want on them and then they hide them. Wimmer stated that this would be done in an appropriate way. Everett stated that when people find them, they're encouraged to post a picture to a designated Facebook page and then rehide them. If the kids really love the rocks, they can keep them too. Probably on the Facebook page then would be an appropriate place to post the rules and objectives of the program. We wouldn't want people hiding them on private property, or big rocks in the middle of grass; and keeping them to community-appropriate kinds of things painted on them. Everett explained that she just got an email from this family today, and she is interested in seeing this happen and will help with getting rocks painted, but she is a little worried about the administration of a public Facebook page. However, yesterday Everett got a call from someone at the school district who works with the Moving Forward program, which is for special needs students who have graduated but they aren't in careers yet, so they're in that 18-21 age group. It sounds like they have a lot of artists in the group right now, and so she was independently wondering if they could do something like this. She is looking to do this district-wide. She has already talked to County Parks and Cambridge about doing it in their parks too. She is totally willing to do the Facebook page and get that out there. She is hoping that they could launch it to raise attention for their program, but then open it up for the whole community to participate in that.

Everett stated that there are kind of two things at play here. She said that our biggest concern is will we allow that in our parks and public spaces; and then, who will be monitoring that. Wimmer added, will it then be a third party who's doing it. If the City was going to do it as a Park and Rec program type thing, it would be headed up by Everett and all of that kind of stuff. When we met with that individual, it did seem like she was kind of in the mindset of, "Hey, this is cool," but wanting to hand it off to somebody. It was nice to get that kind of an idea, but we have lots of things going on. The way Wimmer would look at it, and Council would need to discuss it as well, if a third party wants to do something like this – great. They would need to be told it needs to be in these certain areas, it can't be on private property, that kind of thing. The best thing for them to do would be to get local businesses involved and do some hiding there as well. Either we're going to let them do their thing and let them go (which would be Wimmer's preference), or we head it up because we're going to have a lot of other strictures of how we're going to handle that. It's neat to hear that the person from the school district program is looking to do with it – he says let them run with it.

Everett asked if there are specific things that the board would like to pass on as the rules, or things we should make sure we're in front of. Wimmer stated that the thing with hiding rocks is that you want to put them with other rocks; that sounds kind of obvious, but we don't have a whole lot of places that are City property that have that, and the few places we do like at Legacy with those big rocks, we don't want them doing it there because they're not supposed to be on there in the first place. Partnering with the clinic would be great because they have all of the rock; any of the places with landscaping around might be a good place to go. Just thinking City property especially, there just isn't a lot that is that way. Garvey stated that she would direct that back to City staff as to where they think, and they are more the experts on the liability types of issues because they'll be out mowing and maintain things. They understand where rocks should be and where rocks should not be. Everett asked if the board thought it would be okay if someone wanted to

hide a rock in a hollow log or something out at Legacy; they are not in landscaping, but they're still hiding them. Wimmer said they can, but we can't have people in certain areas there. On the top at Legacy is where we have the Native American artifacts, so we're aren't supposed to have anyone walking through there. Everett clarified that it could be along right on trails; Wimmer agreed, or right by the trails. That might be kind of boring, but it gets them to go to the park. Everett stated that even so, if there are only a couple back there people will still be looking for a while to find them. Wimmer stated that as long as they understand where they can and can't go. Even at River Bluff park, we want to try to get people to stay on the trails there too.

Witte asked if this would be a year-round activity. Everett explained that it would. The person from the school district was looking this fall to get the permissions to do it, then over the winter work on painting rocks, and then do a big launch kind of thing in the spring. It wouldn't be something that every winter they go out and collect them or anything. Johnson asked if we're going to end up with random rocks laying all over the place. Wimmer explained that the way something like this is successful is if people know about it. They'll have to think about how they want to notify the public that they're doing it; which again, the best way to do that is to get one of the papers to cover it as a cool human interest story, but then again you only get about 10-15% of people that will see it. It'll be one of those things that year after year will grow. You get people to see it and they'll post it somewhere asking people what this is about. A program like this probably doesn't really get there until the third year in. Wimmer stated that he's seen dozens of things in this kind of realm, and people usual peter out after the first year because it's a disappointing first year. They see it someplace after it's been going on a decade or two, and then they think it should happen that way right away again. It's kind of like when we did the community garden; Wimmer told Council that in three years we'll get full. It takes a while for people to get these things into their psyche. As long as they understand that and there are realistic expectations.

Everett stated that she wasn't sure how feasible it was, but the proposal of the plan that we got did talk about having somewhere on the rock somehow explaining what is going on. That would depend on what rock it is; you could maybe put post on Facebook or something on it so maybe that triggers something. You don't have a whole lot of space to communicate with people. Wimmer stated he has seen one community in Washington that had more of a slate-like thing and they had sticker that adhered to that. It wasn't a rock surface though; he didn't know how that would work. The rocks are not that big.

Everett stated that she was on board with letting someone else take this and run with it; and if it helps the Moving Forward program too, that is great. The person from the school district seems like she has it put together and is ready to go with it. Wimmer stated it's kind of like movie nights – it depends on the group that is coming. The more successful nights are because the organization that's running the snacks communicates it out to everybody. It'll be up to this group to make it successful. Witte added that another thing to consider is how many rocks they're thinking; 10, 15, 20, starting out with 5. Everett stated she thinks it depends on how excited the community gets about it; if the program has all winter paint rocks it might be a lot. They're also going to go district wide, so they'll probably start with a whole bunch of rocks and then distribute them around the county. Wimmer stated that it really needs to be hundreds for it to matter. Putting 5 or 10 out, even just in Isanti, that's not very much to get people into it. Everett explained that the person from the school district said she has a 5-gallon bucket of rocks coming.

Everett asked if there is anything from this that needs to go to Council. Wimmer stated that I think what we would do is about a month before they're ready to start and they know it's going to be a thing to get a hold of us, and then we as a Park Board will discuss it. Maybe even have her come in and tell us how they're going to do it and we can have a conversation with her. The Park Board would then make a recommendation to Council, and that's another way for her to get free press. She could also come to the Council and give a presentation and that would be a way to get in the paper for sure. Garvey agreed that having her come in would be a really good thing.

5. Parks Updates

Everett explained that the first movie night was very successful. We had 54 people come. The Girl Scouts were volunteering. Everett did a quick crowd survey before she started the movie; she thought about one third of the people there were with the Girl Scouts and almost everyone else heard about it on Facebook. She did a $15 Facebook ad, and that seemed to have really reached some people. She will plan to continue that. Many people who came to this one had never been to movie nights before, so hopefully they will continue to come back. We currently do not have a volunteer group for November. Johnson asked how many volunteers are needed. Everett stated that we typically asked for 3 adult volunteers, and then however many kids want to come are welcome to clean up popcorn afterwards. She stated that the Ambassadors just signed up for April, which is Beauty and the Beast. Heavenly Sunshine is coming back, and the New Hope family group is coming too. There are still a couple left to fill. The Girl Scouts will be getting $60-some for coming, so that was a good start.

Everett explained that she sent the board an email with pictures, and it shows that Academy Park is complete. The engineers as of today, have checked everything off. Our zoning is good for everything they've put up. She talked with the City Attorney today, and it looks like the process to have the title switched over is longer than she hoped. We will get that done as fast as we can, but we now have to go back and work with a guy who is in D.C. to get all of the title papers and things. We'll do that as quickly as we can. Everett said we would like to do a grand opening event, at this point she is thinking it might be better done in the spring and maybe make it a little bigger deal, but we'll see how fast we can get everything through. We have signs coming for out there, but it looks like it's going to be at least two weeks before we can get all of the closing documents done. Wimmer asked who was involved with the paperwork and what the hang-up was. Everett said there isn't a hang up so far, she just didn't know before that this paperwork had to be done. Everett said she didn't want to do the grand opening and tell people they can start using it before we have all of that officially done. Johnson asked if she had seen it yet; she said that she has. Wimmer stated he has as well. Johnson said he just drove by it today and it looks really good. Everett agreed that it does. She added that there had been one place on the trail that looked like it wasn't going to drain very well, so she asked the engineers about it and now the trail has been redone there. Everything looks really good; we'll be getting the Academy Park sign and the sign that explains the hours out there.

Everett explained that summer events are already on her mind. We'll be getting the dates set. We're working on the community center calendar for next year and all of that kind of stuff is starting to happen as other events in town are getting planned. It's always good to get those out as soon as we can. For the most part, things will be kind of the same weekends as this year. We will officially set all of those soon.

Everett said that another question for the board that didn't make the memo was what we would like to do with ice this winter. She explained that we took down the rink boards after last year. We have the place for the pleasure rink. It sounds like last year was a challenge getting any good ice in there. The Public Services Director asked her to ask the Board for direction on ice this year. Wimmer asked what that means. Johnson asked if we even have an ice arena here. Wimmer explained that we have a pleasure rink, which we have a liner, and then that is just pleasure skating where you're not supposed to play hockey. He explained that what we took down last year were the boards for the ice arena, and the ice for that is always a lot more challenging because you get the reflection off the boards. We have had a couple of more mild winters. Long term, at some point, if there is going to be a hockey rink again would be in the grassy area over by the changing room. In our discussions before we talked about if it's possible to move the pleasure rink there. He asked Everett if there is a natural bowl where it's at now. Everett said that there is not. She explained that this is a two part thing. In moving the pleasure rink, we determined that there are no lights back there and winter is always dark. So, until we can get some money for lights, does it make any sense to put it there? She explained that we don't have money for lights right now. Where it currently is, there is not a natural bowl. Public Works does a little bit of berming with some snow at this point. If we do want to keep it there, and can get permission to do some more dramatic berming, that would help get some ice in there. Wimmer stated that the other part was that it was supposed to be ice in winter and sand volleyball in

summer; that was the original plan we've just never done the volleyball. The original plans also said that the open area across from the pine trees was supposed to be a little league baseball field. Obviously, things change. But it's supposed to be a dual-use spot; and this was before Wimmer was here, they were trying to make it a multi-seasonal, multi-use space in that park as possible. Everett explained that another consideration with moving it is that the closest hydrant is next to where the current pleasure rink is, so if we move it over we'll have to get water to that somehow. She thought the engineer said something like $10,000 to get another hydrant over there. Wimmer stated that he doesn't skate, but what he's always heard is that the changing room is so far away. Everett says that it makes sense, and since we have it, it would be nice if it was usable. However, at this point, will anyone use a rink only during the day during the winter? Garvey stated that it would only be weekends because the kids are in school, and the holiday break is the only time they would utilize it. Wimmer asked if it was about two to two-and-a-half months of decent ice weather. Garvey stated that it's usually mid-December to President's Day. Most other cities are done President's Day. Wimmer stated that if the question is if we are going to have a pleasure rink, we will have one. If that's the only place it can be, that's the only place it can be. Garvey stated that the thing she would like to look at - and it maybe wouldn't be this fall, but if it's going to be more where we're not going to have a volleyball court there and that area is going to be used more just for pleasure rink – is for the parks during the summer/spring to move that dirt around and to make more of a natural berm since that's the only thing that's going to be there. It would be easier then for them to create ice. Wimmer stated that even in our discussion about the hockey rink is how much space to we have dedicated to this. One of the things we liked about doing the wood board and putting it up each year is that it can get used the rest of the year. If we have something that is two to three months, then we have eight to nine months that it should be getting used for something else. That's why the berming and that kind of thing, it cuts back on the year round use. He thinks the reason that they planned for sand, is maybe that's something that could be molded better. If it's sand there, can you do something with the sand where you berm that up, and then you put your liner in and you do your rink that way. Garvey stated that sand isn't going to be the best, but she didn't realize we had a liner. Everett stated that she didn't know we had a liner either. Wimmer stated that we do, we bought one. Garvey explained that any other outdoor facility in any other city is just dirt. So she is saying that even just a small amount of dirt where you don't have a natural berm will help keep that water in. Sand, to her, will be more absorbent of the water, but once it's frozen it should be okay. If there's a liner, then that solves that issue already. Everett asked what the board thought about for this winter – can we bring in something to do a temporary berm or no? Wimmer asked what "something in" means. Garvey asked if we had a rink last year. Everett said we did, and it was really hard to get ice in it. Wimmer says we have one every year, and that has nothing to do with a berm it has to do with temperature. Everett says that it does because there's not a bowl there. They had to somehow get the water to stay in place until it froze and it took a long time. Wimmer said he didn't agree with that. Garvey asked why it was just last year, that should be a recurring problem. Everett stated that she thought it has been a recurring problem. Wimmer stated that he's never been told we have this kind of problem so we obviously have a communication issue someplace. His understanding is that they put down a layer, it freezes, put down a layer, it freezes, put down a layer, it freezes. It is labor intensive thing, but if you have a bowl, I don't know how that changes a lot. The biggest thing we run into is that it's not cold enough to make ice, or the crazy thing that it gets so cold where you really can't make good ice either. He said this is the first he's heard that we've had really any issues with the pleasure rink. Everett stated that she is not the one that floods it, but she was told that the water was draining out one side of it and that makes it very hard to make a pleasure rink. Garvey said that what she understands a lot of departments will do is to create that berm with snow. So you have to wait for snow, but then you're still at Mother Nature's beckon call. Johnson asked when they usually start ice build-up. Everett stated, when it gets cold. Garvey added, usually mid-December. If you can get ice by mid-December, you're doing really, really good. Usually right around Christmas is when most municipal and outdoor ice is able to be skateable. Johnson said he's not a skater, but he has family members who are and he thinks he could draw them out with an ice rink. He will get nosey come December and see how they're doing. Wimmer stated that last year was pretty warm until the last week of December or so. Cambridge has refrigerator rinks which are awesome, crazy expensive, but they're awesome. Then you're kind of

guaranteed about three months. Garvey agreed that they were anticipated from November to March, but she hasn't heard when they're going to start.

Johnson said he was curious how the Farmers Market did now that it's all done and said. Everett said that it was very good. She met with the vendors and the end of the market and all of the returners from last year saw increases. One of them told her he had a 300% increase over last year; another is doing as well here as in Elk River. We had lots of customers who had never come to the market and didn't know we had one before. It was definitely a good move. She hasn't heard from any vendors that aren't coming back next year. Overall a very good season.

8. Adjournment

Motion by Wimmer, second by Johnson to adjourn the October 24, 2017 meeting of the Parks, Recreation, and Culture Board. Motion was approved.

The meeting adjourned at 6:37 p.m.

Dated at Isanti, Minnesota this 24th day of October, 2017.

Respectfully submitted,

Katie Everett

Katie Everett
Community Events and Parks Coordinator

CITY OF ISANTI
PLANNING COMMISSION
MEETING MINUTES
October 17, 2017

1. Meeting Opening.

A. Call to Order.

Chairman Wimmer called the meeting to order at 7:56 p.m.

B. Pledge of Allegiance.

Everyone rose for the pledge of allegiance.

C. Roll Call.

Members Present: George Wimmer, Dan Collison, Ross Lorinser, Paul Bergley, Jim Kennedy Jeff Miller, Steve Lundeen.

Members Absent:

Staff Present: Ryan Kernosky, Community Development Director

1D. Agenda Modifications.

None

Motion by Collison, second by Lundeen to approve the Meeting Agenda. Motion was unanimously approved.

2. Approval of Minutes from September 19th, 2017 Planning Commission Meeting

Motion by Lorinser, second by Lundeen to approve the Meeting Minutes. Motion was unanimously approved.

3. Public Hearing

A. None.

4. Other Business.

A. Planning Commission Resolution Concerning the Sale of Property Tax Identification Number 16.029.0101 to be Platted as Lot 1, Block 1, Isanti Hotel Addition to Isanti Hotel Partners LLC.

Mayor Wimmer explained that this Resolution provides City Planning Commission approval that this redevelopment project is consistent with the City's Comprehensive Plan and Future Land Use Plan.

Community Development Director Kernosky stated that this redevelopment project is consistent with the City's Comprehensive Plan and Future Land Use Plan.

Motioned by Lorinser, second by Bergely to approve the Planning Commission Resolution Concerning the Sale of Property Tax Identification Number 16.029.0101 to be Platted as Lot 1, Block 1, Isanti Hotel Addition to Isanti Hotel Partners LLC.

5. Other Communications.

A. None.

6. Adjournment

Motioned by Lundeen, second by Lorinser to adjourn the September 19, 2017 meeting of the Planning Commission. Motion was unanimously approved.

The meeting adjourned at 7:57 p.m.

Dated at Isanti, Minnesota this 18th day of October, 2017.

Respectfully submitted,

Ryan Kernosky
Community Development Director

L.5.

RESOLUTION NO. 2017-

A RESOLUTION ACCEPTING MINNESOTA DEPARTMENT OF HEALTH GRANT FOR WHPP IMPLEMENTATION

WHEREAS, the Minnesota Department of Health announced the availability of funding to support the implementation of source water plan implementation such as the City's well head protection plan (WHPP); and,

WHEREAS, Council approved staff to apply for said grant in September, 2017; and,

WHEREAS, the City has been awarded grant funds in the amount of $3,055.50 to purchase spill response items as outlined in the agreement referenced as 'Exhibit A';

NOW, THEREFORE, IT IS HEREBY RESOLVED by the City of Isanti, Minnesota, to hereby accept grant funds from the Minnesota Department of Health for spill response items as outlined in the agreement and authorizes the Public Services Director to sign for acceptance and corresponding grant documents to receive such funding.

This Resolution is hereby approved by the Isanti City Council this 5th day of December, 2017.

Attest:

Mayor George A. Wimmer

Katie Brooks
Human Resources / City Clerk

DEPARTMENT OF HEALTH

If you circulate this grant agreement internally, only offices that require access to the tax identification number AND all individuals/offices signing this grant agreement should have access to this document.

Minnesota Department of Health
Grant Agreement

This grant agreement is between the State of Minnesota, acting through its Commissioner of the Department of Health ("State") and City of Isanti ("Grantee"). Grantee's address is 110 1st Ave NW; PO Box 428, Isanti, Minnesota 55040.

Recitals

1. Under Minnesota Statutes 144.0742 and §114D.50 (the Clean Water Fund), the State is empowered to enter into this grant agreement.

2. The State is in need of assisting public water suppliers to protect the source of drinking water.

3. The Grantee represents that it is duly qualified and will perform all the duties described in this agreement to the satisfaction of the State. Pursuant to Minnesota Statutes section 16B.98, subdivision 1, the Grantee agrees to minimize administrative costs as a condition of this grant.

Grant Agreement

1. ***Term of Agreement***

   1.1 ***Effective date*** November 21, 2017, or the date the State obtains all required signatures under Minnesota Statutes section 16C.05, subdivision 2, whichever is later.
   The Grantee must not begin work until this contract is fully executed and the State's Authorized Representative has notified the Grantee that work may commence.

   1.2 Expiration date April 30, 2019, or until all obligations have been fulfilled to the satisfaction of the State, whichever occurs first.

   1.3 Survival of Terms The following clauses survive the expiration or cancellation of this grant contract: 8. Liability; 9. State Audits; 10.1 Government Data Practices; 10.2 Data Disclosure; 12. Intellectual Property; 14.1 Publicity; 14.2 Endorsement; and 16. Governing Law, Jurisdiction, and Venue.

2. ***Grantee's Duties*** The Grantee, who is not a state employee, shall:

   - Establish coordinated spill response plan with area and state emergency management entities. Purchase kits and guides.
     - Purchase 2 spill response kits

- Purchase 4 storm drain covers
- Purchase 1 reusable berm
- Purchase 10 navicade cones.
- Purchase hazardous materials guide.

- Grantee agrees that work shall take place only in the Minnesota Department of Health (MDH) approved Drinking Water Supply Management Area (DWSMA). Grantee will be reimbursed only for work that takes place in the DWSMA.

- Grantee agrees that no system of water supply for public use shall be installed, altered or extended until complete plans and specifications for the installation, alteration or extension have been submitted and approved by the State, and no construction shall take place except in accordance with the approved plans. No grant funds can be used prior to approval of the plans. Failure to submit plans for approval within the first 2 months from the start date of the grant may result in termination of the grant award.

- The Grantee shall use the Clean Water Land and Legacy Amendment logo on all materials that are purchased or produced under this Grant Agreement (equipment, reports to the public, publications, displays, videos). Failure to display the logo may render the Grantee ineligible for reimbursement.

- On or before the end date of this Agreement, the Grantee shall provide the State with one electronic copy of all final products produced under this Grant Agreement, including reports, publications, software and videos. If required by the nature of the project, data collected during the project shall be reported in a format acceptable to the State.

- The Grantee shall pay in full any licensed contractor or consultant hired for the purpose of completing any work under this Grant Agreement.

- The Grantee shall submit an itemized invoice for the total cost of the project. Exhibits A and B are attached and incorporated into this grant agreement. Upon completion of the project the Grantee shall submit a Grant Invoice (Exhibit A) and a Grant Narrative Report (Exhibit B). The Grant Narrative Report and the Grant Invoice shall be due no later than the expiration day of this Grant Agreement.

- In the event the Grantee is unable to satisfactorily complete all the duties specified in this grant agreement, the Grantee may forfeit the final payment. Grantee who has not satisfactorily fulfilled the grant obligations, including but not limited to paying the contractor in full for all work performed by the contractor, will be denied participation in the next grant cycle.

3. Time The Grantee must comply with all the time requirements described in this grant agreement. In the performance of this grant agreement, time is of the essence, and failure to meet a deadline may

be a basis for a determination by the State's Authorized Representative that the Grantee has not complied with the terms of the grant.

The Grantee is required to perform all of the duties recited above within the grant period. The State is not obligated to extend the grant period.

4. Consideration and Payment

4.1 Consideration The State will pay for all services performed by the Grantee under this grant agreement as follows:

(a) Compensation. The Grantee will be paid according to the following breakdown of costs:

Activity	Grant Amount
Establish coordinated spill response plan	$3,055.50
Total	$3,055.50

The following costs are not eligible and will be deducted from the final invoice, before reimbursement:

- permitting fees payable to MDH (i.e. well construction fee; well sealing fee)
- pressure tank and associated plumbing
- water lines may be reimbursed only from the well to the pressure tank or to the building, whichever comes first)
- indirect or administrative costs related to the grant.

(b) Total Obligation The total obligation of the State for all compensation and reimbursements to the Grantee under this agreement will not exceed Three Thousand Fifty-five Dollars and Fifty Cents ($3,055.50).

(c) Travel Expenses The Grantee will be reimbursed for travel and subsistence expenses in the same manner and in no greater amount than provided in the current "Commissioner's Plan" promulgated by the Commissioner of Minnesota Management and Budget ("MMB"). The Grantee will not be reimbursed for travel and subsistence expenses incurred outside Minnesota unless it has received the State's prior written approval for out of state travel. Minnesota will be considered the home state for determining whether travel is out of state.

(d) *Budget Modifications.* Modifications greater than 10 percent of any budget line item in the most recently approved budget (listed in 4.1(a) and 4.1(b) or incorporated in Exhibit B) requires prior written approval from the State and must be indicated on submitted reports. Failure to obtain prior written approval

for modifications greater than 10 percent of any budget line item may result in denial of modification request and/or loss of funds. Modifications equal to or less than 10 percent of any budget line item are permitted without prior approval from the State provided that such modification is indicated on submitted reports and that the total obligation of the State for all compensation and reimbursements to the Grantee shall not exceed the total obligation listed in 4.1(b).

4.2 Terms of Payment

(a) Invoices The State will promptly pay the Grantee after the Grantee presents an itemized invoice for the services actually performed and the State's Authorized Representative accepts the invoiced services. Invoices must be submitted in a timely fashion and according to the following schedule: Upon completion of the services. The State does not pay merely for the passage of time.

All the grant documentation (Grant Narrative Report, Grant Invoice, itemized invoice(s), electronic copies) must be submitted in one packet by either email or mail. The Grantee shall use the following address:
kris.wenner@state.mn.us

Or

Attn: Kris Wenner
Source Water Protection
Minnesota Department of Health
PO Box 64975, St. Paul, MN 55164-0975

If the final invoice is not received by the State before the end date of this Grant Agreement, the Grantee may forfeit the final payment.

5. Conditions of Payment All services provided by Grantee pursuant to this agreement must be performed to the satisfaction of the State, as determined in the sole discretion of its Authorized Representative. Further, all services provided by the Grantee must be in accord with all applicable federal, state, and local laws, ordinances, rules and regulations. Requirements of receiving grant funds may include, but are not limited to: financial reconciliations of payments to Grantees, site visits of the Grantee, programmatic monitoring of work performed by the Grantee and program evaluation. The Grantee will not be paid for work that the State deems unsatisfactory, or performed in violation of federal, state or local law, ordinance, rule or regulation.

6. Authorized Representatives

6.1 State's Authorized Representative The State's Authorized Representative for purposes of administering this agreement is Kris Wenner, SWP Grants Coordinator, 625 Robert Street N, PO Box 64975, Saint Paul, MN 55164-0975, 651-201-4696, Kris.Wenner@state.mn.us, or her successor, and has the responsibility to monitor the Grantee's performance and the final authority to accept the services provided under this agreement. If the services are satisfactory, the State's Authorized Representative will certify acceptance on each invoice submitted for payment.

6.2 Grantee's Authorized Representative The Grantee's Authorized Representative is Josi Wood, Public Services Director, 110 1st Ave NW; PO Box 428, Isanti, Minnesota 55040, 612-706-6188, JWood@cityofisanti.us, or his or her successor. The Grantee's Authorized Representative has full authority to represent the Grantee in fulfillment of the terms, conditions, and requirements of this agreement. If the Grantee selects a new Authorized Representative at any time during this agreement, the Grantee must immediately notify the State in writing, via e-mail or letter.

7. Assignment, Amendments, Waiver, and Merger

7.1 Assignment The Grantee shall neither assign nor transfer any rights or obligations under this agreement without the prior written consent of the State.

7.2 Amendments If there are any amendments to this agreement, they must be in writing. Amendments will not be effective until they have been executed and approved by the State and Grantee.

7.3 Waiver If the State fails to enforce any provision of this agreement, that failure does not waive the provision or the State's right to enforce it.

7.4 Merger This agreement contains all the negotiations and agreements between the State and the Grantee. No other understanding regarding this agreement, whether written or oral, may be used to bind either party.

8. Liability The Grantee must indemnify and hold harmless the State, its agents, and employees from all claims or causes of action, including attorneys' fees incurred by the State, arising from the performance of this agreement by the Grantee or the Grantee's agents or employees. This clause will not be construed to bar any legal remedies the Grantee may have for the State's failure to fulfill its obligations under this agreement. Nothing in this clause may be construed as a waiver by the Grantee of any immunities or limitations of liability to which Grantee may be entitled pursuant to Minnesota Statutes Chapter 466, or any other statute or law.

9. State Audits Under Minnesota Statutes section 16B.98, subdivision 8, the Grantee's books, records, documents, and accounting procedures and practices of the Grantee, or any other relevant party or transaction, are subject to examination by the State, the State Auditor, and the Legislative Auditor, as appropriate, for a minimum of six (6) years from the end of this grant agreement, receipt and approval of all final reports, or the required period of time to satisfy all state and program retention requirements, whichever is later.

10. Government Data Practices and Data Disclosure

10.1 Government Data Practices Pursuant to Minnesota Statutes Chapter 13.05, Subd. 11(a), the Grantee and the State must comply with the Minnesota Government Data Practices Act as it applies to all data provided by the State under this agreement, and as it applies to all data created, collected, received, stored, used, maintained, or disseminated by the Grantee under this agreement. The civil remedies of Minnesota Statutes section 13.08 apply to the release of the data referred to in this clause by either the Grantee or the State.

If the Grantee receives a request to release the data referred to in this clause, the Grantee must immediately notify the State. The State will give the Grantee instructions concerning the release of the data to the requesting party before any data is released. The Grantee's response to the request must comply with the applicable law.

10.2 Data Disclosure Pursuant to Minnesota Statutes section 270C.65, subdivision 3, and all other applicable laws, the Grantee consents to disclosure of its social security number, federal employee tax identification number, and Minnesota tax identification number, all of which have already been provided to the State, to federal and state tax agencies and state personnel involved in the payment of state obligations. These identification numbers may be used in the enforcement of federal and state tax laws which could result in action requiring the Grantee to file state tax returns and pay delinquent state tax liabilities, if any.

11. Ownership of Equipment The State shall have the right to require transfer of all equipment purchased with grant funds (including title) to the State or to an eligible non-State party named by the State. This right will normally be exercised by the State only if the project or program for which the equipment was acquired is transferred from one grantee to another.

12. Ownership of Materials and Intellectual Property Rights

12.1 Ownership of Materials The State shall own all rights, title and interest in all of the materials conceived or created by the Grantee, or its employees or subgrantees, either individually or jointly with others and which arise out of the performance of this grant agreement, including any inventions, reports, studies, designs, drawings, specifications, notes, documents, software and documentation, computer based training modules, electronically, magnetically or digitally recorded material, and other work in whatever form ("materials").

The Grantee hereby assigns to the State all rights, title and interest to the materials. The Grantee shall, upon request of the State, execute all papers and perform all other acts necessary to assist the State to obtain and register copyrights, patents or other forms of protection provided by law for the materials. The materials created under this grant agreement by the Grantee, its employees or subgrantees, individually or jointly with others, shall be considered "works made for hire" as defined by the United States Copyright Act. All of the materials, whether in paper, electronic, or other form, shall be remitted to the State by the Grantee. Its employees and any subgrantees shall not copy, reproduce, allow or cause to have the materials copied, reproduced or used for any purpose other than performance of the Grantee's obligations under this grant agreement without the prior written consent of the State's Authorized Representative.

12.2 Intellectual Property Rights Grantee represents and warrants that materials produced or used under this grant agreement do not and will not infringe upon any intellectual property rights of another including but not limited to patents, copyrights, trade secrets, trade names, and service marks and names. Grantee shall indemnify and defend the State, at Grantee's expense, from any action or claim brought against the State to the extent that it is based on a claim that all or parts of the materials infringe upon the intellectual property rights of another. Grantee shall be responsible for payment of any and all such claims, demands, obligations, liabilities, costs, and damages including, but not limited to, reasonable attorney fees arising out of this grant agreement, amendments and supplements thereto, which are attributable to such claims or actions. If such a claim or action arises or in Grantee's or the State's opinion is likely to arise, Grantee shall at the State's discretion either procure for the State the right or license to continue using the materials at issue or replace or modify the allegedly infringing materials. This remedy shall be in addition to and shall not be exclusive of other remedies provided by law.

13. Workers' Compensation The Grantee certifies that it is in compliance with Minnesota Statutes section 176.181, subdivision 2, which pertains to workers' compensation insurance coverage. The Grantee's employees and agents, and any contractor hired by the Grantee to perform the work required by this Grant Agreement and its employees, will not be considered State employees. Any claims that may arise under the Minnesota Workers' Compensation Act on behalf of these employees, and any claims made by any third party as a consequence of any act or omission on the part of these employees, are in no way the State's obligation or responsibility.

14. Publicity and Endorsement

14.1 Publicity Any publicity given to the program, publications, or services provided resulting from this grant agreement, including, but not limited to, notices, informational pamphlets, press releases, research, reports, signs, and similar public notices prepared by or for the Grantee or its employees individually or jointly with others, or any subgrantees shall identify the State as the sponsoring agency and shall not be released without prior written approval by

the State's Authorized Representative, unless such release is a specific part of an approved work plan included in this grant agreement.

14.2 Endorsement The Grantee must not claim that the State endorses its products or services.

15. Termination

15.1 Termination by the State or Grantee The State or Grantee may cancel this grant agreement at any time, with or without cause, upon thirty (30) days written notice to the other party.

15.2 Termination for Cause If the Grantee fails to comply with the provisions of this grant agreement, the State may terminate this grant agreement without prejudice to the right of the State to recover any money previously paid. The termination shall be effective five business days after the State mails, by certified mail, return receipt requested, written notice of termination to the Grantee at its last known address.

15.3 Termination for Insufficient Funding The State may immediately terminate this agreement if it does not obtain funding from the Minnesota legislature or other funding source; or if funding cannot be continued at a level sufficient to allow for the payment of the work scope covered in this agreement. Termination must be by written or facsimile notice to the Grantee. The State is not obligated to pay for any work performed after notice and effective date of the termination. However, the Grantee will be entitled to payment, determined on a pro rata basis, for services satisfactorily performed to the extent that funds are available. The State will not be assessed any penalty if this agreement is terminated because of the decision of the Minnesota legislature, or other funding source, not to appropriate funds. The State must provide the Grantee notice of the lack of funding within a reasonable time of the State receiving notice of the same.

16. Governing Law, Jurisdiction, and Venue This grant agreement, and amendments and supplements to it, shall be governed by the laws of the State of Minnesota. Venue for all legal proceedings arising out of this grant agreement, or for breach thereof, shall be in the state or federal court with competent jurisdiction in Ramsey County, Minnesota.

17. Lobbying Ensure funds are not used for lobbying, which is defined as attempting to influence legislators or other public officials on behalf of or against proposed legislation. Providing education about the importance of policies as a public health strategy is allowed. Education includes providing facts, assessment of data, reports, program descriptions, and information about budget issues and population impacts, but stopping short of making a recommendation on a specific piece of legislation. Education may be provided to legislators, public policy makers, other decision makers, specific stakeholders, and the general community.]

CITY OF ISANTI
PARKS, RECREATION, AND CULTURE BOARD
MEETING MINUTES
November 28, 2017
City Council Chambers

1. Meeting Opening.

A. Call to Order.
Zdon called the meeting to order at 6:00 p.m.

B. Pledge of Allegiance.
Everyone stood for the Pledge of Allegiance.

C. Roll Call.
Members Present: Jennifer Garvey, Jeff Johnson, James Witte, and Mayor Wimmer, Aaron Zdon
Staff Present: Katie Everett, Community Events and Parks Coordinator

D. Agenda Modifications.
Zdon asked if there were any agenda modifications. There were none.

Motion by Garvey, second by Wimmer to approve the November 28, 2017 Parks, Recreation, and Culture Board Agenda. Motion was unanimously approved.

2. Approval of Minutes from October 24, 2017 Parks, Recreation and Culture Board Meeting.

Motion by Wimmer. Second by Garvey. Vote was unanimously approved.

3. Park Signs

Everett explained that she has included the final draft of the bike/walk sign and it printed correctly this time so Bluebird Park and the parking areas are a different pattern. She also added in the mile markers. If there are any other thoughts on this one, she asked to let her know or she would order this one. Zdon asked if there was a motion needed; Everett said no. Everett stated that there is also a double sided sign on the trail as you're leaving Isanti that she'll order so it matches and we'll get those at the same time.

Everett stated that there is some additional money left, and when we initially started talking about doing this the board had talked about leaving the Legacy sign because eventually there will a parking area right up by the park. She stated that she talked with Public Services Director Wood and Public Works has had to fix that sign more often than Everett thought, and every time we have to replace the sign inside we have to pay to get it laminated. It would make a lot of sense to replace it, and Public Works is very confident that they could move it if we need to do that even before we need to replace it again. She stated that she brought in the sign we just ordered for River Bluff to have a map there. She thought it would make a lot of sense, because these are two of our most similar parks, to have their signage match. We can do something very similar, and she attached a draft. At River Bluff we have a bunch of different colored loops in the brochure that are listed on the bottom of that sign. At Legacy, she included the tables and benches on that lower portion. Additionally we would have the same big sign that's at all of our parks. Wimmer stated that he wanted to have on the list of things that at Legacy no bikes are allowed either, there is a smaller sign there, but we need it on the big sign as well because that is something that sets it apart from the other parks. Everett asked to clarify which sign that should go on; Wimmer stated the big sign at the gate. Everett asked if there were other thoughts on this. She stated that we will install it at the exact same place where the current sign is. If we want to get multiples of the map sign we can, but Everett stated she was just envisioning that by the gate as well. Zdon asked to clarify that there are funds still available for these; Everett confirmed that there are. Garvey said she liked the idea of Legacy matching the River Bluff one.

DRAFT

Zdon agreed and said the River Bluff one looks nice. Johnson asked if we will be putting cityofisanti.us on the Legacy sign as well. We have it on the bike path one, so shouldn't we continue doing that – or is there not that big of a rules sheet for Legacy versus the walking path? Everett stated that we haven't done that on the others and explained that we have a sign at most of the parks with an abbreviated list of rules and she doesn't think those have the rules on them. Zdon said that it may be a good idea moving forward to have it on every sign, it's a good idea. It doesn't have to be anything big, just in a corner somewhere. Everett stated that she can do that, and will get them ordered. At this point, new signs will go up in the spring.

4. River Bluff Preserve Erosion Control Project Update

Everett stated that the agenda packet has a bunch of pictures of what the project looked like. This was something that the Isanti Soil and Water office approached us to do with some other projects that they had going on on the Rum River. They had kind of helped out as we planned where our steps were going to go and that kind of thing last year, so we made the connection with them in that park in that process. They did a whole bunch of these; the Anoka and Isanti offices worked together on a bunch of these. She wanted to say that it was around 40 of them, but ours was the only one they did on public land. It's kind of a cool opportunity for us to show what has been going on, and it was super cheap for us to have that work done. She just received the invoice today and it was even under what we expected by about $250. She did get an email today that they will be doing a little more work on Friday. They are going to take one more tree down to put in there, so there will be a little more length in there than what's done right now.

Everett explained that the project involves taking cut down cedar trees – at this point those are dead and eventually will turn brown – but while they're there they slow down the river and collect sediment to rebuild the bank. They planted lots of trees in there that will make it green again, and then by the time the cedar trees have totally decayed those live trees will take over stabilizing. It's kind of a cool project, and it will be fun to watch that process as it goes forward.

Because it is on public land, and it kind of looks like there's something weird going on there, it's a good opportunity to post a sign to let people know what the project is. Everett explained that the board has copies of the sign options. The horizontal one would be more of the panel style interpretive sign that's kind of at an angle that you stand in front of it. The other one would be the same size the River Bluff map sign. Everett thought it would be kind of cool if they used the smaller size we could make it double sided so you could see it from the river because you can obviously see the project from the river. Eventually there will be trees in the way, but in the meantime we can do some education as people are going by too. That style is much lower cost, and would be much cheaper to replace in the future. A panel one is really nice looking. Everett stated that these are very rough drafts, but wanted to show what kind of information could fit on both. There should be enough money to do either style at this point. Zdon stated that he likes the idea of a two sided, and it matches the same style as the other signs. It's cool to be able to come down the river and see the sign too. Everett stated that we could put it on a little bit nicer post as well. Garvey stated that the only comment she has is that the horizontal sign says 10 years and it has the completed year, but the smaller one doesn't. That would be her only suggestion so that in five years, when nobody knows when it started, it's on the sign. Zdon agreed to add something like "Completed in 2017" in a corner – and our website. Johnson asked for clarification on which sign option would be the panel one, and which you would see coming down the river; Everett explained that it was the smaller vertical one. Everett explained that the panel size would be kind of the same as what's downtown – there are some that are kind of the same idea with historical facts, this would just be a little different style. Everett explained that the smaller one would be a lot easier to replace if something happened to it. Zdon stated that he would prefer only one or the other there; Everett agreed that they would only do one of the options. Zdon said he liked the two sided option. Johnson, Garvey, and Witte agreed.

5. 2017 Project Review

Everett stated that she wanted to give the board a rundown of the things that were accomplished in 2017. It was a busy year and there were a lot of things going on, so this definitely not a comprehensive list. The

DRAFT

community garden went really well again; we added the new shed so next year we won't have to have a new shed again, and we got the shade out there which was super nice to have, and we got new hoses and more raised beds. We have replaced almost all of the sand play surfaces at our city parks now; VFW still has sand but we replaced Mattson and Isanti Hills this year. She stated that if the board hadn't been out to Isanti Hills to see the makeover yet, it looks really, really good. We've gotten comments from people who live in that neighborhood who are excited to see that things are happening there. We relocated the skate park equipment – when they did that, they replaced at least most if not all of the substrate underneath. It was a composite board that was cracked in a lot of placed. They also replaced many of the panels too. There are a couple spots that we will keep an eye out for and replace those as needed, but everything is in pretty good shape for now. We did get timers installed at the ballfield at Unity Park and at Bluebird Park. By the end of this year, Public Works will have repainted all of our tables. The replacement parts for the Legacy tables and benches are coming in. They're already repaired a couple of benches, and will be fixing tables too. We have redesigned all of our signs and are getting those replaced. Passport to Parks had a great first year, and Celebrate Isanti was started this year as well. Additionally, there were some replacements in the parks as needed. We had a couple of weird things break this year, but we've been able to get all of that stuff fixed. And finally, we moved the farmers market which was a really good thing that we got a lot of good feedback on.

Wimmer asked Everett to give an update on the school with their part of the garden. Everett stated that the school had a lot of trouble over the summer maintaining their part of the garden. They have met now and are still trying to decide what they're going to do this year. They are looking for less responsibility. She stated that we have been approached by Isanti County Public Health and they are interested in starting a program at the garden as well, so we might divide that space and be able to make that more productive. The school is thinking about having something on site so it's easier for them to get to. If they do that, they probably don't need both of those spaces. That is still kind of in the works, but they probably won't be using as much space next year. They'll have to decide pretty soon for their curriculum planning too. Witte asking if a local resident was maintaining their area this year. Wimmer stated there was a little bit of that, and there's been a lot of turnover in the year round program especially at MNC. The teachers that are there now are completely different than two years ago. That kind of hindered it as well. We have the one acre that we had in essence allowed them to use for a year over year type project that really hasn't occurred and he isn't entirely sure it will occur. It would have been a neat thing to have happen, but we'll most likely be notifying the administration and school board that we'll probably need to end that agreement since they haven't done anything with it for almost two years now. Wimmer stated that he really is excited about trying to work with the County and getting other families in there, that's really fantastic and is one of the main goals of the community garden. We touched on it last time too, but he does really like the amount that the gardeners were able to donate to senior dining. The community garden has gone better than his wildest imaginations when we first started talking about it. Everett stated that she hasn't heard anything more from the Minnesota Center either, so as she hears about options of things we can do out there we can think about those too.

6. Parks Updates

Everett stated that we have now had two movies. The Girl Scouts came to both. When we didn't have anyone signed up for the second, Everett sent out an email out the Friday before to everyone already signed up and within an hour the Girl Scouts called and said they'd be there. We had 54 at the first and 47 at the second; last year we were averaging around 30 people so the word is getting out. December 8th, we are showing Up and New Hope Community Church will be volunteering.

Everett attached options for bike racks to the agenda packet from Parkitect. They have designed options for bike racks and we do have money budgeted for one this year. We were thinking probably one of the "S" shaped ones (they call them serpentine racks). The one "U" option has the full logo though so that's cool too. These are still kind of working drafts, but Everett wanted to show the board what we're working on. The idea is that we have something that is consistent system-wide but is still Isanti Parks branded. If we

DRAFT

want to have something different in each park they gave us the one with Legacy Park shown and said we could change that font if we want. Wimmer stated that Parkitect is from Metal Coatings, which had done different bike racks but had sold the rights to it for about a decade, and they have gotten those back. They formed Parkitect to design bike racks, benches, all that type of thing. They are located right here in Isanti. They have contracts with significantly larger cities in Florida, the Carolinas, California – they do it all over the place. They will continue to give us the best price, it's a matter of pride for them as well. In discussions we've had with them, it's a very good situation for us to have. They make a really good product and they're also willing over time to take them in and clean them up. Zdon stated that it's a really good name for a company. Everett agreed that they do some really cool things and encouraged the board to check out their website for pictures of things they've done. She asked the board if they had thoughts on the ideas here as they move forward. Zdon said he liked the idea of them being consistent. Garvey stated that she liked the third one because it identifies Isanti Parks and the individual park. Johnson agreed that he thought that was the best one. Zdon stated that serpentine style is what you see everywhere. Johnson stated that he didn't know how you'd put a bike on the first one [single loop]. Zdon stated that you just chain it to it. Everett agreed and stated that would be a two-bike rack. Zdon said that with something like that people might not even know it's a bike rack. Witte agreed. Johnson said he would just think it was a sign. Zdon summarized that we definitely want a serpentine and that they liked the park name. Johnson said he thought that looked sharp. Everett stated that she thought they could change the shape of the plaque that goes between the sections too. For the amount of space, we'll probably keep that simplified version of the logo with just Isanti Parks and the tree. The tree there is the same in the Parks logo and the City logo.

Everett stated that otherwise she just had a couple of reminders. The school district representative will be here in January to discuss where the rock program is at. We'll give her a little bit of time to talk about what that program will be, and then discuss any rules that we want them to be aware of. Also a reminder that we do not have a December meeting. We will be back for the January 23rd meeting. We are still working on getting all of the events set for next year, and she will present any drafts of the brochure as we have them.

Zdon asked if anyone had any other items. Johnson said that he did. He explained that if anyone didn't know we are getting a hotel in the city, and he was trying to think about how we would keep in busy in November and December. He is thinking – he didn't know if anyone had been to Bentleyville in Duluth – why can't we bring that Isanti in Bluebird Park? He has a little bit of legwork and homework to do, and he's willing to do that, he just needs permission to put this on our next agenda to discuss this. Wimmer added that he wanted to make the board aware that we had taken a look at this previously; he and Everett had looked at it last year. The big that it comes down to obviously is money. In Duluth, that is all privately funded. It started out as a large display and it grew and grew and grew and it got kind of overwhelming so they moved it into the city of Duluth. We had looked at it previously; the big thing, as with everything, is money. You'd have to get substantial backers. The number he threw out was you'd probably have to get about $50,000 just to start out. A big part of that, as an example with the street dances, we had to get a new transformer that was something like $3,000-$5,000. So just making sure it will all fit together that way. If the park board thinks it's a good idea, put it on the next agenda and we'll have discussion, then it goes to Council. There certainly isn't any funding in the budget for 2018 for this to occur. It would have to follow that same private enterprise type thing. Being in Bluebird Park would be a good location for it for sure; the land is there, the parking is there. Wimmer stated that he told Johnson that if he got some money together we'd certainly let it happen in our park. It would be great if it could happen. Johnson stated that if he recalls right, Duluth charges $5 for parking, but the event is free. Witte confirmed that the event is free, and they take donations. Johnson stated that we can discuss it further. Wimmer stated that he wanted to reiterate that it would not be a City of Isanti event. Zdon stated it would be a private event in the park. Wimmer stated we wouldn't be setting those rules for it as a Council. If you got the backing, it would be up to whatever non-profit. It would be, for lack of a better term, a glorified Special Event Permit for using the park for X-amount of time. That would be our only official interaction with it. Everett stated that we've had conversations about paid parking with BMX extensively too, so we have to make sure whatever happened there is the same across the board. Wimmer agreed and added that we would get most of the money as the

City because we put in the parking lot. Zdon stated he thought it would be a good thing to start discussing, and obviously it would be at the soonest next year. Johnson agreed and said we'd meet in January to talk about it and it wouldn't happen until December 2018. Zdon stated that you'd need corporate sponsors, but it's out there. Everett asked for clarification about what would go on the January agenda. Johnson said he would do most of the work, but he's not going to say don't help him. Garvey stated that if it's not a city event, that there isn't anything Everett should need to do at this point to get prepared for it. After the meeting there might be a better idea of what do.

7. Adjournment

Motion by Witte, second by Johnson to adjourn the November 28, 2017 meeting of the Parks, Recreation, and Culture Board. Motion was approved.

The meeting adjourned at 6:29 p.m.

Dated at Isanti, Minnesota this 28th day of November, 2017.

Respectfully submitted,

Katie Everett

DRAFT

CITY OF ISANTI
PLANNING COMMISSION
MEETING MINUTES
November 21, 2017

1. Meeting Opening.

A. Call to Order.

Chairman Wimmer called the meeting to order at 7:23 p.m.

B. Pledge of Allegiance.

Everyone rose for the pledge of allegiance.

C. Roll Call.

Members Present: George Wimmer, Steve Lundeen, Dan Collison, Ross Lorinser, Paul Bergley, and Jeff Miller.

Members Absent: Jim Kennedy

Staff Present: Ryan Kernosky, Community Development Director; Don Lorsung, City Administrator; Katie Brooks, City Clerk/Human Resources; Jason Cook, City Engineer.

1D. Agenda Modifications.

None

Motion by Lorinser, second by Lundeen to approve the Meeting Agenda. Motion was unanimously approved.

2. Approval of Minutes from October 17, 2017 Planning Commission Meeting

Motion by Lorinser, second by Collison to approve the Meeting Minutes. Motion was unanimously approved.

3. Public Hearing

A. Request from Isanti Hotel Partners, LLC (Troy Hoekstra, Agent) for approval of a Site Plan Review per Section 18, Subd. 2 to construct a 60-room Hotel, and for a variance from Section 17, Subd. 10 of the Isanti Zoning Code pertaining to parking requirements and Section 13, Article 2, Subd. 14(A) pertaining to setback requirements for PID 16.146.0010 more legally described as Lot 1, Block 1, of Isanti Hotel Addition, Isanti County, Isanti, Minnesota

Mayor Wimmer opened the Public Hearing at 7:25 p.m.

Jason Bourke, 208 Richard Ave – Mr. Bourke wanted to publicly state that he is against the variance in the parking reduction. He wanted to make sure that the flow of the traffic from the hotel would not impact his neighborhood. Mr. Bourke stated he was not opposed to the hotel, but did have concerns over traffic and the parking.

Hugo Strike – Mr. Strike would like to see the hotel moved West to not block his business from view. Mr. Strike asked about how the codes were set, Mayor Wimmer provided an example on variances from the Co-Op's required parking. Mayor Wimmer stated that the variance was

consistent with Best Western brand standards. Mr. Strike stated that he thought the City did not give out variances.

Mayor Wimmer closed the Public Hearing at 7:29 p.m.

Mr. Lundeen stated that the likelihood of traffic utilizing Richard Avenue is unlikely. Vehicles will more likely use the Main Street to get onto TH 65.

Mayor Wimmer discussed previous examples of increased traffic uses in the City. There are ways to limit traffic using Richard Street, like signage.

Mr. Collison stated that there can be signage used. Mr. Lundeen stated that trailers are normally kept on the site (like the rodeo grounds).

Director Kernosky stated that the activity is facing Main Street, and that he expected the majority of hotel guests to utilize the Main Street side more often than the Broadway Street side for access. Director Kernosky continued to state that our zoning code does require interior landscaping, and that another variance would be needed if they removed that to accommodate the full required parking.

Motion by Lorisner, second by Collison to recommend approval of Resolution 2017-XXX approving the Site Plan/ Building Appearance and Variance for the Best Western Plus. Motion passed unanimously.

4. Other Business.

A. None.

5. Other Communications.

A. None.

MEMORANDUM

TO: Mayor George Wimmer
Members of the City Council

FROM: Ryan Kernosky, Community Development Director

DATE: December 19, 2017

SUBJECT: **BUILDING INSPECTION INTERIM SERVICES – CONSIDER CONTRACT**

As you know, Building Official Nick Henly is leaving the City at the end of this week to pursue another position. During the time between Nick leaving and a new Building Official being hired, staff has sought proposals to provide interim building inspection services.

Staff received two proposals from MNSpect, LLC and Rum River Construction Consultants. While both extremely qualified companies to assist the City, staff is recommending that the attached contract with MNSpect is approved.

If the City Council approves this contract, MNSpect will begin working as the City's interim building inspection provider. After a full-time City Building Official is hired by the City, MNSpect would stay on to assist in the transition, or help train the person until they receive proper licensure from the State of Minnesota. Staff is requesting a five-year contract with MNSpect, which would allow us to bring them in at any time to assist with building inspections in the event of a vacation, emergency, or if the demand for inspections exceeds our internal capacity to provide timely, efficient, and thorough inspections.

Staff is recommending approval of the attached Resolution with the stipulation that it is a five-year contract.

RESOLUTION 2017-XXX

RESOLUTION APPROVING A CONTRACT FOR INTERIM BUILDING INSPECTION SERVICES WITH MNSPECT, LLC

WHEREAS, Building Official Nick Henly gave notice of resignation as an employee of the City of Isanti, with his last day being December 22, 2017; and,

WHEREAS, the Personnel Committee and the Development and Operations Advisory Committee recognizes that certain tasks and services must be provided in the interim of filling the position; and,

WHEREAS, MNSpect, LLC has submitted a proposal for interim contracted building inspection services; and,

WHEREAS, the City of Isanti seeks to establish a long-term relationship with a building inspection firm to offer assistance to the City Building Official as needed; and,

WHEREAS, the Development and Operations Advisory Committee have reviewed the proposed contract between the City of Isanti and MNSpect, LLC, and is recommending approval with the requirement that the City enters into a five (5) year contract for interim services during such periods as the City of Isanti is without the services of a city employee Building Inspector with MNSpect, LLC.

NOW, THEREFORE, BE IT RESOLVED, that the City Council of the City of Isanti, Minnesota, hereby enters into the attached contract between the City of Isanti and MNSpect, LLC for interim building inspection services with the following additions:

1. The proposed contract is to be for five (5) years to provide future interim services as needed.
2. The services to be provided under the contract shall be on an "as needed only basis" during the term of the contract.
3. The final contract language shall make clear, to the satisfaction of the City Attorney, Personnel Committee and Development and Operations Advisory Committee that the City may at any time and from time to time hire one or more City employed Building Inspectors which may reduce or eliminate the need for services from MNSpect, LLC under the contract for interim services, at any given time during the contract.

This Resolution is hereby approved by the Isanti City Council this 19th day of December, 2017.

AGREEMENT AND CONTRACT FOR INSPECTION SERVICES

THIS AGREEMENT and contract for inspection services is made and entered into this _____ day of December, 2017, by and between the City of Isanti, Minnesota ("Municipality") and MNSPECT, LLC, a Minnesota Limited Liability Company ("Inspector").

WITNESSETH:

WHEREAS, the Municipality is desirous of contracting with Inspector for the performance of various interim services within the Municipality to include:

☒ **Building Inspections (Appendix A)**

☒ **S.E.C. Inspections (Appendix B)**

☒ **Plumbing Plan Review (Appendix C)**

☒ **Rental Inspections (Appendix D)**

☒ **Fire Inspections (Appendix E)**

Clerk	Mayor	MNSPECT
Clerk	Mayor	MNSPECT
Clerk	Mayor	MNSPECT
Clerk	Mayor	MNSPECT
Clerk	Mayor	MNSPECT

and

WHEREAS, Inspector is agreeable to rendering services on the terms and conditions hereinafter set forth.

NOW, THEREFORE, the parties hereto agree to general terms as follows and to the specific terms as set forth in the indicated appendices:

1. Independent Contractor.

It is acknowledged by and between the parties hereto that the Inspector is an independent contractor contracting with the Municipality to perform the services as provided in this agreement.

A. Non-Employee Status – Personnel assigned to perform the Services to be provided by Inspector pursuant to this agreement shall be officers, employees, or sub-contractors of Inspector. Inspector assumes full responsibility for the actions of such personnel while performing services pursuant to this Agreement, and shall be solely responsible for their supervision, daily direction and control, provision of employment benefits and payment of salary (workers' compensation insurance, salary, retirement contributions, withholding tax, health insurance, and unemployment insurance). The Municipality shall not be responsible to furnish any benefits to such personnel.

B. Administrative Responsibility - The daily administration of the Inspector services rendered to the Municipality shall be under the sole direction of the Inspector. The degree of services rendered, the standard of performance, and other matters relating to regulations and policies shall be under joint control of the Municipality and the Inspector. Headquarters for the services rendered to the Municipality under this agreement shall be

located at the Municipality offices. The Inspector shall submit to the Municipality a regular report of services rendered and charges due, as well as periodic suggestions regarding other matters relating to the inspection services.

C. Insurance.

i. Auto Insurance – Inspector in carrying out its obligation under this Agreement, shall supply, upon the request of the Municipality, a Certificate of Insurance for owned, hired, and non-owned auto usage coverage for liability in the amounts of $1,000,000 single limit, per occurrence.

ii. Professional Liability Insurance – The Inspector shall provide the Municipality, upon request, with copies of Professional Liability Errors and Omissions Insurance in an amount of at least $500,000 covering all personnel employed by Inspector in capacity of acting as an Inspector/Agent of the municipality.

iii. General Liability Insurance – The Inspector shall provide the Municipality, upon request, with copies of General Liability Insurance in an amount of at least $1,000,000 covering all personnel employed by Inspector in capacity of acting as an Agent of the Municipality. The Municipality will be listed as an additional insured.

iv. Workers' Compensation Insurance – The Inspector shall provide its employees with workers' compensation coverage with at least the state minimum coverage requirements. The Inspector shall provide the Municipality with copies of Certificate of Workers' Compensation Insurance.

D. Continuing Education and Certification - The Inspector shall be responsible for maintenance of required or appropriate certification and continuing education as Inspector under the laws of the State of Minnesota and shall be responsible for supplying any and all technical manuals and reference materials.

E. Communications, Equipment, and Supplies.
The Inspector shall provide, at its sole expense, all necessary equipment, vehicles and supplies to carry out its obligations under this agreement.

F. Memberships.
Inspector may join trade groups or attain membership in associations as the building official of the municipality.

2. Files and Records.

All completed files and all official copies of correspondence, inspection reports, plans and other matters connected with the file shall be maintained at the Municipality offices. All such files the Inspector may desire for its own records shall be maintained outside the Municipality offices. Files and records created in connection with this Agreement shall be subject to the provisions of the Minnesota Data Practices Act, and specifically Minn. Stat. 13.05, subd. 11. Inspector shall not be expected to respond, or be responsible for responses to public information requests. Requestors will be referred to the Municipality for

verification and response. Inspector will assist Municipality with requests when requested by Municipality Staff or Council.

3. Violations and Penalties.

Any Code violations occurring within the Municipality may be charged in accordance with the ordinances of the Municipality and shall be subject to the penalties provided therein. Prosecution of such violations shall be by the Prosecuting Attorney of the Municipality. All costs and expenses incurred by said prosecution shall be paid by the Municipality. Municipality will rely on Inspector for advice and direction on enforcement alternatives for ongoing code/ordinance violations. The Inspector agrees to cooperate with the Prosecuting Attorney of the Municipality in such prosecutions (including provision of testimony and documentary evidence) upon request.

4. Effective Date of Service.

The effective date of service to which the terms of this Agreement apply shall be on the _____ day of December, 2017.

5. Termination of Agreement.

This Agreement shall remain in force and effect from the effective date of service until _____, 20____. This Agreement may be terminated for Cause at any time as provided herein below. "Cause" for purposes of this Agreement, shall be deemed to occur if either party to this Agreement should materially breach any material provision herein. In such case, the non-breaching party may notify the breaching party in writing specifying the respect in which such party has breached the Agreement. In the event that such breach is not remedied to the reasonable satisfaction of the non-breaching party within thirty (30) calendar days after delivery of the above notice, the non-breaching party may, by written notice to the breaching party, terminate this Agreement, effective immediately. Breach of an obligation with respect to a party shall be deemed to include both a single instance of a material failure to perform one of its duties hereunder, as well as a continual, general lack of performance of its duties hereunder. If the breach is satisfactorily cured, this agreement shall continue as if no breach had occurred. The last day of the Agreement is the last day services will be provided.

6. Normal Business Hours.

Normal business hours are defined as: 8:00 a.m. to 4:30 p.m., Monday through Friday, generally excluding Federal holidays except Columbus Day. A list of holiday dates observed will be provided to the Municipality each year, for the following year, by November 1st.

7. Payment for Services.

Many billing options exist to compensate Inspector for their services. The Municipality and Inspector have agreed that the compensation method shall be based on a percentage of permit fees, along with hourly billing for other services.

Billings for all services as defined in Costs to Municipality for Services sections in each appendix shall be considered payment for all services rendered during that billing period for activities related to serving as the Building Official. Postage for official correspondences on behalf of the Municipality shall be added to the

monthly billing. Although billings may be calculated based on specific permits, payments are for all services provided during that billing period.

Special Investigation fees shall be billed whether or not permits are ultimately issued.

Any payments received by Inspector for contracted services as a result of eCommerce or Internet transactions or electrical permits shall be accounted for, allocated by contract specifications, and amounts due to Municipality shall be netted against current billing.

Municipality shall remit payment to Inspector within thirty (30) days of filing a Report or Billing. Both parties acknowledge that they are subject to the provisions of Minnesota Statute 471.425, regarding prompt payment to subcontractors.

8. Assignment.

Inspector may not assign this Agreement without the prior written consent of the Municipality.

9. Staff.

Each of the parties hereto agrees that while Inspector is performing services under this Agreement and for a period of twelve months following the performance of such services or the termination of this Agreement, whichever is later, neither party will, except with the other party's written approval, solicit or offer employment as an employee, inspector, independent contractor, or in any other capacity to the other party's employees or staff engaged in any efforts under this Agreement without the prior written consent of the other party.

10. Hold Harmless and Indemnification.

Inspector shall release, defend, hold harmless and indemnify the Municipality from any and all claims, losses, damages and costs of every kind and nature (including, without limitation, reasonable attorney's fees), in any manner, directly or indirectly, arising out of, resulting from, or in any manner connected with this agreement and the actions or failures to act of the Inspector, its officers, employees, or agents. The indemnity obligations contained in this Section shall survive termination of this Agreement.

This Agreement to hold harmless and indemnify shall not apply to any claim arising out of a situation where the Inspector has previously notified the Municipality in writing of a failure by an owner or permit applicant to comply with the appropriate Code and the Municipality fails to enforce that Code or arising out of any situation involving an existing or future platted lot with corrected soils, filled soils or a building pad.

11. Entire Agreement.

This Agreement, and its designated sections, contains the entire agreement between the parties and supersedes any and all agreement, written or oral, express or implied, pertaining to its subject matter. It may be changed only by written instrument signed by both parties.

12. Choice of Law.

This Agreement shall be governed and construed in accordance with the State of Minnesota Law.

13. Representation of Authority.

The undersigned executing this Agreement for MNSPECT represents and warrants that he has been duly authorized to execute this Agreement on behalf of MNSPECT, by the company's Board of Managers and that this Agreement shall bind the company to the terms and obligations contained herein.

14. Complaints.

Any complaint about Inspector received by Municipality Staff or Elected Officials shall be promptly forwarded to Inspector with specific details, property address, and contact information so Inspector may research the concern(s) expressed & develop and communicate a response to the complainant and/or Municipality.

15. Appeals.

MN Rule 1300.0230 provides a mechanism for persons aggrieved by an order, decision, or determination of the Building Official to appeal. The Municipality does not have an appeals board. Therefore, any appeals will be heard by the State appeals board.

IN WITNESS THEREOF, the parties have executed this Agreement in duplicate this _____ day of December, 2017.

Appendix A
AGREEMENT AND CONTRACT FOR
BUILDING INSPECTION SERVICES

NOW, THEREFORE, the parties hereto agree as follows:

1. Level of Inspection Services ("Services").

Inspector will provide inspection services for the Municipality on the following terms and conditions:

A. Render required enforcement and administration of the current Minnesota State Building Code Pursuant to MN Rules Chapter 1300 and represent the Municipality as its Designated Building Official.

B. Render required enforcement of the MN State Fire Code on all buildings or structures undergoing work requiring building permits under A (above).

C. Provide such other services as specified in this Appendix A.

2. Adoption of Building Codes.

The Minnesota State Building Code, established pursuant to Minnesota Statutes 326B.101 to 326B.16, has been adopted as the Building Code for the Municipality. The Municipality will use the current Minnesota State Building Code and other chapters of Minnesota Rules and enforcement and administration provisions. All regulations adopted by the Municipality as set forth in Paragraphs 1 and 2 of this Appendix A shall be referred to hereinafter as "Building Code", and shall be enforced by the Inspector.

The Inspector shall inform the Municipality whenever its Municipal Code should be revised to include new or revised code additions.

3. Administrative Procedures.

This section is set forth to clarify the responsibilities of the Municipality and Inspector and to establish procedures for issuing permits and performing inspection services.

A. Responsibility of the Municipality:

1. Direct the administration of all zoning requirements and inform Inspector in writing what requirements are needed to be enforced by the Inspector.
2. Administer all contractor licensing required if required by the Municipality.
3. Issue all permits and collect local permit fees and state or regional charges.
4. Keep permanent records on file as directed by Building Official.
5. Provide data or comply with any State agency reporting requirements.
6. Complete all periodic reports and government surveys.

7. Prosecute all violations, as it deems necessary and appropriate.
8. Provide Inspector with access to the Municipality offices during regular business hours of the Municipality including access to telephones, copy machine, etc., for the Municipality Building Code purposes only.
9. Issue certificates of occupancy, signed by Inspector.

B. Responsibility of Inspector:

1. Perform all pre-construction building plan reviews for compliance with Building and Fire Codes.
2. Verify (measure) set-backs and other requested measurements supplied by Municipality for zoning code compliance if site inspections are included in this Appendix A.
3. Perform all on-site construction inspections required for Building Code enforcement.
4. Provide timely building inspection reports and other information for the permanent records kept by the Municipality.
5. Assist in maintaining the building files kept by the municipality by providing physical or electronic copies of all documents required by Minnesota Rule 1300.
6. Assist in all Building Code prosecutions with the Inspector's time and records (Hourly Fees Apply).
7. Provide permit & code information to the contractors, developers, architects, and citizens of Municipality.
8. Inspect hazardous buildings, inspect buildings to be moved into the Municipality prior to such action, and inspect Municipality Buildings (at the Municipality's request) subject to 5.F of this appendix.
9. Originate and provide Certificates of Occupancy.
10. Recommend updating of Building Code ordinances.
11. Review and recommend fee schedule changes.
12. Create and update all applicable permit applications and forms.
13. Represent Municipality as its Inspector within the limits of the Minnesota State Building Code.
14. Provide the Municipality with timely reports as reasonably requested by the Municipality which include, but are not limited to: a monthly summary of the number of permits issued, the estimated cost of the construction, and the amount of the fee. Within thirty (30) days after each calendar year ending, during the terms of this contract, the Inspector shall prepare an annual report containing the same information as the monthly reports.
15. Analyze trends in construction design and techniques, highlight problem areas with recommendation of solutions, and provide recommendations for process and/or policy changes.
16. Assist Fire Chief with Building Code related issues.
17. Upon submission of a complete residential (IRC) building application, the Inspector shall process its portion of the building permit within ten (10) working days, excluding weekends and holidays.
18. Upon submission of a complete commercial (IBC) building application, the Inspector shall process its portion of the building permit within fifteen (15) working days, excluding weekends and holidays.
19. Calculate building permit fees for building permits.

20. Attend Municipality Council meetings, as requested, to discuss building projects or issues related to the building code (up to two times per year without charge).
21. Verify all appropriate contractor licenses & lead certifications, and refer enforcement issues to the proper CCLD Enforcement Division authorities.
22. Any software that is available for use by clients of Inspector shall be made available for use by the Municipality.
23. Issue Stop Work Orders (up to 2 hours).

C. Procedure for Building Code Administration:

1. Municipality verifies project for zoning compliance and communicates concerns/requirements to Inspector.
2. The Inspector reviews the building construction plans and site plans for conformance with the Building Code and applicable Municipality ordinances, and approves, modifies, or rejects same.
3. The Municipality upon approval of the plans by the Inspector and consistent with all local requirements, issues the required permit, collects the local, state, and regional fees, and notifies the Inspector of any other pertinent information.
4. The Inspector shall perform all field inspections, notify the Municipality of any violations and final completion.
5. The Inspector approves, and Municipality Staff issues, the Certificate of Occupancy upon final approval and when in compliance with all local requirements.

4. Building Official to be Officer of the Municipality.

The Designated Building Official (Inspector) shall be provided specific authority to administer and enforce the Building Code as provided by this Appendix A. Such authority shall be granted by proper action of the Municipality's elected officials.

5. Cost to Municipality for Services.

One of the responsibilities of the Building Official is to determine the Valuation of a project at the time of application (MN Rule 1300.0160). In an attempt to treat all applicants fairly and equally, Inspector will use the calculated valuation from the State Valuation Table (published annually in May) as a minimum valuation.

The Municipality shall pay to the Inspector for services under this contract the following:

A. The Inspector shall be paid eighty percent (80%) of the permit fee as found in the Municipality's fee schedule, for permits issued, with a minimum charge of $50.00 per permit.

B. The Inspector shall be paid eighty percent (80%) of all special investigation fees and one hundred percent (100%) of all hourly, site inspection, after hours inspection, manufactured home connections, pre-move, post-move, postage, copy, and license/lead verification, master plan review, and re-inspection fees.

C. The Plan Review fee for a project is sixty-five percent (65%) of the building permit fee for the project. The Inspector shall receive one-hundred percent (100%) of the Plan Review fee calculated for all plans reviewed.

D. The Inspector shall receive the sum of sixty dollars ($60.00) for each residential pre-construction site inspection completed, and ninety dollars ($90.00) for each commercial pre-construction site inspection completed.

E. Payments made by the Municipality to the Inspector pursuant to 3B and 5 A-D above shall be for services included under "Required Services" in Appendix A of this Agreement.

F. The Municipality shall pay the Inspector for services performed at the request of the Municipality other than as provided in Section 3B and 5 A – D above, at the rates following this paragraph. Time spent pursuant to this paragraph may include such matters as preparation and time spent in connection with the prosecution of any violations for the Building Code Ordinance or other ordinances of the Municipality, attending staff meetings, or mentoring City Staff. The Inspector shall submit logs with any such statements for services rendered under this subsection. No charges for services at an hourly rate may be made unless there has been prior direction to the Inspector by the Municipality.

Designated Building Official		$125.00/hour
Certified Building Official		$95.00/hour
Fire Inspector		$90.00/hour
Limited Building Official		$75.00/hour
Rental Inspector		$75.00/hour
Other Staff		$75.00/hour
Color plan copies:	8 1/2 x 11	$1.00/page
	8 1/2 x 14	$2.00/page
	11 x 17	$2.00/page
	Large format	$4.00/page

G. Inspector shall make every attempt, where appropriate, (penalty fees, re-inspection fees, etc.) to recover fees from applicant on behalf of the Municipality.

H. Municipality shall have unlimited access to Inspector's permitting software, and shall pay $75.00 per month for each user ID. All electronic files and records shall be provided to the Municipality upon termination of this agreement.

Exhibit A
BUILDING INSPECTION PROCESS

Required Services
(Included in Building Permit Fees)

Residential Buildings
(One inspection per item)

1. Plans Examination
2. Pre-Construction site inspection (before site is disturbed) including set-back measurement
3. Footing
4. Foundation
5. Pre-backfill inspection
6. Sub-slab vapor-barrier inspection
7. Wall-bracing inspection
8. Framing
9. Plumbing – rough in.
10. Insulation
11. Gypsum wall board (optional)
12. Gas line pressure test
13. Heat/mechanical – rough in
14. Heat/mechanical – final
15. Final plumbing and sump pump
16. Final building
17. Authorize Certificate of Occupancy

Commercial Buildings
(Possible multiple inspections per item)

1. Plans Examination
2. Pre-Construction site inspection
3. Footing
4. Poured wall or wood foundation
5. Slab vapor-barrier inspection
6. Pre-backfill inspection
7. Framing
8. Plumbing – rough in. (1 insp)
9. Insulation
10. Gypsum wall board
11. Fire resistive assemblies
12. Fire Caulking
13. Rough-in fire suppression systems
14. Final fire suppression systems
15. Fire alarm systems
16. Gas line pressure test
17. Heat/mechanical – rough in
18. Heat/mechanical – final
19. Final plumbing and sump pump
20. Final building
21. Authorize Certificate of Occupancy

Additional Services
(Additional Fee May Apply)

1. Pre-Construction Meetings - hourly
2. Complaint investigations - hourly
3. Re-inspections – verify corrections – re-inspection fee
4. Stop work orders – hourly
5. Routine or other inspections requested by Municipality - hourly
6. Verify compacted fill placement under structure - hourly
7. Partial completion inspections – re-inspection fee
8. Additional rough-in inspections or "pre-final" inspections - re-inspection fee
9. Prosecution of violations - hourly
10. Partial plumbing – winter underground inspections – re-inspection fee
11. Moved-in building inspections – fee schedule
12. Contractor neglects to cancel inspections – re-inspection fee

Appendix B
AGREEMENT AND CONTRACT FOR
SEDIMENT AND EROSION CONTROL (SEC) SERVICES

NOW, THEREFORE, the parties hereto agree to specific terms as follows:

1. Level of Inspection Services ("Services").

Inspector will provide Sediment & Erosion Control (SEC) inspection services for the Municipality on the following terms and conditions:

A. Render required enforcement and administration of the Municipality's currently adopted Ordinances and Standards regulating SEC. Be cognizant of regulations associated with the Minnesota State Board of Water and Soil Resources, the Association of Metropolitan Soil and Water Conservation Districts, the Minnesota Pollution Control Agency and any other County, State or Federal Agency charged with the regulation of Sediment and Erosion Control issues.

B. Provide such other services as may be agreed to by the parties.

C. Inspector shall be responsible for monitoring and enforcing the condition of individual building sites during normal inspection trips from site inspection until issuance of Certificate of Occupancy.

2. Administrative Procedures.

This section is set forth to clarify the responsibilities of the Municipality and the SEC Inspector and to establish procedures for performing inspection services.

A. Responsibility of the Municipality:

i. Issue any permits and collect local permit fees, state or regional charges.

ii. Complete all periodic reports and government surveys.

iii. Prosecute all violations, as it deems necessary and appropriate.

iv. Provide SEC Inspector with access to the Municipality offices during regular business hours of the Municipality including access to office equipment for the Municipality SEC inspection purposes only.

B. Responsibility of Inspector:

1. Perform all on-site inspections required for SEC enforcement.

2. Provide timely inspection reports and other information for the permanent records kept by the Municipality.

3. Assist in all SEC related prosecutions with the SEC Inspector's time and records.

4. Provide general SEC information to contractors, developers, architects, and citizens of Municipality.

5. Recommend updating of SEC ordinances.

6. Review and recommend SEC Inspection billing rates.

7. Represent Municipality as its SEC Inspector within the limits of the Municipality Ordinance or the provisions of this document.

8. Serve as authority to administer and enforce the SEC Ordinance or Standard as prescribed by the Municipality.

9. Provide the Municipality with timely reports as reasonably requested by the Municipality which include, but are not limited to; a quarterly summary of the inspections performed.

10. Attend Municipality Council Meetings, as requested, to discuss issues related to the SEC Inspections Program.

3. Cost to Municipality for Services.

The Municipality shall pay the Inspector for services under this contract a rate of .0006 of building permit valuation with a minimum of one-hundred-fifty dollars ($150) for new construction and fifty dollars ($50) for additions. The amount of these fees shall be charged to the permit applicant as a part of the permit fees as a separate line item.

Work requested outside construction process as defined in 1C above will be conducted at an hourly rate of seventy-five dollars ($75.00) per hour during regular business hours or two-hundred percent (200%) of this rate outside of normal business hours.

Appendix C
AGREEMENT AND CONTRACT FOR PLUMBING PLAN REVIEW SERVICES

NOW, THEREFORE, the parties hereto agree to specific terms as follows:

1. Level of Inspection Services ("Services").

Inspector will provide Plumbing Plan Review services for the Municipality on the following terms and conditions:

Render required enforcement and administration of the currently adopted State Plumbing Codes and perform Plumbing Plan Review Services formerly provided by the State of Minnesota. This section is only valid upon receipt of a delegation agreement from the State Plumbing and Engineering Unit.

2. Adoption of Plumbing Codes.

The State Plumbing Code has been adopted by reference as the Plumbing Code for the Municipality. All regulations adopted by the Municipality as set forth in Paragraphs 1 and 2 of this Appendix C shall be referred to hereinafter as "Plumbing Code" and shall be enforced by the Inspector.

The Inspector shall inform the Municipality when its Code should be revised to include new or revised code additions.

3. Administrative Procedures.

This section is set forth to clarify the responsibilities of the Municipality and Inspector and to establish procedures for performing Plumbing Plan Review Services.

A. Responsibility of the Municipality:

1. Issue all permits and collect local permit fees.

2. Complete all periodic reports and government surveys.

3. Prosecute all violations, as it deems necessary and appropriate.

B. Responsibility of Inspector:

1. Perform Plumbing Plan Review for all eligible Commercial, Industrial and Multi-Unit Residential projects requiring such review.

2. The Plumbing Inspector reserves the right to pass plans on to the State if such plans represent issues beyond the scope of this

contract. The Plumbing Inspector will bill the Municipality for costs incurred for such special instances.

3. Provide timely review reports and other information for the permanent records kept by the Municipality and to State Department of Labor and Industry.

4. Assist in all Plumbing Code violation prosecutions with the Plumbing Inspector's time and records.

5. Provide general Plumbing Code information to contractors, developers, architects, and citizens of Municipality.

6. Recommend updating of Plumbing Code ordinance.

7. Review and recommend Plumbing Plan Review Fee Schedule.

8. Represent Municipality as its Plumbing Inspector within the limits of the State Plumbing Codes.

9. Serve as authority to administer and enforce the Plumbing Code.

10. Provide the Municipality with timely reports as reasonably requested by the Municipality.

11. Assist the Municipality on ordinance and Plumbing Code related issues.

12. Attend Municipality Council Meetings, as requested, to discuss building projects or issues related to the Plumbing Inspections or Plan Review Programs.

13. Perform Plumbing Plan Review services within fifteen (15) business days of receipt of a complete submission

4. Cost to Municipality for Services.

The Municipality shall pay the Inspector for services under this contract a rate of one hundred percent (100%) of plumbing plan review fee listed in Municipality's Fee Schedule. The Municipality shall use the State's Plumbing Plan Review fee schedule if it has not adopted its own fee schedule.

Appendix D
AGREEMENT AND CONTRACT FOR
RESIDENTIAL RENTAL HOUSING INSPECTION SERVICES

NOW, THEREFORE, the parties hereto agree to specific terms as follows:

1. Level of Inspection Services ("Services").
Inspector will provide Residential Rental Housing Inspection services for the Municipality on the following terms and conditions:
   A. Render required enforcement and administration of Municipality's currently adopted Rental Housing Ordinance and represent the Municipality as its Rental Inspector
   B. Provide such other services as may be agreed to by the parties.

2. Administrative Procedures.
This section is set forth to clarify the responsibilities of the Municipality and Inspector and to establish procedures for performing Residential Rental Housing inspection services.
   A. Responsibility of the Municipality:
      1. Administer the Residential Rental Housing Program.
      2. Complete all periodic reports and government surveys.
      3. Prosecute all violations, as it deems necessary and appropriate.
      4. Provide Rental Inspector with access to the Municipality offices during regular business hours of the Municipality including access to office equipment for inspection purposes only.
      5. Provide Residential Rental Housing Ordinance information to citizens.

   B. Responsibility of Inspector:
      1. Perform all on-site inspections required for Rental Housing Ordinance enforcement.
      2. Provide inspection reports and other information for the permanent records kept by the Municipality.
      3. Assist in all Rental Housing Ordinance prosecutions with the Rental Inspector's time and records.
      4. Provide general Rental Housing Ordinance information to the citizens as required by the Municipality.
      5. Investigate rental complaints as requested by the Municipality.
      6. Recommend updating of Rental Ordinances.
      7. Review and recommend Rental licensing rates.
      8. Represent Municipality as its Rental Inspector.
      9. Serve as authority to administer and enforce the Rental Housing Ordinance.
      10. Provide the Municipality with timely reports as reasonably requested by the Municipality which include, but are not limited to; a monthly summary of the inspections performed.
      11. Assist the Municipality on City Rental Housing Ordinance related issues.

12. Attend City Council Meetings, as requested, to discuss issues related to the Rental Inspections Program.
13. Issue all Residential Rental Housing licensing as required by the Municipality.

3. Cost to Municipality for Services.
The Municipality shall pay the Inspector, for services under this contract, according to the following schedule:

A. The Inspector shall bill the Municipality for the initial rental inspection and any follow-up inspection to verify compliance at a rate of seventy-five ($75) per hour.

B. The Inspector shall bill for complaint inspections at a rate of seventy-five ($75) per hour.

Appendix E
AGREEMENT AND CONTRACT FOR
FIRE INSPECTION SERVICES

NOW, THEREFORE, the parties hereto agree to specific terms as follows:

1. Level of Inspection Services ("Services").
Inspector will provide fire inspection services for the Municipality on the following terms and conditions:
   A. Render required enforcement and administration of Municipality's currently adopted Fire Ordinance including the State Fire Code and represent the Municipality as its Fire Inspector
   B. Provide such other services as may be agreed to by the parties.

2. Adoption of Fire Codes.
The Minnesota State Fire Code, established pursuant to Minnesota Statute 299F.011 has been adopted by reference as the Fire Code for the Municipality.

3. Administrative Procedures.
This section is set forth to clarify the responsibilities of the Municipality and Inspector and to establish procedures for performing Fire Inspection services.

   A. Responsibility of the Municipality/Fire Department:
      1. Administer all licensing as required by the Municipality (fireworks, explosives, etc.).
      2. Issue all permits and collect local permit fees, state or regional charges.
      3. Complete all periodic reports and government surveys.
      4. Prosecute all violations, as it deems necessary and appropriate.
      5. Provide Fire Inspector with access to the Municipality offices during regular business hours of the Municipality including access to office equipment for inspection purposes only.

   B. Responsibility of Inspector:
      1. Perform necessary site plan reviews for compliance with Fire Codes.
      2. Perform all on-site inspections required for Fire Code enforcement, on a schedule to be determined by the City Council and Fire Chief.
      3. Provide inspection reports and other information for the permanent records kept by the Municipality.
      4. Assist in all Fire Code prosecutions with the Fire Inspector's time and records.
      5. Provide general Fire Code information to the citizens as required by the Municipality.
      6. Inspect hazardous buildings as requested by the Municipality.
      7. Review and recommend Fire Inspection Fee Schedules.
      8. Represent Municipality as its Fire Inspector within the limits of the Minnesota State Fire Code and Local Ordinance.

9. Serve as authority to administer and enforce the Fire Code.
10. Provide the Municipality with timely reports as reasonably requested by the Municipality which include, but are not limited to; a monthly summary of the inspections performed.
11. Assist Fire Chief on City Ordinance and Fire Code related issues.
12. Attend City Council Meetings, as requested, to discuss building projects or issues related to the Fire Inspections Program.

4. Cost to Municipality for Services.
The Municipality shall pay the Inspector for services under this contract a rate of ninety dollars ($90.00) per hour for annual fire inspections and seventy-five dollars ($75.00) for clerical services provided.

Standards of Service

Phones & Scheduling

We will staff our office and perform inspections from 8:00 a.m. – 4:30 p.m. Monday through Friday. We observe national holidays except Columbus Day. There is always staff at the office to expedite calls to the inspectors, answer questions, or handle concerns during these hours. We have voice mail to accommodate after-hours calls and requests for inspection. An on-call inspector can be reached for after-hours emergencies. To accommodate contractors outside of the metro area, we have a toll free number, 888-446-1801.

Code Enforcement

We will enforce the minimum standards established in all the required enforcement sections of the MN State Building Code.

Inspections

We schedule all inspections through our office. When we are meeting someone for an inspection, they are scheduled for a specific time to minimize wasted time waiting for the inspector. We will provide same day inspections when available, and everyone will be served by the end of the following business day. We will be available to provide inspection services every business day and will pick up or drop off permit applications whenever needed.

We strive to be on time to all of our inspections. If the actual time of arrival will vary more than 10 minutes from the time scheduled, our inspectors generally contact our office, and the scheduling staff calls the on-site contact to inform them.

Logistics and work flow

All permits must flow through your office. This allows you to track permits. We will stop by Municipality Office when we are performing inspections in the area or if we need to pick-up any information, drop-off permits after plan review is completed, attend meetings, or answer questions. We encourage the Municipality to email or call if a permit is available for pick-up to facilitate scheduling and streamline workflow. The inspectors, as well as our dedicated support staff, are available to answer code questions, handle concerns, and schedule inspections during regular business hours. All inspectors have mobile phones. In addition to telephone contact, we provide an "Ask an Inspector" feature on our website that can be accessed at any time.

All documentation for inspections performed is returned to our office at the end of the business day. We transcribe all pertinent information for the inspection slips and scan them for our record. This allows us to research issues on open permits. We then return all records to the Municipality so the property file can remain updated in a timely manner. All client municipalities have access to our proprietary software for reports and data entry. All permanent files are maintained by the Municipality.

RESOLUTION NO. 2017 -

A RESOLUTION TO EXTEND SITE USE AGREEMENT BETWEEN THE CITY OF ISANTI AND CATHOLIC CHARITIES

WHEREAS, Catholic Charities requests the City enter into a 2018 Site Use Agreement; and

WHEREAS, the agreement allows Catholic Charities Senior Dining Program to partner with the City to provide meals for seniors in Isanti and the surrounding communities; and

WHEREAS, the Isanti Community Center is the site location for the service; and,

WHEREAS, the hours of operation for the service are from 10:30 a.m. to 1:30 p.m.; and,

WHEREAS, due to increases costs associated with the operations of the facility, the City of Isanti will require a 3% annual increase in the monthly fee to Senior Dining; and,

WHEREAS, the 2018 monthly rate will be $108.15,

NOW, THEREFORE, IT IS HEREBY RESOLVED by the City Council of Isanti, Minnesota, to approve entering into the 2018 Site Use Agreement with Catholic Charities, attached as Exhibit 'A.'

This resolution was duly adopted by the Isanti City Council this 19th day of December 2017.

(SEAL)

CATHOLIC CHARITIES SENIOR DINING PROGRAM
SITE USE AGREEMENT

This site use agreement has been prepared for the purpose of defining the rules of the agencies involved in the development and operation of the Senior Dining Program in Isanti, Minnesota.

This agreement made this 1st day of January, 2018 by and between Isanti Community Center, 110 1st Ave, N, PO Box 428, Isanti, MN 55040 hereafter referred to as the Company and the Catholic Charities Senior Dining Program, 157 Roosevelt Road, Suite 200, City of St. Cloud and the State of Minnesota, hereafter called Senior Dining, in consideration of costs, covenants and agreements herein reserved and contained, do hereby agree each with the other as follows:

I. TERM OF AGREEMENT: The term of this agreement shall be in effect January 1, 2018 and continuing until either party deems it necessary to change specifications stated in the agreement. The agreement may be changed by either party upon 60 days written notice thereof to the other.

II. The Senior Dining Program agrees to pay $108.15 per month to help offset the costs of the operation.

III. All correspondence regarding this agreement will be between the Senior Dining Program Director and City of Isanti City of Isanti Community Events and Parks Coordinator. Any issues/concerns regarding this contract can be referred to Ruth Hunstiger, Director of Community Services, at 320-229-4592.

IV. Senior Dining agrees and shall abide, conform to and comply with all the laws of the United States and the State of Minnesota, and all of the ordinances of the City of Isanti Minnesota, together with all the rules and requirements of the Police and Fire Department of the City of Isanti, Minnesota. In addition, all rules and regulations by the Minnesota Department of Health will be complied with. A restaurant license, if required, will be procured yearly by Senior Dining.

V. Senior Dining usually observes the following holidays: New Year's Day, Good Friday, Memorial Day, Fourth of July, Labor Day, Thanksgiving Day, and Christmas Day. Other days of closing will be determined by Senior Dining and the Company. Other dates Senior Dining will not occupy the facility are: February 22nd Blood Drive, April 24th Blood Drive, June 19th Mayor's Employers Celebration Day, June 21th Blood Drive, August 23rd Blood Drive, October 18th Blood Drive, December 27th Blood Drive and December 17-21st Isanti Lion's Christmas Project.

VI. Senior Dining agrees to restore the used facilities to ordinary cleanliness after use. Ordinary cleanliness is defined as leaving facilities in the same condition as they were prior to entering. Basic custodial services such as floor maintenance, window washing, cleaning of restrooms, washing and/or painting of walls, and snow removal are the responsibility of the Company. Senior Dining will be responsible for daily set up of the facility according to its preference.

VII. Senior Dining shall at it's own expense procure and maintain comprehensive general combined single limit liability coverage of One Million Dollars ($1,000,000.00) and Workers Compensation Insurance on all staff relating to the site mentioned above. Senior Dining shall hold the building owner harmless for damages or injury occurring on the rented premises for which Senior Dining is found liable.

VIII. The Company agrees to assume sole financial responsibility for the facility due to mechanical and electrical problems and to repair damage as a result of the above. Maintenance and repair costs of equipment owned by the Company will be the responsibility of the Company.

IX. In the event Senior Dining or the Company must cancel all or part of the terms of this agreement, both parties will provide the other agency sixty (60) days notice in writing. Upon written receipt by the Company from Catholic Charities Senior Dining, this agreement is subject to immediate termination by Senior Dining should federal, state or local dollars be reduced or withdrawn.

X. Senior Dining may use the kitchen and dining room during the hours of 10:30 a.m. to 1:30 p.m. Monday through Friday.

XI. The Company agrees to furnish Senior Dining information about insurance coverage and dollar value of each type of coverage carried which relates to the facility and persons using the facility.

Others Present: George Hemen, Elizabeth Anderson, Anita Reinking, County Commissioner Mike Warring

D. Adopt Agenda

Administrator Lorsung explained the agenda was amended by adding Items L.10 – Resolution Approving Request for Proposals for Building Inspection Services and L.11 – Resolution Approving a Memorandum of Understanding between the City of Isanti and I.U.O.E., Local 49, AFL-CIO Regarding Assignment of On-Call Duty for the Maintenance Technician I Classification

Motion by Collison, second by Lundeen to approve the agenda with modifications listed above. Motion carried.

E. Proclamations/Commendations/Certificate Awards

None.

F. Approve City Council Minutes

1. November 21, 2017 - Regular Meeting of the City Council

Motion by Lundeen, second by Bergley to approve minutes as presented. Motion carried.

G. Citizens Input

None.

H. Announcements

1. City Council Meeting	Tuesday, December 19, 2017 at 7:00 p.m.
2. Planning Commission Meeting	Tuesday, December 19, 2017 *(Immediately following the City Council Meeting)*
3. **CITY OFFICES CLOSED**	Friday, December 22, 2017 (Beginning at Noon) Monday, December 25, 2017 (All day) *(In observance of the Christmas holiday)*

I. Council Committee Reports

Mayor Wimmer reported that City officials from several departments met with representatives from Connexus, the City of Cambridge, and Isanti County regarding the recent power outage to

discuss the how the separate groups worked together to respond to the situation. It was a significant hit to a critical power pole which knocked out a substation resulting in the loss of power to approximately half of Isanti County. All were pleased with how well everyone worked together and it was a good informational meeting.

Mayor Wimmer also gave an update on the annexation. The golf course was not contested by the township and has been approved and signed off on. A proposal from the township is expected to be received regarding the orderly annexation properties.

J. Public Hearings
None.

K. Business Items

1. Establishing a Date for the City Council Goal Setting Meeting
   January 22, 2018 from 8:00 am to noon was decided upon for the City Council goal setting meeting.

Motion by Lorinser, second by Bergley to approve the date. Motion carried.

Finance Director Mike Betker

2. 2018 Final Budget and Levy Presentation
   a. **Resolution 2017-289** Adopting the Final Budget for Year 2018
   b. **Resolution 2017-290** Adopting the Final 2017 Tax Levy, Collectible in 2018
   c. **Resolution 2017-291** Adopting the Final Budget for the Enterprise Funds for Year 2018
   d. **Resolution 2017-292** Approving a Cost of Living Adjustment (COLA) for Non-Union Employees

Finance Director Mike Betker led the presentation, which is the culmination of a long process started back in April. Comparisons for Expenditures in the last 10 years show decreases for General Government, Public Safety, and Public Works. That is good as those are three areas that tend to increase over time.

Notable Expenditures for 2018 include a 26.3% increase in health insurance, a 3% COLA for employees, and $18,000 for tennis court resurfacing. EDA is up $10,000 over last year and this is the first year for the EDA levy. A new truck with plow is to be purchased for $50,000 with the General Fund and Water/Sewer each paying half. This is also the last year of the Street Lighting Infill unless the Council takes some action at the Goal Setting Session.

The big takeaway for the 2018 General Fund budgeted revenues is that 81% of the General Fund revenues is from taxes and intergovernmental revenues which are things like LGA grants, PERA aid, Police Training Aid, and similar sources. Transfers, such as the $300,000 to $350,000 that comes from the City Liquor Store each year, is also helpful in keeping down the levy.

The proposed Property Tax Levy is $2,759,731 and includes the General Fund, EDA, and Debt Services. The taxable market value for 2018 increased a little more than 11%, City debt was cut 4%, and the General Fund balance increased by $170,356. Most notable was that even though the levy has gone up, the taxable market value has also increased enough that the City property tax rate has decreased by 5%.

Councilmember Lorinser asked Mr. Betker to explain the tax rate. Mr. Betker said the tax rate is taxable market value divided by the levy. After more discussions about tax rate and valuations, Mr. Betker pointed out that property taxes for the current year are determined by the Property Tax Assessor the previous year in April. So, property taxes that are due in 2018 are assessed in April 2017 and it is at that time the property value must be contested by the property owner if they do not agree with the valuation. Mayor Wimmer said it was important to note that currently everything is still an estimate and the proposed property tax rate won't be locked in until March. Discussion continued by the Council about how the tax rate affects the levy.

Anita Reinking, property owner of 823 Park Brook Road NW, Isanti, approached the podium to ask about her property taxes and how they are determined as she was concerned her property taxes will increase greatly due to the date she closed her home. After trying to provide some guidance regarding her property value, it was explained that none of the City Council or City employees were the authority that makes those decisions.

Motion by Lorinser, second by Collison to approve the 2018 Final Budget and Levy Resolutions as presented. Motion carried.

City Administrator Don Lorsung

3. **Resolution 2017-293** Engineering Services RFP / Review

   City Administrator Don Lorsung said this is part of the professional services review which occurs every five years. The contract with Bolton & Menk to provide City engineering services was renewed by the Council five years ago and the contract is now in the 10th year. A decision needs to be made to again renew the contract with the existing service provider or to seek out RFP's. After discussing the drawbacks and benefits of renewing the contract without obtaining additional RFP's, consensus of the Council was to start by requesting a proposal from Bolton & Menk for a contract extension for the next five years.

Motion by Lundeen, second by Collison to approve the request for proposal. Motion carried.

4. **Resolution 2017-294** Site Plan Building Appearance Review for Isanti Hotel Partners, LLC

   Councilmember Lundeen said he had received some calls from residents and wanted to clarify that Penny Lane would not be shut down until Richard Avenue went through. Mayor Wimmer said that would be for the Council to decide and take action on, but that was the intent as the Council has previously discussed.

Motion by Bergley, second by Lorinser to approve the request as presented. Motion carried.

Chief of Police Gene Hill

5. **Resolution 2017-295** Police Department Events Costs

   Police Chief Hill gave an overview to the Council of the cost breakdown of yearly events the Police Department hosts for the community. Funds for these events are from the Police Department Budget. Federal grant monies received to assist with some of the event costs were not included in the budget.

   Councilmember Collison asked if any of the food for the events could be donated. Chief Hill said that it has been in the past and occasionally still is. Recently, with the League of Minnesota Cities support, the State Legislature passed a law that allows cities to spend limited funds for community engagement with law enforcement to foster positive relations. The same law allows the Council to give authorization to City officials and staff to solicit funds for such events.

The Council and Chief then discussed organization partners that are grant-funded to assist with providing law enforcement for the annual Rodeo Jubilee Days.

A motion was made by Lundeen, seconded by Collision, to approve the listed events and authorize the Chief or his designees to solicit contributions to off-set the costs. Motion carried.

L. Approve Consent Agenda

1. Consider Accounts Payable in the Amount of $186,768.77 and Payroll in the amount of $139,667.35
2. Pay Request No. 2 for the 2017 Palomino Road Improvements to C & L Excavating in the Amount of $247,948.29
3. Final Meeting Minutes for the October 24, 2017 Parks, Recreation and Culture Meeting
4. Final Meeting Minutes for the October 17, 2017 Planning Commission Meeting
5. **Resolution 2017-296** Accepting Minnesota Department of Health Grant for WHPP Implementation in the amount of $3,055.50
6. **Resolution 2017-297** Approving a Check be Written to Girl Scouts for Volunteering at the Community Movie Night
7. **Resolution 2017-298** Accepting the Resignation of Public Works Employee Mike Harris
8. **Resolution 2017-299** Accepting the Resignation of Building Official Nick Henly
9. **Resolution 2017-300** Approving Permanent Hire of Community Development Director Ryan Kernosky
10. **Resolution 2017-301** Approving Request for Proposals for Building Inspection Services
11. **Resolution 2017-302** Approving a Memorandum of Understanding between the City of Isanti and I.U.O.E., Local 49, AFL-CIO Regarding Assignment of On-Call Duty for the Maintenance Technician I Classification

Motion by Bergley, second by Lorinser to approve Consent Agenda as presented. Motion carried.

M. Other Communications

1. Draft Meeting Minutes for the November 28, 2017 Parks, Recreation and Culture Meeting
2. Draft Meeting Minutes for the November 21, 2017 Planning Commission Meeting

Adjournment

Motion to adjourn by Lundeen, second by Lorinser. Motion carried. The meeting was adjourned at 7:41 p.m.

Respectfully Submitted,

Jeannifer Anderson

Request for City Council Action

To: Mayor Wimmer and City Council

From: Don Lorsung, City Administrator

Date: December 15, 2017

Subject: Library Outreach Stop Agreements Renewal

ECRL Director Carla Lydon will be present to provide an update on the Isanti site, and to review the current Partnership Agreement with the City Council.

Attached for your consideration is a Resolution for Extension of the Library Outreach Stop Partnership Agreements with the ECRL and Isanti Friends of the Library for 2018.

RESOLUTION 2017-XXX

RESOLUTION APPROVING PARTNERSHIP AGREEMENTS BETWEEN THE CITY OF ISANTI AND THE EAST CENTRAL REGIONAL LIBRARY AND THE ISANTI AREA FRIENDS OF THE LIBRARY

WHEREAS, on December 7, 2010 the City Council approved Resolution No. 2010-274, a Resolution Extending the Original Partnership Agreements Between the City of Isanti and the East Central Regional Library (ECRL) and the Isanti Area Friends of the Library, relating to a ECRL Outreach Stop (formerly Library Link Site) in Isanti City Hall; and;

WHEREAS, the ECRL and the Isanti Area Friends of the Library and the City of Isanti have annually renewed the Partnership Agreements, providing ECRL services through the Outreach Stop at City Hall; and

WHEREAS, the agreement with the ECRL for an Outreach Stop at the Isanti City Hall has been presented for 2018.

NOW, THEREFORE, IT IS HEREBY RESOLVED by the City Council of the City of Isanti, Minnesota to approve the new Partnership Agreement with the East Central Regional Library Board and the Isanti Area Friends of the Library through the year 2018; that are hereby attached as 'Exhibit A' and 'Exhibit B' and made a part of this resolution.

This Resolution is hereby approved by the Isanti City Council this 19th day of December, 2017.

Attest:

Mayor George A. Wimmer

Katie Brooks
Human Resources/City Clerk

Exhibit A

East Central Regional Library
Outreach Stop
Partnership Agreement

In an effort to create more library service connections in communities across the six-county region served by the East Central Regional Library (ECRL) system, ECRL hereby agrees to continue to provide library outreach services in **Isanti** for the community of **Isanti** in **Isanti** County.

A selection of materials and services will be offered in the **Isanti City Hall** facility located at **110 1st Avenue Northwest** in the town of **Isanti**. The facility will be staffed by an ECRL staff member and open 4 hours per week one day a week, thus providing connectivity to reading materials and resources from ECRL.

In order to make this library service partnership successful, the representatives of the community of **Isanti** and the library staff of ECRL agree to accept the following responsibilities:

ECRL will provide:

- Staff to open the outreach stop 4 hours a week once a week
- A minimum of 350 items of library materials and may be adjusted to serve the needs of the public as needed
- Insurance on equipment and materials owned by ECRL
- Weekly delivery service and rotation of collection with new items on a regular schedule
- Maintenance of checkout-dedicated computer, software, scanner and receipt printer

The Community will provide:

- An appropriate facility, handicapped-accessible, with a handicapped-accessible public restroom
- Insurance to protect property and community owned contents
- Insurance to protect against liability
- Internet connectivity to central library catalog and databases – line capacity to be a minimum of 1 MBS
- Maintenance of the book drop
- Parking to accommodate visitors to the outreach stop
- Shoveling of walkways
- Adequate space within that facility for a 14' x 14' minimum Outreach Stop area
- Signage to establish Outreach Stop for East Central Regional Library
- Shelving for a minimum of 350 books and other items
- Comfortable seating and reading tables for 5-8 customers at time
- Utilities for the facility
- Cleaning of the facility
- Security for library computer, equipment and materials when not in active use

- Maintenance of any community-provided computer equipment

The site will be evaluated once a year. If, at the end of each evaluation, the site is determined not viable for the regional library system, or not valuable to the community, ECRL or the community may terminate this agreement with 30 days' notice, without penalty or recrimination. If adequate funding is provided, if the ECRL Board approves and the outreach stop is determined to be viable and valuable to all parties, the agreement may be renewed annually.

Exhibit B

East Central Regional Library
OUTREACH STOP
PARTNERSHIP AGREEMENT between Friends of the Isanti Area Library, Inc. and the City of Isanti

In an effort to create more library service connections in communities across the six-county region served by the East Central Regional Library (ECRL) system, ECRL has agreed pursuant to a Partnership Agreement with the City of Isanti to establish an Outreach Stop for library outreach services in **Isanti** through a site provided by the City of Isanti. A copy of said agreement between the City of Isanti and ECRL is attached hereto as Exhibit A. As an integral part of the service provision, assistance will be provided by Friends of the Isanti Area Library, Inc., a Minnesota non-profit corporation.

A selection of library materials and services will be offered in Conference Room A, located at City Hall in the City of Isanti. The facility will be staffed by a combination of ECRL staff and community volunteers, with the goal of being open one day a week for 4 hours, serving as many customers from the area as possible, and providing computer connectivity to the reading materials and resource databases of ECRL.

In order to make this library service partnership successful, the representatives of the Friends of the Isanti Area Library and City of Isanti agree to accept the following responsibilities:

The Friends of the Isanti Area Library will provide:

- Internet Connectivity to central library catalog and databases – line capacity to be a minimum of 1 Mbs
- Maintenance of the book drop at the City Hall site;
- Signage to establish location as "Outreach Stop Site to East Central Regional Library"
- Free standing shelving for approximately 350-400 books and other items and any required installation;
- The Friends of the Isanti Area Library may, at their sole option, provide on site Computers for the public, to use for catalog searching, database browsing, Internet surfing. Printers for public use for a fee, with the Friends of the Isanti Area Library responsible for any funds/transactions regarding usage. If such Computer **Equipment is provided, it must meet ECRL minimum standards, and have content-filtering software.**
- Maintenance of any such community-provided computer equipment;
- Commitment to recruiting dependable volunteer staffing to work at site for open hours planned;
- Functional seating and worktable for volunteers;
- Comfortable seating and reading tables for 5-8 customers at a time;
- Identification and assistance in recruiting volunteer workers from the community as needed by the ECRL;

The City of Isanti will provide:

- An appropriate facility at Isanti City Hall, handicapped-accessible, with a handicapped-accessible public restroom;
- Insurance to protect property and community owned contents;
- Insurance to protect against liability;
- Parking to accommodate Link Site traffic;
- Shoveling of walkways into the Link Site as needed;
- Adequate space within that facility for a 14'x14' minimum Link Site service area;

- Cleaning of facility;
- A locked facility for library computer, equipment, and materials when not in active use;
- Allow use of City Hall during normal hours of operation. Typically Monday thru Friday from 8am to 4:30pm.
- Electricity for the Outreach Stop site
- Heat for the Outreach Stop site.
- Cooling for the Outreach Stop site.

Notwithstanding any other provision of this agreement, either party to this agreement may elect to terminate this agreement with or without cause at any time upon not less than 30 calendar day's written notice to the other party hereto. The site will be evaluated annually or more often if deemed appropriate by the Friends of the Isanti Area Library or the City of Isanti. If adequate funding and fulfillment of responsibilities by the Friends of the Isanti Area Library and City of Isanti is provided, and the Outreach Stop site is determined by all parties to continue to be feasible all parties, the agreement may be renewed annually.

Request for City Council Action

To: Mayor Wimmer and City Council Members

From: Sean M. Sullivan, Economic Development Director

Date: December 19, 2017

Subject: Consider Resolution Amending and Extending SAC and WAC Deferral Program to December 31, 2018

Background:

As of December 12, 2017, 90 new single family housing permits have been pulled this year. Ten of the 90 permits utilized the SAC and WAC Deferral Program in 2017. Last year the City changed the process and documents of the SAC and WAC Deferral Program that resulted in the filing of a mortgage on the parcel to provide security for the city. To date the City has entered into repayment agreements with developers that will net the City $426,990 in SAC and WAC charges. The proposed 2018 SAC ($3,185) and WAC ($2,537) charges total $5,722 per REC which is a reduction of $2,500 from 2017. Commercial development has many different REC rates depending on the usage.

Under Repayment Agreement / Mortgage form, the Developer would is required to pay the City SAC and WAC fees for the shortest period of the following actions: 120 days from issuance of permit, sale of property, or issuance of Certificate of Occupancy. The revisions made to the 2017 SAC and WAC Deferral Program included making the document recordable and more enforceable as well and having the Developer pay for the recording the document upon execution of the agreement which is currently $46.00 and also the mortgage registration tax which is estimated to be $13.16 for agreements entered into in 2018. In addition, the city will provide the Developer with an executed Release of Mortgage once the SAC and WAC payment is paid.

Attached to the proposed resolution, are a revised boiler plate Repayment Agreement and Release of Mortgage originally drafted by Campbell Knutson that includes blanks to be filled in by 2018 adopted rates. This agreement would be entered into by the City and the Developer each time a new house, or building would be built and a 120 day deferral was requested. Staff is looking for the City Council to approve the form of this agreement and to allow staff to offer this deferral of SAC and WAC to any residential/commercial Developer that is looking to build in the City of Isanti.

City Council Requested Action:

Consider Adoption of Resolution 2017-___ Amending and Extending SAC and WAC Deferral Program to December 31, 2018

Attachment:

1) Resolution 2017-___ Amending and Extending SAC and WAC Deferral Program to December 31, 2018

RESOLUTION 2017-___

AMENDING AND EXTENDING SAC AND WAC DEFERRAL PROGRAM TO DECEMBER 31, 2018

WHEREAS, the City of Isanti of Isanti received a request from a developer to defer the cost of SAC and WAC fees for, the shorter of a period of 120 days from issuance of permit, sale of property, or issuance of Certificate of Occupancy; and

WHEREAS, the attached updated boiler plate Repayment Agreement and Release of Mortgage updated by City Staff would serve as a guarantee that the City would receive the full SAC and WAC fees for each project that the City and Developer agree to defer the SAC and WAC Fees by 120 days; and

WHEREAS, it is the intention of City Staff to utilize the attached boiler plate Repayment Agreement for each individual project brought forth by any developer and that the City Council would approve each agreement at a City Council Meeting with payment for the recording of the document to be provided Developer prior to execution of the agreement by the City.

WHEREAS, the City would provide an executed Release of Mortgage in a reasonable timeframe to the Developer upon receipt of the SAC and WAC payment.

NOW, THEREFORE, IT IS HEREBY RESOLVED, by the City Council of the City of Isanti, Minnesota amend and extend the SAC and WAC Deferral Program to December 31, 2018 and to adopt the form of the Repayment Agreement and Release of Mortgage attached hereto and authorize City Staff to use it as an economic development tool to increase development within the City of Isanti.

BE IT FURTHER RESOLVED, by the City Council of the City of Isanti, Minnesota that City Staff and Officials will only process the Repayment Agreement when the Developer has provided payment for the recording fee associated with the filing of the Repayment Agreement at Isanti County and City Officials will record such document.

BE IT FURTHER RESOLVED, by the City Council of the City of Isanti, Minnesota authorize the Mayor and City Clerk to execute all Release of Mortgage documents associated with approved Repayment Agreements after the SAC and WAC payment is receipted and to provide an executed document to the Developer in a reasonable amount of time.

This Resolution hereby approved by the Isanti City Council this 19th day of December 2017.

Attest:

Mayor George A. Wimmer

Katie Brooks
Human Resources/City Clerk

REPAYMENT AGREEMENT; STATUTORY SHORT FORM MORTGAGE; AND DEED RESTRICTIONS

THIS REPAYMENT AGREEMENT; STATUTORY SHORT FORM MORTGAGE; AND DEED RESTRICTIONS ("AGREEMENT"), made on or as of the ____ day of _____, 2018, by and between the City of Isanti, Minnesota, a Minnesota municipal corporation (hereinafter referred to as the "City") having its principal office at 110 First Avenue N.W. PO Box 428, Isanti, Minnesota 55040, and _____, a _____under the laws of the _____ (hereinafter referred to as the "Developer"), having its principal office at _____.

WITNESSETH:

WHEREAS, the Developer intends to construct a _____ (the "Improvements") on certain real property (the "Property") in the City; and

WHEREAS, in connection with the construction of the Improvements there are certain water and sanitary sewer charges that are payable by the Developer to the City; and

WHEREAS, the Developer has demonstrated to the satisfaction of the City that the Developer is unable to pay the full amount of the charges now and has asked the City to defer such charges and make them payable at a future point in time; and

WHEREAS, the City believes that the development of the Improvements by the Developer is in the best interests of the City and, therefore, it is willing to defer the charges if doing so will facilitate the development and viability of the Improvements.

NOW, THEREFORE, in consideration of the premises and the mutual obligations of the parties hereto, each of them does hereby covenant and agree with the other as follows:

ARTICLE I
Definitions

Section 1.1. Definitions. In this Agreement, unless a different meaning clearly appears from the context:

"Agreement" means this Agreement, as the same may be from time to time modified, amended, or supplemented.

"City" means the City of Isanti, Minnesota, its successors and assigns.

"County" means Isanti County, Minnesota.

"Deferred Charges" means the utility charges described in Section 3.1 of this Agreement being deferred by the City and which the Developer is obligated to pay in accordance with this Agreement.

"Developer" means _____, a _____, its successors and assigns.

"Event of Default" means an action by the Developer listed in Article IV of this Agreement.

"Improvements" means the _____ to be constructed by the Developer on the Property.

"Property" means the real property described on the attached Schedule A to this Agreement.

"State" means the State of Minnesota.

ARTICLE II
Representations

Section 2.1. Representations by the City. The City makes the following representations as the basis for the undertaking on its part herein contained:

(a) The City is a statutory city duly organized and existing under the laws of the State. Under State law, the City has the power to enter into this Agreement and to perform its obligations hereunder.

Section 2.2. Representations by the Developer. The Developer represents that:

(a) The Developer is a _____ duly organized and authorized to transact business in the State, is not in violation of any provisions of its Bylaws or the laws of the State, has power to enter into this Agreement and has duly authorized the execution, delivery and performance of this Agreement by proper action of its _____.

ARTICLE III
Deferred Charges, Payment and Security

Section 3.1. Deferred Charges. The Developer owes to the City the sum of **$ (Insert Current Rate)** in deferred utility charges ("Deferred Charges"). The Deferred Charges consist of **$(Insert Current Rate)** in Water Availability Charges and **$(Insert Current Rate)** in Sewer Availability Charges. The City has agreed to defer the payment of the Deferred Charges as described in this Agreement.

Section 3.2. Payment of the Deferred Charges. The Developer covenants and agrees that it will pay the Deferred Charges to the City on the earliest to occur of the following:

(a) on the date that is one hundred and twenty (120) days after the date of this Agreement;

(b) on the date that the Developer sells or transfers the Property or Improvements, or any portion thereof; or

(c) on the date that the City issues a certificate of occupancy for the Improvements.

Interest shall accrue on the Deferred Charges at the rate of zero percent (0%) from the date hereof and continuing until the Deferred Charges and all accrued interest have been paid in full.

Section 3.3. Payment of Costs.

(a) The Developer shall pay all costs for title work and recording of this Agreement.

(b) The Developer shall pay all costs incurred by the City in connection with the preparation and implementation of this Agreement and related documents, including, without limitation, fees of attorneys related the preparation of this Agreement and related documents, if the Developer fails to complete construction of the Improvements within one hundred and twenty (120) days after the date of this Agreement.

Section 3.4 Security. As security for Developer's obligation of repayment of the Deferred Charges and Costs identified in Sections 3.1 and 3.3, Developer hereby grants and the City shall and hereby does have, a lien on the Property in the full amount necessary to satisfy any repayment obligation of the fees and charges identified in Sections 3.1 and 3.3 under this Agreement and the cost including reasonable attorney's fees, of collecting the same.

Section 3.5 Notice. At least 10 days before the date of any sale, cash out refinance, transfer or other conveyance of the Property or, in the event of a sale by contract for deed, Developer or their heirs, executors or representatives, shall give the City notice thereof.

Section 3.6 Mortgage. To secure any such repayment of the Deferred Charges under Section 3.1 and 3.3 as may become due under the provisions of this Article, the Developer hereby

grants to the City a Statutory Short Form Mortgage pursuant to the provisions of Minnesota Statutes Section 507.15 (2016) as follows:

UNIFORM SHORT FORM MORTGAGE

This statutory mortgage, made this ___ day of _____, 2018 between the City of Isanti, a Minnesota Municipal having its principal office at 110 First Avenue N.W. PO Box 428, Isanti, Minnesota 55040 (the "Mortgagor"), and (give name and address having its principal office at _____) (the "Mortgagee"),

Witnesseth, that to secure the payment of the Deferred Charges by the Mortgagee to the Mortgagor of $_____ as described in Article 3 of this Agreement (the "Indebtedness") the Mortgagor, hereby mortgages to the mortgagee and grants a security interest in the real property located at _____, in the City of Isanti, Isanti County, Minnesota, as legally described and set forth in "Schedule A" attached hereto and made a part hereof ("Property"), subject only to any liens or encumbrances of record thereon as of the date hereof.

And Mortgagor agrees and covenants with the Mortgagee the following statutory covenants;

1. To warrant the title to the Property, subject only to prior encumbrances of record as of the date hereof.
2. To pay the indebtedness as herein provided.
3. To pay all taxes.
4. To keep the buildings located on the Property insured against fire, windstorm and extended coverage for their full insurable value for the protection of the Mortgagee.
5. That the Property shall be kept in repair and no waste shall be committed.
6. That the whole of the principal sum shall become due after default, in the payment of any installment of principal or interest, or of any tax, or in the performance of any other covenant, at the option of the Mortgagee.

If default be made in any payment or covenant herein, the mortgagee shall have the statutory power of sale, and on foreclosure may retain statutory costs and attorney's fees.

Section 3.7. In the event Mortgagor or their heirs, executors or representatives shall fail or refuse to make a required repayment of the Indebtedness within the limited period set forth herein, the Mortgagee may, with or without notice to Mortgagor foreclose said lien in the same manner as provided pursuant an action for the foreclosure of mortgage upon said Property, as by statute provided, or may at its option proceed with foreclosure by advertisement pursuant to the statutory power of sale which the Mortgagor grants to the Mortgagee provided under this Mortgage, in accordance with applicable law. In the event of default by Mortgagor on any of Mortgagor's obligations under the terms of this Mortgage, Mortgagee shall also have the right to pursue any remedy available to it at law or in equity.

ARTICLE IV
Events of Default

Section 4.1. Events of Default Defined. The following shall be "Events of Default" under this Agreement and the term "Event of Default" shall mean, whenever it is used in this Agreement (unless the context otherwise provides), any one or more of the following events:

(a) Failure by the Developer to pay when due any payments required to be paid under this Agreement.

(b) The Developer of the following: (i) file any petition in bankruptcy or for any reorganization, arrangement, composition, readjustment, liquidation, dissolution, or similar relief under United States Bankruptcy Laws or any similar Federal or State Laws; or (ii) make an assignment for the benefit of its creditors; or (iii) admits, in writing, its inability to pay its debts generally as they become due; or (iv) be adjudicated, bankrupt or insolvent.

Section 4.2. City's Remedies on Default. Whenever any Event of Default by Developer referred to in Section 4.1 of this Agreement occurs, the City may take any one or more of the following actions after providing ten (10) days written notice to the Developer of the Event of Default, but only if the Event of Default has not been cured within said ten (10) days:

(a) Declare the entire outstanding balance of the Deferred Charges immediately due and payable;

(b) Terminate this Agreement;

(c) Deny issuance of certificates of occupancy or temporary certificates of occupancy;

(c) Take whatever action, including legal, equitable or administrative action, which may appear necessary or desirable to the City to collect any payments due under this Agreement, or to enforce performance and observance of any obligation, agreement, or covenant of the Developer under this Agreement, including the remedies provided under Article 3.

Section 4.3. No Remedy Exclusive. No remedy herein conferred upon or reserved to the City or Developer is intended to be exclusive of any other available remedy or remedies, but each and every such remedy shall be cumulative and shall be in addition to every other remedy given under this Agreement or now or hereafter existing at law or in equity or by statute. No delay or omission to exercise any right or power accruing upon any default shall impair any such right or power or shall be construed to be a waiver thereof, but any such right and power may be exercised from time to time and as often as may be deemed expedient. In order to entitle the City or the Developer to exercise any remedy reserved to it, it shall not be necessary to give notice, other than such notice as may be required in this Article IV.

Section 4.4. No Additional Waiver Implied by One Waiver. In the event any agreement contained in this Agreement should be breached by either party and thereafter waived by the other

party, such waiver shall be limited to the particular breach so waived and shall not be deemed to waive any other concurrent, previous or subsequent breach hereunder.

Section 4.5. Costs of Enforcement. Whenever any Event of Default occurs and the City shall employ attorneys or incur other expenses for the collection of payments due or to become due or for the enforcement of performance or observance of any obligation or agreement on the part of the Developer under this Agreement, the Developer agrees that it shall, within ten (10) days of written demand by the City, pay to the City the reasonable fees of such attorneys and such other expenses so incurred by the City.

Section 4.6. Certificate of Occupancy. The City may deny a certificate of occupancy or temporary certificate of occupancy for the Property until all amounts owed to the City under the terms of this Agreement have been paid by Developer.

ARTICLE V
Additional Provisions

Section 5.1. Representatives Not Individually Liable. No member, official, or employee of the City shall be personally liable to the Developer, or any successor in interest, in the event of any default or breach or for any amount which may become due to Developer or successor in interest or on any obligations under the terms of this Agreement.

Section 5.2. Titles of Articles and Sections. Any titles of the several parts, Articles, and Sections of the Agreement are inserted for convenience of reference only and shall be disregarded in construing or interpreting any of its provisions.

Section 5.3. Notices and Demands. Except as otherwise expressly provided in this Agreement, a notice, demand, or other communication under the Agreement by either party to the other shall be sufficiently given or delivered if it is dispatched by registered or certified mail, postage prepaid, return receipt requested, or delivered personally; and

(a) in the case of the Developer, is addressed to or delivered personally to _____; and

(b) in the case of the City, is addressed to or delivered personally to the City at 110 First Avenue N.W., P.O. Box 428, Isanti, Minnesota 55040,

or at such other address with respect to either such party as that party may, from time to time, designate in writing and forward to the other as provided in this Section.

Section 5.4. Disclaimer of Relationships. The Developer acknowledges that nothing contained in this Agreement nor any act by the City or the Developer shall be deemed or construed by the Developer or by any third person to create any relationship of third-party beneficiary, principal and agent, limited or general partner, or joint venture between the City and the Developer or any third party.

Section 5.5. Release. Upon payment of all fees and charges under Article III in accordance with the provisions of this Agreement, the City will furnish Developer with a Release of Mortgage for the Property within a reasonable period of time following the request. Developer shall be responsible for recording the Release of Mortgage.

Section 5.6. Modifications. This Agreement may be modified solely through written amendments hereto executed by the Developer and the City.

Section 5.7. Counterparts. This Agreement may be executed in any number of counterparts, each of which shall constitute one and the same instrument.

Section 5.8. Judicial Interpretation. Should any provision of this Agreement require judicial interpretation, the court interpreting or construing the same shall not apply a presumption that the terms hereof shall be more strictly construed against one party by reason of the rule of construction that a document is to be construed more strictly against the party who itself or through its agent or attorney prepared the same, it being agreed that the agents and attorneys of both parties have participated in the preparation hereof.

Section 5.9. Run with the Land. This Agreement may be recorded against the Property and shall run with the aforesaid Property and shall inure to the benefit of and be binding upon the parties hereto and their respective heirs, executors, representatives, successors and assigns.

IN WITNESS WHEREOF, the City has caused this Agreement to be duly executed in its name and behalf and the Developer has caused this Agreement to be duly executed in its name and behalf on or as of the date first above written.

Request for City Council Action

To: Mayor Wimmer
Members of the City Council

From: Josi Wood
Public Services Director/ Assist. City Admin.

Date: December 19, 2017

Subject: Resolution Approving Policy Stormwater Pollution Prevention & Spill Response Plan Policy

---

Background

With the Municipal Separate Storm Sewer (MS4) designation, the City was required to develop a stormwater pollution prevention plan to identify key decisions and actions to reduce illicit discharge impacts and off-site nonpoint pollution. The plan that staff has developed also meets requirements for managing spills, both hazardous and non-hazardous, to meet wellhead protection guidelines.

A full plan is attached to the Council packet and available at City Hall for review.

DOAC Committee Recommendation
The DOAC Committee meet to discuss the plan on September 7th and recommends approval as provided per the Resolution.

Request
Staff is requesting action on this item.

RESOLUTION NO. 2017

A RESOLUTION APPROVING A STORMWATER POLLUTION PREVENTION AND SPILL RESPONSE PLAN POLICY

WHEREAS, the City of Isanti has developed a Stormwater Pollution Prevention and Spill Response Plan for compliance with both Municipal Separate Storm Sewer System (MS4) and Well Head Protection Plan (WHPP) requirements; and,

WHEREAS, Stormwater Management Ordinance No. 670 anticipated development of a Stormwater Pollution Prevention Plan; and,

WHEREAS, the Stormwater Pollution Prevention and Spill Response Plan is in compliance with state guidelines and includes City communication plans and a stormwater complaint form;

NOW, THEREFORE, IT IS HEREBY RESOLVED by the City Council of the City of Isanti, Minnesota to adopt the policy that provides for the procedures and steps necessary for spill response as outlined in the Stormwater Pollution Prevention and Spill Response Plan.

This resolution was duly adopted by the Isanti City Council this 19th day of December, 2017.

PLAN SUMMARY

This Stormwater Pollution Prevention & Spill Response Plan is designed to give the City of Isanti a tool for managing risks to their water supply source and stormwater system following an accidental spill. This plan is a supplement to City of Isanti's Part 2 Wellhead Protection Plan, last updated in 2013, and City of Isanti's MS4 best management practice guideline.

The Wellhead Protection Plan identifies the capture zone of the City's wells and provides a vulnerability assessment for the aquifer(s) that serve these wells. The plan identifies a Drinking Water Supply Management Area (DWSMA), where management of spills and potential contamination sources is most vital towards protecting the aquifers that serve City of Isanti wells. Maps of the DWSMA are provided in the Figures section.

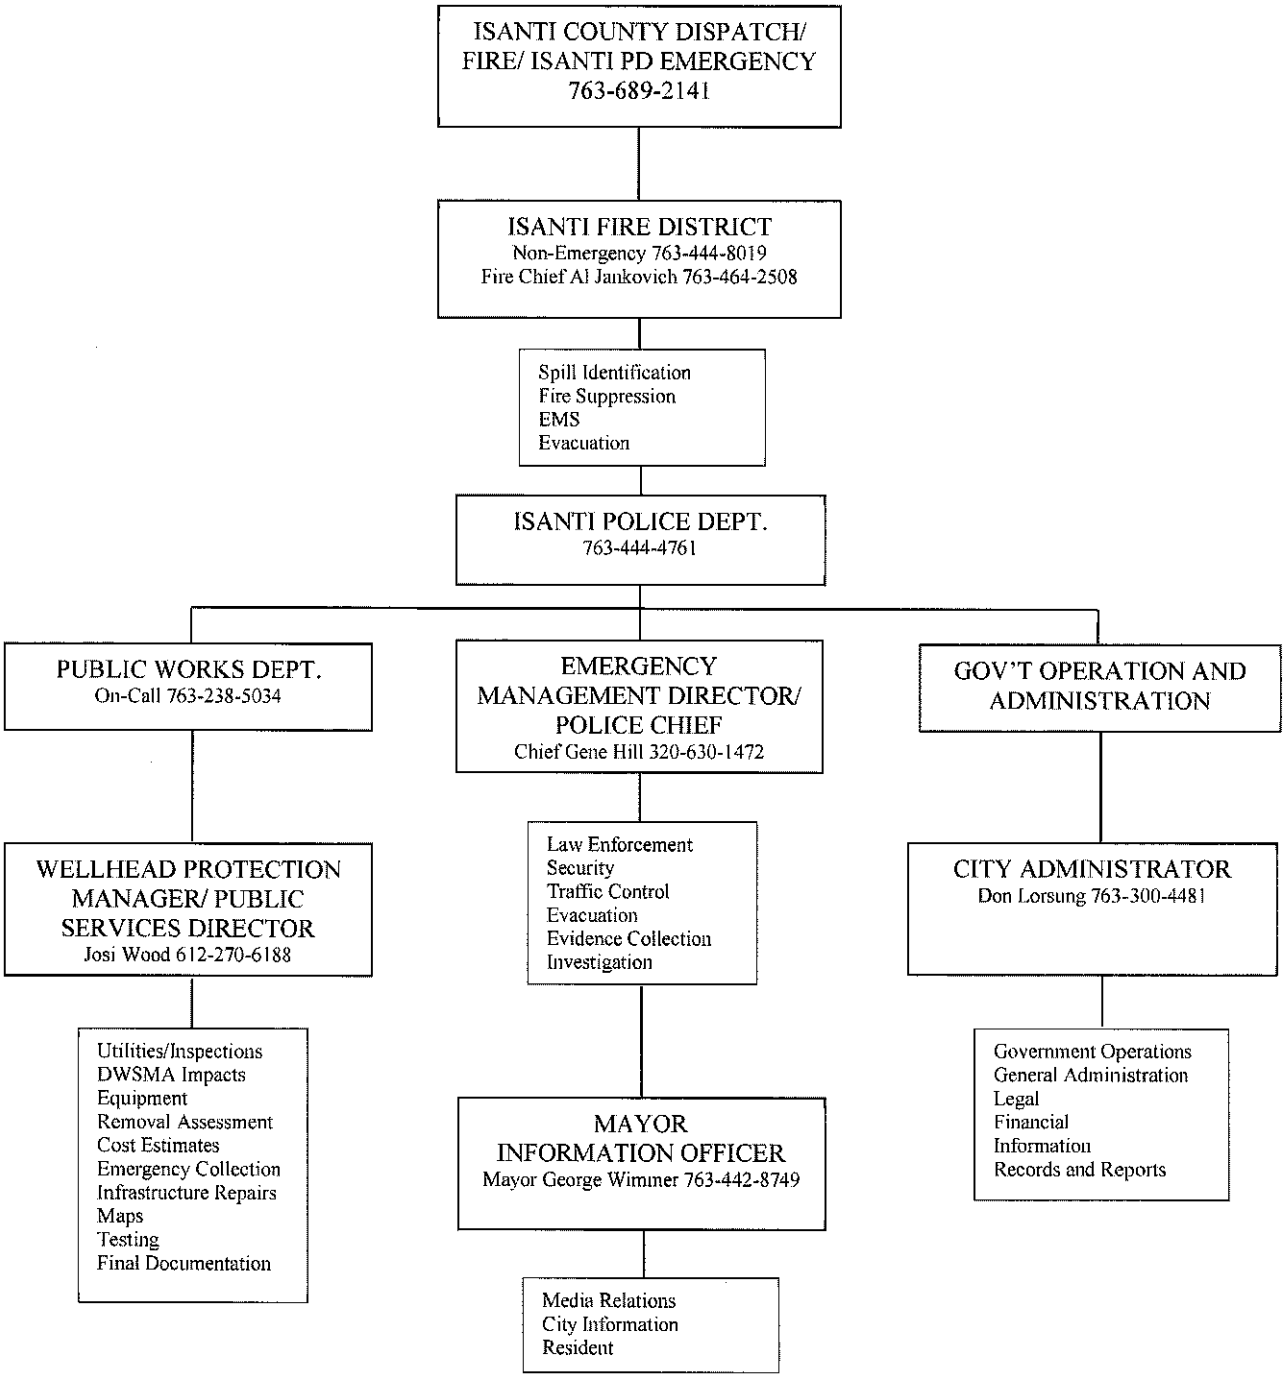
The Stormwater Pollution Prevention & Spill Response Plan is focused on protecting the wells and aquifer(s) that serve City of Isanti's water supply system. It is a tool meant to raise awareness of issues that could impact water supply quality, so those issues are not forgotten amid the activity surrounding a spill event. It is **NOT** meant to be the overall guiding document for emergency management teams to manage public safety or to clean up the spill. Those efforts are to be undertaken by trained teams who should already be prepared in handling and working with hazardous (and toxic) chemicals and substances. Untrained staff should not attempt to approach a spill that could either be hazardous or pose a toxic exposure risk. Only trained emergency management teams should approach the spill until it has been determined that any imminent dangers to health and safety have been controlled and minimized.

While several of the decisions and action items in this plan will be handled by emergency management teams and State agencies, it is the responsibility of the City of Isanti to oversee decisions/actions that will directly impact the protection of the water supply system and stormwater system. This plan is designed to aid City of Isanti staff in documenting decisions and actions that are taken after a spill is identified. Key considerations for protecting public water supply wells are identified, so that these elements are included in the decision- making process that occurs during an emergency event.

COMMUNICATION & RESPONSIBILITY FLOW CHART

The following communication and responsibility flow chart provides a detailed outline of which emergency management team will identify the spill. It is also a tool to provide guidance to inform other emergency management teams and City departments of an event and that the proper course of action and documentation take place. The chart identifies the roles and responsibilities each department has in the event of a spill in order to provide the necessary corrective action and protection of the City's water supply and stormwater system.

CITY OF ISANTI COMMUNICATION & RESPONSIBILITY – FLOW CHART



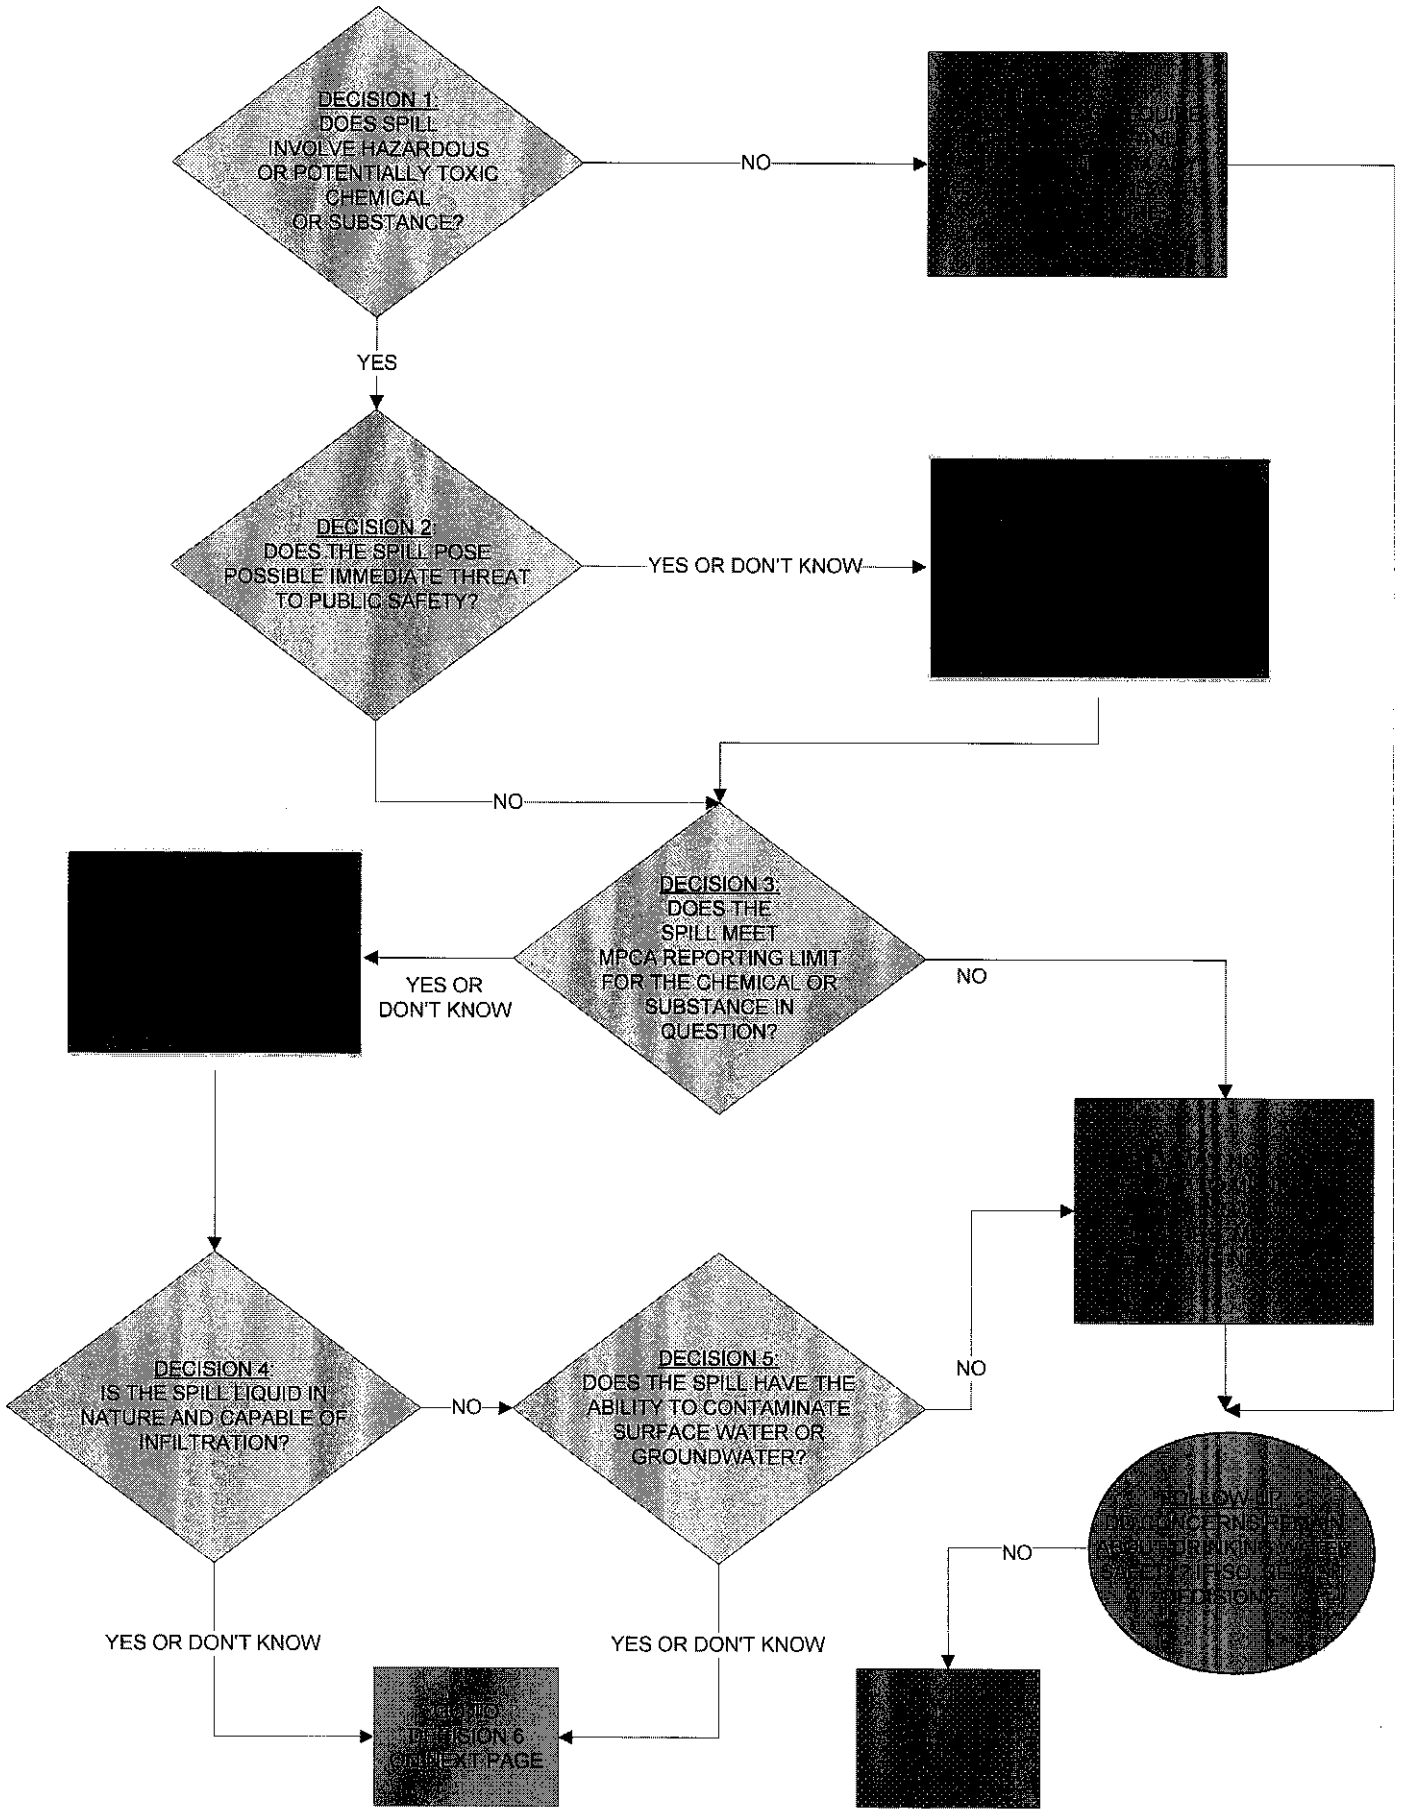
SPILL RESPONSE FLOW CHART

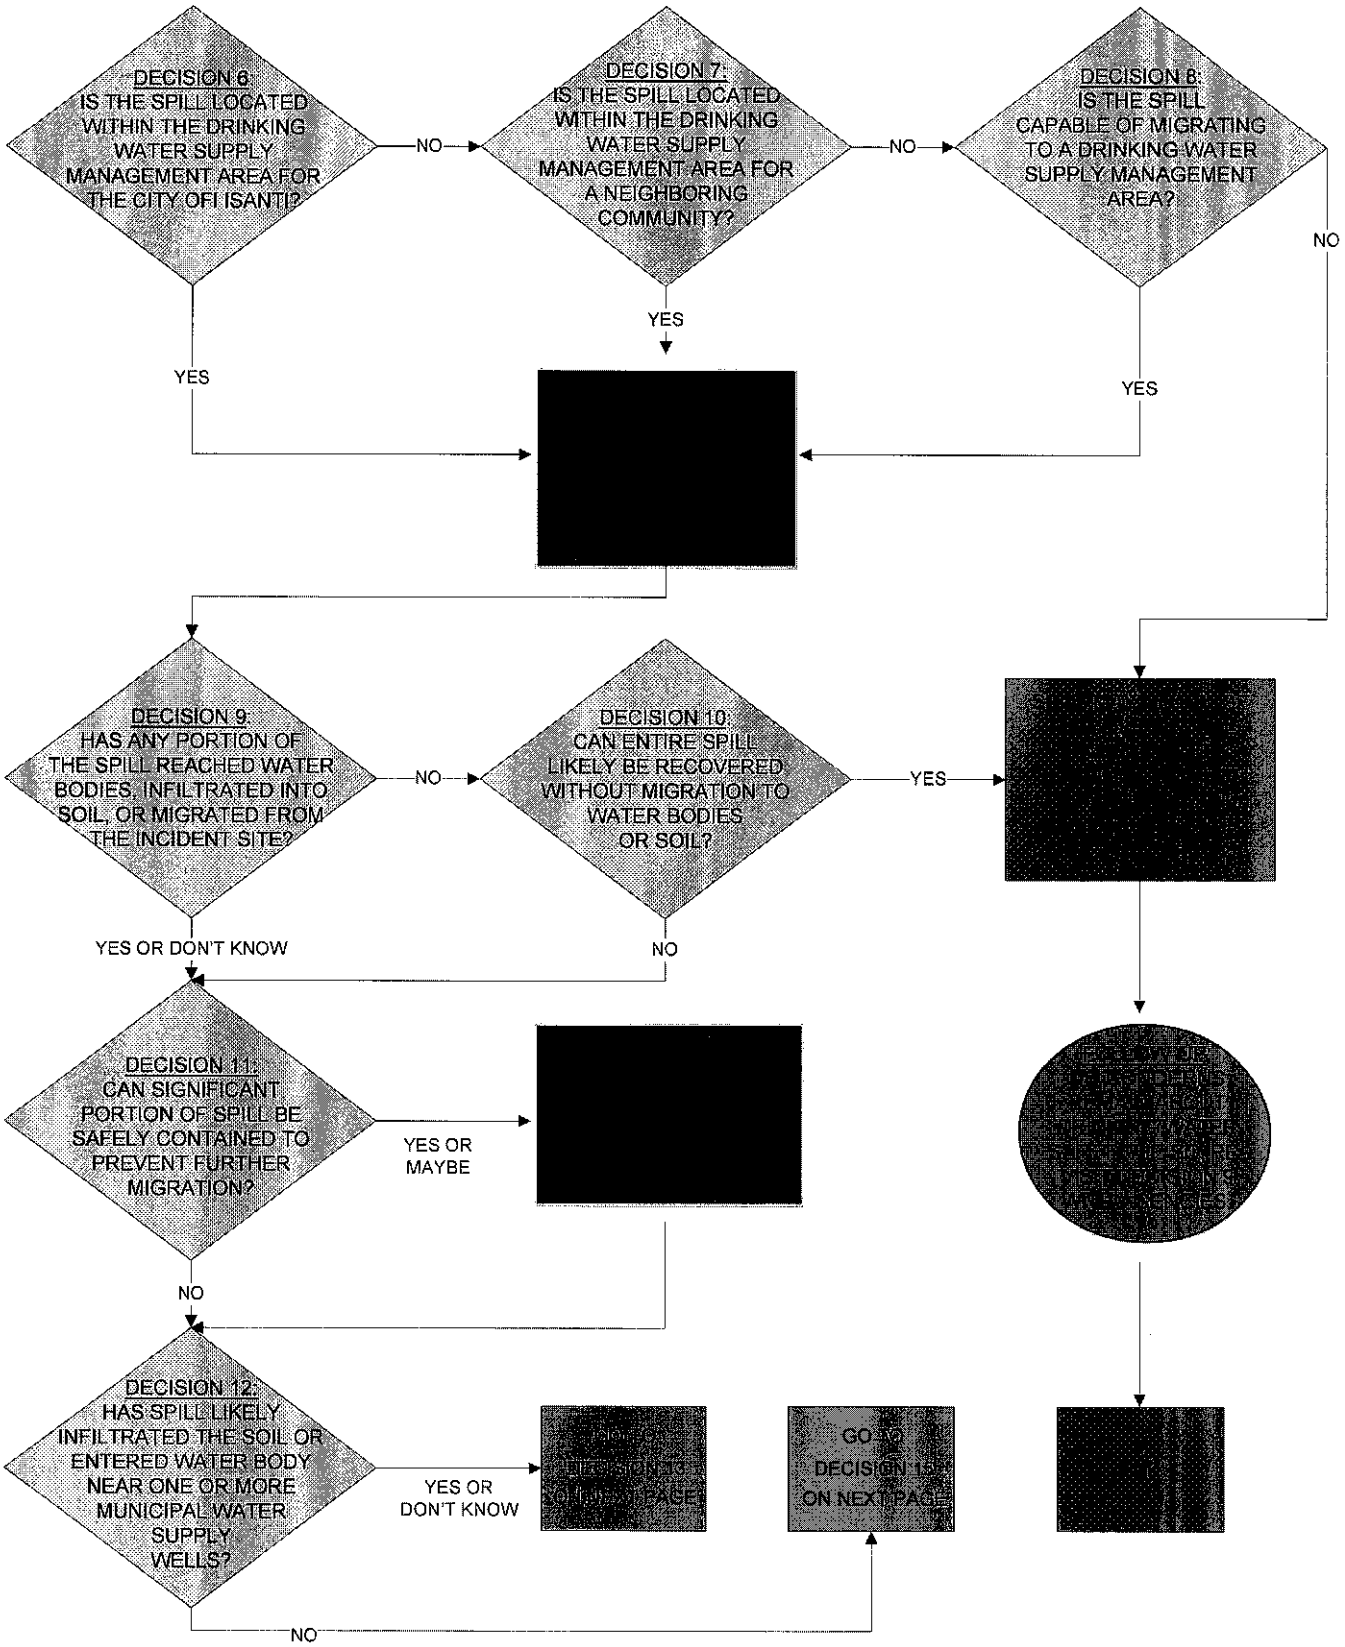
The following flow chart provides a step-by-step summary of key decisions and action items that must be considered when protecting the public water supply wells during a spill event. The items are presented in roughly the same order they should be considered when addressing a spill. The flow chart may not address all possible scenarios, however, since each spill event can pose unique challenges.

When a spill is first discovered, a staff member (or members) from the City of Isanti should be assigned the task of overseeing that the flow chart is followed and that key items in the decision-making process are not forgotten. This staff member has been designated as the Wellhead Protection Manager or His/Her Designee. This staff member should document the decisions and action items taken, so a complete record of activities is captured. A worksheet is provided in Appendix B for documenting the spill event.

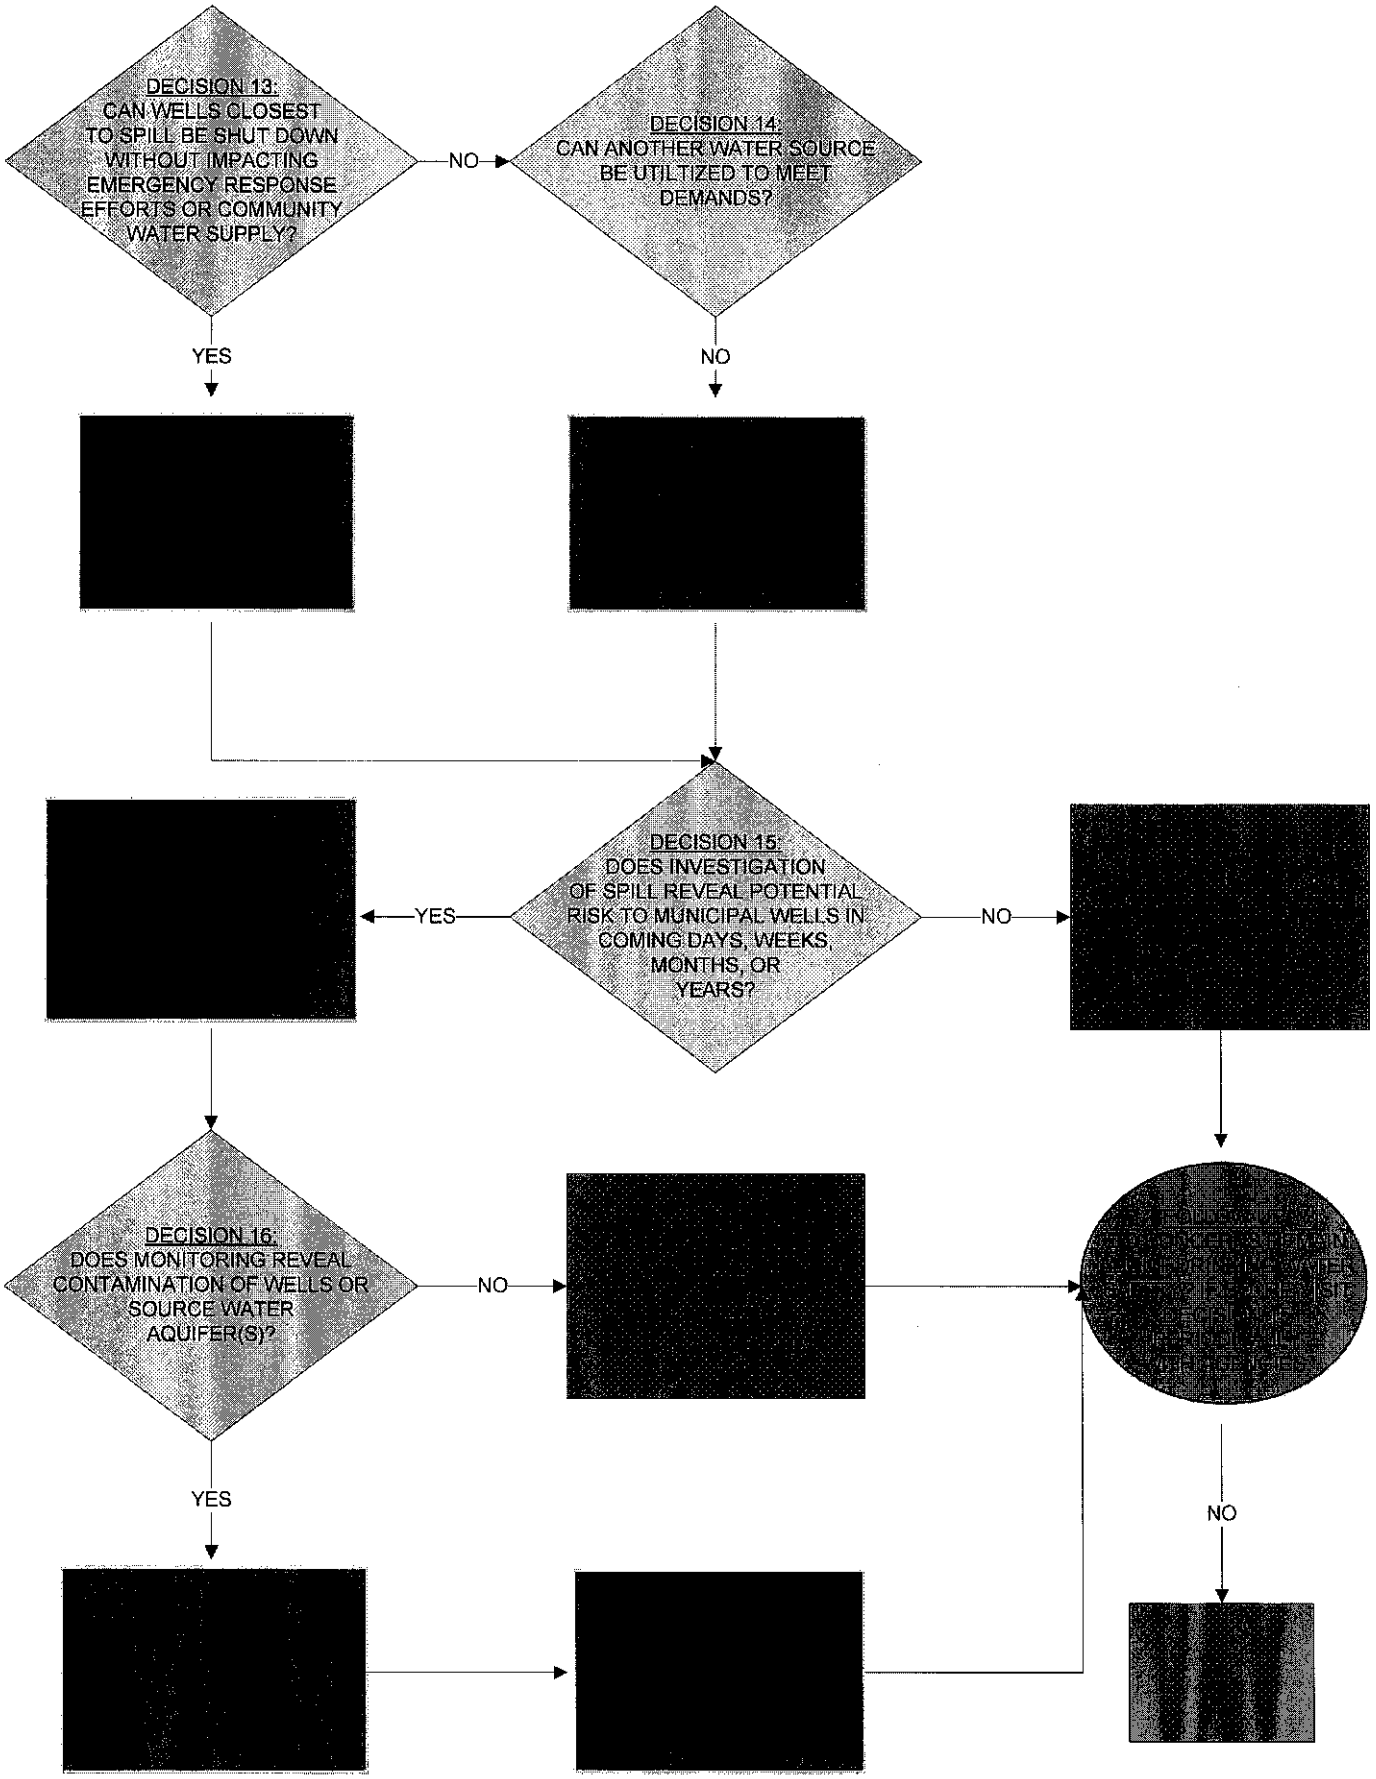
Each decision and action item is expanded upon in further detail in the subsequent sections. Note that certain decisions, especially early in a spill event, will likely be handled by emergency management teams in the interest of protecting public health and safety. However, it is expected that the City of Isanti staff person will document those decisions as part of this spill response plan, so that later decision making and action items can fully reflect what is known about the spill.

CITY OF ISANTI SPILL RESPONSE PLAN – FLOW CHART





DECISION 6:
IS THE SPILL LOCATED WITHIN THE DRINKING WATER SUPPLY MANAGEMENT AREA FOR THE CITY OF ISANTI?
NO
DECISION 7:
IS THE SPILL LOCATED WITHIN THE DRINKING WATER SUPPLY MANAGEMENT AREA FOR A NEIGHBORING COMMUNITY?
NO
DECISION 8:
IS THE SPILL CAPABLE OF MIGRATING TO A DRINKING WATER SUPPLY MANAGEMENT AREA?
NO
YES
YES
YES
DECISION 9:
HAS ANY PORTION OF THE SPILL REACHED WATER BODIES, INFILTRATED INTO SOIL, OR MIGRATED FROM THE INCIDENT SITE?
NO
DECISION 10:
CAN ENTIRE SPILL LIKELY BE RECOVERED WITHOUT MIGRATION TO WATER BODIES OR SOIL?
YES
YES OR DON'T KNOW
NO
DECISION 11:
CAN SIGNIFICANT PORTION OF SPILL BE SAFELY CONTAINED TO PREVENT FURTHER MIGRATION?
YES OR MAYBE
NO
DECISION 12:
HAS SPILL LIKELY INFILTRATED THE SOIL OR ENTERED WATER BODY NEAR ONE OR MORE MUNICIPAL WATER SUPPLY WELLS?
YES OR DON'T KNOW
GO TO DECISION 15 ON NEXT PAGE
NO



DECISION 13:
CAN WELLS CLOSEST TO SPILL BE SHUT DOWN WITHOUT IMPACTING EMERGENCY RESPONSE EFFORTS OR COMMUNITY WATER SUPPLY?
NO
DECISION 14:
CAN ANOTHER WATER SOURCE BE UTILTIZED TO MEET DEMANDS?
YES
NO
DECISION 15:
DOES INVESTIGATION OF SPILL REVEAL POTENTIAL RISK TO MUNICIPAL WELLS IN COMING DAYS, WEEKS, MONTHS, OR YEARS?
YES
NO
DECISION 16:
DOES MONITORING REVEAL CONTAMINATION OF WELLS OR SOURCE WATER AQUIFER(S)?
NO
YES
NO

DECISION ITEMS

The following decision items relate to the decisions identified on the flow chart in this plan. While many other decisions will likely need to be made during the course of a spill response event, the following decisions represent key steps towards determining the scope and extent of the spill.

DECISION 1: Does the spill involve hazardous or potentially toxic chemicals or substances?

Unless City of Isanti staff are the first to encounter a spill, it is likely this decision will have been already made by the Isanti Fire District or other emergency management team. Additionally, the responsible party for the spill may be able to identify the chemical(s) or substance(s) in question. Only trained responders should attempt to approach a spill in order to identify its contents or its hazards. If City of Isanti staff encounter a spill of unknown composition, the spill should be reported to the Isanti Fire District for investigation.

Note that most trucks carrying hazardous substances are required to carry a DOT placard identifying any potentially hazardous or toxic contents. If the placard can be read from a safe distance (using binoculars), it may be possible to identify the likely contents of the spill by cross-referencing the placard with the DOT guide.

In the event the spill is determined to be completely non-hazardous or non-toxic (e.g. a truck full of watermelons), no further measures may be required by City staff. However, the spill may still need to be reported, since certain products that are non-hazardous to human health (for example: milk) may still pose an environmental hazard.

DECISION 2: Does the spill pose possible immediate threat to public safety?

Like Decision 1, this decision will most likely be made by local emergency management teams. All spills should be treated as hazardous and toxic until it can be proven otherwise. Hazards may include risk of fire, explosion, burns (acid or base), inhalation, or toxic exposure. Emergency management teams should identify these risks and determine appropriate isolation distances for the general public.

DECISION 3: Does the spill meet the MPCA reporting limits for the chemical or substance in question?

The volume of the spill may dictate whether it is a reportable spill. Petroleum products have a 5-gallon threshold for reporting. Any spill of petroleum equal to or greater than 5 gallons must be reported. There is no threshold for other hazardous chemicals. Any non- petroleum spills should be reported. If there is any doubt, the spill should be reported.

The MPCA requires that spills be reported if they "may cause pollution, such as spills of toxic, flammable, corrosive, and dangerous industrial chemicals." The MPCA also requires the reporting of spills of "environmentally damaging materials including milk, coal, animal parts, batteries, etc."
The spill volume should be estimated, as close as possible, to the nearest gallon. Determining the volume of the spill is vital towards estimating the potential impact to the environment. Also, by knowing the volume of the spill, it is possible to determine what percentage of the spilled material is being recovered once cleanup efforts are

underway. Alternately, it helps determine what volume of the spill material remains in the environment once the cleanup has been completed to its practical limit.

DECISION 4: Is the spill liquid in nature and capable of infiltration into soils?

This decision takes into account the ability of the spilled product to either migrate off site or infiltrate into soils, where it may eventually reach groundwater and/or surface water bodies. If the spilled material is solid or gaseous in nature, it may not necessarily be able to contaminate water bodies. Decision 5 takes this into account.

DECISION 5: Does the spill have the ability to contaminate surface water or groundwater?

If the spill is solid or gaseous in nature, one must consider whether it can still contaminate local water bodies or soils. For example, a solid material that is spilled may be water soluble. A rain storm during (or immediately after) the spill could cause the material to transported off site (or infiltrated) as stormwater runoff.

To assess the potential for contaminating water bodies, City of Isanti staff should work closely with state agencies (MDH and MPCA) to determine what risk the spilled material poses. If state agency staff are unavailable to assess the risk immediately after the spill occurs, it should be assumed that all spills are water soluble and pose a threat to water bodies until it can be proven otherwise.

DECISION 6: Is the spill located within the Drinking Water Supply Management Area for the City of Isanti?

The City of Isanti's Wellhead Protection Plan has delineated a Drinking Water Supply Management Area (DWSMA), which identifies the 10-year capture zones for the water supply wells. Any contamination event within this zone has the potential to contaminate one or more municipal wells within a 10-year time frame. The actual time frame that contamination might occur may be considerably less than 10-years depending on the composition of the geology and the depth to bedrock at the site of the spill. Also, a surface water capture zone is delineated, showing the area where stormwater drains towards the Utilities' most vulnerable water supply wells. Contamination within this area has the possibility of contaminating the aquifer(s) that supplies these wells.

Figure 1 shows the extent of the City of Isanti's DWSMA. The figure also identifies the Emergency Response Areas around the wells, where the capture zone is thought to be less than one year. Spills within these areas take the highest priority for investigation and cleanup.

DECISION 7: Is the spill located within the Drinking Water Supply Management Area for a neighboring community?

In addition to the City of Isanti's DWSMA, there may be delineated DWSMA's for surrounding communities that could be impacted by a spill event. If a spill falls within one of these DWSMAs for surrounding communities, that community's wellhead protection team should be notified.

DECISION 8: Is the spill capable of migrating to a Drinking Water Supply Management Area?

If a spill falls outside of a delineated wellhead protection DWSMA, it may still have the ability to migrate to the DWSMA. Also, since the DWSMA delineates a 10-year capture zone only, a spill may still technically fall within a well's overall capture zone even if it is located outside of the DWSMA. Additionally, infiltration pathways through the bedrock is, at best, speculative. A fracture within a bedrock unit may quickly channel a contaminate that spilled outside the DWSMA to an area within the DWSMA.

Maps of surface water drainage and storm sewers will be vital in helping to determine the potential pathways for migration of contaminants. Overview maps of storm sewers and surface water drainage are provided as Figures in this plan.

DECISION 9: Has any portion of the spill reached water bodies, infiltrated into soil, or migrated from the incident site?

This decision helps to determine how much of the spill has been contained at the incident site. Conversely, it helps to identify how much of the spill has already escaped the site of the original incident and/or has already impacted local water bodies. Spills that have reached water bodies or have started to infiltrate pose a much greater risk to the municipal water supply system than spills that remain in situ at the incident site.

Maps of surface water drainage and storm sewers will be vital in helping to determine the potential pathways for migration of contaminants. Overview maps of storm sewers and surface water drainage are provided as Figure 2 in this plan.

DECISION 10: Can the entire spill likely be recovered without migration to water bodies or infiltration to the soil?

If the spill has not migrated from the incident site or impacted water bodies, it should be determined whether the entire spill can be recovered before it has the ability to migrate or infiltrate. In general, spill investigation/cleanup teams and state agencies will work to determine how much of the spill can be recovered and where any unrecovered portion of the spill has migrated. City of Isanti staff should take direction from these teams/agencies when attempting to determine the threat to public water supplies.

DECISION 11: Can a significant portion of the spill be safely contained to prevent further migration?

If the spill has already migrated from the incident site, the decision must then be made whether the spill can be largely contained at any site or location. For example, if the spill has entered a local waterway, can containment booms be set up to capture the contaminants before they migrate further? Figure 4 displays stormwater ponds that may provide potential temporary holding areas for a spill that has already entered the stormwater drainage network.

If the spill has begun to infiltrate into the soil, can the affected soils be excavated and treated before groundwater is impacted? Like Decision 10, this decision will most likely be made by the spill cleanup team and the state agencies involved. City of Isanti staff should stay in communication with these entities to determine if the spill can be contained from spreading further.

DECISION 12: Has the spill likely infiltrated into the soil or entered a water body (or bodies) near one or more municipal water supply wells?

The proximity of the spill, or contamination that has migrated from the spill site, to the one or more municipal water supply wells determines the level of threat to the water supply well. If the contamination has impacted areas that fall within the Emergency Response Areas identified in Figure 1, then it should be assumed that the threat to the well is elevated and that emergency measures may be needed to shut down the well to prevent pulling contaminated water into the water distribution system.

Spills just outside the Emergency Response Areas may need further investigation to determine if they pose an imminent threat to the water supply wells. This investigation may include soil sampling, drilling, monitoring wells, and/or computer groundwater modeling.

The MN Department of Health will assist City of Isanti staff in assessing the level of threat the spill poses to the wells closest to the spill site.

DECISION 13: Can the wells closest to the spill be shut down without impacting emergency response efforts or community water supply?

If it has been determined that the wells closest to the spill are in imminent danger of being contaminated, shutting down these wells will be necessary to prevent pumping contaminated water into the distribution system.

Before shutting down the wells, the first consideration is whether current water demands exceed the capacity of the system when the wells are shut off. This may be the result of the need for additional water to address an emergency situation (e.g. fighting a fire) or increased demand due to seasonal conditions (summer months, dry weather, etc.).

Immediate public safety takes precedence in a situation where the water is needed to address an emergency situation.

DECISION 14: Can another water source be utilized to meet demands?

In the event that water demands exceed the capacity of the system when the wells closest to the spill are shut down, it should be determined if another water source can be utilized to meet demands. The City of Isanti should enact their emergency response water restrictions also during this time.

DECISION 15: Does the investigation of the spill reveal potential risks to the municipal water supply wells in the coming days, weeks, months, or years?

Once more information is known about how rapidly the spill is migrating and/or infiltrating, City of Isanti staff will need to work closely with State agency staff to determine the level of threat to the municipal water supply wells. Computer modeling and/or groundwater monitoring may be needed to predict the time frame at which one could expect the aquifer(s) or well(s) to become contaminated. Additionally, modeling and monitoring may also indicate that very little threat exists to the wells if it appears the contamination is either being contained or recovered.

DECISION 16: Does monitoring of the spill reveal contamination in the water supply wells or the source water aquifer(s)?

In the weeks, months, or years following a spill event, it is possible that long-term monitoring of the public water supply well(s) and/or the source water aquifer(s) will reveal that contamination has impacted (or will impact) City of Isanti's source water supply. Key indicators to gauge the severity of the contamination include:

1. Composition of detected contaminants.
2. Concentrations of detected contaminants.
3. Trends in concentrations of contaminants.
4. Rate of migration of detected contaminants.

ACTION ITEMS

The following action items relate to the actions identified on the flow chart in this plan. While many other actions will likely need to be made during the course of a spill response event, the following actions represent key steps towards addressing the spill and investigating (and minimizing) its impact on the City of Isanti's water supply system.

ACTION 1: **Isolate public from immediate hazards.**

The immediate public safety of residents takes precedence over spill cleanup or pollution investigation activities. With hazardous or toxic spills, isolating the public from the spill site (and any migrating contamination, including vapors) is the top priority. This action item is to be undertaken and overseen by local emergency management teams, who are already trained in these procedures. City of Isanti staff should follow the City's Emergency Operations Procedures and should only enter into situations they are adequately trained (and qualified) to handle.

Emergency management teams must make the determination when the immediate threat from the spill has been sufficiently reduced or eliminated. Until they make this determination, all spills should continue to be treated as hazardous/toxic.

ACTION 2: **Report spill to state duty officer.**

Timely reporting of the spill is required to active appropriate state agency staff to assist in the spill investigation and cleanup. The spill must be reported to the Minnesota Duty Officer, who is available 24-hours a day to collect reports.

MINNESOTA DUTY OFFICER: **(651) 649-5451**
(800) 422-0798

When a spill is reported, the Minnesota Duty Office will ask for the following information, if it is available:

- Materials and quantity involved in incident
- Incident location (physical address, intersection, etc.)
- Responsible party of incident (property/business owner)
- Telephone number of responsible party
- Any surface waters or sewers impacted
- What has happened and present situation

EVERY person (or organization) who has "any substance or material under its control" must report spills and leaks. This includes:

- Property owners who discover contamination
- Individuals, partnerships, companies, and corporations
- Governmental subdivisions, including offices of these entities
- Owners of substances being stored or transported by another company
- Contractors who are in physical control of a discharged substance

Local fire agencies, police, municipal, or state agency staff may also choose to report a spill, even under circumstances where they may not be required to do so. If the spill occurs on City property, then City staff should consider themselves obligated to report the spill. Even if City of Isanti staff are not obligated to report a spill, it is recommended that they do so if there is any doubt about whether the spill has already been reported. If there is any doubt whatsoever, report the spill.

In no circumstance does a report from someone else stand in lieu of a responsible party's obligation to report the spill. Failure to promptly report the spill may result in penalties up to $10,000 per day that the spill goes unreported.

ACTION 3: Report spill proximity to DWSMA to affected wellhead protection plan manager(s) and appropriate agency staff.

If a spill is determined to fall within or near a designated Drinking Water Supply Management Area (DWSMA), or has the ability to migrate to a designated DWSMA, the Wellhead Protection Manager for the affected DWSMA should be contacted. The designated Wellhead Protection Manager for the City of Isanti is:

Public Services Director
City Hall: 763-444-5512
Public Works: 763-444-0459

Also, while reporting the spill to the Minnesota Duty Officer should activate appropriate staff at the Minnesota Department of Health (MDH) and the Minnesota Pollution Control Agency (MPCA), it is a good practice to notify the key departments in these agencies of the potential impact of the spill on the designated wellhead protection DWSMAs. Staff to be contacted should include:

MDH Source Water Protection Unit:	(651) 201-4700
MDH Hydrologist, Craig Wills:	(763) 689-7100
MDH Community Public Water Supply, Lucas Martin:	(651) 201-4144
MDH District Engineer:	(651) 201-3972
MPCA Wellhead Protection Contact, Steven Thompson:	(651) 757-2778

ACTION 4: Identify possible points of containment. Enact appropriate containment measures, if they can be done safely.

Points of containment for a spill may include:

- Impervious surfaces
- Sewers inlets or outlets
- Waterways
- Pond inlets or outlets

Considerations that must be made before enacting a spill containment measure:

- What materials will be needed to contain the spill?
- Are the containment materials ready and available?
- Can a significant portion of the spill be successfully contained?
- How long can the spill be contained?
- Will containment hold the spill until the product can be recovered?
- Will containment cause an additional hazard, such as flooding or the buildup of hazardous vapors and/or flammable materials?

If it is believed that a significant portion of the spill can be successfully contained without creating new hazards, emergency response teams and contractors should work to enact the necessary spill containment measures.

It is possible that City of Isanti staff may be called upon to assist in helping to contain the spill. However, staff assisting in these efforts should not attempt to work in hazardous situations for which they are neither trained or qualified to assist. If there is any doubt about the hazards involved, spill containment should be left to emergency response teams and qualified contractors.

ACTION 5: **Shut down wells closest to spill until further investigation can be completed.**

When water demands no longer necessitate the use of the wells closest to the spill, these wells should be shut down in order to avoid drawing contamination into the aquifer or accelerating the migration of contamination already within the aquifer. The subsequent investigation of the spill volume and extent will be needed to determine when the wells may go back online.

Careful monitoring of water supply demands may be required while these wells are out of service. If demands will exceed the available remaining capacity, these demands should be minimized as much as possible through emergency conservation efforts. High water demands during emergencies (such as fires) may necessitate temporary re-activation of the wells that were shut down. In these cases, City of Isanti staff should attempt to sample the wells while they are back in operation to ensure that harmful concentrations of contaminants are not being introduced into the drinking water system.

ACTION 6: **Begin to enact emergency water conservation measure to reduce demand. Then shut down wells closest to spill when possible.**

The City of Isanti's Water Supply Plan on file with the Department of Natural Resources identifies procedures for placing restrictions on water usage during an emergency. This plan should be followed in order to reduce water supply demands to the level where the wells closest to the spill can be safely shut down. These restrictions may need to be in place until the investigation demonstrates that it is safe to reactivate the wells or until another source of water can be found to supplement the water supply system (e.g. interconnections, new wells, etc.).

ACTION 7: **Establish aquifer monitoring plan and well sampling strategy with MDH and MPCA. Educate public regarding cleanup and monitoring efforts.**

Once the threat of the spill to the groundwater has been initially assessed, it may be determined that there is a possibility of contaminants reaching the municipal water supply wells over time.

While the MPCA will likely work with the responsible party to mandate monitoring of the contamination plume in groundwater, the MDH may also place requirement on the City to increase well sampling frequency (and include more parameters in the sampling regime) to monitor for signs that the contamination is starting to show up in the wells. Additionally, sentinel monitoring wells may be installed to detect contaminants in the water supply aquifer before they reach the municipal water supply wells.

In the event a monitoring and sampling plan is developed by the MDH for City staff to follow, it should include an identification of the following:

- Sampling locations
- Sampling frequency
- Parameters to be tested for
- Trigger limits for well shutdown (or treatment)
- Duration of sampling program

In addition to the monitoring program, the City will also likely need to implement a public education effort. The effort will be needed to reassure the users of the water supply system that their water meets all necessary State and Federal drinking water standards, and that ongoing monitoring is taking place to ensure that the water supply remains safe for consumption.

ACTION 8: **Study options for water treatment, water blending, or well replacement. Monitor the migration (and concentration) of contamination plume.**

In the event that contamination reaches the water supply wells, or if it appears that it will reach the wells in the foreseeable future, the City will need to undertake a study to determine the available options to address the contamination. The goal of this effort should be to maintain compliance with drinking water standards, while maintaining (or restoring) the capacity of the water supply system to levels necessary to meet user demands (including maximum daily demands).

Three main options will likely need to be considered:

1. Water Treatment: This option involves building a treatment facility or improving the current facility to remove the contaminants from the water to meet drinking water standards.

2. Water Blending: If contamination levels are low enough, it may be possible to blend water from contaminated wells with water from non-contaminated wells to achieve a blend that meets drinking water standards.

3. Well Replacement: If neither treatment nor blending are viable or economic options, the contaminated wells may need to be replaced with new water supply wells. The new wells may need to be either located in a new location or in a different aquifer.

All options will also likely require continued monitoring of the contamination plume to record contamination concentrations and plume migration. This data may be vital in maintaining and operating a treatment or blending system. Also, it will help determine if additional wells may be subject to contamination over the coming years.

ACTION 9: **Enact any necessary modifications to the water supply system to restore system capacity.**

Once the City has determined which option(s) for addressing contamination are the

most viable to undertake, the next step will be to enact any necessary modifications to the water supply system. Before undertaking these efforts, however, the City should work with State and Federal agencies to determine if grant money or financial assistance is available. This may help reduce the burden to the City's budget, in the event major modifications are required.

POST- SPILL REVIEW

Following each spill event, a review of the spill events, decisions, and actions should be conducted. This review should, if possible include all parties that participated in the spill response and cleanup effort. At a minimum, the review should include City of Isanti staff who were in charge of helping to protect the water supply system during the course of the spill response efforts.

The goals of this review should be:

1. Identify successes in responding to the spill.

   In what ways was the City best prepared to handle the spill? What decisions/actions were key towards minimizing the impact of the spill on the environment?

2. Identify failures in responding to the spill.

   In what ways was the City not prepared to handle certain aspects of the spill? What "surprises" during the spill was the City of Isanti inadequately equipped to handle? What decisions/actions were made that were inappropriate in handling the spill response effort?

3. Identify changes to this Stormwater Pollution Prevention & Spill Response Plan.

   Based on the successes and failure in the spill response effort, how can the spill response plan be modified to improve the decision-making process? What additional information would be useful for addressing future spills? Should the organization of the decision-making process be altered? Should additional decisions and action items be added?

Based on the answers to the above review question, this Stormwater Pollution Prevention & Spill Response Plan should be modified accordingly to reflect the lessons learned during each spill event.

SPILL RESPONSE PLAN UPDATE

This Stormwater Pollution Prevention & Spill Response Plan contains information which reflects conditions present at the date of its creation. In order for the plan to remain effective, the plan should be reviewed annually and modified to reflect any of the following:

1. Contact information for key personnel has changed.
2. The boundary of the City of Isanti DWSMA has changed.
3. The boundaries of DWSMAs for neighboring communities have changed.
4. Key infrastructure (e.g. wells) for the water supply system has changed.
5. Isanti's stormwater drainage network has been modified.
6. Rules and/or regulations for spill response and reporting have been modified.
7. Deficiencies in the Stormwater Pollution Prevention & Spill Response Plan are identified in a post-spill review.

By maintaining an up-to-date version of this plan, the City of Isanti will have a more effective tool for decision-making in the event of a spill.

RECORD KEEPING

Complete and accurate record keeping throughout a spill investigation will be vital, as this information may be necessary to obtain reimbursement of expenses incurred over the course of a spill event. Also, accurate record keeping may be necessary from a legal standpoint, documenting the efforts of the City of Isanti staff to address the spill and take measures to prevent public exposure and contamination of environmental resources.

Records to keep include:

- Completed copies of this Spill DocumentationForm
- Copies of incident reports
- Copies of technical reports
- Maps showing areas affected by spill
- Correspondence with agencies, responsible parties, emergency response teams, emergency response contractors, general public, etc.
- Hours spent by City of Isanti staff on spill response effort
- City of Isanti - owned resources (equipment, materials) used for spill response effort
- Invoices from spill response contractors and consultants
- Any other materials which documents the spill response efforts taken and/or the resources expended to address the spill

APPENDIX A

MINNESOTA POLLUTION CONTROL AGENCY
FACT SHEETS

MINNESOTA DUTY OFFICER

BCA Operations Center

651-649-5451 **1-800-422-0798**

TDD: 1-800-627-3529 **Satellite Phone: 1-254-543-6490**

About the Duty Officer

The Minnesota Duty Officer Program provides a single answering point for local and state agencies to request state-level assistance for emergencies, serious accidents or incidents, or for reporting hazardous materials and petroleum spills. The duty officer is available 24 hours per day, seven days per week.

If there is an immediate threat to life or property, call 911 first.

When to Call the Duty Officer

Examples of incidents the duty officer can assist with include (but are not limited to):

- Natural disasters (tornado, fire, flood etc)
- Requests for National Guard
- Hazardous materials incidents
- Search and rescue assistance
- AMBER Alerts
- Requests for Civil Air Patrol
- Radiological incidents
- Aircraft accidents/incidents
- Pipeline leaks or breaks
- Substances released into the air

Agency Resources Available

State Agencies

- Department of Agriculture
- Department of Commerce
- Department of Education
- Department of Health
- Department of Human Services
- Department of Military Affairs
- Department of Natural Resources
- Department of Transportation
- Minnesota Office of Enterprise Technology
- Minnesota Pollution Control Agency
- Department of Public Safety
  - Bureau of Criminal Apprehension
  - Homeland Security and Emergency Management
  - Minnesota Joint Analysis Center
  - Minnesota State Patrol
  - Office of Pipeline Safety
  - State Fire Marshal
- Other state agencies not listed

Other Resources

- Minnesota Arson Hotline
- Local bomb squads
- Chemical assessment teams
- Emergency response teams
- Fire and rescue mutual aid
- Amateur radio (ARES/RACES)
- Minnesota voluntary organizations
- Fire chiefs assistance teams
- Search-and-rescue dogs
- Interagency Fire Center
- U.S. Air Force Search and Rescue Center

MINNESOTA DUTY OFFICER

BCA Operations Center

1-800-422-0798 **FAX: (651) 296-2300** **(651) 649-5451**

Satellite Phone: 1-254-543-6490

Emergency Notification

If there is a spill of a hazardous material or a petroleum product in Minnesota, you must call:

Local Authorities **Call 9-1-1 FIRST,** *when there is a threat to life or property*

Minnesota Duty Officer *If there is a public safety or environmental threat and/or if state agency notification for reportable spills is required*

The National Response Center 1-800-424-8802 *When a federal notification is required*

The following information (if available) will be requested by the Minnesota Duty Officer:

- Name of caller
- Date, time and location of the incident
- Telephone number for call-backs at the scene or facility
- Whether local officials (fire, police, sheriff) have been notified of incident

Additional information will be requested in the following special circumstances:

Making Notification of Spills/Incidents

- Materials and quantity involved in incident
- Incident location (physical address, intersection, etc.)
- Responsible party of incident (property/business owner)
- Telephone number of responsible party
- Any surface waters or sewers impacted
- What has happened and present situation

Requesting State Assistance for Incidents

- Type of assistance requested (informational, specialized team assets, etc).
- Name of requesting agency/facility
- Materials, quantity and personnel involved in the incident
- Whether all local, county, mutual aid resources been utilized

Reporting spills and leaks

Minnesota Pollution Control Agency

Cleanup fact sheet #1.01 • February 2009

Reportable spills should be directed to the Minnesota Duty Officer by calling (651) 649-5451 or (800) 422-0798. The duty officer will record all pertinent information and then make the appropriate notifications to the state agencies.

Minn. Stat. §115.061, which has been in effect since 1969, describes the duty of people to notify the Minnesota Pollution Control Agency (MPCA) when spills and leaks occur:

115.061 — Duty to Notify and Avoid Water Pollution

(a) Except as provided in paragraph (b), it is the duty of every person to notify the agency immediately of the discharge, accidental or otherwise, of any substance or material under its control which, if not recovered, may cause pollution of waters of the state, and the responsible person shall recover as rapidly and thoroughly as possible such substance or material and take immediately such other action as may be reasonably possible to minimize or abate pollution of waters of the state caused thereby.

(b) Notification is not required under paragraph (a) for a discharge of five gallons or less of petroleum, as defined in section 115C.02, subdivision 10. This paragraph does not affect the other requirements of paragraph (a).

The law provides penalties of up to $10,000 per day for violations.

The Minnesota Department of Public Safety, Bureau of Criminal Apprehension, operates a 24-hour service, establishing a one-call system for all state reporting requirements.

Reportable spills should be directed to the Minnesota Duty Officer by calling (651) 649-5451 or (800) 422-0798. The duty officer will record all pertinent information and then make the appropriate notifications to the state agencies.

Spills that must be reported

Report spills that may cause pollution, such as spills of toxic, flammable, corrosive and dangerous industrial chemicals. Also report spills of environmentally damaging materials, including milk, coal, animal parts, batteries, etc.

Reportable quantities

Minnesota has a reporting threshold of greater than five-gallons for petroleum spills. Spills of any quantity of all other chemicals or materials should be reported. If in doubt, report.

Anyone who spills is required to report.

EVERY person who has "any substance or material under its control" must report spills and leaks. This includes:

- property owners who discover contamination;
- individuals, partnerships, companies and corporations;
- governmental subdivisions, including officers of these entities;
- owners of substances being stored or transported by another company; and
- contractors who are in physical control of a discharged substance.

Sometimes a fire department, police agency or other local or state agency that responds to a spill or leak chooses

Minnesota Pollution Control Agency • 520 Lafayette Rd. N., Saint Paul, MN 55155-4194 • www.pca.state.mn.us
651-296-6300 • 800-657-3864 • TTY 651-282-5332 or 800-657-3864 • Available in alternative formats

to report the incident to the MPCA. In some circumstances, the entity may be required to report the spill. However, in no case does a report from someone else stand in lieu of your responsibility to report to the MPCA by calling the Minnesota Duty Officer if a substance is under your control.

Be aware that there may be other reporting requirements imposed by local ordinances, state or federal law, or permits. Understanding all reporting requirements is the responsibility of those who handle substances which can pollute.

It is the responsibility of the spiller to ensure an effective cleanup and proper management of all wastes generated. With the exception of used oil, waste generated from petroleum spills that have been reported and cleaned up immediately are exempt from Minnesota's Hazardous Waste Rules. Waste from used oil spills must be sent to a facility for energy recovery.

For more information

For more information on spill prevention, cleanup or disposal, call the MPCA at (651) 296-6300 or (800) 657-3864 and ask for a member of the Emergency Response Team or go to www.pca.state.mn.us/cleanup/pubs/ertpubs.html on the Internet.

Also, visit the U.S. Environmental Protection Agency site at www.epa.gov/oilspill/ for more information.

Minnesota Pollution Control Agency

Spill reporting for dispatchers

Cleanup/Emergency Response 1-06 • September 2007

This fact sheet is designed as a reminder to dispatchers and public safety responders to notify the Minnesota Duty Officer whenever there is a spill of oil or hazardous material.

While it is the responsibility of the spiller to immediately report and clean up spills, state troopers, county sheriffs, or local police departments are typically the first public safety responders to the scene. Because of this, they sometimes need to report the spill or remind the spiller to do so.

Every day, accidents involving commercial vehicles cause spills of oil and hazardous materials. The Minnesota Pollution Control Agency's (MPCA's) Emergency Response Team (ERT) oversees the proper cleanup of significant spills and relies on public safety responders and dispatchers to make sure that spills are reported to the MPCA through the Minnesota Duty Officer. Once an incident has been reported, ERT staff can contact the company responsible for the spill to ensure that it begins cleanup as soon as possible.

The Minnesota Duty Officer telephone numbers are (651) 649-5451 and (800) 422-0798. Spills can be reported to these telephone numbers 24 hours a day. The Minnesota Duty Officer will notify all state agencies that may need to be involved in the reported incident.

When reporting an incident, provide the following critical information to the Minnesota Duty Officer:

1) Spill location:
- road number or name,
- nearest intersection or mile marker,
- city;

2) Trucking company information:
- company's name, address and telephone number,
- driver's name,
- truck number;

3) Description of spilled material:
- fuel tank leakage (include size and fuel type),
- engine fluid leakage,
- cargo leakage, including name of product that is leaking, placards or labels, estimation of the quantity of cargo, and amount of leakage;

4) Location of the spilled material:
- on the roadway or shoulder,
- in a ditch (with or without standing water),
- material has entered storm sewer, and/or material has affected surface water (river, creek, pond, etc.); and

5) Initial response to spill:
- roadway has been closed,
- local fire department is responding,
- Minnesota Department of Transportation (MnDOT) is sanding the spill, etc.

Thank you for your assistance! For more information on spill reporting, cleanup or disposal, call the MPCA at (651) 296-6300 or (800) 657-3864 and ask for a member of the Emergency Response Team or go to www.pca.state.mn.us/cleanup/pubs/ertpubs.html on the Internet.

Minnesota Pollution Control Agency

List of State Emergency Response Contractors

Cleanup/Emergency Response 9-01 • October 2011

This fact sheet contains contact information for businesses that the State of Minnesota holds contracts with to provide environmental emergency response services. These contractors are defined as either full-service or limited-service, and this refers to the list of tasks that are required under the negotiated contract.

To report a spill at any time, day or night, call the Minnesota Duty Officer at (651) 649-5451 or (800) 422-0798.

Under the terms of these contracts with the State of Minnesota, limited-service contractors may be used for spills of petroleum and nonhazardous materials, but not for spills or releases of hazardous materials or for responses on large bodies of water; instead, full-service emergency response contractors should be used. Contractors may offer more services than outlined in their contract with the state, including hazardous materials response.

This list is provided for informational purposes only; it is not an endorsement, and anyone using it is advised to check the capabilities and rates of contractors.

Services provided by full-service contractors

Some of the required tasks of a full-service contractor include:

- Toll-free, 24-hour telephone answering.
- 24-hour, statewide response.
- Level A, B, C and D responses.
- Provide vacuum truck(s).
- Supply and deliver sorbents (booms, pads, sweeps, pillows, etc.) to responses.
- Investigate, contain and recover spills/releases on land, including the excavation of contaminated soils.
- Investigate, contain and recover spills/releases to surface waters using containment booms, sorbents, vacuum trucks and pumps.
- Investigate and mitigate petroleum vapor and product in sewer systems and utility conduits.
- Investigate, contain, sample, transport and manage known and unknown abandoned wastes or mystery spills or releases.
- Collect, preserve and transport samples to laboratories for analysis. Follow established sample-collection protocols and methodology.
- Collect, assess and analyze air contaminant levels during a chemical fire, tire fire or other fire causing air contaminant concerns.
- Design, install, operate and troubleshoot mechanical systems such as carbon filtration systems and groundwater remediation systems.

c-er9-01

- Arrange for transportation, storage and proper management of wastes generated during an emergency response.
- Assist with the management and disposal of wastes generated from terroristic and natural disaster incidents.
- Biomedical and infectious waste containment, transport and disposal.

Services provided by limited-service contractors

Some of the required tasks that limited-service contractors provide include:

- Investigate, contain, recover and remediate spills/releases on land, including the excavation of contaminated soils.
- Supply, deliver and use sorbents and other supplies to control, minimize and prevent pollution from spills/releases.
- Collect, preserve and transport samples to laboratories for analysis. Follow appropriate established protocols and methodology.
- Contain and recover spills/releases to surface waters using sorbents.
- Arrange for vacuum trucks and pumps to recover spills, as necessary.
- Arrange for transportation, storage and management of wastes generated during an emergency response.
- Assist with the management and disposal of wastes generated from terror and natural disaster incidents.

For more information on spill reporting, prevention, cleanup and disposal, call the Minnesota Pollution Control Agency at (651) 296-6300 or (800) 657-3864 and ask for a member of the Emergency Response Team or go to www.pca.state.mn.us/cleanup/pubs/ertpubs.html. More information is also available from the U.S. Environmental Protection Agency at www.epa.gov/oilspill/.

Minnesota Pollution Control Agency

Spill prevention and planning

Cleanup/Emergency Response 1-02 • October 2006

Contents

Maps 1
Planning 1
Material management and storage 1
Train and conduct exercises 1
If a spill occurs... 2
For more information . 2

In Minnesota, handlers of oil and hazardous substances are required to be prepared and prevent spills from occurring to protect land, waters or air of the state and to protect the public's safety or health. Check Minnesota Statute 115E (often called the "Spill Bill") for details on required spill prevention and planning.

Knowing your facility and training company personnel are basic planning strategies to prepare a company for a response. Below are some areas each company should concentrate on improving.

Maps

Have current maps for the facility available for reference. Locate on the map building locations, oil and chemical storage locations, process or transfer areas, drainage of the land, storm and sanitary sewer inlets, lines, outlets, and surface waters.

Planning

Have current and useful emergency plans. Is your facility required to have a spill prevention, control and countermeasures plan (SPCC plan); a prevention and response plan to fulfill the Minnesota Spill Bill; or a response plan to fulfill the federal Oil Pollution Act? Consolidate your emergency plans into an all-hazard plan. Plan your responses to potential environmental emergencies. Plan how to utilize your staff and hired contractors effectively and efficiently. Assess the resources of your company needs and make the necessary provisions and agreements beforehand, not at the time of an incident.

Material management and storage

Review how your company stores and handles its chemicals. Inspect the dispensing equipment and containment construction. Make improvements as problem areas are identified. Understand the characteristics, behaviors and safety precautions associated with material stored at your facility. If a spill of one or more of these materials occurs, know the best containment and cleanup strategies to use.

Train and conduct exercises

Train your company staff on hazard recognition, response plan implementation, safety, cleanup procedures, and reporting. Once staff are trained, conduct exercises to practice their training. Conduct table-top exercises and field exercises. Invite local and state responders to practice with your staff. After an exercise, evaluate your company's response and make improvements. This will result in

Minnesota Pollution Control Agency • 520 Lafayette Rd. N., Saint Paul, MN 55155-4194 • www.pca.state.mn.us
651-296-6300 • 800-657-3864 • TTY 651-282-5332 or 800-657-3864 • Available in alternative formats

a more effective and efficient response when the next one occurs — real or staged.

If a spill occurs...

If a spill occurs, follow these basic steps:

1. **Observe** the safety precautions associated with the spilled material.

   Stop the source of the spill, if you can do so safely.

2. **Call** 911 if fire or public safety hazards are created.
3. **Contain** the spilled material. Dirt, sand, or any semi-impermeable material may be used to create a containment structure to prevent the material from flowing.
4. **Report** the spill to the Minnesota Duty Officer at (651) 649-5451 or (800) 422-0798 any time, day or night.
5. **Clean up** the spilled material and dispose of the wastes properly. With the exception of used oil, waste generated from petroleum spills that have been reported and cleaned up immediately are exempt from Minnesota's Hazardous Waste Rules. Waste generated from used oil spills must be sent to a facility for energy recovery.

For more information

For more information on spill prevention, cleanup and disposal, call the MPCA at (651) 296-6300 or (800) 657-3864 and ask for a member of the Emergency Response Team or go to www.pca.state.mn.us/cleanup/pubs/ertpubs.html on the Internet.

Minnesota Pollution Control Agency

Cleaning up small petroleum spills

Cleanup/Emergency Response 4-02 • April 2008

Contents

Stop the spill 1
Containment and recovery 1
Remediating contaminated soil ... 1
For more information 2

Petroleum spills of more than five gallons must be reported to the Minnesota Duty Officer by calling (651) 649-5451 or (800) 422-0798.

This fact sheet provides general guidance for cleanup of small petroleum spills on land. The Minnesota Pollution Control Agency (MPCA) considers small spills to be those of 50 gallons or less. The quantity spilled must be reliably calculated to determine whether it is appropriate to utilize this guidance. Depending on the circumstances and the health, safety and environmental risk, a more stringent cleanup protocol may need to be followed.

It is the responsibility of the spiller to ensure an effective cleanup and proper management of all wastes generated. With the exception of used oil, waste generated from petroleum spills that have been reported and cleaned up immediately is exempt from Minnesota's Hazardous Waste Rules.

Stop the spill

Upon discovery of a petroleum spill, the first step is to stop the spill or leak if this can be done safely. Turn off nozzles or close valves from the leaking container or system. Use a wooden plug, bolt, band or putty on a puncture-type hole.

Containment and recovery

Contain the spill if it can be done safely. Buckets, pails or kiddie pools can be used to collect flowing liquid from a leaking valve or punctured tank. Soil, sand or granular sorbent can be used to build a berm around the flowing liquid on the ground. State law requires companies to be prepared to respond to spills. Therefore, stocking basic spill-response equipment is expected.

Once contained, the liquid must be recovered. If company personnel are trained and can perform these tasks safely, recovery should begin immediately. Otherwise, a contractor may be needed to assist the company. All free liquid should be recovered using the appropriate pumps, vacuum trucks, or sorbent. The recovered liquid product can then be recycled or possibly reused. Other wastes that are generated must be properly managed and disposed. Oil-soaked sorbent can be sent to the following types of facilities for treatment or disposal: municipal waste combustor, asphalt or thermal treatment, land treatment, composting or landfill. For guidance on each, request the *Spill debris disposal options* fact sheet.

Remediating contaminated soil

Contaminated soil can be remediated in two ways: either excavate and ship the

Minnesota Pollution Control Agency • 520 Lafayette Rd. N., Saint Paul, MN 55155-4194 • www.pca.state.mn.us
651-296-6300 • 800-657-3864 • TTY 651-282-5332 or 800-657-3864 • Available in alternative formats

soil to a treatment or disposal facility or treat the soil in place. To excavate contaminated soil, remove all soil that has visible staining or petroleum odor. In some instances, a soil sample may need to be collected and analyzed by an environmental laboratory to confirm that an effective cleanup has occurred. When you report the spill, ask the MPCA Emergency Response Team member whether you need to collect a sample. Excavated petroleum-contaminated soil can be sent to the following types of facilities for treatment or disposal: (1) land treatment, (2) composting, (3) asphalt or thermal treatment, or (4) landfill.

Land treatment, also known as "land farming" or "thin-spreading," involves applying the contaminated soil to native soil, mixing, aerating the soils, and sometimes adding fertilizer to promote biodegradation of the contaminants.

For thin-spreading 10 cubic yards or less, follow the guidance in the *Thin-spreading small quantities of petroleum-contaminated soils* fact sheet.

If the quantity of soil to be treated is greater than 10 cubic yards, then you must follow the MPCA guidance for land treatment and Minn. R. ch. 7037, Petroleum Contaminated Soil Management. If the soil is to be treated in place, written permission from the landowner must be obtained. The treatment site should not be in a pedestrian walkway. The site should have a slope of less than 6 percent. Surface waters, drinking water wells and sewers should be at least 200 feet away. The affected soil should be disked, bladed or raked into the native soil and periodically thereafter until biodegradation has occurred (usually in one year).

Composting is the controlled microbial degradation of petroleum-contaminated soil. This is optimized by constructing the pile in a manner that promotes bacteria and fungi to flourish. For specific guidance, see the Composting of petroleum-contaminated soil fact sheet.

Some asphalt plants or similar facilities in Minnesota are permitted to treat petroleum-contaminated soils. This is called "thermal treatment." These plants burn or vaporize the contaminants from the soil and then incorporate the treated soil into asphalt or fill material. The MPCA maintains a list of these permitted facilities (see the *Thermal treatment of petroleum-contaminated soil* fact sheet).

Some municipal and industrial solid waste landfills can accept petroleum-contaminated soil for disposal. Call your local facility for approval and protocols.

After the cleanup has been completed, submit a report describing the incident, the material spilled and amount, cleanup steps performed, and measures implemented to prevent the incident from reoccurring. Include diagrams of the affected area, excavation dimensions, and amount and types of wastes generated. Waste disposal documentation should include method of disposal and location.

For more information

For more information on spill prevention, cleanup and disposal, call the MPCA at (651) 296-6300 or (800) 657-3864 and ask for a member of the Emergency Response Team or go to www.pca.state.mn.us/cleanup/pubs/ertpubs.html on the internet.

More information is also available on the Web site of the U.S. Environmental Protection Agency at www.epa.gov/oilspill/.

Minnesota Pollution Control Agency

Emulsifiers/dispersants

Cleanup 4-06 • August 2007

What happens when oil is spilled onto water or ground?

- Oil and water do not readily mix, most of the oil will float on the water as a layer of "free product."
- Oil floating on water will begin to dissolve into water at the part per million concentrations.
- The surface of an oil puddle emits vapor into the air. This vapor may be very ignitable as in gasoline, or not very ignitable as in asphalt.
- Oil spilled onto water can cause a fish kill, oil birds, or cause other wildlife damage. Petroleum products are toxic. The degree of toxicity of an oil generally follows its flammability, from highly toxic gasoline through less toxic heavy oils.
- Oil spilled onto ground will kill or stress vegetation.
- Oil spilled onto ground will percolate through the soil, leaving oil-contaminated soil. If there is a large enough amount of oil or shallow ground water, the oil will eventually reach the water table. Oil will then float on and dissolve into the ground water and flow with the ground water.
- Oil-contaminated soil can be naturally degraded by bacteria and microbes present in the soil. If microbes, oxygen, and the right nutrient mix are present, the petroleum will eventually be degraded.

How do emulsifiers and dispersants work?

An emulsifier or dispersant acts like detergent, dissolving the oil into the water. Instead of an oil layer on top of the water, there is dissolved oil and invisible oil droplets in the water. The dispersant dissolves the oil and disperses throughout the water column rather than allowing it to float on the surface.

Does an emulsifier or dispersant eliminate the fire hazard?

Research in Canada has revealed that emulsified oil generates more vapor in sewers than does oil floating in the sewer. This is because there is a tremendous amount of surface area from all the tiny oil droplets. That greatly increased surface area releases much more vapor than does the smaller surface area of a layer of floating oil.

What else does emulsified oil do?

The greatly increased amount of oil dissolved in the water is much more exposed to the living things in the water column and thus toxicity is greatly increased. For a land spill, the emulsified oil is much more mobile in soil, and will reach ground water more quickly. Once in the ground water it will move more quickly and further than free-product oil.

Why is it sometimes okay to use dispersants on the ocean?

First, in the ocean, there is a tremendous amount of water available for dilution of the dissolved oil and the oil droplets. Secondly, many aquatic organisms can move out of the area of dissolved oil. Thirdly, nobody drinks ocean water. In addition, use of dispersants on any water is prohibited by federal law without the specific permission from the U.S.

Minnesota Pollution Control Agency • 520 Lafayette Rd. N., Saint Paul, MN 55155-4194 • www.pca.state.mn.us

Environmental Protection Agency (EPA) or U.S. Coast Guard to use the dispersant on that particular spill.

What are the alternatives to using emulsifiers/dispersants?

Other response options for petroleum spills are using mechanical recovery, such as vacuum trucks, using sorbents, such as sand, kitty litter, or synthetic pads or booms, or using solidifying agents.

Mechanical recovery is typically used if there is a substantial amount of oil to recover. If recovering the oil is difficult, such as in a sewer line, explosion-proof pumps and vacuum trucks are typical equipment used by an emergency response contractor. Some companies have the equipment and training to do their own mechanical recovery. In any case, if large amounts of oil are spilled and need mechanical recovery, Minnesota Pollution Control Agency (MPCA) staff will direct and sometimes oversee the spiller's recovery of the oil. Usually, sorbent is used after mechanical recovery to recover the residual.

Sand, kitty litter, ground corn cobs, and other sorbent can control the spread of oils until it can be picked up and can be used to sorb the oil. These sorbent materials can be thin-spread on acceptable ground for bacterial degradation. Or, they can be sent to an asphalt plant or incinerator that has the proper air pollution controls and permits. Synthetic sorbent pads and booms can be lowered into sewers, placed at sewer outfalls or placed across waterways to catch oil. These manufactured fabric sorbents can be disposed of in the permitted incinerators. The MPCA maintains lists of permitted treatment facilities and incinerators in the state that can treat or dispose of contaminated sorbent.

Solidifying agents can be sprinkled or sprayed on a puddle of oil or spread in front of a stream of oil. These products will mix with the oil and make a thick, optimally rubbery compound which keeps the transformed oil in place until it is removed. The solidified oil can be disposed of at permitted incinerators.

How will the MPCA help?

The MPCA conducts fire department training that includes demonstration of sorbent and containment boom use and oil spill response strategies. Often MPCA staff supply some sorbent and select response equipment to the department after the training.

If a fire department uses sand or other sorbents and collects a significant amount of it into barrels or other containers, the MPCA will make the spiller properly dispose of it or the agency will send a contractor to pick up and dispose of it.

For significant spills, the MPCA will direct the cleanup done by the spiller or, if the spiller does not or cannot act, the MPCA will send out one of the state's contractors to do the cleanup.

If a fire department has extraordinary expenses resulting from an oil or chemical spill, it can apply to the MPCA for partial reimbursement. See the *Reimbursement options for local responders* fact sheet for more information.

For more information

For more information on spill reporting, prevention, cleanup and disposal, call the MPCA at (651) 296-6300 or (800) 657-3864 and ask for a member of the Emergency Response Team or go to www.pca.state.mn.us/cleanup/pubs/ertpubs.html on the Internet.

More information is also available on the Web site of the EPA at http://www.epa.gov/oilspill/.

Reimbursement options for local responders

Cleanup/Emergency Response 9-02 • September 2007

Contents

Responsible person .. 1
Federal help 1
State help 2
For more information. 2

Accidents and other hazardous materials incidents, such as train wrecks, pipeline breaks, or pesticide fires, often create the need for intensive involvement and follow-up by local public safety agencies. Local fire and police departments may remain on scene for extended periods, may need to call in extra staff, may need to arrange for specialized equipment, and may have equipment contaminated, damaged or destroyed. The costs to local agencies are often high and are usually not planned.

Cities can recover some of the costs of responding to hazardous materials incidents in several ways:

- The person(s) responsible for the incident reimburses the city for the city's response.
- The U.S. Environmental Protection Agency (EPA) reimburses the city.
- The Minnesota Pollution Control Agency (MPCA) or Minnesota Department of Agriculture reimburses the city.

Responsible person

Many environmental laws describe the liability of generators, shippers and other handlers of hazardous substances. These persons or companies are described in the law as the "responsible person" for "releases" of hazardous substances. One of the costs that a responsible person is responsible for is all reasonable and necessary response costs incurred by a political subdivision of the state (cities, counties, townships, etc.). Thus, the first place to look for reimbursement is the responsible person. Usually a letter to the responsible person and his or her insurance carrier, if known, will result in reimbursement of costs. Your city's attorney can cite Minn. Stat. § 115B.04 as the basis for requesting reimbursement.

Federal help

Sometimes responsible persons refuse to pay for the incurred costs, or they do not have enough money to pay or they cannot be found. In these cases, the federal or state government may reimburse all or a portion of the costs related to the response. The federal "Superfund" contains a provision for reimbursing local units of government for response costs. One of the critical steps in obtaining federal reimbursement is notifying the National Response Center (NRC) of the incident at (800) 424-8802. An application form can be obtained by calling EPA's Local Governments Reimbursement Helpline at (800) 431-9209 or visit its Web site at http://www.epa.gov/superfund/programs/er/lgr/index.htm. Eligible local governments may submit applications to EPA for reimbursement of up to $25,000 per incident.

Minnesota Pollution Control Agency • 520 Lafayette Rd. N., Saint Paul, MN 55155-4194 • www.pca.state.mn.us

State help

The state "Superfund" also has provisions for reimbursing political subdivisions for "reasonable and necessary expenditures resulting from an emergency caused by a release or threatened release of hazardous substance, pollutants or contaminant." Requests can be made to the state after requests have been made to the responsible person and to the federal government.

The MPCA Citizens Board reviews and approves all claims except for pesticide and fertilizer incidents. These incident claims are handled by the commissioner of the Minnesota Department of Agriculture. Reimbursement is subject to legislative appropriation. In enacting this provision, the Minnesota Legislature used an estimate of the level of need for such reimbursements of up to $200,000 per year.

To establish some framework for evaluating reimbursement requests, the MPCA Citizens Board has determined that it will consider the following information when reimbursement is requested:

- Claimed expenses for an incident should be for "extraordinary" activities above and beyond the "normal" response of a political subdivision to a similar incident which does not involve hazardous substances, pollutants or contaminants.
- Claimed expenses for an incident should be for emergency activities providing protection for the "public health, welfare or the environment."
- Claimed expenses should generally be for immediate measures. Longer-term measures, such as ground water cleanup, replacement of buildings, new municipal wells, waste disposal and ongoing sampling or similar activities, should not be considered unless the activity was specifically requested or authorized by MPCA staff.
- Political subdivisions should attempt to recover expenditures from the parties responsible for the incident and from the federal program authorized to make similar reimbursements.
- Claimed expenses should be documented and reasonable.
- Actions for which the expenditures were made should have been reasonable and necessary.

For more information

For more information about reimbursement and spill prevention, cleanup and disposal, call the MPCA at (651) 296-6300 or (800) 657-3864 and ask for a member of the Emergency Response Team.

More information is available also from other MPCA fact sheets at www.pca.state.mn.us/cleanup/pubs/ertpubs.html.

APPENDIX B

SPILL DOCUMENTATION FORMS

SPILL DOCUMENTATION

This form is designed to provide the City of Isanti staff with a document that records the key decisions and actions taken during the course of a spill response effort. Even if City of Isanti staff is not the identified responsible party, staff should accurately document the spill as much as is practical. This will help ensure that the City of Isanti's own interests are considered throughout the spill response process.

Name of Person Completing This Form: _____

Date and Time Spill First Discovered: _____

Date and Time Spill Made Known to the City of Isanti: _____

Initial Estimated Spill Contents: _____

Initial Estimated Spill Volume (gallons): _____

Responsible Party (Parties) for Spill: _____

Approximate Location of Spill: _____

_____

Summary of Spill Circumstances (what happened, how was it believed to have been caused, etc):

_____

_____

_____

_____

_____

_____

_____

_____

_____

_____

DECISION ITEMS

The following decisions should be documented as they are made, to record what is known about the spill and document why certain actions were taken as a result. Refer to the City of Isanti's Stormwater Pollution Prevention & Spill Response Plan for more details regarding each major decision to be made over the course of a spill investigation.

DECISION 1: Does the spill involve hazardous or potentially toxic chemicals or substances?

Yes _____ No _____ Unknown/Unsure _____

Identified Spill Contents: _____

Potential Hazards: _____

Identification Determined By: _____

Notes: _____

DECISION 2: Does the spill pose possible immediate threat to public safety?

Yes _____ No _____ Unknown/Unsure _____

Possible Immediate Hazards: _____

Decision Determined By: _____

Notes: _____

DECISION 3: Does the spill meet the MPCA reporting limits for the chemical or substance in question?

Yes _____ No _____ Unknown/Unsure _____

Identified Spill Volume: _____

Determined By: _____

Identified Responsible Party: _____
Property Owner(s) and Address: _____

Is the City of Isanti a Responsible Party or Affected Property Owner?
Yes _____ No _____ Unknown/Unsure _____

Determined By: _____

Spill Reported By: _____

Spill Report Date/Time: _____

Incident Number Assigned by MN Duty Officer: _____

Notes: _____
_____
_____
_____

DECISION 4: Is the spill liquid in nature and capable of infiltration into soils?

Yes _____ No _____ Unknown/Unsure _____

Decision Determined By: _____
Notes: _____
_____
_____

DECISION 5: Does the spill have the ability to contaminate surface water or groundwater?

Yes _____ No _____ Unknown/Unsure _____

Decision Determined By: _____
Notes: _____
_____
_____

DECISION 6: Is the spill located within the Drinking Water Supply Management Area (DWSMA) for the City of Isanti?

Yes _____ No _____ Unknown/Unsure _____

Decision Determined By: _____
Notes: _____
_____
_____

DECISION 7: Is the spill located within the Drinking Water Supply Management Area for a neighboring community?

Yes _____ No _____ Unknown/Unsure _____

If yes, Which DWSMA(s) is Affected: _____

Decision Determined By: _____

Notes: _____

_____

_____

DECISION 8: Is the spill capable of migrating to a Drinking Water Supply Management Area?

Yes _____ No _____ Unknown/Unsure _____

If yes, Which DWSMA(s) will be Affected: _____

Decision Determined By: _____

Notes: _____

_____

_____

DECISION 9: Has any portion of the spill reached water bodies, infiltrated into soil, or migrated from the incident site?

Yes _____ No _____ Unknown/Unsure _____

If yes, Which Water Bodies Have Been Affected or Where has the Contaminant Spread: _____

_____

Decision Determined By: _____

Notes: _____

_____

_____

DECISION 10: Can the entire spill likely be recovered without migration to water bodies or infiltration to the soil?

Yes _____ No _____ Unknown/Unsure _____

Decision Determined By: _____

Notes: _____

_____

_____

DECISION 11: Can a significant portion of the spill be safely contained to prevent further migration?

Yes _____ No _____ Unknown/Unsure _____

If Yes, Where/How Can it be Contained: _____

_____

_____

Decision Determined By: _____

Notes: _____

_____

_____

DECISION 12: Has the spill likely infiltrated into the soil or entered a water body (or bodies) near one or more municipal water supply wells?

Yes _____ No _____ Unknown/Unsure _____

If Yes, What are the Nearest Wells: _____

_____

Decision Determined By: _____

Notes: _____

_____

_____

DECISION 13: Can the wells closest to the spill be shut down without impacting emergency response efforts or community water supply?

Yes _____ No _____ Unknown/Unsure _____

Decision Determined By: _____

Notes: _____

_____

_____

DECISION 14: Can another water source be utilized to meet demands?

Yes _____ No _____ Unknown/Unsure _____

If Yes, What Source can be Utilized and What Volume Will It Provide: _____

_____

Decision Determined By: _____

Notes: _____

_____

_____

DECISION 15: Does the investigation of the spill reveal potential risks to the municipal water supply wells in the coming days, weeks, months, or years?

Yes _____ No _____ Unknown/Unsure _____

If Yes, What are the Potential Risks and When Might They Appear: _____

_____

_____

_____

_____

Decision Determined By: _____

Notes: _____

_____

_____

DECISION 16: Does monitoring of the spill reveal contamination in the municipal water supply wells or the source water aquifer(s)?

Yes _____ No _____ Unknown/Unsure _____

If Yes, What are the Contaminants Identified and Their Concentrations: _____

_____

_____

_____

_____

Decision Determined By: _____

Notes: _____

_____

_____

ACTION ITEMS

The following actions should be documented as they are put into place, to record how the action is being carried out, who is responsible for following through with the item, and what the results were. Refer to the City of Isanti Stormwater Pollution Prevention & Spill Response Plan for more details regarding each potential action item to be enacted over the course of a spill investigation.

ACTION 1: Isolate public from immediate hazards.

Person/Team in Charge of Public Safety: _____

Isolation Distances and Hazards: _____

_____

_____

When was Spill Deemed Safe to Terminate Public Isolation: _____

Decision Determined By: _____

Notes/ Results: _____

_____

_____

ACTION 2: Report spill to state duty officer.

Who Reported the Spill: _____

Date/Time Spill was Reported: _____

Incident Number Assigned to the Spill: _____

Notes/ Results: _____

_____

_____

ACTION 3: Report spill proximity to DWSMA to affected wellhead protection plan managers and appropriate agency staff.

Who Was the Contacted Wellhead Protection Manager: _____

Who Made Contact to Inform and When: _____

_____

Notes/ Results: _____

_____

_____

ACTION 4: Identify possible points of containment. Enact appropriate containment measures, if they can be done safely.

Identified Points of Containment: _____

_____

Measures to Enact Containment: _____

Person Overseeing the Containment Measures: _____

Notes/ Results: _____

ACTION 5: Shut down wells closest to spill until further investigation can be completed.

Wells Shutdown: _____

Date/ Time: _____

Person Overseeing the Well Shutdown: _____

Notes/ Results: _____

ACTION 6: Begin to enact emergency water conservation measure to reduce demand. Then shut down wells closest to spill when possible (Action 5).

Conservation Measures to be Enacted: _____

Date/ Time: _____

Person Overseeing the Conservation Measures: _____

Notes/ Results: _____

ACTION 7: Establish aquifer monitoring plan and well sampling strategy with MDH and MPCA. Educate public regarding cleanup and monitoring efforts.

What Agency (and Staff) Determined the Monitoring and Sampling Strategy: _____

City Staff in Charge of Overseeing and Assisting in the Monitoring Efforts: _____

Summary of Sampling Requirements (i.e. frequency, wells, locations, parameters to be considered, etc.):

Notes/ Results:

ACTION 8: Study options for water treatment, water blending, or well replacement. Monitor the migration (and concentration) of contamination plume.

Person Overseeing Study:

Assisting Agency or Consultant:

Options Being Considered:

Notes/ Results:

ACTION 9: Enact any necessary modifications to the water supply system to restore system capacity.

Timeline to Enact Modifications:

Estimated Budget to Modify:

Financial Assistance/ Grants Pursued or Awarded:

Council Approval Granted on:

Modifications Taking Place:

Start Date:

End Date:

Notes/ Results:

REVISIONS TO DECISIONS/ACTIONS

Over the course of a spill response investigation and cleanup, it is likely that initial decisions made will be modified or revised as more information is learned... if initial efforts prove to be unsuccessful. Any revisions to the decisions should be documented, identifying the following:

- Revised decision or action item
- Who revised the decision or action?
- When was the revised decision made or revised action item undertaken?
- What revisions were made?
- What were the results of the revised decision or action?

Included is some space to record revisions that were undertaken. Include additional pages if necessary:

APPENDIX C

STORMWATER COMPLAINT FORM

STORMWATER COMPLAINT FORM

This form is designed to provide the City of Isanti staff with a document that records complaints regarding illicit discharges into the waterways and stormwater systems within the City of Isanti. Documentation of investigation and resolution of such discharges will ensure that proper course of action is taken.

Stormwater Complaint Form
City of Isanti
110 1st Ave NW * PO Box 428
Isanti, MN 55040
Phone: 763-444-5512
Fax: 763-444-5560
www.cityofisanti.us

Stormwater Complaint Form

In the City of Isanti, our waterways are composed of wetlands, creeks, streams, and the Rum River. State and local regulations mandate the protection of these waterways, and the management of illicit discharge. "Illicit discharge" is defined by the Minnesota Pollution Control Agency as any discharge to a Municipal Separate Storm Sewer (MS4) that is not composed entirely of stormwater (except the following: discharges specifically authorized by a permit, and discharges resulting from fire-fighting activities). Examples of illicit discharge could include, but are not limited to: paint, herbicides/pesticides, deicing agents, automotive fluids, solvents, oils, soaps, spills, fuels, concrete washout water, sawcutting water. Excessive erosion and sedimentation from active construction sites should also be reported.

If you see someone dumping anything onto street surfaces, into storm drains, or into any other device built to contain rainfall or runoff, please report it immediately by calling the City's Public Services Director at (763) 444-5512 or by completing the form below and emailing it to jwood@cityofisanti.us or delivering or mailing it to City Hall: City of Isanti – Public Services Department, 110 1st Ave NW, PO Box 428, Isanti, MN 55040.

Fill in the appropriate information and City of Isanti Staff will investigate all reports received and take any and all appropriate enforcement actions necessary to rectify the discharge.

The complaint can be made anonymously, however, if the information is not provided, the City may not be able to investigate the complaint if additional information is needed.

Complaint made by:

A Community For Generations.
Isanti

MEMORANDUM

TO: Mayor George Wimmer
Isanti City Council

FROM: Ryan Kernosky, Community Development Director

DATE: December 19, 2017

SUBJECT: **JOINT RESOLUTION NO. 2017-XXX: IN THE MATTER OF THE AMENDMENT TO THE ORDERLY ANNEXATION BETWEEN THE CITY OF ISANTI, MINNESOTA AND ISANTI TOWNSHIP, MINNESOTA PURSUANT TO MN STATS. § 414.0325 SUBD. 1**

Background

The City has been in the process of annexing Township properties that are completely surrounded by the corporate limits of the City. As you may recall, Joint Resolution 2017-236 (the resolution to annex township properties through the Orderly Annexation Agreement from 1973) was passed by the City on September 19th, and sent to the Township for their approval. However, the Township decided to take no action on the Joint Resolution. The City, after waiting 30 days for a response, then passed Resolution 2017-270 asking that the Administrative Law Judge, through the Office of Administrative Hearings - Municipal Boundary Adjustment Unit, either order the immediate annexation of the aforementioned parcels or hold an administrative hearing on the matter.

While the City has been getting ready for the administrative hearing, the Isanti Township approached the City on a possible settlement to prevent this from going to the Administrative Law Judge. After a few discussions between the City and Township Attorney, a proposed settlement was formulated. Isanti Township has approved the proposed settlement, and DOAC has also reviewed the proposed settlement and is recommending approval of the settlement as outlined in the enclosed Joint Resolution for Orderly Annexation.

Changes in the Joint Resolution

Payment to Property Owners: As it currently stands, the City would reimburse property owners three years of tax differences over two years (66% the first year, 34% the second year of that total) based on their access to City Sewer and City Water. If a property owner has immediate access to both sewer and water, they would not receive a reimbursement. If they have immediate access to one of the two municipal services, they would be reimbursed 50%. Finally, if they have no immediate access to municipal services, they would receive 100% of the difference between their township and City taxes.

The settlement Resolution continues to base reimbursement on the property owners access to municipal utilities, but is done over five years and at a different rate. The rate will be the difference between the amount of City taxes and the amount of Township taxes, and distributed as follows:

- 1st Year (2019) – 100% of the designated difference
- 2nd Year (2020) – 80% of the designated difference
- 3rd Year (2021) – 60% of the designated difference
- 4th Year (2022) – 40% of the designated difference
- 5th (and final) Year (2023) – 20% of the designated difference

After the fifth year, the property owner would pay full taxes with no reimbursement.

Township Payments: Per MN Stats. § 414.036, the Township would like to extend their reimbursements from three years to five years. As it's currently written, the Township would receive three years of reimbursement.

Annexation Date: The Township has requested that the annexation does not take place until January 1, 2019. As it's currently written, the annexations would become final after the administrative hearing and determination by the Administrative Law Judge.

Administrative Hearing: Upon review and possible approval by the City Council tonight, the scheduled administrative hearing would no longer be required, and the Administrative Law Judge would have 30 days to review the Joint Resolution and order the annexation within 30 days.

Staff Recommendation

Staff believes that the offered settlement achieves the goal of annexing these properties, and provides clear guidance on the various conditions within the Orderly Annexation Agreement. As such, staff is recommending **APPROVAL** as negotiated and presented to Council.

- Joint Resolution 2017-XXX

A JOINT RESOLUTION

ISANTI TOWNSHIP RESOLUTION: _____

CITY OF ISANTI, MN RESOLUTION 2017-_____

IN THE MATTER OF THE AMENDMENT TO THE ORDERLY ANNEXATION BETWEEN THE CITY OF ISANTI, MINNESOTA AND ISANTI TOWNSHIP, MINNESOTA PURSUANT TO MINNESOTA STATUTES § 414.0325 SUBD 1

WHEREAS, the Township of Isanti and the City of Isanti are parties to a Joint Resolution for Orderly Annexation, which Joint Resolution was duly filed with the Municipal Board on or about August 31, 1973, (File NO: A-2457(OA)(the "Joint Resolution for Orderly Annexation"); and,

WHEREAS, the City of Isanti and Isanti Township designate for orderly annexation, the described lands defined in Exhibits "A" through "I" attached hereto and made a part hereof, located within Isanti Township, County of Isanti, Minnesota; and,

WHEREAS, the City of Isanti and Isanti Township are in agreement as to the orderly annexation of the unincorporated lands described; and,

WHERAS, Minnesota Statutes § 414.0325 provides a procedure whereby the City of Isanti and Isanti Township may agree on a process of orderly annexation of designated areas; and,

WHEREAS, Both the City of Isanti and Isanti Township have agreed to all the terms and conditions for the annexation of the lands legally described in Exhibits "A" through "I" attached hereto and made a part hereof and the signatories hereto agree that no alteration of the designated area is appropriate and no consideration by the Chief Administrative Law Judge is necessary. The Chief Administrative Law Judge may review and comment, but shall within thirty (30) days, order the annexation of the properties as described within Exhibits "A" through "I" attached hereto and made a part hereof in accordance with the terms of this Joint Resolution.

NOW, THEREFORE, BE IT RESOLVED, jointly by the City Council of the City of Isanti and the Township Board of Isanti Township as follows:

1) That the following described lands identified in Exhibits "A" through "I" attached hereto and made a part hereof in Isanti Township are subject to orderly annexation pursuant to Minnesota Statutes § 414.0325.

2) That the described lands identified in Exhibits "A" through "I" attached hereto and made a part hereof consist of approximately 93 acres, the population in the subject area is approximately 61 persons, and the land use types are residential, recreational, agricultural, and commercial.

3) That the described lands identified in said Exhibits "A" through "I" are urban or suburban or about to become so, and since the City of Isanti has either provided services, or is capable

of providing services to this area within a reasonable time, the annexation would be in the best interest of the area.

4) That Isanti Township and the City of Isanti, by submission of this Joint Resolution to the Municipal Boundary Adjustment Unit of the Office of Administrative Hearings, confers jurisdiction upon the Chief Administrative Law Judge so as to accomplish said orderly annexation in accordance with the terms of this resolution.

5) That pursuant to paragraph 3 of the Joint Resolution for Orderly Annexation between the City of Isanti and Isanti Township, the City of Isanti agrees to reimburse to the property owners whose property has been annexed into the City through this Joint Resolution, a portion of the difference between what the Isanti Township portion of property taxes would have been if calculated at the applicable Isanti Township rate and the City of Isanti portion of the property taxes based on the applicable City of Isanti property tax rates, subject to the following:

   a. If a property has immediate access to both city sewer and city water, then the City will pay no difference as described above to the property owner(s).

   b. If a property has immediate access to either city sewer or city water, then the City will reimburse half (50 percent) the difference as described above to the property owner(s).

      i. Reimbursement shall be made to the property owner(s) per the following schedule:

         1. In the first year following the year the City of Isanti could first levy on the annexed area, an amount equal to 100 percent of the designated reimbursement.

         2. In the second year, an amount equal to 80 percent of the designated reimbursement.

         3. In the third year, an amount equal to 60 percent of the designated reimbursement.

         4. In the fourth year, an amount equal to 40 percent of the designated reimbursement.

         5. In the fifth year (being the final year any reimbursement is due), an amount equal to 20 percent of the designated reimbursement.

   c. If a property has no immediate access to either city sewer or city water, then the City will reimburse the full (100 percent) difference as described above to the property owner(s).

i. Reimbursement shall be made to the property owner(s) per the following schedule:

1. In the first year following the year the City of Isanti could first levy on the annexed area, an amount equal to 100 percent of the designated reimbursement.

2. In the second year, an amount equal to 80 percent of the designated reimbursement.

3. In the third year, an amount equal to 60 percent of the designated reimbursement.

4. In the fourth year, an amount equal to 40 percent of the designated reimbursement.

5. In the fifth year (being the final year any reimbursement is due), an amount equal to 20 percent of the designated reimbursement.

6) Reimbursement to Isanti Township for lost taxes on annexed property, pursuant to Minnesota Statute § 414.036, per the following schedule:

i. In the first year following the year the City of Isanti could first levy on the annexed area, an amount equal to 100 percent of the total reimbursement.

ii. In the second year, an amount equal to 100 percent of the total reimbursement for said year.

iii. In the third year, an amount equal to 100 percent of the total reimbursement for said year.

iv. In the fourth year, an amount equal to 100 percent of the total reimbursement for said year.

v. In the fifth year (being the final year any reimbursement is due), an amount equal to 100 percent of the total reimbursement for said year.

7) That the annexation of the said parcels as set forth on Exhibits "A" through "I" attached hereto and made a part hereof shall take effect as of January 1, 2019.

8) The City of Isanti and Isanti Township agree that upon receipt of this resolution, passed and adopted by each party, the Chief Administrative Law Judge may review and comment, but shall within thirty (30) days, order the annexation in accordance with the terms of the resolution.

9) Upon execution of the Order described in paragraph 8 above, the annexation proceeding pending in file number OAH 84-0330-34848 {MBA A-2457(OA)-32/Isanti/Isanti Township shall be dismissed as moot. Each party agrees to bear its own costs and attorneys fees.

MEMO

To: Mayor Wimmer and City Council Members

From: Finance Director Betker

Date: December 19, 2017

Subject: Consider Resolution 2017-XXX Amending Fee Schedule

The Finance Committee has reviewed the City Fee Schedule for additions/changes in terminology and fee amounts, as proposed by staff. Attached is a Resolution with the proposed terminology and fee changes. The proposed resolution would affect only fee/rate changes. The proposed amended Ordinance that would codify the presented terminology changes will be considered at the January 2nd 2018 City Council meeting. Changes are proposed in the following areas:

Administration

- Street Block Party Deposit $50.00 (Refundable) (terminology and rate deleted)

Economic Development Authority

- SAC/WAC Repayment Agreement and Mortgage
  Deleted "Recorder" to clarify that all filing fees with the County are to be paid by the developer regardless of the office within which they are filed.

Police Department

- Professional Hire of Police Officer
  Rate changed from "$50.00 per hour" to "Actual hourly wage multiplied by 150%"

Sewer and Water Department

- Meter (5/8 & ¾ inch)

Meter Head	$88.00	(terminology and rate deleted)
Meter Body	$260.00	(terminology and rate deleted)
Full Meter	$369.00	(terminology and rate added)
Orion Radio	$208.00	(terminology and rate added)
HRE Body	$73.00	(terminology and rate added)
Copper Horn	$88.00	(terminology and rate added)

- Meter Connections/Fittings Cost (terminology and rate added)

- Sewer Access Fee (SAC)
  "Per Ordinance" will replace "$4,435.00"

- Water Access Fee (WAC)
  "Per Ordinance" will replace "$3,787.00"

- Water Disconnect

After Hours	$100.00 per hour per person	(terminology and rate added)

- Water Reconnect

After Hours	$100.00 per hour per person	(terminology and rate added)

- Water Meter History Report $50.00 (terminology and rate added)

Street Department

- Labor

During work hours	half hour minimum	(terminology and rate added)
After hours	$100.00 per hour, 2 hour min.	(terminology and rate added)

- Magikist Line Thawer with Operator $100.00 per hour (terminology and rate deleted)

MINNESOTA WARN RATES

Self-propelled Broom	(terminology deleted)
Rollers	(terminology deleted)
Sewer Jet Rodding Machine, each	(terminology deleted)
Brush Hog (for single axle truck)	(terminology deleted)
V Plow	(terminology added)
Brush Hog (for Skid Steer)	(terminology added)
Grapple Bucket	(terminology added)
Small Trencher	(terminology deleted)
Snow Blower	(terminology deleted)

RESOLUTION NO. 2017-XXX

A RESOLUTION ADOPTING FEES WITHIN THE CITY OF ISANTI

WHEREAS, the City Council by Ordinance sets forth a fee table for the City of Isanti; and

WHEREAS, the City Council has determined that it is in the best interest of the residents of the City that all fees within the City are established by resolution; and

WHEREAS, these fees are fair, reasonable, and proportionate to the actual cost of the service for which the fee is imposed in accordance with Minnesota Administrative Rules 1300.0160; and

WHEREAS, the following fee schedule shall be effective January 1, 2018:

Date: December 15, 2017

Subject: Resolution Approving Activation of Deferred Assessments for the 2006 Street and Utility Improvement Project

---

On October 17, 2006, the City of Isanti held a Public Hearing on Special Assessments for the 2006 Street and Utility Improvement Project. As a part of this, assessments were deferred for three properties. The deferment of special assessments on the properties was for a period of 10 years. The deferment ended in 2016. As per the attached original resolution (City Resolution 2006-258), staff has reviewed the parcels and determined that they are developable. Therefore, this matter is being brought to the City Council to decide if the deferred special assessments should be levied on the properties. This matter has been reviewed by DOAC. The properties involved and special assessments due are:

Parcel Address/PID	Deferred Assessment (w Interest)
Isanti Villa Limited Partnership, PID 16.400.0230	$33,200.75
Isanti Villa Limited Partnership PID 16.400.0240	$12,510.00
New Hope Community Church PID 16.400.0021	$21,260.42

The property owners have been notified of this matter and the date/time of City Council consideration. If the City Council decides to levy the deferred assessment, attached is a Resolution for your consideration.

RESOLUTION NO. 2006-258

RESOLUTION ADOPTING ASSESSMENT FOR THE 2006 STREET IMPROVEMENT PROJECT

WHEREAS, pursuant to proper notice duly given as required by law, the council has met and heard and passed upon all objections to the proposed assessment for the 2006 Street Improvement Project described herein the improvement of Main Street East from the B.N.S.F. Railroad to Trunk Highway 65; Main Street West from C.S.A.H. 23 east approximately 450 feet; Nemo Avenue from Main Street south to Broadway Street; Richard Avenue from Broadway Street south to Shawn Street; Shawn Street from Richard Avenue east to Candy Avenue (with no sidewalk improvement); Candy Avenue from Broadway Street south to Shawn Street; Dahlin Avenue from C.S.A.H. No. 5 south to Broadway Street; utility improvements on a future extension of Richard Avenue between Broadway Street and Main Street; the replacement of sewer line in Elim Lane, and the construction of sidewalk along County Road 23 from South Brookview Lane to Main Street.

NOW THEREFORE, BE IT RESOLVED BY THE CITY COUNCIL OF ISANTI, MINNESOTA:

1. Such proposed assessment, a copy of which is attached hereto and made a part hereof, is hereby accepted and shall constitute the special assessment against the lands named therein, and each tract of land therein included is hereby found to be benefited by the proposed improvement in the amount of the assessment levied against it.

2. Such assessment shall be payable in equal annual installments extending over a period of ten (10) years, the first of the installments to be payable on or before May 15, 2007, and shall bear interest at the rate of 5.75 percent per annum from January 1, 2007. To the first installment shall be added interest on the entire assessment from January 1, 2007 until December 31, 2007. To each subsequent installment when due shall be added interest for one year on all unpaid installments.

3. The owner of any property so assessed may, at any time prior to certification of the assessment to the county auditor, pay the whole of the assessment on such property, with interest accrued to the date of payment, to the city treasurer, except that no interest shall be charged if the entire assessment is paid within 30 days from the adoption of this resolution (October 17, 2006); and may, at any time thereafter, pay to the city treasurer the entire amount of the assessment remaining unpaid, with interest accrued to December 31 of the year in which such payment is made. Such payment must be made before November 15 or interest will be charged through December 31 of the next succeeding year.

4. The owner of any property that is undeveloped and does not meet the current requirements to be developed shall have assessments deferred until such time as the property becomes developable, but in no event for a deferment period of greater than

ten (10) years. Said assessment shall accrue interest at a rate of 5.75 percent on an annual basis on the principal amount only. Should the city find the property does not meet the requirements to be developed after the ten year assessment period expires, the assessments on the subject properties shall be abated.

5. The clerk shall forthwith transmit a certified duplicate of this assessment to the county auditor to be extended on the property tax lists of the county. Such assessments shall be collected and paid over in the same manner as other municipal taxes.

This resolution is hereby adopted by the City Council of Isanti, Minnesota this 17th day of October, 2006.

Mayor David Anitz

Deferred Assessments:

160400230	102 Dahlin Ave N	Lots 39 & 40, Auditor sub-division 10	Isanti Villa Limited Partnership	$21,079.84
160400240	102 Dahlin Ave. N	Lot 41, Auditor sub-division 10	Isanti Villa Limited Partnership	$7,942.86
160400221	Dahlin Ave. N	Lot 38, Auditors Sub-division 10	Elim Baptist Church	$13,498.68

The above stated deferred assessments shall be deferred until such time as the property becomes developable, but in no event for a deferment period of greater than ten (10) years. Said assessment shall accrue interest at a rate of 5.75 percent on an annual basis on the principal amount only. Should the city find the property does not meet the requirements to be developed after the ten year assessment period expires, the assessments on the subject properties shall be abated.

RESOLUTION 2017-XXX

RESOLUTION APPROVING ACTIVATION OF DEFERRED ASSESSMENTS FOR THE 2006 STREET AND UTILITY IMPROVEMENT PROJECT

WHEREAS, pursuant to proper notice duly given as required by law, the council had met and heard and passed upon all objections to the proposed assessment for the 2006 Street and Utility Improvement Project on October 17, 2006; and,

WHEREAS, under MN Statutes 435.193 to 435.195 and City Code Chapter 276-6(B), the City Council may, in its discretion, defer the payment of special assessments unimproved property.; and,

WHEREAS, the City Council approved deferral of the Special Assessments on the undeveloped properties listed below for a period of 10 years per City Resolution 2006-258; and,

WHEREAS, the 10-year time period has passed and upon review, the Community Development Director has made a finding that they are developable. The Development and Operations Advisory Committee has reviewed this matter and has concurred with that finding and is recommending activation of the deferred special assessments for those properties:

NOW, THEREFORE, IT IS HEREBY RESOLVED by the City Council of the City of Isanti, Minnesota:

1. Prior deferred special assessments, adopted on the Assessment Roll for the 2006 Street and Utility Improvement Project are activated for the following property owners:

    a. Isanti Villa Limited Partnership, PID 16.400.0230
    b. Isanti Villa Limited Partnership, PID 16.400.0240
    c. Elim Baptist Church, PID 16.400.0221

2. Interest accrued on the prior deferred assessments at the rate of 5.75 % is due and payable upon the activation of the deferment of special assessments.

3. The City Administrator and City Clerk are directed to file the activated deferred special assessments with the County Auditor as prescribed by law.

This Resolution is hereby approved by the Isanti City Council this 19th day of December, 2017.

Attest:

Mayor George A. Wimmer

Katie Brooks
Human Resources/City Clerk

City of Isanti
Economic Development Authority
Regular Meeting Minutes of
November 7, 2017
Isanti City Hall

1. Call To Order

The meeting was called to order by President Wimmer at 7:20 p.m.

a. Pledge of Allegiance

b. Roll Call

Commissioners Present:	Dan Collison, Ross Lorinser, Paul Bergley, George Wimmer and Steve Lundeen
Commissioners Absent:	Tara Hallberg (Excused)
Staff Present:	Economic Development Director Sean Sullivan

c. Agenda Modifications

Motion by Lundeen, second by Lorinser approve the Agenda as presented. Motion passed unanimously.

2. Approve Minutes of October 3, 2017 Regular Economic Development Meeting

Motion by Bergley second by Lundeen to approve the minutes as presented for October 3, 2017. Motion passed unanimously.

3. Isanti Hotel Update

Economic Development Director Sullivan outlined the remaining processes/steps involved in the 60 Unit Best Western Plus Hotel Project. He stated that a complete site plan application had been submitted in October and that it would be reviewed at the November 21 Planning Commission Meeting. He indicated that all city site plan approvals would be received by City Council on December 5th if there were no issues. The Developer and Bank are finalizing financing and the city expects to see an executed term sheet soon.

No action was taken on this item.

4. City Promo Bag Order

Economic Development Director Sullivan highlighted the history of the promo bag program. He indicated it was successful last year and he recommended continuing it again next year. He obtained quotes from 3 vendors and the lowest vendor was Promo Direct for 1000 bags. The

recommendation from Economic Development Director Sullivan was to have the EDA recommend to the City Council to select Promo Direct and to order 1000 bags for next year. The expense would be coded to EDA Marketing – 495.

Motion by Lundeen, second by Bergley to have the EDA recommend to the City Council to select Promo Direct and to order 1000 bags for next year and to have them funded through EDA marketing -495. Motion passed unanimously

5. Other Business / Updates

Sullivan stated that he and President Wimmer attended the Ribbon Cutting for Rockstad and Co Relics and Wares on October 27th. He indicated that the new owner appreciated the grand opening and publicity for the event. It's a great addition to Isanti.

President Wimmer noted that the Chamber of Commerce was also in attendance and that the business has been doing well since it opened.

Commissioner Lorinser stated that he wanted to thank Economic Development Director Sullivan and President Wimmer and acknowledge an outstanding job putting the hotel deal together.

President Wimmer indicated that it was the intention of the Developer to break ground in December 2017 if possible.

Sullivan called out the fact the MOAT Trailers and Speed Wagon had not yet moved into a building but are still actively looking in Isanti.

6. Adjournment

Lundeen motioned, second by Lorinser to adjourn at 7:28 pm. Motion carried unanimously.

Dated at Isanti, Minnesota, this 7th Day of November, 2017.

Respectively Submitted,

Sean M. Sullivan, Economic Development Director

RESOLUTION 2017 - XXX

A RESOLUTION ACCEPTING PROPOSAL FOR ISANTI INDOOR ARENA RADIANT HEATER REPAIR

WHEREAS, radiant heater units in the Isanti Indoor Arena are in need of repair; and,

WHEREAS, according to the Lease Agreement with Rum River BMX Association, mechanical issues with the facility are the responsibility of the City of Isanti; and,

WHEREAS, staff have contacted contractors for estimates, and because the contractors came out on separate occasions the units were functioning differently, affecting the diagnosis of the issue; and,

WHEREAS, at its December 7, 2017 meeting, the Finance Committee reviewed the proposals and recommended accepting the proposal from T M Johnson Bros, Inc. at $2,136.00; and,

WHEREAS, these repairs were not anticipated, and are therefore unbudgeted; and,

WHEREAS, Rum River BMX Association makes monthly lease payments for use of the Isanti Indoor Arena which have historically been applied to the General Fund Revenue account; and,

WHEREAS, the funding for these repairs will be Rum River BMX Association lease payment revenue;

NOW, THEREFORE, IT IS HEREBY RESOLVED by the City Council of the City of Isanti, Minnesota to hereby accept the proposal from T M Johnson Bros., Inc for the necessary repairs to the radiant heater units at the Isanti Indoor Arena;

BE IT FURTHER RESOLVED by the City Council of the City of Isanti, Minnesota that the funding source for these repairs will be Rum River BMX Association lease payment revenue. The amount of these repairs, with contingency, is not to exceed $2349.60.

This Resolution is hereby approved by the Isanti City Council this 19th day of December 2017.

RESOLUTION 2017 - XXX

A RESOLUTION APPROVING 2018 ASCAP MUSIC LICENSE

WHEREAS, the American Society of Composers, Authors, and Publishers (ASCAP) has determined that a license is required for the City of Isanti's use of music at its facilities; and,

WHEREAS, live music is performed at Street Dances and recorded music is played at Isanti Liquor; and,

WHEREAS, at its December 7, 2017 meeting, the Finance Committee discussed this license and recommends the fee be split evenly between the Parks, Recreation, and Culture Department and the Liquor Store; and,

WHEREAS, the 2018 annual fee is $348.00, and the funding will be $174.00 from 101-45300-499 (PRC-Street Dances) and $174.00 from 609-49750-340 (Liquor Store – Advertising); and,

NOW, THEREFORE, IT IS HEREBY RESOLVED by the City Council of the City of Isanti, Minnesota to approve the expense of $348.00 for the ASCAP music license for 2018 to be split evenly between Parks, Recreation, and Culture and the Liquor Store;

BE IT FURTHER RESOLVED by the City Council of the City of Isanti, Minnesota to approve the License Agreement with ASCAP as attached in "Exhibit A."

This Resolution is hereby approved by the Isanti City Council this 19th day of December 2017.

Exhibit A

LICENSE AGREEMENT - LOCAL GOVERNMENTAL ENTITIES

Agreement between American Society of Composers, Authors and Publishers ("SOCIETY"), located at

2 Music Square West, Nashville, TN 37203

and City of Isanti, MN

("LICENSEE"), located at

110 1st Avenue NW - P.O. Box 428 Isanti MN 55040

as follows:

1. Grant and Term of License

(a) ASCAP grants and LICENSEE accepts a license to perform publicly on the "Premises" and at "Events" and "Functions," and not elsewhere or otherwise, non-dramatic renditions of the separate musical compositions in the "ASCAP repertory." The performances licensed under this Agreement may be by means of "Live Entertainment" or "Mechanical Music". For purposes of this Agreement,

(i) "LICENSEE" shall include the named entity and any of its constituent bodies, departments, agencies or leagues.

(ii) "Mechanical Music" means music which is performed at the Premises by means other than by live musicians who are performing at the Premises, including, but not limited to (A) compact disc, audio record or audio tape players (but not including "jukeboxes"), (B) videotape, videodisc or DVD players; (C) the reception and communication at the premises of radio or television transmissions which originate outside the Premises; and which are not exempt under the Copyright Law; or (D) a music-on-hold telephone system operated by LICENSEE at the Premises.

(iii) "Live Entertainment " means music that is performed at the Premises by musicians, singers or other performers.

(iv) "Premises" means buildings, hospitals, airports, zoos, museums, athletic facilities, and recreational facilities, including, but not limited to, community centers, parks, swimming pools, and skating rinks owned or operated by LICENSEE and any site which has been engaged by LICENSEE for use by LICENSEE.

(v) "ASCAP repertory" means all copyrighted musical compositions written or published by ASCAP members or members of affiliated foreign performing rights societies, including compositions written or published during the term of this Agreement and of which ASCAP has the right to license non-dramatic public performances.

(vi) "Events" and "Functions" means any activity conducted, sponsored, or presented by or under the auspices of LICENSEE. Except as set forth in paragraph 2.(d) below, "Events" and "Functions" shall include, but are not limited to, aerobics and exercise classes, athletic events, dances and other social events, concerts, festivals, arts and crafts fairs, and parades held under the auspices of or sponsored or promoted by LICENSEE on the Premises.

(vii) "Special Events" means musical events, concerts, shows, pageants, sporting events, festivals, competitions, and other events of limited duration presented by LICENSEE for which the "Gross Revenue" of such Special Event exceeds $25,000 (as defined in paragraph 4.(d) below).

(b) This Agreement shall be for an initial term of one year, commencing January 1, 2018, which shall be considered the effective date of this Agreement, and continuing thereafter for additional terms of one year each. Either party may give notice of termination to the other no later than thirty (30) days prior to the end of the initial or any renewal term. If such notice is given, the agreement shall terminate on the last day of the term in which notice is given.

2. Limitations On License

(a) This license is not assignable or transferable by operation of law or otherwise. This license does not authorize LICENSEE to grant to others any right to perform publicly in any manner any of the musical compositions licensed under this agreement, nor does it authorize any public performances at any of the Premises in any manner except as expressly herein provided.

(b) This license does not authorize (i) the broadcasting, telecasting or transmission or retransmission by wire, Internet, website or otherwise, of renditions of musical compositions in ASCAP's repertory to persons outside of the Premises, other than by means of a music-on-hold telephone system operated by LICENSEE at the Premises; and (ii) performances by means of background music (such as *Muzak*) or other services delivered to the Premises. Nothing in this paragraph shall be deemed to limit LICENSEE's right to transmit renditions of musical compositions in the ASCAP repertory to those who attend Events or Functions on the Premises by means of teleconferencing, videoconferencing or similar technology.

(c) This license is limited to non-dramatic performances, and does not authorize any dramatic performances. For purposes of this agreement, a dramatic performance shall include, but not be limited to, the following:

(i) performance of a "dramatico-musical work" (as hereinafter defined) in its entirety;

(ii) performance of one or more musical compositions from a "dramatico-musical work (as hereinafter defined) accompanied by dialogue, pantomime, dance, stage action, or visual representation of the work from which the music is taken;

(iii) performance of one or more musical compositions as part of a story or plot, whether accompanied or unaccompanied by dialogue, pantomime, dance, stage action, or visual representation;

(iv) performance of a concert version of a "dramatico-musical work" (as hereinafter defined).
The term "dramatico-musical work" as used in this Agreement, shall include, but not be limited to, a musical comedy, opera, play with music, revue, or ballet.

(d) This license does not authorize performances:

(i) at any convention, exposition, trade show, conference, congress, industrial show or similar activity presented by LICENSEE or on the Premises unless it is presented or sponsored solely by and under the auspices of LICENSEE, is presented entirely on LICENSEE'S Premises, and is not open to the general public;

(ii) by or at colleges and universities;

(iii) at any professional sports event or game played on the Premises;

(iv) at any permanently situated theme or amusement park owned or operated by LICENSEE;

(v) by any symphony or community orchestra;

(vi) by means of a coin operated phonorecord player (jukebox) for which a license is otherwise available from the Jukebox License Office.

3. License Fee

(a) In consideration of the license granted herein, LICENSEE agrees to pay ASCAP a license fee which includes the total of the "Base License Fee" and any applicable "Special Events License Fees", all of which shall be calculated in accordance with the Rate Schedule attached to and made part of this Agreement. For purposes of this Agreement,

(i) "Base License Fee" means the annual fee due in accordance with Schedule A of the Rate Schedule and based on LICENSEE's population as established in the most recent published U.S. Census data. It does not include any fees due for Special Events.

(ii) "Special Events License Fees" mean the amount due in accordance with Schedule B of the Rate Schedule when Special Events are presented by or on behalf of LICENSEE. It does not include any Base License Fees due.

(iii) LICENSEES who are legally organized as state municipal and/or county leagues or state associations of municipal and/or county attorneys shall be required to pay only the fee under Schedule C of the Rate Schedule. Such leagues or associations are not subject to Schedule A or Schedule B of the Rate Schedule. Fees paid by such leagues or associations do not cover performances of the municipality, county or other local government entity represented by the league or association. Schedule C fees are not applicable to municipal, county or other local government entities.

Unless otherwise limited by law, LICENSEE shall pay a finance charge of 1.5% per month from the due date, or the maximum amount permitted by law, whichever is less, on any required payment that it is not made within thirty days of its due date.

4. Reports and Payments

(a) Upon the execution of this Agreement, LICENSEE shall submit:

(i) a report stating LICENSEE's population based on the most recent published U.S. Census data. The population set forth in the report shall be used to calculate the Base License Fee under this Agreement; and (ii) a report containing the information set forth in paragraph 4.(d) below for all Special Events that were presented between the effective date of this Agreement and the execution of this Agreement.

(b) The Base License Fee for the first year of this Agreement and any license fees due for Special Events that were presented between the effective date of this Agreement and the execution of this Agreement shall be payable upon the execution of this Agreement.

(c) Base License Fees for subsequent years shall be due and payable within 30 days of the renewal date of this Agreement and shall be accompanied by a statement confirming whether any Special Events were presented during the previous calendar year.

(d) Ninety days after the conclusion of each Special Event, LICENSEE shall submit to ASCAP payment for such Special Event and a report in printed or computer readable form stating:

(i) the date presented;

(ii) the name of the attraction(s) appearing;

(iii) the "Gross Revenue" of the event. "Gross Revenue" means all monies received by LICENSEE or on LICENSEE'S behalf from the sale of tickets for each Special Event. If there are no monies from the sale of tickets, "Gross Revenue" shall mean contributions from sponsors or other payments received by LICENSEE for each Special Event;

(iv) the license fee due for each Special Event.

(e) If LICENSEE presents, sponsors or promotes a Special Event that is reportable under Rate Schedule B with another person or entity licensed under an ASCAP License Agreement, LICENSEE shall indicate the name, address, phone number and ASCAP account number of the other person(s) or entity(ies) and the party responsible for payment for such Special Event. If the other party is not licensed by ASCAP, LICENSEE shall pay the license fee due hereunder, notwithstanding any agreement to the contrary between LICENSEE and the other party.

(f) LICENSEE agrees to furnish to ASCAP, where available, copies of all programs of musical works performed, which are prepared for distribution to the audience or for the use or information of LICENSEE or any department thereof. The programs shall include all encores to the extent possible. LICENSEE shall be under no obligation to furnish programs when they have not been otherwise prepared.

(g) ASCAP shall have the right to examine LICENSEE'S books and records at LICENSEE's place of business during normal business hours to such extent as may be necessary to verify the reports required by paragraph 4.(d) above. ASCAP shall have the right to adjust LICENSEE's Base License Fee based upon the most recently available revised population figures and Population Estimates Program provided by the U.S. Census Department.

5. Breach or Default

Upon any breach or default by LICENSEE of any term or condition herein contained, ASCAP may terminate this license by giving LICENSEE thirty days notice to cure such breach or default, and in the event that such breach or default has not been cured within said thirty days, this license shall terminate on the expiration of such thirty-day period without further notice from ASCAP. In the event of such termination, ASCAP shall refund on a pro-rata basis to LICENSEE any unearned license fees paid in advance.

6. Interference in Operations

ASCAP shall have the right to terminate this license upon thirty days written notice if there is any major interference with, or substantial increase in the cost of, ASCAP's operations as the result of any law in the state, territory, dependency, possession or political subdivision in which LICENSEE is located which is applicable to the licensing of performing rights. In the event of such termination, ASCAP shall refund to LICENSEE on a pro-rata basis any unearned license fees paid in advance.

7. Non-Discrimination

LICENSEE recognizes that ASCAP must license all similarly situated users on a non-discriminatory basis. LICENSEE agrees that any modifications to this Agreement by ASCAP, which are required by local, state or federal law for other municipalities, counties and other governmental entities shall not constitute discrimination between similarly situated users. Examples of such modifications are statements of equal employment opportunity or nondiscrimination on the basis of race, creed, color, sex or national origin.

8. Notices

ASCAP or LICENSEE may give any notice required by this Agreement by sending it by certified United States Mail, by generally recognized same-day or overnight delivery service or by electronic transmission (i.e., Mailgram, facsimile or similar transmission) to the appropriate person/office as listed herein. Each party agrees to notify the other of any change in contact information, such as change of address, change of person/office responsible, etc. within 30 days of such change.

Request for City Council Action - MEMO

To: **Mayor Wimmer and Members of City Council**

From: Sean M. Sullivan, Economic Development Director

Date: December 19, 2017

Subject: Consider Resolution 2017-XXX Authorizing Reimbursement of RLF Payments to Enterprise Avenue Properties LP and to Execute Satisfaction of Mortgage

---

Background:

The City of Isanti entered into a loan agreement and mortgage on October 8, 2015 with Enterprise Avenue Properties LP as part of the purchase of the real estate located at 1 Enterprise Avenue NE and the relocation of SnoBear USA, Inc from Fargo, North Dakota to Isanti, Minnesota. The mortgage document was filed at the Isanti County Recorder on October 12, 2015 and is identified by document number A453505. Terms of the $27,000 mortgage call for 100% forgiveness of the loan if 25 full time jobs with an hourly wage of $12.75 or higher were created by SnoBear USA, Inc. on or before August 25, 2017. SnoBear USA, Inc. has met, and exceeded these job creation goals, provided documentation supporting this, and has requested reimbursement loan payments in the amount of $7,392.89 that have already been paid to the City of Isanti. In addition to the reimbursement of the loan payment, City Staff is asking the City Council to authorize City Officials to execute a Satisfaction of Mortgage document to be drafted and approved by City Attorney Joslin.

Request:

Consider adoption of Resolution 2017-XXX Authorizing Reimbursement of RLF Payments to Enterprise Avenue Properties LP and to Execute Satisfaction of Mortgage

Attachment:

- Resolution 2017-XXX - Authorizing Reimbursement of RLF Payments to Enterprise Avenue Properties LP and to Execute Satisfaction of Mortgage

RESOLUTION NO. 2017-XXX

AUTHORIZING REIMBURSEMENT OF RLF PAYMENTS TO ENTERPRISE AVENUE PROPERTIES LP AND TO EXECUTE SATISFACTION OF MORTGAGE

WHEREAS, the City of Isanti and Enterprise Avenue Properties LP entered into a $27,000 loan agreement from the City RLF Fund dated October 8, 2015 (the "Loan Agreement") with provisions that make the loan 100% forgivable if 25 full time jobs having a minimum wage of $12.75 are created onsite on or before August 25, 2017; and

WHEREAS, the City of Isanti and Enterprise Avenue Properties LP entered into a $27,000 Mortgage dated October 8, 2015 and filed at the Isanti County Recorder Office as Document Number A453505 on October 12, 2015(the "Mortgage"); and

WHEREAS, SnoBear USA, Inc. has provided documentation of the creation of at least 25 full time jobs on or before August 25, 2017 which meets the provisions of the Loan Agreement which make the $27,000 100% forgivable; and

WHEREAS, The City of Isanti has received $7,392.89 in RLF payments for this project and a request has been made to have these funds reimbursed to Enterprise Avenue Properties LP; and

WHEREAS, the creation of the aforementioned 25 jobs satisfies the requirements of the Loan Agreement and effectively satisfies obligations of the Mortgagor in the Mortgage.

NOW, THEREFORE, IT IS HEREBY RESOLVED by the City Council of the City of Isanti, Minnesota authorize:

1) Reimbursement of City RLF Loan payments in the amount of $7,392.89 to Enterprise Avenue Properties LP from the SnoBear City RLF Fund 219-10311
2) The Mayor and City Administrator to execute a Satisfaction of Mortgage for Document Number A453505 to be drafted and approved by City Attorney Joslin

This Resolution hereby approved by the Isanti City Council this 19th day of December 2017.

RESOLUTION 2017-XXX

RESOLUTION ENDING PROBATIONARY PERIOD AND PROMOTION TO FULL TIME PERMANENT EMPLOYEE STATUS FOR FINANCE DIRECTOR MICHAEL BETKER

WHEREAS, the City offered employment to Mr. Michael Betker as the Finance Director for the City of Isanti with a start date of June 5th, 2017; and

WHEREAS, the City of Isanti's Personnel Policy requires a six-month probationary period for new employees of the City; and

WHEREAS, Mr. Michael Betker has successfully completed his probationary period and is recommended by his Supervisor, City Administrator Don Lorsung, to place him as a permanent full-time employee for the City of Isanti.

NOW, THEREFORE, IT IS HEREBY RESOLVED by the City Council of the City of Isanti, Minnesota as follows:

1. That Mr. Michael Betker, effective from December 12th, 2017 obtains permanent status as a full-time employee of the City of Isanti in the position of Finance Director with all responsibilities and benefits of that position.

2. That the City Administrator is directed to forward an executed copy of this resolution to the employee and place a copy in the respective personnel files for future reference.

This Resolution is hereby approved by the Isanti City Council this 19th day of December, 2017.

RESOLUTION 2017-XXX

RESOLUTION OFFERING THE POSITION OF PART-TIME LIQUOR STORE CLERK II TO GREG FAUSKEE

WHEREAS, the City Council of the City of Isanti is required to approve all new employees; and

WHEREAS, the City Council approved to advertise and accept applications to fill a Liquor Store Part-Time Clerk position; and

WHEREAS, the Interviewing Panel selected Greg Fauskee as the most qualified candidate for the open Part-Time Clerk position. A successful background check has been completed on the candidate.

NOW, THEREFORE, IT IS HEREBY RESOLVED by the City Council of the City of Isanti, Minnesota, as follows:

1. That Human Resources is hereby directed to offer the Part Time Liquor Store Clerk II position to Greg Fauskee for the City of Isanti and that he shall be eligible to start in that position on or after January 2, 2018.
2. That Greg Fauskee shall start at Step 1 of the Wage Scale at $14.66 per hour.
3. That Mr. Fauskee shall be on probationary status per the Personnel Policy in the position of the Part-Time Clerk II position effective January 2, 2018, or his start date, whichever is later.
4. That Human Resources is directed to complete all required documentation for the completion of the employment offer.
5. That Human Resources is directed to forward an executed copy of this resolution to the employee and place a copy in the employee's personnel file for future reference.

This Resolution is hereby approved by the Isanti City Council this 19th day of December, 2017.

Request for City Council Action- MEMO

To. **Mayor Wimmer and Members of City Council**

From: Josi Wood, Public Services Director/Asst. City Admin.

Date: December 19th, 2017

Subject: Resolution to Approve an Emergency Repair of a Watermain Break on Centennial Dr NW

Staff became aware of a watermain break on Centennial Dr NW, south of Oakwood St NW, Monday December 11th, 2017. The section of pipe broke into two pieces. Staff determined for the viability and integrity of the distribution system that the repair be made immediately. The contractor, Dirtworks, Inc., were onsite at approximately 10:30pm. The repair was inspected by Bolton and Menk and the system was recharged with water at 5:30 am December 12th.

The amount owed for the emergency repair is $5,775.50 and is attached for review. The funding source is identified as Water, Contracted Services, 601-49400-112

Request:
It is requested that City Council review and take action on this item.

Attachment:
- Resolution 2017-XXX – Resolution to Approve the Emergency Repair of a Watermain Break on Centennial Dr NW
- Dirtworks, Inc. Invoice

RESOLUTION NO. 2017-

A RESOLUTION APPROVING THE EMERGENCY REPAIR OF A WATERMAIN BREAK ON CENTENNIAL DR NW

WHEREAS, a watermain break was identified December 11, 2017 on Centennial Dr NW south of Oakwood St NW; and,

WHEREAS, it was determined that an emergency repair was necessary to maintain the integrity of the City's water supply; and,

WHEREAS, staff determined Dirtworks, Inc. was able to perform the emergency repair which they completed December 12, 2017; and,

WHEREAS, the final invoice for the watermain break repair was $5,775.50; and,

WHEREAS, the funding source is identified as Water, Contracted Services (expense code 112);

NOW, THEREFORE, BE IT RESOLVED by the City Council of the City of Isanti, Minnesota hereby accepts the invoice from Dirtworks, Inc. for repair of the watermain break on Centennial Dr NW in the amount of $5,775.50.

This Resolution was duly adopted by the Isanti City Council the 19th day of December, 2017.

City Council Memo

TO: Mayor Wimmer and City Council Members

FROM: Katie Brooks, Human Resources/ City Clerk

DATE: December 19, 2017

RE: Resolution 2017-XXX Amending Maintenance Technician I to Include Working Rotating On-Call in the Job Description

The November 22nd Personnel Committee met with Local 49 Union Representative Cory Bergerson. This meeting was to discuss a MOU (Memorandum of Understanding) approving the verbiage in the Maintenance Technician I job description to include being "on- call" rotation. The City Council meeting on December 5th carried a motion approving Resolution 2017-302 (MOU) to add to the job description "on-call rotation."

Please see attached job description for revision.

RESOLUTION NO. 2017-XXX

RESOLUTION APPROVING REVISED JOB DESCRIPTION OF MAINTENANCE TECHNICIAN I

WHEREAS, based on changes needed in Public Works staffing requirements, the job description for the Maintenance Technician I classification has been revised and updated; and,

WHEREAS, the City Council "On-Call" to be added to the job description in Resolution 2017-302,

NOW THEREFORE, BE IT RESOLVED by the City Council of the City of Isanti, Minnesota to approve the revisions outlined in 'Exhibit A' for the Maintenance Technician I position.

This resolution was duly adopted by the Isanti City Council this 19th day of December, 2017.

Attest:

Mayor George A. Wimmer

Katie Brooks
Human Resources/City Clerk

CITY OF ISANTI
JOB DESCRIPTION

JOB TITLE:	Maintenance Technician I
DEPARTMENT:	Public Works
SUPERVISION:	Public Services Director / Foreman
EFFECTIVE DATE:	March 21, 2017
FLSA STATUS:	Non-Exempt
HOURS WORKED:	Scheduled 40 hours/week plus rotating on-call

DEFINITION:
This is a non-supervisory position to perform manual and routine maintenance functions at and on city parks, streets, buildings, grounds, vehicles, equipment, and its operational components. Performs a wide variety of seasonal maintenance tasks such as mowing, weeding, landscaping, street patching, street painting, snowplowing and other duties as assigned.

SUPERVISION RECEIVED:
Works under the general supervision of the direct supervisor, the Public Services Director. Additionally, receives supervision and work direction from the Foreman.

SUPERVISORY FUNCTIONS:
None.

EQUIPMENT/JOB LOCATION:
Works out of the Public Works Facility. Equipment used includes, but is not limited to, light to heavy equipment including but not all inclusive; plow and dump trucks, street sweeper, front end loaders, skid-steer loader, rollers, motor graders, commercial mowers, weed whips, shovels, rakes, brooms, etc.

MAINTENANCE TECHNICIAN I - ESSENTIAL FUNCTIONS PERFORMED:
Essential duties listed below are intended only as illustrations of the various types of work that may be performed. The omission of specific statements of duties does not exclude them if the work is similar, related to, or a logical assignment to the position.

- Follows oral and written instructions such as work orders and equipment operation manuals.
- Plow, sand, salt, sweep, crack seal, and patch streets and sidewalks.
- General maintenance and cleaning of all city vehicles.
- May provide general plumbing and carpentry work as necessary.
- Assist Maintenance Tech II in routine preventive and corrective maintenance/repair on water and sewer lines, lift stations, storm sewers, manholes, gate valves, curb stops, water hydrants, and related equipment to prevent service interruptions.
- Perform routine preventative maintenance such as lubrication, cleaning, and replacement of expendable parts and materials in compliance with applicable standards.

- Uses proper techniques for locating, marking, painting, and maintaining water hydrants, curb stops, valve boxes, water and sewer lines, crosswalks, railroad crossings, and handicap parking areas.
- Performs building and grounds maintenance on all city properties including ditches, municipal buildings, i.e. city hall, police and fire department, liquor store, public works garage, parks, well houses, water tower, and other vacant city lots; and includes tree planting, tree trimming, landscaping, seeding, weeding, fertilizing, sodding, and watering.
- Uses proper techniques associated with water main flushing and sewer cleaning.
- Performs and understands basic operations of the emergency trailer mounted generator, stationary generator, and trailer mounted air compressor, and accessories.
- Performs cutting, trimming and pruning of trees and vegetation, removal of dead or diseased trees.
- Maintenance of ice rinks.
- Maintains sprinkling systems.
- Performs general spraying of noxious weeds as assigned
- Assists seasonal staff with general maintenance of city compost area
- Record all required records onto charts, graphs, and maps.
- Uses skid steer, and loaders to assist in snow removal.
- If proper licensure is held, may operate vehicles (requiring a valid class B Minnesota driver's license, including an airbrake endorsement) such as snowplows, dump trucks, street sweeper, etc.) to assist in snow removal.
- Attendance during regularly scheduled work hours and the ability to be on-call for weeknights, weekends, and holidays for emergencies and snow removal.
- Participates in required annual training.

OTHER DUTIES AND RESPONSIBILITIES:

Performs other related duties as assigned or apparent.

REQUIRED KNOWLEDGE, SKILLS AND ABILITIES:

To perform this job successfully, an individual must be able to perform each essential duty satisfactorily. The requirements listed below are representative of the knowledge, skill, and/or ability required.

- Thorough practical knowledge of principals, practices, and methods including tools and equipment used in maintenance.
- Practical knowledge, capabilities, limitations of city equipment, repair techniques, preventative maintenance, and safe use of department equipment.
- Knowledge and ability to perform general street and park maintenance and repair.
- Ability to operate all equipment and tools of a public works department including plow and dump trucks, street sweeper, front end loaders, skid-steer loader, lawn mowers, weed whips, grinders, chain and other saws, ratchets, wrenches, drill, air tools, etc.
- Ability to respond quickly and decisively in emergency situations, during regular and after regular working hours.
- Ability to exert moderate to considerable physical effort to perform the position's essential duties.

- Ability to maintain records and files.
- Considerable ability to read and interpret technical manuals, read and follow instructions, maps, graphs, charts, and to have the ability to determine solutions to a variety of maintenance and repair problems.
- Ability to perform specialized tasks involving innovative and independent judgment.
- Ability to work cooperatively with all levels of city personnel and the public.
- Ability to establish and maintain effective working relationships with others.
- Ability to be detail oriented, follow through with tasks.
- Ability to work as a team.
- Ability to work rotating on-call work schedule assigned by the Public Services Director.
- Must comply with organizational department policies.
- Ability to perform essential functions during required hours of work.
- Ability to respond to work in the allotted time as established by policy.
- Ability to perform general mechanical duties.

PHYSICAL DEMANDS:

The physical demands described herein are representative of those that must be met by an employee to successfully perform the essential functions of this position.

- Ability to push, pull, bend, stretch, kneel, squat, walk, and lift during the workday.
- Walking on all types of surfaces, sometimes over slippery and/or uneven and rough terrain.
- The employee is required to sit, talk, hear, use hands to finger, handle or feel objects, tools, or controls; and reach with hands and arms.
- Considerable ability to use large motor skills which include standing, walking, and climbing ladders and stairs during the workday.
- Ability to twist and turn getting in and out of vehicles throughout the day as required for the position.
- Considerable ability to use fine motor skills to manipulate objects requiring manual dexterity.
- The employee may frequently lift and/or move up to 75 pounds.
- Specific vision abilities required by this position include close vision, distance vision, color identification, peripheral vision, depth perception and ability to adjust focus as it relates to tasks required in the position.

ENVIRONMENTAL CONDITIONS:

Ability to work in all types of weather conditions, heat, cold, rain, snow, etc. The essential duties of this position are typically performed outside. May have contact with chemicals, i.e.: automotive products, fumes, and dust. The noise level in the work environment is usually moderate.

MINIMUM REQUIREMENTS:

- Must be 18 years of age or older
- High School degree or equivalent.
- Physical ability to lift and/or move 75 pounds
- Valid Minnesota Driver's License

- Possess valid pesticide applicator license or ability to obtain through Department of Agriculture after completion of one year of employment.
- Basic knowledge of maintenance methods and procedures on light and/or heavy duty equipment.
- Pass a pre-employment physical examination.
- Pass a pre-employment and/or random drug/alcohol testing.

PREFERRED REQUIREMENTS:

- Valid Minnesota B Driver's License, with air brake endorsement, or ability to obtain within one year of employment.
- Valid Pesticide Applicator License

NON-DISCRIMINATION STATEMENT

The City of Isanti will not discriminate against any employee or applicant for employment because of race, color, creed, religion, national origin, sex, disability, age, marital status, sexual orientation status with regard to public assistance, or any other legally protected class or status.

(The examples given above are intended only as illustrations of various types of work performed and are not necessarily all-inclusive. This position description is subject to change as the needs of the employer and requirements of the position change. The City of Isanti reserves the right to change and/or eliminate any and all job duties if needed).

City of Isanti
Economic Development Authority
Regular Meeting Minutes of
December 5, 2017
Isanti City Hall

1. Call To Order

The meeting was called to order by President Wimmer at 7:48 p.m.

a. Pledge of Allegiance

b. Roll Call

Commissioners Present:	Dan Collison, Ross Lorinser, Paul Bergley, George Wimmer Tara Hallberg and Steve Lundeen
Commissioners Absent:	None
Staff Present:	Economic Development Director Sean Sullivan

c. Agenda Modifications

Motion by Lundeen, second by Collison approve the Agenda as presented. Motion passed unanimously.

2. Approve Minutes of November 7, 2017 Regular Economic Development Meeting

Motion by Lorinser second by Collison to approve the minutes as presented for November 7, 2017. Motion passed unanimously.

3. Isanti Hotel Update

Economic Development Director Sullivan outlined the remaining processes/steps involved in the 60 Unit Best Western Plus Hotel Project. He stated that the site plan had been approved at the December 5, 2017 City Council Meeting and that there were not any more city approvals needed. The Developer and Bank are finalizing financing and will move forward with execution of the development agreement and site transfer when financing is completed.

No action was taken on this item.

4. 2014-2017 Minnesota Manufacturing Week Summary Report

Economic Development Director Sullivan highlighted the summary results of the 2017 survey. He indicated that business was going well for area manufacturers and that this summary data was important feedback from businesses. The only business that did not participate was ProtoTech due

to scheduling conflicts. Sullivan passed out color copies for review. The need for a hotel and workforce housing were a theme that was communicated by businesses to the city.

President Wimmer added that businesses have communicated that there is a need for more workers in the fields of the trades. Cambridge Isanti High School used to excel in this area but these programs are not where they used to be. Commitment to these areas in schools would help solve this workforce issue. These are really good paying jobs that are in demand.

Economic Development Developer Sullivan touched briefly on current successful high school / business / community programs including Cardinal Manufacturing in Wisconsin, Tiger Path in Hutchinson and the Alexandria Area Schools and its integration with Alexandria Technical College.

President Wimmer indicated that the local transportation system could still be better even though they have added more busses.

County Commissioner Warring stated that there is no longer a Metro Transit pickup point at the East Bethel movie theater which makes it more difficult to connect into the system.

5. Other Business / Updates

Sullivan highlighted items on the staff memo.

89 single family building permits have been pulled as of December 5th, 2017. Two more are waiting to be picked up. This will have significant positive tax impacts when they are added to the taxable market value in the city.

6. Adjournment

Lundeen motioned, second by Lorinser to adjourn at 8:05 pm. Motion carried unanimously.

Dated at Isanti, Minnesota, this 5th Day of December, 2017.

Respectively Submitted,

_____

Sean M. Sullivan, Economic Development Director

MEMORANDUM

Date: December 14, 2017

To: Don Lorsung, City Administrator

From: Bradley C. DeWolf, P.E.

Subject: Engineering Update for the Week of December 18, 2017
Isanti, MN
Project No.: R13.113062

The following is a list of anticipated engineering activities scheduled for the coming week:

1) 2017 Palomino Road Improvements

The site has been stabilized for the winter. Final sodding will take place in the spring prior to the final pavement installation.

2) Arts & Science Addition

The site has been stabilized for the winter. The final pavement lift will occur next spring.

3) MS4 Phase 2 & 3 Implementation

We will continue to assemble documents to assist the City in meeting the requirements of the MS4 permit for Phase 2 and Phase 3 of the implementation schedule.

4) Wastewater Treatment Improvements

Final punch list items will continue to be addressed this week.

5) Cajima Street/TH 65 Signal Study

We have completed the Intersection Control Evaluation (ICE) report and will make any City requested revisions.

6) General Engineering

General engineering activities are performed on an as-needed, as requested basis.

In addition to the current projects listed above we have completed and accepted 44 private developments and 48 city contracts since being selected as your City Engineer in 2008. Please contact Jason or I if you have any questions.

Bolton & Menk is an equal opportunity employer.
