- Ordinance 2019-XXX

ORDINANCE No:____

AN ORDINANCE AMENDING THE CITY CODE AMENDING CHAPTER 87 ARTICLE 1 KEEPING OF CERTAIN ANIMALS

THE CITY OF ISANTI DOES ORDAIN AS FOLLOWS:

I. AMENDMENTS

Article I, Section 87-1 and 87-2 are hereby amended as follows:

87-1. Prohibited animals.

No person, firm or corporation shall keep, harbor, feed or raise cows, horses, hogs or any other livestock, chicks or poultry, or pigeons, not in accordance with this Chapter, in the City of Isanti.

87-2 Chickens.

The city allows the keeping of chickens on residential properties, subject to the following requirements:

A. Coops or enclosures are required and shall:

(1) Meet all setback requirements for the zoning district of the property.

(3) Be at least ten feet from a side or rear property line.

(4) Not be located in a drainage or utility easement or in a shoreland protection area or in a wetland setback area.

(5) Shall be at least 30 feet from any residential dwelling on any adjacent property.

(6) shall be no more than 10 square feet per chicken.

B. On properties that are less than five acres in size, outdoor pens attached to the coop must be fully enclosed to contain chickens within the pen area.

C. The owner must keep the chickens in a coop or fenced area.

D. The city does not allow the keeping of free range of chickens on properties less than five acres in size. Free range is allowed if the animals are supervised and fenced.

E. Animal fighting is prohibited.

F. There shall be no roosters.

G. The property owner shall maintain the coops and/or enclosures such that they are in good shape, not unsightly and free from major defects.

H. The property owner shall properly store all animal feed such to ensure that it does not attract insect or rodents.

I. The property owner shall dispose of all animal waste in an appropriate manner on a weekly basis.

J. Are prohibited in multifamily structures and or homes.

K. Sale of eggs commercially is prohibited in residential districts.

L. The slaughtering of chickens in view of the public is prohibited.

M. All coops, regardless if they have heat-lamps or not, shall be located 10 feet or further from any primary structure.

N. Guineafowl are prohibited

G. The maximum total number of chickens, allowed on properties are as follows:

Lot size (acres) Maximum Number Allowed
Less than 3 acres—6 chickens
More than 3 acres—12 chickens

~~87-2~~ **87-3 Violations and penalties.**

Any person, firm or corporation violating this provisions of this article shall be guilty of a misdemeanor and upon conviction thereof shall be punished by a fine of not more than $1,000 or by imprisonment in the county jail for not more than 90 days, or both, plus costs of prosecution in either case.

II EFFECTIVE DATE

This ordinance shall take effect upon adoption and publication in the City's Official Newspaper.

Subject: Resolution 2019-XXX approving final plat for Sun Prairie 5th Addition

---

Background:
The subject site was part of the Sun Prairie Addition, which was platted in 2005. The subject lot is Outlot J of said plat. This lot was platted as an outlot to potentially be connected to the property to the east once it develops. The site to the east can develop without this outlot.

The subject site is zoned R-1 Single Family Residential and has a comprehensive land use guide of low density residential. The minimum lot requirements have been met and the lot can accommodate the setbacks for the district. City Sewer and Water are available to the lot. The City Engineer reviewed the plat and recommends approval.
The Planning Commission considered this request at the August 20, 2019 meeting and recommend approval.

FINDINGS OF FACT AND CONCLUSION

Request

Request from Jeff Pfeffer, for Final Plat Approval of Sun Prairie 5th Addition, legally described as Outlot J of Sun Prairie Addition, Isanti County, Isanti, Minnesota.

Findings of Fact

1. The Plat of Sun Prairie Addition was approved in 2005 per resolution 2005-058.
2. The applicant has made an application for a Final Plat Approval of Sun Prairie 5th Addition Isanti County, Minnesota.
3. The property is legally described as Outlot J of Sun Prairie Addition, Isanti County, Isanti, Minnesota.
4. The Applicant is requesting Final Plat Approval in an effort to create one lot.
5. The property is zoned "R-1" Single-Family Residential.
6. The Applicant submitted an application for Final Plat Approval on August 14, 2019. It was deemed complete on August 14, 2019.
7. The Final Plat was reviewed by the Planning Commission on Tuesday, August 20, 2019 at 7:00 p.m.at City Hall within the Council Chambers.

Conclusions

1. The platting of the property would appear to meet the lot requirements and setback requirements as provided within the zoning ordinance for properties located within the "R-1" Single-Family Residential.
2. The platting of the property would appear to meet the Design Standards as required by Ordinance No. 536.

Decision

Request for City Council Action

To: **Mayor Johnson and Members of City Council**
From: Sheila Sellman, Community Development Director
Date: September 3, 2019
Subject: Resolution 2019-XXX Denying the Site Plan Amendment for the Best Western Plus

---

Background:
Best Western Plus has made application for a site plan amendment to modify their approved landscape plan by reducing the number of Plantings. A special Planning Commission meeting was held on August 7, 2019 to consider this item. The public hearing was held on August 7, 2019 and was continued to the August 20, 2019 Planning Commission meeting.

The Planning Commission was not in favor of the proposed changes, but did however give the applicant a chance to come back before the Planning Commission with changes. The applicant did not present any other changes to the plan, the original request to reduce the plantings from 554 plantings to 117 was presented to the Commission. The applicant was not present at this meeting. Two members of the public spoke out against the project. The Planning Commission is recommending denial of the request.

Request:
Consider adoption Resolution 2019-XXX Denying the Site Plan Amendment for Best Western Plus

RESOLUTION 2019-XXX
A RESOLUTION DENYING THE SITE PLAN AMENDMENT FOR BEST WESTERN PLUS

WHEREAS, Isanti Hotel Partners LLC, (Best Western Plus) has applied for a Site Plan Amendment to modify the landscape plan for property leagally described as Lot 1 Block 1, Isanti Hotel Addition, Isanti County, Isanti, Minnesota; and,

WHEREAS, the City of Isanti Planning Commission held a special meeting on August 7, 2019 and continued the request to the regular Planning Commission meeting of August 20, 2019; and,

WHEREAS, The Planning Commission held a public hearing at the August 7, 2019 special meeting and at the August 20, 2019 regular meeting; and,

WHEREAS, the Planning Commission is recommending denial of the request; and,

WHEREAS, The City of Isanti City Council reviewed the amendment during the regularly scheduled meeting of September 3, 2019; and,

NOW, THEREFORE, IT IS HEREBY RESOLVED, by the City Council of the City of Isanti, Minnesota, that it adopts the Findings of Fact and Conclusion related to the requested Site Plan Amendment and **BE IT FURTHER RESOLVED** that the requested Site Plan Amendment for a landscape reduction at the Best Western Plus is denied.

FINDINGS OF FACT AND CONCLUSION
Site Plan Amendment Denial
September 3, 2019
Prepared by Community Development Director Sheila Sellman

Request

Request from Isanti Hotel Partners LLC for Site Plan Amendment to modify the approved landscape plan for property located at 409 Main Street East Isanti.

Findings of Fact

1. A site plan and building appearance approval to construct a 60-unit hotel with pool on the property was given in December 2017.
2. The property is legally described as Lot 1, Block 1 Isanti Hotel Addition
3. The subject site is zoned "B-2" General Business District and is part of the Highway 65 Corridor Overlay Zoning District.
4. Hotels are a permitted use in the B-2 and TH 65 Overlay Districts.
4. The petitioner submitted a complete Site Plan Amendment Application on July 10, 2019.
6. A public hearing date before the Planning Commission was scheduled for Wednesday August 7, 2019 at 7:00 p.m. at City Hall within the Council Chambers.
7. Notice of the Site Plan / Building Appearance request was published within the Isanti County News on Thursday, August 1, 2019 Notices were sent to all property owners located within 350 feet of the subject property on July 24, 2019 and August 13, 2019.
8. Section 18, Subdivision 7 of the Zoning Ordinance shall be used to evaluate any proposed site plans.

Conclusions

1. In review of the standards established in Section 18, Subdivision 7, the following conclusions have been made (*conclusions to each requirement are shown in underlined italics)*:
   A. Consistency with the elements and objectives of the City's development guides, including the Comprehensive Plan.
   Landscaping is required as part of the Site Plan approval. The original approved landscape plan met the development guidelines and objectives. The proposed amended plan has some inconsistencies with the objects of the City's development guides.

   B. Consistency with City Codes.
   The Highway 65 Overlay District requires a minimum 20-foot landscape buffer strip on lots adjacent to residential. The amended plan does not meet this requirement. The proposed plan also reduces the buffer around the patio that is adjacent to residential, this is not consistent with landscape requirements.

   C. Preservation of the site in its natural state to the extent practicable by minimizing tree and soil removal and designing grade changes to be in keeping with the general appearance of neighboring developed or developing areas.
   The developer has keep as many trees along Broadway Street and Main Street as reasonably possible. The proposed landscape modification does not apply to this standard.

   D. The amount and location of open space and landscaping.
   The proposed amount and location of the landscaping does not appear to be appropriate for the proposed use. The original approved landscape plan had the right amount and was adequate.

E. Vehicular and pedestrian circulation, including walkways, interior drives, and parking in terms of location and number of access points to the public streets, width of interior drives and access points, general interior circulation, separation of pedestrian and vehicular traffic and arrangement and amount of parking.
This was reviewed with the original site plan and does not change with the proposed landscape modifications.

F. Protection of adjacent and neighboring properties through reasonable provision of surface water drainage, sound and light buffers, preservation of views, lights, and air and those aspects of design not adequately covered by other regulations which may have substantial effects on neighboring land uses.
This was reviewed as part of the original site plan and does not change with the proposed landscape modifications

G. Consistency with the City's Engineering and Design standards as adopted by Resolution of the City Council.
This was reviewed as part of the original site plan and does not change with the proposed landscape modifications.

Decision
The Planning Commission reviewed the request in a public hearing on August 7, 2019 and August 20, 2019. The meeting minutes shall be made a part of the Findings of Fact and Conclusion. Motion by Lundeen, second by Collison to keep the original plan in place. Motion passed 7-0.

The City Council reviewed the request a regularly scheduled meeting on September 3, 2019. The meeting minutes shall be made a part of the Findings of Fact and Conclusion.

Memo for Council Action

To: Mayor Johnson and Members of the City Council
From: Finance Director Betker
Date: September 3, 2019
Subject: Liquor Store PT Shift Differential

Background:
Hiring part time employees at the Liquor Store has grown increasingly difficult over time. The two biggest issues appear to be that prospective employees would prefer to not work weekends and holidays and also that nearby municipal liquor stores are advertising part time positions at higher hourly rates than we offer.

Recommendation:
Committee of the Whole has recommended that the Council consider a $1.50 per hour shift differential for part time employees that would apply to Holidays that City Hall is closed, Fridays 6pm-10pm, Saturdays 8am-10pm, and Sundays 10am-6pm. No "double dipping" would be allowed. That is to say that working a Saturday that is also a Holiday would not result in a $3.00 differential.

The above parameters would result in roughly 2,800 hours being paid at a higher rate out of a total budgeted hours of 5,760 for part time staff. The differential would add approximately $5,000 in wages, payroll taxes and retirement benefits over the course of a year. The amount would move up or down based on how many of those hours are filled with lower wage staff vs. higher wage staff.

Action Required:
Consider Resolution 2019-XXX Part Time Liquor Store Staff Shift Differential

RESOLUTION 2019-XXX

APPROVING SHIFT DIFFERENTIAL FOR PART TIME LIQUOR STORE STAFF

WHEREAS, the City of Isanti has noticed its pay for part time liquor store staff is lower than nearby municipal liquor stores; and,

WHEREAS, it has become increasingly difficult to hire part time liquor store staff and to fill weekend and holiday shifts; and,

WHEREAS, the Committee of the Whole has reviewed this matter and recommends implementing a $1.50 shift differential for part time weekend and holiday liquor store shifts;

NOW THEREFORE BE IT RESOLVED BY THE CITY COUNCIL OF THE CITY OF ISANTI, MINNESOTA:

1.) That a $1.50 per hour shift differential for part time liquor store employees that would apply to Holidays that City Hall is closed, Fridays 6pm-10pm, Saturdays 8am-10pm, and Sundays 10am-6pm shall be effective September 4th 2019.
2.) No pyramiding will be allowed. Holidays that fall during weekend hours will not result in a $3.00 per hour shift differential.

Memo for Council Action

To: **Mayor Johnson and Members of the City Council**
From: Josi Wood, City Administrator
Date: September 3, 2019
Subject: Resolution Approving City Organizational Staffing Chart

---

The most recent organizational staffing plan was approved for years 2016-2020. There were multiple positions that were not filled such as a PT-FT Engineering Tech, increasing the hours of the PT Admin Staff, adding a temporary PT Staff for document imaging/scanning, and PT marketing staff.
Staff has reviewed all the departments and developed a revised staffing plan for years 2020 through 2028 (when the City nears the population of 7500) below:

Administration

- 2020: Increase PT HR Asst./Deputy City Clerk to Full – Time
- 2020: Add PT Admin Intern
- 2021: Separate HR from City Clerk – HR/ Deputy Clerk and City Clerk
- 2021: Add Temporary PT Assistant for document imaging

Finance

- No recommended staffing changes at this time. Evaluate needs after population 7,500 but before 10,000

Community Development

- 2020: New job description for planner as code enforcement duties go to PD
- 2021: Add PT Marketing Assistant

Police

- 2020: Add PT CSO position
- 2021: Increase CSO to FT
- 2021: Increase support staff for 2 FT (or 1 FT and 2 PT) positions
- 2021: Add one FT Officer
- 2022: Add one FT Officer

Liquor

- No recommended staffing changes at this time. Maintain all positions filled. Evaluate needs after sales reach a higher threshold or other variable changes.

Public Services

- 2021: Add seasonal PW worker
- 2021: Increase hours 40hr/week for PT Parks Intern June - Aug
- 2021: Add FT Engineering Tech
- 2023: Add Maintenance Tech II
- 2028: Departmentalize Streets/Parks from Utilities and reorg the PW department. Staffing needs would grow if a mechanical wastewater plant upgrade is required.

Committee Recommendation:
The Committee of the Whole reviewed the plan and has recommended approval.

Request:
Staff is requesting action on this item.

Memo for Council Action

To: Mayor Johnson and Members of the City Council
From: Don Lorsung, Assistant City Administrator/Special Projects
Date: August 21, 2019
Subject: Resolution Approving Small Wireless Facility Planning Guidelines

Background:

In August, 2018, the City Council adopted Right of Way regulations that govern the placement of utilities and small cellular (Small Cell) facilities in the City right of ways and City easements. As a part of regulating Small Cell facilities, which include ground or elevated equipment and antennas, the City needs to adopt facility design and placement guidelines for the eventual installation of 5G cellular systems in Isanti. The proposed guidelines would regulate: system equipment, exterior colors/landscaping, logos, signage, location, collocation with other utilities, and guidelines on placement.

Recommendation:

The Committee of the Whole reviewed the proposed plan on August 20, 2019 and recommends approval of the Small Cell Wireless Facility Guidelines.

Request:

Staff is respectfully requesting action on this item.

Action Required:

If the Council concurs, it should by motion, take the following actions:

1. Approve attached Resolution and Guidelines.

Attachments:

- Res 2019-XXX A Resolution Approving Small Facility Design Guidelines

RESOLUTION NO. 2019-xxx

A RESOLUTION APPROVING SMALL WIRELESS FACILITY DESIGN GUIDELINES

WHEREAS, an ordinance to regulate work in City right of ways has been developed; and

WHEREAS, the ordinance regulates deployment of small cell wireless facilities in City right of ways; and

WHEREAS, staff has developed Guidelines for design and placement of small wireless cell facilities; and

WHEREAS, the attached guidelines have been reviewed by the City Attorney and City Engineer:

NOW, THEREFORE, BE IT RESOLVED by the City Council of the City of Isanti, Minnesota as follows:

1. The City Council hereby approves the Small Wireless Facility Design Guidelines as attached (Attachment A).

This Resolution was duly adopted by the Isanti City Council this 3rd day of September 2019.

CITY OF ISANTI
SMALL WIRELESS FACILITY DESIGN GUIDELINES

I. PURPOSE AND COMPLIANCE

In implementing City Code, Chapter 257, Right of Way Management, the City Council of the City of Isanti (the "City") finds that in order to protect the public health, safety and welfare of its citizens and to reasonably manage and protect the public rights-of-way (the "ROW") and its uses in the City, it is in the best interest of the City and its residents and businesses to establish Small Wireless Facility Design Guidelines (the "Guidelines") to provide the aesthetic requirements and other specifications and reasonable conditions that small wireless facilities and wireless support structures installed within the public ROW must meet prior to and following installation.

The objective of these Guidelines is to strike a balance between preserving and protecting the character of the City through careful design, siting, and camouflaging techniques to blend these facilities into their surrounding environment and provide other reasonable conditions upon such placement and use of the ROW, while enhancing the ability of small wireless facilities carriers to deploy small wireless facilities and wireless support structures in the City effectively and efficiently so that residents, businesses, and visitors benefit from ubiquitous and robust wireless service availability.

These Guidelines apply to requests to locate small wireless facilities in the ROW and ongoing use of the ROW for such purposes. These Guidelines are established pursuant to City Code, Chapter 257 and applicable law. These Guidelines are administered through the permitting process contained therein as conducted by the City.

Placement or modification of a small wireless facilities and/or wireless support structures shall comply with these Guidelines at the time the permit for installation or modification is approved and as amended from time to time. Wireless service providers and permittees are required to comply with City Code, Chapter 257.

II. DEFINITIONS

The definitions contained in Minn. Stat. § 237.162 and City Code Chapter 257 are incorporated into this policy by reference as though fully set forth herein.

III. APPLICATION REQUIREMENTS

Prior to placing, installing, modifying, relocating or removing a small wireless facility or wireless support structure in the ROW, or to collocating a wireless facility on an existing wireless support structure in the ROW, the operator shall apply for and receive a permit from the City. In addition to the application requirements established in City Code 257, the information identified in this Section III must be included for the application to be considered complete, except that where such information is already in the City's possession from previous applications, or where the applicant previously filed information and specifications for standard materials that are being utilized in the new application, such information shall be referenced but need not be resubmitted. The City may require additional information as reasonably necessary to evaluate the application and the impact of the proposed installation(s) on the public health, safety and welfare or on use or management of the ROW.

A. PROOF OF AGENT DESIGNATION (IF APPLICABLE):

If the applicant is serving as an agent of a small wireless operator, the applicant must provide written documentation of the agent designation signed by the operator.

B. MAP

The applicant must include an aerial map showing the location of the proposed or existing support structure to which the small wireless facility is proposed to be attached, or from which a small wireless facility is proposed to be removed.

C. PHOTO SIMULATIONS

For all applications to locate small wireless facilities in the ROW, the applicant shall provide photo simulations from at least two reasonable line-of-site locations near the proposed project site. The photo simulations must be taken from the viewpoints of the greatest pedestrian or vehicular traffic.

D. CONSOLIDATED APPLICATIONS

An applicant seeking to construct, modify, collocate or replace more than one small wireless facility or more than one wireless support structure within the City may file a consolidated application for multiple small wireless facility requests or wireless support structure requests; provided the requests grouped on a consolidated application only address substantially the same type of small wireless facilities or substantially the same type of wireless support structures. (Note: The City may treat each request individually during application review and processing and when issuing a determination or applying these guidelines.)

E. SITE AND OTHER PLANS AND STRUCTURAL CALCULATIONS

The applicant must include fully dimensioned site plans, elevation drawings and structural calculations that depict any known existing wireless facilities with all existing transmission equipment and other improvements, the proposed facility with all proposed transmission equipment and other improvements, and the legal boundaries of the existing right-of-way and any associated access and utility easements. Fully dimensioned site plans shall indicate the spacing from existing curb, driveways, sidewalks, light poles and any other poles or appurtenances.

F. FULL DESCRIPTION OF NUMBER AND DIMENSIONS OF FACILITIES AND/OR STRUCTURES TO BE INSTALLED

The applicant must include a full description of the number and dimensions of all small wireless facilities proposed to be installed and the wireless support structure, either new or existing, to be utilized for each small wireless facility. For all equipment proposed to be installed, the applicant must include: (1) the manufacturer's name and model number; (2) physical dimensions, including without limitation, height, width, depth and weight with mounts and other necessary hardware; and (3) the ambient noise level generated from the equipment, if any.

G. OWNER'S AUTHORIZATION

For any application to attach a small wireless facility to a wireless support structure that is not owned by the City, the applicant must submit evidence sufficient to show that either: (1) applicant owns the proposed support structure; or (2) applicant has obtained the owner's written authorization to file the application.

IV. AESTHETIC REQUIREMENTS FOR SMALL WIRELESS FACILITIES

A. ANTENNAS

1. Each small wireless antenna shall be located entirely within a shroud or canister type enclosure.
2. The diameter of the antenna enclosure at its widest point should not be wider than two times the diameter of the top of the wireless support structure. The enclosure shall not exceed six cubic feet in volume.
3. All antenna enclosures shall either be mounted to the top of the wireless support structure pole and aligned with the centerline of the wireless support structure, or mounted to the side of the wireless support structure such that the vertical centerline of the antenna enclosure shall be parallel with the wireless support structure with the height of the side mounted antenna being at a location on the

wireless support structure noted in the application and approved by the City, but at least 10 feet above ground level at its lowest point. Antennas must not exceed the building height requirements in their respective zoning district by more than ten 10' feet, with a maximum height of 50' feet..

4. Tree "topping" or the improper pruning of trees is prohibited. Any proposed pruning or removal of trees, shrubs or other landscaping already existing in the ROW must be noted in the application and must be approved by the City.

B. CABLES AND WIRES

All cables, wires and connectors related to the small wireless facility must be fully concealed on the wireless support structure and shall match the color of the wireless support structure. There shall be no external cables and wires related to the small wireless facility hanging off or otherwise exposed on the wireless support structure.

C. COLORS

All colors shall match the background of any wireless support structure that the facilities are located upon, including equipment cabinets. Notwithstanding the foregoing, in the case of existing wood utility poles, finishes of conduit shall be zinc, aluminum or stainless steel, or colored to match those metal finishes, and equipment cabinets shall be the color of brushed aluminum.

D. EQUIPMENT ENCLOSURES/CONCEALMENT/MAINTENANCE

1. Equipment enclosures, including electric meters, shall be as small as possible, but in no event larger than 28 cubic feet in volume. Ground-mounted equipment shall incorporate concealment elements into the proposed design matching color and materials of the wireless support structure, unless other materials or colors are approved by the City. Concealment may include, but shall not be limited to, landscaping, strategic placement in less obtrusive locations and placement within existing or replacement street furniture.

2. Radio equipment shall be fully enclosed within an equipment cabinet or concealed within the antenna shroud enclosure matching the color and materials of the wireless support structure, unless other materials or colors are approved by the City.

3. Landscaping concealing equipment enclosures shall be planted in such

quantity and size such that 100% screening is achieved within two years of installation.

4. All equipment enclosures shall be maintained in good condition. They shall be completely sealed with a secured access. The small cell company and/or right-of-way user must take reasonable care and measures to prevent damage to their facilities. Open, broken or unsealed enclosures shall be considered a public nuisance under City Code Chapter 216.

E. SIGNAGE/LOGOS/LIGHTS/DECALS/COOLING FANS

1. Signage: The small wireless facility permittee shall post its name, location identifying information, and emergency telephone number in an area on the cabinet of the small wireless facility that is visible to the public. Signage required under this section shall not exceed 4 inches by 6 inches, unless otherwise required by law (e.g. radio-frequency (RF) ground notification signs) or the City. If no cabinet exists, the signage shall be placed at the base of the pole.

2. Lights: New small wireless facilities and wireless support structures shall not be illuminated, except in accord with state or federal regulations, or unless illumination is integral to the camouflaging strategy such as design intended to look like a street light pole.

3. Logos/Decals: The small wireless facility operator/permittee shall remove or paint over unnecessary equipment manufacturer decals. The color shall match or shall be as approved by the City. Small wireless facilities and wireless support structures shall not include advertisements and may only display information required by a federal, state or local agency. The small wireless facility operator/permittee shall utilize the smallest and lowest visibility RF warning sticker required by government or electric utility regulations. Placement of the RF sticker shall be as close to the antenna as possible.

4. Cooling Fans: In residential areas, the small wireless facility operator/permittee shall use a passive cooling system. In the event that a fan is needed, the small wireless facility operator/permittee shall use a cooling fan with a low noise profile.

V. LOCATION REQUIREMENTS

A. MOST PREFERABLE LOCATIONS

The following are the most preferred areas for new small wireless facilities in the order of preference (1 being most preferable):

1. *Industrial Districts* if not adjacent to a park, residential district or historic district.

2. *Highway Rights of Way* areas if not adjacent to a park, or residential district.

3. *Commercial Districts* if not adjacent to a park, or residential district.

B. COLLOCATION PREFERENCE

It is the City's strong preference that whenever an applicant proposes to place a new small wireless facility that the applicant collocate the same on existing wireless support structures.

C. LEAST PREFERABLE LOCATIONS

The following are the least preferred areas for new small wireless facilities in the order of preference (2 being least preferable).

1. *Residential Districts*
2. *Parks*

D. CONSIDERATION OF ALTERNATE LOCATIONS

The City reserves the right to propose an alternate location for a small wireless facility and/or wireless support structure to the location proposed in the application within one hundred feet of the proposed location or within a distance that is equivalent to the width of the ROW in or on which the small wireless facility and/or wireless support structure is proposed, whichever is greater, which the operator shall use if it has the right to use the alternate location on reasonable terms and conditions and the alternate location does not impose technical limits or additional costs.

E. GUIDELINES ON PLACEMENT

The City desires to promote cleanly organized and streamlined facilities using the smallest and least intrusive means available to provide wireless services to the community. Generally, a small wireless facility and/or wireless support structure shall match and be consistent with the materials and finish of the wireless support structure, adjacent City poles, and of the surrounding area adjacent to their location. In the absence of adjacent City poles, the wireless support structure shall match the materials and finish of the adjacent utility poles.

The following additional guidelines on placement shall apply:

1. Small wireless facilities and wireless support structures shall be located no closer than 150 feet away, radially, from another small wireless facility and wireless support structure.
2. A combination wireless support structure and streetlight pole should only be located where an existing pole (usually Connexus Energy or East Central Energy) can be removed and replaced, or at a new location where it has been identified that a streetlight is necessary.
3. Small wireless facilities and wireless support structures shall be located in a manner that does not impede, obstruct, or hinder usual public pedestrian or vehicular travel or public safety on a ROW.
4. Small wireless facilities and wireless support structures shall be located in a manner that does not obstruct the legal use of a ROW by a utility provider.
5. Small wireless facilities and wireless support structures shall be located in a manner that does not violate or conflict with the City Code, Chapter 257 or these Guidelines.
6. Small wireless facilities and wireless support structures shall be located in a manner that does not violate the federal Americans with Disabilities Act.
7. Small wireless facilities and wireless support structures shall be located in a manner that does not negatively impact the structural integrity of the associated wireless support structure.
8. Small wireless facilities and wireless support structures shall be located in alignment with existing trees, utility poles, and streetlights.
9. Small wireless facilities and wireless support structures shall be located equal distance between trees when possible, with a minimum of 15 feet separation such that no proposed disturbance shall occur within the critical root zone of any tree.
10. Small wireless facilities and wireless support structures shall be

located with appropriate clearance from existing utilities.

11. Small wireless facilities and wireless support structures shall be located so as not to be located along the frontage of any building deemed to be of historic significance on a federal, state, or local level.
12. Small wireless facilities and wireless support structures shall not be located within sight triangles at street intersections.
13. New wireless support structures shall not be located directly in front of any existing residential, commercial or industrial structure.
14. To the greatest extent possible, new wireless support structures shall be located in line with existing lot lines or an equidistance from any two existing structures. In areas of the City where multiple structures aut each other and/or where no side lot setback requirements exist, new wireless support structures shall not be located directly in front of an entrance or window of any existing structure.

Figure 1 – Example of Acceptable Location Between Residential Homes:

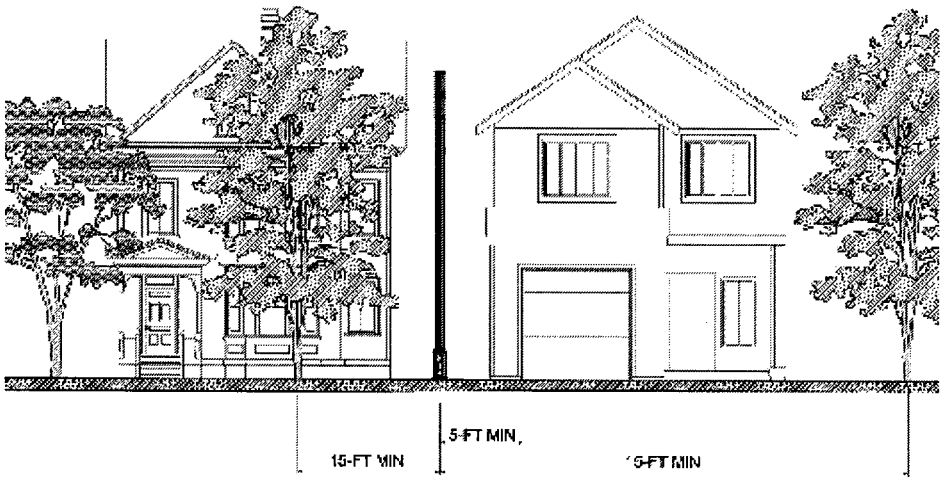

Figure 2 – Example of Acceptable Location Between Commercial Buildings:

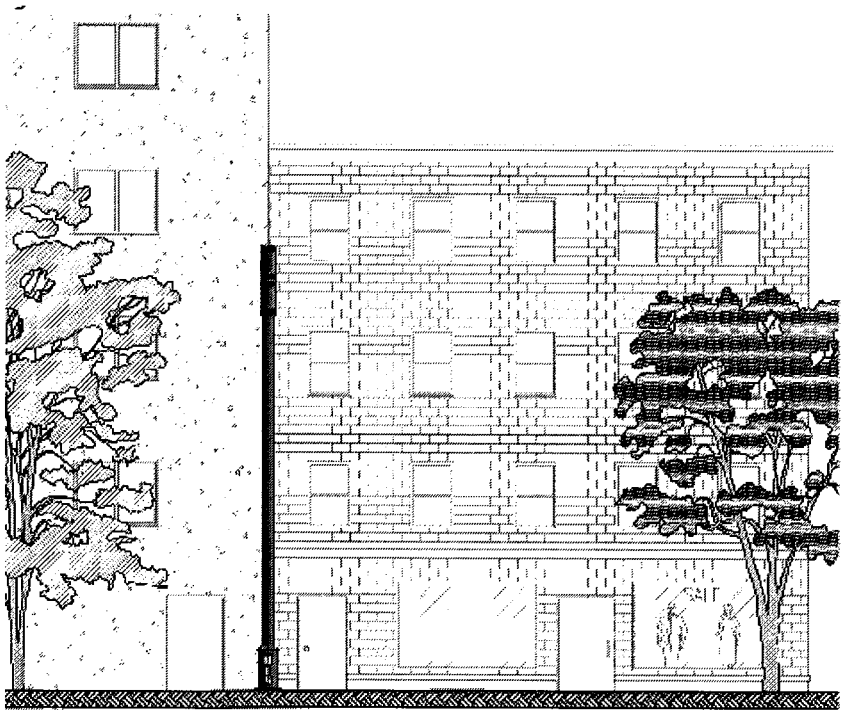

VI. LIMITATIONS

While the City fully intends to apply the guidelines established in this policy uniformly to all small wireless facility applications, there may be circumstances where not every specific guideline may be met. In these case, City staff will use its reasonable discretion in approving small wireless facilities permit applications that deviate from the strict application of this policy.

VII. EFFECTIVE DATE OF POLICY

This Policy will be effective as of September 4, 2019. Modifications of the Policy will be effective on the date said modifications are approved by the City Council.

RESOLUTION 2019-XXX

A RESOLUTION APPROVING A POLICY FOR MAYOR OFFICE EXPENDITURES AND PARTICIPATION IN EVENTS

WHEREAS, the Office of Mayor periodically requires expenditures for minor office equipment and supplies; and,

WHEREAS, the Office of Mayor is requested from time to time to participate in civic, community and regional events that are not timely for consideration by the City Council; and,

WHEREAS, the Committee of the Whole discussed this and recommends approval;

NOW, THEREFORE, IT IS HEREBY RESOLVED by the City Council of City of Isanti, Minnesota to approve the following:

1. That expenditures for office equipment and supplies for the Mayor's Office, in an amount not to exceed $500.00, may be approved by the City Administrator. This funding shall be part of an approved annual budget.
2. That the Mayor may participate in civic, community and regional events upon consultation and concurrence by the City Administrator.

Subject: A Resolution Approving Additional Cedar Tree Revetment at River Bluff Preserve

---

Background

City of Isanti staff have worked with the Isanti Soil and Water Conservation District (SWCD) and Anoka SWCD on a cedar tree revetment project at River Bluff Preserve. Cedar tree revetments involve securing cedar trees to the river bank and planting trees within the project area. The cedar trees slow down the river current and collect sediment to rebuild the riverbank, slowing down and correcting erosion. The trees grown in the area will then stabilize the bank well into the future.

The City of Isanti's partnership with the Soil and Water Conservation Districts to put the revetments in place will be made possible through grants from the Outdoor Heritage Fund and Conservation Corps of Minnesota. The City's responsibilities will be to contribute 10% of the material and installation costs (estimated $286.42, not to exceed $315.06), and to agree to leave the revetment in place for 10 years. The revetment may require cedar trees to be removed from the portion of River Bluff Preserve.

The cedar tree revetments are not budgeted in 2019; however, the 2019 PRC-500 budget has adequate funding to cover the City's 10% contribution to the project.

Staff Request

It is requested that City Council consider approving the grants obtained through partnership with the Isanti Soil and Water Conservation District, approving the contract for construction and maintenance of the erosion control, and authorizing the unbudgeted amount, not to exceed $315.06, as required for the 10% contribution toward the grant for the project.

RESOLUTION 2019-XXX

A RESOLUTION APPROVING ADDITIONAL CEDAR TREE REVETMENT AT RIVER BLUFF PRESERVE

WHEREAS, the City of Isanti, through a partnership with Isanti Soil and Water Conservation District (SWCD) had the opportunity to participate in a cedar tree revetment program to control erosion and rebuild the river bank at River Bluff Preserve in 2017; and,

WHEREAS, additional project areas to be completed in 2019 have been identified by Isanti SWCD; and,

WHEREAS, the project is made possible through grants from the Outdoor Heritage Fund and Conservation Corps of Minnesota; and,

WHEREAS, the grants require a 10% contribution toward construction costs by the City of Isanti, which will not exceed $315.06; and,

WHEREAS, the Finance committee discussed the project at its June 28, 2018 meeting and identified 101-45300-500 (PRC-Capital Outlay) as the appropriate funding source with adequate funds available; and,

WHEREAS, the City of Isanti will agree to keep the revetment in place over its effective lifetime (approximately 10 years); and,

WHEREAS, cedar trees are required for the construction and Isanti SWCD has identified trees appropriate for the project on the upper portion of River Bluff Preserve; and,

WHEREAS, 11 cedar trees will be cut and placed within River Bluff Preserve by Isanti Public Works department to be used for this project.

NOW, THEREFORE, IT IS HEREBY RESOLVED by the City Council of the City of Isanti, Minnesota, to approve cedar tree revetment at River Bluff Preserve, including the following:

- Funding the previously unbudgeted 10% contribution, not to exceed $315.06 through 101- 45300-500
- Approving the Partnership Agreement for the Construction and Maintenance of Riverbank Erosion Control (attached as Appendix A)
- Removal and use of cedar trees from the upper portion of River Bluff Preserve in the revetment

This Resolution is hereby approved by the Isanti City Council this 3rd day of September, 2019.

PARTNERSHIP AGREEMENT FOR THE CONSTRUCTION AND MAINTENACE OF RIVERBANK EROSION CONTROL

THIS AGREEMENT is made on this August 19, 2019 (Effective Date), by City of Isanti, (Owner) of the property located at River Bluff Preserve (Property), and Anoka Conservation District (ACD)

WHEREAS, ACD in cooperation with the Isanti Soil and Water Conservation District (Isanti SWCD) has initiated an erosion control program for the improvement of water quality and habitat creation along the Rum River, located in Isanti County, Minnesota, and

WHEREAS, in cooperation with the Owner, ACD intends to install a cedar tree revetment and willow stakes along approximately 100 feet of riverbank at the Property as shown on the attached **Exhibit A** (Project). This Project will benefit water quality in the Rum River and will benefit Owner's Property by providing stabilization, and

WHEREAS, ACD will coordinate construction of the Project, and

WHEREAS, Owner desires to maintain the Project to ensure Project success.

BE IT RESOLVED THAT, in consideration of mutual promises set forth herein and other good and valuable consideration, ACD and Owner agree as follows:

1. ACD will be responsible for coordination and installation of the Project.
2. Isanti staff will cut and pile 11 cedar trees that are 12-14' long before 9/11/2019.
3. ACD and Owner each agree that financial responsibility for construction of this Project shall be as shown in **Table 1** below:

Table 1. Financial Responsibility for Project

RESPONSIBLE PARTY	COST ($)	% OF TOTAL
Owner*	$286.42	10%
OHF/CCM** Grants	$2,864.22	90%
TOTAL PROJECT COST	$3,150.64	100%

*The total Owner contribution cost will not exceed the amount shown, plus 10%, and will be based on actual materials and labor used.
**OHF= Outdoor Heritage Fund, CCM= Conservation Corps of Minnesota.

4. Under no circumstances will ACD be responsible for the on-going physical performance of the Project, or for any repairs, changes or alterations to the same and cost thereof.

Operation & Maintenance

5. The Owner agrees, at Owner's expense and at no cost to ACD, to:
   1) Maintain the project by not removing it.
   2) Check the cedar tree revetment for areas of continued erosion or trees lost to natural forces. Inform the ACD of any such issues. The ACD is under no obligation to incur costs for such corrective actions, but must advise the Owner of recommended actions.

6. The Owner assumes the full and sole responsibility for the maintenance of the Project over the effective life, a minimum of ten (10) years. Should the owner fail to maintain the Project or remove the during its effective life, the Owner is liable to ACD for up to 100% of the amount of financial and technical assistance provided, as identified in **Table 1**.

   The Owner is not liable to ACD for financial assistance provided to the Project if
   1) ACD determines that the Project's failure was caused by reasons beyond the Owner's control,
   2) The Owner replaces the project in whole or part with measures of equal or better erosion control performance and ecological benefit, as determined by ACD. Note: A permit from the MN DNR and others is likely needed for any such work.
   3) The Owner has conveyed title to the Property, provided that the Owner notifies ACD at least 30 days prior to conveyance of the Property and facilitates communication between ACD and the new owner regarding continued maintenance of the Project, or

7. The Owner agrees to indemnify, defend, and hold harmless ACD and the Isanti SWCD from all present and future claims that may arise from the construction, maintenance and performance of the Project located on the Property.

8. The Owner shall allow ACD or Isanti SWCD staff to inspect the project, at reasonable times and with prior notice to the Owner. This paragraph does not create any right of public entry onto the Owner's property except as coordinated with Owner and accompanied by a representative of ACD or Isanti SWCD.

9. This agreement will remain in effect for ten (10) years after the Effective Date. Any modification or cancellation of this agreement shall be in writing and signed by both parties.

10. Any notice provided under this Agreement will be sent by certified mail, return receipt requested, or by personal service at the following addresses:

REQUEST FOR PROPOSAL NOTICE

CITY OF ISANTI
SPECIFICATIONS FOR CONTRACTED SERVICES FOR PLUMBING MAINTENANCE

Section 1. Plumbing Maintenance Work

The City is accepting proposals to perform plumbing maintenance work on an "as needed basis" for City buildings and facilities. This work is typically indoors and tasks could range from repair of plumbing systems, fixtures, water heaters, and water softeners. Work to be performed under direction of a state licensed Master Plumber. The proposer should list experience, examples of project work, list individual(s) who will perform the work, their qualifications and contractor references. A completed Doing Business with the City of Isanti form should be provided with the proposal.

Acceptance of the proposal is for a "first call" basis, and if the contractor is not available or cannot respond in a timely manner, the City reserves the right to contact another vendor. Specialty equipment in city utility and liquor store facilities is not covered under this contract.

Section 2. Contract / Term of Contract

The successful proposer will enter into a contract with the City to provide services. The contract shall be for a five-year time period.

Section 3. Insurance /Independent Contractor

The Successful proposer will need to provide the City with a Certificate of Insurance with General and Automobile Liability Insurance in the amount of $1,000,000 and Workers Compensation Insurance in the statutory amounts. The City of Isanti shall be listed on the Certificate as an additional insured.

Independent contractors carrying on a trade or business as sole proprietors must present an Independent Contractor Exemption Certificate (ICEC) when submitting a quote for the above services.

Section 4. Material Costs / Invoice Required

For approved materials that need to be ordered for City projects that cost more than $50.00 dollars either individually or in total cost (multiple items), a copy of the vendor invoice that shows the cost to the Contractor for materials needs to be submitted with any request for reimbursement. With the use of materials purchased wholesale, the wholesale cost of the materials needs to be reported and a copy of the vendor receipt provided. In no case shall the contractor's mark-up exceed 10% of the wholesale cost. The City also requires that any rebates be reported and those amounts must be deducted from the cost of materials on the Contractor's bill to the City.

Section 5. References

Please provide contact information for 3 commercial customers that you have performed the above services for. This must be submitted with the proposal.

SETTLEMENT AGREEMENT AND RELEASE OF CLAIMS UNDER MINNESOTA STATUTES SECTION 299A.465

This Settlement Agreement and Release of Claims under Minn. Stat. § 299A.465 is made by and between Rodrick Barrows ("Employee") and the City of Isanti ("Employer").

I. RECITALS

1. Employee was employed by the Employer as a police officer;

2. Employee allegedly sustained injuries in the line of duty;

3. Employee was awarded Police and Fire Plan duty disability benefits by the Public Employees Retirement Association (PERA), pursuant to Minn. Stat. § 353.656, Subd. 1;

4. Employee alleges he is entitled to continuation of healthcare benefits in accordance with Minn. Stat. § 299A.465;

5. Employer denies that the Employee is entitled to continuation of healthcare benefits in accordance with Minn. Stat. § 299A.465;

6. Employer denies that the Employee sustained an in-the-line of duty disability; and

7. The parties desire to fully and finally settle any and all issues, differences, and actual and potential claims or causes of action between them pertaining to Employee's claims under Minn. Stat. § 299A.465.

II. CONSIDERATION

1. In full and final settlement and release of all claims, Employer agrees to pay Employee the total sum of $75,000. The payment shall be issued to Employee as compensation for all claims Employee has or claims to have against Employer under Minn. Stat. § 299A.465.

2. The parties agree that said sum represents the Employer's monthly liability to Employee under Minn. Stat. § 299A.465 until Employee reaches the age of 65.

3. Employee agrees that the money he is receiving is a full and fair payment and sufficient consideration for the release of said claims.

4. Employer makes no representations to Employee as to the proper tax treatment of any payments to Employee under this Release. Employee is responsible for payment of all applicable federal and state taxes and any other taxes or interest or penalties related to the settlement payment. Employee will indemnify and hold the Employer harmless for any taxes, penalties or interest which are found to be owing.

III. WAIVER AND RELEASE

1. In consideration for the settlement payment, Employee hereby irrevocably and unconditionally waives and releases Employer from any and all claims, controversies, causes of action, damages, costs, attorney's fees, or liabilities of any nature, known and unknown relative to his potential rights under Minn. Stat. § 299A.465, including but not limited to claims existing at any time up to and including the date of this Release, and further agrees not to commence suit based upon any of the foregoing. The claims released by this agreement specifically include any and all claims pursuant to Minn. Stat. § 299A.465, including, but not limited to, claims for continuation of healthcare insurance coverage in accordance with Minn. Stat. § 299A.465, or otherwise, claims for the cost of health insurance coverage, reimbursement of out-of-pocket medical expenses, and reimbursement of out-of-pocket insurance costs.

2. Employee also releases and discharges Employer from any and all liability for any and all damages, actions, or claims – regardless of whether they are known or unknown, direct or indirect, asserted or unasserted – arising out of, or relating to, his separation from employment with the City of Isanti, to the extent such claims are waivable.

3. In consideration for the settlement payment, Employee hereby resigns from the City of Isanti Economic Development Authority and hereby withdraws his application to serve on the City of Isanti Park, Recreation and Culture Board. Employee shall submit written notices to the City memorializing this resignation and withdrawals concurrent with his execution of this Agreement.

ADDITIONAL UNDERSTANDINGS, AGREEMENTS, AND REPRESENTATIONS

1. The parties understand that the term "Employer," as used in this Release of Claims, includes the City of Isanti and its current and former elected officials, divisions, officers, directors, agents, employees, insurers, and legal counsel.

2. It is understood and agreed that this Settlement Agreement and Release represent the compromise of doubtful and disputed claims and that this settlement is not to be construed as an admission of liability on the part of the Employer. The Employer denies liability and the parties intend to avoid litigation. Employee agrees that this Release is not an admission by Employer of any violation of Employee's rights or of any statutory violation.

3. Employee agrees that this Release of Claims binds Employee and also binds Employee's heirs, executors, administrators, assigns, agents, partners, and successors in interest.

Employee represents that no right, claim or cause of action covered by this Release has been assigned or been given to someone else.

4. This Agreement is public data. To the extent allowed by law, all other personnel data relating to Employee is private personal data.

5. This Release contains the entire understanding between the Employer and Employee and supersedes all other agreements and understandings relating to the subject matter of this Release. This agreement shall not be modified, amended or terminated unless such modification, amendment, or termination is executed and agreed to in writing by Employer and Employee. The invalidity or partial invalidity of any portion of this Release shall not invalidate the remainder thereof, and said remainder shall remain in full force and effect.

6. Employee represents and certifies that he (a) has read this Release carefully; (b) understands its provisions; (c) has had an opportunity to consult with an attorney; (d) has not been influenced to sign this Release by any statement or representation by Employer not contained in this Release; and (e) enters into this Settlement Agreement and Release of Claims knowingly and voluntarily.

7. The parties agree that the settlement payment represents the Employer's monthly obligation to Employee starting on September 20, 2017 (the date of PERA's in-line-of duty determination) until Employee reaches the age of 65 on September 30, 2036. Employee does not object to and shall not contest Employer's rights to pursue reimbursement pursuant to Minn. Stat. § 299A.465, subd. 4.

To: **Mayor Johnson and Members of the City Council**
From: Josi Wood, City Administrator
Date: September 3, 2019
Subject: Designating Civil and Prosecution Legal Services

Currently Joslin & Moore Law Offices, PA currently provides both City civil and prosecution services for the City of Isanti. Per City Council Resolution 2019-175, the City Council approved a Request for Proposals (RFP) for both civil and prosecution legal services. Staff advertised the RFP and received six proposals from qualified firms for Civil Legal Services and three for Prosecuting Legal Services. Staff reviewed and rated the proposals and recommended interviewing three of the law firms for civil and one law firm for prosecuting. Staff and the Mayor held interviews and recommends acceptance of the proposal from Ratwik, Roszik & Maloney, P.A. for Civil Legal Services and GDO Law for Prosecuting Legal Services.

Recommendation:
Staff is recommending approving and entering into an agreement with Ratwik, Roszik & Maloney, P.A for City Civil Legal Services and GDO Law for City Prosecuting Legal Services.

Request:
Staff is requesting actions on this item.

ARTICLE I -- PURPOSE OF AGREEMENT

This AGREEMENT is entered into between the City of Isanti, hereinafter called the Employer, and Local Number 217 of Law Enforcement Labor Services, Inc., hereinafter called the Union. The intent and purpose of this Agreement is to:

1.1 Establish certain hours, wages, and other conditions of employment;

1.2 Establish procedures for the resolution of disputes concerning this AGREEMENTS interpretation and/or application;

1.3 Specify the full and complete understanding of the parties; and

1.4 Place in written form the parties agreement upon terms and conditions of employment for the duration of this AGREEMENT.

The EMPLOYER and the UNION, through this AGREEMENT, continue their dedication to the highest quality of public service. Both parties recognize this AGREEMENT as a pledge of this dedication.

ARTICLE 2 -- RECOGNITION

2.1 The Employer recognizes the Union as the exclusive bargaining representative under Minnesota Statutes for all licensed peace officers as defined in Bureau of Mediation services Case No 96-PCE-1437, dated April 16, 1996.

2.2 In the event the EMPLOYER and the UNION are unable to agree as to the inclusion or exclusion of a new or modified job class, the issue shall be submitted to the Bureau of Mediation Services for determination.

ARTICLE 3 -- DEFINITIONS

3.1 UNION: Law Enforcement Labor Services, Inc., Local No. 217.

3.2 EMPLOYER: The City of Isanti.

3.3 UNION MEMBERS: A member of Law Enforcement Labor Services, Inc., Local No. 217.

3.4 EMPLOYEE: A member of the exclusively recognized bargaining unit.

3.5 DEPARTMENT: The City of Isanti Police Department.

3.6 CHIEF: The Chief of Police of the City of Isanti Police Department.

3.7 BASE PAY RATE: The employee's hourly rate exclusive of any special allowances.

3.8 OVERTIME: Work performed in excess of an employees scheduled shift.

3.9 CALL BACK: Return of an employee to a specified work site to perform assigned duties at the express authorization of the Employer at a time other than a scheduled shift. An extension of or an early report to a scheduled shift is not a call back.

3.10 IMMEDIATE FAMILY: Immediate family shall include the employee's spouse, child, father, mother, spouse's mother, spouses father, grandchild, sibling-in-law, sibling, grandparent, grandparent-in-law, step parent, step brother/sister, step child.

3.11 DAYS: Unless otherwise indicated, mean the City's regular business days.

3.12 PROMOTION; A permanent change of an employee from a position in one work classification to a position in another work classification within the bargaining unit with more responsibility or duties and higher compensation.

3.13 TRANSFER; A change of employee from one position to another position in the same work classification or to another work classification, in the same compensation range within the bargaining unit, usually involving the performance of similar duties and requiring essentially the same basic qualifications.

3.14 EMERGENCY: A crisis situation or condition which reasonably may be expected to endanger life or property as defined by the Employer.

3.15 PROBATION PERIOD: Means one (1) calendar year from the employees date of hire. The probationary period for promoted or reassigned employees will last for six (6) months from date of promotion or reassignment.

3.16 RESIGNATION IN GOOD STANDING: An employee leaving service with the Employer after giving a two week notice, providing the employee has not been discharged for misconduct.

ARTICLE 4 -- NON-DISCRIMINATION

The Employer and the Union agree not to discriminate against any employee on any basis prohibited by law.

ARTICLE 5 - UNION RIGHTS

In recognition of the Union as the Exclusive representative the Employer shall;

5.1 Deduct each payroll period an amount sufficient to provide the payment of dues established by the Union from the wages of all employees authorizing in writing such deduction; and

5.2 Remit such deduction to the appropriate designated officer of the Union.

5.3 The Union may designate certain employees from the bargaining unit to act as stewards and shall inform the Employer in writing of such choice

5.4 The Employer shall make available to the Union mutually agreed upon facilities at reasonable times for the purposes of conducting Union business.

5.5 The Employer agrees to make space available on the Employer bulletin board for the posting of official Union notice(s) and announcements.

5.6 The Union agrees to indemnify and hold harmless the Employer against any claims, suits, orders, or judgments brought or issued against the Employer under the provisions of this article.

ARTICLE 6 -- EMPLOYER AUTHORITY

6.1 The Employer retains the full and unrestricted right to operate and manage all manpower, facilities and equipment; to establish functions and programs; to set and amend budgets; to determine the utilization of technology; to establish and modify the organizational structure; to select, direct and determine the number of personnel; to establish work schedules, and to perform any inherent managerial function not specifically limited by this AGREEMENT.

6.2 Any term and condition of employment not specifically established or modified by this AGREEMENT shall remain solely within the discretion of the Employer to modify, establish, or eliminate.

ARTICLE 7 -- SAVINGS CLAUSE

This AGREEMENT is subject to the law. In the event that any provision of this AGREEMENT shall be held to be contrary to the law by a Court of competent jurisdiction or administrative agency from whose final judgment or decree no appeal is made within the time provided, such provision shall be voided. All other provisions of this AGREEMENT shall continue in full force and effect. The voided provisions shall be renegotiated upon written request of either party.

ARTICLE 8 -- EMPLOYEE RIGHTS/GRIEVANCE PROCEDURE

8.1 A grievance is defined as a dispute or disagreement as to the interpretation or application of the specific terms and conditions of this AGREEMENT.

8.2 Union Representative. The Employer will recognize representatives designated by the Union as the grievance representatives of the bargaining unit. The Union shall notify the Employer in writing of the names of such Union representatives and of their successors when so designated.

8.3 Processing of a Grievance. It is recognized and accepted by the Union and the Employer that the processing of grievances as hereinafter provided is limited by the job duties and responsibilities of the employees and shall therefore be accomplished during normal working hours only when consistent with such employee duties and responsibilities. The aggrieved employee and the Union representative shall be allowed a reasonable amount of time without loss in pay when a grievance is investigated and presented to the Employer during normal working hours provided the employee and the Union Representative have notified and received the approval of the designated supervisor.

8.4 Procedure. Grievances, as defined by section 9.2, shall be resolved in conformance with the following procedure:

Step 1. An employee claiming a violation concerning the interpretation or application of this Agreement shall, within twenty-one (21) calendar days after such alleged violation has occurred or the employee through the use of reasonable diligence should have had knowledge of the occurrence of the alleged violation, present such grievance to the Police Chief At this step, the grievance may be presented either orally or in writing. The Police Chief will discuss and give an answer, in writing, to such Step 1 grievance within twenty-one (21) calendar days after receipt. A grievance not resolved in Step 1 and appealed to Step 2 shall be placed in writing setting forth the nature of the grievance, the facts on which it was based, the provision or provisions of the Agreement allegedly violated, and the remedy requested and shall be appealed to Step 2 within ten (10) calendar days after the Police Chiefs final answer in Step 1. Any grievance not appealed in writing to Step 2 by the Union within ten (10) calendar days shall be considered waived.

Step 2. If appealed, the grievance shall be in writing and presented by the Union to the City Administrator. The City Administrator will give the Union the Employers Step 2 answer in writing within ten (10) calendar days. A grievance not resolved in Step 2 may be appealed to Step 3 within ten (10) calendar days following the Employer's final Step 2 answer. Any grievance not appealed in writing to Step 3 by the Union within ten (10) calendar days shall be considered waived.

Step 3 A grievance not resolved in Step 2, by mutual consent, may be mediated using the services of the Bureau of Mediations Services. A petition for mediation by either party stops all timelines. A grievance not resolved in mediation, may be appealed to Step 4.

Step 4. A grievance unresolved in Step 2 or Step 3 and appealed to Step 4 by the Union shall be submitted to arbitration subject to the provisions of the Public Employment Labor Relations Act of 1971 as amended.

The Union and the Employer will endeavor to select a mutually acceptable arbitrator to hear and decide the grievance. If the Union and the Employer are unable to agree on an arbitrator, they may request from the Director of the Bureau of Mediation Services a list of qualified arbitrators. The parties will alternately strike names from the list of arbitrators until only one (1) name remains. The remaining arbitrator will hear and decide the grievance. If the parties are unable to agree on who will strike the first name the question will be decided by the flip of a coin.

8.5 Arbitrator's Authority

8.5.1 The arbitrator shall have no right to amend, modify, nullify, ignore, add to, or subtract from the terms and conditions of this AGREEMENT. The arbitrator shall consider and decide only the issue(s) submitted by the Employer and the Union in writing and shall have no authority to make a decision on any other issue not so submitted.

8.5.2 The arbitrator shall be without power to make decisions contrary to, or inconsistent with, or modifying or varying in any way the application of laws, rules or regulations having the force and effect of law. The arbitrator's decision shall be submitted in writing within thirty (30) days following the close of the hearing or the submission of briefs by the parties, whichever be later, unless the parties agree to an extension. The decision shall be binding on both the Employer and the Union and shall be based solely on the arbitrator's interpretation or application of the express terms of this Agreement and to the facts of the grievance presented.

8.5.3 The fees and expenses for the arbitrator's services and proceedings shall be borne equally by the Employer and the Union provided that each party shall be responsible for compensating its own representatives and witnesses. If either party desires a verbatim record of the proceedings, it may cause such record to be made, providing it pays for the record. If both parties desire a verbatim record of proceedings the cost shall be shared equally.

8.6 Waiver. If a grievance is not presented within the time limits set forth above, it shall be considered "waived." If a grievance is not appealed to the next step within the specific time limit or any agreed extension thereof, it shall be considered settled on the basis of

the Employers last answer. If the Employer does not answer a grievance or an appeal thereof within the specified time limits, the Union may elect to treat the grievance as denied at that step and immediately appeal the grievance to the next step. The time limit in each Step may be extended by mutual agreement of the Employer and the Union.

ARTICLE 9 -- DISCIPLINE

9.1 The Employer will discipline employees for just cause only. Discipline will be in one or more of the following forms

A. Oral reprimand
B. Written reprimand
C. Suspension
D. Demotion, or
E. Discharge

9.2 Suspension, demotions and discharges will be in written form.

9.3 Written reprimands, notices of suspensions, notices of demotion and notices of discharge which are to become part of an employee's personnel file will be read and acknowledged by signature of the employee. Employees and the Union will receive a copy of such reprimands and/or notices. Such documents more than twenty-four (24) months old may not be used for promotional evaluation or disciplinary action and shall be removed unless the original signed letter of discipline indicates otherwise.

9.4 Employees may examine their own individual personnel files at reasonable time under the direct supervision of the Employer.

9.5 Employees will not be questioned concerning an investigation of disciplinary action unless the employee has been given adequate opportunity to have a Union representative present at such questioning.

9.6 Grievances relating to this Article shall be initiated by the Union at Step 2 of the grievance procedure under Article 8 of this Agreement.

ARTICLE 10 -- JOB SAFETY TRAINING

10.1 The Employer agrees to provide employees with body armor as required by law.

10.2 The Employer will pay the cost of maintaining POST licensure.

10.3 The time an employee spends attending training, approved by the Chief and the City Administrator, shall be considered working hours for the purpose of computing wages and other benefits provided by this Agreement.

ARTICLE II -- HOURS OF WORK

11.1 The normal work year is an average of two thousand eighty (2,080) hours to be accounted for by each employee through

a) hours worked on assigned shifts;
b) holidays;
c) assigned training;
d) authorized leave time.

11.2 Nothing contained in this or any other Article shall be interpreted to be a guarantee of a minimum or maximum number of hours the Employer may assign employees.

11.3 Scheduled shifts shall be bid by seniority prior to November 15th of each year.

ARTICLE 12 -- OVERTIME PAY

12.1 Hours worked in excess of the employee's scheduled shift will be compensated at one and one-half times the employee's regular base pay rate.

12.2 For the purpose of computing overtime compensation, overtime hours worked shall not be pyramided, compounded, or paid twice for the same hours worked.

12.3 Part-time employees will be scheduled to fill open shifts unless it results in the payment of overtime. Reimbursable contract overtime shall be offered to full-time employees prior to assigning part-time employees. Overtime shall be distributed as equally as practicable to the full-time members of the bargaining unit.

12.4 In lieu of monetary compensation, an employee may choose to receive compensatory time at the rate of time and one-half (l-l/2) to a maximum accumulation of eighty (80) hours.

12.5 Credit for overtime hours worked (pay and/or compensatory time off) shall only be given upon receipt of supervisor approved documentation as to the purpose and need for the overtime and must be approved by the City Administrator.

12.6 Overtime shall be paid to nearest 1/4 hour. Officers shall report their start time at the time scheduled and any time worked over their shift as authorized by the Chief.

ARTICLE 13 -- COURT TIME

An employee who is required to appear in Court during the employee's scheduled off-duty time shall receive a minimum of three (3) hours pay at one and one-half (l-l/2) time the employee's base pay rate or for time worked, whichever is greater. An extension or early report to a regularly scheduled shift for a court appearance does not qualify the employee for the three (3) hour minimum. Overtime for court appearances shall be paid at the 1 1/2 times current rate of pay.

Court Standby: An off-duty employee who must remain available for a court hearing, and is required to call for verification that an appearance is necessary. An employee shall be compensated at the rate of $20.00 per day of standby only if no appearance is required. Compensation shall be paid for standby only on Tuesday, Wednesday, Thursday, and Friday. An employee may not receive standby pay and the court time minimum on the same day.

ARTICLE 14 -- CALL BACK TIME

An employee who is called to duty during the employee's scheduled off-duty time shall receive a minimum of three (3) hours pay at one and one-half (l-l/2) time the employee's base pay rate or for time worked, whichever is greater. An extension or early report to a regularly scheduled shift for duty does not qualify the employee for the three (3) hour minimum.

ARTICLE 15 -- STANDBY PAY

Employees required by the Employer to be on "stand-by" status will be compensated at the rate of one-half (1/2) their hourly base wages.

ARTICLE 16 -- SENIORITY

16.1 Definition: Seniority will be determined by an employee's length of continuous service with the Employer and posted in an appropriate location. Seniority rosters may be maintained by the Employer on the basis of time in grade and time within specific classifications. Full time employees shall always have seniority over part time employees. Seniority within the part time personnel shall not be transferable to a full time position.

16.2 Probationary Employees: During the probationary period, an employee may be discharged at the sole discretion of the Employer.

16.3 Lay-offs: Lay-offs are defined as separation from service by the Employer not related to discipline. Employees will be laid off by job classification seniority. Employees on layoff will have recall rights for one year after layoff. No employees will be hired in any job classification in which employees are laid off who have recall rights.

16.3.1 During a period when any employee is laid off under Article 16.2 the Employer agrees that overtime will not be used to subvert the need for the laid-off employee.

16.4 Vacancies: Job vacancies within the bargaining unit will be posted by the Employer in the department in a conspicuous place, for a period of ten (10) working days. An employee must apply for the position within the ten (10) working days posting time. An employee assigned to the posted job will be on probation for six (6) months, during which time the employee may be returned to their former position upon the request of the employee, without loss of seniority.

16.5 Transfers/Promotions: Seniority will be the determining criteria for transfer and promotions within the bargaining unit when the job-relevant qualifications are equal.

ARTICLE 17 -- COMPENSATION

17.1 Rates of Pay: Employees covered by this AGREEMENT shall be compensated in accordance with the Salary Schedule marked "Appendix A" attached hereto and made a part of this AGREEMENT.

17.2 Meals: Employees will be reimbursed for meals according to current policy.

17.3 The City shall pay the following lump sum payments to employees possessing a valid Post License and current Firearms Qualifications on December 31 of the preceding year. Payment shall be made in January of each contract year.

Post License	$325.00
Firearms qualifications	$300.00

17.4 Longevity
Longevity pay is based upon full length of service as a full-time officer in the City of Isanti from date of hire. Effective January 1, 2017, full time employees will receive longevity pay in accordance with the following schedule:

10 Years of Service – Two Percent (2%) above base wage rate
15 Years of Service – Four Percent (4%) above base wage rate
20 Years of Service – Six Percent (6%) above base wage rate

Longevity rates are applied to the base wage rate for full time employees for that year of tenure. The employee's anniversary date shall be the date used for the purpose of longevity increment movement.

17.5 Field Training Officer Pay at a rate of $2.00 per hour for hours when a Field Training

Officer (FTO) is training a recruit. The EMPLOYER will designate who will be an FTO.

ARTICLE 18 -- VACATION

18. 1 Vacation will accrue at the following rates:

0 through 1 year	6 days / 48 hrs. / yr.
After two (2) years	12 days / 96 hrs. / yr.
After six (6) years	18 days / 144 hrs. / yr.
After ten (10) years	24 days / 192 hrs. / yr.
After fifteen (15) years	27 days / 216 hrs. / yr.

18.2 48 hours of unused vacation and the Employee's annual accrual may be carried over from year to year.

18.3 When an employee terminates employment with the City in good standing, the employee shall receive the value of 100% of vacation time earned but unused as severance pay.

18.4 Seniority shall apply on vacation scheduling up to March 1st of each year. After March 1st, vacation scheduling shall be on a first come, first serve basis.

18.5 Vacation Donation Option: An employee may voluntarily donate their accumulated vacation hours (up to a max of 2 days / or 24 hours) to other employees whose accumulated leave balances are exhausted and who would otherwise be subject to a loss of income during a continued absence from work due to illness or injury. Donations will not be paid until all types of paid leave are exhausted by the recipient. The donated time will be paid to the recipient at the recipient's regular rate of pay on an hour per hour basis, and there will be no consideration for differences in wage rates applied to the transfer.

ARTICLE 19 -- LEAVES OF ABSENCE

19.1 Military Leave. Any military leave of absence shall be handled as provided by law.

19.2 Negotiating Committee. An employee elected to serve on the negotiating committee representing the bargaining unit members shall suffer no loss of pay if negotiations are held during the employee's on-duty hours. The employee shall not be eligible for overtime or straight time if meetings are held during the employee's off-duty hours.

19.3 Jury Duty. Employees required to serve on jury duty will be compensated by the Employer for the difference between the employee's regular rate of pay and the amount paid for jury duty.

19.4 Parenting Leave. Unpaid parenting leave is available to employees pursuant to law.

ARTICLE 20 -- SICK LEAVE

20.1 All full-time employees shall be credited with 8 hours of sick leave for each month of service, with a maximum accumulation of 480 Hours.

20.2 Employees may use their accrued sick leave for an illness or injury of the employee, employee's immediate family, and or to attend the funeral of a fellow employee. "Immediate family" will be defined by, and limited by, Minnesota Statutes Section 181.9413.

20.3 Upon termination of an employee in good standing and with five years consecutive employment, the employee shall be reimbursed one-half pay for sick days not used to a maximum of four hundred eight (480) accumulated hours at the employee's current rate of pay; and the employee shall be reimbursed for any unused sick leave for hours accrued in the termination year at the rate of one-half (1/2) of the employee's daily salary based on a maximum of accrual of ninety-six (96) hours.

20.4 An employee who is drawing worker's compensation shall be allowed to use accumulated sick leave as necessary to insure a full monthly paycheck, providing that employee shows documentation to the Employer.

20.5 The Employer may require an employee to submit a medical certificate verifying that the employee may return to work.

20.6 At the employee's option, the employee may sell back to the Employer unused sick leave in excess of 480 Hours up to a maximum of six (6) days in any one year and receive for said sick days compensation at the normal rate of compensation then being received. In computing this option, each year's accumulation is added to the previous accumulation and of that total any portion in excess of 480 Hours may be sold back under this provision up to six (6) days in any one year.

ARTICLE 21 -- FUNERAL LEAVE

21.1 Funeral Leave is defined as paid leave not charged to an employee's sick leave or vacation leave, given in the event of a death in the employee's immediate family. (See Article 3.10)

21.2 Funeral leave in an amount equal to three eight hour work days or 24 work hours shall be granted to each employee in the event of a death in the Employees immediate family. Requests for funeral leave will not be denied if the Employer's needs can be accommodated during the proposed absence.

21.3 Additional days. Additional leave time may be taken only with the permission of the City Administrator. These additional days will be charged against accumulated sick leave or vacation leave at the employee's discretion.

ARTICLE 22 -- INSURANCE

22.1 Health Insurance. The Employer will provide a health and medical care insurance program to all employees. LABOR AGREEMENT
CITY OF ISANTI
And
INTERNATIONAL UNION OF OPERATING ENGINEERS
LOCAL NO. 49, AFL-CIO

ARTICLE 1 PURPOSE OF AGREEMENT

This AGREEMENT is entered into between the City of Isanti hereinafter called the EMPLOYER, and Local No. 49, International Union of Operating Engineers, AFL-CIO, hereinafter called the UNION.

The intent and purpose of this AGREEMENT IS TO:

1.1 Establish certain hours, wages and other conditions of employment;

1.2 Establish procedures for the resolution of disputes concerning this AGREEMENT'S interpretation and/or application;

1.3 Specify the full and complete understanding of the parties; and

1.4 Place in written form the parties' agreement upon the terms and conditions of employment for the duration of this AGREEMENT.

The EMPLOYER and the UNION, through this AGREEMENT, continue their dedication to the highest quality of public service. Both parties recognize this AGREEMENT as a pledge of this dedication.

ARTICLE 2 RECOGNITION

2.1 The EMPLOYER recognizes the UNION as the Exclusive Representative under Minnesota Statutes, Section 179.71, Subd. 3 for all public works EMPLOYEEs of the City of Isanti who are public EMPLOYEEs within the meaning of Minnesota Statute 179A.03, Subd. 14, excluding clerical, engineering, supervisory, confidential EMPLOYEEs, and all other EMPLOYEEs.

2.2 In the event the EMPLOYER and the UNION are unable to agree as to the inclusion or exclusion of a new or modified job class, the issue shall be submitted to the Bureau of Mediation Services for determination.

2.3 Working Foreman/Leadman. The EMPLOYER and the Union recognize the job class of "Working Foreman/Leadman" as set forth in the job description reviewed and approved by the Bureau of Mediation Services, by its Unit Clarification Order dated February 13, 2009, BMS Case No. 09PCL0668, as a position included under the exclusive representation of the Union pursuant to the provisions of this Agreement.

ARTICLE 3 UNION SECURITY

In recognition of the UNION as the exclusive representative the EMPLOYER shall:

3.1 Deduct from each payroll period an amount sufficient to provide the payment of dues established by the UNION from the wages of all EMPLOYEEs authorizing in writing such deduction. The Union will inform the EMPLOYER of the applicable membership dues amount and initiation fees. These amounts will not change more than once per calendar year. Initiation fees, dues and other assessments shall commence thirty-one (31) days from the date of employment. The EMPLOYER shall provide a payroll deduction for EMPLOYEEs to make a voluntary donation to the Local 49 Political Action Fund.

3.2 Remit such deduction to the appropriate designated officer of the UNION.

3.3 The UNION may designate one EMPLOYEE from the bargaining unit to act as steward and shall inform the EMPLOYER in writing of such choice.

3.4 The UNION agrees to indemnify and hold the EMPLOYER harmless against any and all claims, suits, orders, or judgments brought or issued against the City as a result of any action taken or not taken by the City under the provisions of this Article.

3.5 The EMPLOYER agrees to make space available on the EMPLOYER bulletin board for posting of official UNION notice(s) and announcements.

3.6 The EMPLOYER agrees to make space available on the EMPLOYER'S premises to the UNION for meetings after business hours.

ARTICLE 4 EMPLOYER AUTHORITY

4.1 The EMPLOYER retains the full and unrestricted right to operate and manage all manpower, facilities, and equipment; to establish functions and programs; to set and amend budgets; to determine the utilization of technology; to establish and modify the organizational structure; to select, direct and determine the number of personnel; to establish work schedules; and to perform any inherent managerial function not specifically limited by this AGREEMENT.

4.2 Any term and condition of employment not specifically established or modified by this AGREEMENT shall remain solely within the discretion of the EMPLOYER to modify, establish, or eliminate.

ARTICLE 5 EMPLOYEE RIGHTS – GRIEVANCE PROCEDURE

5.1 DEFINITION OF A GRIEVANCE

A grievance is defined as a dispute or disagreement as to the interpretation or application of the specific terms and conditions of this AGREEMENT.

5.2 UNION REPRESENTATIVES

The EMPLOYER will recognize representatives designated by the UNION as the grievance representatives of the bargaining unit having the duties and responsibilities established by this Article. The UNION shall notify the

EMPLOYER in writing of the names of such UNION representatives and of their successors when so designated.

5.3 PROCESSING OF A GRIEVANCE

It is recognized and accepted by the UNION and the EMPLOYER that the processing of grievances as hereinafter provided is limited by the job duties and responsibilities of the EMPLOYEES and shall therefore be accomplished during normal working hours only when consistent with such EMPLOYEE duties and responsibilities. The aggrieved EMPLOYEE and the UNION REPRESENTATIVE shall be allowed a reasonable amount of time without loss in pay when a grievance is investigated and presented to the EMPLOYER during normal working hours provided the EMPLOYEE and the UNION REPRESENTATIVE have notified and received the approval of the designated supervisor who has determined that such absence is reasonable and would not be detrimental to the work programs of the EMPLOYER.

5.4 PROCEDURE

Grievances, as defined by Section 5.1, shall be resolved in conformance with the following procedure:

Step 1. An EMPLOYEE claiming a violation concerning the interpretation or application of this AGREEMENT shall within twenty-one (21) calendar days after such alleged violation has occurred, present such grievance to the EMPLOYEE'S supervisor as designated by the EMPLOYER. The EMPLOYER-designated representative will discuss and give an answer to such Step 1 grievance within ten (10) calendar days after receipt. A grievance not resolved in Step 1 and appealed to Step 2 shall be placed in writing setting forth the nature of the grievance, the facts on which it is based, the provision or provisions of the AGREEMENT allegedly violated, and the remedy requested and shall be appealed to Step 2 within ten (10) calendar days after the EMPLOYER-designated representative's final answer in Step 1. Any grievance not appealed in writing to Step 2 by the UNION within ten (10) calendar days shall be considered waived.

Step 2. If appealed, the written grievance shall be presented by the UNION and discussed with the EMPLOYER-designated Step 2 representative. The EMPLOYER-designated representative shall give the UNION the EMPLOYER'S Step 2 answer in writing within ten (10) calendar days after receipt of such Step 2 grievance. A grievance not resolved in Step 2 may be appealed to Step 3 within the ten (10) calendar days following the EMPLOYER-designated representative's final Step 2 answer. Any grievance not appealed in writing to Step 3 by the UNION within ten (10) calendar days shall be considered waived.

Step 3. The EMPLOYER and the Union, by mutual agreement, may utilize a grievance mediation process in an attempt to resolve a grievance before going to arbitration.

Step 4. A grievance unresolved in Step 3 and appealed in Step 4 may be submitted to arbitration. The EMPLOYER and the Union representative shall endeavor to select a mutually acceptable arbitrator to hear and decide the grievance. If the parties cannot agree on an arbitrator, the selection of an arbitrator shall be made in accordance with the Rules established by the Bureau of Mediation Services.

The City and Union agree that a violation of the "On Call" provisions of the contract shall be considered a higher level violation and discipline shall begin at the written reprimand level.

5.5 ARBITRATOR'S AUTHORITY

A. The arbitrator shall have no right to amend, modify, nullify, ignore, add to, or subtract from the terms and conditions of this AGREEMENT. The arbitrator shall consider and decide only the specific issues(s) submitted in writing by the EMPLOYER and the UNION, and shall have no authority to make a decision on any other issue not so submitted.

B. The arbitrator shall be without power to make decisions contrary to, or inconsistent with, or modifying or varying in any way the application of laws, rules, or regulations having the force and effect of law. The arbitrator's decision shall be submitted in writing within thirty (30) days following the close of the hearing or the submission of briefs by the parties, whichever be later, unless the parties agree to an extension. The decision shall be binding on both the EMPLOYER and the UNION and shall be based solely on the arbitrator's interpretation or application of the express terms of this AGREEMENT and to the facts of the grievance presented.

C. The fees and expenses for the arbitrator's services and proceedings shall be borne equally by the EMPLOYER and the UNION provided that each party shall be responsible for compensating its own representatives and witnesses. If either party desires a verbatim record of the proceedings, it may cause such a record to be made, providing it pays for the record. If both parties desire a verbatim record of the proceedings the cost shall be shared equally.

5.6 WAIVER

If a grievance is not presented within the time limits set forth above, it shall be considered "waived". If a grievance is not appealed to the next step within the specified time limit or any agreed extension thereof, it shall be considered settled on the basis of the EMPLOYER'S last answer. If the EMPLOYER does not answer a grievance or an appeal thereof within the specified time limits, the UNION may elect to treat the grievance as denied at that step and immediately appeal the grievance to the next step. The time limit in each step may be extended by mutual agreement of the EMPLOYER and the UNION.

ARTICLE 6 DEFINITIONS

6.1 UNION: The International Union of Operating Engineers, Local No. 49, AFL-CIO.

6.2 EMPLOYER: The City of Isanti.

6.3 UNION MEMBER: A member of the International Union of Operating Engineers, Local No. 49, AFL-CIO

6.4 EMPLOYEE: A member of the exclusively recognized bargaining unit.

6.5 BASE PAY RATE: The EMPLOYEE's hourly pay rate including any other special allowance.

6.6 SENIORITY: Length of continuous service with the EMPLOYER.

6.7 OVERTIME: Work performed at the express authorization of the EMPLOYER in excess of forty (40) hours within a seven (7) day period and after eight (8) hours within a 24-hour period will be compensated for at one and one-half (1 ½) times the EMPLOYEE's regular base pay. Approved time off by the EMPLOYER shall be considered hours worked in the calculation of overtime.

6.8 CALLBACK: Return of an EMPLOYEE to a specified work site to perform assigned duties at the express authorization of the EMPLOYER at a time other than an assigned shift. An extension of or early report to an assigned shift is not a call back.

6.9 PROBATIONARY PERIOD: Means six (6) months from the EMPLOYEE's date of hire. The probationary period for promoted or reassigned EMPLOYEEs will last for six (6) months from date of promotion or reassignment.

6.10 RESIGNATION IN GOOD STANDING: An EMPLOYEE leaving service with the EMPLOYER after giving a two week notice, providing the EMPLOYEE has not been discharged for misconduct.

6.11 ON CALL TIME: A time each week when one Public Works EMPLOYEE will be required to carry either or both of the following, cell phone/iPad, and be available during off-duty hours for immediate call-back, from 3:30 p.m. Monday afternoon for seven consecutive days until 7:00 a.m. the following Monday. The on-call EMPLOYEE must remain available during off-duty hours throughout the seven day period. The assigned on-call EMPLOYEE shall be required to respond to Isanti within forty-five (45) minutes. There will be a minimum of six (6) EMPLOYEES when the department has all positions filled to serve on an on-call rotation for the water and wastewater SCADA on-call which will include Maintenance Technician II and Foreman EMPLOYEES

6.12 REST DAYS: An EMPLOYEE's regularly scheduled days off, not including holidays or vacation days.

6.13 LEAD PAY: Pay to the individual selected by the Public Services Director to act in a supervisory role while the Public Services Director is out of town or otherwise unavailable by phone to provide supervision and guidance. In the event the Public Services Director is absent and unavailable by phone; the Working Foreman will serve as the day to day supervisory Lead. In the absence of the Public Services Director and the Working Foreman, the assigned Utility Lead will serve as the day to day supervisory Lead. If the Public Services Director, the Foreman and the Utility Lead are all unavailable due to being out of town and unavailable by phone, then an appointed individual will serve as the supervisory Lead. This assignment will occur only when the Public Services Director, the Working Foreman and the Utility Lead are out of town or otherwise unavailable to supervise or provide work direction. When serving in the supervisory role as Lead, the appointed individual will receive Lead Pay as provided under the current Labor Agreement. This includes situations where the Public Services Director, Working Foreman, and the Utility Lead are on vacation over a weekend.

ARTICLE 7 SAVINGS CLAUSE

In the event any provision of this AGREEMENT shall be held to be contrary to law by a court of competent jurisdiction from whose final judgment or decree no appeal has been taken within the time provided, such provision shall be voided. All other provisions of the AGREEMENT shall continue in full force and effect. The voided provision may be renegotiated at the request of either party.

ARTICLE 8 WORK SCHEDULES

8.1 The sole authority in work schedules is the EMPLOYER.

8.2 The EMPLOYER will give seven (7) days advance notice to the EMPLOYEEs affected by the establishment of scheduled shifts different from the EMPLOYEE's normal scheduled shift. If a seven (7) day notice is not given prior to a scheduled shift change, all hours worked outside of the normal scheduled work day shall be paid at one and one-half (1 ½) times the EMPLOYEEs regular base pay.

8.3 In the event that work is required because of unusual circumstances such as (but not limited to) fire, flood, snow, sleet, or breakdown of municipal equipment or facilities, no advance notice need be given.

8.4 The normal work day shall be eight (8) consecutive hours of work. The normal work week shall be five (5) consecutive days within a 7-day period. There shall be a fifteen (15) minute coffee break (approximately 9:30) in the morning of the shift and a thirty (30) minute lunch break (approximately 12:00) at the midpoint of the shift and a fifteen (15) minute break (approximately 2:30) in the afternoon. The afternoon break may be combined with the lunch break at the midpoint of the shift, EMPLOYEEs will be allowed 10 minutes at the end of their shift for cleanup.

8.5 The EMPLOYER will establish a rotating schedule for on-call assignments. In the event of a change in this schedule, one (1) week's advance notice will be provided. The on-call EMPLOYEE will be available during that period for callbacks and the EMPLOYER will call that EMPLOYEE first should any call back be necessary.

The on-call EMPLOYEE shall be compensated one (1) hour at one and one-half (1 ½) times the EMPLOYEE's hourly base wage for each scheduled day, and three (3) hours at one and one-half (1 ½) times the EMPLOYEE's base wage per each rest day or holiday for scheduled daily rounds, if any. The on-call EMPLOYEE shall be compensated one (1) hour at one and one-half (1 ½) times the EMPLOYEE's base wage for any recognized holiday.

If a designated holiday is recognized on Monday, the on call EMPLOYEE shall carry the pager through Monday and relinquish the pager on the Tuesday after the holiday.

The EMPLOYEE scheduled to be on call is required to have the City-provided cell phone/pager with them at all times and must be able to respond to the City within 45 minutes.

It is the responsibility of the on-call EMPLOYEE to determine the need for backup help. If backup help is needed, the on-call EMPLOYEE will call in backup persons. The on-call EMPLOYEE must attempt to contact the Public Works Director.

If the on-call EMPLOYEE responds to perform work for the City, they shall be entitled to a call back as defined in Article 10 – Call Back. The EMPLOYEE will be compensated at one and one-half (1 ½) times their current wage for all hours over the two (2) hour call back.

EMPLOYEEs shall have the ability to monitor and reset SCADA monitoring software from home, EMPLOYEEs shall reset the system from home as needed and shall receive one (1) hours pay at one and one-half (1 ½) times their regular rate for each day they are on-call.

EMPLOYEEs shall have the option to receive compensatory time in lieu of pay, not to exceed six (6) hours, during each on-call week.

8.6 Calls for troubleshooting issues, that can be resolved remotely shall be compensated as overtime and paid to the nearest ¼ hour per call. This only applies when an employee does not qualify for Call Back under Article 10 for the same call or during their assigned week of on call duty.

8.7 Mandatory compensatory time payment shall be provided to the EMPLOYEE for EMPLOYER scheduled week-end (rest days) or holiday rounds at a rate of one and one-half (1 ½) times the hours worked for scheduled rounds to a maximum of 80 hours.

8.8 Summer Work Schedule

Notwithstanding the summer work schedule, the designated on call EMPLOYEE shall work five (5) consecutive eight (8) hour days Monday through Friday 7:00 a.m. to 3:30 p.m. Overtime (except as to the designated on call EMPLOYEE who shall be governed

by the regular work schedule provisions as to overtime) shall be paid after ten (10) hours in a day Monday through Friday and after forty (40) hours in a week. Employees shall be compensated -for the contractual eight (8) hours of pay on all holidays and will be required to use leave or compensatory time to complete a schedule ten (10) hour holiday and forty (40) hour work week or respective eight (8) hour holiday and forty (40) hour work week for the designated on-call.

During the summer work schedule: Ten (10) hours will be deducted for each day of sick leave or vacation used for those days scheduled to work ten (10) hours. Eight (8) hours will be credited for each holiday and day of funeral leave during this schedule. Comp time or two (2) hour of vacation may be used to complete a holiday and two (2) hour of either sick leave or vacation may be used to complete a day of funeral leave.

ARTICLE 9 OVERTIME PAY

9.1 Overtime shall be calculated to the nearest fifteen (15) minutes.

9.2 Hours worked in excess of forty (40) hours within a seven (7) day period and after 8 hours within a 24 hour period will be compensated for at one and one-half (1 ½) times the EMPLOYEE's regular base pay.

9.3 For the purpose of computing overtime compensation, overtime hours worked shall not be pyramided, compounded, or paid twice for the same hours worked.

9.4 Overtime shall be distributed as equally as practicable between members of the bargaining unit.

9.5 For overtime assignments other than Saturday and Sunday 'rounds' as specified in Article 8.6, an EMPLOYEE may choose to receive compensatory time at the rate of one-half (1 ½) to a maximum accumulation of eighty (80) hours in lieu of monetary compensation.

ARTICLE 10 CALL BACK

10.1 An EMPLOYEE called in for work at a time other than the EMPLOYEE's normal scheduled shift will be compensated for a minimum of two (2) hours' pay at one and one-half (1 ½) times the EMPLOYEEs base rate of pay.

10.2 An EMPLOYEE called in for work at a time other than the EMPLOYEE's normal scheduled shift will be compensated for a minimum of three (3) hours' pay at one and one-half (1 ½) times the EMPLOYEEs base rate of pay during the dates from June 1 through August 31.

ARTICLE 11 RIGHT OF SUBCONTRACT

Nothing in this AGREEMENT shall prohibit or restrict the right of the EMPLOYER from subcontracting work performed by EMPLOYEEs covered by this AGREEMENT.

ARTICLE 12 DISCIPLINE

12.1 The EMPLOYER will discipline EMPLOYEEs for just cause only. Discipline will be in one or more of the following forms:

A) Oral reprimand
B) Written reprimand
C) Suspension
D) Demotion, or
E) Discharge

12.2 Suspension, demotions and discharges will be in written form.

12.3 Written reprimands, notices of suspensions, notices of demotion and notices of discharge which are to become part of an EMPLOYEE's personnel file will be read and acknowledged by signature of the EMPLOYEE. EMPLOYEEs and the UNION will receive a copy of such reprimands and/or notices.

12.4 EMPLOYEEs may examine their own individual personnel files at reasonable times under the direct supervision of the EMPLOYER.

12.5 EMPLOYEEs will not be questioned concerning an investigation of disciplinary action unless the EMPLOYEE has been given adequate opportunity to have a UNION representative present at such questioning.

12.6 Grievances relating to this Article shall be initiated by the UNION at Step 2 of the grievance procedure under Article 5 of this AGREEMENT.

ARTICLE 13 PROBATIONARY PERIODS

13.1 All newly hired or rehired EMPLOYEEs will serve six (6) months probationary period.

13.2 All EMPLOYEEs will serve a six (6) month's probationary period in any job classification in which the EMPLOYEE has not served a probationary period.

13.3 At any time during the probationary period a newly hired or rehired EMPLOYEE may be terminated at the sole discretion of the EMPLOYER.

13.4 At any time during the probationary period a promoted or reassigned EMPLOYEE may be demoted or reassigned to the EMPLOYEE's previous position at the sole discretion of the EMPLOYER.

ARTICLE 14 SAFETY

The EMPLOYER and the UNION agree to jointly promote safe and healthful working conditions, to cooperate in safety matters and to encourage EMPLOYEEs to work in a safe manner.

The City will offer and provide at city cost Hepatitis B Shots for all Public Works EMPLOYEEs during their probationary period.

ARTICLE 15 JOB POSTING

15.1 The EMPLOYER and the UNION agree that permanent job vacancies within the designated bargaining unit shall be filled based on the concept of promotion from within provided that internal applicants:

15.11 Have the necessary qualifications to meet the standards of the job vacancy; and

15.12 Have the ability to perform the duties and responsibilities of the job vacancy.

15.2 EMPLOYEEs filling a higher job class based on the provisions of this ARTICLE shall be subject to the conditions of ARTICLE 13 (PROBATIONARY PERIOD).

15.3 The EMPLOYER has the right of final decision in the selection from all applicants (internal and external) to fill jobs based on qualifications, abilities and experience.

15.4 Job vacancies within the designated bargaining unit will be posted for five (5) work days so that members of the bargaining unit can be considered for such vacancies.

15.5 Upon receiving a promotion to a new classification, an employee's pay rate shall be adjusted to the first step in the new classification, which is higher than the employee's current rate.

ARTICLE 16 SENIORITY

16.1 Seniority will be the determining criterion for lay offs only when all job-relevant qualification factors are equal.

16.2 Seniority will be the determining criterion for recall when the job-relevant qualification factors are equal. Recall rights under this provision will continue for twelve (12) months after lay off. Recalled EMPLOYEEs shall have ten (10) working days after notification of recall by registered mail at the EMPLOYEE's last known address to report to work or forfeit all recall rights.

16.3 Seniority shall prevail in scheduling time off (comp or vacation) when put in before April 1 of calendar year for that year.

ARTICLE 17 HEALTH INSURANCE

17.1 Health Insurance. The EMPLOYER will provide a health and medical care insurance program to all full-time EMPLOYEEs. The EMPLOYER will pay 100% of the premium for single coverage health insurance. EMPLOYEEs choosing dependent care health coverage will be required to pay according to the current City policy in place as of 3/24/10. Essentially EMPLOYEE contributions toward the premium costs of dependent coverage will increase by the same percentages as the

City's overall policy cost increase for the foreseeable future, however it is agreed that the current contribution policy will continue beyond the term of this AGREEMENT only if re-negotiated and agreed upon as part of any future labor agreement between the EMPLOYER and the UNION. Part-time EMPLOYEEs regularly scheduled to work thirty (30) hours or more per week shall receive pro-rata health insurance benefits. The EMPLOYER shall have sole discretion in choosing and designating the health and medical care group insurance plan, provided that such plan shall be the same plan as available to non-union EMPLOYEEs of the City, and shall provide coverage and benefits at least equivalent to the coverages provided under the Blue Cross/Blue Shield Group Plan as set forth in the attached Schedule B.

17.1.1 Flexible Spending Plan. The City of Isanti will provide a Flexible Benefits Spending Plan for participation by the EMPLOYEE and their dependents.

17.2 Life Insurance. The EMPLOYER will provide and pay the full cost of the premiums for live insurance in the amount of $25,000 for each full-time EMPLOYEE.

17.3 Effective Date. The health, dental and term life insurance shall be in effect the first day of the first full month of employment.

17.4 Dental Insurance. The EMPLOYER shall make dental insurance coverage available to full-time EMPLOYEEs and their dependents. The EMPLOYER will pay 100% of the premium for single coverage and 100% of the premium for dependent care coverage. Part-time EMPLOYEEs regularly scheduled thirty (30) or more hours per week shall receive pro-rata dental insurance benefits.

ARTICLE 18 HOLIDAYS

18.1 Full-time EMPLOYEEs shall receive the following holidays:

New Years Day	Veteran's Day
Martin Luther King Day	Thanksgiving Day
Presidents Day	Friday after Thanksgiving
Memorial Day	1/2 day Christmas Eve
Independence Day	Christmas Day
Labor Day	Floating Holiday

18.2 EMPLOYEE's required to work on holidays shall be paid one and one-half (1 ½) times the EMPLOYEE's base pay rate for hours worked. This is in addition to the EMPLOYEE's base pay.

18.3 In the event that a holiday falls on a Sunday, the following Monday shall be a paid holiday, and in any of these fall on a Saturday, the proceeding Friday shall be a paid holiday.

18.4 EMPLOYEEs shall be required to work their last regularly scheduled work day prior to the holiday and their next regularly scheduled work day after the holiday to qualify for holiday pay, unless the EMPLOYEE is absent due to illness, accident, on vacation or approved paid leave.

18.5 Part-time EMPLOYEEs regularly scheduled to work thirty (30) hours or more per week will receive pro-rata holiday benefits.

ARTICLE 19 PART TIME AND SEASONAL EMPLOYEES

19.1 Part-time EMPLOYEEs Part-time EMPLOYEEs regularly scheduled to work less than thirty (30) hours per week shall not be eligible for benefits under this AGREEMENT.

19.2 Seasonal EMPLOYEE. An EMPLOYEE who works in a position that is reasonably expected to be of a duration of not more than one hundred (100) working days within a twelve (12) month calendar period.

19.3 Rates of Pay. Seasonal EMPLOYEE's rate of pay shall be in accordance with the seasonal/temporary pay plan established by the City Administrator.

19.4 Benefits: Seasonal EMPLOYEEs shall not be eligible for any benefits under this agreement except those which may be required by law.

19.5 Probation Period. All newly hired or rehired seasonal EMPLOYEEs will serve a probationary period for the duration of their employment.

19.6 At any time during the probationary period, a newly hired or rehired seasonal EMPLOYEE may be terminated at the sole discretion of the EMPLOYER.

19.7 Contract Provisions Applicable. Seasonal EMPLOYEEs shall not be covered by those provisions of the contract relating to:

Article 5 – Grievance Procedure
Article 10 – Call Back
Article 12 – Discipline
Article 16 – Seniority
Article 17 – Insurance
Article 18 – Holidays
Article 20 – Vacations
Article 22 – Sick Leave
Article 24 – Uniform Allowance
Appendix A – Salary Schedules

19.8 The City agrees to notify the union when any seasonal/temporary EMPLOYEE exceeds one hundred (100) working days within a twelve (12) month calendar period.

19.9 No seasonal/temporary EMPLOYEE will operate any equipment requiring a "CDL" or "B" license, or any equipment previously considered as heavy equipment. All overtime will be offered to full-time EMPLOYEEs prior to seasonal/temporary EMPLOYEEs, it being the intent of this provision that seasonal temporary EMPLOYEEs may be assigned to any task for which they are qualified, at any times designated by the EMPLOYER, but shall not be assigned to work any overtime unless such overtime has first been offered to all available full time

EMPLOYEEs in the order of their seniority, and no full time EMPLOYEE chooses to accept the EMPLOYER'S offer for overtime work.

19.10 The City and the Union hereby agree that individuals working less than 100 days in a calendar year are not members of the bargaining unit. The wages, benefits and terms and conditions of employment for individuals working less than 100 days in a calendar year will be determined at the sole discretion of the City. In the event these individuals are deemed to be members of the bargaining unit by operation of the law or otherwise, the parties agree that the wages, benefits and terms and conditions of employment will be determined at the sole discretion of the City. Such individuals will not be assigned work requiring a CDL license or operate any off- road equipment over 50 horsepower, with the exception of the tractor, progressive mower and skid steer with brush hog for storm pond maintenance work. Such individuals shall only be employed April through November.

ARTICLE 20 VACATIONS

20.1 Full-time EMPLOYEEs shall earn vacation leave as follows:

Length of Service	Amount
After one (1) year of continuous service	forty-eight (48) hours
After two (2) years of continuous service	ninety-six (96) hours
After six (6) years of continuous service	one hundred forty-four (144) hours
After ten (10) years of continuous service	one hundred ninety-two (192) hours
After fifteen (15) years of continuous service	two hundred sixteen (216) hours

20.2 Part-time EMPLOYEEs regularly scheduled to work thirty (30) or more hours per week will receive pro-rata vacation benefits.

ARTICLE 21 JURY DUTY

EMPLOYEEs required to serve on jury duty shall be allowed the difference of pay for all full days absent. An EMPLOYEE excused from jury duty prior to the end of the EMPLOYEE's duty day shall return to work.

ARTICLE 22 SICK LEAVE

22.1 Every probationary and full-time EMPLOYEE will earn sick leave with pay at the rate of eight (8) hours for each calendar month of full time service. Sick leave may be accumulated to a maximum of four hundred eighty (480) hours and be granted in units of not less than one hour. EMPLOYEEs may use sick leave for personal illness, as required by law, or with permission of the EMPLOYER.

22.2 Upon accrual of four hundred eighty (480) hours, the City shall on an annual basis, reimburse unused sick leave at the rate of one-half (1/2) of the EMPLOYEE's daily salary to a maximum of forty-eight (48) hours for those hours over the four hundred eighty (480) hours and upon termination, reimburse unused sick leave as outlined

in the step that follows as "A". The sick leave time reimbursed by the City will be lost by the EMPLOYEE for accumulation purposes. The sick leave that is accumulated may be used only for sick leave purposes and the EMPLOYEE will not be reimbursed for unused sick leave except in the manner as described in this Article.

A. Upon termination of an EMPLOYEE in good standing and with five (5) years of consecutive employment, shall be reimbursed one-half (1/2) pay for sick days not used to a maximum of hour hundred eighty (480) hours.

22.3 Part-time EMPLOYEEs regularly scheduled to work thirty (30) hours or more per week shall accrue pro-rata sick leave benefits.

22.4 To be eligible for sick leave with pay, an EMPLOYEE shall do the following:

A. Report as soon as possible to their Department Head the reason for their absence.

B. Keep their Department Head informed of their condition and if the absence is of more than five (5) days duration submit a medical certificate for the absence.

ARTICLE 23 FUNERAL LEAVE

23.1 The City shall grant leave with pay as specified within the City's Personnel Policy. The City shall grant leave with pay for a maximum of three (3) days for the death of the following family members of the EMPLOYEE:

Spouse, child, father, mother, spouse's mother, spouse's father, grandchild, sibling-in-law, sibling, grandparent, grandparent-in-law, step parent, step brother/sister, step child.

ARTICLE 24 UNIFORMS

24.1 The EMPLOYER will provide all EMPLOYER required uniform articles and equipment.

24.2 In 2020 the EMPLOYER will contribute ~~two hundred~~ steel toed safety boots, rain gear, winter head gear, gloves, jackets and bib overalls. Any unused portion of the three hundred seventy five dollars shall be banked for the EMPLOYEE to use in successive years towards steel toed safety boots, rain gear, winter headgear, gloves, jackets and bib overalls.

24.3 The employer shall pay for the repair or replacement of personal items of the individual employee which are damaged or destroyed during the course of the workday, except in those instances where the damage or loss is caused by the personal neglect of the employee. Replacement shall be for a similar item with proper receipt of purchase. Reimbursement will not exceed actual replacement value and will be within reasonable limits. The reimbursement cap will be set at $100 annually per employee.

ARTICLE 25 UTILITY COMPUTER OR SPECIALIZED EQUIPMENT TRAINING

25.1 The City of Isanti will train all EMPLOYEEs in the use of utility computer and any other specialized equipment.

ARTICLE 26 LOSS OF COMMERCIAL DRIVER'S LICENSE

26.1 The purpose of this Article is to assist both Labor and Management in dealing with Commercial Driver's License (CDL) rules and suspension of licenses affecting EMPLOYEE'S ability to perform work duties.

The following conditions will apply to no more than one (1) Public Works employee in the Local 49 Bargaining Unit at any given time.

A. If an EMPLOYEE temporarily loses his/her driver's license and CDL, the EMPLOYER will accommodate the EMPLOYEE by assigning him/her to duties that do not require a driver's license/CDL, not to exceed twelve (12) months during the EMPLOYEE's tenure with the City, and not to exceed two (2) driver's license revocations, suspensions and/or withdrawals as a result of driving violations.

B. If the temporary loss of the EMPLOYEE's driver's license is the result of an alcohol-related offense, the EMPLOYEE will be required to comply with the recommendations of a Substance Abuse Professional. Proof of compliance with the Substance Abuse Professional recommendations will be provided to the EMPLOYER. Any second or subsequent loss of driver's license and/or CDL privileges for drinking and driving offenses occurring during an EMPLOYEE's tenure with the City shall be deemed sufficient grounds for immediate termination of the offending EMPLOYEE's employment with the City.

C. The application of the provisions of this Article will begin for an individual as of the date of his/her license revocation, suspension or withdrawal regardless of subsequent procedures contesting the revocation suspension or withdrawal.

D. The provisions of this Article apply to driving violations outside the workplace.

E. The provisions of this Article do not apply to the Department of Transportation's required random testing.

F. A seventeen per cent (17%) decrease in pay will begin as of the revocation date. Any hourly wages not paid to an EMPLOYEE during the revocation of the EMPLOYEE's driver's license/CDL will not be reimbursed regardless of the outcome of any subsequent contesting of the revocation.

G. The EMPLOYEE must be able to obtain a State of Minnesota driver's license within 60 days.

ARTICLE 27 WAIVER

27.1 Any and all prior agreements, resolutions, practices, policies, rules and regulations regarding terms and conditions of employment, to the extent inconsistent with the provisions of this AGREEMENT, are hereby superseded.

27.2 The parties mutually acknowledge that during the negotiations which resulted in this AGREEMENT, each had the unlimited right and opportunity to make demands and proposals with respect to any terms or condition of employment not removed by law from bargaining. All agreements and understandings arrived at by the parties are set forth in writing in this AGREEMENT for the stipulated duration of this AGREEMENT. The EMPLOYER and the UNION each voluntarily and unqualifiedly waives the right to meet and negotiate regarding any and all terms and conditions of employment referred to or covered in this AGREEMENT or with respect to any term or condition of employment not specifically referred to or covered by this AGREEMENT, even though such terms or conditions may not have been within the knowledge or contemplation of either or both parties at the time this contract was negotiated or executed.

TOWARD ZERO DEATHS

MINNESOTA TOWARD ZERO DEATHS

TZD'S STATEWIDE GOAL: Fewer than 300 fatalities and 850 serious injuries on Minnesota's roads by 2020

Key accomplishments

- A 42 percent reduction in the number of traffic deaths since TZD was launched in 2003.
- A statewide seat belt use rate of 92 percent.
- Passage of stronger traffic safety policies related to seat belt use, texting while driving, ignition interlock, graduated driving licensing, impaired driving, and speeding in work zones.
- Eight regional partnerships statewide that collaborate and build local relationships to implement TZD.
- A statewide trauma system enabling 99 percent of Minnesotans to reach a trauma hospital within 60 minutes.
- Implementation of low-cost, high-benefit strategies for intersection and lane-departure crashes on state and local roads.
- More than 900 statewide conference participants annually.

WHAT IS THE MINNESOTA TOWARD ZERO DEATHS PROGRAM?

Minnesota TZD is the state's cornerstone traffic safety program that employs an interdisciplinary approach to reducing traffic crashes, injuries, and deaths on Minnesota roads. The program's vision is to reduce fatalities and serious injuries to zero.

The program is a partnership between the Minnesota Departments of Public Safety, Transportation, and Health; the University of Minnesota; and other stakeholders.

Minnesota TZD works to create a culture in which traffic deaths and serious injuries are no longer acceptable through the integrated application of the "4Es": Education, Enforcement, Engineering, and Emergency Medical and Trauma Services. The program also uses data to target areas for improvement, employ proven countermeasures, implement best practices, and advance innovations and new technologies.

Education
Giving drivers the knowledge they need to avoid hazardous driving practices and choose responsible behavior.

Enforcement
Ensuring compliance with traffic laws to change driver behavior and reduce unsafe driving practices.

Engineering
Changing the roadway—including cable median barriers, signage, and the roadside—to make travel safer.

Emergency Medical & Trauma Services
Providing fast, efficient emergency medical and trauma services to reduce fatalities and serious injuries whenever a crash does occur.

Everyone
Advocating for zero deaths while adopting behaviors and changing culture to get there.

Program goals

- Pursue public support of traffic safety as a priority
- Strengthen TZD as a priority for all units of government and traffic safety partnerships
- Promote and implement effective traffic safety initiatives

Traffic safety is everyone's responsibility: Get involved!

- Contact your regional TZD coordinator and/or participate in a local TZD safety coalition (minnesotatzd.org/initiatives/regions).
- Attend the annual statewide TZD conference and/or regional workshops (minnesotatzd.org/events).
- Attend the TZD stakeholder breakfasts in person or participate online (minnesotatzd.org/events/breakfasts).
- Request to be added to the TZD mailing list: ldolan@umn.edu.

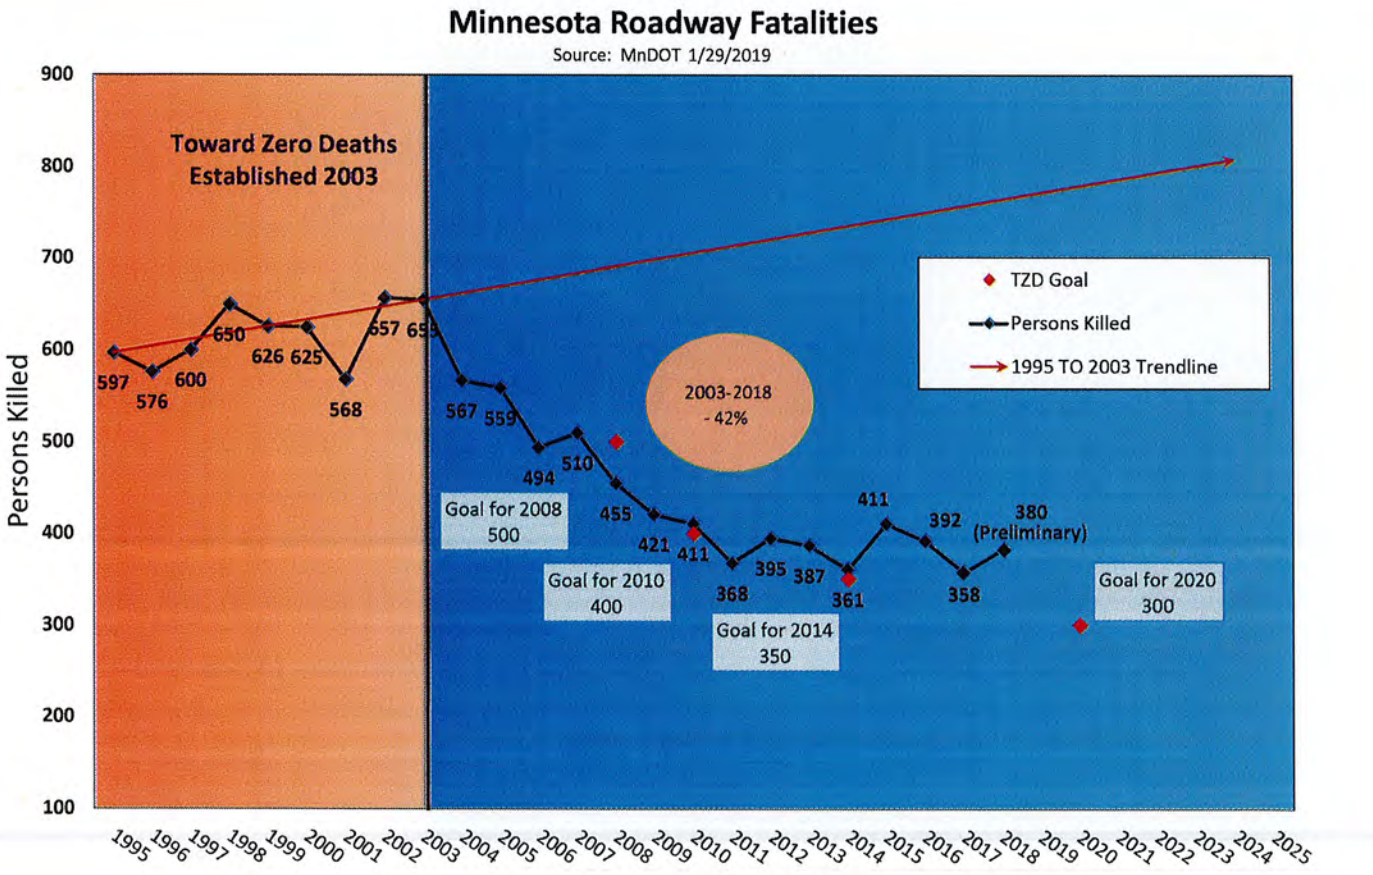
- Visit the TZD website: MinnesotaTZD.org



In 2003, 655 traffic deaths occurred on Minnesota's roads. That same year, the statewide TZD program was launched as a deliberate, interdisciplinary approach to traffic safety. Despite increases in the number of licensed drivers, registered motor vehicles, and vehicle miles traveled, there were 380* traffic deaths in Minnesota in 2018—a 42 percent reduction from 2003.

East Central Minnesota Toward Zero Deaths

Mission:

To create a culture for which traffic fatalities and serious injuries are no longer acceptable through the integrated application of education, engineering, enforcement and emergency medical and trauma services. These efforts will be driven by data, best practices and research.

Values:

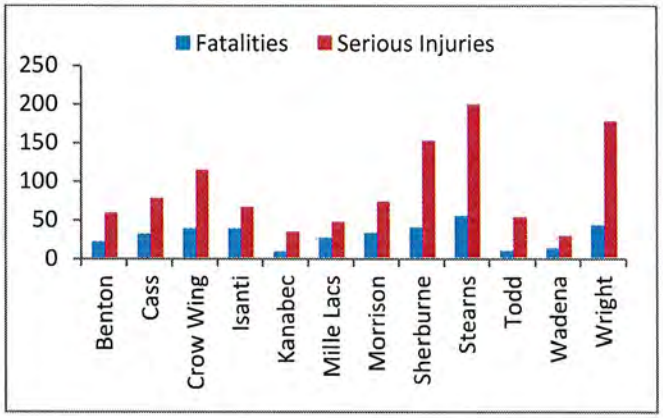
- Continuous Improvements
- Engaged Partners
- Evidence-based Approaches

The East Central Minnesota Toward Zero Deaths (TZD) program has been in existence for seven years. The counties involved include: Benton, Cass, Crow Wing, Isanti, Kanabec, Mille Lacs, Morrison, Sherburne, Stearns, Todd, Wadena and Wright.

The leading cause of deaths and severe injuries in East Central Minnesota include:

- **Lack of Seatbelt Use**
- **Impaired Driving**
- **Speed and Aggressive Driving**
- **Inattentive Driving**

East Central Minnesota Fatals and Serious Injuries
by County (2014-2018*)



The leading type of crash resulting in deaths and severe injuries include:

- **Run off the Road**
- **Impaired Driving**

The East Central Minnesota TZD program is led by a steering committee comprised of the "4 Es:"

- Enforcement
- Engineering
- Education
- EMS / Emergency Medical & Trauma Services

East Central Minnesota Toward Zero Deaths Regional Strategic Plan

Mission

To move East Central Minnesota toward zero deaths on our roads, in a partnership with area education, enforcement, engineering and emergency medical and trauma services representatives.

Goal 1 – Reduce TZD Fatality and Serious Injuries

To continuously decrease traffic-related fatalities and serious injuries in East Central Minnesota from the past **5-year averages** 2014-2018* of 72 fatalities and 216 serious injuries. Note: New injury definitions were introduced in 2016 and may have contributed to a higher reported number of serious injuries.

Objectives

A. To continuously increase regional seatbelt use rates.
The statewide average was **92.4% in 2018.**
The regional seat belt rate was **87.7% in April 2018.**
The last survey finding of 86.0%, was in April 2017.
Goal: to achieve 90% compliance by next study.

B. To examine the characteristics of the unbelted fatalities and serious injuries. Calculation of seat belt use in fatal and serious crashes is possible with existing data.

C. To continuously decrease the following:
5-year averages (2014-2018*) in East Central Region - Baseline Data

Contributing Factors:

Average annual number of:	**Alcohol**	**Speed**	**Distraction**	**Total**
Fatalities	22	14	10	72
Fatal Crashes	20	13	9	68
Severe Injuries	36	43	31	216
Severe Injury Crashes	43	34	23	169

Note: a crash may have more than one of the above listed or additional contributing factors

**2018 data are preliminary.*

TOWARD ZERO DEATHS

Total East Central Region - Baseline

	Fatalities	Fatal Crashes	Severe Injuries	Severe Injury Crashes
2018* Totals	75	68	210	159
2014-2018*	362	339	1,079	846

Region Goal 2 – TZD Partnership Goals

To continuously increase TZD awareness and partnerships across East Central Minnesota for both the general public and traffic safety professionals

1. Establish the vision of TZD as a priority for all region, city and county (government agencies)
   - A. Engage local government involvement in TZD steering committee and workshops
   - B. Educate/promote traffic safety awareness of city/county officials
   - C. Promote city/county employee education/policies that facilitate the TZD vision

(Activities: Recruitment of city and county personnel to attend TZD event, giving TZD presentations to boards/councils, mailings/connections to Network of Employers for Traffic Safety (NETS))

2. Create and strengthen partnerships in the region
   - A. Engage stakeholders
   - B. Develop networking relationships
   - C. Recruit membership of the TZD partnership

(Activities: EMS Conference booth/presentation, regional workshop, calendar, statistics, workshop and engage RTAC)

3. Promote and implement effective traffic safety initiatives in the region
   - A. Develop and distribute resource materials
   - B. Provide enforcement wave support in community
   - C. Promote evidence-based countermeasures
   - D. Collect data and statistics within region
   - E. Implement best practices within region

(Activities: web, brochure, one-pagers, presentations, news advisories, workshop, seatbelt observational survey and omnibus survey, media messaging and media events, news releases re: activities woven into existing messages, worksite education and policy development, parent component to drivers education, sober cab development, youth enforcement and education activities)

Memo for Council Action

To: Mayor Johnson and Members of the City Council
From: Travis Muyres, Police Chief
Date: Sept 17, 2019
Subject: Isanti Police POST mandated policy update

Background:

The Minnesota POST Board requires all law enforcement agencies to establish and implement a sexual assault investigation policy by October 1st 2019.

Every state and local law enforcement agency must establish and enforce a written policy addressing how the agency will respond to and investigate reports of sexual assault.

The policy must substantially incorporate the main items from the board's model policy on responding to reports of sexual assault, but also may expand on the board's policy. As an alternative, the policy may be identical to the board's policy. **REQUIRED POLICY (By October 1, 2019)**. [MN POST BOARD]

Recommendation:

Staff is recommending the adoption of the POST board's model policy.

Request:

Staff is requesting action on this item.

Action Required:

If the Council concurs, it should by motion, take the following actions:

1. Approve POST Board Sexual Assault Investigation model policy to be adopted as the Isanti Police Departmental Sexual Assault Investigation Policy.

General Order: No.191

I. PURPOSE

The purpose of this policy is to provide employees with guidelines for responding to reports of sexual assault. This agency will strive:

a) To afford maximum protection and support to victims of sexual assault or abuse through a coordinated program of law enforcement and available victim services with an emphasis on a victim centered approach;

b) To reaffirm peace officers' authority and responsibility to conducting thorough preliminary and follow up investigations and to make arrest decisions in accordance with established probable cause standards;

c) To increase the opportunity for prosecution and victim services.

II. POLICY

It is the policy of the Isanti Police Department to recognize sexual assault as a serious problem in society and to protect victims of sexual assault by ensuring its peace officers understand the laws governing this area. Sexual assault crimes are under-reported to law enforcement and the goal of this policy is in part to improve victim experience in reporting so that more people are encouraged to report.

All employees should take a professional, victim-centered approach to sexual assaults, protectively investigate these crimes, and coordinate with prosecution in a manner that helps restore the victim's dignity and autonomy. While doing so, it shall be this agency's goal to decrease the victim's distress, increase the victim's understanding of the criminal justice system and process, and promote public safety.

Peace officers will utilize this policy in response to sexual assault reported to this agency. This agency will aggressively enforce the laws without bias and prejudice based on race, marital status, sexual orientation, economic status, age, disability, gender, religion, creed, or national origin.

III. DEFINITIONS

For purpose of this policy, the words and phrases in this section have the following meaning given to them, unless another intention clearly appears.

A. **Consent:** As defined by Minn. Stat. 609.341, which states:
   (1) Words or overt actions by a person indicating a freely given present agreement to perform a particular sexual act with the actor. Consent does not mean the existence of a prior or current social relationship between the actor and the complainant or that the complainant failed to resist a particular sexual act.
   (2) A person who is mentally incapacitated or physically helpless as defined by Minnesota Statute 609.341 cannot consent to a sexual act.
   (3) Corroboration of the victim's testimony is not required to show lack of consent.

B. **Child or Minor:** a person under the age of 18.

C. **Medical Forensic Examiner:** The health care provider conducting a sexual assault medical forensic examination.

D. **Sexual Assault:** A person who engages in sexual contact or penetration with another person in a criminal manner as identified in MN Statute 609.342 to 609.3451.

E. **Family and Household Member:** As defined in Minn. Stat. 518.B.01 Subd.2.b. to include:

   (1) spouses or former spouses;
   (2) parents and children;
   (3) persons related by blood;
   (4) persons who are presently residing together or who have resided together in the past;
   (5) persons who have a child in common regardless of whether they have been married or have lived together at any time;
   (6) a man and woman if the woman is pregnant and the man is alleged to be the father, regardless of whether they have been married or have lived together at any time; and
   (7) persons involved in a significant romantic or sexual relationship

F. **Sexual Assault Medical Forensic Examination:** An examination of a sexual assault patient by a health care provider, ideally one who has specialized education and clinical experience in the collection of forensic evidence and treatment of these patients.

G. **Victim Advocate:** A Sexual Assault Counselor defined by Minn. Stat. 595.02, subd. 1(k) and/or Domestic Abuse Advocate as defined by Minn. Stat. 595.02, subd. 1(1) who provide confidential advocacy services to victims of sexual assault and domestic abuse. Victim advocates as defined provide coverage in all counties in Minnesota. Minnesota

Office of Justice Programs (MN OJP) can assist departments in locating their local victim advocacy agency for the purposes outlined in this policy.

H. **Victim Centered:** A victim-centered approach prioritizes the safety, privacy and well-being of the victim and aims to create a supportive environment in which the victim's rights are respected and in which they are treated with dignity and respect. This approach acknowledges and respects a victims' input into the criminal justice response and recognizes victims are not responsible for the crimes committed against them.

I. **Vulnerable Adult**: any person 18 years of age or older who:
   (1) is a resident inpatient of a facility as defined in Minn. Stat. 626.5572. Subd. 6;
   (2) receives services at or from a facility required to be licensed to serve adults under sections 245A.01 to 245A.15, except that a person receiving outpatient services for treatment of chemical dependency or mental illness, or one who is committed as a sexual psychopathic personality or as a sexually dangerous person under chapter 253B, is not considered a vulnerable adult unless the person meets the requirements of clause (4);
   (3) receives services from a home care provider required to be licensed under sections 144A.43 to 144A.482; or from a person or organization that exclusively offers, provides, or arranges for personal care assistance services under the medical assistance program as authorized under sections 256B.0625, subdivision 19a, 256B.0651 to 256B.0654, and 256B.0659; or
   (4) regardless of residence or whether any type of service is received, possesses a physical or mental infirmity or other physical, mental, or emotional dysfunction:
      (i) that impairs the individual's ability to provide adequately for the individual's own care without assistance, including the provision of food, shelter, clothing, health care, or supervision; and
      (ii) because of the dysfunction or infirmity and the need for assistance, the individual has an impaired ability to protect the individual from maltreatment.

IV. PROCEDURES

A. Communications Personnel Response/Additional Actions by Responding Officers

Communications personnel and/or law enforcement officers should inform the victim of ways to ensure critical evidence is not lost, to include the following:

1) Suggest that the victim not bathe, or clean him or herself if the assault took place recently.
2) Recommend that if a victim needs to relieve themselves, they should collect urine in a clean jar for testing, and should avoid wiping after urination.

3) Asking the victim to collect any clothing worn during or after the assault and if possible, place in a paper bag, instructing the victim not to wash the clothing (per department policy).
4) Reassure the victim that other evidence may still be identified and recovered even if they have bathed or made other physical changes.

B. Initial Officer Response

When responding to a scene involving a sexual assault, officers shall follow standard incident response procedures. In addition, when interacting with victims, officers shall do the following:

1) Recognize that the victim experienced a traumatic incident and may not be willing or able to immediately assist with the criminal investigation.

2) The officer shall attempt to determine the location/jurisdiction where the assault took place.

3) Explain the reporting process including the roles of the first responder, investigator, and anyone else with whom the victim will likely interact during the course of the investigation.

4) Officers are encouraged to connect the victim with local victim advocates as soon as possible. Inform the victim that there are confidential victim advocates available to address any needs they might have and to support them through the criminal justice system process. Provide the victim with contact information for the local victim advocate. Upon victim request the officer can offer to contact local victim advocate on behalf of the victim.

5) Ask about and document signs and symptoms of injury, to include strangulation. Officers shall attempt to obtain a signed medical release from the victim.

6) Ensure that the victim knows they can go to a designated facility for a forensic medical exam. Offer to arrange for transportation for the victim.

7) Identify and attempt to interview potential witnesses to the sexual assault and/or anyone the victim told about the sexual assault.

8) Request preferred contact information for the victim for follow-up.

C. Victim Interviews

This agency recognizes that victims of sexual assault due to their age or physical, mental or emotional distress, are better served by utilizing trauma informed interviewing techniques and strategies. Such interview techniques and strategies eliminate the duplication of

interviews and use a question and answer interviewing format with questioning nondirective as possible to elicit spontaneous responses.

In recognizing the need for non-traditional interviewing techniques for sexual assault victims, officers should consider the following:

- Offer to have a confidential victim advocate present (if possible) if the victim would benefit from additional support during the process
- Whenever possible, conduct victim interviews in person
- Make an effort to conduct the interview in a welcoming environment
- Let the victim share the details at their own pace
- Recognize victims of trauma may have difficulty remembering incidents in a linear fashion and may remember details in days and weeks following the assault
- After the initial interview, consider reaching out to the victim within a few days, after at least one sleep cycle to ask if they remember any additional details.
- Depending on the victim, additional interviews might be needed to gather additional information. Offer support from a victim advocate to the victim to help facilitate engagement with the investigative process and healing.
- Some victims do remember details vividly and might want to be interviewed immediately.
- During initial and subsequent victim interviews, officers should note the following information as victims share it, recognizing that a victim may not be able to recall all the details of the assault during a particular interview.
  1) Whether the suspect was known to the victim
  2) How long the victim knew the suspect
  3) The circumstances of their meeting and if there is any indication of the use of drugs or alcohol to facilitate the sexual assault
  4) The extent of their previous or current relationship
  5) Any behavioral changes that led the situation from one based on consent to one of submission, coercion, fear, or force
  6) Specific actions, statements, and/or thoughts of both victim and suspect immediately prior, during, and after assault
  7) Relevant communication through social media, email, text messages, or any other forms of communication

D. Special Considerations—Minors and Vulnerable Adults/Domestic Abuse Victims

1. Minors and Vulnerable Adults

This agency recognizes that certain victims, due to their age or a physical, mental, or emotional distress, are better served by utilizing interview techniques and strategies that eliminate the duplication of interviews and use a question and answer interviewing format with questioning as nondirective as possible to elicit spontaneous responses. Members of this agency will be alert for victims who would be best served by the use of these specialized interview techniques. Officers, in making this determination, should consider the victim's age, level of maturity, communication

skills, intellectual capacity, emotional state, and any other observable factors that would indicate specialized interview techniques would be appropriate for a particular victim. When an officer determines that a victim requires the use of these specialized interview techniques, the officer should follow the guidance below.

a. Officers responding to reports of sexual assaults involving these sensitive population groups shall limit their actions to the following:

(1) Ensuring the safety of the victim;
(2) Ensuring the scene is safe;
(3) Safeguarding evidence where appropriate;
(4) Collecting any information necessary to identify the suspect; and
(5) Addressing the immediate medical needs of individuals at the scene

b. Initial responding officers should not attempt to interview the victim in these situations, but should instead attempt to obtain basic information and facts about the situation, including the jurisdiction where the incident occurred and that a crime most likely occurred. Officers should seek to obtain this information from parents, caregivers, the reporting party, or other adult witnesses, unless those individuals are believed to be the perpetrators.

c. Officers responding to victims with special considerations must comply with the mandated reporting requirements of Minnesota Statute 626.556 and 626.557, as applicable. Officers investigating cases involving victims with special considerations should coordinate these investigations with the appropriate local human services agency where required. Any victim or witness interviews conducted with individuals having special considerations must be audio and video recorded whenever possible. All other interviews must be audio recorded whenever possible.

Not all sexual assaults of minor victims require a mandatory report to social services. This policy recognizes that in certain cases, notifying and/or the involvement of a parent/guardian can cause harm to the minor and/or impede the investigation. Officers responding to the sexual assault of a minor victim that does not trigger a mandated report under Minn. Stat. 626.556 should assess for the impact on the victim and the investigation if parents/guardians were notified before making a decision to involve them.

d. Officers should obtain necessary contact information for the victim's caregiver, guardian or parents and where the victim may be located at a later time. Officers should advise the victim and/or any accompanying adult(s), guardians or caregivers that an investigating officer will follow up with information on a forensic interview.

e. The officer should advise the victim's caregiver, guardian or parent that if the victim starts to talk about the incident they should listen to them but not question them as this may influence any future statements.

2. Victims of Domestic Abuse
Officers responding to a report of sexual assault committed against a family and household member must also follow the requirements and guidelines in this agency's domestic abuse policy and protocol, in addition to the guidelines in this policy.

E. Protecting Victim Rights

1) Confidentiality: Officers should explain to victims the limitations of confidentiality in a criminal investigation and that the victim's identifying information is not accessible to the public, as specified in Minn. Stat. section 13.82, subd. 17(b)

2) Crime Victim Rights: Officers must provide the following information to the victim:
   a. Crime victim rights and resource information required to be provided to all victims as specified by Minn. Stat. section 611A.02, subd. 2(b)
   b. If the suspect is a family or household member to the victim, crime victim rights and resource information required to be provided to domestic abuse victims, as specified by Minn. Stat. section 629.341, subd. 3.
   c. The victim's right to be informed of the status of a sexual assault examination kit upon request as provided for under Minn. Stat. section 611A.27, subd. 1.
   d. Pursuant to Minn. Stat. 611A.26, subd. 1, no law enforcement agency or prosecutor shall require that a complainant of a criminal sexual conduct or sex trafficking offense submit to a polygraph examination as part of or a condition to proceeding with the investigation, charging or prosecution of such offense.

3) Other information: Officers should provide to the victim the agency's crime report/ICR number, and contact information for the reporting officer and/or investigator or person handling the follow up.

4) Language access: All officers shall follow agency policy regarding limited English proficiency.

F. Evidence Collection

1) Considerations for Evidence Collection

Officers shall follow this agency's policy on crime scene response. In addition, officers may do the following:

a. Collect evidence regarding the environment in which the assault took place, including indications of isolation and soundproofing. The agency should consider utilizing their agency or county crime lab in obtaining or processing the scene where the assault took place. This should be in accordance to any/all other policies and procedures relating to evidence collections.

b. Document any evidence of threats or any communications made by the suspect, or made on behalf of the suspect, to include those made to individuals other than the victim.

c. In situations where it is suspected that drugs or alcohol may have facilitated the assault, officers should assess the scene for evidence such as drinking glasses, alcohol bottles or cans, or other related items.

d. If the victim has declined or a medical forensic exam will not be conducted, the officer should obtain victim consent and attempt to take photographs of visible physical injuries, including any healing or old injuries. Victim should be given directions about how to document any bruising or injury that becomes evidence later after these photographs are taken.

G. Sexual Assault Medical Forensic Examinations

1) Prior to the sexual assault medical forensic examination the investigating officer should do the following:
   a. Ensure the victim understands the purpose of the sexual assault medical forensic exam and its importance to both their general health and wellness and to the investigation. Offer assurance to the victim that they will not incur any out-of-pocket expenses for forensic medical exams and provide information about evidence collection, storage and preservation in sexual assault cases.
   b. Provide the victim with general information about the procedure, and encourage them to seek further detail and guidance from the forensic examiner, health care professional, or a victim advocate. Officers and investigators cannot deny a victim the opportunity to have an exam.
   c. Officers should be aware and if necessary, relay to victims who do not want to undergo an exam that there might be additional treatments or medications they are entitled to even if they do not want to have an exam done or have evidence collected. Victims can seek that information from a health care provider or a victim advocate. If possible, transport or arrange transportation for the victim to the designated medical facility.

d. Ask the victim for a signed release for access to medical records from the exam.

2) Officers should not be present during any part of the exam, including during the medical history.
3) Following the exam, evidence collected during the exam shall be handled according to the requirements of agency policy and Minnesota Statute 299C.106.

H. Contacting and Interviewing Suspects

Prior to contacting the suspect, officers should consider the following:

1) Conduct a background and criminal history check specifically looking for accusations, criminal charges, and convictions for interconnected crimes, especially crimes involving violence.
2) Consider conducting a pretext or confrontational call or messaging depending on jurisdictional statutes. Involvement of a victim should be based on strong consideration of the victim's emotional and physical state. A victim advocate should be present whenever possible to offer support.
3) When possible, an attempt would be made to interview the suspect in person.
4) In situations where suspects do not deny that a sexual act occurred, but rather assert that it was with the consent of the victim, officers should do the following:
    a. Collect evidence of past communication, including but not limited to all relevant interaction (including social media) between the suspect and victim.
    b. Identify events that transpired prior to, during, and after the assault in an effort to locate additional witnesses and physical locations that might lead to additional evidence.
5) For sexual assaults involving strangers, officers should focus investigative efforts on the collection of video, DNA, and other trace evidence used for analysis to identify the perpetrator (handle evidence collection per agency policy).

I. Forensic Examination and/or the Collection of Evidence from the Suspect

Note: A suspect's forensic examination and/or the collection of evidence from a suspect may be done by either an investigating officer/investigator, Forensic Medical Examiner, or the agency/county crime lab personnel.

1) Prior to or immediately after the preliminary suspect interview, photograph any injuries.
2) Determine whether a sexual assault medical forensic examination should be conducted.
3) Ask for the suspect's consent to collect evidence from their body and clothing. However, officers/investigators should consider obtaining a search warrant, with specific details about what evidence will be collected, and should be prepared in advance to eliminate the opportunity for the suspect to destroy or alter evidence if consent is denied.
4) During the suspect's sexual assault medical forensic examination, the investigator, evidence technician, or forensic examiner should do the following:

a. Strongly consider penile swabbing, pubic hair combings, and collection of other potential DNA evidence;
b. Collect biological and trace evidence from the suspect's body;
c. Document information about the suspect's clothing, appearance, scars, tattoos, piercings, and other identifiable marks;
d. Seize all clothing worn by the suspect during the assault, particularly any clothing touching the genital area;
e. Document the suspect's relevant medical condition and injuries.

J. Role of the Supervisor

Supervisors may do the following:

1) Assist officers investigating incidents of sexual assault when possible or if requested by an officer.
2) Provide guidance and direction as needed.
3) Review sexual assault reports to ensure that necessary steps were taken during initial response and investigations.

K. Case Review/Case Summary

A supervisor should ensure cases are reviewed on an on-going basis. The review process should include an analysis of:

1) Case dispositions
2) Decisions to collect evidence
3) Submissions of evidence for lab testing
4) Interviewing decisions

DEPARTMENT MANUAL
Use of Body-Worn Cameras Policy

Effective Date: September 18th 2019
Date of issuance: September 18th 2019
General Order: No. 146

CITY OF ISANTI POLICE DEPARTMENT
USE OF BODY-WORN CAMERAS POLICY

Purpose

The primary purpose of using body-worn-cameras (BWCs) is to capture evidence arising from police-citizen encounters. This policy sets forth guidelines governing the use of BWCs and administering the data that results. Compliance with these guidelines is mandatory, but it is recognized that officers must also attend to other primary duties and the safety of all concerned, sometimes in circumstances that are tense, uncertain, and rapidly evolving.

Policy

It is the policy of this department to authorize and require the use of department-issued BWCs as set forth below, and to administer BWC data as provided by law.

Scope

This policy governs the use of BWCs in the course of official duties. It does not apply to the use of squad-based (dash-cam) recording systems. The chief or chief's designee may supersede this policy by providing specific instructions for BWC use to individual officers, or providing specific instructions pertaining to particular events or classes of events, including but not limited to political rallies and demonstrations. The chief or designee may also provide specific instructions or standard operating procedures for BWC use to officers assigned to specialized details, such as carrying out duties in courts or guarding prisoners or patients in hospitals and mental health facilities.

Definitions

The following phrases have special meanings as used in this policy:

A. **MGDPA or Data Practices** Act refers to the Minnesota Government Data Practices Act, Minn. Stat. §13.01, et seq.

B. **Records Retention Schedule** refers to the General Records Retention Schedule for Minnesota cities.

C. **Law enforcement-related information** means information captured or available for capture by use of a BWC that has evidentiary value because it documents events with

respect to a stop, arrest, search, citation, or charging decision.

D. **Evidentiary value** means that the information may be useful as proof in a criminal prosecution, related civil or administrative proceeding, further investigation of an actual or suspected criminal act, or in considering an allegation against a law enforcement agency or officer.

E. **General Citizen Contact** means an informal encounter with a citizen that is not and does not become law enforcement-related or adversarial, and a recording of the event would not yield information relevant to an ongoing investigation. Examples include, but are not limited to, assisting a motorist with directions, summoning a wrecker, or receiving generalized concerns from a citizen about crime trends in his or her neighborhood.

F. **Adversarial** means a law enforcement encounter with a person that becomes confrontational, during which at least one person expresses anger, resentment, or hostility toward the other, or at least one person directs toward the other verbal conduct consisting of arguing, threatening, challenging, swearing, yelling, or shouting. Encounters in which a citizen demands to be recorded or initiates recording on his or her own are deemed adversarial.

G. **Unintentionally recorded footage** is a video recording that results from an officer's inadvertence or neglect in operating the officer's BWC, provided that no portion of the resulting recording has evidentiary value. Examples of unintentionally recorded footage include, but are not limited to, recordings made in station house locker rooms, restrooms, and recordings made while officers were engaged in conversations of a non-business, personal nature with the expectation that the conversation was not being recorded.

H. **Official duties,** for purposes of this policy, means that the officer is on duty and performing authorized law enforcement services on behalf of this agency.

Use and Documentation

A. Officers may use only department-issued BWCs in the performance of official duties for this agency or when otherwise performing authorized law enforcement services as an employee of this department.

B. Officers who have been issued BWCs shall operate and use them consistent with this policy. Officers shall conduct a function test of their issued BWCs at the beginning of each shift to make sure the devices are operating properly. Officers noting a malfunction during testing or at any other time shall promptly report the malfunction to the officer's supervisor and shall document the report in writing. Supervisors shall take prompt action to address malfunctions and document the steps taken in writing.

C. Officers should wear their issued BWCs at the location on their body and in the manner specified in training.

D. Officers must document BWC use and non-use as follows:

1. Whenever an officer makes a recording, the existence of the recording shall be documented in an incident report or CAD record/other documentation of the event.

2. Whenever an officer fails to record an activity that is required to be recorded under this policy or captures only a part of the activity, the officer must document the circumstances and reasons for not recording in an incident report or CAD record/other documentation of the event. Supervisors shall review these reports and initiate any corrective action deemed necessary.

E. The department will maintain the following records and documents relating to BWC use, which are classified as public data:

1. The total number of BWCs owned or maintained by the agency;

2. A daily record of the total number of BWCs actually deployed and used by officers.

3. The total amount of recorded BWC data collected and maintained; and

4. This policy, together with the Records Retention Schedule.

General Guidelines for Recording

A. Officers shall activate their BWCs when responding to all calls for service and during all law enforcement-related encounters and activities, including but not limited to pursuits, *Terry* stops of motorists or pedestrians, arrests, searches, suspect interviews and interrogations, and during any police/citizen contacts that becomes adversarial. However, officers need not activate their cameras when it would be unsafe, impossible, or impractical to do so, but such instances of not recording when otherwise required must be documented as specified in the Use and Documentation guidelines.

B. Officers have discretion to record or not record general citizen contacts.

C. Officers have no affirmative duty to inform people that a BWC is being operated or that the individuals are being recorded.

D. Once activated, the BWC should continue recording until the conclusion of the incident or encounter, or until it becomes apparent that additional recording is unlikely to capture information having evidentiary value. The officer having charge of a scene shall likewise direct the discontinuance of recording when further recording is unlikely to capture additional information having evidentiary value. If the recording is discontinued while an investigation, response, or incident is ongoing, officers shall state the reasons for ceasing the recording on camera before deactivating their BWC. If circumstances change, officers shall reactivate their cameras as required by this policy to capture information having evidentiary value.

E. Officers shall not intentionally block the BWC's audio or visual recording functionality to defeat the purposes of this policy.

F. Notwithstanding any other provision in this policy, officers shall not use their BWCs to record other agency personnel during non-enforcement related activities, such as during pre- and post-shift time in locker rooms, during meal breaks, or during other private conversations, unless recording is authorized as part of an administrative or criminal investigation.

Special Guidelines for Recording

Officers may, in the exercise of sound discretion, determine:

A. To use their BWCs to record any police-citizen encounter if there is reason to believe the recording would potentially yield information having evidentiary value, unless such recording is otherwise expressly prohibited.

B. Officers shall use their BWCs and squad-based audio/video systems to record their transportation and the physical transfer of persons in their custody to hospitals, detox and mental health care facilities, juvenile detention centers, and jails, but otherwise should not record in these facilities unless the officer anticipates witnessing a criminal event or being involved in or witnessing an adversarial encounter or use-of-force incident.

Downloading and Labeling Data

A. Each officer using a BWC is responsible for transferring or assuring the proper transfer of the data from his or her camera to the BWC data storage computer by the end of that officer's shift. However, if the officer is involved in a shooting, in-custody death, or other law enforcement activity resulting in death or great bodily harm, a supervisor or investigator shall take custody of the officer's BWC and assume responsibility for transferring the data from it.

B. Officers shall label the BWC data files at the time of video capture or transfer to storage, and should consult with a supervisor if in doubt as to the appropriate labeling. Officers should assign as many of the following labels as are applicable to each file:

1. **Evidence-criminal:** The information has evidentiary value with respect to an actual or suspected criminal incident or charging decision.

2. **Evidence--force:** Whether or not enforcement action was taken or an arrest resulted, the event involved the application of force by a law enforcement officer of this or another agency.

3. **Evidence--property:** Whether or not enforcement action was taken or an arrest resulted, an officer seized property from an individual or directed an individual to dispossess property.

4. **Evidence--administrative:** The incident involved an adversarial encounter or resulted in a complaint against the officer.

5. **Evidence--other:** The recording has potential evidentiary value for reasons identified by the officer at the time of labeling.

6. **Training:** The event was such that it may have value for training.

7. **Not evidence:** The recording does not contain any of the foregoing categories of information and has no apparent evidentiary value. Recordings of general citizen contacts and unintentionally recorded footage are not evidence.

C. In addition, officers shall flag each file as appropriate to indicate that it contains information about data subjects who may have rights under the MGDPA limiting disclosure of information about them. These individuals include:

1. Victims and alleged victims of criminal sexual conduct and sex trafficking.

2. Victims of child abuse or neglect.

3. Vulnerable adults who are victims of maltreatment.

4. Undercover officers.

5. Informants.

6. When the video is clearly offensive to common sensitivities.

7. Victims of and witnesses to crimes, if the victim or witness has requested not to be identified publicly.

8. Individuals who called 911, and services subscribers whose lines were used to place a call to the 911 system.

9. Mandated reporters.

10. Juvenile witnesses, if the nature of the event or activity justifies protecting the identity of the witness.

11. Juveniles who are or may be delinquent or engaged in criminal acts.

12. Individuals who make complaints about violations with respect to the use of real property.

13. Officers and employees who are the subject of a complaint related to the events captured on video.

14. Other individuals whose identities the officer believes may be legally protected from public disclosure.

D. Labeling and flagging designations may be corrected or amended based on additional information.

Administering Access to BWC Data:

A. **Data subjects.** Under Minnesota law, the following are considered data subjects for purposes of administering access to BWC data:

1. Any person or entity whose image or voice is documented in the data.

2. The officer who collected the data.

3. Any other officer whose voice or image is documented in the data, regardless of whether that officer is or can be identified by the recording.

B. **BWC data is presumptively private.** BWC recordings are classified as private data about the data subjects unless there is a specific law that provides differently. As a result:

1. BWC data pertaining to people is presumed private, as is BWC data pertaining to businesses or other entities.

2. Some BWC data is classified as confidential (see C. below).

3. Some BWC data is classified as public (see D. below).

C. **Confidential data.** BWC data that is collected or created as part of an active criminal investigation is confidential. This classification takes precedence over the "private" classification listed above and the "public" classifications listed below.

D. **Public data.** The following BWC data is public:

1. Data documenting the discharge of a firearm by a peace officer in the course of duty,

other than for training or the killing of an animal that is sick, injured, or dangerous.

2. Data that documents the use of force by a peace officer that results in substantial bodily harm.

3. Data that a data subject requests to be made accessible to the public, subject to redaction. Data on any data subject (other than a peace officer) who has not consented to the public release must be redacted if practicable. In addition, any data on undercover officers must be redacted.

4. Data that documents the final disposition of a disciplinary action against a public employee.

However, if another provision of the Data Practices Act classifies data as private or otherwise not public, the data retains that other classification. For instance, data that reveals protected identities under Minn. Stat. §13.82, subd. 17 (e.g., certain victims, witnesses, and others) should not be released even if it would otherwise fit into one of the public categories listed above.

E. Access **to BWC data by non-employees.** Officers shall refer members of the media or public seeking access to BWC data to the chief of police or his designee who shall process the request in accordance with the MGDPA and other governing laws. In particular:

1. An individual shall be allowed to review recorded BWC data about him- or herself and other data subjects in the recording, but access shall not be granted:

   a. If the data was collected or created as part of an active investigation.

   b. To portions of the data that the agency would otherwise be prohibited by law from disclosing to the person seeking access, such as portions that would reveal identities protected by Minn. Stat. §13.82, subd. 17.

2. Unless the data is part of an active investigation, an individual data subject shall be provided with a copy of the recording upon request, but subject to the following guidelines on redaction:

   a. Data on other individuals in the recording who do not consent to the release must be redacted.

   b. Data that would identify undercover officers must be redacted.

   c. Data on other officers who are not undercover, and who are on duty and engaged in the performance of official duties, may not be redacted.

F. Access by peace officers and law enforcement employees. No employee may have access to the department's BWC data except for legitimate law enforcement or data administration purposes:

1. Officers may access and view stored BWC video only when there is a business need for doing so, including the need to defend against an allegation of misconduct or substandard performance. Officers may review video footage of an incident in which they were involved prior to preparing a report, giving a statement, or providing testimony about the incident.

2. Agency personnel shall document their reasons for accessing stored BWC data at the time of each access. Agency personnel are prohibited from accessing BWC data for non-business reasons and from sharing the data for non-law enforcement related purposes, including but not limited to uploading BWC data recorded or maintained by this agency to public and social media websites.

3. Employees seeking access to BWC data for non-business reasons may make a request for it in the same manner as any member of the public.

G. Other authorized disclosures of data. Officers may display portions of BWC footage to witnesses as necessary for purposes of investigation as allowed by Minn. Stat. §13.82, subd. 15, as may be amended from time to time. Officers should generally limit these displays in order to protect against the incidental disclosure of individuals whose identities are not public. Protecting against incidental disclosure could involve, for instance, showing only a portion of the video, showing only screen shots, muting the audio, or playing the audio but not displaying video. In addition,

1. BWC data may be shared with other law enforcement agencies only for legitimate law enforcement purposes that are documented in writing at the time of the disclosure.

2. BWC data shall be made available to prosecutors, courts, and other criminal justice entities as provided by law.

Data Security Safeguards

The City maintains a dedicated computer and server for the storing the data collected by both the BWC and squad camera. The computer and server are password protected. The Chief of Police and Lieutenant, are the system administrators, and are the only individuals who have access to stored data on the computer and server once that data has been uploaded. Individual officers will only have access to upload the BWC and squad camera data. At no time will an individual officer have access or the ability to delete or modify data files.

The BWC and squad camera data is stored on the server, which is automatically backed up on to a secondary hard drive.

A. Personally owned devices, including but not limited to computers and mobile devices, shall not be programmed or used to access or view agency BWC data.

B. Officers shall not intentionally edit, alter, or erase any BWC recording unless otherwise

expressly authorized by the chief or the chief's designee.

C. As required by Minn. Stat. §13.825, subd. 9, as may be amended from time to time, this agency shall obtain an independent biennial audit of its BWC program.

Agency Use of Data

A. At least once a month, supervisors will randomly review BWC usage by each officer to ensure compliance with this policy.

B. In addition, supervisors and other assigned personnel may access BWC data for the purposes of reviewing or investigating a specific incident that has given rise to a complaint or concern about officer misconduct or performance.

C. Nothing in this policy limits or prohibits the use of BWC data as evidence of misconduct or as a basis for discipline.

D. Officers should contact their supervisors to discuss retaining and using BWC footage for training purposes. Officer objections to preserving or using certain footage for training will be considered on a case-by-case basis. Field training officers may utilize BWC data with trainees for the purpose of providing coaching and feedback on the trainees' performance.

Data Retention

A. All BWC data shall be retained for a minimum period of 90 days. There are no exceptions for erroneously recorded or non-evidentiary data.

B. Data documenting the discharge of a firearm by a peace officer in the course of duty, other than for training or the killing of an animal that is sick, injured, or dangerous, must be maintained for a minimum period of one year.

C. Certain kinds of BWC data must be retained for six years:

1. Data that documents the use of deadly force by a peace officer, or force of a sufficient type or degree to require a use of force report or supervisory review.

2. Data documenting circumstances that have given rise to a formal complaint against an officer.

D. Other data having evidentiary value shall be retained for the period specified in the Records Retention Schedule. When a particular recording is subject to multiple retention periods, it shall be maintained for the longest applicable period.

E. Subject to Part F (below), all other BWC footage that is classified as non-evidentiary, becomes classified as non-evidentiary, or is not maintained for training shall be destroyed after 90 days.

F. Upon written request by a BWC data subject, the agency shall retain a recording pertaining to that subject for an additional time period requested by the subject of up to 180 days. The agency will notify the requestor at the time of the request that the data will then be destroyed unless a new written request is received.

G. The department shall maintain an inventory of BWC recordings having evidentiary value.

H. The department will post this policy, together with a link to its Records Retention Schedule, on its website.

Compliance

Supervisors shall monitor for compliance with this policy. The unauthorized access to or disclosure of BWC data may constitute misconduct and subject individuals to disciplinary action and criminal penalties pursuant to Minn. Stat. §13.09.

REPAYMENT AGREEMENT; STATUTORY SHORT FORM MORTGAGE; AND DEED RESTRICTIONS

THIS REPAYMENT AGREEMENT; STATUTORY SHORT FORM MORTGAGE; AND DEED RESTRICTIONS ("AGREEMENT"), made on or as of the ____ day of _____, 2019, by and between the City of Isanti, Minnesota, a Minnesota municipal corporation (hereinafter referred to as the "City") having its principal office at 110 First Avenue N.W. PO Box 428, Isanti, Minnesota 55040, and J Robinson Construction, Inc. , a corporation under the laws of the State of Minnesota (hereinafter referred to as the "Developer"), having its principal office at 27178 Tamarack St NW, Isanti, MN 55040.

WITNESSETH:

WHEREAS, the Developer intends to construct three single family homes (the "Improvements") on certain real property (the "Property") in the City; and

WHEREAS, in connection with the construction of the Improvements there are certain water and sanitary sewer charges that are payable by the Developer to the City; and

WHEREAS, the Developer has demonstrated to the satisfaction of the City that the Developer is unable to pay the full amount of the charges now and has asked the City to defer such charges and make them payable at a future point in time; and

WHEREAS, the City believes that the development of the Improvements by the Developer is in the best interests of the City and, therefore, it is willing to defer the charges if doing so will facilitate the development and viability of the Improvements.

NOW, THEREFORE, in consideration of the premises and the mutual obligations of the parties hereto, each of them does hereby covenant and agree with the other as follows:

ARTICLE I
Definitions

Section 1.1. Definitions. In this Agreement, unless a different meaning clearly appears from the context:

"Agreement" means this Agreement, as the same may be from time to time modified, amended, or supplemented.

"City" means the City of Isanti, Minnesota, its successors and assigns.

"County" means Isanti County, Minnesota.

"Deferred Charges" means the utility charges described in Section 3.1 of this Agreement being deferred by the City and which the Developer is obligated to pay in accordance with this Agreement.

"Developer" means J Robinson Construction, Inc, a Minnesota Corporation, its successors and assigns.

"Event of Default" means an action by the Developer listed in Article IV of this Agreement.

"Improvements" means the single-family home to be constructed by the Developer on the Property.

"Property" means the real property described on the attached Schedule A to this Agreement.

"State" means the State of Minnesota.

ARTICLE II
Representations

Section 2.1. Representations by the City. The City makes the following representations as the basis for the undertaking on its part herein contained:

(a) The City is a statutory city duly organized and existing under the laws of the State. Under State law, the City has the power to enter into this Agreement and to perform its obligations hereunder.

Section 2.2. Representations by the Developer. The Developer represents that:

(a) The Developer is a corporation duly organized and authorized to transact business in the State, is not in violation of any provisions of its Bylaws or the laws of the State, has power to enter into this Agreement and has duly authorized the execution, delivery and performance of this Agreement by proper action of its Board of Directors.

ARTICLE III
Deferred Charges, Payment and Security

Section 3.1. Deferred Charges. The Developer owes to the City the sum of **$ 5,894.00** in deferred utility charges ("Deferred Charges"). The Deferred Charges consist of **$ 2,613.00** in Water Availability Charges and **$ 3,281.00** in Sewer Availability Charges. The City has agreed to defer the payment of the Deferred Charges as described in this Agreement.

Section 3.2. Payment of the Deferred Charges. The Developer covenants and agrees that it will pay the Deferred Charges to the City on the earliest to occur of the following:

(a) on the date that is one hundred and twenty (120) days after the date of this Agreement;

(b) on the date that the Developer sells or transfers the Property or Improvements, or any portion thereof; or

(c) on the date that the City issues a certificate of occupancy for the Improvements.

Interest shall accrue on the Deferred Charges at the rate of zero percent (0%) from the date hereof and continuing until the Deferred Charges and all accrued interest have been paid in full.

Section 3.3. Payment of Costs.

(a) The Developer shall pay all costs for title work and recording of this Agreement.

(b) The Developer shall pay all costs incurred by the City in connection with the preparation and implementation of this Agreement and related documents, including, without limitation, fees of attorneys related the preparation of this Agreement and related documents, if the Developer fails to complete construction of the Improvements within one hundred and twenty (120) days after the date of this Agreement.

Section 3.4 Security. As security for Developer's obligation of repayment of the Deferred Charges and Costs identified in Sections 3.1 and 3.3, Developer hereby grants and the City shall and hereby does have, a lien on the Property in the full amount necessary to satisfy any repayment obligation of the fees and charges identified in Sections 3.1 and 3.3 under this Agreement and the cost including reasonable attorney's fees, of collecting the same.

Section 3.5 Notice. At least 10 days before the date of any sale, cash out refinance, transfer or other conveyance of the Property or, in the event of a sale by contract for deed, Developer or their heirs, executors or representatives, shall give the City notice thereof.

Section 3.6 Mortgage. To secure any such repayment of the Deferred Charges under Section 3.1 and 3.3 as may become due under the provisions of this Article, the Developer hereby

grants to the City a Statutory Short Form Mortgage pursuant to the provisions of Minnesota Statutes Section 507.15 (2016) as follows:

UNIFORM SHORT FORM MORTGAGE

This statutory mortgage, made this ___ day of _____, 2019 between the City of Isanti, a Minnesota Municipal having its principal office at 110 First Avenue N.W. PO Box 428, Isanti, Minnesota 55040 (the "Mortgagor"), and J Robinson Construction, Inc., a corporation under the laws of the State of Minnesota having its principal office at 27178 Tamarack St NW, Isanti, MN 55040 (the "Mortgagee"),

Witnesseth, that to secure the payment of the Deferred Charges by the Mortgagee to the Mortgagor of $5,894.00 as described in Article 3 of this Agreement (the "Indebtedness") the Mortgagor, hereby mortgages to the mortgagee and grants a security interest in the real property located at 205 9th Ave SE, in the City of Isanti, Isanti County, Minnesota, as legally described and set forth in "Schedule A" attached hereto and made a part hereof ("Property"), subject only to any liens or encumbrances of record thereon as of the date hereof.

And Mortgagor agrees and covenants with the Mortgagee the following statutory covenants;

1. To warrant the title to the Property, subject only to prior encumbrances of record as of the date hereof.
2. To pay the indebtedness as herein provided.
3. To pay all taxes.
4. To keep the buildings located on the Property insured against fire, windstorm and extended coverage for their full insurable value for the protection of the Mortgagee.
5. That the Property shall be kept in repair and no waste shall be committed.
6. That the whole of the principal sum shall become due after default, in the payment of any installment of principal or interest, or of any tax, or in the performance of any other covenant, at the option of the Mortgagee.

If default be made in any payment or covenant herein, the mortgagee shall have the statutory power of sale, and on foreclosure may retain statutory costs and attorney's fees.

Section 3.7. In the event Mortgagor or their heirs, executors or representatives shall fail or refuse to make a required repayment of the Indebtedness within the limited period set forth herein, the Mortgagee may, with or without notice to Mortgagor foreclose said lien in the same manner as provided pursuant an action for the foreclosure of mortgage upon said Property, as by statute provided, or may at its option proceed with foreclosure by advertisement pursuant to the statutory power of sale which the Mortgagor grants to the Mortgagee provided under this Mortgage, in accordance with applicable law. In the event of default by Mortgagor on any of Mortgagor's obligations under the terms of this Mortgage, Mortgagee shall also have the right to pursue any remedy available to it at law or in equity.

ARTICLE IV
Events of Default

Section 4.1. Events of Default Defined. The following shall be "Events of Default" under this Agreement and the term "Event of Default" shall mean, whenever it is used in this Agreement (unless the context otherwise provides), any one or more of the following events:

(a) Failure by the Developer to pay when due any payments required to be paid under this Agreement.

(b) The Developer of the following: (i) file any petition in bankruptcy or for any reorganization, arrangement, composition, readjustment, liquidation, dissolution, or similar relief under United States Bankruptcy Laws or any similar Federal or State Laws; or (ii) make an assignment for the benefit of its creditors; or (iii) admits, in writing, its inability to pay its debts generally as they become due; or (iv) be adjudicated, bankrupt or insolvent.

Section 4.2. City's Remedies on Default. Whenever any Event of Default by Developer referred to in Section 4.1 of this Agreement occurs, the City may take any one or more of the following actions after providing ten (10) days written notice to the Developer of the Event of Default, but only if the Event of Default has not been cured within said ten (10) days:

(a) Declare the entire outstanding balance of the Deferred Charges immediately due and payable;

(b) Terminate this Agreement;

(c) Deny issuance of certificates of occupancy or temporary certificates of occupancy;

(c) Take whatever action, including legal, equitable or administrative action, which may appear necessary or desirable to the City to collect any payments due under this Agreement, or to enforce performance and observance of any obligation, agreement, or covenant of the Developer under this Agreement, including the remedies provided under Article 3.

Section 4.3. No Remedy Exclusive. No remedy herein conferred upon or reserved to the City or Developer is intended to be exclusive of any other available remedy or remedies, but each and every such remedy shall be cumulative and shall be in addition to every other remedy given under this Agreement or now or hereafter existing at law or in equity or by statute. No delay or omission to exercise any right or power accruing upon any default shall impair any such right or power or shall be construed to be a waiver thereof, but any such right and power may be exercised from time to time and as often as may be deemed expedient. In order to entitle the City or the Developer to exercise any remedy reserved to it, it shall not be necessary to give notice, other than such notice as may be required in this Article IV.

Section 4.4. No Additional Waiver Implied by One Waiver. In the event any agreement contained in this Agreement should be breached by either party and thereafter waived by the other

party, such waiver shall be limited to the particular breach so waived and shall not be deemed to waive any other concurrent, previous or subsequent breach hereunder.

Section 4.5. Costs of Enforcement. Whenever any Event of Default occurs and the City shall employ attorneys or incur other expenses for the collection of payments due or to become due or for the enforcement of performance or observance of any obligation or agreement on the part of the Developer under this Agreement, the Developer agrees that it shall, within ten (10) days of written demand by the City, pay to the City the reasonable fees of such attorneys and such other expenses so incurred by the City.

Section 4.6. Certificate of Occupancy. The City may deny a certificate of occupancy or temporary certificate of occupancy for the Property until all amounts owed to the City under the terms of this Agreement have been paid by Developer.

ARTICLE V
Additional Provisions

Section 5.1. Representatives Not Individually Liable. No member, official, or employee of the City shall be personally liable to the Developer, or any successor in interest, in the event of any default or breach or for any amount which may become due to Developer or successor in interest or on any obligations under the terms of this Agreement.

Section 5.2. Titles of Articles and Sections. Any titles of the several parts, Articles, and Sections of the Agreement are inserted for convenience of reference only and shall be disregarded in construing or interpreting any of its provisions.

Section 5.3. Notices and Demands. Except as otherwise expressly provided in this Agreement, a notice, demand, or other communication under the Agreement by either party to the other shall be sufficiently given or delivered if it is dispatched by registered or certified mail, postage prepaid, return receipt requested, or delivered personally; and

(a) in the case of the Developer, is addressed to or delivered personally to J Robinson Construction, Inc. 27178 Tamarack St NW, Isanti, MN 55040; and

(b) in the case of the City, is addressed to or delivered personally to the City at 110 First Avenue N.W., P.O. Box 428, Isanti, Minnesota 55040,

or at such other address with respect to either such party as that party may, from time to time, designate in writing and forward to the other as provided in this Section.

Section 5.4. Disclaimer of Relationships. The Developer acknowledges that nothing contained in this Agreement nor any act by the City or the Developer shall be deemed or construed by the Developer or by any third person to create any relationship of third-party beneficiary, principal and agent, limited or general partner, or joint venture between the City and the Developer or any third party.

Section 5.5. Release. Upon payment of all fees and charges under Article III in accordance with the provisions of this Agreement, the City will furnish Developer with a Release of Mortgage for the Property within a reasonable period of time following the request. Developer shall be responsible for recording the Release of Mortgage.

Section 5.6. Modifications. This Agreement may be modified solely through written amendments hereto executed by the Developer and the City.

Section 5.7. Counterparts. This Agreement may be executed in any number of counterparts, each of which shall constitute one and the same instrument.

Section 5.8. Judicial Interpretation. Should any provision of this Agreement require judicial interpretation, the court interpreting or construing the same shall not apply a presumption that the terms hereof shall be more strictly construed against one party by reason of the rule of construction that a document is to be construed more strictly against the party who itself or through its agent or attorney prepared the same, it being agreed that the agents and attorneys of both parties have participated in the preparation hereof.

Section 5.9. Run with the Land. This Agreement may be recorded against the Property and shall run with the aforesaid Property and shall inure to the benefit of and be binding upon the parties hereto and their respective heirs, executors, representatives, successors and assigns.

IN WITNESS WHEREOF, the City has caused this Agreement to be duly executed in its name and behalf and the Developer has caused this Agreement to be duly executed in its name and behalf on or as of the date first above written.

CITY OF ISANTI
SPECIAL PLANNING COMMISSION MEETING
Wednesday, August 7, 2019
Minutes

Call to Order: Chairman Johnson called the meeting to order at 7:38pm
Roll Call: Johnson, Lundeen, Collison, Gordon, Bergley
Excused Absence Simon. Unexcused absence Collins.
Staff Present: Sheila Sellman, Community Development Director, Josi Wood, City Administrator

Public Hearings

Request from Best Western Plus, for approval of a Site Plan Amendment, required under City Ordinance 445, Sect. 18, Subd. 2(A). Said requests is for a revised landscape Plan on PID 161460010. Sellman gave the staff report and explained the request was to amend the approved landscape plan for the development by reducing the plantings from 554 plantings to 117 plantings. Sellman recommended that if there are any changes to keep the buffer around the patio and trash enclosures and be cognizant of the residential surroundings.

Chairman Johnson opened the public hearing. Rob Binder with Civil Site Group was available to the Commission for questions regarding the landscape changes, he represented the hotel. Binder explained to the Commission that the reduction in shrubs and perennials is due to maintenance issues that were not factored into the original plan. Gordon questioned what kind of savings is this to the hotel, there was not a response. Lundeen stated the buffer between the residents and the hotel has to stay. Johnson stated that all the other businesses in town have stuck to their plans and maintained their landscape why should this be different? Gordon suggested that if the hotel saves money by reduces the plantings then they should split the savings with the City since the City is so financially vested in the development. Lundeen doesn't want to set a precedence by changes plans, they should stick with what was approved. Bergley could support a cut in plantings if the savings is shared with the city.

Ken Koense project Architect addressed the board. Stated the changes don't diminish or impact the area. Agreed to revise the plan and come back with something as close to the original as they can.

Jason Rouke, 208 Richard Ave spoke against the changes. Stated the landscape additions were put in place out of respect for the neighbors. The hotel already got variances for setbacks, they can't promise things and then take them back.

Tom Aleckson, 208 Richard Ave spoke against the changes. He questioned why the hotel was even open they don't have sod or the 2nd lift on the parking lot.

Johnson closed the public hearing at 7:58pm.

Gordon and Johnson both agreed that if there is a savings for the hotel in reducing the landscape then the city should get some of their money back. Bergley is for the original plan. Lundeen doesn't want to see any reduction on the back side and questioned when the 2nd lift was going to be put in the parking lot.

Motion by Johnson to decline the proposed changes, can come back to Planning Commission with a different revised plan. 2nd by Gordon, Bergley asked staff to notify the neighbors of the meeting. Motion passed 5-0.

Motion by Bergely to re-open the public hearing and to table to the August 20, 2019 Planning Commission meeting 2nd by Lundeen, motion passed 4-1, Collison Nay.

Other Business: None

Discussion Items: None

Adjournment: Motion by Lundeen 2nd by Bergley to adjourn. Motion passed 5-0, adjourned at 8:10pm.

Public Hearings
Continued from August 7, 2019 - Request from Best Western Plus, for approval of a Site Plan Amendment, required under City Ordinance 445, Sect. 18, Subd. 2(A). Said requests is for a revised landscape Plan on PID 161460010. Sellman reported to the board that no updates have been made from the original request that was reviewed at the Special Meeting. The applicant was not present. Jason Bourke residing at 208 Richard Ave spoke at the public hearing. He stated that the hotel already planted the revised plan. He spoke at the Special Meeting opposed to the request and is still opposed to the modifications. The Commission was disappointed that the hotel representatives were again not at the meeting. Bergley mentioned that the hotel didn't put down the required 4 inches of black dirt before they laid sod, asked staff to look into that. Motion by Lundeen, second by Collison to keep the original plan in place. Motion passed 7-0

Motion by Bergley second my Lundeen to adjourn. Motion passed 7-0 adjourned at 7:37pm.

Steve Lundeen – 1110 Ironwood Ave Sw – brought to the board ideas he would like to see be explored more by the board. A community light show, similar to Bentleyville for the community to enjoy and to assist with sponsoring and volunteering at. Mayor Johnson had first presented idea in 2017 or 2018 to the board. Mayor Johnson has information he gathered at that time for this event. The board agreed to continue to move forward with looking more into this type of event to be held here in Isanti with the intention to make sure we have strong sponsors/volunteers to start to plan for a future event. Lundeen then mentioned an egg hunt, it was brought up that Rum River BMX has had this type of event the past couple of years and so the city could reach out and co-sponsor/partner with the existing event. Belt buckle/medallion hunt to go along with the Rodeo/Jubilee Days celebration and the board decided to continue to look into this event.

4. Preview the Parks, Recreation and Culture Comp Plan

Garvey explained that the comp plan had not been reviewed by this board since 2011 and is bringing it tonight to have the board provide staff direction if they would like to set up a sub-committee to review this packet. The board discussed that they would each review the plan on their own over the next month and bring it back to the August meeting with their insights/updates/etc.

5. Parks Update

Garvey shared that in April of 2019, the board approved the new paint project that will start on Monday July 29. The large playground and swing area will re-painted and the entire playground area will be closed for 2 weeks, weather depending. The Passport to Parks scavenger hunt kickoff event was on Thursday June 20 at Bluebird Park and the hunt will continue, in which citizens can explore our parks and is open through Friday August 9. A Grand Prize drawing will take place at 7:00 pm at the beginning of the Street Dance on August 17. Passports are available for download from the City's website or can be picked up at City Hall. Garvey continued that our second street dance of the summer was Saturday July 20 featuring Audio Circus, and the final dance will be on August 17 featuring Good for Gary, as the ending to our Celebrate Isanti event. The attendance for the June dance was slightly higher than the July date. June we had a couple of moments of rain, but for July the weather was a wonderful event. The Dog Park Grand Opening and ribbon cutting

ceremony was on Wednesday June 12 at 11am. We had about 30 people in attendance and 12 dogs. Staff conducted a drawing for a few prizes and the guests of honor seemed to enjoy meeting new friends and running around without a leash on. Legacy Park, the developer has granted a temporary access point from the new street and staff has placed signs at this point and mowed a path to the entrance of the park. The access point will have to have be moved again as the one we created now has stakes in it so this access point will need to be adjusted. The developer has provided plans to expand the project this fall and go back as far as the true park entrance and parking lot. If the process continues and gets approval, the parking lot for Legacy could be paved and ready by winter. Curious Creatures is a monthly program geared toward 2-5 years old, that switches park locations and has a new theme each month. This is free for residents and $3.00 for non-residents for June 11 we had 15 kids in attendance at River Bluff Preserve for Terrific Turtles and July 9 we had 7 kids in attendance at Bluebird Park for Incredible Insects. Celebrate Isanti is our city celebration day. The day starts off with the bike/run/walk at 8:30 and 8:45, the then continues with the Kids festival, community organization/business vendor showcase from9am-1pm, the car show from 10a-3pm along Main street and then finishes up with the last street dance at 7pm with Good for Gary and also at 7pm the grand prize drawing for the scavenger hunt. Volunteers are needed throughout the day to assist with the race, and kids festival.

6. Adjournment

Subject: A Resolution Approving a Special Event Permit Application for The CBD Joint Grand Opening

---

Background

The CBD Joint will be hosting a grand opening event on Saturday October 12, 2019 from 1:00 to 5:00 pm. The estimated number of individuals in attendance is 200. Parking will take place within the business parking, located at 801 Hwy 65 NE.

The event is inside the business. The parking lot will have one van and one food truck and the remaining lot will be used for the public to park. The applicant has restroom facilities being provided by the Jimmy's Johnny's for the event. The CBD Joint staff will be attending to trash pickup throughout the event and after the event is complete, The CBD Joint has on file the $100 clean up deposit check and should Public Works need to clean the grounds for any reason, this check may be cashed. A public addressing system will not be used during the event, however the 93x van will be playing /broadcasting from their van. The CBD Joint has provided the certificate of liability has applied for a temporary sign permit for a 4'x8' banner and has provided an approval letter from the property owner.

Event organizers need to continually monitor traffic, parking and congestion as to not interfere with TH 65 and make adjustments to alleviate safety issues as needed through the event.

Special Event Permit application materials have been included for Council review.

Staff Request

City staff are requesting City Council's approval of the Special Event Permit for The CBD Joint Grand Opening

Attachment:
- Ordinance Amending City Code 216-4

ORDINANCE NO. ____

AN ORDINANCE TO AMEND THE CODE FOR THE CITY OF ISANTI, CHAPTER 216 NUISANCES

THE CITY OF ISANTI DOES ORDAIN:

I. AMENDMENTS

Section 216-4. Public nuisances affecting peace, safety and general welfare is hereby amended to read as follows:

A. Prohibited nuisances affecting public safety.
   (1) All snow and ice not removed from public sidewalks 48 hours after Public Works has completed removal of a snow event or other precipitation causing the condition has ceased to fall.

B. Prohibited noise affecting public peace.

   (1) General Prohibition. It is unlawful for any person to make or cause to be made any distinctly and loudly audible noise that unreasonably annoys, disturbs, injures or endangers the comfort's repose, health, peace, safety, or welfare of any persons; precludes their enjoyment of property; affects their property's value; affects the peace and quiet of any neighborhood; or which cause discomfort or annoyance to any reasonable person of normal sensitivity residing in the area.

   (2) All obnoxious noises in violation of Minn. Rules Chapter 7030, as it may be amended from time to time, which are hereby incorporated by reference into this code, are declared to be nuisances affecting public peace and safety.

   (3) Additional standards may be considered when determining a violation of this section, which include, but are not limited to, the following:
      (a) Volume of the noise;
      (b) Intensity of the noise;
      (c) Whether the nature of the noise is usual or unusual;
      (d) Volume and intensity of background noise, if any;
      (e) Proximity of the noise to residential sleeping;
      (f) Nature and zoning of the area within which the noise emanates;
      (g) Density of inhabitation of the area within which the noise emanates;
      (h) Time of day or night the noise occurs;
      (i) Duration of the noise;
      (j) Whether the noise is recurrent, intermittent, or constant; and
      (k) Whether the noise is produced by a commercial or non-commercial activity.
      (k) Whether the noise is produced by a commercial or non-commercial activity

(4) Specific Noises Prohibited. The following noises shall be declared to be nuisance noises in violation of this chapter. This listing shall not be deemed to be exclusive.

(a) Horns, Signaling Devices, Sirens, Etc. It is unlawful for any to sound any horn, siren, or other signaling device on any vehicle except as a warning sign or emergency.

(b) Radios, phonographs, television sets, and similar devices. It is unlawful for any person to use or operate or permit the use operation of any radio receiving set, musical instrument, phonograph, paging system, machine or other device for the production or reproduction of sound in a distinctly and audible manner as to disturb the peace, quiet and comfort of any person nearby. Operation of any such device as outlined within Subsection B in a manner as to be plainly audible at the property line of the structure or building in which it is located, in the hallway or apartment adjacent or at a distance of 100 feet if the source is located outside a structure or building shall be prima facie evidence of a violation of this section.

(c) Loudspeakers, amplifiers, and sound trucks. It is unlawful for any person to operate or permit the use or operation of any loudspeaker, sound amplifier or other device for the production or reproduction of sound on a street or other public place for the purpose of commercial advertising or attracting the attention of the public to any commercial establishment or vehicle.

(d) Human noise. Yelling, shouting, hooting, whistling, or singing at any time or place so as to annoy or disturb the quiet, comfort, or of persons in any office, or in any dwelling, hotel/motel, or other place of residence, or in the vicinity of the source.

(e) Exhaust. It is unlawful for any person to discharge the exhaust, or permit the discharge of the exhaust of any steam engine, stationary combustion engine, motor boat, motor vehicle or snowmobile, except through a muffler or other device that effectively prevents loud or explosive noises there from and complies with all applicable state laws and regulations.

(f) Defective vehicles or loads. It is unlawful for any person to use any vehicle so out of repair or so loaded as to create loud or unnecessary grating, grinding, rattling or any other noise.

(g) Loading, unloading, and packing. It shall be unlawful for any person to create loud or excessive noise in connection with loading or unloading or unpacking any vehicle; or the opening and destruction of bales, boxes, crates, and containers.

(h) Loud parties or gatherings. It shall be unlawful for any person to participate in any party or gathering of people giving rise to noise, disturbing the peace, quiet, or repose of another person during the hours of 10:00 p.m. to 7:00 a.m. weekdays and 11:00 p.m. and to 8:00 a.m. weekends. It shall be prima facie evidence of a violation of this section if the sound of the party or gathering is clearly audible at the property line of the structure or building in which it is located, in the hallway or apartment adjacent or at a distance of 100 feet if the source is located outside a or building, or if the noise meets the standards as presented in subsection B (3). Any person who participates in a party or gathering which generates nuisance noise shall be guilty of maintaining a public nuisance. Every owner or tenant of the premises who has knowledge of the disturbance shall make every effort to see that the disturbance is stopped.

(i) Schools, courts, churches, hospitals. It is unlawful for any person to create any excessive noise on a street, alley or public grounds to any school, institution of learning, church or hospital when the noise unreasonably interferes with the working of the institution or disturbs or unduly annoys its occupants or residents and when conspicuous signs indicate the presence of the institution.

(j) Dynamic braking systems. No person shall use motor vehicle brakes that are in any way operated or activated by the compression of the engine in any motor vehicle upon any public ways located within the City limits of Isanti, including, but not limited to, highways, streets, alleys, easements, or right-of-way.

(k) Domestic power equipment. No person shall operate a power lawn mower, power hedge, clipper, chainsaw, mulcher, garden tiller, edger, drill or similar domestic power maintenance equipment except between the hours of 7:00 a.m. and 9:00 p.m. on any weekday or between the hours of 8:00 a.m. to 9:00 p.m. on any weekend or holiday. Snow removal and street sweeping equipment is exempt from this subsection.

(l) Refuse handling. No person shall collect or remove garbage or refuse in any residential district except between the hours of 6:30 a.m. and 6:00 p.m. on any weekday or between the hours of 8:00 a.m. and 6:00 p.m. on any weekend or holiday.

(m) Construction activities. No person shall engage in or permit construction activities involving the use of any kind of electric, diesel, or gas powered machine or other power equipment, manuals tools, movement of equipment, and other activities except between the hours of 7:00 a.m. and 9:00 p.m. on any weekday or

between the hours of 8:00 a.m. and 8:00 p.m. on any weekend or holiday.

(5) Exceptions. The following shall be declared to be exceptions from the provisions of this Subsection B. This listing shall not be deemed to be exclusive.

(a) Emergency Work. Operations and acts performed exclusively for emergency work to preserve the safety, welfare or public health of the citizens of the city or for emergency work necessary to restore public service or to eliminate a public hazard shall be exempt from the provisions of this subsection. Persons having performed emergency work under this subsection shall inform the Police Department at the time of the need to initiate the work or if during nonbusiness hours of the city offices than upon resumption of business hours of the city. Any person responsible for emergency work shall take all reasonable actions to minimize the amount of noise pollution or vibration.

(b) Approved Work. Upon timely application being made and the necessity therefore being established, the City Council may suspend the operation of this section for a specific purpose at a specific location and for a specific length of time by Council action and by giving public notice of the nature and limits of the suspension. The City Engineer may also authorize an exception for dewatering, mass grading, road construction, and other activities for Council approved projects.

II. EFFECTIVE DATE

This ordinance shall take effect upon adoption and publication in the City's Official Newspaper. Adopted by the City Council this 1st day October, 2019.

Request for City Council Action

To: **Mayor Johnson and Members of City Council**
From: Sheila Sellman, Community Development Director
Date: October 1, 2019
Subject: Resolution 2019-XXX approving Site Plan, Variance and Conditional Use Permit for Senior Prairie Cottages of Isanti, LLC

Background:
Prairie Senior Cottages was granted site plan and conditional use permit approval 2010 for two buildings on this site with the condition that the second building would need to be constructed within 5 years of site plan approval. That date passed in November 2015. In 2016 an extension was granted and has since expired. The same request has been made and is before the Planning Commission and City Council for consideration. The plans and specifications are exactly the same as what was approved in 2010 and 2016.

Prairie Senior Cottages has submitted a request for a second building on their property at 705 6th Ave NE. The proposed building is 16,340sf with an attached garage and contains 24 rooms and a total of 28 beds. A fenced in outdoor area with a gazebo is provided on the south side of the building for the residents similar to the existing building. This building is larger than the first building in that it will accommodate up to 24 residents verses 20 residents in building 1. The layout of building two has also been updated to allow for more efficient use of the outdoor area.

All elements of the proposal meet or exceed the zoning ordinance requirements except for the front yard setback of the building. A variance is being requested to allow for a 10ft front yard setback rather than the required 30ft setback. In addition to being in a cul-de-sac, which provides for awkward and difficult site development, the majority of the lot is composed of wetlands, leaving very little room for building movement on the site. The building is situated as far south and west as it can go while remaining outside of the wetland. The building has also been designed in a way that promotes an efficient use of the building so that residents can be within the outdoor area and still be viewed by staff. Any other layout would not allow for this type of oversight of the outdoor area. Staff has reviewed the request and feels that it is consistent with the overall feel of the facility and will not impede the safety of vehicles driving into the area. Sight lines are not impacted due to the roadway being a cul-de-sac; in addition, Prairie Senior Cottages owns the only property that would likely gain access from the cul-de-sac.

The City Engineers comments have all been addressed and are reflected in the approval letter from Bolton & Menk dated September 10, 2019.

The Planning Commission held a public hearing at their September 17, 2019 meeting and recommend approval.

RESOLUTION NO. 2019-XXX

A RESOLUTION APPROVING THE SITE PLAN/BUILDING APPEARANCE AND CONDITIONAL USE PERMIT REQUESTED FOR THE CONSTRUCTION OF PRAIRIE SENIOR COTTAGES II AND A VARIANCE TO THE FRONT YARD SETBACK ON THE PROPERTY LEGALLY DESCRIBED AS LOT 1, BLOCK 1, BANK SITE SECOND ADDITION

WHEREAS, Prairie Senior Cottages is requesting Site Plan/Building Appearance, Conditional Use Permit and Variance approval to allow for the construction of Prairie Senior Cottages II and to allow for less than the required front yard setback on the property legally described as Lot 1, Block 1, Bank Site Second Addition; and,

WHEREAS, the property is located within the "B-2" General Business District with Highway 65 Overlay, which permits senior residential care facilities with approval of a conditional use permit, and;

WHEREAS, the applicant is requesting a variance to the front yard setback from thirty (30) feet to ten (10) feet; and,

WHEREAS, the City of Isanti Planning Commission evaluated the request against the criteria established in Ordinance No. 445 Zoning, Section 21 Administration and Enforcement, Article 5 Variances, Subdivision 4(A), noting that the proposal met all of the criteria noted; and,

WHEREAS, the City of Isanti Planning Commission conducted a public hearing on the requested Site Plan, Conditional Use Permit and Variance on September 17, 2019; and,

WHEREAS, the City of Isanti Planning Commission recommended approval of the requested Site Plan/Building Appearance, Conditional Use Permit and Variance subject to the conditions as listed below based upon the Findings of Fact and Conclusion as presented; and,

WHEREAS, the City Council reviewed the requested Site Plan/Building Appearance, Conditional Use Permit and Variance at its regularly scheduled meeting on October 1, 2019; and,

NOW, THEREFORE, BE IT RESOLVED BY THE CITY COUNCIL OF THE CITY OF ISANTI, MINNESOTA, that it adopts the Findings of Fact and Conclusion related to the requested Site Plan/Building Appearance, Conditional Use Permit and Variance and **BE IT FURTHER RESOLVED** that the requested Site Plan/Building Appearance, Conditional Use Permit and Variance for the property legally described herein, be hereby approved with the following conditions:

1. Execute and record a development agreement with the City of Isanti.
2. Execute and record the Conditional Use Permit.
3. No Additional Signage is permitted.

Adopted by the Isanti City Council on this 1st day of October 2019

FINDINGS OF FACT AND CONCLUSION

Request

Request from Prairie Senior Cottages of Isanti LLC for a Conditional Use Permit and Site Plan / Building Appearance Approval for a Memory Care / Assisted Living Facility to be located on the property at 705 6th Avenue NE.

Findings of Fact

1. The applicant is proposing the construction of a second senior residential care facility on this parcel.
2. The property is zoned "B-2" General Business District, with a Highway 65 overlay, in which senior residential care facilities require a Conditional Use Permit.
3. The applicant submitted a complete Site Plan Review Application, Conditional Use Permit Application and Variance Application.
4. A public hearing date before the Planning Commission was held on Tuesday, September 17, 2019 at 7:00 p.m. at City Hall within the Council Chambers.
5. Notice of the Site Plan/Building Review, Conditional Use Permit and Variance requests were published within the Isanti County News. Notices were sent to all property owners located within 350 feet of the subject property.
6. Section 18, Subdivision 7 of the Zoning Ordinance establishes the standards in evaluating a site and building plan, of which City staff and the City Council shall consider to ensure compliance.
7. Section 21, Article 2: Conditional Uses, Subdivision 3 Procedures (D) of the Zoning Ordinance establishes criteria in which the judgment of the Planning Commission and City Council shall be based upon when reviewing a Conditional Use Permit request. In addition, the Conditional Use Permit Request is subject to general performance standards and criteria as provided within Section 21, Article 2 Conditional Uses, Subdivision 4 General Performance Standards.
8. Section 21 Administration and Enforcement; Article 5 Variances, outline the requirements that must be all met in order to receive variance approval.

Conclusions

1. In review of the standards established in Section 18, Subdivision 7, the following conclusions have been made (*conclusions to each requirement are shown in underlined italics)*:
   - A. Consistency with the elements and objectives of the City's development guides, including the Comprehensive Plan.
     The site has been designed in such a manner as to show consistency with the elements and objectives of the City's comprehensive plan. The buildings have been placed upon the property so as to conserve the wetland or natural area that is located on the south end of the site. The buildings placement and materials have paid close attention to site and building design details. This building is consistent with the site plan that was approved in 2010, and 2016, but has since expired.
   - B. Consistency with City Codes.
     The site has been designed with City regulations in mind and will require approval of a variance in order to be approved.
   - C. Preservation of the site in its natural state to the extent practicable by minimizing tree and soil removal and designing grade changes to be in keeping with the general appearance of neighboring developed or developing areas.
     Again, the site has been designed so as to maintain the wetland areas located on the south end of the property in their natural state. Additional landscaping will be added to the parcel. Soil removal and the design of grade changes will be monitored by the City Engineer, to ensure that they are keeping with the general appearance of the adjacent developed and developing areas.
   - D. The amount and location of open space and landscaping.

The amount of landscaping and open space provided on the property would appear to meet ordinance requirements. Additional landscaping will act as a buffer between this traffic corridor, the bank to the north and a residential use.

E. Vehicular and pedestrian circulation, including walkways, interior drives, and parking in terms of location and number of access points to the public streets, width of interior drives and access points, general interior circulation, separation of pedestrian and vehicular traffic and arrangement and amount of parking.
The proposed vehicular and pedestrian circulation system provided on site would appear to meet ordinance requirements. The sidewalk is being completed from the bank to the facility.

F. Protection of adjacent and neighboring properties through reasonable provision of surface water drainage, sound and light buffers, preservation of views, lights, and air and those aspects of design not adequately covered by other regulations which may have substantial effects on neighboring land uses.
There would appear to be adequate protection of adjacent and neighboring properties. Surface water drainage plans have been reviewed and approved by the City Engineer. All lighting will be constructed in accordance with said plans.

G. Consistency with the City's Engineering and Design standards as adopted by Resolution of the City Council.
The plans are consistent with the City Engineer's design standards.

2. In review of the factors established in Section 21, Article 2 Conditional Uses (D) the following conclusions have been made (*conclusions to each requirement are shown in underlined italics)*:

A. The proposed action has been considered in relation to the specific policies and provisions of and has been found to be consistent with the goals and objectives of the Comprehensive Plan, including public facilities and capital improvement plans.
The use is consistent with the goals and objectives of the Comprehensive Plan.

B. The proposed action meets the purpose and intent of this Ordinance and the underlying zoning district.
Such use meets the purpose and intent of the Ordinance and the underlying zoning district.

C. The establishment, maintenance or operation of the conditional use will promote and enhance the general public welfare and will not be detrimental or endanger the public health, safety, morals, or comfort.
The establishment, maintenance and/or operation of the conditional use does not appear to endanger public health, safety, morals, or comfort; as the proposed use is less intense then other uses that are permitted within this district. The proposed use would cater to residents of the facility, rather than the general public.

D. The conditional use will not be injurious to the use and enjoyment of other property within the immediate vicinity for the purposes already permitted; nor substantially diminish or impair property values within the neighborhood.
The conditional use does not appear to be injurious to the use or enjoyment of other properties within the vicinity for purposes already permitted. Again, the proposed use would be considered less intense than uses that are or could be located on surrounding parcels. The district in which this use would be located is commercial and auto-oriented. The proposed use is more residential in nature and steps have been taken to buffer the use from surrounding properties.

E. The establishment of the conditional use will not impede the normal and orderly development and improvement of surrounding property for uses permitted in the district.
The conditional use would not appear to impede the normal and orderly development and improvement of surrounding properties for uses permitted within the district. The proposed use is located at the end of a dead-end cul-de-sac.

F. Adequate public facilities and services are available or can be reasonably provided to accommodate the use which is proposed.

The use will be placed within an area that has adequate public facilities and services available immediately upon construction of the use on the parcel.

G. The conditional use shall, in all other respects, conform to the applicable regulations of the district in which it is located.
The Planning Commission and City Council have weighed the conditional use against the other applicable regulations of the district. The conditional use would appear to meet those requirements.

H. The conditional use complies with the general and specific performance standards as specified by within this Article.
The proposed conditional use would appear to meet the general; however, a variance is necessary for the buildings front yard setback. The variance request is addressed further in the Findings of Fact.

3. In review of the general performance standards established in Section 21, Article 2 Conditional Uses, Subdivision 4, the following conclusions have been made (*conclusions to each requirement are shown in underlined italics):*

A. The use and the site in question shall be served by a street of sufficient capacity to accommodate the type and volume of traffic which would be generated an adequate public right-of-way shall be provided.
The use shall have access to 6th Avenue NE. The street is a dead-end cul-de-sac, on which this use will have access. The type and volume of traffic to be generated by this use is limited. The only vehicles anticipated are those of employees to the facility as well as visitors. Otherwise, residents of the facility are not able to have or drive a motor vehicle. The public right-of-way providing access to the site would appear to be sufficient.

B. The site design for access and parking shall minimize internal as well as external traffic conflicts and shall be in compliance with Section 17 of this Ordinance.
The design of the entrance/exit as well as the parking area would appear to minimize internal and external traffic conflicts. Traffic would appear to flow within the entrance and exit out a separate access point, thus providing a circular flow through the site. The parking area has been provided in the middle of this traffic circle, so as to minimize conflicts between vehicles moving through the site and those utilizing the parking area.

C. If applicable, a pedestrian circulation system shall be clearly defined and appropriate provisions made to protect such areas from encroachment by parked or moving vehicles.
Designated walkways have been provided from each of the buildings to the parking lot located within the middle of the site. Pavement markings notify drivers entering the site, as to where pedestrian crossings are located. Sidewalks have been provided through landscaped islands within the parking lot, to further provide pedestrian access around vehicular traffic.

D. Adequate off-street parking and off-street loading shall be provided in compliance with Section 17 of this Ordinance.
Based upon resident and employee information obtained from the petitioner, approximately 18 parking spaces are required on-site. 26 spaces have been provided, which would meet the requirements of the Ordinance. In addition, adequate handicapped parking facilities have been provided in accordance with ADA requirements.

E. Loading areas and drive-thru facilities shall be positioned so as to minimize internal site access problems and maneuvering conflicts, to avoid visual or noise impacts on any adjacent residential use or district, and provided in compliance with Section 17 of this Ordinance.
The use is residential in nature and no loading areas and drive-thru areas have been provided. Loading of patients near the building entrances may be necessary; however, no specific modifications are required to the buildings.

F. Whenever a non-residential use is adjacent to a residential use or district, a buffer area with screening and landscaping shall be provided in accordance with the provisions of Section 15 of this Ordinance.

As stated, the use is more residential in nature. Landscaping is shown as requested during the first phase of development. Additional trees have been provided on the north side of the property to provide a buffer between Prairie Senior Cottages II and the bank to the north.

G. General site screening and landscaping shall be provided in compliance with Section 15 of this Ordinance.
Overall, the proposed landscape plan would appear to meet the requirements of the Zoning Ordinance.

H. All exterior lighting shall be directed so as not to cast glare toward or onto the public right-of-way or neighboring residential uses or districts, and shall be in compliance with Section 14 of this Ordinance.
Exterior lighting within the parking area as well as on the building has been proposed. Such lighting would need to meet the Ordinance requirements.

I. The site drainage system shall be subject to the review and approval of the City Engineer.
The site drainage/grading plan have been approved by the City Engineer.

J. The architectural appearance and functional design of the building and site shall not be so dissimilar to the existing and potential buildings and area so as to cause a blighting influence. All sides of the principal and accessory structures are to have essentially the same or coordinated, harmonious exterior finish materials and treatment.
The principal buildings and accessory structures are coordinated and have the same exterior finish materials and treatments throughout the site. Again, the building is more residential in nature than those of the surrounding buildings. However, the appearance and design of the building/site is not so dissimilar as to cause a blighting influence.

K. Provisions shall be made for daily litter control, an interior location for recycling and trash handling and storage or an outdoor, enclosed receptacle area shall be provided in compliance with Section 14 of this Ordinance.
Provisions have been made for daily litter control. A trash enclosure is provided on the southeast corner of the building.

L. All signs and informational or visual communication devices shall be in compliance with Section 16 of this Ordinance.
Signage is existing on site. No additional signage is proposed.

M. The use and site shall be in compliance with any federal, state, or county laws or regulations that are applicable and any related permits shall be obtained and documented to the City.
The facility will be registered with the Minnesota Department of Health as a "housing with services provider" and will have a class F home care license. The petitioner shall file copies of such licenses with the City.

N. Any applicable business licenses mandated by City Code are approved and obtained.
No additional business licenses are mandated by the City Code for this particular use.

O. The hours of operation may be restricted when there is judged to be an incompatibility with a residential use or district.
The use is not open to the public, as it is a residential care facility that provides services to the residents thereof. The facility will be operational 24-hours a day; however, the operation does not appear to be incompatible with surrounding uses.

P. The use complies with the applicable performance standards of the zoning district in which it is located and where applicable, any non-conformities shall be eliminated.
The proposed use would appear to comply with the performance standards for the zoning district, in terms of parking/loading, landscaping, building materials, etc.; however, a variance is necessary for the buildings frontyard setback.

Q. Additional Stipulations. All conditions pertaining to a specific site are subject to change when the City Council, upon investigation in relation to a formal request, finds that the general public health, safety, and welfare, can be served as well or better by modifying or expanding the conditions set forth herein.
No additional stipulations.

1. In review of the standards established within Section 21 Administration and Enforcement, Article 5 Variances, Subdivision 4 Procedures (D), the following conclusions have been made (*conclusions to each requirement are shown in underlined italics)*:

An application for a variance shall not be approved unless the variance, if permitted, is in harmony with the general purposes and intent of the ordinance and is consistent with the Comprehensive Plan and findings are made that failure to grant the variance would result in practical difficulties on the applicant. Practical difficulties used in connection with the granting of a variance, means that the property owner meets all of the following criteria:

A. The property owner proposes to use the property in a reasonable manner not permitted by the zoning ordinance.
The developer would like to construct a small portion of the building within the required front yard setback in a cul-de-sac with minimal traffic and that has one property owner fronting the entire length of the cul-de-sac.

B. The plight of the landowner is due to circumstances unique to the property and has not been caused by the landowner.
The design of the cul-de-sac and amount of property consumed by wetland greatly impedes the development in the northern most portion of the lot. The developer has designed the building to the best of his abilities to meet all city requirements; however, a portion of the building encroaches into the frontyard setback.

C. A variance, if granted, will not alter the essential character of the locality.
The variance does not alter the essential character of the locality. The encroachment does not impede on the safety, privacy or environment protection of the area.

D. Practical difficulties include but are not limited to, inadequate access to direct sunlight for solar energy systems.
Not applicable.

5. Economic considerations alone do not constitute practical difficulties.
Correct. Economic considerations do not play a role in this situation

Decision

The Planning Commission reviewed the request in a public hearing on September 17, 2019. No one from the public commented on this item. The Planning Commission recommended approval.

Request for City Council Action

To: **Mayor Johnson and Members of City Council**
From: Sheila Sellman, Community Development Director
Date: October 1, 2019
Subject: Resolution 2019-XXX authorization and execution of Repayment agreement for Lot 1, Block 1, Bank Site Addition with Prairie Senior Cottages LLC

Background:
The applicant is requesting to defer SAC and WAC fees for 240 days after the building permit is issued. The Developer has demonstrated to the satisfaction of the City that the Developer is unable to pay the full amount of the charges now and has asked the City to defer such charges and make them payable at a future point in time. Staff believes that the proposed development is in the best interests of the City and, therefore, the Council should defer the charges if doing so will facilitate the development and viability of the Improvements. The final numbers in the repayment agreement will be determined once final plans are submitted for approval.

Request:
Consider resolution and repayment agreement

RESOLUTION 2019-XXX

Authorization and Execution of Repayment Agreement with Prairie Senior Cottages of Isanti, LLC for Lot 1, Block 1, Bank Site Addition

WHEREAS, the City of Isanti extended the SAC and WAC Deferral program on December 19, 2017 which is documented by Resolution 2017-304 and extended the program to December 31, 2019 by Resolution 2018-268; and

WHEREAS, A boiler plate Repayment Agreement was drafted by Development Attorney and the City Council directed Staff to utilize this agreement for parties interested in SAC and WAC Deferral for commercial or residential development; and

WHEREAS, Prairie Senior Cottages of Isanti, LLC. (the "Developer") has asked the City to enter into a Repayment Agreement for the property legally described as: Lot 1, Block 1, Bank Site Addition (the "Property"); and

WHEREAS, the date of the Repayment Agreement will be when the Developer signs prior to payment of the building permit and REU and charges will be calculated at that time; and

WHEREAS, the Developer is registered, active and is in good standing with the Minnesota Secretary of State Office as of September 26, 2019.

NOW, THEREFORE, IT IS HEREBY RESOLVED by the City Council of the City of Isanti, Minnesota authorized the Mayor and City Administrator to execute the Repayment Agreement attached hereto contingent upon satisfactory proof of ownership witnessed in a recorded instrument of conveyance to the Developer.

This Resolution hereby approved by the Isanti City Council this 1st day of October 2019

REPAYMENT AGREEMENT

THIS AGREEMENT, made on or as of the ____ day of October, 2019, by and between the City of Isanti, Minnesota, a statutory City under the laws of the state of Minnesota (hereinafter referred to as the "City") having its principal office at 110 First Avenue N.W., Isanti, Minnesota 55040, and Prairie Senior Cottages of Isanti, LLC, a limited liability company under the laws of the State of Minnesota (hereinafter referred to as the "Developer"), having its principal office at 11800 Wayzata Blvd Minnetonka, MN 55305.

WITNESSETH:

WHEREAS, the Developer intends to construct a 17,000 square foot senior memory care building (the "Improvements") on certain real property (the "Property") in the City; and

WHEREAS, in connection with the construction of the Improvements there are certain water and sanitary sewer charges that are payable by the Developer to the City; and

WHEREAS, the Developer has demonstrated to the satisfaction of the City that the Developer is unable to pay the full amount of the charges now and has asked the City to defer such charges and make them payable at a future point in time; and

WHEREAS, the City believes that the development of the Improvements by the Developer is in the best interests of the City and, therefore, it is willing to defer the charges if doing so will facilitate the development and viability of the Improvements.

NOW, THEREFORE, in consideration of the premises and the mutual obligations of the parties hereto, each of them does hereby covenant and agree with the other as follows:

ARTICLE I

Definitions

Section 1.1. Definitions. In this Agreement, unless a different meaning clearly appears from the context:

ARTICLE II

Representations

Section 2.1. Representations by the City. The City makes the following representations as the basis for the undertaking on its part herein contained:

(a) The City is a statutory city duly organized and existing under the laws of the State. Under State law, the City has the power to enter into this Agreement and to perform its obligations hereunder.

Section 2.2. Representations by the Developer. The Developer represents that:

(a) The Developer is a limited liability company duly organized and authorized to transact business in the State, is not in violation of any provisions of its Bylaws or the laws of the State, has power to enter into this Agreement and has duly authorized the execution, delivery and performance of this Agreement by proper action of its President.

ARTICLE III

Deferred Charges

Section 3.1. Deferred Charges. The Developer owes to the City the sum of **$ TBD based on approved building plans to be submitted by Developer** in deferred utility charges. The Deferred Charges consist of **$ TBD based on current rates in place at the time of issuance of permit** in Water Connection Charges and **$ TBD based on current rates in place at the time of issuance of permit** in Sewer Connection Charges. The City has agreed to defer the payment of the Deferred Charges as described in this Agreement.

Section 3.2. Payment of the Deferred Charges. The Developer agrees that it will pay the Deferred Charges to the City on the earliest to occur of the following:

(a) on the date that is two hundred and forty (240) days after the date of this Agreement;

(b) on the date that the Developer sells or transfers the Property or Improvements, or any portion thereof; or

(c) on the date that the City issues a certificate of occupancy for the Improvements.

Interest shall accrue on the Deferred Charges at the rate of zero percent (0%) from the date hereof and continuing until the Deferred Charges and all accrued interest have been paid in full.

Section 3.3. Payment of Costs. The Developer shall pay all costs incurred by the City in connection with the preparation and implementation of this Agreement and related documents, including, without limitation, fees of attorneys related the preparation of this Agreement and related documents, if the Developer fails to complete construction of the Improvements within **two hundred and forty (240)** days after the date of this Agreement.

ARTICLE IV

Events of Default

Section 4.1. Events of Default Defined. The following shall be "Events of Default" under this Agreement and the term "Event of Default" shall mean, whenever it is used in this Agreement (unless the context otherwise provides), any one or more of the following events:

(a) Failure by the Developer to pay when due any payments required to be paid under this Agreement.

(b) The Developer of the following: (i) file any petition in bankruptcy or for any reorganization, arrangement, composition, readjustment, liquidation, dissolution, or similar relief under United States Bankruptcy Laws or any similar Federal or State Laws; or (ii) make an assignment for the benefit of its creditors; or (iii) admits, in writing, its inability to pay its debts generally as they become due; or (iv) be adjudicated, bankrupt or insolvent.

Section 4.2. City's Remedies on Default. Whenever any Event of Default by Developer referred to in Section 4.1 of this Agreement occurs, the City may take any one or more of the following actions after providing ten (10) days written notice to the Developer of the Event of Default, but only if the Event of Default has not been cured within said ten (10) days:

(a) Declare the entire outstanding balance of the Deferred Charges immediately due and payable.

(b) Terminate this Agreement.

(c) Take whatever action, including legal, equitable or administrative action, which may appear necessary or desirable to the City to collect any payments due under this Agreement, or to enforce performance and observance of any obligation, agreement, or covenant of the Developer under this Agreement.

Section 4.3. No Remedy Exclusive. No remedy herein conferred upon or reserved to the City or Developer is intended to be exclusive of any other available remedy or remedies, but each and every such remedy shall be cumulative and shall be in addition to every other remedy given under this Agreement or now or hereafter existing at law or in equity or by statute. No delay or omission to exercise any right or power accruing upon any default shall impair any such right or power or shall be construed to be a waiver thereof, but any such right and power may be exercised from time to time and as often as may be deemed expedient. In order to entitle the City or the Developer to exercise any remedy reserved to it, it shall not be necessary to give notice, other than such notice as may be required in this Article IV.

Section 4.4. No Additional Waiver Implied by One Waiver. In the event any agreement contained in this Agreement should be breached by either party and thereafter waived by the other party, such waiver shall be limited to the particular breach so waived and shall not be deemed to waive any other concurrent, previous or subsequent breach hereunder.

Section 4.5. Costs of Enforcement. Whenever any Event of Default occurs and the City shall employ attorneys or incur other expenses for the collection of payments due or to become due or for the enforcement of performance or observance of any obligation or agreement on the part of the Developer under this Agreement, the Developer agrees that it shall, within ten (10) days of written demand by the City, pay to the City the reasonable fees of such attorneys and such other expenses so incurred by the City.

ARTICLE V

Additional Provisions

Section 5.1. Representatives Not Individually Liable. No member, official, or employee of the City shall be personally liable to the Developer, or any successor in interest, in the event of any default or breach or for any amount which may become due to Developer or successor in interest or on any obligations under the terms of this Agreement.

Section 5.2. Titles of Articles and Sections. Any titles of the several parts, Articles, and Sections of the Agreement are inserted for convenience of reference only and shall be disregarded in construing or interpreting any of its provisions.

Section 5.3. Notices and Demands. Except as otherwise expressly provided in this Agreement, a notice, demand, or other communication under the Agreement by either party to the other shall be sufficiently given or delivered if it is dispatched by registered or certified mail, postage prepaid, return receipt requested, or delivered personally; and

(a) in the case of the Developer, is addressed to or delivered personally to Prairie Senior Cottages of Isanti, LLC at 11800 Wayzata Blvd Minnetonka, MN 55305; and

(b) in the case of the City, is addressed to or delivered personally to the City at 110 First Avenue N.W., P.O. Box 428, Isanti, Minnesota 55040,

or at such other address with respect to either such party as that party may, from time to time, designate in writing and forward to the other as provided in this Section.

Section 5.4. Disclaimer of Relationships. The Developer acknowledges that nothing contained in this Agreement nor any act by the City or the Developer shall be deemed or construed by the Developer or by any third person to create any relationship of third-party beneficiary, principal and agent, limited or general partner, or joint venture between the City and the Developer or any third party.

Section 5.5. Modifications. This Agreement may be modified solely through written amendments hereto executed by the Developer and the City.

Section 5.6. Counterparts. This Agreement may be executed in any number of counterparts, each of which shall constitute one and the same instrument.

Section 5.7. Judicial Interpretation. Should any provision of this Agreement require judicial interpretation, the court interpreting or construing the same shall not apply a presumption that the terms hereof shall be more strictly construed against one party by reason of the rule of construction that a document is to be construed more strictly against the party who itself or through its agent or attorney prepared the same, it being agreed that the agents and attorneys of both parties have participated in the preparation hereof.

IN WITNESS WHEREOF, the City has caused this Agreement to be duly executed in its name and behalf and the Developer has caused this Agreement to be duly executed in its name and behalf on or as of the date first above written.

Cost Summary 7
Laserfiche Cloud – Initial Acquisition Cost & Annual Renewal 7

Laserfiche Cloud Licensing

Option 3 - Laserfiche Cloud License

The Laserfiche Cloud License introduces a straightforward annual fee including software licenses, hosted storage, technical support and software updates. This licensing option provides a Software as a Service (SaaS) solution hosted on Amazon Web Services.

The Cloud Named Full User License bundles the following products/functionality with each named user:

- 100 GB Storage Per User
- 10 GB Network Per User Per Month
- Web, Mobile and Desktop Clients
- Web Administration Console
- Laserfiche Scanning
- Laserfiche Snapshot
- Laserfiche Import Agent
- Forms
- Records Management
- Advanced Audit Trail with Watermark Feature
- Laserfiche Connector
- Digital Signatures
- Integrations with:
  - Microsoft Office
  - Google Drive
  - OneDrive
  - DocuSign

Laserfiche Software Components

Laserfiche is packaged to meet the needs of every department within a school district. The licensing option being offered for the Fergus Falls School District includes the below functionality.

Laserfiche Component	Description
Laserfiche Web Client	Enables users to access repository content through a web browser.
Laserfiche Mobile	Enables users to access repository content through an Android, iOS, or Windows Phone application.
Laserfiche Web Administration Console	Enables administrators to manage an installation through a web browser.
Laserfiche Snapshot	Virtually prints content into Laserfiche as a TIFF image, generates associated text for full-text searching, and allows for indexing upon import.
Laserfiche Advanced Audit Trail with Watermark Feature	Tracks attempted, and successful events performed in the repository including login, document deletion, and audit configuration modification.
Laserfiche Digital Signatures	Applies to electronic forms or to documents using a signing certificate.
Laserfiche Microsoft Office Integration	Allows for direct content import as well as indexing capabilities from a Laserfiche ribbon at the top of all Microsoft Office products. Within Outlook, emails and attachments can be imported to the repository with a single click and auto-indexed with information such as sender, subject, time received, etc.
Laserfiche Records Management	Provides integrated, DoD 5015.2 certified records management functionality to keep track of documents through their complete records lifecycle.
Laserfiche Forms	Enables organizations to collect, route and process information captured through electronic forms.
Laserfiche Connector	Provides a non-programmatic means for integrating Laserfiche with a line of business applications.
Laserfiche Quick Fields Complete	Provides batch processing capabilities assisting in automated data capture and storage through document classification, real-time lookups, zone OCR, auto-redaction, etc.

Laserfiche Quick Fields Agent	Enables scheduling of Quick Fields sessions to have them run unattended.
Laserfiche DocuSign Integration	Enables organizations to initiate a signing process with DocuSign from Laserfiche Web Client simply by choosing a document, DocuSign template, and who needs to sign it, while saving signed documents as a new version of the original.
Google Drive Integration	Enables users to quickly capture and centrally store all Google Drive content without needing to export it first.
OneDrive Integration	Enables users to quickly capture and centrally store all OneDrive and OneDrive Business content without needing to export it first.

Laserfiche Proposal for:

Mike Betker
Finance Director

City of Isanti
A Community for Generations.

September 11th, 2019

Dear Mike,

Thank you for the opportunity to present this proposal for the Laserfiche Enterprise Content Management (ECM) solution. Based on that conversation, I will be providing budget numbers for both a Cloud (SaaS) based solution and the Avante (on site) based solution. The main difference between the two is the Cloud solution is an annual Software as a Service (SaaS) model and with Avante, you own the software and only need to budget for the annual Software maintenance(LSAP). In addition, with the Cloud solution, most components of Laserfiche are built in where there is a separate charge for specific components with the Avante solution.

As you will see in this proposal, the budget is broken into the following areas:

- Laserfiche Cloud solution
- The Avante software and its specific components
- Annual maintenance for the software and component (also called Laserfiche Software Assurance Plan – LSAP)
- Minokaw Technologies costs for discovery, set-up and training

In addition, I have given you the total cost of ownership over 5 and 10 years. Note that an on-premise solution has other costs to consider, like a server and other software necessary to allow the server to function as well as a backup solution. In addition, there is no management of the Cloud (SaaS) instance.

Mike, thank you again for considering Laserfiche and Minokaw Technologies, and please let me know if you have any questions.

Sincerely,

Ned Weizenegger

VAR SERVICES AGREEMENT

This Service Agreement ("Agreement") is effective as of **10-2-19 2019** (the "Effective Date") between **Minokaw Technologies VAR Services, LLC** ("Minokaw"), a Minnesota limited liability company, whose address is **700 Grand Avenue, Onamia, MN 56359**, and **City of Isanti, ("Client"), whose** address is **110 1st avenue NW, Isanti, MN 55040**

1. Minokaw's Services. Minokaw shall provide hardware, software and services (the "Services") described in the attached Statement of Work ("SOW"), the scope of which may be expanded or contracted pursuant to subsequent SOWs as further described at Section 7, below.

2. Client's Duties. Client shall perform its responsibilities described in the attached SOW, and any subsequently agreed upon SOWs.

3. Contracting Representative. Client appoints **Josi Wood, City Administrator** ("Contracting Representative") to represent the Client in its dealings with Minokaw. The Contracting Representative may request Services, and Client represents that Minokaw may rely upon the authority of the Contracting Representative with regard to any such requests. Minokaw shall report to the Contracting Representative.

4. Term of Agreement. This Agreement commences upon execution by Client for a term of one (1) year. Tthe term of this Agreement will automatically renew unless agreed upon in writing by both parties 30 day prior to renewal.

5. Pricing. The standard hourly rates for Laserfiche consulting from Minokaw are $175 per hour. Client will receive a rate of $150 per hour rate because they are a city. Client can buy prepaid blocks of hours at a rate of $145 per hour if they purchase at least 25 hours.

   Client will pay 100% of the Laserfiche software costs up front before Minokaw will order and pay for the software.

   Minokaw will submit invoices on a monthly basis for all Services performed under this Agreement. Client agrees to make payment in full within thirty (30) days following receipt of an invoice. All unpaid balance over thirty (90) days is subject to a $5.00 charge or 1.5% interest per month, whichever is greater. Client agrees to pay all invoices plus reasonable collection costs, including legal fees, for any invoice not paid in full. No late payment or interest shall be due on amounts disputed in good faith by Client.

6. Projects. Individual projects will be described in a written SOW when requested by client. The SOW will be prepared by Minokaw and approved and accepted by the Contracting Officer. Such SOW's, including any increase or decrease in the amount of Minokaw's compensation, will be incorporated as written amendments to this Agreement.

7. Authorizations. Unless the parties mutually agree in writing, neither party has the authority to bind the other party to any agreement with any third party.

8. Independent Contractor. The parties expressly understand and agree that Minokaw is an independent contractor, and will in no event be considered an employee of the Client. As an independent contractor, Minokaw will not be covered under the Client's workers' compensation program, and the Client will not withhold any state or federal taxes on the payment to be made hereunder and will not provide any benefits to Minokaw.

9. Subcontractors. Minokaw shall not employ any subcontractor to perform any services in the scope of Agreement, unless said subcontractor is approved in writing by the Client.

10. License Agreements. Client represents and warrants to Minokaw that performance of the Services will not violate the terms of any license agreement or other contract to which Client is bound.

11. Development Tools. Minokaw will retain the right, title, and interest in and to all software development tools, know-how, methodologies, processes, technologies and algorithms used in providing the Services, which are based on trade secrets or proprietary information of Minokaw or are otherwise owned or licensed by Minokaw. Licenses will not be deemed to have been granted by either party to any of its patents, trade secrets, trademarks or copyrights except as otherwise expressly provided in this Agreement.

12. Insurance. Minokaw, at its own expense, shall procure and maintain in force for the duration of this agreement the following minimum insurance coverages:

1. Workers' Compensation Insurance
Minokaw must provide Workers' Compensation Insurance for all its employees in accordance with the statutory requirements of the State of Minnesota. Minokaw shall also provide Employer's Liability Insurance with minimum limits as follows:

- $500,000 – Bodily Injury by Disease per employee
- $500,000 – Bodily Injury by Disease aggregate
- $500,000 – Bodily Injury by Accident

2. Commercial General Liability Insurance
Minokaw is required to maintain Commercial General Liability Insurance protecting itself and Client from claims for damages for bodily injury, including death, and from claims for property damage, which may arise from operations under this Agreement. Insurance minimum limits are as follows:

- $1,000,000 – per occurrence
- $1,000,000 – annual aggregate
- $1,000,000 – annual aggregate – Products/Completed Operations

The following coverages shall be included:

- Premises and Operations Bodily Injury and Property Damage
- Personal and Advertising Injury
- Blanket Contractual Liability
- Products and Completed Operations Liability

Client, including its elected and appointed officials, employees, and agents, must be endorsed as an Additional Insured using ISO Form CG 20 10 or equivalent for Ongoing Operations and ISO Form CG 20 37 or equivalent for Products/Completed Operations.

3. Professional/Technical (Errors and Omissions) Liability Insurance
Minokaw is required to maintain Professional Liability (Errors and Omissions) Insurance that provides coverage for all claims Minokaw may become legally obligated to pay resulting from any actual or alleged negligent act, error, or omission related to the Minokaw's professional services required under the contract. Minokaw is required to carry the following minimum limits:

- $1,000,000 – per occurrence
- $1,000,000 – annual aggregate

The retroactive or prior acts date of such coverage shall not be after the effective date of the contract and Minokaw shall maintain such insurance for a period of at least two (2) years, following completion of the Services. If such insurance is discontinued, extended reporting period coverage must be obtained by Minokaw to fulfill this requirement.

4. Additional Insurance Conditions

- Minokaw's policies shall be primary insurance and non-contributory to any other valid and collectible insurance available to Client with respect to any claim arising out of Minokaw's performance under this Agreement.
- An Umbrella or Excess Liability insurance policy may be used to supplement Minokaw's policy limits to satisfy the full policy limits required by this Agreement.
- Any insurance limits in excess of the minimum limits shall be available to Client.
- All policies, except professional liability, shall be endorsed with a waiver of subrogation in favor of Client.
- Minokaw is required to submit a Certificates of Insurance acceptable to Client as evidence of the required insurance coverage requirements.
- Minokaw's policies and Certificate of Insurance shall contain a provision that coverage afforded under the policies shall not be cancelled without at least thirty (30) days' advanced written notice to Client, or ten (10) days' written notice for non-payment of premium.
- Client's failure to approve or disapprove of Minokaw's policies or certificates shall not relieve Minokaw of full responsibility to maintain the required insurance.
- No representation is made that the minimum insurance requirements are sufficient to cover the obligations of Minokaw under this Agreement.

13. Termination. Either party may terminate this Agreement without cause by providing ninety (90) days written notice to the other party.

In the event Minokaw fails to conform to this Agreement or a SOW, Client must notify Minokaw of the nonconformance within five (5) business days of the nonconforming event. Minokaw will have ten (10) business days to take corrective action. If Minokaw fails to cure the nonconformance within ten (10) business days, Client may terminate this Agreement with written notice to Minokaw for nonconformance.

Minokaw may terminate this Agreement in the event Client fails to comply with agreed upon payment terms, provided that Minokaw first gives Client written notice of such termination specifying nonpayment and Client has had thirty (30) days after such notice to cure nonpayment.

14. Confidential Information. Minokaw shall treat all information received from Client ("Confidential Information") in a secret and confidential manner. All obligations to maintain the secrecy of Confidential Information remain in effect following the termination of this Agreement. Minokaw shall use Confidential Information only for the specific purpose for which Client furnished it to Minokaw. Minokaw shall not, directly or indirectly, without the prior written consent of Client, reproduce, copy, disseminate, publish, furnish, disclose, provide or otherwise make available to any person, firm, corporation, government agency, department or other unit, partnership, association, institution or other entity, any Confidential Information. However, Minokaw may share Confidential Information with third parties for the purpose of providing the Services to Client, so long as such third parties are bound by the same confidentiality standards articulated in this section. Minokaw may also disclose Confidential Information to the extent required by law or a court order. Minokaw shall promptly notify Client of any court orders requiring such a disclosure.

Minokaw shall take such steps as may be requested by Client in the effort to maintain the secrecy and confidentiality of Confidential Information. All Confidential Information, including all originals, copies,

reproductions and/or summaries thereof, remain the property of Client. Further, Client retains all rights and remedies afforded it under patent, copyright, trade secret, trademark, other intellectual property rights or any other laws designed to protect proprietary or confidential information.

Upon termination of this Agreement, each party shall return or destroy, at the direction of the other party, all of the other party's Confidential Information in its possession.

Confidential Information does not include any information that: (i) is already known to the receiving party to be free of any obligation to keep it confidential; (ii) is, or becomes, publicly known through nor wrongful act of the receiving party; (iii) is given to the receiving party from a third party without any restriction on confidentiality; (iv) is independently developed by the receiving party; (v) is disclosed to third parties by the disclosing party without any obligation of confidentiality; or (vi) is approved for release by prior written authorization of the disclosing party.

15. Indemnification. Each Party (as the "Indemnifying Party") will indemnify, defend and hold harmless the other party, its officers, directors, employees, agents, representatives and subcontractors, if any, from all liability, claims, demands, judgments and expenses (including attorneys' fees and any injury or damage to any person, including death, or damage to property) for all actions, claims, damages, losses, and expenses arising directly or indirectly as a result of any strict liability, error, omission, or negligent act or willful misconduct of the Indemnifying Party, its assignee, subcontractor, or anyone directly or indirectly employed by it or them in the performance of this Agreement, except for any claims or damages caused solely as a result of the willful misconduct of the Indemnified Party. Any claims, damages, liability, losses and expenses arising out of or resulting from or sustained in connection with the performance of work, under this Agreement, that are the result of the negligence or willful misconduct of both parties, will be apportioned on a comparative fault basis. This provision shall survive the termination of this Agreement with respect to acts or omissions that occurred prior to termination and shall be in effect during all applicable statutes of limitations.

All indemnification obligations under this section are subject to the following requirements: (i) the indemnified party shall provide the indemnifying party with prompt written notice of any claim; (ii) the indemnified party will reasonably cooperate with the indemnifying party's defense; and (iii) the indemnifying party shall not enter into any settlement or compromise of any claim without the indemnified party's prior written consent, which cannot be reasonably withheld.

16. Limited Warranty; Disclaimers. Minokaw represents and warrants that it has a valid non-exclusive, limited use license to sell, market, install, distribute, maintain, service, publicly perform, provide day to day support for and publicly display any product developed, created, written, owned, licensed, distributed, sold or marketed by Compulink Management Center, Inc. ("Laserfiche") (referred to collectively as "licensed software") to Client. Minokaw further represents and warrants that it has and will maintain the full power and authority to grant the intellectual property and other rights granted in this Agreement without further consent of any third party. Laserfiche has warranted to Minokaw that the licensed software will perform substantially in accordance with its specifications. Laserfiche's warranty remains in effect for 30 days following the installation of the licensed software at Client's location. Minokaw will provide all services in a timely, workmanlike manner, in conformity with industry best practices

Client shall notify Minokaw of any possible breach of warranty during the 30-day warranty period. If Minokaw is unable to remedy the issues articulated by Client, Minokaw shall give Laserfiche written notice during the 30-day warranty period of the breach of warranty claim. Failure of Client to notify Minokaw of any possible breach of warranty during the 30-day warranty period waives all breach of warranty claims and constitutes Client's acceptance of the licensed software as is.

Minokaw's sole responsibility following notice of a breach of warranty is to assist with Laserfiche's efforts to correct any defect or problem resulting from the licensed software. If Laserfiche cannot remedy

a defect or problem with the licensed software, Client shall return the licensed software to Minokaw, and Minokaw shall return the licensed software to Laserfiche so that Laserfiche can refund the purchase price.

The limited warranty contained in this section will not apply to any defect or problem resulting from or attributable to any non-Laserfiche enhancement, derivative work, or ancillary program, created, acquired or purchased by Client. This limited warranty is void if failure of the licensed software results from any misuse, or misapplication.

MINOKAW DISCLAIMS ALL OTHER WARRANTIES, EXPRESS OR IMPLIED, INCLUDING BUT NOT LIMITED TO THE IMPLIED WARRANTIES OF MERCHANTABILITY AND FITNESS FOR A PARTICULAR PURPOSE.

17. Liability. Minokaw DOES NOT ACCEPT LIABILITY BEYOND THE REMEDIES SET FORTH HEREIN, INCLUDING ANY LIABILITY FOR SERVICES NOT BEING AVAILABLE FOR USE OR FOR LOST OR CORRUPTED DATA OR SOFTWARE, OR THE PROVISION OF SERVICES AND SUPPORT. Minokaw WILL NOT BE LIABLE FOR LOST PROFITS, LOSS OF BUSINESS OR OTHER CONSEQUENTIAL, SPECIAL, INDIRECT, OR PUNITIVE DAMAGES, EVEN IF ADVISED OF THE POSSIBILITY OF SUCH DAMAGES, OR FOR ANY CLAIM BY ANY THIRD PARTY. CLIENT ACKNOWLEDGES THAT Minokaw WOULD NOT ENTER INTO THIS AGREEMENT WITHOUT THESE LIMITATIONS ON LIABILITY.

18. Assignment. Neither party shall assign its rights or obligations under this Agreement without the prior written consent of the other party.

19. Entire Agreement and Modifications. This Agreement represents the entire agreement between the parties and supersedes any previous discussions or agreements, either verbal or written that occurred between the parties. This Agreement may not be amended except by written agreement signed by the parties hereto. In the event of any conflict or inconsistency between this Agreement and any riders, exhibits, addenda, or other document incorporated herein, this Agreement shall govern.

20. Severability. In the event that any one or more provisions of this Agreement, or attachments hereto, are held to be invalid or otherwise unenforceable, the enforceability of the remaining provisions will not be impaired.

21. Waiver. Client understands and agrees that Minokaw has the right at all times to enforce the provisions of this Agreement in strict accordance with the terms thereof, notwithstanding any conduct or custom on the part of Minokaw in refraining from so doing at any time or times; and further, that the failure of Minokaw at any time or times to enforce Minokaw's rights under said provisions strictly in accordance with the same shall not be construed as having created a custom in any way or manner contrary to the specific terms and provisions of this Agreement or as having in any way or manner modified, altered or waived the same. No waiver by Minokaw of any default or breach by Client herein will be construed as a waiver of any subsequent default or breach.

22. Regulatory Compliance. This Agreement is contingent on any necessary initial and continued approvals and licenses from any regulatory authorities having jurisdiction over the parties or the subject matter of this Agreement. Each party shall promptly apply to the appropriate regulatory authorities for any licenses and approvals necessary for that party to perform under this Agreement, shall diligently pursue its applications and pay all associated costs and fees, and shall otherwise cooperate with any requests, inquiries, or investigations of any regulatory authorities or law enforcement agencies in connection with Minokaw or this Agreement. If any license or approval necessary for either party to perform under this Agreement is denied, suspended, or revoked, this Agreement shall be void effective the date of the denial, suspension, or revocation, provided, however, that if the denial, suspension, or revocation affects performance of the Agreement in part only, the parties may by mutual agreement continue to perform under this Agreement to the extent it is unaffected by the denial, suspension, or revocation.

23. Non-solicitation. Client agrees that it, or anyone working for or at the direction of Client, will not attempt to hire Minokaw employees while Minokaw is providing Client with Services or for up to one (1) year after termination of this Agreement. Additionally, if Client is approached by an employee of Minokaw seeking employment, Client agrees not to pursue hiring while it is receiving Services from Minokaw or up to one (1) year after termination of this Agreement. If Client breaches this provision, the parties agree that Minokaw will have lost the benefit of the training and development of and will incur significant costs and time in training and replacement of the affected employee(s), significantly affecting Minokaw's ability to provide Services to other clients. The parties agree that the exact costs of such harms will be difficult to determine. The parties agree that liquidated damages in the amount of $50,000.00 per employee will be payable by Client if it breaches this provision. The parties agree that such liquidated damages are not a penalty and represent a reasonable effort by the parties to agree in advance on an estimate of the damages Minokaw will suffer as a result of Client's failure to comply with this provision.

24. Third-party Beneficiary. No provision of this Agreement is intended to benefit any party other than Client and Minokaw and their authorized successors and assignees, if any, and no provision of this Agreement will be enforceable by any other party pursuant to a third-party beneficiary theory or any other theory.

25. Force Majeure. (a) If a Force Majeure Event prevents a party from complying with any obligation under this agreement, that inability to comply will not constitute breach if (1) that party uses reasonable efforts to perform those obligations, (2) that party's inability to perform those obligations is not due to its failure to (A) take reasonable measures to protect itself against events of the same type as that Force Majeure Event or (B) develop and maintain a reasonable contingency plan to respond to events of the same type as that Force Majeure Event, and (3) that party complies with section (c). (b) "Force Majeure Event" means, with respect to a party, any event or circumstance, whether or not foreseeable, that was not caused by that party (such as acts of god or public enemies, terrorism, insurrection or riot, fire, flood, explosion, earthquake, tornado, serious accident, strike, labor trouble or work interruption, loss of an IP address or other disruption to internet connection).. (c) If a Force Majeure Event occurs, the noncomplying party shall promptly notify the other party of occurrence of that Force Majeure Event, its effect on performance, and how long the noncomplying party expects it to last. Thereafter the noncomplying party shall update that information as reasonably necessary. During a Force Majeure Event, the noncomplying party shall use reasonable efforts to limit damages to the other party and to resume its performance under this agreement.

26. Governing Law. The parties agree that this agreement will be construed in accordance with the laws of the state of Minnesota.

27. Dispute Resolution. The parties agree that they have a mutual desire to resolve agreement related disputes expeditiously, informally, and at the lowest possible level. Disputes will be informally addressed by The City of Isanti's City Administrator, and Minokaw's Chief Executive Officer. If the problem is not resolved at the initial level, it will be referred to mediation which will be conducted by a certified mediator jointly agreed to by, and whose cost will be equally split by, each party. Any settlement reached in mediation will be final.

28. Interpretation. Each party has had adequate opportunity to review this Agreement. Any interpretation of this Agreement will be made without regard to authorship or negotiation.

29. Headings. The section headings contained in this Agreement are for reference purpose only and will not affect the meaning or interpretation of this Agreement.

30. Lobbying

The undersigned representative of Minokaw certifies, to the best of his/her knowledge and belief, that:

A. No Federal appropriated funds have been paid or will be paid, by or on behalf of Contractor, to any person for influencing or attempting to influence an officer or employee of an agency, a Member of

Congress, an officer or employee of Congress, or an employee of a Member of Congress in connection with the awarding of any Federal contract; the making of any Federal grant, the making of any Federal loan, the entering into of any cooperative agreement, and the extension, continuation, renewal, amendment, or modification of any Federal contract, grant, loan, or cooperative agreement.

B. If any funds other than Federal appropriated funds have been paid or will be paid to any person for influencing or attempting to influence an officer or employee of any agency, a Member of Congress, an officer or employee of Congress, or an employee of a Member of Congress in connection with this Federal contract, grant, loan, or cooperative agreement, Contractor shall complete and submit Standard Form-LLL, "Disclosure Form to Report Lobbying," in accordance with its instructions.

C. Minokaw shall require that the language of this certification be included in the award documents for all sub-awards at all tiers (including subcontracts, sub-grants, and contracts under grants, loans, or cooperative agreements) and that all sub-recipients shall certify and disclose accordingly.

31. Exclusion and Debarment

Each Party represents and warrants that no adverse action by the federal government that will or may result in mandatory or permissive exclusion from a federal healthcare program pursuant to 42 U.S.C. §1320a-7 has occurred or is pending or threatened against it, its principals, its affiliates, or to the best of its knowledge, against any of its employees, agents or subcontractors providing services under this Agreement. Each Party additionally represents and warrants that neither it, its principals, its affiliates, and to the best of its knowledge, its employees, its agents, nor its subcontractors providing services under this Agreement are suspended, debarred, or otherwise determined to be ineligible for award of contract, grant or cooperative agreement by any federal, state, or other governmental body.

Each Party shall immediately provide written notice to the other Party of (1) its receipt of a notice of an adverse action by the federal government against any of the individuals or entities specified above that will or may result in mandatory or permissive exclusion from a federal healthcare program pursuant to 42 U.S.C. §1320a-7, (2) the date of any adjudication or determination that any of the individuals or entities specified above has committed any action that would subject it/them to mandatory or permissive exclusion under 42 U.S.C. §1320a-7, or (3) a notice of an adverse action by a governmental body against any of the individuals or entities specified above that will or may result in a determination of ineligibility for award of contract, grant or cooperative agreement. In the event either Party fails to provide the other Party with such written notice, or it is discovered that either Party's representations contained herein are false, the other Party has the right to immediately terminate this Agreement.

32. Execution of Agreement. This Agreement may be executed in two or more counterparts, each of which will be deemed an original and all of which together constitute one and the same instrument. A faxed or scanned and emailed copy of this Agreement serves for all purposes in the same manner as an original.

IN WITNESS WHEREOF, the parties hereunto set their hands as the date first written above:

FINDINGS OF FACT AND CONCLUSION

Request

Request from Semler Homes Inc, for Final Plat Approval of Villages on the Rum Addition, which is legally described as Lots 74-97, Block 4, Villages on the Rum Addition, Isanti County, Isanti, Minnesota; and,

Findings of Fact

1. The applicant has made an application for a Final Plat Approval of Villages on the Rum 6th Addition Isanti County, Minnesota.
2. The property is legally described as Lots 74-97, Block 4, Villages on the Rum Addition, Isanti County, Isanti, Minnesota; and,
3. The Applicant is requesting Final Plat Approval in an effort to create 16 lots.
4. The property is zoned "R-3" medium density Residential.
5. The Final Plat was reviewed by the Planning Commission on Tuesday, September 17, 2019 at 7:00 p.m.at City Hall within the Council Chambers.

Conditions

1. The Developer must enter into a development agreement with the City of Isanti.
2. Setbacks are as follows:
    a. Front: 5 feet
    b. Side: 5 feet, 10 feet in-between buildings
    c. Rear: 25 feet from adjacent right-of-way
3. The housing architecture shall be similar to a 1920's-1940's Vintage home, including Bungalow, Craftsman, Arts & Crafts, Victorian styles. The architectural styles of "Houses by Mail", by Katherine Cole Stevenson are incorporated by reference. This book is available in the Community Development Department.

Conclusions

1. The platting of the property would appear to meet the lot requirements and setback requirements as provided within the zoning ordinance for properties located within the "R-3" medium density residential.
2. The platting of the property would appear to meet the Design Standards as required by Ordinance No. 536.
3. The final plat meets the conditions set forth in Resolution 2019-205 approving the preliminary plat.

Decision

Subject: Donation Request for 12th Annual MMBA Food Drive promotion in-store

---

Background:
Each year the MMBA supports a food drive for the sole purpose of raising funds as well as food donations to help support local food shelves in our area. I am requesting that we promote this program in-store and customers can donate non perishable food items or a cash donation in any amount they wish to help support this program. The dates of the donations are October 1st through October 31st 2019.

RESOLUTION 2019-XXX

APPROVING DONATION BOX AT LIQUOR STORE

WHEREAS, on October 1, 2019 City Council approved a donation box policy; and

WHEREAS, Isanti Liquor is requesting use of a donation box at the liquor store in support of the "MMBA Food Drive"; and,

WHEREAS, the Donation Policy has been reviewed the request and recommended its approval;

NOW, THEREFORE, BE IT RESOLVED that the City Council of the City of Isanti, Minnesota hereby approves placement of a donation box for the "MMBA Food Drive" at the Isanti Liquor Store from October 1, 2019 through October 31, 2019.

12th Annual MMBA Food Drive Promotes Community Value

In an effort to help members Promote the Community Value of their Municipal Liquor Operation, MMBA, in partnership with Coors Light is coordinating the *Twelfth Annual Municipal Liquor Food Drive* **benefiting your local food shelf.**

As in previous years, there will be two competition brackets, based on 2017 annual sales:

$1,000,000 and Above & Below $1,000,000

The individual facility (not city) in each category with the highest weight donated will earn a $1,000 donation to their local food shelf from Coors Light and MMBA.

In addition:

Through a random drawing, ten $100 donations will be made to food shelves of participating facilities, other than the category winners. So, everyone has a chance to win!

Here are additional details:

- The food drive will run from October 1 – October 31, 2019.
- Each participating MMBA member will collect dry food, can goods & cash for donation to your local food shelf of choice. **Anything your food shelf will accept is eligible to be counted, including, but not limited to, field produce and canned / bottled water.**

NOTE:

Each $1 in cash donations will be counted as 3 pounds of food.

- At the end of the event (November 1), please take the collected food and cash to the food shelf to be weighed. (Contact the MMBA office if you need assistance locating your local food shelf.)

  A week or so after the conclusion of the event, send the MMBA office the information at: kaspszak@outlook.com.

- Coordinate signs with your Coors Light Distributor.

- Here are some successful ideas to promote the event:

  - ✓ Facility product discount for those donating food
  - ✓ Stapling a flyer to carry-out bags
  - ✓ Displaying the food in the front of the store to catch customer eyes
  - ✓ Reference or total focus in advertising mediums
  - ✓ Coors Light wholesaler could build a platform of Coors Light cases for the food to display on, or a wall of cases around an area where donations will be placed.
  - ✓ Local newspaper story
  - ✓ Collect contributions by participating in other community events

Agreement entered as of the 8th day of October, 2019, between Kopps Towing DBA Leafs Towing (hereafter "Provider"), and the City of Isanti, Minnesota (hereinafter "City of Isanti").

WHEREAS, Provider is a Minnesota limited liability company in good standing engaged in the business of, among other things, towing, storing, and impounding motor vehicles (hereafter collectively referred to as "Towing Services"); and,

WHEREAS, Provider maintains facilities for the performance of its Towing Services at 791 Garfield Street S., Cambridge, MN 55008; and,

WHEREAS, the Isanti Police Department is a municipal police agency providing police related services to the City of Isanti, with offices at 401 1st Ave. NW Isanti MN 55040; and,

WHEREAS, the City of Isanti, in the provision of its police-related services has, from time- to-time, need of services such as those Provider performs; and,

WHEREAS, by the proposal dated September 3, 2019, Provider submitted to the City of Isanti a written proposal/bid under which it is willing to provide its Towing Services to the City of Isanti; and,

WHEREAS, the City Council of the City of Isanti, at their October 1, 2019 regular meeting accepted the proposal/ bid from the Provider for Provider to perform its Towing Services for the City of Isanti and the Isanti Police Department and directed staff to prepare a contract, of which the terms and conditions are set forth below; and,

WHEREAS, Provider desires to provide its Towing Services to the City of Isanti under the terms and conditions set forth below.

NOW, THEREFORE, IT IS HEREBY AGREED AS FOLLOWS:

SERVICES

1. Provider will perform its Towing Services as requested by the City of Isanti through its Police Officers, Public Services Director or Designee, and/or Isanti County Central Communications (hereafter "Dispatch").

2. Provider shall, subject to the terms of this Agreement, determine, in its sole discretion, the manner in which it shall perform its Towing Services. However, Provider shall always perform its Towing Services consistent with any applicable local, state, or federal laws, rules, regulations, or ordinances.

3. The Towing Services Provider shall perform including, but are not limited to: 1) towing motor vehicles by winch, flatbed, or dolly; 2) storing towed motor vehicles; 3) storing impounded motor vehicles; 4) providing secure storage areas for motor vehicles towed and/or impounded, 5) releasing motor vehicles upon proper authorization and consistent with the provisions of this agreement; and, 6) towing disabled police department vehicles by winch, flatbed or dolly.

4. Provider shall also perform such other services customarily performed by towing service providers. Such services include, but are not limited to, removing and/or sweeping debris off the traveled portion of the road and off any paved shoulder adjacent to the traveled portion of the road at accident sites, removing license plates upon an officer's request, and transporting vehicle owners from accident sites to Provider's premises or locations in close proximity to the accident site.

IMPOUNDED VEIDCLES

5. Impounded vehicles include, but are not limited to vehicles which constitute or contain evidence of a crime, or include vehicles which are seized subject to forfeiture from the owner. By operation of law, such vehicles may become the property or bailment of the City of Isanti. The City of Isanti retains all rights of ownership or liens on such vehicles, including the right to convert such vehicles as if abandoned to the Provider and/or City ofIsanti.

FEES

6. Provider shall be compensated for its Towing Services as set forth in Appendix A attached hereto.

7. Unless otherwise provided, all fees for Towing Services performed by Provider are the responsibility of the party towed and not the responsibility of the City of Isanti or their agents and/or representatives. **Provider is solely responsible for collecting any fees to which it may be entitled for its Towing Services.**

RESPONSE TIME

8. Provider shall respond to the scene where its Towing Services have been requested with such equipment and personnel as may be required to perform its services within 30 minutes of a Dispatch' s request to the Provider.

9. In the event Provider is unable to respond as requested within the time provided in the previous paragraph, it shall notify Dispatch of the same and the reason therefore. The officer who initiated the request shall then, in his or her sole discretion, direct Provider to continue to the scene, or cancel Provider and procure the needed services from another entity.

INSURANCE

10. Provider shall, at all times during the period within which this agreement is in effect, maintain insurance coverage and provide the City of Isanti current proof thereof in a form acceptable to the City of Isanti. The coverage maintained must apply to any facility utilized by Provider to perform its Towing Services as well as any personnel, vehicle, and/or equipment utilized by Provider. The types of coverage Provider shall maintain and/or the minimum amounts of coverage to be provided thereunder shall be as follows:

    a. Workers' Compensation,

    b. Garage Keepers Liability with Comprehensive and Collision,

    c. Comprehensive General Liability- $1,000,000 minimum, and

    d. Automobile Liability- $1,000,000 minimum.

11. **Provider shall name the City of Isanti as a "certificate holder" and an "additional insured" for general liability and vehicle liability** on any certificate of insurance provided purporting to satisfy Provider's obligations under the previous paragraph and shall provide the City of Isanti with a copy of the certificate of insurance.

STORAGE FACILITIES

12. Provider shall maintain either indoor or outdoor storage for a minimum of twenty (20) motor vehicles. This storage area shall be located within six (6) miles of the City of Isanti. The outside storage area shall be fenced with a minimum seven (7) foot chain link fence.

13. In the event storage space is needed for motor vehicles in excess of twenty (20) vehicles, Provider shall provide the same at no additional cost to the City of Isanti. In the event Provider finds it necessary to store towed and/or impounded vehicles at a facility other than the one it maintains at the address listed herein; it shall notify the City of Isanti of the location of the facility where such vehicles are to be stored. The fencing requirements set forth in paragraph 11 hereof shall be applicable to such other facility.

14. Upon request, Provider shall store towed and/or impounded vehicles in indoor storage and provide, on a twenty-four (24) hour basis access to said vehicles to the City of Isanti so that they may be searched, tested, inspected or otherwise processed as may be necessary.

EQUIPMENT REQUIREMENTS

15. Provider shall maintain at least one vehicle sufficient to perform any and all of the above- described services on a seven days of the week, twenty-four (24) hour basis.

Provider shall maintain such other vehicles and equipment as may be necessary to comply with its obligations under this agreement.

RELEASE OF VEHICLES AND PROPERTY

16. Provider shall not release any vehicle entering its facilities as a result of the performance of its Towing Services hereunder and designated to be held by the towing sheet then in use without prior written authorization from an officer.

17. In no event shall Provider release any property situated in any vehicle entering Provider's facilities as a result of the performance of its Towing Services hereunder without prior authorization from an officer. Upon authorization from an officer, the property shall be released.

18. Upon the release of any vehicle towed pursuant to this Agreement, Provider shall provide the police department with an itemized statement detailing the charges for its Towing Services for the vehicle released.

19. Provider shall maintain "office hours" for the release of vehicles or for the release of property contained in a vehicle as a result of the performance of its Towing Services hereunder as follows:

Monday - Friday	9:00 a.m. to 3:00 p.m.
Saturday	By Appointment
Sunday Morning	By Appointment
Holidays	By Appointment.

20. In the event of extraordinary or emergency situations, an officer may request access to vehicles and/or property contained therein at times outside of regularly scheduled "office hours." Provider will make reasonable efforts to make vehicles and/or personal property available for inspection or release on an as needed basis.

INDEMNIFICATION AND RELEASE

21. Provider hereby agrees to indemnify and hold harmless the City of Isanti, the Isanti Police Department, and any other of their agents and/or representatives from any and all claims, causes of action, fees (including legal fees) and damages arising as a result of Provider's performance of its Towing Services hereunder.

22. In consideration of this Agreement, Provider, for itself, its agents, representatives, predecessors, successors, and assigns, hereby releases and discharges the City of Isanti, the Isanti Police Department and their agents, representatives, predecessors, successors, and

assigns of and from any and all claims, damages, demands, actions, causes of action or suits in law or equity of whatsoever kind or nature, whether known or unknown, arising out of any claims that were or might be alleged in the connection with Provider's performance of its Towing Services, and any related services, hereunder.

23. This release is binding upon and shall inure to the benefit of the parties' successors and assigns.

24. Provider acknowledges that members of the public who have had their motor vehicles towed and/or impounded often appear at Provider's premises in a state of emotional stress. Notwithstanding this fact, Provider agrees that all of its personnel will treat members of the public with whom they interact as a result of the Towing Services performed hereunder in a calm, respectful, polite, courteous, professional and businesslike manner.

25. Provider shall post a Fee Schedule similar or identical to the one set forth in Appendix A hereto in a conspicuous place within its premises so that members of the public may view the same.

26. Provider shall not charge members of the public for Towing Services provided hereunder an amount more than set forth in the Fee Schedule contained in Appendix A.

DURATION/TERMINATION

27. Unless terminated pursuant to the terms of the next paragraph, this Agreement shall be in effect for the five-year period of October 8, 2019 to September 30, 2024.

28. Either party may terminate this Agreement at any time, without cause, and for whatever reason, upon sixty (60) day's written notice to the other.

29. Upon the termination of this Agreement pursuant to paragraphs 27 and 28, Provider agrees to hold and maintain all vehicles at its facilities, at no additional cost, for a period not to exceed six (6) months. Upon release of the vehicles being held during this six (6) month time period, Provider shall be compensated for its services as set forth in Appendix A attached hereto.

MISCELLANEOUS

30. Provider hereby represents that it currently has in place, and shall maintain in place at all times during the period of this Agreement, such licenses, permits, authorization, approvals or the like as may be required to perform the Towing Services contemplated by this Agreement.

31. Provider agrees that it will not assign or otherwise purport to sell its rights and obligations hereunder without prior written notice to and the written approval of the City of Isanti.

32. Provider shall, upon request, supply copies of any specific documents requested by the City of Isanti. The Provider shall supply documents which show its compliance with local, state, or federal law and include, but are not limited to, those notices required to dispose of stored vehicles. In no instance may the Provider dispose of any impounded vehicle without the express consent of the City of Isanti or the Chief of Police, or their designee.

33. Provider shall not maintain or operate an automobile reduction or salvage yard at any facility it may own and/or operate in the city of Isanti.

34. This Agreement shall be construed under the laws of the state of Minnesota.

37. In the event any provision of this Agreement is held to be unenforceable, the parties hereto specifically agree that the remaining provisions of this Agreement are intended to remain in full force and effect.

38. The parties hereto consent to the jurisdiction of the District Court of the State of Minnesota for the resolution of any disputes hereunder and agree to venue in the County of Isanti.

39. Provider represents that it has duly complied with any and all of the requirements prerequisite to its entering into this Agreement and the individual signing below on behalf of Provider has been duly authorized, by resolution, to enter into the same.

40. The subheadings hereto (e.g. "Services", "Fees", etc.) are utilized for purposes of convenience and are not intended to have any specific legal meaning in their own right.

41. All notices and demands required hereunder shall be in writing and shall be deemed given when personally delivered or deposited in the United States mail, certified or registered, postage prepaid, return receipt requested, addressed to the party at its address as follows:

Subject: Employee Health Insurance Benefits Provider Change

Background:
Human Resources and other staff have met with the City's benefit consultants to look for better financial options for health insurance benefits. Currently, the City offers employee health insurance through the Resource Training & Solutions Co-op and the new provider option would be through the Public Employees Insurance Program (PEIP). The Co-op rates have had a substantial increase to the budget over the past few years while PEIP has remained level.

Information and employee input was shared at the Committee of the Whole meeting. The vast majority was in favor to switch to PEIP which would save the City approximately $ 141,070.00 and lower the tax rate increase from 9.7% to 6.0%. Committee of the whole recommended to give employees who elect the city's HSA insurance plan the IRS maximum amount of HSA (Health Saving Account) contribution to offset the high out of pocket maximum. Staff who receive the reimbursement for opting out of the City's health care plan will remain unchanged.

Recommendation:
Committee of the Whole reviewed the proposed change September 17, 2019 and recommends approval as written.

Request:
Staff is requesting action on this item.

Resolution 2019-XXX

RESOLUTION 2019-XXX

APPROVING THE CHANGE IN PROVIDERS FOR EMPLOYEE HEALTH INSURANCE

WHEREAS, the option for changing to Public Employees Insurance Program (PEIP) has been presented to reduce cost for the City and the Employees health insurance; and,

WHEREAS, Staff discussed the options at Committee of the Whole on September 17, 2019; and,

WHEREAS, Committee of the Whole recommended leaving the current Plan with Resource Training Co-op and becoming a member of the PEIP program and provide the IRS maximum benefit contribution for each employee who elects the Health Savings Account (HSA) plan for eligible employees.

WHEREAS, PEIP would go into effect January 1, 2020;

NOW, THEREFORE, IT IS HEREBY RESOLVED by the City Council of the City of Isanti, Minnesota as follows:

1. Authorize Staff to sign all documentation to remove the City of Isanti from the Resource Training Co-op and enter into a two-year agreement with the Public Employees Insurance Program (PEIP).
2. The City of Isanti will begin offering PEIP to employees effective January 1, 2020 and employees may choose either the Advantage or HSA plan.
3. Staff who elects the HSA PEIP plan will receive the IRS maximum amount contributed by the City in bi-annual increments to their HSA account. The amount will be prorated if less than a full year is worked.
4. Current and new staff who receive reimbursement for opting out of the City's health insurance will continue to receive the current reimbursement amount.
5. A Personnel Policy update and MOU for union contracts will be completed to reflect the change.

This resolution was duly adopted by the Isanti City Council this 1st day of October, 2019.

MEMORANDUM OF UNDERSTANDING
BETWEEN
THE CITY OF ISANTI
AND
INTERNATIONAL UNION OF OPERATING ENGINEERS
LOCAL NO. 49, AFL-CIO

This Memorandum of Understanding is entered into by the City of Isanti, Minnesota ("City") and International Union of Operating Engineers Local No. 49 ("Union") representing employees in the City's Public Works Department.

WHEREAS, the City and the Union are parties to a collective bargaining agreement effective January 1, 2020 through December 31, 2022; and

WHEREAS, the City Council Committee of the Whole met on September 17, 2019 to discuss the 2020 health insurance renewal, and recommended changing its health and medical insurance plan to the Public Employees Insurance Program (PEIP), as described in Minnesota Statutes §43A.316.

NOW THEREFORE, the parties agree as follows:

1. Article 17 of the collective bargaining agreement is modified as follows:

   17.1 Health Insurance. The EMPLOYER will provide a health and medical care insurance program to all full-time EMPLOYEEs. The EMPLOYER will pay 100% of the premium for single coverage health insurance. EMPLOYEEs choosing dependent care health coverage will be required to pay according to the current City policy in place as of 3/24/10. Essentially EMPLOYEE contributions toward the premium costs of dependent coverage will increase by the same percentages as the City's overall policy cost increase for the foreseeable future, however it is agreed that the current contribution policy will continue beyond the term of this AGREEMENT only if re-negotiated and agreed upon as part of any future labor agreement between the EMPLOYER and the UNION. Part-time EMPLOYEEs regularly scheduled to work thirty (30) hours or more per week shall receive pro-rata health insurance benefits. The EMPLOYER shall have sole discretion in choosing and designating the health and medical care group insurance plan, provided that such plan shall be the same plan as available to non-union EMPLOYEEs of the City and shall provide coverage and benefits at least equivalent to the coverages provided under the ~~Blue Cross/Blue Shield Group Plan as set forth in the attached Schedule B~~ Public Employee Insurance Program (PEIP). For the duration of the 2020-2022 collective bargaining agreement, the EMPLOYER will offer EMPLOYEEs the choice of coverage pursuant to the PEIP Advantage Health Plan and the PEIP HSA Compatible Plan.

2. For the duration of the 2020-2022 collective bargaining agreement only, the City will contribute the annual IRS defined maximum to the employee's HSA account on a bi-annual basis in January and July of the calendar year for those benefit-eligible employees who are eligible to receive an HSA contribution and elect the PEIP HSA Compatible Plan. This provision shall sunset effective December 31, 2022.

3. For the duration of the 2020-2022 collective bargaining agreement only, the City will continue to offer a $443.75 per month taxable Opt Out Waiver payment for those benefit-eligible employees not electing health insurance coverage, upon presentation of certification for proof of coverage pursuant to City policy. This provision shall sunset effective December 31, 2022.

4. This Memorandum of Understanding represents the complete agreement between the parties on this matter.

IN WITNESS WHEREOF, the parties have caused this Memorandum of Understanding to be executed this _____ day of _____, 2019.

AND
LAW ENFORCEMENT LABOR SERVICES, INC. LOCAL #217

This Memorandum of Understanding is by and between the City of Isanti, Minnesota ("City") and Law Enforcement Labor Services, Inc., Local #217 ("Union"). The Union is the exclusive representative for the bargaining unit noted above. The City and the Union are collectively referred to as the parties.

WHEREAS, the City and the Union are parties to a collective bargaining agreement effective January 1, 2020 through December 31, 2022; and

WHEREAS, the City Council Committee of the Whole met on September 17, 2019 to discuss the 2020 health insurance renewal, and recommended changing its health and medical insurance plan to the Public Employees Insurance Program (PEIP), as described in Minnesota Statute §43A.316.

NOW THEREFORE, the parties agree as follows:

1. Article 22 of the collective bargaining agreement is modified as follows:

   22.1 Health Insurance. The Employer will provide a health and medical care insurance program to all employees. The Employer will pay 100% of the premium for single coverage health insurance. Employees choosing dependent care health coverage will be required to pay according to current City policy applicable to all City employees. Essentially, Employee contributions toward the premium costs of dependent coverage will increase or decrease by the same percentages as the City's overall policy cost increase or decrease for the health care coverage for the duration of this Agreement.

   Effective 07/01/2011 and for the duration of this Agreement, the Employer will provide a plan with coverage and benefits at least equivalent to the coverage provided under the ~~Blue Cross/Blue Shield "120 Group Plan." as set forth in the attached Appendix 'C'~~ Public Employee Insurance Program (PEIP). For the duration of the 2020-2022 collective bargaining agreement, the Employer will offer Employees the choice of coverage pursuant to the PEIP Advantage Health Plan and the PEIP HSA Compatible Plan.

2. For the duration of the 2020-2022 collective bargaining agreement only, the City will contribute the annual IRS defined maximum to the employee's HSA account on a bi-annual basis in January and July of the calendar year for those benefit-eligible employees who are eligible to receive an HSA contribution and elect the PEIP HSA Compatible Plan. This provision shall sunset effective December 31, 2022.

1. Meeting Opening.

A. Call to Order.
Zdon called the meeting to order at 6:00 p.m.

B. Pledge of Allegiance
Everyone stood for the Pledge of Allegiance

C. Roll Call
Members Present: James Witte, Aaron Zdon, and Brian Thum
Members Absent: Mayor Jeff Johnson
Staff Present: Jenny Garvey, Parks, Recreation and Culture Manager,

D. Agenda Modifications
Zdon asked if there were any agenda modifications, Zdon asked to add to Parks Update about the skate park. Motion by Witte, second by Thum to approve the agenda for the September 24, 2019 PRC board meeting.

2. Approval of Minutes from July 23, 2019, Parks, Recreation, and Culture Board Meeting
Motion by Witte and second by Thum; all in favor. Minutes were unanimously approved.

3. Receive the Parks, Trails and Open Space plan
Garvey reviewed that the Comp Plan was previously handed out to the board and they were to review and bring back comments/suggestions. Garvey will review and compile the results of all the board members comments and bring back these at a later time. Zdon had emailed his prior to the meeting to Garvey and the others will be able to email their completed lists by Monday Sept 30.

4. Snow Sledding Hill
Garvey reviewed that back in 2018, the park board was provided a brief idea of having a sledding hill within the city, which was a part of the 2018 annual council goals. The idea was presented to the PRC board but did not have much discussion and nothing further was discussed. Staff is bringing back this item to discuss further and provide staff with some direction. Staff has reached out to our insurance carrier but has not heard back from them. Some others items that the board should consider are: staff time to maintain, amount of snow fall, lighting, Bluebird park has one natural hill, however it is not a high grade, obstacles for sledders: trees, bushes, fencing, drainage, etc, parking, walking distance and restrooms. Another option would be to purchase a snow making machine, to assist with snow and to allow for a steeper grade of hill, staff did a

brief search and found units for about $3,000. Again, more items to consider are staff time to make snow, make hill, maintain hill, maintain machine, weather conditions, etc. Garvey also mentioned that at Bluebird the design of the park has an amphitheater and that council will be looking at this more in 2020. Zdon mentioned that this was bid out and had plans back in about 2008 and that it fell through as the economy turned. Zdon stated that Bluebird hill would be a good option, and its not a steep hill. Witte mentioned that he has seen kids sledding on south passage by a drainage area for younger kids. Zdon also mentioned a pile of dirt that he has seen at Andover and Coon Rapids. Zdon and Witte mentioned the soccer field hill and that the top of the hill has a fence so it doesn't provide much of an area at the top and that maybe a snow machine could be added to this area to provide the steepness and the top area that is needed but not sure if we have the water supply. Garvey mentioned that water supply could come from the hydrants as we do for making the outdoor rink. Zdon then mentioned that we could try Bluebird with a sign that its for sledding. Witte mentioned the idea of River Bluff Preserve and knocking down trees, however this would have to be quite a few and was then decided that was not a good option as safety would be a big factor with trees. Zdon mentioned that the board is exploring it and for simplicity, that Bluebird is the option to proceed with, get a sign made and for cost. Zdon mentioned the snow-making machine would also be able to provide more snow and that we can look into this more as the budget process comes about.

5. Dog Park Amenities

Garvey reported the dog park opened up this past May and staff was asked to explore ideas to add more amenities and a bench. The park has been well received and is getting used a lot, staff has increased pick up from Monday and Fridays, to Mon, Wed, Fri. Garvey continued that the Rotary Club of Cambridge & Isanti, donated money to the city to be used for the dog park. A new bench has arrived and Public works will install it this fall as we see where the best option to place it will be as it will be in concrete. The Rotary club stated that the remaining dollars can be used for amenities to be placed within the dog park. Garvey presented a few ideas and concepts/pictures she found to review. Public works can make some of these items as they are made out of wood. Tires were presented as ideas to place around. Zdon mentioned that staff to look into if Public works is available to utilize their skill to build items and that we also check with dog trainers as far as spacing or heights for amenities. Garvey mentioned that she will research a bit with organizations, as Isanti County has a K9 unit and an area where they have amenities. Witte mentioned the drainage corrugated pipe is a good option to add. Garvey mentioned we have procured a couple of large tires to add to the park. Zdon stated that he liked the concept of them being partially buried and Witte stated he liked the painted idea. Witte also mentioned he liked the hoop style of tires for jumping through. Zdon stated that Public works can review ideas and see what is possible for them to build. Garvey stated that this area doesn't have the requirements that a children's playground has so we are able to save some funds building items on our own. Zdon asked if the bench donated by the Rotary will have a plaque. Garvey replied that it has the word Rotary designed into the bench itself and that other amenities will have a small plaque added similar to ones we have on tables that the Rotary Club has donated.

6. DNR Funded Projects

Garvey reviewed that staff received information from the DNR that we have some items that need attention for projects that the city received grant funding for from the state when these parks were built, after the DNR did a tour of these locations. We received information on three parks: Mattson, Unity and the Soccer complex. Staff has asked the DNR for clarification on a few of these items as they were unclear. One item we received was to add a funding sign, however after clarification this is one item that we do not need to duplicate signs that we already have within the park regarding the funding source, but the ones we are missing will be put up by Public works. Garvey continued with that she has been in contact with the soccer association regarding the picnic table at the shelter and will add it under the picnic shelter. Public works is working on the adding accessible parking signage and the funding sign was added to the picnic shelter. Mattson park had the funding sign added to the south park sign and another area that the DNR pointed out was the porta potty and accessibility on the grass. Garvey reviewed that the porta potty will need to be placed on a concrete slab to assist with the ADA accessibility item that was pointed out. Garvey continued with the accessibility to each of the playground areas, and Zdon stated that we would do a sidewalk off of the sidewalk and to connect and what makes the most sense to connect these together. Zdon stated that Public works can use there best judgement to place the sidewalks within the park area to connect these elements. Garvey described a placement for the porta potty to be placed and board agreed to have staff place it as they best judge it to go. The other items are being worked on or are completed and the one remaining one we need direction on is the picnic tables within Mattson. Zdon clarified to that we need to address this items as they have been brought to our attention. Garvey stated that she clarified with Mia, DNR person, that we do not have a deadline for this items that they are providing this as information and to make sure we are working on them. Zdon stated that we could budget to add the picnic tables. Garvey reviewed that Unity has the funding sign, it was just overlooked and the gate entrance width will need to be adjusted as this was built before ADA standards. Zdon gave staff direction to further research the safety factors and requirements for ballfields and a gate idea was mentioned to be added as an option. Witte asked if it had to be in the specific area, which is doesn't have to be in that exact but in the dugout area and in each dugout. Motion by Witte to add 2 ADA picnic tables at Mattson park, second by Thum. Motion carries unanimously.

7. Parks Updates

Garvey reviewed the summer items of the street dance, Celebrate Isanti, the 5k walk/run had a good amount registered but only half showed up the day of. The three street dances were well attended with Good for Gary with the highest attendance. Curious creatures was cancelled for Sept due to low enrollment, and with the next one is scheduled for Oct 8. Unity park project is finished and looks wonderful. Zdon added to the agenda that there are a few holes in the skate park equipment on the south ramp that will need to be fixed and fasteners will need to be adjusted. Garvey added that the switch for the skate park lights will be looked into as they go off at 10pm, but what time do they come on at? Zdon stated he was there at about 8pm, but the

lights were not on. Garvey finished with the Farmers Market ends Sept 13 and the community garden ends Oct 13.

8. Adjournment

Motion by Witte, second by Thum to adjourn the September 24, 2019 meeting of the Parks, Recreation and Culture Board. Motion was approved.

The meeting adjourned at 6:43 PM

Dated at Isanti, Minnesota this 24th day of September, 2019.

Respectfully Submitted,

Request for City Council Action

To: Mayor Johnson and Members of City Council
From: Matt Lindholm, Planner
Date: October 15, 2019
Subject: Resolution 2019-XXX Resolution to authorize nuisance abatement for property located at 112 Elizabeth Street SW

Background:
On September 3, 2019, Matt Lindholm, Planner issued a notification letter citing "Outdoor storage of vehicles not in street operable condition" for property located at 112 Elizabeth Street SW. The letter indicated that the vehicle without wheels, either be in street operable condition, stored in a garage, or removed from the property. At this time, the City requested that these issues be taken care of by September 17, 2019. If the property owner was unable to make the corrections in the required time, they were invited to contact the City. In the meantime, the City received no correspondence or contact from the owner.

After inspections on September 20 and September 24, 2019, an Administrative Citation of $200 was issued to the owner for failure to remedy the code compliance issue. The Administrative Citation had a due date of October 4, 2019. At the time of drafting this memo, the citation has not been paid and the city has not been contacted.

A public hearing notice was sent to the property owner on October 1, 2019, with a public hearing date of October 15, 2019. Notice was also published in the *Isanti County News* on October 10, 2019.

On the day this memo was completed for the Council packet the property remained in violation with no apparent progress being made therefore staff recommends the abatement process and towing the vehicle at the owner's expense.

Request:
Staff requests that the City Council consider the resolution for abatement

RESOLUTION NO. 2019-XXX

RESOLUTION TO AUTHORIZE NUISANCE ABATEMENT FOR PROPERTY LOCATED AT 112 ELIZABETH STREET SW

WHEREAS, the property owner of 112 Elizabeth St SW is in violation of City Code 216-2 (L) affecting health and safety; and,

WHEREAS, a formal letter of violation was sent to the property owner on September 3, 2019; and,

WHEREAS, the deadline for compliance was September 17, 2019 and was not met; and,

WHEREAS, the City served notice to the property owners regarding the violation and abatement process under City Code 216-6; and,

WHEREAS, City Code 216-6 provides for calling a public hearing in order to abate a violation; and,

WHEREAS, notice of the Public Hearing was provided to the property owner; and,

WHEREAS, City Code 216-6 allows the Council to abate the property for compliance.

NOW, THEREFORE, BE IT RESOLVED by the City Council of the City of Isanti, Minnesota, as follows:

1. Staff shall enlist the city contracted towing company to remove the vehicle in violation from the property.
2. Once the work is complete the city will send a bill for the cost to the property owner.
3. If such bill is not paid an assessment shall be made.

This Resolution is hereby approved by the Isanti City Council this 15th day of October, 2019.

Greetings,

A City Code violation was noted at your property.

Violation description: **Outdoor storage of vehicles not in street operable condition**

We understand that no one enjoys receiving a city code violation and that most residents aren't aware that these codes exist. Please read the details below carefully and make the necessary corrections prior to the due date. City codes help keep our community safe, friendly, and beautiful. I am here to help you remove this violation on your property, located at 112 Elizabeth St SW in Isanti.

Your due date to come into compliance is on or before September 17, 2019. In order to be in compliance, the vehicles currently parked/stored on property, must be in street operable condition, be stored in the garage or removed from the property.

Please note that in the event of a repeat violation of the same or similar nature, which was previously cleared, occurring within a twelve, (12) month period from date of this letter, on this property, owned by the same property owner, the violation will be immediately issued an Administrative Citation. See ordinance details below.

If you feel that there has been an error or you are unable to make the corrections in the required time or need help understanding how to return your property into compliance, please contact me. **Please contact Matt at (763) 444-5512** or email to **codeandzoning@cityofisanti.us**

Greetings,

On September 3, 2019 the City of Isanti notified the property owner that the property at 112 Elizabeth St SW in Isanti, MN was in violation of city ordinance in regards to the outdoor storage of vehicles not in street operable condition. No one has not contacted our office to discuss this matter and the violation remains. This is an Administrative Citation for the violations listed below.

ORDINANCE	DESCRIPTION	ACTION NEEDED TO BE CORRECTED	FINE	DUE DATE
Ch 216-2	Outdoor storage of vehicles not in street operable condition.	The vehicles currently parked/stored on the property, must street operable condition, be stored in the garage or removed from the property.	$200	Oct. 4, 2019

In order to avoid further penalties, you will need to pay the fine **AND** correct the violation by the due date or request an Administrative Hearing in writing. Please feel free to contact me, Mon—Fri 8:00 am to 4:30 pm, at (763) 444-5512 or email: mlindholm@cityofisanti.us.

A 10% late fee will be assessed after 10 days of non-payment and/or non-compliance, on October 7, 2019. For each 30 day period beyond October 7, 2019 that this fine remains unpaid, a 10% fee is assessed (see attached fee schedule). City code violations that are not resolved may also be referred to the City Council for abatement which will be done at the homeowner's expense and may result in a lien upon the property. Additionally, the City of Isanti may turn over non-compliant property owners to the Police Department for criminal prosecution. Property owners wishing to appeal an administrative citation may elect to moderate the violation with a neutral 3rd party if they notify the City within 10 calendar days of the issuance of this administrative citation. Each day a violation exists constitutes a separate offense and is subject to additional fines.

Ordinance: General Previsions Chapter 65

§ 65-5 Administrative citations.

A. A person authorized to enforce provisions of the City Code may issue an administrative citation upon belief that a Code violation has occurred. The citation must be issued in person or by first-class mail to the person responsible for the violation. The citation must state the date, time, and nature of the offense, the identity of the person issuing the citation, the amount of the scheduled fine, and the manner for paying the fine or appealing the citation. The administrative citation shall be deemed served upon deposit in the US mail to the address of the violator, certificate of said service by the official issuing the citation. If the City seeks to impose more than one fine for a continuing violation, a separate citation shall be issued for each violation date.

B. The person responsible for the violation must either pay the scheduled fine or request a hearing within 10 calendar days after issuance of the citation. Payment of the fine constitutes admission of the violation. A late payment fee of 10% of the scheduled fine amount will be imposed. The fines may be rescinded if compliance is achieved by the compliance date provided.

C. A hearing request must be made in writing and executed by the property owner or person with an ownership interest in the property. It must minimally state the name and mailing address of that person, the person's relationship to the property involved, and a brief statement why the citation is in error and a hearing is being requested.

D. A property owner may request an extension to come into compliance, which may be granted or denied by the City. If an extension to come into compliance is requested and granted, and the property owner does not come into compliance by the extension date, the administrative fine imposed with the citation for the violation shall not be rescinded. Additionally, a request for an extension to the compliance deadline shall constitute an admission to the violation, and a waiver of a right to request a hearing under Subsection C above.

§ 65-7 Recovery of civil penalties.

A. If a civil penalty is not paid within the time specified, it constitutes:
   (1) A personal obligation of the violator;
   (2) An obligation of a business or person(s) that is conducting an activity licensed by the City if the violation relates to the maintenance of the property or to an activity, use or delivery of services associated with the business or activity; and
   (3) A lien upon the real property upon which the violation occurred if the violation relates to the maintenance of the property or to an activity, use or delivery of City services associated with the property.

B. A lien may be assessed against the property and collected in the same manner as taxes. The lien may include the administrative and legal costs incurred by the City in connection with collecting the unpaid administrative penalty. Prior to assessing the lien against the property, the City must attempt to obtain voluntary payment of the administrative penalty and provide the property owner listed on the tax record with notice and an opportunity to be heard.

C. A personal obligation may be collected by any appropriate legal means.

D. A late payment fee of 10% of the fine will be assessed for each thirty-day period, or part thereof, that the fine remains unpaid after the due date.

E. During the time that a civil penalty remains unpaid, no City approval will be granted for a license, permit, or other City approval sought after by the violator or for the property.

F. Failure to pay a fine is grounds for suspending, revoking, denying, or not renewing a license or permit associated with the violation.

G. The City reserves the authority to use the abatement process as outlined within Chapter 216, Nuisances, in lieu of or in addition to the process outlined within this chapter.

CITY OF ISANTI

ISANTI COUNTY, MINNESOTA

DEVELOPMENT AGREEMENT

VILLAGES ON THE RUM 6TH ADDITION

THIS AGREEMENT (the "Agreement"), is made and entered into this ____ day of _____, 2019, between the **CITY OF ISANTI,** a Minnesota municipality organized under the laws of the State of Minnesota (hereinafter referred to as "City") and **Semler Construction Inc.**, a Minnesota corporation (hereinafter referred to as "Developer").

RECITALS:

WHEREAS, the City Council of the City has, by Resolution No. 2019-264, on October 1, 2019 approved a Final Plat, known as "Villages on the Rum 6th Addition" ("The Plat") and adopted findings of fact and conclusions with conditions; and

WHEREAS, the Final Plat of Villages on the Rum 6th Addition, contemplates development 16 residential housing units ("Lots"); and

WHEREAS, it is the policy of the City to enter into development contracts as contemplated in Minnesota Statutes 462.358, Subd. 2(a); and

WHEREAS, the City and Developer desire to set forth their respective rights and obligations in this Agreement.

NOW, THEREFORE, in consideration of the Recitals, the premises and of the mutual promises and conditions contained herein, it is agreed by the City and the Developer as follows:

1. Development Agreement Provisions. Subject to such changes as may be agreed between the City and the Developer(s), the Preliminary Plat and all subsequent Final Plats to follow shall include the following provisions:

2. Escrow for City Costs and Fees. Developer shall, contemporaneously with execution of each Development Agreement, deposit with the City an escrow of $5,000.00 to cover the cost of legal fees, engineering fees, administrative expenses and other costs related to the Development. Any funds remaining in the escrow account(s) after the completion of the applicable Final Plat shall be refunded to the Developer. During the final plat process, in the event that the escrow account is depleted, the Developer shall post additional sums of money to replenish the account to a maximum of $5,000.00 to cover projected City costs as determined by the City. The escrow account shall always have a balance of no less than $1,000.00. The Developer shall be entitled, upon request, to an itemized statement of all costs and fees charged against the Developer's escrow account.

3. Road System. The Developer will be using the existing private road system consisting of the following roads:

1. Golden Way NW
2. Fairfield Place NW

4. Developer Installed Improvements. The Developer shall construct the following described improvements for the Development, which are hereinafter collectively called "Developer Installed Improvements." These improvements, once installed, shall be privately maintained though a Homeowner's Association. The Developer agrees to City inspection of all Developer Installed Improvements and payment for said inspection services.

a. The Developer is responsible for abandoning existing water services that will not be used for this development in accordance with City requirements.

b. Where grading is required, soils inspection and compaction testing shall be conducted by a registered professional engineer on all areas where soil has been disturbed. All grading shall be done in accordance with a Grading Plan approved by the City Engineer. A minimum of one (1) compaction test shall be obtained for every two (2) foot increment of fill that is placed. A summary of all inspections and compaction tests shall be provided to the City upon completion of the grading. The Developer shall provide a 79G, final compaction report for each lot that has more than two (2) feet of fill. It is recognized that the property may have been rough graded prior to the date of the Development Agreement.

e. All utilities, including electricity, telephone, cable and natural gas, shall be installed underground where possible within platted utility easements or roadway rights-of-way.

5. Erosion Control. Soil stabilization shall be employed throughout the development as required to ensure the integrity of the soils. The Developer shall use topsoil, mulching, seeding, silt fence, and other such means as are approved by the City to prevent erosion of the soils. An erosion control plan shall be submitted by the Developer and approved by the City Engineer before a grading permit is issued for the Development. Before any grading is started on site, all erosion control measures, as shown on the erosion control plan approved by the City, shall be installed. The Developer shall be responsible for compliance with the approved erosion control plan. The Developer will be given a telephone notice when an unsatisfactory condition exists that is determined to be the Developer's responsibility. Work to correct said unsatisfactory condition shall commence within forty-eight (48) hours from the time of the telephone notice. If said work is not commenced within forty-eight (48) hours of said telephone notice, the City is hereby given the right to enter upon the property and to proceed to do the required work at the expense of the Developer. If it is determined that the unsatisfactory condition could result in degradation of downstream water quality, the Developer shall, upon telephone notice, immediately proceed to correct said unsatisfactory condition. If the Developer does not immediately respond to said unsatisfactory condition, the City is hereby given the right to enter upon the property and correct said condition at the expense

of the Developer. The City shall be entitled to all of its reasonable costs and expenses associated with correction work done under this paragraph, including, but not limited to legal, fiscal and engineering costs. The City may at its option invoice the said costs for direct payment from the Developer or proceed to draw on the Developer's escrow established under paragraph 7 or the financial guarantee provided under paragraph 19. The erosion control plan shall be in accordance with the Minnesota Pollution Control Agency's NPDES Phase II requirements.

6. Street Repair: It is anticipated that heavy construction equipment will be using City and County roads to access the Plat, including, but not limited to, Whiskey Road NW, and Hillock Street NW. The Developer shall be responsible for the reconstruction and/or repair of said street(s) identified as damaged by the City of Isanti following completion of construction within the Plat. Said reconstruction shall return the street(s) to an equal or better condition than existed prior to commencement of the Development. Plans for such work shall be approved by the City Engineer prior to commencement of reconstruction or repair work. The Developer shall instruct all construction crews to ensure that the properties adjacent to this Plat have access to their property at all times during construction.

7. Notice to Proceed: The Developer agrees not to commence any grading, utility or street work within the Development until first receiving a written "Notice to Proceed" from the City Engineer.

8. Lowest Floor Elevations. No building shall be constructed on any of the Lots herein unless the lowest floor elevation is at least two (2) feet above the 100-year flood elevation or two (2) feet above the high groundwater elevation, whichever is greater, for the subject property. Additionally, the lowest floor elevation shall be specifically referenced and designated, for each Lot, on a certificate of survey, which survey shall be provided to the City before any building permits are issued.

9. House Sizes and Locations – Planned Unit Development. The house sizes and locations for those houses shall be as follows:

Setbacks:
Front: 5 feet
Side: 5 feet, 10 feet in-between buildings
Rear: 25 feet from adjacent right-of-way

Housing:
The housing architecture shall be similar to a 1920's-1940's Vintage home, including Bungalow, Craftsman, Arts & Crafts, Victorian styles. The architectural styles of "Houses by Mail", by Katherine Cole Stevenson are incorporated by reference. This book is available in the Community Development Department.

10. Plat Conditions. All general and special conditions, plans, special provisions, proposals, specifications and contracts for the Plat shall be and hereby are made apart of this Agreement by reference as if fully set out herein in full.

11. Miscellaneous Provisions. The Developer specifically understands that approval for Villages on the Rum 6th Addition is given subject to the following requirements:

a. The Final Plat must be submitted by the Developer to the City for signatures (and the Mylar "hard shells" must be fully executed) within one hundred twenty (120) days of the Council motion giving Final Plat approval or else said approval shall be null and void. The Developer will record the plat with the County and will pay for all costs pertaining to Plat recording. The Developer shall also submit the Final Plat and in electronic format. The electronic format shall be the most current version of AUTOCAD in NAD 83 Isanti County Coordinates for mapping purposes.

b. Final Plat approval shall be contingent upon compliance with grading, storm water drainage, and utility plan approval by the City.

c. All applicable conditions of Plat approval must be met before any deeds are stamped for recording and prior to the recording of the Final Plat at the Isanti County Recorder's Office.

d. No building or other permits shall be issued, until the Final Plat has been recorded with the Isanti County Recorder.

e. The Developer shall pay all fees relating to this subdivision, including the cost of recording documents relating to Developer's responsibilities hereunder with Isanti County.

f. Exterior lighting or advertising activities on the site shall comply with City ordinance regarding same.

g. The Developer is responsible for complying with the provisions of the MPCA's NPDES Stormwater Permit. Where the MPCA and City requirements differ, the more stringent or restrictive requirement shall govern.

h. The Developer shall permit access to the land herein for periodic inspection to assure conformance with the conditions herein.

i. The Developer shall remove all temporary soil stabilization and erosion control devices, such as silt fencing, before the escrow held by the City is returned to the Developer.

j. No material deviations from the approved Final Plat and or construction plans shall be allowed unless approved in writing by the City.

k. The Developer shall provide the City with legal descriptions of all parcels of land that are to be subdivided as a part of this project.

l. A certificate of survey shall be provided by the builder to the Building Inspector for each Lot at the time a building permit is requested for that Lot. The Developer shall also provide to the City a certificate indicating that all Lots in the Development are graded as per the grading plan submitted.

m. Deed restriction shall advise owners of all lots of the requirements of this Development Agreement as follows: THE LAND WITHIN THIS PLAT, INCLUDING THE LAND CONVEYED HEREIN, IS BOUND BY RESTRICTIONS IN A DEVELOPMENT AGREEMENT. SAID DEVELOPMENT AGREEMENT IS ON FILE AT THE OFFICE OF THE ISANTI COUNTY RECORDER FILED AS DOCUMENT NO. _____.

n. The Developer is responsible for the installation of mailboxes according to the United Stated Postal Service regulations. The Developer shall work with the local Postmaster to identify mailbox locations. The mailboxes must be installed before a Certificate of Occupancy is issued.

12. Special Provisions. The following shall apply:

a. Homeowners Association – As a condition of approval, the Developer agrees to form a homeowner's association or become a member of the existing association, which membership is mandatory for the owners of all housing units within the Development. The homeowner's association is responsible for operation, maintenance and repair of all Development Installed Improvements, including sanitary sewer, watermain and water services, and storm water improvements. They shall be maintained in accordance with all City Code and City Engineering and Public Works standards. The Developer agrees to provide a copy of the homeowner's association documents to the City, with approval subject to review of the City Attorney.

b. The Developer agrees to pay liquidated damages to the City if any Lot, upon which a home has been built, has a real estate closing to an individual intending to use such home as a residence before a certificate of occupancy has been issued for that Lot. Specifically, the Developer agrees to immediately pay to the City liquidated damages in the amount of one thousand dollars ($1000.00) for each such closing which occurs in violation of this paragraph. The City shall be authorized to retain an appropriate percentage of the financial guarantee referred to in paragraph 19 as security for payment of any liquidated damages owed to the City.

c. The Developer agrees to pay liquidated damages to the City, in the amount of five hundred dollars ($500.00), if the Developer encroaches upon any City road right-of-way or utility easement without first obtaining a written permit from the City expressly authorizing said encroachment. The City shall be authorized to retain an appropriate percentage of the financial guarantee referred to above as security for payment of any liquidated damages owed to the City.

d. Sodding and Seeding Requirements. All boulevards, public areas, and storm water drainage areas shall be initially seeded and stabilized at completion of mass grading operation by the developer. Prior to issuance of a certificate of occupancy of a single-family residence, it shall be the responsibility of the builder or home

owner to install sodding in all lot front yards, side yards, and back yards per City Zoning Ordinance. Said sodding shall be complete, established and growing within sixty (60) days of issuance of a Certificate of Occupancy, except that, if the Certificate of Occupancy is issued between the dates of October 1 and May 1, then the sodding required herein shall be complete, established and growing no later than July 1 of the following year with the appropriate escrow established for the lot.

(1) All Lots shall receive four (4) inches of premium top soil (as defined by MNDOT, from a source approved by the City Engineer) prior to sodding, in accordance with City Ordinance 445, Zoning Ordinance.

(2) All seeded areas in the development shall be tilled to loosen compacted soils and receive 4 inches of topsoil. MNDOT #25 seed mix shall be used for all constructed storm water ponds and replacement areas.

13. Warranty of Title. The Developer warrants and represents to the City that it is the fee owner of the land described in the Plat and that it has authority to execute the Development Agreement and agree to the conditions hereof. The Developer also represents and warrants that the use for which this Development is sought will not violate any restrictive covenants applying to the property.

14. Lien Waivers – Copies of signed and recorded lien waivers are required from each of the Developer's Contractors and Subcontractors. The Lien Waivers shall be submitted to and approved by the City Engineer prior to accepting the Developer Installed Municipal Improvements and starting the warranty period.

15. Binding Effect. This Agreement shall be deemed to be a restrictive covenant and the terms and conditions hereof shall run with the land described herein and be binding on and inure to the benefit of the heirs, representatives and assigns of the parties hereto, and shall be binding upon all future owners of all or any part of the subdivision, and shall be deemed covenants running with the land. Reference herein to the Developers, if there

be more than one, shall mean each and all of them. This Agreement shall be placed of record so as to give notice hereof to subsequent purchasers and successor owners. The cost of said recording shall be borne by the Owner.

16. Restrictions on Transfer/Indemnification.

a. Indemnification. The Developer agrees to defend and hold the City, and its officials, employees and agents, harmless against any and all claims, demands, lawsuits, judgments, damages, penalties, costs and expenses, including reasonable attorney's fees, arising out of actions or omissions by the Developer, its employees and agents, in connection with the Development.

b. Enforcement by City; Damages. The Developer acknowledges the right of the City to enforce the terms of the Development Agreement against the Developer, by action for specific performance or damages, or both, or by any other legally authorized means. The Developer also acknowledges that its failure to perform any or all of its obligations under the Development Agreement may result in substantial damages to the City; that in the event of default by the Developer, the City may commence legal action to recover all damages, losses and expenses sustained by the City; and that such expenses may include, but are not limited to, the reasonable fees of legal counsel employed with respect to the enforcement of the Development Agreement.

17. Hold Harmless Agreement. The Developer acknowledges that its failure to control erosion in accordance with the plans and exhibits as contained herein may cause flooding and/or damage to adjoining property owners. In such event, the Developer agrees to hold the City harmless and indemnify the City from claims of all third parties or the Developer for damages arising out of such flooding and/or damages.

Further, in the event the City undertakes any corrective actions to prevent or minimize any such flooding and/or damage, the Developer agrees to hold the City harmless and indemnify the City from claims of all third parties for damages arising out of said corrective action by the City, and agrees to reimburse the City for all out of pocket expenses incurred by the City arising out of the corrective action including, but not

limited to, any cost necessary to re-landscape disrupted soils located within the Development.

18. Insurance. The Developer will provide and maintain or cause to be maintained at all times during the process of construction of the Developer Installed Municipal Improvements until six (6) months after acceptance of all Developer Installed Municipal Improvements and, from time to time at the request of the City, furnish with proof of payment of premiums on:

a. Comprehensive general liability insurance (including operations, contingent liability, operations of subcontractors, completed operations and contractual liability insurance) together with an Owner's Contractor's Policy with limits against bodily injury, including death, and property damage (to include, but not be limited to damages caused by erosion or flooding) which may arise out of the Developer's work or work of any of its subcontractors. Limits for bodily injury or death shall not be less than $500,000.00 for one person and $1,000,000.00 for each occurrence; limits for property damage shall not be less than $200,000.00 for each occurrence. The City, City Engineer, and Developer's Engineer shall be additional named insureds on said policy. The Developer shall file a copy of the insurance coverage with the City.

b. Worker's compensation insurance as required by statute.

19. Events of Default.

a. Events of Default Defined. The following shall be "Events of Default" under the Development Agreement and the term "Event of Default" shall mean, whenever it is used in the Development Agreement, any one or more of the following events:

(1) Failure by the Developer to observe or perform any covenant, condition, obligation or agreement on its part to be observed or performed under the Development Agreement.

b. Remedies on Default. Whenever any Event of Default occurs, the City may take any one or more of the following:

(1) The City may suspend its performance under the Development Agreement until it receives assurances from the Developer, deemed adequate by the City, that the Developer will cure its default and continue its performance under the Development Agreement. Suspension of performance includes the right of the City to withhold permits including, but not limited to, building permits.

(2) The City may initiate such action, including legal, equitable or administrative action, as is necessary for the City to secure performance of any provision of the Development Agreement or recover any amounts due under the Development Agreement from the Developer, or immediately draw on the financial guarantees provided by the Developer pursuant to the Development Agreement.

(3) The City may draw upon any escrow or financial guarantee established pursuant to this Agreement.

(4) The Developer agrees that if the escrow or financial guarantee is insufficient or terminates, the City has the right to use the special assessment process under Minnesota Statute, Chapter 429, to construct and pay for uncompleted Developer Installed Municipal Improvements or to correct and repair any improvements under warranty. This constitutes a petition to under take such public improvements under Minnesota Statutes, Chapter 429.

20. Notice and Demands. Except as otherwise expressly provided in the Development Agreement, a notice, demand or other communication under this Agreement by either party to the other shall be sufficiently given or delivered if it is dispatched by registered or certified mail, postage prepaid, return receipt requested, or delivered personally; to the addresses as follows:

a. Developer Level Construction, LLC
20891 145th Street NW
Elk River, MN 53330

b. City

City of Isanti
City Administrator
P.O. Box 428
Isanti, MN 55040

Either party may designate an additional or another address upon giving notice to the other party pursuant to this paragraph.

21. Disclaimer of Relationship. Nothing contained in this Agreement or any Development Agreement nor any act by the City or the Developer shall be deemed or construed by any person to create any relationship of a third-party beneficiary, principal and agent, limited or general partner, or joint venture among the City, the Developer, and/or any third party.

22. Receipt Acknowledgment. The City shall acknowledge receipt of the funds received at the time the Development Agreement is signed.

23. Other Provisions

a. Modifications. The Development Agreement may be modified solely through written amendments hereto executed by the Developer and the City.

b. Counterparts. The Development Agreement may be executed in any number of counterparts, each one of which shall constitute one and the same instrument.

c. Judicial Interpretation. Should any provision of the Development Agreement require judicial interpretation, the court interpreting or construing the same shall not apply a presumption that the terms hereof shall be more strictly construed against one party by reason of the rule of construction that a document is to be construed more strictly against the party who itself of through its agent or

attorney prepared the same, it being agreed that the agents and attorneys of both parties have participated in the preparation thereof.

d. Governing Law. The Development Agreement shall be construed under the laws of the State of Minnesota.

e. Severable Provisions. If any word, phrase, clause or part of this Agreement is found unenforceable, the balance of the Agreement shall remain in full force and effect.

The Remainder of this page is left intentionally blank.

IN WITNESS WHEREOF, the City and Developer have caused this Agreement to be duly executed on the day and year first above written.

ISANTI COUNTY, MINNESOTA
DEVELOPMENT AGREEMENT
PRAIRIE SENIOR COTTAGES PHASE 2

DRAFT

THIS AGREEMENT (the "Agreement"), is made and entered into this ____ day of _____, 2019, between the **CITY OF ISANTI,** a Minnesota municipality organized under the laws of the State of Minnesota (hereinafter referred to as "City") and **Prairie Senior Cottages of Isanti, LLC.,** a Minnesota limited liability company (hereinafter referred to as "Developer").

RECITALS:

WHEREAS, the City Council of the City has, by Resolution No. 2019-260, on October 1, 2019 approved a Site Plan, Conditional Use Permit and Variance for Prairie Senior Cottages Phase 2 ("The development") and adopted findings of fact and conclusions with conditions; and

WHEREAS, the development has been approved for the construction of a 16,340 square foot senior facility; and

WHEREAS, it is the policy of the City to enter into development contracts as contemplated in Minnesota Statutes 462.358, Subd. 2(a); and

WHEREAS, the City and Developer desire to set forth their respective rights and obligations in this Agreement.

NOW, THEREFORE, in consideration of the Recitals, the premises and of the mutual promises and conditions contained herein, it is agreed by the City and the Developer as follows:

1. Development Agreement Provisions. Subject to such changes as may be agreed between the City and the Developer(s), the development shall include the following provisions:

2. Escrow for City Costs and Fees. Developer shall, contemporaneously with execution of each Development Agreement, deposit with the City an escrow of $5,000.00 to cover the cost of legal fees, engineering fees, administrative expenses and other costs related to the Development. Any funds remaining in the escrow account(s) after the completion of the applicable development shall be refunded to the Developer. During the development process, in the event that the escrow account is depleted, the Developer shall post additional sums of money to replenish the account to a maximum of $5,000.00 to cover projected City costs as determined by the City. The escrow account shall always have a balance of no less than $1,000.00. The Developer shall be entitled, upon request, to an itemized statement of all costs and fees charged against the Developer's escrow account.

3. Developer Installed Improvements. The Developer shall construct the following described improvements for the Development, which are hereinafter collectively called "Developer Installed Improvements." The Developer agrees to City inspection of all Developer Installed Improvements and payment for said inspection services.

a. Where grading is required, soils inspection and compaction testing shall be conducted by a registered professional engineer on all areas where soil has been disturbed. All grading shall be done in accordance with a Grading Plan approved by the City Engineer. A minimum of one (1) compaction test shall be obtained for every two (2) foot increment of fill that is placed. A summary of all inspections and compaction tests shall be provided to the City upon completion of the grading. The Developer shall provide a 79G, final compaction report for each

DRAFT

lot that has more than two (2) feet of fill. It is recognized that the property may have been rough graded prior to the date of the Development Agreement.

e. All utilities, including electricity, telephone, cable and natural gas, shall be installed underground where possible within platted utility easements or roadway rights-of-way.

4. Erosion Control. Soil stabilization shall be employed throughout the development as required to ensure the integrity of the soils. The Developer shall use topsoil, mulching, seeding, silt fence, and other such means as are approved by the City to prevent erosion of the soils. An erosion control plan shall be submitted by the Developer and approved by the City Engineer before a grading permit is issued for the Development. Before any grading is started on site, all erosion control measures, as shown on the erosion control plan approved by the City, shall be installed. The Developer shall be responsible for compliance with the approved erosion control plan. The Developer will be given a telephone notice when an unsatisfactory condition exists that is determined to be the Developer's responsibility. Work to correct said unsatisfactory condition shall commence within forty-eight (48) hours from the time of the telephone notice. If said work is not commenced within forty-eight (48) hours of said telephone notice, the City is hereby given the right to enter upon the property and to proceed to do the required work at the expense of the Developer. If it is determined that the unsatisfactory condition could result in degradation of downstream water quality, the Developer shall, upon telephone notice, immediately proceed to correct said unsatisfactory condition. If the Developer does not immediately respond to said unsatisfactory condition, the City is hereby given the right to enter upon the property and correct said condition at the expense of the Developer. The City shall be entitled to all of its reasonable costs and expenses associated with correction work done under this paragraph, including, but not limited to legal, fiscal and engineering costs. The City may at its option invoice the said costs for direct payment from the Developer or proceed to draw on the Developer's escrow established under paragraph 7 or the financial guarantee provided under paragraph 19. The erosion control plan shall be in accordance with the Minnesota Pollution Control Agency's NPDES Phase II requirements.

DRAFT

5. Street Repair: It is anticipated that heavy construction equipment will be using City and County roads to access the development, including, but not limited to, Golden Way Street NE and 6th Avenue NE. The Developer shall be responsible for the reconstruction and/or repair of said street(s) identified as damaged by the City of Isanti following completion of construction within the development. Said reconstruction shall return the street(s) to an equal or better condition than existed prior to commencement of the Development. Plans for such work shall be approved by the City Engineer prior to commencement of reconstruction or repair work. The Developer shall instruct all construction crews to ensure that the properties adjacent to this development have access to their property at all times during construction.

6. Notice to Proceed: The Developer agrees not to commence any grading, utility or street work within the Development until first receiving a written "Notice to Proceed" from the City Engineer.

7. Lowest Floor Elevations. No building shall be constructed on any of the Lots herein unless the lowest floor elevation is at least two (2) feet above the 100-year flood elevation or two (2) feet above the high groundwater elevation, whichever is greater, for the subject property. Additionally, the lowest floor elevation shall be specifically referenced and designated, for each Lot, on a certificate of survey, which survey shall be provided to the City before any building permits are issued.

8. Development Conditions. All general and special conditions, plans, special provisions, proposals, specifications and contracts for the development shall be and hereby are made apart of this Agreement by reference as if fully set out herein in full.

9. Miscellaneous Provisions. The Developer specifically understands that approval for Prairie Senior Cottages phase 2 is given subject to the following requirements:

a. No building or other permits shall be issued, until the development agreement has been recorded with the Isanti County Recorder.

DRAFT

b. The Developer shall pay all fees relating to this development, including the cost of recording documents relating to Developer's responsibilities hereunder with Isanti County.

c. Exterior lighting or advertising activities on the site shall comply with City ordinance regarding same.

d. The Developer is responsible for complying with the provisions of the MPCA's NPDES Stormwater Permit. Where the MPCA and City requirements differ, the more stringent or restrictive requirement shall govern.

e. The Developer shall permit access to the land herein for periodic inspection to assure conformance with the conditions herein.

f. The Developer shall remove all temporary soil stabilization and erosion control devices, such as silt fencing, before the escrow held by the City is returned to the Developer.

g. No material deviations from the approved development plans and or construction plans shall be allowed unless approved in writing by the City.

h. A certificate of survey shall be provided by the builder to the Building Inspector for each Lot at the time a building permit is requested for that Lot. The Developer shall also provide to the City a certificate indicating that all Lots in the Development are graded as per the grading plan submitted.

i. Deed restriction shall advise owners of all lots of the requirements of this Development Agreement as follows: THE LAND WITHIN THIS PLAT, INCLUDING THE LAND CONVEYED HEREIN, IS BOUND BY RESTRICTIONS IN A DEVELOPMENT AGREEMENT. SAID DEVELOPMENT AGREEMENT IS ON FILE AT THE OFFICE OF THE ISANTI COUNTY RECORDER FILED AS DOCUMENT NO. _____.

10. Special Provisions. The following shall apply:

a. The Developer agrees to pay liquidated damages to the City, in the amount of five hundred dollars ($500.00), if the Developer encroaches upon any City road right-of-way or utility easement without first obtaining a written permit from the City expressly authorizing said encroachment. The City shall be authorized to

DRAFT

retain an appropriate percentage of the financial guarantee referred to above as security for payment of any liquidated damages owed to the City.

b. Sodding and Seeding Requirements. All boulevards, public areas, and storm water drainage areas shall be initially seeded and stabilized at completion of mass grading operation by the developer. Sodding shall be complete, established and growing within sixty (60) days of issuance of a Certificate of Occupancy, except that, if the Certificate of Occupancy is issued between the dates of October 1 and May 1, then the sodding required herein shall be complete, established and growing no later than July 1 of the following year with the appropriate escrow established for the lot.

(1) All Lots shall receive four (4) inches of premium top soil (as defined by MNDOT, from a source approved by the City Engineer) prior to sodding, in accordance with City Ordinance 445, Zoning Ordinance.

(2) All seeded areas in the development shall be tilled to loosen compacted soils and receive 4 inches of topsoil. MNDOT #25 seed mix shall be used for all constructed storm water ponds and replacement areas.

11. Warranty of Title. The Developer warrants and represents to the City that it is the fee owner of the land described in this agreement and that it has authority to execute the Development Agreement and agree to the conditions hereof. The Developer also represents and warrants that the use for which this Development is sought will not violate any restrictive covenants applying to the property.

12. Lien Waivers – Copies of signed and recorded lien waivers are required from each of the Developer's Contractors and Subcontractors. The Lien Waivers shall be submitted to and approved by the City Engineer prior to accepting the Developer Installed Municipal Improvements and starting the warranty period.

13. Binding Effect. This Agreement shall be deemed to be a restrictive covenant and the terms and conditions hereof shall run with the land described herein and be binding

DRAFT

on and inure to the benefit of the heirs, representatives and assigns of the parties hereto, and shall be binding upon all future owners of all or any part of the subdivision, and shall be deemed covenants running with the land. Reference herein to the Developers, if there be more than one, shall mean each and all of them. This Agreement shall be placed of record so as to give notice hereof to subsequent purchasers and successor owners. The cost of said recording shall be borne by the Owner.

14. Restrictions on Transfer/Indemnification.

a. Indemnification. The Developer agrees to defend and hold the City, and its officials, employees and agents, harmless against any and all claims, demands, lawsuits, judgments, damages, penalties, costs and expenses, including reasonable attorney's fees, arising out of actions or omissions by the Developer, its employees and agents, in connection with the Development.

b. Enforcement by City; Damages. The Developer acknowledges the right of the City to enforce the terms of the Development Agreement against the Developer, by action for specific performance or damages, or both, or by any other legally authorized means. The Developer also acknowledges that its failure to perform any or all of its obligations under the Development Agreement may result in substantial damages to the City; that in the event of default by the Developer, the City may commence legal action to recover all damages, losses and expenses sustained by the City; and that such expenses may include, but are not limited to, the reasonable fees of legal counsel employed with respect to the enforcement of the Development Agreement.

15. Hold Harmless Agreement. The Developer acknowledges that its failure to control erosion in accordance with the plans and exhibits as contained herein may cause flooding and/or damage to adjoining property owners. In such event, the Developer agrees to hold the City harmless and indemnify the City from claims of all third parties or the Developer for damages arising out of such flooding and/or damages.

Further, in the event the City undertakes any corrective actions to prevent or minimize any such flooding and/or damage, the Developer agrees to hold the City harmless and indemnify the City from claims of all third parties for damages arising out of said

DRAFT

corrective action by the City, and agrees to reimburse the City for all out of pocket expenses incurred by the City arising out of the corrective action including, but not limited to, any cost necessary to re-landscape disrupted soils located within the Development.

16. Insurance. The Developer will provide and maintain or cause to be maintained at all times during the process of construction of the Developer Installed Municipal Improvements until six (6) months after acceptance of all Developer Installed Municipal Improvements and, from time to time at the request of the City, furnish with proof of payment of premiums on:

a. Comprehensive general liability insurance (including operations, contingent liability, operations of subcontractors, completed operations and contractual liability insurance) together with an Owner's Contractor's Policy with limits against bodily injury, including death, and property damage (to include, but not be limited to damages caused by erosion or flooding) which may arise out of the Developer's work or work of any of its subcontractors. Limits for bodily injury or death shall not be less than $500,000.00 for one person and $1,000,000.00 for each occurrence; limits for property damage shall not be less than $200,000.00 for each occurrence. The City, City Engineer, and Developer's Engineer shall be additional named insureds on said policy. The Developer shall file a copy of the insurance coverage with the City.

b. Worker's compensation insurance as required by statute.

17. Events of Default.

a. Events of Default Defined. The following shall be "Events of Default" under the Development Agreement and the term "Event of Default" shall mean, whenever it is used in the Development Agreement, any one or more of the following events:

(1) Failure by the Developer to observe or perform any covenant, condition, obligation or agreement on its part to be observed or performed under the Development Agreement.

DRAFT

b. Remedies on Default. Whenever any Event of Default occurs, the City may take any one or more of the following:

(1) The City may suspend its performance under the Development Agreement until it receives assurances from the Developer, deemed adequate by the City, that the Developer will cure its default and continue its performance under the Development Agreement. Suspension of performance includes the right of the City to withhold permits including, but not limited to, building permits.

(2) The City may initiate such action, including legal, equitable or administrative action, as is necessary for the City to secure performance of any provision of the Development Agreement or recover any amounts due under the Development Agreement from the Developer, or immediately draw on the financial guarantees provided by the Developer pursuant to the Development Agreement.

(3) The City may draw upon any escrow or financial guarantee established pursuant to this Agreement.

(4) The Developer agrees that if the escrow or financial guarantee is insufficient or terminates, the City has the right to use the special assessment process under Minnesota Statute, Chapter 429, to construct and pay for uncompleted Developer Installed Municipal Improvements or to correct and repair any improvements under warranty. This constitutes a petition to under take such public improvements under Minnesota Statutes, Chapter 429.

DRAFT

18. Notice and Demands. Except as otherwise expressly provided in the Development Agreement, a notice, demand or other communication under this Agreement by either party to the other shall be sufficiently given or delivered if it is dispatched by registered or certified mail, postage prepaid, return receipt requested, or delivered personally; to the addresses as follows:

a. Developer Prairie Senior Cottages of Isanti LLC

720 Cornelia Street
North Mankato MN 56003

b. City

City of Isanti
City Administrator
P.O. Box 428
Isanti, MN 55040

Either party may designate an additional or another address upon giving notice to the other party pursuant to this paragraph.

19. Disclaimer of Relationship. Nothing contained in this Agreement or any Development Agreement nor any act by the City or the Developer shall be deemed or construed by any person to create any relationship of a third-party beneficiary, principal and agent, limited or general partner, or joint venture among the City, the Developer, and/or any third party.

20. Receipt Acknowledgment. The City shall acknowledge receipt of the funds received at the time the Development Agreement is signed.

21. Other Provisions

a. Modifications. The Development Agreement may be modified solely through written amendments hereto executed by the Developer and the City.

b. Counterparts. The Development Agreement may be executed in any number of counterparts, each one of which shall constitute one and the same instrument.

c. Judicial Interpretation. Should any provision of the Development Agreement require judicial interpretation, the court interpreting or construing the same shall not apply a presumption that the terms hereof shall be more strictly construed against one party by reason of the rule of construction that a document is to be construed more strictly against the party who itself of through its agent or

DRAFT

attorney prepared the same, it being agreed that the agents and attorneys of both parties have participated in the preparation thereof.

d. Governing Law. The Development Agreement shall be construed under the laws of the State of Minnesota.

e. Severable Provisions. If any word, phrase, clause or part of this Agreement is found unenforceable, the balance of the Agreement shall remain in full force and effect.

The Remainder of this page is left intentionally blank.

STORMWATER POLLUTION PREVENTION PLAN (SWPPP) NARRATIVE

PROJECT SITE EVALUATION, ASSESSMENT, AND PLANNING
THIS NARRATIVE IS TO SERVE AS A GUIDANCE PLAN AND MUST BE AMENDED AND MODIFIED AS SITE CONDITIONS CHANGE DURING CONSTRUCTION.

PROJECT LOCATION/DESCRIPTION
PROJECT/SITE NAME: PRAIRIE SENIOR COTTAGES PHASE II
PROJECT NUMBERS: 16-12
PROJECT LOCATION: STREET: 6TH AVE CITY/TOWNSHIP: ISANTI COUNTY: ISANTI
STATE: MINNESOTA ZIP: 55056
LATITUDE/LONGITUDE: 45.5057/-93.2945 SECTION: 20 TOWNSHIP: 33N RANGE: 23W

CONTACT INFORMATION/RESPONSIBLE PARTIES
PRAIRIE SENIOR COTTAGES PHASE II OWNS THE LAND AND EASEMENT AREAS ASSOCIATED WITH THE PROJECT. PRAIRIE SENIOR COTTAGES PHASE II IS THE OWNER PERMITTEE APPLYING FOR PERMIT COVERAGE AND WILL BE RESPONSIBLE FOR DEVELOPING THIS SWPPP AND THE LONG-TERM MAINTENANCE PLAN OF THE PERMANENT STORMWATER MANAGEMENT SYSTEM FOR THIS PROJECT (IF APPLICABLE). THE OWNER WILL ENSURE THAT THE DESCRIBED WORK IN THE SWPPP IS BEING COMPLETED BY THE OPERATOR PERMITTEE.

OWNER/PERMITTEE: PRAIRIE SENIOR COTTAGES PHASE II

THE PRIMARY CONTRACTOR WILL ENTER INTO A CONTRACT WITH THE OWNER TO COMPLETE THE REQUIRED WORK FOR THIS PROJECT. THE PRIMARY CONTRACTOR WILL BECOME (UNDER CONTRACT) THE OPERATOR CO-PERMITTEE ON THE NPDES PERMIT (THROUGH EXECUTION OF A NPDES PERMIT MODIFICATION FORM), AND THEREBY AGREE TO IMPLEMENT THIS SWPPP IN COOPERATION WITH THE OWNER. THE OPERATOR IS RESPONSIBLE FOR DEVELOPING A CHAIN OF RESPONSIBILITY PRIOR TO STARTING CONSTRUCTION (REFER TO SWPPP AMENDMENT SECTION). THE NPDES PERMIT MODIFICATION FORM SHALL BE SUBMITTED TO THE MPCA AFTER THE PROJECT IS AWARDED TO THE PRIMARY CONTRACTOR, PRIOR TO LETTING THE PROJECT.

THE OPERATOR WILL INSURE THAT INDIVIDUALS OVERSEEING OR IMPLEMENTING THE SWPPP HAVE BEEN PROPERLY TRAINED AND THAT CERTIFICATIONS WILL BE MADE AVAILABLE UPON REQUEST. THIS INCLUDES ANY SUB-CONTRACTORS THAT THE OPERATOR EMPLOYS UNDER SEPARATE CONTRACT. THE OPERATOR WILL PROVIDE THE CONTACT INFORMATION FOR THE EROSION CONTROL SUPERVISOR, SITE SUPERINTENDENT/FOREMAN, AND BMP INSTALLERS. THE EROSION CONTROL SUPERVISOR SHALL BE A RESPONSIBLE EMPLOYEE OF THE PRIME CONTRACTOR AND/OR DULY AUTHORIZED BY THE PRIME CONTRACTOR TO REPRESENT THE PRIME CONTRACTOR ON ALL MATTERS PERTAINING TO THE NPDES CONSTRUCTION STORMWATER PERMIT COMPLIANCE. THE EROSION CONTROL SUPERVISOR SHALL HAVE AUTHORITY OVER ALL OPERATOR OPERATIONS WHICH INFLUENCE NPDES PERMIT COMPLIANCE, INCLUDING GRADING, EXCAVATION, BRIDGE CONSTRUCTION, CULVERT INSTALLATION, UTILITY WORK, CLEARING/GRUBBING, DEWATERING, AND ANY OTHER OPERATION THAT INCREASES THE EROSION POTENTIAL ON THE PROJECT.

THE OPERATOR WILL PERFORM A PRECONSTRUCTION SITE VISIT TO ADDRESS ANY AREAS OF CONCERN PERTAINING TO ENVIRONMENTAL COMPLIANCE. THE OPERATOR WILL IMPLEMENT AND MAINTAIN BMPS FOR THE DURATION OF CONSTRUCTION PROJECT. THE OPERATOR WILL COMPLETE THE REQUIRED SITE INSPECTIONS TO REMAIN IN COMPLIANCE WITH NPDES PERMIT REQUIREMENTS PART II.B, II.C, III.B-F, IV, V, AND APPLICABLE CONSTRUCTION ACTIVITY REQUIREMENTS FOUND IN APPENDIX A, PART C.

OPERATOR/PERMITTEE: (TO BE DETERMINED THROUGH TRANSFER OF NPDES-CSW PERMIT)

ROSHELL ENGINEERING, LLC HAS BEEN CONTRACTED BY THE OWNER TO DEVELOP THE SWPPP PLAN FOR THIS PROJECT. THIS SWPPP WAS PREPARED BY AN INDIVIDUAL THAT HAS BEEN PROPERLY TRAINED IN ACCORDANCE TOM PART III.F OF THE NPDES PERMIT (CERTIFICATION CARDS ARE AVAILABLE UPON REQUEST). ROSHELL ENGINEERING, LLC WILL OFFER GUIDANCE FOR COMPLIANCE WITH THE NPDES PERMIT BEFORE, DURING, AND AFTER CONSTRUCTION OF THE PROJECT.

PROJECT DESCRIPTION & SCHEDULE
PRAIRIE SENIOR COTTAGES PHASE II IS A HEALTH CARE FACILITY TO BE CONSTRUCTED IN 1 PHASE. THE CONSTRUCTION ACTIVITIES WILL INCLUDE GRADING, PAVING, UTILITIES, AND SURFACE DRAINAGE. EXPOSED SOIL STABILIZATION WILL OCCUR AFTER GRADING OPERATIONS. EXISTING STREETS ARE IN PLACE TO SERVE THE PROPERTY. STORM WATER PONDS ARE IN PLACE TO SERVE THE FACILITY.

EXISTING SITE CONDITIONS, SOILS, & WATER RESOURCES
SOILS AND NATIVE TOPSOIL: NATIVE TOPSOIL WILL BE STRIPPED AND STOCKPILED AND FINAL GRADING OPERATIONS, WHERE INDICATED IN THE CONSTRUCTION PLANS AND SPECIFICATIONS. METHODS AND EQUIPMENT TO MINIMIZE SOIL COMPACTION (IN PROPOSED INFILTRATION AREAS, DRIP LINE OF TREES TO BE PRESERVED, ETC.) SHALL BE DETERMINED BY THE OPERATOR'S SWPPP AMENDMENT. TRACKED VEHICLES ARE PREFERRED AND WHEELED VEHICLES ARE DISCOURAGED IN THESE AREAS.

DESCRIPTION OF RECEIVING WATERS (LOCATED WITHIN 1-MILE): STORMWATER FROM THIS PROJECT WILL BE CONVEYED INTO SEVERAL EXISTING STORM SEWER PIPES AND EXISTING STORMWATER PONDS. PROJECT DISCHARGE POINTS. THE NPDES PERMANENT WATER QUALITY VOLUME (PART III.D) FROM THE NET NEW IMPERVIOUS SURFACES OF THE PROJECT IS PROVIDED IN THE CONSTRUCTED PONDS.

DESCRIPTION OF IMPAIRED WATERS OR WATER SUBJECT TO TMDLS: A SPECIAL AND IMPAIRED WATERS SEARCH WAS COMPLETED USING THE MPCA SEARCH ENGINE (HTTP://PCA-GIS02.PCA.STATE.MN.US/CSW/INDEX.HTML) ON 3-7-2016 BASED ON THIS REVIEW, THE FOLLOWING SPECIAL OR IMPAIRED WATERS (WITH CONSTRUCTION RELATED IMPAIRMENTS) ARE LOCATED WITHIN ONE MILE OF, AND DOWNSTREAM OF ANY PROJECT DISCHARGE POINTS: NONE

C.1.A EXPOSED SOILS: OPERATOR SHALL STABILIZE ALL EXPOSED SOIL AREAS WITH (7) DAYS AFTER THE CONSTRUCTION ACTIVITY IN THAT PORTION OF THE SITE HAS TEMPORARILY OR PERMANENTLY CEASED (APPENDIX A.C.1.A).

C.1.B TEMPORARY BASIN: UPERATOR SHALL ADHERE TO THE REQUIREMENTS DESCRIBED IN PART III.C. 1-5 OF THE NPDES CONSTRUCTION PERMIT FOR COMMON DRAINAGE LOCATIONS THAT SERVE AN AREA WITH FIVE (10) OR MORE ACRES DISTURBED. NOT APPLICABLE

C.2 POST CONSTRUCTION: THE WATER QUALITY VOLUME THAT MUST BE TREATED BY THE PROJECT'S PERMANENT STORMWATER MANAGEMENT SYSTEM DESCRIBED IN PART III.D. SHALL BE ONE (1) INCH OF RUNOFF FROM THE NEW IMPERVIOUS SURFACES CREATED BY THE PROJECT. WHERE SITE CONDITIONS ALLOW, AT LEAST ONE (1) INCH OF THE WATER QUALITY VOLUME MUST BE INFILTRATED. SEE PART III.U. FOR MORE INFORMATION ON INFILTRATION DESIGN AND APPROPRIATE SITE CONDITIONS. IF IT IS DETERMINED THAT SITE CONDITIONS ARE NOT APPROPRIATE FOR INFILTRATION (E.G. LACK OF 3 FT. OF SEPARATION TO SEASONALLY SATURATED GROUND WATER, PROXIMITY TO BEDROCK, CONTAMINATED SOILS) THE REASONS SHOULD BE DOCUMENTED IN THE SWPPP FOR THE PROJECT. INFILTRATION IS NOT REQUIRED IN HYDROLOGIC SOIL GROUP D SOILS. NOT APPLICABLE.

C.3 BUFFER ZONE: AN UNDISTURBED BUFFER ZONE OF NOT LESS THAN 50 LINEAR FEET FROM THE SPECIAL WATER (NOT INCLUDING TRIBUTARIES) SHALL BE MAINTAINED AT ALL TIMES. EXCEPTIONS FROM THIS REQUIREMENT FOR AREAS, SUCH AS WATER CROSSINGS, LIMITED WATER ACCESS AND RESTORATION OF THE BUFFER ARE ALLOWED IF THE PERMITTEE FULLY DOCUMENTS IN THE SWPPP THE CIRCUMSTANCES AND REASONS THAT THE BUFFER ENCROACHMENT IS NECESSARY. REPLACEMENT OF EXISTING IMPERVIOUS SURFACE WITHIN THE BUFFER IS ALLOWED UNDER THIS PERMIT. ALL POTENTIAL WATER QUALITY, SCENIC AND OTHER ENVIRONMENTAL IMPACTS OF THESE EXCEPTIONS MUST BE MINIMIZED BY THE USE OF ADDITIONAL OR REDUNDANT BMPS AND DOCUMENTED IN THE SWPPP FOR THE PROJECT.
C.4 ENHANCED RUNOFF CONTROLS: THE PERMANENT STORMWATER MANAGEMENT SYSTEM MUST BE DESIGNED SUCH THAT THE PRE- AND POST-PROJECT RUNOFF RATE AND VOLUME FROM THE 1 AND 2-YEAR 24-HOUR PRECIPITATION EVENTS REMAIN THE SAME OR ARE REDUCED. NOT APPLICABLE

C.5 TEMPERATURE CONTROLS: THE PERMANENT STONMWATER MANAGEMENT SYSTEM MUST BE DESIGN SUCH THAT THE DISCHARGE FROM THE PROJECT WILL MINIMIZE ANY INCREASE IN THE TEMPERATURE OF TROUT STREAM RECEIVING WATERS RESULTING FROM THE 3-AND 2-YEAR 24-HOUR PRECIPITATION EVENTS. THIS INCLUDES ALL TRIBUTARIES OF DESIGNATED TROUT STREAMS WITHIN THE SECTION THAT THE TROUT STREAM IS LOCATED. PROJECTS THAT DISCHARGE TO TROUT STREAMS MUST MINIMIZE THE IMPACT USING ONE OR MORE OF THE FOLLOWING MEASURES, IN ORDER OF PREFERENCE:
A. MINIMIZE NEW IMPERVIOUS SURFACES.
B. MINIMIZE THE DISCHARGE FROM THE CONNECTED IMPERVIOUS SURFACES BY DISCHARGING TO VEGETATED AREAS, OR GRASS SWALES, AND THROUGH THE USE OF OTHER NON-STRUCTURAL CONTROLS.
C. INFILTRATION OR EVAPO-TRANSPIRATION OF RUNOFF IN EXCESS OF PRE-PROJECT CONDITIONS UP TO THE 2-YEAR 24-HOUR PRECIPITATION EVENT.

POTENTIAL FOR SEDIMENT AND/OR OTHER POLLUTANT(S) DISCHARGING FROM THE PROJECT SITE
THE TEMPORARY EROSION AND SEDIMENT CONTROL BMPS IN THIS SWPPP HAVE BEEN DESIGNED TO MINIMIZE THE POTENTIAL OF SEDIMENTS DISCHARGING OFF SITE FROM A 0.5 INCH RAINFALL WITHIN A 24-HOUR PERIOD. THE NOAA ATLAS 14 POINT PRECIPITATION FREQUENCY ESTIMATE FOR THE PROJECT LOCATION WAS REVIEWED AND USED FOR ANTICIPATED INSPECTION FREQUENCY, BMP DESIGN, AND ESTIMATING CONSTRUCTION ACTIVITIES IN THIS SWPPP. ATLAS 14 RESULTS DO NOT NECESSARILY REFLECT ANY DESIGN CRITERIA IN THE PERMANENT STORMWATER MANAGEMENT SYSTEM.

ROUTINE INSPECTION AND BMP MAINTENANCE BY THE OPERATOR IS CRUCIAL IN ENSURING THE FUNCTIONALITY OF EACH BMP. STEEP SLOPES AND OTHER ENVIRONMENTALLY SENSITIVE AREAS THAT ARE AT A HIGHER RISK OF SEDIMENTATION ARE DEFINED IN THE SWPPP (IF APPLICABLE).

CONSTRUCTION PHASING/STAGING, BUFFERS, & AREAS NOT TO BE DISTURBED
THE PRESERVED AREAS OF EXISTING VEGETATION WILL BE IDENTIFIED ON THE PLAN SHEETS AS "DO NOT DISTURB AREA". THE OPERATOR IS RESPONSIBLE FOR PRESERVING A 50 FOOT NATURAL BUFFER OR (IF UNFEASIBLE) PROVIDE REDUNDANT SEDIMENT CONTROL BMPS, WHEN A SURFACE WATER IS LOCATED WITHIN 50 FEET AND RECEIVES DRAINAGE FROM THE PROJECTS GRADING LIMITS. THIS REQUIREMENT DOES NOT APPLY TO ADJACENT ROAD SIDE DITCHES, JUDICIAL/COUNTY DITCHES, STORMWATER CONVEYANCES, STORM DRAIN INLETS, AND SEDIMENT BASINS.

THERE IS NO CONSTRUCTION PHASING OR STAGING DEFINED BY THE OWNER FOR THIS PROJECT. THE SCHEDULE FOR INSTALLING TEMPORARY BMPS SHALL BE INCORPORATED INTO THE OPERATOR'S WEEKLY SCHEDULE FOR EACH CONSTRUCTION STAGE AND PRESENTED TO THE OWNER'S REPRESENTATIVE 9PER MNDOT SPEC 1717.D).

ENVIRONMENTALLY SENSITIVE AREAS
STEEP SLOPES: EXISTING AND PROPOSED SLOPES 3 IN 3 (33.33% AND STEEPER) THAT ARE PROPOSED TO BE DISTURBED ARE ILLUSTRATED ON THE STEEP SLOPES MAYBE TEMPORARILY CREATED DURING GRADING OPERATIONS, AT WHICH TIME TEMPORARY BMPS MUST BE IMPLEMENTED BY THE OPERATOR (THROUGH AN APPROVED SWPPP AMENDMENT) WITHIN 24 DAYS OF NO LONGER WORKING THE STEEP SLOPE.

CONTAMINATED PROPERTIES: THE MPCA'S "WHAT'S IN MY NEIGHBORHOOD" DATABASE (PCA-GIS02.PCA.STATE.MN.US/WIMN2/INDEX.HTML) WAS REVIEWED ON 3-7-16. THE RESULTS OF THIS REVIEW SHOW NO KNOWN CONTAMINATED PROPERTIES OR LEAK SOURCES LOCATED WITHIN AND ADJACENT TO THE PROJECT LIMITS. NO PRE-EXISTING HAZARDOUS MATERIALS OR WASTES ARE ANTICIPATED TO BE IMPACTED BY THE PROJECT.

STORMWATER POLLUTION MITIGATION MEASURES (AS IDENTIFIED FROM ENVIRONMENTAL REVIEW): NO FORMAL ENVIRONMENTAL REVIEW WAS REQUIRED FOR THIS PROJECT, THEREFORE, NO ADDITIONAL STORMWATER RELATED MITIGATION MEASURES APPLY.

KARST AREAS: THERE ARE NO KNOWN KARST AREAS WITHIN OR ADJACENT TO THE PROJECT LIMITS.

SITE PLAN REQUIRED AREAS: NO AREAS OF "HIGH ENVIRONMENTAL RISKS" ARE KNOWN TO BE LOCATED WITHIN OR IMMEDIATELY ADJACENT TO THE PROJECT LIMITS.
EACH SITE PLANS MUST DETAIL PROPOSED ACTIVITIES, CORRESPONDING SCHEDULING, STAGING, TEMPORARY EROSION AND SEDIMENT CONTROLS, AND BMP DETAILS PER SECTION 1717 OF THE MNDOT STANDARD SPECIFICATIONS FOR CONSTRUCTION. SITE PLANS MUST BE APPROVED BY PROJECT ENGINEER PRIOR TO INITIATING THE SPECIFIED WORK WITHIN EACH SITE PLAN AREA.

FLOOD CONTINGENCY PLAN: NO PROJECT ACTIVITIES ARE LOCATED WITHIN A 100-YEAR FLOODPLAIN OR FLOODWAY. THEREFORE, A FLOOD CONTINGENCY PLAN IS NOT REQUIRED. THE PROJECT ENGINEER (AT THEIR DISCRETION) MAY REQUIRE A PREVENTATIVE FLOOD CONTINGENCY PLAN FOR SPECIFIC PROJECT ACTIVITIES AND AREAS THAT ARE NOT LOCATED IN A 100-YEAR FLOODPLAIN OR FLOODWAY.

FISH EXCLUSION DATES: OPERATOR IS PROHIBITED FROM CONDUCTING IN-STREAM WORK DURING THE FISH SPAWNING AND MIGRATION DATES OF APRIL 15 TO JUNE 30 FOR NON-TROUT WATERS. IF WORK MUST BE CONDUCTING DURING THIS TIMEFRAME, CONTRACTOR SHALL CONTACT THE LOCAL DNR FISHERIES MANAGER FOR WRITTEN APPROVAL PRIOR TO CONDUCTING THE IN-STREAM WORK.

AQUATIC INVASIVE SPECIES: ALL IN-STREAM AND DEWATERING EQUIPMENT SHALL BE DECONTAMINATED OF ALL AQUATIC PLANTS AND PROHIBIT INVASIVE SPECIES PRIOR TO USING WITHIN SURFACE WATERS ON-SITE AND TRANSPORTING OFF-SITE. ALL DECONTAMINATION ACTIVITIES SHALL MEET THE CHAPTER 3 STANDARDS OF THE MINNESOTA DNR'S BEST PRACTICES MANUAL FOR MEETING DNR GENERAL PUBLIC WATERS WORK PERMIT GP 2004-001.

WETLANDS
WETLANDS, IF ANY, WITHIN THE PROJECT AREA AND MUST BE PROTECTED TO THE MAXIMUM EXTENT POSSIBLE.

APPLICABLE FEDERAL, TRIBAL, STATE OR LOCAL PROGRAMS
THE PROJECT FALLS UNDER THE JURISDICTION OF SEVERAL ENTITIES, AS IDENTIFIED IN THE "AGENCY CONTACTS" TABLE OF PAGE 1 OF THE SWPPP. THE MORE STRINGENT OF LOCAL VS. STATE VS. FEDERAL RULES SHALL APPLY WHERE THEY CONFLICT. INFORMATION PERTAINING TO THE STATE NPDES PERMIT CAN BE FOUND AT: (HTTP://WWW.PCA.STATE.MN.US/INDEX.PHP/WATER/WATER-TYPES-AND-PROGRAMS/STORMWATER/CONSTRUCTION-STORMWATER/INDEX.HTML). THE OPERATOR IS RESPONSIBLE TO COMPLY WITH ALL APPLICABLE PERMITS, MNDOT SPECIAL PROVISION, MNDOT SPEC BOOK (2014 EDITION), MNDOT SPECIFICATIONS 1717.

SEQUENCE OF CONSTRUCTION/TIMING OF BMP INSTALLATION

NO CONSTRUCTION OPERATIONS, INCLUDING REMOVALS, THAT REQUIRE EROSION & SEDIMENT CONTROL PER THE SWPPP CAN COMMENCE UNTIL THE OPERATOR'S EROSION CONTROL SUPERVISOR CERTIFIES THE PROPER INSTALLATION OF BMP'S AND A CHAIN OF RESPONSIBILITY FOR SWPPP IMPLEMENTATION IS CREATED FOR ALL OPERATORS ON THE SITE. PERIMETER SEDIMENT CONTROLS (SILT FENCE, INLET PROTECTION, CONSTRUCTION ENTRANCES, ETC.) SHALL BE INSTALLED PRIOR TO THE START OF CONSTRUCTION. THESE PRACTICES SHALL REMAIN IN PLACE UNTIL FINAL STABILIZATION IS ACHIEVED. OPERATOR SHALL IMPLEMENT THE NECESSARY ON SITE BMP'S IN ACCORDANCE WITH THE NPDES PERMIT REQUIREMENTS TO PREVENT NUISANCE CONDITIONS (MN RULES 7050.0210) FROM ANY DISCHARGES UNDER COVERAGE OF THE NPDES PERMIT. IN SOME CASES, MULTIPLE OR REDUNDANT APPLICATIONS OF SOME BMP'S MAY BE NEEDED TO MEET THESE REQUIREMENTS.

INSPECTION, SWPPP AMENDMENTS, RECORD KEEPING, & TRAINING

1. THE SWPPP CHAIN OF RESPONSIBILITY MUST BE AMENDED BY THE OPERATOR WHEN THE IDENTITY OF RESPONSIBLE SITE OPERATORS (EROSION CONTROL SUPERVISOR, SUB-CONTRACTORS, ETC.) ARE KNOWN.
2. THE OPERATOR MUST INSPECT THE ENTIRE CONSTRUCTION SITE AT LEAST ONCE EVERY SEVEN (7) DAYS DURING ACTIVE CONSTRUCTION AND WITHIN 24 HOURS AFTER A RAINFALL EVENT GREATER THAN 0.5 INCHES IN 24 HOURS. THE OPERATOR SHALL PROVIDE A RAINFALL GAUGE ON-SITE, WITHIN ONE MILE OF THE SITE, OR SOURCE OF THE WEATHER REPORTING SYSTEM THAT USES SITE SPECIFIC RAINFALL DATA FROM RADAR SUMMARIES. THE LOCATION AND SOURCE OF THE RAINFALL GAUGE OR REPORTING SYSTEM MUST BE DOCUMENTED IN THE FIRST SWPPP INSPECTION REPORT. THE INSPECTION FREQUENCY MAY BE REDUCED TO ONCE PER MONTH, IF SITE CONDITIONS MEET PART IV.E.9 OF THE NPDES PERMIT. ALL INSPECTIONS AND MAINTENANCE CONDUCTED MUST BE RECORDED IN WRITING BY THE OPERATOR AND RETAINED WITH THE SWPPP. RECORDS OF EACH INSPECTION AND MAINTENANCE ACTIVITY SHALL INCLUDE:
   A. DATE, TIME AND NAME OF PERSON(S) CONDUCTING INSPECTIONS;
   B. FINDINGS OF INSPECTIONS, INCLUDING RECOMMENDATIONS FOR CORRECTIVE ACTIONS;
   C. CORRECTIVE ACTIONS TAKEN (INCLUDING DATES, TIMES AND PARTY COMPLETING MAINTENANCE ACTIVITIES); INCLUDING DOCUMENTATION/PHOTOS OF IMPLEMENTED BMPS INTENDED TO CORRECT A PROBLEM BUT FAILED.
   D. DATE AND AMOUNT OF ALL RAINFALL EVENTS GREATER THAN ½ INCH (0.5 INCHES) IN 24 HOURS;
   E. DOCUMENTATION OF CHANGES MADE TO THE SWPPP.
3. SWPPP AMENDMENTS AND SITE PLANS WILL BE PREPARED BY THE OPERATOR AND SUBMITTED TO THE OWNER FOR REVIEW AND WRITTEN APPROVAL BY THE PROJECT OWNER (OR DESIGNATED REPRESENTATIVE). ALL OWNER ACCEPTED AND DENIED SWPPP AMENDMENTS AND SITE PLANS MUST BE RECORDED IN WRITING RETAINED WITH THE SWPPP.
4. THE SWPPP SHALL BE AMENDED TO INCLUDE ADDITIONAL OR MODIFIED BMPS, DESIGNED TO CORRECT IDENTIFIED PROBLEMS OR ADDRESS SITUATIONS (UNDER PART III.B OF THE NPDES PERMIT), PRIOR TO CONDUCTING SPECIFIC STAGES/PHASES OF THE PROJECT, AS REQUIRED BY THE OWNER AND DEFINED IN THIS PROJECT SWPPP.

1. THE SWPPP (ORIGINAL OR COPIES), ALL CHANGES TO THE SWPPP, PROJECT MANUAL, AND INSPECTIONS/MAINTENANCE RECONUS MUST BE KEPT AT THE SITE DURING CONSTRUCTION BY THE OPERATOR WHO HAS OPERATIONAL CONTROL OF THAT PORTION OF THE SITE. THE SWPPP CAN BE KEPT IN THE FIELD OFFICE OR ON SITE VEHICLE DURING NORMAL WORKING HOURS.
2. THE OPERATOR MUST ASSIGN A TRAINED INDIVIDUAL (S) (PURSUANT TO PARTS III.A.3 & III.E) TO OVERSEE THE IMPLEMENTATION, MAINTENANCE, AND REPAIR OF BMPS. THIS INDIVIDUAL (S) SHALL PERFORM INSPECTIONS, REVISE/AMEND THE SWPPP (DOCUMENT IN SWPPP AS NECESSARY), AND BE AVAILABLE FUR AN ONSITE INSPECTION WITHIN 72 HOURS UPON REQUEST BY THE PERMITTED OWNER FOR ITS DESIGNEE), LOCAL GOVERNMENT UNITS, OR MPCA.

POLLUTION PREVENTION MANAGEMENT MEASURES

POTENTIAL SOURCES OF POLLUTANTS FROM CONSTRUCTION ACTIVITIES INCLUDE:

- SEDIMENT AND FUGITIVE DUST GENERATED FROM CLEARING AND GRUBBING, IMPORT/EXPORT OPERATIONS, REMOVALS/COMPACTION, MASS/FINE GRADING, EXCAVATIONS, TRENCHING, TOPSOIL STRIPING STOCKPILING, WET/DRY PAVEMENT CUTTING, STREET CONSTRUCTION.
- BASIC/ACIDIC PH LEVELS FROM CURB AND GUTTER, MANHOLE STRUCTURES, SIDEWALKS, DRIVEWAY APRONS, FOUNDATIONS, BRIDGE ABUTMENTS, WET/DRY PAVEMENT CUTTING, MASONRY WASHOUT/CLEANOUT.
- EXCESS NUTRIENTS FROM LANDSCAPING INSTALLATIONS, SOIL ADDITIVES, FERTILIZATION, MULCHING.
- HYDROCARBONS FROM STREET CONSTRUCTION, DEMOLITION/REMOVALS, WET/DRY PAVEMENT CUTTING.

OPERATOR WILL COMPLY WITH ALL OF THE POLLUTION PREVENTION AND MANAGEMENT MEASURES IDENTIFIED IN THE NPDES-CSW PERMIT. OPERATOR WILL SUBMIT A SPILL PREVENTION AND RESPONSE PLAN (SPRP) TO THE ENGINEER PRIOR TO ANY CONSTRUCTION ACTIVITY. THE SPRP MUST SATISFACTORY ADDRESS (AT A MINIMUM) THE FOLLOWING NPDES REQUIREMENTS BY THE PROPOSED IMPLEMENTATION AND MAINTENANCE OF APPROPRIATE BMPS:

NO EXPOSURE: CONSTRUCTION AND BUILDING PRODUCTS (THAT HAVE THE POTENTIAL TO LEACH POLLUTANTS), PESTICIDES, HERBICIDES, INSECTICIDES, FERTILIZERS, TREATMENT CHEMICALS, AND LANDSCAPING MATERIALS MUST BE UNDER COVER (PLASTIC SHEETING OR TEMPORARY ROOFS) TO MINIMALIZE CONTACT WITH STORMWATER AND PRECIPITATION.

SOLID WASTE: (SEDIMENT, ASPHALT, CONCRETE MILLINGS, CONSTRUCTION, AND DEMOLITION DEBRIS) AND OTHER WASTES MUST BE DISPOSED OF PROPERLY AND SHALL COMPLY WITH MPCA DISPOSAL REQUIREMENTS (CH. 7035).

HAZARDOUS MATERIALS: (E.G. GAS, DIESEL, OIL, ANTIFREEZE, PAINT SOLVENTS, SOAPS, DETERGENTS, WOOD PRESERVATIVES, CLEANING SOLVENTS, CURING COMPOUNDS, ACIDS, ETC.) MUST BE STORED IN SEALED CONTAINERS (WITH SECONDARY SPILL CONTAINMENT) IN RESTRICTED ACCESS AREAS TO PREVENT VANDALISM. STORAGE AND DISPOSAL OF HAZARDOUS WASTE AND MATERIALS MUST BE IN COMPLIANCE WITH MPCA REGULATIONS (CH. 7045) INCLUDING SECONDARY CONTAINMENT.

PORTABLE TOILETS: MUST BE POSITIONED AND SECURED SO THEY ARE NOT TIPPED OR KNOCKED OVER. WASTE MUST BE DISPOSED OF PROPERLY IN ACCORDANCE WITH MPCA GUIDELINES (CH. 7041).

EQUIPMENT/VEHICLE FUELING, EXTERNAL WASHING, AND MAINTENANCE PRACTICES: WHEN VEHICLE FUELING, MAINTENANCE, OR EXTERNAL WASHING MUST OCCUR ON-SITE, THE ACTIVITY IS LIMITED TO A CONTAINED PORTION OF THE STAGING AREA, UNLESS INFEASIBLE THROUGH A SWPPP AMENDMENT. PROCEDURES FOR SPILL RESPONSE AND MATERIALS FOR CONTAINMENT AND CLEAN UP (DRIP PANS, DRY ABSORBENTS, AND SPILL KITS) WILL BE AVAILABLE AT ALL TIMES ON-SITE. ENGINE DEGREASING IS PROHIBITED ON-SITE.

CONCRETE, STUCCO, PAINT, CURING COMPOUNDS, SOLVENTS, AND OTHER WASHOUT WASTES: TEMPORARY OR LONG-TERM STORAGE OF WASHOUT WASTE IS PROHIBITED ON-SITE (SLURRY MUST BE HAULED IMMEDIATELY OFF-SITE). OPERATOR MUST SUBMIT A CONCRETE WASHOUT PLAN TO THE PROJECT ENGINEER FOR APPROVAL OF ALL ON-SITE WASHOUT LOCATIONS. ON-SITE WASHOUT LOCATIONS MUST BE LOCATED 200 FEET FROM AN ENVIRONMENTALLY SENSITIVE AREA AND SURFACE WATERS, HAVE "CONCRETE WASHOUT AREA" SIGNAGE, AND BE CONTAINED IN A LEAK PROOF CONTAINER OR IMPERMEABLE LINER. LIQUID AND SOLID WASTES SHOULD NOT CONTACT THE GROUND (UNLESS PERMITTED IN THE CONCRETE WASHOUT PLAN), BE CONTAINED TO PREVENT RUNOFF FROM THE WASHOUT LOCATION, AND MUST BE DISPOSED OF PROPERLY AND IN COMPLIANCE WITH MPCA REGULATIONS.

BURNING: BURNING OF GARBAGE, CONSTRUCTION DEBRIS, TREES, BRUSH, OR OTHER VEGETATIVE MATERIAL IS NOT ALLOWED ON-SITE, UNLESS PRIOR APPROVAL IS GRANTED BY THE OWNER.

EROSION CONTROL PRACTICES, PROCEDURES, & MAINTENANCE STANDARDS

THE OPERATOR IS RESPONSIBLE FOR THE INSTALLATION, OPERATION, AND CONTINUED MAINTENANCE OF ALL TEMPORARY AND PERMANENT WATER QUALITY MANAGEMENT BMPS, AS WELL AS ALL EROSION PREVENTION AND SEDIMENT CONTROL BMPS, FOR THE DURATION OF THE CONSTRUCTION WORK AT TH SITE, UNTIL FINAL STABILIZATION IS ACHIEVED. ALL BMPS MUST BE ADEQUATELY LOCATED, DESIGNED, INSTALLED, AND MAINTAINED TO PREVENT EROSION FROM A MINIMUM 0.5 INCH TOTAL RAINFALL EVENT WITHIN 24 HOURS.

ALL NONFUNCTIONAL BMPS MUST BE REPAIRED, REPLACED, OR SUPPLEMENTED WITH FUNCTIONAL BMPS BY THE END OF THE NEXT BUSINESS DAY AFTER DISCOVERY, OR AS SOON AS FIELD CONDITIONS ALLOW ACCESS UNLESS ANOTHER TIME FRAME IS SPECIFIED IN THE SWPPP. ALL ERODED MATERIAL THAT LEAVES THE SITE SHALL BE COLLECTED BY THE OPERATOR AND RETURNED TO THE SITE AT THE OPERATOR'S EXPENSE AND INCIDENTAL TO THE PROJECT COST.

TEMPORARY OR PERMANENT STABILIZATION SHALL BE INITIATED AS SOON AS POSSIBLE, BUT NO LATER THAN THE END OF THE NEXT WORK DAY FOLLOWING THE DAY EARTH-DISTURBING ACTIVITIES IN THAT PORTION OF THE SITE HAS TEMPORARILY OR PERMANENTLY CEASED. ALL EXPOSED SOIL AREAS SHALL BE STABILIZED WITHIN 14 DAYS AFTER THE CONSTRUCTION ACTIVITY IN THAT PORTION OF THE SITE HAS TEMPORARILY OR PERMANENTLY CEASED. INITIATED STABILIZATION IS DEFINED AS COMPLETING ONE (OR MORE) OF THE FOLLOWING: SOIL PREPARATION FOR VEGETATION; MULCHING (OR OTHER TEMPORARY NON-VEGETATIVE BMP); SEEDING/PLANTING; OR SCHEDULING STABILIZATION MEASURES TO BE FULLY INSTALLED AND COMPLETED WITHIN THE 14 DAY TIMEFRAME.

ALL EXPOSED SOILS WITHIN 200 FEET AND DRAINING TO A DNR PUBLIC WATERS MUST BE STABILIZED WITHIN 24 HOURS OF TEMPORARILY OR PERMANENTLY CEASING WORK, DURING THE FISH SPAWNING PERIOD. TEMPORARY STOCKPILES WITHOUT SIGNIFICANT SILT, CLAY OR ORGANIC COMPONENTS (E. G., CLEAN AGGREGATE STOCKPILES, DEMOLITION CONCRETE STOCKPILES, SAND STOCKPILES) AND THE CONSTRUCTED BASE COMPONENTS OF ROADS, PARKING LOTS AND SIMILAR SURFACES ARE EXEMPT FROM THIS REQUIREMENT, BUT MUST BE IN COMPLIANCE WITH PART IV.C.5.

TEMPORARY STABILIZATION BMPS SHALL ONLY BE IMPLEMENTED WHEN PERMANENT STABILIZATION BMPS CANNOT BE IMPLEMENTED WITHIN THE 14 DAY TIMEFRAME FOR EXPOSED SOILS.

TEMPORARY/PERMANENT DRAINAGE DITCHES & SWALES: THE NORMAL WETTED PERIMETER (2-YEAR, 24-HOUR PRECIPITATION EVENT) OF ANY TEMPORARY OR PERMANENT DRAINAGE DITCH, CHANNEL, OR SWALE THAT DRAINS WATER FROM ANY PORTION OF THE CONSTRUCTION SITE, OR DIVERTS WATER AROUND THE SITE, MUST BE STABILIZED WITHIN THE LAST 200 LINEAL FEET FROM THE PROPERTY EDGE, OR FROM THE POINT OF DISCHARGE INTO ANY SURFACE WATER WITHIN THE LIMITS OF CONSTRUCTION. STABILIZATION REMAINING OF THE REMAINING PORTIONS OF THE CHANNEL MUST BE STABILIZED WITHIN 14 DAYS. ALL STORMWATER CONVEYANCE CHANNELS MUST USE EROSION CONTROL AND VELOCITY DISSIPATION DEVICES WITHIN AND ALONG THE LENGTH OF THE CHANNEL AND AT ANY OUTLETS. TEMPORARY OR PERMANENT DITCHES OR SWALES THAT ARE BEING USED AS A TEMPORARY SEDIMENT CONTAINMENT SYSTEM (WITH PROPERLY DESIGNED ROCK DITCH CHECKS, BIO ROLLS, SILT DIKES ETC.) DO NO NEED TO BE STABILIZED. THESE AREAS MUST BE STABILIZED WITHIN 24 HOURS AFTER NO LONGER BEING USED AS A SEDIMENT CONTAINMENT SYSTEM. MULCH, HYDROMULCH, TACKIFIER, OR POLYACRYLAMIDE BELOW THE WETTED PERIMETER OF A DITCH, SWALE, OR OTHER SURFACE WATER CONVEYANCE IS NOT ACCEPTABLE STABILIZATION.

EROSION CONTROL BLANKETS/MATS: OPERATOR SHALL VERIFY DURING REGULAR INSPECTIONS THAT NO GULLIES, RILLS, OR SCOUR HOLES HAVE FORMED UNDER EROSION CONTROL BLANKETS AND MATS. ALL REPAIRS MUST BE COMPLETED WITHIN 24 HOURS OF DISCOVERY, OR AS SOON AS FIELD CONDITIONS ALLOW ACCESS.

MULCH: OPERATOR MUST APPLY MULCH IN A UNIFORM PATTERN OVER THE DISTURBED SOILS, TO ACHIEVE A MINIMUM OF 90% GROUND COVER.

DUST CONTROL: DUST FROM THE SITE WILL BE CONTROLLED BY INCREASED STREET SWEEPING AND/OR USING A MOBILE PRESSURE-TYPE DISTRIBUTION TRUCK TO APPLY POTABLE WATER TO DISTURBED AREAS. THE MOBILE UNIT WILL APPLY WATER AT A RATE NECCSSARY TO PREVENT RUNOFF AND PONDING.

STORM SEWER OUTLETS: PIPE OUTLETS MUST HAVE TEMPORARY OR PERMANENT ENERGY DISSIPATION WITHIN 24 HOURS AFTER HYDRAULIC CONNECTION TO A RECEIVING SURFACE WATER.

TEMPORARY & PERMANENT EROSION CONTROL BMPS

TYPE 1 MULCH: APPLY TO DISTURBED SLOPES LESS THAN 1:3 WITH BLOWER EQUIPMENT OR CONCURRENTLY WITH HYDROMULCH AT 2 TONS/ACRE. IMMEDIATELY OVERSPRAY (IF NOT HYDROMULCHED) WITH TACKIFIER (PER MANUFACTURES RECOMMENDED RATES) OR DISC-ANCHORED.

RAPID STABILIZATION METHOD #3: THIS WORK SHALL CONSIST OF OPERATIONS NECESSARY TO RAPIDLY STABILIZE SMALL CRITICAL AREAS WITHIN 200 FT OF SURFACE WATERS, TO PREVENT OFF SITE SEDIMENTATION AND OR TO COMPLY WITH PERMIT REQUIREMENTS. INSTALL PER MNDOT SPECIFACTIONS 25/03.3N.

RAPID STABILIZATION METHOD #4: (WOOD FIBER, NATURAL NET ONLY) IS AN ACCEPTABLE BMP FOR DISTURBED AREAS ADJACENT TO ENVIRONMENTALLY SENSITIVE AREAS, SURFACE WATERS, AND WITHIN THE LAST 200 FEET OF DITCH BOTTOMS.

TEMPORARY WINTER COVER: AREAS OF EXPOSED SOILS THAT ARE NOT COMPLETED BEFORE THE WINTER WILL BE STABILIZED WITH TYPE #3 (CERTIFIED AS WEED FREE) ADJACENT TO WETLAND OR STURMWATER PONDS. ALL OTHER DISTURBED AREAS SHALL BE STABILIZED WITH TYPE #1 MULCH, UNLESS ALTERNATIVE MORE PROTECTIVE BMPS ARE SPECIFIC WITHIN THE SWPPP. ALL EXPOSED SOILS SHALL BE STABILIZED BEFORE CONSTRUCTION IS COMPLETED FOR THE SEASON.

HYDRO-MULCH TYPE #5: HYDRAULIC SOIL STABILIZER IN COMBINATION WITH A TACKIFIER WILL BE INSTALLED PER MANUFACTURES SPECIFICATIONS TO EXPOSED SOILS AREAS TO PROVIDE TEMPORARY LONG-TERM OR PERMANENT COVER FOR VEGETATION ESTABLISHMENT.

SEDIMENT CONTROL PRACTICES, PROCEDURES, & MAINTENANCE STANDARDS

DOWN GRADIENT SYSTEMS: IF THE DOWN GRADIENT TREATMENT SYSTEM IS OVERLOADED, ADDITIONAL UP GRADIENT SEDIMENT CONTROL PRACTICES OR REDUNDANT BMPS MUST BE INSTALLED TO ELIMINATE THE OVERLOADING, AND THE SWPPP MUST BE AMENDED TO IDENTIFY THESE ADDITIONAL PRACTICES.

PERIMETER CONTROL BMPS (SILT FENCES, CHIP/SLASH MULCH SACKS, BIOROLLS, FLOATING SILT CURTAIN, ETC.): PERIMETER CONTROL BMPS SHALL BE INSTALLED ON ALL DOWN GRADIENT PERIMETERS AND UPGRADIENT OF ANY BUFFER AREAS, PRIOR TO INITIATING UPGRADIENT LAND DISTURBANCE ACTIVITIES. UPLAND PERIMETER CONTROLS BMPS SHALL BE PLACED AS CLOSE AS POSSIBLE TO FOLLOW A SINGLE CONTOUR ELEVATION. ALL SILT FENCES MUST BE REPAIRED, REPLACED, OR MAINTAINED WHEN THEY BECOME NONFUNCTIONAL OR THE SEDIMENT REACHES ½ OF THE HEIGHT OF THE FENCE. ALL REPAIRS MUST BE COMPLETED BY THE END OF THE NEXT BUSINESS DAY AFTER DISCOVERY, OR AS SOON AS FIELD CONDITIONS ALLOW ACCESS. FLOATING SILT CURTAIN SHALL BE INSTALLED AS CLOSE TO THE SHORELINE AS POSSIBLE FOR SHORELAND/IN-WATER SHORT-TERM CONSTRUCTION ACTIVITIES. AFTER THE SHORT-TERM ACTIVITY IS COMPLETE, AN UPLAND PERIMETER CONTROL MUST BE INSTALLED IF EXPOSED SOILS CONTINUE TO DRAIN TO THE SURFACE WATER.

TEMPORARY & PERMANENT SEDIMENT CONTROL BMPS

TEMPORARY ROCK ENTRANCE FOR CONSTRUCTION OPERATIONS.

50 FOOT NATURAL BUFFER (S): REFER TO "CONSTRUCTION PHASING/STAGING, BUFFERS, & AREAS NOT TO BE DISTURBED" SECTION OF THIS SWPPP.

TEMPORARY SEDIMENTATION BASINS: WHERE TEN (10) OR MORE ACRES OR DISTURBED SOIL DRAIN TO A COMMON LOCATION, A TEMPORARY SEDIMENT BASIN MUST BE PROVIDED PRIOR TO RUNOFF LEAVING THE CONSTRUCTION SITE OR ENTERING SURFACE WATERS. ALL TEMPORARY BASINS SHALL BE CONSTRUCTED AND OPERATIONAL PRIOR TO GRADING TEN (10) OR MORE ACRES. BASINS MUST PROVIDE A LIVE STORAGE VOLUME FROM A TWO YEAR 24-HOUR STORM EVENT FROM EACH ACRE (DISTURBED AND UNDISTURBED) DRAINING TO THE BASIN. AT A MINIMUM, IF CALCULATIONS ARE NOT PERFORMED THE BASIN SHALL PROVIDE 3,600 CUBIC FEET OF LIVE STORAGE FROM EACH ACRE. THE BASIN INTAKE MUST BE DESIGNED TO WITHDRAW WATER FROM THE SURFACE, PREVENT SHORT CIRCUITING AND THE DISCHARGE OF FLOATING DEBRIS, INCLUDE AN EMERGENCY OVERFLOW ABOVE THE LIVE STORAGE ELEVATION, AND PROVIDE ENERGY DISSIPATION AT THE BASIN OUTLET. BASINS MUST BE DRAINED AND SEDIMENT REMOVED WHEN THE DEPTH OF COLLECTED SEDIMENT IN THE BASIN REACHES ½ THE LIVE STORAGE VOLUME. DRAINAGE AND REMOVAL MUST BE COMPLETED WITHIN 72 HOURS OF DISCOVERY, OR AS SOON AS FIELD CONDITIONS ALLOW ACCESS. IF A BASIN IS INFEASIBLE WITHIN THE PROJECT LIMITS, EQUIVALENT SEDIMENT CONTROL BMPS MUST BE IMPLEMENTED AND DOCUMENTED IN THE SWPPP OR SWPPP AMENDMENT.

SEDIMENT TRAPS: WHERE A TEMPORARY SEDIMENT BASIN MEETING THE REQUIREMENTS OF THIS PART IS INFEASIBLE, EQUIVALENT SEDIMENT CONTROLS SUCH AS SMALLER SEDIMENT BASINS, AND/OR SEDIMENT TRAPS, SILT FENCES, VEGETATIVE BUFFER STRIPS, OR ANY APPROPRIATE COMBINATION OF MEASURES ARE REQUIRED FOR ALL DOWN-SLOPE BOUNDARIES OF THE CONSTRUCTION AREA AND FOR SIDE-SLOPE BOUNDARIES AS DICTATED BY INDIVIDUAL SITE CONDITIONS. IN DETERMINING WHETHER INSTALLING A SEDIMENT BASIN INS INFEASIBLE, THE PERMITTEE(S) MUST CONSIDER PUBLIC SAFETY AND MAY CONSIDER FACTORS SUCH AS SITE SOILS, SLOPE, AND AVAILABLE AREA ON SITE. THIS DETERMINATION OF INFEASIBILITY MUST BE DOCUMENTED IN THE SWPPP PER PART III.A.5.m.

TEMPORARY STOCKPILES: ALL STOCKPILES MUST HAVE SILT FENCE OR EQUIVALENT PERIMETER SEDIMENT CONTROLS IMPLEMENTED AND MAINTAINED AT ALL TIMES. PILES CANNOT BE PLACED IN BUFFER AREAS OR SURFACE WATERS, INCLUDING STORMWATER CONVEYANCES SUCH AS CURB AND GUTTER SYSTEMS, OR CONDUITS AND DITCHES UNLESS THERE IS A BYPASS IN PLACE TO PREVENT STORMWATER RUN-ON INTO THE STOCKPILE.

CONSTRUCTION SITE ENTRANCE/VEHICLE TRACKING: OPERATOR MUST MINIMIZE SEDIMENT FROM LEAVING THE CONSTRUCTION SITE (OR ONTO STREETS WITH FINE SITE) BY IMPLEMENTING BMPS SUCH AS ROCK PADS, SLASH MULCH, CONCRETE OR STEEL WASH RACKS, OR EQUIVALENT SYSTEMS. STREET SWEEPING MUST BE USED DAILY DURING CONSTRUCTION OPERATIONS IF SUCH BMPS ARE NOT ADEQUATE TO PREVENT SEDIMENT FROM BEING TRACKED ONTO THE STREET. TRACKED SEDIMENT MUST BE REMOVED FROM ALL PAVED SURFACES (ON AND OFF-SITE) WITHIN 24 HOURS OF DISCOVERY, OR SOONER AS DIRECTED BY THE PROJECT OWNER. MULTIPLE STREET SWEEPINGS AT THE OPERATOR'S EXPENSE MAY BE REQUIRED ON ALL ENTRY/EXIT POINTS TO THE SITE AT THE DISCRETION OF THE PROJECT OWNER.

SURFACE WATERS: INCLUDING OFF-SITE AND DOWNSTREAM DRAINAGE DITCHES, CATCH BASINS, AND CONVEYANCE SYSTEMS, MUST BE INSPECTED FOR EVIDENCE OF EROSION AND SEDIMENT DEPOSITION. THE REMOVAL AND STABILIZATION OF EXPOSED SOILS MUST TAKE PLACE WITHIN SEVEN (7) DAYS OF DISCOVERY UNLESS PRECLUDED BY LEGAL, REGULATORY, OR PHYSICAL ACCESS CONSTRAINTS. IF PRECLUDED, REMOVAL AND STABILIZATION MUST TAKE PLACE WITHIN SEVEN (7) CALENDAR DAYS OF OBTAINING ACCESS. THE PERMITTEES ARE RESPONSIBLE FOR CONTACTING ALL LOCAL, REGIONAL, STATE AND FEDERAL AGENCIES AND RECEIVING ANY APPLICABLE PERMITS, PRIOR TO CONDUCTING ANY WORK.

INLET PROTECTION: ALL STORM DRAIN INLETS (INCLUDING DOWN GRADIENT, UFF-SITE) MUST BE PROTECTED BY APPROPRIATE BMPS DURING CONSTRUCTION UNTIL ALL SOURCES WITH POTENTIAL FOR DISCHARGING TO THE INLET HAVE BEEN STABILIZED. SILT FENCE IS NOT AN ACCEPTABLE CATCH BASIN INLET PROTECTION BMP. CONTRACTOR SHALL CLEAN, REMOVE AND DISPOSE OF SEDIMENT, AND/OR REPLACE STORM DRAIN INLET PROTECTION ON A ROUTINE BASIS TO ENSURE THE DEVICE IS FULLY FUNCTIONAL PRIOR TO THE NEXT FORECASTED PRECIPITATION EVENT (50% OR GREATER) INLET PROTECTION MAY BE REMOVED FOR A PARTICULAR INLET IF A SPECIFIC SAFETY CONCERN (STREET FLOODING/FREEZING) HAS BEEN IDENTIFIED AND THE PERMITTEE(S) HAVE RECEIVED WRITTEN CORRESPONDENCE FROM THE JURISDICTIONAL AUTHORITY (E.G. CITY/COUNTY/TOWNSHIP/MNDOT ENGINEER) VERIFYING THE NEED FOR REMOVAL. WRITTEN CORRESPONDENCE MUST BE DOCUMENTED IN THE SWPPP AND AVAILABLE WITHIN 72 HOURS UPON REQUEST. PERMISSION TO REMOVE INLET PROTECTION BASED ON A SPECIFIC SAFETY CONCERN MUST STILL BE OBTAINED FROM THE LOCAL JURISDICTIONAL AUTHORITY WITHIN 30 DAYS OF REMOVAL.

CHEMICAL TREATMENTS: OPERATOR MUST AMEND THE SWPPP TO INCLUDE THE INTENDED USES AND LOCATIONS OF FLOCCULANTS, POLYMERS, AND OTHER SEDIMENTATION TREATMENT CHEMICALS. CHEMICAL TREATMENTS MAY ONLY BE APPLIED IN AREAS WHERE TREATED STORMWATER IS DIRECTED TO A RECEIVING SEDIMENT CONTROL SYSTEM (NOT DIRECTLY DISCHARGED TO NATURAL WATER BODIES). THIS INCLUDES DOCUMENTING THE EXPECTED SOIL TYPES, MANUFACTURER'S RECOMMENDED DOSING, APPLICATION RATES/QUANTITIES, AND MONITORING RESULTS (TURBIDITY, PH).

DEWATERING, STREAM DIVERSION, AND BASIN DRAINING

DEWATERING, STREAM DIVERSION, OR BASIN DRAINING IS ANTICIPATED DURING CONSTRUCTION OF THIS PROJECT. DITCH REALIGNMENT, CULVERT CONSTRUCTION, AND NEW POND GRADING WILL REQUIRE SITE DEWATERING. WHEN DEWATERING OR BASIN DRAINING IS REQUIRED, THE CONTRACTOR SHALL SUBMIT A DEWATERING PLAN AND NARRATIVE TO THE PROJECT ENGINEER FOR APPROVAL PRIOR TO UNDERTAKING THESE ACTIVITIES. DEWATERING PLAN MUST INCLUDE BMPS TO PREVENT SEDIMENT TRANSPORT, EROSION, AND ADVERSE IMPACTS TO DOWNSTREAM RECEIVING WATERS. THE DEWATERING PLAN MUST ALSO INCLUDE ANY SPECIFIC CHEMICAL TREATMENTS (FLOC, POLYMERS, ETC.) THAT WILL BE USED. IF AN APPROVED TMDL WASTE LOAD ALLOCATION IS ESTABLISHED FOR CONSTRUCTION ACTIVITIES ON A RECEIVING WATERBODY, THE OPERATOR MUST IMPLEMENT ALL NECESSARY BMP'S TO MEET THE ASSIGNED WLA. THE DEWATERING PLAN AND DNR APPROPRIATIONS PERMIT WILL BECOME PART OF THE SWPPP. WATER THAT IS TURBID OR HAS SEDIMENT MUST BE DISCHARGED TO A TEMPORARY OR PERMANENT SEDIMENTATION BASIN (AND/OR OTHER APPROPRIATE BMPS) AS THE FIRST CONNECTION POINT SITE WHENEVER POSSIBLE. DISCHARGE FROM THE TEMPORARY OR PERMANENT SEDIMENTATION BASIN MUST BE VISUALLY CHECKED TO ENSURE ADEQUATE TREATMENT IS OBTAINED IN THE BASIN AND THAT NUISANCE CONDITIONS (SEE MINN. R. 7050.0210, SUBP. 2), IMPACTS TO WETLANDS, AND EROSION IN RECEIVING CHANNELS OR ON DOWNSLOPE PROPERTIES WILL NOT RESULT FROM THE DISCHARGE. THE DISCHARGE MUST BE DISPERSED OVER NATURAL ROCK RIPRAP, SAND BAGS, PLASTIC SHEETING, OR OTHER ACCEPTED ENERGY DISSIPATION MEASURES. ADEQUATE SEDIMENTATION CONTROL MEASURES AND ADDITIONAL FILTRATION BMPS ARE REQUIRED FOR DISCHARGE WATER THAT CONTAINS SUSPENDED SOLIDS, OIL, OR GREASE.

FINAL STABILIZATION

FINAL STABILIZATION IS ACHIEVED WHEN THE FOLLOWING FOUR PARAMETERS ARE COMPLETED, PRIOR TO SUBMISSION OF THE NOTICE OF TERMINATION TO MPCA. SEE PERMANENT EROSION CONTROL PRACTICES FOR SPECIFIC METHODS AND APPLICATIONS.

1. 70% VEGETATIVE COVER: ALL SOIL DISTURBING ACTIVITIES AT THE SITE HAVE BEEN COMPLETED AND ALL EXPOSED SOILS ARE STABILIZED BY A UNIFORM, LIVE PERENNIAL VEGETATIVE COVER WITH A DENSITY OF 70% OVER THE ENTIRE PERVIOUS SURFACE AREA, OR OTHER EQUIVALENT MEANS NECESSARY TO PREVENT SOIL FAILURE UNDER EROSIVE CONDITIONS. REFER TO PART IV.G.5 IF THE PROJECT IS ON AGRICULTURAL LAND.
2. FINAL CLEAN OUT OF PERMANENT STORMWATER MANAGEMENT SYSTEMS & CONVEYANCE SYSTEMS: ALL SEDIMENT MUST BE REMOVED FROM PERMANENT STORMWATER MANAGEMENT SYSTEMS, CONVEYANCE SYSTEMS, AND DITCHES MUST BE STABILIZED WITH PERMANENT COVER.
3. REMOVAL OF ALL TEMPORARY SYNTHETIC BMPS: ALL TEMPORARY SYNTHETIC AND STRUCTURAL EROSION PREVENTION AND SEDIMENT CONTROL BMPS, (SUCH AS SILT FENCE) MUST BE REMOVED ON THE PORTIONS OF THE SITE FOR WHICH THE PERMITTEE IS RESPONSIBLE. BMPS DESIGNED TO DECOMPOSE ON SITE (SUCH AS SOME COMPOST LOGS) MAY BE LEFT IN PLACE.
4. OPERATOR PROVIDES THE OWNER ALL INSPECTION AND SWPPP AMENDMENT RECORDS FOR THE PROJECT: OWNER IS RESPONSIBLE FOR KEEPING ALL RECORDS (AS DEFINED IN PART II.E.1-5) ON FILE FOR THREE YEARS AFTER SUBMITTAL OF THE NOTICE OF TERMINATION.

1 Mounting requires pole. Adder is included on 4" round poles.
2 Not available with A, 300 only

Housing
Aluminum die-cast housing with attachable post. Accepts removable doors for internal wire connection.

IP Rating
LED light engine rated IP66. Driver compartment rated to IP66.

Vibration Resistance
3G vibration rating. Test conforms to standards set forth by ANSI C136.31. Testing includes vibration in 3G acceleration in all three axes.

Electrical
Driver efficiency (>90% at full load)
Available in 120-277V (Max Compliant drivers). Field compliant. Surge protector standard (OVLP per ANSI/IEEE C62.41.2.

LED Board and Array
Zhaga 300 LEDs. Color temperature 4000K, +/- 250K. Minimum CRI of 70. Metal core substrate.

Optical System
Type 3 and 4 distributions available.

LED Thermal Management
The housing design allows the one piece housing to provide excellent thermal management critical to long LED system life.

Infrared Motion Response
Integral (AR) motion sensor mounted integral to driver enclosure and is available at the factory. Sensor has 6 pre-focused, mirrored segments providing up to 40' and occupancy coverage area up to 4,000 sq ft (367 m² in diameter). Motion required for option (MS) is not dependent on the following factors.

The motion sensor is set for a maximum 30% (1 if there is low natural light detected by the integrated photocell and no motion.

When motion is detected by the PIR sensor, the luminaire goes to full power/light output.

Lowering on times factory set at 30% with a minimum default to "full power" prior to dimming back to low. When no motion is detected for 1 minutes the motion response system reduces the wattage by 70% to 30% of the nearest matched wattage entering the light level.

Housing
Standard luminaire arm mounts to square poles. Round pole adapter. Included with every luminaire designed for 4" OD poles.

Energy Saving Benefits
System efficacy up to 126lm/W with significant energy saving and Dusk to Dawn and Astro timeclock.

Listings
cULus listed to the UL 1598 standard, suitable for Wet Locations. Suitable for use in ambient from -30° to 40° C (-22° to 104°F).

All product configurations are DesignLights Consortium® qualified

Finish
Each luminaire receives a durable and abrasion resistant, electrostatically applied, thermally cured, high-solid polyester (DGC) bronze polyester powder coat finish. Standard color is bronze (BZ).

Limited Warranty
Luminaires, LED arrays, and drivers are all covered by a 5-year limited warranty. See philips.com/warranties for details.

Summary

RESOLUTION 2019-260

A RESOLUTION APPROVING THE SITE PLAN/BUILDING APPEARANCE AND CONDITIONAL USE PERMIT REQUESTED FOR THE CONSTRUCTION OF PRAIRIE SENIOR COTTAGES II AND A VARIANCE TO THE FRONT YARD SETBACK ON THE PROPERTY LEGALLY DESCRIBED AS LOT 1, BLOCK 1, BANK SITE SECOND ADDITION

WHEREAS, Prairie Senior Cottages is requesting Site Plan/Building Appearance, Conditional Use Permit and Variance approval to allow for the construction of Prairie Senior Cottages II and to allow for less than the required front yard setback on the property legally described as Lot 1, Block 1, Bank Site Second Addition; and,

WHEREAS, the property is located within the "B-2" General Business District with Highway 65 Overlay, which permits senior residential care facilities with approval of a conditional use permit, and;

WHEREAS, the applicant is requesting a variance to the front yard setback from thirty (30) feet to ten (10) feet; and,

WHEREAS, the City of Isanti Planning Commission evaluated the request against the criteria established in Ordinance No. 445 Zoning, Section 21 Administration and Enforcement, Article 5 Variances, Subdivision 4(A), noting that the proposal met all of the criteria noted; and,

WHEREAS, the City of Isanti Planning Commission conducted a public hearing on the requested Site Plan, Conditional Use Permit and Variance on September 17, 2019; and,

WHEREAS, the City of Isanti Planning Commission recommended approval of the requested Site Plan/Building Appearance, Conditional Use Permit and Variance subject to the conditions as listed below based upon the Findings of Fact and Conclusion as presented; and,

WHEREAS, the City Council reviewed the requested Site Plan/Building Appearance, Conditional Use Permit and Variance at its regularly scheduled meeting on October 1, 2019; and,

NOW, THEREFORE, BE IT RESOLVED BY THE CITY COUNCIL OF THE CITY OF ISANTI, MINNESOTA, that it adopts the Findings of Fact and Conclusion related to the requested Site Plan/Building Appearance, Conditional Use Permit and Variance and **BE IT FURTHER RESOLVED** that the requested Site Plan/Building Appearance, Conditional Use Permit and Variance for the property legally described herein, be hereby approved with the following conditions:

1. Execute and record a development agreement with the City of Isanti.
2. Execute and record the Conditional Use Permit.
3. No Additional Signage is permitted.

Adopted by the Isanti City Council on this 1st day of October 2019

Memo for Council Action

To: Mayor Johnson and Members of the City Council
From: Finance Director Betker
Date: October 15, 2019
Subject: GASB 75 OPEB Valuation

Background:
The Governmental Accounting Standards Board (GASB) issued Statement 75 in June of 2015. GASB 75 replaced GASB 45 and became effective for employer fiscal years beginning after June 15th 2017. GASB 75 examines the unfunded liability of Other Post-Employment Benefits (OPEB), requiring that the entire unfunded liability go on the face of the financial statements.

When retirees are allowed to stay on the City health insurance plan; even when they are paying the full cost of premiums, there is an implicit subsidy. The subsidy arises from the increased premiums that everyone pays as a result of having a retiree(s) on the plan who are likely to have a higher claims experience and hence drive premiums for the entire group higher than they would otherwise have been. This amount must be calculated using very specific actuarial guidelines.

GASB 75 affects the City in a way that GASB 45 did not because GASB 75 does away with the community rating exception to the implicit subsidy liability.

GASB 75 requires a full actuarial valuation at least every two years. During the "off" years between actuarial valuations the city will need a simplified GASB 75 accounting report to comply with the new liability measurement rules. The "off" year reports are considerably easier and less expensive to prepare.

Recommendation:
Resolution 2018-094 approved GASB 75 OPEB Valuation services as provided by Hildi Inc. for fiscal years 2018 and 2019. The attached contract would provide the same services for fiscal years 2020 and 2021. Staff is recommending that Council continue contracted services with Hildi Inc.

Request:
Staff is requesting action on this item.

RESOLUTION ACCEPTING QUOTE FOR 2020 ACTUARIAL VALUATION OF OTHER POST-EMPLOYMENT BENEFITS AND 2021 REPORTING DISCLOSURES

WHEREAS, Governmental Accounting Standards Board Statement 75 requires an examination of the unfunded liability of Other Post-Employment Benefits; and

WHEREAS, GASB Statement 75 requires a full actuarial valuation at least every two years; and

WHEREAS, updated disclosures, based on the actuarial valuation, are required in the years following the required valuation; and

NOW, THEREFORE, IT IS HEREBY RESOLVED by the City Council of the City of Isanti, Minnesota to accept the quote from Hildi Inc. for 2020 actuarial valuation of other post-employment benefits in the amount of $2,100.00 and 2021 reporting disclosures services in the amount of $500.00.

AGREEMENT FOR CONSULTING SERVICES

This Agreement for Consulting Services ("Agreement") is entered into and dated September 27, 2019 by and between Hildi Inc. with offices located at 14852 Scenic Heights Road, Suite 205, Minneapolis, MN 55344 (hereinafter referred to as the "Consultant") and City of Isanti with offices located at 110 1st Avenue NW, Isanti, MN 55040 (hereinafter referred to as the "Company"). Company and Consultant are jointly referred to as the "parties."

IN CONSIDERATION OF THE MUTUAL PROMISES CONTAINED HEREIN, AND FOR OTHER GOOD AND VALUABLE CONSIDERATION, THE SUFFICIENCY OF WHICH IS HEREBY ACCEPTED, THE PARTIES MUTUALLY AGREE AS FOLLOWS:

1. Description of Services. Consultant will perform certain services for Company upon terms and conditions specified herein and as such services are more particularly described in Exhibit(s), which are attached hereto and incorporated by this reference.

2. Prices and Payment. Company agrees to pay Consultant the fees set forth in the applicable Exhibit(s). Consultant anticipates invoicing the Company monthly for services provided. Payment will be due in full within fifteen (15) days of receipt of Consultant's invoice. Company agrees to pay interest on all overdue amounts at a rate of twelve percent (12%) per annum or the rate allowed by law, which ever is less, plus costs of collection, court costs, and reasonable attorney fees on all such amounts.

3. Travel Expenses. Company agrees to reimburse Consultant for its reasonable and necessary out-of-pocket lodging, transportation, and food incurred at the Company's request. Consultant agrees to provide reasonable expense documentation. Whenever possible, Consultant agrees to take advantage of travel discounts. All air travel by Consultant shall be on major national or regional airlines, and Consultant and its representatives may keep their frequent flier miles earned for their personal usage.

4. Ownership of Work Product. Ownership of, and all rights in, the work product which is the subject matter of this Agreement (the "Work"), including trademarks, patents and copyrights applicable to same, shall belong exclusively to Company. The parties expressly agree to consider as a "work made for hire" any Work ordered or commissioned by the Company which qualifies as such under the United States copyright laws. To the extent that the Work cannot be a "work made for hire" or where necessary for any other reason, Consultant will provide Company with all such assignments of rights, covenants and other assistance which may be required for Company, through trademark, patent or copyright applications or otherwise, to obtain the full benefit of the rights provided for herein. If the Work contains materials previously developed or copyrighted by Consultant or others, Consultant grants and agrees to grant to Company, or

obtain for Company, an unrestricted, royalty-free license to use and copy such materials. Any license so granted or obtained shall include the right for Company to grant an unrestricted, royalty-free license to any affiliate of Company. Consultant is allowed to retain one copy of the Work for archival purposes. Consultant shall place a copyright notice on the Work at Company's request. The Work shall be considered "Information" under the Section entitled "Nondisclosure."

5. Nondisclosure. Any technical or business information, including, but not limited to, computer programs, files, specifications, drawings, sketches, models, samples, tools, cost data, customer information, financial data, business or marketing plans or other data, whether oral, written or otherwise ("Information"), furnished or disclosed to Consultant hereunder or in contemplation hereof, shall remain Company's property. No license, express or implied, under any trademark, patent or copyright is granted by Company to Consultant by virtue of such disclosure. All such information in written, graphic or other tangible form shall be returned to the Company immediately upon request and copies shall be returned to the Company or, at Company's option, certified by Consultant as having been located and destroyed. Consultant shall be allowed to retain one copy of the Information for archival purposes. Unless such Information was previously known to Consultant free of any obligation to keep it confidential, is lawfully obtained by Consultant from any source other than Company or has been or is subsequently made public by Company or a nonparty to this Agreement, is approved for release by written authorization of the Company, or is required by law to be disclosed in response to a valid order of a court of competent jurisdiction or authorized governmental agency, provided the Company receives adequate notice to allow it to request a protective order and the Consultant reasonably cooperates with the Company's efforts to receive a protective order, it shall be kept confidential by Consultant for the benefit of Company, shall be used only in performing under this Agreement and shall not be used for other purposes except upon such terms as may be agreed upon by Company in writing. Consultant shall take reasonable steps to protect such Information to a similar extent that Consultant protects its own Information.

6. Liability. Consultant shall indemnify Company and its affiliates against, and shall hold Company and its affiliates harmless from, any loss, damage, expense or liability that may in any way arise out of or result from the performance of Consultant hereunder and caused by or resulting from the gross negligence or intentional misconduct of Consultant, including but not limited to any knowing infringement, or claim of infringement, of any patent, trademark, copyright, trade secret or other proprietary right of a third party or of Consultant or anyone claiming through Consultant who may be eligible to terminate any assignment or transfer made hereunder pursuant to the terms of the copyright laws up to the amount paid by the Company to the Consultant under a given applicable Exhibit(s). Consultant shall defend or settle, at its own expense, any action or suit against Company or its affiliates for which it is responsible hereunder. Company shall notify Consultant of any such claim, action or suit and shall

reasonably cooperate with the Consultant (at Consultant's expense) to facilitate the defense of any such claim.

7. Limitation. In no event shall company or consultant be liable, one to the other, for indirect, special, incidental, or consequential damages arising out of or in connection with the furnishing, performance or use of any products or services provided pursuant to this agreement.

8. Limited Warranties. Consultant warrants and represents that it has full authority to enter into this Agreement and to consummate the transactions contemplated hereby and that this Agreement is not in conflict with any other agreement to which Consultant is a party or by which it may be bound.

   Consultant warrants and represents that Consultant has the proper skill, training and background so as to be able to perform in a competent and professional manner and that all work will be performed in accordance with professional standards in the industry and/or field.

9. Headings. Section headings used in this Agreement are for convenience only, have no legal significance, and in no way change the construction or meaning of the terms hereof.

10. Insurance. Upon request by Company, Consultant shall provide to Company, copies of certificates of insurance evidencing the workers compensation, general liability and automobile insurance coverage that Consultant has in effect and Consultant shall maintain such insurance in effect through the duration of the Agreement.

11. Amendment and Waiver. No provision of this Agreement may be modified, waived, terminated or amended except by a written instrument executed by the parties. No waiver of a material breach of any provision of this Agreement shall constitute a waiver of any subsequent breach of the same or other provisions hereof.

12. Relationship. The Consultant shall be and act as an independent contractor hereunder, and neither Consultant nor any employee, agent, associate, representative or subcontractor shall be deemed to be employees of the Company for any purpose whatsoever.

13. Force Majeure. Neither party will be liable for any failure or delay in performance due to any cause beyond its reasonable control, including, but not limited to acts of nature, strikes, fire, flood, explosion, riots, or wars, provided that personnel changes, including unanticipated employee departures, shall not be considered to be an event or condition of force majeure.

14. Notices. All notices and other communications required or permitted under this Agreement shall be in writing, and hand delivered or sent by registered or certified mail, return-receipt requested, postage prepaid, or by overnight delivery service and shall be effective upon receipt at the following addresses or as either party shall have notified the other party:

AGREEMENT FOR CONSULTING SERVICES
Consultant and Rate Schedule

Consultant Representative's Name	Title	Effective Start Date	Expected End Date
Hildi Inc. Actuaries and Consultants	Consulting Actuaries	January 1, 2020	December 31, 2021

Base Fees

The approximate budget for Hildi Inc. consulting services is as follows:

	2020 Fiscal Year	2021 Fiscal Year
GASB 75	$2,100	January 1, 2020 actuarial valuation to be used as base results. GASB 75 disclosures to be developed for the year ending December 31, 2021. Approximately $500

These Base Actuarial Fees include the following:

- An Actuarial Report including all information required by the GASB Statements. Hildi Inc. will provide an electronic copy and three hard copies.
- A results meeting by conference call to discuss the results.
- Teleconferencing with the actuaries on pending or anticipated issues which may affect the actuarial valuation/report. If any work is needed based on one of the outcomes of a teleconference, a fee will be agreed upon before any work is initiated.
- Periodic memos and telephone calls to provide updates on developments that may affect future actuarial reports.

All quotes assume the plan provisions and assumptions remain unchanged from the last actuarial valuation or year-end disclosure. Additional charges may occur if there is out of scope work due to an OPEB Trust, changes in funding or investment policy for the OPEBs, changes in plan provisions or assumptions, or changes in the GASB disclosure requirements.

Subject: Employee Insurance Benefits Options

Background:
September 17, 2019 Committee of the Whole discussed the changes and options to our current benefits for January 2020. October 1, 2019 City Council approved resolution 2019-275 supporting the health provider change for employee health insurance. The changes have required the City of Isanti to leave the Co-op to become members of PEIP (Public Employees Insurance Program). The City has updated the Personnel Policy, Flexible Benefit- Cafeteria 125 Plan, Summary Description and Adoption Agreement to be in compliance with the Affordable Care Act (ACA) requirements for benefit options offered to eligible employees beginning January 1, 2020.

Changes include:

- Adoption of Flexible Benefit – Cafeteria 125 Plan and supporting materials
- Enrollment in Public Employees Insurance Program (PEIP)
- Health Savings Account with city contribution option with IRS maximum for eligible employees who select the HSA plan [$3550/single $7100 Family]. Does not include a catch-up limit.
- Current and new staff will receive the amount of $443.70 per month for health insurance "opt-out" reimbursement as an option in the Flexible Benefits Plan.

Recommendation:
City Council has approved the initial changes October 1, 2019 and recommends final approval as written.

Request:
Staff is requesting action on this item.

RESOLUTION 2019-XXX

APPROVING THE FLEXIBLE BENEFIT OPTIONS FOR ELIGIBLE EMPLOYEES

WHEREAS, staff has updated the Flexible Benefit Cafeteria Plan 125 to meet ACA compliance and updated the personnel policy effective January 1, 2020; and,

WHEREAS, staff discussed the options for employee health insurance at Committee of the Whole on September 17, 2019, and passed Resolution 2019- 275 at City Council October 1, 2019; and,

WHEREAS, the IRS maximum benefit contribution for each employee who elects the Health Savings Account (HSA) plan for eligible employees will be $3,550 for single coverage and $7,100 for family coverage bi-annually; and,

WHEREAS, future and current staff will continue to receive the amount of $443.75 per month to "opt-out" of health insurance coverage as a benefit option;

NOW, THEREFORE, IT IS HEREBY RESOLVED by the City Council of the City of Isanti, Minnesota as follows:

1. Employees will now have a Flexible Benefit Cafeteria Plan 125 for their benefit options.
2. The new Basic Flexible Benefit Plan Document is attached in Exhibit A
3. The Summary Description for Flexible Benefits is attached in Exhibit B
4. The Adoption Agreement is attached in Exhibit C
5. The Personnel Policy update is attached in Exhibit D
6. IRS maximum will be contributed by the City is $3,550 for single coverage and $7,100 for family coverage bi-annually
7. Future and current staff will continue to receive up to $443.75 per month to "opt-out" of health insurance coverage as a benefit option.

This resolution was duly adopted by the Isanti City Council this 1st day of October, 2019.

BENEFITS

Flexible Benefit- Cafeteria 125 Plan

The City will contribute a monthly amount toward group health, dental and life insurance benefits for each eligible employee and his/her dependents. Eligible employees are full time employees and employees working thirty (30) hours per week or the equivalent of 130 hours or more a month. New employees are required to return applications within 30 days of eligibility. The amount(s) to be contributed will be determined annually by the City Council.

Insurance coverage is effective the 1st day of the first full month of employment for all eligible employees.

- The City pays the full cost of the health insurance premium for single coverage.
  - If the plan includes an HSA, the City will annually review the amount contributed to employees based on IRS guidelines.
- The City pays the full cost of Dental for the employee and dependents.
- The City pays the full cost of Life Insurance and AD&D for the employee in the amount of $25,000

The City may provide elective flexible benefits as outlined within the Flexible Benefit Plan/Cafeteria 125 summary plan document.

Cash Reimbursement is outlined in the summary plan document as an elected benefit to eligible employees who "opt out" of the City benefits.

For information about flexible benefits, coverage and eligibility requirements, employees should refer to the summary plan description or contact Human Resources.

ARTICLE I.
INTRODUCTION

1.1 **Establishment**. The establishment and Effective Date of the Plan are as set forth in the Adoption Agreement.

1.2 **Purpose**. The purpose of the Plan is to provide Participants with a choice between cash and certain "qualified benefits" as defined in Section 125 of the Code. The Plan is intended to qualify as a "cafeteria plan" under Section 125 of the Code so that Available Benefits a Participant elects to receive under the Plan will be eligible for exclusion from the Participant's gross income to the fullest extent possible under the Code.

1.3 **HIPAA Privacy and Security Rules**. Portions of this Plan are "covered entities" for purposes of the Privacy Rules and the Security Rules.

1.4 **Gender and Number**. Pronoun references in this Plan shall be deemed to be of any gender relevant to the context, and words used in the singular may also include the plural.

ARTICLE II.
DEFINITIONS

The following words and phrases are used in this Plan and shall have the meanings set forth in this Article unless a different meaning is clearly required by the context or is defined within an Article.

2.1 **Adoption Agreement** means the separate Adoption Agreement that shall be executed by the Employer adopting the Plan. The Adoption Agreement contains Employer-specific information and the Employer's selections of options under the Plan.

2.2 **Available Benefits** means the benefits made available through this Plan as indicated in the Adoption Agreement.

2.3 **Cafeteria Plan Regulations** means any final regulations, or proposed regulations on which employers may rely, issued by the Department of Treasury under Section 125 of the Code.

2.4 **Cash Payment** means the amount received by a Participant described in Article XIX, if applicable.

2.5 **Change in Status** means the situations that permit an Eligible Employee or Participant to make a change in his or her Election mid-Plan Year and include events that:

(a) change an Eligible Employee's or Participant's legal (under applicable state and federal law) marital status;

(b) change the number of an Eligible Employee's or Participant's dependents (as defined in Section 5.3);

(c) change an Eligible Employee's or Participant's employment status, or the employment status of the Participant's Spouse or dependents (as defined in Section 5.3);

(d) cause an Eligible Employee's or Participant's dependent (as defined in Section 5.3) to satisfy or cease to satisfy the eligibility requirements for an Available Benefit; and

(e) change the place of residence of an Eligible Employee or Participant, or his or her Spouse or dependents (as defined in Section 5.3).

2.6 **Claims Administrator** means the entity that is responsible for processing claims for benefits under the Plan, including a third party appointed under Section 6.1(c). The Claims Administrator shall be identified in the Adoption Agreement.

2.7 **Claims Grace Period** means—

(a) **Grace Period**. An eligible expense incurred prior to the fifteenth day of the third calendar month following the close of the Plan Year shall be deemed to have been incurred for purposes of both the preceding Plan Year and the current Plan Year. Such period of time shall be referred to as the "Grace Period." For example, if the Plan Year is the calendar year, a claim incurred on March 1, 2020 shall be deemed to have been incurred for purposes of both the Plan Year running from January 1 through December 31, 2019, and the Plan Year running from January 1 through December 31, 2020, and shall be reimbursed from contributions made during either Plan Year in accordance with part (c) hereof.

(b) **Processing of Claims**. Claims incurred during the Grace Period, and submitted prior to the close of the Claims Run-Out Period, shall be first allocated to and

reimbursed from the Participant's respective reimbursement-type account for the preceding Plan Year until such reimbursement-type account is exhausted. Thereafter, any such claims shall be allocated to and reimbursed from the Participant's reimbursement-type account for the current Plan Year. Claims incurred during the Grace Period will be allocated based upon the date the claim is received. Once a claim is allocated, there shall be no changes, modifications, or adjustments to the allocation of the account. In accordance with this part (b), a claim incurred during the preceding Plan Year and submitted during the Claims Run-Out Period will be processed subsequent to a previously submitted claim incurred during the Grace Period, even if the account from the preceding Plan Year is exhausted by reimbursement of the claim incurred during the Grace Period.

(c) **Elections**. No adjustment to a Participant's election for the current Plan Year shall be made or allowed based upon the amount of claims reimbursed from the prior Plan Year's account in accordance with part (b) hereof.

2.8 **Claims Run-Out Period** means the period of time following the end of the Plan Year during which claims incurred during such Plan Year (and applicable Grace Period) may be submitted as provided in the Available Benefit, as defined in each Available Benefit provision in which such term is used.

2.9 **Code** means the Internal Revenue Code of 1986, as amended from time to time.

2.10 **Compensation** means the total salary, wages, bonuses, pay for overtime, vacation pay, sick pay, pay for shift differentials, and other cash compensation paid by the Employer to a Participant (without regard to any salary reduction under this Plan or any pre-tax program recognized under the Code), but excluding reimbursed expenses, car expense allowances, credits for benefits under any plan of deferred compensation to which the Employer contributes, and any additional compensation payable in a form other than cash.

2.11 **Covered Individual** means a person, including a Participant, a Dependent of a Participant, a Spouse of a Participant, and any other person, appropriately covered under an Available Benefit subject to the Consolidated Omnibus Budget Reconciliation Act of 1985, as amended ("COBRA"), and, as reflected in the Public Health Services Act, as amended ("PHSA").

2.12 **Dependent** means "Dependent" as defined in each Available Benefit provision in which such term is used. Dependent is not necessarily the same as a dependent for tax purposes. See the definition of Tax Dependent in Section 2.38.

2.13 **Effective Date** means the date specified in the Adoption Agreement on which the Plan, or Plan restatement, is effective and applicable to the Eligible Employees and Participants.

2.14 **Election** means the choice of Available Benefits and means of payment made by the Participant, as described in Article V.

2.15 **ePHI** means PHI maintained or transmitted in electronic media including, but not limited to, electronic storage media (i.e., hard drives, digital memory medium) and transmission media used to exchange information in electronic storage media (i.e., internet, extranet, and other networks). PHI transmitted via facsimile and telephone is not considered to be transmissions via electronic media.

2.16 **Election Period** means the period of time identified by the Plan Administrator prior to the start of a Plan Year during which a Participant may change his or her Election. For a Participant who enters the Plan other than at the start of a Plan Year, Election Period means the period of time identified by the Plan Administrator prior to the date on which the Eligible Employee begins participation during which an Eligible Employee may make an Election or change a deemed Election.

2.17 **Eligible Employee** means each Employee who has met the eligibility requirements of Section 3.1.

2.18 **Employee** means any person (including elected officials) employed by the Employer and on the Employer's W-2 payroll on or after the Effective Date, except that it shall not include:

(a) any self-employed individual as described in Section 401(c) of the Code;

(b) any employee included within a unit of employees covered by a collective bargaining unit unless such agreement expressly provides for coverage of the employee under this Plan;

(c) any employee who is a nonresident alien and receives no earned income from the Employer from sources within the United States;

(d) any employee who is a leased employee as defined in Section 414(n)(2) of the Code;

(e) an individual classified by the Employer as a contract worker, independent contractor, temporary employee, or casual employee, whether or not any such persons are on the Employer's W-2 payroll or are determined by the IRS or others to be common-law employees of the Employer; or

(f) any individual who performs services for the Employer but who is paid by a temporary or other employment or staffing agency such as "Kelly," "Manpower," etc., whether or not such individuals are determined by the IRS or others to be common-law employees of the Employer.

2.19 **Employer** means the Employer named in the Adoption Agreement, any affiliate that, with the consent of the Employer, becomes an Employer by adopting the Plan, and any successor employer that assumes the obligations of the Employer.

2.20 **Employer Contribution** means amounts, if any, described in the Adoption Agreement that have not been actually or constructively received by the Participant that are made available to the Participant by the Employer for the purpose of electing Available Benefits under the Plan.

2.21 **Entry Date** means the date(s) specified by the Employer in the Adoption Agreement as of which Eligible Employees may become Participants in this Plan, provided all necessary forms have been completed.

2.22 **ERISA** means the Employee Retirement Income Security Act of 1974, as amended. Governmental entities, public schools, and some church-related entities and some Indian Tribe operations are not subject to ERISA.

2.23 **Highly Compensated Individual** means individuals who are highly compensated as defined in Section 125(e)(2) of the Code.

2.24 **Highly Compensated Participant** means Participants who are highly compensated as defined in Section 125(e)(1) of the Code.

2.25 **HIPAA** means Health Insurance Portability and Accountability Act of 1996, and regulations thereunder, as amended from time to time.

2.26 **HSA** means a health savings account within the meaning of Section 223 of the Code.

2.27 **Insurer** means any insurance company that has issued a policy through which benefits are made available under this Plan.

2.28 **IRS** means the Internal Revenue Service.

2.29 **PHI** means health information that:

(a) is created or received by a health care provider, health plan, or health care clearinghouse;

(b) relates to the past, present and future physical or mental health or condition of an individual (including "genetic information" as that term is defined in the Genetic Information Nondiscrimination Act of 2008); the provision of health care to an individual; or the past, present or future payment for the provision of health care to an individual; and

(c) either identifies the individual or reasonably could be used to identify the individual.

PHI includes ePHI.

2.30 **Participant** means an Eligible Employee who participates in the Plan in accordance with Article III and has not ceased to be a Participant under Section 3.4.

2.31 **Plan** means the cafeteria plan established by and reflected in the completed Adoption Agreement and Basic Plan Document, as each may be amended from time to time. This Plan shall be known by the name indicated in the Adoption Agreement.

2.32 **Plan Administrator** means the entity determined under Section 6.1.

2.33 **Plan Year** means the twelve-month period commencing on the first day of the month elected in the Adoption Agreement and ending on the last day of the twelfth month following. A "short" Plan Year consists of less than a twelve-month period and must be indicated in the Adoption Agreement.

2.34 **Privacy Rules** means the *Standards and Privacy of Individually Identifiable Health Information* at 45 C.F.R. Part 160 and Part 164 at subparts A and E.

2.35 **Security Rules** means the *Security Standards and Implementation Specifications* at 45 C.F.R. Part 160 and Part 164, subpart C.

2.36 **Spouse** means an individual who is (a) legally married to a Participant (under applicable state law), and (b) who is treated as a "spouse" under the Code.

2.37 **Summary of Health Information** means "summary health information" as defined in 45 C.F.R. Section 164.504, which generally defines "summary health information" to include information, which may be PHI, that summarizes claims history, claims expenses, or the type of claims experienced by individuals receiving benefits under the Plan from which certain identifiers have been deleted.

2.38 **Tax Dependent** means an individual (other than the Participant and the Participant's Spouse) with respect to whom amounts expended for medical care are excluded from the Participant's gross income under Section 105(b) of the Code, as amended.

ARTICLE III.
ELIGIBILITY AND PARTICIPATION

3.1 **Eligibility Requirements**. Each Employee shall be eligible to participate in this Plan upon meeting the eligibility requirements as set forth in the Adoption Agreement. Notwithstanding the foregoing, if specifically provided in Adoption Agreement, all Employees who are elected officials shall not be eligible to participate in this Plan without meeting the eligibility requirements set forth in the Adoption Agreement.

3.2 **Notification to Participants**. The Plan Administrator shall provide each Eligible Employee written notice of the Employee's eligibility to participate in the Plan in sufficient time to enable such Eligible Employee to submit an application for participation in the Plan on or before the applicable Entry Date.

3.3 **Application for Participation.**

(a) **Generally**. In general, unless an Eligible Employee is deemed to have made an Election as provided in Section 5.1, to become a Participant, an Eligible Employee shall execute and deliver to the Plan Administrator, prior to the applicable Entry Date, an application signed by the Eligible Employee in which the Eligible Employee:

(i) applies to participate in the Plan;
(ii) designates the required portion of Compensation for the pre-tax and after-tax (if any) contributions;
(iii) makes a benefit Election; and
(iv) supplies any other pertinent information that the Plan Administrator may reasonably require.

By signing such application or agreement, the Eligible Employee shall be deemed for all purposes to have agreed to participate and to conform to the requirements of the Plan. Such application or agreement may be the same as, or separate from, the application or agreement required to participate in any Available Benefit under this Plan. Alternatively, or in addition to the foregoing application process, the Plan Administrator may require or permit application of same scope by electronic means. Except as provided in paragraph (b) below, participation shall begin on a Participant's Entry Date or, if later, the first payroll following submission of the application (to the extent such an application is required for a particular Available Benefit).

(b) **Newly Hired**. Unless specifically provided otherwise in the Adoption Agreement, for new hires, an Eligible Employee shall execute and deliver to the Plan Administrator within thirty (30) days of employment, such written application. In this situation, participation in this Plan is retroactive to the date of hire pursuant to Cafeteria Plan Regulations. However, salary reduction contributions to pay for coverage during the period preceding the submission of the application shall be taken prospectively from compensation paid following submission of the application.

3.4 **Termination of Participation**. A Participant automatically ceases to be a Participant at midnight of the earliest of the following dates:

(a) the date of the death of the Participant;
(b) the date of termination of the Participant's employment with the Employer;

(c) the date on which the Participant's coverage under the last Available Benefit terminates (determined without regard to any continuation coverage provided to the Participant under such Available Benefit in accordance with applicable law or any coverage provided in lieu thereof);
(d) the date of the Participant's failure to meet the eligibility requirements of Section 3.1, as may be amended from time to time; or
(e) the date of termination of the Plan in accordance with Article VII.

Note: This provision applies to *participation* in this Plan. With respect to the Available Benefits that involve premium payments for other plans sponsored by the Employer, coverage under the underlying plan may extend beyond the date a Participant ceases to be a Participant in this Plan.

In the event the Plan does not learn that a Participant has automatically ceased to be a Participant until a date after the date participation ceased, participation will be terminated retroactively and the Plan shall be entitled to recover any benefits paid after the date participation is terminated. Termination of participation in this Plan shall not prevent a former Participant from continuation coverage, conversion coverage or benefits under the respective Available Benefit plans if and to the extent provided by such plans.

3.5 **Conditions of Participation**. As a condition of participation and receipt of benefits under this Plan, the Participant agrees to:
(a) observe all Plan rules and regulations;
(b) consent to inquiries by the Plan Administrator with respect to any provider of services involved in a claim under this Plan;
(c) submit to the Plan Administrator all notifications, reports, bills, and other information required by the Plan or which the Plan Administrator may reasonably require; and
(d) repay any overpayments or incorrect payments received under the Plan.

Failure to do so relieves the Plan, Plan Administrator, and Claims Administrator from any and all obligations under this Plan.

3.6 **Participation in Available Benefit Plans**. In order to elect a specific Available Benefit provided under this Plan, a Participant must elect that Available Benefit on such forms as the Plan Administrator may require (unless the benefit is provided to all Participants) and, if the cost of that Available Benefit is not fully paid by the Employer, shall be required to share the cost of the Available Benefit as provided in Article IV. Further, the Participant must meet any eligibility, participation, etc., requirements applicable to that Available Benefit in accordance with the terms of the underlying plan through which the Available Benefit is provided.

ARTICLE IV.
CONTRIBUTIONS

4.1 **Salary Reduction Contributions**. To the extent the cost of an Available Benefit exceeds the Employer Contribution (if any), a Participant may elect in accordance with the Election procedures described in Article V to receive his or her full Compensation in cash, or to have a portion of such Compensation applied by the Employer toward the Participant's share of the cost of Available Benefits. If so elected, the Participant's Compensation will be reduced, and an amount equal to the reduction shall be allocated by the Employer to the Available Benefits designated by the Participant. A Participant's Compensation shall be reduced by pro-rata amounts of the Participant's total salary reduction Election. Salary reduction is done on a pre-tax basis before any withholdings have been made for eligible Benefits as identified in the Adoption Agreement. The frequency of salary reduction contributions shall be as specified in the Adoption Agreement. Notwithstanding the foregoing, if participation in an Available Benefit extends to the last day of the month in which a Participant's employment terminates, if necessary, additional salary reduction contributions shall be taken from the Participant's final pay check to pay for the coverage provided during the period of time following the date on which the Participant's employment terminates.

4.2 **Imputation of Income**. To the extent a Participant participates in an Available Benefit that covers a Dependent who is not the Participant's Spouse or Tax Dependent, one of the following provisions will apply as specified in the Adoption Agreement:

(a) The entire cost of coverage for which the Participant is responsible shall be paid pre-tax through this Plan and the fair market value of the coverage for that Dependent shall be imputed as income to the Participant as the coverage is provided (pursuant to Cafeteria Plan Regulations). This provision applies regardless of whether the cost of coverage is paid by salary reduction or allocation of available Employer Contributions, if any.

(b) The cost of coverage for which the Participant is responsible shall be paid on an after-tax basis up to the amount of the fair market value of the coverage provided to that Dependent. To the extent the cost of coverage for which the Participant is responsible exceeds that fair market value, the remaining cost of coverage may be paid pre-tax through this Plan. To the extent the cost of coverage for which the Participant is responsible is less than that fair market value, the excess of the fair market value over the after-tax payments shall be imputed as income to the Participant as coverage is provided.

4.3 **Salary Deduction Contributions**. The Employer may require that amounts for which the Participant is responsible, but which cannot be paid with pre-tax dollars through salary reduction described above, be funded with after-tax dollars pursuant to a salary deduction agreement. Such salary deductions shall be made on a periodic basis and relate to a Participant's Compensation after taxes and withholdings have been made.

4.4 **Employer Contribution.** The Employer may make a fixed dollar contribution per Plan Year, or portion of the Plan Year (e.g., month, pay period), per Participant. The amount of the Employer Contribution and any additional restrictions on the use thereof shall be identified in the Adoption Agreement and communicated to the Participants prior to the start of each Plan Year so that they may consider it in making their Elections. The amount

of the Employer Contribution may change from year to year as announced by the Employer prior to the Plan Year start and reflected in the Adoption Agreement. Unless specifically provided otherwise in the Adoption Agreement, no Employer Contribution shall be credited to any Employee during an unpaid leave of absence, whether authorized or unauthorized, unless required by the Family Medical Leave Act ("FMLA"), if applicable. Unless specifically provided otherwise in the Adoption Agreement, Employees who are not eligible for participation on the first day of the Plan Year shall have their annual Employer Contribution pro-rated by multiplying the annual available Employer Contribution by a fraction, the numerator of which is the number of months the Employee is eligible for participation for the Plan Year, the denominator which is twelve.

4.5 **Maximum Under the Plan**. Under no circumstances may a Participant's total salary reduction exceed the sum of (a) the cost of benefits paid on a pre-tax basis provided through insurance or insurance-type Available Benefits plus (b) the maximum Election amounts permitted under the other Available Benefits minus (c) the Employer Contribution, if any.

4.6 **No Trust**. Nothing in this Plan is intended to require the establishment of a trust. The portion of benefits paid under this Plan attributable to Employer Contributions, if any, is paid from the Employer's general assets. The portion of benefits paid under this Plan attributable to Participant contributions including, but not limited to, salary reduction amounts, is paid from the Employer's general assets.

ARTICLE V.
ELECTION OF AVAILABLE BENEFITS

Initial Elections. Unless otherwise specified in the Adoption Agreement, upon initial eligibility, an affirmative Election to participate is required as part of the application to participate described in 3.3. If the Election Period ends and an Election has not been received by the Plan Administrator, the Eligible Employee will be deemed to have elected not to participate in the Flexible Benefit Plan.

5.1 **Subsequent Annual Elections**. During the Election Period prior to each subsequent Plan Year, each Participant shall be given the opportunity to make a new Election. Such new Election may include the following:

(a) an Eligible Employee who is not participating may elect to begin participating by electing Available Benefits during the Election Period;

(b) a Participant may terminate participation in the Plan; or

(c) a Participant may elect different Available Benefits or different levels of Available Benefits.

An Election must have been made, or deemed to have been made, prior to the start of the Plan Year to which it relates.

5.2 **Failure to Elect**. A Participant who does not make a new Election during the Election Period prior to each Plan Year:

(a) **Automatic Election**. With respect to Available Benefits providing for the payment of premiums for group insurance and insurance-type coverages, unless otherwise specified in the Adoption Agreement, an Eligible Employee shall be deemed, unless prohibited by law, to have elected to pay any portion of the cost for which the Eligible Employee is responsible through salary reduction unless (1) the Eligible Employee specifically elects not to participate with respect to such Available Benefit(s) and notifies the Plan Administrator in writing on or before the close of the Election Period, or (2) such deemed Election is otherwise prohibited by law.

(b) **Affirmative Elections**. With respect to other Available Benefits, shall be deemed to have elected not to participate in such Available Benefits for the upcoming Plan Year.

5.3 **Elections Irrevocable**.

For purposes of this Section 5.4, the term "dependent" shall mean (1) a Tax Dependent if the Election relates to an Available Benefit providing health benefits, or (2) a Qualifying Individual (as defined in Article XVI) if the Election relates to the Dependent Care Expense Reimbursement Plan.

Unless modified in the Adoption Agreement, an Election becomes effective and shall be irrevocable for the Plan Year or the remainder of the Plan Year except under the following circumstances:

(a) **Change in Status**. A Participant may change or terminate his or her actual or deemed Election under the Plan upon the occurrence of a Change in Status, but only if such change or termination is made on account of and corresponds with a Change

in Status that affects coverage eligibility of a Participant, a Participant's Spouse, or a Participant's dependent (referred to as the general consistency requirement). The Plan Administrator (in its sole discretion) shall determine, based on prevailing IRS guidance, whether a requested change is on account of and corresponds with a Change in Status. Assuming that the general consistency requirement is satisfied, a requested change must also satisfy the following specific consistency requirements in order for a Participant to be able to alter his or her Election based on that change.

(1) **Loss of Dependent Eligibility**. For a Change in Status involving a Participant's divorce, annulment or legal separation from a Spouse, the death of a Spouse or a dependent, or a dependent ceasing to satisfy the eligibility requirements for coverage, a Participant may only elect to cancel accident or health insurance, or insurance-type, coverage for the Spouse involved in the divorce, annulment, or legal separation, the deceased Spouse or dependent, or the dependent that ceased to satisfy the eligibility requirements. Canceling coverage for any other individual under these circumstances fails to correspond with that Change in Status.

(2) **Gain of Coverage Eligibility Under Another Employer's Plan**. For a Change in Status in which a Participant, a Participant's Spouse, or a Participant's dependent gains eligibility for coverage under another employer's cafeteria plan (or another employer's qualified benefit plan) as a result of a change in marital status or a change in employment status, a Participant may elect to cease or decrease coverage only if that coverage becomes actually effective or is increased under the other employer's plan.

(3) **Dependent Care Expense Reimbursement Plan**. With respect to the Dependent Care Expense Reimbursement Plan, a Participant may change or terminate his or her Election only if (i) such a change or termination is made on account of and corresponds with a Change in Status that affects eligibility for coverage under the Plan; or (ii) the Election change is on account of and corresponds with a Change in Status that affects eligibility of dependent care expenses for the tax exclusion available under the Code.

(4) **Group Term Life Insurance and Disability Income Coverage**. For a Change of Status involving a Participant's legal marital status or the employment status of a Participant's Spouse or dependent (disregarding the requirement that the event cause a loss or gain of eligibility), a Participant may elect either to increase or to decrease group term life insurance or disability income coverage offered under the Plan.

(5) **COBRA Coverage.** If the Participant becomes eligible for COBRA (or similar health plan continuation coverage under state law) under a group health plan sponsored by the Employer, the Participant may increase the Election for that Available Benefit to pay for such coverage provided the Participant is still eligible under the Plan and still receiving Compensation.

(b) **HIPAA Special Enrollment Rights**. If a Participant, a Participant's Spouse, and/or a Participant's dependent enrolls in a group health plan that is an Available Benefit of this Plan and subject to the HIPAA special enrollment rights provided by Code § 9801(f), the Participant may make a new election that corresponds with the special enrollment. For purposes of this provision (1) an Election to add previously eligible dependents as a result of the acquisition of a new Spouse or dependent child (a/k/a the Tag-along Rule), shall be considered consistent with the special enrollment right; and (2) a HIPAA special enrollment Election attributable to the

birth or adoption of a new dependent child may be effective retroactive (up to thirty (30) days), provided it applies to Compensation not yet currently available.

(c) **Certain Judgments, Decrees and Orders**. If a judgment, decree, or order (an "Order") resulting from a divorce, legal separation, annulment or change in legal custody (including a qualified medical child support order) requires accident or health coverage for a Participant's dependent child (including a foster child who is a dependent of the Participant), a Participant may: (1) change his or her Election to provide coverage for the dependent child (provided that the Order requires the Participant to provide coverage and subject to the provisions of the underlying group health plan); or (2) change his or her Election to revoke coverage for the dependent child if the Order requires that another individual (including the Participant's Spouse or former Spouse) provide coverage under that individual's plan.

(d) **Medicare and Medicaid**. If a Participant, a Participant's Spouse, or a Participant's dependent who is enrolled in a health or accident benefit under this Plan (including the Medical Expense Reimbursement Plan and the Limited Scope Medical Expense Reimbursement Plan) becomes entitled to Medicare or Medicaid (other than coverage consisting solely of benefits under Section 1928 of the Social Security Act providing for pediatric vaccines), the Participant may prospectively reduce or cancel the health or accident coverage of the person becoming entitled to Medicare or Medicaid. Further, if a Participant, a Participant's Spouse, or a Participant's dependent who has been entitled to Medicare or Medicaid loses eligibility for such coverage, then the Participant may prospectively elect to commence or increase the health or accident coverage provided under this Plan (including the Medical Expense Reimbursement Plan and the Limited Scope Medical Expense Reimbursement Plan) of the person losing entitlement to Medicare or Medicaid.

NOTE: Certain changes to Medicaid coverage also create a HIPAA special enrollment right. Election changes based upon HIPAA special enrollment rights are described above.

(e) **Change in Cost**.

(1) **Automatic Increase or Decrease for Insignificant Cost Changes**. If the cost of an Available Benefit (other than Medical Expense Reimbursement Plan and the Limited Scope Medical Expense Reimbursement Plan) increases or decreases during a Plan Year by an insignificant amount, then the pre-tax contributions or after-tax contributions (as applicable) under each affected Participant Election shall be prospectively increased or decreased to reflect such change. The Plan Administrator, on a reasonable and consistent basis, will automatically effectuate this prospective increase or decrease in Participant contributions in accordance with such cost changes. The Plan Administrator (in its sole discretion) will decide, in accordance with prevailing IRS guidance, whether increases or decreases in costs are "insignificant" based upon all the surrounding facts and circumstances (including, but not limited to, the dollar amount or percentage of the cost change).

(2) **Significant Cost Increases**. If the Plan Administrator determines that the cost of an Available Benefit (other than Medical Expense Reimbursement Plan and the Limited Scope Medical Expense Reimbursement Plan)

significantly increases during a Plan Year, the Participant may, on a prospective basis, either: (i) make a corresponding increase in his or her Election, (ii) enroll in another benefit package option providing similar coverage and make a corresponding Election change, or (iii) revoke his or her Election if no other benefit package option providing similar coverage is available. The Plan Administrator (in its sole discretion) will decide, in accordance with prevailing IRS guidance, whether a cost increase is significant and what constitutes "similar coverage" based upon all the surrounding facts and circumstances.

(3) **Significant Cost Decrease.** If the Plan Administrator determines that the cost of an Available Benefit (other than Medical Expense Reimbursement Plan and the Limited Scope Medical Expense Reimbursement Plan) significantly decreases during a Plan Year: (i) an Eligible Employee or Participant may commence participation in such Available Benefit; and (ii) the Plan Administrator shall automatically effectuate a prospective decrease in a Participant's Election with respect to such Available Benefit in accordance with the cost decrease.

(f) **Change in Coverage**.

(1) **Significant Curtailment**. If the Plan Administrator determines that coverage under an Available Benefit (other than Medical Expense Reimbursement Plan and the Limited Scope Medical Expense Reimbursement Plan) is significantly curtailed during a Plan Year, the Participant may prospectively enroll in another benefit package option providing similar coverage and make a corresponding Election change. Coverage under an accident or health plan is deemed "significantly curtailed" only if there is an overall reduction in coverage provided to Participants under the Plan so as to constitute reduced coverage to Participants in general. The Plan Administrator (in its sole discretion) will decide, in accordance with prevailing IRS guidance, whether a curtailment is "significant," and whether a benefit package option constitutes "similar coverage" based upon all the surrounding facts and circumstances.

(2) **Loss of Coverage.** If the Plan Administrator determines that coverage under an Available Benefit (other than Medical Expense Reimbursement Plan and the Limited Scope Medical Expense Reimbursement Plan) is lost during a Plan Year, the Participant may, on a prospective basis: (i) enroll in another benefit package option providing similar coverage and make a corresponding Election change, or (ii) revoke his or her Election if no other benefit package option providing similar coverage is available. Coverage under an accident or health plan is deemed "lost" only if there is a complete loss of coverage under the benefit package option (e.g., due to elimination of the benefit package option or application of an annual or lifetime maximum) or other fundamental loss of coverage. The Plan Administrator (in its sole discretion) will decide, in accordance with prevailing IRS guidance, whether a "loss" has occurred, and whether a benefit package option constitutes "similar coverage" based upon all the surrounding facts and circumstances.

(3) **Addition or Improvement of an Available Benefit**. If during a Plan Year, the Plan adds a new Available Benefit or a new benefit package option under the Available Benefit (other than the Medical Expense

Reimbursement Plan and the Limited Scope Medical Expense Reimbursement Plan), or if coverage under an existing Available Benefit (other than the Medical Expense Reimbursement Plan and the Limited Scope Medical Expense Reimbursement Plan) is significantly improved: (i) an affected Participant may prospectively change his/her Election with respect to the newly-added or improved Available Benefit; and (ii) an Eligible Employee may commence participation in such Available Benefit. The Plan Administrator (in its sole discretion) will decide, in accordance with prevailing IRS guidance, whether an Available Benefit has been "significantly improved" based upon all the surrounding facts and circumstances.

(4) **Change Under Another Employer-Sponsored Plan**. A Participant may make a prospective Election change (other than with respect to the Medical Expense Reimbursement Plan and the Limited Scope Medical Expense Reimbursement Plan) that is on account of and corresponds with a change made under another employer-sponsored plan (including a plan of the Employer or a plan of another employer), provided (i) the other cafeteria plan or qualified benefits plan permits its participants to make an Election change that would be permitted under the Cafeteria Plan Regulations, or (ii) this Plan permits Participants to make an Election for a Plan Year period of coverage which is different from the plan year period of coverage under the other cafeteria plan or Available Benefit. The Plan Administrator shall determine, based on prevailing IRS guidance, whether a requested change is on account of and corresponds with a change made under another employer-sponsored plan.

(5) **Loss of Governmental or Educational Coverage**. A Participant may prospectively change his or her Election to add group health coverage for the Participant or his or her Spouse or dependent, if such individual(s) loses coverage under any group health coverage sponsored by a governmental or educational institution including, but not limited to, the following: a state children's health insurance program ("SCHIP") under Title XXI of the Social Security Act; a medical care program of an Indian Tribal government (as defined in Code § 7701(a)(40)), the Indian Health Service, or a tribal organization; a state health benefits risk pool; or a foreign government group health plan, subject to the terms and limitations of the applicable benefit package option(s).

(6) **Enrollment in Marketplace Coverage.**

(i) A Participant who has made an Election to pay for Group Medical Benefits may revoke that Election if the following conditions are satisfied:

(A) The Participant either (I) is eligible to enroll in a qualified health plan through a public insurance exchange (the "Marketplace") via a special enrollment period (as provided in any guidance issued by the Department of Health and Human Services or any other applicable guidance), or (II) seeks to enroll in a qualified health plan through the Marketplace during the Marketplace's annual open enrollment period;

(B) The Participant cancels coverage under the Group Medical Benefits in accordance with the requirements of that plan; and

(C) The Participant, and any related individuals who were also enrolled in the Group Medical Benefits, have enrolled in or intend to enroll in a qualified health plan through the Marketplace that will be effective no later than the day immediately following the last day for which coverage under the Group Medical Benefits was effective (i.e., there is no break in coverage). The Employer may rely on the reasonable representation of the Participant that the requirements of this paragraph (C) are met.

(ii) Unless determined by the IRS not to be available, a Participant who has made an Election to pay for Group Medical Benefits may reduce that Election if the following conditions are satisfied:

(A) The Participant's Spouse and/or dependents either (I) are eligible to enroll in a qualified health plan through the Marketplace via a special enrollment period (as provided in any guidance issued by the Department of Health and Human Services or any other applicable guidance), or (II) seek to enroll in a qualified health plan through the Marketplace during the Marketplace's annual open enrollment period;

(B) The Participant cancels coverage under the Group Medical Benefits for such Spouse and/or dependents in accordance with the requirements of that plan; and

(C) Such Spouse and/or dependents have enrolled in or intend to enroll in a qualified health plan through the Marketplace that will be effective no later than the day immediately following the last day for which the coverage under the Group Medical Benefits was effective (i.e., there is no break in coverage). The Employer may rely on the reasonable representation of the Participant that the requirements of this paragraph (C) are met.

(g) **Reduction in Hours Without Loss of Eligibility.** A Participant who has made an Election to pay for Group Medical Benefits may revoke that Election if the following conditions are satisfied:

(1) The Participant has been in an employment status under which the Participant was reasonably expected to average at least thirty (30) hours of service per week;

(2) The Participant has experienced a change in employment status such that the Participant will reasonably be expected to average less than thirty (30) hours of service per week after the change but nevertheless will remain eligible for Group Medical Benefits;

(3) The Participant cancels coverage under the Group Medical Benefits in accordance with the requirements of that plan; and

(4) The Participant, and any related individuals who were also enrolled in the Group Medical Benefits, have enrolled or intend to enroll in other medical coverage that provides minimum essential coverage and that will be effective no later than the first day of the second month following the month in which coverage under the Group Medical Benefits ends. The Employer may rely on the reasonable representation of the Participant that the requirements of this paragraph (4) are met.

(h) **Family and Medical Leave Act.** A Participant taking a leave governed by the Family and Medical Leave Act of 1993 ("FMLA") may revoke or change an Election as may be provided for under the FMLA and the Employer's FMLA policy required thereunder, provided the Employer is subject to FMLA.

(i) **Special Rule for HSA Contribution Feature**. A Participant may change his or her Election with respect to the HSA Contribution Feature prospectively at least on a monthly basis. A Participant may also revoke his or her Election with respect to the HSA Contribution Feature prospectively if the Participant becomes ineligible to make or have made HSA contributions under the HSA Contribution Feature.

(j) **Other**. The Plan Administrator shall have the discretion to allow a change to or termination of an Election to the extent such change or termination is the result of any other situation informally recognized by the IRS as providing an exception to the general rule that Elections are irrevocable (e.g., corrections of mistakes, changes to meet nondiscrimination requirements, failure to satisfy underwriting).

A Participant entitled to make a new Election under this Section must do so within thirty (30) days of the event. An Employee who is eligible to elect benefits but declined to do so during the initial Election period, or during a subsequent Election period, may file a new Election within thirty (30) days of the occurrence of an event described above, but only if the new Election is made on account of and corresponds with the event. Subject to the provisions of the underlying group health plan, Elections made to add medical coverage for a newborn or newly adopted dependent child pursuant to a HIPAA special enrollment right may be retroactive for up to thirty (30) days. All other new Elections shall be effective prospectively immediately following the date the Participant files the new Election with the Plan Administrator. Elections made pursuant to this Section shall be effective for the balance of the Plan Year in which the Election is made unless a subsequent event (described above) allows a further Election change.

5.4 **Rehire and Eligibility Loss**. Termination of employment shall automatically revoke any Election. Former Participants who are rehired:

(a) After thirty (30) days following a termination of employment, shall have two "periods of coverage;" that period prior to the termination of employment and that period following the re-employment of the terminated Employee. Expenses incurred prior to the termination of employment shall be subject to the Election in effect upon termination; while the Employee shall have an opportunity to make a new Election and expenses incurred after re-employment shall be subject to the Election made upon re-employment.

(b) Within thirty (30) days following a termination of employment, shall have the Election in effect prior to the termination of employment reinstated upon re-employment.

5.5 **Benefit Descriptions**. While an Election to receive one or more of the Available Benefits may be made under this Plan, the benefits themselves may be provided in accordance with Plan documents or contracts which describe the types and amounts of benefits available, the requirements for participation, procedures for submitting claims, and the other terms and conditions of coverage. Such underlying Plan documents or contracts, if any, are incorporated into this Plan by reference.

5.6 **Forfeiture**. Any amounts, whether obtained through salary reduction, salary deduction, Employer Contributions, or otherwise, under this Plan which cannot be distributed by the Plan Administrator to cover the cost of Available Benefits for the applicable Plan Year, shall be forfeited by the Participant. Forfeited amounts, in accordance with the Cafeteria Plan Regulations, may be: (a) retained by the Employer, (b) used to defray the reasonable administrative costs of the Plan, (c) used to reduce required salary reduction amounts for the immediately following Plan Year on a reasonable and uniform basis, and/or (d) returned to the Participants on a reasonable and uniform basis. Under no circumstances shall the Plan Administrator establish an outside formal or informal arrangement under which the forfeited amounts are allocated among Participants based (directly or indirectly) on their individual claims experience under the Plan.

5.7 **Limitations on Benefits**. Benefits shall be limited as determined by the Plan Administrator in accordance with Section 6.15 for the purpose of ensuring compliance with any nondiscrimination requirement applicable to the Plan or an Available Benefit.

ARTICLE VI.
ADMINISTRATION

6.1 **Plan Administrator.**

(a) The Plan Administrator shall be responsible for the general supervision of the Plan. The Plan Administrator shall have the discretionary authority to control and manage the operation and administration of the Plan, including but not limited to, the interpretation and application of the terms of the Plan. The Plan Administrator shall perform any and all acts necessary or appropriate for the proper management and administration of the Plan.

(b) The Employer shall be the Plan Administrator unless provided otherwise in the Adoption Agreement. The Employer shall also be the Plan Administrator if the person or persons so designated cease to be the Plan Administrator.

(c) The Plan Administrator may designate an individual or entity to act on its behalf with respect to certain powers, duties, responsibilities, etc. with respect to the operation and administration of this Plan. Where benefits under this Plan are provided through an insurance company, Health Maintenance Organization ("HMO"), or Dental Maintenance Organization ("DMO"), or similar entity, that entity shall be the Claims Administrator with respect to those benefits. In all other situations, the Plan Administrator shall be the Claims Administrator unless the Plan Administrator contracts with a third party to act on its behalf and that other entity is identified in the Adoption Agreement.

6.2 **Agent for Service of Legal Process.** The agent for service of legal process for the Plan is the Plan Administrator.

6.3 **Allocation of Responsibility for Administration.** The Plan Administrator shall have the sole responsibility for the administration of this Plan as is specifically described in this Plan. The designated representatives of the Plan Administrator shall have only those specific powers, duties, responsibilities, and obligations as are specifically given to them under this Plan. The Plan Administrator warrants that any directions given, information furnished, or action taken by it shall be in accordance with the provisions of the Plan authorizing or providing for such direction, information or action. It is intended under this Plan that the Plan Administrator shall be responsible for the proper exercise of its own powers, duties, responsibilities, and obligations under this Plan and shall not be responsible for any act or failure to act of another Employee of the Employer. Neither the Plan Administrator (including any designee) nor the Employer makes any guarantee to any Participant in any manner for any loss or other event because of the Participant's participation in this Plan.

6.4 **Rules and Decisions.** Except as otherwise specifically provided in the Plan, the Plan Administrator may adopt such rules and procedures as it deems necessary, desirable, or appropriate to fulfill the purposes of the Plan. All rules and decisions of the Plan Administrator shall be uniformly and consistently applied to all Participants in similar circumstances. When making a determination or calculation, the Plan Administrator shall be entitled to rely upon information furnished by a Participant, the Employer, or legal counsel.

6.5 **Procedures**. The Plan Administrator may act at a meeting or in writing. The Plan Administrator may adopt by-laws and regulations as it deems desirable for the conduct of the Plan's affairs and as are consistent with the terms of the Plan.

6.6 **Records and Reports**. The Plan Administrator shall be responsible for complying with all reporting, filing and disclosure requirements for the Plan.

6.7 **Claim for Benefits**. This Section addresses the requirements for claims for reimbursement-type Available Benefits chosen in the Adoption Agreement and the provisions of general applicability. Claims requirements for other Available Benefits shall be handled in accordance with the governing documents for those Available Benefits.

A Participant may apply to the Claims Administrator for reimbursement of eligible expenses incurred during such Plan Year (and applicable Grace Period) by submitting a paper claim, or, if provided in the Adoption Agreement, through electronic payment as described below:

(a) **Paper Claims**. A Participant may make a claim by completing a claim form and submitting such form to the Claims Administrator (or its designee) setting forth at least the following:

(1) the amount, date and nature of the expense, including the identity of the individual who incurred the expense;

(2) the name of the person or entity to which the expense was paid;

(3) the Participant's statement that the expense has not been reimbursed and the Participant will not seek reimbursement for the expense; and

(4) such other information as the Claims Administrator may require.

Such claim form shall be accompanied by bills, invoices, receipts, or other statements from an independent third party, or by an explanation of benefits ("EOB") issued by a health plan, stating the eligible expense has been incurred and the amount of the expense. The Claims Administrator is entitled to rely on the information provided on the claim form in processing claims under this Plan. Where circumstances beyond the Participant's control prevent submission within the described time frame, notice of a claim with an explanation of the circumstances may be accepted by the Claims Administrator as a timely filing. Claims shall be determined in accordance with Article VI.

Reimbursement shall be made in accordance with the schedule identified in the Adoption Agreement. Claims (including all information substantiating the claim) must be submitted by the deadline established and communicated by the Claims Administrator. Reimbursements shall be made from the Participant's respective reimbursement-type account for eligible expenses incurred during the applicable Plan Year for which the Participant submits the required documentation.

(b) **Electronic Payment – Medical Expense Reimbursement Plan and Limited Scope Medical Expense Reimbursement Plan**. If selected in the Adoption Agreement, a Participant may receive reimbursement of an eligible expense under the Medical Expense Reimbursement Plan and the Limited Scope Medical Expense Reimbursement Plan (if applicable) by use of an electronic payment card (to the extent made available by the Claims Administrator) at the time the eligible expense

is incurred. The use of the electronic payment card shall be subject following conditions:

(1) The electronic payment card may be used only while a Participant is employed by the Employer.

(2) The balance of the electronic payment card shall be limited to the amount in the applicable Participant's reimbursement-type account(s).

(3) A Participant must certify in writing prior to issuance of the electronic payment card that:

  (i) the electronic payment card will be used only for eligible expenses that have not been reimbursed under any other plan covering similar benefits; and

  (ii) the Participant will not seek reimbursement for any expense paid with the electronic payment card under any other plan covering benefits.

The electronic payment card shall include a statement providing that each use of the card shall constitute a reaffirmation of the certification.

(4) The electronic payment card may be used only at merchants: (i) who have health care related merchant category codes other than the drug store or pharmacies merchant category code; (ii) who have the drug store or pharmacies merchant category code and with respect to whom 90% of the store's gross receipts during the prior taxable year consisted of items that qualify as expenses for medical care under Section 213(d) of the Code (a "90% pharmacy"); or (iii) who participate in an inventory information approval system developed by the card provider that verifies, at the time of purchase, that the goods being purchased constitute medical care.

(5) Each time the electronic payment card is used, a Participant shall obtain and retain a third party statement from the health care provider containing the information necessary to substantiate that the expense paid by the card was an eligible expense.

(6) Claims shall be substantiated in one of the following manners:

  (i) The Participant shall provide, upon request by the Claims Administrator (or its designee), the third party statement with respect to the claim.

  (ii) For eligible expenses, the payment was made to a merchant who is a health care provider and it matches a specific co-payment the Participant has under a group medical or group dental plan sponsored by the Employer or a multiple of that co-payment of not more than five (5) times the dollar amount of the co-payment.

  (iii) For eligible expenses, the payment was made to a merchant who is a health care provider and is for an expense with the same amount, duration, and health care provider as a previously approved expense under this Plan.

  (iv) For eligible expenses, the payment was made to a merchant who is a health care provider and the electronic claim file with respect to the expense is accompanied by an electronic or written confirmation from the health care provider that identifies the nature of the expense and verifies the amount and date of service and that the expense is an eligible expense.

(v) For eligible expenses, the electronic payment card is used at a merchant (of any kind) that participates in an inventory information approval system developed by the card provider that verifies, at the time of purchase, that the goods being purchased constitute medical care.

(7) Special rules apply to the use of the electronic payment card to purchase over-the-counter drugs and medicines other than insulin. Notwithstanding the rules described above regarding the use of the card to purchase medical care, the card may be used to purchase such over-the-counter drugs and medicines only in the following circumstances:

(i) At any 90% pharmacy if the expense is substantiated after the purchase in accordance with paragraph (6)(i) above.

(ii) At drug stores, pharmacies, non-health care merchants that have pharmacies, and mail order or web-based merchants that sell prescription drugs if (a) the cardholder presents the prescription to the pharmacist; (b) the pharmacist assigns a prescription number and dispenses the over-the-counter drug or medicine in accordance with applicable law; (c) the pharmacy retains a record of the transaction, including the name on prescription, prescription number, date, and the amount of the purchase; (d) the pharmacy's records are accessible by the employer or its agent; (e) the debit card system does not allow over-the-counter drugs or medicines without a prescription number; and (f) the expense is substantiated in accordance with the standard rules described above in paragraph (6).

(ii) At merchants having healthcare related merchant codes (other than merchants described in item ii above) if the expense is substantiated in accordance with the standard rules described above in paragraph (6).

(8) A Participant shall repay the Plan for a payment with respect to any claim not substantiated (and therefore not eligible for reimbursement) as required above. The Plan shall handle collection of unsubstantiated claims as required under the Code and the Cafeteria Plan Regulations.

(9) The use of an electronic payment card does not constitute a "claim" under the claims procedures.

6.8 **Determination of Benefits**. This Section addresses the claims determination and appeal procedures for reimbursement-type Available Benefits chosen in the Adoption Agreement, and the provisions of general applicability. The following procedures shall apply unless alternative procedures are specifically provided in the Adoption Agreement. Claims determination and appeal procedures for other Available Benefits shall be handled in accordance with the governing documents for those Available Benefits.

(a) **Initial Determination**. The Plan Administrator, or Plan Administrator's designee, shall notify a person within thirty (30) days of receipt of a written claim for benefits of that person's eligibility or non-eligibility for benefits under the Plan. If it is determined that a person is not eligible for benefits or for full benefits, the notice shall set forth:

(1) the specific reasons for the denial;

(2) a specific reference to the provision of the Plan on which the denial is based;
(3) a description of any additional information or material necessary for the claimant to perfect the claim and an explanation of why it is needed; and
(4) an explanation of the Plan's claims review procedure and other appropriate information as to the steps to be taken if the Participant wishes to have the claim reviewed.

If the Plan Administrator, or Plan Administrator's designee, determines that there are special circumstances requiring additional time to make a decision, the Plan Administrator, or Plan Administrator's designee, shall notify the Participant of the special circumstances and the date by which a decision is expected to be made, and may extend the time for up to an additional fifteen (15) days.

(b) **Appeals.** If a Participant is determined by the Plan Administrator, or Plan Administrator's designee, not to be eligible for benefits, or if the Participant believes that he or she is entitled to greater or different benefits, the Participant shall have the opportunity to have the claim reviewed by the Plan Administrator, or Plan Administrator's designee, by filing a petition an appeal within one hundred eighty (180) days after receipt by the Participant of the notice issued by the Employer, or the Employer's designee. The appeal shall state the specific reasons the Participant believes he or she is entitled to benefits or greater or different benefits.

Within sixty (60) days after receipt of the appeal, the Plan Administrator, or Plan Administrator's designee, shall afford the Participant (and the Participant's counsel, if any) an opportunity to present the Participant's position to the Plan Administrator, or Plan Administrator's designee, orally or in writing, and the Participant (or the Participant's counsel) shall have the right to review the pertinent documents.

(c) **Decision on Appeal.** The Plan Administrator shall notify the Participant of its decision on appeal in writing within said sixty (60) day period of said decision. If it is determined that a person is not eligible for benefits or for full benefits the notice shall set forth:
(i) the specific reasons for the denial; and
(ii) a specific reference to the provision of the Plan on which the denial is based.

In the event of the death of a Participant, the same procedure shall be applicable to the Participant's beneficiaries.

6.9 **Authorization of Benefit Payments**. The Plan Administrator shall issue directions to the Employer concerning all benefits which are to be paid from Employer's assets, pursuant to the provisions of the Plan, and shall warrant at the time the directions are provided that all such directions are in accordance with the Plan.

6.10 **Overpayments.** If a payment for benefits is made by the Plan in excess of the benefit to which a Covered Individual is entitled under the Plan, the Plan shall have the right to recover such overpayment from the payee. Repayment of an overpayment is a condition of participation in the Plan.

6.11 **Inability to Locate Payee.** If benefits are due under this Plan and the Plan Administrator is unable, after reasonable attempts to do so, to locate the Participant to whom such benefits are payable, such benefits shall be handled in accordance with applicable state law regarding unclaimed property or escheat. For purposes of the foregoing, the Plan Administrator shall be deemed to be unable to locate a Participant if a check issued for

benefits payable under the Plan has been sent to the payee's last known address and has not been cashed within three (3) years of its date of issuance.

6.12 **Facility of Payment.** Whenever, in the Plan Administrator's opinion, a person entitled to receive any payment of a benefit or installment under the Plan is under a legal disability or is incapacitated in any way so as to be unable to manage their financial affairs, the Plan Administrator may request the Employer to make payments to such person, or the Plan Administrator may request the Employer to apply the payment for the benefit of such person in such manner as the Plan Administrator considers advisable. Any payment of a benefit, or installment, in accordance with the provisions of this Section, shall be a complete discharge of any liability for the making of such payment under the provisions of the Plan.

6.13 **Other Powers and Duties of the Administrator**. The Plan Administrator shall also have such other duties and powers as may be necessary to discharge its duties under the Plan including, but not limited to, the following:

(a) discretion to construe and interpret the Plan in a non-discriminatory manner, to decide all questions of eligibility, except to the extent the eligibility determinations are governed by an insurance contract, and to determine all questions arising in the administration and application of the Plan, except to the extent such eligibility determinations are governed by an insurance contract;

(b) to receive from the Employer and from Participants such information as shall be necessary for the proper administration of the Plan;

(c) to furnish the Employer, upon request, such annual reports with respect to the administration of the Plan as are reasonable and appropriate; and

(d) to appoint individuals to assist in the administration of the Plan and any other agents the Plan Administrator deems advisable, including legal and actuarial counsel. The Plan Administrator shall not have the power to add to, subtract from, or modify any of the terms of the Plan, to change or add to any benefits provided by the Plan, or to waive or fail to apply any requirements of eligibility for a benefit under this Plan.

6.14 **Indemnification**. To the maximum extent allowed by, and in accordance with applicable law, the Employer shall indemnify and hold harmless any Employee that is deemed to be a fiduciary against any and all losses, claims, damages, expense (including court costs and attorneys' fees), and liability arising from the Employee's duties and responsibilities in connection with the Plan, unless the same is determined to be intentional or willful.

6.15 **Changes by the Plan Administrator**. If the Plan Administrator determines before or during any Plan Year, the Plan may fail to satisfy any nondiscrimination requirement imposed by the Code or other applicable law, the Plan Administrator may take such action as the Plan Administrator deems appropriate, under rules uniformly applicable to similarly situated Participants, to further compliance with such requirements or limitation. Such action may include, without limitation, a modification of Elections by Highly Compensated Participants with or without consent of such Employees and/or a re-characterization within the Plan Year of benefits provided under the Plan as taxable income with or without consent of such Employees.

6.16 **Plan Interpretation.** This Plan will be administered in accordance with its terms. The Plan Administrator and/or a fiduciary acting as a fiduciary with respect to this Plan, to the

extent that such individual or entity is acting in its fiduciary capacity, shall have the complete and final authority, responsibility, and control, in its sole discretion, to manage, administer and operate this Plan, to make factual findings, to construe the terms of this Plan, and to determine all questions arising in connection with the administration, interpretation, and application of this Plan, including, but not limited to, the eligibility and coverage of individuals and the authorization or denial of payment or reimbursement of benefits. All determinations and decisions will be binding on this Plan, Covered Individuals, claimants, and all interested parties.

ARTICLE VII.
PLAN AMENDMENT AND TERMINATION

7.1 **Employer Amendments**. The Employer reserves the right to amend the Plan, or any portion of the Plan, at any time. The Employer expressly may make any amendment it determines necessary or desirable, with or without retroactive effect, to comply with the law. Such amendments shall not affect any right to benefits that accrued prior to such amendment. Such amendment shall be made in writing and in accordance with Section 8.4.

7.2 **Employer's Right to Terminate**. Although the Employer expects the Plan to be maintained for an indefinite time, the Employer reserves the right to terminate the Plan or any portion of the Plan at any time. In the event of the dissolution, merger, consolidation, or reorganization of the Employer, the Plan shall terminate unless the Plan is continued by a successor to the Employer in accordance with the resolution of such successor's managing body. Such termination shall not affect any right to benefits that accrued prior to any termination. Such action shall be taken in writing and in accordance with Section 8.4.

ARTICLE VIII.
GENERAL PROVISIONS

8.1 **Plan Not a Contract of Employment**. The Plan is not an employment contract and does not assure the continued employment of any Employee or Participant for any period of time. Nothing contained in the Plan shall interfere with the Employer's right to discharge an Employee or Participant at any time, regardless of the effect such discharge may have upon the individual as a Participant in this Plan.

8.2 **No Right to Employer's Assets**. No Employee, Participant or beneficiary thereof shall have any right to, or interest in, any assets of the Employer upon termination of employment, or otherwise except as provided from time to time under this Plan, and then only to the extent of the benefits payable under the Plan to such Employee, Participant or beneficiary thereof. In addition, the Claims Administrator shall not be liable in any manner for such payments.

8.3 **Non-Alienation of Benefits**. Benefits payable under this Plan shall not be subject to anticipation, alienation, sale, transfer, execution, or levy of any kind either voluntary or involuntary, including any such liability which is for alimony or other payments for the support of a Spouse or former Spouse, or for any other relative of the Participant, prior to actually being received by the person entitled to the benefit under the terms of the Plan. Any attempt to anticipate, alienate, sell, transfer, assign, pledge, encumber, charge or otherwise dispose of any right to benefits payable under the Plan shall be void. The Employer, Plan Administrator and/or Claims Administrator shall not in any manner be made liable for, or subject to, the debts, contracts, liabilities, engagements or torts of any person entitled to benefits under the Plan.

8.4 **Action by Employer**. Whenever the Employer, under the terms of this Plan, is permitted or required to do or perform any act or matter or thing, it shall be done and performed by the managing body of the Employer or such representatives of the Employer as the managing body may designate.

8.5 **No Guarantee of Tax Consequences**. Notwithstanding any provision in this Plan to the contrary, neither this Plan nor the Employer make any commitment or guarantee that any amounts paid to or on behalf of a Participant under this Plan will be excludable from the Participant's gross income for federal or state income tax purposes. It shall be the obligation of each Participant to determine whether each payment is excludable from the Participant's gross income for federal and state income tax purposes, and to notify the Employer if the Participant has reason to believe that any such payment is not so excludable.

8.6 **Indemnification of Employer by Participants**. To the maximum extent allowed by, and in accordance with, applicable law, if any Participant receives one or more payments or reimbursements under this Plan that are not for eligible expenses, such Participant shall indemnify and reimburse the Employer for any liability it may incur for failure to withhold federal or state income tax or Social Security tax from such payment or reimbursements. However, such indemnification and reimbursement shall not exceed the amount of additional federal and state income tax that the Participant would have owed if the payments or reimbursements had been made to the Participant as regular cash

compensation, plus the Participant's share of any Social Security tax that would have been paid on such compensation, less any such additional income and Social Security tax actually paid by the Participant.

8.7 **Benefits Provided Through Third Parties.** In the case of any Available Benefit provided through a third party (e.g., an insurance company pursuant to a contract or policy with that third party), if there is any conflict or inconsistency between the description of benefits contained in this Plan and the contract or policy, the terms of the contract or policy shall control, unless prohibited by applicable law or specifically addressed in this Plan.

8.8 **Mistakes and Errors.** It is recognized that in the administration of the Plan, certain administrative and accounting errors may be made or situations may arise by reason of factual errors in information supplied to the Employer or the Plan Administrator. The Employer and/or the Plan Administrator shall have the power to take such equitable steps as may be necessary to correct the mathematical, accounting or factual errors, as they, in their sole discretion, determine(s) to be appropriate.

8.9 **Limitation on Liability**. The Employer does not guarantee benefits payable under any insurance policy or other similar contract described or referred to herein, and any benefits thereunder shall be the exclusive responsibility of the Insurer or other entity that is required to provide such benefits under such policy or contract.

8.10 **Governing Law**. This Plan shall be construed and enforced according to the laws of the State of Minnesota except to the extent preempted by federal law.

8.11 **Family and Medical Leave Act of 1993**. Notwithstanding any provision of this Plan to contrary, this Plan shall be operated and maintained in a manner consistent with the Family and Medical Leave Act of 1993 ("FMLA") and the Employer's FMLA policy required thereunder, provided the Employer is subject to FMLA.

8.12 **Uniformed Services Employment and Reemployment Rights Act of 1994**. Notwithstanding any provision of this Plan to the contrary, this Plan shall be operated and maintained in a manner consistent with the Uniformed Services Employment and Reemployment Act of 1994 ("USERRA"). The Plan Administrator may, within the parameters of the law, establish uniform policies by which to provide such continuation coverage required by USERRA, which shall be incorporated herein by reference.

8.13 **Genetic Information Nondiscrimination Act of 2008**. Notwithstanding any provision of this Plan to contrary, this Plan shall be operated and maintained in a manner consistent with the Genetic Information Nondiscrimination Act of 2008 ("GINA").

ARTICLE IX.
GROUP MEDICAL BENEFITS

9.1 **Purpose**. The purpose of this Article is to provide for the pre-tax payment opportunity for Group Medical Benefits under this Plan as an Available Benefit. The Employer provides Group Medical Benefits through one or more "plans" within the meaning of Sections 105 and 106 of the Code.

9.2 **Separate Written Plan**. For purposes of Sections 105 and 106 of the Code, this Article shall constitute a separate written plan providing for the reimbursement or direct payment of Insurance Premium expenses. To the extent necessary, other provisions of the Plan are incorporated by reference.

9.3 **Definitions**.

(a) **Dependent** means an individual (e.g., Spouse, child, domestic partner, etc.) who qualifies as a "dependent" under the terms and conditions of the applicable plan document governing the Group Medical Benefits.

(b) **Group Medical Benefits** means the medical coverage made available by the Employer through this Article to which the Insurance Premiums relate. It does not include individual Insurance Contracts.

(c) **HMO** means a health maintenance organization authorized to do business in the state in which it operates with which an agreement has been entered for the purpose of providing benefits under the Plan.

(d) **Highly Compensated Individual** means an individual who is highly compensated as defined in Section 105(h)(5) of the Code.

(e) **Insurance Contract** means (1) any insurance contract secured from an insurance company or HMO authorized to do business in the state in which such contract is issued, which has been obtained for the purpose of providing benefits under this portion of the Plan; or (2) a self-insured plan administered by a third party.

(f) **Insurance Premiums** means the amount that must be paid on a periodic basis in return for coverage under the Insurance Contract.

9.4 **Terms, Conditions and Limitations**. The Employer shall secure the necessary Insurance Contracts from third party providers regulated by the State in which they operate with respect to the provision of Group Medical Benefits, and/or establish the necessary self-insured program. Coverage shall begin, benefits shall be provided, and coverage shall terminate in accordance with the applicable Insurance Contracts Such Insurance Contracts are identified in Exhibit A (attached to the Adoption Agreement) and expressly incorporated into and made part of this Plan.

9.5 **Payments**. The Plan Administrator shall make Insurance Premium payments for the Group Medical Benefits on behalf of the Participant in an amount necessary to provide the benefit applicable to the Participant under this portion of the Plan for the applicable Plan Year. Such payments shall be made from Employer Contributions, if any, provided by the Employer under the Plan and, if necessary, contributions made in accordance with the salary reduction arrangement and other arrangements applicable to the Participant under the terms of the Plan. The appropriate portions shall depend on the coverage elected by the Participant. The Plan Administrator shall also make such payments on behalf of the Participant's Dependents who are enrolled in the Group Medical Benefits. To the extent

a Dependent is provided coverage under the Group Medical Benefits and that Dependent is not the Participant's Spouse or Tax Dependent, the tax consequence of such coverage shall be addressed as described in Section 4.2.

9.6 **Nondiscrimination**. To the extent the Group Medical Benefits are subject to Section 105(h) of the Code or Section 2716 of the Public Health Services Act, they shall not discriminate in favor of Highly Compensated Individuals with respect to eligibility to participate or benefits. If the Plan Administrator determines the Group Medical Benefits are or may be discriminatory, the Plan Administrator may take action permitted by law to avoid such a result as described in Section 6.15.

9.7 **Medical Child Support Orders**. Notwithstanding any provision of this Plan to the contrary, this Plan shall recognize child support orders regarding coverage under the Group Medical Benefits to the extent required by applicable law.

9.8 **Continuation of Coverage**. Continued coverage shall be provided under the Group Medical Benefits if and to the extent required under the Consolidated Omnibus Budget Reconciliation Act of 1985 ("COBRA"), as amended and as reflected in the Public Services Act, as amended ("PHSA"). To the extent not otherwise contained in the Plan, the Plan Administrator may, within the parameters of the law, establish uniform policies by which to provide such continuation coverage, which shall be incorporated herein by reference. There shall also be compliance with Minnesota law concerning continuation of coverage to the extent not preempted by federal law.

9.9 **HIPAA.** The Group Medical Benefits shall comply with the Privacy Rules and Security Rules under HIPAA (if applicable) as further provided in the Insurance Contract. In addition, the Group Medical Benefits shall comply with the portability requirements under HIPAA.

ARTICLE X.
GROUP DENTAL BENEFITS

10.1 **Purpose**. The purpose of this Article is to provide for the pre-tax payment opportunity for Group Dental Benefits under this Plan as an Available Benefit. The Employer provides Group Dental Benefits through one or more "plans" within the meaning of Sections 105 and 106 of the Code.

10.2 **Separate Written Plan**. For purposes of Sections 105 and 106 of the Code, this Article shall constitute a separate written plan providing for the reimbursement or direct payment of Insurance Premium expenses. To the extent necessary, other provisions of the Plan are incorporated by reference.

10.3 **Definitions.**

(a) **Dependent** means an individual (e.g., Spouse, child, domestic partner, etc.) who qualifies as a "dependent" under the terms and conditions of the applicable plan document governing the Group Dental Benefits.

(b) **DMO** means a dental maintenance organization authorized to do business in the state in which an agreement has been entered for the purpose of providing benefits under this portion of the Plan.

(c) **Group Dental Benefits** means the dental coverage made available by the Employer through this Article to which the Insurance Premiums relate. It does not include individual Insurance Contracts.

(d) **Highly Compensated Individual** means an individual who is highly compensated as defined in Section 105(h)(5) of the Code.

(e) **Insurance Contract** means (1) any insurance contract secured from an insurance company or DMO authorized to do business in the state in which such contract is issued, which has been obtained for the purpose of providing benefits under this portion of the Plan; or (2) a self-insured plan administered by a third party.

(f) **Insurance Premiums** means the amount that must be paid on a periodic basis in return for coverage under the Insurance Contract.

10.4 **Terms, Conditions and Limitations**. The Employer shall secure the necessary Insurance Contracts from third party providers with respect to the provision of Group Dental Benefits and/or establish the necessary self-insured program. Coverage shall begin, benefits shall be provided, and coverage shall terminate in accordance with the applicable Insurance Contracts Such Insurance Contracts are identified in Exhibit A (attached to the Adoption Agreement) and expressly incorporated into and made part of this Plan.

10.5 **Payments**. The Plan Administrator shall make Insurance Premium payments for the Group Dental Benefits on behalf of the Participant in an amount necessary to provide the benefit applicable to the Participant under this portion of the Plan for the applicable Plan Year. Such payments shall be made from Employer Contributions, if any, provided by the Employer under the Plan and, if necessary, contributions made in accordance with the salary reduction arrangement and other arrangements applicable to the Participant under the terms of the Plan. The appropriate portions shall depend on the coverage elected by the Participant. The Plan Administrator shall also make such payments on behalf of the Participant's Dependents who are enrolled in the Group Dental Benefits. To the extent a Dependent is provided coverage under the Group Dental Benefits and that Dependent is

not the Participant's Spouse or Tax Dependent, the tax consequence of such coverage shall be addressed as described in Section 4.2.

10.6 **Nondiscrimination**. To the extent the Group Dental Benefits are self-insured and, as a result, are subject to Section 105(h) of the Code, they shall not discriminate in favor of Highly Compensated Individuals with respect to eligibility to participate or benefits. If the Plan Administrator determines that the Group Dental Benefits may be discriminatory, the Plan Administrator may take action permitted by law to avoid such a result as described in Section 6.15. If the Group Dental Benefits fail any applicable nondiscrimination requirements, Highly Compensated Individuals shall have taxable income imputed to the extent required by law.

10.7 **Medical Child Support Orders**. Notwithstanding any provision of this Plan to the contrary, this Plan shall recognize child support orders regarding coverage under the Group Dental Benefits to the extent required by applicable law.

10.8 **Continuation of Coverage**. Continued coverage shall be provided under the Group Dental Benefits if and to the extent required under the Consolidated Omnibus Budget Reconciliation Act of 1985 ("COBRA"), as amended and as reflected in the Public Health Services Act, as amended ("PHSA"). To the extent not otherwise contained in the Plan, the Plan Administrator may, within the parameters of the law, establish uniform policies by which to provide such continuation coverage. There shall also be compliance with Minnesota law concerning continuation of coverage to the extent not preempted by federal law.

10.9 **HIPAA.** The Group Dental Benefits shall comply with the Privacy Rules and Security Rules under HIPAA (if applicable) as further provided in the Insurance Contract.

ARTICLE XI.
GROUP VISION BENEFITS

11.1 **Purpose**. The purpose of this Article is to provide for the pre-tax payment opportunity for Group Vision Benefits under this Plan as an Available Benefit. The Employer provides Group Vision Benefits through one or more "plans" within the meaning of Sections 105 and 106 of the Code.

11.2 **Separate Written Plan**. For purposes of Sections 105 and 106 of the Code, this Article shall constitute a separate written plan providing for the reimbursement or direct payment of Insurance Premium expenses. To the extent necessary, other provisions of the Plan are incorporated by reference.

11.3 **Definitions**.

(a) **Dependent** means an individual (e.g., Spouse, child, domestic partner, etc.) who qualifies as a "dependent" under the terms and conditions of the applicable plan document governing the Group Vision Benefits.

(b) **Group Vision Benefits** means the vision coverage made available by the Employer through this Article to which the Insurance Premiums relate. It does not include individual Insurance Contracts.

(c) **Highly Compensated Individual** means an individual who is highly compensated as defined in Section 105(h)(5) of the Code.

(d) **Insurance Contract** means (1) any insurance contract secured from an insurance company authorized to do business in the state in which such contract is issued, which has been obtained for the purpose of providing benefits under this portion of the Plan; or (2) a self-insured plan administered by a third party.

(e) **Insurance Premiums** means the amount that must be paid on a periodic basis in return for coverage under the Insurance Contract.

11.4 **Terms, Conditions and Limitations**. The Employer shall secure the necessary Insurance Contracts from third party providers with respect to the provision of Group Dental Benefits and/or establish the necessary self-insured program. Coverage shall begin, benefits shall be provided, and coverage shall terminate in accordance with the applicable Insurance Contracts. Such Insurance Contracts are identified in Exhibit A (attached to the Adoption Agreement) and expressly incorporated into and made part of this Plan.

11.5 **Payments**. The Plan Administrator shall make Insurance Premium payments for the Group Vision Benefits on behalf of the Participant in an amount necessary to provide the benefit applicable to the Participant under this portion of the Plan for the applicable Plan Year. Such payments shall be made from Employer Contributions, if any, provided by the Employer under the Plan and, if necessary, contributions made in accordance with the salary reduction arrangement and other arrangements applicable to the Participant under the terms of the Plan. The appropriate portions shall depend on the coverage elected by the Participant. The Plan Administrator shall also make such payments on behalf of the Participant's Dependents who are enrolled in the Group Vision Benefits. To the extent a Dependent is provided coverage under the Group Vision Benefits and that Dependent is not the Participant's Spouse or Tax Dependent, the tax consequence of such coverage shall be addressed as described in Section 4.2.

11.6 **Nondiscrimination**. To the extent the Group Vision Benefits are self-insured and, as a result, are subject to Section 105(h) of the Code, they shall not discriminate in favor of Highly Compensated Individuals with respect to eligibility to participate or benefits. If the Plan Administrator determines that the Group Vision Benefits are or may be discriminatory, the Plan Administrator may take action permitted by law to avoid such a result as described in Section 6.15. If the Group Vision Benefits fail any applicable nondiscrimination requirements, Highly Compensated Individuals shall have taxable income imputed to the extent required by law.

11.7 **Medical Child Support Orders**. Notwithstanding any provision of this Plan to the contrary, this Plan shall recognize child support orders regarding coverage under the Group Vision Benefits to the extent required by applicable law.

11.8 **Continuation of Coverage**. Continued coverage shall be provided under the Group Vision Benefits if and to the extent required under the Consolidated Omnibus Budget Reconciliation Act of 1985 ("COBRA"), as amended, and, as reflected in the Public Health Services Act ("PHSA"), as amended. To the extent not otherwise contained in the Plan, the Plan Administrator may, within the parameters of the law, establish uniform policies by which to provide such continuation coverage. There shall also be compliance with Minnesota law concerning continuation of coverage to the extent not preempted by federal law.

11.9 **HIPAA.** The Group Vision Benefits shall comply with the Privacy Rules and Security Rules under HIPAA (if applicable) as further provided in the Insurance Contract.

ARTICLE XII.
GROUP TERM LIFE BENEFITS AND/OR GROUP ACCIDENTAL DEATH & DISMEMBERMENT ("AD&D") BENEFITS

12.1 **Purpose**. The purpose of this Article is to provide for the pre-tax payment opportunity for Group Term Life Benefits and/or Group Accidental Death & Dismemberment ("AD&D") Benefits under this Plan as an Available Benefit up to $50,000. Benefits in excess of $50,000 will be after-tax. The Employer provides Group Term Life Benefits and/or Group AD&D Benefits through one or more "plans" within the meaning of Sections 79, 105, and 106 of the Code.

Note: This Article does not permit pre-tax payment of Insurance Premiums for coverage other than Participant coverage (e.g., no spousal or dependent coverage).

12.2 **Separate Written Plan**. For purposes of Sections 79, 105 and 106 of the Code, this Article shall constitute a separate written plan providing for the reimbursement or direct payment of Insurance Premium expenses. To the extent necessary, other provisions of the Plan are incorporated by reference.

12.3 **Definitions**.

(a) **Group AD&D Benefits** means the accidental death and dismemberment insurance coverage made available by the Employer through this Article to which the Insurance Premiums relate. It does not include individual Insurance Contracts.

(b) **Group Term Life Benefits** means the group term life insurance coverage made available by the Employer through this Article to which the Insurance Premiums relate. It does not include individual Insurance Contracts.

(c) **Insurance Contract** means any insurance contract secured from an insurance company authorized to do business in the state in which such contract is issued, which has been obtained for the purpose of providing benefits under this portion of the Plan.

(d) **Insurance Premiums** means the amount that must be paid on a periodic basis in return for group coverage under the Insurance Contract(s).

12.4 **Terms, Conditions and Limitations**. The Employer shall secure the necessary Insurance Contracts or other benefit agreements from third party providers. Coverage shall begin, benefits shall be provided, and coverage shall terminate in accordance with the applicable Insurance Contracts or other benefit agreements. Such Insurance Contracts or agreements are identified in Exhibit A (attached to the Adoption Agreement) and expressly incorporated into and made part of this Plan.

12.5 **Payments**. The Plan Administrator shall make Insurance Premium payments for the Group Term Life Benefits and/or Group AD&D Benefits on behalf of the Participant in an amount necessary to provide the benefit applicable to the Participant under this portion of the Plan for the applicable Plan Year. Such payments shall be made from Employer Contributions, if any, provided by the Employer under the Plan and, if necessary, contributions made in accordance with the salary reduction arrangement and other arrangements applicable to the Participant under the terms of the Plan. The appropriate portions shall depend on the coverage elected by the Participant.

12.6 **Limitation on Group Term Life Benefits**. The cost of Group Term Life Benefits on the Participant's life paid by the Employer shall not be included in the Participant's gross income to the extent the face amount of the Insurance Contract(s) does not exceed $50,000. If the face amount of the Insurance Contract(s) paid by the Employer exceeds $50,000, the cost of the coverage in excess of $50,000 shall be imputed to the Participant as income in accordance with Section 79 of the Code and the Cafeteria Plan Regulations. For purposes of this limitation, coverage paid by the Participant on a pre-tax basis is considered "paid by the Employer." Under no circumstances shall the coverage on the life of persons covered through the Participant be paid through this Plan.

12.7 **Tax Consequences of AD&D Benefits**. It is intended that the Insurance Premiums paid by the Employer (including pre-tax payments paid by the Participant through this portion of the Plan) for a Participant's Group AD&D Benefits shall be excluded in the Participant's gross income under Section 106 of the Code. Any benefits received as a result of the Insurance Contract under this portion of the Plan shall be included in the recipient's gross income to the extent required under the applicable provision(s) of the Code.

12.8 **Continuation/Conversion of Coverage**. There shall be compliance with applicable state law regarding continuation of coverage and conversion of coverage to the extent such state laws are not preempted by federal law. In addition, any continuation and conversion rights provided under the terms of the Insurance Contract(s) through which benefits are provided shall be available to the extent they are not prohibited or preempted by federal law.

ARTICLE XIII.
SHORT TERM DISABILITY BENEFITS

13.1 **Purpose**. The purpose of this Article is to provide for the payment opportunity for Short Term Disability Benefits under this Plan as an Available Benefit. This benefit premium is paid for with after-tax participant contributions.

13.2 **Definitions**.

(a) **Insurance Contract** means (1) any insurance contract secured from an insurance company authorized to do business in the state in which such contract is issued, which has been obtained for the purpose of providing benefits under this Plan; or (2) a self-insured plan administered by a third party.

(b) **Insurance Premiums** means the amount that must be paid on a periodic basis in return for group coverage under the Insurance Contract.

(c) **Short Term Disability Benefits** means the short term disability coverage made available by the Employer to which the Insurance Premiums relate. It does not include individual insurance contracts.

13.3 **Terms, Conditions and Limitations**. The Employer shall secure the necessary Insurance Contracts or other short term disability benefit agreements from third party providers. Coverage shall begin, benefits shall be provided, and coverage shall terminate in accordance with the applicable Insurance Contracts or other short term disability benefit agreements, and/or self-insured plan documents. Such Insurance Contracts, agreements, and plan documents are identified in Exhibit A (attached to the Adoption Agreement) and expressly incorporated into and made part of this Plan.

13.4 **Payments**. The Plan Administrator shall make Insurance Premium payments for the Short Term Disability Benefits on behalf of the Participant in an amount necessary to provide the benefit applicable to the Participant under this portion of the Plan for the applicable Plan Year. Such payments shall be made from Employer Contributions, and, if necessary, contributions made in accordance with the salary reduction or other arrangements applicable to the Participant under the terms of the Plan. The appropriate portions shall depend on the coverage elected by the Participant.

13.5 **Tax Consequences**. As provided in the Adoption Agreement, the premiums paid by the Employer (including payments paid by the Participant through this portion of the Plan) for a Participant's Short Term Disability Benefits shall either be (a) included in the Participant's gross income, or (b) excluded from the Participant's gross income under Section 106 of the Code. If such premiums are included in the Participant's gross income, any benefits received as a result of the coverage purchased under this portion of the Plan shall be excluded in the recipient's gross income to the extent allowed under applicable provision(s) of the Code. If such premiums are excluded from the Participant's gross income, any benefits received as a result of the coverage purchased under this portion of the Plan shall be included in the recipient's gross income to the extent required under applicable provision(s) of the Code.

ARTICLE XIV.
LONG TERM DISABILITY BENEFITS

14.1 **Purpose**. The purpose of this Article is to provide for the payment opportunity for Long Term Disability Benefits under this Plan as an Available Benefit. This benefit premium is paid for with after-tax participant contributions.

14.2 **Definitions**.

(a) **Insurance Contract** means (1) any insurance contract secured from an insurance company authorized to do business in the state in which such contract is issued, which has been obtained for the purpose of providing benefits under this Plan; or (2) a self-insured plan administered by a third party.

(b) **Insurance Premiums** means the amount that must be paid on a periodic basis in return for group coverage under the Insurance Contract.

(c) **Long Term Disability Benefits** means the long term disability coverage made available by the Employer to which the Insurance Premiums relate. It does not include individual long term disability Insurance Contracts.

14.3 **Terms, Conditions and Limitations**. The Employer shall secure the necessary Insurance Contracts or other long term disability benefit agreements from third party providers. Coverage shall begin, benefits shall be provided, and coverage shall terminate in accordance with the applicable Insurance Contracts or other agreements, and/or self-insured plan documents. Such Insurance Contracts, agreements, and plan documents are identified in Exhibit A (attached to the Adoption Agreement) and expressly incorporated into and made part of this Plan.

14.4 **Payments**. The Plan Administrator shall make Insurance Premium payments for the Long Term Disability Benefits on behalf of the Participant in an amount necessary to provide the benefit applicable to the Participant under this portion of the Plan for the applicable Plan Year. Such payments shall be made from Employer Contributions and, if necessary, contributions made in accordance with the salary reduction or other arrangements applicable to the Participant under the terms of the Plan. The appropriate portions shall depend on the coverage elected by the Participant.

14.5 **Tax Consequences**. As provided in the Adoption Agreement, the premiums paid by the Employer (including payments paid by the Participant through this portion of the Plan) for a Participant's Long Term Disability Benefits shall either be (a) included in the Participant's gross income, or (b) excluded from the Participant's gross income under Section 106 of the Code. If such premiums are included in the Participant's gross income, any benefits received as a result of the coverage purchased under this portion of the Plan shall be excluded in the recipient's gross income to the extent allowed under applicable provision(s) of the Code. If such premiums are excluded from the Participant's gross income, any benefits received as a result of the coverage purchased under this portion of the Plan shall be included in the recipient's gross income to the extent required under applicable provision(s) of the Code.

ARTICLE XV.
AFLAC BENEFITS

15.1 **Purpose**. The purpose of this Article is to provide for the payment opportunity for Aflac Election Benefits under this Plan as an Available Benefit. The Employer provides Aflac Benefits through one or more "plans" within the meaning of Sections 105 and 106 of the Code.

15.2 **Separate Written Plan**. For purposes of Sections 105 and 106 of the Code, this Article shall constitute a separate written plan providing for the reimbursement or direct payment of Insurance Premium expenses. To the extent necessary, other provisions of the Plan are incorporated by reference.

15.3 **Definitions**.

(a) **Insurance Contract** means (1) any insurance contract secured from an insurance company authorized to do business in the state in which such contract is issued, which has been obtained for the purpose of providing benefits under this Plan; or (2) a self-insured plan administered by a third party.

(b) **Insurance Premiums** means the amount that must be paid on a periodic basis in return for group coverage under the Insurance Contract.

15.4 **Terms, Conditions and Limitations**. The Employer shall secure the necessary Insurance Contracts or other benefit agreements from third party providers. Coverage shall begin, benefits shall be provided, and coverage shall terminate in accordance with the applicable Insurance Contracts or other agreements, and/or self-insured plan documents. Such Insurance Contracts, agreements, and plan documents are identified in Exhibit A (attached to the Adoption Agreement) and expressly incorporated into and made part of this Plan.

15.5 **Payments**. The Plan Administrator shall make Insurance Premium payments for the Aflac Benefits on behalf of the Participant in an amount necessary to provide the benefit applicable to the Participant under this portion of the Plan for the applicable Plan Year. Such payments shall be made from Employer Contributions and, if necessary, contributions made in accordance with the salary reduction or other arrangements applicable to the Participant under the terms of the Plan. The appropriate portions shall depend on the coverage elected by the Participant.

15.6 **Tax Consequences**. As provided in the Adoption Agreement, the premiums paid by the Employer (including payments paid by the Participant through this portion of the Plan) for a Participant's Aflac Benefits shall either be (a) included in the Participant's gross income, or (b) excluded from the Participant's gross income under Section 106 of the Code. If such premiums are included in the Participant's gross income, any benefits received as a result of the coverage purchased under this portion of the Plan shall be excluded in the recipient's gross income to the extent allowed under applicable provision(s) of the Code. If such premiums are excluded from the Participant's gross income, any benefits received as a result of the coverage purchased under this portion of the Plan shall be included in the recipient's gross income to the extent required under applicable provision(s) of the Code.

ARTICLE XVI.
DEPENDENT CARE EXPENSE REIMBURSEMENT PLAN

16.1 **Purpose**. The purpose of this Article is to provide Participants with the opportunity to be reimbursed for eligible Dependent Care Expenses under this Plan as an Available Benefit under the Plan. This Article is intended to qualify as a "dependent care assistance program" under Section 129 of the Code so that payments received under this portion of the Plan are excludable from the gross income of the Participant under Section 129(a) of the Code.

16.2 **Separate Written Plan**. For purposes of Section 129 of the Code, this Article shall constitute a separate written plan providing reimbursement of certain Dependent Care Expenses. To the extent necessary, other provisions of the Plan are incorporated by reference.

16.3 **Definitions**.

(a) **Claims Run-Out Period** means the period beginning on the first day following the close of the Plan Year and ending on the date specified in the Adoption Agreement.

(b) **Dependent Care Account ("DC Account")** means the record keeping account established by the Plan Administrator for each Plan Year for each Participant from whom an Election to create such an account is received.

(c) **Dependent Care Center** shall have the meaning given such term in Sections 21(b)(2)(C) and 21(b)(2)(D) of the Code: a facility that (1) complies with all applicable laws and regulations of the state and town, city or village in which it is located; (2) provides care for more than six individuals (other than individuals who reside at the facility); and (3) receives a fee, payment or grant for providing services for any of the individuals (regardless of whether such facility is operated for profit).

(d) **Dependent Care Expenses** means amounts paid by the Participant for services that would be considered employment-related expenses under Section 21(b)(2) of the Code, any applicable proposed or final regulations issued thereunder, or any guidance issued by the IRS interpreting or applying any of the foregoing. Employment-related expenses for purposes of this Plan include expenses incurred to enable a Participant to be Gainfully Employed during any period for which there are one or more Qualifying Individuals with respect to the Participant for (1) household services, and (2) care of a Qualifying Individual. However, employment-related expenses which are incurred for services outside the Participant's household shall be considered Dependent Care Expenses only if incurred for the care of a Qualifying Individual described in Section 16.3(i)(1)(i) below or a Qualifying Individual not described in Section 16.3(i)(1)(i) below who regularly spends at least eight (8) hours each day in the Participant's household. Dependent Care Expenses do not include expenses which are incurred for services provided by a Dependent Care Center if such center does not comply with all applicable laws and regulations of the applicable state or other unit of local government which regulates the center. In addition, Dependent Care Expenses shall not include any amounts paid to an individual who:

(1) is a child of such Participant (within the meaning of Section 152(f)(1) of the Code) who is under the age of nineteen (19) at the close of such taxable year;

(2) with respect to whom, for such taxable year, a deduction is allowable under Section 151(c) of the Code (relating to personal exemptions for dependents) to such Participant or the Spouse of such Participant;
(3) is the Spouse of the Participant at any time during the taxable year; or
(4) is the parent of the Participant's child who is a Qualifying Individual.

(e) **Earned Income** shall have the meaning given such term in Section 32(c)(2) of the Code (which refers to wages, salaries, tips and other Employee Compensation as well as net earnings from self-employment), but shall not include any amounts reimbursed by the Employer under this portion of the Plan. Further, if a Participant's Spouse is a Student or incapable of caring for himself or herself, the provisions of Section 21(d)(2) of the Code shall apply in determining the Earned Income of that Spouse. Generally, this Section provides that a Spouse of a Participant shall be deemed to have Earned Income of not less than $250 per month if there is one Qualifying Individual with respect to the Participant or $500 per month if there are two or more Qualifying Individuals with respect to the Participant.

(f) **Gainfully Employed** means the earning of income for services performed or the period of active search for gainful employment. Nominal reimbursement for volunteer work is not considered gainful employment.

(g) **Highly Compensated Employees** means Employees who are "highly compensated" as defined in Section 414(q) of the Code.

(h) **Non-Highly Compensated Participants** means Employees who are not Highly Compensated Employees.

(i) **Qualifying Individual** means a person for whom expenses can be submitted for reimbursement.

(1) A Qualifying Individual is:
  i) the Participant's "qualifying child" under Section 152 of the Code who is under age thirteen (13);
  ii) the Participant's "qualifying child" under Section 152 of the Code (determined without regard to Sections 152(b)(1) and (b)(2) of the Code) who is mentally or physically unable to care for himself or herself;
  iii) the Participant's "qualifying relative" under Section 152 of the Code (determined without regard to Sections 152(b)(1), (b)(2), and (d)(1)(B) of the Code) who: (1) is mentally or physically unable to care for himself or herself, and (2) has the same principal place of abode as the Participant for at least one-half of the year; or
  iv) the Participant's Spouse who: (1) is mentally or physically unable to care for himself or herself, and (2) has the same principal place of abode as the Participant for at least one-half of the year
(2) With the exception of two parents that file income taxes jointly, only one person is entitled to treat the child as a Qualifying Individual. Where

multiple people are involved, there are two special rules to determine which person is entitled to treat the child as a Qualifying Individual.

i) **Divorced or Separated Parents, or Parents Living Apart.** If a child's parents are divorced, legally separated, separated pursuant to a written agreement, or live apart at all times during the last six (6) months of the calendar year, a special rule applies if: (i) the child is under age 13 or is mentally or physically unable to care for himself or herself; (ii) the child receives more than 50% of his or her support from the parents (in aggregate); and (iii) the child resides with the parents (in aggregate) for more than 50% of the year. In such situations, the child is the Qualifying Individual of the custodial parent even if the custodial parent has released the right to claim the child as a dependent. The custodial parent is the parent identified in Section 152(e) of the Code (i.e., generally the parent with whom the child resides for the greater number of nights during the calendar year or, if the child resides with both parents for an equal number of nights, the parent with the higher adjusted gross income for the year).

ii) **Two or More Persons Claiming a Child as a Qualifying Individual.** If the special rule described above regarding divorce, etc. does not apply, the special tie-breaker rules of Section 152(c)(4) of the Code may apply. If an individual is a qualifying child (as defined in Section 152 of the Code) with respect to more than one person, then:

a. If both persons are the individual's parents and they file a joint federal income tax return, the child is the Qualifying Individual of both parents.

b. If both persons are the individual's parents and they file separate federal income tax returns, then the child is the Qualifying Individual of the parent with whom the child resided for the longest period of time during the calendar year (or, if child resides with both parents for the same amount of time during the year, the parent with the highest adjusted gross income for the year). However, if that parent (i.e., the custodial parent or the parent with the highest adjusted gross income) does not claim the child as a qualifying child (as defined in Section 152 of the Code) for any purpose (i.e., a dependent care expense reimbursement program, the earned income credit, the dependency deduction, the child tax credit, and the dependent care credit), then the child is the Qualifying Individual of the other parent (i.e., the non-custodial parent or the parent with the lowest adjusted gross income). This is the one person that is entitled to treat the child as a Qualifying Individual.

c. If one person is the individual's parent and the other is not, the child is the Qualifying Individual of the parent. However, if the parent does not claim the child as a qualifying child (as defined in Section 152 of the Code) for any purpose (i.e., a dependent care expense reimbursement program, the earned income credit, the dependency deduction, the child tax credit, and the dependent care credit), then the child is the Qualifying Individual of the other person (i.e., the

non-parent). This is the one person that is entitled to treat the child as a Qualifying Individual.

d. If neither person is the individual's parent, the child is the Qualifying Individual of the person with the highest adjusted gross income for the year in question. However, if that person does not claim the child as a qualifying child (as defined in Section 152 of the Code) for any purpose (i.e., a dependent care expense reimbursement program, the earned income credit, the dependency deduction, the child tax credit, and the dependent care credit), then the child is the Qualifying Individual of the other person (i.e., the person with the lowest adjusted gross income). This is the one person that is entitled to treat the child as a Qualifying Individual.

(j) **Student** shall have the meaning provided in Section 21(e)(7) of the Code which means an individual who during each of five (5) calendar months during the taxable year is a full time student at an educational organization which normally maintains a regular facility and curriculum and normally has a regularly enrolled body of students in attendance at the place where its educational activities are regularly carried on as provided in Sections 21(e)(8) and 170(b)(1)(A)(ii) of the Code.

16.4 **Dependent Care Account**. The DC Account will be credited as of each date contributions are made pursuant to Article IV with a pro-rated portion of the Participant's Election for the Plan Year. A Participant's DC Account will be decreased from time to time in the amount of payments made to the Participant for eligible Dependent Care Expenses incurred during the Plan Year.

16.5 **Claims Determination**. Claim submission, determination, and appeals shall be handled in accordance with Article VI.

16.6 **Incurred Expenses**. To be reimbursable, an eligible Dependent Care Expense must have been incurred after participation in this portion of the Plan began and during the Plan Year for which reimbursement is claimed. An expense is "incurred" when the Participant is provided with the care which gives rise to the eligible Dependent Care Expense, not when the service is billed or paid. Reimbursement shall not be made for future or projected expenses.

16.7 **Reimbursement of Expense**. The Participant shall be reimbursed as specified in Section 6.7 from the Participant's DC Account for eligible Dependent Care Expenses incurred during the applicable Plan Year for which the Participant submits the documentation required under Article VI. In no case shall a payment be made which exceeds the balance in the Participant's DC Account at the time reimbursement is processed. Claims for reimbursement with respect to a Plan Year must be submitted prior to the close of the Claims Run-Out Period for such Plan Year.

If a claim for reimbursement exceeds the available balance in the Participant's DC Account, the excess part of the claim will be carried over and paid as the Participant's DC Account becomes adequate. Under no circumstances (a) will any balance remaining in a Participant's DC Account at the end of the Plan Year be carried over to the next Plan Year,

or (b) will an otherwise eligible Dependent Care Expense be carried over to the next Plan Year.

16.8 **Maximum Reimbursement**. The maximum reimbursement which a Participant may receive in a tax year under this portion of the Plan shall be the lesser of:

(a) the Participant's Earned Income for the tax year;

(b) the actual or deemed Earned Income of the Participant's Spouse for the tax year; or

(c) $5,000 (or in the case of a Participant who is married and filing a separate income tax return from his or her Spouse, $2,500) or IRS defined limit.

This maximum includes the Employer Contribution, if any, DC Account forfeitures and the Participant's salary reduction. If a Participant is married and the Spouse of the Participant also participates in a dependent care program under Section 129 of the Code, the combined reimbursements may not exceed the limits described above for the tax year. It shall be the Participant's responsibility to monitor the combined reimbursements.

16.9 **Reimbursement Upon Termination of Participation**. If an individual ceases to be a Participant in this portion of the Plan during a Plan Year, no further contributions will be credited to the DC Account. Reimbursements shall continue as specified in the Adoption Agreement.

16.10 **Participant's Death**. In the event a Participant dies having incurred an eligible Dependent Care Expense which (a) would have been reimbursable out of the Participant's DC Account had the Participant not died, and (b) for which a person or the Participant's estate has paid for or assumed liability, reimbursement may be made to that person or the estate for that payment or assumption. The remainder of the Participant's DC Account shall be forfeited in accordance with Section 5.7.

16.11 **Nondiscrimination.** This portion of the Plan shall not discriminate in favor of Highly Compensated Employees or their Dependents with respect to eligibility, contributions or benefits. The average eligible Dependent Care Expenses paid to Non-Highly Compensated Employees shall be at least fifty-five percent (55%) of the average eligible Dependent Care Expenses paid to Highly Compensated Employees. If benefits are provided through salary reduction agreements, Employees with annual compensation less than $25,000 may be excluded. If the Plan Administrator determines that the Plan is or will be discriminatory, the Plan Administrator may take any action permitted by law to avoid such result in accordance with Section 6.15. If this portion of the Plan fails any applicable nondiscrimination requirements, Highly Compensated Employees shall have taxable income imputed to the extent required by law.

16.12 **Dependent Care Limitations.**

(a) Reimbursement or payment of eligible Dependent Care Expenses shall be made to the Participant only in the event and to the extent that such reimbursement or payment is: (1) not otherwise provided under any insurance policy, whether the premium on such policy is paid by the Employer or an individual, and (2) not provided for or reimbursable under any other plan or policy.

(b) Other limitations, if any, shall be set forth in the Adoption Agreement.

16.13 **Reporting and Disclosure**. Each Participant must be furnished with a written statement showing the amounts paid under this portion of the Plan by an Employer on behalf of the

Participant for a calendar year. The statement must be furnished before January 31st of the following year. If the actual amount paid is not known by this deadline, the Employer may report a reasonable estimate of the amounts paid under this portion of the Plan.

ARTICLE XVII.
MEDICAL EXPENSE REIMBURSEMENT PLAN

17.1 **Purpose**. The purpose of this Article is to provide Participants with the opportunity to be reimbursed for certain eligible Medical Expenses as an Available Benefit under the Plan. This Article is intended to qualify as a self-insured medical reimbursement plan under Section 105 of the Code so that payments received under this portion of the Plan are excludable from the gross income of the Participant under Section 105(b) of the Code.

17.2 **Separate Written Plan**. For purposes of Section 105 of the Code, this Article shall constitute a separate written plan providing for the reimbursement of certain Medical Expenses. To the extent necessary, other provisions of the Plan are incorporated by reference.

17.3 **Definitions**.

(a) **Claims Run-Out Period** means the period beginning on the first day following the close of the Plan Year or, if applicable, the Grace Period and ending on the date specified in the Adoption Agreement.

(b) **Dependent** means, unless otherwise specified in the Adoption Agreement, Tax Dependent.

(c) **Highly Compensated Individual** means an individual who is highly compensated as defined in Section 105(h)(5) of the Code.

(d) **Medical Expense** means, unless otherwise limited in the Adoption Agreement, an expense incurred during the applicable Plan Year by a Participant, Spouse, or Dependent for medical care as defined in Section 213 of the Code, excluding premiums for health coverage and long-term care coverage. Medical care generally refers to the diagnosis, cure, treatment, or prevention of disease or for the purpose of affecting any structure or function of the body. Also included, are reasonable transportation expenses for and essential to medical care. If "Medical Expense" includes over-the-counter drugs and medicines, such expenses shall constitute Medical Expenses only to the extent allowed by Section 106(f) of the Code.

(e) **Medical Expense Account ("ME Account")** means the record keeping account established by the Plan Administrator for each Plan Year for each Participant from whom an Election to create such an account is received.

17.4 **Medical Expense Account**. The ME Account will be credited with the amount elected by the Participant and the amount of the carryover, if any, at the beginning of the Plan Year. A Participant's ME Account will be decreased from time to time in the amount of payments made to the Participant for eligible Medical Expenses incurred during the Plan Year and the Grace Period, if applicable.

17.5 **Claims Determination**. Claim submission, determination, and appeals shall be handled in accordance with Article VI.

17.6 **Incurred Expenses**. To be reimbursable, an eligible Medical Expense must have been incurred after participation in this portion of the Plan began and during the Plan Year for which reimbursement is claimed or the Grace Period related to such Plan Year, if applicable. An expense is "incurred" when the Participant is provided with the care which gives rise to the eligible Medical Expense, not when the service is billed or paid. Reimbursement shall not be made for future projected expenses. Notwithstanding the

foregoing, pursuant to and in accordance with the Cafeteria Plan Regulations, if specifically provided in the Adoption Agreement, the Plan may reimburse Medical Expenses for orthodontia care in advance.

17.7 **Reimbursement of Expense**. The Participant shall be reimbursed as specified in Section 6.7 from the Participant's ME Account for eligible Medical Expenses incurred during the applicable Plan Year and the Grace Period, if applicable, for which the Participant submits the documentation required under Article VI. An amount up to the sum of the Participant's Election and the carryover, if any, and reduced as of any particular time for prior reimbursements for the same Plan Year, and the Grace Period, if applicable, shall be available for reimbursement at all times during the Plan Year, and the Grace Period, if applicable. Claims for reimbursement within a Plan Year, and Grace Period, if applicable, must be submitted prior to the close of the Claims Run-Out Period for such Plan Year and the Grace Period, if applicable.

In no case shall a payment be made which exceeds the balance in the Participant's ME Account at the time reimbursement is processed. If a claim for reimbursement exceeds the balance in the Participant's ME Account, the excess part of the claim will be denied. Except as provided in Section 17.12(b), under no circumstances (a) will any balance remaining in a Participant's ME Account at the end of the Plan Year, and the Grace Period, if applicable, be carried over to the next Plan Year, or (b) will an otherwise eligible Medical Expense be carried over to the next Plan Year.

17.8 **Maximum Election.** The maximum election a Participant may make for a Plan Year under this portion of the Plan shall be the dollar amount indicated in the Adoption Agreement. The maximum election amount applies to the Participant, Spouse, and Dependent children on an aggregate basis, not an individual basis. For Plan Years that are less than 12 months, unless indicated otherwise in the Adoption Agreement, this maximum shall be pro-rated by multiplying the applicable maximum by a fraction with a numerator of the number of months in the short Plan Year and with a denominator of 12. For Participants beginning participation in the Plan mid-Plan Year, unless indicated otherwise in the Adoption Agreement, this maximum shall be pro-rated by multiplying the applicable maximum by a fraction with a numerator of the number of complete calendar months remaining in the Plan Year at the time the Participant begins participation and with a denominator of 12. Notwithstanding the foregoing, a Participant may not make salary reduction contributions to the Medical Expense Reimbursement Plan in excess of any maximum imposed under applicable law.

17.9 **Reimbursement Upon Termination of Participation**. If an individual ceases to be a Participant in this portion of the Plan, coverage shall cease (which means that reimbursements shall cease) unless benefits under the Plan are continued as provided in Section 17.14, if applicable. If coverage ceases, reimbursements for eligible Medical Expenses incurred before participation terminated will continue to be made as provided in the Adoption Agreement.

17.10 **Participant's Death**. In the event a Participant dies having incurred an eligible Medical Expense (a) which would have been reimbursable out of the Participant's ME Account had the Participant not died, and (b) for which a person or the Participant's estate has paid for or assumed liability for the expense, reimbursement may be made to that person or the

estate for that payment or assumption. The remainder of the Participant's ME Account shall be forfeited in accordance with Section 5.7.

17.11 **Nondiscrimination**. This portion of the Plan shall not discriminate in favor of Highly Compensated Individuals as to eligibility to participate or benefits. If the Plan Administrator determines that this portion of the Plan is or may be discriminatory, the Plan Administrator may take action permitted by law to avoid such result as provided in Section 6.15. If the Plan fails any applicable nondiscrimination requirements, Highly Compensated Individuals shall have taxable income imputed to the extent required by law.

17.12 **ME Account Forfeitures. Forfeiture**

(a) **ME Account Claims Grace Period**. If selected in the Adoption Agreement, the Claims Grace Period shall apply to this Available Benefit.

(b) **Carryover.** If selected in the Adoption Agreement, a limited carryover of ME Account balances from Plan Year to Plan Year will be provided in accordance with the following conditions and restrictions:

(1) The amount that may be carried over is limited to the lesser of (i) $500, or (ii) the balance of the Participant's ME Account.

(2) The balance of a Participant's ME Account available for the carryover shall be determined upon expiration of the Claims Run-out Period. Notwithstanding the foregoing, the balance of the Participant's ME Account as of midnight on the last day of the Plan Year, up to the amount specified in paragraph (1) above, shall be available to reimburse Medical Expenses incurred on and after the first day of the new Plan Year. The Claims Administrator will administer claims submitted during the Claim Run-out Period ~~(including~~ allocating claims between the Participant's carryover balance and the Participant's election for the new Plan Year (if any)) in a manner consistent with applicable law (including regulatory guidance). For purposes of this paragraph, the balance of a Participant's ME Account at any point in time shall be equal to the amount credited to the ME Account for the Plan Year minus claims paid to date with respect to that Plan Year.

(3) In general, a carryover made in accordance herewith shall occur within the Medical Expense Reimbursement Plan. However, if the Plan includes a Limited Scope Medical Expense Reimbursement Plan, a Participant entitled to an ME Account carryover in accordance herewith shall receive the carryover to a Limited Scope ME Account if: (i) the Participant enrolls in the Limited Scope Medical Expense Reimbursement Plan for the following Plan Year, or (ii) the Participant directs the Plan Administrator, by no later than the last day of the Plan Year from which the carryover is to be made and in accordance with procedures adopted by the Plan Administrator, to make the carryover to the Limited Scope Medical Expense Reimbursement Plan.

(4) In general, a carryover made in accordance herewith shall occur automatically. However, a Participant entitled to an ME Account carryover in accordance herewith may elect, by no later than the last day of the Plan Year from which the carryover is to be made and in accordance with procedures adopted by the Plan Administrator, to waive the carryover.

(5) Unless otherwise required under applicable law (including regulatory guidance), a carryover of an ME Account balance shall be available only to

individuals who are eligible to make elections under the Medical Expense Reimbursement Plan as of the first day of the Plan Year to which the carryover will be made (regardless of whether the individual actually elects to participate).

(6) A carryover shall not count against the maximum reimbursement a Participant may receive as specified in Section 17.8.

(c) **Claims Run-out Period**. Except as otherwise provided in this Section 17.12, (1). amounts attributed to a Participant's ME Account for any Plan Year shall be used only to reimburse the Participant for eligible Medical Expenses incurred during such Plan Year and its Claims Grace Period (if applicable), and (2) any balance remaining in a Participant's ME Account for a Plan Year shall be forfeited following the end of Claims Run-Out Period in accordance with Section 5.7. The Plan Administrator may extend this period in the event the Participant cannot obtain proper documentation until after the expiration of the period. Such forfeited amount shall not be distributed in cash, carried over to the next Plan Year or used by the Participant for any other purpose.

17.13 **Medical Child Support Orders**. Notwithstanding any provision of this Plan to the contrary, this Plan shall recognize child support orders regarding coverage under this Medical Expense Reimbursement Plan to the extent required by applicable law.

17.14 **Qualified Reservist Distribution**. If the Adoption Agreement provides that such distributions are available, a Participant may request, in writing on a form provided by the Plan Administrator, a "Qualified Reservist Distribution" from the Participant's ME Account if: (a) the Participant is a member of the Army National Guard, the Army Reserve, the Navy Reserve, the Marine Corps Reserve, the Air National Guard, the Air Force Reserve, the Coast Guard Reserve, or the Reserve Corps of the Public Health Service; and (b) the Participant has been ordered or called to active duty for either (1) at least one hundred eighty (180) days, or (2) an indefinite period of time. Such request must be made on or after the date of the order or call to active duty and before the last day of the Plan Year. A copy of the order or call to duty must accompany the form. The amount available to the Participant as a Qualified Reservist Distribution shall be the amount contributed to the ME Account as of the date of the request minus any reimbursements of Medical Expenses provided under the ME Account as of that date. Such distributions shall be included in the Participant's taxable income and shall be subject to normal wage withholding requirements to the extent required by law. If a balance remains in the Participant's ME Account following the Qualified Reservist Distribution, the Participant may continue to submit claims for reimbursement.

17.15 **Continuation of Coverage**. Continued coverage under the Medical Expense Reimbursement Plan shall be provided as required under the Consolidated Omnibus Budget Reconciliation Act of 1985 ("COBRA"), as amended and as reflected in the Public Health Services Act, as amended ("PHSA"). To the extent not contained in the Plan, the Plan Administrator may, within the parameters of the law, establish uniform policies by which to provide such continuation coverage, which shall be incorporated herein by reference.

17.16 **HIPAA.** The Medical Expense Reimbursement Plan shall comply with the Privacy Rules and Security Rules under HIPAA (if applicable) as further provided in Article XXI.

17.17 **Further Limitations on Benefits.**

(a) This Article does not cover expenses incurred for any loss caused by or resulting from injury or disease for which benefits are payable under any worker's compensation law or other employer, union, association or governmental sponsored group insurance plan.

(b) This Article does not cover expenses incurred for any loss caused by or resulting from injury or disease for which benefits are received by the Participant, the Participant's Spouse or the Participant's Dependent under any health and accident insurance policy or program, whether or not premiums are paid by the Employer or the Participant, the Participant's Spouse or the Participant's Dependent child.

(c) Amounts reimbursed under a dependent care assistance program described in Section 129 of the Code shall not be reimbursed under this Plan.

(d) A Participant in the Plan may not participate under this Article and contribute to an HSA.

(e) Other limitations, if any, shall be set forth in the Adoption Agreement.

17.18 **Patient Protection and Affordable Care Act.** The Medical Expense Reimbursement Plan is intended to be an excepted benefit under HIPAA because:

(a) All Participants of this Available Benefit are eligible for Group Medical Benefits, and

(b) The maximum reimbursement available does not exceed the greater of (1) two times the Participant's salary reduction election or (2) the Participant's salary reduction election plus $500.

Accordingly, certain mandates of the Patient Protection and Affordable Care Act, as amended, including the preventative care mandate, do not apply to the Medical Expense Reimbursement Plan.

ARTICLE XVIII.
HSA CONTRIBUTION FEATURE

18.1 **Purpose**. The purpose of this Article is to provide for the pre-tax funding of an HSA under this Plan as an Available Benefit.

18.2 **Separate Written Plan**. For purposes of Section 223 of the Code, this Article shall constitute a separate written plan. To the extent necessary, other provisions of the Plan are incorporated by reference.

18.3 **Definitions**.

(a) **Certification of HSA Eligibility** means the form (if any) provided by the Plan Administrator in which the Participant certifies he or she is eligible for HSA contributions.

(b) **HSA** means a health savings accounts under Section 223 of the Code established and owned by a Participant to which contributions are made under this portion of the Plan. The Employer does not sponsor a Participant's HSA, and a Participant's HSA is not an employer-sponsored group health plan. If provided in the Adoption Agreement, to participate in this HSA Contribution Feature, the HSA must be established at a trustee/custodian selected by the Employer.

(c) **HSA Contribution Feature** means the portion of the Plan described in this Article, which consists of contributions to a Participant's HSA through salary reduction and Employer Contributions, if any.

(d) **High Deductible Health Plan** means, unless otherwise specified in the Adoption Agreement, a "qualifying high deductible health plan" under Section 223(c)(2) of the Code sponsored by the Employer.

(e) **Permitted Insurance or Permitted Coverage** means:

(1) insurance in which substantially all of the coverage relates to liabilities incurred under workers' compensation laws, tort liabilities, liabilities related to ownership or use of property, or similar liabilities as specified by the IRS;

(2) insurance for specified disease or illness (e.g., cancer insurance);

(3) insurance that pays a fixed amount per day (or other period) of hospitalization (e.g., hospital indemnity insurance);

(4) coverage for accidents, disability, dental care, vision care, preventive care, or long-term care;

(5) some medical reimbursement accounts and health reimbursement arrangements ("HRAs") (e.g., limited scope medical reimbursement accounts and HRAs, suspended HRAs, post-deductible medical reimbursement accounts and HRAs, and retirement HRAs); and

(6) some wellness programs and employee assistance programs (e.g., those that do not provide significant benefits in the nature of non-preventive medical care or treatment).

18.4 **Eligibility.** To be eligible for HSA contributions, the Employee must:

(a) be eligible to participate in this Plan under Section 3.1;

(b) be covered by the High Deductible Health Plan;

(c) not be claimed as another person's dependent for purposes of such person's federal income tax return;

(d) not be actually covered by Medicare; and

(e) not have any health coverage other than Permitted Insurance, Permitted Coverage, or coverage under a high deductible health plan (as defined under Section 223(c)(2) of the Code), whether or not such coverage is sponsored by the Employer.

18.5 **Certification of Eligibility.** Notwithstanding anything in this Plan to the contrary if specifically indicated in the Adoption Agreement, in order to receive HSA contributions, at the time of enrollment, the Participant must provide to the Plan Administrator a Certification of HSA Eligibility. Thereafter, such certification may be requested periodically by the Plan Administrator.

18.6 **Contributions.**

(a) **Employer Contributions.** Employer Contributions, if any, will be contributed to the Participant's HSA at the times established by the Employer.

(b) **Employee Contributions.** Amounts withheld from a Participant's Compensation pursuant to an agreement authorizing salary reduction with respect to this Available Benefit shall be contributed to the Participant's HSA as soon as administratively feasible.

18.7 **Limits on Contributions.** Contributions made by a Participant and/or on a Participant's behalf (i.e., Employer Contributions) into the HSA under this Plan are limited in accordance with the following rules.

(a) **General Limit.** During a taxable year, total contributions to all health savings account owned by a Participant cannot exceed a statutory indexed amount.

(b) **Catch Up Contributions.** An additional "catch-up" amount (determined on a monthly basis) can be contributed for eligible individuals who attain age 55 before the close of the taxable year.

(c) **Pro-rated Limit if Not Eligible on December 1st.** If a Participant is eligible for HSA contributions during a taxable year but ceases to be eligible prior to December 1st of that taxable year, the contribution limit for that taxable year shall be determined by multiplying 1/12 of the applicable limit by the number of months the first day of which the Participant was eligible for HSA contributions. This pro-rated limit shall apply to all contributions made during the applicable taxable year, including those contributions made prior to the date on which the Participant ceased to be eligible for HSA contributions.

(d) **Special Rule if Eligible on December 1st.** If a Participant becomes eligible for HSA contributions during the taxable year and is eligible on December 1st of such year, the Participant shall be deemed to have been eligible for each month in such taxable year and may make or receive HSA contributions up to the full annual limit. This special rule applies to all contributions made during the applicable taxable year, including contributions made prior to or after December 1st.

> **Example:** An Eligible Employee becomes eligible for HSA contributions on July 1st and remains eligible through December 1st. The Eligible Employee may begin making contributions to his or her HSA through this Plan on July 1st at a rate pursuant to which the full annual contribution will have been made by the end of the taxable year.

If a Participant to whom this special rule applies ceases to be eligible for HSA contributions within the twelve (12) month period beginning with the last month of such taxable year other than by reason of death or disability (as described in Section

72(m)(7) of the Code), then any contribution made in excess of the annual limit under the general rule described above will be included in the Participant's gross income and will be subject to an excise tax as provided in Section 223(b)(8)(B) of the Code.

(e) **Special Rule for Married Participants.** If the Participant is married and both the Participant and Participant's Spouse have coverage under a high deductible health plan (as defined in Section 223 of the Code), the applicable limit is divided equally between them (unless they agree to a different allocation).

(f) **Rollover Contributions.** Rollover contributions may also be made to the HSA from another health savings account or from an Archer MSA. Rollover contributions are not subject to the contribution limit described above.

(g) **Treatment of Excess Contributions.** To the extent total contributions to a Participant's health savings accounts made during the taxable year exceed the applicable limit on such contributions, then the contributions in excess of the limit shall be included in the Participant's gross income and shall be subject to an excise tax as provided in Section 4973(g) of the Code, unless returned in accordance with Section 223(f)(3) of the Code.

18.8 **Investment of HSA Funds.** A Participant may invest his or her HSA funds as allowed by the HSA trustee/custodian. The Employer shall have no control or responsibility for how a Participant's HSA funds are invested

18.9 **Tax Consequences**. It is intended that the HSA contributions made under this Plan shall be excluded from the Participant's gross income under Section 223 of the Code.

18.10 **Distribution of HSA Funds.** The Employer shall have no responsibility or control over distributions made from a Participant's HSA. The Employer shall have no responsibility to substantiate expenses for which such distributions are made. Sections 6.7 and 6.8 of this Plan shall not apply to distributions from a Participant's HSA. A Participant need not be a Participant in this Plan, be covered by a High Deductible Health Plan of this Employer, nor be covered by any other high deductible health plan in order to receive a distribution from the Participant's HSA.

18.11 **Reporting.** The Employer shall be responsible for reporting contributions made to a Participant's HSA through this Plan on the Participant's Form W-2. Participants shall be responsible for reporting contributions to their HSAs and distributions from their HSAs on appropriate forms. Participants shall also be responsible for determining whether an HSA distribution is taxable.

18.12 **Continuation of Coverage**. This HSA Contribution Feature and the underlying HSAs are not group health plans for purposes of the Consolidated Omnibus Budget Reconciliation Act of 1985, ("COBRA"), as amended, and reflected in the Public Health Services Act ("PHSA"), as amended, the Family and Medical Leave Act ("FMLA"), and the Uniformed Services Employment and Reemployment Rights Act of 1994 ("USERRA"). COBRA, FMLA, and USERRA do not apply to this HSA Contribution Feature and the underlying HSAs.

ARTICLE XIX.
CASH PAYMENT

19.1 **Purpose**. The purpose of this Article is to describe the Cash Payment available under this Plan as an Available Benefit. Any portion of the Employer Contribution that is not allocated for the purposes of benefits under this Plan may be available to the Participant in cash.

19.2 **Terms, Conditions and Limitations**. A Participant is entitled to allocate the Employer Contribution to pay for Available Benefits. To the extent a Participant does not allocate all of the Employer Contributions to other Available Benefits available under this Plan, a Participant shall receive a Cash Payment equal to the amount of the unallocated Employer Contribution, subject to any restrictions specified in the Adoption Agreement.

19.3 **Payment**. Cash Payments shall be made at least monthly and within the month that the Employer Contribution would otherwise have been allocated for Available Benefits. Cash Payments shall be made only to Participants. If a Participant ceases to meet the eligibility requirements, then Cash Payments cease.

19.4 **Tax Consequences**. Any Cash Payment received through the Plan is taxable income to the Participant.

ARTICLE XX.
INDIVIDUAL PREMIUM FEATURE

20.1 **Purpose**. The purpose of this Article is to provide for the pre-tax payment opportunity for certain individual Insurance Premiums under this Plan as an Available Benefit.

20.2 **Separate Written Plan**. For purposes of Sections 105 and 106 of the Code, this Article shall constitute a separate written plan providing for the reimbursement or direct payment of individual Insurance Premium expenses. To the extent necessary, other provisions of the Plan are incorporated by reference.

20.3 **Definitions**.

(a) **Claims Run-Out Period** means the period beginning on the first day following the close of the Plan Year and ending on the date specified in the Adoption Agreement.

(b) **Dependent** means, unless indicated otherwise in the Adoption Agreement, a Tax Dependent.

(c) **HMO** means a health maintenance organization authorized to do business in the state in which such health maintenance organization agreement is issued, that has been individually obtained by a Participant for the purpose of providing benefits under this Individual Premium Feature. For purposes of this Article, HMO coverage only includes coverage issued on a non-group, individual basis.

(d) **Highly Compensated Individual** means an individual who is highly compensated as defined in Section 105(h)(5) of the Code.

(e) **Individual Premium Account** (**"IP Account"**) means the record keeping account established by the Plan Administrator for each Plan Year for each Participant from whom an Election to create such an account is received.

(f) **Individual Premium Feature** means this Article of the Plan that permits pre-tax payment of the cost of certain coverage issued on a non-group, individual basis.

(g) **Insurance Contract** means, unless otherwise specified in the Adoption Agreement, an accident or health insurance contract secured from an insurance company or HMO, authorized to do business in the state in which such insurance contract is issued, that has been individually obtained by a Participant for the purpose of providing benefits under this Individual Premium Feature. For purposes of this Article, Insurance Contract coverage only includes coverage issued on a non-group, individual basis to the extent permitted under law. Insurance Contract includes "specialty" coverages (e.g., cancer, vision, hospital indemnity, transplant, etc.) unless otherwise specified in the Adoption Agreement. Notwithstanding the foregoing, major medical coverage, Medicare Part B, Medicare Part D, and Medicare supplement coverage, long-term care coverage, and individual insurance policies purchased through a public exchange are specifically excluded.

(h) **Insurance Premiums** means the amount that must be paid on a periodic basis in return for coverage under the Insurance Contract.

20.4 **Terms, Conditions, and Limitations**. The Participant shall secure the necessary Insurance Contract. Coverage shall begin, benefits shall be provided, and coverage shall terminate in accordance with the applicable Insurance Contract. The Insurance Contract may provide coverage to the Participant's Spouse and Dependents in addition to the Participant. To the extent a Dependent is provided coverage and that Dependent is not the Participant's Spouse or Tax Dependent, the tax consequence of such coverage shall be addressed as described in Section 4.2. The Insurance Contract may not by its terms violate

the provisions of a cafeteria plan within the meaning of Section 125 of the Code including but not limited to operating to defer compensation.

20.5 **Individual Premium Account**. The IP Account will be credited as of each date contributions are made pursuant to Article IV with an amount equal to the allocation, if any, which the Participant has elected. A Participant's IP Account will be decreased from time to time in the amount of payments made to, or on behalf of, the Participant for eligible Insurance Premiums.

20.6 **Payments**. Claim payments under the Individual Premium Feature shall be administered by the Plan Administrator and/or the Claims Administrator as specified in the Adoption Agreement. The Plan Administrator and/or Claims Administrator shall, as specified in the Adoption Agreement, either:

(a) directly pay the issuer of the Insurance Contract; or

(b) reimburse the Participant after the Participant has incurred the Insurance Premium.

A claim for reimbursement must be made in accordance with Section 6.7. Benefits shall be determined in accordance with Section 6.8.

Payments (or reimbursements) shall also be made on behalf of the Participant's Spouse and Dependents, if the Participant has elected to have them covered under this portion of the Plan and they are eligible for coverage under the applicable Insurance Contracts. Such payments (or reimbursements) shall be made from Employer Contributions and, if necessary, contributions made in accordance with the salary reduction arrangement and other arrangements applicable to the Participant under the terms of the Individual Premium Feature. Under no circumstances will Insurance Premiums payments (or reimbursements) be made with Employer Contributions or other contributions from one Plan Year for coverage actually received in a different Plan Year.

In no case shall a payment be made which exceeds the balance in the Participant's IP Account at the time reimbursement is processed. Claims for reimbursement within a Plan Year must be submitted prior to the close of the Claims Run-Out Period for such Plan Year.

20.7 **Reimbursement Upon Termination of Participation**. If an individual ceases to be a Participant in this portion of the Plan during a Plan Year, no further contributions will be credited to the IP Account. Reimbursements shall continue as provided in the Adoption Agreement.

20.8 **IP Account Forfeiture**. Amounts attributed to a Participant's IP Account for any Plan Year shall be used only to reimburse the Participant for eligible Insurance Premiums incurred during such Plan Year. Any balance remaining in a Participant's IP Account for a Plan Year shall be forfeited following the Claims Run-Out Period and shall be forfeited in accordance with Section 5.7. The Plan Administrator may extend this period in the event the Participant cannot obtain proper documentation until after the expiration of the period. Such forfeited amount shall not be distributed in cash, carried over to the next Plan Year or used by the Participant for any other purpose.

20.9 **Medical Child Support Orders**. Notwithstanding any provision of this Plan to the contrary, this Plan shall recognize child support orders regarding coverage under the Insurance Contract to the extent required by applicable law.

20.10 **Tax Consequences of the Individual Premium Feature**. It is intended that the Insurance Premiums (including pre-tax payments paid by the Participant through this portion of the Plan) for a Participant's Insurance Contract shall be excluded from the Participant's gross income under Section 106 of the Code. Any benefits received as a result of the Insurance Contract under this portion of the Plan shall be excluded from the recipient's gross income to the extent permitted under Section 105(b) of the Code. With respect to coverage that covers a Dependent other than the Participant's Spouse or Tax Dependent, it is intended that (a) value of the coverage be imputed as taxable income to the Participant as provided in Section 4.2, and (b) the value of any benefits received as a result of such coverage under the Individual Premium Feature be excluded from the recipient's gross income to the extent permitted under Section 104(a)(3) of the Code.

ARTICLE XXI.
HIPAA PROVISIONS

The Privacy Rules and Security Rules under HIPAA apply to the Medical Expense Reimbursement Plan and Limited Scope Medical Expense Reimbursement Plan (if available), unless such Available Benefits have less than fifty (50) Participants and the Employer is the Claims Administrator for such Available Benefits.

21.1 **Use and Disclosure of PHI**. The covered entity will use PHI to the extent of and in accordance with the uses and disclosures permitted by HIPAA. Specifically, the covered entity will use and disclose PHI for purposes related to health care treatment, payment for health care and health care operations. The covered entity will also use and disclose PHI as required by law and as permitted by authorization of the subject of PHI. If the covered entity discloses PHI to the Employer in accordance with this Article XXI, the Employer may use and further disclosure PHI for the same purposes and in the same situations as the covered entity may use and disclose PHI, provided that such use or disclosure is for covered entity administration functions performed by the Employer for the covered entity or is required by law or permitted by authorization. All uses and disclosures of PHI, whether by the covered entity or by Employer, shall be limited to the minimum PHI necessary to accomplish the intended purpose of the use or disclosure in accordance with HIPAA. Notwithstanding the foregoing, neither the covered entity nor the Employer shall use PHI that is genetic information in a manner that is prohibited by the Genetic Information Nondiscrimination Act of 2008.

(a) **Payment** includes activities undertaken by the covered entity to obtain premiums or determine or fulfill its responsibility for coverage and provision of benefits that relate to an individual to whom health care is provided. These activities include, but are not limited to, the following:

(1) determination of eligibility, coverage and cost sharing amounts (for example, cost of a benefit, plan maximums and co-payments as determined for an individual's claim);
(2) coordination of benefits;
(3) adjudication of health benefits claims (including appeals and other payment disputes);
(4) subrogation of health benefit claims;
(5) establishing employee contributions;
(6) risk adjusting amounts due based on enrollee health status and demographic characteristics;
(7) billing, collection activities, and related health care data processing;
(8) claims management and related health care data processing, including auditing payments, investigating and resolving payment disputes and responding to participant inquiries about payments;
(9) obtaining payment under a contract for reinsurance (including stop-loss and excess of loss insurance);
(10) medical necessity reviews or reviews of appropriateness of care or justification of charges;
(11) utilization review, including pre-certification, preauthorization, concurrent review and retrospective review;
(12) disclosure to consumer reporting agencies related to the collection of premiums or reimbursement (the following PHI may be disclosed for

payment purposes: name and address, date of birth, Social Security number, payment history, account number and name and address of provider and/or health plan); and

(13) reimbursement to the covered entity.

(b) **Health care operations** include, but are not limited to, the following activities:

(1) quality assessment;

(2) population-based activities relating to improving health or reducing health care costs, protocol development, case management and care coordination, disease management, contacting health care providers and patients with information about treatment alternatives and related functions;

(3) rating provider and plan performance, including accreditation, certification, licensing or credentialing activities;

(4) underwriting, premium rating and other activities relating to the creation, renewal or replacement of a contract of health insurance or health benefits, and ceding, securing or placing a contract for reinsurance of risk relating to health care claims (including stop-loss insurance and excess of loss insurance);

(5) conducting or arranging for medical review, legal services and auditing function, including fraud and abuse detection and compliance programs;

(6) business planning and development, such as conducting cost-management and planning-related analyses related to managing and operating the covered entity, including formulary development and administration, development or improvement of payment methods or coverage policies;

(7) business management and general administration activities of the covered entity, including, but not limited to:

(i) management activities relating to the implementation of and compliance with HIPAA's administrative simplification requirements;

(ii) customer service, including data analyses for policyholders.

(8) resolution of internal grievances; and

(9) due diligence in connection with the sale or transfer of assets to a potential successor in interest, if the potential successor in interest is a covered entity under HIPAA or following completion of the sale or transfer, will become a covered entity.

21.2 **Employer's Obligations under the Privacy Rules**. Under the Privacy Rules, the covered entity may not disclose PHI to the Employer unless the Employer certifies that the Plan document has been amended to provide that the Plan will make such disclosures only upon receipt of a certification from the Employer that the Plan has been amended to include certain conditions to the Employer's receipt of PHI and that Employer agrees to those conditions. By adopting this Plan document, the Employer certifies that the Plan has been amended as required by the Privacy Rules and that it agrees to the following conditions, thereby allowing the Plan to disclose PHI to the Employer. The Employer agrees to:

(a) not use or further disclose PHI other than as permitted or required by the plan document or as required by law;

(b) ensure that any agents, including a subcontractor, to whom the Employer provides PHI received from the covered entity agree to the same restrictions and conditions that apply to the Employer with respect to such PHI;

(c) not use or disclose PHI for employment related actions and decision unless authorized by an individual;
(d) not use or disclose PHI in connection with any other benefit or employee benefit plan of the Employer unless authorized by an individual;
(e) report to the Plan any PHI use or disclosure of which it becomes aware that is inconsistent with the uses or disclosures permitted hereunder and/or may constitute a "breach" as that term is defined in HIPAA;
(f) make PHI available for access by the individual who is the subject of the PHI in accordance with HIPAA;
(g) make PHI available for amendment and incorporate any amendments to PHI in accordance with HIPAA;
(h) make available the information required to provide an accounting of disclosures in accordance with HIPAA;
(i) make internal practices, books and records relating to the use and disclosure of PHI received from the plan available to the HHS Secretary for the purposes of determining the covered entity's compliance with HIPAA; and
(j) if feasible, return or destroy all PHI received for the covered entity that the Employer still maintains in any form, and retain no copies of such PHI when no longer needed for the purpose for which disclosure was made (or if return or destruction is not feasible, limit further uses and disclosures to those purposes that make the return or destruction infeasible).

21.3 **Employer's Obligations under Security Rules**. If the Employer creates, receives, maintains, or transmits ePHI (other than enrollment and disenrollment information and Summary Health Information, which are not subject to these restrictions), the Employer will:
(a) implement administrative, physical, and technical safeguards that reasonably and appropriately protect the confidentiality, integrity, and availability of ePHI;
(b) ensure that any agents, including subcontractors, who create, receive, maintain, or transmit ePHI on behalf of the covered entity implement reasonable and appropriate security measures to protect the ePHI;
(c) report to the covered entity any Security Incident of which it becomes aware; and
(d) implement reasonable and appropriate security measures to ensure that only those persons identified below have access to ePHI and that such access is limited to the purposes identified below.

21.4 **Adequate separation between the covered entity and the Employer must be maintained**. In accordance with HIPAA, only the following employees or classes of employees may be given access to PHI:
(a) the person employed in the position that is given primary responsibility for performing the Employer's duties as the covered entity Administrator of the Available Benefits; and
(b) staff designated by the person described in (a) above.

21.5 **Limitation of PHI Access and Disclosure**. The person(s) described above may only have access to and use and disclose PHI for administration functions that the Employer performs for the covered entity.

21.6 **Noncompliance Issues**. If the person(s) described above does not comply with this plan document, the Employer shall provide a mechanism for resolving issues of noncompliance including, but not limited to, disciplinary sanctions.

ARTICLE XXII.
CONTINUATION COVERAGE

22.1 **What are my continuation rights under COBRA?**

The Consolidated Omnibus Budget Reconciliation Act of 1985 ("COBRA") requires most employers with twenty (20) or more employees to offer employees and their families (spouse and/or dependent children) the opportunity to pay for a temporary extension of health coverage (called "continuation coverage") at group rates in certain instances where health coverage under employer sponsored group health plan(s) would otherwise end. There is no requirement that a person be insurable to elect continuation coverage. However, a person who continues coverage may have to pay all of the premium for the continuation coverage. The Group Medical Plan, Group Dental Plan, Group Vision Plan, and Medical Expense Reimbursement Plan shall be operated consistent with COBRA and pursuant to COBRA policies and procedures contained in a separate document and is incorporated by reference into this Flexible Benefits Plan. This document is available to you upon request, at no charge.

22.2 **What are my continuation rights under USERRA?**

If you are called to active duty in the uniformed services, you may elect to continue coverage for you and your eligible dependents under USERRA for a period of up to 24 months. You and your eligible dependents qualify for this extension if you are called into active or reserve duty, whether voluntary or involuntary, in the Armed Forces, the Army National Guard, the Air National Guard, full-time National Guard duty (under a federal, not a state, call-up), the commissioned corps of the Public Health Services and any other category of persons designated by the President of the United States. This continuation right is similar to, and runs concurrent with, your continuation right under COBRA (if any). The Group Medical Plan, Group Dental Plan, Group Vision Plan, and Medical Expense Reimbursement Plan shall be operated consistent with USERRA and pursuant to USERRA policies and procedures contained in a separate document and is incorporated by reference into this Flexible Benefits Plan. This document is available to you upon request, at no charge.

22.3 **What are my continuation and/or conversion rights for group health plan coverage under state law?**

Minnesota requires continuation and conversion of group health plan coverage (including medical, dental, and vision coverage) upon certain events. These laws may apply to both insured and self-insured plans other than health flexible spending accounts. Your continuation and conversion rights, and the rights of those who are covered through you, are described in the separate materials that have been provided to you either directly by the carrier (the insurance company) or by your Employer. If you have not been provided this information, you should contact the Plan Administrator.

22.4 **What are my continuation and/or conversion rights for group term life insurance coverage under state law?**

Minnesota requires continuation and conversion of group-term life insurance. Your continuation and conversion rights, and the rights of those who are covered through you, are described in the separate materials that have been provided to you either directly by the carrier (the insurance company) or by your Employer. If you have not been provided this information, you should contact the Plan Administrator.

ARTICLE I.
INTRODUCTION

1.1 **Establishment**. The establishment and Effective Date of the Plan are as set forth in the Adoption Agreement.

1.2 **Purpose**. The purpose of the Plan is to provide Participants with a choice between cash and certain "qualified benefits" as defined in Section 125 of the Code. The Plan is intended to qualify as a "cafeteria plan" under Section 125 of the Code so that Available Benefits a Participant elects to receive under the Plan will be eligible for exclusion from the Participant's gross income to the fullest extent possible under the Code.

1.3 **HIPAA Privacy and Security Rules**. Portions of this Plan are "covered entities" for purposes of the Privacy Rules and the Security Rules.

1.4 **Gender and Number**. Pronoun references in this Plan shall be deemed to be of any gender relevant to the context, and words used in the singular may also include the plural.

ARTICLE II.
DEFINITIONS

The following words and phrases are used in this Plan and shall have the meanings set forth in this Article unless a different meaning is clearly required by the context or is defined within an Article.

2.1 **Adoption Agreement** means the separate Adoption Agreement that shall be executed by the Employer adopting the Plan. The Adoption Agreement contains Employer-specific information and the Employer's selections of options under the Plan.

2.2 **Available Benefits** means the benefits made available through this Plan as indicated in the Adoption Agreement.

2.3 **Cafeteria Plan Regulations** means any final regulations, or proposed regulations on which employers may rely, issued by the Department of Treasury under Section 125 of the Code.

2.4 **Cash Payment** means the amount received by a Participant described in Article XIX, if applicable.

2.5 **Change in Status** means the situations that permit an Eligible Employee or Participant to make a change in his or her Election mid-Plan Year and include events that:

(a) change an Eligible Employee's or Participant's legal (under applicable state and federal law) marital status;

(b) change the number of an Eligible Employee's or Participant's dependents (as defined in Section 5.3);

(c) change an Eligible Employee's or Participant's employment status, or the employment status of the Participant's Spouse or dependents (as defined in Section 5.3);

(d) cause an Eligible Employee's or Participant's dependent (as defined in Section 5.3) to satisfy or cease to satisfy the eligibility requirements for an Available Benefit; and

(e) change the place of residence of an Eligible Employee or Participant, or his or her Spouse or dependents (as defined in Section 5.3).

2.6 **Claims Administrator** means the entity that is responsible for processing claims for benefits under the Plan, including a third party appointed under Section 6.1(c). The Claims Administrator shall be identified in the Adoption Agreement.

2.7 **Claims Grace Period** means—

(a) **Grace Period**. An eligible expense incurred prior to the fifteenth day of the third calendar month following the close of the Plan Year shall be deemed to have been incurred for purposes of both the preceding Plan Year and the current Plan Year. Such period of time shall be referred to as the "Grace Period." For example, if the Plan Year is the calendar year, a claim incurred on March 1, 2020 shall be deemed to have been incurred for purposes of both the Plan Year running from January 1 through December 31, 2019, and the Plan Year running from January 1 through December 31, 2020, and shall be reimbursed from contributions made during either Plan Year in accordance with part (c) hereof.

(b) **Processing of Claims**. Claims incurred during the Grace Period, and submitted prior to the close of the Claims Run-Out Period, shall be first allocated to and

reimbursed from the Participant's respective reimbursement-type account for the preceding Plan Year until such reimbursement-type account is exhausted. Thereafter, any such claims shall be allocated to and reimbursed from the Participant's reimbursement-type account for the current Plan Year. Claims incurred during the Grace Period will be allocated based upon the date the claim is received. Once a claim is allocated, there shall be no changes, modifications, or adjustments to the allocation of the account. In accordance with this part (b), a claim incurred during the preceding Plan Year and submitted during the Claims Run-Out Period will be processed subsequent to a previously submitted claim incurred during the Grace Period, even if the account from the preceding Plan Year is exhausted by reimbursement of the claim incurred during the Grace Period.

(c) **Elections**. No adjustment to a Participant's election for the current Plan Year shall be made or allowed based upon the amount of claims reimbursed from the prior Plan Year's account in accordance with part (b) hereof.

2.8 **Claims Run-Out Period** means the period of time following the end of the Plan Year during which claims incurred during such Plan Year (and applicable Grace Period) may be submitted as provided in the Available Benefit, as defined in each Available Benefit provision in which such term is used.

2.9 **Code** means the Internal Revenue Code of 1986, as amended from time to time.

2.10 **Compensation** means the total salary, wages, bonuses, pay for overtime, vacation pay, sick pay, pay for shift differentials, and other cash compensation paid by the Employer to a Participant (without regard to any salary reduction under this Plan or any pre-tax program recognized under the Code), but excluding reimbursed expenses, car expense allowances, credits for benefits under any plan of deferred compensation to which the Employer contributes, and any additional compensation payable in a form other than cash.

2.11 **Covered Individual** means a person, including a Participant, a Dependent of a Participant, a Spouse of a Participant, and any other person, appropriately covered under an Available Benefit subject to the Consolidated Omnibus Budget Reconciliation Act of 1985, as amended ("COBRA"), and, as reflected in the Public Health Services Act, as amended ("PHSA").

2.12 **Dependent** means "Dependent" as defined in each Available Benefit provision in which such term is used. Dependent is not necessarily the same as a dependent for tax purposes. See the definition of Tax Dependent in Section 2.38.

2.13 **Effective Date** means the date specified in the Adoption Agreement on which the Plan, or Plan restatement, is effective and applicable to the Eligible Employees and Participants.

2.14 **Election** means the choice of Available Benefits and means of payment made by the Participant, as described in Article V.

2.15 **ePHI** means PHI maintained or transmitted in electronic media including, but not limited to, electronic storage media (i.e., hard drives, digital memory medium) and transmission media used to exchange information in electronic storage media (i.e., internet, extranet, and other networks). PHI transmitted via facsimile and telephone is not considered to be transmissions via electronic media.

2.16 **Election Period** means the period of time identified by the Plan Administrator prior to the start of a Plan Year during which a Participant may change his or her Election. For a Participant who enters the Plan other than at the start of a Plan Year, Election Period means the period of time identified by the Plan Administrator prior to the date on which the Eligible Employee begins participation during which an Eligible Employee may make an Election or change a deemed Election.

2.17 **Eligible Employee** means each Employee who has met the eligibility requirements of Section 3.1.

2.18 **Employee** means any person (including elected officials) employed by the Employer and on the Employer's W-2 payroll on or after the Effective Date, except that it shall not include:

(a) any self-employed individual as described in Section 401(c) of the Code;

(b) any employee included within a unit of employees covered by a collective bargaining unit unless such agreement expressly provides for coverage of the employee under this Plan;

(c) any employee who is a nonresident alien and receives no earned income from the Employer from sources within the United States;

(d) any employee who is a leased employee as defined in Section 414(n)(2) of the Code;

(e) an individual classified by the Employer as a contract worker, independent contractor, temporary employee, or casual employee, whether or not any such persons are on the Employer's W-2 payroll or are determined by the IRS or others to be common-law employees of the Employer; or

(f) any individual who performs services for the Employer but who is paid by a temporary or other employment or staffing agency such as "Kelly," "Manpower," etc., whether or not such individuals are determined by the IRS or others to be common-law employees of the Employer.

2.19 **Employer** means the Employer named in the Adoption Agreement, any affiliate that, with the consent of the Employer, becomes an Employer by adopting the Plan, and any successor employer that assumes the obligations of the Employer.

2.20 **Employer Contribution** means amounts, if any, described in the Adoption Agreement that have not been actually or constructively received by the Participant that are made available to the Participant by the Employer for the purpose of electing Available Benefits under the Plan.

2.21 **Entry Date** means the date(s) specified by the Employer in the Adoption Agreement as of which Eligible Employees may become Participants in this Plan, provided all necessary forms have been completed.

2.22 **ERISA** means the Employee Retirement Income Security Act of 1974, as amended. Governmental entities, public schools, and some church-related entities and some Indian Tribe operations are not subject to ERISA.

2.23 **Highly Compensated Individual** means individuals who are highly compensated as defined in Section 125(e)(2) of the Code.

2.24 **Highly Compensated Participant** means Participants who are highly compensated as defined in Section 125(e)(1) of the Code.

2.25 **HIPAA** means Health Insurance Portability and Accountability Act of 1996, and regulations thereunder, as amended from time to time.

2.26 **HSA** means a health savings account within the meaning of Section 223 of the Code.

2.27 **Insurer** means any insurance company that has issued a policy through which benefits are made available under this Plan.

2.28 **IRS** means the Internal Revenue Service.

2.29 **PHI** means health information that:

(a) is created or received by a health care provider, health plan, or health care clearinghouse;

(b) relates to the past, present and future physical or mental health or condition of an individual (including "genetic information" as that term is defined in the Genetic Information Nondiscrimination Act of 2008); the provision of health care to an individual; or the past, present or future payment for the provision of health care to an individual; and

(c) either identifies the individual or reasonably could be used to identify the individual.

PHI includes ePHI.

2.30 **Participant** means an Eligible Employee who participates in the Plan in accordance with Article III and has not ceased to be a Participant under Section 3.4.

2.31 **Plan** means the cafeteria plan established by and reflected in the completed Adoption Agreement and Basic Plan Document, as each may be amended from time to time. This Plan shall be known by the name indicated in the Adoption Agreement.

2.32 **Plan Administrator** means the entity determined under Section 6.1.

2.33 **Plan Year** means the twelve-month period commencing on the first day of the month elected in the Adoption Agreement and ending on the last day of the twelfth month following. A "short" Plan Year consists of less than a twelve-month period and must be indicated in the Adoption Agreement.

2.34 **Privacy Rules** means the *Standards and Privacy of Individually Identifiable Health Information* at 45 C.F.R. Part 160 and Part 164 at subparts A and E.

2.35 **Security Rules** means the *Security Standards and Implementation Specifications* at 45 C.F.R. Part 160 and Part 164, subpart C.

2.36 **Spouse** means an individual who is (a) legally married to a Participant (under applicable state law), and (b) who is treated as a "spouse" under the Code.

2.37 **Summary of Health Information** means "summary health information" as defined in 45 C.F.R. Section 164.504, which generally defines "summary health information" to include information, which may be PHI, that summarizes claims history, claims expenses, or the type of claims experienced by individuals receiving benefits under the Plan from which certain identifiers have been deleted.

2.38 **Tax Dependent** means an individual (other than the Participant and the Participant's Spouse) with respect to whom amounts expended for medical care are excluded from the Participant's gross income under Section 105(b) of the Code, as amended.

ARTICLE III.
ELIGIBILITY AND PARTICIPATION

3.1 **Eligibility Requirements**. Each Employee shall be eligible to participate in this Plan upon meeting the eligibility requirements as set forth in the Adoption Agreement. Notwithstanding the foregoing, if specifically provided in Adoption Agreement, all Employees who are elected officials shall not be eligible to participate in this Plan without meeting the eligibility requirements set forth in the Adoption Agreement.

3.2 **Notification to Participants**. The Plan Administrator shall provide each Eligible Employee written notice of the Employee's eligibility to participate in the Plan in sufficient time to enable such Eligible Employee to submit an application for participation in the Plan on or before the applicable Entry Date.

3.3 **Application for Participation.**

(a) **Generally**. In general, unless an Eligible Employee is deemed to have made an Election as provided in Section 5.1, to become a Participant, an Eligible Employee shall execute and deliver to the Plan Administrator, prior to the applicable Entry Date, an application signed by the Eligible Employee in which the Eligible Employee:

(i) applies to participate in the Plan;
(ii) designates the required portion of Compensation for the pre-tax and after-tax (if any) contributions;
(iii) makes a benefit Election; and
(iv) supplies any other pertinent information that the Plan Administrator may reasonably require.

By signing such application or agreement, the Eligible Employee shall be deemed for all purposes to have agreed to participate and to conform to the requirements of the Plan. Such application or agreement may be the same as, or separate from, the application or agreement required to participate in any Available Benefit under this Plan. Alternatively, or in addition to the foregoing application process, the Plan Administrator may require or permit application of same scope by electronic means. Except as provided in paragraph (b) below, participation shall begin on a Participant's Entry Date or, if later, the first payroll following submission of the application (to the extent such an application is required for a particular Available Benefit).

(b) **Newly Hired**. Unless specifically provided otherwise in the Adoption Agreement, for new hires, an Eligible Employee shall execute and deliver to the Plan Administrator within thirty (30) days of employment, such written application. In this situation, participation in this Plan is retroactive to the date of hire pursuant to Cafeteria Plan Regulations. However, salary reduction contributions to pay for coverage during the period preceding the submission of the application shall be taken prospectively from compensation paid following submission of the application.

3.4 **Termination of Participation**. A Participant automatically ceases to be a Participant at midnight of the earliest of the following dates:

(a) the date of the death of the Participant;
(b) the date of termination of the Participant's employment with the Employer;

(c) the date on which the Participant's coverage under the last Available Benefit terminates (determined without regard to any continuation coverage provided to the Participant under such Available Benefit in accordance with applicable law or any coverage provided in lieu thereof);
(d) the date of the Participant's failure to meet the eligibility requirements of Section 3.1, as may be amended from time to time; or
(e) the date of termination of the Plan in accordance with Article VII.

Note: This provision applies to *participation* in this Plan. With respect to the Available Benefits that involve premium payments for other plans sponsored by the Employer, coverage under the underlying plan may extend beyond the date a Participant ceases to be a Participant in this Plan.

In the event the Plan does not learn that a Participant has automatically ceased to be a Participant until a date after the date participation ceased, participation will be terminated retroactively and the Plan shall be entitled to recover any benefits paid after the date participation is terminated. Termination of participation in this Plan shall not prevent a former Participant from continuation coverage, conversion coverage or benefits under the respective Available Benefit plans if and to the extent provided by such plans.

3.5 **Conditions of Participation**. As a condition of participation and receipt of benefits under this Plan, the Participant agrees to:
(a) observe all Plan rules and regulations;
(b) consent to inquiries by the Plan Administrator with respect to any provider of services involved in a claim under this Plan;
(c) submit to the Plan Administrator all notifications, reports, bills, and other information required by the Plan or which the Plan Administrator may reasonably require; and
(d) repay any overpayments or incorrect payments received under the Plan.

Failure to do so relieves the Plan, Plan Administrator, and Claims Administrator from any and all obligations under this Plan.

3.6 **Participation in Available Benefit Plans**. In order to elect a specific Available Benefit provided under this Plan, a Participant must elect that Available Benefit on such forms as the Plan Administrator may require (unless the benefit is provided to all Participants) and, if the cost of that Available Benefit is not fully paid by the Employer, shall be required to share the cost of the Available Benefit as provided in Article IV. Further, the Participant must meet any eligibility, participation, etc., requirements applicable to that Available Benefit in accordance with the terms of the underlying plan through which the Available Benefit is provided.

ARTICLE IV.
CONTRIBUTIONS

4.1 **Salary Reduction Contributions**. To the extent the cost of an Available Benefit exceeds the Employer Contribution (if any), a Participant may elect in accordance with the Election procedures described in Article V to receive his or her full Compensation in cash, or to have a portion of such Compensation applied by the Employer toward the Participant's share of the cost of Available Benefits. If so elected, the Participant's Compensation will be reduced, and an amount equal to the reduction shall be allocated by the Employer to the Available Benefits designated by the Participant. A Participant's Compensation shall be reduced by pro-rata amounts of the Participant's total salary reduction Election. Salary reduction is done on a pre-tax basis before any withholdings have been made for eligible Benefits as identified in the Adoption Agreement. The frequency of salary reduction contributions shall be as specified in the Adoption Agreement. Notwithstanding the foregoing, if participation in an Available Benefit extends to the last day of the month in which a Participant's employment terminates, if necessary, additional salary reduction contributions shall be taken from the Participant's final pay check to pay for the coverage provided during the period of time following the date on which the Participant's employment terminates.

4.2 **Imputation of Income**. To the extent a Participant participates in an Available Benefit that covers a Dependent who is not the Participant's Spouse or Tax Dependent, one of the following provisions will apply as specified in the Adoption Agreement:

(a) The entire cost of coverage for which the Participant is responsible shall be paid pre-tax through this Plan and the fair market value of the coverage for that Dependent shall be imputed as income to the Participant as the coverage is provided (pursuant to Cafeteria Plan Regulations). This provision applies regardless of whether the cost of coverage is paid by salary reduction or allocation of available Employer Contributions, if any.

(b) The cost of coverage for which the Participant is responsible shall be paid on an after-tax basis up to the amount of the fair market value of the coverage provided to that Dependent. To the extent the cost of coverage for which the Participant is responsible exceeds that fair market value, the remaining cost of coverage may be paid pre-tax through this Plan. To the extent the cost of coverage for which the Participant is responsible is less than that fair market value, the excess of the fair market value over the after-tax payments shall be imputed as income to the Participant as coverage is provided.

4.3 **Salary Deduction Contributions**. The Employer may require that amounts for which the Participant is responsible, but which cannot be paid with pre-tax dollars through salary reduction described above, be funded with after-tax dollars pursuant to a salary deduction agreement. Such salary deductions shall be made on a periodic basis and relate to a Participant's Compensation after taxes and withholdings have been made.

4.4 **Employer Contribution.** The Employer may make a fixed dollar contribution per Plan Year, or portion of the Plan Year (e.g., month, pay period), per Participant. The amount of the Employer Contribution and any additional restrictions on the use thereof shall be identified in the Adoption Agreement and communicated to the Participants prior to the start of each Plan Year so that they may consider it in making their Elections. The amount

of the Employer Contribution may change from year to year as announced by the Employer prior to the Plan Year start and reflected in the Adoption Agreement. Unless specifically provided otherwise in the Adoption Agreement, no Employer Contribution shall be credited to any Employee during an unpaid leave of absence, whether authorized or unauthorized, unless required by the Family Medical Leave Act ("FMLA"), if applicable. Unless specifically provided otherwise in the Adoption Agreement, Employees who are not eligible for participation on the first day of the Plan Year shall have their annual Employer Contribution pro-rated by multiplying the annual available Employer Contribution by a fraction, the numerator of which is the number of months the Employee is eligible for participation for the Plan Year, the denominator which is twelve.

4.5 **Maximum Under the Plan**. Under no circumstances may a Participant's total salary reduction exceed the sum of (a) the cost of benefits paid on a pre-tax basis provided through insurance or insurance-type Available Benefits plus (b) the maximum Election amounts permitted under the other Available Benefits minus (c) the Employer Contribution, if any.

4.6 **No Trust**. Nothing in this Plan is intended to require the establishment of a trust. The portion of benefits paid under this Plan attributable to Employer Contributions, if any, is paid from the Employer's general assets. The portion of benefits paid under this Plan attributable to Participant contributions including, but not limited to, salary reduction amounts, is paid from the Employer's general assets.

ARTICLE V.
ELECTION OF AVAILABLE BENEFITS

Initial Elections. Unless otherwise specified in the Adoption Agreement, upon initial eligibility, an affirmative Election to participate is required as part of the application to participate described in 3.3. If the Election Period ends and an Election has not been received by the Plan Administrator, the Eligible Employee will be deemed to have elected not to participate in the Flexible Benefit Plan.

5.1 **Subsequent Annual Elections**. During the Election Period prior to each subsequent Plan Year, each Participant shall be given the opportunity to make a new Election. Such new Election may include the following:

(a) an Eligible Employee who is not participating may elect to begin participating by electing Available Benefits during the Election Period;

(b) a Participant may terminate participation in the Plan; or

(c) a Participant may elect different Available Benefits or different levels of Available Benefits.

An Election must have been made, or deemed to have been made, prior to the start of the Plan Year to which it relates.

5.2 **Failure to Elect**. A Participant who does not make a new Election during the Election Period prior to each Plan Year:

(a) **Automatic Election**. With respect to Available Benefits providing for the payment of premiums for group insurance and insurance-type coverages, unless otherwise specified in the Adoption Agreement, an Eligible Employee shall be deemed, unless prohibited by law, to have elected to pay any portion of the cost for which the Eligible Employee is responsible through salary reduction unless (1) the Eligible Employee specifically elects not to participate with respect to such Available Benefit(s) and notifies the Plan Administrator in writing on or before the close of the Election Period, or (2) such deemed Election is otherwise prohibited by law.

(b) **Affirmative Elections**. With respect to other Available Benefits, shall be deemed to have elected not to participate in such Available Benefits for the upcoming Plan Year.

5.3 **Elections Irrevocable**.

For purposes of this Section 5.4, the term "dependent" shall mean (1) a Tax Dependent if the Election relates to an Available Benefit providing health benefits, or (2) a Qualifying Individual (as defined in Article XVI) if the Election relates to the Dependent Care Expense Reimbursement Plan.

Unless modified in the Adoption Agreement, an Election becomes effective and shall be irrevocable for the Plan Year or the remainder of the Plan Year except under the following circumstances:

(a) **Change in Status**. A Participant may change or terminate his or her actual or deemed Election under the Plan upon the occurrence of a Change in Status, but only if such change or termination is made on account of and corresponds with a Change

in Status that affects coverage eligibility of a Participant, a Participant's Spouse, or a Participant's dependent (referred to as the general consistency requirement). The Plan Administrator (in its sole discretion) shall determine, based on prevailing IRS guidance, whether a requested change is on account of and corresponds with a Change in Status. Assuming that the general consistency requirement is satisfied, a requested change must also satisfy the following specific consistency requirements in order for a Participant to be able to alter his or her Election based on that change.

(1) **Loss of Dependent Eligibility**. For a Change in Status involving a Participant's divorce, annulment or legal separation from a Spouse, the death of a Spouse or a dependent, or a dependent ceasing to satisfy the eligibility requirements for coverage, a Participant may only elect to cancel accident or health insurance, or insurance-type, coverage for the Spouse involved in the divorce, annulment, or legal separation, the deceased Spouse or dependent, or the dependent that ceased to satisfy the eligibility requirements. Canceling coverage for any other individual under these circumstances fails to correspond with that Change in Status.

(2) **Gain of Coverage Eligibility Under Another Employer's Plan**. For a Change in Status in which a Participant, a Participant's Spouse, or a Participant's dependent gains eligibility for coverage under another employer's cafeteria plan (or another employer's qualified benefit plan) as a result of a change in marital status or a change in employment status, a Participant may elect to cease or decrease coverage only if that coverage becomes actually effective or is increased under the other employer's plan.

(3) **Dependent Care Expense Reimbursement Plan**. With respect to the Dependent Care Expense Reimbursement Plan, a Participant may change or terminate his or her Election only if (i) such a change or termination is made on account of and corresponds with a Change in Status that affects eligibility for coverage under the Plan; or (ii) the Election change is on account of and corresponds with a Change in Status that affects eligibility of dependent care expenses for the tax exclusion available under the Code.

(4) **Group Term Life Insurance and Disability Income Coverage**. For a Change of Status involving a Participant's legal marital status or the employment status of a Participant's Spouse or dependent (disregarding the requirement that the event cause a loss or gain of eligibility), a Participant may elect either to increase or to decrease group term life insurance or disability income coverage offered under the Plan.

(5) **COBRA Coverage.** If the Participant becomes eligible for COBRA (or similar health plan continuation coverage under state law) under a group health plan sponsored by the Employer, the Participant may increase the Election for that Available Benefit to pay for such coverage provided the Participant is still eligible under the Plan and still receiving Compensation.

(b) **HIPAA Special Enrollment Rights**. If a Participant, a Participant's Spouse, and/or a Participant's dependent enrolls in a group health plan that is an Available Benefit of this Plan and subject to the HIPAA special enrollment rights provided by Code § 9801(f), the Participant may make a new election that corresponds with the special enrollment. For purposes of this provision (1) an Election to add previously eligible dependents as a result of the acquisition of a new Spouse or dependent child (a/k/a the Tag-along Rule), shall be considered consistent with the special enrollment right; and (2) a HIPAA special enrollment Election attributable to the

birth or adoption of a new dependent child may be effective retroactive (up to thirty (30) days), provided it applies to Compensation not yet currently available.

(c) **Certain Judgments, Decrees and Orders**. If a judgment, decree, or order (an "Order") resulting from a divorce, legal separation, annulment or change in legal custody (including a qualified medical child support order) requires accident or health coverage for a Participant's dependent child (including a foster child who is a dependent of the Participant), a Participant may: (1) change his or her Election to provide coverage for the dependent child (provided that the Order requires the Participant to provide coverage and subject to the provisions of the underlying group health plan); or (2) change his or her Election to revoke coverage for the dependent child if the Order requires that another individual (including the Participant's Spouse or former Spouse) provide coverage under that individual's plan.

(d) **Medicare and Medicaid**. If a Participant, a Participant's Spouse, or a Participant's dependent who is enrolled in a health or accident benefit under this Plan (including the Medical Expense Reimbursement Plan and the Limited Scope Medical Expense Reimbursement Plan) becomes entitled to Medicare or Medicaid (other than coverage consisting solely of benefits under Section 1928 of the Social Security Act providing for pediatric vaccines), the Participant may prospectively reduce or cancel the health or accident coverage of the person becoming entitled to Medicare or Medicaid. Further, if a Participant, a Participant's Spouse, or a Participant's dependent who has been entitled to Medicare or Medicaid loses eligibility for such coverage, then the Participant may prospectively elect to commence or increase the health or accident coverage provided under this Plan (including the Medical Expense Reimbursement Plan and the Limited Scope Medical Expense Reimbursement Plan) of the person losing entitlement to Medicare or Medicaid.

NOTE: Certain changes to Medicaid coverage also create a HIPAA special enrollment right. Election changes based upon HIPAA special enrollment rights are described above.

(e) **Change in Cost**.

(1) **Automatic Increase or Decrease for Insignificant Cost Changes**. If the cost of an Available Benefit (other than Medical Expense Reimbursement Plan and the Limited Scope Medical Expense Reimbursement Plan) increases or decreases during a Plan Year by an insignificant amount, then the pre-tax contributions or after-tax contributions (as applicable) under each affected Participant Election shall be prospectively increased or decreased to reflect such change. The Plan Administrator, on a reasonable and consistent basis, will automatically effectuate this prospective increase or decrease in Participant contributions in accordance with such cost changes. The Plan Administrator (in its sole discretion) will decide, in accordance with prevailing IRS guidance, whether increases or decreases in costs are "insignificant" based upon all the surrounding facts and circumstances (including, but not limited to, the dollar amount or percentage of the cost change).

(2) **Significant Cost Increases**. If the Plan Administrator determines that the cost of an Available Benefit (other than Medical Expense Reimbursement Plan and the Limited Scope Medical Expense Reimbursement Plan)

significantly increases during a Plan Year, the Participant may, on a prospective basis, either: (i) make a corresponding increase in his or her Election, (ii) enroll in another benefit package option providing similar coverage and make a corresponding Election change, or (iii) revoke his or her Election if no other benefit package option providing similar coverage is available. The Plan Administrator (in its sole discretion) will decide, in accordance with prevailing IRS guidance, whether a cost increase is significant and what constitutes "similar coverage" based upon all the surrounding facts and circumstances.

(3) **Significant Cost Decrease.** If the Plan Administrator determines that the cost of an Available Benefit (other than Medical Expense Reimbursement Plan and the Limited Scope Medical Expense Reimbursement Plan) significantly decreases during a Plan Year: (i) an Eligible Employee or Participant may commence participation in such Available Benefit; and (ii) the Plan Administrator shall automatically effectuate a prospective decrease in a Participant's Election with respect to such Available Benefit in accordance with the cost decrease.

(f) **Change in Coverage**.

(1) **Significant Curtailment**. If the Plan Administrator determines that coverage under an Available Benefit (other than Medical Expense Reimbursement Plan and the Limited Scope Medical Expense Reimbursement Plan) is significantly curtailed during a Plan Year, the Participant may prospectively enroll in another benefit package option providing similar coverage and make a corresponding Election change. Coverage under an accident or health plan is deemed "significantly curtailed" only if there is an overall reduction in coverage provided to Participants under the Plan so as to constitute reduced coverage to Participants in general. The Plan Administrator (in its sole discretion) will decide, in accordance with prevailing IRS guidance, whether a curtailment is "significant," and whether a benefit package option constitutes "similar coverage" based upon all the surrounding facts and circumstances.

(2) **Loss of Coverage.** If the Plan Administrator determines that coverage under an Available Benefit (other than Medical Expense Reimbursement Plan and the Limited Scope Medical Expense Reimbursement Plan) is lost during a Plan Year, the Participant may, on a prospective basis: (i) enroll in another benefit package option providing similar coverage and make a corresponding Election change, or (ii) revoke his or her Election if no other benefit package option providing similar coverage is available. Coverage under an accident or health plan is deemed "lost" only if there is a complete loss of coverage under the benefit package option (e.g., due to elimination of the benefit package option or application of an annual or lifetime maximum) or other fundamental loss of coverage. The Plan Administrator (in its sole discretion) will decide, in accordance with prevailing IRS guidance, whether a "loss" has occurred, and whether a benefit package option constitutes "similar coverage" based upon all the surrounding facts and circumstances.

(3) **Addition or Improvement of an Available Benefit**. If during a Plan Year, the Plan adds a new Available Benefit or a new benefit package option under the Available Benefit (other than the Medical Expense

Reimbursement Plan and the Limited Scope Medical Expense Reimbursement Plan), or if coverage under an existing Available Benefit (other than the Medical Expense Reimbursement Plan and the Limited Scope Medical Expense Reimbursement Plan) is significantly improved: (i) an affected Participant may prospectively change his/her Election with respect to the newly-added or improved Available Benefit; and (ii) an Eligible Employee may commence participation in such Available Benefit. The Plan Administrator (in its sole discretion) will decide, in accordance with prevailing IRS guidance, whether an Available Benefit has been "significantly improved" based upon all the surrounding facts and circumstances.

(4) **Change Under Another Employer-Sponsored Plan**. A Participant may make a prospective Election change (other than with respect to the Medical Expense Reimbursement Plan and the Limited Scope Medical Expense Reimbursement Plan) that is on account of and corresponds with a change made under another employer-sponsored plan (including a plan of the Employer or a plan of another employer), provided (i) the other cafeteria plan or qualified benefits plan permits its participants to make an Election change that would be permitted under the Cafeteria Plan Regulations, or (ii) this Plan permits Participants to make an Election for a Plan Year period of coverage which is different from the plan year period of coverage under the other cafeteria plan or Available Benefit. The Plan Administrator shall determine, based on prevailing IRS guidance, whether a requested change is on account of and corresponds with a change made under another employer-sponsored plan.

(5) **Loss of Governmental or Educational Coverage**. A Participant may prospectively change his or her Election to add group health coverage for the Participant or his or her Spouse or dependent, if such individual(s) loses coverage under any group health coverage sponsored by a governmental or educational institution including, but not limited to, the following: a state children's health insurance program ("SCHIP") under Title XXI of the Social Security Act; a medical care program of an Indian Tribal government (as defined in Code § 7701(a)(40)), the Indian Health Service, or a tribal organization; a state health benefits risk pool; or a foreign government group health plan, subject to the terms and limitations of the applicable benefit package option(s).

(6) **Enrollment in Marketplace Coverage.**

(i) A Participant who has made an Election to pay for Group Medical Benefits may revoke that Election if the following conditions are satisfied:

(A) The Participant either (I) is eligible to enroll in a qualified health plan through a public insurance exchange (the "Marketplace") via a special enrollment period (as provided in any guidance issued by the Department of Health and Human Services or any other applicable guidance), or (II) seeks to enroll in a qualified health plan through the Marketplace during the Marketplace's annual open enrollment period;

(B) The Participant cancels coverage under the Group Medical Benefits in accordance with the requirements of that plan; and

(C) The Participant, and any related individuals who were also enrolled in the Group Medical Benefits, have enrolled in or intend to enroll in a qualified health plan through the Marketplace that will be effective no later than the day immediately following the last day for which coverage under the Group Medical Benefits was effective (i.e., there is no break in coverage). The Employer may rely on the reasonable representation of the Participant that the requirements of this paragraph (C) are met.

(ii) Unless determined by the IRS not to be available, a Participant who has made an Election to pay for Group Medical Benefits may reduce that Election if the following conditions are satisfied:

(A) The Participant's Spouse and/or dependents either (I) are eligible to enroll in a qualified health plan through the Marketplace via a special enrollment period (as provided in any guidance issued by the Department of Health and Human Services or any other applicable guidance), or (II) seek to enroll in a qualified health plan through the Marketplace during the Marketplace's annual open enrollment period;

(B) The Participant cancels coverage under the Group Medical Benefits for such Spouse and/or dependents in accordance with the requirements of that plan; and

(C) Such Spouse and/or dependents have enrolled in or intend to enroll in a qualified health plan through the Marketplace that will be effective no later than the day immediately following the last day for which the coverage under the Group Medical Benefits was effective (i.e., there is no break in coverage). The Employer may rely on the reasonable representation of the Participant that the requirements of this paragraph (C) are met.

(g) **Reduction in Hours Without Loss of Eligibility.** A Participant who has made an Election to pay for Group Medical Benefits may revoke that Election if the following conditions are satisfied:

(1) The Participant has been in an employment status under which the Participant was reasonably expected to average at least thirty (30) hours of service per week;

(2) The Participant has experienced a change in employment status such that the Participant will reasonably be expected to average less than thirty (30) hours of service per week after the change but nevertheless will remain eligible for Group Medical Benefits;

(3) The Participant cancels coverage under the Group Medical Benefits in accordance with the requirements of that plan; and

(4) The Participant, and any related individuals who were also enrolled in the Group Medical Benefits, have enrolled or intend to enroll in other medical coverage that provides minimum essential coverage and that will be effective no later than the first day of the second month following the month in which coverage under the Group Medical Benefits ends. The Employer may rely on the reasonable representation of the Participant that the requirements of this paragraph (4) are met.

(h) **Family and Medical Leave Act.** A Participant taking a leave governed by the Family and Medical Leave Act of 1993 ("FMLA") may revoke or change an Election as may be provided for under the FMLA and the Employer's FMLA policy required thereunder, provided the Employer is subject to FMLA.

(i) **Special Rule for HSA Contribution Feature**. A Participant may change his or her Election with respect to the HSA Contribution Feature prospectively at least on a monthly basis. A Participant may also revoke his or her Election with respect to the HSA Contribution Feature prospectively if the Participant becomes ineligible to make or have made HSA contributions under the HSA Contribution Feature.

(j) **Other**. The Plan Administrator shall have the discretion to allow a change to or termination of an Election to the extent such change or termination is the result of any other situation informally recognized by the IRS as providing an exception to the general rule that Elections are irrevocable (e.g., corrections of mistakes, changes to meet nondiscrimination requirements, failure to satisfy underwriting).

A Participant entitled to make a new Election under this Section must do so within thirty (30) days of the event. An Employee who is eligible to elect benefits but declined to do so during the initial Election period, or during a subsequent Election period, may file a new Election within thirty (30) days of the occurrence of an event described above, but only if the new Election is made on account of and corresponds with the event. Subject to the provisions of the underlying group health plan, Elections made to add medical coverage for a newborn or newly adopted dependent child pursuant to a HIPAA special enrollment right may be retroactive for up to thirty (30) days. All other new Elections shall be effective prospectively immediately following the date the Participant files the new Election with the Plan Administrator. Elections made pursuant to this Section shall be effective for the balance of the Plan Year in which the Election is made unless a subsequent event (described above) allows a further Election change.

5.4 **Rehire and Eligibility Loss**. Termination of employment shall automatically revoke any Election. Former Participants who are rehired:

(a) After thirty (30) days following a termination of employment, shall have two "periods of coverage;" that period prior to the termination of employment and that period following the re-employment of the terminated Employee. Expenses incurred prior to the termination of employment shall be subject to the Election in effect upon termination; while the Employee shall have an opportunity to make a new Election and expenses incurred after re-employment shall be subject to the Election made upon re-employment.

(b) Within thirty (30) days following a termination of employment, shall have the Election in effect prior to the termination of employment reinstated upon re-employment.

5.5 **Benefit Descriptions**. While an Election to receive one or more of the Available Benefits may be made under this Plan, the benefits themselves may be provided in accordance with Plan documents or contracts which describe the types and amounts of benefits available, the requirements for participation, procedures for submitting claims, and the other terms and conditions of coverage. Such underlying Plan documents or contracts, if any, are incorporated into this Plan by reference.

5.6 **Forfeiture**. Any amounts, whether obtained through salary reduction, salary deduction, Employer Contributions, or otherwise, under this Plan which cannot be distributed by the Plan Administrator to cover the cost of Available Benefits for the applicable Plan Year, shall be forfeited by the Participant. Forfeited amounts, in accordance with the Cafeteria Plan Regulations, may be: (a) retained by the Employer, (b) used to defray the reasonable administrative costs of the Plan, (c) used to reduce required salary reduction amounts for the immediately following Plan Year on a reasonable and uniform basis, and/or (d) returned to the Participants on a reasonable and uniform basis. Under no circumstances shall the Plan Administrator establish an outside formal or informal arrangement under which the forfeited amounts are allocated among Participants based (directly or indirectly) on their individual claims experience under the Plan.

5.7 **Limitations on Benefits**. Benefits shall be limited as determined by the Plan Administrator in accordance with Section 6.15 for the purpose of ensuring compliance with any nondiscrimination requirement applicable to the Plan or an Available Benefit.

ARTICLE VI.
ADMINISTRATION

6.1 **Plan Administrator.**

(a) The Plan Administrator shall be responsible for the general supervision of the Plan. The Plan Administrator shall have the discretionary authority to control and manage the operation and administration of the Plan, including but not limited to, the interpretation and application of the terms of the Plan. The Plan Administrator shall perform any and all acts necessary or appropriate for the proper management and administration of the Plan.

(b) The Employer shall be the Plan Administrator unless provided otherwise in the Adoption Agreement. The Employer shall also be the Plan Administrator if the person or persons so designated cease to be the Plan Administrator.

(c) The Plan Administrator may designate an individual or entity to act on its behalf with respect to certain powers, duties, responsibilities, etc. with respect to the operation and administration of this Plan. Where benefits under this Plan are provided through an insurance company, Health Maintenance Organization ("HMO"), or Dental Maintenance Organization ("DMO"), or similar entity, that entity shall be the Claims Administrator with respect to those benefits. In all other situations, the Plan Administrator shall be the Claims Administrator unless the Plan Administrator contracts with a third party to act on its behalf and that other entity is identified in the Adoption Agreement.

6.2 **Agent for Service of Legal Process.** The agent for service of legal process for the Plan is the Plan Administrator.

6.3 **Allocation of Responsibility for Administration.** The Plan Administrator shall have the sole responsibility for the administration of this Plan as is specifically described in this Plan. The designated representatives of the Plan Administrator shall have only those specific powers, duties, responsibilities, and obligations as are specifically given to them under this Plan. The Plan Administrator warrants that any directions given, information furnished, or action taken by it shall be in accordance with the provisions of the Plan authorizing or providing for such direction, information or action. It is intended under this Plan that the Plan Administrator shall be responsible for the proper exercise of its own powers, duties, responsibilities, and obligations under this Plan and shall not be responsible for any act or failure to act of another Employee of the Employer. Neither the Plan Administrator (including any designee) nor the Employer makes any guarantee to any Participant in any manner for any loss or other event because of the Participant's participation in this Plan.

6.4 **Rules and Decisions.** Except as otherwise specifically provided in the Plan, the Plan Administrator may adopt such rules and procedures as it deems necessary, desirable, or appropriate to fulfill the purposes of the Plan. All rules and decisions of the Plan Administrator shall be uniformly and consistently applied to all Participants in similar circumstances. When making a determination or calculation, the Plan Administrator shall be entitled to rely upon information furnished by a Participant, the Employer, or legal counsel.

6.5 **Procedures**. The Plan Administrator may act at a meeting or in writing. The Plan Administrator may adopt by-laws and regulations as it deems desirable for the conduct of the Plan's affairs and as are consistent with the terms of the Plan.

6.6 **Records and Reports**. The Plan Administrator shall be responsible for complying with all reporting, filing and disclosure requirements for the Plan.

6.7 **Claim for Benefits**. This Section addresses the requirements for claims for reimbursement-type Available Benefits chosen in the Adoption Agreement and the provisions of general applicability. Claims requirements for other Available Benefits shall be handled in accordance with the governing documents for those Available Benefits.

A Participant may apply to the Claims Administrator for reimbursement of eligible expenses incurred during such Plan Year (and applicable Grace Period) by submitting a paper claim, or, if provided in the Adoption Agreement, through electronic payment as described below:

(a) **Paper Claims**. A Participant may make a claim by completing a claim form and submitting such form to the Claims Administrator (or its designee) setting forth at least the following:

(1) the amount, date and nature of the expense, including the identity of the individual who incurred the expense;

(2) the name of the person or entity to which the expense was paid;

(3) the Participant's statement that the expense has not been reimbursed and the Participant will not seek reimbursement for the expense; and

(4) such other information as the Claims Administrator may require.

Such claim form shall be accompanied by bills, invoices, receipts, or other statements from an independent third party, or by an explanation of benefits ("EOB") issued by a health plan, stating the eligible expense has been incurred and the amount of the expense. The Claims Administrator is entitled to rely on the information provided on the claim form in processing claims under this Plan. Where circumstances beyond the Participant's control prevent submission within the described time frame, notice of a claim with an explanation of the circumstances may be accepted by the Claims Administrator as a timely filing. Claims shall be determined in accordance with Article VI.

Reimbursement shall be made in accordance with the schedule identified in the Adoption Agreement. Claims (including all information substantiating the claim) must be submitted by the deadline established and communicated by the Claims Administrator. Reimbursements shall be made from the Participant's respective reimbursement-type account for eligible expenses incurred during the applicable Plan Year for which the Participant submits the required documentation.

(b) **Electronic Payment – Medical Expense Reimbursement Plan and Limited Scope Medical Expense Reimbursement Plan**. If selected in the Adoption Agreement, a Participant may receive reimbursement of an eligible expense under the Medical Expense Reimbursement Plan and the Limited Scope Medical Expense Reimbursement Plan (if applicable) by use of an electronic payment card (to the extent made available by the Claims Administrator) at the time the eligible expense

is incurred. The use of the electronic payment card shall be subject following conditions:

(1) The electronic payment card may be used only while a Participant is employed by the Employer.

(2) The balance of the electronic payment card shall be limited to the amount in the applicable Participant's reimbursement-type account(s).

(3) A Participant must certify in writing prior to issuance of the electronic payment card that:

  (i) the electronic payment card will be used only for eligible expenses that have not been reimbursed under any other plan covering similar benefits; and

  (ii) the Participant will not seek reimbursement for any expense paid with the electronic payment card under any other plan covering benefits.

The electronic payment card shall include a statement providing that each use of the card shall constitute a reaffirmation of the certification.

(4) The electronic payment card may be used only at merchants: (i) who have health care related merchant category codes other than the drug store or pharmacies merchant category code; (ii) who have the drug store or pharmacies merchant category code and with respect to whom 90% of the store's gross receipts during the prior taxable year consisted of items that qualify as expenses for medical care under Section 213(d) of the Code (a "90% pharmacy"); or (iii) who participate in an inventory information approval system developed by the card provider that verifies, at the time of purchase, that the goods being purchased constitute medical care.

(5) Each time the electronic payment card is used, a Participant shall obtain and retain a third party statement from the health care provider containing the information necessary to substantiate that the expense paid by the card was an eligible expense.

(6) Claims shall be substantiated in one of the following manners:

  (i) The Participant shall provide, upon request by the Claims Administrator (or its designee), the third party statement with respect to the claim.

  (ii) For eligible expenses, the payment was made to a merchant who is a health care provider and it matches a specific co-payment the Participant has under a group medical or group dental plan sponsored by the Employer or a multiple of that co-payment of not more than five (5) times the dollar amount of the co-payment.

  (iii) For eligible expenses, the payment was made to a merchant who is a health care provider and is for an expense with the same amount, duration, and health care provider as a previously approved expense under this Plan.

  (iv) For eligible expenses, the payment was made to a merchant who is a health care provider and the electronic claim file with respect to the expense is accompanied by an electronic or written confirmation from the health care provider that identifies the nature of the expense and verifies the amount and date of service and that the expense is an eligible expense.

(v) For eligible expenses, the electronic payment card is used at a merchant (of any kind) that participates in an inventory information approval system developed by the card provider that verifies, at the time of purchase, that the goods being purchased constitute medical care.

(7) Special rules apply to the use of the electronic payment card to purchase over-the-counter drugs and medicines other than insulin. Notwithstanding the rules described above regarding the use of the card to purchase medical care, the card may be used to purchase such over-the-counter drugs and medicines only in the following circumstances:

(i) At any 90% pharmacy if the expense is substantiated after the purchase in accordance with paragraph (6)(i) above.

(ii) At drug stores, pharmacies, non-health care merchants that have pharmacies, and mail order or web-based merchants that sell prescription drugs if (a) the cardholder presents the prescription to the pharmacist; (b) the pharmacist assigns a prescription number and dispenses the over-the-counter drug or medicine in accordance with applicable law; (c) the pharmacy retains a record of the transaction, including the name on prescription, prescription number, date, and the amount of the purchase; (d) the pharmacy's records are accessible by the employer or its agent; (e) the debit card system does not allow over-the-counter drugs or medicines without a prescription number; and (f) the expense is substantiated in accordance with the standard rules described above in paragraph (6).

(ii) At merchants having healthcare related merchant codes (other than merchants described in item ii above) if the expense is substantiated in accordance with the standard rules described above in paragraph (6).

(8) A Participant shall repay the Plan for a payment with respect to any claim not substantiated (and therefore not eligible for reimbursement) as required above. The Plan shall handle collection of unsubstantiated claims as required under the Code and the Cafeteria Plan Regulations.

(9) The use of an electronic payment card does not constitute a "claim" under the claims procedures.

6.8 **Determination of Benefits**. This Section addresses the claims determination and appeal procedures for reimbursement-type Available Benefits chosen in the Adoption Agreement, and the provisions of general applicability. The following procedures shall apply unless alternative procedures are specifically provided in the Adoption Agreement. Claims determination and appeal procedures for other Available Benefits shall be handled in accordance with the governing documents for those Available Benefits.

(a) **Initial Determination**. The Plan Administrator, or Plan Administrator's designee, shall notify a person within thirty (30) days of receipt of a written claim for benefits of that person's eligibility or non-eligibility for benefits under the Plan. If it is determined that a person is not eligible for benefits or for full benefits, the notice shall set forth:

(1) the specific reasons for the denial;

(2) a specific reference to the provision of the Plan on which the denial is based;
(3) a description of any additional information or material necessary for the claimant to perfect the claim and an explanation of why it is needed; and
(4) an explanation of the Plan's claims review procedure and other appropriate information as to the steps to be taken if the Participant wishes to have the claim reviewed.

If the Plan Administrator, or Plan Administrator's designee, determines that there are special circumstances requiring additional time to make a decision, the Plan Administrator, or Plan Administrator's designee, shall notify the Participant of the special circumstances and the date by which a decision is expected to be made, and may extend the time for up to an additional fifteen (15) days.

(b) **Appeals.** If a Participant is determined by the Plan Administrator, or Plan Administrator's designee, not to be eligible for benefits, or if the Participant believes that he or she is entitled to greater or different benefits, the Participant shall have the opportunity to have the claim reviewed by the Plan Administrator, or Plan Administrator's designee, by filing a petition an appeal within one hundred eighty (180) days after receipt by the Participant of the notice issued by the Employer, or the Employer's designee. The appeal shall state the specific reasons the Participant believes he or she is entitled to benefits or greater or different benefits.

Within sixty (60) days after receipt of the appeal, the Plan Administrator, or Plan Administrator's designee, shall afford the Participant (and the Participant's counsel, if any) an opportunity to present the Participant's position to the Plan Administrator, or Plan Administrator's designee, orally or in writing, and the Participant (or the Participant's counsel) shall have the right to review the pertinent documents.

(c) **Decision on Appeal.** The Plan Administrator shall notify the Participant of its decision on appeal in writing within said sixty (60) day period of said decision. If it is determined that a person is not eligible for benefits or for full benefits the notice shall set forth:
(i) the specific reasons for the denial; and
(ii) a specific reference to the provision of the Plan on which the denial is based.

In the event of the death of a Participant, the same procedure shall be applicable to the Participant's beneficiaries.

6.9 **Authorization of Benefit Payments**. The Plan Administrator shall issue directions to the Employer concerning all benefits which are to be paid from Employer's assets, pursuant to the provisions of the Plan, and shall warrant at the time the directions are provided that all such directions are in accordance with the Plan.

6.10 **Overpayments.** If a payment for benefits is made by the Plan in excess of the benefit to which a Covered Individual is entitled under the Plan, the Plan shall have the right to recover such overpayment from the payee. Repayment of an overpayment is a condition of participation in the Plan.

6.11 **Inability to Locate Payee.** If benefits are due under this Plan and the Plan Administrator is unable, after reasonable attempts to do so, to locate the Participant to whom such benefits are payable, such benefits shall be handled in accordance with applicable state law regarding unclaimed property or escheat. For purposes of the foregoing, the Plan Administrator shall be deemed to be unable to locate a Participant if a check issued for

benefits payable under the Plan has been sent to the payee's last known address and has not been cashed within three (3) years of its date of issuance.

6.12 **Facility of Payment.** Whenever, in the Plan Administrator's opinion, a person entitled to receive any payment of a benefit or installment under the Plan is under a legal disability or is incapacitated in any way so as to be unable to manage their financial affairs, the Plan Administrator may request the Employer to make payments to such person, or the Plan Administrator may request the Employer to apply the payment for the benefit of such person in such manner as the Plan Administrator considers advisable. Any payment of a benefit, or installment, in accordance with the provisions of this Section, shall be a complete discharge of any liability for the making of such payment under the provisions of the Plan.

6.13 **Other Powers and Duties of the Administrator**. The Plan Administrator shall also have such other duties and powers as may be necessary to discharge its duties under the Plan including, but not limited to, the following:

(a) discretion to construe and interpret the Plan in a non-discriminatory manner, to decide all questions of eligibility, except to the extent the eligibility determinations are governed by an insurance contract, and to determine all questions arising in the administration and application of the Plan, except to the extent such eligibility determinations are governed by an insurance contract;

(b) to receive from the Employer and from Participants such information as shall be necessary for the proper administration of the Plan;

(c) to furnish the Employer, upon request, such annual reports with respect to the administration of the Plan as are reasonable and appropriate; and

(d) to appoint individuals to assist in the administration of the Plan and any other agents the Plan Administrator deems advisable, including legal and actuarial counsel. The Plan Administrator shall not have the power to add to, subtract from, or modify any of the terms of the Plan, to change or add to any benefits provided by the Plan, or to waive or fail to apply any requirements of eligibility for a benefit under this Plan.

6.14 **Indemnification**. To the maximum extent allowed by, and in accordance with applicable law, the Employer shall indemnify and hold harmless any Employee that is deemed to be a fiduciary against any and all losses, claims, damages, expense (including court costs and attorneys' fees), and liability arising from the Employee's duties and responsibilities in connection with the Plan, unless the same is determined to be intentional or willful.

6.15 **Changes by the Plan Administrator**. If the Plan Administrator determines before or during any Plan Year, the Plan may fail to satisfy any nondiscrimination requirement imposed by the Code or other applicable law, the Plan Administrator may take such action as the Plan Administrator deems appropriate, under rules uniformly applicable to similarly situated Participants, to further compliance with such requirements or limitation. Such action may include, without limitation, a modification of Elections by Highly Compensated Participants with or without consent of such Employees and/or a re-characterization within the Plan Year of benefits provided under the Plan as taxable income with or without consent of such Employees.

6.16 **Plan Interpretation.** This Plan will be administered in accordance with its terms. The Plan Administrator and/or a fiduciary acting as a fiduciary with respect to this Plan, to the

extent that such individual or entity is acting in its fiduciary capacity, shall have the complete and final authority, responsibility, and control, in its sole discretion, to manage, administer and operate this Plan, to make factual findings, to construe the terms of this Plan, and to determine all questions arising in connection with the administration, interpretation, and application of this Plan, including, but not limited to, the eligibility and coverage of individuals and the authorization or denial of payment or reimbursement of benefits. All determinations and decisions will be binding on this Plan, Covered Individuals, claimants, and all interested parties.

ARTICLE VII.
PLAN AMENDMENT AND TERMINATION

7.1 **Employer Amendments**. The Employer reserves the right to amend the Plan, or any portion of the Plan, at any time. The Employer expressly may make any amendment it determines necessary or desirable, with or without retroactive effect, to comply with the law. Such amendments shall not affect any right to benefits that accrued prior to such amendment. Such amendment shall be made in writing and in accordance with Section 8.4.

7.2 **Employer's Right to Terminate**. Although the Employer expects the Plan to be maintained for an indefinite time, the Employer reserves the right to terminate the Plan or any portion of the Plan at any time. In the event of the dissolution, merger, consolidation, or reorganization of the Employer, the Plan shall terminate unless the Plan is continued by a successor to the Employer in accordance with the resolution of such successor's managing body. Such termination shall not affect any right to benefits that accrued prior to any termination. Such action shall be taken in writing and in accordance with Section 8.4.

ARTICLE VIII.
GENERAL PROVISIONS

8.1 **Plan Not a Contract of Employment**. The Plan is not an employment contract and does not assure the continued employment of any Employee or Participant for any period of time. Nothing contained in the Plan shall interfere with the Employer's right to discharge an Employee or Participant at any time, regardless of the effect such discharge may have upon the individual as a Participant in this Plan.

8.2 **No Right to Employer's Assets**. No Employee, Participant or beneficiary thereof shall have any right to, or interest in, any assets of the Employer upon termination of employment, or otherwise except as provided from time to time under this Plan, and then only to the extent of the benefits payable under the Plan to such Employee, Participant or beneficiary thereof. In addition, the Claims Administrator shall not be liable in any manner for such payments.

8.3 **Non-Alienation of Benefits**. Benefits payable under this Plan shall not be subject to anticipation, alienation, sale, transfer, execution, or levy of any kind either voluntary or involuntary, including any such liability which is for alimony or other payments for the support of a Spouse or former Spouse, or for any other relative of the Participant, prior to actually being received by the person entitled to the benefit under the terms of the Plan. Any attempt to anticipate, alienate, sell, transfer, assign, pledge, encumber, charge or otherwise dispose of any right to benefits payable under the Plan shall be void. The Employer, Plan Administrator and/or Claims Administrator shall not in any manner be made liable for, or subject to, the debts, contracts, liabilities, engagements or torts of any person entitled to benefits under the Plan.

8.4 **Action by Employer**. Whenever the Employer, under the terms of this Plan, is permitted or required to do or perform any act or matter or thing, it shall be done and performed by the managing body of the Employer or such representatives of the Employer as the managing body may designate.

8.5 **No Guarantee of Tax Consequences**. Notwithstanding any provision in this Plan to the contrary, neither this Plan nor the Employer make any commitment or guarantee that any amounts paid to or on behalf of a Participant under this Plan will be excludable from the Participant's gross income for federal or state income tax purposes. It shall be the obligation of each Participant to determine whether each payment is excludable from the Participant's gross income for federal and state income tax purposes, and to notify the Employer if the Participant has reason to believe that any such payment is not so excludable.

8.6 **Indemnification of Employer by Participants**. To the maximum extent allowed by, and in accordance with, applicable law, if any Participant receives one or more payments or reimbursements under this Plan that are not for eligible expenses, such Participant shall indemnify and reimburse the Employer for any liability it may incur for failure to withhold federal or state income tax or Social Security tax from such payment or reimbursements. However, such indemnification and reimbursement shall not exceed the amount of additional federal and state income tax that the Participant would have owed if the payments or reimbursements had been made to the Participant as regular cash

compensation, plus the Participant's share of any Social Security tax that would have been paid on such compensation, less any such additional income and Social Security tax actually paid by the Participant.

8.7 **Benefits Provided Through Third Parties.** In the case of any Available Benefit provided through a third party (e.g., an insurance company pursuant to a contract or policy with that third party), if there is any conflict or inconsistency between the description of benefits contained in this Plan and the contract or policy, the terms of the contract or policy shall control, unless prohibited by applicable law or specifically addressed in this Plan.

8.8 **Mistakes and Errors.** It is recognized that in the administration of the Plan, certain administrative and accounting errors may be made or situations may arise by reason of factual errors in information supplied to the Employer or the Plan Administrator. The Employer and/or the Plan Administrator shall have the power to take such equitable steps as may be necessary to correct the mathematical, accounting or factual errors, as they, in their sole discretion, determine(s) to be appropriate.

8.9 **Limitation on Liability**. The Employer does not guarantee benefits payable under any insurance policy or other similar contract described or referred to herein, and any benefits thereunder shall be the exclusive responsibility of the Insurer or other entity that is required to provide such benefits under such policy or contract.

8.10 **Governing Law**. This Plan shall be construed and enforced according to the laws of the State of Minnesota except to the extent preempted by federal law.

8.11 **Family and Medical Leave Act of 1993**. Notwithstanding any provision of this Plan to contrary, this Plan shall be operated and maintained in a manner consistent with the Family and Medical Leave Act of 1993 ("FMLA") and the Employer's FMLA policy required thereunder, provided the Employer is subject to FMLA.

8.12 **Uniformed Services Employment and Reemployment Rights Act of 1994**. Notwithstanding any provision of this Plan to the contrary, this Plan shall be operated and maintained in a manner consistent with the Uniformed Services Employment and Reemployment Act of 1994 ("USERRA"). The Plan Administrator may, within the parameters of the law, establish uniform policies by which to provide such continuation coverage required by USERRA, which shall be incorporated herein by reference.

8.13 **Genetic Information Nondiscrimination Act of 2008**. Notwithstanding any provision of this Plan to contrary, this Plan shall be operated and maintained in a manner consistent with the Genetic Information Nondiscrimination Act of 2008 ("GINA").

ARTICLE IX.
GROUP MEDICAL BENEFITS

9.1 **Purpose**. The purpose of this Article is to provide for the pre-tax payment opportunity for Group Medical Benefits under this Plan as an Available Benefit. The Employer provides Group Medical Benefits through one or more "plans" within the meaning of Sections 105 and 106 of the Code.

9.2 **Separate Written Plan**. For purposes of Sections 105 and 106 of the Code, this Article shall constitute a separate written plan providing for the reimbursement or direct payment of Insurance Premium expenses. To the extent necessary, other provisions of the Plan are incorporated by reference.

9.3 **Definitions**.

(a) **Dependent** means an individual (e.g., Spouse, child, domestic partner, etc.) who qualifies as a "dependent" under the terms and conditions of the applicable plan document governing the Group Medical Benefits.

(b) **Group Medical Benefits** means the medical coverage made available by the Employer through this Article to which the Insurance Premiums relate. It does not include individual Insurance Contracts.

(c) **HMO** means a health maintenance organization authorized to do business in the state in which it operates with which an agreement has been entered for the purpose of providing benefits under the Plan.

(d) **Highly Compensated Individual** means an individual who is highly compensated as defined in Section 105(h)(5) of the Code.

(e) **Insurance Contract** means (1) any insurance contract secured from an insurance company or HMO authorized to do business in the state in which such contract is issued, which has been obtained for the purpose of providing benefits under this portion of the Plan; or (2) a self-insured plan administered by a third party.

(f) **Insurance Premiums** means the amount that must be paid on a periodic basis in return for coverage under the Insurance Contract.

9.4 **Terms, Conditions and Limitations**. The Employer shall secure the necessary Insurance Contracts from third party providers regulated by the State in which they operate with respect to the provision of Group Medical Benefits, and/or establish the necessary self-insured program. Coverage shall begin, benefits shall be provided, and coverage shall terminate in accordance with the applicable Insurance Contracts Such Insurance Contracts are identified in Exhibit A (attached to the Adoption Agreement) and expressly incorporated into and made part of this Plan.

9.5 **Payments**. The Plan Administrator shall make Insurance Premium payments for the Group Medical Benefits on behalf of the Participant in an amount necessary to provide the benefit applicable to the Participant under this portion of the Plan for the applicable Plan Year. Such payments shall be made from Employer Contributions, if any, provided by the Employer under the Plan and, if necessary, contributions made in accordance with the salary reduction arrangement and other arrangements applicable to the Participant under the terms of the Plan. The appropriate portions shall depend on the coverage elected by the Participant. The Plan Administrator shall also make such payments on behalf of the Participant's Dependents who are enrolled in the Group Medical Benefits. To the extent

a Dependent is provided coverage under the Group Medical Benefits and that Dependent is not the Participant's Spouse or Tax Dependent, the tax consequence of such coverage shall be addressed as described in Section 4.2.

9.6 **Nondiscrimination**. To the extent the Group Medical Benefits are subject to Section 105(h) of the Code or Section 2716 of the Public Health Services Act, they shall not discriminate in favor of Highly Compensated Individuals with respect to eligibility to participate or benefits. If the Plan Administrator determines the Group Medical Benefits are or may be discriminatory, the Plan Administrator may take action permitted by law to avoid such a result as described in Section 6.15.

9.7 **Medical Child Support Orders**. Notwithstanding any provision of this Plan to the contrary, this Plan shall recognize child support orders regarding coverage under the Group Medical Benefits to the extent required by applicable law.

9.8 **Continuation of Coverage**. Continued coverage shall be provided under the Group Medical Benefits if and to the extent required under the Consolidated Omnibus Budget Reconciliation Act of 1985 ("COBRA"), as amended and as reflected in the Public Services Act, as amended ("PHSA"). To the extent not otherwise contained in the Plan, the Plan Administrator may, within the parameters of the law, establish uniform policies by which to provide such continuation coverage, which shall be incorporated herein by reference. There shall also be compliance with Minnesota law concerning continuation of coverage to the extent not preempted by federal law.

9.9 **HIPAA.** The Group Medical Benefits shall comply with the Privacy Rules and Security Rules under HIPAA (if applicable) as further provided in the Insurance Contract. In addition, the Group Medical Benefits shall comply with the portability requirements under HIPAA.

ARTICLE X.
GROUP DENTAL BENEFITS

10.1 **Purpose**. The purpose of this Article is to provide for the pre-tax payment opportunity for Group Dental Benefits under this Plan as an Available Benefit. The Employer provides Group Dental Benefits through one or more "plans" within the meaning of Sections 105 and 106 of the Code.

10.2 **Separate Written Plan**. For purposes of Sections 105 and 106 of the Code, this Article shall constitute a separate written plan providing for the reimbursement or direct payment of Insurance Premium expenses. To the extent necessary, other provisions of the Plan are incorporated by reference.

10.3 **Definitions.**

(a) **Dependent** means an individual (e.g., Spouse, child, domestic partner, etc.) who qualifies as a "dependent" under the terms and conditions of the applicable plan document governing the Group Dental Benefits.

(b) **DMO** means a dental maintenance organization authorized to do business in the state in which an agreement has been entered for the purpose of providing benefits under this portion of the Plan.

(c) **Group Dental Benefits** means the dental coverage made available by the Employer through this Article to which the Insurance Premiums relate. It does not include individual Insurance Contracts.

(d) **Highly Compensated Individual** means an individual who is highly compensated as defined in Section 105(h)(5) of the Code.

(e) **Insurance Contract** means (1) any insurance contract secured from an insurance company or DMO authorized to do business in the state in which such contract is issued, which has been obtained for the purpose of providing benefits under this portion of the Plan; or (2) a self-insured plan administered by a third party.

(f) **Insurance Premiums** means the amount that must be paid on a periodic basis in return for coverage under the Insurance Contract.

10.4 **Terms, Conditions and Limitations**. The Employer shall secure the necessary Insurance Contracts from third party providers with respect to the provision of Group Dental Benefits and/or establish the necessary self-insured program. Coverage shall begin, benefits shall be provided, and coverage shall terminate in accordance with the applicable Insurance Contracts Such Insurance Contracts are identified in Exhibit A (attached to the Adoption Agreement) and expressly incorporated into and made part of this Plan.

10.5 **Payments**. The Plan Administrator shall make Insurance Premium payments for the Group Dental Benefits on behalf of the Participant in an amount necessary to provide the benefit applicable to the Participant under this portion of the Plan for the applicable Plan Year. Such payments shall be made from Employer Contributions, if any, provided by the Employer under the Plan and, if necessary, contributions made in accordance with the salary reduction arrangement and other arrangements applicable to the Participant under the terms of the Plan. The appropriate portions shall depend on the coverage elected by the Participant. The Plan Administrator shall also make such payments on behalf of the Participant's Dependents who are enrolled in the Group Dental Benefits. To the extent a Dependent is provided coverage under the Group Dental Benefits and that Dependent is

not the Participant's Spouse or Tax Dependent, the tax consequence of such coverage shall be addressed as described in Section 4.2.

10.6 **Nondiscrimination**. To the extent the Group Dental Benefits are self-insured and, as a result, are subject to Section 105(h) of the Code, they shall not discriminate in favor of Highly Compensated Individuals with respect to eligibility to participate or benefits. If the Plan Administrator determines that the Group Dental Benefits may be discriminatory, the Plan Administrator may take action permitted by law to avoid such a result as described in Section 6.15. If the Group Dental Benefits fail any applicable nondiscrimination requirements, Highly Compensated Individuals shall have taxable income imputed to the extent required by law.

10.7 **Medical Child Support Orders**. Notwithstanding any provision of this Plan to the contrary, this Plan shall recognize child support orders regarding coverage under the Group Dental Benefits to the extent required by applicable law.

10.8 **Continuation of Coverage**. Continued coverage shall be provided under the Group Dental Benefits if and to the extent required under the Consolidated Omnibus Budget Reconciliation Act of 1985 ("COBRA"), as amended and as reflected in the Public Health Services Act, as amended ("PHSA"). To the extent not otherwise contained in the Plan, the Plan Administrator may, within the parameters of the law, establish uniform policies by which to provide such continuation coverage. There shall also be compliance with Minnesota law concerning continuation of coverage to the extent not preempted by federal law.

10.9 **HIPAA.** The Group Dental Benefits shall comply with the Privacy Rules and Security Rules under HIPAA (if applicable) as further provided in the Insurance Contract.

ARTICLE XI.
GROUP VISION BENEFITS

11.1 **Purpose**. The purpose of this Article is to provide for the pre-tax payment opportunity for Group Vision Benefits under this Plan as an Available Benefit. The Employer provides Group Vision Benefits through one or more "plans" within the meaning of Sections 105 and 106 of the Code.

11.2 **Separate Written Plan**. For purposes of Sections 105 and 106 of the Code, this Article shall constitute a separate written plan providing for the reimbursement or direct payment of Insurance Premium expenses. To the extent necessary, other provisions of the Plan are incorporated by reference.

11.3 **Definitions**.

(a) **Dependent** means an individual (e.g., Spouse, child, domestic partner, etc.) who qualifies as a "dependent" under the terms and conditions of the applicable plan document governing the Group Vision Benefits.

(b) **Group Vision Benefits** means the vision coverage made available by the Employer through this Article to which the Insurance Premiums relate. It does not include individual Insurance Contracts.

(c) **Highly Compensated Individual** means an individual who is highly compensated as defined in Section 105(h)(5) of the Code.

(d) **Insurance Contract** means (1) any insurance contract secured from an insurance company authorized to do business in the state in which such contract is issued, which has been obtained for the purpose of providing benefits under this portion of the Plan; or (2) a self-insured plan administered by a third party.

(e) **Insurance Premiums** means the amount that must be paid on a periodic basis in return for coverage under the Insurance Contract.

11.4 **Terms, Conditions and Limitations**. The Employer shall secure the necessary Insurance Contracts from third party providers with respect to the provision of Group Dental Benefits and/or establish the necessary self-insured program. Coverage shall begin, benefits shall be provided, and coverage shall terminate in accordance with the applicable Insurance Contracts. Such Insurance Contracts are identified in Exhibit A (attached to the Adoption Agreement) and expressly incorporated into and made part of this Plan.

11.5 **Payments**. The Plan Administrator shall make Insurance Premium payments for the Group Vision Benefits on behalf of the Participant in an amount necessary to provide the benefit applicable to the Participant under this portion of the Plan for the applicable Plan Year. Such payments shall be made from Employer Contributions, if any, provided by the Employer under the Plan and, if necessary, contributions made in accordance with the salary reduction arrangement and other arrangements applicable to the Participant under the terms of the Plan. The appropriate portions shall depend on the coverage elected by the Participant. The Plan Administrator shall also make such payments on behalf of the Participant's Dependents who are enrolled in the Group Vision Benefits. To the extent a Dependent is provided coverage under the Group Vision Benefits and that Dependent is not the Participant's Spouse or Tax Dependent, the tax consequence of such coverage shall be addressed as described in Section 4.2.

11.6 **Nondiscrimination**. To the extent the Group Vision Benefits are self-insured and, as a result, are subject to Section 105(h) of the Code, they shall not discriminate in favor of Highly Compensated Individuals with respect to eligibility to participate or benefits. If the Plan Administrator determines that the Group Vision Benefits are or may be discriminatory, the Plan Administrator may take action permitted by law to avoid such a result as described in Section 6.15. If the Group Vision Benefits fail any applicable nondiscrimination requirements, Highly Compensated Individuals shall have taxable income imputed to the extent required by law.

11.7 **Medical Child Support Orders**. Notwithstanding any provision of this Plan to the contrary, this Plan shall recognize child support orders regarding coverage under the Group Vision Benefits to the extent required by applicable law.

11.8 **Continuation of Coverage**. Continued coverage shall be provided under the Group Vision Benefits if and to the extent required under the Consolidated Omnibus Budget Reconciliation Act of 1985 ("COBRA"), as amended, and, as reflected in the Public Health Services Act ("PHSA"), as amended. To the extent not otherwise contained in the Plan, the Plan Administrator may, within the parameters of the law, establish uniform policies by which to provide such continuation coverage. There shall also be compliance with Minnesota law concerning continuation of coverage to the extent not preempted by federal law.

11.9 **HIPAA.** The Group Vision Benefits shall comply with the Privacy Rules and Security Rules under HIPAA (if applicable) as further provided in the Insurance Contract.

ARTICLE XII.
GROUP TERM LIFE BENEFITS AND/OR GROUP ACCIDENTAL DEATH & DISMEMBERMENT ("AD&D") BENEFITS

12.1 **Purpose**. The purpose of this Article is to provide for the pre-tax payment opportunity for Group Term Life Benefits and/or Group Accidental Death & Dismemberment ("AD&D") Benefits under this Plan as an Available Benefit up to $50,000. Benefits in excess of $50,000 will be after-tax. The Employer provides Group Term Life Benefits and/or Group AD&D Benefits through one or more "plans" within the meaning of Sections 79, 105, and 106 of the Code.

Note: This Article does not permit pre-tax payment of Insurance Premiums for coverage other than Participant coverage (e.g., no spousal or dependent coverage).

12.2 **Separate Written Plan**. For purposes of Sections 79, 105 and 106 of the Code, this Article shall constitute a separate written plan providing for the reimbursement or direct payment of Insurance Premium expenses. To the extent necessary, other provisions of the Plan are incorporated by reference.

12.3 **Definitions**.

(a) **Group AD&D Benefits** means the accidental death and dismemberment insurance coverage made available by the Employer through this Article to which the Insurance Premiums relate. It does not include individual Insurance Contracts.

(b) **Group Term Life Benefits** means the group term life insurance coverage made available by the Employer through this Article to which the Insurance Premiums relate. It does not include individual Insurance Contracts.

(c) **Insurance Contract** means any insurance contract secured from an insurance company authorized to do business in the state in which such contract is issued, which has been obtained for the purpose of providing benefits under this portion of the Plan.

(d) **Insurance Premiums** means the amount that must be paid on a periodic basis in return for group coverage under the Insurance Contract(s).

12.4 **Terms, Conditions and Limitations**. The Employer shall secure the necessary Insurance Contracts or other benefit agreements from third party providers. Coverage shall begin, benefits shall be provided, and coverage shall terminate in accordance with the applicable Insurance Contracts or other benefit agreements. Such Insurance Contracts or agreements are identified in Exhibit A (attached to the Adoption Agreement) and expressly incorporated into and made part of this Plan.

12.5 **Payments**. The Plan Administrator shall make Insurance Premium payments for the Group Term Life Benefits and/or Group AD&D Benefits on behalf of the Participant in an amount necessary to provide the benefit applicable to the Participant under this portion of the Plan for the applicable Plan Year. Such payments shall be made from Employer Contributions, if any, provided by the Employer under the Plan and, if necessary, contributions made in accordance with the salary reduction arrangement and other arrangements applicable to the Participant under the terms of the Plan. The appropriate portions shall depend on the coverage elected by the Participant.

12.6 **Limitation on Group Term Life Benefits**. The cost of Group Term Life Benefits on the Participant's life paid by the Employer shall not be included in the Participant's gross income to the extent the face amount of the Insurance Contract(s) does not exceed $50,000. If the face amount of the Insurance Contract(s) paid by the Employer exceeds $50,000, the cost of the coverage in excess of $50,000 shall be imputed to the Participant as income in accordance with Section 79 of the Code and the Cafeteria Plan Regulations. For purposes of this limitation, coverage paid by the Participant on a pre-tax basis is considered "paid by the Employer." Under no circumstances shall the coverage on the life of persons covered through the Participant be paid through this Plan.

12.7 **Tax Consequences of AD&D Benefits**. It is intended that the Insurance Premiums paid by the Employer (including pre-tax payments paid by the Participant through this portion of the Plan) for a Participant's Group AD&D Benefits shall be excluded in the Participant's gross income under Section 106 of the Code. Any benefits received as a result of the Insurance Contract under this portion of the Plan shall be included in the recipient's gross income to the extent required under the applicable provision(s) of the Code.

12.8 **Continuation/Conversion of Coverage**. There shall be compliance with applicable state law regarding continuation of coverage and conversion of coverage to the extent such state laws are not preempted by federal law. In addition, any continuation and conversion rights provided under the terms of the Insurance Contract(s) through which benefits are provided shall be available to the extent they are not prohibited or preempted by federal law.

ARTICLE XIII.
SHORT TERM DISABILITY BENEFITS

13.1 **Purpose**. The purpose of this Article is to provide for the payment opportunity for Short Term Disability Benefits under this Plan as an Available Benefit. This benefit premium is paid for with after-tax participant contributions.

13.2 **Definitions**.

(a) **Insurance Contract** means (1) any insurance contract secured from an insurance company authorized to do business in the state in which such contract is issued, which has been obtained for the purpose of providing benefits under this Plan; or (2) a self-insured plan administered by a third party.

(b) **Insurance Premiums** means the amount that must be paid on a periodic basis in return for group coverage under the Insurance Contract.

(c) **Short Term Disability Benefits** means the short term disability coverage made available by the Employer to which the Insurance Premiums relate. It does not include individual insurance contracts.

13.3 **Terms, Conditions and Limitations**. The Employer shall secure the necessary Insurance Contracts or other short term disability benefit agreements from third party providers. Coverage shall begin, benefits shall be provided, and coverage shall terminate in accordance with the applicable Insurance Contracts or other short term disability benefit agreements, and/or self-insured plan documents. Such Insurance Contracts, agreements, and plan documents are identified in Exhibit A (attached to the Adoption Agreement) and expressly incorporated into and made part of this Plan.

13.4 **Payments**. The Plan Administrator shall make Insurance Premium payments for the Short Term Disability Benefits on behalf of the Participant in an amount necessary to provide the benefit applicable to the Participant under this portion of the Plan for the applicable Plan Year. Such payments shall be made from Employer Contributions, and, if necessary, contributions made in accordance with the salary reduction or other arrangements applicable to the Participant under the terms of the Plan. The appropriate portions shall depend on the coverage elected by the Participant.

13.5 **Tax Consequences**. As provided in the Adoption Agreement, the premiums paid by the Employer (including payments paid by the Participant through this portion of the Plan) for a Participant's Short Term Disability Benefits shall either be (a) included in the Participant's gross income, or (b) excluded from the Participant's gross income under Section 106 of the Code. If such premiums are included in the Participant's gross income, any benefits received as a result of the coverage purchased under this portion of the Plan shall be excluded in the recipient's gross income to the extent allowed under applicable provision(s) of the Code. If such premiums are excluded from the Participant's gross income, any benefits received as a result of the coverage purchased under this portion of the Plan shall be included in the recipient's gross income to the extent required under applicable provision(s) of the Code.

ARTICLE XIV.
LONG TERM DISABILITY BENEFITS

14.1 **Purpose**. The purpose of this Article is to provide for the payment opportunity for Long Term Disability Benefits under this Plan as an Available Benefit. This benefit premium is paid for with after-tax participant contributions.

14.2 **Definitions**.

(a) **Insurance Contract** means (1) any insurance contract secured from an insurance company authorized to do business in the state in which such contract is issued, which has been obtained for the purpose of providing benefits under this Plan; or (2) a self-insured plan administered by a third party.

(b) **Insurance Premiums** means the amount that must be paid on a periodic basis in return for group coverage under the Insurance Contract.

(c) **Long Term Disability Benefits** means the long term disability coverage made available by the Employer to which the Insurance Premiums relate. It does not include individual long term disability Insurance Contracts.

14.3 **Terms, Conditions and Limitations**. The Employer shall secure the necessary Insurance Contracts or other long term disability benefit agreements from third party providers. Coverage shall begin, benefits shall be provided, and coverage shall terminate in accordance with the applicable Insurance Contracts or other agreements, and/or self-insured plan documents. Such Insurance Contracts, agreements, and plan documents are identified in Exhibit A (attached to the Adoption Agreement) and expressly incorporated into and made part of this Plan.

14.4 **Payments**. The Plan Administrator shall make Insurance Premium payments for the Long Term Disability Benefits on behalf of the Participant in an amount necessary to provide the benefit applicable to the Participant under this portion of the Plan for the applicable Plan Year. Such payments shall be made from Employer Contributions and, if necessary, contributions made in accordance with the salary reduction or other arrangements applicable to the Participant under the terms of the Plan. The appropriate portions shall depend on the coverage elected by the Participant.

14.5 **Tax Consequences**. As provided in the Adoption Agreement, the premiums paid by the Employer (including payments paid by the Participant through this portion of the Plan) for a Participant's Long Term Disability Benefits shall either be (a) included in the Participant's gross income, or (b) excluded from the Participant's gross income under Section 106 of the Code. If such premiums are included in the Participant's gross income, any benefits received as a result of the coverage purchased under this portion of the Plan shall be excluded in the recipient's gross income to the extent allowed under applicable provision(s) of the Code. If such premiums are excluded from the Participant's gross income, any benefits received as a result of the coverage purchased under this portion of the Plan shall be included in the recipient's gross income to the extent required under applicable provision(s) of the Code.

ARTICLE XV.
AFLAC BENEFITS

15.1 **Purpose**. The purpose of this Article is to provide for the payment opportunity for Aflac Election Benefits under this Plan as an Available Benefit. The Employer provides Aflac Benefits through one or more "plans" within the meaning of Sections 105 and 106 of the Code.

15.2 **Separate Written Plan**. For purposes of Sections 105 and 106 of the Code, this Article shall constitute a separate written plan providing for the reimbursement or direct payment of Insurance Premium expenses. To the extent necessary, other provisions of the Plan are incorporated by reference.

15.3 **Definitions**.

(a) **Insurance Contract** means (1) any insurance contract secured from an insurance company authorized to do business in the state in which such contract is issued, which has been obtained for the purpose of providing benefits under this Plan; or (2) a self-insured plan administered by a third party.

(b) **Insurance Premiums** means the amount that must be paid on a periodic basis in return for group coverage under the Insurance Contract.

15.4 **Terms, Conditions and Limitations**. The Employer shall secure the necessary Insurance Contracts or other benefit agreements from third party providers. Coverage shall begin, benefits shall be provided, and coverage shall terminate in accordance with the applicable Insurance Contracts or other agreements, and/or self-insured plan documents. Such Insurance Contracts, agreements, and plan documents are identified in Exhibit A (attached to the Adoption Agreement) and expressly incorporated into and made part of this Plan.

15.5 **Payments**. The Plan Administrator shall make Insurance Premium payments for the Aflac Benefits on behalf of the Participant in an amount necessary to provide the benefit applicable to the Participant under this portion of the Plan for the applicable Plan Year. Such payments shall be made from Employer Contributions and, if necessary, contributions made in accordance with the salary reduction or other arrangements applicable to the Participant under the terms of the Plan. The appropriate portions shall depend on the coverage elected by the Participant.

15.6 **Tax Consequences**. As provided in the Adoption Agreement, the premiums paid by the Employer (including payments paid by the Participant through this portion of the Plan) for a Participant's Aflac Benefits shall either be (a) included in the Participant's gross income, or (b) excluded from the Participant's gross income under Section 106 of the Code. If such premiums are included in the Participant's gross income, any benefits received as a result of the coverage purchased under this portion of the Plan shall be excluded in the recipient's gross income to the extent allowed under applicable provision(s) of the Code. If such premiums are excluded from the Participant's gross income, any benefits received as a result of the coverage purchased under this portion of the Plan shall be included in the recipient's gross income to the extent required under applicable provision(s) of the Code.

ARTICLE XVI.
DEPENDENT CARE EXPENSE REIMBURSEMENT PLAN

16.1 **Purpose**. The purpose of this Article is to provide Participants with the opportunity to be reimbursed for eligible Dependent Care Expenses under this Plan as an Available Benefit under the Plan. This Article is intended to qualify as a "dependent care assistance program" under Section 129 of the Code so that payments received under this portion of the Plan are excludable from the gross income of the Participant under Section 129(a) of the Code.

16.2 **Separate Written Plan**. For purposes of Section 129 of the Code, this Article shall constitute a separate written plan providing reimbursement of certain Dependent Care Expenses. To the extent necessary, other provisions of the Plan are incorporated by reference.

16.3 **Definitions**.

(a) **Claims Run-Out Period** means the period beginning on the first day following the close of the Plan Year and ending on the date specified in the Adoption Agreement.

(b) **Dependent Care Account ("DC Account")** means the record keeping account established by the Plan Administrator for each Plan Year for each Participant from whom an Election to create such an account is received.

(c) **Dependent Care Center** shall have the meaning given such term in Sections 21(b)(2)(C) and 21(b)(2)(D) of the Code: a facility that (1) complies with all applicable laws and regulations of the state and town, city or village in which it is located; (2) provides care for more than six individuals (other than individuals who reside at the facility); and (3) receives a fee, payment or grant for providing services for any of the individuals (regardless of whether such facility is operated for profit).

(d) **Dependent Care Expenses** means amounts paid by the Participant for services that would be considered employment-related expenses under Section 21(b)(2) of the Code, any applicable proposed or final regulations issued thereunder, or any guidance issued by the IRS interpreting or applying any of the foregoing. Employment-related expenses for purposes of this Plan include expenses incurred to enable a Participant to be Gainfully Employed during any period for which there are one or more Qualifying Individuals with respect to the Participant for (1) household services, and (2) care of a Qualifying Individual. However, employment-related expenses which are incurred for services outside the Participant's household shall be considered Dependent Care Expenses only if incurred for the care of a Qualifying Individual described in Section 16.3(i)(1)(i) below or a Qualifying Individual not described in Section 16.3(i)(1)(i) below who regularly spends at least eight (8) hours each day in the Participant's household. Dependent Care Expenses do not include expenses which are incurred for services provided by a Dependent Care Center if such center does not comply with all applicable laws and regulations of the applicable state or other unit of local government which regulates the center. In addition, Dependent Care Expenses shall not include any amounts paid to an individual who:

(1) is a child of such Participant (within the meaning of Section 152(f)(1) of the Code) who is under the age of nineteen (19) at the close of such taxable year;

(2) with respect to whom, for such taxable year, a deduction is allowable under Section 151(c) of the Code (relating to personal exemptions for dependents) to such Participant or the Spouse of such Participant;
(3) is the Spouse of the Participant at any time during the taxable year; or
(4) is the parent of the Participant's child who is a Qualifying Individual.

(e) **Earned Income** shall have the meaning given such term in Section 32(c)(2) of the Code (which refers to wages, salaries, tips and other Employee Compensation as well as net earnings from self-employment), but shall not include any amounts reimbursed by the Employer under this portion of the Plan. Further, if a Participant's Spouse is a Student or incapable of caring for himself or herself, the provisions of Section 21(d)(2) of the Code shall apply in determining the Earned Income of that Spouse. Generally, this Section provides that a Spouse of a Participant shall be deemed to have Earned Income of not less than $250 per month if there is one Qualifying Individual with respect to the Participant or $500 per month if there are two or more Qualifying Individuals with respect to the Participant.

(f) **Gainfully Employed** means the earning of income for services performed or the period of active search for gainful employment. Nominal reimbursement for volunteer work is not considered gainful employment.

(g) **Highly Compensated Employees** means Employees who are "highly compensated" as defined in Section 414(q) of the Code.

(h) **Non-Highly Compensated Participants** means Employees who are not Highly Compensated Employees.

(i) **Qualifying Individual** means a person for whom expenses can be submitted for reimbursement.

(1) A Qualifying Individual is:
  i) the Participant's "qualifying child" under Section 152 of the Code who is under age thirteen (13);
  ii) the Participant's "qualifying child" under Section 152 of the Code (determined without regard to Sections 152(b)(1) and (b)(2) of the Code) who is mentally or physically unable to care for himself or herself;
  iii) the Participant's "qualifying relative" under Section 152 of the Code (determined without regard to Sections 152(b)(1), (b)(2), and (d)(1)(B) of the Code) who: (1) is mentally or physically unable to care for himself or herself, and (2) has the same principal place of abode as the Participant for at least one-half of the year; or
  iv) the Participant's Spouse who: (1) is mentally or physically unable to care for himself or herself, and (2) has the same principal place of abode as the Participant for at least one-half of the year
(2) With the exception of two parents that file income taxes jointly, only one person is entitled to treat the child as a Qualifying Individual. Where

multiple people are involved, there are two special rules to determine which person is entitled to treat the child as a Qualifying Individual.

i) **Divorced or Separated Parents, or Parents Living Apart.** If a child's parents are divorced, legally separated, separated pursuant to a written agreement, or live apart at all times during the last six (6) months of the calendar year, a special rule applies if: (i) the child is under age 13 or is mentally or physically unable to care for himself or herself; (ii) the child receives more than 50% of his or her support from the parents (in aggregate); and (iii) the child resides with the parents (in aggregate) for more than 50% of the year. In such situations, the child is the Qualifying Individual of the custodial parent even if the custodial parent has released the right to claim the child as a dependent. The custodial parent is the parent identified in Section 152(e) of the Code (i.e., generally the parent with whom the child resides for the greater number of nights during the calendar year or, if the child resides with both parents for an equal number of nights, the parent with the higher adjusted gross income for the year).

ii) **Two or More Persons Claiming a Child as a Qualifying Individual.** If the special rule described above regarding divorce, etc. does not apply, the special tie-breaker rules of Section 152(c)(4) of the Code may apply. If an individual is a qualifying child (as defined in Section 152 of the Code) with respect to more than one person, then:

a. If both persons are the individual's parents and they file a joint federal income tax return, the child is the Qualifying Individual of both parents.

b. If both persons are the individual's parents and they file separate federal income tax returns, then the child is the Qualifying Individual of the parent with whom the child resided for the longest period of time during the calendar year (or, if child resides with both parents for the same amount of time during the year, the parent with the highest adjusted gross income for the year). However, if that parent (i.e., the custodial parent or the parent with the highest adjusted gross income) does not claim the child as a qualifying child (as defined in Section 152 of the Code) for any purpose (i.e., a dependent care expense reimbursement program, the earned income credit, the dependency deduction, the child tax credit, and the dependent care credit), then the child is the Qualifying Individual of the other parent (i.e., the non-custodial parent or the parent with the lowest adjusted gross income). This is the one person that is entitled to treat the child as a Qualifying Individual.

c. If one person is the individual's parent and the other is not, the child is the Qualifying Individual of the parent. However, if the parent does not claim the child as a qualifying child (as defined in Section 152 of the Code) for any purpose (i.e., a dependent care expense reimbursement program, the earned income credit, the dependency deduction, the child tax credit, and the dependent care credit), then the child is the Qualifying Individual of the other person (i.e., the

non-parent). This is the one person that is entitled to treat the child as a Qualifying Individual.

d. If neither person is the individual's parent, the child is the Qualifying Individual of the person with the highest adjusted gross income for the year in question. However, if that person does not claim the child as a qualifying child (as defined in Section 152 of the Code) for any purpose (i.e., a dependent care expense reimbursement program, the earned income credit, the dependency deduction, the child tax credit, and the dependent care credit), then the child is the Qualifying Individual of the other person (i.e., the person with the lowest adjusted gross income). This is the one person that is entitled to treat the child as a Qualifying Individual.

(j) **Student** shall have the meaning provided in Section 21(e)(7) of the Code which means an individual who during each of five (5) calendar months during the taxable year is a full time student at an educational organization which normally maintains a regular facility and curriculum and normally has a regularly enrolled body of students in attendance at the place where its educational activities are regularly carried on as provided in Sections 21(e)(8) and 170(b)(1)(A)(ii) of the Code.

16.4 **Dependent Care Account**. The DC Account will be credited as of each date contributions are made pursuant to Article IV with a pro-rated portion of the Participant's Election for the Plan Year. A Participant's DC Account will be decreased from time to time in the amount of payments made to the Participant for eligible Dependent Care Expenses incurred during the Plan Year.

16.5 **Claims Determination**. Claim submission, determination, and appeals shall be handled in accordance with Article VI.

16.6 **Incurred Expenses**. To be reimbursable, an eligible Dependent Care Expense must have been incurred after participation in this portion of the Plan began and during the Plan Year for which reimbursement is claimed. An expense is "incurred" when the Participant is provided with the care which gives rise to the eligible Dependent Care Expense, not when the service is billed or paid. Reimbursement shall not be made for future or projected expenses.

16.7 **Reimbursement of Expense**. The Participant shall be reimbursed as specified in Section 6.7 from the Participant's DC Account for eligible Dependent Care Expenses incurred during the applicable Plan Year for which the Participant submits the documentation required under Article VI. In no case shall a payment be made which exceeds the balance in the Participant's DC Account at the time reimbursement is processed. Claims for reimbursement with respect to a Plan Year must be submitted prior to the close of the Claims Run-Out Period for such Plan Year.

If a claim for reimbursement exceeds the available balance in the Participant's DC Account, the excess part of the claim will be carried over and paid as the Participant's DC Account becomes adequate. Under no circumstances (a) will any balance remaining in a Participant's DC Account at the end of the Plan Year be carried over to the next Plan Year,

or (b) will an otherwise eligible Dependent Care Expense be carried over to the next Plan Year.

16.8 **Maximum Reimbursement**. The maximum reimbursement which a Participant may receive in a tax year under this portion of the Plan shall be the lesser of:

(a) the Participant's Earned Income for the tax year;

(b) the actual or deemed Earned Income of the Participant's Spouse for the tax year; or

(c) $5,000 (or in the case of a Participant who is married and filing a separate income tax return from his or her Spouse, $2,500) or IRS defined limit.

This maximum includes the Employer Contribution, if any, DC Account forfeitures and the Participant's salary reduction. If a Participant is married and the Spouse of the Participant also participates in a dependent care program under Section 129 of the Code, the combined reimbursements may not exceed the limits described above for the tax year. It shall be the Participant's responsibility to monitor the combined reimbursements.

16.9 **Reimbursement Upon Termination of Participation**. If an individual ceases to be a Participant in this portion of the Plan during a Plan Year, no further contributions will be credited to the DC Account. Reimbursements shall continue as specified in the Adoption Agreement.

16.10 **Participant's Death**. In the event a Participant dies having incurred an eligible Dependent Care Expense which (a) would have been reimbursable out of the Participant's DC Account had the Participant not died, and (b) for which a person or the Participant's estate has paid for or assumed liability, reimbursement may be made to that person or the estate for that payment or assumption. The remainder of the Participant's DC Account shall be forfeited in accordance with Section 5.7.

16.11 **Nondiscrimination.** This portion of the Plan shall not discriminate in favor of Highly Compensated Employees or their Dependents with respect to eligibility, contributions or benefits. The average eligible Dependent Care Expenses paid to Non-Highly Compensated Employees shall be at least fifty-five percent (55%) of the average eligible Dependent Care Expenses paid to Highly Compensated Employees. If benefits are provided through salary reduction agreements, Employees with annual compensation less than $25,000 may be excluded. If the Plan Administrator determines that the Plan is or will be discriminatory, the Plan Administrator may take any action permitted by law to avoid such result in accordance with Section 6.15. If this portion of the Plan fails any applicable nondiscrimination requirements, Highly Compensated Employees shall have taxable income imputed to the extent required by law.

16.12 **Dependent Care Limitations.**

(a) Reimbursement or payment of eligible Dependent Care Expenses shall be made to the Participant only in the event and to the extent that such reimbursement or payment is: (1) not otherwise provided under any insurance policy, whether the premium on such policy is paid by the Employer or an individual, and (2) not provided for or reimbursable under any other plan or policy.

(b) Other limitations, if any, shall be set forth in the Adoption Agreement.

16.13 **Reporting and Disclosure**. Each Participant must be furnished with a written statement showing the amounts paid under this portion of the Plan by an Employer on behalf of the

Participant for a calendar year. The statement must be furnished before January 31st of the following year. If the actual amount paid is not known by this deadline, the Employer may report a reasonable estimate of the amounts paid under this portion of the Plan.

ARTICLE XVII.
MEDICAL EXPENSE REIMBURSEMENT PLAN

17.1 **Purpose**. The purpose of this Article is to provide Participants with the opportunity to be reimbursed for certain eligible Medical Expenses as an Available Benefit under the Plan. This Article is intended to qualify as a self-insured medical reimbursement plan under Section 105 of the Code so that payments received under this portion of the Plan are excludable from the gross income of the Participant under Section 105(b) of the Code.

17.2 **Separate Written Plan**. For purposes of Section 105 of the Code, this Article shall constitute a separate written plan providing for the reimbursement of certain Medical Expenses. To the extent necessary, other provisions of the Plan are incorporated by reference.

17.3 **Definitions**.

(a) **Claims Run-Out Period** means the period beginning on the first day following the close of the Plan Year or, if applicable, the Grace Period and ending on the date specified in the Adoption Agreement.

(b) **Dependent** means, unless otherwise specified in the Adoption Agreement, Tax Dependent.

(c) **Highly Compensated Individual** means an individual who is highly compensated as defined in Section 105(h)(5) of the Code.

(d) **Medical Expense** means, unless otherwise limited in the Adoption Agreement, an expense incurred during the applicable Plan Year by a Participant, Spouse, or Dependent for medical care as defined in Section 213 of the Code, excluding premiums for health coverage and long-term care coverage. Medical care generally refers to the diagnosis, cure, treatment, or prevention of disease or for the purpose of affecting any structure or function of the body. Also included, are reasonable transportation expenses for and essential to medical care. If "Medical Expense" includes over-the-counter drugs and medicines, such expenses shall constitute Medical Expenses only to the extent allowed by Section 106(f) of the Code.

(e) **Medical Expense Account ("ME Account")** means the record keeping account established by the Plan Administrator for each Plan Year for each Participant from whom an Election to create such an account is received.

17.4 **Medical Expense Account**. The ME Account will be credited with the amount elected by the Participant and the amount of the carryover, if any, at the beginning of the Plan Year. A Participant's ME Account will be decreased from time to time in the amount of payments made to the Participant for eligible Medical Expenses incurred during the Plan Year and the Grace Period, if applicable.

17.5 **Claims Determination**. Claim submission, determination, and appeals shall be handled in accordance with Article VI.

17.6 **Incurred Expenses**. To be reimbursable, an eligible Medical Expense must have been incurred after participation in this portion of the Plan began and during the Plan Year for which reimbursement is claimed or the Grace Period related to such Plan Year, if applicable. An expense is "incurred" when the Participant is provided with the care which gives rise to the eligible Medical Expense, not when the service is billed or paid. Reimbursement shall not be made for future projected expenses. Notwithstanding the

foregoing, pursuant to and in accordance with the Cafeteria Plan Regulations, if specifically provided in the Adoption Agreement, the Plan may reimburse Medical Expenses for orthodontia care in advance.

17.7 **Reimbursement of Expense**. The Participant shall be reimbursed as specified in Section 6.7 from the Participant's ME Account for eligible Medical Expenses incurred during the applicable Plan Year and the Grace Period, if applicable, for which the Participant submits the documentation required under Article VI. An amount up to the sum of the Participant's Election and the carryover, if any, and reduced as of any particular time for prior reimbursements for the same Plan Year, and the Grace Period, if applicable, shall be available for reimbursement at all times during the Plan Year, and the Grace Period, if applicable. Claims for reimbursement within a Plan Year, and Grace Period, if applicable, must be submitted prior to the close of the Claims Run-Out Period for such Plan Year and the Grace Period, if applicable.

In no case shall a payment be made which exceeds the balance in the Participant's ME Account at the time reimbursement is processed. If a claim for reimbursement exceeds the balance in the Participant's ME Account, the excess part of the claim will be denied. Except as provided in Section 17.12(b), under no circumstances (a) will any balance remaining in a Participant's ME Account at the end of the Plan Year, and the Grace Period, if applicable, be carried over to the next Plan Year, or (b) will an otherwise eligible Medical Expense be carried over to the next Plan Year.

17.8 **Maximum Election.** The maximum election a Participant may make for a Plan Year under this portion of the Plan shall be the dollar amount indicated in the Adoption Agreement. The maximum election amount applies to the Participant, Spouse, and Dependent children on an aggregate basis, not an individual basis. For Plan Years that are less than 12 months, unless indicated otherwise in the Adoption Agreement, this maximum shall be pro-rated by multiplying the applicable maximum by a fraction with a numerator of the number of months in the short Plan Year and with a denominator of 12. For Participants beginning participation in the Plan mid-Plan Year, unless indicated otherwise in the Adoption Agreement, this maximum shall be pro-rated by multiplying the applicable maximum by a fraction with a numerator of the number of complete calendar months remaining in the Plan Year at the time the Participant begins participation and with a denominator of 12. Notwithstanding the foregoing, a Participant may not make salary reduction contributions to the Medical Expense Reimbursement Plan in excess of any maximum imposed under applicable law.

17.9 **Reimbursement Upon Termination of Participation**. If an individual ceases to be a Participant in this portion of the Plan, coverage shall cease (which means that reimbursements shall cease) unless benefits under the Plan are continued as provided in Section 17.14, if applicable. If coverage ceases, reimbursements for eligible Medical Expenses incurred before participation terminated will continue to be made as provided in the Adoption Agreement.

17.10 **Participant's Death**. In the event a Participant dies having incurred an eligible Medical Expense (a) which would have been reimbursable out of the Participant's ME Account had the Participant not died, and (b) for which a person or the Participant's estate has paid for or assumed liability for the expense, reimbursement may be made to that person or the

estate for that payment or assumption. The remainder of the Participant's ME Account shall be forfeited in accordance with Section 5.7.

17.11 **Nondiscrimination**. This portion of the Plan shall not discriminate in favor of Highly Compensated Individuals as to eligibility to participate or benefits. If the Plan Administrator determines that this portion of the Plan is or may be discriminatory, the Plan Administrator may take action permitted by law to avoid such result as provided in Section 6.15. If the Plan fails any applicable nondiscrimination requirements, Highly Compensated Individuals shall have taxable income imputed to the extent required by law.

17.12 **ME Account Forfeitures. Forfeiture**

(a) **ME Account Claims Grace Period**. If selected in the Adoption Agreement, the Claims Grace Period shall apply to this Available Benefit.

(b) **Carryover.** If selected in the Adoption Agreement, a limited carryover of ME Account balances from Plan Year to Plan Year will be provided in accordance with the following conditions and restrictions:

(1) The amount that may be carried over is limited to the lesser of (i) $500, or (ii) the balance of the Participant's ME Account.

(2) The balance of a Participant's ME Account available for the carryover shall be determined upon expiration of the Claims Run-out Period. Notwithstanding the foregoing, the balance of the Participant's ME Account as of midnight on the last day of the Plan Year, up to the amount specified in paragraph (1) above, shall be available to reimburse Medical Expenses incurred on and after the first day of the new Plan Year. The Claims Administrator will administer claims submitted during the Claim Run-out Period ~~(including~~ allocating claims between the Participant's carryover balance and the Participant's election for the new Plan Year (if any)) in a manner consistent with applicable law (including regulatory guidance). For purposes of this paragraph, the balance of a Participant's ME Account at any point in time shall be equal to the amount credited to the ME Account for the Plan Year minus claims paid to date with respect to that Plan Year.

(3) In general, a carryover made in accordance herewith shall occur within the Medical Expense Reimbursement Plan. However, if the Plan includes a Limited Scope Medical Expense Reimbursement Plan, a Participant entitled to an ME Account carryover in accordance herewith shall receive the carryover to a Limited Scope ME Account if: (i) the Participant enrolls in the Limited Scope Medical Expense Reimbursement Plan for the following Plan Year, or (ii) the Participant directs the Plan Administrator, by no later than the last day of the Plan Year from which the carryover is to be made and in accordance with procedures adopted by the Plan Administrator, to make the carryover to the Limited Scope Medical Expense Reimbursement Plan.

(4) In general, a carryover made in accordance herewith shall occur automatically. However, a Participant entitled to an ME Account carryover in accordance herewith may elect, by no later than the last day of the Plan Year from which the carryover is to be made and in accordance with procedures adopted by the Plan Administrator, to waive the carryover.

(5) Unless otherwise required under applicable law (including regulatory guidance), a carryover of an ME Account balance shall be available only to

individuals who are eligible to make elections under the Medical Expense Reimbursement Plan as of the first day of the Plan Year to which the carryover will be made (regardless of whether the individual actually elects to participate).

(6) A carryover shall not count against the maximum reimbursement a Participant may receive as specified in Section 17.8.

(c) **Claims Run-out Period**. Except as otherwise provided in this Section 17.12, (1). amounts attributed to a Participant's ME Account for any Plan Year shall be used only to reimburse the Participant for eligible Medical Expenses incurred during such Plan Year and its Claims Grace Period (if applicable), and (2) any balance remaining in a Participant's ME Account for a Plan Year shall be forfeited following the end of Claims Run-Out Period in accordance with Section 5.7. The Plan Administrator may extend this period in the event the Participant cannot obtain proper documentation until after the expiration of the period. Such forfeited amount shall not be distributed in cash, carried over to the next Plan Year or used by the Participant for any other purpose.

17.13 **Medical Child Support Orders**. Notwithstanding any provision of this Plan to the contrary, this Plan shall recognize child support orders regarding coverage under this Medical Expense Reimbursement Plan to the extent required by applicable law.

17.14 **Qualified Reservist Distribution**. If the Adoption Agreement provides that such distributions are available, a Participant may request, in writing on a form provided by the Plan Administrator, a "Qualified Reservist Distribution" from the Participant's ME Account if: (a) the Participant is a member of the Army National Guard, the Army Reserve, the Navy Reserve, the Marine Corps Reserve, the Air National Guard, the Air Force Reserve, the Coast Guard Reserve, or the Reserve Corps of the Public Health Service; and (b) the Participant has been ordered or called to active duty for either (1) at least one hundred eighty (180) days, or (2) an indefinite period of time. Such request must be made on or after the date of the order or call to active duty and before the last day of the Plan Year. A copy of the order or call to duty must accompany the form. The amount available to the Participant as a Qualified Reservist Distribution shall be the amount contributed to the ME Account as of the date of the request minus any reimbursements of Medical Expenses provided under the ME Account as of that date. Such distributions shall be included in the Participant's taxable income and shall be subject to normal wage withholding requirements to the extent required by law. If a balance remains in the Participant's ME Account following the Qualified Reservist Distribution, the Participant may continue to submit claims for reimbursement.

17.15 **Continuation of Coverage**. Continued coverage under the Medical Expense Reimbursement Plan shall be provided as required under the Consolidated Omnibus Budget Reconciliation Act of 1985 ("COBRA"), as amended and as reflected in the Public Health Services Act, as amended ("PHSA"). To the extent not contained in the Plan, the Plan Administrator may, within the parameters of the law, establish uniform policies by which to provide such continuation coverage, which shall be incorporated herein by reference.

17.16 **HIPAA.** The Medical Expense Reimbursement Plan shall comply with the Privacy Rules and Security Rules under HIPAA (if applicable) as further provided in Article XXI.

17.17 **Further Limitations on Benefits.**

(a) This Article does not cover expenses incurred for any loss caused by or resulting from injury or disease for which benefits are payable under any worker's compensation law or other employer, union, association or governmental sponsored group insurance plan.

(b) This Article does not cover expenses incurred for any loss caused by or resulting from injury or disease for which benefits are received by the Participant, the Participant's Spouse or the Participant's Dependent under any health and accident insurance policy or program, whether or not premiums are paid by the Employer or the Participant, the Participant's Spouse or the Participant's Dependent child.

(c) Amounts reimbursed under a dependent care assistance program described in Section 129 of the Code shall not be reimbursed under this Plan.

(d) A Participant in the Plan may not participate under this Article and contribute to an HSA.

(e) Other limitations, if any, shall be set forth in the Adoption Agreement.

17.18 **Patient Protection and Affordable Care Act.** The Medical Expense Reimbursement Plan is intended to be an excepted benefit under HIPAA because:

(a) All Participants of this Available Benefit are eligible for Group Medical Benefits, and

(b) The maximum reimbursement available does not exceed the greater of (1) two times the Participant's salary reduction election or (2) the Participant's salary reduction election plus $500.

Accordingly, certain mandates of the Patient Protection and Affordable Care Act, as amended, including the preventative care mandate, do not apply to the Medical Expense Reimbursement Plan.

ARTICLE XVIII.
HSA CONTRIBUTION FEATURE

18.1 **Purpose**. The purpose of this Article is to provide for the pre-tax funding of an HSA under this Plan as an Available Benefit.

18.2 **Separate Written Plan**. For purposes of Section 223 of the Code, this Article shall constitute a separate written plan. To the extent necessary, other provisions of the Plan are incorporated by reference.

18.3 **Definitions**.

(a) **Certification of HSA Eligibility** means the form (if any) provided by the Plan Administrator in which the Participant certifies he or she is eligible for HSA contributions.

(b) **HSA** means a health savings accounts under Section 223 of the Code established and owned by a Participant to which contributions are made under this portion of the Plan. The Employer does not sponsor a Participant's HSA, and a Participant's HSA is not an employer-sponsored group health plan. If provided in the Adoption Agreement, to participate in this HSA Contribution Feature, the HSA must be established at a trustee/custodian selected by the Employer.

(c) **HSA Contribution Feature** means the portion of the Plan described in this Article, which consists of contributions to a Participant's HSA through salary reduction and Employer Contributions, if any.

(d) **High Deductible Health Plan** means, unless otherwise specified in the Adoption Agreement, a "qualifying high deductible health plan" under Section 223(c)(2) of the Code sponsored by the Employer.

(e) **Permitted Insurance or Permitted Coverage** means:

(1) insurance in which substantially all of the coverage relates to liabilities incurred under workers' compensation laws, tort liabilities, liabilities related to ownership or use of property, or similar liabilities as specified by the IRS;

(2) insurance for specified disease or illness (e.g., cancer insurance);

(3) insurance that pays a fixed amount per day (or other period) of hospitalization (e.g., hospital indemnity insurance);

(4) coverage for accidents, disability, dental care, vision care, preventive care, or long-term care;

(5) some medical reimbursement accounts and health reimbursement arrangements ("HRAs") (e.g., limited scope medical reimbursement accounts and HRAs, suspended HRAs, post-deductible medical reimbursement accounts and HRAs, and retirement HRAs); and

(6) some wellness programs and employee assistance programs (e.g., those that do not provide significant benefits in the nature of non-preventive medical care or treatment).

18.4 **Eligibility.** To be eligible for HSA contributions, the Employee must:

(a) be eligible to participate in this Plan under Section 3.1;

(b) be covered by the High Deductible Health Plan;

(c) not be claimed as another person's dependent for purposes of such person's federal income tax return;

(d) not be actually covered by Medicare; and

(e) not have any health coverage other than Permitted Insurance, Permitted Coverage, or coverage under a high deductible health plan (as defined under Section 223(c)(2) of the Code), whether or not such coverage is sponsored by the Employer.

18.5 **Certification of Eligibility.** Notwithstanding anything in this Plan to the contrary if specifically indicated in the Adoption Agreement, in order to receive HSA contributions, at the time of enrollment, the Participant must provide to the Plan Administrator a Certification of HSA Eligibility. Thereafter, such certification may be requested periodically by the Plan Administrator.

18.6 **Contributions.**

(a) **Employer Contributions.** Employer Contributions, if any, will be contributed to the Participant's HSA at the times established by the Employer.

(b) **Employee Contributions.** Amounts withheld from a Participant's Compensation pursuant to an agreement authorizing salary reduction with respect to this Available Benefit shall be contributed to the Participant's HSA as soon as administratively feasible.

18.7 **Limits on Contributions.** Contributions made by a Participant and/or on a Participant's behalf (i.e., Employer Contributions) into the HSA under this Plan are limited in accordance with the following rules.

(a) **General Limit.** During a taxable year, total contributions to all health savings account owned by a Participant cannot exceed a statutory indexed amount.

(b) **Catch Up Contributions.** An additional "catch-up" amount (determined on a monthly basis) can be contributed for eligible individuals who attain age 55 before the close of the taxable year.

(c) **Pro-rated Limit if Not Eligible on December 1st.** If a Participant is eligible for HSA contributions during a taxable year but ceases to be eligible prior to December 1st of that taxable year, the contribution limit for that taxable year shall be determined by multiplying 1/12 of the applicable limit by the number of months the first day of which the Participant was eligible for HSA contributions. This pro-rated limit shall apply to all contributions made during the applicable taxable year, including those contributions made prior to the date on which the Participant ceased to be eligible for HSA contributions.

(d) **Special Rule if Eligible on December 1st.** If a Participant becomes eligible for HSA contributions during the taxable year and is eligible on December 1st of such year, the Participant shall be deemed to have been eligible for each month in such taxable year and may make or receive HSA contributions up to the full annual limit. This special rule applies to all contributions made during the applicable taxable year, including contributions made prior to or after December 1st.

> **Example:** An Eligible Employee becomes eligible for HSA contributions on July 1st and remains eligible through December 1st. The Eligible Employee may begin making contributions to his or her HSA through this Plan on July 1st at a rate pursuant to which the full annual contribution will have been made by the end of the taxable year.

If a Participant to whom this special rule applies ceases to be eligible for HSA contributions within the twelve (12) month period beginning with the last month of such taxable year other than by reason of death or disability (as described in Section

72(m)(7) of the Code), then any contribution made in excess of the annual limit under the general rule described above will be included in the Participant's gross income and will be subject to an excise tax as provided in Section 223(b)(8)(B) of the Code.

(e) **Special Rule for Married Participants.** If the Participant is married and both the Participant and Participant's Spouse have coverage under a high deductible health plan (as defined in Section 223 of the Code), the applicable limit is divided equally between them (unless they agree to a different allocation).

(f) **Rollover Contributions.** Rollover contributions may also be made to the HSA from another health savings account or from an Archer MSA. Rollover contributions are not subject to the contribution limit described above.

(g) **Treatment of Excess Contributions.** To the extent total contributions to a Participant's health savings accounts made during the taxable year exceed the applicable limit on such contributions, then the contributions in excess of the limit shall be included in the Participant's gross income and shall be subject to an excise tax as provided in Section 4973(g) of the Code, unless returned in accordance with Section 223(f)(3) of the Code.

18.8 **Investment of HSA Funds.** A Participant may invest his or her HSA funds as allowed by the HSA trustee/custodian. The Employer shall have no control or responsibility for how a Participant's HSA funds are invested

18.9 **Tax Consequences**. It is intended that the HSA contributions made under this Plan shall be excluded from the Participant's gross income under Section 223 of the Code.

18.10 **Distribution of HSA Funds.** The Employer shall have no responsibility or control over distributions made from a Participant's HSA. The Employer shall have no responsibility to substantiate expenses for which such distributions are made. Sections 6.7 and 6.8 of this Plan shall not apply to distributions from a Participant's HSA. A Participant need not be a Participant in this Plan, be covered by a High Deductible Health Plan of this Employer, nor be covered by any other high deductible health plan in order to receive a distribution from the Participant's HSA.

18.11 **Reporting.** The Employer shall be responsible for reporting contributions made to a Participant's HSA through this Plan on the Participant's Form W-2. Participants shall be responsible for reporting contributions to their HSAs and distributions from their HSAs on appropriate forms. Participants shall also be responsible for determining whether an HSA distribution is taxable.

18.12 **Continuation of Coverage**. This HSA Contribution Feature and the underlying HSAs are not group health plans for purposes of the Consolidated Omnibus Budget Reconciliation Act of 1985, ("COBRA"), as amended, and reflected in the Public Health Services Act ("PHSA"), as amended, the Family and Medical Leave Act ("FMLA"), and the Uniformed Services Employment and Reemployment Rights Act of 1994 ("USERRA"). COBRA, FMLA, and USERRA do not apply to this HSA Contribution Feature and the underlying HSAs.

ARTICLE XIX.
CASH PAYMENT

19.1 **Purpose**. The purpose of this Article is to describe the Cash Payment available under this Plan as an Available Benefit. Any portion of the Employer Contribution that is not allocated for the purposes of benefits under this Plan may be available to the Participant in cash.

19.2 **Terms, Conditions and Limitations**. A Participant is entitled to allocate the Employer Contribution to pay for Available Benefits. To the extent a Participant does not allocate all of the Employer Contributions to other Available Benefits available under this Plan, a Participant shall receive a Cash Payment equal to the amount of the unallocated Employer Contribution, subject to any restrictions specified in the Adoption Agreement.

19.3 **Payment**. Cash Payments shall be made at least monthly and within the month that the Employer Contribution would otherwise have been allocated for Available Benefits. Cash Payments shall be made only to Participants. If a Participant ceases to meet the eligibility requirements, then Cash Payments cease.

19.4 **Tax Consequences**. Any Cash Payment received through the Plan is taxable income to the Participant.

ARTICLE XX.
INDIVIDUAL PREMIUM FEATURE

20.1 **Purpose**. The purpose of this Article is to provide for the pre-tax payment opportunity for certain individual Insurance Premiums under this Plan as an Available Benefit.

20.2 **Separate Written Plan**. For purposes of Sections 105 and 106 of the Code, this Article shall constitute a separate written plan providing for the reimbursement or direct payment of individual Insurance Premium expenses. To the extent necessary, other provisions of the Plan are incorporated by reference.

20.3 **Definitions**.

(a) **Claims Run-Out Period** means the period beginning on the first day following the close of the Plan Year and ending on the date specified in the Adoption Agreement.

(b) **Dependent** means, unless indicated otherwise in the Adoption Agreement, a Tax Dependent.

(c) **HMO** means a health maintenance organization authorized to do business in the state in which such health maintenance organization agreement is issued, that has been individually obtained by a Participant for the purpose of providing benefits under this Individual Premium Feature. For purposes of this Article, HMO coverage only includes coverage issued on a non-group, individual basis.

(d) **Highly Compensated Individual** means an individual who is highly compensated as defined in Section 105(h)(5) of the Code.

(e) **Individual Premium Account** (**"IP Account"**) means the record keeping account established by the Plan Administrator for each Plan Year for each Participant from whom an Election to create such an account is received.

(f) **Individual Premium Feature** means this Article of the Plan that permits pre-tax payment of the cost of certain coverage issued on a non-group, individual basis.

(g) **Insurance Contract** means, unless otherwise specified in the Adoption Agreement, an accident or health insurance contract secured from an insurance company or HMO, authorized to do business in the state in which such insurance contract is issued, that has been individually obtained by a Participant for the purpose of providing benefits under this Individual Premium Feature. For purposes of this Article, Insurance Contract coverage only includes coverage issued on a non-group, individual basis to the extent permitted under law. Insurance Contract includes "specialty" coverages (e.g., cancer, vision, hospital indemnity, transplant, etc.) unless otherwise specified in the Adoption Agreement. Notwithstanding the foregoing, major medical coverage, Medicare Part B, Medicare Part D, and Medicare supplement coverage, long-term care coverage, and individual insurance policies purchased through a public exchange are specifically excluded.

(h) **Insurance Premiums** means the amount that must be paid on a periodic basis in return for coverage under the Insurance Contract.

20.4 **Terms, Conditions, and Limitations**. The Participant shall secure the necessary Insurance Contract. Coverage shall begin, benefits shall be provided, and coverage shall terminate in accordance with the applicable Insurance Contract. The Insurance Contract may provide coverage to the Participant's Spouse and Dependents in addition to the Participant. To the extent a Dependent is provided coverage and that Dependent is not the Participant's Spouse or Tax Dependent, the tax consequence of such coverage shall be addressed as described in Section 4.2. The Insurance Contract may not by its terms violate

the provisions of a cafeteria plan within the meaning of Section 125 of the Code including but not limited to operating to defer compensation.

20.5 **Individual Premium Account**. The IP Account will be credited as of each date contributions are made pursuant to Article IV with an amount equal to the allocation, if any, which the Participant has elected. A Participant's IP Account will be decreased from time to time in the amount of payments made to, or on behalf of, the Participant for eligible Insurance Premiums.

20.6 **Payments**. Claim payments under the Individual Premium Feature shall be administered by the Plan Administrator and/or the Claims Administrator as specified in the Adoption Agreement. The Plan Administrator and/or Claims Administrator shall, as specified in the Adoption Agreement, either:

(a) directly pay the issuer of the Insurance Contract; or

(b) reimburse the Participant after the Participant has incurred the Insurance Premium.

A claim for reimbursement must be made in accordance with Section 6.7. Benefits shall be determined in accordance with Section 6.8.

Payments (or reimbursements) shall also be made on behalf of the Participant's Spouse and Dependents, if the Participant has elected to have them covered under this portion of the Plan and they are eligible for coverage under the applicable Insurance Contracts. Such payments (or reimbursements) shall be made from Employer Contributions and, if necessary, contributions made in accordance with the salary reduction arrangement and other arrangements applicable to the Participant under the terms of the Individual Premium Feature. Under no circumstances will Insurance Premiums payments (or reimbursements) be made with Employer Contributions or other contributions from one Plan Year for coverage actually received in a different Plan Year.

In no case shall a payment be made which exceeds the balance in the Participant's IP Account at the time reimbursement is processed. Claims for reimbursement within a Plan Year must be submitted prior to the close of the Claims Run-Out Period for such Plan Year.

20.7 **Reimbursement Upon Termination of Participation**. If an individual ceases to be a Participant in this portion of the Plan during a Plan Year, no further contributions will be credited to the IP Account. Reimbursements shall continue as provided in the Adoption Agreement.

20.8 **IP Account Forfeiture**. Amounts attributed to a Participant's IP Account for any Plan Year shall be used only to reimburse the Participant for eligible Insurance Premiums incurred during such Plan Year. Any balance remaining in a Participant's IP Account for a Plan Year shall be forfeited following the Claims Run-Out Period and shall be forfeited in accordance with Section 5.7. The Plan Administrator may extend this period in the event the Participant cannot obtain proper documentation until after the expiration of the period. Such forfeited amount shall not be distributed in cash, carried over to the next Plan Year or used by the Participant for any other purpose.

20.9 **Medical Child Support Orders**. Notwithstanding any provision of this Plan to the contrary, this Plan shall recognize child support orders regarding coverage under the Insurance Contract to the extent required by applicable law.

20.10 **Tax Consequences of the Individual Premium Feature**. It is intended that the Insurance Premiums (including pre-tax payments paid by the Participant through this portion of the Plan) for a Participant's Insurance Contract shall be excluded from the Participant's gross income under Section 106 of the Code. Any benefits received as a result of the Insurance Contract under this portion of the Plan shall be excluded from the recipient's gross income to the extent permitted under Section 105(b) of the Code. With respect to coverage that covers a Dependent other than the Participant's Spouse or Tax Dependent, it is intended that (a) value of the coverage be imputed as taxable income to the Participant as provided in Section 4.2, and (b) the value of any benefits received as a result of such coverage under the Individual Premium Feature be excluded from the recipient's gross income to the extent permitted under Section 104(a)(3) of the Code.

ARTICLE XXI.
HIPAA PROVISIONS

The Privacy Rules and Security Rules under HIPAA apply to the Medical Expense Reimbursement Plan and Limited Scope Medical Expense Reimbursement Plan (if available), unless such Available Benefits have less than fifty (50) Participants and the Employer is the Claims Administrator for such Available Benefits.

21.1 **Use and Disclosure of PHI**. The covered entity will use PHI to the extent of and in accordance with the uses and disclosures permitted by HIPAA. Specifically, the covered entity will use and disclose PHI for purposes related to health care treatment, payment for health care and health care operations. The covered entity will also use and disclose PHI as required by law and as permitted by authorization of the subject of PHI. If the covered entity discloses PHI to the Employer in accordance with this Article XXI, the Employer may use and further disclosure PHI for the same purposes and in the same situations as the covered entity may use and disclose PHI, provided that such use or disclosure is for covered entity administration functions performed by the Employer for the covered entity or is required by law or permitted by authorization. All uses and disclosures of PHI, whether by the covered entity or by Employer, shall be limited to the minimum PHI necessary to accomplish the intended purpose of the use or disclosure in accordance with HIPAA. Notwithstanding the foregoing, neither the covered entity nor the Employer shall use PHI that is genetic information in a manner that is prohibited by the Genetic Information Nondiscrimination Act of 2008.

(a) **Payment** includes activities undertaken by the covered entity to obtain premiums or determine or fulfill its responsibility for coverage and provision of benefits that relate to an individual to whom health care is provided. These activities include, but are not limited to, the following:

(1) determination of eligibility, coverage and cost sharing amounts (for example, cost of a benefit, plan maximums and co-payments as determined for an individual's claim);
(2) coordination of benefits;
(3) adjudication of health benefits claims (including appeals and other payment disputes);
(4) subrogation of health benefit claims;
(5) establishing employee contributions;
(6) risk adjusting amounts due based on enrollee health status and demographic characteristics;
(7) billing, collection activities, and related health care data processing;
(8) claims management and related health care data processing, including auditing payments, investigating and resolving payment disputes and responding to participant inquiries about payments;
(9) obtaining payment under a contract for reinsurance (including stop-loss and excess of loss insurance);
(10) medical necessity reviews or reviews of appropriateness of care or justification of charges;
(11) utilization review, including pre-certification, preauthorization, concurrent review and retrospective review;
(12) disclosure to consumer reporting agencies related to the collection of premiums or reimbursement (the following PHI may be disclosed for

payment purposes: name and address, date of birth, Social Security number, payment history, account number and name and address of provider and/or health plan); and

(13) reimbursement to the covered entity.

(b) **Health care operations** include, but are not limited to, the following activities:

(1) quality assessment;

(2) population-based activities relating to improving health or reducing health care costs, protocol development, case management and care coordination, disease management, contacting health care providers and patients with information about treatment alternatives and related functions;

(3) rating provider and plan performance, including accreditation, certification, licensing or credentialing activities;

(4) underwriting, premium rating and other activities relating to the creation, renewal or replacement of a contract of health insurance or health benefits, and ceding, securing or placing a contract for reinsurance of risk relating to health care claims (including stop-loss insurance and excess of loss insurance);

(5) conducting or arranging for medical review, legal services and auditing function, including fraud and abuse detection and compliance programs;

(6) business planning and development, such as conducting cost-management and planning-related analyses related to managing and operating the covered entity, including formulary development and administration, development or improvement of payment methods or coverage policies;

(7) business management and general administration activities of the covered entity, including, but not limited to:

(i) management activities relating to the implementation of and compliance with HIPAA's administrative simplification requirements;

(ii) customer service, including data analyses for policyholders.

(8) resolution of internal grievances; and

(9) due diligence in connection with the sale or transfer of assets to a potential successor in interest, if the potential successor in interest is a covered entity under HIPAA or following completion of the sale or transfer, will become a covered entity.

21.2 **Employer's Obligations under the Privacy Rules**. Under the Privacy Rules, the covered entity may not disclose PHI to the Employer unless the Employer certifies that the Plan document has been amended to provide that the Plan will make such disclosures only upon receipt of a certification from the Employer that the Plan has been amended to include certain conditions to the Employer's receipt of PHI and that Employer agrees to those conditions. By adopting this Plan document, the Employer certifies that the Plan has been amended as required by the Privacy Rules and that it agrees to the following conditions, thereby allowing the Plan to disclose PHI to the Employer. The Employer agrees to:

(a) not use or further disclose PHI other than as permitted or required by the plan document or as required by law;

(b) ensure that any agents, including a subcontractor, to whom the Employer provides PHI received from the covered entity agree to the same restrictions and conditions that apply to the Employer with respect to such PHI;

(c) not use or disclose PHI for employment related actions and decision unless authorized by an individual;
(d) not use or disclose PHI in connection with any other benefit or employee benefit plan of the Employer unless authorized by an individual;
(e) report to the Plan any PHI use or disclosure of which it becomes aware that is inconsistent with the uses or disclosures permitted hereunder and/or may constitute a "breach" as that term is defined in HIPAA;
(f) make PHI available for access by the individual who is the subject of the PHI in accordance with HIPAA;
(g) make PHI available for amendment and incorporate any amendments to PHI in accordance with HIPAA;
(h) make available the information required to provide an accounting of disclosures in accordance with HIPAA;
(i) make internal practices, books and records relating to the use and disclosure of PHI received from the plan available to the HHS Secretary for the purposes of determining the covered entity's compliance with HIPAA; and
(j) if feasible, return or destroy all PHI received for the covered entity that the Employer still maintains in any form, and retain no copies of such PHI when no longer needed for the purpose for which disclosure was made (or if return or destruction is not feasible, limit further uses and disclosures to those purposes that make the return or destruction infeasible).

21.3 **Employer's Obligations under Security Rules**. If the Employer creates, receives, maintains, or transmits ePHI (other than enrollment and disenrollment information and Summary Health Information, which are not subject to these restrictions), the Employer will:
(a) implement administrative, physical, and technical safeguards that reasonably and appropriately protect the confidentiality, integrity, and availability of ePHI;
(b) ensure that any agents, including subcontractors, who create, receive, maintain, or transmit ePHI on behalf of the covered entity implement reasonable and appropriate security measures to protect the ePHI;
(c) report to the covered entity any Security Incident of which it becomes aware; and
(d) implement reasonable and appropriate security measures to ensure that only those persons identified below have access to ePHI and that such access is limited to the purposes identified below.

21.4 **Adequate separation between the covered entity and the Employer must be maintained**. In accordance with HIPAA, only the following employees or classes of employees may be given access to PHI:
(a) the person employed in the position that is given primary responsibility for performing the Employer's duties as the covered entity Administrator of the Available Benefits; and
(b) staff designated by the person described in (a) above.

21.5 **Limitation of PHI Access and Disclosure**. The person(s) described above may only have access to and use and disclose PHI for administration functions that the Employer performs for the covered entity.

21.6 **Noncompliance Issues**. If the person(s) described above does not comply with this plan document, the Employer shall provide a mechanism for resolving issues of noncompliance including, but not limited to, disciplinary sanctions.

ARTICLE XXII.
CONTINUATION COVERAGE

22.1 **What are my continuation rights under COBRA?**

The Consolidated Omnibus Budget Reconciliation Act of 1985 ("COBRA") requires most employers with twenty (20) or more employees to offer employees and their families (spouse and/or dependent children) the opportunity to pay for a temporary extension of health coverage (called "continuation coverage") at group rates in certain instances where health coverage under employer sponsored group health plan(s) would otherwise end. There is no requirement that a person be insurable to elect continuation coverage. However, a person who continues coverage may have to pay all of the premium for the continuation coverage. The Group Medical Plan, Group Dental Plan, Group Vision Plan, and Medical Expense Reimbursement Plan shall be operated consistent with COBRA and pursuant to COBRA policies and procedures contained in a separate document and is incorporated by reference into this Flexible Benefits Plan. This document is available to you upon request, at no charge.

22.2 **What are my continuation rights under USERRA?**

If you are called to active duty in the uniformed services, you may elect to continue coverage for you and your eligible dependents under USERRA for a period of up to 24 months. You and your eligible dependents qualify for this extension if you are called into active or reserve duty, whether voluntary or involuntary, in the Armed Forces, the Army National Guard, the Air National Guard, full-time National Guard duty (under a federal, not a state, call-up), the commissioned corps of the Public Health Services and any other category of persons designated by the President of the United States. This continuation right is similar to, and runs concurrent with, your continuation right under COBRA (if any). The Group Medical Plan, Group Dental Plan, Group Vision Plan, and Medical Expense Reimbursement Plan shall be operated consistent with USERRA and pursuant to USERRA policies and procedures contained in a separate document and is incorporated by reference into this Flexible Benefits Plan. This document is available to you upon request, at no charge.

22.3 **What are my continuation and/or conversion rights for group health plan coverage under state law?**

Minnesota requires continuation and conversion of group health plan coverage (including medical, dental, and vision coverage) upon certain events. These laws may apply to both insured and self-insured plans other than health flexible spending accounts. Your continuation and conversion rights, and the rights of those who are covered through you, are described in the separate materials that have been provided to you either directly by the carrier (the insurance company) or by your Employer. If you have not been provided this information, you should contact the Plan Administrator.

22.4 **What are my continuation and/or conversion rights for group term life insurance coverage under state law?**

Minnesota requires continuation and conversion of group-term life insurance. Your continuation and conversion rights, and the rights of those who are covered through you, are described in the separate materials that have been provided to you either directly by the carrier (the insurance company) or by your Employer. If you have not been provided this information, you should contact the Plan Administrator.

INTRODUCTION

Your employer, City of Isanti ("Employer"), is pleased to sponsor an employee benefit program known as the City of Isanti Flexible Benefits Plan (the "Flexible Benefits Plan") for its employees. Under federal tax laws, it is also known as a "cafeteria plan." The Employer provides you with the opportunity to use pre-tax dollars to pay certain benefit costs by entering into a salary reduction arrangement. This arrangement helps you because many of the benefits you elect are nontaxable; you should save social security and income taxes on the amount of your salary reduction.

This summary describes the basic features of the Flexible Benefits Plan, how it operates, and how you can get the maximum advantage from it. It is only a summary of the key parts of the Flexible Benefits Plan, and a brief description of your rights as a Participant. To make use of this Flexible Benefits Plan, be sure to proceed through this booklet carefully so that you can make informed decisions that are right for you.

If there is a conflict between the underlying Plan document and this summary, the intention is for the Flexible Benefits Plan document to govern.

NOTE: The Employer is a Minnesota public sector entity. Therefore, the Employee Retirement Income Security Act of 1974 ("ERISA") does not apply to this Flexible Benefits Plan, including any of the benefits made available through it.

HOW TO USE THIS DOCUMENT

This document summarizes the benefits available through the Flexible Benefit Plan. The Flexible Benefit Plan is the mechanism through which you make selections from the available benefits and choose to pay your share of the cost on a pre-tax, tax favored basis. The Flexible Benefit Plan "sits on top" of the benefits made available through it. This means you must meet the requirements for coverage under the particular benefit ***and*** meet the requirements for participation in the Flexible Benefits Plan. There are ***two levels of requirements***, the Flexible Benefit Plan requirements and the particular benefit requirements. Just because coverage changes with respect to the particular benefit does not necessarily mean your participation in the Flexible Benefits Plan changes. ***It is your responsibility to become familiar with the Summary Description and ask questions if you do not understand how the requirements impact you.***

PART I.
GENERAL INFORMATION ABOUT THE PLAN

1.1 What is the purpose of the Flexible Benefits Plan?

The purpose of the Flexible Benefits Plan is to allow eligible employees to use funds provided through employee salary reduction and Employer Contributions (if any) to choose (and pay for) certain benefits made available by the Employer.

1.2 When did the Flexible Benefits Plan take effect?

This Flexible Benefits Plan became effective January 1, 2020.

The Flexible Benefits Plan operates on a Plan Year running from January 1 through December 31.

1.3 What benefits are offered through the Flexible Benefits Plan?

This Flexible Benefits Plan makes the following benefits available ("Available Benefits"):

Premium Contributions:

- Group Medical Benefits
  - The group medical benefit allows a Participant to pay the employee's share of the cost for medical coverage made available by the Employer with pre-tax dollars through salary reduction and Employer Contributions (if any).
- Group Dental Benefits
  - The group dental benefit allows a Participant to pay the employee's share of the cost for dental coverage made available by the Employer with pre-tax dollars through salary reduction and Employer Contributions (if any).
- Group Vision Benefits
  - The group vision benefit allows a Participant to pay the employee's share of the cost for vision coverage made available by the Employer with pre-tax dollars through salary reduction and Employer Contributions (if any).
- Group Term Life Benefits and/or Group AD&D Benefits
  - The group term life benefit allows a Participant to pay the employee's share of the cost for group term life insurance coverage made available by the Employer with pre-tax dollars through salary reduction and Employer Contributions (if any).
  - The accidental death and dismemberment benefit allows a Participant to pay the employee's share of the cost for group accidental death and dismemberment coverage made available by the Employer with pre-tax dollars through salary reduction and Employer Contributions (if any).
- Short Term Disability Benefits
  - The short term disability benefit allows a Participant to pay the employee's share of the cost for short term disability coverage made available by the Employer with after-tax dollars through salary reduction and Employer Contributions (if any).
- Long Term Disability Benefits
  - The long term disability benefit allows a Participant to pay the employee's share of the cost for long term disability coverage made available by the Employer with after-tax dollars through salary reduction and Employer Contributions (if any).

- Aflac Benefits
  - The Aflac Benefit allows a Participant to pay the employee's share of the cost for elective coverage for Accident Advantage, Critical Illness, Critical Care and Cancer Protection made available by the Employee with pre-tax dollars through salary reduction.

Expense Reimbursement:

- Dependent Care Expense Reimbursement Plan
  - The dependent care reimbursement benefit allows a Participant to fund an account with pre-tax dollars through salary reduction and Employer Contributions (if any) that may be used to reimburse the Participant for eligible dependent care expenses.
- Medical Expense Reimbursement Plan
  - The medical expense reimbursement benefit allows a Participant to fund an account with pre-tax dollars through salary reduction and Employer Contributions (if any) that may be used to reimburse the Participant for eligible medical expenses.

Other:

- HSA Contribution Feature
  - The HSA contribution feature allows a Participant to make contributions to an HSA with pre-tax dollars through salary reduction and to receive contributions to an HSA through Employer Contributions (if any).
- Cash Payment
  - The cash payment benefit allows a Participant who has health coverage outside of the City to receive cash in lieu of using the Employer Contribution to pay for other benefits provided through the Flexible Benefits Plan. Cash payments are taxable to the Participant.
- Individual Premium Feature
  - The individual premium feature allows a Participant to pay the employee's share of the cost of certain individual insurance policies with pre-tax dollars through salary reduction and Employer Contributions (if any).

1.4 Who can participate in the Flexible Benefits Plan?

Each employee who is full time and each employee who works at least thirty (30) hours per week on a regular basis is eligible to participate in the Flexible Benefits Plan. Employees who work less than 40 hrs per week will have benefits at a pro-rated cost.

Individuals who satisfy the eligibility requirements are called "Eligible Employees." Those Eligible Employees who actually participate in the Flexible Benefits Plan are called "Participants." There are certain exceptions. They are described in the underlying Plan document. You will be notified if you fall within one of the exceptions.

"**Employee**" means a common-law employee of the Employer (including elected officials) who is on the Employer's W-2 payroll, except that the term "Employee" does not include any common-law employee who is a leased employee (including, but not limited to, an individual defined in Internal Revenue Code § 414(n)), or any common-law employee who is an individual classified by the Employer as a contract worker, independent contractor, temporary employee or casual employee, whether or not any such person is on the Employer's W-2 payroll. The term "Employee" also does not include any individual who performs services for the Employer but who is paid by a temporary or other employment agency such as "Kelly," "Manpower," etc., or any employee covered under a collective bargaining agreement unless the collective bargaining agreement so provides. The term "Employee" includes "former employees" for the limited purpose of allowing continued eligibility for benefits as provided hereunder after an employee ceases to be employed by the Employer.

1.5 When do I become a Participant and how long does participation last?

For newly eligible Employees, participation may begin the first day of the month coinciding with or following the date on which the Employee becomes eligible to participate in the Plan or, if later, the first day of the first pay period following your completion and submission of any required enrollment forms. If they are required, you must submit the enrollment forms within the time period established and communicated to you by the Plan Administrator.

SPECIAL RULE FOR NEWLY HIRED EMPLOYEES: A special rule applies to new hires. Notwithstanding the foregoing, if you enroll within 30 days following your date of hire, your enrollment will be effective as of your date of hire. Any salary reduction contributions covering this retroactive coverage period will be taken from compensation earned after you complete and submit the enrollment forms.

If you do not become a Participant when first eligible, you may become a Participant at the start of any subsequent Plan Year.

As a condition to participation in the Flexible Benefits Plan, you must also:

(a) observe all Plan rules and regulations;

(b) agree to inquiries by the Plan Administrator with respect to any physician, hospital, or other provider of medical care or other services covered by this Flexible Benefits Plan;

(c) submit to the Plan Administrator all notifications, reports, bills, and other information that the Plan Administrator may reasonably require; and

(d) agree to repay any overpayments or incorrect payments you receive from the Flexible Benefits Plan.

Participation continues until you elect not to participate, you are no longer an Eligible Employee, the Flexible Benefits Plan terminates, your contributions cease, or your participation is terminated for cause.

1.6 How do I enroll and make benefit elections?

(a) **Generally**. The Plan Administrator will provide you with the forms necessary to enroll and make elections, including information about the costs of the various Available Benefits.

(b) **Initial Enrollment**. If you become an Eligible Employee other than at the start of a Plan Year, the initial enrollment period takes place at the time you become eligible to participate as described in Section 1.5. If you do not make an election during the initial enrollment period, you must wait until the next annual enrollment period to begin participation.

(c) **Annual Enrollment**. The annual enrollment period for the coming Plan Year begins and ends on or before the last day of each Plan Year. If you do not make an election during the annual enrollment period, you will be deemed to have elected to not participate in the Flexible Benefits Plan for the coming Plan Year.

NOTE: Enrollment forms received after the close of the enrollment period shall be void.

CAUTION: With limited exceptions, once made, elections remain in effect for the entire Plan Year. The exceptions are described below at Question 1.8.

1.7 What is the maximum election I can make under the Flexible Benefits Plan?

The maximum election available under this Flexible Benefits Plan is the sum of the cost of all Available Benefits elected (or deemed elected). Please refer to the other parts of this summary for additional information regarding maximum elections applicable to particular Available Benefits.

1.8 Can I change my election during Plan Year?

Unless you experience an event described below, you cannot change your election regarding participation in the Flexible Benefits Plan or the benefits you have selected during the Plan Year. You may change your elections only during the annual enrollment period, and then, only for the coming Plan Year. However, your elections will terminate automatically if you cease to be eligible to participate in the Flexible Benefits Plan. In addition, there are several other exceptions to this general rule.

Caution: The circumstances in which you are allowed to change your election, as further described below, are based upon the facts and circumstances of each particular situation. The descriptions of the rules below are general in nature. ***It is important to work through all possible bases for changing your election***. If you have questions regarding the application of the rules to your specific fact situation, please contact the Plan Administrator immediately. Any request to change your election must be within the deadline described below.

NOTE: The exceptions to the general rule that elections are irrevocable for the Plan Year are determined under regulations issued by the IRS.

NOTE: For purposes of this Section 1.8, if the election relates to an Available Benefit involving health benefits (e.g., Group Medical Plan, Group Dental Plan, Medical Expense Reimbursement Plan), the term "dependent" means a "tax dependent" as defined below in Section 1.16. If the election relates to the Dependent Care Expense Reimbursement Plan, the term "dependent" means a "qualifying individual" as defined in that plan.

(a) **Change in Status.** You may change or revoke your previous election during the Plan Year if one or more of the following changes in status occur:

(1) a change in your legal marital status, including marriage, divorce, death of your spouse, legal separation or annulment;

(2) a change in the number of your dependents, including birth of a child, adoption or placement for adoption of a dependent, or death of a dependent;

(3) any of the following events that change your employment status or the employment status of your spouse or dependent: termination or commencement of employment, a reduction or increase in hours worked, a switch between part-time and full-time, a strike or lockout, a change in worksite, commencement or return from an unpaid leave of absence, a switch between hourly and salaried, a switch between union and non-union, or any similar event;

(4) an event causing a dependent to satisfy or cease to satisfy the eligibility requirements applicable under an Available Benefit provided or paid for through this Flexible Benefits Plan; or

(5) a change in place of residence for you, your spouse or your dependent.

A change or revocation shall be allowed in these circumstances only if such change or revocation is made on account of, and corresponds with, the change in status and the change in status affects eligibility for coverage under a plan sponsored by the Employer or another employer (referred to as the general consistency requirement). The Plan Administrator (in its sole discretion) shall determine, based on prevailing IRS guidance, whether a requested change or revocation satisfies the general consistency requirement.

Example: An employee enrolls in single coverage under the Employer's Group Medical Plan and elects to pay the cost of that coverage through the Flexible Benefits Plan. The employee also elects to participate in the Medical Expense Reimbursement Plan. During the Plan Year, the employee gets married. If the employee enrolls his or her new spouse in the Group Medical Plan, the employee may change his or her election to pay the increased cost of that coverage through the Flexible Benefits Plan. In addition, the employee may increase his or her election under the Medical Expense Reimbursement Plan.

A requested change or revocation must also satisfy the following specific consistency requirements in order for you to be able to alter your election based on the change in status:

(1) **Loss of Dependent Eligibility.** For a change in status involving your divorce, annulment or legal separation from your spouse, the death of your spouse or dependent, or your dependent ceasing to satisfy the eligibility

requirements for coverage, you may elect to change your election only to reflect the cancellation of group health plan coverage for the affected spouse or dependent. Canceling coverage for any other individual under these circumstances fails to correspond with that change in status. For example, if you have elected group medical coverage for you, your spouse, and your child, and you divorce during the Plan Year, you may drop your ex-spouse from the coverage and make an election change under this Flexible Benefits Plan to reflect the reduced cost of coverage. However, you would not be allowed to change your election to reflect the reduced cost attributable to dropping coverage for yourself or your child.

(2) **Gain of Coverage Eligibility Under Another Employer's Plan**. If you, your spouse, or your dependent gains eligibility for coverage under another employer's plan as a result of a change in marital status or a change in employment status, you may elect to terminate or decrease your election under this Flexible Benefits Plan on account of that change in status only if coverage becomes effective or is increased under the other employer's plan.

(3) **Dependent Care Expense Reimbursement Plan**. With respect to the Dependent Care Expense Reimbursement Plan (if available), you may change or terminate your election only if (i) the change or termination is made on account of and corresponds with a change in status that affects eligibility for coverage under the Flexible Benefit Dependent Care Expense Reimbursement Plan; or (ii) the election change is on account of and corresponds with a change in status that affects eligibility of dependent care expenses for the tax exclusion available under the Internal Revenue Code. For example, if your child attains age 13 during the Plan Year, you may terminate your election under the Dependent Care Expense Reimbursement Plan because your child is no longer eligible to participate in the Dependent Care Expense Reimbursement Plan (i.e., she is no longer a qualifying individual).

(4) **Group Term Life Insurance and Disability Income Coverage**. For a change of status involving your legal marital status or the employment status of your spouse or dependent, you may increase or decrease your group term life insurance or disability income coverage and change your election under the Flexible Benefits Plan to pay the increased or decreased cost of such coverage without regard to the requirement that the event cause a loss or gain of eligibility.

(5) **COBRA Coverage**. If you, your spouse, and/or your dependent elects COBRA continuation coverage (or similar health plan continuation coverage under state law) with respect to a group health plan sponsored by the Employer, you may increase your election for the purpose of paying the cost of the increased premium for such continuation coverage, provided you are still eligible under the Flexible Benefits Plan and are receiving compensation from the Employer.

(b) **Other Change in Election Events.** You may also change or revoke your previous election during the Plan Year in the following circumstances.

(1) **HIPAA Special Enrollment Rights.** In certain cases, individuals are allowed to enroll in the Employer's Group Medical Plan pursuant to HIPAA special enrollment at times other than open enrollment. Generally, special enrollment is available upon: (i) acquiring a new spouse or dependent, (ii) losing other group coverage, (iii) effective April 1, 2009, losing coverage under Medicaid or a state children's health insurance program ("SCHIP"), and (iv) effective April 1, 2009, becoming eligible for a subsidy under Medicaid or SCHIP for coverage under the Employer's group health plan. (Please refer to the plan documentation for the Group Medical Plan for additional information regarding HIPAA special enrollment, including information regarding the situations in which special enrollment is available and the deadline for requesting special enrollment under that plan.)

If you, your spouse, and/or your dependent actually enroll in the Group Medical Plan pursuant to HIPAA special enrollment, then you may make a new election under the Flexible Benefits Plan to pay the cost of that new or increased coverage. For purposes of this provision an election to add previously eligible dependents as a result of the acquisition of a new spouse or dependent child (a/k/a the Tag-along Rule), shall be considered consistent with the special enrollment right.

Note: There are two separate steps involved in making an election change under this exception. You and/or your spouse and dependents must enroll in the Group Medical Plan within the HIPAA special enrollment time period required under that plan. If such enrollment in the Group Medical Plan changes your share of the cost of coverage, you must also request a change to your election under the Flexible Benefits Plan in accordance with the procedures described below. The time period described below begins to run on the effective date of the special enrollment in the Group Medical Plan. It is the coverage attributable to the HIPAA special enrollment that triggers the need to change election under the Flexible Benefits Plan.

(2) **Certain Judgments, Decrees and Orders.** If a judgment, decree, or order (an "Order") resulting from a divorce, legal separation, annulment or change in legal custody (including a qualified medical child support order) requires you to cover your child (including a foster child who is your dependent) under the Group Medical Plan, Group Dental Plan, Group Vision Plan, the Medical Expense Reimbursement Plan, or the Limited Scope Medical Expense Reimbursement Plan, you may change your election to pay the increased cost of coverage incurred to add the dependent child to your coverage. If an Order requires another individual to provide health coverage for your child (including a foster child who is your dependent) and the child is currently enrolled in the Group Medical Plan, Group Dental Plan, Group Vision Plan, or the Medical Expense Reimbursement Plan, you may

terminate coverage for the child and change your election to reflect the reduced cost of coverage (if any), provided the other individual actually provides coverage to the child as required by the Order. For example, if you have enrolled in single coverage under the Group Medical Plan, become divorced during the Plan Year, and are ordered to provide coverage to your child following the divorce, you may increase your election to pay the additional cost of the child's coverage under the Group Medical Plan.

(3) **Medicare and Medicaid.** If you, your spouse, or your dependent is enrolled in the Group Medical Plan, Group Dental Plan, or Group Vision Plan, such individual subsequently enrolls in Medicare or Medicaid, and such individual's coverage under the Employer's plan is cancelled, you may change your election to reflect the reduced cost of coverage (if any) under the applicable Employer-sponsored group health plan. You may also reduce or cancel your election with respect to the Medical Expense Reimbursement Plan. Further, if you, your spouse, or your dependent has been enrolled in Medicare or Medicaid, such individual loses eligibility for such coverage, and such individual enrolls in the Group Medical Plan, Group Dental Plan, or Group Vision Plan, you may change your election to reflect the increased cost of coverage (if any) under the applicable Employer-sponsored group health plan. You may also make or increase your election with respect to the Medical Expense Reimbursement Plan.

NOTE: Certain changes to an individual's Medicaid coverage also create a HIPAA special enrollment right. Election changes based upon HIPAA special enrollment rights are described above.

(c) **Change in Cost.**

NOTE: Although the Plan Administrator will be aware of an increase or decrease in the cost of many Available Benefits, you will need to notify the Plan Administrator of any changes to the cost of benefits under the Dependent Care Expense Reimbursement Plan. For example, if the cost of day care services for your dependent increases or decreases during the Plan Year (e.g., rates are changed, you change dependent care service providers, etc.), you may be able to change your election to correspond to the cost change.

(1) **Automatic Increase or Decrease for Insignificant Cost Changes.** If the cost of coverage increases or decreases during a Plan Year by an insignificant amount, then your election to pay the cost of such coverage through the Flexible Benefits Plan shall be automatically increased or decreased to reflect such change in the cost. The Plan Administrator (in its sole discretion) will decide, in accordance with prevailing IRS guidance, whether increases or decreases in costs are "insignificant" based upon all the surrounding facts and circumstances (including, but not limited to, the dollar amount or percentage of the cost change).

NOTE: This rule does not allow changes to your election under the Medical Expense Reimbursement Plan and the Limited Scope Medical Expense Reimbursement Plan (if available).

(2) **Significant Cost Increases**. If the Plan Administrator determines that the cost of coverage significantly increases during a Plan Year, you may either: (i) increase your election to pay the additional cost, (ii) enroll in another benefit package option providing similar coverage and change your election (if necessary) to pay the cost of that option through the Flexible Benefits Plan, or (iii) cancel the underlying coverage and revoke your election to pay the cost of that coverage through the Flexible Benefits Plan if no other benefit package option providing similar coverage is available. For example, if the cost of one option under the Group Medical Plan significantly increases during the Plan Year, you may increase your election to pay the increased cost or enroll in another option available under the Group Medical Plan and change your election to correspond to the new cost of Group Medical Plan coverage. If there is only one Group Medical Plan option, you may increase your election to pay the increased cost of that option or cancel Group Medical Plan coverage and revoke your election to pay for that coverage through the Flexible Benefits Plan. The Plan Administrator (in its sole discretion) will decide, in accordance with prevailing IRS guidance, whether a cost increase is significant and what constitutes "similar coverage" based upon all the surrounding facts and circumstances.

NOTE: This rule does not allow changes to your election under the Medical Expense Reimbursement Plan and the Limited Scope Medical Expense Reimbursement Plan (if available).

(3) **Significant Cost Decrease.** If the Plan Administrator determines that the cost of coverage significantly decreases during a Plan Year: (i) you may enroll in the coverage and make or change your election to pay the cost of such coverage through the Flexible Benefits Plan; or (ii) if you are already enrolled in the underlying coverage and are paying the cost of such coverage through the Flexible Benefits Plan, the Plan Administrator will automatically decrease your election to pay the cost of such coverage in accordance with the cost decrease.

NOTE: This rule does not allow changes to your election under the Medical Expense Reimbursement Plan and the Limited Scope Medical Expense Reimbursement Plan (if available).

(4) **Cause of Cost Changes.** For purposes of this rule, a change in cost allowing an election change can result from action taken by you (e.g., switching between full-time and part-time employment) or your Employer (e.g.,

changing the amount of Employer Contribution toward the cost of coverage).

(5) **Application to Dependent Care Reimbursement Plan.** This rule does not apply to changes in cost if the dependent care provider is your relative.

(d) **Change in Coverage.**

(1) **Significant Curtailment.** If the Plan Administrator determines your coverage, or the coverage of your spouse or dependent, is significantly curtailed during a Plan Year, you may enroll in another benefit package option providing similar coverage and make a corresponding election change to pay for that new coverage through the Flexible Benefits Plan. Coverage is "significantly curtailed" only if there is an overall reduction in coverage provided to participants under the plan so as to constitute reduced coverage to all participants in general (e.g., a significant increase in the deductible, copays, or out-of-pocket maximum applicable under the plan). The Plan Administrator (in its sole discretion) will decide, in accordance with prevailing IRS guidance, whether a curtailment is "significant," and whether a benefit package option constitutes "similar coverage" based upon all the surrounding facts and circumstances.

NOTE: This rule does not allow changes to your election under the Medical Expense Reimbursement Plan and the Limited Scope Medical Expense Reimbursement Plan (if available).

(2) **Loss of Coverage.** If the Plan Administrator determines that your coverage, or the coverage of your spouse or dependent, is lost during a Plan Year, you may: (i) enroll in another option providing similar coverage and make a corresponding election change to pay for that new coverage through the Flexible Benefits Plan, or (ii) if no other option providing similar coverage is available, cancel the underlying coverage and revoke your election to pay the cost of such coverage through this Flexible Benefits Plan. Coverage is deemed "lost" only if there is a complete loss of coverage (e.g., the benefit plan option is eliminated or an annual or lifetime maximum is reached) or other fundamental loss of coverage (e.g., a substantial decrease in the health care providers available under the option or a reduction in benefits for a specific type of medical condition with respect to which you or your spouse or dependent is currently receiving treatment. The Plan Administrator (in its sole discretion) will decide, in accordance with prevailing IRS guidance, whether a "loss" has occurred, and whether a benefit package option constitutes "similar coverage" based upon all the surrounding facts and circumstances.

Application to Dependent Care Expense Reimbursement Plan. This rule allows you to change your election under the Dependent Care Expense Reimbursement Plan to reflect changes regarding your dependent care

provider, including: (1) the termination of one provider and the hiring of another provider, and (2) the termination of a provider because a relative becomes available to care for your child at no cost. You will need to notify the Plan Administrator of any such change in coverage under the Dependent Care Expense Reimbursement Plan.

NOTE: This rule does not allow changes to your election under the Medical Expense Reimbursement Plan and the Limited Scope Medical Expense Reimbursement Plan (if available).

(3) **Addition or Improvement of an Available Benefit.** If during a Plan Year, a new plan or plan option is offered, or if coverage under an existing plan or option is significantly improved, you may enroll in the new or improved coverage and make or change your election to pay the cost of such coverage through the Flexible Benefits Plan. The Plan Administrator (in its sole discretion) will decide, in accordance with prevailing IRS guidance, whether an Available Benefit has been "significantly improved" based upon all the surrounding facts and circumstances.

NOTE: This rule does not allow changes to your election under the Medical Expense Reimbursement Plan and the Limited Scope Medical Expense Reimbursement Plan (if available).

(4) **Change Under Another Employer-Sponsored Plan.** You may make an election change that is on account of and corresponds with a change made under another employer-sponsored plan (including a plan of the Employer or a plan of another employer) if: (i) the other plan permits its participants to make an election change that would be permitted under the prevailing IRS guidance, or (ii) the Plan Year of this Flexible Benefits Plan is different from the plan year under the other plan. For example, if your spouse drops your coverage during open enrollment under his or her employer's group medical plan and you enroll in the Employer's Group Medical Plan, you may make or change your election to pay for such coverage through the Flexible Benefits Plan.

NOTE: This rule does not allow changes to your election under the Medical Expense Reimbursement Plan and the Limited Scope Medical Expense Reimbursement Plan (if available).

(5) **Loss of Governmental or Educational Coverage.** If you add coverage under an Employer-sponsored group health plan (e.g., the Group Medical Plan, Group Dental Plan, or Group Vision Plan) for yourself or your spouse or dependent because such individual has lost coverage under any health coverage sponsored by a governmental or educational institution (including, but not limited to, the following: a medical care program of an Indian Tribal government, the Indian Health Service, or a tribal organization; a state

health benefits risk pool; or a foreign government health plan), you may make or change your election to pay the cost of such coverage under the Flexible Benefits Plan.

NOTE: Certain changes to an individual's coverage under a state children's health insurance program ("SCHIP") create a HIPAA special enrollment right. Election changes based upon HIPAA special enrollment rights are described above.

NOTE: This rule does not allow changes to your election under the Medical Expense Reimbursement Plan and the Limited Scope Medical Expense Reimbursement Plan (if available).

(e) **Reduction in Hours Without Loss of Eligibility.** If you have made an election to pay for Group Medical Plan coverage, you may revoke that election if the following conditions are satisfied:

(1) You have been in an employment status under which you were reasonably expected to average at least thirty (30) hours of service per week;

(2) You have experienced a change in employment status such that you will reasonably be expected to average less than thirty (30) hours of service per week after the change but nevertheless will remain eligible for the Group Medical Plan;

(3) You cancel coverage under the Group Medical Plan in accordance with the requirements of that plan; and

(4) You, and any related individuals who were also enrolled in the Group Medical Plan, have enrolled or intend to enroll in other medical coverage that provides minimum essential coverage and that will be effective no later than the first day of the second month following the month in which coverage under the Group Medical Plan ends. The Plan Administrator may rely on your reasonable representation that the requirements of this paragraph (4) are met.

(f) **Family and Medical Leave Act.** If you take a leave governed by the Family and Medical Leave Act of 1993 ("FMLA"), you may revoke or change an election as may be provided for under the FMLA and the Employer's FMLA policy required thereunder, provided the Employer is subject to FMLA.

(g) **Special Rule for HSA Contribution Feature**. If the HSA Contribution Feature is an Available Benefit, you may change your election with respect to the HSA Contribution Feature prospectively on at least a monthly basis. You may also revoke your election with respect to the HSA Contribution Feature prospectively if you become ineligible to make or have made HSA contributions under the HSA Contribution Feature.

(h) **Other**. The Plan Administrator shall have the discretion to allow a change to, or termination of, an election to the extent such change or termination is the result of any other situation informally recognized by the IRS as providing an exception to

the general rule that elections are irrevocable (e.g., corrections of mistakes, failure to satisfy underwriting). If the Plan Administrator determines before or during any Plan Year that the Flexible Benefits Plan or an Available Benefit may fail to satisfy any nondiscrimination requirement imposed by the Internal Revenue Code or other applicable law, the Plan Administrator may take such action as the Plan Administrator deems appropriate, under rules uniformly applicable to similarly situated Participants, to further compliance with such requirements or limitation. Such action may include, without limitation, a modification of your election downward with or without your consent.

(i) **Change Must Relate to Event.** Your election change must be on account of and consistent with the status change that has occurred. In general, that means the event must result in a change in coverage, including eligibility for coverage, that changes the cost.

(j) **Effective Date of Change.** Subject to the provisions of the underlying group health plan, an election made to pay the cost of medical coverage for a newborn or newly adopted dependent child pursuant to a HIPAA special enrollment right may be retroactive for up to thirty (30) days, provided it applies to compensation not yet currently available. All other new elections shall be effective prospectively on the first day of the month immediately following the date the Participant experiences the event. The date of the event counts as day one. Elections made pursuant to this Section shall be effective for the balance of the Plan Year in which the election is made unless a subsequent event (described above) allows a further election change.

Procedures for Requesting a Change. If a change in election is allowed under the rules described above, you must inform the Plan Administrator of your desire to change your election and the basis for that change within thirty (30) days of the occurrence of the event allowing the change.

1.9 Who holds the funds I have set aside under the Flexible Benefits Plan?

Your salary reduction contributions are held in the Employer's general assets. There is no separate trust.

1.10 What if I terminate my employment during the Plan Year?

If your employment with the Employer terminates during the Plan Year, your active participation with this Flexible Benefits Plan ceases and your elections are terminated. You will not be able to make any more contributions under this Flexible Benefits Plan. You may, however, be entitled to continuation coverage with respect to the underlying benefit plan. See the part of this summary entitled "Continuation Coverage" for additional information.

If you are rehired after thirty (30) days following a termination of employment and again become a Participant, you will have two "periods of coverage" – that period prior to the termination of employment and that period following the re-employment. Expenses incurred prior to the termination of employment shall be subject to the election in effect upon termination. Upon re-employment, you shall have an opportunity to make a new election and expenses incurred after re-employment shall be subject to the election made upon re-employment.

If you are rehired within thirty (30) days following a termination of employment, your election in effect prior to the termination of employment will be reinstated upon re-employment.

1.11 Will I have any administrative costs under the Flexible Benefits Plan?

No. The entire cost of administering the Flexible Benefits Plan is paid by the Employer, from Plan forfeitures, or a combination of both.

1.12 How long will the Flexible Benefits Plan remain in effect?

Although the Employer expects to maintain the Flexible Benefits Plan (including each of the Available Benefits) indefinitely, it has the right to amend or terminate the Flexible Benefits Plan in whole or in part at any time. It is also possible that future changes in state or federal tax laws may require that the Flexible Benefits Plan be amended or terminated accordingly. You will be informed if any changes are made to the Flexible Benefits Plan.

1.13 Are my benefits taxable?

Since the Flexible Benefits Plan is intended to meet certain requirements of the federal tax laws, many of the benefits you receive under the Flexible Benefits Plan will not be currently taxable to you. However, neither the Employer nor the Plan Administrator can guarantee the tax treatment of benefits with respect to any Participant, as individual circumstances may produce differing results. If you are uncertain, you should consult your own tax advisor.

You should realize that any medical expense you pay or are reimbursed on a pre-tax basis under this Flexible Benefits Plan cannot be claimed as a medical expense deduction on your income tax return. However, unless your medical expenses exceed ten percent (10%) of your adjusted gross income, you are not permitted to use the deduction anyway.

Any reimbursements made with pre-tax dollars for dependent care expenses affect your ability to claim the dependent care credit. This is explained further in the description of the Dependent Care Expense Reimbursement Plan later in this summary.

If the Plan Administrator determines before or during any Plan Year the Flexible Benefits Plan may fail to satisfy any nondiscrimination requirement imposed by the Internal Revenue Code, the Plan Administrator may take such action as the Plan Administrator deems appropriate, under rules uniformly applicable to similarly situated Participants, to further compliance with such requirements or limitation. Such action may include, without limitation, a re-characterization within the Plan Year of benefits provided under the Flexible Benefits Plan as taxable income, with or without consent of the affected Participants.

1.14 What is the impact on my Social Security benefits?

Participating in the Flexible Benefits Plan will reduce the amount of your taxable compensation. Accordingly, your Social Security benefits, which are based upon your taxable compensation, may be affected at your retirement. However, the tax savings you obtain through participation in the Flexible Benefits Plan often will offset any reduction in your future Social Security benefits.

1.15 What contributions are made to the Flexible Benefits Plan?

(a) **Employer Contribution.** The Employer may make a fixed dollar contribution per Plan Year, or portion of a Plan Year (e.g., month, pay period), per Participant (the "Employer Contribution"). The amount of the Employer Contribution may change from year to year as announced by the Employer prior to the Plan Year start. The Employer may designate different amounts for different groups of Eligible Employees. The Employer Contribution, including any additional limitations or restrictions thereon, shall be communicated to you prior to the start of the Plan Year as part of the election materials. The portion of the Employer Contribution not used to pay for benefits shall be paid in taxable compensation as a Cash Payment. No Employer Contribution shall be credited to any Employee during a period of leave of absence, whether authorized or unauthorized, unless required by the Family Medical Leave Act ("FMLA"). Employees who are not eligible for participation on the first day of the Plan Year shall have their annual Employer Contribution pro-rated by multiplying the annual available Employer Contribution by a fraction, the numerator of which is the number of months the Employee is eligible for participation for the Plan Year, the denominator which is twelve.

(b) **Salary Reduction Contributions**. To the extent the cost of an Available Benefit exceeds the Employer Contribution (if any), you may elect in accordance with the election procedures described in Section 1.6 to receive your full compensation in cash, or to have a portion of such compensation applied by the Employer toward your share of the cost of Available Benefits. If so elected, your compensation will be reduced, and an amount equal to the reduction will be allocated by the Employer to the Available Benefits you have designated. The frequency of salary reduction contributions shall be the first two payroll periods per month. Notwithstanding the forgoing, if participation in an Available Benefit extends to the last day of the month in which your employment terminates, if necessary, additional salary reduction contributions shall be taken from your final pay check to pay for the coverage provided during the period of time following the date on which your employment terminates.

(c) **Salary Deduction Contributions.** Sometimes the Internal Revenue Code or your Employer does not allow payment with pre-tax dollars. Payments which may be made with after-tax dollars may be paid through a salary deduction agreement. A salary deduction agreement provides for a payroll deduction to be made throughout a Plan Year out of your compensation ***after*** taxes and withholdings have been made.

1.16 What if coverage is provided to someone other than your spouse and tax dependents?

If you participate in a group health plan that properly covers a dependent who is not your "spouse" or "tax dependent," the entire cost of coverage for which you are responsible shall be paid pre-tax through this Flexible Benefits Plan and the fair market value of the coverage for that Dependent shall be imputed as income to you as the coverage is provided. This provision applies regardless of whether the cost of coverage is paid by salary reduction or allocation of available Employer Contributions (if any).

NOTE: This discussion of tax treatment assumes the individuals receiving coverage through you are properly covered under the terms of the group health plan. For example, a child must be properly covered as a child under the terms of the particular plan. If properly covered under the terms of the Available Benefit, then this Questions 1.16 addresses the tax treatment of that coverage.

For purposes of this Flexible Benefits Plan, **"spouse"** means a person to whom you are legally married in accordance with applicable state law.

For purposes of this Flexible Benefits Plan, **"tax dependent"** generally includes an individual who satisfies the requirements of paragraph (a), (b), or (c) below:

(a) An individual who:
- (1) is your child (son, daughter, stepson, stepdaughter, adopted child, eligible foster child, or child placed for adoption); and
- (2) will not attain age 27 during the relevant calendar year.

(b) An individual who:
- (1) is your child (son, daughter, stepson, stepdaughter, adopted child, eligible foster child, or child placed for adoption), brother, sister, stepbrother, or stepsister, or a descendant of any such person;
- (2) has the same principal place of abode as you for at least one-half of the relevant year;
- (3) will not attain age 19 (or age 24 if a full time student) during the relevant year or is permanently and totally disabled;
- (4) did not provide over half of his/her own support during the relevant year;
- (5) is a citizen, national, or resident of the United States, or a resident of Canada or Mexico;
- (6) is younger than you; and
- (7) does not file a joint tax return with his or her spouse.

(c) An individual who:
- (1) is your child (or a descendant of a child), brother, sister, stepbrother, or stepsister, parent (or a parent's ancestor), stepparent, brother or sister's son or daughter, parent's brother or sister, son-in-law, daughter-in-law, father-in-law, mother-in-law, brother-in-law, or sister-in-law or, if not such a relative, an individual who has the same principal place of abode as you and is a member of your household;
- (2) has received more than one-half of his/her support from you during the relevant year;
- (3) is not your qualifying child or the qualifying child of anyone else (i.e., does not satisfy the requirements of paragraph (a) above with respect to any person); and
- (4) is a citizen, national, or resident of the United States, or a resident of Canada or Mexico.

NOTE: The definition of "tax dependent" is different than the definition applicable under the Internal Revenue Code for purposes of identifying who you may claim as an exemption on your federal income tax return. For additional information, please contact the Plan Administrator or your tax advisor.

1.17 How are claims determined?

NOTE: This claims determination procedure only covers issues related to the Flexible Benefits Plan (e.g., the ability to pay for benefits on a pre-tax basis and the election of Available Benefits), claims for reimbursement under the Dependent Care Expense Reimbursement Plan and Medical Expense Reimbursement Plan. Claims for other benefits (e.g., claims under the major medical and dental coverages or individual insurance policies) are handled under the claims determination procedures in those separate plans or policies.

(a) **Claim Submission**. Unless a separate procedure is provided with respect to an Available Benefit, a claim for benefits must be made in writing and submitted to the Plan Administrator. Please refer to the sections of this summary describing each Available Benefit for additional information.

(b) **Benefits Denials**. The Claims Administrator will decide your claim within a reasonable time not longer than thirty (30) days after it is received. This time period may be extended for an additional fifteen (15) days for matters beyond the control of the Claims Administrator. You will receive written notice of any extension, indicating the reasons for the extension and the date by which a decision is expected to be made. If your claim is incomplete, and the Claims Administrator notifies you of that fact, the time period for deciding your claim will be suspended from the date the notice is provided through the date on which you respond or by which you are supposed to respond. You will be given at least forty-five (45) days in which to respond. The Claims Administrator may secure independent medical or other advice and require such other evidence as it deems necessary to decide your claim.

If the Claims Administrator denies your claim, in whole or in part, you will be furnished with a written notice of adverse benefit determination setting forth:

(1) the specific reason or reasons for the denial;
(2) reference to the specific Plan provision on which the denial is based;
(3) a description of any additional material or information necessary for you to complete your claim and an explanation of why such material or information is necessary; and
(4) appropriate information as to the steps to be taken if you wish to appeal the Claims Administrator's determination, including your right to submit written comments and have them considered, and your right to review (on request and at no charge) relevant documents and other information.

(c) **Appealing a Denial**. If your claim is denied in whole or in part, you may appeal to the Plan Administrator for a review of the denied claim. Your appeal must be made in writing within one hundred eighty (180) days of the Plan Administrator's initial

notice of adverse benefit determination or you will lose your right to appeal your denial.

(d) **Decision upon Appeal**. The Plan Administrator will review and decide your appeal within a reasonable time not longer than sixty (60) days after it is submitted and will notify you of its decision in writing. If the decision on appeal affirms the initial denial of your claim, you will be furnished with a notice of adverse benefit determination on review setting forth:

(1) the specific reason(s) for the denial; and

(2) the specific Plan provision(s) on which the decision is based.

1.18 Who has authority to interpret the Plan?

To the fullest extent permitted under applicable law, the fiduciaries of the Plan (including each Available Benefit) shall have the authority and discretion to interpret and apply the terms of the Plan and the Available Benefit.

PART II.
GROUP MEDICAL BENEFITS

2.1 What benefits are provided?

An important feature of the Flexible Benefits Plan is the opportunity it provides you to pay your share of the cost of medical coverage on a pre-tax basis. The medical coverage is provided through your Employer and is referred to herein as the "Group Medical Plan." Your share of the cost for that coverage is paid with the allocation of Employer Contributions (if any) and pre-tax dollars through salary reduction under this portion of the Flexible Benefits Plan.

The Group Medical Plan is described in separate materials which have been provided to you either directly by the carrier (the insurance company or HMO) or by your Employer. Those descriptive materials are incorporated into this summary description by reference. If you have not been provided this information, you should contact the Plan Administrator. The group medical benefits are provided in accordance with the plan documentation governing the Group Medical Plan.

The Group Medical Plan is subject to privacy and security provisions of the Health Insurance Portability and Accountability Act of 1996 ("HIPAA").

2.2 How do I become a Participant in this portion of the Flexible Benefits Plan?

To participate in this portion of the Flexible Benefits Plan, you must first enroll in the Group Medical Plan. You may select coverage under the Group Medical Plan for just yourself, or you may select coverage for yourself and others who are eligible for coverage under the terms of the Group Medical Plan. Please refer to the contract or policy governing the Group Medical Plan for information regarding who is eligible for coverage under that plan and how to enroll in that plan.

If you have enrolled in the Group Medical Plan, then you may participate in this portion of the Flexible Benefits Plan if you satisfy the general eligibility requirements for the Flexible Benefits Plan described in Section 1.4. See Section 1.6 for additional information regarding elections to pay the cost of Group Medical Benefits.

2.3 How is the cost of group medical coverage paid?

If you participate in this portion of the Flexible Benefits Plan, the cost of coverage under the Group Medical Plan is paid by allocation of available Employer Contributions (if any) and, to the extent any such Employer Contributions are insufficient, with pre-tax dollars through salary reduction (unless provided otherwise in Section 1.16).

NOTE: You must be a Participant in the Flexible Benefits Plan for your portion of the premiums to be paid pre-tax.

If you pay the cost of Group Medical Plan coverage through this portion of the Flexible Benefits Plan and you have enrolled an individual who is not your spouse or "tax dependent" (as those terms are defined in Section 1.16), then the fair market value of that individual's coverage will be handled as described in Section 1.16.

2.4 What if I am no longer eligible?

If you cease to be eligible for coverage under the Group Medical Plan, your coverage under that Plan will terminate in accordance with the terms and conditions of that Plan. In most cases, if you lose coverage under the Group Medical Plan, your participation in this portion of the Flexible Benefits Plan will cease as well, subject to the change in election rules described in Section 1.8.

If you cease to be eligible to participate in this Flexible Benefits Plan, your ability to pay for coverage under the Group Medical Plan on a pre-tax basis through this portion of the Flexible Benefits Plan stops.

2.5 Can coverage be continued?

If you cease to be eligible for coverage under the Group Medical Plan, you and any others who receive their coverage through you ***may*** be able to continue that coverage. Continuation coverage is available in accordance with the Consolidated Omnibus Budget Reconciliation Act of 1985 ("COBRA") applicable through the Public Health Services Act ("PHSA"), the Uniformed Services Employment and Reemployment Rights Act of 1994 ("USERRA"), and applicable continuation requirements under state law. These continuation rights are described later in this summary.

2.6 What if I am subject to a child support order?

The Group Medical Plan recognizes child support orders regarding the provision of medical coverage for a child, including orders under the Child Support Performance and Incentive Act of 1998 to the extent required by law. If a child is enrolled in the Group Medical Plan pursuant to a child support order, subject to Section 1.16, you will be able to pay the cost of that coverage through this portion of the Flexible Benefits Plan, provided you participate as described in Section 2.2.

Note: A child enrolled pursuant to a child support order may not be a tax dependent. See Section 1.16 for additional information regarding the cost of coverage for children who are not tax dependents.

PART III.
GROUP DENTAL BENEFITS

3.1 What benefits are provided?

An important feature of the Flexible Benefits Plan is the opportunity it provides to pay your share of the cost of dental coverage on a pre-tax basis. The dental coverage is provided through your Employer and is referred to herein as the "Group Dental Plan." Your share of the cost for that coverage is paid with the allocation of Employer Contributions (if any) and pre-tax dollars through salary reduction under this portion of the Flexible Benefits Plan.

The Group Dental Plan is described in separate materials which have been provided to you either directly by the carrier (the insurance company or DMO) or by your Employer. Those descriptive materials are incorporated into this summary description by reference. If you have not been provided this information, you should contact the Plan Administrator. The group dental benefits are provided in accordance with the plan documentation governing the Group Dental Plan.

The Group Dental Plan is subject to the privacy and security provisions of the Health Insurance Portability and Accountability Act of 1996 ("HIPAA").

3.2 How do I become a Participant?

To participate in this portion of the Flexible Benefits Plan, you must first enroll in the Group Dental Plan. You may select coverage under the Group Dental Plan for just yourself, or you may select coverage for yourself and others who are eligible for coverage under the terms of the Group Dental Plan. Please refer to the contract or policy governing the Group Dental Plan for information regarding who is eligible for coverage under that plan and how to enroll in that plan.

If you have enrolled in the Group Dental Plan, then you may participate in this portion of the Flexible Benefits Plan if you satisfy the general eligibility requirements for the Flexible Benefits Plan described in Section 1.4. See Section 1.6 for additional information regarding elections to pay the cost of Group Dental Benefits.

3.3 How is the cost of group dental coverage paid?

If you participate in this portion of the Flexible Benefits Plan the cost of coverage under the Group Dental Plan is paid by allocation of available Employer Contributions (if any) and, to the extent any such Employer Contributions are insufficient, with] pre-tax dollars through salary reduction (unless provided otherwise in Section 1.16).

NOTE: You must be a Participant in the Flexible Benefits Plan for your portion of the premiums to be paid pre-tax.

If you pay the cost of Group Dental Plan coverage through this portion of the Flexible Benefits Plan and you have enrolled an individual who is not your spouse or "tax dependent" (as those terms are defined in Section 1.16), then the fair market value of that individual's coverage will be handled as described in Section 1.16.

3.4 What if I am no longer eligible?

If you cease to be eligible for coverage under the Group Dental Plan, your coverage under that Plan will terminate in accordance with the terms and conditions of that Plan. In most cases, if you lose coverage under the Group Dental Plan, your participation in this portion of the Flexible Benefits Plan will cease as well, subject to the change in election rules described in Section 1.8.

If you cease to be eligible to participate in this Flexible Benefits Plan, your ability to pay for coverage under the Group Dental Plan on a pre-tax basis through this portion of the Flexible Benefits Plan stops.

3.5 Can coverage be continued?

If you cease to be eligible for coverage under the Group Dental Plan, you and any others who receive their coverage through you ***may*** be able to continue that coverage. Continuation coverage is available in accordance with the Consolidated Omnibus Budget Reconciliation Act of 1985 ("COBRA") applicable through the Public Health Services Act ("PHSA"), the Uniformed Services Employment and Reemployment Rights Act of 1994 ("USERRA"), and applicable continuation requirements under state law. These continuation rights are described later in this summary.

3.6 What if I am subject to a child support order?

The Group Dental Plan recognizes child support orders regarding the provision of dental coverage for a child, including orders under the Child Support Performance and Incentive Act of 1998 to the extent required by law. If a child is enrolled in the Group Dental Plan pursuant to a child support order, subject to Section 1.16, you will be able to pay the cost of that coverage through this portion of the Flexible Benefits Plan, provided you participate as described in Section 2.2.

Note: A child enrolled pursuant to a child support order may not be a tax dependent. See Section 1.16 for additional information regarding the cost of coverage for children who are not tax dependents.

PART IV.
GROUP VISION BENEFITS

4.1 What benefits are provided?

An important feature of the Flexible Benefits Plan is the opportunity it provides to pay your share of the cost of vision coverage on a pre-tax basis. The vision coverage is provided through your Employer and is referred to herein as the "Group Vision Plan." Your share of the cost for that coverage is paid with the allocation of pre-tax dollars through salary reduction under this portion of the Flexible Benefits Plan.

The Group Vision Plan is described in separate materials which have been provided to you either directly by the carrier or by your Employer. Those descriptive materials are incorporated into this summary description by reference. If you have not been provided this information, you should contact the Plan Administrator. The group vision benefits are provided in accordance with the plan documentation governing the Group Vision Plan.

The Group Vision Plan is subject to the privacy and security provisions of the Health Insurance Portability and Accountability Act of 1996 ("HIPAA").

4.2 How do I become a Participant?

To participate in this portion of the Flexible Benefits Plan, you must first enroll in the Group Vision Plan. You may select coverage under the Group Vision Plan for just yourself, or you may select coverage for yourself and others who are eligible for coverage under the terms of the Group Vision Plan. Please refer to the contract or policy governing the Group Vision Plan for information regarding who is eligible for coverage under that plan and how to enroll in that plan.

If you have enrolled in the Group Vision Plan, then you may participate in this portion of the Flexible Benefits Plan if you satisfy the general eligibility requirements for the Flexible Benefits Plan described in Section 1.4. See Section 1.6 for additional information regarding elections to pay the cost of Group Vision Benefits.

4.3 How is the cost of group vision coverage paid?

If you participate in this portion of the Flexible Benefits Plan the cost of coverage under the Group Vision Plan is paid by allocation of pre-tax dollars through salary reduction (unless provided otherwise in Section 1.16).

NOTE: You must be a Participant in the Flexible Benefits Plan for your portion of the premiums to be paid pre-tax.

If you pay the cost of Group Vision Plan coverage through this portion of the Flexible Benefits Plan and you have enrolled an individual who is not your spouse or "tax dependent" (as those terms are defined in Section 1.16), then the fair market value of that individual's coverage will be handled as described in Section 1.16.

4.4 What if I am no longer eligible?

If you cease to be eligible for coverage under the Group Vision Plan, your coverage under that Plan will terminate in accordance with the terms and conditions of that Plan. In most cases, if you lose coverage under the Group Vision Plan, your participation in this portion of the Flexible Benefits Plan will cease as well, subject to the change in election rules described in Section 1.8.

If you cease to be eligible to participate in this Flexible Benefits Plan, your ability to pay for coverage under the Group Vision Plan on a pre-tax basis through this portion of the Flexible Benefits Plan stops.

4.5 Can coverage be continued?

If you cease to be eligible for coverage under the Group Vision Plan, you and any others who receive their coverage through you ***may*** be able to continue that coverage. Continuation coverage is available in accordance with the Consolidated Omnibus Budget Reconciliation Act of 1985 ("COBRA") applicable through the Public Health Services Act ("PHSA"), the Uniformed Services Employment and Reemployment Rights Act of 1994 ("USERRA"), and applicable continuation requirements under state law. These continuation rights are described later in this summary.

4.6 What if I am subject to a child support order?

The Group Vision Plan recognizes child support orders regarding the provision of vision coverage for a child, including orders under the Child Support Performance and Incentive Act of 1998 to the extent required by law. If a child is enrolled in the Group Vision Plan pursuant to a child support order, subject to Section 1.16, you will be able to pay the cost of that coverage through this portion of the Flexible Benefits Plan, provided you participate as described in Section 2.2.

Note: A child enrolled pursuant to a child support order may not be a tax dependent. See Section 1.16 for additional information regarding the cost of coverage for children who are not tax dependents.

PART V.
GROUP TERM LIFE AND AD&D BENEFITS

5.1 What benefits are provided?

An important feature of the Flexible Benefits Plan is the opportunity it provides you with $25,000 worth of Employer paid coverage. Another important feature of the Flexible Benefits Plan is the opportunity it provides you to pay your elective cost of group term life insurance and/or accidental death and dismemberment insurance coverage on an after-tax basis. The coverage is provided through your Employer and is referred to as the "Group Term Life and AD&D Plan". Your share of the cost for that coverage is paid with the allocation of after-tax dollars through salary reduction under this portion the Flexible Benefits Plan.

NOTE: If you obtained life insurance coverage for your spouse or dependents from your Employer, premiums for that coverage will be paid on an after-tax basis outside of the Flexible Benefits Plan.

The Group Term Life and AD&D Plan is fully insured, which means that all benefits are provided through one or more contracts or policies obtained by your Employer with one or more third party insurance carriers. The Group Term Life and AD&D Plan is described in separate materials which have been provided to you either directly by the provider (the insurance carrier) or by the Employer. Those descriptive materials are incorporated into this summary description by reference. If you have not been provided this information, you should contact the Plan Administrator. The group term life and accidental death and dismemberment benefits are provided in accordance with the applicable contract or policy issued by the carrier.

5.2 How do I become a Participant in this portion of the Flexible Benefits Plan?

To participate in this portion of the Flexible Benefits Plan, you must first enroll in the Group Term Life and AD&D Plan. Please refer to the contract or policy governing the Group Term Life and AD&D Plan for information regarding how to enroll in that plan.

If you have enrolled in the Group Term Life and AD&D Plan, then you may participate in this portion of the Flexible Benefits Plan if you satisfy the general eligibility requirements for the Flexible Benefits Plan described in Section 1.4. If you satisfy those requirements, you must elect to pay your share of the cost of Group Term Life and AD&D Plan coverage in accordance with Section 1.6.

5.3 How is my portion of the cost of coverage paid?

If you participate in elective coverage of this portion of the Flexible Benefits Plan, the cost of coverage under the Group Term Life and AD&D Plan is paid with after-tax dollars through salary reduction.

5.4 How much group term life insurance coverage can I purchase?

Up to $50,000 worth of Employer paid coverage may be excluded from your taxable income. For this purpose, "Employer paid" includes coverage automatically provided by the Employer, coverage paid with Employer Contributions (if any), and coverage paid by you on a after-tax basis through salary reduction under this Flexible Benefits Plan. If the face amount of the

Employer paid coverage exceeds $50,000, the cost of the coverage in excess of $50,000 will be imputed to you as income to the extent required by law.

5.5 What if I am no longer eligible?

If you cease to be eligible for coverage under the Group Term Life and AD&D Plan, your coverage under that plan will terminate in accordance with the terms and conditions of that plan. In most cases, if you lose coverage under the Group Term Life and AD&D Plan, your participation in this portion of the Flexible Benefits Plan will cease as well, subject to the change in election rules described in Section 1.8.

5.6 Can coverage be continued?

If you cease to be eligible for coverage under the Group Term Life and AD&D Plan, you ***may*** be able to continue that coverage. There shall be compliance with applicable state law regarding continuation of coverage and conversion of coverage to the extent such state law is not preempted by federal law. In addition, any continuation and conversion rights provided under the terms of the insurance contract(s) through which benefit are provided shall be available to the extent they are not prohibited or preempted by federal law.

PART VI.
SHORT TERM DISABILITY BENEFITS

6.1 What benefits are provided?

An important feature of the Flexible Benefits Plan is the opportunity it provides you to pay your share of the cost of short term disability coverage. The coverage is provided through your Employer and is referred to as the "Short Term Disability Plan". Your share of the cost for that coverage is paid with after-tax dollars through salary reduction under this portion the Flexible Benefits Plan.

The Short Term Disability Plan is described in separate materials which have been provided to you either directly by the provider (the insurance carrier) or by the Employer. Those descriptive materials are incorporated into this summary description by reference. If you have not been provided this information, you should contact the Plan Administrator. The short term disability benefits are provided in accordance with the plan documentation governing the Short Term Disability Plan.

6.2 How do I become a Participant in this portion of the Flexible Benefits Plan?

To participate in this portion of the Flexible Benefits Plan, you must first enroll in the Short Term Disability Plan. Please refer to the contract or policy governing the Short Term Disability Plan for information regarding how to enroll in that plan.

If you have enrolled in the Short Term Disability Plan, then you may participate in this portion of the Flexible Benefits Plan if you satisfy the general eligibility requirements for the Flexible Benefits Plan described in Section 1.4. If you satisfy those requirements, you must elect to pay your share of the cost of Short Term Disability Plan coverage in accordance with Section 1.6.

6.3 How is my portion of the cost of coverage paid?

If you participate in this portion of the Flexible Benefits Plan, the cost of coverage under the Short Term Disability Plan is paid by allocation of available Employer Contributions (if any) and, to the extent any such Employer Contributions are insufficient, with your contribution. All contributions to the cost of coverage will be included in your income i.e., after-tax contributions.

NOTE: You must be a Participant in the Flexible Benefits Plan for your portion of the premiums to be paid through the Flexible Benefits Plan.

6.4 What are the tax consequences if I receive benefits?

If you receive benefits under the Short Term Disability Plan and the cost of the coverage under that plan was paid through this portion of the Flexible Benefits Plan on an after-tax basis, the short term disability benefits will not be taxable to you.

6.5 What if I am no longer eligible?

If you cease to be eligible for coverage under the Short Term Disability Plan, your coverage under that plan will terminate in accordance with the terms and conditions of that plan. In most cases, if you lose coverage under the Short Term Disability Plan, your participation in this portion of the Flexible Benefits Plan will cease as well, subject to the change in election rules described in Section 1.8.

If you cease to be eligible to participate in this Flexible Benefits Plan, your ability to pay for coverage under the Short Term Disability Plan on a after-tax basis through this portion of the Flexible Benefits Plan stops.

PART VII.
LONG TERM DISABILITY BENEFITS

7.1 What benefits are provided?

An important feature of the Flexible Benefits Plan is the opportunity it provides you to pay your share of the cost of long term disability coverage on an after-tax basis. The coverage is provided through your Employer and is referred to as the "Long Term Disability Plan". Your share of the cost for that coverage is paid with after-tax dollars through salary reduction under this portion the Flexible Benefits Plan.

The Long Term Disability Plan is described in separate materials which have been provided to you either directly by the provider (the insurance carrier) or by the Employer. Those descriptive materials are incorporated into this summary description by reference. If you have not been provided this information, you should contact the Plan Administrator. The long term disability benefits are provided in accordance with the plan documentation governing the Long Term Disability Plan.

7.2 How do I become a Participant in this portion of the Flexible Benefits Plan?

To participate in this portion of the Flexible Benefits Plan, you must first enroll in the Long Term Disability Plan. Please refer to the contract or policy governing the Long Term Disability Plan for information regarding how to enroll in that plan.

If you have enrolled in the Long Term Disability Plan, then you may participate in this portion of the Flexible Benefits Plan if you satisfy the general eligibility requirements for the Flexible Benefits Plan described in Section 1.4. If you satisfy those requirements, you must elect to pay your share of the cost of Long Term Disability Plan coverage in accordance with Section 1.6.

7.3 How is my portion of the cost of coverage paid?

If you participate in this portion of the Flexible Benefits Plan, the cost of coverage under the Long Term Disability Plan is paid by allocation with your contribution. All contributions to the cost of coverage will be included in your income i.e., after-tax contributions.

NOTE: You must be a Participant in the Flexible Benefits Plan for your portion of the premiums to be paid through the Flexible Benefits Plan.

7.4 What are the tax consequences if I receive benefits?

If you receive benefits under the Long Term Disability Plan and the cost of the coverage under that plan was paid through this portion of the Flexible Benefits Plan on an after-tax basis, the long term disability benefits will not be taxable to you.

7.5 What if I am no longer eligible?

If you cease to be eligible for coverage under the Long Term Disability Plan, your coverage under that plan will terminate in accordance with the terms and conditions of that plan. In most cases, if you lose coverage under the Long Term Disability Plan, your participation in this portion of the Flexible Benefits Plan will cease as well, subject to the change in election rules described in Section 1.8.

PART VIII.
AFLAC BENEFITS PLAN- ACCIDENT ADVANTAGE, CRITICAL ILLNESS, CRITICAL CARE, CANCER PROTECTION BENEFITS

8.1 What benefits are provided?

An important feature of the Flexible Benefits Plan is the opportunity it provides you to pay your share of the cost of elective Aflac coverage for Accident, Critical Illness, Critical Care and/ or Cancer Protection Benefits on a pre-tax basis. The coverage is provided through your Employer and is referred to as the "Aflac Benefits Plan". Your share of the cost for that coverage is paid with pre-tax dollars through salary reduction under this portion the Flexible Benefits Plan.

The Aflac Benefits Plan is described in separate materials which have been provided to you either directly by the provider (the insurance carrier) or by the Employer. Those descriptive materials are incorporated into this summary description by reference. If you have not been provided this information, you should contact the Plan Administrator.

8.2 How do I become a Participant in this portion of the Flexible Benefits Plan?

To participate in this portion of the Flexible Benefits Plan, you must first enroll in an Aflac Benefit Plan which includes the choice of the following electives: Accident Advantage, Critical Illness, Critical Care or Cancer Protection plans. Please refer to the contract or policy governing the Aflac Benefits Plan for information regarding how to enroll in that coverage.

If you have enrolled in the Aflac Benefits, then you may participate in this portion of the Flexible Benefits Plan if you satisfy the general eligibility requirements for the Flexible Benefits Plan described in Section 1.4. If you satisfy those requirements, you become a Participant in the Aflac Benefits Plan by electing benefits under the Aflac Benefits Plan during your initial or subsequent annual enrollment periods.

8.3 How is my portion of the cost of coverage paid?

If you participate in this portion of the Flexible Benefits Plan, the cost of coverage under the Aflac Benefits Plan is paid by allocation of pre-tax dollars through salary reduction.

NOTE: You must be a Participant in the Flexible Benefits Plan for your portion of the premiums to be paid pre-tax.

8.4 What are the tax consequences if I receive benefits?

If you receive benefits under the Aflac Benefits Plan and the cost of the coverage under that plan was paid through this portion of the Flexible Benefits Plan on an pre-tax basis, the Aflac Benefits will not be taxable to you.

8.5 What if I am no longer eligible?

If you cease to be eligible for coverage under the Aflac Benefits Plan, your coverage under that Plan will terminate in accordance with the terms and conditions of that Plan. In most cases, if you lose coverage under the Aflac Benefits Plan, your participation in this portion of the Flexible Benefits Plan will cease as well, subject to the change in election rules described in Section 1.8.

PART IX.
DEPENDENT CARE EXPENSE REIMBURSEMENT PLAN (FSA DEPENDENT CARE)

9.1 What benefits are provided?

The Plan permits you to receive reimbursement for some or all of your work related dependent care expenses under the Dependent Care Expense Reimbursement Plan ("DC Plan"). Under the DC Plan, you provide a source of pre-tax dollars by entering into a salary reduction arrangement with your Employer. Those pre-tax dollars will be used to reimburse you for your eligible expenses. You save Social Security and income taxes on the amount of your salary reduction for dependent care expenses.

NOTE: Participation in the DC Plan will impact your ability to receive the dependent care tax credit with respect to your federal income taxes. Please see the additional information below.

9.2 How do I become a Participant in the DC Plan?

To become a Participant in the DC Plan, you must first become a Participant in the Flexible Benefits Plan. You must also satisfy the eligibility requirements for the DC Plan. The DC Plan's eligibility requirements are the same as the eligibility requirements for the Flexible Benefits Plan as described in Section 1.4. If you satisfy those requirements, you become a Participant in the DC Plan by electing benefits under the DC Plan during your initial or subsequent annual enrollment periods.

9.3 What is my dependent care account?

If you elect benefits under the DC Plan, a dependent care account ("DC Account") will be established in your name to keep a record of the benefits to which you are entitled. When you complete the election form, you specify the amount of benefits you wish to receive. These benefits may be funded with pre-tax dollars through salary reduction contributions. A pro-rated portion of your election will be credited to your DC Account according to the schedule described in Section 1.14.

The amount that is available in your DC Account at any particular time will be whatever has been credited to such DC Account less any reimbursements.

The DC Account is a bookkeeping account only. The Employer pays benefits under the DC Plan from its general assets. There is no trust.

NOTE: If you cannot make a salary reduction contribution to your DC Account as a result of being ineligible to receive a paycheck, the missed contribution will be made up on future paychecks. The Employer will automatically recalculate the contribution amount based on the number of remaining paychecks for the calendar year, the initial election amount and the remaining balance.

9.4 What are the maximum benefits I may receive?

The maximum amount of benefits you may receive in a tax year is $5,000 if you:

(a) are married and file a joint return;

(b) are married, but you furnish more than one-half the cost of maintaining those dependents for whom you are eligible to receive tax-free reimbursements under the

DC Plan, your spouse maintains a separate residence for the last six (6) months of the calendar year, and you file a separate tax return; or

(c) are single, or a head of household for tax purposes.

NOTE: ***The maximum is a combined maximum.*** If your spouse has a dependent care program available through his or her employer, the combined total under that program and this DC Plan is the maximum described above per tax year. ***It is your responsibility to monitor your combined maximum.***

This maximum is reduced if any of the following situations exist:

(a) if you are married, reside together with your spouse, but file separate tax returns, the maximum is reduced to $2,500 (and only one parent may submit claims for reimbursement under the DC Plan); or

(b) if you or your spouse have earned income less than $5,000 per tax year, the maximum is reduced to the lesser of your earned income or your spouse's earned income.

NOTE: If your spouse is a student or is incapable of caring for himself or herself, in general, your spouse will be deemed to have earned income of not less than $250 per month if you have one Qualifying Individual or $500 per month you have two or more Qualifying Individuals.

9.5 Who is a "Qualifying Individual" for whom I can submit claims for reimbursement?

NOTE: The rules are not the same as the tax deduction or exemption rules. It is your responsibility to determine whether you can request reimbursement for expenses incurred with respect to a particular individual. As discussed below, special rules apply in some cases. For additional information, please contact the Plan Administrator or your tax advisor.

General Rule. Subject to the two special rules described below, you may be reimbursed for Eligible Expenses incurred with respect to any "Qualifying Individual." A Qualifying Individual is a person described in paragraph (a), (b), (c), (d) or (e) below.

(a) Your "child" who:
- (1) is under age thirteen (13);
- (2) has the same principal place of abode as you for at least one-half of the year;
- (3) does not provide over half of his/her own support during the year; and
- (4) is a citizen, national, or resident of the United States, or a resident of Canada or Mexico.

(b) Your "child" who:
- (1) is mentally or physically unable to care for himself or herself;
- (2) has the same principal place of abode as you for at least one-half of the year;
- (3) does not provide over half of his/her own support during the year;
- (4) has not attained age nineteen (19) during the year (age twenty-four (24) if a full-time student) or is permanently and totally disabled;

(5) is a citizen, national, or resident of the United States, or a resident of Canada or Mexico;
(6) is younger than you; and
(7) does not file a joint tax return with his or her spouse.

(c) Your "child" who:
(1) is mentally or physically unable to care for himself or herself,
(2) has the same principal place of abode as you for at least one-half of the year,
(3) has received more than one-half of his/her support from you during the relevant year,
(4) is not any person's "qualifying child" (as that term is defined under Section 152 of the Code), and
(5) is a citizen, national, or resident of the United States, or a resident of Canada or Mexico.

(d) Your "relative" who:
(1) is mentally or physically unable to care for himself or herself,
(2) has the same principal place of abode as you for at least one-half of the year,
(3) has received more than one-half of his/her support from you during the relevant year,
(4) is not any person's "qualifying child" (as that term is defined under Section 152 of the Code), and
(5) is a citizen, national, or resident of the United States, or a resident of Canada or Mexico.

(e) Your "spouse," if your spouse is physically or mentally incapacitated and has the same principal place of abode as you for at least one-half of the year.

"***Child***" generally includes your son, daughter, stepson, stepdaughter, eligible foster child, brother, sister, stepbrother, stepsister, or a descendant of any such person.

"***Relative***" generally includes parent (or a parent's ancestor), stepparent, parent's brother or sister, son-in-law, daughter-in-law, father-in-law, mother-in-law, brother-in-law, or sister-in-law or an individual who (although not related to you) has the same principal place of abode as you and is a member of your household.

"***Spouse***" means an individual to whom you are legally married under applicable state law.

9.6 What if two people wish to claim a child as a Qualifying Individual?

With the exception of two parents that file income taxes jointly, only one person is entitled to treat the child as a Qualifying Individual. Where multiple people are involved, there are two special rules to determine which person is entitled to treat the child as a Qualifying Individual.

(a) **Divorced or Separated Parents, or Parents Living Apart.**

Important Note: Only one person is entitled to treat the child as a Qualified Individual for purposes of the DC Plan.

If a child's parents are divorced, legally separated, separated pursuant to a written agreement, or live apart at all times during the last six (6) months of the calendar year, a special rule applies if: (i) the child is under age 13 or is mentally or physically unable to care for himself or herself; (ii) the child receives more than 50% of his or her support from the parents (in aggregate); and (iii) the child resides with the parents (in aggregate) for more than 50% of the year. In such situations, the child is the Qualifying Individual of the custodial parent even if the custodial parent has released the right to claim the child as a dependent. The custodial parent is generally the parent with whom the child resides for the greater number of nights during the calendar year or, if the child resides with both parents for an equal number of nights, the parent with the higher adjusted gross income for the year.

(b) **Other Situations**. If the special rule described above regarding divorce, etc. does not apply, other special tie-breaker rules of may apply. If an individual is a Qualifying Individual (under paragraphs (a) or (b) of the definition provided above) with respect to more than one person, then:

(1) if both persons are the individual's parents and they file separate federal income tax returns, then the child is the Qualifying Individual of the parent with whom the child resides for the longest period of time during the calendar year (or, if child resides with both parents for the same amount of time during the year, the parent with the highest adjusted gross income for the year). However, if that parent (i.e., the custodial parent or the parent with the highest adjusted gross income) does not claim the child as a qualifying child (as defined in Section 152 of the Internal Revenue Code) for any purpose (i.e., a dependent care expense reimbursement program, the earned income credit, the dependency deduction, the child tax credit, and the dependent care credit), then the child is the Qualifying Individual of the other parent (i.e., the non-custodial parent or the parent with the lowest adjusted gross income). ***This is the one person that is entitled to treat the child as a Qualifying Individual for purposes of the DC Plan.***

(2) if one person is the individual's parent and the other is not, the child is the Qualifying Individual of the parent. However, if the parent does not claim the child as a qualifying child (as defined in Section 152 of the Internal Revenue Code) for any purpose (i.e., a dependent care expense reimbursement program, the earned income credit, the dependency deduction, the child tax credit, and the dependent care credit), then the child is the Qualifying Individual of the other person (i.e., the non-parent). ***This is the one person that is entitled to treat the child as a Qualifying Individual for purposes of the DC Plan.***

(3) if neither person is the individual's parent, the child is the Qualifying Individual of the person with the highest adjusted gross income for the year in question. However, if that person does not claim the child as a qualifying child (as defined in Section 152 of the Internal Revenue Code) for any purpose (i.e., a dependent care expense reimbursement program, the Earned Income credit, the dependency deduction, the child tax credit, and the dependent care credit), then the child is the Qualifying Individual of the other person (i.e., the person with the lowest adjusted gross income). ***This is the one person that is entitled to treat the child as a Qualifying Individual for purposes of the DC Plan.***

Important: If you enroll for dependent care benefits, it will be assumed that you are ***the one person*** entitled to treat the child as a Qualifying Individual for purposes of reimbursement under the DC Plan.

9.7 What is an "Eligible Expense"?

(a) **General Rule—Covered**. An "Eligible Expense" generally means expenses for the care of a Qualifying Individual incurred by you (or your spouse) to enable you (and your spouse) to be gainfully employed. Eligible Expenses generally include:

(1) day care expenses;
(2) the cost of nursery school, preschool, or similar programs below the level of kindergarten;
(3) the cost of after-school care (including care for Qualifying Individuals in kindergarten and beyond);
(4) the cost of day camp, including specialty day camp, but ***not*** overnight camp;
(5) the cost of transportation provided by a care provider;
(6) the cost of meals incidental to and inseparable from care;
(7) employment taxes paid on behalf of a care provider;
(8) the cost of room and board provided for a care provider (e.g., a live in nanny);
(9) certain indirect expenses, such as application and agency fees, if they must be paid to obtain the care and care is actually provided; and
(10) placement or "hold the spot" fees, if they must be paid to obtain the care and care is actually provided.

(b) **General Rule—Not Covered**. Expenses incurred that do not enable you to be gainfully employed are generally not "eligible" including, but not limited to, expenses incurred while on vacation, sick leave, or any other type of situation where you (and your spouse) are not at work or actively looking for work (i.e., gainfully employed). Your spouse, if any, is deemed to be gainfully employed if he/she is: (1) a full time student, or (2) mentally or physically incapable of self-care and resides with you for more than one-half of the calendar year.

(c) **Daily Allocation**. Usually, expenses must be allocated on a daily basis so that expenses incurred on a day you (or your spouse) were not at work may not be reimbursed.

Special Rule. If you pay for care on at least a weekly basis, without deduction for days on which care is not provided, you are not required to allocate expenses for short, temporary absences from work, such as vacations and sick days. You are also not required to allocate expenses on a daily basis if you (or your spouse) work on a part-time basis and you pay for care on at least a weekly basis without deduction for days on which care is not provided.

(d) **Who and Where Rules**. Expenses that would otherwise be "Eligible Expenses" cannot be reimbursed if they are paid to: (1) an individual who is your child under the age of nineteen (19) at the end of the calendar year; (2) an individual you (or your spouse) claim as a dependent on your tax return; (3) an individual who was your spouse at any time during the calendar year; or (4) a parent of a Qualifying Individual who is your child under age thirteen (13).

Expenses that would otherwise be "Eligible Expenses" for services provided outside of your home may be reimbursed only if the care is for a Qualifying Individual who is: (1) your (or your spouse's) "child" under the age of thirteen (13); or (2) is another Qualifying Individual who regularly spends at least eight (8) hours per day in your home.

9.8 How do I receive reimbursements under the DC Plan?

(a) **Periodic Reimbursements.** When you incur an expense that is eligible for reimbursement, you submit a claim to the Claims Administrator on a claim form that will be supplied to you. The claim form will typically set forth:

(1) the amount, date and nature of the expense;
(2) the name of the person or entity to which the expense was paid;
(3) your statement that the expense has not been reimbursed, and you will not seek reimbursement for the expense, from any other source; and
(4) such other information as the Claim Administrator may require. You may also be required to submit copies of bills or receipts from the provider(s) to support your claim.

If there are enough dollars credited to your DC Account, you will be reimbursed for your Eligible Expenses.

(b) **Deadline.** You may submit claims for reimbursement of Eligible Expenses incurred during the Plan Year for ninety (90) days following the end of that Plan Year. This period following the end of the Plan Year during which claims for reimbursement may be filed is referred to as the "claims run-out period."

9.9 What limits apply to reimbursements under the DC Plan?

You cannot be reimbursed for any expenses above your ***available*** DC Account balance. If your claim was for an amount that was more than your current DC Account balance, the excess part of the claim will be carried over into following months, to be paid as your balance becomes adequate. You also cannot be reimbursed for any expenses that arise before the effective date of

the DC Plan, for any expenses that arise before you become a Participant in the DC Plan, or for any expenses incurred after the close of the Plan Year.

Please note that it is not necessary that you have actually paid an amount for that expense to be eligible for reimbursement. You only must have incurred the expense and not have been reimbursed or paid from another source. An expense is "incurred" when the service which gives rise to the expense has been provided, not when you are billed or when you pay the expense.

9.10 Will I be taxed on the DC Plan benefits I receive?

You will not normally be taxed on benefits under the DC Plan. However to qualify for tax-free treatment, you will be required to file IRS Form 2441 or a similar form with a list of names and taxpayer identification numbers of any persons who provided you with dependent care services during the calendar year for which you claimed a tax-free reimbursement.

9.11 If I participate in the DC Plan, will I still be able to claim the dependent care tax credit on my federal income tax return?

You may choose to participate in the DC Plan and receive credit on your federal income tax return too. However, the tax credit and the DC Account cannot be used for the same expenses. In addition, the amount of the dependent care tax credit is reduced dollar for dollar by the reimbursement you receive from your DC Account.

In certain cases, it may be more beneficial for you to claim a tax credit for your dependent care expenses rather than pay for those expenses through the DC Account. You may want to consult your tax advisor regarding the best options under the applicable rules.

9.12 What is the dependent care tax credit?

The dependent care tax credit is an allowance for a percentage of your annual eligible dependent care expenses as a credit against your federal income tax. In determining what the tax credit would be, you may take into account only $3,000 of such expenses for one dependent, or $6,000 for two or more dependents.

Depending on your adjusted gross income, the percentage could be as much as 35% of your qualifying expenses (to a maximum credit amount of $1,050 for one dependent or $2,100 for two or more dependents) to a minimum of 20% of such expenses (producing a maximum credit of $600 for one dependent or $1,200 for two or more dependents.) The maximum 35% rate must be reduced by 1% (but not below 20%) for each $2,000 portion (or any fraction of $2,000) of your adjusted gross incomes over $15,000.

9.13 When might it be better for me to use the tax credit?

In general, for most people, it will be more advantageous for you to participate in the DC Plan. However, you should analyze your own situation carefully to determine which method is right for you. The actual determination of the preferable method for treating benefit payments depends on a number of factors such as one's tax filing status (e.g., married, single, head of household), number of dependents, etc. Each Participant will have to determine his or her tax position individually in order to make the decisions between taxable and tax-free benefits. If you

are uncertain about whether to participate in this DC Plan or take the dependent care credit, you should consult your tax advisor.

9.14 What if I am no longer eligible?

If your employment terminates or you otherwise cease to be eligible for coverage under the DC Plan, you may not make any further contributions to your DC Account. However, you may continue to submit claims for reimbursement of Eligible Expenses incurred while you were a Participant until the expiration of the claims run out period described above.

9.15 What if I receive benefits in error?

If a reimbursement is made by the DC Plan in excess of the amount to which you are entitled under the DC Plan, the DC Plan has the right to recover such overpayment. Repayment of an overpayment is a condition of participation in the Flexible Benefits Plan.

9.16 What if the dependent care expenses I incur during the Plan Year are less than the annual benefit I have elected?

Any amounts remaining in your DC Account attributable to a particular Plan Year shall be forfeited following the claims run-out period described above. You will not be entitled to receive any direct or indirect payment of any amount that represents the difference between the actual dependent care expenses you have incurred, on the one hand, and the annual benefit you have elected and paid for, on the other. ***If you do not use it, you lose it.***

9.17 What reporting will I receive?

The amounts reimbursed under this DC Plan for each calendar year will be reported on your W-2. If the actual amount paid is not known by the deadline for providing the W-2 (e.g., because of the claims run-out period), the Employer may report a reasonable estimate of the reimbursements that will be paid under the DC Plan for the year. A reasonable estimate may be the amount of benefits you elected under the DC Plan for the year.

PART X.
MEDICAL EXPENSE REIMBURSEMENT PLAN (FSA MEDICAL)

10.1 What benefits are provided?

The Plan permits you to receive reimbursement for some or all of your uninsured medical and dental expenses under the Medical Expense Reimbursement Plan ("ME Plan"). Under the ME Plan, you provide a source of pre-tax dollars by entering into a salary reduction agreement with your Employer. You may also use available Employer Contributions (if any). Those pre-tax dollars will be used to reimburse you for your Eligible Expenses. You save Social Security and income taxes on the amount of your salary reduction for medical expenses.

The coverage provided through the ME Plan is subject to the privacy and security provisions of the Health Insurance Portability and Accountability Act of 1996 ("HIPAA"). The ME Plan is intended to be an excepted benefit under the HIPAA portability rules. Accordingly, neither the HIPAA portability rules nor the mandates of the Patient Protection and Affordable Care Act, as amended, such as the preventive care mandate, apply to the ME Plan.

10.2 How do I become a Participant?

To become a Participant in the ME Plan, you must first become a Participant in the Flexible Benefits Plan. You must also satisfy the eligibility requirements for the ME Plan. The ME Plan's eligibility requirements are the same as the eligibility requirements for the Flexible Benefits Plan as described in Section 1.4. If you satisfy those requirements, you become a Participant in the ME Plan by electing benefits under the ME Plan during your initial or subsequent annual enrollment periods.

NOTE: Participation in this ME Plan will make you ineligible to participate in the HSA Contribution Feature, and will make you and any of your dependents covered by the ME Plan ineligible to make or receive contributions to a health savings account.

10.3 What is my medical expense account?

If you elect benefits under the ME Plan, a medical expense account ("ME Account") will be established in your name to keep a record of the benefits to which you are entitled. When you complete the election form, you specify the amount of benefits you wish to receive. These benefits may be funded by allocation of available Employer Contributions (if any) and, to the extent any such Employer Contributions are insufficient, with pre-tax dollars through salary reduction contributions.

The full amount of your election under the ME Plan will be available at any time during the Plan Year, reduced by the amount of prior reimbursements under the ME Plan received during the Plan Year.

The ME Account is a bookkeeping account only. Benefits under the ME Plan are paid from the Employer's general assets. There is no trust.

NOTE: If you cannot make a salary reduction contribution to your ME Account as a result of being ineligible to receive a paycheck, the missed contribution will be collected from future

paychecks. The Employer will automatically recalculate the contribution amount based on the number of remaining paychecks for the calendar year, the initial election amount and the remaining balance.

10.4 What is an "Eligible Expense"?

Generally. An "Eligible Expense," in most situations, means any item for which you could have claimed a medical expense deduction on an itemized federal income tax return and for which you have not otherwise been reimbursed from health coverage, or some other source. Eligible Expenses include expenses incurred by you and your "spouse" and "dependents."

For purposes of this ME Plan, **"spouse"** means a person to whom you are legally married in accordance with applicable state law.

For purposes of this ME Plan, **"dependent"** generally includes an individual who satisfies the requirements of paragraph (1), (2), or (3) below:

(1) An individual who:
- (i) is your child (son, daughter, stepson, stepdaughter, adopted child, eligible foster child, or child placed for adoption); and
- (ii) will not attain age 27 during the relevant calendar year.

(2) An individual who:
- (i) is your child (son, daughter, stepson, stepdaughter, adopted child, eligible foster child, or child placed for adoption), brother, sister, stepbrother, or stepsister, or a descendant of any such person;
- (ii) has the same principal place of abode as you for at least one-half of the relevant year;
- (iii) will not attain age 19 (or age 24 if a full time student) during the relevant year or is permanently and totally disabled;
- (iv) did not provide over half of his/her own support during the relevant year;
- (v) is a citizen, national, or resident of the United States, or a resident of Canada or Mexico;
- (vi) is younger than you; and
- (vii) does not file a joint tax return with his or her spouse.

(3) An individual who:
- (i) is your child (or a descendant of a child), brother, sister, stepbrother, or stepsister, parent (or a parent's ancestor), stepparent, brother or sister's son or daughter, parent's brother or sister, son-in-law, daughter-in-law, father-in-law, mother-in-law, brother-in-law, or sister-in-law or, if not such a relative, an individual who has the same principal place of abode as you and is a member of your household;

(ii) has received more than one-half of his/her support from you during the relevant year;

(iii) is not your qualifying child or the qualifying child of anyone else (i.e., does not satisfy the requirements of paragraph (1) above with respect to any person); and

(iii) is a citizen, national, or resident of the United States, or a resident of Canada or Mexico.

(iv)

NOTE: The definition of "dependent" is different than the definition applicable under the Internal Revenue Code for purposes of identifying who you may claim as an exemption on your federal income tax return. Furthermore, an individual eligible for dependent coverage under the Group Medical Plan is not necessarily a "dependent" for purposes of the ME Plan. Additional special rules apply in some cases. For additional information, please contact the Plan Administrator or your tax advisor.

(b) **Special rules for over-the-counter items.** Eligible Expense also ***includes*** certain over-the-counter items that constitute medical care (under Section 213(d) of the Internal Revenue Code) even though a tax deduction is not available. Over-the-counter drugs and medicines (other than insulin) require a prescription as part of the claim substantiation. For this purpose, a "prescription" means a written or electronic order for a medicine or drug (1) that meets the legal requirements of a prescription in the state in which the medical expense is incurred, and (2) that is issued by an individual who is legally authorized to issue a prescription in that state. Absent this additional claims substantiation, the expense for the over-the-counter drug or medicine (other than insulin) is not reimbursable under the ME Plan.

Note: Over-the-counter drugs and medicines are reimbursable under the ME Plan, provided the special rules described in this paragraph and Section 9.5 are followed.

(c) **Exceptions**. Despite the general rule stated above, Eligible Expense ***does not*** include premiums for qualified long term care coverage or premiums for any group or individual health plan.

IMPORTANT: Please review Exhibit A—Eligible Medical Care Expenses to help determine what is an Eligible Expense. You are also encouraged to consult your personal tax advisor or IRS Publication 502, "Medical and Dental Expenses" for further guidance as to what is or is not an Eligible Expense.

CAUTION: Publication 502 addresses medical care expenses a person may deduct on his or her income taxes. Many, ***but not all***, expenses that are tax deductible are also reimbursable under the ME Plan.

10.5 How do I receive my reimbursements under the ME Plan?

(a) **Periodic Reimbursements.** when you incur an expense that is eligible for reimbursement, you submit a claim to the Claims Administrator on a claim form that will be supplied to you. The claim form will typically set forth:

(1) the amount, date and nature of the expense;

(2) the name of the person or entity to which the expense was paid;

(3) your statement that the expense has not been reimbursed, and you will not seek reimbursement for the expense, from any other source;

(4) a third party statement identifying the nature and amount of the expense (e.g., copies of bills or receipts from the provider(s)) and, for over-the-counter drugs and medicines (other than insulin) a copy of the prescription for the drug or medicine; and

(5) such other information as the Claim Administrator may require.

If there are enough dollars credited to your ME Plan, you will be reimbursed for your Eligible Expenses.

(b) **Electronic Payment Card Claims**. The electronic payment card allows you to pay for Eligible Expenses at the time that you incur the expense.

> **Note:** Except as specifically described below, using the electronic payment card to purchase medical care does not mean you have made a claim under the ME Plan or that a claim has been approved. You may still need to submit a paper claim in accordance with the procedures described above.

The electronic payment card works as follows:

(1) You must make an election to use the card. In order to be eligible for the electronic payment card, you must agree to abide by the terms and conditions of the electronic payment card program as set forth herein and in the electronic payment cardholder agreement (the "Cardholder Agreement"), including agreeing to any fees applicable to participate in the program, limitations as to card usage, the Plan's right to withhold and offset ineligible claims, etc. A Cardholder Agreement will be provided to you. The Cardholder Agreement is part of the terms and conditions of your Plan and this summary.

(2) The balance of the card is limited to the balance of your ME Account.

(3) The card will be turned off when you terminate employment or coverage under the Plan.

(4) You must certify proper use of the card. As specified in the Cardholder Agreement, you certify during the applicable Plan Year that the amounts in your ME Account will only be used for Eligible Expenses (i.e., medical care expenses incurred by you, your spouse, and your tax dependents) and that

you have not been reimbursed for the expense and that you will not seek reimbursement for the expense from any other source. Failure to abide by this certification will result in termination of card use privileges.

(5) Reimbursement under the card is limited to health care providers and certain other places where you could purchase health care related items. The electronic payment card may be used only at merchants: (i) who have health care related merchant category codes other than the drug store or pharmacies merchant category code; (ii) who have the drug store or pharmacies merchant category code and with respect to whom 90% of the store's gross receipts during the prior taxable year consisted of items that qualify as expenses for medical care under Section 213(d) of the Code ("90% Pharmacies"); or (iii) who participate in an inventory information approval system developed by the card provider that verifies, at the time of purchase, that the goods being purchased constitute medical care.

(6) You swipe the card at the health care provider like you do any other credit or debit card. When you incur an Eligible Expense at a doctor's office or pharmacy, such as a co-payment or prescription drug expense, you swipe the card at the provider's office much like you would a typical credit or debit card. The provider is paid for the expense up to the maximum reimbursement amount available under your ME Account (or as otherwise limited by the program) at the time you swipe the card. Every time you swipe the card, you certify to the Plan that the expense for which payment is being made is an Eligible Expense and that you have not been reimbursed by any other source nor will you seek reimbursement from another source.

(7) You must obtain a third party statement from the health care provider (e.g. receipt, invoice, etc.) each time you swipe the card that includes the following information:

1) The nature of the expense (e.g. what type of service or treatment was provided). If the expense is for an over the counter drug, the written statement must indicate the name of the drug;
2) The date the expense was incurred; and
3) The amount of the expense.

Although it is not required to be submitted for all purchases, you must retain this receipt for one year following the close of the Plan Year in which the expense was incurred. Even though payment may be made under the card arrangement, a written third party statement may be required to be submitted (except as otherwise provided in the Cardholder Agreement). You will receive a letter from the Claims Administrator if a third party statement is needed. If requested, you must provide the third party statement to the Claims Administrator within forty-five (45) days (or such longer period provided in the letter from the Claims Administrator) of the request.

(8) There are situations where the third party statement will not be required to be provided to the Claims Administrator. There may be situations in which you will not be required to provide the written statement to the Claims Administrator, including:

1) Co-Pay Match. No written statement is required if the electronic payment card is used at medical care providers (i.e., merchants or service-providers that have health care related merchant category codes such as physicians, pharmacies, dentists, vision care offices, and hospitals) and the payment matches a specific co-payment you have under the Employer's group medical plan for the particular service that was provided or a multiple of that co-payment of not more than five (5) times the dollar amount of the co-payment. For example, if you have a $10 co-pay for physician office visits, and the payment was made to a physician office in the amount of $10, $20, $30, $40, or $50, you will not be required to provide the third party statement to the Claims Administrator.

2) Previously Approved Claim Match. No written statement is required if the electronic payment card is used at medical care providers (i.e., merchants or service-provides that have health care related merchant category codes such as physicians, pharmacies, dentists, vision care offices, and hospitals) and the expense is in the same amount, for the same duration, and at the same provider as a previously approved expense (e.g. the Claims Administrator approves a thirty (30) count prescription with three (3) refills that was purchased at ABC Pharmacy; each time the card is swiped for subsequent refills at ABC Pharmacy the receipt need not be provided to the Claims Administrator if the expense incurred is the same amount).

3) Provider Match Program. No third party statement is required to be submitted to the Claims Administrator if the electronic claim file is accompanied by an electronic or written confirmation from the health care provider (e.g. your prescription benefits manager) that identifies the nature of the expenses and verifies the amount of the expense and that the expense is an Eligible Expense.

4) Inventory Information Approval System. No third party statement is required to be submitted to the Claims Administrator if the electronic payment card is used at a merchant (of any kind) that participates in an inventory information approval system developed by the card provider. Such system verifies, at the time of purchase, that the goods being purchased constitute medical care.

Note: You should still obtain the third party receipt when you incur the expense and swipe the card, even if you think it will not be needed, so that you will have it in the event the Claims Administrator does request it.

(9) Special rules apply to the use of the electronic payment card to purchase over-the-counter drugs and medicines other than insulin. Notwithstanding the rules described above regarding the use of the card to purchase medical care, the card may be used to purchase such over-the-counter drugs and medicines only in the following circumstances:

1) At any 90% pharmacy if the expense is substantiated after the purchase in accordance with paragraph (7) above.

2) At drug stores, pharmacies, non-health care merchants that have pharmacies, and mail order or web-based merchants that sell prescription drugs if (i) the cardholder presents the prescription to the pharmacist; (ii) the pharmacist assigns a prescription number and dispenses the over-the-counter drug or medicine in accordance with applicable law; (iii) the pharmacy retains a record of the transaction, including the name on prescription, prescription number, date, and the amount of the purchase; (iv) the pharmacy's records are accessible by the employer or its agent; (iv) the debit card system does not allow over-the-counter drugs or medicines without a prescription number; and (v) the expense is substantiated in accordance with the standard rules described above in paragraphs (7) and (8).

3) At merchants having healthcare related merchant codes (other than merchants described in item 2 above) if the expense is substantiated in accordance with the standard rules described above in paragraphs (7) and (8).

Note: If the over-the-counter medicine cannot be purchased with the electronic payment card, it may still be reimbursed using the manual reimbursement procedures described in paragraph (a) above.

(10) If you are unable to provide adequate or timely substantiation as requested by the Claims Administrator within the applicable time period, the card will be turned off and you must repay the Plan for the unsubstantiated expense. The deadline for repaying the Plan is set forth in the Cardholder Agreement. If you do not repay the Plan within the applicable time period, then the amount of the improperly paid claim may be withheld from your pay (if allowed by applicable law). If the Employer is unable to withhold the amount from your pay, an amount equal to the unsubstantiated expense will be offset against future eligible claims under the ME Plan. If no claims are submitted prior to the date you terminate coverage in the Plan, or claims are submitted but they are not sufficient to cover the unsubstantiated expense amount, the remaining unpaid amount may be treated as an indebtedness to the Employer.

(11) You can use either the payment card or the paper claims approach. You have the choice as to how to submit your eligible claims. If you elect not to use the electronic payment card, you may also submit claims under the paper claims approach discussed above. Claims for which the electronic payment card has been used cannot be submitted as paper claims.

(12) Your use of the payment card is not a claim. The use of an electronic payment card does not constitute a "claim" under the claims procedures.

(c) **Deadline.** You may submit claims for reimbursement of Eligible Expenses incurred during the Plan Year for ninety (90) days following the end of that Plan Year. This period following the end of the Plan Year during which claims for reimbursement may be filed is referred to as the "claims run-out period."

10.6 What limits apply to reimbursements under the ME Plan?

You cannot be reimbursed for any expenses above the amount of your election. You also cannot be reimbursed for any expenses that were incurred before the effective date of the ME Plan, for any expenses incurred before you become a Participant in the ME Plan, or for any expenses incurred after you terminate employment or otherwise cease to be eligible for coverage under the ME Plan, unless coverage is continued.

Please note that it is not necessary that you have actually paid an amount for that expense to be eligible for reimbursement. You only must have incurred the expense and not have been reimbursed or paid from another source. An expense is "incurred" when the service which gives rise to the expense has been provided, not when you are billed or when you pay the expense.

Claims incurred during the Grace Period will be first allocated to and reimbursed from your ME Account for the preceding Plan Year until such account is exhausted. Thereafter, any such claims will be allocated to and reimbursed from your ME Account for the current Plan Year. Claims incurred during the Grace Period will be allocated based upon the date the claim is received. Once a claim is allocated to an account, no changes, modifications, or adjustments will be allowed. In addition, no adjustment to your election for the current Plan Year may be made based upon the amount of claims incurred during the Grace Period that are reimbursed from the prior Plan Year's account.

NOTE: A claim incurred during the preceding Plan Year and submitted during the claims run-out period described above will be processed subsequent to a previously submitted claim incurred during the Grace Period, even if your ME Account from the preceding Plan Year is exhausted by reimbursement of the claim incurred during the Grace Period.

10.7 What is the maximum benefit I may elect to receive?

The maximum amount of benefits you may elect under the ME Plan for a Plan Year is an amount equal to the maximum amount of salary reduction contributions that may be made to the ME Plan under the Code, which is an amount indexed for inflation.

10.8 What if I am no longer eligible?

If your employment terminates, or you otherwise cease to be eligible for coverage under the ME Plan, your benefits under the ME Plan stop. You may not make any further contributions to your ME Account, and you may not submit claims for reimbursement of expenses incurred after you terminated employment or otherwise ceased to be eligible for coverage. You may, however, continue to submit claims for expenses incurred during the Plan Year before you terminated employment or otherwise ceased to be eligible for coverage until the expiration of the claims run out period following the end of the Plan Year described above.

NOTE: This rule may differ from the rule applicable to other Available Benefits.

10.9 Can coverage be continued?

If your employment terminates or you otherwise cease to be eligible for the ME Plan, you and any others who receive their coverage through you ***may*** be able to continue that coverage. Continuation coverage is available in accordance with the Consolidated Omnibus Budget Reconciliation Act of 1985 ("COBRA") applicable through the Public Health Services Act ("PHSA") and the Uniformed Services Employment and Reemployment Rights Act of 1994 ("USERRA"). These continuation rights are described later in this summary.

10.10 Can I carry over my ME Account to the next Plan Year?

No. Any amounts remaining in your ME Account attributable to a particular Plan Year shall be forfeited following the claims run-out period described above. You will not be entitled to carry over or receive any direct or indirect payment of any amount that represents the difference between the actual Eligible Expenses you have incurred, on the one hand, and the annual benefit you have elected and paid for, on the other. ***If you do not use it, you lose it.***

(a) In general, carryovers occur automatically. However, you may elect, in accordance with procedures adopted by the Plan Administrator, to waive the carryover. You must make such an election no later the last day of the Plan Year from which the carryover is to be made.

(b) Unless otherwise required under applicable law (including regulatory guidance), you will receive a carryover only if you are eligible to make elections under the ME Plan (or Limited Scope ME Plan) as of the first day of the Plan Year to which the carryover will be made (regardless of whether you actually elect to participate in the Plan for that Plan Year).

(c) A carryover does not count against the maximum reimbursement you may receive under the ME Plan for a Plan Year as described above.

Any amounts remaining in your ME Account attributable to a particular Plan Year after the carryover shall be forfeited. You will not be entitled to receive any direct or indirect payment of any amount in your ME Account in excess of the amount that may be carried over to the next Plan Year. ***If you do not use it and it cannot be carried over, you lose it.***

10.11 What if I receive benefits in error?

If a payment for benefits is made by the ME Plan in excess of the benefit to which you are entitled under the ME Plan, the ME Plan has the right to recover such overpayment from the payee. Repayment of an overpayment is a condition of participation in the Flexible Benefits Plan.

10.12 What if I am subject to a child support order?

Notwithstanding any provision in the ME Plan to the contrary, the ME Plan shall recognize child support orders regarding the provision of medical coverage for a child, including orders under the Child Support Performance and Incentive Act of 1998 to the extent required by law. If you are involved in a divorce or child custody matter, you or your legal counsel should contact the Plan Administrator.

10.13 May I receive a distribution of my ME Account balance if I am on military leave?

You may request a cash distribution from your ME Account if the following requirements have been satisfied:

(a) you are a member of the Army National Guard, the Army Reserve, the Navy Reserve, the Marine Corps Reserve, the Air National Guard, the Air Force Reserve, the Coast Guard Reserve, or the Reserve Corps of the Public Health Service; and

(b) you have been ordered or called to active duty for either (1) at least 180 days, or (2) an indefinite period of time.

Your request must be made in writing on a form provided by the Plan Administrator. Such request must be made on or after the date of the order or call to active duty and before the last day of the Plan Year. A copy of the order or call to duty must accompany the form.

The maximum amount you may receive is the amount actually contributed to the ME Plan as of the date of the request minus any reimbursements of Eligible Expenses provided under the ME Plan as of that date. Such distributions shall be included in your taxable income and shall be subject to normal wage withholding requirements to the extent required by law.

If a balance remains in your ME Account following the distribution, you may continue to submit claims for reimbursement.

PART XI.
HSA CONTRIBUTION FEATURE

11.1 What benefits are provided?

The Flexible Benefits Plan permits you to make contributions to a health savings account ("HSA") under the HSA Contribution Feature. Under the HSA Contribution Feature, you provide a source of pre-tax dollars by entering into a salary reduction arrangement with your Employer. You may also use available Employer Contributions (if any). Those pre-tax dollars will be contributed to your HSA. You save Social Security and income taxes on the amount of your salary reduction for HSA contributions.

11.2 How do I become a Participant?

To become a Participant in the HSA Contribution Feature, you must first become a Participant in the Flexible Benefits Plan. You must also satisfy the eligibility requirements for the HSA Contribution Feature. The HSA Contribution Feature's eligibility requirements are, in general, the same as the eligibility requirements for the Flexible Benefits Plan as described in Section 1.4. In addition, you must meet certain other requirements in order to participate in the HSA Contribution Feature. To be eligible, you must:

(a) be covered by the Employer's Qualifying High Deductible Health Plan;
(b) not be claimed as another person's tax dependent;
(c) not be actually covered by Medicare; and
(d) not have any health coverage other than coverage under a High Deductible Health Plan, except "Permitted Insurance" or "Permitted Coverage," whether or not such coverage is sponsored by your Employer.

If you satisfy those requirements, you become a Participant in the HSA Contribution Feature by electing benefits under the HSA Contribution Feature during your initial or subsequent annual enrollment periods.

11.3 What is a Qualifying High Deductible Health Plan?

A "Qualifying High Deductible Health Plan" generally is a health plan providing coverage that meets one of the following requirements:

(a) self-only coverage with a deductible of at least $1,300 (as indexed for inflation) before any reimbursement is made for eligible medical expenses (other than preventive care) and with an annual out-of-pocket limit of not more than $6,450 (as indexed for inflation); or
(b) family coverage with a deductible of at least $2,600 (as indexed for inflation) before any reimbursement is made for eligible medical expenses (other than preventive care), without an embedded individual deductible less than $2,600, and with an annual out-of-pocket limit of not more than $12,900 (as indexed for inflation).

NOTE: A health plan that covers prescription drugs prior to the specified deductible is not a Qualifying High Deductible Health Plan.

11.4 What is Permitted Insurance and Permitted Coverage?

"Permitted Insurance" is:

(a) insurance in which substantially all of the coverage relates to liabilities incurred under workers' compensation laws, tort liabilities, liabilities related to ownership or use of property, or similar liabilities as specified by the IRS;
(b) insurance for specified disease or illness (e.g., cancer insurance); or
(c) insurance that pays a fixed amount per day (or other period) of hospitalization (e.g., hospital indemnity insurance).

"Permitted Coverage" is coverage (whether through insurance or otherwise) for accidents, disability, dental care, vision care, or long-term care. Permitted coverage includes some medical reimbursement accounts and health reimbursement arrangements (HRAs), such as limited scope medical reimbursement accounts and HRAs (i.e., the Limited Scope ME Plan provided through this Flexible Benefits Plan), HRAs for which the payment or reimbursement of medical expenses (except expenses for preventive care, dental care, vision care, or long-term care premiums) is suspended, post-deductible medical reimbursement accounts and HRAs, and retirement HRAs. It also includes wellness programs and employee assistance programs that do not provide significant benefits in the nature of non-preventive medical care or treatment.

11.5 What other coverage disqualifies me?

You are not eligible to make or receive contributions to an HSA if you have any coverage that is not coverage under a Qualifying High Deductible Health Plan, coverage under Permitted Insurance, or Permitted Coverage. Other coverage that will disqualify you from being eligible for the HSA Contribution Feature includes, but is not limited to, coverage under your spouse's health plan (that is not a Qualifying High Deductible Health Plan), coverage under the ME Plan, coverage under your spouse's medical expense reimbursement plan, and coverage under a health reimbursement arrangement, including your spouse's health reimbursement arrangement.

Note: You must consider "coverage" you have through the plan's sponsored by your spouse's employer when determining whether you are eligible for HSA contributions.

11.6 What is my HSA?

Your HSA is a health savings account (as defined under the Internal Revenue Code) established by you with a third party trustee/custodian (e.g., bank or insurance company) that is authorized to be the trustee of HSAs and is selected by your Employer. Your Employer does not establish or sponsor your HSA. Furthermore, your Employer does not own your HSA; it is owned by you.

11.7 What are the limits on the amount of contributions?

The total contributions made by you and/or made on your behalf (i.e., contributions by your Employer) into HSAs owned by you are subject to a maximum contribution limit. Generally,

the maximum contribution you may make or receive in a year is an indexed amount (for 2020: $3,550 if you have self-only coverage or $7,100 if you have family coverage).

You are allowed to make or receive an additional "catch-up" contribution for the year in which you will attain age 55 before the end of the year and for any year thereafter while you remain eligible. The catch-up contribution is currently $1,000 per year.

If you are eligible for contributions for only a portion of the year, your maximum contribution (including catch up contributions) is determined in accordance with the following rules:

(a) **Not Eligible on December 1st.** If you cease to be eligible for contributions prior to December 1st of a particular year, the contribution limit for that year will be a fraction of the maximum contribution for the full year based upon the number of months in which you were eligible.

> **For example**, if you have single coverage under a Qualifying High Deductible Health Plan, are not eligible for catch up contributions, but are eligible only during January through June (i.e., six months of the year), your maximum contribution limit is 50% of the annual maximum.

(b) **Eligible on December 1st.** If you become eligible for HSA contributions during a particular year and you are eligible as of December 1st of that year, your maximum contribution for that year is the full indexed amount. However, if you become ineligible for HSA contributions during the following year, you will not be entitled to the full maximum contribution. Instead, your maximum contribution will be a fraction of the maximum contribution for the full year based upon the number of months in which you were eligible during that year. The excess contributions will be included in your gross income and a 10% additional tax will be imposed on those contributions.

If you are married, both you and your spouse have coverage under a Qualifying High Deductible Health Plan, and both you and your spouse have health savings accounts, the limit is divided equally between you (unless you agree to a different allocation).

Rollover contributions may also be made to an HSA from another health savings account or from an Archer MSA. Rollover contributions are not subject to the contribution limit described above.

11.8 What happens if my contributions exceed the contribution limit?

If the contributions to your HSA exceed the applicable maximum contribution limit for a year, generally the excess contributions will be included in your income and an excise tax will be imposed upon them. You will also be taxed on any earnings earned on the excess amounts. However, you can avoid the excess tax if you take a distribution of the excess contributions (and the net income attributable to the excess contribution) before the last day (including extensions) for filing your federal income tax return.

11.9 What are the tax consequences of the HSA Contribution Feature?

The contributions made under this HSA Contribution Feature will not be included in your gross income, unless they exceed the applicable maximum contribution limit as discussed above.

11.10 What are the rules regarding distributions from my HSA?

Your Employer has no control over or involvement with distributions made from your HSA. Your Employer does not substantiate expenses for which such distributions are made. Information regarding the procedure for obtaining distributions and the consequences of taking distributions is available from the trustee/custodian of your HSA.

Note: The definition of dependent for purposes of HSA distributions differs from the definition of "dependent" or "tax dependent" used in this document. Distributions from your HSA for expenses incurred by non-dependents may be considered taxable income and be subject to penalties. Please contact your tax advisor for additional information regarding the taxation of HSA distributions.

11.11 When does my participation end?

Participation in the HSA Contribution Feature ends upon the earlier of the date your participation in the Plan ceases or the date you no longer satisfy the eligibility requirements described in Section 9.2. However, you need not be a participant in the HSA Contribution Feature (or be employed by the Employer) in order to obtain distributions from your HSA. In addition, you may make contributions to your HSA outside this Flexible Benefits Plan, provided you are eligible to do so under IRS rules, after you have left employment with the Employer or have ceased to be a participant in the Flexible Benefits Plan.

NOTE: This HSA Contribution Feature is ***not*** a group health plan for purposes of the Consolidated Omnibus Budget Reconciliation Act of 1985, as amended (COBRA), the Family and Medical Leave Act (FMLA), and the Uniformed Services Employment and Reemployment Rights Act of 1994 (USERRA). COBRA, FMLA, and USERRA do not apply to this HSA Contribution Feature. However, COBRA, FMLA, and USERRA may apply to the Qualifying High Deductible Health Plan.

11.12 Can the contributions made to my HSA be forfeited?

No, once the contributions have been deposited in your HSA, you will have a nonforfeitable interest in the funds. You will be free to request a distribution of the funds or to move them to another provider of HSAs, to the extent allowed by law.

NOTE: A very limited exception exists if the person was never HSA eligible.

11.13 What are the reporting requirements?

Your Employer is responsible for reporting contributions made to your HSA through this HSA Contribution Feature on your Form W-2. You are also responsible for reporting contributions to your HSA, and for reporting distributions from your HSA, on appropriate forms available from the IRS.

PART XII.
CASH PAYMENT

12.1 What benefits are provided?

The Plan permits you to receive a cash payment of the available Employer Contribution not allocated for the purchase of other benefits under the Flexible Benefits Plan.

12.2 How do I become a Participant?

To become a Participant in this portion of the Flexible Benefits Plan, you must first become a Participant in the Flexible Benefits Plan. If you satisfy those requirements, you become a Participant in this portion of the Flexible Benefits Plan by electing to receive a cash payment during your initial or subsequent annual enrollment periods.

In addition, to receive a cash payment, you must waive coverage under the Group Medical Plan. To waive coverage under the Group Medical Plan, you must complete and submit a "waiver of coverage" form available from the Plan Administrator. If you become covered under the Group Medical Plan, you will cease to be eligible for cash payments under this portion of the Flexible Benefits Plan.

12.3 What amount of cash may I receive?

You may receive the entire portion of the Employer Contribution not allocated for the purchase of other benefits under the Flexible Benefits Plan.

12.4 When is the cash payment made?

The cash payment will be pro-rated and made in substantially equal installments at least monthly. The payments will be made by a separate check or incorporated into the Participant's regular paycheck.

Note: All cash payments constitute taxable income and are subject to withholding to the extent required by law.

12.5 What if I am no longer eligible?

If your employment terminates, or you otherwise cease to be eligible to participate in the Flexible Benefits Plan, the cash payments cease. Only Participants are eligible to receive a cash payment.

PART XIII.
INDIVIDUAL PREMIUM FEATURE

13.1 What benefits are provided?

The Plan permits you to pay or receive reimbursement for the cost of certain individual insurance policies under the Individual Premium Feature (the "IP Feature"). Under the IP Feature, you provide a source of pre-tax dollars by entering into a salary reduction arrangement with your Employer. You may also use available Employer Contributions (if any). Those pre-tax dollars will be used to pay or reimburse you for your eligible expenses. You save Social Security and income taxes on the amount of your salary reduction for individual insurance policy expenses.

13.2 How do I become a Participant in the IP Feature?

To become a Participant in the IP Feature, you must first become a Participant in the Flexible Benefits Plan. You must also satisfy the eligibility requirements for the IP Feature. The IP Feature's eligibility requirements are the same as the eligibility requirements for the Flexible Benefits Plan as described in Section 1.4. If you satisfy those requirements, you become a Participant in the IP Feature by electing benefits under the IP Feature during your initial or subsequent annual enrollment periods.

NOTE: Keep in mind the general rule regarding irrevocable elections. Unless a recognized exception to the irrevocable election rule applies, the election is irrevocable for the Plan Year; even if the underlying individual insurance policy changes or is no longer in effect.

13.3 What is my individual premium account?

If you elect benefits under the IP Feature, an individual premium account ("IP Account") will be established in your name to keep a record of the benefits to which you are entitled. When you complete the election form, you specify the amount of benefits you wish to receive. These benefits may be funded by allocation of available Employer Contributions (if any) and, to the extent any such Employer Contributions are insufficient, with pre-tax dollars through salary reduction contributions. A pro-rated portion of your election will be credited to your IP Account according to the schedule described in Section 1.14.

The amount that is available in your IP Account at any particular time will be whatever has been credited to such IP Account less any reimbursements.

The IP Account is a bookkeeping account only. The Employer pays benefits from its general assets. There is no trust.

13.4 What coverage can be paid pre-tax?

CAUTION: Not all individual policies are eligible for pre-tax payment.

In order to be eligible for payment or reimbursement under the IP Feature, an individual insurance policy must meet all of the following requirements:

(a) The individual policy must be obtained by the Participant.

(b) The coverage must not violate the terms of the Flexible Benefits Plan and/or the requirements under the Internal Revenue Code. This includes, but is not limited to, excluding coverage that results in deferred compensation from one year to another year.

(c) The coverage is for accident or health coverage, including "specialty" coverage other than coverages offered by the Employer on a group basis. "Specialty" coverages include hospital indemnity, disease specific, cancer, organ transplant coverages, etc.

(d) The coverage is ***not*** any of the following: major medical coverage, Medicare Part B, Medicare Part D, and Medicare supplement coverage, long-term care coverage, and individual insurance policies purchased through a public exchange.

A copy of the policy must be provided to the Plan Administrator, and is incorporated by reference into the Flexible Benefits Plan.

If the other requirements described above are satisfied, Eligible Expenses include premiums for coverage provided to both you and your "dependents." For purposes of this IP Feature, **"dependent"** generally includes an individual who satisfies the requirements of paragraph (a), (b), (c), or (d) below:

(e) A person to whom you are legally married in accordance with applicable state law.

(f) An individual who:
- (1) is your child (son, daughter, stepson, stepdaughter, adopted child, eligible foster child, or child placed for adoption);
- (2) and will not attain age 27 during the relevant calendar year.

(g) An individual who:
- (1) is your child (son, daughter, stepson, stepdaughter, adopted child, eligible foster child, or child placed for adoption), brother, sister, stepbrother, or stepsister, or a descendant of any such person;
- (2) has the same principal place of abode as you for at least one-half of the relevant year;
- (3) will not attain age 19 (or age 24 if a full time student) during the relevant year or is permanently and totally disabled;
- (4) did not provide over half of his/her own support during the relevant year;
- (5) is a citizen, national, or resident of the United States, or a resident of Canada or Mexico;
- (6) is younger than you; and
- (7) does not file a joint tax return with his or her spouse.

(h) An individual who:
- (1) is your child (or a descendant of a child), brother, sister, stepbrother, or stepsister, parent (or a parent's ancestor), stepparent, brother or sister's son or daughter, parent's brother or sister, son-in-law, daughter-in-law, father-in-law, mother-in-law, brother-in-law, or sister-in-law or, if not such a

relative, an individual who has the same principal place of abode as you and is a member of your household;

(2) has received more than one-half of his/her support from you during the relevant year;

(3) is not your qualifying child or the qualifying child of anyone else (i.e., does not satisfy the requirements of paragraph (1) above with respect to any person); and

(4) is a citizen, national, or resident of the United States, or a resident of Canada or Mexico.

NOTE: The definition of "dependent" is different than the definition applicable under the Internal Revenue Code for purposes of identifying who you may claim as an exemption on your federal income tax return. Furthermore, an individual eligible for dependent coverage under the individual policy is not necessarily a "dependent" for purposes of the IP Feature. Additional special rules apply in some cases. For additional information, please contact the Plan Administrator or your tax advisor.

13.5 How do I receive my benefits under the IP Feature?

(a) **Periodic Reimbursements.** When you incur an expense that is eligible for reimbursement, you submit a claim to the Claims Administrator on a claim form that will be supplied to you. The claim form will typically set forth:

(1) the amount, date and nature of the expense,

(2) the name of the person or entity to which the expense was paid,

(3) your statement that the expense has not been reimbursed, and you will not seek reimbursement for the expense, from any other source, and

(4) such other information as the Claim Administrator may require. You may also be required to submit copies of bills or receipts from the provider(s) to support your claim.

If there are enough dollars credited to your IP Account, you will be reimbursed for your Eligible Expenses on a per claim basis. The Claims Administrator may directly pay the issue of the insurance pay or reimburse you after you have incurred the premium.

(b) **Deadline**. You may submit claims for reimbursement of Eligible Expenses incurred during the Plan Year for ninety (90) days following the end of that Plan Year. This period following the end of the Plan Year during which claims for reimbursement may be filed is referred to as the "claims run-out period."

13.6 What limits apply to payments or reimbursements under the IP Feature?

You cannot be reimbursed for any expenses above your ***available*** IP Account balance. If your claim was for an amount that was more than your current IP Account balance, the excess part of the claim will be carried over into following months, to be paid as your balance becomes adequate. You also cannot be reimbursed for any expenses that arise before the effective date of

the IP Feature, for any expenses that arise before you become a Participant in the IP Feature, or for any expenses incurred after the close of the Plan Year.

Please note that it is not necessary that you have actually paid an amount for that expense to be eligible for reimbursement. You only must have incurred the expense and not have been reimbursed or paid from another source. An expense is "incurred" when the coverage which gives rise to the expense is provided, not when you are billed or when you pay the expense.

13.7 What if I am no longer eligible?

If your employment terminates or you otherwise cease to be eligible for coverage under the IP Feature, you may not make any further contributions to your IP Account. However, you may continue to submit claims for reimbursement of Eligible Expenses incurred while you were a Participant for a period of 90 days after the date you ceased to be eligible to participate.

NOTE: This does not necessarily mean that the insurance coverage stops. That is determined based upon the terms and conditions of the particular insurance policy.

13.8 What if the Eligible Expenses I incur during the Plan Year are less than the annual benefit I have elected?

Any amounts remaining in your IP Account attributable to a particular Plan Year shall be forfeited following the claims run-out period described in Section 10.5. You will not be entitled to receive any direct or indirect payment of any amount that represents the difference between the actual Eligible Expenses you have incurred, on the one hand, and the annual benefit you have elected and paid for, on the other. ***If you do not use it, you lose it.***

13.9 What if I am subject to a child support order?

CAUTION: This provision applies only to the extent the individual policies paid or reimbursed through the IP Feature are considered a group health plan for purposes of applicable child support laws.

Notwithstanding any provision in the Flexible Benefits Plan to the contrary, the Flexible Benefits Plan shall recognize child support orders regarding the provision of medical coverage for a child, including orders under the Child Support Performance and Incentive Act of 1998 to the extent required by law. If you are involved in a divorce or child custody matter, you or your legal counsel should contact the Plan Administrator.

PART XIV.
CONTINUATION COVERAGE

14.1 What are my continuation rights under COBRA?

The Consolidated Omnibus Budget Reconciliation Act of 1985 ("COBRA") requires most employers with twenty (20) or more employees to offer employees and their families (spouse and/or dependent children) the opportunity to pay for a temporary extension of health coverage (called "continuation coverage") at group rates in certain instances where health coverage under employer sponsored group health plan(s) would otherwise end. There is no requirement that a person be insurable to elect continuation coverage. However, a person who continues coverage may have to pay all of the premium for the continuation coverage. The Group Medical Plan, Group Dental Plan, Group Vision Plan, and Medical Expense Reimbursement Plan shall be operated consistent with COBRA and pursuant to COBRA policies and procedures contained in a separate document and is incorporated by reference into this Flexible Benefits Plan. This document is available to you upon request, at no charge.

14.2 What are my continuation rights under USERRA?

If you are called to active duty in the uniformed services, you may elect to continue coverage for you and your eligible dependents under USERRA for a period of up to 24 months. You and your eligible dependents qualify for this extension if you are called into active or reserve duty, whether voluntary or involuntary, in the Armed Forces, the Army National Guard, the Air National Guard, full-time National Guard duty (under a federal, not a state, call-up), the commissioned corps of the Public Health Services and any other category of persons designated by the President of the United States. This continuation right is similar to, and runs concurrent with, your continuation right under COBRA (if any). The Group Medical Plan, Group Dental Plan, Group Vision Plan, and Medical Expense Reimbursement Plan shall be operated consistent with USERRA and pursuant to USERRA policies and procedures contained in a separate document and is incorporated by reference into this Flexible Benefits Plan. This document is available to you upon request, at no charge.

14.3 What are my continuation and/or conversion rights for group health plan coverage under state law?

Minnesota requires continuation and conversion of group health plan coverage (including medical, dental, and vision coverage) upon certain events. These laws may apply to both insured and self-insured plans other than health flexible spending accounts. Your continuation and conversion rights, and the rights of those who are covered through you, are described in the separate materials that have been provided to you either directly by the carrier (the insurance company) or by your Employer. If you have not been provided this information, you should contact the Plan Administrator.

14.4 What are my continuation and/or conversion rights for group term life insurance coverage under state law?

Minnesota requires continuation and conversion of group-term life insurance. Your continuation and conversion rights, and the rights of those who are covered through you, are described in the separate materials that have been provided to you either directly by the carrier (the insurance company) or by your Employer. If you have not been provided this information, you should contact the Plan Administrator.

PART XV.
FAMILY AND MEDICAL LEAVE ACT OF 1993

15.1 Family and Medical Leave Act of 1993

As a Minnesota public sector employer, your Employer is deemed to have fifty (50) or more employees for purposes of FMLA.

NOTE: You should contact your Employer regarding any FMLA questions. The Claims Administrator does not have authority to make these decisions.

PART XVI.
ADMINISTRATIVE INFORMATION

NOTE: The Employer is a Minnesota public sector entity. Therefore, the Employee Retirement Income Security Act of 1974 ("ERISA") does not apply to this Flexible Benefits Plan, including any of the benefits made available through it.

CITY OF ISANTI
PARKS, RECREATION, AND CULTURE BOARD
MEETING MINUTES
September 24, 2019
City Council Chambers

1. Meeting Opening.

A. Call to Order.
Zdon called the meeting to order at 6:00 p.m.

B. Pledge of Allegiance
Everyone stood for the Pledge of Allegiance

C. Roll Call
Members Present: James Witte, Aaron Zdon, and Brian Thum
Members Absent: Mayor Jeff Johnson
Staff Present: Jenny Garvey, Parks, Recreation and Culture Manager,

D. Agenda Modifications
Zdon asked if there were any agenda modifications, Zdon asked to add to Parks Update about the skate park. Motion by Witte, second by Thum to approve the agenda for the September 24, 2019 PRC board meeting.

2. Approval of Minutes from July 23, 2019, Parks, Recreation, and Culture Board Meeting
Motion by Witte and second by Thum; all in favor. Minutes were unanimously approved.

3. Receive the Parks, Trails and Open Space plan
Garvey reviewed that the Comp Plan was previously handed out to the board and they were to review and bring back comments/suggestions. Garvey will review and compile the results of all the board members comments and bring back these at a later time. Zdon had emailed his prior to the meeting to Garvey and the others will be able to email their completed lists by Monday Sept 30.

4. Snow Sledding Hill
Garvey reviewed that back in 2018, the park board was provided a brief idea of having a sledding hill within the city, which was a part of the 2018 annual council goals. The idea was presented to the PRC board but did not have much discussion and nothing further was discussed. Staff is bringing back this item to discuss further and provide staff with some direction. Staff has reached out to our insurance carrier but has not heard back from them. Some others items that the board should consider are: staff time to maintain, amount of snow fall, lighting, Bluebird park has one natural hill, however it is not a high grade, obstacles for sledders: trees, bushes, fencing, drainage, etc, parking, walking distance and restrooms. Another option would be to purchase a snow making machine, to assist with snow and to allow for a steeper grade of hill, staff did a

brief search and found units for about $3,000. Again, more items to consider are staff time to make snow, make hill, maintain hill, maintain machine, weather conditions, etc. Garvey also mentioned that at Bluebird the design of the park has an amphitheater and that council will be looking at this more in 2020. Zdon mentioned that this was bid out and had plans back in about 2008 and that it fell through as the economy turned. Zdon stated that Bluebird hill would be a good option, and its not a steep hill. Witte mentioned that he has seen kids sledding on south passage by a drainage area for younger kids. Zdon also mentioned a pile of dirt that he has seen at Andover and Coon Rapids. Zdon and Witte mentioned the soccer field hill and that the top of the hill has a fence so it doesn't provide much of an area at the top and that maybe a snow machine could be added to this area to provide the steepness and the top area that is needed but not sure if we have the water supply. Garvey mentioned that water supply could come from the hydrants as we do for making the outdoor rink. Zdon then mentioned that we could try Bluebird with a sign that its for sledding. Witte mentioned the idea of River Bluff Preserve and knocking down trees, however this would have to be quite a few and was then decided that was not a good option as safety would be a big factor with trees. Zdon mentioned that the board is exploring it and for simplicity, that Bluebird is the option to proceed with, get a sign made and for cost. Zdon mentioned the snow-making machine would also be able to provide more snow and that we can look into this more as the budget process comes about.

5. Dog Park Amenities

Garvey reported the dog park opened up this past May and staff was asked to explore ideas to add more amenities and a bench. The park has been well received and is getting used a lot, staff has increased pick up from Monday and Fridays, to Mon, Wed, Fri. Garvey continued that the Rotary Club of Cambridge & Isanti, donated money to the city to be used for the dog park. A new bench has arrived and Public works will install it this fall as we see where the best option to place it will be as it will be in concrete. The Rotary club stated that the remaining dollars can be used for amenities to be placed within the dog park. Garvey presented a few ideas and concepts/pictures she found to review. Public works can make some of these items as they are made out of wood. Tires were presented as ideas to place around. Zdon mentioned that staff to look into if Public works is available to utilize their skill to build items and that we also check with dog trainers as far as spacing or heights for amenities. Garvey mentioned that she will research a bit with organizations, as Isanti County has a K9 unit and an area where they have amenities. Witte mentioned the drainage corrugated pipe is a good option to add. Garvey mentioned we have procured a couple of large tires to add to the park. Zdon stated that he liked the concept of them being partially buried and Witte stated he liked the painted idea. Witte also mentioned he liked the hoop style of tires for jumping through. Zdon stated that Public works can review ideas and see what is possible for them to build. Garvey stated that this area doesn't have the requirements that a children's playground has so we are able to save some funds building items on our own. Zdon asked if the bench donated by the Rotary will have a plaque. Garvey replied that it has the word Rotary designed into the bench itself and that other amenities will have a small plaque added similar to ones we have on tables that the Rotary Club has donated.

6. DNR Funded Projects

Garvey reviewed that staff received information from the DNR that we have some items that need attention for projects that the city received grant funding for from the state when these parks were built, after the DNR did a tour of these locations. We received information on three parks: Mattson, Unity and the Soccer complex. Staff has asked the DNR for clarification on a few of these items as they were unclear. One item we received was to add a funding sign, however after clarification this is one item that we do not need to duplicate signs that we already have within the park regarding the funding source, but the ones we are missing will be put up by Public works. Garvey continued with that she has been in contact with the soccer association regarding the picnic table at the shelter and will add it under the picnic shelter. Public works is working on the adding accessible parking signage and the funding sign was added to the picnic shelter. Mattson park had the funding sign added to the south park sign and another area that the DNR pointed out was the porta potty and accessibility on the grass. Garvey reviewed that the porta potty will need to be placed on a concrete slab to assist with the ADA accessibility item that was pointed out. Garvey continued with the accessibility to each of the playground areas, and Zdon stated that we would do a sidewalk off of the sidewalk and to connect and what makes the most sense to connect these together. Zdon stated that Public works can use there best judgement to place the sidewalks within the park area to connect these elements. Garvey described a placement for the porta potty to be placed and board agreed to have staff place it as they best judge it to go. The other items are being worked on or are completed and the one remaining one we need direction on is the picnic tables within Mattson. Zdon clarified to that we need to address this items as they have been brought to our attention. Garvey stated that she clarified with Mia, DNR person, that we do not have a deadline for this items that they are providing this as information and to make sure we are working on them. Zdon stated that we could budget to add the picnic tables. Garvey reviewed that Unity has the funding sign, it was just overlooked and the gate entrance width will need to be adjusted as this was built before ADA standards. Zdon gave staff direction to further research the safety factors and requirements for ballfields and a gate idea was mentioned to be added as an option. Witte asked if it had to be in the specific area, which is doesn't have to be in that exact but in the dugout area and in each dugout. Motion by Witte to add 2 ADA picnic tables at Mattson park, second by Thum. Motion carries unanimously.

7. Parks Updates

Garvey reviewed the summer items of the street dance, Celebrate Isanti, the 5k walk/run had a good amount registered but only half showed up the day of. The three street dances were well attended with Good for Gary with the highest attendance. Curious creatures was cancelled for Sept due to low enrollment, and with the next one is scheduled for Oct 8. Unity park project is finished and looks wonderful. Zdon added to the agenda that there are a few holes in the skate park equipment on the south ramp that will need to be fixed and fasteners will need to be adjusted. Garvey added that the switch for the skate park lights will be looked into as they go off at 10pm, but what time do they come on at? Zdon stated he was there at about 8pm, but the

lights were not on. Garvey finished with the Farmers Market ends Sept 13 and the community garden ends Oct 13.

8. Adjournment

Motion by Witte, second by Thum to adjourn the September 24, 2019 meeting of the Parks, Recreation and Culture Board. Motion was approved.

The meeting adjourned at 6:43 PM

Dated at Isanti, Minnesota this 24th day of September, 2019.

Memo for Council Action

To: Mayor Johnson and Members of the City Council
From: Josi Wood, City Administrator
Date: November 5, 2019
Subject: Ordinance Amending Chapter 111 Building Construction, Adopting Article IV, Minnesota State Fire Code

---

Background:
A draft ordinance that would amend City Code Chapter 111, Building Construction, by formally adopting the Minnesota State Fire Code was reviewed at the October 15th Committee of the Whole meeting. The State Fire Code is already in force in Isanti through legislative action, and adoption of this ordinance would be official recognition of that fact. The ordinance also allows for designation of who would serve as the Fire Code Official.

Recommendation:
Committee of the Whole recommends approval as presented.

Request:
Staff is requesting action on this item.

Attachment:
- Ordinance Amending City Code 111: Building Construction

ORDINANCE No._____

AN ORDINANCE AMENDING CITY CODE CHAPTER 111: BUILDING CONSTRUCTION ADOPTING ARTICLE IV, MINNESOTA STATE FIRE CODE

The City Council of the City of Isanti hereby ordains:

ARTICLE IV
Minnesota State Fire Code

§111-13 Minnesota State Fire Code

(A) The Minnesota State Fire Code, as adopted by the Commissioner of Public Safety pursuant to Minn. Statutes Chapter 299F.011, and Minnesota Rules, Chapter 7511, are hereby adopted by reference and incorporated in this section as completely as if set out in full.

(B) Wherever the word "jurisdiction" is used in the Minnesota State Fire Code, it shall be held to mean the City of Isanti. Where the term "corporation counsel" is used in the Minnesota State Fire Code, it shall mean the attorney for the City.

(C) The "fire code official" as referenced in the Minnesota State Fire Code, shall mean the designee as authorized by the City Administrator, or contracted official appointed by resolution of the City Council.

(D) Local board of appeal. The City Council of the City of Isanti shall serve as the board of appeal, pursuant to Minn. Statutes Chapter 299F.011, Subd. 5a.

§111-14 Enforcement, Violations and Penalties

(A) The appointed fire code official shall enforce the provisions of this section. As required, the Police Department shall assist in enforcement of the provisions of this article

(B) A violation of this article is a misdemeanor (Minn. Stat. 299F.011, Subd. 6).

EFFECTIVE DATE:

This ordinance shall take effect upon its adoption and publication in the City's Official Newspaper.

Adopted by the City Council this 5th day of November, 2019.

This ordinance is effective upon publication.

Request for City Council Action

To: Mayor Johnson and Members of City Council
From: Sheila Sellman, Community Development Director
Date: November 5, 2019
Subject: Ordinance Amending City Code Adding Chapter 125, City Name, Seal and Logo

---

Background:
At the October 15, 2019 Committee of the Whole meeting the council directed staff to post the draft ordinance for the city seal and logo. The draft was posted on October 16, 2019.

In 2017 the City adopted a city logo use policy, which requires a logo use agreement for anyone that wants to use the city logo. At that same time the city registered the Parks logo and City of Isanti logo with the Office of the Minnesota Secretary of State; however, at that time the logo without the slogan "A Community for Generations" was not registered. Staff has since applied to register the logo without the slogan and received approval. In an effort to enforce the policy staff suggests adopting an ordinance for enforcement and fines. There is currently a Facebook page that uses the City of Isanti Logo (without the slogan) which misleads the public that this page is a city page. Once the ordinance is in effect, we can pursue legal action to take the logo off that page.

Request:
Staff requests approval of an ordinance amending the City Code adding chapter 125, City Name, Seal and Logo

Attachments:
- Ordinance NO. XXX

ORDINANCE NO._____

AN ORDINANCE AMENDING THE CITY CODE ADDING CHAPTER 125, CITY NAME, SEAL AND LOGO

The City Council of the City of Isanti hereby ordains:

Section 1 – The following shall be added to the code as Chapter 125:

§125-1 Definitions
§125-2 Regulations Governing Use
§125-3 Injunction for unauthorized use
§125-4 Administrative Citations

§125-1 DEFINITIONS

As used in this Chapter, the following shall mean:

CITY NAME. City of Isanti, City of Isanti, MN, or Isanti, MN.

CORPORATE SEAL. Contains the words "City of Isanti Corporate Seal, Isanti County, Minnesota"

LOGO

ORGANIZATION. Intended to and shall mean and include all formal and informal groups, associations, and aggregates of persons, groups and/or associations which are not themselves legal entities, whether singular or plural.

PERSON. Intended to and shall mean and include any and all persons, whether natural or corporate, and all other entities and organizations, whether singular or plural.

PROPERTY. Means all real property as well as all tangible and intangible personal property.

§ 125-2 REGULATIONS GOVERNING USE

It shall be unlawful for any person to use the name, logos, or official seal of the City of Isanti whether directly or indirectly, expressly or by implication, in a way that creates the perception that the city, and/or its departments, agencies or programs, are involved in, or supports or endorses in any way, a person or organization in any pursuit, activity, viewpoint or thing of any kind whatsoever, including but not limited to causes or events.

A. License for use. Nothing in this article shall restrict the City Administrator from entering into a licensing agreement with any person or organization for the use of the city's name, logos or official seal for any purpose and without monetary consideration, provided such licensing agreement is in writing and signed by the City Administrator. However, the City Administrator, may from time to time be authorized by resolution of the City Council to enter into licensing agreements with revenue generating potential on behalf of the City for the use of the City's name, logos or official seal.

§125.3 INJUNCTION FOR UNAUTHORIZED USE

In the event that a person uses the city's name, logo or official seal without the city's consent, the city shall have the right to an injunction to prevent present and future use as well as damages for the unauthorized use of the city's name, logo or official seal.

§125.04 PENALTIES

Violations of any section of this chapter is punishable as a misdemeanor and upon conviction shall be punished by a fine of not to exceed $1,000 or imprisonment for a period not to exceed 90 days, or both, plus the costs of prosecution in either case.

Section 2 – Effective Date

This ordinance shall take effect upon its adoption and publication in the City's Official Newspaper.

MEMORANDUM

Date: October 24, 2019

To: Honorable Mayor Johnson and Members of the City Council
City of Isanti

From: Jason W Cook, P.E.
City Engineer

Subject: Engineering Proposal to create a Preliminary Engineering Report for the 6th Avenue SW Rehabilitation project
City of Isanti, MN

Bolton & Menk, Inc. is pleased to present this proposal for professional engineering services for the preliminary engineering evaluation and preparation of a Preliminary Engineering Report for the 6th Avenue SW Rehabilitation Project.

The proposed project would rehabilitate 6th Avenue SW from South Brookview Lane SW to 200 feet south of Dogwood Street SW. This street segment is in poor condition and in need of surface rehabilitation. The 2019-2028 Capital Improvement Plan, adopted by the City, has this street segment scheduled for rehabilitation in 2020.

This road segment is a designated as a State Aid Route and the project is proposed to be funded through the Municipal State Aid program.

Our scope of work will include the following:

- Survey the existing conditions
- Determine right-of-way limits
- Evaluate the type of rehabilitation needed
- Evaluate the condition of the existing City utilities
- Evaluate the feasibility of extending sidewalk along the west side of the roadway
- Create an Engineer's Estimate including testing and construction administration
- Prepare a Preliminary Engineering Report discussing our findings
- Create figures to supplement the report
- Provide a recommendation as to the feasibility of the project

We propose to complete the described scope of work for an hourly, not to exceed, fee of $11,900.

Thank you for the opportunity to present this proposal. Please contact me at (763) 200-2444 if you have any questions or need additional information.

Bolton & Menk is an equal opportunity employer.

RESOLUTION 2019-XXX

APPROVING PROPOSAL FOR PRELIMINARY ENGINEERING REPORT FOR STREET IMPROVEMENTS

WHEREAS, it is proposed to improve 6th Avenue SW from South Brookview Lane SW to 200 feet south of Dogwood Street SW; and,

WHEREAS, this street segment is in poor condition and in need of surface rehabilitation; and,

WHEREAS, the 2019-2028 Capital Improvement Plan, adopted by the City, has this street segment scheduled for rehabilitation in 2020; and,

WHEREAS, this road segment is a designated as a State Aid Route and the project is proposed to be funded through the Municipal State Aid program; and,

WHEREAS, Bolton & Menk, Inc. has submitted a fee proposal to complete the Preliminary Engineering Report for an hourly, not to exceed, fee of $11,900.

NOW, THEREFORE, IT IS HEREBY RESOLVED by the City Council of the City of Isanti, Minnesota as follows:

1. Bolton & Menk, Inc., as the City Engineer, is hereby designated as the engineer for this improvement and shall prepare a Preliminary Engineering Report as outlined in the fee proposal memo for an hourly, not to exceed, fee of $11,900.

This resolution was duly adopted by the Isanti City Council this 5th day of November 2019.

CITY OF ISANTI
ISANTI COUNTY, MINNESOTA
DEVELOPMENT AGREEMENT
LEGACY PINES 2nd ADDITION
(Phase 2)

THIS AGREEMENT (the "Agreement"), is made and entered into this ____ day of _____, 2019, between the **CITY OF ISANTI,** a Minnesota municipality organized under the laws of the State of Minnesota (hereinafter referred to as "City") and **Odyssey Homes, Inc.**, a Minnesota corporation (hereinafter referred to as "Developer").

RECITALS:

WHEREAS, the City Council of the City has, by Resolution No. 2018-215, on September 18, 2018 approved a revised Preliminary Plat, known as "Legacy Pines ("The Preliminary Plat"). As to the real property covered by the Preliminary Plat, this Development Agreement is in conformance with the Master Development Agreement, Villages on the Rum Third Addition, 2nd Replat, dated August 17, 2010, as filed with the County Recorder of Isanti County, Minnesota, as Document No. 410672 (the "Existing Agreement"). In cases where there is variance between the two Development Agreements, the terms of this agreement supersede the Existing Agreement; and

WHEREAS, the Final Plat of Legacy Pines 2nd Addition, which is the second phase of this development, contemplates development of real property into 33 residential housing units ("Lots"); and

WHEREAS, the Final Plat of Legacy Pines 2nd Addition included Outlot A of approximately 45 acres, said outlot is contemplated for future residential development phases of Legacy Pines, and Developer has agreed to and will provide such temporary easements for street, utility, drainage, cul-de-sac purposes upon, over and across said Outlot A containing such provisions as the City may request and require in order to access and service adjacent properties, in a form to be approved by the City; and

WHEREAS, it is the policy of the City to enter into development contracts as contemplated in Minnesota Statutes 462.358, Subd. 2(a); and

WHEREAS, the City and Developer desire to set forth their respective rights and obligations in this Agreement.

NOW, THEREFORE, in consideration of the Recitals, the premises and of the mutual promises and conditions contained herein, it is agreed by the City and the Developer as follows:

1. Development Agreement Provisions. Subject to such changes as may be agreed between the City and the Developer(s), the Preliminary Plat and all subsequent Final Plats to follow shall include the following provisions:

2. Escrow for City Costs and Fees. Developer shall, contemporaneously with execution of each Development Agreement, deposit with the City an escrow of $5,000.00 to cover the cost of legal fees, engineering fees, administrative expenses and other costs related to the Development. A separate escrow will be established with the Developer for each Final Plat. All fees and costs incurred by the City in connection with each Final Plat of the Development shall be charged against said escrow account which shall remain in effect until the completion of the Development Phase. Any funds remaining in the escrow account(s) after the completion of the applicable Final Plat shall be refunded to the Developer. During the final plat process, in the event that the escrow account is depleted, the Developer shall post additional sums of money to replenish the account to a

maximum of $5,000.00 to cover projected City costs as determined by the City. The escrow account shall always have a balance of no less than $1,000.00. The Developer shall be entitled, upon request, to an itemized statement of all costs and fees charged against the Developer's escrow account.

3. Road Dedication. Each Final Plat (each a "Plat" or a "Final Plat") shall dedicate to the City for roadway and utility purposes all land within the Development located within thirty (30) feet from the centerlines of the following roads in accordance with the Final Plat:

a. Bellaire Boulevard NW

c. Bluebird Way NW

4. Developer Installed Municipal Improvements. The Developer shall construct the following described municipal improvements for the Development, which are hereinafter collectively called "Developer Installed Municipal Improvements." The Developer Installed Municipal Improvements shall be constructed at the Developer's expense and in accordance with City requirements and specifications. The Developer shall engage at its own expense a registered professional civil engineer to prepare plans and specifications for the Developer Installed Municipal Improvements. These plans shall be submitted to the City for review and be approved by the City Engineer. The Developer agrees to City inspection of all Developer Installed Municipal Improvements and payment for said inspection services.

a. The Developer shall construct and/or be responsible for the installation of sanitary sewer, water mains, storm sewer systems, and bituminous streets, with concrete curb and gutter, street lights, sidewalks and trails.

b. The Developer shall construct and/or be responsible for the installation of a parking lot, built to City standards, on Legacy Park property that shall become the property of the City upon City acceptance.

c. The Developer shall provide adequate off-street parking on all lots abutting on cul-de-sacs, or termination turnarounds, so that the City can prohibit on-street parking if necessary, for safety and maintenance purposes.

d. Where grading is required, soils inspection and compaction testing shall be conducted by a registered professional engineer on all areas where soil has been disturbed. All grading shall be done in accordance with a Grading Plan approved by the City Engineer. A minimum of one (1) compaction test shall be obtained for every two (2) foot increment of fill that is placed. A summary of all inspections and compaction tests shall be provided to the City upon completion of the grading. The Developer shall provide a 79G, final compaction report for each lot that has more than two (2) feet of fill. It is recognized that the property may have been rough graded prior to the date of the Development Agreement.

e. All utilities, including electricity, telephone, cable and natural gas, shall be installed underground where possible within platted utility easements or roadway rights-of-way.

5. Erosion Control. Soil stabilization shall be employed throughout each Plat as required to ensure the integrity of the soils. The Developer shall use topsoil, mulching, seeding, silt fence, and other such means as are approved by the City to prevent erosion of the soils. An erosion control plan shall be submitted by the Developer and approved by the City Engineer before a grading permit is issued for the Development. Before any grading is started on site, all erosion control measures, as shown on the erosion control plan approved by the City, shall be installed. The Developer shall be responsible for compliance with the approved erosion control plan. The Developer will be given a telephone notice when an unsatisfactory condition exists that is determined to be the Developer's responsibility. Work to correct said unsatisfactory condition shall commence within forty-eight (48) hours from the time of the telephone notice. If said work is not commenced within forty-eight (48) hours of said telephone notice, the City is hereby given the right to enter upon the property and to proceed to do the required work at the expense of the Developer. If it is determined that the unsatisfactory condition could result in degradation of downstream water quality, the Developer shall, upon telephone notice, immediately proceed to correct said unsatisfactory condition. If the Developer does not immediately respond to said unsatisfactory condition, the City is hereby given the right to enter upon the property and correct said condition at the expense

of the Developer. The City shall be entitled to all of its reasonable costs and expenses associated with correction work done under this paragraph, including, but not limited to legal, fiscal and engineering costs. The City may at its option invoice the said costs for direct payment from the Developer or proceed to draw on the Developer's escrow established under paragraph 7 or the financial guarantee provided under paragraph 19. The erosion control plan shall be in accordance with the Minnesota Pollution Control Agency's NPDES Phase II requirements.

6. Street Cleaning: The Developer shall contract with a street cleaning firm to provide street cleaning services within and immediately adjacent to the Development. A copy of said contract shall be submitted to and approved by the City, in its discretion, prior to the issuance of a grading permit. This contract shall be submitted to and approved by the City prior to the issuance of a grading permit. This contract shall name the City as an authorized agent to order street cleaning services, as the City deems necessary. The Developer shall pay for the cost of the street cleaning under the contract. During development of the Plat, the Developer shall keep the streets adjoining its Development free of dirt and debris caused by its Development. In the event dirt and/or debris has accumulated on streets within or adjacent to the Development, the City is hereby authorized to immediately commence street cleaning operations if the streets are not cleaned by the Developer by 3:30 p.m. the day after the day of the violation. If conditions are such that street cleaning operations are immediately necessary, the City may perform the necessary street cleaning. The City will then bill the Developer for all associated street cleaning costs. Failure to reimburse the City for street cleaning costs within ten (10) days of such billing will result in the City drawing funds from the Developer's escrow established under paragraph 2 or the financial guarantee provided under paragraph 14.

7. Stormwater: The Developer shall construct storm sewer, swales, and/or such other storm water drainage devices as shall be necessary to control drainage within the Plat. A storm water drainage plan must be submitted to the City and approved by the City and the City's Engineer before any work is done within the Plat. Storm water systems shall be

designed based on 100-year high water levels. No storm water retention or pond areas shall be constructed on residential lots. Drainage easements shall be given so as to cover storm water conveyance needs. The Developer shall construct any required drainage and retention ponds in Outlot areas and shall convey title to the Outlots upon which the ponds are constructed to the City. Said conveyance shall be free and clear of any taxes due and, if recorded after the county cut off period for converting property to tax exempt status, the Developer shall be responsible for all taxes the following year. The Developer shall maintain all drainage area easements on each Lot and no improvements, landscaping or grading shall be permitted in drainage area easements which would interfere with drainage.

8. Sidewalks/Trails: The Developer shall build all required sidewalks and trails located within the Development according to the approved plans associated with the Development.

9. Street Lights: Street lights shall be installed within the Plat according to a lighting plan, which will first be approved by the City Engineer. The Developer shall also submit a street lighting plan to Connexus Energy for its review, comment and approval. The installation of the street lights shall be coordinated with Connexus Energy so that the street light system is installed, constructed and operated in such a manner as will harmoniously exist with other street lights within the area. Lights shall be placed on Bellaire Boulevard NW, and Bluebird Way NW. Street lights must be installed prior to acceptance of the municipal improvements and the beginning of the warranty period.

10. Street Repair: It is anticipated that heavy construction equipment will be using City and County roads to access each Plat, including, but not limited to, Isanti Parkway NW, Bellaire Boulevard NW, Whiskey Road NW, Moline Loop NW and 3rd Avenue NW. The Developer shall be responsible for the reconstruction and/or repair of said street(s) identified as damaged by the City of Isanti following completion of construction within the Plat. Said reconstruction shall return the street(s) to an equal or better condition than existed prior to commencement of the Development. Plans for such work shall be

approved by the City Engineer prior to commencement of reconstruction or repair work. The Developer shall instruct all construction crews to ensure that the properties adjacent to this Plat have access to their property at all times during construction.

11. Schedule: All work for the Developer Installed Municipal Improvements, including street, sanitary sewer, storm sewer, and municipal water, shall be done subject to the approval of the City in accordance with City standards and requirements. All Developer Installed Municipal Improvements shall be fully completed to the reasonable satisfaction and approval of the City by the target date, which will be set for each Final Plat of the Development, subject to unavoidable delays. For the purposes of each Development Agreement, "unavoidable delays" means delays which are the direct result of acts of God, unforeseen adverse weather conditions, strikes, other labor troubles, fires or other casualty to the Developer Installed Municipal Improvements, litigation commenced by third parties which by injunction or other similar judicial action that directly results in delays, or acts of any Federal, State or local government unit that results in delays, or any unforeseen circumstances beyond the Developer's reasonable control.

12. Notice to Proceed: The Developer agrees not to commence any grading, utility or street work within the Development until first receiving a written "Notice to Proceed" from the City Engineer.

13. Warranty of Improvements: The Developer represents and warrants that all of the Developer Installed Municipal Improvements made shall be guaranteed to be properly functioning as designed for a period of two (2) years following acceptance by the City of the Developer Installed Municipal Improvements ("Warranty Period"). In the case of any material or labor that is supplied and that is reasonably rejected by the City as defective or unsuitable, then the rejected materials shall be removed and replaced with approved material, and the rejected labor shall be done anew to the reasonable satisfaction and approval of the City at the sole cost and expense of the Developer. In any event, none of the Warranty Periods identified herein shall begin to run until all of the Developer Installed Municipal Improvements have been approved and accepted by the City. If the

Developer does not proceed to correct or repair improvements under this section once notified by the City, it shall be considered an Event of Default under the Development Agreement. The Developer shall post a warranty bond to guarantee completion of warranty items.

14. Financial Guarantee: The Developer shall provide a financial guarantee to the City, in the form of a cash escrow, or irrevocable letter of credit in the amount equal to one hundred twenty five percent (125%) of the estimated amount of the required Developer Installed Improvements to be completed in the Phase(s) of the Development. The form of such financial guarantee shall be at the option of the Developer subject to the City's approval of the documentation evidencing the guarantee. Any letter of credit shall be from a FDIC insured financial institution approved by the City. The City's Engineer shall calculate the estimated cost of completion of the Developer Installed Improvements for each Phase of the Development. One hundred twenty five percent of that amount will be required as a financial guarantee. Except as hereinafter provided, the City shall have the right to retain the financial guarantee until the Developer Installed Improvements have been completed to the satisfaction of the City. The Developer has a right to request reduction of the escrow, or letter of credit amount as work on the Developer Installed Improvements progresses. Specifically, the Developer shall send a written request to the City's Engineer for a specific reduction in the amount of the escrow, or letter of credit. The City Engineer shall review that request and make a recommendation to the City as to whether or not the escrow, or letter of credit should be reduced and if so, to what amount. The City shall then decide whether or not to reduce the escrow, or letter of credit. The City, however, will not reduce the escrow, or letter of credit, below 20% of the estimated cost of the Developer Installed Improvements until after submittal of record plan documents as required by paragraph 25, or below ten percent (10%) of the total construction cost of the Developer Installed Improvements until two (2) years following acceptance of the Developer Installed Improvements. At that point, the escrow, or letter of credit shall be released or refunded, as the case may be, assuming no warranty work remains to be done.

15. Signs, Signals, & Markings. All costs associated with said markings, signs and signals are to be borne by the Developer. Placement of signage, whether on a temporary basis for construction, or on a permanent basis as part of the Development, shall be as directed by the City Engineer.

16. Lowest Floor Elevations. No building shall be constructed on any of the Lots herein unless the lowest floor elevation is at least two (2) feet above the 100-year flood elevation or two (2) feet above the high groundwater elevation, whichever is greater, for the subject property. Additionally, the lowest floor elevation shall be specifically referenced and designated, for each Lot, on a certificate of survey, which survey shall be provided to the City before any building permits are issued.

17. Park Fee. The City has a policy to build up a capital account for future park acquisition and development by means of a park dedication fee. For each Final Plat of the Developer agrees to pay a park dedication fee based on the number of residential units. Park Fees for Final Plats approved shall be as per the City Fee Schedule. Fees to be paid before the City signs the Final Plat and are reflected on exhibit B.

18. Signal Light Fee: For each Phase of the Development, the Developer shall contribute a signal light fee based on the number of residential units (Lots). Signal Light fees for Final Plats approved after that date shall be as per the City Fee Schedule. Fees to be paid before the City signs the Final Plat and are reflected on Exhibit B.

19. Trunk Utility Charge: For each Phase of the Development, the Developer shall pay a utility trunk charge based on the number of residential units (Lots) as per the City Fee Schedule. Trunk Utility fees for Final Plats approved after that date shall be as per the City Fee Schedule. Fees to be paid before the City signs the Final Plat and are reflected on Exhibit B.

20. Agency Approval. The Developer agrees to submit the utility plans, or any portions thereof, to all appropriate federal, state, county or local governing agencies or bodies for their written approval.

21. Plat Conditions. All general and special conditions, plans, special provisions, proposals, specifications and contracts for the Plat shall be and hereby are made apart of this Agreement by reference as if fully set out herein in full.

22. Miscellaneous Provisions. The Developer specifically understands that approval for Legacy Pines Second Addition, (Phase 2) is given subject to the following requirements:

a. The Final Plat must be submitted by the Developer to the City for signatures (and the Mylar "hard shells" must be fully executed) within one hundred twenty (120) days of the Council motion giving Final Plat approval or else said approval shall be null and void. The Developer will pay for all costs pertaining to Plat recording and submit to the County for recording. The Developer shall also submit the Final Plat and "as constructed street and utility plans" in electronic format. The electronic format shall be the most current version of AUTOCAD in NAD 83 Isanti County Coordinates for mapping purposes.

b. All applicable conditions of Plat approval must be met before any deeds are stamped for recording and prior to the recording of the Final Plat at the Isanti County Recorder's Office.

c. No building or other permits shall be issued, until the Final Plat has been recorded with the Isanti County Recorder; all street signs have been erected by the Developer (as determined by the City); and curb, gutter and the bituminous base course has been placed. This provision specifically requires that the surface water drainage system must be completed and functioning to the satisfaction of the City.

d. Each Single-Family structure in future Phases shall meet the square footage requirements for the home and garage, and setback requirements per the Planned Unit Development and all applicable City Code and Ordinance requirements. And the following setbacks shall apply:

Front yard setback: Thirty (30) feet; however, when adjoining principal buildings existing at the time of construction on a vacant lot, the required front yard setback for the new structure shall not be greater than the average front yard setbacks of the building on either side of the vacant lot.

Side yard setback:	Ten (10) feet
Street side yard setback:	Twenty (20) feet
Rear yard setback:	Thirty (30) feet

e. The Developer shall pay all fees relating to this subdivision, including the cost of recording documents relating to Developer's responsibilities hereunder with Isanti County.

f. Exterior lighting or advertising activities on the site shall comply with City ordinance regarding same.

g. Drainage and erosion control methods for this development shall be completed prior to the City accepting the roadway or the Developer Installed Municipal Improvements. All work shall be inspected by the City to ensure that it complies with City standards. The Developer is responsible for complying with the provisions of the MPCA's NPDES Stormwater Permit. Where the MPCA and City requirements differ, the more stringent or restrictive requirement shall govern.

h. The Developer shall permit access to the land herein for periodic inspection to assure conformance with the conditions herein.

i. The Developer shall remove all temporary soil stabilization and erosion control devices, such as silt fencing, before the escrow held by the City is returned to the Developer.

j. No material deviations from the approved Final Plat and or construction plans shall be allowed unless approved in writing by the City.

k. The Developer shall dedicate either street and utility easements or City street and utility right-of-way for the extension of Bellaire Blvd NW to Whiskey Rd NW, and install a water main at Developer's cost.

l. The Developer shall dedicate temporary cul-de-sac easements and install a temporary bituminous cul-de-sac at the end of Phase 2 paved roads, built to City standards.

m. The Developer shall provide the City with legal descriptions of all parcels of land that are to be subdivided as a part of this project.

n. A certificate of survey shall be provided by the builder to the Building Inspector for each Lot at the time a building permit is requested for that Lot. The Developer shall also provide to the City a certificate indicating that all Lots in the Development are graded as per the grading plan submitted.

o. The Developer shall provide on-site a sufficient number of portable outhouses to be available for the persons who will be working on-site.

p. During the installation of the Developer Installed Municipal Improvements, Developer shall remove all tree waste; junk, miscellaneous debris, junk vehicles, and any other personal property from land still owned by Developer pursuant to the City Code and shall seal wells as directed by the State of Minnesota.

q. Deed restriction shall advise owners of all lots of the requirements of this Development Agreement as follows: THE LAND WITHIN THIS PLAT, INCLUDING THE LAND CONVEYED HEREIN, IS BOUND BY RESTRICTIONS IN A DEVELOPMENT AGREEMENT. SAID DEVELOPMENT AGREEMENT IS ON FILE AT THE OFFICE OF THE ISANTI COUNTY RECORDER FILED AS DOCUMENT NO. _____.

s. The Developer is responsible for the installation of mailboxes according to the United Stated Postal Service regulations. The Developer shall work with the local Postmaster to identify mailbox locations. The mailboxes must be installed before a Certificate of Occupancy is issued.

23. Special Provisions. The following shall apply:

a. Tree Preservation Plan – A Tree Preservation Plan shall be prepared by the Developer and approved by the City for portions of the Development that have significant or specimen tree stands. Such plan shall show the location of homes and grading of those Lots, so as to protect as many of these trees as possible.

b. Planned Unit Development – The Development is approved by the City as a Planned Unit Development, in which the conditions of such approval, authorized in City Council Resolution 2010-111, shall apply.

c. The Developer agrees to pay liquidated damages to the City if any Lot, upon which a home has been built, has a real estate closing to an individual intending to use such home as a residence before a certificate of occupancy has been issued for that Lot and/or before all Developer Installed Municipal Improvements within the Plat are certified as being substantially completed by the City. Specifically, the Developer agrees to immediately pay to the City liquidated damages in the amount of one thousand dollars ($1000.00) for each such closing which occurs in violation of this paragraph. The City shall be authorized to retain an appropriate percentage of the financial guarantee referred to in paragraph 19 as security for payment of any liquidated damages owed to the City. The City reserves the right to not issue a Certificate of Occupancy in addition to liquidated damages until all Developer Installed Municipal Improvements are certified as being substantially complete.

d. The Developer agrees to pay liquidated damages to the City, in the amount of five hundred dollars ($500.00), if the Developer encroaches upon any City road right-of-way or utility easement without first obtaining a written permit from the City expressly authorizing said encroachment. The City shall be authorized to retain an appropriate percentage of the financial guarantee referred to above as security for payment of any liquidated damages owed to the City.

e. Sodding and Seeding Requirements. All boulevards, public areas, and storm water drainage areas shall be initially seeded and stabilized at completion of mass grading operation by the developer. Prior to issuance of a certificate of occupancy of a single-family residence, it shall be the responsibility of the builder or home owner to install sodding in all lot front yards, side yards, and back yards per City Zoning Ordinance. Said sodding shall be complete, established and growing within sixty (60) days of issuance of a Certificate of Occupancy, except that, if the Certificate of Occupancy is issued between the dates of October 1 and May 1, then the sodding required herein shall be complete, established and growing no

later than July 1 of the following year with the appropriate escrow established for the lot.

(1) All Lots shall receive four (4) inches of premium top soil (as defined by MNDOT, from a source approved by the City Engineer) prior to sodding, in accordance with City Ordinance 445, Zoning Ordinance.

(2) All seeded areas in the development shall be tilled to loosen compacted soils and receive 4 inches of topsoil. MNDOT #25 seed mix shall be used for all constructed storm water ponds and replacement areas.

24. Record Information Requirements. Following completion of all development activities, the Developer shall provide to the City "as-built" plans for all Developer Installed Municipal Improvements and land within the Plat. This information shall be provided to the City by two (2) printed copies, one (1) mylar "hardshell" and one (1) in an electronic GIS file format acceptable to the City Engineer. Such record drawings shall be submitted by the Developer and approved by the City Engineer, prior to the City accepting the Developer Installed Municipal Improvements and starting the warranty period. As-built information shall include:

a. Topography in two-foot contour intervals.

b. Water System facility information, including:

(1) Location, size and depth of all mains;

(2) Location and type of all valves; and,

(3) Location of all hydrants.

c. Sanitary sewer facilities information, including:

(1) Location, size and depth of all mains;

(2) Location and invert elevations of all manholes; and,

(3) Location, size and depth of all lift stations.

d. Storm sewer facilities information, including:

(1) Location, size and depth of all storm sewers;

(2) Location and invert elevations of all manholes; and,

(3) Location, type and outflow elevations of all storm water control structures.

e. Flood plain boundaries.

f. Ordinary high-water elevation for all water bodies.

g. Location of all easements and restrictive covenants.

h. Location of all road rights-of-way.

i. Location of all streets, sidewalks and trails.

j. Location and description of all surveying monuments.

k. The Developer shall also provide such other information regarding the Plat as is reasonably requested by the City.

25. Warranty of Title. The Developer warrants and represents to the City that it is the fee owner of the land described in the Plat and that it has authority to execute the Development Agreement and agree to the conditions hereof. The Developer also represents and warrants that the use for which this Development is sought will not violate any restrictive covenants applying to the property.

26. Lien Waivers – Copies of signed and recorded lien waivers are required from each of the Developer's Contractors and Subcontractors. The Lien Waivers shall be submitted to and approved by the City Engineer prior to accepting the Developer Installed Municipal Improvements and starting the warranty period.

27. Binding Effect. This Agreement shall be deemed to be a restrictive covenant and the terms and conditions hereof shall run with the land described herein and be binding on and inure to the benefit of the heirs, representatives and assigns of the parties hereto, and shall be binding upon all future owners of all or any part of the subdivision, and shall be deemed covenants running with the land. Reference herein to the Developers, if there be more than one, shall mean each and all of them. This Agreement shall be placed of record so as to give notice hereof to subsequent purchasers and successor owners. The cost of said recording shall be borne by the Owner.

28. Restrictions on Transfer/Indemnification.

a. Indemnification. The Developer agrees to defend and hold the City, and its officials, employees and agents, harmless against any and all claims, demands,

lawsuits, judgments, damages, penalties, costs and expenses, including reasonable attorney's fees, arising out of actions or omissions by the Developer, its employees and agents, in connection with the Development.

b. Enforcement by City; Damages. The Developer acknowledges the right of the City to enforce the terms of the Development Agreement against the Developer, by action for specific performance or damages, or both, or by any other legally authorized means. The Developer also acknowledges that its failure to perform any or all of its obligations under the Development Agreement may result in substantial damages to the City; that in the event of default by the Developer, the City may commence legal action to recover all damages, losses and expenses sustained by the City; and that such expenses may include, but are not limited to, the reasonable fees of legal counsel employed with respect to the enforcement of the Development Agreement.

29. Hold Harmless Agreement. The Developer acknowledges that its failure to control erosion in accordance with the plans and exhibits as contained herein may cause flooding and/or damage to adjoining property owners. In such event, the Developer agrees to hold the City harmless and indemnify the City from claims of all third parties or the Developer for damages arising out of such flooding and/or damages.

Further, in the event the City undertakes any corrective actions to prevent or minimize any such flooding and/or damage, the Developer agrees to hold the City harmless and indemnify the City from claims of all third parties for damages arising out of said corrective action by the City, and agrees to reimburse the City for all out of pocket expenses incurred by the City arising out of the corrective action including, but not limited to, any cost necessary to re-landscape disrupted soils located within the Development.

30. Insurance. The Developer will provide and maintain or cause to be maintained at all times during the process of construction of the Developer Installed Municipal Improvements until six (6) months after acceptance of all Developer Installed Municipal

Improvements and, from time to time at the request of the City, furnish with proof of payment of premiums on:

a. Comprehensive general liability insurance (including operations, contingent liability, operations of subcontractors, completed operations and contractual liability insurance) together with an Owner's Contractor's Policy with limits against bodily injury, including death, and property damage (to include, but not be limited to damages caused by erosion or flooding) which may arise out of the Developer's work or work of any of its subcontractors. Limits for bodily injury or death shall not be less than $500,000.00 for one person and $1,000,000.00 for each occurrence; limits for property damage shall not be less than $200,000.00 for each occurrence. The City, City Engineer, and Developer's Engineer shall be additional named insureds on said policy. The Developer shall file a copy of the insurance coverage with the City.

b. Worker's compensation insurance as required by statute.

31. Events of Default.

a. Events of Default Defined. The following shall be "Events of Default" under the Development Agreement and the term "Event of Default" shall mean, whenever it is used in the Development Agreement, any one or more of the following events:

(1) Subject to unavoidable delays, failure by the Developer to commence and complete construction of the Developer Installed Municipal Improvements pursuant to the terms, conditions and limitations of the Development Agreement. For purposes of this Agreement, "unavoidable delays" means delays which are the direct result of acts of God, unforeseen adverse weather conditions, strikes, other labor troubles, fire or other casualty to the Municipal Improvements, litigation commenced by third parties which, by injunction or other similar judicial action, directly results in delays, or acts of any federal, state or local governmental unit, and which directly results in delays

(2) Failure by the Developer to observe or perform any covenant, condition, obligation or agreement on its part to be observed or performed under the Development Agreement.

b. Remedies on Default. Whenever any Event of Default occurs, the City may take any one or more of the following:

(1) The City may suspend its performance under the Development Agreement until it receives assurances from the Developer, deemed adequate by the City, that the Developer will cure its default and continue its performance under the Development Agreement. Suspension of performance includes the right of the City to withhold permits including, but not limited to, building permits.

(2) The City may initiate such action, including legal, equitable or administrative action, as is necessary for the City to secure performance of any provision of the Development Agreement or recover any amounts due under the Development Agreement from the Developer, or immediately draw on the financial guarantees provided by the Developer pursuant to the Development Agreement.

(3) The City may draw upon any escrow or financial guarantee established pursuant to this Agreement.

(4) The Developer agrees that if the escrow or financial guarantee is insufficient or terminates, the City has the right to use the special assessment process under Minnesota Statute, Chapter 429, to construct and pay for uncompleted Developer Installed Municipal Improvements or to correct and repair any improvements under warranty. This constitutes a petition to under take such public improvements under Minnesota Statutes, Chapter 429.

32. Notice and Demands. Except as otherwise expressly provided in the Development Agreement, a notice, demand or other communication under this Agreement by either party to the other shall be sufficiently given or delivered if it is dispatched by registered

or certified mail, postage prepaid, return receipt requested, or delivered personally; to the addresses as follows:

a. Developer

Odyssey Homes, Inc.
15363 Radium St. NW
Ramsey, MN 55303

b. City

City of Isanti
City Administrator
P.O. Box 428
Isanti, MN 55040

Either party may designate an additional or another address upon giving notice to the other party pursuant to this paragraph.

33. Disclaimer of Relationship. Nothing contained in this Agreement or any Development Agreement nor any act by the City or the Developer shall be deemed or construed by any person to create any relationship of a third-party beneficiary, principal and agent, limited or general partner, or joint venture among the City, the Developer, and/or any third party.

34. Receipt Acknowledgment. The City shall acknowledge receipt of the funds received at the time the Development Agreement is signed.

35. Other Provisions

a. Modifications. The Development Agreement may be modified solely through written amendments hereto executed by the Developer and the City.

b. Counterparts. The Development Agreement may be executed in any number of counterparts, each one of which shall constitute one and the same instrument.

c. Judicial Interpretation. Should any provision of the Development Agreement require judicial interpretation, the court interpreting or construing the same shall not apply a presumption that the terms hereof shall be more strictly construed against one party by reason of the rule of construction that a document is to be construed more strictly against the party who itself of through its agent or attorney prepared the same, it being agreed that the agents and attorneys of both parties have participated in the preparation thereof.

d. Governing Law. The Development Agreement shall be construed under the laws of the State of Minnesota.

e. Severable Provisions. If any word, phrase, clause or part of this Agreement is found unenforceable, the balance of the Agreement shall remain in full force and effect.

The Remainder of this page is left intentionally blank.

IN WITNESS WHEREOF, the City and Developer have caused this Agreement to be duly executed on the day and year first above written.

RESOLUTION 2019-204

A RESOLUTION APPROVING THE FINAL PLAT AND SITE PLAN FOR LEGACY PINES 2nd ADDITION

WHEREAS, Everpine Land Holdings LLC, has applied for Final Plat and Site Plan approval for Legacy Pines 2nd Addition, a 33-lot residential subdivision for the property legally described as Outlot A, Legacy Park Addition, Isanti County, Isanti, Minnesota; and,

WHEREAS, the City of Isanti Planning Commission held a public hearing on the proposed final plat and site plan of Legacy Pines 2nd Addition during the regular Planning Commission meeting held on July 16, 2019; and,

WHEREAS, the City of Isanti City Council has approved the Preliminary Plat of Legacy Pines through Resolution No. 2018-215 with conditions; and,

WHEREAS, conditions of the Preliminary Plat Resolution for Legacy Pines have been addressed by the developer; and,

WHEREAS, the City of Isanti Planning Commission has recommended approval of the Final Plat and Site Plan of Legacy Pines 2nd Addition based upon the Findings of Fact and Conclusion as presented; and,

WHEREAS, the City of Isanti City Council reviewed the Final Plat during the regularly scheduled meeting on August 7, 2019

NOW, THEREFORE, IT IS HEREBY RESOLVED, by the City Council of the City of Isanti, Minnesota, that it adopts the Findings of Fact and Conclusion related to the requested Final Plat and Site Plan of Legacy Pines 2nd Addition and **BE IT FURTHER RESOLVED** that the requested Final Plat and Site Plan of Legacy Pines 2nd Addition be approved with the following conditions:

1. The developer must enter into a Development Agreement with the City of Isanti, which will outline the general terms for the remainder of the development. Subsequent developments will require additional Development Agreements as the property is built out. Development fees will be charged to the developer at the time of each development agreement and based upon the City Fee Schedule.

2. The developer shall be responsible for any and all permits and approvals that may be necessary from other applicable governmental agencies. These permits and approvals shall be submitted to the City of Isanti and/or other governmental jurisdictions that may require said permits prior to development.

3. Any and all costs associated with the recording and processing of each subsequent Final Plat for additional phases shall be assumed by the developer.

4. The home sizes shall be consistent with Resolution No. 2010-111, amending the original PUD.

5. The setback requirements are as follows:

   Front yard setback: Thirty (30) feet; however, when adjoining principal buildings existing at the time of construction on a vacant lot, the required front yard setback for the new structure shall not be greater than the average front yard setbacks of the building on either side of the

vacant lot.

Side yard setback:	Ten (10) feet
Street side yard setback:	Twenty (20) feet
Rear yard setback:	Thirty (30) feet

6. A tree preservation plan shall be prepared by the developer and submitted to the City of Isanti for those portions of the development site that have significant tree stands. Such plans shall show the locations of homes and grading for these lots, so as to protect as many of these trees as possible. Trees shall be planted on each lot according to Section 15 of the City Zoning Ordinance.

7. Dedication, if required, of utility and access easements are granted to the City of Isanti.

8. The developer, at their cost must install sidewalks consistent with City Codes and Ordinances.

9. Access to Legacy Park shall be maintained during construction and the parking lot shall be developed by the developer.

10. Address items/conditions identified in the Memorandum from City Engineer Jason Cook dated June 26, 2019 to CD Director Sheila Sellman.

Adopted by the City of Isanti City Council on this 7th day of August, 2019.

Mayor Jeff Johnson

RESOLUTION NO. 2010-111

A RESOLUTION APPROVING THE PRELIMINARY PLAT AMENDING THE PLANNED UNIT DEVELOPMENT KNOWN AS VILLAGES ON THE RUM 3RD ADDITION

WHEREAS, Premier Bank ("Developer") has requested approval for a Preliminary Plat amending the Planned Unit Development known as Villages on the Rum 3rd Addition; and,

WHEREAS, such area is legally described as Parcel 1, Outlot A, Villages on the Rum Third Addition Replat, Isanti County, Minnesota; Parcel 2, Outlot B, Villages on the Rum Third Addition, Isanti County, Minnesota; and Parcel 3, the East 1090 feet of the North ½ of South ½ of NW ¼ of SE ¼ of Section 19, Township 35, Range 23, subject to existing road along the East boundary line thereof, Isanti County, Minnesota; and,

WHEREAS, following publication, posted and mailed notice thereof, a Public Hearing was held on May 11th, 2010, by the Isanti Planning Commission; and,

WHEREAS, the Isanti Planning Commission recommended to the City Council that the Preliminary Plat amending the Planned Unit Development be approved with conditions as presented by City staff; and,

WHEREAS, the City of Isanti has adopted Zoning and Subdivision Ordinances for the orderly, economic, and safe development of land within the City; and,

WHEREAS, the City Council of the City of Isanti has determined that the Preliminary Plat amending the Planned Unit Development with conditions, meets the ordinance requirements necessary for granting approval; and,

NOW, THEREFORE, BE IT RESOLVED BY THE CITY COUNCIL OF THE CITY OF ISANTI, MINNESOTA, that it adopts the Findings of Fact and Conclusion related to the requested Preliminary Plat Approval Amending the Planned Unit Development known as Villages on the Rum Third Addition; and

BE IT FURTHER RESOLVED by the City Council of the City of Isanti, Minnesota that the requested Preliminary Plat amending the Planned Unit Development known as Villages on the Rum 3rd Addition, as legally described herein, be hereby approved, with the following conditions:

1. The developer will enter into a Development Agreement with the City of Isanti, which will outline the general terms for the remainder of the development. Subsequent Development Agreements would be required as each subsequent phase of the development is final platted. Development fees shall be charged to the developer at the time that each subsequent Development Agreement is signed based upon the City Fee Schedule.
2. The developer shall be responsible for any and all permits and approvals that may be necessary from other applicable governmental agencies. These permits and approvals shall be submitted to the City of Isanti prior to development.
3. The developer shall deed "Outlot G" to the City of Isanti for future passive park and open space area.
4. Any and all costs associated with the recording and processing of each subsequent Final Plat for additional phases shall be assumed by the developer.

5. Upon development of the lots adjacent to the Isanti Brook area, signage shall be placed along the rear lot lines of property abutting Outlot G notifying property owners of the scenic easement.
6. The home sizes and location of those home sizes shall be in accordance with the Housing Size Location Plan. The following lots/blocks will be subject to the following home and garage sizes:
   a. Lots 1-19, Block 1; Lots 1-5, Block 2; Lots 1-2, Block 3; Lots 1-14, Block 4; Lots 1-10, Block 13; Lots 1-3, Block 12; Lots 1-6, Block 11; Lots 1-13; Block 10; and Lots 1-4, Block 9 will be required to have a minimum of 1200 square feet of livable floor space above grade with a 600 square foot minimum floor area for the attached garage.
   b. Lots 1-15, Block 5; Lots 1-31, Block 6; and Lots 28-38, Block 8 will be required to have a minimum of 1040 square feet of livable floor space above grade with a 480 square foot minimum floor area for the attached garage.
   c. Lots 1-27, Block 8 and Lots 1-20, Block 7 will be required to have a minimum of 960 square feet of livable floor space above grade with a 400 square foot minimum floor area for the attached garage.
7. The setback requirements are as follows:

Front yard setback:	Thirty (30) feet; however, when adjoining principal buildings existing at the time of construction on a vacant lot, the required front yard setback for the new structure shall not be greater than the average front yard setbacks of the buildings on either side of the vacant lot.
Side yard setback:	Ten (10) feet
Street side yard setback:	Twenty (20) feet
Rear yard setback:	Thirty (30) feet

8. A tree preservation plan shall be prepared by the developer and submitted to the City of Isanti for those portions of the development that still have significant or specimen tree stands. Such plan shall show the location of homes and grading for these lots, so as to protect as many of these trees as possible.
9. Any final engineering plans and specifications are subject to the review and approval of the City Engineer.
10. Any and all improvements shall be specified within the Development Agreement.
11. The Final Plat shall be phased into around nine (9) phases to consist of twenty (20) lots or so at a time.

Adopted by the Isanti City Council on this 18th day of May 2010.

REFERENCE NOTES:

① INLET PROTECTION DEVICES SHALL BE MAINTAINED OR REPLACED AT THE DIRECTION OF THE ENGINEER. MANUFACTURED ALTERNATIVES APPROVED AND LISTED ON THE DEPARTMENTS EROSION CONTROL PRODUCT ACCEPTABILITY LIST MAY BE SUBSTITUTED. WHEN REMOVING OR MAINTAINING INLET PROTECTION, CARE SHALL BE TAKEN SO THAT THE SEDIMENT TRAPPED ON THE GEOTEXTILE FABRIC DOES NOT FALL IN THE INLET. ANY MATERIAL FALLING INTO THE INLET SHALL BE REMOVED IMMEDIATELY.

② FINISHED SIZE, INCLUDING POCKETS WHERE REQUIRED, SHALL EXTEND A MINIMUM OF 10" AROUND THE PERIMETER TO FACILITATE MAINTENANCE OR REMOVAL.

FLAP POCKETS SHALL BE LARGE ENOUGH TO ACCEPT WOOD 2x4.

INSTALLATION NOTES:
DO NOT INSTALL PROTECTION IN INLETS SHALLOWER THAN 30", MEASURED FROM THE BOTTOM OF THE INLET TO THE TOP OF THE GRATE.

TRIM EXCESS FABRIC IN THE FLOW LINE TO WITHIN 3" OF THE GRATE.

THE INSTALLED BAG SHALL HAVE A MINIMUM SIDE CLEARANCE, BETWEEN THE INLET AND THE BAG, MEASURED AT THE BOTTOM OF THE OVERFLOW HOLES, OF 3". WHERE NECESSARY THE CONTRACTOR SHALL CLINCH THE BAG, USING PLASTIC ZIP TIES, TO ACHIEVE THE 3" CLEARANCE. THE TIES SHALL BE PLACED AT A MAXIMUM OF 4" FROM THE BOTTOM OF THE BAG.

GENERAL EROSION CONTROL NOTES:

1. PRIOR TO ANY CONSTRUCTION ACTIVITIES THE CONTRACTOR SHALL ACQUIRE THE NECESSARY MPCA–NPDES STORMWATER PERMIT.
2. THE CONTRACTOR SHALL INSTALL EROSION AND SEDIMENT CONTROL FACILITIES (BMP'S) PRIOR TO GRADING AND REMOVAL ACTIVITIES. BMP'S SHALL BE MAINTAINED FOR THE DURATION OF CONSTRUCTION ACTIVITIES AND POTENTIAL FOR EROSION HAS PASSED.
3. THE CONTRACTOR SHALL SCHEDULE THEIR OPERATION TO MINIMIZE THE AMOUNT OF DISTURBED AREA AT ANY GIVEN TIME.
4. BMP'S SHALL BE INSPECTED DAILY BY THE CONTRACTOR AND DOCUMENTED IN THE SWPPP INSPECTION LOG. SWPPP SHALL BE PROVIDED TO THE CITY.
5. ALL EROSION AND SEDIMENT CONTROL MEASURES SHALL BE PROPERLY DISPOSED OF BY THE CONTRACTOR WITHIN THIRTY (30) DAYS AFTER FINAL SITE STABILIZATION IS APPROVED BY THE ENGINEER. THIS WORK SHALL BE INCIDENTAL.
6. THE CONTRACTOR SHALL FILE NOTICE OF TERMINATION (NOT) WITH THE MPCA WHEN FINAL STABILIZATION IS APPROVED BY THE ENGINEER.
7. PRIOR TO IMPORTING OR EXPORTING MATERIAL FROM THE SITE, CONTRACTOR SHALL CONSTRUCT A ROCK CONSTRUCTION ENTRANCE PER DETAIL ON THIS SHEET.
8. INSTALL INLET PROTECTION ON ALL CATCH BASINS THAT RECEIVE RUNOFF FROM THE DISTURBED AREA. INLET PROTECTION SHALL BE PER DETAILS ON THIS SHEET, OR APPROVED EQUAL.
9. SILT FENCE SHALL BE INSTALLED PRIOR TO LAND DISTURBANCE ACTIVITIES.
10. REVEGETATION AND STABILIZATION SHALL OCCUR WITHIN 7 DAYS OF ROUGH GRADING.
11. STREETS AND PROPERTY ADJACENT TO THE CONSTRUCTION SHALL BE KEPT FREE FROM SEDIMENT CAUSED BY CONSTRUCTION TRAFFIC, SITE RUNOFF AND BLOWING DUST. HAND BROOM OR PICKUP SWEEPER SHALL BE EMPLOYED. KICK BROOM STYLE SWEEPER IS NOT ALLOWED. SWEEPING SHALL BE INCIDENTAL.
12. CONTRACTOR SHALL MEET ALL REQUIREMENTS OF THE STORM WATER POLLUTION PREVENTION PLAN PREPARED BY HAKANSON ANDERSON.

GENERAL CONSTRUCTION AND SOILS NOTES:

1. STRIP AND REUSE ALL INPLACE TOPSOIL IN AREAS TO BE DISTURBED BY CONSTRUCTION.
2. STREET AND LOT FILL SHALL BE CONSTRUCTED WITH ENGINEERED FILL. ALL EXCAVATION, SOIL CORRECTIONS AND FILL SHALL BE CONSTRUCTED UNDER THE DIRECTION OF A GEOTECHNICAL ENGINEER. ENGINEERED FILL FOR THIS PROJECT IS DEFINED IN THE GEOTECHNICAL REPORT.
3. SAWCUT AND MILL WHEN PLACING NEW PAVEMENT ADJACENT TO INPLACE PAVEMENT AND AT TERMINI OF CONSTRUCTION TO ENSURE A UNIFORM JOINT.
4. BITUMINOUS, CONCRETE AND ALL OTHER REMOVAL ITEMS DISTURBED BY CONSTRUCTION SHALL BECOME THE PROPERTY OF THE CONTRACTOR AND SHALL BE DISPOSED OF IN ACCORDANCE WITH MN/DOT SPEC. 2104.
5. USE TACK COAT BETWEEN ALL BITUMINOUS MIXTURES. THE BITUMINOUS TACK COAT MATERIAL SHALL BE APPLIED AT A UNIFORM RATE OF 0.05 GAL/SY TO 0.07 GAL/SY BETWEEN BITUMINOUS LAYERS. THE APPLICATION RATES ARE FOR UNDILUTED EMULSIONS. TACK COAT SHALL BE INCIDENTAL.
6. PERFORMANCE GRADED (PG) ASPHALT BINDER PG 58S-28, SPEC 3151, SHALL BE USED FOR ALL BITUMINOUS MIXES ON THE PROJECT. SPECIFIC PG GRADES ARE SHOWN AT THE END OF THE MIX DESIGNATION NUMBER SHOWN ON THE TYPICAL SECTION.
7. THE BITUMINOUS MIXTURES SHALL MEET THE REQUIREMENTS OF SPECIFICATIONS 2360 AND 3139.
8. IF NECESSARY, THE UTILITY COMPANIES WILL RELOCATE THEIR FACILITIES CONCURRENTLY WITH THE CONSTRUCTION OPERATIONS. CONTRACTOR SHALL SCHEDULE CONSTRUCTION IN COOPERATION WITH UTILITY RELOCATION.
9. EROSION CONTROL SHALL CONFORM TO THE MN/DOT EROSION CONTROL HANDBOOK.
10. ALL STORM SEWER SHALL BE REINFORCED CONCRETE PIPE.
11. ITEM 2112 SUBGRADE PREPARATION WILL ONLY BE MEASURED AND PAID IN AREAS THAT CONCRETE CURB AND GUTTER AND PAVEMENT WILL BE CONSTRUCTED. GRADING SUBGRADE FOR AREAS FOR FUTURE STREETS SHALL BE INCIDENTAL.
12. CONCRETE CURB AND GUTTER THROUGH CATCH BASINS WILL BE PAID FOR AS ITEM 2531 CONCRETE CURB AND GUTTER DESIGN SURMOUNTABLE.
13. THE CONTRACTOR SHALL POST THE SWPPP AND OTHER REQUIRED DOCUMENTS ON SITE. THE METHOD OF POSTING SHALL BE APPROVED BY THE ENGINEER.
14. ALL LABOR, MATERIAL, EQUIPMENT AND WORK REQUIRED TO PROTECT THE CONCRETE CURB AGAINST COLD WEATHER SHALL BE INCIDENTAL.
15. ALL DISTURBED AREAS SHALL RECEIVE 6" OF SALVAGED TOPSOIL AND BE SEEDED WITH MN/DOT SEED MIX 25-121 OR APPROVED EQUAL. APPLY SEED AT THE RATES SPECIFIED IN THE CURRENT MN/DOT SEEDING MANUAL. IF DORMANT SEEDING IS USED SEED RATES SHALL BE DOUBLED. MULCH SHALL BE TYPE 1 AND SHALL BE DISC ANCHORED. TYPE 1 MULCH SHALL BE APPLIED AT 2 TONS PER ACRE. FERTILIZER SHALL BE TYPE 1-COMMERCIAL FERTILIZER APPLIED AT 300 POUNDS PER ACRE. ALL LABOR, EQUIPMENT AND MATERIALS REQUIRED TO ESTABLISH TURF SHALL BE PAID PER ITEM 2575 TURF ESTABLISHMENT.
16. THE FINAL GRADES SHOWN ASSUME A 30 PERCENT SOIL COMPACTION FACTOR ON THE TOTAL FILL. IF ACTUAL COMPACTION FACTOR IS GREATER THAN OR LESS THAN 30 PERCENT, THE CONTRACTOR SHALL WORK WITH THE ENGINEER DURING THE GRADING OPERATION TO ADJUST THE FINAL GRADES AS NECESSARY TO BALANCE THE EARTHWORK. ADJUSTMENTS WILL BE MADE TO BELLAIRE BOULEVARD FROM STATION 28+00 TO 40+00 AND THE ADJACENT FUTURE LOT GRADES.
17. THE CONTRACTOR SHALL STRIP AND TEMPORARILY STOCKPILE ALL EXISTING TOPSOIL FOR REUSE. SALVAGING TOPSOIL IS INCLUDED AS COMMON EXCAVATION. PLACING 6 INCHES OF SALVAGED TOPSOIL OVER THE DISTURBED AREAS SHALL BE INCIDENTAL. IF MORE THAN 6 INCHES OF TOPSOIL IS ONSITE THIS MATERIAL SHALL BE USED AS FILL OUTSIDE THE RIGHT OF WAY AND BUILDING PAD AREAS.
18. SHEETS 12-14A SHOW THE FINAL GRADING PLAN AFTER THE HOME CONSTRUCTION IS COMPLETE. THESE GRADES REPRESENT THE SURFACE LABELED AS THE FINAL GRADES ON THE TYPICAL SECTIONS ON SHEET 2. IN GENERAL THIS PROJECT INCLUDES GRADING THE SUBGRADE TO THE INTERIM GRADES SHOWN ON THE TYPICAL SECTIONS ON SHEET 2. NOT ALL THE LOTS FOLLOW THE TYPICAL SECTION.
19. ALL TEMPORARY SOIL STABILIZATION AND SEEDING NECESSARY TO MEET THE REQUIREMENTS OF THE PROJECT MANUAL, MPCA NPDES CONSTRUCTION PERMIT AND MN/DOT STANDARD SPECIFICATION SHALL BE INCIDENTAL.
20. PRIOR TO PAVING THE WEARING COURSE, THE CONTRACTOR SHALL ADJUST THE MANHOLE CASTINGS AND VALVE BOXES TO THE FINISHED HEIGHT OF THE WEARING COURSE. ADJUSTMENT OF THE CASTINGS SHALL BE WITH CONCRETE RINGS. VALVE BOXES SHALL BE ADJUSTED WITH THE SCREW ADJUSTMENT. ALL WORK REQUIRED FOR CASTINGS AND VALVE BOX ADJUSTMENTS SHALL BE INCIDENTAL UNLESS OTHERWISE NOTED ON THE PLANS.
21. EXTRA DEPTH WATERMAIN IS REQUIRED AS INDICATED ON THE PLANS. THIS WORK SHALL BE INCIDENTAL.
22. THE BITUMINOUS WEARING COURSE SHALL NOT BE PLACED UNTIL THE YEAR 2021.
23. THE UTILITY COMPANIES WILL HAVE CONDUIT CROSSING TO FACILITY THE INSTALLATION OF NEW UTILITIES AFTER THE STREET HAS BEEN CONSTRUCTED. THE CONTRACTOR SHALL INSTALL THE CONDUIT CROSSINGS PROVIDED BY THE UTILITY COMPANIES. THIS WORK SHALL BE INCIDENTAL.

COMMON EXCAVATION SUMMARY

38,920 CUBIC YARDS FROM CROSS SECTIONS
20,852 CUBIC YARDS FROM SALVAGE TOPSOIL
300 CUBIC YARDS LOT 8 STOCKPILE

NOTES:

LANDINGS SHALL BE LOCATED ANYWHERE THE PEDESTRIAN ACCESS ROUTE (PAR) CHANGES DIRECTION, AT THE TOP OF RAMPS THAT HAVE RUNNING SLOPES GREATER THAN 5.0%, AND IF THE APPROACHING WALK IS INVERSE GRADE GREATER THAN 2%.

INITIAL CURB RAMP LANDINGS SHALL BE CONSTRUCTED WITHIN 15' FROM THE BACK OF CURB, WITH 6' FROM THE BACK OF CURB BEING THE PREFERRED DISTANCE, ONLY APPLICABLE WHEN THE INITIAL RAMP RUNNING SLOPE IS OVER 5.0%.

SECONDARY CURB RAMP LANDINGS ARE REQUIRED FOR EVERY 30" OF VERTICAL RISE WHEN THE LONGITUDINAL RUNNING SLOPE IS GREATER THAN 5.0%.

CONTRACTION JOINTS SHALL BE CONSTRUCTED ALONG ALL GRADE BREAKS WITHIN THE PAR. 1/4" DEEP VISUAL JOINTS SHALL BE USED AT THE TOPS OF CONCRETE FLARES ADJACENT TO WALKABLE SURFACES. ALL GRADE BREAKS WITHIN THE PAR SHALL BE PERPENDICULAR TO THE PATH OF TRAVEL, THUS BOTH SIDES OF A SLOPED WALKING SURFACE MUST BE EQUAL LENGTH. (EXCEPT AS STATED IN (6) BELOW.

TO ENSURE INITIAL RAMPS AND INITIAL LANDINGS ARE PROPERLY CONSTRUCTED, LANDINGS SHALL BE CAST SEPARATELY. FOLLOW SIDEWALK REINFORCEMENT DETAILS ON SHEET 6 AND THE ADA SPECIAL PROVISIONS - PROSECUTION OF WORK (ADA).

TOP OF CURB SHALL MATCH PROPOSED ADJACENT WALK GRADE.

WHEN THE BOULEVARD IS 4' WIDE OR LESS, THE TOP OF CURB TAPER SHALL MATCH THE RAMP SLOPES TO REDUCE NEGATIVE BOULEVARD SLOPES FROM THE TOP BACK OF CURB TO THE PAR.

ALL RAMP TYPES SHOULD HAVE A MINIMUM 3' LONG RAMP LENGTH.

4' MINIMUM WIDTH OF DETECTABLE WARNING IS REQUIRED FOR ALL RAMPS. DETECTABLE WARNINGS SHALL CONTINUOUSLY EXTEND FOR A MIN. OF 24" IN THE PATH OF TRAVEL. DETECTABLE WARNING TO COVER ENTIRE WIDTH OF SHARED-USE PATHS AND THE ENTIRE PAR WIDTH OF THE WALK. DETECTABLE WARNING SHOULD BE 6" LESS THAN THE PAR/TRAIL WIDTH. ARC LENGTH OF RADIAL DETECTABLE WARNINGS SHOULD NOT BE GREATER THAN 20 FEET.

RECTANGULAR DETECTABLE WARNINGS SHALL BE SETBACK 3" FROM THE BACK OF CURB. RADIAL DETECTABLE WARNINGS SHALL BE SETBACK 3" MINIMUM TO 6" MAXIMUM FROM THE BACK OF CURB.

(1) MATCH FULL HEIGHT CURB.
(2) 4' MINIMUM DEPTH LANDING REQUIRED ACROSS TOP OF RAMP.
(3) 3" HIGH CURB WHEN USING A 3' LONG RAMP, 4" HIGH CURB WHEN USING A 4' LONG RAMP.
(4) SEE SHEET 4, TYPICAL SIDE TREATMENT OPTIONS, FOR DETAILS ON FLARES AND RETURNED CURBS, WHEN INITIAL LANDING IS AT FULL CURB HEIGHT.
(5) DETECTABLE WARNINGS MAY BE PART OF THE 4' X 4' MIN. LANDING AREA IF IT IS NOT FEASIBLE TO CONSTRUCT THE LANDING OUTSIDE OF THE DETECTABLE WARNING AREA.
(6) THE GRADE BREAK SHALL BE PERPENDICULAR TO THE BACK OF WALK. THIS WILL ENSURE THAT THE GRADE BREAK IS PERPENDICULAR TO THE DIRECTION OF TRAVEL. (TYPICAL FOR ALL)
(7) WHEN ADJACENT TO GRASS, GRADING SHALL ALWAYS BE USED WHEN FEASIBLE. V CURB, IF USED, SHALL BE PLACED OUTSIDE THE SIDEWALK LIMITS WHEN RIGHT OF WAY ALLOWS. WHEN ADJACENT TO PARKING LOTS, CONCRETE OR BITUMINOUS TAPERS SHOULD BE USED OVER V CURB TO REDUCE TRIPPING HAZARDS AND FACILITATE SNOW & ICE REMOVAL.
(8) A 7' MIN TOP RADIUS GRADE BREAK REQUIRED TO BE CONSTRUCTIBLE.
(9) PAVE FULL WALK WIDTH.
(10) "S" SLOPES ON FANS SHALL ONLY BE USED WHEN ALL OTHER FEASIBLE OPTIONS HAVE BEEN EVALUATED AND DEEMED IMPRACTICAL.

LEGEND

THESE LONGITUDINAL SLOPE RANGES SHALL BE THE STARTING POINT. IF SITE CONDITIONS WARRANT, LONGITUDINAL SLOPES UP TO 8.3% OR FLATTER ARE ALLOWED.

(S) INDICATES PEDESTRIAN RAMP - SLOPE SHALL BE BETWEEN 5.0% MINIMUM AND 8.3% MAXIMUM IN THE DIRECTION SHOWN AND THE CROSS SLOPE SHALL NOT EXCEED 2.0%.

(F) INDICATES PEDESTRIAN RAMP - SLOPE SHALL BE GREATER THAN 2.0% AND LESS THAN 5.0% IN THE DIRECTION SHOWN AND CROSS SLOPE SHALL NOT EXCEED 2.0%.

LANDING AREA - 4' X 4' MIN. (5' X 5' MIN. PREFERRED) DIMENSIONS AND MAX 2.0% SLOPE IN ALL DIRECTIONS. LANDING SHALL BE FULL WIDTH OF INCOMING PARS.

RADIAL DETECTABLE WARNINGS SHALL BE SETBACK 3" MINIMUM TO 6" MAXIMUM FROM THE BACK OF CURB. SEE NOTES ⑩&⑪ FOR INFORMATION REGARDING RECTANGULAR DETECTABLE WARNING PLACEMENT.

① MATCH FULL CURB HEIGHT.

② 3" HIGH CURB WHEN USING A 3' LONG RAMP
4" HIGH CURB WHEN USING A 4' LONG RAMP.

③ 3" MINIMUM CURB HEIGHT (5.5' MIN. DISTANCE REQUIRED BETWEEN DOMES)
4" PREFERRED (7' MIN. DISTANCE REQUIRED BETWEEN DOMES).

④ THE "BUMP" IN BETWEEN THE RAMPS SHOULD NOT BE IN THE PATH OF TRAVEL FOR COMBINED DIRECTIONAL RAMPS. IF THIS OCCURS MODIFY THE RAMP LOCATION OR SWITCH RAMP TO A FAN/DEPRESSED CORNER.

⑤ WHEN USING CONCRETE PAVED FLARES ON THE OUTSIDE OF DIRECTIONAL RAMPS, AND ADJACENT TO A WALKABLE SURFACE, DIRECTIONAL RAMP FLARES SHOULD BE USED. SEE THE DETAIL ON THIS SHEET.

⑥ GRADING SHALL ALWAYS BE USED WHEN FEASIBLE. V CURB, IF USED, SHALL BE PLACED OUTSIDE THE SIDEWALK LIMITS WHEN RIGHT OF WAY ALLOWS. WHEN ADJACENT TO PARKING LOTS, CONCRETE OR BITUMINOUS TAPERS SHOULD BE USED OVER V CURB TO REDUCE TRIPPING HAZARDS AND FACILITATE SNOW & ICE REMOVAL.

⑦ MAX. 2.0% SLOPE IN ALL DIRECTIONS IN FRONT OF GRADE BREAK AND DRAIN TO FLOW LINE. SHALL BE CONSTRUCTED INTEGRAL WITH CURB AND GUTTER.

⑧ 8% TO 10% WALKABLE FLARE.

⑨ PLACE DOMES AT THE BACK OF CURB WHEN ALLOWABLE SETBACK CRITERIA IS EXCEEDED.

⑩ FRONT EDGE OF DETECTABLE WARNING SHALL BE SET BACK 2' MAXIMUM WHEN ADJACENT TO WALKABLE SURFACE, AND 5' MAXIMUM WHEN ADJACENT TO NON-WALKABLE SURFACE WITH ONE CORNER SET 3" FROM BACK OF CURB. A WALKABLE SURFACE IS DEFINED AS A PAVED SURFACE ADJACENT TO A CURB RAMP WITHOUT RAISED OBSTACLES THAT COULD MISTAKENLY BE TRAVERSED BY A USER WHO IS VISUALLY IMPAIRED.

⑪ RECTANGULAR DETECTABLE WARNINGS MAY BE SETBACK UP TO 9" FROM THE BACK OF CURB WITH CORNERS SET 3" FROM BACK OF CURB. IF 9" SETBACK IS EXCEEDED USE RADIAL DETECTABLE WARNINGS.

⑫ FOR DIRECTIONAL RAMPS WITH THE DETECTABLE WARNINGS PLACED AT THE BACK OF CURB, THE DETECTABLE WARNINGS SHALL COVER THE ENTIRE WIDTH OF THE WALK/PATH. THIS ENSURES A DETECTABLE EDGE AND HELPS ELIMINATE THE CURB TAPER OBSTRUCTING THE PATH OF PEDESTRIAN TRAVEL.

⑬ THE CONCRETE WALK SHALL BE FORMED AND CONSTRUCTED PERPENDICULAR TO THE BACK OF CURB. MAINTAIN 3" BETWEEN EDGE OF DOMES AND EDGE OF CONCRETE.

A WALKABLE SURFACE IS DEFINED AS A PAVED SURFACE ADJACENT TO A CURB RAMP WITHOUT RAISED OBSTACLES THAT COULD MISTAKENLY BE TRAVERSED BY A USER WHO IS VISUALLY IMPAIRED.

CONCRETE FLARE LENGTHS ADJACENT TO NON-WALKABLE SURFACES SHOULD BE LESS THAN 8' LONG MEASURED ALONG THE RAMPS FROM THE BACK OF CURB.

③ 2' FOR 4" HIGH CURB AND 3' FOR 6" HIGH CURB.

④ SIDE TREATMENTS ARE APPLICABLE TO ALL RAMP TYPES AND SHOULD BE IMPLEMENTED AS NEEDED AS FIELD CONDITIONS DICTATE. THE ENGINEER SHALL DETERMINE THE RAMP SIDE TREATMENTS BASED ON MAINTENANCE OF BOTH ROADWAY AND SIDEWALK, ADJACENT PROPERTY CONSIDERATIONS, AND MITIGATING CONSTRUCTION IMPACTS.

⑤ TYPICALLY USED FOR MEDIANS AND ISLANDS.

⑥ WHEN NO CONCRETE FLARES ARE PROPOSED, THE CONCRETE WALK SHALL BE FORMED AND CONSTRUCTED PERPENDICULAR TO THE EDGE OF ROADWAY. MAINTAIN 3" MAX. BETWEEN EDGE OF DOMES AND EDGE OF CONCRETE.

⑦ IF NO CURB AND GUTTER IS PLACED IN RURAL SECTIONS, DETECTABLE WARNINGS SHALL BE PLACED 1' FROM THE EDGE OF BITUMINOUS ROADWAY AND/OR BITUMINOUS SHARED-USE PATH TO PROVIDE VISUAL CONTRAST.

⑧ ALL CONSTRUCTED CURBS MUST HAVE A CONTINUOUS DETECTABLE EDGE FOR THE VISUALLY IMPAIRED. THIS DETECTABLE EDGE REQUIRES DETECTABLE WARNINGS WHEREVER THERE IS ZERO-INCH HIGH CURB. CURB TAPERS ARE CONSIDERED A DETECTABLE EDGE WHEN THE TAPER STARTS WITHIN 3" OF THE EDGE OF THE DETECTABLE WARNINGS AND UNIFORMLY RISES TO A 3-INCH MINIMUM CURB HEIGHT. ANY CURB NOT PART OF A CURB TAPER AND LESS THAN 3 INCHES IN HEIGHT IS NOT CONSIDERED A DETECTABLE EDGE AND THEREFORE IS NOT COMPLIANT WITH ACCESSIBILITY STANDARDS.

⑨ DRILL AND GROUT 1 - NO. 4 12" LONG REINFORCEMENT BAR (EPOXY COATED) WITH 3" MIN. COVER. REINFORCEMENT BARS ARE NOT NEEDED IF THE APPROACH NOSE IS POURED INTEGRAL WITH THE V CURB.

⑩ DRILL AND GROUT 2 - NO. 4 12" LONG REINFORCEMENT BARS (EPOXY COATED) WITH 3" MIN. COVER. REINFORCEMENT BARS ARE NOT NEEDED IF THE APPROACH NOSE IS POURED INTEGRAL WITH THE CURB AND GUTTER.

⑪ SIDE TREATMENT EXAMPLES SHOWN ARE WHEN THE INITIAL LANDING IS APPROXIMATELY LEVEL WITH THE FULL HEIGHT CURB (I.E. 6' LONG RAMP FOR 6" HIGH CURB). WHEN THE INITIAL LANDING IS MORE THAN 1" BELOW FULL HEIGHT CURB REFER TO SHEETS 1 & 2 TO MODIFY THE CURB HEIGHT TAPERS AND MAINTAIN POSITIVE BOULEVARD DRAINAGE.

⑫ NEAREST EDGE OF DETECTABLE WARNING SURFACES SHALL BE PLACED 12' MINIMUM TO 15' MAXIMUM FROM THE NEAREST RAIL. FOR SKEWED RAILWAYS IN NO INSTANCE SHALL THE DETECTABLE WARNING BE CLOSER THAN 12' MEASURED PERPENDICULAR TO THE NEAREST RAIL.

⑬ WHEN PEDESTRIAN GATES ARE PROVIDED, DETECTABLE WARNING SURFACES SHALL BE PLACED ON THE SIDE OF THE GATES OPPOSITE THE RAIL, 2' FORM THE APPROACHING SIDE OF THE GATE ARM. THIS CRITERIA GOVERNS OVER NOTE ⑫.

⑭ CROSSING SURFACE SHALL EXTEND 2' MINIMUM PAST THE OUTSIDE EDGE OF WALK OR SHARED-USE PATH.

⑮ 3' FOR MEDIANS AND SPLITTER ISLANDS. NOSE CAN BE REDUCED TO 2' ON FREE RIGHT ISLANDS.

⑯ SIDEWALK TO BE PLACED 8.75' MIN. FROM THE FACE OF CURB/PROJECTED FACE OF CURB. THIS ENSURES MIN. CLEARANCE BETWEEN THE SIDEWALK AND GATE ARM COUNTERWEIGHT SUPPORTS.

Management, Honorable Mayor and City Council
City of Isanti
Isanti, Minnesota

We are pleased to confirm our understanding of the services we are to provide the City of Isanti (the City) for the year ended December 31, 2019. We will audit the financial statements of the governmental activities, the business-type activities, each major fund and the aggregate remaining fund information, including the related notes to the financial statements, which collectively comprise the basic financial statements of the City as of and for the year ended December 31, 2019. Accounting standards generally accepted in the United States of America provide for certain required supplementary information (RSI), such as management's discussion and analysis (MD&A), to supplement the City's basic financial statements. Such information, although not a part of the basic financial statements, is required by the Governmental Accounting Standards Board who considers it to be an essential part of financial reporting for placing the basic financial statements in an appropriate operational, economic, or historical context. As part of our engagement, we will apply certain limited procedures to the City's RSI in accordance with auditing standards generally accepted in the United States of America. These limited procedures will consist of inquiries of management regarding the methods of preparing the information and comparing the information for consistency with management's responses to our inquiries, the basic financial statements, and other knowledge we obtained during our audit of the basic financial statements. We will not express an opinion or provide any assurance on the information because the limited procedures do not provide us with sufficient evidence to express an opinion or provide any assurance. The following RSI is required by U.S. generally accepted accounting principles and will be subjected to certain limited procedures, but will not be audited:

1) Management's Discussion and Analysis
2) Schedule of Funding Progress and Employer's Contributions
3) Schedule of Net OPEB Liability, Employer Contributions, and Investment Returns

We have also been engaged to report on supplementary information other than RSI that accompanies the City's financial statements. We will subject the following supplementary information to the auditing procedures applied in our audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with auditing standards generally accepted in the United States of America, and we will provide an opinion on it in relation to the financial statements as a whole, in a report combined with our auditor's report on the financial statements:

1) Combining and Individual Fund Financial Statements and Schedules
2) Summary Financial Report - Revenues and Expenditures for General Operations - Governmental Funds

The following other information accompanying the financial statements will not be subjected to the auditing procedures applied in our audit of the financial statements, and our auditor's report will not provide an opinion or any assurance on that other information.

Audit Objectives

The objective of our audit is the expression of opinions as to whether your financial statements are fairly presented, in all material respects, in conformity with U.S. generally accepted accounting principles and to report on the fairness of the supplementary information referred to in the second paragraph when considered in relation to the financial statements as a whole. Our audit will be conducted in accordance with auditing standards generally accepted in the United States of America and the standards for financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States, and will include tests of the accounting records of the City and other procedures we consider necessary to enable us to express such opinions. We will issue a written report upon completion of our audit of the City's financial statements. Our report will be addressed to the City Council of the City. We cannot provide assurance that unmodified opinions will be expressed. Circumstances may arise in which it is necessary for us to modify our opinions or add emphasis-of-matter or other-matter paragraphs. If our opinions are other than unmodified, we will discuss the reasons with you in advance. If, for any reason, we are unable to complete the audit or are unable to form or have not formed opinions, we may decline to express opinions or issue reports, or may withdraw from this engagement.

We will also provide a report (that does not include an opinion) on internal control related to the financial statements and compliance with the provisions of laws, regulations, contracts, and grant agreements, noncompliance with which could have a material effect on the financial statements as required by *Government Auditing Standards*. The report on internal control and on compliance and other matters will include a paragraph that states (1) that the purpose of the report is solely to describe the scope of testing of internal control and compliance, and the results of that testing, and not to provide an opinion on the effectiveness of the City's internal control on compliance, and (2) that the report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering the City's internal control and compliance. The paragraph will also state that the report is not suitable for any other purpose. If during our audit we become aware that the City is subject to an audit requirement that is not encompassed in the terms of this engagement, we will communicate to management and those charged with governance that an audit in accordance with U.S. generally accepted auditing standards and the standards for financial audits contained in *Government Auditing Standards* may not satisfy the relevant legal, regulatory, or contractual requirements.

Audit Procedures - General

An audit includes examining, on a test basis, evidence supporting the amounts and disclosures in the financial statements; therefore, our audit will involve judgment about the number of transactions to be examined and the areas to be tested. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluating the overall presentation of the financial statements. We will plan and perform the audit to obtain reasonable assurance about whether the financial statements are free of material misstatement, whether from (1) errors, (2) fraudulent financial reporting, (3) misappropriation of assets, or (4) violations of laws or governmental regulations that are attributable to the government or to acts by management or employees acting on behalf of the government. Because the determination of abuse is subjective, *Government Auditing Standards* do not expect auditors to provide reasonable assurance of detecting abuse.

Because of the inherent limitations of an audit, combined with the inherent limitations of internal control, and because we will not perform a detailed examination of all transactions, there is a risk that material misstatements may exist and not be detected by us, even though the audit is properly planned and performed in accordance with U.S. generally accepted auditing standards and *Government Auditing Standards*. In addition, an audit is not designed to detect immaterial misstatements or violations of laws or governmental regulations that do not have a direct and material effect on the financial statements. However, we will inform the appropriate level of management of any material errors, fraudulent financial reporting, or misappropriation of assets that comes to our attention. We will also inform the appropriate level of management of any violations of laws or governmental regulations that come to our attention, unless clearly inconsequential, and of any material abuse that comes to our attention. Our responsibility as auditors is limited to the period covered by our audit and does not extend to later periods for which we are not engaged as auditors.

Our procedures will include tests of documentary evidence supporting the transactions recorded in the accounts, and may include tests of the physical existence of certain assets, and direct confirmation of receivables and certain other assets and liabilities by correspondence with selected individuals, funding sources, creditors, and financial institutions. We will request written representations from your attorneys as part of the engagement, and they may bill you for responding to this inquiry. At the conclusion of our audit, we will require certain written representations from you about your responsibilities for the financial statements; compliance with laws, regulations, contracts, and grant agreements; and other responsibilities required by generally accepted auditing standards.

Audit Procedures - Internal Control

Our audit will include obtaining an understanding of the government and its environment, including internal control, sufficient to assess the risks of material misstatement of the financial statements and to design the nature, timing, and extent of further audit procedures. Tests of controls may be performed to test the effectiveness of certain controls that we consider relevant to preventing and detecting errors and fraud that are material to the financial statements and to preventing and detecting misstatements resulting from illegal acts and other noncompliance matters that have a direct and material effect on the financial statements. Our tests, if performed, will be less in scope than would be necessary to render an opinion on internal control and, accordingly, no opinion will be expressed in our report on internal control issued pursuant to *Government Auditing Standards*.

An audit is not designed to provide assurance on internal control or to identify significant deficiencies or material weaknesses. Accordingly, we will express no such opinion. However, during the audit, we will communicate to management and those charged with governance internal control related matters that are required to be communicated under AICPA professional standards and *Government Auditing Standards*.

Audit Procedures - Compliance

As part of obtaining reasonable assurance about whether the financial statements are free of material misstatement, we will perform tests of the City's compliance with the provisions of applicable laws, regulations, contracts, agreements, and grants. However, the objective of our audit will not be to provide an opinion on overall compliance and we will not express such an opinion in our report on compliance issued pursuant to *Government Auditing Standards*.

Other Services

We will prepare a general ledger trial balance for use during the audit. Our preparation of the trial balance will be limited to formatting information in the general ledger into a working trial balance. As part of the audit, we will assist with preparation of your financial statements and related notes. You will be required to acknowledge in the written representation letter our assistance with preparation of the financial statements and that you have reviewed and approved the financial statements and related notes prior to their issuance and have accepted responsibility for them. We will also use the financial statements to complete the Office of the State Auditors' Reporting Forms. We will also enter the current year capital asset transactions into our software based on information you provide. These nonaudit services do not constitute an audit under *Government Auditing Standards* and such services will not be conducted in accordance with *Government Auditing Standards*. We will perform the services in accordance with applicable professional standards. The other services are limited to the financial statement services previously defined. We, in our sole professional judgment, reserve the right to refuse to perform any procedure or take any action that could be construed as assuming management responsibilities.

Management Responsibilities

You are responsible for designing, implementing, establishing and maintaining effective internal controls relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error, and for evaluating and monitoring ongoing activities, to help ensure that appropriate goals and objectives are met; following laws and regulations; and ensuring that management and financial information is reliable and properly reported. Management is also responsible for implementing systems designed to achieve compliance with applicable laws, regulations, contracts, and grant agreements. You are also responsible for the selection and application of accounting principles, for the preparation and fair presentation of the financial statements and all accompanying information in conformity with U.S. generally accepted accounting principles, and for compliance with applicable laws and regulations and the provisions of contracts and grant agreements.

You are also responsible for making all financial records and related information available to us and for the accuracy and completeness of that information. You are also responsible for providing us with (1) access to all information of which you are aware that is relevant to the preparation and fair presentation of the financial statements, (2) additional information that we may request for the purpose of the audit, and (3) unrestricted access to persons within the government from whom we determine it necessary to obtain audit evidence.

Your responsibilities include adjusting the financial statements to correct material misstatements and for confirming to us in the written representation letter that the effects of any uncorrected misstatements aggregated by us during the current engagement and pertaining to the latest period presented are immaterial, both individually and in the aggregate, to the financial statements taken as a whole.

You are responsible for the design and implementation of programs and controls to prevent and detect fraud, and for informing us about all known or suspected fraud affecting the government involving (1) management, (2) employees who have significant roles in internal control, and (3) others where the fraud could have a material effect on the financial statements. Your responsibilities include informing us of your knowledge of any allegations of fraud or suspected fraud affecting the City received in communications from employees, former employees, grantors, regulators, or others. In addition, you are responsible for identifying and ensuring that the government complies with applicable laws, regulations, contracts, agreements, and grants and for taking timely and appropriate steps to remedy fraud and noncompliance with provisions of laws, regulations, contracts or grant agreements, or abuse that we report.

You are responsible for the preparation of the supplementary information, which we have been engaged to report on, in conformity with U.S. generally accepted accounting principles. You agree to include our report on the supplementary information in any document that contains and indicates that we have reported on the supplementary information. You also agree to include the audited financial statements with any presentation of the supplementary information that includes our report thereon. Your responsibilities include acknowledging to us in the written representation letter that (1) you are responsible for presentation of the supplementary information in accordance with GAAP; (2) you believe the supplementary information, including its form and content, is fairly presented in accordance with GAAP; (3) the methods of measurement or presentation have not changed from those used in the prior period (or, if they have changed, the reasons for such changes); and (4) you have disclosed to us any significant assumptions or interpretations underlying the measurement or presentation of the supplementary information.

You are responsible for establishing and maintaining a process for tracking the status of audit findings and recommendations. You are also responsible for identifying and providing report copies of previous financial audits, attestation engagements, performance audits or other studies related to the objectives discussed in the Audit Objectives section of this letter. This responsibility includes relaying to us corrective actions taken to address significant findings and recommendations resulting from those audits, attestation engagements, performance audits, or other studies. You are also responsible for providing management's views on our current findings, conclusions, and recommendations, as well as your planned corrective actions, for the report, and for the timing and format for providing that information. With regard to the electronic dissemination of audited financial statements, including financial statements published electronically on your website, you understand that electronic sites are a means to distribute information and, therefore, we are not required to read the information contained in these sites or to consider the consistency of other information in the electronic site with the original document.

You agree to assume all management responsibilities relating to the financial statements and related notes and any other nonaudit services we provide. You will be required to acknowledge in the management representation letter our assistance with preparation of the financial statements and related notes and that you have reviewed and approved the financial statements and related notes prior to their issuance and have accepted responsibility for them. Further, you agree to oversee the nonaudit services by designating an individual, preferably from senior management, with suitable skill, knowledge, or experience; evaluate the adequacy and results of those services; and accept responsibility for them.

Engagement Administration, Fees, and Other

We may from time to time, and depending on the circumstances, use third-party service providers in serving your account. We may share confidential information about you with these service providers, but remain committed to maintaining the confidentiality and security of your information. Accordingly, we maintain internal policies, procedures, and safeguards to protect the confidentiality of your personal information. In addition, we will secure confidentiality agreements with all service providers to maintain the confidentiality of your information and we will take reasonable precautions to determine that they have appropriate procedures in place to prevent the unauthorized release of your confidential information to others. In the event that we are unable to secure an appropriate confidentiality agreement, you will be asked to provide your consent prior to the sharing of your confidential information with the third-party service provider. Furthermore, we will remain responsible for the work provided by any such third-party service providers.

We understand that your employees will prepare all cash, accounts receivable, or other confirmations we request and will locate any documents selected by us for testing.

We will provide copies of our reports to the City; however, management is responsible for distribution of the reports and the financial statements. Unless restricted by law or regulation, or containing privileged and confidential information, copies of our reports are to be made available for public inspection.

The audit documentation for this engagement is the property of Abdo, Eick & Meyers, LLP and constitutes confidential information. However, subject to applicable laws and regulations, audit documentation and appropriate individuals will be made available upon request and in a timely manner to any Regulator or its designee, a federal agency providing direct or indirect funding, or the U.S. Government Accountability Office for purposes of a quality review of the audit, to resolve audit findings, or to carry out oversight responsibilities. We will notify you of any such request. If requested, access to such audit documentation will be provided under the supervision of Abdo, Eick & Meyers, LLP personnel. Furthermore, upon request, we may provide copies of selected audit documentation to the aforementioned parties. These parties may intend, or decide, to distribute the copies or information contained therein to others, including other governmental agencies.

The audit documentation for this engagement will be retained for a minimum of five years after the report release date or for any additional period requested by the Regulator. If we are aware that a federal awarding agency or auditee is contesting an audit finding, we will contact the party(ies) contesting the audit finding for guidance prior to destroying the audit documentation.

We expect to begin our audit in February 2020 and to issue our reports no later than June 30, 2020. Steven R. McDonald, CPA is the engagement partner and is responsible for supervising the engagement and signing the reports or authorizing another individual to sign them.

Our fee for these services will be as follows:

Audit	$ 29,000
GASB 75 Implementation	1,000
2019 Office of the State Auditor's Reporting Form	775
Total	$ 30,775

You may also be billed for travel and other out-of-pocket costs such as report production, typing, postage, etc if not included in the fee listed above. The fee is based on anticipated cooperation from your personnel and the assumption that unexpected circumstances will not be encountered during the engagement. If significant additional time is necessary, we will discuss it with you and arrive at a new fee before we incur the additional costs. Our invoices for these fees will be rendered each month as work progresses and are payable on presentation. Amounts not paid within 30 days from the invoice date will be subject to a late payment charge of .66 percent per month (8 percent per year). If for any reason the account is turned over to collections, additional fees will be added to cover collections cost. In accordance with our Firm policies, work may be suspended if your account becomes 60 days or more overdue and may not be resumed until your account is paid in full. If we elect to terminate our services for nonpayment, our engagement will be deemed to have been completed upon written notification of termination, even if we have not completed our report. You will be obligated to compensate us for all time expended and to reimburse us for all out-of-pocket costs through the date of termination. The above fee is based on anticipated cooperation from your personnel and the assumption that unexpected circumstances will not be encountered during the audit. If significant additional time is necessary, we will discuss it with you and arrive at a new fee estimate before we incur the additional costs.

Except in the event of your failure to make a payment when due, in the event of a dispute related in any way to our services, our Firm and you agree to discuss the dispute and, if necessary, to promptly mediate in a good faith effort to resolve. We will agree on a mediator, but if we cannot, either of us may apply to a court having personal jurisdiction over the parties for appointment of a mediator. We will share the mediator's fees and expenses equally, but otherwise will bear our own attorneys' fees and mediation cost. Participation in such mediation shall be a condition to either of us initiating litigation. In order to allow time for the mediation, any applicable statute of limitations shall be tolled for a period not to exceed 120 days from the date either of us first requests in writing to mediate the dispute. The mediation shall be confidential in all respects, as allowed or required by law, except our final settlement positions at mediation shall be admissible in litigation solely to determine the prevailing party's identify for purposes of the award of attorneys' fees. In the event you fail to make a payment for services or to reimburse for costs advanced by the Firm on your behalf, the Firm reserves the right to take all legally permissible action, including commencement of litigation in lieu of mediation, and shall have the right to collect its costs, including reasonable attorney's fees, incurred in any such collection or litigation activities.

In connection with this engagement, we may communicate with you or others via email transmission. As emails can be intercepted and read, disclosed, or otherwise used or communicated by an unintended third party, or may not be delivered to each of the parties to whom they are directed and only to such parties, we cannot guarantee or warrant that emails from us will be properly delivered and read only by the addressee. Therefore, we specifically disclaim and waive any liability or responsibility whatsoever for interception or unintentional disclosure of emails transmitted by us in connection with the performance of this engagement. In that regard, you agree that we shall have no liability for any loss or damage to any person or entity resulting from the use of email transmissions, including any consequential, incidental, direct, indirect, or special damages, such as loss of revenues or anticipated profits, or disclosure or communication of confidential or proprietary information.

We have the right to withdraw from this engagement, at our discretion, if you do not provide us with any information we request in a timely manner; refuse to cooperate with our reasonable requests or misrepresent any facts; we have reason to believe you may have engaged, or may be planning to engage, in conduct that is unethical and/or unlawful; you engage in conduct directed toward or affecting firm personnel that is disrespectful, inappropriate, and/or potentially unlawful; or we determine that continuing the engagement is not in the best interests of the firm or threatens legal or reputational harm to the firm. In the event of withdrawal under any of these circumstances, such withdrawal will release us from any obligation to complete your report and will constitute completion of our engagement.

Government Auditing Standards require that we provide you with a copy of our most recent external peer review report and any letter of comment, and any subsequent peer review reports and letters of comment received during the period of the contract. Our 2017 Peer Review Report accompanies this letter.

We appreciate the opportunity to be of service to the City and believe this letter accurately summarizes the significant terms of our engagement. If you have any questions, please let us know. CERTIFIED PUBLIC ACCOUNTANTS AND CONSULTANTS

REPORT ON THE FIRM'S SYSTEM OF QUALITY CONTROL

January 30, 2018

To the Partners of
Abdo, Eick and Meyers, LLP
and the Peer Review Committee of the Minnesota Society
of Certified Public Accountants

We have reviewed the system of quality control for the accounting and auditing practice of Abdo, Eick & Meyers, LLP (the firm) in effect for the year ended May 31, 2017. Our peer review was conducted in accordance with the Standards for Performing and Reporting on Peer Reviews established by the Peer Review Board of the American Institute of Certified Public Accountants (Standards).

A summary of the nature, objectives, scope, limitations of, and the procedures performed in a System Review as described in the Standards may be found at www.aicpa.org/prsummary. The summary also includes an explanation of how engagements identified as not performed or reported in conformity with applicable professional standards, if any, are evaluated by a peer reviewer to determine a peer review rating.

Firm's Responsibility

The firm is responsible for designing a system of quality control and complying with it to provide the firm with reasonable assurance of performing and reporting in conformity with applicable professional standards in all material respects. The firm is also responsible for evaluating actions to promptly remediate engagements deemed as not performed or reported in conformity with professional standards, when appropriate, and for remediating weaknesses in its system of quality control, if any.

Peer Reviewer's Responsibility

Our responsibility is to express an opinion on the design of the system of quality control and the firm's compliance therewith based on our review.

Required Selections and Considerations

Engagements selected for review included engagements performed under *Government Auditing Standards*, including a compliance audit under the Single Audit Act; audits of employee benefit plans, an audit performed under FDICIA and an examination of a SOC 2 service organization.

As a part of our peer review, we considered reviews by regulatory entities as communicated by the firm, if applicable, in determining the nature and extent of our procedures.

Opinion

In our opinion, the system of quality control for the accounting and auditing practice of Abdo, Eick & Meyers, LLP in effect for the year ended May 31, 2017, has been suitably designed and complied with to provide the firm with reasonable assurance of performing and reporting in conformity with applicable professional standards in all material respects. Firms can receive a rating of *pass*, *pass with deficiency(ies)* or *fail*. Abdo, Eick & Meyers, LLP has received a peer review rating of *pass*.

MEMORANDUM

To: Mayor Johnson and Members of City Council
From: Matt Lindholm, Planner
Date: November 5, 2019
Subject: Resolution 2019-XXX Resolution authorizing staff to request quotes for contractors for nuisance weed/grass abatement on an annual basis

---

Per previous years, in order to receive more quotes for contract nuisance weed and grass abatement, Staff would like to request quotes now rather than closer to the spring, as Contractors are lining up their seasonal work.

Staff is asking for City Council's consideration of the attached Resolution to request quotes on an annual basis.

Attachments:

- Resolution 2019-XXX Resolution authorizing staff to request quotes for contractors for nuisance weed/grass abatement on an annual basis
- Specification and Quote Sheet

RESOLUTION 2019-XXX

RESOLUTION AUTHORIZING STAFF TO REQUEST QUOTES FOR CONTRACTORS FOR NUISANCE WEED GRASS ABATEMENT ON AN ANNUAL BASIS

WHEREAS, the City of Isanti adopted Resolution 2009-115 which determined that is in the City's best interest of the City to accept quotes for the outsourcing of mowing services for nuisance weed/grass abatement lots located within the city; and,

WHEREAS, during previous mowing seasons, City Staff has determined that seeking quotes during the fall of the year prior to the season may encourage more contractors to quote the requested mowing services; and,

WHEREAS, City Staff is seeking authorization to request quotes for mowing contractors for nuisance weed/grass abatement on an annual basis.

NOW, THEREFORE, IT IS HEREBY RESOLVED by the City Council of the City of Isanti, Minnesota authorizes the City Staff of Isanti to request quotes for nuisance weed/grass abatement lots, **AND BE IT FURTHER RESOLVED** that City Staff submit received quotes to the City Council for review and approval once an adequate number of quotes has been received.

This resolution is hereby approved by the City of Isanti City Council this 5th day of November, 2019.

2020 REQUEST FOR QUOTATION
For Nuisance Weed Abatement on Private Property

Company Name/Address:

_____

_____

_____

_____

Phone: _____ Email address:_____

Quotations will be received until 12:00 pm on Friday, March 6, 2020. Quotations are requested from commercial mowing firms for furnishing labor and equipment for the abatement/cutting of weeds and tall grass on developed and vacant residential lots within the City of Isanti. Also requested is a base fee plus an hourly mowing rate for large tracts. The City reserves the right to consider the large tract rate fee quote separately from the residential lot mowing fee quote. The properties for which services are being requested will be in violation of the City's weed nuisance ordinance. Generally grass and weeds will be 8" or more in height. The City reserves the right to accept or reject quotes received for these services.

THIS CONTRACT IS FOR THE 2020 GROWING SEASON.

Requirements – Minimum:

A. Performance

- The cost per site will include the following: mowing and trimming around structures, posts, fences and objects. Ancillary clearing of loose paper/cardboard debris prior to mowing. Care shall be taken not to damage trees and shrubs.
- Areas must be cut within two working days of date of City request via e-mail Note: There will be a $25 penalty fee for each site not mowed within the two working days (week days), unless there is approval by the Public Works Director to extend this period due to weather or extenuating circumstances.
- In the event the selected contractor cannot mow in the time specified, the City has the right to contact alternate mowing contractors to perform the work.
- Streets, sidewalks and driveways must be free of cutting debris. Bagging and removal of clippings is not required.
- Weeds and grass must be cut and trimmed to 3" height.
- Insurance – must carry a $1 million liability coverage policy and workers compensation insurance (if required). A certificate of insurance with the City of Isanti named as an additional insured will be required. Service providers shall meet all City requirements prior to providing services to the City.

- In the event of non-performance or at the City's discretion, services from the vendor may be terminated by written notice from the City.
- Regarding Large Lot mowing, a 50 foot perimeter is to be mowed around the property where it abuts a street or property line of a developed area. The contractor must have equipment capable of mowing rough larger multi-acre areas. These areas may have weeds, brush and small trees (up to 2 inches) that will need to be removed. It is the contractor's responsibility to check areas prior to mowing for rocks and debris that may damage their equipment. Care should be taken not to mow over the extension of water curb boxes, wood stakes or other property markers. The Contractor should consult with City officials concerning whether only perimeter mowing of the areas is required or if the entire site needs to be mowed.
- Mowing contractors must be available for the entire mowing season which could start as early as April and extend as late as the end of October.
- The selected mowing contractor will meet with City staff prior to the start of the mowing season and shortly after mowing has started to ensure an efficient process.

B. Communication and Billing
- The City will e-mail the address of lots/sites that will require mowing to the contractor.
- The contractor will have two full business days after the date the e-mail is sent to complete the work.
- Once the work is completed on a property, the contractor will notify the City by e-mail that the service has been completed (on the day of service).
- Invoices must be submitted for payment with specific dates that services were performed. At the end of each month, the contractor will submit a statement reflecting all invoices previously submitted for payment. Payment will only be made from invoices.

C. Equipment Required: Please list this equipment below.
- Commercial grade self-propelled walk or rider mower and weed trimmers.
- For Large Lot Mowing – commercial grade equipment capable of mowing rough areas, brush and small trees.

2. Approval of Minutes from September 24, 2019, Parks, Recreation, and Culture Board Meeting

Motion by Witte and second by Thum; all in favor. Minutes were unanimously approved.

3. River Bluff Preserve Dock/Bridge

Garvey provided the background information that in 2016, city council approved a dock/bridge to be placed within the park, which is placed over an area that is along the river bank. It allows access to the north side of the trail/river bank. This area tends to have water flowing like a creek breakoff of the river. The bridge has been hauled in and out of the park each year by Public Works. This year the bridge was placed in late due to the high water level and has been under water most of this year. Public works also indicated that the water level has been much higher than it was this year in previous years. The river fluctuates each year on the level. In 2018, staff did receive some information from Bolton and Menk, the city engineer firm, that a wood structure bridge in length of about 75' could be $250,000-$300,000, this bridge is similar to what is along the bike/walk trail that connects to Cambridge. Garvey added that the item of continuing use of the bridge had been further discussed with staff since sending out the packet and is now being removed for our review and we will still be continuing to use the bridge. Garvey further reviewed that staff is looking for direction on the north side of the park/trail and if we would want to expand or review this area in more detail of expanding a trail area. Garvey also included can staff leave the bridge at the bottom of the hill, or along the back area of the river bank and not have to haul it up and down the hillside, and to also to provide a timeframe as

to when to put it in and take it out each year. Staff reviewed the pictures that were included in the packet which shows that water level and the top of the dock, as its very difficult to tell where it actually is under the water. Witte asked since the bridge has been in place is this the first year that it has been in this type of water. He has fished on this bridge in the past, including that summer and has not seen it at this type of water level. Zdon noted that the area is on the mark for the wettest year on record and this year is abnormal. The past three years the bridge has been usable, and this area of the river does flood, but typically in the spring and then recedes. Witte and Zdon noted that the north side of the trail are at a higher elevation and are not as flooded. Zdon continued to watch the use of the current bridge and water levels and to have staff notate these in order to get an idea of the history, as it continues to flood we will need to look at another option. Witte noted that some trees have fallen and may have opened up the area further. Staff reviewed that the bridge will be taken out this week after direction provided tonight. Zdon asked if there it was a good amount of work to get it up the hill and staff responded that it was and they look for a clearing in the trees to be able to do this. Zdon and Witte suggested to find a higher spot on the lower area to be able to store it on the off season. Staff asked Witte when in 2018 he was down along the river and he noted it was around July and the water was a couple feet under the bridge. Zdon also noted that if we had the wood type of bridge previously discussed that would be under water with the level of water we have now. Zdon asked if a motion was needed, staff indicated none was needed just providing more clear direction on this item. Garvey followed up with referencing the timeframe they'd like to see the bridge be in and out. Zdon stated that normally when the river floods in the spring, it typically goes back down. Thum commented that if the bridge is made out of aluminum not sure why it would need to be hauled out each year and that its more dangerous to haul it up and down the hillside. Zdon and Thum stated that it would be good to just pull it aside along a higher spot and leave along the lower area of the park. Zdon asked if the board would want to walk it in the spring to review it more. Garvey suggested that winter could be an option to take a look at it too. Gordon asked if the north trail area was similar to four wheeler type trail, and he said the trail is just grass along that area that leads to Martins Landing, the grass is higher at about 8" high and its cleared out enough to be an obvious trail. Staff will bring back a trail walk at a later meeting to review the north section. Gordon followed up with a question on the estimated cost of staff taking the bridge in and out. Garvey responded that she wasn't sure what the cost would be, its staff time that is the biggest factor in this item. Garvey mentioned that nothing is rented to haul it, its all just in house equipment that is used. Gordon followed up with seeing if the cost is justifiable with the wood bridge option and Zdon responded that it would take many, many years to get it to compare.

4. <u>Department Updates</u>

Garvey reviewed that Curious Creatures is a monthly program and that Sept was cancelled due to low enrollment and that the Oct 8 was at Bluebird park and we only had 3 kids, but we had fun painting birdhouses and learning more about birds within Bluebird Park. Garvey will continue to watch this program and put some different ideas for next year. Zdon asked if staff handed out flyers to preschools. Staff did not hand out flyers for this program to preschools but did hand out flyers to schools for the family day/movie nights. Zdon asked that staff get some flyers to check with local preschools to see if that was an option. November's theme is Turkey trot.

Community Garden: The season ended on Sunday October 13th. The gardeners donated 267 pounds of food to the senior dining program. The kids garden area was also able to provide donated items.

Sledding Hill: The insurance company let us know that there is no additional expense or coverage needed, just to note that we will take on more of a liability with such area. They may send more information our way when/if they receive it from the League of Mn Cities. Staff will continue to move forward with indicting Bluebird hill as a sledding hill.

Mattson/DNR Funding follow up from Sept meeting. Staff reviewed these items a bit more in detail and it was decided that this the sidewalks were not needed as there are areas around each area that does allow for ADA access into the play area. Public works would also have to maintain these as sidewalks throughout the winter and this adds more issues. Staff will look into adding the ADA picnic tables as budget allows.

Movie nights start in a few weeks which are free movies are offered once a month from Nov-March on a Friday evening. Local groups can apply to volunteer to run the concession stand and benefit from the profits for their time. Here is the line up for this upcoming season.
Nov 15 – Shrek; Dec 6 – The Santa Clause; Jan 10 – Willie Wonka and the Chocolate Factory; Feb 21 – A Bug's Life; March 20 – The Sandlot. Doors open at 6:30pm and movies begin at 7pm.

Farmers Market: The season ended on Sept 27 and staff conducted an end of the season meeting with all the vendors right after to capture some great feedback. Staff also sent out an electronic survey. Here are the results:

1. **How many years have you been a vendor at our market**? New-first year vendor (2), 1-2 years (2), over 3 yrs(2)
2. **Layout options**: responded with most liked the current layout.
3. **Do you like the hours of 2-6pm**. Yes (5), No, (1); noon -6pm suggested
4. **Do we have the right mix of vendors**? Yes(5), No (1); more crafts suggested.
5. **Do you plan to return in 2020**? Yes(5), No (1)
6. **Please let me know any comments or suggestions to help improve the IFFM**.

Put in sections; food trucks not just ice cream, creating a more event atmosphere somehow to attract families more. We do need more vendors for sure; layout advice.
Zdon asked if the other vendors liked this layout of sections and Garvey noted that at the meeting and most vendors do not like that type of layout of being in sections. The Parlor has been a big draw for days they are scheduled. The other area that was noted about adding events and it was discussed that this is difficult to not have the activity or event take away from people shopping at the market, which is the focus. Garvey review the street dance vendor survey she sent out, they all responded with yes and they would return next year and had 4 responses. Witte asked about the a community garden survey and also asked about the response rate with the farmers market.

Witte asked if a community garden survey could be sent out and Garvey responded that yes she will put one together and send out this year.

Request for City Council Action

To: Mayor Johnson and Members of City Council
From: Finance Director Betker
Date: November 19th, 2019
Subject: Certification of Delinquent Charges to be Payable in 2020

Background:
Unpaid delinquent charges for city services (Attachment A) and nuisance abatement (Attachment B) are listed as of November 12th 2019. Pursuant to City Code the attached delinquent charges may be certified as unpaid and delinquent to the County Auditor. Final assessment amounts are to include a $30 assessment fee per account per parcel.

Current Action:
Consider resolution certifying the delinquent amounts (Attachments A & B) to Isanti County to be collected with taxes payable in 2020.

RESOLUTION NO. 2019-XXX

RESOLUTION APPROVING CERTIFICATION OF DELINQUENT CHARGES FOR CITY SERVICES AND UNPAID NUISANCE ABATEMENT CHARGES PAYABLE IN 2020

WHEREAS, pursuant to City Code § 260-10.B. and § 325-7.C., all accounts more than 30 days past due as of September 30, 2019, and the same having been properly billed to the owner or occupant of the premises served, may be certified by the City Clerk as unpaid and delinquent to the County Auditor; and

WHEREAS, pursuant to City Code § 216-7 Recovery of Cost, B. Assessment, all accounts past due for year 2019, and the same having been properly billed to the owner or occupant of the premises served, may be certified by the City Clerk as unpaid and delinquent to the County Auditor.

NOW THEREFORE BE IT RESOLVED BY THE CITY COUNCIL OF THE CITY OF ISANTI, MINNESOTA AS FOLLOWS:

1. That the list of delinquent charges for city services (Attachment 'A'), a copy of which is attached hereto and made a part hereof, identifies the amount of the delinquent water, sewer, and storm, snow removal and lawn abatement charges that are to be levied against said properties for taxes payable year 2020.

2. That the unpaid charges for nuisance abatement (Attachment 'B'), a copy of which is attached hereto and made a part hereof, identifies the amount of unpaid nuisance abatement charges that are to be levied against said properties for taxes payable year 2020.

3. The City Clerk shall forthwith transmit a certified duplicate of these listings (delinquent charges for city services and unpaid charges for nuisance abatement) to the county auditor to be extended on the property tax lists of the county. Such assessments shall be collected and paid over in the same manner as other municipal taxes.

This resolution was duly adopted by the Isanti City Council this 19th day of November 2019.

Memo for Council Action

To: Mayor Johnson and Members of the City Council
From: Finance Director Betker
Date: November 19th, 2019
Subject: Decertification of TIF No. 11 and Return of Excess Tax Increment

---

Background:
Created June 19th of 2012, TIF District 11 was intended to provide a potential funding mechanism for a future hotel project. The District included just one parcel just east of Hwy. 65 and North of Heritage Blvd. That site was not the preferred site for the developer. Additionally TIF was not used as a funding mechanism for the project. Furthermore in 2019 during the 2018 financial audit Abdo, Eick & Meyers recommended that the City consider decertification in 2019. Staff has contacted the Isanti County Auditor's office about decertification of TIF 11. The County Auditor's office had no concerns about the timing or substance of the proposed decertification.

The city will retain the lesser of either 10% of tax increment received or an amount sufficient to cover publishing, reporting and auditing requirements for the District itself. The remaining tax increment will be returned to the County for distribution to the affected taxing jurisdictions.

Recommendation:
Staff and the EDA board are recommending the decertification of TIF 11 and the return of excess tax increment as detailed above.

Action Required:
If the Council concurs, it should by motion, take the following action:

1. Approve the attached Resolution as written.

Attachments:

- Res 2019-XXX Resolution Authorizing Decertification of TIF District 11 and Return of Excess Tax Increment

RESOLUTION NO. 2019-XXX

RESOLUTION AUTHORIZING DECERTIFICATION OF TIF DISTRICT NO. 11 AND RETURN OF EXCESS TAX INCREMENT

WHEREAS, On June 19, 2012, TIF District No. 11 was originally certified; and

WHEREAS, TIF District No. 11 was created to provide a potential funding mechanism for the now completed Hotel Project; and,

WHEREAS, TIF District No. 11 was never utilized for its original intent; and,

WHEREAS, all outstanding obligations have been satisfied and a current fund balance of $9,525.28 remains in TIF District No. 11; and

NOW THEREFORE BE IT RESOLVED BY THE CITY COUNCIL OF THE CITY OF ISANTI, MINNESOTA to hereby authorize the decertification of TIF District No. 11 and authorize the TIF Authorized Representatives to issue a check to Isanti County returning Excess Increment to be re-distributed to the appropriate taxing jurisdictions and to file the necessary paperwork with the State and County Auditors.

This resolution was duly adopted by the Isanti City Council this 19th day of November, 2019.

CITY OF ISANTI

PLUMBING SERVICES
INDEPENDENT CONTRACTOR AGREEMENT

THIS AGREEMENT between the **City of Isanti** (hereinafter "**City**"), whose principal office is located at 110 First Avenue North, City of Isanti, State of Minnesota, and **Sun Mechanical,** 10834 178th Circle NW, Elk River, Minnesota (hereinafter "**Contractor**"), is made and entered into on the 6 day of Nov., 2019.

A. **Period of Agreement.**
City hereby agrees to hire Contractor on an as needed basis and Contractor faithfully agrees to diligently perform such duties for the period from December 1, 2019 to November 31, 2024.

B. **Nature of Services.**
Services shall be provided as per the attached Specifications for Contractor Services for services during weekdays and in emergency circumstances (after hours). The contractor recognizes the right of the City to use electrical contractors for specialized service work regarding City Utilities and related operating facilities. The City also reserves the right to use other contractors on an emergency basis if the contractor is not available or cannot be contacted. The contract agrees to maintain RPZ certification.

C. **Compensation**
Contractor shall receive compensation based on the rates submitted in their proposal for services. Material costs shall be reimbursed as per the Specifications for Contractor Services. Labor rates shall be as follows: $120.00 per hour (regular hours), $180.00 per hour (after hours, over two is double time) and $240.00 per hour (weekends and holidays). Rates shall adjust 1-5% per calendar year, starting in 2020.

D. **Licensing and Certification.**
Contractor hereby agrees to requirements as outlined in the Specifications for Contractor Services.

E. **Relationship of Parties**
The parties intend that an independent contractor relationship will be created by this Agreement. The City is interested only in the results to be achieved and the conduct and control of the work will lay solely with the Contractor. Contractor is not to be considered an agent or employee of the City for any purpose, and the employees of the Contractor, if any, are not to be considered employees of the City, and are not entitled to any of the benefits that the City provides its employees. It is further understood that Contractor may perform services for other entities, as long as such relationship does not impede, or prohibit, the provision of services for City pursuant to this Agreement.

F. **Liability Insurance and Indemnification.**
The services to be performed by Contractor pursuant to this Agreement will be performed entirely at Contractor's risk, and Contractor assumes all responsibility for the use and condition of tools and equipment used in the performance of Contractor's duties, efforts and work. Contractor shall be solely responsible for obtaining, at contractor's expense, automobile and general liability insurance coverage in the amount of $1,000,000 and Workers Compensation (if required) in the statutory amounts. The City of Isanti shall be

listed as an additional insured on the Certificate. Contractor further agrees to indemnify City for any and all liability or loss arising in any way out of the performance of this Agreement, including costs and attorney's fees.

Independent contractors carrying on a trade or business as sole proprietors must present an Independent Contractor Exemption Certificate (ICEC).

G. Termination.

City and Contractor may terminate this Agreement at any time by providing written notice of not less than sixty (60) days. Such notice shall be given to City at City offices. Such notice shall be given to Contractor at its place of business.

H Facilities and Equipment.

Contractor shall be responsible for providing all tools and equipment necessary to perform plumbing maintenance services. The Contractor shall provide their own office facilities and related equipment.

I. Accounting and Billing.

Contractor will bill the City on a monthly or project basis for services and materials provided as per the Specifications for Contractor Services.

J. Entire Agreement.

This Agreement, the attached Specifications for Contractor Services, and City Resolution constitutes the entire agreement of the parties with respect to the subject matter hereof and supersedes all other agreements or representations, whether written or oral.

K. Headings

Headings are for convenience only and are not a part of this Agreement.

CITY OF ISANTI
SPECIFICATIONS FOR CONTRACTOR SERVICES

Section 1. Plumbing Maintenance Work

The City is accepting proposals to perform plumbing maintenance work on an "as needed basis" for City buildings and facilities. This work is typically indoors and tasks could range from repair of plumbing systems, fixtures, water heaters, and water softeners. Work to be performed under direction of a state licensed Master Plumber. The proposer should list experience, examples of project work, list individual(s) who will perform the work, their qualifications and contractor references. A completed Doing Business with the City of Isanti form should be provided with the proposal.

Acceptance of the proposal is for a "first call" basis, and if the contractor is not available or cannot respond in a timely manner, the City reserves the right to contact another vendor. Specialty equipment in city utility and liquor store facilities is not covered under this contract.

Section 2. Contract / Term of Contract

The successful proposer will enter into a contract with the City to provide services. The contract shall be for a five year time period.

Section 3. Insurance /Independent Contractor

The Successful Contractor will need to provide to the City a Certificate of Insurance with General and Automobile Liability Insurance in the amount of $1,000,000 and Workers Compensation Insurance in the statutory amounts. The City of Isanti shall be listed on the Certificate as an additional insured.

Independent contractors carrying on a trade or business as sole proprietors must present an Independent Contractor Exemption Certificate (ICEC) when submitting a quote for the above services.

Section 4. Material Costs / Invoice Required

For approved materials that need to be ordered for City projects that cost more than $50.00 dollars either individually or in total cost (multiple items), a copy of the vendor invoice that shows the cost to the Contractor for materials needs to be submitted with any request for reimbursement. With the use of materials purchased wholesale, the wholesale cost of the materials needs to be reported and a copy of the vendor receipt provided. In no case shall the contractor's mark-up exceed 10% of the wholesale cost (excluding any sales tax). The City also requires that any rebates be reported and those amounts must be deducted from the cost of materials on the Contractor's bill to the City.

RESOLUTION 2019-XXX

APPROVING EXEMPT SIDEWALKS FROM SNOW REMOVAL

WHEREAS, Committee of the Whole will review as necessary, prior to the next year's snow season regarding School Routes to School and for sections of sidewalk that due to lack of development do not provide a connecting link between private and public facilities, residences and commercial/industrial businesses; and,

WHEREAS, those sections of sidewalk identified in the review and approved for exemption by the City Council, shall not be required to have snow removed that snow season; and,

WHEREAS, Committee of the Whole met and are recommending that the following property is exempt from the sidewalk snow removal requirement for the 2019-2020 snow season:

- 7th Avenue NE – Sidewalk section between Cajima St NE and Golden Way NE (no development on either side);

NOW, THEREFORE, IT IS HEREBY RESOLVED by the City of Isanti, Minnesota, that the sidewalk listed above is exempt from snow removal for 2019-2020.

This Resolution was duly adopted by the Isanti City Council this 19th day of November, 2019.

PARKS, RECREATION, AND CULTURE BOARD
MEETING MINUTES
September 24, 2019
City Council Chambers

1. Meeting Opening.

A. Call to Order.
Zdon called the meeting to order at 6:00 p.m.

B. Pledge of Allegiance
Everyone stood for the Pledge of Allegiance

C. Roll Call
Members Present: James Witte, Aaron Zdon, and Brian Thum
Members Absent: Mayor Jeff Johnson
Staff Present: Jenny Garvey, Parks, Recreation and Culture Manager,

D. Agenda Modifications
Zdon asked if there were any agenda modifications, Zdon asked to add to Parks Update about the skate park. Motion by Witte, second by Thum to approve the agenda for the September 24, 2019 PRC board meeting.

2. Approval of Minutes from July 23, 2019, Parks, Recreation, and Culture Board Meeting
Motion by Witte and second by Thum; all in favor. Minutes were unanimously approved.

3. Receive the Parks, Trails and Open Space plan
Garvey reviewed that the Comp Plan was previously handed out to the board and they were to review and bring back comments/suggestions. Garvey will review and compile the results of all the board members comments and bring back these at a later time. Zdon had emailed his prior to the meeting to Garvey and the others will be able to email their completed lists by Monday Sept 30.

4. Snow Sledding Hill
Garvey reviewed that back in 2018, the park board was provided a brief idea of having a sledding hill within the city, which was a part of the 2018 annual council goals. The idea was presented to the PRC board but did not have much discussion and nothing further was discussed. Staff is bringing back this item to discuss further and provide staff with some direction. Staff has reached out to our insurance carrier but has not heard back from them. Some others items that the board should consider are: staff time to maintain, amount of snow fall, lighting, Bluebird park has one natural hill, however it is not a high grade, obstacles for sledders: trees, bushes, fencing, drainage, etc, parking, walking distance and restrooms. Another option would be to purchase a snow making machine, to assist with snow and to allow for a steeper grade of hill, staff did a

brief search and found units for about $3,000. Again, more items to consider are staff time to make snow, make hill, maintain hill, maintain machine, weather conditions, etc. Garvey also mentioned that at Bluebird the design of the park has an amphitheater and that council will be looking at this more in 2020. Zdon mentioned that this was bid out and had plans back in about 2008 and that it fell through as the economy turned. Zdon stated that Bluebird hill would be a good option, and its not a steep hill. Witte mentioned that he has seen kids sledding on south passage by a drainage area for younger kids. Zdon also mentioned a pile of dirt that he has seen at Andover and Coon Rapids. Zdon and Witte mentioned the soccer field hill and that the top of the hill has a fence so it doesn't provide much of an area at the top and that maybe a snow machine could be added to this area to provide the steepness and the top area that is needed but not sure if we have the water supply. Garvey mentioned that water supply could come from the hydrants as we do for making the outdoor rink. Zdon then mentioned that we could try Bluebird with a sign that its for sledding. Witte mentioned the idea of River Bluff Preserve and knocking down trees, however this would have to be quite a few and was then decided that was not a good option as safety would be a big factor with trees. Zdon mentioned that the board is exploring it and for simplicity, that Bluebird is the option to proceed with, get a sign made and for cost. Zdon mentioned the snow-making machine would also be able to provide more snow and that we can look into this more as the budget process comes about.

5. Dog Park Amenities

Garvey reported the dog park opened up this past May and staff was asked to explore ideas to add more amenities and a bench. The park has been well received and is getting used a lot, staff has increased pick up from Monday and Fridays, to Mon, Wed, Fri. Garvey continued that the Rotary Club of Cambridge & Isanti, donated money to the city to be used for the dog park. A new bench has arrived and Public works will install it this fall as we see where the best option to place it will be as it will be in concrete. The Rotary club stated that the remaining dollars can be used for amenities to be placed within the dog park. Garvey presented a few ideas and concepts/pictures she found to review. Public works can make some of these items as they are made out of wood. Tires were presented as ideas to place around. Zdon mentioned that staff to look into if Public works is available to utilize their skill to build items and that we also check with dog trainers as far as spacing or heights for amenities. Garvey mentioned that she will research a bit with organizations, as Isanti County has a K9 unit and an area where they have amenities. Witte mentioned the drainage corrugated pipe is a good option to add. Garvey mentioned we have procured a couple of large tires to add to the park. Zdon stated that he liked the concept of them being partially buried and Witte stated he liked the painted idea. Witte also mentioned he liked the hoop style of tires for jumping through. Zdon stated that Public works can review ideas and see what is possible for them to build. Garvey stated that this area doesn't have the requirements that a children's playground has so we are able to save some funds building items on our own. Zdon asked if the bench donated by the Rotary will have a plaque. Garvey replied that it has the word Rotary designed into the bench itself and that other amenities will have a small plaque added similar to ones we have on tables that the Rotary Club has donated.

6. DNR Funded Projects

Garvey reviewed that staff received information from the DNR that we have some items that need attention for projects that the city received grant funding for from the state when these parks were built, after the DNR did a tour of these locations. We received information on three parks: Mattson, Unity and the Soccer complex. Staff has asked the DNR for clarification on a few of these items as they were unclear. One item we received was to add a funding sign, however after clarification this is one item that we do not need to duplicate signs that we already have within the park regarding the funding source, but the ones we are missing will be put up by Public works. Garvey continued with that she has been in contact with the soccer association regarding the picnic table at the shelter and will add it under the picnic shelter. Public works is working on the adding accessible parking signage and the funding sign was added to the picnic shelter. Mattson park had the funding sign added to the south park sign and another area that the DNR pointed out was the porta potty and accessibility on the grass. Garvey reviewed that the porta potty will need to be placed on a concrete slab to assist with the ADA accessibility item that was pointed out. Garvey continued with the accessibility to each of the playground areas, and Zdon stated that we would do a sidewalk off of the sidewalk and to connect and what makes the most sense to connect these together. Zdon stated that Public works can use there best judgement to place the sidewalks within the park area to connect these elements. Garvey described a placement for the porta potty to be placed and board agreed to have staff place it as they best judge it to go. The other items are being worked on or are completed and the one remaining one we need direction on is the picnic tables within Mattson. Zdon clarified to that we need to address this items as they have been brought to our attention. Garvey stated that she clarified with Mia, DNR person, that we do not have a deadline for this items that they are providing this as information and to make sure we are working on them. Zdon stated that we could budget to add the picnic tables. Garvey reviewed that Unity has the funding sign, it was just overlooked and the gate entrance width will need to be adjusted as this was built before ADA standards. Zdon gave staff direction to further research the safety factors and requirements for ballfields and a gate idea was mentioned to be added as an option. Witte asked if it had to be in the specific area, which is doesn't have to be in that exact but in the dugout area and in each dugout. Motion by Witte to add 2 ADA picnic tables at Mattson park, second by Thum. Motion carries unanimously.

7. Parks Updates

Garvey reviewed the summer items of the street dance, Celebrate Isanti, the 5k walk/run had a good amount registered but only half showed up the day of. The three street dances were well attended with Good for Gary with the highest attendance. Curious creatures was cancelled for Sept due to low enrollment, and with the next one is scheduled for Oct 8. Unity park project is finished and looks wonderful. Zdon added to the agenda that there are a few holes in the skate park equipment on the south ramp that will need to be fixed and fasteners will need to be adjusted. Garvey added that the switch for the skate park lights will be looked into as they go off at 10pm, but what time do they come on at? Zdon stated he was there at about 8pm, but the

lights were not on. Garvey finished with the Farmers Market ends Sept 13 and the community garden ends Oct 13.

8. Adjournment

Motion by Witte, second by Thum to adjourn the September 24, 2019 meeting of the Parks, Recreation and Culture Board. Motion was approved.

The meeting adjourned at 6:43 PM

Dated at Isanti, Minnesota this 24th day of September, 2019.

MEMO

To: **Mayor Johnson and Members of the City Council**
From: Katie Brooks, Human Resources / City Clerk
Date: December 3, 2019
Subject: **Compliance Updates for Personnel Policy**

The Personnel Policy was implemented in 2009 for all City staff. As one of the 2019 goals, the Personnel Policy has been updated for compliance with State and Federal Law and align more closely to the most recent policies recommended by the League of Minnesota Cities. No significant changes were added within the updates as the purpose was to clarify existing policies and add language that has been adopted over the past 10 years.

The Personnel Policy was reviewed by staff from the League of Minnesota Cities and the City Attorney.

Recommendation:
January 29, 2019 City Council Approved Policy Updating at Goal Setting for the calendar year.

Request:
Staff is requesting action on this item.

INTRODUCTION

Purpose
The purpose of these policies is to establish a uniform and equitable system of personnel administration for employees of the City of Isanti. They should not be construed as contract terms for any City employees. Nothing in this Personnel Policy, or in any other City policies which may be communicated to the employee, constitutes a contract or employment for any City employee. Contracts, whether collective bargaining agreements or individual employment contracts, will supersede this Personnel Policy. This Personnel Policy is not intended to cover every situation that might arise and can be amended at any time at the sole discretion of the City. These policies supersede all previous Personnel Policies. As an employee, you are responsible for complying with current City policy at all times. The policies are not intended to cover every situation that might arise . This Personnel Policy replaces, revokes, and supersedes any previous Personnel Policies, interpretations, and practices. This Personnel Policy is only valid until amended or replaced by the City Council. The City reserves the right to modify, revoke, suspend, or change the language of this Personnel Policy, in whole or in part, at any time, with or without notice, at the City Council's sole discretion.

Acknowledgement
All employees of the City of Isanti will sign and acknowledge that they have read and understood this personnel policy. The City will furnish all employees with a copy of revisions or changes in this policy as they occur. It is the employee's responsibility to sign and acknowledge that they have read and understand these revisions and changes.

Except as provided by a collective bargaining agreement or otherwise prohibited by law, all employment with the City of Isanti is "at-will" employment. The City of Isanti has the right to terminate any employee at any time for any or no reason. Employees may similarly terminate employment at any time for any reason.

Scope
These policies apply to all employees of the City. Except where specifically noted, these policies do not apply to:

1. Elected Officials
2. City Attorney
3. City Engineer
4. Members of City Boards, Commissions and Committees
5. Consultants and Contractors
6. Volunteers

If any specific provisions of this Personnel Policy conflicts with any current union agreement, the union agreement will prevail. Union employees are encouraged to consult their collective bargaining agreement first for information about their employment conditions. Any policy or portion thereof that does not conflict with a labor agreement will remain in full force and effect and will continue to govern the actions of all covered employees. Nothing in these policies is intended to modify or supersede any applicable provision of state or federal law.

Departments may have special work rules deemed necessary by the Department Head and approved by the City Administrator for the achievement of objectives of that department. Each employee will be given a copy of such work rules by the department upon hiring and such rules will be further explained and enforcement discussed with the employee by the immediate supervisor.

EEO Policy Statement

The City of Isanti is committed to providing equal opportunity in all areas of employment, including but not limited to hiring, demotion, promotion, transfer, recruitment, selection, lay-off, disciplinary action, termination, compensation, and selection for training. The City of Isanti will not discriminate against any employee or job applicant on the basis of race, color, creed, religion, national origin, ancestry, sex, sexual orientation, disability, age, marital status, genetic information, status with regard to public assistance, veteran status, familial status, or membership on a local human rights commission or lawful participation in the Minnesota Medical Cannabis Patient Registry.

Data Practices Advisory

In accordance with the Minnesota Government Data Practices Act, the City is required to inform employees of their rights as they pertain to any private information that the City collects from them. During the course of City employment, an employee will likely be asked to provide information which is classified by state law as either private or confidential. Private data is information which generally cannot be given to the pubic but can be given to the subject of the data. Confidential data is information which generally cannot be given to either the public or the subject of the data. Much of the data the City has about individual employees, however, is classified as public according to Minnesota Statutes, section 13.43, subdivisions 2 and 3. All public data is available for inspection and copying by members of the public, with or without the employee's consent.

Information about employees requested by the City may be used for the following purposes: (1) to process payroll, including accounting for wages and fringe benefits and to justify any reimbursed expenses; (2) enroll in benefit programs and pension plans; (3) evaluate the employee's job performance, eligibility and abilities; (4) distinguish the employee from other applicants and employees and identify the employee in the correct personnel file; (5) determine the employee's eligibility for employment or promotion, and make employment decisions about the employee's performance; (6) contact the employee or other significant persons in case of an emergency; (7) compile equal opportunity and any affirmative action reports required by applicable law; (8) make decisions regarding the employee's eligibility for sick leave, family and medical leave, parenting leave, and other available leave; (9) make decisions regarding the employee's eligibility for workplace accommodations, including accommodations for disabilities; (10) comply with workers compensation requirements in the event of an injury; and (11) provide information during workplace investigations. Such information may also be used and disclosed for other purposes consistent with applicable law. The information provided by the employee may be used in performance evaluations, determinations regarding merit pay, applications for different employment positions, and other matters which involve a review of the employee's personnel file and past performance.

Unless the employee is told otherwise, the employee is required to provide this information. If the employee refuses to supply the information, the employee may face disciplinary action. Any information which the employee is required to provide cannot be used against the employee in a criminal proceeding. Even if the employee is not required to provide information, it is generally to the employee's best interest to provide it. Without the requested information, the City may not be able to determine the employee's eligibility for employment opportunities, compute wages, or grant the employee other benefits. The employee's refusal to provide information during an employment investigation may also necessitate that the investigation be completed without his or her input.

Federal law permits government agencies to require individuals to provide their social security number for the administration of any tax. Please be aware that when an employee is asked to give his or her social security number on revenue forms, this collection is mandated by law. This information will be shared with the Minnesota Department of Revenue, the Internal Revenue Services, and security tax programs. In most other cases, the disclosure of an employee's social security number is voluntary.

Any information an employee is asked to provide may be shared with individuals within the City whose job duties reasonably require access, as well as individuals outside of the City whose duties require access, such as insurance vendors, consultants, attorneys, and retirement plan employees. Information may also be shared with other agencies authorized by law to receive specific data.

If litigation arises, the information may be provided in documents filed with the court which are available to any member of the public. If it is reasonably necessary to discuss the information at a City Council meeting, it will be available to members of the public. To the extent that some or all of the information is part of the basis for a final decision on disciplinary action, that information is available to any member of the public.

News Releases

All requests for interviews or information from the media are to be routed through the City Administrator. No City employee is authorized to speak on behalf of the City without prior authorization from the City Administrator or his/her designee. Media requests include anything intended to be published or viewable to others in some form such as television, radio, newspapers, newsletters, social media postings, and websites.

Personal Communications and Use of Social Media

It is important for City employees to remember that the personal communications of employees may reflect on the City, especially if employees are commenting on City business or commenting on issues that implicate their City employment. As City representatives, employees share in the responsibility of earning and preserving the public's trust in the City. An employee's own personal communications, such as on social media, can have a significant impact on the public's belief that all City staff will carry out City functions faithfully and without regard to factors such as race, sex, religion, national origin, disability, sexual orientation, or other protected categories. Nonpersonal communications (performed within one's job duties) to members of the public must be professional at all times. The following guidelines apply to

personal communications, including various forms such as social media (Facebook, Twitter, blogs, YouTube, etc.), letters to the editor of newspapers, and personal endorsements:

- Do not share any private or confidential information you have access to as a result of your City position.
- Any personal communications made on a matter of public concern must not disrupt the efficiency of the city's operation, including by negatively affecting morale. Put another way, such public comments must not undermine any City department's ability to effectively serve the public. Disruptive personal communications can include liking or republishing (sharing/retweeting) a social media post of another individual or entity. The City can act on the personal communication that violates this policy without waiting for the actual disruption.
- Remember, what you write or post cannot easily be undone. It may also be spread to larger audience than you intended. Use common sense when using email or social media sites. It is a good idea to refrain from sending or posting information or photos you would not want your boss or other employees to read, or you would be embarrassed to see in the newspaper. Keep in mind harassment, bullying, threats of violence, discrimination, or retaliation concerning a co-worker or between co-workers that would not be permissible in the workplace is not permissible online, even if it is done after hours, from home and on home computers.
- The City of Isanti expects its employees to be fair, courteous, and respectful to supervisors, co-workers, citizens, customers, and other persons associated with the City. Avoid using statements, photographs, video or audio that reasonably may be viewed as malicious, obscene, threatening or intimidating, disparaging, or might constitute harassment or bullying. Examples of such conduct might include offensive posts meant to intentionally harm someone's reputation or posts that could contribute to a hostile work environment on the basis of sex, race, national origin, age, color, creed, religion, disability, marital status, familial status, veteran status, sexual orientation, gender identity, or gender expression, status with regard to public assistance or membership or activity in a local human rights commission.
- If you publish something related to city business and there is liable to be confusion whether you are speaking on behalf of the city, it would be best to identify yourself and use a disclaimer such as, "These are my own opinions and do not represent those of the City of Isanti."
- City resources, working time, or official City positions cannot be used for personal profit or business interests, or to participate in personal political activity. Some examples: a building inspector could not use the City's logo, email, or working time to promote his/her side business as a plumber; a parks employee should not access a park after hours even though he or she may have a key; a clerk, while working at City Hall, should not campaign for a friend who is running for City Council.
- Personal social media account name or email names should not be tied to the city (e.g., @IsantiCop).

SECTION 1.

CITYWIDE WORK RULES & CODE OF CONDUCT

Conduct as a City Employee

In accepting City employment, employees become representatives of the City and are responsible for assisting and serving the citizens for whom they work. An employee's primary responsibility is to serve the residents of the City of Isanti. Employees should exhibit conduct that is ethical, professional, responsive, and of standards becoming of a City employee. To achieve this goal, employees must adhere to established policies, rules, and procedures and follow the instructions of their supervisors.

The following are job requirements for every position at the City of Isanti. All employees are expected to:

- Perform assigned duties to the best of their ability at all times.
- Render prompt and courteous service to the public at all times.
- Read, understand and comply with the rules and regulations as set forth in these Personnel Policies as well as those of their departments.
- Conduct themselves with decorum toward both residents and staff and respond to inquiries and information requests with patience and courtesy.
- Report any and all unsafe conditions to the immediate supervisor.
- Maintain good attendance while meeting the goals set by an employee's supervisor.

Attendance & Absence

The operations and standards of service in the City of Isanti require that employees be at work unless valid reasons warrant absence. In order for a team to function efficiently and effectively, employees must be on the job. Attendance is an essential function of every City position.

Employees who are going to be absent from work are required to notify their supervisor/ designee as soon as possible in advance of the absence by making said request on the 'Request for Leave' form and submitting the form to the employee's supervisor. In the event of an unexpected absence, employees should call their supervisor before the scheduled start time and keep in mind the following procedures:

- If the supervisor is not available at the time, the employee should leave a message that includes a telephone number where he/she can be reached and/or contact any other individual who was designated by the supervisor.
- Failure to use established reporting process will be grounds for disciplinary action.
- The employee must call the supervisor on each day of an absence extending beyond one (1) day unless arrangements otherwise have been made with the supervisor.
- Employees who are absent for three (3) days or more and who do not report the absence in accordance with this policy will be considered to have voluntarily resigned not in good standing. The City may waive this rule if extenuating circumstances warrant such behavior.

This policy does not preclude the City from administering discipline for unexcused absences of less than three (3) days. Individual departments may establish more specific reporting procedures. For budgetary and confidentiality reasons, non-exempt employees (eligible for overtime pay) are not authorized to take work home or work through lunch without prior approval from their supervisor.

Access to and Use of City Property

Any employee who has authorized possession of keys, tools, cell phones, or other City-owned equipment must register his/her name and the serial number (if applicable) or identifying information about the equipment with his/her supervisor. All such equipment must be turned in and accounted for by any employee leaving employment with the City in order to resign in good standing.

Employees are responsible for the safekeeping and care of all such equipment. The duplication of keys owned by the City is prohibited unless authorized by the City Administrator/designee. Any employee found having an unauthorized duplicate key will be subject to disciplinary action.

Appearance

Departments may establish dress codes for employees as part of departmental rules. Personal appearance should be appropriate to the nature of the work and contacts with other people and should present a positive image to the public. Clothing, jewelry or other items that could present a safety hazard are not acceptable in the workplace. Please refer to the Personal Appearance and Dress Policy **(APPENDIX)**.

Conflict of Interest

City employees are to remove themselves from situations in which they would have to take action or make a decision where that action or decision could be a perceived or actual conflict of interest or could result in a personal benefit to themselves or a family member. If an employee has any question about whether such a conflict exists, the employee should consult with the City Administrator.

The Councilmembers, board members and all employees are required to disclose any conflict of interest by completing and submitting the 'Conflict of Interest' form upon hire or on an annual basis. The City Administrator may request any employee to disclose a conflict of interest. Please refer to the Conflict of Interest Policy. (**APPENDIX**)

Falsification of Records

Any employee who makes false statement or commits, or attempts to commit, fraud in an effort to prevent the impartial application of these policies, will be subject to immediate disciplinary action up to and including termination and potential criminal prosecution.

Personal Telephone Calls / Cell Phones

Personal telephone calls are to be made or received only when truly necessary (e.g., family or medical emergency). They are not to interfere with City work and are to be completed as quickly as possible. Any personal long-distance call costs will be paid for by the employee. Please refer to the Cell Phone and Computer Use Policies **(APPENDIX).**

Computer Use Policy

The Internet and the public and private telephone systems have become a de facto standard for communication between governmental entities, commercial organizations, and private citizens. Communications traffic may cross multiple and different networks prior to reaching the client destination. The public has a high reliance on the integrity and accuracy of data shared from the City of Isanti. Therefore, each City of Isanti employee should consider themselves to be responsible for adhering to the guidelines and polices regarding the use of these system; to protect the accuracy, integrity and dependability of the City's electronic systems and information. Please refer to the Computer Use Policy **(APPENDIX).**

Political Activity

City employees have the right to express their views and to pursue legitimate involvement in the political system. However, no City employee will directly or indirectly, during hours of employment, solicit or receive funds for political purposes. Further, any political activity in the workplace must be pre-approved by the City to avoid any conflict of interest or perception of bias such as using authority or political influence to compel another employee to apply for or become a member in a political organization. Please refer to the Political Activities of City Employees Policy **(APPENDIX)**.

Smoking

The City of Isanti observes and supports the Minnesota Clean Indoor Air Act. All City buildings and vehicles, in their entirety, are designated as tobacco free, meaning that smoking in any form (through the use of tobacco products such as pipes, cigars, and cigarettes) and form of "vaping" with e-cigarettes (without regard to the presence of nicotine) is prohibited while in any City facility, vehicle, or while using or operating City equipment.

Smoking of any kind, including pipes, cigars, e-cigs/vape devices (without regard to the presence of nicotine) and cigarettes, and the use of chewing tobacco is prohibited for employees while on duty. Employees are allowed to smoke only during their breaks and lunch, and only in areas where smoking is not prohibited and a minimum of fifteen feet from any municipal building entry area.

SECTION 2.

DEFINITIONS

For purposes of these policies, the following definitions will apply:

Authorized Hours
The number of hours an employee was hired to work. Actual hours worked during any given pay period may be different than authorized hours, depending on workload demands or other factors, and upon approval of the employee's supervisor.

Benefits
Privileges granted to qualified employees. Examples of which include paid leave and/or insurance coverage.

Benefit Earning Employees
Full-time employees and employees who are eligible for at least a pro-rated portion of City provided benefits. Such employees must be year-round employees who work at least thirty (30) hours per week on a regular basis.

Core Hours
The core hours for all City Hall employees (exempt and non-exempt) are expected to work are 9:00 a.m. to 3:30 p.m., Monday through Friday unless away from the work site for a work-related activity, on approved leave, or on an approved temporary flexible work schedule. Police, liquor store, and public works employees do not have core hours and work the schedules established by their supervisors or as provided within their union contracts. The City Administrator may approve permanent flexible work scheduling outside of these core hours for employees on a case-by-case basis.

Demotion
The movement of an employee from one job class to another within the City, where the maximum salary for the new position is lower than that of the employee's former position.

Direct Deposit
As permitted by state law, all City employees are required to participate in direct deposit.

Employee
An individual who has successfully completed all stages of the selection process including the training period.

Exempt Employee
Employees who are not covered by the overtime provisions of the federal or state Fair Labor Standards Act.

FICA (Federal Insurance Contributions Act)

FICA is the federal requirement that a certain amount be automatically withheld from employees' earnings. FICA and Medicare contributions are based on amounts set by federal regulations and are subject to change based on federal regulation. The City contributes the matching amount for FICA and Medicare on behalf of each employee. Certain employees are exempt or partially exempt from these withholdings (e.g., police officers).

Fiscal Year
The period from January 1 to December 31.

Full-time Employee
Employees who are required to work forty (40) or more hours per week, year-round, in a permanent position. In accordance with federal health care reform laws and regulations, the City shall offer health insurance benefits to eligible employees and their dependents that work on average or are expected to work thirty (30) or more hours per week or the equivalent of one hundred thirty (130) hours or more per month. In order to comply with health care reform law while avoiding penalties, part-time employees will be scheduled with business needs and in a manner that ensures positions retain part-time status as intended.

Hours of Operation
City Hall's regular hours of operation are Monday through Friday and closed Saturday and Sunday:

Monday	8:00 a.m.- 4:30 p.m.
Tuesday	7:00 a.m.- 5:30 p.m.
Wednesday	8:00 a.m.- 4:30 p.m.
Thursday	7:00 a.m.- 5:30 p.m.
Friday	8:00 a.m.- 4:30 p.m.

Management Employee
An employee who is responsible for managing a department or division of the City.

Non-exempt Employee
Employees who are covered by the federal or state Fair Labor Standards Act. Such employees are normally eligible for overtime at 1.5 times their regular hourly wage for all hours worked over forty (40) in any given workweek.

Part-time Employee
Employees who are required to work less than thirty (30) hours per week year-round in a permanent position. Part-time employees do not earn benefits or credit for seniority.

Pay Period
A fourteen (14) day period beginning at 12:00 a.m. (midnight) on Sunday through 11:59 p.m. on Saturday, fourteen (14) days later.

PERA (Public Employees Retirement Association)

Statewide pension program in which all City employees meeting program requirements must participate in accordance with Minnesota law. The City and the employee each contribute to the employee's retirement account.

Promotion
Movement of an employee from one job class to another within the City, where the maximum salary for the new position is higher than that of the employee's former position.

Reclassify
Movement of a job from one classification to another classification because of a significant change in the position's duties and responsibilities.

Seasonal Employee
Employees who work only part of the year (100 days or less) to conduct seasonal work. Seasonal employees may be assigned to work a full-time or part-time schedule. Seasonal employees do not earn benefits or credit for seniority. In order to comply with health care reform law while avoiding penalties, part-time employees will be scheduled with business needs and in a manner that ensures positions retain part-time status as intended or, in some rare instances, may be offered health insurance.

Seniority
The ranking of an employee based on the longevity of service or higher rank of a position of another employee.

Service Credit
Time worked for the City. All employees begin earning service credit on the first day worked for the City. Some forms of leave will create a break in service.

Temporary/ Interim Employee
Employees who work in temporary positions. Temporary positions might have a defined start and end date or may be for the duration of a specific project. Temporary employees may be assigned to work a full-time or part-time schedule. Temporary employees do not earn benefits or credit for seniority. In order to comply with health care reform law while avoiding penalties, part-time employees will be scheduled with business needs and in a manner that ensures positions retain part-time status as intended or, in some rare instances, may be offered health insurance.

Training/Probationary Period
A six (6) month period at the start of employment with the City (or at the beginning of a promotion, reassignment or transfer) that is designated as a period within which to learn the job. The training period is the last part of the selection process.

Police Department Officers require a twelve (12) month period at the start of employment with the City (or at the beginning of a promotion, reassignment or transfer) that is designated as a period within which to learn the job. The training period is the last part of the selection process.

For part-time employees scheduled to work less than thirty (30) hours per week, the training period is not to exceed five hundred twenty (520) hours. The training period is the last part of the selection process.

An employee serving his/her initial probationary period may be disciplined at the sole discretion of the City, up to and including dismissal. An employee so disciplined, including dismissal, will not have any grievance rights.

Nothing in this Personnel Policy shall be construed to imply that, after completion of the probationary period, an employee has any vested interest or property right to continued City employment.

Time served in temporary, seasonal, volunteer, or interim positions are not considered part of the probationary period. If an emergency arises during an employee's probationary period which requires a leave of absence, such time off, if granted, will not be considered as time worked, and the probationary period will be extended by the length of time taken.

Transfer
Movement of an employee from one City position to another of equivalent pay.

Weapons
Weapons are defined to include all legal or illegal firearms, switchblades knives, or any other object that has been modified to serve as a weapon or that has the primary purpose of serving as a weapon.

Workweek
A workweek is seven (7) consecutive twenty-four (24)-hour periods. For most employees the workweek will run from Sunday through the following Saturday. With the approval of the City Administrator, departments may establish a different workweek based on coverage and service delivery needs.

SECTION 3.

EMPLOYEE RECRUITMENT & SELECTION

Scope
The City Administrator/designee will manage the hiring process for positions within the City. While the hiring process may be coordinated by staff, the City Council is responsible for the final hiring decision and must approve all hires to City employment. All hires will be made according to merit and fitness related to the position being filled.

When an employee elects to resign from his/her position and the position is a budgeted position within the City of Isanti, the City Administrator, is authorized to direct Human Resources to proceed forward with all necessary steps in which to fill the vacant position. All letters of resignation must be approved by the City Council; however, the selection process to fill the

position may start prior to approval of resignation.

Features of the Recruitment System

When a vacancy occurs, the Department Head must notify the City Administrator and the City Administrator will determine proper budgeting authorization. The City Administrator/designee will determine if a vacancy will be filled through an open recruitment or by promotion, transfer or some other method. This determination will be made on a case-by-case basis. Vacancies may be filled by promotion of an employee working on a regular basis for the City who meets the qualifications necessary to perform the duties of the position. The majority of position vacancies will be filled through an open recruitment process.

Employment of Spouses, Relatives or Significant Others (Anti-Nepotism)

An applicant related to any elected or appointed official will not be considered for employment. An applicant related to an employee will not be considered for employment in a department or work situation where the relative would also be employed and if it would result in the influential hiring or supervision of a relative. The words "related" or "relative" for the purpose of this policy will mean: spouse, parent, partner, child, and sibling, step-parent, step-child, and half-siblings, mother-in-law, father-in-law, brother-in-law, sister-in-law, daughter-in-law, and son-in-law; grandparent, and grandchild; nephew, and niece.

In addition, those having a significant relationship to any elected or appointed official or employee such as significant others, roommates, and anyone else whose relationship to such elected or appointed official or employee could reasonably be perceived as causing a conflict of interest will not be considered for employment in a department or work situation where such conflict may result.

Conflict of interest means:

a. Where one employee would supervise or have the authority to appoint, remove or discipline a relative.
b. Where one relative would be responsible for auditing the work of another relative.
c. Where circumstances exist, which would place a relative in a situation or actual or foreseeable conflict between the City's interests and the relative's interest.
d. Where the employment of a relative of a policy-level employee of an organization with whom the City deals would give the appearance of improper influence or favor.
e. Where a relative of a policy level employee, appointed or elected official could be perceived as benefitting from decisions made regarding job benefits or compensation.

Advertisement

The City Administrator/designee will post position vacancy postings on the City website and other advertisement outlets. The posting will specify the title, pay range or rate, nature of work to be performed, qualifications desirable, place and manner of making application and the closing date for receiving the application if so designated. If necessary, other appropriate means of publicizing job openings will be utilized. These include preparation and publication of

newspaper advertisement, advertising in professional or trade journals, contacting other organizations and other accepted recruitment methods.

Application for employment will be made on forms provided by the City online and at the front desk at City Hall. Supplemental questionnaires may be required in certain situations. All candidates must complete and submit the required application materials by the posted deadline, in order to be considered for the position. The deadline for application may be extended by the City Administrator and Human Resources. Unsolicited applications will not be kept on file.

Position vacancies may be filled on an "interim" or "acting" basis as needed. The City Council may approve interim or acting appointments and temporary pay rate adjustments, if any.
Testing and Examinations
Applicant qualifications will be evaluated in one or more of the following ways: training and experience rating; written test; oral test or interview; performance or demonstrative test; physical agility test, or other appropriate job-related exam.

Internal recruitments will be open to any City employee who: (1) has successfully completed the initial training period; (2) meets the minimum qualifications for the vacant position; and (3) currently is and for the past year has been in good standing with the City.

The City Administrator will recommend to the City Council minimum qualifications for each position. To be eligible to participate in the selection process, a candidate must meet the minimum qualifications.

Rehiring past employees will be evaluated on a case-by-case basis by the City Administrator. Certain positions may not require certain pre-employment evaluations if re-hired within 2 months.

All candidates for positions of City employment will be based on merit and qualifications of the applicants for the position to be filled. To evaluate the merit and qualifications of the applicants, a criterion will be established for each such position. The criteria established must be capable of being reduced to a 100-point rating system. A 100-point system must be applied to all positions of City employment except for those positions specifically exempted from the Veterans' Preference Act.

Pre-Employment Medical Exams

The City Administrator or designee may determine that a pre-employment medical examination, which may include a psychological evaluation, is necessary to determine fitness to perform the essential functions of any City position. Pre-employment medical examinations are required for the hire of Police Officers and Public Works Technicians and other positions if determined by the City Administrator. Where a medical examination is required, an offer of employment is contingent upon successful completion of the medical exam.

When a pre-employment medical exam is required, it will be required of all candidates who are finalists and/or who are offered employment for a given job class. Information obtained from the medical exam will be treated as confidential medical records.

When required, the medical exam will be conducted by a licensed physician designated by the City with the cost of the exam paid by the City. (Psychological/psychiatric exams will be conducted by a licensed psychologist or psychiatrist.) The physician will notify the City Administrator/designee that a candidate either is or isn't medically able to perform the essential functions of the job, with or without accommodations and whether the candidate passed a drug test, if applicable. If the candidate requires accommodation to perform one or more of the essential functions of the job, the City Administrator or designee will confer with the physician and candidate regarding reasonable and acceptable accommodations. If a candidate is rejected for employment based on the results of the medical exam, he/she will be notified of this determination.

Selection Process

The selection process will be a cooperative effort between the City Administrator/Human Resources and the Department Head, subject to final hiring approval of the City Council. Any, all, or none of the candidates may be interviewed. Selected candidate(s) for a position will be finalized by resolution indicating the title, anticipated start date, salary and other applicable details.

The process for hiring seasonal and temporary employees may be delegated to the appropriate supervisor with each hire subject to final City Council approval. Except where prohibited by law, seasonable and temporary employees may be terminated by the supervisor at any time, subject to City Council approval.

The City has the right to make the final hiring decision based on qualifications, abilities, experience, and the City of Isanti's needs.

Background Checks

All finalists for employment with the City will be subject to a background check to confirm information submitted as part of application materials and to assist in determining the candidate's suitability for the position. Except where already defined by state law, the City Administrator will determine the level of background check to be conducted based on the position being filled. Job offers are all contingent on successfully passing a background check.

Notification

Human Resources or designee will notify in writing by letter or email to the candidate selected. The notification will include the employment date, title, salary and listing of benefits. Human Resources or designee will notify in writing, letter or email those not selected.

Training/ Probation

The training / probation period is an integral part of the selection process and will be used for the purpose of observing the employee's work and for training the employee in work expectations. Training periods apply to new hires, transfers, promotions and rehires. Training periods are six (6) months (or 1040 hours) in duration with the exception of Police Officers whose training period is one (1) year. The training / probation period will be used to observe the employee's work for securing the most effective adjustment of the employee to the position and for rejecting any employee whose performance does not meet the required work standards. Upon recommendation by the Department Head and approval by the City Administrator, the training/probation period for employees not covered by a collective bargaining agreement may be extended up to an additional six (6) months' time period. The training/probation period may also be extended by, for example, an unpaid leave of absence.

Training/ Probationary Termination

The City Administrator may recommend to City Council to terminate or demote a probationary employee at any time during the probation period. Upon request, the employee terminated will be notified in writing of the reasons for the termination. Unless required by law or under the terms of a collective bargaining agreement, the employee terminated and will not have the right to appeal.

SECTION 4.

ORGANIZATION

Job Descriptions

The City will maintain job descriptions for each position. New positions will be developed as needed, but must be approved by the City Council prior to the position being filled.

Each job description will include: position title, department, supervisor's title, FLSA status (exempt or non-exempt), primary objective of the position, essential functions of the position, examples of performance criteria, minimum requirements, desirable training and experience, supervisory responsibilities (if any), and extent of supervisory direction or guidance provided to position. In addition, job descriptions may also describe the benefits offered and potential career path opportunities as a means to entice a qualified pool of applicants. Good attendance and compliance with work rules and policies are essential functions of all city positions.

Prior to posting a vacant position the existing job description will be reviewed by the City Administrator/designee and the hiring supervisor to ensure the job description is an accurate reflection of the position and the stated job qualifications do not present artificial barriers to employment. A current job description is provided to each new employee. Department Heads are responsible for recommending revisions of job descriptions as necessary to ensure that the position's duties and responsibilities are accurately reflected. All revisions are reviewed and must be approved by the City Administrator.

Assigning and Scheduling Work
Assignment of work duties and scheduling work is the responsibility of the supervisor subject to the approval of the City Administrator.

Layoff
In the event it becomes necessary to reduce personnel, temporary employees and those serving a probationary period in affected job classes will be terminated from employment with the City before other employees in those job classes. Within these groups, the selection of employees to be retained will be based on merit and ability as determined by the City Administrator, subject to approval of the City Council. When all other considerations are equal, the principle of seniority will apply in layoffs and recall from layoffs.

Recall
An employee who is recalled to work in the same position after a layoff of less than 365 days will resume work with all of their seniority intact. For purposes of accumulating vacation, sick leave, and other similar benefits, the employee will be considered to have not been working during their layoff. If an employee is recalled to work after a layoff of more than 365 days or re-hired for a new position, they can and will be considered a new employee.

SECTION 5.

HOURS OF WORK

Work Hours

Work schedules for employees will be determined by the department head and approved by the City Administrator. For most employees, the workweek begins at midnight on Sunday and runs until the following Saturday night at 11:59 p.m. The regular workweek for employees is five eight-hour days in addition to a lunch period, Monday through Friday, except as otherwise approved by the City Administrator in accordance with the customs and needs of the individual departments.

Core Hours

To ensure employee availability and accountability to the public the City serves, she normal City business hours are from 8:00 a.m. to 4:30 p.m. Monday, Wednesday, Friday and 7:00 a.m-5:30 p.m. Tuesday and Thursday for City Hall Offices (with core hours being from 9:00 a.m. to 3:30 p.m.). The City may allow flexible scheduling of work hours to accommodate eight (8)- or ten (10)-hour days; however, flexible hours must be approved by the Department Head and the City Administrator, to work a minimum of 40 hours per week for full time staff.

Meal Breaks and Rest Periods

A paid fifteen (15) minute break is allowed within each four (4) consecutive hours of work. An unpaid thirty (30) minute lunch period is provided when an employee works eight (8) or more consecutive hours. Employees are expected to use these breaks as intended and will not be permitted to adjust work start time, end time or lunch time by saving these breaks without prior approval by the department head and City Administrator on a case by case basis, not to be abused.

Employees working in City buildings will normally take their break at the place provided for that purpose in each building. Employees working out-of-doors will normally take their break at the location of their work. Employees whose duties involve traveling throughout the City may stop along the assigned route at a restaurant or other public accommodation for their fifteen (15) minute break. Exceptions must be approved by the Department Head and City Administrator.

Work from Home

Employees who perform work at home must first be pre-authorized by the City Administrator.

Adverse Weather Conditions

City facilities will generally be open during adverse weather. Due to individual circumstances, each employee will have to evaluate the weather and road conditions in deciding to report to

work (or leave early). Employees will be allowed to use accrued vacation time or compensatory time; or with supervisor approval may modify the work schedule or make other reasonable schedule adjustments.

Sworn police officers and public works maintenance employees will generally be required to report to work regardless of conditions.
Decisions to cancel departmental programs (special events, recreation programs, etc.) will be made by the respective supervisor or the City Administrator. Please refer to the Inclement Weather Procedure **(APPENDIX)**

SECTION 6.

COMPENSATION

Full-time employees of the city will be compensated according to schedules adopted by the City Council. Unless approved by the Council, employees will not receive any amount from the City in addition to the pay authorized for the positions to which they have been appointed. Expense reimbursement or travel expenses may be authorized in addition to regular pay.

Amount
Employees may receive a cost of living adjustment (COLA) to their wage on January 1st of each year if the COLA has been approved by resolution of the City Council for the given budget year. All step increases based on the wage schedule may be given to the employee if the step increases have been approved by resolution of the City Council and subject to the following:

1. All employees hired prior to September 1, 2007 will receive a step increase on July 1 of each given year
2. Employees hired on or after September 1, 2007 will receive a step increase on their anniversary date, successful completion of 2080 worked hours.
3. Part-time employees who are promoted to a new position and receive a new wage scale will accumulate hours for step increases based on the date the employee begins the new position.
4. Compensation for seasonal and temporary employees will be set by the City Council at the time of hire, or on an annual basis.

Under the Minnesota Wage Disclosure Protection Law, employees have the right to tell any person the amount of their own wages. While the Minnesota Government Data Practices Act (Minn. Stat. §13.43), specifically lists an employee's actual gross salary and salary range as public personnel data, Minnesota law also requires wage disclosure protection rights and remedies to be included in employer personnel handbooks. To that end, and in accordance with Minn. Stat. §181.172, employers may not:

- Require nondisclosure by an employee of his or her wages as a condition of employment.
- Require an employee to sign a waiver or other document which purports to deny an employee the right to disclose the employee's wages.

- Take any adverse employment action against an employee for disclosing the employee's own wages or discussing another employee's wages which have been disclosed voluntarily.
- Retaliate against an employee for asserting rights or remedies under Minn. Stat. §181.172, subd. 3.

The city cannot retaliate against an employee for disclosing his/her own wages. An employee's remedies under the Wage Disclosure Protection Law are to bring a civil action against the city and/or file a complaint with the Minnesota Department of Labor and Industry at (651) 284-5070 or (800) 342-5354.

Paychecks

Paychecks are issued every two weeks. Distribution of paychecks to City employees is to be accomplished in a timely manner using accurate, consistent procedures. When paydays fall on a holiday, checks are normally issued the day before the holiday.

Paychecks will not be given to anyone other than the person for whom they were prepared, unless the person has a note signed by the employee authorizing the City to give the other person the check. Checks will be given to the spouse, or another appropriate immediate family member, in the case of a deceased employee.

Employees are responsible for notifying the Human Resources or the Finance Department of any change in status including changes in address, phone number, names of beneficiaries, marital status, etc.

Paydays

Employees will be paid bi-weekly on alternate Fridays. When a pay day falls on a holiday, employees will receive their pay the preceding work day.

Direct Deposit

As provided for in Minnesota law, all new employees are required participate in direct deposit effective January 1, 2020. Employees, including returning seasonal employees, who receive a paper check prior to January 2020, may continue to receive them as "grandfathered in." Employees are responsible for notifying the Human Resources or the Finance Director of any change in status including changes in address, phone number, names of beneficiaries, marital status, etc.

Time Reporting

Full-time, non-exempt employees are expected to work forty (40) hours per workweek and will be paid according to the time reported on their time sheets. To comply with the provisions of the federal and state Fair Labor Standards Acts, hours worked and any leave time used by non-exempt employees are to be recorded daily and submitted to payroll on a biweekly basis. Each time reporting form must include the signature of the immediate supervisor. The Department Head/designee will submit all time sheets to the Finance Department for payroll. Reporting false information on a time sheet may be cause for immediate termination.

Overtime / Compensatory Time

The City of Isanti has established this overtime policy to comply with applicable state and federal laws governing accrual and use of overtime. The City Administrator will determine whether each employee is designated as "exempt" or "non-exempt" from earning overtime. In general, employees in executive, administrative, and professional job classes are exempt; all others are non-exempt.

All employees, in all departments, are required to work overtime as necessary, requested by their supervisors as a condition of continued employment. Refusal to work overtime may result in disciplinary action. Department Heads will make reasonable efforts to balance the personal needs of their employees when assigning overtime work. The Department Head must approve overtime hours in advance. An employee who works overtime without prior approval may be subject to disciplinary action.

Non-Exempt (Overtime-eligible) Employees:

All overtime-eligible employees will be compensated at the rate of time and one-half for all hours worked over forty (40) in one workweek. Vacation, sick leave and paid holidays do not count toward "hours worked". Compensation will take the form of either time-and-one-half pay or compensatory time. Compensatory time is paid time off at the rate of one-and one-half hours (1 ½) off for each hour of overtime worked.

A non-exempt employee may accrue compensatory time to a maximum of eighty (80) hours or receive overtime pay. Once a non-exempt employee has earned the maximum amount of compensatory time, no further compensatory time may accrue in that calendar year. All further overtime will be paid. Employees may request and use compensatory time in the same manner as other leave requests. All compensatory time will be marked as such on official timesheets, both when it is earned and when it is used. The Finance Department will maintain compensatory time records.

All accrued compensatory time for non-exempt staff will be paid out when the employee leaves city employment at the hourly pay rate the employee is earning at that time or when someone moves to an exempt position within the City. Total payout is based on total number of hours at straight time. The 80-hour max is a combination of 1 and 1.5 banked.

*Police Officers to whom the Federal Fair Labor Standards Act (FLSA) applies to will be compensated for overtime work at one and one-half (1 ½) times their regular rate of pay to be given only in compensatory time except where precluded by law or policy. Unless defined in a contract, overtime hours are calculated on the basis of eighty (80) hours worked in a two (2) week pay period with the two (2) week period established from Sunday at 12:00 a.m. for a period of fourteen (14) days and ending on a Saturday at 11:59 p.m.

Exempt (not-overtime-eligible) Employees:

Exempt employees are expected to work the hours necessary to meet the performance expectations outlined by their supervisors. Generally, to meet these expectations, and for reasons of public accountability, an exempt employee will need to work forty (40) or more hours per

week. Exempt employees do not receive extra pay for the hours worked over forty (40) in one workweek.

Exempt employees are paid on a salary basis. This means that they receive a predetermined amount of pay each pay period and are not paid by the hour. Their pay does not vary based on the quality or quantity of work performed, and they receive their full weekly salary for any week in which any work is performed.

Exempt employees are eligible for compensatory time at straight time for hours worked in excess of forty (40) hours in a work week or over 8/10-hour a day depending on schedule. However, exempt employees forfeit any compensatory time accrued in excess of eighty (80) hours, unless a different amount is established by the City Administrator, measured pay period to pay period. Upon termination from employment, either voluntarily or involuntarily, exempt employees forfeit any accumulated compensatory time without payment. Exempt employees may request and use compensatory time off in 15-minute increments, in the same manner as other leave requests.

The City of Isanti will only make deductions from the weekly salary of an exempt employee in the following situations:

- The employee is in a position that does not earn vacation or personal leave and is absent for a day or more for personal reasons other than sickness or accident.
- The employee is in a position that earns sick leave, receives a short-term disability benefit or workers' compensation wage loss benefits, and is absent for a full day due to sickness or disability, but he/she is either not yet qualified to use the paid leave or he/she has exhausted all of his/her paid leave.
- The employee is absent for a full workweek and, for whatever reason, the absence is not charged to paid leave (for example, a situation where the employee has exhausted all of his/her paid leave or a situation where the employee does not earn paid leave).
- The very first workweek or the very last workweek of employment with the city in which the employee does not work a full week. In this case, the city will prorate the employee's salary based on the time actually worked.
- The employee is in a position that earns paid leave and is absent for a partial day due to personal reasons, illness, or injury, but:
    - Paid leave has not been requested or has been denied.
    - Paid leave is exhausted.
    - The employee has specifically requested unpaid leave.
- The employee is suspended without pay for a full day or more for disciplinary reasons for violations of any written policy that is applied to all employees.
- The employee takes unpaid leave under the FMLA.
- The City of Isanti may for budgetary reasons implement a voluntary or involuntary unpaid leave program and, under this program, make deductions from the weekly salary of an exempt employee. In this case, the employee will be treated as non-exempt for any workweek in which the budget-related deductions are made.

The City of Isanti will not make deductions from pay due to exempt employees being absent for jury duty or attendance as a witness but will require the employee to pay back to the City any amounts received by the employee as jury fees or witness fees.

If the City inadvertently makes an improper deduction to the weekly salary of an exempt employee, the City will reimburse the employee and make appropriate changes to comply in the future.

All employees, in all departments, are required to work overtime as requested by their supervisors as a condition of continued employment. Refusal to work overtime may result in disciplinary action. Supervisors will make reasonable efforts to balance the personal needs of their employees when assigning overtime work.

Leave Policy for Exempt Employees

Exempt employees are required to work the number of hours necessary to fulfill their responsibilities including evening meetings and/or on-call hours. Exempt employees are required to use paid leave when on personal business or away from the office for two (2) hours or more, on a given day. Absences of less than two (2) hours do not require use of paid leave as it is presumed that the staff member regularly puts in work hours above and beyond the normal work schedule Monday through Friday requirement. Exempt employees must communicate their absence to the City Administrator or his/her designee.

If one of the above employees is regularly absent from work under this policy and it is found that there is excessive time away from work which is not justified, the situation will be handled as a performance issue. If it appears that less than forty (40) hours per week is needed to fulfill the position's responsibilities, the position will be reviewed to determine whether a part-time position will meet the needs of the City. Flexible scheduling and combining leave with lunch is subject to prior approval by the City Administrator for specific situations as determined necessary. Additional notification and approval requirements may be adopted by the City Administrator for specific situations as determined necessary.

SECTION 7.

PERFORMANCE REVIEWS

An objective performance review system will be established by the City Administrator or Human Resources for the purpose of periodically evaluating the performance of City employees. The quality of an employee's past performance will be considered in personnel decisions such as promotions, transfers, demotions, terminations and, where applicable, salary adjustments.

Performance reviews will be discussed with the employee. While certain components of a performance evaluation, such as disputed facts reported to be incomplete or inaccurate are challengeable using the City's grievance process, other performance evaluation data, including subjective assessments, are not. For those parts of the performance evaluation system deemed not challengeable, an employee may submit a written response, which will be attached to the performance review. Performance reviews are to be scheduled on a regular basis, at least

annually. The form, with all required signatures, will be retained as part of the employee's personnel file.

During the training/probationary period, informal performance meetings should occur frequently between the supervisor and the employee. Conducting these informal performance meetings provides both the supervisor and the employee the opportunity to discuss what is expected, what is going well and not so well.

Signing of the performance review document by the employee acknowledges the review has been discussed with the supervisor and does not necessarily constitute agreement. Failure or refusal to sign the review by the employee will not invalidate the form nor will it delay processing.

SECTION 8.

BENEFITS

The City will contribute a monthly amount toward group health, dental and life insurance benefits for each eligible employee and his/her dependents. Eligible employees are full time employees and employees working thirty (30) hours per week or the equivalent of 130 hours or more a month. The amount to be contributed will be determined annually by the City Council.

Insurance coverage is effective the 1st day of the first full month of employment for all eligible employees.

- The City pays the full cost of the health insurance premium for single coverage.
  - If the plan includes an HSA, the City will annually review the amount contributed to employees based on IRS guidelines.
- The City pays the full cost of Dental for the employee and dependents.
- The City pays the full cost of Life Insurance and AD&D for the employee in the amount of $25,000

The City may provide elective benefits, outlined within the Flexible Benefit Plan/Cafeteria 125 summary plan document.

Cash Reimbursement is outlined in the summary plan document as an elected benefit to eligible employees who "opt out" of the City benefits.

For information about flexible benefits, including coverage and eligibility requirements, employees should refer to the summary plan description for the Flexible Benefit Plan/Cafeteria 125 plan and the various certificates of coverage for the insurance benefits. You may also contact Human Resources.

Retirement /PERA

The City participates in the Public Employees Retirement Fund (PERA) to provide pension benefits for its eligible employees. Participation in PERA is mandatory for most employees, and

contributions to PERA begin immediately. This City and the employee contribute to PERA each pay period as determined by state law. Most employees are also required to contribute a portion of each pay check for Social Security and Medicare (the City matches the employee's Social Security and Medicare withholding for many employees.

Employees may also be eligible to participate in deferred compensation programs offered through the City. Options may include participation in the ICMA RC and MN Deferred Compensation plans. Contributions to these plans are at the employee's cost. For information about PERA eligibility, contribution requirements, and the deferred compensation programs, contact Human Resources.

SECTION 9.

HOLIDAYS

The City observes the following official holidays for full-time and part-time thirty (30) hours employees:

New Year's Day
Martin Luther King, Jr.
President's Day
Good Friday
Memorial Day
Independence Day
Labor Day
Columbus Day (Floating)
Veteran's Day
Thanksgiving Day
Friday after Thanksgiving
Christmas Eve
Christmas Day

Official holidays commence at the beginning of the first shift of the day on which the holiday is observed and continue for twenty-four (24) hours thereafter.

When a holiday falls on a Sunday, the following Monday will be the "observed" holiday and when a holiday falls on a Saturday, the preceding Friday will be the "observed" holiday for City operations/facilities that are closed on holidays.

Employees will receive holiday pay for City-observed holidays. Employees wanting to observe holidays other than those officially observed by the City may request either vacation leave, compensatory time, or unpaid leave for such time off. Any employee on a leave of absence without pay from the City is not eligible for holiday pay.

Full-time nonexempt employees who do not work a holiday will receive 8 hours holiday pay for official holidays at their normal straight time rates, provided they are on paid status on the last scheduled day prior to the holiday and first scheduled day immediately after the holiday.

Part-time thirty (30) hour employees who do not work a holiday will receive pro-rated holiday pay based on the number of hours normally scheduled provided they are on paid status on the last scheduled day prior to the holiday and first scheduled day immediately after the holiday.

Non-exempt employees who work on a holiday will receive pay at one and one-half (1 ½) for the hours worked and will be given at straight time. Pay at one and one- half (1 ½) will be on regular base hourly wage not to be pyramided with any other premium. Pay of one and one-half (1 ½) times the regular hourly wage for employees required to work on a listed holiday will be for the hours worked on the "actual" holiday as opposed to the "observed" holiday.

SECTION 10.

LEAVES

Depending upon an employee's situation, more than one form of leave may apply during the same period of time (e.g., the Family and Medical Leave Act is likely to apply during a workers' compensation absence). An employee will need to meet the requirements of each form of leave separately. Leave requests will be evaluated on a case-by-case basis.

Except as otherwise stated, all paid time off, taken under any of the City's leave programs, must be taken consecutively, with no intervening unpaid leave. The City will provide employees with time away from work as required by state or federal statutes, if there are requirements for such time off that are not described in the personnel policies.

Sick Leave

Sick leave is authorized absence from work with pay, granted to qualified full-time and part-time thirty (30) hour employees. Sick leave is a privilege, not a right. Employees are to use this paid leave only when they are unable to work for medical reasons and under the conditions explained below. Sick leave does not accrue during an unpaid leave of absence.

- Full-time employees will accumulate sick leave at a rate of eight (8) hours per month.
- Part-time employees regularly scheduled to work at least 30 hours per week will accrue sick leave on a pro-rated basis of the full-time employee schedule.
- Part-time employees regularly scheduled to work fewer than 30 hours per week will not earn or accrue sick leave.
- Temporary and seasonal employees will not earn or accrue sick leave.
- Sick leave may be used only for days when the employee would otherwise have been at work. It cannot be used for scheduled days off.

Sick leave may be used as follows:

- When an employee is unable to perform work duties due to illness or disability (including pregnancy).
- In increments as small as 15 minutes.
- An employee who is drawing worker's compensation will be allowed to use accumulated sick leave as necessary to ensure a full monthly paycheck, providing that employee shows documentation to the Employer.
- For medical, dental or other care provider appointments.
- When an employee has been exposed to a contagious disease of such a nature that his/her presence at the work place could endanger the health of others.

- To care for the employee's injured or ill children, including stepchildren or foster children, for such reasonable periods as the employee's attendance with the child may be necessary.
- To take children, or other family members to a medical, dental or other care provider appointment.
- To care for an ill spouse, father, mother, sister or brother.
- Safety leave: Employees are authorized to use sick leave for reasonable absences for themselves or relatives (employee's adult child, spouse, sibling, parent, mother-in-law, father-in-law, grandchild, grandparent, or stepparent) who are providing or receiving assistance because they, or a relative, is a victim of sexual assault, domestic abuse, or stalking. Safety leave for those listed, other than the employee and the employee's child, is limited to 160 hours in any 12-month period.

Pursuant to Minn. Stat. §181.9413, eligible employees may use up to 160 hours of sick leave in any 12-month period for absences due to an illness of or injury to the employee's adult child, spouse, sibling, parent, grandparent, stepparent, parent-in-law (mother-in-law and father-in-law), and grandchild (includes step-grandchild, biological, adopted, or foster grandchild).

After accrued sick leave has been exhausted, vacation leave or other leaves may be used upon approval of the City Administrator, to the extent the employee is entitled to such leave.

To be eligible for sick leave pay, the employee will:

- Communicate with his/her immediate supervisor, as soon as possible after the scheduled start of the work day, for each and every day absent;
- Keep his/her Department Head/ Human Resources informed of the status of the illness/injury or the condition of the ill family member;
- Submit a physician's statement upon request.

Returning to Work After Medical Absence

After a medical absence beyond five (5) working days, a physician's statement may be required on the employee's first day back to work, indicating the nature of the illness or medical condition and attesting to the employees' ability to return to work and safely perform the essential functions of the job with or without reasonable accommodation.

Any work restrictions must be stated clearly on a return-to-work or workability form. Employees who have been asked to provide such a statement may not be allowed to return to work until they comply with this provision. Sick leave may be denied for any employee required to provide a doctor's statement until such a statement is provided.

The City has the right to obtain a second medical opinion to determine the validity of an employee's worker's compensation or sick leave claim, or to obtain information related to restrictions or an employee's ability to work. The City will arrange and pay for an appropriate medical evaluation when it is required by the City.

Any employee who makes a false claim for sick leave will be subject to discipline up to and including termination. Sick leave will normally not be approved after an employee gives notice

that he or she will be terminating employment. Exceptions must be approved by the City Administrator.

Reimbursement of Accrued Sick Hours

Upon accrual of four hundred eighty (480) hours, the City will, on an annual basis, reimburse unused sick leave at the rate of one-half (½) of the employee's daily salary based on a maximum accrual of ninety-six (96) hours for those hours over the four hundred eighty (480) hours. Those hours will be paid out on the first pay date in December of each year.

The sick leave time reimbursed by the City will be lost by the employee for accumulation purposes. The sick leave that is accumulated may be used only for sick leave purposes and the employee will not be reimbursed for unused sick leave except in the manner as described in this section.

Upon termination of an employee in good standing and with five years consecutive employment, the employee will be reimbursed one-half (½)pay for sick days not used to a maximum of four hundred eighty (480) accumulated hours at the employee's current rate of pay; and the employee will be reimbursed for any unused sick leave for hours accrued in the termination year at the rate of one-half (½) of the employee's daily salary based on a maximum accrual of ninety-six (96) hours.

Vacation Leave

Vacation will accrue at the following rates at the start of each year employed:

Years of Service	Annual Accrual
First (1) year:	6 days (48 hrs.)
Second (2) year	12 days (96 hrs.)
Sixth (6) year	18 days (144 hrs.)
Tenth (10) year	24 days (192 hrs.)
Fifteenth (15) year	27 days (216 hrs.)

Eligibility

Full-time employees will earn vacation leave in accordance with the above schedule.

Part-time employees who work at least thirty (30) hours per week on a regular basis will accrue vacation leave on a prorated basis of the full-time employee schedule.

Part-time employees who are scheduled to work less than thirty (30) hours on a regular basis, temporary and seasonal employees will not earn or accrue vacation leave.

Accrual Rate

For the purpose of determining an employee's vacation accrual rate, years of service will include all continuous time that the employee has worked at the city (including authorized unpaid leave). Employees who are rehired after terminating city employment will not receive credit for their prior service unless specifically negotiated at the time of hire.

Use

While an employee is training/on probation, vacation leave may be used as it is earned, subject to approval by the employee's Department Head.

*Every full-time and part-time thirty (30) hour plus employee hired prior to March 1, 2007 will have July 1 as their anniversary date for purposes of earned vacation. Vacation earned from the date of employment to July 1 will be credited to the employee and will be taken as provided. Every full-time and part-time thirty (30) hour plus employee hired after March 1, 2007 will have their date of hire as their anniversary date for purposes of earned vacation.

An employee will not earn any vacation leave for any pay period unless he/she is employed by the City on the last scheduled work day of the pay period. Requests for vacation should be received at least forty-eight (48) hours in advance of the requested time off. This notice may be waived at the discretion of the Department Head and/or City Administrator. Vacation can be requested in increments as small as 15 minutes.

On the employee's anniversary date, employees may carry accrued vacation leave up to a maximum of the employee's annual accrual rate plus forty-eight (48 hours). Accrued hours in excess of the allowed amount will be forfeited by the employee unless obtaining approval of the City Council to carry the excess of the allowed amount. Vacation hours will be audited on an annual basis by the Finance Department, but it is the responsibility of the employees to track maximum accrual. Vacation leave cannot be converted into cash payments except at termination.

Vacation Donation

An employee may voluntarily donate their accumulated vacation hours, up to a max of 24 hours, to other employees annually, unless approved by the City Administrator. Donated time will be paid to the recipient at the recipient's regular rate of pay on an hour per hour basis, and there will be no consideration for differences in wage rates applied to the transfer.

Funeral Leave

Employees will be permitted to use up to three (3) working days, with pay, as funeral leave upon the death of an immediate family member. This paid leave will not be deducted from the employee's vacation or sick leave balance.

The actual amount of time off, and funeral leave approved, will be determined by the Department Head or City Administrator depending on individual circumstances (such as the closeness of the relative, arrangements to be made, distance to the funeral, etc.)

Military Leave

State and federal laws provide protections and benefits to City employees who are called to military service, whether in the reserves or on active duty. Such employees are entitled to a leave of absence without loss of pay, seniority status, efficiency rating, or benefits for the time the employee is engaged in training or active service not exceeding a total of 15 days in any calendar year.

The leave of absence is only in the event the employee returns to employment with the City as required upon being relieved from service, or is prevented from returning by physical or mental disability or other cause not the fault of the employee, or is required by the proper authority to continue in military or naval service beyond the fifteen (15) day paid leave of absence. Employees on extended unpaid military leave will receive fifteen (15) days paid leave of absence in each calendar year, not to exceed five years.

Where possible, notice is to be provided to the City at least ten (10) working days in advance of the requested leave. If an employee has not yet used his/her fifteen (15) days of paid leave when called to active duty, any unused paid time will be allowed for the active duty time, prior to the unpaid leave of absence.

Employees returning from military service will be reemployed in the job that they would have attained had they not been absent for military service and with the same seniority, status and pay, as well as other rights and benefits determined by seniority. Unpaid military leave will be considered hours worked for the purpose of vacation leave and sick leave accruals.

Eligibility for continuation of insurance coverage for employees on military leave beyond fifteen (15) days will follow the same procedures as for any employee on an unpaid leave of absence.

Employees will be granted up to ten (10) working days of unpaid leave whose immediate family member is a member of the United States armed forces who has been injured or killed while engaged in active service. The ten (10) days may be reduced if an employee elects to use appropriate accrued paid leave.

Unless the leave would unduly disrupt the operations of the City, employees whose immediate family member, as a member of the United States armed forces has been ordered into active service in support of a war or other national emergency, will be granted an unpaid leave of absence, not to exceed one (1) day's duration in any calendar year, to attend a send-off or homecoming ceremony for the mobilized service member.

Jury Duty

Regular full-time and part-time employees will be granted paid leaves of absence for required jury duty. Such employees will be required to turn over any compensation they receive for jury duty, minus mileage reimbursement, to the City in order to receive their regular wages for the period. Time spent on jury duty will not be counted as time worked in computing overtime.

Employees excused or released from jury duty during their regular working hours will report to their regular work duties as soon as reasonably possible or will take accrued vacation or compensatory time to make up the difference.

Employees are required to notify their supervisor as soon as possible after receiving notice to report for jury duty. The employee will be responsible for ensuring that a report of time spent on jury duty and pay form is completed by the clerk of court so the city will be able to determine the amount of compensation due for the period involved.

Temporary and seasonal employees are generally not eligible for compensation for absences due to jury duty, but can take a leave without pay subject to department head approval. However, if a temporary or seasonal employee is classified as exempt, he/she will receive compensation for the jury duty time.

Court Appearances

Employees will be paid their regular wage to testify in court for City-related business. Any compensation received for court appearances (e.g. subpoena fees) arising out of or in connection with City employment, minus mileage reimbursement, must be turned over to the City.

Victim or Witness Leave

An employer must allow a victim or witness, who is subpoenaed or requested by the prosecutor to attend court for the purpose of giving testimony, or is the spouse or immediate family member (immediate family member includes parent, spouse, child or sibling of the employee) of such victim, reasonable time off from work to attend criminal proceedings related to the victim's case. [See Safety Leave under the Sick Leave Policy for additional information on leave benefits available to employees and certain family members].

Job Related Injury or Illness

All employees are required to report any job-related illnesses or injuries to their supervisor immediately (no matter how minor) and a First Report of Injury (FROI) form must be filled out and submitted to Human Resources. If a supervisor is not available and the nature of injury or illness requires immediate treatment, the employee is to go to the nearest available medical facility for treatment and, as soon as possible, notify his/her supervisor of the action taken. In the case of a serious emergency, 911 should be called.

If the injury is not of an emergency nature, but requires medical attention, the employee will report it to the supervisor and make arrangements for a medical appointment.

Worker's compensation benefits and procedures to return to work will be applied according to applicable state and federal laws.

Workers Compensation

An employee injured on the job will receive compensation from the City's Worker's Compensation Insurance provider after a three (3) day initial waiting period. The three (3) days waiting period will be charged to the Employee's sick leave account. Should the employee receive workers compensation for a period of ten (10) days or more, workers compensation will pay for the initial three (3) days and the employee's sick leave account will be credited the initial waiting period. Because the compensation provided by the insurance may be less than the normal salary, the city may use leave pay (sick, personal, or vacation) to provide the difference between the employee's regular net pay (irrespective of all deductions required by State and Federal Law) and the worker's compensation amount. In the event that all leave pay available to an employee is exhausted, the employee would be paid exclusively through the worker's compensation plan.

Workers Compensation: Leave Accrual and Holidays

During the period in which an employee is out on workers compensation leave, the employee will continue to accrue leave hours (sick and vacation) as if they were working, for up to six (6) months. After six (6) months, and during such time as the employee continues on workers compensation leave the employee will continue to accrue leave hours (sick and vacation pay) based on the percentage of City salary being received through use of leave hours. Holiday pay will also be given for this time period as long as the employee retains employment status with the City. There will be no further leave accrual or holiday pay after employment with the City of Isanti is terminated.

At the time the employee returns to work, the employee will begin to accrue leave based on the number of hours the employee works.

Pension

To the extent permissible under PERA guidelines, and provided the employee so chooses to pay the employee's share, the City will pay the amount of the employer paid pension that was lost during the worker's compensation leave to help restore the portion of the employee's pension attributable to City leave funds paid to the employee.

Insurance Benefits

1. During the worker's compensation period in which an employee is being partially compensated by the City (with the use of available leave hours), the employee will continue to receive insurance benefits applicable to the position held at the time of the injury. Applicable insurance benefits will continue for a period of no more than six (6) months from the time that an employee's leave hours are exhausted and partial City compensation has discontinued. The employee will continue to be responsible for the employee portion of insurance payments, if any; and any other personal deductions the employee may have. If the City is not providing a portion of the employee's wage adequate to withhold the employee portion of premiums, with the use of available leave, the employee must provide such payment to the city on a timely basis in order to maintain insurance coverage.

2. Upon an employee's return to their original position, or to a work hardening program which schedules return to their original position, the employee will receive insurance benefits applicable to that position.

3. If it has been determined by medical evaluation and the City's Worker's Compensation Insurance provider that as the result of a job related injury, a regular full-time employee is unable to return to work full time (forty (40) hours per week), and if a regular part-time position is available that would accommodate all work restrictions and for which the employee would otherwise qualify and is accepted by the employee, insurance benefits would be continued at the original full-time rate for the remainder of the six (6) month period after which time lapses, insurance benefits would be prorated based on the new position.

4. The wage paid to the retuning employee by the city would be consistent with the wage established for the new position. In the event the new wage is less than the wage for the original position, the City's Worker's Compensation Insurance provider would be responsible for the payment of any wage difference for such period as determined by the insurance provider and consistent with State law.

5. If it has been determined by medical evaluation and the City's Worker's Compensation Insurance provider that as a result of a job related injury, a regular full-time employee is unable to return to the employee's original position as the result of physical restrictions, and if there is a position available that would accommodate those restrictions and for which the employee would otherwise qualify, the individual accepting the new position would also be subject to the benefit and wage stipulations as stated above.

6. If it has been determined by medical evaluation and the City's Worker's Compensation Insurance provider that an employee had reached maximum potential recovery from a work related injury and that a permanent disability exists that would preclude the employee from returning to their former position and that no other position is available that would accommodate the employee's work restrictions and for which the employee was otherwise qualified, the City's Worker's Compensation Insurance provider would be fully responsible for the monetary settlement with the employee and the employee would be terminated from their position with the City. The employee would be allowed to continue insurance coverage as provided in state and/or federal law and would be responsible for payment of insurance premiums.

Family and Medical Leave (FMLA)

The Family and Medical Leave Act (29 CFR Part 825) provides certain employees with up to 12 workweeks of unpaid, job-protected leave a year, and requires group health benefits to be maintained during the leave as if employees continued to work instead of taking leave. **(APPENDIX)**

To be eligible for FMLA leave, an employee must work for a covered employer and:

- have worked for that employer for at least 12 months; and
- have worked at least 1,250 hours during the 12 months prior to the start of the FMLA leave; and
- work at a location where at least 50 employees are employed at the location or within 75 miles of the location.

Pregnancy and Parenting Leave

Employees who work twenty (20) hours or more per week and have been employed more than one year are entitled to take an unpaid leave of absence under the Pregnancy and Parenting Leave Act of Minnesota. Female employees for prenatal care, or incapacity due to pregnancy, childbirth, or related health conditions as well as a biological or adoptive parent in conjunction with after the birth or adoption of a child as eligible for up to 12 weeks of unpaid leave and must begin within twelve (12) months of the birth or adoption of the child. In the case where the child must remain in the hospital longer than the mother, the leave must begin within 12 months after the child leaves the hospital. Employee should provide reasonable notice, which is at least 10

days. If the leave must be taken in less than three days, the employee should give as much notice as practicable.

Employees are required to use accrued leave (i.e., sick leave, vacation leave, etc.) during Parenting Leave if the employee has any FMLA eligibility remaining at the time this leave commences, this leave will also count as FMLA leave. The two leaves will run concurrently. The employee is entitled to return to work in the same position and at the same rate of pay the employee was receiving prior to commencement of the leave. Group insurance coverage will remain available while the employee is on leave pursuant to the Pregnancy and Parenting Leave Act, but the employee will be responsible for the entire premium unless otherwise provided in this policy (i.e., where leave is also FMLA qualifying). For employees on an FMLA absence as well, the employer contributions toward insurance benefits will continue during the FMLA leave absence.

Reasonable Unpaid Work Time for Nursing Mothers

Nursing mothers will be provided reasonable unpaid break time for nursing mothers to express milk for nursing her child for one year after the child's birth. The City will provide a room (other than a bathroom) as close as possible to the employee's work area, that is shielded from view and free from intrusion from coworkers and the public and includes access to an electrical outlet, where the nursing mother can express milk in private.

Reasonable Accommodations to an Employee for Health Conditions Relating to Pregnancy

The city will attempt to provide a female employee who requests reasonable accommodation with the following for her health conditions related to her pregnancy or childbirth:

- More frequent restroom, food, and water breaks;
- Seating;
- Limits on lifting over 20 pounds; and/or
- Temporary transfer to a less strenuous or hazardous position, should one be available.

Unless such accommodations impose an undue hardship on the city, the city will engage in an interactive process with respect to an employee's request for a reasonable accommodation.

Adoptive Parents

Adoptive parents will be given the same opportunities for leave as biological parents (see provisions for Parenting Leave). The leave must be for the purpose of arranging the child's placement or caring for the child after placement. Such leave must begin before or at the time of the child's placement in the adoptive home.

Administrative Leave

Under special circumstances, an employee may be placed on an administrative leave pending the outcome of an internal or external investigation. The leave may be paid or unpaid, depending on the circumstances, as determined by the City Administrator with the approval of the City Council.

School Conference Leave

Any employee who has worked half-time or more for at least twelve (12) months preceding the request may take unpaid leave for up to a total of sixteen (16) hours during any 12-month period to attend school conferences or classroom activities related to the employee's child (under 18 or under 20 and still attending secondary school), provided the conference or classroom activities cannot be scheduled during non-work hours. When the leave cannot be scheduled during non-work hours and the need for the leave is foreseeable, the employee must provide reasonable prior notice of the leave and make a reasonable effort to schedule the leave so as not to disrupt unduly the operations of the City. Employees may choose to use vacation leave hours for this absence, but are not required to do so.

Bone Marrow/ Organ Donation Leave

Employees working an average of 20 or more hours per week may take paid leave, not to exceed 40 hours, unless agreed to by the City, to undergo medical procedures to donate bone marrow or an organ. The 40 hours is over and above the amount of accrued time the employee has earned.

The City may require a physician's verification of the purpose and length of the leave requested to donate bone marrow or an organ. If there is a medical determination that the employee does not qualify as a bone marrow or organ donor, the paid leave of absence granted to the employee prior to that medical determination is not forfeited.

Elections / Voting

An employee volunteering to serve as an election judge pursuant to Minnesota law will be allowed time off without pay for purposes of serving as an election judge, provided that the employee gives the City at least twenty (20) days written notice. An employee appointed to serve as an election judge for the purpose of administering a local general election will receive their regular rate of pay.

All employees eligible to vote at a State general election, at an election to fill a vacancy in the office of United States Senator or Representative, or in a Presidential primary, will be allowed time off with pay to vote during the morning of election day. Employees wanting to take advantage of such leave are required to work with their supervisors to avoid coverage issues.

Regular Leave without Pay

The City Administrator may authorize leave without pay for up to thirty (30) days. Leave without pay for greater periods may be granted by the City Council.

Normally employee benefits will not be earned by an employee while on leave without pay. However, the City's contribution toward health, dental, and life insurance may be continued, if approved by the City Council, for leaves of up to ninety (90) days when the leave is for medical reasons and FMLA has been exhausted.

If an employee is on a regular leave without pay and is not working any hours, the employee will not accrue (or be paid for) holidays, sick leave, or vacation leave. Employees who are working reduced hours while on this type of leave will receive holiday pay on a prorated basis and will accrue sick leave and vacation leave based on actual hours worked.

Leave without pay hours will not count toward seniority and all accrued vacation leave and compensatory time must normally be used before an unpaid leave of absence will be approved.

To qualify for leave without pay, an employee need not have used all sick leave earned unless the leave is for medical reasons. Leave without pay for purposes other than medical leave or work-related injuries will be at the convenience of the City.

Employees returning from a leave without pay for a reason other than a qualified Parenting Leave or FMLA, will be guaranteed return to the original position only for absences of thirty (30) calendar days or less.

Employees receiving leave without pay in excess of thirty (30) calendar days, for reasons other than qualified Parenting Leave or FMLA, are not guaranteed return to their original position. If their original position or a position of similar or lesser status is available, it may be offered at the discretion of the City Administrator subject to approval of the City Council.

Light Duty/Modified Duty Assignment

This policy is to establish guidelines for temporary assignment of work to temporarily disabled employees who are medically unable to perform their regular work duties. Light duty is evaluated by the City Administrator on a case-by-case basis. This policy does not guarantee assignment to light duty.

Such assignments are for short-term, temporary disability-type purposes; assignment of light duty is at the discretion of the City Administrator. The City Administrator reserves the right to determine when and if light duty work will be assigned. The circumstances of each disabled employee performing light duty work will be reviewed regularly. Any light duty/modified work assignment may be discontinued at any time

If the City offers a light duty assignment to an employee who is out on worker's compensation leave, the employee may be subject to penalties if he/she refuses such work.

It is at the discretion of the City Administrator whether or not to assign light duty work to the employee. This policy is handled on a case-by-case basis. The City may require a medical exam conducted by a physician selected by the City to verify the diagnosis, current treatment, expected length of temporary disability, and work restrictions.

When an employee is unable to perform the essential requirements of his/her job due to a temporary disability, he/she will notify the supervisor in writing as to the nature and extent of the disability and the reason why he/she is unable to perform the essential functions, duties, and requirements of the position. This notice **must** be accompanied by a physician's report containing a diagnosis, current treatment, and any work restrictions related to the temporary disability. The notice must include the expected time frame regarding return to work with no restrictions, meeting all essential requirements and functions of the city's job description along with a written request for light duty. Upon receipt of the written request, the supervisor is to forward a copy of the report to the City Administrator. The City may require a medical exam

conducted by a physician selected by the City to verify the diagnosis, current treatment, expected length of temporary disability, and work restrictions.

SECTION 11.

SEPARATION FROM SERVICE

Resignations

Non-exempt employees wishing to leave the City service in good standing must provide a written resignation notice to their supervisor, at least fourteen (14) calendar days before leaving. Exempt employees must give thirty (30) calendar days written notice, unless otherwise stated in their contract.

Unauthorized absences from work for a period of three (3) consecutive work days may be considered as resignation without proper notice.

The written resignation must state the effective date of the employee's resignation. Failure to comply with this procedure may be cause for denying the employee's severance pay and any future employment with the City.

Severance Pay-outs

Employees who leave the City in good standing by retirement or resignation will receive pay for:

- All unused accrued vacation leave
- Employee who has five (5) years of consecutive employment will be reimbursed for unused sick days to a maximum of four hundred eighty (480) accumulated hours at the rate of one-half (1/2) of the employee's hourly rate
- Non-exempt employees will receive all unused accrued compensatory time.
- Exempt employees will not receive any unused accrued compensatory time.
- * For employees covered by a Collective Bargaining Agreement other severance options may be applicable.

SECTION 12.

DISCIPLINE

General Policy

All Employees are responsible for maintaining compliance with City standards of employee conduct. The objective of this policy is to establish a standard disciplinary process for employees of the City of Isanti. City employees will be subject to disciplinary action for failure to fulfill

their duties and responsibilities at the level required, including observance of work rules and standards of conduct and applicable City policies.

Discipline will be administered in a non-discriminatory manner. An employee who believes that discipline applied was either unjust or disproportionate to the offense committed may pursue a remedy through Human Resources. City Administrator/designee will investigate any allegation on which disciplinary action might be based before any disciplinary action is taken.

No Contract Language Established

This policy is not to be construed as contractual terms and is intended to serve only as a guide for employment discipline.

Process

The City may elect, but shall not be required, to use progressive discipline with any employee. There may be circumstances that warrant deviation from the suggested order or where progressive discipline is not appropriate. Nothing in these personnel policies implies that any City employee has a right or guarantee to the job he/she performs.

Documentation of disciplinary action taken will be placed in the employee's personnel file with a copy provided to the employee.

The following are descriptions of the types of disciplinary actions:

Oral Reprimand

This measure will be used when informal discussions between the employee's supervisor or Department Head and the employee have not resolved a matter. All Department Heads have the ability to issue oral reprimands without prior approval.

Oral reprimands are normally given for first infractions on minor offenses to clarify expectations and put the employee on notice that the performance or behavior needs to change, and what the change must entail. The Department Head will document the discussion including date(s) and a summary of discussion and corrective action needed. Human Resources will place this summary in the employee's personnel file.

Written Reprimand

A written reprimand is more serious and may follow an oral reprimand when the problem is not corrected or the behavior has not consistently improved in a reasonable period of time. Serious infractions may require skipping either the oral or written reprimand, or both. Written reprimands are issued by the Department Head with prior approval from the City Administrator/designee.

A written reprimand will: (1) state what did happen; (2) state what should have happened; (3) identify the policy, directive or performance expectation that was not followed; (4) provide history, if any, on the issue; (5) state any goals, including timetables, and expectations for the future; and (6) indicate consequences of recurrence.

Employees will be given a copy of the reprimand to sign acknowledging its receipt. Employees' signatures do not mean that they agree with the reprimand. Human Resources will place this in the employee's personnel file.

Suspension With or Without Pay

The City Administrator may suspend an employee with or without pay for disciplinary reasons. Suspension without pay may be followed with immediate dismissal as deemed appropriate by the City Council, except in the case of veterans. Qualified veterans, who have completed their initial probationary period, will not be suspended without pay in conjunction with a termination.

The employee will be notified in writing of the reason for the suspension either prior to the suspension or shortly thereafter. A copy of the letter of suspension will be placed in the employee's personnel file.

An employee may be suspended or placed on involuntary leave of absence pending an investigation of an allegation involving that employee. The leave may be with or without pay depending on a number of factors including the nature of the allegations. If the allegation is proven false after the investigation, the relevant written documents will be removed from the employee's personnel file and the employee will receive any compensation and benefits due had the suspension not taken place.

Demotion and/or Transfer

An employee may be demoted or transferred if an attempt at resolving an issue have failed and the City Administrator determines a demotion or transfer to be the best solution to the problem. The employee must be qualified for the position to which they are being demoted or transferred. The City Council must approve this action.

Salary

An employee's salary step increase may be withheld or the salary may be decreased due to performance deficiencies.

Dismissal

The City Administrator, with the approval of the City Council, may dismiss an employee for substandard work performance, serious misconduct, or behavior not in keeping with City standards.

If the disciplinary action involves the removal of a qualified veteran, who has completed his/her initial probationary period, the appropriate hearing notice will be provided and all rights will be afforded the veteran in accordance with Minnesota law.

Benefits

Vacation leave and sick leave accruals will not be applied when on unpaid suspension if the unpaid suspension exceeds five (5) working days.

SECTION 13.

EMPLOYEE EDUCATION & TRAINING

The City promotes staff development as an essential, ongoing function needed to maintain and improve cost effective quality service to residents. The purposes for staff development are to ensure that employees develop and maintain the knowledge and skills necessary for effective job performance and to provide employees with an opportunity for job enrichment and mobility. The City permits and encourages attendance at various education seminars, conferences, and training sessions as approved and budgeted.

Policy

The City will pay for the costs of an employee's participation in training and attendance at professional conferences, seminars, and training sessions, provided that attendance is approved in advance and approved by the Department Head and City Administrator under the following criteria and procedures:

Job-Related Training & Conferences

The subject matter of the training session or conference is directly job-related and relevant to the performance of the employee's work responsibilities. Responsibilities outlined in the job description, annual work program requirements, and training goals and objectives that have been developed for the employee will be considered in determining if the request is job-related.

CLE or similar courses taken by an employee in order to maintain licensing or other professional accreditation will not be eligible for payment under this policy unless specified in an employment contract or the subject matter relates directly to the employee's duties, even though the employee may be required to maintain such licensing or accreditation as a condition of employment with the City.

The Department Head and the City Administrator are responsible for determining job-relatedness and approving or disapproving training and conference attendance.

Job-Related Meetings

Attendance at regular professional meetings, costing $100 or less, that an employee has an involvement in and are directly related to the performance of the employee's work responsibilities, do not require the approval of the City Administrator or training and travel paperwork. Advance Department Head approval is required to ensure adequate department coverage and budgetary impacts.

Request for Participation in Training & Conferences

All training/conferences by City employees must be in accordance with the City's adopted budget. Requests for participating in training or conferences must be submitted in writing to the employee's supervisor on the appropriate form. Training and travel requests are required to be signed by the City Administrator, Department Head and Human Resources for approval.

All requests must include an estimate of the total cost (training session, travel, meals, etc.) and a statement of how the education or training is related to the performance of the employee's work responsibilities with the City. All training request forms should be submitted to the City Administrator as early as possible to the departure date.

Registration fees, meals, hotel/motel accommodations, public transportation, and other legitimate expenses are reimbursable as follows:

a. Expenses will be reimbursed for employees only. If spouses or guests attend the training sessions, they may do so at no expense to the City.
b. All registration fees for the training session will be paid by the City, provided that attendance at said sessions was approved and budgeted.
d. Lodging for the night before the commencement of a conference, seminar, or meeting may be requested only if the following criteria are met:
    1. The conference begins that evening or prior to 8:00 a.m. the next day.
e. Lodging for a multiple day conference considered to be within driving distance may be requested if one or more of the following criteria are met:
    1. Scheduled events end at 7 p.m. or later
    2. Following day travel to the event would start before 6 a.m.
f. In the event there are extenuating circumstances where lodging is seen as necessary, but does not fall under the outlined criteria above, those instances will be dealt with on a case-by-case basis by the City Administrator.
g. The registrant must provide itemized receipts for all of the above expenditures and attach them to the expense report form.

All requests must be approved by the Department Head and the City Administrator.

Out of State Travel

Attendance at training or conferences out of state is approved only if the training or conference is not available locally. All requests for out of state travel are reviewed for approval/disapproval by the City Administrator.

Compensation for Travel & Training Time

Time spent traveling to and from, as well as time spent attending a training session or conference, will be compensated in accordance with the Federal Fair Labor Standards Act.

Travel and other related training expenses will be reimbursed subject to the employee providing necessary itemized receipts and appropriate documentation.

Travel & Meal Allowance

If employees are required to travel outside of the area in performance of their duties as a City employee, they will receive reimbursement of expenses for meals, lodging, and necessary expenses incurred. In no case will City funds be used to pay for, or reimburse, for events sponsored by or affiliated with political parties. The City will not reimburse employees for meals connected with training or meetings within City limits, unless the training or meeting is

held as a breakfast, lunch or dinner meeting. The City will also not reimburse employees for the costs for travel of family members.

City vehicles should be used for travel by City employees. However, if circumstances make it impractical to use a City vehicle, and advance approval is given by the City Administrator prior to attendance, the City of Isanti will reimburse employees for the use of their private vehicles while on official City business at the current rate provided by the IRS mileage limit during the year. An employee approved to use their personal vehicle will not be reimbursed for mileage that the employee would have driven to and from their place of work on the days of training and travel; only those miles in excess of their regular miles that would have been driven to and from work will be reimbursed. Mileage from the employee's home to city offices in the conduct of employment will not be subject to reimbursement.

City vehicles will only be used for transportation related to the event being attended.

Private vehicle mileage for use unrelated to the event will not be reimbursed.

Reimbursement will not be provided for any meals which are included as part of registration, tuition, or fees unless approved. Itemized receipts are required for meals and must clearly indicate the date. Reimbursement for meals while on authorized travel will include only actual expenditures including tax and 15% tip as outlined:

Individual Meals	$ 10.00 Breakfasts
	$ 15.00 Lunches
	$ 25.00 Dinners

Costs for meals which are a scheduled activity of an authorized conference or meeting which are not included in the registration fee will be fully reimbursed, not to exceed federal guidelines. Costs for alcoholic beverages will not be reimbursed.

Reimbursement Procedures

All requests for reimbursement will be made on the standard expense report form or claim request form, and will be submitted to the Department Head for approval; the Department Head will forward to the City Administrator or Human Resources for final approval.

Itemized receipts must be attached to the expense report form for any expenses not paid in advance by the City including; registration, lodging, meals, (other legitimate expenses where a receipt is not available, i.e. parking)

No advance reimbursement for an approved training session is permitted. Registration and lodging reservation will be made subject to the employee's travel request form. The Finance Department will process and provide a check made payable to the lodging entity or the City credit card will be used to reserve the lodging.

Internal Training

The City of Isanti finds it to be in the best public interest to conduct formal and informal internal training sessions as follows:

a. Holding regular staff meetings at the Department Head level and frequent staff meetings at the employee level.
b. Conduct in-service training seminars on such subjects as safety, etc.
c. Meet and confer with elected and appointed personnel of nearby municipalities or other units of government for the purpose of exchanging ideas which are of mutual benefit.

There will be no claims approved for personal expenses incurred under this Section.

Team/Department Training

The City of Isanti supports team/department training to enhance the cohesiveness and skills/abilities of a department or work team as a whole. Training objectives, costs, location, back-up for any staffing needs and hours away from work for the training of teams/departments must be reviewed by the supervisor for approval. Costs for team/department training must be approved by the City Administrator.

Memberships and Dues

The purpose of memberships to various professional organizations must be directly related to the betterment of the services of the City. Normally, one City membership per agency, as determined by the City Administrator, is allowed, providing funds are available. Such memberships will be approved by the City Administrator.

Upon separation of employment, individual memberships can and will remain with the City and in that case, are transferred to another employee by the supervisor.

City Driving Policy

This policy applies to all employees who drive a vehicle on City business at least once per month, whether driving a City-owned vehicle or their own personal vehicle. It also applies to employees who drive less frequently but whose ability to drive is essential to their job due to the emergency nature of the job. The City expects all employees who are required to drive as part of their job to drive safely and legally while on City business and to maintain a good driving record.

The City will examine driving records once per year for all employees who are covered by this policy to determine compliance with this policy. Employees who lose their driver's license or receive restrictions on their license are required to notify their immediate supervisor on the first work day after any temporary, pending, or permanent action is taken on their license and to keep their supervisor informed of any changes thereafter.

The city will determine appropriate action on a case-by-case basis.

SECTION 14.

OUTSIDE EMPLOYMENT

The potential for conflicts of interest is lessened when full time employees at the City of Isanti regard the City as their primary employment responsibility. All outside employment is to be reported to the employee's immediate supervisor. If a potential conflict exists based on this policy or any other consideration, the Department Head will consult with the City Administrator. All outside employment, unless part of an employment contract, must be approved by the City Administrator. A form must be completed by the employee and submitted to the City Administrator. Any City employee accepting employment in an outside position that is determined by the City Administrator to be in conflict with the employee's City job will be required to resign from the outside employment or may be subject to discipline up to and including termination.

For the purpose of this policy, outside employment refers to any non-City employment or consulting work for which an employee receives compensation, except for compensation received in conjunction with military service or holding a political office or an appointment to a government board or commission that is compatible with City employment. The following is to be considered when determining if outside employment is acceptable:

- Outside employment must not interfere with a full-time employee's availability during the City's regular hours of operation or with a part-time employee's regular work schedule.
- Outside employment must not interfere with the employee's ability to fulfill the essential requirements of his/her position.
- The employee must not use City equipment, resources, or staff in the course of the outside employment.
- The employee must not violate any City personnel policies as a result of outside employment.
- The employee must not receive compensation from another individual or employer for services performed during hours for which he/she is also being compensated by the City. Work performed for others while on approved vacation or compensatory time is not a violation of policy unless that work creates the appearance of a conflict of interest.
- No employee will work for another employer, or for his/her own business, while using paid sick leave from the City for those same hours.
- Departments may establish more specific policies as appropriate, subject to the approval of the City Administrator.
- Outside employment opportunities with private or public entities where the employee already serves that entity with specified duties through a Joint Powers Agreement or Service Contract will be reviewed by the City Administer prior to acceptance of the employment opportunity. The review is to ensure that there is no conflict of interest with or use of City time or resources for the employment opportunity. Continued employment by the employee in this capacity will be reviewed by the City Administrator.

City employees are not permitted to accept outside employment that creates either the appearance of or the potential for a conflict with the development, administration or implementation of policies, programs, services or any other operational aspect of the City.

SECTION 15.

DRUG FREE WORKPLACE

In accordance with Federal Law, the City of Isanti has adopted the following policy on drugs in the workplace:

a. Employees are expected and required to report to work on time and in appropriate mental and physical condition. It is the City's intent and obligation to provide a drug-free, safe and secure work environment.

b. The unlawful manufacture distribution, possession, or use of a controlled substance on City property or while conducting City business is absolutely prohibited. Violations of this policy will result in disciplinary action, up to and including termination, and may have legal consequences.

c. The City recognizes drug abuse as a potential health, safety, and security problem. Employees needing help in dealing with such problems are encouraged to use their health insurance plan, as appropriate.

c. Employees must, as a condition of employment, abide by the terms of this policy and must report any conviction under a criminal drug statute for violations occurring on or off work premises while conducting City business. A report of the conviction must be made within five (5) days after the conviction as required by the Drug-Free Workplace Act of 1988.

COMPUTER USE

General Information

This policy serves to protect the security and integrity of the City's electronic communication and information systems by educating employees about appropriate and safe use of available technology resources.

Computers and related equipment used by City employees are property of the City. The City reserves the right to inspect, without notice, all data, emails, files, settings, or any other aspect of a City-owned computer or related system, including personal information created or maintained by an employee. The City may conduct inspections on an as-needed basis as determined by the City Administrator or designee.

Beyond this policy, the city's System Administrator may distribute information regarding precautions and actions needed to protect City systems; all employees are responsible for reading and following the guidance and directives in these communications.

No Privacy

Users have no expectation of privacy in using the City's electronic communication and information systems. No communication using these systems should be considered private or personal. Since records retention policies may apply to electronic communications, users should assume that even deleted messages are retrievable at a later date.

Personal Use

The City recognizes that some personal use of City-owned computers and related equipment has and will continue to occur. Some controls are necessary, however, to protect the City's equipment and computer network and to prevent abuse of this privilege.

Reasonable, incidental personal use of City computers and software (e.g., word processing, spreadsheets, email, Internet, etc.) is allowed but should never preempt or interfere with work. All use of City computers and software, including personal use, must adhere to provisions in this policy, including the following:

- Employees shall not connect personal peripheral tools or equipment (such as printers, digital cameras, disks, USB drives, or flash cards) to City-owned systems, without prior approval from the System Administrator. If permission to connect these tools/peripherals is granted, the employee must follow provided directions for protecting the City's computer network.
- Personal files should not be stored on City computer equipment. This also applies to personal media files, including but not limited to mp3 files, wav files, movie files, iTunes files, or any other file created by copying a music CD, DVD, or files from the Internet. City Technology Office staff will delete these types of files if found on the network, computers, or other City-owned equipment. Exceptions would be recordings for which the City has created, owns, purchased, or has a license.
- City equipment or technology shall not be used for personal business interests, for-profit ventures, political activities, or other uses deemed by the City Administrator to be

inconsistent with City activities. If there is any question about whether a use is appropriate, it should be forwarded to the City Administrator for a determination.

Hardware

In general, the City will provide the hardware required for an employee to perform his or her job duties. Requests for new or different equipment should be made to your supervisor, who will forward the request to the System Administrator.

The City will not supply laptop computers based solely on the desire of employees to work offsite. A laptop request form will be required for each laptop deployment, and must be signed off by the employee's supervisor and department head. Laptops will only be issued to employees who: travel frequently and require the use of a full computer while traveling; regularly use their laptop offsite; require a laptop for access to special software or systems; and/or have a documented business need for a laptop.

Only City staff may use City computer equipment. Use of City equipment by family members, friends, or others is strictly prohibited.

Employees are responsible for the proper use and care of City-owned computer equipment. City computer equipment must be secured while off City premises; do not leave computer equipment in an unlocked vehicle or unattended at any offsite facility. Computer equipment should not be exposed to extreme temperature or humidity. If a computer is exposed to extreme heat, cold, or humidity, it should be allowed to achieve normal room temperature and humidity before being turned on.

Software

In general, the City will provide the software required for an employee to perform his or her job duties. Requests for new or different software should be made to your supervisor, who will forward the request to the System Administrator.

Employees shall not download or install any software on their computer without the prior approval of the System Administrator. Exceptions to this include updates to software approved by Information Technology such as Microsoft updates, or other productivity software updates. The System Administrator may, without notice, remove any unauthorized programs or software, equipment, downloads, or other resources.

Electronic Mail: The City provides employees with an email address for work-related use. Some personal use of the City email system by employees is allowed, provided it does not interfere with an employee's work and is consistent with all City policies.

Employee emails (including those that are personal in nature) may be considered public data for both e-discovery and information requests and may not be protected by privacy laws. Email may also be monitored as directed by the City authorized staff and without notice to the employee.

Employees must adhere to these email guidelines:

- Never transmit an email that you would not want your supervisor, other employees, members, city officials, or the media to read or publish (e.g., avoid gossip, personal information, swearing, etc.).
- Use caution or avoid corresponding by email on confidential communications (e.g., letters of reprimand, correspondence with attorneys, medical information).
- Do not open email attachments or links from an unknown sender. Delete junk or "spam" email without opening it if possible. Do not respond to unknown senders.
- Do not use harassing language (including sexually harassing language) or any other remarks, including insensitive language or derogatory, offensive, or insulting comments or jokes.

Electronic Calendars: A shared calendar environment is provided as part of the City's email software program. All employees are required to keep their electronic calendar up to date and, at a minimum, must grant all staff the ability to view their calendar.

Instant Messaging: Due to data retention concerns, Instant Messaging (IM) is only allowed for transitory discussions and should be deleted after use. The City only allows IM via (insert designated product here). Employees are not allowed to use IM as a mechanism for personal communication through the City's computer network or when using City equipment, and are not allowed to download or install any other IM software package on their City computer.

Personal Devices: Employees may choose to use their own equipment to read or compose email or other City data as governed in this policy. Employees understand that by connecting their personal equipment to the City's email server, their personal devices could be searched during an e-discovery or other court-ordered scenarios, and agree to grant access to their personal devices should such a situation arise.

Security

Passwords: Employees are responsible for maintaining computer/network passwords and must adhere to these guidelines:

- Passwords must be at least eight characters long and include at least three of the following: lowercase character; uppercase character; and a number or non-alpha-numeric character (e.g., *, &, %, etc.). (Example: J0yful1y!) Password requirements may be changed as necessary, as determined by the System Administrator.
- Passwords should not be shared or told to other staff. If it is necessary to access an employee's computer when he or she is absent, contact your supervisor or the System Administrator; The System Administrator will not provide access to staff accounts without approval of the City Administrator.
- Passwords should not be stored in any location on or near the computer, or stored electronically such as in a cell phone or other mobile device.
- Employees must change passwords every 60 days when prompted, or on another schedule as determined by the System Administrator.

Network access: Non-City-owned computer equipment used in the City's building should only use the wireless connection to the Internet. Under no circumstances should any non-City-owned equipment be connected to the City's computer network via a network cable. Exceptions may be granted by the System Administrator.

Personal computer equipment may not be connected to the City's network without prior approval of the System Administrator. Personal equipment may be subject to password requirements or other electronic security measures as determined by the System Administrator.

Remote Access to the Network: Examples of remote access include, but are not limited to: Outlook Web Access (web mail), virtual private network (VPN), Windows Remote Desktop, and Windows Terminal Server connections. While connected to City computer resources remotely, all aspects of the City's Computer Use Policy will apply, including the following:

- Remote access to the City's network requires a request from a supervisor and approval from the System Administrator. Remote access privileges may be revoked at any time by an employee's supervisor.
- If remote access is from a non-City-owned computer, updated anti-virus software must be installed and operational on the computer equipment, and all critical operating system updates must be installed prior to connecting to the City network remotely. Failure to comply could result in the termination of remote access privileges.
- Recreational use of remote connections to the City's network is strictly forbidden. An example of this would be a family member utilizing the City's cellular connection to visit websites.
- Private or confidential data should not be transmitted over an unsecured wireless connection. Wireless connections are not secure and could pose a security risk if used to transmit City passwords or private data while connecting to City resources. Wireless connections include those over cellular networks and wireless access points, regardless of the technology used to connect.

Internet

The following considerations apply to all uses of the Internet:

- Information found on the Internet and used for City work must be verified to be accurate and factually correct.
- Reasonable personal use of the Internet is permitted. Employees may not at any time access inappropriate sites. Some examples of inappropriate sites include but are not limited to adult entertainment, sexually explicit material, or material advocating intolerance of other people, races, or religions. If you are unsure whether a site may include inappropriate information, you should not visit it.
- If an employee's use of the Internet is compromising the integrity of the City's network, City Technology Office staff may temporarily restrict that employee's access to the Internet. If City Technology Office staff does restrict access, they will notify the employee, HR, and the employee's manager as soon as possible, and work with the employee and manager to rectify the situation.
- The City may monitor or restrict any employee's use of the Internet without prior notice, as deemed appropriate by the employee's Department Head.

Responsibility for Information User

City authorized users should logout of computer terminals or systems if they are going to leave the computer terminal or system unattended. City employees should be alert about their computer or terminal status and take care that unauthorized individuals cannot read or modify

data through a valid system login or session. When a user prints sensitive, proprietary or otherwise controlled information, that user should retrieve the printed material in a timely manner to ensure that it is not available for unauthorized use. City employees should not make extra copies of any City or client information beyond what is required to perform official duties.

Reporting Problems (and Maintenance of Confidentiality)
If a City employee has knowledge of, or suspicion of a compromise or attempted compromise of City of Isanti information systems, or access controls, that employee is expected to report that knowledge or suspicion immediately upon becoming aware of the potential security problem to their supervisor or to the System Administrator.

Data Retention
Electronic data should be stored and retained in accordance with the City's records retention schedule.

Storing and Transferring Files: If you are unsure whether an email or other file is a government record for purposes of records retention laws or whether it is considered protected or private, check with your supervisor. If you are unsure how to create an appropriate file structure for saving and storing electronic information, contact the System Administrator.

Employees must adhere to these guidelines when transferring and storing electronic files:

- All electronic files must be stored on identified network drives and folder locations. The City will not back up documents stored on local computer hard drives, and holds no responsibility for recovery of documents on local computer hard drives should they fail. Files may be temporarily stored on a laptop hard drive when an employee is traveling/offsite; however, the files should be copied to network as soon as possible.
- Electronic files, including emails and business-related materials created on an employee's home or personal computer for City business, must be transferred to and stored in designated locations on the City's network. City-related files should not be stored on an employee's personal computer, unless otherwise defined in this policy.
- All removable storage media (e.g., CD-ROM, flash or USB drive, or other storage media) must be verified to be virus-free before being connected to City equipment.
- Email that constitutes an official record of City business must be kept in accordance with all records retention requirements for the department and should be copied to the network for storage.
- Email that is simple correspondence and not an official record of City business should be deleted (from both the "Inbox" and the "Deleted" box) as soon as possible and should not be retained by employees for more than three months. The City will not retain emails longer than one year on the network or in network back-ups.
- Electronic files or emails that may be classified as protected or private information should be stored in a location on the City's network that is properly secured.
- Any files considered private or confidential should not be stored anywhere other than the City's network. If there is a need to take confidential information offsite, it must be stored on encrypted media; the System Administrator can assist in the encryption of media.

CELLULAR PHONE USE

This policy is intended to define acceptable and unacceptable uses of cellular telephones. Its application is to ensure that cellular phone usage is consistent with the best interests of the City without unnecessary restriction of employees in the conduct of their duties. This policy will be implemented to prevent the improper use or abuse of cellular phones and to ensure that City employees exercise the highest standards of propriety in their use.

General Policy
Cellular telephones are intended for the use of City employees in the conduct of their work for the City. Supervisors are responsible for the cellular telephones assigned to their employees and will exercise discretion in their use. Nothing in this policy will limit supervisor discretion to allow reasonable and prudent personal use of such telephones or equipment provided that:

- Its use in no way limits the conduct of work of the employee or other employees.
- No personal profit is gained or outside employment is served.
- All employees are expected to follow applicable local, state, and federal laws and regulations regarding the use of cellular phones at all times. Employees whose job responsibilities include regular or occasional driving and who are issued a cellphone for business use are expected to refrain from using their phone while driving. Safety must come before all other concerns. Regardless of the circumstances and in accordance with Minnesota law, employees are required to use hands-free operations or pull off into a parking lot and safety stop the vehicle before placing or accepting a call. Employees are encouraged to refrain from discussion of complicated or emotional matters and to keep their eyes on the road while driving at all times. Special care should be taken in situations where there is traffic or inclement weather, or the employee is driving in an unfamiliar area. Hands-free equipment will be provided with City-issued phones to facilitate the provisions of this policy.
- Reading/sending text messages, making or receiving phone calls, emailing, video calling, scrolling/typing, accessing a webpage, or using non-navigation applications while driving is strictly prohibited.
  In accordance with State law, there is an exception to hands free cellphone operations to obtain emergency assistance to report a traffic accident, medical emergency, or serious traffic hazard or prevent a crime from being committed. There is also a State law exception for authorized emergency vehicles while in the performance of official duties.
- Employees who are charged with traffic violations resulting from the use of their phone while driving will be solely responsible for all liabilities that result from such actions. See above "City Driving Policy" for more information on reporting driver's license restrictions.

An employee will not be reimbursed for business-related calls without prior authorization from his/her supervisor. Supervisors may also prohibit employees from carrying their own personal cell phones during working hours if it interferes with the performance of their job duties.

Use of public resources by City employees for personal gain and/or private use including, but not limited to, outside employment or political campaign purposes, is prohibited and subject to

disciplinary action which may include termination and/or criminal prosecution, depending on the circumstances. Incidental and occasional personal use may be permitted with the consent of the supervisor.

Personal calls and text messaging will be made or received only when absolutely necessary. Such calls/messaging must not interfere with working operations and are to be completed as quickly as possible. In cases where the City does not regard accounting for personal calls to be unreasonable or administratively impractical due to the minimal cost involved, personal calls made by employees on City-provided cellular phone must be paid for by the employee through reimbursement to the City based on actual cost listed on the City's phone bill.

Procedures
It is the objective of the City of Isanti to prevent and correct any abuse or misuse of cellular telephones through the application of this policy. Employees who abuse or misuse such telephones may be subject to disciplinary action.

Responsibility
The City Administrator/designee, will have primary responsibility for implementation and coordination of this policy. All Department Heads will be responsible for enforcement within their departments.

All cell phones must be left at the work place at the end of the employees shift with the following exceptions:

a. The employee is 'on-call'.
b. The employee has been authorized or directed by his/her Supervisor the cell phone may be taken home.

Cell phones provided to employees remain the property of the City and must be returned to the City upon termination of employment in order for the employee to be considered to be terminating employment in good standing.

Violations of this policy may result in disciplinary action as provided within the Personnel Policy and/or Labor Contract.

CITY DRIVING POLICY

This policy applies to all employees who drive a vehicle on City business at least once per month, whether driving a City-owned vehicle or their own personal vehicle. It also applies to employees who drive less frequently but whose ability to drive is essential to their job due to the emergency nature of the job. The City expects all employees who are required to drive as part of their job to drive safely and legally while on City business and to maintain a good driving record.

Employees who lose their driver's license or receive restrictions on their license are required to notify their immediate supervisor on the first work day after any temporary, pending or

permanent action is taken on their license and to keep their supervisor informed of any changes thereafter.

City vehicles are equipped with "hands-free" devices to hold cell phones while driving. There are not exceptions to State Laws while operating city vehicles and employees are expected to uphold the law and the consequences associated with any violations.

The City will determine appropriate action on a case-by-case basis.

CONFLICT OF INTEREST POLICY

Purpose
The City Council of the City of Isanti confirms its determination that ethical standards by the employees of the City (Public Officials) are essential to the proper conduct of City affairs. By eliminating conflicts of interest and providing a guide for conduct in City matters, the City Council strives to promote the faith and confidence of the citizens of the City in their government. The following standards of conduct are intended to serve as a guideline for Public Officials in carrying out their responsibilities. This Policy is in addition to any statutory requirements, Attorney General opinions or court rulings, which prescribe allowable actions for Public Officials.

Definition
Public Officials will be defined as follows:

- All employees of the City of Isanti
- Police Reserves

Standards of Conduct

1. Public Officials:
   a. Must not use their positions to secure special privileges or exemptions for themselves or others to intentionally jeopardize the position of employment of others;
   b. Must not engage in, solicit, negotiate for, or promise to accept private employment nor will they render services for private interests or conduct a private business when such employment, service, or business creates a conflict with or impairs the proper discharge of their official duties;
   c. Must not participate in deliberations in any matter before the Council, Board or Commission, which affects that Public Official's, Public Official's spouse or minor child's financial interests directly or indirectly or those of a business, profession or occupation with which the Public Official is associated. Whenever such conflict is recognized, the affected Public Officials must disclose in writing such interest prior to any discussion or vote and disqualify themselves from any further involvement pertaining to the issue;
   d. Must not act as agent or attorney for another in any matter before the Council or any Board or Commission or before any court or administrative board in any matter in which the City is a party;
   e. Must not directly or indirectly receive, or agree to receive, any compensation, gift or reward or gratuity as an inducement to support or influence any matter or proceeding

connected with, or related to, the duties of the office; The following types of gifts are permitted under exceptions to the law:

1. Lawful campaign contributions.
2. Services to assist an official in the performance of official duties.
3. Services of insignificant monetary value.
4. A plaque or similar item.
5. A trinket or item of insignificant monetary value.
6. Informational material of unexceptional value.
7. Food or beverage given at a reception, meal, or meeting by an organization before whom the recipient makes a speech or answers questions as part of a program (this exception is only available if the location of the reception, meal, or meeting is away from the recipient's place of work).
8. Gifts given because of the recipient's membership in a group.
9. Gifts between family members.

f. Must not participate in drawings or raffles at events, conferences, or seminars while attending as a City employee where financial participation is required.
g. Must not disclose to others or use to further their personal interest confidential information acquired by them in the course of their official duties.

2. Any Public Official who is an officer, director, partner, agent, proprietor or employee of any firm or has a proprietary interest of 10 percent (10%) or more in any company, business, enterprise or corporation, partnership, labor union or association doing business with the City will make known that interest in writing as provided in the disclosure section of this Policy.
3. No Public Official nor business entity that the Public Official has a financial interest in, in excess of 10 percent (10%), will enter into any contract with the City unless otherwise authorized by law.
4. Public Officials must disclose to the governing body any relationship to another person or entity in any instance where there is a conflict of interest or could be the appearance of a conflict of interest.
5. Public Officials will not have a personal financial interest in any sales, lease, or contract that they are authorized to make in their official capacities.
6. A Public Official will not hold two positions if the positions' functions are incompatible with one another.

Disclosures

Public Officials, elected or appointed, must, no later than thirty (30) days following election or appointment to office and each year thereafter by February 1, complete the Disclosure Form and return it to the City Clerk. All subsequent applicants for appointment on Boards and Commissions will file a completed Disclosure Form together with the application form. Within thirty (30) days after the acquisition or sale of any property, each Public Official will file as a public record with the City Administrator, a list of all real property in the City owned by such person, that person's spouse, or minor child, or in which the Public Official has a beneficial interest, disclosing each individual item held, and by whom. Homestead will be excluded from the above disclosure. Each Public Official must disclose all positions as officer, director, partner, agent, proprietor or employee of any firm in which such Public Official has a proprietary

interest of ten percent (10%) or more in any company, business, enterprise, corporation, partnership, labor union or association doing business with the City, and indicate with respect to each such relationship whether services are gratuitous or for compensation.

Disclosure Form
The disclosure information required by this Policy will be set forth on a form made available by the City Clerk or designee.

Discipline
Upon a signed written complaint of any person questioning adherence to this Policy or on the Council's own volition, the Council will refer the matter to the City Attorney for investigation and the City Attorney will report the results of the investigation to the Council within forty-five (45) days thereafter. A copy of such report will be furnished to the person complained against. Such person may request a hearing on this matter before the Council which request will be filed with the City Administrator not later than ten (10) days following receipt by such person of the City Attorney's report.

Upon receipt of the City Attorney's report and at the conclusion of any hearing on the matter, the Council by majority vote may dismiss the complaint as having no merit, may adopt a resolution of censure, or with respect to members of Boards and Commissions, the Council may remove a member from such Board or Commission. In the event the complaint is against a member of the Council, such member will not participate in the Council's deliberations or vote on the issue.

Violations
Any Public Official who violates the Conflict of Interest Law can be found guilty of a gross misdemeanor, be fined up to $3,000, and imprisoned for up to one year. Any contract that has been made illegally is void.

SERVICE ON BOARDS AND COMMITTEES

Employees that desire to serve on the Boards or Committees of Professional or other Organizations of which the City and/or the employee is a member, where their service is or may reasonably be perceived to represent the City of Isanti, will receive approval for such service by the City Council prior to committing to serve in any such capacity.

No employee, nor any employee's immediate family member, will receive any salary, per diem, compensation, or item of substantial value from their service other than the following:

1) Reasonable reimbursement for their personal expenses for such service. This includes meals, lodging and mileage for attending Board or Committee events.

2) Scholarships for seminars, short courses or educational benefits the employee could receive that would benefit the City of Isanti, as prior approved by the City Council.

EMPLOYEE RECOGNITION POLICY

Employee Service Credit Recognition
Employees who have obtained service credit for five (5), ten (10), fifteen (15), twenty (20), and additional year in increments of five will be recognized by receiving a 'Certificate of Recognition' at the last regular City Council meeting of the given year.

Employee Resignation or Retirement
Employee recognition for meritorious service to the City of Isanti will be given to full time employees in good standing that have completed three (3) or more years of service. Recognition will be given at the time that employment with the City has ended. Recognition will be presented a recognition plaque by the Mayor at a regular City Council meeting, closest to the date that the employee's service to the City has ended.

ETHICS POLICY – Non-Retaliation

Purpose
The City of Isanti conducts its business fairly, impartially, in an ethical and proper manner, and in compliance with all laws and regulations.

1. The City of Isanti is committed to conducting its governmental business with integrity underlying all relationships, including those with citizens, customers, suppliers and communities, and among employees. The highest standards of ethical business conduct are required of the City of Isanti employees in performance of their responsibilities. Employees will not engage in conduct or activity that may raise questions as to the City's honesty, impartiality or reputation or otherwise cause embarrassment to the City. Employees will avoid any action, whether or not specifically prohibited in the personnel policies, which might result in or reasonably be expected to create an appearance of:
    - Using public office or public position for private gain.
    - Giving preferential treatment to any person or entity.
    - Losing impartiality.
    - Adversely affecting the confidence of the public in the integrity of the City.

2. Every employee has the responsibility to ask questions, seek guidance, report suspected violations and express concerns regarding compliance with this policy. The City of Isanti will not tolerate retaliation against any employee who in good faith reports or provides information about an incident of alleged harassment in the workplace. If you believe you or someone else has been retaliated against, you must report it as soon as possible to one of the following:
    - Your Supervisor or the Department Head
    - To Human Resources
    - The City Administrator

The Human Resource Department will serve as the contact for employees that have concerns or questions regarding this policy.

INCLEMENT WEATHER PROCEDURE

Policy
Minnesota is known for extreme changes in weather conditions. Our primary concern is of the safety of all employees and the public should the weather turn dangerous.

In the event of severe weather the following steps should be taken:

Tornado Watch

1. A **watch** means that conditions are present for severe weather, such as a tornado to occur.
2. Continue normal routine; be alert for changing weather conditions, tune into commercial radio or television for updates.

Tornado Warning

1. A **warning** means a funnel cloud has been spotted, or a tornado has touched the ground, or winds in excess of 70 mph have been recorded. Outdoor sirens may be sounded.
2. Updated information will be provided by WCCO 830 AM radio and the public safety communications network.

Tornado Warning General Procedures

1. Notify Department Heads.
2. Conduct sweeps of assigned areas and take shelter. Direct other employees and escort visitors to take shelter in the same manner.
3. The Department Head/designee will take roll call of staff. If employees are unaccounted for, the Department Head/designee will notify the City Administrator/designee.

Employees will remain at the recommended shelter area until permission is granted by the Department Head/designee to return to work or be released for the rest of the day. Any employee leaving without prior authorization will be subject to disciplinary action.

Department Procedures
City Hall

- If possible, the front receptionist window should be closed.
- All doors should be locked and all personnel and the public should be directed to the safest location of the building. (Employee Restrooms)

Police Department

- If possible, the front receptionist window should be closed.
- All doors should be locked and all personnel and the public should be directed to the safest location of the building. (Restrooms)

Public Works

- All doors should be locked and all personnel and the public should be directed to the safest location of the building. (Restrooms)

Liquor Store

- If possible, registers should be logged off.

- All doors should be locked and all personnel and the public should be directed to the safest location of the building. (Restrooms)

Closing of City Hall: Blizzard Conditions

1. Only the following people are authorized to direct the closing of City Hall in the event of severe winter weather conditions.
    a. Mayor
    b. City Administrator
2. The City Administrator/designee will notify City Hall staff directly and inform them of the procedures to be taken.
3. Document time and reason of closure.
4. Follow through with regular closing procedures before exiting the building.

Closing of Liquor Store

1. Only the following people are authorized to direct the closing of a store in the event of severe winter weather conditions.
    a. Mayor
    b. City Administrator
2. The Liquor Store Manager will notify the store directly and inform them of the procedures to be taken. In the event that the Store Manager is unavailable, it is then the responsibility of the immediate Store Supervisor to provide directions for the store closure.
3. Document time and reason of closure on an incident report form.
4. Follow through with regular closing procedures before exiting the building.

When it is necessary to close operations due to adverse weather conditions, employees will not be paid for the hours closed unless payment is approved at the discretion of the City Administrator. Employees may use accrued vacation or compensatory time to make up for time lost.

PERSONAL APPEARANCE AND DRESS POLICY

It is the policy of the City that each employee's dress, grooming, and personal hygiene should be appropriate to the work situation.

The City places a high priority on appearance and dress in the workplace and the image we project to our customers. The dress and appearance of City employees is a direct reflection on the professionalism of our services. City employees meet with the public everyday as part of the regular workday. A neat, well-groomed employee will present a positive image of the City and demonstrate the pride of our City employees.

The City hereby adopts "casual business wear" as the dress standard for office staff for Monday through Thursday and permits employees to "dress down" on Fridays. Listed below is a general overview of acceptable casual business wear as well as listing of some of the more common items that are not appropriate for office attire. Neither group is intended to be all-inclusive.

- Casual business wear options for men include: sport coats/blazers, dress slacks, khakis, dress shirts, sport shirts, knit shirts, vests, sweaters, and dress shoes. Socks are mandatory. Shirttails are to be tucked in at all times.

- Casual business wear options for women include: sport coats/blazers, dress slacks, khakis, dresses, skirts less than 3" above the knee, blouses, sport shirts, knit shirts, vests, sweaters, dress shoes, and dress sandals.

Employees are expected to present a neat appearance and are not permitted to wear clothing overly worn, faded, in disrepair or unkempt clothing, athletic wear, or similarly inappropriate clothing. Additional inappropriate clothing are jeans of any color, overalls, spandex or form-fitting, sweatpants, sweatshirts, jogging/warm-up suits, leisure pants, shorts more than 3" above the knee, tank or halter tops, T-shirts, and shirts with inappropriate slogans, sundresses without jackets, athletic shoes, sneakers, or slippers.

- Friday's dress code permits jeans (with the exception of those with faded, holes, frays, tattered/torn, etc.) and tennis shoes. Approved T-shirts and Sweatshirts (those that do not have inappropriate slogans). All attire must be in good form and appearance.

The City recognizes that special job assignments or special duties of a particular job may require an employee to wear non-business casual clothing. Approval must be received from your department head for non-business casual clothing.

Uniforms are provided to some City employees. Uniforms bearing City identification should not be worn during off-duty hours. Uniforms must be worn while at work unless an exception is made by the supervisor.

Certain employees may be required to meet special dress, grooming, and hygiene standards, such as wearing uniforms or business attire depending on the nature of their job. Employees who are expected to have contact with customers, prospects, and the public must dress appropriately. Clothes should be clean, pressed, and properly fitting. Hair should be clean, combed and neatly trimmed or arranged. Shaggy, unkempt hair is not permissible. Sideburns, moustaches, and beards should be neatly trimmed. Employees should use perfume or cologne sparingly or not at all, many individuals are sensitive to the various scents.

The City of Isanti reserves the right to ask employees to dress appropriately. If a supervisor has a concern regarding personal appearance, he/she will discuss the concern with the employee. The supervisor should address repeated violations, and may issue a verbal or written warning. Further, a supervisor can ask an employee to leave the workplace without pay until suitably attired.

Employees should be aware that poor hygiene could disrupt the work of other employees. Supervisors will address these problems in private with the employee.

POLITICAL ACTIVITIES OF EMPLOYEES

Purpose
The purpose of this policy is to establish guidelines and procedure relating to political activities of city employees.

This policy will apply to Employees of the City of Isanti.

a. During working hours, no employee will engage in any form of political activity, nor can any political activity impair an employee's effectiveness in his/her position.
b. Outside of working hours, an employee may belong to a political party and engage in activities associated with this affiliation, be a member of an established organization or political club and may attend political meetings and enjoy complete freedom in voting, and may seek election or appointment to public office.
c. If an employee is elected or appointed to a City of Isanti public office, the employee must resign his/her position with the City.
d. Bumper stickers and posters may be displayed on private vehicles parked in employee parking areas, however, these materials may not otherwise be displayed on City property including but not limited to city vehicles wherever located.
e. No employee will use his/her position to gain benefit and/or seek favors from an elected official.

RESPECTFUL WORKPLACE POLICY

The intent of this policy is to provide general guidelines about the conduct that is and is not appropriate in the workplace. The City acknowledges that this policy cannot possibly predict all situations that might arise, and also recognizes that some employees are exposed to disrespectful behavior, and even violence, by the very nature of their jobs.

Applicability
Maintaining a respectful work environment is a shared responsibility. This policy is applicable to all City personnel including regular and temporary employees, volunteers, firefighters, members of boards and commissions, and City Council members.

Abusive Customer Behavior
While the City has a strong commitment to customer service, the City does not expect that employees accept verbal abuse from any customer. An employee may request that a supervisor intervene when a customer is abusive, or they may defuse the situation themselves, including professionally ending the contact.

If there is a concern over the possibility of physical violence, the individual should use his/her discretion to call 911, and as soon as feasible, a supervisor. Employees should leave the area immediately when violence is imminent unless their duties require them to remain (such as police officers). Employees must notify their supervisor about the incident as soon as possible.

Types of Disrespectful Behavior

The following types of are unacceptable and therefore prohibited, even if not unlawful in and of themselves:

Violent behavior includes the use of physical force, harassment, bullying, or intimidation.

Discriminatory behavior includes inappropriate remarks about or conduct related to a person's race, color, creed, religion, national origin, disability, sex, pregnancy, gender-biased statements, such as stereotypes about women or men, marital status, age, sexual orientation, familial status, or status with regard to public assistance.

Offensive behavior may include such actions as: rudeness, angry outbursts, inappropriate humor, vulgar obscenities, name calling, disrespectful language, or any other behavior regarded as offensive to a reasonable person based upon violent or discriminatory behavior as listed above. It is not possible to anticipate in this policy every example of offensive behavior. Accordingly, employees are encouraged to discuss with their fellow employees and supervisor what is regarded as offensive, taking into account the sensibilities of employees and the possibility of public reaction. Although the standard for how employees treat each other and the general public will be the same throughout the City, there may be differences between work groups about what is appropriate in other circumstances unique to a work group. If an employee is unsure whether a particular behavior is appropriate, the employee should request clarification from their Department Head or the City Administrator.

Sexual harassment can consist of a wide range of unwanted and unwelcome sexually directed behavior such as unwelcome sexual advances, requests for sexual favors, and other verbal or physical conduct of a sexual nature when:

a. Submitting to the conduct is made either explicitly or implicitly a term or condition of an individual's employment; or
b. Submitting to or rejecting the conduct is used as the basis for an employment decision affecting an individual's employment; or
c. Such conduct has the purpose or result of unreasonably interfering with an individual's work performance or creating an intimidating, hostile or offensive work environment.

Sexual harassment includes, but is not limited to, the following:

a. Unwelcome or unwanted sexual advances. This means stalking, patting, pinching, brushing up against, hugging, cornering, kissing, fondling or any other similar physical contact considered unacceptable by another individual.
b. Verbal or written abuse, kidding, or comments that are sexually-oriented and considered unacceptable by another individual. This includes comments about an individual's body or appearance where such comments go beyond mere courtesy, telling "dirty jokes" or any other tasteless, sexually oriented comments, innuendos or actions that offend others. The harassment policy applies to social media posts, tweets, etc. that are about or may be seen by employees, customers, etc.
c. Requests or demands for sexual favors. This includes subtle or obvious expectations, pressures, or requests for any type of sexual favor, along with an implied or specific promise of favorable treatment (or negative consequence) concerning one's current or future job.

Employee Response to Disrespectful Workplace Behavior
All employees should feel comfortable calling their supervisor or another manager to request assistance should they not feel comfortable with a situation. If situations involve violent behavior call the police or ask the individual to leave the area.

If employees see or overhear a violation of this policy, employees should advise a supervisor, the City Administrator, or the City Attorney promptly.

Employees who believe that disrespectful behavior is occurring are encouraged to deal with the situation in one of the ways listed below. If there is a concern about the possibility of violence the individual should use his/her discretion to call 911, and as soon as feasible, a supervisor.

Step 1(a). If you feel comfortable doing so, professionally, but firmly, tell whoever is engaging in the disrespectful behavior how you feel about their actions. Politely request the person to stop the behavior because you feel intimidated, offended, or uncomfortable. If practical, bring a witness with you for this discussion.

Step 1(b). If you fear adverse consequences could result from telling the offender or if the matter is not resolved by direct contact, go to your supervisor or City Administrator. The person to whom you speak is responsible for documenting the issues and for giving you a status report on the.

In some situations, with an offender from the public it is preferable to avoid one-on-one interactions. Talk to your supervisor about available options to ensure there are others available to help with transactions with the offender.

Step 1(c). The City urges conduct which is viewed as offensive be reported immediately to allow for corrective action to be taken through education and immediate counseling, if appropriate. It is vitally important you notify a supervisor, the City Administrator, the Mayor, or a Councilmember promptly of your concerns. Any employee who observes sexual harassment or discriminatory behavior, or receives any reliable information about such conduct, must report it within two business days to a supervisor or the City Administrator.

Step 2. If, after what is considered to be a reasonable length of time (for example, 30 days), you believe inadequate action is being taken to resolve your complaint/concern, the next step is to report the incident to the City Administrator or the Mayor.

Supervisor's Response to Allegations of Disrespectful Workplace Behavior
Employees who have a complaint of disrespectful workplace behavior will be taken seriously.

In the case of sexual harassment or discriminatory behavior, a supervisor must report the allegations within two business days to the City Administrator, who will determine whether an investigation is warranted. A supervisor must act upon such a report even if requested otherwise by the victim. In situations other than sexual harassment and discriminatory behavior, supervisors will use the following guidelines when an allegation is reported:

Step 1(a). If the nature of the allegations and the wishes of the victim warrant a simple intervention, the supervisor may choose to handle the matter informally. The supervisor may conduct a coaching session with the offender, explaining the impact of his/her actions and requiring that the conduct not reoccur. This approach is particularly appropriate when there is some ambiguity about whether the conduct was disrespectful.

Step 1(b). Supervisors, when talking with the reporting employee, will be encouraged to ask him or her what he or she wants to happen next. When an employee comes forward with a disrespectful workplace complaint, it is important to note the City cannot promise complete confidentiality, due to the need to investigate the issue properly. However, any investigation process will be handled as confidentially as practical and related information will only be shared on a need-to-know basis and in accordance with the Minnesota Government Data Practices Act.

Step 2. If a formal investigation is warranted, the individual alleging a violation of this policy will be interviewed to discuss the nature of the allegations. The investigator will obtain the following description of the incident, including date, time and place:

- Corroborating evidence.
- A list of witnesses.
- Identification of the offender.

Step 3. The Department Head must notify the City Administrator about the allegations (assuming the allegations do not involve the City Administrator).

Step 4. In most cases, as soon as practical after receiving the written or verbal complaint, the alleged policy violator will be informed of the allegations, andthe alleged violator will have the opportunity to answer questions and respond to the allegations. The City will follow any other applicable policies or laws in the investigatory process.

Step 5. After adequate investigation and consultation with the appropriate person(s), a decision will be made regarding whether or not disciplinary action will be taken.

Step 6. The alleged violator and complainant will be advised of the findings and conclusions as soon as practicable and to the extent permitted by the Minnesota Government Data Practices Act.

Special Reporting Requirements

When the supervisor is perceived to be the cause of a disrespectful workplace behavior incident, a report will be made to the City Administrator who will determine how to proceed in addressing the complaint as well as appropriate discipline.

If the City Administrator is perceived to be the cause of a disrespectful workplace behavior incident, a report will be made to the City Attorney who will confer with the Mayor and City Council regarding appropriate investigation and action.

If a the Mayor or a Council/Board/Commission Member is perceived to be the cause of a disrespectful workplace behavior incident involving City staff, the report will be made to the City Administrator and referred to the City Attorney who will undertake the necessary investigation. The City Attorney will report his/her findings to the City Council, which will take the action it deems appropriate.

Pending completion of the investigation, the City Administrator may at his/her discretion take appropriate action to protect the alleged victim, other employees, or citizens.

If an elected or appointed City official (e.g., Council/Board/Commissioner member) is the victim of disrespectful workplace behavior, the City Attorney will be consulted as to the appropriate course of action.

Confidentiality
A person reporting or witnessing a violation of this policy cannot be guaranteed anonymity. The person's name and statements may have to be provided to the alleged offender. All complaints and investigative materials will be contained in a file separate from the involved employees' personnel files. If disciplinary action does result from the investigation, the results of the disciplinary action will then become a part of the employee(s) personnel file(s).

Retaliation
Consistent with the terms of applicable statutes and City personnel policies the City may discipline any individual who retaliates against any person who reports alleged violations of this policy. The City may also discipline any individual who retaliates against any participant in an investigation, proceeding, or hearing relating to the report of alleged violations. Retaliation includes, but is not limited to, any form of intimidation, reprisal, or harassment.

SAFETY

The health and safety of each employee of the City and the prevention of occupational injuries and illnesses are of primary importance to the City. To the greatest degree possible, management will maintain an environment free from unnecessary hazards and will establish safety policies and procedures for each department. Adherence to these policies is the responsibility of each employee. Overall administration of this policy is the responsibility of each supervisor.

Reporting Accidents and Illnesses
Both Minnesota Worker's Compensation laws and the State and Federal Occupational Safety and Health Acts require that all on the job injuries and illnesses be reported as soon as possible by the employee, or on behalf of the injured or ill employee, to his/her supervisor. The employee's immediate supervisor is required to complete a First Report of Injury (FROI) and any other forms that may be necessary related to an injury or illness on the job.

Safety Equipment/Gear
Where safety equipment is required by federal, state, or local rules and regulations, it is a condition of employment that such equipment be worn by the employee.

Unsafe Behavior
Supervisors are authorized to send an employee home immediately for the remainder of the employee's shift when the employee's behavior violates the City's personnel policies, department policies, or creates a potential health or safety issue for the employee or others . The City will not compensate the employee for the time he/she loses; however, the employee may use accrued compensatory or vacation time for the time he/she loses.

POSSESSION AND USE OF DANGEROUS WEAPONS

Possession or use of a dangerous weapon (see attached definitions) is prohibited on City property, in City vehicles, or in any personal vehicle, which is being used for City business. This includes employees with valid permits to carry firearms.

The following exceptions to the dangerous weapons prohibition are as follows:

a. Employees legally in possession of a firearm for which the employee holds a valid permit, if required, and said firearm is secured within an attended personal vehicle or concealed from view within a locked unattended personal vehicle while that person is working on City property.
b. A person who is showing or transferring the weapon or firearm to a police officer as part of an investigation.
c. Police officers and employees who are in possession of a weapon or firearm in the scope of their official duties.

SOCIAL MEDIA POLICY

Purpose
Social networking in government serves two primary functions: to communicate and deliver messages directly to citizens and to encourage citizen involvement, interaction, and feedback. Information which is distributed via social networking must be accurate, consistent, and timely and meet the information needs of the City's customers. Since social media is used for social networking, this policy seeks to ensure proper use of the City of Isanti's social media sites by its representatives.

The City of Isanti wishes to establish a positive and informative social media presence. City representatives have the responsibility to use the City's social media resources in an efficient, effective, ethical and lawful manner pursuant to all existing City and departmental policies. This policy also provides guidelines and standards for City representatives regarding the use of social media for communication with residents, colleagues and all other followers.

Policy
The City of Isanti will determine, at its discretion, how its web-based social media resources will be designed, implemented and managed as part of its overall communication and information sharing strategy. City social media sites may be modified or removed by the City at any time and without notice, as described in this document.

City of Isanti social media accounts are considered a City asset and administrator access to these accounts must be securely administered in accordance with the City's Computer Use policy. The City reserves the right to shut down any of its social media sites or accounts for any reason without notice.

All social media web sites created and utilized during the course and scope of an employee's performance of his/her job duties will be identified as belonging to the City of Isanti, including a link to the City's official web site.

Scope
This policy applies to any existing or proposed social media web sites sponsored, established, registered or authorized by the City of Isanti. This policy also covers the private use of the City's social media accounts by all City representatives, including its employees and agents, Councilmembers, appointed board or commission members, and all public safety volunteers to the extent it affects the City. Questions regarding the scope of this policy should be directed to the Human Resources or the City Administrator.

Definition
Social media are internet and mobile-based applications, websites, and functions, other than email, for sharing and discussing information, where users can post photos, video, comments, and links to other information to create content on any imaginable topic. This may be referred to as "user-generated content" or "consumer-generated media."

Social media includes, but is not limited to:

- Social networking sites such as Facebook, LinkedIn, Twitter, Instagram, and online dating services/mobile apps
- Blogs
- Social news sites such as Reddit and Buzzfeed
- Video and photo sharing sites such as YouTube, Instagram, SnapChat, and Flickr, Facebook
- Wikis, or shared encyclopedias such as Wikipedia
- An ever-emerging list of new web-based platforms generally regarded as social media or having many of the same functions as those listed above

As used in this policy, "employees and agents" means all City representatives, including its employees and other agents of the City, such as independent contractors or Council members.

Rules of Use
City employees, as assigned in their respective City Departments, or designated Agents with administrator access, are responsible for managing social media websites. Facilities or departments wishing to have a new social media presence must initially submit a request to the City Administrator in order to ensure social media accounts are kept to a sustainable number and policies are followed. All social media sites/use must be approved by Resolution of the City Council. All approved sites will be clearly marked as the City of Isanti site and will be linked

with the official City website (www.cityofisanti.us). No one may establish social media accounts or websites on behalf of the City unless authorized in accordance with this policy

Administration of all social media web sites must comply with applicable laws, regulations, and policies as well as proper business etiquette.

City social media accounts accessed and utilized during the course and scope of an employee's performance of his/her job duties may not be used for private or personal purposes or for the purpose of expressing private or personal views on personal, political, or policy issues or to express personal views or concerns pertaining to City employment relations matters.

No social media website may be used by the City or any City employee or agent to disclose private or confidential information. No social media web site should be used to disclose sensitive information; if there is any question as to whether information is private, confidential or sensitive, contact Human Resources or the City Administrator.

When using social media sites as a representative of the City, employees and agents will act in a professional manner. Examples include but are not limited to:

- Adhere to all City personnel and Computer Use policies
- Use only appropriate language

Be aware that content will not only reflect on the writer but also on the City of Isanti as a whole, including elected officials and other City employees and agents. Make sure information is accurate and free of grammatical errors.

- Not providing private or confidential information, including names, or using such material as part of any content added to a site.
- Not negatively commenting on community partners or their services, or using such material as part of any content added to a site.
- Not providing information related to pending decisions that would compromise negotiations.
- Be aware that all content added to a site is subject to open records/right to know laws and discovery in legal cases.
- Always keep in mind the appropriateness of content.
- Comply with any existing code of ethical behavior established by the City.

Where moderation of comments is an available option, comments from the public will be reviewed by City staff, with administrative rights, before posting. It is the City's discretion to allow any comments or posts on City social media sites. Where moderation prior to posting is not an option, sites will be regularly monitored by City staff.

City of Isanti's staff with administrative rights will not edit any posted comments. However, comments posted by members of the public may not be posted or will be removed if they are abusive, obscene, defamatory, in violation of the copyright, trademark right, or other intellectual

property right of any third party, or otherwise inappropriate or incorrect. The following are examples of content that may be removed by City staff before or shortly after being published:

- Potentially libelous comments
- Obscene or racist comments
- Personal attacks, insults, or threatening language
- Plagiarized material
- Private, personal information published without consent
- Comments totally unrelated to the topic of the forum
- Commercial promotions or spam
- Hyperlinks to material that is not directly related to the discussion

Personal Social Media Use
The City of Isanti respects employees and agents' rights to post and maintain personal websites, blogs and social media pages and to use and enjoy social media on their own personal devices during non-work hours. The City requires employees and agents to act in a prudent manner with regard to website and internet postings that reference the City of Isanti, its personnel, its operation, or its property. Employees and agents and others affiliated with the City may not use a City brand, logo, or other City identifiers on their personal sites, nor post information that purports to be the position of the City without prior authorization.

City employees and agents are discouraged from identifying themselves as City employees when responding to or commenting on blogs with personal opinions or views. If an employee chooses to identify him or herself as a City of Isanti employee, and posts a statement on a matter related to City business, a disclaimer similar to the following must be used:

> "These are my own opinions and do not represent those of the City."

Occasional access to personal social media websites during work hours is permitted, but employees and agents must adhere to the guidelines outlined in the City's Computer Use policy and the City's Respectful Workplace Policy. Employees and agents should also review the Data Ownership section of this policy (below).

There may be times when personal use of social media (even if it is off-duty or using the employee's own equipment) may spill over into the workplace and become the basis for employee coaching or discipline. Examples of situations where this might occur include:

- Friendships, dating, or romance between co-workers
- Cyber-bullying, stalking, or harassment
- Release of confidential or private data; if there are questions about what constitute confidential or private data, contact Human Resources or the City Administrator.
- Unlawful activities
- Misuse of City-owned social media
- Inappropriate use of the city's name, logo, or the employee's position or title
- Using City-owned equipment or City-time for extensive personal social media use

Each situation will be evaluated on a case-by-case basis because the laws in this area are complex. If you have any questions about what types of activities might result in discipline, please discuss the type of usage with Human Resources or the City Administrator.

Data Ownership
All social media communications or messages composed, sent, or received on City equipment in an official capacity are the property of the City and will be subject to the Minnesota Government Data Practices Act. This law classifies certain information as available to the public upon request. The City of Isanti also maintains the sole property rights to any image, video, or audio captured while a City employee is representing the City in any capacity.

The City retains the right to monitor employee's social media use on city equipment and will exercise its right as necessary. Users should have no expectation of privacy. Social media is not a secure means of communication.

Policy Violations
Violations of the Policy will subject the employee to disciplinary action up to and including discharge from employment.

MEDIA RELATIONS

The Mayor is designated as the City Public Information Officer or City PIO and will be responsible for the implementation of this policy. Authorized City spokespersons as the Acting City PIO are designated as the City Administrator and City Chief of Police who is also the Emergency Management Director. With the exception of routine events and basic information that is readily available to the public, all requests for interviews or information from the media are to be routed through the Mayor, City Administrator or Chief of Police, whomever is deemed appropriate given the request.

City employees who are not designated spokespersons are not authorized to make statements to the media and / or in public discussion on behalf of the City. City staff who are not designated spokespersons and who are contacted by a news media representative will be courteous, professional and route their requests to the City Administrator, Chief of Police or City PIO.

All news releases concerning city personnel will be the responsibility of the City Administrator.

When information is requested by the City PIO or authorized spokesperson for information, all Department Directors will immediately provide the City PIO or authorized spokesperson with the most accurate and complete information available for the response. Any employee who identifies a mistake in reporting should bring the error to the City Administrator or his/her designee. Regardless of whether the communications in the employee's official city role or in a personal capacity, employees must comply with all laws related to trademark, copyright, software use, etc.

FAMILY AND MEDICAL LEAVE (FMLA)

ELIGIBILITY

To qualify to take FMLA leave under this policy, an employee must meet all the following conditions:

- Have worked for the City for 12 months (or 52 weeks) prior to the date the leave is to commence. The 12 months or 52 weeks need not have been consecutive; however, the City will not consider any service 7 years prior to the employee's most recent hire date.
- Have worked at least 1,250 hours during the 12-month period prior to the date when the leave is requested to commence. The principles established under the Fair Labor Standards Act ("FLSA") determine the number of hours worked by an employee. Vacation and other leaves are not included

TYPES OF LEAVE COVERED BY FMLA

Leave will be granted to all eligible employees for any of the following reasons:

- The birth of a child, including prenatal care, or placement of a child with the employee for adoption or foster care;
- To care for a spouse, child, or parent who has a serious health condition;
- Due to a serious health condition that makes the employee unable to perform the essential functions of the position;
- A covered military member's active duty or call to duty or to care for a covered military member (Military Caregiver and Qualified Exigency Leave) (described below).

DEFINITIONS

- **"Spouse"** does not include domestic partners or common-law spouses.
- **"Caring for"** a covered family member includes psychological as well as physical care. It also includes acquiring care and sharing care duties. An eligible **"child,"** with some exceptions, is under 18 years of age.
- An eligible **"parent"** includes a biological parent or a person who stood in the place of a parent.
- **"Serious Health Condition"** means an illness, injury, impairment, or physical or mental condition that involves one of the following:
  - **Hospital Care**: Any period of incapacity or treatment connected with inpatient care (i.e., an overnight stay) in a hospital, hospice, or residential medical care facility;
  - **Pregnancy**: Any period of incapacity due to pregnancy, prenatal medical care or child birth;
  - **Absence Plus Treatment:** A period of incapacity of more than three consecutive calendar days that also involves continuing treatment by or under the supervision of a health care provider.
  - **Chronic Conditions Requiring Treatments**: An incapacity from a chronic condition which requires periodic visits for treatment by a health care provider, continues over an extended period of time, and may cause episodic rather than a continuing period of incapacity;

- **Permanent/Long-Term Conditions Requiring Supervision**
- **Multiple Treatments:** Any period of absence to receive multiple treatments (including any period of recovery therefrom) by a health care provider or by a provider of health care services under orders of, or on referral by, a health care provider.

LENGTH AND AMOUNT OF LEAVE
The length of FMLA leave is not to exceed twelve (12) weeks in any twelve (12) month period. The leave year is calculated based on a fixed or calendar basis.

The entitlement to FMLA leave for the birth or placement of a child for adoption expires twelve (12) months after the birth or placement of that child.

HOW LEAVE MAY BE TAKEN
FMLA leave may be taken for 12 (or less) consecutive weeks, may be used intermittently (a day periodically when needed), or may be used to reduce the workweek or workday, resulting in a reduced hour schedule. In all cases, the leave may not exceed a total of 12 workweeks.

Intermittent leave may be taken when medically necessary for the employee's serious health condition or to care for a seriously ill family member. Intermittent leave must be documented in the medical certification form as medically necessary.

If an employee is taking intermittent leave or leave on a reduced schedule for planned medical treatment, the employee must make a reasonable effort to schedule the treatment so as to not disrupt the City's business.

In instances when intermittent or reduced schedule leave for the employee or employee's family member is foreseeable or is for planned medical treatment, including recovery from a serious health condition, the City may temporarily transfer an employee to an available alternative position with equivalent pay and benefits if the alternative position would better accommodate the intermittent or reduced schedule.

Intermittent/reduced scheduled leave may be taken to care for a newborn or newly placed adopted or foster care child only with the City's approval.

PROCEDURE FOR REQUESTING LEAVE AND NOTICE
All employees requesting FMLA leave must provide written or verbal notice of the need for the leave to Human Resources or the City Administrator.

When the need for the leave is foreseeable, the employee must give verbal or written notice to his/her supervisor at least thirty (30) days prior to the date on which leave is to begin.

If thirty (30) days' notice cannot be given, the employee is required to give as much notice as practicable, including following required call-in procedures.

The City requires an employee on FMLA leave to report periodically on the employee's status and intent to return to work.

CERTIFICATION AND DOCUMENTATION REQUIREMENTS
For leave due to an employee's serious health condition or that of an employee's family member, the City will require the completion of a Medical Certification form by the attending physician or practitioner. The form must be submitted by the employee to the City Administrator within fifteen (15) calendar days after leave is requested. If the form is not submitted in a timely fashion, the employee must provide a reasonable explanation for the delay. Failure to provide medical certification may result in a denial or delay of the leave.

When leave is due to an employee's own serious health condition, a fitness for duty certification (FFD) will be required before an employee can return to work. Failure to timely provide such certification may eliminate or delay an employee's right to reinstatement under the FMLA.

If an employee is using intermittent leave and reasonable safety concerns exist regarding the employee's ability to perform his or her duties, a FFD certificate may be required as frequently as every 30 days during periods when the employee has used intermittent leave.

Recertification of leave may be required if the employee requests an extension of the original length approved by the City or if the circumstances regarding the leave have changed. Recertification may also be required if there is a question as to the validity of the certification or if the employee is unable to return to work due to the serious health condition.

*The City may require an employee obtain a second opinion from a provider which the City selects. If necessary, to resolve a conflict between the original certification and the second opinion, the City may require the opinion of a third doctor. This third opinion will be considered final. An employee will be provisionally entitled to leave and benefits under the FMLA pending the second and/or third opinion.

ANNUAL MEDICAL CERTIFICATION AND RECERTIFICATION
Where the employee's need for leave due to the employee's own serious health condition lasts beyond a single leave year, the City will require employees to provide a new medical certification in each subsequent leave year. Such new medical certifications are subject to the provisions for authentication and clarification and second and third opinions.

REINSTATEMENT
Employees returning from Family and Medical Leave will be reinstated in the same position or a position equivalent in pay, benefits, and other terms and conditions of employment.

GROUP HEALTH INSURANCE AND OTHER BENEFITS, CONCURRENT LEAVE AND SUBSTITUTION OF PAID LEAVE
An employee granted leave under this policy will continue to be covered under the City's group health and dental insurance plan under the same conditions and at the same level of City contribution as would have been provided had the employee been continuously employed during the leave period. The employee will be required to continue payment of the employee portion of

group insurance coverage while on leave. Arrangements for payment of the employee's portion of premiums must be made by the employee with the City.

If there are changes in the City's contribution levels while the employee is on leave, those changes will take place as if the employee were still on the job.

Rights to additional continued benefits will depend on whether leave is paid or unpaid.

Any paid disability leave benefits (Short Term Disability or Long Term Disability), sick leave, Paid Time Off (PTO) or compensatory time off available to employees for a covered reason (an employee's serious health condition or a covered family member's serious health condition, including worker's compensation leave and Minnesota State Parenting Leave) will run concurrently with FMLA.

*The City's FMLA policy with Minnesota Parenting Leave and all forms of paid time off (sick leave, disability leave, workers' comp leave, vacation, PTO and compensatory time off) run concurrently with FMLA. By way of example, a Minnesota Parenting Leave policy -- which permits employees who have worked for the company for at least twelve (12) months and have worked at least 1,040 hours – should clearly state that Minnesota Parental leave will run concurrently with any other applicable leave, such as FMLA, STD, paid parental leave, sick leave, or accrued vacation and that paid leave cannot be utilized to extend FMLA or parental leave beyond twelve weeks.

FAILURE TO RETURN TO WORK AFTER FMLA

Under certain circumstances, if the employee does not return to work at the end of the FMLA leave for at least 30 calendar days, the City may require the employee to repay the portion of the monthly cost paid by the City for group health plan benefits. The City may also require the employee to repay any amounts the City paid on the employee's behalf to maintain benefits other than group health plan benefits.

*If an employee does not return to work following 12 weeks of FMLA leave, the employee may be subject to COBRA continuation.

If the employee fails to pay the City a portion of the premiums for which he or she is responsible during the FMLA leave and the employee fails to return to work, coverage may end. Loss of coverage for failure to pay premiums is not a qualifying event for purposes of continuation coverage under COBRA.

If the employee does not return from the FMLA leave and coverage ended sometime during the FMLA leave due to lack of payment, there is no COBRA election available. For COBRA to apply, the employee must have been covered on the day before the qualifying event. In this situation, the qualifying event would occur at the time the employee did not return from the leave.

ACTIVITIES PROHIBITED DURING FMLA

While on leave, an employee may not engage in activities (including employment) which have the same or similar requirements and essential functions of an employee's current position.

While on leave, an employee may not engage in any activity that conflicts with the best interests of the City. Such conduct may result in disciplinary action up to and including termination of employment.

FMLA – QUALIFIED EXIGENCY AND MILITARY CAREGIVER LEAVE

Qualified Exigency

Eligible employees (described above) whose spouse, son, daughter, or parent either has been notified of an impending call or order to covered active military duty or who is already on covered active duty may take up to 12 weeks of leave for reasons related to or affected by the family member's call-up or service.

The qualifying exigency must be one of the following: (1) short-notice deployment; (2) military events and activities; (3) childcare and school activities; (3) financial and legal arrangements; (5) counseling; (6) rest and recuperation; (7) post-deployment activities; (8) parental care; or (9) additional activities that arise out of active duty, provided that the employer and employee agree, including agreement on timing and duration of the leave.

Military Caregiver Leave

An employee eligible for FMLA leave (described above) who is the spouse, son, daughter, parent, or next of kin of a covered servicemember may take up to 26 weeks in a single 12-month period to care for that servicemember.

The family member must be a current member of the Armed Forces (including a member of the National Guard or Reserves), who has a serious injury or illness incurred in the line of duty on active duty for which he or she is undergoing medical treatment, recuperation, or therapy, or otherwise is on outpatient status or on the temporary disability retired list. Eligible employees may not take leave under this provision to care for former members of the Armed Forces, former members of the National Guard and Reserves, or members on the permanent disability retired list.

DEFINITIONS

- A **"son or daughter of a covered servicemember"** means the covered servicemember's biological, adopted, or foster child, stepchild, legal ward, or a child for whom the covered servicemember stood in loco parentis, and who is of any age.

- A **"parent of a covered servicemember"** means a covered servicemember's biological, adoptive, step, or foster father or mother, or any other individual who stood in loco parentis to the covered servicemember. This term does not include parents "in law."

- The **"next of kin of a covered servicemember"** is the nearest blood relative, other than the covered servicemember's spouse, parent, son, or daughter, in the following order of

priority: blood relatives who have been granted legal custody of the servicemember by court decree or statutory provisions, brothers and sisters, grandparents, aunts and uncles, and first cousins, unless the covered servicemember has specifically designated in writing another blood relative as his or her nearest blood relative for purposes of military caregiver leave under the FMLA. When no such designation is made, and there are multiple family members with the same level of relationship to the covered servicemember, all such family members shall be considered the covered servicemember's next of kin and may take FMLA leave to provide care to the covered servicemember, either consecutively or simultaneously. When such designation has been made, the designated individual shall be deemed to be the covered servicemember's only next of kin.

- **"Covered active duty"** means:
    - "Covered active duty" for members of a regular component of the Armed Forces means duty during deployment of the member with the Armed Forces to a foreign country.
    - "Covered active duty" for members of the reserve components of the Armed Forces (members of the U.S. National Guard and Reserves) means duty during deployment of the member with the Armed Forces to a foreign country under a call or order to active duty in a contingency operation as defined in section 101(a)(13)(B) of Title 10 of the United States Code.

- **"Covered servicemember"** means:
    - An Armed Forces member (including the National Guard or Reserves) undergoing medical treatment, recuperation, or therapy or otherwise in outpatient status or on the temporary disability retired list, for a serious injury or illness"; or
    - A veteran who is undergoing medical treatment, recuperation, or therapy, for a serious injury or illness and who was a member of the Armed Forces (including a member of the National Guard or Reserves) at any time during the period of 5 years preceding the date on which the veteran undergoes that medical treatment, recuperation, or therapy.

- **"Serious injury or illness"** means:
    - In the case of a member of the Armed Forces (including a member of the National Guard or Reserves), means an injury or illness that was incurred by the member in line of duty on active duty in the Armed Forces (or existed before the beginning of the member's active duty and was aggravated by service in line of duty on active duty in the Armed Forces) and that may render the member medically unfit to perform the duties of the member's office, grade, rank, or rating; and
    - In the case of a veteran who was a member of the Armed Forces (including a member of the National Guard or Reserves) at any time during a period when the person was a covered servicemember, means a qualifying (as defined by the Secretary of Labor) injury or illness incurred by a covered servicemember in the

line of duty on active duty that may render the servicemember medically unfit to perform the duties of his or her office, grade, rank or rating.

AMOUNT OF LEAVE – QUALIFIED EXIGENCY
An eligible employee can take up to 12 weeks of leave for a qualified exigency.

AMOUNT OF LEAVE – MILITARY CAREGIVER
An eligible employee taking military caregiver leave is entitled to 26 workweeks of leave during a "single 12-month period." The "single 12-month period" begins on the first day the eligible employee takes FMLA leave to care for a covered servicemember and ends 12 months after that date.

Leave taken for any FMLA reason counts towards the 26-week entitlement. If an employee does not take all 26 workweeks of leave to care for a covered servicemember during this "single 12-month period," the remaining part of the 26 workweeks of leave entitlement to care for the covered servicemember is forfeited. 29 C.F.R. § 825.127(e)(1) (2017).

CERTIFICATION OF QUALIFYING EXIGENCY FOR MILITARY FAMILY LEAVE
The City will require certification of the qualifying exigency for military family leave. The employee must respond to such a request within 15 days of the request or provide a reasonable explanation for the delay. Failure to provide certification may result in a denial of continuation of leave. This certification will be provided using the DOL Certification of Qualifying Exigency for Military Family Leave.

CERTIFICATION FOR SERIOUS INJURY OR ILLNESS OF COVERED SERVICEMEMBER FOR MILITARY FAMILY LEAVE
The City will require certification for the serious injury or illness of the covered servicemember. The employee must respond to such a request within 15 days of the request or provide a reasonable explanation for the delay. Failure to provide certification may result in a denial of continuation of leave. This certification will be provided using the DOL Certification for Serious Injury or Illness of Covered Servicemember.

All other provisions of the FMLA policy, including Use of Paid Leave, Employee Status and Benefits During Leave, Procedure for Requesting Leave, and Benefits During Leave and Reinstatement, are outlined above in the FMLA policy.

Memo for Council Action

To: Mayor Johnson and Members of the City Council
From: Finance Director Betker
Date: December 3rd 2019
Subject: Debt Levy Variance from Original Bond Register

Background:

At its September 3rd 2019 meeting the Isanti City Council approved the preliminary levies payable in 2020. Debt levies for two bond issues; 2010B and 2011A, were approved at levels that varied from the levels detailed in the original bond documents. The two bond issues, the originally scheduled levy for 2020 and actual certified levy for 2020 are shown below.

BOND ISSUES	ORIGINAL PRINCIPAL	DATE ISSUED	ORIGINAL 2020 DEBT LEVY	CERTIFIED 2020 DEBT LEVY	AMOUNT OF VARIANCE FROM ORIGINAL SCHEDULE
2010B GO Imp. Bonds	$ 1,825,000	12/1/2010	$ 206,462	$ 85,000	$ (121,462)
2011A GO Imp. Bonds	$ 790,000	9/6/2011	$ 50,200	$ 7,805	$ (42,395)

County auditors are required to maintain bond registers that have information relating to any bonded debt issued by local taxing authorities in the county (Minnesota Statutes 475.62). For bonds that have tax levies pledged for payment of all or part of the debt, the county auditor must certify that the debt has been entered in the bond register and that any required tax levies have been made (Minnesota Statutes 475.63). It is the responsibility of the county auditor to make sure that debt levies as noted in the original bond resolution are made according to the levy schedule (Minnesota Statutes 475.64). If the municipality fails to make the needed debt service levy and has not provided a resolution to reduce/increase the levy as provided in statute, the county auditor has the obligation of making the levy for debt service.

To reduce/increase the debt levy, the taxing authority must certify that they are making an irrevocable appropriation of funds actually on hand to the debt service account or that there exists excess funds in the debt service account for payment of the debt (Minnesota Statutes 475.61, subd. 3). The certification should take the form of a resolution appropriating the funds and reducing/increasing the debt levy. The funds must already be on hand, it is not sufficient to anticipate receiving funds in the future.

Both levy amounts were the recommendation of a 2014/2015 Debt Service Financial Analysis by Northland Securities Inc. approved by resolution 2013-149.

Action Required:

Consider attached resolutions that will bring the City of Isanti into compliance with State Statutes 475.61, subd. 3 thru 475.64.

MEMORANDUM

Date: November 20, 2019

To: Sheila Sellman, Community Development Director

From: Jason W. Cook, P.E.
City Engineer

Subject: Legacy Pines – Developer Requested Letter of Credit Reduction No 4
City of Isanti, MN
Project No.: R13.117438

Odyssey Homes, the developer of Legacy Pines, has requested that the Letter of Credit for the Legacy Pines development be reduced to the minimum 10% for the 2-year warranty period.

The work has been found to be in compliance with City standards and all tests have passed to date.

We recommend approving the reduction of the Letter of Credit leaving a balance of $169,111.16 in place.

The remaining balance of the Letter of Credit meets the requirements of the Development Agreement for the 2-year warranty period.

This does not alleviate the developer or contractor from completing any remaining work and should any deficiencies be found during the warranty period; the Developer will be responsible to repair the issue to the acceptance of the City.

Please contact me if you have any questions.

Bolton & Menk is an equal opportunity employer.

ARTICLE 1 - PURPOSE OF AGREEMENT

This AGREEMENT is entered into between the City of Isanti, hereinafter called the Employer, and Local Number 416 of Law Enforcement Labor Services, Inc., hereinafter called the Union. The intent and purpose of this Agreement is to:

1.1 Establish certain hours, wages, and other conditions of employment;

1.2 Establish procedures for the resolution of disputes concerning this AGREEMENTS interpretation and/or application;

1.3 Specify the full and complete understanding of the parties; and

1.4 Place in written form the parties agreement upon terms and conditions of employment for the duration of this AGREEMENT.

The EMPLOYER and the UNION, through this AGREEMENT, continue their dedication to the highest quality of public service. Both parties recognize this AGREEMENT as a pledge of this dedication.

ARTICLE 2 - RECOGNITION

2.1 The Employer recognizes the Union as the exclusive bargaining representative under Minnesota Statutes for all licensed Essential Supervisory employees in the position of Lieutenant employed by the City of Isanti Police Department, Isanti, Minnesota who are public employees within in the meaning of Minn. Stat. 179A.03, subd. 14 excluding confidential and all other employees.

2.2 In the event the EMPLOYER and the UNION are unable to agree as to the inclusion or exclusion of a new or modified job class, the issue shall be submitted to the Bureau of Mediation Services for determination.

ARTICLE 3 - DEFINITIONS

3.1 UNION: Law Enforcement Labor Services, Inc., Local No.416.

3.14 RESIGNATION IN GOOD STANDING: An employee leaving service with the Employer after giving a two-week notice, providing the employee has not been discharged for misconduct.

ARTICLE 4 - NON-DISCRIMINATION

The Employer and the Union agree not to discriminate against any employee on any basis prohibited by law.

ARTICLE 5 - UNION RIGHTS

In recognition of the Union as the Exclusive representative the Employer shall;

5.1 Deduct each payroll period an amount sufficient to provide the payment of dues established by the Union from the wages of all employees authorizing in writing such deduction; and

5.2 Remit such deduction to the appropriate designated officer of the Union.

5.3 The Union may designate certain employees from the bargaining unit to act as stewards and shall inform the Employer in writing of such choice

5.4 The Employer shall make available to the Union mutually agreed upon facilities at reasonable times for the purposes of conducting Union business.

5.5 The Employer agrees to make space available on the Employer bulletin board for the posting of official Union notice(s) and announcements.

5.6 The Union agrees to indemnify and hold harmless the Employer against any claims, suits, orders, or judgments brought or issued against the Employer under the provisions of this article.

ARTICLE 6 - EMPLOYER AUTHORITY

6.1 The Employer retains the full and unrestricted right to operate and manage all manpower, facilities and equipment; to establish functions and programs; to set and amend budgets; to determine the utilization of technology; to establish and modify the organizational structure; to select, direct and determine the number of personnel; to establish work schedules, and to perform any inherent managerial function not specifically limited by this AGREEMENT.

6.2 Any term and condition of employment not specifically established or modified by this AGREEMENT shall remain solely within the discretion of the Employer to modify, establish, or eliminate.

ARTICLE 7 - SAVINGS CLAUSE

This AGREEMENT is subject to the law. In the event that any provision of this AGREEMENT shall be held to be contrary to the law by a Court of competent jurisdiction or administrative agency from whose final judgment or decree no appeal is made within the time provided, such provision shall be voided. All other provisions of this AGREEMENT shall continue in full force and effect. The voided provisions shall be renegotiated upon written request ofeither party.

ARTICLE 8 - EMPLOYEE RIGHTS/GRIEVANCE PROCEDURE

8.1 A grievance is defined as a dispute or disagreement as to the interpretation or application of the specific terms and conditions of this AGREEMENT.

8.2 Union Representative. The Employer will recognize representative designated by the Union as the grievance representative of the bargaining unit. The Union shall notify the Employer in writing of the name of such Union representative.

8.3 Processing of a Grievance. It is recognized and accepted by the Union and the Employer that the processing of grievances as hereinafter provided is limited by the job duties and responsibilities of the employees and shall therefore be accomplished during normal working hours only when consistent with such employee duties and responsibilities. The aggrieved employee and the Union representative shall be allowed a reasonable amount of time without loss in pay when a grievance is investigated and presented to the Employer during normal working hours provided the employee and the Union Representative have notified and received the approval of the designated supervisor.

8.4 Procedure. Grievances, as defined by section 9.2, shall be resolved in conformance with the following procedure:

Step 1. An employee claiming a violation concerning the interpretation or application of this Agreement shall, within twenty-one (21) calendar days after such alleged violation has occurred or the employee through the use of reasonable diligence should have had knowledge of the occurrence of the alleged violation, present such grievance to the Police Chief At this step, the grievance may be presented either orally or in writing. The Police Chief will discuss and give an answer, in writing, to such Step 1 grievance within twenty-one (21) calendar days after receipt. A grievance not resolved in Step 1 and appealed to Step 2 shall be placed in writing setting forth the nature of the grievance, the facts on which it was based, the provision or provisions of the Agreement allegedly violated, and the remedy requested and shall be appealed to Step 2 within ten (10) calendar days after the Police Chiefs final answer in Step 1. Any grievance not appealed in writing to Step 2 by the Union within ten (10) calendar days shall be considered waived.

Step 2. If appealed, the grievance shall be in writing and presented by the Union to the City Administrator. The City Administrator will give the Union the Employers Step 2 answer in writing within ten (10) calendar days. A grievance not resolved in Step 2 may be appealed to Step 3 within ten (10) calendar days following the Employer's final Step 2 answer. Any grievance not appealed in writing to Step 3 by the Union within ten (10) calendar days shall be considered waived.

Step 3. A grievance not resolved in Step 2, by mutual consent, may be mediated using the services of the Bureau of Mediations Services. A petition for mediation by either party stops all timelines. A grievance not resolved in mediation, may be appealed to Step 4.

Step 4. A grievance unresolved in Step 2 or Step 3 and appealed to Step 4 by the Union shall be submitted to arbitration subject to the provisions of the Public

Employment Labor Relations Act of 1971 as amended.

The Union and the Employer will endeavor to select a mutually acceptable arbitrator to hear and decide the grievance. If the Union and the Employer are unable to agree on an arbitrator, they may request from the Director of the Bureau of Mediation Services a list of qualified arbitrators. The parties will alternately strike names from the list of arbitrators until only one (1) name remains. The remaining arbitrator will hear and decide the grievance. If the parties are unable to agree on who will strike the first name the question will be decided by the flip of a coin.

8.5 Arbitrator's Authority

8.5.1 The arbitrator shall have no right to amend, modify, nullify, ignore, add to, or subtract from the terms and conditions of this AGREEMENT. The arbitrator shall consider and decide only the issue(s) submitted by the Employer and the Union in writing and shall have no authority to make a decision on any other issue not so submitted.

8.5.2 The arbitrator shall be without power to make decisions contrary to, or inconsistent with, or modifying or varying in any way the application of laws, rules or regulations having the force and effect of law. The arbitrator's decision shall be submitted in writing within thirty (30) days following the close of the hearing or the submission of briefs by the parties, whichever be later, unless the parties agree to an extension. The decision shall be binding on both the Employer and the Union and shall be based solely on the arbitrator's interpretation or application of the express terms of this Agreement and to the facts of the grievance presented.

8.5.3 The fees and expenses for the arbitrator's services and proceedings shall be borne equally by the Employer and the Union provided that each party shall be responsible for compensating its own representatives and witnesses. If either party desires a verbatim record of the proceedings, it may cause such record to be made, providing it pays for the record. If both parties desire a verbatim record of proceedings the cost shall be shared equally.

8.6 Waiver. If a grievance is not presented within the time limits set forth above, it shall be considered "waived." If a grievance is not appealed to the next step within the specific time limit or any agreed extension thereof, it shall be considered settled on the basis of the Employers last answer. If the Employer does not answer a grievance or an appeal thereof within the specified time limits, the Union may elect to treat the grievance as denied at that step and immediately appeal the grievance to the next step. The time limit in each Step may be extended by mutual agreement of the Employer and the Union.

ARTICLE 9 - DISCIPLINE

9.1 The Employer will discipline employees for just cause only. Discipline will be in one or more of the following forms:

A. Oral reprimand
B. Written reprimand
C. Suspension
D. Demotion, or
E. Discharge

9.2 Suspension, demotions and discharges will be in written form.

9.3 Written reprimands, notices of suspensions, notices of demotion and notices of discharge which are to become part of an employee's personnel file will be read and acknowledged by signature of the employee. Employees and the Union will receive a copy of such reprimands and/or notices. Such documents more than twenty-four (24) months old may not be used for promotional evaluation or disciplinary action and shall be removed unless the original signed letter of discipline indicates otherwise.

9.4 Employees may examine their own individual personnel files at reasonable time under the direct supervision of the Employer.

9.5 Employees will not be questioned concerning an investigation of disciplinary action unless the employee has been given adequate opportunity to have a Union representative present at such questioning.

9.6 Grievances relating to this Article shall be initiated by the Union at Step 2 of the grievance procedure under Article 8 of this Agreement.

ARTICLE 10 - JOB SAFETY TRAINING

10.1 The Employer agrees to provide employees with body armor as required by law.

10.2 The Employer will pay the cost of maintaining POST licensure.

10.3 The time an employee spends attending training, approved by the Chief and the City Administrator, and shall be considered working hours for the purpose of computing wages and other benefits provided by this Agreement.

ARTICLE 11 - HOURS OF WORK

11.1 The normal work year is an average of two thousand eighty (2,080) hours to be accounted for by each employee through

a) hours worked on assigned shifts;
b) holidays;
c) assigned training;
d) authorized leave time.

11.2 Nothing contained in this or any other Article shall be interpreted to be a guarantee of a minimum or maximum number of hours the Employer may assign employees.

11.3 Scheduled shifts shall be bid by seniority prior to November 15th of each year.

ARTICLE 12 - OVERTIME PAY

12.1 Hours worked in excess of the employee's scheduled shift will be compensated at one and one-half times the employee's regular base pay rate.

12.2 For the purpose of computing overtime compensation, overtime hours worked shall not be pyramided, compounded, or paid twice for the same hours worked.

I2.3 In lieu of monetary compensation, an employee may choose to receive compensatory time at the rate of time and one-half (1 ½) to a maximum accumulation of eighty (80) hours.

12.4 Credit for overtime hours worked (pay and/or compensatory time off) shall only be given upon receipt of supervisor approved documentation as to the purpose and need for the overtime and must be approved by the City Administrator.

12.5 Overtime shall be paid to nearest 1/4 hour. Officers shall report their start time at the time scheduled and any time worked over their shift as authorized by the Chief.

ARTICLE 13 - COURT TIME

An employee who is required to appear in Court during the employee's scheduled off-duty time shall receive a minimum of three (3) hours pay at one and one-half (1 ½) time the employee's base pay rate or for time worked, whichever is greater. An extension or early report to a regularly scheduled shift for a court appearance does not qualify the employee for the three (3) hour minimum. Overtime for com1 appearances shall be paid at the 1 ½ times current rate of pay.

Court Standby: An off-duty employee who must remain available for a court hearing, and is required to call for verification that an appearance is necessary. An employee shall be compensated at the rate of $20.00 per day of standby only if no appearance is required. Compensation shall be paid for standby only on Tuesday, Wednesday, Thursday, and Friday. An employee may not receive standby pay and the court time minimum on the same day.

ARTICLE 14 - CALL BACK TIME

An employee who is called to duty during the employee's scheduled off-duty time shall receive a minimum of three (3) hours pay at one and one-half (1-1/2) time the employee's base pay rate or for time worked, whichever is greater. An extension or early report to a regularly scheduled shift for duty does not qualify the employee for the three (3) hour minimum.

Call back time shall not include phone calls, must include employee reporting to work at the office or the scene of an incident.

ARTICLE 15 - SENIORITY

15.1 Definition: Seniority will be determined by an employee's length of continuous service with the Employer and posted in an appropriate location. Seniority rosters may be maintained by the Employer on the basis of time in grade and time within specific classifications. Full time employees shall always have seniority over part time employees. Seniority within the part time personnel shall not be transferable to a full-time position.

15.2 Probationary Employees: During the probationary period, an employee may be discharged at the sole discretion of the Employer.

15.3 Lay-offs: Lay-offs are defined as separation from service by the Employer not related to discipline. Employees will be laid off by job classification seniority. Employees on layoff will have recall rights for one year after layoff. No employees will be hired in any jobs classifications in which employees are laid off who have recall rights.

15.4 Vacancies: Job vacancies within the bargaining unit will be posted by the Employer in the department in a conspicuous place, for a period of ten (10) working days. An employee must apply for the position within the ten (10) working days posting time. An employee assigned to the posted job will be on probation for six (6) months, during which time the employee may be returned to their former position upon the request of the employee, without loss of seniority.

ARTICLE 16 - COMPENSATION

16.1 Rates of Pay: Employees covered by this AGREEMENT shall be compensated in accordance with the Salary Schedule marked "Appendix A" attached hereto and made a part of this AGREEMENT.

16.2 Meals: Employees will be reimbursed for meals according to current policy.

16.3 The City shall pay the following lump sum payments to employees possessing a valid Post License and current Firearms Qualifications on December 31 of the preceding year. Payment shall be made in January of each contract year.

Post License	$325.00
Firearms Qualifications	$300.00

16.4 Longevity: Longevity pay is based upon full length of service as a full-time officer/lieutenant in the City of Isanti from date of hire. Members will receive longevity in accordance with the following schedule:

10 Years of Service - Two Percent (2%) above base wage rate
15 Years of Service - Four Percent (4%) above base wage rate
20 Years of Service - Six Percent (6%) above base wage rate

Longevity rates are applied to the base wage rate for full time employees for that year of tenure. The employee's anniversary date shall be the date used for the purpose of longevity increment movement.

ARTICLE 17 - VACATION

17.1 Vacation will accrue at the following rates:

0 through 1 year	6 days/ 48 hrs. / yr.
After two (2) years	12 days/ 96 hrs./ yr.
After six (6) years	18 days / 144 hrs. / yr.
After ten (10) years	24 days / 192 hrs. / yr.
After fifteen (15) years	27 days/ 216 hrs./ yr.

17.2 48 hours of unused vacation and the Employee's annual accrual may be carried over from year to year.

17.3 When an employee terminates employment with the City in good standing, the employee shall receive the value of 100% of vacation time earned but unused as severance pay.

17.4 Seniority shall apply on vacation scheduling up to March 1st of each year. After March 1st, vacation scheduling shall be on a first come, first serve basis.

17.5 Vacation Donation Option: An employee may voluntarily donate their accumulated vacation hours (up to a max of 2 days / or 24 hours) to other employees whose accumulated leave balances are exhausted and who would otherwise be subject to a loss of income during a continued absence from work due to illness or injury. Donations will not be paid until all types of paid leave are exhausted by the recipient. The donated time will be paid to the recipient at the recipient's regular rate of pay on an hour per hour basis, and there will be no consideration for differences in wage rates applied to the transfer.

ARTICLE 18 - LEAVES OF ABSENCE

18.1 Military Leave. Any military leave of absence shall be handled as provided by law.

18.2 Negotiating Committee. An employee elected to serve on the negotiating committee representing the bargaining unit members shall suffer no loss of pay if negotiations are held during the employee's on-duty hours. The employee shall not be eligible for overtime or straight time if meetings are held during the employee's off-duty hours.

18.3 Jury Duty. Employees required to serve on jury duty will be compensated by the Employer for the difference between the employee's regular rate of pay and the amount paid for jury duty.

18.4 Parenting Leave. Unpaid parenting leave is available to employees pursuant to law.

ARTICLE 19 - SICK LEAVE

19.1 All full-time employees shall be credited with 8 hours of sick leave for each month of service, with a maximum accumulation of 480 Hours.

19.2 Employees may use their accrued sick leave for an illness or injury of the employee, employee's immediate family, and or to attend the funeral of a fellow employee. "Immediate family" will be defined by, and limited by, Minnesota Statutes Section 181.9413.

19.3 Upon termination of an employee in good standing and with five years consecutive employment, the employee shall be reimbursed one-half pay for sick days not used to a maximum of four hundred eight (480) accumulated hours at the employee's current rate of pay; and the employee shall be reimbursed for any unused sick leave for hours accrued in the termination year at the rate of one-half (1/2) of the employee's daily salary based on a maximum of accrual of ninety-six (96) hours.

19.4 An employee who is drawing worker's compensation shall be allowed to use accumulated sick leave as necessary to insure a full monthly paycheck, providing that employee shows documentation to the Employer.

19.5 The Employer may require an employee to submit a medical certificate verifying that the employee may return to work.

19.6 At the employee's option, the employee may sell back to the Employer unused sick leave in excess of 480 Hours up to a maximum of six (6) days in any one year and receive for said sick days compensation at the normal rate of compensation then being received. In computing this option, each year's accumulation is added to the previous accumulation and of that total any portion in excess of 480 Hours may be sold back under this provision up to six (6) days in any one year.

ARTICLE 20 - FUNERAL LEAVE

20.1 Funeral Leave is defined as paid leave not charged to an employee's sick leave or vacation leave, given in the event of a death in the employee's immediate family. (See Article 3.10)

20.2 Funeral leave in an amount equal to three eight-hour work days or 24 work hours shall be granted to each employee in the event of a death in the Employees immediate family. Requests for funeral leave will not be denied if the Employer's needs can be accommodated during the proposed absence.

20.3 Additional days. Additional leave time may be taken only with the permission of the City Administrator. These additional days will be charged against accumulated sick leave or vacation leave at the employee's discretion.

ARTICLE 21 - INSURANCE

21.1 Health Insurance. The Employer will provide a health and medical care insurance program to all employees. The Employer will pay 100% of the premium for single coverage health insurance. Employees choosing dependent care health coverage will be required to pay according to current City policy applicable to all City employees. Essentially, Employee contributions toward the premium costs of dependent coverage will increase or decrease by the same percentages as the City's overall policy cost increase or decrease for the health care coverage for the duration of this Agreement.

21.1.a Effective 01/01/2019 for the duration of this Agreement, the Employer will provide a plan with coverage and benefits at least equivalent to the coverage provided under the Public Employee Insurance Program (PEIP). For the duration of the 2020-2022 collective bargaining agreement, the Employer will offer Employees the choice of coverage pursuant to the PEIP Advantage Health Plan and the PEIP HSA Compatible Plan.

21.1.b For the duration of the 2020-2022 collective bargaining agreement only, the City will contribute the annual IRS defined maximum to the employee's HSA account on a bi-annual basis in January and July of the calendar year for those benefit-eligible employees who are eligible to receive an HSA contribution and elect the PEIP HSA Compatible Plan. This provision shall sunset effective December 31, 2022.

21.1.c For the duration of the 2020-2022 collective bargaining agreement only, the City will continue to offer a $443.75 per month taxable Opt- Out Waiver payment for those benefit-eligible employees not electing health insurance coverage, upon presentation of certification for proof of coverage pursuant to City policy. This provision shall sunset effective December 31, 2022.

21.2 Life Insurance. The Employer will provide and pay the full cost of the premiums for, life insurance in the amount of $25,000.00 for each full-time employee.

21.3 Effective Date. The health and medical and term life insurance shall be in effect the first day of the first full month of employment.

21.4 Dental Insurance. The Employer shall make dental insurance coverage available to employee and employee's dependents. The Employer will pay 100% of the premium for single coverage and 100% of the premium for dependent care coverage.

ARTICLE 22 - HOLIDAYS

22.1 Recognized Holidays. Holidays include the following:

New Year's Day
Presidents Day
Columbus Day
Independence Day
Veteran's Day
½ day Christmas
Eve Christmas Day
Martin Luther King
Day Memorial Day
Labor Day
Thanksgiving Day
Floating Holiday

22.2 During the month of December Employees will be paid a lump sum check at the employees' regular rate of pay for the above holidays or receive days off in lieu of payment. Days off must be scheduled with the employee's supervisor. Employees terminating employment during the calendar year will receive a pro-rated payment.

22.3 Employees who work on a recognized holiday shall be paid at one and one-half (1 ½) times their regular straight time rate for all hours worked, up to 12 hours pay depending on the length of the employee's normally scheduled work day, in addition to holiday pay as provided in Article 24.2. Holidays excluded from pay at the one and one-half (1 ½) times the regular straight time rate are the Floating Holiday and ½ Day for Christmas Eve which shall be paid at the regular straight time rate for all hours worked.

22.4 An employee utilizing the Floating Holiday will be allowed up to (12) hours pay, depending on the length of the employee's normally scheduled work day.

ARTICLE 23 - UNIFORMS

23.1 The Employer shall provide the initial uniform issue, as listed in Appendix B, for each permanent full-time employee.

23.2 Each employee shall receive a uniform allowance of $100.00 per month.

23.3 The Employer shall cover all costs of eyeglasses or other eyewear damaged or destroyed in the line of duty, except in those instances where the damage is loss or caused by the personal neglect of the employee.

23.4 The Employer shall pay for the repair or replacement of personal items of the individual employee which are damaged or destroyed in the line of duty, except in those instances where the damage or loss is caused by the personal neglect of the employee.

23.5 Employees terminating from the Police Department, with less than three (3) years of service, for any reason must return their entire uniform, including accessories, except for any items that were individually purchased by the officer using resources other than the uniform allowance. Regardless of the years of service, an employee terminating from the Police Department must return their body armor and other uniform accessories if originally paid for by the employer, and must return all uniform insignia and department "patches".

23.6 The Employer shall provide an annual stipend of $100 for the maintenance and replacement of the Officer's service firearm to each permanent full-time employee employed by the Departments as of December 31 of the preceding year. The payment shall be made in January of each contract year.

ARTICLE 24 - OUTSIDE EMPLOYMENT

Employees must receive prior written approval from the Chief and City Administrator before accepting outside employment.

ARTICLE 25 - WAIVER

25.1 Any and all prior agreements, resolutions, practices, policies, rules and regulations regarding terms and conditions of employment to the extent inconsistent with the provisions of this AGREEMENT, arc hereby superseded.

25.2 The parties mutually acknowledge that during the negotiations which resulted in this AGREEMENT, each had the unlimited right and opportunity to make demands with respect to any term or condition of employment not removed by law from bargaining. All agreements and understandings arrived at by the parties are set forth in writing in this AGREEMENT. The Employer and the Union each voluntarily waives the right to meet and negotiate regarding any and all terms and conditions of employment referred to or covered by this AGREEMENT, although such ter ms or conditions may not have been within the knowledge or contemplation of either or both of the parties at the time that this contract was negotiated or executed.

ARTICLE 26 - DURATION

This AGREEMENT shall be in effect from January 1, 2020 until December 31, 2022, and shall remain in effect from year to year thereafter unless either party gives notice as may be required by state statute of their desire to amend this AGREEMENT.

IN WITNESS WHEREOF, the parties hereto have set their signatures.

Request for City Council Action

To: Mayor Johnson and Members of City Council
From: Sheila Sellman, Community Development Director
Date: December 3, 2019
Subject: Resolution 2019-XXX a resolution of denial for a Conditional Use Permit Amendment for a shipping container at 1005 7th Ave.

Request:
The applicant, Art and Sciences Academy, is requesting a Conditional Use Permit (CUP) Amendment to allow a temporary storage container at 1005 7th Ave.

Overview/Background:
In 2017 a CUP was issued for the Art and Science Academy to allow for educational institutions in the R-3A zoning district, outdoor storage was not approved as part of that CUP. Outdoor storage is not permitted in the R-3A zone, but may be granted as part of a CUP. Section 227-8 D allows PODS on residential property for a 3-month period, the school is requesting the storage container be allowed for 7-10 years.

The applicant is requesting a 40'X8' (320 square feet) shipping container that is 8'6" in height be stored on the west side of the school. The school has run out of storage and currently rents a storage unit in town which is inconvenient when they need something. The applicant looked at alternatives and states that the shipping container is the most cost effective and secure. The school doesn't plan to expand the building until the school expands to 5-12 building and that won't be for a few years.

Analysis of Application:
The Planning Commission shall hold a public hearing and consider possible adverse effects of the proposed Conditional Use. The judgment of the Planning Commission shall be based upon, but is not limited to the following factors:

1. The proposed action has been considered in relation to the specific policies and provisions of and has been found to be consistent with the goals and objectives of the Comprehensive Plan, including public facilities and capital improvement plans.
   In 2009 the Planning Commission and Council had many discussions on allowing shipping containers and the like as storage. At the time businesses were using shipping containers for storage rather than for their business use, which is not permitted by code unless by CUP. The City spent a lot of time enforcing this matter and today shipping containers are not allowed as standalone storage units.

2. The proposed action meets the purpose and intent of this Ordinance and the underlying zoning district. *Outdoor storage is not permitted in the R-3A district. To meet the purpose and intent a temporary pod for 3-months would be permitted.*

3. The establishment, maintenance or operation of the conditional use will promote and enhance the general public welfare and will not be detrimental or endanger the public health, safety, morals, or comfort. *The establishment of the conditional use does not appear to endanger the public health, safety, morals and comfort of the surrounding area or the community. However, this container will be visible from HWY 65 and does not enhance the area. Staff has concerns with graffiti and general care of the container.*

4. The conditional use will not be injurious to the use and enjoyment of other property within the immediate vicinity for the purposes already permitted; nor substantially diminish or impair property values within the neighborhood. *The container will be visible from HWY 65 and if not cared for properly (rust, dead grass, graffiti) it could affect the enjoyment of the surrounding area.*

5. The establishment of the conditional use will not impede the normal and orderly development and improvement of surrounding property for uses permitted in the district. *The conditional use will not impede on the normal and orderly development and improvement of surrounding property.*

6. Adequate public facilities and services are available or can be reasonably provided to accommodate the use which is proposed. *As part of the development agreement, the applicant is to construct a park facility adjacent to the subject parcel. After the park facility is constructed, the applicant will be conveying the property to the City for public use. This condition is met.*

7. The conditional use shall, in all other respects, conform to the applicable regulations of the district in which it is located. *If permitted the container shall be subject to Subdivision 16 Outdoor storage, including but not limited to: surface area and screening.*

8. The conditional use complies with the general and specific performance standards as specified by within this Article. *As previously stated, this use is not permitted in this zoning district and does not comply.*

Planning Commission

The Planning Commission held a public hearing at their regular November 19, 2019 meeting. No one from the public spoke on this item. The applicant was available for questions. The applicant explained that the shipping container is the most economical option for the school. He stated that the school hopes to add-on to the building in the next three years but it depends on funding and various approvals. The Commission had asked him about alternatives and none of which he was in favor of. The Commission asked about building an accessory structure and he said it was not feasible since they would just have to tear it down when they add on.

The site is 10.9 acres there is plenty of room for an accessory structure. Based on the zoning and lot size they would be permitted a 3,600 square foot accessory structure. The structure would need to comply with the following building architecture requirements:

Accessory structures shall be compatible with the principal structure with respect to building materials, design, and character. Roof style and colors shall be similar to or compatible with the principal building. Buildings of pole type construction are prohibited.

The Commission made the following motion: Move to approve the Conditional Use Permit for a 5-year period, the motion was voted on and did not pass 5-2. A second motion was made to allow the CUP for a 3-year period, the motion was voted on and did not pass 5-2. Therefore, the recommendation to the City Council is denial.

FINDINGS OF FACT AND CONCLUSION
Conditional Use Permit Amendment Denial
December 3, 2019
Prepared by Community Development Director Sheila Sellman

Request

A request from Art and Sciences Academy, for a Conditional Use Permit (CUP) Amendment to allow a temporary shipping container for storage at 1005 7th Ave.

Findings of Facts:

1. A Conditional Use Permit was issued in 2017 to allow for educational institutions in the R-3A Zoning District.
2. The property is legally described as Lot 1, Block 1, Art and Science Addition, PID 16.145.0010
3. The subject site is zoned R3-A, low density multi-family.
4. The petitioner submitted the application on October 16, 2019.
5. A public hearing was held at the November 19, 2019 Planning Commission.
6. Notice of the Conditional Use Permit request was published within the Isanti County News on November 7, 2019, Notices were sent to all property owners within 350 feet of the subject property on November 1, 2019.
7. Section 21, Article 2, Subdivision 4 of the Zoning Code shall be used to evaluate any Conditional Use Permit.

Conclusions

In review of the standards established in Section 21, Article 2, the following conclusions have been made (conclusions to each requirement are shown in italics).

1. The proposed action has been considered in relation to the specific policies and provisions of and has been found to be consistent with the goals and objectives of the Comprehensive Plan, including public facilities and capital improvement plans.
   In 2009 the Planning Commission and Council had many discussions on allowing shipping containers and the like as storage. At the time businesses were using shipping containers for storage rather than for their business use, which is not permitted by code unless by CUP. The City spent a lot of time enforcing this matter and today shipping containers are not allowed as standalone storage units.

2. The proposed action meets the purpose and intent of this Ordinance and the underlying zoning district. *Outdoor storage is not permitted in the R-3A district. To meet the purpose and intent a temporary pod for 3-months would be permitted.*

3. The establishment, maintenance or operation of the conditional use will promote and enhance the general public welfare and will not be detrimental or endanger the public health, safety, morals, or comfort. *The establishment of the conditional use does not appear*

to endanger the public health, safety, morals and comfort of the surrounding area or the community. However, this container will be visible from HWY 65 and does not enhance the area. Staff has concerns with graffiti and general care of the container.

4. The conditional use will not be injurious to the use and enjoyment of other property within the immediate vicinity for the purposes already permitted; nor substantially diminish or impair property values within the neighborhood. *The container will be visible from HWY 65 and if not cared for properly (rust, dead grass, graffiti) it could affect the enjoyment of the surrounding area.*

5. The establishment of the conditional use will not impede the normal and orderly development and improvement of surrounding property for uses permitted in the district. *The conditional use will not impede on the normal and orderly development and improvement of surrounding property.*

6. Adequate public facilities and services are available or can be reasonably provided to accommodate the use which is proposed. *As part of the development agreement, the applicant is to construct a park facility adjacent to the subject parcel. After the park facility is constructed, the applicant will be conveying the property to the City for public use. This condition is met.*

7. The conditional use shall, in all other respects, conform to the applicable regulations of the district in which it is located. *If permitted the container shall be subject to Subdivision 16 Outdoor storage, including but not limited to: surface area and screening.*

8. The conditional use complies with the general and specific performance standards as specified by within this Article. *As previously stated, this use is not permitted in this zoning district and does not comply.*

Decision

The Planning Commission reviewed the request in a public hearing on November 19, 2019. The meeting minutes shall be made a part of the Findings of Fact and Conclusion. Motion by Gordon, second by Simon to approve the CUP amendment request with a 3-year cap. Motion failed 5-2.

The City Council reviewed the request a regularly scheduled meeting on December 3, 2019. The meeting minutes shall be made a part of the Findings of Fact and Conclusion.

Subject: Resolution Accepting Insurance Claim

Background:
On September 14, 2019 a sink hole developed at 305 main St. East. Under further investigation Connexus Energy had performed some directional boring. The directional boring put a hole in the storm pipe and eventually created a sink hole. The directional boring occurred on or about September 24th, 2008. Public Works performed the necessary repairs on September 15, 2019 and submitted the claim to Connexus Energy's Insurance Carrier, Federal Rural Electric Insurance Exchange in the amount of $1492.50.

Federal Rural Electric Insurance Exchange reviewed the claim and agree to pay half in the amount of $746.25 with a signed release of all other claims which could have occurred on September 24th, 2008 at 305 Main St. East. There reason to pay half is because of a possibility that the utility wasn't located prior to the work being performed.

H. Council Committee Reports

Councilor Lundeen shared that the Amendment for the Isanti Area Joint Operating Fire District Joint Powers Agreement is giving the Fire District the ability to charge for calls and runs. Lundeen further shared that the agreement is not changing except allowing for the Fire District to charge for calls.

I. Public Hearings

None.

J. **Business Items**

City Administrator Josi Wood

1. **Resolution 2019-304** Compliance Updates for Personnel Policy

City Administrator Josi Wood shared that the Personnel Policy had a complete rewrite done in order to become compliant with state and federal law. The Personnel Policy had not gone through a full update since it was created. Wood continued to share that there have been minor revisions, but not a full rewrite of the Personnel Policy. Wood stated that updating the Personnel Policy was one of the goals at the goal setting meeting at the beginning of the year in January. Wood further stated that there are no significant changes or major changes just updating. Wood further shared that these were recommendations and reviewed by The League of Minnesota Cities and the City's Attorney.

Motion by Lundeen, second by Bergley to approve resolution as presented. Motion passed 4-0. Motion carried.

Finance Director Mike Betker

2. Consider Amendments to City Code and 2020 Fee Schedule
    a. **Ordinance-713** Amending City Code Chapter 160 Fees
    b. **Resolution 2019-305** Adopting Fees Within the City of Isanti

Finance Director Mike Betker shared that based on the recommendation at Committee of the Whole there are a few revisions under administration. The revisions include removing agenda packet subscription and open burning permit. Betker shared that a burning permit is still required but there will no longer be a charge for it. Betker continued to share the cost for water meters has been updated based on the 2020 quote and the utility rates will go up 3% per city code. Betker stated that it has been in place since the last rate study in 2015.

Councilor Bergley asked if the revisions under administration were replaced.

Betker responded by sharing that the items were simply removed as there is no fee associated with them.

Motion by Bergley, second by Gordon to approve Ordinance 713 and Resolution 2019-305 as presented. Motion passed 4-0. Motion carried.

3. **Resolution 2019-306** Adopting the 2020 Final Budget
4. Consider Debt Levy Variance from Original Bond Register
    a. **Resolution 2019-307** Reducing Debt Levy Requirements for GO Bond 2010B
    b. **Resolution 2019-308** Reducing Debt Levy Requirements for GO Bond 2011A
5. **Resolution 2019-309** Adopting the Final 2019 Tax Levy, Collectible in 2020
6. **Resolution 2019-310** Adopting the Final 2020 Enterprise Fund Budgets
7. **Resolution 2019-311** Approving a Cost of Living Adjustment (COLA) For Non-Union Employees

Finance Director Mike Betker shared that there will be a 3.8% increase in the proposed tax rate for 2020 from 2019. Betker briefly shared budget options considered in the budget including current street improvement projects that were originally identified in 2010, delay/ eliminate capital maintenance/ replacement items have been identified as needed and not funding them becomes more expensive and reducing operating expenditures including contracts and other legal obligations limit scope of possible cuts and reduction of health insurance costs lowered the proposed tax rate increase from 9.7% to 3.8%.

Mayor Johnson opened the meeting for public input at 8:01 p.m.

Ed Tiller, 400 5th Ave S, addressed that he is concerned with his 40% increase in property taxes.

Finance Director Mike Betker stated that 40% is a significant increase and should be addressed with Isanti County Assessor.

Launa Hollin, 37 Buckskin Blvd, shared that she had an 84% increase and she contacted the Isanti County Assessor and she was very helpful in explaining why she was receiving such a significant increase. Hollin suggested residents that are questioning the amount they owe in property taxes should contact the County Assessor and she will explain the reasoning why.

Marilee Selin, 34175 Verdin St. NW Cambridge, MN, asked if there is a financial incentive with the CBD Joint being in Isanti.

Finance Director Mike Betker shared that the taxes are collected on the structure and not the business itself.

Brad Hale, 1204 Blossom Blvd, asked if the CDJ Joint was age restricted.

Community Development Director Sheila Sellman shared that there is no age restriction to enter the store, but there is an area in the store that is age restricted.

John Farris, 100 8th Ave SE, shared that he supports a capital maintenance plan and steady fiscal responsibility of keeping taxes at a steady increase or steady rate.

Mark Reller, 227 Richard Ave, shared that he is fine with the capital maintenance plan but stated it is unfair to people like him that paid for their street taxes and now part of their taxes are going to help pay other people for their taxes so they do not have to pay the bill that he did.

Finance Director Mike Betker shared that any assessments that would be applied to a street project will still be applicable within the plan. Betker continued to share that within the plan he projects assessments below what the standard is to be fiscally conservative and any assessments that would apply would be up to City Council and that barring action by the Council assessments would follow current assessment policy.

Councilor Gordon shared that property values are going up and residents are paying more taxes whether the tax rate increases or not and suggested lowering the street construction levy by $103,000 this year.

Finance Director Mike Betker discussed that reducing the street construction levy will push slated projects back.

Councilor Lundeen made a motion to lower the street construction levy by $103,000.

Councilor Gordon asked if the street construction levy should be lowered to $104,000 instead.

Motion by Lundeen, second by Gordon to approve J.3 through J.7 with the modification on J.5 to lower the street construction levy by $104,000 to bring the tax rate increase down to 0%. Motion passed 4-0. Motion carried.

8. Isanti Area Joint Operating Fire District Joint Powers Contract

Councilor Lundeen shared that the Fire District have always billed for fire calls but an issue occurred with a township fire that occurred less than a year ago with a kennel fire. Lundeen continued to share that the owner of the property does not want to pay the bill for the incident. Lundeen further shared that the contract allows the Fire District to legally bill for fire calls.

Motion by Gordon, second by Bergley to approve contract as presented. Motion passed 4-0. Motion carried.

4. **Business items**

a. Consider resolution 2019-4 to enter into a contract with Conway Publishing to advertise in Business Climate a MN DEED Economic Development publication and on siteslection.com. The EDA discussed the past advertisements in this publication and noted that we have done a full page ad in 2015, 2016 and 2017. In the past Connexus Energy also advertised on our page and paid for a portion of the ad. The EDA discussed how having them on our page isn't that beneficial. The EDA liked the 2/3 page option rather than a whole page and directed staff to talk to the County EDA to see if they would be interested in contributing to the page. Motion by Collison to do a 2/3 ad and to contact the County EDA for partnership, second by Reller Motion failed 3-2. Bergley and Gordon Opposed.

b. EDA Member Vacancy: Sellman notified the EDA that member Barrows resigned and that the City Council is advertising for the vacancy.

4. **Business items**

a. Decertification of TIF 11. Sellman explained this district was created for a hotel project. The hotel located on another parcel therefore it is recommended to decertify this parcel. Any tax increment will be returned to the County for distribution. The city will retain the lesser of either 10% tax increment received or an amount sufficient to cover publishing, reporting and auditing requirements for the district itself. Motion by Lundeen, second by Bergley to recommend the City Council Decertify TIF 11.

5. **Other Business:**
   a. Goal Setting Discussion: Sellman explained that the current EDA Marketing/Work Plan was adopted March 3, 2015. It was also discussed in 2017 but nothing was adopted. It is time to update this document. Sellman will update the document in draft form for a future EDA meeting and at that time the EDA can discuss goals and objectives to include in the plan. The EDA agreed and would to do this at the February 2020 meeting.
   b. Isanti County EDA Meeting Agenda and Minutes: no discussion

Request for City Council Action

To: Mayor Johnson and Members of City Council
From: Sheila Sellman, Community Development Director
Date: December 17, 2019
Subject: Sign Ordinance Amendment

Minnco Credit Union recently applied for a sign permit and brought to our attention that there is some inconsistency in our sign code. One important inconsistency is the way we measure the sign area of a freestanding sign. The code currently states:

> Freestanding Signs. The sign area shall include **all faces** of the sign panel and the sign frame, if any, but shall not include: (1) a pole or other structural support unless the pole or structural support is internally illuminated or otherwise so design to constitute a display device, or a part of the display device and (2) architectural features that are either part of the building or part of a freestanding structure and not an integral part of the sign, and which may consist of landscaping, building or structural forms complementing the site in general.

This means that a two-sided sign (which most freestanding signs are) is to have both sides count for the sign area even though it is technically one sign. When looking through past sign permits it has been interpreted as written and interpreted as only counting one sign face. The most recent free-standing sign permits have counted the sign area with one face. It is common practice to count one face when determining sign area. Staff recommends to remove the word all to avoid confusion and to only count one side of the sign face when determining sign area.

In the next few months staff will be reviewing the sign code as s whole and will bring back any other changes at a future COW/Council meetings.

Request:
Consideration of the proposed ordinance.

MEMORANDUM

Date: December 9, 2019

To: Honorable Mayor Johnson and Members of the City Council

From: Jason W Cook, P.E., City Engineer

Subject: 2020 Storm System Maintenance Fee Proposal
City of Isanti, MN

Bolton & Menk, Inc. is pleased to present this proposal to provide engineering services for the 2020 Storm System Maintenance Project.

The 5-year maintenance plan, as shown in the Capital Improvement Plan, shows the 2020 maintenance area falls along CR 23 in the south west region of the City (see attached figure). A large majority of the aprons in this project area fall within the County Road right-of-way. These culverts are full of sediment and are lower than the adjacent ditch bottom. We have contacted Isanti County regarding the ditch and culverts along County Road 23 and asked if they would be interested in doing a co-operative project where the ditch bottom would be lowered at the same time the culverts are cleaned out and restored. They said that may be a possibility in the future if they have time to budget for it.

At this time, we recommend switching the proposed maintenance area to the area slated for restoration in 2021. This will allow the County time to determine if they will participate in a future project. We recommend the scope of work to be completed for the 2020 Storm System Maintenance project is as follows:

- Create Plans and Specifications for ponds and aprons designated for maintenance in the 2021 year of the 5-year maintenance plan as shown in the 2019-2028 Capital Improvement Plan.
- Contact residents regarding private property access conflicts.
- Solicit bids from contractors and provide a recommendation to council.
- Provide a Resident Project Representative during all major work on site.
    - Work with the Contractor on site to ensure the project is completed as intended.
    - Coordinate access, construction schedule, and restoration with residents.

Bolton & Menk proposes to complete the above engineering services for an hourly, not-to-exceed fee of $21,600.00. The fee breakdown is as follows:

Research, Resident Coordination, Plans, Specifications and Bidding	$9,500
Construction Administration	$3,500
Field Resident Project Representative	$8,600

Attached is the 5-year maintenance plan showing the locations of the proposed work to be included in the 2020 Storm System Maintenance Project. As noted above, we are recommending the area scheduled for 2021 be completed this year, with the 2020 area rescheduled to coordinate with Isanti County ditch maintenance.

Please contact me at (763) 200-2444 if you have any questions or need additional information.

RESOLUTION 2019-

AUTHORIZING ENGINEERING SERVICES FOR THE 2020 STORM SYSTEM MAINTENANCE PROJECT

WHEREAS, it is proposed to perform storm system maintenance in the north west region of the City, and,

WHEREAS, these ponds and aprons are in need of maintenance to restore them to fully functioning storm system infrastructure and comply with the MS4 requirements; and,

WHEREAS, the Storm Sewer Apron & Pond Inventory Report, adopted by the City, identified these ponds and aprons for maintenance; and,

WHEREAS, the 2019-2028 Capital Improvement Plan, adopted by the City, has these ponds and aprons scheduled for maintenance in 2021, however, after communications with Isanti County, the culverts scheduled for maintenance in 2020 are recommended to be delayed to coordinate with the County on possible CR 23 ditch maintenance work; and,

WHEREAS, Bolton & Menk, Inc. has submitted a fee proposal for Engineering Services to complete this project for an hourly, not to exceed, fee of $21,600; and,

WHEREAS, this project is scheduled to be funded by the Storm Water Utility fee as approved in the 2020 budget;

NOW, THEREFORE, IT IS HEREBY RESOLVED by the City Council of the City of Isanti, Minnesota as follows:

1. Bolton & Menk, Inc., as the City Engineer, is hereby designated as the engineer for this improvement and shall complete all engineering services as outlined in the fee proposal memo for an hourly, not to exceed, fee of $21,600.

This resolution was duly adopted by the Isanti City Council this 17th day of December 2019.

MEMORANDUM

Date: December 9, 2019

To: Honorable Mayor Johnson and Members of the City Council

From: Jason W Cook, P.E.
City Engineer

Subject: Engineering Proposal for the 2020 Pavement Management Project
City of Isanti, MN

Bolton & Menk, Inc. is pleased to present this proposal for professional engineering services for the 2020 Pavement Management Project.

Our scope of work will include the following:

- Evaluate the scope of constructing the needed improvements as shown in the 2019-2028 Capital Improvement Plan.
- Evaluate need for seal-coat vs mill & overlay & curb replacement
- Prepare figures describing the improvements
- Prepare construction plans and specifications
- Establish a Cost Estimate for the proposed improvements

Research, Plans, & Specifications	$18,500

Should the Council approve the Plans and Specifications, our scope also includes:

- Perform bidding and construction administration.
- Perform construction inspection.
- Perform final inspection and project close out.

Construction Administration	$9,300
Field Resident Project Representative	$19,000

We propose to complete the total described scope of work for an hourly, not to exceed, fee of $46,800.

Attached is the Pavement Maintenance Plan map depicting the proposed 2020 maintenance area in the north eastern region of the City.

Thank you for the opportunity to present this proposal. Please contact me at (763) 200-2444 if you have any questions or need additional information.

Request for City Council Action

To: Mayor Johnson and Members of City Council
From: Sheila Sellman, Community Development Director
Date: December 17, 2019
Subject: Resolution 2019-XXX SAC and WAC Deferral Program

Background:
As of December 1, 2019, 77 new single-family housing permits have been issued. Six of the 77 permits utilized the SAC and WAC Deferral program, which was implemented in 2015. The SAC and WAC Deferral program utilizes a standard Repayment Agreement form approved by Council. The current SAC ($2,613.00) and WAC ($3,280.00) charges total $5,893.00 per REC/unit. Commercial development has many different REC rates depending on the usage.

Under the current Repayment Agreement Form the Developer needs to pay the City SAC and WAC fee for the shortest period of the following actions: 120 days from issuance of permit, sale of property, or issuance of Certificate of Occupancy.

This program does not require any extensive staff time other than filling out agreements and recording them. The program is a good economic development tool for development.

Request:
Staff is requesting that the City Council review this program and determine if this program should be approved indefinitely or on a yearly basis as done in the past. Staff suggests approving indefinitely and will bring back to Council for review on as needed.

RESOLUTION 2019-XXX

SAC AND WAC DEFERRAL PROGRAM

WHEREAS, the City of Isanti provides an opportunity to companies to defer the cost of SAC and WAC fees for the shorter of a period of 120 days from issuance of permit, sale of property, or issuance of Certificate of Occupancy; and,

WHEREAS, the City of Isanti has a template for Repayment Agreement and Release of Mortgage updated by City Staff that serves as a guarantee that the City would receive the full SAC and WAC fees for each project that the City and Developer agree to defer the SAC and WAC Fees by 120 days; and,

WHEREAS, the City Council would approve each agreement at a City Council Meeting with payment for the recording of the document to be provided Developer prior to execution of the agreement by the City; and,

WHEREAS, the City would provide an executed Release of Mortgage in a reasonable timeframe to the Developer upon receipt of the SAC and WAC payment;

NOW, THEREFORE, IT IS HEREBY RESOLVED, by the City Council of the City of Isanti, Minnesota as follows:

1. extend the SAC and WAC Deferral Program indefinitely with periodic review by the Council, and authorize City Staff to use it as an economic development tool to increase development within the City of Isanti.

2. City Staff and Officials will only process the Repayment Agreement when the Developer has provided payment for the recording fee associated with the filing of the Repayment Agreement at Isanti County and City Officials will record such document.

3. Authorize the Mayor and City Clerk to execute all Release of Mortgage documents associated with approved Repayment Agreements after the SAC and WAC payment is receipted and to provide an executed document to the Developer in a reasonable amount of time.

This Resolution hereby approved by the Isanti City Council this 17th day of December 2019.

2020 Rules & Regulations

1. **Name: Isanti Family Farmer's Market ("IFFM")**
   A. Shall be open to producers and vendors that live within a 50-mile radius of Isanti, MN or as approved by the Market Manager.
   B. A Farmers' Market consists of two or more producers, selling produce or food that they raised or created directly to individual customers at a defined location on a periodic basis.
   C. Definitions:
      i. A ***vendor*** is the retail seller at a stall, booth or tent. Both farmers and non-farmers selling at a farmers' market are vendors.
      ii. A ***producer*** refers to the farmer, grower, baker, maker of homemade foods, arranger of flowers, etc. selling at a farmers' market.
      iii. A ***member*** is a vendor who is an official market participant (member of the market's association of vendors).

2. **Mission Statement**
   The Isanti Family Farmers' Market serves as a community gathering place for consumers to purchase locally grown and handmade products that promote healthy lifestyles while sustaining local agriculture; to stimulate public interest and knowledge; to increase local consumption of local products; and to educate the next generation about food production. It is a market in which farmers, growers and producers sell their own products direct to the consumer, thereby creating a direct relationship. This market will emphasize quality, freshness, wholesomeness and creative marketing.

3. **Supporting Structure**
   A. Funding is provided by the City of Isanti Parks, Recreation, and Culture Department.

4. **Governance**
   A. IFFM is governed by the City of Isanti Parks, Recreation, and Culture Board and/or Market Manager.
   B. The City of Isanti Parks, Recreation, and Culture Board and/or Market Manager monitors the effectiveness, quality, efficiency, and financial stability of the farmer's market as a means of ensuring accountability to vendors, the community, and the vendor association.
   C. The City of Isanti Parks, Recreation, and Culture Board and/or Market Manager enforces the rules and regulations of the farmers' market.
   D. The IFFM will not discriminate against any person based on race, color, creed, national origin, sex, age, disability or sexual orientation.

5. **Purpose**
   A. This Vendor Rules & Regulation handout is intended to describe the organization and administration of the Isanti Family Farmer's Market. It details rules and regulations to be followed by the Market Manager, vendors and management of the IFFM. The City of Isanti Parks, Recreation, and Culture Board and/or Market Manager shall deal with any issue not covered in this handbook.

DRAFT

6. **Use**
   A. The use of the IFFM is restricted to the sale of local products from within a 50 mile radius of Isanti, MN. Special exceptions may be allowed from time to time, upon the approval of the IFFM Market Manager in response to local supply and productivity.

7. **Market Location & Season**
   A. Located at 400 West Dual Blvd, Isanti, MN 55040 – next to Isanti Municipal Liquor off Heritage Blvd
   B. Dates: Friday's; May ~~31~~29, ~~2019~~2020 – September ~~27~~25, ~~2019~~2020; excluding July 3.
   C. Time: 2:00 – 6:00 pm
   D. Mailing Address: 110 1st Avenue NW, PO Box 428, Isanti, MN 55040
      Attn: ~~Jenny Garvey OR Market Manager~~ IFFM Market Manager
   E. Phone inquiries can be made: 763.444.5512 (Office) or 763-772-5856 (Manager's Cell)
   F. Email: isantiparks@cityofisanti.us
   G. Website: ~~www.isantifamilyfarmersmarket.org~~ www.cityofisanti.us

8. **Membership**
   A. **Eligibility:** All Producers and Vendors are welcome upon receipt of approved application. The Market Manager has the right to refuse admittance if a Producer or Vendor does not follow market rules:
      i. Grower, Producer, Crafter, Local Business or Artisan residing within 50 mile radius of Isanti, MN or has permission from Market Manager.
      ii. Member has completed application and paid applicable fees at least seven (7) days prior to market day. Exceptions for pre-payment of booth fees may be made for vendors with demonstrated commitment to the market, through at least four attended markets, or as determined by the market manager.
         1. An application will not be considered complete until copies of all necessary state permits, licenses, and tax forms are acquired by the vendor and submitted to the Market Manager, as well as the annual member fee and booth fees. All application materials are required annually for new and returning members.
      iii. Full Season vendors attending each of the first four (4) consecutive Fridays of the market season will be given priority booth space for the remainder of the season.
      iv. Membership fees will not be refunded if expelled from the IFFM.
      v. Vendors under 18 years of age are welcome but must have a responsible adult (18 years or older) present during market hours.

   B. **Member Expectations:** The supporting members, as a whole, should feel free to comment to the City of Isanti Parks, Recreation, and Culture Board and/or IFFM Market Manager with respect to:
      i. The overall management, operation and administration of the market.
      ii. The improvement of the market, site, vendor layout, and other physical improvements.

DRAFT

iii. The regulation of the market, including the hours of operation, designation of stall space, charging of market fees, sanitation, posting of signs and other matters of interest to the public or vendors.
iv. The advocacy and support of the market and development of continuing advertising and promotional programs for the market.

9. Fee Structure

A. All applications will need to be reviewed prior to acceptance to the IFFM. Notification given for acceptance can be done the day of market, at Market Manager discretion, if all information is provided.
B. Payment of fees required with application submission.
C. Fees will be refunded if not accepted by Parks, Recreation, and Culture Board or Market Manager of IFFM.
D. Annual Membership Fee: $10, Annual Booth Fee $100, Half Season Booth Fee $60, Daily Booth Fee $10.
E. Vendor fees are NON-REFUNDABLE after May ~~24~~22.

10. Vendor Agreement

A. **Application Process:** All applicants for membership must complete a signed Vendor Application. The Vendor Agreement also lists all the products (by category and sub-category) that are approved for sale at the market.
B. **Applicant:** The Applicant Vendor is the grower, producer, crafter, local business or artisan resident seeking admission to the membership. Vendors should list ALL other family members or production employees who are to participate in the booth/stall during the current season.
C. **Review & Jurying**: All applications will be evaluated for their potential to contribute to the IFFM Mission: The IFFM serves as a community gathering place for consumers to purchase locally grown and handmade products that promote healthy lifestyles while sustaining local agriculture; to stimulate public interest and knowledge; to increase local consumption of local products; and to educate the next generation about food production. It is a market in which farmers, growers and producers sell their own products direct to the consumer, thereby creating a direct relationship. This market will emphasize quality, freshness, wholesomeness and creative marketing. Because space is limited, the IFFM Market Manager must evaluate applications according to value added to the market mission by providing high quality, in-demand products; and, the Market Manager reserves the right to refuse the acceptance of any applicant vendor or vendor product that is not in keeping with the rules, regulations, or standards of the market.
D. **Authority**: The IFFM Market Manager reserves the right to cancel any Vendor Application. Failure to comply with the aforementioned documents is grounds for termination of vendor membership and termination of the Vendor Application.
E. **Warnings**: The Market Manager will issue warnings to vendors not in compliance with these responsibilities. After a total of 3 such warnings have been recorded, the vendor will be asked to explain to the IFFM Market Manager and/or City of Isanti Parks, Recreation, and Culture Board why the Vendor Application should not be terminated.

11. Product Categories

A. Vendors who wish to participate in the IFFM must submit a Vendor Application

packet including a product list by category to the best of their ability. It is the vendor's responsibility to ensure that all products in each category comply with current MDA and USDA regulations and are properly identified and labeled. This market is being established as an outlet for local agriculture, produce and craft products to help promote sustainable farming, rural enterprise and local commerce.

12. Booth/Stall Allocation & Requirements

A. Space is allocated by the market manager to paid-up, full-season vendors first. The priority for remaining space is given by preference to paid-up, half-season vendors secondly and then to new members thereafter.
B. Vendor space is limited to 10'x10' stalls. As space allows, vendors may request additional stall space; additional booth fees will be required.
C. Disputes over stall spaces will be settled by the Market Manager. All such decisions are subject to appeal to the City of Isanti Parks, Recreation, and Culture Board.
D. Customer parking will be clearly designated by conspicuous signs and arranged to ensure safety and market visibility.
E. Market vendors are encouraged to display their name or farm name at the front of the booth that identifies their farm or business.
F. Vendors are responsible for providing all display materials for their respective booth/stall, including but not limited to tables, racks, awnings, chairs, etc.
G. Vendors are responsible for setting up and tearing down all display materials.
H. The market manager may require that unsafe or unsightly materials be removed from the booth/stall area.
I. The IFFM accepts no responsibility for damage or loss to display materials.
J. All tent-type stalls/booths are required to be staked or weighted down with at least 40 pounds in case of wind or storms.
K. Vendors are required to keep their booth open for the entire market day and should not begin teardown before the designated market closing time unless approved by Market Manager.

13. Vendor Expectations

A. At least one vendor (under definitions above) as listed on the Vendor Application must be present to sell at a market day unless approved otherwise by Market Manager.
B. Vendors shall be open and ready for business at the start of the market (2:00pm) and no later. Vendors arriving late (after 2:00pm) are not guaranteed a booth or allowed to be a vendor for that day due to safety concerns. ~~will be reassigned a stall by the market manager from the available vacant space, if any remains.~~ The market manager may reassign any stall not occupied 30 minutes prior to opening of the market. A vendor shall make every effort to notify the market manager as soon as possible if they are not going to be in attendance that week.
C. No vehicles will be allowed inside defined Farmers Market vendor area between **1:45 pm and 6:00 pm**. Vendors and vehicles will be allowed in the Market Area before and after the market is open for set-up and tear down of ~~vendors~~booths. Any vendors arriving late to the market will be designated a booth space closest to the vehicle entrance, and may be denied drive up access for customer and vendor safety.
D. Vendors should load and unload in such a way as to avoid obstructing the flow of

DRAFT

traffic and the work of other vendors. Booth items should be unloaded quickly and vehicles parked prior to set up.

E. Vendors (under definitions above) may employ or provide a salesperson that is hired solely for market sales in a booth/stall. All salespersons in a booth/stall must be accompanied by a vendor who is listed on the Vendor Application or approved by Market Manager.
F. Vendors are responsible for their own booths/stalls and will leave their site clean and in a condition suitable to the City and the property owners.
G. Hawking and false advertising is forbidden.
H. Sales must be conducted in an orderly and businesslike way. Each vendor is responsible for handling and safely keeping their cash box or other monetary container.
I. Vendors will not start selling products before the designated time of the market start. No presales or pre-bagging are allowed, as this is unfair practice for those customers that cannot come prior to Market start.
J. All items offered for sale must have pricing displayed clearly for each item or group of items. Pricing should be clear and legible.
K. Vendors are encouraged NOT to practice "distress pricing" for the express purpose of undercutting other vendors with same or similar products. When the market manager perceives "distress pricing" is occurring, the IFFM Board reserves the right to impose pricing ranges or to cancel any Vendor Application.
L. Each vendor is responsible for his/her sales tax collection, where applicable.
M. The City of Isanti, City of Isanti Parks, Recreation, and Culture Board and the IFFM Market Manager are not liable for any injury, illness, theft, loss, or damage of any kind to either the buyer, seller, seller's party, or their property, arising out of or pertaining to preparation for, participation in, or use or consumption of products bought, sold, or provided at the IFFM. By participating in the IFFM, seller further agrees to indemnify and hold the City of Isanti, City of Isanti Parks, Recreation, and Culture Board and the Market Manager harmless for and against any claims for such injury, illness, theft, loss or damage. Insurance coverage is the responsibility of the individual vendor. The IFFM bears no responsibility for any vendor's property at the market.
N. All vendors are strongly encouraged to carry their own general liability and product liability insurance, as the City of Isanti, City of Isanti Parks, Recreation, and Culture Board and Market Manager does not provide coverage.
O. IFFM Rules are subject to change. Changes to IFFM rules will be communicated to vendors in writing.

14. Market Miscellaneous

A. Walkways ~~between vendor spaces~~ must be kept open.
B. Selling is allowed only in designated areas.
C. No part of the market may be used for overnight storage.
D. No alcoholic beverages or unauthorized weapons are allowed in the market or on the market grounds.
E. No smoking in vendor booth areas per City Ordinance. Smoking areas off-site include the public parking areas. Please ask for other nearby locations. Vendors do reserve the right to ask customers to not smoke around their booth/stall.

DRAFT

F. At the end of the market day, all refuse must be placed in the bins provided. Garbage and recycling bins will be provided by the market manager and removed at the end of each market day. For produce and food vendors, it is especially critical to clean up scraps of any such refuse material from the ground due to the risk of encouraging vermin.
G. The only animals allowed in the farmer's market area of operation are police dogs or service animals, such as patrol or disability service dogs – per MN Department of Health.

15. Food Safety and Sales

A. All processed foods offered for sale must be protected from contamination.
B. Containers, wrappings and gloves must be single-use only where applicable.
C. It is the responsibility of vendors to be familiar with and adhere to state food safety and product sampling regulations. Portable handwashing stations are available for vendor use upon request to the market manager.
D. Review MDA, FDA, DHS and USDA requirements frequently if any questions remain.
E. The Minnesota Department of Health (MDH) contacts for Isanti County is ~~Alex Hintz (alex.hintz@state.mn.us or~~ 651-201-4259)

16. Community Booths

A. A community booth/stall is available to charity and non-profit organizations at no cost for promotional or educational purposes. Any group interested in using that stall shall contact the Market Manager at least one (1) week prior to the assigned day.
B. A Local Business of the Week Booth will be provided at no cost to a local business. Interested businesses should contact the Market Manager for scheduling. This booth will give a local business an opportunity to educate the public as to what products and services this business provides.
C. All IFFM rules and regulations apply to the vendor and persons residing in that stall.
D. Community Booths shall not be used for sales of any kind – groups wishing to hold a fundraiser must pay vendor fees, and will be subject to all applicable licensing requirements for IFFM vendors.

RESOLUTION 2019-XXX

APPROVING THE SALE OF SURPLUS / ABANDONED PROPERTY HELD BY THE POLICE DEPARTMENT AT PUBLIC AUCTION

WHEREAS, the police department obtains surplus or abandoned property on a regular basis; and,

WHEREAS, the owner of the abandoned property is sought out every time and most often the owner cannot be located; and,

WHEREAS, Resolution No 2016-197 provides guidelines for the disposal of surplus property; and

WHEREAS, the property is no longer of use to the city and the sale of such property is in the best interest of the city; and,

WHEREAS, Resolution 2019-193 authorizes the use of Public Surplus Online auction as a public auction for sale of surplus and/or forfeited property; and,

WHEREAS, the surplus property will be sold at Public Surplus Online auction;

NOW, THEREFORE, BE IT RESOLVED by the City Council of the City of Isanti, Minnesota, to hereby authorize the following:

1. Approve the sale of the below listed surplus and abandoned property at public auction and the proceeds to be deposited into the Isanti Forfeiture Fund:
   Old squad car center partitions / center consoles / push bumpers/electronics
   Non-functioning old bicycles that are older than 60 days from impound
   Used non-repairable light bars with controls
   Old gas leaf blower
   Unleaded gas camp lanterns
   Miscellaneous tools and electronics household goods
   2-5 gallon air tanks
2. The Police Chief shall have the authority to sign all necessary paperwork to allow for the process for auction of the surplus item identified per this Resolution

This resolution was duly adopted by the Isanti City Council this 17h day of December, 2019.

Memo for Council Action

To: Mayor Johnson and Members of the City Council
From: Finance Director Betker
Date: December 17th 2019
Subject: Amending 2019 Budget

Background:

The current 2019 budget for Sand/Salt (101-43100-230) for the Street Department is $43,000. The highest actual expenditure total over the prior 5 years had been $40,065 in 2013. However due to spring flooding salt shipments up the Mississippi were either severely delayed or cancelled altogether. As a result the price of salt has risen significantly. Additionally MNDOT required agencies to take early delivery of salt for the 2020 winter season.

This is also the same reason that the Sand/Salt budget for 2020 was increased in the final budget approved December 3rd 2019. That change was reviewed at the November 19th 2019 Committee of the Whole meeting, at which Finance Director Betker advised the Committee that this amendment for the 2019 budget, would be coming at year end.

Recommendation:
Staff is recommending the attached budget amendment by resolution. The amendment is a net zero change to the General Fund Budget.

Action Required:
Approval by Resolution (attached) is required to amend the 2019 budget

RESOLUTION 2019-XXX

APPROVING AMENDMENT TO THE 2019 BUDGET

WHEREAS, on December 4, 2018 the City Council approved the City of Isanti 2019 Budget; and,

WHEREAS, the 2019 budget included $43,000.00 in account 101-43100-230 for salt and sand costs related to street snow removal; and,

WHEREAS, unforeseen costs have warranted the budget for 101-43100-230 to be increased by $14,000 to $57,000; and,

WHEREAS, the Isanti City Council authorizes the following amendments to the 2019 budget

ACCOUNT	TITLE	CURRENT	PROPOSED	CHANGE
101-43100-220	GENERAL SUPPLIES	$ 12,000	$ 9,000	$ (3,000)
101-43100-230	SALT/SAND	$ 43,000	$ 57,000	$ 14,000
101-43100-303	ENGINEERING FEES	$ 30,000	$ 21,000	$ (9,000)
101-43100-500	CAPITAL OUTLAY	$ 26,450	$ 24,450	$ (2,000)

NOW, THEREFORE, IT IS HEREBY RESOLVED by the City Council of the City of Isanti, Minnesota to authorize the Finance Director to amend the 2019 budget.

This Resolution is hereby approved by the Isanti City Council this 17th day of December, 2019.

Request for City Council Action

To: Mayor Johnson and Members of City Council
From: Katie Brooks, Human Resources/ City Clerk
Date: December 17, 2019
Subject: Annual Administrator Review Summary

"The Council reviewed the performance of City Administrator Josi Wood at its December 3, 2019, meeting. The Council assessed Ms. Wood in the following areas and concluded that she met or exceeded expectations in all of them: commitment to service, communication, personnel management, oversight and planning, public relations and overall performance."

CITY OF ISANTI
PARKS, RECREATION, AND CULTURE BOARD MEETING MINUTES
November 26, 2019

Call to Order: Chair Zdon called the meeting to order at 6:01 p.m.

Roll Call: Members Present: James Witte, Aaron Zdon, and Council Member Jimmy Gordon
Members Absence: Brian Thum
Staff Present: Jennifer Garvey, Parks, Recreation, and Culture Manager

Agenda/Modifications: None added, motion by Witte, second by Gordon to approve the agenda for November 26, 2019. Motion passed 3-0.

Meeting Minutes: Motion by Witte; second by Gordon to approve meeting Minutes from October 22, 2019. Motion passed 3-0.

3. Isanti Family Famer's Market Rules and Regulations Updates:
Staff reviewed updates on a few items which include some wording, along with the website address update and new 2020 dates. The web address was eliminated when the new city website was updated in September. Staff added a new item of a late fee to vendors if they arrive late, as this has been a continuing problem. Zdon agreed with the addition of the late fee item. Witte asked about the member fee and staff added that this is like an administrative fee. Zdon asked if to clarify the daily booth space and that these are added, on as space allows, staff mentioned there is plenty of space for these booths. Gordon added that the late fee makes sense to help with the late arrivals and interfering with set up. Gordon asked about licensing requirement within the rules. Vendors are encouraged to carry personal coverage and within the application, other requirements are included. Motion by Witte, second by Gordon to approve updated IFFM Rules and Regulations. Motion passed 3-0.

4. Programming Ideas:
In July 2019, Council Member Lundeen had come to the meeting to discuss ideas of an egg and a medallion hunt. Staff reached out to BMX who had done an egg hunt in the past and they have decided to no longer host such an event. Staff will continue to look into an event for this time of year and are looking at indoor options. Staff is also continuing to research the medallion hunt option for 2020 to have around the Rodeo timeframe. One other item that was mentioned at the July discussion was a light show. Staff asked if a sub-committee wanted to be formed. Zdon mentioned if Council Member Lundeen or Mayor Johnson were asked or have mentioned if they want to be apart of this item to start this more in depth. Mayor Johnson had done a lot of research in 2018 regarding this type of event. Zdon continued that this event will take a lot of sponsor and staff will reach out to the Mayor and Council Member.

5. Parks Updates:
Garvey said that movie night went well, there were 19 people for November. The December movie night will be hosted by Northern Elements Cheer and staff has not received any other applications thus far. Pleasure rink will hopefully start to flood this in early December now that snow is in the forecast to create the edging. Curious creatures was cancelled in November due to a cold day, participants cancelled. Dock was removed from along the river within River Bluff Preserve and was left at bottom of hill for storage over the winter.

Adjournment: Motion by Witte, second by Gordon to adjourn the November 26, 2019 meeting of the Parks, Recreation, and Culture Board. Motion passed 3-0, meeting adjourned at 6:23 p.m.

Respectfully Submitted
Jenny Garvey
Parks, Recreation, and Culture Manager

I. PROJECT INTRODUCTION

This Preliminary Engineering Report prepared by Bolton & Menk, Inc., as authorized by the Isanti City Council, provides an initial analysis of the feasibility, cost-effectiveness, and the necessity of the proposed infrastructure improvements.

A. Background Information

On January 1, 2019 multiple parcels were annexed into the City. 17 of these parcel annexation agreements included language regarding sanitary sewer and/or water service access. This project is being considered to complete the installation of the utility services noted in the annexation agreements. The location for the parcels can be seen in Figure A in the appendix.

B. Scope

Included in this report is a description of proposed services, along with an estimated project cost at each parcel as well as an estimated cost for private work outside the right-of-way at each parcel. The specific objectives of this report are to:

- Evaluate service access to each parcel.
- Prepare a cost estimate for the proposed improvements.
    - Prepare a cost estimate for the private improvements required.
- Determine the feasibility of the improvements.

II. EXISTING CONDITIONS

10 recently annexed parcels abut a sanitary sewer main and 17 recently annexed parcels abut a watermain. A service stub for either service is proposed to be installed off of the given main and extended to the right-of-way limits for resident connection purposes. These parcels are all currently on private wells and septic systems.

III. PROPOSED IMPROVEMENTS

Sewer and Water Services

The proposed service improvements will consist of the installation of sanitary sewer service and water service where a main abuts a recently annexed parcel. The installations will provide service stubs to the right-of-way for future connection should the resident have a failing well or septic system. The following are the individual parcels and the proposed improvement at each location. These improvements are depicted in Figures 1-10 in the appendix.

1) 601 HERTIAGE BLVD NE (16.029.0801)

The proposed sanitary and water services would be installed off 6th Avenue NE and extend to the southeast corner of the property. The sewer main does not appear to be deep enough adjacent to this parcel to facilitate gravity flow from the existing building, so a private grinder pump and forcemain would be required to provide service to this property. See Figure 1 in the appendix.

2) 602 HERITAGE BLVD NE (16.029.2310)

The proposed sanitary and water services would be installed off Oakwood Street NE and extend to the south side of the property. See Figure 2 in the appendix.

3) 323 PALOMINO ROAD SE (16.032.1200)

This parcel is vacant. An existing water service stub extends to the north side of the property at Palomino Road SE. The proposed sanitary service would be extended off Palomino Road SE to the south right-of-way line. See Figure 3 in the appendix.

4) 323 PALOMINO ROAD SE (16.032.1700)

The proposed sanitary and water services would be installed off Arabian Lane SE and extend to the right-of way line along the west side of the property. See Figure 3 in the appendix.

5) 313 PALOMINO ROAD SE (16.032.3100)

This parcel already has existing stubs for both sanitary and water services. See Figure 3 in the appendix.

6) 1011 TYLER AVE SE (16. 031.3500)

The proposed water service would be installed off Railroad Avenue and extend to the east property line. Should this work wait to be constructed with the planned Tyler Street & Utility Project scheduled in the City Capital Improvement Plan for the year 2027, this service would be extended off the future watermain in Tyler Avenue at a greatly reduced cost. See Figure 4 in the appendix.

7) 1014 TYLER AVE SE (16.031.3700)

The proposed water service would be installed off Railroad Avenue and extend to the east property line. Should this work wait to be constructed with the planned Tyler Street & Utility Project scheduled in the City Capital Improvement Plan for the year 2027, this service would be extended off the future watermain in Tyler Avenue at a greatly reduced cost. See Figure 4 in the appendix.

8) 1010 TYLER AVE SE (16.031.3501)

The proposed water service would be installed off Railroad Avenue and extend to the east property line. Should this work wait to be constructed with the planned Tyler Street & Utility Project scheduled in the City Capital Improvement Plan for the year 2027, this service would be extended off the future watermain in Tyler Avenue at a greatly reduced cost. See Figure 5 in the appendix.

9) 110 SOUTH PASSAGE E (16.031.3600)

The proposed water service would be installed off South Passage and extend to the south property line. Should this work wait to be constructed with the planned Tyler Street & Utility Project scheduled in the City Capital Improvement Plan for the year 2027, this service would be extended off the future watermain in Tyler Avenue at a greatly reduced cost. See Figure 5 in the appendix.

10) 1115 TYLER AVE SE (16.031.4000)

The proposed sewer and water services would be installed off South Passage and extend to the south property line. Should this work wait to be constructed with the planned Tyler Street & Utility Project scheduled in the City Capital Improvement Plan for the year 2027, these services would be extended off the future sewer and watermain in Tyler Avenue at a greatly reduced cost. See Figure 6 in the appendix.

11) 1206 4TH AVE SW (16.031.1210)

The proposed water service would be installed off South Passage and extend to the north property line. Should this work wait to be constructed with the planned 4th Avenue Street & Utility Project scheduled in the City Capital Improvement Plan for the year 2028, this service would be extended off the future watermain in 4th Avenue at a greatly reduced cost. See Figure 7 in the appendix.

12) 1207 4TH AVE SW (16.031.1510)

The proposed sewer and water service would be installed off South Passage and extend to the north property line. The sewer main does not appear to be deep enough adjacent to this parcel to facilitate gravity flow from the existing home, so a private grinder pump and forcemain would be required to provide service to this home. Should this work wait to be constructed with the planned

4th Avenue Street & Utility Project scheduled in the City Capital Improvement Plan for the year 2028, these services would be extended off the future sewer and watermain in 4th Avenue at a greatly reduced cost. A private grinder pump would not be required if the service were to be extended off the future 4th Avenue sanitary sewer main. See Figure 7 in the appendix.

13) 503 SOUTH PASSAGE SW (16.031.0910)

The proposed water service would be installed off South Passage and extend to the north property line. See Figure 8 in the appendix.

14) 507 SOUTH PASSAGE SW (16.031.0051)

The proposed water service would be installed off South Passage and extend to the north property line. See Figure 8 in the appendix.

15) 509 SOUTH PASSAGE SW (16.031.0041)

This parcel already has existing stubs for both sanitary and water services. See figure 8 in the appendix.

16) 1107 MADISON AVE SW (16.031.2600)

The proposed sanitary and water services would be installed off Madison Avenue SW and extend to the right-of way line along the east side of the property. See figure 9 in the appendix.

17) 500 CHAPARAL TRAIL SW (16.031.3200)

The proposed sanitary and water services would be installed off Chaparal Trail SW and extend to the right-of way line along the east side of the property. See figure 10 in the appendix.

IV. APPROVALS/PERMITS

A sewer extension permit should be completed. This permit is required to verify the City wastewater treatment facility has the capacity to add the additional sanitary sewer services.

V. PRELIMINARY COST ESTIMATES

The estimated project costs are summarized in Table 1 on the following page and rounded up for estimating purposes. Detailed Preliminary Cost Estimates are included in the appendix. The unit prices for the items of work have been estimated based on similar types of projects completed in the past. The cost shown is an estimate that includes construction, surface restoration, contingencies, and engineering costs. Actual project cost would be determined through a competitive bidding process.

The project costs have been broken out per parcel and by work within the right-of-way and private work outside of the right-of-way to the building. The total project cost to provide all sewer and water services noted in the annexation agreement to the right-of-way is estimated at $241,000.

Seven of these parcels are located on future projects identified in the 2018-2028 Capital Improvement Plan. Five of these parcels are located within the proposed Tyler Ave Street & Utility Improvement project scheduled for completion in 2027. Two of these parcels are located within the proposed 4th Ave Street & Utility Improvement Project scheduled for completion in 2028.

Parcel 16.032.1200 is a vacant lot and does not require a sanitary sewer service until a home is proposed to be constructed.

Should the City elect to only construct those services that are not included in a future project, or to vacant parcels, the total project cost within the right-of-way is estimated at $134,700.

Private Sanitary Sewer Service Cost:

The average private sanitary sewer service cost from the right-of-way to the building is estimated at $11,000.

As a comparison, the estimated cost to replace a failed septic system, pump, and drain field is approximately $10,000-$20,000.

Private Water Service Cost:

The average private water service cost is estimated at $7,500.

As a comparison, the estimated cost to replace a failed well is approximately $6,000-$15,000.

VI. PROJECT SCHEDULE

An estimated project schedule is as follows:

May 21, 2019…… Committee of the Whole Reviews the Report

June 4, 2019……City Council Approve the Report and Authorize Plans and Specs

June 18, 2019…… City Council Approve Plans and Authorize Ad for Bids

July 10, 2019…….Open Bids

July 16, 2019……..….Award Project

November 22, 2019……....Final Project Completion

VII. RECOMMENDATION

Based on the findings presented in this report, the proposed improvements are necessary to provide immediate access to the recently annexed parcels.

It is recommended to construct the sewer and water services to the right-of-way of all identified parcels that are not included in future scheduled Capital Improvement Plan projects.

It is also recommended to delay the construction of the sanitary sewer service to the vacant parcel along Palomino Road until a future home is proposed to be constructed.

These improvements are found to be feasible from an engineering perspective. If the City determines these improvements are financially feasible, we recommend the City Council approve this report and authorize the preparation of final plans and specifications.

Enforcement Response Procedures

for

MS4 Permit Violations

City of Isanti, MN

2019

Under the terms of the General NPDES/SDS Permit MNR040000, the City is required to develop and implement adequate enforcement authority for illicit discharges into its Municipally Separate Storm Sewer System (MS4). The purpose of these Enforcement Response Procedures is to communicate how the enforcement tools available to the City will be used to achieve compliance. The Enforcement Response Procedures also specify criteria by which City personnel can determine the enforcement action most appropriate to instances of non-compliance. This plan is a document of the City's procedure to be followed when a construction storm water requirement, illicit discharge and post-construction violation is discovered. This plan is a guide; any of the enforcement responses may be used at the City's discretion. The City may also choose to pursue an enforcement case by skipping intermediate steps.

Appendix: INSPECTION AND MAINTENANCE AGREEMENT

I. DEFINITIONS

A. City. The City of Isanti and/or the person or persons authorized and delegated authority by the Isanti City Council to act on behalf of the City of Isanti as described in this ERP.

B. Construction Storm Water General Permit. Within the context of this ordinance refers to the General Permit Authorization to Discharge Storm Water Associated with Construction Activity under the Pollutant Discharge Elimination System/State Disposal System; Permit Number MN R1000001.

C. Council. The Isanti City Council.

D. ERP. Enforcement Response Procedure adopted by resolution of the Council.

E. MPCA. Minnesota Pollution Control Agency.

F. MS4. Municipal Separate Storm Sewer System (MS4). The system of conveyances (including sidewalks, roads with drainage systems, municipal streets, catch basins, curbs, gutters, ditches, man-made channels, or storm drains) owned and operated by the City and designed or used for collecting or conveying storm water, and that is not used for collecting or conveying sewage.

G. NPDES. National Pollutant Discharge Elimination System Storm Water Discharge Permit. Means a permit issued by the MPCA under authority delegated pursuant to 33 USC § 1342(b) that authorizes the discharge of storm water to waters of the United States, whether the permit is applicable on an individual, group, or general area-wide basis.

H. Permittee. The person or persons doing work under a permit issued by the City. Where a property owner has obtained a permit for work to be done by others, either or both the property owner and the person(s) doing work under the permit may be considered the permittee under these ERPs.

I. SIC Code. Standard Industrial Classification as defined in 40 CFR § 122.26(b)(14)(i)-(xi).

J. Written Notice. Written notice shall include all communication via email, facsimile, and/or paper document.

II. DESCRIPTION OF EACH TYPE OF ENFORCEMENT RESPONSE

A. Written Notices

1. Field Compliance Order

a) Upon visiting the site, a City may observe issues on non-compliance. If the non-compliance has not yet resulted in a discharge of pollution, including sediment, the City's representative will issue a written warning, either by email or letter specifying the nature of the violation, the required corrective action and a follow-up inspection date. The Field Compliance Order will note that failure to comply resulting in a discharge of pollution is likely to result in an Administrative Citation.

2. Notice of Violation (NOV)/Administrative Citation/Permit Revocation

a) If, upon a site inspection, a City observes non-compliance that has resulted in a discharge of pollution, including sediment, the representative will issue:

(1) A Notice of Violation for discharges that can be satisfactorily corrected without evidence of property or environmental damage.

(a) The NOV will specify the nature of the violation, the required corrective action and a follow-up inspection

date.

(b) The NOV will require the party committing the violation (perpetrator) to submit an explanation of the violation and a plan for the satisfactory correction and prevention of the violation conditions, including specific required actions within 3-7 days, depending on severity.

(c) If corrective action is not satisfactorily completed by the follow-up inspection date, the City will:

(i) Revoke the current building or construction permits where applicable. Revoked permits shall only be reinstated after the permittee has reapplied for the permit, complete with a permit fee and an approved plan for preventing similar pollutant discharges.

(ii) Issue an Administrative Citation where no building or construction permits exist.

3. Consent Orders

a) Consent Orders are written agreements that allow the perpetrator to accept responsibility for the discharge and provide the opportunity to voluntarily clean-up and/or correct a pollutant or sediment discharge as a way to reduce the additional damage penalty associated with cleanup costs.

(1) Consent Orders will only be issued to perpetrators that can provide documentation verifying that the perpetrator is qualified to handle the required cleanup.

(2) The Isanti City Administrator is empowered to enter into Consent Orders with the perpetrator on behalf of the City of Isanti.

(3) Where the discharge and cleanup area affects private (third party) properties, Consent Orders must be approved by all parties affected.

b) A Consent Order will include specific corrective actions to be taken to correct the illicit or sediment discharge together with specified time periods to finish the corrective actions.

4. Administrative Citation

a) Administrative Citation procedures established herein are intended to provide the public and the City with an informal, cost effective, and expeditious method for addressing violations.

b) The City shall, upon determining that there has been a violation, notify the violator. Said notice shall set forth the nature, date and time of violation, the name of the official issuing the notice, and the amount of the scheduled penalty.

(1) Administrative Citations will depend on the extent of the damages.

(a) The minimum automatic fine shall be as set forth in the City of Isanti Municipal Fee Schedule, except that the City Administrator or Designee may waive all or part of the financial penalty for the first offense if timely and

substantial effort has been made to correct the discharge.

(b) Consent Orders as described herein may be accepted in lieu of damage penalties.

(c) In addition to Administrative Citations, the Council may recover all damages proximately caused by the violator to the City, which may include:

(i) reasonable expenses incurred in investigating violations of, and enforcing compliance with City Ordinances regulating the illicit discharge of pollutants or sediment, or any other actual damages caused by the violation.

(ii) The costs of the City's maintenance of storm water facilities when the user of such facilities fails to maintain them.

c) Once such notice is given, the alleged violator may, within five business days of the date of issuance of the notice, pay the amount set forth on the schedule of penalties for the violation, or may request a hearing in writing, as is provided for hereafter. The penalty may be paid in person or by mail, and payment shall be deemed to be an admission of the violation.

(1) Any person contesting an Administrative Citation may, within five business days of the date of issuance of the notice, request a hearing by a hearing officer who shall forthwith conduct an informal hearing to determine if a violation has occurred. The hearing officer shall have authority to dismiss the violation or reduce or waive the penalty. If the violation is sustained by the hearing officer, the violator shall pay the penalty imposed.

(2) The Council or its designee shall determine any controversy relating to Administrative Citations provided for in this article.

5. Stop Work Order

a) The City may issue a Stop Work Order effectively stopping all work on a site where there is a clear violation, continued violation, or blatant disregard for:

(1) City Ordinances regulating the illicit discharge of pollutants or sediment

(2) Building or Construction Storm Water permit requirements

(3) Previously issued Field Compliance Orders, Notices of Violation, or Administrative Citation associated with the site of the illicit or sediment discharge.

b) This order requires that the violator must comply with the order and must take appropriate remedial or preventive action as may be needed to properly address a continuing or threatened violation; including halting all operations on the site except for authorized cleanup, terminating the discharge and installing appropriate control measures.

c) If not previously issued, all Stop Work Orders shall automatically include an Administrative Citation.

B. Suspension, Revocation or Modification of Permit

1. The City at its discretion may suspend, revoke or modify any and all City issued permits related to the property the violation is connected to and/or to any other property with permits issued by the City where work is being done by the party or parties responsible for the violation.

2. A suspended, revoked or modified permit may be reinstated after the applicant or other responsible person has taken the remedial measures set forth in the Written Notice (See Section II.A) or until determined by the City that acceptable progress in addressing the violation (s) has occurred.

C. Additional Measures

1. Legal Action

a) The Council may bring legal action to enjoin continuing violation. Pursuant to the City's Ordinance; the Council may, through the City Attorney, petition the appropriate court(s) for issuance of preliminary or permanent injunctions to restrain or compel activities by a violator.

2. Future Permits

a) The City may withhold permits from Contractors with outstanding Administrative Citations until all Administrative Citations have been paid.

b) Contractors that have had two or more Administrative Citations within the previous 12-calendar months shall be required to deposit a cash surety equal to double the surety amount normally required for each permit obtained.

c) Contractors that work without required permits or under permits obtained by others in an attempt to avoid the requirements of this section shall be subject to the provisions of this ERP including but not limited to Administrative Citations, Stop Work Orders, Suspension and/or Revocation of related permits, and Legal Action.

III. NPDES PERMIT REFERRALS

A. For a known project site involving a construction activity, an industrial storm water discharge, or an illicit discharge that should be covered by a state NPDES permit, and is known not to have a state NPDES permit, the City shall provide the following information to the MPCA:

1. Construction project or industrial facility location;

2. Name of owner or operator;

3. Estimated construction project size or type of industrial activity (including SIC code if known); and

4. Records of communication with the owner or operator regarding filing requirements.

B. Where the City has used progressive enforcement to achieve compliance with this ERP and in the judgment of the Council has not been successful, the City may refer the violation to the MPCA. For the purposes of this provision, "progressive enforcement" shall mean two (2) follow-up inspections and two (2) Written Notices. The following information shall be supplied to the MPCA:

1. Construction project or industrial facility location;

2. Name of owner or operator;

3. Estimated construction project size or type of industrial activity (including SIC code if known)

4. Records of communication with the owner or operator regarding the violation, including at least two follow-up inspections, two warning letters or notices of violation, and any response from the owner or operator.

IV. RECORDKEEPING & TRACKING

A. All non-compliance instances shall be tracked either electronically or using paper files. This tracking will include all records and documents related to storm water ordinance violations at the site and be stored in the enforcement case file.

B. The minimum required documentation must include the following items:

1. Name of owner/operator;

2. Location of construction project or industrial facility;

3. Description of violation;

4. Required schedule for returning to compliance;

5. Description of enforcement responses used, including escalated responses if repeat violations occur or violations are not resolved in a timely manner;

6. Accompanying documentation of enforcement response (e.g., notices of noncompliance, notices of violation, etc.);

7. Any referrals to different departments or agencies; and

8. Date violation was resolved.

C. The City shall use the non-compliance records and tracking to identify any chronic violators, and use this information to work toward reducing the rate of noncompliance relapse.

1. This will include tracking violations, applying incentives and/or disincentives, and increasing the inspection frequency of the consistently noncompliant operator's sites.

2. If the operator fails to take corrective actions, the City must pursue progressive enforcement and, if need be, perform the necessary work and assess against the owner the costs incurred for repairs.

D. The City shall keep enforcement files in compliance with the City's records retention policy but no less than a minimum of three (3) years after the file is closed consistent with the MS4 General Permit conditions. Files retention may be either paper or digital files.

V. APPEALS

A. To contest an Enforcement Action the property owner may file a written appeal with the City Clerk's Office.

B. This appeal must be submitted within ten (10) days of receipt of the notice of violation.

C. The appeal will be heard by the City Council at the next available regularly scheduled City Council Meeting.

VI. ENFORCEMENT ACTION MATRICES

A. Construction Site Storm Water Ordinance Violations

1. See Table 1 for the enforcement action matrix for noncompliance with construction requirements. In general, the severity of the enforcement measure increases moving down the matrix.

2. For parties who fail to obtain a required permit prior to begin of land disturbance work, the initial enforcement action may be more stringent than for a project that has an approved plan but has failed to comply with the approved plan.

   a) The City has the ability to stop project work for non-permittees. Stopping work generally includes **all** work on the site except for work to address the noncompliance that caused the order.

   b) Non-permittees may be required to perform corrective actions as advised by the City and to develop the required erosion control and/or storm water plan submittals to submit to the City for review and approval.

   c) Once the corrective actions have been successfully completed and the submitted storm water plan has been approved by the City, the City will issue the violator a written notice that the situation has been resolved.

   d) If the corrective actions or the submitted plan cannot be approved, the City will issue a written notice to the violator describing what was deficient and what step(s) are needed to resolve the situation.

Table 1. Enforcement Action Matrix for Noncompliance with Construction Requirements					
Type of Violation	**Failure to Obtain Permit Prior to Starting Work**	**Minor Violations (Failure to Install, Maintain or Upgrade Measures on Erosion and Sediment Control Plan)**	**Major Violation (Failure to Install, Maintain or Upgrade Measures on Erosion and Sediment Control Plan that Resulted in a Sediment Release from the Project Site)**	**Repeat Violation by a Party (Same Site)**	**Repeat Violation by a Party (Different Site than initial Noncompliance Site)**

This plan is a guide; any of the enforcement responses may be used at the City's discretion and the City may choose to escalate an enforcement case by skipping intermediate steps. Penalties (Administrative Citations, Recovery of Damages and Costs, Etc.) may be assessed as described in the storm water ordinance and as allowed by law at the City's discretion.

B. Illicit Discharge Ordinance Violations

1. See Table 2 for the enforcement action matrix for failure to remove illicit discharges.
2. The action matrix was set up to provide varying suggested degrees of response to noncompliance documented by the City.
3. In general, the severity of the enforcement measure increases moving down the matrix.

Appendix: INSPECTION AND MAINTENANCE AGREEMENT

INSPECTION AND MAINTENANCE AGREEMENT
FOR PRIVATE STORMWATER MANAGEMENT FACILITIES
WITHOUT A DEVELOPMENT AGREEMENT

The term "STORMWATER MANAGEMENT FACILITIES" may refer to water quality and/or water quantity facilities (i.e. detention basins, retention basins, swales, pipes, oil/water separators, sand filtering devices, etc.) which are located OUTSIDE the public road right-of-way (ROW).

SEE LEGAL DESCRIPTION ATTACHED HERETO AS EXHIBIT A.

This Inspection and Maintenance Agreement ("Agreement") is made and entered into this ____ day of _____, of the year, 20__, by and between _____ (hereinafter called the "Owner", whether one or more) and The City of Isanti (hereinafter called "City").

WITNESSETH, that

WHEREAS, the City is required by federal and state surface water quality regulations and its National Pollutant Discharge Elimination System (NPDES) permit to prevent surface water quality degradation from development or redevelopment activities within its jurisdiction, and the City has adopted surface water quality regulations as required and such regulations are contained in the Storm Water Management chapter of the City Code; and

WHEREAS, the Owner of the Property identified above has or will construct certain storm water management facilities on the Property, and has developed a Storm Water Maintenance Plan (Plan), as may be amended from time to time for the maintenance of those facilities. The City has reviewed and approved the Plan, and retains a copy in its records. A drawing showing the general area of the facilities covered by the Plan is attached to this Agreement for ease of identification.

NOW, THEREFORE, in consideration of the benefits received by the Owner as a result of the approval by the City of the Plan, the Owner does hereby covenant and agree with the City as follows:

1. The Owner shall provide adequate long term maintenance and continuation of the storm water control measures described in the Plan, to ensure that all storm water facilities are and remain in proper working condition. The Owner shall perform inspection and preventive maintenance activities in accordance with the Plan.

2. The Owner shall maintain a copy of the Plan on site, together with a record of inspections and maintenance actions required by the Plan. The Owner shall document the times of inspections, remedial actions taken to repair, modify or reconstruct the system, the state of control measures and notification of any planned change in responsibility for the system. The City may require that the Owner's records be submitted to the City.

3. If it is later determined that the City's NPDES permit clearly directs Owners or the City to manage storm water treatment systems differently than specified in the Plan, the direction of the NPDES permit shall override the provisions of the Plan.

4. The Owner hereby grants permission to The City, its authorized agents, and employees the right of ingress, egress and access to enter the Property at reasonable times and in a reasonable manner for the purpose of inspecting, operating, installing, constructing, reconstructing, maintaining or repairing the facilities. The Owner hereby grants to the City the right to install and maintain equipment to monitor or test the performance of the storm water control system for quality and quantity upon reasonable notice to the Owner. Whenever possible, The City shall notify the Land Owner prior to entering the property and shall use its best efforts not to disturb the Land Owner's use and enjoyment of the Property while conducting said inspections.

5. In the event, the City determines that the storm water facilities are not being maintained in good working order and gives written notice to the Owner to repair, replace, reconstruct or maintain said facilities within a reasonable time (maximum time specified will be 30 days), and the Owner fails to comply with the City's notice within the time specified, Owner authorizes the City or its agents to enter upon the Property to repair, reconstruct, replace or perform maintenance on said facilities at the Owner's expense. It is expressly understood and agreed that the City is under no obligation to maintain or repair said facilities, and in no event shall this Agreement be construed to impose any such obligation on the City.

6. In the event, the City, pursuant to this Agreement, performs work of any nature, or expends any funds in the performance of said work for labor, use equipment, supplies, materials, and the like, the Owner shall reimburse the City upon demand, within forty-five (45) days of receipt of written request for reimbursement for all costs incurred by the City. If the City has not received said payment from the Owner by the end of said forty-five (45) day period,

the City may use any other remedies available by law to collect such balances plus reasonable expenses of collection, court costs, and attorney fees.

7. It is the intent of this Agreement to assure the City of proper maintenance of onsite storm water facilities by the Owner; provided, however, that this Agreement shall not be deemed to create or affect any additional liability of any party for damage alleged to result from or be caused by storm water management.

8. The Owner and the Owner's heirs, executors, administrators, assigns, and any other successors in interest, shall indemnify and hold the City and its agents and employees harmless for, and defend against at its own expense, any and all damages, accidents, casualties, occurrence, claims, or attorney's fees which might arise or be asserted, in whole or in part, against the City from the construction, presence, existence, or maintenance of the storm water control facilities subject to the Plan and this Agreement. In the event a claim is asserted against the City, its officers, agents or employees, the City shall notify the Owner, who shall defend at Owner's expense any suite or other claim. If any judgment or claims against the City shall be allowed, the Owner shall pay all costs and expenses in connection therewith. The City will not indemnify, defend or hold harmless in any fashion the Owner from any claims arising from any failure, regardless of any language in any attachment of other document that the Owner may provide.

9. No waiver of any provision of this Agreement shall affect the right of any party thereafter to enforce such provision or to exercise any right or remedy available to it in the event of any other default.

10. The Owner shall record this Agreement with the Register of Deeds of Isanti County, this Agreement shall constitute a covenant running with the land, and shall be binding upon the Owner and the Owner's heirs, administrators, executors, assigns, and any other successors in interest.

11. The Owner shall have the facilities inspected in accordance with City's storm water management ordinance and certify to the City that the constructed facilities conform and purport substantially to the approved Plan. If the constructed condition of the facility or its performance varies significantly from the approved Plan, appropriately revised calculations shall be provided to the City and the Plan shall be amended accordingly.

12. The Owner agrees that for any systems to be maintained by a property owner's association, deed restrictions and covenants for the subdivision or other development will include mandatory membership in the property owner's association responsible for providing maintenance of the system, will require the association to maintain the storm water system, will prohibit termination of this covenant by unilateral action of the association, and provide for

unpaid dues or assessments to constitute a lien upon the property of an owner upon recording a notice of non-payment.

13. This Agreement must be re-approved and re-executed by the City if all or a portion of the Property is subdivided or assembled with other property.

Minn. Statute 115.061 DUTY TO NOTIFY AND AVOID WATER POLLUTION states:

"(a) Except as provided in paragraph (b), it is the duty of every person to notify the agency immediately of the discharge, accidental or otherwise, of any substance or material under its control which, if not recovered, may cause pollution of waters of the state, and the responsible person shall recover as rapidly and as thoroughly as possible such substance or material and take immediately such other action as may be reasonably possible to minimize or abate pollution of waters of the state caused thereby.

(b) Notification is not required under paragraph (a) for a discharge of five gallons or less of petroleum, as defined in section 115C.02, subdivision 10. This paragraph does not effect the other requirements of paragraph (a)."

Minn. Statute 103G.005 Subd. 17 defines "Waters of the state" as:

"surface or underground waters, except surface waters that are not confined but are spread and diffused over the land. Waters of the state includes boundary and inland waters."

All stormwater conveyance systems, including the Isanti municipal stormwater system, are confined and therefore are waters of the state.

A. Compliance Determination:

1.	Are there areas on the site (including tanks, loading and unloading areas, concrete washout, etc.) which are contaminated by spills or leaks which have not been cleaned up? *(If "NO" further action is not required.)*	☐ YES ☐ NO
2.	Has any material entered a water of the state? *(If "NO" skip to Line 3.)*	☐ YES ☐ NO

b.	Has action been taken to contain and minimize? *(Emergency Response Team Supervisor Stephen Lee at 651.297.8610 can provide suggestions for possible containment and next steps.)*	☐ YES ☐ NO
c.	Implement available containment measures necessary to minimize and mitigate further damage.	
d.	Notify _____ (XXX-XXX-XXXX)	
e.	Issue Notice of Violation in accordance with the City of Isanti Enforcement Response Procedures.	
3.	Is material in danger of entering a water of the state? *(If "NO" skip to Line 4.)*	☐ YES ☐ NO
a.	Direct responsible party to immediately implement containment measures to protect the waters of the state.	
b.	Issue a Field Compliance Order in accordance with the City of Isanti Enforcement Response Procedures if the spill or leak is not cleaned-up within 24-hours.	
4.	Direct the responsible party to clean-up the spill or leak and to take steps to protect against future spills and leaks. Issue a Field Compliance Order in accordance with the City of Isanti Enforcement Response Procedures if the spill or leak is not cleaned-up or is allowed to continue.

This report documents the findings of exposed stockpiles, storage and material handling that was recently completed on your site by the Stormwater Utility. If your site was not in compliance with City and State Pollution Prevention/Good housekeeping requirements, this report will outline the corrective actions that need to be taken at your site. You are responsible to bring your site into compliance within the timeframes noted in this report. If the site is not brought into compliance within the specified time frame, a Stop Work Warning or Stop Work Order may result.

☐	☐	Existing and final grades.
☐	☐	Locations and types of all temporary and permanent (including infiltration areas) ESC BMPs.
☐	☐	Stormwater flow directions and surface water divides for all pre- and post-construction drainage areas.
☐	☐	Impervious areas (Pre- and Post-Construction).
☐	☐	Soil types.
☐	☐	Locations of potential pollutant-generating activities.
☐	☐	Locations of areas not to be disturbed (buffer zones).
☐	☐	Tabulated quantities of all erosion prevention and sediment control BMPs.
☐	☐	Location of areas where construction will be phased to minimize duration of exposed soil areas.
☐	☐	Areas of steep (3:1 or greater slope).
☐	☐	Locations of all wetlands, surface waters, and storm ponds that will receive pre- or post-construction site runoff.

Stormwater Discharge Design

Yes	No	
☐	☐	For any stormwater flow that will be channelized at the site, the stormwater controls must be designed to control both peak flowrates and total stormwater volume to minimize erosion at outlets and to minimize downstream channel and streambank erosion.
☐	☐	Are Temporary Sediment Basins required on site?

Yes	No	
☐	☐	Adequately sized and appropriately located
☐	☐	Designed to prevent short circuiting?
☐	☐	Outlets designed to remove floating debris, withdraw from the surface, and allow complete drawdown?
☐	☐	Do outlets have energy dissipation?
☐	☐	Have a stabilized emergency spillway?

Which method of permanent stormwater treatment has been selected?

Yes	No	
☐	☐	Are calculations/computer model results included to demonstrate the design and adequacy?
☐	☐	Is adequate maintenance access provided?
☐	☐	Infiltration or filtration

Yes	No	
☐	☐	Is infiltration/filtration appropriate to the site and land uses?
☐	☐	Phasing to ensure excavation of infiltration system after drainage area stabilized?
☐	☐	Rigorous sediment and erosion controls to keep sediment and runoff away from the system?
☐	☐	Is a pretreatment device planned?

Yes	No	
☐	☐	Wet sedimentation basin:

Yes	No	
☐	☐	Configured so scour or resuspension is minimized and to prevent short circuiting.
☐	☐	Basin outlets designed to discharge at > 5.66 cubic feet per second (cfs) per acre of pond
☐	☐	Basin outlets designed to prevent discharge of floatables.
☐	☐	Stabilized emergency overflow.

Yes	No	
☐	☐	Regional ponds:

Yes	No	
☐	☐	Is written authorization from owner of regional pond included in SWPPP?
☐	☐	Does regional pond design conform to the permit requirements for wet sedimentation basin?

Other Requirements

Yes	No	
☐	☐	Plans show areas that are not to be disturbed or are areas where disturbance will be minimized.
☐	☐	Minimize disturbance or other techniques to minimize destabilization of steep slopes.
☐	☐	Has appropriate construction phasing been implemented?
☐	☐	Exposed soils have erosion protection/cover initiated immediately and finished within 14 days
☐	☐	Wetted perimeters of ditches stabilized within 200 feet of surface water within 24 hours.
☐	☐	Temporary or permanent ditches or swales that are being used as a sediment containment system during construction must be stabilized within 24 hours after no longer being used as a sediment containment system.
☐	☐	Pipe outlets have energy dissipation within 24 hours of connecting.
☐	☐	Discharges from stormwater controls are directed to vegetated areas of the site unless infeasible.
☐	☐	Are sediment control practices established on down gradient perimeters and upgradient of any buffer zones?
☐	☐	Are all inlets protected?
☐	☐	Stockpiles have sediment control.
☐	☐	Construction site entrances minimize street tracking.
☐	☐	Plans minimize soil compaction and preserve topsoil.
☐	☐	50 foot buffer or (if not feasible) redundant sediment control when adjacent and drains to a surface water.
☐	☐	Is a dewatering plan required?
☐	☐	Storage, handling, and disposal of construction products, materials, and wastes.
☐	☐	Fueling and maintenance of equipment or vehicles; spill prevention and response.
☐	☐	Vehicle and equipment washing.
☐	☐	No engine degreasing allowed on site.
☐	☐	Containment of Concrete and other washout waste.
☐	☐	Portable toilets are positioned so that they are secure.
☐	☐	Stabilization by uniform perennial vegetative cover (70% density of its expected final growth).

Requirements of Appendix A

Yes	No	
☐	☐	Does this site drain to a discharge point on the project that is within one mile of a Special or Impaired Water?

Yes	No	
☐	☐	Stabilization initiated immediately and all soils protected in 7 days
☐	☐	Provide temp basin for five acres draining to common location.
☐	☐	100-foot buffer
☐	☐	Other as appropriate

Wetland Impacts

Yes	No	
☐	☐	Does this site have a discharge with the potential for adverse impact to wetlands:

Yes	No	
☐	☐	Does the SWPPP comply with the conditions of an approved Wetland Impact Permit?
