I. Council Committee Reports

Mayor Wimmer mentioned that recently there were two incidents with the power outage and the water-main break by the Isanti Middle School. Mayor Wimmer pointed out that City of Isanti staff, the Police Department, Public Works, and the Isanti Fire District all responded to the incidents incredibly well. It was a really great job with two incidents that could have gone poorly.

J. Public Hearings

None.

K. Business Items

1. Report on Library Outreach Stop and Extension of Agreements
    a. **Resolution 2017-303** Approving Partnership Agreements Between the City of Isanti and the East Central Regional Library and the Isanti Area Friends of the Library

Carla Lydon, the new Executive Director for the East Central Regional Library, reported on the library outreach service. She said they appreciate the support provided by the City of Isanti for the last eight years. The site provides a link to the library services that are offered by ECRL and brings those services closer to the people of Isanti one day a week. The outreach librarian, Tim Olson, provides those services in Isanti once a week along with Braham, Onamia, and a route to the northern Counties of Aitkin and Pine area. Ms. Lydon said the outreach stop is a prime example of wonderful inter-governmental cooperation. The county and state provide services through ECRL, the City provides space, and the citizen volunteer group of "The Friends" provides additional support.

The partnership agreement specifies that an annual evaluation be done for continued service. The most recent evaluation shows an increase of use over last year. Through the end of November, the site has been open 48 days with just over 1,600 people for an average of 35 people per day, which is up about 37% since last year. That increase is attributed to more school and daycare visits to the outreach site. In addition, there has been an 8% increase of materials that have been borrowed through the outreach site which equals about 3,400 materials borrowed over the last year. Ms. Lydon said they appreciate the continued support of the library service in the City and would like to renew the partnership agreement for 2018.

Mayor Wimmer agreed that this has been a good relationship. Councilmember Lundeen said he believes outreach librarian Tim Olson is the right person to have in the position and he has heard nothing but good things about him.

Motion by Lorinser, second by Lundeen to approve the resolution. Motion carried.

2. **Resolution 2017-304** Amending and Extending SAC and WAC Deferral Program to December 31, 2018. This program allows Builders working on projects in the City of Isanti to have 120 days, or until the home/building is sold, to pay the fees. This makes building in Isanti more attractive and the City still receives the same amount owed.

Motion by Bergley, second by Lorinser to approve the resolution. Motion carried.

<u>City Administrator Don Lorsung</u>

3. **Resolution 2017- 305** Approval of Storm-water Pollution and Spill Response Plan. Assistant City Engineer Jason Cook reported that the Spill Response Plan addresses what spills are, who reports it, the chain of command for who addresses which item, and the protocol for each type of spill.

Mayor Wimmer remarked that it is surprising what accounts for a spill and how small some of those items are. He also said this plan is part of the MS4 requirements. Councilmember Lundeen wanted it known that the City Council must do this as part of the Pollution Control Agency's wellhead protection plan for safe and potable water. The Council further discussed the guidelines and expenses that come with being an MS4 City, and how the City of Isanti tried to be proactive in putting measures in place before the State assigned the designation to the City.

Councilmember Bergley asked what types of spills the plan addresses. Mr. Cook said any type, from a paint bucket being emptied into the gutter to somebody using too much chemical product on their yard. Large spills, such as a tanker truck tipping over, are already being addressed by Federal Agencies. This plan is to make everyone aware as to what a spill is.

After continued discussion by the Council about what would constitute a spill, a Motion was made by Lundeen to approve the resolution, second by Lorinser. Motion carried.

4. **Resolution 2017-306** Approve Joint Resolution in the Matter of the Amendment to the Orderly Annexation Between the City of Isanti, Minnesota and Isanti Township, Minnesota Pursuant to Minnesota Statutes § 414.0325 SUBD 1. This is what Isanti Township approved and sent to the City as part of the ongoing negotiations regarding the annexation. It outlines a five-year plan with a sliding scale fee and reimbursement amounts for access to City utilities.

Motion by Lorinser, second by Collison to approve the joint resolution. Motion carried.

5. **Resolution 2017-307** Adopting Fees, Consider Amendments to the Fee Schedule

Motion by Lundeen, second by Bergley to approve the resolution. Motion carried.

6. **Resolution 2017-308** Approving Activation of Deferred Assessments for the 2006 Street and Utility Improvement Project. City Administrator Don Lorsung explained that these were properties that were deferred for 10 years at which time they would be reviewed to see if they were developable. It was determined by both the previous and current Community Development Directors that the parcels could be developed. Notification has been made to the property owners to apply the assessments if approved by the Council.

Motion by Lorinser, second by Bergley to approve the request as presented. Motion carried.

7. **Resolution2017-309** Approving a Contract for Interim Building Inspection Services with MNSPECT, LLC. Mayor Wimmer explained that the City of Isanti Building Official has accepted a position in the Cities and the purpose of this contract is to have someone in place to handle things currently and to augment the Building Official position in the future.

   Scott Quale, a designated Inspector, introduced himself saying he currently works to provide Building Official services or back-up, supplementary services to 17 different communities through MNSPECT. He said they would start off acting as the Building Official, and after someone is hired for the position, they would become a mentoring role with them and proved back-up services. The Council discussed that this would provide time to make the correct hiring decision and the origin of MNSPECT.

Motion by Lorinser, second by Lundeen to approve the contract with MNSPECT for interim services. Motion carried.

L. Approve Consent Agenda

1. Consider Accounts Payable in the Amount of $171,129.53 and Payroll in the amount of $90,395.82
2. Final Meeting Minutes for the Final Meeting Minutes for the November 7, 2017 Economic Development Authority

3. **Resolution 2017-310** Approving a Check Be Written to New Hope Community Church for Volunteering at the Community Movie Night
4. **Resolution 2017- 311** Accepting Proposal for Isanti Indoor Arena Radiant Heater Repair
5. **Resolution 2017- 312** Approving 2018 ASCAP Music License
6. **Resolution 2017-313** Authorizing Reimbursement of RLF Payments to Enterprise Avenue Properties and to Execute Satisfaction of Mortgage
7. **Resolution 2017-314** Approving Permanent Hire of Finance Director Michael Betker
8. **Resolution 2017-315** Offering the Position of Part-Time Liquor Store Clerk II to Greg Fauskee
9. **Resolution 2017-316** Approving the Emergency Repair of a Watermain Break on Centennial Drive NW
10. **Resolution 2017-317** Amending Maintenance Technician I to Include Working Rotating On-Call in the Job Description
11. **Resolution 2017-318** Approving an Extension of the Site Use Agreement Between the City of Isanti and Catholic Charities

Motion by Lundeen, second by Lorinser to approve Consent Agenda as presented. Motion carried.

RE: Designating Official Newspaper, Appointing Depositories, Professional Services, and Setting City Council Meetings for Year 2018

Newspaper Bids, Appointment of Depositories and Professional Services

Bids for the 2018 official city newspaper have been received from the Isanti-Chisago County Star and Isanti County News. Bids will be opened and read out loud at the Council meeting.

Attached is a Resolution designating the official City Newspaper, designation of depositories and appointment of professional services for the year 2018.

Regular City Council Meetings

The Resolution also sets City Council meetings per the attached schedule. Meetings are typically held at 7:00 p.m. on the first and third Tuesdays of the month. Regarding the regular meeting schedule, Wednesday meetings will be held this year due to the Precinct Caucus (2/7/18), National Night Out (8/8/18), and General Election (11/7/18).

Council Workshops

City Council Workshops are set at the direction of the City Council. The City Council would call for the Workshop at the first regular meeting of the month. The Workshop would be held at 5:45 p.m. prior to the second regular City Council meeting of the month.

RESOLUTION NO. 2018-XXX

RESOLUTION DESIGNATING AN OFFICIAL CITY NEWSPAPER, DEPOSITORIES, APPOINTMENT OF CITY ATTORNEY, CITY ENGINEER, CITY AUDITOR, PROFESSIONAL SERVICES AND SETTING CITY COUNCIL MEETINGS FOR YEAR 2018

WHEREAS, the City is required to make certain official appointments at the beginning of each year; and,

WHEREAS, the City requested and received bids for the designation as the official city newspaper for 2018; and,

WHEREAS, the following bids and distribution numbers were received by the City:

Isanti County News	$ _____ per column inch (____lines/inch) _____ distributions in _____
Isanti-Chisago County Star	$ _____ per column inch; (____ lines/inch) _____ distributions in _____

WHEREAS, the City Council has determined that to best serve the City needs, two regular monthly meetings are required per month; and

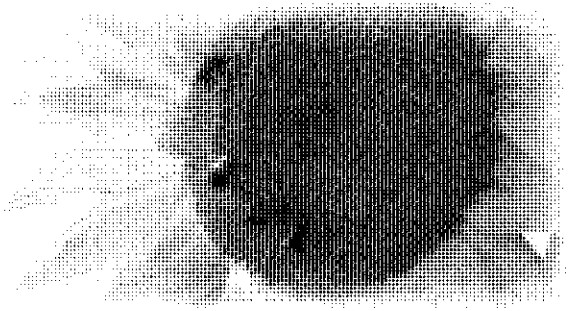
2018 Handbook

Community Garden Rules

It is the goal of the City of Isanti to offer a high quality, safe, and accessible space for the public to enjoy the benefits of gardening. In order to achieve this, cooperation is required from all participants to contribute to a positive experience for themselves and other gardeners.

1. The City of Isanti will
- Till the garden plots in the spring and fall.
- Provide access to water through spigots distributed around the garden.
- Stake out and number plots.
- Provide basic gardening tools, e.g. hoses, hand tools, and shovels, for use inside the community garden.



2. Community gardeners will
- Complete a plot reservation form and pay required fees.
- Administer adequate plot maintenance including: weeding, watering, and harvesting in a timely manner keeping the plot tidy and visually appealing.
- Maintain their plots through the end of the season and arrange for care of plots during vacation or other extended absence. In the event that a plot can no longer be maintained, gardeners will notify the City of Isanti as soon as possible.
- Abide by all Rules of Use of the Isanti Community Garden.
- Contribute to a positive experience with fellow gardeners.

Rules of Use

- Plot reservations will be taken February 5, 2018 through June 1, 2018. (See "Important Dates" section for details). No refunds will be issued after May 1, 2018.
- The gardening season will begin May 12, 2018 and end October 14, 2018. (Dates are subject to change due to weather conditions.) All gardening must occur between dawn and dusk.

- Gardeners may allow others to garden at their plot, but the ultimate responsibility of plot maintenance and fees belong to the renter.
- Pets are not allowed inside the community garden. Service animals are allowed as needed.
- Children (under 15) in the community garden will be supervised at all times.
- Community garden plots are intended for personal use only. No commercial gardening is allowed.
- Garden plots may not be used to grow illegal plants, controlled substances, shrubs, or trees.
- All plants and temporary structures (ex: trellises) must be contained within the plot boundaries.
- The garden cannot technically be considered organic, but the use of commercial pesticides is not allowed. For a list of acceptable products, contact City of Isanti Staff.
- Garden debris should be placed in the provided compost bins and never in another plot or outside the garden area.
- When provided equipment is used, it must be returned in good condition to the shed. Gardeners should report any lost or damaged tools to City of Isanti staff immediately.
- If a plot is deemed abandoned, it will be reassigned at the discretion of the City of Isanti. A plot will be considered abandoned if any of the following occur:
  - The garden is not planted by June 10, 2018
  - No signs of maintenance
  - Weeds have gone to seed
  - Harvest rotting on vine
  - Gardener has not responded to inquiries from City of Isanti staff.
  - Gardener has not addressed issues within 7 days of being notified by City of Isanti Staff.

Notices:

The City of Isanti reserves the right to full access of all plots at all times to ensure that rules are being followed, and if necessary may terminate a plot rental for the safety and welfare of city property.

The City of Isanti assumes no liability for injury, damage, theft, or loss of property belonging to garden users before, during, or after rental.

MEMORANDUM

TO: Mayor George Wimmer
Members of the Isanti City Council

FROM: Ryan Kernosky, Community Development Director

DATE: January 2, 2018

SUBJECT: **PRELIMINARY PLAT REVIEW "KWIK TRIP 1019" – KWIK TRIP, INC.**

Background
Kwik Trip, Inc. (applicant) is in the process of purchasing PID 160400830 & 160530010 from Ahlstrom Properties, LLC (better known as Riverside Market). Because the applicant is intending to utilize both properties for one use, they are required to plat the property to combine it into one lot.

The preliminary plat of "Kwik Trip 1019" simply indicates the combination of two parcels. Existing utility and drainage easements are retained, and a new 10' utility and drainage easement is proposed along the east property line, extending from CSAH 5 to the NE property corner.

Staff Comments
As part of the preliminary platting process, the City Engineer and County Engineer reviewed the proposed plat. The City Engineer had no comments regarding the plat. The County Engineer made the following comments pertaining to the Preliminary Plat:

- A total 60 foot Right of Way should be dedicated from the Centerline of CSAH 5, therefore, an additional 29' of ROW should be provided to the County on the Final Plat.
- Proper permits are taken out to perform work in the County's Right of Way.

Certification of Taxes Paid
Prior to approving an application for Preliminary Plat, certification must be provided to the City that there are no delinquent property taxes, special assessments, penalties, interest, or outstanding municipal utility fees. As of December 4, 2017, all taxes have been paid.

Public Notice
Notice was published in the *Isanti County News* on December 6, 2017. Written notification was provided to property owners located within 350' of the subject site as required by Minnesota State Statute.

Public Comments
No public comments have been received regarding the proposed amendment prior to the release of the staff memo.

Deadline for City Council Action
The applicant submitted an application for Preliminary Plat approval on November 16, 2017. The application was deemed complete on November 17, 2017. Pursuant to Minnesota State Statute § 462.358 subd 3b, the City must act on this request by May 17, 2017 (120-day rule). This may be extended if the applicant and the municipality agree to an extension.

Development and Operations Advisory Committee Comments
The Development and Operations Advisory Committee reviewed the request at their meeting held on November 23rd, 2017. The Committee recommended approval with the condition that all review comments are addressed.

Planning Commission
The City Planning Commission held the public hearing on December 19, 2017 and has recommended approval with the conditions listed within the Resolution.

Staff Recommendation
Staff is supportive of this preliminary plat, and recommends **APPROVAL** with the following **CONDITIONS:**

1) 60 feet of right of way from the Centerline of CSAH 5 is dedicated to the County
2) Any work in the right of way receive prior approval/permits from the proper entities.

FINDINGS OF FACT AND CONCLUSION

Preliminary Plat – "Kwik Trip 1019"

December 19, 2017
Prepared by Community Development Director Ryan Kernosky

Request

Kwik Trip, Inc (applicant) has submitted a Preliminary Plat Approval of the Plat titled *Kwik Trip 1019*, legally described as:

Parcel 1 (PID 16.040.0830):

That part of the Southwest Quarter of the Northwest Quarter (SW 1/4 of NW 1/4) of Section Twenty-nine (29), Township Thirty-five (35), Range Twenty-three (23), Isanti County, Minnesota, described as follows: Commencing at the point of Intersection of the East-West Quarter line of Section 29 with the Easterly right-of-way line of the Burlington-Northern Railroad (formerly known as the Great Northern Railway); thence Easterly on an assumed azimuth of 90 degrees 00 minutes, 30 seconds, along the East-West Quarter line of Section 29, a distance of 834.08 feet; thence Northerly on a azimuth of 358 degrees 50 minutes 10 seconds, a distance of 33.01 feet to the point of beginning of the parcel herein described on the North line of the south 33 feet of the SW 1 /4 of NW 1 /4 of Section 29; thence continuing Northerly on an azimuth of 358 degrees 50 minutes 10 seconds, a distance of 370 feet; thence Easterly on a azimuth of 90 degrees 00 minutes 30 seconds, parallel with the South line of the SW 1/4 of NW 1/4 of Section 29, a distance of 330 feet to the East line of the SW 1/4 of NW 1/4 of Section 29; thence Southerly on an azimuth of 178 degrees 50 minutes 10 seconds, along said East line, a distance of 370 feet to the North line of the South 33 feet of the SW 1/4 of NW 1/4; thence Westerly on an azimuth of 270 degrees 00 minutes 30 seconds, along said North line. a distance of 330 feet to the point of beginning.

AND

Parcel 2 (PID 16.053.0010):

Lot One (1). Block One (1), Dual Industrial Park. excepting therefrom however, the North 132 feet thereof, Isanti County, Minnesota.

Findings of Fact

1. The applicant has made application for Preliminary Plat Approval of Kwik Trip 1019, Isanti County, Minnesota.
2. The property is legally described as:

   Parcel 1 (PID 16.040.0830):

   That part of the Southwest Quarter of the Northwest Quarter (SW 1/4 of NW 1/4) of Section Twenty-nine (29), Township Thirty-five (35), Range Twenty-three (23), Isanti County, Minnesota, described as follows: Commencing at the point of Intersection of the East-West Quarter line of Section 29 with the Easterly right-of-way line of the Burlington-Northern Railroad (formerly known as the Great Northern Railway); thence Easterly on an assumed azimuth of 90 degrees 00 minutes, 30 seconds, along the East-West Quarter line of Section

29, a distance of 834.08 feet; thence Northerly on a azimuth of 358 degrees 50 minutes 10 seconds, a distance of 33.01 feet to the point of beginning of the parcel herein described on the North line of the south 33 feet of the SW 1 /4 of NW 1 /4 of Section 29; thence continuing Northerly on an azimuth of 358 degrees 50 minutes 10 seconds, a distance of 370 feet; thence Easterly on a azimuth of 90 degrees 00 minutes 30 seconds, parallel with the South line of the SW 1/4 of NW 1/4 of Section 29, a distance of 330 feet to the East line of the SW 1/4 of NW 1/4 of Section 29; thence Southerly on an azimuth of 178 degrees 50 minutes 10 seconds, along said East line, a distance of 370 feet to the North line of the South 33 feet of the SW 1/4 of NW 1/4; thence Westerly on an azimuth of 270 degrees 00 minutes 30 seconds, along said North line. a distance of 330 feet to the point of beginning.

AND

Parcel 2 (PID 16.053.0010):

Lot One (1). Block One (1), Dual Industrial Park. excepting therefrom however, the North 132 feet thereof, Isanti County, Minnesota.

3. The applicant is requesting Preliminary Plat Approval to combine two lots into one lot to construct a gas station, convenience store, and car wash.
4. The property is zoned "B-2" General Business District with the Heritage Blvd Overlay.
5. A Preliminary Plat is considered a major change requiring a public hearing and notification of all property owners within 350'; and final approval of the City Council.
6. The applicant submitted the application for Preliminary Plat Approval on November 16, 2017. The application was deemed complete on November 17, 2017.
7. A public hearing date before the Planning Commission was scheduled for Tuesday December 19, 2017 at 7:00 p.m. at City Hall within the Council Chambers.
8. Notices were sent to all property owners located within the development and within 350 feet of the subject property.

Conclusions

1. The platting of the property would appear to meet the lot requirements and setback requirements as provided within the zoning ordinance for properties located within the "B-2" General Business District.
2. The platting of the property would appear to meet the Design Standards as required by Ordinance No. 536.
3. Per County Engineer, an additional 27 feet of Right of Way off of Heritage Blvd should be dedicated as public Right of Way.

Decision

The Planning Commission held a public hearing on the item at the December 19, 2017 regularly scheduled meeting. It was the recommendation of the City of Isanti Planning Commission to approve the Preliminary Plat with the conditions enclosed within the Resolution. The meeting minutes, staff memo and exhibits will be made part of the Findings of Facts and Conclusions.

From: Richard Heilman

Subject: Kwik Trip Preliminary Plat;
County State Aid Highway 5, (CSAH 5);

I have the following comments regarding the Kwik Trip Preliminary Plat at the intersection of CSAH 5 and East Dual Blvd.

-Recommend a total of 60 feet, as measured from the centerline of CSAH 5, be designated as highway right of way.
-Recommend a Right Turn Lane be constructed on CSAH 5 at East Dual Blvd.
-Have concerns about Semi Trucks being able to turn safely into the property at the east entrance. Appears trucks would have to encroach into both CSAH 5 Westbound lanes in order to make the turn. Reviewing whether the eastern entrance should be a Right In Only Entrance. Further analysis is still being performed.
-The County would require Permit(s) for work in the Right of Way.

Contact me with any questions you may have.

MEMORANDUM

TO: Mayor George Wimmer
Members of the Isanti City Council

FROM: Ryan Kernosky, Community Development Director

DATE: January 2, 2018

SUBJECT: **RESOLUTION 2017-XXX: KWIK TRIP CONDITIONAL USE PERMIT AND SITE PLAN/ BUILDING APPEARANCE**

Background

Kwik Trip Inc. (applicant) has submitted a Conditional Use Permit (CUP) and Site Plan/Building Appearance application to construct a convenience store, gas station, and car wash at 400 E Dual Blvd NE, the former site of Riverside Market. The property is zoned "B-2" General Business District, and within that district a gas station and car wash are conditional uses. Consistent with the City's Zoning Code, a Site Plan/Building Appearance application also needs to be reviewed for approval.

The site is proposed to be platted to combine two parcels into one to accommodate Kwik Trip's proposed development. The current site is the former Riverside Market property, and has road frontage on CSAH 5 (Heritage Blvd) and E Dual Blvd NE. The proposed development is roughly 3.75 acres in size.

Site Plan

The proposed site includes a convenience store with an attached car wash, two fueling canopies (one gas, one diesel), semi parking, passenger vehicle parking, vacuum system, and outdoor seating. There is a proposed entrance only off of CSAH 5, and three entrances off of East Dual Blvd NE.

The property is zoned 'B-2' General Business Zoning District, required and proposed setbacks are below:

Street Name/ Property Line	Required Minimum Setback	Building Setback	Canopy Setback (gas/diesel)
CSAH 5	20'	90'	71'/234'
E Dual Blvd NE	30'	170'	70'/152.5'
West Property Line	15'	46'	220'/153'

North Property Line	15'	310'	311'/219'

The property is required to have a minimum of 25% green space, the total square footage of the property is 166,251 sq ft, which requires a minimum of 41,562 sq ft of green space. The proposed development provides 49,835 sq ft of green space, or 30%.

The parking lot is required to have 5% interior green space, at 107,260 sq ft of pavement, which requires a minimum of 5,363 sq ft of interior green space. The proposed development provides 11,899 sq ft of green space, or 11%.

The proposed site plan includes 35 designated parking stalls, and 20 fuel canopy stalls. Per code, the property needs to have 1 space per 250 gross floor area, or 40 total stalls. This requirement is met.

In review of the standards established in Section 18, Subd. 7 the following conclusions have been made (*conclusions to each requirement are shown in underlined italics*):

A. Consistency with the elements and objectives of the City's development guides, including the Comprehensive Plan.

The location of the proposed Kwik Trip is consistent with the City's development guides, including the 2008 Comprehensive Plan. The 2008 Comprehensive Plan calls for automobile oriented uses to be developed in the B-2 Commercial Zoning Districts.

B. Consistency with City Codes.

The proposed development meets all City Codes established.

C. Preservation of the site in its natural state to the extent practicable by minimizing tree and soil removal and designing grade changes to be in keeping with the general appearance of neighboring developed or developing areas.

The development of this site will add trees and landscaping that is not already included in the current site. The contours of the parcel will be consistent with the current state.

D. The amount and location of open space and landscaping.

The proposed site meets or exceeds minimum requirements for open space and landscaping.

E. Vehicular and pedestrian circulation, including walkways, interior drives, and parking in terms of location and number of access points to the public streets, width of interior drives and access points, general interior circulation, separation of pedestrian and vehicular traffic and arrangement and amount of parking.

Interior vehicular and pedestrian circulation, access points to the public streets, and all other requirements have been met or are being addressed.

F. Protection of adjacent and neighboring properties through reasonable provision of surface water drainage, sound and light buffers, preservation of views, lights, and air and those aspects of design not adequately covered by other regulations which may have substantial effects on neighboring land uses.

Surface water drainage is better controlled on the developed site than the previous development. The use of infiltration stormwater ponds and direct piping into the City's Storm Sewer system is an improvement from the current state. Lighting, and other aspects of the development are not believed to have any hinderance on the uses surrounding the subject parcel.

G. Consistency with the City's Engineering and Design standards as adopted by Resolution of the City Council.

The proposed development has been reviewed by the City Engineer. Engineer comments have been or will be incorporated into the development.

Building Appearance

Section 7, Article 2, Subd. 9 of the Isanti Zoning Code regulates exterior building materials. The proposed development will have a brick surrounding the entire building. As such, this section is met.

Conditional Use Permit

Conditional Use Permits are regulated under Section 21, Article 2 of the zoning code, and have the following standards (*conclusions to each requirement are shown in underlined italics*):

A. The use and the site in question shall be served by a street of sufficient capacity to accommodate the type and volume of traffic which would be generated an adequate public right-of-way shall be provided.

The site will be served by a street of sufficient capacity, additional right of way is being dedicated and a right turn lane from CSAH 5 to East Dual Blvd NE is being constructed to assist with the future installation of a signal light.

B. The site design for access and parking shall minimize internal as well as external traffic conflicts and shall be in compliance with Section 17 of this Ordinance.

The site design minimizes both internal and external traffic conflicts.

C. If applicable, a pedestrian circulation system shall be clearly defined and appropriate provisions made to protect such areas from encroachment by parked or moving vehicles.

Pedestrian circulation is defined and provided.

D. Adequate off-street parking and off-street loading shall be provided in compliance with Section 17 of this Ordinance.

Off-street parking requirements meet or exceed code minimums.

E. Loading areas and drive-thru facilities shall be positioned so as to minimize internal site access problems and maneuvering conflicts, to avoid visual or noise impacts on any adjacent residential use or district, and provided in compliance with Section 17 of this Ordinance.

Both the car wash and loading zone are designed to reduce internal site access and maneuvering problems. This is in compliance with section 17 of the municipal code.

F. Whenever a non-residential use is adjacent to a residential use or district, a buffer area with screening and landscaping shall be provided in accordance with the provisions of Section 15 of this Ordinance.

No residential use is adjacent to the proposed development.

G. General site screening and landscaping shall be provided in compliance with Section 15 of this Ordinance.

The proposed landscaping is met with the exception of needing one additional tree along E Dual Blvd NE and CSAH 5. This will be addressed in the Conditional Use Permit.

H. All exterior lighting shall be directed so as not to cast glare toward or onto the public right-of-way or neighboring residential uses or districts, and shall be in compliance with Section 14 of this Ordinance.

The submitted lighting plan provides proof that the exterior lighting will not cast glare toward or onto the public right of way, and is in compliance with section 14 of the municipal code.

I. The site drainage system shall be subject to the review and approval of the City Engineer.

The City Engineer has reviewed and provided comment. Those comments either have been or will be addressed by the developer.

J. The architectural appearance and functional design of the building and site shall not be so dissimilar to the existing and potential buildings and area so as to cause a blighting influence. All sides of the principal and accessory structures are to have essentially the same or coordinated, harmonious exterior finish materials and treatment.

The proposed building and accessory structures (pump canopies) are consistent with the architectural requirements and will not cause a blighting influence on the surrounding properties.

K. Provisions shall be made for daily litter control, an interior location for recycling and trash handling and storage or an outdoor, enclosed receptacle area shall be provided in compliance with Section 14 of this Ordinance.

The proposed development has a fully enclosed trash and recycling location adjacent to the principal structure.

L. All signs and informational or visual communication devices shall be in compliance with Section 16 of this Ordinance.

Proposed signage appears to meet code, however, the applicant will need to submit a sign permit application with applicable fees for review.

M. The use and site shall be in compliance with any federal, state, or county laws or regulations that are applicable and any related permits shall be obtained and documented to the City.

This requirement is met.

N. Any applicable business licenses mandated by City Code are approved and obtained.

This requirement is or will be met.

O. The hours of operation may be restricted when there is judged to be an incompatibility with a residential use or district.

This requirement does not apply to this development.

P. The use complies with the applicable performance standards of the zoning district in which it is located and where applicable, any non-conformities shall be eliminated.

The proposed development complies with the applicable performance standards of the zoning district in which it is located.

Q. Additional Stipulations. All conditions pertaining to a specific site are subject to change when the City Council, upon investigation in relation to a formal request, finds that the general public health, safety, and welfare, can be served as well or better by modifying or expanding the conditions set forth herein.

Additional Conditions are identified on the Resolution accompanying this packet of information.

Section 13, Article 2, Subd. 3: *Automobile Car Wash Establishments*

Automobile Car Wash Establishments are regulated under Section 13, Article 2, Subd. 3 of the zoning code, and have the following standards (*conclusions to each requirement are shown in underlined italics*):

A. Stacking shall be provided in accordance with Section 17 of this Ordinance, with such areas designated to facilitate adequate on-site circulation.

Proposed stacking meets or exceeds the requirements within section 17 of this ordinance.

B. Water shall not drain across any sidewalk or into a public right-of-way, subject to the approval of the City Engineer.

This standard meets or exceeds requirements.

C. Vacuuming and drying facilities shall be located in an enclosed structure or located away for any residential use to minimize the impact of noise.

Vacuuming and drying facilities are located away from residential uses.

D. All water disposal facilities including sludge, grit removal, and disposal equipment shall conform with all sections and codes regarding sewerage and health.

This standard meets or exceeds requirements.

Section 13, Article 2, Subd. 8: *Gas Stations and/or Convenience Stores*

Gas Stations and/or Convenience Stores are regulated under Section 13, Article 2, Subd. 8 of the zoning code, and have the following standards (*conclusions to each requirement are shown in underlined italics*):

A. An automobile car wash facility shall be permitted as an accessory use and shall meet the standards as stipulated within this Article.

The car wash facility meets the standards stipulated within this article.

B. A minimum of two (2) access points for vehicular traffic shall be provided, so as to avoid conflict with traffic movement on the property.

Four access points are provided, this standard is met.

C. Fuel pumps shall be installed on pump islands. Canopies covering pump islands shall meet the required setbacks as established within the zoning district in which the use is located.

Fuel pumps will be installed on pump islands, and canopies meet the required setbacks within the zoning code.

D. All design and site plans for a proposed gas station or an expansion of an existing station must be reviewed by the Planning Commission and approved by the City Council. The facilities appearance shall be designed to be compatible with the surrounding residential land uses, if any, and is subject to City Council approval.

The City Planning Commission reviewed the plans on December 19, 2017 and have recommended approval with conditions listed in the Resolution.

E. There shall be no exterior storage or sales of goods or equipment, except where specifically allowed elsewhere within this Ordinance.

The proposed site plan has several areas of outdoor sales and storage.

F. No vehicular sales or repair, other than the dispensing of motor fuel shall be permitted.

The proposed development does not include vehicle sales or repair.

G. All area of the property not devoted to building, parking, or open sales lot area shall be landscaped in accordance with Section 15 of this Ordinance.

The proposed development meets Section 15 of this Ordinance.

H. Off-street parking and loading shall meet the requirements as stipulated within Section 17 of this Ordinance.

The proposed parking and loading meets the requirements as stipulated within Section 17 of this ordinance.

Zoning Ordinance Purpose

This district is designed and intended to promote the development of commercial uses which are predominantly auto-oriented in nature. The district caters to highway-oriented businesses as well as to businesses that provide basic shopping and service needs to the community. When designing a commercial site within the General Business District, compatibility with adjacent uses and buildings is required within the district, as site design, building size and materials, and screening / landscaping are important when creating and maintaining a thriving commercial base.

Certification of Taxes Paid

As of December 15, 2017, all taxes have been paid.

Public Notice

Notice was published on December 6th, 2017 in the *Isanti County News.* Property owners within 350' were provided written notice.

Development and Operations Committee

The Development & Operations Committee has reviewed the site plan and building appearance. The committee recommended approval of the site plan and building appearance.

Planning Commission

The Planning Commission held a public hearing on the matter December 19, 2017. The City Planning Commission is recommending approval with the conditions outlined in the Resolution.

Staff Comment and Recommendation

Staff believes that this development is consistent with our Comprehensive Plan and Zoning Ordinance. Staff recommends **APPROVAL** with **CONDITIONS** outlined in the Resolution.

AND

Parcel 2 (PID 16.053.0010):

Lot One (1). Block One (1), Dual Industrial Park. excepting therefrom however, the North 132 feet thereof, Isanti County, Minnesota.

Findings of Fact

1. The applicant has submitted a Site Plan/Building Appearance & Conditional Use Permit to construct a gas station, convenience store, and car wash, on the property legally described as:

   Parcel 1 (PID 16.040.0830):

That part of the Southwest Quarter of the Northwest Quarter (SW 1/4 of NW 1/4) of Section Twenty-nine (29), Township Thirty-five (35), Range Twenty-three (23), Isanti County, Minnesota, described as follows: Commencing at the point of Intersection of the East-West Quarter line of Section 29 with the Easterly right-of-way line of the Burlington-Northern Railroad (formerly known as the Great Northern Railway); thence Easterly on an assumed azimuth of 90 degrees 00 minutes, 30 seconds, along the East-West Quarter line of Section 29, a distance of 834.08 feet; thence Northerly on a azimuth of 358 degrees 50 minutes 10 seconds, a distance of 33.01 feet to the point of beginning of the parcel herein described on the North line of the south 33 feet of the SW 1 /4 of NW 1 /4 of Section 29; thence continuing Northerly on an azimuth of 358 degrees 50 minutes 10 seconds, a distance of 370 feet; thence Easterly on a azimuth of 90 degrees 00 minutes 30 seconds, parallel with the South line of the SW 1/4 of NW 1/4 of Section 29, a distance of 330 feet to the East line of the SW 1/4 of NW 1/4 of Section 29; thence Southerly on an azimuth of 178 degrees 50 minutes 10 seconds, along said East line, a distance of 370 feet to the North line of the South 33 feet of the SW 1/4 of NW 1/4; thence Westerly on an azimuth of 270 degrees 00 minutes 30 seconds, along said North line. a distance of 330 feet to the point of beginning.

AND

Parcel 2 (PID 16.053.0010):

Lot One (1). Block One (1), Dual Industrial Park. excepting therefrom however, the North 132 feet thereof, Isanti County, Minnesota.

2. The property is zoned 'B-2' General Business District.
3. A Conditional Use Permit is required for Gas Stations and Automobile Car Wash Facilities in the 'B-2' Zoning District.
4. Site Plan/Building Appearance Review is required for all new buildings.
5. The applicant submitted a Site Plan/Building Appearance and Conditional Use Permit Application on November 16, 2017. The application was deemed complete on November 20, 2017. Pursuant to Minnesota State Statute, the City must act on this request by January 20, 2018.
6. A public hearing before the Planning Commission took place on December 19, 2017 at 7:00 p.m. at City Hall within the Council Chambers.
7. Notice of the Site Plan and Conditional Use Permit request was published within the *Isanti County News* on Wednesday December 6, 2017. Notices were sent to all property owners within 350 feet of the subject property.
8. Section 19, Subd 7 standards of the Zoning Ordinance shall be used to evaluate any proposed site plans.
9. Section 21 Article 2 standards of the Zoning Ordinance shall be used to evaluate any Conditional Use Permit.
10. Section 13, Article 2, Subd. 3 standards of the Zoning Ordinance shall be used to evaluate any Automobile Car Was Establishments.
11. Section 13, Article 2, Subd. 8 standards of the Zoning Ordinance shall be used to evaluate any Gast Stations and/or Convenience Stores.

Conclusions

1. In review of the standards established in Section 18, Subd. 7 the following conclusions have been made (*conclusions to each requirement are shown in underlined italics*):

   A. Consistency with the elements and objectives of the City's development guides, including the Comprehensive Plan.

      The location of the proposed Kwik Trip is consistent with the City's development guides, including the 2008 Comprehensive Plan. The 2008 Comprehensive Plan calls for automobile oriented uses to be developed in the B-2 Commercial Zoning Districts.

   B. Consistency with City Codes.

      The proposed development meets all City Codes established.

   C. Preservation of the site in its natural state to the extent practicable by minimizing tree and soil removal and designing grade changes to be in keeping with the general appearance of neighboring developed or developing areas.

      The development of this site will add trees and landscaping that is not already included in the current site. The contours of the parcel will be consistent with the current state.

   D. The amount and location of open space and landscaping.

      The proposed site meets or exceeds minimum requirements for open space and landscaping.

   E. Vehicular and pedestrian circulation, including walkways, interior drives, and parking in terms of location and number of access points to the public streets, width of interior drives and access points, general interior circulation, separation of pedestrian and vehicular traffic and arrangement and amount of parking.

      Interior vehicular and pedestrian circulation, access points to the public streets, and all other requirements have been met or are being addressed.

   F. Protection of adjacent and neighboring properties through reasonable provision of surface water drainage, sound and light buffers, preservation of views, lights, and air and those aspects of design not adequately covered by other regulations which may have substantial effects on neighboring land uses.

      Surface water drainage is better controlled on the developed site than the previous development. The use of infiltration stormwater ponds and direct piping into the City's Storm Sewer system is an improvement from the current state.

Lighting, and other aspects of the development are not believed to have any hinderance on the uses surrounding the subject parcel.

G. Consistency with the City's Engineering and Design standards as adopted by Resolution of the City Council.

The proposed development has been reviewed by the City Engineer. Engineer comments have been or will be incorporated into the development.

2. Conditional Use Permits are regulated under Section 21, Article 2 of the zoning code, and have the following standards (*conclusions to each requirement are shown in underlined italics*):

A. The use and the site in question shall be served by a street of sufficient capacity to accommodate the type and volume of traffic which would be generated an adequate public right-of-way shall be provided.

The site will be served by a street of sufficient capacity, additional right of way is being dedicated and a right turn lane from CSAH 5 to East Dual Blvd NE is being constructed to assist with the future installation of a signal light.

B. The site design for access and parking shall minimize internal as well as external traffic conflicts and shall be in compliance with Section 17 of this Ordinance.

The site design minimizes both internal and external traffic conflicts.

C. If applicable, a pedestrian circulation system shall be clearly defined and appropriate provisions made to protect such areas from encroachment by parked or moving vehicles.

Pedestrian circulation is defined and provided.

D. Adequate off-street parking and off-street loading shall be provided in compliance with Section 17 of this Ordinance.

Off-street parking requirements meet or exceed code minimums.

E. Loading areas and drive-thru facilities shall be positioned so as to minimize internal site access problems and maneuvering conflicts, to avoid visual or noise impacts on any adjacent residential use or district, and provided in compliance with Section 17 of this Ordinance.

Both the car wash and loading zone are designed to reduce internal site access and maneuvering problems. This is in compliance with section 17 of the municipal code.

F. Whenever a non-residential use is adjacent to a residential use or district, a buffer area with screening and landscaping shall be provided in accordance with the provisions of Section 15 of this Ordinance.

No residential use is adjacent to the proposed development.

G. General site screening and landscaping shall be provided in compliance with Section 15 of this Ordinance.

The proposed landscaping is met with the exception of needing one additional tree along E Dual Blvd NE and CSAH 5. This will be addressed in the Conditional Use Permit.

H. All exterior lighting shall be directed so as not to cast glare toward or onto the public right-of-way or neighboring residential uses or districts, and shall be in compliance with Section 14 of this Ordinance.

The submitted lighting plan provides proof that the exterior lighting will not cast glare toward or onto the public right of way, and is in compliance with section 14 of the municipal code.

I. The site drainage system shall be subject to the review and approval of the City Engineer.

The City Engineer has reviewed and provided comment. Those comments either have been or will be addressed by the developer.

J. The architectural appearance and functional design of the building and site shall not be so dissimilar to the existing and potential buildings and area so as to cause a blighting influence. All sides of the principal and accessory structures are to have essentially the same or coordinated, harmonious exterior finish materials and treatment.

The proposed building and accessory structures (pump canopies) are consistent with the architectural requirements and will not cause a blighting influence on the surrounding properties.

K. Provisions shall be made for daily litter control, an interior location for recycling and trash handling and storage or an outdoor, enclosed receptacle area shall be provided in compliance with Section 14 of this Ordinance.

The proposed development has a fully enclosed trash and recycling location adjacent to the principal structure.

L. All signs and informational or visual communication devices shall be in compliance with Section 16 of this Ordinance.

Proposed signage appears to meet code, however, the applicant will need to submit a sign permit application with applicable fees for review.

M. The use and site shall be in compliance with any federal, state, or county laws or regulations that are applicable and any related permits shall be obtained and documented to the City.

This requirement is met.

N. Any applicable business licenses mandated by City Code are approved and obtained.

This requirement is or will be met.

O. The hours of operation may be restricted when there is judged to be an incompatibility with a residential use or district.

This requirement does not apply to this development.

P. The use complies with the applicable performance standards of the zoning district in which it is located and where applicable, any non-conformities shall be eliminated.

The proposed development complies with the applicable performance standards of the zoning district in which it is located.

Q. Additional Stipulations. All conditions pertaining to a specific site are subject to change when the City Council, upon investigation in relation to a formal request, finds that the general public health, safety, and welfare, can be served as well or better by modifying or expanding the conditions set forth herein.

Additional Conditions are identified on the Resolution accompanying this packet of information.

3. Automobile Car Wash Establishments are regulated under Section 13, Article 2, Subd. 3 of the zoning code, and have the following standards (*conclusions to each requirement are shown in underlined italics*):

A. Stacking shall be provided in accordance with Section 17 of this Ordinance, with such areas designated to facilitate adequate on-site circulation.

Proposed stacking meets or exceeds the requirements within section 17 of this ordinance.

B. Water shall not drain across any sidewalk or into a public right-of-way, subject to the approval of the City Engineer.

This standard meets or exceeds requirements.

C. Vacuuming and drying facilities shall be located in an enclosed structure or located away for any residential use to minimize the impact of noise.

Vacuuming and drying facilities are located away from residential uses.

D. All water disposal facilities including sludge, grit removal, and disposal equipment shall conform with all sections and codes regarding sewerage and health.

This standard meets or exceeds requirements.

4. Gas Stations and/or Convenience Stores are regulated under Section 13, Article 2, Subd. 8 of the zoning code, and have the following standards (*conclusions to each requirement are shown in underlined italics*):

A. An automobile car wash facility shall be permitted as an accessory use and shall meet the standards as stipulated within this Article.

The car wash facility meets the standards stipulated within this article.

B. A minimum of two (2) access points for vehicular traffic shall be provided, so as to avoid conflict with traffic movement on the property.

Four access points are provided, this standard is met.

C. Fuel pumps shall be installed on pump islands. Canopies covering pump islands shall meet the required setbacks as established within the zoning district in which the use is located.

Fuel pumps will be installed on pump islands, and canopies meet the required setbacks within the zoning code.

D. All design and site plans for a proposed gas station or an expansion of an existing station must be reviewed by the Planning Commission and approved by the City Council. The facilities appearance shall be designed to be compatible with the surrounding residential land uses, if any, and is subject to City Council approval.

The City Planning Commission reviewed the plans on December 19, 2017 and have recommended approval with conditions listed in the Resolution.

E. There shall be no exterior storage or sales of goods or equipment, except where specifically allowed elsewhere within this Ordinance.

The proposed site plan has several areas of outdoor sales and storage.

F. No vehicular sales or repair, other than the dispensing of motor fuel shall be permitted.

The proposed development does not include vehicle sales or repair.

G. All area of the property not devoted to building, parking, or open sales lot area shall be landscaped in accordance with Section 15 of this Ordinance.

The proposed development meets Section 15 of this Ordinance.

H. Off-street parking and loading shall meet the requirements as stipulated within Section 17 of this Ordinance.

The proposed parking and loading meets the requirements as stipulated within Section 17 of this ordinance.

Decision

The Planning Commission held a public hearing on the item at the December 19, 2017 meeting, and has recommended approval with the conditions enclosed in the Resolution. The meeting minutes shall be made part of the Findings of Fact.

GENERAL:

1. Agency Jurisdiction. The latest editions of the Minnesota Department of Transportation "Standard Specifications for Construction", the City Engineers Association of Minnesota (CEAM) Standard Specifications, the City of Isanti Standard Specifications and the Statewide Building Code.
2. Comply with the work safety standards specified by the Occupational Safety and Health Administration (OSHA). Comply with all applicable local, state, and federal safety regulations. Shall maintain work area free from toxic gases, dust or materials and keep free OSHA English 1910.1401 unless otherwise certain specific conditions and procedures. Shall provide written notice to the Contractor(s) at the Construction site at least seven days prior to the beginning of the construction operations.
3. Perform all utility work in accordance with State and City requirements.
4. Contact the City of Isanti Public Works Department for inspection of all utility work.
5. Connect to existing sanitary sewer lines as shown/noted. Connect to existing storm sewer lines by either excavating or core drilling. Based on City procedure and specifications for the connection. Recommend trench drain excavation. Use water pump systems in order to dewater trenches. Use trench drain excavation. Use water pump systems in order to dewater trenches. Use trench drain excavation. GENERAL:

1. Construction Specifications: Per latest edition of the Minnesota Department of Transportation "Standard Specifications for Construction", the City Engineer's Association of Minnesota (CEAM) Standard Specifications, the City of Isanti Standard Specifications and the Minnesota Plumbing Code.
2. Comply with the work safety provisions specified by the Occupational Safety and Health Administration (OSHA). Comply with all applicable local, state, and federal safety regulations. OSHA prohibits entry into "excluded spaces", such as manholes and storm sewers (see 29CFR Section 1926.650) unless undertaking certain specific practices and procedures. Construction safety is always the responsibility of the Contractor, who is also solely responsible for the means, methods, and sequencing of the construction operations.
3. Perform all utility work in accordance with State and City requirements.
4. Contact the City of Isanti Public Works Department for inspection of all utility work.
5. Protect in existing service until new one is completed. Connect to existing above work prior to other excavating or operations. Most of this sanitary and storm sewer work is to be done in existing easements. Coordinate with property owners and tenants to minimize disruption to their use of the property. Keep access to their buildings open at all times. Keep construction materials from encroaching on the roadway and ditches. Keep construction equipment off of private property unless permission is granted by the property owner. Repair any damage to private property to the satisfaction of the owner.
6. Perform trench excavation for all utilities in accordance with the requirements of OSHA 29 CFR, Part 1926, Subpart P, "Excavations and Trenches". [www.osha.gov]
7. Coordinate burying utility construction locations at 3 ft. min. from the proposed building with the interior plumbing contractor prior to construction. Verify water and sewer service locations and elevations with the plumbing contractor.
8. The locations of existing utilities shown on this plan are from record information and field as-built data. The Engineer does not guarantee that all existing utilities are shown or, if shown, such in the locations indicated on the plan. It is the Contractor's responsibility to verify the location and horizontal location of all existing utilities including water service lines and appurtenances. Notify the Engineer of any discrepancies.
9. Contact utility companies for locations of all public and private utilities within the work zone prior to beginning construction. Contact 811 for locations of existing utilities at least 72 hours (not including weekends or holidays) before beginning any excavation. Obtain ticket number and meet with representatives of the various utilities at the site. Provide the Comp with the ticket number information.
10. Perform to verify the location of existing underground facilities of sufficient number of locations in order to ensure that no conflict with any proposed work water and sewer, electrical structures or buildings.
11. Place existing gas, electric, cable, or telephone utilities conflict with the work, coordinate any abandonment, relocation, repair, or support of any existing utilities with the appropriate utility companies. Contractor must give notice and give the installation, electric meter and electric service inspection, water service and telephone service installation with the local utility companies.
12. Salvage in the amount without damage during the work. Dispose of all excess soil, waste material, debris, and all unsuitable soil unsuitable for subgrade. Waste materials and debris include trees, stumps, rock, concrete, pavement, concrete, brick, or other waste material from the construction operations. Comply the right to any waste once he disposed of properly or waste material under other areas of all shown on the plans. All work in disposing of such materials shall be considered incidental to the work. All disposal must conform or guidelines solid waste disposal permit requirements. Obtain all necessary permits at no cost to the City.
13. Salvage the removed existing bituminous pavement as necessary for the construction of pavement openings shown. Use save this material prior to the trees, rock, and mulch all connections to existing bituminous pavement.
14. Maintain overhead power, telephone, and cable lines as required.
15. All materials required for the construction of the improvements in the improvements for shown, alloy, plastic, iron, sealing, and other safety controlled items of the plans or the Plans. Do not use any material or salvaged equipment, asphaltic pavement, crushed concrete, or scrap wrapper. Unless otherwise indicated the Contractor shall furnish all required materials.
16. Restore the public right-of-way. Replace any concrete work and gutter, bituminous pavement, sidewalk, or vegetation areas damaged by the construction activity. Restore damaged turf and sod to the condition that existed prior to construction. All turf and sod areas to be repaired in this area.
17. Block access or safety controls to residents and keep East Interior open at the times. Do not allow any material to fall into the streets. Do not allow any material to be discharged into the sewer system.
18. Adjust all curb stops, valve boxes, maintenance hole castings, valve boxes castings, cement covers, and castle frames to finished grade.
19. Install all pipe with the ASTM specification numbers or the line specified. Commence construction at the lowest point of the system sewer line. Lay the pipe with the bell end of receiving pipes and of the next building upgrade. Must connecting to an existing pipe, exercise the existing pipe in order to allow any adjustments in the alignment lines and grade before laying any pipe.
20. Obtain and pay for all permits, bonds, inspections, etc. required for approvals and have jurisdiction over the project. The Contractor is responsible for all bonds, letters of credit, or cash deposits required in the work. Execute and forward work in accordance with all local and state codes, rules, ordinances, and regulations pertaining to the particular type of work involved.

STORM DRAINAGE:

1. Unless otherwise noted, use reinforced, precast, concrete maintenance holes and catch basins conforming to ASTM C478, furnished with steel step pegs and cement flow. Construct the proposed maintenance holes and catch basins with base sections, marked "D" long gaskets in accordance with ASTM C913. The inside and diameter shall not be less than the inside pipes otherwise noted.
2. All joints and connections to catch basins or manholes shall be watertight; the contract rubber seals, preformed gaskets, or approved equal. Cement mortar joints are not allowed, unless otherwise permitted by local municipality.
3. Manufactured frames and catch basins in paved areas shall be adjusted 0.05 feet. Catch basins in the gutter line shall be number 0.07 feet. Elevations shown on the plans (spread) the number elevations.
4. RCP Pipe: Use used pipe, Type 3, ASTM C76M Pipeline Diameter (RPM) Pipe for designated RPM storm sewer of 15 inch/size in diameter, unless otherwise noted. Use for all RPM storm sewer, install bedding under all bedding materials, material gradation shall meet the requirements of ASTM D2321 except, the maximum allowable aggregate size for pipes, bars, sewer, and fittings which shall have gradation requirements of ASTM C33M and ASTM D2321. Lay all RPM pipe with a continuous smooth bell, installation bevel conforming with ASTM D3212.
5. RCP: Reinforced concrete pipe (RCP) and fittings shall conform to ASTM C76, Design 11, with circular reinforcing for the class of pipe specified. Use Class IV RCP for pipes 24" and larger. Use Class V RCP for pipes 48" and smaller. Joints shall be Bureau of Reclamation type O-ring, with gaskets in accordance with ASTM C361.
6. RC Flared: Install a reinforced concrete apron on the base end of all straight RCP storm sewer pipes. Tie the full sides sections (including corner) of all straight RCP storm sewer pipe with a minimum of two tie bars between all joints. The requirement applies to RCP elliptical and elliptical-like shape and pipe-arch materials, in all cases. Ties to be used only to hold the pipe sections together, not for pulling the sections tight. Install pull-type ropes on all concrete pipes.
7. Bedding: Use all pipelines of which sewer that are within 10 feet of buildings, within 10 feet of buried water lines, within 10 feet of water mains, or that pass through not backfill with Class 5 aggregate bedding material. Use Class 5 aggregate bedding material for all pipes that have installed or bedded less than 6 inches of pipe or 30 pipes. Use type shall consist of aggregate, all 3/4" to 1½ inch size, meeting requirements of ASTM C33/C33M.
8. Use Neenah castings, or approved equal, of the type indicated in the Storm Sewer Schedule.
9. The minimum depth of sewer for building and private lead drain feature without insulation is 5 feet. Insulate roof drain leaders at locations where the depth of cover is less than 5 feet. Provide a minimum insulation thickness of 2 inches. The insulation shall be of rigid 4 inch wide and centered on the pipe. Install the insulation boards & loosen above the tops of the pipes in excessively compacted and loosed into bedding material. Use rigid foamed insulation board conforming to ASTM C578, Type IV, 25 psi compressive strength, or approved equivalent. Use rigid foamed insulation board conforming to ASTM C578, Type IV, 25 psi compressive strength, or approved equivalent.
10. Underdrain: Install underdrain on all road sheets in accordance with Mn/DOT 2502.3F (2018 EDITION). The distance between underdrain is horizontal along road not exceed 500 feet for lateral 10-inches and cross to drain. Install underdrain at the end a minimum slot on the pipes that serve. Install a metal bar frame and hold the trapezoid footprint, or approved equal) over all underdrain pipes underway outlet.
11. RCP Replacement:
    11.1. Install steel-reinforced, smooth interior, corrugated high-density polyethylene (HDPE) pipe at locations indicated on the plan.
    11.2. HDPE pipe shall conform to the requirements of AASHTO M294 and Section 73 of the AASHTO LRFD Bridge Design Specification.
    11.3. Pipes 4"-10" in size must comply with AASHTO M252.
    11.4. Pipes 12"-60" in size must comply with AASHTO M294.
    11.5. All fittings must comply with ASTM Standard D3212.
    11.6. Watertight joints must be used on all perforated flushing structures.
    11.7. Lay all HDPE pipe on a continuous granular bed. Installation must comply with ASTM D2321. All sections of the corrugated HDPE pipe shall be inserted in order to provide water tight joints.
    11.8. Testing shall be performed in accordance with the City specifications.

GENERAL INFORMATION

MINNESOTA'S CONSTRUCTION STORMWATER PERMIT IS AN EXTENSION OF THE NATIONAL POLLUTION DISCHARGE ELIMINATION SYSTEM STORMWATER PROGRAM, WHICH IS PART OF THE FEDERAL CLEAN WATER ACT. REGULATED PARTIES MUST DEVELOP A STORMWATER POLLUTION PREVENTION PLAN (SWPPP). THE SWPPP PROVIDES INFORMATION ON THE EXISTING AND PROPOSED SITE CONDITIONS, CONTROL MEASURES FOR STORMWATER POLLUTION PREVENTION BEFORE, DURING AND AFTER CONSTRUCTION, INSPECTION, MAINTENANCE AND INFORMATION RELATED TO THE PERMANENT STORMWATER MANAGEMENT SYSTEM. THE SWPPP SHALL BE KEPT ON SITE AT ALL TIMES DURING ACTIVE CONSTRUCTION.

PROJECT INFORMATION

PROJECT NAME: CONVENIENCE STORE 1019 WITH SINGLE BAY CARWASH AND SIDE DIESEL
PROJECT LOCATION: ISANTI, ISANTI COUNTY, MINNESOTA
PROJECT OWNER: KWIK TRIP, INC

RESPONSIBLE PARTIES

THE OWNER MUST IDENTIFY A PERSON KNOWLEDGEABLE AND EXPERIENCED IN THE APPLICATION OF EROSION PREVENTION AND SEDIMENT CONTROL BMPS WHO WILL OVERSEE THE IMPLEMENTATION OF THE SWPPP, AND THE INSTALLATION, INSPECTION AND MAINTENANCE OF THE EROSION PREVENTION AND SEDIMENT CONTROL BMPS.

SITE MANAGER: STEVE LIGHT – KWIK TRIP INC.

TRAINING DOCUMENTATION: CONSTRUCTION SITE MANAGEMENT (5/31/20 EXPIRATION) – UNIVERSITY OF MN

EXISTING SITE CONDITIONS

THE SITE IS LOCATED IN THE NORTHEAST QUADRANT OF THE INTERSECTION OF HERITAGE BOULEVARD AND EAST DUAL BOULEVARD NE IN ISANTI, ISANTI COUNTY, MINNESOTA. THE SITE IS BORDERED ON THE NORTH BY DEVELOPED COMMERCIAL PROPERTY, ON THE WEST BY EAST DUAL BOULEVARD NE, ON THE SOUTH BY HERITAGE BOULEVARD (CSAH-9), AND ON THE EAST BY AGRICULTURAL LAND. THE SITE WAS PREVIOUSLY RAYERSEE MARKET WITH PARKING LOT AND DRIVE LANES.

THE PROPOSED SITE BOUNDARY CONSISTS OF 4.02 ACRES. THE EXISTING SITE CURRENTLY HAS APPROXIMATELY 1.71 ACRES OF IMPERVIOUS SURFACE ONSITE.

THE SITE HAS A GENERALLY FLAT TOPOGRAPHY SLOPING AWAY FROM THE EXISTING BUILDING, WITH SLOPES GENERALLY RANGING FROM 0.5% TO 3% OVER THE ENTIRE SITE AREA. ELEVATIONS AT THE SITE RANGE FROM 949.3 AT THE FINISHED FLOOR ELEVATION OF THE EXISTING BUILDING DOWN TO ABOUT 937 IN THE CENTRAL PORTION OF THE EASTERN EDGE OF THE SITE. STORMWATER FROM THE SITE GENERALLY DRAINS OVERLAND TO EAST DUAL BOULEVARD NE OR TO THE SOUTH OF THE EXISTING BUILDING, WHERE IT IS COLLECTED IN STORM SEWER. THIS STORM SEWER AND THE REMAINING OVERLAND FLOW DISCHARGES TO A SMALL LOCKED ALONG THE NORTH SIDE OF THE EASTERN EDGE OF THE PROPERTY. THE SMALL DRAINS TO AN UNNAMED STREAM TO THE EAST WHICH DISCHARGES TO THE RUM RIVER, WHICH IS LOCATED APPROXIMATELY 1.1 MILES WEST OF THE SITE.

PROPOSED SITE CONDITIONS

KWIK TRIP, INC. PLANS ON DEVELOPING THE SITE INTO A CONVENIENCE STORE WITH SINGLE BAY CARWASH, TWO FUELING CANOPIES, AND ASSOCIATED PARKING AND DRIVE AREAS. DURING CONSTRUCTION, APPROXIMATELY 4 ACRES SHALL BE DISTURBED. THE PROPOSED CONSTRUCTION WILL RESULT IN A NET INCREASE IN IMPERVIOUS SURFACE OF APPROXIMATELY 0.89 ACRES.

STORMWATER FROM THE SITE WILL BE COLLECTED IN STORM SEWER AND PIPED TO THE PROPOSED LINED STORMWATER POND. A STORMWATER MANHOLE WILL BE CONSTRUCTED ONTO AN EXISTING 24" STORMWATER PIPE ALONG THE NORTHERN EDGE OF THE SITE. THE STORMWATER POND WILL DISCHARGE TO THE NEWLY CONSTRUCTED MANHOLE, WHICH WILL DISCHARGE TO THE CABLE RUNNING ALONG THE EASTERN EDGE OF THE SITE. THIS SMALL LOCKED DISCHARGES TO THE NORTH TO AN UNNAMED STREAM THAT DRAINS TO THE RUM RIVER.

SOIL INFORMATION

IN OCTOBER OF 2017, BRAUN INTERTEC DRILLED FIVE SOIL BORINGS TO APPROXIMATE NEAR SURFACE SOILS. THE BORINGS INDICATE THAT NEAR SURFACE SOILS CONSIST PRIMARILY OF SILTY SAND AND POORLY GRADED SAND. THESE SOILS GENERALLY FALL WITHIN THE HYDROLOGIC SOIL GROUP (HSG) "B".

GROUNDWATER WAS FOUND TO BE PRESENT IN ALL FIVE BORINGS, AND WAS GENERALLY AT AN ELEVATION OF 927 TO 931.

WETLAND CONSIDERATIONS

THERE ARE NO KNOWN WETLANDS LOCATED ONSITE.

STORMWATER RECEIVING WATERS

STORMWATER FROM THE SITE WILL DISCHARGE VIA SWALES AND AN UNNAMED STREAM TO THE RUM RIVER.

SPECIAL/IMPAIRED WATER CONSIDERATIONS

THERE ARE NO IMPAIRED WATERS LOCATED WITHIN ONE MILE OF THE SITE. THERE ARE NO WETLANDS LOCATED ONSITE.

STORMWATER MANAGEMENT PLAN

THE MPCA REQUIRES SITES TO PROVIDE A WATER QUALITY VOLUME OF ONE INCH OF RUNOFF FROM NEWLY CREATED IMPERVIOUS SURFACES.

THE PROPOSED SITE WILL CREATE APPROXIMATELY 0.89 ACRES OF NEW IMPERVIOUS SURFACE. THE WATER QUALITY REQUIREMENT FOR THE NEW IMPERVIOUS SURFACE AREA IS 0.0385 ACRE FEET, DUE TO EXISTING OPERATIONS ONSITE, INFILTRATION FROM PARKING AREAS IS PROHIBITED FROM BEING IMPLEMENTED. THEREFORE, A LINED STORMWATER POND WILL BE USED TO PROVIDE WATER QUALITY TREATMENT FOR THE SITE. THE IMPERVIOUS SURFACE AREA THAT RUNS TO THE POND IS 0.835 ACRES, WHICH REQUIRES A WATER QUALITY VOLUME OF 0.038 ACRE-FEET. THE STORMWATER POND HAS A PERMANENT POOL VOLUME (VOLUME BELOW PIPE OUTLET) OF 0.058 ACRE-FEET, WHICH MEETS AND EXCEEDS THE REQUIREMENT.

PRIOR TO START OF CONSTRUCTION

THE FOLLOWING STORMWATER POLLUTION PREVENTION MEASURES SHALL BE IMPLEMENTED PRIOR TO CONSTRUCTION, REFER TO GRADING AND EROSION CONTROL PLANS FOR LOCATIONS.

1. SILT FENCE
   SILT FENCE SHALL BE INSTALLED AT THE LIMIT OF GRADING ON DOWN HILL SLOPE. ADDITIONAL SILT FENCE MAY BE REQUIRED IN CUT SLOPE AREAS. SILT FENCE SHALL ALSO BE INSTALLED AROUND ANY INFILTRATION/FILTRATION PRACTICE.
2. ROCK CONSTRUCTION ENTRANCE
   ROCK CONSTRUCTION ENTRANCES SHALL BE INSTALLED AT THE FIELD ENTRANCES TO THE SITE.
3. CATCH BASINS
   ALL CATCH BASINS SHALL BE PROVIDED WITH INLET PROTECTION DEVICES APPROVED BY THE LOCAL GOVERNING UNIT. THESE SHALL INCLUDE, BUT ARE NOT LIMITED TO, WIMCO PROTECTION DEVICES, INFRASAFE PROTECTION DEVICES, FILTER FABRIC, BIO ROLLS AND STRAW BALES.

DURING CONSTRUCTION

THE FOLLOWING STORMWATER POLLUTION PREVENTION MEASURES SHALL BE IMPLEMENTED DURING CONSTRUCTION. REFER TO GRADING AND EROSION CONTROL PLANS FOR LOCATIONS.

1. PHASED GRADING
   TO THE EXTENT POSSIBLE, GRADING SHALL BE PHASED TO MINIMIZE THE AMOUNT OF DISTURBED AREAS DURING SITE CONSTRUCTION.
2. TRACKED SEDIMENT
   ANY SEDIMENT TRACKED FROM THE SITE ONTO THE STREET SHALL BE REMOVED IMMEDIATELY UPON DETECTION. THE ROCK CONSTRUCTION ENTRANCE SHALL BE INSPECTED AND REPAIRED IF NECESSARY WITH SEDIMENT.
3. STOCKPILES
   STOCKPILES SHALL BE PLACED IN AN AREA THAT WILL MINIMIZE THE NEED FOR RELOCATION. IF A STOCKPILE WILL REMAIN IN PLACE FOR AN EXTENDED PERIOD OF TIME, STABILIZATION MEASURES SHALL BE IMPLEMENTED, INCLUDING BUT NOT LIMITED TO, SEEDING AND SILT FENCING. TEMPORARY STOCKPILES MUST HAVE SILT FENCE OR OTHER EFFECTIVE SEDIMENT CONTROLS AND CANNOT BE PLACED IN SURFACE WATERS, INCLUDING STORMWATER CONVEYANCES SUCH AS CURB AND GUTTER SYSTEMS, DOWNDRAINS OR DITCHES.
4. TOP-SOIL
   UPON GRADING COMPLETIONS, A MINIMUM OF 4 INCHES OF TOPSOIL SHALL BE PLACED OVER ALL DISTURBED AREAS, EXCLUDING PROPOSED STREETS AND PARKING AREAS.
5. RESTORATION
   ALL DISTURBED AREAS NOT ACTIVELY WORKED SHALL BE RESTORED WITH SOD AND MULCH, EROSION CONTROL BLANKET AND/OR SEED WITHIN 14 DAYS.
6. SLOPES
   IN ORDER TO MAINTAIN SHEET FLOW AND MINIMIZE RILLS AND/OR GULLIES, THERE SHALL BE NO UNBROKEN SLOPE LENGTH OF GREATER THAN 75 FEET FOR SLOPES WITH A GRADE OF 3:1 OR STEEPER.
7. DRAINAGE DITCHES
   THE NORMAL WETTED PERIMETER OF ANY TEMPORARY OR PERMANENT DRAINAGE DITCH THAT DRAINS WATER FROM THE SITE, OR DIVERTS WATER AROUND THE SITE, MUST BE STABILIZED WITHIN 200 LINEAL FEET FROM THE PROPERTY EDGE, OR FROM THE POINT OF DISCHARGE TO ANY SURFACE WATER. STABILIZATION MUST BE COMPLETED WITHIN 24 HOURS OF CONNECTING TO A SURFACE WATER.
8. PIPE OUTLETS
   PIPE OUTLETS MUST BE PROVIDED WITH TEMPORARY OR PERMANENT ENERGY DISSIPATION WITHIN 24 HOURS OF CONNECTION TO A SURFACE WATER.
9. CATCH BASINS
   ALL CATCH BASINS SHALL BE PROTECTED WITH INLET PROTECTION DEVICES APPROVED BY THE LOCAL GOVERNING UNIT. THESE SHALL INCLUDE, BUT ARE NOT LIMITED TO, WIMCO PROTECTION DEVICES, INFRASAFE PROTECTION DEVICES, FILTER FABRIC, BIO ROLLS AND STRAW BALES.
10. DUST
    CONSTRUCTION DUST SHALL BE CONTAINED TO THE EXTENT POSSIBLE, IF THE SITE BECOMES EXCESSIVELY DUSTY, APPROPRIATE MEASURES SHALL BE TAKEN TO REDUCE DUST BEING TRANSPORTED FROM THE SITE. DUST CONTROL MEASURES INCLUDE, BUT ARE NOT LIMITED TO, WATERING AND CALCIUM CHLORIDE APPLICATION.
11. DEWATERING
    DEWATERING ACTIVITIES SHALL BE CONDUCTED WITH AND APPROVED BY THE LOCAL GOVERNING UNIT. IF THERE WILL BE ANY DEWATERING OF BASIN BRANCHING THAT MAY HAVE TURBID OR SEDIMENT LADEN DISCHARGE, THE WATER MUST BE DISCHARGED TO A TEMPORARY OR PERMANENT SEDIMENTATION BASIN ON THE PROJECT SITE WHENEVER POSSIBLE. APPROPRIATE BMPS SHALL BE USED FOR EROSION AND SEDIMENT CONTROL AND ENERGY DISSIPATION.
12. CONSTRUCTION MATERIALS AND DEBRIS
    CONSTRUCTION MATERIALS SHALL BE STORED IN AN ORDERLY MANNER AND IN AN AREA THAT WILL MINIMIZE CONFLICTS WITH OTHER CONSTRUCTION ACTIVITIES. CONSTRUCTION DEBRIS SHALL BE CONTAINED IN DUMPSTERS AND REMOVED FROM THE SITE AS NECESSARY.
13. CHEMICALS
    CHEMICALS SHALL BE STORED IN A SAFE AREA IN SEALED CONTAINERS WITH THE ORIGINAL LABELING AND MATERIAL SAFETY DATA SHEETS AVAILABLE.
14. SPILLS AND CONTAMINATION
    IF FUEL, OIL OR A HAZARDOUS CHEMICAL IS SPILLED ON DEFINED DURING CONSTRUCTION ACTIVITIES, ALL APPROPRIATE AGENCIES SHALL BE IMMEDIATELY NOTIFIED, INCLUDING, BUT NOT LIMITED TO, THE MINNESOTA DUTY OFFICER AT 800-422-0798.
15. CONCRETE WASHOUT AREA
    ALL LIQUID AND SOLID WASTES GENERATED BY CONCRETE WASHOUT OPERATIONS MUST BE CONTAINED IN A LEAK-PROOF CONTAINMENT FACILITY OR IMPERVIOUS LINER. AN IMPERMEABLE COMPACTED CLAY LAYER IS SUFFICIENT, CONCRETE WASHOUT IN THE AGGREGATE ROAD BASE IS REQUIRED. A SIGN MUST BE INSTALLED AT EACH WASHOUT FACILITY TO DIRECT EQUIPMENT OPERATORS TO THE APPROPRIATE LOCATION.

POST CONSTRUCTION

WHEN THE SITE HAS BEEN COMPLETELY CONSTRUCTED, THE SITE MUST UNDERGO FINAL STABILIZATION. FINAL STABILIZATION OCCURS WHEN ALL OF THE GRADING, INFRASTRUCTURE, AND BUILDING ACTIVITIES HAVE BEEN COMPLETED TO ACHIEVE FINAL STABILIZATION, THE FOLLOWING MEASURES SHALL BE COMPLETED

1. ALL DISTURBED AREAS WITHOUT PERMANENT IMPERVIOUS SURFACES SHALL BE STABILIZED BY A UNIFORM PERENNIAL VEGETATIVE COVER. AREAS NOT REQUIRING SOD OR EROSION CONTROL BLANKET SHALL BE SEEDED AND MULCHED
2. SEDIMENT FROM CONVEYANCES AND TEMPORARY SEDIMENTATION BASINS THAT ARE TO BE USED AS PERMANENT WATER QUALITY MANAGEMENT BASINS SHALL BE CLEANED OUT. SEDIMENTATION BASINS SHALL BE SUFFICIENTLY CLEANED OUT TO RETAIN THE BASIN TO DESIGN CAPACITY. SEDIMENT MUST BE STABILIZED TO PREVENT IT FROM BEING WASHED BACK INTO THE BASIN OR CONVEYANCES DISCHARGING OFF-SITE OR TO SURFACE WATERS.
3. WHEN STABILIZED VEGETATION HAS BEEN ESTABLISHED OVER 70 PERCENT OF THE PERVIOUS SURFACE AREA, ALL SYNTHETIC TEMPORARY EROSION AND SEDIMENT CONTROL MEASURES SHALL BE REMOVED. THIS INCLUDES, BUT IS NOT LIMITED TO, SILT FENCE, TREE FENCE AND CATCH BASIN INLET PROTECTION DEVICES.

INSPECTIONS & RECORD KEEPING

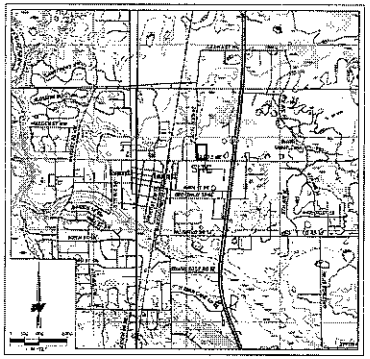
STORMWATER POLLUTION PREVENTION INSPECTIONS SHALL OCCUR ONCE EVERY SEVEN (7) DAYS DURING ACTIVE CONSTRUCTION AND WITHIN 24 HOURS AFTER A RAINFALL EVENT GREATER THAN 0.5 INCHES IN 24 HOURS. INSPECTIONS MAY BE CHANGED DURING FROZEN GROUND CONDITIONS. THESE WORK HAS BEEN SUSPENDED DUE TO FROZEN GROUND CONDITIONS, THE REQUIRED INSPECTIONS AND MAINTENANCE MUST TAKE PLACE WITHIN 24 HOURS AFTER RUNOFF OCCURS AT THE SITE OR PRIOR TO RESUMING CONSTRUCTION, WHICHEVER COMES FIRST. DURING THE COURSE OF CONSTRUCTION, IT MAY BE DETERMINED THAT ADDITIONAL STORMWATER POLLUTION PREVENTION MEASURES MAY BE NEEDED, OR CERTAIN MEASURES ARE NOT EFFECTIVE TO INSTALL. IN THESE CASES, AN AMENDMENT TO THE SWPPP SHALL BE MADE, AND CORRESPONDING REASONS SHALL BE DOCUMENTED IN THE SWPPP.

1. THE EXCAVATOR IS RESPONSIBLE FOR ALL EROSION CONTROL INSPECTIONS.
2. RECORD NAME OF INSPECTOR AND DATE AND TIME OF INSPECTION
3. RECORD RAINFALL AMOUNT SINCE MOST RECENT INSPECTION
4. INSPECT ROCK CONSTRUCTION ENTRANCES FOR SEDIMENTATION. INSPECT ADJACENT STREETS FOR SEDIMENT TRACKING.
5. INSPECT SITE FOR EXCESSIVE EROSION AND SEDIMENT ACCUMULATION.
   A. INSPECT SILT FENCE AND OTHER TEMPORARY EROSION AND SEDIMENT CONTROL DEVICES FOR EXCESSIVE SEDIMENTATION AND MALFUNCTIONING.
   B. INSPECT FLARED END SECTIONS FOR EROSION AND SEDIMENTATION.
   C. INSPECT PONDS, INFILTRATION BASINS, TEMPORARY SEDIMENTATION BASINS AND ALL OTHER BMPS FOR EROSION AND SEDIMENTATION.
   D. INSPECT SURFACE WATERS, INCLUDING DRAINAGE DITCHES AND CONVEYANCE SYSTEMS FOR EVIDENCE OF SEDIMENT BEING DEPOSITED BY EROSION.
6. INSPECT SITE AND ADJACENT PROPERTIES FOR CONSTRUCTION DEBRIS, TRASH AND SPILLS.
7. INSPECT STABILIZED AREAS FOR EROSION.
8. RECORD RECOMMENDED REPAIRS, MAINTENANCE AND/OR REPLACEMENTS REQUIRED TO ENSURE EROSION AND SEDIMENTATION CONTROL MEASURES ARE SUFFICIENT.
9. RECORD RECOMMENDED AMENDMENTS TO THE SWPPP

TO RECORD REPAIRS, MAINTENANCE AND/OR REPLACEMENTS THAT WERE COMPLETED SINCE THE LAST INSPECTION.

NOTE: FOR AREAS THAT HAVE UNDERGONE FINAL STABILIZATION, INSPECTIONS CAN BE REDUCED TO ONCE PER MONTH.

SITE LOCATION MAP



MAINTENANCE

THE OWNER/CONTRACTOR IS RESPONSIBLE FOR THE OPERATION, INSPECTION AND MAINTENANCE OF ALL STORMWATER POLLUTION MEASURES FOR THE DURATION OF THE PROJECT. THE FOLLOWING GUIDELINES SHALL BE USED TO DETERMINE NECESSARY REPAIRS, MAINTENANCE AND/OR REPLACEMENT OF THE EROSION AND SEDIMENTATION CONTROL MEASURES.

1. ROCK CONSTRUCTION ENTRANCES SHALL BE REPAIRED OR REPLACED IF THE ROCK BECOMES EMBEDDED WITH SEDIMENT AND/OR EXCESSIVE SEDIMENT IS BEING TRACKED FROM THE SITE. SEDIMENT TRACKED ONTO ADJACENT STREETS SHALL BE REMOVED. MEASURES SHALL BE TAKEN IMMEDIATELY UPON DISCOVERY.
2. SILT FENCE SHALL BE REPAIRED OR REPLACED WHEN SEDIMENT REACHES 1/3 THE HEIGHT OF THE SILT FENCE, THE SILT FENCE IS DAMAGED AND/OR THE SILT FENCE BECOMES NONFUNCTIONAL. MEASURES SHALL BE TAKEN WITHIN 24 HOURS OF DISCOVERY.
3. CATCH BASIN INLET PROTECTION DEVICES SHALL BE CLEANED WHEN SEDIMENT REACHES 1/3 THE HEIGHT OF THE SEDIMENT TRAP AND/OR REPAIRED OR REPLACED IF THE DEVICE BECOMES NONFUNCTIONAL. MEASURES SHALL BE TAKEN WITHIN 72 HOURS OF DISCOVERY.
4. FLARED END SECTIONS SHALL BE CLEANED IF DEBRIS IS RESTRICTING FLOW OR IF SEDIMENT HAS ACCUMULATED AT THE OUTLET. IF A FLARED END SECTION BECOMES NONFUNCTIONAL OR DAMAGED, IT SHALL BE REPAIRED OR REPLACED. MEASURES SHALL BE TAKEN WITHIN 72 HOURS OF DISCOVERY.
5. IF SEDIMENT IS OBSERVED OFF-SITE OR NEAR SURFACE WATERS, THE SOURCE OF SEDIMENT SHALL BE DETECTED AND ADDITIONAL MEASURES SHALL BE IMPLEMENTED. THE PERMITTEE(S) SHALL COORDINATE SEDIMENT REMOVAL FROM SURFACE WATERS WITH ALL APPROPRIATE AGENCIES. MEASURES SHALL BE TAKEN WITHIN 7 DAYS OF DISCOVERY.
6. PONDS, INFILTRATION BASINS, TEMPORARY SEDIMENTATION BASINS AND ALL OTHER BMP'S SHALL BE CLEANED IF DEBRIS IS PRESENT AND/OR EXCESSIVE SEDIMENTATION HAS OCCURRED. TEMPORARY AND PERMANENT SEDIMENTATION BASINS MUST BE DRAINED, AND THE SEDIMENT REMOVED WHEN SEDIMENT HAS FILLED THE BASIN TO 1/2 THE STORAGE VOLUME. NO SEDIMENT SHALL BE ALLOWED TO BE WASHED OUT OF INFILTRATION BASINS. MEASURES SHALL BE TAKEN WITHIN 72 HOURS OF DISCOVERY.

NOTICE OF TERMINATION

THE PERMITTEE(S) MUST SUBMIT A NOTICE OF TERMINATION (NOT) TO THE MPCA WITHIN 30 DAYS AFTER FINAL STABILIZATION IS COMPLETE, OR ANOTHER OWNER/OPERATOR (PERMITTEE) HAS ASSUMED CONTROL OVER ALL AREAS OF THE SITE THAT HAVE NOT UNDERGONE FINAL STABILIZATION.

QUANTITIES

THE FOLLOWING TABLE PROVIDES ESTIMATED QUANTITIES FOR STORMWATER POLLUTION PREVENTION THROUGHOUT THE PROJECT.

1. PREPARE SOIL BEFORE INSTALLING BLANKETS, INCLUDING APPLICATION OF LIME, FERTILIZER AND/OR SEED
2. BEGIN AT THE TOP OF THE SLOPE (OR CHANNEL) BY ANCHORING THE BLANKET IN A 6" DEEP X 6" WIDE TRENCH. BACKFILL AND COMPACT THE TRENCH AFTER STAPLING
3. ROLL THE BLANKETS DOWN (STARTING DOWNSTREAM PROCEEDING UPSTREAM) HORIZONTALLY ACROSS THE SLOPE
4. THE EDGES OF PARALLEL BLANKETS MUST BE STAPLED WITH A MINIMUM 4" OVERLAP.
5. WHEN BLANKETS MUST BE SPLICED DOWN THE SLOPE, PLACE BLANKETS END OVER END (SHINGLE STYLE) WITH MINIMUM 9" OVERLAP. USE A DOUBLE ROW OF STAGGERED STAPLES 4" APART TO SECURE BLANKETS
6. IN HIGH FLOW CHANNEL APPLICATIONS, A STAPLE CHECK SLOT IS RECOMMENDED AT 30 TO 40 FOOT INTERVALS. USE A ROW OF STAPLES 4" APART OVER ENTIRE WIDTH OF THE CHANNEL. PLACE A SECOND ROW 4" BELOW THE FIRST ROW IN A STAGGERED PATTERN.
7. DIG TERMINAL ENDS OF THE BLANKETS MUST BE ANCHORED IN A 6" DEEP X 6" WIDE TRENCH. BACKFILL AND COMPACT THE TRENCH AFTER STAPLING.

PLANTING NOTES

1. ALL PLANTS MUST BE HEALTHY, VIGOROUS MATERIAL, FREE OF PESTS AND DISEASE AND BE CONTAINER GROWN OR BALLED AND BURLAPPED AS INDICATED IN THE LANDSCAPE LEGEND.
2. ALL TREES MUST BE STRAIGHT TRUNKED AND FULL HEADED AND MEET ALL REQUIREMENTS SPECIFIED.
3. THE LANDSCAPE ARCHITECT RESERVES THE RIGHT TO REJECT ANY PLANTS WHICH ARE DEEMED UNSATISFACTORY BEFORE, DURING OR AFTER INSTALLATION.
4. NO SUBSTITUTIONS OF PLANT MATERIAL SHALL BE ACCEPTED UNLESS APPROVED IN WRITING BY THE LANDSCAPE ARCHITECT.
5. ALL PLANTING STOCK SHALL CONFORM TO THE "AMERICAN STANDARD FOR NURSERY STOCK," ANSI-Z60, LATEST EDITION, OF THE AMERICAN ASSOCIATION OF NURSERYMEN, INC. AND SHALL CONSTITUTE MINIMUM QUALITY REQUIREMENTS FOR PLANT MATERIALS.
6. EXISTING TREES AND SHRUBS TO REMAIN SHALL BE PROTECTED TO THE DRIP LINE FROM ALL CONSTRUCTION TRAFFIC, STORAGE OF MATERIALS, ETC. WITH 4' HT. ORANGE PLASTIC SAFETY FENCING ADEQUATELY SUPPORTED BY STEEL FENCE POSTS 8' O.C. MAXIMUM SPACING.
7. ALL PLANT MATERIAL QUANTITIES, SHAPES OF BEDS AND LOCATIONS SHOWN ARE APPROXIMATE. CONTRACTOR SHALL BE RESPONSIBLE FOR COMPLETE COVERAGE OF ALL PLANTING BEDS AT SPACING SHOWN AND ADJUSTED TO CONFORM TO THE EXACT CONDITIONS OF THE SITE. THE LANDSCAPE ARCHITECT SHALL APPROVE THE STAKING LOCATION OF ALL PLANT MATERIALS PRIOR TO INSTALLATION.
8. ALL PLANTING AREAS MUST BE COMPLETELY MULCHED AS SPECIFIED.
9. MULCH: SHREDDED HARDWOOD MULCH, CLEAN AND FREE OF NOXIOUS WEEDS OR OTHER DELETERIOUS MATERIAL. IN ALL MASS PLANTING BEDS AND FOR TREES, UNLESS INDICATED AS ROCK MULCH ON DRAWINGS. SUBMIT SAMPLE TO LANDSCAPE ARCHITECT PRIOR TO DELIVERY ON-SITE FOR APPROVAL. DELIVER MULCH ON DAY OF INSTALLATION. USE 4" FOR SHRUB BEDS, AND 3" FOR PERENNIAL/GROUND COVER BEDS, UNLESS OTHERWISE DIRECTED.
10. WEED FABRIC: LANDSCAPE FABRIC UNDER ALL MULCHED AREAS. FILTER FABRICS SHALL BE USED INTERWOVEN 5.0oz NEEDLE PUNCHED POLYPROPYLENE FABRIC MANUFACTURED BY DUPONT, TYPE 1903 OR "WEED BARRIER" OR APPROVED EQUAL.
11. PLACE EDGING BETWEEN ALL PLANTING/ROCK BEDS AND TURF. EDGING SHALL BE POLY.
12. THE PLAN NUMBER PREVAILS ONCE THE LANDSCAPE LEGEND IS DISCREPANCIES EXIST. THE SPECIFICATIONS TAKE PRECEDENCE UNDER THE PLANTING NOTES AND GENERAL NOTES.
13. THE CONTRACTOR SHALL BE RESPONSIBLE FOR ALL MULCHES AND PLANTING SOIL QUANTITIES TO COMPLETE THE WORK SHOWN ON THE PLAN. VERIFY ALL QUANTITIES SHOWN ON THE LANDSCAPE LEGEND.
14. LONG-TERM STORAGE OF MATERIALS OR SUPPLIES OFF-SITE WILL NOT BE ALLOWED.
15. THE CONTRACTOR SHALL KEEP PAVEMENTS, PLANTERS AND BUILDINGS CLEAN AND UNSTAINED. ALL PEDESTRIAN AND VEHICLE ACCESS TO BE MAINTAINED THROUGHOUT CONSTRUCTION PERIOD. ALL WASTES SHALL BE PROMPTLY REMOVED FROM THE SITE. ANY PLANT STOCK NOT PLANTED ON DAY OF DELIVERY SHALL BE HEELED IN AND WATERED UNTIL INSTALLATION. PLANTS NOT MAINTAINED IN THIS MANNER WILL BE REJECTED. ANY DAMAGE TO EXISTING FACILITIES SHALL BE REPAIRED AT THE CONTRACTOR'S EXPENSE.
16. THE CONTRACTOR SHALL BE RESPONSIBLE FOR COMPLYING WITH ALL APPLICABLE CODES, REGULATIONS, AND PERMITS GOVERNING THE WORK.
17. LOCATE AND VERIFY ALL UTILITIES, INCLUDING IRRIGATION LINES, WITH THE OWNER FOR PROPRIETARY UTILITIES AND GOPHER STATE ONE CALL AT 454-0002 (TWIN CITIES METRO AREA) OR 800-252-1166 (GREATER MINNESOTA) 48 HOURS BEFORE DIGGING. CONTRACTOR SHALL BE RESPONSIBLE FOR THE PROTECTION AND REPAIR OF ANY DAMAGES TO SAME. NOTIFY THE LANDSCAPE ARCHITECT OF ANY CONFLICTS TO FACILITATE PLANT RELOCATION.
18. USE ANTI-DESICCANT (WILTPRUF OR APPROVED EQUAL) ON DECIDUOUS PLANTS MOVED IN LEAF AND FOR EVERGREENS MOVED ANYTIME. APPLY AS PER MANUFACTURER'S DIRECTIONS. ALL EVERGREENS SHALL BE SPRAYED IN THE LATE FALL FOR WINTER PROTECTION USING NARROW-VIEW NOZZLE.
19. PLANTING SOIL: FOR TREES, SHRUBS AND GROUND COVERS: TOPSOIL FRIABLE LOAM CONTAINING A LIBERAL AMOUNT OF HUMUS AND CAPABLE OF SUSTAINING VIGOROUS PLANT GROWTH. IT SHALL COMPLY WITH MNDOT SPECIFICATION 3877 TYPE B SELECT TOPSOIL MIXTURE SHALL BE FREE FROM HARDPAN SUBSOIL, STONES, CHEMICALS, NOXIOUS WEEDS, ETC. SOIL MIXTURE SHALL HAVE A PH BETWEEN 6.1 AND 7.5 AND 10-10-10 FERTILIZER AT THE RATE OF 3 POUNDS PER CUBIC YARD. IN PLANTING BEDS INCORPORATE THIS MIXTURE THROUGHOUT THE ENTIRE BED BY ROTOTILLING IT INTO THE TOP 12" OF SOIL.
20. ALL PLANTS SHALL BE GUARANTEED FOR TWO COMPLETE GROWING SEASON (APRIL 1 - NOVEMBER 15, UNLESS OTHERWISE SPECIFIED. THE GUARANTEE SHALL COVER THE FULL COST OF REPLACEMENT INCLUDING LABOR AND PLANTS.
21. CONTRACTOR SHALL NOTIFY THE LANDSCAPE ARCHITECT AT LEAST 3 DAYS PRIOR TO PLANNED DELIVERY. THE CONTRACTOR SHALL NOTIFY THE LANDSCAPE ARCHITECT AT LEAST 24 HOURS IN ADVANCE OF BEGINNING PLANT INSTALLATION.
22. SEASONS/TIME OF PLANTING AND SEEDING. NOTE: THE CONTRACTOR MAY ELECT TO PLANT IN OFF-SEASONS ENTIRELY AT HIS/HER RISK. DECIDUOUS BOXED B&B: 4/1 – 6/15, 9/21 – 11/1
DECIDUOUS CANS: 4/1 – 6/15, 9/21 – 11/1

LIVE PLANT SEEDING: 4/1 – 6/1, 7/20 – 9/20
NATIVE MIX SEEDING: 4/1 – 7/20, 9/20–10/20
23. MAINTENANCE SHALL BEGIN IMMEDIATELY AFTER EACH PORTION OF THE WORK IS IN PLACE. PLANT MATERIAL SHALL BE PROTECTED AND MAINTAINED UNTIL THE INSTALLATION OF THE PLANTS IS COMPLETE, INSPECTION HAS BEEN MADE, AND PLANTINGS ARE ACCEPTED EXCLUSIVE OF THE GUARANTEE. MAINTENANCE SHALL INCLUDE: WATERING, ONE RAKING, MULCHING, REMOVAL OF DEAD MATERIALS, RE-SETTING PLANTS TO PROPER GRADE AND KEEPING PLANTS IN A PLUMB POSITION. AFTER ACCEPTANCE, THE OWNER SHALL ASSUME MAINTENANCE RESPONSIBILITIES. HOWEVER, THE CONTRACTOR SHALL CONTINUE TO BE RESPONSIBLE FOR KEEPING THE TREES PLUMB THROUGHOUT THE GUARANTEE PERIOD.
24. ANY PLANT MATERIAL WHICH DIES, DYING SHOWN, OR DEFOLIATES (PRIOR TO TOTAL ACCEPTANCE OF THE WORK) SHALL BE PROMPTLY REMOVED FROM THE SITE AND REPLACED WITH MATERIAL OF THE SAME SPECIES, QUANTITY, AND SIZE AND MEETING ALL LANDSCAPE LEGEND SPECIFICATIONS.
25. WATERING: MAINTAIN A WATERING SCHEDULE WHICH WILL THOROUGHLY WATER ALL PLANTS ONCE A WEEK, IN EXTREMELY HOT, DRY WEATHER, WATER MORE OFTEN AS REQUIRED BY INDICATIONS OF HEAT STRESS SUCH AS WILTING LEAVES. CHECK MOISTURE UNDER MULCH PRIOR TO WATERING TO DETERMINE NEED. CONTRACTOR SHALL MAKE THE NECESSARY ARRANGEMENTS FOR WATER.
26. CONTRACTOR SHALL REQUEST A MINIMUM OF 4 WORKING DAYS ADVANCE NOTICE FOR A FINAL ACCEPTANCE INSPECTION.
27. ALL DISTURBED AREAS TO BE TURF SEEDED, ARE TO RECEIVE 4" TOP SOIL, SEED MIXTURE, AND WATER UNTIL A HEALTHY STAND OF GRASS IS OBTAINED.
28. ALL DISTURBED AREAS TO RECEIVE NATIVE WILDLIFE SEEDED, ARE TO RECEIVE ENRICHED SOIL, SEED, MULCH, AND WATER UNTIL A HEALTHY STAND OF GRASS IS OBTAINED.

RE: Kwik Trip Store 1019 at 400 E Dual BLVD NE

Dear Mr. Kernosky:

This letter is intended to accompany the submittal for our application to the City of Isanti for the requested Conditional Use Permit for a Convenience Store with Fuel Sales and a Carwash, Site Plan Review and Preliminary Plat. Please accept this letter as our request to be placed on the next available Planning Commission Meeting Agenda and the City Council Agenda.

Kwik Trip, Inc. is proposing the construction of a convenience store with an integral single bay carwash, 10 dispenser fueling canopy as well as a two lane diesel fueling canopy. Included with the applications in the submittal are 3 – full size 24x36 and 1 -11x17 copies of the Site Improvement Plans. I have also included the ALTA Survey, Building and Canopy Elevations, Signage Plans, Colored Landscape Plan and the Storm Water Management Plan. 6 full size copies of the Preliminary Plat as well as an 11x17 copy are also included.

Operations

The requested hours of operation will be 24 hours for all uses. The type of products that will be sold will be similar to that of our existing stores throughout the mid-west: fresh produce, bakery and dairy, hot and cold food and beverages, fresh meat and groceries, tobacco products, lotto, convenience store merchandise, alcohol, gasoline, diesel, E-85, ice and propane. The outside merchandising of products is being requested next to the store (two ice chests and one propane

cage) and underneath the proposed main canopy. To ensure that the freshest products are sold in our stores, we request that daily deliveries be allowed.

Buildings, Architecture and Site Design

The architectural elements in this state-of-the-art building consist of a full brick cladding, standing seam metal roof, store front aluminum openings and stucco accents. Extensive landscaping, modern storm water facilities, monument and wall signage, customer and employee parking, concrete paving with curb and gutter are also included in the overall site design. We are proposing this site will be accessed from one driveway along CSAH 5. Isanti County is currently reviewing this driveway. We are also proposing three access points off E Dual BLVD NE. These driveways will provide an efficient circulation pattern for vehicles in and out of the site, as well as safe movements internally on the parcel.

Investment in the City

This project will be a multi-million dollar investment in the City of Isanti. Not only in the physical improvements and development of a vacant parcel, but also an investment of approximately 25 to 30 new permanent jobs in the City. The projected payroll here is estimated to be approximately $500,000 annually.

Community Partner

We pride ourselves in being an asset in the communities where we are located. Families can walk or ride their bikes to our stores. Retirees on fixed income can access fresh groceries like milk, eggs, bread and fruit just steps from their car. We take pride in giving back to the communities we serve with charitable donations and by partnering with local non-profits. Kwik Trip would be happy to provide any additional information or answer any questions or concerns the City of Isanti may have with our submittal. Please feel free to call or email with any questions you may have.

Sincerely,

Steven Lowe

RE: SITE PLAN AND CONDITIONAL USE PERMIT APPLICATIONS FOR KWIK TRIP, INC.

Mr. George,

Thank you for your submission of a Site Plan Application and Conditional Use Permit to construct a Kwik Trip Convenience Store, Car Wash, and Gas Station on the former Riverside Market property, 400 E Dual Blvd NE in the City of Isanti, MN. I appreciate Kwik Trip's patience as City Staff has internally worked through this project to provide the best solutions to benefit the developer and the community. Please remember that a representative is required to attend the City Planning Commission meeting, scheduled to be held **December 19, 2017 at 7:00 p.m.** at the Isanti City Hall.

The City has continued to review the updated site plans, with the most recent review of the civil set dated 12/14/2017. Below are the following comments:

1) The entrance only driveway access from CSAH 5 encroaches onto the adjacent property. Please be aware that, while Kwik Trip has proposed to provide additional CSAH 5 Right of Way, the adjacent property has not. Please correct this concern.
2) Internal signage needs to be installed to identify that the driveway access from CSAH 5 is entrance only.
3) Proposed signage will need to be applied for and approved through the Community Development Department.
4) Address any City & County Engineer comments.

If you have any questions or concerns regarding this letter, please feel free to contact me by phone at (763) 444-5512 or via e-mail at rkernosky@cityofisanti.us.

Very truly yours,

Ryan J Kernosky

MEMORANDUM

Date: November 29, 2017

To: Ryan Kernosky, Community Development Director

From: Bradley C. DeWolf, P.E.

Subject: Kwik Trip Site Plan & Preliminary Plat Review
City of Isanti, MN

We have reviewed the site plan for the proposed Kwik Trip project created by Carlson McCain, Inc. with a signature date of November 15, 2017.

The site plan includes a proposed building with a car wash, a new parking lot with fueling stations and a storm water pond. The site is located on the north side of Heritage Boulevard and on the east side of East Dual Boulevard NE.

We have reviewed the submitted civil plan set and have the following comments:

1. General Comments:
    a. Add 5-foot wide concrete sidewalk with a 6-foot boulevard along the north side of Heritage Boulevard.
2. Utility Plan: Sheet 1019 SP4:
    a. It appears the proposed water service is replacing the existing hydrant. The hydrant cannot be removed. A new 10x4 saddle connection will be required if the service to the existing building is not large enough.
    b. A tracer wire with access boxes and grounding nodes will be required along the sanitary sewer service lines and water service line. See attached marked up Sheet 1019 SP4 and attached tracer wire standards and details.
3. Utility Plan(Storm Sewer): Sheet 1019 SP4.1:
    a. The proposed storm sewer crosses onto private property at the northeast corner of the site, show the existing drainage and utility easement at this location and show turf restoration.
4. Details: Sheet 1019 SP7:
    a. Replace Detail 12 with the attached concrete valley gutter for driveway entrances.
5. Details: Sheet 1019 SP8:
    a. Replace the 5 MnDOT ped ramp details with the current 6 sheets dated January 23, 2017.

We have reviewed the submitted Stormwater Management Plan prepared by Carlson McCain, Inc. dated November 15, 2017 and have the following comments:

1. A long term pond maintenance plan needs to be created and submitted for the pond.

We have reviewed the submitted Preliminary Plat prepared by E.G. Rud & Sons, Inc. dated November 15, 2017 and have no comments.

We recommend the civil plan sheets, stormwater management plan, and preliminary plat be approved once the above items are addressed.

Please contact me if you have any questions.

Bolton & Menk is an equal opportunity employer.

MEMO

To: **Mayor Wimmer and City Council**

From: Don Lorsung, City Administrator

Date: December 28, 2017

Subject: Review Conflict of Interest Policy

City Attorney Clark Joslin will do the annual review of the Conflict of Interest Policy with the City Council.

The Conflict of Interest Policy (Resolution) is attached for your review and consideration.

Disclosure forms (also attached) should be completed by the City Council and returned to the City Administrator.

RESOLUTION NO. 2018-XXX

CITY OF ISANTI
CONFLICTS OF INTEREST POLICY

Purpose

The City Council of the City of Isanti confirms its determination that ethical standards among the Mayor and Council Members and members of the various Boards and Commissions and employees of the City (Public Officials) are essential to the proper conduct of City affairs. By eliminating conflicts of interest and providing a guide for conduct in City matters, the City Council strives to promote the faith and confidence of the citizens of the City in their government. The following standards of conduct are intended to serve as a guideline for Public Officials in carrying out their responsibilities. This Policy is in addition to any statutory requirements, Attorney General Opinions or court rulings, which prescribe allowable actions for Public Officials.

Definition

Public Officials shall be defined as follows:

Mayor
City Council
Planning Commission
Economic Development Authority
Parks, Recreation, and Culture Board
City Administrator
Human Resources / City Clerk
Finance Director / Treasurer
Economic Development Director
Community Development Director
Public Services Director / Assistant City Administrator
Chief of Police
Liquor Store Manager
Building Official
City Attorney
City Engineer
Other employees of the City of Isanti

Standards of Conduct

1. Public Officials, City employees, and Police Reserve members:

   a) Shall not use their positions to secure special privileges or exemptions for themselves or others to intentionally jeopardize the position of employment of others;

   b) Shall not engage in, solicit, negotiate for, or promise to accept private employment nor shall they render services for private interests or conduct a private business when

such employment, service, or business creates a conflict with or impairs the proper discharge of their official duties;

c) Shall not participate in deliberations in any matter before the Council, Board or Commission, which affects that Public Official's, Public Official's spouse or minor child's financial interests directly or indirectly or those of a business, profession or occupation with which the Public Official is associated. Whenever such conflict is recognized, the affected Public Officials shall disclose in writing such interest prior to any discussion or vote and disqualify themselves from any further involvement pertaining to the issue;

d) Shall not act as agent or attorney for another in any matter before the Council or any Board or Commission or before any court or administrative board in any matter in which the City is a party;

e) Shall not directly or indirectly receive, or agree to receive, any compensation, gift or reward or gratuity as an inducement to support or influence any matter or proceeding connected with, or related to, the duties of the office; The following types of gifts are permitted under exceptions to the law:

1) Lawful campaign contributions.

2) Services to assist an official in the performance of official duties.

3) Services of insignificant monetary value.

4) A plaque or similar item.

5) A trinket or item of insignificant monetary value.

6) Informational material of unexceptional value.

7) Food or beverage given at a reception, meal, or meeting by an organization before whom the recipient makes a speech or answers questions as part of a program (this exception is only available if the location of the reception, meal, or meeting is away from the recipient's place of work).

8) Gifts given because of the recipient's membership in a group.

9) Gifts between family members.

f) Shall not disclose to others or use to further their personal interest confidential information acquired by them in the course of their official duties.

2. Any Public Official who is an officer, director, partner, agent, proprietor or employee of any firm or has a proprietary interest of 10 percent (10%) or more in any company, business, enterprise or corporation, partnership, labor union or association doing business

with the City shall make known that interest in writing as provided in the disclosure section of this Policy.

3. No Public Official nor business entity that the Public Official has a financial interest in, in excess of 10 percent (10%), shall enter into any contract with the City unless otherwise authorized by law.

4. Public Officials shall disclose to the governing body any relationship to another person or entity in any instance where there is a conflict of interest or could be the appearance of a conflict of interest.

5. Public Officials shall not have a personal financial interest in any sales, lease, or contract that they are authorized to make in their official capacities.

6. A Public Official shall not hold two positions if the positions' functions are incompatible with one another.

Disclosures

Public Officials, elected or appointed and employees serving as Department Heads or Supervisors, shall, no later than thirty (30) days following election or appointment to office and each year thereafter by February 1, complete the Disclosure Form and return it to the City Administrator. All subsequent applicants for appointment on Boards and Commissions shall file a completed Disclosure Form together with the application form. Within thirty (30) days after the acquisition or sale of any property, each Public Official shall file as a public record with the City Administrator, a list of all real property in the City owned by such person, that person's spouse, or minor child, or in which the Public Official has a beneficial interest, disclosing each individual item held, and by whom. Homestead shall be excluded from the above disclosure. Each Public Official shall disclose all positions as officer, director, partner, agent, proprietor or employee of any firm in which such Public Official has a proprietary interest of ten percent (10%) or more in any company, business, enterprise, corporation, partnership, labor union or association doing business with the City, and indicate with respect to each such relationship whether services are gratuitous or for compensation.

Disclosure Form

The disclosure information required by this Policy shall be set forth on a form which shall be made available by the City Administrator and is part of this Policy.

Discipline

Upon a signed written complaint of any person questioning adherence to this Policy or on the Council's own volition, the Council shall refer the matter to the City Attorney for investigation and the City Attorney shall report the results of the investigation to the Council within forty-five (45) days thereafter. A copy of such report shall be furnished to the person complained against. Such person may request a hearing on this matter before the Council which request shall be filed with the City Administrator not later than ten (10) days following receipt by such person of the City Attorney's report.

Upon receipt of the City Attorney's report and at the conclusion of any hearing on the matter, the Council by majority vote may dismiss the complaint as having no merit, may adopt a resolution of censure, or with respect to members of Boards and Commissions, the Council may remove a member from such Board or Commission. In the event the complaint is against a member of the Council, such member shall not participate in the Council's deliberations or vote on the issue.

Violations

Any Public Official who violates the Conflict of Interest Law can be found guilty of a gross misdemeanor, be fined up to $3,000, and imprisoned for up to one year. Any contract that has been made illegally is void.

This Resolution is hereby approved by the Isanti City Council this 2nd day of January, 2018.

Attest:

Mayor George A. Wimmer

Katie Brooks
Human Resources/City Clerk

Members Absent: Jim Kennedy

Staff Present: Ryan Kernosky, Community Development Director; Don Lorsung, City Administrator; Katie Brooks, City Clerk/Human Resources; Jason Cook, City Engineer.

1D. Agenda Modifications.

None

Motion by Lorinser, second by Lundeen to approve the Meeting Agenda. Motion was unanimously approved.

2. Approval of Minutes from October 17, 2017 Planning Commission Meeting

Motion by Lorinser, second by Collison to approve the Meeting Minutes. Motion was unanimously approved.

3. Public Hearing

A. Request from Isanti Hotel Partners, LLC (Troy Hoekstra, Agent) for approval of a Site Plan Review per Section 18, Subd. 2 to construct a 60-room Hotel, and for a variance from Section 17, Subd. 10 of the Isanti Zoning Code pertaining to parking requirements and Section 13, Article 2, Subd. 14(A) pertaining to setback requirements for PID 16.146.0010 more legally described as Lot 1, Block 1, of Isanti Hotel Addition, Isanti County, Isanti, Minnesota

Mayor Wimmer opened the Public Hearing at 7:25 p.m.

Jason Bourke, 208 Richard Ave – Mr. Bourke wanted to publicly state that he is against the variance in the parking reduction. He wanted to make sure that the flow of the traffic from the hotel would not impact his neighborhood. Mr. Bourke stated he was not opposed to the hotel, but did have concerns over traffic and the parking.

Hugo Strike – Mr. Strike would like to see the hotel moved West to not block his business from view. Mr. Strike asked about how the codes were set, Mayor Wimmer provided an example on variances from the Co-Op's required parking. Mayor Wimmer stated that the variance was

consistent with Best Western brand standards. Mr. Strike stated that he thought the City did not give out variances.

Mayor Wimmer closed the Public Hearing at 7:29 p.m.

Mr. Lundeen stated that the likelihood of traffic utilizing Richard Avenue is unlikely. Vehicles will more likely use the Main Street to get onto TH 65.

Mayor Wimmer discussed previous examples of increased traffic uses in the City. There are ways to limit traffic using Richard Street, like signage.

Mr. Collison stated that there can be signage used. Mr. Lundeen stated that trailers are normally kept on the site (like the rodeo grounds).

Director Kernosky stated that the activity is facing Main Street, and that he expected the majority of hotel guests to utilize the Main Street side more often than the Broadway Street side for access. Director Kernosky continued to state that our zoning code does require interior landscaping, and that another variance would be needed if they removed that to accommodate the full required parking.

Motion by Lorisner, second by Collison to recommend approval of Resolution 2017-XXX approving the Site Plan/ Building Appearance and Variance for the Best Western Plus. Motion passed unanimously.

4. Other Business.

A. None.

5. Other Communications.

A. None.

6. Adjournment

Motion by Lundeen, second by to Bergely to adjourn the November 21, 2017 meeting of the Planning Commission. Motion was unanimously approved.

The meeting adjourned at 7:33 p.m.

Dated at Isanti, Minnesota this 22nd day of November, 2017.

Respectfully submitted,

Ryan Kernosky
Community Development Director

MEMORANDUM

TO: Mayor George A. Wimmer
Members of the Isanti City Council

FROM: Ryan Kernosky, Community Development Director

DATE: January 2, 2018

SUBJECT: **TEMPORARY HOUR INCREASE FOR CODE ENFORCEMENT/ZONING TECHNICIAN**

Background
As you all know, Building Official Nick Henly left us on December 22nd and the City is in the process of hiring on a contract building inspection service company. There will be limited office hours of the contract company, but many walk-ins will be handled (as much as we can) by CEZT Lindholm and I. This will also include review of zoning permits, rental inspections, and fence permits.

Request
I am requesting that the Code Enforcement/Zoning Technician is permitted an increase in hours from 20 to 29 weekly for a temporary time. Currently, the CEZT works 20 hours per week, 8 a.m. to 12 p.m. Monday to Friday at an hourly rate of $17.27 per hour. While we are down a person in our department with the departure of Nick, it will be crucial for workload and constituent services to be provided without interruption.

Fiscal Impact
The 2018 Budget included $2,400 for a Building Inspection Intern. I would ask that this money is used instead to cover the costs of the increased hours for the CEZT during this time of transition.

RESOLUTION 2018-XXX

A RESOLUTION TEMPORARILY INCREASING HOURS FOR CODE ENFORCEMENT/ZONING TECHNICIAN MATT LINDHOLM

WHEREAS, Building Official Nick Henly has submitted his resignation as the Isanti Building Official effective December 22, 2017; and,

WHEREAS, the City of Isanti has contracted interim building inspection services through MNSpect, LLC, while a suitable replacement is found; and,

WHEREAS, the City of Isanti Community Development Department oversees enforcement of Zoning Ordinances; and,

WHEREAS, as part of the interim building inspection services provided by MNSpect, LLC, does not include zoning and land-use review; and,

WHEREAS, Matt Linholm has served as the Code Enforcement/Zoning Technician for the City of Isanti since December 2015 and has worked on zoning review since that time; and,

WHEREAS, Matt Lindholm currently works 20 hours per week; and,

WHEREAS, with Building Official Nick Henly's resignation, it will be important to have coverage and thorough review of zoning for new construction projects.

NOW, THEREFORE, BE IT RESOLVED, that the City Council of the City of Isanti hereby approve a temporary increase of working hours for Matt Lindholm from 20 hours per week up to 29 hours per week. **BE IT FURTHER RESOLVED** that Matt Lindholm's pay will be consistent with the approved 2018 budget.

Approved this 2nd day of January, 2018.

Request for City Council Action

To: Mayor Wimmer and Members of City Council
From: Finance Director Betker
Date: December 27th, 2017
Subject: Proposed Stormwater Rate Adjustment

Background:
At its September 7th 2017 meeting the Finance Committee authorized staff to move forward with an in-house Storm Water Rate Study. At its November 9th 2017 meeting the Finance Committee reviewed the attached rate study and recommended that the City Council consider the proposed rate structure at the Council's January 2nd 2018 meeting.

Current Action:
Consider resolution to amend Attachment 1, Appendix A as referenced in section 281-4 of the Isanti City Code. Appendix A has not been amended since its original adoption on November 19th 2013.

Storm Water Rate Study

Prepared By: Finance Director Betker

Storm Water Drainage Utility

The storm water fund was created by resolution in September of 2013 to manage and fund the construction and maintenance of the storm water drainage system. In creating the Storm Water Drainage Utility, Council directed that the Utility shall not provide financing for past due debt or generate a return on investment for the City. Charges for parcels within city limits are based on Equivalent Residential Units, or ERU's. One ERU is defined as the average impervious area of a 100 parcel random sample of R-1 zoned developed lots. One ERU was found to equal 3,765 square feet.

Developed Residential Lots are assigned one ERU. The Non-Residential Lot ERU is determined based on actual impervious area on the parcel divided by 3,765. A minimum of .25 ERU is assigned to all parcels. Each parcel pays a monthly or semiannual fee based on calculated ERU's for that parcel at a rate of $6.43 per ERU per month.

City projects have, and will continue to include, repair and maintenance of drainage systems, storm water ponds, and other wetland outlets. Increasingly strict state mandates, intended to improve water quality, have increased costs for the Storm Water Utility.

Thru 2021 the City anticipates spending nearly $475,000 for storm apron maintenance, pond dredging and vegetation clearing.

MAINTENANCE COST SUMMARY					
Funding Type: Local					
Year	Inflation%	Storm Apron Maintenance	Pond Dredging	Vegetation/Clearing	Maintenance Total
2017		$ 24,000	$ -	$ 6,000	$ 30,000
2018	3%	$ 79,310	$ 20,600	$ 4,120	$ 104,030
2019	3%	$ 112,986	$ -	$ 2,122	$ 115,108
2020	3%	$ 83,594	$ 10,927	$ 8,742	$ 103,263
2021	3%	$ 100,170	$ 11,255	$ 9,004	$ 120,429
	Total	*$ 400,060*	*$ 42,782*	*$ 29,988*	*$ 472,830*

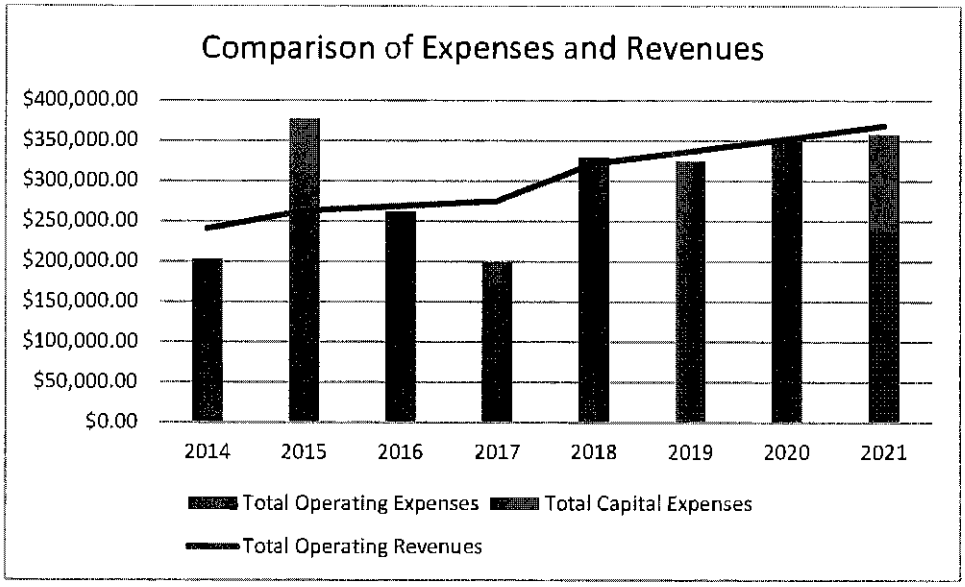
On February 25th, 2015 the City received notice from the Minnesota Pollution Control Agency (MPCA) that per the designation as a Municipal Separate Storm Sewer System (MS4) community, a permit application would need to be completed. MS4 communities are required to develop and implement a storm water pollution prevention program (SWPPP) to reduce the discharge of pollutants from their storm sewer system. The costs associated with compliance are significant. The City has budgeted more than $39,000 in 2018 alone to pay for assistance from City Engineer; Bolton and Menk, to maintain compliance with the regulations set forth by the MS4 designation and required general permit.

Proposed Storm Water Rates

Year	2014	2015	2016	2017	2018	2019	2020	2021
Rate per ERU per month	$6.43	$6.43	$6.43	$6.43	***$7.43***	***$7.65***	***$7.88***	***$8.12***
Change from prior year		$0.00	$0.00	$0.00	+ $1.00	+ 3.00%	+ 3.00%	+ 3.00%

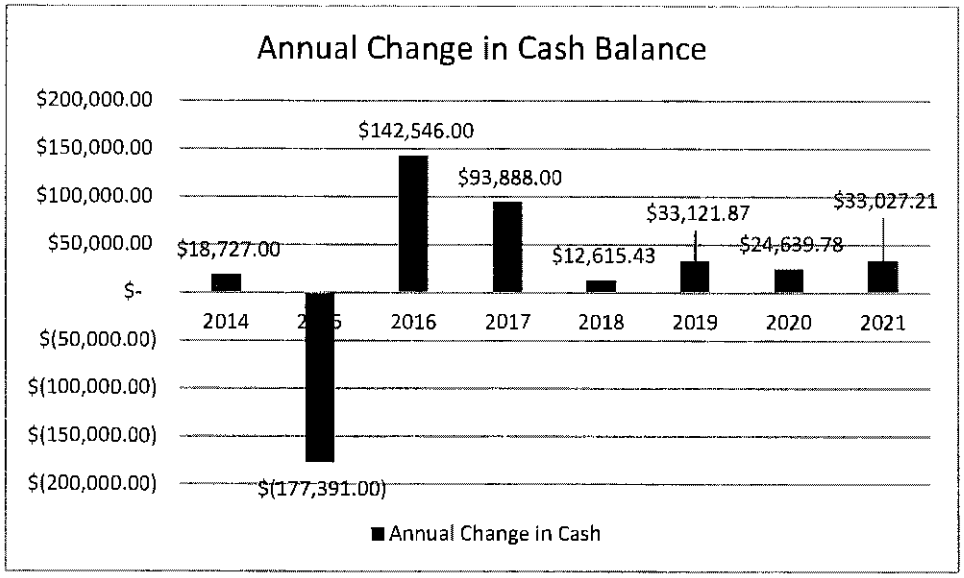
Expenses and Revenues

The proposed storm water rates for 2018-2021 are sufficient to cover known and projected operating and capital expenditures. Capital expenditures are based on the Storm Sewer Apron & Pond Inventory Report prepared by Bolton & Menk and presented to the Council in September of 2016. Operating expenditures are projected to rise an average of 3.00% annually.



Annual Net Margin

The proposed rate structure improves the cash position of the Storm Water Fund by an average of $25,851 per year from 2018 thru 2021, after operating and capital expenses have been considered. This average annual improvement in cash position will allow the City flexibility to adjust to unforeseen requirements of the MS4 permit process annually, without having to revisit the rate structure prior to 2021.



Cash Position

The purpose of improving the cash position of the Fund is to allow the City to fund routine improvements; capital or otherwise, with cash on hand, reserving the use of debt for major improvements and reducing the risk of incurring financing costs on small general obligation revenue bonds that may only total 250k-500k and make placement difficult, hence further increasing the cost to borrow money. Borrowing costs can be significant; paying 125k in interest on a 500k bond issue is possible. Furthermore, incurring debt and the associated costs moves the burden of storm water expense forward in time, thereby asking future residents to pay for past improvements. This is not inherently adverse but should be understood.

From: Chief Gene C. Hill

Date: December 28, 2017

Subject: Peace Officer Lowell Schwieger Resignation

MEMO

Background:

The City of Isanti received the resignation of Part-time Peace Officer Lowell Schwieger. Officer Schwieger's fulltime employment along with other obligations forces him to leave employment. Officer Schwieger leave employment in good standing and would be eligible for rehire in the future. Attached is his letter to the City and his last day of employment will be 12/31/2017. He has turned in all City owned property.

Action:

I ask that the City Council take action on accepting the resignation of Lowell Schwieger who is leaving in good standing and to immediately fill his vacancy caused by his resignation.

Thank you for your consideration,

Chief Gene C. Hill

Isanti Police Department

401 S 1st Ave

Isanti, Mn 55040

Chief Hill,

Please accept this letter as a notification of my resignation. My last day will be on 12-31-2017. It has been a pleasure to work as a Police Officer for Isanti City. Unfortunately, I feel that it is time for me to move on to the new challenges and opportunities that have been presented to me at my current employment. I am sincerely grateful and appreciate being able to work for the Isanti Police Department. Thank you for all the memories and friends that I have made over the last 11 years with the department. I wish you all the best!

Regards,

Lowell Schwieger

Request for City Council Action

To: **Mayor Wimmer and City Council Members**

From: Chief Gene C. Hill

Date: December 28, 2017

Subject: Isanti Police Reserve Termination

MEMO

Background:

The City of Isanti has previously established 12 positions within the Police Department to be Isanti Police Reserves. This is a civilian group that assists the PD with special events and extra patrols within the park and trail system.

Probationary Reserve Officer Brent Tholen had several performance coaching sessions with Lt. Travis Muyres on 12/13/2017, 12/16/2017, 12/22/2017 and on 12/27/2017. Mr. Tholen has demonstrated lack of good judgement even after the coaching sessions by not changing his pattern of behavior.

Action:

I ask that the City Council take action in terminating Mr. Tholen's volunteer position from the Isanti Police Reserves.

Thank you for your consideration,

Chief Gene C. Hill

RESOLUTION NO. 2018 -

RESOLUTION TERMINATING ISANTI PROBATIONARY POLICE RESERVE BRENT THOLEN

WHEREAS, the Isanti Police Reserves are a valuable asset to the community and that the behavior of Mr. Tholen was of poor judgement and conduct unbecoming of an Isanti Police Reserve; and

WHEREAS, the effective date of this resignation will be, January 2, 2018; and

WHEREAS, the City Council authorizes the Chief of Police to fill this vacancy with a viable candidate; and

NOW THEREFORE BE IT RESOLVED BY THE CITY COUNCIL OF THE CITY OF ISANTI, MINNESOTA as follows:

1. That Mr. Tholen be terminated as an Isanti Police Reserve.

2. That the Chief of Police is authorized to fill the vacancy that has been created.

Everyone rose for the pledge of allegiance.

C. Roll Call.

Members Present: George Wimmer, Steve Lundeen, Dan Collison, Ross Lorinser, Paul Bergley, Jim Kennedy, and Jeff Miller.

Members Absent: None.

Staff Present: Ryan Kernosky, Community Development Director

1D. Agenda Modifications.

Director Kernosky stated that there were no Agenda Modifications, Motion by Lundeen, second by Collison to approve the Meeting Agenda. Motion was unanimously approved.

2. Approval of Minutes from November 21, 2017 Planning Commission Meeting

Motion by Lundeen, second by Collison to approve the Meeting Minutes. Motion was unanimously approved.

3. Public Hearing

A. Request from Kwik Trip, Inc. for approval of Preliminary Plat "Kwik Trip 1019" pertaining to PID 16.040.0830 & PID 16.053.0010.

Director Kernosky provided the Commission an overview of the request from Kwik Trip Inc. Mr. Kernosky stated that the applicant has a purchase agreement with the owner of the former Riverside Market. Mr. Kernosky continued to say that because the property was previously platted, a new plat is required because the use of the property uses both parcels. The request is to combine the two parcels into one large parcel.

Director Kernosky also stated that the County has reviewed the plat and requested that a 60 foot right of way off of CSAH 5 is dedicated to the county for a right turn lane. Staff is recommending approval with the conditions stipulated in the Resolution.

Mayor Wimmer opened the Public Hearing at 7:32 p.m.

Mayor Wimmer closed the Public Hearing at 7:32 p.m.

Mayor Wimmer stated that the plat is consistent with what the City was presented with earlier this year.

Mr. Bergely stated that the discussion about either a round-a-bout or a stop light has been brought up for the E Dual Blvd and CSAH 5 intersection. Those options are up to the County and at this time they don't believe that it's needed.

Motion by Lundeen, second by Lorinser to recommend approval of Resolution 2017-XXX approving the Preliminary Plat for Kwik Trip 1019 with conditions. Motion passed unanimously.

B. Request from Kwik Trip, Inc. for approval of a Conditional Use Permit and Site Plan/Building Appearance to construct a gas station, convenience store, and car wash on PID 16.040.0830 & PID 16.053.0010.

Director Kernosky provided an overview of the proposed site plan/building appearance and Conditional Use Permit for Kwik Trip. Mr. Kernosky stated that the standards for both the gas station, car wash, and convenience store meets the standards set forth in the zoning code. The property meets setback requirements. Staff is recommending approval with the conditions set forth in the Resolution.

Director Kernosky stated that the traffic light should be addressed in the future.

Mayor Wimmer stated that the structure on there will be removed at some point in the future. Dean George, representing Kwik Trip Inc, stated that demolition will happen sometime this winter, with construction commencing either late summer or early fall 2018. They hope to open the store by January 1, 2019.

Mayor Wimmer opened the public hearing at 7:39 p.m.

George Heman, 323 Palomino Road – Mr. Heman recommended that the entrance into the Kwik Trip should be moved to line up with Credit Union Drive to create a four-way intersection.

Mayor Wimmer stated that the City has been working on this issue with the County. The County will not install a controlled intersection without a four-way intersection, and that wouldn't happen until the City acquires right of way on the vacant parcel between the lift station and Minnco Credit Union.

Brian McKulla, 444 E Dual Blvd – Mr. McKulla stated that he was one of the owners at 444 E Dual Blvd, and that he supported the proposed Kwik Trip. Mr. McKulla stated the left and right turn lane on E Dual Blvd to CSAH 5 was poorly designed and should be looked at.

Mayor Wimmer closed the public hearing at 7:42 p.m.

Motion by Lundeen, second by Lorinser to recommend approval of Resolution 2017-XXX approving the site plan/building appearance and Conditional Use Permit with conditions. Motion passed unanimously.

E. Proclamations/Commendations/Certificate Awards

1. City of Isanti - Recipient of MDH 2016 Water Fluoridation Quality Award

The Minnesota Department of Health announced that the City of Isanti has been awarded a Water Fluoridation Quality Award from the U.S. Centers for Disease Control and Prevention. There were 1,396 cities in 29 states that received the award for 2016, and in Minnesota there were only 104 of the possible 603 entities receiving it, with the City of Isanti being one of them. Nationally, nearly three quarters of the population is served by public water systems. The Public Works Department is to be commended.

2. Presentation of Green Steps City Signage

Public Works Director, Josi Wood, has taken the lead with the Green Steps Program and been instrumental in getting the City of Isanti to Step 4, which is a big milestone. The Green Steps Program, which is sponsored by and run through the Minnesota Pollution Control Department, gets the City to look at the environmental impact of all decisions and things that can be done for better environmental practices. The City of Isanti is the only Green Step City in the area.

1. Interview Applicant for the Vacant Term Seat for Park, Recreation & Culture Board

Jenny Garvey, 1000 Isanti Parkway, was the only applicant for the open Park, Recreation, & Culture Board seat. Ms. Garvey was asked questions specific to the Board.

Motion by Lundeen, second by Lorinser to re-appoint Jenny Garvey to the open Park, Recreation, & Culture seat. Motion carried.

2. **Resolution 2018-001** Designating Committees and Representatives for City Commissions and Advisory Boards for 2018

Mayor Wimmer indicated that appointments to the Boards would be the same as in 2017.

Motion by Lundeen, second by Lorinser to approve the resolution. Motion carried.

City Administrator Don Lorsung

3. Consider Designating an Official Newspaper and Appointing Depositories and Professional Services for Year 2018

a. Open Bids for the Designation of the City's Official Newspaper

City Administrator Lorsung informed the Council that the City received two bids. One was from ECM Isanti County News and the other from Isanti-Chisago County Star. He then proceeded to open those bids.

Isanti County News	$4.77 per column inch (11 lines/inch) 3,906 distributions in 55040 zip code (Isanti
Isanti-Chisago County Star	$2.25 per column inch (9 lines/inch) 1,710 distributions in City of Isanti

Mayor Wimmer said that the Isanti County News is more expensive, but it reaches all the residents and covers the community more.

b. **Resolution 2018-002** Designating Isanti County News as the City's Official Newspaper after the opening the two sealed bids received

Motion made by Lorinser to approve the Isanti County News, second by Bergley. Motion carried.

City Attorney Clark Joslin

8. Review Conflict of Interest Policy

a. **Resolution 2018-008** Approving the City of Isanti Conflict of Interest Policy

City Attorney Clark Joslin addressed the Council regarding the annual review of the City of Isanti's Conflict of Interest Policy. Mr. Joslin explained the Conflict of Interest policy was adopted by the City several years ago and is readopted each year. There are no significant changes in the law, nor have there been changes in the terms of the policy from prior years. The purpose of the policy is to avoid the appearance of impropriety, conflicts of interest, or that the City Council's decisions are based on anything other than the Council's best judgements and actions for the betterment of the City and the benefit of the residents and taxpayers of the City. To that end, the policy provides that members are to avoid and decline to participate in any business transactions in which they, a spouse, or an immediate family member would have a direct financial interest. Mr. Joslin noted there is a state law at the end of the policy which provisos that it is a criminal offense to knowingly participate in any matter in which they have a direct financial interest. Mr. Joslin continued to review the policy and give examples of what would constitute a conflict. He also said that conflicts are not always financial or contractual in nature and may instead fall into a gray area between personal interest and benefit. Mr. Joslin provided examples of when this could occur. He said the bottom line was that decisions are to be made on objective criteria and not personal criteria, and concluded with the adage of "if in doubt, check it out". Councilmembers and Board members may contact him if they have any questions about this. Mr. Joslin also shared that there is an updated memo in brochure form regarding Conflicts of Interest on the League of Minnesota Cities website.

Mr. Joslin also touched briefly on the Open Meeting Law by saying the League of Minnesota Cities has a very detailed memo on this topic which was recently updated and can be accessed on their website. The main points are that: all meetings of the City Council and advisory boards are subject to the Open Meeting Law; notice for all meetings is required; no official business can be discussed or conducted outside of the official meetings in any form in order to provide transparency.

Date: January 16, 2018

Subject: A Resolution Approving a Special Event Permit Request for Celebrate Isanti 2018

Background

City staff has submitted a special event permit application to host the Celebrate Isanti event on August 11, 2018. The event will include free activities open to the public throughout the day. A 5K family bike ride and run/walk will begin at the Park and Ride in Cambridge at 8:30 am. The route for the race will follow the Cambridge-Isanti Bike/Walk Trail into Bluebird Park with the finish line on the southwest corner of the Isanti Soccer Complex. There will be a kids festival with local businesses and organizations in the open space at Bluebird Park from 9:00 am to 1:00 pm. Vendors will submit applications to the City for review. They will showcase the resources available in the community for children and families. Public Works may also bring some large equipment into the park for the event; any damage to the grass from this activity will be repaired. From 11:00 am to 5:00 pm, the Rum River Rods' Summer Spectacular Car Show will occur on Main Street. The Street Dance will begin at 7:00 pm and end at 11:00 pm. Both Public Works and the Police Department will be providing assistance with the event – overtime hours may be required for this event.

Parking for the 5K and Kids Festival portions of the event is anticipated to be contained within the Park and Ride and Bluebird Park lots.

Portions of Main Street Downtown will be closed for the day. Cars entered into the Car Show will be parked on both sides of Main Street. Main Street will be closed from 2nd Ave to just west of the tracks and 1st Ave will be closed from the alley south of City Hall to the alley behind the Post Office. Letters will be sent to area residents and business informing them of the closure.

Should the weather not cooperate for the event, the event will be cancelled. Any cancellations will be posted to the City's website and the Isanti Events and Community Center Facebook page as early as possible.

A Special Event Permit Application including site plan, temporary sign permit application, and proof of written notification, is attached for Council review. The Special Event Permit typically requires a $100 clean up deposit fee, and the Temporary Sign Permit requires a $50 fee; city staff are asking that these fees be waived.

Staff Request

City staff is requesting approval of the Celebrate Isanti Special Event Permit application and attachments, and waiver of the clean up deposit fee.

RESOLUTION NO. 2018 - XXX

A RESOLUTION APPROVING A SPECIAL EVENT PERMIT REQUEST FOR CELEBRATE ISANTI 2018

WHEREAS, City of Isanti staff hosted the first annual Celebrate Isanti event - an event to celebrate the community in and around Isanti – in 2017; and,

WHEREAS, the event is planned to continue in 2018;

WHEREAS, the event is scheduled to take place August 11, 2018 from 8:00 a.m. until 11:00 pm throughout the City of Isanti at Bluebird Park and Downtown on Main Street, and on the Cambridge-Isanti Bike/Walk Trail; and,

WHEREAS, the event will include a Family Bike Ride, 5K Run/Walk, Kids' Festival, and Street Dance, in conjunction with the Rum River Rods' Summer Spectacular Car Show; and,

WHEREAS, some large equipment including public safety vehicles and Public Works machinery may be brought into Bluebird Park for the kids festival; and,

WHEREAS, the estimated number of people to be in attendance over that time period is anticipated to be 500-1,500; and,

WHEREAS, parking for the 5K event will be at the Cambridge Park and Ride, parking for the kids festival is expected to be contained in the Bluebird park lots, and parking for the Car Show and Street Dance will be available in the City Hall parking lot, in the lot behind Isanti Custom Meats/Post Office with some street parking; and,

WHEREAS, Main Street will be closed for the Car Show as requested by Rum River Rods through the end of the Street Dance, and will reopen around midnight; and,

WHEREAS, all event activities are free and open to the public; and,

WHEREAS, the applicant has requested the required $100 clean-up deposit fee and $50 Temporary Sign Permit fee be waived;

NOW, THEREFORE, IT IS HEREBY RESOLVED by the City Council of the City Of Isanti, Minnesota to hereby waive the $100.00 deposit and $50 Temporary Sign Permit Application fee, and approve assistance and authority in the areas as provided below for the August 11, 2018 Celebrate Isanti event:

1. Assistance from both Public Works and the Police Department for the event when necessary.
2. Allow a public address system and sound amplification in Bluebird Park
3. Placement of temporary signs on City property to promote the event and direct participant to event and parking areas.

BE IT FURTHER RESOLVED by the City Council of the City of Isanti, Minnesota that this Resolution is hereby the "Permit" for the above stated Special Event.

Good afternoon!

Please take a moment to review the Special Event Permit Application for Celebrate Isanti. The major event details will be the same this year – 5K run/walk and bike ride, kids' festival, car show, and street dance. The event is scheduled for August 11. I am working to get a company to do the timing for the 5K, but if it is possible to get some help patrolling the 5K route and the intersection at Isanti Parkway and 3rd Ave, I'd greatly appreciate it! Please also mark your calendars for the kids festival portion of the event – we'd love to have our Public Safety departments represented again this year. I will send out more booth information soon.

If you have any questions about the event, let me know. Please respond with your comments or approval of the special event permit application.

Thanks!

Subject: A Resolution Approving a Special Event Request for the 2018 Downtown Street Dances

---

Background

City staff has submitted a special event permit application to host three downtown street dances. The first street dance will be held Saturday, June 23 from 7:00 p.m. to 11:00 p.m. featuring *Maiden Dixie*. The second is on Saturday, July 14 from 7:00 p.m. to 11:00 p.m. featuring *Jonah and the Whales*. The third dance is on Saturday, August 11 from 7:00 p.m. to 11:00 p.m. featuring *Bad Girlfriends*, and will be the closing event for Celebrate Isanti.

The dances will be held at the intersection of 1st Avenue and Main Street. The estimated number of people to be in attendance is 500 - 1000 people per dance. A beer wagon, food vendors, and non-food vendors will be present at each dance. Alcohol sales will be monitored through the use of wristbands and law enforcement presence. The event will be free to the public. A 15' x 35' stage will be set-up in the right-of-way between Isanti Retail Meats and the Creamery. Parking for the event will be located at City Hall, the Community Center, the public lot behind Isanti Custom Meats/Isanti Post Office, and some street parking. Signage will be posted the week of the event; a Special Event Sign Permit Application has been completed. There is a $50 fee associated with this application; City staff are requesting that Council waive this fee.

Given that the events are street dances, some roadways will be closed for the event. Main Street W from the Railroad tracks to 2nd Ave NW as well as 1st Ave NW from City Hall to the alley behind Custom Meats and the Post office will be closed for the event. Absolute Portable Restrooms will provide restroom facilities for the event. Portables will be placed on 1st Ave south of Main Street and on the grass lot east of Retail Meats (pending approval from Retail Meats). Additional trash and recycling receptacles will be brought in for the events; City staff will clean up after the event. There will be a public addressing system and sound amplification provided outside by the band on stage. Both Public Works and the Police Department will be providing assistance with the event.

Should the weather not cooperate for any of the events, the event will be cancelled. Any cancellations will be posted to the City's website and the Isanti Events and Community Center Facebook page as early as possible.

The attached site plan shows the location of components for the event on Main Street. Copies of letters that will be sent to surrounding property owners have also been attached for Council review. The complete application as well as departmental review are attached.

Staff Request
City staff is requesting approval of the Street Dance Special Event Permit application and attachments.

Subject: Special Event Permit Application - Street Dances

Good morning,

I have attached the Special Event Permit Application for the 2018 Street Dances. Events will be on June 23, July 14, and August 11 (part of Celebrate Isanti). The event details are the same this year – we'll close Main Street the afternoon of each event from the tracks to 2nd Ave and to the alleys north and south of Main Street through about midnight. We'll need Police assistance at the events again this year.

Please respond with your comments or approval. If it's possible to get your response by the end of the day Wednseday (1/10), that would be great.

Thank you!

January 9, 2018

Dear Isanti Business Owner:

The City of Isanti will be hosting street dances throughout Summer 2018 on Saturday **June 23**, (*Maiden Dixie*), Saturday **July 14** (*Jonah and the Whales*), and Saturday **August 11** (*Bad Girlfriends*). Bands will begin playing at 7:00 pm and finish at 11:00 pm. The featured band will perform on an outdoor stage at the corner of 1st Avenue and Main Street, between Isanti Retail Meats and the Creamery Crossing.

These events will require street closures for participant safety. Main Street will be closed from just west of the railroad tracks to 3rd Avenue. 1st Avenue will be closed from the alley south of Main Street to the alley north of Main Street. The road closures will begin at approximately 1:00 pm the day of each event. Please make plans for this in advance of the event. **No Parking will be allowed on the closed portion of Main Street from 2:00 pm the day of the event – 12:00 am the next day.** We appreciate your cooperation.

We hope you will take advantage of the heightened foot traffic that will be in the downtown Isanti area during the time of these events. You are welcome to hand out information to promote your business such as coupons to redeem at a later date or a discount offered for this day. We hope that these events prove advantageous for your business.

If you have any questions, please call me at 763-444-5512 or email me at isantiparks@cityofisanti.us.

Sincerely,

Katie Everett

Dear Isanti Resident:

The City of Isanti will be hosting street dances throughout Summer 2018 on Saturday **June 23**, (*Maiden Dixie*), Saturday **July 14** (*Jonah and the Whales*), and Saturday **August 11** (*Bad Girlfriends*). Bands will begin playing at 7:00 pm and finish at 11:00 pm. The featured band will perform on an outdoor stage at the corner of 1st Avenue and Main Street, between Isanti Retail Meats and the Creamery Crossing.

If you live close to the intersection of Main Street and 1st Avenue you may be able to hear the music from your home. The band will be playing from 7:00 -11:00 pm with sound check beginning as early as 4:00 pm. Please be advised that music will be played at levels within City approved regulations.

The street dance will require street closures for participant safety. Main Street will be closed from just west of the railroad tracks to 2nd Avenue. 1st Avenue will be closed from the alley south of Main Street to the alley north of Main Street before City Hall. The road closures will begin between 1:00 and 2:00 pm. Please make plans for this in advance of the event. **No Parking will be allowed on the closed portion of Main Street from 2:00 pm the day of the event until 12:00 am the next day.** These road closures will not affect accessibility to your home. We appreciate your cooperation.

We hope you will attend the street dance event and enjoy the concert, beer wagon, and food vendors that will be present.

If you have any questions or concerns, please contact Katie at 763-444-5512.

Good afternoon Peggy,

I just wanted to check in with you to see if we'll be able to post our Farmers Market and Street Dance sign on MinnCo's property again this summer. The Farmers Market is scheduled on Fridays from May 25 through September 28, and Street Dances will be June 23, July 14, and August 11.

Thank you!

MEMORANDUM

TO: Mayor George Wimmer
Members of the Isanti City Council

FROM: Ryan Kernosky, Community Development Director

DATE: January 16, 2018

SUBJECT: **CONSIDERATION OF ORDINANCE TO ANNEX PROPERTY AT 1805 285TH AVE NE, PID 05.028.1101**

Background

As part of the 2017 City Council Goals, the annexation of properties surrounded by the corporate limits of the City of Isanti was identified as a goal. PID 05.028.1101 (subject parcel) does not fall within the Orderly Annexation agreement between the City and the Isanti Township, nor is the property *completely* surrounded by the City's corporate limits. This parcel is subject to annexation by Minnesota Statute § 414.033 subd. 3.

As part of this process, the City was required to pass a Notice of Intent to annex and serve that Notice upon the Township and the State of Minnesota. That was done in September 2017. After the Township was provided the Notice, they then had 90 days to serve an objection to the annexation. As such, the Township failed to serve any objections regarding this annexation, and now can be reviewed and approved by the Chief Administrative Law Judge.

MN Statute § 414.033 subd. 3

Minnesota State Statute § 414.033 subd. 3 allows for annexation of parcels through Ordinance that are surrounded by the annexing municipality on at least 60 percent of the property's boundaries and are under 40 acres in size. The subject parcel exceeds the 60 percent surrounded requirement and is 2.5 acres in size, therefore, can be annexed through ordinance and under § 414.033 subd. 3.

Staff Comments

The attached Ordinance needs to now be passed by the City Council if the Council still has interest in annexing this specific parcel. Staff recommends approval of the attached ordinance.

ORDINANCE NO. XXX

AN ORDINANCE OF THE CITY OF ISANTI, MINNESOTA ANNEXING LAND LOCATED IN ISANTI TOWNSHIP, ISANTI COUNTY, MINNESOTA PURSUANT TO MINNESOTA STATUTES § 414.033 SUBD. 3, PERMITTING ANNEXATION BY ORDINANCE

WHEREAS, the City of Isanti has identified the following property, legally described as:

> The south 436 feet of the west 250 feet of the Southwest Quarter of the Southwest Quarter of Section 28, Township 35, Range 23, Isanti County, Minnesota.

For annexation pursuant to Minnesota State Statute § 414.033 subd. 3; and,

WHERAS, the property proposed for annexation abuts upon the corporate limits of the City of Isanti, Minnesota on the City's North, South, East, West boundaries; and,

WHEREAS, the proposed property for annexation is 2.5 acres in size; and,

WHEREAS, the proposed property for annexation is residential in characters; and,

WHEREAS, the area proposed for annexation is not included in any area that has already been designated for orderly annexation pursuant to Minnesota Statutes § 414.0325, nor in any other proceeding currently pending before the Office of Administrative Hearings – Municipal Boundary Adjustment Unit; and,

WHEREAS, pursuant to Minnesota State Statute § 414.033 subd. 3 the City of Isanti approved a Notice of Intent to annex the aforementioned property during the regularly scheduled City Council meeting on September 19, 2017; and,

WHEREAS, the Isanti Township was provided 90-days to serve objections with the Chief Administrative Law Judge to the aforementioned annexation; and,

WHEREAS, the Isanti Township did not serve any objections to the aforementioned annexation within the 90-day period.

NOW, THEREFORE, BE IT RESOLVED by the City Council of the City of Isanti, Minnesota hereby ordains as follows:

1. The City Council hereby determines that the property as hereinafter described is at least 60 percent surrounded by the Corporate Limits of the City of Isanti.

2. The City Council hereby determines that the property as hereinafter described is less than 40 acres in size.

3. None of the property is included within the limits of any city, or in any area that has already been designated for orderly annexation pursuant to Minnesota State Statute § 414.0325.

4. Reimbursement to Isanti Township for lost taxes on annexed property, pursuant to Minnesota Statute § 4714.036, per the following schedule:

    a. In the first year following the year in which the City of Isanti could first levy on the annexed area, an amount equal to $33.21.

    b. In the second year, an amount equal to $33.21.

    c. In the third and final year, an amount equal to $33.21.

5. That the corporate limits of the City of Isanti, Minnesota, are hereby extended to include the property legally described as:

    The south 436 feet of the west 250 feet of the Southwest Quarter of the Southwest Quarter of Section 28, Township 35, Range 23, Isanti County, Minnesota.

EFFECTIVE DATE:
This ordinance shall take effect upon its adoption and publication in the City's Official Newspaper.

Adopted by the City Council this 16th day of January, 2018.

Regular Meeting Minutes of
December 5, 2017
Isanti City Hall

1. Call To Order

The meeting was called to order by President Wimmer at 7:48 p.m.

a. Pledge of Allegiance

b. Roll Call

Commissioners Present:	Dan Collison, Ross Lorinser, Paul Bergley, George Wimmer Tara Hallberg and Steve Lundeen
Commissioners Absent:	None
Staff Present:	Economic Development Director Sean Sullivan

c. Agenda Modifications

Motion by Lundeen, second by Collison approve the Agenda as presented. Motion passed unanimously.

2. Approve Minutes of November 7, 2017 Regular Economic Development Meeting

Motion by Lorinser second by Collison to approve the minutes as presented for November 7, 2017. Motion passed unanimously.

3. Isanti Hotel Update

Economic Development Director Sullivan outlined the remaining processes/steps involved in the 60 Unit Best Western Plus Hotel Project. He stated that the site plan had been approved at the December 5, 2017 City Council Meeting and that there were not any more city approvals needed. The Developer and Bank are finalizing financing and will move forward with execution of the development agreement and site transfer when financing is completed.

No action was taken on this item.

4. 2014-2017 Minnesota Manufacturing Week Summary Report

Economic Development Director Sullivan highlighted the summary results of the 2017 survey. He indicated that business was going well for area manufacturers and that this summary data was important feedback from businesses. The only business that did not participate was ProtoTech due

to scheduling conflicts. Sullivan passed out color copies for review. The need for a hotel and workforce housing were a theme that was communicated by businesses to the city.

President Wimmer added that businesses have communicated that there is a need for more workers in the fields of the trades. Cambridge Isanti High School used to excel in this area but these programs are not where they used to be. Commitment to these areas in schools would help solve this workforce issue. These are really good paying jobs that are in demand.

Economic Development Developer Sullivan touched briefly on current successful high school / business / community programs including Cardinal Manufacturing in Wisconsin, Tiger Path in Hutchinson and the Alexandria Area Schools and its integration with Alexandria Technical College.

President Wimmer indicated that the local transportation system could still be better even though they have added more busses.

County Commissioner Warring stated that there is no longer a Metro Transit pickup point at the East Bethel movie theater which makes it more difficult to connect into the system.

5. Other Business / Updates

Sullivan highlighted items on the staff memo.

89 single family building permits have been pulled as of December 5th, 2017. Two more are waiting to be picked up. This will have significant positive tax impacts when they are added to the taxable market value in the city.

6. Adjournment

Lundeen motioned, second by Lorinser to adjourn at 8:05 pm. Motion carried unanimously.

Dated at Isanti, Minnesota, this 5th Day of December, 2017.

Respectively Submitted,

Sean M. Sullivan, Economic Development Director

LG220 Application for Exempt Permit

An exempt permit may be issued to a nonprofit organization that:

- conducts lawful gambling on five or fewer days, and
- awards less than $50,000 in prizes during a calendar year.

If total raffle prize value for the calendar year will be $1,500 or less, contact the Licensing Specialist assigned to your county by calling 651-539-1900.

Application Fee (non-refundable)

Applications are processed in the order received. If the application is postmarked or received 30 days or more before the event, the application fee is **$100**; otherwise the fee is **$150**.

Due to the high volume of exempt applications, payment of additional fees prior to 30 days before your event will not expedite service, nor are telephone requests for expedited service accepted.

To: Honorable Mayor Wimmer and Members of the City Council

From: Bradley C. DeWolf, P.E

Subject: Project Status Report
Isanti, MN
Project No.: R13.115547

Please find listed below a status report of the current projects in the City of Isanti:

1) **2017 Palomino Road Improvements**

The site has been stabilized for the winter. Final sodding will take place in the spring prior to the final pavement installation.

2) **Arts & Science Addition**

The first lift of pavement has been placed. The final pavement lift will occur next spring.

3) **MS4 Phase 2 & 3 Implementation**

We will continue to assemble documents to assist the City in meeting the requirements of the MS4 permit for Phase 2 and Phase 3 of the implementation schedule.

4) **Wastewater Treatment Improvements**

Final punchlist items are scheduled to be completed this month.

5) **Cajima Street/TH 65 Signal Study**

We have completed the Intersection Control Evaluation (ICE) report and will make any City requested revisions this month.

In addition to the current projects listed above we have completed and accepted 44 private developments and 48 city contracts since being selected as your City Engineer in 2008.

Please contact me if you have any questions.

RE: City Council 2017 Goal Updates

Overview

This memo has been prepared to provide the City Council with a report on the status of 2017 City Council Goals, as a part of the 2018 City Council Goal Setting. City Attorney Clark Joslin will review this report with you.

2017 Goals/Project Status

- Annexation of Surrounded Properties- Final City Council action on the Ordinance for annexation of the final property (60% surrounded) took place at the 1/16 City Council Meeting. Annexation of the Orderly Annexation Properties, and properties 100% surrounded by the City (but not subject to the Orderly Annexation Process)has been completed. The effective date for the Orderly Annexation properties is January 1, 2019. The only remaining property that is surrounded by the City but outside is the Evergreen Cemetery. Remaining work includes DOAC review of the Orderly Annexation Agreement and annexation of the Cemetery property.

- Dog Park – Phase 1 Project:
  The first phase of the dog park will be budgeted over two years. The 2018 Park Reserves budget (920-45300-501) includes $10,000 for the project, with $15,000 planned in 2019. This amount would meet the current estimates for fencing and some amenities for a roughly one-acre park to the east of the Isanti Indoor Arena in Bluebird Park.

- Consider Relocation of Public Skating Rink – The rink is currently located approx. 400' from the warming house near the south Bluebird Park parking lot. Potential development of a new rink on the green space just south of the IIA-BMX has been discussed. This will be reviewed under new goals.

- City Comprehensive Plan Update – This project has been placed for funding consideration for the 2019 City Budget. It is anticipated that the process will span two budget years, so funding would also be needed in the 2020 City Budget.

- 2017 Pavement Management Program- The sealcoating program was completed this past summer/fall. Curb replacement work was removed from the project, with broken curb areas patched by Public Works. It is anticipated that those curb sections will be replaced when those street sections are overlayed or reconstructed.

- Palomino Road Reconstruction – All watermain/utility work was completed in 2017. New curbs, driveway approaches and the first lift of bituminous was paved this fall. Final landscaping of boulevard areas, placement of sod, and the final lift of bituminous will be installed in the spring of 2018.

- Railroad Avenue Sidewalk/Trail – This project was determined to not be feasible without reconstruction of that section of Railroad Avenue. It will be added to that future street project.

- 2017 Liquor Store Tastings Event – The Liquor Store held 3 tasting events last October. Each event promoted a different product line (Beer, Wine, and Cordials). The events were deemed to be successful and it is anticipated that this format will be continued in 2018.

- Liquor Store Project Review- This project was discussed at Finance Committee. At this point, it is not deemed feasible.

- Public Works & Police Department Storage Building Project – Staff and the City Engineer prepared preliminary project information and costs. This project is deemed feasible and will be considered with future budgeting.

- Continue Marketing Plan and Economic Development Efforts to Diversify and Increase the Tax Base – Continued ongoing efforts by EDA, DOAC and staff.

- Maintain City and Development Standards – Continued on-going effort by DOAC and staff. This includes enforcement and code/regulation changes to enhance efforts.

Mayor Wimmer stressed that all of the decisions made by Staff and Council, whether straight dollars and sense, or planning type decisions, impact our bottom line as a city.

City Engineer Brad DeWolf discussed the asset management and pavement plans. We have a very pro-active plan and stressed that maintenance is always more cost effective than restructure. The Mayor added we have a dedicated funding source and the intention of that is that we stay on schedule. Councilor Collison questioned how long we will be able continue to use the wastewater pond system. DeWolf answered the pond systems are working quite effectively, and stated that we will have to re-evaluate when the State starts requesting nitrate and chloride removal. In his opinion, he felt this City would have about a decade.

Review of 2017 Projects/Goals

a. Annexation of Surrounded Properties

Joslin explained that the city of Cambridge annexed a number of properties that it surrounded that were formerly in Isanti Township. Surrounding properties benefit from City services and facilities while not contributing any payment for their operation or maintenance. The City of Isanti also has a number of 'donut holes'. In 2011, possibilities of annexation of the 'donut holes' was discussed but it was decided not to consider further action at that time. Joslin elaborated that there were discussions with Isanti township to develop a policy about payments in lieu of taxes for services provided. We were looking to create a mutually acceptable agreement for the services but that was never an agreement that was able to be finalized.

The Mayor stated that a lot of these properties are not receiving any benefits from the township but are paying their taxes to the township. The Mayor stated that we have to make a decision as a City. As the City continues to grow, that these properties need to be annexed to the City. All but one is already under our planning jurisdiction, and they benefit from our growth as a community as well as our police protection. These property owners have a lot of benefits they are receiving directly.

The Mayor shared that he understands residents are concerned about increase in taxes, as they would be paying City tax rate instead of township tax rate. Currently our City tax payers are subsidizing their tax rates right now. He further explained that the City will get a lot of pushback. The Mayor mentioned those potentially being annexed may ask about the connection to city water and sewer, and he wanted to make it clear that those are two separate items. That not all properties within the City of Isanti are connected to water and sewer. If someone has a good working system, the City would not force them to connect to the city services.

Councilor Bergley asked if all these properties are all residential? The Mayor explained a few are residential properties that are currently non-conforming in commercial zoned areas, the Golf Course, and the rest are residential. Bergley asked if it's different for residential or business on how the City would treat the annexation and expectations. Mayor confirmed that those are residential properties in the B2 district, but that expectations for a business would be the same as residential. Administrator Lorsung mentioned that if there are properties that have utilities going by them, they would then be charged an access/availability fee. Currently, because they are not in the city they don't receive that fee, but if utilities are running in front of their property and they are annexed that fee would be applicable.

The Mayor stated that with no other questions or concerns being mentioned, that with this goal setting process items are discussed at this meeting and are brought for approval at the next Council meeting. Therefore, he will bring this goal forward to the next Council meeting.

b. Dog Park

The Mayor mentioned that this is a topic that has been brought up a lot. The decisions that will need to be made are do we want to have a dog park, do we want to have it located in the area currently specified and do we want to pay for it? The current discussed location is currently about an acre, with potential to grow. The estimated cost is between $18,000 and $19,000. There was discussion in regards to the usage, the area, and handling of waste. It was discussed that this should proceed as a goal to be brought to the next Council meeting.

c. Outdoor Hockey Rink

The previous outdoor rink was taken down for safety reasons. Without paying an overwhelming amount of money for a refrigerator rink, it's hard to guarantee ice. The plan would be to move the rink to the grassy area just south of the BMX building. It would be temporary, so the space could still be used in the summer. The cost of this would be between $61,500 – $92,500. We could potentially budget for this for 2018, if the Council wanted to pursue this. Councilor Bergley stated he believes it is hard for a city to staff warming houses, and as a hockey rink user, to consider this issue when looking at these costs for the usage the rink would receive. Josi Wood, Public Services Director also added that there is a lot entailed in the maintenance, much more than the pleasure rink. Further discussion ensued. It was brought up to relocate the Pleasure Rink so it would be closer to the warming house and bathrooms. Wood indicated that there would be some challenges and costs associated with it, but it would be an option. This item will be addressed by the Park, Recreation and Culture Board.

d. Park Dedication Fund Use

The Mayor informed the Council that we have always used our park dedication funds for new items. However, state statute allows us to use these funds to replace some items. If our policy was changed, it would impact any new development going forward. The funds would likely not be there. The Mayor was not in favor of changing it but wanted to bring it before Council so a conscious decision was made. Brief discussion took place. Attorney Joslin clarified the state statute states we cannot dedicate some of the funds for ongoing operational maintenance but they could be used to replace funds that we were going to use for development from our budget from funds from the dedication fees. The Council came to a consensus that they are comfortable with the language as is.

e. City Comprehensive Plan Update

Mayor Wimmer indicated that our comprehensive plan was developed a number of years ago, and much has changed in that time. He then asked if we are still on the right path of where we want to go? And does the plan reflect that? He believes we need a serious update to our plan. Roxanne Achman, Community Development Director, agreed, at the very least, we need to update the plan. She indicated with the upcoming potential annexations, the new property that was just annexed using a zoning district that we have not used before (even though it was in our previous comp plan) and the new overlay district, updating the plan is important. The Mayor also mentioned that road plans and improvements need to be included in this as well. Brad DeWolf added that by using technology and social media venues we are able to get more public input versus coming to an open house meeting. An estimate of the cost to update or provide a new comprehensive plan could range from $50,000 to $100,000. This is not currently in the budget for 2017.

f. 2017 Pavement Management Program

City Engineer stated that the Pavement Management program is currently under design and will be bringing it before Council. He stated that we focused on getting seal coats on some of our very highly traveled roads and will also be doing some crack sealing. A preliminary budget will be brought before Council.

g. Palomino Road Reconstruction

This currently has no funding source, and would need bonding. The actual amount will be determined from cost estimates.

h. Railroad Avenue Sidewalk/Trail

This currently has no funding source, and would need bonding. The actual amount will be determined from cost estimates.

i. 2017 Liquor Store Tasting Event

Liquor Store Manager John Jacobi explained that last year the tastings event was held in the Community Center. We did not get the numbers as anticipated. In order for this event to be successful, we would need to have approximately 60 people just to break even. The Liquor Store Committee discussed that this year the plan would be to hold tastings at the Liquor Store and have different vendors come in one day a week for the month of October to provide different samples to store guests.

j. Setting a Future Target Date for Discussion of a New Liquor Store Project

There was discussion in regards to the prior projects done on the store. The Mayor stated that currently we are in a situation where it is under great management and we are getting great revenue out of it. Mayor Wimmer questioned what kind of sales we would need to generate in order to continue to bring the same amount of money to the bottom line of the City while also paying the capital costs of the new store. John Jacobi, Liquor Store Manager, addressed Council and discussed the possibility of Sunday sales and new conditions. He also pointed out our record year last year. The Liquor Committee would like to have goals in place such as a certain year in which they will look again at the plans as a possibility of expanding the store. Jacobi stated that the lack of space is the greatest issue. Further discussion took place about what it would take to

repay the cost of building a new store, or expanding the current store. The Mayor stated he would like to see this item go to Finance Committee to come up with some numbers to evaluate, and at that time we would have a better idea of when the City could look at a target date for the store.

k. Public Works and Police Department Storage

The Mayor identified that there is storage located all over the City, however, it is not efficient. Public Services Director/Assistant City Administrator, Josi Wood, spoke to Council informing them of the needs of Public Works. Chief of Police Gene Hill also spoke in regards to his department needs for storage, and the expense of items that are currently gaining wear and tear due to the storage constraints. The item was directed to Finance Committee to research to budget for 2018.

Mayor Wimmer explained these goals will be brought before Council to be assigned to Committees for consideration. He also thanked and praised Staff for their work.

Adjournment

Motion by Bergley, second by Collison to adjourn. The meeting was adjourned at 10:27 a.m.

Respectfully submitted,

Clark A. Joslin, Facilitator
Isanti City Attorney

MINUTES OF THE CITY COUNCIL
GOAL SETTING SESSION
CITY OF ISANTI
January 25, 2016

The meeting was called to order at 8:30 a.m.

Members Present: Mayor George Wimmer, Councilors Dan Collison, Steve Lundeen, Adam Johnson and Paul Bergley.

Members Absent: None.

City Attorney Joslin welcomed the City Council and staff to the Goal Setting meeting.

City Attorney Joslin gave a brief introduction regarding the Goal Setting Session Agenda.

Overview of Prior Year Goals
Joslin reviewed the top goals from previous years and they were as follows:

2015

- Adopt a Long Range Revenue Plan
- Adopt Pavement Management and Utility Improvement Plans
- Complete a Utility Rate Study
- Create Joint Planning Advisory Board with City of Cambridge and Isanti Township - Comprehensive Planning
- Work on Sidewalk Infill on CSAH 23 and Heritage Boulevard
- Continue Marketing Plan and Economic Development Efforts to Diversify and Increase the Tax Base
- Maintain City and Development Standards

2014

- Police Chief Search - Internal Posting Process
- Change Sidewalk Snow Removal Policy
    - Formal Policy Change for Council Consideration
    - Purchase of new equipment
    - Hiring of one new full-time maintenance technician
    - Discontinue charging citizens for un-cleared sidewalks

- Create Joint Planning Meetings with Cambridge and Isanti Township - Compatible Land Usage/ Common Control Boundaries
- County Road 5 (Heritage Blvd) Traffic Study - Traffic Control/ Improvement
- Street Light Infill - Phased Plan for Budget Consideration

- Continue Economic Development Efforts to Diversify and Increase the Tax Base
- Maintain City Standards

2013

- Community Center - Finalize Process/ Make it Financially Viable
- HRA Option - Evaluate
- CSAH 5 Aesthetic Standards / Traffic Flow Evaluation
- City Website Update
- Maintain City Standards
- Utility Billing - Pursue In House Billing
- Continue Economic Development Efforts to Diversify and Increase the Tax Base

2012

- Community Center Review – Citizen Task Force
- Capital Replacement Fund – Review Reserves
- Utility Billing Review and Recommendation
- CSAH 5 – Traffic and Congestion Issues
- Main Street Traffic Issues
- Continue Economic Development – Diversify and Increase Tax Base

Mayor Wimmer did note that the 2011 community meeting minutes and staff memo is also within the goal setting agenda packet. Mayor Wimmer indicated there were two community meetings held in 2015 to review the pavement and utility management plans; however, there were no citizens present at either meeting.

Mayor Wimmer reported that the City is on track from a financial standpoint. The City is building its fund reserve back up. It is recommended by the City's auditors that that City maintain minimally a 50% fund balance. Maintaining a 50% fund balance helps the City receive better bond ratings. Mayor Wimmer emphasized the importance of maintaining a 50% fund balance as the City will need to bond for upcoming street improvement projects.

Mayor Wimmer shared with the Council that he anticipates seeing savings in utilities as a result of the 2016 utility rate study.

Mayor Wimmer explained the City's financial plan has been reviewed at other City Council meetings and that once the numbers have been finalized from the 2015 audit, the financial plan will be updated.

There was discussion from the Council on bringing in the 108 unit apartment building to the northeast corner of Isanti; this should attract developers.

There was discussion on the asset management and pavement plans.

The Mayor indicated that he is going to try to hold more informal meetings with the public and business community. He will be trying to start up 'Coffee with the Mayor' for those interested in discussing City matters and providing him with their input. This is in attempt to receive a wider range of input from all citizens and business owners.

Review of 2016 Projects/ Goals

a. 2016 Elections – Dual Polling Locations

Mayor Wimmer indicated that as required by the County, the City is splitting into two polling precincts.

Lorsung explained that the City's two precincts would be divided by a line on the centerline of Heritage Boulevard that extends from the City's western boundary to its intersection with Hwy. 65. From there, the line extends south on the centerline of Highway 65. Precinct one would be at City Hall and serving those to the south of heritage, west of 65; precinct two would be at the Isanti Community Center, serving those to the north of heritage, east of 65.

b. EDA Marketing Plan

The City Council briefly reviewed the EDA marketing plan. More information will be provided once Sullivan is able to get final numbers. There was discussion on the more the City can do at the City level for businesses, the more likely the City is to bring businesses in. Credit was given to the development team for their great work in 2015.

c. Hotel Project

In review of past studies, having a hotel in Isanti is viable. However, the success of being able to bring a hotel to the City of Isanti may be contingent upon the City's level of involvement in a hotel project. There are three different ways the City could be involved in a hotel project: 1) wholly fund a hotel 2) partial ownership in a hotel 3) providing as many financial incentives as possible for a business interested in doing a hotel project. The Mayor noted that he believes a hotel will come in the next three to five years - into the area - however, 'area' does not necessarily mean a hotel will come to Isanti. The Mayor asked the Council if they would like to consider having any ownership stake in a hotel.

Bergley mentioned he would be willing to look at partial ownership with intent to sell to a private business.

Johnson concurred that he would be in favor of a hotel and some level of City involvement.

Lundeen noted he does not believe a City should own any business.

Collison made comment that he would be in favor of looking into a hotel and potential levels of City involvement, but would also want to see an end to the City's involvement; a hotel should not remain under City ownership.

Mayor Wimmer informed the Council that from a dollars and cents standpoint, it looks better to have whole ownership of a hotel versus partial. The Mayor continued to state though that he understands it is a big question as to whether or not a government entity should be involved in a hotel, and that is what the Council will need to decide.

Sullivan reviewed some tax advantages of having a hotel in the City of Isanti.

There was direction for Sullivan to gather more information regarding a hotel in Isanti and review with the EDA.

d. Hockey Rink Capital Improvements

Mayor Wimmer reported that the Youth Hockey Association is no longer able to maintain or assist in maintaining the hockey rink. The current rink is in bad shape. There was discussion on moving the hockey rink and pleasure rink to the south of the BMX building, and putting cement slabs down and using wooden boards. This way, citizens using the rinks can be closer to the BMX warming house, and the wooden boards can be taken down in the summer. Doing this would be a lot less expensive than reserving funds to build a new hockey rink. A new hockey rink could cost between $30,000 and $50,000 dollars.

There was discussion in regards to citizens using the rink and concerns regarding parking lot space for BMX.

There was discussion in regards to more storage being needed for public works and the police department. Having wooden boards on the rinks would mean another thing public works would need to store in the off-season.

Mayor Wimmer stated he wanted the Council to be aware of this as it is something the Park, Recreation, and Culture Board will be looking at.

e. 5th Street NE Road Extension

There was discussion on finding outside funding options for this extension.

f. New City Councilmember Orientation

Staff will be preparing a new City Councilmember orientation process and packet for new members. Councilmembers are to reach out to staff if they have any suggestions on how to make the onboarding process for new Councilmembers better. An orientation packet will come back to the Council for review.

g. City Comprehensive Plan Update

The Mayor indicated doing a comprehensive plan could easily cost $50,000. There was discussion with staff on the best process for doing a comprehensive plan. Staff requested Council consideration of a facilitator to assist staff through the process and gathering data. Staff is to

bring back to City Council timelines for 2017 GIS needs and for a 2018 comprehensive plan update.

h. 2016 Collective Bargaining

Staff reported that preparation for collective bargaining will happen in late summer. It is anticipated that notices to bargain will be received in early to mid-fall and negotiations will take place in mid to late fall.

i. Department Head Salary Review

Mayor Wimmer stated that the City pays considerably less than other cities for department head positions. He would like to see a $5,000 increase for all department head positions. Mayor Wimmer added that City staff is incredibly efficient; overall the City's administrative costs are 30-40% less than peer groups. There was discussion amongst Council about staff members wearing many hats and being great at what they do.

j. City Staffing Plan

Mayor Wimmer noted he would like to have a City staffing plan laid out and approved by Council so staff members can see how the Council foresees positions and departments growing. The Council agreed with this and felt doing so would empower staff and create commitment from staff members - as they can know that their positions or departments will grow overtime.

k. Purchasing Discretion – Finance Committee

Mayor Wimmer and Lorsung explained that a purchasing timeline for staff can at times take multiple weeks due to needing Council approval. The Mayor would like the Finance Committee to have the ability to allow smaller budget items be approved at the Committee level versus bringing it back to Council to save staff time.

l. Isanti Liquor Tastings Event - ICC

There was consensus among the Council that Isanti Liquor should hold its tastings in Isanti. Last year the annual liquor tasting event (hosted by the Chamber of Commerce) was held in Cambridge. The Council discussed the idea of holding an Isanti Liquor Store tasting and was in favor of it. The Liquor Committee will be working on this.

With the City Council's guidance, staff will direct all goals and action items discussed to the appropriate Committees for consideration.

Adjournment

Meeting adjourned at 10:55 a.m.

City Attorney Joslin welcomed the City Council and staff to the Goal Setting meeting.

City Attorney Joslin gave a brief introduction regarding the Goal Setting Session Agenda.

Overview of 2011 - 2013 Top Goals
Joslin reviewed the top goals from previous years and they were as follows:

2011
- Restructure City Government – Joslin discussed Community Meetings/Outcome

2012
- Community Center Review – Citizen Task Force
- Capital Replacement Fund – Review Reserves
- Utility Billing Review and Recommendation
- CSAH 5 – Traffic and Congestion Issues
- Main Street Traffic Issues
- Continue Economic Development – Diversify and Increase Tax Base

2013
- Community Center - Finalize Process/ Make it Financially Viable
- HRA Option - Evaluate
- CSAH 5 Aesthetic Standards / Traffic Flow Evaluation
- City Website Update
- Maintain City Standards
- Utility Billing - Pursue In House Billing
- Continue Economic Development Efforts to Diversify and Increase the Tax Base

2014

- Police Chief Search - Internal Posting Process
- Change Sidewalk Snow Removal Policy
    - Formal Policy Change for Council Consideration
    - Purchase of new equipment
    - Hiring of one new full-time maintenance technician
    - Discontinue charging citizens for un-cleared sidewalks
- Create Joint Planning Meetings with Cambridge and Isanti Township - Compatible Land Usage/ Common Control Boundaries
- County Road 5 (Heritage Blvd) Traffic Study - Traffic Control/ Improvement
- Street Light Infill - Phased Plan for Budget Consideration
- Community Center Improvements / Parking Lot Improvements
    - Tie in Downtown Accessibly to City Hall/ Community Center through Downtown Parking Improvements, Access East of City Hall
    - Community Center Improvements
- Complete Implementation of City Website Improvements
- Continue Economic Development Efforts to Diversify and Increase the Tax Base
- Maintain City Standards

Mayor Wimmer explained that he would like to hold community meetings again like the City did in 2011 for input on the pavement and asset management plans, the assessment policy and funding strategy. Mayor Wimmer indicated he would like to hold one daytime session and one evening session so all member of the community have a chance to provide input.

City staff gave reports on their departments, work plans, projects, and work load.

Chief Hill gave a report on the Police Department a few key topics Hill addressed were:

- Strengths/weaknesses of the Police Department
- Opportunities/Threats
- Need to continue training/mentoring for employees to move up within the Department
- Community Policing - Key Foundation to the Police Department
- Looking into grant funding for automated external defibrillators (A.E.D's) for all City Buildings
- Looking into grant funding for thermal imaging cameras
- Need for new technology/equipment in the investigation room such as cameras
- Gas prices are currently down, but ammunition prices have gone up

Public Works Director Nick Fleischhacker reported on the following:

- Water and long term planning
- Water process testing is done 1,300 times per year
- Sewer and long term maintenance needs
- Sewer process testing done 1,000 times per year
- Reporting for water/sewer and new legislation
- Streets - straight salt versus dirt makes an ease for clean-up in spring for streets
- Looking into paint that lasts for a longer term - currently re-paint yearly

- Streets are in pretty good shape if start to repair and maintain now - this will lead to a decrease in costs for road maintenance/reconstruction long term
- Parks and summer maintenance

Liquor Store Manager John Jacobi reported on the Liquor Store:

- 4.4% increase in sales over year prior
- Development in wines
- Great employees and ideas
- Backroom always over stacked/ over crowded
- EMV pay chip and pin credit cards
- Parking lot deterioration
- Plans for the future
- Hope for a new Liquor Store in future plans

Mayor Wimmer and the Council discussed that they do not foresee planning for a new Liquor Store for at least five more years.

Community Development Director Roxanne Achman reported on the following:

- Several potential commercial projects
- Code Updates
- Numerous calls on platting and adding on to homes/ businesses
- 2016 Comprehensive Plan
- Creation of a Joint Planning Board for the Comprehensive Plan with the City of Cambridge and Isanti Township
- Potential change to the make-up of the Planning Commission
- Need for GIS and Mapping software
- Succession Planning - Building Official position
- Code Enforcement/ Zoning Technician obtaining permit technician certification

Economic Development Director Sean Sullivan reported on the following:

- The Economy is improving from where is has been from the last 5 years. Isanti has an opportunity to grow again - we need to stick to our message
- Currently over 150 businesses in Isanti that employ over 1500 workers
- 38 permits for single family residential homes were pulled in 2014
- East Central MN Housing Study and Tourism Impact Hotel Feasibility Study were completed in 2014 and will be used to market to specific end users
- Demand for senior and residential housing for Isanti identified in East Central MN Housing Study
- Future Development Needed: Working on Hotel and Clinic and other CEDS Priorities
- Upgraded City Website 2014
- Need to consider potentially to recruiting businesses from the North
- Continued development of City owned lots in Industrial Park
- Need for quality development along highway 65, beginning to see some push for development that doesn't maximize land on 65 and could be detrimental for future of Isanti (Do we want used car lots?)

- Monument Sign or Billboard on Hwy 65 for Isanti would be a great way to market community

Lundeen stated that a monument sign with an electronic billboard would be a great attraction.

Community Events Manager/ Parks Coordinator Josi Wood reporting on the following:

- Community Center - increase in rentals since 2014 improvements
- Numerous Community Center showings and renting
- Creation of new parks brochure
- Summer planning - farmers market and street dances
- Custodian position filled for cleaning the Community Center and Indoor Arena (home of Isanti BMX)
- Need for Community Center capital improvement replacement plan
- Family programming
- Playground audit
- Looking for grant opportunities
- Some DNR land issues with newly acquired park land - will need to clean-up/ work on

Mayor Wimmer talked about holding off on some of the improvements on the City Hall and Community Center parking lot project for the upcoming year.

Human Resources/ Deputy Clerk Karissa Henning reported on the following:

- Need to look into electronic records management system and future planning for such a system
- Creation of formal data practices policy
- Administrative Intern - tasks/ projects assigned
- Investigator and Building Inspector Search/ Building Official succession planning
- Personnel Policy updates (2014 law changes)
- Job Audit on office positions - 1st quarter of 2015
- Phone system research and replacement for 2015
- Licensing/ Pawn renewals and potential of the new strong beer and wine license for City Center Market's 'The Green Table'
- Safety Consultant Contract expires November 2015 - potential RFP for services
- OSHA Simulated inspections and OSHA Reporting
- Pay Equity Reporting
- Benefits Consultants contract up December 2015 - potential RFP for services
- Compliance with ACA requirements
- Monitor aggregate plan value in anticipation of Cadillac Tax (2018)
- Establish Look Back Policy - determine benefit eligibility and avoid future penalties
- Benefit renewals and commercial insurance renewals - Fall 2015
- Monitor claims and look for ways to decrease claim rating

City Engineer Brad DeWolf reported on the following:

- 2014 was a planning year in terms of improvements

- Asset Management Plan - invest for the future
- The City is ahead of many other cities in terms of planning and capital improvement replacement schedules
- Reviewed requirements for public works departments
- Wastewater requirements will continue to become more stringent
- The main lift station has exceeded it's useful life and the City needs to look at the replacement of this
- 2014 good work on traffic sign policies and sign retro-reflectivity
- Storm water pond maintenance
- Annual pavement maintenance and storm sewer and well head maintenance
- Re-alignment of credit union drive

Mayor Wimmer, the City Council, and Lorsung hosted a discussion on the difficulties that may be faced with the re-alignment of credit union drive and Lorsung noted that with the building of Family Dollar, this will alter how things will be re-aligned.

Finance Director Sarah Cotton reported on the following:

- Movement of Utility Billing in-house dramatically increased foot traffic at City Hall
- Importance of Payroll Clerk, Utility Billing Clerk, and Receptionist - front line staff; great customer service provided to citizens
- Review of what the Finance Department does
- 2015 utility rate study
- Funding for capital improvement projects
- Goal - credit card payments online for all permits

Mayor Wimmer reviewed the five year plan fund balance and discussed the City's long term plan. Mayor Wimmer touched base on planning for increases in payments to the Fire District and how the City may need to start levying for fire services due to the yearly increases. Mayor Wimmer noted fire services have increased around 10 % each year. Mayor Wimmer stated that fire service is the one thing within the City budget that the City cannot control.

Mayor Wimmer noted local government aid (LGA) will change and fluctuate. Mayor Wimmer touched base on a revenue shortfall and attributes some of the shortfall to undeveloped lots.

Mayor Wimmer touched base on the pavement management plan and noted the more the City can take care of on the front end, the less costly repairs will be later; this will save the City some money in reconstruction fees for streets. Mayor Wimmer stated there is a need to get caught up on street repairs now while the City is able to make minor repairs so larger repairs do not need to be made later. Mayor Wimmer noted the city will need to take a look at debt payments for the pavement plan. Mayor Wimmer emphasized the importance of a good road and utility system.

Mayor Wimmer touched base on potential franchise fees for utilities in public right-of-ways.

Mayor Wimmer talked about the downtown parking project and also again on how he does not recommend doing City Hall parking lot improvements in 2015.

Mayor Wimmer talked about a new liquor store and how he does not anticipate implementing a new liquor store in the next five years. Mayor Wimmer explained this is because if the City were to have a new liquor store, this would mean revenues would then not be able to go back to the City as it would be going to debt service payments.

Jacobi did note that the liquor store will plateau in terms of revenue generated for the City due to lack of space. Jacobi mentioned the store may have already hit its plateau and that in talking with the auditors and other cities it is surprising how much money comes out of sales for the store due to its size. Mayor Wimmer noted the City's budget does need the money generated from the liquor store for the next three to five years.

After a short break Mayor Wimmer touched base on/ followed up on a few remaining goals:

Mayor Wimmer noted again that he would like to hold community meetings one in the morning and one in the evening for the pavement utility and asset management plans.

Mayor Wimmer touched base on the assessment policy and asked the Council whether or not they wanted to review it and make changes. Cotton noted that if the Council keeps the current policy, this would not be a significant impact to the citizens in terms of cost. The Council was in favor of keeping the same assessment policy.

Mayor Wimmer touched base on having a rate study done for City utilities. Mayor Wimmer touched base on doing the housing study and marketing plan. Mayor Wimmer touched base on the desire to create a joint planning board for the comprehensive plan.

Mayor Wimmer noted that Henning will do a job audit of office positions in 2015.

Joslin asked for goals from the other Council members for the year 2015.

MINUTES OF THE CITY COUNCIL
GOAL SETTING SESSION
CITY OF ISANTI
January 27, 2014

The meeting was called to order at 8:30 a.m.

Members Present: Mayor George Wimmer, Councilors Dan Collison, Steve Lundeen, Adam Johnson and Sue Larson.

Members Absent: None.

Staff Present: City Attorney Clark Joslin as Facilitator, City Administrator/City Clerk Don Lorsung, Human Resources/Deputy City Clerk Karissa Henning, Finance Director Sarah Cotton, Liquor Store Manager John Jacobi, Economic Development Director Sean Sullivan, Community Development Director Roxanne Achman, Community Events and Parks Coordinator Josi Wood, Police Chief Ron Sager, Police Lieutenant Gene Hill, and Public Works Director Nick Fleischhacker.

City Attorney Joslin gave a brief introduction regarding the Goal Setting Session Agenda.

Overview of 2010 - 2013 Top Goals
Joslin reviewed the top goals from previous years and they were as follows:

2010
- Economic Development Comprehensive Plan
- Downtown Plan
- Consideration of EDA to an HRA
- Continue work on Rail Industrial Park
- Budgeting without LGA
- Establishing a list of cuts and prioritize budget items
- Determine the percentage of general funds to reserve
- Restructuring bonded debt

2011
- Restructure City Government – Joslin discussed Community Meetings/Outcome

2012
- Community Center Review – Citizen Task Force
- Capital Replacement Fund – Review Reserves
- Utility Billing Review and Recommendation
- CSAH 5 – Traffic and Congestion Issues
- Main Street Traffic Issues
- Continue Economic Development – Diversify and Increase Tax Base

2013
- Community Center - Finalize Process/ Make it Financially Viable

- HRA Option - Evaluate
- CSAH 5 Aesthetic Standards / Traffic Flow Evaluation
- City Website Update
- Maintain City Standards
- Utility Billing - Pursue In House Billing
- Continue Economic Development Efforts to Diversify and Increase the Tax Base

It was indicated that utility billing is now in house and that a majority of the 2013 goals are completed and other goals are still moving forward as directed. It was also noted that the donation by the Ruby Johnson Trust Dated February 17, 2010 for Capital Improvements to the Isanti Community Center, accepted by the City Council on November 6, 2013, will greatly assist in the capital improvements needed.

Long Term Plan
Mayor Wimmer reviewed the five year plan fund balance, talked about the City's long term plan, how the City should stay strong with rental and nuisance ordinances to protect property values, and a desire to increase the commercial industrial tax base.

Mayor Wimmer touched on the City being in good financial shape and having a higher percentage of its operating expenses in its fund balance than other cities. The State recommends having around 35% - 50% of operating expenses within the fund balance. It is projected that the City will be able to be around 60% through 2018. Mayor Wimmer also noted the City has been subsidizing the fund balance around $200,000 - $300,000 dollars a year in order to maintain its service level to citizens without raising taxes.

Mayor Wimmer noted the Chief of Police submitted his retirement letter on January 21, 2014 and discussed with the Council moving forward with an internal posting for the position. There was consensus among the Council to do an internal posting and to first try to promote from within the Police Department.

There was discussion amongst the Council regarding all City sidewalks being cleared by Public Works staff, and what it would take to make that possible. Currently only 40% of City sidewalks are cleared. There was direction from Council for staff to take the necessary steps to proceed forward with investing in new equipment, hiring another employee, discontinue fining citizens who have not cleared sidewalks, and to change the sidewalk snow removal policy so that the City is to clear all City sidewalks (besides those exempt within the plowing policy and private sidewalks). The direction is effective from this date (01-27-2014) forward.

Collison discussed the need for a new Liquor Store and recommended that the store be relocated off of highway 65. Mayor Wimmer noted the Liquor Store is an economic development tool that can help support other local businesses in town on County Road 5 (Heritage Blvd) and Main Street. There was discussion regarding business being taken away from other businesses off of County Road 5 (Heritage Blvd) and Main Street if the Liquor Store were to move. Mayor Wimmer expressed that he felt that Liquor Store was still about three to five years away from expanding/being built. Mayor Wimmer indicated in order for it to be financially feasible, the Liquor Store would need to increase sales by around 1.5 million dollars. Jacobi noted that a cost study should be done to see whether

or not it would be feasible, at this point in time, to build a new store. Jacobi shared his concern that there is not enough space to house everything that the customers would like and that he does lose business because of this. There was consensus that the Liquor Store has most likely neared its potential for sales and that more space is needed in order for the store to grow and generate more money in sales. There was discussion for Sullivan and Jacobi to continue working together towards promoting economic development and the Liquor Store through joint signage. Mayor Wimmer directed the Liquor Store market study be placed back on the 2015 Goal Setting session for discussion.

City Finances Report
Cotton reviewed the updated capital improvement plan, capital replacement reserves and debt schedule. The City has a little over four million dollars in outstanding debt.

Mayor Wimmer stated LGA funds can be used to help with purchasing capital replacements.

Cotton recommended a rate study be done in 2015 for water and sewer.

City Council Discussion
Mayor Wimmer noted that in 2015-2016 the City should be taking a look at redoing the comprehensive plan, and that he would like to have joint planning meetings with Cambridge and the Townships regarding compatible land usage/ common control boundaries.

There was discussion amongst the Council that there is still a desire to have smooth traffic flow and for it to be aesthetically pleasing along County Road 5 (Heritage Blvd). Staff is to work with the City Engineer on possible traffic controls along County Road 5 (Heritage Blvd).

After a short break, there was discussion on replacing street lights, and for the Public Works Committee to review this matter and put together a phased plan for replacing the lights. Mayor Wimmer asked that the costs be reviewed and a plan to be in place by May 2014 for budgeting purposes.

Larson brought up the issue of frozen water pipes downtown. There was discussion that moving forward insulation should be put underneath the sidewalks or roadways without sufficient cover.

There was discussion on having Sullivan continue moving forward with updating the City website.

There was discussion on Community Center improvements, having the Community Center parking lot conjoin with an expanded City Hall parking lot, and for drainage issues to be looked at. Mayor Wimmer clarified that the donation of money received for the Community Center can only be used for the Community Center; any additional work done in conjunction with the Community Center improvements would be taken from other City funds.

Lundeen and Larson stated they would like to see continued support for economic development and the maintaining of City standards be placed back on as City goals for 2014.

Through the above discussions at City Council Goal Setting Session, the following was compiled for the 2014 City Council Goals:

1. Police Chief Search - Internal Posting Process
2. Change Sidewalk Snow Removal Policy
    a. Formal Policy Change for Council Consideration
    b. Purchase of new equipment
    c. Hiring of one new full-time maintenance technician
    d. Discontinue charging citizens for un-cleared sidewalks
3. Create Joint Planning Meetings with Cambridge and Isanti Township - Compatible Land Usage/ Common Control Boundaries
4. County Road 5 (Heritage Blvd) Traffic Study - Traffic Control/ Improvement
5. Street Light Infill - Phased Plan for Budget Consideration
6. Community Center Improvements / Parking Lot Improvements
    a. Tie in Downtown Accessibly to City Hall/ Community Center through Downtown Parking Improvements, Access East of City Hall
    b. Community Center Improvements
7. Complete Implementation of City Website Improvements
8. Continue Economic Development Efforts to Diversify and Increase the Tax Base
9. Maintain City Standards

Items to be reviewed at the 2015 Goal Setting Session:

1. Liquor Store Market Study
2. Water and Sewer Rate Study
3. Comprehensive Plan Update

With the City Council's guidance, staff will direct all goals and action items discussed to the appropriate Committees for consideration

MINUTES OF THE CITY COUNCIL
GOAL SETTING SESSION
CITY OF ISANTI
January 28, 2013

The meeting was called to order at 8:30 a.m.

Members Present: Mayor George Wimmer, Councilors Dan Collison, Steve Lundeen, Adam Johnson and Sue Larson.

Members Absent: None.

Staff Present: City Attorney Clark Joslin as Facilitator, City Administrator/City Clerk Don Lorsung, Human Resources/Deputy City Clerk Karissa Henning, Finance Director Sarah Cotton, Liquor Store Manager John Jacobi, Economic Development Director Sean Sullivan, Planning and Parks Director Lisa Wilson, City Engineer Brad DeWolf, Police Chief Ron Sager and Public Works Director Pat Meyer.

City Attorney Joslin gave a brief introduction regarding the Goal Setting Session Agenda.

Overview of 2009 - 2012 Top Goals
Joslin reviewed the top goals from previous years and they were as follows:

2009
- Long Term Financial Plan
- Commercial Tax Base
- Disaster Plan
- New Personnel Policy
- City Multi Modal Transportation Plan

2010
- Economic Development Comprehensive Plan
- Downtown Plan
- Consideration of EDA to an HRA
- Continue work on Rail Industrial Park
- Budgeting without LGA
- Establishing a list of cuts and prioritize budget items
- Determine the percentage of general funds to reserve
- Restructuring bonded debt

2011
- Restructure City Government – Joslin discussed Community Meetings/Outcome

2012
- Community Center Review – Citizen Task Force
- Capital Replacement Fund – Review Reserves
- Utility Billing Review and Recommendation

- CSAH 5 – Traffic and Congestion Issues
- Main Street Traffic Issues
- Continue Economic Development – Diversify and Increase Tax Base

It was indicated that majority of the goals were completed. Councilor questions and project history were discussed that included the Pedestrian Bridge Project, Rail Industrial Park, Economic Development efforts and organizations, EDA and HRA concepts, the Isanti Community Center Task Force efforts to date/next steps and physical condition of the building/equipment/parking lot and recent fundraising efforts.

Joslin then asked each City Councilmember to comment on what they were pleased about with the 2009-2012 Goals.

- Councilor Larson – Economic Development Efforts
- Councilor Johnson – Financial Planning and Marketing of Isanti
- Mayor Wimmer – Long Term Financial Planning
- Councilor Lundeen – Economic Development – Past efforts/Upcoming Opportunities
- Councilor Collison – Financial Planning – Budgeting w/o LGA, Commercial and Residential Marketing Efforts

Joslin then asked each City Councilmember to comment on areas in the 2009-2012 Goals that needed more review and work.

- Councilor Larson – Historic Downtown Area – More planning and economic development effort needed for vibrant Downtown
- Councilor Johnson – Downtown Development – Need Businesses to attract traffic. Make it a destination
- Mayor Wimmer – Downtown – Discussed past Efforts, rail/bus planning to connect to Metro and amenities that would draw residents downtown and First Avenue Loop
- Councilor Lundeen – Downtown – Businesses moved to CSAH 5, agreed First Avenue Loop need. Community Center – largest major goal left
- Councilor Collison – Downtown – Businesses not open on Sundays and times that are convenient to residents

More discussion was had concerning past Downtown activities and that the City has been facilitating recent projects, such as the Historic Downtown Sign. Sullivan noted that the Chamber's Downtown Committee had been disbanded.

Mayor Wimmer gave a presentation on the Long Term Financial Plans. The purpose of the plan is to look long range at revenue, fund balances and expenses, as the City moves through a time period with a lower tax base. The presentation included information on the long term financial plan, comparison of taxes received based upon residential housing size, change in percentages of owner occupied and rental housing, the Hwy 65 corridor, Isanti's niche commercial and smaller retail draw, strengths include the industrial park and successes with industrial firms, and city tax base shift from 2009 to 2012, city general fund balances, savings in City operations in that time period, use of grants for equipment, local government aid use, and future capital replacement funds needs.

After a short break, a report on City Finances was given by Cotton that covered the following items: General Financial Conditions, Capital Improvement Plan projects and equipment, City debt/bonds, Union Contracts/terms, Health Insurance and Cotton's planning for an upcoming personal leave.

Sullivan gave a report on the 2013 EDA Marketing/Work Plan and current projects. Sullivan discussed that there are several projects in various stages, local job creation and Isanti strengths with recruitment, and neighboring community draws that may affect Isanti. Sullivan discussed the need for additional marketing funding. The EDA has reviewed the 2013 Work Plan, and has recommended its approval to the City Council. Staff will put the plan on the February 5, 2013 City Council meeting for consideration.

Joslin stated that this was the point in goal setting where the City Council had the opportunity to ask City staff any questions they had on projects and operations. Discussion was had concerning Liquor Store operations/future of the store /site, and store size needs/events and signage costs. Community signage on Hwy 65 was also discussed.

Joslin then began the City Council Goal Setting with a Visioning Session and asked the City Councilmembers to state what their vision was for Isanti.

- Councilor Larson – Make the Isanti Community Center viable with Marketing. Economic Development – Marketing for the City of Isanti, fill the Industrial Park and East 65 Commercial Area. Look at CSAH 5 Corridor (it's a baby Hwy 95) and address issues.
- Councilor Johnson – Prepare a Larger Over-arching Plan and Vision for Isanti, promote its own unique attributes, close to metro for commuting, small town amenities, have more downtown draws. Cambridge is close enough for some amenities but more restaurant options are needed.
- Mayor Wimmer – Define and work towards Isanti's Niche. Be able to afford and fund operations and needs independently, 10 year plan for that, Develop assets and tax base. Heavy lifting for downtown, commercial, etc. needs to come from City to make plans happen. Systematic plan to make city self-supporting.
- Councilor Lundeen – Grow the downtown and restaurant base, Isanti is in a great position to make things happen, Isanti will grow and standards do not have to be given up, Main Street has shifted to include CSAH 5, Continue to grow Isanti, have the City Council agree on standards, retain the small town feeling.
- Councilor Collison – Concentrate on being Isanti, don't compete with neighboring cities, keep hometown/small town feeling, have efficient services, have wider spread commercial, beyond downtown, concentrating on smaller industrial/retail businesses.

Joslin reviewed a composite of ideas discussed that included themes of: Growth Continues, "Hometown Feel", Niche (Identity), Self Sufficiency, Maintain Efficiencies, and Best Practices. It was commented that over the next 5 years current services should be maintained.

A lunch break was taken in the session at 11:50 a.m.

The goal setting session was reconvened at 12:20 p.m. Joslin then asked City Councilmembers to list their top goals for 2013.

- Councilor Collison –
  a. Promote and retain existing businesses
  b. Look at a City owned sign on Highway 65
  c. Community Center – Work on self sustaining through marketing and providing amenities (horseshoe pits, ping pong tables, etc.)
  d. Rum River Meadows Park – Look at basketball court and sand volleyball court
  e. Martin's Landing – Work with DNR to Improve
  f. Public Works Department – Look at Efficiencies, PW Building Space Issues, Parking Area Surfacing, Use of Salt for Winter Plowing
  g. Development – Residential and Industrial – Heading in right direction, keep working on this
- Councilor Lundeen
  a. Community Center – How to fund and maintain – top priority
  b. Continue growth of Industrial, Commercial and Retail businesses in town
  c. Street Lighting and Sidewalks – general public safety – look into
  d. Park System – Continue to develop amenities in the parks we have (ex. another pavilion in Bluebird Park
  e. Building Permit Costs – Regarding sac/wac fees – why higher than adjacent communities – need to be competitive
- Mayor Wimmer
  a. In-house Utility Billing – review, prepare proposal, look at contract with current vendor
  b. City Website – Needs to be cleaned up and updated with more economic development focus
  c. Capital Improvements – Need to define funding for priority projects, (ex. CSAH 5 Sidewalks, street lights)
  d. Employee Groups – include non bargaining group in benefits discussion
  e. Maintain City Standards – Consistent standards at all levels for nuisances and regulations.
  f. HRA Option – Review it as option to purchase/manage properties for downtown loop and development
- Councilor Johnson
  a. City Website – needs update – include new pictures of industrial park and parks
  b. Hwy 65 & CSAH 5 – What are we looking for in development out there (needs planning)
  c. CSAH 5 – Downtown includes CSAH 5. Needs to be cleaned up with consistent planned development (markets city)
  d. Downtown Plan – review and complete a new plan
  e. HRA Option – Would assist with Isanti on path to being an independent city with unique identity, consider this option

- Councilor Larson
  a. Community Center – look at options – figure out how to make it sustainable
  b. Downtown – make it successful
  c. HRA Option – may be a good decision – help market the City and increase tax base
  d. CSAH 5 – There are multiple issues (look and appeal), need sidewalks in place and look further at Credit Union Drive Option for traffic flow.
  e. Utility Billing – this is a sore spot with residents, will need part-time staff to assist.

Mayor Wimmer summarized the 2013 goals

1. Community Center
   a. Finalize process
   b. Need to make it financially viable
2. HRA Option - Work on Business Loop
3. CSAH 5 Aesthetic (appearance) Standards and Traffic Flow Evaluation
4. City Website Update
5. Maintain City Standards – Consistency on City Standards at all levels
6. Utility Billing – Pursue In House Option
7. Continue Economic Development Efforts to Diversify and Increase the Tax Base.

Mayor Wimmer acknowledged that there were other items discussed and that staff will direct those to the appropriate Committees for consideration

Subject: Asset Management Plan – 2018 Update
City of Isanti, MN
Project No.: R13.113062

The Asset Management Plan was created in 2014 and becomes outdated as we undertake and complete items in the plan. This plan has two Asset Management Plans, one for the Wastewater Treatment Facility and one for the Water Treatment Facility.

Wastewater Treatment Facility:

With the 2017 Wastewater Treatment Facility Improvements project completion, only one item in the 10-year Capital Improvement Plan for this facility remains. The Clarifier Rehabilitation that is scheduled for 2025. This is still anticipated to be needed in 2025 and the associated estimated cost is still $500,000. It is anticipated that an annual preventative maintenance cost of approximately $20,000 will be needed as well.

It is recommended to commission a wastewater treatment facility plan prior to completing the Clarifier Rehabilitation work. A Facility Plan will review capacity, community growth considerations, and new Minnesota Pollution Control Agency requirements associated with discharging to the Rum River. The city can then make sound decisions on the future of the aerated pond facility and its ability to serve the community in the near future.

Water Treatment Facility:

The Additional Chlorine Generation System was completed on schedule and we continue to be on schedule to complete the remaining 4 major items in the 10-year plan. The next item scheduled for this facility is in 3 years (2021) when we recommend rebuilding one filter a year for each year from 2021 through 2024. With completion of the Elevated Storage Tank cleaning and inspection, it has been estimated that the tower will need to be re-painted in 6-10 years. A review of the tower coatings is recommended every 3 years to monitor the condition. We have added this task to be completed in 2024 as a worst case scenario.

City Engineer

Subject: Pavement Management Plan – 2018 Update
City of Isanti, MN
Project No.: R13.115547

The Pavement Management Plan was created in 2014 and continues to require updates as we complete items in the plan. This plan has multiple 10-year maintenance schedules. We have not completed maintenance work on the sidewalk/trail system or the parking lot system so the only 10-year maintenance plan that requires an update is the Road Maintenance Plan and associated estimated costs.

In 2017 the Pavement Management Plan was updated to reflect revisions to the anticipated project costs for improvements, and the maintenance plan concept map was updated.

The 2017 Pavement Management project was completed to follow the 2017 maintenance plan update.

The Palomino Road project was also completed in 2017 with the pavement wear course and surface restoration remaining to be completed in the spring of 2018.

In addition to the maintenance project, the City has requested an estimated project cost to complete the extension of 5th Avenue from the existing cul-de-sac to Main Street, as well as an estimated project cost to complete the construction of Richard Avenue from Main Street to Broadway Street. These costs have been added to the separate full construction project total column in the attached spreadsheet for 2018.

The Brookview South 1-4 Additions Pavement Rehabilitation project that is included in the 2010-2020 City Capital Improvement Plan for construction in 2013, was updated to be scheduled for reconstruction in 2018 in the Pavement Management Plan. The Brookview South Additions pavement is in a failed condition and in need of replacement.

The 2018 Estimated Street Project Costs are as follows:

-	2018 Pavement Maintenance Project	$235,000
-	5th Avenue Extension	$254,000
-	Richard Avenue Extension	$126,000
-	Brookview South Rehab	$475,000
	2018 Total Project Costs	$1,090,000

Bolton & Menk is an equal opportunity employer.

No revisions are proposed to the 2017 Updated Road Maintenance Concept Map, and it is recommended to continue to follow the maintenance program in 2018 by sealcoating the NW region of the City as shown in the concept map updated to 2018.

Attached is the updated 8-year maintenance cost breakdown, a figure showing the 2018 roadway projects, and the 2018 Updated 8-year Road Maintenance Concept Map.

RE: 2018 City Council Goal Setting – Information on Potential Goals

Please find below information on some of the proposed discussion items that will be reviewed at the City Council Goal Setting Session:

- City Website - The current city website has become dated and is in need of an upgrade or significant reconfiguration to better serve the city. In 2013, the City Council directed staff to research upgrades to the city Website. Staff brought research back to DAC and the City Council and ultimately opted to select Linden Web Design on February 5, 2014 to upgrade to a more functional Joomla based site for cost not to exceed $6,500. The Joomla site was a "cost leader" with increased functionality compared to the previous site but also requires many staff hours to maintain and update due to the platform it is hosted with and is inefficient. Other sites were researched with more capabilities, better graphics, enhanced mobile functionality and were more expensive. Today there are more vendors and site platforms to choose from that offer increased functionality that would enhance the web experience for residents, visitors and business prospects. Staff is looking for direction on how to proceed on this item.

- Equipment for City Council Communications – Staff has procured information from Verizon regarding provision of IPads for City Council use. This would be for distribution of City Council and Board Agendas, and could serve as an information link.

- Capital Improvement Plan (20 year) - This would be development of a comprehensive 20 year Capital Improvement Plan that identifies capital maintenance and replacement needs as well as capital project needs. An example of maintenance needs would be capital park equipment replacement. We have a number of parks with equipment that will need to be replaced in coming years. New projects would include capital Wastewater Treatment Plant Improvements (mechanical plant). As a part of this planning, revenue sources/amounts for both types of capital needs would be identified.

- Emergency Generators – Staff has been gathering information on both mobile and on-site generators for City facilities for emergency situations. The need was demonstrated in the late fall power outage that affected the City. On-site generator needs include the Police Station/Fire Hall building, City Hall and the Community Center. Serving the Community Center is important as there are very limited sheltering options in the City.

- Multi – Use Ice Rink – This is envisioned as a larger second sheet of ice that could be used for individual or group skating or other informal activities (ex. broomball). This rink would be a bermed flooded area located just south of the IIA-BMX facility. It would be similar to the ice rink in use in North Branch.. It would require installation of a water supply and new lighting.

- Street Extensions – Richard Avenue SE & Fifth Avenue NE – With the upcoming Hotel Project and vacation of Penny Lane, Richard Avenue will need to be extended from Main Street SE to Broadway Street SE. Regarding Fifth Avenue, meetings have been held with property owners and there is some interest in extending the roadway. This project will require dedication or provision of right of way.

- Traffic Issues with Heritage Boulevard – Development of the Kwik Trip project will add to Heritage Boulevard traffic issues, as well as access issues for commercial/industrial users that use East Dual Boulevard. Overall, the roadway continues to channel more traffic through the City. Traffic control devices ranging from a roundabout to signals have been discussed.

Mayor Wimmer felt the budget is on track per prior budget projections.

Review of 2018 Projects/Goals

a. City Website

Economic Development Director Sean Sullivan reviewed the history of the City website planning. Mayor Wimmer pointed out that in term of marketing the City, it is important to have a good site. Councilmember Lorinser thought that while there is a lot of information on the website, it isn't always easily attainable. Discussion about the importance of having a robust City web-site and the importance it plays for the residents and continued economic development growth continued among the Council and City staff. In terms of neighboring cities, the City's website is lagging behind and is not user friendly. Councilmember Collison asked about the availability of a mobile app for the City. Mr. Sullivan responded that he has briefly looked into it and there are options available. Discussion consensus was that the City's technology needs to be updated.

b. Equipment for City Council Communications

The Mayor mentioned that the current system is not efficient and needs to be updated. The current system is from 2005 and requires frequent tech upkeep. Audio file retrieval is slow and outdated. In the interest of going paperless, the use of emails for Councilmembers for City communication and moving to the use of tablets was discussed. This would eliminate the use of paper and staff resources to put packets together while also streamlining the process. Councilmember Lorinser added that he would like to see about getting cameras in the Council Chamber to stream meetings. Mayor Wimmer agreed since video streaming is much easier now than in the past. However, policy would need to be discussed to ensure that the recorded meetings reflect the set Council Agenda items.

c. 20 Year Capital Improvement

Financial Director Mike Betker pointed out that it is good to understand that although you can't say with certainty where you will be in 20 years, you will have a ball-park idea so incremental changes can gradually be made over time. Discussion of the capital improvement plan briefly included the need for additional storage space for the City in the future due to growth, but Mayor Wimmer noted that there was nothing new that wasn't in the plan already and hadn't already been previously discussed. This project is needed and initial work has started.

d. Administrator Transition

The Mayor informed the Council that throughout 2018, City Administrator Don Lorsung will begin transitioning duties to the Assistant City Administrator Josi Wood as part of the long-term staffing plan. By 2019 Ms. Wood would begin working as the City Administrator with Mr. Lorsung taking on Assistant City Administrator and Assistant City Clerk duties along with special projects that the City would otherwise need to pay an outside source for. Part of the staffing plan also includes bringing in a two-year Tech Engineer position to help supervise projects that are currently contracted out. It would not be an increase of dollars but rather a reallocation of currently

contracted engineering costs which would also provide additional staff capacity. This position would possibly take duties of the Public Services Director.

e. Emergency Generators

This is a serious need in case of a major power outage. Public Services Director/Assistant City Administrator Josi Wood said there is a generator at the water treatment plant and the main lift but that is all. This will keep most of the sanitary sewer services working temporarily but the lift stations will quickly fill up. There are two other critical lift stations but only one large portable generator available. Two more generators are needed, an additional one for the lift stations and another to supply a building facility with power if needed, either City Hall or the Police Department.

Police Chief Gene Hill said they have received quotes from Cummins and CAT, with the cheapest generator starting at $26,000 but that doesn't include transfer switches, automatic starts, or installation. Another option would be purchasing units through the Wildfire Land Services with the MN DNR. The generators are used units from the Federal government and are tested and operational before they leave the DNR for approximately $750.00 each. Transfer switches and installation would be an additional $5,000 and can be done through a City contracted electrician.

Discussion included the different power supply capacities the City would require and what is available from the DNR. Chief Hill noted the DNR generators are mil-spec and so are designed to sit outside and be easily moved with a forklift. He then suggested the best solution for the City would be to get the generators through the DNR and have an electrician wire them in. Discussion continued about making sure any available generators had the correct power adapters to so they could be safely used in an emergency.

Councilman Collison asked if a generator at City Hall could also power the Community Center. City Administrator Lorsung responded that issue had been discussed as there is a need for emergency shelter for people and there are very limited resources in the City as the schools do not have back-up generators and cannot be a resource for shelter.

Councilman Collison pointed out that maintenance would need to be considered for the units also. There is a recommended weekly and twice a year comprehensive maintenance protocol that needs to be taken into consideration also.

f. Multi-use Skating Rink

Mayor Wimmer suggested a model similar to North Branch for an outdoor recreational park with a flat, multi-use surface next to the BMX building. Public Services Director Wood said lights and water would be the most significant cost. Discussion among the City Council and staff included options for lighting and filling the skating rink, types of uses including pleasure skating and sport-related, and the likely need for re-grading of the area due to the current slope of the area. Mayor Wimmer said there is cost to it but it seems it would be beneficial.

Glenn Farrell, 200 1st Avenue NW, asked if the Fire Department had a water tanker that could be used to fill the skating rink. Mayor Wimmer agreed but added that the City would be billed for the use of the Fire Department's equipment. Mr. Farrell then suggested the option of buying a water tank with a skid that could be loaded onto a truck bed. Mayor Wimmer thanked Mr. Farrell for his suggestions.

g. Street Extensions – Richard Avenue SE & 5th Avenue NE

There is a study that has been done for 5th Avenue NE and one will be done for Richard Avenue SE to determine the total cost. Currently the Richard Avenue improvement would be on hold until the hotel project moves forward. Penny Lane has already been vacated. Ideally the street extensions and the hotel project construction would happen simultaneously.

h. Liquor Store Tastings (off-site)

Liquor Store Manager John Jacobi discussed the possibility of local businesses hosting off-site liquor tastings. He said it is not possible for the liquor store to provide this service due to liquor liability laws according to the director of the Minnesota Municipal Beverage Association. However, if a business wanted to pay for the hiring of a caterer with the correct licenses and provide insurance, the caterer's license would then allow the liquor store to come in and provide the service. Mayor Wimmer questioned if it would generate enough revenues for the liquor store to recoup expense of doing this. Mr. Jacobi was uncertain but he did not believe it would. It was also discussed that recent liquor store tastings held inside of the liquor store itself had generated more revenue and repeat sales than tastings held off-site.

i. Traffic Issues with Heritage Boulevard

In anticipation of Kwik-Trip coming into Isanti, the traffic situation on Heritage Boulevard was discussed. Heritage Boulevard is an Isanti County road and the City will have to work with both the county and MN DOT to make any changes to Heritage Boulevard. Community Development Director Ryan Kernosky outlined a brief summary of options that have been brought to the county. Additional discussion continued between City Council and staff about alternatives ideas that may optimize traffic flow on Heritage Boulevard.

j. Sledding Hill at Bluebird Park

Councilman Collison would like a sledding hill as he feels it would be a nice amenity for the City. He offered a potential location as Bluebird Park. Councilmembers and City staff discussed where the best location would be with other City locations offered as potential possibilities. Discussions continued regarding safety concerns, such as lighting and City liability issues, how a sledding hill could potentially be engineered, landscaping and topography, and maintenance of both a potential sledding hill and surrounding properties. All agreed that a sledding hill would be a nice addition to the City. It was decided that the Park, Recreation, and Culture Board should discuss the issue to see whether they feel it is feasible to pursue as a possible project, and if so where the best location would be.

k. Fluoride Information Added to Water Bill

Councilman Bergley put forth adding information to the monthly City water bills that fluoride is added to the City water supply. He referred to water bills in Austin, Texas that offer the same information since it is the only chemical added to the water for a medical treatment. He felt it would inform residents of why fluoride is added to the water. Mayor Wimmer felt that addition would cause unwarranted concern to residents as to why the City felt it was necessary to include that information on the water bills. It was mentioned that the information of what chemicals are added to the water are posted in the Consumer Confidence Report on the City website and annually in the official City newspaper.

l. City Hall Water Bottle Refill Station

Mayor Wimmer feels that adding a water bottle refill station would be a good step for the City as it would be greener, would get rid of so many disposable plastic bottle, and would help with our

Greenstep's best practices. The water bottle refill stations would be available to the public at City Hall also. Chief Hill suggested additional sites of the Community Center and both the Police and Fire Departments as well. Councilman Lorinser thought the BMX track would be another good site and added that he believes the refill stations would be utilized by many. Discussions included that there would be initial installation costs and routine cleaning and maintenance required as well.

m. 2018 Pavement Management Program

City Administrator Lorsung commented that planned sealcoating will be proceeding in the Northwest part of the City and could be expanded upon depending on the budget.

n. Continue Marketing Plan and Economic Development Efforts to Diversify and Increase Tax Base

Mayor Wimmer said the Marketing and Development efforts will continue moving forward.

o. Maintain City and Development Standards

Mayor Wimmer noted dramatic progress in median household income over the period of 2000-2016. The City of Isanti has gone from the lowest per capita income levels to the highest in that time period. This allows the City to attract a whole different set of businesses and the ability for the City to grow, offer more services, and be less dependent upon outside financial assistance. These overall changing trends helps for continued future growth in the economic well-being of the City and its residents. The Mayor believes this helps everyone with increased property values and opens the door to many other community amenities. Councilmember Lorinser agreed that this type of planning is beneficial and it should continue.

Mayor Wimmer summarized what had been discussed during the Goal Setting Session. Goals will be assigned to the appropriate Committees and Boards to move forward for Council's consideration.

Adjournment

Motion by Lorinser, second by Collison to adjourn. The meeting was adjourned at 9:57 a.m.

Request for City Council Action

To: **Mayor Wimmer and Members of the City Council**

From: Katie Everett, Community Events and Parks Coordinator

Date: February 7, 2018

Subject: Resolution Approving 2018 Farmers' Market Rules and Regulations

---

Background:
At its January 23rd, 2018 meeting, the Parks, Recreation, and Culture Board discussed updates to the Isanti Family Farmers' Market Rules and Regulations for 2018. In 2017, staff received requests from vendors under the age of 18 to have a booth at the market. The rules have not addressed any age requirements in the past; in 2017, staff allowed minor vendors with an accompanying adult during the market. The PRC Board recommends specifying in the rules that vendors under 18 are allowed but must have a responsible adult (over 18) present during the market. These vendors will pay the same fees and be subject to the same requirements as all other vendors. This language has been added to the Rules and Regulations as follows:

8. Membership

A. Eligibility

vii. Vendors under 18 years of age are welcome but must have a responsible adult (18 years or older) present during market hours.

Other small changes to the Rules and Regulations are as follows:

8. Membership

A. Eligibility

iv. ~~Vendors~~ Full Season vendors are required to be present during the first four (4) consecutive Fridays of the market season.

12. Booth/Stall Allocation & Requirements

J. All tent-type stalls/booths are required to be staked or weighted down with at least 40 pounds in case of wind or storms.

The vendor fees for 2018 will remain the same: $10 annual membership fee, $10 daily booth fee, $60 half season booth fee (9 days), $100 full season booth fee (19 days). The Market season will be every Friday from 2:00-6:00 pm from May 25 through September 28.

Upon approval, staff will update IsantiFamilyFarmersMarket.org with the 2018 application materials. Applications will also be available at City Hall.

Staff Request:
Staff is requesting Council approval of the changes to the Rules and Regulations for the Isanti Family Farmers' Market for 2018.

1. Name: Isanti Family Farmer's Market (The "IFFM")

A. Shall be open to producers and vendors that live within a 50 mile radius of Isanti, MN or as approved by the Market Manager.

B. A Farmers' Market consists of two or more producers, selling produce or food that they raised or created directly to individual customers at a defined location on a periodic basis.

C. Definitions:

i. A ***vendor*** is the retail seller at a stall, booth or tent. Both farmers and non-farmers selling at a farmers' market are vendors.

ii. A ***producer*** refers to the farmer, grower, baker, maker of homemade foods, arranger of flowers, etc. selling at a farmers' market.

iii. A ***member*** is a vendor who is an official market participant (member of the market's association of vendors).

2. Mission Statement

The Isanti Family Farmers' Market serves as a community gathering place for consumers to purchase locally grown and handmade products that promote healthy lifestyles while sustaining local agriculture; to stimulate public interest and knowledge; to increase local consumption of local products; and to educate the next generation about food production. It is a market in which farmers, growers and producers sell their own products direct to the consumer, thereby creating a direct relationship. This market will emphasize quality, freshness, wholesomeness and creative marketing.

3. Supporting Structure

A. Funding is provided by the Isanti Parks, Recreation and Culture Department.

4. Governance

A. IFFM is governed by the City of Isanti Parks, Recreation and Culture Board and/or Market Manager.

B. The City of Isanti Parks, Recreation and Culture Board and/or Market Manager monitors the effectiveness, quality, efficiency, and financial stability of the farmer's market as a means of ensuring accountability to vendors, the community, and the vendor association.

C. The City of Isanti Parks, Recreation and Culture Board and/or Market Manager enforces the rules and regulations

of the farmers' market.

D. The IFFM will not discriminate against any person based on race, color, creed, national origin, sex, age, disability or sexual orientation.

5. Purpose

A. This Vendor Rules & Regulation handout is intended to describe the organization and administration of the Isanti Family Farmer's Market. It details rules and regulations to be followed by the Market Manager, vendors and management of the IFFM. The City of Isanti Parks, Recreation and Culture Board and/or Market Manager shall deal with any issue not covered in this handbook.

6. Use

A. The use of the IFFM is restricted to the sale of local products from within a 50 mile radius of Isanti, MN. Special exceptions may be allowed from time to time, upon the approval of the IFFM Market Manager in response to local supply and productivity.

7. Market Location & Season

8. Membership

A. **Eligibility:** All Producers and Vendors are welcome upon receipt of approved application. The Market Manager has the right to refuse admittance if a Producer or Vendor does not follow market rules:

i. Grower, Producer, Crafter, Local Business or Artisan residing within 50 mile radius of Isanti, MN or has permission from Market Manager.

ii. Member has paid applicable fees and completed application.

iii. No one will be accepted into the market without a completed application and all necessary state permits, licenses, and payment of annual dues, plus stall fee.

iv. Full Season vendors are required to be present during the first four (4) consecutive Fridays of the market season.

v. New and continuing applications will include copies of all appropriate licenses.

vi. Membership fees will not be refunded if expelled from the IFFM.

vii. Vendors are responsible for acquiring the appropriate licenses, when applicable, and tax forms.

viii. Vendors under 18 years of age are welcome but must have a responsible adult (18 years or older) present during market hours.

B. **Member Expectations:** The supporting members, as a whole, should feel free to comment to the City of Isanti Park, Recreation and Culture Board and/or IFFM Market Manager with respect to:

i. The overall management, operation and administration of the market.
ii. The improvement of the market, site, vendor layout, and other physical improvements.
iii. The regulation of the market, including the hours of operation, designation of stall space, charging of market fees, sanitation, posting of signs and other matters of interest to the public or vendors.
iv. The advocacy and support of the market and development of continuing advertising and promotional programs for the market.

9. Fee Structure

A. All applications will need to be reviewed prior to acceptance to the IFFM. Notification given for acceptance can be done the day of market if all information is provided.

B. Payment of fees required with application submission.

C. Fees will be refunded if not accepted by Park, Recreation and Culture Board or Market Manager of IFFM.

D. Annual Membership Fee: $10, Annual Booth Fee $100, Half Season Booth Fee $60, Daily Booth Fee $10.

E. Vendor fees are NON-REFUNDABLE after May 25.

10. Vendor Agreement

A. **Application Process:** All applicants for membership must complete a signed Vendor Application. The Vendor Agreement also lists all the products (by category and sub-category) that are approved for sale at the market.

B. **Applicant:** The Applicant Vendor is the grower, producer, crafter, local business or artisan resident admitted to the membership. Vendors should list ALL other family members or production employees who are to participate in the booth/stall during the current season.

C. **Review & Jurying**: All products to be offered for sale must be approved by the Market Manager. The IFFM Market Manager reserves the right to refuse acceptance of any applicant vendor or vendor product that is not in keeping with the rules, regulations or standards of IFFM.

D. **Authority**: The IFFM Market Manager reserves the right to cancel any Vendor Application. Failure to comply with the aforementioned documents is grounds for termination of vendor membership and termination of the Vendor Application.

E. **Warnings**: The Market Manager will issue warnings to vendors not in compliance with these responsibilities. After a total of 3 such warnings have been recorded, the vendor will be asked to explain to the IFFM Market Manager and/or City of Isanti Parks, Recreation and Culture Board why the Vendor Application should not be terminated.

11. Product Categories

A. Vendors who wish to participate in the IFFM must submit a Vendor Application packet including a product list by category to the best of their ability. It is the vendor's responsibility to ensure that all products in each category comply with current MDA and USDA regulations and are properly identified and labeled. This market is being established as an outlet for local agriculture, produce and craft products to help promote sustainable farming, rural enterprise and local commerce.

12. Booth/Stall Allocation & Requirements

A. Space is allocated by the market manager to paid-up, full-season vendors first. The priority for remaining space is given by preference to paid-up, half-season vendors secondly and then to new members thereafter.

B. Vendor space is limited to 10x10 stalls. (Some stalls may be larger)

C. Disputes over stall spaces will be settled by the Market Manager. All such decisions are subject to appeal to the City of Isanti Parks, Recreation and Culture Board.

D. Customer parking will be clearly designated by conspicuous signs and arranged to ensure safety and market visibility.

E. Market vendors are encouraged to display their name or farm name at the front of the booth that identifies their farm or business.

F. Vendors are responsible for providing all display materials for their respective booth/stall, including but not limited to tables, racks, awnings, chairs, etc.

G. Vendors are responsible for setting up and tearing down all display materials.

H. The market manager may require that unsafe or unsightly materials be removed from the booth/stall area.

I. The IFFM accepts no responsibility for damage or loss to display materials.

J. All tent-type stalls/booths are required to be staked or weighted down with at least 40 pounds in case of wind or storms.

K. Vendors are encouraged to keep their booth stall open for the entire market day hours and should not begin teardown before the designated market closing time unless approved by Market Manager.

13. Vendor Expectations

A. At least one vendor (under definitions above) as listed on the Vendor Application must be present to sell at a market day unless approved otherwise by Market Manager.

B. No vehicles will be allowed inside defined Farmers Market Area during open hours of operation of 2:00 to 6:00 PM. Vendors and vehicles will be allowed in the Market Area before and after the market is open for set-up and tear down of vendors.

C. Vendors (under definitions above) may employ or provide a salesperson that is hired solely for market sales in a booth/stall. All salespersons in a booth/stall must be accompanied by a vendor who is listed on the Vendor Application or approved by Market Manager.

D. Vendors shall be open and ready for business at start of market and no later. Vendors arriving late will be assigned a stall by the market manager from the available vacant space, if any remains. The market manager may reassign any stall not occupied 10 min prior to opening of market. A vendor shall make every effort to notify the market manager as soon as possible if they are not going to be in attendance that week.

E. Vendors are responsible for their own booths/stalls and will leave their site clean and in a condition suitable to the City and the property owners.

F. Hawking and false advertising is forbidden.

I. Sales must be conducted in an orderly and businesslike way. Each vendor is responsible for handling and safely keeping their cash box or other monetary container.

J. Vendors will not start selling products before the designated time of the market start. No presales or pre-bagging are allowed, as this is unfair practice for those customers that cannot come prior to Market start.

K. Vendors should load and unload in such a way as to avoid obstructing the flow of traffic and the work of other vendors.

L. All items offered for sale must have pricing displayed clearly for each item or group of items. Pricing should be clear and legible.

M. Vendors are encouraged NOT to practice "distress pricing" for the express purpose of undercutting other vendors with same or similar products. When the market manager perceives "distress pricing" is occurring, the IFFM Board reserves the right to impose pricing ranges or to cancel any Vendor Application.

N. Each vendor is responsible for his/her sales tax collection, where applicable.

O. The City of Isanti, City of Isanti Parks, Recreation and Culture Board and the IFFM Market Manager are not liable for any injury, illness, theft, loss, or damage of any kind to either the buyer or seller, or their property, arising out of or pertaining to preparation for, participation in, or use or consumption of products bought, sold, or provided at the IFFM. By participating in the IFFM, seller further agrees to indemnify and hold the City of Isanti, City of Isanti Parks, Recreation and Culture Board and the Market Manager harmless for and against any claims for such injury, illness, theft, loss or damage. Insurance coverage is the responsibility of the individual vendor. The IFFM bears no responsibility for any vendor's property at the market.

P. All vendors are strongly encouraged to carry their own general liability and product liability insurance, as the City of Isanti, City of Isanti Parks, Recreation and Culture Board and Market Manager does not provide coverage.

Q. IFFM Rules are subject to change. Changes to IFFM rules will be communicated to vendors in writing.

14. Market Miscellaneous

A. Walkways between vendor spaces must be kept open.

B. Selling is allowed only in designated areas.

C. No part of the market may be used for overnight storage.

D. No alcoholic beverages or unauthorized weapons are allowed in the market or on the market grounds.

E. Vendors do reserve the right to ask customers to not smoke around their booth/stall.

H. At the end of the market day, all refuse must be placed in the bins provided. Garbage and recycling bins will be provided by the market manager and removed at the end of each market day. For produce and food vendors, it is especially critical to clean up scraps of any such refuse material from the ground due to the risk of encouraging vermin.

I. No smoking in vendor booth areas per City Ordinance. Smoking areas off-site include the public parking areas. Please ask for other nearby locations.

J. The only animals allowed in the farmer's market area of operation are police dogs or service animals, such as patrol or disability service dogs – per MN Department of Health.

15. Food Safety and Sales

A. All processed foods offered for sale must be protected from contamination.

B. Containers, wrappings and gloves must be single-use only where applicable.

C. Review MDA, FDA, DHS and USDA requirements frequently if any questions remain.

D. The Minnesota Department of Health (MDH) contacts for Isanti County are Crystal Elva (651-201-3981, crystal.elva@state.mn.us) and James Noyola (651-201-4929, james.noyola@state.mn.us).

16. Community Booths

A. A community booth/stall is available to charity and non-profit organizations at no cost for promotional or educational purposes. Any group interested in using that stall shall contact the Market Manager at least one (1) week prior to the assigned day.

B. A Local Business of the Week Booth will be provided at no cost to a local business. Interested businesses should contact the Market Manager for scheduling. This booth will give a local business an opportunity to educate the public as to what products and services this business provides.

C. All IFFM rules and regulations apply to the vendor and persons residing in that stall.

Subject: Resolution Approving Residential Rain Garden Incentive Program Updates

---

Background:
City staff have worked with Isanti Soil and Water Conservation District (SWCD) staff to make participation in the City's Residential Rain Garden Incentive Program more accessible for residents. In 2018, all residents interested in participating in the incentive program will have the opportunity to schedule a site evaluation with Isanti SWCD staff. The Isanti SWCD staff will help determine if the property is a good candidate for a rain garden. Residents will then have the option to complete the rest of the program on their own or continue with design assistance from Isanti SWCD. Residents committed to completing the rain garden project will receive assistance with location, sizing, and plant selection. Residents will still be responsible for installation of the garden (either completed by them or a contractor). These projects will be eligible for 50% reimbursement, up to $500, for materials and installation costs (no change from 2017). The application period will be May 1 – June 1, 2018. The updated application will be posted on the City website and will be available at City Hall. A quick fact sheet has been created and is attached for Council review.

In addition to assistance with the Rain Garden Incentive Program application process, the City of Isanti and Isanti SWCD will be offering an informational Rain Garden Workshop on Thursday, April 19th at 6:00 pm. The three-part workshop will focus on Rain Garden Basics, Rain Garden Design, and the Incentive Program. The workshop is free to attend and open to all Isanti County residents.

Staff Request:
Staff is requesting that City Council approve the updates to the Residential Rain Garden Incentive Program including the partnership with Isanti Soil and Water Conservation District for consultation and design services.

Subject: A Resolution Approving Painted Rock Program in Isanti City Parks

---

Background

Cambridge-Isanti School District staff have expressed interest in launching a painted rock hunt program at parks throughout Isanti County. Students from the District's Moving Forward program, as well as residents at senior care facilities and home school families, will be painting rocks over the winter months that will be hidden within the parks. Area residents and visitors will then be encouraged to visit the parks to search for the rocks; once participants find the rocks, they can post a picture of the rock to a Facebook page managed by School District staff, Robillard, and re-hide the rock, or they can keep the rock. The Facebook page will include rules for the program to address to appropriate content the rocks, areas where they are allowed to be hidden, etc. The program has already been approved by Isanti County Parks and the City of Cambridge.

Parks, Recreation, and Culture Board Recommendation

School District staff, Julie Robillard, attended the January 23rd Parks, Recreation, and Culture Board meeting to discuss the program. The PRC Board recommends that City Council approve the use of Isanti's parks for this purpose. The Board suggested that the program also be present to the North 65 Chamber to encourage business involvement.

Staff Request

City staff is requesting that Council approve the painted rock program use inside Isanti's parks.

MEMORANDUM

TO: Mayor George Wimmer
Members of the Isanti City Council

FROM: Ryan Kernosky, Community Development Director

DATE: February 7, 2018

SUBJECT: **CONDITIONAL USE PERMIT FOR WARREN AND BRETT THUNSTROM TO OPERATE A MICROBREWERY AT 2 ENTERPRISE AVENUE NE**

Background

A Conditional Use Permit Application (CUP) has been submitted to the Community Development Department by Warren and Brett Thunstrom to open and operate a Microbrewery at 2 Enterprise Avenue Suite A3 (PID 16.132.0040). Pursuant to Isanti Zoning Ordinance Section11, Article 5, Subd. 4(U), a CUP is required to operate a Microbrewery in the TH-65 Overlay District.

Zoning Ordinance Requirement

Zoning: The subject property is located at 2 Enterprise Ave NE, and is part of a larger building. This property falls within the TH-65 Overlay District of the B-2 Zoning Code. 'Microbrewery' is a Conditional Use in the TH-65 Overlay District.

Parking and Traffic: The parcel is already developed. According to the applicant, there will be up to 50 seats for patrons and up to four employees at a given time. Sit-down restaurants require one stall per 3 seats and 1 space per employee. In this case, 20 stalls would be required.

Signage: The applicant has provided intended signage, but no formal submittal on signage has been received.

Conditional Use Permit Standards

1. In review of the standards established in Section 21, Article 2, Conditional Use (D); the following conclusions have been made (*conclusions to each requirement are shown in italics):*

   A. The proposed action has been considered in relation to the specific policies and provisions of and has been found to be consistent with the goals and objectives of the Comprehensive Plan, including public facilities and capital improvement plans.

The proposed use for the site is consistent with the goals and objectives of the comprehensive plan.

B. The proposed action meets the purpose and intent of this Ordinance and the underlying zoning district.
The proposed use meets the purpose and intent of the "B-2" & "TH-65" zoning districts

C. The establishment, maintenance or operation of the conditional use will promote and enhance the general public welfare and will not be detrimental or endanger the public health, safety, morals, or comfort.
The proposed use is in a commercial and industrial area. Staff believes that will not be detrimental or endanger the public health, safety, morals, or comfort.

D. The conditional use will not be injurious to the use and enjoyment of other property within the immediate vicinity for the purposes already permitted; nor substantially diminish or impair property values within the neighborhood.
Staff does not believe that the proposed use will be injurious to the use and enjoyment of the other properties within the immediate vicinity.

E. The establishment of the conditional use will not impede the normal and orderly development and improvement of surrounding property for uses permitted in the district.
The conditional use will not impede the normal and orderly development and improvement of the surrounding properties. The use will be located within an existing structure.

F. Adequate public facilities and services are available or can be reasonably provided to accommodate the use which is proposed.
Adequate public facilities and services are currently available.

G. The conditional use shall, in all other respects, conform to the applicable regulations of the district in which it is located.
The conditional use complies to all other regulations within the district in which it is located.

H. The conditional use complies with the general and specific performance standards as specified by within this Article.
The conditional use complies with the general and specific performance standards as specified within this article, as stated by this document.

Section 21, Article 2, Subd. 4 addresses performance standards for Conditional Use Permit. The standards and staff responses *(italicized)* are below:

A. The use and the site in question shall be served by a street of sufficient capacity to accommodate the type and volume of traffic which would be generated an adequate public right-of-way shall be provided.
Staff believes that the existing street is of sufficient capacity to accommodate the type and volume of traffic as a result of this development.

B. The site design for access and parking shall minimize internal as well as external traffic conflicts and shall be in compliance with Section 17 of this Ordinance.
The proposed CUP will be in an existing building that already is designed for access and parking. All parking is met under Section 17 of this Ordinance.

C. If applicable, a pedestrian circulation system shall be clearly defined and appropriate provisions made to protect such areas from encroachment by parked or moving vehicles.
Parking for this development does not impact pedestrian circulation.

D. Adequate off-street parking and off-street loading shall be provided in compliance with Section 17 of this Ordinance.
Adequate off-street parking and off-street loading is provided in accordance with section 17 of this ordinance.

E. Loading areas and drive-thru facilities shall be positioned so as to minimize internal site access problems and maneuvering conflicts, to avoid visual or noise impacts on any adjacent residential use or district, and provided in compliance with Section 17 of this Ordinance.
This section is met.

F. Whenever a non-residential use is adjacent to a residential use or district, a buffer area with screening and landscaping shall be provided in accordance with the provisions of Section 15 of this Ordinance.
This area is surrounded by commercial and industrial uses. This section is met.

G. General site screening and landscaping shall be provided in compliance with Section 15 of this Ordinance.
This section is met.

H. All exterior lighting shall be directed so as not to cast glare toward or onto the public right-of-way or neighboring residential uses or districts, and shall be in compliance with Section 14 of this Ordinance.
Existing lighting complies with our zoning code. This section is met.

I. The site drainage system shall be subject to the review and approval of the City Engineer.
This is an already developed site, existing stormwater management has been reviewed and approved.

J. The architectural appearance and functional design of the building and site shall not be so dissimilar to the existing and potential buildings and area so as to cause a blighting influence. All sides of the principal and accessory structures are to have essentially the same or coordinated, harmonious exterior finish materials and treatment.
The building already exists, and as such, is compliant with our zoning code.

K. Provisions shall be made for daily litter control, an interior location for recycling and trash handling and storage or an outdoor, enclosed receptacle area shall be provided in compliance with Section 14 of this Ordinance.
Existing garbage facilities will be used for trash and recycling purposes.

L. All signs and informational or visual communication devices shall be in compliance with Section 16 of this Ordinance.
The applicant will need to submit a sign permit for review and approval prior to any signage associated with this development being installed.

M. The use and site shall be in compliance with any federal, state, or county laws or regulations that are applicable and any related permits shall be obtained and documented to the City.
The applicant will be required to obtain all proper licensing from the City, State, County, and Federal Governments as deemed necessary.

N. Any applicable business licenses mandated by City Code are approved and obtained.
The applicant may be required to obtain proper licensing from the City, State, County, and Federal Government as deemed necessary.

O. The hours of operation may be restricted when there is judged to be an incompatibility with a residential use or district.
This property is in a commercial district, and as such, this section is non-applicable.

P. The use complies with the applicable performance standards of the zoning district in which it is located and where applicable, any non-conformities shall be eliminated.
This use complies with the performance standards of the zoning district.

Q. Additional Stipulations. All conditions pertaining to a specific site are subject to change when the City Council, upon investigation in relation to a formal request, finds that the general public health, safety, and welfare, can be served as well or better by modifying or expanding the conditions set forth herein.
Any additional stipulations will be included in the final resolution passed by the City Council.

Comprehensive Plan

The City of Isanti 2008 Comprehensive Plan Update identifies this parcel as 'general commercial,' which is defined as:

The purpose of this category is to identify portions of Isanti that contain or should be developed for general commercial use. Examples may include highway oriented businesses such as fast food restaurants, convenience stores, gas stations and other auto-oriented businesses. Limited office and service uses are appropriate in these areas as well, depending on scale and location.

Much of this land use is located along the Highway 65 corridor and CSAH 5. General Commercial is the largest commercial land use designation. These uses are predominantly auto-oriented in terms of access and services. Design of both site and buildings are important to maintaining a

thriving commercial base. In addition, commercial businesses not located at major intersections should remain small scale, and provide services primarily to the surrounding neighborhood. Also, the architecture and site design of all commercial areas must be compatible with the surrounding neighborhood and landscape. Such issues as building size, location on the lot, building materials, screening and other design issues are important.

Public Notice

Notice of public hearing was published on January 3, 2018 in the *Isanti County News.* All property owners within 350' of the subject parcel received notice of public hearing from the Community Development Department. The Isanti City Planning Commission held a public hearing on January 16, 2018.

Public Comment

At the time of writing this memo, no public comment for or against the project have been provided to my office.

Development and Operations Advisory Committee Comments

The Development and Operations Advisory Committee reviewed the CUP during the December 7, 2017 committee meeting. They recommended the following conditions:

1) Painting of the additional parking stalls (24) along the south parking lot as approved in the original development.
2) Signage to be applied for and reviewed by the City prior to installation.

Planning Commission

The Planning Commission has recommended approval of the attached resolution with the conditions within the resolution.

Staff Comments

The property has already been developed. Because the proposed CUP is in an existing building that is not being expanded or physically changed, and as such does not require an as extensive review of the proposed CUP. Staff is supportive of the CUP, and recommends **APPROVAL** with the following conditions:

1) Painting of the additional parking stalls (24) along the south parking lot as approved in the original development.
2) Any applicable licensing and permits shall be obtained from the proper City, State, County, and Federal Governments as deemed necessary.
3) Signage to be applied for and reviewed by the City prior to installation.

FINDINGS OF FACT AND CONCLUSION

Conditional Use Permit Amendment
Warren & Brett Thunstrom - Microbrewery

February 7, 2018

Request

Request from Warren and Brett Thunstrom (applicants) for a Conditional Use Permit to operate a Microbrewery at the property addressed as 2 Enterprise Avenue NE Suite A3 (PID 16.132.0040) in the City of Isanti.

Findings of Fact

1. The applicants are requesting approval of a Conditional Use Permit for the property described under 'Request.'
2. The property is zoned "B-2" General Business District and included in the "TH-65" Highway 65 Overlay District.
3. The applicants submitted a Conditional Use Permit application on November 29, 2017. The received materials were deemed complete and paid on December 22, 2017.
4. A public hearing on the matter was scheduled before the City of Isanti Planning Commission on January 16, 2018 at 7:00 p.m. at City Hall within the City Council Chambers.
5. Notice of the Conditional Use Permit application was published with the *Isanti County News* on January 3, 2018. Notices were sent to all property owners located within 350 feet of the aforementioned address.
6. Section 21, Article 2: Conditional Use Permits, Subdivision 3(D) of the Zoning Ordinance establishes factors that the judgement of the Planning Commission shall be based upon when reviewing a Conditional Use Permit request as well as Section 21, Article 2: Conditional Use Permits, Subdivision 4 General Performance Standards of the Zoning Ordinance establishes additional general standards that shall be used to evaluate any proposed Conditional Use Permit request.

Conclusions

1. In review of the standards established in Section 21, Article 2, Conditional Use (D); the following conclusions have been made (*conclusions to each requirement are shown in italics):*

    A. The proposed action has been considered in relation to the specific policies and provisions of and has been found to be consistent with the goals and objectives of the Comprehensive Plan, including public facilities and capital improvement plans. *The proposed use for the site is consistent with the goals and objectives of the comprehensive plan.*

    B. The proposed action meets the purpose and intent of this Ordinance and the underlying zoning district.

The proposed use meets the purpose and intent of the "B-2" & "TH-65" zoning districts

C. The establishment, maintenance or operation of the conditional use will promote and enhance the general public welfare and will not be detrimental or endanger the public health, safety, morals, or comfort.
The proposed use is in a commercial and industrial area. Staff believes that will not be detrimental or endanger the public health, safety, morals, or comfort.

D. The conditional use will not be injurious to the use and enjoyment of other property within the immediate vicinity for the purposes already permitted; nor substantially diminish or impair property values within the neighborhood.
Staff does not believe that the proposed use will be injurious to the use and enjoyment of the other properties within the immediate vicinity.

E. The establishment of the conditional use will not impede the normal and orderly development and improvement of surrounding property for uses permitted in the district.
The conditional use will not impede the normal and orderly development and improvement of the surrounding properties. The use will be located within an existing structure.

F. Adequate public facilities and services are available or can be reasonably provided to accommodate the use which is proposed.
Adequate public facilities and services are currently available.

G. The conditional use shall, in all other respects, conform to the applicable regulations of the district in which it is located.
The conditional use complies to all other regulations within the district in which it is located.

H. The conditional use complies with the general and specific performance standards as specified by within this Article.
The conditional use complies with the general and specific performance standards as specified within this article, as stated by this document.

2. Section 21, Article 2, Subd. 4 addresses performance standards for Conditional Use Permit. The standards and staff responses *(italicized)* are below:

A. The use and the site in question shall be served by a street of sufficient capacity to accommodate the type and volume of traffic which would be generated an adequate public right-of-way shall be provided.
Staff believes that the existing street is of sufficient capacity to accommodate the type and volume of traffic as a result of this development.

B. The site design for access and parking shall minimize internal as well as external traffic conflicts and shall be in compliance with Section 17 of this Ordinance.
The proposed CUP will be in an existing building that already is designed for access and parking. All parking is met under Section 17 of this Ordinance.

C. If applicable, a pedestrian circulation system shall be clearly defined and appropriate provisions made to protect such areas from encroachment by parked or moving vehicles.
Parking for this development does not impact pedestrian circulation.

Subject: Resolution Approving Request for Proposals for Banking Services

---

Background:

The current Banking Services Contract with Community Pride Bank expires on 3/31/2018. Attached is a Banking Services RFP for the Council's consideration. This is largely the same RFP the City used the last time proposals were requested, in 2014. The only change is the addition of the following text regarding interest rates.

1) *The City expects to have one checking account, one savings account and one to three additional savings accounts to be utilized when segregation of funds is required or desired by the City.*
2) *Interest on deposits will be calculated for the checking account and savings account(s) separately. The "Prime Rate" as reported in the Wall Street Journal should be the basis for determining interest on deposits.*
3) *Proposers should bid interest on deposits as a fixed percent below the benchmark rate. Bidders should also identify the floor, or lowest rate that the city will earn under any economic circumstances. For example if the benchmark is 3.25% and your institution bids 3% under the benchmark rate with a 0.10% floor you are agreeing to pay 0.25% on the identified deposits today and guarantee that no matter how low the benchmark goes the City will always receive at least 0.10% on the identified deposits. Bidders may bid different rates and floors for checking and savings accounts but are not required to do so.*

The proposed timeline as outlined in the RFP is as follows:

February 6, 2018	RFP Issued
February 16, 2018	Deadline for Written Questions
February 23, 2018	Responses Mailed
March 2, 2018	Proposals Due
March 8, 2018	Finance Committee Review
March 20, 2018	Award
April 1, 2018	Contract Begins

RESOLUTION 2018-XXX

RESOLUTION APPROVING REQUEST FOR PROPOSALS FOR BANKING SERVICES

WHEREAS, the contract with Community Pride Bank, who provides banking services to the City of Isanti expires on March, 31st 2018; and,

WHEREAS, upon review by the Finance Committee, staff has prepared a Request for Proposals and timeline to procure banking services.

NOW, THEREFORE, IT IS HEREBY RESOLVED by the City Council of the City of Isanti, Minnesota:

1. Approval of the Request for Proposals for Banking Services, attached as Exhibit "A".

2. Direct staff to publish a Notice of the Request for Proposals and distribution to seek proposals for such services from qualified banking institutions.

This Resolution is hereby approved by the Isanti City Council this 7th day of February, 2018.

Exhibit A

CITY OF ISANTI
REQUEST FOR PROPOSAL
DEPOSITORY AND BANKING SERVICES

The City of Isanti is seeking proposals from qualified institutions to provide the highest quality depository and banking services at a competitive price. A proposer must be a federally or State of Minnesota chartered financial institution within the city limits of Isanti or surrounding area and must be able to comply with Minnesota Statutes Chapter 118A relating to Depositories of Public Funds.

BACKGROUND

The City of Isanti currently has two demand deposit accounts (general checking account and money market account).

The general checking account is used as the City's main account to receive deposits for credit card clearing from our liquor store and disburse revenues from City operations. The money market account receives daily deposits from our liquor store and other City revenues. On a monthly basis, approximately 250 vendor checks, payroll checks and EFTs are processed through the general account. Total amount of check dollar volume per month depends heavily on the level of our capital project activity. However, average total amount of checks clearing per month is approximately $825,000.00. Transfers are made periodically from our money market account to our general checking account to cover disbursements. The City also uses ACH or wire transactions to/from various sources each month.

INSTRUCTIONS FOR SUBMITTING PROPOSALS

1. Copies and Closing Date

All proposals shall be clearly identified as Banking Services Proposal for the City of Isanti. Four copies of your proposal should be forwarded to the City at the following address by 4:30 p.m. on March 2, 2018:

City of Isanti
Attn: Mike Betker, Finance Director
110 1st Avenue NW
P.O. Box 428
Isanti, MN 55040
(763) 444-5512

Please respond only on the standard forms provided. Alternative proposals for a "better way" of providing a particular service may be attached; however, they will not necessarily be considered in the review and evaluation process. Proposals received after the stated deadline may not be considered by the City.

2. Public Information

All information submitted will be considered public information in accordance with Minnesota Statutes governing data practices. Upon submission, proposals become the property of the City and will not be returned to proposers. Copies of proposals will be available for viewing at City Hall.

3. Questions

The Finance Director will be the only contact and will respond only to questions in written form to clarify any matters related to this RFP. Submission of the written questions must be received at the City of Isanti, 110 1st Avenue NW, P.O. Box 428, Isanti, MN 55040, no later than February 16, 2018. The proposer's questions and the City's answers will become public record and will be sent to prospective applicants by February 23, 2018.

If clarification is needed by the Finance Director, questions will be submitted in written form only to the bank involved. Answers should be returned in writing to the Director of Finance within five (5) working days of receipt of the question. Written answers will become part of the proposal.

SCOPE OF SERVICES

1. Bank Services

The services required by the City of Isanti are listed in Section I of this document. Optional services desired are listed in Section II. Additional information required for submission in the proposal is listed in Section III.

SELECTION PROCESS AND CRITERIA

The Banking Services Contract is expected to be awarded by the Isanti City Council on or before March 20, 2018. The contract award will be based on the recommendation of the Isanti Finance Committee, the City Administrator and the Finance Director with the approval of the Isanti City Council.

The criteria for evaluation of proposals will be:

- Financial strength and capacity of the banking institution
- Availability and quality of services
- Service prices
- Completeness of the proposal

Proposal Calendar

February 6, 2018	RFP Issued
February 16, 2018	Deadline for Written Questions
February 23, 2018	Responses Mailed
March 2, 2018	Proposals Due
March 8, 2018	Finance Committee Review
March 20, 2018	Award
April 1, 2018	Contract Begins

TERMS AND CONDITIONS

It is expected that the selected institution will be designated as the City's depository for a three-year period commencing April 1, 2018, and ending on March 31, 2021, with the option to extend the contract period for an additional two-year term. If a banking institution does not execute an agreement within thirty (30) days after being notified of selection, the City may select another qualified proposing bank or call for new proposals.

This RFP and the bank's response, including all promises, warranties, commitments and representations made in the successful proposal will be binding and will become contractual obligations, and will be incorporated by

reference in the City's agreement with the bank. ACH and wire transfer agreements will be signed in conjunction with the execution of the banking services contract.

The City reserves the right to reject any or all proposals and the right to accept or reject any item or combination of items. The City also reserves the right to award an agreement to proposers of any single service or all optional services and to negotiate terms different from those specified in the proposals. Nothing herein will be construed to prohibit the City from maintaining accounts at other banks, including, but not limited to, certificates of deposit and special accounts. The City may cancel the contract upon a minimum of thirty (30) days written notice. The Depository may not cancel the contract for any reason except for failure of the City to fulfill its obligations.

1. New Services/ Services not covered under proposals

If the City adds additional accounts or services similar to those included in the original proposal, those new accounts or services will be provided under the same items and conditions as apply to the existing accounts. If federal regulations or other regulatory bodies require new accounts or impose other regulations, the bank will make those new services available at a negotiated rate between the City and the bank.

2. Access to Records and Cooperation

The bank will allow lawful and reasonable access to its records by officers of the City, the City's auditors, and state or federal auditors. The proposer will also cooperate in any prosecution for misuse of checks and misappropriation of funds.

3. Compensation

Compensation will be determined from the proposals provided and reflected in the agreement signed with the banking institution.

BANKING SERVICES PROPOSAL FORM

Please indicate the cost per unit or complete your answer in the space provided. If more space is needed, additional pages may be attached as long as they are clearly identified. If there are any services you provide that are not specified in the proposal and you think they would benefit the City, please list them along with the charge per item (on a monthly basis at the end of the form). If a banking service cannot be met, then enter "no proposal" (this may result in the proposal's nonacceptance or a reduction in evaluation points).

SECTION I. BANK SERVICES

Types of Services and Information Required Related to Bank Processing:

1. Availability of Funds

   What are bank cut off times and locations for same day clearing of items drawn on Isanti and Twin City Metropolitan Banks?

   What are times and locations where a final daily deposit will be accepted?

   Provide your funds availability schedule for electronic and paper transactions.

2. Returned Check Processing

   The City requires the bank to automatically process returned checks a second time. The City averages two returned items per month.

   What fees are charged?

3. Night Depository Services

   The bank will provide a night depository services as needed by the City. It is required that the bank supply locking depository bags to the City. The bank will process these bags by: 1) removing under dual control all contents of the bag, 2) counting under dual control all cash and checks received, 3) notifying the appropriate City office of any errors, and 4) preparing a receipt and sending it to the appropriate City office.

   What fees are charged?

4. Wire Transfer Services

The City electronically processes less than one outgoing wire per month and receives approximately one incoming wire per week.

What is the cost per incoming wire?

What is the cost per outgoing wire?

Do you have internet banking that would allow us to process our own outgoing wires and at what cost, if any?

5. Internal Transfers

The City currently transfers funds from the Money Market account to the General Checking account via internet.

What is the cost of this service?

Is there a limit on the number of transfers per month? If yes, how many transfers are allowed?

Is there a dollar limit per transfer? If yes, what is the limit?

6. Automated Clearing House

The proposer must have and maintain Automated Clearing House (ACH) originating bank capabilities. The proposer must conform to National Automated Clearing House Association (NACHA) and Uniform Commercial Code Article 4A (UCC4A) rules. Our ACH volume includes bi-weekly and quarterly payroll, monthly ACH for city services payments and ACH from other governmental entities.

Describe your ACH direct deposit payroll capabilities.

Through what media can you accept instructions for making ACH payments or originating ACH debits?

What are the ACH originated per item charge (debits and credits) and all related costs?

Describe the technical support available for this service.

7. Collateral

The bank must be able to provide sufficient collateral pledges or surety bonding for the account. Collateral is subject to change depending upon the deposit levels of the account (see Minnesota Statutes 118A). Bank is to review collateral requirements monthly and provide report to Finance Director.

What are the fees charged?

8. Balance Information and Reporting

The City currently obtains balances via the internet. Ledger balance, available balance, and collected balance are reported as well as detailed information listing debit and credit items. The City requires that statements process at the end of the last business day of the month.

What are the methods available to obtain daily balances?

Describe the detail of the information provided.

What hardware and software are needed to access the electronic reporting system?

Is it possible to view images of checks and deposits online?

What fees are charged?

9. Vault Services

The City orders approximately $6,000.00 of currency and coin on a monthly basis for our liquor store operations.

Please explain the process for ordering coin and the cost attached to this service.

What are the times and locations available for currency and coin ordering?

9. Credit Card Payments

The City currently accepts payments from its municipal liquor operations, utility billing operations, and other misc payments.

What would be the cost for accepting credit card settlements into our account?

10. Interest

What is reserve requirement for each account and is the reserve requirement deducted from the available balance before the earnings credit rate is calculated?

The City expects to have one checking account, one savings account and one to three additional savings accounts to be utilized when segregation of funds is required or desired by the City.

Interest on deposits will be calculated for the checking account and savings account(s) separately. The "Prime Rate" as reported in the Wall Street Journal should be the basis for determining interest on deposits.

Proposers should bid interest on deposits as a fixed percent below the benchmark rate. Bidders should also identify the floor, or lowest rate that the city will earn under any economic circumstances. For example if the benchmark is 3.25% and your institution bids 3% under the benchmark rate with a 0.10% floor you are agreeing to pay 0.25% on the identified deposits today and guarantee that no matter how low the benchmark goes the City will always receive at least 0.10% on the identified deposits. Bidders may bid different rates and floors for checking and savings accounts but are not required to do so.

11. Electronic Bank Statements

The City currently receives bank statements electronically.

What are the fees charged for this service?

12. City Credit Card

The City currently has a credit card with a limit of $5,000.

What are the fees charged for this service?

13. Other Charges

Please identify any other charges that may be applicable to our account.

MEMORANDUM

TO: Mayor George Wimmer
Members of the Isanti City Council

FROM: Ryan Kernosky, Community Development Director

DATE: February 6, 2018

SUBJECT: **RICHARD AVENUE SE PRELIMINARY ENGINEERING REPORT COST**

Background

With the vacation of Penny Lane, and the dedicated right of way of Richard Avenue along the west-side of the proposed hotel parcel, it's appropriate to have a preliminary engineering done to determine the cost of constructing the Richard Avenue extension.

Staff has asked Bolton & Menk to provide a proposal to perform the aforementioned engineering report. Their proposal was at an hourly rate, not to exceed $3,900.00.

Finance Committee reviewed the proposal at the regularly scheduled meeting on January 18, 2018, and has recommended approval.

Staff Recommendation

Staff recommends approval of the attached Resolution.

MEMORANDUM

Date: December 19, 2017

To: Ryan Kernosky, Community Development Director

From: Bradley C. DeWolf, P.E.

Subject: Richard Avenue Preliminary Engineering Report Fee Proposal
City of Isanti, MN

Bolton & Menk, Inc. is pleased to present this proposal to provide engineering services to create a preliminary engineering report for the extension of Richard Avenue.

It is our understanding the scope of work to be completed for the preliminary engineering report is as follows:

- Review record drawings to determine existing conditions
- Layout a figure of the preliminary geometrics of the proposed roadway and utilities
- Review site grading, hydraulics, and storm system requirements.
- Review sanitary sewer and watermain requirements.
- Calculate an Engineers Estimate for the project cost
- Create a final report summarizing these findings and making a recommendation as to the feasibility of constructing this project from an engineering standpoint.

Bolton & Menk proposes to complete the above engineering services for an hourly, not-to-exceed fee of $3,900.00.

Please contact me at (612) 756-1032 if you have any questions or need additional information.

Bolton & Menk is an equal opportunity employer.

RESOLUTION 2018-XXX

A RESOLUTION APPROVING A PRELIMINARY ENGINEERING REPORT FOR THE EXTENSION OF RICHARD AVENUE SE FROM BROADWAY STREET SE TO MAIN STREET E

WHEREAS, as part of the 2018 City Council Goals, the extension of Richard Avenue SE from Broadway Street SE to Main Street E was identified as a goal; and,

WHEREAS, City Staff has asked City Engineering firm Bolton & Menk to provide a proposal to perform the aforementioned engineering report.

NOW, THEREFORE, BE IT RESOLVED by the City Council of the City of Isanti, Minnesota, as follows:

1) The City Council Authorizes Bolton & Menk to begin the preliminary engineering report of the extension of Richard Avenue SE from Broadway Street SE to Main Street E in the dedicated Right of Way in the plat "Isanti Hotel Addition".
2) Cost for the preliminary engineering report shall not exceed $3,900.00 as provided in the proposal.

CITY OF ISANTI
PARKS, RECREATION, AND CULTURE BOARD
MEETING MINUTES
November 28, 2017
City Council Chambers

1. Meeting Opening.

A. Call to Order.
Zdon called the meeting to order at 6:00 p.m.

B. Pledge of Allegiance.
Everyone stood for the Pledge of Allegiance.

C. Roll Call.
Members Present: Jennifer Garvey, Jeff Johnson, James Witte, and Mayor Wimmer, Aaron Zdon
Staff Present: Katie Everett, Community Events and Parks Coordinator

D. Agenda Modifications.
Zdon asked if there were any agenda modifications. There were none.

Motion by Garvey, second by Wimmer to approve the November 28, 2017 Parks, Recreation, and Culture Board Agenda. Motion was unanimously approved.

2. Approval of Minutes from October 24, 2017 Parks, Recreation and Culture Board Meeting.

Motion by Wimmer. Second by Garvey. Vote was unanimously approved.

3. Park Signs

Everett explained that she has included the final draft of the bike/walk sign and it printed correctly this time so Bluebird Park and the parking areas are a different pattern. She also added in the mile markers. If there are any other thoughts on this one, she asked to let her know or she would order this one. Zdon asked if there was a motion needed; Everett said no. Everett stated that there is also a double sided sign on the trail as you're leaving Isanti that she'll order so it matches and we'll get those at the same time.

Everett stated that there is some additional money left, and when we initially started talking about doing this the board had talked about leaving the Legacy sign because eventually there will a parking area right up by the park. She stated that she talked with Public Services Director Wood and Public Works has had to fix that sign more often than Everett thought, and every time we have to replace the sign inside we have to pay to get it laminated. It would make a lot of sense to replace it, and Public Works is very confident that they could move it if we need to do that even before we need to replace it again. She stated that she brought in the sign we just ordered for River Bluff to have a map there. She thought it would make a lot of sense, because these are two of our most similar parks, to have their signage match. We can do something very similar, and she attached a draft. At River Bluff we have a bunch of different colored loops in the brochure that are listed on the bottom of that sign. At Legacy, she included the tables and benches on that lower portion. Additionally we would have the same big sign that's at all of our parks. Wimmer stated that he wanted to have on the list of things that at Legacy no bikes are allowed either, there is a smaller sign there, but we need it on the big sign as well because that is something that sets it apart from the other parks. Everett asked to clarify which sign that should go on; Wimmer stated the big sign at the gate. Everett asked if there were other thoughts on this. She stated that we will install it at the exact same place where the current sign is. If we want to get multiples of the map sign we can, but Everett stated she was just envisioning that by the gate as well. Zdon asked to clarify that there are funds still available for these; Everett confirmed that there are. Garvey said she liked the idea of Legacy matching

the River Bluff one. Zdon agreed and said the River Bluff one looks nice. Johnson asked if we will be putting cityofisanti.us on the Legacy sign as well. We have it on the bike path one, so shouldn't we continue doing that – or is there not that big of a rules sheet for Legacy versus the walking path? Everett stated that we haven't done that on the others and explained that we have a sign at most of the parks with an abbreviated list of rules and she doesn't think those have the rules on them. Zdon said that it may be a good idea moving forward to have it on every sign, it's a good idea. It doesn't have to be anything big, just in a corner somewhere. Everett stated that she can do that, and will get them ordered. At this point, new signs will go up in the spring.

4. River Bluff Preserve Erosion Control Project Update

Everett stated that the agenda packet has a bunch of pictures of what the project looked like. This was something that the Isanti Soil and Water office approached us to do with some other projects that they had going on on the Rum River. They had kind of helped out as we planned where our steps were going to go and that kind of thing last year, so we made the connection with them in that park in that process. They did a whole bunch of these; the Anoka and Isanti offices worked together on a bunch of these. She wanted to say that it was around 40 of them, but ours was the only one they did on public land. It's kind of a cool opportunity for us to show what has been going on, and it was super cheap for us to have that work done. She just received the invoice today and it was even under what we expected by about $250. She did get an email today that they will be doing a little more work on Friday. They are going to take one more tree down to put in there, so there will be a little more length in there than what's done right now.

Everett explained that the project involves taking cut down cedar trees – at this point those are dead and eventually will turn brown – but while they're there they slow down the river and collect sediment to rebuild the bank. They planted lots of trees in there that will make it green again, and then by the time the cedar trees have totally decayed those live trees will take over stabilizing. It's kind of a cool project, and it will be fun to watch that process as it goes forward.

Because it is on public land, and it kind of looks like there's something weird going on there, it's a good opportunity to post a sign to let people know what the project is. Everett explained that the board has copies of the sign options. The horizontal one would be more of the panel style interpretive sign that's kind of at an angle that you stand in front of it. The other one would be the same size the River Bluff map sign. Everett thought it would be kind of cool if they used the smaller size we could make it double sided so you could see it from the river because you can obviously see the project from the river. Eventually there will be trees in the way, but in the meantime we can do some education as people are going by too. That style is much lower cost, and would be much cheaper to replace in the future. A panel one is really nice looking. Everett stated that these are very rough drafts, but wanted to show what kind of information could fit on both. There should be enough money to do either style at this point. Zdon stated that he likes the idea of a two sided, and it matches the same style as the other signs. It's cool to be able to come down the river and see the sign too. Everett stated that we could put it on a little bit nicer post as well. Garvey stated that the only comment she has is that the horizontal sign says 10 years and it has the completed year, but the smaller one doesn't. That would be her only suggestion so that in five years, when nobody knows when it started, it's on the sign. Zdon agreed to add something like "Completed in 2017" in a corner – and our website. Johnson asked for clarification on which sign option would be the panel one, and which you would see coming down the river; Everett explained that it was the smaller vertical one. Everett explained that the panel size would be kind of the same as what's downtown – there are some that are kind of the same idea with historical facts, this would just be a little different style. Everett explained that the smaller one would be a lot easier to replace if something happened to it. Zdon stated that he would prefer only one or the other there; Everett agreed that they would only do one of the options. Zdon said he liked the two sided option. Johnson, Garvey, and Witte agreed.

5. 2017 Project Review

Everett stated that she wanted to give the board a rundown of the things that were accomplished in 2017. It was a busy year and there were a lot of things going on, so this definitely not a comprehensive list. The community garden went really well again; we added the new shed so next year we won't have to have a new shed again, and we got the shade out there which was super nice to have, and we got new hoses and more raised beds. We have replaced almost all of the sand play surfaces at our city parks now; VFW still has sand but we replaced Mattson and Isanti Hills this year. She stated that if the board hadn't been out to Isanti Hills to see the makeover yet, it looks really, really good. We've gotten comments from people who live in that neighborhood who are excited to see that things are happening there. We relocated the skate park equipment – when they did that, they replaced at least most if not all of the substrate underneath. It was a composite board that was cracked in a lot of placed. They also replaced many of the panels too. There are a couple spots that we will keep an eye out for and replace those as needed, but everything is in pretty good shape for now. We did get timers installed at the ballfield at Unity Park and at Bluebird Park. By the end of this year, Public Works will have repainted all of our tables. The replacement parts for the Legacy tables and benches are coming in. They're already repaired a couple of benches, and will be fixing tables too. We have redesigned all of our signs and are getting those replaced. Passport to Parks had a great first year, and Celebrate Isanti was started this year as well. Additionally, there were some replacements in the parks as needed. We had a couple of weird things break this year, but we've been able to get all of that stuff fixed. And finally, we moved the farmers market which was a really good thing that we got a lot of good feedback on.

Wimmer asked Everett to give an update on the school with their part of the garden. Everett stated that the school had a lot of trouble over the summer maintaining their part of the garden. They have met now and are still trying to decide what they're going to do this year. They are looking for less responsibility. She stated that we have been approached by Isanti County Public Health and they are interested in starting a program at the garden as well, so we might divide that space and be able to make that more productive. The school is thinking about having something on site so it's easier for them to get to. If they do that, they probably don't need both of those spaces. That is still kind of in the works, but they probably won't be using as much space next year. They'll have to decide pretty soon for their curriculum planning too. Witte asking if a local resident was maintaining their area this year. Wimmer stated there was a little bit of that, and there's been a lot of turnover in the year round program especially at MNC. The teachers that are there now are completely different than two years ago. That kind of hindered it as well. We have the one acre that we had in essence allowed them to use for a year over year type project that really hasn't occurred and he isn't entirely sure it will occur. It would have been a neat thing to have happen, but we'll most likely be notifying the administration and school board that we'll probably need to end that agreement since they haven't done anything with it for almost two years now. Wimmer stated that he really is excited about trying to work with the County and getting other families in there, that's really fantastic and is one of the main goals of the community garden. We touched on it last time too, but he does really like the amount that the gardeners were able to donate to senior dining. The community garden has gone better than his wildest imaginations when we first started talking about it. Everett stated that she hasn't heard anything more from the Minnesota Center either, so as she hears about options of things we can do out there we can think about those too.

6. Parks Updates

Everett stated that we have now had two movies. The Girl Scouts came to both. When we didn't have anyone signed up for the second, Everett sent out an email out the Friday before to everyone already signed up and within an hour the Girl Scouts called and said they'd be there. We had 54 at the first and 47 at the second; last year we were averaging around 30 people so the word is getting out. December 8th, we are showing Up and New Hope Community Church will be volunteering.

Everett attached options for bike racks to the agenda packet from Parkitect. They have designed options for bike racks and we do have money budgeted for one this year. We were thinking probably one of the "S" shaped ones (they call them serpentine racks). The one "U" option has the full logo though so that's

cool too. These are still kind of working drafts, but Everett wanted to show the board what we're working on. The idea is that we have something that is consistent system-wide but is still Isanti Parks branded. If we want to have something different in each park they gave us the one with Legacy Park shown and said we could change that font if we want. Wimmer stated that Parkitect is from Metal Coatings, which had done different bike racks but had sold the rights to it for about a decade, and they have gotten those back. They formed Parkitect to design bike racks, benches, all that type of thing. They are located right here in Isanti. They have contracts with significantly larger cities in Florida, the Carolinas, California – they do it all over the place. They will continue to give us the best price, it's a matter of pride for them as well. In discussions we've had with them, it's a very good situation for us to have. They make a really good product and they're also willing over time to take them in and clean them up. Zdon stated that it's a really good name for a company. Everett agreed that they do some really cool things and encouraged the board to check out their website for pictures of things they've done. She asked the board if they had thoughts on the ideas here as they move forward. Zdon said he liked the idea of them being consistent. Garvey stated that she liked the third one because it identifies Isanti Parks and the individual park. Johnson agreed that he thought that was the best one. Zdon stated that serpentine style is what you see everywhere. Johnson stated that he didn't know how you'd put a bike on the first one [single loop]. Zdon stated that you just chain it to it. Everett agreed and stated that would be a two-bike rack. Zdon said that with something like that people might not even know it's a bike rack. Witte agreed. Johnson said he would just think it was a sign. Zdon summarized that we definitely want a serpentine and that they liked the park name. Johnson said he thought that looked sharp. Everett stated that she thought they could change the shape of the plaque that goes between the sections too. For the amount of space, we'll probably keep that simplified version of the logo with just Isanti Parks and the tree. The tree there is the same in the Parks logo and the City logo.

Everett stated that otherwise she just had a couple of reminders. The school district representative will be here in January to discuss where the rock program is at. We'll give her a little bit of time to talk about what that program will be, and then discuss any rules that we want them to be aware of. Also a reminder that we do not have a December meeting. We will be back for the January 23rd meeting. We are still working on getting all of the events set for next year, and she will present any drafts of the brochure as we have them.

Zdon asked if anyone had any other items. Johnson said that he did. He explained that if anyone didn't know we are getting a hotel in the city, and he was trying to think about how we would keep in busy in November and December. He is thinking – he didn't know if anyone had been to Bentleyville in Duluth – why can't we bring that Isanti in Bluebird Park? He has a little bit of legwork and homework to do, and he's willing to do that, he just needs permission to put this on our next agenda to discuss this. Wimmer added that he wanted to make the board aware that we had taken a look at this previously; he and Everett had looked at it last year. The big that it comes down to obviously is money. In Duluth, that is all privately funded. It started out as a large display and it grew and grew and grew and it got kind of overwhelming so they moved it into the city of Duluth. We had looked at it previously; the big thing, as with everything, is money. You'd have to get substantial backers. The number he threw out was you'd probably have to get about $50,000 just to start out. A big part of that, as an example with the street dances, we had to get a new transformer that was something like $3,000-$5,000. So just making sure it will all fit together that way. If the park board thinks it's a good idea, put it on the next agenda and we'll have discussion, then it goes to Council. There certainly isn't any funding in the budget for 2018 for this to occur. It would have to follow that same private enterprise type thing. Being in Bluebird Park would be a good location for it for sure; the land is there, the parking is there. Wimmer stated that he told Johnson that if he got some money together we'd certainly let it happen in our park. It would be great if it could happen. Johnson stated that if he recalls right, Duluth charges $5 for parking, but the event is free. Witte confirmed that the event is free, and they take donations. Johnson stated that we can discuss it further. Wimmer stated that he wanted to reiterate that it would not be a City of Isanti event. Zdon stated it would be a private event in the park. Wimmer stated we wouldn't be setting those rules for it as a Council. If you

got the backing, it would be up to whatever non-profit. It would be, for lack of a better term, a glorified Special Event Permit for using the park for X-amount of time. That would be our only official interaction with it. Everett stated that we've had conversations about paid parking with BMX extensively too, so we have to make sure whatever happened there is the same across the board. Wimmer agreed and added that we would get most of the money as the City because we put in the parking lot. Zdon stated he thought it would be a good thing to start discussing, and obviously it would be at the soonest next year. Johnson agreed and said we'd meet in January to talk about it and it wouldn't happen until December 2018. Zdon stated that you'd need corporate sponsors, but it's out there. Everett asked for clarification about what would go on the January agenda. Johnson said he would do most of the work, but he's not going to say don't help him. Garvey stated that if it's not a city event, that there isn't anything Everett should need to do at this point to get prepared for it. After the meeting there might be a better idea of what do.

7. Adjournment

Motion by Witte, second by Johnson to adjourn the November 28, 2017 meeting of the Parks, Recreation, and Culture Board. Motion was approved.

The meeting adjourned at 6:29 p.m.

Dated at Isanti, Minnesota this 28th day of November, 2017.

Chairman Wimmer called the meeting to order at 7:29 p.m.

B. Pledge of Allegiance.

Everyone rose for the pledge of allegiance.

C. Roll Call.

Members Present: George Wimmer, Steve Lundeen, Dan Collison, Ross Lorinser, Paul Bergley, Jim Kennedy, and Jeff Miller.

Members Absent: None.

Staff Present: Ryan Kernosky, Community Development Director

1D. Agenda Modifications.

Director Kernosky stated that there were no Agenda Modifications, Motion by Lundeen, second by Collison to approve the Meeting Agenda. Motion was unanimously approved.

2. Approval of Minutes from November 21, 2017 Planning Commission Meeting

Motion by Lundeen, second by Collison to approve the Meeting Minutes. Motion was unanimously approved.

3. Public Hearing

A. Request from Kwik Trip, Inc. for approval of Preliminary Plat "Kwik Trip 1019" pertaining to PID 16.040.0830 & PID 16.053.0010.

Director Kernosky provided the Commission an overview of the request from Kwik Trip Inc. Mr. Kernosky stated that the applicant has a purchase agreement with the owner of the former Riverside Market. Mr. Kernosky continued to say that because the property was previously platted, a new plat is required because the use of the property uses both parcels. The request is to combine the two parcels into one large parcel.

Director Kernosky also stated that the County has reviewed the plat and requested that a 60 foot right of way off of CSAH 5 is dedicated to the county for a right turn lane. Staff is recommending approval with the conditions stipulated in the Resolution.

Mayor Wimmer opened the Public Hearing at 7:32 p.m.

Mayor Wimmer closed the Public Hearing at 7:32 p.m.

Mayor Wimmer stated that the plat is consistent with what the City was presented with earlier this year.

Mr. Bergely stated that the discussion about either a round-a-bout or a stop light has been brought up for the E Dual Blvd and CSAH 5 intersection. Those options are up to the County and at this time they don't believe that it's needed.

Motion by Lundeen, second by Lorinser to recommend approval of Resolution 2017-XXX approving the Preliminary Plat for Kwik Trip 1019 with conditions. Motion passed unanimously.

B. Request from Kwik Trip, Inc. for approval of a Conditional Use Permit and Site Plan/Building Appearance to construct a gas station, convenience store, and car wash on PID 16.040.0830 & PID 16.053.0010.

Director Kernosky provided an overview of the proposed site plan/building appearance and Conditional Use Permit for Kwik Trip. Mr. Kernosky stated that the standards for both the gas station, car wash, and convenience store meets the standards set forth in the zoning code. The property meets setback requirements. Staff is recommending approval with the conditions set forth in the Resolution.

Director Kernosky stated that the traffic light should be addressed in the future.

Mayor Wimmer stated that the structure on there will be removed at some point in the future. Dean George, representing Kwik Trip Inc, stated that demolition will happen sometime this winter, with construction commencing either late summer or early fall 2018. They hope to open the store by January 1, 2019.

Mayor Wimmer opened the public hearing at 7:39 p.m.

George Heman, 323 Palomino Road – Mr. Heman recommended that the entrance into the Kwik Trip should be moved to line up with Credit Union Drive to create a four-way intersection.

Mayor Wimmer stated that the City has been working on this issue with the County. The County will not install a controlled intersection without a four-way intersection, and that wouldn't happen until the City acquires right of way on the vacant parcel between the lift station and Minnco Credit Union.

Brian McKulla, 444 E Dual Blvd – Mr. McKulla stated that he was one of the owners at 444 E Dual Blvd, and that he supported the proposed Kwik Trip. Mr. McKulla stated the left and right turn lane on E Dual Blvd to CSAH 5 was poorly designed and should be looked at.

Mayor Wimmer closed the public hearing at 7:42 p.m.

Motion by Lundeen, second by Lorinser to recommend approval of Resolution 2017-XXX approving the site plan/building appearance and Conditional Use Permit with conditions. Motion passed unanimously.

4. Other Business.

MEMO

To: **Mayor Wimmer and Members of City Council**

From: Katie Everett, Community Events and Parks Coordinator

Date: February 7, 2018

Subject: A Resolution Accepting Proposal for Mattson Tennis Court Resurfacing

---

Background:
The Mattson Park tennis courts are cracked and in need of repair. In 2016, staff determined that the cracks are too large to be repaired and the courts will need to be resurfaced. Estimates for the work have been received from three companies as follows:

Lee Sports Surfacing LLC. 2 acrylic resurfacer coats 2 finish color coats	$15,200.00
Surface Pro 1 acrylic resurfacer coat 2 finish color coats	$14,227.00
Tennis Court Doctor 2 acrylic resurfacer coats 2 finish color coats (add $1000 to attached estimate for 2 color finish)	$15,880.00

All quotes received are updated from 2016 without site visits – staff request that a 15% contingency be added to the approved estimate.

Funds for tennis court resurfacing are budgeted in PRC-500 at $18,800. Due to the temperature requirements for this work, it will likely not be completed before the Spring 2018 school tennis season.

Finance Committee Recommendation
At its January 18, 2018 meeting, the Finance Committee discussed the bids received and recommends Lee Sports Surfacing LLC for the project.

Requests:
Staff are requesting City Council consider approving the proposal from Lee Sports Surfacing LLC. to complete the work on the Mattson Park Tennis Courts. The funding source is budgeted in PRC (500) and will not exceed $17,480 (including 15% contingency).

Job Site Name Mattson Park
Job Site Address 311 5th Ave NW Isanti

We hereby bid to complete the following project:

Repair and resurface 2 tennis courts

Surface Inspection and Cleaning:
- Tennis courts will be cleaned thoroughly to remove all dirt and residue from the surface.
- Clear entire court of debris.
- Power wash all loose materials and debris from every part of the surface.

**Note: this process will take an on site water supply*

Court Inspection:
- Chips, Cracks, Dings- These areas will be repaired with portland and binder filler, applying pressure with a tool, such as a putty knife or trowel.This is done to insure that material comes in contact with all surfaces of the crack or void. The filler will be allowed to set a minimum of one hour. If material shrinks below grade level, material will be reapplied in the same manner and allowed to set.

Birdbaths (an area 1/8" under a 10' straight edge):
- Birdbaths- These areas will be patched with Bond Coat mix. Areas to be repaired shall be dampened with water before spreading the mixture into the depression. After the mixture has attained an initial set, it will be troweled or broomed so that it is even and feathers into the adjacent surface.
- The mixture will then be allowed to dry prior to application of coatings. This process shall be repeated until the area is completely full and level. After material is cured, these areas shall be rubbed down to a rough finish with a rubbing brick.

Surfacing/Resurfacing:
- One squeegee coat of Acrylic Resurfacer (ACR) will be applied in strict accordance with the SportMaster product specifications and guidelines. Surface coats will be applied at the manufacturer's recommended rates per square yard for each coat.
- Apply two squeegee coats of SportMaster Color-plus Acrylic Tennis Court Paint in strict accordance with the SportMaster product specifications and guidelines. Acrylic paint coats will be applied at the manufacturer's recommended rates per square yard for each coat.

Line Painting
- Lines will be painted with acrylic white line paint according to USTA specifications.

Notes:
- Repair Approximately 250 feet of structure cracks
- 2 birdbaths near the practice wall
- Entire surface of courts is dirty
- Several small pits
- Red outside green pads
- One side of the courts gets no sun (lots of pine trees)

Total including all materials and labor for project. $14,227.00

Payment information

Payment of 50% at start project (To be received by Surface Pro LLC before starting project)
Final payment of 50% upon completion.

Warranty and Notes:

- All workmanship is warrantied for two years from all de-lamination or pealing due to unclean surface before application.
- Surface Pro LLC is not responsible for de-lamination due to water intrusion or underground root or hydro pressure.
- Crack-filling does not imply crack elimination. Hairline cracks will reappear. This is normal, it is called reflection.
- Surface Pro LLC is not responsible for existing grades and drainage or compacting existing base.
- Cracks, if not patched, will continue to expand over a period of time and conventional repair methods may become unavailable.
- Surface Pro LLC is not responsible for cracks returning after repair.
- A monthly finance charge of 2% will be added to any payments past due.

WHEREAS, the 5K run/walk portion of Celebrate Isanti will be in its fourth year in 2018; and,

WHEREAS, as participant numbers increase, City staff have determined that contracting with a race management company will be in the best interests of the event; and,

WHEREAS, staff have received a proposal for the event from Anderson Race Management for $1,200 plus mileage from Eagan, Minnesota; and,

WHEREAS, the funding for race timing is included in the 2018 Summer Event budget (PRC-497); and,

WHEREAS, at its January 17, 2018 meeting, the Finance Committee discussed the proposal and recommends accepting Anderson Race Management services for Celebrate Isanti 2018;

NOW, THEREFORE, IT IS HEREBY RESOLVED by the City Council of the City of Isanti, Minnesota to hereby accept the proposal from Anderson Race Management for the 5K run/walk at Celebrate Isanti on August 11, 2018;

BE IT FURTHER RESOLVED by the City Council of the City of Isanti, Minnesota that the funding source for the race timing will be 101-45300-497.

This Resolution is hereby approved by the Isanti City Council this 7th day of February, 2018.

4 Review of Conflict of Interest Policy

City Attorney Clark Joslin provided copies of the City's conflict of interest policy, and provided a presentation on the City of Isanti's conflict of interest policy to members of the City Planning Commission.

5. Public Hearing

A. Conditional Use Permit request from Warren and Brett Thunstrom to operate a Microbrewery at 2 Enterprise Avenue NE Suite A3 (PID 16.132.0040

Mayor Wimmer opened the Public Hearing at 7:20 p.m.

Director Kernosky provided the Commission an overview of the request from Warren & Brett Thunstrom to operate a Microbrewery at 2 Enterprise Avenue NE Suite A3. Because the subject parcel falls within the B-2 and TH-65 overly zoning districts, 'Microbrewery' is a conditional use in the aforementioned districts. Director Kernosky stated that the Conditional Use Permit is consistent with the Conditional Use Permit standards set forth within the zoning code, and is consistent with the City's Comprehensive Plan. Director Kernosky stated that staff is recommending approval with the conditions set forth in the attached Resolution.

No one spoke at the public hearing.

Mayor Wimmer closed the Public Hearing at 7:22 p.m.

Commissioner Bergely asked whether or not the applicant was able to answer any questions. Mayor Wimmer yielded the floor to Warren Thunstrom and asked him a number of questions regarding the Conditional Use Permit. Mr. Thunstrom stated he had no concerns regarding the conditions placed on the land-use permit.

Commissioner Bergely asked if a restaurant was going to be apart of this project, Mr. Thunstrom responded and stated that there were no plans to have a restaurant. Mayor Wimmer asked Mr. Thunstrom to provide the Commission with details on the differences between a microbrewery and a brewpub.

Mr. Thunstrom stated they were still working on obtaining licensing from the various jurisdictions.

Motion by Collison, seconded by Lorinser to recommend approval of the Conditional Use Permit with conditions within the Resolution. Motion passed unanimously.

6. Discussion Items.

A. 2017 Community Development Department Report

Director Kernosky provided a report on the activities within the Community Development Department in 2017. He stated that 91 new homes were constructed in 2017, and reduced our vacant lot inventory to 145 single-family lots. He continued to state that 755 code violations were citied in 2017, with the majority of those violations being for long grass and illegal parking of vehicles. Finally, he reviewed the 2017 City Council Goals, stating that the annexation project is near completion, and that the 2028 Comprehensive Plan update is getting ready for 2019/2020 budget cycle, and that the City continues to have high requirements for quality of projects.

Mayor Wimmer stated that we are still working on finding a quality candidate for the Building Official position. The City is working with MNSpect, LLC on a potential long-term contract.

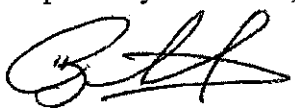
6. Adjournment

Motion by Lundeen, second by to Bergely to adjourn the January 16, 2018 meeting of the Planning Commission. Motion was unanimously approved.

The meeting adjourned at 7:28 p.m.

Dated at Isanti, Minnesota this 17th day of January, 2017.

Respectfully submitted,



Ryan Kernosky
Community Development Director

CITY OF ISANTI
PARKS, RECREATION, AND CULTURE BOARD
MEETING MINUTES
January 23, 2018
City Council Chambers

1. Meeting Opening.

A. Call to Order.
Zdon called the meeting to order at 6:00 p.m.

B. Pledge of Allegiance.
Everyone stood for the Pledge of Allegiance.

C. Roll Call.

Members Present:	Jennifer Garvey, Jeff Johnson, James Witte, and Mayor Wimmer, Aaron Zdon
Staff Present:	Katie Everett, Community Events and Parks Coordinator, Clark Joslin, City Attorney
Others Present:	Julie Robillard,

D. Agenda Modifications.
Zdon asked if there were any agenda modifications. Witte stated that he would like to discuss snow clearing on trails in the City. Mayor Wimmer stated that could be discussed under the Parks Updates item. The board agreed. Mayor Wimmer made a motion to approve the agenda; second by Johnson. The January 23, 2018 Parks, Recreation, and Culture Board Agenda was unanimously approved.

2. Organization of Advisory Bodies per Chapter 8 of the Isanti City Code

A. Oath of Office for New Parks, Recreation, and Culture Board Member
Garvey stated the Oath of Office.

B. Chair of Parks, Recreation, and Culture Board
Mayor Wimmer nominated Aaron Zdon for Chair. Garvey seconded the nomination. Zdon was unanimously approved as Chair.

C. Vice-Chair of Parks, Recreation, and Culture Board
Mayor Wimmer nominated Jennifer Garvey for Vice-Chair. Johnson seconded the nomination. Garvey was unanimously approved as Vice-Chair.

D. Secretary of Parks, Recreation and Culture Board
Mayor Wimmer nominated City Staff; Zdon seconded the nomination. City Staff was unanimously approved as Secretary.

E. Approve Parks, Recreation, and Culture Board Meeting Dates
Wimmer made a motion to approve the 4th Tuesday of each month with no meeting in December as the meeting dates for Parks, Recreation, and Culture Board in 2018; second by Johnson. The meeting dates were unanimously approved.

F. Discussion of Parks, Recreation, and Culture Board Member Involvement with other Boards
Everett stated that this has been a standard item for the January agenda in the past. The Board determined that it is not applicable and can be removed for the future.

G. Review of Conflict of Interest Policy – Resolution No. 2018-008
City Attorney Clark Joslin reviewed the policy with the board members. Joslin stated that the purpose of the policy is to assure that the business of the city that comes before any board or commission is subject to the provisions of the policy and state law which prohibit any public officials from acting on matters on which they may have a conflict of interest. He explained what a conflict of interest is and gave the examples. He stated that if the board members ever had a question about a situation that may be a conflict of interest, they can check online at the League

of Minnesota Cities or feel free to call him as City Attorney and he will help them to find the answer. Joslin also explained the Open Meeting Law to the board; whenever there is a quorum present outside of a meeting there should not be any discussions on any issues that may come before the board. Similarly, it is not permissible for one member to call another member to discuss a matter of business and encourage that they call another member; this is a way to circumvent the Open Meeting Law and is not allowed.

2. Approval of Minutes from November 28, 2017 Parks, Recreation, and Culture Board Meeting

Motion by Johnson; second by Witte. Minutes were unanimously approved.

3. Schedule Annual Park Tour

Everett explained that this typically is done in April, this year that will be April 24th. Wimmer made a motion to approve the April meeting as the park tour date; second by Garvey. Motion unanimously approved.

4. Rock Program – Julie Robillard, Cambridge-Isanti Schools

Julie Robillard, Isanti township resident and School District representative, came to the podium to address the board. Robillard explained that she came to the board to ask permission to use the City Parks for a project she'd like to start. Her daughter attends Southwest Minnesota State where they have a project that is wildly popular. They paint rocks and hide them in the parks; people find them and take pictures of them and post them to their rock page and then rehide it. There are businesses in town that have a special rock and then something they do with it; they have a Hy-Vee grocery store so the kids can bring in the rock and get a free cookie or something. She explained that when she was there to visit over the summer there were hundreds of families in the parks doing this. She is interested in trying this here as well. She explained that they would also put the Facebook page on the back of the rocks so people knew where to find them online. She has also spoken with Isanti County Parks and City of Cambridge and everyone is on board to get a Cambridge-Isanti rock program started. Zdon asked who would paint the rocks. Robillard explained that she works for the school district for Moving Forward which is a program for special needs kids that have graduated from high school but have not yet moved on to a working position. They volunteer to get work experience. Those kids have been painting. Some homeschool families have been painting rocks as well, and the recreation person at River Hills and Grace Point Crossing will be getting rocks so that the residents can paint as well. Depending on the weather, they are hoping to start in March or April. They will kick off the Facebook page; they're hoping to get it posted to the County Parks Facebook page and hoping that the Mayor will put out a blurb on his page. There will also be an article in the newspaper. Her kids will go out and hide them initially and the community will take over after that. Robillard will manage the Facebook page. Johnson asked for clarification if her kids are painting the rocks and he finds one does he re-hide it. Robillard explained that yes, he could re-hide it or he could keep it if he really liked it. Witte asked if Facebook would be the only social media outlet used. Robillard confirmed that it would; she will pin rules to the top of the page. The rules would include no hiding in grass for lawn maintenance and safety so the rocks don't fly out from the mowers. She explained that the rocks for smaller kids are hidden in plain sight; so they are hoping to use playground equipment and in bushes in landscaping or crooks of trees. Isanti County would like a rule that the rocks are painted with only appropriate images (nothing religious and all age appropriate). Wimmer stated that he and Everett had met with the other family interested in doing this program and what they discussed was that everything on the rocks would have to be appropriate and that getting business approval if their landscaping is going to be used. Additionally making sure that people know if they want to paint rocks how to get them stamped as part of the program. Robillard stated that will just be putting the Facebook on them; she hasn't set up the page yet but will do that once she has the rules from everyone. She also stated that Isanti County would like to post at the larger parks something that states that if people find a rock they can post it to the Facebook page to advertise the program. They are also hoping to use the bike path

too, maybe on the bridge or where the benches are. Some of the rules from Cambridge are to not hide down by the river for safety. Witte asked how long Marshall has been doing this; Robillard stated that they started last year. Their program is progressing, they started with rocks and then in the winter they did small pieces of wood that kids used as ornaments on trees. She stated that they don't have snow in Marshall right now, so they're still out finding rocks.

Zdon asked what the board needs to do for approval. Wimmer stated that the board would give a recommendation and City Council would have to give approval for them to be placed in the parks. Council would want to look at the rules; they'd want some of the same things that the County is looking for like keeping everything appropriate. He stated that giving a pitch to the Chamber may also be a good idea because there are a number of businesses that may embrace it. The Chamber here is the North 65 Chamber, so it's not just one city and actually fits well with what Robillard is trying to accomplish. Johnson stated that he thinks it's a great idea; and as long as we have the rules and are emphasizing that 7:00 am to 10:00 pm are the park hours. Witte asked how many rocks they plan to start with. Robillard explained there are a lot of parks to hide them in, but they hope to get at least 5 rocks in most parks. There are a lot of rocks to paint which is why she has so many people involved. Wimmer stated that there are 40-50 depending on what you count as a park between the county and city parks.

Mayor Wimmer made a motion to make a recommendation to City Council to approve the rock program; second by Johnson. Vote was unanimously approved.

5. Winter Event – Jeff Johnson

Johnson explained that he has done quite a bit of legwork on the idea of Bentleyville in Isanti. He actually talked to the guy that builds Bentleyville, another holiday lights company, and a gentleman that grasped the idea of building it for us. He has a lot of questions that he asked. Bentleyville is now 15 years old; he's been there twice and remembers it like yesterday because it's a pretty cool place. He recognized that it will start out slow and it might be kind of rough. Bentleyville started with 10-12 major sponsors; today they have 150. He asked the gentleman that he spoke with, Tim, and asked him to pull up a map and they talked about Bluebird Park as a location and Tim stated it was a great location. Tim said it would probably start around 5 to 10 acres and grow from there. The price tag he found was $600,000 on lights alone, over 15 years it's been $2 million. The light structures are iron structures that are painted and the lights are put on them. They did have a significant amount of loss until 2013, and now they are tripling that amount. If it is done right, in hopes we could turn out that way. Tim stated that $30,000-$50,000 should be sufficient to start. That is just for lights. He also mentioned that we need volunteers to work the event. Johnson reached out to see if there was any interest and the Lions and the VFW jumped on board. The big thing that Tim said was electric cords and checking the codes where that is concerned. Tim also recommended that if we are going to buy the displays that we go oversees or he recommended Temple Display. Tim said that Bentleyville uses the displays 3 to 5 seasons and then they replace them; so we could also grab on to somebody's recycled stuff for cheaper. Witte asked what they do with them now. Johnson stated that they scrap them, so why not grab on to something like that. He said that Minnesota Power has a kickback program if you use LED lights. Zdon stated that we'd have to use LED. Bentleyville in the first year with their 5 to 10 acres, Minnesota Power gave them $25,000. Johnson stated that because his goal is to fill the hotel, why not get a kickback from the hotel. If people tell the hotel that they're staying the night to see the holiday light festival; the hotel then kicks the program a small percentage. These are all ideas. Johnson stated Bentleyville is spending $40,000 a year on hot cocoa, $30,000 on popcorn, $20,000 on hats. After 15 years, they can do all of this. It's a lot of giveaways. Witte asked if all of this is given away. Johnson confirmed that it is all free. When they started there wasn't any of that; you paid $5 for parking and saw your free light display. Johnson stated this is obviously the way we'd have to go; he doesn't see any other way we'd survive. We would work something out with whomever decides to run this for us. He said he found a gentleman from Duluth jumped on it immediately and said he'd build it in Isanti. Johnson said that he clarified with that person that he isn't just looking for someone to build it, we also need someone to run the whole thing. Johnson said that he has done the

legwork and has everything at his fingertips. He thinks if he hands it to the right people it will take off. He stated that with the information he has, all he'd ask is that it's brought to the Council. Zdon asked for clarification if it was Tim that runs Bentleyville that said he'd be interested in running it. Johnson said no, it was another person from Duluth Event Lighting.

Zdon asked Mayor Wimmer, for arguments sake, if someone wanted to spearhead this, if it would be a Special Event Permit or how it would work. He would imagine they'd be using the park for a month. Johnson stated that Bentleyville goes from the weekend after Thanksgiving to the weekend after Christmas. Garvey stated that they'll also have to do prep and tear down, so she would estimate 6-8 weeks. Mayor Wimmer stated that first we'd have to see it all in writing so we can make a judgement on it. When you say "hand off" if it's something that would be done by a private group, that private group would put together that proposal and make the presentation to the Council. That's how rodeo is done, BMX, soccer, that's how all of those big events are done. That sounds kind of like what this what Johnson is leaning toward. Then it would be a Special Event Permit situation. Zdon asked if a Special Event Permit could cover that length of time. Wimmer stated that it could; Zdon clarified that there aren't any bi-laws that say you can't have a six week event. Wimmer stated that again, if it's going to be a private entity that's doing it, he's assuming that it will have to be funded whether that's with sponsorship or cost to get in. When you do that in Bluebird Park, it would be difficult to have the park shut down for everything else but that. You have skating going on, other events going on. Bentleyville takes over the whole area. The benefit they have is that they have those parking garages right there. A lot of people will go up for a weekend or overnight. We would have to see on paper how they would propose to do it. For them to be able to do that, they'd have to come out and look at the site. Zdon stated that people would have to pay for admission; there'd have to be a gate or a thing of lights you walk through, they wouldn't be paying for parking. Johnson said that Bentleyville does paid parking. Zdon stated that you can't do that in the City park; there's no way to tell who is coming to park to go to this or to go skating or using the park for something. That's what we've done for BMX and other events. Wimmer stated that Chippewa Falls, Wisconsin has a smaller version of Bentleyville. It's still pretty elaborate, they take over a whole park. There it's donation only. You park in the park for free and then there's a donation bucket. To charge for parking within the park, we don't do that for those facilities. If it's something that would limit or eliminate the ability to use the other facilities in the park, that would, Wimmer thinks, a hindrance. It all depends on how they are going to do it. Zdon said he would think they'd start with the open bowl space, that's about 5 acres right there. Wimmer explained that how Special Event Permits work is there is an event map and an idea of the event impact. He and Everett are working with the rodeo for overflow parking, so there's a map of that whole area of town with the different parking, shuttling, horse trailers, etc. It's pretty elaborate. The rodeo has been doing this for decades, obviously, and it's getting bigger and kind of bursting from its seams. Those organizations are responsible for getting it all together, presenting it to us, and then we evaluate it. The Special Event permit goes through a number of departments here, including PD, as well as the Fire District. Everybody has to sign off on it that they've seen it and if there are any issues they'd have. When BMX does some of their big events, we block off that road. It's important for emergency services to know that so if an ambulance is coming through they know where they'll need to go. The permit process tries to cover all those things that come in to play. Everett stated that she can get Johnson that permit application so he knows what kind of information we look for. Zdon stated to summarize that Johnson can keep working on it and try to get someone to commit to taking it over, unless he wants to do it. Johnson said he can't. Zdon stated that whoever takes that over, would then get the benefits of whatever admissions and he would just have the Special Event Permit with us. Wimmer stated the first step is really getting down on paper what they think the impact would be. We don't want to get them so far down the road and then there's some hurdle that we have to get solved. It's best to kind of be talking about these things as they go. Johnson stated that putting together a proposal looks like it's the next step. Zdon agreed, and adding that looking at the power supply and all of those things. Everett stated that there are currently two outlets at Bluebird and each one can carry one bounce house before the circuit is blown. Zdon said those are things that can be addressed. Wimmer agreed and stated that when Wake Park was over there, they had to pay and upgrade all that electrical. It's all

ridiculously expensive. Johnson stated that he heard numbers of Bentleyville over the last 15 years and it was jaw dropping. Wimmer stated that Duluth, because they're so tourism driven, has passed some new sales taxes. What we're looking at doing, if we do get a hotel is a lodging tax. Then that money can be used to marketing and promoting any of those types of activities that get bodies into that facility. That's what those larger areas are using to grow these types of events. Then you get sponsors who want to give money to it because you get thousands of people coming to see it. It's one of those chicken and egg kinds of things – you need money to prime the pump, but you to have a good event that people are going to want to go to, so they have to kind of grow hand-in-hand. This is something that could be a really good thing. If there's somebody who's willing to put a plan on paper, that's the first test to see if they're real or not. If you get someone to do that, that's probably half the battle right there. We just need to see what the impact would be; everything from duration to facilities to power and how many port-a-potties would have to be brought in and how does that work in winter. All of those things that when you go to one of these events you don't notice until something doesn't work.

6. Middle School Tennis Court Reservation

Everett explained that the contract will be up after the Spring season. Right now, they are paying $400 per season. The last few contracts we've been going up by $25 an then those contracts are good for 2 years. Wimmer recommended going at least $500 per season. We're putting in $15,000 right now on those courts. It's still a great deal. When we first started it was set low just to get it in their mindset that these are something that need to be paid for. If you go to use a School District building or facility, there's a lot of cost for that including paying for a janitor to be on staff. They are well aware of the cost of doing business. The one way you can look it is that $500 is not that much, the other way is that's a 25% increase from what we have previously. Johnson asked if they started at $350. Everett said she thought that back in the day they actually started at $300 or $325. Johnson said that 10 years later, we're at $500, that's still a good deal. Wimmer stated that he wants to keep accelerating this so we're getting a little bit for the usage out of it. They are using it for a couple hours kind of in prime time. We want to have a good partnership with the school district and have a good place for the kids to play, Wimmer doesn't want to lose sight of that. Johnson said he's seen the public use it quite often. Wimmer stated that he has heard some consternation that on beautiful days people can't use it because the court is taken. One of the things we could also start looking at is that we have another court over at Academy Park. They like this court because they can have the kids walk there and then there's no transportation cost. Everett added that there are also two courts here and there's only one at Academy Park. Garvey asked if Everett knows how many days per week they're using the courts. Everett stated they use it Monday through Thursday. Garvey asked if they use it for both games and practice. Everett said she didn't know for sure, but she's never seen any buses or anything there so she would have to think it's only practice. Zdon stated that he would think games would be at the high school. Zdon stated that he thinks $500 per season is fair, especially with the $15,000 resurfacing this year. He asked when the last work was done; Wimmer stated he thought it was '03 or '04. Zdon stated that then it works out to about $1,000 per year just in surface upkeep.

Johnson made a motion to recommend $500 per season for use of the Mattson Tennis Courts; second by Witte, vote unanimously approved.

Everett also gave a quick update that the Finance Committee has recommended a contractor for the resurfacing which will go to City Council on February 7th. Because the courts need to be around 50 degrees overnight, it likely won't happen before the Spring season, but hopefully right after that so they can be open most of the summer.

7. 2018 Farmers' Market Rules

Everett stated that for the most part these will stay the same. There are actually a lot of Farmers' Market rules that are state mandated and we couldn't change them if we wanted to. Anything that has to do with food has a lot of extra regulation. There are just a couple of things for us to think about that Everett has seen different at other markets. A language change for our membership. Over the last couple of years, we

have gotten more and more vendors who only come every other week because they rotate with other markets or things like that. Everett hasn't required them to come to the first four because then they wouldn't come at all. She recommended changing this to stated that instead of all vendors being required to come to the first four that full season vendors are there. The reason we have that rule at all is so that the first few weeks we are establishing that our market is something our customers will want to come to all season. If we open the market and we have two vendors there, customers give up right away. Everett has seen that it doesn't necessarily apply very well to all vendors; some people don't have anything to sell the first four weeks.

Everett stated that we have a rule about having to weigh down tents. It's a rule from when we were on the pavement at the old location. Now we're on grass, so people really have no excuse. As we get more and more new vendors they are inexperienced with pop up tents. Everett spends a lot of time helping to set those up and then realizing they don't have weights with them. Almost all of those tents come with stakes. Staking them down is what she usually recommends. Other markets have requirements for how much weight is required because some people will toss a backpack on a corner and the tent will still blow away. The recommended change is to require 40 pounds.

Everett stated that the last change is open for more discussion. In the past, we have had a business of the week booth. Since Everett took over, she has not had any businesses do this. The sponsorship program does include the chance for the sponsors to come for a day to have a booth to promote themselves and their common interest with the market. Last year, we had two different kids under 18 that wanted to start selling things at the market. Everett talked to the Minnesota Farmers Market Association about what kinds of rules there are about ages for being able to have a booth by yourself. What she did last year was to tell them they could come and just have a parent there with them. Minnesota Farmers Market Association says that there is no rule and they can have a booth at any age, and some markets have started having a youth booth. The kids can come in for free and the goal is to encourage kids to start getting into it. It sounds like it's a lot of 4-Hers that are expanding their fair projects and things. Wimmer stated that he's not a huge fan of doing it for free that way you can get the ones that are going to do it seriously, and they will be making money. That's the kind of person you want to attract; then they have a little skin the game too. Wimmer stated that he would also be concerned with that worst case scenario, if you have someone younger and they're not quite used to doing that kind of thing and someone tries to talk them down or something, we don't want to have something negative to happen. Wimmer stated he doesn't think there should be an age limit for vendors, but would want to have a responsible adult present. Garvey agreed that wording should be added. Witte asked for clarification that they'd have to pay the membership fee of $10 and if they wanted to continue pay the $10 fee for the days they'll be there. Everett stated that if someone wants to only come one day, it ends up costing them $20; $10 for the membership fee and $10 for a single day booth fee. There are discounts if they want to come the full season or half season. Wimmer stated that the fee is there for the same reason that we charge at the community garden; it's to get people to have some skin the game so that people don't take it seriously. It also teaches the kids a life lesson that things cost money.

Everett stated that she will run them through Council with that change to the ages. Mayor Wimmer made a motion to recommend Council approve the rule changes; second by Garvey, unanimously approved.

8. 2018 Parks Publication Drafts

Everett explained that each member has updated color copies of the documents. She explained that the past Parks Brochures had a lot of redundant information from one year to the next, so in the 8x8 booklet she has combine all of the parks directory information that will be the same year over year. That information will be distributed at events or to new residents and can also be placed on the website so that people know what facilities we have here and what there is going on. Then we're not paying to print that same thing over and over again. To convey the information that does change, we have the handy foldable calendars. They will go out with Spring Isantian that goes out the beginning of March. They'll be printed

on the same paper as the old Parks Brochure so they'll be glossy and a little bit heavier than the copy paper. The goal is that people will keep them handy all year. They can hang up the calendar on their fridge or keep in their pocket and know what's going on. Johnson stated that he still has the 2017 brochure. Everett explained that the full page calendar has the overview of events and the back has a little bit more detail. For all of the big events that we do, Everett puts out all kinds of there marketing materials as well, but this is kind of a primer of what we've got going on.

Wimmer asked if Everett could give an update on Celebrate Isanti. Everett explained that Celebrate Isanti will be August 11th and we will be working with Anderson Race Management for timing of the 5K for us. That can help boost participation and will make it easier for us to manage. The experience for the runners will be much more fluid to get them registered and the timing at the end. We still will have places. Wimmer stated that we had about twice as many last year as we did the year before; Zdon stated that it will continue to grow. Everett stated that the race will continue to be free; there is money built into the budget for the event to bring someone in to help with that.

Everett asked the board if they had any other comments or questions on the brochures, otherwise they will be printed very soon. Wimmer stated that the golf course was added since the packet was put together because it is now part of the City.

9. Parks Updates

Everett stated that movie nights have been a success this year. We had 39 come for Arts and Science Academy's night. It was one of those days that it was really nice out so she wasn't sure if anyone would come to watch a movie. A point of discussion for the board is that Arts and Science Academy put their name in the hat to come back in February, but we also have a new girl scout troop. All of those girls are from Cambridge. She wasn't sure who would have priority, the Isanti group coming back or the outside group for the first time. She told both of those groups she would let them know by the beginning of February. Potentially, a new Isanti group still could come in. The rules do not clearly state which would have priority. Wimmer stated that we'd have to give precedent to the Isanti group because it's Isanti funded. Zdon asked if Heavenly Sunshine is in one yet; Everett stated that they're signed up for Secret Life of Pets. Garvey asked if we'd need to bring it back to the board to change the rules; Everett stated we would. Garvey said that we should do that so the rules are more clear, and we should also have some sort of a deadline. Everett stated when the rules were established we didn't have groups every time, but it's nice to give groups time to advertise and get people excited about it. Waiting to the last minute isn't great for anyone. Everett said that she'll bring the rules back in February.

Everett explained that the Street Dance bands have been booked. June 23rd we'll have Maiden Dixie, July 14 Jonah and the Whales are coming back, and August 11, which is also Celebrate Isanti, we'll have Bad Girlfriends. We have all of those contracts and we're getting them paid, so the bands are good to go. Everett explained that all of the bands have websites, so the board can go listen to them.

Everett explained that Celebrate Isanti is August 11, and all of the main events will be the same with the 5K run/walk and family bike ride. We'll have the kids festival in Bluebird Park; we bring in County Public Safety people, we'll work on having some Public Works people there as well this year with some of their big equipment to show people what keeps the town running that people never see, as well as lots of the community groups. We'll also have the car show with Rum River Rods going on on Main Street, and the Street Dance to close out the event. Hopefully we continue to grow each of the parts of that event from year to year too.

Everett stated that she is starting a new program each month called Curious Creatures. We had been having the first Saturday of every month Nature Detectives meet over at the Community Center. We tried it for 3 or 4 years and it just wasn't catching on; people are super busy on Saturdays. Everett is going to try a parent/child program and put it in the parks. We'll get people at our parks, and it kind of opens up

the nature world too to be able to do some really cool things while we're in the parks. Those will rotate between Bluebird Park, River Bluff Preserve, and Mattson Park so they're kind of distributed around town so they're easy for different people to get to as well. The program is free for Isanti residents. Winter is a hard sell to get people to come outside, so it might take a while to get this going.

Everett stated that the job posting for the Parks Intern is up on the website now. We're looking for a college student who is interested in going into Recreation Management or Parks and Rec field, or a communications person would be great to help with marketing. They'll help with all of the things Everett does in the summer. They'll help with parks maintenance at the community garden, inspections of the playgrounds, helping at events, farmers' market, etc. That person will be very busy.

Everett stated that we are very close to finally getting Academy Park. She checked in earlier today and they are waiting for someone from Highland Bank to give them the okay to go ahead with the title. We will hopefully get there very soon. Everett stated that something that didn't make it onto the list was that we have to update the portable bathroom contract this year, and she needs to know if we'll put one at Academy Park. Johnson stated that there isn't a bathroom accessible to the public anywhere over there. Wimmer stated that it's a public park so we'll need to have one. Zdon asked if there are any portables in any of the parks right now. Everett and Wimmer stated that there are not. Everett explained that we pull them out the end of October, usually before Halloween. Zdon said that he's had some people ask him why there's never any in the winter. Everett stated that she doesn't know that they'd get used enough to justify having them out there, and they may freeze. Zdon stated that when they use them at work they don't freeze because of the chemicals. He just asked because he's gotten the question before. Everett stated that in the winter, the board can direct people to the public restrooms at Bluebird on the Indoor Arena because those are open.

Everett explained that we just had the goal setting meeting. Staff gave an update to Council that the dog park is partly budgeted this year and we're planning to finish budgeting for that in 2019. One of the Council members also asked us to look into potentially getting a sledding hill somewhere in the City. He mentioned Bluebird Park. The City is very flat, but we may also look at the hill that's at the soccer complex. The top of that hill are our retention ponds so there may be some challenges there as well. Wimmer stated that we will not be doing it Bluebird, but he stated that he was brainstorming with the City Administrator and City Attorney after the meeting about different locations. The original proposal for Bluebird wouldn't be feasible because we'd need so many changes. He stated that we could potentially take a look at the area at River Bluff near the stairs. We'd first have to see if the DNR would allow us to do it. It's got a nice hill for sledding and a flat clearing so you don't hit anything at the bottom. The other locations have differing logistical issues that way. Obviously we'd need to have enough snow. Witte stated that it's a very steep hill. Wimmer agreed and stated we'd have to have a path that was obviously cleared. But we'd have to look at any erosion issues, and again if the DNR would let us do it. The only area we totally control would be off of the ponds at Public Works, but that goes down into the soccer fields, so they'd have to be okay with what may or may not happen to the fields. Zdon stated that it's a pretty good hill there but at the top there's no where to go because of the fence. Wimmer stated that we used to have one at the middle school as well as a skating rink, but the school said they didn't want any of that stuff there anymore.

Garvey stated that she had a couple of questions. Going back to the Street Dances, when Everett advertises when she says what band it is does it ever say what type of music genre? Everett said no, they're typically advertised as a group in any paid advertising. That's kind of the most efficient way to do that so we just list band titles. Everett stated the sponsor that creates the big flyers takes the band's marketing things and creates those and you can usually get an idea from that what type of music they are, but that's the most specific we usually get. Wimmer stated that so many of the bands that we get are also such a cross over, the country groups still play some rock and that type of thing.

Witte stated that he wasn't sure who maintains the Bike/Walk Trail, but he's been trying to run over there lately but there's always snow and ice. Wimmer stated that we don't plow it, and that's on purpose. One reason is so that people could ski or snowshoe; the other is that from a maintenance stand point, snowmobiles aren't allowed but if someone did drive across it they would damage it.

Garvey stated that she had one other question, going back to the intern. She asked if Everett had gone to any of the universities or anything like that. Everett stated that she hasn't done anything yet, it just went up the end of last week. Garvey stated she didn't know if that's something they've done in the past; Everett stated that we can definitely do it. Wimmer stated that this is our first Park and Rec intern, but we've done marketing interns before.

Johnson asked who we have that maintains the ice rink for the public. Everett answered Public Works.

Mayor Wimmer felt the budget is on track per prior budget projections.

Review of 2018 Projects/Goals

a. City Website

Economic Development Director Sean Sullivan reviewed the history of the City website planning. Mayor Wimmer pointed out that in term of marketing the City, it is important to have a good site. Councilmember Lorinser thought that while there is a lot of information on the website, it isn't always easily attainable. Discussion about the importance of having a robust City web-site and the importance it plays for the residents and continued economic development growth continued among the Council and City staff. In terms of neighboring cities, the City's website is lagging behind and is not user friendly. Councilmember Collison asked about the availability of a mobile app for the City. Mr. Sullivan responded that he has briefly looked into it and there are options available. Discussion consensus was that the City's technology needs to be updated.

b. Equipment for City Council Communications

The Mayor mentioned that the current system is not efficient and needs to be updated. The current system is from 2005 and requires frequent tech upkeep. Audio file retrieval is slow and outdated. In the interest of going paperless, the use of emails for Councilmembers for City communication and moving to the use of tablets was discussed. This would eliminate the use of paper and staff resources to put packets together while also streamlining the process. Councilmember Lorinser added that he would like to see about getting cameras in the Council Chamber to stream meetings. Mayor Wimmer agreed since video streaming is much easier now than in the past. However, policy would need to be discussed to ensure that the recorded meetings reflect the set Council Agenda items.

c. 20 Year Capital Improvement

Financial Director Mike Betker pointed out that it is good to understand that although you can't say with certainty where you will be in 20 years, you will have a ball-park idea so incremental changes can gradually be made over time. Discussion of the capital improvement plan briefly included the need for additional storage space for the City in the future due to growth, but Mayor Wimmer noted that there was nothing new that wasn't in the plan already and hadn't already been previously discussed. This project is needed and initial work has started.

d. Administrator Transition

The Mayor informed the Council that throughout 2018, City Administrator Don Lorsung will begin transitioning duties to the Assistant City Administrator Josi Wood as part of the long-term staffing plan. By 2019 Ms. Wood would begin working as the City Administrator with Mr. Lorsung taking on Assistant City Administrator and Assistant City Clerk duties along with special projects that the City would otherwise need to pay an outside source for. Part of the staffing plan also includes bringing in a two-year Tech Engineer position to help supervise projects that are currently contracted out. It would not be an increase of dollars but rather a reallocation of currently

contracted engineering costs which would also provide additional staff capacity. This position would possibly take duties of the Public Services Director.

e. Emergency Generators

This is a serious need in case of a major power outage. Public Services Director/Assistant City Administrator Josi Wood said there is a generator at the water treatment plant and the main lift but that is all. This will keep most of the sanitary sewer services working temporarily but the lift stations will quickly fill up. There are two other critical lift stations but only one large portable generator available. Two more generators are needed, an additional one for the lift stations and another to supply a building facility with power if needed, either City Hall or the Police Department.

Police Chief Gene Hill said they have received quotes from Cummins and CAT, with the cheapest generator starting at $26,000 but that doesn't include transfer switches, automatic starts, or installation. Another option would be purchasing units through the Wildfire Land Services with the MN DNR. The generators are used units from the Federal government and are tested and operational before they leave the DNR for approximately $750.00 each. Transfer switches and installation would be an additional $5,000 and can be done through a City contracted electrician.

Discussion included the different power supply capacities the City would require and what is available from the DNR. Chief Hill noted the DNR generators are mil-spec and so are designed to sit outside and be easily moved with a forklift. He then suggested the best solution for the City would be to get the generators through the DNR and have an electrician wire them in. Discussion continued about making sure any available generators had the correct power adapters to so they could be safely used in an emergency.

Councilman Collison asked if a generator at City Hall could also power the Community Center. City Administrator Lorsung responded that issue had been discussed as there is a need for emergency shelter for people and there are very limited resources in the City as the schools do not have back-up generators and cannot be a resource for shelter.

Councilman Collison pointed out that maintenance would need to be considered for the units also. There is a recommended weekly and twice a year comprehensive maintenance protocol that needs to be taken into consideration also.

f. Multi-use Skating Rink

Mayor Wimmer suggested a model similar to North Branch for an outdoor recreational park with a flat, multi-use surface next to the BMX building. Public Services Director Wood said lights and water would be the most significant cost. Discussion among the City Council and staff included options for lighting and filling the skating rink, types of uses including pleasure skating and sport-related, and the likely need for re-grading of the area due to the current slope of the area. Mayor Wimmer said there is cost to it but it seems it would be beneficial.

Glenn Farrell, 200 1st Avenue NW, asked if the Fire Department had a water tanker that could be used to fill the skating rink. Mayor Wimmer agreed but added that the City would be billed for the use of the Fire Department's equipment. Mr. Farrell then suggested the option of buying a water tank with a skid that could be loaded onto a truck bed. Mayor Wimmer thanked Mr. Farrell for his suggestions.

g. Street Extensions – Richard Avenue SE & 5th Avenue NE

There is a study that has been done for 5th Avenue NE and one will be done for Richard Avenue SE to determine the total cost. Currently the Richard Avenue improvement would be on hold until the hotel project moves forward. Penny Lane has already been vacated. Ideally the street extensions and the hotel project construction would happen simultaneously.

h. Liquor Store Tastings (off-site)

Liquor Store Manager John Jacobi discussed the possibility of local businesses hosting off-site liquor tastings. He said it is not possible for the liquor store to provide this service due to liquor liability laws according to the director of the Minnesota Municipal Beverage Association. However, if a business wanted to pay for the hiring of a caterer with the correct licenses and provide insurance, the caterer's license would then allow the liquor store to come in and provide the service. Mayor Wimmer questioned if it would generate enough revenues for the liquor store to recoup expense of doing this. Mr. Jacobi was uncertain but he did not believe it would. It was also discussed that recent liquor store tastings held inside of the liquor store itself had generated more revenue and repeat sales than tastings held off-site.

i. Traffic Issues with Heritage Boulevard

In anticipation of Kwik-Trip coming into Isanti, the traffic situation on Heritage Boulevard was discussed. Heritage Boulevard is an Isanti County road and the City will have to work with both the county and MN DOT to make any changes to Heritage Boulevard. Community Development Director Ryan Kernosky outlined a brief summary of options that have been brought to the county. Additional discussion continued between City Council and staff about alternatives ideas that may optimize traffic flow on Heritage Boulevard.

j. Sledding Hill at Bluebird Park

Councilman Collison would like a sledding hill as he feels it would be a nice amenity for the City. He offered a potential location as Bluebird Park. Councilmembers and City staff discussed where the best location would be with other City locations offered as potential possibilities. Discussions continued regarding safety concerns, such as lighting and City liability issues, how a sledding hill could potentially be engineered, landscaping and topography, and maintenance of both a potential sledding hill and surrounding properties. All agreed that a sledding hill would be a nice addition to the City. It was decided that the Park, Recreation, and Culture Board should discuss the issue to see whether they feel it is feasible to pursue as a possible project, and if so where the best location would be.

k. Fluoride Information Added to Water Bill

Councilman Bergley put forth adding information to the monthly City water bills that fluoride is added to the City water supply. He referred to water bills in Austin, Texas that offer the same information since it is the only chemical added to the water for a medical treatment. He felt it would inform residents of why fluoride is added to the water. Mayor Wimmer felt that addition would cause unwarranted concern to residents as to why the City felt it was necessary to include that information on the water bills. It was mentioned that the information of what chemicals are added to the water are posted in the Consumer Confidence Report on the City website and annually in the official City newspaper.

l. City Hall Water Bottle Refill Station

Mayor Wimmer feels that adding a water bottle refill station would be a good step for the City as it would be greener, would get rid of so many disposable plastic bottle, and would help with our

Greenstep's best practices. The water bottle refill stations would be available to the public at City Hall also. Chief Hill suggested additional sites of the Community Center and both the Police and Fire Departments as well. Councilman Lorinser thought the BMX track would be another good site and added that he believes the refill stations would be utilized by many. Discussions included that there would be initial installation costs and routine cleaning and maintenance required as well.

m. 2018 Pavement Management Program

City Administrator Lorsung commented that planned sealcoating will be proceeding in the Northwest part of the City and could be expanded upon depending on the budget.

n. Continue Marketing Plan and Economic Development Efforts to Diversify and Increase Tax Base

Mayor Wimmer said the Marketing and Development efforts will continue moving forward.

o. Maintain City and Development Standards

Mayor Wimmer noted dramatic progress in median household income over the period of 2000-2016. The City of Isanti has gone from the lowest per capita income levels to the highest in that time period. This allows the City to attract a whole different set of businesses and the ability for the City to grow, offer more services, and be less dependent upon outside financial assistance. These overall changing trends helps for continued future growth in the economic well-being of the City and its residents. The Mayor believes this helps everyone with increased property values and opens the door to many other community amenities. Councilmember Lorinser agreed that this type of planning is beneficial and it should continue.

Mayor Wimmer summarized what had been discussed during the Goal Setting Session. Goals will be assigned to the appropriate Committees and Boards to move forward for Council's consideration.

Adjournment

Motion by Lorinser, second by Collison to adjourn. The meeting was adjourned at 9:57 a.m.

NOW, THEREFORE, IT IS HEREBY RESOLVED by the City Council of the City of Isanti, Minnesota, as follows:

1. That Human Resources is hereby directed to offer the Full-Time Police Officer position to Tanner Hagen for the City of Isanti and that he shall be eligible to start in that position on or after February 7th, 2018.
2. That Tanner Hagen shall start at Step 1 of the Wage Scale at $27.51 per hour.
3. That Tanner Hagen shall be on probationary status per the Personnel Policy in the position of the Full-Time Police Officer position effective February 7th, 2018, or his start date, whichever is later.
4. That Human Resources is directed to complete all required documentation for the completion of the employment offer.
5. That Human Resources is directed to forward an executed copy of this resolution to the employee and place a copy in the employee's personnel file for future reference.

This Resolution is hereby approved by the Isanti City Council this 7th day of February, 2018.

Subject: Resolution Approving 2018 Farmers' Market Rules and Regulations

---

Background:
At its January 23rd, 2018 meeting, the Parks, Recreation, and Culture Board discussed updates to the Isanti Family Farmers' Market Rules and Regulations for 2018. In 2017, staff received requests from vendors under the age of 18 to have a booth at the market. The rules have not addressed any age requirements in the past; in 2017, staff allowed minor vendors with an accompanying adult during the market. The PRC Board recommends specifying in the rules that vendors under 18 are allowed but must have a responsible adult (over 18) present during the market. These vendors will pay the same fees and be subject to the same requirements as all other vendors. This language has been added to the Rules and Regulations as follows:

8. Membership

A. Eligibility

vii. Vendors under 18 years of age are welcome but must have a responsible adult (18 years or older) present during market hours.

Other small changes to the Rules and Regulations are as follows:

8. Membership

A. Eligibility

iv. ~~Vendors~~ Full Season vendors are required to be present during the first four (4) consecutive Fridays of the market season.

12. Booth/Stall Allocation & Requirements

J. All tent-type stalls/booths are required to be staked or weighted down with at least 40 pounds in case of wind or storms.

The vendor fees for 2018 will remain the same: $10 annual membership fee, $10 daily booth fee, $60 half season booth fee (9 days), $100 full season booth fee (19 days). The Market season will be every Friday from 2:00-6:00 pm from May 25 through September 28.

Upon approval, staff will update IsantiFamilyFarmersMarket.org with the 2018 application materials. Applications will also be available at City Hall.

Staff Request:
Staff is requesting Council approval of the changes to the Rules and Regulations for the Isanti Family Farmers' Market for 2018.

1. Name: Isanti Family Farmer's Market (The "IFFM")

A. Shall be open to producers and vendors that live within a 50 mile radius of Isanti, MN or as approved by the Market Manager.

B. A Farmers' Market consists of two or more producers, selling produce or food that they raised or created directly to individual customers at a defined location on a periodic basis.

C. Definitions:

i. A ***vendor*** is the retail seller at a stall, booth or tent. Both farmers and non-farmers selling at a farmers' market are vendors.

ii. A ***producer*** refers to the farmer, grower, baker, maker of homemade foods, arranger of flowers, etc. selling at a farmers' market.

iii. A ***member*** is a vendor who is an official market participant (member of the market's association of vendors).

2. Mission Statement

The Isanti Family Farmers' Market serves as a community gathering place for consumers to purchase locally grown and handmade products that promote healthy lifestyles while sustaining local agriculture; to stimulate public interest and knowledge; to increase local consumption of local products; and to educate the next generation about food production. It is a market in which farmers, growers and producers sell their own products direct to the consumer, thereby creating a direct relationship. This market will emphasize quality, freshness, wholesomeness and creative marketing.

3. Supporting Structure

A. Funding is provided by the Isanti Parks, Recreation and Culture Department.

4. Governance

A. IFFM is governed by the City of Isanti Parks, Recreation and Culture Board and/or Market Manager.

B. The City of Isanti Parks, Recreation and Culture Board and/or Market Manager monitors the effectiveness, quality, efficiency, and financial stability of the farmer's market as a means of ensuring accountability to vendors, the community, and the vendor association.

C. The City of Isanti Parks, Recreation and Culture Board and/or Market Manager enforces the rules and regulations

of the farmers' market.

D. The IFFM will not discriminate against any person based on race, color, creed, national origin, sex, age, disability or sexual orientation.

5. Purpose

A. This Vendor Rules & Regulation handout is intended to describe the organization and administration of the Isanti Family Farmer's Market. It details rules and regulations to be followed by the Market Manager, vendors and management of the IFFM. The City of Isanti Parks, Recreation and Culture Board and/or Market Manager shall deal with any issue not covered in this handbook.

6. Use

A. The use of the IFFM is restricted to the sale of local products from within a 50 mile radius of Isanti, MN. Special exceptions may be allowed from time to time, upon the approval of the IFFM Market Manager in response to local supply and productivity.

7. Market Location & Season

A. Located at 400 West Dual Blvd, Isanti, MN 55040 – next to Isanti Liquor off Heritage Blvd.

B. Dates: Every Friday, beginning May 25, 2018 through September 28, 2018

C. Time: 2:00 – 6:00 pm

D. Mailing Address: 110 1st Avenue NW, PO Box 428, Isanti, MN 55040

E. Attn: Katie Everett OR Market Manager

F. Phone inquiries can be made: 763.444.5512 (Office) or 763-772-5856 (Katie's Cell)

G. Email: isantiparks@cityofisanti.us

H. Website: www.isantifamilyfarmersmarket.org

8. Membership

A. **Eligibility:** All Producers and Vendors are welcome upon receipt of approved application. The Market Manager has the right to refuse admittance if a Producer or Vendor does not follow market rules:

i. Grower, Producer, Crafter, Local Business or Artisan residing within 50 mile radius of Isanti, MN or has permission from Market Manager.

ii. Member has paid applicable fees and completed application.

iii. No one will be accepted into the market without a completed application and all necessary state permits, licenses, and payment of annual dues, plus stall fee.

iv. Full Season vendors are required to be present during the first four (4) consecutive Fridays of the market season.

v. New and continuing applications will include copies of all appropriate licenses.

vi. Membership fees will not be refunded if expelled from the IFFM.

vii. Vendors are responsible for acquiring the appropriate licenses, when applicable, and tax forms.

viii. Vendors under 18 years of age are welcome but must have a responsible adult (18 years or older) present during market hours.

B. **Member Expectations:** The supporting members, as a whole, should feel free to comment to the City of Isanti Park, Recreation and Culture Board and/or IFFM Market Manager with respect to:

i. The overall management, operation and administration of the market.
ii. The improvement of the market, site, vendor layout, and other physical improvements.
iii. The regulation of the market, including the hours of operation, designation of stall space, charging of market fees, sanitation, posting of signs and other matters of interest to the public or vendors.
iv. The advocacy and support of the market and development of continuing advertising and promotional programs for the market.

9. Fee Structure

A. All applications will need to be reviewed prior to acceptance to the IFFM. Notification given for acceptance can be done the day of market if all information is provided.

B. Payment of fees required with application submission.

C. Fees will be refunded if not accepted by Park, Recreation and Culture Board or Market Manager of IFFM.

D. Annual Membership Fee: $10, Annual Booth Fee $100, Half Season Booth Fee $60, Daily Booth Fee $10.

E. Vendor fees are NON-REFUNDABLE after May 25.

10. Vendor Agreement

A. **Application Process:** All applicants for membership must complete a signed Vendor Application. The Vendor Agreement also lists all the products (by category and sub-category) that are approved for sale at the market.

B. **Applicant:** The Applicant Vendor is the grower, producer, crafter, local business or artisan resident admitted to the membership. Vendors should list ALL other family members or production employees who are to participate in the booth/stall during the current season.

C. **Review & Jurying**: All products to be offered for sale must be approved by the Market Manager. The IFFM Market Manager reserves the right to refuse acceptance of any applicant vendor or vendor product that is not in keeping with the rules, regulations or standards of IFFM.

D. **Authority**: The IFFM Market Manager reserves the right to cancel any Vendor Application. Failure to comply with the aforementioned documents is grounds for termination of vendor membership and termination of the Vendor Application.

E. **Warnings**: The Market Manager will issue warnings to vendors not in compliance with these responsibilities. After a total of 3 such warnings have been recorded, the vendor will be asked to explain to the IFFM Market Manager and/or City of Isanti Parks, Recreation and Culture Board why the Vendor Application should not be terminated.

11. Product Categories

A. Vendors who wish to participate in the IFFM must submit a Vendor Application packet including a product list by category to the best of their ability. It is the vendor's responsibility to ensure that all products in each category comply with current MDA and USDA regulations and are properly identified and labeled. This market is being established as an outlet for local agriculture, produce and craft products to help promote sustainable farming, rural enterprise and local commerce.

12. Booth/Stall Allocation & Requirements

A. Space is allocated by the market manager to paid-up, full-season vendors first. The priority for remaining space is given by preference to paid-up, half-season vendors secondly and then to new members thereafter.

B. Vendor space is limited to 10x10 stalls. (Some stalls may be larger)

C. Disputes over stall spaces will be settled by the Market Manager. All such decisions are subject to appeal to the City of Isanti Parks, Recreation and Culture Board.

D. Customer parking will be clearly designated by conspicuous signs and arranged to ensure safety and market visibility.

E. Market vendors are encouraged to display their name or farm name at the front of the booth that identifies their farm or business.

F. Vendors are responsible for providing all display materials for their respective booth/stall, including but not limited to tables, racks, awnings, chairs, etc.

G. Vendors are responsible for setting up and tearing down all display materials.

H. The market manager may require that unsafe or unsightly materials be removed from the booth/stall area.

I. The IFFM accepts no responsibility for damage or loss to display materials.

J. All tent-type stalls/booths are required to be staked or weighted down with at least 40 pounds in case of wind or storms.

K. Vendors are encouraged to keep their booth stall open for the entire market day hours and should not begin teardown before the designated market closing time unless approved by Market Manager.

13. Vendor Expectations

A. At least one vendor (under definitions above) as listed on the Vendor Application must be present to sell at a market day unless approved otherwise by Market Manager.

B. No vehicles will be allowed inside defined Farmers Market Area during open hours of operation of 2:00 to 6:00 PM. Vendors and vehicles will be allowed in the Market Area before and after the market is open for set-up and tear down of vendors.

C. Vendors (under definitions above) may employ or provide a salesperson that is hired solely for market sales in a booth/stall. All salespersons in a booth/stall must be accompanied by a vendor who is listed on the Vendor Application or approved by Market Manager.

D. Vendors shall be open and ready for business at start of market and no later. Vendors arriving late will be assigned a stall by the market manager from the available vacant space, if any remains. The market manager may reassign any stall not occupied 10 min prior to opening of market. A vendor shall make every effort to notify the market manager as soon as possible if they are not going to be in attendance that week.

E. Vendors are responsible for their own booths/stalls and will leave their site clean and in a condition suitable to the City and the property owners.

F. Hawking and false advertising is forbidden.

I. Sales must be conducted in an orderly and businesslike way. Each vendor is responsible for handling and safely keeping their cash box or other monetary container.

J. Vendors will not start selling products before the designated time of the market start. No presales or pre-bagging are allowed, as this is unfair practice for those customers that cannot come prior to Market start.

K. Vendors should load and unload in such a way as to avoid obstructing the flow of traffic and the work of other vendors.

L. All items offered for sale must have pricing displayed clearly for each item or group of items. Pricing should be clear and legible.

M. Vendors are encouraged NOT to practice "distress pricing" for the express purpose of undercutting other vendors with same or similar products. When the market manager perceives "distress pricing" is occurring, the IFFM Board reserves the right to impose pricing ranges or to cancel any Vendor Application.

N. Each vendor is responsible for his/her sales tax collection, where applicable.

O. The City of Isanti, City of Isanti Parks, Recreation and Culture Board and the IFFM Market Manager are not liable for any injury, illness, theft, loss, or damage of any kind to either the buyer or seller, or their property, arising out of or pertaining to preparation for, participation in, or use or consumption of products bought, sold, or provided at the IFFM. By participating in the IFFM, seller further agrees to indemnify and hold the City of Isanti, City of Isanti Parks, Recreation and Culture Board and the Market Manager harmless for and against any claims for such injury, illness, theft, loss or damage. Insurance coverage is the responsibility of the individual vendor. The IFFM bears no responsibility for any vendor's property at the market.

P. All vendors are strongly encouraged to carry their own general liability and product liability insurance, as the City of Isanti, City of Isanti Parks, Recreation and Culture Board and Market Manager does not provide coverage.

Q. IFFM Rules are subject to change. Changes to IFFM rules will be communicated to vendors in writing.

14. Market Miscellaneous

A. Walkways between vendor spaces must be kept open.

B. Selling is allowed only in designated areas.

C. No part of the market may be used for overnight storage.

D. No alcoholic beverages or unauthorized weapons are allowed in the market or on the market grounds.

E. Vendors do reserve the right to ask customers to not smoke around their booth/stall.

H. At the end of the market day, all refuse must be placed in the bins provided. Garbage and recycling bins will be provided by the market manager and removed at the end of each market day. For produce and food vendors, it is especially critical to clean up scraps of any such refuse material from the ground due to the risk of encouraging vermin.

I. No smoking in vendor booth areas per City Ordinance. Smoking areas off-site include the public parking areas. Please ask for other nearby locations.

J. The only animals allowed in the farmer's market area of operation are police dogs or service animals, such as patrol or disability service dogs – per MN Department of Health.

15. Food Safety and Sales

A. All processed foods offered for sale must be protected from contamination.

B. Containers, wrappings and gloves must be single-use only where applicable.

C. Review MDA, FDA, DHS and USDA requirements frequently if any questions remain.

D. The Minnesota Department of Health (MDH) contacts for Isanti County are Crystal Elva (651-201-3981, crystal.elva@state.mn.us) and James Noyola (651-201-4929, james.noyola@state.mn.us).

16. Community Booths

A. A community booth/stall is available to charity and non-profit organizations at no cost for promotional or educational purposes. Any group interested in using that stall shall contact the Market Manager at least one (1) week prior to the assigned day.

B. A Local Business of the Week Booth will be provided at no cost to a local business. Interested businesses should contact the Market Manager for scheduling. This booth will give a local business an opportunity to educate the public as to what products and services this business provides.

C. All IFFM rules and regulations apply to the vendor and persons residing in that stall.

Subject: Resolution Approving Residential Rain Garden Incentive Program Updates

---

Background:
City staff have worked with Isanti Soil and Water Conservation District (SWCD) staff to make participation in the City's Residential Rain Garden Incentive Program more accessible for residents. In 2018, all residents interested in participating in the incentive program will have the opportunity to schedule a site evaluation with Isanti SWCD staff. The Isanti SWCD staff will help determine if the property is a good candidate for a rain garden. Residents will then have the option to complete the rest of the program on their own or continue with design assistance from Isanti SWCD. Residents committed to completing the rain garden project will receive assistance with location, sizing, and plant selection. Residents will still be responsible for installation of the garden (either completed by them or a contractor). These projects will be eligible for 50% reimbursement, up to $500, for materials and installation costs (no change from 2017). The application period will be May 1 – June 1, 2018. The updated application will be posted on the City website and will be available at City Hall. A quick fact sheet has been created and is attached for Council review.

In addition to assistance with the Rain Garden Incentive Program application process, the City of Isanti and Isanti SWCD will be offering an informational Rain Garden Workshop on Thursday, April 19th at 6:00 pm. The three-part workshop will focus on Rain Garden Basics, Rain Garden Design, and the Incentive Program. The workshop is free to attend and open to all Isanti County residents.

Staff Request:
Staff is requesting that City Council approve the updates to the Residential Rain Garden Incentive Program including the partnership with Isanti Soil and Water Conservation District for consultation and design services.

Subject: A Resolution Approving Painted Rock Program in Isanti City Parks

---

Background

Cambridge-Isanti School District staff have expressed interest in launching a painted rock hunt program at parks throughout Isanti County. Students from the District's Moving Forward program, as well as residents at senior care facilities and home school families, will be painting rocks over the winter months that will be hidden within the parks. Area residents and visitors will then be encouraged to visit the parks to search for the rocks; once participants find the rocks, they can post a picture of the rock to a Facebook page managed by School District staff, Robillard, and re-hide the rock, or they can keep the rock. The Facebook page will include rules for the program to address to appropriate content the rocks, areas where they are allowed to be hidden, etc. The program has already been approved by Isanti County Parks and the City of Cambridge.

Parks, Recreation, and Culture Board Recommendation

School District staff, Julie Robillard, attended the January 23rd Parks, Recreation, and Culture Board meeting to discuss the program. The PRC Board recommends that City Council approve the use of Isanti's parks for this purpose. The Board suggested that the program also be present to the North 65 Chamber to encourage business involvement.

Staff Request

City staff is requesting that Council approve the painted rock program use inside Isanti's parks.

MEMORANDUM

TO: Mayor George Wimmer
Members of the Isanti City Council

FROM: Ryan Kernosky, Community Development Director

DATE: February 7, 2018

SUBJECT: **CONDITIONAL USE PERMIT FOR WARREN AND BRETT THUNSTROM TO OPERATE A MICROBREWERY AT 2 ENTERPRISE AVENUE NE**

Background

A Conditional Use Permit Application (CUP) has been submitted to the Community Development Department by Warren and Brett Thunstrom to open and operate a Microbrewery at 2 Enterprise Avenue Suite A3 (PID 16.132.0040). Pursuant to Isanti Zoning Ordinance Section11, Article 5, Subd. 4(U), a CUP is required to operate a Microbrewery in the TH-65 Overlay District.

Zoning Ordinance Requirement

Zoning: The subject property is located at 2 Enterprise Ave NE, and is part of a larger building. This property falls within the TH-65 Overlay District of the B-2 Zoning Code. 'Microbrewery' is a Conditional Use in the TH-65 Overlay District.

Parking and Traffic: The parcel is already developed. According to the applicant, there will be up to 50 seats for patrons and up to four employees at a given time. Sit-down restaurants require one stall per 3 seats and 1 space per employee. In this case, 20 stalls would be required.

Signage: The applicant has provided intended signage, but no formal submittal on signage has been received.

Conditional Use Permit Standards

1. In review of the standards established in Section 21, Article 2, Conditional Use (D); the following conclusions have been made (*conclusions to each requirement are shown in italics):*

   A. The proposed action has been considered in relation to the specific policies and provisions of and has been found to be consistent with the goals and objectives of the Comprehensive Plan, including public facilities and capital improvement plans.

The proposed use for the site is consistent with the goals and objectives of the comprehensive plan.

B. The proposed action meets the purpose and intent of this Ordinance and the underlying zoning district.
The proposed use meets the purpose and intent of the "B-2" & "TH-65" zoning districts

C. The establishment, maintenance or operation of the conditional use will promote and enhance the general public welfare and will not be detrimental or endanger the public health, safety, morals, or comfort.
The proposed use is in a commercial and industrial area. Staff believes that will not be detrimental or endanger the public health, safety, morals, or comfort.

D. The conditional use will not be injurious to the use and enjoyment of other property within the immediate vicinity for the purposes already permitted; nor substantially diminish or impair property values within the neighborhood.
Staff does not believe that the proposed use will be injurious to the use and enjoyment of the other properties within the immediate vicinity.

E. The establishment of the conditional use will not impede the normal and orderly development and improvement of surrounding property for uses permitted in the district.
The conditional use will not impede the normal and orderly development and improvement of the surrounding properties. The use will be located within an existing structure.

F. Adequate public facilities and services are available or can be reasonably provided to accommodate the use which is proposed.
Adequate public facilities and services are currently available.

G. The conditional use shall, in all other respects, conform to the applicable regulations of the district in which it is located.
The conditional use complies to all other regulations within the district in which it is located.

H. The conditional use complies with the general and specific performance standards as specified by within this Article.
The conditional use complies with the general and specific performance standards as specified within this article, as stated by this document.

Section 21, Article 2, Subd. 4 addresses performance standards for Conditional Use Permit. The standards and staff responses *(italicized)* are below:

A. The use and the site in question shall be served by a street of sufficient capacity to accommodate the type and volume of traffic which would be generated an adequate public right-of-way shall be provided.
Staff believes that the existing street is of sufficient capacity to accommodate the type and volume of traffic as a result of this development.

B. The site design for access and parking shall minimize internal as well as external traffic conflicts and shall be in compliance with Section 17 of this Ordinance.
The proposed CUP will be in an existing building that already is designed for access and parking. All parking is met under Section 17 of this Ordinance.

C. If applicable, a pedestrian circulation system shall be clearly defined and appropriate provisions made to protect such areas from encroachment by parked or moving vehicles.
Parking for this development does not impact pedestrian circulation.

D. Adequate off-street parking and off-street loading shall be provided in compliance with Section 17 of this Ordinance.
Adequate off-street parking and off-street loading is provided in accordance with section 17 of this ordinance.

E. Loading areas and drive-thru facilities shall be positioned so as to minimize internal site access problems and maneuvering conflicts, to avoid visual or noise impacts on any adjacent residential use or district, and provided in compliance with Section 17 of this Ordinance.
This section is met.

F. Whenever a non-residential use is adjacent to a residential use or district, a buffer area with screening and landscaping shall be provided in accordance with the provisions of Section 15 of this Ordinance.
This area is surrounded by commercial and industrial uses. This section is met.

G. General site screening and landscaping shall be provided in compliance with Section 15 of this Ordinance.
This section is met.

H. All exterior lighting shall be directed so as not to cast glare toward or onto the public right-of-way or neighboring residential uses or districts, and shall be in compliance with Section 14 of this Ordinance.
Existing lighting complies with our zoning code. This section is met.

I. The site drainage system shall be subject to the review and approval of the City Engineer.
This is an already developed site, existing stormwater management has been reviewed and approved.

J. The architectural appearance and functional design of the building and site shall not be so dissimilar to the existing and potential buildings and area so as to cause a blighting influence. All sides of the principal and accessory structures are to have essentially the same or coordinated, harmonious exterior finish materials and treatment.
The building already exists, and as such, is compliant with our zoning code.

K. Provisions shall be made for daily litter control, an interior location for recycling and trash handling and storage or an outdoor, enclosed receptacle area shall be provided in compliance with Section 14 of this Ordinance.
Existing garbage facilities will be used for trash and recycling purposes.

L. All signs and informational or visual communication devices shall be in compliance with Section 16 of this Ordinance.
The applicant will need to submit a sign permit for review and approval prior to any signage associated with this development being installed.

M. The use and site shall be in compliance with any federal, state, or county laws or regulations that are applicable and any related permits shall be obtained and documented to the City.
The applicant will be required to obtain all proper licensing from the City, State, County, and Federal Governments as deemed necessary.

N. Any applicable business licenses mandated by City Code are approved and obtained.
The applicant may be required to obtain proper licensing from the City, State, County, and Federal Government as deemed necessary.

O. The hours of operation may be restricted when there is judged to be an incompatibility with a residential use or district.
This property is in a commercial district, and as such, this section is non-applicable.

P. The use complies with the applicable performance standards of the zoning district in which it is located and where applicable, any non-conformities shall be eliminated.
This use complies with the performance standards of the zoning district.

Q. Additional Stipulations. All conditions pertaining to a specific site are subject to change when the City Council, upon investigation in relation to a formal request, finds that the general public health, safety, and welfare, can be served as well or better by modifying or expanding the conditions set forth herein.
Any additional stipulations will be included in the final resolution passed by the City Council.

Comprehensive Plan

The City of Isanti 2008 Comprehensive Plan Update identifies this parcel as 'general commercial,' which is defined as:

The purpose of this category is to identify portions of Isanti that contain or should be developed for general commercial use. Examples may include highway oriented businesses such as fast food restaurants, convenience stores, gas stations and other auto-oriented businesses. Limited office and service uses are appropriate in these areas as well, depending on scale and location.

Much of this land use is located along the Highway 65 corridor and CSAH 5. General Commercial is the largest commercial land use designation. These uses are predominantly auto-oriented in terms of access and services. Design of both site and buildings are important to maintaining a

thriving commercial base. In addition, commercial businesses not located at major intersections should remain small scale, and provide services primarily to the surrounding neighborhood. Also, the architecture and site design of all commercial areas must be compatible with the surrounding neighborhood and landscape. Such issues as building size, location on the lot, building materials, screening and other design issues are important.

Public Notice

Notice of public hearing was published on January 3, 2018 in the *Isanti County News.* All property owners within 350' of the subject parcel received notice of public hearing from the Community Development Department. The Isanti City Planning Commission held a public hearing on January 16, 2018.

Public Comment

At the time of writing this memo, no public comment for or against the project have been provided to my office.

Development and Operations Advisory Committee Comments

The Development and Operations Advisory Committee reviewed the CUP during the December 7, 2017 committee meeting. They recommended the following conditions:

1) Painting of the additional parking stalls (24) along the south parking lot as approved in the original development.
2) Signage to be applied for and reviewed by the City prior to installation.

Planning Commission

The Planning Commission has recommended approval of the attached resolution with the conditions within the resolution.

Staff Comments

The property has already been developed. Because the proposed CUP is in an existing building that is not being expanded or physically changed, and as such does not require an as extensive review of the proposed CUP. Staff is supportive of the CUP, and recommends **APPROVAL** with the following conditions:

1) Painting of the additional parking stalls (24) along the south parking lot as approved in the original development.
2) Any applicable licensing and permits shall be obtained from the proper City, State, County, and Federal Governments as deemed necessary.
3) Signage to be applied for and reviewed by the City prior to installation.

Subject: Resolution Approving Request for Proposals for Banking Services

---

Background:

The current Banking Services Contract with Community Pride Bank expires on 3/31/2018. Attached is a Banking Services RFP for the Council's consideration. This is largely the same RFP the City used the last time proposals were requested, in 2014. The only change is the addition of the following text regarding interest rates.

1) *The City expects to have one checking account, one savings account and one to three additional savings accounts to be utilized when segregation of funds is required or desired by the City.*
2) *Interest on deposits will be calculated for the checking account and savings account(s) separately. The "Prime Rate" as reported in the Wall Street Journal should be the basis for determining interest on deposits.*
3) *Proposers should bid interest on deposits as a fixed percent below the benchmark rate. Bidders should also identify the floor, or lowest rate that the city will earn under any economic circumstances. For example if the benchmark is 3.25% and your institution bids 3% under the benchmark rate with a 0.10% floor you are agreeing to pay 0.25% on the identified deposits today and guarantee that no matter how low the benchmark goes the City will always receive at least 0.10% on the identified deposits. Bidders may bid different rates and floors for checking and savings accounts but are not required to do so.*

The proposed timeline as outlined in the RFP is as follows:

February 6, 2018	RFP Issued
February 16, 2018	Deadline for Written Questions
February 23, 2018	Responses Mailed
March 2, 2018	Proposals Due
March 8, 2018	Finance Committee Review
March 20, 2018	Award
April 1, 2018	Contract Begins

RESOLUTION 2018-XXX

RESOLUTION APPROVING REQUEST FOR PROPOSALS FOR BANKING SERVICES

WHEREAS, the contract with Community Pride Bank, who provides banking services to the City of Isanti expires on March, 31st 2018; and,

WHEREAS, upon review by the Finance Committee, staff has prepared a Request for Proposals and timeline to procure banking services.

NOW, THEREFORE, IT IS HEREBY RESOLVED by the City Council of the City of Isanti, Minnesota:

1. Approval of the Request for Proposals for Banking Services, attached as Exhibit "A".

2. Direct staff to publish a Notice of the Request for Proposals and distribution to seek proposals for such services from qualified banking institutions.

This Resolution is hereby approved by the Isanti City Council this 7th day of February, 2018.

Exhibit A

CITY OF ISANTI
REQUEST FOR PROPOSAL
DEPOSITORY AND BANKING SERVICES

The City of Isanti is seeking proposals from qualified institutions to provide the highest quality depository and banking services at a competitive price. A proposer must be a federally or State of Minnesota chartered financial institution within the city limits of Isanti or surrounding area and must be able to comply with Minnesota Statutes Chapter 118A relating to Depositories of Public Funds.

BACKGROUND

The City of Isanti currently has two demand deposit accounts (general checking account and money market account).

The general checking account is used as the City's main account to receive deposits for credit card clearing from our liquor store and disburse revenues from City operations. The money market account receives daily deposits from our liquor store and other City revenues. On a monthly basis, approximately 250 vendor checks, payroll checks and EFTs are processed through the general account. Total amount of check dollar volume per month depends heavily on the level of our capital project activity. However, average total amount of checks clearing per month is approximately $825,000.00. Transfers are made periodically from our money market account to our general checking account to cover disbursements. The City also uses ACH or wire transactions to/from various sources each month.

INSTRUCTIONS FOR SUBMITTING PROPOSALS

1. Copies and Closing Date

All proposals shall be clearly identified as Banking Services Proposal for the City of Isanti. Four copies of your proposal should be forwarded to the City at the following address by 4:30 p.m. on March 2, 2018:

City of Isanti
Attn: Mike Betker, Finance Director
110 1st Avenue NW
P.O. Box 428
Isanti, MN 55040
(763) 444-5512

Please respond only on the standard forms provided. Alternative proposals for a "better way" of providing a particular service may be attached; however, they will not necessarily be considered in the review and evaluation process. Proposals received after the stated deadline may not be considered by the City.

2. Public Information

All information submitted will be considered public information in accordance with Minnesota Statutes governing data practices. Upon submission, proposals become the property of the City and will not be returned to proposers. Copies of proposals will be available for viewing at City Hall.

3. Questions

The Finance Director will be the only contact and will respond only to questions in written form to clarify any matters related to this RFP. Submission of the written questions must be received at the City of Isanti, 110 1st Avenue NW, P.O. Box 428, Isanti, MN 55040, no later than February 16, 2018. The proposer's questions and the City's answers will become public record and will be sent to prospective applicants by February 23, 2018.

If clarification is needed by the Finance Director, questions will be submitted in written form only to the bank involved. Answers should be returned in writing to the Director of Finance within five (5) working days of receipt of the question. Written answers will become part of the proposal.

SCOPE OF SERVICES

1. Bank Services

The services required by the City of Isanti are listed in Section I of this document. Optional services desired are listed in Section II. Additional information required for submission in the proposal is listed in Section III.

SELECTION PROCESS AND CRITERIA

The Banking Services Contract is expected to be awarded by the Isanti City Council on or before March 20, 2018. The contract award will be based on the recommendation of the Isanti Finance Committee, the City Administrator and the Finance Director with the approval of the Isanti City Council.

The criteria for evaluation of proposals will be:

- Financial strength and capacity of the banking institution
- Availability and quality of services
- Service prices
- Completeness of the proposal

Proposal Calendar

February 6, 2018	RFP Issued
February 16, 2018	Deadline for Written Questions
February 23, 2018	Responses Mailed
March 2, 2018	Proposals Due
March 8, 2018	Finance Committee Review
March 20, 2018	Award
April 1, 2018	Contract Begins

TERMS AND CONDITIONS

It is expected that the selected institution will be designated as the City's depository for a three-year period commencing April 1, 2018, and ending on March 31, 2021, with the option to extend the contract period for an additional two-year term. If a banking institution does not execute an agreement within thirty (30) days after being notified of selection, the City may select another qualified proposing bank or call for new proposals.

This RFP and the bank's response, including all promises, warranties, commitments and representations made in the successful proposal will be binding and will become contractual obligations, and will be incorporated by

reference in the City's agreement with the bank. ACH and wire transfer agreements will be signed in conjunction with the execution of the banking services contract.

The City reserves the right to reject any or all proposals and the right to accept or reject any item or combination of items. The City also reserves the right to award an agreement to proposers of any single service or all optional services and to negotiate terms different from those specified in the proposals. Nothing herein will be construed to prohibit the City from maintaining accounts at other banks, including, but not limited to, certificates of deposit and special accounts. The City may cancel the contract upon a minimum of thirty (30) days written notice. The Depository may not cancel the contract for any reason except for failure of the City to fulfill its obligations.

1. New Services/ Services not covered under proposals

If the City adds additional accounts or services similar to those included in the original proposal, those new accounts or services will be provided under the same items and conditions as apply to the existing accounts. If federal regulations or other regulatory bodies require new accounts or impose other regulations, the bank will make those new services available at a negotiated rate between the City and the bank.

2. Access to Records and Cooperation

The bank will allow lawful and reasonable access to its records by officers of the City, the City's auditors, and state or federal auditors. The proposer will also cooperate in any prosecution for misuse of checks and misappropriation of funds.

3. Compensation

Compensation will be determined from the proposals provided and reflected in the agreement signed with the banking institution.

BANKING SERVICES PROPOSAL FORM

Please indicate the cost per unit or complete your answer in the space provided. If more space is needed, additional pages may be attached as long as they are clearly identified. If there are any services you provide that are not specified in the proposal and you think they would benefit the City, please list them along with the charge per item (on a monthly basis at the end of the form). If a banking service cannot be met, then enter "no proposal" (this may result in the proposal's nonacceptance or a reduction in evaluation points).

SECTION I. BANK SERVICES

Types of Services and Information Required Related to Bank Processing:

1. Availability of Funds

   What are bank cut off times and locations for same day clearing of items drawn on Isanti and Twin City Metropolitan Banks?

   What are times and locations where a final daily deposit will be accepted?

   Provide your funds availability schedule for electronic and paper transactions.

2. Returned Check Processing

   The City requires the bank to automatically process returned checks a second time. The City averages two returned items per month.

   What fees are charged?

3. Night Depository Services

   The bank will provide a night depository services as needed by the City. It is required that the bank supply locking depository bags to the City. The bank will process these bags by: 1) removing under dual control all contents of the bag, 2) counting under dual control all cash and checks received, 3) notifying the appropriate City office of any errors, and 4) preparing a receipt and sending it to the appropriate City office.

   What fees are charged?

4. Wire Transfer Services

The City electronically processes less than one outgoing wire per month and receives approximately one incoming wire per week.

What is the cost per incoming wire?

What is the cost per outgoing wire?

Do you have internet banking that would allow us to process our own outgoing wires and at what cost, if any?

5. Internal Transfers

The City currently transfers funds from the Money Market account to the General Checking account via internet.

What is the cost of this service?

Is there a limit on the number of transfers per month? If yes, how many transfers are allowed?

Is there a dollar limit per transfer? If yes, what is the limit?

6. Automated Clearing House

The proposer must have and maintain Automated Clearing House (ACH) originating bank capabilities. The proposer must conform to National Automated Clearing House Association (NACHA) and Uniform Commercial Code Article 4A (UCC4A) rules. Our ACH volume includes bi-weekly and quarterly payroll, monthly ACH for city services payments and ACH from other governmental entities.

Describe your ACH direct deposit payroll capabilities.

Through what media can you accept instructions for making ACH payments or originating ACH debits?

What are the ACH originated per item charge (debits and credits) and all related costs?

Describe the technical support available for this service.

7. Collateral

The bank must be able to provide sufficient collateral pledges or surety bonding for the account. Collateral is subject to change depending upon the deposit levels of the account (see Minnesota Statutes 118A). Bank is to review collateral requirements monthly and provide report to Finance Director.

What are the fees charged?

8. Balance Information and Reporting

The City currently obtains balances via the internet. Ledger balance, available balance, and collected balance are reported as well as detailed information listing debit and credit items. The City requires that statements process at the end of the last business day of the month.

What are the methods available to obtain daily balances?

Describe the detail of the information provided.

What hardware and software are needed to access the electronic reporting system?

Is it possible to view images of checks and deposits online?

What fees are charged?

9. Vault Services

The City orders approximately $6,000.00 of currency and coin on a monthly basis for our liquor store operations.

Please explain the process for ordering coin and the cost attached to this service.

What are the times and locations available for currency and coin ordering?

9. Credit Card Payments

The City currently accepts payments from its municipal liquor operations, utility billing operations, and other misc payments.

What would be the cost for accepting credit card settlements into our account?

10. Interest

What is reserve requirement for each account and is the reserve requirement deducted from the available balance before the earnings credit rate is calculated?

The City expects to have one checking account, one savings account and one to three additional savings accounts to be utilized when segregation of funds is required or desired by the City.

Interest on deposits will be calculated for the checking account and savings account(s) separately. The "Prime Rate" as reported in the Wall Street Journal should be the basis for determining interest on deposits.

Proposers should bid interest on deposits as a fixed percent below the benchmark rate. Bidders should also identify the floor, or lowest rate that the city will earn under any economic circumstances. For example if the benchmark is 3.25% and your institution bids 3% under the benchmark rate with a 0.10% floor you are agreeing to pay 0.25% on the identified deposits today and guarantee that no matter how low the benchmark goes the City will always receive at least 0.10% on the identified deposits. Bidders may bid different rates and floors for checking and savings accounts but are not required to do so.

11. Electronic Bank Statements

The City currently receives bank statements electronically.

What are the fees charged for this service?

12. City Credit Card

The City currently has a credit card with a limit of $5,000.

What are the fees charged for this service?

13. Other Charges

Please identify any other charges that may be applicable to our account.

MEMORANDUM

TO: Mayor George Wimmer
Members of the Isanti City Council

FROM: Ryan Kernosky, Community Development Director

DATE: February 6, 2018

SUBJECT: **RICHARD AVENUE SE PRELIMINARY ENGINEERING REPORT COST**

Background

With the vacation of Penny Lane, and the dedicated right of way of Richard Avenue along the west-side of the proposed hotel parcel, it's appropriate to have a preliminary engineering done to determine the cost of constructing the Richard Avenue extension.

Staff has asked Bolton & Menk to provide a proposal to perform the aforementioned engineering report. Their proposal was at an hourly rate, not to exceed $3,900.00.

Finance Committee reviewed the proposal at the regularly scheduled meeting on January 18, 2018, and has recommended approval.

Staff Recommendation

Staff recommends approval of the attached Resolution.

MEMORANDUM

Date: December 19, 2017

To: Ryan Kernosky, Community Development Director

From: Bradley C. DeWolf, P.E.

Subject: Richard Avenue Preliminary Engineering Report Fee Proposal
City of Isanti, MN

Bolton & Menk, Inc. is pleased to present this proposal to provide engineering services to create a preliminary engineering report for the extension of Richard Avenue.

It is our understanding the scope of work to be completed for the preliminary engineering report is as follows:

- Review record drawings to determine existing conditions
- Layout a figure of the preliminary geometrics of the proposed roadway and utilities
- Review site grading, hydraulics, and storm system requirements.
- Review sanitary sewer and watermain requirements.
- Calculate an Engineers Estimate for the project cost
- Create a final report summarizing these findings and making a recommendation as to the feasibility of constructing this project from an engineering standpoint.

Bolton & Menk proposes to complete the above engineering services for an hourly, not-to-exceed fee of $3,900.00.

Please contact me at (612) 756-1032 if you have any questions or need additional information.

Bolton & Menk is an equal opportunity employer.

RESOLUTION 2018-XXX

A RESOLUTION APPROVING A PRELIMINARY ENGINEERING REPORT FOR THE EXTENSION OF RICHARD AVENUE SE FROM BROADWAY STREET SE TO MAIN STREET E

WHEREAS, as part of the 2018 City Council Goals, the extension of Richard Avenue SE from Broadway Street SE to Main Street E was identified as a goal; and,

WHEREAS, City Staff has asked City Engineering firm Bolton & Menk to provide a proposal to perform the aforementioned engineering report.

NOW, THEREFORE, BE IT RESOLVED by the City Council of the City of Isanti, Minnesota, as follows:

1) The City Council Authorizes Bolton & Menk to begin the preliminary engineering report of the extension of Richard Avenue SE from Broadway Street SE to Main Street E in the dedicated Right of Way in the plat "Isanti Hotel Addition".
2) Cost for the preliminary engineering report shall not exceed $3,900.00 as provided in the proposal.

This Resolution is hereby approved by the Isanti City Council this 6th day of February, 2018.

Attest:

Mayor George A. Wimmer

Motion by Wimmer. Second by Garvey. Vote was unanimously approved.

3. Park Signs

Everett explained that she has included the final draft of the bike/walk sign and it printed correctly this time so Bluebird Park and the parking areas are a different pattern. She also added in the mile markers. If there are any other thoughts on this one, she asked to let her know or she would order this one. Zdon asked if there was a motion needed; Everett said no. Everett stated that there is also a double sided sign on the trail as you're leaving Isanti that she'll order so it matches and we'll get those at the same time.

Everett stated that there is some additional money left, and when we initially started talking about doing this the board had talked about leaving the Legacy sign because eventually there will a parking area right up by the park. She stated that she talked with Public Services Director Wood and Public Works has had to fix that sign more often than Everett thought, and every time we have to replace the sign inside we have to pay to get it laminated. It would make a lot of sense to replace it, and Public Works is very confident that they could move it if we need to do that even before we need to replace it again. She stated that she brought in the sign we just ordered for River Bluff to have a map there. She thought it would make a lot of sense, because these are two of our most similar parks, to have their signage match. We can do something very similar, and she attached a draft. At River Bluff we have a bunch of different colored loops in the brochure that are listed on the bottom of that sign. At Legacy, she included the tables and benches on that lower portion. Additionally we would have the same big sign that's at all of our parks. Wimmer stated that he wanted to have on the list of things that at Legacy no bikes are allowed either, there is a smaller sign there, but we need it on the big sign as well because that is something that sets it apart from the other parks. Everett asked to clarify which sign that should go on; Wimmer stated the big sign at the gate. Everett asked if there were other thoughts on this. She stated that we will install it at the exact same place where the current sign is. If we want to get multiples of the map sign we can, but Everett stated she was just envisioning that by the gate as well. Zdon asked to clarify that there are funds still available for these; Everett confirmed that there are. Garvey said she liked the idea of Legacy matching

the River Bluff one. Zdon agreed and said the River Bluff one looks nice. Johnson asked if we will be putting cityofisanti.us on the Legacy sign as well. We have it on the bike path one, so shouldn't we continue doing that – or is there not that big of a rules sheet for Legacy versus the walking path? Everett stated that we haven't done that on the others and explained that we have a sign at most of the parks with an abbreviated list of rules and she doesn't think those have the rules on them. Zdon said that it may be a good idea moving forward to have it on every sign, it's a good idea. It doesn't have to be anything big, just in a corner somewhere. Everett stated that she can do that, and will get them ordered. At this point, new signs will go up in the spring.

4. River Bluff Preserve Erosion Control Project Update

Everett stated that the agenda packet has a bunch of pictures of what the project looked like. This was something that the Isanti Soil and Water office approached us to do with some other projects that they had going on on the Rum River. They had kind of helped out as we planned where our steps were going to go and that kind of thing last year, so we made the connection with them in that park in that process. They did a whole bunch of these; the Anoka and Isanti offices worked together on a bunch of these. She wanted to say that it was around 40 of them, but ours was the only one they did on public land. It's kind of a cool opportunity for us to show what has been going on, and it was super cheap for us to have that work done. She just received the invoice today and it was even under what we expected by about $250. She did get an email today that they will be doing a little more work on Friday. They are going to take one more tree down to put in there, so there will be a little more length in there than what's done right now.

Everett explained that the project involves taking cut down cedar trees – at this point those are dead and eventually will turn brown – but while they're there they slow down the river and collect sediment to rebuild the bank. They planted lots of trees in there that will make it green again, and then by the time the cedar trees have totally decayed those live trees will take over stabilizing. It's kind of a cool project, and it will be fun to watch that process as it goes forward.

Because it is on public land, and it kind of looks like there's something weird going on there, it's a good opportunity to post a sign to let people know what the project is. Everett explained that the board has copies of the sign options. The horizontal one would be more of the panel style interpretive sign that's kind of at an angle that you stand in front of it. The other one would be the same size the River Bluff map sign. Everett thought it would be kind of cool if they used the smaller size we could make it double sided so you could see it from the river because you can obviously see the project from the river. Eventually there will be trees in the way, but in the meantime we can do some education as people are going by too. That style is much lower cost, and would be much cheaper to replace in the future. A panel one is really nice looking. Everett stated that these are very rough drafts, but wanted to show what kind of information could fit on both. There should be enough money to do either style at this point. Zdon stated that he likes the idea of a two sided, and it matches the same style as the other signs. It's cool to be able to come down the river and see the sign too. Everett stated that we could put it on a little bit nicer post as well. Garvey stated that the only comment she has is that the horizontal sign says 10 years and it has the completed year, but the smaller one doesn't. That would be her only suggestion so that in five years, when nobody knows when it started, it's on the sign. Zdon agreed to add something like "Completed in 2017" in a corner – and our website. Johnson asked for clarification on which sign option would be the panel one, and which you would see coming down the river; Everett explained that it was the smaller vertical one. Everett explained that the panel size would be kind of the same as what's downtown – there are some that are kind of the same idea with historical facts, this would just be a little different style. Everett explained that the smaller one would be a lot easier to replace if something happened to it. Zdon stated that he would prefer only one or the other there; Everett agreed that they would only do one of the options. Zdon said he liked the two sided option. Johnson, Garvey, and Witte agreed.

5. 2017 Project Review

Everett stated that she wanted to give the board a rundown of the things that were accomplished in 2017. It was a busy year and there were a lot of things going on, so this definitely not a comprehensive list. The community garden went really well again; we added the new shed so next year we won't have to have a new shed again, and we got the shade out there which was super nice to have, and we got new hoses and more raised beds. We have replaced almost all of the sand play surfaces at our city parks now; VFW still has sand but we replaced Mattson and Isanti Hills this year. She stated that if the board hadn't been out to Isanti Hills to see the makeover yet, it looks really, really good. We've gotten comments from people who live in that neighborhood who are excited to see that things are happening there. We relocated the skate park equipment – when they did that, they replaced at least most if not all of the substrate underneath. It was a composite board that was cracked in a lot of placed. They also replaced many of the panels too. There are a couple spots that we will keep an eye out for and replace those as needed, but everything is in pretty good shape for now. We did get timers installed at the ballfield at Unity Park and at Bluebird Park. By the end of this year, Public Works will have repainted all of our tables. The replacement parts for the Legacy tables and benches are coming in. They're already repaired a couple of benches, and will be fixing tables too. We have redesigned all of our signs and are getting those replaced. Passport to Parks had a great first year, and Celebrate Isanti was started this year as well. Additionally, there were some replacements in the parks as needed. We had a couple of weird things break this year, but we've been able to get all of that stuff fixed. And finally, we moved the farmers market which was a really good thing that we got a lot of good feedback on.

Wimmer asked Everett to give an update on the school with their part of the garden. Everett stated that the school had a lot of trouble over the summer maintaining their part of the garden. They have met now and are still trying to decide what they're going to do this year. They are looking for less responsibility. She stated that we have been approached by Isanti County Public Health and they are interested in starting a program at the garden as well, so we might divide that space and be able to make that more productive. The school is thinking about having something on site so it's easier for them to get to. If they do that, they probably don't need both of those spaces. That is still kind of in the works, but they probably won't be using as much space next year. They'll have to decide pretty soon for their curriculum planning too. Witte asking if a local resident was maintaining their area this year. Wimmer stated there was a little bit of that, and there's been a lot of turnover in the year round program especially at MNC. The teachers that are there now are completely different than two years ago. That kind of hindered it as well. We have the one acre that we had in essence allowed them to use for a year over year type project that really hasn't occurred and he isn't entirely sure it will occur. It would have been a neat thing to have happen, but we'll most likely be notifying the administration and school board that we'll probably need to end that agreement since they haven't done anything with it for almost two years now. Wimmer stated that he really is excited about trying to work with the County and getting other families in there, that's really fantastic and is one of the main goals of the community garden. We touched on it last time too, but he does really like the amount that the gardeners were able to donate to senior dining. The community garden has gone better than his wildest imaginations when we first started talking about it. Everett stated that she hasn't heard anything more from the Minnesota Center either, so as she hears about options of things we can do out there we can think about those too.

6. Parks Updates

Everett stated that we have now had two movies. The Girl Scouts came to both. When we didn't have anyone signed up for the second, Everett sent out an email out the Friday before to everyone already signed up and within an hour the Girl Scouts called and said they'd be there. We had 54 at the first and 47 at the second; last year we were averaging around 30 people so the word is getting out. December 8th, we are showing Up and New Hope Community Church will be volunteering.

Everett attached options for bike racks to the agenda packet from Parkitect. They have designed options for bike racks and we do have money budgeted for one this year. We were thinking probably one of the "S" shaped ones (they call them serpentine racks). The one "U" option has the full logo though so that's

cool too. These are still kind of working drafts, but Everett wanted to show the board what we're working on. The idea is that we have something that is consistent system-wide but is still Isanti Parks branded. If we want to have something different in each park they gave us the one with Legacy Park shown and said we could change that font if we want. Wimmer stated that Parkitect is from Metal Coatings, which had done different bike racks but had sold the rights to it for about a decade, and they have gotten those back. They formed Parkitect to design bike racks, benches, all that type of thing. They are located right here in Isanti. They have contracts with significantly larger cities in Florida, the Carolinas, California – they do it all over the place. They will continue to give us the best price, it's a matter of pride for them as well. In discussions we've had with them, it's a very good situation for us to have. They make a really good product and they're also willing over time to take them in and clean them up. Zdon stated that it's a really good name for a company. Everett agreed that they do some really cool things and encouraged the board to check out their website for pictures of things they've done. She asked the board if they had thoughts on the ideas here as they move forward. Zdon said he liked the idea of them being consistent. Garvey stated that she liked the third one because it identifies Isanti Parks and the individual park. Johnson agreed that he thought that was the best one. Zdon stated that serpentine style is what you see everywhere. Johnson stated that he didn't know how you'd put a bike on the first one [single loop]. Zdon stated that you just chain it to it. Everett agreed and stated that would be a two-bike rack. Zdon said that with something like that people might not even know it's a bike rack. Witte agreed. Johnson said he would just think it was a sign. Zdon summarized that we definitely want a serpentine and that they liked the park name. Johnson said he thought that looked sharp. Everett stated that she thought they could change the shape of the plaque that goes between the sections too. For the amount of space, we'll probably keep that simplified version of the logo with just Isanti Parks and the tree. The tree there is the same in the Parks logo and the City logo.

Everett stated that otherwise she just had a couple of reminders. The school district representative will be here in January to discuss where the rock program is at. We'll give her a little bit of time to talk about what that program will be, and then discuss any rules that we want them to be aware of. Also a reminder that we do not have a December meeting. We will be back for the January 23rd meeting. We are still working on getting all of the events set for next year, and she will present any drafts of the brochure as we have them.

Zdon asked if anyone had any other items. Johnson said that he did. He explained that if anyone didn't know we are getting a hotel in the city, and he was trying to think about how we would keep in busy in November and December. He is thinking – he didn't know if anyone had been to Bentleyville in Duluth – why can't we bring that Isanti in Bluebird Park? He has a little bit of legwork and homework to do, and he's willing to do that, he just needs permission to put this on our next agenda to discuss this. Wimmer added that he wanted to make the board aware that we had taken a look at this previously; he and Everett had looked at it last year. The big that it comes down to obviously is money. In Duluth, that is all privately funded. It started out as a large display and it grew and grew and grew and it got kind of overwhelming so they moved it into the city of Duluth. We had looked at it previously; the big thing, as with everything, is money. You'd have to get substantial backers. The number he threw out was you'd probably have to get about $50,000 just to start out. A big part of that, as an example with the street dances, we had to get a new transformer that was something like $3,000-$5,000. So just making sure it will all fit together that way. If the park board thinks it's a good idea, put it on the next agenda and we'll have discussion, then it goes to Council. There certainly isn't any funding in the budget for 2018 for this to occur. It would have to follow that same private enterprise type thing. Being in Bluebird Park would be a good location for it for sure; the land is there, the parking is there. Wimmer stated that he told Johnson that if he got some money together we'd certainly let it happen in our park. It would be great if it could happen. Johnson stated that if he recalls right, Duluth charges $5 for parking, but the event is free. Witte confirmed that the event is free, and they take donations. Johnson stated that we can discuss it further. Wimmer stated that he wanted to reiterate that it would not be a City of Isanti event. Zdon stated it would be a private event in the park. Wimmer stated we wouldn't be setting those rules for it as a Council. If you

got the backing, it would be up to whatever non-profit. It would be, for lack of a better term, a glorified Special Event Permit for using the park for X-amount of time. That would be our only official interaction with it. Everett stated that we've had conversations about paid parking with BMX extensively too, so we have to make sure whatever happened there is the same across the board. Wimmer agreed and added that we would get most of the money as the City because we put in the parking lot. Zdon stated he thought it would be a good thing to start discussing, and obviously it would be at the soonest next year. Johnson agreed and said we'd meet in January to talk about it and it wouldn't happen until December 2018. Zdon stated that you'd need corporate sponsors, but it's out there. Everett asked for clarification about what would go on the January agenda. Johnson said he would do most of the work, but he's not going to say don't help him. Garvey stated that if it's not a city event, that there isn't anything Everett should need to do at this point to get prepared for it. After the meeting there might be a better idea of what do.

7. Adjournment

Motion by Witte, second by Johnson to adjourn the November 28, 2017 meeting of the Parks, Recreation, and Culture Board. Motion was approved.

The meeting adjourned at 6:29 p.m.

Everyone rose for the pledge of allegiance.

C. Roll Call.

Members Present: George Wimmer, Steve Lundeen, Dan Collison, Ross Lorinser, Paul Bergley, Jim Kennedy, and Jeff Miller.

Members Absent: None.

Staff Present: Ryan Kernosky, Community Development Director

1D. Agenda Modifications.

Director Kernosky stated that there were no Agenda Modifications, Motion by Lundeen, second by Collison to approve the Meeting Agenda. Motion was unanimously approved.

2. Approval of Minutes from November 21, 2017 Planning Commission Meeting

Motion by Lundeen, second by Collison to approve the Meeting Minutes. Motion was unanimously approved.

3. Public Hearing

A. Request from Kwik Trip, Inc. for approval of Preliminary Plat "Kwik Trip 1019" pertaining to PID 16.040.0830 & PID 16.053.0010.

Director Kernosky provided the Commission an overview of the request from Kwik Trip Inc. Mr. Kernosky stated that the applicant has a purchase agreement with the owner of the former Riverside Market. Mr. Kernosky continued to say that because the property was previously platted, a new plat is required because the use of the property uses both parcels. The request is to combine the two parcels into one large parcel.

Director Kernosky also stated that the County has reviewed the plat and requested that a 60 foot right of way off of CSAH 5 is dedicated to the county for a right turn lane. Staff is recommending approval with the conditions stipulated in the Resolution.

Mayor Wimmer opened the Public Hearing at 7:32 p.m.

Mayor Wimmer closed the Public Hearing at 7:32 p.m.

Mayor Wimmer stated that the plat is consistent with what the City was presented with earlier this year.

Mr. Bergely stated that the discussion about either a round-a-bout or a stop light has been brought up for the E Dual Blvd and CSAH 5 intersection. Those options are up to the County and at this time they don't believe that it's needed.

Motion by Lundeen, second by Lorinser to recommend approval of Resolution 2017-XXX approving the Preliminary Plat for Kwik Trip 1019 with conditions. Motion passed unanimously.

B. Request from Kwik Trip, Inc. for approval of a Conditional Use Permit and Site Plan/Building Appearance to construct a gas station, convenience store, and car wash on PID 16.040.0830 & PID 16.053.0010.

Director Kernosky provided an overview of the proposed site plan/building appearance and Conditional Use Permit for Kwik Trip. Mr. Kernosky stated that the standards for both the gas station, car wash, and convenience store meets the standards set forth in the zoning code. The property meets setback requirements. Staff is recommending approval with the conditions set forth in the Resolution.

Director Kernosky stated that the traffic light should be addressed in the future.

Mayor Wimmer stated that the structure on there will be removed at some point in the future. Dean George, representing Kwik Trip Inc, stated that demolition will happen sometime this winter, with construction commencing either late summer or early fall 2018. They hope to open the store by January 1, 2019.

Mayor Wimmer opened the public hearing at 7:39 p.m.

George Heman, 323 Palomino Road – Mr. Heman recommended that the entrance into the Kwik Trip should be moved to line up with Credit Union Drive to create a four-way intersection.

Mayor Wimmer stated that the City has been working on this issue with the County. The County will not install a controlled intersection without a four-way intersection, and that wouldn't happen until the City acquires right of way on the vacant parcel between the lift station and Minnco Credit Union.

Brian McKulla, 444 E Dual Blvd – Mr. McKulla stated that he was one of the owners at 444 E Dual Blvd, and that he supported the proposed Kwik Trip. Mr. McKulla stated the left and right turn lane on E Dual Blvd to CSAH 5 was poorly designed and should be looked at.

Mayor Wimmer closed the public hearing at 7:42 p.m.

Motion by Lundeen, second by Lorinser to recommend approval of Resolution 2017-XXX approving the site plan/building appearance and Conditional Use Permit with conditions. Motion passed unanimously.

4. Other Business.

A. None.

5. Other Communications.

A. None.

6. Adjournment

MEMO

To: **Mayor Wimmer and Members of City Council**

From: Katie Everett, Community Events and Parks Coordinator

Date: February 7, 2018

Subject: A Resolution Accepting Proposal for Mattson Tennis Court Resurfacing

---

Background:
The Mattson Park tennis courts are cracked and in need of repair. In 2016, staff determined that the cracks are too large to be repaired and the courts will need to be resurfaced. Estimates for the work have been received from three companies as follows:

Lee Sports Surfacing LLC. 2 acrylic resurfacer coats 2 finish color coats	$15,200.00
Surface Pro 1 acrylic resurfacer coat 2 finish color coats	$14,227.00
Tennis Court Doctor 2 acrylic resurfacer coats 2 finish color coats (add $1000 to attached estimate for 2 color finish)	$15,880.00

All quotes received are updated from 2016 without site visits – staff request that a 15% contingency be added to the approved estimate.

Funds for tennis court resurfacing are budgeted in PRC-500 at $18,800. Due to the temperature requirements for this work, it will likely not be completed before the Spring 2018 school tennis season.

Finance Committee Recommendation
At its January 18, 2018 meeting, the Finance Committee discussed the bids received and recommends Lee Sports Surfacing LLC for the project.

Requests:
Staff are requesting City Council consider approving the proposal from Lee Sports Surfacing LLC. to complete the work on the Mattson Park Tennis Courts. The funding source is budgeted in PRC (500) and will not exceed $17,480 (including 15% contingency).

Job Site Name Mattson Park
Job Site Address 311 5th Ave NW Isanti

We hereby bid to complete the following project:

Repair and resurface 2 tennis courts

Surface Inspection and Cleaning:
- Tennis courts will be cleaned thoroughly to remove all dirt and residue from the surface.
- Clear entire court of debris.
- Power wash all loose materials and debris from every part of the surface.

**Note: this process will take an on site water supply*

Court Inspection:
- Chips, Cracks, Dings- These areas will be repaired with portland and binder filler, applying pressure with a tool, such as a putty knife or trowel.This is done to insure that material comes in contact with all surfaces of the crack or void. The filler will be allowed to set a minimum of one hour. If material shrinks below grade level, material will be reapplied in the same manner and allowed to set.

Birdbaths (an area 1/8" under a 10' straight edge):
- Birdbaths- These areas will be patched with Bond Coat mix. Areas to be repaired shall be dampened with water before spreading the mixture into the depression. After the mixture has attained an initial set, it will be troweled or broomed so that it is even and feathers into the adjacent surface.
- The mixture will then be allowed to dry prior to application of coatings. This process shall be repeated until the area is completely full and level. After material is cured, these areas shall be rubbed down to a rough finish with a rubbing brick.

Surfacing/Resurfacing:
- One squeegee coat of Acrylic Resurfacer (ACR) will be applied in strict accordance with the SportMaster product specifications and guidelines. Surface coats will be applied at the manufacturer's recommended rates per square yard for each coat.
- Apply two squeegee coats of SportMaster Color-plus Acrylic Tennis Court Paint in strict accordance with the SportMaster product specifications and guidelines. Acrylic paint coats will be applied at the manufacturer's recommended rates per square yard for each coat.

Line Painting
- Lines will be painted with acrylic white line paint according to USTA specifications.

Notes:
- Repair Approximately 250 feet of structure cracks
- 2 birdbaths near the practice wall
- Entire surface of courts is dirty
- Several small pits
- Red outside green pads
- One side of the courts gets no sun (lots of pine trees)

Total including all materials and labor for project. $14,227.00

Payment information

Payment of 50% at start project (To be received by Surface Pro LLC before starting project)
Final payment of 50% upon completion.

Warranty and Notes:

- All workmanship is warrantied for two years from all de-lamination or pealing due to unclean surface before application.
- Surface Pro LLC is not responsible for de-lamination due to water intrusion or underground root or hydro pressure.
- Crack-filling does not imply crack elimination. Hairline cracks will reappear. This is normal, it is called reflection.
- Surface Pro LLC is not responsible for existing grades and drainage or compacting existing base.
- Cracks, if not patched, will continue to expand over a period of time and conventional repair methods may become unavailable.
- Surface Pro LLC is not responsible for cracks returning after repair.
- A monthly finance charge of 2% will be added to any payments past due.

5. Public Hearing

A. Conditional Use Permit request from Warren and Brett Thunstrom to operate a Microbrewery at 2 Enterprise Avenue NE Suite A3 (PID 16.132.0040

Mayor Wimmer opened the Public Hearing at 7:20 p.m.

Director Kernosky provided the Commission an overview of the request from Warren & Brett Thunstrom to operate a Microbrewery at 2 Enterprise Avenue NE Suite A3. Because the subject parcel falls within the B-2 and TH-65 overly zoning districts, 'Microbrewery' is a conditional use in the aforementioned districts. Director Kernosky stated that the Conditional Use Permit is consistent with the Conditional Use Permit standards set forth within the zoning code, and is consistent with the City's Comprehensive Plan. Director Kernosky stated that staff is recommending approval with the conditions set forth in the attached Resolution.

No one spoke at the public hearing.

Mayor Wimmer closed the Public Hearing at 7:22 p.m.

Commissioner Bergely asked whether or not the applicant was able to answer any questions. Mayor Wimmer yielded the floor to Warren Thunstrom and asked him a number of questions regarding the Conditional Use Permit. Mr. Thunstrom stated he had no concerns regarding the conditions placed on the land-use permit.

Commissioner Bergely asked if a restaurant was going to be apart of this project, Mr. Thunstrom responded and stated that there were no plans to have a restaurant. Mayor Wimmer asked Mr. Thunstrom to provide the Commission with details on the differences between a microbrewery and a brewpub.

Mr. Thunstrom stated they were still working on obtaining licensing from the various jurisdictions.

Motion by Collison, seconded by Lorinser to recommend approval of the Conditional Use Permit with conditions within the Resolution. Motion passed unanimously.

6. Discussion Items.

A. 2017 Community Development Department Report

Director Kernosky provided a report on the activities within the Community Development Department in 2017. He stated that 91 new homes were constructed in 2017, and reduced our vacant lot inventory to 145 single-family lots. He continued to state that 755 code violations were citied in 2017, with the majority of those violations being for long grass and illegal parking of vehicles. Finally, he reviewed the 2017 City Council Goals, stating that the annexation project is near completion, and that the 2028 Comprehensive Plan update is getting ready for 2019/2020 budget cycle, and that the City continues to have high requirements for quality of projects.

Mayor Wimmer stated that we are still working on finding a quality candidate for the Building Official position. The City is working with MNSpect, LLC on a potential long-term contract.

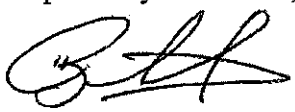
The meeting adjourned at 7:28 p.m.

Dated at Isanti, Minnesota this 17th day of January, 2017.

Respectfully submitted,



Ryan Kernosky
Community Development Director

CITY OF ISANTI
PARKS, RECREATION, AND CULTURE BOARD
MEETING MINUTES
January 23, 2018
City Council Chambers

1. Meeting Opening.

A. Call to Order.
Zdon called the meeting to order at 6:00 p.m.

B. Pledge of Allegiance.
Everyone stood for the Pledge of Allegiance.

C. Roll Call.

Members Present:	Jennifer Garvey, Jeff Johnson, James Witte, and Mayor Wimmer, Aaron Zdon
Staff Present:	Katie Everett, Community Events and Parks Coordinator, Clark Joslin, City Attorney
Others Present:	Julie Robillard,

D. Agenda Modifications.
Zdon asked if there were any agenda modifications. Witte stated that he would like to discuss snow clearing on trails in the City. Mayor Wimmer stated that could be discussed under the Parks Updates item. The board agreed. Mayor Wimmer made a motion to approve the agenda; second by Johnson. The January 23, 2018 Parks, Recreation, and Culture Board Agenda was unanimously approved.

2. Organization of Advisory Bodies per Chapter 8 of the Isanti City Code

A. Oath of Office for New Parks, Recreation, and Culture Board Member
Garvey stated the Oath of Office.

B. Chair of Parks, Recreation, and Culture Board
Mayor Wimmer nominated Aaron Zdon for Chair. Garvey seconded the nomination. Zdon was unanimously approved as Chair.

C. Vice-Chair of Parks, Recreation, and Culture Board
Mayor Wimmer nominated Jennifer Garvey for Vice-Chair. Johnson seconded the nomination. Garvey was unanimously approved as Vice-Chair.

D. Secretary of Parks, Recreation and Culture Board
Mayor Wimmer nominated City Staff; Zdon seconded the nomination. City Staff was unanimously approved as Secretary.

E. Approve Parks, Recreation, and Culture Board Meeting Dates
Wimmer made a motion to approve the 4th Tuesday of each month with no meeting in December as the meeting dates for Parks, Recreation, and Culture Board in 2018; second by Johnson. The meeting dates were unanimously approved.

F. Discussion of Parks, Recreation, and Culture Board Member Involvement with other Boards
Everett stated that this has been a standard item for the January agenda in the past. The Board determined that it is not applicable and can be removed for the future.

G. Review of Conflict of Interest Policy – Resolution No. 2018-008
City Attorney Clark Joslin reviewed the policy with the board members. Joslin stated that the purpose of the policy is to assure that the business of the city that comes before any board or commission is subject to the provisions of the policy and state law which prohibit any public officials from acting on matters on which they may have a conflict of interest. He explained what a conflict of interest is and gave the examples. He stated that if the board members ever had a question about a situation that may be a conflict of interest, they can check online at the League

of Minnesota Cities or feel free to call him as City Attorney and he will help them to find the answer. Joslin also explained the Open Meeting Law to the board; whenever there is a quorum present outside of a meeting there should not be any discussions on any issues that may come before the board. Similarly, it is not permissible for one member to call another member to discuss a matter of business and encourage that they call another member; this is a way to circumvent the Open Meeting Law and is not allowed.

2. Approval of Minutes from November 28, 2017 Parks, Recreation, and Culture Board Meeting

Motion by Johnson; second by Witte. Minutes were unanimously approved.

3. Schedule Annual Park Tour

Everett explained that this typically is done in April, this year that will be April 24th. Wimmer made a motion to approve the April meeting as the park tour date; second by Garvey. Motion unanimously approved.

4. Rock Program – Julie Robillard, Cambridge-Isanti Schools

Julie Robillard, Isanti township resident and School District representative, came to the podium to address the board. Robillard explained that she came to the board to ask permission to use the City Parks for a project she'd like to start. Her daughter attends Southwest Minnesota State where they have a project that is wildly popular. They paint rocks and hide them in the parks; people find them and take pictures of them and post them to their rock page and then rehide it. There are businesses in town that have a special rock and then something they do with it; they have a Hy-Vee grocery store so the kids can bring in the rock and get a free cookie or something. She explained that when she was there to visit over the summer there were hundreds of families in the parks doing this. She is interested in trying this here as well. She explained that they would also put the Facebook page on the back of the rocks so people knew where to find them online. She has also spoken with Isanti County Parks and City of Cambridge and everyone is on board to get a Cambridge-Isanti rock program started. Zdon asked who would paint the rocks. Robillard explained that she works for the school district for Moving Forward which is a program for special needs kids that have graduated from high school but have not yet moved on to a working position. They volunteer to get work experience. Those kids have been painting. Some homeschool families have been painting rocks as well, and the recreation person at River Hills and Grace Point Crossing will be getting rocks so that the residents can paint as well. Depending on the weather, they are hoping to start in March or April. They will kick off the Facebook page; they're hoping to get it posted to the County Parks Facebook page and hoping that the Mayor will put out a blurb on his page. There will also be an article in the newspaper. Her kids will go out and hide them initially and the community will take over after that. Robillard will manage the Facebook page. Johnson asked for clarification if her kids are painting the rocks and he finds one does he re-hide it. Robillard explained that yes, he could re-hide it or he could keep it if he really liked it. Witte asked if Facebook would be the only social media outlet used. Robillard confirmed that it would; she will pin rules to the top of the page. The rules would include no hiding in grass for lawn maintenance and safety so the rocks don't fly out from the mowers. She explained that the rocks for smaller kids are hidden in plain sight; so they are hoping to use playground equipment and in bushes in landscaping or crooks of trees. Isanti County would like a rule that the rocks are painted with only appropriate images (nothing religious and all age appropriate). Wimmer stated that he and Everett had met with the other family interested in doing this program and what they discussed was that everything on the rocks would have to be appropriate and that getting business approval if their landscaping is going to be used. Additionally making sure that people know if they want to paint rocks how to get them stamped as part of the program. Robillard stated that will just be putting the Facebook on them; she hasn't set up the page yet but will do that once she has the rules from everyone. She also stated that Isanti County would like to post at the larger parks something that states that if people find a rock they can post it to the Facebook page to advertise the program. They are also hoping to use the bike path

too, maybe on the bridge or where the benches are. Some of the rules from Cambridge are to not hide down by the river for safety. Witte asked how long Marshall has been doing this; Robillard stated that they started last year. Their program is progressing, they started with rocks and then in the winter they did small pieces of wood that kids used as ornaments on trees. She stated that they don't have snow in Marshall right now, so they're still out finding rocks.

Zdon asked what the board needs to do for approval. Wimmer stated that the board would give a recommendation and City Council would have to give approval for them to be placed in the parks. Council would want to look at the rules; they'd want some of the same things that the County is looking for like keeping everything appropriate. He stated that giving a pitch to the Chamber may also be a good idea because there are a number of businesses that may embrace it. The Chamber here is the North 65 Chamber, so it's not just one city and actually fits well with what Robillard is trying to accomplish. Johnson stated that he thinks it's a great idea; and as long as we have the rules and are emphasizing that 7:00 am to 10:00 pm are the park hours. Witte asked how many rocks they plan to start with. Robillard explained there are a lot of parks to hide them in, but they hope to get at least 5 rocks in most parks. There are a lot of rocks to paint which is why she has so many people involved. Wimmer stated that there are 40-50 depending on what you count as a park between the county and city parks.

Mayor Wimmer made a motion to make a recommendation to City Council to approve the rock program; second by Johnson. Vote was unanimously approved.

5. Winter Event – Jeff Johnson

Johnson explained that he has done quite a bit of legwork on the idea of Bentleyville in Isanti. He actually talked to the guy that builds Bentleyville, another holiday lights company, and a gentleman that grasped the idea of building it for us. He has a lot of questions that he asked. Bentleyville is now 15 years old; he's been there twice and remembers it like yesterday because it's a pretty cool place. He recognized that it will start out slow and it might be kind of rough. Bentleyville started with 10-12 major sponsors; today they have 150. He asked the gentleman that he spoke with, Tim, and asked him to pull up a map and they talked about Bluebird Park as a location and Tim stated it was a great location. Tim said it would probably start around 5 to 10 acres and grow from there. The price tag he found was $600,000 on lights alone, over 15 years it's been $2 million. The light structures are iron structures that are painted and the lights are put on them. They did have a significant amount of loss until 2013, and now they are tripling that amount. If it is done right, in hopes we could turn out that way. Tim stated that $30,000-$50,000 should be sufficient to start. That is just for lights. He also mentioned that we need volunteers to work the event. Johnson reached out to see if there was any interest and the Lions and the VFW jumped on board. The big thing that Tim said was electric cords and checking the codes where that is concerned. Tim also recommended that if we are going to buy the displays that we go oversees or he recommended Temple Display. Tim said that Bentleyville uses the displays 3 to 5 seasons and then they replace them; so we could also grab on to somebody's recycled stuff for cheaper. Witte asked what they do with them now. Johnson stated that they scrap them, so why not grab on to something like that. He said that Minnesota Power has a kickback program if you use LED lights. Zdon stated that we'd have to use LED. Bentleyville in the first year with their 5 to 10 acres, Minnesota Power gave them $25,000. Johnson stated that because his goal is to fill the hotel, why not get a kickback from the hotel. If people tell the hotel that they're staying the night to see the holiday light festival; the hotel then kicks the program a small percentage. These are all ideas. Johnson stated Bentleyville is spending $40,000 a year on hot cocoa, $30,000 on popcorn, $20,000 on hats. After 15 years, they can do all of this. It's a lot of giveaways. Witte asked if all of this is given away. Johnson confirmed that it is all free. When they started there wasn't any of that; you paid $5 for parking and saw your free light display. Johnson stated this is obviously the way we'd have to go; he doesn't see any other way we'd survive. We would work something out with whomever decides to run this for us. He said he found a gentleman from Duluth jumped on it immediately and said he'd build it in Isanti. Johnson said that he clarified with that person that he isn't just looking for someone to build it, we also need someone to run the whole thing. Johnson said that he has done the

legwork and has everything at his fingertips. He thinks if he hands it to the right people it will take off. He stated that with the information he has, all he'd ask is that it's brought to the Council. Zdon asked for clarification if it was Tim that runs Bentleyville that said he'd be interested in running it. Johnson said no, it was another person from Duluth Event Lighting.

Zdon asked Mayor Wimmer, for arguments sake, if someone wanted to spearhead this, if it would be a Special Event Permit or how it would work. He would imagine they'd be using the park for a month. Johnson stated that Bentleyville goes from the weekend after Thanksgiving to the weekend after Christmas. Garvey stated that they'll also have to do prep and tear down, so she would estimate 6-8 weeks. Mayor Wimmer stated that first we'd have to see it all in writing so we can make a judgement on it. When you say "hand off" if it's something that would be done by a private group, that private group would put together that proposal and make the presentation to the Council. That's how rodeo is done, BMX, soccer, that's how all of those big events are done. That sounds kind of like what this what Johnson is leaning toward. Then it would be a Special Event Permit situation. Zdon asked if a Special Event Permit could cover that length of time. Wimmer stated that it could; Zdon clarified that there aren't any bi-laws that say you can't have a six week event. Wimmer stated that again, if it's going to be a private entity that's doing it, he's assuming that it will have to be funded whether that's with sponsorship or cost to get in. When you do that in Bluebird Park, it would be difficult to have the park shut down for everything else but that. You have skating going on, other events going on. Bentleyville takes over the whole area. The benefit they have is that they have those parking garages right there. A lot of people will go up for a weekend or overnight. We would have to see on paper how they would propose to do it. For them to be able to do that, they'd have to come out and look at the site. Zdon stated that people would have to pay for admission; there'd have to be a gate or a thing of lights you walk through, they wouldn't be paying for parking. Johnson said that Bentleyville does paid parking. Zdon stated that you can't do that in the City park; there's no way to tell who is coming to park to go to this or to go skating or using the park for something. That's what we've done for BMX and other events. Wimmer stated that Chippewa Falls, Wisconsin has a smaller version of Bentleyville. It's still pretty elaborate, they take over a whole park. There it's donation only. You park in the park for free and then there's a donation bucket. To charge for parking within the park, we don't do that for those facilities. If it's something that would limit or eliminate the ability to use the other facilities in the park, that would, Wimmer thinks, a hindrance. It all depends on how they are going to do it. Zdon said he would think they'd start with the open bowl space, that's about 5 acres right there. Wimmer explained that how Special Event Permits work is there is an event map and an idea of the event impact. He and Everett are working with the rodeo for overflow parking, so there's a map of that whole area of town with the different parking, shuttling, horse trailers, etc. It's pretty elaborate. The rodeo has been doing this for decades, obviously, and it's getting bigger and kind of bursting from its seams. Those organizations are responsible for getting it all together, presenting it to us, and then we evaluate it. The Special Event permit goes through a number of departments here, including PD, as well as the Fire District. Everybody has to sign off on it that they've seen it and if there are any issues they'd have. When BMX does some of their big events, we block off that road. It's important for emergency services to know that so if an ambulance is coming through they know where they'll need to go. The permit process tries to cover all those things that come in to play. Everett stated that she can get Johnson that permit application so he knows what kind of information we look for. Zdon stated to summarize that Johnson can keep working on it and try to get someone to commit to taking it over, unless he wants to do it. Johnson said he can't. Zdon stated that whoever takes that over, would then get the benefits of whatever admissions and he would just have the Special Event Permit with us. Wimmer stated the first step is really getting down on paper what they think the impact would be. We don't want to get them so far down the road and then there's some hurdle that we have to get solved. It's best to kind of be talking about these things as they go. Johnson stated that putting together a proposal looks like it's the next step. Zdon agreed, and adding that looking at the power supply and all of those things. Everett stated that there are currently two outlets at Bluebird and each one can carry one bounce house before the circuit is blown. Zdon said those are things that can be addressed. Wimmer agreed and stated that when Wake Park was over there, they had to pay and upgrade all that electrical. It's all

ridiculously expensive. Johnson stated that he heard numbers of Bentleyville over the last 15 years and it was jaw dropping. Wimmer stated that Duluth, because they're so tourism driven, has passed some new sales taxes. What we're looking at doing, if we do get a hotel is a lodging tax. Then that money can be used to marketing and promoting any of those types of activities that get bodies into that facility. That's what those larger areas are using to grow these types of events. Then you get sponsors who want to give money to it because you get thousands of people coming to see it. It's one of those chicken and egg kinds of things – you need money to prime the pump, but you to have a good event that people are going to want to go to, so they have to kind of grow hand-in-hand. This is something that could be a really good thing. If there's somebody who's willing to put a plan on paper, that's the first test to see if they're real or not. If you get someone to do that, that's probably half the battle right there. We just need to see what the impact would be; everything from duration to facilities to power and how many port-a-potties would have to be brought in and how does that work in winter. All of those things that when you go to one of these events you don't notice until something doesn't work.

6. Middle School Tennis Court Reservation

Everett explained that the contract will be up after the Spring season. Right now, they are paying $400 per season. The last few contracts we've been going up by $25 an then those contracts are good for 2 years. Wimmer recommended going at least $500 per season. We're putting in $15,000 right now on those courts. It's still a great deal. When we first started it was set low just to get it in their mindset that these are something that need to be paid for. If you go to use a School District building or facility, there's a lot of cost for that including paying for a janitor to be on staff. They are well aware of the cost of doing business. The one way you can look it is that $500 is not that much, the other way is that's a 25% increase from what we have previously. Johnson asked if they started at $350. Everett said she thought that back in the day they actually started at $300 or $325. Johnson said that 10 years later, we're at $500, that's still a good deal. Wimmer stated that he wants to keep accelerating this so we're getting a little bit for the usage out of it. They are using it for a couple hours kind of in prime time. We want to have a good partnership with the school district and have a good place for the kids to play, Wimmer doesn't want to lose sight of that. Johnson said he's seen the public use it quite often. Wimmer stated that he has heard some consternation that on beautiful days people can't use it because the court is taken. One of the things we could also start looking at is that we have another court over at Academy Park. They like this court because they can have the kids walk there and then there's no transportation cost. Everett added that there are also two courts here and there's only one at Academy Park. Garvey asked if Everett knows how many days per week they're using the courts. Everett stated they use it Monday through Thursday. Garvey asked if they use it for both games and practice. Everett said she didn't know for sure, but she's never seen any buses or anything there so she would have to think it's only practice. Zdon stated that he would think games would be at the high school. Zdon stated that he thinks $500 per season is fair, especially with the $15,000 resurfacing this year. He asked when the last work was done; Wimmer stated he thought it was '03 or '04. Zdon stated that then it works out to about $1,000 per year just in surface upkeep.

Johnson made a motion to recommend $500 per season for use of the Mattson Tennis Courts; second by Witte, vote unanimously approved.

Everett also gave a quick update that the Finance Committee has recommended a contractor for the resurfacing which will go to City Council on February 7th. Because the courts need to be around 50 degrees overnight, it likely won't happen before the Spring season, but hopefully right after that so they can be open most of the summer.

7. 2018 Farmers' Market Rules

Everett stated that for the most part these will stay the same. There are actually a lot of Farmers' Market rules that are state mandated and we couldn't change them if we wanted to. Anything that has to do with food has a lot of extra regulation. There are just a couple of things for us to think about that Everett has seen different at other markets. A language change for our membership. Over the last couple of years, we

have gotten more and more vendors who only come every other week because they rotate with other markets or things like that. Everett hasn't required them to come to the first four because then they wouldn't come at all. She recommended changing this to stated that instead of all vendors being required to come to the first four that full season vendors are there. The reason we have that rule at all is so that the first few weeks we are establishing that our market is something our customers will want to come to all season. If we open the market and we have two vendors there, customers give up right away. Everett has seen that it doesn't necessarily apply very well to all vendors; some people don't have anything to sell the first four weeks.

Everett stated that we have a rule about having to weigh down tents. It's a rule from when we were on the pavement at the old location. Now we're on grass, so people really have no excuse. As we get more and more new vendors they are inexperienced with pop up tents. Everett spends a lot of time helping to set those up and then realizing they don't have weights with them. Almost all of those tents come with stakes. Staking them down is what she usually recommends. Other markets have requirements for how much weight is required because some people will toss a backpack on a corner and the tent will still blow away. The recommended change is to require 40 pounds.

Everett stated that the last change is open for more discussion. In the past, we have had a business of the week booth. Since Everett took over, she has not had any businesses do this. The sponsorship program does include the chance for the sponsors to come for a day to have a booth to promote themselves and their common interest with the market. Last year, we had two different kids under 18 that wanted to start selling things at the market. Everett talked to the Minnesota Farmers Market Association about what kinds of rules there are about ages for being able to have a booth by yourself. What she did last year was to tell them they could come and just have a parent there with them. Minnesota Farmers Market Association says that there is no rule and they can have a booth at any age, and some markets have started having a youth booth. The kids can come in for free and the goal is to encourage kids to start getting into it. It sounds like it's a lot of 4-Hers that are expanding their fair projects and things. Wimmer stated that he's not a huge fan of doing it for free that way you can get the ones that are going to do it seriously, and they will be making money. That's the kind of person you want to attract; then they have a little skin the game too. Wimmer stated that he would also be concerned with that worst case scenario, if you have someone younger and they're not quite used to doing that kind of thing and someone tries to talk them down or something, we don't want to have something negative to happen. Wimmer stated he doesn't think there should be an age limit for vendors, but would want to have a responsible adult present. Garvey agreed that wording should be added. Witte asked for clarification that they'd have to pay the membership fee of $10 and if they wanted to continue pay the $10 fee for the days they'll be there. Everett stated that if someone wants to only come one day, it ends up costing them $20; $10 for the membership fee and $10 for a single day booth fee. There are discounts if they want to come the full season or half season. Wimmer stated that the fee is there for the same reason that we charge at the community garden; it's to get people to have some skin the game so that people don't take it seriously. It also teaches the kids a life lesson that things cost money.

Everett stated that she will run them through Council with that change to the ages. Mayor Wimmer made a motion to recommend Council approve the rule changes; second by Garvey, unanimously approved.

8. 2018 Parks Publication Drafts

Everett explained that each member has updated color copies of the documents. She explained that the past Parks Brochures had a lot of redundant information from one year to the next, so in the 8x8 booklet she has combine all of the parks directory information that will be the same year over year. That information will be distributed at events or to new residents and can also be placed on the website so that people know what facilities we have here and what there is going on. Then we're not paying to print that same thing over and over again. To convey the information that does change, we have the handy foldable calendars. They will go out with Spring Isantian that goes out the beginning of March. They'll be printed

on the same paper as the old Parks Brochure so they'll be glossy and a little bit heavier than the copy paper. The goal is that people will keep them handy all year. They can hang up the calendar on their fridge or keep in their pocket and know what's going on. Johnson stated that he still has the 2017 brochure. Everett explained that the full page calendar has the overview of events and the back has a little bit more detail. For all of the big events that we do, Everett puts out all kinds of there marketing materials as well, but this is kind of a primer of what we've got going on.

Wimmer asked if Everett could give an update on Celebrate Isanti. Everett explained that Celebrate Isanti will be August 11th and we will be working with Anderson Race Management for timing of the 5K for us. That can help boost participation and will make it easier for us to manage. The experience for the runners will be much more fluid to get them registered and the timing at the end. We still will have places. Wimmer stated that we had about twice as many last year as we did the year before; Zdon stated that it will continue to grow. Everett stated that the race will continue to be free; there is money built into the budget for the event to bring someone in to help with that.

Everett asked the board if they had any other comments or questions on the brochures, otherwise they will be printed very soon. Wimmer stated that the golf course was added since the packet was put together because it is now part of the City.

9. Parks Updates

Everett stated that movie nights have been a success this year. We had 39 come for Arts and Science Academy's night. It was one of those days that it was really nice out so she wasn't sure if anyone would come to watch a movie. A point of discussion for the board is that Arts and Science Academy put their name in the hat to come back in February, but we also have a new girl scout troop. All of those girls are from Cambridge. She wasn't sure who would have priority, the Isanti group coming back or the outside group for the first time. She told both of those groups she would let them know by the beginning of February. Potentially, a new Isanti group still could come in. The rules do not clearly state which would have priority. Wimmer stated that we'd have to give precedent to the Isanti group because it's Isanti funded. Zdon asked if Heavenly Sunshine is in one yet; Everett stated that they're signed up for Secret Life of Pets. Garvey asked if we'd need to bring it back to the board to change the rules; Everett stated we would. Garvey said that we should do that so the rules are more clear, and we should also have some sort of a deadline. Everett stated when the rules were established we didn't have groups every time, but it's nice to give groups time to advertise and get people excited about it. Waiting to the last minute isn't great for anyone. Everett said that she'll bring the rules back in February.

Everett explained that the Street Dance bands have been booked. June 23rd we'll have Maiden Dixie, July 14 Jonah and the Whales are coming back, and August 11, which is also Celebrate Isanti, we'll have Bad Girlfriends. We have all of those contracts and we're getting them paid, so the bands are good to go. Everett explained that all of the bands have websites, so the board can go listen to them.

Everett explained that Celebrate Isanti is August 11, and all of the main events will be the same with the 5K run/walk and family bike ride. We'll have the kids festival in Bluebird Park; we bring in County Public Safety people, we'll work on having some Public Works people there as well this year with some of their big equipment to show people what keeps the town running that people never see, as well as lots of the community groups. We'll also have the car show with Rum River Rods going on on Main Street, and the Street Dance to close out the event. Hopefully we continue to grow each of the parts of that event from year to year too.

Everett stated that she is starting a new program each month called Curious Creatures. We had been having the first Saturday of every month Nature Detectives meet over at the Community Center. We tried it for 3 or 4 years and it just wasn't catching on; people are super busy on Saturdays. Everett is going to try a parent/child program and put it in the parks. We'll get people at our parks, and it kind of opens up

the nature world too to be able to do some really cool things while we're in the parks. Those will rotate between Bluebird Park, River Bluff Preserve, and Mattson Park so they're kind of distributed around town so they're easy for different people to get to as well. The program is free for Isanti residents. Winter is a hard sell to get people to come outside, so it might take a while to get this going.

Everett stated that the job posting for the Parks Intern is up on the website now. We're looking for a college student who is interested in going into Recreation Management or Parks and Rec field, or a communications person would be great to help with marketing. They'll help with all of the things Everett does in the summer. They'll help with parks maintenance at the community garden, inspections of the playgrounds, helping at events, farmers' market, etc. That person will be very busy.

Everett stated that we are very close to finally getting Academy Park. She checked in earlier today and they are waiting for someone from Highland Bank to give them the okay to go ahead with the title. We will hopefully get there very soon. Everett stated that something that didn't make it onto the list was that we have to update the portable bathroom contract this year, and she needs to know if we'll put one at Academy Park. Johnson stated that there isn't a bathroom accessible to the public anywhere over there. Wimmer stated that it's a public park so we'll need to have one. Zdon asked if there are any portables in any of the parks right now. Everett and Wimmer stated that there are not. Everett explained that we pull them out the end of October, usually before Halloween. Zdon said that he's had some people ask him why there's never any in the winter. Everett stated that she doesn't know that they'd get used enough to justify having them out there, and they may freeze. Zdon stated that when they use them at work they don't freeze because of the chemicals. He just asked because he's gotten the question before. Everett stated that in the winter, the board can direct people to the public restrooms at Bluebird on the Indoor Arena because those are open.

Everett explained that we just had the goal setting meeting. Staff gave an update to Council that the dog park is partly budgeted this year and we're planning to finish budgeting for that in 2019. One of the Council members also asked us to look into potentially getting a sledding hill somewhere in the City. He mentioned Bluebird Park. The City is very flat, but we may also look at the hill that's at the soccer complex. The top of that hill are our retention ponds so there may be some challenges there as well. Wimmer stated that we will not be doing it Bluebird, but he stated that he was brainstorming with the City Administrator and City Attorney after the meeting about different locations. The original proposal for Bluebird wouldn't be feasible because we'd need so many changes. He stated that we could potentially take a look at the area at River Bluff near the stairs. We'd first have to see if the DNR would allow us to do it. It's got a nice hill for sledding and a flat clearing so you don't hit anything at the bottom. The other locations have differing logistical issues that way. Obviously we'd need to have enough snow. Witte stated that it's a very steep hill. Wimmer agreed and stated we'd have to have a path that was obviously cleared. But we'd have to look at any erosion issues, and again if the DNR would let us do it. The only area we totally control would be off of the ponds at Public Works, but that goes down into the soccer fields, so they'd have to be okay with what may or may not happen to the fields. Zdon stated that it's a pretty good hill there but at the top there's no where to go because of the fence. Wimmer stated that we used to have one at the middle school as well as a skating rink, but the school said they didn't want any of that stuff there anymore.

Garvey stated that she had a couple of questions. Going back to the Street Dances, when Everett advertises when she says what band it is does it ever say what type of music genre? Everett said no, they're typically advertised as a group in any paid advertising. That's kind of the most efficient way to do that so we just list band titles. Everett stated the sponsor that creates the big flyers takes the band's marketing things and creates those and you can usually get an idea from that what type of music they are, but that's the most specific we usually get. Wimmer stated that so many of the bands that we get are also such a cross over, the country groups still play some rock and that type of thing.

Witte stated that he wasn't sure who maintains the Bike/Walk Trail, but he's been trying to run over there lately but there's always snow and ice. Wimmer stated that we don't plow it, and that's on purpose. One reason is so that people could ski or snowshoe; the other is that from a maintenance stand point, snowmobiles aren't allowed but if someone did drive across it they would damage it.

Garvey stated that she had one other question, going back to the intern. She asked if Everett had gone to any of the universities or anything like that. Everett stated that she hasn't done anything yet, it just went up the end of last week. Garvey stated she didn't know if that's something they've done in the past; Everett stated that we can definitely do it. Wimmer stated that this is our first Park and Rec intern, but we've done marketing interns before.

Johnson asked who we have that maintains the ice rink for the public. Everett answered Public Works.

10. Adjournment

Motion by Witte, second by Johnson to adjourn the November 28, 2017 meeting of the Parks, Recreation, and Culture Board. Motion was approved.

The meeting adjourned at 7:20 p.m.

At 7:24 p.m. Council came out of closed session. Mayor Wimmer requested that Attorney Frank Madden, legal counsel and owner of the office of the Labor Council Office of Frank Madden, provide a summary of the closed session. Mr. Madden stated that the closed session was to discuss the two-year LELS Labor Negotiations for the Lieutenant position. The contract has been ratified by the Union membership and the Union has submitted a signed contract. The contract is parallel to the licensed police officer's contract with the removal of things that were not applicable to the position. The key difference is the pay structure was revamped a little bit with a wage increase of 3% for both 2018 and 2019. MR. Madden asked if the Council had any questions. There were none.

Motion by Lorinser, second by Lundeen to approve the contract as presented. Motion carried.

Request for City Council Action

To: **Mayor Wimmer and Members of City Council**

From: Katie Everett, Community Events & Parks Coordinator

Date: February 20, 2018

Subject: A Resolution Approving a Special Event Permit Application for the Walk for Life Event

---

Background

The City received a special event application from the Pregnancy Resource Center/Lex Specialty Clinic looking to host a Walk for Life event on Saturday, May 19, 2018. The event is scheduled from 9:00 am – noon and is open to the public. The event will include a 2-mile walk on the Cambridge-Isanti Bike/Walk Trail with registration at the Bluebird Park pavilion. The event is a fundraiser; participants raise pledges prior to the event. Event organizers will clean-up after the event is completed. The applicant will submit the $100 clean up deposit and Certificate of Liability Insurance. Parking for the event is expected to be contained within the Bluebird Park lots; the portable bathrooms typically at Bluebird Park and the public restrooms on the south end of the Isanti Indoor Arena should be sufficient for this event.

All scheduled events occurring on the Cambridge-Isanti Bike/Walk Trail require approval by both the City of Isanti and the City of Cambridge, per the Joint Powers Agreement. The City of Cambridge has been contacted about this event as well.

The Bluebird Park shelter reservation form has also been submitted for this event. An additional Special Event Temporary Sign Permit will need to be filed if any signs will be posted for the event.

A copy of the application and department approval has been attached for City Council review.

Staff Request

City staff is requesting action on this item.

RESOLUTION NO. 2018-XXX

A RESOLUTION APPROVING EXTENSION OF AGREEMENT FOR PROFESSIONAL ENGINEERING SERVICES

WHEREAS, the City Council, of the City of Isanti, reviewed whether or not to go out for bids for professional engineering services; in recognition of the prior five-year contract term with current provider Bolton and Menk, Inc. expiring in March of 2018; and

WHEREAS, upon review the City Council per Resolution 2017-293, requested that Bolton & Menk, Inc. prepare a proposal for their consideration to extend the current Agreement for municipal engineering and related services for an additional five-year term; and

WHEREAS, Bolton and Menk, Inc. has offered an extension of the current Agreement for a five-year term, providing the City with a credit of $5,000.00 worth of engineering work through an Update to the 2010-2020 Capital Improvement Plan if the City were to renew with Bolton and Menk, Inc. for another five years; and

WHEREAS, Bolton and Menk, Inc. provides a high level of professional engineering services that the Council is satisfied with and the Council finds it in the City's best interest to renew engineering services with Bolton and Menk, Inc. for an additional five years.

NOW, THEREFORE, IT IS HEREBY RESOLVED by the City Council of the City of Isanti, Minnesota as follows:

1. The City Council hereby approves Bolton and Menk, Inc. for an additional five-year term to provide professional engineering services to the City, with Brad DeWolf serving as City Engineer.
2. The Agreement for Professional Services between the City of Isanti and Bolton and Menk, Inc. is hereby extended to March 18, 2023.
3. Engineering rates for 2018 shall be at the 2017 rate schedule, with any future annual increases not exceeding any cost of living adjustment the City Council approves for city staff.
4. That Bolton & Menk provides a credit of $5,000.00 towards professional engineering services through an Update to the 2010-2020 Capital Improvement Plan.

This resolution was duly adopted by the Isanti City Council this 20th day of February 2018.

RE: Continued Professional Engineering Services
Isanti, Minnesota

Dear Mayor Wimmer and Members of the City Council:

Thank you for the opportunity to continue providing professional engineering services to the City of Isanti. Since becoming the City Engineer in 2008 we have developed an in-depth understanding of the City's existing infrastructure and needs. We have also developed a close working relationship with City Staff over the past 10 years that continues to grow.

We propose to continue providing professional engineering services in the same manner that we have for the past 10 years, with the following updates:

1. Brad DeWolf and Jason Cook will continue to be available to answer any City Council and City Staff questions, anytime, 24/7.
2. We propose to have either Brad or Jason attend all City Council Meetings.
3. We propose to continue to bill our services at the rates we have used in 2017.
    a. Any future rate increases would not exceed any cost of living adjustments the Council approves for city staff.

To further aid the City in the continued effort to maintain and enhance the existing city infrastructure, we will update the 2010-2020 Capital Improvement Plan (CIP) by extending the Plan to the year 2025. This CIP update would be a $5,000 value to the City.

Please contact me at (612) 756-1032 if you have any questions or need additional information.

Sincerely,
Bolton & Menk, Inc.

Bradley C. DeWolf, P.E.
President/CEO

Bolton & Menk is an equal opportunity employer.

MEMO TO CITY COUNCIL

To: Mayor Wimmer
Members of the City Council
From: Josi Wood
Public Services Director/ Asst City Administrator
Date: February 20, 2018
Subject: Resolution Accepting State Bid for Public Works Vehicle and Purchase of a Plow, De-Ice Unit and Accessories

---

Background:
The City Council authorized the purchase of a Public Works Service Vehicle, plow and accessories when adopting the 2018 budget. The amount included was $49,000.00.

Staff is seeking to replace the 2001 Chevrolet 1500 PW Service vehicle, which will be sent to public auction, per the City's replacement schedule with a ¾ ton Chevrolet 4x4. Quotes were solicited from the state bid authorized dealer who holds the contract bid pricing for both Chevy and GMC. Also, included with the purchase of this vehicle was a plow and accessories. The following quotes were received totalling $46,432.08:

Truck

Bidder Name	Vehicle Description	Bid Amount
Ranger GM	2018 Chevy ¾ ton 4x4	$27,563.06
Ranger GM	2018 GMC ¾ ton 4x4	$27,634.41

Plow

Bidder Name	Vehicle Description	Bid Amount
Crysteel	9'2" Boss (incudes trim kit)	$7,455.02
Country Side Services	9'2" Crate	$6,962.99

De-Ice Unit

Bidder Name	Vehicle Description	Bid Amount
TowMaster	500gal de-ice system	$9,539.00
Plow World	400gal de-ice system	$9,846.00

Lights/Acc

Bidder Name	Vehicle Description	Bid Amount
LeRoy's Customs	Lights/strobes/backrack	$1,875.00
EATI	Lights/strobes/backrack	$1,933.80

Finance Committee Recommendation:
The Finance Committee reviewed all the quotes and has recommended to procceed with the purchase of the 2018 Chevy truck from Ranger GM, Plow from Crysteel, De-Ice unit from TowMaster, Lights/Accessories from LeRoys and accessories for a total amount not to exceet $49,000.00. The funding source and expense line is identified as ¼ PRC, Streets, Water and Sewer (500).

Request:
Staff is requesting action on this item.

ARTICLE 1 – PURPOSE OF AGREEMENT

This AGREEMENT is entered into between the City of Isanti, hereinafter called the Employer, and Local Number 419 of Law Enforcement Labor Services, Inc., hereinafter called the Union. The intent and purpose of this Agreement is to:

1.1 Establish certain hours, wages, and other conditions of employment;

1.2 Establish procedures for the resolution of disputes concerning this AGREEMENTS interpretation and/or application;

1.3 Specify the full and complete understanding of the parties; and

1.4 Place in written form the parties agreement upon terms and conditions of employment for the duration of this AGREEMENT.

The EMPLOYER and the UNION, through this AGREEMENT, continue their dedication to the highest quality of public service. Both parties recognize this AGREEMENT as a pledge of this dedication.

ARTICLE 2 – RECOGNITION

2.1 The Employer recognizes the Union as the exclusive bargaining representative under Minnesota Statutes for all licensed Essential Supervisory employees in the position of Lieutenant employed by the City of Isanti Police Department, Isanti, Minnesota who are public employees within in the meaning of Minn. Stat. 179A.03, subd. 14 excluding confidential and all other employees.

2.2 In the event the EMPLOYER and the UNION are unable to agree as to the inclusion or exclusion of a new or modified job class, the issue shall be submitted to the Bureau of Mediation Services for determination.

ARTICLE 3 – DEFINITIONS

3.1 UNION: Law Enforcement Labor Services, Inc., Local No. 419.

3.2 EMPLOYER: The City of Isanti.

3.3 UNION MEMBERS: A member of Law Enforcement Labor Services, Inc., Local No. 419.

3.4 EMPLOYEE: A member of the exclusively recognized bargaining unit.

3.5 DEPARTMENT: The City of Isanti Police Department.

3.6 CHIEF: The Chief of Police of the City of Isanti Police Department.

3.7 BASE PAY RATE: The employee's hourly rate exclusive of any special allowances.

3.8 OVERTIME: Work performed in excess of an employees scheduled shift.

3.9 CALL BACK: Return of an employee to a specified work site to perform assigned duties at the express authorization of the Employer at a time other than a scheduled shift. An extension of or an early report to a scheduled shift is not a call back.

3.10 IMMEDIATE FAMILY: Immediate family shall include the employee's spouse, child, father, mother, spouse's mother, spouses father, grandchild, sibling-in-law, sibling, grandparent, grandparent-in-law, step parent, step brother/sister, step child.

3.13 PROBATION PERIOD: Means one (1) calendar year from the employees date of hire. The probationary period for promoted or reassigned employees will last for six (6) months from date of promotion or reassignment.

3.14 RESIGNATION IN GOOD STANDING: An employee leaving service with the Employer after giving a two week notice, providing the employee has not been discharged for misconduct.

ARTICLE 4 – NON-DISCRIMINATION

The Employer and the Union agree not to discriminate against any employee on any basis prohibited by law.

ARTICLE 5 – UNION RIGHTS

In recognition of the Union as the Exclusive representative the Employer shall;

5.1 Deduct each payroll period an amount sufficient to provide the payment of dues established by the Union from the wages of all employees authorizing in writing such deduction; and

5.2 Remit such deduction to the appropriate designated officer of the Union.

5.3 The Union may designate certain employees from the bargaining unit to act as stewards and shall inform the Employer in writing of such choice

5.4 The Employer shall make available to the Union mutually agreed upon facilities at reasonable times for the purposes of conducting Union business.

5.5 The Employer agrees to make space available on the Employer bulletin board for the posting of official Union notice(s) and announcements.

5.6 The Union agrees to indemnify and hold harmless the Employer against any claims, suits, orders, or judgments brought or issued against the Employer under the provisions of this article.

ARTICLE 6 – EMPLOYER AUTHORITY

6.1 The Employer retains the full and unrestricted right to operate and manage all manpower, facilities and equipment; to establish functions and programs; to set and amend budgets; to determine the utilization of technology; to establish and modify the organizational structure; to select, direct and determine the number of personnel; to establish work schedules, and to perform any inherent managerial function not specifically limited by this AGREEMENT.

6.2 Any term and condition of employment not specifically established or modified by this AGREEMENT shall remain solely within the discretion of the Employer to modify, establish, or eliminate.

ARTICLE 7 – SAVINGS CLAUSE

This AGREEMENT is subject to the law. In the event that any provision of this AGREEMENT shall be held to be contrary to the law by a Court of competent jurisdiction or administrative agency from whose final judgment or decree no appeal is made within the time provided, such provision shall be voided. All other provisions of this AGREEMENT shall continue in full force and effect. The voided provisions shall be renegotiated upon written request of either party.

ARTICLE 8 – EMPLOYEE RIGHTS/GRIEVANCE PROCEDURE

8.1 A grievance is defined as a dispute or disagreement as to the interpretation or application of the specific terms and conditions of this AGREEMENT.

8.2 Union Representative. The Employer will recognize representative designated by the Union as the grievance representative of the bargaining unit. The Union shall notify the Employer in writing of the name of such Union representative.

8.3 Processing of a Grievance. It is recognized and accepted by the Union and the Employer that the processing of grievances as hereinafter provided is limited by the job duties and responsibilities of the employees and shall therefore be accomplished during normal working hours only when consistent with such employee duties and responsibilities. The aggrieved employee and the Union representative shall be allowed a reasonable amount of time without loss in pay when a grievance is investigated and presented to the Employer during normal working hours provided the employee and the Union Representative have notified and received the approval of the designated supervisor.

8.4 Procedure. Grievances, as defined by section 9.2, shall be resolved in conformance with the following procedure:

Step 1. An employee claiming a violation concerning the interpretation or application of this Agreement shall, within twenty-one (21) calendar days after such alleged violation has occurred or the employee through the use of reasonable diligence should have had knowledge of the occurrence of the alleged violation, present such grievance to the Police Chief At this step, the grievance may be presented either orally or in writing. The Police Chief will discuss and give an answer, in writing, to such Step 1 grievance within twenty-one (21) calendar days after receipt. A grievance not resolved in Step 1 and appealed to Step 2 shall be placed in writing setting forth the nature of the grievance, the facts on which it was based, the provision or provisions of the Agreement allegedly violated, and the remedy requested and shall be appealed to Step 2 within ten (10) calendar days after the Police Chiefs final answer in Step 1. Any grievance not appealed in writing to Step 2 by the Union within ten (10) calendar days shall be considered waived.

Step 2. If appealed, the grievance shall be in writing and presented by the Union to the City Administrator. The City Administrator will give the Union the Employers Step 2 answer in writing within ten (10) calendar days. A grievance not resolved in Step 2 may be appealed to Step 3 within ten (10) calendar days following the Employer's final Step 2 answer. Any grievance not appealed in writing to Step 3 by the Union within ten (10) calendar days shall be considered waived.

Step 3 A grievance not resolved in Step 2, by mutual consent, may be mediated usmg the services of the Bureau of Mediations Services. A petition for mediation by either party stops all timelines. A grievance not resolved in mediation, may be appealed to Step 4.

Step 4. A grievance unresolved in Step 2 or Step 3 and appealed to Step 4 by the Union shall be submitted to arbitration subject to the provisions of the Public Employment Labor Relations Act of 1971 as amended.

The Union and the Employer will endeavor to select a mutually acceptable arbitrator to hear and decide the grievance. If the Union and the Employer are unable to agree on an arbitrator, they may request from the Director of the Bureau of Mediation Services a list of qualified arbitrators. The parties will alternately strike names from the list of arbitrators until only one (1) name remains. The remaining arbitrator will hear and decide the grievance. If the parties are unable to agree on who will strike the first name the question will be decided by the flip of a coin.

8.5 Arbitrator's Authority

8.5.1 The arbitrator shall have no right to amend, modify, nullify, ignore, add to, or subtract from the terms and conditions of this AGREEMENT. The arbitrator shall consider and decide only the issue(s) submitted by the Employer and the Union in writing and shall have no authority to make a decision on any other issue not so submitted.

8.5.2 The arbitrator shall be without power to make decisions contrary to, or inconsistent with, or modifying or varying in any way the application of laws, rules or regulations having the force and effect of law. The arbitrator's decision shall be submitted in writing within thirty (30) days following the close of the hearing or the submission of briefs by the parties, whichever be later, unless the parties agree to an extension. The decision shall be binding on both the Employer and the Union and shall be based solely on the arbitrator's interpretation or application of the express terms of this Agreement and to the facts of the grievance presented.

8.5.3 The fees and expenses for the arbitrator's services and proceedings shall be borne equally by the Employer and the Union provided that each party shall be responsible for compensating its own representatives and witnesses. If either party desires a verbatim record of the proceedings, it may cause such record to be made, providing it pays for the record. If both parties desire a verbatim record of proceedings the cost shall be shared equally.

8.6 Waiver. If a grievance is not presented within the time limits set forth above, it shall be considered "waived." If a grievance is not appealed to the next step within the specific time limit or any agreed extension thereof, it shall be considered settled on the basis of the Employers last answer. If the Employer does not answer a grievance or an appeal thereof within the specified time limits, the Union may elect to treat the grievance as denied at that step and immediately appeal the grievance to the next step. The time limit in each Step may be extended by mutual agreement of the Employer and the Union.

ARTICLE 9 – DISCIPLINE

9.1 The Employer will discipline employees for just cause only. Discipline will be in one or

more of the following forms

A. Oral reprimand
B. Written reprimand
C. Suspension
D. Demotion, or
E. Discharge

9.2 Suspension, demotions and discharges will be in written form.

9.3 Written reprimands, notices of suspensions, notices of demotion and notices of discharge which are to become part of an employee's personnel file will be read and acknowledged by signature of the employee. Employees and the Union will receive a copy of such reprimands and/or notices. Such documents more than twenty-four (24) months old may not be used for promotional evaluation or disciplinary action and shall be removed unless the original signed letter of discipline indicates otherwise.

9.4 Employees may examine their own individual personnel files at reasonable time under the direct supervision of the Employer.

9.5 Employees will not be questioned concerning an investigation of disciplinary action unless the employee has been given adequate opportunity to have a Union representative present at such questioning.

9.6 Grievances relating to this Article shall be initiated by the Union at Step 2 of the grievance procedure under Article 8 of this Agreement.

ARTICLE 10 – JOB SAFETY TRAINING

10.1 The Employer agrees to provide employees with body armor as required by law.

10.2 The Employer will pay the cost of maintaining POST licensure.

10.3 The time an employee spends attending training, approved by the Chief and the City Administrator, shall be considered working hours for the purpose of computing wages and other benefits provided by this Agreement.

ARTICLE 11 – HOURS OF WORK

11.1 The normal work year is an average of two thousand eighty (2,080) hours to be accounted for by each employee through

a) hours worked on assigned shifts;
b) holidays;
c) assigned training;

d) authorized leave time.

11.2 Nothing contained in this or any other Article shall be interpreted to be a guarantee of a minimum or maximum number of hours the Employer may assign employees.

11.3 Scheduled shifts shall be bid by seniority prior to November 15th of each year.

ARTICLE 12 – OVERTIME PAY

12.1 Hours worked in excess of the employee's scheduled shift will be compensated at one and one-half times the employee's regular base pay rate.

12.2 For the purpose of computing overtime compensation, overtime hours worked shall not be pyramided, compounded, or paid twice for the same hours worked.

12.3 In lieu of monetary compensation, an employee may choose to receive compensatory time at the rate of time and one-half (l-l/2) to a maximum accumulation of eighty (80) hours.

12.4 Credit for overtime hours worked (pay and/or compensatory time off) shall only be given upon receipt of supervisor approved documentation as to the purpose and need for the overtime and must be approved by the City Administrator.

12.5 Overtime shall be paid to nearest 1/4 hour. Officers shall report their start time at the time scheduled and any time worked over their shift as authorized by the Chief.

ARTICLE 13 – COURT TIME

An employee who is required to appear in Court during the employee's scheduled off-duty time shall receive a minimum of three (3) hours pay at one and one-half (l-l/2) time the employee's base pay rate or for time worked, whichever is greater. An extension or early report to a regularly scheduled shift for a court appearance does not qualify the employee for the three (3) hour minimum. Overtime for court appearances shall be paid at the 1 1/2 times current rate of pay.

Court Standby: An off-duty employee who must remain available for a court hearing, and is required to call for verification that an appearance is necessary. An employee shall be compensated at the rate of $20.00 per day of standby only if no appearance is required. Compensation shall be paid for standby only on Tuesday, Wednesday, Thursday, and Friday. An employee may not receive standby pay and the court time minimum on the same day.

ARTICLE 14 – CALL BACK TIME

An employee who is called to duty during the employee's scheduled off-duty time shall receive a minimum of three (3) hours pay at one and one-half (l-l/2) time the employee's base pay rate or

for time worked, whichever is greater. An extension or early report to a regularly scheduled shift for duty does not qualify the employee for the three (3) hour minimum.

Call back time shall not include phone calls, must include employee reporting to work at the office or the scene of an incident.

ARTICLE 15 – SENIORITY

15.1 Definition: Seniority will be determined by an employee's length of continuous service with the Employer and posted in an appropriate location. Seniority rosters may be maintained by the Employer on the basis of time in grade and time within specific classifications. Full time employees shall always have seniority over part time employees. Seniority within the part time personnel shall not be transferable to a full time position.

15.2 Probationary Employees: During the probationary period, an employee may be discharged at the sole discretion of the Employer.

15.3 Lay-offs: Lay-offs are defined as separation from service by the Employer not related to discipline. Employees will be laid off by job classification seniority. Employees on layoff will have recall rights for one year after layoff. No employees will be hired in any job classification in which employees are laid off who have recall rights.

15.4 Vacancies: Job vacancies within the bargaining unit will be posted by the Employer in the department in a conspicuous place, for a period of ten (10) working days. An employee must apply for the position within the ten (10) working days posting time. An employee assigned to the posted job will be on probation for six (6) months, during which time the employee may be returned to their former position upon the request of the employee, without loss of seniority.

ARTICLE 16 – COMPENSATION

16.1 Rates of Pay: Employees covered by this AGREEMENT shall be compensated in accordance with the Salary Schedule marked "Appendix A" attached hereto and made a part of this AGREEMENT.

16.2 Meals: Employees will be reimbursed for meals according to current policy.

16.3 The City shall pay the following lump sum payments to employees possessing a valid Post License and current Firearms Qualifications on December 31 of the preceding year. Payment shall be made in January of each contract year.

Post License	$325.00
Firearms qualifications	$300.00

16.4 Longevity: Longevity pay is based upon full length of service as a full-time officer/lieutenant in the City of Isanti from date of hire. Members will receive longevity in accordance with the following schedule:

10 Years of Service – Two Percent (2%) above base wage rate
15 Years of Service – Four Percent (4%) above base wage rate
20 Years of Service – Six Percent (6%) above base wage rate

Longevity rates are applied to the base wage rate for full time employees for that year of tenure. The employee's anniversary date shall be the date used for the purpose of longevity increment movement.

ARTICLE 17– VACATION

17. 1 Vacation will accrue at the following rates:

0 through 1 year	6 days / 48 hrs. / yr.
After two (2) years	12 days / 96 hrs. / yr.
After six (6) years	18 days / 144 hrs. / yr.
After ten (10) years	24 days / 192 hrs. / yr.
After fifteen (15) years	27 days / 216 hrs. / yr.

17.2 48 hours of unused vacation and the Employee's annual accrual may be carried over from year to year.

17.3 When an employee terminates employment with the City in good standing, the employee shall receive the value of 100% of vacation time earned but unused as severance pay.

17.4 Seniority shall apply on vacation scheduling up to March 1st of each year. After March 1st, vacation scheduling shall be on a first come, first serve basis.

17.5 Vacation Donation Option: An employee may voluntarily donate their accumulated vacation hours (up to a max of 2 days / or 24 hours) to other employees whose accumulated leave balances are exhausted and who would otherwise be subject to a loss of income during a continued absence from work due to illness or injury. Donations will not be paid until all types of paid leave are exhausted by the recipient. The donated time will be paid to the recipient at the recipient's regular rate of pay on an hour per hour basis, and there will be no consideration for differences in wage rates applied to the transfer.

ARTICLE 18– LEAVES OF ABSENCE

18.1 Military Leave. Any military leave of absence shall be handled as provided by law.

18.2 Negotiating Committee. An employee elected to serve on the negotiating committee

representing the bargaining unit members shall suffer no loss of pay if negotiations are held during the employee's on-duty hours. The employee shall not be eligible for overtime or straight time if meetings are held during the employee's off-duty hours.

18.3 Jury Duty. Employees required to serve on jury duty will be compensated by the Employer for the difference between the employee's regular rate of pay and the amount paid for jury duty.

18.4 Parenting Leave. Unpaid parenting leave is available to employees pursuant to law.

ARTICLE 19 – SICK LEAVE

19.1 All full-time employees shall be credited with 8 hours of sick leave for each month of service, with a maximum accumulation of 480 Hours.

19.2 Employees may use their accrued sick leave for an illness or injury of the employee, employee's immediate family, and or to attend the funeral of a fellow employee. "Immediate family" will be defined by, and limited by, Minnesota Statutes Section 181.9413.

19.3 Upon termination of an employee in good standing and with five years consecutive employment, the employee shall be reimbursed one-half pay for sick days not used to a maximum of four hundred eight (480) accumulated hours at the employee's current rate of pay; and the employee shall be reimbursed for any unused sick leave for hours accrued in the termination year at the rate of one-half (1/2) of the employee's daily salary based on a maximum of accrual of ninety-six (96) hours.

19.4 An employee who is drawing worker's compensation shall be allowed to use accumulated sick leave as necessary to insure a full monthly paycheck, providing that employee shows documentation to the Employer.

19.5 The Employer may require an employee to submit a medical certificate verifying that the employee may return to work.

19.6 At the employee's option, the employee may sell back to the Employer unused sick leave in excess of 480 Hours up to a maximum of six (6) days in any one year and receive for said sick days compensation at the normal rate of compensation then being received. In computing this option, each year's accumulation is added to the previous accumulation and of that total any portion in excess of 480 Hours may be sold back under this provision up to six (6) days in any one year.

ARTICLE 20 – FUNERAL LEAVE

20.1 Funeral Leave is defined as paid leave not charged to an employee's sick leave or

vacation leave, given in the event of a death in the employee's immediate family. (See Article 3.10)

20.2 Funeral leave in an amount equal to three eight hour work days or 24 work hours shall be granted to each employee in the event of a death in the Employees immediate family. Requests for funeral leave will not be denied if the Employer's needs can be accommodated during the proposed absence.

20.3 Additional days. Additional leave time may be taken only with the permission of the City Administrator. These additional days will be charged against accumulated sick leave or vacation leave at the employee's discretion.

ARTICLE 21 – INSURANCE

21.1 Health Insurance. The Employer will provide a health and medical care insurance program to all employees. The Employer will pay 100% of the premium for single coverage health insurance. Employees choosing dependent care health coverage will be required to pay according to current City policy applicable to all City employees. Essentially, Employee contributions toward the premium costs of dependent coverage will increase or decrease by the same percentages as the City's overall policy cost increase or decrease for the health care coverage for the duration of this Agreement.

For 2018 and 2019 for the duration of this agreement, the Employer will provide a plan with coverage and benefits at least equivalent to coverage provided to the law enforcement unit within the City.

21.2 Life Insurance. The Employer will provide and pay the full cost of the premiums for, life insurance in the amount of $25,000.00 for each full-time employee.

21.3 Effective Date. The health and medical and term life insurance shall be in effect the first day of the first full month of employment.

21.4 Dental Insurance. The Employer shall make dental insurance coverage available to employee and employee's dependents. The Employer will pay 100% of the premium for single coverage and 100% of the premium for dependent care coverage.

ARTICLE 22 – HOLIDAYS

22.1 Recognized Holidays. Holidays include the following:

New Year's Day
Presidents Day
Columbus Day
Independence Day
Veteran's Day

1/2 day Christmas Eve
Christmas Day
Martin Luther King Day
Memorial Day
Labor Day
Thanksgiving Day
Floating Holiday

22.2 During the month of December Employees will be paid a lump sum check at the employees regular rate of pay for the above holidays or receive days off in lieu of payment. Days off must be scheduled with the employee's supervisor. Employees terminating employment during the calendar year will receive a pro-rated payment.

22.3 Employees who work on a recognized holiday shall be paid at one and one-half (1 ½) times their regular straight time rate for all hours worked, up to 12 hours pay depending on the length of the employee's normally scheduled work day, in addition to holiday pay as provided in Article 24.2. Holidays excluded from pay at the one and one-half (1 ½) times the regular straight time rate are the Floating Holiday and ½ Day for Christmas Eve which shall be paid at the regular straight time rate for all hours worked.

22.4 An employee utilizing the Floating Holiday will be allowed up to (12) hours pay, depending on the length of the employee's normally scheduled work day.

ARTICLE 23 – UNIFORMS

23.1 The Employer shall provide the initial uniform issue, as listed in Appendix B, for each permanent full-time employee.

23.2 Each employee shall receive a uniform allowance of $ $85.71 per month.

23.3 The Employer shall cover all costs of eyeglasses or other eyewear damaged or destroyed in the line of duty, except in those instances where the damage is loss or caused by the personal neglect of the employee.

23.4 The Employer shall pay for the repair or replacement of personal items of the individual employee which are damaged or destroyed in the line of duty, except in those instances where the damage or loss is caused by the personal neglect of the employee.

23.5 Employees terminating from the Police Department, with less than three (3) years of service, for any reason must return their entire uniform, including accessories, except for any items that were individually purchased by the officer using resources other than the uniform allowance. Regardless of the years of service, an employee terminating from the Police Department must return their body armor and other uniform accessories if originally paid for by the employer, and must return all uniform insignia and department "patches".

23.6 The Employer shall provide an annual stipend of $100 for the maintenance and replacement of the Officer's service firearm to each permanent full time employee employed by the Department as of December 31 of the preceding year. The payment shall be made in January of each contract year.

ARTICLE 24– OUTSIDE EMPLOYMENT

Employees must receive prior written approval from the Chief and City Administrator before accepting outside employment.

ARTICLE 25– WAIVER

25.1 Any and all prior agreements, resolutions, practices, policies, rules and regulations regarding terms and conditions of employment to the extent inconsistent with the provisions of this AGREEMENT, are hereby superseded.

25.2 The parties mutually acknowledge that during the negotiations which resulted in this AGREEMENT, each had the unlimited right and opportunity to make demands with respect to any term or condition of employment not removed by law from bargaining. All agreements and understandings arrived at by the parties are set forth in writing in this AGREEMENT. The Employer and the Union each voluntarily waives the right to meet and negotiate regarding any and all terms and conditions of employment referred to or covered by this AGREEMENT, although such terms or conditions may not have been within the knowledge or contemplation of either or both of the parties at the time that this contract was negotiated or executed.

ARTICLE 26 – DURATION

This AGREEMENT shall be in effect from January 1, 2018 until December 31, 2019, and shall remain in effect from year to year thereafter unless either party gives notice as may be required by state statute of their desire to amend this AGREEMENT.

IN WITNESS WHEREOF, the parties hereto have set their signatures.

MEMORANDUM

TO: Mayor George Wimmer
Members of the Isanti City Council

FROM: Ryan Kernosky, Community Development Director

DATE: February 20, 2018

SUBJECT: **2018 NUISANCE WEED ABATEMENT QUOTES**

Background

The City of Isanti issued a "Request for Quotations" (RFQ) for the 2018 Nuisance Weed Abatement on Private Property (Resolution 2017-254). With an extended deadline of February 2, 2018, the City only received one RFQ within the extended deadline from Duff Companies, LLC.

Duff Companies, LLC has proposed the following pricing:

Residential Lot – Cost per Site:	$50.00
Mobilization Fee:	$25.00
Base Fee Plus Hourly for Large Tracts:	$25.00

Staff Request

Approve the attached Resolution.

RESOLUTION NO. 2018-XXX

RESOLUTION AWARDING QUOTE FOR OUTSOURCING THE MOWING OF NUISANCE WEED/GRASS ABATEMENT LOTS

WHEREAS, the City of Isanti has determined that is in the City's best interest to accept quotes for the outsourcing of mowing services for nuisance weed/grass abatement lots located within the city; and

WHEREAS, a request for quotes for the services was published in the City's official newspaper; and

WHEREAS, quotes were received and a tally of the quotes is provided on the attached 'Exhibit A';

NOW, THEREFORE, IT IS HEREBY RESOLVED by the City Council of the City of Isanti, Minnesota as follows:

1. To hereby award the low quote for mowing services for nuisance residential weed/grass abatement lots as provided within the specifications so posted and published to **Duff Companies, LLC** for the 2018 mowing season.
2. To hereby award the low quote for mowing services for nuisance large tract weed/grass abatement as provided within the specifications so posted and published to **Duff Companies, LLC** for the 2018 mowing season.
3. That **Duff Companies, LLC** provides a Certificate of Compliance as required under the Minnesota Workers' Compensation Law (if required).
4. That **Duff Companies, LLC** provides a copy of their liability insurance and names the City as an 'additional insured'.
5. That the quotation as signed by the vendor for the 2018 Growing Season constitutes a contract with the City of Isanti for said services. Mowing rates are listed in Attachment A.
6. That City staff is authorized to charge the administrative fee for billing of properties abated as designated in the City Fee Schedule; with the administrative fee, rate charge and any applicable sales tax charged to the responsible party.

This resolution was duly adopted by the Isanti City Council this 20th Day of February, 2018.

CITY OF ISANTI

2018 REQUEST FOR QUOTATION
For Nuisance Weed Abatement on Private Property

Company Name/Address:
Duff Companies, LLC
Isanti, MN 55040

Telephone Number:

Email address:

Quotations will be received until 1:00 p.m. on Wednesday, January 30, 2018. Quotations are requested from commercial mowing firms for furnishing labor and equipment for the abatement/cutting of weeds and tall grass on developed and vacant residential lots within the City of Isanti. Also requested is a base fee plus an hourly mowing rate for large tracts. The City reserves the right to consider the large tract rate fee quote separately from the residential lot mowing fee quote. The properties for which services are being requested will be in violation of the City's weed nuisance ordinance. Generally grass and weeds will be 8" or more in height. The City reserves the right to accept or reject quotes received for these services.

THIS CONTRACT IS FOR THE 2018 GROWING SEASON.

****

Requirements – Minimum:

A. Performance

- The cost per site will include the following: mowing and trimming around structures, posts, fences and objects. Ancillary clearing of loose paper/cardboard debris prior to mowing. Care shall be taken not to damage trees and shrubs.
- Areas must be cut within two working days of date of City request via e-mail Note: There will be a $25 penalty fee for each site not mowed within the two working days (week days), unless there is approval by the Public Works Director to extend this period due to weather or extenuating circumstances.
- In the event the selected contractor cannot mow in the time specified, the City has the right to contact alternate mowing contractors to perform the work.
- Streets, sidewalks and driveways must be free of cutting debris. Bagging and removal of clippings is not required.
- Weeds and grass must be cut and trimmed to 3" height.
- Insurance – must carry a $1 million liability coverage policy and workers compensation insurance (if required). A certificate of insurance with the City of Isanti named as an additional insured will be required. Service providers shall meet all City requirements prior to providing services to the City.

We are happy to provide these policy documents upon contract negotiations.

- In the event of non-performance or at the City's discretion, services from the vendor may be terminated by written notice from the City.
- Regarding Large Lot mowing, a 50 foot perimeter is to be mowed around the property where it abuts a street or property line of a developed area. The contractor must have equipment capable of mowing rough larger multi-acre areas. These areas may have weeds, brush and small trees (up to 2 inches) that will need to be removed. It is the contractor's responsibility to check areas prior to mowing for rocks and debris that may damage their equipment. Care should be taken not to mow over the extension of water curb boxes, wood stakes or other property markers. The Contractor should consult with City officials concerning whether only perimeter mowing of the areas is required or if the entire site needs to be mowed.
- Mowing contractors must be available for the entire mowing season which could start as early as April and extend as late as the end of October.
- The selected mowing contractor will meet with City staff prior to the start of the mowing season and shortly after mowing has started to ensure an efficient process.

B. Communication and Billing

- The City will e-mail the address of lots/sites that will require mowing to the contractor.
- The contractor will have two full business days after the date the e-mail is sent to complete the work.
- Once the work is completed on a property, the contractor will notify the City by e-mail that the service has been completed (on the day of service).
- Invoices must be submitted for payment with specific dates that services were performed. At the end of each month, the contractor will submit a statement reflecting all invoices previously submitted for payment. Payment will only be made from invoices.

C. Equipment Required: Please list this equipment below.

- Commercial grade self-propelled walk or rider mower and weed trimmers.
- For Large Lot Mowing – commercial grade equipment capable of mowing rough areas, brush and small trees.

RESOLUTION NO. 2018-XXX

L.6.

RESOLUTION APPROVING SEASONAL WORKERS FOR PUBLIC WORKS FOR SPRING THROUGH FALL 2018

WHEREAS, an attendant is needed for the compost site and this cost was factored into the 2018 budgeted; and,

WHEREAS, the DOAC reviewed the needs for the compost site and budgeted funding and recommended keeping the hours the same as in 2017 and the hiring on seasonal employees to staff the compost site and perform duties within parks and streets maintenance, street painting, mowing, weeding, and garbage pickup; and,

WHEREAS, each public works seasonal worker will not exceed more than 67 working days or 100 working days (for full time students) within a twelve-month period and the terms and conditions of employment for public works seasonal workers will adhere to all applicable provisions of the International Union of Operating Engineers, Local 49 contract with the City of Isanti in regards to temporary/seasonal employees; and,

WHEREAS, the Personnel Committee has reviewed this matter and recommends approval of public works seasonal workers for Spring through Fall of 2018 at a rate of $11.00/ hour for new hires and $11.50/ hour for hires that are returning; and,

WHEREAS, the job description was approved with the hiring of public works seasonals in 2016 and there are no changes being made;

NOW THEREFORE BE IT RESOLVED BY THE CITY COUNCIL OF THE CITY OF ISANTI, MINNESOTA AS FOLLOWS:

1. Human Resources is hereby authorized to post to fill seasonal worker positions throughout the spring through fall of 2018 as needed upon approval of this resolution.
2. The total combined impact to the 2018 budget of PT seasonal workers for duties as described per this Resolution will not exceed $9,587.00.
3. Each seasonal worker will not exceed more than 67 days or 100 working days (for full time students) within a twelve-month period and the terms and conditions of employment will adhere to all applicable provisions of the International Union of Operating Engineers, Local 49 contract with the City of Isanti in regards to temporary/seasonal employees
4. The seasonal workers rate of pay will be $11.00/ hour for new hires and $11.50/ hour for hires that are returning.
5. Funding for the seasonal employees will be Sanitation (100%) for compost attendant duties and a split between Streets (25%) and Parks, Recreation and Culture (75%) for other duties.

This resolution was duly adopted by the Isanti City Council this 20th day of February, 2018.

O. Open Session

At 7:24 p.m. Council came out of closed session. Mayor Wimmer requested that Attorney Frank Madden, legal counsel and owner of the office of the Labor Council Office of Frank Madden, provide a summary of the closed session. Mr. Madden stated that the closed session was to discuss the two-year LELS Labor Negotiations for the Lieutenant position. The contract has been ratified by the Union membership and the Union has submitted a signed contract. The contract is parallel to the licensed police officer's contract with the removal of things that were not applicable to the position. The key difference is the pay structure was revamped a little bit with a wage increase of 3% for both 2018 and 2019. MR. Madden asked if the Council had any questions. There were none.

Motion by Lorinser, second by Lundeen to approve the contract as presented. Motion carried.

Adjournment

Motion to adjourn by Lundeen, second by Bergley. Motion carried. The meeting was adjourned at 7:26 p.m.

Respectfully Submitted,

Request for City Council Action

To: **Mayor Wimmer and Members of City Council**

From: Katie Everett, Community Events & Parks Coordinator

Date: February 20, 2018

Subject: A Resolution Approving a Special Event Permit Application for the Walk for Life Event

---

Background

The City received a special event application from the Pregnancy Resource Center/Lex Specialty Clinic looking to host a Walk for Life event on Saturday, May 19, 2018. The event is scheduled from 9:00 am – noon and is open to the public. The event will include a 2-mile walk on the Cambridge-Isanti Bike/Walk Trail with registration at the Bluebird Park pavilion. The event is a fundraiser; participants raise pledges prior to the event. Event organizers will clean-up after the event is completed. The applicant will submit the $100 clean up deposit and Certificate of Liability Insurance. Parking for the event is expected to be contained within the Bluebird Park lots; the portable bathrooms typically at Bluebird Park and the public restrooms on the south end of the Isanti Indoor Arena should be sufficient for this event.

All scheduled events occurring on the Cambridge-Isanti Bike/Walk Trail require approval by both the City of Isanti and the City of Cambridge, per the Joint Powers Agreement. The City of Cambridge has been contacted about this event as well.

The Bluebird Park shelter reservation form has also been submitted for this event. An additional Special Event Temporary Sign Permit will need to be filed if any signs will be posted for the event.

A copy of the application and department approval has been attached for City Council review.

Staff Request

City staff is requesting action on this item.

Subject: Special Event Application - Walk for Life

Good afternoon,

We have received an application for a new special event. The Pregnancy Resource Center would like to move their Walk for Life event to the Bike/Walk Trail. The event is planned for May 19, 9:00 am to noon. They are expecting up to 200 people, and will have sign in at the pavilion at Bluebird Park. Organizers expect parking to be contained within the Bluebird lots. They are not asking for any assistance from Police or Fire. The complete application is attached for your review.

Please respond with your comments or approval.

Thank you,

RESOLUTION NO. 2018-XXX

A RESOLUTION APPROVING EXTENSION OF AGREEMENT FOR PROFESSIONAL ENGINEERING SERVICES

WHEREAS, the City Council, of the City of Isanti, reviewed whether or not to go out for bids for professional engineering services; in recognition of the prior five-year contract term with current provider Bolton and Menk, Inc. expiring in March of 2018; and

WHEREAS, upon review the City Council per Resolution 2017-293, requested that Bolton & Menk, Inc. prepare a proposal for their consideration to extend the current Agreement for municipal engineering and related services for an additional five-year term; and

WHEREAS, Bolton and Menk, Inc. has offered an extension of the current Agreement for a five-year term, providing the City with a credit of $5,000.00 worth of engineering work through an Update to the 2010-2020 Capital Improvement Plan if the City were to renew with Bolton and Menk, Inc. for another five years; and

WHEREAS, Bolton and Menk, Inc. provides a high level of professional engineering services that the Council is satisfied with and the Council finds it in the City's best interest to renew engineering services with Bolton and Menk, Inc. for an additional five years.

NOW, THEREFORE, IT IS HEREBY RESOLVED by the City Council of the City of Isanti, Minnesota as follows:

1. The City Council hereby approves Bolton and Menk, Inc. for an additional five-year term to provide professional engineering services to the City, with Brad DeWolf serving as City Engineer.
2. The Agreement for Professional Services between the City of Isanti and Bolton and Menk, Inc. is hereby extended to March 18, 2023.
3. Engineering rates for 2018 shall be at the 2017 rate schedule, with any future annual increases not exceeding any cost of living adjustment the City Council approves for city staff.
4. That Bolton & Menk provides a credit of $5,000.00 towards professional engineering services through an Update to the 2010-2020 Capital Improvement Plan.

This resolution was duly adopted by the Isanti City Council this 20th day of February 2018.

RE: Continued Professional Engineering Services
Isanti, Minnesota

Dear Mayor Wimmer and Members of the City Council:

Thank you for the opportunity to continue providing professional engineering services to the City of Isanti. Since becoming the City Engineer in 2008 we have developed an in-depth understanding of the City's existing infrastructure and needs. We have also developed a close working relationship with City Staff over the past 10 years that continues to grow.

We propose to continue providing professional engineering services in the same manner that we have for the past 10 years, with the following updates:

1. Brad DeWolf and Jason Cook will continue to be available to answer any City Council and City Staff questions, anytime, 24/7.
2. We propose to have either Brad or Jason attend all City Council Meetings.
3. We propose to continue to bill our services at the rates we have used in 2017.
    a. Any future rate increases would not exceed any cost of living adjustments the Council approves for city staff.

To further aid the City in the continued effort to maintain and enhance the existing city infrastructure, we will update the 2010-2020 Capital Improvement Plan (CIP) by extending the Plan to the year 2025. This CIP update would be a $5,000 value to the City.

Please contact me at (612) 756-1032 if you have any questions or need additional information.

Sincerely,
Bolton & Menk, Inc.

MEMO TO CITY COUNCIL

To: Mayor Wimmer
Members of the City Council
From: Josi Wood
Public Services Director/ Asst City Administrator
Date: February 20, 2018
Subject: Resolution Accepting State Bid for Public Works Vehicle and Purchase of a Plow, De-Ice Unit and Accessories

---

Background:
The City Council authorized the purchase of a Public Works Service Vehicle, plow and accessories when adopting the 2018 budget. The amount included was $49,000.00.

Staff is seeking to replace the 2001 Chevrolet 1500 PW Service vehicle, which will be sent to public auction, per the City's replacement schedule with a ¾ ton Chevrolet 4x4. Quotes were solicited from the state bid authorized dealer who holds the contract bid pricing for both Chevy and GMC. Also, included with the purchase of this vehicle was a plow and accessories. The following quotes were received totalling $46,432.08:

Truck

Bidder Name	Vehicle Description	Bid Amount
Ranger GM	2018 Chevy ¾ ton 4x4	$27,563.06
Ranger GM	2018 GMC ¾ ton 4x4	$27,634.41

Plow

Bidder Name	Vehicle Description	Bid Amount
Crysteel	9'2" Boss (incudes trim kit)	$7,455.02
Country Side Services	9'2" Crate	$6,962.99

De-Ice Unit

Bidder Name	Vehicle Description	Bid Amount
TowMaster	500gal de-ice system	$9,539.00
Plow World	400gal de-ice system	$9,846.00

Lights/Acc

Bidder Name	Vehicle Description	Bid Amount
LeRoy's Customs	Lights/strobes/backrack	$1,875.00
EATI	Lights/strobes/backrack	$1,933.80

Finance Committee Recommendation:
The Finance Committee reviewed all the quotes and has recommended to procceed with the purchase of the 2018 Chevy truck from Ranger GM, Plow from Crysteel, De-Ice unit from TowMaster, Lights/Accessories from LeRoys and accessories for a total amount not to exceet $49,000.00. The funding source and expense line is identified as ¼ PRC, Streets, Water and Sewer (500).

Request:
Staff is requesting action on this item.

ARTICLE 1 – PURPOSE OF AGREEMENT

This AGREEMENT is entered into between the City of Isanti, hereinafter called the Employer, and Local Number 419 of Law Enforcement Labor Services, Inc., hereinafter called the Union. The intent and purpose of this Agreement is to:

1.1 Establish certain hours, wages, and other conditions of employment;

1.2 Establish procedures for the resolution of disputes concerning this AGREEMENTS interpretation and/or application;

1.3 Specify the full and complete understanding of the parties; and

1.4 Place in written form the parties agreement upon terms and conditions of employment for the duration of this AGREEMENT.

The EMPLOYER and the UNION, through this AGREEMENT, continue their dedication to the highest quality of public service. Both parties recognize this AGREEMENT as a pledge of this dedication.

ARTICLE 2 – RECOGNITION

2.1 The Employer recognizes the Union as the exclusive bargaining representative under Minnesota Statutes for all licensed Essential Supervisory employees in the position of Lieutenant employed by the City of Isanti Police Department, Isanti, Minnesota who are public employees within in the meaning of Minn. Stat. 179A.03, subd. 14 excluding confidential and all other employees.

2.2 In the event the EMPLOYER and the UNION are unable to agree as to the inclusion or exclusion of a new or modified job class, the issue shall be submitted to the Bureau of Mediation Services for determination.

ARTICLE 3 – DEFINITIONS

3.1 UNION: Law Enforcement Labor Services, Inc., Local No. 419.

3.2 EMPLOYER: The City of Isanti.

3.3 UNION MEMBERS: A member of Law Enforcement Labor Services, Inc., Local No. 419.

3.4 EMPLOYEE: A member of the exclusively recognized bargaining unit.

3.5 DEPARTMENT: The City of Isanti Police Department.

3.6 CHIEF: The Chief of Police of the City of Isanti Police Department.

3.7 BASE PAY RATE: The employee's hourly rate exclusive of any special allowances.

3.8 OVERTIME: Work performed in excess of an employees scheduled shift.

3.9 CALL BACK: Return of an employee to a specified work site to perform assigned duties at the express authorization of the Employer at a time other than a scheduled shift. An extension of or an early report to a scheduled shift is not a call back.

3.10 IMMEDIATE FAMILY: Immediate family shall include the employee's spouse, child, father, mother, spouse's mother, spouses father, grandchild, sibling-in-law, sibling, grandparent, grandparent-in-law, step parent, step brother/sister, step child.

3.11 DAYS: Unless otherwise indicated, mean the City's regular business days.

3.12 EMERGENCY: A crisis situation or condition which reasonably may be expected to endanger life or property as defined by the Employer.

3.13 PROBATION PERIOD: Means one (1) calendar year from the employees date of hire. The probationary period for promoted or reassigned employees will last for six (6) months from date of promotion or reassignment.

3.14 RESIGNATION IN GOOD STANDING: An employee leaving service with the Employer after giving a two week notice, providing the employee has not been discharged for misconduct.

ARTICLE 4 – NON-DISCRIMINATION

The Employer and the Union agree not to discriminate against any employee on any basis prohibited by law.

ARTICLE 5 – UNION RIGHTS

In recognition of the Union as the Exclusive representative the Employer shall;

5.1 Deduct each payroll period an amount sufficient to provide the payment of dues established by the Union from the wages of all employees authorizing in writing such deduction; and

5.2 Remit such deduction to the appropriate designated officer of the Union.

5.3 The Union may designate certain employees from the bargaining unit to act as stewards and shall inform the Employer in writing of such choice

5.4 The Employer shall make available to the Union mutually agreed upon facilities at reasonable times for the purposes of conducting Union business.

5.5 The Employer agrees to make space available on the Employer bulletin board for the posting of official Union notice(s) and announcements.

5.6 The Union agrees to indemnify and hold harmless the Employer against any claims, suits, orders, or judgments brought or issued against the Employer under the provisions of this article.

ARTICLE 6 – EMPLOYER AUTHORITY

6.1 The Employer retains the full and unrestricted right to operate and manage all manpower, facilities and equipment; to establish functions and programs; to set and amend budgets; to determine the utilization of technology; to establish and modify the organizational structure; to select, direct and determine the number of personnel; to establish work schedules, and to perform any inherent managerial function not specifically limited by this AGREEMENT.

6.2 Any term and condition of employment not specifically established or modified by this AGREEMENT shall remain solely within the discretion of the Employer to modify, establish, or eliminate.

ARTICLE 7 – SAVINGS CLAUSE

This AGREEMENT is subject to the law. In the event that any provision of this AGREEMENT shall be held to be contrary to the law by a Court of competent jurisdiction or administrative agency from whose final judgment or decree no appeal is made within the time provided, such provision shall be voided. All other provisions of this AGREEMENT shall continue in full force and effect. The voided provisions shall be renegotiated upon written request of either party.

ARTICLE 8 – EMPLOYEE RIGHTS/GRIEVANCE PROCEDURE

8.1 A grievance is defined as a dispute or disagreement as to the interpretation or application of the specific terms and conditions of this AGREEMENT.

8.2 Union Representative. The Employer will recognize representative designated by the Union as the grievance representative of the bargaining unit. The Union shall notify the Employer in writing of the name of such Union representative.

8.3 Processing of a Grievance. It is recognized and accepted by the Union and the Employer that the processing of grievances as hereinafter provided is limited by the job duties and responsibilities of the employees and shall therefore be accomplished during normal working hours only when consistent with such employee duties and responsibilities. The aggrieved employee and the Union representative shall be allowed a reasonable amount of time without loss in pay when a grievance is investigated and presented to the Employer during normal working hours provided the employee and the Union Representative have notified and received the approval of the designated supervisor.

8.4 Procedure. Grievances, as defined by section 9.2, shall be resolved in conformance with the following procedure:

Step 1. An employee claiming a violation concerning the interpretation or application of this Agreement shall, within twenty-one (21) calendar days after such alleged violation has occurred or the employee through the use of reasonable diligence should have had knowledge of the occurrence of the alleged violation, present such grievance to the Police Chief At this step, the grievance may be presented either orally or in writing. The Police Chief will discuss and give an answer, in writing, to such Step 1 grievance within twenty-one (21) calendar days after receipt. A grievance not resolved in Step 1 and appealed to Step 2 shall be placed in writing setting forth the nature of the grievance, the facts on which it was based, the provision or provisions of the Agreement allegedly violated, and the remedy requested and shall be appealed to Step 2 within ten (10) calendar days after the Police Chiefs final answer in Step 1. Any grievance not appealed in writing to Step 2 by the Union within ten (10) calendar days shall be considered waived.

Step 2. If appealed, the grievance shall be in writing and presented by the Union to the City Administrator. The City Administrator will give the Union the Employers Step 2 answer in writing within ten (10) calendar days. A grievance not resolved in Step 2 may be appealed to Step 3 within ten (10) calendar days following the Employer's final Step 2 answer. Any grievance not appealed in writing to Step 3 by the Union within ten (10) calendar days shall be considered waived.

Step 3 A grievance not resolved in Step 2, by mutual consent, may be mediated usmg the services of the Bureau of Mediations Services. A petition for mediation by either party stops all timelines. A grievance not resolved in mediation, may be appealed to Step 4.

Step 4. A grievance unresolved in Step 2 or Step 3 and appealed to Step 4 by the Union shall be submitted to arbitration subject to the provisions of the Public Employment Labor Relations Act of 1971 as amended.

The Union and the Employer will endeavor to select a mutually acceptable arbitrator to hear and decide the grievance. If the Union and the Employer are unable to agree on an arbitrator, they may request from the Director of the Bureau of Mediation Services a list of qualified arbitrators. The parties will alternately strike names from the list of arbitrators until only one (1) name remains. The remaining arbitrator will hear and decide the grievance. If the parties are unable to agree on who will strike the first name the question will be decided by the flip of a coin.

8.5 Arbitrator's Authority

8.5.1 The arbitrator shall have no right to amend, modify, nullify, ignore, add to, or subtract from the terms and conditions of this AGREEMENT. The arbitrator shall consider and decide only the issue(s) submitted by the Employer and the Union in writing and shall have no authority to make a decision on any other issue not so submitted.

8.5.2 The arbitrator shall be without power to make decisions contrary to, or inconsistent with, or modifying or varying in any way the application of laws, rules or regulations having the force and effect of law. The arbitrator's decision shall be submitted in writing within thirty (30) days following the close of the hearing or the submission of briefs by the parties, whichever be later, unless the parties agree to an extension. The decision shall be binding on both the Employer and the Union and shall be based solely on the arbitrator's interpretation or application of the express terms of this Agreement and to the facts of the grievance presented.

8.5.3 The fees and expenses for the arbitrator's services and proceedings shall be borne equally by the Employer and the Union provided that each party shall be responsible for compensating its own representatives and witnesses. If either party desires a verbatim record of the proceedings, it may cause such record to be made, providing it pays for the record. If both parties desire a verbatim record of proceedings the cost shall be shared equally.

8.6 Waiver. If a grievance is not presented within the time limits set forth above, it shall be considered "waived." If a grievance is not appealed to the next step within the specific time limit or any agreed extension thereof, it shall be considered settled on the basis of the Employers last answer. If the Employer does not answer a grievance or an appeal thereof within the specified time limits, the Union may elect to treat the grievance as denied at that step and immediately appeal the grievance to the next step. The time limit in each Step may be extended by mutual agreement of the Employer and the Union.

ARTICLE 9 – DISCIPLINE

9.1 The Employer will discipline employees for just cause only. Discipline will be in one or

more of the following forms

A. Oral reprimand
B. Written reprimand
C. Suspension
D. Demotion, or
E. Discharge

9.2 Suspension, demotions and discharges will be in written form.

9.3 Written reprimands, notices of suspensions, notices of demotion and notices of discharge which are to become part of an employee's personnel file will be read and acknowledged by signature of the employee. Employees and the Union will receive a copy of such reprimands and/or notices. Such documents more than twenty-four (24) months old may not be used for promotional evaluation or disciplinary action and shall be removed unless the original signed letter of discipline indicates otherwise.

9.4 Employees may examine their own individual personnel files at reasonable time under the direct supervision of the Employer.

9.5 Employees will not be questioned concerning an investigation of disciplinary action unless the employee has been given adequate opportunity to have a Union representative present at such questioning.

9.6 Grievances relating to this Article shall be initiated by the Union at Step 2 of the grievance procedure under Article 8 of this Agreement.

ARTICLE 10 – JOB SAFETY TRAINING

10.1 The Employer agrees to provide employees with body armor as required by law.

10.2 The Employer will pay the cost of maintaining POST licensure.

10.3 The time an employee spends attending training, approved by the Chief and the City Administrator, shall be considered working hours for the purpose of computing wages and other benefits provided by this Agreement.

ARTICLE 11 – HOURS OF WORK

11.1 The normal work year is an average of two thousand eighty (2,080) hours to be accounted for by each employee through

a) hours worked on assigned shifts;
b) holidays;
c) assigned training;

d) authorized leave time.

11.2 Nothing contained in this or any other Article shall be interpreted to be a guarantee of a minimum or maximum number of hours the Employer may assign employees.

11.3 Scheduled shifts shall be bid by seniority prior to November 15th of each year.

ARTICLE 12 – OVERTIME PAY

12.1 Hours worked in excess of the employee's scheduled shift will be compensated at one and one-half times the employee's regular base pay rate.

12.2 For the purpose of computing overtime compensation, overtime hours worked shall not be pyramided, compounded, or paid twice for the same hours worked.

12.3 In lieu of monetary compensation, an employee may choose to receive compensatory time at the rate of time and one-half (l-l/2) to a maximum accumulation of eighty (80) hours.

12.4 Credit for overtime hours worked (pay and/or compensatory time off) shall only be given upon receipt of supervisor approved documentation as to the purpose and need for the overtime and must be approved by the City Administrator.

12.5 Overtime shall be paid to nearest 1/4 hour. Officers shall report their start time at the time scheduled and any time worked over their shift as authorized by the Chief.

ARTICLE 13 – COURT TIME

An employee who is required to appear in Court during the employee's scheduled off-duty time shall receive a minimum of three (3) hours pay at one and one-half (l-l/2) time the employee's base pay rate or for time worked, whichever is greater. An extension or early report to a regularly scheduled shift for a court appearance does not qualify the employee for the three (3) hour minimum. Overtime for court appearances shall be paid at the 1 1/2 times current rate of pay.

Court Standby: An off-duty employee who must remain available for a court hearing, and is required to call for verification that an appearance is necessary. An employee shall be compensated at the rate of $20.00 per day of standby only if no appearance is required. Compensation shall be paid for standby only on Tuesday, Wednesday, Thursday, and Friday. An employee may not receive standby pay and the court time minimum on the same day.

ARTICLE 14 – CALL BACK TIME

An employee who is called to duty during the employee's scheduled off-duty time shall receive a minimum of three (3) hours pay at one and one-half (l-l/2) time the employee's base pay rate or

for time worked, whichever is greater. An extension or early report to a regularly scheduled shift for duty does not qualify the employee for the three (3) hour minimum.

Call back time shall not include phone calls, must include employee reporting to work at the office or the scene of an incident.

ARTICLE 15 – SENIORITY

15.1 Definition: Seniority will be determined by an employee's length of continuous service with the Employer and posted in an appropriate location. Seniority rosters may be maintained by the Employer on the basis of time in grade and time within specific classifications. Full time employees shall always have seniority over part time employees. Seniority within the part time personnel shall not be transferable to a full time position.

15.2 Probationary Employees: During the probationary period, an employee may be discharged at the sole discretion of the Employer.

15.3 Lay-offs: Lay-offs are defined as separation from service by the Employer not related to discipline. Employees will be laid off by job classification seniority. Employees on layoff will have recall rights for one year after layoff. No employees will be hired in any job classification in which employees are laid off who have recall rights.

15.4 Vacancies: Job vacancies within the bargaining unit will be posted by the Employer in the department in a conspicuous place, for a period of ten (10) working days. An employee must apply for the position within the ten (10) working days posting time. An employee assigned to the posted job will be on probation for six (6) months, during which time the employee may be returned to their former position upon the request of the employee, without loss of seniority.

ARTICLE 16 – COMPENSATION

16.1 Rates of Pay: Employees covered by this AGREEMENT shall be compensated in accordance with the Salary Schedule marked "Appendix A" attached hereto and made a part of this AGREEMENT.

16.2 Meals: Employees will be reimbursed for meals according to current policy.

16.3 The City shall pay the following lump sum payments to employees possessing a valid Post License and current Firearms Qualifications on December 31 of the preceding year. Payment shall be made in January of each contract year.

Post License	$325.00
Firearms qualifications	$300.00

16.4 Longevity: Longevity pay is based upon full length of service as a full-time officer/lieutenant in the City of Isanti from date of hire. Members will receive longevity in accordance with the following schedule:

10 Years of Service – Two Percent (2%) above base wage rate
15 Years of Service – Four Percent (4%) above base wage rate
20 Years of Service – Six Percent (6%) above base wage rate

Longevity rates are applied to the base wage rate for full time employees for that year of tenure. The employee's anniversary date shall be the date used for the purpose of longevity increment movement.

ARTICLE 17– VACATION

17. 1 Vacation will accrue at the following rates:

0 through 1 year	6 days / 48 hrs. / yr.
After two (2) years	12 days / 96 hrs. / yr.
After six (6) years	18 days / 144 hrs. / yr.
After ten (10) years	24 days / 192 hrs. / yr.
After fifteen (15) years	27 days / 216 hrs. / yr.

17.2 48 hours of unused vacation and the Employee's annual accrual may be carried over from year to year.

17.3 When an employee terminates employment with the City in good standing, the employee shall receive the value of 100% of vacation time earned but unused as severance pay.

17.4 Seniority shall apply on vacation scheduling up to March 1st of each year. After March 1st, vacation scheduling shall be on a first come, first serve basis.

17.5 Vacation Donation Option: An employee may voluntarily donate their accumulated vacation hours (up to a max of 2 days / or 24 hours) to other employees whose accumulated leave balances are exhausted and who would otherwise be subject to a loss of income during a continued absence from work due to illness or injury. Donations will not be paid until all types of paid leave are exhausted by the recipient. The donated time will be paid to the recipient at the recipient's regular rate of pay on an hour per hour basis, and there will be no consideration for differences in wage rates applied to the transfer.

ARTICLE 18– LEAVES OF ABSENCE

18.1 Military Leave. Any military leave of absence shall be handled as provided by law.

18.2 Negotiating Committee. An employee elected to serve on the negotiating committee

representing the bargaining unit members shall suffer no loss of pay if negotiations are held during the employee's on-duty hours. The employee shall not be eligible for overtime or straight time if meetings are held during the employee's off-duty hours.

18.3 Jury Duty. Employees required to serve on jury duty will be compensated by the Employer for the difference between the employee's regular rate of pay and the amount paid for jury duty.

18.4 Parenting Leave. Unpaid parenting leave is available to employees pursuant to law.

ARTICLE 19 – SICK LEAVE

19.1 All full-time employees shall be credited with 8 hours of sick leave for each month of service, with a maximum accumulation of 480 Hours.

19.2 Employees may use their accrued sick leave for an illness or injury of the employee, employee's immediate family, and or to attend the funeral of a fellow employee. "Immediate family" will be defined by, and limited by, Minnesota Statutes Section 181.9413.

19.3 Upon termination of an employee in good standing and with five years consecutive employment, the employee shall be reimbursed one-half pay for sick days not used to a maximum of four hundred eight (480) accumulated hours at the employee's current rate of pay; and the employee shall be reimbursed for any unused sick leave for hours accrued in the termination year at the rate of one-half (1/2) of the employee's daily salary based on a maximum of accrual of ninety-six (96) hours.

19.4 An employee who is drawing worker's compensation shall be allowed to use accumulated sick leave as necessary to insure a full monthly paycheck, providing that employee shows documentation to the Employer.

19.5 The Employer may require an employee to submit a medical certificate verifying that the employee may return to work.

19.6 At the employee's option, the employee may sell back to the Employer unused sick leave in excess of 480 Hours up to a maximum of six (6) days in any one year and receive for said sick days compensation at the normal rate of compensation then being received. In computing this option, each year's accumulation is added to the previous accumulation and of that total any portion in excess of 480 Hours may be sold back under this provision up to six (6) days in any one year.

ARTICLE 20 – FUNERAL LEAVE

20.1 Funeral Leave is defined as paid leave not charged to an employee's sick leave or

vacation leave, given in the event of a death in the employee's immediate family. (See Article 3.10)

20.2 Funeral leave in an amount equal to three eight hour work days or 24 work hours shall be granted to each employee in the event of a death in the Employees immediate family. Requests for funeral leave will not be denied if the Employer's needs can be accommodated during the proposed absence.

20.3 Additional days. Additional leave time may be taken only with the permission of the City Administrator. These additional days will be charged against accumulated sick leave or vacation leave at the employee's discretion.

ARTICLE 21 – INSURANCE

21.1 Health Insurance. The Employer will provide a health and medical care insurance program to all employees. The Employer will pay 100% of the premium for single coverage health insurance. Employees choosing dependent care health coverage will be required to pay according to current City policy applicable to all City employees. Essentially, Employee contributions toward the premium costs of dependent coverage will increase or decrease by the same percentages as the City's overall policy cost increase or decrease for the health care coverage for the duration of this Agreement.

For 2018 and 2019 for the duration of this agreement, the Employer will provide a plan with coverage and benefits at least equivalent to coverage provided to the law enforcement unit within the City.

21.2 Life Insurance. The Employer will provide and pay the full cost of the premiums for, life insurance in the amount of $25,000.00 for each full-time employee.

21.3 Effective Date. The health and medical and term life insurance shall be in effect the first day of the first full month of employment.

21.4 Dental Insurance. The Employer shall make dental insurance coverage available to employee and employee's dependents. The Employer will pay 100% of the premium for single coverage and 100% of the premium for dependent care coverage.

ARTICLE 22 – HOLIDAYS

22.1 Recognized Holidays. Holidays include the following:

New Year's Day
Presidents Day
Columbus Day
Independence Day
Veteran's Day

1/2 day Christmas Eve
Christmas Day
Martin Luther King Day
Memorial Day
Labor Day
Thanksgiving Day
Floating Holiday

22.2 During the month of December Employees will be paid a lump sum check at the employees regular rate of pay for the above holidays or receive days off in lieu of payment. Days off must be scheduled with the employee's supervisor. Employees terminating employment during the calendar year will receive a pro-rated payment.

22.3 Employees who work on a recognized holiday shall be paid at one and one-half (1 ½) times their regular straight time rate for all hours worked, up to 12 hours pay depending on the length of the employee's normally scheduled work day, in addition to holiday pay as provided in Article 24.2. Holidays excluded from pay at the one and one-half (1 ½) times the regular straight time rate are the Floating Holiday and ½ Day for Christmas Eve which shall be paid at the regular straight time rate for all hours worked.

22.4 An employee utilizing the Floating Holiday will be allowed up to (12) hours pay, depending on the length of the employee's normally scheduled work day.

ARTICLE 23 – UNIFORMS

23.1 The Employer shall provide the initial uniform issue, as listed in Appendix B, for each permanent full-time employee.

23.2 Each employee shall receive a uniform allowance of $ $85.71 per month.

23.3 The Employer shall cover all costs of eyeglasses or other eyewear damaged or destroyed in the line of duty, except in those instances where the damage is loss or caused by the personal neglect of the employee.

23.4 The Employer shall pay for the repair or replacement of personal items of the individual employee which are damaged or destroyed in the line of duty, except in those instances where the damage or loss is caused by the personal neglect of the employee.

23.5 Employees terminating from the Police Department, with less than three (3) years of service, for any reason must return their entire uniform, including accessories, except for any items that were individually purchased by the officer using resources other than the uniform allowance. Regardless of the years of service, an employee terminating from the Police Department must return their body armor and other uniform accessories if originally paid for by the employer, and must return all uniform insignia and department "patches".

23.6 The Employer shall provide an annual stipend of $100 for the maintenance and replacement of the Officer's service firearm to each permanent full time employee employed by the Department as of December 31 of the preceding year. The payment shall be made in January of each contract year.

ARTICLE 24– OUTSIDE EMPLOYMENT

Employees must receive prior written approval from the Chief and City Administrator before accepting outside employment.

ARTICLE 25– WAIVER

25.1 Any and all prior agreements, resolutions, practices, policies, rules and regulations regarding terms and conditions of employment to the extent inconsistent with the provisions of this AGREEMENT, are hereby superseded.

25.2 The parties mutually acknowledge that during the negotiations which resulted in this AGREEMENT, each had the unlimited right and opportunity to make demands with respect to any term or condition of employment not removed by law from bargaining. All agreements and understandings arrived at by the parties are set forth in writing in this AGREEMENT. The Employer and the Union each voluntarily waives the right to meet and negotiate regarding any and all terms and conditions of employment referred to or covered by this AGREEMENT, although such terms or conditions may not have been within the knowledge or contemplation of either or both of the parties at the time that this contract was negotiated or executed.

ARTICLE 26 – DURATION

This AGREEMENT shall be in effect from January 1, 2018 until December 31, 2019, and shall remain in effect from year to year thereafter unless either party gives notice as may be required by state statute of their desire to amend this AGREEMENT.

IN WITNESS WHEREOF, the parties hereto have set their signatures.

MEMORANDUM

TO: Mayor George Wimmer
Members of the Isanti City Council

FROM: Ryan Kernosky, Community Development Director

DATE: February 20, 2018

SUBJECT: **2018 NUISANCE WEED ABATEMENT QUOTES**

Background

The City of Isanti issued a "Request for Quotations" (RFQ) for the 2018 Nuisance Weed Abatement on Private Property (Resolution 2017-254). With an extended deadline of February 2, 2018, the City only received one RFQ within the extended deadline from Duff Companies, LLC.

Duff Companies, LLC has proposed the following pricing:

Residential Lot – Cost per Site:	$50.00
Mobilization Fee:	$25.00
Base Fee Plus Hourly for Large Tracts:	$25.00

Staff Request

Approve the attached Resolution.

RESOLUTION NO. 2018-XXX

RESOLUTION AWARDING QUOTE FOR OUTSOURCING THE MOWING OF NUISANCE WEED/GRASS ABATEMENT LOTS

WHEREAS, the City of Isanti has determined that is in the City's best interest to accept quotes for the outsourcing of mowing services for nuisance weed/grass abatement lots located within the city; and

WHEREAS, a request for quotes for the services was published in the City's official newspaper; and

WHEREAS, quotes were received and a tally of the quotes is provided on the attached 'Exhibit A';

NOW, THEREFORE, IT IS HEREBY RESOLVED by the City Council of the City of Isanti, Minnesota as follows:

1. To hereby award the low quote for mowing services for nuisance residential weed/grass abatement lots as provided within the specifications so posted and published to **Duff Companies, LLC** for the 2018 mowing season.
2. To hereby award the low quote for mowing services for nuisance large tract weed/grass abatement as provided within the specifications so posted and published to **Duff Companies, LLC** for the 2018 mowing season.
3. That **Duff Companies, LLC** provides a Certificate of Compliance as required under the Minnesota Workers' Compensation Law (if required).
4. That **Duff Companies, LLC** provides a copy of their liability insurance and names the City as an 'additional insured'.
5. That the quotation as signed by the vendor for the 2018 Growing Season constitutes a contract with the City of Isanti for said services. Mowing rates are listed in Attachment A.
6. That City staff is authorized to charge the administrative fee for billing of properties abated as designated in the City Fee Schedule; with the administrative fee, rate charge and any applicable sales tax charged to the responsible party.

This resolution was duly adopted by the Isanti City Council this 20th Day of February, 2018.

CITY OF ISANTI

2018 REQUEST FOR QUOTATION
For Nuisance Weed Abatement on Private Property

Company Name/Address:
Duff Companies, LLC
Isanti, MN 55040

Telephone Number:

Email address:

Quotations will be received until 1:00 p.m. on Wednesday, January 30, 2018. Quotations are requested from commercial mowing firms for furnishing labor and equipment for the abatement/cutting of weeds and tall grass on developed and vacant residential lots within the City of Isanti. Also requested is a base fee plus an hourly mowing rate for large tracts. The City reserves the right to consider the large tract rate fee quote separately from the residential lot mowing fee quote. The properties for which services are being requested will be in violation of the City's weed nuisance ordinance. Generally grass and weeds will be 8" or more in height. The City reserves the right to accept or reject quotes received for these services.

THIS CONTRACT IS FOR THE 2018 GROWING SEASON.

****

Requirements – Minimum:

A. Performance

- The cost per site will include the following: mowing and trimming around structures, posts, fences and objects. Ancillary clearing of loose paper/cardboard debris prior to mowing. Care shall be taken not to damage trees and shrubs.
- Areas must be cut within two working days of date of City request via e-mail Note: There will be a $25 penalty fee for each site not mowed within the two working days (week days), unless there is approval by the Public Works Director to extend this period due to weather or extenuating circumstances.
- In the event the selected contractor cannot mow in the time specified, the City has the right to contact alternate mowing contractors to perform the work.
- Streets, sidewalks and driveways must be free of cutting debris. Bagging and removal of clippings is not required.
- Weeds and grass must be cut and trimmed to 3" height.
- Insurance – must carry a $1 million liability coverage policy and workers compensation insurance (if required). A certificate of insurance with the City of Isanti named as an additional insured will be required. Service providers shall meet all City requirements prior to providing services to the City.

We are happy to provide these policy documents upon contract negotiations.

- In the event of non-performance or at the City's discretion, services from the vendor may be terminated by written notice from the City.
- Regarding Large Lot mowing, a 50 foot perimeter is to be mowed around the property where it abuts a street or property line of a developed area. The contractor must have equipment capable of mowing rough larger multi-acre areas. These areas may have weeds, brush and small trees (up to 2 inches) that will need to be removed. It is the contractor's responsibility to check areas prior to mowing for rocks and debris that may damage their equipment. Care should be taken not to mow over the extension of water curb boxes, wood stakes or other property markers. The Contractor should consult with City officials concerning whether only perimeter mowing of the areas is required or if the entire site needs to be mowed.
- Mowing contractors must be available for the entire mowing season which could start as early as April and extend as late as the end of October.
- The selected mowing contractor will meet with City staff prior to the start of the mowing season and shortly after mowing has started to ensure an efficient process.

B. Communication and Billing

- The City will e-mail the address of lots/sites that will require mowing to the contractor.
- The contractor will have two full business days after the date the e-mail is sent to complete the work.
- Once the work is completed on a property, the contractor will notify the City by e-mail that the service has been completed (on the day of service).
- Invoices must be submitted for payment with specific dates that services were performed. At the end of each month, the contractor will submit a statement reflecting all invoices previously submitted for payment. Payment will only be made from invoices.

C. Equipment Required: Please list this equipment below.

- Commercial grade self-propelled walk or rider mower and weed trimmers.
- For Large Lot Mowing – commercial grade equipment capable of mowing rough areas, brush and small trees.

RESOLUTION NO. 2018-XXX

L.6.

RESOLUTION APPROVING SEASONAL WORKERS FOR PUBLIC WORKS FOR SPRING THROUGH FALL 2018

WHEREAS, an attendant is needed for the compost site and this cost was factored into the 2018 budgeted; and,

WHEREAS, the DOAC reviewed the needs for the compost site and budgeted funding and recommended keeping the hours the same as in 2017 and the hiring on seasonal employees to staff the compost site and perform duties within parks and streets maintenance, street painting, mowing, weeding, and garbage pickup; and,

WHEREAS, each public works seasonal worker will not exceed more than 67 working days or 100 working days (for full time students) within a twelve-month period and the terms and conditions of employment for public works seasonal workers will adhere to all applicable provisions of the International Union of Operating Engineers, Local 49 contract with the City of Isanti in regards to temporary/seasonal employees; and,

WHEREAS, the Personnel Committee has reviewed this matter and recommends approval of public works seasonal workers for Spring through Fall of 2018 at a rate of $11.00/ hour for new hires and $11.50/ hour for hires that are returning; and,

WHEREAS, the job description was approved with the hiring of public works seasonals in 2016 and there are no changes being made;

NOW THEREFORE BE IT RESOLVED BY THE CITY COUNCIL OF THE CITY OF ISANTI, MINNESOTA AS FOLLOWS:

1. Human Resources is hereby authorized to post to fill seasonal worker positions throughout the spring through fall of 2018 as needed upon approval of this resolution.
2. The total combined impact to the 2018 budget of PT seasonal workers for duties as described per this Resolution will not exceed $9,587.00.
3. Each seasonal worker will not exceed more than 67 days or 100 working days (for full time students) within a twelve-month period and the terms and conditions of employment will adhere to all applicable provisions of the International Union of Operating Engineers, Local 49 contract with the City of Isanti in regards to temporary/seasonal employees
4. The seasonal workers rate of pay will be $11.00/ hour for new hires and $11.50/ hour for hires that are returning.
5. Funding for the seasonal employees will be Sanitation (100%) for compost attendant duties and a split between Streets (25%) and Parks, Recreation and Culture (75%) for other duties.

This resolution was duly adopted by the Isanti City Council this 20th day of February, 2018.

Subject: Resolutions Approving Use of Isanti Community Garden for Educational Programs

---

Background

The Isanti Community Garden will be open for its third season this year. In the first two seasons, the School For All Seasons has used a section of the garden for educational opportunities. The City of Isanti has waived all reservation fees. The School for All Seasons has expressed interested in returning this year.

In addition to the School for All Seasons, Isanti County Public Health has approached staff with interest in utilizing space in the community garden to pilot a "Grow Your Own" project. The project will connect local families with Master Gardener mentorship throughout the growing the season.

In order to create a more manageable amount of space for the School For All Seasons and to create space for the Grow Your Own project, staff recommend dividing the space previously reserved exclusively for the school. Because both of these programs will contribute to the community garden's goal of increasing the community's access to healthy foods, staff recommend waiving the reservation fees for these programs each year a completed reservation form is submitted by program staff. Both programs will be held to the same maintenance standards as other garden users.

Staff Request

City staff is requesting that Council approve the School For All Season's use of the Isanti Community Garden and to waive the reservation fees for the 2018 garden season.

Additionally, City staff is requesting that Council approve Isanti County Public Health's use of the Isanti Community Garden and to waive the reservation fees for the 2018 garden season.

MEMORANDUM

TO: Mayor George Wimmer
Members of the Isanti City Council

FROM: Ryan Kernosky, Community Development Director

DATE: March 6, 2018

SUBJECT: **CONTRACT – CITY OF ISANTI & MNSPECT, LLC**

Background

The City has expressed interest into entering into a long-term contract with MNSpect, LLC. After several discussions about the current interim contract services. MNSpect, LLC has offered a three-year contract with the following payment requirements:

A. The Inspector shall be paid seventy percent (70%) of the permit fee as found in the Municipality's fee schedule, for permits issued, with a minimum charge of $50.00 per permit.

B. The Inspector shall be paid seventy percent (70%) of all special investigation fees and one hundred percent (100%) of all hourly, site inspection, after hours inspection, manufactured home connections, pre-move, post-move, postage, copy, and license/lead verification, master plan review, and re-inspection fees.

C. The Plan Review fee for a project is sixty-five percent (65%) of the building permit fee for the project. The Inspector shall receive one-hundred percent (100%) of the Plan Review fee calculated for all plans reviewed.

For your information, the interim contract provides eighty percent of the permit fee as found in the City's fee schedule.

DOAC has requested that a monetary penalty is included in the contract if MNSpect, LLC fails to process building permits within ten days (residential) or fifteen days (commercial). This penalty is $50.00 per day.

Staff Recommendation

I recommend that the City enters into the attached contract with MNSpect, LLC.

and

WHEREAS, Inspector is agreeable to rendering services on the terms and conditions hereinafter set forth.

NOW, THEREFORE, the parties hereto agree to general terms as follows and to the specific terms as set forth in the indicated appendices:

1. Independent Contractor.

It is acknowledged by and between the parties hereto that the Inspector is an independent contractor contracting with the Municipality to perform the services as provided in this agreement.

A. Non-Employee Status – Personnel assigned to perform the Services to be provided by Inspector pursuant to this agreement shall be officers, employees, or sub-contractors of Inspector. Inspector assumes full responsibility for the actions of such personnel while performing services pursuant to this Agreement, and shall be solely responsible for their supervision, daily direction and control, provision of employment benefits and payment of salary (workers' compensation insurance, salary, retirement contributions, withholding tax, health insurance, and unemployment insurance). The Municipality shall not be responsible to furnish any benefits to such personnel.

B. Administrative Responsibility - The daily administration of the Inspector services rendered to the Municipality shall be under the sole direction of the Inspector. The degree of services rendered, the standard of performance, and other matters relating to regulations and policies shall be under joint control of the Municipality and the Inspector. Headquarters for the services rendered to the Municipality under this agreement shall be located at the

Municipality offices. The Inspector shall submit to the Municipality a regular report of services rendered and charges due, as well as periodic suggestions regarding other matters relating to the inspection services.

C. Insurance.

i. Auto Insurance – Inspector in carrying out its obligation under this Agreement, shall supply, upon the request of the Municipality, a Certificate of Insurance for owned, hired, and non-owned auto usage coverage for liability in the amounts of $1,000,000 single limit, per occurrence.

ii. Professional Liability Insurance – The Inspector shall provide the Municipality, upon request, with copies of Professional Liability Errors and Omissions Insurance in an amount of at least $500,000 covering all personnel employed by Inspector in capacity of acting as an Inspector/Agent of the municipality.

iii. General Liability Insurance – The Inspector shall provide the Municipality, upon request, with copies of General Liability Insurance in an amount of at least $1,000,000 covering all personnel employed by Inspector in capacity of acting as an Agent of the Municipality. The Municipality will be listed as an additional insured.

iv. Workers' Compensation Insurance – The Inspector shall provide its employees with workers' compensation coverage with at least the state minimum coverage requirements. The Inspector shall provide the Municipality with copies of Certificate of Workers' Compensation Insurance.

D. Continuing Education and Certification - The Inspector shall be responsible for maintenance of required or appropriate certification and continuing education as Inspector under the laws of the State of Minnesota and shall be responsible for supplying any and all technical manuals and reference materials.

E. Communications, Equipment, and Supplies.
The Inspector shall provide, at its sole expense, all necessary equipment, vehicles and supplies to carry out its obligations under this agreement.

F. Memberships.
Inspector may join trade groups or attain membership in associations as the building official of the municipality.

2. Files and Records.

All completed files and all official copies of correspondence, inspection reports, plans and other matters connected with the file shall be maintained at the Municipality offices. All such files the Inspector may desire for its own records shall be maintained outside the Municipality offices. Files and records created in connection with this Agreement shall be subject to the provisions of the Minnesota Data Practices Act, and specifically Minn. Stat. 13.05, subd. 11. Inspector shall not be expected to respond, or be responsible for responses to public information requests. Requestors will be referred to the Municipality for verification and response. Inspector will assist Municipality with requests when requested by Municipality Staff or Council.

3. Violations and Penalties.

Any Code violations occurring within the Municipality may be charged in accordance with the ordinances of the Municipality and shall be subject to the penalties provided therein. Prosecution of such violations shall be by the Prosecuting Attorney of the Municipality. All costs and expenses incurred by said prosecution shall be paid by the Municipality. Municipality will rely on Inspector for advice and direction on enforcement alternatives for ongoing code/ordinance violations. The Inspector agrees to cooperate with the Prosecuting Attorney of the Municipality in such prosecutions (including provision of testimony and documentary evidence) upon request.

4. Effective Date of Service.

The effective date of service to which the terms of this Agreement apply shall be on the First day of January, 2018.

5. Termination of Agreement.

This Agreement shall remain in force and effect from the effective date of service until December 31, 2020. This Agreement may be terminated for Cause at any time as provided herein below. "Cause" for purposes of this Agreement, shall be deemed to occur if either party to this Agreement should materially breach any material provision herein. In such case, the non-breaching party may notify the breaching party in writing specifying the respect in which such party has breached the Agreement. In the event that such breach is not remedied to the reasonable satisfaction of the non-breaching party within thirty (30) calendar days after delivery of the above notice, the non-breaching party may, by written notice to the breaching party, terminate this Agreement, effective immediately. Breach of an obligation with respect to a party shall be deemed to include both a single instance of a material failure to perform one of its duties hereunder, as well as a continual, general lack of performance of its duties hereunder. If the breach is satisfactorily cured, this agreement shall continue as if no breach had occurred. The last day of the Agreement is the last day services will be provided.

6. Normal Business Hours.

Normal business hours are defined as: 8:00 a.m. to 4:30 p.m., Monday through Friday, generally excluding Federal holidays except Columbus Day. A list of holiday dates observed will be provided to the Municipality each year, for the following year, by November 1st.

7. Payment for Services.

Many billing options exist to compensate Inspector for their services. The Municipality and Inspector have agreed that the compensation method shall be based on a percentage of permit fees, along with hourly billing for other services.

Billings for all services as defined in Costs to Municipality for Services sections in each appendix shall be considered payment for all services rendered during that billing period for activities related to serving as the Building Official. Postage for official correspondences on behalf of the Municipality shall be added to the monthly billing. Although billings may be calculated based on specific permits, payments are for all services provided during that billing period.

Special Investigation fees shall be billed whether or not permits are ultimately issued.

Any payments received by Inspector for contracted services as a result of eCommerce or Internet transactions or electrical permits shall be accounted for, allocated by contract specifications, and amounts due to Municipality shall be netted against current billing.

Municipality shall remit payment to Inspector within thirty (30) days of filing a Report or Billing. Both parties acknowledge that they are subject to the provisions of Minnesota Statute 471.425, regarding prompt payment to subcontractors.

8. Assignment.

Inspector may not assign this Agreement without the prior written consent of the Municipality.

9. Staff.

Each of the parties hereto agrees that while Inspector is performing services under this Agreement and for a period of (12) twelve months following the performance of such services or the termination of this Agreement, whichever is later, neither party will, except with the other party's written approval, solicit or offer employment as an employee, inspector, independent contractor, or in any other capacity to the other party's employees or staff engaged in any efforts under this Agreement without the prior written consent of the other party.

10. Hold Harmless and Indemnification.

Inspector shall release, defend, hold harmless and indemnify the Municipality from any and all claims, losses, damages and costs of every kind and nature (including, without limitation, reasonable attorney's fees), in any manner, directly or indirectly, arising out of, resulting from, or in any manner connected with this agreement and the actions or failures to act of the Inspector, its officers, employees, or agents. The indemnity obligations contained in this Section shall survive termination of this Agreement.

This Agreement to hold harmless and indemnify shall not apply to any claim arising out of a situation where the Inspector has previously notified the Municipality in writing of a failure by an owner or permit applicant to comply with the appropriate Code and the Municipality fails to enforce that Code or arising out of any situation involving an existing or future platted lot with corrected soils, filled soils or a building pad.

11. Entire Agreement.

This Agreement, and its designated sections, contains the entire agreement between the parties and supersedes any and all agreement, written or oral, express or implied, pertaining to its subject matter. It may be changed only by written instrument signed by both parties.

12. Choice of Law.

This Agreement shall be governed and construed in accordance with the State of Minnesota Law.

13. Representation of Authority.

The undersigned executing this Agreement for MNSPECT represents and warrants that he has been duly authorized to execute this Agreement on behalf of MNSPECT, by the company's Board of Managers and that this Agreement shall bind the company to the terms and obligations contained herein.

14. Complaints.

Any complaint about Inspector received by Municipality Staff or Elected Officials shall be promptly forwarded to Inspector with specific details, property address, and contact information so Inspector may research the concern(s) expressed & develop and communicate a response to the complainant and/or Municipality.

15. Appeals.

MN Rule 1300.0230 provides a mechanism for persons aggrieved by an order, decision, or determination of the Building Official to appeal. The Municipality does not have an appeals board. Therefore, any appeals will be heard by the State appeals board.

IN WITNESS THEREOF, the parties have executed this Agreement in duplicate this _____ day of March, 2018.

Appendix A
AGREEMENT AND CONTRACT FOR
BUILDING INSPECTION SERVICES

NOW, THEREFORE, the parties hereto agree as follows:

1. Level of Inspection Services ("Services").

Inspector will provide inspection services for the Municipality on the following terms and conditions:

A. Render required enforcement and administration of the current Minnesota State Building Code Pursuant to MN Rules Chapter 1300 and represent the Municipality as its Designated Building Official.

B. Render required enforcement of the MN State Fire Code on all buildings or structures undergoing work requiring building permits under A (above).

C. Provide such other services as specified in this Appendix A.

2. Adoption of Building Codes.

The Minnesota State Building Code, established pursuant to Minnesota Statutes 326B.101 to 326B.16, has been adopted as the Building Code for the Municipality. The Municipality will use the current Minnesota State Building Code and other chapters of Minnesota Rules and enforcement and administration provisions. All regulations adopted by the Municipality as set forth in Paragraphs 1 and 2 of this Appendix A shall be referred to hereinafter as "Building Code", and shall be enforced by the Inspector.

The Inspector shall inform the Municipality whenever its Municipal Code should be revised to include new or revised code additions.

3. Administrative Procedures.

This section is set forth to clarify the responsibilities of the Municipality and Inspector and to establish procedures for issuing permits and performing inspection services.

A. Responsibility of the Municipality:

1. Direct the administration of all zoning requirements and inform Inspector in writing what requirements are needed to be enforced by the Inspector.
2. Administer all contractor licensing required if required by the Municipality.
3. Issue all permits and collect local permit fees and state or regional charges.
4. Keep permanent records on file as directed by Building Official.
5. Provide data or comply with any State agency reporting requirements.
6. Complete all periodic reports and government surveys.

7. Prosecute all violations, as it deems necessary and appropriate.
8. Provide Inspector with access to the Municipality offices during regular business hours of the Municipality including access to telephones, copy machine, etc., for the Municipality Building Code purposes only.
9. Verify (measure) set-backs and other requested measurements supplied by Municipality for zoning code compliance Issue certificates of occupancy, signed by Inspector.

B. Responsibility of Inspector:

1. Perform all pre-construction building plan reviews for compliance with Building and Fire Codes.
2. Perform all on-site construction inspections required for Building Code enforcement.
3. Provide timely building inspection reports and other information for the permanent records kept by the Municipality.
4. Assist in maintaining the building files kept by the municipality by providing physical or electronic copies of all documents required by Minnesota Rule 1300.
5. Assist in all Building Code prosecutions with the Inspector's time and records (Hourly Fees Apply).
6. Provide permit & code information to the contractors, developers, architects, and citizens of Municipality.
7. Inspect hazardous buildings, inspect buildings to be moved into the Municipality prior to such action, and inspect Municipality Buildings (at the Municipality's request) subject to 5.F of this appendix.
8. Originate and provide Certificates of Occupancy.
9. Recommend updating of Building Code ordinances.
10. Review and recommend fee schedule changes.
11. Create and update all applicable permit applications and forms.
12. Represent Municipality as its Inspector within the limits of the Minnesota State Building Code.
13. Provide the Municipality with timely reports as reasonably requested by the Municipality which include, but are not limited to: a monthly summary of the number of permits issued, the approved valuation, and the amount of the fees. Within thirty (30) days after each calendar year ending, during the terms of this contract, the Inspector shall prepare an annual report containing the same information as the monthly reports.
14. Analyze trends in construction design and techniques, highlight problem areas with recommendation of solutions, and provide recommendations for process and/or policy changes.
15. Assist Fire Chief with Building Code related issues.

22. Issue Stop Work Orders (up to 2 hours).

C. Procedure for Building Code Administration:

1. Municipality verifies project for zoning compliance and communicates concerns/requirements to Inspector.
2. The Inspector reviews the building construction plans and site plans for conformance with the Building Code and applicable Municipality ordinances, and approves, modifies, or rejects same.
3. The Municipality upon approval of the plans by the Inspector and consistent with all local requirements, issues the required permit, collects the local, state, and regional fees, and notifies the Inspector of any other pertinent information.
4. The Inspector shall perform all field inspections, notify the Municipality of any violations and final completion.
5. The Inspector approves, and Municipality Staff issues, the Certificate of Occupancy upon final approval and when in compliance with all local requirements.

4. Building Official to be Officer of the Municipality.

The Designated Building Official (Inspector) shall be provided specific authority to administer and enforce the Building Code as provided by this Appendix A. Such authority shall be granted by proper action of the Municipality's elected officials.

5. Cost to Municipality for Services.

One of the responsibilities of the Building Official is to determine the Valuation of a project at the time of application (MN Rule 1300.0160). In an attempt to treat all applicants fairly and equally, Inspector will use the calculated valuation from the State Valuation Table (published annually in May) as a minimum valuation.

The Municipality shall pay to the Inspector for services under this contract the following:

A. The Inspector shall be paid seventy percent (70%) of the permit fee as found in the Municipality's fee schedule, for permits issued, with a minimum charge of $50.00 per permit.

B. The Inspector shall be paid seventy percent (70%) of all special investigation fees and one hundred percent (100%) of all hourly, site inspection, after hours inspection, manufactured home connections, pre-move, post-move, postage, copy, and license/lead verification, master plan review, and re-inspection fees.

C. The Plan Review fee for a project is sixty-five percent (65%) of the building permit fee for the project. The Inspector shall receive one-hundred percent (100%) of the Plan Review fee calculated for all plans reviewed.

D. If requested, the Inspector shall receive the sum of sixty dollars ($60.00) for each residential pre-construction site inspection completed, and ninety dollars ($90.00) for each commercial pre-construction site inspection completed.

E. Payments made by the Municipality to the Inspector pursuant to 3B and 5 A-D above shall be for services included under "Required Services" in Appendix A of this Agreement.

F. The Municipality shall pay the Inspector for services performed at the request of the Municipality other than as provided in Section 3B and 5 A – D above, at the rates following this paragraph. Time spent pursuant to this paragraph may include such matters as preparation and time spent in connection with the prosecution of any violations for the Building Code Ordinance or other ordinances of the Municipality, attending staff meetings, or mentoring City Staff. The Inspector shall submit logs with any such statements for services rendered under this subsection. No charges for services at an hourly rate may be made unless there has been prior direction to the Inspector by the Municipality.

Designated Building Official	$125.00/hour
Senior Building Official	$95.00/hour
Fire Inspector	$90.00/hour
Building Inspector	$75.00/hour
Other Staff	$75.00/hour

G. Inspector shall make every attempt, where appropriate, (penalty fees, re-inspection fees, etc.) to recover fees from applicant on behalf of the Municipality.

H. Municipality shall have unlimited access to Inspector's permitting software, and shall pay $75.00 per month for each user ID. All electronic files and records shall be provided to the Municipality upon termination of this agreement.

I. Municipality and Inspector mutually agree that failure to process building permits within the timeline as described in Appendix A, paragraph 3(B)(16), and Appendix A, paragraph 3(B)(17) will result in a penalty placed on the Inspector by the Municipality of $50.00 per day if said building permit is not processed within the timelines described in the aforementioned paragraphs.

The Municipality shall pay the Inspector for services under this contract a rate of ninety dollars ($90.00) per hour for annual fire inspections and seventy-five dollars ($75.00) for clerical services provided.

Standards of Service

Phones & Scheduling

We will staff our office and perform inspections from 8:00 a.m. – 4:30 p.m. Monday through Friday. We observe national holidays except Columbus Day. There is always staff at the office to expedite calls to the inspectors, answer questions, or handle concerns during these hours. We have voice mail to accommodate after-hours calls and requests for inspection. An on-call inspector can be reached for after-hours emergencies. To accommodate contractors outside of the metro area, we have a toll free number, 888-446-1801.

Code Enforcement

We will enforce the minimum standards established in all the required enforcement sections of the MN State Building Code.

Inspections

We schedule all inspections through our office. When we are meeting someone for an inspection, they are scheduled for a specific time to minimize wasted time waiting for the inspector. We will provide same day inspections when available, and everyone will be served by the end of the following business day. We will be available to provide inspection services every business day and will pick up or drop off permit applications whenever needed.

We strive to be on time to all of our inspections. If the actual time of arrival will vary more than 10 minutes from the time scheduled, our inspectors generally contact our office, and the scheduling staff calls the on-site contact to inform them.

Logistics and work flow

All permits must flow through your office. This allows you to track permits. We will stop by Municipality Office when we are performing inspections in the area or if we need to pick-up any information, drop-off permits after plan review is completed, attend meetings, or answer questions. We encourage the Municipality to email or call if a permit is available for pick-up to facilitate scheduling and streamline workflow. The inspectors, as well as our dedicated support staff, are available to answer code questions, handle concerns, and schedule inspections during regular business hours. All inspectors have mobile phones. In addition to telephone contact, we provide an "Ask an Inspector" feature on our website that can be accessed at any time.

All documentation for inspections performed is returned to our office at the end of the business day. We transcribe all pertinent information for the inspection slips and scan them for our record. This allows us to research issues on open permits. We then return all records to the Municipality so the property file can remain updated in a timely manner. All client municipalities have access to our proprietary software for reports and data entry. All permanent files are maintained by the Municipality.

RESOLUTION 2018-XXX

K.4.b.

RESOLUTION AUTHORIZING AN ON-SALE 3.2 PERCENT MALT LIQUOR LICENSE TO PATLOK DESIGN INC DBA SANBROOK GOLF COURSE

WHEREAS, Minnesota Statute provides for the licensing of 3.2 Percent Malt Liquor Licenses; and

WHEREAS, City Code Chapter 76, Article IV provides for the licensing of 3.2 Percent Malt Liquor; and

WHEREAS, Patlok Design, Inc. DBA Sanbrook Golf Course has a current license through Isanti County that expires on June 30, 2018; and,

WHEREAS, Patlok Design, Inc. DBA Sanbrook Golf Course has been licensed within the City in the past and is requesting said licensee consideration by the City due to being annexed into the City; and,

WHEREAS said licenses would be considered a renewal of their 3.2 Percent Malt Liquor License which is valid for all days of the week and does not require a separate license for Sunday sales; and,

WHEREAS, the applicant has completed the renewal application for the City of Isanti and for the State of Minnesota and submitted proof of liquor liability and workers' compensation insurance; and

WHEREAS, all taxes and assessments against the property are current; and

WHEREAS, the applicant has no delinquent City fees; and

WHEREAS, the applicant has passed a police activity review by the Personnel Committee for the business; and,

WHEREAS, the Chief of Police has reviewed the renewal application and that the applicant has not been cited during the past five years for any state/local liquor law violations.

NOW THEREFORE BE IT RESOLVED by the City Council of the City of Isanti, Minnesota as follows:

1. The renewal of a 3.2 Percent Malt Liquor On-Sale license valid on all days of the week including Sundays for the period from April 1, 2018 to March 31, 2019 to Patlok Design, Inc. doing business under the assumed trade name of Sanbrook Golf Course, located at 1260 County Road 5 NE, Isanti Minnesota 55040, is hereby approved.

2. An on-sale 3.2 percent malt liquor license valid on all days of the week including Sundays is hereby granted, subject to and condition upon

compliance by the licensee with all conditions applicable to such licensees under the laws of the State of Minnesota and City Ordinance.

3. Staff shall forward all necessary information to the State of Minnesota to complete the 3.2 license process.

4. That the Mayor and City Clerk are hereby authorized to sign all required documents to provide for the issuance of the on-sale 3.2 percent malt liquor license in accordance with the provisions hereof.

This Resolution is hereby approved by the Isanti City Council this 6th day of March, 2018.

MEMO

To: **Mayor and City Council**
From: Katie Brooks, Human Resources/City Clerk
Date: February 27, 2018
Subject: Northern Pawn License Renewal

Background:
Prior to being brought to City Council for consideration of a Pawnshop License renewal, Northern Pawn's application was reviewed for completeness, the license applicants undergo a background check by the Chief of Police, taxes and assessments are reviewed against the licensed property to make sure they are current, and fees owed to the City are checked to ensure there are no delinquent fees.

Northern Pawn has submitted a complete application, and through review, has been recommended to proceed forward to the City Council for consideration for renewal of their pawnshop license at this time.

RESOLUTION 2018-XXX

RESOLUTION APPROVING PAWNSHOP LICENSE TO NORTHERN PAWN, INC.

WHEREAS, the City has received an application for renewal of a Pawnshop License from Joe Niles, Northern Pawn, Inc. for the operation of a pawnshop at 303 Credit Union Drive Suite 9; and

WHEREAS, all City fees are current and the required license fee and bond have been received; and

WHEREAS, all taxes assessments against the property are current; and

WHEREAS, the Isanti Police Department has conducted a background check on the applicant for the pawnshop license and found no reason to deny the renewal of the license; and

WHEREAS, the City has not received any information to preclude the issuance of the pawnshop license to the applicant.

NOW THEREFORE BE IT RESOLVED by the City Council of the City of Isanti, Minnesota as follows:

1. That the City hereby authorizes the issuance of a Pawnshop License to Joe Niles, Northern Pawn, Inc. to operate a pawnshop at 303 Credit Union Drive, Suite 9, Isanti MN 55040 for a license period from April 1, 2018 to March 31, 2019.

2. The transaction fee shall be subject to the current fee that is set by the City Council within the Fee Schedule.

3. The license shall be subject to all conditions as provided within City Code Chapter 233.

4. That the Mayor and City Clerk are hereby authorized to sign all required documents to provide for the issuance of the pawnshop license.

This Resolution is hereby approved by the Isanti City Council this 6th day of March, 2018.

New manager. When a licensee places a manager in charge of a business, or if the named manager(s) in charge of a licensed business changes, the licensee must complete and submit the appropriate application within fourteen (14) days. The application must include all appropriate information required in this section.

(1) Upon completion of an investigation of a new manager, the licensee must pay an amount equal to the cost of the investigation to assure compliance with this chapter. If the investigation process is conducted solely within the State of Minnesota, the fee shall be the cost of the Investigation. If the investigation is conducted outside the State of Minnesota, the issuing authority may recover the actual investigation costs.

Application execution. All applications for a license under this chapter must be signed and sworn to under oath or affirmation by the applicant. If the application is that of a natural person, it must be signed and sworn to by such person; if that of a corporation, by an officer thereof; if that of a partnership, by one of the general partners; and if that of an unincorporated association, by the manager or managing officer thereof.

Investigation. The Isanti Police Department must investigate into the truthfulness of the statements set forth in the application and shall endorse the findings thereon. The applicant must furnish to the Isanti Police Department's license inspector such evidence as the inspector may reasonably require in support of the statements set forth in the application.

Persons ineligible for a license. No licenses under this chapter will be issued to an applicant who is natural person, a partnership if such applicant has any general partner or managing partner, a corporation or other organization if such applicant has any manager, proprietor or agent in charge of the business to be licensed, if the applicant:

(1) Is a minor at the time that the application is filed;
(2) Has been convicted of any crime directly related to the occupation licensed as prescribed by Minnesota Statutes, Section 364.03, Subd. 2, and has not shown competent evidence of sufficient rehabilitation and present fitness to perform the duties of a licensee under this chapter as prescribed by Minnesota Statutes, Section 364.03, Subd. 3; or
(3) Is not of good moral character or repute.

ANY FALSIFICATION OF ANSWERS TO THE PRECEDING QUESTIONS WILL RESULT IN DENIAL OF THE APPLICATION.

Data Practices Rights Advisory
Pawnbroker License Applicants

As an applicant for a pawnbroker license in the City of Isanti, you are being asked to provide information about yourself which will be used in evaluating your suitability for the receipt of said license. Attached are several documents which require your signature and/or personal information about you. This information will allow this department to fully consider your suitability for a pawnbroker license. The information contained in the License Application is required by Isanti City Ordinance. If the information is not furnished, processing of your application may not proceed and the license may not be issued.

The data you are being asked to provide is defined as licensing data under the Minnesota Government Data Practices Act. Under the Data Practices Act, some licensing data is classified as public data and the remaining information is classified as private data or confidential data. The name of the applicant and associated individuals are public data, but all other information is considered private until the applicant is licensed. The classification of this information as private means that the data will not be revealed to any person other than those public officers or employees of the city who have a need to know such information in order to process and make a decision on the issuance of the license. The purpose and intended use of the information provided to the city is to determine whether a pawnbroker license should be granted.

If a license is granted, the data supplied by the applicant will become public data, which is available to any person upon request.

The authorizations for information which you signed and the data you provide may be conveyed to third parties. To the extent they reveal private information; they will be disclosed only to the extent that is necessary to do the required license investigation.

I have read and understand the above

RE: Pay Request No. 14 – Final Pay Request
Wastewater Treatment Improvements
Isanti, Minnesota
BMI Project No.: R13.109638

Dear Mr. Lorsung:

Please find enclosed three copies of the Final Pay Request, Pay Request No. 14 for the above referenced project in the amount of $15,494.00. You will also find the enclosed Change Order No. 1 for the project which provides a deduct of $9,154.00 from the original contract price to rectify the actual construction costs with Gridor Construction Inc. This deduct along with $24,714.00 which the City was previously reimbursed from Bolton and Menk, Inc. brings the project to completion under budget by $33.868.00.

I have reviewed the final pay request and would recommend final payment to Gridor Construction, Inc. for the requested amount. Following receipt of final payment, the contractor will provide final project closeout documents and request release of the securities being held as retainage for the project.

If you have any questions do not hesitate to call me at 612-756-1032.

Sincerely,

Bolton & Menk, Inc.

CITY OF ISANTI
PARKS, RECREATION, AND CULTURE BOARD
MEETING MINUTES
January 23, 2018
City Council Chambers

1. Meeting Opening.

A. Call to Order.
Zdon called the meeting to order at 6:00 p.m.

B. Pledge of Allegiance.
Everyone stood for the Pledge of Allegiance.

C. Roll Call.

Members Present:	Jennifer Garvey, Jeff Johnson, James Witte, and Mayor Wimmer, Aaron Zdon
Staff Present:	Katie Everett, Community Events and Parks Coordinator, Clark Joslin, City Attorney
Others Present:	Julie Robillard,

D. Agenda Modifications.
Zdon asked if there were any agenda modifications. Witte stated that he would like to discuss snow clearing on trails in the City. Mayor Wimmer stated that could be discussed under the Parks Updates item. The board agreed. Mayor Wimmer made a motion to approve the agenda; second by Johnson. The January 23, 2018 Parks, Recreation, and Culture Board Agenda was unanimously approved.

2. Organization of Advisory Bodies per Chapter 8 of the Isanti City Code

A. *Oath of Office for New Parks, Recreation, and Culture Board Member*
Garvey stated the Oath of Office.

B. *Chair of Parks, Recreation, and Culture Board*
Mayor Wimmer nominated Aaron Zdon for Chair. Garvey seconded the nomination. Zdon was unanimously approved as Chair.

C. *Vice-Chair of Parks, Recreation, and Culture Board*
Mayor Wimmer nominated Jennifer Garvey for Vice-Chair. Johnson seconded the nomination. Garvey was unanimously approved as Vice-Chair.

D. *Secretary of Parks, Recreation and Culture Board*
Mayor Wimmer nominated City Staff; Zdon seconded the nomination. City Staff was unanimously approved as Secretary.

E. *Approve Parks, Recreation, and Culture Board Meeting Dates*
Wimmer made a motion to approve the 4th Tuesday of each month with no meeting in December as the meeting dates for Parks, Recreation, and Culture Board in 2018; second by Johnson. The meeting dates were unanimously approved.

F. *Discussion of Parks, Recreation, and Culture Board Member Involvement with other Boards*
Everett stated that this has been a standard item for the January agenda in the past. The Board determined that it is not applicable and can be removed for the future.

G. *Review of Conflict of Interest Policy – Resolution No. 2018-008*
City Attorney Clark Joslin reviewed the policy with the board members. Joslin stated that the purpose of the policy is to assure that the business of the city that comes before any board or commission is subject to the provisions of the policy and state law which prohibit any public officials from acting on matters on which they may have a conflict of interest. He explained what a conflict of interest is and gave the examples. He stated that if the board members ever had a question about a situation that may be a conflict of interest, they can check online at the League

of Minnesota Cities or feel free to call him as City Attorney and he will help them to find the answer. Joslin also explained the Open Meeting Law to the board; whenever there is a quorum present outside of a meeting there should not be any discussions on any issues that may come before the board. Similarly, it is not permissible for one member to call another member to discuss a matter of business and encourage that they call another member; this is a way to circumvent the Open Meeting Law and is not allowed.

2. Approval of Minutes from November 28, 2017 Parks, Recreation, and Culture Board Meeting

Motion by Johnson; second by Witte. Minutes were unanimously approved.

3. Schedule Annual Park Tour

Everett explained that this typically is done in April, this year that will be April 24th. Wimmer made a motion to approve the April meeting as the park tour date; second by Garvey. Motion unanimously approved.

4. Rock Program – Julie Robillard, Cambridge-Isanti Schools

Julie Robillard, Isanti township resident and School District representative, came to the podium to address the board. Robillard explained that she came to the board to ask permission to use the City Parks for a project she'd like to start. Her daughter attends Southwest Minnesota State where they have a project that is wildly popular. They paint rocks and hide them in the parks; people find them and take pictures of them and post them to their rock page and then rehide it. There are businesses in town that have a special rock and then something they do with it; they have a Hy-Vee grocery store so the kids can bring in the rock and get a free cookie or something. She explained that when she was there to visit over the summer there were hundreds of families in the parks doing this. She is interested in trying this here as well. She explained that they would also put the Facebook page on the back of the rocks so people knew where to find them online. She has also spoken with Isanti County Parks and City of Cambridge and everyone is on board to get a Cambridge-Isanti rock program started. Zdon asked who would paint the rocks. Robillard explained that she works for the school district for Moving Forward which is a program for special needs kids that have graduated from high school but have not yet moved on to a working position. They volunteer to get work experience. Those kids have been painting. Some homeschool families have been painting rocks as well, and the recreation person at River Hills and Grace Point Crossing will be getting rocks so that the residents can paint as well. Depending on the weather, they are hoping to start in March or April. They will kick off the Facebook page; they're hoping to get it posted to the County Parks Facebook page and hoping that the Mayor will put out a blurb on his page. There will also be an article in the newspaper. Her kids will go out and hide them initially and the community will take over after that. Robillard will manage the Facebook page. Johnson asked for clarification if her kids are painting the rocks and he finds one does he re-hide it. Robillard explained that yes, he could re-hide it or he could keep it if he really liked it. Witte asked if Facebook would be the only social media outlet used. Robillard confirmed that it would; she will pin rules to the top of the page. The rules would include no hiding in grass for lawn maintenance and safety so the rocks don't fly out from the mowers. She explained that the rocks for smaller kids are hidden in plain sight; so they are hoping to use playground equipment and in bushes in landscaping or crooks of trees. Isanti County would like a rule that the rocks are painted with only appropriate images (nothing religious and all age appropriate). Wimmer stated that he and Everett had met with the other family interested in doing this program and what they discussed was that everything on the rocks would have to be appropriate and that getting business approval if their landscaping is going to be used. Additionally making sure that people know if they want to paint rocks how to get them stamped as part of the program. Robillard stated that will just be putting the Facebook on them; she hasn't set up the page yet but will do that once she has the rules from everyone. She also stated that Isanti County would like to post at the larger parks something that states that if people find a rock they can post it to the Facebook page to advertise the program. They are also hoping to use the bike path

too, maybe on the bridge or where the benches are. Some of the rules from Cambridge are to not hide down by the river for safety. Witte asked how long Marshall has been doing this; Robillard stated that they started last year. Their program is progressing, they started with rocks and then in the winter they did small pieces of wood that kids used as ornaments on trees. She stated that they don't have snow in Marshall right now, so they're still out finding rocks.

Zdon asked what the board needs to do for approval. Wimmer stated that the board would give a recommendation and City Council would have to give approval for them to be placed in the parks. Council would want to look at the rules; they'd want some of the same things that the County is looking for like keeping everything appropriate. He stated that giving a pitch to the Chamber may also be a good idea because there are a number of businesses that may embrace it. The Chamber here is the North 65 Chamber, so it's not just one city and actually fits well with what Robillard is trying to accomplish. Johnson stated that he thinks it's a great idea; and as long as we have the rules and are emphasizing that 7:00 am to 10:00 pm are the park hours. Witte asked how many rocks they plan to start with. Robillard explained there are a lot of parks to hide them in, but they hope to get at least 5 rocks in most parks. There are a lot of rocks to paint which is why she has so many people involved. Wimmer stated that there are 40-50 depending on what you count as a park between the county and city parks.

Mayor Wimmer made a motion to make a recommendation to City Council to approve the rock program; second by Johnson. Vote was unanimously approved.

5. Winter Event – Jeff Johnson

Johnson explained that he has done quite a bit of legwork on the idea of Bentleyville in Isanti. He actually talked to the guy that builds Bentleyville, another holiday lights company, and a gentleman that grasped the idea of building it for us. He has a lot of questions that he asked. Bentleyville is now 15 years old; he's been there twice and remembers it like yesterday because it's a pretty cool place. He recognized that it will start out slow and it might be kind of rough. Bentleyville started with 10-12 major sponsors; today they have 150. He asked the gentleman that he spoke with, Tim, and asked him to pull up a map and they talked about Bluebird Park as a location and Tim stated it was a great location. Tim said it would probably start around 5 to 10 acres and grow from there. The price tag he found was $600,000 on lights alone, over 15 years it's been $2 million. The light structures are iron structures that are painted and the lights are put on them. They did have a significant amount of loss until 2013, and now they are tripling that amount. If it is done right, in hopes we could turn out that way. Tim stated that $30,000-$50,000 should be sufficient to start. That is just for lights. He also mentioned that we need volunteers to work the event. Johnson reached out to see if there was any interest and the Lions and the VFW jumped on board. The big thing that Tim said was electric cords and checking the codes where that is concerned. Tim also recommended that if we are going to buy the displays that we go oversees or he recommended Temple Display. Tim said that Bentleyville uses the displays 3 to 5 seasons and then they replace them; so we could also grab on to somebody's recycled stuff for cheaper. Witte asked what they do with them now. Johnson stated that they scrap them, so why not grab on to something like that. He said that Minnesota Power has a kickback program if you use LED lights. Zdon stated that we'd have to use LED. Bentleyville in the first year with their 5 to 10 acres, Minnesota Power gave them $25,000. Johnson stated that because his goal is to fill the hotel, why not get a kickback from the hotel. If people tell the hotel that they're staying the night to see the holiday light festival; the hotel then kicks the program a small percentage. These are all ideas. Johnson stated Bentleyville is spending $40,000 a year on hot cocoa, $30,000 on popcorn, $20,000 on hats. After 15 years, they can do all of this. It's a lot of giveaways. Witte asked if all of this is given away. Johnson confirmed that it is all free. When they started there wasn't any of that; you paid $5 for parking and saw your free light display. Johnson stated this is obviously the way we'd have to go; he doesn't see any other way we'd survive. We would work something out with whomever decides to run this for us. He said he found a gentleman from Duluth jumped on it immediately and said he'd build it in Isanti. Johnson said that he clarified with that person that he isn't just looking for someone to build it, we also need someone to run the whole thing. Johnson said that he has done the

legwork and has everything at his fingertips. He thinks if he hands it to the right people it will take off. He stated that with the information he has, all he'd ask is that it's brought to the Council. Zdon asked for clarification if it was Tim that runs Bentleyville that said he'd be interested in running it. Johnson said no, it was another person from Duluth Event Lighting.

Zdon asked Mayor Wimmer, for arguments sake, if someone wanted to spearhead this, if it would be a Special Event Permit or how it would work. He would imagine they'd be using the park for a month. Johnson stated that Bentleyville goes from the weekend after Thanksgiving to the weekend after Christmas. Garvey stated that they'll also have to do prep and tear down, so she would estimate 6-8 weeks. Mayor Wimmer stated that first we'd have to see it all in writing so we can make a judgement on it. When you say "hand off" if it's something that would be done by a private group, that private group would put together that proposal and make the presentation to the Council. That's how rodeo is done, BMX, soccer, that's how all of those big events are done. That sounds kind of like what this what Johnson is leaning toward. Then it would be a Special Event Permit situation. Zdon asked if a Special Event Permit could cover that length of time. Wimmer stated that it could; Zdon clarified that there aren't any bi-laws that say you can't have a six week event. Wimmer stated that again, if it's going to be a private entity that's doing it, he's assuming that it will have to be funded whether that's with sponsorship or cost to get in. When you do that in Bluebird Park, it would be difficult to have the park shut down for everything else but that. You have skating going on, other events going on. Bentleyville takes over the whole area. The benefit they have is that they have those parking garages right there. A lot of people will go up for a weekend or overnight. We would have to see on paper how they would propose to do it. For them to be able to do that, they'd have to come out and look at the site. Zdon stated that people would have to pay for admission; there'd have to be a gate or a thing of lights you walk through, they wouldn't be paying for parking. Johnson said that Bentleyville does paid parking. Zdon stated that you can't do that in the City park; there's no way to tell who is coming to park to go to this or to go skating or using the park for something. That's what we've done for BMX and other events. Wimmer stated that Chippewa Falls, Wisconsin has a smaller version of Bentleyville. It's still pretty elaborate, they take over a whole park. There it's donation only. You park in the park for free and then there's a donation bucket. To charge for parking within the park, we don't do that for those facilities. If it's something that would limit or eliminate the ability to use the other facilities in the park, that would, Wimmer thinks, a hindrance. It all depends on how they are going to do it. Zdon said he would think they'd start with the open bowl space, that's about 5 acres right there. Wimmer explained that how Special Event Permits work is there is an event map and an idea of the event impact. He and Everett are working with the rodeo for overflow parking, so there's a map of that whole area of town with the different parking, shuttling, horse trailers, etc. It's pretty elaborate. The rodeo has been doing this for decades, obviously, and it's getting bigger and kind of bursting from its seams. Those organizations are responsible for getting it all together, presenting it to us, and then we evaluate it. The Special Event permit goes through a number of departments here, including PD, as well as the Fire Disrict. Everybody has to sign off on it that they've seen it and if there are any issues they'd have. When BMX does some of their big events, we block off that road. It's important for emergency services to know that so if an ambulance is coming through they know where they'll need to go. The permit process tries to cover all those things that come in to play. Everett stated that she can get Johnson that permit application so he knows what kind of information we look for. Zdon stated to summarize that Johnson can keep working on it and try to get someone to commit to taking it over, unless he wants to do it. Johnson said he can't. Zdon stated that whoever takes that over, would then get the benefits of whatever admissions and he would just have the Special Event Permit with us. Wimmer stated the first step is really getting down on paper what they think the impact would be. We don't want to get them so far down the road and then there's some hurdle that we have to get solved. It's best to kind of be talking about these things as they go. Johnson stated that putting together a proposal looks like it's the next step. Zdon agreed, and adding that looking at the power supply and all of those things. Everett stated that there are currently two outlets at Bluebird and each one can carry one bounce house before the circuit is blown. Zdon said those are things that can be addressed. Wimmer agreed and stated that when Wake Park was over there, they had to pay and upgrade all that electrical. It's all

ridiculously expensive. Johnson stated that he heard numbers of Bentleyville over the last 15 years and it was jaw dropping. Wimmer stated that Duluth, because they're so tourism driven, has passed some new sales taxes. What we're looking at doing, if we do get a hotel is a lodging tax. Then that money can be used to marketing and promoting any of those types of activities that get bodies into that facility. That's what those larger areas are using to grow these types of events. Then you get sponsors who want to give money to it because you get thousands of people coming to see it. It's one of those chicken and egg kinds of things – you need money to prime the pump, but you to have a good event that people are going to want to go to, so they have to kind of grow hand-in-hand. This is something that could be a really good thing. If there's somebody who's willing to put a plan on paper, that's the first test to see if they're real or not. If you get someone to do that, that's probably half the battle right there. We just need to see what the impact would be; everything from duration to facilities to power and how many port-a-potties would have to be brought in and how does that work in winter. All of those things that when you go to one of these events you don't notice until something doesn't work.

6. Middle School Tennis Court Reservation

Everett explained that the contract will be up after the Spring season. Right now, they are paying $400 per season. The last few contracts we've been going up by $25 an then those contracts are good for 2 years. Wimmer recommended going at least $500 per season. We're putting in $15,000 right now on those courts. It's still a great deal. When we first started it was set low just to get it in their mindset that these are something that need to be paid for. If you go to use a School District building or facility, there's a lot of cost for that including paying for a janitor to be on staff. They are well aware of the cost of doing business. The one way you can look it is that $500 is not that much, the other way is that's a 25% increase from what we have previously. Johnson asked if they started at $350. Everett said she thought that back in the day they actually started at $300 or $325. Johnson said that 10 years later, we're at $500, that's still a good deal. Wimmer stated that he wants to keep accelerating this so we're getting a little bit for the usage out of it. They are using it for a couple hours kind of in prime time. We want to have a good partnership with the school district and have a good place for the kids to play, Wimmer doesn't want to lose sight of that. Johnson said he's seen the public use it quite often. Wimmer stated that he has heard some consternation that on beautiful days people can't use it because the court is taken. One of the things we could also start looking at is that we have another court over at Academy Park. They like this court because they can have the kids walk there and then there's no transportation cost. Everett added that there are also two courts here and there's only one at Academy Park. Garvey asked if Everett knows how many days per week they're using the courts. Everett stated they use it Monday through Thursday. Garvey asked if they use it for both games and practice. Everett said she didn't know for sure, but she's never seen any buses or anything there so she would have to think it's only practice. Zdon stated that he would think games would be at the high school. Zdon stated that he thinks $500 per season is fair, especially with the $15,000 resurfacing this year. He asked when the last work was done; Wimmer stated he thought it was '03 or '04. Zdon stated that then it works out to about $1,000 per year just in surface upkeep.

Johnson made a motion to recommend $500 per season for use of the Mattson Tennis Courts; second by Witte, vote unanimously approved.

Everett also gave a quick update that the Finance Committee has recommended a contractor for the resurfacing which will go to City Council on February 7th. Because the courts need to be around 50 degrees overnight, it likely won't happen before the Spring season, but hopefully right after that so they can be open most of the summer.

7. 2018 Farmers' Market Rules

Everett stated that for the most part these will stay the same. There are actually a lot of Farmers' Market rules that are state mandated and we couldn't change them if we wanted to. Anything that has to do with food has a lot of extra regulation. There are just a couple of things for us to think about that Everett has seen different at other markets. A language change for our membership. Over the last couple of years, we

have gotten more and more vendors who only come every other week because they rotate with other markets or things like that. Everett hasn't required them to come to the first four because then they wouldn't come at all. She recommended changing this to stated that instead of all vendors being required to come to the first four that full season vendors are there. The reason we have that rule at all is so that the first few weeks we are establishing that our market is something our customers will want to come to all season. If we open the market and we have two vendors there, customers give up right away. Everett has seen that it doesn't necessarily apply very well to all vendors; some people don't have anything to sell the first four weeks.

Everett stated that we have a rule about having to weigh down tents. It's a rule from when we were on the pavement at the old location. Now we're on grass, so people really have no excuse. As we get more and more new vendors they are inexperienced with pop up tents. Everett spends a lot of time helping to set those up and then realizing they don't have weights with them. Almost all of those tents come with stakes. Staking them down is what she usually recommends. Other markets have requirements for how much weight is required because some people will toss a backpack on a corner and the tent will still blow away. The recommended change is to require 40 pounds.

Everett stated that the last change is open for more discussion. In the past, we have had a business of the week booth. Since Everett took over, she has not had any businesses do this. The sponsorship program does include the chance for the sponsors to come for a day to have a booth to promote themselves and their common interest with the market. Last year, we had two different kids under 18 that wanted to start selling things at the market. Everett talked to the Minnesota Farmers Market Association about what kinds of rules there are about ages for being able to have a booth by yourself. What she did last year was to tell them they could come and just have a parent there with them. Minnesota Farmers Market Association says that there is no rule and they can have a booth at any age, and some markets have started having a youth booth. The kids can come in for free and the goal is to encourage kids to start getting into it. It sounds like it's a lot of 4-Hers that are expanding their fair projects and things. Wimmer stated that he's not a huge fan of doing it for free that way you can get the ones that are going to do it seriously, and they will be making money. That's the kind of person you want to attract; then they have a little skin the game too. Wimmer stated that he would also be concerned with that worst case scenario, if you have someone younger and they're not quite used to doing that kind of thing and someone tries to talk them down or something, we don't want to have something negative to happen. Wimmer stated he doesn't think there should be an age limit for vendors, but would want to have a responsible adult present. Garvey agreed that wording should be added. Witte asked for clarification that they'd have to pay the membership fee of $10 and if they wanted to continue pay the $10 fee for the days they'll be there. Everett stated that if someone wants to only come one day, it ends up costing them $20; $10 for the membership fee and $10 for a single day booth fee. There are discounts if they want to come the full season or half season. Wimmer stated that the fee is there for the same reason that we charge at the community garden; it's to get people to have some skin the game so that people don't take it seriously. It also teaches the kids a life lesson that things cost money.

Everett stated that she will run them through Council with that change to the ages. Mayor Wimmer made a motion to recommend Council approve the rule changes; second by Garvey, unanimously approved.

8. 2018 Parks Publication Drafts

Everett explained that each member has updated color copies of the documents. She explained that the past Parks Brochures had a lot of redundant information from one year to the next, so in the 8x8 booklet she has combine all of the parks directory information that will be the same year over year. That information will be distributed at events or to new residents and can also be placed on the website so that people know what facilities we have here and what there is going on. Then we're not paying to print that same thing over and over again. To convey the information that does change, we have the handy foldable calendars. They will go out with Spring Isantian that goes out the beginning of March. They'll be printed

on the same paper as the old Parks Brochure so they'll be glossy and a little bit heavier than the copy paper. The goal is that people will keep them handy all year. They can hang up the calendar on their fridge or keep in their pocket and know what's going on. Johnson stated that he still has the 2017 brochure. Everett explained that the full page calendar has the overview of events and the back has a little bit more detail. For all of the big events that we do, Everett puts out all kinds of there marketing materials as well, but this is kind of a primer of what we've got going on.

Wimmer asked if Everett could give an update on Celebrate Isanti. Everett explained that Celebrate Isanti will be August 11th and we will be working with Anderson Race Management for timing of the 5K for us. That can help boost participation and will make it easier for us to manage. The experience for the runners will be much more fluid to get them registered and the timing at the end. We still will have places. Wimmer stated that we had about twice as many last year as we did the year before; Zdon stated that it will continue to grow. Everett stated that the race will continue to be free; there is money built into the budget for the event to bring someone in to help with that.

Everett asked the board if they had any other comments or questions on the brochures, otherwise they will be printed very soon. Wimmer stated that the golf course was added since the packet was put together because it is now part of the City.

9. Parks Updates

Everett stated that movie nights have been a success this year. We had 39 come for Arts and Science Academy's night. It was one of those days that it was really nice out so she wasn't sure if anyone would come to watch a movie. A point of discussion for the board is that Arts and Science Academy put their name in the hat to come back in February, but we also have a new girl scout troop. All of those girls are from Cambridge. She wasn't sure who would have priority, the Isanti group coming back or the outside group for the first time. She told both of those groups she would let them know by the beginning of February. Potentially, a new Isanti group still could come in. The rules do not clearly state which would have priority. Wimmer stated that we'd have to give precedent to the Isanti group because it's Isanti funded. Zdon asked if Heavenly Sunshine is in one yet; Everett stated that they're signed up for Secret Life of Pets. Garvey asked if we'd need to bring it back to the board to change the rules; Everett stated we would. Garvey said that we should do that so the rules are more clear, and we should also have some sort of a deadline. Everett stated when the rules were established we didn't have groups every time, but it's nice to give groups time to advertise and get people excited about it. Waiting to the last minute isn't great for anyone. Everett said that she'll bring the rules back in February.

Everett explained that the Street Dance bands have been booked. June 23rd we'll have Maiden Dixie, July 14 Jonah and the Whales are coming back, and August 11, which is also Celebrate Isanti, we'll have Bad Girlfriends. We have all of those contracts and we're getting them paid, so the bands are good to go. Everett explained that all of the bands have websites, so the board can go listen to them.

Everett explained that Celebrate Isanti is August 11, and all of the main events will be the same with the 5K run/walk and family bike ride. We'll have the kids festival in Bluebird Park; we bring in County Public Safety people, we'll work on having some Public Works people there as well this year with some of their big equipment to show people what keeps the town running that people never see, as well as lots of the community groups. We'll also have the car show with Rum River Rods going on on Main Street, and the Street Dance to close out the event. Hopefully we continue to grow each of the parts of that event from year to year too.

Everett stated that she is starting a new program each month called Curious Creatures. We had been having the first Saturday of every month Nature Detectives meet over at the Community Center. We tried it for 3 or 4 years and it just wasn't catching on; people are super busy on Saturdays. Everett is going to try a parent/child program and put it in the parks. We'll get people at our parks, and it kind of opens up

the nature world too to be able to do some really cool things while we're in the parks. Those will rotate between Bluebird Park, River Bluff Preserve, and Mattson Park so they're kind of distributed around town so they're easy for different people to get to as well. The program is free for Isanti residents. Winter is a hard sell to get people to come outside, so it might take a while to get this going.

Everett stated that the job posting for the Parks Intern is up on the website now. We're looking for a college student who is interested in going into Recreation Management or Parks and Rec field, or a communications person would be great to help with marketing. They'll help with all of the things Everett does in the summer. They'll help with parks maintenance at the community garden, inspections of the playgrounds, helping at events, farmers' market, etc. That person will be very busy.

Everett stated that we are very close to finally getting Academy Park. She checked in earlier today and they are waiting for someone from Highland Bank to give them the okay to go ahead with the title. We will hopefully get there very soon. Everett stated that something that didn't make it onto the list was that we have to update the portable bathroom contract this year, and she needs to know if we'll put one at Academy Park. Johnson stated that there isn't a bathroom accessible to the public anywhere over there. Wimmer stated that it's a public park so we'll need to have one. Zdon asked if there are any portables in any of the parks right now. Everett and Wimmer stated that there are not. Everett explained that we pull them out the end of October, usually before Halloween. Zdon said that he's had some people ask him why there's never any in the winter. Everett stated that she doesn't know that they'd get used enough to justify having them out there, and they may freeze. Zdon stated that when they use them at work they don't freeze because of the chemicals. He just asked because he's gotten the question before. Everett stated that in the winter, the board can direct people to the public restrooms at Bluebird on the Indoor Arena because those are open.

Everett explained that we just had the goal setting meeting. Staff gave an update to Council that the dog park is partly budgeted this year and we're planning to finish budgeting for that in 2019. One of the Council members also asked us to look into potentially getting a sledding hill somewhere in the City. He mentioned Bluebird Park. The City is very flat, but we may also look at the hill that's at the soccer complex. The top of that hill are our retention ponds so there may be some challenges there as well. Wimmer stated that we will not be doing it Bluebird, but he stated that he was brainstorming with the City Administrator and City Attorney after the meeting about different locations. The original proposal for Bluebird wouldn't be feasible because we'd need so many changes. He stated that we could potentially take a look at the area at River Bluff near the stairs. We'd first have to see if the DNR would allow us to do it. It's got a nice hill for sledding and a flat clearing so you don't hit anything at the bottom. The other locations have differing logistical issues that way. Obviously we'd need to have enough snow. Witte stated that it's a very steep hill. Wimmer agreed and stated we'd have to have a path that was obviously cleared. But we'd have to look at any erosion issues, and again if the DNR would let us do it. The only area we totally control would be off of the ponds at Public Works, but that goes down into the soccer fields, so they'd have to be okay with what may or may not happen to the fields. Zdon stated that it's a pretty good hill there but at the top there's no where to go because of the fence. Wimmer stated that we used to have one at the middle school as well as a skating rink, but the school said they didn't want any of that stuff there anymore.

Garvey stated that she had a couple of questions. Going back to the Street Dances, when Everett advertises when she says what band it is does it ever say what type of music genre? Everett said no, they're typically advertised as a group in any paid advertising. That's kind of the most efficient way to do that so we just list band titles. Everett stated the sponsor that creates the big flyers takes the band's marketing things and creates those and you can usually get an idea from that what type of music they are, but that's the most specific we usually get. Wimmer stated that so many of the bands that we get are also such a cross over, the country groups still play some rock and that type of thing.

Witte stated that he wasn't sure who maintains the Bike/Walk Trail, but he's been trying to run over there lately but there's always snow and ice. Wimmer stated that we don't plow it, and that's on purpose. One reason is so that people could ski or snowshoe; the other is that from a maintenance stand point, snowmobiles aren't allowed but if someone did drive across it they would damage it.

Garvey stated that she had one other question, going back to the intern. She asked if Everett had gone to any of the universities or anything like that. Everett stated that she hasn't done anything yet, it just went up the end of last week. Garvey stated she didn't know if that's something they've done in the past; Everett stated that we can definitely do it. Wimmer stated that this is our first Park and Rec intern, but we've done marketing interns before.

Johnson asked who we have that maintains the ice rink for the public. Everett answered Public Works.

5. Public Hearing

A. Conditional Use Permit request from Warren and Brett Thunstrom to operate a Microbrewery at 2 Enterprise Avenue NE Suite A3 (PID 16.132.0040

Mayor Wimmer opened the Public Hearing at 7:20 p.m.

Director Kernosky provided the Commission an overview of the request from Warren & Brett Thunstrom to operate a Microbrewery at 2 Enterprise Avenue NE Suite A3. Because the subject parcel falls within the B-2 and TH-65 overly zoning districts, 'Microbrewery' is a conditional use in the aforementioned districts. Director Kernosky stated that the Conditional Use Permit is consistent with the Conditional Use Permit standards set forth within the zoning code, and is consistent with the City's Comprehensive Plan. Director Kernosky stated that staff is recommending approval with the conditions set forth in the attached Resolution.

No one spoke at the public hearing.

Mayor Wimmer closed the Public Hearing at 7:22 p.m.

Commissioner Bergely asked whether or not the applicant was able to answer any questions. Mayor Wimmer yielded the floor to Warren Thunstrom and asked him a number of questions regarding the Conditional Use Permit. Mr. Thunstrom stated he had no concerns regarding the conditions placed on the land-use permit.

Commissioner Bergely asked if a restaurant was going to be apart of this project, Mr. Thunstrom responded and stated that there were no plans to have a restaurant. Mayor Wimmer asked Mr. Thunstrom to provide the Commission with details on the differences between a microbrewery and a brewpub.

Mr. Thunstrom stated they were still working on obtaining licensing from the various jurisdictions.

Motion by Collison, seconded by Lorinser to recommend approval of the Conditional Use Permit with conditions within the Resolution. Motion passed unanimously.

6. Discussion Items.

A. 2017 Community Development Department Report

Director Kernosky provided a report on the activities within the Community Development Department in 2017. He stated that 91 new homes were constructed in 2017, and reduced our vacant lot inventory to 145 single-family lots. He continued to state that 755 code violations were citied in 2017, with the majority of those violations being for long grass and illegal parking of vehicles. Finally, he reviewed the 2017 City Council Goals, stating that the annexation project is near completion, and that the 2028 Comprehensive Plan update is getting ready for 2019/2020 budget cycle, and that the City continues to have high requirements for quality of projects.

Mayor Wimmer stated that we are still working on finding a quality candidate for the Building Official position. The City is working with MNSpect, LLC on a potential long-term contract.

STAFF REPORT

TO: Mayor George Wimmer
Members of the Isanti City Council

FROM: Ryan Kernosky, Community Development Director

DATE: March 6, 2018

SUBJECT: **REQUEST FROM THE CITY OF ISANTI TO AMEND ISANTI ZONING CODE (SIGN CODE) SECTION 16, SUBD. 6 TO ALLOW FOR LARGER DYNAMIC SIGNS IN PERMITTED ZONING DISTRICTS.**

Background

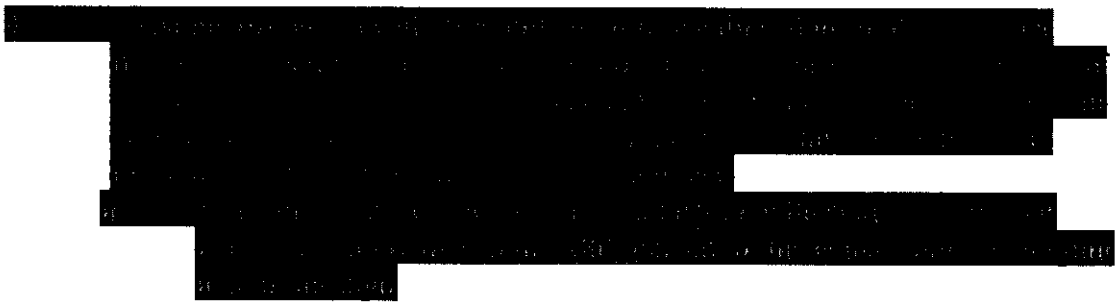
Local businesses have inquired about changing our sign code to allow for larger dynamic signage to be installed. At the direction of the Development and Operations Advisory Committee, I have put together this amendment to our sign code.

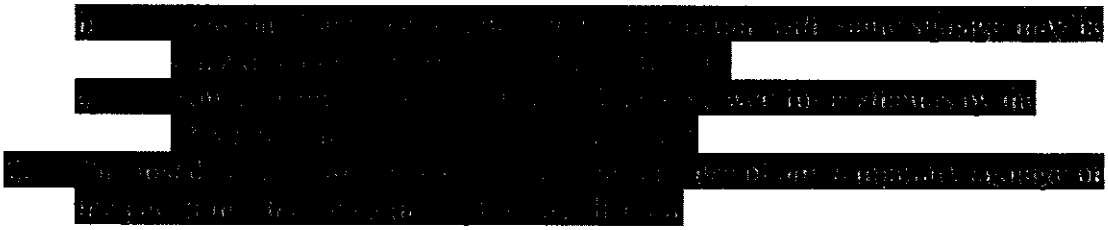
Current Ordinance

The current code allows up to 35% of the total area of the sign allowed to be dynamic. We also have several additional requirements pertaining to brightness and time of change for different messages, and, depending on the zoning district, the sign may be permitted, permitted by a conditional use, or not permitted at all.

Proposed Ordinance

After several discussions with the Development and Operations Advisory Committee, it was determined to increase the percentage of the sign from 35 percent to 80 percent if the sign has a static portion. If the Dynamic sign does not have a static portion, they are allowed to have up to 70 square feet of sign. Finally, if a parcel has a dynamic sign, the use of a temporary sign is prohibited. The actual language and changes are below:





Public Comment

No public comment was received during the public hearing held on the February 20, 2018 Planning Commission meeting. After the meeting, a member of the business community expressed concerns about the 20-second rule, citing that those messages would be too long. They also stated that the temporary sign prohibition on parcels that have dynamic signage may be needed for special events.

Planning Commission Recommendation

The Planning Commission reviewed this matter at the regularly scheduled meeting on February 20, 2018. They have recommended approval as presented.

ORDINANCE NO. XXX

AN ORDINANCE AMENDING ORDINANCE NO 445 ZONING: SECTION 16 SIGNS

THE CITY OF ISANTI DOES ORDAIN:

I. AMENDMENTS

Section 16: Signs is hereby amended to remove and replace and read as follows:

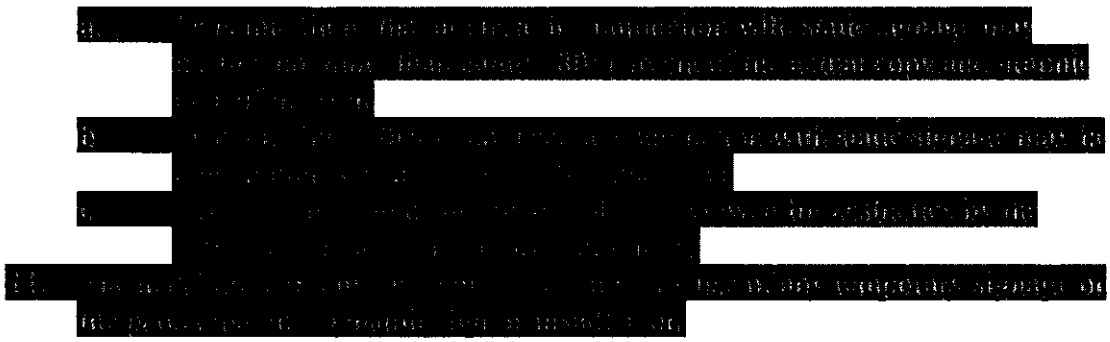
Subdivision 6: Dynamic and Changeable Copy Signs

A. Dynamic Signs. Any characteristics of a sign that appear to have movement or that appear to change, caused by any method other than physically removing and replacing the sign or its components, whether the apparent movement or change is in the display, the sign structure itself, or any other component of the sign. This includes display that incorporates a technology or method allowing the sign face to change the image without having to physically or mechanically replace the sign face or its components. This also includes any rotating, revolving, flashing, blinking or animated display and any display that incorporates rotating panels, LED lights manipulated through digital input, "digital ink" or any other method of technology that allows a sign face to present a series of images or displays.

1. Findings. Studies show that there is a correlation between dynamic displays on signs and the distraction of highway drivers. Distraction can lead to traffic accidents. Drivers can be distracted not only by a changing message, but also by knowing that the sign has a changing message. Drivers may watch a sign waiting for the next change to occur. Additionally, drivers are more distracted by special effects used to change the message, such as fade-ins and fade-outs. Time and temperature signs appear to be an exception to these concerns because the messages are short, easily absorbed, and become inaccurate without frequent changes. Despite these public safety concerns, there is merit to allowing new technologies to easily update messages. Except as prohibited by state or federal law, sign owners should have the opportunity to use these technologies with certain restrictions. The restrictions are intended to minimize potential driver distraction and to minimize proliferation in residential districts where signs can adversely impact residential character. The City finds that dynamic displays should be allowed on signs but with significant controls to minimize their proliferation and their potential threats to public safety.
2. Permitted sign type and locations. Dynamic displays are solely permitted as freestanding signs and only within the "T1-B" Tier One Business District, "B-2" General Business District, "B-3" Neighborhood Business District, "RC" Recreational Commercial District, "T1-I" Tier One Industrial Park District, and "I-1" Industrial Park District.
3. Duration of Image. A dynamic display image, or any portion thereof, may not change more than once every twenty (20) seconds, except one for which changes are necessary to correct hour-and-minute, date, or temperature information. A display of time, date, or temperature must remain for at least twenty (20) seconds before changing to a different display, but the time, date, or temperature information itself may change not more often than once every three (3) seconds.

4. Transition. If a dynamic display's image or any portion thereof changes, the change sequence must be instantaneous without any special effects.
5. Prohibition on Video Display. No portion of a dynamic display may change any part of its sign face by a method of display characterized by motion or pictorial imagery, or depict action or a special effect to imitate movement, or display pictorials or graphics in a progression of frames that gives the illusion of motion of any kind.
6. Prohibition of fluctuating or flashing illumination. No portion of a dynamic display image may fluctuate in light intensity or use intermittent, strobe or moving light, or light that changes in intensity in sudden transitory bursts, streams, zooms, twinkles, sparkles or any other manner that creates the illusion of movement.
7. Audio. Dynamic displays shall not be equipped with audio speakers.
8. Malfunctions. Dynamic displays must be designed and equipped to freeze the sign face in one position if a malfunction occurs. Dynamic displays must be equipped with a means to immediately discontinue the display if it malfunctions and the sign owner or operator must immediately turn off the display when notified by the City that it is not complying with the standards of this Ordinance.
9. Brightness. All dynamic displays shall meet the following brightness standards:
    a) No dynamic display may exceed a maximum illumination of 5,000 nits (candelas per square meter) during the daylight hours and a maximum illumination of 500 nits (candelas per square meter) between dusk to dawn as measured from the sign's face at maximum brightness.
    b) All dynamic displays having illumination by means other than natural light must be equipped with a dimmer control or other mechanism that automatically controls the sign's brightness to comply with the requirements of this Section.
    c) No dynamic displays may be of such intensity or brilliance that it interferes with the effectiveness of an official traffic sign, device, or signal.
    d) The owner or controller of the dynamic display must adjust the sign to meet these brightness standards in accordance with the City's instructions. The adjustment must be made immediately upon notice of non-compliance from the City.
    e) A written certification from the sign manufacturer that light intensity has been preset to conform to the brightness levels established by code and that the preset level is protected from end user manipulation by password protected software or other method. This would offer the advantage of ensuring that electronic signs at a minimum cannot exceed the standards.

10. [redacted]



B. Changeable Copy Signs. Changeable copy signs must meet the requirements as defined for wall or freestanding signs for the district in which the sign will be located.

This Ordinance is hereby approved by the Isanti City Council this 6th day of March, 2018.

Subject: Consider Resolution to Proceed with Buy-back Program with Lano Equipment Inc.

The City entered into an agreement with Crawford Equipment in 2014 for an Annual Skidsteer Buy-back Program. When we started the program with Crawfords Equipment it was $1600 per unit per year. In our annual review of the program the City received a quote from Crawfords Equipment for $3,000.00. This was a 40% increase from last year. Staff then looked into other Vendors. Lano Equipment Inc. will offer the same program for $2,200.00 per unit per year. Staff did a comparison on keeping the machines for 10 years or staying with the Buy-back Program. It is in the best interest of the City to remain on the Buy-back program.

Finance Committee Recommendation:
Finance Committee reviewed the information and recommends moving forward with Lano Equipment Inc. staying on the Buy-back Program.

Request:
It is requested that City Council review and take action on this item.

Subject: Award Quote for Portable Toilet Services

A request for quotes was placed in the Official Newspaper and posted for Portable Toilet Services for the City. The service is for a period of two years; from April 1, 2018 through March 31, 2020.

Three quotes were received for the service and they were from Jimmy's Johnnys, Absolute Portable Restrooms and Onsite Sanitation.

A summary of the quotes received for the services is provided in the following table. Appendix A represents City Parks, Farmers Market and Street Dance Units. In the past, organizations had inquired if they would have the ability to use the quotes provided for the City. To accommodate this request by the organizations, the specifications provided that the contractor submit quotes for the organizations as provided within Appendix 'B' (BMX Association, C-I Soccer Association, & Redbirds Association) and Appendix 'C' (City and/or North 65 Chamber of Commerce for City Civic Events / Celebrate Isanti) of the contract.

Staff Recommendation:

Staff has reviewed the quotes received. The quotes from Jimmy's Johnnys and Absolute Portable Toilets were close in costs. However, in comparing the combined costs for regular and handicapped toilets in Appendix A – Street Dance Weekends and Appendix C, Absolute Portable Restrooms was slightly lower. Therefore, staff recommends awarding the Portable Toilet Services to Absolute Portable Restrooms as the lowest responsible quoter and authorization to enter into a contract for the service.

CITY OF ISANTI

CONTRACT FOR PORTABLE TOILET SERVICES

This agreement is made as of the ____ day of _____, 2018, between the City of Isanti, a Minnesota Municipal Corporation **("City")**, and _____ **("Contractor")**. The **City** and the **Contractor** agree as follows:

SECTION 1. PURPOSE

The purpose of this agreement is to establish a standardized portable toilet servicing procedure for portable toilet units placed on City property.

SECTION 2. SERVICES TO BE PERFORMED

A. The **Contractor** shall provide portable toilets and service the units as listed on Attachment 'A'.

B. The **Contractor** shall not be required to service the portable toilets on State of Minnesota legal holidays; provided, however, that service shall occur on the routes reasonably in advance thereof or thereafter as the **City** and **Contractor** may agree so that the schedule can be completed regardless of a holiday.

SECTION 3. TERM OF CONTRACT

A. The term of this **Contract** shall be April 1, 2018 through March 31, 2020.

SECTION 4. CONTRACTOR'S EQUIPMENT

A. All vehicles used by the **Contractor** to service the portable toilet units placed on municipal properties shall be painted and marked uniformly and shall be identified on both sides of the cab. All required equipment to service the units shall be maintained in good usable condition on each vehicle.

B. The **Contractor** shall make all collections of materials in vehicles with closed tops so that contents will not spill or leak. All of the **Contractor's** vehicles shall be kept clean and as free from offensive odors as possible and shall not be allowed to stand in any street or other place longer than is reasonably necessary to service the units.

C. The **Contractor** shall keep all equipment used in the performance of the work required by this Contract in good operating condition and in a clean, sanitary condition. Cabs shall be cleaned daily and the exterior of the vehicle shall be thoroughly washed at least one time per week. All of the **Contractor's** equipment is subject to periodic inspection by the **City**.

SECTION 5. CONTRACTOR'S OPERATIONS

A. The **Contractor** shall establish and maintain, in a location approved by the City Administrator, an office staffed and capable of accepting complaints and customer calls. The office shall be in service during the

hours of 8:00 a.m. and 5:00 p.m. on all days of service as specified herein. The address and telephone number of the office shall be given to the **City** in writing. Any changes in address and telephone number of the office shall be given to the **City** in writing at least ten (10) working days prior to such change. An emergency contact phone number for evenings, holidays and weekends to address emergency events shall be provided to the **City**.

B. Complaints on service will be taken and collected by the **City** in addition to those received at the **Contractor's** office. The **City** will notify the **Contractor** of all complaints it receives. The **Contractor** is responsible for all corrective actions. A record of all such complaints and the action taken thereon shall be kept by the **Contractor** and reported monthly to the Public Services Director. All complaints shall be answered by the **Contractor** courteously and promptly.

C. The **City** shall notify the **Contractor** by 12:00 noon on the day following the scheduled service of any missed stops. The **contractor** is required to service such locations before 5:00 p.m. on the date of notification.

D. The **Contractor's** employees shall handle all servicing of the units with reasonable care to avoid any spillage or leakage to occur. Any spillage or leakage shall be immediately cleaned up.

E. The performance of the Contract shall be done by the **Contractor** utilizing such equipment and work methods as are adequate to insure proper and satisfactory collection and disposal of the materials at all times. **Contractor's** failure to perform shall not be excused by adverse conditions of weather, breakdown and similar hindrances, which on other work might be regarded as "acts of providence".

SECTION 6. COMPENSATION

The **City** will compensate the **Contractor** for the rental and servicing of portable toilets located on designated municipal property as set forth in Attachment A and the Quote Form that was submitted by the **Contractor**, attached hereto and made a part hereof.

The **Contractor** will look to the particular entity receiving services under this contract as set forth in Appendix 'B' or Appendix "C" attached hereto and made a part hereof for compensation due from such entity for the rental and servicing of portable toilets for the benefit of that entity. The **City** will not be responsible for payment of services and servicing of toilets provided at the request of said entities; however said entities shall be entitled to receive services from the **Contractor** at the pricing set forth in Appendix 'B' or "C" at any time during the term of this contract.

The **Contractor** will provide rental and servicing of portable toilets for Special Events sponsored in whole or in part by the Isanti Area Chamber of Commerce at the pricing set forth in Appendix 'C' attached hereto and made a part hereof. The Chamber may designate the number and location of portable toilets needed and shall be solely responsible for payment of all compensation due the Contractor for the services so requested. The **City** shall have no responsibility for payment for the rental and servicing of portable toilets requested by the Chamber under this contract.

SECTION 7. LIABILITY INSURANCE / INDEMNIFICATION

The **Contractor** shall indemnify and hold harmless the **City** and its officers, agents and employees from and against all claims, damages, losses or expenses, including attorney fees, for which it may be held liable, arising out of or resulting from the assertion against them of any claims, debts or obligations in consequence of the performance of this **Contract** by the **Contractor**, its employees, agents or subcontractors. **Contractor** will

carry, for the duration of this Agreement, liability insurance coverage and shall provide a Certificate of Liability Insurance to the City and shall name the **City of Isanti** as an additional insured, an amount of not less than $500,000.00, insuring against personal injury or property damage for liability to third parties. The **Contractor** shall provide a copy of his license to haul as authorized and approved by Isanti County.

SECTION 8. TERMINATION

The **City** shall have the right to terminate this Contract prior to the expiration of its term if in the **City's** opinion; there has been a breach of its terms by the **Contractor**.

SECTION 9. PENALTIES AND DAMAGES

A. Failure by the **Contractor** to perform under this Contract, may result in its termination and/or claims by the **City** for damages.
B. In the event of breach of this Contract by the **Contractor**, or proven negligence by the **Contractor**, the **Contractor** agrees to pay, in addition to the actual damages sustained by the **City** as a result thereof, the cost, including reasonable attorney's fees incurred by the **City** in pursuing any of its rights under this Contract.

SECTION 10. SUCCESSORS AND ASSIGNS

The **Contractor** binds itself, its successors, executors, administrators and assigns to the **City** in respect to all covenants of this Contract, except that the **Contractor** shall not assign or transfer any part of its interest in this Contract nor shall the **Contractor** assign any moneys due, or to become due, without the **City's** written consent.

SECTION 11. AMENDMENT, MODIFICATION OR WAIVER

No amendment, modification, or waiver of any condition, provision, or term of this Contract shall be valid or of any effect unless made in writing, signed by the party or parties to be bound or by its duly authorized representative, and specifying with particularity the extent and nature of such amendment, modification, or waiver. Any waiver by any party or any default of another party shall not affect or impair any right arising from any subsequent default.

SECTION 12. SEVERABLE PROVISIONS

Each provision, section, sentence, clause, phrase, and word of this Contract is intended to be severable. If any provision, section, sentence, clause, phrase, or word hereof is illegal or invalid for any reason whatsoever, such illegality or invalidity shall not affect the validity of the remainder of this Contract.

SECTION 13. ENTIRE CONTRACT

This Contract contains the entire understanding of the parties hereto with respect to the transactions contemplated hereby and supersedes all prior agreements and understanding between the parties with respect to such subject matter. No representations, warranties, undertakings, or promises, whether oral, implied, written, or otherwise, have been made by either party hereto to the other unless expressly stated in this Contract or unless mutually agreed to in writing between the parties hereto after the date hereof, and neither party has replied on any verbal representations, agreements, or understandings not expressly set forth herein.

SECTION 14. CAPTIONS, HEADINGS OR TITLES

All captions, headings or titles in the paragraphs or sections of this Contract are inserted for convenience of reference only and shall not constitute a part of this Contract as a limitation of the scope of the particular paragraphs or sections to which they apply.

The representative of _____ hereby acknowledges receipt of this Contract and has reviewed the conditions of this Contract and has agreed that they comply with the terms of this Contract.

This contract for refuse service for municipal facilities is hereby entered into on the ____day of _____, 2018, between _____ and the City of Isanti for the period from April 1, 2018 through March 31, 2020.

MEMORANDUM

TO: Mayor George Wimmer
Members of the Isanti City Council

FROM: Ryan Kernosky, Community Development Director

DATE: March 6, 2018

SUBJECT: **SPRINT SITE LEASE AGREEMENT AMENDMENT**

Background

The City is in the process of approving a Conditional Use Permit for Sprint to install new antennas on top of the City's Water Tower. Since 2007, the City has had a site lease agreement with Sprint. The document was amended in 2013 when antennas were swapped out. Because Sprint is proposing to add additional antennas, they have proposed another amendment to the lease.

City Attorney Joslin has reviewed the proposed amendment and has provided no objections.

Staff Request

Staff is recommending approval of the site lease agreement amendment.

RESOLUTION NO. 2018-XXX

A RESOLUTION AMENDING THE SITE LEASE AGREEMENT BETWEEN SPRINT SPECTRUM REALTY COMPANY, LLC AND THE CITY OF ISANTI FOR THE PROPERTY AT 601 E DUAL BOULEVARD

WHEREAS, the City of Isanti and Northern PCS Services, LLC entered into a site lease agreement on May 1, 2007 for the placement of telecommunication devices on the City of Isanti Water Tower located at 601E Dual Blvd through Resolution 2007-22, and further amended such site lease agreement on February 20, 2007 through Resolution 2007-40; and,

WHEREAS, since entering into the original and amended agreement, Northern PCS Services, LLC has been succeeded by Sprint Spectrum Realty Company, LLC; and,

WHEREAS, the City has approved a Conditional Use Permit to allow for the upgrading and addition of telecommunication antennas through Resolution 2018-XXX, it is appropriate to amend the existing site lease agreement to reflect those changes; and,

WHEREAS, Sprint has provided an escrow of $7,500.00 to cover the costs for engineering and legal work that is required to move forward with the proposed project and has agreed to reimburse the City for any additional engineering and legal costs incurred that may exceed the original escrow amount; and,

WHEREAS, the City Attorney and Community Development Director have reviewed the proposed site lease amendment, and provided no further comments or concerns.

NOW, THEREFORE, BE IT RESOLVED, by the City Council of the City of Isanti, Minnesota, hereby approves the "Amendment B" to the site lease agreement with Sprint Spectrum Realty Company, LLC, the successor company of Northern PCS Services, LLC.

This Resolution was duly adopted by the Isanti City Council this 6th day of March, 2018.

ORIGINAL

SITE LEASE AGREEMENT

THIS SITE LEASE AGREEMENT ("Lease"), made this 1st day of May 2007 between City of Isanti ("Landlord") and Northern PCS Services, LLC, a Minnesota limited liability company ("Tenant").

For good and valuable consideration, the parties agree as follows:

1. **Leased Premises.** Subject to the terms and conditions of this Lease, Landlord hereby leases to Tenant and Tenant leases from Landlord a portion of Landlord's property, consisting of approximately 336 square feet, located at 601 E. Dual Boulevard, City of Isanti, County of Isanti, State of Minnesota, legally described in Exhibit A attached hereto, subject to any and all existing easements, and the non-exclusive right to use a portion of the water tower ("Structure"), between a minimum height of 160 feet and a maximum of 163 feet measured from grade as more particularly shown in Exhibit B attached hereto, on which directional antennas, connecting cables and appurtenances will be attached and located, the exact location of each to be reasonably approved by Landlord's Director of Public Works, together with a non-exclusive easement for reasonable access thereto and for adequate utility services, including sources of electric and telephone facilities also shown on Exhibit B ("Leased Premises").

2. **Rent**.

(a) Amount, Adjustments. As consideration for this Lease, Tenant shall pay Landlord a monthly rent in the amount of $1,000.00 for the remainder of 2007, which shall be increased each subsequent year on January 1st, by the greater of 3% or an amount equal to the increase in the Consumer Price Index. The CPI shall mean the "Consumer Price Index – for All Urban Consumers, All Cities, All Items (1982-84 = 100)" as published by the United States Department of Labor Statistics, or if such index is discontinued, the successor index, or if there shall be no successor index, such comparable index as mutually agreed upon by the parties. To determine the annual rental increase to be paid by the Tenant under a CPI adjuster, the annualized rental for the previous year shall be multiplied by a percentage figure, computed from a fraction, the numerator of which shall be the CPI for the third quarter of the preceding year (October) and the denominator of which shall be the CPI for the corresponding quarter of one year earlier. Such fraction shall be converted to a percentage equivalent. The resulting percentage figure shall be multiplied by the previous year's rent (annualized for the first year).

If Landlord consents to the installation of additional antennas, Tenant agrees to pay Landlord an increased monthly rental as specified in subparagraph 5(c) below. This rent in subparagraph 2(a) contemplates up to six (6) antennas. If more than six antennas are installed, each additional antenna shall require an additional monthly rent. For the remainder of 2007, the monthly rent will be calculated based upon an initial rent of $100.00 per month for each additional antenna. Monthly rent for each additional antenna

added after 2007 shall be calculated by multiplying $100.00 by the greater of 3% or an amount equal to the increase in the CPI for each subsequent year under the terms described in the preceding paragraph.

Upon full execution of this Agreement, Tenant agrees to pay to Landlord a legal and administrative review fee in the amount of One Thousand and no/100 Dollars ($1,000.00).

(b) Time of Payment, Taxes. The monthly rent shall be paid on or before the fifth business day of each month during the term of the lease. Rent for any partial month shall be pro-rated. Payments will be wired directly into the Landlord's bank account in accordance with written wiring instructions previously provided or to be provided by Landlord to Tenant. In addition to the annual rent, Tenant agrees to timely pay its pro rata share of any taxes or payment in lieu of taxes required as a result of this Lease.

3. **Governmental Approval Contingency.**

(a) Tenant Application. Tenant's rights to use the Leased Premises is expressly made contingent upon its obtaining all the certificates, permits, zoning and other approvals that may be required by any federal, state, or local authority. This shall include the engineering study specified in Subparagraph 3(b) below on the Structure to be conducted at Tenant's expenses. Landlord shall cooperate with Tenant in its efforts to obtain and retain such approvals and shall take no action which would adversely affect the status of the Leased Premises with respect to the Tenant's proposed used thereof.

(b) Interference Study. Before obtaining a building permit, Tenant must pay for the reasonable cost of (i) a radio frequency interference study carried out by an independent and qualified professional acceptable to the Landlord showing that Tenant's intended use will not interfere with any existing communications facilities and (ii) an engineering study showing that the Structure is able to support the Tenant's Facilities, as defined in Subparagraph 5(b), without prejudice to the City's use of the Structure. If the study finds that there is a potential for interference that cannot be reasonably remedied or for prejudice to the Structure, Landlord may terminate this Lease immediately and refund the initial rental to Tenant.

(c) Non-approval. In the event that any application necessary under Subparagraph 3(a) above is finally rejected or any certificate, permit, license or approval issued to Tenant is cancelled, expires, lapses, or is otherwise withdrawn or terminated by governmental authority so that Tenant, in its sole discretion, will be unable to use the Leased Premises for its intended purposes, Tenant shall have the right to terminate this Lease and be reimbursed for the rental payment if made pursuant to Subparagraph 2(b) above. Notice of Tenant's exercise of its right to terminate shall be given to Landlord in writing by certified mail, return receipt requested, and shall be effective upon receipt of such notice by Landlord as evidenced by the return receipt. Except as required under Subparagraph 13(d) below, upon such termination, this Lease shall become null and void and the parties shall have no further obligations to each other.

4. **Term and Renewal.**

The "Initial Term" of this Lease shall commence on the date in the first paragraph of this lease ("Effective Date") and end on December 31st of the fifth calendar year of the Lease. Subject to the terms and conditions of this Lease and the next paragraph below, unless Landlord gives written notice of non-renewal no later than 90 days prior to expiration of Initial Term or any Renewal Term (such notice to be provided in accordance with Paragraph 20 of this lease), Tenant shall have the right to extend this Lease for two (2) additional five (5) year renewal periods ("Renewal Term") commencing on January 1st following the expiration date of the Initial Term or any subsequent Renewal Term.

This Lease shall automatically renew for each successive Renewal Term unless either Landlord or Tenant sends written notice of non-renewal to the other no later than ninety (90) days prior to the expiration of the Initial Term or any Renewal Term, such notice to be provided in accordance with Paragraph 20 of this Lease.

5. **Tenant's Use.**

(a) User Priority. Tenant agrees that the following priorities of use, in descending order, shall apply in the event of communication interference or other conflict while this Lease is in effect, and Tenant's use shall be subordinate accordingly:

1. Landlord;
2. Public safety agencies, including law enforcement, fire, and ambulance services, that are not part of the Landlord;
3. Other government agencies where use is not related to public safety; and
4. Government-regulated entities whose antennae offer a service to the general public for a fee, in a manner similar to a public utility, such as long distance and cellular telephone, not including radio or television broadcasters.

(b) Purposes. Tenant shall use the Leased Premises only for the purpose of installing, maintaining, operating and removing a Landlord-approved communications antenna facility, equipment, cabinets and an accessory building, and uses incidental thereto for providing radio and wireless telecommunication services which Tenant is legally authorized to provide to the public. This use shall be non-exclusive, and Landlord specifically reserves the right to allow the Leased Premises to be used by other parties and to make additions, deletions, or modifications to its own facilities on the Leased Premises. Tenant's communications antenna facility shall consist of antennas at the Landlord-approved location, along with cables and appurtenances connected to an accessory building or cabinet located on the Lease Premises ("Antenna Facilities"). Both parties shall comply with all applicable ordinances, statutes and regulations of local, state and federal government agencies.

(c) Construction. Tenant may erect and operate an antenna array in accordance with its submitted application attached as Exhibit B. If Tenant seeks to increase the number of antennas, it must first pay for an evaluation carried out by a qualified professional, retained by Landlord demonstrating that (i) each additional antenna will not interfere with existing antennas or with proposed antennas with a higher priority and that (ii) any Structure can structurally support the additional antennas. The cost of each evaluation must be paid by the Tenant within 30 days after receiving written notice of the cost. Landlord must consent to installation of additional antennas; such consent will not be unreasonably withheld. If Landlord consents, the parties will negotiate the amount of additional rental for the antennas. All antennas and/or other appurtances permitted hereunder shall be installed in a manor that does not distract from the aesthetics of the structure, and shall be subject to approval by the City Engineer before installation.

(d) Operation. Tenant shall have the right, at its sole cost and expense, to operate and maintain the Antenna Facilities on the Leased Premises in accordance with good engineering practices, with all applicable FCC rules and regulations. Tenant's installation of all Antenna Facilities shall be done according to plans approved by Landlord, which approval shall not be unreasonably withheld, conditioned or delayed. Any damage done to the Leased Premises or other Landlord property, including the Structure during installation or during operations shall be repaired at Tenant's expense within 30 days after notification of damage. The Antenna Facilities shall remain the exclusive property of the Tenant, even in the event of default or termination, unless otherwise provided in this Lease.

(e) Maintenance, Improvement Expenses. All modifications to the Leased Premises relating to Tenant's use and all improvements made for Tenant's benefit shall be at the Tenant's expense and such improvements, including antenna, facilities and equipment, shall be maintained in a good state of repair, at least equal to the standard of maintenance of the Landlord's facilities on or adjacent to the Leased Premises, and secured by Tenant. If Tenant's Antenna Facilities are mounted on the Structure they shall, at all times, be painted, at Tenant's expense, the same color as the Structure.

(f) Replacements. Before the Tenant may update or replace the Antenna Facilities, Tenant must notify and provide a detailed proposal to Landlord. Tenant shall submit to Landlord a detailed proposal for any such replacement facilities and any other information reasonably requested by Landlord of such requested update or replacement, including but not limited to a technical study, carried out at Tenant's expense. Landlord may not unreasonably withhold, condition or delay approval.

(g) Drawings. Unless duplicative of previous specifications or drawings submitted to Landlord, Tenant shall provide Landlord with as-built drawings of the equipment and improvements installed on the Leased Premises, which show the actual location of all Antenna Facilities. Said drawings shall be accompanied by a complete and detailed inventory of all equipment, personal property, and Antenna Facilities actually placed on the Leased Premises.

(h) No Interference. Tenant shall, at its own expense, maintain any equipment on or attached to the Leased Premises in a safe condition, in good repair and in a manner suitable to Landlord so as not to conflict with the use of the surrounding premises by Landlord. Tenant shall not unreasonably interfere with the operations of any prior tenant using the Structure and shall not interfere with the working use of the water storage facilities thereon or to be placed thereon by Landlord. Landlord shall ensure that no subsequent tenant with the same or lesser priority level as Tenant shall install or operate equipment that will unreasonably interfere with Tenant's operation of its Antenna Facilities.

(i) Painting and Reconditioning of Structure. Prior to City painting and/or reconditioning the Structure, Tenant shall, at it's expense, have its communications equipment tested by a third party consultant of tenant's choice, to certify that the antennas, coax, transmission lines, transmitters, and receivers are in proper working condition. Testing results must be acknowledged in writing to City. Final testing and certification of the results must be completed within three (3) weeks of notification by City. Tenant shall provide City's painting contractor with pertinent safety instructions relative to working near the antennas, and if necessary, tenant must lower the power levels while City's painting contractor is working near the antennas. If the any of the above will interrupt tenant's service for more than 48 hours tenant shall have the option at it's sole expense to relocate it's facility to another location on city's property that is reasonably amenable to City and Tenant. Once interruption ceases, Tenant shall return it's facilities to the Premises, at it's sole expense.

(j) Damage To Paint or Surface of Structure. The antenna and any equipment attachments must not damage the paint or surface of the structure. Any additional expense of repainting, repairing, or maintaining the Premises or the structure reasonably incurred by the City as a direct consequence of the presence of the antennas and/or equipment being located thereon shall be paid promptly by Tenant to the City upon receipt of the City's written notice of such additional cost, which notice shall state the reason(s) for the incurring of such costs and shall include a reasonable itemization of such costs.

(k) Mitigation of Noise and/or Disturbance. Tenant agrees that if its communications equipment produces noise levels or interference that unreasonably cause a disturbance to the surrounding neighbors of the Premise as determined solely by the City, Tenant at it's own expense install such mitigation equipment or such buffer as is necessary to eliminate such disturbance.

(l) Notification of Scheduled Work. Tenant shall notify the City of scheduled work on it's communication facility that is to be done after 5:00 p.m. on business days, and any time on weekends or holidays. The notice shall be given to City so that it is received at lease 48 hours in advance of the start of such scheduled work, if possible. In the case of Tenant's emergency work on it's communication facilities, Tenant shall notify City as soon as practical after commencement of the work.

(m) Access. Tenant, at all times during this Lease, shall have access to the Leased Premises in order to install, operate, and maintain its Antenna Facilities. Tenant shall have access to the Structure only with the approval of Landlord. Tenant shall request access to the Structure twenty-four (24) hours in advance, except in an emergency, and Landlord's approval thereof shall not be unreasonably withheld or delayed. In the event it is necessary for Tenant to have access to the Structure at some time other than the normal working hours of Landlord, Landlord may charge Tenant for whatever expense, including employees' wages, that Landlord may incur in providing such access to Tenant. In the event that use of the Structure for water service, or use of the Structure to perform any necessary maintenance or repair, is interrupted or made impractical because of Tenant's antenna usage on the Structure, the City may interrupt Tenant's use of the Premises as reasonably necessary to prevent interruption of water service or interruption of maintenance and repair of the tower. The City will use its best efforts to prevent or minimize interruptions to Tenant's use.

(n) Payments of Utilities. Tenant shall separately meter charges for the consumption of electricity and other utilities associated with its use of the Leased Premises and shall promptly pay all costs associated therewith.

6. **Emergency Facilities**. In the event of a natural or man made disaster, in order to protect the health, welfare, and safety of the community, Tenant may erect additional Antenna Facilities and install additional equipment on a temporary basis on the Leased Premises to assure continuation of service. Such temporary operation shall not exceed 90 days unless Tenant obtains written approval from the Landlord, such approval of which shall not be unreasonably withheld, conditioned or delayed.

7. **Additional Maintenance Expenses**. Upon notice from Landlord, Tenant shall promptly pay to Landlord all additional Landlord reasonable expenses incurred in maintaining the Leased Premises, including painting or other maintenance of the Structure, that are caused by Tenant's occupancy of the Leased Premises.

8. **Additional Buildings**. Tenant acknowledges that Landlord may permit additional buildings to be constructed on the property described in Exhibit A, so long as such buildings do not interfere with Tenant's use of the Leased Premises. At such time as this may occur, Tenant will permit said buildings to be placed immediately adjacent to Tenant's building and will allow "attachments" to its building so as to give the appearance that all buildings are a connected facility. Said attachments will be made at no cost to Tenant and will not compromise the structural integrity of Tenant's building.

9. **Defense and Indemnification**.

(a) General. Each party agrees to defend, indemnify and hold harmless the other and the other's officials, officers, employees, agents, and representatives, from and against any and all claims, costs, losses, expenses, demands, actions, or causes of action, including reasonable attorneys' fees and other costs and expenses of litigation, which may be asserted against or incurred by a party or for which a party may be liable in the

performance of this Lease, except those which arise solely from the negligence, willful misconduct, or other fault of the other party. Tenant shall defend all claims arising out of the installation, operation, use, maintenance, repair, removal, or presence of Tenant's Antenna Facilities, equipment and related facilities on the Leased Premises.

(b) Hazardous Materials. Without limiting the scope of Subparagraph 9(a) above, Tenant will be solely responsible for and will defend, indemnify, and hold Landlord, its agents, and employees harmless from and against any and all claims, costs, and liabilities, including attorney's fees and costs, arising out of or in connection with the cleanup or restoration of the Leased Premises resulting from Tenant's use of Hazardous Materials. Landlord will be solely responsible for and will defend, indemnify, and hold Tenant, its agents, and employees harmless from and against any and all claims, costs, and liabilities, including attorney's fees and costs, arising out of or in connection with the cleanup or restoration of the Leased Premises resulting from Landlord's use of Hazardous Materials. For purposes of this Lease, "Hazardous Materials" shall be to include, without limitation, asbestos, fuel, batteries or any hazardous substance, waste, or materials as defined in any federal, state, or local environmental or safety law or regulations including, but not limited to, CERCLA.

(c) Tenant's Warranty. Tenant represents and warrants that its use of the Leased Premises will not generate and Tenant will not store or dispose of on the Leased Premises, nor transport to or over the Leased Premises, any Hazardous Materials. unless tenant specifically informs Landlord thereof in writing twenty-four hours prior to such storage, disposal or transport, or otherwise as soon as Tenant becomes aware of the existence of Hazardous Materials on the Leased Premises. The obligations of this Paragraph 9 shall survive the expiration or other termination of this Lease. Landlord represents and warrants that, to the best of its knowledge, no hazardous materials are or have been stored or transported to the Leased Premises.

10. **Insurance**.

(a) Worker's Compensation. The Tenant must maintain Worker's Compensation insurance in compliance with all applicable statutes. The policy shall also provide Employer's Liability coverage with limits of not less than $500,000 Bodily Injury each accident, $500,000 Bodily Injury by disease, each employee.

(b) General Liability. The Tenant must maintain an occurrence from comprehensive general liability coverage. Such coverage shall include, but not be limited to, bodily injury, property damage – broad form, and personal injury, for the hazards of Premises/Operation, broad form contractual, independent contractors, and products/completed operations.

The Tenant must maintain aforementioned comprehensive general liability coverage with limits of liability not less than $1,000,000 each occurrence; $1,000,000 personal and advertising injury; $2,000,000 general aggregate, and $2,000,000 products and completed operations aggregate. These limits may be satisfied by the comprehensive

general liability coverage or in combination with an umbrella or excess liability policy, provided coverage afforded by the umbrella or excess policy are no less than the underlying comprehensive general liability coverages.

(c) Automobile Liability. The Tenant must carry Automobile Liability coverage. Coverage shall afford total liability limits for Bodily Injury Liability and Property Damage Liability in the amount of $1,000,000 per accident. The liability limits may be afforded under the Commercial Policy, or in combination with an Umbrella or Excess Liability Policy provided coverages afforded by the Umbrella Excess Policy are no less than the underlying Commercial Auto Liability coverage.

Coverage shall be provided for Bodily Injury and Property Damage for the ownership, use, maintenance or operation of all owned, non-owned and hired automobiles.

The Commercial Automobile Policy shall include at least statutory personal injury protection, uninsured motorists and underinsured motorists coverages.

(d) Tenant Property Insurance. The Tenant must keep in force during the term and any renewals of the Lease a policy covering damages to its property at the Leased Premises. The amount of coverage shall be sufficient to replace the damaged property, loss of use and comply with any ordinance or law requirements.

(e) Hazardous Materials Coverage. Tenant must carry sufficient coverage, to the reasonable satisfaction of the Landlord, for damage caused by Hazardous Materials.

(f) Adjustment to Insurance Coverage Limits. The coverage limits set forth herein shall be increased at the time of any Renewal Term by the greater of the change in the Consumer Price Index as calculated under Paragraph 2(a) or 25%.

(g) Additional Insured – Certificate of Insurance. The Tenant shall provide, prior to tenancy, evidence of the insurance in the form of a Certificate of Insurance issued by a company (rated A+ or better) by Best Insurance Guide, licensed to do business in the state of Minnesota, which includes all coverages required in this Paragraph 10. Tenant will name Landlord as an Additional Insured on the General Liability and Commercial Automobile Liability Policies. The Certificate(s) shall also provide the coverage may not be canceled, non-renewed, or materially changed without thirty (30) days prior written notice to Landlord.

11. **Damage or Destruction**. If the Leased Premises is destroyed or damaged, without contributory fault of the Tenant or its agents, so as, in Tenant's judgment, to hinder its effective use of the Antenna Facilities, Tenant may elect to terminate the Lease upon 30 days' written notice to Landlord. In the event Tenant elects to terminate the Lease, Tenant shall be entitled to reimbursement of prepaid rent covering the period subsequent to the date of damage to or destruction of the Leased Premises.

12. **Lease Termination**.

(a) Events of Termination. Except as otherwise provided herein, this Lease may be terminated upon sixty (60) days written notice to the other party as follows:

(i) by either party upon a default of any covenant or term hereof by the other party, which default is not cured within sixty (60) days of receipt of written notice of default to the other party (without, however, limiting any other rights of the parties pursuant to any other provisions hereof);

(ii) by Tenant for cause if it is unable to obtain or maintain any license, permit, or other governmental approval necessary for the construction and/or operation of the Antenna Facilities or Tenant's business;

(iii) by Tenant for cause if the Leased Premises is or becomes unacceptable for technological reasons including without limitation shadowing or interference under Tenant's Antenna Facilities, design or engineering specifications or the communications systems to which the Antenna Facilities belong;

(iv) by Landlord, upon 180 days prior written notice to Tenant if its City Council decides, for any reason, to redevelop the Leased Premises in a manner inconsistent with continued use of the Leased Premises by Tenant and/or discontinue use of the Structure for all purposes, provided that the Landlord shall promptly pay to Tenant the reasonable costs incurred by Tenant to remove its equipment from the Structure if it exercises this provision prior to the end of the Initial Term.

(iv) by Landlord if it determines that the Structure is structurally unsound, including, but not limited to, consideration of age of the Structure, damage or destruction of all or part of the Structure on the Leased Premises from any source, or factors relating to condition of the Leased Premises;

(v) by Landlord if it determines that a potential user with a higher priority under Subparagraph 4(a) above cannot find another adequate location, or the Antenna Facilities unreasonably interfere with another user with a higher priority, regardless of whether or not such an interference was predicted in the initial interference study that was part of the application process, provided that for a one year period after termination under this subparagraph, Landlord shall not lease the Leased Premises to another party with equal or lesser priority for the same use as that of Tenant and shall protect Tenant from harmful interference caused by subsequent users; or

(vii) by Landlord if it determines that Tenant has failed to comply with applicable ordinances, or state or federal law, or any conditions attached to government approvals granted thereunder.

(b) Notice of Termination. The parties shall give Notice of Termination in writing by certified mail, return receipt requested. Such Notice shall be effective upon receipt as

evidenced by the return receipt, or such later date as stated in the Notice. All rentals paid for the Lease prior to said termination date shall be retained by the Landlord.

(c) Tenant's Liability for Early Termination. If Tenant terminates this Lease other than of right as provided in this Lease, Tenant shall pay to Landlord the annual rent for the year in which Tenant terminates, unless Tenant terminates during the last year of any Term under Paragraph 3 and Tenant has paid the annual rental for that year.

(d) Site Restoration. In the event that this Lease is terminated or not renewed, Tenant shall have 60 days from the termination or expiration date to remove its Antenna Facilities, and related equipment from the Leased Premises, repair and restore the site to it's pre-leased condition and restore the surface of the Structure to it's pre-leased condition. In the event that Tenant's Antenna Facilities, and related equipment are not removed to the reasonable satisfaction of the Landlord, the Landlord shall have the right to remove the equipment and store it all at the Tenant's expense. A post site walk will be completed with the landlord to confirm the work completed is to the Landlord's satisfaction.

13. **Limitation of Landlord's Liability**. If Landlord terminates this Lease other than as of right as provided in this Lease, or Landlord causes interruption of the business of Tenant or for any other Landlord breach of this Lease, Landlord's liability for damages to Tenant shall be limited to the actual and direct costs of equipment removal, relocation or repair and shall specifically exclude any recovery for value of the business of Tenant as a going concern, future expectation of profits, loss of business or profit or related damages to Tenant.

14. **Temporary Interruptions of Service**. If Landlord reasonably determines that continued operation of the antenna Facilities would cause or contribute to an immediate threat to public health and/or safety (except for any issues associated with human exposure to radio frequency omissions, which is regulated by the federal government), Landlord may order Tenant to discontinue its operation. Tenant shall immediately comply with such an order. Service shall be discontinued only for the period that the immediate threat exists. If Landlord does not give prior notice to Tenant, Landlord shall notify Tenant as soon as possible after its action and give its reason for taking action. Landlord shall not be liable to Tenant or any other party for any interruption in Tenant's service or interference with Tenant's operation of its Antenna Facilities, except as may be caused by the willful misconduct of the Landlord, its employees or agents. If the discontinuance extends for a period greater than three days, either consecutively or cumulatively, Tenant shall have the right to terminate this Lease within its sole discretion.

15. **Tenant Interferences**.

(a) With Structure. Tenant shall not interfere with Landlord's use of the Structure and agrees to cease all such actions which unreasonably interfere with Landlord's use thereof no later than three business days after receipt of written notice of the interference from Landlord. In the event that Tenant's cessation of action is material to Tenant's use

of the Leased Premises and such cessation frustrates Tenant's use of the Leased Premises, within Tenant's sole discretion, Tenant shall have the immediate right to terminate this Lease.

(b) With Higher Priority Users. If Tenant's Antenna Facilities cause impermissible interference with higher priority users as set forth in under Subparagraph 5(a) above or with pre-existing tenants, Tenant shall take all measures necessary to correct and eliminate within 48 hours after receiving Landlord's written notice of the interference, Tenant shall immediately cease operating its Antenna Facilities and shall not reactivate operation, except intermittent operation for the purpose of testing, until the interference has been eliminated. If the interference cannot be eliminated within 30 days after Tenant received Landlord's written notice, Landlord may at its option terminate this Lease immediately.

(c) Interference Study – New Occupants. Upon written notice by Landlord that it has a bona fide request from any other party to lease an area including or in close proximity to the Leased Premises ("Leased Premises Area"), Tenant agrees to provide Landlord, within sixty (60) days, the radio frequencies currently in operation or to be operated in the future of each transmitter and receiver installed and operational by Tenant on the Leased Premises at the time of such request. Landlord may then have an independent, registered professional engineer of Landlord's choosing perform the necessary interference studies to determine if the new applicant's frequencies will cause harmful radio interference to Tenant. Landlord shall require the new applicant to pay for such interference studies, unless the Landlord or other higher priority user requests the use. In that event, the Tenant and all other tenants occupying the Leased Premises Area shall pay for the necessary interference studies, pro rata.

(d) Interference – New Occupants. Landlord agrees that it will not grant a future lease in the Leased Premises Area to any party who is of equal or lower priority to Tenant, if such party's use is reasonably anticipated to interfere with Tenant's operation of its Antenna Facilities. Landlord agrees further that any future lease of the Leased Premises Area will prohibit a user of equal or lower priority from interfering with Tenant's Antenna Facilities. Landlord agrees that it will require any subsequent occupants of the Leased Premises Area of equal or lower priority to Tenant to provide Tenant these same assurances against interference. Landlord shall have the obligation to eliminate any interference with the operations of Tenant caused by such subsequent occupants. If such interference is not eliminated, Tenant shall have the right to terminate this Lease or seek injunctive relief against the interfering occupant, at Tenant's expense.

16. **Assignment**. This Lease, or rights thereunder, may not be sold, assigned, or transferred at any time by Tenant except to Tenant's affiliates or subsidiaries. As to other parties, this Lease may not be sold, assigned, or transferred without the written consent of the Landlord, such consent not to be unreasonably withheld, conditioned or delayed. For purposes of this paragraph, an "affiliate" or "subsidiary" means an entity in which Tenant owns greater than 50% interest. Landlord herby consents to the assignment by Tenant of

its rights under this Lease as collateral to any entity which provides financing for the purchase of the equipment to be installed at the Leased Premises.

17. **Condemnation**. In the event the whole of the Leased Premises is taken by eminent domain, this Lease shall terminate as of the date title to the Leased Premises vests in the condemning authority. In event a portion of the Leased Premises is taken by eminent domain, either party shall have the right to terminate this Lease as of said date of title transfer, by giving thirty (30) days' written notice to the other party. In the event of any taking under the power of eminent domain, Tenant shall not be entitled to any portion of the reward paid for the taking and the Landlord shall receive full amount of such award. Tenant hereby expressly waives any right or claim to any portion thereof. Although all damages, whether awarded as compensation for diminution in value of these leasehold or to the fee of the Leased Premises, shall belong to Landlord, Tenant shall have the right to claim and recover from the condemning authority, but not from Landlord, such compensation as may be separately awarded or recoverable by Tenant on account of any and all damage to Tenant's business and any costs or expenses incurred by Tenant in moving/removing its equipment, personal property, Antenna Facilities, and leasehold improvements.

18. **Disputes**. Any claim, controversy or dispute arising out of this Lease not resolved within ten (10) days following notice of the dispute, shall be submitted first and promptly to mediation. Each party shall bear its own costs of mediation. If mediation does not resolve in settlement within forty-five (45) days after the matter was submitted to mediation, either party may pursue a remedy in the State District Court in and for Isanti County, Minnesota, which shall have exclusive jurisdiction over such matter.

19. **Enforcement and Attorney's Fees**. In the event that either party to this Lease shall bring a legal action to enforce any rights hereunder, the prevailing party shall be entitled to recover costs and reasonable attorney's fees incurred as a result of such claim.

20. **Notices**. All notices hereunder must be in writing and shall be deemed validly given if delivered personally or if sent by certified mail, return receipt requested, addressed as follows (or any other address that the party to be notified may have designated to the sender by like notice):

If to Landlord, to:

21. **Authority**. Each of the individuals executing this Lease on behalf of the Tenant or the Landlord represents to the other party that such individual is authorized to do so by requisite action of the party to this Lease.

22. **Binding Effect**. This Lease shall run with the Leased Premises. This Lease shall extend to and bind the heirs, personal representatives, successors and assigns of the parties hereto.

23. **Complete Lease: Amendments.** This Lease constitutes the entire agreement and understanding of the parties and supersedes all offers, negotiations, and other agreements of any kind. There are no representations or understandings of any kind not set forth herein. Any modification of or amendment to this Lease must be in writing and executed by both parties.

24. **Governing Law.** This Lease shall be construed in accordance with the laws of the State of Minnesota.

25. **Limitation of Liability.** Nothing in the Lease shall be deemed a waiver of any limitation of liability or defenses under Minnesota Statutes Chapter 466 or any other provision of law.

26. **Severability.** If any term of this Lease is found be void or invalid, such invalidity shall not affect the remaining terms of this Lease, which shall continue in full force and effect.

27. **Default:**

(a) Notwithstanding anything in the Lease to the contrary, Tenant shall not be in default under this Lease until thirty (30) days after receipt of written notice from Landlord specifying Tenant's failure to comply with any material provision of this Lease, which failure is not cured within said thirty (30) days; provided, however, where such default cannot reasonably be cured within thirty (30) days, Tenant shall not be deemed to be in default under this Lease if Tenant commences to cure such default within said thirty (30) days and thereafter diligently pursues such cure to completion

(b) In the event of Tenant's default in the payment of rentals or in Tenant's failure to comply with any other material provision of this Lease, Landlord may, at its option, terminate this Lease without affecting its right to sue for all past due rentals and any other damages to which the Landlord may be entitled. Should Landlord be entitled to collect rentals or damages and be forced to do so through its attorney or by some other legal procedures, Landlord shall, upon receipt of a favorable judicial ruling, be entitled to its reasonable costs and attorney fees thereby incurred.

(c) In the event of Landlord's failure to comply with any material provision of this Lease, which failure is not cured within thirty (30) days after receipt of written notice thereof from Tenant (provided, however, where any such default cannot reasonably be cured within thirty (30) days, Landlord shall not be deemed to be in default under this Lease if Landlord commences to cure such default within said thirty (30) days and thereafter diligently pursues such cure to completion), Tenant may, at its option, cure the failure at Landlord's expense (which expense, in Tenant's discretion, may be deducted from rent) or terminate this Lease without affecting its right to demand, sue for, and collect all of its damages arising out of Landlord's said failure to comply (including consequential damages). If Tenant is entitled to collect or otherwise remedy said damages, and if Tenant should seek enforcement of its rights through an attorney or other legal procedures, Tenant is entitled to collect, in addition to any other amounts owed, its reasonable costs and attorneys fees thereby incurred.

(d) The rights and remedies stated in this Lease are not exclusive and the parties, in the event of a breach hereof or a dispute, are entitled to pursue any of the remedies provided herein, by law, or by equity.

(e) No course of dealing between the parties or any delay on the part of a party to exercise any right it may have under this Lease shall operate as a waiver of any of the rights hereunder or by law or equity provided, nor shall any waiver of any prior default operate as the waiver of any subsequent default, and no express waiver shall affect any term or condition other than the one specified in such waiver, for the time and manner specifically stated.

28. **Title:** Landlord represents and warrants to Tenant that Landlord has good and marketable title to the Leased Premises, the ground beneath the Tower, Access Easement and Utility Easement, free and clear of all liens, encumbrances and exceptions. Landlord shall warrant and defend the same to Tenant against the claims and demands of all persons and entities. If Landlord is a corporation, partnership or other legal entity, the individual who executes this Lease on behalf of Landlord represents and warrants to Tenant that he or she is duly authorized to do so.

29. **Quiet Enjoyment:** Landlord covenants that Tenant, upon paying the rent and observing the other covenants and conditions herein upon its part to be observed, shall peaceably and quietly hold and enjoy the right to use the Leased Premises, Access Easement, and Utility Easement on the terms and conditions and for the purposes stated herein during the term of

this Lease, as it may be extended, without hindrance, ejection or molestation by Landlord or any person(s) or entity(ies) claiming under the Landlord.

30. **Representations and Warranties:** Tenant shall keep and maintain its Communications Facility in good repair and condition and in accordance with all local, State, and Federal laws, rules and regulations. Tenant shall acquire no interest in the land or in the Tower by virtue of this agreement other than as set forth in this Lease. Tenant warrants that all improvements on the Leased Premises have been constructed and maintained in accordance with all applicable federal, state and local laws, rules, regulations and ordinances.

Landlord agrees that Tenant's contemplated use of the Leased Premises is not prohibited by or in violation of any zoning or other municipal law, ordinance, rule or regulation or any restriction contained in any deed, lease or other instrument related to the Premises. Landlord warrants that is has had no dealings with any broker or agent in connection with this Lease and Landlord agrees to defend, indemnify, and hold Tenant harmless from and against any and all costs, expense or liability from damages (including attorneys fees and expenses), compensation, commission and charges claimed by any broker or agent with respect to this Lease or the negotiation thereof, arising out of the conduct or conversations of Landlord, or third parties to whom Landlord may be legally responsible.

IN WITNESS WHEREOF, the parties hereto have set their hands and affixed their respective seals the day and year first above written.

AMENDMENT NO. 1 TO SITE LEASE AGREEMENT

This Amendment No. 1 to SITE LEASE AGREEMENT (this "**Amendment**"), effective as of the date last signed below ("**Effective Date**"), amends a certain SITE LEASE AGREEMENT between NORTHERN PCS SERVICES, LLC, a Minnesota limited liability company ("**Tenant**"), and CITY OF ISANTI ("**Landlord**"), dated MAY 1, 2007 (the "**Agreement**").

BACKGROUND

WHEREAS, Tenant desires to modify its installation on the Leased Premises by adding or swapping out antennas and other equipment to the Antenna Facilities, as more particularly described in Exhibit B-1 annexed hereto, and Tenant and Landlord desire to modify the provisions of the Agreement as provided below.

AGREEMENT

For good and valuable consideration the receipt and sufficiency of which are acknowledged, Landlord and Tenant agree as follows:

1. **Modification to the Antenna Facilities.** Exhibit B to the Agreement is hereby amended to include the modifications identified on Exhibit B-1, a copy of which is attached and made a part hereof. Exhibit B-1 supplements Exhibit B to the Agreement, and shall not be deemed to supersede or otherwise modify Exhibit B or any part thereof except to the extent specifically set forth in Exhibit B-1. Upon full execution of this Amendment, Tenant is permitted to do all work necessary to prepare, maintain and alter the Leased Premises to install or otherwise modify the Antenna Facilities, all as more fully described and contemplated in Exhibit B-1.

2. **Escrow Account.** Tenant agrees to reimburse Landlord for reasonable costs and expenses incurred by Landlord as a result of Tenant's anticipated modifications to the Antenna Facilities pursuant to Paragraph 1 above. Prior to commencing any such work Tenant must deposit in escrow with Landlord the sum of $4,500.00 ("Escrow Amount") to secure such reimbursement to Landlord. Landlord acknowledges receipt of such Escrow Amount. Said costs and expenses shall be deemed to include but are not limited to any and all costs and expenses incurred by Landlord for staff time, legal and engineering fees and inspection,. Tenant shall be responsible for immediate payment to Landlord of said costs and expenses within thirty (30) days of receipt of an invoice together with reasonable supporting documentation evidencing such costs and expenses incurred. In the event Tenant fails to reimburse Landlord within such thirty (30) day period, Landlord may immediately thereupon deduct and pay such reimbursement directly from the said funds placed in escrow herein. In the event said Escrow Amount is insufficient to cover reimbursement to Landlord of all such costs and expenses, Tenant shall promptly pay any such deficiency to Landlord. Within thirty (30) days following the completion of the modifications contemplated by this Amendment, Landlord will return the remaining Escrow Amount.

3. **Frequency Use.** Provided that any frequencies used by Tenant will not cause interference with the properly licensed and permitted pre-existing frequencies in use or in operation at the Antenna Facilities and notwithstanding anything to the contrary contained herein, Tenant may operate the Antenna Facilities at any frequencies for which it has all requisite permits, leases or licenses.

4. **Modification to Rent.** As additional consideration for the modification and other rights set forth in this Amendment, starting on the date that is 30 days after the start of construction of the modifications to the Antenna Facilities, the monthly rent will be increased by $200.00.

5. **Notice Address.** The notice addresses in Section 20 of the Agreement or referenced therein for the party or parties listed below are hereby deleted in their entirely and replaced with the following:

GENERAL WELDING NOTES:

1. ALL WELDING SHALL BE PERFORMED BY A CERTIFIED WELDER.
2. COMPLY WITH THE AWS D1.1 STRUCTURAL WELDING CODE, ANSI/AWWA D100-05 (LATEST EDITION THEREOF), "AWWA STANDARD FOR WELDED STEEL TANKS FOR WATER STORAGE" AND FEDERAL, STATE AND LOCAL CODES, DURING CONSTRUCTION DESIGN AND FABRICATION.
3. MAKE ALL WELDS TO THE TANK WALL WITH 7018 LOW HYDROGEN ROD. WELD SMOOTH AND AVOID UNDERCUTS AND PINS. GRIND ALL WELDS SMOOTH SO THAT NO SHARP PROTRUSIONS REMAIN. SMOOTH IS DEFINED AS "NO CUTS OR ABRASIONS OCCUR WHEN RUBBING YOUR HAND OVER WELD." UNACCEPTABLE WELDS SHALL BE REPAIRED AS REQUIRED TO MEET AWWA D100 REQUIREMENTS.
4. NO WELDING SHALL BE DONE WHEN THE AMBIENT TEMPERATURE IS BELOW 32 DEGREES FAHRENHEIT UNLESS THE REQUIREMENTS OF AWWA D400, SEC 16.2.1 ARE MET.
5. WELDING TO THE TANK OR ACCESS TUBE OPPOSITE THE WATER LEVEL IS NOT PERMITTED. THE WATER LEVEL SHALL BE DRAWN DOWN TO A LEVEL TWO FEET BELOW THE POINT OF WELDING.
6. WELDING MAY CAUSE BLISTERING OF THE INTERIOR PAINT OPPOSITE THE WELD. ALL DAMAGED PAINT SURFACES INSIDE AND OUT SHALL BE REPAIRED. EXTERIOR PAINT DAMAGE SHALL BE REPAIRED AFTER COMPLETION OF THE ANTENNA INSTALLATION. CONTRACTOR IS TO COORDINATE WITH TOWER OWNER ON EXISTING PAINT SYSTEM.
7. GALVANIZED COMPONENTS SHALL NOT BE WELDED DIRECTLY TO THE TANK SURFACE. OTHER GALVANIZED SURFACES SHALL BE GROUND FREE OF GALVANIZING BEFORE WELDING.

PAINTING NOTES:

ALL COATINGS TO BE REPAIRED PER PAINTING NOTES ON PAGE S-2

ADDITIONAL NOTES:
- COORDINATE PAINTING SCHEDULE WITH TOWER OWNER.
- ALL STEEL ANTENNA INSTALLATION MUST BE PAINTED TO MATCH THE EXISTING PAINT SYSTEM ON THE EXTERIOR AND DRY INTERIOR.
- NO COMPONENTS CAN REMAIN GALVANIZED OR STAINLESS STEEL. THE SPECIFIED PAINT SYSTEM WILL NOT HAVE GOOD ADHESION ON GALVANIZED OR STAINLESS STEEL SURFACES.
- CONTACT THE NCC TO OBTAIN A SUITABLE SURFACE PREPARATION SYSTEM FOR GALVANIZED AND STAINLESS STEEL SURFACES. THE SYSTEM MUST MAKE PREVIOUSLY GALVANIZED AND STAINLESS STEEL SURFACES COMPATIBLE WITH THE SPECIFIED PAINT SYSTEMS THAT WILL BE APPLIED.
- IF APPLICABLE, PAINT ALL STEEL NEW STEEL IN A SHOP SETTING, PRIOR TO DELIVERY TO THE SITE.
- WELDING ON ONE SIDE OF A STEEL SHEET MAY RESULT IN BURNED PAINT ON THE OPPOSITE SIDE. IF THIS OCCURS, THE BURNED PAINT ON THE OPPOSITE SIDE WILL NEED TO BE REPAIRED.
- FOLLOW ALL PAINT MANUFACTURERS' RECOMMENDATIONS WHEN USING THEIR PRODUCTS.

STEEL CONSTRUCTION NOTES:

1. STRUCTURAL STEEL DESIGN AND FABRICATION SHALL BE IN ACCORDANCE WITH THE AISC ASD 13TH EDITION STEEL CONSTRUCTION MANUAL.
2. ALL ANGLES SHALL CONFORM TO ASTM A36 (Fy = 36 KSI).
3. ALL PLATE STEEL SHALL CONFORM TO ASTM A36 (Fy = 36KSI).
4. ALL SHEAR CONNECTIONS NOT SPECIFICALLY DETAILED ON THE DRAWINGS SHALL BE SELECTED AND DETAILED BY THE FABRICATOR. ALL CONNECTIONS SHALL BE SELECTED FROM AISC ASD LOAD TABLES TO SUPPORT MAXIMUM LOADS SHOWN ON DRAWINGS OR FOR THE FULL UNIFORM LOAD CAPACITY OF THE MEMBER PER AISC. DOUBLE ANGLE CONNECTIONS ARE PREFERRED WHEN POSSIBLE.

AMENDMENT NO. 2 TO SITE LEASE AGREEMENT

This Amendment No. 2 to SITE LEASE AGREEMENT (this "Amendment"), effective as of the date last signed below ("Effective Date"), amends a certain SITE LEASE AGREEMENT between City of Isanti, a Minnesota municipal corporation (Landlord), and Sprint Spectrum Realty Company, LLC (formerly a limited partnership, as successor in interest to Northern PCS Services, LLC (Tenant) dated May 1, 2007, as amended by AMENDMENT NO. 1 TO SITE LEASE AGREEMENT dated January 22, 2013 (collectively, the Site Agreement).

BACKGROUND

WHEREAS, Landlord and Tenant desire to modify certain provisions of the Agreement as provided below.

AGREEMENT

For good and valuable consideration the receipt and sufficiency of which are acknowledged, Landlord and Tenant agree as follows:

1. **Modification to the Antenna Facilities.** Exhibit B-1 to the Agreement is hereby amended to include the modifications identified on Exhibit B-2, a copy of which is attached and made a part hereof. Exhibit B-2 supplements Exhibit B-1 to the Agreement, and is not deemed to supersede or otherwise modify Exhibit B-1 or any part thereof except to the extent specifically set forth in Exhibit B-2. Upon full execution of this Amendment, Tenant is permitted to do all work necessary to prepare, maintain and alter the Antenna Facilities to install or otherwise modify the Antenna facilities, all as more fully described and contemplated in Exhibit B-2.

2. **General Terms and Conditions.**

a. All capitalized terms used in this Amendment, unless otherwise defined herein, will have the same meaning as the terms contained in the Agreement.

b. In case of any inconsistencies between the terms and conditions contained in the Agreement and the terms and conditions contained in this Amendment, the terms and conditions herein will control. Except as set forth herein, all provisions of the Agreement are ratified and remain unchanged and in full force and effect.

c. This Amendment may be executed in duplicate counterparts, each of which will be deemed an original.

d. Each of the parties represents and warrants that it has the right, power, legal capacity and authority to enter into and perform its respective obligations under this Amendment.

*****SIGNATURES ON FOLLOWING PAGE*****

The parties have executed this Amendment as of the Effective Date.

GENERAL NOTES:

1. NO CAPACITOR DISCHARGE WELDING ("STUD WELDING") SHALL BE ALLOWED UNLESS APPROVED BY THE CITY.
2. ALL COAX SURFACES SHALL RECEIVE A SURFACE PREPARATION. THE SURFACE SHALL BE "SCARIFIED" OR SANDED PRIOR TO SOLVENT CLEANING AND PRIOR TO COATING APPLICATIONS. COLORED TAPE MAY BE USED IF APPROVED BY THE CITY.
3. ALL COATING DAMAGE CAUSED BY INSTALLATION, RIGGING, WELDING, ETC. SHALL BE PROPERLY PREPARED AND COATED BY A PROTECTIVE COATING SYSTEM THAT WILL MATCH THE EXISTING COLOR OF THE TOWER.
4. ALL SURFACE PREPARATION AND PROTECTIVE COATING APPLICATION SHALL BE PERFORMED BY EXPERIENCED PROFESSIONAL PAINTING CONTRACTOR AS APPROVED BY THE CITY.
5. ALL EQUIPMENT INSTALLED (BRUTS, ARMS, SECTOR SONES, ANTENNAS, POSTS, CABLE, COAX, CLAMPS, BRACKETS, ANGLE ADAPTORS, ECT.) SHALL RECEIVE A PROPER SURFACE PREPARATION COATING SYSTEM THAT WILL MATCH THE INTERIOR AND/OR EXTERIOR OF THE TOWER.
6. NEOPRENE/RUBBER PADS AND METAL SHIMS SHALL BE REQUIRED BETWEEN ALL ATTACHMENTS, CLAMPS, BRACKETS, ANGLE ADAPTORS, ETC., AND OTHER ITEMS IN CONTACT WITH PROTECTIVE COATING SURFACES.
7. PLASTIC WASHERS SHALL BE PLACED IN BETWEEN THE HARDWARE AND CONTACT SURFACES THAT ARE PAINT.
8. ALL HARDWARE (CONNECTORS, CLAMPS, ECT...) SHALL BE OF THE NON-CORROSIVE TYPE.
9. ALL STRUCTURAL STEEL (INCLUSIVE OF MOUNTING PLATES) SHALL BE GALVANIZED AND PAINTED.
10. ALL MOUNTING MASTS SHALL BE GALVANIZED AND RECEIVED "SEAL" WELDED CAPS PRIOR TO RECEIVING A SURFACE PREPARATION AND COATING SYSTEM TO MATCH THE TOWER.
11. PRIOR TO ANY WORK OR INSTALLATIONS PERFORMED, ALL PARTIES INVOLVED SHALL MEET AT THE SITE FOR A PRE-CONSTRUCTION MEETING. THIS SHALL INCLUDE ANY SUB-CONTRACTORS.
12. IT IS REQUIRED THAT "NO WORK" SHALL BE PERFORMED WITHOUT PROPER 48 HOUR NOTIFICATION AND KNOWLEDGE OF THE CITY AND/OR CITY'S REPRESENTATIVE."
13. A MINIMUM 48 HOUR NOTICE FOR INSPECTIONS SHALL BE GIVEN FOR EACH REQUIRED INSPECTION HOLD POINT AND "FINAL WALK THROUGH" THIS ALSO INCLUDES SHOP INSPECTIONS.
14. ALL LANDSCAPING SHALL BE RESTORED TO THE SAME CONDITION OR SUPERIOR AS PREVIOUS TO THE INSTALLATION WORK.
15. ALL CHANGES OR DEVIATIONS DURING THE INSTALLATION SHALL BE SUBMITTED AND APPROVED BY THE CITY. ALL CHANGES OR DEVIATIONS NOTED DURING THE INSTALLATION SHALL BE SHOWN AS DETAILED ON A FINAL SET OF "AS-BUILT" AND APPROVED DRAWINGS. THESE DRAWINGS SHALL BE SUBMITTED FOR REVIEW AND APPROVED BY THE CITY PRIOR TO THE PROJECT COMPLETION.
16. FINAL "WALK THROUGH" WITH CONTRACTOR(S) AND CITY'S REPRESENTATIVE FOLLOWING THE APPROVAL OF THE "AS-BUILT" DRAWINGS.
17. THE CONTRACTOR SHALL PROVIDE ALL PARTIES WITH A DETAILED WORK SCHEDULE. IN ADDITION, A NOTIFICATION EMAIL OR PHONE INCLUDING SCOPE OF WORK SHALL BE PROVIDED BY THE CONTRACTOR ON A DAILY BASIS PRIOR TO ARRIVING TO THE PROJECT SITE.
18. ANY UNSATISFACTORY PREVIOUS OR EXISTING EQUIPMENT INSTALLATIONS PER THE CO REQUIREMENTS INCLUSIVE OF PROTECTIVE COATING REQUIREMENTS SHALL IMMEDIATELY BE CORRECTED AND SHALL BE SATISFACTORY PRIOR TO THE COMPLETION OF THE INSTALLATION.
19. ALL ABANDONED OR UNUSED EQUIPMENT BE IMMEDIATELY REMOVED FROM THE SITE.
20. SAFE MEANS OF ACCESS (WITHIN "ARMS REACH") TO ALL AREAS OF EQUIPMENT INSTALLED SHALL BE PROVIDED FOR THE CITY AND THE CITY'S REPRESENTATIVE FOR THE INSPECTION DURING AND AFTER THE COMPLETION OF WORK.
21. THERE SHALL BE AN UNOBSTRUCTED CLEAR LINE OF SIGHT WITH NO INTERFERENCE FROM EQUIPMENT OR MOUNTING POSTS FROM GROUND TO TOWER LOAD AT ALL TIMES.
22. ALL TOWER ACCESSES, MANWAYS, LADDERS, ETC., SHALL NOT BE OBSTRUCTED BY ANY EQUIPMENT OR COAX INSTALLATION AT ANY TIME.
23. ALL EQUIPMENT ATTACHED TO THE TOWER SHALL BE SEAL WELDED. CAULK SHALL NOT BE USED UNLESS DIRECTED AND APPROVED BY THE CITY.
24. PROJECT SITE DAILY CLEAN-UP, HOUSEKEEPING, EQUIPMENT STORAGE, TRASH REMOVAL, AND ORGANIZATION REQUIRED ON DAILY BASIS.
25. SANITARY FACILITIES SHALL BE AT THE PROJECT SITE AT ALL TIMES OF WORK BEING PERFORMED.
26. ALL TOWER WALL PENETRATIONS SHALL BE SEAL WELDED AND WATER TIGHT DURING AND AFTER INSTALLATION.

GENERAL NOTES

GENERAL:

1. THE CONTRACTOR SHALL BE RESPONSIBLE FOR FOLLOWING ALL LAWS, REGULATIONS, AND RULES SET FORTH BY THE FEDERAL, STATE, AND LOCAL AUTHORITIES WITH JURISDICTION OVER THE PROJECT. THIS RESPONSIBILITY IS IN EFFECT REGARDLESS OF WHETHER THE LAW, ORDINANCE, REGULATION OR RULE IS MENTIONED IN THESE SPECIFICATIONS.
2. ALL WORK SHALL BE COMPLETED AS INDICATED ON THE DRAWINGS, SPRINT PROJECT SPECIFICATIONS, AND THE SPRINT CONSTRUCTION CONTRACT DOCUMENTS.
3. THE CONTRACTOR SHALL HAVE AND MAINTAIN A VALID CONTRACTOR'S LICENSE FOR THE LOCATION IN WHICH THE WORK IS TO BE PERFORMED. FOR JURISDICTIONS THAT LICENSE INDIVIDUAL TRADES, THE TRADESMAN OR SUBCONTRACTOR PERFORMING THOSE TRADES SHALL BE LICENSED.
4. FOLLOW ALL APPLICABLE RULES AND REGULATIONS OF THE OCCUPATIONAL SAFETY AND HEALTH ADMINISTRATION (OSHA) AND STATE LAW AS DEFINED IN THE FEDERAL OCCUPATIONAL SAFETY AND HEALTH ACT.
5. PRIOR TO THE SUBMISSION OF THE BID, THE CONTRACTOR SHALL VISIT THE JOB SITE, VERIFY ALL DIMENSIONS AND BECOME FAMILIAR WITH THE FIELD CONDITIONS. ANY DISCREPANCIES SHALL BE BROUGHT TO THE ATTENTION OF THE PROJECT MANAGER.

Request for City Council Action

To: Mayor Wimmer and City Council

From: Don Lorsung, City Administrator

Date: March 1, 2018

Subject: City Policy for Electronic Communications and Internet Use – Extension to Elected Officials

---

As per City Council goals, staff has procured IPad's that will be issued to the Mayor and each Councilmember to receive Agendas and other electronic transmittals. The City has a policy in place that governs use of such technology by city staff. Upon review with the City Attorney, it is advised that the Acceptable Use Policy for Electronic Communications and Internet Use is extended to the City Council.

Attached for your consideration is a Resolution that extends the policy. Attached to the Resolution is the current policy.

RESOLUTION NO. 2018-XXX

RESOLUTION APPROVING EXTENSION OF THE PERSONNEL POLICY, SECTION 17A., ACCEPTABLE USE POLICY FOR ELECTRONIC COMMUNICATIONS AND INTERNET USE TO INCLUDE ELECTED OFFICIALS

WHEREAS, the Personnel Committee reviewed and has determined that there is a need to extend coverage of Section 17a of the Personnel Policy, Acceptable Use Policy for Electronic Communications and Internet Use beyond City staff; and

WHEREAS, the City Council, as Elected Officials will be using City electronic technology to receive agendas and transmittals; and

WHEREAS, an extension of the policy to cover Elected Officials is necessary to extend the policy to cover their use. The existing policy to which this coverage would be extended is attached hereto as 'Exhibit A'.

NOW THEREFORE BE IT RESOLVED BY THE CITY COUNCIL OF THE CITY OF ISANTI, MINNESOTA that the attached Personnel Policy Section 17a, Acceptable Use Policy for Electronic Communications and Internet Use is extended to cover use of City electronic technology by Elected Officials.

This resolution was duly adopted by the Isanti City Council this 6th day of March, 2018.

Attest:

Mayor George A. Wimmer

Katie Brooks
Human Resources/City Clerk

ATTACHMENT A

ACCEPTABLE USE POLICY FOR ELECTRONIC COMMUNICATIONS AND INTERNET USE
(Also refer to Cellular Phone Use Policy)

Scope
The Internet and the public and private telephone systems have become a de facto standard for communication between disparate governmental, commercial organizations and private citizens. Communications traffic may cross multiple and different networks prior to reaching the client destination. Yet the public has a high reliance on the integrity and accuracy of data shared from the City of Isanti. Therefore, each City of Isanti employee should consider themselves to be responsible for adhering to the guidelines and polices regarding the use of these system; to protect the accuracy, integrity and dependability of the City's electronic systems and information.

Purpose
The City of Isanti recognizes that phone and computer systems are becoming increasingly interconnected and sophisticated in their ability to create, disseminate and store electronic messages, along with an increased potential for the inappropriate release of non-public data.

The City of Isanti has developed policies and guidelines regarding appropriate use of City resources for both personal and business purposes, including 1) Making and receiving telephone and cellular phone calls and disseminated voicemail; 2) using the Internet; 3) creating and disseminating electronic mail and faxes; and 4) the creation, use and storage of computer files.

The computer and communications systems operated by the City of Isanti for the conduct of business are the property and work environment of the City of Isanti, and all City of Isanti policies relating to personal conduct apply to access to and the use of these resources.

No Privacy
Users have no expectation of privacy in using these systems. No communication using these systems should be considered private or personal. Since records retention policies may apply to electronic communications, users should assume that even deleted messages are retrievable at a later date.

Careful Use
The City of Isanti provides telephone, cellular phone, fax, Internet access and e-mail to speedily conduct the business of the City. The Department Head with regard to job function will grant use of these systems. Once given access, users are expected to use these systems in a responsible manner at all times. All usage should be able to withstand public scrutiny without embarrassment to the City.

Equipment assignments shall be logged by identifying the piece of equipment, assigned user, and identifying equipment number and turned in to the System Administrator.

Content
Each user is responsible for the content of all text, audio, images and video they send over the Internet or phone systems. All messages should contain the user's identity, and should be written with the same professional manner as any hard-copy correspondence.

Users should demonstrate respect for intellectual property and ownership of information by providing source attribution whenever possible. Users should respect system security and integrity by using such mechanisms properly. Users should respect their co-worker's right to privacy and to a workplace free from intimidation by their conduct when using these systems.

Personal Use
Personal Use of the City telephone for emergency purposes only, cellular phone, copy machine, fax, and Internet access is permitted, provided such use; 1) the employee pays the fees as provided within City Code for such use; 2) does not impair the employee's workplace performance and production; 3) done on the employee's personal time; 4) does not interfere with business usage; 5) does not contain harassing or threatening material; 6) is not performing work for profit, for personal gain, promotional use or solicitation; 7) does not contain abusive, profane or offensive language; and 8) shall occur only during scheduled breaks, at lunch or before or after work hours – not during working hours. Telephone use shall be for calls in which no long distance charges will apply.

Department Heads shall be responsible to monitor employee usage.

For cell phone use see Cellular Phone Use Policy.

The use of the City e-mail for personal use is strictly prohibited; with the exception that an employee with school age children may be allowed contact with the applicable school district that will alert them to school related emergency situations.

Note: The City of Isanti can prohibit the use of any/all of this equipment or set limitations on its usage. The use of City of Isanti electronic communication devices is a privilege not a right that may be revoked at any time.

Inappropriate Uses
Inappropriate uses of telephone, cellular phone, fax, Internet access and e-mail systems would include but are not limited to participation in illegal activities, gambling, commercial activities, accessing sexually explicit or violent material; using the systems to harass or disable other systems, creation or distribution of virus or destructive programs, distributing pirated software or stolen data.

Software Licenses
The City of Isanti purchases software licenses for installation on all City of Isanti authorized systems. Installation on systems at non-City of Isanti facilities (including City of Isanti Staff home systems) is not permitted even if the software license allows it. Additional uses of City of Isanti licenses are not allowed.

Software licenses and pertinent information should be stored and maintained in a central location for all software owned by the City.

Note: In many cases a "license" is conveyed only by a sales receipt or paid invoice.

Introduction of External Software
City of Isanti staff is expressly prohibited from installing any external software (i.e. music, screen savers, wallpaper) on any City of Isanti information system. Installation of new software should be done only under the authority of the designated system administrator.

External software includes commercial software, shareware, and freeware.

Note: It is the intent of this guideline to eliminate unlicensed or improperly licensed software on City of Isanti systems. If such software is discovered on City systems, the City of Isanti, and its staff and users of that system could be subject to legal action by the software vendor.

Introduction of New Equipment
City of Isanti staff should not modify, or allow to be modified, the hardware or software configuration of any computer or communications equipment except under the authority of the designated System Administrator.

This guideline is intended to include such actions as:
- Addition or removal of a modem to a computer or terminal.
- Addition or removal of any computer hardware or peripheral (laptop, printer, scanner, disk drive, tape drive, memory).
- Addition or removal of any software or software configurations.

Media Contacts
Only authorized individuals should communicate to or respond to the public news media regarding City business. Data that is not public under the Government Data Practices Act should not be transmitted in clear text over the Internet.

Presentation of the City
Requests for City information can become very time-consuming and expensive. The City may maintain public access points for information about the City, and for access to City records and information. These systems should be operated only by persons specifically

authorized (and trained) to place or remove data on such a system. Release of data to the public in other formats should be carried out through authorized channels.

Virus Scanning
Incoming messages containing file attachments may imperil City systems by importing viruses. Files or mail attachments entering the City network should always be scanned for viruses before being opened or used.

Virus Containment
City of Isanti Staff should notify the System Administrator immediately if they suspect or confirm that their computer system has been infected with a virus. Only properly trained individuals should attempt to destroy or remove a virus, worms or other electronic invasion type matter.

E-mail
City of Isanti authorizes and maintains e-mail and servers for staff use. These servers are all "official" publications of the City.

The content of e-mail is stored on City of Isanti servers, and should be considered to be non-private in nature. System administrators may need to access materials contained in these e-mail accounts. Personal and non-governmental-related account material should not be stored on the City of Isanti servers. Any personal use of e-mail shall be performed on an account that is not the property of the City of Isanti.

Staff E-mail Accounts
Use of official E-mail constitutes the creation of a public document and is to be used for communications in fulfillment of the governmental mission of the City.

Department Heads may access their city email at home or when they are on city business. The employee should ensure that they are using a pass code to access their city email account to protect the contents received.

Password Security Objectives

1. Password Policies
Passwords used within City of Isanti Information Systems will be single user, nontrivial, hard-to-guess, non-repetitive passwords that have no direct relationship to the password user and/or creator, and which periodically expire.

Training in proper password selection, protection, and in administration password policies should be conducted with all new employees and reviewed periodically to ensure a common City of Isanti standard.

2. Password Sharing
Passwords should not be shared across multiple users, or across multiple computer systems, unless expressly approved by the System Administrator.

3. Password Expiration
Passwords will be changed periodically as determined by the password policy for each system--in general this will be every 180 days. On automated systems with the capability, users should receive prior notice that their password is about to expire so that they are provided ample opportunity to change their password.

4. Password Complexity
Passwords used should be of sufficient complexity that they are not easily guessed. This includes such characteristics as:

- Passwords should use at least five *(5)* alphanumeric characters, articulating a semi-pronounceable string where possible.
- Passwords should not be obviously related to the user. This includes such items as spouse, children, or pet names or nicknames, license numbers, or phone numbers.
- Good passwords can be found in the *"second member"* of a pair (aunt's name of your favorite uncle) or in pass phrases (fasterthanaspeedingbullet or FTASB).

5. Password Protection
City of Isanti users should protect their passwords from any and all other individuals, and users should also respect this requirement of co-workers.

> **Note:** Department Heads may require employees to supply them with their password/s to perform duties if an employee is absent from the work location.

All passwords shall be given to the System Administrator. All passwords, upon their change, shall be given immediately to the System Administrator.

6. Suspected Disclosure
In event of a suspected disclosure of a password, that password should be immediately changed.

General "Netiquette":

Responsibly For Information User
City of Isanti authorized users should logout of computer terminals or systems if they are going to leave the computer terminal or system unattended. City of Isanti employees should be alert about their computer or terminal status and take care that unauthorized individuals cannot read or modify data through a valid system login or session. When a user prints sensitive, proprietary or otherwise controlled information, that user should retrieve the printed material in a timely manner to ensure that it is not available for

unauthorized use. City employees should not make extra copies of any City or client information beyond what is required to perform official duties.

Monitoring and Discipline
It is a supervisory responsibility to oversee use and to determine if uses of electronic systems are appropriate to assigned work. Although content is not routinely monitored, it may occur internally under administrative procedures, and externally under subpoena, request for public data or other legal actions, or due to unexpected absence of an employee, or for other business or technical reasons.

Disciplinary Action
Disciplinary action for intentional or unintentional violation of these guidelines is covered by the City of Isanti Personnel Policies.

Reporting Problems (and Maintenance of Confidentiality)
If a City of Isanti employee has knowledge of, or suspicion of a compromise or attempted compromise of City of Isanti information systems, or access controls, that employee is expected to report that knowledge or suspicion immediately upon becoming aware of the potential security problem to their supervisor or to a system administrator. Such reports will be considered confidential communications akin to "whistleblower" reports, and will not result in retaliation against the reporter.

Note: The purpose of this Guideline is to increase system integrity in City of Isanti because even seemingly minor or trivial actions or changes to systems can snowball into major breakdowns.

Records Retention
City of Isanti will establish and maintain a records retention policy consistent with MN statutes that all City of Isanti employees should receive training in and review periodically.

Summary
Ultimately, responsibility for the content of a message or transmission that does not conform to these guidelines is with the individual who creates that message and sends it. The City reserves the right to treat the misuse of these resources as any other act of employment in accord with City personnel regulations.

The City retains the right that a supervisor or third party designee may look at any employee e-mails or any other electronic devices for abuse.

Systems Administrator shall be responsible for system administration and recording access passwords in a confidential password registry; to be maintained by the City Technology Office.

IS and HR shall complete a checklist when any employee leaves the employment with the City.

B. Pledge of Allegiance.
Everyone stood for the Pledge of Allegiance.

C. Roll Call.
Members Present: Jennifer Garvey, Jeff Johnson, Mayor Wimmer, James Witte, and Aaron Zdon
Staff Present: Katie Everett, Community Events and Parks Coordinator

D. Agenda Modifications.
Motion by Johnson; second by Witte to approve the February 27, 2018 Parks, Recreation, and Culture Board agenda. Agenda was unanimously approved.

2. Approval of Minutes from January 23, 2018 Parks, Recreation, and Culture Board Meeting

Motion by Johnson; second by Witte. Minutes were unanimously approved.

3. Movie Night Policy Update

Everett explained that the board has the edited version and the current version of the policy to review. At the last meeting, we had the issue of the Arts and Science Academy and the Cambridge Girl Scouts who were both interested in the same night. In item number two, we just had the organization must meet or be based in the City of Isanti, so Everett added "if no Isanti-based groups have applied 2 weeks before the movie date, organizations from the surrounding community may be accepted per City staff discretion." That gives us a little bit of wiggle room, but we can also maybe say that you're coming from Ely and that's too far. In four, Everett added "Isanti-based," she said if it comes up that we don't have a bunch of groups and someone like the Cambridge Girl Scouts wants to do two, we can evaluate that when it happens. She explained that she would imagine we'd want any double ups to be Isanti based organizations, and gave that a three week deadline. Everett also added "Isanti-based" to number five, so that our groups are always getting priority pick. Everett stated that hopefully this will clarify this, and it's hard to know what we will come across in the future, but hopefully this narrows it in. Garvey said she thinks it does help. Johnson stated that he likes the changes, and thinks that number 5 is a very fair idea too. Everett stated that most of 5 was in there before, and helps get new groups in as well. She stated that because this is a policy, it will need to go to City Council for approval. Zdon asked for a motion to approve the changes and make the recommendation to Council. Johnson made a motion, second by Garvey; the vote was unanimously approved.

4. Parks Updates

Everett explained that February movie night went really well, we had 66 people come which is the most so far this season. The Arts and Science Academy is going to be sending a bunch of kids to New York City next year and they're interested in coming back next season, so we'll probably see them again. March will be Heavenly Sunshine coming in for Secret Life of Pets.

Everett shared that Community Garden registration is rolling, and we are up to 43 plots reserved as of today. There are 17 left to fill. There are a couple of gardeners from last year that Everett is expecting to

still come back and maybe some other new people too. We have a handful of new people this year already in, so that's great news. Also adding to the garden, we've got Isanti County Public Health is going to be trying out a pilot program. They're hoping to bring in five families this year that they teach how to garden. One of their staff is a Master Gardener as well, so she'll be able to teach them techniques as well as how to prepare the food and those kinds of things. That way they have accountability throughout the whole season. Based on what we saw last year with School for All Seasons, it was too much space for them. We're going to cut that space in half. School for All Seasons will come back this year too. Everett was at the School For All Seasons conferences helping to recruit families to help out over the summer. They're really just looking for families that can sign up for one week in the summer to check the garden once or twice, and if they get enough people to do that, the teachers won't have to take all of that on. Everett explained that we're also planning to put in some more pollinator seeds on the other corner there, and then the rest is all rented out spaces.

Everett updated the board on the Community Center. She explained the replacement of the doors should happen very soon. The estimate will be approved at Council next week and then staff will work with the contractor to get the work done.

Everett stated that the City has also met with Rum River BMX. We do that any time there's a changeover on the board so that everyone is on the same page with what the lease actually says. We went through the terms of the lease and got everyone on board as well as going over what types of maintenance are their responsibility and what we take care of. We also went over the special event process. The meeting went really well.

Everett explained that the Residential Rain Garden program is actually funded out of the City's Stormwater Fund, but is kind of a common interest with this board. Everett explained that we will be hosting a workshop on April 19th here in Chambers. Soil and Water will be doing some education on what rain gardens are and some of the beginning ideas of what types of plants and how to put one of those in. At that workshop, we'll also be explaining how the incentive program works and how people can apply for that. Soil and Water this year is willing to go out to anyone's house that is interested in applying for the program to let them know if their property will work and give them pointers for where on their property will work best. Also, depending on how many applications we get, Soil and Water will do some design for some folks so they will walk people through the application process with picking out plants and figuring out how big their gardens need to be and that kind of thing. Soil and Water is really great at finding grant money, so having them join us isn't costing us anything. Mayor Wimmer stated that the workshop is county-wide, so hopefully we'll get people from other cities in the County and township folks here as well. Wimmer stated that Soil and Water has forwarded our policy on to Cambridge as well to see if they might follow what we've done. He stated that our incentive is up to 50% or up to $500. There are some areas where these would be more beneficial than others, but we really want people to partake in the program. Soil and Water have been really great work with. We're also looking at doing some more revetment along the bank of the Rum at River Bluff Park. It has been a really great partnership with them the last six to twelve months. Garvey asked if Everett knew how many residents have signed up so far. Everett stated that the program was open last year, but we hadn't gotten any applications although there were some people who came in to ask about it. She wasn't sure if the length of the application was what held people back, so hopefully getting this extra help will be the nudge they need. Wimmer stated that there are kind of two issues – on the design side, so the workshop will be really helpful. People might also be kind of help up because they're not really sure exactly how it works, so this education piece will be really beneficial. Everett stated that in talking with other cities when we were putting this program together, it sounds like once you get a couple and other people can see the examples it really picks up from there. Garvey asked if when people come in to apply for new housing permits if this is included with any of that information. She thought that it may be easier at that time to install one that with an existing house. Everett stated that as far as she knows there's nothing tying those together right now. Wimmer agreed that there's nothing like that happening. He said it would be great, but often

times we have problems getting people to put in the right amount of black dirt and that kind of thing. The other thing with rain gardens is that they do become, he thinks, pretty personalized in the kinds of plants you put in and that kind of thing – and they have to be maintained. He thought that maybe if it was part of a neighborhood standard or something, that might work, but if we just have builders trying to do that he could see those things getting abandoned pretty quickly. Garvey clarified that it would have to be someone who is building a house on their own property. Everett stated that part of the agreement they need to sign is that they'll maintain the garden for five years, so whoever is applying would be making that commitment. We definitely couldn't have the situation where we have a contractor that's building six houses and then selling them. Zdon agreed, it would have to be the homeowner. Johnson said, or a place with an association would work stellar. Garvey said she normally sees them with new businesses that it's a requirement to have rain gardens, so she just didn't know if maybe residents would have the same thing. Wimmer stated that we have talked about them on a number of commercial projects because the ordinance has a number of different stormwater control options and landscaping requirements, that sort of thing. So we have talked to the last couple about doing rain gardens and they have chosen not to do that. We don't have anything that it's mandatory to do that, and he thinks they look at it and think about how they're going to have to maintain what this landscaping is. Everett told the board that all of the workshop and program information is on the website, so they are welcome to direct people there for more information. She also posted a Facebook event for the workshop.

Everett stated that the board members have all been given copies of the event calendar and they should be getting those in the next week or so at their homes with the Isantian. There are extra copies, so if they have a place where they think they can hand them out to let her know.

Everett had one last update. An event listed on the calendar is the Earth Day Clean Up. She is looking for groups that might be interested in coordinating a location. She has sent an email out to organizations she's worked with on past events. There are a couple of groups already that are willing to kind of station at a park. The day of the event, everybody in the community is welcome to just go out and we'll advertise where there will be people. We have a group that is interested in doing Legacy, and Everett stated that Mattson Park might also we be a good location because they can get that park and the kind of spread toward downtown. We really just need one or two adults that can recognize that someone is walking up and needs direction. We'll provide the garbage bags and that kind of stuff, so it will just be having someone there to point people in the right direction. That will be April 21st, Saturday, from 10:00 am to noon.

Wimmer stated that he just had an update on the Trail Committee. The mayor of Cambridge and the mayor of Isanti are the Bike/Walk Trail Committee and each year we meet together with the County and Isanti Township, which a big chunk of the trail goes through. We talk about any issues or concerns and we also look at the budget amount and what we're planning to do from a repair and maintenance standpoint. Just so everyone is aware of that relationship, the City of Isanti and Cambridge took on the responsibility of that trail when we had it built. He and Mayor Palmer served on the committee for about a decade before it was built and have continued with it. It is going remarkably well, and the meetings are becoming very short because the staffs are working very well together. He doesn't think there have been any particular issues with it. We do get the request from time to time to clear the trail in the winter, and we talked about that here before, but the snow is basically a layer of protection against snowmobiles. Everett added that for the most part there aren't any major maintenance issues. In the past, there were issues with willow roots coming up and cracking the trail, so we are keeping a close eye on that. We are probably going to do a coat on the pavement section within the next three years or so, and then in the next 8 or 10 years will do a mill and overlay on the pavement. There's a big boardwalk section in the middle, and some of those boards are starting to warp. Because of the restrictions of being over a wetland, there are only certain sealants we can use. So there was nothing put on it when it went it. What we decided for now is that 5% of the boards will be replaced each year, just so we have something in mind so we know those have to be replaced. If we find a product that we can use that's actually effective we can look into

that too, but it sounds like the products we could use weren't going to last or be worth it. Everett stated that during the summer Cambridge staff and our Public Works are out on the trail making sure there aren't any issues in the meantime. They just repainted all of the bollards and the gates last year too. Wimmer added that the two staffs get together and inspect the trail to put together a list of what needs to be done as well, it's a pretty good system.

I. Council Committee Reports

Councilmember Bergley reported that City Administrator Don Lorsung invited him to the Icicle meeting being held in response to the school incident last week. The meeting is regarding what the school district's response should be if something similar happens again. Councilmember Bergley wanted to solicit City Council and staff input and opinions before attending the April 9th meeting. Mayor Wimmer remarked that there had already been a meeting held through the school district with a new protocol to be used in which all local law enforcement entities and school resource officers will be included in responding to similar situations. Since the school district had already met and initiated new protocol it was felt that the Icicle meeting may be unnecessary.

However, Councilmember Bergley shared that he may be attending and if so will report back to the Council after.

Mayor Wimmer shared that the City was notified that the official City newspaper is changing how they will deliver papers. The change, in which the paper will be delivered by request only, is coming from the paper's publisher. The Star will continue to be delivered to all homes. A letter will be sent to ECM to clarify advertising rates and who the paper will be reaching. After a response is received, it may need to be looked at again as the City works to ensure any notifications reach as many people as possible.

J. Public Hearings

None.

K. Business Items

1. Discussion Regarding Request to have I.S.D. 911 Fund the SRO Full-Time During School Year.

Mayor Wimmer remarked that this has come up due to the school closing. The Superintendent wrote a letter to the newspapers and gave a press conference in response to the situation. These inaccurately gave the impression there are three full-time resource officers available all day each school day. The school district funds two full-time resource officers in Cambridge, but only funds one part-time officer for 4 hours a day in Isanti. The City has tried several times over a number of years to get the school district to fund the Isanti officer full-time, but the school district has refused each request. Mayor Wimmer expressed disappointment at this and again stressed that to say there is an officer at the Isanti schools all day is not accurate.

Mayor Wimmer went on to say that Officer Gau, the part-time resource officer in the Isanti schools, is an outstanding officer who has received recognition and awards many times throughout his career. Mayor Wimmer requested the Council approve sending a letter to the school district once again requesting that Officer Gau be funded full-time. This is not just for safety reasons, but also because Officer Gau is an asset and has put together several programs in the schools that have been duplicated all over the state. Mayor Wimmer referred back to Councilmember Lorinser's statement from the February 7th City Council meeting that awards in law enforcement are not that prevalent, and many officers have an entire career without receiving any, so the number Officer Gau has shows what a quality officer he is.

Motion by Lorinser, second by Bergley to approve the request. Motion carried

2. Resolutions Approving Use of Isanti Community Garden for Educational Programs
   a. **Resolution 2018-044** Approving the Use of Isanti Community Garden by School for All Seasons In 2018
   b. **Resolution 2018-045** Approving the Use of Isanti Community Garden by Isanti County Public Health

Motion by Lorinser, second by Bergley to approve both resolutions. Motion carried.

3. **Resolution 2018-046** Approving Contract for Building Inspection Services with MNSpect, LLC

A motion was made by Councilmember Lundeen, second by Lorinser to approve the resolution. Before the motion carried, Councilmember Bergley asked what the end date may be for the contract since it had been temporary and was now becoming long-term. Mayor Wimmer responded that it originally been an interim measure but pay Building Officials are receiving in the cities is much more than had been budgeted for. Using MNSpect also addresses the ebb and flow of building and the City will not have to subsidize a Building Official business during slower times. This will be three year contract and can be reviewed again at that time. Councilmember Lundeen remarked that he has worked with MNSpect before and thinks they will do a fine job. He also

pointed out several other cities that contract with similar building inspection companies and thinks this may benefit the City more than another full-time employee.

Motion by Lundeen, second by Lorinser to approve the resolution. Motion carried.

City Administrator Don Lorsung

RESOLUTION 2018-XXX

A RESOLUTION SUPPORTING LOCAL DECISION-MAKING AUTHORITY

WHEREAS, local elected decision-makers are in the best position to determine what health, safety and welfare regulations best serve their constituents; and

WHEREAS, just like state legislative leaders, local elected officials are held accountable through Minnesota's robust elections process; and

WHEREAS, ordinances at the local level are enacted only after a comprehensive, legal and open process; and

WHEREAS, local units of government are required to publish notices about meetings where policies will be discussed and decisions will be made; and

WHEREAS, under the state's Open Meeting Law, public policy discussions and decisions must occur in meetings that are accessible to members of the public; and

WHEREAS, cities are often laboratories for determining public policy approaches to the challenges that face residents and businesses; and

WHEREAS, preservation of local control in Minnesota has yielded statewide benefits such as the 2007 Freedom to Breathe Act, an amendment to the Minnesota Clean Indoor Air Act; and

WHEREAS, restricting local government units relating to public project management and retainage to guarantee completion and performance could lead to incomplete or substandard projects.

WHEREAS, many preemption bills that restrict local decision-making have been introduced in 2018 to date.

NOW, THEREFORE, IT IS HEREBY RESOLVED by the City Council of the City of Isanti, Minnesota that this Council supports local decision-making authority and opposes legislation that removes the ability for local elected officials to respond to the needs of their businesses and constituents.

This Resolution is hereby approved by the Isanti City Council this 20th day of March, 2018.

Request for City Council Action

To: Mayor Wimmer and City Council

From: Katie Brooks, Human Resources / City Clerk

Date: March 15, 2018

Subject: City Administrator Transition Plan

The City Council has set a goal to plan for the transition of the City Administrator position. The attached Resolution outlines a plan for this transition, with current Public Services Director / Assistant City Administrator Josi Wood taking on new responsibilities this year, under the direction and mentoring of City Administrator Don Lorsung. She will also be working on transition activities for the Public Services Department. The Finance Committee has reviewed the attached plan and recommends consideration of the Resolution by the City Council.

RESOLUTION NO. 2018-xxx

RESOLUTION APPROVING THE TRANSITION PLAN FOR THE CITY ADMINISTRATOR POSITION

WHEREAS, City Administrator Don Lorsung, after many years of working for the City, has announced his pending retirement in the year 2020; and,

WHEREAS, The Isanti City Council, through their 2018 Goal Setting, have deemed it in the best interest of the City to have a Transition Plan in place for the position of City Administrator; and,

WHEREAS, The Transition Plan will allow for mentoring and support in 2018 and subsequent years for a new City Administrator by Mr. Lorsung. Upon appointment of a new City Administrator, Mr. Lorsung will continue to serve the City in a subordinate and support position until his retirement; and,

WHEREAS, The City Council, upon recommendation by the Personnel Committee and continued successful performance, desire to appoint Ms. Josi Wood, current Public Services Director / Assistant City Administrator, as City Administrator effective January 1, 2019. In light of this and continued training and the undertaking of new responsibilities; a progressive salary scale is recommended for City Council consideration;

NOW THEREFORE, BE IT RESOLVED by the City Council of the City of Isanti, Minnesota as follows:

1) The salary of the Public Services Director / Assistant City Administrator is increased as follows:

4/1/18	$96,534.47
7/1/18	$100,850.91
7/11/18	$104,261.33
10/1/18	$108,723.74
1/1/19	$116,581.73

AND FURTHERMORE, IT IS HEREBY RESOLVED by the City Council of the City of Isanti, Minnesota the following:

1) Upon successful review of the Public Services Director / Assistant City Administrator by October 31, 2018, the Personnel Committee will develop and recommend a contract with Ms. Wood for the City Administrator position, which would be effective January 1, 2019.
2) Current City Administrator Lorsung will take on the position of Assistant City Administrator, Assistant City Clerk, and Special Projects, effective January 1, 2019. A job description and contract for this position will be developed and forwarded to the City Council for consideration by October 31, 2018.

This resolution was duly adopted by the Isanti City Council this 20th day of March, 2018.

Subject: Resolution Approving a Special Event Application for BMX Race for Life and DK Gold Cup Qualifier

---

Background

The City has received an application for the upcoming special event planned for the Rum River BMX Association. The Race for Life and DK Gold Cup Qualifier weekend is scheduled for April 14-15, 2018. Hours of the event are 10:00 am to 6:00 pm on Saturday, April 14 and 7:00 am to 5:00 pm Sunday, April 15. Rum River BMX estimates the number of individuals in attendance is 800 per day. Portable restroom facilities will be provided by the Association for the event and the organization would be responsible for clean-up of the outside areas. The Association is planning parking at the Indoor Arena lots and within the Bluebird Park lots. Team canopies may be put up on the grass outside the arena; the Association will notify participants to not use stakes to protect the irrigation lines. The standard public addressing system would be used throughout the event. Association is not requesting that any roads be closed. A portion of the race fees collected on Saturday will benefit the Cancer Society.

STAFF REPORT

TO: Mayor George Wimmer
Members of the Isanti City Council

FROM: Ryan Kernosky, Community Development Director

DATE: March 6, 2018

SUBJECT: **REQUEST FROM SAC WIRELESS (SPRINT WIRELESS) FOR A CONDITIONAL USE PERMIT TO PERFORM UPGRADES ON THE TOWER LOCATED AT THE TOP OF THE CITY OF ISANTI WATER TOWER**

Background
SAC Wireless (on behalf of Sprint Wireless) has submitted an Amendment to a Conditional Use Permit to perform upgrades on the existing antennas on top of the City of Isanti Water Tower (601 E Dual Blvd NE). Because of the upgrades and replacements of antennas, it's appropriate to issue a Conditional Use Permit to reflect the updated changes.

Request
SAC Wireless is proposing to remove three antennas on the existing water tower and replace them with three new panel antennas, six new RRH's, and a new RF jumper. This will be completed by installing three new mounting posts.

Engineer Review
Bolton & Menk have provided an Engineering Review dated January 22, 2018. That review is provided in the packet.

Public Comment
At the time of writing this staff report, no public comment was received. A public hearing was held on February 20th, 2018, no one spoke at that time.

Conditional Use Permit Standards
The City of Isanti Zoning Code, Section 21, Article 2, Subd. 4 have the following factors to consider when reviewing a Conditional Use Permit, staff comments are *italicized*:

A. The use and the site in question shall be served by a street of sufficient capacity to accommodate the type and volume of traffic which would be generated an adequate public right-of-way shall be provided. – *This performance standard is met.*

B. The site design for access and parking shall minimize internal as well as external traffic conflicts and shall be in compliance with Section 17 of this Ordinance. – *This performance standard is not applicable to this conditional use permit.*

C. If applicable, a pedestrian circulation system shall be clearly defined and appropriate provisions made to protect such areas from encroachment by parked or moving vehicles. – *This performance standard is not applicable to this conditional use permit.*

D. Adequate off-street parking and off-street loading shall be provided in compliance with Section 17 of this Ordinance. – *This performance standard is not applicable to this conditional use permit.*

E. Loading areas and drive-thru facilities shall be positioned so as to minimize internal site access problems and maneuvering conflicts, to avoid visual or noise impacts on any adjacent residential use or district, and provided in compliance with Section 17 of this Ordinance. – *This performance standard is not applicable to this conditional use permit.*

F. Whenever a non-residential use is adjacent to a residential use or district, a buffer area with screening and landscaping shall be provided in accordance with the provisions of Section 15 of this Ordinance. – *This performance standard is not applicable to this conditional use permit.*

G. General site screening and landscaping shall be provided in compliance with Section 15 of this Ordinance. – *This performance standard is not applicable to this conditional use permit.*

H. All exterior lighting shall be directed so as not to cast glare toward or onto the public right-of-way or neighboring residential uses or districts, and shall be in compliance with Section 14 of this Ordinance. – *Existing lighting is on site, further, the proposed use is not increasing lighting.*

I. The site drainage system shall be subject to the review and approval of the City Engineer. – *Existing drainage exists and is compliant with City requirements.*

J. The architectural appearance and functional design of the building and site shall not be so dissimilar to the existing and potential buildings and area so as to cause a blighting influence. All sides of the principal and accessory structures are to have essentially the same or coordinated, harmonious exterior finish materials and treatment. – *The site is already used for antennas. No new buildings are being constructed as a result.*

K. Provisions shall be made for daily litter control, an interior location for recycling and trash handling and storage or an outdoor, enclosed receptacle area shall be provided in compliance with Section 14 of this Ordinance. – *This is met.*

L. All signs and informational or visual communication devices shall be in compliance with Section 16 of this Ordinance. – *This has been reviewed and approved by the City Engineer.*

M. The use and site shall be in compliance with any federal, state, or county laws or regulations that are applicable and any related permits shall be obtained and documented to the City. – *This is met.*

N. Any applicable business licenses mandated by City Code are approved and obtained. – *This performance standard is not applicable to this conditional use permit.*

O. The hours of operation may be restricted when there is judged to be an incompatibility with a residential use or district. – *Hours of operation or access must be consistent with City hours. No non-supervised access is permitted to this site.*

P. The use complies with the applicable performance standards of the zoning district in which it is located and where applicable, any non-conformities shall be eliminated. – *The use is a Conditional Use within the zoning district.*

Q. Additional Stipulations. All conditions pertaining to a specific site are subject to change when the City Council, upon investigation in relation to a formal request, finds that the general public health, safety, and welfare, can be served as well or better by modifying or expanding the conditions set forth herein. – *Additional stipulations are outlined in the Resolution.*

Planning Commission Recommendation

At the regularly scheduled Planning Commission meeting on February 20, 2018, the City Planning Commission unanimously recommended approve with staff recommendations.

Staff Review

Staff recommends **APPROVAL** of the Conditional Use Permit with the following conditions:

1) An amendment to the Site Lease between the City of Isanti and Sprint Spectrum Realty Company, LLC is executed.
2) All conditions of the City Engineer's Letter dated January 22, 2018 are met.
3) Sprint shall provide ample notice to the City of Isanti of the construction dates and time. Coordination/inspection with/by the Public Services Department and City Engineer are required prior, during, and after construction has taken place. Costs incurred which are associated with necessary inspections shall be paid by Sprint.
4) Access to the location is only permitted between normal operating hours of 7:00 a.m. and 3:30 p.m., Monday through Friday, and must be coordinated through the Public Services Department.
5) Proper personal safety equipment, provided by Sprint Spectrum Realty Company, LLC or any subsequent successors, is utilized during any access to the site.
6) Sprint shall meet all the conditions as specified within the original and amended site lease agreement between the City of Isanti and Northern PCS Services, LLC.

MEMORANDUM

Date: January 22, 2018

To: Ryan Kernosky, Community Development Director

From: Bradley C. DeWolf, P.E.

Subject: Sprint Cellular Antenna DO MACRO Upgrade Project
Site Name: ISANTI – (Site #: MS03NP7378-A)
Site Address: 601 East Dual Blvd. – Isanti, MN 56040

BACKGROUND
Construction Documents (CDs) signed and dated January 2, 2018 (Rev. 2) were received for review. The CDs now consist of a 5 page plan set. It is our understanding that the plans still include the removal of three (3) antennas. Addition of three (3) new panel antennas, six (6) new RRH's, new RF jumpers, and three (3) new mounting posts inclusive of the necessary supplementary equipment. A Structural Analysis dated December 1, 2017 has been provided in support of the modifications.

Construction Document Issue Date	Review Completion
January 2, 2018 (Rev. 2)	January 22, 2018

After our review of the January 2, 2018 (Rev. 2) CDs, the items that were missing and/or insufficient have been resolved and appear satisfactory for the Sprint DO MACRO UPGRADE Project. Progressing to the next phase, a pre-installation meeting will be necessary for all parties prior to any work being performed.

We recommend approval of the submitted documents.

Please contact me at (612) 756-1032 if you have any questions or need additional information.

Community Banking... The Way It Should Be

March 2, 2018

City of Isanti
Attn: Mike Betker, Finance Director
110 1st Avenue NW
P.O. Box 428
Isanti, MN 55040

City of Isanti,

Community Pride Bank appreciates the opportunity to submit our Banking Services Proposal to you. We understand there are other banking options to select from.

We have built a trusted and mutually beneficial relationship with the City over the years and hope we have demonstrated to you our dependability in responding and follow-up on any and all issues.

As a community bank, local deposits are critical to our success in our ability to provide loan products to individuals and small businesses in the communities we serve.

As a community focused financial organization, our mission is to contribute to the economic vitality and quality of life in the communities we serve. We are committed to providing responsive, personal service that exceeds the expectations of our customers.

We offer the City of Isanti our comprehensive product line, but even more important a high level of service consistently delivered by our knowledgeable and professional banking staff.

I have included our financial statements for the last few years which indicate our strong capital ratios as well as strong earnings and consistent growth.

We appreciate the relationship we have built over the years and hope to earn your trust and business again. Please contact me with any questions you may have in reviewing our proposal.

Sincerely,

Linda M. Swanson
Market President

BANKING SERVICES PROPOSAL FORM CITY OF ISANTI

Please indicate the cost per unit or complete your answer in the space provided. If more space is needed, additional pages may be attached as long as they are clearly identified. If there are any services you provide that are not specified in the proposal and you think they would benefit the City, please list them along with the charge per item (on a monthly basis at the end of the form). If a banking service cannot be met, then enter "no proposal" (this may result in the proposal's nonacceptance or a reduction in evaluation points).

SECTION I. BANK SERVICES

Types of Services and Information Required Related to Bank Processing:

1. Availability of Funds

What are bank cut off times and locations for same day clearing of items drawn on Isanti and Twin City Metropolitan Banks?

We offer same day clearing of items drawn on us, cash, electronic deposits. Our funds availability policy is to make funds available from your other check deposits on the first business day after the day we receive your deposit.

What are times and locations where a final daily deposit will be accepted?

Final deposit can be made at either of our bank locations in Isanti or Ham Lake by 4:00 p.m. on any business day. Deposits can be made in our lobby or through our convenient drive-through locations, to meet your depository needs.

Note: Effective March 5, 2018 final deposit can be made by 5:00 p.m. at either location on any business day and until 6:00 p.m. at our Ham Lake drive-through location)

Provide your funds availability schedule for electronic and paper transactions.

We offer same day clearing of items drawn on us, cash, and electronic deposits. Our funds availability policy is to make funds from your other check deposits available to you on the first business day after the day we receive your deposit. We do reserve the right to delay funds availability, but we would notify you of this at the time you make the deposit as well as when the funds would be made available.

2. Returned Check Processing

The City requires the bank to automatically process returned checks a second time. The City averages two returned items per month.

What fees are charged?

We will not charge a fee for this service.

3. Night Depository Services

The bank will provide a night depository services as needed by the City. It is required that the bank supply locking depository bags to the City. The bank will process these bags by: 1) removing under dual control all contents of the bag, 2) counting under dual control all cash and checks received, 3) notifying the appropriate City office of any errors, and 4) preparing a receipt and sending it to the appropriate City office.

What fees are charged?

We perform our night depository services as you have outlined above. We do not charge for this service.

4. Wire Transfer Services

The City electronically processes less than one outgoing wire per month and receives approximately one incoming wire per week.

What is the cost per incoming wire?

We will not charge for this service.

What is the cost per outgoing wire?

We will not charge for this service.

Do you have internet banking that would allow us to process our own outgoing wires and at what cost, if any?

Not at this time.

5. Internal Transfers

The City currently transfers funds from the Money Market account to the General Checking account via internet.

What is the cost of this service?

We do not charge for this service.

Is there a limit on the number of transfers per month? If yes, how many transfers are allowed?

Per Regulation D, six (6) per statement cycle.

Is there a dollar limit per transfer? If yes, what is the limit?

Transfers are only limited by the balance in the account.

6. Automated Clearing House

The proposer must have and maintain Automated Clearing House (ACH) originating bank capabilities. The proposer must conform to National Automated Clearing House Association (NACHA) and Uniform Commercial Code Article 4A (UCC4A) rules. Our ACH volume includes bi-weekly and quarterly payroll, monthly ACH for city services payments and ACH from other governmental entities.

Describe your ACH direct deposit payroll capabilities.

Our cash management product allows for the origination of ACH files, including direct deposit payroll files. We have sufficient staff highly trained in ACH, including a thorough understanding of the ACH rules required by NACHA. We are a member of the Upper Midwest Automated Clearing Association (UMACHA).

Through what media can you accept instructions for making ACH payments or originating ACH debits?

Through cash management, ACH transactions can be originated. We also offer a bill pay service through our internet banking product which offers the ability to set up electronic payments.

What are the ACH originated per item charge (debits and credits) and all related costs?

We will not charge for this service.

Describe the technical support available for this service.

We have staff members trained in both ACH and our internet banking product to provide support on-site or via telephone.

7. Collateral

The bank must be able to provide sufficient collateral pledges or surety bonding for the account. Collateral is subject to change depending upon the deposit levels of the account (see Minnesota Statutes 118A). Bank is to review collateral requirements monthly and provide report to Finance Director.

We are able to pledge sufficient collateral in accordance with Minnesota Statute guidelines. We currently execute pledging agreements on our bond portfolio through our correspondent bank, United Bankers' Bank and have the ability to issue letters of credit through our relationship with the Federal Home Loan Bank of Des Moines.

What are the fees charged?

We do not charge for this service.

8. Balance Information and Reporting

The City currently obtains balances via the internet. Ledger balance, available balance, and collected balance are reported as well as detailed information listing debit and credit items. The City requires that statements process at the end of the last business day of the month.

What are the methods available to obtain daily balances?

You may obtain balance information utilizing our internet banking product, our 24-hour telephone banking phone number, or contacting either of our offices during business hours.

Describe the detail of the information provided.

Our E-Banking product allows you to view the ledger, available, and the collected balance for all your deposit accounts at the bank as well as detailed current day activity including debit and credit items.

Transaction detail displayed with our E-Banking product includes the date the item cleared, check number, transaction description, and the dollar amount of the transaction. You can also access images of all paper source documents, including both the front and back of checks for your research purposes.

What hardware and software are needed to access the electronic reporting system?

A minimum of Windows 7 and Internet Explorer v.11 is required.

Is it possible to view images of checks and deposits online?

Yes.

What fees are charged?

We will not charge for our E-Banking; including bill pay service.

9. Vault Services

The City orders approximately $6,000.00 of currency and coin on a monthly basis for our liquor store operations.

Please explain the process for ordering coin and the cost attached to this service.

Currency and coin can be ordered by calling our office during lobby hours. Our teller staff will prepare the order and have it ready for pick-up within 15 minutes of your call.

We will not charge for this service.

What are the times and locations available for currency and coin ordering?

Currency and coins can be ordered and picked up during lobby hours; Monday through Friday 8:30 a.m. until 5:00 p.m. at both of our locations and Saturday 9:00 to 12:00 p.m. at our Ham Lake location and by appointment at our Isanti location.

9. Credit Card Payments

The City currently accepts payments from its municipal liquor operations, utility billing operations, and other misc payments.

What would be the cost for accepting credit card settlements into our account?

We will not charge for this service.

10. Interest

What is reserve requirement for each account and is the reserve requirement deducted from the available balance before the earnings credit rate is calculated?

There is no reserve requirement for any accounts.

We are proposing all interest bearing accounts with No service charges for the City of Isanti. Therefore, earnings credit is not applicable.

The City expects to have one checking account, one savings account and one to three additional savings accounts to be utilized when segregation of funds is required or desired by the City.

Interest on deposits will be calculated for the checking account and savings account(s) separately. The "Prime Rate" as reported in the Wall Street Journal should be the basis for determining interest on deposits.

Proposers should bid interest on deposits as a fixed percent below the benchmark rate. Bidders should also identify the floor, or lowest rate that the city will earn under any economic circumstances. For example if the benchmark is 3.25% and your institution bids 3% under the benchmark rate with a 0.10% floor you are agreeing to pay 0.25% on the identified deposits today and guarantee that no matter how low the benchmark goes the City will always receive at least 0.10% on the identified deposits. Bidders may bid different rates and floors for checking and savings accounts but are not required to do so.

We propose paying the City of Isanti interest based on Prime minus 3.40%, with a floor of 0.25%.

Currently, the Prime Rate as published in the Wall Street Journal is 4.50%.

As of today's date this means that we would pay interest of 1.10% on all deposit accounts.

11. Electronic Bank Statements

The City currently receives bank statements electronically.

What are the fees charged for this service?

We do not charge for this service.

12. City Credit Card

The City currently has a credit card with a limit of $5,000.

What are the fees charged for this service?

The bank does not issue credit cards. We do work through a third party partner, Elan Financial Services.

Fees may vary depending on the specific card program that is selected.

13. Other Charges

Please identify any other charges that may be applicable to our account.

We are proposing No service charges applicable to either account.

SECTION II. OPTIONAL SERVICES

1. Automatic Sweep

Do you offer an automatic sweep product to transfer end-of-day collected balances into an overnight investment account?

We do offer an automatic sweep process. We would need to understand what functionality you desire to see if it will serve your needs.

If yes, describe your operation and any limitations of your sweep account, as well as the cost attached to this service.

Limitations: Money Market accounts are limited to six (6) debits per statement cycle.

We will not charge for this service.

Community Pride Bank

Community Banking... The Way It Should Be

Community Reinvestment Policy

This policy was approved by the Board of Directors on March 21, 2017.

The Community Reinvestment Act (CRA) of 1977 was enacted as Title VIII of the Housing and Community Development Act of 1977 on October 12, 1977. The CRA was passed in response to allegations that financial institutions were engaged in redlining. The act's principal purpose is to require that regulatory agencies examine the role of each Bank on helping meet the credit needs of its local community. Therefore, it is the responsibility of Community Pride Bank to adhere to the requirements set forth by the regulatory agencies under this act.

It is the policy of the Bank to encourage management and our employees to communicate continually with members of our local community about their credit needs and to help meet those needs, particularly in low and moderate income neighborhoods.

We maintain a public CRA file at the Bank's charter office and also maintain a duplicate file at any branch location. The file is updated each year and includes:

- All written comments received from the public for the current year that specifically relate to the Bank's performance in helping to meet community credit needs, and any response to the comments by the Bank, if neither the comments nor the responses contain statements that reflect adversely on the good name or reputation of any persons other than the Bank, or publication of which, would violate specific provisions of law

- A copy of the public section of the Bank's most recent CRA performance evaluation prepared by the FDIC, which will be placed in our public file within 3 days after receipt from the FDIC

- A list of the Bank's branches, their street addresses and geographies

- A list of services (including hours of operation, loan and deposit products and transaction fees) generally offered at the Bank's branches and descriptions of material differences in the availability or cost of services at particular branches, if any and information regarding the availability of alternative systems for delivering retail banking services. Ex: banking by telephone or computer, bank by mail, and any other services our bank may offer now or in the future

- A map of our assessment area showing the boundaries of the area and identifying the geographies contained within the area, either by map or listing

- A copy of the HMDA Disclosure Statement for the prior two calendar years provided by the Federal Financial Institutions Examinations Council pertaining to the Bank. This statement will be placed in the file within three business days after receipt

- The Bank's loan to deposit ratio for each quarter of the prior year

- Any other information the Bank chooses to disclose

In addition, we post a CRA notice in the lobby of each Bank location, indicating the public's rights under CRA, including the right to review the information contained in the public file.

The compliance officer, or the employee appointed, is responsible to periodically review the public file to ensure that it does not contain any comments or responses that would adversely reflect upon the name and reputation of any person, or which violates any specific provisions of this law.

RESOLUTION NO. 2018-XXX

A RESOLUTION AUTHORIZING APPROVAL TO ENTER INTO AN AGREEMENT WITH COMMUNITY PRIDE BANK FOR BANKING SERVICES FROM APRIL 1, 2018 THROUGH MARCH 31, 2021

WHEREAS, the City of Isanti has determined that it is in the city's best interest to seek proposals from qualified institutions to provide the highest quality depository and banking services at a competitive price for a three year period with the potential of two year extension; and

WHEREAS, Request for Proposals for Banking Services bids were reviewed by Finance Committee on Thursday, March 8, 2018; and

WHEREAS, proposals were received from Community Pride Bank, Members Cooperative Credit Union, Flagship Bank and Minnco Credit Union; and

WHEREAS, the proposal from Community Pride Bank waives all fees and provides a variable interest rate of 3.4% below the Prime Rate as reported in the Wall Street Journal with an interest rate floor of 0.25% on all deposit accounts;

NOW THEREFORE BE IT RESOLVED by the City Council of the City of Isanti, Minnesota as follows:

1. The City Council hereby awards banking services to **Community Pride Bank** as the most competitive bidder.

2. That the City Staff is hereby authorized to enter into an agreement with **Community Pride Bank** for banking services for the period of April 1, 2018 to March 31, 2021 according to the terms in the proposal submitted by **Community Pride Bank** dated March 2, 2018.

This resolution was duly adopted by the Isanti City Council this 20th day of March 2018.

Subject: Clarifier Rehabilitation
Wastewater Treatment Facility

The City of Isanti has planned for painting and selective welding repairs for the clarifiers at the Wastewater Treatment Facility in 2018 with a budget of $100,000. A scope of services will need to be developed to allow multiple contractors to provide proposals for the work. Bolton and Menk will provide the following services to design the improvements and obtain proposals:

- Develop a scope of work to be issued to prospective contractors
- Develop insurance requirements for the project
- Solicit quotes from a minimum of three qualified contractors
- Respond to contractor questions regarding the scope of work
- Plan and attend a site meeting for bidders to examine the clarifiers
- Review proposals and provide recommendations to the City

Bolton and Menk will provide the above services for an hourly not-to-exceed fee of $9,800. Following receipt of the proposals we will provide the City with the final construction and engineering cost estimates to complete the work. The proposed schedules for the work is provided in Table 1.

Subject: Resolution Authorizing Engineering Services for 2018 Storm Pond Maintenance Work

---

Background

Bolton and Menk, Inc. completed the Storm Pond Assessment and Inventory in 2016. The Assessment outlined the storm pond's integrity and function and then rated them based on the severity of the work that needed to be performed. All ponds were scheduled into a 5 year maintenance plan. This 5 year maintenance plan and corresponding storm pond work was approved by Council in October, 2016. Year 1 which was originally scheduled to be done in 2017 was held off to combine with this year in efforts to get better costs for the work as a larger project.

Bolton and Menk, Inc. has put together a proposal for services to create plans and specs for the ponds and apron work defined in Year 1 and Year 2 of the maintenance plan, go out for bids and also inspect the work and ponds after the construction. Their work also includes notifying via mail and door postings to affected residents. Should the City perform notifications and onsite inspections, the engineering costs would be reduced. The cost for their work is in the amount, not to exceed, $24,500.00.

Finance Committee Recommendation

The Finance Committee discussed the work to be done and funds available for such work. The Finance Committee recommends the engineering work as proposed by Bolton and Menk, Inc. in the amount, not to exceed, $24,500.00.

MEMORANDUM

Date: February 28, 2018

To: Don Lorsung, City Administrator

From: Bradley C. DeWolf, P.E.

Subject: 2018 Pond Maintenance Fee Proposal
City of Isanti, MN

Bolton & Menk, Inc. is pleased to present this proposal to provide engineering services for the 2018 Pond Maintenance Project.

It is our understanding the scope of work to be completed for the Pond Maintenance project is as follows:

- Create Plans and Specifications for ponds and aprons designated for 2017 and 2018 in the 5 year maintenance plan.
- Solicit bids from contractors and provide a recommendation to council.
- Provide a Resident Project Representative during all work on site.
    - Work with the Contractor on site to ensure the project is completed as intended.
    - Coordinate access, construction schedule and restoration with residents.

Bolton & Menk proposes to complete the above engineering services for an hourly, not-to-exceed fee of $24,500.00 in addition to the fees council approved for the 2017 Pond Maintenance Improvements that were not constructed.

Should the City elect to perform the site inspection and coordinate access with residents, or reduce the required on site time an inspector is required, the fee breakdown is as follows:

Research, Plans, Specifications and Bidding	$12,000	
Construction Administration	$5,500	($1,000 Approved from 2017 proposal)
Field Resident Project Representative	$12,000	($4,000 Approved from 2017 proposal)

MEMO

To: **Mayor Wimmer and City Council Members**

From: Sean M. Sullivan, Economic Development Director

Date: March 20, 2018

Subject: Consider Adoption of Resolution 2018-___ Authorizing Staff to Seek Help with Economic Development / Activities through Providing a Paid Intern Opportunity and Accepting Scholarship from the Minnesota Economic Development Foundation

---

Background:

Staff is requesting that the City Council authorize the posting for a part time Economic Development Marketing Intern position for the summer of 2018 as budgeted. Staff has been working on marketing initiatives, including the update of the City website for 2018 and beyond. In 2018, Staff would like to create some new marketing materials including: Maps, two-sided one page brochures, updates to welcome brochure utilizing In Design, and enhancements to the ED webpage. In addition, an intern would assist in business retention and expansion efforts by assisting with updating of business list and incorporating the updates into the website business list. Support for EDA events such as the Mayor Employer Celebration Day on June 19 and other community events.

Budgeting:

The 2018 EDA budget included $4000 for the Spring/Summer intern. Staff has applied for and was awarded a $1000 scholarship from the Minnesota Economic Development Foundation to assist with costs. This would allow for $5000 to be spent on an intern if desired. Finance Committee reviewed this item and recommends that the Summer intern be hired for approximately 14 weeks – 25 Hrs/week @ 14.00 per hour with an amount not to the exceed $5,000. The Finance Committee also approved the attached posting and job description.

City Council Action Requested:

Adoption of Resolution 2018-____ A Resolution Authorizing Staff to Seek Help with Economic Development / Activities through Providing a Paid Intern Opportunity and Accepting Scholarship from the Minnesota Economic Development Foundation

Attachments:

1) Resolution 2018-____ A Resolution Authorizing Staff to Seek Help with Economic Development / Activities through Providing a Paid Intern Opportunity and Accepting Scholarship from the Minnesota Economic Development Foundation

RESOLUTION NO. 2018-____

RESOLUTION AUTHORIZING STAFF TO SEEK HELP WITH ECONOMIC DEVELOPMENT / MARKETING ACTIVITIES THROUGH PROVIDING A PAID INTERNSHIP OPPORTUNITY AND ACCEPTING A SCHOLARSHIP FROM THE MINNESOTA ECONOMIC DEVELOPMENT FOUNDATION

WHEREAS, through City Council direction Staff has been tasked with the creation and updating of city marketing materials, updating and implementing the city marketing plan and sustaining economic development efforts; and,

WHEREAS, Staff as part of its future staffing plan has requested assistance in the creation and updating of city marketing materials, updating and implementing the city marketing plan and sustaining economic development; and,

WHEREAS, the Personnel Committee has reviewed the request and recommends that an Economic Development / Marketing Intern be hired to assist the Economic Development Director and that this position be funded from the EDA 101 PT Wages and Salaries Fund in an amount not to exceed $5,000; and,

WHEREAS, Economic Development Director Sullivan has applied to the Minnesota Economic Development Foundation for a $1,000 matching intern scholarship for the purposes of hiring an Economic Development / Marketing Intern and has been awarded a $1,000 intern scholarship for $1,000.

NOW THEREFORE BE IT RESOLVED BY THE CITY COUNCIL OF THE CITY OF ISANTI, MINNESOTA AS FOLLOWS:

1. Human Resources and the Economic Development Director are hereby directed to advertise to fill an Economic Development / Marketing Internship position.
2. Intern funded through EDA 101 PT Wages and Salaries in an amount not to exceed $5,000.
3. Approval of the job description for the Economic Development / Marketing Intern attached hereto as 'Exhibit A'.
4. Acceptance of $1,000 Scholarship from Minnesota Economic Development Foundation.
5. The Economic Development Marketing Intern rate of pay will be $14.00 / hour.

Subject: Resolution Authorizing Staff to Apply to Become a MN GreenCorps Host Site

---

The goal of Minnesota GreenCorps is to preserve and protect Minnesota's environment while training a new generation of environmental professionals.
Minnesota GreenCorps, coordinated by the Minnesota Pollution Control Agency (MPCA), began in September 2009. The program places AmeriCorps members with host organizations around the state to assist communities and local governments in addressing a variety of statewide needs, aiming to:

- Reduce solid waste and increase recycling in Minnesota communities.
- Reduce greenhouse gases (GHG) and other air pollutants.
- Reduce water runoff and improve water quality.
- Assist community members to take eco-friendly actions.
- Increase community resilience and build local capacity to respond to the threats of climate change.
- Train new environmental professionals.

(Source: MPCA GreenCorps Application Guide)

The application and supporting documents need to be submitted by Friday, March 28th.

II. Narrative questions

Before responding to the following questions in the text box provided, carefully review the pre-scoped position description for which you are considering a MN GreenCorps member, as well as member prohibited activities (see the *Member prohibited activities* under section II of the *Minnesota GreenCorps host site application guide*).

Examples of prohibited member activities include attempting to influence legislation, advocacy for or against proposed legislation, providing a direct benefit to a for-profit business, writing a grant application to any federal agency, clerical work or research unless such activities are incidental to the member's direct service activities.

Project scope and outcomes

1. Provide an overview of the service project you propose, and how the activities of the project align with MN GreenCorps' pre-scoped position description. *See Host Site Application Guide for position description details.*

2. What are the estimated overall results of the member's service activities?

3. What methods and tools will be used to measure project effectiveness?

Workplan

Instructions: Complete the table below outlining a Workplan for the proposed member position. The Workplan provides a goal statement for the member position and describes in greater detail the member activities, the projected results associated with each activity, as well as a monthly timeline of these activities and the approximate hours of time allocated to each activity.

Important notes: Members serve 1,700 hours from September 2018 to August 2019 and members can use a limited number of their 1,700 hours for training and civic engagement hours; maximum number of hours have been included in the Workplan which allows for a minimum of 1,400 hours dedicated to the member's service hours. See the *Minnesota GreenCorps host site application guide* to reference the appropriate pre-scoped member position description and review the types of activities that fall under essential and marginal functions.

Member position goal statement:

Member activities	Projected results/measures	General monthly timeline for each activity *(ex: September 2018 – February 2019)*	Approximate hours of time allocated to each activity
MN GreenCorps required orientation and quarterly trainings (approx. 100 hours) Other trainings, workshops, conferences (up to 170 hours) Civic engagement activities (up to 100 hours)	Members attend all required MN GreenCorps trainings, including the 3-day orientation in September and quarterly trainings. With approval from their supervisors and program staff, members participate in conferences, workshops and other trainings throughout their service year. Members gain technical and professional skills to apply to their service projects and grow their professional network. Members participate in civic engagement activities to broaden their experience and further engage in their community.	September 2018 – August 2019	300 hours

Member activities	Projected results/measures	General monthly timeline for each activity *(ex: September 2018 – February 2019)*	Approximate hours of time allocated to each activity

Community need/involvement

1. Describe how the proposed project will have a positive environmental impact on the community or communities that your organization serves. Please indicate if the project will serve under-represented, economically disadvantaged or rural populations:

2. What opportunities do you see for your proposed MN GreenCorps member position involving broader community members and mobilizing volunteers:

3. If your member project requires support from other partners, either internally (e.g., other departments like IT, facilities maintenance, etc.) or externally (e.g., a school district), please list these partners below, and describe how the partnership will work. What actions will you take as the host organization to ensure that partners are fully in support of and engaged in the project?
   Provide letters of support with this application, as appropriate, to demonstrate commitment of these partner departments or organizations.

Organizational capacity and commitment

Please respond to the following questions about your organization:

1. In one paragraph, describe your organization's mission. Include a description of the community your organization serves, qualifications of your staff, the number of paid staff, and experience (if any) with hosting AmeriCorps members:

2. Describe how your organization's current efforts and activities reflect the commitment and expertise you can provide to supporting a MN GreenCorps member. Include examples as appropriate:

3. AmeriCorps members cannot displace or replace previously employed, striking, or laid off workers. Please clarify how this position is not a staff position (see the *Non-displacement policy* under section VI of the *Host Site Application Guide*):

4. A host site supervisor must be able to provide **at least 0.08 full time equivalent (FTE) per member**, which equates to a **minimum of 3.2 hours each week** to review member activities, provide guidance, and set future goals. **The supervisor should be a FTE, or close to full time, employee of the host site or a partnering organization.**

Please provide the contact information, and background/qualifications of the staff member in your organization who will be responsible for day-to-day supervision of the MN GreenCorps member from September 2018 through August 2019. *Please note, the supervisor is required to attend an all-day orientation training in September 2018.*

Information for on-site supervisor:

Position type: _____

Supervisor name: _____ Title: _____

Email: _____ Telephone: _____

Describe the background and qualifications of the supervisor: _____

5. MN GreenCorps is a program that offers individuals professional, educational, and civic growth, particularly in the environmental field. ***Potential members may not bring highly specialized skills to their position.*** Describe how you will support the member in terms of on-site training, professional development, staff support and expertise, etc.:

6. What financial and/or material resources will your organization make available for MN GreenCorps member(s) projects and activities, should these be needed? MN GreenCorps members receive a minimal training budget from the MPCA to utilize throughout their service. We do encourage host sites to assist with providing training opportunities or funding for their member to attend trainings, conferences, etc. throughout the service year.

7. Host sites are required to provide reasonable workspace for members to complete the tasks of their project, which includes a desk, phone, computer, email account, etc. Describe the dedicated office space (with approximate square footage) the member will occupy for the 11-month term of service and the equipment and services that will be made available to allow the member to carry out the work:

8. Is your organization able to assist your member in securing local affordable housing? *(not required)* ☐ Yes ☐ No
9. Is your organization able to provide transit discounts, if applicable? *(not required)* ☐ Yes ☐ No
10. Transportation requirements for member service activities: If traveling is required for the member service activities, the host site is required to provide transportation for the member (access to fleet vehicles, mileage reimbursement, bus fare reimbursement, etc.). Please keep in mind that some members may not have access to a personal vehicle and some members may not be eligible to drive as a part of the program. If you indicate that driving is required, you may limit the number of members eligible for your site.
    A. Is the member required to drive in order to access or complete service activities?
        ☐ Yes, and the host site will reimburse mileage (if use of a personal vehicle is necessary).
        ☐ Yes, and the host site cannot reimburse mileage.
        ☐ No, public transit, ride shares, and/or bicycle are sufficient for any travel.

B. Will your organization make an organizational vehicle available to the member for service-related activities?

Please note, the members will be covered under the MPCA Commercial General Liability and Commercial Automobile Liability insurance policies as volunteers. **If the members are using vehicles belonging to the Host Site organization to conduct business on behalf of the Minnesota GreenCorps Program, the Host Site's insurance is primary. Any other insurance that may be available would only respond after the organization's insurance is exhausted.**

☐ Yes ☐ No

Sustainability

1. How do you see this work continuing after the MN GreenCorps members complete their service?

2. How does this project fit into your organization's long-term goals?

Current or past Host Sites only

Review section VII of the *Host Site Application Guide* with updated considerations for current or past host site applicants.

1. Identify the program year you participated in, focus area, number of members hosted:

2. Describe evidence of effectiveness of your current or past member projects, including environmental results, and how you will build on these results if awarded another member:

3. Describe how this proposed member position is unique from past member positions at your organization:

4. Describe any improvements you plan to make in terms of project oversight, member supervision, implementation, and results:

III. Board resolution/letter(s) of support

If your organization is governed by a Board, please provide a Board resolution in support of this application, indicating your organization's commitment to host MN GreenCorps member, and willingness to enter an agreement with the MPCA should your site be selected (see example in the *2018-19 Minnesota GreenCorps host site application guide*). If the Board resolution cannot be provided by the application deadline, please provide an explanation below and the date when it will be submitted:

Note: A Board resolution ***must*** be obtained before an agreement is executed, if applicable.

Please provide relevant letters of support from partner organizations or internal departments.

Subject: Resolution Creating Isanti Indoor Arena Special Revenue Fund

---

Background:

March 8th 2018 the Finance Committee reviewed a proposal to create a Special Revenue Fund for the Isanti Indoor Arena with two primary goals:

1) Provide funding and an accounting of, past and ongoing IIA expenses.
2) Seek to bring the negative cash balance currently in the IIA construction fund; Fund 435 (this negative cash balance would transfer to fund 226) to zero within 10 years.

The following details the projected cash balance of the newly created special revenue fund at the end of 10 years.

PERCENT REVENUE ALLOCATION		33.3%
FUND 226 STARTING BALANCE		$ -
LESS TRANSFERRED 435 CASH		$ (149,198.64)
LESS TRANSFERRED 101 EXPENSES		$ (27,032.28)
	CASH SUBTOTAL	$ (176,230.92)
LESS 10 YRS PROJECTED OPERATING EXP.		$ (77,451.00)
LESS 10 YRS PROJECTED INTEREST/MVA ADJ.		$ (10,000.00)
PROJECTED TEN YEAR BALANCE		$ (263,681.92)
ADD 10 YEARS LEASE REVENUE ALLOCATION		$ 285,405.12
	CASH ENDING BALANCE	**$ 21,723.20**

Request:

Finance Committee is recommending creation of the Isanti Indoor Arena Special Revenue Fund.

RESOLUTION 2018-XXX

RESOLUTION AUTHORIZING THE CREATION OF A SPECIAL REVENUE FUND ENTITLED ISANTI INDOOR ARENA REVENUE FUND FOR THE CITY OF ISANTI

WHEREAS, the City of Isanti receives monthly revenue from leasing the Isanti Indoor Arena located in the corporate boundaries of the City; and,

WHEREAS, the City Council of Isanti desires to place 1/3 of lease revenue in a separate special revenue fund; and,

WHEREAS, the funds will be used to maintain and provide improvements for the Isanti Indoor Arena, and, over the next ten years, cover any related negative fund balances, for costs incurred in past years;

NOW, THEREFORE, IT IS HEREBY RESOLVED by the City Council of the City of Isanti, Minnesota as follows:

1. Recitals. The above recitals are hereby incorporated as though fully set forth herein.
2. Creation of Fund. There is hereby created a Special Revenue Fund entitled Isanti Indoor Arena Revenue Fund to account for a portion of the incoming revenue from the Isanti Indoor Arena located in the corporate boundaries of the City of Isanti.
3. Direction Given. The City Finance Director is hereby directed to place 1/3 of incoming revenues from the Isanti Indoor Arena in the Revenue Fund and make the appropriate budget adjustments to accurately reflect such allocation.
4. Severability and Repeal of Inconsistent Motions, Resolutions and Ordinances. If any section, paragraph, clause or provision of this Resolution shall be held invalid, the invalidity thereof shall not affect any of the other provisions of this Resolution. All existing motions, resolutions and ordinances of the City are hereby repealed insofar as they may be inconsistent with the provisions of the Resolution.

From: Finance Director Betker

Date: March 14th, 2018

Subject: Resolution Authorizing Interfund Loan

Background:
In preparing to facilitate the construction of a hotel within City limits the Council approved Resolution 2017-169, authorizing the purchase of property (Parcel ID 16.029.0101) on June 6th 2017. That Resolution identified the funding source as the General Fund. Subsequent discussions have detailed a plan in which the Liquor Fund would use excess cash to fund the purchase and then be repaid by the General Fund over a 2 year period. Thereby mitigating and softening the effect of the purchase on the General Fund's fund balance.

To facilitate this process and be properly represented on the 2017 audited financials an interfund loan would need to be approved authorizing the use of Liquor Fund cash and repayment terms detailed.

Request:
Finance Director Betker is recommending authorizing an interfund loan in the amount of $107,237 to be repaid to the Liquor Fund in equal installments in budget years 2019 and 2020.

Attachment:
- Resolution 2018-XXX – Authorizing Interfund Loan.

RESOLUTION NO. 2018-XXX

RESOLUTION AUTHORIZING INTERFUND LOAN

WHEREAS, the City Council of Isanti approved the purchase of property identified as TAX ID number 16.029.0101 by Resolution on the 6th day of June 2017; and,

WHEREAS, the City Council of Isanti authorized funding for said purchase from the General Fund in an amount not to exceed $110,000; and,

WHEREAS, the final purchase price was $107,237

WHEREAS, the City Council of Isanti finds that it is in the best interests of the community to make the following interfund loan for the budget year ending 2017.

NOW, THEREFORE, IT IS HEREBY RESOLVED by the City Council of Isanti, Minnesota, that:

1. Transfer $107,237 from Fund 609 - Municipal Liquor Fund to Fund 101 - General Fund.
2. The interfund loan shall be repaid in equal installments in budget years 2019 and 2020.

3. Approve Minutes of February 7, 2018 Regular Economic Development Meeting

Motion by Commissioner Bergley seconded by Commissioner Lorinser to approve the minutes for February 7, 2018. Motion carried unanimously.

4. 2018 Mayor's Employer Celebration Day

Economic Development Director Sullivan highlighted the June 19, 2018 date of the event for this year and the 17 businesses that are celebrating mile stone City of Isanti Anniversaries. He indicated that plaques for recognition are estimated to cost $357 which is well within the budgeted $1,000 for the event. He highlighted past years business specialists that attend and their ability to answer questions businesses might have. He stated that Isanti Retail Meats has committed to preparing the food for the event. The event has grown in size over the years and continues to be a great success.

President Wimmer highlighted the fact that local elected officials are present and assist with the serving of food and are there for questions from the Isanti businesses.

5. City Promotional Bag Program 2018

Economic Development Director Sullivan stated that the first event for the City Promo Bag program would be on April 14-15 at Isanti Indoor Arena – Home of Rum River BMX. He anticipated at least 200 bags being distributed at the event. Other events, including the Fireman's Rodeo during Jubilee are slated for participation in the program.

President Wimmer stated that based on the growing number of events and the limited number of bags, the city might have to consider expanding the program next year. Economic Development Director Sullivan will monitor this item and bring it back for consideration if needed.

6. Other Business / Updates

Economic Development Director Sullivan highlighted the Staff Memo specifically relating to the hotel status and housing starts.

Commissioner Bergley asked when the project would break ground.

Economic Development Director Sullivan stated that the Development Agreement has a closing date of on or before April 30, 2018 and that construction was likely once the frost was out, road restrictions are lifted and the spring construction season commences.

Proclamation by Mayor George A. Wimmer

Week of the Young Child™

Whereas, many local organizations in conjunction with the National Association for the Education of Young Children, are celebrating the Week of the Young Child™, April 16th - April 20th; and,

Whereas, these organizations are working to improve early learning opportunities, including early literacy programs, that can provide a foundation of learning for children in Isanti, MN; and,

Whereas, teachers and others who make a difference in the lives of young children in Isanti, MN deserve thanks and recognition; and,

Whereas, public policies that support early learning for all young children are crucial to young children's futures.

I, George A. Wimmer, Mayor of the City of Isanti do hereby proclaim April 16th - April 20th, 2018 as the Week of the Young Child™ and encourage all citizens to work to make a good investment in early childhood in Isanti, MN.

I. Council Committee Reports

Mayor Wimmer mentioned that a mass email from the North 65 Chamber of Commerce had been sent out. The email cannot be responded to, nor can the Mayor or Councilmembers attend a private meeting as the email requested, since that would be an open meeting violation. The Chamber did meet with the Cambridge City Council and staff privately and asked Mayor Wimmer to step out of the room as they did so. Mayor Wimmer reiterated that it was not appropriate to have a closed or private meeting like that and there is a Chamber Liaison, which the Chamber needs to communicate through. Councilman Bergley suggested that it may be due to the new Chamber Director. Mayor Wimmer added that he would not be doing his State of the City Address at the Chamber luncheon since there was a fee to attend and would rather do an online version so anyone

can listen to it. During the discussion it was suggested that the Liaison position for the Chamber may need to be eliminated as other groups, such as the Rotary and the Lion's, are able to do great things without one.

Mayor Wimmer shared that he and Economic Development Director Sean Sullivan would be going to the League of Minnesota Cities and the capital to meet with a number of Senators and Representatives to discuss bills regarding Pre-Emption and the Retainage issue, which states that rather the City being able to hold funds back to ensure all projects are completed, the City will be required to pay back all funds upon "substantial" completion. This leaves no leverage to guarantee contractors complete all parts of a project, such as sod repair during a road project.

The Council has not heard back from the School District about the letter sent regarding the School Resource Officer. The District has shared they have an approximate 1.5 million dollar deficit and are looking for ways to implement cuts to close that gap. Mayor Wimmer remarked that when Officer Gau was hired in 2008, the City eliminated a full-time Administrative Assistant position to free up money for that to happen. This made things a little more difficult for City Hall staff, but the City prioritized safety and security.

Councilman Lundeen went back to the Retainage issue. He mentioned the additional example of construction done during the colder months when trees, plants, and sod could not be planted and driveways cannot be put in. If there was no retainage fee, many of these things would not be done at a later date.

Councilman Bergley asked if anyone had any thoughts regarding the upcoming Icicle meeting he plans on attending. Mayor Wimmer responded that he found the information the Superintendent put out regarding the incident interesting. He wondered what the point in saying everything went fine when it did not, which seems to be a troubling statement as to where the whole issue stands.

2. **Resolution 2018-063** Approving the Transition Plan for the City Administrator Position

Motion by Collison, second by Bergley to approve Resolution as presented. Motion carried.

3. **Resolution 2018-064** Approving a Special Event Application for BMX Race for Life and DK Gold Cup Qualifier Event

   Larry Merchlewitz, Community Outreach Director with the Rum River BMX Association, explained that this is a two-day event. The first day is a Race for Life and the majority of the registration of the registration fees collected for this event will benefit the Cancer Society. The second day is the Gold Cup Qualifier where riders from numerous stated will complete. Between 700-800 people are expected to attend the events each day. Promotional City bags with information about local businesses will be handed out at the events. Mr. Merchlewitz shared that this is the third year the Isanti track has been number one in the United States. Mayor Wimmer remarked that it is quite an accomplishment for Rum River BMX and gets the City's name out which is great for everybody.

Date: March 26, 2018

Subject: City Code Amendment – Chapter 8, City Council Agenda Order of Business, Citizens Input

---

Attached is a proposed amendment to the City Code Chapter 8-15, Order of Business. Under this amendment, it is proposed that Citizen's Input would be placed on the regular City Council Agenda ahead of the Order of Business. Also, language in that code section regarding Citizens Input has been updated to reflect that only citizens of Isanti are allowed to address the City Council through the forum, that the forum is held at the discretion of the City Council, and the forum itself is not recorded since it is not part of the regular meeting.

The proposed code amendment has been reviewed by the Development and Operations Advisory Committee and City Attorney Clark Joslin.

ORDINANCE NO. ____

AN ORDINANCE TO AMEND THE CODE FOR THE CITY OF ISANTI, CHAPTER 8 CITY COUNCIL, ARTICLE III, ORDER OF BUSINESS

THE CITY COUNCIL OF THE CITY OF ISANTI DOES ORDAIN:

Chapter 8, Article III, Section 8-15:

Section 8-15. Order of Business, Paragraph A is deleted and replaced as follows:

A. Prior to commencement of business at each regular meeting of the Council, an informal forum titled "Citizens Input" may be held at the designated start time for the regular City Council Meetings.

B. Order established. Each regular meeting of the Council shall convene immediately after any scheduled Citizen Input forum, or if not held at the designated start time. Council business shall be conducted in the following order:

(1) Call to Order
(2) Pledge of Allegiance
(3) Roll Call
(4) Approval of minutes
(5) Announcements
(6) Council Committee reports
(7) Public hearings
(8) Business items
(9) Consent agenda
(10) Other communications
(11) Adjournment

Section 8-15. C. Agenda (2) (e) [1] [2] are deleted and replaced as follows:

[1] The City Council may hold a "citizen's input" at the regular meetings, which are held on the first and third Tuesdays of each month. This informal forum is an opportunity of citizens of the City of Isanti to address the Council on items that are not on the agenda. This forum is not recorded. Council will not act on citizen input items but may provide direction to staff of any follow-up that may be required.

[2] Citizens input is limited to three minutes by an individual wishing to speak on a topic, and may not be used to make personal attacks, or air personality grievances, to make political endorsements, or for political campaign purposes. An extension of the three minute time limit may be granted only by affirmative vote of the Council.

EFFECTIVE DATE
This Ordinance takes effect upon its passage and publication in the official newspaper of the City of Isanti.

Adopted by the City Council this 3rd day of April, 2018.

MEMORANDUM

TO: Mayor George A. Wimmer
Members of the Isanti City Council

FROM: Ryan Kernosky, Community Development Director

DATE: April 3, 2018

SUBJECT: **REQUEST FROM SAC WIRELESS (ON BEHALF OF AT&T WIRELESS) FOR AN AMENDED CONDITIONAL USE PERMIT AND SITE PLAN APPROVAL**

Background

The City has received an application from SAC Wireless (on behalf of AT&T Wireless) to construct additional telecommunication antennas on the existing tower at 501 W Duel Boulevard NE. In 2002, the City issued a Conditional Use Permit for construction of the existing tower and placement of telecommunication antennas on the approved tower. T-Mobile and Verizon currently utilize the tower for their telecommunication antennas.

AT&T applied for and was granted a Conditional Use Permit Amendment in 2014 – however, they never acted upon the CUP and thus it became expired. AT&T is now reapplying for a Conditional Use Permit to collocate on the structure at 501 W. Dual Blvd.

AT&T is proposing to install antennas at 170' on the existing 185' tower at this location, and is proposing to build a self-contained pre-fabricated equipment shelter at the base of the tower within the existing fenced area.

Staff Comments

Staff believes that this proposal meets all requirements within City code and the Comprehensive Plan. Bolton & Menk has reviewed the request and recommends approval with the condition that a non-interference report is submitted.

Development and Operations Committee Comments

DOAC met on Thursday February 22nd, 2018 and provided the following comments:

1) The petitioner shall meet the conditions of the original approvals as stipulated within the City Council meeting minutes from April 16, 2002.
2) All requirements placed on by the City Engineer are met.
3) All applicable permits are applied for and granted.

Planning Commission Recommendation
The Planning Commission held a public hearing at the regularly scheduled meeting on March 20, 2018. After the public hearing, the Planning Commission has recommended approval with the conditions stipulated in the attached Resolution.

Public Comment
No public comments have been received regarding the proposed amendment to the conditional use permit prior to the release of this staff memo.

Staff Recommendation
Staff recommends **APPROVAL** with the conditions stipulated by DOAC.

Supporting Information

Public Notice
Notice of the Amendment to the Conditional Use Permit was published in the official City newspaper, *Isanti County News*; on Wednesday, March 7th, 2018. Mailed notice was provided to property owners within 350' of the subject property.

Zoning Ordinance Requirements
The "I-1" Industrial Park District is established, in an effort to expand upon employment opportunities within the community. The purpose of the Industrial Park District is to group industrial uses in locations that have adequate and convenient access to major streets, highways and the railroad line. While the City is predominately residential in character, industrial uses are an important part of the City's land use pattern. Regulations encourage the development of industrial uses that are compatible with surrounding and abutting land uses. In order to accomplish this compatibility, development within the district is intended for administrative, wholesaling, manufacturing, warehousing, office, and related uses which can maintain high standards of appearance, through building design, site design, and landscaping / screening, and not require a high level of public services. With proper control, these areas should be compatible with commercial or residential areas. The use proposed for placement of antennas, related equipment and an accessory structure for cellular telecommunications is allowed as a conditional use in the I-1 Industrial Park District.

The Planning Commission shall conduct a public hearing, and report its findings and make recommendations to the City Council. The Planning Commission shall consider possible adverse effects of the proposed amendment. The judgment of the Planning Commission with regard to the application shall be based upon, but is not limited to, the following factors:

1. The proposed action has been considered in relation to the specific policies and provisions of and has been found to be consistent with the City Comprehensive Plan, including public facilities and capital improvement plans.

2. The proposed action meets the purpose and intent of this Ordinance or in the case of a map amendment; it meets the purpose and intent of the individual district.
3. There is adequate infrastructure available to service the proposed action.
4. There is an adequate buffer or transition provided between potentially incompatible districts.

Comprehensive Plan

The Industrial Land Use category "provides for areas in the community for industrial related businesses including manufacturing, warehousing, automotive, trucking, office and other related industrial uses. This designation is primarily located on the north portion of the community between the railroad and Highway 65. These uses are not as compatible with residential as well as some commercial uses. In locations where the use may be located near residential and/or more sensitive commercial uses, screening and berming should be used to reduce its impact". The placement of antenna, related equipment and an accessory structure on an existing telecommunications tower as a Conditional Use is compatible with the Comprehensive Plan.

Deadline for City Council Action

The City of Isanti received a complete application for this request on February 27, 2018. Pursuant to Minnesota State Statute, the City must act on this request by April 23, 2018 (60-days); unless an extension of the review period has been agreed to by the applicant.

RESOLUTION NO. 2018-XXX

A RESOLUTION APPROVING AN AMENDMENT TO A CONDITIONAL USE PERMIT TO ALLOW THE PLACEMENT OF ANTENNAS ON A TELECOMMUNICATIONS TOWER AND AN ACCESSORY STRUCTURE ON THE PROPERTY AT 501 WEST DUAL BOULEVARD NE

WHEREAS, the property at 501 W Dual Blvd NE received Conditional Use Permit Approval for the construction of a telecommunication tower on the property as shown in the City Council Meeting Minutes from April 16, 2002; and,

WHEREAS, an amendment to the Conditional Use Permit was approved by the Isanti City Council on March 18th, 2014 through Resolution 2014-044; and,

WHEREAS, the applicant failed to execute the amended Conditional Use Permit within the time permitted under Section 21, Article 2, Subdivision 7; and,

WHEREAS, the property is legally described as Lot 1, Block 3 Dual Industrial Park (w/exceptions), Isanti County, Minnesota. Subject to any easements, restrictions, or reservations of record, if any; and,

WHEREAS, AT&T ('the applicant') has submitted a complete application to Amend the Conditional Use Permit to allow for placement of antennas, related equipment and an accessory structure at 501 West Dual Boulevard NE; and,

WHEREAS, the property is zoned "I-1" Industrial Park District. In which, the proposed use is considered a conditional use; and,

WHEREAS, Ordinance No. 445 Zoning, Section 21, Article 2, Subdivision 5 states that modifications meeting specific requirements must be reviewed through a public hearing process before the Planning Commission and Final Review by the City Council; and,

WHEREAS, the Planning Commission held a public hearing and reviewed the Amendment to the Conditional Use Permit on Tuesday March 20, 2018.

NOW, THEREFORE, BE IT RESOLVED BY THE CITY COUNCIL OF THE CITY OF ISANTI, MINNESOTA, that the request by AT&T Wireless for placement of antennas, related equipment and an accessory structure at 501 West Duel Boulevard NE is hereby approved with the following conditions:

1) The petitioner shall meet the conditions of the original approvals as stipulated within the City Council meeting minutes from April 16, 2002.
2) All requirements placed on by the City Engineer are met.
3) All applicable permits are applied for and granted.

Adopted by the Isanti City Council on this 3rd day of April, 2018.

FINDINGS OF FACT AND CONCLUSION

Request

Request from AT&T for an Amendment to the Conditional Use Permit for 501 West Dual Boulevard NE for placement of Antennas on a Telecommunication Tower and Accessory Structure.

Findings of Fact

1. The applicant, AT&T, had made application for an amendment to an existing conditional use permit to allow for placement of antennas, related equipment and an accessory structure at 501 West Dual Boulevard NE.
2. The City Council granted approval of a conditional use permit on April 16, 2002, for placement of a telecommunications tower on the site with conditions.
3. The City Council granted approval of an amendment to the conditional use permit on March 25, 2014 for placement of a telecommunications tower on the site with conditions.
4. The applicant failed to act on the amended conditional use permit, and thus nullified the approved amended conditional use permit.
5. The property is legally described as Lot 1, Block 3 Dual Industrial Park (w/exceptions), Isanti County, Minnesota. Subject to any easements, restrictions, or reservations of record, if any.
6. The property is zoned "I-1" Industrial Park District. In which, the proposed use is considered a conditional use.
7. Prior to the amendment of a conditional use on any property, the property owner must receive approval and must meet any requirements as stipulated by the zoning ordinance for that particular use.
8. A complete application was received on February 27th, 2018 and a public hearing date before the Planning Commission was scheduled for Tuesday, March 20th, 2018.
9. Notice of the Conditional Use Permit request was published within the Isanti County News on Wednesday, March 7th, 2018. Notices were sent to all property owners located within 350 feet of the subject property.

Conclusions

In review of the standards established for Telecommunication and Antenna Towers in Section 13, Subdivision 17, the following conclusions have been made on applicable areas (*conclusions to each requirement are shown in underlined italics)*:

1. Maximize the use of existing and proposed towers and buildings to accommodate new wireless telecommunication antennas in order to reduce the number of towers needed to serve the community. This includes co-locating of telecommunication carriers.
   The proposal will co-locate Verizon antennas and equipment with the existing antennas and equipment of another carrier, furthering the goal for co-location.
2. The City will allow telecommunication towers and antennas on City Land, areas zoned Industrial, Highway Commercial, and General Commercial with a Conditional Use Permit and Site Plan. Towers in these districts shall be allowed in back and side yards only.
   The proposal meets these requirements.
3. Antennas and towers must blend in with the surrounding environment, including locating antennas on roofs of buildings, on walls of buildings, or on City property
   The proposal meets these requirements.
4. Existing on-site vegetation shall be preserved to the maximum extent possible.
   The proposal minimizes use of ground space to only essential equipment.

Decision

The Planning Commission held a public hearing on the item at the **March 20th, 2018** meeting. The Planning Commission has recommended approval with the conditions stipulated in the Resolution.

Conditions

1) The petitioner shall meet the conditions of the original approvals as stipulated within the City Council meeting minutes from April 16, 2002.
2) All requirements placed on by the City Engineer are met.
3) All applicable permits are applied for and granted.

AT&T Co-location 501 W. Dual Blvd, Isanti, MN

NARRATIVE OVERVIEW

Back in early 2014, AT&T Mobility ("AT&T") applied for the necessary approvals to co-locate on the existing self-support lattice tower at 501 W. Dual Blvd, Isanti (the "Property"). AT&T and its affiliates have acquired licenses from the Federal Communications Commission ("FCC") to provide Wireless Telecommunication services throughout the United States. These licenses include Isanti, Minnesota. Around March of 2014, the City approved AT&T's CUP. However, shortly after the 2014 approval, AT&T deferred the construction and the CUP expired. AT&T Mobility is now re-applying to collocate on this very same structure.

The technical criteria for establishing these sites are very exacting as to both the height and location. Based on a computerized engineering study which takes into account the location of other sites, AT&T's engineers have identified the need for a site in this area. The site at 501 W. Dual is within the geographic area in which a facility must be located in order for it to function as an integral part of the network.

Pursuant to the City of Isanti Zoning Code, AT&T is requesting the necessary approvals install its antennas at 170' on the existing 185' self-supporting lattice tower. The necessary support equipment will be housed in a self-contained pre-fabricated equipment shelter at the base of the tower within the existing fenced compound.

The proposed facility will not be staffed, and, upon completion, will require only infrequent site visits (approximately one time a month). Access will be provided to the existing entry ways to the property at 501 W. Dual. Hence the facility will not have any material impact on either traffic or storm water control. The site is entirely self-monitored and connects directly to a central office where sophisticated computers alert personnel to equipment malfunction or breach of security. Moreover, no nuisances will be generated by the proposed system.

The proposed facility will be designed and constructed to meet applicable governmental and industry safety standards. Specifically, AT&T will comply with all FCC and FAA rules regarding construction requirements and technical standards. Any and all RF emissions are subject to the exclusive jurisdiction of the FCC

ACCESS DRIVE W/ TURNAROUND AREA, LEASE AREA, AND IF APPLICABLE UNDERGROUND UTILITY EASEMENTS ARE TO BE CONSTRUCTED TO PROVIDE A WELL DRAINED, EASILY MAINTAINED, EVEN SURFACE FOR MATERIAL AND EQUIPMENT DELIVERIES AND MAINTENANCE PERSONNEL ACCESS.

3. QUALITY ASSURANCE

A. APPLY SOIL STERILIZER IN ACCORDANCE WITH MANUFACTURER'S RECOMMENDATIONS (AS NEEDED).
B. APPLY AND MAINTAIN GRASS SEED AS RECOMMENDED BY THE SEED PRODUCER (IF REQUIRED).
C. PLACE AND MAINTAIN VEGETATION LANDSCAPING, IF INCLUDED WITHIN THE CONTRACT, AS RECOMMENDED BY NURSERY INDUSTRY STANDARDS.

4. SEQUENCING

A. CONFIRM SURVEY STAKES AND SET ELEVATION STAKES PRIOR TO ANY CONSTRUCTION.
B. COMPLETELY GRUB THE ACCESS DRIVE W/ TURNAROUND, UNDERGROUND UTILITY EASEMENTS, (IF APPLICABLE) AND LEASE AREA PRIOR TO FOUNDATION CONSTRUCTION, PLACEMENT OF BACKFILL AND SUB–BASE MATERIAL.
C. CONSTRUCT TEMPORARY CONSTRUCTION AREA ALONG ACCESS DRIVE.
D. BRING THE LEASE AREA AND ACCESS DRIVE W/ TURNAROUND TO BASE COURSE ELEVATION PRIOR TO INSTALLING FOUNDATION.
E. APPLY SOIL STERILIZER PRIOR TO PLACING BASE MATERIALS.
F. GRADE, SEED, FERTILIZE, AND MULCH ALL AREAS DISTURBED BY CONSTRUCTION (INCLUDING UNDERGROUND UTILITY EASEMENTS) IMMEDIATELY AFTER BRINGING LEASE AREA AND ACCESS DRIVE W/ TURNAROUND TO BASE COURSE ELEVATION. WATER TO ENSURE GROWTH.
G. REMOVE GRAVEL FROM TEMPORARY CONSTRUCTION ZONE TO AN AUTHORIZED AREA OR AS DIRECTED BY PROJECT MANAGER.
H. AFTER APPLICATIONS OF FINAL SURFACES, APPLY SOIL STERILIZER TO STONE SURFACES.

5. SUBMITTALS

A. BEFORE CONSTRUCTION, IF LANDSCAPING IS APPLICABLE TO THE CONTRACT, SUBMIT TWO COPIES OF THE LANDSCAPE PLAN UNDER NURSERY LETTERHEAD. IF A LANDSCAPE ALLOWANCE WAS INCLUDED IN THE CONTRACT, PROVIDE AN ITEMIZED LISTING OF PROPOSED COSTS ON NURSERY LETTERHEAD (REFER TO PLANS FOR LANDSCAPING REQUIREMENTS).

B. AFTER CONSTRUCTION
1. MANUFACTURER'S DESCRIPTION OF PRODUCT AND WARRANTY STATEMENT ON SOIL STERILIZER.
2. MANUFACTURER'S DESCRIPTION OF PRODUCT ON GRASS SEED AND FERTILIZER
3. LANDSCAPING WARRANTY STATEMENT.

6. WARRANTY

A. IN ADDITION TO THE WARRANTY ON ALL CONSTRUCTION COVERED IN THE CONTRACT DOCUMENTS, THE CONTRACTOR SHALL REPAIR ALL DAMAGE AND RESTORE AREA AS CLOSE TO ORIGINAL CONDITION AS POSSIBLE AT SITE AND SURROUNDINGS.
B. SOIL STERILIZATION APPLICATION TO GUARANTEE VEGETATION FREE ROAD AND SITE AREAS FOR ONE YEAR FROM DATE OF FINAL INSPECTION.
C. DISTURBED AREAS WILL REFLECT GROWTH OF NEW GRASS COVER PRIOR TO FINAL INSPECTION.
D. LANDSCAPING, IF INCLUDED WITHIN THE SCOPE OF THE CONTRACT, WILL BE GUARANTEED FOR ONE YEAR FROM DATE OF FINAL INSPECTION.

PART 2 – PRODUCTS

1 MATERIALS

A. SOIL STERILIZER SHALL BE EPA–REGISTERED, PRE–EMERGENCE LIQUID:

TOTAL KILL PRODUCT 918 EPA 10292–7

B. ROAD AND SITE MATERIALS SHALL CONFORM TO IDOT SPECIFICATIONS FILL MATERIAL, (UNLESS OTHERWISE NOTED) – ACCEPTABLE SELECT FILL SHALL BE IN ACCORDANCE WITH STATE DEPARTMENT OF HIGHWAY AND TRANSPORTATION STANDARD SPECIFICATIONS.

C. SOIL STABILIZER FABRIC SHALL BE MIRAFI – 500X.

PART 3 – EXECUTION

1. INSPECTIONS

LOCAL BUILDING INSPECTORS SHALL BE NOTIFIED NO LESS THAN 48 HOURS IN ADVANCE OF CONCRETE POURS, UNLESS OTHERWISE SPECIFIED BY JURISDICTION.

2. PREPARATION

A. CLEAR TREES, BRUSH AND DEBRIS FROM LEASE AREA, ACCESS DRIVE W/ TURN–AROUND AND UNDER GROUND UTILITY EASEMENTS AS REQUIRED FOR CONSTRUCTION.
B. PRIOR TO OTHER EXCAVATION AND CONSTRUCTION, GRUB ORGANIC MATERIAL TO A MINIMUM OF SIX (6) INCHES BELOW GRADE.
C. UNLESS OTHERWISE INSTRUCTED BY AT&T, TRANSPORT ALL REMOVED TREES, BRUSH AND DEBRIS FROM THE PROPERTY TO AN AUTHORIZED LANDFILL.
D. PRIOR TO PLACEMENT OF FILL OR BASE MATERIALS, ROLL THE SOIL.
E. WHERE UNSTABLE SOIL CONDITIONS ARE ENCOUNTERED, LINE THE AREAS WITH STABILIZER MAT PRIOR TO PLACEMENT OF FILL OR BASE MATERIAL.

3. INSTALLATION

A. GRADE OR FILL THE LEASE AREA AND ACCESS DRIVE W/ TURNAROUND AS REQUIRED IN ORDER THAT UPON DISTRIBUTION OF SPOILS, RESULTING FROM EXCAVATIONS, THE RESULTING GRADE WILL CORRESPOND WITH SAID SUB–BASE COURSE. ELEVATIONS ARE TO BE CALCULATED FROM BENCHMARK, FINISHED GRADES, OR INDICATED SLOPES.
B. CLEAR EXCESS SPOILS, IF ANY, FROM JOB SITE AND DO NOT SPREAD BEYOND THE LIMITS OF PROJECT AREA UNLESS AUTHORIZED BY PROJECT MANAGER AND AGREED TO BY LANDOWNER.
C. BRING THE ACCESS DRIVE W/ TURNAROUND TO BASE COURSE ELEVATION TO FACILITATE CONSTRUCTION AND OBSERVATION DURING CONSTRUCTION OF THE SITE.
D. AVOID CREATING DEPRESSIONS WHERE WATER MAY POND.
E. THE CONTRACT SHALL INCLUDE GRADING, BANKING, AND DITCHING, UNLESS OTHERWISE INDICATED.
F. WHEN IMPROVING AN EXISTING ACCESS DRIVE, GRADE THE EXISTING DRIVE TO REMOVE ANY ORGANIC MATTER AND SMOOTH THE SURFACE BEFORE PLACING FILL OR STONE.
G. PLACE FILL OR STONE IN SIX (6) INCH MAXIMUM LIFTS, AND COMPACT BEFORE PLACING NEXT LIFT.
H. THE TOP SURFACE COURSE, SHALL EXTEND A MINIMUM OF ONE (1) FOOT BEYOND THE SITE FENCE (UNLESS OTHERWISE NOTED) AND SHALL COVER THE AREA AS INDICATED.
I. APPLY RIPRAP TO THE SIDE SLOPES OF ALL FENCED SITE AREAS, PARKING AREAS, AND ALL OTHER SLOPES GREATER THAN 2:1.
J. APPLY RIPRAP TO THE SIDES OF DITCHES OR DRAINAGE SWALES.
K. RIPRAP ENTIRE DITCH FOR SIX (6) FEET IN ALL DIRECTIONS AT CULVERT OPENINGS.
L. APPLY SEED, FERTILIZER, AND STRAW COVER TO ALL OTHER DISTURBED AREAS, DITCHES, AND DRAINAGE SWALES, NOT OTHERWISE RIPRAPPED.
M. UNDER NO CIRCUMSTANCES WILL DITCHES, SWALES, OR CULVERTS BE PLACED SO THAT THEY DIRECT WATER TOWARDS, OR PERMIT STANDING WATER IMMEDIATELY ADJACENT TO SHELTER OR EQUIPMENT. IF DESIGNS OR ELEVATIONS ARE IN CONFLICT WITH THIS, ADVISE CONSTRUCTION MANAGER IMMEDIATELY.
N. IN DITCHES WITH SLOPES GREATER THAN 10%, MELIND DIVERSIONARY HEADWALLS IN THE DITCH AT CULVERT ENTRANCES. POSITION THE HEADWALL AT AN ANGLE NO GREATER THAT 60 DEGREES OFF THE DITCH LINE. RIPRAP THE UPSTREAM SIDE OF THE HEADWALL AS WELL AS THE DITCH FOR SIX (6) FEET ABOVE THE CULVERT ENTRANCE.
O. APPLY SEED AND FERTILIZER TO SURFACE CONDITIONS WHICH WILL ENCOURAGE ROOTING. RAKE AREAS TO BE SEEDED TO EVEN THE SURFACE AND LOOSEN THE SOIL.
P. SOW SEED IN TWO DIRECTIONS IN TWICE THE QUANTITY RECOMMENDED BY THE SEED PRODUCER.

THE INFORMATION CONTAINED IN THIS SET OF CONSTRUCTION DOCUMENTS IS PROPRIETARY BY NATURE. ANY USE OR DISCLOSURE OTHER THAN THAT WHICH RELATES TO CARRIER SERVICES IS STRICTLY PROHIBITED.

3. ENSURE GROWTH OF SEEDED AND LANDSCAPED AREAS, BY WATERING, UP TO THE POINT OF RELEASE FROM THE CONTRACT. CONTINUE TO REWORK THE BARE AREAS UNTIL COMPLETE COVERAGE IS OBTAINED.

4. FIELD QUALITY CONTROL

COMPACT SOILS TO MAXIMUM DENSITY IN ACCORDANCE WITH ASTM D-1557. AREAS OF SETTLEMENT WILL BE EXCAVATED AND REFILLED AT CONTRACTOR'S EXPENSE. INDICATE PERCENTAGE OF COMPACTION ACHIEVED ON AS-BUILT DRAWINGS.

5. PROTECTION

A. PROTECT SEEDED AREAS FROM EROSION BY SPREADING STRAW TO A UNIFORM LOOSE DEPTH OF 1-2 INCHES. STAKE AND TIE DOWN AS REQUIRED. USE OF EROSION CONTROL MESH OR MULCH NET WILL BE AN ACCEPTABLE ALTERNATE.
B. ALL TREES PLACED IN CONJUNCTION WITH A LANDSCAPE CONTRACT WILL BE WRAPPED, TIED WITH HOSE PROTECTED WIRE, AND SECURED TO 2" X 2" X 4'-0" WOODEN STAKES EXTENDING TWO-FEET INTO THE GROUND ON FOUR SIDES OF THE TREE.
C. PROTECT ALL EXPOSED AREAS AGAINST WASHOUTS AND SOIL EROSION. PLACE STRAW BALES AT THE INLET APPROACH TO ALL NEW OR EXISTING CULVERTS. WHERE THE SITE OR ROAD AREAS HAVE BEEN ELEVATED IMMEDIATELY ADJACENT TO THE RAIL LINE, STAKE EROSION CONTROL FABRIC FULL LENGTH IN THE SWALE TO PREVENT CONTAMINATION OF THE RAIL BALLAST. ALL EROSION CONTROL METHODS SHALL CONFORM TO APPLICABLE BUILDING CODE REQUIREMENTS.

TRENCHING:

MATERIALS SUB-CONTRACTOR SHALL:

1. FILL MATERIAL SHALL BE OBTAINED TO THE MAXIMUM EXTENT POSSIBLE FROM EXCAVATIONS ON SITE. THE STRUCTURAL FILL SHOULD BE SAND AND SHALL BE APPROVED BY THE CONSTRUCTION MANAGER AND SHALL CONFORM TO LOCAL GOVERNING JURISDICTION AND UTILITY COMPANY REQUIREMENTS. THE FILL MATERIAL SHALL CONTAIN NO ORGANIC MATERIAL, ROCKS, OR OBJECTIONABLE MATERIALS AND/OR MATERIALS DESIGNATED AS HAZARDOUS OR INDUSTRIAL BY THE EPA. THE FILL MATERIAL SHALL CONTAIN FINES SUFFICIENT TO FILL ALL VOIDS IN THE MATERIAL. BACKFILL OR BORROW SOIL SHALL BE PLACED IN 6" LOOSE LIFTS.

PIPE DETECTION AND IDENTIFICATION SUB-CONTRACTOR SHALL:

1. UTILIZE WARNING TAPE. ALL UTILITY SERVICE TRENCHES SHALL BE MARKED WITH WARNING TAPE.

TRENCH EXCAVATION SUB-CONTRACTOR SHALL:

1. DIG TRENCH TO LINES AND GRADES SHOWN ON THE PLANS OR AS DIRECTED BY THE CONSTRUCTION MANAGER.
2. TRENCH LENGTH SHALL BE SUFFICIENT TO ALLOW FOR SATISFACTORY CONSTRUCTION AND INSPECTION OF THE PROJECT WITHOUT ENDANGERING OTHER CONSTRUCTION WORK OR ADJACENT FACILITIES.
3. DISPOSAL OF EXCESS AND UNSUITABLE EXCAVATION MATERIAL PROPERLY AS DIRECTED BY THE CONSTRUCTION MANAGER.
4. USE HAND TRENCHING METHODS FOR EXCAVATION THAT CANNOT BE ACCOMPLISHED WITHOUT ENDANGERING EXISTING OR NEW STRUCTURES AND OTHER FACILITIES.

TRENCH PROTECTION SUB-CONTRACTOR SHALL:

1. PROVIDE MATERIALS, LABOR, AND EQUIPMENT NECESSARY TO PROTECT TRENCHES AT ALL TIMES.
2. SHEETING AND BRACING TO MEET OR EXCEED OSHA REQUIREMENTS

BACKFILLING SUB-CONTRACTOR SHALL:

1. NOTIFY THE CONSTRUCTION MANAGER AT LEAST 24 HOURS IN ADVANCE OF BACKFILLING.
2. BACKFILL TRENCH WITH LIFTS UP TO 6" LOOSE MEASURE.
3. PROTECT CONDUIT FROM LATERAL MOVEMENT AND DAMAGE FROM IMPACT OR UNBALANCED LOADING TO AVOID DISPLACEMENT OF CONDUIT AND/OR STRUCTURES. DO NOT FREE FALL BACKFILL INTO TRENCH UNTIL AT LEAST 6' OF COVER IS OVER CONDUIT.

COMPACTION SUB-CONTRACTOR SHALL:

1. COMPACT BACKFILL TO 95% MAXIMUM DRY DENSITY AS DETERMINED BY ASTM D-1557 WITH PLUS OR MINUS 2% OF OPTIMUM MOISTURE CONTENT
2. IF REQUIRED COMPACTION DENSITY HAS NOT BEEN OBTAINED REMOVE THE BACKFILL FROM THE TRENCH OR STRUCTURE, REPLACE WITH APPROVED BACKFILL AND RE-COMPACT AS SPECIFIED.
3. ANY SUBSEQUENT SETTLEMENT OF TRENCH OR STRUCTURE BACKFILL DURING THE MAINTENANCE PERIOD SHALL BE CONSIDERED THE RESULT OF IMPROPER COMPACTION AND SHALL PROMPTLY CORRECTED.

FENCING AND GATE(S)

PART 1 – GENERAL

1. WORK INCLUDED SEE PLAN FOR SITE AND LOCATION OF FENCE AND GATE(S).
2. QUALITY ASSURANCE ALL STEEL MATERIALS UTILIZED IN CONJUNCTION WITH THIS SPECIFICATION WILL BE GALVANIZED OR STAINLESS STEEL. WEIGHT OF ZINC COATING ON THE FABRIC SHALL NOT BE LESS THAN 12 OUNCES PER SQUARE FOOT OF MATERIAL COVERED. POSTS SHALL BE HOT-DIPPED IN GRADE 'B' ZINC, 18 OUNCES PER SQUARE FOOT.
3. SEQUENCING IF THE SITE AREA HAS BEEN BROUGHT UP TO SURFACE COURSE ELEVATION (PRIOR TO THE FENCE CONSTRUCTION), FENCE POST EXCAVATION SPOILS MUST BE CONTROLLED TO PRECLUDE CONTAMINATION OF SAID SURFACE COURSE.
4.SUBMITTALS
A. MANUFACTURER'S DESCRIPTIVE LITERATURE.
B. CERTIFICATE OR STATEMENT OF COMPLIANCE WITH THE SPECIFICATIONS.

PART 2 – PRODUCTS

1. FENCE MATERIAL
A. ALL FABRIC WIRE, RAILS, HARDWARE, AND OTHER STEEL MATERIALS SHALL BE HOT-DIPPED GALVANIZED.
B. FABRIC SHALL BE SIX-FOOT HIGH TWO-INCH CHAIN LINK MESH OF NO. 9 GAUGE (0.148") WIRE. THE FABRIC SHALL HAVE A KNUCKLED FINISH FOR THE TOP SELVAGES. FABRIC SHALL CONFORM TO THE SPECIFICATIONS OF ASTM A-392 CLASS 1.
C. BARBED WIRE SHALL BE DOUBLE-STRAND, 12-1/2 GAUGE TWISTED WIRE, WITH 14-GAUGE, 4-POINT ROUND BARBS SPACED ON FIVE-INCH CENTERS.
D. ALL POSTS SHALL BE SCHEDULE - 40 MECHANICAL SERVICE PIPE AND SHALL BE TYPE 1 ASTM A-120 AND OF THE FOLLOWING DIAMETER POST 2" SCHEDULE 40 (2 3/8" O.D.) CORNER 3" SCHEDULE 40 (3 1/2" O.D.) GATE 3" SCHEDULE 40 (3 1/2" O.D.)
E. GATE POSTS SHALL BE EXTENDED 12 INCHES, INCLUDING DOME CAP, TO PROVIDE FOR ATTACHMENT OF BARBED WIRE.
F. ALL TOP AND BRACE RAILS SHALL BE 1¼" DIAMETER SCHEDULE - 40 MECHANICAL-SERVICE PIPE.
G GATE FRAMES AND BRACES SHALL BE 1.90 INCH DIAMETER SCHEDULE 40 MECHANICAL-SERVICE PIPE. FRAMES SHALL HAVE WELDED CORNERS.
H. GATE FRAMES SHALL HAVE A FULL-HEIGHT VERTICAL BRACE, AND A FULL-WIDTH HORIZONTAL BRACE, SECURED IN PLACE BY USE OF GATE BRACE CLAMPS.
I. GATE HINGES SHALL BE MERCHANTS METAL MODEL 64366 HINGE ADAPTER WITH MODEL 9409, 198-DEGREE ATTACHMENT.
J. THE GUIDE (LATCH ASSEMBLY) SHALL BE HEAVY INDUSTRIAL DOUBLE GATE LATCH. SEE DETAIL.
K. LATCHES AND STOPS SHALL BE PROVIDED FOR ALL GATES.
L. PLUNGER ROD COMPLETE WITH RECEPTOR TO BE PROVIDED AT THE INACTIVE LEAF OF ALL DOUBLE GATE INSTALLATIONS.
M. ALL STOPS SHALL HAVE KEEPERS CAPABLE OF HOLDING THE GATE LEAF IN THE OPEN POSITION.
N. A NO. 7 GAUGE ZINC COATED TENSION WIRE SHALL BE USED AT THE BOTTOM OF THE FABRIC, TERMINATED WITH BAND CLIPS AT CORNER AND GATE POSTS. AT/OF EACH LINE/CORNER POST.
O. A SIX-INCH BY 1/2-INCH DIAMETER EYEBOLT TO HOLD TENSION WIRE SHALL BE PLACED AT LINE POSTS.
P. STRETCHER BARS SHALL BE 3/16-INCH BY 3/4-INCH OR HAVE EQUIVALENT CROSS-SECTIONAL AREA.
Q. ALL CORNER GATE AND PANELS SHALL HAVE A 3/8-INCH TRUSS ROD WITH TURNBUCKLES.
R. ALL POSTS EXCEPT GATE POSTS SHALL HAVE A COMBINATION CAP AND BARBED WIRE SUPPORTING ARM. GATE POSTS SHALL HAVE A DOME CAP.
S. OTHER HARDWARE INCLUDES BUT MAY NOT BE LIMITED TO TIE CLIPS, BAND CLIPS AND TENSION BAND CLIPS.
T. BARBED WIRE GATE GUARDS SHALL BE FITTED WITH DOME CAPS.
U. BARBED WIRE SUPPORT ARMS SHALL BE PRESSED STEEL COMPLETE WITH SET BOLT AND LOCK WIRE IN THE ARM.
V. ALL CAPS SHALL BE MALLEABLE IRON, DOME OR ACORN SHAPED AS REQUIRED BY PIPE SIZE.
W. WHERE THE USE OF CONCERTINA HAS BEEN SPECIFIED, 24-INCH DIAMETERS COIL BARBED TAPE, STAINLESS STEEL, CYCLONE FENCE MODEL GBP TO TYPE III SHALL BE FURNISHED. IF SHALL BE SUPPORTED ABOVE THE TOP RAIL BY USE OF SIX(6) WIRE BARBED WIRE ARMS POSITIONED AT/OF EACH LINE/CORNER POST.

PART 3 – EXECUTION

1. INSPECTION

TO CONFIRM PROPER DEPTH AND DIAMETER OF POST HOLE EXCAVATIONS. ALL POST HOLES WILL BE EXCAVATED AS PER CONSTRUCTION DOCUMENTS.

2. INSTALLATION

A. FOUNDATIONS SHALL HAVE A MINIMUM SIX (6) INCH CONCRETE COVER UNDER POST.
B. ALL FENCE POSTS SHALL BE VERTICALLY PLUMB ; ONE QUARTER (1/4) INCH
C. AT CORNER POSTS, GATE POSTS, AND SIDES OF GATE FRAME, FABRIC SHALL BE ATTACHED WITH STRETCHER AND TENSION BAND-CLIPS AT FIFTEEN(15) INCH INTERVALS.
D. AT LINE POSTS, FABRIC SHALL BE ATTACHED WITH BAND-CLIPS AT FIFTEEN (15) INCH INTERVALS.
E. FABRIC SHALL BE ATTACHED TO BRACE RAILS, TENSION WIRE AND TRUSS RODS WITH TIE-CLIPS AT TWO (2) FOOT INTERVALS.
F A MAXIMUM GAP OF ONE INCH WILL BE PERMITTED BETWEEN THE CHAIN LINK FABRIC AND THE FINAL GRADE.
G. GATE SHALL BE INSTALLED SO LOCKS ARE ACCESSIBLE FROM BOTH SIDES.
H. GATE HINGE BOLTS SHALL HAVE THEIR THREADS PEENED OR WELDED TO PREVENT UNAUTHORIZED REMOVAL.
I. CONCRETE TO BE A MINIMUM OF 3,000 PSI.

3. PROTECTION

UPON COMPLETION OF ERECTION, INSPECT FENCE MATERIAL AND PAINT FIELD CUTS OR GALVANIZING BREAKS WITH ZINC-BASED PAINT, COLOR TO MATCH THE GALVANIZED METAL.

APPLICABLE STANDARDS

ASTM-A120	SPECIFICATION FOR PIPE, STEEL BLACK AND HOT-DIPPED ZINC COATED (GALVANIZED) WELDED AND SEAMLESS, FOR ORDINARY USES.
ASTM-A123	ZINC (HOT-DIP GALVANIZED) COATING ON IRON AND STEEL PRODUCTS.
ASTM-A153	STANDARD SPECIFICATION FOR ZINC COATING (HOT-DIP) ON IRON AND STEEL HARDWARE.
ASTM-A392	SPECIFICATION FOR ZINC-COATED STEEL CHAIN LINK FENCE
FABRIC, ASTM-A491	SPECIFICATION FOR ALUMINUM-COATED STEEL CHAIN LINK FENCE
FABRIC ASTM-A525	STANDARD SPECIFICATION FOR STEEL SHEET ZINC COATED (GALVANIZED) BY THE HOT-DIPPED PROCESS.
ASTM-A570	SPECIFICATION FOR HOT-ROLLED CARBON STEEL SHEET AND STRIP, STRUCTURAL QUALITY.
ASTM-A536	SPECIFICATION FOR ALUMINUM COATED STEEL BARBED WIRE.

FEDERAL SPECIFICATION RR-F-191- FENCING, WIRE AND POST METAL (AND GATES, CHAIN LINK FENCE FABRIC, AND ACCESSORIES)

METALS

PART 1 – GENERAL

SECTION INCLUDES:

1. STRUCTURAL STEEL FRAMING MEMBERS, BASE PLATES, PLATES, BARS, THREADED STRUCTURAL FASTENERS, ANTENNA SUPPORT ASSEMBLIES, GRATING, STEEL PLATFORMS AND PEDESTAL SUPPORTS. AND GROUTING UNDER BASE PLATES.

QUALITY ASSURANCE

1. FABRICATE STRUCTURAL STEEL MEMBERS IN ACCORDANCE WITH AISC SPECIFICATIONS FOR THE DESIGN, FABRICATION AND ERECTION OF STRUCTURAL STEEL FOR BUILDINGS.
2. PERFORM DESIGN UNDER DIRECT SUPERVISION OF A PROFESSIONAL STRUCTURAL ENGINEER LICENSED IN THE STATE.

PART 2 – PRODUCTS

1. MATERIALS:

A. STRUCTURAL STEEL MEMBERS:	ASTM A572, GRADE 50
B. STRUCTURAL TUBING:	ASTM A500, GRADE B
C. PIPE:	ASTM A53, TYPE E OR S, GRADE B
D. BOLTS, NUTS, AND WASHERS:	ASTM A325
E. ANCHOR BOLTS:	ASTM A307
F. WELDING MATERIALS:	AWS D1.1, TYPE REQUIRED FOR MATERIALS BEING WELDED

H. SHOP AND TOUCH-UP PRIMER: SSPC 15, TYPE 1, RED OXIDE

I. TOUCH-UP PRIMER FOR GALV. SURFACES: ZINC RICH TYPE

2. FABRICATION: CONTINUOUSLY SEAL JOINTED MEMBERS BY CONTINUOUS WELDS. GRIND EXPOSED WELDS SMOOTH.

3. FINISH:

A. PREPARE STRUCTURAL COMPONENT SURFACES IN ACCORDANCE WITH SSPC SP-1 TO SP-10 PROCEDURES.
B. STRUCTURAL STEEL MEMBERS SHALL BE HOT DIPPED GALVANIZED.

PART 3 - EXECUTION

EXAMINATION AND PREPARATION:

1. VERIFY THAT THE FIELD CONDITIONS ARE ACCEPTABLE TO PERFORM THE WORK.

ERECTION:

1. ALLOW FOR ERECTION LOADS. PROVIDE TEMPORARY BRACING TO MAINTAIN FRAMING IN ALIGNMENT UNTIL COMPLETION OF ERECTION AND INSTALLATION OF PERMANENT BRIDGING AND BRACING
2. NO UNAUTHORIZED WELDING SHALL BE PERFORMED ON CROWN CASTLE USA, INC TOWERS. ALL OTHER WELDING SHALL BE IN ACCORDANCE WITH AMERICAN WELDING SOCIETY AWS D1.1 STRUCTURAL STEEL WELDING CODE-STEEL WELD ELECTRODES SHALL BE E70XX.
3. DO NOT FIELD CUT OR ALTER STRUCTURAL MEMBERS WITHOUT APPROVAL OF THE ARCHITECT/ENGINEER.
4. AFTER ERECTION, TOUCH-UP WELDS, ABRASIONS, AND SURFACES NOT SHOP PRIMED OR GALVANIZED WITH ZINC RICH PAINT (ALL EXISTING AND NEW AREAS).

FIELD QUALITY CONTROL:

1. FIELD INSPECTION OF MEMBERS, CONNECTIONS, WELDS AND BOLT / NUT TORQUE

CONCRETE:

PART 1 - GENERAL

1. WORK INCLUDES FORMWORK, REINFORCEMENT, ACCESSORIES, CAST-IN-PLACE CONCRETE, FINISHING, AND CURING.

2. INSPECTIONS

A. CONTRACTOR IS RESPONSIBLE FOR SCHEDULING BUILDING DEPARTMENT INSPECTIONS REQUIRED FOR THE SCOPE OF WORK BEING PERFORMED.

B. ALL REINFORCING STEEL SHALL BE INSPECTED AND APPROVED BY THE AT&TWIRELESS CONSTRUCTION MANAGER PRIOR TO PLACEMENT OF CONCRETE.

C. THE AT&TWIRELESS CONSTRUCTION MANAGER SHALL BE NOTIFIED NO LESS THAN 48 HOURS IN ADVANCE OF CONCRETE POURS.

3. QUALITY ASSURANCE

A. CONSTRUCT AND ERECT CONCRETE FORM WORK IN ACCORDANCE WITH ACI 301 AND ACI 318.

B. PERFORM CONCRETE REINFORCING WORK IN ACCORDANCE WITH ACI 301, ACI 318, AND ASTM A184.

C. PERFORM CAST-IN-PLACE CONCRETE WORK IN ACCORDANCE WITH ACI 301, ACI 318, AND ACI 117-90.

4. SUBMITTALS

SUBMIT CONCRETE MIX DESIGN AND REINFORCING STEEL SHOP DRAWINGS FOR APPROVAL BY AT&TWIRELESS CONSTRUCTION MANAGER/ENGINEER. THE SHOP DRAWINGS SHALL BE SUBMITTED IN SIX FORM OF TWO (2) CONCRETE MIX DESIGN INFORMATION SHEETS AND TWO (2) BLUELINE DRAWINGS FOR REINFORCING STEEL.

PART 2 - PRODUCTS

1. REINFORCEMENT MATERIALS

A. REINFORCEMENT STEEL, ASTM A615, 60KSI YIELD GRADE, REINFORCING STEEL RODS, PLAIN FINISH.

B. WELDED STEEL WIRE FABRIC ASTM A185 PLAIN TYPE, IN FLAT SHEETS, PLAIN FINISH.

C. CHAIRS, BOLSTERS, BAR SUPPORTS, SPACERS, SIZED AND SHAPED FOR SUPPORTS OF REINFORCING.

D. FABRICATE CONCRETE REINFORCING IN ACCORDANCE WITH ACI 315, AND ACI 318, AND ASTM A184.

2. CONCRETE MATERIALS

A. CEMENT: ASTM C150, PORTLAND TYPE.

B. FINE AND COURSE AGGREGATES: ASTM C33 - MAXIMUM SIZE OF CONCRETE AGGREGATE SHALL NOT EXCEED ONE (1) INCH SIZE SUITABLE FOR INSTALLATION METHOD UTILIZED FOR ONE-THIRD CLEAR DISTANCE BEHIND OR BETWEEN REINFORCING.

C. WATER: CLEAN AND NOT DETRIMENTAL TO CONCRETE.

D. AIR ENTRAINING ADMIXTURE: ASTM C260.

E. BONDING AGENT: LATEX EMULSION FOR BONDING NEW TO OLD CONCRETE AS MANUFACTURED BY DAYTON SUPERIOR.

F. NON-SHRINK GROUT: PREMIXED COMPOUND CONSISTING OF NONMETALLIC AGGREGATE, CEMENT, WATER REDUCING AND PLASTICISING AGENTS.

3. CONCRETE MIX

A. CONCRETE MATERIALS SHALL CONFORM TO THE APPROPRIATE A.C.I. REQUIREMENTS FOR EXPOSED STRUCTURAL CONCRETE.

B. MIX AND DELIVER CONCRETE IN ACCORDANCE WITH ASTM C94, ALT. 3.

C. PROPORTIONS OF CONCRETE MATERIALS SHALL BE SUITABLE FOR THE INSTALLATION METHOD UTILIZED AND SHALL RESULT IN DURABLE CONCRETE FOR LOCAL ANTICIPATED AGGRESSIVE ACTIONS. THE DURABILITY REQUIREMENTS OF ACI 318 CHAPTER 4 SHALL BE SATISFIED BASED ON THE CONDITIONS EXPECTED AT THE SITE. PROVIDE CONCRETE AS FOLLOWS:
   1. COMPRESSIVE STRENGTH 4000 PSI AT 28 DAYS.
   2. SLUMP : 5 INCHES.

EXECUTION:

1. INSERTS, EMBEDDED COMPONENTS AND OPENINGS

A. THE CONTRACTOR SHALL COORDINATE AND CROSS CHECK ARCHITECTURAL, BUILDING AND ELECTRICAL DRAWINGS FOR OPENINGS, SLEEVES, ANCHORS, HANGERS, AND OTHER ITEMS RELATED TO CONCRETE WORK AND SHALL ASSUME FULL RESPONSIBILITY FOR THE PROPER LOCATION BEFORE PLACING CONCRETE.

B. PROVIDE FORMED OPENINGS WHERE REQUIRED FOR WORK TO BE EMBEDDED IN AND PASSING THROUGH CONCRETE MEMBERS.

C. COORDINATE WORK OF OTHER SECTIONS IN FORMING AND SETTING OPENINGS, SLOTS, RECESSES, CHASES, SLEEVES, BOLTS, ANCHORS, AND OTHER INSERTS

D. INSTALL CONCRETE ACCESSORIES STRAIGHT, LEVEL AND PLUMB.

2. REINFORCEMENT PLACEMENT

A. PLACE REINFORCEMENT, SUPPORTED AND SECURED AGAINST DISPLACEMENT.

B. ENSURE REINFORCING IS CLEAN, FREE OF LOOSE SCALE, DIRT, OR OTHER FOREIGN COATINGS.

C. WELDING IS PROHIBITED ON REINFORCING STEEL AND EMBEDMENTS

D. MINIMUM CONCRETE COVER FOR REINFORCING SHALL BE 3 INCHES UNLESS NOTED OTHERWISE

E. CONCRETE COVER FROM TOP OF FOUNDATION TO ENDS OF VERTICAL REINFORCEMENT SHALL NOT EXCEED 3 INCHES OR BE LESS THAN 2 INCHES.

3. PLACING CONCRETE

A. VIBRATE ALL CONCRETE.

B. ALL CONCRETE WORK SHALL ADHERE TO THE LATEST A.C.I. STANDARDS FOR WINTER POURING AND CURING PROCEDURES IF SEASONAL CONDITIONS APPLY.

4. CURING

A. AFTER PLACEMENT, PROTECT CONCRETE FROM PREMATURE DRYING.

B. MAINTAIN CONCRETE WITH MINIMAL MOISTURE LOSS AT RELATIVELY CONSISTENT TEMPERATURE FOR A PERIOD NECESSARY FOR HYDRATION OF CEMENT AND HARDENING OF CONCRETE.

5. PROVIDE HAND RUBBED SMOOTH FINISH TO ALL EXPOSED VERTICAL FORMED CONCRETE SURFACES.

6. FIELD QUALITY CONTROL

A. SUBMIT THREE (3) CONCRETE TEST CYLINDERS - TAKEN EVERY 15 CUBIC YARDS OR LESS. SUBMIT CONCRETE TESTS TO THE PROJECT MANAGER IN ACCORDANCE TO ASTM C-31 AND C-39.

B. SUBMIT ONE (1) ADDITIONAL TEST CYLINDER - TAKEN DURING COLD WEATHER POURS, AND CURED ON JOB SITE UNDER THE SAME CONDITIONS AS THE CONCRETE IT REPRESENTS

C. SUBMIT ONE (1) SLUMP TEST - TAKEN FOR EACH SET OF TEST CYLINDERS TAKEN.

7. DEFECTIVE CONCRETE

MODIFY OR REPLACE CONCRETE NOT CONFORMING TO REQUIRED SPECIFICATIONS, DETAILS OR ELEVATIONS AS DIRECTED BY THE AT&TWIRELESS CONSTRUCTION MANAGER.

GENERAL ELECTRICAL NOTES:

1. ALL ELECTRICAL MATERIALS, EQUIPMENT AND INSTALLATION PROCEDURES TO CONFORM WITH AT&TWIRELESS SPECIFICATIONS.
2. CONTRACTOR SHALL PERFORM ALL VERIFICATION TESTS AND EXAMINATION WORK PRIOR TO THE ORDERING OF THE ELECTRICAL EQUIPMENT AND THE ACTUAL CONSTRUCTION. CONTRACTOR SHALL ISSUE A WRITTEN NOTICE OF ALL FINDINGS TO THE ENGINEER LISTING ALL MALFUNCTIONS, FAULTY EQUIPMENT AND DISCREPANCIES.
3. ALL MATERIALS SHALL BE MANUFACTURED IN ACCORDANCE WITH APPLICABLE STANDARDS ESTABLISHED BY ANSI, NEMA, NFPA, AND "UL" LISTED.
4. THE ENTIRE ELECTRICAL INSTALLATION SHALL BE GROUNDED AS REQUIRED PER THE NEC, AND ALL APPLICABLE LOCAL CODES
5. ALL CIRCUIT BREAKERS, FUSES AND ELECTRICAL EQUIPMENT SHALL HAVE A MINIMUM INTERRUPTING RATING OF 42,000 AIC.
6. FOR COMPLETE INTERNAL WIRING AND ARRANGEMENT REFER TO VENDOR PRINTS PROVIDED BY AT&TWIRELESS FOR BTS CABINET.
7. PATCH, REPAIR, AND PAINT ANY AREA THAT HAS BEEN DAMAGED IN THE COURSE OF THE ELECTRICAL WORK.
8. PROVIDE AT&TWIRELESS WITH ONE SET OF COMPLETE ELECTRICAL "AS-BUILT" DRAWINGS AT THE COMPLETION OF THE JOB SHOWING ACTUAL ROUTINGS AND WIRING CONNECTIONS.
9. ALL SINGLE-PHASE SEU" CONTAINED METER CONNECTION DEVICES MUST INCLUDE FORA TYPE BY-PASS PROVISION SO THAT SERVICES WIL NOT BE INTERRUPTED WHEN A METER IS REMOVED FROM THE SOCKET.
10. ALL EQUIPMENT PUNCH OUTS AND CONDUITS (USED AND SPARE) TO BE RODENT PROOFED WITH CAPS, STEEL MESH, AND/OR FOAM FILL BY CONTRACTOR AS NEEDED.
11. NO SPOILS TO BE LEFT ON SITE WITHOUT THE WRITTEN CONSENT OF THE LANDOWNER.
12. CONTRACTOR TO PROVIDE 2 PHENOLIC LABELS AT METER ONE TO IDENTIFY "AT&TWIRELESS DISCONNECT" AND THE OTHER TO GIVE THE SITE ADDRESS.
13. ALL CONTRACTOR FURNISHED MATERIALS AND EQUIPMENT SPECIFIED ON THE PROJECT SHALL BE NEW AND UNUSED, OF CURRENT MANUFACTURE AND OF THE HIGHEST GRADE.

THE INFORMATION CONTAINED IN THIS SET OF CONSTRUCTION DOCUMENTS IS PROPRIETARY IN NATURE. ANY USE OR DISCLOSURE OTHER THAN THAT WHICH RELATES TO CARRIER SERVICES IS STRICTLY PROHIBITED.

GENERAL ELECTRICAL NOTES (CONTINUED):

14. ALL EQUIPMENT, MATERIAL AND THE INSTALLATION METHODS SPECIFIED ON THE PROJECT DRAWINGS SHALL BE DESIGNED AND FABRICATED IN COMPLIANCE WITH APPLICABLE FEDERAL, STATE, AND LOCAL CODES AND REGULATIONS, AND APPROPRIATE INDUSTRIAL CONSENSUS STANDARDS AND CODES INCLUDING ANSI, IEEE, NEMA, NFPA AND UL, ALL AS REVISED AS OF THE DATE OF THIS WORK PACKAGE.

15. ALL ELECTRICAL ITEMS BOTH CONTRACTOR AND OWNER FURNISHED SHALL BE CHECKED FOR AGREEMENT WITH THE PROJECT DRAWINGS AND SPECIFICATIONS AND SHALL BE VISUALLY INSPECTED TO ENSURE THAT EQUIPMENT IS UNDAMAGED AND IS IN PROPER ALIGNMENT, INSTALLED PER MANUFACTURER'S INSTRUCTIONS, ELECTRICAL CONNECTIONS ARE TIGHT AND PROPERLY INSULATED WHERE REQUIRED, FUSES ARE OF THE PROPER TYPE AND SIZE, AND ELECTRICAL ENCLOSURES ARE OF THE PROPER NEMA TYPE.

16. NOTIFY OWNER IN WRITING OF ALL DISCREPANCIES BETWEEN DRAWINGS / SPECIFICATIONS AND FIELD INSTALLATIONS, OR IF THE VISUAL INSPECTIONS SHOW DAMAGE OR IMPROPER INSTALLATION.

17. THE EQUIPMENT AND MATERIALS SHALL BE FURNISHED AND INSTALLED TO OPERATE SAFELY AND CONTINUOUSLY WITH NO PROTECTION FROM THE WEATHER.

18. ELECTRICAL WORK REPRESENTED ON THE PROJECT DRAWINGS IS SHOWN DIAGRAMMATICALLY. EXACT LOCATIONS AND ELEVATIONS OF ELECTRICAL EQUIPMENT SHALL BE DETERMINED IN THE FIELD AND VERIFIED WITH THE OWNER'S REPRESENTATIVE.

19. CONTRACTOR SHALL COORDINATE THE INSTALLATION OF TEMPORARY, IF REQUIRED, AND PERMANENT POWER WITH THE LOCAL UTILITY COMPANY. THE TEMPORARY POWER AND ALL HOOKUP COSTS ARE TO BE PAID BY THE CONTRACTOR.

20. PROVIDE MOLDED CASE, BOLT ON, THERMAL MAGNETIC TRIP, SINGLE TWO OR THREE POLE CIRCUIT BREAKERS. MULTIPLE POLE CIRCUIT BREAKERS SHALL BE SINGLE HANDLE COMMON TRIP. SHORT CIRCUIT INTERRUPTING RATING SHALL BE AS REQUIRED FOR AVAILABLE FAULT CURRENTS. ALL CIRCUIT BREAKERS, FUSES AND ELECTRICAL EQUIPMENT SHALL HAVE A SHORT CIRCUIT INTERRUPTING RATING EQUAL TO OR GREATER THAN THAT SHOWN ON THE PROJECT DRAWINGS.

21. CONTRACTOR SHALL PERFORM ALL EXCAVATION, TRENCHING, BACKFILLING, AND REMOVAL OF DEBRIS IN CONNECTION WITH THE ELECTRICAL WORK IN ACCORDANCE WITH THE PROJECT DRAWINGS. CONTRACTOR SHALL COORDINATE THE INSTALLATION OF UNDERGROUND UTILITIES AND GROUNDS WITH THE FOUNDATION INSTALLATION. HAND DIGGING WILL BE REQUIRED IN THE COMPOUND ONLY.

22. CONTRACTOR SHALL PROVIDE ALL NECESSARY SUPPORTS FOR EQUIPMENT INSTALLED AS PART OF THIS PROJECT. SUPPORTS SHALL CONSIST OF GALVANIZED STEEL FRAMES, PLATES, BRACKETS, RACKS AND OTHER SHAPES OF ADEQUATE SIZE AND FASTENED WITH BOLTS, SCREWS OR BY WELDING TO PROVIDE RIGID SUPPORT.

23. CONTRACTOR SHALL CALL THE APPROPRIATE UTILITIES PROTECTION SERVICE BEFORE ANY UNDERGROUND WORK IS PERFORMED, SUCH AS TRENCHING, EXCAVATING, AND DRIVING GROUNDING RODS.

24. ALL ELECTRICAL EQUIPMENT SHALL BE LABELED WITH PERMANENTLY ENGRAVED LAMINATED PHENOLIC NAMEPLATES. (MINIMUM LETTER HEIGHT SHALL BE 1/2"). NAMEPLATES SHALL BE FASTENED WITH STAINLESS STEEL SCREWS AND AS PER AT&TWIRELESS SPECIFICATIONS.

GENERAL RACEWAY NOTES:

1. CONDUIT AND CONDUIT FITTINGS SHALL MEET ANSI AND NEC STANDARDS FOR MATERIAL AND WORKMANSHIP AND SHALL BE UL LISTED.

   A. RIGID STEEL CONDUIT SHALL CONFORM TO ANSI C80.1 AND REQUIREMENTS OF NEC, PARAGRAPH 346 AND BE STANDARD WEIGHT, MILD RIGID STEEL, HOT DIP GALVANIZED WITH INSIDE AND OUTSIDE FINISHED WITH A PROTECTIVE ZINC COATING. COUPLING ELBOWS AND BENDS SHALL MEET THESE SAME REQUIREMENTS. FITTINGS SHALL BE OF THE GALVANIZED IRON OR STEEL THREADED TYPE.

   B. PVC CONDUIT SHALL CONFORM TO UL STANDARD 651-86 AND THE REQUIREMENTS OF NEC, PARAGRAPH 347. CONDUIT SHALL BE HEAVY WALL TYPE, SCHEDULE 40 OR 80, AND SUNLIGHT RESISTANT. FITTINGS SHALL BE OF THE UNTHREADED SOLVENT CEMENT TYPE.

   C. EMT CONDUIT (FOR USE BEHIND WALLS OR ABOVE SUSPENDED CEILINGS ONLY). ELECTRIC METALLIC TUBING SHALL CONFORM TO ANSI C80.3 AND THE REQUIREMENTS OF NEC, PARAGRAPH 348 AND BE PROTECTED ON EXTERIOR WITH A ZINC COATING AND ON INTERIOR SURFACES WITH EITHER A ZINC COATING OR LACQUER ENAMEL. FITTINGS SHALL BE ZINC COATED STEEL.

2. MINIMUM CONDUIT SIZE SHALL BE 3/4", SIZES NOT SHOWN ON DRAWINGS SHALL BE PER NEC.

3. ALL SPARE CONDUITS SHALL HAVE A METALLIC PULL WIRE.

4. CONDUIT SUPPORTS SHALL BE FURNISHED AND INSTALLED BY THE ELECTRICAL CONTRACTOR AND IN ACCORDANCE WITH THE NEC.

5. UNDERGROUND CONDUITS.

   A. INSTALL A WARNING TAPE TWELVE INCHES ABOVE EACH CONDUIT OR SET OF CONDUITS.

   B. IDENTIFY EACH CONDUIT AT BOTH ENDS. INSTALL MINIMUM OF 3'-0" BELOW THE FINISHED GRADE, OR DEEPER IF NOTED ON PLAN DRAWINGS.

   C. SLOPE A MINIMUM OF 4" PER 100'-0" TO DRAIN AWAY FROM BUILDINGS AND EQUIPMENT.

   D. USE MANUFACTURED ELECTRICAL ELBOWS AND FITTINGS FOR BELOW GRADE BENDS.

   E. MAKE JOINTS AND FITTINGS WATERTIGHT ACCORDING TO MANUFACTURER'S INSTRUCTIONS.

   F. INSTALL A COUPLING BEFORE EACH WALL PENETRATION.

   G. RESTORE SURFACE FEATURES DISTURBED BY EXCAVATION (AND TRENCHING) IN ALL AREAS.

GENERAL CONDUCTOR NOTES:

1. ALL POWER, CONTROL AND COMMUNICATION WIRING SHALL MEET NEMA-WC, ASTM, UL, AND NEC STANDARDS FOR MATERIAL AND WORKMANSHIP UNLESS OTHERWISE SPECIFIED.

   A. SERVICE ENTRANCE CONDUCTORS SHALL BE COPPER, 600 VOLT, SUNLIGHT RESISTANT, SUITABLE FOR WET LOCATIONS, TYPE USE-2. THE GROUNDED NEUTRAL CONDUCTOR SHALL BE IDENTIFIED WITH A WHITE MARKING AT EACH TERMINATION.

   B. CONDUCTORS FOR FEEDER AND BRANCH CIRCUITS SHALL BE COPPER 600 VOLT, TYPE THWN / THWN WITH A MINIMUM SIZE OF #12 AWG.

2. ALL CONDUCTOR ACCESSORIES INCLUDING CONNECTORS, TERMINATIONS, INSULATING MATERIALS, SUPPORT GRIPS, MARKER AND CABLE TIES SHALL BE FURNISHED AND INSTALLED PER SUPPLIER'S INSTALLATION INSTRUCTIONS SHALL BE OBTAINED FOR CABLE ACCESSORIES. THESE INSTRUCTIONS SHALL BE IN THE POSSESSION OF THE CRAFTSMAN WHILE INSTALLING THE ACCESSORIES AND SHALL BE AVAILABLE TO THE COMPANY FOR REFERENCE.

3. WHERE POSSIBLE, NO. 8 AWG AND SMALLER WIRE SHALL BE COLORED CODED BY THE COLOR OF THE INSULATION COVERING. COLOR CODING OF WIRE LARGER THAN NO. 8 AWG MAY BE BY MEANS OF SELF-ADHESIVE WRAP AROUND TYPE MARKERS, PER NEC.

4. TERMINAL CONNECTOR FOR CONDUCTORS 8 AWG AND LARGER SHALL BE PRESSURE OR BOLTED CLAMP TYPE BURNDY DUKLUG, VARILUG OR ACCEPTABLE EQUAL; OR COMPRESSION TYPE, BURNDY TYPE YAV OR YA (LONG BARREL), PANDUIT TYPE LCA OR LCC, OR ACCEPTABLE EQUAL. ACCEPTABLE CONNECTORS INCLUDED WITH COMPANY-FURNISHED EQUIPMENT MAY BE USED.

5. TERMINATION PROVISIONS OF EQUIPMENT FOR CIRCUITS RATED 100 AMPERES OR LESS OR MARKED FOR NOS. 14 THROUGH 1 CONDUCTORS, SHALL BE USED ONLY FOR CONDUCTORS RATED 60°C (140°F). CONDUCTORS WITH HIGHER TEMPERATURE RATINGS SHALL BE PERMITTED, PROVIDED THE AMPACITY OR THE CONDUCTOR SIZE USED.

6. TERMINATION PROVISIONS OF EQUIPMENT FOR CIRCUITS RATED OVER 100 AMPERES, OR MARKED FOR CONDUCTORS LARGER THAN NO.1 SHALL BE USED ONLY FOR CONDUCTORS RATED 75°C (167°F) CONDUCTORS WITH HIGHER TEMPERATURE RATINGS SHALL BE PERMITTED, PROVIDED THE AMPACITY OF EACH CONDUCTOR IS DETERMINED BASED UPON THE 75°C (167°F) AMPACITY OF THE CONDUCTOR SIZE USED.

7. ALL 600 VOLT OR LESS WIRING, WHERE COMPRESSION TYPE CONNECTORS ARE USED, SHALL BE INSULATED WITH AT LEAST ONE TURN OF "SCOTCHFIL" ELECTRICAL INSULATING PUTTY AND THEN COVERED WITH TWO HALF TURNS OF TAPE SIMILAR TO 3M COMPANY'S "33 PLUS (33+) PLASTIC TAPE OR 88 OUTDOOR TAPE.

8. TERMINAL CONNECTORS FOR CONDUCTORS SMALLER THAN 8 AWG SHALL BE COMPRESSION TYPE CONNECTORS SIZED FOR THE CONDUCTOR AND THE TERMINAL. THE CONNECTORS SHALL BE CONSTRUCTED OF FINE GRADE HIGH CONDUCTIVITY COPPER IN ACCORDANCE WITH QQ-C-576 AND SHALL BE TIN-PLATED IN ACCORDANCE WITH MIL-T-10727. THE INTERIOR SURFACE OF THE CONNECTOR WIRE BARREL SHALL BE SERRATED AND THE EXTERIOR SURFACE OF THE CONNECTOR WIRE BARREL SHALL BE PROVIDED WITH CRIMP GUIDES.

GENERAL GROUNDING NOTES:

1. ALL WORK SHALL COMPLY WITH THE LATEST AT&TWIRELESS GROUNDING SPECIFICATIONS AND REQUIREMENTS.

2. ALL METALLIC COMPONENTS ON THE SITE MUST BE GROUNDED TO THE GROUND RING. THIS INCLUDES STEEL CONDUITS USED TO DELIVER THE TELCO AND POWER UTILITY LINES TO THE SITE OR USED TO PROVIDE ACCESS BY UTILITIES OR CONTRACTORS TO THE VARIOUS CABINETS.

3. ALL GROUND LEADS ABOVE GRADE SHALL BE INSTALLED IN 1/2" SEAL TIGHT.

4. WHEN EARTH RESISTANCE TEST INDICATES THAT THE SOIL IS ABOVE MINIMUM ALLOWABLE RESISTANCE, THEN THE CONTRACTOR SHALL ESTIMATE THE TYPE, NUMBER AND ARRANGEMENT OF EARTH ELECTRODES. CONTRACTOR SHALL ALSO CONSIDER COMPANY'S SITE SPECIFIC APPROACHES FOR IMPROVING EARTH RESISTANCE AT THE SITE BY METHODS INDICATED BELOW:

   RAW LAND
   A. USE MULTIPLE RODS
   B. LENGTHEN THE EARTH ELECTRODE
   C. TREAT THE SOIL
   D. USE CHEMICAL RODS

5. THE CONTRACTOR MUST VERIFY THAT NEW GROUNDING SYSTEM RESISTANCE IS EQUAL TO OR LESS THAN FIVE (5) OHMS PER AT&TWIRELESS SPECIFICATIONS.

6. RUN ALL GROUND WIRES IN AN ORGANIZED MANNER, AVOID CROSSING OF WIRES WHEREVER POSSIBLE. DO NOT RUN WIRES OVER CONCRETE SLAB.

7. INSTALL ALL GROUND WIRES IN A DOWNWARD SLOPE FOR MAXIMUM LIGHTNING PROTECTION.

8. MAINTAIN ALL MINIMUM BENDING RADII OF THE GROUNDING WIRES.

9. DO NOT REMOVE MORE INSULATION FROM THE GROUND WIRES THAN NECESSARY WHEN CADWELDING OR CRIMPING. IF EXCESS INSULATION IS REMOVED, THE CONNECTION WILL BE CONSIDERED UNACCEPTABLE AND WILL BE CORRECTED PER THE AT&TWIRELESS REPRESENTATIVE'S DIRECTION.

10. DOWN LEAD FOR ANTENNA SECTORS MUST BE CONNECTED DIRECTLY TO THE GROUND RING.

11. ALL BASE TRANSCEIVER SITE EQUIPMENT SHALL BE GROUNDED IN ACCORDANCE WITH THE INTERNATIONAL ELECTRICAL CODE (NEC), AND THE LATEST EDITION OF LIGHTNING PROTECTION CODE NFPA 780 AND AT&TWIRELESS STANDARDS.

12. THE ELECTRICAL SERVICE TO THE SITE SHALL BE GROUNDED AT THE SERVICE DISCONNECTING MEANS REQUIRED IN ARTICLE 250 OF THE NATIONAL ELECTRIC CODE, IN ACCORDANCE WITH ANY LOCAL CODE.

13. ALL UNDERGROUND (BELOW GRADE) GROUNDING CONNECTIONS SHALL BE MADE BY THE CADWELD PROCESS (MECHANICAL LUG ATTACHMENTS BELOW GRADE ARE NOT ACCEPTABLE). CONNECTIONS SHALL INCLUDE ALL CABLE SPLICES (TEES, K'S, ETC.) ALL CABLE CONNECTIONS TO GROUND RODS, GROUND ROD SPLICES, AND LIGHTING PROTECTION SYSTEM AS INDICATED. ALL MATERIALS USED (MOLDS, WELDING METALS, TOOLS, ETC.) SHALL BE BY CADWELD AND INSTALLED PER MANUFACTURERS RECOMMENDATION AND PROCEDURES.

14. ALL GROUNDING AND BONDING CONDUCTORS THAT ARE CONNECTED ABOVE GRADE INTERIOR TO A BUILDING SHALL BE CONNECTED USING TWO HOLE CRIMP TYPE (COMPRESSION) CONNECTORS FOR #2 AND #6 AWG INSULATED COPPER CONDUCTOR.

15. ALL GROUNDING CONNECTIONS, INTERIOR AND EXTERIOR, MADE THROUGHOUT THIS DOCUMENT SHALL BE MADE USING AN ANTI-OXIDATION COMPOUND. THE ANTI-OXIDATION COMPOUND SHALL BE "THOMAS AND BETTS' KOPR-SHIELD (TM OF JET LUBE, INC.) THERE IS NO EQUIVALENT FOR THIS PRODUCT. NO OTHER COMPOUND WILL BE ACCEPTED. COAT ALL WIRES BEFORE LUGGING. COAT ALL SURFACES BEFORE CONNECTING.

15 ALL CONNECTIONS SHALL BE MADE TO BARE METAL. ALL PAINTED SURFACES SHALL BE FIELD INSPECTED AND MODIFIED TO ENSURE PROPER CONTACT PRIOR TO CADWELD, GALVANIZING SHALL BE REMOVED BY GRINDING SURFACE TO BARE METAL. "SLAG" FROM CADWELD MUST BE REMOVED AND WELD SHALL BE SPRAYED WITH COLD GALVANIZE AFTER COMPLETION

GENERAL GROUNDING NOTES CONTINUED:

17. FERROUS METAL CLIPS WHICH COMPLETELY SURROUND THE GROUNDING CONDUCTOR SHALL NOT BE USED. CLIPS OF THE FOLLOWING MATERIALS AND TYPES MAY BE USED TO SUPPORT GROUNDING CONDUCTORS.

   - PLASTIC CLIPS
   - STAINLESS STEEL CLIPS WHICH DO NOT COMPLETELY SURROUND THE GROUNDING CONDUCTOR.
   - FERROUS METAL CLIPS WHICH DO NOT COMPLETELY SURROUND THE GROUNDING CONDUCTOR.

18. ALL BELOW GRADE GROUNDING CONDUCTORS SHALL BE BARE SOLID COPPER WIRE. ABOVE-GRADE GROUNDING CONDUCTORS MAY BE EITHER OR AS INDICATED ON THE DRAWINGS:

   - BARE TINNED SOLID COPPER WIRE
   - THWN-INSULATED, CONTINUOUS GREEN COLOR, SOLID COPPER WIRE
   - THWN-INSULATED, CONTINUOUS GREEN COLOR STRANDED COPPER WIRE

   A. THE UNDERGROUND GROUND RING SHALL HAVE A #2 AWG BARE TINNED SOLID COPPER WIRE.

   B. #2 THWN SHALL BE STRANDED COPPER WITH GREEN THWN INSULATION SUITABLE FOR WET INSTALLATION. (OR SOME ABOVE GROUND APPLICATIONS, I.E. INDOOR GROUNDING RING)

   C. #2 BARE TINNED COPPER SHALL BE SOLID. ALL BURIED WIRE SHALL MEET THIS CRITERIA INCLUDING CABLE TRAY GROUNDING WIRES AND WIRES INDICATED ON THE DRAWINGS.

   (THE MINIMUM BEND RADIUS IS 8" FOR #6 AWG AND SMALLER, AND 12 INCHES FOR WIRE LARGER THAN #6 AWG)

19. ALL HARDWARE, BOLTS, NUTS, WASHERS, AND LOCK WASHERS SHALL BE 18-8 STAINLESS STEEL. EVERY CONNECTION SHALL BE (BOLT-FLATWASHER-BUSS-LUG-FLATWASHER-LOCKWASHER-NUT), IN THAT EXACT ORDER WITH NUT FACING OUTWARD, BACK TO BACK LUGGING SHALL BE (BOLT-FLATWASHER-LUG-FLATWASHER-LUG-BUSS-LUG-FLATWASHER-LOCK WASHER-NUT), IN THAT EXACT ORDER IS ACCEPTED WHERE NECESSARY TO CONNECT MANY LUGS TO A BUSS BAR, STACKING OF LUGS, BUS-LUG-LUG, IS NOT ACCEPTABLE.

20. THE COMPRESSION GROUND LUG FOR #2 AWG BARE SOLID GROUNDING CONDUCTORS SHALL BE BURNDY TYPE YA3C-2TC.

21. THE ANTENNA CABLES SHALL BE GROUNDED AT THE TOP AND BOTTOM OF THE VERTICAL RUN. THE ANTENNA CABLE SHIELD SHALL BE BONDED TO A COPPER GROUND BUS AT THE LOWEST POINT OF THE VERTICAL RUN. THE ANTENNA CABLE SHIELD SHALL BE GROUNDED JUST BEFORE ENTERING THE BTS. GROUNDING KITS OA COAX CABLE SHALL HAVE A MINIMUM BEND OF 8" AND SHALL BE KEPT AS CLOSE TO VERTICAL AS POSSIBLE. FLAT WASHER SUPPLIED WITH GROUND KITS MUST BE REPLACED WITH SMALLER STAINLESS STEEL FLAT WASHERS. WASHERS MUST REMAIN FLAT AGAINST GROUND BAR. ALL FASTENERS MUST BE STAINLESS STEEL AND KOPR-SHIELD MUST BE USED ON BOTH SIDES OF THE GROUND BAR.

ANTENNA NOTES:

1. THE SIZE, HEIGHT, AND DIRECTION OF THE ANTENNAS SHALL BE ADJUSTED TO ACHIEVE THE AZIMUTHS SPECIFIED AND LIMIT SHADOWING AND TO MEET THE SYSTEM REQUIREMENTS.
2. CONTRACTOR SHALL VERIFY THE HEIGHT OF THE ANTENNA WITH THE AT&T WIRELESS PROJECT MANAGER.
3. VERIFY TYPE AND SIZE OF TOWER LEG PRIOR TO ORDERING ANY ANTENNA MOUNT.
4. UNLESS NOTED OTHERWISE THE CONTRACTOR MUST PROVIDE ALL MATERIAL NECESSARY.
5. ANTENNA AZIMUTHS ARE DEGREES OFF OF TRUE NORTH, BEARING CLOCKWISE, IN WHICH ANTENNA FACE IS DIRECTED. ALL ANTENNAS (AND SUPPORTING STRUCTURES AS PRACTICAL) SHALL BE ACCURATELY ORIENTED IN THE SPECIFIED DIRECTION.
6. CONTRACTOR SHALL VERIFY ALL RF INFORMATION PRIOR TO CONSTRUCTION.
7. SWEEP TEST SHALL BE PERFORMED BY GENERAL CONTRACTOR AND SUBMITTED TO AT&T WIRELESS CONSTRUCTION SPECIALIST. TEST SHALL BE PERFORMED PER AT&T WIRELESS STANDARDS.

STRUCTURAL NOTES:

1. TOWER STRUCTURAL CALCULATIONS PREPARED BY OTHERS. CONTRACTOR TO VERIFY WITH PROJECT MANAGER TO OBTAIN A COPY.
2. CONTRACTOR TO REFER TO TOWER STRUCTURAL CALCULATIONS FOR ADDITIONAL LOADS. NO ERECTION OR MODIFICATION OF TOWER SHALL BE MADE WITHOUT APPROVAL OF STRUCTURAL ENGINEER.

CABLE MARKING LOCATIONS TABLE

NO	LOCATIONS
1	EACH TOP-JUMPER SHALL BE COLOR CODED WITH (1) SET OF 3" WIDE BANDS.
2	EACH MAIN COAX SHALL BE COLOR CODED WITH (1) SET OF 3" WIDE BANDS NEAR THE TOP-JUMPER CONNECTION AND WITH (1) SET OF 3/4" WIDE COLOR BANDS JUST PRIOR TO ENTERING THE BTS OR TRANSMITTER BUILDING.
3	CABLE ENTRY PORT ON THE INTERIOR OF THE SHELTER.
4	ALL BOTTOM JUMPERS SHALL BE COLOR CODED WITH (1) SET OF 3/4" WIDE BANDS ON EACH END OF THE BOTTOM JUMPER.
5	ALL BOTTOM JUMPERS SHALL BE COLOR CODED WITH (1) SET OF 3/4" WIDE BANDS ON EACH END OF THE BOTTOM JUMPER.

1. THE ANTENNA SYSTEM COAX SHALL BE LABELED WITH VINYL TAPE
2. THE STANDARD IS BASED ON EIGHT COLORED TAPES--RED, BLUE, GREEN, YELLOW, ORANGE, BROWN, WHITE, AND VIOLET. THESE TAPES MUST BE 3/4" WIDE & UV RESISTANT SUCH AS SCOTCH 35 VINYL ELECTRICAL COLOR CODING TAPE AND SHOULD BE READILY AVAILABLE TO THE ELECTRICIAN OR CONTRACTOR ON SITE.
3. USING COLOR BANDS ON THE CABLES, MARK ALL RF CABLE BY SECTOR AND CABLE NUMBER AS SHOWN ON "CABLE COLOR CHART".
4. WHEN AN EXISTING COAXIAL LINE THAT IS INTENDED TO BE A SHARED LINE BETWEEN TECHNOLOGIES IS ENCOUNTERED, THE CONTRACTOR SHALL REMOVE THE EXISTING COLOR CODING SCHEME AND REPLACE IT WITH THE COLOR CODING STANDARD. IN THE ABSENCE OF AN EXISTING COLOR CODING AND TAGGING SCHEME, OR WHEN INSTALLING PROPOSED COAXIAL CABLES, THIS GUIDELINE SHALL BE IMPLEMENTED AT THAT SITE REGARDLESS OF TECHNOLOGY.
5. ALL COLOR CODE TAPE SHALL BE 3M-35 AND SHALL BE INSTALLED USING A MINIMUM OF (3) THREE WRAPS OF TAPE AND SHALL BE NEATLY TRIMMED AND SMOOTHED OUT SO AS TO AVOID UNRAVELING.
6. ALL COLOR BANDS INSTALLED AT THE TOP OF THE TOWER SHALL BE A MINIMUM OF 3" WIDE, AND SHALL HAVE A MINIMUM OF 3/4" OF SPACE BETWEEN EACH COLOR.
7. ALL COLOR CODES SHALL BE INSTALLED SO AS TO ALIGN NEATLY WITH ONE ANOTHER FROM SIDE-TO-SIDE.
8. IF EXISTING CABLES AT THE SITE ALREADY HAVE A COLOR CODING SCHEME AND THEY ARE NOT INTENDED TO BE REUSED OR SHARED WITH THE NEW TECHNOLOGY, THE EXISTING COLOR CODING SCHEME SHALL REMAIN UNTOUCHED.

G.3. Consider Request for Conditional Use Permit (CUP) for 501 West Dual Blvd – Randy Polzin

City Planner Carla Vita reviewed the request for a CUP and stated the Planning Commission has recommended its approval with the following conditions:

- The owner/users of the telecommunications tower make every effort to promote co-location of other telecommunication providers.
- A bond of $25,000 must be submitted to the City before a building permit is issued.
- Proof that the proposed tower complies with regulations administered by the Federal Aviation Administration. This proof must be submitted at the same time a building permit is requested.
- The Telecommunications Tower must be light blue in color.
- The Telecommunications Tower must have security fencing.
- Applicant must submit a fall-zone area which is a requirement of the Ordinance.
- Before a building permit is issued a site plan showing the landscaping must be submitted.

There was discussion on the color of the tower and a recommendation by Tower Representative Mr. Peterson that they would like to leave it the color of galvanized steel.

Motion by Larson, second by Fuhol to approve the request for a Conditional Use Permit by Randy Polzin with the recommendations as stated above excepting the color of the tower which can remain in the galvanized steel color. Carried 3-0.

MEMORANDUM

TO: Mayor George A. Wimmer
Members of the Isanti City Council

FROM: Ryan Kernosky, Community Development Director

DATE: April 3, 2018

SUBJECT: **REQUEST FROM GRANNY MAYS FOR A CONDITIONAL USE PERMIT TO OPERATE A RESTAURANT A 2 ENTERPRISE AVE NE SUITE D2**

Background
The City has received a Conditional Use Permit application from Granny Mays Catering and Restaurant (Jill Hoffman, applicant) to operate a restaurant at 2 Enterprise Ave NE Suite D2. Under Section 11, Article 5, Subd. 4(P) a "Restaurant" is a conditional use.

The proposed use will be for Granny Mays catering kitchen and a small storefront for dine-in customers.

Staff Comments
Staff believes that this proposal meets all requirements within City code and the Comprehensive Plan. The building and parking is already existing, and as such, does not require any additional review by the Planning Commission.

Development and Operations Committee Comments
DOAC met on Thursday February 22, 2018 and provided the following comments:

1) All applicable licenses are obtained from the proper authorities.
2) Any expansions or enlargement of the dining room area be approved through an amended conditional use permit.

Planning Commission Recommendation
The Planning Commission held a public hearing at the regularly scheduled meeting on March 20, 2018. After the public hearing, the Planning Commission has recommended approval with the conditions stipulated in the attached Resolution.

Public Comment
No public comments have been received regarding the proposed conditional use permit prior to the release of this staff memo.

Staff Recommendation
Staff recommends **APPROVAL** with the conditions as stipulated by DOAC.

Supporting Information

Public Notice
Notice of the Conditional Use Permit was published in the official City newspaper, *Isanti County News* on Wednesday March 7th, 2018. Mailed notices were provided to property owners within 350' of the subject property.

Zoning Ordinance Requirements
Highway 65 provides the main entrance into Isanti from the north and south. It is the purpose of this district to enhance the first impression of Isanti through development of a corridor that is inviting, visually appealing and a place that community members want to visit and passersby want to stop. This district is designed and intended to promote the development of an attractive view of the community from Highway 65 through architectural and signage controls, landscaping, screening, building orientation and other features. The proposed restaurant is allowed as a conditional use in the TH-65 Overlay Zoning District.

The Planning Commission shall hold a public hearing and consider possible adverse effects of the proposed Conditional Use. The judgment of the Planning Commission shall be based upon, but is not limited to the following factors:

1. The proposed action has been considered in relation to the specific policies and provisions of and has been found to be consistent with the goals and objectives of the Comprehensive Plan, including public facilities and capital improvement plans.
2. The proposed action meets the purpose and intent of this Ordinance and the underlying zoning district.
3. The establishment, maintenance or operation of the conditional use will promote and enhance the general public welfare and will not be detrimental or endanger the public health, safety, morals, or comfort.
4. The conditional use will not be injurious to the use and enjoyment of other property within the
1. immediate vicinity for the purposes already permitted; nor substantially diminish or impair property values within the neighborhood.
5. The establishment of the conditional use will not impede the normal and orderly development and improvement of surrounding property for uses permitted in the district.
6. Adequate public facilities and services are available or can be reasonably provided to accommodate the use which is proposed.
7. The conditional use shall, in all other respects, conform to the applicable regulations of the district in which it is located.
8. The conditional use complies with the general and specific performance standards as specified by within this Article.

Comprehensive Plan

General Commercial

The purpose of this category is to identify portions of Isanti that contain or should be developed for general commercial use. Examples may include highway-oriented businesses such as fast food restaurants, convenience stores, gas stations or other auto-oriented businesses. Limited office and services uses are appropriate in these areas as well, depending on scale and location.

Deadline for City Council Action

The City of Isanti received a complete application for this request on February 5, 2018, and it was deemed complete on February 21, 2018. Pursuant to Minnesota State Statutes, the City must act on this request by April 17, 2018.

6. Notice of the Conditional Use Permit request was published within the Isanti- County News on Wednesday, March 7, 2018. Notices were sent to all property owners located within 350 feet of the subject property.
7. Section 21, Article 2: Conditional Use Permits, Subdivision 3 (D) of the Zoning Ordinance establishes factors that the judgment of the Planning Commission shall be based upon when reviewing a Conditional Use Permit request as well as Section 21, Article 2: Conditional Use Permits, Subdivision 4 General Performance Standards of the Zoning Ordinance establishes additional general standards that shall be used to evaluate any proposed conditional use permit request.
8. The Planning Commission held a public hearing on the item on March 20, 2018; and all property owners within 350' of the subject property were invited to attend and provide public comment.

Conclusions

1. In review of the standards established in Section 21, Article 2 Conditional Use (D); the following conclusions have been made (*conclusions to each requirement are shown in underlined italics)*: The Planning Commission shall hold a public hearing and consider possible adverse effects of the proposed Conditional Use. The judgment of the Planning Commission shall be based upon, but is not limited to the following factors:
   A. The proposed action has been considered in relation to the specific policies and provisions of and has been found to be consistent with the goals and objectives of the Comprehensive Plan, including public facilities and capital improvement plans.
   As noted, the proposed use for the site would be consistent with the goals and objectives of the comprehensive plan.
   B. The proposed action meets the purpose and intent of this Ordinance and the underlying zoning district.
   The proposed use is a permitted conditional use. It fits the intent of the ordinance and underlying zoning district ("B-2"General Business District).
   C. The establishment, maintenance or operation of the conditional use will promote and enhance the general public welfare and will not be detrimental or endanger the public health, safety, morals, or comfort.
   The restaurant will not be detrimental or endanger the public health, safety, morals, or comfort.

D. The conditional use will not be injurious to the use and enjoyment of other property within the immediate vicinity for the purposes already permitted; nor substantially diminish or impair property values within the neighborhood.
The conditional use will not be injurious to the use and enjoyment of other property within the immediate vicinity for the purposes already permitted; nor will it impair the property values within the neighborhood.

E. The establishment of the conditional use will not impede the normal and orderly development and improvement of surrounding property for uses permitted in the district.
This requirement is met.

F. Adequate public facilities and services are available or can be reasonably provided to accommodate the use which is proposed.
Additional public facilities and services are not necessary for the proposed use.

G. The conditional use shall, in all other respects, conform to the applicable regulations of the district in which it is located.
The requested conditional use permit appears to conform to the applicable regulations required for the district and the performance standards outlined within the zoning ordinance. Conditions will be placed on any approval to ensure that the property is developed in accordance to ordinance requirements and the proposed plan provided by the applicant.

H. The conditional use complies with the general and specific performance standards as specified by within this Article.
These have been evaluated as part of the findings of fact; and can be found within this document.

3. In review of the standards established in Section 21, Article 2 Conditional Use, Subdivision 4 General Performance Standards; the following conclusions have been made (*conclusions to each requirement are shown in underlined italics)*:

A. The use and the site in question shall be served by a street of sufficient capacity to accommodate the type and volume of traffic which would be generated an adequate public right-of-way shall be provided.
This site is currently served by a street of sufficient capacity. The proposed conditional use will not change the type or volume of traffic flow for this site.

B. The site design for access and parking shall minimize internal as well as external traffic conflicts and shall be in compliance with Section 17 of this Ordinance.
Access to the site is existing and had been approved at an earlier date.

C. If applicable, a pedestrian circulation system shall be clearly defined and appropriate provisions made to protect such areas from encroachment by parked or moving vehicles.
Not applicable.

D. Adequate off-street parking and off-street loading shall be provided in compliance with Section 17 of this Ordinance.
Parking exists on site and is sufficient for the proposed use.

E. Loading areas and drive-thru facilities shall be positioned so as to minimize internal site access problems and maneuvering conflicts, to avoid visual or noise impacts on any adjacent residential use or district, and provided in compliance with Section 17 of this Ordinance.
Not applicable.

F. Whenever a non-residential use is adjacent to a residential use or district, a buffer area with screening and landscaping shall be provided in accordance with the provisions of Section 15 of this Ordinance.
Not applicable.

G. General site screening and landscaping shall be provided in compliance with Section 15 of this Ordinance.
Landscaping and screening were established with the original site plan.

H. All exterior lighting shall be directed so as not to cast glare toward or onto the public right-of-way or neighboring residential uses or districts, and shall be in compliance with Section 14 of this Ordinance.
There will be no changes to lighting. Approved as part of the original site plan.

I. The site drainage system shall be subject to the review and approval of the City Engineer.
Not applicable. Approved as part of the original site plan.

J. The architectural appearance and functional design of the building and site shall not be so dissimilar to the existing and potential buildings and area so as to cause a blighting influence. All sides of the principal and accessory structures are to have essentially the same or coordinated, harmonious exterior finish materials and treatment.
Not applicable. Approved as part of the original site plan.

K. Provisions shall be made for daily litter control, an interior location for recycling and trash handling and storage or an outdoor, enclosed receptacle area shall be provided in compliance with Section 14 of this Ordinance.
Not applicable. Approved as part of the original site plan.

L. All signs and informational or visual communication devices shall be in compliance with Section 16 of this Ordinance.
All signage will be approved through the Zoning Administrator at the time it is submitted.

M. The use and site shall be in compliance with any federal, state, or county laws or regulations that are applicable and any related permits shall be obtained and documented to the City.
The applicant will need to pull the appropriate permits and any appropriate fees must be paid for these permits and inspections completed by the appropriate staff person prior, during, and following construction.

N. Any applicable business licenses mandated by City Code are approved and obtained.
Not applicable.

O. The hours of operation may be restricted when there is judged to be an incompatibility with a residential use or district.
Not applicable.

P. The use complies with the applicable performance standards of the zoning district in which it is located and where applicable, any non-conformity shall be eliminated.
Not applicable.

Q. Additional Stipulations. All conditions pertaining to a specific site are subject to change when the City Council, upon investigation in relation to a formal request, finds that the general public health, safety, and welfare, can be served as well or better by modifying or expanding the conditions set forth herein. The following are a list of conditions applicable to the approval of this conditional use:

1) All applicable licenses are obtained from the proper authorities.

2) Any expansions or enlargement of the dining room area be approved through an amended conditional use permit.

Decision

The Planning Commission held a public hearing on the item at the **March 20, 2018** meeting. After the public hearing, the Planning Commission has recommended approval with the conditions stipulated in the attached Resolution.

Re: Written Narrative for Conditional Use Permit
Proposal Site Towns Edge Business Center
2 Enterprise Av NE Suite D2
Isanti, MN 55040

To Planning and Zoning for the City of Isanti.

We Tim and Jill Hoffman are requesting a Conditional use permit for the property at Towns Edge Business Center, 2 Enterprise Av NE Suite D2, Isanti, MN 55040. The conditional use permit would be to use current space as a licensed commercial catering kitchen by 4-1-2018. With the possibility of the store front later which is also part of the current site with a possible expansion to Suite D3 in the future if needed.

We have currently been running a catering business in East Bethel MN for 3 years. Focusing on Senior Site Dining, Meal Delivery Service to Senior Apt, Off Site Catering for events for local cities, Chambers, weddings, graduations. We are in search of more space with room to grow and expand our current operations. With expansion we would have a delivery truck that would deliver to surrounding business centers in Isanti, East Bethel and Ham Lake.

The current space was set up for a licensed Cake Shop so the structure has been modified and used as a kitchen. It currently has a hand washing sink, 3 compartment sink, mop sink, prep sink, commercial ventilation system, commercial water heater, and unisex bathroom. (as seen in attachment 1 page 2)

In speaking to Alex Hintz at the Minnesota Dept of Health he stated the current space would be inspected as new construction as the old license was under the Dept of Ag. He saw no real issues based on our conversation. There would be some changes needed to expand the ventilation hood but not a suppression system as there will be no fryer in the proposed structure. And based on a site visit and Health Department Review Application would lay out any other modifications needed to license it as a commercial kitchen.

Please accept the proposal and if there is any additional information need for your decision please contact Jill Hoffman @ 612-850-8215.

MEMORANDUM

TO: Mayor George A. Wimmer
Members of the Isanti City Council

FROM: Ryan Kernosky, Community Development Director

DATE: April 3, 2018

SUBJECT: **INTERIM USE PERMIT TO OPERATE A DOG GROOMING BUSINESS AT 200 9TH AVE SE**

Background

In 2010, Jodi De Tomaso was issued an Interim Use Permit to operate a home occupation for Dog Grooming at 210 Palomino Rd SE in the City of Isanti. During a routine code violation inspection of the Sun Prairie Second Addition Neighborhood (9th Ave NE, across from the Intermediate School) Code Enforcement/Zoning Technician Lindholm noticed that a pet grooming business had been operating at 200 9th Ave NE. Subsequently, a letter notifying Ms. De Tomaso was issued, and research on the previous interim use permit was performed.

In Resolution 2010-202, a condition stated that the interim use was issued to Jodi De Tomaso for the property located at 210 Palomino Rd SE, and that the interim permit would terminate if any of the following events happened: 1) the sale or lease of the property to another renter or owner; 2) the use has been discontinued for one year; 3) the City Council suspends or revokes the interim use permit upon failure of the interim use to comply with the conditions of approval and/or the property or use is found to be in violation of other City Ordinances.

Because the interim use permit was assigned to 210 Palomino Rd SE, and because the business has moved to 200 9th Ave SE, it's appropriate to issue a new interim use permit.

Development and Operations Committee

DOAC discussed this item at the March 8, 2018 committee meeting, the provided the following comments:

1. The petitioner shall make application for and receive approval of any appropriate additional permits (building, plumbing, etc.) from the Building Official related to the home occupation.
2. The petitioner shall obtain any necessary County or State licenses for the business; and copies of such shall be provided to the City.

3. The premises in which the animals will be kept and groomed shall be kept in a clean, sanitary, healthful, and humane manner at all times; and shall be open to inspection by the Animal Warden or other person charged with the enforcement of Chapter 87 of the Isanti City Code or any other health or sanitary regulation of the City at reasonable times. Failure to do so shall constitute grounds for the revocation of the Interim Use Permit.
4. The petitioner shall submit an application for a permanent sign, which meets the requirements of the zoning ordinance for home occupations to be approved by City staff prior to placement on the property.
5. Grooming services shall be by appointment only and shall be limited to six (6) appointments in any given day.
6. Dogs shall be leashed at all times coming both to and from any vehicle arriving for an appointment.
7. The property shall be kept clean. All dog feces shall be picked up and removed from the property on a daily basis.
8. Customers arriving to the salon for services shall park within the driveway.
9. The business shall comply with all other City Ordinances, to include but is not limited to Chapter 216 Nuisances of the Isanti City Code of Ordinances.
10. The Interim Use Permit is granted to Jodi De Tomaso for the property located at 200 9th Ave SE. The Interim Use Permit shall terminate upon the occurrence of any of the following events; whichever comes first: (1) the sale or lease of the property to another renter or owner; (2) the use has been discontinued for one year; or (3) the City Council suspends or revokes the Interim Use Permit upon failure of the interim use to comply with the conditions of approval and/or the property or use is found to be in violation of other City Ordinances.

Planning Commission Recommendation

The Planning Commission held a public hearing at the regularly scheduled meeting on March 20, 2018. After the public hearing, the Planning Commission has recommended approval with the conditions stipulated in the attached Resolution.

Zoning

The property is zoned R-1 Single Family Residential. Within this zoning classification, "Home Occupations" are an interim use.

Home Occupations

City of Isanti Zoning Code Section 13, Article 1, Subd 4 states that the purpose of home occupations is to prevent competition with business districts and to provide a means through the establishment of specific standards and procedures by which home occupations can be conducted in residential and mixed-use neighborhoods without jeopardizing the health, safety, and general welfare of surrounding residential properties. Each home occupation shall comply with the applicable standards so as to ensure that no adverse impact accrue to neighboring properties or infringe upon the rights of adjoining property owners. In addition, it is the purpose of this section to provide a mechanism enabling the distinction between permitted, special, and extended home occupations; so permitted home occupations may be allowed through an administrative review process rather than a legislative hearing process as required for special and extended home occupations.

The Community Development Director, consistent with the previous City Planner's interpretation, has deemed this use as a "Special Home Occupation" which is defined as "*Any gainful occupation or profession engaged within a dwelling unit on the premises by an occupant of the dwelling unit as a use that is clearly incidental to the principal use of the dwelling unit for residential purposes; and which exceed the specific requirements for a permitted home occupation and has been found by is nature, scale, size, location, and other similar conditions to have the likelihood to disturb the peace, comfort, or quiet enjoyment of the indoor or outdoor spaces of neighboring residential properties. Special home occupations, where allowed in the applicable zoning district, may be allowed as an Interim Use subject to the provisions of Section 21, Article 3 of this Ordinance.*"

Public Comment

No public comments have been received regarding the proposed interim use permit prior to the release of this staff memo.

Staff Recommendation

Staff recommends **APPROVAL** with the conditions stipulated by DOAC.

Supporting Information

Public Notice

Notice of the Interim Use Permit was published in the official City newspaper, *Isanti County News* on Wednesday March 7th, 2018. Mailed notices were provided to property owners within 350' of the subject property.

General and Specific Requirements

All home occupations shall comply with the following general requirements and according to the applicable definition, the additional requirements depending upon the type of home occupation:

1. General Requirements.
   a. The home occupation shall meet all applicable Fire and Building Codes.
   b. All home occupations shall comply with the provisions of the City Nuisance Ordinance.
   c. No equipment shall be used in the home occupation which will create electrical interference to surrounding properties.
   d. The home occupation shall not constitute a fire hazard to adjacent or nearby residences, or a nuisance to neighbors because of excessive traffic, light, glare, noise, odors, vibrations or other circumstances, as determined by the fire marshal or zoning administrator.
   e. Any home occupation shall be clearly incidental and secondary to the residential use of the premises, should not change the residential character thereof, and shall result in no incompatibility or disturbance to the surrounding residential use.
   f. There shall be no exterior display or exterior signs or interior display or interior signs which are visible from outside the dwelling with the exception of one (1) identification sign not to exceed eight (8) square feet in area and shall meet the requirements as provided in Section 16 of this Ordinance for home business signs. (Ord. No. 595)

g. Exterior storage or display of equipment, materials, tools, supplies, products or byproducts used or produced in conjunction with the home occupation is prohibited.
h. Trucks shall not be stored, operated, or maintained in residential districts. Any vehicle used in conjunction with the home occupation shall comply with the Section 17 of this Ordinance and Chapter 227 of the Isanti City Code.
i. The home occupation shall not include operations relating to internal combustion engines, body shops, ammunition manufacturing, motor vehicle repairs or sales, or any other objectionable uses as determined by the zoning administrator.
j. All permitted and special home occupations shall be conducted entirely within the living quarters of the principal dwelling and may not be conducted in any portion of the attached garage or within accessory buildings.

Interim Use Permit Requirements
The Planning Commission and City Council shall consider the effect of the proposed use upon the health, safety, and general welfare of occupants of surrounding properties. The Planning Commission and City Council shall consider and make findings regarding the following factors:

A. The proposed use shall meet the applicable zoning regulations; and
B. The proposed use will not adversely impact implementation of the Comprehensive Plan; and
C. The proposed use will terminate upon a date or event that can be identified with certainty; and
D. The proposed use will not impose additional costs on the public if it is necessary for the public to take the property in the future; and
E. The applicant has signed a consent agreement agreeing that the applicant, owner, operator, tenant and/or user has no entitlement to future re-approval of the Interim Use Permit; and
F. The proposed use will be subjected to, by agreement with the property owner, any conditions that the City Council deems appropriate for permission of the proposed interim use, including a condition that the owner may be required to provide an appropriate surety to cover the cost of removing the interim use and any interim structures upon the expiration of the interim use.

Special Home Occupation Requirements
1. Special home occupations may be allowed to accommodate their parking demand through utilization of on-street parking. In such cases where on-street parking facilities are necessary, however, the City Council shall maintain the right to establish the maximum number of on-street spaces permitted and increase or decrease the maximum number when and where changing conditions require additional review.
2. A contract between the refuse handler and the owner shall be provided for all other waste including but not limited to garbage, recyclable material, decayed wood, sawdust, shaving, bark, lime, sand, ashes, oil, tar, chemicals, offal, and all other substances not sewage or industrial waste which may pollute the waters of the state. The contract shall be provided prior to issuance of the interim use permit and shall cite the destruction of waste and shall be renewed annually on or before January 1st of each year.

3. Toxic, explosive, flammable, or other restricted materials used, sold, or stored on the site in conjunction with the home occupation must conform to the Isanti City Code and the Uniform Fire Code.
4. Any retail sales must be accessory or incidental to the primary residential use.
5. No person other than a resident shall conduct the home occupation, except where the applicant can satisfactorily prove unusual or unique conditions or need for non-resident assistance and that this exception would not compromise the Zoning Ordinance.

Deadline for City Council Action
The City received a complete application for this request on February 10, 2018, it was deemed complete on February 12, 2018. Pursuant to Minnesota State Statute, the City must act on this request by April 8, 2018 (60 day rule).

WHEREAS, the City of Isanti Planning Commission has recommended approval with conditions stipulated in this Resolution and upon the information found in the Facts and Conclusion; and,

WHEREAS, the City Council of the City of Isanti reviewed the requested Interim Use Permit at its regularly scheduled meeting on April 3, 2018.

NOW, THEREFORE, BE IT RESOLVED BY THE CITY COUNCIL OF THE CITY OF ISANTI, MINNESOTA, that it adopts the Findings of Fact and Conclusion related to the requested Interim Use Permit and **BE IT FURTHER RESOLVED** by the City Council of the City of Isanti, Minnesota that the Interim Use Permit as requested by Jodi De Tomaso to operate a Special Home Occupation for dog grooming on the property located at 200 9th Ave SE, legally described as Lot 5, Block 1, Sun Prairie Second Addition be approved, with the following conditions:

1. The petitioner shall make application for and receive approval of any appropriate additional permits (building, plumbing, etc.) from the Building Official related to the home occupation.
2. The petitioner shall obtain any necessary County or State licenses for the business; and copies of such shall be provided to the City.
3. The premises in which the animals will be kept and groomed shall be kept in a clean, sanitary, healthful, and humane manner at all times; and shall be open to inspection by the Animal Warden or other person charged with the enforcement of Chapter 87 of the Isanti City Code or any other health or sanitary regulation of the City at reasonable times. Failure to do so shall constitute grounds for the revocation of the Interim Use Permit.
4. The petitioner shall submit an application for a permanent sign, which meets the requirements of the zoning ordinance for home occupations to be approved by City staff prior to placement on the property.

5. Grooming services shall be by appointment only and shall be limited to six (6) appointments in any given day.
6. Dogs shall be leashed at all times coming both to and from any vehicle arriving for an appointment.
7. The property shall be kept clean. All dog feces shall be picked up and removed from the property on a daily basis.
8. Customers arriving to the salon for services shall park within the driveway.
9. The business shall comply with all other City Ordinances, to include but is not limited to Chapter 216 Nuisances of the Isanti City Code of Ordinances.
10. The Interim Use Permit is granted to Jodi De Tomaso for the property located at 200 9th Ave SE. The Interim Use Permit shall terminate upon the occurrence of any of the following events; whichever comes first: (1) the sale or lease of the property to another renter or owner; (2) the use has been discontinued for one year; or (3) the City Council suspends or revokes the Interim Use Permit upon failure of the interim use to comply with the conditions of approval and/or the property or use is found to be in violation of other City Ordinances.

Adopted by the Isanti City Council on this 3rd day of April, 2018.

FINDINGS OF FACT AND CONCLUSION

Request

Request from Jodi De Tomaso for an Interim Use Permit to operate a Special Home Occupation for dog grooming at the property located at 200 9th Ave SE, legally described as Lot 5, Block 1, Sun Prairie Second Addition.

Findings of Fact

1. The petitioner, Jodi De Tomaso, owns the property on which the applicant to proposing to operate a dog grooming business as a special home occupation.
2. The property, 200 9th Ave SE, is legally described as Lot 5, Block 1, Sun Prairie Second Addition.
3. The property is zoned "R-1" Single Family Residential District, in which Special Home Occupations are considered a Interim Use and regulated by Section 13 of the City of Isanti Zoning Code.
4. The Community Development Director has declared dog grooming as a Special Home Occupation consistent with the definition of the code.
5. The petitioner submitted a complete Interim Use Permit Application on February 12, 2018. Pursuant to Minnesota State Statute, the City must act on this request by April 8, 2018 (60-day rule).
6. A public hearing date before the Planning Commission was scheduled for Tuesday March 20, 2018 at 7:00 pm at City Hall within the City Council Chambers.
7. Notice of the Interim Use Permit was published within the *Isanti County News* on Wednesday March 7, 2018. Notices were sent to all property owners located within 350 feet of the subject property.
8. Section 21, Article 3, Subd. 5 of the Isanti Zoning Code establishes criteria in which the judgement of the Planning Commission and City Council shall be based upon when reviewing an Interim Use Permit. Section 13, Article 1, Subd. 4(D) and (F) establish criteria in which the judgement of the Planning Commission and City Council shall be based upon when reviewing a home occupation and Special Home Occupation.

Conclusions

1. In review of the factors established in Section 21, Article 3, Subd. 5, the following conclusions have been made (*conclusions to each requirement are show in italics):*
    a. The proposed use shall meet the applicable zoning regulations
    The property is zoned R-1 Single Family Residential. Special home occupations are considered an Interim Use.
    b. The proposed use will not adversely impact implementation of the Comprehensive Plan
    The proposed use is classified as an Interim Use within the R-1 Single Family Residential Zoning District. The proposed use is an interim use and will only continue on the property until such time as one of the items identified as a reason for the termination of the permit has been reached. Should the use terminate; future development on the property could occur in accordance with the goals and policies of the Comprehensive Plan.
    c. The proposed use will terminate upon a date or event that can be identified with certainty.
    The termination of the Interim Use Permit is outlined in the Resolution associated with this Findings of Fact and Conclusion.

d. The proposed use will not impose additional costs on the public if it is necessary for the public to take the property in the future.
The proposed use will not impose additional costs on the public, either now or in the future.

e. The applicant has signed a consent agreement agreeing that the applicant, owner, operator, tenant and/or user has no entitlement to future re-approval of the Interim Use Permit.
The termination of the Interim Use Permit is outlined in the Resolution associated with this Findings of Fact and Conclusion.

f. The proposed use will be subjected to, by agreement with the property owner, any conditions that the City Council deems appropriate for permission of the proposed interim use, including a condition that the owner may be required to provide an appropriate surety to cover the cost of removing the interim use and any interim structures upon the expiration of the interim use.
The property owner has been notified of all proposed conditions, and has provided the City no objections to the proposed conditions outlined in the Resolution associated with this finding of fact.

2. In review of the factors established in Section 13, Article 1, Subd. 4(D), the following conclusions have been made (*conclusions to each requirement are show in italics):*
   a. The home occupation shall meet all applicable Fire and Building Codes.
   The home has been issued a certificate of occupancy.
   b. All home occupations shall comply with the provisions of the City Nuisance Ordinance.
   The City will enforce all provisions of the City Nuisance Ordinance.
   c. No equipment shall be used in the home occupation which will create electrical interference to surrounding properties.
   The proposed home occupation will not create electrical interference to surrounding properties.
   d. The home occupation shall not constitute a fire hazard to adjacent or nearby residences, or a nuisance to neighbors because of excessive traffic, light, glare, noise, odors, vibrations or other circumstances, as determined by the fire marshal or zoning administrator.
   The home occupation does not constitute a fire hazard. This home occupation has been deemed a Special Home Occupation because of potential noise, odors, or other circumstances. Special Home Occupations are permitted through an Interim Use Permit.
   e. Any home occupation shall be clearly incidental and secondary to the residential use of the premises, should not change the residential character thereof, and shall result in no incompatibility or disturbance to the surrounding residential use.
   The home occupation is incidental and secondary to the residential use of the property.
   f. There shall be no exterior display or exterior signs or interior display or interior signs which are visible from outside the dwelling with the exception of one (1) identification sign not to exceed eight (8) square feet in area and shall meet the requirements as provided in Section 16 of this Ordinance for home business signs. (Ord. No. 595)
   A sign permit has been submitted to the City. Staff will ensure that the proposed sign meets the requirements within Section 16.
   g. Exterior storage or display of equipment, materials, tools, supplies, products or byproducts used or produced in conjunction with the home occupation is prohibited.
   No exterior storage or display is proposed.
   h. Trucks shall not be stored, operated, or maintained in residential districts. Any vehicle used in conjunction with the home occupation shall comply with the Section 17 of this Ordinance and Chapter 227 of the Isanti City Code.

This does not pertain to the request.

i. The home occupation shall not include operations relating to internal combustion engines, body shops, ammunition manufacturing, motor vehicle repairs or sales, or any other objectionable uses as determined by the zoning administrator.
This does not pertain to the request.

j. All permitted and special home occupations shall be conducted entirely within the living quarters of the principal dwelling and may not be conducted in any portion of the attached garage or within accessory buildings.
The proposed Special Home Occupation is contained within the attached garage. The City Council may choose to allow this by approving the Interim Use Permit.

3. In review of the factors established in Section 13, Article 1, Subd. 4(F), the following conclusions have been made (*conclusions to each requirement are show in italics):*
   a. Special home occupations may be allowed to accommodate their parking demand through utilization of on-street parking. In such cases where on-street parking facilities are necessary, however, the City Council shall maintain the right to establish the maximum number of on-street spaces permitted and increase or decrease the maximum number when and where changing conditions require additional review.
   A condition of the Interim Use Permit is that vehicles are required to park in the Driveway.
   b. A contract between the refuse handler and the owner shall be provided for all other waste including but not limited to garbage, recyclable material, decayed wood, sawdust, shaving, bark, lime, sand, ashes, oil, tar, chemicals, offal, and all other substances not sewage or industrial waste which may pollute the waters of the state. The contract shall be provided prior to issuance of the interim use permit and shall cite the destruction of waste and shall be renewed annually on or before January 1st of each year.
   City Code requires refuse service is required in all residential homes. This is met.
   c. Toxic, explosive, flammable, or other restricted materials used, sold, or stored on the site in conjunction with the home occupation must conform to the Isanti City Code and the Uniform Fire Code.
   No such materials will be stored on site.
   d. Any retail sales must be accessory or incidental to the primary residential use.
   No retail sales are proposed.
   e. No person other than a resident shall conduct the home occupation, except where the applicant can satisfactorily prove unusual or unique conditions or need for non-resident assistance and that this exception would not compromise the Zoning Ordinance.
   Ms. De Tomaso is the only employee of the business.

Decision

The Planning Commission reviewed the request in a public hearing on **March 20, 2018.** After the public hearing, the Planning Commission has recommended approval with the conditions stipulated in the attached Resolution.

Conditions

1. The petitioner shall make application for and receive approval of any appropriate additional permits (building, plumbing, etc.) from the Building Official related to the home occupation.
2. The petitioner shall obtain any necessary County or State licenses for the business; and copies of such shall be provided to the City.

3. The premises in which the animals will be kept and groomed shall be kept in a clean, sanitary, healthful, and humane manner at all times; and shall be open to inspection by the Animal Warden or other person charged with the enforcement of Chapter 87 of the Isanti City Code or any other health or sanitary regulation of the City at reasonable times. Failure to do so shall constitute grounds for the revocation of the Interim Use Permit.
4. The petitioner shall submit an application for a permanent sign, which meets the requirements of the zoning ordinance for home occupations to be approved by City staff prior to placement on the property.
5. Grooming services shall be by appointment only and shall be limited to six (6) appointments in any given day.
6. Dogs shall be leashed at all times coming both to and from any vehicle arriving for an appointment.
7. The property shall be kept clean. All dog feces shall be picked up and removed from the property on a daily basis.
8. Customers arriving to the salon for services shall park within the driveway.
9. The business shall comply with all other City Ordinances, to include but is not limited to Chapter 216 Nuisances of the Isanti City Code of Ordinances.
10. The Interim Use Permit is granted to Jodi De Tomaso for the property located at 200 9th Ave SE. The Interim Use Permit shall terminate upon the occurrence of any of the following events; whichever comes first: (1) the sale or lease of the property to another renter or owner; (2) the use has been discontinued for one year; or (3) the City Council suspends or revokes the Interim Use Permit upon failure of the interim use to comply with the conditions of approval and/or the property or use is found to be in violation of other City Ordinances.

Subject: Engineering Proposal for the 2018 Pavement Maintenance Project
City of Isanti, MN

Bolton & Menk, Inc. is pleased to present this proposal for professional engineering services for the 2018 Pavement Maintenance Project.

Our scope of work will include the following:

- Evaluate the scope of constructing the needed improvements to fit the budget created by the 2017 Franchise Fee
- Evaluate need for seal-coat vs mill & overlay & curb replacement
- Prepare figures describing the improvements
- Prepare construction plans and specifications
- Establish a Cost Estimate for the proposed improvements

Research, Plans, & Specifications	$16,800

Should the Council approve the Plans and Specifications, our scope also includes:

- Perform bidding and construction administration.
- Perform construction inspection.
- Perform final inspection and project close out.

Construction Administration	$6,500
Field Resident Project Representative	$11,900

We propose to complete the total described scope of work for an hourly, not to exceed, fee of $35,200.

Attached is a figure showing the proposed improvements and possible curb replacement needs.

Thank you for the opportunity to present this proposal. Please contact me at (612) 756-1032 if you have any questions or need additional information.

Zdon called the meeting to order at 6:00 p.m.

B. Pledge of Allegiance.
Everyone stood for the Pledge of Allegiance.

C. Roll Call.
Members Present: Jennifer Garvey, Jeff Johnson, Mayor Wimmer, James Witte, and Aaron Zdon
Staff Present: Katie Everett, Community Events and Parks Coordinator

D. Agenda Modifications.
Motion by Johnson; second by Witte to approve the February 27, 2018 Parks, Recreation, and Culture Board agenda. Agenda was unanimously approved.

2. Approval of Minutes from January 23, 2018 Parks, Recreation, and Culture Board Meeting

Motion by Johnson; second by Witte. Minutes were unanimously approved.

3. Movie Night Policy Update

Everett explained that the board has the edited version and the current version of the policy to review. At the last meeting, we had the issue of the Arts and Science Academy and the Cambridge Girl Scouts who were both interested in the same night. In item number two, we just had the organization must meet or be based in the City of Isanti, so Everett added "if no Isanti-based groups have applied 2 weeks before the movie date, organizations from the surrounding community may be accepted per City staff discretion." That gives us a little bit of wiggle room, but we can also maybe say that you're coming from Ely and that's too far. In four, Everett added "Isanti-based," she said if it comes up that we don't have a bunch of groups and someone like the Cambridge Girl Scouts wants to do two, we can evaluate that when it happens. She explained that she would imagine we'd want any double ups to be Isanti based organizations, and gave that a three week deadline. Everett also added "Isanti-based" to number five, so that our groups are always getting priority pick. Everett stated that hopefully this will clarify this, and it's hard to know what we will come across in the future, but hopefully this narrows it in. Garvey said she thinks it does help. Johnson stated that he likes the changes, and thinks that number 5 is a very fair idea too. Everett stated that most of 5 was in there before, and helps get new groups in as well. She stated that because this is a policy, it will need to go to City Council for approval. Zdon asked for a motion to approve the changes and make the recommendation to Council. Johnson made a motion, second by Garvey; the vote was unanimously approved.

4. Parks Updates

Everett explained that February movie night went really well, we had 66 people come which is the most so far this season. The Arts and Science Academy is going to be sending a bunch of kids to New York City next year and they're interested in coming back next season, so we'll probably see them again. March will be Heavenly Sunshine coming in for Secret Life of Pets.

Everett shared that Community Garden registration is rolling, and we are up to 43 plots reserved as of today. There are 17 left to fill. There are a couple of gardeners from last year that Everett is expecting to

still come back and maybe some other new people too. We have a handful of new people this year already in, so that's great news. Also adding to the garden, we've got Isanti County Public Health is going to be trying out a pilot program. They're hoping to bring in five families this year that they teach how to garden. One of their staff is a Master Gardener as well, so she'll be able to teach them techniques as well as how to prepare the food and those kinds of things. That way they have accountability throughout the whole season. Based on what we saw last year with School for All Seasons, it was too much space for them. We're going to cut that space in half. School for All Seasons will come back this year too. Everett was at the School For All Seasons conferences helping to recruit families to help out over the summer. They're really just looking for families that can sign up for one week in the summer to check the garden once or twice, and if they get enough people to do that, the teachers won't have to take all of that on. Everett explained that we're also planning to put in some more pollinator seeds on the other corner there, and then the rest is all rented out spaces.

Everett updated the board on the Community Center. She explained the replacement of the doors should happen very soon. The estimate will be approved at Council next week and then staff will work with the contractor to get the work done.

Everett stated that the City has also met with Rum River BMX. We do that any time there's a changeover on the board so that everyone is on the same page with what the lease actually says. We went through the terms of the lease and got everyone on board as well as going over what types of maintenance are their responsibility and what we take care of. We also went over the special event process. The meeting went really well.

Everett explained that the Residential Rain Garden program is actually funded out of the City's Stormwater Fund, but is kind of a common interest with this board. Everett explained that we will be hosting a workshop on April 19th here in Chambers. Soil and Water will be doing some education on what rain gardens are and some of the beginning ideas of what types of plants and how to put one of those in. At that workshop, we'll also be explaining how the incentive program works and how people can apply for that. Soil and Water this year is willing to go out to anyone's house that is interested in applying for the program to let them know if their property will work and give them pointers for where on their property will work best. Also, depending on how many applications we get, Soil and Water will do some design for some folks so they will walk people through the application process with picking out plants and figuring out how big their gardens need to be and that kind of thing. Soil and Water is really great at finding grant money, so having them join us isn't costing us anything. Mayor Wimmer stated that the workshop is county-wide, so hopefully we'll get people from other cities in the County and township folks here as well. Wimmer stated that Soil and Water has forwarded our policy on to Cambridge as well to see if they might follow what we've done. He stated that our incentive is up to 50% or up to $500. There are some areas where these would be more beneficial than others, but we really want people to partake in the program. Soil and Water have been really great work with. We're also looking at doing some more revetment along the bank of the Rum at River Bluff Park. It has been a really great partnership with them the last six to twelve months. Garvey asked if Everett knew how many residents have signed up so far. Everett stated that the program was open last year, but we hadn't gotten any applications although there were some people who came in to ask about it. She wasn't sure if the length of the application was what held people back, so hopefully getting this extra help will be the nudge they need. Wimmer stated that there are kind of two issues – on the design side, so the workshop will be really helpful. People might also be kind of help up because they're not really sure exactly how it works, so this education piece will be really beneficial. Everett stated that in talking with other cities when we were putting this program together, it sounds like once you get a couple and other people can see the examples it really picks up from there. Garvey asked if when people come in to apply for new housing permits if this is included with any of that information. She thought that it may be easier at that time to install one that with an existing house. Everett stated that as far as she knows there's nothing tying those together right now. Wimmer agreed that there's nothing like that happening. He said it would be great, but often

times we have problems getting people to put in the right amount of black dirt and that kind of thing. The other thing with rain gardens is that they do become, he thinks, pretty personalized in the kinds of plants you put in and that kind of thing – and they have to be maintained. He thought that maybe if it was part of a neighborhood standard or something, that might work, but if we just have builders trying to do that he could see those things getting abandoned pretty quickly. Garvey clarified that it would have to be someone who is building a house on their own property. Everett stated that part of the agreement they need to sign is that they'll maintain the garden for five years, so whoever is applying would be making that commitment. We definitely couldn't have the situation where we have a contractor that's building six houses and then selling them. Zdon agreed, it would have to be the homeowner. Johnson said, or a place with an association would work stellar. Garvey said she normally sees them with new businesses that it's a requirement to have rain gardens, so she just didn't know if maybe residents would have the same thing. Wimmer stated that we have talked about them on a number of commercial projects because the ordinance has a number of different stormwater control options and landscaping requirements, that sort of thing. So we have talked to the last couple about doing rain gardens and they have chosen not to do that. We don't have anything that it's mandatory to do that, and he thinks they look at it and think about how they're going to have to maintain what this landscaping is. Everett told the board that all of the workshop and program information is on the website, so they are welcome to direct people there for more information. She also posted a Facebook event for the workshop.

Everett stated that the board members have all been given copies of the event calendar and they should be getting those in the next week or so at their homes with the Isantian. There are extra copies, so if they have a place where they think they can hand them out to let her know.

Everett had one last update. An event listed on the calendar is the Earth Day Clean Up. She is looking for groups that might be interested in coordinating a location. She has sent an email out to organizations she's worked with on past events. There are a couple of groups already that are willing to kind of station at a park. The day of the event, everybody in the community is welcome to just go out and we'll advertise where there will be people. We have a group that is interested in doing Legacy, and Everett stated that Mattson Park might also we be a good location because they can get that park and the kind of spread toward downtown. We really just need one or two adults that can recognize that someone is walking up and needs direction. We'll provide the garbage bags and that kind of stuff, so it will just be having someone there to point people in the right direction. That will be April 21st, Saturday, from 10:00 am to noon.

Wimmer stated that he just had an update on the Trail Committee. The mayor of Cambridge and the mayor of Isanti are the Bike/Walk Trail Committee and each year we meet together with the County and Isanti Township, which a big chunk of the trail goes through. We talk about any issues or concerns and we also look at the budget amount and what we're planning to do from a repair and maintenance standpoint. Just so everyone is aware of that relationship, the City of Isanti and Cambridge took on the responsibility of that trail when we had it built. He and Mayor Palmer served on the committee for about a decade before it was built and have continued with it. It is going remarkably well, and the meetings are becoming very short because the staffs are working very well together. He doesn't think there have been any particular issues with it. We do get the request from time to time to clear the trail in the winter, and we talked about that here before, but the snow is basically a layer of protection against snowmobiles. Everett added that for the most part there aren't any major maintenance issues. In the past, there were issues with willow roots coming up and cracking the trail, so we are keeping a close eye on that. We are probably going to do a coat on the pavement section within the next three years or so, and then in the next 8 or 10 years will do a mill and overlay on the pavement. There's a big boardwalk section in the middle, and some of those boards are starting to warp. Because of the restrictions of being over a wetland, there are only certain sealants we can use. So there was nothing put on it when it went it. What we decided for now is that 5% of the boards will be replaced each year, just so we have something in mind so we know those have to be replaced. If we find a product that we can use that's actually effective we can look into

that too, but it sounds like the products we could use weren't going to last or be worth it. Everett stated that during the summer Cambridge staff and our Public Works are out on the trail making sure there aren't any issues in the meantime. They just repainted all of the bollards and the gates last year too. Wimmer added that the two staffs get together and inspect the trail to put together a list of what needs to be done as well, it's a pretty good system.

Subject: Resolution Approving Extension of MOU with the City of Cambridge for Administrative Citation Hearing Officer Services

---

The City of Cambridge has renewed a contract with current Administrative Hearing Officer Robert Roby for another 2 year term (expires March 1, 2020). Mr. Roby has provided good service to the City of Isanti in performance of these duties. The proposed fee of $75.00 per hearing is the same as in the past contract. Attached is an updated Resolution, the current Memorandum of Understanding (MOU) with the City of Cambridge and Mr. Roby's new contract.

The Development & Operations Advisory Committee has reviewed this matter. The Committee and staff are recommending extension of the MOU to have Mr. Roby continue to provide services as the Administrative Citation Hearing Officer for the City of Isanti.

RESOLUTION 2018-XXX

A RESOLUTION APPROVING EXTENSION OF MOU WITH THE CITY OF CAMBRIDGE FOR ADMINISTRATIVE CITATION HEARING OFFICER SERVICES

WHEREAS: The City provides for the issuance of administrative citations for specific traffic offenses designated at Minn. Stat. § 169.999, subd. 1(b)(1), (2) and (3), in the amount designated at Minn. Stat. §169.999, subd. 5, as it may be amended from time to time; and

WHEREAS: The City Council has approved City Code Chapter 65, Administrative Penalties which authorizes issuance of administrative citations for specified City Code violations; and

WHEREAS: The City has previously entered into a Memorandum of Understanding with the City of Cambridge to provide Administrative Citation Hearing Officer Services to the City of Isanti; and

WHEREAS: The City of Cambridge has approved an extension with the current provider for Administrative Citation Hearing Officer Services; and

WHEREAS: The City of Cambridge is extending their contract for Administrative Citation Hearing Officer Services to the City of Isanti though an continued Memorandum of Understanding;

NOW THEREFORE, BE IT RESOLVED BY THE CITY COUNCIL OF THE CITY OF ISANTI, MINNESOTA:

1) The City hereby approves extension of the Memorandum of Understanding (see attached) that provides the services of a neutral third party through a joint powers agreement with the City of Cambridge, and appoints said neutral third party to hear and rule on challenges to administrative traffic citations and administrative citations for city code violations. Such appointment shall be an unbiased non–employee. In the event the MOU is terminated, the city will contract with a qualified private company to provide a neutral third party Hearing Officer. The contract shall be for a two year period and shall expire on March 1, 2020, unless terminated at an earlier date.

2) The City of Isanti shall compensate the City of Cambridge for Administrative Citation Hearing Officer services rendered at the rate specified in Attachment A, Service Provider Agreement, as attached to the Memorandum of Understanding.

The motion for the adoption of the foregoing resolution was proposed by Council member _____ and was duly seconded by Council member _____ and upon vote being taken thereon, the following voted in favor____.

And the following voted against the same: ____.

Whereupon said resolution was declared duly passed and adopted by the City Council of the City of Isanti, on April 3, 2018.

Mayor George A. Wimmer

MEMORANDUM OF UNDERSTANDING
Administrative Citation Hearing Officer

This memorandum of understanding (MOU) is made and entered into as of this 17th day of March, 2014, between the City of Cambridge, a Minnesota municipal corporation, and the City of Isanti, a Minnesota municipal corporation.

PURPOSE:
Pursuant to Minnesota Statutes, 471.59, which authorizes the joint and cooperative exercise of powers common to contracting parties, the City of Isanti desires to enter into an MOU with the City of Cambridge in order to provide contracted personnel for Administrative Citation Hearing Officer services (known as Service Provider) pursuant to the terms of a contract that the City of Cambridge has with the Service Provider (the "Service Provider Agreement" a copy of which is attached as Attachment One) and which the City of Isanti has reviewed and approved of.

PROCEDURE:
The City Administrator (or designee) of Isanti shall contact the City Administrator (or designee) of Cambridge, and establish a working relationship and mutually beneficial schedule whereby the Service Provider will be available in each city to perform contracted services. Each City will provide a room accessible to the public where hearings on appeals of Administrative Citations from their city will be heard. Under the direction of their respective City Administrators, the Police Chiefs of the City of Cambridge and Isanti shall set out the day to day working arrangement for provision of such services between the two cities, pursuant to the contract between the Service Provider and the City of Cambridge. In the event of any proposed change in the terms of the contract with the Service Provider, the City Administrator (or designee) of Cambridge shall notify the City Administrator (or designee) of Isanti of the proposed change, and the City of Isanti shall have not less than 30 days to approve such change or to notify the City of Cambridge of its election to terminate its participation under this memorandum.

COMPENSATION:
On a monthly basis, the City of Cambridge will provide the City of Isanti with an invoice for the cost of contracted services attributable to the City of Isanti. These charges will be in conformance with the Service Provider Agreement and will be paid within 30 days of the receipt of invoice.

LIABILITY & INDEMNIFICATION
The City of Cambridge shall be solely responsible for and shall hold the City of Isanti harmless from any liability, judgments, loss, costs, or damage, including any costs of defense or settlement incurred as a result of any worker's compensation claims made by any employee of the City of Cambridge resulting from any services provided to the City of Isanti under this MOU by any employee of the City of Cambridge and from any alleged negligence or intentional wrongful acts committed by an employee or agent of the City of Cambridge while providing services for the City of Isanti pursuant to the provisions of this MOU.

The City of Isanti shall be solely responsible for and shall hold the City of Cambridge harmless from any liability, judgments, loss, cost, or damages, including any cost of defense or settlement incurred as a result of any workers compensation claims made by any employee of the City of Isanti or for any alleged negligence or intentional wrongful acts or omissions of any employees or any agents of the City of Isanti (other than employees or agents of the City of Cambridge providing services pursuant to this MOU) which pertain in any manner to this MOU.

Nothing herein shall be deemed a wavier by either party of the limitations on liability set forth in Minnesota Statutes, Chapter 466; and neither party is required to indemnify the other in any amount in excess of the limits set forth in Minnesota Statutes, Section 466.04, less any amount the indemnifying party is required to pay on behalf of itself, its officers, agents and employees for claims arising out of the same occurrence.

EXECUTION AND TERMINATION

Upon the adoption of a resolution by the governing bodies of the Cities of Cambridge and Isanti, a signed copy of this MOU shall be forwarded to each City. The MOU shall be effective at such time and date as said resolutions have been adopted and the MOU has been duly signed on behalf of each City (hereinafter "effective date"). The agreement shall be deemed to be automatically renewed on the anniversary of the effective date each year, unless sooner terminated.

Either the City of Cambridge or City of Isanti may terminate this MOU as follows: a written notice shall be given by the City Administrator (or designee) of the City electing to terminate this MOU to the City Administrator (or designee) of the City to be notified of the termination at least 30 days prior to the effective date of termination of the MOU. The MOU shall thereafter be deemed terminated as of the effective date specified in said notice, or as of the 30th day following the date said notice is hand delivered or mailed by first class U.S. Mail, postage prepaid from the party electing to terminate the MOU to the other party, whichever of said dates is later.

Administrative Hearing Officer Service Provider Agreement

The City of Cambridge and Robert Roby hereby enter into a contract for administrative hearing officer services. The administrative hearing officer will handle administrative citation appeal hearings for administrative citations pursuant to Minnesota Statutes which requires cities to provide a "civil process" for citation appeals and retain a "neutral third party to hear and rule on challenges" to a citation. Under this agreement, these services may be provided to another governmental entity pursuant to a Joint Powers Agreement through the City of Cambridge.

Duties
Act as the neutral presiding officer who conducts the appeal hearing, actively listen to the evidence and arguments of the parties, and issue a final decision. The Administrative Hearing Officer must prepare written findings of facts at the conclusion of the hearing supporting their decision as to whether or not the appeal was granted or denied by applying deductive and inductive reasoning. The written findings of fact must be provided to the City and appellant within two weeks of the hearing date.

Hearings must be tape recorded on recording equipment and tapes provided by the entity hosting the hearing location. The proceedings will not be as formal as a court of law, but should be modeled after an administrative law judge proceeding. Other municipal jurisdictions, such as the City of Isanti, and the City of Braham may be served under the terms of this agreement.

Compensation
Compensation will be based upon a per citation hearing basis of $75 per appeal hearing.

The City of Cambridge will schedule hearings for a maximum of one day every other month between the hours of 8:00 am – 4:30 pm. Hearing locations will alternate between the Cambridge City Hall, Braham City Hall, and the Isanti City Hall. The hearing schedule will depend upon the demand for appeal hearings. Hearings will be booked in 20 minute increments and scheduled so that there are not gaps in the hearing schedule. Hearing dates will be negotiated between the governmental entities and the administrative hearing officer so we can develop a mutually agreed upon schedule.

Contract Period
March 1, 2018 – March 1, 2020.

Termination
Either the City of Cambridge or the Service Provider may terminate this agreement upon 60 days written notice prior to the effective date of termination of the agreement. The agreement shall thereafter be deemed terminated as of the effective date specified

in said notice, or as of the 60th day following the date said notice is hand delivered or mailed by first class US Mail, postage prepaid from the party electing to terminate the agreement to the other part, whichever of said dates is later.

Subject: Consider Resolution Terminating Operating Agreement for the Use of River Bluff Preserve and Community Garden by Cambridge-Isanti School District

---

Background:
In 2016 during the development of River Bluff Preserve, City staff met with staff from the Cambridge-Isanti School District that showed interest in using portions of the park for educational programs. The City of Isanti and Cambridge-Isanti School District entered into an operating agreement which allowed the schools to use a dedicated portion (40'x50') of the community garden and to perform long term prairie planting experiments in one acre of the upper portion of River Bluff Preserve. There has not been any notable activity, or plans presented, for the one acre portion. Staff have made several attempts to contact current staff at the Minnesota Center without response. The development of this project does seem likely. The Operating Agreement states that the City of Isanti can terminate the agreement with 3 months' written notice.

Staff have been in contact with School for All Seasons (SFAS) staff who are interested in continuing to use the community garden in 2018, however are looking for a smaller space to manage over the summer. Staff recommend dedicating 40'x25' at the north side of the community garden for SFAS in 2018.

DOAC Recommendation
At its January 4, 2018 meeting, the Development and Operations Advisory Committee discussed the Operating Agreement and recommends terminating the agreement. Staff sent a letter to Cambridge-Isanti Schools Superintendent Queener on January 4, 2018 notifying the District of the termination of the agreement..

Subject: A Resolution Accepting Proposal for Isanti Indoor Arena Heating and Ventilation Automatic Controls

---

Background:
In February of 2017, humidity testing was performed at the Isanti Indoor Arena to determine the frequency and duration that the air exchange system needed to be run in order to maintain the proper levels of humidity and CO2 in the building to correct the observed issue. Staff received a recommendation from Bolton and Menk with three possible projects that may help to resolve the issue:

- Primary recommendation – install automatic controls to operate the make up air unit and exhaust fan based on temperature and humidity.
- Secondary recommendations -
  - Angle the reflectors on the tube heaters toward the exterior walls
  - Install a 45 degree elbow to the existing duct work to discharge air up and away from the track.

Staff have worked with contractors to provide estimates for the work. Full estimates for the following are attached:

	Automatic Controls	Tube heater modification	45 degree elbow	Estimate Total
SCR	$22,808.00	$5,867.00	$1,600.00	$30,275.00
Yale Mechanical	$19,181.00	$26,877.00	$5,336.00	$51,394.00
MAG Mechanical	$4,825.86	$9,710.00	$3,623.00	$18,185.86

Finance Committee Request
At its March 23, 2018 meeting, the Finance Committee discussed the proposals. Bolton and Menk, as well as Brunton Architects and Engineers (the firm that provided the specifications for the work), have recommended that the proposal from MAG Mechanical for only the installation of automatic controls be approved. The secondary recommendations may be revisited in the future if they are observed to be necessary. The engineers have confirmed that the controls being installed by MAG Mechanical will do what is needed.

Further, the Finance Committee has identified the IIA Special Revenue Fund as the source of the funding for this project.

Subject: Rum River BMX Modifications
Yale Project Number: 180460

Dear Ms. Everett:

Yale Mechanical is pleased to present the following proposal for the HVAC work at the above-subject site. The scope of work is based upon Yale Mechanical design.

Work included as part of this proposal is as follows:

1. Provide and install one (1) sheetmetal deflection fitting to direct the MUA discharge above the existing BMX track to alleviate drying-out that section of track so quickly.
    a. Provide support for new fitting from structure above.
    b. Provide man-lift.
    c. Provide material-lift.
    d. Provide delivery of equipment and materials.

We propose to do the work described above for the sum of **FIVE THOUSAND THREE HUNDRED THIRTY-SIX DOLLARS ($5,336).**

1. Provide and install one (1) new wireless control system for existing MUA unit and existing exhaust.
    a. Provide and install two (2) wireless temperature/humidity sensors.
    b. Provide and install two (2) wireless repeaters.
    c. Provide and install two (2) wireless receivers.
    d. Provide and install four (4) analog output modules.
    e. Provide and install one (1) digital output transmitter.
    f. Provide and install one (1) latching relay module.
    g. Provide and install one (1) web-based network controller with programmable BACnet controller.
        i. Provide and install enclosure.
    h. Provide and install one (1) outside air temperature sensor with push button over-ride.
    i. Provide Owner representative training.

Note: The temperature/humidity sensors will transmit their signals via a repeater network to a wireless receiver located in the Mechanical Room. A wireless antenna will be extended outside of the Mechanical Room to receive transmissions. The analog output modules will decode the wireless signals from the receiver and will be wired to discreet inputs of the BACnet controller. The BACnet controller will monitor the space temperature/humidity, and outside air temperature. When the outside air

220 West 81st Street • Minneapolis, MN 55420 • TEL 952.884.1661 • FAX 952.884.0295 • yalemech.com

temperature is below 40°F (adjustable), and the space humidity readings are above set-point, the MUA and exhaust fan will be energized. The exhaust fan starter will be hardwired to a relay output from the BACnet controller. A second output from the controller will send a signal through the digital output transmitter, across the repeater network, to a receiver located at the MUA starter. A relay module will decode the signal received and will be hardwired to energize the MUA. When the space humidity levels are below set-point, or when the outside air temperature is above 40°F, the system will shut-down. A momentary push button override located in the Mechanical Room will allow the operator to override the system on for preset time duration.

The web-based network controller will also allow the operator to monitor and schedule the equipment operation remotely via a web browser. The Owner will need to provide a local area network connection and a computer connected to LAN for browser access. The Owner will need to provide an internet connection to the LAN if remote connection external to the facility is desired.

We propose to do the work described above for the sum of **NINETEEN THOUSAND ONE HUNDRED EIGHTY-ONE DOLLARS ($19,181).**

Add deflectors to Existing Radiant Heaters (Excluding the Middle Heater over Starting Ramp and Heater over Mezzanine)

1. Provide two (2) electric articulating man-lifts to access radiant tube heaters.
    a. Delivery and acceptance included.
2. Provide and install factory made deflector shields to deflect heat towards outside wall.
    a. Deflector shields to be cut and fabricated around each bar joist to continue deflection evenly across length of tube heaters.
    b. Screws and hardware included to fasten shields to existing heaters.
    c. Provide start-up of each heater.

We propose to do the work described above for the sum of **TWENTY-SIX THOUSAND EIGHT HUNDRED SEVENTY-SEVEN DOLLARS ($26,877).**

Work not included as part of this proposal is as follows:

1. Relocating/raising of middle heater above starting building and over Mezzanine.
2. Overtime labor/Double-time labor.
3. Plans.
4. Service, repair, maintenance, or troubleshooting of existing equipment.
5. Humidification and/or dehumidification controls.
6. Additional zoning.
7. Warranty for Owner-furnished equipment.
8. Temporary heat or gas piping.
9. Repair of leak testing for any existing gas piping.
10. Gas solenoid or interlocking with fire protection system.
11. Liquidated damages.
12. Interior framing.
13. Possible structural engineering and related structural steel bracing.
14. Sales tax on Labor and subcontractor, if applicable.

This proposal is firm for 30 days. If an extension is required, it must be obtained in writing.

All equipment furnished and installed by us that is found to be defective within the period of one year following completion of installation shall be repaired or replaced by us at no cost to the purchaser.

This proposal in design and detail is Yale Mechanical property and must not be used except in connection with our work. All rights of design and detail are reserved.

Payment shall be made by the 10th of the month on all invoices issued by the 1st of the month for all material and equipment installed or on hand and all labor performed. Final payment is to be made within 30 days after substantial completion of the work.

Thank you for the opportunity of allowing us to present this proposal to you. Should you have any questions regarding this matter, please do not hesitate to contact us as we hope to be of further service to you on this project.

RE: Isanti BMX Complex

After reviewing the scope of work, we are pleased to present Isanti BMX Complex the following proposal for the project. We propose to complete the following scope of work:

HVAC:

- Install 75F control system.
- Central Control Unit (1)
- Install smart nodes (2)
- Install (1) room sensor
- Cloud License & Mobile Apps-Annual/Outside Air Optimization
- Commissioning
- Install heat deflectors for perimeter tube heaters
- Install 45-degree elbow (up) on MAU discharge duct work

We will install 75F in such matter to interrupt control circuit and allow system (MAU and EF) to run either by schedule or humidity set point. We will not be able to control humidity directly, but will try to control humidity by trying to keep temperature set point as specified by plan engineers to minimize roof condensation.

75F controls and labor	**$ 4,825.86**
Radiant heat deflectors	**$ 9,710.00**
Duct work	**$ 3,623.00**

WE EXCLUDE THE FOLLOWING:

- Structural
- Roofing
- High voltage electrical (above24V)

Thank you for the opportunity to present this proposal to you. Should you have any questions regarding this matter, please do not hesitate to contact me.

RESOLUTION 2018 - XXX

A RESOLUTION ACCEPTING PROPOSAL FOR ISANTI INDOOR ARENA HEATING AND VENTILATION AUTOMATIC CONTROLS

WHEREAS, Bolton and Menk has recommend that the make up air unit and exhaust fan at the Isanti Indoor Arena be automated to maintain the correct conditions in the facility to reduce the effects of condensation and ensure longevity of the facility; and,

WHEREAS, the inside air quality was tested in February 2017 by Braun Intertec; and,

WHERAS, in November 2017, the City received a recommendation from Bolton and Menk that included three potential projects to correct indoor conditions observed in the Braun Intertec testing as follows:

- Primary recommendation – install automatic controls to operate the make-up air unit and exhaust fan based on temperature and humidity.
- Secondary recommendations:
  - Angle the reflectors on the radiant tube heaters to direct the heat toward the exterior walls
  - Install a 45 degree elbow to the existing duct work to discharge air up and away from the track.

WHEREAS, staff have received estimates from three contractors as follows:

	Primary Recommendation Automatic Controls	**Secondary Recommendation** Tube Heater Modification	**Secondary Recommendation** 45 Degree Elbow	**Total Proposal**
SCR	$22,808.00	$5,867.00	$1,600.00	$30,275.00
Yale Mechanical	$19,181.00	$26,877.00	$5,336.00	$51,394.00
MAG Mechanical	$4,825.86	$9,710/00	$3,623.00	$18,185.86

WHEREAS, based on the proposals and predicted effects of the work, Bolton and Menk has recommended that the automatic controls be installed initially with the secondary projects to be completed later if additional modification is found to be necessary to control the facility conditions; and,

WHEREAS, at its March 23, 2018 meeting, the Finance Committee discussed the projects and received recommendation from Bolton and Menk and Bruton Architects and Engineers to accept the proposal from MAG Mechanical to install only the automatic controls; and,

WHEREAS, the Finance Committee identified the Isanti Indoor Arena Special Revenue Fund (Fund 226) as the funding source for this project;

NOW, THEREFORE, IT IS HEREBY RESOLVED by the City Council of the City of Isanti, Minnesota to accept the MAG Mechanical proposal for installation of automatic controls at the Isanti Indoor Arena in the amount of $4,825.86.

BE IT FURTHER RESOLVED by the City Council of the City of Isanti, Minnesota that the funding source for installation of the automatic controls will be the Isanti Indoor Arena Special Revenue Fund (226-45200-500).

This Resolution is hereby approved by the Isanti City Council this 3rd day of April, 2018.

Subject: A Resolution Accepting Proposal for Installation of Storm Pond Fence at Academy Park

---

Background:

City staff have identified a potential safety issue concerning the proximity of Academy Park to the storm pond. At its November 9, 2017 meeting, the Finance Committee discussed the fence and recommended the installation to be budgeted in 2018. The 2018 Parks, Recreation and Culture budget (101-45300-500) includes $3,800 for the installation of the fence.

Staff have received proposals from two vendors for this project as follows (proposals are attached):

Arrow Fence	$2,700.00
Century Fence	$3,315.00

Due to the simplicity of this project, staff recommend accepting the low bid (Arrow Fence) for this project. Including a 15% contingency, the project will not exceed $3,105.00.

WHEREAS, at its November 9, 2017 meeting, the Finance Committee discussed the installation of fencing on the west edge of the storm pond adjacent to Academy Park and recommended budgeting for the fence in 2018, and,

WHEREAS, staff received proposals from two vendors for the work as follows:

Arrow Fence	$2,700.00
Century Fence	$3,315.00

WHEREAS, Arrow Fence is recommended for this project as the low bidder; and,

WHEREAS, including a 15% contingency, this project will not exceed $3,105.00, which is within the amount budgeted in 101-45300-500 (PRC-Capital Outlay) for this project.

NOW, THEREFORE, IT IS HEREBY RESOLVED by the City Council of the City of Isanti, Minnesota to accept the proposal from Arrow Fence in the amount not to exceed $3,105.00 for the installation of fencing at Academy Park which will be funded through PRC-500.

This resolution was duly adopted by the Isanti City Council this 3rd day of April, 2018.

MEMO

To: Mayor Wimmer and City Council

From: Don Lorsung, City Administrator

Date: March 28, 2018

Subject: Award Quote and Contract for Refuse Service

A request for quotes was placed in the official newspaper and posted for refuse collection services for the City. The service period is for two years; from June 1, 2018 through May 31, 2020.

Two quotes were received for the service, one from Waste Management of MN (former East Central Sanitation) and one from LePage & Sons. The attached resolution lists out the quotes received. Staff further reviewed the quotes received and calculated the projected annual costs from each provider. LePage & Sons has provided the lowest quote for these services.

In review of the quotes received, staff recommends awarding the refuse service to LePage & Sons, and to authorize staff entering into a two-year contract for refuse services (see attached proposed contract).

RESOLUTION NO. 2018-xxx

A RESOLUTION AWARDING QUOTE AND AUTHORIZE ENTERING INTO A TWO YEAR CONTRACT FOR REFUSE SERVICE

WHEREAS, the City of Isanti has determined that it is in the City's best interest to seek quotes for refuse services for the Isanti Municipal Facilities, and

WHEREAS, quotes were received as follows:

Quoter	Quote Amount
Waste Management of MN	$ 421.44 /month base quote Additional: Park Containers - $ 129.36/month Park Recycling Containers - $ 70.48/month Clean-up Day: roll-off/s, labor, dumping fees – $ 280.60 per roll off Additional Services/City Events per container – $0.00/ no charge container (12 containers annually)
LePage & Sons	$ 331.65 /month base quote Additional: Park Containers – $ 165.78 /month Park Recycling Containers - $ 95.84 /month Clean-up Day: roll-off/s, labor, dumping fees - $ 275.00 per roll off Additional Services/City Events per container – $9.21/container (12 containers annually)

NOW THEREFORE BE IT RESOLVED by the City Council of the City of Isanti, Minnesota as follows:

1. That the City Council awards the quote to LePage & Sons as the most responsible quoter based on the lowest total annual costs for this contract term, with prices as stated in the above quote tabulation.

2. That the City Administrator is hereby authorized to enter into a two year contract with LePage & Sons for the provision of refuse services to the Isanti Municipal Facilities for a two year period from June 1, 2018 to May 31, 2020.

3. That a copy of the said contract be attached to this resolution including the responsibilities of both parties for the refuse service.

This resolution was duly adopted by the Isanti City Council this 3rd day of April 2018.

CITY OF ISANTI

CONTRACT FOR REFUSE SERVICES

This agreement is made as of the ____ day of April, 2018, between the City of Isanti, a Minnesota Municipal Corporation **("City")**, and LePage & Sons **("Contractor")**. The **City** and the **Contractor** agree as follows:

SECTION 1. PURPOSE

The purpose of this agreement is to establish a standardized refuse service collection procedure for the Isanti Municipal facilities.

SECTION 2. SERVICES TO BE PERFORMED

A. The **Contractor** shall collect all refuse materials from the municipal facilities listed on Appendix A. The collection shall be on an as needed basis and from the designated containers.

B. The **Contractor** shall not be required to make regular collections on State of Minnesota legal holidays; provided, however, that collection shall occur on the routes reasonably in advance thereof or thereafter as the **City** and **Contractor** may agree so that the schedule can be completed regardless of a holiday.

C. The **Contractor** shall provide the following equipment and labor annually for the City Clean-up day:

1. Two (2) roll-off boxes or equivalent of a size adequate for the intended purpose and dumping fees for collected materials.

2. All required labor for removal of materials collected.

3. Trucking services for the delivery and removal of the roll-off boxes.

The **City**, with the cooperation of the **Contractor**, shall provide a system for the collection of any necessary special fees associated with the collection and disposal of problem materials at the clean-up day (i.e. tires, appliances, fluorescent bulbs).

SECTION 3. TERM OF CONTRACT

A. The term of this **Contract** shall be June 1, 2018 through May 31, 2020.

SECTION 4. PREPARATION FOR COLLECTION

A. All occupants of municipal properties will be directed to prepare and store refuse materials in containers provided by the **Contractor**.

SECTION 5. CONTRACTOR'S EQUIPMENT

A. All vehicles used by the **Contractor** in picking up the materials from the municipal properties shall be painted and marked uniformly and shall be identified on both sides of the cab. Broom and shovel in good usable condition shall be placed and maintained on each vehicle.

B. The **Contractor** shall make all collections of materials in vehicles with closed tops on the load portion so that contents will not spill or leak. All of the **Contractor's** receptacles and vehicles shall be kept clean and as free from offensive odors as possible and shall not be allowed to stand in any street or other place longer than is reasonably necessary to collect materials.

C. The **Contractor** shall keep all equipment used in the performance of the work required by this **Contract** in good operating condition and in a clean, sanitary condition and shall thoroughly wash each vehicle as least twice each month or before each semi-monthly collection unless the same has not been used since the last washing. All of the **Contractor's** equipment is subject to periodic inspection by the **City**.

SECTION 6. CONTRACTOR'S OPERATIONS

A. The **Contractor** shall establish and maintain, in a location approved by the City Administrator, an office staffed and capable of accepting complaints and customer calls. The office shall be in service during the hours of 8:00 a.m. and 5:00 p.m. on all days of collection as specified herein. The address and telephone number of the office shall be given to the **City** in writing. Any changes in address and telephone number of the office shall be given to the **City** in writing at least ten (10) working days prior to such change.

B. Complaints on service will be taken and collected by the **City** in addition to those received at the **Contractor's** office. The **City** will notify the **Contractor** of all complaints it receives. The **Contractor** is responsible for all corrective actions. A record of all such complaints and the action taken thereon shall be kept by the **Contractor** and reported monthly to the City Administrator. All complaints shall be answered by the **Contractor** courteously and promptly.

C. The **City** shall notify the **Contractor** by 12:00 noon on the day following the scheduled pick-up of any missed stops. The **contractor** is required to service such locations before 5:00 p.m. on the date of notification.

D. The **Contractor's** employees shall handle all containers with reasonable care to avoid damage, shall replace all containers in an upright position and shall immediately clean up and dispose of any materials which may have fallen out of a container.

E. The performance of the **Contract** shall be done by the **Contractor** with forces which are adequate to insure the satisfactory collection and disposal of the materials at all times. **Contractor's** failure to perform shall not be excused by adverse conditions of weather, breakdown and similar hindrances, which on other work might be regarded as "acts of providence".

F. The **Contractor** shall certify that any materials collected specially for recycling are delivered to a recycling processing center. Materials, specifically intended to be recycled, found to be landfilled will be in violation of the **Contract** and shall be grounds for termination of the **Contract**.

SECTION 7. COMPENSATION

The **City** will compensate the **Contractor** for the collection of refuse and recycling materials from City facilities a sum of ***$ 331.65*** per month during the life of the Contract; and the **City** shall compensate the **Contractor** fees in the amount listed on their Refuse Services Bid Sheet (See Attached) for Parks, Clean Up Day ***($275.00*** per roll off box), and Additional Services/City Events. There shall be no additional fees for roll offs, labor, and dumping fees for the spring clean-up day (as provided in the specifications).

SECTION 8. LIABILITY INSURANCE / INDEMNIFICATION

The **Contractor** shall indemnify and hold harmless the **City** and its officers, agents and employees from and against all claims, damages, losses or expenses, including attorney fees, for which it may be held liable, arising out of or resulting from the assertion against them of any claims, debts or obligations in consequence of the performance of this **Contract** by the **Contractor**, its employees, agents or subcontractors. **Contractor** will carry, for the duration of this Agreement, liability insurance coverage and shall provide a Certificate of Liability Insurance to the City and shall name the **City of Isanti** as an additional insured, an amount of not less than $500,000.00, insuring against personal injury or property damage for liability to third parties. The **Contractor** shall provide a copy of his license to haul as authorized and approved by Isanti County.

SECTION 9. TERMINATION

The **City** shall have the right to terminate this **Contract** prior to the expiration of its term if in the **City's** opinion, there has been a breach of its terms by the **Contractor**.

SECTION 10. PENALTIES AND DAMAGES

A. Failure by the **Contractor** to perform under this **Contract**, may result in its termination and/or claims by the **City** for damages.
B. In the event of breach of this **Contract** by the **Contractor**, or proven negligence by the **Contractor**, the **Contractor** agrees to pay, in addition to the actual damages sustained by the **city** as a result thereof, the cost, including reasonable attorney's fees incurred by the **City** in pursuing any of its rights under this **Contract**.

SECTION 11. SUCCESSORS AND ASSIGNS

The **Contractor** binds itself, its successors, executors, administrators and assigns to the **City** in respect to all covenants of this **Contract**, except that the **Contractor** shall not assign or transfer any part of its interest in this **Contract** nor shall the **contractor** assign any moneys due, or to become due, without the **City's** written consent.

SECTION 12. AMENDMENT, MODIFICATION OR WAIVER

No amendment, modification, or waiver of any condition, provision, or term of this **Contract** shall be valid or of any effect unless made in writing, signed by the party or parties to be bound or by its duly authorized representative, and specifying with particularity the extent and nature of such amendment, modification, or waiver. Any waiver by any party or any default of another party shall not affect or impair any right arising from any subsequent default.

SECTION 13. SEVERABLE PROVISIONS

Each provision, section, sentence, clause, phrase, and word of this **Contract** is intended to be severable. If any provision, section, sentence, clause, phrase, or word hereof is illegal or invalid for any reason whatsoever, such illegality or invalidity shall not affect the validity of the remainder of this **Contract**.

SECTION 14. ENTIRE CONTRACT

This **Contract** contains the entire understanding of the parties hereto with respect to the transactions contemplated hereby and supersedes all prior agreements and understanding between the parties with respect to such subject matter. No representations, warranties, undertakings, or promises, whether oral, implied, written, or otherwise, have been made by either party hereto to the other unless expressly stated in this **Contract** or unless mutually agreed to in writing between the parties hereto after the date hereof, and neither party has replied on any verbal representations, agreements, or understandings not expressly set forth herein.

SECTION 15. CAPTIONS, HEADINGS OR TITLES

All captions, headings or titles in the paragraphs or sections of this **Contract** are inserted for convenience of reference only and shall not constitute a part of this **Contract** as a limitation of the scope of the particular paragraphs or sections to which they apply.

The representative of LePage & Sons hereby acknowledges receipt of this **Contract** and has reviewed the conditions of this **Contract** and has agreed that they comply with the terms of this **Contract**.

This contract for refuse service for municipal facilities is hereby entered into on the _____ day of April, 2018, between the City of Isanti and LePage & Sons for the period from June 1, 2018 through May 31, 2020.
