2. Approval of Minutes from February 19, 2019 Planning Commission Meeting.

Motion by Collison, second by Bergley to approve the February 19, 2019 Planning Commission Meeting Minutes. Motion was approved 6-0.

3. Public Hearings

A. Request from Dollar General, Inc. for approval of a Site Plan Review per Ordinance 445, Section 18, Subd. 2(A) for construction of a general retail establishment on PID 16.029.0900

Chairman Johnson opened the public hearing at 8:12 p.m. Kernosky presented the staff report, commenting that this is a permitted use and that the project meets requirements. He discussed the flexible design standards (regarding the 15% building size requirement),a modified landscaping plan to add more buffer on the west property line and moving the loading doors, which are covered in the conditions prepared by staff. George Hemen, 323 Palomino Rd SE, presented a statement and concerns that the project was against City growth strategy and would cause economic distress. Other concerns regarded the building size in relation to the lot size, outdoor lighting concerns, and street and Hwy 65 traffic. Dollar General representative Brian Bass, BJ Baas Builders, reviewed the project, orientation of the building and traffic access. He shared that they have built a number of stores for Dollar General. With no further public input, the public hearing was closed at 8:17 p.m.

The Commission reviewed the request. Questions were asked concerning the location of the parking area, signage and possibility of other development on the lot. Kernosky shared that

Dollar General required that no other retail development could be built on the lot for 20 years. Lorinser discussed that the lot area was designed for a strip mall or additional commercial use and that the Overlay District was to allow flexible building standards that would increase use and tax value of City commercial property on Hwy 65. Discussion of development of the lot continued. Kernosky shared that the lot could be subdivided to allow for additional use and that was shared with the developer. Simon asked about development of the north lot and asked if this project was approved, would it apply to other lots. Kernosky shared that no, each development is reviewed on its own merits. Discussion by the Commission continued.

A motion was made by Lorinser to approve the project to meet the 15 % building size with a lot split and conditions as recommended by staff. The motion was not seconded.

There was further discussion on options/next steps.

Motion by Lorinser, seconded by Bergley, to table the request and have staff advise the applicant that they need to meet the 15% building size to lot size requirement. Motion passed 6-0.

4. Other Business.

A. None

5. Discussion Items

A. Comprehensive Plan Update – Lorsung presented the staff memo on the proposed project timeframe for the Update. Presentations of draft Plan Chapters would begin in May, 2019, with the Public Hearing on the Updated Comprehensive Plan scheduled for March, 2020. CITY OF ISANTI
PARKS, RECREATION, AND CULTURE BOARD
MEETING MINUTES
April 23, 2019
City Council Chambers

1. Meeting Opening.

A. Call to Order.

B. Pledge of Allegiance
Everyone stood for the Pledge of Allegiance

C. Roll Call
Members Present: James Witte, Aaron Zdon, and Mayor Johnson
Staff Present: Jenny Garvey, Parks, Recreation and Culture Manager, Josi Wood, City Administrator

Zdon stated that Garvey is no longer board member, and is now city staff. Wood stated that the city is advertising for the open vacancies of additional board members. Garvey was vice chair of the board. Wood continued that if a board member is going to be absent, please notify staff as soon as possible, as we will not be able to hold a board meeting with less than three people because there will not be a quorum.

D. Agenda Modifications
Zdon asked if there were any agenda modifications, Wood stated there was one agenda modification for nominating a new vice chair to the board. Motion by Johnson, seconded by Witte; the motion passed.

2. Approval of Minutes from March 26, 2019, Parks, Recreation, and Culture Board Meeting
Motion by Johnson and second by Witte. Minutes were unanimously approved.

3. Park Visits Summary
Garvey reported on - Bluebird, Riverside, and Unity Parks. Garvey shared that Bluebird colors are fading. Garvey noted that the north wheel on the north side of park; appears that there is a bolt that needs tightening, mulch looked good, trail looks good. Garvey continued that the curb along the drive by the basketball court is in very rough shape and will need some concrete work. Wood added that the city will be doing curb side repair for the Farmers Markets, will do this repair at the same time. Garvey further shared the pavilion looks good and that the basketball court needs new lines painted on. The skate park equipment looked good. Garvey noted that there is a lot of debris that needs to be taken care. Need to let city maintenance aware of the debris and they will take care of it. Wood noted that we have a box for the lights at the skate park have been continually broken into. We are having a new box put in and up higher on the pole so that kids can't break into it. Lights in the park automatically go off at 10 PM. Need to

the check to see if lights are on timer for winter or summer hours. The control box for the timer is control by the electrician or public works. Garvey further discussed Riverside Park with an overall rating of a 4. Garvey noted that a couple of items for maintenance, one is the swing step. It has a bracket that appears to be off or twisted. Garvey further shared that the tot area where the fish piece is appears to have some moss growing on it, needs to be pressure washed. The mulch looks good, but in some spots it appears that too much mulch was used under tot car. Garvey mentioned that the trail looked good, and asked about the green gate that has access to the river, do we need to put up a sign stating city property ends here. Garvey finished with Unity Park and noted that the infield for the ball field has just been done and is ready the season, but the grass area is in rough shape. Garvey reported that the two small pavilions; one has shingles on the roof and are holding up and one has wood shingles. The large pavilion, roof appears to be in good shape. Once the snow is gone, people are parking on the grass when picking up their kids. Maybe we need to put up a sign stating no parking on grass. Garvey noted that the bleachers need a bit of leveling and repair. Wood shared that these are the property of the Rodeo, and the board should look at this item for future use/purchase and the Park Board may need to look into compliance with liability issues. Garvey noted that we should add to our equipment box the city of Isanti name to it. Garvey noted that there has been a porta potty put in the one spot that is helping with parking on the grass.

Mayor Johnson reported on Mattson, VFW, and Legacy Parks. Johnson reported that Mattson's overall appearance looked fantastic and rated it a 5. The playground is in good shape and had adequate mulch, however the trails and sidewalks are in need of some repair. Wood noted that the sidewalks are city property. Johnson continued that the pavilion looks fine, the tennis courts are in great shape and the picnic table looks great. VFW with overall appearance was rated a 4 plus. The swing posts look rusty. It was discussed that the posts could be sprayed with a galvanized coating to help with the rust and to let public works decide at their discretion as to how best to proceed. The playground mulch is sufficient and no obstruction in the park. Trails are good. The park is mainly city sidewalks. No pavilion in this park. Johnson continued with reviewing Legacy Park which has no playground equipment, no safety concerns and no mulch. Wood notated that we use lime ag on the trail, and we have budgeted some money for this year to spot update along trails and the cost of $20,000 to $30,000 to re lime ag the whole trail. The paths are becoming narrow because of erosion. It is on public works radar for this year to spot check areas that need attention. Johnson continued with his update of no pavilion and rated Legacy at a 5, all equipment in the park look great. Discussion continued with that in the past there have been problems with the picnic tables, but these problems have gone away. Discussion continued about the parking lot for this park as to when it will be done. Wood noted that it will probably be done during the second phase of construction. The city will probably be working with the construction company in regards to the paving of the parking lot. The board discussed steps and that there are apparently a couple of loose steps that are in need of repair. Wood noted she had noticed during a recent trip she had to the park that the area around the steps need to be filled in the lime ag.

Witte reported on Rum River Bluff Preserve, Isanti Hills, and Rum River Meadow Parks. Witte shared that Rum River Bluff Preserve was rated a 5. The bike racks look great and that is there is no playground mulch in this park. Witte noted that the steps are in of some repairs, with loose anchor bolts that need to be pounded down. The railing on the staircase are in good shape. Witte continued that the trails look good, however the trails are flooded in both directions. Witte noted that the stairs need to be clear of debris and the fishing pier has not been put in as of yet because the river is high. Wood noted that when she was there she noticed that there were a lot of golf balls in the park, this needs to be addressed in the future. Witte continued with Isanti Hills and an overall rating a 4. Witte noted that profanity has been engraved into the bench in the southeast corner of the park and also there is profanity on one the swings further to the south. The colors on the bouncy animals are fading and the slides have streak marks on them from boots. Witte noted that the grounds look good, but add some mulch around the swing set and bouncy animals. The pavilion and benches look fine. An update to the equipment is needed. Wood noted we can't find the replacement parts for this playground equipment. This playground equipment might be grandfather in but if you start doing improvements, it would need to be brought up to code and doesn't meet ADA code and safety compliance. The playground equipment would have to be replaced and not updated. Witte finished with reviewing Rum River Meadows and gave it an overall rating of a 5. Witte noted that the barrier around the perimeter of the park, plastic curbing, on the southwest corner, is coming up and needs to be pushed back down as some of the bolts are working their way up. Wood added that concrete edging is to be put in this year, depending on budget. The two parks that are left to have this done are Rum River Meadows and Riverside. Witte continued that the rock wall the handles are good. There is small hole at the bottom of the volleyball net. The picnic tables look fine. Witte observed that kids are playing with the cover that goes over the irrigation system. Wood noted that she has seen some others have a concrete slab to lock it in place and something we can look into. An ongoing problem within the park is dog feces issue. Public works has spent a lot of time at this park picking up dog feces. Possible solution would be to a fence around the playground area.

Wood asked if the board was aware of the project that is budgeted this year for a fence over at River Bluff Preserve, for a property to the north of the parking lot. Wood wasn't sure if this was brought to this board in the past. Jenny will be working on the project and will update the board at the next month meeting.

Zdon reported on Academy and Whisper Ridge Parks Zdon rated Academy a 5. Zdon reported that this is a new park as of last year and this park is also used by the school as a playground. The mulch needs to be raking this year as it has matted down, especially under the swings. Wood noted that mulch was added last year. Zdon noted that he saw no safety or maintenance issues, the trails look good and no obstructions. Zdon continued with his observation of Whisper Ridge and gave it an overall rating a 2. Zdon noted these safety issues - gate needs a new latch, possibly remove the gate. Half tennis court and basketball court. Zdon stated the trails are a 3 and are cracking and heaving. There are no obstructions, no pavilion and no mulch at this park.

Zdon reported that this park is at a 2, the board will need to decide if we fix the park or get rid of it. Zdon continued with do we resurface it as it does get some use. The surface is in bad shape. Wood added that the resurface of Mattson Park tennis courts cost approximately $15,000 and awhile back had looked at doing Whisper Ridge at that time and the cost would be close to $40,000. Discussion followed about what possibilities we could do, take out the court and replace with green space or just put in the basketball court.

Johnson noted that the concrete edging were put in Mattson park. Wood followed up that she did a cost analysis on concrete vs the plastic edging. The plastic is not cheap and has to be replaced every couple of years. The two remaining parks will have the concrete edging done this year as budgets allow.

4. Park Updates –
Wood shared that Earth Day cleanup on Monday, April 22nd. The groups this year included the: Cub scouts, Flagship Bank, C-I Middle School National Honor Society, Boy Scouts, Isanti Ambassadors and the Girls Scouts who will be out on Thursday, April 25th. Wood continued that this year we had every park covered and also included was the ditch along Cajima by Knife River. The National Honor Society they hit south passage and river bluff and walked down the street along the ditch, which was really full of debris.

Wood further shared that the Farmers' Market pre-season meeting is scheduled for Friday, April 26th at the Community Center. We have a numerous vendors interested this year. The market open May 31st and runs through September 27th every Friday from 2 PM to 6 PM.

Wood noted that the Adopt-A-Park program will be brought back to the board at another meeting.

Wood continued that the Bluebird Park refurbish project received two quotes. What the city received were different than the RFP that was stated. Wood shared that the city found out after reviewing the bids that it is not a good idea to completely dismantle an old park, powder coat it and put it back together because of stability issues. It is recommended that we to do electric static painting on site, which would not require that equipment to be dismantled. Jenny and Matt will take a look at the different parks that have been done. The two vendors have done this before, one of them we have never used before and staff will check out the quality of each vendor. Wood discussed that included at tonight's meeting for the board to review are pictures of colors that are being suggested to go along with the teal color on the slides are sand and royal blue. The swing set would be royal blue. It was felt the sand or beige would stand the test of time with fading. The board members noted that they liked the color scheme. The Clifford playground or tot playground within Bluebird park, will not be included in the refurbish, as this piece is obsolete with replacement pieces and when items break we will not be able to replace them and we will have to take that piece down. Wood noted that the bids that came in were between $8,000 and $9,000, under budget. This is a project is in capital improvement plan and the balance would stay there and staff is recommending the funds to stay there to be used for

another project and board agreed. Wood shared that this will need to go the council for final approval and also noted that a small slide is being replaced at Bluebird park.

Wood shared that the dog park received three quotes from fence companies. Council approved using Town & Country Fencing. Public works will be putting in the edging. Town & Country will come back to put in the rest of the fencing. This will all be done in the next 3 to 4 weeks. There are funds available for benches, porta potty, dog clean up area station, and one to two elements for dogs. A grand opening date is tentative for June.

5. Additional Item to Agenda

New Vice Chair for PRC board, with vacancy of Garvey, new vice chair to be nominated to board is Witte.

EMPLOYMENT AGREEMENT

THIS AGREEMENT made and entered into on June 5, 2019 by and between the City of Isanti, Minnesota, a municipal corporation, herein called EMPLOYER, and Travis Muyres, herein called EMPLOYEE. This Agreement shall become effective on the EMPLOYEE'S first day of employment of June 5, 2019.

EMPLOYER desires to employ the services of Travis Muyres as Chief of Police for the City of Isanti as provided by applicable Minnesota law and applicable ordinances of the City of Isanti, Minnesota.

It is the desire of the EMPLOYER to employ the EMPLOYEE and it is the EMPLOYEE's desire to accept employment from the EMPLOYER on the terms and conditions as set forth herein.

NOW THEREFORE IN CONSIDERATION OF THE MUTUAL COVENANTS HEREIN CONTAINED, THE EMPLOYER AND EMPLOYEE AGREE AS FOLLOWS:

1. Duties. As authorized pursuant to the provisions of Minnesota Statutes Section §412.111, the EMPLOYER hereby agrees to employ EMPLOYEE as Chief of Police of the City of Isanti to perform the functions and duties as specified in the job description for the position of Chief of Police of the City of Isanti, as approved by the City Council, and as the same may be amended from time to time.

2. Term. The EMPLOYEE's employment shall be for an indefinite term at the will of the EMPLOYER. The terms of this contract shall be applicable from June 5, 2019 and until termination of the employment relationship, or until amended by subsequent agreement approved by action of the City Council of the City of Isanti and signed by both EMPLOYER and EMPLOYEE.

3. Employment at Will. The EMPLOYEE is employed at the will of the EMPLOYER, and therefore may be terminated at any time with or without cause upon, except as hereinafter provided, not less than 30 days' written notice from EMPLOYER to EMPLOYEE. EMPLOYER may however, in EMPLOYER's sole discretion, terminate the EMPLOYEE without any prior notice for misconduct, defined as follows:

A. Conduct by the EMPLOYEE resulting in criminal charges against the EMPLOYEE (except for petty misdemeanor traffic violations); or

B. EMPLOYEE's refusal to obey a lawful directive of EMPLOYER; or

C. Acts by the EMPLOYEE intended to cause injury to the EMPLOYER.

The EMPLOYEES probationary period shall be six (6) months, unless extended for a specified period not to exceed six (6) additional months. Notwithstanding the provision for thirty (30) days' notice prior to termination, the EMPLOYER shall have the right to terminate employment with the EMPLOYEE with or without cause at any time during the EMPLOYEES probationary period without the requirement that said thirty (30) days' notice be given.

4. Salary. EMPLOYER agrees to pay EMPLOYEE for services rendered pursuant to this contract wages calculated on an annual base salary of $95,551.94 (step 6) payable in installments at the same time as other payroll employees of the EMPLOYER are paid. Subsequent annual step salary increases, as applicable, shall be contingent upon on a satisfactory annual performance review. Cost of living salary adjustments, if any, shall be subject to approval by the City Council.

5. Vacation, Sick Leave and Insurance Benefits. The EMPLOYEE shall be entitled to earn vacation at an accrual rate equivalent to 7.38 hours per pay period, with any additional adjustment based on years of service as prescribed by the EMPLOYER's personnel policy.

Sick leave shall be provided as prescribed by the EMPLOYER's personnel policy. Insurance and other employee benefits shall be provided as prescribed by the EMPLOYER's personnel policy.

6. Performance Appraisal. The City Administrator, or in absence of the City Administrator, the Mayor and Council shall review and evaluate the performance of EMPLOYEE at least once annually, preferably prior to November 1st of each year. Following completion of each such performance appraisal the EMPLOYEE shall be given a summary thereof. In the first year of employment the EMPLOYEE shall be subject to a probationary performance review after three and six months of employment as per the EMPLOYER's personnel policy.

7. Retirement Benefits. The EMPLOYEE shall be entitled to participate in the accrual of retirement benefit contributions as prescribed for public employees under PERA, and/or under any other retirement program, if any, which may now or hereafter be available pursuant to and consistent with any applicable state or federal laws and EMPLOYER's personnel policy.

8. Personnel Policy. Except where specifically abridged or modified by this Agreement, the EMPLOYEE shall be subject to all terms and provisions of the EMPLOYER's personnel policies as set forth in the EMPLOYER's personnel policy manual. If any provision of this manual conflicts with a provision in this contract, then the contractual provision shall prevail.

9. Vehicle. EMPLOYEE shall receive an unmarked police department squad vehicle for work purposes as defined in his job description and to respond for emergency management responsibilities.

10. Professional Development. The EMPLOYER agrees, subject to annual budget approval and subject to preauthorization of the City Administrator and/or City Council, to pay all necessary and reasonable expenses of EMPLOYEE for short courses, institutes and seminars that are, in the opinion of both EMPLOYER and EMPLOYEE necessary for professional development of EMPLOYEE. EMPLOYER shall pay for EMPLOYEE's attendance at the Minnesota Police Chiefs annual conference. EMPLOYER shall pay for EMPLOYEE's attendance for Emergency Management Certificate. The EMPLOYER will pay costs for training fees, travel and lodging, and meals, as per the EMPLOYER's personnel policy manual. The EMPLOYER shall pay for publications for the EMPLOYEE to assist in performance of their job duties. Such publications shall be approved by the EMPLOYER.

11. Professional Membership. During the term of employment, EMPLOYER will pay EMPLOYEE's annual regular membership dues for EMPLOYEE's ongoing membership in the MN Police Chief's Association, as the same become due and payable.

12. Schedule. The EMPLOYEE has the ability to schedule his work week with 4 – ten (10) hour days.

13. Other Benefits. The EMPLOYEE shall receive an annual uniform allowance in the amount of $85.74 per month, $325.00 post license annual stipend and $300.00 firearms qualifications annual stipend or as identified as increased in the Police Officer's Bargaining Agreement, as other Police Officers receive.

14. Severability. Should any provision of this agreement be held unlawful by a Court of competent jurisdiction; all other provisions of this agreement shall remain in force for the duration of the agreement.

15. Notices. Notices pursuant to this agreement shall be given by deposit in the custody of the United States Postal Service, postage prepaid, and addressed as follows:

Request for City Council Action

To: Mayor Johnson and City Council

From: Don Lorsung, Asst. City Administrator/Special Projects

Date: May 8, 2019

Subject: Drug Paraphernalia Ordinance

As reviewed by the City Council at the May 21,2019 Committee of the Whole meeting, please find attached a draft ordinance that addresses and regulates drug paraphernalia. The purpose of this ordinance is to deter the use of controlled substances. It has been reviewed by the City Attorney. If adopted, it will become City Code Chapter 144, Drug Paraphernalia.

This draft pending ordinance has been posted and is attached for your consideration.

ORDINANCE NO. _____

AN ORDINANCE AMENDING THE CITY CODE ADDING CHAPTER 144, DRUG PARAPHERNALIA

THE CITY COUNCIL OF ISANTI DOES ORDAIN:

Chapter 144

B. To deter the use of controlled substances by controlling certain paraphernalia associated with their use andmanufacture.

C. To reduce the availability of drug paraphernalia in order to prevent their availability from inducing, promoting , suggesting or increasing the public acceptability of controlled substances.

144-2. Definitions.

The following words, terms and phrases, when used in this chapter, shall have the meanings ascribed to them in this section, except where the context clearly indicated a different meaning:

DRUG PARAPHERNALIA - means all equipment, products and materials of any kind that are used, intended for use, or designed for use, in planting, propagating, cultivating, growing, harvesting , manufacturing, compounding, converting, producing, processing, preparing, testing, analyzing, packaging, repackaging , storing, containing, concealing, injecting, ingesting, inhaling or otherwise introducing into the human body a controlled substance in violation of Minnesota Statutes, Chapter 152. It includes, but is not limited to:

A. Blenders, bowls, containers, spoons and mixing devices used, intended for use or designed for use in compounding controlled substances.
B. Capsules, balloons, envelopes and other containers used, intended for use or designed for use in packaging small quantities of controlled substances.
C. Containers and other objects used, intended for use or designed for use in storing or concealing controlled substances.
D. Diluents and adulterants such as quinine, hydrochloride, mannitol, mannite, dextrose, and lactose, used, intended for use or designed for use in cutting controlled substances.

E. Hypodermic syringes, needles and other objects used, intended for use or designed for use in parenterally injecting controlled substances into the human body.
F. Isomeric devices used, intended for use or designed for use in increasing the potency of any species of plant that is a controlled substance.
G. Kits used, intended for use, or designed for use in planting, propagating, cultivating, growing or harvesting of any species of plant that is a controlled substance or from which a controlled substance can be derived.
H. Kits used, intended for use or designed for use in manufacturing, compounding, converting, producing, processing or preparing controlled substances.
I. Objects used, intended for use or designed for use in ingesting, inhaling or otherwise introducing marijuana, cocaine, hashish or hashish oil into the human body, such as:

1. Metal, wooden, acrylic, glass, stone, plastic or ceramic pipes with or without screens, permanent screens, hashish heads or punctured metal bowls.
2. Water pipes.
3. Carburetion tubes and devices.
4. Smoking and carburetion masks.
5. Roach clips, meaning objects used to hold burning material, such as a marijuana cigarette, that has become too small or too short to be held in the hand.
6. Miniature cocaine spoons, and cocaine vials.
7. Chamber pipes.
8. Carburetor pipes.
9. Electric pipes.
10. Air driven pipes.
11. Chillums.
12. Bongs.
13. Ice pipes or chillers

J. Scales and balances used, intended for use or designed for use in weighing or measuring controlled substances.
K. Separation gins and sifters used, intended for use or designed for use in removing twigs and seeds from, or in otherwise cleaning and refining, marijuana.
L. Testing equipment used, intended for use or designed for use in identifying or in analyzing the strength, effectiveness or purity of controlled substance.

144-3. Prohibited paraphernalia.

A. **Prohibited use.** It is unlawful for any person to use, or to possess with intent to use, drug paraphernalia to plant, propagate, cultivate, grow, harvest, manufacture, compound, convert, produce, process, prepare, test, analyze, pack, repack, store, contain, conceal, inject, ingest, inhale or otherwise introduce into the human body a controlled substance in violation of Minnesota statutes as may be amended from time to time.

B. **Prohibited delivery.** It is unlawful for any person to deliver, possess with intent to deliver, or manufacture with intent to deliver, drug paraphernalia, knowing, or under circumstances where one reasonably should know, that it will be used to plant, propagate, cultivate, grow, harvest, manufacture, compound, convert, produce, process, prepare, test, analyze, pack, repack, store, contain, conceal, inject, ingest, inhale or otherwise introduce into the human body a controlled substance in violation of Minnesota statutes as may be amended from time to time.

C. **Prohibited advertising.** It is unlawful for any person to place in any newspaper, magazine, handbill or other publication any advertisement, knowing, or under circumstances where one reasonably should know, that the purpose of the advertisement, in whole or in part, is to promote the sale of objects designed or intended for use as drug paraphernalia.

144-4. Evidence of paraphernalia.

In determining whether an object is drug paraphernalia, a court or other authority should consider, in addition to all other logically relevant factors, the following:

A. Statements by an owner or by anyone in control of the object concerning its use.

B. Prior convictions, if any, of any owner, or of anyone in control of the object, under any state or federal law relating to any controlled substance.

C. The proximity of the object, in time and space, to a direct violation of this chapter.

D. The proximity of the object to controlled substances.

E. The existence of any residue of controlled substances on the object.

F. Direct or circumstantial evidence of the intent of an owner, or anyone in control of the object, to deliver it to persons whom he knows, or should reasonably know, intend to use the object to facilitate a violation of this chapter; the innocence of an owner, or of anyone in control of the object, as to a direct violation of this chapter shall not prevent a finding that the object is intended for use, or designed for use as drug paraphernalia.

G. Instructions, oral or written, provided with the object concerning its us.

144-5 Penalties

Violations of any section of this chapter is punishable as a misdemeanor and upon conviction shall be punished by a fine of not to exceed $1,000 or imprisonment for a period not to exceed 90 days, or both, plus the costs of prosecution in either case.

EFFECTIVE DATE

This ordinance shall take effect upon its publication and on the date of ___of June, 2019.

Request for City Council Action

To: **Mayor Johnson and Members City Council**
From: Sheila Sellman, Community Development Director
Date: June 4, 2019
Subject: Consider Adoption of Stormwater Enforcement Response Procedures (ERP)
RESOLUTION 2019-XXX ADOPTING ENFORCEMENT RESPONSE PROCEDURE
Ordinance Amending Chapter 670
Ordinance Amending Chapter 65
Ordinance Amending Chapter 160
RESOLUTION 2019-XXX ADOPTING FEES WITHIN THE CITY OF ISANTI

Background:
In May 2017, the City adopted Ordinance 670 an ordinance that provides for stormwater management practices. The purpose of this ordinance is to control or eliminate storm water pollution along with soil erosion and sedimentation in the City.

For the 2018-2019 construction season, several residential permits were not compliant in the maintenance of stormwater controls and protection following the issuance of a Certificate of Occupancy. While the installation of a driveway and landscaping is not feasible during the winter months, the city's MS4 permit requires that all sites maintain stormwater controls and Best Management Practices (BMPs) where no ground cover is present throughout the entire year.

A Stormwater Escrow is deemed a suitable incentive to maintain stormwater controls between the issuance of a Certificate of Occupancy and the installation of driveway and landscape features.

Additionally, adding escalating Administrative Citations specific to stormwater violations would ideally increase corrective action.

Fee Schedule
The City does require escrows for some types of development items, which are submitted through the building department and include the following:

Residential Driveway Escrow	$2,000 (refundable)
Residential Landscape Escrow	$6,000 (refundable)
Commercial Landscape Escrow	$5,000 per site (refundable)

The proposed Resolution would add the following:

Residential Stormwater Escrow	$1,000 (refundable)
Commercial Stormwater Escrow	$3000 (refundable)

In addition to stormwater escrow the same resolution will be adding the following fees regarding animal control:

Dog Bite	Actual cost/plus tax

Dog Boarding (at impound)	$25 per day/misc. cost/tax
Dog Impound 1st Time	$85/plus tax
Dog Impound 2nd Time	$95/plus tax
Dog Impound 3rd Time	$105/plus tax

Administrative Citations

The ERP document outlines that the city may issue administrative citations in Section 4.b in order to "...provide the public and City with an informal, cost effective, and expeditious method for addressing violations." These citations will follow an escalating procedure that is as follows:

Notice of Violation (NOV)	No Fee, Corrective Action within 3-7 days, Reinspection Schedule
First Offence	$200
Second Offence	$400
Stop Work Order	$600

A Stop Work Order may be issued in the event of continued violation and will be automatically accompanied by an administrative citation.

Staff Recommendation

Staff recommends approving the Enforcement Response Procedures, addition of stormwater escrow, adoption of administrative penalties into fee schedule and adoption of animal control fees in fee schedule.

Enforcement Response Procedures for

MS4 Permit Violations

City of Isanti

2019

Enforcement Response Procedures

for

MS4 Permit Violations

City of Isanti, MN

2019

Under the terms of the General NPDES/SDS Permit MNR040000, the City is required to develop and implement adequate enforcement authority for illicit discharges into its Municipally Separate Storm Sewer System (MS4). The purpose of these Enforcement Response Procedures is to communicate how the enforcement tools available to the City will be used to achieve compliance. The Enforcement Response Procedures also specify criteria by which City personnel can determine the enforcement action most appropriate to instances of non-compliance. This plan is a document of the City's procedure to be followed when a construction storm water requirement, illicit discharge and post-construction violation is discovered. This plan is a guide; any of the enforcement responses may be used at the City's discretion. The City may also choose to pursue an enforcement case by skipping intermediate steps.

Appendix: INSPECTION AND MAINTENANCE AGREEMENT

I. DEFINITIONS

A. City. The City of Isanti and/or the person or persons authorized and delegated authority by the Isanti City Council to act on behalf of the City of Isanti as described in this ERP.

B. Construction Storm Water General Permit. Within the context of this ordinance refers to the General Permit Authorization to Discharge Storm Water Associated with Construction Activity under the Pollutant Discharge Elimination System/State Disposal System; Permit Number MN R1000001.

C. Council. The Isanti City Council.

D. ERP. Enforcement Response Procedure adopted by resolution of the Council.

E. MPCA. Minnesota Pollution Control Agency.

F. MS4. Municipal Separate Storm Sewer System (MS4). The system of conveyances (including sidewalks, roads with drainage systems, municipal streets, catch basins, curbs, gutters, ditches, man-made channels, or storm drains) owned and operated by the City and designed or used for collecting or conveying storm water, and that is not used for collecting or conveying sewage.

G. NPDES. National Pollutant Discharge Elimination System Storm Water Discharge Permit. Means a permit issued by the MPCA under authority delegated pursuant to 33 USC § 1342(b) that authorizes the discharge of storm water to waters of the United States, whether the permit is applicable on an individual, group, or general area-wide basis.

H. Permittee. The person or persons doing work under a permit issued by the City. Where a property owner has obtained a permit for work to be done by others, either or both the property owner and the person(s) doing work under the permit may be considered the permittee under these ERPs.

I. SIC Code. Standard Industrial Classification as defined in 40 CFR § 122.26(b)(14)(i)-(xi).

J. Written Notice. Written notice shall include all communication via email, facsimile, and/or paper document.

II. DESCRIPTION OF EACH TYPE OF ENFORCEMENT RESPONSE

A. Written Notices

1. Field Compliance Order

a) Upon visiting the site, a City may observe issues on non-compliance. If the non-compliance has not yet resulted in a discharge of pollution, including sediment, the City's representative will issue a written warning, either by email or letter specifying the nature of the violation, the required corrective action and a follow-up inspection date. The Field Compliance Order will note that failure to comply resulting in a discharge of pollution is likely to result in an Administrative Citation.

2. Notice of Violation (NOV)/Administrative Citation/Permit Revocation

a) If, upon a site inspection, a City observes non-compliance that has resulted in a discharge of pollution, including sediment, the representative will issue:

(1) A Notice of Violation for discharges that can be satisfactorily corrected without evidence of property or environmental damage.

(a) The NOV will specify the nature of the violation, the required corrective action and a follow-up inspection

date.

(b) The NOV will require the party committing the violation (perpetrator) to submit an explanation of the violation and a plan for the satisfactory correction and prevention of the violation conditions, including specific required actions within 3-7 days, depending on severity.

(c) If corrective action is not satisfactorily completed by the follow-up inspection date, the City will:

(i) Revoke the current building or construction permits where applicable. Revoked permits shall only be reinstated after the permittee has reapplied for the permit, complete with a permit fee and an approved plan for preventing similar pollutant discharges.

(ii) Issue an Administrative Citation where no building or construction permits exist.

3. Consent Orders

a) Consent Orders are written agreements that allow the perpetrator to accept responsibility for the discharge and provide the opportunity to voluntarily clean-up and/or correct a pollutant or sediment discharge as a way to reduce the additional damage penalty associated with cleanup costs.

(1) Consent Orders will only be issued to perpetrators that can provide documentation verifying that the perpetrator is qualified to handle the required cleanup.

(2) The Isanti City Administrator is empowered to enter into Consent Orders with the perpetrator on behalf of the City of Isanti.

(3) Where the discharge and cleanup area affects private (third party) properties, Consent Orders must be approved by all parties affected.

b) A Consent Order will include specific corrective actions to be taken to correct the illicit or sediment discharge together with specified time periods to finish the corrective actions.

4. Administrative Citation

a) Administrative Citation procedures established herein are intended to provide the public and the City with an informal, cost effective, and expeditious method for addressing violations.

b) The City shall, upon determining that there has been a violation, notify the violator. Said notice shall set forth the nature, date and time of violation, the name of the official issuing the notice, and the amount of the scheduled penalty.

(1) Administrative Citations will depend on the extent of the damages.

(a) The minimum automatic fine shall be as set forth in the City of Isanti Municipal Fee Schedule, except that the City Administrator or Designee may waive all or part of the financial penalty for the first offense if timely and

substantial effort has been made to correct the discharge.

(b) Consent Orders as described herein may be accepted in lieu of damage penalties.

(c) In addition to Administrative Citations, the Council may recover all damages proximately caused by the violator to the City, which may include:

(i) reasonable expenses incurred in investigating violations of, and enforcing compliance with City Ordinances regulating the illicit discharge of pollutants or sediment, or any other actual damages caused by the violation.

(ii) The costs of the City's maintenance of storm water facilities when the user of such facilities fails to maintain them.

c) Once such notice is given, the alleged violator may, within five business days of the date of issuance of the notice, pay the amount set forth on the schedule of penalties for the violation, or may request a hearing in writing, as is provided for hereafter. The penalty may be paid in person or by mail, and payment shall be deemed to be an admission of the violation.

(1) Any person contesting an Administrative Citation may, within five business days of the date of issuance of the notice, request a hearing by a hearing officer who shall forthwith conduct an informal hearing to determine if a violation has occurred. The hearing officer shall have authority to dismiss the violation or reduce or waive the penalty. If the violation is sustained by the hearing officer, the violator shall pay the penalty imposed.

(2) The Council or its designee shall determine any controversy relating to Administrative Citations provided for in this article.

5. Stop Work Order

a) The City may issue a Stop Work Order effectively stopping all work on a site where there is a clear violation, continued violation, or blatant disregard for:

(1) City Ordinances regulating the illicit discharge of pollutants or sediment

(2) Building or Construction Storm Water permit requirements

(3) Previously issued Field Compliance Orders, Notices of Violation, or Administrative Citation associated with the site of the illicit or sediment discharge.

b) This order requires that the violator must comply with the order and must take appropriate remedial or preventive action as may be needed to properly address a continuing or threatened violation; including halting all operations on the site except for authorized cleanup, terminating the discharge and installing appropriate control measures.

c) If not previously issued, all Stop Work Orders shall automatically include an Administrative Citation.

B. Suspension, Revocation or Modification of Permit

1. The City at its discretion may suspend, revoke or modify any and all City issued permits related to the property the violation is connected to and/or to any other property with permits issued by the City where work is being done by the party or parties responsible for the violation.

2. A suspended, revoked or modified permit may be reinstated after the applicant or other responsible person has taken the remedial measures set forth in the Written Notice (See Section II.A) or until determined by the City that acceptable progress in addressing the violation (s) has occurred.

C. Additional Measures

1. Legal Action

a) The Council may bring legal action to enjoin continuing violation. Pursuant to the City's Ordinance; the Council may, through the City Attorney, petition the appropriate court(s) for issuance of preliminary or permanent injunctions to restrain or compel activities by a violator.

2. Future Permits

a) The City may withhold permits from Contractors with outstanding Administrative Citations until all Administrative Citations have been paid.

b) Contractors that have had two or more Administrative Citations within the previous 12-calendar months shall be required to deposit a cash surety equal to double the surety amount normally required for each permit obtained.

c) Contractors that work without required permits or under permits obtained by others in an attempt to avoid the requirements of this section shall be subject to the provisions of this ERP including but not limited to Administrative Citations, Stop Work Orders, Suspension and/or Revocation of related permits, and Legal Action.

III. NPDES PERMIT REFERRALS

A. For a known project site involving a construction activity, an industrial storm water discharge, or an illicit discharge that should be covered by a state NPDES permit, and is known not to have a state NPDES permit, the City shall provide the following information to the MPCA:

1. Construction project or industrial facility location;

2. Name of owner or operator;

3. Estimated construction project size or type of industrial activity (including SIC code if known); and

4. Records of communication with the owner or operator regarding filing requirements.

B. Where the City has used progressive enforcement to achieve compliance with this ERP and in the judgment of the Council has not been successful, the City may refer the violation to the MPCA. For the purposes of this provision, "progressive enforcement" shall mean two (2) follow-up inspections and two (2) Written Notices. The following information shall be supplied to the MPCA:

1. Construction project or industrial facility location;

2. Name of owner or operator;

3. Estimated construction project size or type of industrial activity (including SIC code if known)

4. Records of communication with the owner or operator regarding the violation, including at least two follow-up inspections, two warning letters or notices of violation, and any response from the owner or operator.

IV. RECORDKEEPING & TRACKING

A. All non-compliance instances shall be tracked either electronically or using paper files. This tracking will include all records and documents related to storm water ordinance violations at the site and be stored in the enforcement case file.

B. The minimum required documentation must include the following items:

1. Name of owner/operator;

2. Location of construction project or industrial facility;

3. Description of violation;

4. Required schedule for returning to compliance;

5. Description of enforcement responses used, including escalated responses if repeat violations occur or violations are not resolved in a timely manner;

6. Accompanying documentation of enforcement response (e.g., notices of noncompliance, notices of violation, etc.);

7. Any referrals to different departments or agencies; and

8. Date violation was resolved.

C. The City shall use the non-compliance records and tracking to identify any chronic violators, and use this information to work toward reducing the rate of noncompliance relapse.

1. This will include tracking violations, applying incentives and/or disincentives, and increasing the inspection frequency of the consistently noncompliant operator's sites.

2. If the operator fails to take corrective actions, the City must pursue progressive enforcement and, if need be, perform the necessary work and assess against the owner the costs incurred for repairs.

D. The City shall keep enforcement files in compliance with the City's records retention policy but no less than a minimum of three (3) years after the file is closed consistent with the MS4 General Permit conditions. Files retention may be either paper or digital files.

V. APPEALS

A. To contest an Enforcement Action the property owner may file a written appeal with the City Clerk's Office.

B. This appeal must be submitted within ten (10) days of receipt of the notice of violation.

C. The appeal will be heard by the City Council at the next available regularly scheduled City Council Meeting.

VI. ENFORCEMENT ACTION MATRICES

A. Construction Site Storm Water Ordinance Violations

1. See Table 1 for the enforcement action matrix for noncompliance with construction requirements. In general, the severity of the enforcement measure increases moving down the matrix.

2. For parties who fail to obtain a required permit prior to begin of land disturbance work, the initial enforcement action may be more stringent than for a project that has an approved plan but has failed to comply with the approved plan.

   a) The City has the ability to stop project work for non-permittees. Stopping work generally includes **all** work on the site except for work to address the noncompliance that caused the order.

   b) Non-permittees may be required to perform corrective actions as advised by the City and to develop the required erosion control and/or storm water plan submittals to submit to the City for review and approval.

   c) Once the corrective actions have been successfully completed and the submitted storm water plan has been approved by the City, the City will issue the violator a written notice that the situation has been resolved.

   d) If the corrective actions or the submitted plan cannot be approved, the City will issue a written notice to the violator describing what was deficient and what step(s) are needed to resolve the situation.

Table 1. Enforcement Action Matrix for Noncompliance with Construction Requirements					
Type of Violation	**Failure to Obtain Permit Prior to Starting Work**	**Minor Violations (Failure to Install, Maintain or Upgrade Measures on Erosion and Sediment Control Plan)**	**Major Violation (Failure to Install, Maintain or Upgrade Measnres on Erosion and Sediment Control Plan that Resulted in a Sediment Release from the Project Site)**	**Repeat Violation by a Party (Same Site)**	**Repeat Violation by a Party (Different Site than initial Noncompliance Site)**

This plan is a guide; any of the enforcement responses may be used at the City's discretion and the City may choose to escalate an enforcement case by skipping intermediate steps. Penalties (Administrative Citations, Recovery of Damages and Costs, Etc.) may be assessed as described in the storm water ordinance and as allowed by law at the City's discretion.

B. Illicit Discharge Ordinance Violations

1. See Table 2 for the enforcement action matrix for failure to remove illicit discharges.
2. The action matrix was set up to provide varying suggested degrees of response to noncompliance documented by the City.

SEE LEGAL DESCRIPTION ATTACHED HERETO AS EXHIBIT A.

This Inspection and Maintenance Agreement ("Agreement") is made and entered into this ____ day of _____, of the year, 20__, by and between _____ (hereinafter called the "Owner", whether one or more) and The City of Isanti (hereinafter called "City").

WITNESSETH, that

WHEREAS, the City is required by federal and state surface water quality regulations and its National Pollutant Discharge Elimination System (NPDES) permit to prevent surface water quality degradation from development or redevelopment activities within its jurisdiction, and the City has adopted surface water quality regulations as required and such regulations are contained in the Storm Water Management chapter of the City Code; and

WHEREAS, the Owner of the Property identified above has or will construct certain storm water management facilities on the Property, and has developed a Storm Water Maintenance Plan (Plan), as may be amended from time to time for the maintenance of those facilities. The City has reviewed and approved the Plan, and retains a copy in its records. A drawing showing the general area of the facilities covered by the Plan is attached to this Agreement for ease of identification.

NOW, THEREFORE, in consideration of the benefits received by the Owner as a result of the approval by the City of the Plan, the Owner does hereby covenant and agree with the City as follows:

1. The Owner shall provide adequate long term maintenance and continuation of the storm water control measures described in the Plan, to ensure that all storm water facilities are and remain in proper working condition. The Owner shall perform inspection and preventive maintenance activities in accordance with the Plan.

2. The Owner shall maintain a copy of the Plan on site, together with a record of inspections and maintenance actions required by the Plan. The Owner shall document the times of inspections, remedial actions taken to repair, modify or reconstruct the system, the state of control measures and notification of any planned change in responsibility for the system. The City may require that the Owner's records be submitted to the City.

3. If it is later determined that the City's NPDES permit clearly directs Owners or the City to manage storm water treatment systems differently than specified in the Plan, the direction of the NPDES permit shall override the provisions of the Plan.

4. The Owner hereby grants permission to The City, its authorized agents, and employees the right of ingress, egress and access to enter the Property at reasonable times and in a reasonable manner for the purpose of inspecting, operating, installing, constructing, reconstructing, maintaining or repairing the facilities. The Owner hereby grants to the City the right to install and maintain equipment to monitor or test the performance of the storm water control system for quality and quantity upon reasonable notice to the Owner. Whenever possible, The City shall notify the Land Owner prior to entering the property and shall use its best efforts not to disturb the Land Owner's use and enjoyment of the Property while conducting said inspections.

5. In the event, the City determines that the storm water facilities are not being maintained in good working order and gives written notice to the Owner to repair, replace, reconstruct or maintain said facilities within a reasonable time (maximum time specified will be 30 days), and the Owner fails to comply with the City's notice within the time specified, Owner authorizes the City or its agents to enter upon the Property to repair, reconstruct, replace or perform maintenance on said facilities at the Owner's expense. It is expressly understood and agreed that the City is under no obligation to maintain or repair said facilities, and in no event shall this Agreement be construed to impose any such obligation on the City.

6. In the event, the City, pursuant to this Agreement, performs work of any nature, or expends any funds in the performance of said work for labor, use equipment, supplies, materials, and the like, the Owner shall reimburse the City upon demand, within forty-five (45) days of receipt of written request for reimbursement for all costs incurred by the City. If the City has not received said payment from the Owner by the end of said forty-five (45) day period,

the City may use any other remedies available by law to collect such balances plus reasonable expenses of collection, court costs, and attorney fees.

7. It is the intent of this Agreement to assure the City of proper maintenance of onsite storm water facilities by the Owner; provided, however, that this Agreement shall not be deemed to create or affect any additional liability of any party for damage alleged to result from or be caused by storm water management.

8. The Owner and the Owner's heirs, executors, administrators, assigns, and any other successors in interest, shall indemnify and hold the City and its agents and employees harmless for, and defend against at its own expense, any and all damages, accidents, casualties, occurrence, claims, or attorney's fees which might arise or be asserted, in whole or in part, against the City from the construction, presence, existence, or maintenance of the storm water control facilities subject to the Plan and this Agreement. In the event a claim is asserted against the City, its officers, agents or employees, the City shall notify the Owner, who shall defend at Owner's expense any suite or other claim. If any judgment or claims against the City shall be allowed, the Owner shall pay all costs and expenses in connection therewith. The City will not indemnify, defend or hold harmless in any fashion the Owner from any claims arising from any failure, regardless of any language in any attachment of other document that the Owner may provide.

9. No waiver of any provision of this Agreement shall affect the right of any party thereafter to enforce such provision or to exercise any right or remedy available to it in the event of any other default.

10. The Owner shall record this Agreement with the Register of Deeds of Isanti County, this Agreement shall constitute a covenant running with the land, and shall be binding upon the Owner and the Owner's heirs, administrators, executors, assigns, and any other successors in interest.

11. The Owner shall have the facilities inspected in accordance with City's storm water management ordinance and certify to the City that the constructed facilities conform and purport substantially to the approved Plan. If the constructed condition of the facility or its performance varies significantly from the approved Plan, appropriately revised calculations shall be provided to the City and the Plan shall be amended accordingly.

12. The Owner agrees that for any systems to be maintained by a property owner's association, deed restrictions and covenants for the subdivision or other development will include mandatory membership in the property owner's association responsible for providing maintenance of the system, will require the association to maintain the storm water system, will prohibit termination of this covenant by unilateral action of the association, and provide for

unpaid dues or assessments to constitute a lien upon the property of an owner upon recording a notice of non-payment.

13. This Agreement must be re-approved and re-executed by the City if all or a portion of the Property is subdivided or assembled with other property.

Spill and Discharge Procedures Checklist

Minn. Statute 115.061 DUTY TO NOTIFY AND AVOID WATER POLLUTION states:

"(a) Except as provided in paragraph (b), it is the duty of every person to notify the agency immediately of the discharge, accidental or otherwise, of any substance or material under its control which, if not recovered, may cause pollution of waters of the state, and the responsible person shall recover as rapidly and as thoroughly as possible such substance or material and take immediately such other action as may be reasonably possible to minimize or abate pollution of waters of the state caused thereby.

(b) Notification is not required under paragraph (a) for a discharge of five gallons or less of petroleum, as defined in section 115C.02, subdivision 10. This paragraph does not effect the other requirements of paragraph (a)."

Minn. Statute 103G.005 Subd. 17 defines "Waters of the state" as:

"surface or underground waters, except surface waters that are not confined but are spread and diffused over the land. Waters of the state includes boundary and inland waters."

All stormwater conveyance systems, including the Isanti municipal stormwater system, are confined and therefore are waters of the state.

A. Compliance Determination:

1. Are there areas on the site (including tanks, loading and unloading areas, concrete washout, etc.) which are contaminated by spills or leaks which have not been cleaned up? *(If "NO" further action is not required.)*	☐ YES ☐ NO
2. Has any material entered a water of the state? *(If "NO" skip to Line 3.)*	☐ YES ☐ NO
a. Has the State Duty Officer been notified? *(If "NO" contact the State Duty Officer at: 651.649.5451 or 800.422.0798)*	☐ YES ☐ NO
b. Has action been taken to contain and minimize? *(Emergency Response Team Supervisor Stephen Lee at 651.297.8610 can provide suggestions for possible containment and next steps.)*	☐ YES ☐ NO
c. Implement available containment measures necessary to minimize and mitigate further damage.	
d. Notify _____ (XXX-XXX-XXXX)	
e. Issue Notice of Violation in accordance with the City of Isanti Enforcement Response Procedures.	
3. Is material in danger of entering a water of the state? *(If "NO" skip to Line 4.)*	☐ YES ☐ NO
a. Direct responsible party to immediately implement containment measures to protect the waters of the state.	
b. Issue a Field Compliance Order in accordance with the City of Isanti Enforcement Response Procedures if the spill or leak is not cleaned-up within 24-hours.	
4. Direct the responsible party to clean-up the spill or leak and to take steps to protect against future spills and leaks. Issue a Field Compliance Order in accordance with the City of Isanti Enforcement Response Procedures if the spill or leak is not cleaned-up or is allowed to continue.

Exposed Stockpiles, Storage and Material Handling Checklist

This report documents the findings of exposed stockpiles, storage and material handling that was recently completed on your site by the Stormwater Utility. If your site was not in compliance with City and State Pollution Prevention/Good housekeeping requirements, this report will outline the corrective actions that need to be taken at your site. You are responsible to bring your site into compliance within the timeframes noted in this report. If the site is not brought into compliance within the specified time frame, a Stop Work Warning or Stop Work Order may result.

SWPPP Checklist

Construction Stormwater Permit Program

Doc Type: Stormwater Pollution Prevention Plan (SWPPP)

Background: This checklist is based on the checklist used by Minnesota Pollution Control Agency (MPCA) staff for Stormwater Pollution Prevention Plan (SWPPP) reviews.

Site Information

Applicant: _____ Project name: _____

Application date: _____ Reviewer name: _____

SWPPP Narrative

Yes	No	
☐	☐	Describe the nature of the construction activity?
☐	☐	Address the potential for a discharge of sediment and/or other potential pollutants from the site?
☐	☐	Propose erosion prevention and sediment control Best Management Practices (BMPs.
☐	☐	Identify the person knowledgeable and experienced who will oversee the implementation of the SWPPP.
☐	☐	Identify the entity (name or title) responsible for performing future Operations and Maintenance (O&M).
☐	☐	Identify the training requirements are satisfied.
☐	☐	Describe project phasing.
☐	☐	Describe final stabilization methods for all exposed areas? (may be in narrative or on plan sheets)
☐	☐	Identify stormwater management measures needed to mitigate impacts identified as a result of environmental, historical, archaeological, or rare species reviews conducted for the project?
☐	☐	Identify additional measures being taken to protect Drinking Water Supply Management Areas?
☐	☐	If site discharges to special water or impaired reach, identify any site areas discharging to the special or impaired reach?
☐	☐	Identify construction areas that are adjacent to and drain to Public Waters for which the Minnesota Department of Natural Resources (DNR) has promulgated "work in waters restrictions" during specified fish spawning time frames.
☐	☐	The SWPPP must account for expected amount, frequency, intensity, and duration of precipitation.
☐	☐	The SWPPP must account for nature of stormwater runoff and run-on at the site.
☐	☐	The SWPPP must account for the range of soil particle sizes expected to be present on the site.
☐	☐	For design requirements or SWPPP components where Permittee determines that compliance with the requirement is infeasible; the SWPPP must document that determination and the substitute BMPs.

SWPPP Plan Sheets

Yes	No	
☐	☐	Existing and final grades.
☐	☐	Locations and types of all temporary and permanent (including infiltration areas) ESC BMPs.
☐	☐	Stormwater flow directions and surface water divides for all pre- and post-construction drainage areas.
☐	☐	Impervious areas (Pre- and Post-Construction).
☐	☐	Soil types.
☐	☐	Locations of potential pollutant-generating activities.
☐	☐	Locations of areas not to be disturbed (buffer zones).
☐	☐	Tabulated quantities of all erosion prevention and sediment control BMPs.
☐	☐	Location of areas where construction will be phased to minimize duration of exposed soil areas.
☐	☐	Areas of steep (3:1 or greater slope).
☐	☐	Locations of all wetlands, surface waters, and storm ponds that will receive pre- or post-construction site runoff.

Stormwater Discharge Design

Yes	No	
☐	☐	For any stormwater flow that will be channelized at the site, the stormwater controls must be designed to control both peak flowrates and total stormwater volume to minimize erosion at outlets and to minimize downstream channel and streambank erosion.
☐	☐	Are Temporary Sediment Basins required on site?

Yes	No	
☐	☐	Adequately sized and appropriately located
☐	☐	Designed to prevent short circuiting?
☐	☐	Outlets designed to remove floating debris, withdraw from the surface, and allow complete drawdown?
☐	☐	Do outlets have energy dissipation?
☐	☐	Have a stabilized emergency spillway?

Which method of permanent stormwater treatment has been selected?

Yes	No	
☐	☐	Are calculations/computer model results included to demonstrate the design and adequacy?
☐	☐	Is adequate maintenance access provided?
☐	☐	Infiltration or filtration

Yes	No	
☐	☐	Is infiltration/filtration appropriate to the site and land uses?
☐	☐	Phasing to ensure excavation of infiltration system after drainage area stabilized?
☐	☐	Rigorous sediment and erosion controls to keep sediment and runoff away from the system?
☐	☐	Is a pretreatment device planned?

Yes	No	
☐	☐	Wet sedimentation basin:

Yes	No	
☐	☐	Configured so scour or resuspension is minimized and to prevent short circuiting.
☐	☐	Basin outlets designed to discharge at > 5.66 cubic feet per second (cfs) per acre of pond
☐	☐	Basin outlets designed to prevent discharge of floatables.
☐	☐	Stabilized emergency overflow.

Yes	No	
☐	☐	Regional ponds:

Yes	No	
☐	☐	Is written authorization from owner of regional pond included in SWPPP?
☐	☐	Does regional pond design conform to the permit requirements for wet sedimentation basin?

Other Requirements

Yes	No	
☐	☐	Plans show areas that are not to be disturbed or are areas where disturbance will be minimized.
☐	☐	Minimize disturbance or other techniques to minimize destabilization of steep slopes.
☐	☐	Has appropriate construction phasing been implemented?
☐	☐	Exposed soils have erosion protection/cover initiated immediately and finished within 14 days
☐	☐	Wetted perimeters of ditches stabilized within 200 feet of surface water within 24 hours.
☐	☐	Temporary or permanent ditches or swales that are being used as a sediment containment system during construction must be stabilized within 24 hours after no longer being used as a sediment containment system.
☐	☐	Pipe outlets have energy dissipation within 24 hours of connecting.
☐	☐	Discharges from stormwater controls are directed to vegetated areas of the site unless infeasible.
☐	☐	Are sediment control practices established on down gradient perimeters and upgradient of any buffer zones?
☐	☐	Are all inlets protected?
☐	☐	Stockpiles have sediment control.
☐	☐	Construction site entrances minimize street tracking.
☐	☐	Plans minimize soil compaction and preserve topsoil.
☐	☐	50 foot buffer or (if not feasible) redundant sediment control when adjacent and drains to a surface water.
☐	☐	Is a dewatering plan required?
☐	☐	Storage, handling, and disposal of construction products, materials, and wastes.
☐	☐	Fueling and maintenance of equipment or vehicles; spill prevention and response.
☐	☐	Vehicle and equipment washing.
☐	☐	No engine degreasing allowed on site.
☐	☐	Containment of Concrete and other washout waste.
☐	☐	Portable toilets are positioned so that they are secure.
☐	☐	Stabilization by uniform perennial vegetative cover (70% density of its expected final growth).

Requirements of Appendix A

Yes	No	
☐	☐	Does this site drain to a discharge point on the project that is within one mile of a Special or Impaired Water?

Yes	No	
☐	☐	Stabilization initiated immediately and all soils protected in 7 days
☐	☐	Provide temp basin for five acres draining to common location.
☐	☐	100-foot buffer
☐	☐	Other as appropriate

Wetland Impacts

Yes	No	
☐	☐	Does this site have a discharge with the potential for adverse impact to wetlands:

Yes	No	
☐	☐	Does the SWPPP comply with the conditions of an approved Wetland Impact Permit?

RESOLUTION 2019-XXX

A RESOLUTION APPROVING ENFORCEMENT RESPONSE PROCEDURES (ERP) FOR MS4 PERMIT VIOLATIONS

WHEREAS, the City of Isanti has developed a Stormwater Pollution Prevention and Spill Response Plan for compliance with both Municipal Separate Storm Sewer System (MS4) and Well Head Protection Plan (WHPP) requirements; and,

WHEREAS, Stormwater Management Ordinance No. 670 was adopted in 2017 and provides for stormwater management practices; and,

WHEREAS, Enforcement Response Procedures were to be adopted as part of Ordinance No. 670 for violation and enforcement; and

WHEREAS, the Enforcement Response Procedures Plan is in compliance with state guidelines;

NOW, THEREFORE, IT IS HEREBY RESOLVED by the City Council of the City of Isanti, Minnesota to adopt the policy that provides for the procedures and steps necessary for Enforcement Response Procedures for MS4 permit violations.

This Resolution is hereby approved by the Isanti City Council this 4th day of June, 2019.

ORDINANCE NO. ____

AN ORDINANCE AMENDING ORDINANCE NO. 670 STORMWATER MANAGEMENT ORDINANCE

THE CITY COUNCIL OF THE CITY OF ISANTI DOES ORDAIN:

Ordinance 670 is hereby amended to add the following text:

Section 6.0 Storm Water Management Plan Review Procedure.

6.4 Financial Securities. The applicant shall provide security for the performance of the work described and delineated on the approved grading plan involving the SWPPP and any storm water and pollution control plan related remedial work in an amount as identified in the current City of Isanti Fee Schedule.

The financial security shall be by cash deposit to the City, Letter of Credit ~~or~~ , bond or Escrow as identified as identified in the Developer's Agreement, City Fee Schedule, or the ERP. In the case of a discrepancy the Developer's Agreement shall take precedence over the City Fee Schedule which shall take precedence over the ERP.

6.5 Maintaining the Financial Security. As identified in the Developer's Agreement. In the case of an Escrow Account, the minimum amount of as designated in the City Fee Schedule, must be maintained in the Escrow Account.

6.6 Action Against the Financial Security. The City of Isanti may act against the financial security if any of the conditions listed below exist. The City shall use funds from this s security to finance remedial work undertaken by the City or a private contractor under contract to the City and to reimburse the City for all direct costs incurred in the process of remedial work including, but not limited to, staff time and consultant fees.

a) The developer ceases land disturbing activities and/or filling and abandons the work site prior to completion of the grading plan.

b) The developer fails to conform to the grading plan and/or the SWPPP as approved by the City.

c) The developer or contractor fails to install and/or maintain erosion control devices or erosion control measures that conform to the requirements of this ordinance or the SWPPP.

d) The techniques utilized under the Stormwater Management Plan fail within one year of installation.

e) The developer fails to reimburse the City for corrective action taken.

Section 10.0 Enforcement, Paragraph 10.1 Violations.

10.1 Violations.

a) It shall be unlawful for any person to violate any provision or fail to comply with any of the requirements of this Ordinance. Any person who has violated or continues to violate the provisions of this Ordinance, may be subject to the enforcement actions outlined in this section or may be restrained by injunction or otherwise abated in a manner provided by law.

b) In the event the violation constitutes an immediate danger to public health or public safety, the City is authorized to enter upon the subject private property, without giving prior notice, to take any and all measures necessary to abate the violation and/or restore the property. The City is authorized to seek costs of the abatement as outlined in this Ordinance.

c) The City may apply Administrative Penalties for violations of this Ordinance.

d) The City may use Escrow Funds to reimburse the costs of abatement and restoration of property.

EFFECTIVE DATE
This Ordinance takes effect upon its passage and publication in the official newspaper of the City of Isanti.

Adopted by the City Council this 4th day of June, 2019.

Request for City Council Action

To: **Mayor Johnson and Members City Council**
From: Sheila Sellman, Community Development Director
Date: June 4, 2019
Subject: RESOLUTION 2019-XXX – INTERIM USE PERMIT FOR TATTOO STUDIO AT 303 CREDIT UNION DRIVE

Request:

Stacy Upton is requesting an Interim Use Permit to operate a 1,250 square foot tattoo studio in an existing strip mall located at 303 Credit Union Drive.

Background:
The subject site is zoned B-2, general business. This district is designed and intended to promote the development of commercial uses which are predominately auto-oriented in nature. The district caters to highway-oriented businesses as well as to businesses that provide basic shopping and service needs to the community. The proposed location of the tattoo studio is within an existing strip mall that has vacant space available. The B-2 district requires an Interim Use Permit (IUP) for tattoo parlor.

Interim Use Permits
The purpose of an interim use permit is to allow a temporary use that is not designated as permitted or conditionally permitted but is acceptable for a limited period of time subject to conditions.

Section 21, Subd. 5 provides criteria for granting an interim use permit. Staff comments are *Italicized:*

A. The proposed use shall meet the applicable zoning regulations
The proposed use meets the applicable zoning regulations as tattoo studios are a permitted interim use in the B-2 Zoning District.

B. The proposed use will not adversely impact implementation of the Comprehensive Plan
The 2008 Comprehensive Plan identifies this parcel as general commercial. The purpose of this category is to identify portions of the city that contain or should be developed for general commercial use. Examples may include highway-oriented businesses such as fast food, gas stations, and other auto-oriented businesses. Limited office and service uses are appropriate in these areas.

C. The proposed use will terminate upon a date or event that can be identified with certainty
Interim Uses are short-term by nature. Staff suggests to allow this use for three years with possibility to renew. This will be included in the recommendation.

D. The proposed use will not impose additional costs on the public if it is necessary for the public to take the property in the future

The subject site is a multi-use retail center, this specific use will not impose additional costs if the public were to take the property in the future.

E. The applicant has signed a consent agreement agreeing that the applicant, owner, operator, tenant and/or user has no entitlement to future re-approval of the Interim Use Permit
The owner and applicant have signed the application.

F. The proposed use will be subjected to, by agreement with the property owner, any conditions that the City Council deems appropriate for permission of the proposed interim use, including a condition that the owner may be required to provide an appropriate surety to cover the cost of removing the interim use and any interim structures upon the expiration of the interim use.
The following conditions are suggested and listed in the resolution of approval:

1. *The Interim Use Permit is granted to Stacy Upton for the property located at 303 Credit Union Drive NE. The Interim Use Permit shall terminate upon the occurrence of any of the following events; whichever comes first: (1) the sale or lease of the property to another renter or owner; (2) the use has been discontinued for 30 consecutive days; (3) the City Council suspends or revokes the Interim Use Permit upon failure of the interim use to comply with the conditions of approval and/or the property or use is found to be in violation of other City ordinances; (4) the use is approved until June 30, 2022.*
2. *The Studio shall be limited to the location and 1,250 square feet area as indicated on the site plan.*
3. *The hours of operation shall be Sunday-Sunday 10am to 8pm*
4. *Compliance with all State of Minnesota requirement shall be met.*

Planning Commission Recommendation
A public hearing was held on May 21, 2019 no one from the public commented on this item. The Planning Commission recommends approval with the conditions listed in the staff report, which are reflected on the Resolution.

RE: MINOR SUBDIVISION PLAT – DOLLAR GENERAL

Request: A request from Overland Engineering, representing Dollar General, for a Minor Subdivision Plat approval.

Background: During the March 2019 Planning Commission meeting, the Commission considered the request from Dollar General to construct a store on PID 160290900. During the Site Plan approval process, the Commission decided not to exercise Section 11, Subd 10(B) of the Isanti Zoning Ordinance. The aforementioned Ordinance allows the Plan Commission and the City Council *Design Standard Flexibility*. Said flexibility was intended to allow an exemption from the minimum building size required. As a result, the Plan Commission held the public hearing on the Site Plan approval process and tabled the request until the applicant could resubmit a Site Plan that was completely consistent with the City's Zoning Ordinance. This Minor Subdivision Plat is the result of the table.

Minor Subdivision Plat: Because the subject parcel has never been previously platted, the City's Subdivision Ordinance, Chapter 18, Article 3, Subd 2 (A) and (B) allow the parcel to be divided through a Minor Subdivision Plat.

The requested plat subdivides the parcel into two separate parcels. *Parcel A* is the 1.38 acre parcel that the proposed Dollar General Store will be on. *Parcel B* is the remaining 3.06 acre parcel.

Both Parcels abut Palomino Road SE, with Parcel B having TH-65 Highway Frontage. Because of the proximity to TH-65, there's limited ability to access Parcel B. As such, a 36' wide access easement is being proposed through Parcel A to allow future vehicular traffic to access Parcel B when it becomes developed.

Other Considerations: The plat will need to include a stormwater easement over the proposed stormwater detention pond east of the easternly lot line. This should be considered as part of the approval process. Additionally, a stormwater easement needs to be granted to the City for the existing stormwater detention facility along the east property line.

Planning Commission Recommendation: On May 21, 2019, the City Planning Commission considered this request and have recommended approval with the conditions staff has recommended.

Staff Recommendation: I would recommend **APPROVAL** with the following conditions:

1) A stormwater access and maintenance easement is dedicated to Parcel A from Parcel B to allow for Parcel A's stormwater.
2) A stormwater access and maintenance easement is dedicated to the City for the existing stormwater detention facility along the east side of the parcel, as described and approved by the City Engineer and Community Development Director.
3) Final review and approval by MN-DOT.
4) That the applicant shall furnish the City with three full size mylar transparencies of the plat, and one 11" x 17" mylar transparency upon successful approval of the plat.
5) The applicant shall, upon final signatures by all authorities, record the plat within 90 days and return one of the mylars back to the City for record keeping purposes.

RESOLUTION NO. 2019-XXX

A RESOLUTION APPROVING THE FINAL PLAT OF "RSBR PALOMINO ROAD ADDITION PLAT"

WHEREAS, Dollar General has made application for a Final Plat Approval for "RSBR Palomino Road Addition Plat" which is legally described as Lot 1, Block 1, RSBR Palomino Road Addition Plat, Isanti County, Minnesota; and,

WHEREAS, the subject parcel has not been previously platted or subdivided; and,

WHEREAS, the aforementioned Final Plat can be approved through the Minor Subdivision Plat approval process as outlined by §536, Article 1 of the Isanti Subdivision Ordinance; and,

WHEREAS, the City of Isanti Planning Commission conducted a public hearing on the Final Plat on May 21, 2019; and,

WHEREAS, all required public notices regarding the public hearing were posted and sent to property owners within 350' of the subject property; and,

WHEREAS, the City of Isanti Planning Commission has recommended approval of the Final Plat "RSBR Palomino Road Addition Plat"; and,

WHEREAS, the City of Isanti City Council reviewed the Final Plat request at the regularly scheduled meeting on June 4, 2019.

BE IT FURTHER RESOLVED that the requested Final Plat Approval for "RSBR Palomino Road Addition Plat" be hereby approved with the following conditions:

1) A stormwater access and maintenance easement is dedicated to Parcel A from Parcel B to allow for Parcel A's stormwater.
2) A stormwater access and maintenance easement is dedicated to the City for the existing stormwater detention facility along the east side of the parcel, as described and approved by the City Engineer and Community Development Director.
3) Final review and approval by MN-DOT.
4) That the applicant shall furnish the City with three full size mylar transparencies of the plat, and one 11" x 17" mylar transparency upon successful approval of the plat.
5) The applicant shall, upon final signatures by all authorities, record the plat within 90 days and return one of the mylars back to the City for record keeping purposes.

This Resolution is hereby approved by the Isanti City Council on this 4th day of June, 2019.

RE: SITE PLAN REVIEW – DOLLAR GENERAL

Request: Request from Overland Engineering, LLC for a Site Plan Review for a proposed Dollar General on PID 160290900 (corner of TH-65 and Palomino Rd SE).

Background: City Staff has been working with Overland Engineering (applicant) for several months as they have prepared to submit a plan set for a proposed Dollar General at the above address. The subject property is zoned B-2 "General Business District" with the TH-65 Overlay Zoning District. Per Isanti Zoning Ordinance Section 11, Article 5, Subdivision 3(L) *General Retail Establishments* is a permitted use in the TH-65 Overlay Zoning District.

As you most likely recall, the Planning Commission considered this request during the March Planning Commission meeting. At that time, the Commission decided not to exercise the *Design Standard Flexibility* afforded to them in through the Zoning Code. This flexibility was intended to allow them to build a smaller building on a larger lot.

Site Review:

Lot Requirements and Setbacks: Section 11, Subdivision 8 identifies requirements of lot size, building size, setbacks, height restrictions, and impervious surface coverage. Those reviews are provided below:

Minimum Lot Size: The minimum lot size of the TH-65 overlay zoning district is 1 acre, the proposed lot is 1.38 acres in size.

Minimum Building Size: The minimum building size for developments in the TH-65 overlay zoning district is 15 percent of the lot size:

1 acre = 43,560 sf
43,560 sf x 1.38 acres = 60,113 sf
15% of 60,113 sf = 9,017 sf building

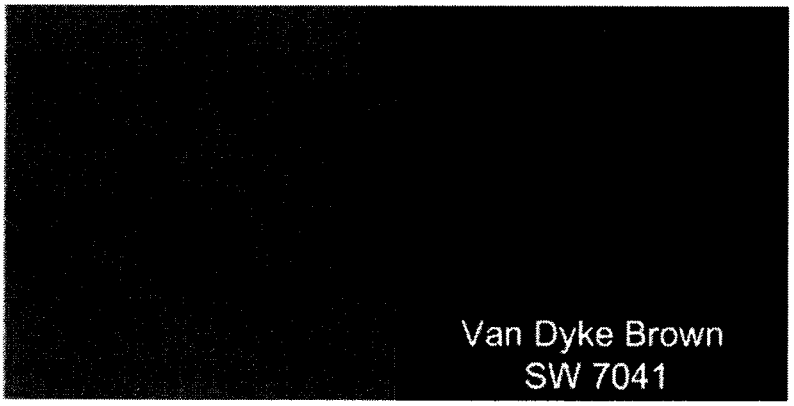
The proposed building size is ~9,100 sf, and as such meets the minimum building size identified within the zoning code.

Setbacks and Height Restrictions: The following are the minimum setbacks for the TH-65 zoning overlay district, the proposed setbacks for this development are *italicized*:

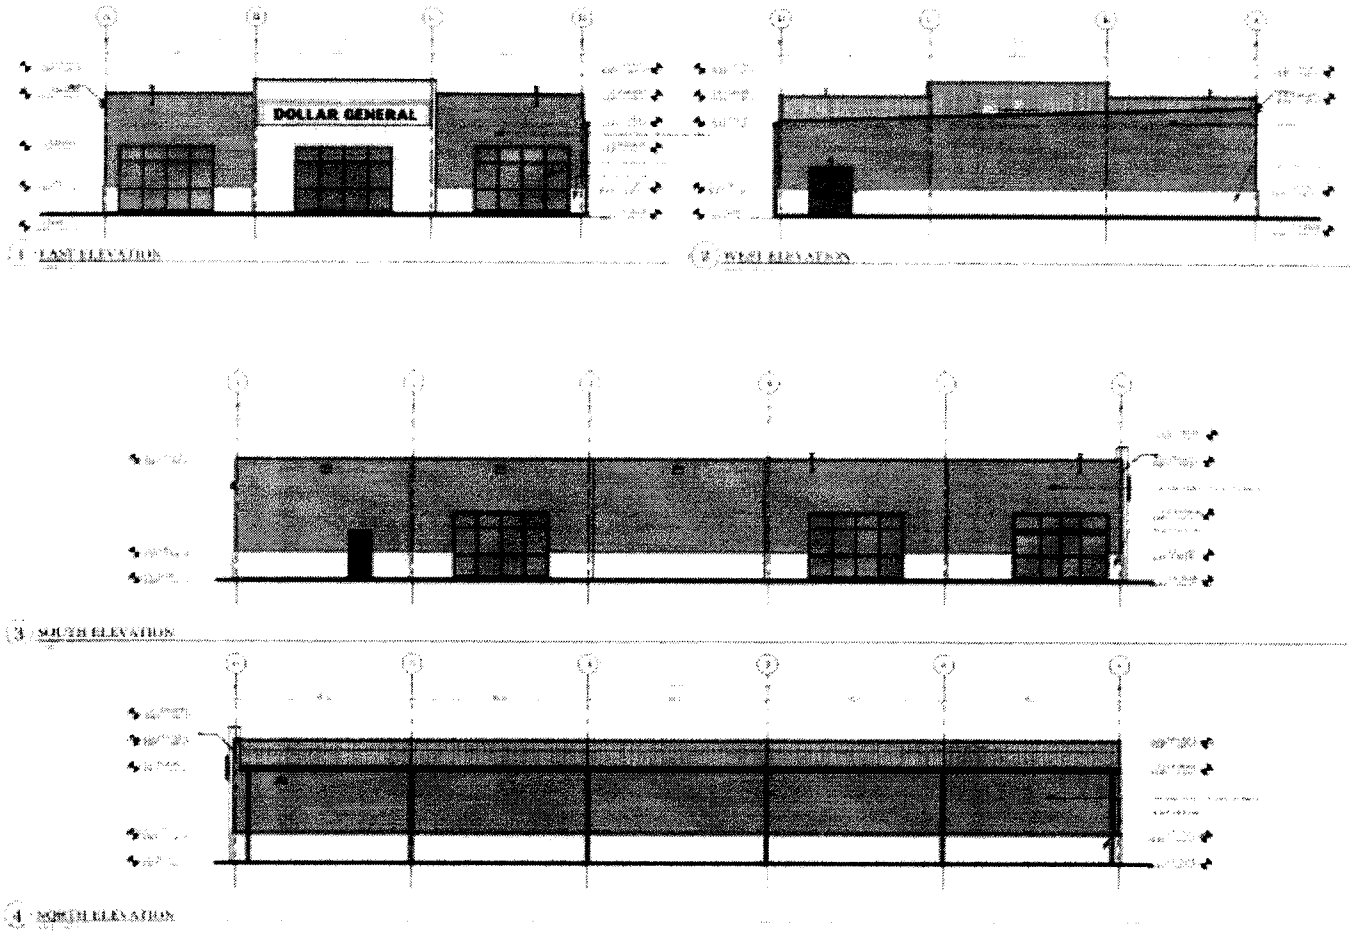
Minimum Front Yard Setback	30 ft	*128 ft*
Minimum Side Yard Setback	15 ft	*95/41 ft*
Minimum Rear Yard Setback	15 ft	*30 ft*
Maximum Building Height	3 stories/45 ft	*~26 ft*

The above setback and height restrictions are met.

Building & Sign Aesthetics: Section 11, Article 5, Subdivision 11 regulates exterior building materials permitted in the TH-65 overlay district. The proposed development is all face brick, which is permitted under Subd. 11(A)(1). The main brick is a proposed "Warm Stone" with accents of "Van Dyke Brown," color examples are below:

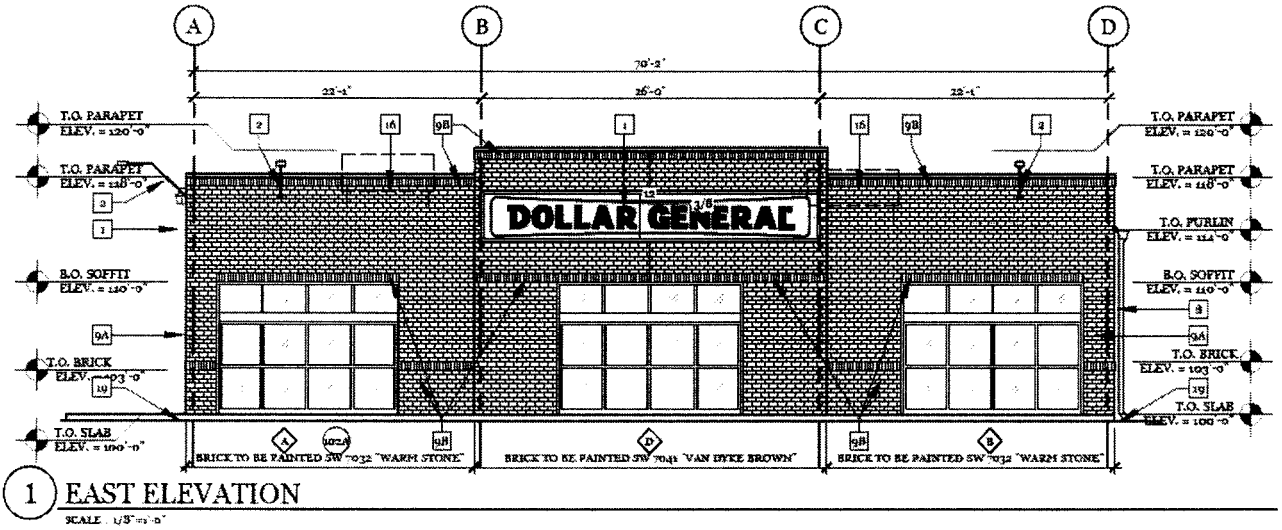


Building Orientation: Article 5, Subdivision 12 regulates the building orientation of new development within the TH-65 overlay district. Said regulation states: *"Building shall be oriented towards Highway 65 or, at a minimum, give the appearance of having a front facing Highway 65 (second front)."* The proposed development provides the appearance of having a front facing east elevation as provided below:



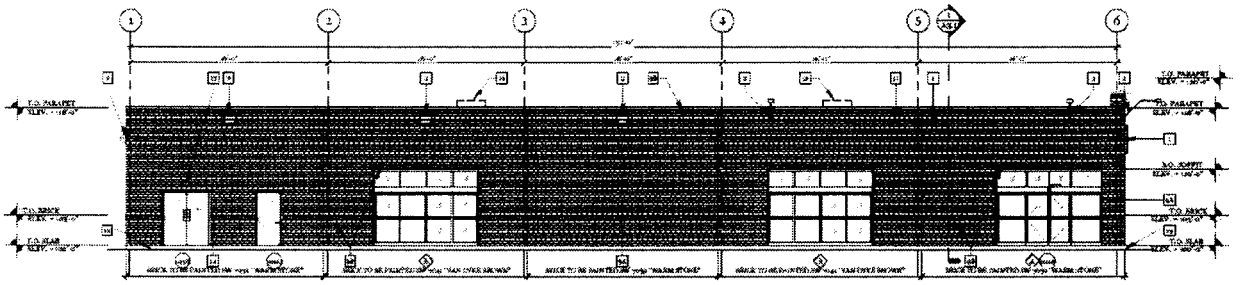
DOLLAR GENERAL®

Proposed Store #20528
Northwest Corner of State Highway 65 & Palomino Road SE
Isanti, Minnesota 55040



1 EAST ELEVATION

The east elevation provides a real south and center window and a faux window on the northern side of the east elevation.



3 SOUTH ELEVATION

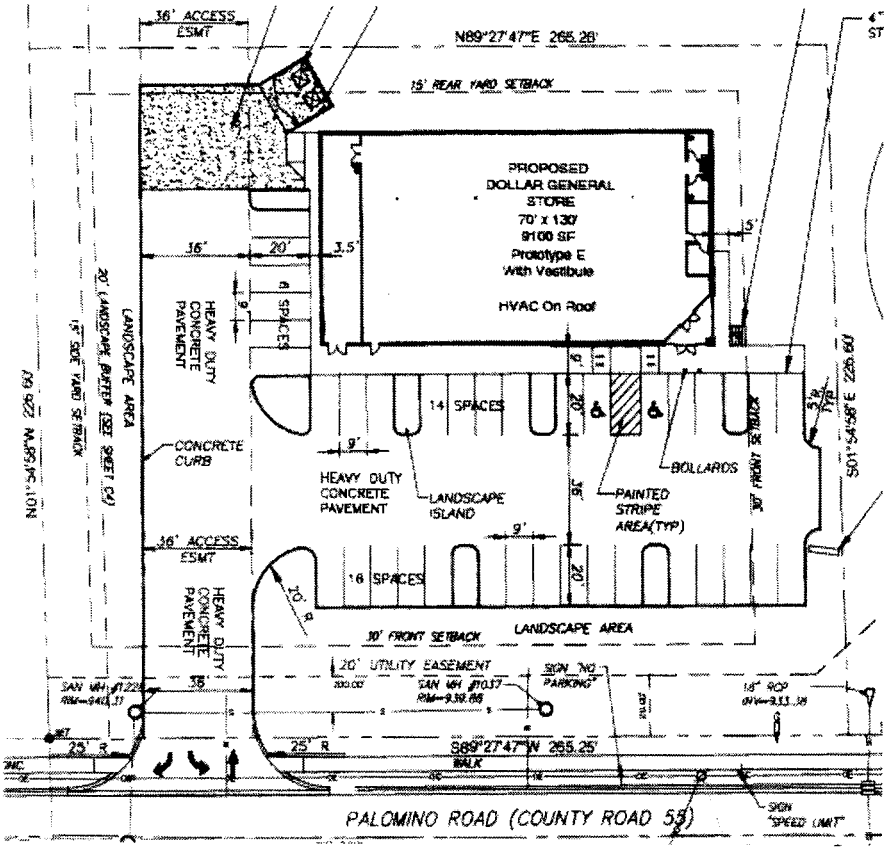
Parking and Driveways: Subdivision 13 of the TH-65 overlay zoning district regulate the parking, driveway, and driving areas of developments within this zoning district with some additional setbacks from right of way and residentially zoned districts.

Section 17 of the City Zoning Ordinance requires one stall per 250 sf of store space. This would require a minimum of 36 parking stalls with 2 handicapped parking stalls required. The proposed development has 36 parking stalls with 2 handicapped parking stalls, the vehicular parking minimum is met.

Additionally, Section 17 requires bicycle parking for all new development. Development that have between 21 and 40 total parking stalls require 2 bicycle parking spaces. The proposed development provides 2 bicycle parking spaces near the southeast entrance to the building.

The proposed parking and drive aisle areas of this development is 21,785 sf, which requires a minimum of 1,089 sf (or 5 percent) of interior parking landscaping. The proposed site has 1,600 sf of interior parking landscaping, exceeding the minimum requirements of the zoning code.

The TH-65 overlay zoning district requires a minimum 10 ft setback for parking lots from all lot lines and right of ways. The proposed parking lots are 43 ft from the Palomino Rd right of way and 40 ft from the westerly property line, exceeding the requirements of the zoning code. Additionally, the parking spaces are required to be a minimum of 20 ft from any residential zoning district – the proposed parking is 40 ft from the nearest residentially zoned parcel.

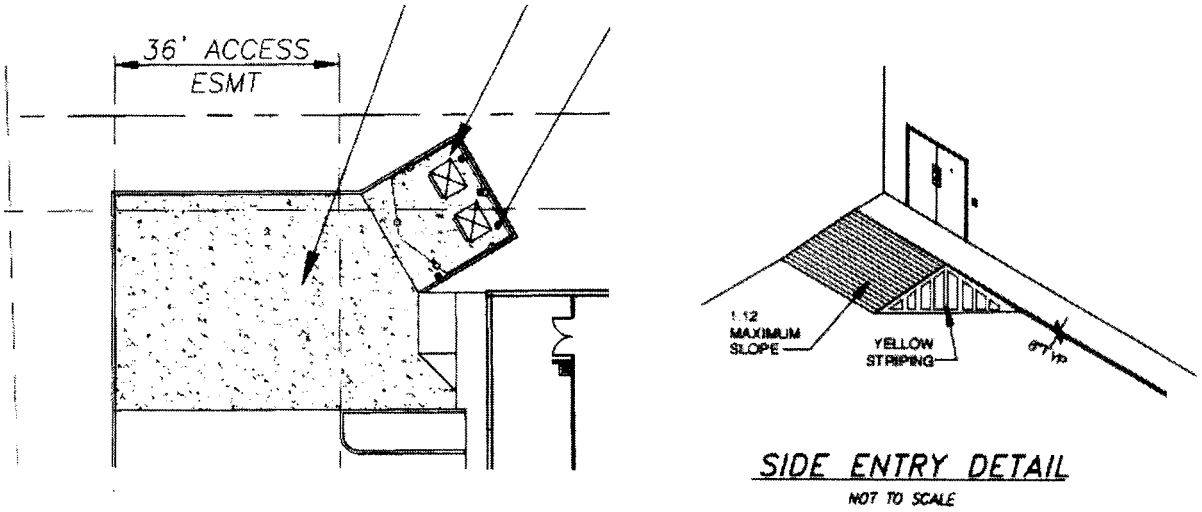


Loading spaces are regulated under Subdivision 13(C) of the TH-65 overlay zoning district. This section has three specific requirements (staff comments are *italicized*):

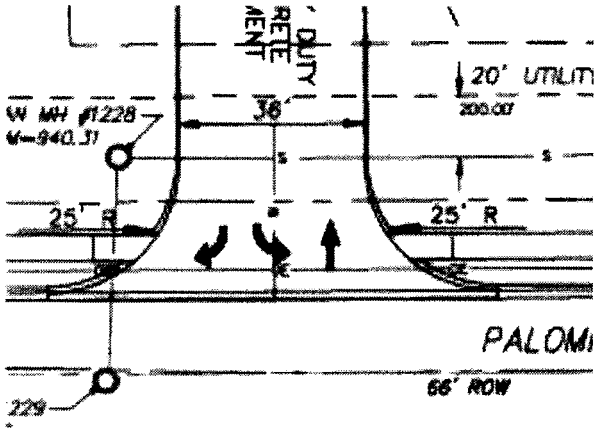
1) Loading spaces cannot face Highway 65 and must be located in designated rear yards. *The proposed loading space is along the west building elevation, not facing Highway 65. The issue, however, is the proposed loading dock is on the west building elevation, but the entry door to the back-storage room is on the south building elevation. A condition should be included to require the outdoor access door to be on the west building elevation.*

2) Loading and service areas must be separated from visitor and employee parking areas and general traffic circulation. *As described in the section above, the area identified as the 'concrete unloading pad' is on the northside of the parking area. Again, the access door for this unloading pad is far from the unloading area and should be addressed in the conditions.*

3) Loading spaces, overhead doors and service areas must be designed to be compatible with the principal building. Architectural techniques, color and landscaping must be employed to eliminate visual impacts from adjacent properties and roadways. *The proposed loading doorway will match the exterior accent building colors.*

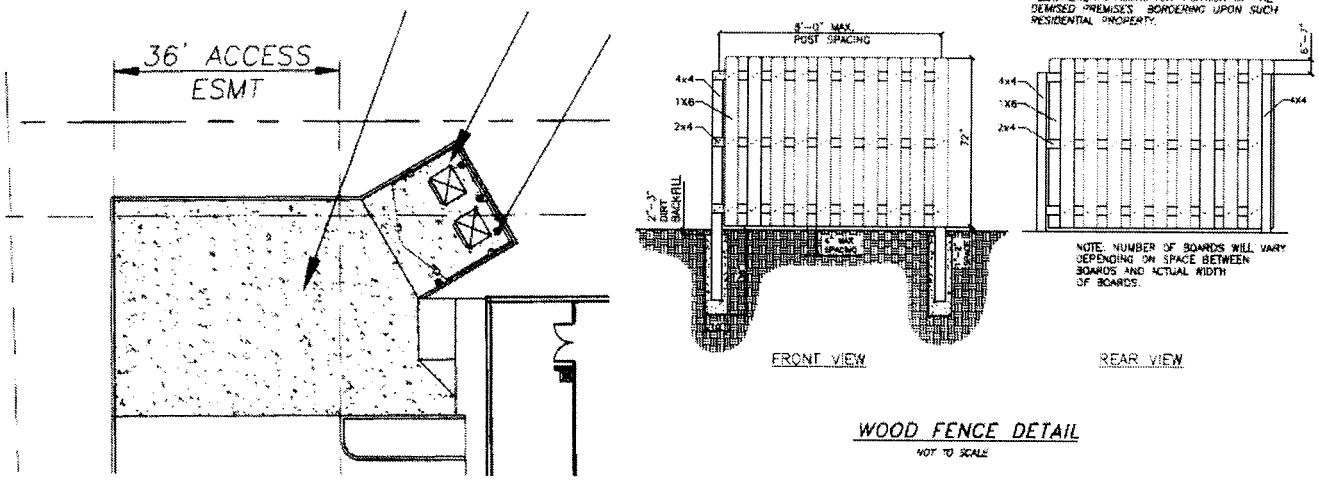


Parking Lot Entry: The proposed development will have a single-access point off of Palomino Rd. Said access is 36' in width.



Trash Enclosures: Section 14, Subd. 3 identifies regulations for Refuse and Trash Receptacle Enclosures. This section requires that the trash enclosures are screened from all lot lines and that the screening is "architecturally

harmonious with the principal structure." The proposed trash enclosure is in the northwest corner of the subject area and is screened with a treated pine privacy fence. This regulation is met.



Outdoor Lighting: Section 11, Subd. 14 regulates lighting used to illuminate off-street parking areas, signage, and buildings of developments within the TH-65 overlay zoning district. The above regulation requires that lighting shall be directed away from residential properties and meet the additional requirements of Section 14, Subd. 5 of the Zoning Ordinance. The proposed lighting plan includes six pole mounted light poles in the parking lot, with four wall mounted lights on the east and west building elevations. Per the lighting plan, no lighting will spill onto the adjacent residential properties.

Landscaping: Landscaping for this parcel is regulated within Sections 14 and 15 of the zoning code. The submitted site plan does not identify specific landscaping trees. As such, a condition of a landscaping plan to be submitted that is in compliance with the City's requirements must be provided for staff review and approval prior to issuance of building permits. Additionally, given the proximity to the residential property to the west, additional landscaping screen should be required to minimize the impacts on the adjacent property. Finally, all areas disturbed by the construction of the development must be sodded prior to issuance of a building permit.

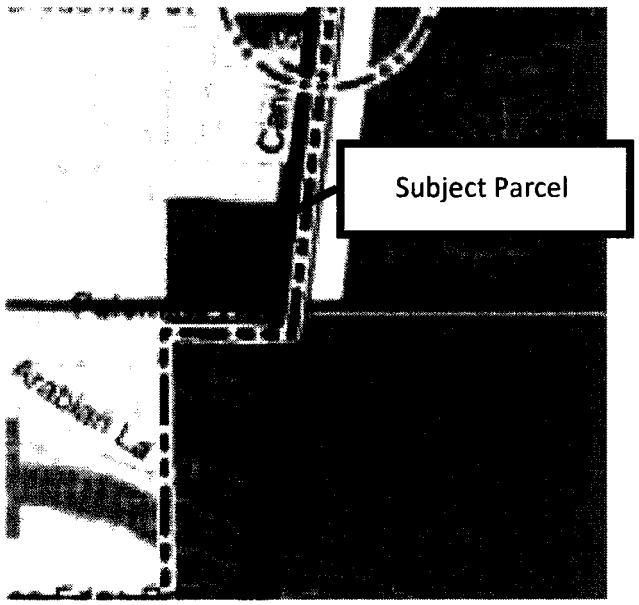
Stormwater Management: The City Engineer has reviewd the proposed plan and has recommended approval with several conditions outlined in his review, identified under "Exhibit A" of the attached sheet.

Section 18: Site Plan Review Standards

Section 18, Subd. 7 of the Zoning Ordinance specifically regulates Site Plan Review Standards. Those standards are discussed below with staff comments to each section *italicized*:

A. Consistency with the elements and objectives of the City's development guides, including the comprehensive plan.

The proposed development meets or exceeds the development guides of the TH-65 overlay district and the B-2 "General Commercial" Zoning District. The City's 2008 Comprehensive Plan update identifies this parcel for "General Commercial" development as identified below:



The standards of this subsection are met.

B. Consistency with City Codes.

As identified throughout this staff report, the proposed development meets or exceeds City Codes and Ordinances. Areas that may not meet City Codes and Ordinances are addressed under conditions of approval. The standards of this condition are met.

C. Preservation of the site in its natural state to the extent practicable by minimizing tree and soil removal and designing grade changes to be in keeping with the general appearance of neighboring developed or developing areas.

The majority of development will occur in the southern half of the subject parcel. A small stand of trees is along the western lot line of the parcel and are retained through the development. This standard is met.

D. The amount and location of open space and landscaping.

Plenty of open space is retained on the north half of the parcel. A landscaping plan has been submitted but is not considered complete given the lack of identified species of plants and trees. Additionally, the interior parking lot landscaping is exceeding the five percent minimum required. Given a complete landscaping plan is submitted to the City as conditioned in the approval, this standard is met.

E. Vehicular and pedestrian circulation, including walkways, interior drives, and parking in terms of location and number of access points to the public streets, width of interior drives and access points, general interior circulation, separation of pedestrian and vehicular traffic and arrangement and amount of parking.

Vehicular and bicycle parking minimums are met per zoning ordinance. Existing pedestrian facilities are along the north side of Palomino Road and are proposed to be installed near the proposed building. This standard is met.

F. Protection of adjacent and neighboring properties through reasonable provision for surface water drainage, sound and sight buffers, preservation of views, light, and air and those aspects of design not adequately covered by other regulations which may have substantial effects on neighboring land uses.

Lighting will not spill onto adjacent properties; a condition of approval will be to install landscaping along the west property line to provide a buffer to the closest neighbors. The City Engineer has reviewed the proposed stormwater plan and has recommended approval with conditions stipulated in Exhibit A. Given the conditions imposed are provided, this standard is met.

G. Consistency with the City's Engineering Design standards as adopted by Resolution of the City Council.

The City Engineer has reviewed the proposed stormwater plan and has recommended approval with conditions stipulated in Exhibit A. Given the conditions imposed are provided, this standard is met.

Other Considerations: *General Retail* is a permitted use in this zoning district. It's important that the Plan Commission and City Council only consider the site plan, and not the use.

Notice of Public Hearing: Property owners within 350' of the subject parcel were notified of the public hearing via USPS. Additionally, notice was published in the *Isanti County News* and posted at City Hall and the Post Office.

Decision Timeline: Per MN State Statutes, the City Council must act upon this request within 60 days of receipt. The City received a complete application on February 6, 2019, the City Council must act upon this request by April 7, 2019.

City Staff Recommendation: I recommend **APPROVAL** with the following conditions:

1) Address all conditions of the City Engineers review dated March 8, 2019
2) Submit a formal landscaping plan that identifies specific species permitted by Isanti Zoning Code
    a. Provide a 2' berm along the west property line that includes a 6' privacy fence to be properly maintained
    b. Provide additional landscaping along the north-side of the building to "break-up" the exterior wall.

3) Move loading dock entry from the south building elevation to the west building elevation
4) Sign permits are applied for and granted consistent with the City's Sign Code

A RESOLUTION APPROVING THE SITE PLAN/BUILDING APPEARANCE FOR A DOLLAR GENERAL ON PID 16.029.0900

WHEREAS, Overland Engineering, LLC, on behalf of Dollar General (applicant) is requesting a Site Plan/Building Appearance approval for the construction of a Dollar General; and,

WHEREAS, such request is located on the parcel legally described in "Exhibit 1" attached hereto (subject parcel); and,

WHEREAS, the subject parcel is located in the "B-2" General Business District and is subject to the additional requirements of the "TH-65" Trunk Highway 65 Overlay Zoning District, in both of the Zoning Districts *General Retail Establishments* are a permitted use; and,

WHEREAS, under Isanti Zoning Code Section 18, Subd. 2(A) the construction of a new building is required to obtain approval of the Site Plan/Building Appearance; and,

WHEREAS, the City of Isanti Planning Commission conducted a public hearing on the proposed Site Plan/Building Appearance on March 19, 2019; and,

WHEREAS, property owners within 350' of the subject parcel were notified of said public hearing as required by Isanti Zoning Code. Additionally, proper notification of said public hearing was published in the *Isanti County News* and posted at City Hall and the Isanti Post Office; and,

WHEREAS, the City of Isanti Planning Commission recommended approval of the Site Plan/Building Appearance on May 21, 2019; and,

WHEREAS, the City of Isanti City Council reviewed the requested Site Plan/Building Appearance at its regularly scheduled meeting on June 4, 2019.

NOW, THEREFORE, BE IT RESOLVED BY THE CITY COUNCIL OF THE CITY OF ISANTI, MINNESOTA, that it adopts the Findings of Fact and Conclusion related to the requested Site Plan/Building Appearance, attached as "Exhibit 2" hereto.

BE IT FURTHER RESOLVED that the requested Site Plan/Building Appearance be hereby **APPROVED** subject to the following conditions:

1) Address all conditions of the City Engineers review dated March 8, 2019
2) Submit a formal landscaping plan that identifies specific species permitted by Isanti Zoning Code
    a. Provide a 2' berm along the west property line that includes a 6' privacy fence to be properly maintained
    b. Provide additional landscaping along the north-side of the building to "break-up" the exterior wall.
3) Move loading dock entry from the south building elevation to the west building elevation

4) Sign permits are applied for and granted consistent with the City's Sign Code

FINDINGS OF FACT AND CONCLUSION

FINDINGS OF FACT AND CONCLUSION

Site Plan/Building Appearance – Dollar General

March 19, 2019
Prepared by Contract City Planner Ryan Kernosky

Request

Overland Engineering, LLC on behalf of Dollar General has submitted a complete request and has paid all applicable fees for a Site Plan/Building Appearance to construct a Dollar General on the parcel legally described in Exhibit 1.

Findings of Fact

1. The applicant has made application and paid all applicable fees for Site Plan/Building Appearance for a proposed Dollar General.

2. The property is legally described in Exhibit 1, attached hereto, but it more commonly referred to as PID 16.029.0900.

3. The property is zoned "B-2" General Business District and is subject to additional restrictions of the "TH-65" Trunk Highway 65 Overlay Zoning District.

4. Said development is considered a *General Retail Establishment* of which is a permitted use in both the "B-2" and "TH-65" Zoning Districts.

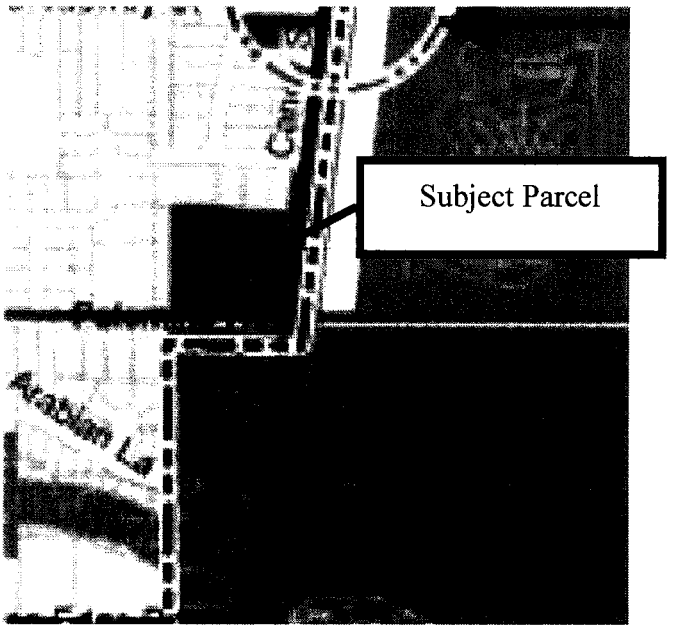
5. Consistent with Section 18, Subd. 6(C) of the Isanti Zoning Ordinance, a public hearing was held on March 19, 2019 before the Isanti Planning Commission. All property owners within 350' of the subject parcel were notified of said public hearing, and proper postings in the *Isanti County News*, City Hall, and Isanti Post Office occurred.

6. The applicant submitted the application for Site Plan/Building Appearance on February 6, 2019.

7. Section 18, Subd. 7 of the Zoning Ordinance specifically regulates Site Plan Review Standards. Those standards are discussed below with staff comments to each section *italicized*:

   A. Consistency with the elements and objectives of the City's development guides, including the comprehensive plan.
   The proposed development meets or exceeds the development guides of the TH-65 overlay district and the B-2 "General Commercial" Zoning District. The City's 2008 Comprehensive Plan update identifies this parcel for "General Commercial" development as identified below:

EXHIBIT 2
FINDINGS OF FACT AND CONCLUSION



The standards of this subsection are met.

B. Consistency with City Codes.

As identified throughout this staff report, the proposed development meets or exceeds City Codes and Ordinances. Areas that may not meet City Codes and Ordinances are addressed under conditions of approval. The standards of this condition are met.

C. Preservation of the site in its natural state to the extent practicable by minimizing tree and soil removal and designing grade changes to be in keeping with the general appearance of neighboring developed or developing areas.

The majority of development will occur in the southern half of the subject parcel. A small stand of trees is along the western lot line of the parcel and are retained through the development. This standard is met.

D. The amount and location of open space and landscaping.

Plenty of open space is retained on the north half of the parcel. A landscaping plan has been submitted but is not considered complete given the lack of identified species of plants and trees. Additionally, the interior parking lot landscaping is exceeding the five percent minimum required. Given a complete landscaping plan is submitted to the City as conditioned in the approval, this standard is met.

E. Vehicular and pedestrian circulation, including walkways, interior drives, and parking in terms of location and number of access points to the public streets, width of interior drives and access points, general interior circulation, separation of pedestrian and vehicular traffic and arrangement and amount of parking.

Vehicular and bicycle parking minimums are met per zoning ordinance. Existing pedestrian facilities are along the north side of Palomino Road and are proposed to be installed near the proposed building. This standard is met.

F. Protection of adjacent and neighboring properties through reasonable provision for surface water drainage, sound and sight buffers, preservation of views, light, and air and those aspects of design not adequately covered by other regulations which may have substantial effects on neighboring land uses.

Lighting will not spill onto adjacent properties; a condition of approval will be to install landscaping along the west property line to provide a buffer to the closest neighbors. The City Engineer has reviewed the proposed stormwater plan and has recommended approval with conditions stipulated in Exhibit A. Given the conditions imposed are provided, this standard is met.

G. Consistency with the City's Engineering Design standards as adopted by Resolution of the City Council.

The City Engineer has reviewed the proposed stormwater plan and has recommended approval with conditions stipulated in Exhibit A. Given the conditions imposed are provided, this standard is met.

Conclusions

1. The development of the property would appear to meet the lot requirements and setback requirements as provided within the zoning ordinance for properties located within the "B-2" General Business District and "TH-65" Trunk Highway Overlay Zoning District.
2. The development of the property would appear to meet the building design and aesthetic standards outlined in the "B-2" General Business District and "TH-65" Trunk Highway Overlay Zoning District.

Decision

The Planning Commission held a public hearing on the item at the May 21, 2019 regularly scheduled meeting. It was the recommendation of the City of Isanti Planning Commission to approve the Site Plan/Building Appearance with the conditions enclosed within the Resolution. The meeting minutes, staff memo and exhibits will be made part of the Findings of Facts and Conclusions.

MEMORANDUM

Date: May 30, 2019

To: Josi Wood, City Administrator

From: Jason W Cook, P.E.
Assistant City Engineer

Subject: Annexed Parcel Service Extensions - Engineering Services
City of Isanti, MN
Project No.: R13.118565

Pursuant to your authorization, we have prepared a utility access study for those parcels annexed into the City with sewer and watermain adjacent to their property. Included in this report are exhibits depicting the proposed improvements, estimated costs and discussions regarding funding.

The Committee of a Whole has reviewed this report and recommends Council approval.

Should the Mayor and City Council elect to move forward with the improvements recommended in the Study, Bolton & Menk, Inc proposes to complete the following scope of services to enable the project to be completed:

- Prepare Plans and Specifications
- Advertise for bids
- Obtain required permits
- Prepare the recommendation to Council to award the bid
- Hold a preconstruction meeting
- Perform construction observation and surveying during the project
- Perform construction administration during the project
- Prepare the final close out documents
- Create as-built drawings of the improvements.

We recommend the following schedule to keep the project on schedule to be constructed this summer:

1) June 18, 2019 — City Council approves plans and orders advertisement of bids
2) July 10, 2019 — Open Bids
3) July 16, 2019 — City Council awards bid
4) August – November, 2018 — Project construction

We propose to assist the City in completing the project in accordance with the scope of services, for an hourly, not-to-exceed fee of $27,716.00. These fees were included in the estimated project costs in the Study.

I will be at the June 4, 2019 City Council meeting to discuss this report and respond to any questions you have concerning this project. Feel free to contact me with any questions prior to the meeting.

Bolton & Menk is an equal opportunity employer

RESOLUTION NO. 2019-_____

RESOLUTION AUTHORIZING PREPARATION OF PLANS ON THE ANNEXED PARCEL SERVICE ACCESS IMPROVEMENT PROJECT

WHEREAS, the City Council ordered the development of a study to evaluate the cost to extend sanitary sewer or water service to parcels that were recently annexed into the City and were described as having immediate access to either sewer or water service, and,

WHEREAS, the City Council defined immediate access as having a service stub extended to the property line of the parcel in question, and,

WHEREAS, Bolton & Menk, have completed this study and presented it to the Committee of a Whole, and,

WHEREAS, the Committee of a Whole recommends approving the study and authorizing the development of plans and specification as recommended in the study at the engineering fees listed in the study.

NOW, THEREFORE, IT IS HEREBY RESOLVED by the City Council of the City Of Isanti, Minnesota as follows:

1. Bolton & Menk, Inc., as the City Engineer, is hereby designated as the engineer for this improvement and shall prepare plans and specifications for the making of such improvement at the fees listed in the report and the supporting memo.

This resolution was duly adopted by the Isanti City Council this 4th day of June 2019.

To: **Mayor Johnson and Members City Council**
From: Sheila Sellman, Community Development Director
Date: **June 4, 2019**
Subject: **RESOLUTION 2019-XXX CONSIDERATION OF SAC AND WAC FEES FOR VILLAGES ON THE RUM**

Background:
Villages on the Rum was platted in 2002 with 261 lots with a mix of housing styles from Single family detached, townhomes and bayhomes. Thirty-two lots are left undeveloped, these lots were platted for townhomes. The streets are private and have been installed, utilities are installed and two hook ups are stubbed at each lot.

Request:
Jason Semler of Semler Construction has been in discussions with City Staff to replat the remaining lots into single family lots reducing the lots from 32 to 16. SAC and WAC charges have been part of the discussions. Per past direction it is staff's understanding that 2 connection charges apply to each lot since they were platted and prepped for two connections. Semler is requesting to only pay one connection charge per lot since they are only going to use one of the connections. The SAC charge is $3,281 and the WAC charge is $2,613. If they were charged for 2 connections the total cost would be $188,608.00 If charged with one connection the total would be $94,304.00.

The Committee of the Whole discussed this item and talked about this at the last meeting and staff is now requesting a formal decision.

RESOLUTION 2019-XXX

A RESOLUTION DETERMINING SAC AND WAC FEES FOR VILLAGES ON THE RUM ADDITION

WHEREAS, Villages on the Rum was platted in 2002 with 261 lots with a mix of housing types; and,

WHEREAS, thirty-two townhome lots are left undeveloped with utilities installed; and,

WHEREAS, each remaining lot has two water/sewer hook ups; and,

WHEREAS, an inquiry was made by a developer to develop the remaining lots as single-family homes, which would require a replat; and,

WHEREAS, the developer requested to be charged one SAC and WAC fee per lot; and,

WHEREAS, the development was built with two connections and the city was expecting to collect fees on both; and,

WHEREAS, the utilities were privately installed; and,

WHEREAS, the City Council can determine how many units will be charged with development;

NOW, THEREFORE, BE IT RESOLVED by the City of Isanti, Minnesota, that the SAC and WAC charges for the remaining lots in Villages on the Rum if platted into single family lots shall be _____for SAC and _____WAC.

This Resolution is hereby approved by the Isanti City Council this 4th day of June 2019.

Date: June 4, 2019
Subject: RESOLUTION 2019-XXX APPROVING AN EXTENSION TO THE CUP AND SITE PLAN TO OPERATE A RETREAT CENTER AND HOBBY FARM ON PROPERTY LOCATED AT 27498 POLK NE STREET ISANTI, MN PID 16.006.0506

Background:
In 2018, a Conditional Use Permit (CUP) Amendment and Site Plan Amendment was approved for Circle B Ranch and The Nest development with Conditions. According to City Code if, within one year after a conditional use permit has been granted, the permitted work has not been completed, the such permits shall become null and void without further action, unless a petition for extension has been granted by the City Council, this also applies to the site plan. Said CUP and site plan expired on May 1, 2019. Brennan Cox has requested an extension.

According to Cox he has been making progress towards completing the conditions and has applied for a building permit. Since the use itself is not in place staff determined an extension is necessary.

Four out of the 9 conditions have been met, the other 5 cannot be completed until the building is in place, therefore an extension in needed. The applicant has shown a good faith effort to complete the project and missed the deadline by one month. A building permit is in for review, if the extension is not granted the application will have to start the process over again and this will push the project back to July at the earliest.

Recommendation:
Staff recommends to approve a onetime extension to May 1, 2020.

APPROVING AN EXTENSION TO THE CUP AND SITE PLAN TO OPERATE A RETREAT CENTER AND HOBBY FARM ON PROPERTY LOCATED AT 27498 POLK NE STREET ISANTI, MN PID 16.006.0506

WHEREAS, Resolution 2018-110 approved a Conditional Use Permit and Site Plan for a Retreat Center and Hobby Farm; and

WHEREAS, The Conditional Use Permit and Site Plan expired on May 1, 2018; and

WHEREAS, Section 18, Subdivision 15 of the City Code states the term of approval for a site plan is good for one year. An extension of up to one year may be granted; and

WHEREAS, Section 21, Subdivision 7 of the City Code states expiration of a Conditional Use Permit is within one year after the CUP has been granted if the work is not completed; and

WHEREAS, the applicant has requested an extension to the Conditional Use Permit and Site Plan for one year, and has completed some of the conditions required by the Conditional Use Permit; and

WHEREAS, the applicant has made application for the building permit, which is needed to meet some of the requirements; and

Request for City Council Action

To. **Mayor Johnson and Members of City Council**

From: Finance Director Betker

Date: May 30, 2019

Subject: Request for New Terms on Previously Deferred Assessment

---

Background:

Resolutions 2006-288 and 2007-258 approved assessments on parcel 16.029.2310 (05.029.2300 prior to annexation) in the amounts of $4,775.93 and $150,099.43 respectively. Both resolutions called for deferral until annexed. The 2007 assessment called for the entire amount plus accrued interest to be due immediately if annexed in 2017 or later. This assessment and the resulting accrued interest represent the bulk of the taxes due on parcel 16.029.2310

Request:

Owner Irfan Habib is requesting (attached) that late fees be removed and that payments be capped at $60,000 per year.

Either removing late fees on an assessment and/or modifying the terms would require abating the assessment(s) entirely and reassessing.

Mike,

Thank you! The request is we never received in last 10 years any notices. Even when the $ was being added to special assessment we were not notified. The request is

1) Remove late fees that are being charged at County level for property taxes not paid

2) We make $5000 a month payment till the money is paid.

Thank you,

Irfan

RESOLUTION NO. 2006-288

RESOLUTION ADOPTING ASSESSMENT FOR THE 2006 SE QUADRANT SEWER IMPROVEMENT PROJECT

WHEREAS, pursuant to proper notice duly given as required by law, the council has met and heard and passed upon all objections to the proposed assessment for the 2006 SE Quadrant Sewer Extension Improvement project and described herein the construction of a sewer utility from the west end of Sun Prairie Boulevard and extending to the Lake State Federal Credit Union property located at the southeast intersection of State Hwy 65 and County Road 5 to provide service to properties to the north and south of C.S.A.H. 5 from the point of its inception at Sun Prairie Boulevard and westerly to the southeast quadrant of Highway 65 and County Road 5.

NOW THEREFORE, BE IT RESOLVED BY THE CITY COUNCIL OF ISANTI, MINNESOTA:

1. Such proposed assessment, a copy of which is attached hereto and made a part hereof, is hereby accepted and shall constitute the special assessment against the lands named therein, and each tract of land therein included is hereby found to be benefited by the proposed improvement in the amount of the assessment levied against it.

2. Such assessment shall be payable in equal annual installments extending over a period of ten (10) years, the first of the installments to be payable on or before May 15, 2007, and shall bear interest at the rate of 5.65 percent per annum from January 1, 2007. To the first installment shall be added interest on the entire assessment from January 1, 2007 until December 31, 2007. To each subsequent installment when due shall be added interest for one year on all unpaid installments.

3. The owner of any property so assessed may, at any time prior to certification of the assessment to the county auditor, pay the whole of the assessment on such property, with interest accrued to the date of payment, to the city treasurer, except that no interest shall be charged if the entire assessment is paid within 30 days from the adoption of this resolution; and may, at any time thereafter, pay to the city treasurer the entire amount of the assessment remaining unpaid, with interest accrued to December 31 of the year in which such payment is made. Such payment must be made before December 22 or interest will be charged through December 31 of the next succeeding year.

4. The owner of any property that is outside of the city limits shall have assessments deferred until such time as the property is annexed into the city. Once the property is annexed into the city, interest shall accrue at a rate of 5.65 percent on the principal amount of all outstanding assessments. The term of the repayment of the assessments shall not be greater than ten (10) years.

5. The clerk shall forthwith transmit a certified duplicate of this assessment to the county auditor to be extended on the property tax lists of the county. Such assessments shall be collected and paid over in the same manner as other municipal taxes.

This resolution is hereby adopted by the City Council of Isanti, Minnesota this 21st day of November, 2006.

RESOLUTION NO. 2007-258

RESOLUTION ADOPTING ASSESSMENT FOR THE 2007 SE QUADRANT STREET IMPROVEMENT PROJECT

WHEREAS, pursuant to proper notice duly given as required by law, the council has met and heard and passed upon all objections to the proposed assessment for the 2007 SE Quadrant Street Improvement project and described herein the construction of 6th Avenue NE (formerly known as 'Amber Street') from C.S.A.H. No. 5 south approximately 1,330-feet to the south property line of Isanti Commons and west to T.H. 65 along the Lake State Federal Credit Union (LSFCU) property line (Broadway Street) approximately 500-feet; and the East Extension from 6th Avenue NE Street east along the Habib and Halverson property lines (Oakwood Street) approximately 400-feet to the east Habib property line.

NOW THEREFORE, BE IT RESOLVED BY THE CITY COUNCIL OF ISANTI, MINNESOTA:

1. Such proposed assessment, a copy of which is attached hereto and made a part hereof, is hereby accepted and shall constitute the special assessment against the lands named therein, and each tract of land therein included is hereby found to be benefited by the proposed improvement in the amount of the assessment levied against it.

2. Such assessment shall be payable in equal annual installments extending over a period of ten (10) years, the first of the installments to be payable on or before the first Monday in January, and shall bear interest at the rate of 5.75 percent per annum from January 1, 2008. To the first installment shall be added interest on the entire assessment from the date of this resolution until December 31, 2008. To each subsequent installment when due shall be added interest for one year on all unpaid installments.

3. The owner of any property so assessed may, at any time prior to certification of the assessment to the county auditor, pay the whole of the assessment on such property, with interest accrued to the date of payment, to the city treasurer, except that no interest shall be charged if the entire assessment is paid within 30 days from the adoption of this resolution; and may, at any time thereafter, pay to the city treasurer the entire amount of the assessment remaining unpaid, with interest accrued to December 31 of the year in which such payment is made. Such payment must be made before November 15 or interest will be charged through December 31 of the next succeeding year.

4. The owner of any benefiting property that is outside of the city limits shall have assessments deferred until such time as the property is annexed into the city. Interest shall accrue on outstanding principal balances at the rate of 5.75 percent per annum from the date of this resolution until the entire balance has been paid. Once the property is annexed into the city, the assessment and accrued interest are due and payable. Any prepayments of principal and accrued interest applicable to such

deferred assessment shall be payable to the City of Isanti. All payments shall first be applied to accrued interest and the balance to principal reduction. Any prepayments of principal and accrued interest applicable to such deferred assessment shall be payable to the City of Isanti. Such assessment shall be payable over a period of time as they then be designated by the City Council, but in no event shall the final payment of said assessment be due later than 2017, which is the final due date for the non-deferred assessments pertaining to this project, except that in the event the property is not annexed until 2017 or thereafter, the entire principal balance and accrued interest pertaining to said deferred assessment shall be immediately due and payable at the time of such annexation.

5. The clerk shall forthwith transmit a certified duplicate of this assessment to the county auditor to be extended on the property tax lists of the county. Such assessments shall be collected and paid over in the same manner as other municipal taxes.

This resolution is hereby adopted by the City Council of Isanti, Minnesota this 6th day of November 2007.

Memo for City Council

To: **Mayor Johnson and Members of the City Council**
From: Jenny Garvey, Parks, Recreation and Culture Manager
Date: June 4, 2019
Subject: Resolution Approving Rum River BMX to add pavement to walking areas inside the Isanti Indoor Arena

---

Rum River BMX has asked for permission and is in the process of getting building permits to install pavement to the walk area inside of Isanti Indoor Arena, that would be done in two phases. Staff has attached a drawing of the area proposed to incorporate into a pavement walkway. Staff has provided direction and per the lease agreement to the Rum River BMX Association that the walkway needs to meet ADA compliance.

Zdon asked if there were any agenda modifications, no modifications, Motion by Witte, seconded by Mayor Johnson; all in favor; the motion passed.

2. Approval of Minutes from April 23, 2019, Parks, Recreation, and Culture Board Meeting
Motion by Witte and second by Mayor Johnson; all in favor. Minutes were unanimously approved.

3. Unity Park Proposal
Garvey reported that Unity Park had previous approval of adding trees to the parking lot edge along the ballfield to assist with cars not parking on the grass. Garvey asked the board to re-examine that option and shared a new option that staff found that would entail less maintenance and upkeep that the tree option would. Garvey proposed to the board the rock edge option and provided a picture of the idea, Garvey stated that planting young trees could be damaged and pruning would be an item that would be necessary for years to come. The rock edge option fits within the budget. Zdon, Witte and Mayor Johnson agreed that this was a nice option and less maintenance was needed. Johnson motioned that we amend the proposal to install trees at Unity park and change the proposal to install the rock/boulder edge along the parking lot, second by Witte; the motion passed.

4. Park Visit Summary
Garvey reviewed the list compiled of what projects and maintenance items were from the tours the board members took and reported at the April 23 meeting. .

5. Painting Plow Blades

Garvey reported that four local schools took place in this project and noted that within the packet are two pictures of ones that are being worked on and that the blades will be picked up in the next couple of weeks and the finished blades will be on display at Celebrate Isanti Day, August 17th.

6. Parks Update

Garvey reviewed that the Farmers Market will be Fridays May 31 –Sept 21 2-6pm and that PW was able to get the curb cut for easier access for vendors. Garvey also reviewed that the Passports to parks event will be back this summer with a kick off event June 20th at Bluebird park. Garvey further reviewed that the street dances will be June 22 – Hitchville, July 20 – Audio Circus and Aug 17 – Good for Gary and vendors are already signing up and our Platinum sponsors this year are Kwik Trip and Dahlheimer Distributing. Garvey also mentioned that the Community Gardens are full and opened on May 11 and staff is working on adding a few more plots as interest is there. The dog park is open and the grand opening will be held Wed June 12 at 11am, the bench is in the park and signs will be going up. Johnson asked if another bench was going to be added and Zdon also questioned this and said he has heard from the public if another one was going to be added. Garvey stated she had thought somewhere it was in her information that one was going to be donated, but she would look into it and see and then as budget allows to also add other amenities to the park. Garvey finished with that Bluebird park will be getting a new paint job on the larger playground equipment and this is anticipated to be closed from July 29-Aug 9.

7. Adjournment

Motion by Witte, second by Mayor Johnson to adjourn the April 23, 2019 meeting of the Parks, Recreation and Culture Board. Motion was approved.

The meeting adjourned at 6:21 PM

Dated at Isanti, Minnesota this 28th day of May, 2019.

Mayor's Proclamation

City of Isanti

Whereas Employers and Employees are a dynamic part of the City of Isanti's and Minnesota's economy; and,

Whereas The promotion of our Employer's and their talented Staff showcase the strength and success which is an integral part of the City of Isanti's economic development strategy; and,

Whereas All Isanti employers located within the City of Isanti provide jobs which significantly contribute to the City of Isanti's standard of living and economic vitality; and,

Whereas The City of Isanti has approximately 1,928 people that are employed within its corporate limits; and,

Whereas Employees contribute to the economic success of Isanti businesses by buying local and supporting other Isanti businesses; and,

Whereas The City EDA is sponsoring an appreciation luncheon to the Employers and their Employees on June 18, 2019 highlighting certain businesses with milestone Isanti anniversaries.

Now, therefore, I, Jeff Johnson, Mayor of the City of Isanti, do hereby proclaim that the day of June 18, 2019 shall be observed as:

Mayor's Employer Celebration Day

in the City of Isanti on this 4th day of June, Two Thousand Nineteen.

J. <u>Business Items</u>
1. Interview Candidates for Interim Appointment to Vacant City Council Seat

a. Resolution 2019-133 Appointing Candidate to Fill the Vacant City Council Seat on the Isanti City Council for the Remainder of the Term Until the Next Election

Six uniform applications from City residents Dave Apitz, Luke Merrill, James Gordon, Rodrick Barrows, Walter Hanson and Leroy Johnson were received for the interim appointment to the vacant City Council seat.

All candidates, except Walter Hanson who withdrew his application, were present and uniform questions relating to the City Council seat were asked of each of them.

Voting ballots were passed out to the Mayor and Council, completed, and collected by City Clerk, Katie Brooks. Once all ballots were received, Katie Brooks announced 3 votes for James Gordon and 1 vote for Leroy Johnson.

Mr. Gordon was given the oath of office and sworn in by City Clerk Katie Brooks.

Mr. Gordon took his seat among the Council for the remainder of the meeting.

City Administrator Josi Wood

2. Resolution 2019-134 Approving Website Redesign with CivicPlus

City Administrator Josi Wood shared that there were 4 vendors for the RFP for the City's website. Wood continued to share that Staff is recommending to go with CivicPlus as it is the one with the least amount of annual fees and less cost to the City on an ongoing basis.

Motion by Lundeen, second by Collison to approve resolution as presented. Motion passed 5-0. Motion carried.

3. Resolution 2019-135 Approving City Social Media Facebook Pages Allowing Comments

City Administrator Wood shared that previous discussion included Facebook pages for the Liquor Store, City Hall and Police Department. Wood continued to share that at the time it was approved in April it was to not have comments. However, upon looking at it further there is no way to automatically turn off every comment. Upon further examination with the League of Minnesota Cities, other City's and Policies it is recommended that the pages open up for comments. However, the City will reserve the right to not publish comments, questions or postings containing: profane language or content, personal attacks, harassment, or threats against any individual or organization; discrimination against race, creed, color, age, gender, sexual orientation, physical or mental disability, etc.; copyright infringements or other illegal activity; sexual content, or links to sexual content.

Motion by Lundeen, second by Bergley to approve resolution as presented. Motion passed 5-0. Motion carried.

4. Resolution 2019-136 Approving a Special Event Permit for the BMC British Auto Car Show

Brian McCullough, from BMC British Auto Car Show shared that this will be the 4th year in Isanti and 2nd car show. This year the Jaguar Club is putting on the car show. Mr. McCullough continued to share that all of the proceeds from the show will be going to the Cancer Resource Center in Cambridge to help families and patients in need.

Motion by Lundeen, second by Bergley to approve resolution as presented. Motion passed 5-0. Motion carried.

5. Resolution 2019-137 Accepting Quote for Animal Control Services

Assistant City Administrator/ Special Projects Don Lorsung shared that the City received two quotes for Animal Control Services. Lorsung continued to share that the proposals were submitted by the Interim Kennel Provider On-Line Retrievers and Gratitude Farms. The current Interim Provider, On-Line Retrievers, proposal is the Interim contract that is in place right now charging and retaining a flat fee per dog, a daily charge for animal control services and a charge for daily kenneling where the charges will be paid by owner when the dog is released. The cost to the City would be mileage, fees, kenneling for dogs that are not redeemed, charges for cancelled calls and vet rabies situations. There is not a set fee or set monthly charge. Lorsung shared Gratitude Farms proposal would charge impound fee and kennel fee that would be collected from owner when they receive their dog. The cost to the City would be a monthly service fee of $250 totaling $3,000 annually. Staff recommended Gratitude Farms due to shorter distance as it is located in East Bethel and On-Online Retrievers is located in Ogilvie. City Council further discussed this matter.

Motion by Bergley, second by Collison to approve Gratitude Farms for Animal Control Services. Motion passed 5-0. Motion carried.

6. Resolution 2019-138 Amending Resolution 2019-119 Designating Committees and Representatives for City Commissions and Advisory Boards for Year 2019

Mayor Johnson stated that a Councilmember needs to be chosen for ICICLE. Johnson further stated that he would like to be the alternate if Bergley is unable to attend to meeting.

Motion by Lundeen, second by Collison to approve designating Bergley to ICICLE with Mayor Johnson as an alternate. Motion passed 5-0. Motion carried.

Councilmember Lundeen stated that previous Councilmember Lorinser was designated to attend Cambridge-Isanti Bike/Walk Trail Committee and suggested that Mr. Gordon shall begin attending those meetings.

Assistant City Engineer Jason Cook

7. Resolution for 2019-139 Bid Opening Results- Revised Construction Completion Date

Assistant City Engineer Jason Cook shared that the City went out for bids for Cajima Street improvements. The bid opening was scheduled for May 14, 2019 and 2 p.m. However, there were no bids received. Mr. Cook continued to share that he contacted the five prime plan holders and inquired the reasoning and the majority of the response is because there is not enough subs to complete the work this fall and that this is to rebid but with the alternate schedule of either starting construction this fall and completing it this fall or starting this spring and completing it by July 31, 2020. Mr. Cook further stated that upon communication with MN DOT they had no conflicts with future work projects next season and having the alternate schedule would allow to work more subcontractors into work schedules in order to get better pricing and more bids.

Motion by Lundeen, second by Bergley to approve Resolution as presented. Motion passed 5-0. Motion carried.

Everyone rose for the pledge of allegiance.

C. Roll Call.

Members Present: Jeff Johnson, Dan Collison, Steve Lundeen, Ross Lorinser, Paul Bergley and Arissya Simon .

Members Absent: None

Staff Present: City Administrator Josi Wood, Contracted City Planner Ryan Kernosky, Assistant City Administrator/Special Projects Don Lorsung

Others Present: George Hemen, Elizabeth Anderson, Rod Barrows, Mark Reller, Jill Reller, Ordeen Splittstoser.

D. Agenda Modifications.

None

2. Approval of Minutes from February 19, 2019 Planning Commission Meeting.

Motion by Collison, second by Bergley to approve the February 19, 2019 Planning Commission Meeting Minutes. Motion was approved 6-0.

3. Public Hearings

A. Request from Dollar General, Inc. for approval of a Site Plan Review per Ordinance 445, Section 18, Subd. 2(A) for construction of a general retail establishment on PID 16.029.0900

Chairman Johnson opened the public hearing at 8:12 p.m. Kernosky presented the staff report, commenting that this is a permitted use and that the project meets requirements. He discussed the flexible design standards (regarding the 15% building size requirement),a modified landscaping plan to add more buffer on the west property line and moving the loading doors, which are covered in the conditions prepared by staff. George Hemen, 323 Palomino Rd SE, presented a statement and concerns that the project was against City growth strategy and would cause economic distress. Other concerns regarded the building size in relation to the lot size, outdoor lighting concerns, and street and Hwy 65 traffic. Dollar General representative Brian Bass, BJ Baas Builders, reviewed the project, orientation of the building and traffic access. He shared that they have built a number of stores for Dollar General. With no further public input, the public hearing was closed at 8:17 p.m.

The Commission reviewed the request. Questions were asked concerning the location of the parking area, signage and possibility of other development on the lot. Kernosky shared that

Dollar General required that no other retail development could be built on the lot for 20 years. Lorinser discussed that the lot area was designed for a strip mall or additional commercial use and that the Overlay District was to allow flexible building standards that would increase use and tax value of City commercial property on Hwy 65. Discussion of development of the lot continued. Kernosky shared that the lot could be subdivided to allow for additional use and that was shared with the developer. Simon asked about development of the north lot and asked if this project was approved, would it apply to other lots. Kernosky shared that no, each development is reviewed on its own merits. Discussion by the Commission continued.

A motion was made by Lorinser to approve the project to meet the 15 % building size with a lot split and conditions as recommended by staff. The motion was not seconded.

There was further discussion on options/next steps.

Motion by Lorinser, seconded by Bergley, to table the request and have staff advise the applicant that they need to meet the 15% building size to lot size requirement. Motion passed 6-0.

4. Other Business.

A. None

5. Discussion Items

A. Comprehensive Plan Update – Lorsung presented the staff memo on the proposed project timeframe for the Update. CITY OF ISANTI
PARKS, RECREATION, AND CULTURE BOARD
MEETING MINUTES
April 23, 2019
City Council Chambers

1. Meeting Opening.

A. Call to Order.

B. Pledge of Allegiance
Everyone stood for the Pledge of Allegiance

C. Roll Call
Members Present: James Witte, Aaron Zdon, and Mayor Johnson
Staff Present: Jenny Garvey, Parks, Recreation and Culture Manager, Josi Wood, City Administrator

Zdon stated that Garvey is no longer board member, and is now city staff. Wood stated that the city is advertising for the open vacancies of additional board members. Garvey was vice chair of the board. Wood continued that if a board member is going to be absent, please notify staff as soon as possible, as we will not be able to hold a board meeting with less than three people because there will not be a quorum.

D. Agenda Modifications
Zdon asked if there were any agenda modifications, Wood stated there was one agenda modification for nominating a new vice chair to the board. Motion by Johnson, seconded by Witte; the motion passed.

2. Approval of Minutes from March 26, 2019, Parks, Recreation, and Culture Board Meeting
Motion by Johnson and second by Witte. Minutes were unanimously approved.

3. Park Visits Summary
Garvey reported on - Bluebird, Riverside, and Unity Parks. Garvey shared that Bluebird colors are fading. Garvey noted that the north wheel on the north side of park; appears that there is a bolt that needs tightening, mulch looked good, trail looks good. Garvey continued that the curb along the drive by the basketball court is in very rough shape and will need some concrete work. Wood added that the city will be doing curb side repair for the Farmers Markets, will do this repair at the same time. Garvey further shared the pavilion looks good and that the basketball court needs new lines painted on. The skate park equipment looked good. Garvey noted that there is a lot of debris that needs to be taken care. Need to let city maintenance aware of the debris and they will take care of it. Wood noted that we have a box for the lights at the skate park have been continually broken into. We are having a new box put in and up higher on the pole so that kids can't break into it. Lights in the park automatically go off at 10 PM. Need to

the check to see if lights are on timer for winter or summer hours. The control box for the timer is control by the electrician or public works. Garvey further discussed Riverside Park with an overall rating of a 4. Garvey noted that a couple of items for maintenance, one is the swing step. It has a bracket that appears to be off or twisted. Garvey further shared that the tot area where the fish piece is appears to have some moss growing on it, needs to be pressure washed. The mulch looks good, but in some spots it appears that too much mulch was used under tot car. Garvey mentioned that the trail looked good, and asked about the green gate that has access to the river, do we need to put up a sign stating city property ends here. Garvey finished with Unity Park and noted that the infield for the ball field has just been done and is ready the season, but the grass area is in rough shape. Garvey reported that the two small pavilions; one has shingles on the roof and are holding up and one has wood shingles. The large pavilion, roof appears to be in good shape. Once the snow is gone, people are parking on the grass when picking up their kids. Maybe we need to put up a sign stating no parking on grass. Garvey noted that the bleachers need a bit of leveling and repair. Wood shared that these are the property of the Rodeo, and the board should look at this item for future use/purchase and the Park Board may need to look into compliance with liability issues. Garvey noted that we should add to our equipment box the city of Isanti name to it. Garvey noted that there has been a porta potty put in the one spot that is helping with parking on the grass.

Mayor Johnson reported on Mattson, VFW, and Legacy Parks. Johnson reported that Mattson's overall appearance looked fantastic and rated it a 5. The playground is in good shape and had adequate mulch, however the trails and sidewalks are in need of some repair. Wood noted that the sidewalks are city property. Johnson continued that the pavilion looks fine, the tennis courts are in great shape and the picnic table looks great. VFW with overall appearance was rated a 4 plus. The swing posts look rusty. It was discussed that the posts could be sprayed with a galvanized coating to help with the rust and to let public works decide at their discretion as to how best to proceed. The playground mulch is sufficient and no obstruction in the park. Trails are good. The park is mainly city sidewalks. No pavilion in this park. Johnson continued with reviewing Legacy Park which has no playground equipment, no safety concerns and no mulch. Wood notated that we use lime ag on the trail, and we have budgeted some money for this year to spot update along trails and the cost of $20,000 to $30,000 to re lime ag the whole trail. The paths are becoming narrow because of erosion. It is on public works radar for this year to spot check areas that need attention. Johnson continued with his update of no pavilion and rated Legacy at a 5, all equipment in the park look great. Discussion continued with that in the past there have been problems with the picnic tables, but these problems have gone away. Discussion continued about the parking lot for this park as to when it will be done. Wood noted that it will probably be done during the second phase of construction. The city will probably be working with the construction company in regards to the paving of the parking lot. The board discussed steps and that there are apparently a couple of loose steps that are in need of repair. Wood noted she had noticed during a recent trip she had to the park that the area around the steps need to be filled in the lime ag.

Witte reported on Rum River Bluff Preserve, Isanti Hills, and Rum River Meadow Parks. Witte shared that Rum River Bluff Preserve was rated a 5. The bike racks look great and that is there is no playground mulch in this park. Witte noted that the steps are in of some repairs, with loose anchor bolts that need to be pounded down. The railing on the staircase are in good shape. Witte continued that the trails look good, however the trails are flooded in both directions. Witte noted that the stairs need to be clear of debris and the fishing pier has not been put in as of yet because the river is high. Wood noted that when she was there she noticed that there were a lot of golf balls in the park, this needs to be addressed in the future. Witte continued with Isanti Hills and an overall rating a 4. Witte noted that profanity has been engraved into the bench in the southeast corner of the park and also there is profanity on one the swings further to the south. The colors on the bouncy animals are fading and the slides have streak marks on them from boots. Witte noted that the grounds look good, but add some mulch around the swing set and bouncy animals. The pavilion and benches look fine. An update to the equipment is needed. Wood noted we can't find the replacement parts for this playground equipment. This playground equipment might be grandfather in but if you start doing improvements, it would need to be brought up to code and doesn't meet ADA code and safety compliance. The playground equipment would have to be replaced and not updated. Witte finished with reviewing Rum River Meadows and gave it an overall rating of a 5. Witte noted that the barrier around the perimeter of the park, plastic curbing, on the southwest corner, is coming up and needs to be pushed back down as some of the bolts are working their way up. Wood added that concrete edging is to be put in this year, depending on budget. The two parks that are left to have this done are Rum River Meadows and Riverside. Witte continued that the rock wall the handles are good. There is small hole at the bottom of the volleyball net. The picnic tables look fine. Witte observed that kids are playing with the cover that goes over the irrigation system. Wood noted that she has seen some others have a concrete slab to lock it in place and something we can look into. An ongoing problem within the park is dog feces issue. Public works has spent a lot of time at this park picking up dog feces. Possible solution would be to a fence around the playground area.

Wood asked if the board was aware of the project that is budgeted this year for a fence over at River Bluff Preserve, for a property to the north of the parking lot. Wood wasn't sure if this was brought to this board in the past. Jenny will be working on the project and will update the board at the next month meeting.

Zdon reported on Academy and Whisper Ridge Parks Zdon rated Academy a 5. Zdon reported that this is a new park as of last year and this park is also used by the school as a playground. The mulch needs to be raking this year as it has matted down, especially under the swings. Wood noted that mulch was added last year. Zdon noted that he saw no safety or maintenance issues, the trails look good and no obstructions. Zdon continued with his observation of Whisper Ridge and gave it an overall rating a 2. Zdon noted these safety issues - gate needs a new latch, possibly remove the gate. Half tennis court and basketball court. Zdon stated the trails are a 3 and are cracking and heaving. There are no obstructions, no pavilion and no mulch at this park.

Zdon reported that this park is at a 2, the board will need to decide if we fix the park or get rid of it. Zdon continued with do we resurface it as it does get some use. The surface is in bad shape. Wood added that the resurface of Mattson Park tennis courts cost approximately $15,000 and awhile back had looked at doing Whisper Ridge at that time and the cost would be close to $40,000. Discussion followed about what possibilities we could do, take out the court and replace with green space or just put in the basketball court.

Johnson noted that the concrete edging were put in Mattson park. Wood followed up that she did a cost analysis on concrete vs the plastic edging. The plastic is not cheap and has to be replaced every couple of years. The two remaining parks will have the concrete edging done this year as budgets allow.

4. Park Updates –
Wood shared that Earth Day cleanup on Monday, April 22nd. The groups this year included the: Cub scouts, Flagship Bank, C-I Middle School National Honor Society, Boy Scouts, Isanti Ambassadors and the Girls Scouts who will be out on Thursday, April 25th. Wood continued that this year we had every park covered and also included was the ditch along Cajima by Knife River. The National Honor Society they hit south passage and river bluff and walked down the street along the ditch, which was really full of debris.

Wood further shared that the Farmers' Market pre-season meeting is scheduled for Friday, April 26th at the Community Center. We have a numerous vendors interested this year. The market open May 31st and runs through September 27th every Friday from 2 PM to 6 PM.

Wood noted that the Adopt-A-Park program will be brought back to the board at another meeting.

Wood continued that the Bluebird Park refurbish project received two quotes. What the city received were different than the RFP that was stated. Wood shared that the city found out after reviewing the bids that it is not a good idea to completely dismantle an old park, powder coat it and put it back together because of stability issues. It is recommended that we to do electric static painting on site, which would not require that equipment to be dismantled. Jenny and Matt will take a look at the different parks that have been done. The two vendors have done this before, one of them we have never used before and staff will check out the quality of each vendor. Wood discussed that included at tonight's meeting for the board to review are pictures of colors that are being suggested to go along with the teal color on the slides are sand and royal blue. The swing set would be royal blue. It was felt the sand or beige would stand the test of time with fading. The board members noted that they liked the color scheme. The Clifford playground or tot playground within Bluebird park, will not be included in the refurbish, as this piece is obsolete with replacement pieces and when items break we will not be able to replace them and we will have to take that piece down. Wood noted that the bids that came in were between $8,000 and $9,000, under budget. This is a project is in capital improvement plan and the balance would stay there and staff is recommending the funds to stay there to be used for

another project and board agreed. Wood shared that this will need to go the council for final approval and also noted that a small slide is being replaced at Bluebird park.

Wood shared that the dog park received three quotes from fence companies. Council approved using Town & Country Fencing. Public works will be putting in the edging. Town & Country will come back to put in the rest of the fencing. This will all be done in the next 3 to 4 weeks. There are funds available for benches, porta potty, dog clean up area station, and one to two elements for dogs. A grand opening date is tentative for June.

Request for City Council Action

To: Mayor Johnson and Members of the City Council
From: Josi Wood, City Administrator
Date: June 4th, 2019
Subject: Consider Resolution for Chief of Police Position and Employment for Travis Muyres

---

At the May 20, 2019 Special Session, Lt. Travis Muyres was selected as the candidate for the Chief of Police position.

An employment agreement, which outlines the terms and conditions of his employment with the city is attached and referenced as Exhibit A. The terms and conditions are in the format that has been used for all City staff with agreements. The terms and conditions that have been negotiated and is recommended by the City Administrator are as follows:

- Salary – Step 6 - $95,551.94
- Vacation Accrual – 7.38 hrs per pay period, continuing his years of service with the City of Isanti per Personnel Policy.
- Schedule – The ability to work four 10-hr day shifts per week

Muyres also requests the use of a city squad vehicle to take home. This has not been included in previous Chief of Police contracts for the City of Isanti. Staff has drafted the below language should Council agree to this term:

> "City Vehicle. The EMPLOYER officially authorizes use of an unmarked City police vehicle for the use of the EMPLOYEE for commuting purposes, and for accessing police-work related job locations, during and after normal working hours. EMPLOYER shall pay for all operating and maintenance expenses and insurance. Said vehicles shall be equipped as an emergency response vehicle, including computer access to CJIN, and a police radio."

Request:
Staff requests Council to discuss the terms of the draft employment agreement for Travis Muyres for Chief of Police and take action.

EMPLOYMENT AGREEMENT

THIS AGREEMENT made and entered into on June 5, 2019 by and between the City of Isanti, Minnesota, a municipal corporation, herein called EMPLOYER, and Travis Muyres, herein called EMPLOYEE. This Agreement shall become effective on the EMPLOYEE'S first day of employment of June 5, 2019.

EMPLOYER desires to employ the services of Travis Muyres as Chief of Police for the City of Isanti as provided by applicable Minnesota law and applicable ordinances of the City of Isanti, Minnesota.

It is the desire of the EMPLOYER to employ the EMPLOYEE and it is the EMPLOYEE's desire to accept employment from the EMPLOYER on the terms and conditions as set forth herein.

NOW THEREFORE IN CONSIDERATION OF THE MUTUAL COVENANTS HEREIN CONTAINED, THE EMPLOYER AND EMPLOYEE AGREE AS FOLLOWS:

1. Duties. As authorized pursuant to the provisions of Minnesota Statutes Section §412.111, the EMPLOYER hereby agrees to employ EMPLOYEE as Chief of Police of the City of Isanti to perform the functions and duties as specified in the job description for the position of Chief of Police of the City of Isanti, as approved by the City Council, and as the same may be amended from time to time.

2. Term. The EMPLOYEE's employment shall be for an indefinite term at the will of the EMPLOYER. The terms of this contract shall be applicable from June 5, 2019 and until termination of the employment relationship, or until amended by subsequent agreement approved by action of the City Council of the City of Isanti and signed by both EMPLOYER and EMPLOYEE.

3. Employment at Will. The EMPLOYEE is employed at the will of the EMPLOYER, and therefore may be terminated at any time with or without cause upon, except as hereinafter provided, not less than 30 days' written notice from EMPLOYER to EMPLOYEE. EMPLOYER may however, in EMPLOYER's sole discretion, terminate the EMPLOYEE without any prior notice for misconduct, defined as follows:

A. Conduct by the EMPLOYEE resulting in criminal charges against the EMPLOYEE (except for petty misdemeanor traffic violations); or

B. EMPLOYEE's refusal to obey a lawful directive of EMPLOYER; or

C. Acts by the EMPLOYEE intended to cause injury to the EMPLOYER.

The EMPLOYEES probationary period shall be six (6) months, unless extended for a specified period not to exceed six (6) additional months. Notwithstanding the provision for thirty (30) days' notice prior to termination, the EMPLOYER shall have the right to terminate employment with the EMPLOYEE with or without cause at any time during the EMPLOYEES probationary period without the requirement that said thirty (30) days' notice be given.

4. Salary. EMPLOYER agrees to pay EMPLOYEE for services rendered pursuant to this contract wages calculated on an annual base salary of $95,551.94 (step 6) payable in installments at the same time as other payroll employees of the EMPLOYER are paid. Subsequent annual step salary increases, as applicable, shall be contingent upon on a satisfactory annual performance review. Cost of living salary adjustments, if any, shall be subject to approval by the City Council.

5. Vacation, Sick Leave and Insurance Benefits. The EMPLOYEE shall be entitled to earn vacation at an accrual rate equivalent to 7.38 hours per pay period, with any additional adjustment based on years of service as prescribed by the EMPLOYER's personnel policy.

Sick leave shall be provided as prescribed by the EMPLOYER's personnel policy. Insurance and other employee benefits shall be provided as prescribed by the EMPLOYER's personnel policy.

6. Performance Appraisal. The City Administrator, or in absence of the City Administrator, the Mayor and Council shall review and evaluate the performance of EMPLOYEE at least once annually, preferably prior to November 1st of each year. Following completion of each such performance appraisal the EMPLOYEE shall be given a summary thereof. In the first year of employment the EMPLOYEE shall be subject to a probationary performance review after three and six months of employment as per the EMPLOYER's personnel policy.

7. Retirement Benefits. The EMPLOYEE shall be entitled to participate in the accrual of retirement benefit contributions as prescribed for public employees under PERA, and/or under any other retirement program, if any, which may now or hereafter be available pursuant to and consistent with any applicable state or federal laws and EMPLOYER's personnel policy.

8. Personnel Policy. Except where specifically abridged or modified by this Agreement, the EMPLOYEE shall be subject to all terms and provisions of the EMPLOYER's personnel policies as set forth in the EMPLOYER's personnel policy manual. If any provision of this manual conflicts with a provision in this contract, then the contractual provision shall prevail.

9. Vehicle. EMPLOYEE shall receive an unmarked police department squad vehicle for work purposes as defined in his job description and to respond for emergency management responsibilities.

10. Professional Development. The EMPLOYER agrees, subject to annual budget approval and subject to preauthorization of the City Administrator and/or City Council, to pay all necessary and reasonable expenses of EMPLOYEE for short courses, institutes and seminars that are, in the opinion of both EMPLOYER and EMPLOYEE necessary for professional development of EMPLOYEE. EMPLOYER shall pay for EMPLOYEE's attendance at the Minnesota Police Chiefs annual conference. EMPLOYER shall pay for EMPLOYEE's attendance for Emergency Management Certificate. The EMPLOYER will pay costs for training fees, travel and lodging, and meals, as per the EMPLOYER's personnel policy manual. The EMPLOYER shall pay for publications for the EMPLOYEE to assist in performance of their job duties. Such publications shall be approved by the EMPLOYER.

11. Professional Membership. During the term of employment, EMPLOYER will pay EMPLOYEE's annual regular membership dues for EMPLOYEE's ongoing membership in the MN Police Chief's Association, as the same become due and payable.

12. Schedule. The EMPLOYEE has the ability to schedule his work week with 4 – ten (10) hour days.

13. Other Benefits. The EMPLOYEE shall receive an annual uniform allowance in the amount of $85.74 per month, $325.00 post license annual stipend and $300.00 firearms qualifications annual stipend or as identified as increased in the Police Officer's Bargaining Agreement, as other Police Officers receive.

14. Severability. Should any provision of this agreement be held unlawful by a Court of competent jurisdiction; all other provisions of this agreement shall remain in force for the duration of the agreement.

15. Notices. Notices pursuant to this agreement shall be given by deposit in the custody of the United States Postal Service, postage prepaid, and addressed as follows:

2. Water pipes.
3. Carburetion tubes and devices.
4. Smoking and carburetion masks.
5. Roach clips, meaning objects used to hold burning material, such as a marijuana cigarette, that has become too small or too short to be held in the hand.
6. Miniature cocaine spoons, and cocaine vials.
7. Chamber pipes.
8. Carburetor pipes.
9. Electric pipes.
10. Air driven pipes.
11. Chillums.
12. Bongs.
13. Ice pipes or chillers

J. Scales and balances used, intended for use or designed for use in weighing or measuring controlled substances.
K. Separation gins and sifters used, intended for use or designed for use in removing twigs and seeds from, or in otherwise cleaning and refining, marijuana.
L. Testing equipment used, intended for use or designed for use in identifying or in analyzing the strength, effectiveness or purity of controlled substance.

144-3. Prohibited paraphernalia.

A. **Prohibited use.** It is unlawful for any person to use, or to possess with intent to use, drug paraphernalia to plant, propagate, cultivate, grow, harvest, manufacture, compound, convert, produce, process, prepare, test, analyze, pack, repack, store, contain, conceal, inject, ingest, inhale or otherwise introduce into the human body a controlled substance in violation of Minnesota statutes as may be amended from time to time.

B. **Prohibited delivery.** It is unlawful for any person to deliver, possess with intent to deliver, or manufacture with intent to deliver, drug paraphernalia, knowing, or under circumstances where one reasonably should know, that it will be used to plant, propagate, cultivate, grow, harvest, manufacture, compound, convert, produce, process, prepare, test, analyze, pack, repack, store, contain, conceal, inject, ingest, inhale or otherwise introduce into the human body a controlled substance in violation of Minnesota statutes as may be amended from time to time.

C. **Prohibited advertising.** It is unlawful for any person to place in any newspaper, magazine, handbill or other publication any advertisement, knowing, or under circumstances where one reasonably should know, that the purpose of the advertisement, in whole or in part, is to promote the sale of objects designed or intended for use as drug paraphernalia.

144-4. Evidence of paraphernalia.

In determining whether an object is drug paraphernalia, a court or other authority should consider, in addition to all other logically relevant factors, the following:

A. Statements by an owner or by anyone in control of the object concerning its use.

B. Prior convictions, if any, of any owner, or of anyone in control of the object, under any state or federal law relating to any controlled substance.

C. The proximity of the object, in time and space, to a direct violation of this chapter.

D. The proximity of the object to controlled substances.

E. The existence of any residue of controlled substances on the object.

F. Direct or circumstantial evidence of the intent of an owner, or anyone in control of the object, to deliver it to persons whom he knows, or should reasonably know, intend to use the object to facilitate a violation of this chapter; the innocence of an owner, or of anyone in control of the object, as to a direct violation of this chapter shall not prevent a finding that the object is intended for use, or designed for use as drug paraphernalia.

G. Instructions, oral or written, provided with the object concerning its us.

144-5 Penalties

Violations of any section of this chapter is punishable as a misdemeanor and upon conviction shall be punished by a fine of not to exceed $1,000 or imprisonment for a period not to exceed 90 days, or both, plus the costs of prosecution in either case.

EFFECTIVE DATE

This ordinance shall take effect upon its publication and on the date of ___of June, 2019.

Request for City Council Action

To: **Mayor Johnson and Members City Council**
From: Sheila Sellman, Community Development Director
Date: June 4, 2019
Subject: Consider Adoption of Stormwater Enforcement Response Procedures (ERP)
RESOLUTION 2019-XXX ADOPTING ENFORCEMENT RESPONSE PROCEDURE
Ordinance Amending Chapter 670
Ordinance Amending Chapter 65
Ordinance Amending Chapter 160
RESOLUTION 2019-XXX ADOPTING FEES WITHIN THE CITY OF ISANTI

Background:
In May 2017, the City adopted Ordinance 670 an ordinance that provides for stormwater management practices. The purpose of this ordinance is to control or eliminate storm water pollution along with soil erosion and sedimentation in the City.

For the 2018-2019 construction season, several residential permits were not compliant in the maintenance of stormwater controls and protection following the issuance of a Certificate of Occupancy. While the installation of a driveway and landscaping is not feasible during the winter months, the city's MS4 permit requires that all sites maintain stormwater controls and Best Management Practices (BMPs) where no ground cover is present throughout the entire year.

A Stormwater Escrow is deemed a suitable incentive to maintain stormwater controls between the issuance of a Certificate of Occupancy and the installation of driveway and landscape features.

Additionally, adding escalating Administrative Citations specific to stormwater violations would ideally increase corrective action.

Fee Schedule
The City does require escrows for some types of development items, which are submitted through the building department and include the following:

Residential Driveway Escrow	$2,000 (refundable)
Residential Landscape Escrow	$6,000 (refundable)
Commercial Landscape Escrow	$5,000 per site (refundable)

The proposed Resolution would add the following:

Residential Stormwater Escrow	$1,000 (refundable)
Commercial Stormwater Escrow	$3000 (refundable)

In addition to stormwater escrow the same resolution will be adding the following fees regarding animal control:

Dog Bite	Actual cost/plus tax

Dog Boarding (at impound)	$25 per day/misc. cost/tax
Dog Impound 1st Time	$85/plus tax
Dog Impound 2nd Time	$95/plus tax
Dog Impound 3rd Time	$105/plus tax

Administrative Citations

The ERP document outlines that the city may issue administrative citations in Section 4.b in order to "...provide the public and City with an informal, cost effective, and expeditious method for addressing violations." These citations will follow an escalating procedure that is as follows:

Notice of Violation (NOV)	No Fee, Corrective Action within 3-7 days, Reinspection Schedule
First Offence	$200
Second Offence	$400
Stop Work Order	$600

A Stop Work Order may be issued in the event of continued violation and will be automatically accompanied by an administrative citation.

Staff Recommendation

Staff recommends approving the Enforcement Response Procedures, addition of stormwater escrow, adoption of administrative penalties into fee schedule and adoption of animal control fees in fee schedule.

2019

Enforcement Response Procedures

for

MS4 Permit Violations

City of Isanti, MN

2019

Under the terms of the General NPDES/SDS Permit MNR040000, the City is required to develop and implement adequate enforcement authority for illicit discharges into its Municipally Separate Storm Sewer System (MS4). The purpose of these Enforcement Response Procedures is to communicate how the enforcement tools available to the City will be used to achieve compliance. The Enforcement Response Procedures also specify criteria by which City personnel can determine the enforcement action most appropriate to instances of non-compliance. This plan is a document of the City's procedure to be followed when a construction storm water requirement, illicit discharge and post-construction violation is discovered. This plan is a guide; any of the enforcement responses may be used at the City's discretion. The City may also choose to pursue an enforcement case by skipping intermediate steps.

I. DEFINITIONS

A. City. The City of Isanti and/or the person or persons authorized and delegated authority by the Isanti City Council to act on behalf of the City of Isanti as described in this ERP.

B. Construction Storm Water General Permit. Within the context of this ordinance refers to the General Permit Authorization to Discharge Storm Water Associated with Construction Activity under the Pollutant Discharge Elimination System/State Disposal System; Permit Number MN R1000001.

C. Council. The Isanti City Council.

D. ERP. Enforcement Response Procedure adopted by resolution of the Council.

E. MPCA. Minnesota Pollution Control Agency.

F. MS4. Municipal Separate Storm Sewer System (MS4). The system of conveyances (including sidewalks, roads with drainage systems, municipal streets, catch basins, curbs, gutters, ditches, man-made channels, or storm drains) owned and operated by the City and designed or used for collecting or conveying storm water, and that is not used for collecting or conveying sewage.

G. NPDES. National Pollutant Discharge Elimination System Storm Water Discharge Permit. Means a permit issued by the MPCA under authority delegated pursuant to 33 USC § 1342(b) that authorizes the discharge of storm water to waters of the United States, whether the permit is applicable on an individual, group, or general area-wide basis.

H. Permittee. The person or persons doing work under a permit issued by the City. Where a property owner has obtained a permit for work to be done by others, either or both the property owner and the person(s) doing work under the permit may be considered the permittee under these ERPs.

I. SIC Code. Standard Industrial Classification as defined in 40 CFR § 122.26(b)(14)(i)-(xi).

J. Written Notice. Written notice shall include all communication via email, facsimile, and/or paper document.

II. DESCRIPTION OF EACH TYPE OF ENFORCEMENT RESPONSE

A. Written Notices

1. Field Compliance Order

a) Upon visiting the site, a City may observe issues on non-compliance. If the non-compliance has not yet resulted in a discharge of pollution, including sediment, the City's representative will issue a written warning, either by email or letter specifying the nature of the violation, the required corrective action and a follow-up inspection date. The Field Compliance Order will note that failure to comply resulting in a discharge of pollution is likely to result in an Administrative Citation.

2. Notice of Violation (NOV)/Administrative Citation/Permit Revocation

a) If, upon a site inspection, a City observes non-compliance that has resulted in a discharge of pollution, including sediment, the representative will issue:

(1) A Notice of Violation for discharges that can be satisfactorily corrected without evidence of property or environmental damage.

(a) The NOV will specify the nature of the violation, the required corrective action and a follow-up inspection

date.

(b) The NOV will require the party committing the violation (perpetrator) to submit an explanation of the violation and a plan for the satisfactory correction and prevention of the violation conditions, including specific required actions within 3-7 days, depending on severity.

(c) If corrective action is not satisfactorily completed by the follow-up inspection date, the City will:

(i) Revoke the current building or construction permits where applicable. Revoked permits shall only be reinstated after the permittee has reapplied for the permit, complete with a permit fee and an approved plan for preventing similar pollutant discharges.

(ii) Issue an Administrative Citation where no building or construction permits exist.

3. Consent Orders

a) Consent Orders are written agreements that allow the perpetrator to accept responsibility for the discharge and provide the opportunity to voluntarily clean-up and/or correct a pollutant or sediment discharge as a way to reduce the additional damage penalty associated with cleanup costs.

(1) Consent Orders will only be issued to perpetrators that can provide documentation verifying that the perpetrator is qualified to handle the required cleanup.

(2) The Isanti City Administrator is empowered to enter into Consent Orders with the perpetrator on behalf of the City of Isanti.

(3) Where the discharge and cleanup area affects private (third party) properties, Consent Orders must be approved by all parties affected.

b) A Consent Order will include specific corrective actions to be taken to correct the illicit or sediment discharge together with specified time periods to finish the corrective actions.

4. Administrative Citation

a) Administrative Citation procedures established herein are intended to provide the public and the City with an informal, cost effective, and expeditious method for addressing violations.

b) The City shall, upon determining that there has been a violation, notify the violator. Said notice shall set forth the nature, date and time of violation, the name of the official issuing the notice, and the amount of the scheduled penalty.

(1) Administrative Citations will depend on the extent of the damages.

(a) The minimum automatic fine shall be as set forth in the City of Isanti Municipal Fee Schedule, except that the City Administrator or Designee may waive all or part of the financial penalty for the first offense if timely and

substantial effort has been made to correct the discharge.

(b) Consent Orders as described herein may be accepted in lieu of damage penalties.

(c) In addition to Administrative Citations, the Council may recover all damages proximately caused by the violator to the City, which may include:

(i) reasonable expenses incurred in investigating violations of, and enforcing compliance with City Ordinances regulating the illicit discharge of pollutants or sediment, or any other actual damages caused by the violation.

(ii) The costs of the City's maintenance of storm water facilities when the user of such facilities fails to maintain them.

c) Once such notice is given, the alleged violator may, within five business days of the date of issuance of the notice, pay the amount set forth on the schedule of penalties for the violation, or may request a hearing in writing, as is provided for hereafter. The penalty may be paid in person or by mail, and payment shall be deemed to be an admission of the violation.

(1) Any person contesting an Administrative Citation may, within five business days of the date of issuance of the notice, request a hearing by a hearing officer who shall forthwith conduct an informal hearing to determine if a violation has occurred. The hearing officer shall have authority to dismiss the violation or reduce or waive the penalty. If the violation is sustained by the hearing officer, the violator shall pay the penalty imposed.

(2) The Council or its designee shall determine any controversy relating to Administrative Citations provided for in this article.

5. Stop Work Order

a) The City may issue a Stop Work Order effectively stopping all work on a site where there is a clear violation, continued violation, or blatant disregard for:

(1) City Ordinances regulating the illicit discharge of pollutants or sediment

(2) Building or Construction Storm Water permit requirements

(3) Previously issued Field Compliance Orders, Notices of Violation, or Administrative Citation associated with the site of the illicit or sediment discharge.

b) This order requires that the violator must comply with the order and must take appropriate remedial or preventive action as may be needed to properly address a continuing or threatened violation; including halting all operations on the site except for authorized cleanup, terminating the discharge and installing appropriate control measures.

c) If not previously issued, all Stop Work Orders shall automatically include an Administrative Citation.

B. Suspension, Revocation or Modification of Permit

1. The City at its discretion may suspend, revoke or modify any and all City issued permits related to the property the violation is connected to and/or to any other property with permits issued by the City where work is being done by the party or parties responsible for the violation.

2. A suspended, revoked or modified permit may be reinstated after the applicant or other responsible person has taken the remedial measures set forth in the Written Notice (See Section II.A) or until determined by the City that acceptable progress in addressing the violation (s) has occurred.

C. Additional Measures

1. Legal Action

a) The Council may bring legal action to enjoin continuing violation. Pursuant to the City's Ordinance; the Council may, through the City Attorney, petition the appropriate court(s) for issuance of preliminary or permanent injunctions to restrain or compel activities by a violator.

2. Future Permits

a) The City may withhold permits from Contractors with outstanding Administrative Citations until all Administrative Citations have been paid.

b) Contractors that have had two or more Administrative Citations within the previous 12-calendar months shall be required to deposit a cash surety equal to double the surety amount normally required for each permit obtained.

c) Contractors that work without required permits or under permits obtained by others in an attempt to avoid the requirements of this section shall be subject to the provisions of this ERP including but not limited to Administrative Citations, Stop Work Orders, Suspension and/or Revocation of related permits, and Legal Action.

III. NPDES PERMIT REFERRALS

A. For a known project site involving a construction activity, an industrial storm water discharge, or an illicit discharge that should be covered by a state NPDES permit, and is known not to have a state NPDES permit, the City shall provide the following information to the MPCA:

1. Construction project or industrial facility location;

2. Name of owner or operator;

3. Estimated construction project size or type of industrial activity (including SIC code if known); and

4. Records of communication with the owner or operator regarding filing requirements.

B. Where the City has used progressive enforcement to achieve compliance with this ERP and in the judgment of the Council has not been successful, the City may refer the violation to the MPCA. For the purposes of this provision, "progressive enforcement" shall mean two (2) follow-up inspections and two (2) Written Notices. The following information shall be supplied to the MPCA:

1. Construction project or industrial facility location;

2. Name of owner or operator;

3. Estimated construction project size or type of industrial activity (including SIC code if known)

4. Records of communication with the owner or operator regarding the violation, including at least two follow-up inspections, two warning letters or notices of violation, and any response from the owner or operator.

IV. RECORDKEEPING & TRACKING

A. All non-compliance instances shall be tracked either electronically or using paper files. This tracking will include all records and documents related to storm water ordinance violations at the site and be stored in the enforcement case file.

B. The minimum required documentation must include the following items:

1. Name of owner/operator;

2. Location of construction project or industrial facility;

3. Description of violation;

4. Required schedule for returning to compliance;

5. Description of enforcement responses used, including escalated responses if repeat violations occur or violations are not resolved in a timely manner;

6. Accompanying documentation of enforcement response (e.g., notices of noncompliance, notices of violation, etc.);

7. Any referrals to different departments or agencies; and

8. Date violation was resolved.

C. The City shall use the non-compliance records and tracking to identify any chronic violators, and use this information to work toward reducing the rate of noncompliance relapse.

1. This will include tracking violations, applying incentives and/or disincentives, and increasing the inspection frequency of the consistently noncompliant operator's sites.

2. If the operator fails to take corrective actions, the City must pursue progressive enforcement and, if need be, perform the necessary work and assess against the owner the costs incurred for repairs.

D. The City shall keep enforcement files in compliance with the City's records retention policy but no less than a minimum of three (3) years after the file is closed consistent with the MS4 General Permit conditions. Files retention may be either paper or digital files.

V. APPEALS

A. To contest an Enforcement Action the property owner may file a written appeal with the City Clerk's Office.

B. This appeal must be submitted within ten (10) days of receipt of the notice of violation.

C. The appeal will be heard by the City Council at the next available regularly scheduled City Council Meeting.

VI. ENFORCEMENT ACTION MATRICES

A. Construction Site Storm Water Ordinance Violations

1. See Table 1 for the enforcement action matrix for noncompliance with construction requirements. In general, the severity of the enforcement measure increases moving down the matrix.

2. For parties who fail to obtain a required permit prior to begin of land disturbance work, the initial enforcement action may be more stringent than for a project that has an approved plan but has failed to comply with the approved plan.

   a) The City has the ability to stop project work for non-permittees. Stopping work generally includes **all** work on the site except for work to address the noncompliance that caused the order.

   b) Non-permittees may be required to perform corrective actions as advised by the City and to develop the required erosion control and/or storm water plan submittals to submit to the City for review and approval.

   c) Once the corrective actions have been successfully completed and the submitted storm water plan has been approved by the City, the City will issue the violator a written notice that the situation has been resolved.

   d) If the corrective actions or the submitted plan cannot be approved, the City will issue a written notice to the violator describing what was deficient and what step(s) are needed to resolve the situation.

Table 1. Enforcement Action Matrix for Noncompliance with Construction Requirements					
Type of Violation	**Failure to Obtain Permit Prior to Starting Work**	**Minor Violations (Failure to Install, Maintain or Upgrade Measures on Erosion and Sediment Control Plan)**	**Major Violation (Failure to Install, Maintain or Upgrade Measnres on Erosion and Sediment Control Plan that Resulted in a Sediment Release from the Project Site)**	**Repeat Violation by a Party (Same Site)**	**Repeat Violation by a Party (Different Site than initial Noncompliance Site)**

This plan is a guide; any of the enforcement responses may be used at the City's discretion and the City may choose to escalate an enforcement case by skipping intermediate steps. Penalties (Administrative Citations, Recovery of Damages and Costs, Etc.) may be assessed as described in the storm water ordinance and as allowed by law at the City's discretion.

B. Illicit Discharge Ordinance Violations

1. See Table 2 for the enforcement action matrix for failure to remove illicit discharges.
2. The action matrix was set up to provide varying suggested degrees of response to noncompliance documented by the City.
3. In general, the severity of the enforcement measure increases moving down the matrix.

Appendix: INSPECTION AND MAINTENANCE AGREEMENT

INSPECTION AND MAINTENANCE AGREEMENT
FOR PRIVATE STORMWATER MANAGEMENT FACILITIES
WITHOUT A DEVELOPMENT AGREEMENT

The term "**STORMWATER MANAGEMENT FACILITIES**" may refer to water quality and/or water quantity facilities (i.e. detention basins, retention basins, swales, pipes, oil/water separators, sand filtering devices, etc.) which are located OUTSIDE the public road right-of-way (ROW).

SEE LEGAL DESCRIPTION ATTACHED HERETO AS EXHIBIT A.

This Inspection and Maintenance Agreement ("Agreement") is made and entered into this ____ day of _____, of the year, 20__, by and between _____ (hereinafter called the "Owner", whether one or more) and The City of Isanti (hereinafter called "City").

WITNESSETH, that

WHEREAS, the City is required by federal and state surface water quality regulations and its National Pollutant Discharge Elimination System (NPDES) permit to prevent surface water quality degradation from development or redevelopment activities within its jurisdiction, and the City has adopted surface water quality regulations as required and such regulations are contained in the Storm Water Management chapter of the City Code; and

WHEREAS, the Owner of the Property identified above has or will construct certain storm water management facilities on the Property, and has developed a Storm Water Maintenance Plan (Plan), as may be amended from time to time for the maintenance of those facilities. The City has reviewed and approved the Plan, and retains a copy in its records. A drawing showing the general area of the facilities covered by the Plan is attached to this Agreement for ease of identification.

NOW, THEREFORE, in consideration of the benefits received by the Owner as a result of the approval by the City of the Plan, the Owner does hereby covenant and agree with the City as follows:

1. The Owner shall provide adequate long term maintenance and continuation of the storm water control measures described in the Plan, to ensure that all storm water facilities are and remain in proper working condition. The Owner shall perform inspection and preventive maintenance activities in accordance with the Plan.

2. The Owner shall maintain a copy of the Plan on site, together with a record of inspections and maintenance actions required by the Plan. The Owner shall document the times of inspections, remedial actions taken to repair, modify or reconstruct the system, the state of control measures and notification of any planned change in responsibility for the system. The City may require that the Owner's records be submitted to the City.

3. If it is later determined that the City's NPDES permit clearly directs Owners or the City to manage storm water treatment systems differently than specified in the Plan, the direction of the NPDES permit shall override the provisions of the Plan.

4. The Owner hereby grants permission to The City, its authorized agents, and employees the right of ingress, egress and access to enter the Property at reasonable times and in a reasonable manner for the purpose of inspecting, operating, installing, constructing, reconstructing, maintaining or repairing the facilities. The Owner hereby grants to the City the right to install and maintain equipment to monitor or test the performance of the storm water control system for quality and quantity upon reasonable notice to the Owner. Whenever possible, The City shall notify the Land Owner prior to entering the property and shall use its best efforts not to disturb the Land Owner's use and enjoyment of the Property while conducting said inspections.

5. In the event, the City determines that the storm water facilities are not being maintained in good working order and gives written notice to the Owner to repair, replace, reconstruct or maintain said facilities within a reasonable time (maximum time specified will be 30 days), and the Owner fails to comply with the City's notice within the time specified, Owner authorizes the City or its agents to enter upon the Property to repair, reconstruct, replace or perform maintenance on said facilities at the Owner's expense. It is expressly understood and agreed that the City is under no obligation to maintain or repair said facilities, and in no event shall this Agreement be construed to impose any such obligation on the City.

6. In the event, the City, pursuant to this Agreement, performs work of any nature, or expends any funds in the performance of said work for labor, use equipment, supplies, materials, and the like, the Owner shall reimburse the City upon demand, within forty-five (45) days of receipt of written request for reimbursement for all costs incurred by the City. If the City has not received said payment from the Owner by the end of said forty-five (45) day period,

the City may use any other remedies available by law to collect such balances plus reasonable expenses of collection, court costs, and attorney fees.

7. It is the intent of this Agreement to assure the City of proper maintenance of onsite storm water facilities by the Owner; provided, however, that this Agreement shall not be deemed to create or affect any additional liability of any party for damage alleged to result from or be caused by storm water management.

8. The Owner and the Owner's heirs, executors, administrators, assigns, and any other successors in interest, shall indemnify and hold the City and its agents and employees harmless for, and defend against at its own expense, any and all damages, accidents, casualties, occurrence, claims, or attorney's fees which might arise or be asserted, in whole or in part, against the City from the construction, presence, existence, or maintenance of the storm water control facilities subject to the Plan and this Agreement. In the event a claim is asserted against the City, its officers, agents or employees, the City shall notify the Owner, who shall defend at Owner's expense any suite or other claim. If any judgment or claims against the City shall be allowed, the Owner shall pay all costs and expenses in connection therewith. The City will not indemnify, defend or hold harmless in any fashion the Owner from any claims arising from any failure, regardless of any language in any attachment of other document that the Owner may provide.

9. No waiver of any provision of this Agreement shall affect the right of any party thereafter to enforce such provision or to exercise any right or remedy available to it in the event of any other default.

10. The Owner shall record this Agreement with the Register of Deeds of Isanti County, this Agreement shall constitute a covenant running with the land, and shall be binding upon the Owner and the Owner's heirs, administrators, executors, assigns, and any other successors in interest.

11. The Owner shall have the facilities inspected in accordance with City's storm water management ordinance and certify to the City that the constructed facilities conform and purport substantially to the approved Plan. If the constructed condition of the facility or its performance varies significantly from the approved Plan, appropriately revised calculations shall be provided to the City and the Plan shall be amended accordingly.

12. The Owner agrees that for any systems to be maintained by a property owner's association, deed restrictions and covenants for the subdivision or other development will include mandatory membership in the property owner's association responsible for providing maintenance of the system, will require the association to maintain the storm water system, will prohibit termination of this covenant by unilateral action of the association, and provide for

unpaid dues or assessments to constitute a lien upon the property of an owner upon recording a notice of non-payment.

13. This Agreement must be re-approved and re-executed by the City if all or a portion of the Property is subdivided or assembled with other property.

Spill and Discharge Procedures Checklist

Minn. Statute 115.061 DUTY TO NOTIFY AND AVOID WATER POLLUTION states:

"(a) Except as provided in paragraph (b), it is the duty of every person to notify the agency immediately of the discharge, accidental or otherwise, of any substance or material under its control which, if not recovered, may cause pollution of waters of the state, and the responsible person shall recover as rapidly and as thoroughly as possible such substance or material and take immediately such other action as may be reasonably possible to minimize or abate pollution of waters of the state caused thereby.

(b) Notification is not required under paragraph (a) for a discharge of five gallons or less of petroleum, as defined in section 115C.02, subdivision 10. This paragraph does not effect the other requirements of paragraph (a)."

Minn. Statute 103G.005 Subd. 17 defines "Waters of the state" as:

"surface or underground waters, except surface waters that are not confined but are spread and diffused over the land. Waters of the state includes boundary and inland waters."

All stormwater conveyance systems, including the Isanti municipal stormwater system, are confined and therefore are waters of the state.

A. Compliance Determination:

1. Are there areas on the site (including tanks, loading and unloading areas, concrete washout, etc.) which are contaminated by spills or leaks which have not been cleaned up? *(If "NO" further action is not required.)*	☐ YES ☐ NO
2. Has any material entered a water of the state? *(If "NO" skip to Line 3.)*	☐ YES ☐ NO
a. Has the State Duty Officer been notified? *(If "NO" contact the State Duty Officer at: 651.649.5451 or 800.422.0798)*	☐ YES ☐ NO
b. Has action been taken to contain and minimize? *(Emergency Response Team Supervisor Stephen Lee at 651.297.8610 can provide suggestions for possible containment and next steps.)*	☐ YES ☐ NO
c. Implement available containment measures necessary to minimize and mitigate further damage.	
d. Notify _____ (XXX-XXX-XXXX)	
e. Issue Notice of Violation in accordance with the City of Isanti Enforcement Response Procedures.	
3. Is material in danger of entering a water of the state? *(If "NO" skip to Line 4.)*	☐ YES ☐ NO
a. Direct responsible party to immediately implement containment measures to protect the waters of the state.	
b. Issue a Field Compliance Order in accordance with the City of Isanti Enforcement Response Procedures if the spill or leak is not cleaned-up within 24-hours.	
4. Direct the responsible party to clean-up the spill or leak and to take steps to protect against future spills and leaks. Issue a Field Compliance Order in accordance with the City of Isanti Enforcement Response Procedures if the spill or leak is not cleaned-up or is allowed to continue.

Exposed Stockpiles, Storage and Material Handling Checklist

This report documents the findings of exposed stockpiles, storage and material handling that was recently completed on your site by the Stormwater Utility. If your site was not in compliance with City and State Pollution Prevention/Good housekeeping requirements, this report will outline the corrective actions that need to be taken at your site. You are responsible to bring your site into compliance within the timeframes noted in this report. If the site is not brought into compliance within the specified time frame, a Stop Work Warning or Stop Work Order may result.

☐	☐	Areas of steep (3:1 or greater slope).
☐	☐	Locations of all wetlands, surface waters, and storm ponds that will receive pre- or post-construction site runoff.

Stormwater Discharge Design

Yes	No	
☐	☐	For any stormwater flow that will be channelized at the site, the stormwater controls must be designed to control both peak flowrates and total stormwater volume to minimize erosion at outlets and to minimize downstream channel and streambank erosion.
☐	☐	Are Temporary Sediment Basins required on site?

Yes	No	
☐	☐	Adequately sized and appropriately located
☐	☐	Designed to prevent short circuiting?
☐	☐	Outlets designed to remove floating debris, withdraw from the surface, and allow complete drawdown?
☐	☐	Do outlets have energy dissipation?
☐	☐	Have a stabilized emergency spillway?

Which method of permanent stormwater treatment has been selected?

Yes	No	
☐	☐	Are calculations/computer model results included to demonstrate the design and adequacy?
☐	☐	Is adequate maintenance access provided?
☐	☐	Infiltration or filtration

Yes	No	
☐	☐	Is infiltration/filtration appropriate to the site and land uses?
☐	☐	Phasing to ensure excavation of infiltration system after drainage area stabilized?
☐	☐	Rigorous sediment and erosion controls to keep sediment and runoff away from the system?
☐	☐	Is a pretreatment device planned?

Yes	No	
☐	☐	Wet sedimentation basin:

Yes	No	
☐	☐	Configured so scour or resuspension is minimized and to prevent short circuiting.
☐	☐	Basin outlets designed to discharge at > 5.66 cubic feet per second (cfs) per acre of pond
☐	☐	Basin outlets designed to prevent discharge of floatables.
☐	☐	Stabilized emergency overflow.

Yes	No	
☐	☐	Regional ponds:

Yes	No	
☐	☐	Is written authorization from owner of regional pond included in SWPPP?
☐	☐	Does regional pond design conform to the permit requirements for wet sedimentation basin?

Other Requirements

Yes	No	
☐	☐	Plans show areas that are not to be disturbed or are areas where disturbance will be minimized.
☐	☐	Minimize disturbance or other techniques to minimize destabilization of steep slopes.
☐	☐	Has appropriate construction phasing been implemented?
☐	☐	Exposed soils have erosion protection/cover initiated immediately and finished within 14 days
☐	☐	Wetted perimeters of ditches stabilized within 200 feet of surface water within 24 hours.
☐	☐	Temporary or permanent ditches or swales that are being used as a sediment containment system during construction must be stabilized within 24 hours after no longer being used as a sediment containment system.
☐	☐	Pipe outlets have energy dissipation within 24 hours of connecting.
☐	☐	Discharges from stormwater controls are directed to vegetated areas of the site unless infeasible.
☐	☐	Are sediment control practices established on down gradient perimeters and upgradient of any buffer zones?
☐	☐	Are all inlets protected?
☐	☐	Stockpiles have sediment control.
☐	☐	Construction site entrances minimize street tracking.
☐	☐	Plans minimize soil compaction and preserve topsoil.
☐	☐	50 foot buffer or (if not feasible) redundant sediment control when adjacent and drains to a surface water.

Request for City Council Action

To: **Mayor Johnson and Members City Council**
From: Sheila Sellman, Community Development Director
Date: June 4, 2019
Subject: RESOLUTION 2019-XXX – INTERIM USE PERMIT FOR TATTOO STUDIO AT 303 CREDIT UNION DRIVE

Request:

Stacy Upton is requesting an Interim Use Permit to operate a 1,250 square foot tattoo studio in an existing strip mall located at 303 Credit Union Drive.

Background:
The subject site is zoned B-2, general business. This district is designed and intended to promote the development of commercial uses which are predominately auto-oriented in nature. The district caters to highway-oriented businesses as well as to businesses that provide basic shopping and service needs to the community. The proposed location of the tattoo studio is within an existing strip mall that has vacant space available. The B-2 district requires an Interim Use Permit (IUP) for tattoo parlor.

Interim Use Permits
The purpose of an interim use permit is to allow a temporary use that is not designated as permitted or conditionally permitted but is acceptable for a limited period of time subject to conditions.

Section 21, Subd. 5 provides criteria for granting an interim use permit. Staff comments are *Italicized:*

A. The proposed use shall meet the applicable zoning regulations
The proposed use meets the applicable zoning regulations as tattoo studios are a permitted interim use in the B-2 Zoning District.

B. The proposed use will not adversely impact implementation of the Comprehensive Plan
The 2008 Comprehensive Plan identifies this parcel as general commercial. The purpose of this category is to identify portions of the city that contain or should be developed for general commercial use. Examples may include highway-oriented businesses such as fast food, gas stations, and other auto-oriented businesses. Limited office and service uses are appropriate in these areas.

C. The proposed use will terminate upon a date or event that can be identified with certainty
Interim Uses are short-term by nature. Staff suggests to allow this use for three years with possibility to renew. This will be included in the recommendation.

D. The proposed use will not impose additional costs on the public if it is necessary for the public to take the property in the future

The subject site is a multi-use retail center, this specific use will not impose additional costs if the public were to take the property in the future.

E. The applicant has signed a consent agreement agreeing that the applicant, owner, operator, tenant and/or user has no entitlement to future re-approval of the Interim Use Permit
The owner and applicant have signed the application.

F. The proposed use will be subjected to, by agreement with the property owner, any conditions that the City Council deems appropriate for permission of the proposed interim use, including a condition that the owner may be required to provide an appropriate surety to cover the cost of removing the interim use and any interim structures upon the expiration of the interim use.
The following conditions are suggested and listed in the resolution of approval:

1. *The Interim Use Permit is granted to Stacy Upton for the property located at 303 Credit Union Drive NE. The Interim Use Permit shall terminate upon the occurrence of any of the following events; whichever comes first: (1) the sale or lease of the property to another renter or owner; (2) the use has been discontinued for 30 consecutive days; (3) the City Council suspends or revokes the Interim Use Permit upon failure of the interim use to comply with the conditions of approval and/or the property or use is found to be in violation of other City ordinances; (4) the use is approved until June 30, 2022.*
2. *The Studio shall be limited to the location and 1,250 square feet area as indicated on the site plan.*
3. *The hours of operation shall be Sunday-Sunday 10am to 8pm*
4. *Compliance with all State of Minnesota requirement shall be met.*

Planning Commission Recommendation
A public hearing was held on May 21, 2019 no one from the public commented on this item. The Planning Commission recommends approval with the conditions listed in the staff report, which are reflected on the Resolution.

Staff Recommendation
Staff Recommends approval with the conditions listed in the Resolution.

RE: MINOR SUBDIVISION PLAT – DOLLAR GENERAL

Request: A request from Overland Engineering, representing Dollar General, for a Minor Subdivision Plat approval.

Background: During the March 2019 Planning Commission meeting, the Commission considered the request from Dollar General to construct a store on PID 160290900. During the Site Plan approval process, the Commission decided not to exercise Section 11, Subd 10(B) of the Isanti Zoning Ordinance. The aforementioned Ordinance allows the Plan Commission and the City Council *Design Standard Flexibility*. Said flexibility was intended to allow an exemption from the minimum building size required. As a result, the Plan Commission held the public hearing on the Site Plan approval process and tabled the request until the applicant could resubmit a Site Plan that was completely consistent with the City's Zoning Ordinance. This Minor Subdivision Plat is the result of the table.

Minor Subdivision Plat: Because the subject parcel has never been previously platted, the City's Subdivision Ordinance, Chapter 18, Article 3, Subd 2 (A) and (B) allow the parcel to be divided through a Minor Subdivision Plat.

The requested plat subdivides the parcel into two separate parcels. *Parcel A* is the 1.38 acre parcel that the proposed Dollar General Store will be on. *Parcel B* is the remaining 3.06 acre parcel.

Both Parcels abut Palomino Road SE, with Parcel B having TH-65 Highway Frontage. Because of the proximity to TH-65, there's limited ability to access Parcel B. As such, a 36' wide access easement is being proposed through Parcel A to allow future vehicular traffic to access Parcel B when it becomes developed.

Other Considerations: The plat will need to include a stormwater easement over the proposed stormwater detention pond east of the easternly lot line. This should be considered as part of the approval process. Additionally, a stormwater easement needs to be granted to the City for the existing stormwater detention facility along the east property line.

Planning Commission Recommendation: On May 21, 2019, the City Planning Commission considered this request and have recommended approval with the conditions staff has recommended.

Staff Recommendation: I would recommend **APPROVAL** with the following conditions:

1) A stormwater access and maintenance easement is dedicated to Parcel A from Parcel B to allow for Parcel A's stormwater.
2) A stormwater access and maintenance easement is dedicated to the City for the existing stormwater detention facility along the east side of the parcel, as described and approved by the City Engineer and Community Development Director.
3) Final review and approval by MN-DOT.
4) That the applicant shall furnish the City with three full size mylar transparencies of the plat, and one 11" x 17" mylar transparency upon successful approval of the plat.
5) The applicant shall, upon final signatures by all authorities, record the plat within 90 days and return one of the mylars back to the City for record keeping purposes.

RESOLUTION NO. 2019-XXX

A RESOLUTION APPROVING THE FINAL PLAT OF "RSBR PALOMINO ROAD ADDITION PLAT"

WHEREAS, Dollar General has made application for a Final Plat Approval for "RSBR Palomino Road Addition Plat" which is legally described as Lot 1, Block 1, RSBR Palomino Road Addition Plat, Isanti County, Minnesota; and,

WHEREAS, the subject parcel has not been previously platted or subdivided; and,

WHEREAS, the aforementioned Final Plat can be approved through the Minor Subdivision Plat approval process as outlined by §536, Article 1 of the Isanti Subdivision Ordinance; and,

WHEREAS, the City of Isanti Planning Commission conducted a public hearing on the Final Plat on May 21, 2019; and,

WHEREAS, all required public notices regarding the public hearing were posted and sent to property owners within 350' of the subject property; and,

WHEREAS, the City of Isanti Planning Commission has recommended approval of the Final Plat "RSBR Palomino Road Addition Plat"; and,

WHEREAS, the City of Isanti City Council reviewed the Final Plat request at the regularly scheduled meeting on June 4, 2019.

BE IT FURTHER RESOLVED that the requested Final Plat Approval for "RSBR Palomino Road Addition Plat" be hereby approved with the following conditions:

1) A stormwater access and maintenance easement is dedicated to Parcel A from Parcel B to allow for Parcel A's stormwater.
2) A stormwater access and maintenance easement is dedicated to the City for the existing stormwater detention facility along the east side of the parcel, as described and approved by the City Engineer and Community Development Director.
3) Final review and approval by MN-DOT.
4) That the applicant shall furnish the City with three full size mylar transparencies of the plat, and one 11" x 17" mylar transparency upon successful approval of the plat.
5) The applicant shall, upon final signatures by all authorities, record the plat within 90 days and return one of the mylars back to the City for record keeping purposes.

This Resolution is hereby approved by the Isanti City Council on this 4th day of June, 2019.

RE: SITE PLAN REVIEW – DOLLAR GENERAL

Request: Request from Overland Engineering, LLC for a Site Plan Review for a proposed Dollar General on PID 160290900 (corner of TH-65 and Palomino Rd SE).

Background: City Staff has been working with Overland Engineering (applicant) for several months as they have prepared to submit a plan set for a proposed Dollar General at the above address. The subject property is zoned B-2 "General Business District" with the TH-65 Overlay Zoning District. Per Isanti Zoning Ordinance Section 11, Article 5, Subdivision 3(L) *General Retail Establishments* is a permitted use in the TH-65 Overlay Zoning District.

As you most likely recall, the Planning Commission considered this request during the March Planning Commission meeting. At that time, the Commission decided not to exercise the *Design Standard Flexibility* afforded to them in through the Zoning Code. This flexibility was intended to allow them to build a smaller building on a larger lot.

Site Review:

Lot Requirements and Setbacks: Section 11, Subdivision 8 identifies requirements of lot size, building size, setbacks, height restrictions, and impervious surface coverage. Those reviews are provided below:

Minimum Lot Size: The minimum lot size of the TH-65 overlay zoning district is 1 acre, the proposed lot is 1.38 acres in size.

Minimum Building Size: The minimum building size for developments in the TH-65 overlay zoning district is 15 percent of the lot size:

1 acre = 43,560 sf
43,560 sf x 1.38 acres = 60,113 sf
15% of 60,113 sf = 9,017 sf building

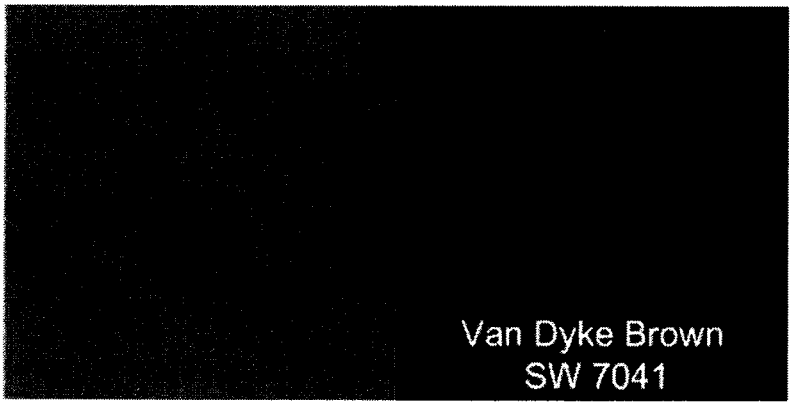
The proposed building size is ~9,100 sf, and as such meets the minimum building size identified within the zoning code.

Setbacks and Height Restrictions: The following are the minimum setbacks for the TH-65 zoning overlay district, the proposed setbacks for this development are *italicized*:

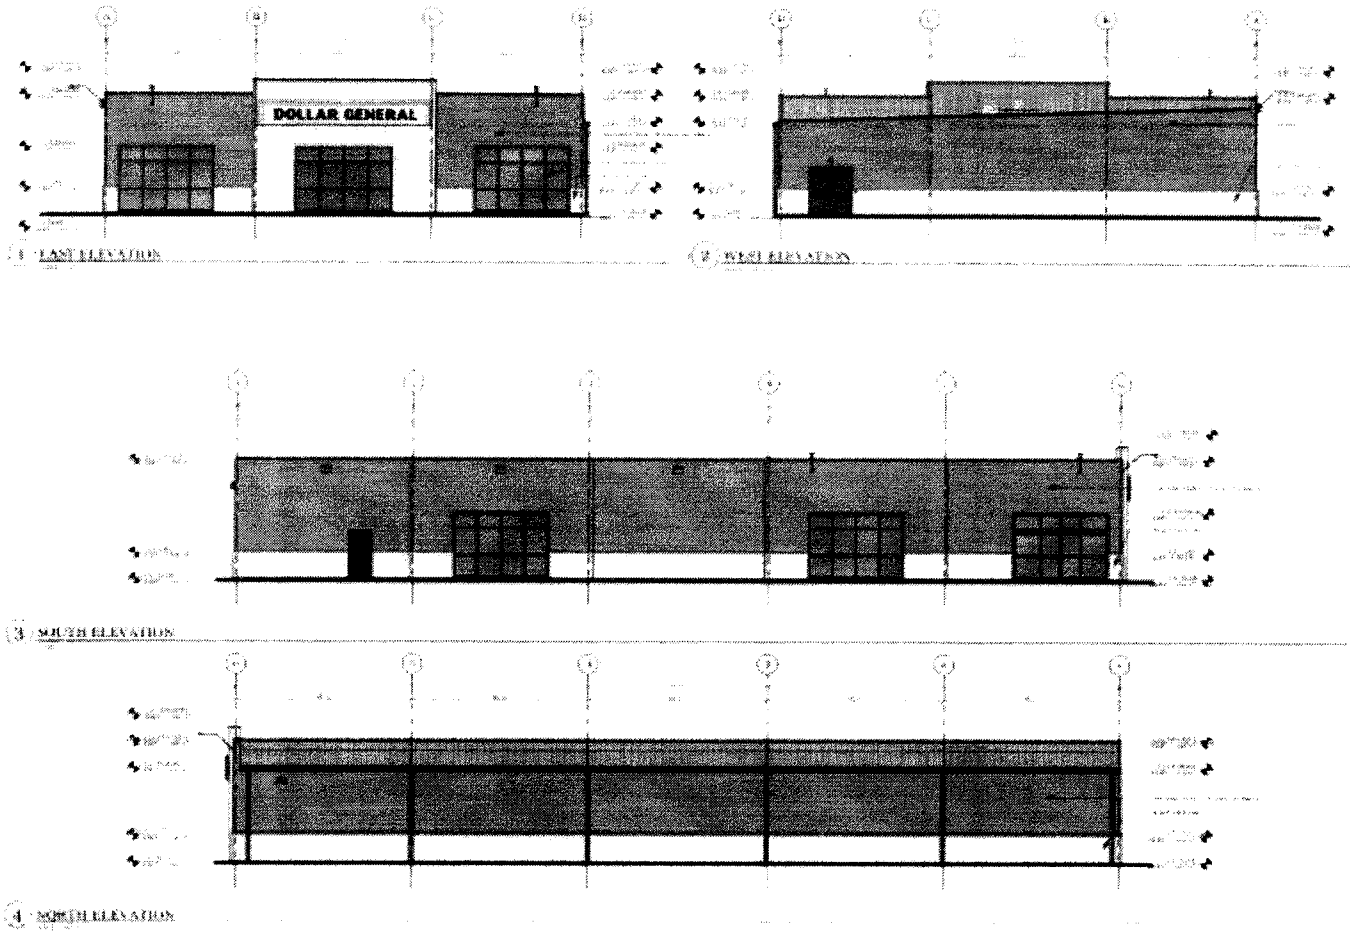
Minimum Front Yard Setback	30 ft	*128 ft*
Minimum Side Yard Setback	15 ft	*95/41 ft*
Minimum Rear Yard Setback	15 ft	*30 ft*
Maximum Building Height	3 stories/45 ft	*~26 ft*

The above setback and height restrictions are met.

Building & Sign Aesthetics: Section 11, Article 5, Subdivision 11 regulates exterior building materials permitted in the TH-65 overlay district. The proposed development is all face brick, which is permitted under Subd. 11(A)(1). The main brick is a proposed "Warm Stone" with accents of "Van Dyke Brown," color examples are below:

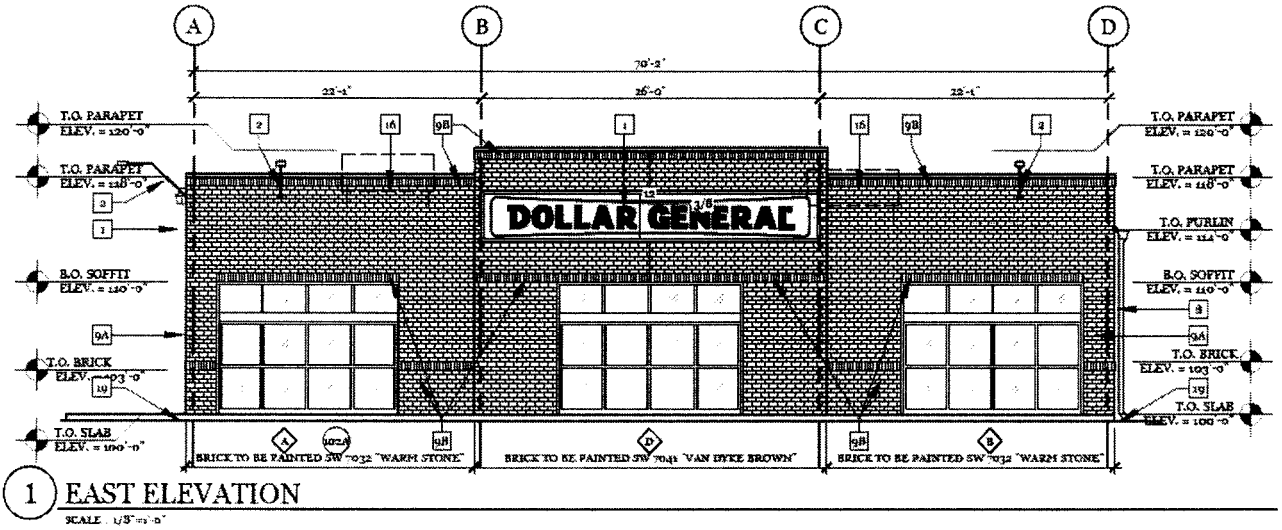


Building Orientation: Article 5, Subdivision 12 regulates the building orientation of new development within the TH-65 overlay district. Said regulation states: *"Building shall be oriented towards Highway 65 or, at a minimum, give the appearance of having a front facing Highway 65 (second front)."* The proposed development provides the appearance of having a front facing east elevation as provided below:



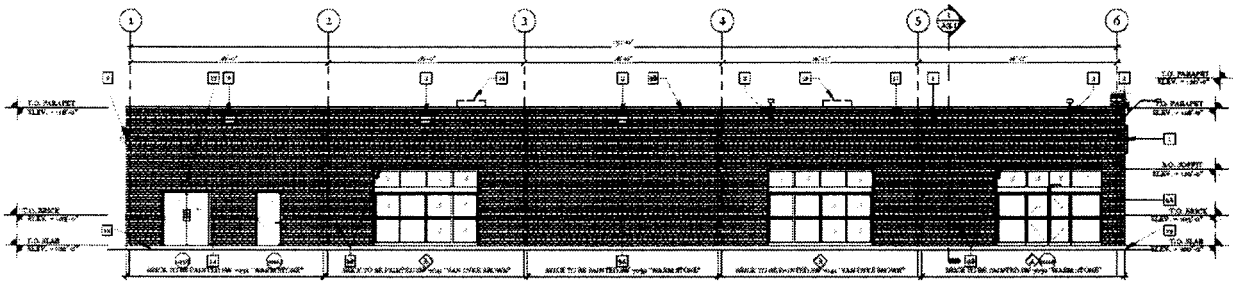
DOLLAR GENERAL®

Proposed Store #20528
Northwest Corner of State Highway 65 & Palomino Road SE
Isanti, Minnesota 55040



1 EAST ELEVATION

The east elevation provides a real south and center window and a faux window on the northern side of the east elevation.



3 SOUTH ELEVATION

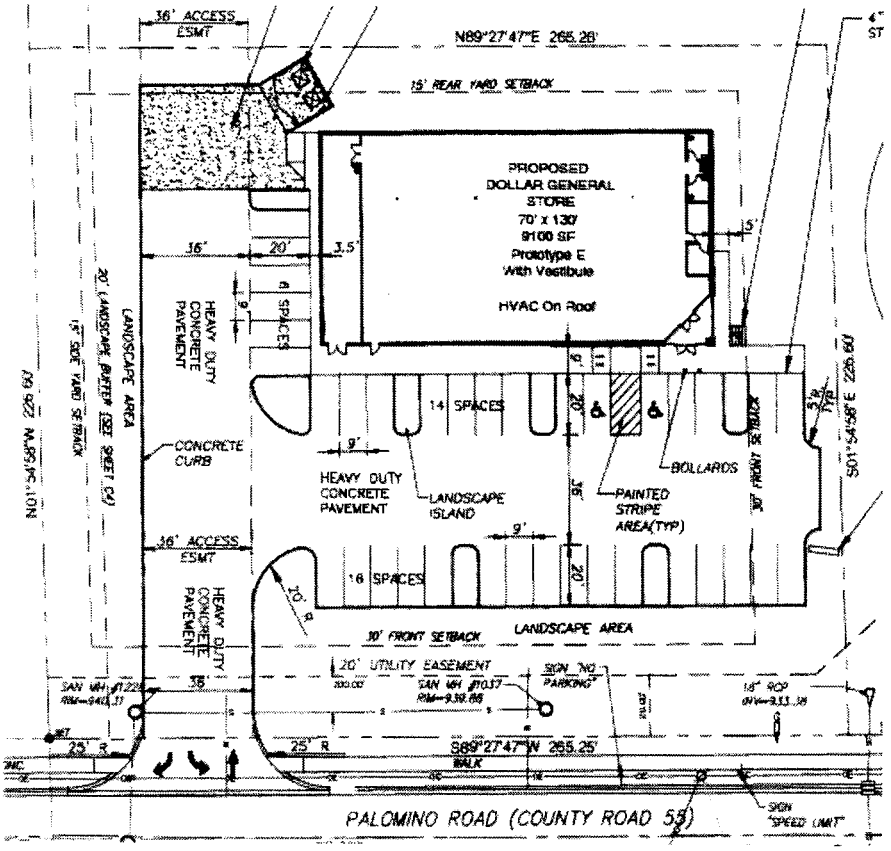
Parking and Driveways: Subdivision 13 of the TH-65 overlay zoning district regulate the parking, driveway, and driving areas of developments within this zoning district with some additional setbacks from right of way and residentially zoned districts.

Section 17 of the City Zoning Ordinance requires one stall per 250 sf of store space. This would require a minimum of 36 parking stalls with 2 handicapped parking stalls required. The proposed development has 36 parking stalls with 2 handicapped parking stalls, the vehicular parking minimum is met.

Additionally, Section 17 requires bicycle parking for all new development. Development that have between 21 and 40 total parking stalls require 2 bicycle parking spaces. The proposed development provides 2 bicycle parking spaces near the southeast entrance to the building.

The proposed parking and drive aisle areas of this development is 21,785 sf, which requires a minimum of 1,089 sf (or 5 percent) of interior parking landscaping. The proposed site has 1,600 sf of interior parking landscaping, exceeding the minimum requirements of the zoning code.

The TH-65 overlay zoning district requires a minimum 10 ft setback for parking lots from all lot lines and right of ways. The proposed parking lots are 43 ft from the Palomino Rd right of way and 40 ft from the westerly property line, exceeding the requirements of the zoning code. Additionally, the parking spaces are required to be a minimum of 20 ft from any residential zoning district – the proposed parking is 40 ft from the nearest residentially zoned parcel.

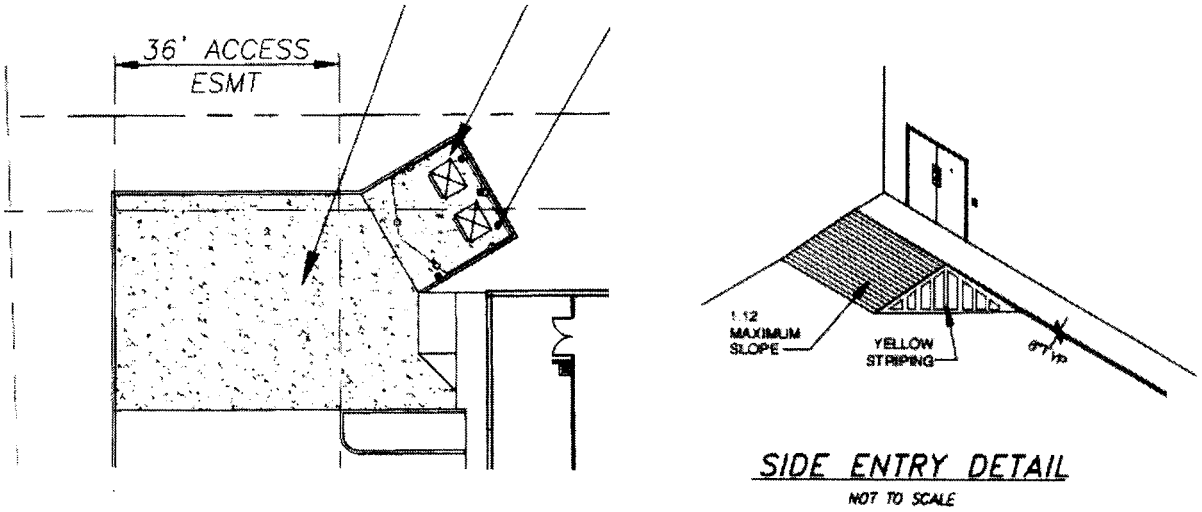


Loading spaces are regulated under Subdivision 13(C) of the TH-65 overlay zoning district. This section has three specific requirements (staff comments are *italicized*):

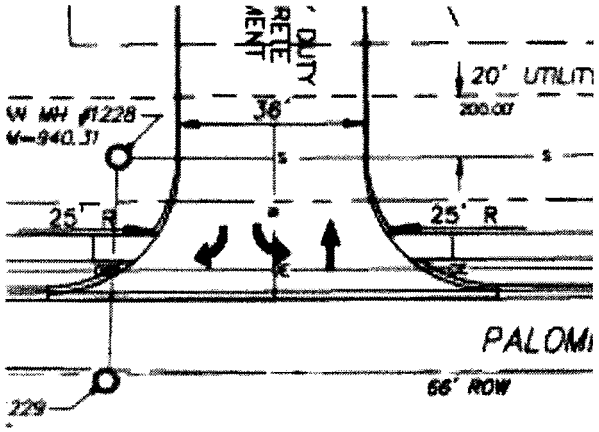
1) Loading spaces cannot face Highway 65 and must be located in designated rear yards. *The proposed loading space is along the west building elevation, not facing Highway 65. The issue, however, is the proposed loading dock is on the west building elevation, but the entry door to the back-storage room is on the south building elevation. A condition should be included to require the outdoor access door to be on the west building elevation.*

2) Loading and service areas must be separated from visitor and employee parking areas and general traffic circulation. *As described in the section above, the area identified as the 'concrete unloading pad' is on the northside of the parking area. Again, the access door for this unloading pad is far from the unloading area and should be addressed in the conditions.*

3) Loading spaces, overhead doors and service areas must be designed to be compatible with the principal building. Architectural techniques, color and landscaping must be employed to eliminate visual impacts from adjacent properties and roadways. *The proposed loading doorway will match the exterior accent building colors.*

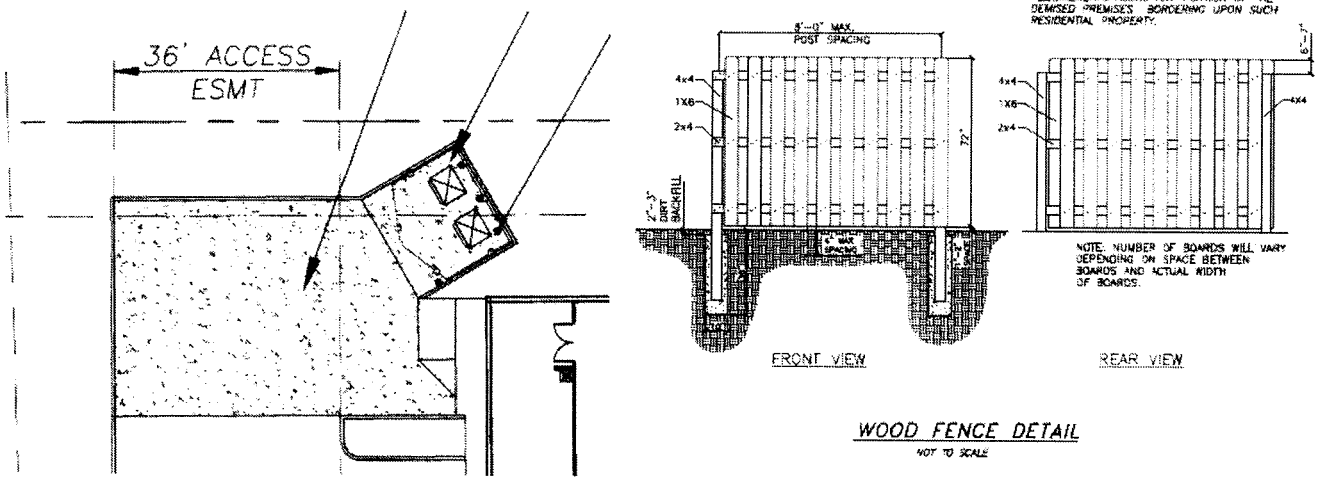


Parking Lot Entry: The proposed development will have a single-access point off of Palomino Rd. Said access is 36' in width.



Trash Enclosures: Section 14, Subd. 3 identifies regulations for Refuse and Trash Receptacle Enclosures. This section requires that the trash enclosures are screened from all lot lines and that the screening is "architecturally

harmonious with the principal structure." The proposed trash enclosure is in the northwest corner of the subject area and is screened with a treated pine privacy fence. This regulation is met.



Outdoor Lighting: Section 11, Subd. 14 regulates lighting used to illuminate off-street parking areas, signage, and buildings of developments within the TH-65 overlay zoning district. The above regulation requires that lighting shall be directed away from residential properties and meet the additional requirements of Section 14, Subd. 5 of the Zoning Ordinance. The proposed lighting plan includes six pole mounted light poles in the parking lot, with four wall mounted lights on the east and west building elevations. Per the lighting plan, no lighting will spill onto the adjacent residential properties.

Landscaping: Landscaping for this parcel is regulated within Sections 14 and 15 of the zoning code. The submitted site plan does not identify specific landscaping trees. As such, a condition of a landscaping plan to be submitted that is in compliance with the City's requirements must be provided for staff review and approval prior to issuance of building permits. Additionally, given the proximity to the residential property to the west, additional landscaping screen should be required to minimize the impacts on the adjacent property. Finally, all areas disturbed by the construction of the development must be sodded prior to issuance of a building permit.

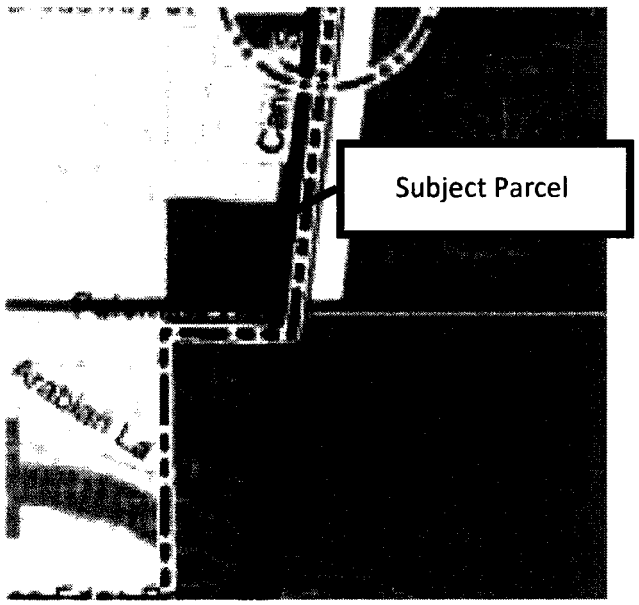
Stormwater Management: The City Engineer has reviewd the proposed plan and has recommended approval with several conditions outlined in his review, identified under "Exhibit A" of the attached sheet.

Section 18: Site Plan Review Standards

Section 18, Subd. 7 of the Zoning Ordinance specifically regulates Site Plan Review Standards. Those standards are discussed below with staff comments to each section *italicized*:

A. Consistency with the elements and objectives of the City's development guides, including the comprehensive plan.

The proposed development meets or exceeds the development guides of the TH-65 overlay district and the B-2 "General Commercial" Zoning District. The City's 2008 Comprehensive Plan update identifies this parcel for "General Commercial" development as identified below:



The standards of this subsection are met.

B. Consistency with City Codes.

As identified throughout this staff report, the proposed development meets or exceeds City Codes and Ordinances. Areas that may not meet City Codes and Ordinances are addressed under conditions of approval. The standards of this condition are met.

C. Preservation of the site in its natural state to the extent practicable by minimizing tree and soil removal and designing grade changes to be in keeping with the general appearance of neighboring developed or developing areas.

The majority of development will occur in the southern half of the subject parcel. A small stand of trees is along the western lot line of the parcel and are retained through the development. This standard is met.

D. The amount and location of open space and landscaping.

Plenty of open space is retained on the north half of the parcel. A landscaping plan has been submitted but is not considered complete given the lack of identified species of plants and trees. Additionally, the interior parking lot landscaping is exceeding the five percent minimum required. Given a complete landscaping plan is submitted to the City as conditioned in the approval, this standard is met.

E. Vehicular and pedestrian circulation, including walkways, interior drives, and parking in terms of location and number of access points to the public streets, width of interior drives and access points, general interior circulation, separation of pedestrian and vehicular traffic and arrangement and amount of parking.

Vehicular and bicycle parking minimums are met per zoning ordinance. Existing pedestrian facilities are along the north side of Palomino Road and are proposed to be installed near the proposed building. This standard is met.

F. Protection of adjacent and neighboring properties through reasonable provision for surface water drainage, sound and sight buffers, preservation of views, light, and air and those aspects of design not adequately covered by other regulations which may have substantial effects on neighboring land uses.

Lighting will not spill onto adjacent properties; a condition of approval will be to install landscaping along the west property line to provide a buffer to the closest neighbors. The City Engineer has reviewed the proposed stormwater plan and has recommended approval with conditions stipulated in Exhibit A. Given the conditions imposed are provided, this standard is met.

G. Consistency with the City's Engineering Design standards as adopted by Resolution of the City Council.

The City Engineer has reviewed the proposed stormwater plan and has recommended approval with conditions stipulated in Exhibit A. Given the conditions imposed are provided, this standard is met.

Other Considerations: *General Retail* is a permitted use in this zoning district. It's important that the Plan Commission and City Council only consider the site plan, and not the use.

Notice of Public Hearing: Property owners within 350' of the subject parcel were notified of the public hearing via USPS. Additionally, notice was published in the *Isanti County News* and posted at City Hall and the Post Office.

Decision Timeline: Per MN State Statutes, the City Council must act upon this request within 60 days of receipt. The City received a complete application on February 6, 2019, the City Council must act upon this request by April 7, 2019.

City Staff Recommendation: I recommend **APPROVAL** with the following conditions:

1) Address all conditions of the City Engineers review dated March 8, 2019
2) Submit a formal landscaping plan that identifies specific species permitted by Isanti Zoning Code
    a. Provide a 2' berm along the west property line that includes a 6' privacy fence to be properly maintained
    b. Provide additional landscaping along the north-side of the building to "break-up" the exterior wall.

3) Move loading dock entry from the south building elevation to the west building elevation
4) Sign permits are applied for and granted consistent with the City's Sign Code

RESOLUTION NO. 2019-XXX

A RESOLUTION APPROVING THE SITE PLAN/BUILDING APPEARANCE FOR A DOLLAR GENERAL ON PID 16.029.0900

WHEREAS, Overland Engineering, LLC, on behalf of Dollar General (applicant) is requesting a Site Plan/Building Appearance approval for the construction of a Dollar General; and,

WHEREAS, such request is located on the parcel legally described in "Exhibit 1" attached hereto (subject parcel); and,

WHEREAS, the subject parcel is located in the "B-2" General Business District and is subject to the additional requirements of the "TH-65" Trunk Highway 65 Overlay Zoning District, in both of the Zoning Districts *General Retail Establishments* are a permitted use; and,

WHEREAS, under Isanti Zoning Code Section 18, Subd. 2(A) the construction of a new building is required to obtain approval of the Site Plan/Building Appearance; and,

WHEREAS, the City of Isanti Planning Commission conducted a public hearing on the proposed Site Plan/Building Appearance on March 19, 2019; and,

WHEREAS, property owners within 350' of the subject parcel were notified of said public hearing as required by Isanti Zoning Code. Additionally, proper notification of said public hearing was published in the *Isanti County News* and posted at City Hall and the Isanti Post Office; and,

WHEREAS, the City of Isanti Planning Commission recommended approval of the Site Plan/Building Appearance on May 21, 2019; and,

WHEREAS, the City of Isanti City Council reviewed the requested Site Plan/Building Appearance at its regularly scheduled meeting on June 4, 2019.

NOW, THEREFORE, BE IT RESOLVED BY THE CITY COUNCIL OF THE CITY OF ISANTI, MINNESOTA, that it adopts the Findings of Fact and Conclusion related to the requested Site Plan/Building Appearance, attached as "Exhibit 2" hereto.

BE IT FURTHER RESOLVED that the requested Site Plan/Building Appearance be hereby **APPROVED** subject to the following conditions:

1) Address all conditions of the City Engineers review dated March 8, 2019
2) Submit a formal landscaping plan that identifies specific species permitted by Isanti Zoning Code
    a. Provide a 2' berm along the west property line that includes a 6' privacy fence to be properly maintained
    b. Provide additional landscaping along the north-side of the building to "break-up" the exterior wall.
3) Move loading dock entry from the south building elevation to the west building elevation

4) Sign permits are applied for and granted consistent with the City's Sign Code

This Resolution is hereby approved by the Isanti City Council this 4th day of June, 2019

FINDINGS OF FACT AND CONCLUSION

FINDINGS OF FACT AND CONCLUSION

Site Plan/Building Appearance – Dollar General

March 19, 2019
Prepared by Contract City Planner Ryan Kernosky

Request

Overland Engineering, LLC on behalf of Dollar General has submitted a complete request and has paid all applicable fees for a Site Plan/Building Appearance to construct a Dollar General on the parcel legally described in Exhibit 1.

Findings of Fact

1. The applicant has made application and paid all applicable fees for Site Plan/Building Appearance for a proposed Dollar General.

2. The property is legally described in Exhibit 1, attached hereto, but it more commonly referred to as PID 16.029.0900.

3. The property is zoned "B-2" General Business District and is subject to additional restrictions of the "TH-65" Trunk Highway 65 Overlay Zoning District.

4. Said development is considered a *General Retail Establishment* of which is a permitted use in both the "B-2" and "TH-65" Zoning Districts.

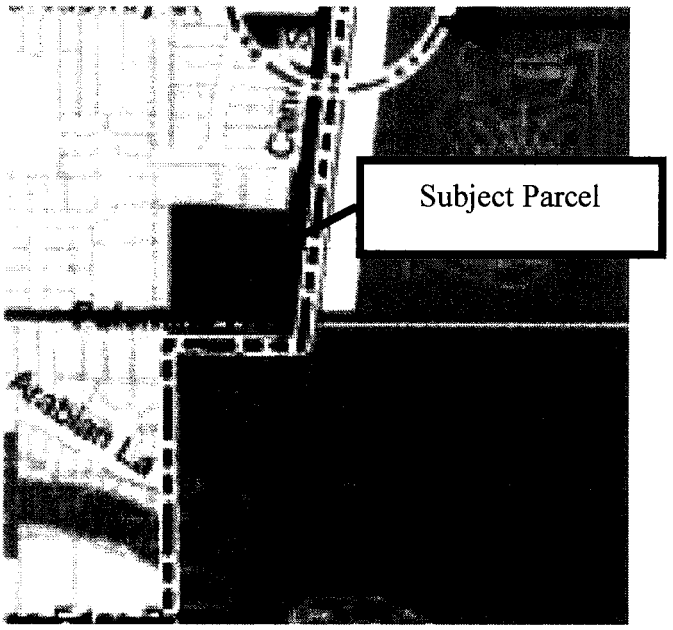
5. Consistent with Section 18, Subd. 6(C) of the Isanti Zoning Ordinance, a public hearing was held on March 19, 2019 before the Isanti Planning Commission. All property owners within 350' of the subject parcel were notified of said public hearing, and proper postings in the *Isanti County News*, City Hall, and Isanti Post Office occurred.

6. The applicant submitted the application for Site Plan/Building Appearance on February 6, 2019.

7. Section 18, Subd. 7 of the Zoning Ordinance specifically regulates Site Plan Review Standards. Those standards are discussed below with staff comments to each section *italicized*:

   A. Consistency with the elements and objectives of the City's development guides, including the comprehensive plan.
   The proposed development meets or exceeds the development guides of the TH-65 overlay district and the B-2 "General Commercial" Zoning District. The City's 2008 Comprehensive Plan update identifies this parcel for "General Commercial" development as identified below:

EXHIBIT 2
FINDINGS OF FACT AND CONCLUSION



The standards of this subsection are met.

B. Consistency with City Codes.

As identified throughout this staff report, the proposed development meets or exceeds City Codes and Ordinances. Areas that may not meet City Codes and Ordinances are addressed under conditions of approval. The standards of this condition are met.

C. Preservation of the site in its natural state to the extent practicable by minimizing tree and soil removal and designing grade changes to be in keeping with the general appearance of neighboring developed or developing areas.

The majority of development will occur in the southern half of the subject parcel. A small stand of trees is along the western lot line of the parcel and are retained through the development. This standard is met.

D. The amount and location of open space and landscaping.

Plenty of open space is retained on the north half of the parcel. A landscaping plan has been submitted but is not considered complete given the lack of identified species of plants and trees. Additionally, the interior parking lot landscaping is exceeding the five percent minimum required. Given a complete landscaping plan is submitted to the City as conditioned in the approval, this standard is met.

E. Vehicular and pedestrian circulation, including walkways, interior drives, and parking in terms of location and number of access points to the public streets, width of interior drives and access points, general interior circulation, separation of pedestrian and vehicular traffic and arrangement and amount of parking.

Vehicular and bicycle parking minimums are met per zoning ordinance. Existing pedestrian facilities are along the north side of Palomino Road and are proposed to be installed near the proposed building. This standard is met.

F. Protection of adjacent and neighboring properties through reasonable provision for surface water drainage, sound and sight buffers, preservation of views, light, and air and those aspects of design not adequately covered by other regulations which may have substantial effects on neighboring land uses.

Lighting will not spill onto adjacent properties; a condition of approval will be to install landscaping along the west property line to provide a buffer to the closest neighbors. The City Engineer has reviewed the proposed stormwater plan and has recommended approval with conditions stipulated in Exhibit A. Given the conditions imposed are provided, this standard is met.

G. Consistency with the City's Engineering Design standards as adopted by Resolution of the City Council.

The City Engineer has reviewed the proposed stormwater plan and has recommended approval with conditions stipulated in Exhibit A. Given the conditions imposed are provided, this standard is met.

Conclusions

1. The development of the property would appear to meet the lot requirements and setback requirements as provided within the zoning ordinance for properties located within the "B-2" General Business District and "TH-65" Trunk Highway Overlay Zoning District.
2. The development of the property would appear to meet the building design and aesthetic standards outlined in the "B-2" General Business District and "TH-65" Trunk Highway Overlay Zoning District.

Decision

The Planning Commission held a public hearing on the item at the May 21, 2019 regularly scheduled meeting. It was the recommendation of the City of Isanti Planning Commission to approve the Site Plan/Building Appearance with the conditions enclosed within the Resolution. The meeting minutes, staff memo and exhibits will be made part of the Findings of Facts and Conclusions.

GENERAL SITE UTILITY SPECIFICATIONS AND NOTES

1	THESE PLANS AND SPECIFICATIONS ARE EACH PART OF AN INTEGRATED DESIGN SYSTEM. ANY MODIFICATION, ALTERATION, CHANGE, DELETION, ADDITION, OR SUBSTITUTION, OF OR TO ANY PART OF THE PLANS OR SPECIFICATION COULD RESULT IN PROPERTY DAMAGE, INJURY, OR EVEN DEATH, AND REQUIRES A FULL REVIEW OF THE CHANGE (S) TO BY A PROFESSIONAL ENGINEER. ANY UNAUTHORIZED MODIFICATION OF THIS DOCUMENT MAY CONSTITUTE UNLICENSED PRACTICE AS A PROFESSIONAL ENGINEER AND MAY VIOLATE LAWS REGULATING THE PRACTICE OF ENGINEERING.
2	[redacted]
3	THE ENGINEER IS NOT RESPONSIBLE FOR FIELD ACTIVITIES ON THIS PROJECT WITHOUT DIRECT INSPECTION OF WORK IN PROGRESS.
4	CONTRACTOR IS TO VISIT THE SITE AND FAMILIARIZE HIMSELF WITH ALL ON-SITE CONDITIONS, VERIFY ALL DIMENSIONS AND LOCATIONS OF EXISTING CONDITIONS, AND MAKE CONNECTIONS TO LOCAL UTILITY COMPANY REQUIREMENTS AND IN ACCORDANCE WITH ALL APPLICABLE CODES AND REQUIREMENTS. THE CONTRACTOR IS TO CONTACT THE LOCAL UTILITY COMPANY(S) & TO CONFIRM THE SCOPE OF RESPONSIBILITY FOR ALL UTILITY CONNECTIONS.
5	IT SHALL BE THE CONTRACTOR'S RESPONSIBILITY TO ARRANGE FOR CONNECTION AND TO COORDINATE ALL UTILITY SERVICES TO THE FACILITIES/BUILDING. THE CONTRACTOR IS TO INCLUDE ALL COSTS, FEES, CHARGES, ETC., ASSOCIATED WITH THE CONNECTION OF NEW SERVICES FOR IN THE EVENT OF RENOVATIONS TO AN EXISTING BUILDING, MODIFICATIONS TO EXISTING SERVICES FOR THE BUILDING, ALL WORK IS TO BE DONE IN ACCORDANCE WITH ALL LOCAL CODES, THE UTILITY COMPANY(S) STANDARDS, AND THE CURRENT BUILDING CODE. COORDINATE ALL ROUGH-INS WITH THE OWNER.
6	WATER SERVICE: CONTRACTOR SHALL COORDINATE WITH ARCHITECT AND OWNER TO ARRANGE FOR WATER SERVICE AS INDICATED ON DRAWINGS. CONTRACTOR SHALL CONTACT THE LOCAL WATER DEPARTMENT AND ARRANGE FOR WATER SERVICE AS INDICATED ON DRAWINGS. INCLUDE ALL COSTS, CHARGES, FEES, ETC., INCURRED BY LOCAL AUTHORITIES INTO BID. PROVIDE ALL MATERIALS AS REQUIRED BY LOCAL AUTHORITIES FOR WATER SERVICE INSTALLATION. ALL WORK SHALL BE IN ACCORDANCE WITH THE CURRENT PLUMBING CODE AND WITH THE REQUIREMENTS OF LOCAL AUTHORITIES. IT IS THE CONTRACTOR'S RESPONSIBILITY TO CONFIRM WHAT IS OR IS NOT PROVIDED BY THE UTILITY COMPANY AND TO INCLUDE ALL COSTS TO PROVIDE A WATER TAP/CONNECTION INTO HIS BID.
7	NATURAL GAS SERVICE: CONTRACTOR SHALL COORDINATE WITH ARCHITECT AND OWNER TO ARRANGE FOR GAS SERVICE AS INDICATED ON DRAWINGS. CONTRACTOR SHALL CONTACT THE LOCAL GAS DEPARTMENT AND ARRANGE FOR GAS SERVICE AS INDICATED ON DRAWINGS. INCLUDE ALL COSTS, CHARGES, FEES, ETC., INCURRED BY LOCAL AUTHORITIES INTO BID. PROVIDE ALL MATERIALS AS REQUIRED BY LOCAL AUTHORITIES FOR GAS SERVICE INSTALLATION. ALL WORK SHALL BE IN ACCORDANCE WITH THE CURRENT FUEL GAS CODE AND WITH THE REQUIREMENTS OF LOCAL AUTHORITIES. NORMALLY THE UTILITY COMPANY SHALL MAKE THE MAIN TAP AND PROVIDE THE METER AND METER MANIFOLD AS WELL AS ALL PIPING, TRENCHING AND BACKFILL FROM THE GAS MAIN TO THE METER. NORMALLY THE CONTRACTOR SHALL PROVIDE ALL PIPING FROM THE METER TO THE PUTTURES. IT IS THE CONTRACTORS RESPONSIBILITY TO CONFIRM WHAT IS OR IS NOT PROVIDED BY THE UTILITY COMPANY AND TO INCLUDE ALL COSTS TO PROVIDE A COMPLETE GAS TAP/CONNECTION INTO HIS BID.
8	SEWER SERVICE: CONTRACTOR SHALL COORDINATE WITH ARCHITECT AND OWNER TO ARRANGE FOR SEWER SERVICE AS INDICATED ON DRAWINGS. CONTACT THE LOCAL PLUMBING INSPECTOR AND ARRANGE FOR SEWER SERVICE AS INDICATED ON DRAWINGS. INCLUDE ALL COSTS, CHARGES, FEES, ETC., INCURRED BY LOCAL AUTHORITIES INTO BID. PROVIDE ALL MATERIALS AS REQUIRED BY LOCAL AUTHORITIES FOR SEWER SERVICE INSTALLATION. ALL WORK SHALL BE IN ACCORDANCE WITH THE CURRENT INTERNATIONAL PLUMBING CODE (IPC) AND WITH THE REQUIREMENTS OF LOCAL AUTHORITIES. NORMALLY THE CONTRACTOR SHALL MAKE THE SEWER TAP, BE RESPONSIBLE FOR ALL PIPING AND ASSOCIATED TRENCHING, AND BACK FILL FROM THE SEWER CONNECTION POINT TO THE BUILDING. IT IS THE CONTRACTORS RESPONSIBILITY TO CONFIRM WHAT IS OR IS NOT PROVIDED BY THE UTILITY COMPANY AND TO INCLUDE ALL COST TO PROVIDE A COMPLETE SEWER SERVICE INSTALLATION/CONNECTION INTO HIS BID. PROVIDE WASTE LINE BACKWATER VALVE IN ACCESSIBLE PLACE IF EITHER TOP OF MANHOLE (UPSTREAM OR DOWNSTREAM) IS HIGHER THAN FINISHED FLOOR ELEVATION.
9	UNDER GROUND ELECTRICAL SERVICE: CONTRACTOR SHALL COORDINATE WITH ARCHITECT AND OWNER TO ARRANGE FOR ELECTRICAL SERVICE AS INDICATED ON DRAWINGS. CONTACT THE LOCAL ELECTRICAL UTILITY COMPANY AND ARRANGE FOR ELECTRICAL SERVICE AS INDICATED ON DRAWINGS. INCLUDE ALL COSTS, CHARGES, FEES, ETC., INCURRED BY UTILITY COMPANY INTO BID. PROVIDE ALL MATERIALS AS REQUIRED BY LOCAL AUTHORITIES FOR ELECTRIC SERVICE INSTALLATION. ALL WORK SHALL BE IN ACCORDANCE WITH THE REQUIREMENTS OF THE CURRENT NATIONAL ELECTRICAL CODE (NEC), WITH THE CURRENT NFPA LIFE SAFETY CODE, AND WITH THE REQUIREMENTS OF LOCAL AUTHORITIES. NORMALLY THE UTILITY COMPANY SHALL PROVIDE THE PAD MOUNTED TRANSFORMER, METER, AND PRIMARY WIRING. NORMALLY THE CONTRACTOR SHALL PROVIDE THE CONCRETE PAD FOR THE TRANSFORMER, THE CT CABINET, METER BASE, ASSOCIATED TRENCHING AND BACKFILL FROM THE ELECTRIC JUNCTION CABINET TO THE TRANSFORMER. AS WELL AS ALL CONDUIT AND WIRE FROM THE TRANSFORMER TO THE CT CABINET AND FROM BUILDING ELECTRIC SERVICE AS SHOWN ON THE ELECTRIC SERVICE RISER ON DRAWING. IT IS THE CONTRACTORS RESPONSIBILITY TO CONFIRM WHAT IS OR IS NOT PROVIDED BY THE UTILITY COMPANY AND TO INCLUDE ALL COST TO PROVIDE A COMPLETE ELECTRICAL CONNECTION INTO HIS BID. THE PROVISIONING OF SITE EXTERIOR LIGHTING WILL BE A MAXIMUM OF 1-FOOT CANDLE ON THE PROPERTY LINE, WITH AN AVERAGE OF 1-FOOT CANDLE OVER THE EXTERIOR PROPERTY. NOTE THAT THE WALL-PACK ARE SPECIFIED TO HAVE SHIELDS TO COMPLY WITH THE LIGHT TO TRESPASS PROPERTY.
10	SERVICE VALVES (SHUT OFF VALVES) LOCATED IN AN ACCESSIBLE, SERVICEABLE LOCATION ARE TO BE PROVIDED FOR HOME USES.
11	TELEPHONE SERVICE: CONTRACTOR SHALL COORDINATE WITH ARCHITECT AND OWNER TO ARRANGE FOR TELEPHONE SERVICE AS INDICATED ON DRAWINGS. CONTRACTOR SHALL CONTACT THE LOCAL TELEPHONE COMPANY AND ARRANGE FOR TELEPHONE SERVICE AS INDICATED ON DRAWINGS. INCLUDE ALL COSTS, CHARGES FEES, ETC., INCURRED BY TELEPHONE COMPANY INTO BID THE CONTRACTOR SHALL PROVIDE A 4" CONDUIT AS SHOWN ON THE PLANS FOR USE BY THE UTILITY COMPANY IN BRINGING TELEPHONE SERVICE INTO THE BUILDING, PROVIDE A 4' x 8' x 3/4" THICK EXTERIOR GRADE PLYWOOD PANEL FOR MOUNTING COMMUNICATION EQUIPMENT. PANEL TO BE PAINTED WHITE (FIRE RESISTANT PAINT).
12	CABLE SERVICE: CONTRACTOR SHALL COORDINATE WITH ARCHITECT AND OWNER TO ARRANGE FOR CABLE SERVICE AS INDICATED ON DRAWINGS. CONTRACTOR SHALL PROVIDE A ROUGH-IN CONDUIT FOR CABLE SERVICE AS INDICATED ON DRAWINGS. THE CONTRACTOR SHALL PROVIDE AN EMPTY 4" CONDUIT AS SHOWN ON THE PLANS FOR USE BY THE UTILITY COMPANY IN BRINGING CABLE SERVICE INTO THE BUILDING.
13	SPECIFICATION REQUIREMENTS ARE THAT THE DIFFERENT TRADES ARE TO COORDINATE WITH EACH OTHER. THE MECHANICAL CONTRACTOR IS TO LOOK AT AND BE FAMILIAR WITH THE PLUMBING AND ELECTRICAL SHEETS. THE PLUMBING CONTRACTOR IS TO LOOK AT AND BE FAMILIAR WITH THE MECHANICAL AND ELECTRICAL SHEETS. THE ELECTRICAL CONTRACTOR IS TO LOOK AT AND BE FAMILIAR WITH THE PLUMBING AND MECHANICAL SHEETS.
14	CONTRACTORS ARE TO VISIT THE JOBSITE, TO INSPECT ANY AND ALL EQUIPMENT AT THE SITE, TO INSPECT ANY AND ALL EQUIPMENT ONLY IS BEING PURCHASED AND/OR MOVED FROM ANOTHER LOCATION OR SITE TO THE NEW SITE, TO CHECK ANY AND ALL MEASURES AND TO VERIFY UTILITY REQUIREMENTS, THEN TO VERIFY, CONFIRM AND COORDINATE WITH THE DRAWINGS. DISCREPANCIES ARE TO BE COORDINATED WITH THE ENGINEER. CONTRACTOR INSPECTIONS AND VERIFICATIONS MUST BE PRIOR TO PREPARING THE NEW SITE.
15	SPECIFICATION REQUIREMENTS ARE THAT THE DIFFERENT TRADES ARE TO COORDINATE WITH EACH OTHER, THE MECHANICAL, PLUMBING, AND ELECTRICAL CONTRACTORS ARE TO LOOK AT AND BE FAMILIAR WITH THE SITE UTILITY SHEETS. COORDINATE DOES NOT MEAN YOU HIRE FIRST.

MEMORANDUM

Date: May 30, 2019

To: Josi Wood, City Administrator

From: Jason W Cook, P.E.
Assistant City Engineer

Subject: Annexed Parcel Service Extensions - Engineering Services
City of Isanti, MN
Project No.: R13.118565

Pursuant to your authorization, we have prepared a utility access study for those parcels annexed into the City with sewer and watermain adjacent to their property. Included in this report are exhibits depicting the proposed improvements, estimated costs and discussions regarding funding.

The Committee of a Whole has reviewed this report and recommends Council approval.

Should the Mayor and City Council elect to move forward with the improvements recommended in the Study, Bolton & Menk, Inc proposes to complete the following scope of services to enable the project to be completed:

- Prepare Plans and Specifications
- Advertise for bids
- Obtain required permits
- Prepare the recommendation to Council to award the bid
- Hold a preconstruction meeting
- Perform construction observation and surveying during the project
- Perform construction administration during the project
- Prepare the final close out documents
- Create as-built drawings of the improvements.

We recommend the following schedule to keep the project on schedule to be constructed this summer:

1) June 18, 2019 — City Council approves plans and orders advertisement of bids
2) July 10, 2019 — Open Bids
3) July 16, 2019 — City Council awards bid
4) August – November, 2018 — Project construction

We propose to assist the City in completing the project in accordance with the scope of services, for an hourly, not-to-exceed fee of $27,716.00. These fees were included in the estimated project costs in the Study.

I will be at the June 4, 2019 City Council meeting to discuss this report and respond to any questions you have concerning this project. Feel free to contact me with any questions prior to the meeting.

Bolton & Menk is an equal opportunity employer

RESOLUTION NO. 2019-_____

RESOLUTION AUTHORIZING PREPARATION OF PLANS ON THE ANNEXED PARCEL SERVICE ACCESS IMPROVEMENT PROJECT

WHEREAS, the City Council ordered the development of a study to evaluate the cost to extend sanitary sewer or water service to parcels that were recently annexed into the City and were described as having immediate access to either sewer or water service, and,

WHEREAS, the City Council defined immediate access as having a service stub extended to the property line of the parcel in question, and,

WHEREAS, Bolton & Menk, have completed this study and presented it to the Committee of a Whole, and,

WHEREAS, the Committee of a Whole recommends approving the study and authorizing the development of plans and specification as recommended in the study at the engineering fees listed in the study.

NOW, THEREFORE, IT IS HEREBY RESOLVED by the City Council of the City Of Isanti, Minnesota as follows:

1. Bolton & Menk, Inc., as the City Engineer, is hereby designated as the engineer for this improvement and shall prepare plans and specifications for the making of such improvement at the fees listed in the report and the supporting memo.

This resolution was duly adopted by the Isanti City Council this 4th day of June 2019.

Request for City Council Action

To: **Mayor Johnson and Members City Council**
From: Sheila Sellman, Community Development Director
Date: **June 4, 2019**
Subject: **RESOLUTION 2019-XXX CONSIDERATION OF SAC AND WAC FEES FOR VILLAGES ON THE RUM**

Background:
Villages on the Rum was platted in 2002 with 261 lots with a mix of housing styles from Single family detached, townhomes and bayhomes. Thirty-two lots are left undeveloped, these lots were platted for townhomes. The streets are private and have been installed, utilities are installed and two hook ups are stubbed at each lot.

Request:
Jason Semler of Semler Construction has been in discussions with City Staff to replat the remaining lots into single family lots reducing the lots from 32 to 16. SAC and WAC charges have been part of the discussions. Per past direction it is staff's understanding that 2 connection charges apply to each lot since they were platted and prepped for two connections. Semler is requesting to only pay one connection charge per lot since they are only going to use one of the connections. The SAC charge is $3,281 and the WAC charge is $2,613. If they were charged for 2 connections the total cost would be $188,608.00 If charged with one connection the total would be $94,304.00.

The Committee of the Whole discussed this item and talked about this at the last meeting and staff is now requesting a formal decision.

RESOLUTION 2019-XXX

A RESOLUTION DETERMINING SAC AND WAC FEES FOR VILLAGES ON THE RUM ADDITION

WHEREAS, Villages on the Rum was platted in 2002 with 261 lots with a mix of housing types; and,

WHEREAS, thirty-two townhome lots are left undeveloped with utilities installed; and,

WHEREAS, each remaining lot has two water/sewer hook ups; and,

WHEREAS, an inquiry was made by a developer to develop the remaining lots as single-family homes, which would require a replat; and,

WHEREAS, the developer requested to be charged one SAC and WAC fee per lot; and,

WHEREAS, the development was built with two connections and the city was expecting to collect fees on both; and,

WHEREAS, the utilities were privately installed; and,

WHEREAS, the City Council can determine how many units will be charged with development;

NOW, THEREFORE, BE IT RESOLVED by the City of Isanti, Minnesota, that the SAC and WAC charges for the remaining lots in Villages on the Rum if platted into single family lots shall be _____for SAC and _____WAC.

This Resolution is hereby approved by the Isanti City Council this 4th day of June 2019.

Date: June 4, 2019
Subject: RESOLUTION 2019-XXX APPROVING AN EXTENSION TO THE CUP AND SITE PLAN TO OPERATE A RETREAT CENTER AND HOBBY FARM ON PROPERTY LOCATED AT 27498 POLK NE STREET ISANTI, MN PID 16.006.0506

Background:
In 2018, a Conditional Use Permit (CUP) Amendment and Site Plan Amendment was approved for Circle B Ranch and The Nest development with Conditions. According to City Code if, within one year after a conditional use permit has been granted, the permitted work has not been completed, the such permits shall become null and void without further action, unless a petition for extension has been granted by the City Council, this also applies to the site plan. Said CUP and site plan expired on May 1, 2019. Brennan Cox has requested an extension.

According to Cox he has been making progress towards completing the conditions and has applied for a building permit. Since the use itself is not in place staff determined an extension is necessary.

Four out of the 9 conditions have been met, the other 5 cannot be completed until the building is in place, therefore an extension in needed. The applicant has shown a good faith effort to complete the project and missed the deadline by one month. A building permit is in for review, if the extension is not granted the application will have to start the process over again and this will push the project back to July at the earliest.

Recommendation:
Staff recommends to approve a onetime extension to May 1, 2020.

Subject: Request for New Terms on Previously Deferred Assessment

---

Background:

Resolutions 2006-288 and 2007-258 approved assessments on parcel 16.029.2310 (05.029.2300 prior to annexation) in the amounts of $4,775.93 and $150,099.43 respectively. Both resolutions called for deferral until annexed. The 2007 assessment called for the entire amount plus accrued interest to be due immediately if annexed in 2017 or later. This assessment and the resulting accrued interest represent the bulk of the taxes due on parcel 16.029.2310

Request:

Owner Irfan Habib is requesting (attached) that late fees be removed and that payments be capped at $60,000 per year.

Either removing late fees on an assessment and/or modifying the terms would require abating the assessment(s) entirely and reassessing.

RESOLUTION NO. 2006-288

RESOLUTION ADOPTING ASSESSMENT FOR THE 2006 SE QUADRANT SEWER IMPROVEMENT PROJECT

WHEREAS, pursuant to proper notice duly given as required by law, the council has met and heard and passed upon all objections to the proposed assessment for the 2006 SE Quadrant Sewer Extension Improvement project and described herein the construction of a sewer utility from the west end of Sun Prairie Boulevard and extending to the Lake State Federal Credit Union property located at the southeast intersection of State Hwy 65 and County Road 5 to provide service to properties to the north and south of C.S.A.H. 5 from the point of its inception at Sun Prairie Boulevard and westerly to the southeast quadrant of Highway 65 and County Road 5.

NOW THEREFORE, BE IT RESOLVED BY THE CITY COUNCIL OF ISANTI, MINNESOTA:

1. Such proposed assessment, a copy of which is attached hereto and made a part hereof, is hereby accepted and shall constitute the special assessment against the lands named therein, and each tract of land therein included is hereby found to be benefited by the proposed improvement in the amount of the assessment levied against it.

2. Such assessment shall be payable in equal annual installments extending over a period of ten (10) years, the first of the installments to be payable on or before May 15, 2007, and shall bear interest at the rate of 5.65 percent per annum from January 1, 2007. To the first installment shall be added interest on the entire assessment from January 1, 2007 until December 31, 2007. To each subsequent installment when due shall be added interest for one year on all unpaid installments.

3. The owner of any property so assessed may, at any time prior to certification of the assessment to the county auditor, pay the whole of the assessment on such property, with interest accrued to the date of payment, to the city treasurer, except that no interest shall be charged if the entire assessment is paid within 30 days from the adoption of this resolution; and may, at any time thereafter, pay to the city treasurer the entire amount of the assessment remaining unpaid, with interest accrued to December 31 of the year in which such payment is made. Such payment must be made before December 22 or interest will be charged through December 31 of the next succeeding year.

4. The owner of any property that is outside of the city limits shall have assessments deferred until such time as the property is annexed into the city. Once the property is annexed into the city, interest shall accrue at a rate of 5.65 percent on the principal amount of all outstanding assessments. The term of the repayment of the assessments shall not be greater than ten (10) years.

5. The clerk shall forthwith transmit a certified duplicate of this assessment to the county auditor to be extended on the property tax lists of the county. Such assessments shall be collected and paid over in the same manner as other municipal taxes.

This resolution is hereby adopted by the City Council of Isanti, Minnesota this 21st day of November, 2006.

RESOLUTION NO. 2007-258

RESOLUTION ADOPTING ASSESSMENT FOR THE 2007 SE QUADRANT STREET IMPROVEMENT PROJECT

WHEREAS, pursuant to proper notice duly given as required by law, the council has met and heard and passed upon all objections to the proposed assessment for the 2007 SE Quadrant Street Improvement project and described herein the construction of 6th Avenue NE (formerly known as 'Amber Street') from C.S.A.H. No. 5 south approximately 1,330-feet to the south property line of Isanti Commons and west to T.H. 65 along the Lake State Federal Credit Union (LSFCU) property line (Broadway Street) approximately 500-feet; and the East Extension from 6th Avenue NE Street east along the Habib and Halverson property lines (Oakwood Street) approximately 400-feet to the east Habib property line.

NOW THEREFORE, BE IT RESOLVED BY THE CITY COUNCIL OF ISANTI, MINNESOTA:

1. Such proposed assessment, a copy of which is attached hereto and made a part hereof, is hereby accepted and shall constitute the special assessment against the lands named therein, and each tract of land therein included is hereby found to be benefited by the proposed improvement in the amount of the assessment levied against it.

2. Such assessment shall be payable in equal annual installments extending over a period of ten (10) years, the first of the installments to be payable on or before the first Monday in January, and shall bear interest at the rate of 5.75 percent per annum from January 1, 2008. To the first installment shall be added interest on the entire assessment from the date of this resolution until December 31, 2008. To each subsequent installment when due shall be added interest for one year on all unpaid installments.

3. The owner of any property so assessed may, at any time prior to certification of the assessment to the county auditor, pay the whole of the assessment on such property, with interest accrued to the date of payment, to the city treasurer, except that no interest shall be charged if the entire assessment is paid within 30 days from the adoption of this resolution; and may, at any time thereafter, pay to the city treasurer the entire amount of the assessment remaining unpaid, with interest accrued to December 31 of the year in which such payment is made. Such payment must be made before November 15 or interest will be charged through December 31 of the next succeeding year.

4. The owner of any benefiting property that is outside of the city limits shall have assessments deferred until such time as the property is annexed into the city. Interest shall accrue on outstanding principal balances at the rate of 5.75 percent per annum from the date of this resolution until the entire balance has been paid. Once the property is annexed into the city, the assessment and accrued interest are due and payable. Any prepayments of principal and accrued interest applicable to such

deferred assessment shall be payable to the City of Isanti. All payments shall first be applied to accrued interest and the balance to principal reduction. Any prepayments of principal and accrued interest applicable to such deferred assessment shall be payable to the City of Isanti. Such assessment shall be payable over a period of time as they then be designated by the City Council, but in no event shall the final payment of said assessment be due later than 2017, which is the final due date for the non-deferred assessments pertaining to this project, except that in the event the property is not annexed until 2017 or thereafter, the entire principal balance and accrued interest pertaining to said deferred assessment shall be immediately due and payable at the time of such annexation.

5. The clerk shall forthwith transmit a certified duplicate of this assessment to the county auditor to be extended on the property tax lists of the county. Such assessments shall be collected and paid over in the same manner as other municipal taxes.

This resolution is hereby adopted by the City Council of Isanti, Minnesota this 6th day of November 2007.

RESOLUTION 2019-XXX

APPROVE PLACEMENT OF STOP SIGNS AT THE INTERSECTIONS OF 1ST AND BROADWAY AND COTTONWOOD AND 4TH

WHEREAS, a request was received for consideration of placing stop signs on Broadway St SW at the intersection of 1st Ave SW and Cottonwood SW at the intersection of 4th Ave; and

WHEREAS, the intersection of 1st Ave SW and Broadway St SW does not have any traffic control signs; and

WHEREAS, the intersection of 4th Ave SW and Cottonwood SW has a yield sign at Cottonwood St SW; and

WHEREAS, the City Engineer and City Staff have reviewed the request for stop signs at the above mentioned intersections, and recommending placement of two stop signs on Broadway St SW and one stop sign on Cottonwood St SW to be consistent with neighboring streets for continuity; and

NOW, THEREFORE, IT IS HEREBY RESOLVED by the City Council of the City of Isanti, Minnesota to approve placement of two stop signs on Broadway St SW at the intersection of 1st Ave SW and one stop sign on Cottonwood St SW at the intersection of 4th Ave SW.

This resolution was duly adopted by the Isanti City Council this 4th day of June, 2019.

Memo for City Council

To: **Mayor Johnson and Members of the City Council**
From: Jenny Garvey, Parks, Recreation and Culture Manager
Date: June 4, 2019
Subject: Resolution Approving Rum River BMX to add pavement to walking areas inside the Isanti Indoor Arena

---

Rum River BMX has asked for permission and is in the process of getting building permits to install pavement to the walk area inside of Isanti Indoor Arena, that would be done in two phases. Staff has attached a drawing of the area proposed to incorporate into a pavement walkway. Staff has provided direction and per the lease agreement to the Rum River BMX Association that the walkway needs to meet ADA compliance.

MEETING MINUTES
May 28, 2019
City Council Chambers

1. Meeting Opening.

A. Call to Order.

B. Pledge of Allegiance
Everyone stood for the Pledge of Allegiance

C. Roll Call
Members Present: James Witte, Aaron Zdon, and Mayor Johnson
Staff Present: Jenny Garvey, Parks, Recreation and Culture Manager,

D. Agenda Modifications
Zdon asked if there were any agenda modifications, no modifications, Motion by Witte, seconded by Mayor Johnson; all in favor; the motion passed.

2. Approval of Minutes from April 23, 2019, Parks, Recreation, and Culture Board Meeting
Motion by Witte and second by Mayor Johnson; all in favor. Minutes were unanimously approved.

3. Unity Park Proposal
Garvey reported that Unity Park had previous approval of adding trees to the parking lot edge along the ballfield to assist with cars not parking on the grass. Garvey asked the board to re-examine that option and shared a new option that staff found that would entail less maintenance and upkeep that the tree option would. Garvey proposed to the board the rock edge option and provided a picture of the idea, Garvey stated that planting young trees could be damaged and pruning would be an item that would be necessary for years to come. The rock edge option fits within the budget. Zdon, Witte and Mayor Johnson agreed that this was a nice option and less maintenance was needed. Johnson motioned that we amend the proposal to install trees at Unity park and change the proposal to install the rock/boulder edge along the parking lot, second by Witte; the motion passed.

4. Park Visit Summary
Garvey reviewed the list compiled of what projects and maintenance items were from the tours the board members took and reported at the April 23 meeting. .

5. Painting Plow Blades

Garvey reported that four local schools took place in this project and noted that within the packet are two pictures of ones that are being worked on and that the blades will be picked up in the next couple of weeks and the finished blades will be on display at Celebrate Isanti Day, August 17th.

6. Parks Update

Garvey reviewed that the Farmers Market will be Fridays May 31 –Sept 21 2-6pm and that PW was able to get the curb cut for easier access for vendors. Garvey also reviewed that the Passports to parks event will be back this summer with a kick off event June 20th at Bluebird park. Garvey further reviewed that the street dances will be June 22 – Hitchville, July 20 – Audio Circus and Aug 17 – Good for Gary and vendors are already signing up and our Platinum sponsors this year are Kwik Trip and Dahlheimer Distributing. Garvey also mentioned that the Community Gardens are full and opened on May 11 and staff is working on adding a few more plots as interest is there. The dog park is open and the grand opening will be held Wed June 12 at 11am, the bench is in the park and signs will be going up. Johnson asked if another bench was going to be added and Zdon also questioned this and said he has heard from the public if another one was going to be added. Garvey stated she had thought somewhere it was in her information that one was going to be donated, but she would look into it and see and then as budget allows to also add other amenities to the park. Garvey finished with that Bluebird park will be getting a new paint job on the larger playground equipment and this is anticipated to be closed from July 29-Aug 9.

7. Adjournment

Motion by Witte, second by Mayor Johnson to adjourn the April 23, 2019 meeting of the Parks, Recreation and Culture Board. Motion was approved.

The meeting adjourned at 6:21 PM

Dated at Isanti, Minnesota this 28th day of May, 2019.

I. PROJECT INTRODUCTION

This Preliminary Engineering Report prepared by Bolton & Menk, Inc., as authorized by the Isanti City Council, provides an initial analysis of the feasibility, cost-effectiveness, and the necessity of the proposed infrastructure improvements.

A. Background Information

On January 1, 2019 multiple parcels were annexed into the City. 17 of these parcel annexation agreements included language regarding sanitary sewer and/or water service access. This project is being considered to complete the installation of the utility services noted in the annexation agreements. The location for the parcels can be seen in Figure A in the appendix.

B. Scope

Included in this report is a description of proposed services, along with an estimated project cost at each parcel as well as an estimated cost for private work outside the right-of-way at each parcel. The specific objectives of this report are to:

- Evaluate service access to each parcel.
- Prepare a cost estimate for the proposed improvements.
    - Prepare a cost estimate for the private improvements required.
- Determine the feasibility of the improvements.

II. EXISTING CONDITIONS

10 recently annexed parcels abut a sanitary sewer main and 17 recently annexed parcels abut a watermain. A service stub for either service is proposed to be installed off of the given main and extended to the right-of-way limits for resident connection purposes. These parcels are all currently on private wells and septic systems.

III. PROPOSED IMPROVEMENTS

Sewer and Water Services

The proposed service improvements will consist of the installation of sanitary sewer service and water service where a main abuts a recently annexed parcel. The installations will provide service stubs to the right-of-way for future connection should the resident have a failing well or septic system. The following are the individual parcels and the proposed improvement at each location. These improvements are depicted in Figures 1-10 in the appendix.

1) 601 HERTIAGE BLVD NE (16.029.0801)

The proposed sanitary and water services would be installed off 6th Avenue NE and extend to the southeast corner of the property. The sewer main does not appear to be deep enough adjacent to this parcel to facilitate gravity flow from the existing building, so a private grinder pump and forcemain would be required to provide service to this property. See Figure 1 in the appendix.

2) 602 HERITAGE BLVD NE (16.029.2310)

The proposed sanitary and water services would be installed off Oakwood Street NE and extend to the south side of the property. See Figure 2 in the appendix.

3) 323 PALOMINO ROAD SE (16.032.1200)

This parcel is vacant. An existing water service stub extends to the north side of the property at Palomino Road SE. The proposed sanitary service would be extended off Palomino Road SE to the south right-of-way line. See Figure 3 in the appendix.

4) 323 PALOMINO ROAD SE (16.032.1700)

The proposed sanitary and water services would be installed off Arabian Lane SE and extend to the right-of way line along the west side of the property. See Figure 3 in the appendix.

5) 313 PALOMINO ROAD SE (16.032.3100)

This parcel already has existing stubs for both sanitary and water services. See Figure 3 in the appendix.

6) 1011 TYLER AVE SE (16. 031.3500)

The proposed water service would be installed off Railroad Avenue and extend to the east property line. Should this work wait to be constructed with the planned Tyler Street & Utility Project scheduled in the City Capital Improvement Plan for the year 2027, this service would be extended off the future watermain in Tyler Avenue at a greatly reduced cost. See Figure 4 in the appendix.

7) 1014 TYLER AVE SE (16.031.3700)

The proposed water service would be installed off Railroad Avenue and extend to the east property line. Should this work wait to be constructed with the planned Tyler Street & Utility Project scheduled in the City Capital Improvement Plan for the year 2027, this service would be extended off the future watermain in Tyler Avenue at a greatly reduced cost. See Figure 4 in the appendix.

8) 1010 TYLER AVE SE (16.031.3501)

The proposed water service would be installed off Railroad Avenue and extend to the east property line. Should this work wait to be constructed with the planned Tyler Street & Utility Project scheduled in the City Capital Improvement Plan for the year 2027, this service would be extended off the future watermain in Tyler Avenue at a greatly reduced cost. See Figure 5 in the appendix.

9) 110 SOUTH PASSAGE E (16.031.3600)

The proposed water service would be installed off South Passage and extend to the south property line. Should this work wait to be constructed with the planned Tyler Street & Utility Project scheduled in the City Capital Improvement Plan for the year 2027, this service would be extended off the future watermain in Tyler Avenue at a greatly reduced cost. See Figure 5 in the appendix.

10) 1115 TYLER AVE SE (16.031.4000)

The proposed sewer and water services would be installed off South Passage and extend to the south property line. Should this work wait to be constructed with the planned Tyler Street & Utility Project scheduled in the City Capital Improvement Plan for the year 2027, these services would be extended off the future sewer and watermain in Tyler Avenue at a greatly reduced cost. See Figure 6 in the appendix.

11) 1206 4TH AVE SW (16.031.1210)

The proposed water service would be installed off South Passage and extend to the north property line. Should this work wait to be constructed with the planned 4th Avenue Street & Utility Project scheduled in the City Capital Improvement Plan for the year 2028, this service would be extended off the future watermain in 4th Avenue at a greatly reduced cost. See Figure 7 in the appendix.

12) 1207 4TH AVE SW (16.031.1510)

The proposed sewer and water service would be installed off South Passage and extend to the north property line. The sewer main does not appear to be deep enough adjacent to this parcel to facilitate gravity flow from the existing home, so a private grinder pump and forcemain would be required to provide service to this home. Should this work wait to be constructed with the planned

4th Avenue Street & Utility Project scheduled in the City Capital Improvement Plan for the year 2028, these services would be extended off the future sewer and watermain in 4th Avenue at a greatly reduced cost. A private grinder pump would not be required if the service were to be extended off the future 4th Avenue sanitary sewer main. See Figure 7 in the appendix.

13) 503 SOUTH PASSAGE SW (16.031.0910)

The proposed water service would be installed off South Passage and extend to the north property line. See Figure 8 in the appendix.

14) 507 SOUTH PASSAGE SW (16.031.0051)

The proposed water service would be installed off South Passage and extend to the north property line. See Figure 8 in the appendix.

15) 509 SOUTH PASSAGE SW (16.031.0041)

This parcel already has existing stubs for both sanitary and water services. See figure 8 in the appendix.

16) 1107 MADISON AVE SW (16.031.2600)

The proposed sanitary and water services would be installed off Madison Avenue SW and extend to the right-of way line along the east side of the property. See figure 9 in the appendix.

17) 500 CHAPARAL TRAIL SW (16.031.3200)

The proposed sanitary and water services would be installed off Chaparal Trail SW and extend to the right-of way line along the east side of the property. See figure 10 in the appendix.

IV. APPROVALS/PERMITS

A sewer extension permit should be completed. This permit is required to verify the City wastewater treatment facility has the capacity to add the additional sanitary sewer services.

V. PRELIMINARY COST ESTIMATES

The estimated project costs are summarized in Table 1 on the following page and rounded up for estimating purposes. Detailed Preliminary Cost Estimates are included in the appendix. The unit prices for the items of work have been estimated based on similar types of projects completed in the past. The cost shown is an estimate that includes construction, surface restoration, contingencies, and engineering costs. Actual project cost would be determined through a competitive bidding process.

The project costs have been broken out per parcel and by work within the right-of-way and private work outside of the right-of-way to the building. The total project cost to provide all sewer and water services noted in the annexation agreement to the right-of-way is estimated at $241,000.

Seven of these parcels are located on future projects identified in the 2018-2028 Capital Improvement Plan. Five of these parcels are located within the proposed Tyler Ave Street & Utility Improvement project scheduled for completion in 2027. Two of these parcels are located within the proposed 4th Ave Street & Utility Improvement Project scheduled for completion in 2028.

Parcel 16.032.1200 is a vacant lot and does not require a sanitary sewer service until a home is proposed to be constructed.

Should the City elect to only construct those services that are not included in a future project, or to vacant parcels, the total project cost within the right-of-way is estimated at $134,700.

Private Sanitary Sewer Service Cost:

The average private sanitary sewer service cost from the right-of-way to the building is estimated at $11,000.

As a comparison, the estimated cost to replace a failed septic system, pump, and drain field is approximately $10,000-$20,000.

Private Water Service Cost:

The average private water service cost is estimated at $7,500.

As a comparison, the estimated cost to replace a failed well is approximately $6,000-$15,000.

VI. PROJECT SCHEDULE

An estimated project schedule is as follows:

May 21, 2019…… Committee of the Whole Reviews the Report

June 4, 2019……City Council Approve the Report and Authorize Plans and Specs

June 18, 2019…… City Council Approve Plans and Authorize Ad for Bids

July 10, 2019…….Open Bids

July 16, 2019……..….Award Project

November 22, 2019……....Final Project Completion

VII. RECOMMENDATION

Based on the findings presented in this report, the proposed improvements are necessary to provide immediate access to the recently annexed parcels.

It is recommended to construct the sewer and water services to the right-of-way of all identified parcels that are not included in future scheduled Capital Improvement Plan projects.

It is also recommended to delay the construction of the sanitary sewer service to the vacant parcel along Palomino Road until a future home is proposed to be constructed.

These improvements are found to be feasible from an engineering perspective. If the City determines these improvements are financially feasible, we recommend the City Council approve this report and authorize the preparation of final plans and specifications.

Enforcement Response Procedures

for

MS4 Permit Violations

City of Isanti, MN

2019

Under the terms of the General NPDES/SDS Permit MNR040000, the City is required to develop and implement adequate enforcement authority for illicit discharges into its Municipally Separate Storm Sewer System (MS4). The purpose of these Enforcement Response Procedures is to communicate how the enforcement tools available to the City will be used to achieve compliance. The Enforcement Response Procedures also specify criteria by which City personnel can determine the enforcement action most appropriate to instances of non-compliance. This plan is a document of the City's procedure to be followed when a construction storm water requirement, illicit discharge and post-construction violation is discovered. This plan is a guide; any of the enforcement responses may be used at the City's discretion. The City may also choose to pursue an enforcement case by skipping intermediate steps.

I. DEFINITIONS

A. City. The City of Isanti and/or the person or persons authorized and delegated authority by the Isanti City Council to act on behalf of the City of Isanti as described in this ERP.

B. Construction Storm Water General Permit. Within the context of this ordinance refers to the General Permit Authorization to Discharge Storm Water Associated with Construction Activity under the Pollutant Discharge Elimination System/State Disposal System; Permit Number MN R1000001.

C. Council. The Isanti City Council.

D. ERP. Enforcement Response Procedure adopted by resolution of the Council.

E. MPCA. Minnesota Pollution Control Agency.

F. MS4. Municipal Separate Storm Sewer System (MS4). The system of conveyances (including sidewalks, roads with drainage systems, municipal streets, catch basins, curbs, gutters, ditches, man-made channels, or storm drains) owned and operated by the City and designed or used for collecting or conveying storm water, and that is not used for collecting or conveying sewage.

G. NPDES. National Pollutant Discharge Elimination System Storm Water Discharge Permit. Means a permit issued by the MPCA under authority delegated pursuant to 33 USC § 1342(b) that authorizes the discharge of storm water to waters of the United States, whether the permit is applicable on an individual, group, or general area-wide basis.

H. Permittee. The person or persons doing work under a permit issued by the City. Where a property owner has obtained a permit for work to be done by others, either or both the property owner and the person(s) doing work under the permit may be considered the permittee under these ERPs.

I. SIC Code. Standard Industrial Classification as defined in 40 CFR § 122.26(b)(14)(i)-(xi).

J. Written Notice. Written notice shall include all communication via email, facsimile, and/or paper document.

II. DESCRIPTION OF EACH TYPE OF ENFORCEMENT RESPONSE

A. Written Notices

1. Field Compliance Order

a) Upon visiting the site, a City may observe issues on non-compliance. If the non-compliance has not yet resulted in a discharge of pollution, including sediment, the City's representative will issue a written warning, either by email or letter specifying the nature of the violation, the required corrective action and a follow-up inspection date. The Field Compliance Order will note that failure to comply resulting in a discharge of pollution is likely to result in an Administrative Citation.

2. Notice of Violation (NOV)/Administrative Citation/Permit Revocation

a) If, upon a site inspection, a City observes non-compliance that has resulted in a discharge of pollution, including sediment, the representative will issue:

(1) A Notice of Violation for discharges that can be satisfactorily corrected without evidence of property or environmental damage.

(a) The NOV will specify the nature of the violation, the required corrective action and a follow-up inspection

date.

(b) The NOV will require the party committing the violation (perpetrator) to submit an explanation of the violation and a plan for the satisfactory correction and prevention of the violation conditions, including specific required actions within 3-7 days, depending on severity.

(c) If corrective action is not satisfactorily completed by the follow-up inspection date, the City will:

(i) Revoke the current building or construction permits where applicable. Revoked permits shall only be reinstated after the permittee has reapplied for the permit, complete with a permit fee and an approved plan for preventing similar pollutant discharges.

(ii) Issue an Administrative Citation where no building or construction permits exist.

3. Consent Orders

a) Consent Orders are written agreements that allow the perpetrator to accept responsibility for the discharge and provide the opportunity to voluntarily clean-up and/or correct a pollutant or sediment discharge as a way to reduce the additional damage penalty associated with cleanup costs.

(1) Consent Orders will only be issued to perpetrators that can provide documentation verifying that the perpetrator is qualified to handle the required cleanup.

(2) The Isanti City Administrator is empowered to enter into Consent Orders with the perpetrator on behalf of the City of Isanti.

(3) Where the discharge and cleanup area affects private (third party) properties, Consent Orders must be approved by all parties affected.

b) A Consent Order will include specific corrective actions to be taken to correct the illicit or sediment discharge together with specified time periods to finish the corrective actions.

4. Administrative Citation

a) Administrative Citation procedures established herein are intended to provide the public and the City with an informal, cost effective, and expeditious method for addressing violations.

b) The City shall, upon determining that there has been a violation, notify the violator. Said notice shall set forth the nature, date and time of violation, the name of the official issuing the notice, and the amount of the scheduled penalty.

(1) Administrative Citations will depend on the extent of the damages.

(a) The minimum automatic fine shall be as set forth in the City of Isanti Municipal Fee Schedule, except that the City Administrator or Designee may waive all or part of the financial penalty for the first offense if timely and

substantial effort has been made to correct the discharge.

(b) Consent Orders as described herein may be accepted in lieu of damage penalties.

(c) In addition to Administrative Citations, the Council may recover all damages proximately caused by the violator to the City, which may include:

(i) reasonable expenses incurred in investigating violations of, and enforcing compliance with City Ordinances regulating the illicit discharge of pollutants or sediment, or any other actual damages caused by the violation.

(ii) The costs of the City's maintenance of storm water facilities when the user of such facilities fails to maintain them.

c) Once such notice is given, the alleged violator may, within five business days of the date of issuance of the notice, pay the amount set forth on the schedule of penalties for the violation, or may request a hearing in writing, as is provided for hereafter. The penalty may be paid in person or by mail, and payment shall be deemed to be an admission of the violation.

(1) Any person contesting an Administrative Citation may, within five business days of the date of issuance of the notice, request a hearing by a hearing officer who shall forthwith conduct an informal hearing to determine if a violation has occurred. The hearing officer shall have authority to dismiss the violation or reduce or waive the penalty. If the violation is sustained by the hearing officer, the violator shall pay the penalty imposed.

(2) The Council or its designee shall determine any controversy relating to Administrative Citations provided for in this article.

5. Stop Work Order

a) The City may issue a Stop Work Order effectively stopping all work on a site where there is a clear violation, continued violation, or blatant disregard for:

(1) City Ordinances regulating the illicit discharge of pollutants or sediment

(2) Building or Construction Storm Water permit requirements

(3) Previously issued Field Compliance Orders, Notices of Violation, or Administrative Citation associated with the site of the illicit or sediment discharge.

b) This order requires that the violator must comply with the order and must take appropriate remedial or preventive action as may be needed to properly address a continuing or threatened violation; including halting all operations on the site except for authorized cleanup, terminating the discharge and installing appropriate control measures.

c) If not previously issued, all Stop Work Orders shall automatically include an Administrative Citation.

B. Suspension, Revocation or Modification of Permit

1. The City at its discretion may suspend, revoke or modify any and all City issued permits related to the property the violation is connected to and/or to any other property with permits issued by the City where work is being done by the party or parties responsible for the violation.

2. A suspended, revoked or modified permit may be reinstated after the applicant or other responsible person has taken the remedial measures set forth in the Written Notice (See Section II.A) or until determined by the City that acceptable progress in addressing the violation (s) has occurred.

C. Additional Measures

1. Legal Action

a) The Council may bring legal action to enjoin continuing violation. Pursuant to the City's Ordinance; the Council may, through the City Attorney, petition the appropriate court(s) for issuance of preliminary or permanent injunctions to restrain or compel activities by a violator.

2. Future Permits

a) The City may withhold permits from Contractors with outstanding Administrative Citations until all Administrative Citations have been paid.

b) Contractors that have had two or more Administrative Citations within the previous 12-calendar months shall be required to deposit a cash surety equal to double the surety amount normally required for each permit obtained.

c) Contractors that work without required permits or under permits obtained by others in an attempt to avoid the requirements of this section shall be subject to the provisions of this ERP including but not limited to Administrative Citations, Stop Work Orders, Suspension and/or Revocation of related permits, and Legal Action.

III. NPDES PERMIT REFERRALS

A. For a known project site involving a construction activity, an industrial storm water discharge, or an illicit discharge that should be covered by a state NPDES permit, and is known not to have a state NPDES permit, the City shall provide the following information to the MPCA:

1. Construction project or industrial facility location;

2. Name of owner or operator;

3. Estimated construction project size or type of industrial activity (including SIC code if known); and

4. Records of communication with the owner or operator regarding filing requirements.

B. Where the City has used progressive enforcement to achieve compliance with this ERP and in the judgment of the Council has not been successful, the City may refer the violation to the MPCA. For the purposes of this provision, "progressive enforcement" shall mean two (2) follow-up inspections and two (2) Written Notices. The following information shall be supplied to the MPCA:

1. Construction project or industrial facility location;

2. Name of owner or operator;

3. Estimated construction project size or type of industrial activity (including SIC code if known)

4. Records of communication with the owner or operator regarding the violation, including at least two follow-up inspections, two warning letters or notices of violation, and any response from the owner or operator.

IV. RECORDKEEPING & TRACKING

A. All non-compliance instances shall be tracked either electronically or using paper files. This tracking will include all records and documents related to storm water ordinance violations at the site and be stored in the enforcement case file.

B. The minimum required documentation must include the following items:

1. Name of owner/operator;

2. Location of construction project or industrial facility;

3. Description of violation;

4. Required schedule for returning to compliance;

5. Description of enforcement responses used, including escalated responses if repeat violations occur or violations are not resolved in a timely manner;

6. Accompanying documentation of enforcement response (e.g., notices of noncompliance, notices of violation, etc.);

7. Any referrals to different departments or agencies; and

8. Date violation was resolved.

C. The City shall use the non-compliance records and tracking to identify any chronic violators, and use this information to work toward reducing the rate of noncompliance relapse.

1. This will include tracking violations, applying incentives and/or disincentives, and increasing the inspection frequency of the consistently noncompliant operator's sites.

2. If the operator fails to take corrective actions, the City must pursue progressive enforcement and, if need be, perform the necessary work and assess against the owner the costs incurred for repairs.

D. The City shall keep enforcement files in compliance with the City's records retention policy but no less than a minimum of three (3) years after the file is closed consistent with the MS4 General Permit conditions. Files retention may be either paper or digital files.

V. APPEALS

A. To contest an Enforcement Action the property owner may file a written appeal with the City Clerk's Office.

B. This appeal must be submitted within ten (10) days of receipt of the notice of violation.

C. The appeal will be heard by the City Council at the next available regularly scheduled City Council Meeting.

VI. ENFORCEMENT ACTION MATRICES

A. Construction Site Storm Water Ordinance Violations

1. See Table 1 for the enforcement action matrix for noncompliance with construction requirements. In general, the severity of the enforcement measure increases moving down the matrix.

2. For parties who fail to obtain a required permit prior to begin of land disturbance work, the initial enforcement action may be more stringent than for a project that has an approved plan but has failed to comply with the approved plan.

   a) The City has the ability to stop project work for non-permittees. Stopping work generally includes **all** work on the site except for work to address the noncompliance that caused the order.

   b) Non-permittees may be required to perform corrective actions as advised by the City and to develop the required erosion control and/or storm water plan submittals to submit to the City for review and approval.

   c) Once the corrective actions have been successfully completed and the submitted storm water plan has been approved by the City, the City will issue the violator a written notice that the situation has been resolved.

   d) If the corrective actions or the submitted plan cannot be approved, the City will issue a written notice to the violator describing what was deficient and what step(s) are needed to resolve the situation.

Table 1. Enforcement Action Matrix for Noncompliance with Construction Requirements					
Type of Violation	**Failure to Obtain Permit Prior to Starting Work**	**Minor Violations (Failure to Install, Maintain or Upgrade Measures on Erosion and Sediment Control Plan)**	**Major Violation (Failure to Install, Maintain or Upgrade Measures on Erosion and Sediment Control Plan that Resulted in a Sediment Release from the Project Site)**	**Repeat Violation by a Party (Same Site)**	**Repeat Violation by a Party (Different Site than initial Noncompliance Site)**
Enforcement Measures For Use (Increasing Severity Moving Down the Chart)	Stop Work Order	Field Compliance Order	NOV	Administrative Citation and/or Consent Order	NOV
		NOV	Administrative Citation with or without Consent Order	Stop Work Order and/or Suspension, Revocation or Modification of Permit	Administrative Citation with or without Consent Order
	Legal Action	Administrative Citation with or without Consent Order	Stop Work Order and/or Suspension, Revocation or Modification of Permit	Legal Action	Stop Work Order and/or Suspension, Revocation or Modification of Permit
		Stop Work Order and/or Suspension, Revocation or Modification of Permit	Legal Action		Legal Action
		Legal Action			

This plan is a guide; any of the enforcement responses may be used at the City's discretion and the City may choose to escalate an enforcement case by skipping intermediate steps. Penalties (Administrative Citations, Recovery of Damages and Costs, Etc.) may be assessed as described in the storm water ordinance and as allowed by law at the City's discretion.

B. Illicit Discharge Ordinance Violations

1. See Table 2 for the enforcement action matrix for failure to remove illicit discharges.
2. The action matrix was set up to provide varying suggested degrees of response to noncompliance documented by the City.
3. In general, the severity of the enforcement measure increases moving down the matrix.

Appendix: INSPECTION AND MAINTENANCE AGREEMENT

INSPECTION AND MAINTENANCE AGREEMENT
FOR PRIVATE STORMWATER MANAGEMENT FACILITIES
WITHOUT A DEVELOPMENT AGREEMENT

The term "STORMWATER MANAGEMENT FACILITIES" may refer to water quality and/or water quantity facilities (i.e. detention basins, retention basins, swales, pipes, oil/water separators, sand filtering devices, etc.) which are located OUTSIDE the public road right-of-way (ROW).

SEE LEGAL DESCRIPTION ATTACHED HERETO AS EXHIBIT A.

This Inspection and Maintenance Agreement ("Agreement") is made and entered into this ____ day of _____, of the year, 20__, by and between _____ (hereinafter called the "Owner", whether one or more) and The City of Isanti (hereinafter called "City").

WITNESSETH, that

WHEREAS, the City is required by federal and state surface water quality regulations and its National Pollutant Discharge Elimination System (NPDES) permit to prevent surface water quality degradation from development or redevelopment activities within its jurisdiction, and the City has adopted surface water quality regulations as required and such regulations are contained in the Storm Water Management chapter of the City Code; and

WHEREAS, the Owner of the Property identified above has or will construct certain storm water management facilities on the Property, and has developed a Storm Water Maintenance Plan (Plan), as may be amended from time to time for the maintenance of those facilities. The City has reviewed and approved the Plan, and retains a copy in its records. A drawing showing the general area of the facilities covered by the Plan is attached to this Agreement for ease of identification.

NOW, THEREFORE, in consideration of the benefits received by the Owner as a result of the approval by the City of the Plan, the Owner does hereby covenant and agree with the City as follows:

1. The Owner shall provide adequate long term maintenance and continuation of the storm water control measures described in the Plan, to ensure that all storm water facilities are and remain in proper working condition. The Owner shall perform inspection and preventive maintenance activities in accordance with the Plan.

2. The Owner shall maintain a copy of the Plan on site, together with a record of inspections and maintenance actions required by the Plan. The Owner shall document the times of inspections, remedial actions taken to repair, modify or reconstruct the system, the state of control measures and notification of any planned change in responsibility for the system. The City may require that the Owner's records be submitted to the City.

3. If it is later determined that the City's NPDES permit clearly directs Owners or the City to manage storm water treatment systems differently than specified in the Plan, the direction of the NPDES permit shall override the provisions of the Plan.

4. The Owner hereby grants permission to The City, its authorized agents, and employees the right of ingress, egress and access to enter the Property at reasonable times and in a reasonable manner for the purpose of inspecting, operating, installing, constructing, reconstructing, maintaining or repairing the facilities. The Owner hereby grants to the City the right to install and maintain equipment to monitor or test the performance of the storm water control system for quality and quantity upon reasonable notice to the Owner. Whenever possible, The City shall notify the Land Owner prior to entering the property and shall use its best efforts not to disturb the Land Owner's use and enjoyment of the Property while conducting said inspections.

5. In the event, the City determines that the storm water facilities are not being maintained in good working order and gives written notice to the Owner to repair, replace, reconstruct or maintain said facilities within a reasonable time (maximum time specified will be 30 days), and the Owner fails to comply with the City's notice within the time specified, Owner authorizes the City or its agents to enter upon the Property to repair, reconstruct, replace or perform maintenance on said facilities at the Owner's expense. It is expressly understood and agreed that the City is under no obligation to maintain or repair said facilities, and in no event shall this Agreement be construed to impose any such obligation on the City.

6. In the event, the City, pursuant to this Agreement, performs work of any nature, or expends any funds in the performance of said work for labor, use equipment, supplies, materials, and the like, the Owner shall reimburse the City upon demand, within forty-five (45) days of receipt of written request for reimbursement for all costs incurred by the City. If the City has not received said payment from the Owner by the end of said forty-five (45) day period,

the City may use any other remedies available by law to collect such balances plus reasonable expenses of collection, court costs, and attorney fees.

7. It is the intent of this Agreement to assure the City of proper maintenance of onsite storm water facilities by the Owner; provided, however, that this Agreement shall not be deemed to create or affect any additional liability of any party for damage alleged to result from or be caused by storm water management.

8. The Owner and the Owner's heirs, executors, administrators, assigns, and any other successors in interest, shall indemnify and hold the City and its agents and employees harmless for, and defend against at its own expense, any and all damages, accidents, casualties, occurrence, claims, or attorney's fees which might arise or be asserted, in whole or in part, against the City from the construction, presence, existence, or maintenance of the storm water control facilities subject to the Plan and this Agreement. In the event a claim is asserted against the City, its officers, agents or employees, the City shall notify the Owner, who shall defend at Owner's expense any suite or other claim. If any judgment or claims against the City shall be allowed, the Owner shall pay all costs and expenses in connection therewith. The City will not indemnify, defend or hold harmless in any fashion the Owner from any claims arising from any failure, regardless of any language in any attachment of other document that the Owner may provide.

9. No waiver of any provision of this Agreement shall affect the right of any party thereafter to enforce such provision or to exercise any right or remedy available to it in the event of any other default.

10. The Owner shall record this Agreement with the Register of Deeds of Isanti County, this Agreement shall constitute a covenant running with the land, and shall be binding upon the Owner and the Owner's heirs, administrators, executors, assigns, and any other successors in interest.

11. The Owner shall have the facilities inspected in accordance with City's storm water management ordinance and certify to the City that the constructed facilities conform and purport substantially to the approved Plan. If the constructed condition of the facility or its performance varies significantly from the approved Plan, appropriately revised calculations shall be provided to the City and the Plan shall be amended accordingly.

12. The Owner agrees that for any systems to be maintained by a property owner's association, deed restrictions and covenants for the subdivision or other development will include mandatory membership in the property owner's association responsible for providing maintenance of the system, will require the association to maintain the storm water system, will prohibit termination of this covenant by unilateral action of the association, and provide for

unpaid dues or assessments to constitute a lien upon the property of an owner upon recording a notice of non-payment.

13. This Agreement must be re-approved and re-executed by the City if all or a portion of the Property is subdivided or assembled with other property.

NOTICE OF VIOLATION (NOV)

You are hereby notified that as the owner, agent tenant, or operator that the condition of the location below is in violation of the City of Isanti Stormwater Ordinance. You are hereby ordered to make the following corrections within _____ days of this notice.

The location will be re-inspected on _____. Failure to comply with this notice may result in civil penalties, additional enforcement action, and/or the City performing the required work to abate the violation and limit future damage with all costs to be charged to the responsible party.

This notice is in effect for twelve (12) months from the date of the notice and any reoccurrence of the violation conditions within the twelve (12) month period the City may abate the violation without further notification and charge the resultant costs to the responsible party.

Minn. Statute 115.061 DUTY TO NOTIFY AND AVOID WATER POLLUTION states:

"(a) Except as provided in paragraph (b), it is the duty of every person to notify the agency immediately of the discharge, accidental or otherwise, of any substance or material under its control which, if not recovered, may cause pollution of waters of the state, and the responsible person shall recover as rapidly and as thoroughly as possible such substance or material and take immediately such other action as may be reasonably possible to minimize or abate pollution of waters of the state caused thereby.

(b) Notification is not required under paragraph (a) for a discharge of five gallons or less of petroleum, as defined in section 115C.02, subdivision 10. This paragraph does not effect the other requirements of paragraph (a)."

Minn. Statute 103G.005 Subd. 17 defines "Waters of the state" as:

"surface or underground waters, except surface waters that are not confined but are spread and diffused over the land. Waters of the state includes boundary and inland waters."

All stormwater conveyance systems, including the Isanti municipal stormwater system, are confined and therefore are waters of the state.

A. Compliance Determination:

1.	Are there areas on the site (including tanks, loading and unloading areas, concrete washout, etc.) which are contaminated by spills or leaks which have not been cleaned up? *(If "NO" further action is not required.)*	☐ YES ☐ NO
2.	Has any material entered a water of the state? *(If "NO" skip to Line 3.)*	☐ YES ☐ NO
a.	Has the State Duty Officer been notified? *(If "NO" contact the State Duty Officer at: 651.649.5451 or 800.422.0798)*	☐ YES ☐ NO
b.	Has action been taken to contain and minimize? *(Emergency Response Team Supervisor Stephen Lee at 651.297.8610 can provide suggestions for possible containment and next steps.)*	☐ YES ☐ NO
c.	Implement available containment measures necessary to minimize and mitigate further damage.	
d.	Notify _____ (XXX-XXX-XXXX)	
e.	Issue Notice of Violation in accordance with the City of Isanti Enforcement Response Procedures.	
3.	Is material in danger of entering a water of the state? *(If "NO" skip to Line 4.)*	☐ YES ☐ NO
a.	Direct responsible party to immediately implement containment measures to protect the waters of the state.	
b.	Issue a Field Compliance Order in accordance with the City of Isanti Enforcement Response Procedures if the spill or leak is not cleaned-up within 24-hours.	
4.	Direct the responsible party to clean-up the spill or leak and to take steps to protect against future spills and leaks. Issue a Field Compliance Order in accordance with the City of Isanti Enforcement Response Procedures if the spill or leak is not cleaned-up or is allowed to continue.

Exposed Stockpiles, Storage and Material Handling Checklist

This report documents the findings of exposed stockpiles, storage and material handling that was recently completed on your site by the Stormwater Utility. If your site was not in compliance with City and State Pollution Prevention/Good housekeeping requirements, this report will outline the corrective actions that need to be taken at your site. You are responsible to bring your site into compliance within the timeframes noted in this report. If the site is not brought into compliance within the specified time frame, a Stop Work Warning or Stop Work Order may result.

SWPPP Narrative

Yes	No	
☐	☐	Describe the nature of the construction activity?
☐	☐	Address the potential for a discharge of sediment and/or other potential pollutants from the site?
☐	☐	Propose erosion prevention and sediment control Best Management Practices (BMPs.
☐	☐	Identify the person knowledgeable and experienced who will oversee the implementation of the SWPPP.
☐	☐	Identify the entity (name or title) responsible for performing future Operations and Maintenance (O&M).
☐	☐	Identify the training requirements are satisfied.
☐	☐	Describe project phasing.
☐	☐	Describe final stabilization methods for all exposed areas? (may be in narrative or on plan sheets)
☐	☐	Identify stormwater management measures needed to mitigate impacts identified as a result of environmental, historical, archaeological, or rare species reviews conducted for the project?
☐	☐	Identify additional measures being taken to protect Drinking Water Supply Management Areas?
☐	☐	If site discharges to special water or impaired reach, identify any site areas discharging to the special or impaired reach?
☐	☐	Identify construction areas that are adjacent to and drain to Public Waters for which the Minnesota Department of Natural Resources (DNR) has promulgated "work in waters restrictions" during specified fish spawning time frames.
☐	☐	The SWPPP must account for expected amount, frequency, intensity, and duration of precipitation.
☐	☐	The SWPPP must account for nature of stormwater runoff and run-on at the site.
☐	☐	The SWPPP must account for the range of soil particle sizes expected to be present on the site.
☐	☐	For design requirements or SWPPP components where Permittee determines that compliance with the requirement is infeasible; the SWPPP must document that determination and the substitute BMPs.

SWPPP Plan Sheets

Yes	No	
☐	☐	Existing and final grades.
☐	☐	Locations and types of all temporary and permanent (including infiltration areas) ESC BMPs.
☐	☐	Stormwater flow directions and surface water divides for all pre- and post-construction drainage areas.
☐	☐	Impervious areas (Pre- and Post-Construction).
☐	☐	Soil types.
☐	☐	Locations of potential pollutant-generating activities.
☐	☐	Locations of areas not to be disturbed (buffer zones).
☐	☐	Tabulated quantities of all erosion prevention and sediment control BMPs.
☐	☐	Location of areas where construction will be phased to minimize duration of exposed soil areas.
☐	☐	Areas of steep (3:1 or greater slope).
☐	☐	Locations of all wetlands, surface waters, and storm ponds that will receive pre- or post-construction site runoff.

Stormwater Discharge Design

Yes	No	
☐	☐	For any stormwater flow that will be channelized at the site, the stormwater controls must be designed to control both peak flowrates and total stormwater volume to minimize erosion at outlets and to minimize downstream channel and streambank erosion.
☐	☐	Are Temporary Sediment Basins required on site?

Yes	No	
☐	☐	Adequately sized and appropriately located
☐	☐	Designed to prevent short circuiting?
☐	☐	Outlets designed to remove floating debris, withdraw from the surface, and allow complete drawdown?
☐	☐	Do outlets have energy dissipation?
☐	☐	Have a stabilized emergency spillway?

Which method of permanent stormwater treatment has been selected?

Yes	No	
☐	☐	Are calculations/computer model results included to demonstrate the design and adequacy?
☐	☐	Is adequate maintenance access provided?
☐	☐	Infiltration or filtration

Yes	No	
☐	☐	Is infiltration/filtration appropriate to the site and land uses?
☐	☐	Phasing to ensure excavation of infiltration system after drainage area stabilized?
☐	☐	Rigorous sediment and erosion controls to keep sediment and runoff away from the system?
☐	☐	Is a pretreatment device planned?

Yes	No	
☐	☐	Wet sedimentation basin:

Yes	No	
☐	☐	Configured so scour or resuspension is minimized and to prevent short circuiting.
☐	☐	Basin outlets designed to discharge at > 5.66 cubic feet per second (cfs) per acre of pond
☐	☐	Basin outlets designed to prevent discharge of floatables.
☐	☐	Stabilized emergency overflow.

Yes	No	
☐	☐	Regional ponds:

Yes	No	
☐	☐	Is written authorization from owner of regional pond included in SWPPP?
☐	☐	Does regional pond design conform to the permit requirements for wet sedimentation basin?

Other Requirements

Yes	No	
☐	☐	Plans show areas that are not to be disturbed or are areas where disturbance will be minimized.
☐	☐	Minimize disturbance or other techniques to minimize destabilization of steep slopes.

RESOLUTION 2019 -

A RESOLUTION AUTHORIZING THE ACCEPTANCE OF IT CONTRACT SERVICES FROM WHITE BEAR IT SOLUTIONS, LLC

WHEREAS, the City of Isanti entered into an agreement for IT support services for general city computer systems (non-specialized) with White Bear IT Solutions, LLC beginning February 1, 2017 for a three-year contract; and,

WHEREAS, Mr. Kritta has proposed a contract ("Exhibit A") which provides the same cost for services the City is currently receiving in the amount of $1,667.00 per month; and,

WHEREAS, the contract with White Bear IT Solutions, LLC has been reviewed by the City Attorney; and,

WHEREAS, to keep consistency within the IT support services and with the proposed reasonably monthly it is in the best interest of the City for approval to award the contract for IT support services to White Bear IT Solutions;

NOW THEREFORE BE IT RESOLVED by the City Council of the City of Isanti, Minnesota as follows:

1. The City Council hereby awards IT support services as outlined in the contract marked "Exhibit A" to White Bear IT Solutions, LLC effective February 1, 2020.

2. That the City Administrator is hereby authorized to sign and enter into a contract agreement with White Bear IT Solutions, LLC for the period from February 1, 2020 to February 1, 2023.

This resolution was duly adopted by the Isanti City Council this 18th day of June, 2019.

IT support contract

Introduction

This IT support contract ("contract") is made as of May 22nd, 2019 (the "Effective Date"), by and between the **City of Isanti** ('the client') and **White Bear IT Solutions LLC** ('the service provider').

Purpose

The client depends on IT equipment, software and services (together: 'the IT system') that are maintained and supported by the service provider.

This contract sets out how the IT service provider will provide maintenance and support services for the IT system. It describes which items the service provider will provide support, what services it will provide, and how the client can expect problems with the IT system to be handled.

Scope

Parties

This contract is between:

The client:	The service provider:
City of Isanti 110 1st Ave NW Isanti, MN 55040 Key contact: Katie Brooks 763-444-5512	White Bear IT Solutions LLC 4986 Stewart Ave White Bear Lake, MN Key Contact: Jim Kritta 651-447-7186

Term and Termination of Agreement

This contract commences on **February 1st, 2020** and will continue for a period of **36 months.**

This contract may be renewed by mutual agreement of the parties upon such terms and conditions as the parties may mutually agree.

This contract will terminate upon (i) either party providing a 90 days written notice to the other party (ii) a party's breach of this contract, provided however that the non-breaching party shall give the breaching party 10 days notice in writing of such breach, and the breaching party will have 10 days to remedy or correct any and all breaches contained in the written notice.

Equipment, software and services covered

This contract covers the equipment, software and services listed below. This list may be updated at any time, with agreement from both the client and service provider.

- Onsite/Remote Support of all Servers, PC's, Laptops and Firewalls
- Network Monitoring (Servers, PC's, Laptops and Firewalls)
- Backup Monitoring (Datto – Siris Device)
- Anti-virus Monitoring (Trend or Webroot)
- Annual Disaster Recovery Testing (Datto – Siris Device)

Exclusions

The service provider will make its best efforts to provide support and rectify problems as requested.

However, this agreement only applies to the parts of the IT system listed above.

The services do not include maintenance or repair necessitated by:

- The use of equipment, software or service(s) in a way or for a purpose for which it was not designed.
- **Changes** to the configuration or set up of equipment, software or services otherwise than by the service provider or without the prior written approval of the service provider.
- Damage caused by virus, spyware, or lack of a firewall when updates have not been installed or where an update has not yet become available, or where the client has prevented the service provider from **performing required maintenance and updates**. Theft or loss of equipment.
- Relocation of equipment
- Poor environmental conditions

- Fire, tornado, lightening, floods and other acts or events that are beyond the reasonable control of the service provider.

Limitation of Liability

THE SERVICE PROVIDER SHALL NOT BE LIABLE TO THE CLIENT FOR LOST PROFITS, ANY SPECIAL, INDIRECT, OR CONSEQUENTIAL DAMAGES ARISING OUT OF OR RELATED TO THE CONTRACT, EVEN IF THE SERVICE PROVIDER HAS BEEN NOTIFIED OF THE POSSIBILITY OF SUCH DAMAGES. UNDER NO CIRCUMSTANCES WILL LIABILITY EXCEED AMOUNTS PAID BY THE CLIENT TO THE SERVICE PROVIDER UNDER THIS CONTRACT.

Responsibilities

Key service provider responsibilities

The service provider will maintain and support the IT system used by the client.

Additionally, the service provider will:

- Ensure relevant software, services and equipment are available to the client
- Respond to support requests and within reasonable time, in any case.
- Do its best to escalate and resolve issues in an appropriate, timely manner.
- Maintain good communication with the client at all times.

Key client responsibilities

The client will use the IT system as intended.

Additionally, the client will:

- Make timely payment on service provider's invoices.
- Notify the service provider of issues or problems in a timely manner.
- Provide the service provider with access to equipment, software and services for the purposes of maintenance, updates and fault prevention.
- Keep the service provider informed about potential changes to its IT system. For example, if client's employees are to begin connecting their own mobile devices to the company network, the service provider may be able to adjust its services accordingly.
- Maintain good communication with the service provider at all times.
- Maintain current manufacturer's warranty on critical hardware components (File Server, Firewall, Backup Device).

Confidentiality

In order to provide services as described herein, the service provider may have access to the client's confidential information. The service provider agrees to take all reasonable measures to keep all files, client information, passwords, and any other proprietary client data secure and confidential.

Activities

The service provider will perform a number of specific tasks for the client. Details of these tasks are described in the table below, along with the purpose and frequency of each.

Activity	Frequency	Notes
General		
Document software and hardware changes	As necessary	
Review hardware warranty status	As necessary	
System maintenance		
Check backups are running properly	Daily	This is a simple check that backups are running with no errors reported.
Perform backup test	Quarterly	This is a full data restore test.
Monitor and maintain server uptime	Constantly	
Install software patches, service packs and other updates	As necessary	Updates will usually be tested before being rolled out across the IT system.
Install software upgrades	As necessary	Upgrades that incur costs — and other major upgrades — will only be installed after consultation with the client.
Monitor server event logs for potential problems	Daily	
Monitor available disk space on servers and company computers	Daily	
Perform system and server reboots	As necessary	Non-essential reboots will be performed at convenient times, agreed between client and supplier.
General server maintenance	As necessary	To be performed out of hours or at mutually agreed times.
Let client know of any potential issues	As necessary	For example: • Disk space running low • Equipment showing signs of failure • Deteriorating broadband speed

Create, remove and maintain employee user accounts and permissions	As necessary	For example, when employees: • Join or leave the company • Require access to additional resources
Assist users with support queries	As necessary	For example: • How to connect to VPN • Where to save shared files
Fixing problems		
Disaster recovery of core systems	As necessary	In the event of a significant IT failure or problem (e.g. complete server failure or security breach), The service provider will do everything possible to restore service. A separate disaster recovery plan should be maintained.
Fix user errors / mistakes	As necessary	For example: • Accidental file deletion • Forgotten password
Raise support requests with third-party providers	As necessary	Where cloud services and other aspects of the IT system are not in The service provider's direct control, The service provider will take responsibility for liaising with third-parties to resolve issues.
Managing networks		
Maintain internet connection	Constantly	Automated monitoring will be used to identify performance issues with or availability of the client's internet connection(s).
Monitor network capacity and performance	Weekly	The service provider will endeavour to identify where network capacity is reaching its limit.
Maintaining security		
Monitor firewall logs	Monthly	The service provider will attempt to identify and address any unusual or suspicious activity.
Check status of security software updates	As necessary	The service provider will verify that all updates are installed in a timely manner.
Investigate any suspicious activity or unexpected software behaviour	As necessary	The service provider will investigate any activity that could be the result of malicious software or individuals, such as viruses or hacking attempts.
Manage file and folder permissions	As necessary	
Enforce password policies	As necessary	
Managing apps and services		
Create, manage and remove mailboxes	As necessary	For example: • Creating email addresses for new users • Increasing mailbox size if required

Reactive support

The service provider will also provide reactive support services to the client. When the client encounters an issue with the IT system, it should raise this with the service provider.

The service provider will then investigate the problem and respond appropriately.

Charges and conditions

The monthly price for these services is: $1,667.00

This is an all-inclusive charge that covers everything described in this contract, with the following conditions:

- Support will be provided **during business hours** (8am – 5pm, M-F, Excluding Holidays). Service provider may provide support **after hours** depending on the task and at the sole discretion of the service provider.
- Support will be provided on a **remote access and/or onsite basis** depending on the issue at the discretion of the service provider.

Payment for the services will be due 15 days from the date of service provider's invoice.

General Provisions

Entire Agreement

This contract sets forth the entire agreement and understanding between the parties as to the subject matter hereof and merges and supersedes all prior discussions, agreements and undertakings of any nature between them. This contract may not be changed, modified, or terminated, except by agreement in writing, signed by all of the parties hereto.

Governing Law

This Agreement shall be governed and interpreted according to the laws of the State of Minnesota.

Severability

Whenever possible, each provision of this contract shall be interpreted in such manner as to be effective and valid under applicable law, but if any provision of this contract is held to be invalid, illegal or unenforceable under any applicable law or rule in the State of Minnesota, such provision shall be ineffective only to the extent of such invalidity, illegality, or unenforceability in such jurisdiction, without invalidating the remainder of this contract in such jurisdiction or any provision

hereof in any other jurisdiction, and this contract shall be construed as if the unlawful or unenforceable provision or application had never been contained herein or prescribed hereby.

Binding Effect

This contract shall be binding upon and be of benefit to the parties, their successors and assigns.

Waiver

Waiver by one party hereto of breach of any provision of this contract by the other shall not operate or be construed as a continuing waiver.

J. Business Items

1. Discussion on Fair and Equal Enforcement of T21 County Wide (*Jimmy Gordon*)

Councilmember Jimmy Gordon shared that Cambridge and Braham are doing their own licensing for Tobacco. Whereas, the City of Isanti follows the Isanti County T21 Ordinance for individuals that must be 21 to purchase Tobacco. Consensus from Council is to bring to Committee of the Whole on June 18th, 2019 for further discussion.

City Administrator Josi Wood

2. Resolution 2019-150 Approving Contract for Chief of Police Position

City Administrator Josi Wood shared that the salary step for Mr. Muyres would be step 6 which is $95,551.94, vacation accrual time would be for the time that Travis Muyres has already been with the City of Isanti including a schedule of working four 10-hr days which is consistent with the position. Wood further stated the only thing left for discussion would be City vehicle use for commuting. Wood continued to share that this has not been done before with the City of Isanti, but other City police departments have allowed for their Police Chief to drive an unmarked squad for commuting purposes before and after regular hours. City Council further discussed this matter.

Motion by Lundeen, second by Bergley to approve Police Chief contract as presented. Motion passed 5-0. Motion carried.

3. Ordinance-702 Amending City Code Adding Chapter 144, Drug Paraphernalia

City Administrator Josi Wood shared that this is an ordinance to include Drug Paraphernalia into City Code. Wood further shared that this matter was discussed at Committee of the Whole and posted for the required 10 days.

Motion by Lundeen, second by Collison to approve Ordinance as presented. Motion passed 4-1 with Gordon voting nay.

4. Ordinance-703 Amending Chapter 227 Parking and Storage

City Administrator Josi Wood shared that this matter was discussed at Committee of the Whole to have No Parking signs posted on Dahlin Ave NE to allow more access for emergency vehicles and other vehicles that need to access the route. Wood further shared that the Ordinance has been posted for the required 10 days.

Motion by Lundeen, second by Collison to approve Ordinance as presented. Motion passed 5-0. Motion carried.

5. Consider Adoption of Stormwater Enforcement Procedures Pursuant to Ordinance 670

MS4 Tech Corey Mueller shared a presentation of the City of Isanti's MS4 Annual Report for 2018 to City Council. Council Members were provided with hard copies of the full presentation to review.

a. Resolution 2019-151 Approving Enforcement Response Procedures (ERP) for MS4 Permit Violations
b. Ordinance-704 Amending Ordinance No. 670 Stormwater Management Ordinance
c. Ordinance-705 Amending the City Code Chapter 65, Administrative Penalties
d. Ordinance-706 Amending the Code for the City of Isanti, Chapter 160, Fees
e. Resolution 2019-152 Adopting Fees Within the City of Isanti

Community Development Director Sheila Sellman shared that items 5.a through 5.e contain the resolution for approving Enforcement Response Procedures which is the document that contains the fines, Ordinance to Amend Ordinance No. 670 which is to adopt the Enforcement Response Procedures, Amend City Code 65, Administrative fees which are the administrative penalties that are in the Enforcement Response Procedures and giving authority to do so, Ordinance to Amend Code for the City of Isanti, Chapter 160, fees to include Enforcement Response Procedure fees and resolution to adopt the fees. Mrs. Sellman stated that the resolution also includes the fees for the pet control. Sellman shared it is not related but is included in order for the fee schedule to be adopted one time.
Motion by Lundeen, second by Collison to adopt 5.a through 5.e. Motion passed 5-0. Motion carried.

6. Resolution 2019-153 Approving an Interim Use Permit for Operation of a Tattoo Studio located at 303 Credit Union Drive

Community Development Director Sheila Sellman shared that this item went before the Planning Commission and held a Public Hearing. Sellman continued to share that no one from the public spoke on the matter and they do meet the criteria for the Interim Use Permit that is needed. Councilmember Gordon asked about hours of Sunday to Sunday. Stacy Upton stated that there would only be one tattoo artist to start with the hours of Tuesday through Saturday, but wanted to cover the basis if more tattoo artists were to join them with a different schedule that they would have the ability to be open 7 days a week.
Motion by Lundeen, second by Collison to approve resolution for an Interim Use Permit. Motion passed 5-0. Motion carried.

7. Resolution 2019-154 Approving a Minor Subdivision for Dollar General at 340 Palomino Road SE PID 16.029.0900

Community Development Director Sheila Sellman shared that this item went before the Planning Commission and held a Public Hearing. Sellman continued to share that this is for creating two lots with lot 1 being 1.3 acres and lot 2 being 2.51 acres where both land areas meet a requirement for the zoning district.
Motion by Collison, second by Lundeen to approve resolution for Minor Subdivision. Motion passed 5-0. Motion carried.

8. Resolution 2019-155 Approving a Site Plan for Dollar General located at 340 Palomino Road SE PID 16.029.0900

Motion by Bergley, second by Collison to approve resolution for Site Plan for Dollar General. Motion passed 5-0. Motion carried.

9. Resolution 2019-156 Authorizing Preparation of Plans on the Annexed Parcel Service Access Improvement Project

City Engineer Jason Cook shared that this is the study that was done to evaluate the recently annexed properties that have a sewer or watermain adjacent to their property. Cook continued to share that the evaluation reviewed the cost to extend the individual service to the right-of-way at any of those locations as discussed at Committee of the Whole it was recommended to construct those sewer and water services to the right-of-way at the parcels that don't have a future project already planned in the Capital Improvement Plan. Cook stated, that as requested, a letter was sent to those residents that are on those future projects to ask if they have the desire to be hooked up, no responses were obtained.
Motion by Collison, second by Bergley to approve resolution as presented. Motion passed 5-0. Motion carried.

Community Development Director Sheila Sellman

10. Resolution 2019-157 Consideration of SAC and WAC fees for Villages on the Rum

Community Development Director Sheila Sellman shared that this matter was discussed at Committee of the Whole and was platted in 2002 with 261 lots with a mix of housing styles from single family detached,

townhomes and bay homes/ patio homes. There are 32 lots left undeveloped where a developer has come in and asked the city what the SAC and WAC fees would be if he were to replat his lots into single family lots going from 32 lots to 16 lots. Sellman continued to share that there are two services to each lot that the city did not install where if they went to single family lots only on service per lot would be used and the city has asked the developer to cap at the developer's expense for the service they do not use. City Council further discussed this matter.

Motion by Lundeen, second by Collison to approve resolution with the additional verbiage that the SAC and WAC charges for the remaining 32 lots in Villages on the Rum if platted into single family lots shall be one hook-up for SAC and one hook up for WAC. If the lots are developed as townhomes then two hook-up fees will be charged for SAC and WAC. Motion passed 5-0. Motion carried

11. Resolution 2019-158 CUP and Site Plan extension to operate a retreat Center and Hobby Farm
Community Development Director Sheila Sellman shared that in 2018, a Conditional Use Permit and Site Plan Amendment were approved for Circle B Ranch and The Nest development with conditions and according to City Code if, within one year, a Conditional Use Permit has been issued and the work is not completed the Conditional Use Permit becomes void. Sellman continued to share that the applicant has requested a one-year extension to the Permit with no changes to what is being done for the Conditional Use Permit and Site Plan and that the applicant has been making progress to the conditions and that four out of the nine conditions have been met, the other five conditions cannot be completed until the building is in place. The extension would be until May 1, 2020.
Motion by Collison, second by Bergley to approve resolution as presented. Motion passed 5-0. Motion carried.

Finance Director Mike Betker

12. Request for New Terms on Previously Deferred Assessment

Subject: A Resolution Approving a Special Event Permit Application for 2019 Jubilee Days

---

Background

The City received a special event application from the North 65 Chamber of Commerce for Jubilee Days. The event will consist of a parade to be held on Thursday, July 11th from 3:00 p.m. to 10:30 p.m. Parade organizers are anticipating 10,000 people to attend. The parade route in 2019 will be different than 2018 as the new road is complete so the route will begin at 5th Avenue on Main Street and follow its typical route south on 4th Ave to Elizabeth St, and north on 2nd Ave to Main St; the parade will end again route south on Railway to Broadway and then east to Richard, and then north to Main St. and teardown for floats will be along 5th Ave from Main St. to Cherrywood.

No parking signs will be posted along the parade route, Credit Union Dr NE, 5th Ave and Cherrywood , as well as both sides of Main Street east of Credit Union Drive out to Hwy 65. In terms of clean-up plans, volunteers and the City's Public Works staff have been requested. Food vendors will be located along the parade route. There will be music and announcing at the corner of 1st Ave and Main St W. The group is requesting electric access at 30 West Main St. Organizers have requested permission to use the SE corner of Mattson Park going north, and along the street curb out 10' along Mattson Park.

On Saturday, July 13th from 7:00 a.m. to 4:00 p.m. will be Kids Day. There will be kids games, pony rides, bounce houses, turtle races, outhouse races, kiddie parade, craft fair, carnival food sales, vendor booths, and fun run. The craft fair portion of the event will take place on both sides of Main Street between 1st Ave NW and 2nd Ave NW. There will be approximately 3,000 in attendance this day. The trailers at Family Pathways will not be moved for the event.

Other events will take place along Main St W from 1st Ave NW to just west of the railroad tracks, so the street will be closed for the events. A stage and other activities are set to occur in this area. In addition, the City Hall parking lot, Isanti Community Center parking lot and the grassy area just to the east of City Hall to the railroad right-of-way will also be used for this event. There will be no parking along Main Street W prior to the closure of the street; and signs must be placed accordingly. Volunteers will help to clean the areas that are used for these events.

In addition, there would be a temporary closure of Main St W and 2nd Ave SW from the church driveway to Main Street W and 2nd Ave SW and Main St W and the 1st AveW and Main St W intersections for the Kiddie parade. The estimated closure time for these areas is approximately 30 minutes around 11:00 am. Clean-up of the area will be completed by volunteers.

A separate application has been filed for use of the community sign.

The applicant will be contracting with Absolute Portables to provide the necessary portable restroom facilities for the event. A list of locations for portable restrooms has been included with the application materials.

The applicant also has submitted the necessary paperwork and approval for a transient merchant permit for the vendor fair.

Assistance has been requested of the Isanti Police Department to provide security for the parade. There are no formal tickets sold for the event. The Chamber of Commerce does appreciate donations, but they are not required. The purpose of any money that is collected by donation is to help cover the expenses associated with the event.

The applicant has provided a list of requests from the City for Jubilee Days, which has been attached for Council review and all other supporting documents are on file.

A copy of the application, details and departmental review has been attached for City Council review.

Staff Request

The North 65 Chamber of Commerce is going to need to coordinate the activities with the Isanti Police Department, Isanti Fire District, and Isanti Public Works.

City staff is requesting action on this item.

RESOLUTION NO. 2019-XXX

RESOLUTION APPROVING A SPECIAL EVENT PERMIT APPLICATION FOR 2019 JUBILEE DAYS, INCLUDING PARADE

WHEREAS, the North 65 Chamber of Commerce has submitted a Special Event application requesting a permit to host Jubilee Days; and,

WHEREAS, a parade is scheduled to take place Thursday, July 11 from 3:00 to 10:30 pm and will use a new route due to the new road ending at Main Street and Richard Ave NW; and,

WHEREAS, Kids Day is scheduled for Saturday, July 13 from 7:00am to 4:00pm in Downtown Isanti; and,

WHEREAS, the estimated number of people to be in attendance at the parade is 10,000 and the estimated number of people in attendance for Kids Day is 3,000; and,

WHEREAS, the applicant will be required to provide additional restrooms for the event and has provided a list of portable restroom locations; and,

WHEREAS, parking during the event will be restricted as follows: no parking along the parade route or on 3rd Ave from Heritage Blvd north to the Isanti Primary School parking lot, Credit Union Dr, and 5th Ave NW on July 11, 2nd Ave at Main street from 11:00-11:15 on July 13 for the kiddie parade, and Main Street from 2nd Ave to west of the railroad tracks from 6:00 am to 4:30 pm on July 13; and,

WHEREAS, the applicant has requested assistance from the City of Isanti for road closures, traffic control, utility locates, and signage, and has submitted a complete request with the application materials; and,

WHEREAS, public addressing systems and live entertainment will be utilized during the event; and,

WHEREAS, the application submittal does require a $100 clean-up deposit fee, which is on file with the City of Isanti; and,

WHEREAS, posting of temporary signage requires a permit application and fee, and the applicant has requested the fee be waived;

NOW, THEREFORE, IT IS HEREBY RESOLVED by the City Council of the City Of Isanti, Minnesota to hereby approve the special event permit application for 2019 Jubilee Days with the following condition(s):

- Coordinate all necessary activities with Isanti Police Department, Isanti Fire District, and Isanti Public Works.
- The trailers at Isanti Pathways are not to be moved for the event.

AND FURTHERMORE, IT IS HEREBY RESOLVED by the City Council of the City of Isanti, Minnesota that this Resolution is hereby the "Permit" for the above stated Special Event.

This resolution was duly adopted by the Isanti City Council this 18th day of June 2019.

Subject: Resolution Approving a Special Event Permit Application for the 2019 Isanti Firefighters PRCA Rodeo

---

Background

The Isanti Firefighter Rodeo Association (IFRA), has submitted an application requesting a Special Event Permit for the 2019 Isanti Firefighters PRCA Rodeo. The event is scheduled for July 12 through July 13, 2019 and will take place on the Rodeo grounds at 500 3rd Ave NW. The association is anticipating about 11,000 people over the 2-day event. The event will include live entertainment using public addressing systems and amplifiers during the daily events and dances following the Friday and Saturday rodeo performances.

The IFRA is requesting the use of several areas for parking for spectators. Property belonging to the City of Isanti includes Unity Park (420 3rd Ave NW). City staff will designate entrance and exit areas for City of Isanti lots; IFRA will be responsible for enforcing spectator parking and for any damages caused to sidewalks, curbing, trails, etc. as a result of rodeo parking. Other parking areas owned by other entities include Isanti Primary School parking lot and grass (301 Heritage Blvd NW), Cambridge-Isanti bus garage on 1st Ave NW (PID 160400970), Isanti Civic Arena (600 1st Ave NW). Letters of permission from property owners other than the City of Isanti are on file for all parking areas requested. Parking on the grass in other areas of Bluebird Park is prohibited. IFRA is requesting the lights in the ballfield to be left on overnight Friday and Saturday at Unity Park for security/safety.

The IFRA is not requesting that any roads be closed for the event, but have indicated that they may place signage indicating pedestrian crossings on 3rd Avenue and 1st Avenue, and on 3rd Ave between Isanti Primary School and Unity Park.

The IFRA will provide additional portable restrooms as needed for the event. The portable restrooms provided during the event should be adequate for the estimated daily attendance. The association will be responsible for cleaning up all parking areas after the event.

In addition the Special Event Permit, the IFRA must file separate Gambling and Temporary Sign permits, as well as a Liquor License, as applicable for the event.

Special Event Permit application materials, including an event map, have been included for Council review.

Staff Request

City staff are requesting City Council's approval of the Special Event Permit application for the 2019 Isanti Firefighters PRCA Rodeo.

Parking Impact

IFRA graciously requests the use of Unity park, the baseball field at Unity Park, along with the west side of the police/fire station on the grass for spectator parking. We have outlined on the map provided, along with all parking for rodeo event. We will also be parking vehicles on the west side parking lot of the rodeo grounds, Isanti primary school, the old school bus lot and the Isanti Civic Arena. Permission letters are provided. We expect heavy traffic as past years.

Our priority is to keep traffic flowing from Heritage Boulevard on to 3rd avenue into parking lots, to keep the traffic from stopping on Heritage Boulevard before the rodeo starts. We will also have parking lot attendants in the parking areas after the rodeo performance to help push as much traffic north on 3rd avenue to Isanti Parkway towards Hwy 65 for a speedy exit of the parking areas.

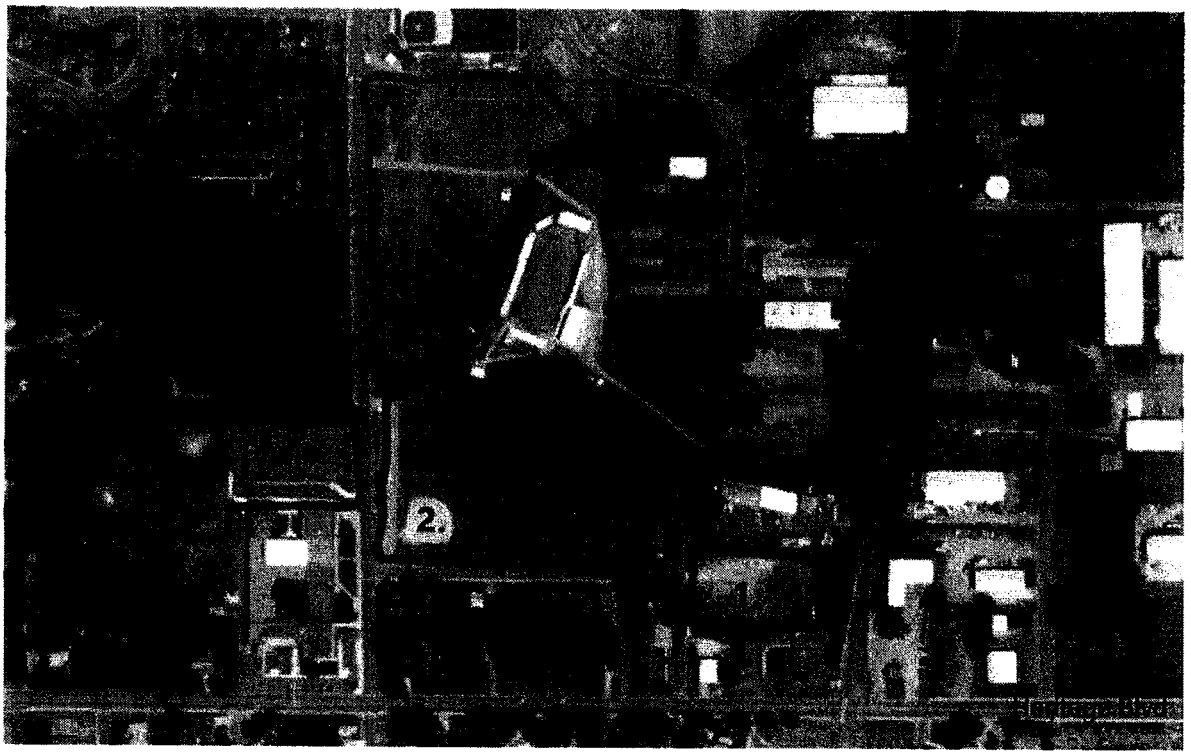
IFRA also has a few requests for the City of Isanti

1) We would like to request Unity Park baseball field lights to stay on all Friday night and Saturday night, the weekend of the rodeo performances for safety/security reasons. Preferably from sunset to sunrise the next morning.

2) We would like to use the bleachers currently at Unity Park for the rodeo events.

3) IFRA graciously seeks to have all the fees the City of Isanti charges for the special permits waived, along with handing out the "notice of the event" to all property owners around IFRA grounds.

Parking Impact



Parking at:

1. Isanti Primary School & Old School Bus Lot
2. Unity Park
3. Isanti Civic Arena
4. Rodeo Grounds
5. West Side of Police/Fire Station Grass

Notice

Isanti Firefighters Rodeo Association will be having their annual rodeo event the weekend of July 12th and 13th 2019. Please be aware of the heavy pedestrian and vehicle traffic around the rodeo grounds (401-1st Ave N Isanti, Minnesota 55040). The event will also be having a live band Friday/Saturday nights.

Sincerely,

Isanti Firefighters Rodeo Association

Memo for City Council

To: Mayor Johnson and Members of the City Council
From: Josi Wood, City Administrator
Date: June 18, 2019
Subject: Consider Ordinance to Repeal and Replace the Code for the City of Isanti Chapter 8, City Council, Section III, Rules of Organization and the Renumbering of Section IV, Council Composite and Election
Consider Resolution 2019-XXX Adopting Supplemental Policies to City Code Chapter 8, Section III

Background:
It is recommended by the League of MN Cities and other administrative organizations that Cities adopt Bylaws for clearly outlined rules, procedures and application of State Laws. This document is to aid City Council, Staff and residents to know and be transparent regarding processes and procedures of City operations. Should the Bylaw be adopted, they should be reviewed annually for any revisions or updates to remain compliant with State Law. Upon review of what we currently have in City Code- Chapter 8, Staff, in consultation with the League and Attorneys, Staff determined what we currently have in City Code should be updated.

Staff, in consultation with the Attorneys and LMC Staff, have drafted Bylaws for Council consideration. This document would replace Chapter 8, Section III and Section IV would have a renumbering.

Recommendation:
The Ordinance draft of the Bylaws and supplementary exhibits were reviewed at Committee of the Whole on April 16th and May 21st and they recommend approval as they are written.

Request:
Staff is requesting action on this item.

ORDINANCE NO. ____

AN ORDINANCE TO REPEAL AND REPLACE THE CODE FOR THE CITY OF ISANTI, CHAPTER 8 CITY COUNCIL, ARTICLE III RULES OF ORGANIZATION, AND RENUMBERING OF SECTION IN ARTICLE IV COUNCIL COMPOSITE AND ELECTION

THE CITY COUNCIL OF THE CITY OF ISANTI DOES ORDAIN:

Chapter 8, Article III, Rules of Organization, in its' entirety, is repealed and replaced to read and include the following:

§ Section 8-12. Authority.

City councils are authorized to adopt rules of procedure and provide for order at their meetings pursuant to Minn. Stat. § 412.191.

§ Section 8-13. Purpose.

The purpose of this policy on city council meetings is to set the groundwork for orderly and respectful communications between and among Council members, city staff, and citizens to promote the efficient working of the public's business at city council meetings.

§ Section 8-14. The Open Meeting Law.

A. The Minnesota Open Meeting Law, Minn. Stat. ch. 13D, generally requires that all meetings of public bodies be open to the public.

(1) This presumption of openness serves three basic purposes:

(a) To prohibit actions from being taken at a secret meeting, where it is impossible for the interested public to become fully informed concerning decisions of public bodies, or to detect improper influences.

(b) To ensure the public's right to be informed.

(c) To afford the public an opportunity to present its views to the public body.

(2) The city council views providing and encouraging citizen access to city meetings as one of its most important duties. As a result, all council and council committee meetings, including special and adjourned meetings, with the exception of closed meetings, as provided by Minn. Stat. ch. 13D, shall be open to the public.

(3) In calculating the number of days for providing notice under the Minnesota Open Meeting Law, the first day that the notice is given is not counted, but the last day is counted. If the last day is a Saturday, Sunday, or legal holiday, that day is omitted from the calculation and the following day is considered the last day (unless, it happens to be a Saturday, Sunday, or legal holiday).

(4) In keeping with the intent of the Minnesota Open Meeting Law, city Council members shall not use any form of electronic communications technology, such as text messaging or e-mail, to communicate with one another or third parties during a public meeting.

(5) Pursuant to Minn. Stat. § 13D.01, subd. 6, at least one copy of the written materials made available to council at or before the meeting shall also be made available for inspection by the public, excluding any non-public data, attorney-client privileged data, or materials related to agenda items of closed meetings.

§ Section 8-15. Quorum.

A simple majority three (3) of the council shall constitute a quorum for the valid transaction of any scheduled business to come before the council.

§ Section 8-16. Council Meetings.

A. Location. All meetings, including special, recessed, and continued meetings, shall be held in the city council chambers, unless otherwise designated, pursuant to Minn. Stat. § 13D.04, subd. 2.

B. Regular meetings. Regular meetings of the City Council shall be set by the City Council at the first regular meeting of January of each year. The City Clerk shall maintain a schedule of regular meetings. This schedule shall be available for public inspection during regular business hours at the City Clerk's office. All meetings, including special emergency meetings, shall be held at the City Hall. Regular meetings of the City Council shall be held at 7:00 p.m. on the first and third Tuesday of each month, except in the following situations.

(1) When the first Tuesday of January falls before a newly elected Council member can act in office as required by State Statute. In that case the meeting will be held on the first Monday of January of that year at 7:00 p.m.

(2) When any regular meeting date falls on an election day, official holiday or precinct caucus day, the meeting shall be held on the next business day at 7:00 p.m. except as provided in paragraph B.1. above.

(3) When National Night Out is held on the first Tuesday of August, the meeting shall be held on the next business day at 7:00 p.m.

(4) Whenever State Law precludes a regular meeting date, that meeting shall be rescheduled for the next business day at 7:00 p.m.

C. Special meetings. A special meeting is a meeting that is held at a time or location different from that of a regular meeting. A special meeting may be called by the mayor or any two city Council members by filing a request for the meeting at least three days before the meeting. Days shall be counted as provided in Section 8-14, subsection 3. Notice to the public of special meetings must be given pursuant to Minn. Stat. § 13D.04, subd. 2.

D. Work sessions. Work Sessions of the city council shall be set from time to time by City Council Resolution. Public input regarding work session matters will be allowed at the end of each Council work session topic. Public input will be limited to a maximum of three minutes per topic. Any member of the public desiring to address the Council shall raise his/her hand, be recognized by the presiding officer, and then proceed with his/her discussion. All remarks and questions shall be addressed to the presiding officer and not to any individual

Council member, staff member, or other person. During the public input portion of the work session, all remarks shall be limited to the subject under discussion. No person shall enter into any discussion without being recognized by the presiding officer.

E. Emergency meetings. An emergency meeting may be called by the mayor or any two city Council members. An emergency meeting is a special meeting called because of circumstances that, in the judgment of the public body, require immediate consideration by the public body. Posted or published notice of an emergency meeting is not required. However, the city will make a good faith effort to notify each news outlet that has filed a written request for notice. Notice must be given by telephone or any other method to notify members of the public body. The notice must include the subject of the meeting, date, time and place. Where practical, the clerk shall make an effort to contact news gathering organizations that have filed a request to receive notice of special meetings

F. Closed meetings. The Minnesota Open Meeting Law allows some meetings to be closed to the public for defined purposes. When a meeting is closed, the presiding officer at the council meeting will state the reason for closing the meeting on the record and cite the state statute that permits closure.

G. Recessed or continued meetings. When a meeting is recessed or continued, the presiding officer shall state the time and place for the next meeting to occur pursuant to Minn. Stat. § 13D.04, subd 4. The time and place shall be noted in the minutes. If the time and place is stated and noted in the minutes, no additional notice of the meeting is required. However, if the time and place is not stated, the notice procedures for special meeting shall be required.

H. Organizational meetings. The council will conduct its organizational meeting concurrent with the first regular council meeting in January of each year to:

(1) Appoint an acting mayor pursuant to Minn. Stat. § 412.121.

(2) Select an official newspaper pursuant to Minn. Stat. § 412.831.

(3) Select an official depository for city funds. This must be done within 30 days of the start of the city's fiscal year pursuant to Minn. Stat. §§ 427.01-.02; 118A.02, subd 1; 427.09.

(4) Review council's bylaws and make any needed changes.

(5) Assign committee duties to members.

(6) Approve official bonds that have been filed with the clerk.

I. Role of the presiding officer. The mayor shall preside at all meetings of the city council. The presiding officer shall preserve order, enforce the City Council Rules of Order and Procedure as adopted in Section 8-18, and determine, without debate, all questions of procedure and order, subject to the final decision of the council on appeal as provided in Section 8-16, subsection N. The presiding officer shall determine which member has the right to speak and may move matters to a vote once the officer has determined that all members who desire to speak have spoken. The presiding officer may determine whether a motion or proposed amendment is in order and may call members to order.

J. Adjourning meetings. If considered necessary, because of grave disorder, the presiding officer may adjourn or continue the meeting to another time or suspend the meeting for a specified time.

K. Designation of a sergeant-at-arms. The presiding officer may request that local law enforcement designate a member to serve as a sergeant-at-arms at city council meetings. The sergeant-at-arms shall carry out all orders or instructions given by the presiding officer for the purpose of maintaining order and decorum at meetings.

L. Motions and voting. The presiding officer may make motions, second motions, speak on any questions, and vote on any matter properly before the council.

M. Absences of the presiding officer. In the absence of the mayor, the acting mayor shall preside. In the absence of both the mayor and the acting mayor, the city clerk shall call the meeting to order. The first order of business shall be to select a presiding officer for the meeting from the members present. The city clerk shall preside until the Council members present choose a member to act as presiding officer.

N. Appeals of rulings of the presiding officer. Any member of the council may appeal to the full council a ruling on order or procedure made by the presiding officer.

(1) Procedure for appeals. An appeal is made by motion. A second is needed for the motion to be considered. The member making the motion may speak once solely on the question involved, and the presiding officer may speak once solely to explain his or her ruling, but no other Council member may participate in the discussion.

(2) Once both the maker of the motion and the presiding officer have spoken, the matter must be voted upon by the council as a whole.

(3) The appeal shall be sustained if it is approved by a majority of the members present, including the presiding officer.

O. Temporary designation of a presiding officer. The presiding officer may choose to designate a temporary presiding officer before participating in debate on a given matter. In the alternative, the council may by majority vote designate a temporary presiding officer to preside over the debate on a given matter. The presiding officer shall resume presiding as soon as action on the matter is concluded.

P. Staff presence. The City Administrator shall attend all meetings of the City Council with the right to take part in the discussions, but not to vote. In the absence of the City Administrator and Assistant City Administrator, a designated department head shall serve as the City Administrator's representative at the meeting. Department Heads and contracted employees such as the Engineer may attend all meetings. Department Heads and contracted employees such as the Engineer shall attend meetings when directed by the City Administrator.

Q. Memorandums, Resolutions and Ordinances. A memorandum report or brief explanation of each Business agenda item shall be included in the materials that accompany the agenda. The information provided by Staff should serve to inform the City Council on the subject matter under discussion. The information should explain in detail the Staff comments, work and/or recommendation. If an agenda item requires more than a majority vote, the agenda report

shall specify the votes needed to pass the matter under consideration. Whenever reasonably practicable for business and consent agenda items, proposed Resolutions or Ordinances shall be included in the materials for City Council consideration.

§ Section 8-17. Rules of Order and Procedure.

A. The proceedings of the city council shall be conducted in accordance with the procedures set forth in these bylaws. In the event these bylaws do not address a particular point of order, Roberts Rules of Order, most recently revised edition, shall govern.

(1) Council members desiring to question the staff shall address the question to the City Administrator or City Attorney, in appropriate cases, who shall respond to the inquiry or designate a staff member to do so.

(2) Any Council member may move to require the presiding officer to enforce the rules. Upon the affirmative vote of a majority of the Council, the presiding officer shall do so.

(3) All items in the Rules of Order and Decorum sections are applicable to the City of Isanti Planning Commission, Parks, Recreation and Culture Board and Economic Development Authority and any other City of Isanti Board or Committee holding public meetings, public hearings and forums. In the case of a Board or Committee holding public meetings, the presiding officer shall be the Chairperson and terminology referring to Council member shall mean the appointed Board or Committee member.

§ Section 8-18. Decorum.

A. All Council members shall assist the presiding officer in preserving order and decorum and in providing for the efficient operation of the meeting.

B. No Council member shall engage in conduct which delays or interrupts the proceedings or which hinders honest, respectful discussion and debate.

C. City council meetings shall be conducted in a courteous manner that recognizes the validity of differing points of view and promotes the ideal of democratic discussion and debate free of insult, bullying, intimidation, slander, and personal attacks and threats.

D. To effectuate these aspirational goals, city Council members shall conduct themselves at council meetings in a manner consistent with the following:

(1) No Council member shall engage in private conversation or pass private messages while in the chamber in a manner so as to interrupt the proceedings of the council.

(2) No Council member shall use any electronic communication device, other than the City iPad, during City Council or other City meetings.

(3) No Council member shall leave his or her seat or make any noise of disturbance while a vote is being taken and until the result of the vote is announced.

(4) No Council member shall use profane or obscene words or unparliamentary language or use language that threatens harm or violence toward another person during a council

meeting.

(5) No Council member shall speak on any subject other than the subject in debate.

(6) No Council member shall speak without being recognized by the chair; nor shall any Council member interrupt the speech of another Council member.

(7) No Council member shall disobey the City Council Rules of Order and Procedure adopted in Section 8-18 or a decision of the presiding officer on questions of order or practice or upon the interpretation of the rules of council.

(8) No Council member shall engage in disorderly conduct that disturbs or disrupts the orderly conduct of any meeting.

(9) Any Council member failing to conform with these rules may be determined to be declared out of order by the Presiding Officer where upon such Council member shall immediately desist from the offending conduct or shall be subject to removal from the meeting by the Sergeant-at-Arms.

(10) Decorum and order of employees. Staff members shall observe the same rules of procedure and decorum applicable to members of the Council. The City Administrator shall ensure that they observe such decorum. Any staff member, including the City Administrator, desiring to address the Council or members of the public shall first be recognized by the presiding officer. All remarks shall be addressed to or through the presiding officer.

§ Section 8-19. Voting.

A. The votes of the city council will be taken by voice vote. The presiding officer shall announce the results of all votes of the council.

B. A clear statement of the matter being voted upon and the names of those voting for and against the matter shall be recorded in the official minutes.

C. Council members may ask for a roll call of the vote by the City Administrator or designee on any motion or resolution.

D. The City Administrator or designee may ask for a verification roll call if the vote of a Council member is not clear on the voice vote.

E. A majority vote of the quorum present shall be sufficient for all matters before the council, unless otherwise provided by state law.

F. Whenever a matter is put forward for a vote, every Council member shall vote either in favor, opposed or abstain, unless a bona fide conflict of interest, as defined by state law, exists. A failure or refusal to vote shall be deemed an abstention.

G. As individuals, Council members have no administrative authority. When acting as a Council, however, the legislative body has authority over the appointed City Administrator.

H. Any Council member shall have the right to respectfully express dissent from or protest any action of the Council. A Council member wishing to have the dissent or protest entered in the minutes should state so with language such as "I would like the minutes to show that I am opposed to this action for the following reasons."

§ Section 8-20. Meeting schedule.

A. Each meeting of the council shall convene as close as practicable to the time and at the place appointed.

B. Council business shall be conducted in the order of the prepared agenda, unless an alteration is approved by a majority of the council.

C. An item will be commenced no later than 10:00 p.m. regardless of completion of meeting business.

D. If all business has not been completed, the meeting may be continued to another date and time following the notice provisions in Section 8-16, subsection G.

§ Section 8-21. Order of business. The order of business for all council meetings shall be:

A. Call to order.

B. Pledge of Allegiance.

C. Call of roll.

D. Adopt Agenda.

E. Proclamations/Commendations/Certificate Awards (if needed).

F. Approval of minutes.

G. Announcements.

H. Council Committee Reports.

I. Public hearings (when scheduled).

J. Business Agenda.

K. Consent agenda.

L. Other Communications.

M. Closed Session (only if needed).

N. Adjournment.

§ Section 8-22. Agenda.

A. An agenda will be prepared for all regular council meetings by the City Clerk's office. Agenda items may be placed by city Council members and city staff. When a special meeting is called, the agenda must be included in the request for the meeting and in the publication of the notice of the meeting pursuant to Minn. Stat. § 13D.04, subd. 2.

(1) All requests to place an item on the agenda by a Council member must be received in writing by the City Administrator or Designee by Wednesday noon preceding the City Council meeting. A written background to the request should be provided so the City Administrator or designee may collect and provide the City Council with information regarding the item if needed.

(2) All public requests to place an item on the agenda must be on the form prescribed by the city. The form should be completed with the goal of clearly describing the subject matter to be considered by council and any action requested or required. Supporting information may be attached to the form as necessary. These requests must first be reviewed and recommended for inclusion on the City Council agenda by the Committee of the Whole.

(3) All requests to place an item on the agenda by city staff must be reviewed by the City Administrator or designee.

(4) The agenda, along with information materials, will be emailed or delivered to all City Council members, City Department Head Staff, City Attorney, City Contracted Staff, the news media and others who have subscribed to receive 3 days prior to the City Council meeting.

(5) The City Administrator or designee shall see that at least one copy of printed materials relating to agenda items is available to the public in the meeting room while the Council considers their subject matter. This section does not apply to materials that are classified as other than public under the Minnesota Government Data Practices Act (Minn. Stat. § 13.01 et seq.) or materials for closed meetings.

(6) Only those items that have been placed on the agenda or have been approved to be added to the agenda as part of the Council action to accept the agenda shall be acted on by Council.

(7) All proposed resolutions and ordinances shall be in writing and provided in the Council materials unless an item is added to the agenda for immediate action for emergency purposes.

§ Section 8-23. Consent agenda.

A. A consent agenda may be used to improve the efficiency of meetings. The consent agenda allows council to consider several items at one time. Only one motion is necessary to approve all items on the consent agenda.

B. Items that require findings of fact or an explanation of council actions, such as land use matters and the consideration of license requests, should generally not be placed on the consent agenda.

C. An item on the consent agenda may be removed for consideration on the business agenda by the request of any one Council member. This request shall be done at the time of approval of the

agenda.

D. Policy establishing procedures for the use of a consent agenda. The City Council must deliberate many agenda items at its meetings, and the time available for such deliberation is severely limited. The City Council desires to have as much time as possible for the deliberation of significant agenda items which involve establishment of City policy and goals. Some agenda items are of such routine, noncontroversial nature that they need minimal Council deliberation. The City Council desires to handle these agenda items as expeditiously as possible in order to provide more time for significant agenda items. The City Council resolves that the City Administrator or designee is hereby directed to prepare a consent agenda for each regular Council meeting. The consent agenda shall contain those items which in the judgment of the City Administrator or designee are routine, noncontroversial items that require Council action but need little or no deliberation. The following procedures and rules shall govern the use of the consent agenda by the City Council:

(1) Full copies of the consent agenda will be provided in advance to both the City Council and the press.

(2) A motion to approve the consent agenda will not be debated.

(3) The consent agenda shall be adopted by majority vote.

§ Section 8-24. Minutes.

A. Minutes constitute a vital record of the city and are the best means of preserving city council intent, findings of fact, and action. Pursuant to Minn. Stat. § 412.151, the city clerk must keep a minute book.

B. The minutes shall contain at minimum:

(1) The city Council members who are present.

(2) Type of meeting (regular, special, continued, emergency).

(3) Date and place the meeting was held.

(4) Time the meeting was called to order.

(5) Approval of minutes of the previous meeting, with any corrections.

(6) The members who make or second motions.

(7) Roll call vote on motions (if needed or requested).

(8) Subject matter of proposed resolutions or ordinances.

(9) Whether the resolutions or ordinances are defeated, adopted or tabled.

(10) A statement of findings of facts and an explanation of council action, including specific reasons for approval and disapproval, on all land use and licensing matters.

(11) Listing of all bills allowed or approved for payment, noting the recipient, and amount.

(12) Abstentions from voting due to a conflict, stating the member's name.

(13) Appointments of representatives to committees or outside organizations.

C. The minutes of each meeting shall be typed and signed as required by Law. Copies of the minutes shall be included in the agenda for the next council meeting.

D. At the next regular meeting, approval of the previous meeting's minutes shall be considered by council.

1. The meeting minutes do not need to be read aloud.

2. The presiding officer shall call for any additions or corrections.

3. If there is no objection to an addition or correction, it will be made without a vote of the council.

4. If there is an objection, the council shall vote upon the addition or correction by roll call vote.

5. Council shall take formal action by vote to approve the minutes as distributed or as amended.

E. Minutes shall be published as required by Minn. Stat. §§ 412.191, 331A.08, subd. 3, 331A.01, subd 10.

§ Section 8-25. Public Hearings.

A. Public hearings are sometimes required by law to allow the public to offer input on city council decisions. When public hearings are required by law, notice shall be provided as required by state statute. Public hearings shall be held at the meeting advertised in any notice required by law.

B. General procedure for public hearings. The order of business for all public hearings conducted by council shall be:

(1) Opening comments by presiding officer announcing the purpose of the public hearing.

(2) Presiding officer opens the public hearing portion of the meeting.

(3) Staff presentation (including clerk/administrator, attorney, engineering reports if any).

(4) Developer/other presentation (if any).

(5) Public comments (limited to 3 minutes. Comments must not be repetitive).

(6) Reading of written comments.

(7) Presiding officer formally closes the public hearing portion of the meeting.

C. Speakers who wish to address the city council at a public hearing must follow the same rules in Section 8-25. However, the presiding officer may allow additional time for speakers and shall be allowed by majority vote of the City Council.

D. Speakers may also provide written comments to the city council before or at the meeting. Signed written comments provided in lieu of verbal remarks shall be read aloud by the presiding officer or his or her designee prior to adjournment of the public hearing. Anonymous, unsigned communications will not be read.

E. The presiding officer may continue the hearing, if necessary, following the procedures in Section 8-16, subsection G.

§ Section 8-26. Public comment at Council meetings and at Public Hearings.

A. Public participation and comment at council meetings. City council meetings are the forum for the city council to conduct the city's business. While city council meetings are open to the public pursuant to the Minnesota Open Meeting Law, they are not a forum for public expression. As such, members of the public are not allowed to participate in council discussion and debate without a specific invitation and/or formal recognition by the presiding officer. Members of the public shall not applaud, engage in conversation, or engage in other behavior through words or action that may disrupt the proceedings of council.

B. Members of the public shall follow the direction of the presiding officer. Members of the public who do not follow the direction of the presiding officer will be warned that further disruptive conduct will result in removal from the meeting. After warning, if the conduct continues, the presiding officer may ask the member of the public to leave the meeting room. If the member of the public refuses to follow the direction of the presiding officer, the presiding officer may direct the sergeant-at-arms to remove the person through any lawful means. In emergency situations, or where conduct is an egregious threat to the safety of the public or the council, a warning is not necessary before the sergeant-at-arms is directed to remove the person.

C. Public comment period. Prior to the commencement of business at each regular meeting of the City Council, an informal forum titled "Citizens Input" may be held at the designated start time for the regular City Council meetings. Public comments during the citizen input period are subject to these limitations:

(1) Speakers must be recognized by the presiding officer before speaking and are limited to three minutes for comment.

(2) When multiple speakers appear to speak on the same topic, comments should not be repetitive. The presiding officer may request speakers to appoint a spokesperson.

(3) The presiding officer may place a time limit on the citizen input period, if necessary, to allow for the conduct of city business. If there is not sufficient time to hear all public comments, the comment period may be deferred to the next regular council meeting or at a continued meeting.

(4) Speakers must identify themselves by name and address prior to addressing the presiding officer.

(5) Speakers must direct their remarks toward the presiding officer.

(6) Speakers shall not use obscene, profane or threatening language, nor conduct themselves in a threatening, loud, or boisterous manner that disrupts the conduct of the meeting or the security of the public.

(7) Speakers are required to follow the direction of the presiding officer.

(8) Speakers who do not follow the direction of the presiding officer will be warned that further disruptive conduct will result in removal from the meeting. After warning, if the conduct continues the presiding officer may ask the speaker to leave. If the speaker refuses to follow the direction of the presiding officer, the presiding officer may direct the sergeant-at-arms to remove the speaker through any lawful means. In emergency situations, or when conduct is an egregious threat to the safety of the public or the council, a warning is not necessary before the sergeant-at-arms is directed to remove the speaker.

(9) No Council action may take place during the Citizen Input. However, Council members may express their views or reaction to a presentation, direct City Administrator or designee to address specifics in nature and may ask questions of the presenter.

(10) Items to be considered on the agenda will not be addressed at the Citizen Input. Citizen items are also restricted to City governmental topics rather than as a platform for private agendas, to make personal attacks, to air personality grievances, to make political endorsements, or for political campaign purposes.

(11) If any Council member deems that the comments are not germane to issues within the purview of the City Council, the Council member may request the presiding officer to request the speaker to yield the podium. Further, any Council member may object to the request of the presiding officer to ask a speaker to yield the podium, in which case, the presiding officer shall put the matter to a vote of the Council.

(12) The presiding officer shall have the authority to adjourn the public forum if there is a breach of decorum.

(13) Citizen Input is not included as a part of the regular meeting minutes, audio or video.

§ Section 8-27. Procedure for Resolution and Ordinance adoption.

A. All resolutions and ordinances shall be in writing and provided in the Council materials, agenda packet, unless an item is added to the agenda for immediate actions for emergency purposes. Unless otherwise provided by law, all ordinances shall be adopted by resolution by a majority vote of Council members present at the council meeting. Unless otherwise provided by law, ordinances do not require multiple readings, and may be adopted as presented at the first available meeting.

B. Readings are deemed waived unless a member of the City Council requests such a reading; unless otherwise provided by law.

C. Signing and publication proof. Every ordinance and resolution passed by the Council shall be signed by the Mayor, attested by the Clerk, and filed by the Clerk in the Ordinance or Resolution Book. Proof of publication of every ordinance shall be attached and filed with the ordinance.

D. Repeals and amendments. Every ordinance or resolution repealing a previous ordinance or resolution or a section or subdivision thereof shall give the number, if any, and the title of the ordinance or Code number of the ordinance or resolution to be repealed in whole or in part. Each ordinance or resolution amending an existing ordinance or resolution or part thereof shall set forth in full each amended section or subdivision as it will read with the amendment.

E. Motions, petitions, communications. When a motion is made and seconded, it shall be stated by the presiding officer before debate by the Council members. The presiding officer shall confirm by again asking if there are any further comments or discussion from the Council prior to asking for a vote. Every motion shall be stated in full before the presiding officer submits it to a vote and shall be recorded in the minutes. Every petition or other communication addressed to the Council shall be in writing and shall be read in full upon presentation to the Council unless the Council dispenses with the reading. Each petition or other communication shall be recorded in the minutes by title and filed with the minutes in the office of the Clerk.

§ Section 8-28. Board, Commission and Committee assignments.

All assignments of Council members to serve on city boards, commissions, and committees shall be by a majority vote of Council members present at the meeting, unless otherwise provided by law.

§ Section 8-29. Committees

A. Committees designated.

(1) Committee of the Whole. All Council members are appointed annually to the Committee of the Whole. Committee of the Whole meetings are a dialogue on matters placed on a meeting agenda between Council members, City staff, City consultants and invited guests. No official action, (i.e. adoption of Resolutions or Ordinances), shall be taken at these meetings, however, Council may provide administrative or operational direction to staff as requested, and as deemed appropriate by Council. Committee agendas shall be prepared by the City Administrator or their designee and distributed in advance of Committee meetings and posted. The City Administrator or their designee shall convene and introduce Committee agenda items. Matters which pursuant to City Code or resolution that reference a former Council committee shall be brought to the Committee of the Whole. A Committee meeting schedule shall be adopted annually by the City Council.

(2) Other City and community boards and committees:

(a) Rum River BMX Association Board.

(b) Community Education.

(c) Cable TV Liaison.

(d) Chamber of Commerce Liaison.

(e) Bike Isanti County Committee.

(f) Fire District.

(g) School Liaison.

(h) (Reserved)

(i) ECRDC Transportation Advisory Committee.

(j) ICICLE.

(k) C-I Bike Walk Trail Committee.

(l) Public Works Labor Management Committee.

B. Referral and reports. Any matter brought before the Council for consideration may be referred by the presiding officer to the appropriate committee or to a special committee that the presiding officer appoints for a written report and recommendation before it is considered by the Council as a whole. A majority of the members of the committee shall sign the report and file it with the Clerk prior to the Council meeting at which it is to be submitted. Minority reports may be submitted. Each committee shall act promptly and faithfully on any matter referred to it.

C. Council members assigned to Committees shall attend scheduled meetings and in the case of absence, if an alternate is designated, shall inform the alternate of their inability to attend the meeting. Except for EDA, Park, Recreation and Culture Board and Planning Commission, Council members serving in voting positions on City and community boards and committees shall keep the Council apprised of all major policy and fiduciary matters requiring a vote prior to the Committee meeting that the vote must be taken. In the event that the Council has not been apprised of the matter to be voted on, or time does not allow review with the Council, the Council member shall abstain from voting.

§ Section 8-30. Mayoral and City proclamations.

Except as otherwise provided by law, all mayoral and city proclamations recognizing events, persons, and official observances shall be adopted by a majority of Council members present at the meeting where such proclamation is presented for adoption.

§ Section 8-31. Seating assignments.

Council members shall occupy the chairs assigned to them by the presiding officer, but two Council members may exchange seats by joining in a formal request to the presiding officer.

§ Section 8-32. Suspension or amendment of these rules.

Any or all of these rules may be temporarily suspended by a majority vote of the Council members present at the meeting, except as otherwise required by Minnesota law. These rules shall not be repealed or amended except by a majority vote of the whole council after notice has been given at a preceding council meeting.

§ Section 8-33. City Council and Staff relations.

A. Purpose. The purpose of this section is to set forth the basic regulations regarding the various contacts and working relationships of the members of the City Council and those employees appointed by or under the direction of the City Administrator.

B. General. The City of Isanti operates under the Council-Administrator form of government. Under this form of local government, citizens elect the City Council, which is responsible for making basic policy decisions for the community. The Council employs a City Administrator who provides administrative leadership for carrying out the policy formulated by the City Council.

(1) The success shared by the Council-Administrator form of local government is in large measure a result of a clear recognition on the part of all officials concerned that the legislative and administrative branches of government must operate within their respective spheres of responsibility to preserve the orderly process of governmental activity.

C. Communications with Council Members.

(1) The City Administrator is responsible for implementing the legislative and policy decisions of the City Council. The City Council issues all orders and directives through the City Administrator because he/she is responsible for the day-to-day operation of the City government.

(2) On occasion a Council member, in his or her desire to serve the people of Isanti whose interest he or she is elected to voice, may handle a problem or inquiry less formally. In such an instance, if the matter can be handled in conformance with existing Council and administrative policy, it should be resolved as the priority of the problem dictates. However, if the requested or suggested action raises any policy or procedural questions, or if the proposed action is inconsistent with any previously adopted Council policies or actions, the staff member should bring the matter to the attention of the City Administrator.

(3) Respectful requests from a Council member for information or to respond to maintenance problems, ordinance enforcement difficulties, etc., shall be directed to the City Administrator and courteously responded to as soon as possible.

(4) The members of the City Council, the City Administrator and all City employees have a responsibility to maintain the sometimes-delicate balance of relationships essential to the proper functioning of the Council-Administrator form of government. The role of staff in maintaining this proper relationship is as important as the role of elected officials. Those in administrative positions have a responsibility to make recommendations on policy decisions, but such recommendations should be made through their immediate superiors.

(5) Department heads may be required to attend Council meetings when they have proposed items which are on the council's agenda as directed by the City Administrator. If a department head is unable to attend a meeting when required, he or she should request the city administrator's permission to send a representative. Other city employees are to participate in discussion of official city business at council meetings only when and if questions are directed to them. When attending these "required" meetings, the department head (or representative) should be fully informed of all facts and be prepared to discuss in detail the subject under consideration.

D. Employee Discussion Items. City employees are not to bring any matters before the Council that are not on the agenda. Any city employee who is a resident of Isanti may appear before the council at Citizen Input to discuss matters outside of their employment with the City. All employment issues must follow the city's chain of command and applicable policies. The City

Council or their Commissions/Committees will not review or discuss anonymous correspondence.

E. Communication from Council Members to Staff. Communications from Council should be reported to the City Administrator and the City Administrator shall receive the information requested from the corresponding staff. If staff needs to contact Council or a Council member, the City Administrator is also to be advised. Not to keep the two groups from communicating, but so the City Administrator is advised should anyone on Council or other staff contact him or her to discuss the topic of communication.

F. Communication on behalf of the City. The Mayor, in their absence Mayor pro tem, Chief of Police, and City Administrator are authorized to communicate on behalf of the City in interviews, publications, news releases, on social media sites, and related communications. Other employees may represent the City if approved by one of these individuals to communicate on a specific topic on a case by case basis.

§ Section 8-35. Supplemental items.

The City Council may by Resolution adopt such supplemental forms, rules of order, and code of conduct guidelines as it may deem appropriate from time to time.

§ Section 8-36. Suspension or amendment of rules.

These rules may be suspended or amended only by a two-thirds vote of the members present and voting.

'Exhibit A'
Code of Conduct Policy

Purpose.

The City Council of the City of Isanti determined that a code of conduct for its members, as well as the members of the various boards and commissions of the City of Isanti, is essential for the public affairs of the city. By eliminating conflicts of interest and providing standards for conduct in city matters, the City Council hopes to promote the faith and confidence of the citizens of Isanti in their government and to encourage its citizens to serve on its council, boards and commissions.

Standards of conduct.

A. No member of the City Council or a city board or commission may knowingly:

1) Violate the Open Meeting Law.
2) Participate in a matter that affects the person's financial interests or those of a business with which the person is associated, unless the effect on the person or business is no greater than on other members of the same business classification, profession, or occupation in the City.
3) Use the person's public position to secure special privileges or exemptions for the person or for others.
4) Use the person's public position to solicit personal gifts or favors.
5) Use the person's public position for personal gain.
6) Except as specifically permitted pursuant to Minn. Stat. 471.895, accept or receive any gift of substance, whether in the form of money, services, loan, travel, entertainment, hospitality, promise, or any other form, under circumstances in which it could be reasonably expected to influence the person, the person's performance of official action, or be intended as a reward for the person's official action.
7) Disclose to the public, or use for the person's or another person's personal gain, information that was gained by reason of the person's public position if the information was not public data or was discussed at a closed session of the City Council.
8) Disclose information that was received, discussed, or decided in conference with the city's legal counsel that is protected by the attorney-client privilege unless a majority of the City Council has authorized the disclosure.
9) Represent private interests before the City Council or any city committee, board, or commission.

B. Except as prohibited by the provisions of Minn. Stat. § 471.87, there is no violation of subsection A., 2. of this section for a matter that comes before the council, board, or commission if the member of the council, board, or commission publicly discloses the circumstances that would violate these standards and refrains from participating in the discussion and vote on the matter. Nothing herein shall be construed to prohibit a contract with a member of the City Council under the circumstances described under Minn. Stat. § 471.88, if proper statutory procedures are followed.

C. **Complaint, hearing.** Any person may file a written complaint with the City Administrator or designee alleging a violation of the standards of conduct in Section A. The complaint must contain supporting facts for the allegation. The City Council may hold a hearing after receiving the written complaint or act upon the council's own volition. A hearing may be held only if the City Council determines (1) upon advice of the city attorney, designee, or other attorney

appointed by the council, that the factual allegations state a sufficient claim of a violation of these standards or rise to the level of a legally recognized conflict of interest, and (2) that the complaint has been lodged in good faith and not for impermissible purposes such as delay. The City Council's determination must be made within 30 days of the filing of the allegation with the city clerk. If the council determines that there is an adequate justification for holding a hearing, the hearing must be held within 30 days of the City Council's determination. At the hearing, the person accused must have the opportunity to be heard. If after the hearing, the council finds that a violation of a standard has occurred or does exist, the council may censure the person, refer the matter for criminal prosecution, request an official not to participate in a decision, or remove an appointed member of an advisory board or commission from office.

'Exhibit B'

Policy for Rules of Order for City Councils

Preamble.

A. Purpose. The purpose of these rules is to foster debate and discussion in an orderly manner, not to suppress honest discussion with excessive formality. Without rules, confusion and disorderly proceedings would hamper all city action, no matter how well intended. Rules allow city business to be conducted as efficiently as possible, protect minority groups by giving every person a chance to be heard, prevent discussion of multiple topics at once, and allow decisions to be made by majority rule.

B. Rights of Council members. All Council members are equal and have the same rights to make motions; object to motions in a timely manner; participate in debate; have their votes counted; and speak, when recognized, free of interruption.

C. Obligations of Council members. The rights of individual Council members cannot be realized unless all Council members also recognize their obligations as members of the political body. Council members are obligated to receive the recognition of the chair before speaking, except as otherwise provided by these rules. No one has the right to speak at whim. Council members are obligated to speak directly on the subject being considered and observe time limits for comment. Finally, Council members are obligated to address all remarks to the presiding officer, avoid personal attacks, bullying, intimidation and refrain from using any insulting or demeaning language or indecent or threatening behavior.

Rule 1. Motions.

All formal actions of council must be by motion. A Council member may make only one motion at a time.

Rule 2. Language for making a motion.

The appropriate language for making a motion shall be substantially similar to, " I move to ____."

Rule 3. Procedure for consideration of a motion.

A motion must normally be seconded by another member before it can be considered. Once a motion has been made, the presiding officer shall restate the motion and (if applicable) open the motion up for debate, provided that the presiding officer determines that the motion is in order, that debate is applicable and no objections to the motion or to the determination of the presiding officer that debate is not applicable have been made pursuant to Rule 4. A motion is in order if it is made at a proper time in the proper format and does not violate any applicable rules of law, ordinance, or city policy, including city policies on decorum and civility, and is not made for the purpose of unduly delaying the proceedings. Debate shall follow the procedures in Rule 5. Once any debate has concluded, the presiding officer shall restate the motion and call for a vote on the issue. A motion shall be considered passed if a quorum is present and if it receives a majority vote of those present and voting at the meeting, unless otherwise required by law.

Rule 4. Objections to a motion.

A. Any member of the council may make an objection to a motion if he or she believes the motion is not in order. A motion is in order if it is made at a proper time in the proper format and does not violate any applicable rules of law, ordinance, or city policy, including city policies on decorum and civility, and is not made for the purpose of unduly delaying the proceedings.

B. An objection to a motion must be made immediately following the motion and at no other time. The objector does not need to be recognized by the presiding officer in order to voice their objection. The

appropriate language for making an objection shall be substantially similar to, "I object to the motion as being out of order, and call for a ruling by the presiding officer."

C. A motion may be objected to as not being made at a proper time if the motion was made by a person not called upon by the presiding officer to speak, or if it does not follow the agreed upon agenda for the meeting.

D. The presiding officer shall determine whether the motion is in order.

E. In determining whether the motion is in order, the presiding officer shall let the objector to the motion speak once, explaining his or her position. Next, the presiding officer shall let the maker of the motion speak once, to answer the concerns of the objector. Then the presiding officer shall make a formal ruling as to whether the motion was in order.

F. If the motion is ruled out of order, the motion shall not be considered. If the motion is ruled in order, the presiding officer shall open the motion, ask for a second and if a second is received then open for debate (if applicable).

G. The presiding officer's ruling may be appealed as provided in Rule 7.

Rule 5. Debate.
Generally, only one motion may be considered at a time in debate. Once a motion has been made, and seconded, the presiding officer shall restate the motion and open the motion for debate, if the motion is debatable. The presiding officer shall conduct the debate in accordance with the following:

A. For initial comments, all comments shall be limited to five minutes. For subsequent comments, all comments shall be limited to two minutes.

B. The maker of the motion shall be permitted to speak first on the issue.

C. To the extent possible, the debate shall alternate between proponents and opponents of the measure.

D. All Council members who wishes to speak on the issue must be permitted to speak once, before Council members who have already spoken are permitted to speak again.

E. Council members shall avoid repeating points already made in the debate or other duplicative conduct that may delay the proceedings. Where a point has already been made, Council members may affirm agreement or disagreement.

F. Generally, only one motion may be considered at a time in debate. Debate may only be interrupted by a motion to amend the original motion, a motion to take a brief recess, a motion to withdraw the motion by the motion's maker, a motion to divide a complex question, a motion to defer consideration to a later date, a motion to refer an issue to committee, motion for call of the previous question, a motion to limit debate, or a motion for a call to order. When debate is interrupted by any of these motions, the interrupting motion shall be resolved prior to resuming debate.

Rule 6. Definitions of motions that may interrupt debate (secondary motions).
As explained in Rule 5, only certain motions may interrupt debate on a motion. These are called secondary motions. When a secondary motion is made, the presiding officer must follow the same procedures in Rule 3 to consider the secondary motion. A secondary motion must be resolved, either by being ruled out of order by the presiding officer or debated and voted upon by the council, before debate

on the main motion can resume. Secondary motions may also be made outside of debate, where appropriate. For example, a motion to take a brief recess can be made before, during, or after a debate.

A. Motion to amend the original motion. The maker of the motion does not need to consent to a motion to amend. However, he or she may vote against the amendment or withdraw their motion via a motion to withdraw prior to any amendment being approved. Only two amendments may be made to an original motion to avoid confusion. The amendments should be voted on in reverse order, with the last amendment being voted upon first. To avoid confusion, complex language should be put in writing. A motion may not be amended so substantially as to essentially reject the original motion, though different language may be proposed so as to entirely substitute for the original language. The appropriate language for making a motion to amend shall be substantially similar to "I move to amend the motion by inserting between . . . . and . . . ." or "I move to amend the motion by adding after . . ." or "I move to amend the motion by striking out . . ." or "I move to amend the motion by striking out . . . and inserting . . ." or "I move to amend by striking out the motion . . . and substituting the following."

B. Motion to take a brief recess is not a motion to adjourn or continue the meeting to another time or place. Instead, it is a motion to take a brief respite no greater than 20 minutes. If a motion to take a brief recess is granted, the presiding officer may set a time for the meeting to resume. In addition, the presiding officer is authorized to call for a brief recess on his or her own initiative, without a vote, to maintain order in the meeting. The appropriate language for making a motion to recess shall be substantially similar to, "I move to take a brief recess for ____minutes."

C. Motion to withdraw a motion is not subject to debate, and it can only be made by the motion's maker before a motion is amended. The appropriate language for making a motion to withdraw shall be substantially similar to, "I move to withdraw my motion."

D. Motion to divide a complex question may be used for complex items of business. It allows the council to break larger questions into smaller parts, which are considered separately. The appropriate language for making a motion to divide a complex question shall be substantially similar to, "I move to divide the question into parts. Part 1 shall be____. Part 2 shall be ___."

E. Motion to table or defer consideration to a later date is not subject to debate. It may be used to defer or delay consideration of a matter. The appropriate language for making a motion to defer consideration shall be substantially similar to, "I move to defer consideration of the main motion/this item until ___."

F. Motion to refer an issue to committee is not subject to debate. It may be used to refer an issue to a city committee, such as the park board or planning commission, for their report. The motion should contain an expected receipt day for the report. The appropriate language for making a motion to refer an issue shall be substantially similar to, "I move to refer the main motion/this issue to the committee for its consideration and recommendation. The committee should report back to the council in ___ days/weeks."

G. Motion for call of the previous question is not subject to debate. It may be used only after at least 20 minutes of debate on a single motion or when all members of the council have been permitted to speak at least once on the motion. If approved by the majority, a vote must be taken on the motion under debate immediately. The appropriate language for making a motion to call the previous question shall be substantially similar to, "I move to call the previous question" or "I move for an immediate vote on this issue."

H. Motion to limit debate is not subject to debate. It may be used to establish time limits for debate. The appropriate language for making a motion to limit debate shall be substantially similar to, "I move to limit debate on this issue to ___ minutes per person" or "I move to limit council debate on this issue to no more than ___ minutes total."

I. Motion for a call to order is not subject to debate. It may be used to signal to the presiding officer that the Council member feels the proceedings have gotten disorderly. The appropriate language for making a motion for a call to order shall be substantially similar to, "I move for a call to order by the presiding officer."
NOTE: Most secondary motions should not literally interrupt debate. They may not be made in the midst of the comments of a speaker duly recognized by the presiding officer, or silence the speaker's speech. To make a secondary motion, the maker must be called upon and recognized by the presiding officer. There are two exceptions to this rule—a motion for a call of the previous question and a motion for a call to order. These motions may be made at any time—even in a manner that interrupts a speaker. However, these motions should be made only in the rare instance where a meeting has become out of control, strayed from the agenda, or become disorderly.

Rule 7. Appealing procedural decisions of the presiding officer.

A. Any member of the council may appeal to the full council a ruling on order or procedure made by the presiding officer.

B. Procedure for appeals. An appeal is made by motion and second. The member making the motion may speak once solely on the question involved, and the presiding officer may speak once solely to explain his or her ruling, but no other Council member may participate in the discussion.

C. Once both the maker of the motion and the presiding officer have spoken, the matter must be voted upon by the council as a whole.

D. The appeal shall be sustained if it is approved by a majority of the members present, exclusive of the presiding officer.

Rule 8. Other special motions explained.

A. Motion to adjourn is not subject to debate. It may be used to suggest a conclusion to the meeting. The presiding officer may adjourn a meeting on his or her own initiative, without a vote, if necessary, to maintain order. The appropriate language for making a motion to adjourn shall be substantially similar to, "I move to adjourn the meeting."

B. Motion to go into closed session may be used to close the meeting pursuant to the Minnesota Open Meeting Law. When the motion is made, the basis for closing the meeting and the applicable law must be stated into the record. The presiding officer may also close the meeting on his or her own initiative, without a council vote, if closing the meeting is mandatory under the law or if directed by the city attorney. The appropriate language for making a motion to go into closed session shall be substantially similar to, "I move to close the meeting in order to consider pursuant to ____of the Minnesota Open Meeting Law."

C. Motion to leave a closed session may be used to conclude a closed session and return to an open meeting. The appropriate language for making a motion to leave a closed session shall be substantially similar to, "I move to open the meeting."

D. Motion to revive consideration of an issue may be used to request consideration of an issue previously tabled, deferred, or referred to committee at any prior meeting. The appropriate language

for making a motion to revive shall be substantially similar to, "I move to revive consideration of previously tabled/deferred/referred to committee."

E. Motion to reconsider may be made only at the same meeting where the issue was originally considered and voted upon. It may be made only by a person on the prevailing side of an issue. In the event of a tie vote, those voting against the issue shall be considered the prevailing side. The appropriate language for making a motion to reconsider shall be substantially similar to, "I move to reconsider ___."

F. Motion to rescind or repeal may be made at any meeting following the meeting where the issue was originally considered and voted upon. It may be made by any Council member, whether or not he or she was on the prevailing side. It may not be made when prevented by law or where substantial reliance on the council's previous decision has occurred. The appropriate language for making a motion to reconsider shall be substantially similar to, "I move to rescind/repeal the council's previous action related to ____as stated in resolution number ___."

G. Motion to prevent reintroduction of an issue for months is not subject to debate. It may be used to limit discussion of an issue that has been raised and/or moved for reconsideration several previous times. The appropriate language for making a motion to prevent reintroduction shall be substantially similar to, "I move to prevent reintroduction of this issue for ___ months."

H. Motion to suspend the rules or to consider a motion informally should be used sparingly on issues likely to be uncontroversial. Complex motions and resolutions should still be put in writing. This motion may permit informal discussion of an issue (such as a roundtable discussion, brainstorming session, visioning session, etc.) where appropriate. The appropriate language for making a motion to proceed informally shall be substantially similar to, "I move that we suspend the rules and proceed informally in discussing the issue of ___."

Rule 9. Resolutions and ordinances.
Simple motions shall be used only for procedural and meeting matters. Substantive issues, such as the approval or disapproval of contracts, licenses, or permits; the censure of Council members; the hiring, termination, or promotion of employees; the appointment of board, commission, and committee members; and the adoption of city policies, rules, and ordinances shall be by resolution. An exception to this general rule may be made in instances where significant documentation of the council's decision exists, rendering an additional resolution repetitive (for example, where a written contract spells out all the terms that would be listed in the resolution). All resolutions shall be written and numbered in a manner consistent with the city's record keeping policies. The appropriate language for a motion for the adoption of a resolution shall be substantially similar to, "I move to adopt the resolution numbered ___."

Memo for City Council

To: Mayor Johnson and Members of the City Council
From: Josi Wood, City Administrator
Date: June 18, 2019
Subject: Consider Resolution Authorizing the Acceptance of IT Contract Services with White Bear IT Solutions, LLC

Background:
The City has been with White Bear IT Solutions, LLC since February, 2017. Staff have been pleased with his response time, performance and overall general city computer systems support. There was no increase in cost compared to the City's previous three-year contract. Staff is recommending for consistency and good customer service to remain with White Bear IT Solutions, LLC and renew another three-year contract.

Request:
Staff is requesting action on this item.

RESOLUTION 2019 -

A RESOLUTION AUTHORIZING THE ACCEPTANCE OF IT CONTRACT SERVICES FROM WHITE BEAR IT SOLUTIONS, LLC

WHEREAS, the City of Isanti entered into an agreement for IT support services for general city computer systems (non-specialized) with White Bear IT Solutions, LLC beginning February 1, 2017 for a three-year contract; and,

IT support contract

Introduction

This IT support contract ("contract") is made as of May 22nd, 2019 (the "Effective Date"), by and between the **City of Isanti** ('the client') and **White Bear IT Solutions LLC** ('the service provider').

Purpose

The client depends on IT equipment, software and services (together: 'the IT system') that are maintained and supported by the service provider.

This contract sets out how the IT service provider will provide maintenance and support services for the IT system. It describes which items the service provider will provide support, what services it will provide, and how the client can expect problems with the IT system to be handled.

Scope

Parties

This contract is between:

The client:	The service provider:
City of Isanti 110 1st Ave NW Isanti, MN 55040 Key contact: Katie Brooks 763-444-5512	White Bear IT Solutions LLC 4986 Stewart Ave White Bear Lake, MN Key Contact: Jim Kritta 651-447-7186

Term and Termination of Agreement

This contract commences on **February 1st, 2020** and will continue for a period of **36 months.**

This contract may be renewed by mutual agreement of the parties upon such terms and conditions as the parties may mutually agree. This contract will terminate upon (i) mutual or written agreement of the parties, (ii) a party's breach of this contract, provided however that the non-breaching party shall give the breaching party 10 days notice in writing of such breach, and the breaching party will have 10 days to remedy or correct any and all breaches contained in the written notice; or for any reason upon 10 days advance written notice to the other party.

Equipment, software and services covered

This contract covers the equipment, software and services listed below. This list may be updated at any time, with agreement from both the client and service provider.

- Onsite/Remote Support of all Servers, PC's, Laptops and Firewalls
- Network Monitoring (Servers, PC's, Laptops and Firewalls)
- Backup Monitoring (Datto – Siris Device)
- Anti-virus Monitoring (Trend or Webroot)
- Annual Disaster Recovery Testing (Datto – Siris Device)

Exclusions

The service provider will make its best efforts to provide support and rectify problems as requested.

However, this agreement only applies to the parts of the IT system listed above.

The services do not include maintenance or repair necessitated by:

- The use of equipment, software or service(s) in a way or for a purpose for which it was not designed.
- **Changes** to the configuration or set up of equipment, software or services otherwise than by the service provider or without the prior written approval of the service provider.
- Damage caused by virus, spyware, or lack of a firewall when updates have not been installed or where an update has not yet become available, or where the client has prevented the service provider from **performing required maintenance and updates**. Theft or loss of equipment.
- Relocation of equipment
- Poor environmental conditions
- Fire, tornado, lightening, floods and other acts or events that are beyond the reasonable control of the service provider.

Limitation of Liability

THE SERVICE PROVIDER SHALL NOT BE LIABLE TO THE CLIENT FOR LOST PROFITS, ANY SPECIAL, INDIRECT, OR CONSEQUENTIAL DAMAGES ARISING OUT OF OR RELATED TO THE CONTRACT, EVEN IF THE SERVICE PROVIDER HAS BEEN NOTIFIED OF THE POSSIBILITY OF SUCH DAMAGES. UNDER NO CIRCUMSTANCES WILL LIABILITY EXCEED AMOUNTS PAID BY THE CLIENT TO THE SERVICE PROVIDER UNDER THIS CONTRACT.

Responsibilities

Key service provider responsibilities

The service provider will maintain and support the IT system used by the client.

Additionally, the service provider will:

- Ensure relevant software, services and equipment are available to the client
- Respond to support requests and within reasonable time, in any case.
- Do its best to escalate and resolve issues in an appropriate, timely manner.
- Maintain good communication with the client at all times.

Key client responsibilities

The client will use the IT system as intended.

Additionally, the client will:

- Make timely payment on service provider's invoices.
- Notify the service provider of issues or problems in a timely manner.
- Provide the service provider with access to equipment, software and services for the purposes of maintenance, updates and fault prevention.
- Keep the service provider informed about potential changes to its IT system. For example, if client's employees are to begin connecting their own mobile devices to the company network, the service provider may be able to adjust its services accordingly.
- Maintain good communication with the service provider at all times.
- Maintain current manufacturer's warranty on critical hardware components (File Server, Firewall, Backup Device).

Confidentiality

In order to provide services as described herein, the service provider may have access to the client's confidential information. The service provider agrees to take all reasonable measures to keep all files, client information, passwords, and any other proprietary client data secure and confidential.

Activities

The service provider will perform a number of specific tasks for the client. Details of these tasks are described in the table below, along with the purpose and frequency of each.

Activity	Frequency	Notes
General		
Document software and hardware changes	As necessary	
Review hardware warranty status	As necessary	
System maintenance		
Check backups are running properly	Daily	This is a simple check that backups are running with no errors reported.
Perform backup test	Quarterly	This is a full data restore test.
Monitor and maintain server uptime	Constantly	
Install software patches, service packs and other updates	As necessary	Updates will usually be tested before being rolled out across the IT system.
Install software upgrades	As necessary	Upgrades that incur costs — and other major upgrades — will only be installed after consultation with the client.
Monitor server event logs for potential problems	Daily	
Monitor available disk space on servers and company computers	Daily	
Perform system and server reboots	As necessary	Non-essential reboots will be performed at convenient times, agreed between client and supplier.
General server maintenance	As necessary	To be performed out of hours or at mutually agreed times.
Let client know of any potential issues	As necessary	For example: • Disk space running low • Equipment showing signs of failure • Deteriorating broadband speed
Create, remove and maintain employee user accounts and permissions	As necessary	For example, when employees: • Join or leave the company • Require access to additional resources
Assist users with support queries	As necessary	For example: • How to connect to VPN • Where to save shared files

Fixing problems		
Disaster recovery of core systems	As necessary	In the event of a significant IT failure or problem (e.g. complete server failure or security breach), The service provider will do everything possible to restore service. A separate disaster recovery plan should be maintained.
Fix user errors / mistakes	As necessary	For example: • Accidental file deletion • Forgotten password
Raise support requests with third-party providers	As necessary	Where cloud services and other aspects of the IT system are not in The service provider's direct control, The service provider will take responsibility for liaising with third-parties to resolve issues.
Managing networks		
Maintain internet connection	Constantly	Automated monitoring will be used to identify performance issues with or availability of the client's internet connection(s).
Monitor network capacity and performance	Weekly	The service provider will endeavour to identify where network capacity is reaching its limit.
Maintaining security		
Monitor firewall logs	Monthly	The service provider will attempt to identify and address any unusual or suspicious activity.
Check status of security software updates	As necessary	The service provider will verify that all updates are installed in a timely manner.
Investigate any suspicious activity or unexpected software behaviour	As necessary	The service provider will investigate any activity that could be the result of malicious software or individuals, such as viruses or hacking attempts.
Manage file and folder permissions	As necessary	
Enforce password policies	As necessary	
Managing apps and services		
Create, manage and remove mailboxes	As necessary	For example: • Creating email addresses for new users • Increasing mailbox size if required

Reactive support

The service provider will also provide reactive support services to the client. When the client encounters an issue with the IT system, it should raise this with the service provider.

The service provider will then investigate the problem and respond appropriately.

Charges and conditions

The monthly price for these services is: $1,667.00

This is an all-inclusive charge that covers everything described in this contract, with the following conditions:

- Support will be provided **during business hours** (8am – 5pm, M-F, Excluding Holidays). Service provider may provide support **after hours** depending on the task and at the sole discretion of the service provider.
- Support will be provided on a **remote access and/or onsite basis** depending on the issue at the discretion of the service provider.

Payment for the services will be due 15 days from the date of service provider's invoice.

General Provisions

Entire Agreement

This contract sets forth the entire agreement and understanding between the parties as to the subject matter hereof and merges and supersedes all prior discussions, agreements and undertakings of any nature between them. This contract may not be changed, modified, or terminated, except by agreement in writing, signed by all of the parties hereto.

Governing Law

This Agreement shall be governed and interpreted according to the laws of the State of Minnesota.

Severability

Whenever possible, each provision of this contract shall be interpreted in such manner as to be effective and valid under applicable law, but if any provision of this contract is held to be invalid, illegal or unenforceable under any applicable law or rule in the State of Minnesota, such provision shall be ineffective only to the extent

of such invalidity, illegality, or unenforceability in such jurisdiction, without invalidating the remainder of this contract in such jurisdiction or any provision hereof in any other jurisdiction, and this contract shall be construed as if the unlawful or unenforceable provision or application had never been contained herein or prescribed hereby.

Binding Effect

This contract shall be binding upon and be of benefit to the parties, their successors and assigns.

Waiver

Waiver by one party hereto of breach of any provision of this contract by the other shall not operate or be construed as a continuing waiver.

IT support contract

Introduction

This IT support contract ("contract") is made as of May 22nd, 2019 (the "Effective Date"), by and between the **City of Isanti** ('the client') and **White Bear IT Solutions LLC** ('the service provider').

Purpose

The client depends on IT equipment, software and services (together: 'the IT system') that are maintained and supported by the service provider.

This contract sets out how the IT service provider will provide maintenance and support services for the IT system. It describes which items the service provider will provide support, what services it will provide, and how the client can expect problems with the IT system to be handled.

Scope

Parties

This contract is between:

The client:	The service provider:
City of Isanti 110 1st Ave NW Isanti, MN 55040 Key contact: Katie Brooks 763-444-5512	White Bear IT Solutions LLC 4986 Stewart Ave White Bear Lake, MN Key Contact: Jim Kritta 651-447-7186

Term and Termination of Agreement

This contract commences on **February 1st, 2020** and will continue for a period of **36 months.**

This contract may be renewed by mutual agreement of the parties upon such terms and conditions as the parties may mutually agree.

This contract will terminate upon (i) either party providing a 90 days written notice to the other party (ii) a party's breach of this contract, provided however that the non-breaching party shall give the breaching party 10 days notice in writing of such breach, and the breaching party will have 10 days to remedy or correct any and all breaches contained in the written notice.

Equipment, software and services covered

This contract covers the equipment, software and services listed below. This list may be updated at any time, with agreement from both the client and service provider.

- Onsite/Remote Support of all Servers, PC's, Laptops and Firewalls
- Network Monitoring (Servers, PC's, Laptops and Firewalls)
- Backup Monitoring (Datto – Siris Device)
- Anti-virus Monitoring (Trend or Webroot)
- Annual Disaster Recovery Testing (Datto – Siris Device)

Exclusions

The service provider will make its best efforts to provide support and rectify problems as requested.

However, this agreement only applies to the parts of the IT system listed above.

The services do not include maintenance or repair necessitated by:

- The use of equipment, software or service(s) in a way or for a purpose for which it was not designed.
- **Changes** to the configuration or set up of equipment, software or services otherwise than by the service provider or without the prior written approval of the service provider.
- Damage caused by virus, spyware, or lack of a firewall when updates have not been installed or where an update has not yet become available, or where the client has prevented the service provider from **performing required maintenance and updates**. Theft or loss of equipment.
- Relocation of equipment
- Poor environmental conditions

- Fire, tornado, lightening, floods and other acts or events that are beyond the reasonable control of the service provider.

Limitation of Liability

THE SERVICE PROVIDER SHALL NOT BE LIABLE TO THE CLIENT FOR LOST PROFITS, ANY SPECIAL, INDIRECT, OR CONSEQUENTIAL DAMAGES ARISING OUT OF OR RELATED TO THE CONTRACT, EVEN IF THE SERVICE PROVIDER HAS BEEN NOTIFIED OF THE POSSIBILITY OF SUCH DAMAGES. UNDER NO CIRCUMSTANCES WILL LIABILITY EXCEED AMOUNTS PAID BY THE CLIENT TO THE SERVICE PROVIDER UNDER THIS CONTRACT.

Responsibilities

Key service provider responsibilities

The service provider will maintain and support the IT system used by the client.

Additionally, the service provider will:

- Ensure relevant software, services and equipment are available to the client
- Respond to support requests and within reasonable time, in any case.
- Do its best to escalate and resolve issues in an appropriate, timely manner.
- Maintain good communication with the client at all times.

Key client responsibilities

The client will use the IT system as intended.

Additionally, the client will:

- Make timely payment on service provider's invoices.
- Notify the service provider of issues or problems in a timely manner.
- Provide the service provider with access to equipment, software and services for the purposes of maintenance, updates and fault prevention.
- Keep the service provider informed about potential changes to its IT system. For example, if client's employees are to begin connecting their own mobile devices to the company network, the service provider may be able to adjust its services accordingly.
- Maintain good communication with the service provider at all times.
- Maintain current manufacturer's warranty on critical hardware components (File Server, Firewall, Backup Device).

Confidentiality

In order to provide services as described herein, the service provider may have access to the client's confidential information. The service provider agrees to take all reasonable measures to keep all files, client information, passwords, and any other proprietary client data secure and confidential.

Activities

The service provider will perform a number of specific tasks for the client. Details of these tasks are described in the table below, along with the purpose and frequency of each.

Activity	Frequency	Notes
General		
Document software and hardware changes	As necessary	
Review hardware warranty status	As necessary	
System maintenance		
Check backups are running properly	Daily	This is a simple check that backups are running with no errors reported.
Perform backup test	Quarterly	This is a full data restore test.
Monitor and maintain server uptime	Constantly	
Install software patches, service packs and other updates	As necessary	Updates will usually be tested before being rolled out across the IT system.
Install software upgrades	As necessary	Upgrades that incur costs — and other major upgrades — will only be installed after consultation with the client.
Monitor server event logs for potential problems	Daily	
Monitor available disk space on servers and company computers	Daily	
Perform system and server reboots	As necessary	Non-essential reboots will be performed at convenient times, agreed between client and supplier.
General server maintenance	As necessary	To be performed out of hours or at mutually agreed times.
Let client know of any potential issues	As necessary	For example: • Disk space running low • Equipment showing signs of failure • Deteriorating broadband speed

Create, remove and maintain employee user accounts and permissions	As necessary	For example, when employees: • Join or leave the company • Require access to additional resources
Assist users with support queries	As necessary	For example: • How to connect to VPN • Where to save shared files
Fixing problems		
Disaster recovery of core systems	As necessary	In the event of a significant IT failure or problem (e.g. complete server failure or security breach), The service provider will do everything possible to restore service. A separate disaster recovery plan should be maintained.
Fix user errors / mistakes	As necessary	For example: • Accidental file deletion • Forgotten password
Raise support requests with third-party providers	As necessary	Where cloud services and other aspects of the IT system are not in The service provider's direct control, The service provider will take responsibility for liaising with third-parties to resolve issues.
Managing networks		
Maintain internet connection	Constantly	Automated monitoring will be used to identify performance issues with or availability of the client's internet connection(s).
Monitor network capacity and performance	Weekly	The service provider will endeavour to identify where network capacity is reaching its limit.
Maintaining security		
Monitor firewall logs	Monthly	The service provider will attempt to identify and address any unusual or suspicious activity.
Check status of security software updates	As necessary	The service provider will verify that all updates are installed in a timely manner.
Investigate any suspicious activity or unexpected software behaviour	As necessary	The service provider will investigate any activity that could be the result of malicious software or individuals, such as viruses or hacking attempts.
Manage file and folder permissions	As necessary	
Enforce password policies	As necessary	
Managing apps and services		
Create, manage and remove mailboxes	As necessary	For example: • Creating email addresses for new users • Increasing mailbox size if required

Reactive support

The service provider will also provide reactive support services to the client. When the client encounters an issue with the IT system, it should raise this with the service provider.

The service provider will then investigate the problem and respond appropriately.

Charges and conditions

The monthly price for these services is: $1,667.00

This is an all-inclusive charge that covers everything described in this contract, with the following conditions:

- Support will be provided **during business hours** (8am – 5pm, M-F, Excluding Holidays). Service provider may provide support **after hours** depending on the task and at the sole discretion of the service provider.
- Support will be provided on a **remote access and/or onsite basis** depending on the issue at the discretion of the service provider.

Payment for the services will be due 15 days from the date of service provider's invoice.

General Provisions

Entire Agreement

This contract sets forth the entire agreement and understanding between the parties as to the subject matter hereof and merges and supersedes all prior discussions, agreements and undertakings of any nature between them. This contract may not be changed, modified, or terminated, except by agreement in writing, signed by all of the parties hereto.

Governing Law

This Agreement shall be governed and interpreted according to the laws of the State of Minnesota.

Severability

Whenever possible, each provision of this contract shall be interpreted in such manner as to be effective and valid under applicable law, but if any provision of this contract is held to be invalid, illegal or unenforceable under any applicable law or rule in the State of Minnesota, such provision shall be ineffective only to the extent of such invalidity, illegality, or unenforceability in such jurisdiction, without invalidating the remainder of this contract in such jurisdiction or any provision

hereof in any other jurisdiction, and this contract shall be construed as if the unlawful or unenforceable provision or application had never been contained herein or prescribed hereby.

Binding Effect

This contract shall be binding upon and be of benefit to the parties, their successors and assigns.

Waiver

Waiver by one party hereto of breach of any provision of this contract by the other shall not operate or be construed as a continuing waiver.

3. Public Hearings
A. Request from Stacy Upton (dba Idle Hands Tattoo) for approval of an Interim Use Permit required under City Ordinance 445, Section 7 Article Two, Subd. 4 (K). Said request is for the operation of a tattoo studio at 303 Credit Union Drive NE, Unit 5, PID 16.077.0050 & 16.077.00360
Chairman Johnson opened the public hearing. Sellman presented the staff report, commenting that this is an Interim Use Permit in the B-2 district use and that the project meets requirements. The Commission reviewed the request. No one from the public commented.

Motion by Collison, seconded by Simon, to approve the Interim Use Permit with the conditions listed in the staff report. Motion passed 7-0.

B. Request from Amber Blesener (dba Amber's Hair Salon) for approval of an Interim Use Permit required under City Ordinance 445, Section 6, Article 1, Subd 5 and section 13, Article 1,

Subd. 4 (c). Said request is for operation of a home occupation at 201 4th Ave NW PID 16.042.0110

Chairman Johnson opened the public hearing. Sellman explained that an IUP was not necessary and that this use can be approved administratively through a Zoning Permit. The public hearing was held and advertised. No one from the public spoke on this item. The Public Hearing was closed and this item was directed to go back to staff for review.

C. Request from Dollar General for Preliminary and Final Plat approval of a minor subdivision under City Ordinance 536, Article 3. , at 340 Palomino Road SE. PID 16.029.0900

Chairman Johnson opened the Public Hearing. Connie Anderson of 409 Shawn Street spoke at the Public Hearing. Her property abuts the subject property. She has concerns with light pollution, trash, theft, noise and commercial abutting residential.

George Hemen of 320 Palomino Road spoke at the Public Hearing. Concerned with traffic and the business not facing HWY 65. He would like screening along Palomino Road.

Nicole Spray of 301 Shawn Street Road spoke at the Public Hearing. Stated her backyard is private and would like to keep it that way and requests that Dollar General put up a fence.

Chair Johnson closed the Public Hearing. Kernosky gave the staff report and stated this action is for the subdivision and not the site plan.

Motion by Collinson, seconded by Gordon to approve the minor subdivision with conditions. Motion was approved 7-0.

4.Other Business.

A. Continuation of consideration of a Request from Dollar General, Inc. for approval of a Site Plan Review per Ordinance 445, Section 18, Subd. 2(A) for construction of a Dollar General store at 340 Palomino Road SE, PID 16.029.0900.

Motion by Bergely to un-table this item seconded by Collison, motion passed 7-0. Kernosky gave the staff report. Explained that the City can't regulate the type of business, the proposed use is permitted. The proposal is in compliance with the Zoning Code.

Bryan Boss, BJ Boss Builders represented the applicant, he is the contractor. The Commission asked him to address the issues raised by the neighbors. He stated they will follow city code and be able to meet the conditions. Commissioner Johnson wants the development to provide screening to the residents. Commissioner Lundeen was concerned about screening and possible accidents with too much plantings.

Motion by Lundeen, 2nd by Simon to approve the site plan with the conditions outlined and an additional condition that a berm and a 6-foot-tall fence along the west property line, and landscape plan that broke up the north side of the building.

5. Discussion Items

A. Moratorium on Self-Storage Facilities in the B-2 Commercial Business

Lorsung presented the staff memo and explained that the City has been approved by a few developers looking to do self-storage facilities that would not require and utilities, and they are looking at property in the Business Districts that do have full utilities available. Self-Storage is not the highest and best use for fully developed properties. The B-2 District allows storage facilities by a Conditional Use Permit. Staff recommended either removing the use all together or to issue a moratorium.

Motion by Lundeen, Seconded by Bergley to removing self-storage facilities from the B-2 district. Motion passed 7-0.

B. Comprehensive Plan Update – Lorsung presented the staff memo on the proposed project timeframe for the Update. Presentations of draft Plan Chapters would begin in May, 2019, with the Public Hearing on the Updated Comprehensive Plan scheduled for March, 2020. 17. Provide a detailed description and explanation of all fees and/or charges that may arise for provided municipal legal services. Rates should be clearly stated for all levels of staff expected to perform services.

18. Describe the systems or mechanisms that would be established for monthly reporting of the status of projects, requests and litigation.

Attorney Qualifications

Identify the specific attorney who will serve as designated City Attorney and indicate the following:

- Academic training and degrees
- Description of background and experience
- Description of prior municipal experience including cities served in a similar capacity
- Estimated percentage of total work related to municipal civil law in the last three years
- List of litigation in communities where designated attorney served as lead City Attorney and outcomes of litigation for the last five years
- List number of years with firm, position title(s), years in the positions, and areas of responsibility with firm.
- Identify attorney who will serve in the City Attorney's absence and provide the same information as requested for lead attorney.

B. **Scope of Work: Legal Services/City Attorney**

Following are the primary responsibilities for the City Attorney and Firm:

1. Attend City Council meetings, board, commission, or committee meetings, and other meetings as requested by the City Council or City Administrator.

2. Draft and review ordinances, resolutions, and correspondence as requested.

3. Interpret and advise on general federal and state laws related to municipal government, including elections, planning, zoning, housing, development, redevelopment, enforcement, and property and real estate laws.

4. Interpret and advise on City Code.

5. Prepare or review municipal contracts, such as contracts for public improvements, joint powers agreements, construction, and purchase of equipment.

6. Represent the City in matters related to the enforcement of all City codes.

7. Research and submit legal opinions on legal matters as requested by City Council, City Administrator, or department directors.

8. Meet with the City Council, City Administrator, department directors, and City staff as needed to review the status of all legal matters before the City.

9. Provide legal briefings/updates, as requested, to City Council and staff regarding new or proposed legislation affecting municipal operations and activities.

10. Provide advice on open meeting law, data practices, records retention, and Council powers.

11. Assist as needed, with employment-related issues, labor negotiations, arbitration, administrative hearings; and in litigation involving same as requested by the City Administrator.

13. Defend City in litigation (except in those cases where insurance companies are required to provide defense), including, but not limited to: (1) human rights claims; (2) condemnation; (3) permits and administrative actions; and other matters.

14. Assist with uninsured claims and other insurance matters (except in those cases where insurance companies are required to provide defense).

15. Represent the City in acquisition of properties for public improvements, easements, parks, and other public purposes.

16. Represent the City in condemnation proceedings for public improvement projects.

17. Initiate litigation on behalf of City as requested by City Council.

18. Advise and represent the City on environmental matters.

19. Prepare and review, as requested by City Administrator or City staff, the following:

    - Zoning Amendment and Permit findings;
    - Vacation of rights-of-way;
    - Special assessments;
    - Easements;
    - Subdivision agreements;
    - Planned Unit Development agreements

C. **Scope of Work: Legal Services/Prosecution Services**

Provide the City of Isanti with prosecution of petty misdemeanors, misdemeanors, and gross misdemeanors as well as providing related legal advice. This includes the

ability to cite codes as necessary and assist in development of City policies and guidelines for managing different existing and potential future situations.

1. Describe special areas of expertise held by members of the applicant firm and describe how they may be utilized/applied within the prosecution function.

2. Describe criminal appellate experience.

3. Prepare and consult with City staff for legal testimony.

4. One important consideration in the provision of Isanti's prosecution services is that the attorney(s) be readily accessible to City personnel. Discuss how your firm intends to meet this goal.

5. Describe in detail all related services that will be rendered in conjunction with the proposed prosecution services (training sessions for police, regular written updates and policy statements, etc.).

6. List or describe how technology will be utilized to improve the interaction between your firm, the City, the courts system and victims.

7. List and describe any previous or current experience in municipal prosecution services, specify activities performed and the name of a person who may be contacted at the municipality as a reference.

8. Define any potential conflicts of interest the firm may have providing prosecution legal services to the City.

9. Provide a detailed description and explanation for all fees and/or charges that may arise for provided prosecution and related legal services. Rates should be clearly stated for varying levels of staff expected to perform all services.

10. Ability to obtain access though the judicial system for e-charging services with the Department of Justice and Bureau of Criminal Apprehension.

V. PROPOSAL EVALUATION AND CONTRACT AWARD

1. The City intends to award a contract to the proposer evaluated to be best qualified to perform the work for the City, cost and other factors considered.

2. The City Administrator and Management Team will evaluate proposals. The City Administrator will recommend to the City Council firms to be considered for appointment

3. Based upon the evaluation by staff, the City Council Committee of the Whole may choose to conduct interviews of those firms they deem fit. The selection of the firm and contract awards will be made by the City Council.

4. The City shall not be liable for any expenses incurred by the proposer including, but not limited to, expenses associated with the preparation of the proposal or final contract negotiations.

5. The City of Isanti reserves the right to reject any and all proposals, or to request additional information from any or all proposers.

6. It is anticipated that the City will establish a relationship with a selected firm for a five (5) year term. A contract for this term will be prepared and entered into with the successful proposer.

VI. LEGAL SERVICES CONTRACT EXECUTION

A. Contract Negotiations:

Notwithstanding a contract award, the City reserves the right to negotiate the final terms and conditions of the contract to be executed. Should the City and the proposer(s), to whom the contract(s) is recommended to be awarded, be unable to mutually agree upon the entire contract, the City reserves the right to discontinue negotiations, select another proposer or reject all of the proposals. Upon completion of negotiations agreeable to the City and proposer, a contract shall be executed.

B. Contract Ethics:

1. No elected official or employee of the City who exercises any responsibilities in the review, approval or implementation of the proposal or contract shall participate in any decision which affects his or her direct or indirect personal or financial interest.

2. It is a breach of ethical standards for any person to offer, give or agree to give any City employee or Council person or for any City employee or Council person to solicit, demand, accept or agree to accept from another person or firm, a gratuity or an offer of employment whenever a consideration was motivated by an individual, group or corporate desire to obtain special, preferential, or more favorable treatment than is normally accorded to the general public.

3. The firm(s) shall not assign any interest in this contract and shall not transfer any interest in the same without prior written consent of the City.

4. The firm(s) shall not accept any client or project which, by nature, places it in an ethical conflict with its representation of the City of Isanti.

VII. CITY INFORMATION

Subject: Consideration of Amendment to Zoning Ordinance No. 445, Section 7 Business Districts, Article Two "B-2" General Business District, to remove Self storage facility as a Conditional Use

---

Background

At its May 21, 2019 meeting, the Planning Commission reviewed concerns by staff regarding inquires by developers regarding potential placement of self storage facilities in the B-2 General Business District. The use is currently a Conditional Use in that business district. The locations that the developers are looking at are guided and zoned for high density commercial development with full utilities in the B-2 district. Discussion was had whether the use was appropriate for the District and whether the Planning Commission desired to consider a moratorium until the Comprehensive Plan was updated, or amend the zoning ordinance to remove self storage facility as a conditional use in the B-2 district. The Planning Commission directed staff to pursue amending the zoning ordinance to remove Self Storage facility as a conditional use in that zoning district. Therefore, a public hearing was called regarding this matter.

Public Hearing

Pursuant to public notice, the Planning Commission held a Public Hearing at the June 18, 2019 regular meeting. No public comments were received ahead of the hearing or at the time of the hearing. The public hearing was closed and the Planning Commission considered the proposed Ordinance amendment.

Recommendation:

The Planning Commission is recommending Approval of the Amendment to Ordinance No. 445, Zoning; Section 7 Business Districts, Article Two "B-2" General Business District, Subdivision 3: Conditional Uses, to remove Self Storage Facility as a Conditional Use.

Options & Proposed Motion Language

1. Approval of Ordinance with No Changes: Motion to approve the Amendment to Ordinance No. 445, Section 7 Business Districts, Article Two "B-2" General Business District, Subdivision 3: Conditional Uses, to remove Self Storage Facility as a Conditional Use.
2. Approval of Ordinance with Changes: Motion to approve the Amendment with the following changes....
3. Denial: Motion to deny the Amendment.
4. Table: Motion to table consideration of the Amendment (a specific reason and further information request from staff should be included in the motion to table).

FINDINGS OF FACT AND CONCLUSION

Request

Request of the City of Isanti, to Amend Ordinance No. 445; Zoning, Section 7 Business Districts, Article Two, "B-2" General Business District, Subdivision 3: Conditional Uses, to remove Self Storage facility as a Conditional Use.

Findings of Fact

1. Inquiries have been made as to siting of Self Storage facilities in the B-2 General Business District. Said inquiries have been made on sites with developed street systems and full utilities.
2. Upon review and research on the issue, staff has found that the proposed use is inappropriate in the B-2 General Business District; since the zone is guided for higher density commercial development enhancing tax base and employment opportunities.
3. Self Storage facilities tend not to generate equivalent tax base and significant employment opportunities as do other higher density commercial development. Nor do they utilize full utility systems that are installed.
4. Staff has prepared an amendments to the existing Zoning Ordinance to remove Self storage facility as a Conditional Use in the B-2 General Business District.
5. The Planning Commission reviewed the item and called for a public hearing on May 21, 2019.
6. The Planning Commission held a public hearing on June 18, 2019.

Conclusions

1. The proposed amendment would appear to be consistent with the Comprehensive Plan and in the best interest in the City of Isanti, for reasons set forth in the findings of fact above.

Decision

The Planning Commission reviewed the item at a public hearing on **June 18th, 2019**. Motion by Lundeen, second by Simon to recommend approval of the amendment to Ordinance No. 445; Zoning, Section 7, Business Districts, Article Two, "B-2" General Business District, Subdivision 3: Conditional Uses, to remove Self storage facility as a Conditional Use. Motion was approved 7-0.

The City Council reviewed the request at the **July 2, 2019** meeting.

Conditions

There were no conditions on the approval.

From: Josi Wood, City Administrator
Date: July 2, 2019
Subject: Resolution Approving Installation of Electronic Readers on Two City Hall Doors, Upgrade Reader System at the Police Department and Installation of Reader on Evidence Room

---

The City Council authorized the installation of an electronic key fob entry system and readers on one East exterior door and one employee access door when approving the 2019 Budget. Staff is requesting to also use funds to replace the system and readers at the Police Department and add a reader on the evidence room for security purposes. The amount included in the budget is $8,000.00 within Muni Building (500).

Quotes were solicited from two vendors. The following quotes were received:

Bidder Name	City Hall Doors & System	Upgrade PD System and Install on One Door	Total Quoted
Legacy Security Technology, Inc.	$3,472.61	$3,953.50	$7,429.11
ECSI	$7,315.00	$7,975.00	$15,290.00

Recommendation:
Staff is recommending the City utilize Legacy Security Technology, Inc. to install the electronic readers with the Keri system. Staff also recommends to work with Vintage Lock to upgrade the push bar on the East City Hall door due to a failing mechanism.

Request:
Staff is requesting action on this item.

Action Required:
If the Council concurs, it should by motion, take the following actions:

1. Affirm the scope of work to include City Hall and Police Department.
2. Approve Resolution as written.

MEMORANDUM

Date: June 24, 2019

To: Honorable Mayor Johnson and Members of the City Council

From: Jason W. Cook, P.E.
City Engineer

Subject: Bid Opening Results and Recommendation
TH 65 & Cajima Street RCUT Improvements
City of Isanti, MN
BMI Project No.: R13.112908

Four bids were received on the TH 65 & Cajima Street RCUT Improvements project on June 11, 2019. The bids were checked and tabulated and the final results are summarized as follows:

Bidder	Bid
ASTECH Corporation	$791,466.35
Forrest Lake Contracting	$882,487.00
Knife River Corporation	$907,149.00
Northdale Construction	$1,164,723.03
Engineer's Estimate	$746,000.00

ASTECH's bid is not within the anticipated budget. The City had budgeted approximately $360,000 for their portion of the project. With the above bid, the City cost would be estimated at $472,000, an increase of $112,000.

MnDOT has committed $486,000, which is still over half the project cost. MnDOT does not have any additional funding for this project.

Over the past few months, construction bid prices have gone up quickly due to bituminous and concrete pricing. These prices are anticipated to continue to climb for the foreseeable future.

MnDOT has reviewed the bids and attached is their letter of concurrence and authorization to award the contract to the low bidder, ASTECH Corporation.

At the Committee of a Whole meeting on June 18, 2019, the committee recommendation was to award the project to ASTECH Corporation for the amount bid of $791,466.35.

Please contact me with any questions or if you would like any additional information prior to the meeting.

Bolton & Menk is an equal opportunity employer.

RESOLUTION NO. 2019-

RESOLUTION AWARDING THE BID FOR THE TH 65 & CAJIMA STREET RCUT IMPROVEMENTS PROJECT WITHIN THE CITY OF ISANTI

WHEREAS, the City of Isanti has identified the need to provide a safer, more efficient intersection at the intersection of Highway 65 and Cajima Street NE; and

WHEREAS, the City has entered into an agreement with MnDOT to share the cost to construct the project; and,

WHEREAS, MnDOT has agreed to pay $450,000 of the construction cost and 8% of that cost in additional engineering services; and,

WHEREAS, the plans and specifications have been completed for these improvements in accordance with direction from MnDOT and City staff.

WHEREAS, a public bid opening was held on June 11th, 2019, and

WHEREAS, Four bids were received, and

WHEREAS, ASTECH Corporation was the responsible low bidder with a bid of $791,466.35, and

WHEREAS, MnDOT has reviewed the bids and concurs with awarding the contract to the responsible low bidder.

NOW, THEREFORE, IT IS HEREBY RESOLVED by the City Council of the City of Isanti, Minnesota, as follows:

1) That the City shall award the project entitled "TH 65 & Cajima Street RCUT Improvements" to ASTECH Corporation in the amount of $791,466.35.

Subject: BMX Building Damage

Mr. Betker – Per Matt's request I am sending you an email regarding the damage to the east side of the BMX building. We have received two estimates after reaching out to 4 contractors. The lowest bid came in from NHH Roofing Plus at just under $25,000.00. The other estimate received was more than double that.

I would recommend moving forward with NHH on this repair based on the interaction with the other contractors. I currently have a message into NHH to confirm their estimate is accurate and they believe they can still compete the required work.

If you have any questions or require any additional information from me please do not hesitate to contact me.

Memo for Council Action

To: **Mayor Johnson and Members of the City Council**
From: Josi Wood, City Administrator
Date: July 2, 2019
Subject: Resolution Approving the Replacement of North Exterior City Hall Doors

---

The City Council authorized the replacement of the North exterior doors at City Hall when adopting the 2019 budget. The amount included in the budget is $10,000.00 within Muni Building (500).

Quotes were solicited from two state bid authorized vendors. Staff requested bids to have four options for consideration. Staff recommends choosing the replacement with the removable mullion and Von Duprin push bar and locks for durability. The following quotes were received:

Bidder Name	Quote Amount
Brin Glass Service	$11,519.00
Trustworthy Glass	$9,885.00

Recommendation:
Staff is recommending the City use Trustworthy Glass to install the North City Hall Doors.

Request:
Staff is requesting action on this item.

Memo for Council Action

To: Mayor Johnson and Members of the City Council
From: Josi Wood, City Administrator
Date: July 2, 2019
Subject: Resolution Approving New City Hall Hours of Operation and Personnel Policy Amendments

---

Background:
On June 18th, 2019 Committee of the Whole agreed to move forward with extending the hours for City Hall. The Personnel Policy needed revisions to reflect the staffing ability to accommodate the new set hours.

Recommendation:
Committee of the Whole has recommended approval and staff has proposed the following personnel changes:

Section 2
Hours of Operation
The City's regular hours of operation are Monday through Friday and closed Saturday/Sunday: ~~from 8:00 a.m. to 4:30 p.m.~~

Monday	*8:00 a.m.- 4:30 p.m.*
Tuesday	*7:00 a.m.- 5:30 p.m.*
Wednesday	*8:00 a.m.- 4:30 p.m.*
Thursday	*7:00 a.m.- 5:30 p.m.*
Friday	*8:00 a.m.- 4:30 p.m.*

Section 5
Work Hours
The normal City ~~working~~ business hours are from 8:00 a.m. to 4:30 p.m. Monday, Wednesday, Friday and 7:00 a.m-5:30 p.m. Tuesday and Thursday for City Hall Offices (with core hours being from 9:00 a.m. to 3:30 p.m.). The City will allow ~~temporary~~ flexible scheduling of work hours to accommodate eight (8)- or ten (10)-hour days; however, flexible hours must be approved by the Department Head and the City Administrator; to work a minimum of 40 hours per week for full time staff. ~~Permanent flexible scheduling must be approved by the Personnel Committee.~~ Work schedules for employees will be determined by the department head and approved by the City Administrator ~~supervisors with the approval of the City Council~~. For most employees, the workweek begins at midnight on Sunday and runs until the following Saturday night at 11:59 p.m.

Action Required:

DEPARTMENT MANUAL
Social Media Policy

GENERAL ORDER: No. XXX

EFFECTIVE DATE: XX
DATE OF ISSUANCE: XX

POLICY

This agency recognizes the benefit of establishing a presence on social media to improve communication between the Police Department and the public and engage them through the use of online media.

PURPOSE

The purpose of this policy is to clearly establish guidelines for engaging the public through the use of online media and posting content to the department's social media pages, accounts, and online media outlets.

- Establish guidelines for officers creating and posting content to the Department's online accounts.
- To enhance the agency's ability to engage the community online for the purpose of improving police/community relations.
- To establish an online presence for disseminating information to the public that improves the community's access to Public Safety information.
- To establish an online presence for disseminating Public Safety Announcements (PSA) to the public that is informative and engaging.

SCOPE

This policy applies to all sworn and civilian personnel creating, posting content, or commenting on posts displayed on the Police Department's online social media accounts, pages or online media.

STANDARDS

XX.1 Content Category

The purpose of the Isanti Police Social Media online accounts is to promote the

Department's initiatives in a positive manner that:

- Promotes the Department's brand or image in a positive manner.
- Engages community members through positive interactive communication online that answers community questions.
- Humanizes Law Enforcement Officers in a positive manner.
- Markets Department's online accounts.
- Promotes community events.

XX.2 Allowable Content

- Information on community events, to include events hosted by the Department, City, or other organizations in the community, or other public safety partners.
- Special projects, directed patrol activities, traffic enforcement efforts, or other activities of public interest.
- Information about calls for services, Officer's responses, and community policing efforts that are classified as public data.
- Official Press Releases should be posted on Department social media pages
- Videos, photos or comments that showcase positive interaction with the community during normal shift activity.
- Use of Memes, photos, and videos are allowed to enhance a post, or message, as long as the content adheres to our social media policy.
- Photos of suspects can be used when requesting the assistance from the public in identifying a suspect but must be vetted through investigations or the Chief.
- Road closures, crime alerts, weather alerts, or other content of public interest
- Use of program hashtags and other hashtags to gain visibility.
- Sharing other agencies posts that help improve their exposure or are informative for our community
- Humor can be an effective tool for message delivery and can be used when appropriate, tasteful and does not violate our social media policy for discriminatory, offensive or harassing in nature content.
- If humor is used in a post, it should be followed up with or include informative public safety content.
- Responses to follower's questions, in a public manner or online blog, must conform with the department's social media policy and may only contain public information classified data.

XX.3 Non-allowable Content

- Pictures of license plates, suspect faces or sensitive pictures of evidence from a crime.

- Information about ongoing investigations that may compromise a case.
- Do not respond to people who try to bait us into trivial arguments.
- Do not banter with followers.
- Political Post, either local, state or national content is not allowable.
- Photos of contraband - such as large amounts of marijuana and other controlled substances, paraphernalia, guns, knives, and other weapons, etc. are okay. But avoid referencing a specific weight of drugs as that implies a specific charge.
- Photos that reveal any identifying information about subjects or their property (i.e., house number or license plates)
- Photos of actual suspects or victims, including injuries or anything that references a medical condition.
- Avoid areas where a subject has an expectation of privacy (omit photos inside a home, passenger compartment of a vehicle, etc.).
- Avoid referencing a specific level of offense (i.e., reference assault, not "felony assault;" reference drug offense, not "first-degree" drugs because these are charging decision)
- Photos of our computer screens are prohibited; the information could be obtained from an enhanced photo violating our CJIS / NCIC security policy.
- When referencing a controlled substance be cautious about identifying the substance – if it's important, use "apparent" methamphetamine. Unless this has been verified.

XX.4 Operating procedures

- Request from the media shall be handled in accordance with city media policy. Participation in media events, requests for interviews, statements, comments, or public data request shall be forwarded to the Chief of Police.
- Account user names and passwords shall not be shared externally or with other employees.
- Account access shall only be granted by the Chief of Police.
- Any employee may create content, but only those authorized may post content to ensure compliance with Department Policy.
- Department Social media, online accounts are the possession of the Police Department and shall not be used for personal use or for personal financial benefit.
- All posts shall be considered public data and treated accordingly in compliance with public data request and data retention standards.
- Community posts that violate the Department Social media policies will not be displayed on the Department's pages.
- Community Members that regularly violate the Department's social media policy will be blocked from the page. Blocking a member shall be approved by the Chief of Police.

XX.5 Public social media policy

PURPOSE

This is the official Facebook page of the Isanti, MN Police Department. Department social media outlets are created to provide people who live and work in Isanti, Minnesota, or others with an interest in the Isanti Police Department, access to information about the department and a platform with which to interact with IPD. These social media outlets are monitored and managed by IPD staff.

POLICY

Social media use policy,

Before posting on our social media outlet pages, please review these terms. A posting on these pages constitutes acceptance of the following terms and conditions:

- In case of an emergency, or if you need police assistance, dial 911.
- Do not use this page to report a crime. To report a crime, call 911 or our non-emergency line number, (763) 689-2141.
- If you post information related to a crime on this page, you may be placing yourself in the position of becoming a witness in court proceedings.
- Isanti Police Department's "liking" of other organizations' or users' pages does not indicate endorsement of that organizations/persons actions or comments.
- Comments posted by others on the IPD social media pages are not to be considered the opinion of IPD or the City of Isanti, nor does IPD endorse any third-party comments on these pages.
- The Isanti Police Department reserves the right to remove and/or block anyone who posts inappropriate material as determined by the IPD. For examples of inappropriate material, see below.

The Isanti Police Department welcomes a person's right to express his/her opinion and encourages posters to keep comments related to content on this page. The IPD reserves the right to remove any comments or posts that are inappropriate or offensive, including, for example, comments or posts that:

- Defame, abuse, harass, stalk, threaten, or violate the legal rights of others,
- Include hatred, slander, threats, obscenity, violence, vulgarity, or sexual content,
- Spam, advertise, or solicit commerce or promote or encourage illegal activity,
- Promote, foster, or perpetuate discrimination on the basis of race, creed, color, age, religion, national origin, gender or sex, sexual orientation, or disability,
- Have personal information about another person or that violate a person's privacy,
- Include copyright material that belongs to another person or entity,
- Contain links to inappropriate websites,
- Include sales/promotion of goods or services, or links to other sites,
- Promote services, products or political organizations,

• Contain confidential information or information that may compromise the safety or security of the public or any member of the IPD.

RESOLUTION 2019-135

RESOLUTION APPROVING CITY SOCIAL MEDIA FACEBOOK PAGES

WHEREAS, City Council met on January 29, 2019 to establish goals for year 2019 and having a presence on social media sites such as Facebook was an established goal; and,

WHEREAS, Staff presented information regarding city Facebook pages to Committee of the Whole on March 19, 2019; and,

WHEREAS, the City will utilize social media through Facebook pages for the Isanti Family Farmers Market, City of Isanti, Isanti Municipal Liquor and the Isanti Police Department; and,

WHEREAS, the City currently has a social media policy as defined in the Personnel Policy and further social media guidelines were established as outlined per this Resolution and 'Exhibit A'; and,

WHEREAS, a separate policy will be adopted for the Isanti Police Department Facebook page prior to launching;

WHEREAS, this Resolution supercedes;

NOW, THEREFORE, IT IS HEREBY RESOLVED by the City Council of the City of Isanti, Minnesota to approve the city having Facebook presence with a Liquor Store page, Police Department page, Official City page which includes Isanti events and community center information, and an Isanti Family Farmers Market page. The City Administrator or designee will manage the following:

1. A Site Administrator shall be assigned for each page to ensure quality and timeliness of posts.
2. The Site Administrator has the authority to post content that fits within the City's policy on social media in a creative and engaging way. Posts should be directed to the City Administrator or his/her designee for approval if the Site Administrator needs direction or clarification.
3. The City of Isanti reserves the right to not publish comments, questions, or postings containing: profane language or content; personal attacks, harassments, or threats against any individual or organization; discrimination against race, creed, color, age, gender, sexual orientation, physical or mental disability, etc.; copyright infringements or other illegal activity; sexual content, or links to sexual content.
4. Only City content will be allowed to be posted. This may be re-evaluated at a later date.
5. Information such as Overview, Demographics, History, Etc. should be written by the Site Administrator.
6. Layouts of banners should include the City of Isanti logo.

This resolution was duly adopted by the Isanti City Council this 2nd day of April, 2019

To: Mayor Johnson and Members of the City Council
From: Finance Director Betker
Date: July 2nd 2019
Subject: Closing of Debt Service Funds

Background:
Periodically inactive debt service funds need to be closed. Debt service funds become inactive when there are no further budgeted revenues or expenditures. Council must, by resolution, direct the assets of inactive debt service Funds to other Funds. The following Funds are inactive. The current cash balance for each is listed.

Fund	Current Cash Balance
Fund 918 – 2006A Improvement Bond	$ 89,165.89
Fund 919 – 2008A Improvement Bond	$ 2,131.27
Fund 928 – 2009A Refunding Bond	$ 51,135.40
TOTAL	**$ 142,432.56**

Recommendation:
Staff is recommending closing Debt Service Funds 918, 919, and 928. The city auditors made the original request to close the Funds during the 2018 audit. Staff is recommending that all 3 Debt Service Funds be closed to the Capital Replacement Fund – 920.

Request:
Consider approval of attached resolution.

Request for City Council Action- MEMO

To: **Mayor Johnson and Members of City Council**

From: Jenny Garvey, Parks, Recreation, and Culture Manager

Date: July 2, 2019

Subject: Resolution Approving Acceptance of Donation from the Rotary Club of Cambridge & Isanti

---

Background

The City of Isanti developed and installed a dog park that opened in May 2019. The dog park has seen a great amount of use within the first month of being open. The project cost included a bench, dog waste station, signage and fencing. Public Works installed one 6 foot bench at the dog park and city staff has received community feedback from Park users and the Parks, Recreation and Culture Board to add an additional bench to this park. The Rotary Club of Cambridge & Isanti is willing to donate an additional bench and dog park agility accessories, for a total amount of $1,200.

Staff Request

City staff is requesting that Council approve the donation from the Rotary Club of Cambridge & Isanti for use of the funds to purchase a bench and dog park agility accessories to be placed within the City of Isanti Dog Park.

Memo for Council Action

To: **Mayor Johnson and Members of the City Council**
From: Josi Wood, City Administrator
Date: July 16, 2019
Subject: Resolution Approving the Upgrade of Council Chambers Audio Visual Equipment

---

The audio visual (AV) equipment in the Chambers has been failing for some years and the equipment has reached a point where it is no longer cost effective to replace individual parts and system components. The Council Committee of the Whole recommended to proceed with upgrading the Council Chambers AV Equipment due to many failures and equipment malfunctions. The funding source is identified as the Capital Replacement Fund 920.

Full quotations were solicited and Staff received the following:

Bidder Name	Quote Amount
Diversified, LLC	$61,153.00
Tierney	$64,959.61

Three new outlets will need to be installed by the City's contracted electrician, Isanti Electric, in the amount, not to exceed, $500.00.

Recommendation:
The Committee of the Whole recommends to move forward this year with AV upgrades. Staff recommends for the City to enter into an agreement with Diversified, LLC with funding identified as Capital Replacement Fund 920 in the amount of $61,153.00.

Action Required:
If the Council concurs, it should by motion, take the following actions:
1. Affirm the scope of work to upgrade the Audio Visual equipment at City Hall.
2. Approve Resolution as written.

Request:
Staff is requesting action on this item.

COMPLETION & EXECUTION OF ORDER

- Quote valid for 30 days from above date
- Both this Scope of Work and Proposal for System Integration must be reviewed by Client and signed prior to executing work order
- The delivery schedule on system integration projects depends on many factors. Some of these are not within our control such as your construction schedule, and internal departments like IT delivering the network readiness. Based on our knowledge and understanding of your project at this time we anticipate that we can deliver a substantially complete system to you within 6-12 weeks upon receipt of a purchase order, signed contract, and deposit payment.

PROFESSIONAL SERVICES

Diversified, provides a turn-key system that includes sales consultation, design, engineering, programming, project management, system builds, certified installation and commissioning, training, and service. We have long standing partnerships with all of the major professional audio and video manufacturers that include advanced and on-going training and certification. We look forward to supporting your needs and appreciate your business.

*Limitations and Exclusions

1. Diversified shall install all equipment in accordance with the manufacturer's specifications, national and local regulation ordinances and codes, including all OSHA guidelines.
2. All work shall be performed during the normal working hours of Monday-Friday, between 8:00am-5:00pm CST, except for recognized holidays, unless specifically stated elsewhere and premium rates may apply.
3. Client shall be responsible for dedicated electrical A/C power and conduits (as required) to all specified locations. All A/V conduits shall be dedicated for Diversified wiring and of adequate size.
4. Client shall be responsible for all LAN and CCTV cable and connections.
5. Client shall be responsible for modifications to ceilings, walls, finish work and custom paint finishes (if required).
6. Diversified is not responsible for structural, mechanical, or electrical obstructions, distortions, or other related encumbrances to the A/V system, this would include HVAC vibration.
7. Client and Diversified shall agree upon project schedule. Client shall provide access to facility, furniture and Owner Furnished Equipment (O.F.E.) in accordance with that schedule.
8. Diversified removes itself from all functional and cosmetic liability in relationship to the condition of all Owner Furnished Equipment (OFE) both prior to and there after this scope of work is completed.
9. Unless otherwise specified in this document, customer shall supply all computer equipment including but not limited to: desktop computers, laptops, and network hardware.
10. Equipment and labor prices are estimated based on the project detailed in this signed document. Any changes or additions to the project shall affect the cost.
11. Sheet rock studded interior walls with no insulation, fire blocking or obstructions to wire installation.
12. Suspended, T-bar acoustic tile ceiling, non-insulated, no obstructions above or below ceiling, ceiling no more than 10' above floor, structure no more than 4' above ceiling.
13. Floor coring or installation of raceways not included.

14. Equipment cannot be wired into furniture that is not adjacent to interior walls, without additional provisions.
15. Unobstructed accesses to facility and work areas during normal business hours.
16. Electrical outlets within reach of equipment supplied power cords.
17. Facility located within 30-mile radius of the Diversified office.
18. Client shall be responsible for all computer networking, telephony, satellite, and television distribution cable and connections.
19. Please note that recent and upcoming tariffs can have an immediate impact on equipment pricing. Price quoted is based on information available as of this date and is subject to increase.

*Variations to the above conditions will not necessarily prohibit installation of this system, but would affect the price of installation. These variations in price would need to be considered on an individual basis, and would be determined prior to quotation. The aforementioned scope of work includes the project features and design requirements as stipulated in this attachment, the site assessments, and the final proposal. It is the client's responsibility, or their authorized representative, to review the following information for accuracy and make any necessary changes prior to signing this document.

Proposal for Audio-Visual Service
RE: City of Isanti - Council Chambers Upgrades
Opportunity Number: 23298 R1

Scope of Integration Services

Summary of Work to be completed by Tierney Brothers, Inc. at **110 1st Ave NW, #428, Isanti, MN 55040.**
(Please initial if address is correct or provide correct address. _____)

Tierney Brothers Incorporated (TBI) is proposing an AV update for the council chambers at the City of Isanti. This will include:

Quote #159429
De-Installation
TBI will de-install the existing ceiling mounted projector. The existing in-ceiling electric screen will be left in the ceiling. TBI will de-install all analog equipment and cabling not being re-used including rack, rack equipment, document camera, dais monitors, dais AV pop-ups, control system, and room microphones. These items will be given to the client for disposal. Note that if Altinex AV Tilt n Plugs are removed it will be the responsibility of the client to cover the holes in the dais.

Video Solution
TBI will supply and ceiling mount an NEC 75" 4K LED display centered in front of the dais facing the gallery and two (2) NEC 65" 4K LED displays mounted to the left and right side walls for dais viewing. Note that the side displays with their mounts will adhere to ADA code requiring no more than a 4" depth for anything hanging on a wall in a walkway.
Sources will include an HDMI connection at the City administrators table and at the presentation lectern and a Hovercam Nillo 100 document camera which will be located at the lectern. Note that the same image from any source will display on the three (3) displays. HDMI switcher, Audio de-embedder, HDMI distribution amplifier and HDMI receivers are included. TBI will supply and ***rack mount a small soundmasking generator that will be programmed for a source to hallway speakers when needed.***

A liberty adapter ring will be supplied and located at the lectern. The adapters will allow most mobile devices to be input at either HDMI location and will include:

- DisplayPort M to HDMI F Adapter
- Apple Lightning M to HDMI F Adapter
- Apple USB-C M to HDMI F Adapter
- USB-C M to HDMI F Adapter

TIERNEY
1771 Energy Park Dr. #100, St. Paul, MN 55108
800.933.7337 | info@tierneybros.com

Note TBI will provide a new wall mounted rack to house the new components.

Audio Solution
TBI will supply, rack mount and configure two (2) Biamp TesiraForte digital signal Dante enabled processors (DSP).

Sources will include seven (7) wired 18" gooseneck microphones located at the dais, six (6) 10" Wireless MicroFlex gooseneck microphones, two (2) MicroFlex wireless microphones with belt pack transmitters and lavaliere microphones and ***an Atlas soundmasking generator***. The wireless system includes two (2) charging bases to be installed at a location TBD and an 8 channel wireless access point (WAP). New microphone cabling for dais microphones will be installed and terminated. Program audio will also be routed through the DSP. A 2 channel Extron power amplifier will be supplied and rack mounted. It will output audio to ten (10) OFE in room 70 V ceiling speakers and to four (4) hallway speakers.

A Williams AV assistive listening system will be supplied and installed and includes the following components:

(1) PPA T45NET D Transmitter
(4) PPA R37N Receivers
(4) EAR 022 Surround Earphones
(2) NKL 001 Neckloops
(2) BAT KT6 Dual Drop-in Charger Kits, each including (2) BAT 026-2 AA Rechargeable Batteries
(1) ANT 005 Coaxial Antenna
(1) ANT 025 Whip Antenna
(1) IDP 008 Wall Plaque
(1) RPK 005 Rack Panel Kit
(1) TFP 048 Power Supply

Control Solution
TBI will provide a wired control panel located at the Administrator's desk that will allow staff to run the meetings within the room. Functionality includes:

- Displays on /off
- Source switching- all displays show the same image
- Volume zone control
- ***Soundmasking source to hallway speakers***
- Audio level control – Graphical Feedback
- Individual microphone level control and muting, overall muting, and overall level

The City will provide an iPad two weeks prior to the install for wireless control in the space. This does not replace the wired panel at the Admin desk.

Controlled Devices
- Three (3) Display: via RS-232 via TP Receiver and LAN/Ethernet from switcher

- Touch Screen: via POE Ethernet
- Audio Processors: via Ethernet/DANTE
- Control Processor: Ethernet
- A/V Switcher: via RS-232

Quote #159434

Recording Option

TBI will supply, ceiling mount and configure a PTZ Video camera. Placement will allow for Dais views and lectern views. Final placement will be determined with client.
TBI will supply, rack mount and configure an Extron H.264 streaming media processor which will allow simultaneous record and streaming of council meetings. Recording will be done on an OFE USB storage device and streaming live can be done via the client's network if desired. Additional programming of PTZ camera control, presets and record/streaming functions are included.

Customer Responsibilities

- Provide 110V Quad AC outlets at each display and rack location
- Provide IPad with Crestron application downloaded 2 weeks prior to installation
- Provide wire pathways from rack to Admin table, Lectern and displays

We appreciate the opportunity to present this proposal. If you have any questions, please do not hesitate to contact us at your convenience at 612-331-5500. Our fax number is 612-331-3424.

Responsibilities and Conditions

Client Responsibilities

Contract a licensed electrician to provide high voltage power connections. The system design will determine if optimum placement of outlets is best achieved before or after the installation of the AV equipment. The assigned Project Manager will communicate the specific to you during the project planning. Tierney Brothers recommends that each projector, TV, plasma, LCD, etc. have a dedicated quad electrical outlet.

Provide Tierney Brothers with any existing system design specifications, diagrams, room drawings or other materials that would facilitate completion of the proposed Scope of Integration Services.

All necessary ceiling tile work involved in the installation, unless an alternative has been indicated in the Scope of Integration Services in this proposal.

Prepare, replace, repair or modify any structural or cosmetic changes that Tierney Brothers has made or needs to make. This includes, but is not limited to, ceiling grids, floor tiles, walls and pre-existing equipment. This does not include repair for accidental damage caused by Tierney Brothers.

Confirm area is ready for installation when scheduled. This includes but is not limited to the room being vacated, physical conditions confirmed and owner furnished equipment (OFE) available. If the area is not prepared for installation when scheduled or the client has not notified Tierney Brothers five business days in advance of any schedule change or installation cancellation, there will be a $350.00 charge. Rescheduling of the installation will be set for a later date as determined by Tierney Brothers.

TBI will not be responsible for the condition and functionality of any existing OFE during the installation process. This includes de-install and reinstall of OFE. Should existing equipment fail or not work properly with our system design, the customer will have the option of sourcing a TBI approved replacement part or TBI will offer a billable replacement alternative. If OFE malfunction causes delays in the installation timeframe, additional billable labor charges may apply.

Clients purchasing SMART product are responsible for loading all SMART software on the applicable computers and connection of these computers to the SMARTboard prior to any scheduled training sessions.

Complete Customer Configuration Worksheets as requested by Tierney Brothers within five business days. This information is required to properly integrate the new equipment with your existing IT infrastructure.

TBI requires access to customer's computer and network at the time of installation to be able to complete installation and testing of the designed system. Return visits to test equipment and functionality may result in additional charges.

TBI's initial estimates assume all work may be completed using standard ladders. If a lift is required, additional charges will be incurred and presented as part of a change request.

For U of M Installations only: University of Minnesota customers are responsible for contacting their Facilities Management Department to coordinate conduit installation for all A/V wire and cable installations.

Tierney Brothers Responsibilities (Upon Authorization)

Proceed with ordering the specified equipment and preparing a schedule for completion of the proposed services.

Conduct pre-installation site visit (if necessary) involving the main site contact, site facilities representatives and a Tierney Brothers' project manager or a qualified alternate.

Review scope, terms and conditions of the installation with the client at the pre-installation site visit. This will include, but is not limited to electrical, construction and cosmetic responsibilities.

Basic system training, separate from Professional Development, is included in this proposal. This training will be scheduled and completed by a Tierney Brothers' representative at the end of the project installation.

If Professional Development is part of this proposal, sessions must be scheduled within six months of install completion.

Clients purchasing SMARTboards: After the installation of the SMARTboard is complete, the SMARTboard USB connection will be tested using the Tierney Brothers installer's laptop. After system functionality is confirmed, the USB connection will be hooked into the client's computer if it is present in the space.

For safety reasons, Tierney Brothers will not modify/cut the trays on existing white boards or chalk boards. A solution for mounting over the existing board will be proposed. Any modifications to the existing board would need to be made by the customer prior to the arrival for Tierney Brothers' installation personnel.

Scheduling

Installations are typically scheduled six to eight weeks from receipt of the customer's purchase order. Custom ordered product may increase the time needed to complete the proposed services.

Standard service and support is limited to Monday through Friday, 8:00 AM to 5:00 PM central standard time, excluding national holidays. Expanded service hours may be available for an additional charge if determined necessary.

This schedule assumes no delays or obstacles will be encountered in gaining access for the installation.

Site Conditions

Tierney Brothers cannot enter into work in or otherwise disturb any areas containing asbestos.

Tierney Brothers recommends that each Projector, TV, Plasma, LCD, etc. have a duplex receptacle fed off of a dedicated 20 amp circuit available for use. Systems containing multiple racks of amplifiers or other equipment may require additional circuits.

Please initial to acknowledge and authorize the Responsibilities and Conditions presented here. _____

Proposal Terms

Accounting Terms

For installations scheduled to take 30 days or less from the first day on site to the last, Tierney Brothers will invoice the total project in full upon substantial completion. Tierney Brothers reserves the right to bill progressively for installations which are scheduled to take more than 30 days on site. The balance is due Net 30 days from the installation completion date, with 2% interest added to unpaid balance.

Sales Taxes
All applicable sales tax amounts will be charged on the sale of goods or services according to each governing law and remitted to the proper taxing authority. If your organization is tax exempt, please complete an exemption certificate and return to Tierney Brothers.

Proposal Changes
If additional products or services are requested prior to receipt of your signed purchase order or quote proposal, Tierney Brothers will provide an updated quote proposal, including a revised scope. If additional products or services are requested after receipt of your signed purchase order or quote proposal, Tierney Brothers will provide a change request quote with the requested equipment and scope to detail the requested changes for your approval.

Upon receipt of your signed purchase order or quote proposal, Tierney Brothers will proceed with the authorized services and invoice in accordance with the purchase order or quote proposal. Verbal agreements will not be processed until confirmation, in writing, has been received.

There may be a 20% to 30% restocking fee plus freight charges for those items ordered which have to be returned to the manufacturer due to customer request or by change of order. Custom order products and certain product lines not typically carried by Tierney Brothers may not be returned.

Other Terms

Installation Warranty
See specific warranty coverage program outlined in this proposal.

Repair or replacement service for TBI installed consumer grade monitors/displays are subject to manufacturer warranty and service. TBI does offer de-install/re-install assistance for vendor warranty repair or replacement at an additional charge.

Programming Warranty
The programming warranty is 90 days, starting at the commission of the system. Changes or fixes to the system after this time will be billable at our standard service call rates."

Labor Classifications and Assumptions
Unless mutually agreed upon in writing prior to executing this agreement, it is the understanding of both parties that Union and/or Prevailing Wage regulations, specifically those contained in 40 U.S.C. 276a-5, or MN Stat § 177.41-177.44, do not apply to the work to be performed under this contract.

Unless travel charges are specified, this proposal assumes Tierney Brothers, Inc. has local certified, licensed and insured technicians available to complete the integration services. In the event, the job site is located in a geographical area where this does not apply or a specific installation time is requested for which this personnel is not available, additional charges may apply.

All hours for installation are assumed to be between 8am and 5pm (normal business hours) unless specified in this proposal. Request for work outside of normal business hours will be subject to the following increased hourly labor rates:

- Second Shift (3:00pm to 10:00pm) will be billed at one and a half times our standard labor rate.
- Weekend or Holiday hours will be billed at two times our standard labor rate.

Requests for installations outside our normal business hours are subject to approval by the Director of Post Sales Integration.

NOTICE CONFIDENTIAL INFORMATION - The information in this proposal is proprietary and strictly confidential. It is intended solely for the use of the named parties. If the reader of this proposal is not the intended recipient or the employee or agent responsible to deliver it to the intended recipient, any dissemination, distribution, copying or other use of the information contained in this document is strictly prohibited. If this has been received in error, please notify the responsible party immediately and then delete this proposal from all data storage devices and destroy all hard copies.

Tierney Brothers Premium Warranty Program
Designed for:
City of Isanti

Terms and Conditions

Tierney Brothers, Inc. warrants the installation you have purchased from Tierney Brothers, Inc. from defects in materials and workmanship, under normal use, during the One Year Premium Warranty period. Normal use is defined as operating the system within its designed specifications. Included in the One Year Premium Warranty the customer will receive:

- Unlimited Phone Support
- On-site service
- Discounts on Lamps and Accessories
- Preventative Maintenance Check

Preventative Maintenance Check will be completed toward the end of the one year warranty period. The warranty period commences on the date of customer signoff, at the completion of the install by Tierney Brothers, Inc.

During the warranty period, Tierney Brothers, Inc. will first work to resolve any problems by troubleshooting over the phone. If Tierney Brothers, Inc. Support Specialists determine that the issue cannot be resolved over the phone, a Technician will be dispatched to your location(s) within 24 hours (if necessary) of the original call (Monday through Friday 8:00am – 5:00pm, excluding national holidays). Customers outside of a 150 mile radius of Tierney Brothers, Inc. are subject to mileage and trip charges. If service is required after the One Year Premium Warranty period has expired, the customer will be billed at Tierney Brothers, Inc. current labor rates. If the customer has purchased a Tierney Brothers, Inc. Extended Maintenance Agreement, that will commence at the end of the One Year Premium Warranty. If you would like additional information regarding Tierney Brothers, Inc. Extended Maintenance Agreements, please contact your Tierney Brothers, Inc. Sales Representative at 612-331-5500.

Request for City Council Action - MEMO

To: **Mayor Johnson and Members of City Council**

From: Jenny Garvey, Parks, Recreation, and Culture Manager

Date: July 16, 2019

Subject: **A Resolution Approving a Special Event Permit Application for the 2019 Summer Spectacular Car Show**

Background

The City of Isanti received a special event application from Rum River Rods to host the Summer Spectacular classic car show on August 17th from 10:00 am – 3:00 pm on Main Street in downtown Isanti. Attendance for this event is estimated at 250-500 people. Parking will be along City streets and within city owned parking lots the evenings of the events. Because the event is running in conjunction with Celebrate Isanti, Rum River Rods will not provide separate portable restrooms for their event.

A section of Main Street will need to be closed from the railroad tracks to its intersection with 4th Avenue, as well as 1st and 2nd Avenues north and south of Main Street to the alleys starting at 8am. The applicant will make arrangements to close off the road with barricades. The classic cars will be parked on Main Street and in the grass lot across from Faith Lutheran Church if needed. Volunteers from the car club will assist with clean-up after the show.

Pop-up canopies will be placed on Main Street and 1st Avenue. Rum River Rods will be responsible for moving picnic tables in place for the Street Dance following the car show. A public address system and music will be utilized during the events. The Summer Spectacular event will include a $10.00 participant registration fee; money collected will go toward covering expenses. Spectators are free.

A $100 clean-up deposit fee, proof of insurance, and signed Release and Indemnification Form are on file.

The August 17 Summer Spectacular will also include a vendor fair, and swap meet. These activities require a Peddler's Permit and $25 fee, which have been submitted by the organizer.

A copy of the application, department review, event map, and event flyer have been attached for City Council review.

RESOLUTION 2019-XXX

A RESOLUTION APPROVING A SPECIAL EVENT PERMIT APPLICATION FOR THE 2019 SUMMER SPECTACULAR CAR SHOW

WHEREAS, Rum River Rods has submitted a Special Event Permit application requesting approval to host the Summer Spectacular Car Show in Downtown Isanti; and,

WHEREAS, Summer Spectacular is scheduled for Saturday, August 17 from 10:00 am to 3:00 pm.; and,

WHEREAS, the estimated number of people to be in attendance is anticipated to be 250-500; and,

WHEREAS, parking for the event will be at the public lot north of Main Street (City Hall/Community Center) and along City streets where parking is allowed; and,

WHEREAS, a PA system will be used for announcements and music; and,

WHEREAS, barricades will be placed by the applicant on Main Street from the Railroad tracks to 4th Avenue and to the alleys north and south of Main Street; and,

WHEREAS, the event will include a vendor fair and swap meet, and organizer has submitted the required Peddler's Permit and $25 fee; and,

WHEREAS, the Special Event Permit clean up deposit of $100 has also been submitted;

NOW, THEREFORE, IT IS HEREBY RESOLVED by the City Council of the City of Isanti, Minnesota to hereby approve the 2019 Summer Spectacular Car Show to be held as specified above with the following conditions:

- Special Event Application submitted on behalf of the Rum River Rods, which include:
  - Rum River Rods will close the portions of Main Street needed for the event; City staff will reopen the portion from 4th Ave to 2nd Ave after the Car Show.
  - Coordinate August 17 event details (electricity, vendors, stage placement and timing of placement, etc.) with the Parks, Recreation, and Culture Manager prior to the day of the event.
  - A complete list of vendors must be submitted prior to the event.
- Closure of Main Street from the Railroad tracks to 4th Ave.
- Closure of 1st Ave and 2nd Ave for one block North and South of Main Street to the alleys on either side

BE IT FURTHER RESOLVED by the City Council of the City of Isanti, Minnesota that this Resolution is hereby the "Permit" for the above stated Special Event.

Subject: A Resolution Approving a Special Event Permit Request for Celebrate Isanti 2019

Background

City staff has submitted a special event permit application to host the Celebrate Isanti event on August 17, 2019. The event will include free activities open to the public throughout the day. A 5K family bike ride and run/walk will begin at the Park and Ride in Cambridge at 8:30 am. The route for the race will follow the Cambridge-Isanti Bike/Walk Trail into Bluebird Park with the finish line on the southwest corner of the Isanti Soccer Complex. There will be a kids festival with local businesses and organizations in the open space at Bluebird Park from 9:00 am to 1:00 pm. Vendors will submit applications to the City for review. They will showcase the resources available in the community for children and families. Public Works may also bring some large equipment into the park for the event; any damage to the grass from this activity will be repaired. From 10:00 am to 3:00 pm, the Rum River Rods' Summer Spectacular Car Show will occur on Main Street. The Street Dance will begin at 7:00 pm and end at 11:00 pm. Both Public Works and the Police Department will be providing assistance with the event – overtime hours may be required for this event.

Parking for the 5K and Kids Festival portions of the event is anticipated to be contained within the Park and Ride and Bluebird Park lots.

Portions of Main Street Downtown will be closed for the day for the Rum River Rods' Car show and the street dance. Cars entered into the Car Show will be parked on both sides of Main Street. Main Street will be closed from 2nd Ave to just west of the tracks and 1st Ave will be closed from the alley south of City Hall to the alley behind the Post Office from 8am until midnight. Letters will be sent to area residents and business informing them of the closure.

Should the weather not cooperate for the event, the event will be cancelled. Any cancellations will be posted to the City's website and the City of Isanti Facebook page as early as possible.

A Special Event Permit Application including site plan, temporary sign permit application, and proof of written notification, is attached for Council review. The Special Event Permit typically requires a $100 clean up deposit fee, and the Temporary Sign Permit requires a $50 fee; city staff are asking that these fees be waived.

Staff Request

City staff is requesting approval of the Celebrate Isanti Special Event Permit application and attachments, and waiver of the clean up deposit fee.

July 1, 2019

Dear Isanti Resident:

The City of Isanti is looking forward to hosting the Celebrate Isanti event on August 17, 2019. This event will be a full day celebration of the things that make our community great! Below is a schedule of events for the day – all activities are free and open to the public, we hope you can join us!

- 5K Family Bike Ride and Run/Walk on the Cambridge-Isanti Bike/Walk Trail
  (The route will begin at the Park and Ride in Cambridge and end in Bluebird Park, free shuttle services will be available)
  - 8:00 am Check in at the Park and Ride in Cambridge
  - 8:30 am Family Bike Ride
  - 8:45 am 5K Run/Walk
- Kids' Festival at Bluebird Park
  - 9:00 am to 1:00 pm
- Rum River Rods Car Show Spectacular on Main Street in Downtown Isanti
  - 10:00 am to 3:00 pm
- Downtown Isanti Street Dance featuring Good for Gary on Main Street and 1st Ave
  - 7:00 pm to 11:00 pm

If you live near the Car Show and Street Dance location, you may be able to hear the event at your home. Music will be played within allowable limits, and will end at 11:00 pm. Portions of Main Street will be closed downtown for the duration of this event, and parking will not be allowed. Parking will be available at Isanti City Hall, the public lot behind the Post Office, and some street parking on other streets. Main Street will reopen after the Street Dance at approximately midnight.

If you have any questions or concerns, please contact me.

We hope to see you there!

MINNESOTA LAWFUL GAMBLING

LG220 Application for Exempt Permit

An exempt permit may be issued to a nonprofit organization that:

- conducts lawful gambling on five or fewer days, and
- awards less than $50,000 in prizes during a calendar year.

If total raffle prize value for the calendar year will be $1,500 or less, contact the Licensing Specialist assigned to your county by calling 651-539-1900.

Application Fee (non-refundable)

Applications are processed in the order received. If the application is postmarked or received 30 days or more before the event, the application fee is **$100**; otherwise the fee is **$150**.

Due to the high volume of exempt applications, payment of additional fees prior to 30 days before your event will not expedite service, nor are telephone requests for expedited service accepted.

REQUEST FOR PROPOSAL NOTICE

Notice is hereby given that the City of Isanti will accept Proposals for an Agent of Record for the City's Towing. The contract will be for a five (5) year period. Proposals are due by Friday, August 23, 2019.

All Proposals shall be clearly identified as the Towing Proposal for the City of Isanti. The signed original of your Proposal should be forwarded to the Chief of Police either by mail or email to the following:

CITY OF ISANTI
110 First Avenue NW
PO Box 428
ISANTI MN 55040
763-444-4761
TMuyres@cityofisanti.us

Proposals will be evaluated by the Police Department and it is anticipated that the successful agent will be determined and announced at an Isanti City Council meeting held September 3, 2019. The City reserves the right to reject any or all Proposals, waive formalities, negotiate terms and conditions, and to select the agent and service options that best meet the needs of the Police Department.

During the evaluation process, the City of Isanti reserves the right, where it may serve the City's best interest, to request additional information or clarification from vendors, or to allow corrections of errors or omissions. At the discretion of the Isanti Police Department, firms submitting proposals may be requested to make oral presentations as part of the evaluation process.

Inquiries, clarification, or requests for Proposal by electronic mail should be directed by telephone or e-mail to: Police Chief Travis Muyres, (763) 444-4761, TMuyres@cityofisanti.us.

REQUIRED CONTENTS OF PROPOSAL

The purpose of the Proposal is to demonstrate the qualifications, service level, and cost for services, competence and capacity of the firms seeking to become an agent of record for the City of Isanti. The proposal should address all the points outlined here as required.

A. Firm History and Experience:
   - Company name and address of towing and vehicle storage facility(s)
   - Brief history of company including size and any specialty areas.
   - Municipality experience.

B. Qualifications:
   - Description of service philosophy
   - Structure and pricing (final pages of contract proposal)

C. References:
   - List of cities you currently represent and contact information.

PROPOSAL EVALUATION

The Isanti Police Department will evaluate proposals based on the needs of the Department and service to the City.

The successful candidate will be required to enter into a written agreement with the City of Isanti that will include service agreements and compensation. This agreement will last for a period of five (5) years.

The City of Isanti reserves the right to retain all proposals submitted and use any idea in a proposal regardless of whether that proposal is selected.

The Police Department will recommend the proposal(s) that best fits its needs. The City is not obligated to award the contract based on cost alone nor is it obligated to award only one agent of record.

MEMORANDUM

Date: July 10, 2019

To: Sheila Sellman, Community Development Director

From: Jason W. Cook, P.E.
City Engineer

Subject: Legacy Pines – Developer Requested Letter of Credit Reduction No 3
City of Isanti, MN
Project No.: R13.117438

Odyssey Homes, the developer of Legacy Pines, has requested a reduction of $266,156.96 to the Letter of Credit for the Legacy Pines development.

They have paid Kuekle Underground $266,156.96 as Pay Estimate No 3 for work completed to date, including the installation of concrete curb and gutter and the first lift of pavement.

The work has been found to be in compliance with City standards and all tests have passed to date.

We recommend approving the reduction of the Letter of Credit in the amount of $266,156.96 for work completed to date.

The remaining balance of the Letter of Credit is anticipated to be sufficient to complete the project as proposed while covering all incurred overhead costs including testing, inspection, and contract administration.

Please contact me if you have any questions.

RE: Legacy Pines Subdivision
Letter of Credit Reduction Request

Dear Sheila:

Given the completion of certain improvements in the Legacy Pines subdivision, at this time I am requesting a reduction in the amount of Irrevocable Letter of Credit No. 2400 that was provided to the City of Isanti in connection with this development. The Letter of Credit obligation as previously reduced stands at $968,510.65. We are seeking a reduction in this amount by the amount of the enclosed payment and support. The reduction amount requested is $266,156.96.

I have attached the amount paid and approved by Hakanson Anderson and the applicable lien waiver from Kuechle Underground, Inc. for the payment requested and paid.

I would like to request that the City process this request as soon as possible.

If you have any questions or need any further information, please don't hesitate to contact me. Thank you for your assistance in processing this request.

Sincerely,

ODYSSEY HOMES, INC.

RESOLUTION 2019-XXX

RESOLUTION FOR SETTLEMENT AGREEMENT

WHEREAS, at the February 19, 2019 City Council Meeting the City Council approved implementation of a deferred assessment on PID 16.032.1200 per City Resolution 2019-054; and,

WHEREAS, at the March 5, 2019 City Council Meeting action as it solely pertains to parcel PID 16.032.1200 was rescinded and the assessment on said parcel was abated; the parcel was reassessed on April 16, 2019; and,

WHEREAS, a settlement agreement was reached in the amount of $2,500.00 for said assessment as outlined in 'Exhibit A'; and,

WHEREAS, monies received will go to the debt service fund;

NOW, THEREFORE, IT IS HEREBY RESOLVED by the City Council of the City of Isanti, Minnesota as follows:

1. The settlement agreement is hereby approved. The previous assessment on PID 16.032.1200 in the amount of $10.007.23 is hereby abated and is hereby reassessed in the amount of $2,500.00 in accordance with the terms of said settlement agreement. The Mayor shall sign the settlement agreement on behalf of the City.

2. The City Administrator is hereby authorized to sign on behalf of the City of Isanti all other necessary documentation confirming the settlement agreement.

3. The City Administrator is hereby authorized to accept the proceeds in accordance with the terms of the settlement agreement and apply said proceeds, to-wit: the sum of $2,500.00, to the debt service fund.

4. Upon receipt of payment of the proceeds City Staff is hereby authorized to send documentation to the Isanti County Auditor/Treasurer confirming satisfaction in full of said assessment.

This resolution was duly adopted by the Isanti City Council this 16th day of July, 2019.

SETTLEMENT AGREEMENT AND RELEASE

This Settlement Agreement and Release (Agreement) is made and entered into between George Hemen (Hemen) and the City of Isanti (the City).

WHEREAS, on or around April 16, 2019, the City adopted Resolution 2019-105, which imposed a special assessment on property owned by George Hemen, in the amount of $10,007.23; and

WHEREAS, the special assessment was for road improvements the City made to Palomino Road in between 1989 and 1991; and

WHEREAS, on or around May 10, 2019, Hemen objected to the amount of the special assessment and the procedure by which the City adopted the special assessment by commencing a special assessment appeal in Isanti County district court, entitled *George Hemen v. City of Isanti, Minnesota*, Court File No. 30-CV-19-341 (the lawsuit);

WHEREAS, the City denies all allegations advanced in the lawsuit, including but not limited to the allegations that the special assessment was procedurally flawed and excessive in amount; and

WHEREAS, the parties to this Agreement wish to avoid the expense and uncertainties of litigation by entering into this Agreement;

NOW THEREFORE, in consideration of the recitals and promises herein, the parties agree as follows:

1. *Nonadmission.* This Agreement does not constitute an admission by the City that the special assessment was procedurally flawed or excessive in amount or that the City in

any way violated Hemen's rights, nor does this agreement constitute an admission by Hemen that the City properly assessed him.

2. *Rescission.* The City will rescind Resolution 2019-105.

3. *Payment to City.* Within seven (7) days of the City's rescission of Resolution 2019-105, Hemen will remit to the City the sum of $2,500. Upon receipt of the $2,500, the City shall consider the special assessment levied by Resolution 2019-105, as well as any associated costs or interest, to be fully satisfied.

4. *Dismissal of appeal.* The parties agree to dismiss the lawsuit with prejudice and without an award of costs or fees to either party. The stipulation for dismissal shall be filed with the Court within five (5) days of the date of this Agreement.

5. *Release.* The parties agree that this Agreement is a full, final, and complete settlement, compromise, and satisfaction of Hemen's special assessment appeal. Hemen, on behalf of himself, his agents, representatives, attorneys, assignees, heirs, executors, and administrators, hereby agrees not to sue and releases and discharges the City, and its past and present employees, agents, insurers, officials, and officers from any and all claims, actions, and causes of action that challenges the special assessment, whether or not Hemen now knows of those claims, actions, and causes of action up through the date of his signature on this Agreement. This release includes, but is not limited to, any claims Hemen may have under Minn. Stat. Chapter 429 or other federal, state, or local laws or common laws, any attorneys' fees or other costs or expenses.

6. *Settlement agreement.* This Agreement is binding. The parties acknowledge that they have been advised that (1) the other party has no duty to protect their interests or provide them with information about their legal rights; (2) signing this Agreement may

affect their legal rights; and (3) they should consult with an attorney before signing this Agreement if they are uncertain of their rights.

7. *Governing law and venue.* Minnesota law will govern the construction and interpretation of this Agreement. No rule of strict construction shall apply against either party, as each party has equally drafted this Agreement.

8. *Voluntary and knowing action.* The parties to this Agreement acknowledge that they have read and understand the terms of this Agreement, that they have been represented by legal counsel or had the opportunity to retain legal counsel, and that they are voluntarily entering into this Agreement to resolve the dispute between them.

This Agreement may be executed in multiple counterparts, which shall be construed together as if one instrument. In addition, either party shall be entitled to rely on an electronic or facsimile copy of a signature as if it were the original.

MEMO

To: **Mayor Johnson & City Council Members**

From: Mike Betker, Finance Director

Date: July 16, 2019

Subject: Budget Workshop

Levy/tax rate history

- Current budget has estimated tax rate at 67.8% (7.8% increase over 2019)
- Average tax rate 2004-2019 was 68.5%
- Includes new street construction levy
- Includes capital maint/replacement levy
- Above levies will go directly to funds 425 and 920 so as to not artificially reduce General Fund fund balance.
- Abatement levy (functions the same as General Fund levy but must be reported separate by statute)
- Eda levy continues and is capped based on state statute
- Begins to fully fund street projects and captial maint/replac. As well as general fund operating expenses.
- Adds about 165k to fund balance continuing 10 year plan to pay down money owed to other funds by the general fund.

Debt service

- In 2024 we will have just one scheduled debt levy, which will end in 2029 with final payment in 2030.

Assumptions

- Wild card is always health insurance. Will have final renewal number august 12th.

Wages & benefits by department/fund

- Biggest change here is that we have moved away from allocating wages to building inspection. Enterprise funds have taken on that additional allocation making all enterprise funds equal in allocation at 10%

Gf revenues

- Proposing a more detailed budget for accounts within "licenses and permits" category

Gf expenditures

- Down slightly with net income at 76k with no use of fund balance.

Council

- Addition of CGMC membership 75% discount in first year of membership

Elections

Admin/finance

- Addition of intern (101)
- 25k for comparative worth study (112)
- Allocations that had previously gone to building inspection have been absorbed by other departments
- Added $5,000 for accounting services just in case training or other services are needed
- Employee wellness has returned from the 2018 budget. To supplement $625 grant money from coop intended to suppress/reduce insurance claims and drive premium savings long term.

Special projects

- Budgeted to end June 30th 2020
- Continuing the department will require additional funds likely to come from fund balance

Planning/zoning

- CDD allocation changed from 2019 budget
  - 2019 – 80% P/Z, 10% B/I, 10% code
  - 2020 – 50% P/Z, 5% B/I, 5% code, 40% EDA
- CD/ED intern 50/50 split, P/Z & EDA

Muni building

Police

- Includes 5,751 for lexipol annual subscription
- Code enforcement employee expenses allocated to Police Department

Fire

- Assumes 10% increase over 2019 budgeted amount (which was very close to actual)

Building inspection

- Increase for contracted services based on a more detailed budget for licenses and permits in revenues of general fund
- State statute doesn't allow municipalities to make money on building permits and fees.

Code enforcement

- Wages and benefits for code enforcement officer have moved to police department. All other code enforcement costs are currently proposed to remain in department -42402

Civil defense

Animal control

General Maint.

Streets

- No major changes, total budgeted expenditures are down

Street lights

- No infill allocation in 2020
- Capital expenses have moved to fund 920

Sanitation

PRC

- Only significant change is increase in programming (491)

Transfers

- Transfers to various enterprise funds to repay costs associated with the hotel project and 2018 improvement project will improve fund balance by 164k

EDA

- No transfer from general fund, only transfer to general fund
- Significant savings by combining positions
- Cable franchise fee allocation has been reduced to 20% of total. Had been at 60% by resolution 2007-084. Will be addressed by resolution at future council meeting.
- Line item within marketing (495) for FT staff shirts up to 35 shirts up to $30 each

2. Approval of Minutes from March 19, 2019 Planning Commission Meeting.
Motion by Collison, second by Lundeen to approve the February 19, 2019 Planning Commission Meeting Minutes. Motion was approved 7-0.

3. Public Hearings
A. Request from Stacy Upton (dba Idle Hands Tattoo) for approval of an Interim Use Permit required under City Ordinance 445, Section 7 Article Two, Subd. 4 (K). Said request is for the operation of a tattoo studio at 303 Credit Union Drive NE, Unit 5, PID 16.077.0050 & 16.077.00360
Chairman Johnson opened the public hearing. Sellman presented the staff report, commenting that this is an Interim Use Permit in the B-2 district use and that the project meets requirements. The Commission reviewed the request. No one from the public commented.

Motion by Collison, seconded by Simon, to approve the Interim Use Permit with the conditions listed in the staff report. Motion passed 7-0.

B. Request from Amber Blesener (dba Amber's Hair Salon) for approval of an Interim Use Permit required under City Ordinance 445, Section 6, Article 1, Subd 5 and section 13, Article 1,

Subd. 4 (c). Said request is for operation of a home occupation at 201 4th Ave NW PID 16.042.0110

Chairman Johnson opened the public hearing. Sellman explained that an IUP was not necessary and that this use can be approved administratively through a Zoning Permit. The public hearing was held and advertised. No one from the public spoke on this item. The Public Hearing was closed and this item was directed to go back to staff for review.

C. Request from Dollar General for Preliminary and Final Plat approval of a minor subdivision under City Ordinance 536, Article 3. , at 340 Palomino Road SE. PID 16.029.0900

Chairman Johnson opened the Public Hearing. Connie Anderson of 409 Shawn Street spoke at the Public Hearing. Her property abuts the subject property. She has concerns with light pollution, trash, theft, noise and commercial abutting residential.

George Hemen of 320 Palomino Road spoke at the Public Hearing. Concerned with traffic and the business not facing HWY 65. He would like screening along Palomino Road.

Nicole Spray of 301 Shawn Street Road spoke at the Public Hearing. Stated her backyard is private and would like to keep it that way and requests that Dollar General put up a fence.

Chair Johnson closed the Public Hearing. Kernosky gave the staff report and stated this action is for the subdivision and not the site plan.

Motion by Collinson, seconded by Gordon to approve the minor subdivision with conditions. Motion was approved 7-0.

4.Other Business.

A. Continuation of consideration of a Request from Dollar General, Inc. for approval of a Site Plan Review per Ordinance 445, Section 18, Subd. 2(A) for construction of a Dollar General store at 340 Palomino Road SE, PID 16.029.0900.

Motion by Bergely to un-table this item seconded by Collison, motion passed 7-0. Kernosky gave the staff report. Explained that the City can't regulate the type of business, the proposed use is permitted. The proposal is in compliance with the Zoning Code.

Bryan Boss, BJ Boss Builders represented the applicant, he is the contractor. The Commission asked him to address the issues raised by the neighbors. He stated they will follow city code and be able to meet the conditions. Commissioner Johnson wants the development to provide screening to the residents. Commissioner Lundeen was concerned about screening and possible accidents with too much plantings.

Motion by Lundeen, 2nd by Simon to approve the site plan with the conditions outlined and an additional condition that a berm and a 6-foot-tall fence along the west property line, and landscape plan that broke up the north side of the building.

5. Discussion Items

A. Moratorium on Self-Storage Facilities in the B-2 Commercial Business

Lorsung presented the staff memo and explained that the City has been approved by a few developers looking to do self-storage facilities that would not require and utilities, and they are looking at property in the Business Districts that do have full utilities available. Self-Storage is not the highest and best use for fully developed properties. The B-2 District allows storage facilities by a Conditional Use Permit. Staff recommended either removing the use all together or to issue a moratorium.

Motion by Lundeen, Seconded by Bergley to removing self-storage facilities from the B-2 district. Motion passed 7-0.

B. Comprehensive Plan Update – Lorsung presented the staff memo on the proposed project timeframe for the Update. Presentations of draft Plan Chapters would begin in May, 2019, with the Public Hearing on the Updated Comprehensive Plan scheduled for March, 2020. Staff will proceed with the project timeline as presented and to post on the City's webpage.

City Council Chambers

1. Meeting Opening.

A. Call to Order.

B. Pledge of Allegiance
Everyone stood for the Pledge of Allegiance

C. Roll Call
Members Present: James Witte, Aaron Zdon, and Mayor Johnson
Staff Present: Jenny Garvey, Parks, Recreation and Culture Manager,

D. Agenda Modifications
Zdon asked if there were any agenda modifications, no modifications, Motion by Witte, seconded by Mayor Johnson; all in favor; the motion passed.

2. Approval of Minutes from April 23, 2019, Parks, Recreation, and Culture Board Meeting
Motion by Witte and second by Mayor Johnson; all in favor. Minutes were unanimously approved.

3. Unity Park Proposal
Garvey reported that Unity Park had previous approval of adding trees to the parking lot edge along the ballfield to assist with cars not parking on the grass. Garvey asked the board to re-examine that option and shared a new option that staff found that would entail less maintenance and upkeep that the tree option would. Garvey proposed to the board the rock edge option and provided a picture of the idea, Garvey stated that planting young trees could be damaged and pruning would be an item that would be necessary for years to come. The rock edge option fits within the budget. Zdon, Witte and Mayor Johnson agreed that this was a nice option and less maintenance was needed. Johnson motioned that we amend the proposal to install trees at Unity park and change the proposal to install the rock/boulder edge along the parking lot, second by Witte; the motion passed.

4. Park Visit Summary
Garvey reviewed the list compiled of what projects and maintenance items were from the tours the board members took and reported at the April 23 meeting. .

5. Painting Plow Blades

Garvey reported that four local schools took place in this project and noted that within the packet are two pictures of ones that are being worked on and that the blades will be picked up in the next couple of weeks and the finished blades will be on display at Celebrate Isanti Day, August 17th.

6. Parks Update

Garvey reviewed that the Farmers Market will be Fridays May 31 –Sept 21 2-6pm and that PW was able to get the curb cut for easier access for vendors. Garvey also reviewed that the Passports to parks event will be back this summer with a kick off event June 20th at Bluebird park. Garvey further reviewed that the street dances will be June 22 – Hitchville, July 20 – Audio Circus and Aug 17 – Good for Gary and vendors are already signing up and our Platinum sponsors this year are Kwik Trip and Dahlheimer Distributing. Garvey also mentioned that the Community Gardens are full and opened on May 11 and staff is working on adding a few more plots as interest is there. The dog park is open and the grand opening will be held Wed June 12 at 11am, the bench is in the park and signs will be going up. Johnson asked if another bench was going to be added and Zdon also questioned this and said he has heard from the public if another one was going to be added. Garvey stated she had thought somewhere it was in her information that one was going to be donated, but she would look into it and see and then as budget allows to also add other amenities to the park. Garvey finished with that Bluebird park will be getting a new paint job on the larger playground equipment and this is anticipated to be closed from July 29-Aug 9.

7. Adjournment

Motion by Witte, second by Mayor Johnson to adjourn the April 23, 2019 meeting of the Parks, Recreation and Culture Board. Motion was approved.

The meeting adjourned at 6:21 PM

Request for City Council Action

To: **Mayor Johnson and Members of City Council**
From: Sheila Sellman, Community Development Director
Date: **August 7, 2019**
Subject: **Resolution 2019-XXX A RESOLUTION CLARIFYING SETBACKS FOR HERITAGE ESTATES**

Request: Level Contracting LLC is requesting the City Council consider the setbacks that are set by Resolution 2018-284 for Heritage States Planned Unit Development. Specifically, a decreased rear yard setback.

Overview/Background: On December 18, 2018 the City Council approved Resolution 2018-284 a resolution approving the Planned Unit Development for Heritage Estates. In the Resolution of approval, the building setbacks are clearly listed. Specifically, Lot 1-2, and 9-12 Block 2 has setbacks listed as Street yard setback 30 feet, Side street setback 20 feet, side yard setback 5 feet and rear yard setback 30 feet. Level Contracting is disputing the rear yard setback for Lot 1, Block 2, and requesting the Council consider a 10-foot setback. Level Contracting argues that the "preliminary plat" shows a 10-foot setback as well as the final plat.

Analysis of Application: Final Plats do not show setbacks, it shows drainage and utility easements, not building setbacks. Building setbacks are set by the zoning district, Resolution or Development Agreements (DA). As stated above the Resolution of approval clearly states the rear yard setback for the lot in question is 30 feet. There are other lots in this development with reduced setbacks (as spelled out in the resolution) due to the lots being smaller in size. If the setbacks are not specific in the Resolution or DA then the underlining zoning regulations apply. The site is zone R-3B and the rear yard setback is 25 feet.
Upon further review the rear yard setbacks along block 2 cannot be reduced to 10 feet, the rear lot drainage and utility easement is 15 feet, in no instance can a house be located in a drainage and utility easement.

Planning Commission Recommendation:
The Planning Commission considered this request at their July 16, 2019 meeting. The Commission questioned why the developer couldn't meet the setbacks as proposed and he stated he wasn't aware of the setbacks and admitted that he signed the development agreement without reading it. The Commission agreed to forward comments to the City Council for consideration and to hold the public hearing at the Council meeting. The Planning Commission recommended reducing setbacks along outlots only and not to change any other setbacks.

Staff Recommendation: Staff recommends reducing setbacks along outlots to 10 feet where possible. Again, as stated above the rear yard setback on Block 2 can only be reduced to 15 feet due to a drainage and utility easement. The new resolution for consideration will clarify setbacks and correct the lot numbers, however resolution 2018-284 will remain in effect.

Request for City Council Action - MEMO

To: **Mayor Johnson and Members of City Council**

From: Jenny Garvey, Parks, Recreation, and Culture Manager

Date: August 7, 2019

Subject: **A Resolution Approving a Special Event Permit Application for the 2019 MN State Series Finals Race**

Background

Rum River BMX Association will be hosting the MN State Series Finals Race on August 24, 2019 from 1:00 to 6:00 pm and August 25, 2019 from 9:00 am – 5:00 pm. The estimated number of individuals in attendance is 1,000-1,500. The Association is requesting that overnight camping be allowed for the event, and expect about 100 campers. Parking for the campers for this event will take place on the grass to the south of the Isanti Indoor Arena. Rum River BMX will charge $25/weekend for RVs for the State Finals event. Overflow parking will take place in the Bluebird Park lots (the south lot, the asphalt pad, and the spaces not designated as one-hour in the north lot), and the soccer field parking lot – there is never any fee to park in these lots. The main lot at the Isanti Indoor Arena will be reserved for spectator parking and the grass area to the east of south of the building will be used for team canopies and event activities.

The organizers have asked that Isanti Parkway be closed in front of the Indoor Arena (east of 1st Ave NW and west of the compost facility) on Saturday between 1:00 and 5:00 pm and on Sunday between 9:00 am and 5:00 pm. Public Works will provide barricades for the closure; Rum River BMX will be responsible for closing and opening the street at the times listed.

Restroom facilities will be provided by the Association for the event. The Association will be responsible for upkeep of all restroom facilities over the course of the event, including those on the south end of the Isanti Indoor Arena. The Association will be responsible for clean-up of the outside areas; the $100 clean up deposit is on file, and should Public Works need to clean the grounds for any reason, this check may be cashed. The standard public addressing system will be used throughout the event.

Special Event Permit application materials, including an event map, have been included for Council review.

Staff Request

City staff are requesting City Council's approval of the Special Event Permit application for the 2019 State Finals Race.

RESOLUTION NO. 2019-XXX

RESOLUTION APPROVING A SPECIAL EVENT PERMIT APPLICATION FOR THE 2019 MN STATE SERIES FINALS RACE

WHEREAS, the Rum River BMX Association submitted a Special Event Permit application requesting approval to host the MN State Series Finals Race; and,

WHEREAS, the event is scheduled to take place on Saturday, August 24, 2019 from 1:00 to 6:00 p.m. and Sunday, August 25, 2019 from 9:00 am to 5:00 pm at the Isanti Indoor Arena located at 101 Isanti Parkway NW; and,

WHEREAS, the estimated number of people to be in attendance is 1,000-1,500; and,

WHEREAS, the applicant would be required to provide additional portable restroom facilities for the event, in which the applicant will be contacting its current supplier to do so prior to the event; and,

WHEREAS, event spectator parking will be contained to the paved surfaces; and,

WHEREAS, event camper parking will occur on the grass south of the Isanti Indoor Arena, per the Special Event Paid Parking Agreement, and the fees for this event will be $5/day for cars and trucks and $25/weekend for RVs; and,

WHEREAS, overflow parking will occur in the paved lots at Bluebird Park, and the Soccer field parking lot, and there will be no fees for this use; and,

WHEREAS, the south and east sides of the Isanti Indoor Arena will be reserved for team canopies and event activities; and,

WHEREAS, Isanti Parkway will be closed in front of the Arena (east of 1st Avenue and west of the compost site) on Saturday from 1:00 to 6:00 pm and Sunday from 9:00 am to 5:00 pm.

NOW, THEREFORE, IT IS HEREBY RESOLVED by the City Council of the City Of Isanti, Minnesota to approve the Special Event Permit request for the 2019 MN State Series Finals Race event with the following conditions:

- No signage shall be posted for the event, unless allowed under Zoning Ordinance section 16, or a Temporary Sign Permit Application and fee are submitted.

AND FURTHERMORE, IT IS HEREBY RESOLVED by the City Council of the City of Isanti, Minnesota that this Resolution is hereby the "Permit" for the above stated Special Event.

This resolution was duly adopted by the Isanti City Council this 7th day of August, 2019.

Request for City Council Action

To: **Mayor Johnson and Members of City Council**
From: Sheila Sellman, Community Development Director
Date: August 7, 2019
Subject: **RESOLUTION 2019-XXX APPROVING THE FINAL PLAT AND SITE PLAN FOR LEGACY PINES 2ND ADDITION**

Request
The Applicant, Everpine Land Holdings is requesting a Final Plat and Site Plan Review for Legacy Pines 2nd Addition. The proposed final plat contains 33 single family lots.

Overview/Background
In 2018 Odyssey Homes Inc received approval of a Preliminary Plat for Legacy Pines Addition. The Preliminary plat showed the entire site developed in phases to include 177 lots. The first phase is platted with 49 lots. The second phase is proposed to plat 33 lots. Each phase will require a final plat and a development agreement.

Analysis of Application
The subject site was originally part of the Villages on the Rum Planned Unit Development. Legacy Pines development is a "re-plat" of this development therefore, the aforementioned development agreements and PUD requirements remain with the property. The PUD allows for varying lot sizes and setbacks.

Zoning-The subject site is zoned R-1/PUD. The PUD Master Plan sets the parameters for lot size, setbacks, house size etc. Minimum requirements not spelled out in the PUD Master Plan will divert back to the Zoning Code for R-1. As proposed Phase 2 is consistent with the PUD. Section 15 of the zoning code requires all residential lots to have tow (2) trees per lot. lots that are 8,000 square feet or larger must provide three (3) trees and corner lots 12,000 square feet or larger require four (4) trees.

Legacy Park- Access to Legacy Park should be maintained during development. The applicant has indicated they will provide access through Lot 7 Legacy Pines Addition. With the second phase the parking lot should be developed at the sole cost of the developer. The parking plan should be approved prior to commencing.

Comprehensive Plan – This proposal is consistent with the City's 2008 Comprehensive Plan Future Land-Use Map, which identifies this parcel as low and medium density residential for future development.

City Engineer Comments – The City Engineer's memo is attached. With minor revisions laid out in the report Engineering is recommending approval.

Isanti Fire Comments – The Fire Chief has reviewed the proposed plat and has no concerns.

Planning Commission
The Planning Commission held a public hearing at their regular meeting of July 16, 2019. No one from the public spoke on this item. The Planning Commission unanimously recommend approval.

Staff Recommendation

Staff recommends the following Motion:
Move to adopt resolution 2019-XXX approving the Site Plan and Final Plat for Legacy Pines 2nd Addition with the following conditions:

1. The developer must enter into a Development Agreement with the City of Isanti, which will outline the general terms for the remainder of the development. Subsequent developments will require additional Development Agreements as the property is built out. Development fees will be charged to the developer at the time of each development agreement and based upon the City Fee Schedule.

2. The developer shall be responsible for any and all permits and approvals that may be necessary from other applicable governmental agencies. These permits and approvals shall be submitted to the City of Isanti and/or other governmental jurisdictions that may require said permits prior to development.

3. Any and all costs associated with the recording and processing of each subsequent Final Plat for additional phases shall be assumed by the developer.

4. The home sizes shall be consistent with Resolution No. 2010-111, amending the original PUD.

5. The setback requirements are as follows:

Front yard setback:	Thirty (30) feet; however, when adjoining principal buildings existing at the time of construction on a vacant lot, the required front yard setback for the new structure shall not be greater than the average front yard setbacks of the building on either side of the vacant lot.
Side yard setback:	Ten (10) feet
Street side yard setback:	Twenty (20) feet
Rear yard setback:	Thirty (30) feet

6. A tree preservation plan shall be prepared by the developer and submitted to the City of Isanti for those portions of the development site that have significant tree stands. Such plans shall show the locations of homes and grading for these lots, so as to protect as many of these trees as possible. Trees shall be planted on each lot according to Section 15 of the City Zoning Ordinance.

7. Dedication, if required, of utility and access easements are granted to the City of Isanti.

8. The developer, at their cost must install sidewalks consistent with City Codes and Ordinances.

9. Access to Legacy Park shall be maintained during construction and the parking lot shall be developed by the developer.

10. Address items/conditions identified in the Memorandum from City Engineer Jason Cook dated June 26, 2019 to CD Director Sheila Sellman.

MEMORANDUM

Date: June 26, 2019

To: Sheila Sellman, Community Development Director

From: Jason W. Cook, P.E.
City Engineer

Subject: Legacy Pines Second Addition - Engineering Review
City of Isanti, MN
Project No.: R13.117985

We have reviewed the Preliminary Plat, Final Plat, and storm water report entitled "Legacy Pines Second Addition" received on June 25, 2019 with a signature date of 6/11/2019.

The plat includes the construction of 33 single family lots, extension of city streets and utilities and site grading.

The original supporting documents submitted for Legacy Pines Phase 1 were reviewed and approved in 2018. Those documents included the submitted second addition area in the modeling and evaluations.

We have reviewed the newly submitted documents and have the following comments:

Preliminary Plat:

1. A temporary easement will be required over the temporary cul-de-sac at the end of Bellaire Blvd.
2. Street name "Bluebird Way" should be renamed – Bluebird Court or Circle.

Site Development and Phase 1 Construction Plans:

1. Proposed contours do not connect to anything at the end of Bluebird Way. (Sheet 12 of 19)
2. Proposed contours between lots 13 & 14 of Block 9 should direct swale along property line to pond PP-2, not west across lot 13. (Sheet 14 of 19)
    a. Is this revised grading proposed to be completed with this phase?
3. Street lighting will be required. A light at the end of the Bluebird Cul-de-sac, along Bellaire Blvd, and specifically at the Legacy Park parking lot entrance at the City Outlot.

Permits (To be completed prior to construction):

1. NPDES - Construction Storm Water General Permit
    a. Is the existing active permit set up to cover this work?
2. Minnesota Department of Health - Watermain Extension Permit
    a. Were these services included in the previous permit?
3. MPCA – Sanitary Sewer Extension Permit
    a. Were these flows accounted for in the previous permit?

We recommend approval of the submitted documents once the above items are addressed.

RESOLUTION NO. 2010-111

A RESOLUTION APPROVING THE PRELIMINARY PLAT AMENDING THE PLANNED UNIT DEVELOPMENT KNOWN AS VILLAGES ON THE RUM 3RD ADDITION

WHEREAS, Premier Bank ("Developer") has requested approval for a Preliminary Plat amending the Planned Unit Development known as Villages on the Rum 3rd Addition; and,

WHEREAS, such area is legally described as Parcel 1, Outlot A, Villages on the Rum Third Addition Replat, Isanti County, Minnesota; Parcel 2, Outlot B, Villages on the Rum Third Addition, Isanti County, Minnesota; and Parcel 3, the East 1090 feet of the North ½ of South ½ of NW ¼ of SE ¼ of Section 19, Township 35, Range 23, subject to existing road along the East boundary line thereof, Isanti County, Minnesota; and,

WHEREAS, following publication, posted and mailed notice thereof, a Public Hearing was held on May 11th, 2010, by the Isanti Planning Commission; and,

WHEREAS, the Isanti Planning Commission recommended to the City Council that the Preliminary Plat amending the Planned Unit Development be approved with conditions as presented by City staff; and,

WHEREAS, the City of Isanti has adopted Zoning and Subdivision Ordinances for the orderly, economic, and safe development of land within the City; and,

WHEREAS, the City Council of the City of Isanti has determined that the Preliminary Plat amending the Planned Unit Development with conditions, meets the ordinance requirements necessary for granting approval; and,

NOW, THEREFORE, BE IT RESOLVED BY THE CITY COUNCIL OF THE CITY OF ISANTI, MINNESOTA, that it adopts the Findings of Fact and Conclusion related to the requested Preliminary Plat Approval Amending the Planned Unit Development known as Villages on the Rum Third Addition; and

BE IT FURTHER RESOLVED by the City Council of the City of Isanti, Minnesota that the requested Preliminary Plat amending the Planned Unit Development known as Villages on the Rum 3rd Addition, as legally described herein, be hereby approved, with the following conditions:

1. The developer will enter into a Development Agreement with the City of Isanti, which will outline the general terms for the remainder of the development. Subsequent Development Agreements would be required as each subsequent phase of the development is final platted. Development fees shall be charged to the developer at the time that each subsequent Development Agreement is signed based upon the City Fee Schedule.
2. The developer shall be responsible for any and all permits and approvals that may be necessary from other applicable governmental agencies. These permits and approvals shall be submitted to the City of Isanti prior to development.
3. The developer shall deed "Outlot G" to the City of Isanti for future passive park and open space area.
4. Any and all costs associated with the recording and processing of each subsequent Final Plat for additional phases shall be assumed by the developer.

5. Upon development of the lots adjacent to the Isanti Brook area, signage shall be placed along the rear lot lines of property abutting Outlot G notifying property owners of the scenic easement.
6. The home sizes and location of those home sizes shall be in accordance with the Housing Size Location Plan. The following lots/blocks will be subject to the following home and garage sizes:
   a. Lots 1-19, Block 1; Lots 1-5, Block 2; Lots 1-2, Block 3; Lots 1-14, Block 4; Lots 1-10, Block 13; Lots 1-3, Block 12; Lots 1-6, Block 11; Lots 1-13; Block 10; and Lots 1-4, Block 9 will be required to have a minimum of 1200 square feet of livable floor space above grade with a 600 square foot minimum floor area for the attached garage.
   b. Lots 1-15, Block 5; Lots 1-31, Block 6; and Lots 28-38, Block 8 will be required to have a minimum of 1040 square feet of livable floor space above grade with a 480 square foot minimum floor area for the attached garage.
   c. Lots 1-27, Block 8 and Lots 1-20, Block 7 will be required to have a minimum of 960 square feet of livable floor space above grade with a 400 square foot minimum floor area for the attached garage.
7. The setback requirements are as follows:

Front yard setback:	Thirty (30) feet; however, when adjoining principal buildings existing at the time of construction on a vacant lot, the required front yard setback for the new structure shall not be greater than the average front yard setbacks of the buildings on either side of the vacant lot.
Side yard setback:	Ten (10) feet
Street side yard setback:	Twenty (20) feet
Rear yard setback:	Thirty (30) feet

8. A tree preservation plan shall be prepared by the developer and submitted to the City of Isanti for those portions of the development that still have significant or specimen tree stands. Such plan shall show the location of homes and grading for these lots, so as to protect as many of these trees as possible.
9. Any final engineering plans and specifications are subject to the review and approval of the City Engineer.
10. Any and all improvements shall be specified within the Development Agreement.
11. The Final Plat shall be phased into around nine (9) phases to consist of twenty (20) lots or so at a time.

Adopted by the Isanti City Council on this 18th day of May 2010.

FINDINGS OF FACT AND CONCLUSION

Request

Request from Everpine Land Holdings, for Final Plat Approval of Legacy Pines 2nd, legally described as Outlot A of Legacy Pines Addition, Isanti County, Isanti, Minnesota.

Findings of Fact

1. The applicant, Everpine Land Holdings ('the applicant'), had made an application for Preliminary Plat Approval of Legacy Pines, Isanti County, Minnesota. Said Preliminary Plat was approved through City of Isanti City Council Resolution No. 2018-251.
2. The applicant has made an application for a Final Plat Approval of Legacy Pines 2nd Additon, Isanti County, Minnesota.
3. The property is legally described as Outlot A of Legacy Pines Addition, Isanti County, Isanti, Minnesota.
4. The Applicant is requesting Final Plat Approval in an effort to create 33 lots in the second phase of the development.
5. The property is zoned "R-1" Single-Family Residential/Planned Unit Development.
6. The Applicant submitted an application for Final Plat Approval on June 25, 2019. It was deemed complete on June 25, 2019.
7. A public hearing of the Final Plat took place before the Planning Commission on Tuesday, July 16, 2019 at 7:00 p.m.at City Hall within the Council Chambers.
8. The applicant has addressed or is in the process of addressing the conditions imposed by the City during the Plat review.

Conclusions

1. The platting of the property would appear to meet the lot requirements and setback requirements as provided within the zoning ordinance for properties located within the "R-1" Single-Family Residential.
2. The platting is consistent with the 2003 Development Agreement and Planned Unit Development (PUD) for this property, and is consistent with the 2010 PUD Amendment
3. The platting of the property would appear to meet the Design Standards as required by Ordinance No. 536.

Decision

Planning Commission Recommendation:

The Planning Commission held a public hearing on July 16, 2019 and Recommends Approval. Motion by Lundeen, seconded by Bergley to approve with staff conditions. Motion passed unanimously

Request for City Council Action

To: **Mayor Johnson and Members of City Council**
From: Sheila Sellman, Community Development Director
Date: August 7, 2019
Subject: **Resolution 2019-XXX APPROVING A PRELIMINARY PLAT FOR VILLAGES ON THE RUM 6TH ADDITION**

Request

The applicant Semler Homes Inc is requesting approval of a Preliminary Plat, Villages on the Rum 6th addition to "re-plat" 32 townhome lots into 16 single family detached townhome lots.

Overview/Background

In 2002 Villages on the Rum development was approved, the overall development was 261 lots with a mix of housing types. Each housing style with approved with minimum requirements and are outlined in the original development agreement. Each phase of the development required a final plat and Development Agreement.

Analysis of Application

The subject 32 lots have been platted as attached townhome lots, meaning the buildings are attached. The applicant is requesting to replat these lots into 16 single family detached townhome lots, meaning single family detached houses are built and the common area is maintained by an Association. The applicant needs to establish their own Association or be part of the existing association, documents must be submitted to the city.

Zoning- The subject site is zoned R-3 Residential, as previously stated a development plan was approved for this development. As proposed the side yard setbacks requested vary from the development agreement, but maintain 10 feet in between buildings which still meets the intent of the agreement. The proposed setbacks are as follows: Front 5 feet, side 5 feet, rear 25 feet from the adjacent right-of-way and 10 feet in-between buildings. The original agreement called for 5-foot setback from the garage side to the lot line, and 10-foot setback from the house side lot line. Rear setbacks were not defined. Staff supports the proposed setbacks.

Housing Style- A detached townhome is also known as a "patio home" or "Bay Home" essentially meaning the house is not attached to another house but is standing alone on a smaller lot that is typically maintained by an association. According to the Original Development Agreement detached townhomes need to be at least 960 square feet of livable space above ground and the garage should be a minimum of 440 square feet, these requirements will apply to this development as well. The Architecture for these townhomes should be similar to a 1920's-1940's Vintage home, including Bungalow, Craftsman, Arts & Crafts, Victorian styles. The architectural styles of "Houses by Mail", by Katherine Cole Stevenson are incorporated by reference. This book is available in the Community Development Department.

Landscape – As proposed the tree plantings meet city requirements, however the plantings are shown in common area, the applicant must provide written permission/agreement with the Association in order to plan said trees.

Comprehensive Plan- This proposal is consistent with the City's 2008 Comprehensive Plan Future Land-Use Map, which identifies this parcel as medium density residential for future development.

City Engineer Comments – The City Engineer's memo is attached. With minor revisions laid out in the report Engineering is recommending approval.

Isanti Fire Comments – The Fire Chief has reviewed the proposed plat and has concerns with the length of proposed Drive A and suggest the drive be connected to Isanti Parkway. The applicant should address this with the Fire Department before final plat approval.

Planning Commission Recommendation

The Planning Commission held a public hearing at their regular meeting of July 16, 2019, one member from the public spoke on this item. The gentleman that spoke about the proposed subdivision stated that we don't need anymore residential lots. Staff explained this plat actually decreases what was originally approved. The Commission discussed the need for this type of housing vs townhomes. The Planning Commission recommends approval.

Staff Recommendation

Staff recommends the following motion:
Move to approve the Preliminary Plat for Villages on the Rum 6th Addition with the following Conditions:

1. Final Plat and Site Plan approval shall be applied for within one year.
2. The Developer must enter into a development agreement with the City of Isanti.
3. Engineering comments/concerns in a memo dated July 10, 2019 to Community Development Director Sheila Sellman shall be addressed.
4. Fire Chief comments/concerns in a memo dated July 8, 2019 shall be addressed.
5. Written agreement/permission with the Association for tree planting shall be submitted to the City of Isanti.
6. Setbacks are as follows:
    a. Front: 5 feet
    b. Side: 5 feet, 10 feet in-between buildings
    c. Rear: 25 feet from adjacent right-of-way
7. The housing architecture shall be similar to a 1920's-1940's Vintage home, including Bungalow, Craftsman, Arts & Crafts, Victorian styles. The architectural styles of "Houses by Mail", by Katherine Cole Stevenson are incorporated by reference. This book is available in the Community Development Department.

MEMORANDUM

Date: July 10, 2019

To: Sheila Sellman, Community Development Director

From: Jason W. Cook, P.E.
City Engineer

Subject: Villages on the Rum Sixth Addition – Review
City of Isanti, MN
Project No.: R13.117985

We have reviewed the plan set entitled "Villages on the Rum Sixth Addition" with a signature date of 6/21/2019.

The plan includes the re platting of 32 existing lots into 16 proposed lots.

We have reviewed the submitted plans and have the following comments:

1. From an engineering perspective "Drive A" can be a shared use driveway. I defer to fire, police, and the post master regarding its designation. If it is determined it needs to be a street, it will need a street sign, curb & gutter and a turn around.
2. Sheet 4 of 5:
    a. How will the existing sewer and water services be abandoned?
3. General Comment: The pavement section and curb type are not City standard. This is acceptable as a private roadway, but it would not be eligible to be turned over to the City in the future.

We recommend approval of the plans once the above items are addressed.

Please contact me if you have any questions.

RE: Plan Review of Villages on the Rum Sixth Add.

Isanti Fire has reviewed the replatting of the 32 lots in Villages on the Rum, 6th addition and has identified the following concern.

1) Drive A dead ends after lots 13-16 on block 1. This is not preferable, and if greater than 150' in length is in conflict with MN State Fire Code.
    a. A suggestion would be to continue Drive A through City of Isanti parcel 160961580 and intersect into Isanti Parkway. Doing this would be 2 part, 1) allow access to lots 13-16 and 2) ensure two fire access roads exist in the development.

Isanti Fire sees no other concerns related to fire safety.

Sincerely,

Alan Jankovich | Fire Chief
Isanti Fire District

RE: Award Recommendation – Annexed Parcel Service Extensions
City of Isanti, Minnesota
BMI Project No. R13.118565

Honorable Mayor Johnson and Members of the City Council:

As directed by the City Council, we have prepared plans and specifications and requested quotes from three contractors to extend service to those annexed parcels that had been notified that they have immediate access to either sanitary sewer and/or water service.

Two quotes were received on July 30, 2019. The quotes were checked and tabulated and the final results are summarized as follows:

Bidder	Bid
Dirtworks, Inc.	$172,840.00
Northdale	$185,950.91
Engineer's Estimate	*$162,170.00*

Dirtworks Inc. has been determined to be the low responsible bidder.

We recommend award of this project to Dirtworks Inc. in the amount of $172,840.00.

If you have any questions, please contact me.

Sincerely,

BOLTON & MENK, INC.

Subject: Resolution Approving Security Camera and DVR replacement

---

Background:
As discussed in the July COW meeting on July16th, the mayor and city council were informed of the issues with our current security cameras and DVR at the liquor store. I have included quotes for replacement/installation from three different vendors as requested. I have also included the cost of a new monitor for the office to better view the cameras this was not included in quotes. We will purchase and install on our own, along with HDMI cables to connect up to both monitors.

VENDOR	QUOTE $$$
Genesis Wireless	$4828.19
Marco	$14,988.90
ADT	$4,880.00

Recommendation:
I recommend we go with the quote from Genesis in the amount of $4,828.19. Genesis is the lowest bid, and we also currently utilize them for internet services. They also have the best warranty on products and services, which is for a period of three years.

Action Required:
The total cost should not exceed 5% of the quoted price from Genesis to also include purchase of one monitor and HDMI cables.

RESOLUTION NO. 2019-XXX

ACCEPTING BID FOR THE REPLACEMENT AND INSTALLATION OF SECURITY CAMERAS AT THE LIQUOR STORE

WHEREAS, the expense of this project is unbudgeted for 2019; and

WHEREAS, pursuant to a request for bids by city staff for the replacement and installation of all applicable Cameras and DVR, the following bids were received:

Bidder Name	Total Bid
Marco	$14,988.90
ADT	$4,880.00
Genesis Wireless	$4,828.19

WHEREAS, the Committee of the Whole has reviewed the bids received and has recommended the acceptance of the Genesis Wireless bid for installation and materials, that include both DVR and Camera replacement;

NOW, THEREFORE, IT IS HEREBY RESOLVED by the City Council of the City of Isanti, Minnesota

1. Upon review and approval by the Committee of the Whole at their 7/16/19 meeting, accept the bid from Genesis Wireless for replacement of current DVR/Cameras and installation of new Cameras, DVR and equipment in the total amount, not to exceed, $5,069.60 after the purchase of monitor and required cables.
2. Authorize the Liquor Store Manager to sign the required documents for the purchase and installation of the new Cameras and DVR.
3. Authorize payment, if necessary, at time of services and prior to inclusion on the Accounts Payable listing.
4. The total amount of $5,069.60 to be funded through Liquor Store Fund 609-16520-500.

This resolution was duly adopted by the Isanti City Council this 7th day of August, 2019.

Subject: Donation Request for MMBA "Support Our Fire Department Fundraiser" In-Store

---

Background:
Each year the MMBA supports many different organizations for the sole purpose of raising funds as well as supply donations to help support our local Fire Department in our area. I am requesting that we promote this program in-store and customers can donate supply items to be raffled off or a cash donation in any amount they wish to help support this program. The dates of the donations are August 7th through September 11th 2019.

RESOLUTION 2019-XXX

APPROVING DONATION BOX AT LIQUOR STORE

WHEREAS, on June 2, 2009 City Council approved a donation box policy; and

WHEREAS, Isanti Liquor is requesting use of a donation box at the liquor store in support of the MMBA "Support Our Fire Department" drive; and

WHEREAS, the Donation Policy has been reviewed the request and recommended its approval.

NOW, THEREFORE, BE IT RESOLVED that the City Council of the City of Isanti, Minnesota hereby approves placement of a donation box for the "Support Our Fire Department" drive at the Isanti Liquor Store from August 7, 2019 through September 11, 2019.

Adopted by the Isanti City Council this 7th day of August 2019.

1st Annual MMBA Fire Department Fundraiser

In an effort to help your cities promote the Community Value of their Municipal Liquor Operation, the MMBA, in partnership with MillerCoors, is coordinating the *1st annual fundraiser* **benefiting your local fire departments.**

This is an effort to help raise additional $$ for local fire departments as many are running on very tight budgets. All funds raised will go directly to the local fire department that services your community.

In addition, for each store that participates, you will be part of a random drawing for 1 of 5 additional $500 donations for local fire departments! Send in a photo of your display/participation to be entered.

In appreciation for the largest donation gathered, MillerCoors will also donate a case of Coors Banquet to each and every fire fighter at that cities department!

Here are execution details for this program:

- The fundraiser will run from August 1 – Sept 11th, 2019. At the end of the event (Sept 11th), please take the collected cash to your local fire department while contacting Paul Kaspszak with your results.
- Each participating Municipal store will raise funds in various ways (suggestions noted below)
- POS to help Support the event
    - Signage will be available from your Coors Distributor – please contact them and determine exactly what you need and what you want the POS to communicate
        - Banners for front of store
        - Posters for inside store and above Coors/Coors Light display
        - Donation cards (To start, it is suggested that you get 100 donation cards with scannable UPC for ease of collection)

Here are some successful ideas to help promote the event and raise the most funds:

- ✓ Donation cards – every person who donates signs a card and the cards are proudly displayed in store (behind register, around Coors display, entry way – this helps to increase awareness as well as thank those that donate)
- ✓ Contact your local Fire Chief to gain their participation and more suggestions.
  - Plan a day or 2 when fire trucks can be parked in-front of the store
  - Have station donate items to be raffled in silent auction (ie signed helmet or boots)
  - Have firefighters in your store for photos and help with donations
  - Is there a piece of equipment the fire department is in need of? Set a goal and help them achieve it!
- ✓ Run a silent auction in-store to raise $$ - items could be donated by fire station, city, local businesses, breweries, distributors, etc
- ✓ Hold a beer sampling and donate the sign up costs
- ✓ Donate a portion of Coors/Coors Light sales for the month of August. $.50/case being a suggestion.
- ✓ At the end of the program, tally your funds and ask your local Coors distributor to mock up a large check. This is a great photo opp for your store/local paper and it can be then posted in your store thanking the community for their efforts.

Your Coors distributor will be asking about your participation and how they can help. They will also be incentivized to build large creative displays with Coors and Coors Light cases to help with your efforts.

Any and all additional display/feature consideration for Coors and Coors Light is greatly appreciated!

Send in all your photos of your participation to
Email: kaspszak@outlook.com and CC : jon.chance@millercoors.com

If you want to bounce ideas off someone who ran this program successfully last year, reach out to Nancy Drumsta in Delano. She nearly raised $5000 in her 1st trial year! 5K goes a looong way with your local fire department.
Phone: 612-708-5400
Email: ndrumsta@delano.mn.us

If you have any issues contacting your local distributor, please contact Jon Chance

DEVELOPER'S AGREEMENT

DOLLAR GENERAL

THIS AGREEMENT is made this ___ day of _____, 2019 by and between the City of Isanti, a municipal corporation under the laws of Minnesota ("City"), and DGOGIsantimn09192018, LLC, a Missouri Limited Liability Company ("Developer").

RECITALS

A. Developer has purchased or is purchasing certain real estate including but not limited to that certain parcel consisting of approximately 1.38 acres, more or less, located in the City of Isanti, Minnesota, which is legally described on the attached Exhibit A ("Subject Property").

B. The Developer intends to construct a 9,100 square foot Dollar General Store ("Development") upon the Subject Property.

C. The City Council approved a final plat ("Final Plat") which contains the Subject Property, to be described as (proposed platted lot description as described on the final plat) for the Development by Resolution No. 2019-154, and the Site Plan for the Development by Resolution No. 2019-155, all adopted on June 4, 2019 (collectively, "City Approvals").

D. Developer agrees to comply with the requirements set forth by City Code, City Approvals and the Approved Plans, as herein defined and enumerated on the attached Exhibit C and Exhibit D, except as may be specifically authorized in this Agreement.

E. The City and the Developer now desire to enter into this Developer's Agreement ("Agreement") setting forth certain requirements and obligations relating to the development of the Subject Property and Final Plat including but not limited to the execution and recording of certain instruments. This Agreement is intended to replace and supersede all previous oral agreements, previous development and early start agreements and related amendments thereto, and previous negotiations between the parties in relation to the proposed improvement by Developer of the Subject Property.

F. City policy requires that the Developer perform certain infrastructure work and install certain on and off-site improvements within the Subject Property and/or within or upon public right of way and/or public drainage and utility easements, which work and improvements typically consist of street improvements, utilities, lighting, grading, boulevard landscaping, drainage swales, erosion control, street cleaning, landscaping, trails, and wetland buffer, including the specific improvements required as set forth in the Approved Plans (as described in Section 1.01), which improvements shall be referred to herein as the "Improvements."

AGREEMENT

ARTICLE ONE
CONSTRUCTION OF IMPROVEMENTS

1.01. Developer Installed Municipal Improvements. The Developer shall construct the following described municipal improvements for the development, which are hereinafter collectively called "Developer Installed Municipal Improvements" The Developer Installed Municipal Improvements shall be constructed at the Developers expense and in accordance with City requirements and specifications. The Developer shall engage at its own expense a registered professional civil engineer to prepare plans and specifications for the Developer Installed Municipal Improvements. These plans shall be submitted to the City for review and approved by the City Engineer. The Developer agrees to City inspection of all Developer Installed Municipal Improvements and payment for said inspection services.

a. The Developer shall construct and be responsible for the installation, at Developer's sole expense, of sanitary sewer and water mains and any other infrastructure improvements shown on Exhibits C and D servicing this project and for the extension of sanitary sewer and water mains to the parcel adjacent to and north of the Subject Property.

b. Upon approval of the City Engineer and acceptance by the City as provided in paragraph 1.05 below, all water main and sanitary sewer main improvements, sanitary sewer manhole(s) and water hydrant(s) and any other infrastructure improvements located within public street right of way and/or within public drainage and utility easements will be turned over to the City and will thereafter be deemed City owned improvements.

1.02. Staking, Surveying and Inspections. Developer must provide all required staking and surveying for the Improvements in order to ensure that the completed Improvements conform to the Approved Plans. The City will provide for construction inspection. Developer must notify the City Engineer or designee at least 48 hours in advance, not including weekend days or holidays, for inspection service or scheduling of tests to be performed. Costs incurred by the City for the inspection activities will be recovered through the escrow described in Article Two.

1.03. Unsatisfactory Labor or Material. In the event that the City Engineer rejects as defective or unsuitable any material, then such material must be removed and replaced with approved material at the sole cost and expense of the Developer. In the event that the City Engineer rejects as defective or unsuitable any labor supplied by the Developer, then the labor must be completed again to the specifications and with the approval of the City Engineer at the sole cost and expense of the Developer. The City Engineer shall not reject as defective or unsuitable material or labor delivered

consistent with the Approved Plans (or any amendment to the Approved Plans agreed to by the City and the Developer).

1.04. Records. Upon request by the City Engineer, Developer will provide requested copies of bids, change orders, suppliers, subcontractors, or related matters, relating to the Improvements.

1.05. Final Inspection/Acceptance. Upon completion of all work required by the City, the City Engineer and representatives of the Developer's contractor and/or engineer will promptly make a final inspection of the work to determine that the Developer Installed Municipal Improvements were installed pursuant to the Approved Plans. Before final payment is made to the contractor by the Developer, the City Engineer shall be satisfied that all work is satisfactorily completed in accordance with the Approved Plans, and the Developer's engineer shall submit a written statement attesting to the same. The final approval and acceptance of the development and Improvements shall be in writing from the City. The written approval and acceptance will also accept any Improvements which are to be transferred to the City upon proper completion.

1.06. As-built Plans. Upon completion of the Improvements, the Developer shall provide the City with: (i) a full set of as-built plans in a digital PDF format, and (ii) an as-built survey in a CADD format, for City records. Utility profiles are not required to be included in the as-built plans.

1.07. Maintenance of Public Property. Developer agrees to assume full financial responsibility for any damage which may occur to public property with the development of Subject Property, including, but not limited to, streets, street sub-base, base, bituminous surface, curb, utility system including, but not limited to water main, sanitary sewer or storm sewer when said damage occurs as a result of the activity which takes place during the development of the Subject Property by the Developer, its contractors or subcontractors or assigns. The Developer further agrees to pay all costs required to repair the streets or utility systems, or both, damaged or cluttered with debris when occurring as a direct or indirect result of the construction that takes place by said Developer, its contractors or subcontractors or assigns. In the event the Developer fails to maintain or repair the damaged public property referred to aforesaid, after first receiving 72 hours' written notice of the nature of the default or damage, the City may undertake making or causing it to be repaired or maintained. The City may draw down on the escrow, Letter of Credit or any other cash deposits made by Developer to pay such costs, if Developer fails to complete the repairs.

1.09. Maintenance of Improvements. Developer shall be responsible for all maintenance, upkeep and repair (including, but not limited to snow plowing, mowing, weed control, and grading) of the Improvements until such are completed and accepted by the City. Developer shall remain responsible for all maintenance and upkeep of Improvements that are not transferred to the City. Developer hereby agrees to indemnify and hold the City harmless from any and all claims for damages of any nature whatsoever arising out of Developer's acts or omissions in performing the obligations imposed upon Developer by this paragraph.

EASEMENT; RIGHT OF ENTRY

1.10. To the Developer. The City grants to the Developer a Temporary Construction Easement ("Easement") over, under and across the rights-of-way dedicated to the public in the RSBR Palomino Road Addition Final Plat for purpose of construction of the Improvements. The Easement will commence with the filing of the RSBR Palomino Road Final Plat with Isanti County, and shall terminate upon acceptance of the Improvements by the City.

1.11. To the City. The Developer grants to the City, its agents, representatives, employees, officers, and contractors, a right of entry to access all areas of the Subject Property to perform any and all work and inspections necessary or deemed appropriate by the City or to take any corrective actions deemed necessary by the City in conjunction with this Agreement. The right of entry conveyed by the Developer to the City shall continue until the City accepts the Improvements. The City will provide the Developer with reasonable notice prior to exercising its rights hereunder, except in the case of an emergency.

ARTICLE TWO
FINANCIAL GUARANTY AND REQUIRED PAYMENTS

2.01. Development Costs. All fees and costs as further set out in Exhibit B must be paid in full to the City prior to the delivery of the Final Plat to Developer for recording.

2.02. Escrow. The Developer shall submit an escrow for the Development as required by Exhibit B. This escrow is to apply toward the cost of legal fees, engineering fees, administrative expenses and other costs related to this development and the items listed on Exhibit B. All fees and costs incurred by the City in connection with this Agreement shall be charged against said escrow account which shall remain in effect until the completion of the development. Any funds remaining in the escrow account after the completion of the development shall be refunded to the Developer. In the event that the escrow account herein is depleted, Developer agrees to post additional sums of money to replenish the account to a maximum of $2,500 to cover projected City costs. Developer agrees that the escrow account shall always have a balance of no less than $1,000. Developer shall be entitled, upon request, to an itemized statement of all costs and fees charged against this escrow account. The City will notify the Developer in writing when additional escrow cash must be placed in the escrow account. Developer shall pay additional escrow as determined by the City within 10 days of written demand. Failure to make payment of the additional escrow amount will permit the City to supplement those amounts from the Security pursuant to Section 2.02 or to issue the Developer a stop work order.

ARTICLE THREE
OTHER REQUIREMENTS

3.01. Indemnification. Notwithstanding anything to the contrary in this Agreement, the City, its officials, agents and employees shall not be personally liable or responsible in any manner to the Developer, the Developer's contractor or subcontractor, material suppliers, laborers or to any other person or persons for any claim, demand, damages, actions or causes of action of any kind or character arising out of or by reason of the execution of this Agreement or the performance and completion of the work required by this Agreement to be performed by the Developer. The Developer will hold the

City, its officials, agents and employees harmless from all such claims, demands, damages, or causes of action and the costs, disbursements, and expenses of defending the same, including but not limited to, attorneys' fees, consulting engineering services, and other technical or professional assistance, including the work of City staff and employees, except for gross negligence or willful misconduct. The Developer further agrees that it will indemnify, defend, and hold harmless the City and its governing body members, officers, and employees, from any claims or actions arising out of the presence, if any, of hazardous wastes or pollutants on the Subject Property, except to the extent caused by the acts or omissions of the City. Nothing in this section will be construed to limit or affect any limitations on liability of the City under State or federal law, including without limitation Minnesota Statutes Sections 466.04 and 604.02.

3.02. Insurance. The Developer must keep the insurance in force at all times that construction on the development is in progress. The insurance must name the City as an additional insured. The Developer shall furnish proof of insurance acceptable to the City, covering any public liability or property damage by reason of the operation of the Developer's equipment, laborers, and hazard caused by the Improvements, and include at least the following:

a. Comprehensive general liability insurance (including operations, contingent liability, operations of subcontractors, competed operations and contractual liability insurance) together with an Owner's Contractor's Policy with limits against bodily injury, including death, and property damage (to include, but not be limited to damages caused by erosion or flooding) which may arise out of Developer's work or the work of any of its subcontractors. The exclusion for underground collapse shall be removed.

b. Limits for bodily injury or death shall not be less than $500,000.00 for one person and $1,500,000.00 for each occurrence; limits for property damage shall not be less than $2,000,000.00 for each occurrence.

c. Worker's compensation insurance, with statutory coverage, if applicable.

d. Developer shall file a Certificate of Insurance with the Community Development Director prior to commencing site grading. Developer shall be responsible for insuring that the Certificate bear the following wording.

"Should any of the above policies be canceled or terminated before the expiration date thereof, the issuing company shall give thirty (30) days written notice of cancellation or termination to the Certificate Holder."

3.03. Permitting. No permits for the Development shall be issued until the City and Developer execute this Agreement and all amounts due and securities required under this Agreement are paid to the City, and the Final Plat is recorded and a receipt of said recording is provided to the City. No occupancy shall occur until a Certificate of Occupancy is issued by the City Building Official.

3.04. Underground Utilities. The Developer shall contact the electric, telephone, gas and cable companies that are authorized to provide service to the Subject Property for the purpose of ascertaining whether any of those utility providers intend to install underground lines within the

development. Any costs associated with the installation of underground utilities required by the utility companies shall be solely borne by the Developer. The Developer agrees to comply with applicable requirements of franchise ordinances in effect in the City, copies of which are available from the City Clerk.

3.05. Street Cleaning. The Developer shall clean dirt and debris from streets that has resulted from construction work by the Developer, its contractors, subcontractors, agents or assigns. The City will inspect the Subject Property not less than on a weekly basis to determine whether it is necessary to take additional measures to clean dirt and debris from the streets. After 24 hours' verbal notice to the Developer, the City may complete or contract to complete the clean-up at the Developer's expense. The City may draw down on the escrow, letters of credit or any other cash deposit to pay such costs.

3.06. Construction Hours; Noise; Dust. Developer will comply with all requirements of the City pertaining to the hours and days during which construction activities may take place. Unless otherwise approved by the City, construction hours shall be 7:00 a.m. to 9:00 p.m. Monday through Friday and 8:00 a.m. to 8:00 p.m. on Saturday. The Developer shall provide dust control to the satisfaction of the City Engineer.

3.07. Lighting. The Developer shall be financially responsible for the cost of lighting for the Development as described on the Electrical Site Plan.

3.08. Erosion Control. Developer shall be responsible for compliance with an approved erosion control plan. The Developer will be given a telephone notice when an unsatisfactory condition exists that is determined to be a Developer's responsibility. Work to correct said unsatisfactory condition shall commence within 48 hours from the time of the telephone notice. If work is not commenced within 48 hours of said telephone notice, City will proceed to do the required work at the expense of the Developer. If it is determined that the unsatisfactory condition could result in degradation of downstream water quality, Developer shall, upon telephone notice, immediately proceed to correct said unsatisfactory condition. If Developer does not, within the stated time period, respond to said unsatisfactory condition, City has the right to enter upon the property and correct said condition. City shall be entitled to all of its costs and expenses including, but not limited to legal, fiscal and engineering. City may draw on Developer's financial escrow and Security.

3.09. Other Approvals. In addition to the City Approvals, other governmental agencies have reviewed and approved components of the Plans, if required. It is the responsibility of the Developer to ensure that all permits from appropriate governmental agencies are received prior to beginning construction of any Improvements.

3.10. Final Plat. The Developer shall record the Final Plat RSBR Palomino Road Addition in the land records office for Isanti County, Minnesota within 30 days of its release by the City to the Developer.

3.11. Miscellaneous Obligations. Developer shall comply with the terms and conditions set forth in the following resolutions pertaining to the Development: Resolution No. 2019-154 (Final Plat), Resolution No. 2019-155 (Site Plan), all adopted by the City Council on October June 4, 2019.

ARTICLE FOUR
DEFAULT AND REMEDIES

4.01. Default by Developer. In the event of default by the Developer as to any of the work to be completed by the Developer, its successors or assigns, the City may, at its option perform the work and the Developer shall promptly reimburse the City for any expense incurred by the City, provided the Developer is first given notice of the work in default, not less than 72 hours in advance and does not, within that 72 hour period, diligently proceed to remedy such default. In the event of such unremedied default, the City is granted the right to declare any sums provided by this Agreement due and payable in full, and the City may immediately bring legal action against the Developer to collect the sums covered by this Agreement and/or draw upon the financial guaranty posted in conformance with paragraphs 2.02 of this Agreement. In the event the City draws from the Security sums that exceed the costs or damage to the City, the City will return such excess amounts. In addition to its other remedies provided herein, the City may levy the cost in whole or in part as a special assessment against the Subject Property. Developer waives its rights to notice of hearing and hearing on such assessments and its right to appeal such assessments pursuant to Minnesota Statutes, Section 429.081.

4.02. Complete Improvements-Right of Entry. In addition to the City's other remedies under this Agreement, if the Developer's breach involves failure to complete the Improvements, the City is hereby authorized, at its option to enter on to all portions of the Subject Property it deems necessary to complete the installation of any or all of the Improvements to which the default relates.

4.03. Denial of Permits. Breach of any term of this Agreement by the Developer or failure to comply with City ordinances shall be grounds for denial of building or occupancy permits for buildings within the Final Plat until such breach is corrected by the Developer.

4.04. Rights Cumulative. No remedy conferred in this Agreement is intended to be exclusive and each shall be cumulative and shall be in addition to every other remedy. The election of any one or more remedies shall not constitute a waiver of any other remedy.

4.05. Attorney Fees. The Developer will pay the City's costs and expenses, including attorneys' fees, in the event a suit or action is brought to enforce the terms of this Agreement or in the event an action is brought upon a bond or letter of credit furnished by the Developer as provided herein.

ARTICLE FIVE
MISCELLANEOUS PROVISIONS

5.01. Amendment. Any amendment to this Agreement must be in writing and signed by both parties.

5.02. Assignment. The Developer may not transfer or assign any of its obligations under this Agreement without the prior written consent of the City, which shall not be unreasonably withheld.

5.03. Agreement to Run with Land. The Developer agrees to record this Agreement among the land records of Isanti County, Minnesota contemporaneously with recording the Final Plat of RSBS Palomino Road Addition. The provisions of this Agreement shall run with the land and be binding upon the Developer and its successors in interest. Notwithstanding the foregoing, no conveyance of the Subject Property or any part thereof shall relieve the Developer of its personal liability for full performance of this Agreement unless the City expressly so releases the Developer in writing.

5.04. Release. Upon completion and approval of all work required herein, including completion of the Improvements and acceptance of the Improvements to be transferred to the City, and satisfaction of all of the Developer's obligations under this Agreement, the City agrees to execute a recordable instrument releasing the Property from the terms of this Agreement.

5.05. Severability. The provisions of this Agreement are severable, and in the event that any provision of this Agreement is found invalid, the remaining provisions shall remain in full force and effect.

5.06. Notices. All notices, certificates or other communications required to be given to City, Developer or Developer hereunder shall be sufficiently given and shall be deemed given when delivered or when deposited in the United States mail, first class, with postage fully prepaid and addressed as follows:

CITY:
City of Isanti
110 -1st Ave NW
PO Box 428
Isanti, MN 55040
Telephone: (763) 444-5512
Attn: Sheila Sellman, Community Development Director

DEVELOPER:
DGOGIsantimn09192018 LLC
1598 Imperial Center, suite 2001
West Plains, MO 65775

The City and Developer, by notice given hereunder, may designate different addresses to which subsequent notice, certificate or other communications should be sent.

5.07. No Third Party Beneficiary. This Agreement and any financial guarantees required pursuant to its terms are not intended for the benefit of any third party.

5.08. Consent. The Developer represents and warrants that there are no other persons or entities with interests in the Property.

5.09. Applicable Law. This Agreement shall be governed by and construed in accordance with the laws of the State of Minnesota. The Developer agrees to comply with all laws, ordinances, and regulations of Minnesota and the City that are applicable to the Subject Property.

5.10. Counterparts. This Agreement may be executed simultaneously in any number of counterparts, each of which shall be an original and shall constitute one and the same Agreement.

5.11. Non-waiver. Each right, power or remedy conferred upon the City or the Developer by this Agreement is cumulative and in addition to every other right, power or remedy, express or implied, now or hereafter arising, or available to the City or the Developer at law or in equity, or under any other agreement. Each and every right, power and remedy set forth in this Agreement or otherwise so existing may be exercised from time to time as often and in such order as may be deemed expedient by the City or the Developer and shall not be a waiver of the right to exercise at any time thereafter any other right, power or remedy. If either party waives in writing any default or nonperformance by the other party, such waiver shall be deemed to apply only to such event and shall not waive any other prior or subsequent default.

5.12 Supersedes and Replaces. The parties understand and agreed that this Agreement supersedes and replaces all oral agreements, previous development agreements, and negotiations between the parties in relation thereto.

[Balance of this page intentionally left blank]

IN WITNESS OF THE ABOVE, the duly authorized representatives of the parties have caused this Agreement to be executed in duplicate on the date and year written above.

SITE PLAN GENERAL NOTES:

1. STANDARD PARKING SPACES SHALL HAVE MINIMUM SIZE OF 9'x 20' UNLESS LOCAL JURISDICTION REQUIRE LARGER SPACES. PARKING SPACE STRIPING SHALL BE STANDARD 90 DEGREE STYLE. MINIMUM SIZE OF H.C. PARKING SPACES AND ACCESS AISLE ARE SHOWN ON DETAILS.
2. PAINTED STANDARD PARKING SPACE AND ISLAND STRIPE COLOR SHALL BE YELLOW FOR ASPHALT PAVEMENT AND CONCRETE PAVEMENT. COLOR FOR PAINTED H.C. ACCESSIBLE PARKING SPACE STRIPES, ACCESS AISLE OR ISLAND STRIPES, H.C. SYMBOLS, SHALL BE PAINTED PER THE REQUIREMENTS OF THE AUTHORITY HAVING JURISDICTION. BOLLARDS SHALL BE PAINTED YELLOW. PAINT SHALL BE REFLECTIVE TYPE.
3. PAINTED FIRE LANE STRIPING OR PAINTED CURBS SHALL BE PROVIDED AS REQUIRED BY JURISDICTIONAL REQUIREMENTS.
4. CONCRETE PARKING STOPS SHALL BE USED AT PARKING SPACES ALONG THE OUTER PERIMETER OF PARKING LOT WHEN CONCRETE CURBS ARE NOT USED.
5. CONCRETE PARKING STOPS SHALL NOT BE USED AT THE FRONT OF THE BUILDING OR ALONG THE PERIMETER (ADJACENT) TO THE BUILDING.
6. THE SIDEWALK AT THE FRONT OF THE BUILDING SHALL BE A MINIMUM OF 9-FEET WIDE. THE SIDEWALK SHALL INCLUDE A 10-FOOT MINIMUM WIDE ADA ACCESSIBLE RAMP CLOSE TO THE STORE MAIN ENTRANCE. SIDEWALKS ALONG OTHER SIDES OF BUILDING SHALL BE MINIMUM 3'-6" WIDE. SIDEWALKS ADJACENT TO BUILDING SLABS SHALL HAVE SEALED ISOLATION JOINTS AND SHALL BE 6" HIGH ABOVE EXTERIOR OR PAVEMENT FINISH GRADES. ALL EXTERIOR SIDEWALKS SHALL HAVE A BROOM FINISH.
7. PORTLAND CEMENT SIDEWALKS SHALL BE MINIMUM 4" THICK WITH WELDED WIRE FABRIC REINFORCING.
8. SIDEWALKS ADJOINING THE BUILDING MUST HAVE A 6" HIGH INTEGRAL CURB.
9. SLOPE CONCRETE SIDEWALKS AWAY FROM BUILDING AT A MINIMUM SLOPE OF 1/8" PER FOOT, INCLUDING RECESSED ENTRY.
10. THE ACTUAL LOCATION FOR THE PYLON SIGN SHALL BE SITUATED FOR OPTIMUM VISIBILITY ALONG THE MAIN FRONT TRAFFIC CORRIDOR.
11. BUILDING CORNERS ADJACENT TO PAVED AREAS SHALL BE BOLLARD PROTECTED. ABOVE GROUND UTILITY APPURTENANCES, SUCH AS METERS, TRANSFORMERS, FIRE HYDRANTS IN PAVED AREAS, ETC. SHALL BE BOLLARD PROTECTED.
12. DOWNSPOUTS SHALL NOT BE ALLOWED TO DISCHARGE ON CONCRETE SIDEWALKS. ROUTE DOWNSPOUTS UNDER SIDEWALKS AT ALL SIDEWALK LOCATIONS.
13. ALL DOWNSPOUTS DISCHARGING ONTO NON PAVED AREAS ARE TO HAVE A MINIMUM FIVE FOOT PERFORATED LANDSCAPE PIPE STRAPPED TO A MINIMUM 12 INCH X 24 INCH CONCRETE SPLASH BLOCK.
14. FINISH FLOOR TO BE A MINIMUM OF 12 INCHES ABOVE 100 YEAR FLOOD PLAIN.
15. FINISHED GRADE AT EXTERIOR WALLS SHALL BE A MINIMUM OF 6" BELOW FINISHED FLOOR AT ALL NON-PAVED AREAS.

SEWER PROFILE

1"=20' HORIZ., 1"=4' VERT.

GENERAL NOTES

1. CONSTRUCTION SHALL CONFORM TO THE LATEST APPLICABLE DESIGN AND CONSTRUCTION STANDARDS OF THE CITY OF ISANTI, AND THE STATE OF MINNESOTA POLLUTION CONTROL AGENCY, WHICHEVER TAKES PRECEDENCE.
2. THE CONTRACTOR SHALL BE RESPONSIBLE TO FIELD VERIFY THE LOCATION AND DEPTHS OF ALL EXISTING UTILITIES, BOTH UNDERGROUND AND OVERHEAD, AND SHALL BE RESPONSIBLE TO RECTIFY ANY DAMAGES TO SAID UTILITIES DUE TO HIS OPERATIONS.
3. THE CONTRACTOR SHALL BE RESPONSIBLE TO NOTIFY THE ENGINEER OF ANY DISCREPANCIES OR OBSTRUCTIONS OCCURRING WITH EXISTING UTILITIES.
4. IN ACCORDANCE WITH GENERALLY ACCEPTED CONSTRUCTION PRACTICES, THE CONTRACTOR WILL BE SOLELY AND COMPLETELY RESPONSIBLE FOR CONDITIONS OF THE JOB SITE, INCLUDING SAFETY OF ALL PERSONS AND PROPERTY DURING PERFORMANCE OF THE WORK. THIS REQUIREMENT WILL APPLY CONTINUOUSLY, AND NOT BE LIMITED TO NORMAL WORKING HOURS.
5. THE DUTY OF THE ENGINEER OR OWNER TO CONDUCT CONSTRUCTION REVIEW OF THE CONTRACTOR'S PERFORMANCE IS NOT INTENDED TO INCLUDE REVIEW OF THE ADEQUACY OF THE CONTRACTOR'S SAFETY MEASURES, IN OR NEAR THE CONSTRUCTION SITE.
6. ALL AREAS DISTURBED BY CONSTRUCTION, AND NOT INDICATED TO RECEIVE ANY OTHER FORM OF SURFACE TREATMENT SHALL BE DRESSED AND SEEDED TO LAWN CONDITIONS.
7. ALL ABANDONED SANITARY SEWER AND WATER LINES SHALL BE CAPPED IN ACCORDANCE WITH MICHIGAN DEPARTMENT OF ENVIRONMENTAL QUALITY REGULATIONS.

1. MAINTAIN 18" MIN. VERTICAL CLEARANCE BETWEEN WATER AND SEWER CROSSINGS AND 10' MIN. HORIZONTAL SEPARATION.
2. ALL SEWER MAINS SHALL BE 8" SDR35 PVC PIPE.
3. ALL WATER MAINS SHALL BE 6" CLASS 200, C900 PVC PIPE WITH DUCTILE IRON MECHANICAL JOINT FITTINGS.
4. ALL WATER MAINS SHALL HAVE MINIMUM 60" COVER.

I hereby certify that this plan, specification, or report was prepared by me or under my direct supervision and that I am a duly licensed Professional Engineer under the laws of the State of Minnesota.

MEMORANDUM

Date: July 30, 2019

To: Sheila Sellman, Community Development Director

From: Jason W. Cook, P.E.
City Engineer

Subject: Heritage Estates – Developer Requested Letter of Credit Reduction
City of Isanti, MN
Project No.: R13.118416

Level Contracting, LLC, the developer of Heritage Estates, has requested a reduction of $91,511.60 to the Letter of Credit for the Heritage Estates development.

They have paid C.W. Houle, Inc $91,511.60 for work completed since the previous letter of credit reduction, including the installation of all sewer and water services and mains planned for this development.

The work has been found to be in compliance with City standards and all tests have passed to date.

We recommend approving the reduction of the Letter of Credit in the amount of $91,511.60 as requested.

The remaining balance of the Letter of Credit is anticipated to be sufficient to complete the project as proposed while covering all incurred overhead costs including testing, inspection, and contract administration.

Attached is the request for the reduction as well and the invoice paid and the lien waiver from C.W. Houle, Inc for work completed to date.

Please contact me if you have any questions.

RE: Heritage Estates Subdivision
Request for Reduction of Financial Guarantee

Dear Sheila:

Given the completion of certain improvements in the Heritage Estates Subdivision, at this time I am requesting a reduction in the amount of the Financial Guarantee that was provided to the City of Isanti in connection with this development. The reduction requested is $91,511.60.

I have attached the amount paid and the applicable lien waiver from C.W. Houle, Inc. for the amount requested and paid.

I would like to request that the City process this request as soon as possible. The reduction in the deposit being held by the City should be released according to the terms outlined in the Deposit Agreement for Heritage Estates.

If you have any questions or need any further information, please don't hesitate to contact me. Thank you for your assistance in processing this request.

RESOLUTION 2019-XXX

A RESOLUTION AUTHORIZING ENGINEERING STUDY AND REPORT FOR INTERSECTION OF CSAH 5 AND EAST DUAL BOULEVARD

WHEREAS, the City of Isanti and Isanti County have a shared interest in maintaining safety on roadways and intersections through the City of Isanti; and,

WHEREAS, there have been concerns regarding pedestrian and vehicle safety at the intersection of CSAH 5 and East Dual Boulevard; and,

WHEREAS, Isanti County Highway Department procured a quote from WSB engineering firm to submit a proposal to complete an Intersection Control Evaluation (ICE) study and report for the intersection of CSAH 5 and East Dual Boulevard (Exhibit A); and,

WHEREAS, the total cost for the ICE report is, not to exceed, $27,148.00; and,

WHEREAS, Isanti County has asked the City to fund one-third (1/3) of the ICE report; and,

WHEREAS, the City's portion of the ICE report would not exceed $9,050.00 with funding identified within Streets - Engineering;

NOW, THEREFORE, IT IS HEREBY RESOLVED by the City Council of the City of Isanti, Minnesota as follows:

1. To hereby accept the proposal by WSB to provide an Intersection Control Evaluation study and report for the intersection of CSAH 5 and East Dual Boulevard as referenced as 'Exhibit A'.
2. The City of Isanti will pay one-third of the cost of such ICE report in the amount, not to exceed, $9,050.00 to either WSB or Isanti County.
3. The City Administrator is allowed to sign any necessary documentation.
4. This Resolution is contingent upon approval of such agreement by Isanti County Board of Commissioners to fund two-thirds of the ICE report.

This Resolution is hereby approved by the Isanti City Council this 7th day of August, 2019.

Re: Proposal to Provide ICE Report for the Intersection of CSAH 5 and East Dual Boulevard

Dear Mr. Heilman:

WSB is pleased to submit this proposal to complete an Intersection Control Evaluation study and report for the intersection of CSAH 5 and East Dual Boulevard. We understand that the intersection has seen capacity and safety issues since a new Kwik Trip opened in the northeast quadrant of the intersection.

CSAH 5 is currently a 4 lane, undivided roadway at this location with no turn lanes. In addition, the north and south streets of East Dual Boulevard and Credit Union Drive, form an offset intersection further complicating the operations of the area.

We feel we are well-suited to assist Isanti County and the City of Isanti with analyzing and recommending an appropriate solution for the intersection, and potentially the corridor. We have provided our expertise to solve many issues in similar situations.

Below is a summary of our proposed scope.

CONSULTANT SERVICES

Task 1 – Project Management

- Project Communication/Administration: WSB will provide weekly project updates. The updates will provide information on the status of the project including; budget, schedule and results of analysis.
- PMT Meetings: WSB will schedule and lead up to 3 project meetings with County and City staff. WSB will prepare the agenda and distribute the meeting minutes.

Task 2 – Traffic Counts and Summary

- WSB will plan to perform 13-hour traffic, turning movement counts at the intersections of CSAH 5/East Dual Boulevard and CSAH 5/Credit Union Drive NE. WSB will set up cameras and analyze the movements. A peak hour (AM and PM) turning movement summary will be created and utilized in the analysis.

Task 3 – Geometric Design

- Intersection Alternatives: WSB will develop up to three alternatives for the intersections of CSAH 5 and Dual Boulevard, this may also include realigning

701 XENIA AVENUE S | SUITE 300 | MINNEAPOLIS, MN | 55416 | 763.541.4800 | WSBENG.COM

Credit Union Drive. WSB will analyze a signal (with turn lanes), a roundabout and another potential hybrid option.

- Corridor Geometric Design: WSB will develop a corridor alternative from the railroad to TH 65. This may include reduction of lanes and/or development of a three-lane section.
- Cost Estimate: WSB will prepare cost estimates for each option. The cost estimate will include all assumptions and unit prices for easy comparisons.

Task 4 – Traffic Analysis and ICE Report

- Intersection Analysis: WSB will model the intersection options, in addition to the no-build option for the current and 20 year projection. This data will be used to aid in the intersection recommendation and the ICE report.
- Intersection Control Evaluation (ICE): WSB will complete an ICE report for the intersection of CSAH 5 and East Dual Boulevard. WSB will provide a draft and final version to County and City staff for review.

SCHEDULE

Depending on approval, WSB is prepared to begin the traffic counts and analysis as soon as possible. It is anticipated the deliverables can be completed by the end of ~~August~~ Sept., 2019.

PROPOSED FEE

WSB proposes to complete this project for a cost not to exceed **$27,148**.

The attached detailed scope of work and associated fees are for your review on the next page.

If you have any questions about this proposal, please feel free to call me at 763-287-7149.

A RESOLUTION AMENDING THE FUND BALANCE POLICY

WHEREAS, the City of Isanti understands it has a responsibility to maintain prudent financial operations to ensure stability of City operations for the benefit of City residents and businesses; and,

WHEREAS, the City of Isanti is required to have a fund balance policy effective for the fiscal year ending December 31, 2011 to comply with GASB 54; and,

WHEREAS, Committee of the Whole recommended on July 16, 2019 to amend the Fund Balance Policy allowing the City to have a plan of action to bring the fund balance back to 50% without the restriction of doing so in two years;

NOW, THEREFORE BE IT RESOLVED BY THE CITY COUNCIL of the City of Isanti, Minnesota, hereby approves the Fund Balance Policy attached as 'Exhibit A'.

This Resolution is hereby approved by the Isanti City Council this 7th day of August, 2019.

CITY OF ISANTI
GOVERNMENTAL FUNDS
FUND BALANCE POLICY

The City understands it has a responsibility to maintain prudent financial operations to ensure stability of City operations for the benefit of City residents and businesses. Fund balance reserves are an important component in ensuring the overall financial health of a community, by giving the City cushion to meet contingency or cash-flow timing needs. The Office of the State Auditor recommends that local governments determine and establish in their fund balance policy a desired minimum level of unrestricted fund balance to maintain in their General fund and other significant funds. The Office of the State Auditor continues to recommend that local governments maintain an unrestricted fund balance in their General fund and special revenue funds of approximately 35 to 50 percent of fund operating revenues or no less than five months of operating expenditures. While bond rating agencies have not recommended fund balance levels, the agencies look favorably on larger fund balances, which protect against contingencies and cash flow needs.

At December 31 of each year the General fund unassigned fund balance shall be 50% of the following year's budgeted expenditures and transfers out. Any excess fund balance in the General fund will be utilized to reduce property taxes for the next budget cycle. If a shortage exists, Council will need to determine a plan of action to restore the fund balance ~~within two years~~.

GASB 54 is effective for fiscal years beginning after June 15, 2010. For the City of Isanti GASB 54 is effective for the fiscal year ended 2011. The objective of GASB 54 is "to enhance the usefulness of fund balance information providing clearer fund balance classifications that can be more consistently applied and by clarifying the existing governmental fund type definitions." GASB 54 "establishes fund balance classifications that comprise a hierarchy based primarily on the extent to which a government is bound to observe constraints imposed upon the use of the resources reported in governmental funds."

Before GASB 54 fund balances in governmental funds were reported as restricted, unreserved-designated, and unreserved-unrestricted. Under GASB 54 fund balances in governmental funds will be reported as nonspendable, restricted, committed, assigned, and unassigned.

The definitions of the new fund balance classifications are as follows:

Nonspendable fund balance includes amounts that cannot be spent because they are either (a) not in spendable form or (b) legally or contractually required to be maintained intact. Examples include inventories, prepaid amounts, and corpus or principal of a permanent fund. Long-term loans and notes receivables and property held for resale could be classified as nonspendable unless the proceeds are restricted, committed, or assigned.

Restricted fund balance should be reported when constraints placed on the resources are either (a) externally imposed by creditors, grantors, contributors, or laws or regulations of other governments; or (b) imposed by law through constitutional provisions or enabling legislation. This is the same definition used by GASB 34 for restricted net assets. Examples include unspent bond proceeds, grants earned but unspent, debt covenants, revenues restricted by state statute or enabling legislation, or taxes dedicated to a specific purpose.

Committed fund balance includes amounts that can only be used for specific purposes pursuant to constraints imposed by formal action by City Council. Committed fund balances cannot be reversed or changed without City Council action. Committed fund balance should incorporate contractual obligations to the extent that existing resources in the fund have been specifically committed for use in satisfying those contractual requirements. Council action to constrain resources must be approved prior to year-end. However, the amount may be determined in a subsequent period.

Assigned fund balance includes (a) all remaining amounts (except for negative amounts) that are reported in governmental funds except for the General fund that are not classified as nonspendable and are neither restricted or committed and (b) amounts in the General fund that are intended to be used for a specific purpose. For the General fund, the Finance Committee may have authority to assign amounts. An assignment of existing fund balance to eliminate a projected budgetary deficit in the subsequent year's budget in an amount no greater than the projected excess of expected expenditures over expected revenues satisfies the criteria to be classified as an assignment of fund balance.

Unassigned fund balance is the residual classification for the General fund. Unassigned fund balance represents fund balance that is not restricted, committed, or assigned to specific purposes within the General fund. The General fund is the only fund that may report a positive unassigned fund balance. A negative unassigned fund balance may be reported in a governmental fund excluding the General fund only when the expenditures incurred for a specific purpose might exceed the amounts in the fund that are restricted, committed and assigned to that purpose and a negative residual balance for that purpose may result. If that occurs, amounts assigned to other purposes in that fund should be reduced to eliminate the deficit. If the remaining deficit eliminates all other assigned amounts in the fund, or if there are no amounts assigned to other purposes, the negative residual amount shall be classified as unassigned fund balance. In the General fund, a similar negative amount would have been eliminated by reducing committed fund balance first followed by assigned fund balance and then unassigned fund balance. A negative residual amount should not be reported for restricted, committed, or assigned fund balances in any fund.

The order of use of fund balance is restricted, committed, assigned and then unassigned.

The Office of the State Auditor also recommends that local governments consider establishing a stabilization arrangement for emergency situations. To set aside funds as restricted or committed the allowable uses must be specifically defined and the situation cannot be expected to occur routinely. At this time the City of Isanti does not wish to report stabilization arrangements as restricted or committed. As such, any stabilization arrangements will be reported as unassigned.

MEETING MINUTES
July 23, 2019
City Council Chambers

1. Meeting Opening.

A. Call to Order.
Zdon called the meeting to order at 6:10 p.m.

B. Pledge of Allegiance.
Everyone stood for the Pledge of Allegiance.

C. Roll Call.
Members Present: James Witte, Aaron Zdon, and Mayor Johnson
Staff Present: Jennifer Garvey, Parks, Recreation, and Culture Manager

D. Agenda Modifications.
Zdon asked if there were any agenda modifications, there were none. Motion by Johnson, second by Witte to approve the agenda for the July 23, 2019 Parks, Recreation, and Culture Board Meeting.

2. Approval of Minutes from May 28, 2019 Parks, Recreation, and Culture Board Meeting

Motion by Witte second by Johnson. Minutes were unanimously approved.

3. Community Event Discussion

Steve Lundeen – 1110 Ironwood Ave Sw – brought to the board ideas he would like to see be explored more by the board. A community light show, similar to Bentleyville for the community to enjoy and to assist with sponsoring and volunteering at. Mayor Johnson had first presented idea in 2017 or 2018 to the board. Mayor Johnson has information he gathered at that time for this event. The board agreed to continue to move forward with looking more into this type of event to be held here in Isanti with the intention to make sure we have strong sponsors/volunteers to start to plan for a future event. Lundeen then mentioned an egg hunt, it was brought up that Rum River BMX has had this type of event the past couple of years and so the city could reach out and co-sponsor/partner with the existing event. Belt buckle/medallion hunt to go along with the Rodeo/Jubilee Days celebration and the board decided to continue to look into this event.

4. Preview the Parks, Recreation and Culture Comp Plan

Garvey explained that the comp plan had not been reviewed by this board since 2011 and is bringing it tonight to have the board provide staff direction if they would like to set up a sub-committee to review this packet. The board discussed that they would each review the plan on their own over the next month and bring it back to the August meeting with their insights/updates/etc.

5. Parks Update

Garvey shared that in April of 2019, the board approved the new paint project that will start on Monday July 29. The large playground and swing area will re-painted and the entire playground area will be closed for 2 weeks, weather depending. The Passport to Parks scavenger hunt kickoff event was on Thursday June 20 at Bluebird Park and the hunt will continue, in which citizens can explore our parks and is open through Friday August 9. A Grand Prize drawing will take place at 7:00 pm at the beginning of the Street Dance on August 17. Passports are available for download from the City's website or can be picked up at City Hall. Garvey continued that our second street dance of the summer was Saturday July 20 featuring Audio Circus, and the final dance will be on August 17 featuring Good for Gary, as the ending to our Celebrate Isanti event. The attendance for the June dance was slightly higher than the July date. June we had a couple of moments of rain, but for July the weather was a wonderful event. The Dog Park Grand Opening and ribbon cutting

ceremony was on Wednesday June 12 at 11am. We had about 30 people in attendance and 12 dogs. Staff conducted a drawing for a few prizes and the guests of honor seemed to enjoy meeting new friends and running around without a leash on. Legacy Park, the developer has granted a temporary access point from the new street and staff has placed signs at this point and mowed a path to the entrance of the park. The access point will have to have be moved again as the one we created now has stakes in it so this access point will need to be adjusted. The developer has provided plans to expand the project this fall and go back as far as the true park entrance and parking lot. If the process continues and gets approval, the parking lot for Legacy could be paved and ready by winter. Curious Creatures is a monthly program geared toward 2-5 years old, that switches park locations and has a new theme each month. This is free for residents and $3.00 for non-residents for June 11 we had 15 kids in attendance at River Bluff Preserve for Terrific Turtles and July 9 we had 7 kids in attendance at Bluebird Park for Incredible Insects. Celebrate Isanti is our city celebration day. The day starts off with the bike/run/walk at 8:30 and 8:45, the then continues with the Kids festival, community organization/business vendor showcase from9am-1pm, the car show from 10a-3pm along Main street and then finishes up with the last street dance at 7pm with Good for Gary and also at 7pm the grand prize drawing for the scavenger hunt. Volunteers are needed throughout the day to assist with the race, and kids festival.

6. Adjournment

Memo for Council Action

To: **Mayor Johnson and Members of the City Council**
From: Josi Wood, City Administrator
Date: August 7, 2019
Subject: Resolution Approving the Temporary Placement of USPS Cluster Mailboxes at Eagle Park

---

The Isanti Post Office Post Master, Melissa Squier, informed Staff that the Isanti Post Office needs to close temporarily. They are looking for a place on City property to place up to 18 USPS Cluster Mailboxes to avoid current PO Box holders (286 customers) from driving to North Branch to pick up their mail.

Eagle Park has adequate space to hold such boxes as pictured below. Staff would temporarily remove the parking stall lines on the East side of the park/green space to allow for adequate space and safety for driving.

The USPS Isanti Post Office would be responsible for the installation, any repair, to boxes or grounds, maintenance and removal of the temporary cluster boxes.

Approximatley 3' wide and 5' tall

Nicole Spray of 301 Shawn Street Road spoke at the Public Hearing. Stated her backyard is private and would like to keep it that way and requests that Dollar General put up a fence.

Chair Johnson closed the Public Hearing. Kernosky gave the staff report and stated this action is for the subdivision and not the site plan.

Motion by Collinson, seconded by Gordon to approve the minor subdivision with conditions. Motion was approved 7-0.

4.Other Business.

A. Continuation of consideration of a Request from Dollar General, Inc. for approval of a Site Plan Review per Ordinance 445, Section 18, Subd. 2(A) for construction of a Dollar General store at 340 Palomino Road SE, PID 16.029.0900.

Motion by Bergely to un-table this item seconded by Collison, motion passed 7-0. Kernosky gave the staff report. Explained that the City can't regulate the type of business, the proposed use is permitted. The proposal is in compliance with the Zoning Code.

Bryan Boss, BJ Boss Builders represented the applicant, he is the contractor. The Commission asked him to address the issues raised by the neighbors. He stated they will follow city code and be able to meet the conditions. Commissioner Johnson wants the development to provide screening to the residents. Commissioner Lundeen was concerned about screening and possible accidents with too much plantings.

Motion by Lundeen, 2nd by Simon to approve the site plan with the conditions outlined and an additional condition that a berm and a 6-foot-tall fence along the west property line, and landscape plan that broke up the north side of the building.

5. Discussion Items

A. Moratorium on Self-Storage Facilities in the B-2 Commercial Business

Lorsung presented the staff memo and explained that the City has been approved by a few developers looking to do self-storage facilities that would not require and utilities, and they are looking at property in the Business Districts that do have full utilities available. Self-Storage is not the highest and best use for fully developed properties. The B-2 District allows storage facilities by a Conditional Use Permit. Staff recommended either removing the use all together or to issue a moratorium.

Motion by Lundeen, Seconded by Bergley to removing self-storage facilities from the B-2 district. Motion passed 7-0.

B. Comprehensive Plan Update – Lorsung presented the staff memo on the proposed project timeframe for the Update. Presentations of draft Plan Chapters would begin in May, 2019, with the Public Hearing on the Updated Comprehensive Plan scheduled for March, 2020. Staff will proceed with the project timeline as presented and to post on the City's webpage.

6. Adjournment

Motion by Lundeen second by Bergley to adjourn the May 21, 2019 meeting of the Planning Commission. Motion was approved 7-0.

The meeting adjourned at 9:12 p.m.

Respectfully submitted,

CITY OF ISANTI
PARKS, RECREATION, AND CULTURE BOARD
MEETING MINUTES
May 28, 2019
City Council Chambers

1. Meeting Opening.

A. Call to Order.

B. Pledge of Allegiance
Everyone stood for the Pledge of Allegiance

C. Roll Call
Members Present: James Witte, Aaron Zdon, and Mayor Johnson
Staff Present: Jenny Garvey, Parks, Recreation and Culture Manager,

D. Agenda Modifications
Zdon asked if there were any agenda modifications, no modifications, Motion by Witte, seconded by Mayor Johnson; all in favor; the motion passed.

2. Approval of Minutes from April 23, 2019, Parks, Recreation, and Culture Board Meeting
Motion by Witte and second by Mayor Johnson; all in favor. Minutes were unanimously approved.

3. Unity Park Proposal
Garvey reported that Unity Park had previous approval of adding trees to the parking lot edge along the ballfield to assist with cars not parking on the grass. Garvey asked the board to re-examine that option and shared a new option that staff found that would entail less maintenance and upkeep that the tree option would. Garvey proposed to the board the rock edge option and provided a picture of the idea, Garvey stated that planting young trees could be damaged and pruning would be an item that would be necessary for years to come. The rock edge option fits within the budget. Zdon, Witte and Mayor Johnson agreed that this was a nice option and less maintenance was needed. Johnson motioned that we amend the proposal to install trees at Unity park and change the proposal to install the rock/boulder edge along the parking lot, second by Witte; the motion passed.

4. Park Visit Summary
Garvey reviewed the list compiled of what projects and maintenance items were from the tours the board members took and reported at the April 23 meeting. .

5. Painting Plow Blades

Garvey reported that four local schools took place in this project and noted that within the packet are two pictures of ones that are being worked on and that the blades will be picked up in the next couple of weeks and the finished blades will be on display at Celebrate Isanti Day, August 17th.

6. Parks Update

Garvey reviewed that the Farmers Market will be Fridays May 31 –Sept 21 2-6pm and that PW was able to get the curb cut for easier access for vendors. Garvey also reviewed that the Passports to parks event will be back this summer with a kick off event June 20th at Bluebird park. Garvey further reviewed that the street dances will be June 22 – Hitchville, July 20 – Audio Circus and Aug 17 – Good for Gary and vendors are already signing up and our Platinum sponsors this year are Kwik Trip and Dahlheimer Distributing. Garvey also mentioned that the Community Gardens are full and opened on May 11 and staff is working on adding a few more plots as interest is there. The dog park is open and the grand opening will be held Wed June 12 at 11am, the bench is in the park and signs will be going up. Johnson asked if another bench was going to be added and Zdon also questioned this and said he has heard from the public if another one was going to be added. Garvey stated she had thought somewhere it was in her information that one was going to be donated, but she would look into it and see and then as budget allows to also add other amenities to the park. Garvey finished with that Bluebird park will be getting a new paint job on the larger playground equipment and this is anticipated to be closed from July 29-Aug 9.

7. Adjournment

Motion by Witte, second by Mayor Johnson to adjourn the April 23, 2019 meeting of the Parks, Recreation and Culture Board. Motion was approved.

The meeting adjourned at 6:21 PM

Request for City Council Action

To: **Mayor Johnson and Members of City Council**
From: Sheila Sellman, Community Development Director
Date: **August 7, 2019**
Subject: **Resolution 2019-XXX A RESOLUTION CLARIFYING SETBACKS FOR HERITAGE ESTATES**

Request: Level Contracting LLC is requesting the City Council consider the setbacks that are set by Resolution 2018-284 for Heritage States Planned Unit Development. Specifically, a decreased rear yard setback.

Overview/Background: On December 18, 2018 the City Council approved Resolution 2018-284 a resolution approving the Planned Unit Development for Heritage Estates. In the Resolution of approval, the building setbacks are clearly listed. Specifically, Lot 1-2, and 9-12 Block 2 has setbacks listed as Street yard setback 30 feet, Side street setback 20 feet, side yard setback 5 feet and rear yard setback 30 feet. Level Contracting is disputing the rear yard setback for Lot 1, Block 2, and requesting the Council consider a 10-foot setback. Level Contracting argues that the "preliminary plat" shows a 10-foot setback as well as the final plat.

Analysis of Application: Final Plats do not show setbacks, it shows drainage and utility easements, not building setbacks. Building setbacks are set by the zoning district, Resolution or Development Agreements (DA). As stated above the Resolution of approval clearly states the rear yard setback for the lot in question is 30 feet. There are other lots in this development with reduced setbacks (as spelled out in the resolution) due to the lots being smaller in size. If the setbacks are not specific in the Resolution or DA then the underlining zoning regulations apply. The site is zone R-3B and the rear yard setback is 25 feet.
Upon further review the rear yard setbacks along block 2 cannot be reduced to 10 feet, the rear lot drainage and utility easement is 15 feet, in no instance can a house be located in a drainage and utility easement.

Planning Commission Recommendation:
The Planning Commission considered this request at their July 16, 2019 meeting. The Commission questioned why the developer couldn't meet the setbacks as proposed and he stated he wasn't aware of the setbacks and admitted that he signed the development agreement without reading it. The Commission agreed to forward comments to the City Council for consideration and to hold the public hearing at the Council meeting. The Planning Commission recommended reducing setbacks along outlots only and not to change any other setbacks.

Staff Recommendation: Staff recommends reducing setbacks along outlots to 10 feet where possible. Again, as stated above the rear yard setback on Block 2 can only be reduced to 15 feet due to a drainage and utility easement. The new resolution for consideration will clarify setbacks and correct the lot numbers, however resolution 2018-284 will remain in effect.

Request for City Council Action - MEMO

To: **Mayor Johnson and Members of City Council**

From: Jenny Garvey, Parks, Recreation, and Culture Manager

Date: August 7, 2019

Subject: **A Resolution Approving a Special Event Permit Application for the 2019 MN State Series Finals Race**

Background

Rum River BMX Association will be hosting the MN State Series Finals Race on August 24, 2019 from 1:00 to 6:00 pm and August 25, 2019 from 9:00 am – 5:00 pm. The estimated number of individuals in attendance is 1,000-1,500. The Association is requesting that overnight camping be allowed for the event, and expect about 100 campers. Parking for the campers for this event will take place on the grass to the south of the Isanti Indoor Arena. Rum River BMX will charge $25/weekend for RVs for the State Finals event. Overflow parking will take place in the Bluebird Park lots (the south lot, the asphalt pad, and the spaces not designated as one-hour in the north lot), and the soccer field parking lot – there is never any fee to park in these lots. The main lot at the Isanti Indoor Arena will be reserved for spectator parking and the grass area to the east of south of the building will be used for team canopies and event activities.

The organizers have asked that Isanti Parkway be closed in front of the Indoor Arena (east of 1st Ave NW and west of the compost facility) on Saturday between 1:00 and 5:00 pm and on Sunday between 9:00 am and 5:00 pm. Public Works will provide barricades for the closure; Rum River BMX will be responsible for closing and opening the street at the times listed.

Restroom facilities will be provided by the Association for the event. The Association will be responsible for upkeep of all restroom facilities over the course of the event, including those on the south end of the Isanti Indoor Arena. The Association will be responsible for clean-up of the outside areas; the $100 clean up deposit is on file, and should Public Works need to clean the grounds for any reason, this check may be cashed. The standard public addressing system will be used throughout the event.

Special Event Permit application materials, including an event map, have been included for Council review.

Staff Request

City staff are requesting City Council's approval of the Special Event Permit application for the 2019 State Finals Race.

Request for City Council Action

To: **Mayor Johnson and Members of City Council**
From: Sheila Sellman, Community Development Director
Date: August 7, 2019
Subject: **RESOLUTION 2019-XXX APPROVING THE FINAL PLAT AND SITE PLAN FOR LEGACY PINES 2ND ADDITION**

Request
The Applicant, Everpine Land Holdings is requesting a Final Plat and Site Plan Review for Legacy Pines 2nd Addition. The proposed final plat contains 33 single family lots.

Overview/Background
In 2018 Odyssey Homes Inc received approval of a Preliminary Plat for Legacy Pines Addition. The Preliminary plat showed the entire site developed in phases to include 177 lots. The first phase is platted with 49 lots. The second phase is proposed to plat 33 lots. Each phase will require a final plat and a development agreement.

Analysis of Application
The subject site was originally part of the Villages on the Rum Planned Unit Development. Legacy Pines development is a "re-plat" of this development therefore, the aforementioned development agreements and PUD requirements remain with the property. The PUD allows for varying lot sizes and setbacks.

Zoning-The subject site is zoned R-1/PUD. The PUD Master Plan sets the parameters for lot size, setbacks, house size etc. Minimum requirements not spelled out in the PUD Master Plan will divert back to the Zoning Code for R-1. As proposed Phase 2 is consistent with the PUD. Section 15 of the zoning code requires all residential lots to have tow (2) trees per lot. lots that are 8,000 square feet or larger must provide three (3) trees and corner lots 12,000 square feet or larger require four (4) trees.

Legacy Park- Access to Legacy Park should be maintained during development. The applicant has indicated they will provide access through Lot 7 Legacy Pines Addition. With the second phase the parking lot should be developed at the sole cost of the developer. The parking plan should be approved prior to commencing.

Comprehensive Plan – This proposal is consistent with the City's 2008 Comprehensive Plan Future Land-Use Map, which identifies this parcel as low and medium density residential for future development.

City Engineer Comments – The City Engineer's memo is attached. With minor revisions laid out in the report Engineering is recommending approval.

Isanti Fire Comments – The Fire Chief has reviewed the proposed plat and has no concerns.

Planning Commission
The Planning Commission held a public hearing at their regular meeting of July 16, 2019. No one from the public spoke on this item. The Planning Commission unanimously recommend approval.

Staff Recommendation

Staff recommends the following Motion:
Move to adopt resolution 2019-XXX approving the Site Plan and Final Plat for Legacy Pines 2nd Addition with the following conditions:

1. The developer must enter into a Development Agreement with the City of Isanti, which will outline the general terms for the remainder of the development. Subsequent developments will require additional Development Agreements as the property is built out. Development fees will be charged to the developer at the time of each development agreement and based upon the City Fee Schedule.

2. The developer shall be responsible for any and all permits and approvals that may be necessary from other applicable governmental agencies. These permits and approvals shall be submitted to the City of Isanti and/or other governmental jurisdictions that may require said permits prior to development.

3. Any and all costs associated with the recording and processing of each subsequent Final Plat for additional phases shall be assumed by the developer.

4. The home sizes shall be consistent with Resolution No. 2010-111, amending the original PUD.

5. The setback requirements are as follows:

Front yard setback:	Thirty (30) feet; however, when adjoining principal buildings existing at the time of construction on a vacant lot, the required front yard setback for the new structure shall not be greater than the average front yard setbacks of the building on either side of the vacant lot.
Side yard setback:	Ten (10) feet
Street side yard setback:	Twenty (20) feet
Rear yard setback:	Thirty (30) feet

6. A tree preservation plan shall be prepared by the developer and submitted to the City of Isanti for those portions of the development site that have significant tree stands. Such plans shall show the locations of homes and grading for these lots, so as to protect as many of these trees as possible. Trees shall be planted on each lot according to Section 15 of the City Zoning Ordinance.

7. Dedication, if required, of utility and access easements are granted to the City of Isanti.

8. The developer, at their cost must install sidewalks consistent with City Codes and Ordinances.

9. Access to Legacy Park shall be maintained during construction and the parking lot shall be developed by the developer.

10. Address items/conditions identified in the Memorandum from City Engineer Jason Cook dated June 26, 2019 to CD Director Sheila Sellman.

MEMORANDUM

Date: June 26, 2019

To: Sheila Sellman, Community Development Director

From: Jason W. Cook, P.E.
City Engineer

Subject: Legacy Pines Second Addition - Engineering Review
City of Isanti, MN
Project No.: R13.117985

We have reviewed the Preliminary Plat, Final Plat, and storm water report entitled "Legacy Pines Second Addition" received on June 25, 2019 with a signature date of 6/11/2019.

The plat includes the construction of 33 single family lots, extension of city streets and utilities and site grading.

The original supporting documents submitted for Legacy Pines Phase 1 were reviewed and approved in 2018. Those documents included the submitted second addition area in the modeling and evaluations.

We have reviewed the newly submitted documents and have the following comments:

Preliminary Plat:

1. A temporary easement will be required over the temporary cul-de-sac at the end of Bellaire Blvd.
2. Street name "Bluebird Way" should be renamed – Bluebird Court or Circle.

Site Development and Phase 1 Construction Plans:

1. Proposed contours do not connect to anything at the end of Bluebird Way. (Sheet 12 of 19)
2. Proposed contours between lots 13 & 14 of Block 9 should direct swale along property line to pond PP-2, not west across lot 13. (Sheet 14 of 19)
    a. Is this revised grading proposed to be completed with this phase?
3. Street lighting will be required. A light at the end of the Bluebird Cul-de-sac, along Bellaire Blvd, and specifically at the Legacy Park parking lot entrance at the City Outlot.

Permits (To be completed prior to construction):

1. NPDES - Construction Storm Water General Permit
    a. Is the existing active permit set up to cover this work?
2. Minnesota Department of Health - Watermain Extension Permit
    a. Were these services included in the previous permit?
3. MPCA – Sanitary Sewer Extension Permit
    a. Were these flows accounted for in the previous permit?

We recommend approval of the submitted documents once the above items are addressed.

3. The developer shall deed "Outlot G" to the City of Isanti for future passive park and open space area.
4. Any and all costs associated with the recording and processing of each subsequent Final Plat for additional phases shall be assumed by the developer.

5. Upon development of the lots adjacent to the Isanti Brook area, signage shall be placed along the rear lot lines of property abutting Outlot G notifying property owners of the scenic easement.
6. The home sizes and location of those home sizes shall be in accordance with the Housing Size Location Plan. The following lots/blocks will be subject to the following home and garage sizes:
   a. Lots 1-19, Block 1; Lots 1-5, Block 2; Lots 1-2, Block 3; Lots 1-14, Block 4; Lots 1-10, Block 13; Lots 1-3, Block 12; Lots 1-6, Block 11; Lots 1-13; Block 10; and Lots 1-4, Block 9 will be required to have a minimum of 1200 square feet of livable floor space above grade with a 600 square foot minimum floor area for the attached garage.
   b. Lots 1-15, Block 5; Lots 1-31, Block 6; and Lots 28-38, Block 8 will be required to have a minimum of 1040 square feet of livable floor space above grade with a 480 square foot minimum floor area for the attached garage.
   c. Lots 1-27, Block 8 and Lots 1-20, Block 7 will be required to have a minimum of 960 square feet of livable floor space above grade with a 400 square foot minimum floor area for the attached garage.
7. The setback requirements are as follows:

Front yard setback:	Thirty (30) feet; however, when adjoining principal buildings existing at the time of construction on a vacant lot, the required front yard setback for the new structure shall not be greater than the average front yard setbacks of the buildings on either side of the vacant lot.
Side yard setback:	Ten (10) feet
Street side yard setback:	Twenty (20) feet
Rear yard setback:	Thirty (30) feet

8. A tree preservation plan shall be prepared by the developer and submitted to the City of Isanti for those portions of the development that still have significant or specimen tree stands. Such plan shall show the location of homes and grading for these lots, so as to protect as many of these trees as possible.
9. Any final engineering plans and specifications are subject to the review and approval of the City Engineer.
10. Any and all improvements shall be specified within the Development Agreement.
11. The Final Plat shall be phased into around nine (9) phases to consist of twenty (20) lots or so at a time.

Adopted by the Isanti City Council on this 18th day of May 2010.

PRELIMINARY PLAT
CITY OF ISANTI, MINNESOTA

SHEET 2 OF 2 SHEETS

3373.15

FINDINGS OF FACT AND CONCLUSION

Request

Request from Everpine Land Holdings, for Final Plat Approval of Legacy Pines 2nd, legally described as Outlot A of Legacy Pines Addition, Isanti County, Isanti, Minnesota.

Findings of Fact

1. The applicant, Everpine Land Holdings ('the applicant'), had made an application for Preliminary Plat Approval of Legacy Pines, Isanti County, Minnesota. Said Preliminary Plat was approved through City of Isanti City Council Resolution No. 2018-251.
2. The applicant has made an application for a Final Plat Approval of Legacy Pines 2nd Additon, Isanti County, Minnesota.
3. The property is legally described as Outlot A of Legacy Pines Addition, Isanti County, Isanti, Minnesota.
4. The Applicant is requesting Final Plat Approval in an effort to create 33 lots in the second phase of the development.
5. The property is zoned "R-1" Single-Family Residential/Planned Unit Development.
6. The Applicant submitted an application for Final Plat Approval on June 25, 2019. It was deemed complete on June 25, 2019.
7. A public hearing of the Final Plat took place before the Planning Commission on Tuesday, July 16, 2019 at 7:00 p.m.at City Hall within the Council Chambers.
8. The applicant has addressed or is in the process of addressing the conditions imposed by the City during the Plat review.

Conclusions

1. The platting of the property would appear to meet the lot requirements and setback requirements as provided within the zoning ordinance for properties located within the "R-1" Single-Family Residential.
2. The platting is consistent with the 2003 Development Agreement and Planned Unit Development (PUD) for this property, and is consistent with the 2010 PUD Amendment
3. The platting of the property would appear to meet the Design Standards as required by Ordinance No. 536.

Decision

Planning Commission Recommendation:

The Planning Commission held a public hearing on July 16, 2019 and Recommends Approval. Motion by Lundeen, seconded by Bergley to approve with staff conditions. Motion passed unanimously

Request for City Council Action

To: **Mayor Johnson and Members of City Council**
From: Sheila Sellman, Community Development Director
Date: August 7, 2019
Subject: **Resolution 2019-XXX APPROVING A PRELIMINARY PLAT FOR VILLAGES ON THE RUM 6TH ADDITION**

Request

The applicant Semler Homes Inc is requesting approval of a Preliminary Plat, Villages on the Rum 6th addition to "re-plat" 32 townhome lots into 16 single family detached townhome lots.

Overview/Background

In 2002 Villages on the Rum development was approved, the overall development was 261 lots with a mix of housing types. Each housing style with approved with minimum requirements and are outlined in the original development agreement. Each phase of the development required a final plat and Development Agreement.

Analysis of Application

The subject 32 lots have been platted as attached townhome lots, meaning the buildings are attached. The applicant is requesting to replat these lots into 16 single family detached townhome lots, meaning single family detached houses are built and the common area is maintained by an Association. The applicant needs to establish their own Association or be part of the existing association, documents must be submitted to the city.

Zoning- The subject site is zoned R-3 Residential, as previously stated a development plan was approved for this development. As proposed the side yard setbacks requested vary from the development agreement, but maintain 10 feet in between buildings which still meets the intent of the agreement. The proposed setbacks are as follows: Front 5 feet, side 5 feet, rear 25 feet from the adjacent right-of-way and 10 feet in-between buildings. The original agreement called for 5-foot setback from the garage side to the lot line, and 10-foot setback from the house side lot line. Rear setbacks were not defined. Staff supports the proposed setbacks.

Housing Style- A detached townhome is also known as a "patio home" or "Bay Home" essentially meaning the house is not attached to another house but is standing alone on a smaller lot that is typically maintained by an association. According to the Original Development Agreement detached townhomes need to be at least 960 square feet of livable space above ground and the garage should be a minimum of 440 square feet, these requirements will apply to this development as well. The Architecture for these townhomes should be similar to a 1920's-1940's Vintage home, including Bungalow, Craftsman, Arts & Crafts, Victorian styles. The architectural styles of "Houses by Mail", by Katherine Cole Stevenson are incorporated by reference. This book is available in the Community Development Department.

Landscape – As proposed the tree plantings meet city requirements, however the plantings are shown in common area, the applicant must provide written permission/agreement with the Association in order to plan said trees.

Comprehensive Plan- This proposal is consistent with the City's 2008 Comprehensive Plan Future Land-Use Map, which identifies this parcel as medium density residential for future development.

City Engineer Comments – The City Engineer's memo is attached. With minor revisions laid out in the report Engineering is recommending approval.

Isanti Fire Comments – The Fire Chief has reviewed the proposed plat and has concerns with the length of proposed Drive A and suggest the drive be connected to Isanti Parkway. The applicant should address this with the Fire Department before final plat approval.

Planning Commission Recommendation

The Planning Commission held a public hearing at their regular meeting of July 16, 2019, one member from the public spoke on this item. The gentleman that spoke about the proposed subdivision stated that we don't need anymore residential lots. Staff explained this plat actually decreases what was originally approved. The Commission discussed the need for this type of housing vs townhomes. The Planning Commission recommends approval.

Staff Recommendation

Staff recommends the following motion:
Move to approve the Preliminary Plat for Villages on the Rum 6th Addition with the following Conditions:

1. Final Plat and Site Plan approval shall be applied for within one year.
2. The Developer must enter into a development agreement with the City of Isanti.
3. Engineering comments/concerns in a memo dated July 10, 2019 to Community Development Director Sheila Sellman shall be addressed.
4. Fire Chief comments/concerns in a memo dated July 8, 2019 shall be addressed.
5. Written agreement/permission with the Association for tree planting shall be submitted to the City of Isanti.
6. Setbacks are as follows:
    a. Front: 5 feet
    b. Side: 5 feet, 10 feet in-between buildings
    c. Rear: 25 feet from adjacent right-of-way
7. The housing architecture shall be similar to a 1920's-1940's Vintage home, including Bungalow, Craftsman, Arts & Crafts, Victorian styles. The architectural styles of "Houses by Mail", by Katherine Cole Stevenson are incorporated by reference. This book is available in the Community Development Department.

MEMORANDUM

Date: July 10, 2019

To: Sheila Sellman, Community Development Director

From: Jason W. Cook, P.E.
City Engineer

Subject: Villages on the Rum Sixth Addition – Review
City of Isanti, MN
Project No.: R13.117985

We have reviewed the plan set entitled "Villages on the Rum Sixth Addition" with a signature date of 6/21/2019.

The plan includes the re platting of 32 existing lots into 16 proposed lots.

We have reviewed the submitted plans and have the following comments:

1. From an engineering perspective "Drive A" can be a shared use driveway. I defer to fire, police, and the post master regarding its designation. If it is determined it needs to be a street, it will need a street sign, curb & gutter and a turn around.
2. Sheet 4 of 5:
    a. How will the existing sewer and water services be abandoned?
3. General Comment: The pavement section and curb type are not City standard. This is acceptable as a private roadway, but it would not be eligible to be turned over to the City in the future.

We recommend approval of the plans once the above items are addressed.

Please contact me if you have any questions.

RE: Plan Review of Villages on the Rum Sixth Add.

Isanti Fire has reviewed the replatting of the 32 lots in Villages on the Rum, 6th addition and has identified the following concern.

1) Drive A dead ends after lots 13-16 on block 1. This is not preferable, and if greater than 150' in length is in conflict with MN State Fire Code.
    a. A suggestion would be to continue Drive A through City of Isanti parcel 160961580 and intersect into Isanti Parkway. Doing this would be 2 part, 1) allow access to lots 13-16 and 2) ensure two fire access roads exist in the development.

Isanti Fire sees no other concerns related to fire safety.

Sincerely,

Alan Jankovich | Fire Chief
Isanti Fire District

RE: Award Recommendation – Annexed Parcel Service Extensions
City of Isanti, Minnesota
BMI Project No. R13.118565

Honorable Mayor Johnson and Members of the City Council:

As directed by the City Council, we have prepared plans and specifications and requested quotes from three contractors to extend service to those annexed parcels that had been notified that they have immediate access to either sanitary sewer and/or water service.

Two quotes were received on July 30, 2019. The quotes were checked and tabulated and the final results are summarized as follows:

Bidder	Bid
Dirtworks, Inc.	$172,840.00
Northdale	$185,950.91
Engineer's Estimate	*$162,170.00*

Dirtworks Inc. has been determined to be the low responsible bidder.

We recommend award of this project to Dirtworks Inc. in the amount of $172,840.00.

If you have any questions, please contact me.

Sincerely,

BOLTON & MENK, INC.

RESOLUTION NO. 2019-XXX

RESOLUTION AWARDING THE QUOTE FOR THE ANNEXED PARCEL SERVICE EXTENSIONS PROJECT

WHEREAS, the City Council ordered the development of plans and s to extend sanitary sewer or water service to parcels that were recently annexed into the City and were described as having immediate access to either sewer or water service, and,

WHEREAS, the City Council defined immediate access as having a service stub extended to the property line of the parcel in question, and,

WHEREAS, the plans and specifications have been completed for these improvements; and,

WHEREAS, Three quotes were requested, with a quote deadline of July 30, 2019; and,

WHEREAS, two quotes were received; and,

WHEREAS, Dirtworks Inc. was the responsible low bidder with a bid of $172,840.00.

NOW, THEREFORE, IT IS HEREBY RESOLVED by the City Council of the City of Isanti, Minnesota, as follows:

1) That the City shall award the project entitled "Annexed Parcel Service Extensions" to Dirtworks Inc. in the amount of $172,840.00

2) Funding for the project is available from the sanitary sewer and water funds respectively.

Subject: Resolution Approving Security Camera and DVR replacement

---

Background:
As discussed in the July COW meeting on July16th, the mayor and city council were informed of the issues with our current security cameras and DVR at the liquor store. I have included quotes for replacement/installation from three different vendors as requested. I have also included the cost of a new monitor for the office to better view the cameras this was not included in quotes. We will purchase and install on our own, along with HDMI cables to connect up to both monitors.

VENDOR	QUOTE $$$
Genesis Wireless	$4828.19
Marco	$14,988.90
ADT	$4,880.00

Recommendation:
I recommend we go with the quote from Genesis in the amount of $4,828.19. Genesis is the lowest bid, and we also currently utilize them for internet services. They also have the best warranty on products and services, which is for a period of three years.

Action Required:
The total cost should not exceed 5% of the quoted price from Genesis to also include purchase of one monitor and HDMI cables.

RESOLUTION NO. 2019-XXX

ACCEPTING BID FOR THE REPLACEMENT AND INSTALLATION OF SECURITY CAMERAS AT THE LIQUOR STORE

WHEREAS, the expense of this project is unbudgeted for 2019; and

WHEREAS, pursuant to a request for bids by city staff for the replacement and installation of all applicable Cameras and DVR, the following bids were received:

Bidder Name	Total Bid
Marco	$14,988.90
ADT	$4,880.00
Genesis Wireless	$4,828.19

WHEREAS, the Committee of the Whole has reviewed the bids received and has recommended the acceptance of the Genesis Wireless bid for installation and materials, that include both DVR and Camera replacement;

NOW, THEREFORE, IT IS HEREBY RESOLVED by the City Council of the City of Isanti, Minnesota

1. Upon review and approval by the Committee of the Whole at their 7/16/19 meeting, accept the bid from Genesis Wireless for replacement of current DVR/Cameras and installation of new Cameras, DVR and equipment in the total amount, not to exceed, $5,069.60 after the purchase of monitor and required cables.
2. Authorize the Liquor Store Manager to sign the required documents for the purchase and installation of the new Cameras and DVR.
3. Authorize payment, if necessary, at time of services and prior to inclusion on the Accounts Payable listing.

Subject: Donation Request for MMBA "Support Our Fire Department Fundraiser" In-Store

---

Background:
Each year the MMBA supports many different organizations for the sole purpose of raising funds as well as supply donations to help support our local Fire Department in our area. I am requesting that we promote this program in-store and customers can donate supply items to be raffled off or a cash donation in any amount they wish to help support this program. The dates of the donations are August 7th through September 11th 2019.

RESOLUTION 2019-XXX

APPROVING DONATION BOX AT LIQUOR STORE

WHEREAS, on June 2, 2009 City Council approved a donation box policy; and

WHEREAS, Isanti Liquor is requesting use of a donation box at the liquor store in support of the MMBA "Support Our Fire Department" drive; and

WHEREAS, the Donation Policy has been reviewed the request and recommended its approval.

NOW, THEREFORE, BE IT RESOLVED that the City Council of the City of Isanti, Minnesota hereby approves placement of a donation box for the "Support Our Fire Department" drive at the Isanti Liquor Store from August 7, 2019 through September 11, 2019.

Adopted by the Isanti City Council this 7th day of August 2019.

1st Annual MMBA Fire Department Fundraiser

In an effort to help your cities promote the Community Value of their Municipal Liquor Operation, the MMBA, in partnership with MillerCoors, is coordinating the *1st annual fundraiser* **benefiting your local fire departments.**

This is an effort to help raise additional $$ for local fire departments as many are running on very tight budgets. All funds raised will go directly to the local fire department that services your community.

In addition, for each store that participates, you will be part of a random drawing for 1 of 5 additional $500 donations for local fire departments! Send in a photo of your display/participation to be entered.

In appreciation for the largest donation gathered, MillerCoors will also donate a case of Coors Banquet to each and every fire fighter at that cities department!

Here are execution details for this program:

- The fundraiser will run from August 1 – Sept 11th, 2019. At the end of the event (Sept 11th), please take the collected cash to your local fire department while contacting Paul Kaspszak with your results.
- Each participating Municipal store will raise funds in various ways (suggestions noted below)
- POS to help Support the event
    - Signage will be available from your Coors Distributor – please contact them and determine exactly what you need and what you want the POS to communicate
        - Banners for front of store
        - Posters for inside store and above Coors/Coors Light display
        - Donation cards (To start, it is suggested that you get 100 donation cards with scannable UPC for ease of collection)

Here are some successful ideas to help promote the event and raise the most funds:

- ✓ Donation cards – every person who donates signs a card and the cards are proudly displayed in store (behind register, around Coors display, entry way – this helps to increase awareness as well as thank those that donate)
- ✓ Contact your local Fire Chief to gain their participation and more suggestions.
  - Plan a day or 2 when fire trucks can be parked in-front of the store
  - Have station donate items to be raffled in silent auction (ie signed helmet or boots)
  - Have firefighters in your store for photos and help with donations
  - Is there a piece of equipment the fire department is in need of? Set a goal and help them achieve it!
- ✓ Run a silent auction in-store to raise $$ - items could be donated by fire station, city, local businesses, breweries, distributors, etc
- ✓ Hold a beer sampling and donate the sign up costs
- ✓ Donate a portion of Coors/Coors Light sales for the month of August. $.50/case being a suggestion.
- ✓ At the end of the program, tally your funds and ask your local Coors distributor to mock up a large check. This is a great photo opp for your store/local paper and it can be then posted in your store thanking the community for their efforts.

Your Coors distributor will be asking about your participation and how they can help. They will also be incentivized to build large creative displays with Coors and Coors Light cases to help with your efforts.

Any and all additional display/feature consideration for Coors and Coors Light is greatly appreciated!

Send in all your photos of your participation to
Email: kaspszak@outlook.com and CC : jon.chance@millercoors.com

If you want to bounce ideas off someone who ran this program successfully last year, reach out to Nancy Drumsta in Delano. She nearly raised $5000 in her 1st trial year! 5K goes a looong way with your local fire department.

DEVELOPER'S AGREEMENT

DOLLAR GENERAL

THIS AGREEMENT is made this ___ day of _____, 2019 by and between the City of Isanti, a municipal corporation under the laws of Minnesota ("City"), and DGOGIsantimn09192018, LLC, a Missouri Limited Liability Company ("Developer").

RECITALS

A. Developer has purchased or is purchasing certain real estate including but not limited to that certain parcel consisting of approximately 1.38 acres, more or less, located in the City of Isanti, Minnesota, which is legally described on the attached Exhibit A ("Subject Property").

B. The Developer intends to construct a 9,100 square foot Dollar General Store ("Development") upon the Subject Property.

C. The City Council approved a final plat ("Final Plat") which contains the Subject Property, to be described as (proposed platted lot description as described on the final plat) for the Development by Resolution No. 2019-154, and the Site Plan for the Development by Resolution No. 2019-155, all adopted on June 4, 2019 (collectively, "City Approvals").

D. Developer agrees to comply with the requirements set forth by City Code, City Approvals and the Approved Plans, as herein defined and enumerated on the attached Exhibit C and Exhibit D, except as may be specifically authorized in this Agreement.

E. The City and the Developer now desire to enter into this Developer's Agreement ("Agreement") setting forth certain requirements and obligations relating to the development of the Subject Property and Final Plat including but not limited to the execution and recording of certain instruments. This Agreement is intended to replace and supersede all previous oral agreements, previous development and early start agreements and related amendments thereto, and previous negotiations between the parties in relation to the proposed improvement by Developer of the Subject Property.

F. City policy requires that the Developer perform certain infrastructure work and install certain on and off-site improvements within the Subject Property and/or within or upon public right of way and/or public drainage and utility easements, which work and improvements typically consist of street improvements, utilities, lighting, grading, boulevard landscaping, drainage swales, erosion control, street cleaning, landscaping, trails, and wetland buffer, including the specific improvements required as set forth in the Approved Plans (as described in Section 1.01), which improvements shall be referred to herein as the "Improvements."

AGREEMENT

ARTICLE ONE
CONSTRUCTION OF IMPROVEMENTS

1.01. Developer Installed Municipal Improvements. The Developer shall construct the following described municipal improvements for the development, which are hereinafter collectively called "Developer Installed Municipal Improvements" The Developer Installed Municipal Improvements shall be constructed at the Developers expense and in accordance with City requirements and specifications. The Developer shall engage at its own expense a registered professional civil engineer to prepare plans and specifications for the Developer Installed Municipal Improvements. These plans shall be submitted to the City for review and approved by the City Engineer. The Developer agrees to City inspection of all Developer Installed Municipal Improvements and payment for said inspection services.

a. The Developer shall construct and be responsible for the installation, at Developer's sole expense, of sanitary sewer and water mains and any other infrastructure improvements shown on Exhibits C and D servicing this project and for the extension of sanitary sewer and water mains to the parcel adjacent to and north of the Subject Property.

b. Upon approval of the City Engineer and acceptance by the City as provided in paragraph 1.05 below, all water main and sanitary sewer main improvements, sanitary sewer manhole(s) and water hydrant(s) and any other infrastructure improvements located within public street right of way and/or within public drainage and utility easements will be turned over to the City and will thereafter be deemed City owned improvements.

1.02. Staking, Surveying and Inspections. Developer must provide all required staking and surveying for the Improvements in order to ensure that the completed Improvements conform to the Approved Plans. The City will provide for construction inspection. Developer must notify the City Engineer or designee at least 48 hours in advance, not including weekend days or holidays, for inspection service or scheduling of tests to be performed. Costs incurred by the City for the inspection activities will be recovered through the escrow described in Article Two.

1.03. Unsatisfactory Labor or Material. In the event that the City Engineer rejects as defective or unsuitable any material, then such material must be removed and replaced with approved material at the sole cost and expense of the Developer. In the event that the City Engineer rejects as defective or unsuitable any labor supplied by the Developer, then the labor must be completed again to the specifications and with the approval of the City Engineer at the sole cost and expense of the Developer. The City Engineer shall not reject as defective or unsuitable material or labor delivered

consistent with the Approved Plans (or any amendment to the Approved Plans agreed to by the City and the Developer).

1.04. Records. Upon request by the City Engineer, Developer will provide requested copies of bids, change orders, suppliers, subcontractors, or related matters, relating to the Improvements.

1.05. Final Inspection/Acceptance. Upon completion of all work required by the City, the City Engineer and representatives of the Developer's contractor and/or engineer will promptly make a final inspection of the work to determine that the Developer Installed Municipal Improvements were installed pursuant to the Approved Plans. Before final payment is made to the contractor by the Developer, the City Engineer shall be satisfied that all work is satisfactorily completed in accordance with the Approved Plans, and the Developer's engineer shall submit a written statement attesting to the same. The final approval and acceptance of the development and Improvements shall be in writing from the City. The written approval and acceptance will also accept any Improvements which are to be transferred to the City upon proper completion.

1.06. As-built Plans. Upon completion of the Improvements, the Developer shall provide the City with: (i) a full set of as-built plans in a digital PDF format, and (ii) an as-built survey in a CADD format, for City records. Utility profiles are not required to be included in the as-built plans.

1.07. Maintenance of Public Property. Developer agrees to assume full financial responsibility for any damage which may occur to public property with the development of Subject Property, including, but not limited to, streets, street sub-base, base, bituminous surface, curb, utility system including, but not limited to water main, sanitary sewer or storm sewer when said damage occurs as a result of the activity which takes place during the development of the Subject Property by the Developer, its contractors or subcontractors or assigns. The Developer further agrees to pay all costs required to repair the streets or utility systems, or both, damaged or cluttered with debris when occurring as a direct or indirect result of the construction that takes place by said Developer, its contractors or subcontractors or assigns. In the event the Developer fails to maintain or repair the damaged public property referred to aforesaid, after first receiving 72 hours' written notice of the nature of the default or damage, the City may undertake making or causing it to be repaired or maintained. The City may draw down on the escrow, Letter of Credit or any other cash deposits made by Developer to pay such costs, if Developer fails to complete the repairs.

1.09. Maintenance of Improvements. Developer shall be responsible for all maintenance, upkeep and repair (including, but not limited to snow plowing, mowing, weed control, and grading) of the Improvements until such are completed and accepted by the City. Developer shall remain responsible for all maintenance and upkeep of Improvements that are not transferred to the City. Developer hereby agrees to indemnify and hold the City harmless from any and all claims for damages of any nature whatsoever arising out of Developer's acts or omissions in performing the obligations imposed upon Developer by this paragraph.

EASEMENT; RIGHT OF ENTRY

1.10. To the Developer. The City grants to the Developer a Temporary Construction Easement ("Easement") over, under and across the rights-of-way dedicated to the public in the RSBR Palomino Road Addition Final Plat for purpose of construction of the Improvements. The Easement will commence with the filing of the RSBR Palomino Road Final Plat with Isanti County, and shall terminate upon acceptance of the Improvements by the City.

1.11. To the City. The Developer grants to the City, its agents, representatives, employees, officers, and contractors, a right of entry to access all areas of the Subject Property to perform any and all work and inspections necessary or deemed appropriate by the City or to take any corrective actions deemed necessary by the City in conjunction with this Agreement. The right of entry conveyed by the Developer to the City shall continue until the City accepts the Improvements. The City will provide the Developer with reasonable notice prior to exercising its rights hereunder, except in the case of an emergency.

ARTICLE TWO
FINANCIAL GUARANTY AND REQUIRED PAYMENTS

2.01. Development Costs. All fees and costs as further set out in Exhibit B must be paid in full to the City prior to the delivery of the Final Plat to Developer for recording.

2.02. Escrow. The Developer shall submit an escrow for the Development as required by Exhibit B. This escrow is to apply toward the cost of legal fees, engineering fees, administrative expenses and other costs related to this development and the items listed on Exhibit B. All fees and costs incurred by the City in connection with this Agreement shall be charged against said escrow account which shall remain in effect until the completion of the development. Any funds remaining in the escrow account after the completion of the development shall be refunded to the Developer. In the event that the escrow account herein is depleted, Developer agrees to post additional sums of money to replenish the account to a maximum of $2,500 to cover projected City costs. Developer agrees that the escrow account shall always have a balance of no less than $1,000. Developer shall be entitled, upon request, to an itemized statement of all costs and fees charged against this escrow account. The City will notify the Developer in writing when additional escrow cash must be placed in the escrow account. Developer shall pay additional escrow as determined by the City within 10 days of written demand. Failure to make payment of the additional escrow amount will permit the City to supplement those amounts from the Security pursuant to Section 2.02 or to issue the Developer a stop work order.

ARTICLE THREE
OTHER REQUIREMENTS

3.01. Indemnification. Notwithstanding anything to the contrary in this Agreement, the City, its officials, agents and employees shall not be personally liable or responsible in any manner to the Developer, the Developer's contractor or subcontractor, material suppliers, laborers or to any other person or persons for any claim, demand, damages, actions or causes of action of any kind or character arising out of or by reason of the execution of this Agreement or the performance and completion of the work required by this Agreement to be performed by the Developer. The Developer will hold the

City, its officials, agents and employees harmless from all such claims, demands, damages, or causes of action and the costs, disbursements, and expenses of defending the same, including but not limited to, attorneys' fees, consulting engineering services, and other technical or professional assistance, including the work of City staff and employees, except for gross negligence or willful misconduct. The Developer further agrees that it will indemnify, defend, and hold harmless the City and its governing body members, officers, and employees, from any claims or actions arising out of the presence, if any, of hazardous wastes or pollutants on the Subject Property, except to the extent caused by the acts or omissions of the City. Nothing in this section will be construed to limit or affect any limitations on liability of the City under State or federal law, including without limitation Minnesota Statutes Sections 466.04 and 604.02.

3.02. Insurance. The Developer must keep the insurance in force at all times that construction on the development is in progress. The insurance must name the City as an additional insured. The Developer shall furnish proof of insurance acceptable to the City, covering any public liability or property damage by reason of the operation of the Developer's equipment, laborers, and hazard caused by the Improvements, and include at least the following:

a. Comprehensive general liability insurance (including operations, contingent liability, operations of subcontractors, competed operations and contractual liability insurance) together with an Owner's Contractor's Policy with limits against bodily injury, including death, and property damage (to include, but not be limited to damages caused by erosion or flooding) which may arise out of Developer's work or the work of any of its subcontractors. The exclusion for underground collapse shall be removed.

b. Limits for bodily injury or death shall not be less than $500,000.00 for one person and $1,500,000.00 for each occurrence; limits for property damage shall not be less than $2,000,000.00 for each occurrence.

c. Worker's compensation insurance, with statutory coverage, if applicable.

d. Developer shall file a Certificate of Insurance with the Community Development Director prior to commencing site grading. Developer shall be responsible for insuring that the Certificate bear the following wording.

"Should any of the above policies be canceled or terminated before the expiration date thereof, the issuing company shall give thirty (30) days written notice of cancellation or termination to the Certificate Holder."

3.03. Permitting. No permits for the Development shall be issued until the City and Developer execute this Agreement and all amounts due and securities required under this Agreement are paid to the City, and the Final Plat is recorded and a receipt of said recording is provided to the City. No occupancy shall occur until a Certificate of Occupancy is issued by the City Building Official.

3.04. Underground Utilities. The Developer shall contact the electric, telephone, gas and cable companies that are authorized to provide service to the Subject Property for the purpose of ascertaining whether any of those utility providers intend to install underground lines within the

development. Any costs associated with the installation of underground utilities required by the utility companies shall be solely borne by the Developer. The Developer agrees to comply with applicable requirements of franchise ordinances in effect in the City, copies of which are available from the City Clerk.

3.05. Street Cleaning. The Developer shall clean dirt and debris from streets that has resulted from construction work by the Developer, its contractors, subcontractors, agents or assigns. The City will inspect the Subject Property not less than on a weekly basis to determine whether it is necessary to take additional measures to clean dirt and debris from the streets. After 24 hours' verbal notice to the Developer, the City may complete or contract to complete the clean-up at the Developer's expense. The City may draw down on the escrow, letters of credit or any other cash deposit to pay such costs.

3.06. Construction Hours; Noise; Dust. Developer will comply with all requirements of the City pertaining to the hours and days during which construction activities may take place. Unless otherwise approved by the City, construction hours shall be 7:00 a.m. to 9:00 p.m. Monday through Friday and 8:00 a.m. to 8:00 p.m. on Saturday. The Developer shall provide dust control to the satisfaction of the City Engineer.

3.07. Lighting. The Developer shall be financially responsible for the cost of lighting for the Development as described on the Electrical Site Plan.

3.08. Erosion Control. Developer shall be responsible for compliance with an approved erosion control plan. The Developer will be given a telephone notice when an unsatisfactory condition exists that is determined to be a Developer's responsibility. Work to correct said unsatisfactory condition shall commence within 48 hours from the time of the telephone notice. If work is not commenced within 48 hours of said telephone notice, City will proceed to do the required work at the expense of the Developer. If it is determined that the unsatisfactory condition could result in degradation of downstream water quality, Developer shall, upon telephone notice, immediately proceed to correct said unsatisfactory condition. If Developer does not, within the stated time period, respond to said unsatisfactory condition, City has the right to enter upon the property and correct said condition. City shall be entitled to all of its costs and expenses including, but not limited to legal, fiscal and engineering. City may draw on Developer's financial escrow and Security.

3.09. Other Approvals. In addition to the City Approvals, other governmental agencies have reviewed and approved components of the Plans, if required. It is the responsibility of the Developer to ensure that all permits from appropriate governmental agencies are received prior to beginning construction of any Improvements.

3.10. Final Plat. The Developer shall record the Final Plat RSBR Palomino Road Addition in the land records office for Isanti County, Minnesota within 30 days of its release by the City to the Developer.

3.11. Miscellaneous Obligations. Developer shall comply with the terms and conditions set forth in the following resolutions pertaining to the Development: Resolution No. 2019-154 (Final Plat), Resolution No. 2019-155 (Site Plan), all adopted by the City Council on October June 4, 2019.

ARTICLE FOUR
DEFAULT AND REMEDIES

4.01. Default by Developer. In the event of default by the Developer as to any of the work to be completed by the Developer, its successors or assigns, the City may, at its option perform the work and the Developer shall promptly reimburse the City for any expense incurred by the City, provided the Developer is first given notice of the work in default, not less than 72 hours in advance and does not, within that 72 hour period, diligently proceed to remedy such default. In the event of such unremedied default, the City is granted the right to declare any sums provided by this Agreement due and payable in full, and the City may immediately bring legal action against the Developer to collect the sums covered by this Agreement and/or draw upon the financial guaranty posted in conformance with paragraphs 2.02 of this Agreement. In the event the City draws from the Security sums that exceed the costs or damage to the City, the City will return such excess amounts. In addition to its other remedies provided herein, the City may levy the cost in whole or in part as a special assessment against the Subject Property. Developer waives its rights to notice of hearing and hearing on such assessments and its right to appeal such assessments pursuant to Minnesota Statutes, Section 429.081.

4.02. Complete Improvements-Right of Entry. In addition to the City's other remedies under this Agreement, if the Developer's breach involves failure to complete the Improvements, the City is hereby authorized, at its option to enter on to all portions of the Subject Property it deems necessary to complete the installation of any or all of the Improvements to which the default relates.

4.03. Denial of Permits. Breach of any term of this Agreement by the Developer or failure to comply with City ordinances shall be grounds for denial of building or occupancy permits for buildings within the Final Plat until such breach is corrected by the Developer.

4.04. Rights Cumulative. No remedy conferred in this Agreement is intended to be exclusive and each shall be cumulative and shall be in addition to every other remedy. The election of any one or more remedies shall not constitute a waiver of any other remedy.

4.05. Attorney Fees. The Developer will pay the City's costs and expenses, including attorneys' fees, in the event a suit or action is brought to enforce the terms of this Agreement or in the event an action is brought upon a bond or letter of credit furnished by the Developer as provided herein.

ARTICLE FIVE
MISCELLANEOUS PROVISIONS

5.01. Amendment. Any amendment to this Agreement must be in writing and signed by both parties.

5.02. Assignment. The Developer may not transfer or assign any of its obligations under this Agreement without the prior written consent of the City, which shall not be unreasonably withheld.

5.03. Agreement to Run with Land. The Developer agrees to record this Agreement among the land records of Isanti County, Minnesota contemporaneously with recording the Final Plat of RSBS Palomino Road Addition. The provisions of this Agreement shall run with the land and be binding upon the Developer and its successors in interest. Notwithstanding the foregoing, no conveyance of the Subject Property or any part thereof shall relieve the Developer of its personal liability for full performance of this Agreement unless the City expressly so releases the Developer in writing.

5.04. Release. Upon completion and approval of all work required herein, including completion of the Improvements and acceptance of the Improvements to be transferred to the City, and satisfaction of all of the Developer's obligations under this Agreement, the City agrees to execute a recordable instrument releasing the Property from the terms of this Agreement.

5.05. Severability. The provisions of this Agreement are severable, and in the event that any provision of this Agreement is found invalid, the remaining provisions shall remain in full force and effect.

5.06. Notices. All notices, certificates or other communications required to be given to City, Developer or Developer hereunder shall be sufficiently given and shall be deemed given when delivered or when deposited in the United States mail, first class, with postage fully prepaid and addressed as follows:

CITY:
City of Isanti
110 -1st Ave NW
PO Box 428
Isanti, MN 55040
Telephone: (763) 444-5512
Attn: Sheila Sellman, Community Development Director

DEVELOPER:

1598 Imperial Center, suite 2001
West Plains, MO 65775

The City and Developer, by notice given hereunder, may designate different addresses to which subsequent notice, certificate or other communications should be sent.

5.07. No Third Party Beneficiary. This Agreement and any financial guarantees required pursuant to its terms are not intended for the benefit of any third party.

5.08. Consent. The Developer represents and warrants that there are no other persons or entities with interests in the Property.

5.09. Applicable Law. This Agreement shall be governed by and construed in accordance with the laws of the State of Minnesota. The Developer agrees to comply with all laws, ordinances, and regulations of Minnesota and the City that are applicable to the Subject Property.

5.10. Counterparts. This Agreement may be executed simultaneously in any number of counterparts, each of which shall be an original and shall constitute one and the same Agreement.

5.11. Non-waiver. Each right, power or remedy conferred upon the City or the Developer by this Agreement is cumulative and in addition to every other right, power or remedy, express or implied, now or hereafter arising, or available to the City or the Developer at law or in equity, or under any other agreement. Each and every right, power and remedy set forth in this Agreement or otherwise so existing may be exercised from time to time as often and in such order as may be deemed expedient by the City or the Developer and shall not be a waiver of the right to exercise at any time thereafter any other right, power or remedy. If either party waives in writing any default or nonperformance by the other party, such waiver shall be deemed to apply only to such event and shall not waive any other prior or subsequent default.

5.12 Supersedes and Replaces. The parties understand and agreed that this Agreement supersedes and replaces all oral agreements, previous development agreements, and negotiations between the parties in relation thereto.

[Balance of this page intentionally left blank]

IN WITNESS OF THE ABOVE, the duly authorized representatives of the parties have caused this Agreement to be executed in duplicate on the date and year written above.

ELECTRICAL	
E1	PROPOSED UNDERGROUND PRIMARY BY THE ELECTRIC UTILITY.
E2	PAD MOUNTED TRANSFORMER BY THE ELECTRIC UTILITY. THE E.C. SHALL CONSTRUCT A CONCRETE PAD IN ACCORDANCE WITH THE ELECTRIC UTILITY'S SPECIFICATIONS.
E3	UNDERGROUND SERVICE LATERAL BY THE ELECTRICAL CONTRACTOR.
E4	CT CABINET AND METER SOCKET BY THE ELECTRICAL CONTRACTOR. 1-1/4" NIPPLE BETWEEN THE CT CABINET AND THE METER SOCKET BY THE ELECTRICAL CONTRACTOR.
E5	600 AMP 2-POLE NEMA 3R FUSED SERVICE DISCONNECT BY THE ELECTRICAL CONTRACTOR.
GAS	
G1	NATURAL GAS SERVICE PIPE BY GAS COMPANY.
G2	LOCATION OF THE GAS METER WITH A SHUT-OFF VALVE ON THE SUPPLY SIDE AND A 2 PSI, REGULATOR. THE NATURAL GAS LOAD WILL BE 600,000 BTUH.
MISCELLANEOUS	
M1	4" PVC SLEEVE WITH PULL WIRE UNDER DRIVE. TURN UP AND WEATHERPROOF BOTH ENDS.
SEWER	
S1	4" BUILDING SEWER AT 1/4" PER 1' SLOPE WITH CLEANOUT TO GRADE WITHIN 5' OF THE BUILDING AND EVERY 100' THEREAFTER AND AT EVERY HORIZONTAL CHANGE OF DIRECTION GREATER THAN 45°.
S2	CONNECT TO THE SANITARY SEWER.
S3	MANHOLE ELEVATIONS PROVIDED BY THE SURVEYOR.
S4	GRINDER PUMP. SEE THE PLUMBING FIXTURE SCHEDULE ON SHEET P3.
WATER	
W1	1-1/2" TAP FOR DOMESTIC AND LAWN IRRIGATION WATER USES. COORDINATE WITH THE WATER COMPANY FOR TAPPING REQUIREMENTS, ROAD BORING/CUTTING & PATCHING, ETC. THE WATER SERVICE WILL NEED TO CONNECT TO THIS STUB WITH EITHER A 1-1/2" SADDLE OR A 6" X 1-1/2" THREADED PLUG.
W2	1-1/2" CURB STOP AT THE PROPERTY LINE.
W3	1-1/2" WATER SERVICE FOR DOMESTIC AND LAWN IRRIGATION USES.
W4	THE WATER METERS WILL BE INSIDE THE BUILDING AT THIS LOCATION.

WATER & SEWER SERVICE MATERIALS

MEMORANDUM

Date: July 30, 2019

To: Sheila Sellman, Community Development Director

From: Jason W. Cook, P.E.
City Engineer

Subject: Heritage Estates – Developer Requested Letter of Credit Reduction
City of Isanti, MN
Project No.: R13.118416

Level Contracting, LLC, the developer of Heritage Estates, has requested a reduction of $91,511.60 to the Letter of Credit for the Heritage Estates development.

They have paid C.W. Houle, Inc $91,511.60 for work completed since the previous letter of credit reduction, including the installation of all sewer and water services and mains planned for this development.

The work has been found to be in compliance with City standards and all tests have passed to date.

We recommend approving the reduction of the Letter of Credit in the amount of $91,511.60 as requested.

The remaining balance of the Letter of Credit is anticipated to be sufficient to complete the project as proposed while covering all incurred overhead costs including testing, inspection, and contract administration.

Attached is the request for the reduction as well and the invoice paid and the lien waiver from C.W. Houle, Inc for work completed to date.

Please contact me if you have any questions.

RE: Heritage Estates Subdivision
Request for Reduction of Financial Guarantee

Dear Sheila:

Given the completion of certain improvements in the Heritage Estates Subdivision, at this time I am requesting a reduction in the amount of the Financial Guarantee that was provided to the City of Isanti in connection with this development. The reduction requested is $91,511.60.

I have attached the amount paid and the applicable lien waiver from C.W. Houle, Inc. for the amount requested and paid.

I would like to request that the City process this request as soon as possible. The reduction in the deposit being held by the City should be released according to the terms outlined in the Deposit Agreement for Heritage Estates.

If you have any questions or need any further information, please don't hesitate to contact me. Thank you for your assistance in processing this request.

RESOLUTION 2019-XXX

A RESOLUTION AUTHORIZING ENGINEERING STUDY AND REPORT FOR INTERSECTION OF CSAH 5 AND EAST DUAL BOULEVARD

WHEREAS, the City of Isanti and Isanti County have a shared interest in maintaining safety on roadways and intersections through the City of Isanti; and,

WHEREAS, there have been concerns regarding pedestrian and vehicle safety at the intersection of CSAH 5 and East Dual Boulevard; and,

WHEREAS, Isanti County Highway Department procured a quote from WSB engineering firm to submit a proposal to complete an Intersection Control Evaluation (ICE) study and report for the intersection of CSAH 5 and East Dual Boulevard (Exhibit A); and,

WHEREAS, the total cost for the ICE report is, not to exceed, $27,148.00; and,

WHEREAS, Isanti County has asked the City to fund one-third (1/3) of the ICE report; and,

WHEREAS, the City's portion of the ICE report would not exceed $9,050.00 with funding identified within Streets - Engineering;

NOW, THEREFORE, IT IS HEREBY RESOLVED by the City Council of the City of Isanti, Minnesota as follows:

1. To hereby accept the proposal by WSB to provide an Intersection Control Evaluation study and report for the intersection of CSAH 5 and East Dual Boulevard as referenced as 'Exhibit A'.
2. The City of Isanti will pay one-third of the cost of such ICE report in the amount, not to exceed, $9,050.00 to either WSB or Isanti County.
3. The City Administrator is allowed to sign any necessary documentation.
4. This Resolution is contingent upon approval of such agreement by Isanti County Board of Commissioners to fund two-thirds of the ICE report.

This Resolution is hereby approved by the Isanti City Council this 7th day of August, 2019.

Re: Proposal to Provide ICE Report for the Intersection of CSAH 5 and East Dual Boulevard

Dear Mr. Heilman:

WSB is pleased to submit this proposal to complete an Intersection Control Evaluation study and report for the intersection of CSAH 5 and East Dual Boulevard. We understand that the intersection has seen capacity and safety issues since a new Kwik Trip opened in the northeast quadrant of the intersection.

CSAH 5 is currently a 4 lane, undivided roadway at this location with no turn lanes. In addition, the north and south streets of East Dual Boulevard and Credit Union Drive, form an offset intersection further complicating the operations of the area.

We feel we are well-suited to assist Isanti County and the City of Isanti with analyzing and recommending an appropriate solution for the intersection, and potentially the corridor. We have provided our expertise to solve many issues in similar situations.

Below is a summary of our proposed scope.

CONSULTANT SERVICES

Task 1 – Project Management

- Project Communication/Administration: WSB will provide weekly project updates. The updates will provide information on the status of the project including; budget, schedule and results of analysis.
- PMT Meetings: WSB will schedule and lead up to 3 project meetings with County and City staff. WSB will prepare the agenda and distribute the meeting minutes.

Task 2 – Traffic Counts and Summary

- WSB will plan to perform 13-hour traffic, turning movement counts at the intersections of CSAH 5/East Dual Boulevard and CSAH 5/Credit Union Drive NE. WSB will set up cameras and analyze the movements. A peak hour (AM and PM) turning movement summary will be created and utilized in the analysis.

Task 3 – Geometric Design

- Intersection Alternatives: WSB will develop up to three alternatives for the intersections of CSAH 5 and Dual Boulevard, this may also include realigning

701 XENIA AVENUE S | SUITE 300 | MINNEAPOLIS, MN | 55416 | 763.541.4800 | WSBENG.COM

Credit Union Drive. WSB will analyze a signal (with turn lanes), a roundabout and another potential hybrid option.

- Corridor Geometric Design: WSB will develop a corridor alternative from the railroad to TH 65. This may include reduction of lanes and/or development of a three-lane section.
- Cost Estimate: WSB will prepare cost estimates for each option. The cost estimate will include all assumptions and unit prices for easy comparisons.

Task 4 – Traffic Analysis and ICE Report

- Intersection Analysis: WSB will model the intersection options, in addition to the no-build option for the current and 20 year projection. This data will be used to aid in the intersection recommendation and the ICE report.
- Intersection Control Evaluation (ICE): WSB will complete an ICE report for the intersection of CSAH 5 and East Dual Boulevard. WSB will provide a draft and final version to County and City staff for review.

SCHEDULE

Depending on approval, WSB is prepared to begin the traffic counts and analysis as soon as possible. It is anticipated the deliverables can be completed by the end of ~~August~~ Sept., 2019.

PROPOSED FEE

WSB proposes to complete this project for a cost not to exceed **$27,148**.

The attached detailed scope of work and associated fees are for your review on the next page.

If you have any questions about this proposal, please feel free to call me at 763-287-7149.

WSB

CITY OF ISANTI
GOVERNMENTAL FUNDS
FUND BALANCE POLICY

The City understands it has a responsibility to maintain prudent financial operations to ensure stability of City operations for the benefit of City residents and businesses. Fund balance reserves are an important component in ensuring the overall financial health of a community, by giving the City cushion to meet contingency or cash-flow timing needs. The Office of the State Auditor recommends that local governments determine and establish in their fund balance policy a desired minimum level of unrestricted fund balance to maintain in their General fund and other significant funds. The Office of the State Auditor continues to recommend that local governments maintain an unrestricted fund balance in their General fund and special revenue funds of approximately 35 to 50 percent of fund operating revenues or no less than five months of operating expenditures. While bond rating agencies have not recommended fund balance levels, the agencies look favorably on larger fund balances, which protect against contingencies and cash flow needs.

At December 31 of each year the General fund unassigned fund balance shall be 50% of the following year's budgeted expenditures and transfers out. Any excess fund balance in the General fund will be utilized to reduce property taxes for the next budget cycle. If a shortage exists, Council will need to determine a plan of action to restore the fund balance ~~within two years~~.

GASB 54 is effective for fiscal years beginning after June 15, 2010. For the City of Isanti GASB 54 is effective for the fiscal year ended 2011. The objective of GASB 54 is "to enhance the usefulness of fund balance information providing clearer fund balance classifications that can be more consistently applied and by clarifying the existing governmental fund type definitions." GASB 54 "establishes fund balance classifications that comprise a hierarchy based primarily on the extent to which a government is bound to observe constraints imposed upon the use of the resources reported in governmental funds."

Before GASB 54 fund balances in governmental funds were reported as restricted, unreserved-designated, and unreserved-unrestricted. Under GASB 54 fund balances in governmental funds will be reported as nonspendable, restricted, committed, assigned, and unassigned.

The definitions of the new fund balance classifications are as follows:

Nonspendable fund balance includes amounts that cannot be spent because they are either (a) not in spendable form or (b) legally or contractually required to be maintained intact. Examples include inventories, prepaid amounts, and corpus or principal of a permanent fund. Long-term loans and notes receivables and property held for resale could be classified as nonspendable unless the proceeds are restricted, committed, or assigned.

Restricted fund balance should be reported when constraints placed on the resources are either (a) externally imposed by creditors, grantors, contributors, or laws or regulations of other governments; or (b) imposed by law through constitutional provisions or enabling legislation. This is the same definition used by GASB 34 for restricted net assets. Examples include unspent bond proceeds, grants earned but unspent, debt covenants, revenues restricted by state statute or enabling legislation, or taxes dedicated to a specific purpose.

Committed fund balance includes amounts that can only be used for specific purposes pursuant to constraints imposed by formal action by City Council. Committed fund balances cannot be reversed or changed without City Council action. Committed fund balance should incorporate contractual obligations to the extent that existing resources in the fund have been specifically committed for use in satisfying those contractual requirements. Council action to constrain resources must be approved prior to year-end. However, the amount may be determined in a subsequent period.

Assigned fund balance includes (a) all remaining amounts (except for negative amounts) that are reported in governmental funds except for the General fund that are not classified as nonspendable and are neither restricted or committed and (b) amounts in the General fund that are intended to be used for a specific purpose. For the General fund, the Finance Committee may have authority to assign amounts. An assignment of existing fund balance to eliminate a projected budgetary deficit in the subsequent year's budget in an amount no greater than the projected excess of expected expenditures over expected revenues satisfies the criteria to be classified as an assignment of fund balance.

Unassigned fund balance is the residual classification for the General fund. Unassigned fund balance represents fund balance that is not restricted, committed, or assigned to specific purposes within the General fund. The General fund is the only fund that may report a positive unassigned fund balance. A negative unassigned fund balance may be reported in a governmental fund excluding the General fund only when the expenditures incurred for a specific purpose might exceed the amounts in the fund that are restricted, committed and assigned to that purpose and a negative residual balance for that purpose may result. If that occurs, amounts assigned to other purposes in that fund should be reduced to eliminate the deficit. If the remaining deficit eliminates all other assigned amounts in the fund, or if there are no amounts assigned to other purposes, the negative residual amount shall be classified as unassigned fund balance. In the General fund, a similar negative amount would have been eliminated by reducing committed fund balance first followed by assigned fund balance and then unassigned fund balance. A negative residual amount should not be reported for restricted, committed, or assigned fund balances in any fund.

The order of use of fund balance is restricted, committed, assigned and then unassigned.

The Office of the State Auditor also recommends that local governments consider establishing a stabilization arrangement for emergency situations. To set aside funds as restricted or committed the allowable uses must be specifically defined and the situation cannot be expected to occur routinely. At this time the City of Isanti does not wish to report stabilization arrangements as restricted or committed. As such, any stabilization arrangements will be reported as unassigned.

B. Pledge of Allegiance.
Everyone stood for the Pledge of Allegiance.

C. Roll Call.
Members Present: James Witte, Aaron Zdon, and Mayor Johnson
Staff Present: Jennifer Garvey, Parks, Recreation, and Culture Manager

D. Agenda Modifications.
Zdon asked if there were any agenda modifications, there were none. Motion by Johnson, second by Witte to approve the agenda for the July 23, 2019 Parks, Recreation, and Culture Board Meeting.

2. Approval of Minutes from May 28, 2019 Parks, Recreation, and Culture Board Meeting

Motion by Witte second by Johnson. Minutes were unanimously approved.

3. Community Event Discussion

Steve Lundeen – 1110 Ironwood Ave Sw – brought to the board ideas he would like to see be explored more by the board. A community light show, similar to Bentleyville for the community to enjoy and to assist with sponsoring and volunteering at. Mayor Johnson had first presented idea in 2017 or 2018 to the board. Mayor Johnson has information he gathered at that time for this event. The board agreed to continue to move forward with looking more into this type of event to be held here in Isanti with the intention to make sure we have strong sponsors/volunteers to start to plan for a future event. Lundeen then mentioned an egg hunt, it was brought up that Rum River BMX has had this type of event the past couple of years and so the city could reach out and co-sponsor/partner with the existing event. Belt buckle/medallion hunt to go along with the Rodeo/Jubilee Days celebration and the board decided to continue to look into this event.

4. Preview the Parks, Recreation and Culture Comp Plan

Garvey explained that the comp plan had not been reviewed by this board since 2011 and is bringing it tonight to have the board provide staff direction if they would like to set up a sub-committee to review this packet. The board discussed that they would each review the plan on their own over the next month and bring it back to the August meeting with their insights/updates/etc.

5. Parks Update

Garvey shared that in April of 2019, the board approved the new paint project that will start on Monday July 29. The large playground and swing area will re-painted and the entire playground area will be closed for 2 weeks, weather depending. The Passport to Parks scavenger hunt kickoff event was on Thursday June 20 at Bluebird Park and the hunt will continue, in which citizens can explore our parks and is open through Friday August 9. A Grand Prize drawing will take place at 7:00 pm at the beginning of the Street Dance on August 17. Passports are available for download from the City's website or can be picked up at City Hall. Garvey continued that our second street dance of the summer was Saturday July 20 featuring Audio Circus, and the final dance will be on August 17 featuring Good for Gary, as the ending to our Celebrate Isanti event. The attendance for the June dance was slightly higher than the July date. June we had a couple of moments of rain, but for July the weather was a wonderful event. The Dog Park Grand Opening and ribbon cutting

ceremony was on Wednesday June 12 at 11am. We had about 30 people in attendance and 12 dogs. Staff conducted a drawing for a few prizes and the guests of honor seemed to enjoy meeting new friends and running around without a leash on. Legacy Park, the developer has granted a temporary access point from the new street and staff has placed signs at this point and mowed a path to the entrance of the park. The access point will have to have be moved again as the one we created now has stakes in it so this access point will need to be adjusted. The developer has provided plans to expand the project this fall and go back as far as the true park entrance and parking lot. If the process continues and gets approval, the parking lot for Legacy could be paved and ready by winter. Curious Creatures is a monthly program geared toward 2-5 years old, that switches park locations and has a new theme each month. This is free for residents and $3.00 for non-residents for June 11 we had 15 kids in attendance at River Bluff Preserve for Terrific Turtles and July 9 we had 7 kids in attendance at Bluebird Park for Incredible Insects. Celebrate Isanti is our city celebration day. The day starts off with the bike/run/walk at 8:30 and 8:45, the then continues with the Kids festival, community organization/business vendor showcase from9am-1pm, the car show from 10a-3pm along Main street and then finishes up with the last street dance at 7pm with Good for Gary and also at 7pm the grand prize drawing for the scavenger hunt. Volunteers are needed throughout the day to assist with the race, and kids festival.

6. Adjournment

Subject: Review 2020 Preliminary Budgets – Enterprise Funds

Expenditures – All Departments

- All wages include a 3% COLA for 2020 and include the necessary step increases, where applicable.
- Health Insurance is based on 2019 premiums plus 15%.
- Worker's compensation rates are based on 2019 rates and include a 10% inflationary factor.
- Property, liability, and volunteer insurance premiums are based on 2019 rates and include a 5% inflationary factor.
- Dental Insurance is based on 2019 premiums, plus 5%.
- Life/AD&D Insurance is based on 2019 premiums, plus 5%.
- Managed expenses throughout the enterprise fund budgets have been adjusted based on prior year actual costs, current year expenditures through June, actual maintenance agreements and contracted costs.

Water Fund

- Wages & Salaries Admin (108) has increased about 14k due to changes in allocations that moved expenses away from building inspection and provided for equal allocation across the enterprise funds.
- Water Meters (232) has increased 50% from $20,000 in 2019 to $30,000 in 2020 to account for an upward trend line in actual expenditures.
- Engineering Fees (303) has been reduced to better reflect actual observed expenditures.
- Bond Payments (principal and interest) as well as fiscal agent fees have been adjusted to reflect payments per the bond schedule.
- Total budgeted expenditures for the Water Fund are $1,460,302. An increase of 1.29% over 2019.

Sewer Fund

- Wages & Salaries Admin (108) has increased largely due to changes in allocations that moved expenses away from building inspection and provided for equal allocation across the enterprise funds.
- Utilities (380) has increased significantly as water use is now metered and payment is made to the Water Fund from the Sewer Fund. This change will manifest itself during the next rate study in 2020 as a previously unrecorded expense for the Sewer Fund as a previously unrecognized revenue for the Water Fund.
- Bond Payments (principal and interest) as well as fiscal agent fees and amortization have been adjusted to reflect payments per the bond schedule.
- Total budgeted expenditures for the Sewer Fund are $1,520,503. A decrease of 12.64% which includes $46,360 in capital outlay expenditures.
- If capital outlay expenses were excluded from the 2019 and 2020 budgets. The year over year increase in expenditures would be 17.55%, due largely to increases in Utilities (380) and an increase in Debt expense related to the 2016A bond issue.

Storm Water Fund

- There are relatively few changes in the 2020 budget compared to the prior year. The biggest change is a decrease in Capital Expenditures (500).
- If capital outlay expenses were excluded from the 2019 and 2020 budgets. The year over year decrease in expenditures would be 1.32%

Liquor Fund

- Expenditure items for re-sale are based on 2018 actuals, plus 2.5%.
- Total budgeted expenditures for the Liquor Store Fund are $3,080,018.
- The transfer from the Liquor Store has been budged at $350,000.
- Liquor Sales are based on 2018 actuals, plus 2.5%.

H. Council Committee Reports

Mayor Johnson shared that City Council received a Memo from Community Development Director Sheila Sellman and advised City Council to read it.

I. Public Hearings

1. Resolution 2019-201 Approving Heritage Estates Setback

Mayor Johnson opened up the public hearing at 7:09 p.m. Community Development Director shared Level Contracting LLC is requesting that the City Council consider the setbacks that are set by resolution 2018-284 for the Heritage Estates Planned Unit Development. Specifically, a decreased rear yard setback. Sellman continued to share that this matter was discussed at Planning Commission in great detail and City Council to consider new resolution that clarifies the setbacks and clarifies the lot count because the original resolution was incorrect. Sellman further shared that one of the requests from Level Contracting LLC is to reduce the rear yard setbacks to 10 feet. The Planning Commission directed staff to do that however, one of the outlots (outlot C) can only be reduced to 15 feet due to a drainage utility easement. Sellman stated she spoke with Level Contractin, LLC and they are okay with it as it still meets their needs. Mayor Johnson closed the Public Hearing at 7:11 p.m.

After the hearing closed, a motion was made by Lundeen, second by Collison to approve the resolution as presented. Motion passed 5-0. Motion carried.

1. Call To Order

The meeting was called to order by EDA President Jeff Johnson at 7:26 p.m.

a. Pledge of Allegiance

b. Roll Call

Members Present:	Jeff Johnson, Dan Collison, Paul Bergley, Steve Lundeen, Jimmy Gordon, Jill Reller, and Rod Barrows
Members Absent:	None
Staff Present:	City Administrator Josi Wood and Assistant City Administrator/Special Projects Don Lorsung

2. Approval of the Agenda: Motion by Lundeen, seconded by Bergley, to approve. The motion passed 7-0.

3. Approve Minutes of June 4, 2019 Regular Economic Development Meeting

Motion by Collison, seconded by Barrows to approve the June 7, 2019 meeting minutes as presented. Motion carried 7-0.

4. Other Business/ Updates/Communications

a. Consider Resolution 2019-3, a Resolution authorizing the EDA President to cancel an Economic Development Authority Meeting due to a lack of substantial items for an Agenda

Lorsung presented the resolution. Currently only the City Council can cancel an EDA Board Meeting. Practical difficulties in making that work were discussed; as well as the new process for meeting cancellation that was being proposed. Barrows asked for a clarification on who would cancel the meeting in the event that the EDA President would not be available. In that event, the Vice President would cancel the meeting.

Motion by Collison, seconded by Barrows to approve the resolution. Motion passed 7-0.

b. Other Business

Collison asked for an update on public use of the new hotel pool. The pool will initially be open to the public on Monday through Thursday, from 10:00 a.m. through 3:00 p.m. The cost will be $10.00 per person. Board members discussed public use time periods, pool fees, public and developer concerns. Johnson shared that the Developer indicated that they will be evaluating this after the first two months of public use of the pool. He also shared that there will be more discussion on this matter with the Developer.

5. Adjournment

Motion by Bergley to adjourn, seconded by Collison, motion passed 7-0. Meeting adjourned at 7:35 pm.

Respectively Submitted,

Don Lorsung
Assistant City Administrator/Special Projects

Request for City Council Action

To: **Mayor Johnson and Members of City Council**
From: Sheila Sellman, Community Development Director
Date: August 20, 2019
Subject: **Resolution 20019-XXX authorizing the city to install sidewalk along 8th Ave NE**

Background:

On April 8, 2019 the City entered into a Development Agreement (DA) with Level Contracting, LLC. For the development of Heritage Estates. Item 8 of the DA requires the developer to build all required sidewalks located within the development according to plans.

As part of this development the sidewalk along 8th Ave NE was damaged and is no longer usable. The developer at one time put up a temporary sidewalk, which at the time was acceptable, but since has been removed, and the sidewalk continues to be blocked.

On April 8, 2019 the contractor sent a letter to Superintendent Dr. Ray Queener (attached) stating the sidewalk with be removed during construction and will be restored 8-10 weeks from the date of the letter. This time has past and the sidewalk is not fixed nor is there a temporary sidewalk.

Staff contacted the developer regarding this matter and have given him a deadline of August 26, 2019 and if it is not installed the city will install on his behalf and charge him for it.

Request:

Staff requests that the Council approve the resolution allowing the City to install the sidewalk at the developers cost, if he does not install it by August 26, 2019.

- Resolution 2019-XXX

Dear Superintendent Dr. Ray Queener April 8, 2019

I am writing you to inform the school district that Level Contracting, LLC is developing the land to the north of Isanti Intermediate School located at 101 9th Avenue Northeast in the city of Isanti, MN.

The sidewalk located on the west side of 8th Ave NE, between the intersection of Heritage Blvd and Cherrywood Lane NE will be removed at some point during construction.

It is important to Level Contracting, LLC to ensure there is a safe path for walking traffic until the sidewalk is restored. We will be installing a two-sided fence on the west side of 8th Ave NE with a class 5 base in-between the fences.

Please instruct students and staff to use this path during the construction period. The sidewalk is expected to be restored within eight to ten weeks from the date of this letter.

Feel free to contact me with any question or concerns.

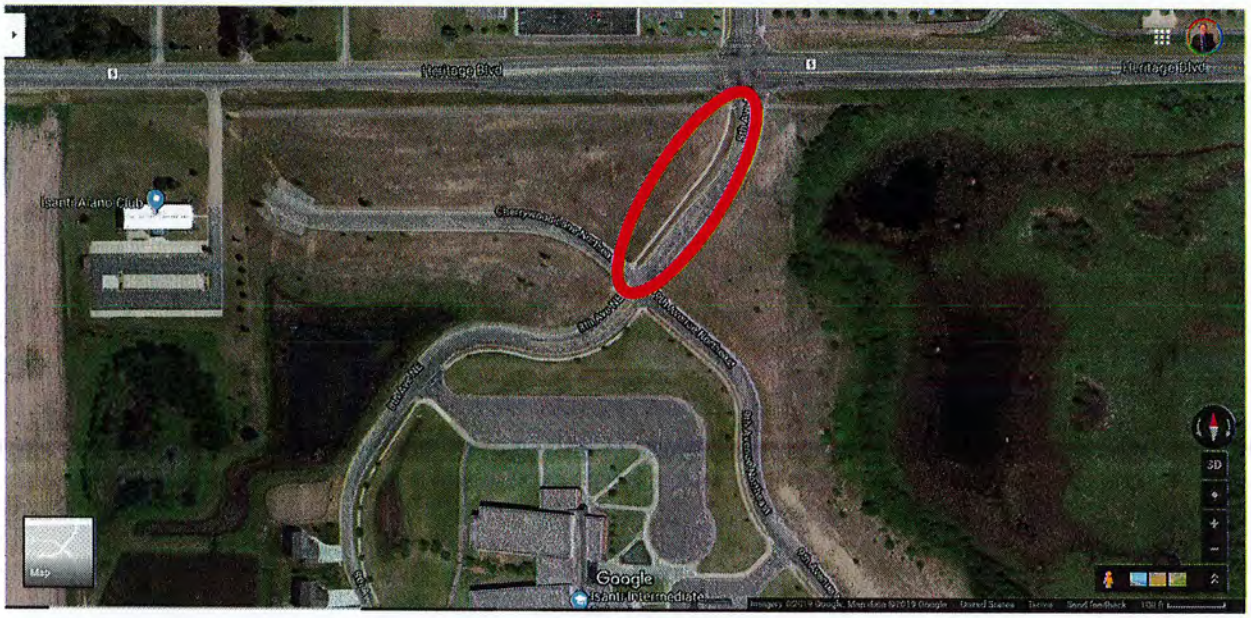
Sincerely

Monty Jensen, Chief Manager

Level Contracting, LLC

(612)562-9959

The affected area is circled on the map below.



RESOLUTION 2019-XXX

AUTHORIZING THE CITY OF ISANTI TO INSTALL SIDEWALK ALONG 8TH AVE NORTHEAST

WHEREAS, On April 8, 2018 the City entered into a Development Agreement with Level Contracting Inc. for the development of Heritage Estates; and,

WHEREAS, Item 8 in the Development Agreement require the developer to build all required sidewalks located within the development; and,

WHEREAS, As part of the construction project, the developer removed the sidewalk along 8th Ave NE and provided a temporary sidewalk; and,

WHEREAS, the temporary sidewalk has been removed, and the new sidewalk has not been installed; and,

WHEREAS, the developer stated in correspondence that the sidewalk would be restored eight to ten weeks from April 8, 2019, said time has passed and no sidewalk is installed and the temporary sidewalk has been removed; and,

WHEREAS, the developer has been given notice to install the new sidewalk by August 26, 2019 or the City will install on his behalf and charge it back.

NOW, THEREFORE, IT IS HEREBY RESOLVED by the City Council of Isanti, Minnesota, to hereby authorizes Public Works to install the sidewalk along 8th Ave NE, if the developer does not install by August 26, 2019.

Resolution adopted by the Isanti City Council this 20th day of August 2019.

REPAYMENT AGREEMENT; STATUTORY SHORT FORM MORTGAGE; AND DEED RESTRICTIONS

THIS REPAYMENT AGREEMENT; STATUTORY SHORT FORM MORTGAGE; AND DEED RESTRICTIONS ("AGREEMENT"), made on or as of the ____ day of _____, 2019, by and between the City of Isanti, Minnesota, a Minnesota municipal corporation (hereinafter referred to as the "City") having its principal office at 110 First Avenue N.W. PO Box 428, Isanti, Minnesota 55040, and J Robinson Construction, Inc. , a corporation under the laws of the State of Minnesota (hereinafter referred to as the "Developer"), having its principal office at 27178 Tamarack St NW, Isanti, MN 55040.

WITNESSETH:

WHEREAS, the Developer intends to construct a single family home (the "Improvements") on certain real property (the "Property") in the City; and

WHEREAS, in connection with the construction of the Improvements there are certain water and sanitary sewer charges that are payable by the Developer to the City; and

WHEREAS, the Developer has demonstrated to the satisfaction of the City that the Developer is unable to pay the full amount of the charges now and has asked the City to defer such charges and make them payable at a future point in time; and

WHEREAS, the City believes that the development of the Improvements by the Developer is in the best interests of the City and, therefore, it is willing to defer the charges if doing so will facilitate the development and viability of the Improvements.

NOW, THEREFORE, in consideration of the premises and the mutual obligations of the parties hereto, each of them does hereby covenant and agree with the other as follows:

ARTICLE I
Definitions

Section 1.1. Definitions. In this Agreement, unless a different meaning clearly appears from the context:

"Agreement" means this Agreement, as the same may be from time to time modified, amended, or supplemented.

"City" means the City of Isanti, Minnesota, its successors and assigns.

"County" means Isanti County, Minnesota.

"Deferred Charges" means the utility charges described in Section 3.1 of this Agreement being deferred by the City and which the Developer is obligated to pay in accordance with this Agreement.

"Developer" means J Robinson Construction, Inc, a Minnesota Corporation, its successors and assigns.

"Event of Default" means an action by the Developer listed in Article IV of this Agreement.

"Improvements" means the single-family home to be constructed by the Developer on the Property.

"Property" means the real property described on the attached Schedule A to this Agreement.

"State" means the State of Minnesota.

ARTICLE II
Representations

Section 2.1. Representations by the City. The City makes the following representations as the basis for the undertaking on its part herein contained:

(a) The City is a statutory city duly organized and existing under the laws of the State. Under State law, the City has the power to enter into this Agreement and to perform its obligations hereunder.

Section 2.2. Representations by the Developer. The Developer represents that:

(a) The Developer is a corporation duly organized and authorized to transact business in the State, is not in violation of any provisions of its Bylaws or the laws of the State, has power to enter into this Agreement and has duly authorized the execution, delivery and performance of this Agreement by proper action of its Board of Directors.

ARTICLE III
Deferred Charges, Payment and Security

Section 3.1. Deferred Charges. The Developer owes to the City the sum of **$ 5,894.00** in deferred utility charges ("Deferred Charges"). The Deferred Charges consist of **$ 2,613.00** in Water Availability Charges and **$ 3,281.00** in Sewer Availability Charges. The City has agreed to defer the payment of the Deferred Charges as described in this Agreement.

Section 3.2. Payment of the Deferred Charges. The Developer covenants and agrees that it will pay the Deferred Charges to the City on the earliest to occur of the following:

(a) on the date that is one hundred and twenty (120) days after the date of this Agreement;

(b) on the date that the Developer sells or transfers the Property or Improvements, or any portion thereof; or

(c) on the date that the City issues a certificate of occupancy for the Improvements.

Interest shall accrue on the Deferred Charges at the rate of zero percent (0%) from the date hereof and continuing until the Deferred Charges and all accrued interest have been paid in full.

Section 3.3. Payment of Costs.

(a) The Developer shall pay all costs for title work and recording of this Agreement.

(b) The Developer shall pay all costs incurred by the City in connection with the preparation and implementation of this Agreement and related documents, including, without limitation, fees of attorneys related the preparation of this Agreement and related documents, if the Developer fails to complete construction of the Improvements within one hundred and twenty (120) days after the date of this Agreement.

Section 3.4 Security. As security for Developer's obligation of repayment of the Deferred Charges and Costs identified in Sections 3.1 and 3.3, Developer hereby grants and the City shall and hereby does have, a lien on the Property in the full amount necessary to satisfy any repayment obligation of the fees and charges identified in Sections 3.1 and 3.3 under this Agreement and the cost including reasonable attorney's fees, of collecting the same.

Section 3.5 Notice. At least 10 days before the date of any sale, cash out refinance, transfer or other conveyance of the Property or, in the event of a sale by contract for deed, Developer or their heirs, executors or representatives, shall give the City notice thereof.

Section 3.6 Mortgage. To secure any such repayment of the Deferred Charges under Section 3.1 and 3.3 as may become due under the provisions of this Article, the Developer hereby

grants to the City a Statutory Short Form Mortgage pursuant to the provisions of Minnesota Statutes Section 507.15 (2016) as follows:

UNIFORM SHORT FORM MORTGAGE

This statutory mortgage, made this ___ day of _____, 2019 between the City of Isanti, a Minnesota Municipal having its principal office at 110 First Avenue N.W. PO Box 428, Isanti, Minnesota 55040 (the "Mortgagor"), and J Robinson Construction, Inc., a corporation under the laws of the State of Minnesota having its principal office at 27178 Tamarack St NW, Isanti, MN 55040 (the "Mortgagee"),

Witnesseth, that to secure the payment of the Deferred Charges by the Mortgagee to the Mortgagor of $5,894.00 as described in Article 3 of this Agreement (the "Indebtedness") the Mortgagor, hereby mortgages to the mortgagee and grants a security interest in the real property located at 205 9th Ave SE, in the City of Isanti, Isanti County, Minnesota, as legally described and set forth in "Schedule A" attached hereto and made a part hereof ("Property"), subject only to any liens or encumbrances of record thereon as of the date hereof.

And Mortgagor agrees and covenants with the Mortgagee the following statutory covenants;

1. To warrant the title to the Property, subject only to prior encumbrances of record as of the date hereof.
2. To pay the indebtedness as herein provided.
3. To pay all taxes.
4. To keep the buildings located on the Property insured against fire, windstorm and extended coverage for their full insurable value for the protection of the Mortgagee.
5. That the Property shall be kept in repair and no waste shall be committed.
6. That the whole of the principal sum shall become due after default, in the payment of any installment of principal or interest, or of any tax, or in the performance of any other covenant, at the option of the Mortgagee.

If default be made in any payment or covenant herein, the mortgagee shall have the statutory power of sale, and on foreclosure may retain statutory costs and attorney's fees.

Section 3.7. In the event Mortgagor or their heirs, executors or representatives shall fail or refuse to make a required repayment of the Indebtedness within the limited period set forth herein, the Mortgagee may, with or without notice to Mortgagor foreclose said lien in the same manner as provided pursuant an action for the foreclosure of mortgage upon said Property, as by statute provided, or may at its option proceed with foreclosure by advertisement pursuant to the statutory power of sale which the Mortgagor grants to the Mortgagee provided under this Mortgage, in accordance with applicable law. In the event of default by Mortgagor on any of Mortgagor's obligations under the terms of this Mortgage, Mortgagee shall also have the right to pursue any remedy available to it at law or in equity.

ARTICLE IV
Events of Default

Section 4.1. Events of Default Defined. The following shall be "Events of Default" under this Agreement and the term "Event of Default" shall mean, whenever it is used in this Agreement (unless the context otherwise provides), any one or more of the following events:

(a) Failure by the Developer to pay when due any payments required to be paid under this Agreement.

(b) The Developer of the following: (i) file any petition in bankruptcy or for any reorganization, arrangement, composition, readjustment, liquidation, dissolution, or similar relief under United States Bankruptcy Laws or any similar Federal or State Laws; or (ii) make an assignment for the benefit of its creditors; or (iii) admits, in writing, its inability to pay its debts generally as they become due; or (iv) be adjudicated, bankrupt or insolvent.

Section 4.2. City's Remedies on Default. Whenever any Event of Default by Developer referred to in Section 4.1 of this Agreement occurs, the City may take any one or more of the following actions after providing ten (10) days written notice to the Developer of the Event of Default, but only if the Event of Default has not been cured within said ten (10) days:

(a) Declare the entire outstanding balance of the Deferred Charges immediately due and payable;

(b) Terminate this Agreement;

(c) Deny issuance of certificates of occupancy or temporary certificates of occupancy;

(c) Take whatever action, including legal, equitable or administrative action, which may appear necessary or desirable to the City to collect any payments due under this Agreement, or to enforce performance and observance of any obligation, agreement, or covenant of the Developer under this Agreement, including the remedies provided under Article 3.

Section 4.3. No Remedy Exclusive. No remedy herein conferred upon or reserved to the City or Developer is intended to be exclusive of any other available remedy or remedies, but each and every such remedy shall be cumulative and shall be in addition to every other remedy given under this Agreement or now or hereafter existing at law or in equity or by statute. No delay or omission to exercise any right or power accruing upon any default shall impair any such right or power or shall be construed to be a waiver thereof, but any such right and power may be exercised from time to time and as often as may be deemed expedient. In order to entitle the City or the Developer to exercise any remedy reserved to it, it shall not be necessary to give notice, other than such notice as may be required in this Article IV.

Section 4.4. No Additional Waiver Implied by One Waiver. In the event any agreement contained in this Agreement should be breached by either party and thereafter waived by the other

party, such waiver shall be limited to the particular breach so waived and shall not be deemed to waive any other concurrent, previous or subsequent breach hereunder.

Section 4.5. Costs of Enforcement. Whenever any Event of Default occurs and the City shall employ attorneys or incur other expenses for the collection of payments due or to become due or for the enforcement of performance or observance of any obligation or agreement on the part of the Developer under this Agreement, the Developer agrees that it shall, within ten (10) days of written demand by the City, pay to the City the reasonable fees of such attorneys and such other expenses so incurred by the City.

Section 4.6. Certificate of Occupancy. The City may deny a certificate of occupancy or temporary certificate of occupancy for the Property until all amounts owed to the City under the terms of this Agreement have been paid by Developer.

ARTICLE V
Additional Provisions

Section 5.1. Representatives Not Individually Liable. No member, official, or employee of the City shall be personally liable to the Developer, or any successor in interest, in the event of any default or breach or for any amount which may become due to Developer or successor in interest or on any obligations under the terms of this Agreement.

Section 5.2. Titles of Articles and Sections. Any titles of the several parts, Articles, and Sections of the Agreement are inserted for convenience of reference only and shall be disregarded in construing or interpreting any of its provisions.

Section 5.3. Notices and Demands. Except as otherwise expressly provided in this Agreement, a notice, demand, or other communication under the Agreement by either party to the other shall be sufficiently given or delivered if it is dispatched by registered or certified mail, postage prepaid, return receipt requested, or delivered personally; and

(a) in the case of the Developer, is addressed to or delivered personally to J Robinson Construction, Inc. 27178 Tamarack St NW, Isanti, MN 55040; and

(b) in the case of the City, is addressed to or delivered personally to the City at 110 First Avenue N.W., P.O. Box 428, Isanti, Minnesota 55040,

or at such other address with respect to either such party as that party may, from time to time, designate in writing and forward to the other as provided in this Section.

Section 5.4. Disclaimer of Relationships. The Developer acknowledges that nothing contained in this Agreement nor any act by the City or the Developer shall be deemed or construed by the Developer or by any third person to create any relationship of third-party beneficiary, principal and agent, limited or general partner, or joint venture between the City and the Developer or any third party.

Section 5.5. Release. Upon payment of all fees and charges under Article III in accordance with the provisions of this Agreement, the City will furnish Developer with a Release of Mortgage for the Property within a reasonable period of time following the request. Developer shall be responsible for recording the Release of Mortgage.

Section 5.6. Modifications. This Agreement may be modified solely through written amendments hereto executed by the Developer and the City.

Section 5.7. Counterparts. This Agreement may be executed in any number of counterparts, each of which shall constitute one and the same instrument.

Section 5.8. Judicial Interpretation. Should any provision of this Agreement require judicial interpretation, the court interpreting or construing the same shall not apply a presumption that the terms hereof shall be more strictly construed against one party by reason of the rule of construction that a document is to be construed more strictly against the party who itself or through its agent or attorney prepared the same, it being agreed that the agents and attorneys of both parties have participated in the preparation hereof.

Section 5.9. Run with the Land. This Agreement may be recorded against the Property and shall run with the aforesaid Property and shall inure to the benefit of and be binding upon the parties hereto and their respective heirs, executors, representatives, successors and assigns.

IN WITNESS WHEREOF, the City has caused this Agreement to be duly executed in its name and behalf and the Developer has caused this Agreement to be duly executed in its name and behalf on or as of the date first above written.

THIS REPAYMENT AGREEMENT; STATUTORY SHORT FORM MORTGAGE; AND DEED RESTRICTIONS ("AGREEMENT"), made on or as of the ____ day of _____, 2019, by and between the City of Isanti, Minnesota, a Minnesota municipal corporation (hereinafter referred to as the "City") having its principal office at 110 First Avenue N.W. PO Box 428, Isanti, Minnesota 55040, and J Robinson Construction, Inc. , a corporation under the laws of the State of Minnesota (hereinafter referred to as the "Developer"), having its principal office at 27178 Tamarack St NW, Isanti, MN 55040.

WITNESSETH:

WHEREAS, the Developer intends to construct a single family home (the "Improvements") on certain real property (the "Property") in the City; and

WHEREAS, in connection with the construction of the Improvements there are certain water and sanitary sewer charges that are payable by the Developer to the City; and

WHEREAS, the Developer has demonstrated to the satisfaction of the City that the Developer is unable to pay the full amount of the charges now and has asked the City to defer such charges and make them payable at a future point in time; and

WHEREAS, the City believes that the development of the Improvements by the Developer is in the best interests of the City and, therefore, it is willing to defer the charges if doing so will facilitate the development and viability of the Improvements.

NOW, THEREFORE, in consideration of the premises and the mutual obligations of the parties hereto, each of them does hereby covenant and agree with the other as follows:

ARTICLE I
Definitions

Section 1.1. Definitions. In this Agreement, unless a different meaning clearly appears from the context:

"Agreement" means this Agreement, as the same may be from time to time modified, amended, or supplemented.

"City" means the City of Isanti, Minnesota, its successors and assigns.

"County" means Isanti County, Minnesota.

"Deferred Charges" means the utility charges described in Section 3.1 of this Agreement being deferred by the City and which the Developer is obligated to pay in accordance with this Agreement.

"Developer" means J Robinson Construction, Inc, a Minnesota Corporation, its successors and assigns.

"Event of Default" means an action by the Developer listed in Article IV of this Agreement.

"Improvements" means the single-family home to be constructed by the Developer on the Property.

(c) on the date that the City issues a certificate of occupancy for the Improvements.

Interest shall accrue on the Deferred Charges at the rate of zero percent (0%) from the date hereof and continuing until the Deferred Charges and all accrued interest have been paid in full.

Section 3.3. Payment of Costs.

(a) The Developer shall pay all costs for title work and recording of this Agreement.

(b) The Developer shall pay all costs incurred by the City in connection with the preparation and implementation of this Agreement and related documents, including, without limitation, fees of attorneys related the preparation of this Agreement and related documents, if the Developer fails to complete construction of the Improvements within one hundred and twenty (120) days after the date of this Agreement.

Section 3.4 Security. As security for Developer's obligation of repayment of the Deferred Charges and Costs identified in Sections 3.1 and 3.3, Developer hereby grants and the City shall and hereby does have, a lien on the Property in the full amount necessary to satisfy any repayment obligation of the fees and charges identified in Sections 3.1 and 3.3 under this Agreement and the cost including reasonable attorney's fees, of collecting the same.

Section 3.5 Notice. At least 10 days before the date of any sale, cash out refinance, transfer or other conveyance of the Property or, in the event of a sale by contract for deed, Developer or their heirs, executors or representatives, shall give the City notice thereof.

Section 3.6 Mortgage. To secure any such repayment of the Deferred Charges under Section 3.1 and 3.3 as may become due under the provisions of this Article, the Developer hereby

grants to the City a Statutory Short Form Mortgage pursuant to the provisions of Minnesota Statutes Section 507.15 (2016) as follows:

UNIFORM SHORT FORM MORTGAGE

This statutory mortgage, made this ___ day of _____, 2019 between the City of Isanti, a Minnesota Municipal having its principal office at 110 First Avenue N.W. PO Box 428, Isanti, Minnesota 55040 (the "Mortgagor"), and J Robinson Construction, Inc., a corporation under the laws of the State of Minnesota having its principal office at 27178 Tamarack St NW, Isanti, MN 55040 (the "Mortgagee"),

Witnesseth, that to secure the payment of the Deferred Charges by the Mortgagee to the Mortgagor of $5,894.00 as described in Article 3 of this Agreement (the "Indebtedness") the Mortgagor, hereby mortgages to the mortgagee and grants a security interest in the real property located at 205 9th Ave SE, in the City of Isanti, Isanti County, Minnesota, as legally described and set forth in "Schedule A" attached hereto and made a part hereof ("Property"), subject only to any liens or encumbrances of record thereon as of the date hereof.

And Mortgagor agrees and covenants with the Mortgagee the following statutory covenants;

1. To warrant the title to the Property, subject only to prior encumbrances of record as of the date hereof.
2. To pay the indebtedness as herein provided.
3. To pay all taxes.
4. To keep the buildings located on the Property insured against fire, windstorm and extended coverage for their full insurable value for the protection of the Mortgagee.
5. That the Property shall be kept in repair and no waste shall be committed.
6. That the whole of the principal sum shall become due after default, in the payment of any installment of principal or interest, or of any tax, or in the performance of any other covenant, at the option of the Mortgagee.

If default be made in any payment or covenant herein, the mortgagee shall have the statutory power of sale, and on foreclosure may retain statutory costs and attorney's fees.

Section 3.7. In the event Mortgagor or their heirs, executors or representatives shall fail or refuse to make a required repayment of the Indebtedness within the limited period set forth herein, the Mortgagee may, with or without notice to Mortgagor foreclose said lien in the same manner as provided pursuant an action for the foreclosure of mortgage upon said Property, as by statute provided, or may at its option proceed with foreclosure by advertisement pursuant to the statutory power of sale which the Mortgagor grants to the Mortgagee provided under this Mortgage, in accordance with applicable law. In the event of default by Mortgagor on any of Mortgagor's obligations under the terms of this Mortgage, Mortgagee shall also have the right to pursue any remedy available to it at law or in equity.

ARTICLE IV
Events of Default

Section 4.1. Events of Default Defined. The following shall be "Events of Default" under this Agreement and the term "Event of Default" shall mean, whenever it is used in this Agreement (unless the context otherwise provides), any one or more of the following events:

(a) Failure by the Developer to pay when due any payments required to be paid under this Agreement.

(b) The Developer of the following: (i) file any petition in bankruptcy or for any reorganization, arrangement, composition, readjustment, liquidation, dissolution, or similar relief under United States Bankruptcy Laws or any similar Federal or State Laws; or (ii) make an assignment for the benefit of its creditors; or (iii) admits, in writing, its inability to pay its debts generally as they become due; or (iv) be adjudicated, bankrupt or insolvent.

Section 4.2. City's Remedies on Default. Whenever any Event of Default by Developer referred to in Section 4.1 of this Agreement occurs, the City may take any one or more of the following actions after providing ten (10) days written notice to the Developer of the Event of Default, but only if the Event of Default has not been cured within said ten (10) days:

(a) Declare the entire outstanding balance of the Deferred Charges immediately due and payable;

(b) Terminate this Agreement;

(c) Deny issuance of certificates of occupancy or temporary certificates of occupancy;

(c) Take whatever action, including legal, equitable or administrative action, which may appear necessary or desirable to the City to collect any payments due under this Agreement, or to enforce performance and observance of any obligation, agreement, or covenant of the Developer under this Agreement, including the remedies provided under Article 3.

Section 4.3. No Remedy Exclusive. No remedy herein conferred upon or reserved to the City or Developer is intended to be exclusive of any other available remedy or remedies, but each and every such remedy shall be cumulative and shall be in addition to every other remedy given under this Agreement or now or hereafter existing at law or in equity or by statute. No delay or omission to exercise any right or power accruing upon any default shall impair any such right or power or shall be construed to be a waiver thereof, but any such right and power may be exercised from time to time and as often as may be deemed expedient. In order to entitle the City or the Developer to exercise any remedy reserved to it, it shall not be necessary to give notice, other than such notice as may be required in this Article IV.

Section 4.4. No Additional Waiver Implied by One Waiver. In the event any agreement contained in this Agreement should be breached by either party and thereafter waived by the other

party, such waiver shall be limited to the particular breach so waived and shall not be deemed to waive any other concurrent, previous or subsequent breach hereunder.

Section 4.5. Costs of Enforcement. Whenever any Event of Default occurs and the City shall employ attorneys or incur other expenses for the collection of payments due or to become due or for the enforcement of performance or observance of any obligation or agreement on the part of the Developer under this Agreement, the Developer agrees that it shall, within ten (10) days of written demand by the City, pay to the City the reasonable fees of such attorneys and such other expenses so incurred by the City.

Section 4.6. Certificate of Occupancy. The City may deny a certificate of occupancy or temporary certificate of occupancy for the Property until all amounts owed to the City under the terms of this Agreement have been paid by Developer.

ARTICLE V
Additional Provisions

Section 5.1. Representatives Not Individually Liable. No member, official, or employee of the City shall be personally liable to the Developer, or any successor in interest, in the event of any default or breach or for any amount which may become due to Developer or successor in interest or on any obligations under the terms of this Agreement.

Section 5.2. Titles of Articles and Sections. Any titles of the several parts, Articles, and Sections of the Agreement are inserted for convenience of reference only and shall be disregarded in construing or interpreting any of its provisions.

Section 5.3. Notices and Demands. Except as otherwise expressly provided in this Agreement, a notice, demand, or other communication under the Agreement by either party to the other shall be sufficiently given or delivered if it is dispatched by registered or certified mail, postage prepaid, return receipt requested, or delivered personally; and

(a) in the case of the Developer, is addressed to or delivered personally to J Robinson Construction, Inc. 27178 Tamarack St NW, Isanti, MN 55040; and

(b) in the case of the City, is addressed to or delivered personally to the City at 110 First Avenue N.W., P.O. Box 428, Isanti, Minnesota 55040,

or at such other address with respect to either such party as that party may, from time to time, designate in writing and forward to the other as provided in this Section.

Section 5.4. Disclaimer of Relationships. The Developer acknowledges that nothing contained in this Agreement nor any act by the City or the Developer shall be deemed or construed by the Developer or by any third person to create any relationship of third-party beneficiary, principal and agent, limited or general partner, or joint venture between the City and the Developer or any third party.

Section 5.5. Release. Upon payment of all fees and charges under Article III in accordance with the provisions of this Agreement, the City will furnish Developer with a Release of Mortgage for the Property within a reasonable period of time following the request. Developer shall be responsible for recording the Release of Mortgage.

Section 5.6. Modifications. This Agreement may be modified solely through written amendments hereto executed by the Developer and the City.

Section 5.7. Counterparts. This Agreement may be executed in any number of counterparts, each of which shall constitute one and the same instrument.

Section 5.8. Judicial Interpretation. Should any provision of this Agreement require judicial interpretation, the court interpreting or construing the same shall not apply a presumption that the terms hereof shall be more strictly construed against one party by reason of the rule of construction that a document is to be construed more strictly against the party who itself or through its agent or attorney prepared the same, it being agreed that the agents and attorneys of both parties have participated in the preparation hereof.

Section 5.9. Run with the Land. This Agreement may be recorded against the Property and shall run with the aforesaid Property and shall inure to the benefit of and be binding upon the parties hereto and their respective heirs, executors, representatives, successors and assigns.

IN WITNESS WHEREOF, the City has caused this Agreement to be duly executed in its name and behalf and the Developer has caused this Agreement to be duly executed in its name and behalf on or as of the date first above written.

Memo for Council Action

To: **Mayor Johnson and Members of City Council**

From: Matt Sylvester, Public Services Director

Date: August 20, 2019

Subject: Bulk Oil Agreement

Background:
Staff currently purchases all bulk oil and fuel from Federated Coop. Federated Coop supplies the bulk oil containers but without spill containment. Staff did a price review with Federated Coop and Beaudry Oil and Propane. Beaudry Oil and Propane was the low bid and will provide the bulk oil containers with spill containment at no charge. The Agreement would not have a term.

Request:
Staff is recommending to join in a contract with Beaudry Oil and Propane and allow the Public Services Director to sign such contract.

Attachment:
- Resolution 2019-XXX -

RESOLUTION NO. 2019-

A RESOLUTION TO ENTER INTO AGREEMENT WITH BEAUDRY OIL AND PROPANE TO PROVIDE BULK OIL CONTAINERS WITH SPILL CONTAINMENT

WHEREAS, the City currently purchases bulk oil and fuel from Federated Coop without spill containment; and,

WHEREAS, after a price review with Federated Coop and Beaudry Oil and Propane. Beaudry Oil and Propane was the low bid and will provide spill containment at no charge; and,

Beaudry Oil and Propane	Federated Coop
5W30- $6.25 per gallon	5W30- $8.26 per gallon
15W40- $9.00 per gallon	15W40- $13.95 per gallon
ATF- $8.10 per gallon	ATF- $10.90 per gallon

WHEREAS, there would not be a term to the agreement; and,

WHEREAS, allow the Public Services Director the authority to sign such agreement; and

NOW, THEREFORE, IT IS HEREBY RESOLVED by the City Council of the City Of Isanti, Minnesota to an Agreement with Beaudry Oil and Propane to provide bulk oil containers with spill containment for as long as we purchase bulk fuel and oil from them. To allow the Public Services Director to sign such agreement.

PLANNING COMMISSION MEETING
Tuesday, July 16, 2019
Minutes

Call to Order: Chairman Johnson called the meeting to order at 7:28pm.
Roll Call: Commissioners present: Chairman Johnson, Collison, Lundeen, Bergley, Gordon, Simon, Collins.

Members absent: None
Staff Present: City Administrator Josi Wood, Community Development Director Sheila Sellman

Agenda Modifications: Addendum to the agenda: other business - consider setbacks for Heritage Estates.

Meeting Minutes: Motion by Lundeen, second by Collinson to approve minutes from June 18, 2019 Planning Commission meeting, motion passed 7-0

Public Hearings
Request from Everpine Land Holding for approval of a Site Plan required under City Ordinance 44, Section 18, Subd. 6 (D) and final plat under Article 6, Subd 1. Said request is for final plat of Legacy Pines 2nd Addition.
Chairman Johnson opened the public hearing. Sellman gave the staff report. No one from the public comment on this item. The Commission discussed access to Legacy Park and Sellman indicated that temporary access is being provided by the developer and a permanent access will be installed by the developer with phase II including a parking lot. The Public hearing was closed. Motion by Lundeen, second by Bergley to approve the Site Plan and Final Plat with conditions listed in the staff report. Motion passed 7-0.

Request from Semler Construction, Inc. for approval of Preliminary Plat required under City Ordinance 536, Article 5, Subd. 1. Said request is to replat 32 townhome lots into 16 single family lots legally described as Lots 74, 75, 76, 77, 78, 79, 80, 81, 82, 84, 85, 86, 87, 88, 89, 90, 91, 92, 93, 94, 95, 96, 97 Block 4 Villages on the Run.
Chairman Johnson opened the public hearing. Hugo Strike of 1303 Blossom Blvd. spoke on this item. He stated that we don't need anymore residential lots, and wanted to know what the dirt pile on the empty lots was for. The Commission explained that the request to actually reduce the number of lots/units. Jason Semler with Semler Construction explained the dirt pile on the lot is from another development of his in Isanti, he is storing there for now. Semler indicated he bought the lots 5 years ago and there isn't a market for townhomes anymore, but there is a market for detached townhomes. The public hearing was closed. Motion by Bergley, second by Simon to approve the preliminary plat with conditions listed in the staff report. Motion passed 7-0.

Other Business
Consider setbacks for Heritage Estates
Level Contracting requested the Planning Commission reduce the approved setbacks for Heritage Estates. Sellman gave the staff report stating that the setbacks were set by Resolution and is part of the development agreement. The Commission asked Monty Jensen with Level

Contracting why he is requesting the reduced setbacks. Monty stated he was unaware of the setbacks in the resolution. The Commission asked him if he signed the development agreement and he said that he did, but he admittedly did not read it. Monty thought the setback shown on the preliminary plat were what was approved. After reviewing the plat the Commission agreed to reduce the setbacks on the lots abutting outlots, to make it consistent with the rest of the plat. Since the Resolution clearly states the setbacks the Planning Commission directed the applicant to apply for a Site Plan Amendment and hold the public hearing at the next City Council meeting. The Planning Commission also noted that there were some typos in the resolution regarding lot numbers and directed staff to fix that at the same time.

Discussion Items: None

Adjournment: Motion by Lundeen, second by Bergley to adjourn, motion passed 7-0. Meeting adjourned at 8:25pm.

CONTRACT FOR CIVIL LEGAL SERVICES

This agreement is entered into by and between the **City of Isanti**, 110 1st Avenue N.W., Isanti, MN 55040 (hereinafter "City") and the law firm of **Ratwik, Roszak, & Maloney, P.A.**, 730 Second Avenue South, Suite 300, Minneapolis, MN 55402 (hereinafter "Law Firm"), for the purpose of utilizing the Law Firm to provide civil legal services to the City.

RECITALS

WHEREAS, the Law Firm desires to provide civil legal services to the City and has the skill and expertise necessary to perform the duties as set forth in this Agreement; and

WHEREAS, the City desires to have the Law Firm provide civil legal services to the City.

NOW THEREFORE, IN CONSIDERATION OF the mutual promises contained herein and other good and sufficient consideration the parties agree to the following:

TERMS

1. Scope and Nature of Legal Services.

1.1. General Civil Legal Services. The Law Firm shall provide those civil legal services to the City outlined in the City's Request for Legal Services issued in July 2019 and those related services typically provided by city attorneys, except as otherwise provided herein. The hourly rates for these services shall be as follows: Shareholders $150/hr, Associates $140/hr and paralegals $80/hr.

1.2. Development Matters. The Law Firm will perform legal services in the Land Use/Economic Development area where the project proposer is required to reimburse the City for legal services. These legal services will be billed to the City at the following rates: Shareholders $185/hr, Associates $145/hr and paralegals $80/hr.

1.3. Litigation Matters. Contested case and litigation matters in which representation is not otherwise provided by insurance defense counsel will be billed to the City at the following rates: Shareholders $175/hr, Associates $145/hr and paralegals $80/hr. This category includes eminent domain proceedings, assessment appeals to district court, annexation proceedings, and any litigation (e.g., contract disputes, debt collection and removal of hazardous structures).

1.4. Rates. The rates set forth above shall remain in effect through December 31, 2020, after which the rates shall be subject to review by the parties.

2. Reimbursable Costs and Expenses.

2.1. General Rule. The City will reimburse the Law Firm for actual, necessary, and reasonable costs and expenses incurred by the Law Firm in the performance of the legal services contained in this Agreement.

2.2. Specific Rates.

Description of Costs	Rate
Mileage	I.R.S. Rates
Parking	Actual Cost
Photocopying	$.20 per page
Facsimile	No charge
Postage	Actual Cost
Messenger	Actual Cost
Court Costs	Actual Cost
Arbitration Costs	Actual Cost
Other Contested Case Costs	Actual Cost

2.3. Billing Procedures. Notwithstanding the provisions below regarding billing and payment procedures, the parties understand and agree that certain expenses may not be known to the Law Firm until after the monthly bill for legal services has been prepared and mailed to the City for payment. For example, an arbitrator's award and bill may not arrive until months after all legal services have been provided, billed, and paid.

3. Responsible Attorney and Staff. Joseph J. Langel shall be the primary attorney for the City. Mr. Langel shall be responsible for the performance of this agreement, although he may be assisted by other attorneys or support staff in the firm.

4. Conflict of Interest and Attorney/Client Privilege Issues.

4.1. Conflict of Interest: The Law Firm will notify the City if the Law Firm represents or has ever represented an opposing party in a legal matter, whether within or outside of the retainer. The Law Firm declares that it represents many school districts, cities, counties, and other public entities throughout the State of Minnesota and in the area of the City.

4.2. Attorney/Client Privilege: The Law Firm is authorized to utilize e-mail without encryption to transmit and receive confidential client information. Cordless and cellular telephones may be used by the Law Firm to transmit and receive confidential client information. The City specifically acknowledges that it understands the confidentiality risks associated with inadvertent interception.

5. **Billing Format, Cycle, Payment Expectations and Interest.**

   5.1. Billing Format: The Law Firm will submit monthly statements itemizing legal services rendered for the prior month broken down into the various case files opened for the City.

   5.2. Billing Cycle: The Law Firm will bill monthly for legal services rendered in the prior month. Generally, bills will go out approximately 15 days after the end of the prior month.

   5.3. Payment Expectations: The City will pay the bill of the Law Firm within 30 days or less of its receipt of the bill by forwarding a check to the Law Firm paying for both legal services and expenses shown on the Law Firm's bill.

   5.4. Disputes: If the City disputes any aspect of the Law Firm's bill, the appropriate City representative will contact Joseph J. Langel at the Law Firm stating the nature of the dispute. The parties pledge their mutual good faith in resolving any disputes.

   5.5. Interest: Because the City will be paying the Law Firm's bills within 30 days from their receipt, no interest will be charged. If the City determines that it will be necessary to deviate from that payment schedule, then it will notify the Law Firm. An interest rate of 8% per annum will be charged to the City if it elects a payment schedule greater than 30 days, subject to change as may be mutually agreed between the parties.

6. **Term:** The term of this Agreement will be from September 3, 2019 through August 31, 2024, subject to the right of either party to terminate the Agreement, without cause, upon 60 calendar days' written notice to the other party.

7. **City Approval:** The City Council has approved the Law Firm's performance of legal services for the City during the term of this agreement.

8. **Other.** The City expressly reserves its right to hire independent counsel on matters it determines requires an attorney with expertise in a particular field, such as bond counsel. In such a situation, the City shall remain responsible to the Law Firm for any billings not related to the matter for which special counsel was retained. The City shall only be responsible to the Law Firm for extra expenses in relation to the matter for which special counsel is retained if the City names the Law Firm as co-counsel in the matter or otherwise requests the Law Firm's participation.

viii. Try all criminal court trial and jury trial cases.
ix. Examine, evaluate, prepare briefs and argue all appeals to the Minnesota Court of Appeals and the Minnesota Supreme Court.
x. Perform legal services for motor vehicle forfeitures under Minnesota Statutes §169A.63 and be compensated at the rate of 30% of the net proceeds of the sale of the vehicle, pursuant to statute.

4. Termination of Contract. This contract between City and Prosecutor shall continue in full force and effect until amended in writing by the mutual agreement of the parties hereto or terminated in accordance with the conditions hereinafter contained. Either party to this contract may terminate the same without cause upon 90-days written notice to the other party.

5. City may terminate this contract without advance notice in the event Prosecutor is guilty of malfeasance or nonfeasance in office, has the right to practice law in the State of Minnesota suspended, or disbarred, or is found guilty of a felony.

MEMO

To: **Mayor Johnson & City Council Members**

From: Finance Director Betker

Date: September 3, 2019

Subject: 2020 Preliminary Budget and Levy Adoption

Background:

The proposed preliminary property tax levy is $2,996,197 and reflects an increase in the preliminary taxable market value for 2020 of 15.09%. The city will receive updated property tax values from the County in December.

The proposed preliminary property tax rate is 67.81%. An increase of 7.77% from 2019. The average tax from 2005 thru 2019 was 68.50%

As discussed in prior work sessions, other non-levy General Fund revenue sources have been adjusted to reflect prior year trends, rates per the fee schedule, and known agreements and trends.

General Fund expenditures have been adjusted based on prior year actual costs, current year expenditures thru June, actual maintenance agreements and contracted costs. All wages include a 3% COLA for 2020 and include the necessary step increases, where applicable. Dental Insurance, Worker's Compensation, Property/Liability/Volunteer Insurance, and Life/AD&D Insurance have all been adjusted to reflect premiums paid in 2019 and any necessary inflationary factor was applied. Health Insurance has increased 7.5%.

Current Action:
Consider Resolution Setting the 2020 Final Budget and Levy Meeting
Consider Resolution Approving the 2020 Preliminary Budget for the City of Isanti
Consider Resolution Adopting the Proposed 2019 Tax Levy Collectible in 2020 for the City of Isanti
