J. Business Items

1. Resolution 2018-281 Approving Partnership Agreements Between the City of Isanti and the East Central Regional Library and the Isanti Area Friends of the Library *(Carla Lydon)*
   Carla Lydon; Executive Director at East Central Library shared that this is the 9th year that outreach Services have been available at City Hall. Carla Lydon continued to share that the purpose of the Outreach Program is to bring services one day a week to those who are unable to travel to the library branches and that the Outreach Program shows that it has been consistently used throughout the year.
   Motion by Lundeen, second by Bergley to approve the resolution as presented. Motion carried.

2. Approval to Establish an Eligibility List for Hiring Police Officers *(Ross Lorinser)- Discussion Only*
   Councilor Ross Lorinser shared 5 potential Part-Time and Full-Time Police Officers have been interviewed and that getting a list together of possible hires is beneficial to have done sooner rather than later. The process is helpful for future vacancies as well.
   Motion by Lundeen, second by Collison to approve Establishing a Police Officer Eligibility List. Motion carried.

3. Resolution 2018-282 Amending Final 2018 Tax Levy Collectible 2019 *(Ross Lorinser)*
   Councilor Ross Lorinser shared that upon discussion with Finance Director Mike Betker it was brought to attention that there was another $235,261.00 that can be reduced from the Levy. Finance Director Mike Betker shared that there are two known amounts from the 2018 budget. Mike Betker continued to share that there was a budgeted surplus of $170,000.00, and budget amendments that are on the Consent Agenda would free up $64,000.00 in the Police Department budget. Those two amounts together total about $235,000.00. Mike Betker continued to share that if Council decides not to take action at this time, current City policy would require that money to reduce the Levy budget in 2020 instead of 2019.
   Councilor Ross Lorinser added that this would bring the tax rate down 21% to 62.9%. Ross Lorinser further stated that the tax rate in 2004 before the recession was 73.85% and that the 2019 tax rate would fall well below what it was in 2004.
   Motion by Lorinser, second by Collison to approve Resolution as presented. Motion carried.

4. **<u>City Administrator Don Lorsung</u>**
   Ordinance-697 City Code Change to Committee of the Whole
   Mayor Wimmer shared that this was previously discussed by Council where items to be discussed will be placed on the agenda moving forward.
   Motion by Lundeen, second by Lorinser to approve Ordinance. Motion carried.

5. **Finance Director Mike Betker**

a. Ordinance-698 Amending the Code of the City of Isanti Chapter 160 Fees
Motion by Lorinser, second by Collison to approve Ordinance. Motion carried.

b. Resolution 2018-283 Adopting Fees within the City of Isanti
Motion by Lorinser, second by Collison to approve resolution as presented. Motion carried.

6. **Community Development Director Ryan Kernosky**

Resolution 2018-284 Planned Unit Development for Heritage Estates Subdivision
Community Development Director Ryan Kernosky shared that this is a 50 Unit subdivision by the Isanti Intermediate School. He further shared that a PUD is a creative zoning district that allows a higher concentration and less setbacks for the development. Ryan Kernosky continued to share that the Planning Commission has reviewed this twice and has held a Public Hearing as well.
Motion by Lundeen, second by Bergley to approve resolution as presented with the recommended conditions. Motion carried.

7. **Parks, Recreation and Culture Manager Katie Everett**

a. Resolution 2018-285 Extending Site Use Agreement Between the City of Isanti and Catholic Charities
Mayor Wimmer shared that this resolution is for Senior Dining to continue to operate out of the Community Center in 2019.
Motion by Lundeen, second by Lorinser to approve resolution as presented. Motion carried.

b. Resolution 2018-286 Accepting Quote for Publication of the City of Isanti Newsletter for Years 2019-2020.
Motion by Lundeen, second by Bergley to approve resolution as presented. Motion carried.

8. **Chief of Police Gene Hill**

Resolution 2018-287 Authorizing Staff to Purchase a New Squad Vehicle and to Outfit that Vehicle by Transferring Existing Unspent 2018 Police Department Funds
The Council discussed whether action should be taken to purchase new vehicle for the Police Department or wait to discuss with Committee of a Whole. After this discussion a motion was made by Lorinser to approve the auctioning of Dodge Charger and have the proposed new squad vehicle purchase discussed at Committee of the Whole meeting with Councilor Collison seconding the motion. Motion carried.

K. Approve Consent Agenda

Public Hearing

To: Mayor Johnson
Members of the City Council

From: Matt Lindholm, Planner

Date: January 7, 2019

Subject: Public Hearing for Abatement of the property located at 820 Dogwood St SW currently in violation of City Code 216-2 affecting health and safety and Ordinance No. 445 Zoning.

Background

On November 29, 2018, Matt Lindholm, Planner issued a notification letter citing "Outdoor storage of a vehicle not in street operable condition." The letter indicated that the vehicle needed to be in street operable condition, be stored in the garage or removed from the property. At this time, the City requested that these issues be taken care of by December 13, 2018 if the owner was unable to make the corrections in the required time, they were invited to contact the City. In the meantime, the City received no correspondence or contact from the owner or occupants

On December 14 and December 18, 2018; Lindholm conducted followed up inspections to ensure that the vehicle complied with City Code. However, the vehicle remained in the driveway, in its previously cited state. Rather than pursuing an Administrative Citation, then abatement proceedings, Lindholm initiated abatement proceedings per City Code 216-6 to ensure a timely clean-up of the vehicle and to avoid excessive fines.

A public hearing notice was sent to the property owner on December 19, 2018 via certified mail with a public hearing date of January 7, 2019. Notice was also published in the Isanti County News on December 27, 2018.

On the day this memo was completed for the Council packet the property remained in violation with no apparent progress being made. The property will be reinspected on January 7, 2019 just prior to the City Council meeting and an update will be provided to the City Council.

Staff Request

City staff is requesting action on this item.

NOTICE OF PUBLIC HEARING FOR PROPERTY ABATEMENT

The Isanti City Council will hold a public hearing at their regularly scheduled meeting on **Monday, January 7th, 2019** to review the violations of City Code that have occurred on this property. Based upon the evidence that will be provided, the City Council will consider authorizing the nuisance abatement for the property at your expense.

Based upon that authorization, your property shall be re-inspected and if the property is found to be non-compliant, the property will be abated immediately. Items will be removed by the City at that time; and you will be liable for all costs incurred by the City for the abatement, including administrative costs. Upon the provision of City Code 216-7 (Recovery of Cost), Staff has been directed to submit to Council a list of the total unpaid charges along with all other charges as well as other charges for current services to be assessed under Minnesota Statutes, Section 429-101.

If you have any questions or concerns please contact me as soon as possible. I can be reached at (763) 444-5512 or via e-mail at mlindholm@cityofisanti.us

Greetings,

A City Code violation was noted at your property.

Violation description: **Outdoor storage of a vehicle not in street operable condition**

We understand that no one enjoys receiving a city code violation and that most residents aren't aware that these codes exist. Please read the details below carefully and make the necessary corrections prior to the due date. City codes help keep our community safe, friendly, and beautiful. I am here to help you remove this violation on your property, located at 820 Dogwood St SW in Isanti.

Your due date to come into compliance is on or before December 13, 2018. In order to be in compliance, the vehicle currently parked/stored on the driveway, must be in street operable condition, be stored in the garage or removed from the property.

Please note that in the event of a repeat violation of the same or similar nature, which was previously cleared, occurring within a twelve, (12) month period from date of this letter, on this property, owned by the same property owner, the violation will be immediately issued an Administrative Citation. See ordinance details below.

If you feel that there has been an error or you are unable to make the corrections in the required time or need help understanding how to return your property into compliance, please contact me. My office hours are 8:00am to 12:00 noon, Monday through Friday. **Please contact Matt at (763) 444-5512** or email to **codeandzoning@cityofisanti.us**

Violation: **NUISANCES**
Ordinance: General Legislation Chapter 216
Description: §216-2 The following are hereby declared to be nuisances affecting health:

L. Any outside storage of rubbish, salvage materials, junk, vehicles without current license plates, **not in street operable condition**, or not currently insured; or miscellaneous refuse when the same is construed by the City Council to be a menace or a nuisance to the public health, safety, or general welfare and to have a depressing influence on property values in the area.

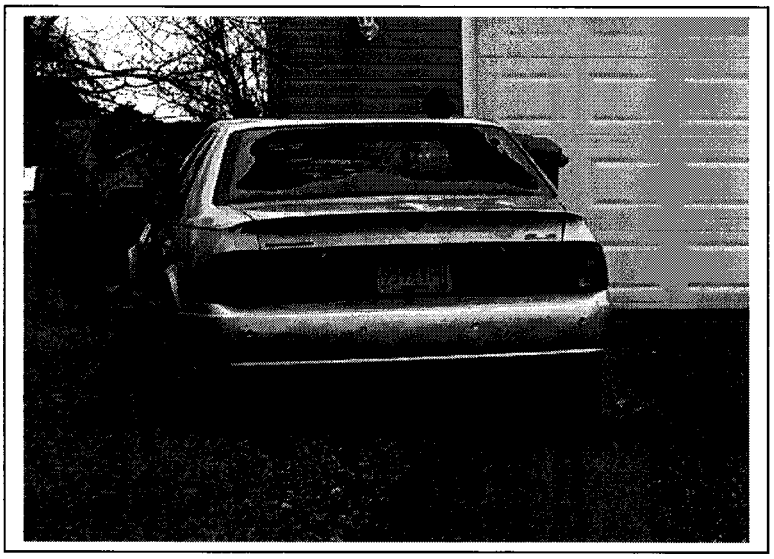
§ 216-6 Abatement.

A. Process for general nuisance abatement.[Amended 6-17-2014 by Ord. No. 580]
   (1) Whenever the officer charged with enforcement determines that a public nuisance is being maintained or exists on premises in the City, the officer shall notify, in writing, the owner or occupant of the premises of such fact and order that such nuisance be terminated and abated. The notice shall be served in person or by certified or registered mail. If the premises is not occupied and the owner is unknown, the notice may be served by posting it on the premises. The notice shall specify the steps to be taken to abate the nuisance and the time, not exceeding 30 days, within which the nuisance is to be abated. If the notice is not complied with within the time specified, the enforcing officer shall report that fact forthwith to the Council.
   (2) Thereafter, the Council may, after notice to the owner or occupant and an opportunity to be heard, provide for abating the nuisance by the City. The notice shall be serviced in the same manner as notice by the enforcing officer is served and shall be given at least 10 days before the date stated in the notice when the Council will consider the matter. If notice is given by posting, at least 14 days shall elapse between the day of posting and the hearing. In the event a nuisance is abated to the satisfaction of the City but recurs within 180 days after such abatement, such recurrence shall be deemed to be a continuation of the same nuisance, and the council may proceed without additional notice or hearing to provide for abatement of said nuisance by the City. In such event, the City shall be entitled to recovery costs in the same manner as for the original abatement, as proved for in § 216-7 of this chapter.



Action must be taken on or before December 13, 2018. Failure to come into compliance prior to the due date will result in an administrative citation from the City of Isanti, which carries a fine of up to $200 per day that the violation continues to exist. A 10% late fee will also be assessed after 10 days of non-payment or non-compliance. City code violations that are not resolved may also be referred to the City Council for abatement which will be done at the homeowner's expense and may result in a lien upon the property. Additionally, the City of Isanti may turn over non-compliant property owners to the Police Department for criminal prosecution. Property owners wishing to appeal an administrative citation may elect to moderate the violation with a neutral 3rd party if they notify the City within 10 calendar days of the issuance of an administrative citation.

RESOLUTION NO. 2019-XXX

RESOLUTION TO AUTHORIZE NUISANCE ABATEMENT FOR PROPERTY LOCATED AT 820 Dogwood St SW

WHEREAS, the property owner of 820 Dogwood St SW is in violation of City Code 216-2 affecting health and safety; City Code 227-8 Storage and Parking Restrictions; City Code 273-7 Public Nuisances Affecting Health; and Ordinance No. 445 Zoning; and,

WHEREAS, the process was followed under City Code §216-6 (Abatement) whereas the City served notice to the property owners regarding the violation; and

WHEREAS, City Code §216-6 provides for calling a public hearing to hear on the matter and notice shall be provided to the property owner of the hearing date; and

WHEREAS, City Code §216-6 after subject hearing the Council may abate the property and direct the City provide the services to allow compliance of the Nuisance Code

NOW, THEREFORE, IT IS HEREBY RESOLVED by the City Council of the City of Isanti, Minnesota as follows:

1. The property owner and/or occupant shall be given until the end of Monday, January 14, 2019 to come into compliance.
2. The Planner shall inspect the property on Tuesday, January 15, 2019 and if the property is found not to be in compliance, the property located at 820 Dogwood St SW shall be hereby abated.
3. Upon provision of City Code §216-6. Staff is hereby directed to submit to Council a list of the total unpaid charges along with all other such charges as well as other charges for current services to be assessed under Minnesota Statutes, Section 429.I01.

This Resolution hereby approved by the Isanti City Council this 7th day of January, 2019.

Subject: Resolution Designating Official Newspaper, Appointing Depositories, Professional Services, and Setting City Council Meetings for Year 2019

Newspaper Bids, Appointment of Depositories and Professional Services

Bids for the 2019 official city newspaper have been received from the Isanti-Chisago County Star and Isanti County News. Bids will be opened and read out loud at the Council meeting.

Attached is a Resolution designating the official City Newspaper, designation of depositories and appointment of professional services for the year 2019.

Regular City Council Meetings

The Resolution also sets City Council meetings per the attached schedule. Regular Meetings are typically held at 7:00 p.m. on the first and third Tuesdays of the month. Regarding the regular meeting schedule, a Wednesday meeting will be held this year due to the National Night Out (8/6/18).

Council Workshops

City Council Workshops are set at the direction of the City Council by City Council resolution. They are called at first regular City Council Meeting of the month and would be scheduled for 5:45 p.m. prior to the second regular City Council meeting of the month. They would be held in lieu of the Committee of the Whole Meeting for that month.

Committee of the Whole

City staff is recommending scheduling the Committee of the Whole Meetings before the second regular City Council Meeting of each month, from 5:45 to 6:45 p.m.

Subject: Interim Community Development Services

With the recent resignation of the City's Community Development Director (CDD), the City is in need of assistance with Community Development and Planning/Zoning services. During this interim period, staff is proposing both a re-allocation of current staff and consideration of a contract with former CDD Kernosky to assist as needed. In anticipation of his new duties under Special Projects, Don Lorsung will serve as the day to day contact and temporary CDD, performing duties as required. Mr. Kernosky will assist as needed with existing projects and consulting on both community development and economic development matters until a new CDD is in place. This is a similar arrangement that we had with former CDD Roxanne Achman. At that time too we had a second contract for a Planner from Bolton and Menk to assist with the day to day planning and zoning duties.

The interim services with Mr. Kernosky would be charged at $75.00 per hour plus mileage. Attached is a resolution and contract proposal for your consideration.

RESOLUTION NO. 2019-XXX

RESOLUTION APPROVING A CONTRACT FOR INTERIM COMMUNITY DEVELOPMENT CONSULTING SERVICES WITH RYAN KERNOSKY

WHEREAS, Community Development Director Ryan Kernosky gave notice of resignation as an employee of the City of Isanti, with his last work day January 4, 2019; and

WHEREAS, it is recognized that community development and economic development tasks and services must be provided in the interim of filling the position; and

WHEREAS, as with past Community Development Director transitions, it would be of great assistance to have Mr. Kernosky's services with these tasks and staff recommends contracting with him during this interim time period:

NOW, THEREFORE, IT IS HEREBY RESOLVED by the City Council of the City of Isanti, Minnesota, as follows:

1. Hereby enters into the attached contract between the City of Isanti and Ryan Kernosky, Municipal Group LLC, for interim community development services.

2. Approves and authorizes staff to sign the contract between the City of Isanti and Kernosky.

RE: REQUEST FOR PROPOSAL FOR INTERIM COMMUNITY DEVELOPMENT SERVICES

Mr. Lorsung,

Municipal Group, LLC is pleased to provide the following proposal for interim community development services. We understand that the scope of the services is limited in duration, and may include:

- Provide guidance to staff on professional planning, zoning, and economic development work occurring within the City of Isanti
- Provide subdivision and zoning administration assistance
- Review development proposals and agreements as needed
- Provide support to professional staff in reviewing preliminary and final plats
- Offer recommendations on planning matters, and prepare consulting reports as necessary

We believe that we can offer all of those services for the duration of our working relationship.

Municipal Group, LLC will offer our interim community development services for the following costs:

- Flat rate of $75.00 per hour, billed to the 1/10th of the hour
- Mileage costs based on the 2019 federal mileage rate
    - Travel time based on ½ of flat hourly basis

Attached you will find a basic contract outlining the duties for these consulting services. I am looking forward to hearing from you regarding your community's decision. I can be easily reached at 715-212-0416 or ryan@municipalgroup.org .

Standards of Conduct

1. Public Officials, City employees, and Police Reserve members:

   a) Shall not use their positions to secure special privileges or exemptions for themselves or others to intentionally jeopardize the position of employment of others;

   b) Shall not engage in, solicit, negotiate for, or promise to accept private employment nor shall they render services for private interests or conduct a private business when

such employment, service, or business creates a conflict with or impairs the proper discharge of their official duties;

c) Shall not participate in deliberations in any matter before the Council, Board or Commission, which affects that Public Official's, Public Official's spouse or minor child's financial interests directly or indirectly or those of a business, profession or occupation with which the Public Official is associated. Whenever such conflict is recognized, the affected Public Officials shall disclose in writing such interest prior to any discussion or vote and disqualify themselves from any further involvement pertaining to the issue;

d) Shall not act as agent or attorney for another in any matter before the Council or any Board or Commission or before any court or administrative board in any matter in which the City is a party;

e) Shall not directly or indirectly receive, or agree to receive, any compensation, gift or reward or gratuity as an inducement to support or influence any matter or proceeding connected with, or related to, the duties of the office; The following types of gifts are permitted under exceptions to the law:

   1) Lawful campaign contributions.

   2) Services to assist an official in the performance of official duties.

   3) Services of insignificant monetary value.

   4) A plaque or similar item.

   5) A trinket or item of insignificant monetary value.

   6) Informational material of unexceptional value.

   7) Food or beverage given at a reception, meal, or meeting by an organization before whom the recipient makes a speech or answers questions as part of a program (this exception is only available if the location of the reception, meal, or meeting is away from the recipient's place of work).

   8) Gifts given because of the recipient's membership in a group.

   9) Gifts between family members.

f) Shall not disclose to others or use to further their personal interest confidential information acquired by them in the course of their official duties.

2. Any Public Official who is an officer, director, partner, agent, proprietor or employee of any firm or has a proprietary interest of 10 percent (10%) or more in any company, business, enterprise or corporation, partnership, labor union or association doing business

with the City shall make known that interest in writing as provided in the disclosure section of this Policy.

3. No Public Official nor business entity that the Public Official has a financial interest in, in excess of 10 percent (10%), shall enter into any contract with the City unless otherwise authorized by law.

4. Public Officials shall disclose to the governing body any relationship to another person or entity in any instance where there is a conflict of interest or could be the appearance of a conflict of interest.

5. Public Officials shall not have a personal financial interest in any sales, lease, or contract that they are authorized to make in their official capacities.

6. A Public Official shall not hold two positions if the positions' functions are incompatible with one another.

Disclosures

Public Officials, elected or appointed and employees serving as Department Heads or Supervisors, shall, no later than thirty (30) days following election or appointment to office and each year thereafter by February 1, complete the Disclosure Form and return it to the City Administrator. All subsequent applicants for appointment on Boards and Commissions shall file a completed Disclosure Form together with the application form. Within thirty (30) days after the acquisition or sale of any property, each Public Official shall file as a public record with the City Administrator, a list of all real property in the City owned by such person, that person's spouse, or minor child, or in which the Public Official has a beneficial interest, disclosing each individual item held, and by whom. Homestead shall be excluded from the above disclosure. Each Public Official shall disclose all positions as officer, director, partner, agent, proprietor or employee of any firm in which such Public Official has a proprietary interest of ten percent (10%) or more in any company, business, enterprise, corporation, partnership, labor union or association doing business with the City, and indicate with respect to each such relationship whether services are gratuitous or for compensation.

Disclosure Form

The disclosure information required by this Policy shall be set forth on a form which shall be made available by the City Administrator and is part of this Policy.

Discipline

Upon a signed written complaint of any person questioning adherence to this Policy or on the Council's own volition, the Council shall refer the matter to the City Attorney for investigation and the City Attorney shall report the results of the investigation to the Council within forty-five (45) days thereafter. A copy of such report shall be furnished to the person complained against. Such person may request a hearing on this matter before the Council which request shall be filed with the City Administrator not later than ten (10) days following receipt by such person of the City Attorney's report.

Upon receipt of the City Attorney's report and at the conclusion of any hearing on the matter, the Council by majority vote may dismiss the complaint as having no merit, may adopt a resolution of censure, or with respect to members of Boards and Commissions, the Council may remove a member from such Board or Commission. In the event the complaint is against a member of the Council, such member shall not participate in the Council's deliberations or vote on the issue.

Violations

Any Public Official who violates the Conflict of Interest Law can be found guilty of a gross misdemeanor, be fined up to $3,000, and imprisoned for up to one year. Any contract that has been made illegally is void.

This Resolution is hereby approved by the Isanti City Council this 7th day of January, 2019.

Request for City Council Action

To: **Mayor Johnson and City Council Members**
From: Chief Gene C. Hill
Date: January 2, 2019 **MEMO**
Subject: Squad Car Purchase – 2019 Dodge Durango AWD Pursuit – V6 Pentastar engine

Background:

The City Council passed the budget for 2019 to include the purchase of a new vehicle for the Police Department. The vehicle that is being replaced is a 2006 Chevrolet Silverado 4x4 that was forfeited from a drunk driver. The 2006 Chevrolet would be sold at auction and the proceeds from that sale would be required to be deposited into the Isanti PD Forfeiture Fund per §169A.63. Additionally, we are down a second patrol vehicle with the 2011 Dodge Charger having a bad engine due to camshaft failure.

Ford has stopped production of the Taurus Police interceptor. Ford is retooling the Interceptor Utility (SUV) plant and Ford is reporting that the earliest an Interceptor Utility will be available to order is end of May 2019. Then they have to build them and delivery would be at least 120 days after the order. That puts a new squad out until early September 2019.

There is a 2019 Chevrolet Tahoe 4x4 pursuit white in color on the ground for $36,600.00, this is state contract pricing. The build prices are comparable to the pricing below. Looking at capital return up selling, the extra expense for the Tahoe is recaptured up selling the vehicle. Additionally, in speaking with Cambridge PD and Braham PD who have Tahoe's in service, their expenses in repairs are cheaper for the Tahoe than their other vehicles.

I called around to the contracted dealers and there are no known 2019 Ford Utility Interceptors white in color available; there are two potential black utility interceptors available in mid-February for a price of $29,429.00 each.

The following option are available to meet the vehicle needs of the patrol fleet:

Option 1: [redacted]

• 2019 Dodge Durango AWD Pursuit		$29,110.00
Graffix Shopee – car decals		950.00
Emergency Automotive		10,178.37
	Total	$40,238.37

Option 2: [redacted]

• 2019 Chevrolet Tahoe 4x4 Pursuit		$36,600.00
• Graffix Shopee – car decals		950.00
• Emergency Automotive		10,078.37
	Total	$47,628.37

Action:

Please review attached information for consideration in replacing an aged police car and the needed expenditures to complete the build. To declare the 2006 Chevrolet Silverado 1500 Crew Cab Truck surplus property and to sell the vehicle at public auction at Wayne Pike Auction Services in Princeton, Mn. as council has approved in the past. The sale proceeds will be deposited into the Isanti Police Forfeiture Fund.

Thank you for your consideration,
Chief Gene C. Hill

RESOLUTION 2019- XXXX

RESOLUTION APPROVING THE PURCHASE OF NEW SQUAD CAR AND TO EQUIP SUCH VEHICLE

WHEREAS, the police department has budgeted for the purchase of a replacement squad car for 2019 as notated in the Cities capital replacement plan; and

WHEREAS, the funds to purchase the vehicle will be from the police capital replacement fund; and

WHEREAS, to declare the 2006 Chevrolet Silverado 1500 Crew Cab Truck as surplus property, to sell the vehicle at public auction (Wayne Pikes Auction Services (Princeton, Mn.), and

WHEREAS, deposit the funds from the sale of the vehicle back into the Isanti Police Forfeiture Fund from where they originated in accordance with Minnesota §169A.63.

NOW, THEREFORE, BE IT RESOLVED by the City Council of the City of Isanti, Minnesota, to hereby approve.

1. To authorize the Chief of Police to purchase a 2019 vehicle as directed.
2. To declare the 2006 Chevrolet Silverado as surplus property to be sold at Wayne Pikes Auction and that the proceeds be deposited into the Isanti Forfeiture Fund.

This Resolution is approved by the City of Isanti City Council this 7th Day of January, 2019.

Memo

To: **Mayor Johnson and Members of the City Council**

From: Katie Everett, Parks, Recreation and Culture Manager

Date: January 7, 2019

Subject: **Resolution Approving Isantian Ad Rates and Sponsorship Packages**

Background:

The City of Isanti offsets some of the expense of printing the quarterly Isantian newsletter by selling advertising space. There are 2.75" x 1.5" standard ads and one half-page ad available. The City also offers sponsorship packages for City programs including the Farmers' Market, Community Garden, and Street Dances. Community Partnership Packages have been developed for local businesses to easily support all of these initiatives. Pricing is as follows:

- Standard Ad: $400/year (runs 4 times)
- Half Page Ad: $1200/year (runs 4 times)
- Tier 1: $650
- Tier 2: $1100
- Tier 3: $1350

Package details are listed in "Exhibit A" of the attached resolution.

Staff Request:

Staff requests City Council approval of the Isantian ad and sponsorship package rates.

Attachment:

- Resolution 2018- XXX
    - Isantian Ad Rate Sheet and Contract

RESOLUTION NO. 2018-XXX

A RESOLUTION APPROVING ISANTIAN AD RATES AND SPONSORSHIP PACKAGES

WHEREAS, in 2017, the City of Isanti began handling the advertisements in the Isantian newsletter in-house; and,

WHEREAS, revenue from advertisements supports the cost of publishing the newsletter; and,

WHEREAS, the standard size ad rate will be $400 with twelve (12) ad spaces available, and the half page rate will be $1200 (one available).

WHEREAS, the City of Isanti also seeks local businesses and organizations each year to participate in sponsorship programs for the Street Dances and Farmers' Market/Community Garden (the Cultivate Wellness program); and,

WHEREAS, to encourage business involvement in the community, the City of Isanti will be offering limited time discounted sponsorship packages with purchase of a standard ad in the Isantian newsletter as follows:

- Tier 1: $650
- Tier 2: $1100
- Tier 3: $1350

WHEREAS, participating businesses will be required to submit an order form and contract, attached to this Resolution as "Exhibit A,"

NOW, THEREFORE, BE IT RESOLVED by the City Council of the City of Isanti, Minnesota to hereby approve the Isantian ad rates and sponsorship packages, effective January 8, 2019.

AND FURTHERMORE, IT IS HEREBY RESOLVED by the City Council of the City of Isanti, Minnesota to authorize City staff to sign participant contracts as they are submitted.

This resolution was duly adopted by the Isanti City Council this 7th day of January, 2019.

Date: January 7, 2018

Subject: Approval of 2019 Community Garden Handbook and Registration

---

Background:
Staff has updated the Community Garden Handbook to reflect 2019 registration and garden season dates. There were two changes to rules as follows:

Change: Ground Plots – 10'x10': $15/100 ft^2 reserve up to 3 per household
Add: Harvesting of any kind from others' plots is prohibited without permission from primary plot renter.

Staff is not recommending any changes to rental fees for 2019.

Registrations dates will be:
February 4-8, 2019 – Returning gardeners reserving the same plots
February 11-15, 2019 – Returning gardeners reserving new plots
February 19 – May 31, 2019 – Open registration.

Other important dates for the 2019 garden season:
May 9, 2019 – Kick-Off Party
May 11, 2019 – First Day to Garden
August 22, 2019 – Harvest Pot Luck
October 13, 2019 – Last Day of the Season

Upon approval of the attached documents, staff will update the website to make the new documents available for download. Registration forms and handbooks will also be available at City Hall.

Staff Request:
Staff is requesting the 2019 Community Garden Handbook and registration form be approved.

Isanti PARKS

2019 Handbook

Community Garden Rules

It is the goal of the City of Isanti to offer a high quality, safe, and accessible space for the public to enjoy the benefits of gardening. In order to achieve this, cooperation is required from all participants to contribute to a positive experience for themselves and other gardeners.

1. The City of Isanti will

- Till the garden plots in the spring and fall.
- Provide access to water through spigots distributed around the garden.
- Stake out and number plots.
- Provide basic gardening tools, e.g. hoses, hand tools, and shovels, for use inside the community garden.

2. Community gardeners will

- Complete a plot reservation form and pay required fees.
- Administer adequate plot maintenance including: weeding, watering, and harvesting in a timely manner keeping the plot tidy and visually appealing.
- Maintain their plots through the end of the season and arrange for care of plots during vacation or other extended absence. In the event that a plot can no longer be maintained, gardeners will notify the City of Isanti as soon as possible.
- Abide by all Rules of Use of the Isanti Community Garden.
- Contribute to a positive experience with fellow gardeners.

Rules of Use

- Plot reservations will be taken February 4, 2019 through May 31, 2019. (See "Important Dates" section for details). No refunds will be issued after May 1, 2019.
- The gardening season will begin May 11, 2019 and end October 13, 2019. (Dates are subject to change due to weather conditions.) All gardening must occur between dawn and dusk.
- Gardeners may allow others to garden at their plot, but the ultimate responsibility of plot maintenance and fees belong to the renter.
- Harvesting of any kind from others' plots is prohibited without permission from primary plot renter.
- Pets are not allowed inside the community garden. Service animals are allowed as needed.
- Children (under 15) in the community garden will be supervised at all times.
- Community garden plots are intended for personal use only. No commercial gardening is allowed.
- Garden plots may not be used to grow illegal plants, controlled substances, shrubs, or trees.
- All plants and temporary structures (ex: trellises) must be contained within the plot boundaries.
- The garden cannot technically be considered organic, but the use of commercial pesticides is not allowed. For a list of acceptable products, contact City of Isanti Staff.
- Garden debris should be placed in the provided compost bins and never in another plot or outside the garden area.
- When provided equipment is used, it must be returned in good condition to the shed. Gardeners should report any lost or damaged tools to City of Isanti staff immediately.
- If a plot is deemed abandoned, it will be reassigned at the discretion of the City of Isanti. A plot will be considered abandoned if any of the following occur:
  - The garden is not planted by June 9, 2019
  - No signs of maintenance
  - Weeds have gone to seed
  - Harvest rotting on vine
  - Gardener has not responded to inquiries from City of Isanti staff.
  - Gardener has not addressed issues within 7 days of being notified by City of Isanti

Notices:

The City of Isanti reserves the right to full access of all plots at all times to ensure that rules are being followed, and if necessary may terminate a plot rental for the safety and welfare of city property.

The City of Isanti assumes no liability for injury, damage, theft, or loss of property belonging to garden users before, during, or after rental.

MEMORANDUM

TO: Mayor Jeff Johnson
Members of the Isanti City Council

FROM: Ryan Kernosky, Consulting City Planner

DATE: January 7, 2019

SUBJECT: **CONSIDERATION OF: REDUCTION IN LETTER OF CREDIT – LEGACY PINES SUBDIVISION**

Request: A reduction in the letter of credit for Legacy Pines Subdivision.

Background: Legacy Pines Subdivision is a 49-lot subdivision currently under construction near Legacy Park. Odyssey Homes, Inc (developer) has requested that the City reduce the letter of credit from $2,113,889.51 to $1,572,497.14 (a reduction of $541,392.37).

The developer has successfully installed the water and sewer mains and laterals from Bellaire Blvd NW to Whiskey Rd NW, and the first phase of Moline Loop.

Other Considerations: The development agreement between the City of Isanti and Odyssey Homes, Inc (approved November 7, 2018) allows the developer to request a reduction in the letter of credit, provided that the total letter of credit does not fall below 20 percent of the estimated cost of the developer installed municipal improvements. The requested letter of credit reduction reduces the letter of credit from 100 percent to 70.63 percent, well above the 20 percent rule within the development agreement.

The developer must still install other municipal improvements such as curb, gutter, sidewalk, and bituminous lifts.

Staff Recommendation: City staff, along with our engineers, have reviewed the request and recommend **APPROVAL** as presented.

RESOLUTION NO. 2019-XXX

A RESOLUTION AUTHORIZING A REDUCTION IN THE LETTER OF CREDIT FOR LEGACY PINES SUBDIVISION PHASE ONE

WHEREAS, Odyssey Homes, Inc (developer) has submitted a written request for a reduction in the letter of credit as described in the development agreement between the developer and the City of Isanti; and,

WHEREAS, the developer has requested a reduction in the letter of credit from $2,113,889.51 to $1,572,497.14, a reduction of $541,392.37; and,

WHEREAS, the developer has successfully installed municipal water and sewer improvements; and,

WHEREAS, the Community Development Director and City Engineer have reviewed the request and recommended approval.

NOW, THEREFORE, BE IT RESOLVED by the City Council of the City of Isanti, that the requested reduction in the letter of credit be hereby **APPROVED** as requested, **BE IT FURTHER RESOLVED** that the City Council of the City of Isanti authorizes City Staff to execute said reduction.

MEMORANDUM

Date: December 20, 2018

To: Ryan Kernosky, Community Development Director

From: Bradley C. DeWolf, P.E.
City Engineer

Jason W. Cook, P.E.
Assistant City Engineer

Subject: Legacy Pines – Developer Requested Letter of Credit Reduction
City of Isanti, MN
Project No.: R13.117438

Odyssey Homes, the developer of Legacy Pines, has requested a reduction of $541,392.37 to the Letter of Credit for the Legacy Pines development.

They have paid Kuekle Underground $541,392.37 for work completed to date, including the installation of all sewer and water services and mains planned for Phase 1 of this development.

The work has been found to be in compliance with City standards and all tests have passed to date. The watermain is currently in service including the required watermain loop from Bellaire Boulevard NW to Whiskey Road NW.

We recommend approving the reduction of the Letter of Credit in the amount of $541,392.37 for work completed to date.

The remaining balance of the Letter of Credit is anticipated to be sufficient to complete the project as proposed while covering all incurred overhead costs including testing, inspection, and contract administration.

Attached is the request for the reduction as well and the invoice paid and the lien waiver from Kuekle Underground for work completed to date.

Please contact us if you have any questions.

RE: Legacy Pines Subdivision
Letter of Credit Reduction Request

Dear Ryan:

Given the completion of certain improvements in the Legacy Pines Subdivision, at this time I am requesting a reduction in the amount of Irrevocable Letter of Credit No. 2400 that was provided to the City of Isanti in connection with this development. The reduction requested is $541,392.37.

I have attached the amount paid and approved by Hakanson Anderson and the applicable lien waiver from Kuechle Underground, Inc. for the amount requested and paid.

I would like to request that the City process this request as soon as possible.

If you have any questions or need any further information, please don't hesitate to contact me. Thank you for your assistance in processing this request.

Subject: Resolution Regarding Local Board of Review Transfer Agreement

---

Attached for your consideration is a Resolution that would renew the Local Board of Review Transfer Agreement that the City of Isanti has had with the Isanti County Assessor's Office. The County Assessor's Office has acted as the Local Board of Review for the City of Isanti for several years. As with past agreements, the proposed renewal would extend this transfer of duties for another six years. Also attached is a letter regarding this from County Assessor Michelle Moen, the past Agreement, and a tentative 2019 calendar with Open Book and County Board of Appeal and Equalization Meeting dates.

RESOLUTION NO. 2019-XXX

LOCAL BOARD OF REVIEW TRANSFER AGREEMENT

NOTICE IS HEREBY GIVEN that the City of Isanti in Isanti County, Minnesota has opted to transfer its powers and duties to the County and no longer chooses to perform the function of a local board of review. This agreement to transfer said duties is effective for the following assessment year and shall be **for a period of six (6) years (2019 through 2024).**

As a condition of this transfer, the county shall make available to those taxpayers with the City of Isanti a procedure for a review of their assessments, including but not limited to, an open book meeting. The County Assessor will notify taxpayers of the dates, places, and times for this review through notices of assessment. The County Assessor will be allowed to makes changes during the alternative review option time until the adjournment of the County Board of Equalization.

FURTHERMORE, the City of Isanti requests the County Assessor provide the annual report of valuations of properties in the City of Isanti; and an annual report of action taken during the Board of Review process.

The City of Isanti may renew its option to transfer if this agreement is not permanent.

Given under my hand this 7th day of January, 2019, agreement is not permanent.

Approved by the City Council of the City of Isanti this 7th day of January, 2019.

RE: RENEWAL OF TRANSFER DUTIES

Six years ago, you agreed to transfer your Board of Review duties to the County. This change of duties has worked extremely well and we are asking that you continue to transfer those duties in the future.

We have enclosed a copy of the agreement you signed three years ago and a new agreement for you to sign for the future. By state law, the agreement must be for a minimum of three years, but can be for any number of years more than three.

Please consider continuing the agreement and return the signed document to our office by February 1, 2019. We have also included a tentative calendar for our Boards of Review. This is for your information only, and no action is required on your part.

Thank you for your attention to this matter.

Respectfully,

Michelle Moen

7. Review Conflict of Interest Policy

a. Resolution 2019-010 Approving the City of Isanti Conflicts of Interest Policy

City Attorney Clark Joslin addressed the Council regarding the annual review of the City of Isanti's Conflict of Interest Policy. Mr. Joslin explained the Conflict of Interest Policy was adopted several years ago and is readopted each year. The purpose of the policy is to avoid the appearance of impropriety, conflicts of interest, or that the City Council's decisions are based on anything other than the Council's best judgements and actions for the betterment of the City and the benefit of the residents and taxpayers of the City. To that end, the policy provides that members are to avoid and decline to participate in any business transactions in which they, a spouse, or an immediate family member would have a direct financial interest. Mr. Joslin continued to provide examples of what would constitute as a conflict.

Mr. Joslin also reminded the council on the Open Meeting Law by saying the League of Minnesota Cities requires meetings to be open unless there is an exception under Minnesota Law and that if there is an exception an announcement needs to be made.
Motion to approve resolution as presented by Lundeen, second by Bergley. Motion carried.

EMPLOYMENT AGREEMENT

THIS AGREEMENT made and entered as of January 15, 2019, retroactively effective as of the 15th day of January, 2019, by and between the City of Isanti, Minnesota, a municipal corporation, herein called EMPLOYER, and Josephine MB. Wood, herein called EMPLOYEE.

EMPLOYER desires to employ the services of Josephine MB. Wood as City Administrator of the City of Isanti as provided by applicable Minnesota law and applicable ordinances of the City of Isanti, Minnesota.

It is the desire of the EMPLOYER to employ the EMPLOYEE and it is the EMPLOYEE's desire to accept employment from the EMPLOYER on the terms and conditions as set forth herein.

NOW THEREFORE IN CONSIDERATION OF THE MUTUAL COVENANTS HEREIN CONTAINED, THE EMPLOYER AND EMPLOYEE AGREE AS FOLLOWS:

1. Duties. As authorized pursuant to the provisions of Minnesota Statutes Section §412.111, the EMPLOYER hereby agrees to employ EMPLOYEE as City Administrator of the City of Isanti to perform the functions and duties as specified in Chapter 33, Article 1 of the Code of the City of Isanti as the same may be amended from time to time, and as supplemented pursuant to the job description for the position of City Administrator as the same may be amended from time to time.

2. Term. The EMPLOYEE's employment shall be for an indefinite term at the will of the EMPLOYER. The terms of this contract shall be applicable from January 15th, 2019.

3. Employment at Will. The EMPLOYEE is employed at the will of the EMPLOYER, and therefore may be terminated at any time with or without cause. The EMPLOYEE may resign her position at any time, and shall give at least 30 days' written notice to the EMPLOYER unless otherwise agreed by the parties.

4. Severance Benefit. Upon termination of the EMPLOYEE's employment by the EMPLOYER, the EMPLOYER shall pay the EMPLOYEE a severance benefit equal to six (6) months' gross salary together with continuation of employee and dependent health benefits for the six (6) month period following termination, except that such benefit shall not be paid on the following occurrences:

A. When EMPLOYEE voluntarily resigns;

B. When termination is for EMPLOYEE misconduct, as defined below;

C. When termination is made upon 180 days' written notice by EMPLOYER TO EMPLOYEE prior to the end of the fiscal year; and/or

D. When termination of employment results from death of the EMPLOYEE.

For the purpose of this agreement, EMPLOYEE misconduct shall include the following:

A. Conduct by the EMPLOYEE resulting in criminal charges against the EMPLOYEE (except for petty misdemeanor traffic violations); or

B. EMPLOYEE's violation of professional ethics resulting in public censure by the International City/County Management Association or resulting in an ethics charge under any applicable laws; or

C. EMPLOYEE's refusal to obey a lawful directive of the EMPLOYER; or

D. Acts by the EMPLOYEE intended to cause injury to the EMPLOYER.

5. Salary. The EMPLOYER agrees to pay EMPLOYEE for her services rendered pursuant to this contract on an annual base salary of $120,395.15 payable in pro-rated installments at the same time as other payroll employees of the EMPLOYER are paid.

6. Vacation, Sick Leave and Insurance Benefits. The EMPLOYEE shall accrue vacation from the effective date of this contract at the rate of 8.31 hours per pay period. Sick leave shall be provided as prescribed by the EMPLOYER's personnel policy, Insurance and other employee benefits shall be provided as prescribed by the EMPLOYER's personnel policy.

7. Performance Appraisal.

(a) The City Council and Mayor shall review and evaluate the performance of EMPLOYEE at least once annually preferably prior to November 30th. Said review and evaluation shall be in accordance with specific criteria developed

jointly by the EMPLOYER and EMPLOYEE. Said criteria may be added to or deleted from as the City Council and Mayor may from time to time determine, in consultation with EMPLOYEE. Further, the Mayor shall provide EMPLOYEE with a summary written statement of the findings of the City Council and Mayor at least 10 days prior to any meeting in which said findings will be discussed or reviewed, and shall provide an adequate opportunity for EMPLOYEE to discuss the evaluation with them.

(b) Annually the City Council, Mayor, and EMPLOYEE shall, in writing, define such goals and performance objectives which they determine necessary for the proper operation of the EMPLOYER and to attain the Governing Body's policy objectives. Further, relative priority shall be established among those various goals and objectives. They shall generally be achievable within the time limitations specified and the annual operating and capital budgets and appropriations provided.

(c) The salary and benefits of the EMPLOYEE shall be subject to an annual review in conjunction with the review and evaluation of performance described in subparagraph (a) above.

8. Car Allowance. EMPLOYEE's duties require that she has a need to use her personal automobile from time to time in the course of her employment on behalf of EMPLOYER. Accordingly, the EMPLOYER agrees to pay to EMPLOYEE the sum of $350.00 per month as and for allowance toward automobile expenses incurred by EMPLOYEE in the course of EMPLOYEE's work for EMPLOYER. EMPLOYEE shall be solely responsible for the maintenance, repair, replacement, taxes, gasoline, oil, tires and other operating expenses associated with EMPLOYEE's use of said automobile on City business. Use of her personal automobile for job related travel outside of the City shall be at the EMPLOYEE's discretion.

9. Scheduling. The EMPLOYEE shall abide by City Hall core hours as defined per the Personnel Policy and be able to respond via phone or email outside of those hours in a reasonable time-frame. The EMPLOYEE shall receive flexible scheduling hours prior to and after core hours, not to conflict with City Policy, during the months of September through May.

10. Retirement Benefit. The EMPLOYEE shall be entitled to participate in the accrual of retirement benefit contributions as prescribed for public employees under PERA and /or under any other retirement program, such as ICMA-RC, which may now or hereafter be available pursuant to and consistent with any applicable state or federal laws and EMPLOYER's personnel policy.

11. Outside Employment. The employment offered to EMPLOYEE by the EMPLOYER shall be the EMPLOYEE's exclusive employment, and the EMPLOYEE shall devote her full energies and efforts to the performance of her duties; provided, however, that upon prior consent of the City Council, the EMPLOYEE shall be entitled to accept occasional teaching, counseling or speaking engagements for compensation which do not conflict with the performance of her duties.

12. Personnel Policy. Except where specifically abridged or modified by this Agreement, the EMPLOYEE shall be subject to all terms and provisions of the EMPLOYER's personnel policies as set forth in the EMPLOYER's personnel policy manual. If any provision of this manual conflicts with a provision in this contract, then the contractual provision shall prevail.

13. Dues and Subscriptions and Professional Development.

(a) The EMPLOYER agrees, subject to annual budget approval, to pay the professional dues and subscriptions of EMPLOYEE to national, regional, state and local associations hereinafter described necessary and desirable for his continued professional participation, growth and advancement, and for the good of the EMPLOYER.

In Addition, the EMPLOYER agrees, subject to annual budget approval, to pay the travel and subsistence expenses of EMPLOYEE for attendance at regularly scheduled annual meetings of such professional organizations.

The professional organizations to which the EMPLOYER agrees to pay professional dues and subscriptions, as well as travel, and subsistence expenses for attendance at meetings, are: (1) The International City/County Management Association; (2) Minnesota City/County Management Association (Spring and Mid-winter professional development conferences); (3) The League of Minnesota Cities; (4) American Public Works Association; and the (5) Minnesota Rural

Water Association. The above list of such organizations may, from time to time, be expanded or contracted upon agreement of EMPLOYEE and the governing body.

(b) EMPLOYER agrees, subject to annual budget approval, to pay for the travel and subsistence expenses of EMPLOYEE for short courses, institutes and seminars that are necessary for professional development of EMPLOYEE.

(c) EMPLOYER agrees, subject to annual budget approval, to pay for the requirements, including dues and annual training, and related expenses to maintain Operator Certifications in both Water and Wastewater.

14. Indemnification and Bonding. The EMPLOYER shall defend, save harmless and indemnify EMPLOYEE against any tort, professional liability claim or demand or other legal action, whether meritorious or not, whether groundless or otherwise, arising out of any alleged act or omission occurring in the performance of EMPLOYEE's duties as Administrator. The EMPLOYER shall defend, compromise and settle any such claim or suit and pay the amount of any settlement or judgment.

It is understood and agreed that the obligation of the EMPLOYER to save EMPLOYEE harmless and to indemnify him does not extend to acts of EMPLOYEE which constitute gross and wanton negligence, are criminal in nature or were not directly related to the performance of EMPLOYEE's duties.

The EMPLOYER shall also bear the full cost of any fidelity or other bonds required of EMPLOYEE under any federal, state or local law or ordinance.

15. Severability. Should any provision of this agreement be held unlawful by a Court of competent jurisdiction, all other provisions of this agreement shall remain in force for the duration of the agreement.

16. Notices. Notices pursuant to this agreement shall be given by deposit in the custody of the United States Postal Service, postage prepaid, and addressed as follows:

EMPLOYER	EMPLOYEE
Mayor of City of Isanti	Josephine MB Wood
City Hall	

P.O. Box 428
Isanti, MN 55040

Alternatively, notices required pursuant to this agreement may be personally served as prescribed by the Minnesota Rules of Civil Procedure. Notice shall be deemed given as of the date of personal service or as of the date of deposit of such written notice in the United States mail.

17. Council Approval. This Employment Agreement is subject to approval by the City Council of the City of Isanti, Minnesota.

IN WITNESS WHEREOF, the EMPLOYER has caused this agreement to be signed and executed on its behalf by the Mayor and HR/ City Clerk, and the EMPLOYEE has signed and executed this agreement as of the day and year first above written.

EMPLOYMENT AGREEMENT

THIS AGREEMENT made and entered into on January 15, 2019, by and between the City of Isanti, Minnesota, a municipal corporation, herein called EMPLOYER, and Donald C. Lorsung, herein called EMPLOYEE.

EMPLOYER desires to employ the services of Donald C. Lorsung as Assistant City Administrator / Special Projects of the City of Isanti as provided by applicable Minnesota law and applicable ordinances of the City of Isanti, Minnesota.

It is the desire of the EMPLOYER to employ the EMPLOYEE and it is the EMPLOYEE's desire to accept employment from the EMPLOYER on the terms and conditions as set forth herein.

NOW THEREFORE IN CONSIDERATION OF THE MUTUAL COVENANTS HEREIN CONTAINED, THE EMPLOYER AND EMPLOYEE AGREE AS FOLLOWS:

1. Duties. As authorized pursuant to the provisions of Minnesota Statutes Section §412.111, the EMPLOYER hereby agrees to employ EMPLOYEE as Assistant City Administrator / Special Projects to perform the functions and duties as specified in the approved job description of the City of Isanti, as the same may be amended from time to time.

2. Term. The EMPLOYEE's employment shall be at the will of the EMPLOYER. It is anticipated that the terms of this contract shall be applicable from January 16, 2019 through December 31, 2020, unless extended by mutual agreement of the EMPLOYER and EMPLOYEE or sooner if terminated as herein provided.

3. Employment at Will. The EMPLOYEE is employed at the will of the EMPLOYER, and therefore may be terminated at any time with or without cause. The EMPLOYEE may resign his position at any time, and shall give at least 30 days' written notice to the EMPLOYER unless otherwise agreed by the parties.

4. Severance Benefit. Upon termination of the EMPLOYEE's employment prior to December 31, 2020, by the EMPLOYER, the EMPLOYER shall pay the EMPLOYEE a severance benefit equal to six (6) months' gross salary together with continuation of the employee and dependent health insurance benefits for the six (6) month time period following termination, except that such benefit shall not be paid on the following occurrences:

A. When EMPLOYEE voluntarily resigns;

B. When termination is for EMPLOYEE misconduct, as defined below;

C. When termination is made upon 180 days' written notice by EMPLOYER TO EMPLOYEE prior to the end of the fiscal year; and/or

D. When termination of employment results from death of the EMPLOYEE.

For the purpose of this agreement, EMPLOYEE misconduct shall include the following:

A. Conduct by the EMPLOYEE resulting in criminal charges against the EMPLOYEE (except for petty misdemeanor traffic violations); or

B. EMPLOYEE's violation of professional ethics resulting in public censure by the International City/County Management Association or resulting in an ethics charge under any applicable laws; or

C. EMPLOYEE's refusal to obey a lawful directive of the EMPLOYER; or

D. Acts by the EMPLOYEE intended to cause injury to the EMPLOYER.

5. Salary. The EMPLOYER agrees to pay EMPLOYEE for his services rendered pursuant to this contract on an annual base salary of $120,395.15 payable in prorated installments at the same time as other payroll employees of the EMPLOYER are paid.

6. Vacation, Sick Leave and Insurance Benefits. The EMPLOYEE shall receive vacation as prescribed by the employers personnel policy based upon his total accrued tenure with the City. The EMPLOYEE'S current rate is 7.38 hours per pay period.

Sick leave shall be provided as prescribed by the EMPLOYER's personnel policy, with minimum Sick Leave accrual and payouts as per the City Personnel Policy in place at the start date of this contract.

Insurance benefits shall be provided as prescribed by the EMPLOYEE's employment policy. In the event the EMPLOYEE is working less than the prescribed minimum full-time hours, the EMPLOYEE and his dependents shall be able to stay enrolled in the EMPLOYER's insurance policy as an eligible employee, so long as the EMPLOYEE continues in good standing as an EMPLOYEE under this employment agreement.

7. Performance Appraisal. The City Administrator, or in absence of the City Administrator, the Mayor and Council shall review and evaluate the performance of EMPLOYEE at least once annually, preferably prior to November 1st of each year. Following completion of each such performance appraisal the EMPLOYEE shall be given a summary thereof.

8. Retirement Benefit. The EMPLOYEE is a participant in PERA and the ICMA-RC retirement plan for the City of Isanti.

9. Outside Employment. The employment offered to EMPLOYEE by the EMPLOYER shall be the EMPLOYEE's exclusive employment, and the EMPLOYEE shall devote his full energies and efforts to the performance of his duties; provided, however, that upon prior consent of the City Council, the EMPLOYEE shall be entitled to accept occasional teaching, counseling or speaking engagements for compensation which do not conflict with the performance of his duties.

10. Personnel Policy. Except where specifically abridged or modified by this Agreement, the EMPLOYEE shall be subject to all terms and provisions of the EMPLOYER's personnel policies as set forth in the EMPLOYER's personnel policy manual. If any provision of this manual conflicts with a provision in this contract, then the contractual provision shall prevail. Benefits shall be based on the EMPLOYEE'S service to the City, which began on November 14, 2005.

12. Dues and Subscriptions and Professional Development.

(a) The EMPLOYER agrees, subject to annual budget approval, to pay the professional dues and subscriptions of EMPLOYEE to national, regional, state and local associations hereinafter described necessary and desirable for his continued professional participation, growth and advancement, and for the good of the EMPLOYER.

In Addition, the EMPLOYER agrees, subject to annual budget approval, to pay the travel and subsistence expenses of EMPLOYEE for attendance at regularly scheduled annual meetings of such professional organizations.

The professional organizations to which the EMPLOYER agrees to pay professional dues and subscriptions, as well as travel, and subsistence expenses for attendance at meetings, are: (1) The International City/County Management Association; (2) Minnesota City/County Management Association (Spring and Mid-winter professional development conferences); (3) The League of Minnesota Cities; (4) the Minnesota City/County Management Association; and (5) the American Planning Association. The above list of such organizations may, from time to time, be expanded or contracted upon agreement of EMPLOYEE and the governing body.

(b) EMPLOYER agrees, subject to annual budget approval, to pay for the travel and subsistence expenses of EMPLOYEE for short courses, institutes and seminars that are necessary for professional development of EMPLOYEE.

(c) EMPLOYER agrees, subject to annual budget approval, to pay for the dues/reasonable related expenses to participate in one (1) service club serving the City of Isanti.

13. Indemnification and Bonding. The EMPLOYER shall defend, save harmless and indemnify EMPLOYEE against any tort, professional liability claim or demand or other legal action, whether meritorious or not, whether groundless or otherwise, arising out of any alleged act or omission occurring in the performance of EMPLOYEE's duties as Administrator. The EMPLOYER shall defend, compromise and settle any such claim or suit and pay the amount of any settlement or judgment.

It is understood and agreed that the obligation of the EMPLOYER to save EMPLOYEE harmless and to indemnify him does not extend to acts of EMPLOYEE which constitute gross and wanton negligence, are criminal in nature or were not directly related to the performance of EMPLOYEE's duties.

The EMPLOYER shall also bear the full cost of any fidelity or other bonds required of EMPLOYEE under any federal, state or local law or ordinance.

14. Severability. Should any provision of this agreement be held unlawful by a Court of competent jurisdiction, all other provisions of this agreement shall remain in force for the duration of the agreement.

RE: 2019 City Council Goal Setting Meeting

At the last City Council Meeting, the City Council set the Goal Setting Meeting for 5:00 p.m., Tuesday, January 29, 2018. In further reviewing this with staff, Public Services Director / Assistant City Administrator Josi Wood has a scheduling conflict and is not able to attend. Staff is able to attend meetings on Monday or Wednesday night that week.

Staff respectfully requests consideration of changing the Goal Setting Meeting date.

Subject: A Resolution Approving a Special Event Request for the 2019 Downtown Street Dances

---

Background

City staff has submitted a special event permit application to host three downtown street dances. The first street dance will be held Saturday, June 22 from 7:00 p.m. to 11:00 p.m. featuring *Hitchville*. The second is on Saturday, July 20 from 7:00 p.m. to 11:00 p.m. featuring *Audio Circus*. The third dance is on Saturday, August 17 from 7:00 p.m. to 11:00 p.m. featuring *Good for Gary,* and will be the closing event for Celebrate Isanti.

The dances will be held at the intersection of 1st Avenue and Main Street. The estimated number of people to be in attendance is 500 - 1000 people per dance. A beer wagon, food vendors, and non-food vendors will be present at each dance. Alcohol sales will be monitored through the use of wristbands and law enforcement presence. The event will be free to the public. A 15' x 35' stage will be set-up in the right-of-way between Isanti Retail Meats and the Creamery. Parking for the event will be located at City Hall, the Community Center, the public lot behind Isanti Custom Meats/Isanti Post Office, and some street parking.

Given that the events are street dances, some roadways will be closed for the event. Main Street from the Railroad tracks to 2nd Ave NW as well as 1st Ave NW from City Hall to the alley behind Custom Meats and the Post office will be closed for the event. Absolute Portable Restrooms will provide restroom facilities for the event. Portables will be placed on 1st Ave south of Main Street and on the grass lot east of Retail Meats (pending approval from Retail Meats). Additional trash and recycling receptacles will be brought in for the events; City staff will clean up after the event. There will be a public addressing system and sound amplification provided outside by the band on stage. Both Public Works and the Police Department will be providing assistance with the event.

Should the weather not cooperate for any of the events, the event will be cancelled. Any cancellations will be posted to the City's website and the Isanti Events and Community Center Facebook page as early as possible.

The attached site plan shows the location of components for the event on Main Street. Copies of letters that will be sent to surrounding property owners have also been attached for Council review. The complete application as well as departmental review are attached.

Staff Request

City staff is requesting approval of the Street Dance Special Event Permit application and attachments.

RESOLUTION NO. 2019-XXX

A RESOLUTION APPROVING THE SPECIAL EVENT APPLICATION FOR THE 2019 DOWNTOWN STREET DANCES

WHEREAS, the City of Isanti will be hosting Downtown Street Dances to be held at the intersection of 1st Avenue and Main Street within downtown Isanti on Saturday, June 22, 2019 from 7:00 p.m. to 11:00 p.m., Saturday, July 14, 2018 Jonah and the Whales from 7:00 p.m. to 11:00 p.m., and Saturday, August 11, 2018 (the closing event for Celebrate Isanti) from 7:00 p.m. to 11:00 p.m.; and

WHEREAS, the events are free and open to the public; and,

WHEREAS, the City of Isanti will require assistance from both the Police Department and Public Works Department for the events; and,

WHEREAS, City staff are requesting that the $100.00 clean up deposit fee be waived for this event;

NOW, THEREFORE, IT IS HEREBY RESOLVED by the City Council of the City of Isanti, Minnesota, to hereby waive the $100.00 deposit and approve assistance and authority in the areas as provided below for the Street Dances to be held on Saturday, June 22, Saturday, July 20, and Saturday, August 17, 2019:

1. Assistance from both Public Works and the Police Department for the event when necessary.
2. Closure of a portion of Main Street W beginning at the Railroad tracks to 2nd Ave NW. Closure of 1st Ave NW/SW from City Hall to the alley behind Custom Meats and the Post Office.
3. Placement of a stage within City right-of-way located between Isanti Retail Meats and the Creamery.
4. Parking to be provided at City Hall, the Community Center, public parking areas behind Isanti Custom Meats and the Post Office, and on City streets.
5. Ability to serve alcohol from a beer wagon and have designated food and non-food vendors present and located as shown on the site plan.
6. Allow a public address system and sound amplification for the bands
7. No back up locations will be booked.
8. Placement of temporary directional signs on City property and private property (with property owner permission) to direct individuals to the event and parking areas.

AND FURTHERMORE, IT IS HEREBY RESOLVED by the City Council of the City of Isanti, Minnesota that this Resolution is hereby the 'Permit' for the above stated Special Events.

This Resolution hereby approved by the Isanti City Council this 15th day of January, 2019.

Dear Isanti Business Owner:

The City of Isanti will be hosting street dances throughout Summer 2019 on Saturday **June 22**, (*Band 1*), Saturday **July 20** (*Band 2*), and Saturday **August 17** (*Band 3*). Bands will begin playing at 7:00 pm and finish at 11:00 pm. The featured band will perform on an outdoor stage at the corner of 1st Avenue and Main Street, between Isanti Retail Meats and the Creamery Crossing.

These events will require street closures for participant safety. Main Street will be closed from just west of the railroad tracks to 3rd Avenue. 1st Avenue will be closed from the alley south of Main Street to the alley north of Main Street. The road closures will begin at approximately 1:00 pm the day of each event. Please make plans for this in advance of the event. **No Parking will be allowed on the closed portion of Main Street from 2:00 pm the day of the event – 12:00 am the next day.** The municipal parking lots at City Hall and south of Main Street behind Isanti Custom Meats will be accessible at all times. We appreciate your cooperation.

We hope you will take advantage of the heightened foot traffic that will be in the Downtown Isanti area during the time of these events. You are welcome to hand out information to promote your business such as coupons to redeem at a later date or a discount offered for event day. We hope that these events prove advantageous for your business.

If you have any questions, please call me at 763-444-5512 or email me at isantiparks@cityofisanti.us.

Sincerely,

Katie Everett

Dear Isanti Resident:

The City of Isanti will be hosting street dances throughout Summer 2019 on Saturday **June 22**, (*Band 1*), Saturday **July 20** (*Band 2*), and Saturday **August 17** (*Band 3*). Bands will begin playing at 7:00 pm and finish at 11:00 pm. The featured band will perform on an outdoor stage at the corner of 1st Avenue and Main Street, between Isanti Retail Meats and the Creamery Crossing.

If you live close to the intersection of Main Street and 1st Avenue you may be able to hear the music from your home. The band will be playing from 7:00 -11:00 pm with sound check beginning as early as 4:00 pm. Please be advised that music will be played at levels within City approved regulations.

The street dance will require street closures for participant safety. Main Street will be closed from just west of the railroad tracks to 2nd Avenue. 1st Avenue will be closed from the alley south of Main Street to the alley north of Main Street before City Hall. The road closures will begin between 1:00 and 2:00 pm on June 22 and July 20. Please make plans for this in advance of the event. **No Parking will be allowed on the closed portion of Main Street from 2:00 pm the day of the event until 12:00 am the next day.** *Main Street will be closed the majority of the day August 17 for Celebrate Isanti activities.* These road closures will not affect accessibility to your home. We appreciate your cooperation.

We hope you will attend the street dance event and enjoy the concert, beer wagon, and food vendors that will be present.

If you have any questions or concerns, please contact Katie Everett at 763-444-5512 or isantiparks@cityofisanti.us.

Exhibit A

Rum River BMX / Full Tilt Bike Co. Sublease Agreement

Full Tilt Bike Co. will sublease a portion of the Isanti Indoor Arena for the purpose of operating a BMX racing bike shop. This agreement between **Rum River BMX** and **Full Tilt Bike Co.** will be in effect through 12/31/2020. However, this agreement is subject to annual review and approval by the **City of Isanti.**

Rum River BMX will provide a 40' x 35' area on the south end of the arena. This area will be the space 40' directly east of the concrete walkway that surround the restroom and 35' directly north of the south wall of the arena. **Full Tilt Bike Co.** will also have access to the **Rum River BMX** dumpster with the expectation that all boxes are broken down and that when large dumpsters are provided for special events those will be used first. Per this agreement **Full Tilt Bike Co.** will be the exclusive BMX bike shop of the Isanti Indoor Arena and **Rum River BMX**. Competing sales of BMX racing-related bike parts will not be allowed within the Isanti Indoor Arena, with the exception of private party sales of used parts. **Rum River BMX** may, at their discretion, bring in event-specific vendors that are *not* BMX racing bike shops. These event-specific vendors will not infringe upon the area subleased by **Full Tilt Bike Co.** *This agreement does not apply during USA BMX National or Gold Cup events.*

Full Tilt Bike Co. must maintain appropriate vendor licenses and insurances. **Full Tilt Bike Co.** is also responsible for all collection and payment of sales taxes on goods sold. **Full Tilt Bike Co.** may not enter into any agreement holding the **City of Isanti** or **Rum River BMX** in any way liable or responsible for fulfillment. Full Tilt Bike Co. agrees to maintain this area; maintaining a clean and professional appearance. The hours of operation will be within the normal business hours of **Rum River BMX**. Those hours of operation are subject to change seasonally, and as **Rum River BMX** sees fit to modify the operating schedule.

In exchange for this space, **Full Tilt Bike Co.** will:

- Pay **Rum River BMX** the amount of $800 per month (this amount and payment schedule subject to annual review by both parties).
- Provide maintenance at no cost and parts at 10% over invoice-cost for **Rum River BMX** rental bikes
- Provide or reimburse reasonable cost for **Full Tilt Bike Co.** and **Rum River BMX** branded drawstring bag or similar rider retention awards. **Full Tilt Bike Co.** may, at their discretion, include promotional materials in these rider awards.

Rum River BMX will be responsible for all property taxes that are a result of for-profit use of this portion of the Isanti Indoor Arena.

We enter into this agreement on this 1st day of January 2019.

- City Website Update
- Maintain City Standards
- Utility Billing - Pursue In-House Billing
- Continue Economic Development Efforts to Diversify and Increase the Tax Base

Mayor Wimmer felt the budget is on track per prior budget projections.

Review of 2018 Projects/Goals

a. City Website

Economic Development Director Sean Sullivan reviewed the history of the City website planning. Mayor Wimmer pointed out that in term of marketing the City, it is important to have a good site. Councilmember Lorinser thought that while there is a lot of information on the website, it isn't always easily attainable. Discussion about the importance of having a robust City web-site and the importance it plays for the residents and continued economic development growth continued among the Council and City staff. In terms of neighboring cities, the City's website is lagging behind and is not user friendly. Councilmember Collison asked about the availability of a mobile app for the City. Mr. Sullivan responded that he has briefly looked into it and there are options available. Discussion consensus was that the City's technology needs to be updated.

b. Equipment for City Council Communications

The Mayor mentioned that the current system is not efficient and needs to be updated. The current system is from 2005 and requires frequent tech upkeep. Audio file retrieval is slow and outdated. In the interest of going paperless, the use of emails for Councilmembers for City communication and moving to the use of tablets was discussed. This would eliminate the use of paper and staff resources to put packets together while also streamlining the process. Councilmember Lorinser added that he would like to see about getting cameras in the Council Chamber to stream meetings. Mayor Wimmer agreed since video streaming is much easier now than in the past. However, policy would need to be discussed to ensure that the recorded meetings reflect the set Council Agenda items.

c. 20 Year Capital Improvement

Financial Director Mike Betker pointed out that it is good to understand that although you can't say with certainty where you will be in 20 years, you will have a ball-park idea so incremental changes can gradually be made over time. Discussion of the capital improvement plan briefly included the need for additional storage space for the City in the future due to growth, but Mayor Wimmer noted that there was nothing new that wasn't in the plan already and hadn't already been previously discussed. This project is needed and initial work has started.

d. Administrator Transition

The Mayor informed the Council that throughout 2018, City Administrator Don Lorsung will begin transitioning duties to the Assistant City Administrator Josi Wood as part of the long-term staffing plan. By 2019 Ms. Wood would begin working as the City Administrator with Mr. Lorsung taking on Assistant City Administrator and Assistant City Clerk duties along with special projects that the City would otherwise need to pay an outside source for. Part of the staffing plan also includes bringing in a two-year Tech Engineer position to help supervise projects that are currently contracted out. It would not be an increase of dollars but rather a reallocation of currently

contracted engineering costs which would also provide additional staff capacity. This position would possibly take duties of the Public Services Director.

e. Emergency Generators

This is a serious need in case of a major power outage. Public Services Director/Assistant City Administrator Josi Wood said there is a generator at the water treatment plant and the main lift but that is all. This will keep most of the sanitary sewer services working temporarily but the lift stations will quickly fill up. There are two other critical lift stations but only one large portable generator available. Two more generators are needed, an additional one for the lift stations and another to supply a building facility with power if needed, either City Hall or the Police Department.

Police Chief Gene Hill said they have received quotes from Cummins and CAT, with the cheapest generator starting at $26,000 but that doesn't include transfer switches, automatic starts, or installation. Another option would be purchasing units through the Wildfire Land Services with the MN DNR. The generators are used units from the Federal government and are tested and operational before they leave the DNR for approximately $750.00 each. Transfer switches and installation would be an additional $5,000 and can be done through a City contracted electrician.

Discussion included the different power supply capacities the City would require and what is available from the DNR. Chief Hill noted the DNR generators are mil-spec and so are designed to sit outside and be easily moved with a forklift. He then suggested the best solution for the City would be to get the generators through the DNR and have an electrician wire them in. Discussion continued about making sure any available generators had the correct power adapters to so they could be safely used in an emergency.

Councilman Collison asked if a generator at City Hall could also power the Community Center. City Administrator Lorsung responded that issue had been discussed as there is a need for emergency shelter for people and there are very limited resources in the City as the schools do not have back-up generators and cannot be a resource for shelter.

Councilman Collison pointed out that maintenance would need to be considered for the units also. There is a recommended weekly and twice a year comprehensive maintenance protocol that needs to be taken into consideration also.

f. Multi-use Skating Rink

Mayor Wimmer suggested a model similar to North Branch for an outdoor recreational park with a flat, multi-use surface next to the BMX building. Public Services Director Wood said lights and water would be the most significant cost. Discussion among the City Council and staff included options for lighting and filling the skating rink, types of uses including pleasure skating and sport-related, and the likely need for re-grading of the area due to the current slope of the area. Mayor Wimmer said there is cost to it but it seems it would be beneficial.

Glenn Farrell, 200 1st Avenue NW, asked if the Fire Department had a water tanker that could be used to fill the skating rink. Mayor Wimmer agreed but added that the City would be billed for the use of the Fire Department's equipment. Mr. Farrell then suggested the option of buying a water tank with a skid that could be loaded onto a truck bed. Mayor Wimmer thanked Mr. Farrell for his suggestions.

g. Street Extensions – Richard Avenue SE & 5th Avenue NE

There is a study that has been done for 5th Avenue NE and one will be done for Richard Avenue SE to determine the total cost. Currently the Richard Avenue improvement would be on hold until the hotel project moves forward. Penny Lane has already been vacated. Ideally the street extensions and the hotel project construction would happen simultaneously.

h. Liquor Store Tastings (off-site)

Liquor Store Manager John Jacobi discussed the possibility of local businesses hosting off-site liquor tastings. He said it is not possible for the liquor store to provide this service due to liquor liability laws according to the director of the Minnesota Municipal Beverage Association. However, if a business wanted to pay for the hiring of a caterer with the correct licenses and provide insurance, the caterer's license would then allow the liquor store to come in and provide the service. Mayor Wimmer questioned if it would generate enough revenues for the liquor store to recoup expense of doing this. Mr. Jacobi was uncertain but he did not believe it would. It was also discussed that recent liquor store tastings held inside of the liquor store itself had generated more revenue and repeat sales than tastings held off-site.

i. Traffic Issues with Heritage Boulevard

In anticipation of Kwik-Trip coming into Isanti, the traffic situation on Heritage Boulevard was discussed. Heritage Boulevard is an Isanti County road and the City will have to work with both the county and MN DOT to make any changes to Heritage Boulevard. Community Development Director Ryan Kernosky outlined a brief summary of options that have been brought to the county. Additional discussion continued between City Council and staff about alternatives ideas that may optimize traffic flow on Heritage Boulevard.

j. Sledding Hill at Bluebird Park

Councilman Collison would like a sledding hill as he feels it would be a nice amenity for the City. He offered a potential location as Bluebird Park. Councilmembers and City staff discussed where the best location would be with other City locations offered as potential possibilities. Discussions continued regarding safety concerns, such as lighting and City liability issues, how a sledding hill could potentially be engineered, landscaping and topography, and maintenance of both a potential sledding hill and surrounding properties. All agreed that a sledding hill would be a nice addition to the City. It was decided that the Park, Recreation, and Culture Board should discuss the issue to see whether they feel it is feasible to pursue as a possible project, and if so where the best location would be.

k. Fluoride Information Added to Water Bill

Councilman Bergley put forth adding information to the monthly City water bills that fluoride is added to the City water supply. He referred to water bills in Austin, Texas that offer the same information since it is the only chemical added to the water for a medical treatment. He felt it would inform residents of why fluoride is added to the water. Mayor Wimmer felt that addition would cause unwarranted concern to residents as to why the City felt it was necessary to include that information on the water bills. It was mentioned that the information of what chemicals are added to the water are posted in the Consumer Confidence Report on the City website and annually in the official City newspaper.

l. City Hall Water Bottle Refill Station

Mayor Wimmer feels that adding a water bottle refill station would be a good step for the City as it would be greener, would get rid of so many disposable plastic bottle, and would help with our

Greenstep's best practices. The water bottle refill stations would be available to the public at City Hall also. Chief Hill suggested additional sites of the Community Center and both the Police and Fire Departments as well. Councilman Lorinser thought the BMX track would be another good site and added that he believes the refill stations would be utilized by many. Discussions included that there would be initial installation costs and routine cleaning and maintenance required as well.

m. 2018 Pavement Management Program

City Administrator Lorsung commented that planned sealcoating will be proceeding in the Northwest part of the City and could be expanded upon depending on the budget.

n. Continue Marketing Plan and Economic Development Efforts to Diversify and Increase Tax Base

Mayor Wimmer said the Marketing and Development efforts will continue moving forward.

o. Maintain City and Development Standards

Mayor Wimmer noted dramatic progress in median household income over the period of 2000-2016. The City of Isanti has gone from the lowest per capita income levels to the highest in that time period. This allows the City to attract a whole different set of businesses and the ability for the City to grow, offer more services, and be less dependent upon outside financial assistance. These overall changing trends helps for continued future growth in the economic well-being of the City and its residents. The Mayor believes this helps everyone with increased property values and opens the door to many other community amenities. Councilmember Lorinser agreed that this type of planning is beneficial and it should continue.

Mayor Wimmer summarized what had been discussed during the Goal Setting Session. Goals will be assigned to the appropriate Committees and Boards to move forward for Council's consideration.

Adjournment

Motion by Lorinser, second by Collison to adjourn. The meeting was adjourned at 9:57 a.m.

Respectfully submitted,

- Capital Replacement Fund – Review Reserves
- Utility Billing Review and Recommendation
- CSAH 5 – Traffic and Congestion Issues
- Main Street Traffic Issues
- Continue Economic Development – Diversify and Increase Tax Base

Mayor Wimmer stressed that all of the decisions made by Staff and Council, whether straight dollars and sense, or planning type decisions, impact our bottom line as a city.

City Engineer Brad DeWolf discussed the asset management and pavement plans. We have a very pro-active plan and stressed that maintenance is always more cost effective than restructure. The Mayor added we have a dedicated funding source and the intention of that is that we stay on schedule. Councilor Collison questioned how long we will be able continue to use the wastewater pond system. DeWolf answered the pond systems are working quite effectively, and stated that we will have to re-evaluate when the State starts requesting nitrate and chloride removal. In his opinion, he felt this City would have about a decade.

Review of 2017 Projects/Goals

a. Annexation of Surrounded Properties

Joslin explained that the city of Cambridge annexed a number of properties that it surrounded that were formerly in Isanti Township. Surrounding properties benefit from City services and facilities while not contributing any payment for their operation or maintenance. The City of Isanti also has a number of 'donut holes'. In 2011, possibilities of annexation of the 'donut holes' was discussed but it was decided not to consider further action at that time. Joslin elaborated that there were discussions with Isanti township to develop a policy about payments in lieu of taxes for services provided. We were looking to create a mutually acceptable agreement for the services but that was never an agreement that was able to be finalized.

The Mayor stated that a lot of these properties are not receiving any benefits from the township but are paying their taxes to the township. The Mayor stated that we have to make a decision as a City. As the City continues to grow, that these properties need to be annexed to the City. All but one is already under our planning jurisdiction, and they benefit from our growth as a community as well as our police protection. These property owners have a lot of benefits they are receiving directly.

The Mayor shared that he understands residents are concerned about increase in taxes, as they would be paying City tax rate instead of township tax rate. Currently our City tax payers are subsidizing their tax rates right now. He further explained that the City will get a lot of pushback. The Mayor mentioned those potentially being annexed may ask about the connection to city water and sewer, and he wanted to make it clear that those are two separate items. That not all properties within the City of Isanti are connected to water and sewer. If someone has a good working system, the City would not force them to connect to the city services.

Councilor Bergley asked if all these properties are all residential? The Mayor explained a few are residential properties that are currently non-conforming in commercial zoned areas, the Golf Course, and the rest are residential. Bergley asked if it's different for residential or business on how the City would treat the annexation and expectations. Mayor confirmed that those are residential properties in the B2 district, but that expectations for a business would be the same as residential. Administrator Lorsung mentioned that if there are properties that have utilities going by them, they would then be charged an access/availability fee. Currently, because they are not in the city they don't receive that fee, but if utilities are running in front of their property and they are annexed that fee would be applicable.

The Mayor stated that with no other questions or concerns being mentioned, that with this goal setting process items are discussed at this meeting and are brought for approval at the next Council meeting. Therefore, he will bring this goal forward to the next Council meeting.

b. Dog Park

The Mayor mentioned that this is a topic that has been brought up a lot. The decisions that will need to be made are do we want to have a dog park, do we want to have it located in the area currently specified and do we want to pay for it? The current discussed location is currently about an acre, with potential to grow. The estimated cost is between $18,000 and $19,000. There was discussion in regards to the usage, the area, and handling of waste. It was discussed that this should proceed as a goal to be brought to the next Council meeting.

c. Outdoor Hockey Rink

The previous outdoor rink was taken down for safety reasons. Without paying an overwhelming amount of money for a refrigerator rink, it's hard to guarantee ice. The plan would be to move the rink to the grassy area just south of the BMX building. It would be temporary, so the space could still be used in the summer. The cost of this would be between $61,500 – $92,500. We could potentially budget for this for 2018, if the Council wanted to pursue this. Councilor Bergley stated he believes it is hard for a city to staff warming houses, and as a hockey rink user, to consider this issue when looking at these costs for the usage the rink would receive. Josi Wood, Public Services Director also added that there is a lot entailed in the maintenance, much more than the pleasure rink. Further discussion ensued. It was brought up to relocate the Pleasure Rink so it would be closer to the warming house and bathrooms. Wood indicated that there would be some challenges and costs associated with it, but it would be an option. This item will be addressed by the Park, Recreation and Culture Board.

d. Park Dedication Fund Use

The Mayor informed the Council that we have always used our park dedication funds for new items. However, state statute allows us to use these funds to replace some items. If our policy was changed, it would impact any new development going forward. The funds would likely not be there. The Mayor was not in favor of changing it but wanted to bring it before Council so a conscious decision was made. Brief discussion took place. Attorney Joslin clarified the state statute states we cannot dedicate some of the funds for ongoing operational maintenance but they could be used to replace funds that we were going to use for development from our budget from funds from the dedication fees. The Council came to a consensus that they are comfortable with the language as is.

e. City Comprehensive Plan Update

Mayor Wimmer indicated that our comprehensive plan was developed a number of years ago, and much has changed in that time. He then asked if we are still on the right path of where we want to go? And does the plan reflect that? He believes we need a serious update to our plan. Roxanne Achman, Community Development Director, agreed, at the very least, we need to update the plan. She indicated with the upcoming potential annexations, the new property that was just annexed using a zoning district that we have not used before (even though it was in our previous comp plan) and the new overlay district, updating the plan is important. The Mayor also mentioned that road plans and improvements need to be included in this as well. Brad DeWolf added that by using technology and social media venues we are able to get more public input versus coming to an open house meeting. An estimate of the cost to update or provide a new comprehensive plan could range from $50,000 to $100,000. This is not currently in the budget for 2017.

f. 2017 Pavement Management Program

City Engineer stated that the Pavement Management program is currently under design and will be bringing it before Council. He stated that we focused on getting seal coats on some of our very highly traveled roads and will also be doing some crack sealing. A preliminary budget will be brought before Council.

g. Palomino Road Reconstruction

This currently has no funding source, and would need bonding. The actual amount will be determined from cost estimates.

h. Railroad Avenue Sidewalk/Trail

This currently has no funding source, and would need bonding. The actual amount will be determined from cost estimates.

i. 2017 Liquor Store Tasting Event

Liquor Store Manager John Jacobi explained that last year the tastings event was held in the Community Center. We did not get the numbers as anticipated. In order for this event to be successful, we would need to have approximately 60 people just to break even. The Liquor Store Committee discussed that this year the plan would be to hold tastings at the Liquor Store and have different vendors come in one day a week for the month of October to provide different samples to store guests.

j. Setting a Future Target Date for Discussion of a New Liquor Store Project

There was discussion in regards to the prior projects done on the store. The Mayor stated that currently we are in a situation where it is under great management and we are getting great revenue out of it. Mayor Wimmer questioned what kind of sales we would need to generate in order to continue to bring the same amount of money to the bottom line of the City while also paying the capital costs of the new store. John Jacobi, Liquor Store Manager, addressed Council and discussed the possibility of Sunday sales and new conditions. He also pointed out our record year last year. The Liquor Committee would like to have goals in place such as a certain year in which they will look again at the plans as a possibility of expanding the store. Jacobi stated that the lack of space is the greatest issue. Further discussion took place about what it would take to

repay the cost of building a new store, or expanding the current store. The Mayor stated he would like to see this item go to Finance Committee to come up with some numbers to evaluate, and at that time we would have a better idea of when the City could look at a target date for the store.

k. Public Works and Police Department Storage

The Mayor identified that there is storage located all over the City, however, it is not efficient. Public Services Director/Assistant City Administrator, Josi Wood, spoke to Council informing them of the needs of Public Works. Chief of Police Gene Hill also spoke in regards to his department needs for storage, and the expense of items that are currently gaining wear and tear due to the storage constraints. The item was directed to Finance Committee to research to budget for 2018.

Mayor Wimmer explained these goals will be brought before Council to be assigned to Committees for consideration. He also thanked and praised Staff for their work.

Adjournment

Motion by Bergley, second by Collison to adjourn. The meeting was adjourned at 10:27 a.m.

- Community Center Review – Citizen Task Force
- Capital Replacement Fund – Review Reserves
- Utility Billing Review and Recommendation
- CSAH 5 – Traffic and Congestion Issues
- Main Street Traffic Issues
- Continue Economic Development – Diversify and Increase Tax Base

Mayor Wimmer did note that the 2011 community meeting minutes and staff memo is also within the goal setting agenda packet. Mayor Wimmer indicated there were two community meetings held in 2015 to review the pavement and utility management plans; however, there were no citizens present at either meeting.

Mayor Wimmer reported that the City is on track from a financial standpoint. The City is building its fund reserve back up. It is recommended by the City's auditors that that City maintain minimally a 50% fund balance. Maintaining a 50% fund balance helps the City receive better bond ratings. Mayor Wimmer emphasized the importance of maintaining a 50% fund balance as the City will need to bond for upcoming street improvement projects.

Mayor Wimmer shared with the Council that he anticipates seeing savings in utilities as a result of the 2016 utility rate study.

Mayor Wimmer explained the City's financial plan has been reviewed at other City Council meetings and that once the numbers have been finalized from the 2015 audit, the financial plan will be updated.

There was discussion from the Council on bringing in the 108 unit apartment building to the northeast corner of Isanti; this should attract developers.

There was discussion on the asset management and pavement plans.

The Mayor indicated that he is going to try to hold more informal meetings with the public and business community. He will be trying to start up 'Coffee with the Mayor' for those interested in discussing City matters and providing him with their input. This is in attempt to receive a wider range of input from all citizens and business owners.

Review of 2016 Projects/ Goals

a. 2016 Elections – Dual Polling Locations

Mayor Wimmer indicated that as required by the County, the City is splitting into two polling precincts.

Lorsung explained that the City's two precincts would be divided by a line on the centerline of Heritage Boulevard that extends from the City's western boundary to its intersection with Hwy. 65. From there, the line extends south on the centerline of Highway 65. Precinct one would be at City Hall and serving those to the south of heritage, west of 65; precinct two would be at the Isanti Community Center, serving those to the north of heritage, east of 65.

b. EDA Marketing Plan

The City Council briefly reviewed the EDA marketing plan. More information will be provided once Sullivan is able to get final numbers. There was discussion on the more the City can do at the City level for businesses, the more likely the City is to bring businesses in. Credit was given to the development team for their great work in 2015.

c. Hotel Project

In review of past studies, having a hotel in Isanti is viable. However, the success of being able to bring a hotel to the City of Isanti may be contingent upon the City's level of involvement in a hotel project. There are three different ways the City could be involved in a hotel project: 1) wholly fund a hotel 2) partial ownership in a hotel 3) providing as many financial incentives as possible for a business interested in doing a hotel project. The Mayor noted that he believes a hotel will come in the next three to five years - into the area - however, 'area' does not necessarily mean a hotel will come to Isanti. The Mayor asked the Council if they would like to consider having any ownership stake in a hotel.

Bergley mentioned he would be willing to look at partial ownership with intent to sell to a private business.

Johnson concurred that he would be in favor of a hotel and some level of City involvement.

Lundeen noted he does not believe a City should own any business.

Collison made comment that he would be in favor of looking into a hotel and potential levels of City involvement, but would also want to see an end to the City's involvement; a hotel should not remain under City ownership.

Mayor Wimmer informed the Council that from a dollars and cents standpoint, it looks better to have whole ownership of a hotel versus partial. The Mayor continued to state though that he understands it is a big question as to whether or not a government entity should be involved in a hotel, and that is what the Council will need to decide.

Sullivan reviewed some tax advantages of having a hotel in the City of Isanti.

There was direction for Sullivan to gather more information regarding a hotel in Isanti and review with the EDA.

d. Hockey Rink Capital Improvements

Mayor Wimmer reported that the Youth Hockey Association is no longer able to maintain or assist in maintaining the hockey rink. The current rink is in bad shape. There was discussion on moving the hockey rink and pleasure rink to the south of the BMX building, and putting cement slabs down and using wooden boards. This way, citizens using the rinks can be closer to the BMX warming house, and the wooden boards can be taken down in the summer. Doing this would be a lot less expensive than reserving funds to build a new hockey rink. A new hockey rink could cost between $30,000 and $50,000 dollars.

There was discussion in regards to citizens using the rink and concerns regarding parking lot space for BMX.

There was discussion in regards to more storage being needed for public works and the police department. Having wooden boards on the rinks would mean another thing public works would need to store in the off-season.

Mayor Wimmer stated he wanted the Council to be aware of this as it is something the Park, Recreation, and Culture Board will be looking at.

e. 5th Street NE Road Extension

There was discussion on finding outside funding options for this extension.

f. New City Councilmember Orientation

Staff will be preparing a new City Councilmember orientation process and packet for new members. Councilmembers are to reach out to staff if they have any suggestions on how to make the onboarding process for new Councilmembers better. An orientation packet will come back to the Council for review.

g. City Comprehensive Plan Update

The Mayor indicated doing a comprehensive plan could easily cost $50,000. There was discussion with staff on the best process for doing a comprehensive plan. Staff requested Council consideration of a facilitator to assist staff through the process and gathering data. Staff is to

bring back to City Council timelines for 2017 GIS needs and for a 2018 comprehensive plan update.

h. 2016 Collective Bargaining

Staff reported that preparation for collective bargaining will happen in late summer. It is anticipated that notices to bargain will be received in early to mid-fall and negotiations will take place in mid to late fall.

i. Department Head Salary Review

Mayor Wimmer stated that the City pays considerably less than other cities for department head positions. He would like to see a $5,000 increase for all department head positions. Mayor Wimmer added that City staff is incredibly efficient; overall the City's administrative costs are 30-40% less than peer groups. There was discussion amongst Council about staff members wearing many hats and being great at what they do.

j. City Staffing Plan

Mayor Wimmer noted he would like to have a City staffing plan laid out and approved by Council so staff members can see how the Council foresees positions and departments growing. The Council agreed with this and felt doing so would empower staff and create commitment from staff members - as they can know that their positions or departments will grow overtime.

k. Purchasing Discretion – Finance Committee

Mayor Wimmer and Lorsung explained that a purchasing timeline for staff can at times take multiple weeks due to needing Council approval. The Mayor would like the Finance Committee to have the ability to allow smaller budget items be approved at the Committee level versus bringing it back to Council to save staff time.

l. Isanti Liquor Tastings Event - ICC

There was consensus among the Council that Isanti Liquor should hold its tastings in Isanti. Last year the annual liquor tasting event (hosted by the Chamber of Commerce) was held in Cambridge. The Council discussed the idea of holding an Isanti Liquor Store tasting and was in favor of it. The Liquor Committee will be working on this.

With the City Council's guidance, staff will direct all goals and action items discussed to the appropriate Committees for consideration.

- Continue Economic Development Efforts to Diversify and Increase the Tax Base
- Maintain City Standards

Mayor Wimmer explained that he would like to hold community meetings again like the City did in 2011 for input on the pavement and asset management plans, the assessment policy and funding strategy. Mayor Wimmer indicated he would like to hold one daytime session and one evening session so all member of the community have a chance to provide input.

City staff gave reports on their departments, work plans, projects, and work load.

Chief Hill gave a report on the Police Department a few key topics Hill addressed were:

- Strengths/weaknesses of the Police Department
- Opportunities/Threats
- Need to continue training/mentoring for employees to move up within the Department
- Community Policing - Key Foundation to the Police Department
- Looking into grant funding for automated external defibrillators (A.E.D's) for all City Buildings
- Looking into grant funding for thermal imaging cameras
- Need for new technology/equipment in the investigation room such as cameras
- Gas prices are currently down, but ammunition prices have gone up

Public Works Director Nick Fleischhacker reported on the following:

- Water and long term planning
- Water process testing is done 1,300 times per year
- Sewer and long term maintenance needs
- Sewer process testing done 1,000 times per year
- Reporting for water/sewer and new legislation
- Streets - straight salt versus dirt makes an ease for clean-up in spring for streets
- Looking into paint that lasts for a longer term - currently re-paint yearly

- Streets are in pretty good shape if start to repair and maintain now - this will lead to a decrease in costs for road maintenance/reconstruction long term
- Parks and summer maintenance

Liquor Store Manager John Jacobi reported on the Liquor Store:

- 4.4% increase in sales over year prior
- Development in wines
- Great employees and ideas
- Backroom always over stacked/ over crowded
- EMV pay chip and pin credit cards
- Parking lot deterioration
- Plans for the future
- Hope for a new Liquor Store in future plans

Mayor Wimmer and the Council discussed that they do not foresee planning for a new Liquor Store for at least five more years.

Community Development Director Roxanne Achman reported on the following:

- Several potential commercial projects
- Code Updates
- Numerous calls on platting and adding on to homes/ businesses
- 2016 Comprehensive Plan
- Creation of a Joint Planning Board for the Comprehensive Plan with the City of Cambridge and Isanti Township
- Potential change to the make-up of the Planning Commission
- Need for GIS and Mapping software
- Succession Planning - Building Official position
- Code Enforcement/ Zoning Technician obtaining permit technician certification

Economic Development Director Sean Sullivan reported on the following:

- The Economy is improving from where is has been from the last 5 years. Isanti has an opportunity to grow again - we need to stick to our message
- Currently over 150 businesses in Isanti that employ over 1500 workers
- 38 permits for single family residential homes were pulled in 2014
- East Central MN Housing Study and Tourism Impact Hotel Feasibility Study were completed in 2014 and will be used to market to specific end users
- Demand for senior and residential housing for Isanti identified in East Central MN Housing Study
- Future Development Needed: Working on Hotel and Clinic and other CEDS Priorities
- Upgraded City Website 2014
- Need to consider potentially to recruiting businesses from the North
- Continued development of City owned lots in Industrial Park
- Need for quality development along highway 65, beginning to see some push for development that doesn't maximize land on 65 and could be detrimental for future of Isanti (Do we want used car lots?)

- Monument Sign or Billboard on Hwy 65 for Isanti would be a great way to market community

Lundeen stated that a monument sign with an electronic billboard would be a great attraction.

Community Events Manager/ Parks Coordinator Josi Wood reporting on the following:

- Community Center - increase in rentals since 2014 improvements
- Numerous Community Center showings and renting
- Creation of new parks brochure
- Summer planning - farmers market and street dances
- Custodian position filled for cleaning the Community Center and Indoor Arena (home of Isanti BMX)
- Need for Community Center capital improvement replacement plan
- Family programming
- Playground audit
- Looking for grant opportunities
- Some DNR land issues with newly acquired park land - will need to clean-up/ work on

Mayor Wimmer talked about holding off on some of the improvements on the City Hall and Community Center parking lot project for the upcoming year.

Human Resources/ Deputy Clerk Karissa Henning reported on the following:

- Need to look into electronic records management system and future planning for such a system
- Creation of formal data practices policy
- Administrative Intern - tasks/ projects assigned
- Investigator and Building Inspector Search/ Building Official succession planning
- Personnel Policy updates (2014 law changes)
- Job Audit on office positions - 1st quarter of 2015
- Phone system research and replacement for 2015
- Licensing/ Pawn renewals and potential of the new strong beer and wine license for City Center Market's 'The Green Table'
- Safety Consultant Contract expires November 2015 - potential RFP for services
- OSHA Simulated inspections and OSHA Reporting
- Pay Equity Reporting
- Benefits Consultants contract up December 2015 - potential RFP for services
- Compliance with ACA requirements
- Monitor aggregate plan value in anticipation of Cadillac Tax (2018)
- Establish Look Back Policy - determine benefit eligibility and avoid future penalties
- Benefit renewals and commercial insurance renewals - Fall 2015
- Monitor claims and look for ways to decrease claim rating

City Engineer Brad DeWolf reported on the following:

- 2014 was a planning year in terms of improvements

- Asset Management Plan - invest for the future
- The City is ahead of many other cities in terms of planning and capital improvement replacement schedules
- Reviewed requirements for public works departments
- Wastewater requirements will continue to become more stringent
- The main lift station has exceeded it's useful life and the City needs to look at the replacement of this
- 2014 good work on traffic sign policies and sign retro-reflectivity
- Storm water pond maintenance
- Annual pavement maintenance and storm sewer and well head maintenance
- Re-alignment of credit union drive

Mayor Wimmer, the City Council, and Lorsung hosted a discussion on the difficulties that may be faced with the re-alignment of credit union drive and Lorsung noted that with the building of Family Dollar, this will alter how things will be re-aligned.

Finance Director Sarah Cotton reported on the following:

- Movement of Utility Billing in-house dramatically increased foot traffic at City Hall
- Importance of Payroll Clerk, Utility Billing Clerk, and Receptionist - front line staff; great customer service provided to citizens
- Review of what the Finance Department does
- 2015 utility rate study
- Funding for capital improvement projects
- Goal - credit card payments online for all permits

Mayor Wimmer reviewed the five year plan fund balance and discussed the City's long term plan. Mayor Wimmer touched base on planning for increases in payments to the Fire District and how the City may need to start levying for fire services due to the yearly increases. Mayor Wimmer noted fire services have increased around 10 % each year. Mayor Wimmer stated that fire service is the one thing within the City budget that the City cannot control.

Mayor Wimmer noted local government aid (LGA) will change and fluctuate. Mayor Wimmer touched base on a revenue shortfall and attributes some of the shortfall to undeveloped lots.

Mayor Wimmer touched base on the pavement management plan and noted the more the City can take care of on the front end, the less costly repairs will be later; this will save the City some money in reconstruction fees for streets. Mayor Wimmer stated there is a need to get caught up on street repairs now while the City is able to make minor repairs so larger repairs do not need to be made later. Mayor Wimmer noted the city will need to take a look at debt payments for the pavement plan. Mayor Wimmer emphasized the importance of a good road and utility system.

Mayor Wimmer touched base on potential franchise fees for utilities in public right-of-ways.

Mayor Wimmer talked about the downtown parking project and also again on how he does not recommend doing City Hall parking lot improvements in 2015.

Mayor Wimmer talked about a new liquor store and how he does not anticipate implementing a new liquor store in the next five years. Mayor Wimmer explained this is because if the City were to have a new liquor store, this would mean revenues would then not be able to go back to the City as it would be going to debt service payments.

Jacobi did note that the liquor store will plateau in terms of revenue generated for the City due to lack of space. Jacobi mentioned the store may have already hit its plateau and that in talking with the auditors and other cities it is surprising how much money comes out of sales for the store due to its size. Mayor Wimmer noted the City's budget does need the money generated from the liquor store for the next three to five years.

After a short break Mayor Wimmer touched base on/ followed up on a few remaining goals:

Mayor Wimmer noted again that he would like to hold community meetings one in the morning and one in the evening for the pavement utility and asset management plans.

Mayor Wimmer touched base on the assessment policy and asked the Council whether or not they wanted to review it and make changes. Cotton noted that if the Council keeps the current policy, this would not be a significant impact to the citizens in terms of cost. The Council was in favor of keeping the same assessment policy.

Mayor Wimmer touched base on having a rate study done for City utilities. Mayor Wimmer touched base on doing the housing study and marketing plan. Mayor Wimmer touched base on the desire to create a joint planning board for the comprehensive plan.

Mayor Wimmer noted that Henning will do a job audit of office positions in 2015.

Joslin asked for goals from the other Council members for the year 2015.

Collision

- Address storage room concerns for Liquor Store
- Police Department Interview Room technology
- Policy for Police Officers body cameras
- Entry sign into Isanti
- Concentrate on maintaining current parks and weed control
    - There was discussion on irrigated versus non-irrigated sections of parks and how nothing can be done about this due to the sand in some areas

Lundeen

- Fire District - do what the City can to make changes
- Finishing sidewalk on Whiskey road on east side
- Establish long range financial plan
- Continue economic development
- Streetlight infill
- Maintaining city standards

- Monument/ sign on north and south sides of City
    - Electronic billboard if can afford

Johnson

- Clean up the compost site

Bergley

- Work with Fire District on changes

Through the above discussions at City Council Goal Setting Session, the following was compiled for the 2015 City Council Goals:

1. Adopt a Long Range Revenue Plan
2. Adopt Pavement Management and Utility Improvement Plans
3. Complete a Utility Rate Study
4. Create Joint Planning Advisory Board with City of Cambridge and Isanti Township - Comprehensive Planning
5. Work on Sidewalk Infill on CSAH 23 and Heritage Boulevard
6. Continue Marketing Plan and Economic Development Efforts to Diversify and Increase the Tax Base

MINUTES OF THE CITY COUNCIL
GOAL SETTING SESSION
CITY OF ISANTI
January 27, 2014

The meeting was called to order at 8:30 a.m.

Members Present: Mayor George Wimmer, Councilors Dan Collison, Steve Lundeen, Adam Johnson and Sue Larson.

Members Absent: None.

Staff Present: City Attorney Clark Joslin as Facilitator, City Administrator/City Clerk Don Lorsung, Human Resources/Deputy City Clerk Karissa Henning, Finance Director Sarah Cotton, Liquor Store Manager John Jacobi, Economic Development Director Sean Sullivan, Community Development Director Roxanne Achman, Community Events and Parks Coordinator Josi Wood, Police Chief Ron Sager, Police Lieutenant Gene Hill, and Public Works Director Nick Fleischhacker.

City Attorney Joslin gave a brief introduction regarding the Goal Setting Session Agenda.

Overview of 2010 - 2013 Top Goals
Joslin reviewed the top goals from previous years and they were as follows:

2010

- Economic Development Comprehensive Plan
- Downtown Plan
- Consideration of EDA to an HRA
- Continue work on Rail Industrial Park
- Budgeting without LGA
- Establishing a list of cuts and prioritize budget items
- Determine the percentage of general funds to reserve
- Restructuring bonded debt

2011

- Restructure City Government – Joslin discussed Community Meetings/Outcome

2012

- Community Center Review – Citizen Task Force
- Capital Replacement Fund – Review Reserves
- Utility Billing Review and Recommendation
- CSAH 5 – Traffic and Congestion Issues
- Main Street Traffic Issues
- Continue Economic Development – Diversify and Increase Tax Base

2013

- Community Center - Finalize Process/ Make it Financially Viable

- HRA Option - Evaluate
- CSAH 5 Aesthetic Standards / Traffic Flow Evaluation
- City Website Update
- Maintain City Standards
- Utility Billing - Pursue In House Billing
- Continue Economic Development Efforts to Diversify and Increase the Tax Base

It was indicated that utility billing is now in house and that a majority of the 2013 goals are completed and other goals are still moving forward as directed. It was also noted that the donation by the Ruby Johnson Trust Dated February 17, 2010 for Capital Improvements to the Isanti Community Center, accepted by the City Council on November 6, 2013, will greatly assist in the capital improvements needed.

Long Term Plan
Mayor Wimmer reviewed the five year plan fund balance, talked about the City's long term plan, how the City should stay strong with rental and nuisance ordinances to protect property values, and a desire to increase the commercial industrial tax base.

Mayor Wimmer touched on the City being in good financial shape and having a higher percentage of its operating expenses in its fund balance than other cities. The State recommends having around 35% - 50% of operating expenses within the fund balance. It is projected that the City will be able to be around 60% through 2018. Mayor Wimmer also noted the City has been subsidizing the fund balance around $200,000 - $300,000 dollars a year in order to maintain its service level to citizens without raising taxes.

Mayor Wimmer noted the Chief of Police submitted his retirement letter on January 21, 2014 and discussed with the Council moving forward with an internal posting for the position. There was consensus among the Council to do an internal posting and to first try to promote from within the Police Department.

There was discussion amongst the Council regarding all City sidewalks being cleared by Public Works staff, and what it would take to make that possible. Currently only 40% of City sidewalks are cleared. There was direction from Council for staff to take the necessary steps to proceed forward with investing in new equipment, hiring another employee, discontinue fining citizens who have not cleared sidewalks, and to change the sidewalk snow removal policy so that the City is to clear all City sidewalks (besides those exempt within the plowing policy and private sidewalks). The direction is effective from this date (01-27-2014) forward.

Collison discussed the need for a new Liquor Store and recommended that the store be relocated off of highway 65. Mayor Wimmer noted the Liquor Store is an economic development tool that can help support other local businesses in town on County Road 5 (Heritage Blvd) and Main Street. There was discussion regarding business being taken away from other businesses off of County Road 5 (Heritage Blvd) and Main Street if the Liquor Store were to move. Mayor Wimmer expressed that he felt that Liquor Store was still about three to five years away from expanding/being built. Mayor Wimmer indicated in order for it to be financially feasible, the Liquor Store would need to increase sales by around 1.5 million dollars. Jacobi noted that a cost study should be done to see whether

or not it would be feasible, at this point in time, to build a new store. Jacobi shared his concern that there is not enough space to house everything that the customers would like and that he does lose business because of this. There was consensus that the Liquor Store has most likely neared its potential for sales and that more space is needed in order for the store to grow and generate more money in sales. There was discussion for Sullivan and Jacobi to continue working together towards promoting economic development and the Liquor Store through joint signage. Mayor Wimmer directed the Liquor Store market study be placed back on the 2015 Goal Setting session for discussion.

City Finances Report
Cotton reviewed the updated capital improvement plan, capital replacement reserves and debt schedule. The City has a little over four million dollars in outstanding debt.

Mayor Wimmer stated LGA funds can be used to help with purchasing capital replacements.

Cotton recommended a rate study be done in 2015 for water and sewer.

City Council Discussion
Mayor Wimmer noted that in 2015-2016 the City should be taking a look at redoing the comprehensive plan, and that he would like to have joint planning meetings with Cambridge and the Townships regarding compatible land usage/ common control boundaries.

There was discussion amongst the Council that there is still a desire to have smooth traffic flow and for it to be aesthetically pleasing along County Road 5 (Heritage Blvd). Staff is to work with the City Engineer on possible traffic controls along County Road 5 (Heritage Blvd).

After a short break, there was discussion on replacing street lights, and for the Public Works Committee to review this matter and put together a phased plan for replacing the lights. Mayor Wimmer asked that the costs be reviewed and a plan to be in place by May 2014 for budgeting purposes.

Larson brought up the issue of frozen water pipes downtown. There was discussion that moving forward insulation should be put underneath the sidewalks or roadways without sufficient cover.

There was discussion on having Sullivan continue moving forward with updating the City website.

There was discussion on Community Center improvements, having the Community Center parking lot conjoin with an expanded City Hall parking lot, and for drainage issues to be looked at. Mayor Wimmer clarified that the donation of money received for the Community Center can only be used for the Community Center; any additional work done in conjunction with the Community Center improvements would be taken from other City funds.

Lundeen and Larson stated they would like to see continued support for economic development and the maintaining of City standards be placed back on as City goals for 2014.

Through the above discussions at City Council Goal Setting Session, the following was compiled for the 2014 City Council Goals:

1. Police Chief Search - Internal Posting Process
2. Change Sidewalk Snow Removal Policy
    a. Formal Policy Change for Council Consideration
    b. Purchase of new equipment
    c. Hiring of one new full-time maintenance technician
    d. Discontinue charging citizens for un-cleared sidewalks
3. Create Joint Planning Meetings with Cambridge and Isanti Township - Compatible Land Usage/ Common Control Boundaries
4. County Road 5 (Heritage Blvd) Traffic Study - Traffic Control/ Improvement
5. Street Light Infill - Phased Plan for Budget Consideration
6. Community Center Improvements / Parking Lot Improvements
    a. Tie in Downtown Accessibly to City Hall/ Community Center through Downtown Parking Improvements, Access East of City Hall
    b. Community Center Improvements
7. Complete Implementation of City Website Improvements
8. Continue Economic Development Efforts to Diversify and Increase the Tax Base
9. Maintain City Standards

Items to be reviewed at the 2015 Goal Setting Session:

1. Liquor Store Market Study
2. Water and Sewer Rate Study
3. Comprehensive Plan Update

With the City Council's guidance, staff will direct all goals and action items discussed to the appropriate Committees for consideration

RESOLUTION NO. 2018-201

RESOLUTION ADOPTING CAPITAL IMPROVEMENT PLAN 2018-2029

WHEREAS, the City of Isanti adopted the 2008 Comprehensive Plan on November 20th, 2007 (Resolution No. 2007-272) and the Capital Improvement Plan 2010-2020 (Resolution No. 2010-064); and

WHEREAS, the Comprehensive Plan identified a Capital Improvement Program (CIP) as a necessary planning tool for the scheduling and prioritizing of public improvement projects; and

WHEREAS, a Capital Improvement Program will allow the City of Isanti to identify critical public improvements, yet stay within budget restraints; as all projects outlined within the CIP are reviewed, priorities are assigned, cost estimates are prepared, and potential funding sources are identified; and

WHEREAS, the City Council authorized the development of an updated CIP in 2018; and

WHEREAS, the City Engineer has prepared an update of the previous CIP regarding city improvements and facilities that extends from 2018-2029; and

WHEREAS, the City of Isanti is granted through Minnesota State Statues the right to prepare, adopt, and amend a Capital Improvement Plan and the Finance Committee has reviewed the plan and recommends its adoption:

NOW, THEREFORE, IT IS HEREBY RESOLVED by the City Council of the City Of Isanti, Minnesota to hereby adopt the Capital Improvement Plan 2018-2029 as prepared by Bolton & Menk dated July 2018 for the City of Isanti.

This resolution was duly adopted by the Isanti City Council this 4th day of September 2018.

I. PROJECT INTRODUCTION

The goal of the Capital Improvement Plan is to establish a ten year maintenance and improvement plan to allow for the City of Isanti to properly prepare for improvements required in the future. The plan addresses existing facility and equipment upgrades as well as plans for future needs. The CIP gives the City of Isanti a vision of the future and will allow project priorities to change along with future needs. We have identified capital improvement needs for projects in four separate areas. The four areas include:

A. Multi Modal and Transportation Corridor Enhancements
B. Street System Management
C. Sanitary Sewer Collection and Treatment System
D. Water Supply and Distribution System

This CIP includes input from the City Council and City Staff to help ensure that projects meet the community needs and follow plans that were previously adopted by the City Council. These Council-adopted plans help prioritize areas of focus, and the CIP is a commitment toward implementation of the plans' goals and objectives.

II. CAPITAL IMPROVEMENTS

Capital improvements have been divided into four separate areas. The classification has been determined based on the primary need or goal of the project.

A. Multi Modal and Transportation Corridor Enhancements

The following list included the previously approved Multi-Modal elements that have been identified as needs throughout the City of Isanti. All improvements described below are identified in Figure No. 1 located in the appendix.

1. Eagle Park Parking Improvements

The parking improvements consist of reconstructing the existing Eagle Park parking lot located north of Broadway Street SW and west of the rail road to provide a new surface and layout to accommodate additional downtown parking.

2. Heritage Boulevard Walk Improvements

This project would involve the completion of the trail and sidewalk along Heritage Boulevard (CSAH 5). The project involves the construction of a sidewalk along the north side of CR 5 from Hillock Court NW to 3rd Avenue NW.

3. **Realign Credit Union Drive and Installation of a Signal System**

   This improvement would establish a new 4 way intersection at the current 3 way intersection of Heritage Boulevard and East Dual Boulevard NE. The existing intersection of Credit Union Dr NE and Heritage Boulevard would be removed. This project would also include a designated crosswalk and the installation of a traffic signal system.

4. **Pedestrian Bridge/Tunnel**

   This project included the installation of a grade separated pedestrian crossing of Trunk Highway 65. The bridge/tunnel and associated access ramps will serve as an alternative crossing to the existing at grade crossing located at the intersection of Trunk Highway 65 and Heritage Boulevard.

5. **Pedestrian Bridge/Tunnel Collector Trail Improvements**

   This project would connect the Pedestrian Bridge/Tunnel to the existing walk at 8th Avenue SE near the Isanti Intermediate School and the walk located along Main Street at Credit Union Drive NE. The trail would be extended along the north side of Main Street then along the east side of the proposed 4th Avenue between Main Street and Broadway Street SE. This project will allow the pedestrian bridge/tunnel to be connected to the trail and sidewalk network already in place on the east and west side of Trunk Highway 65.

6. **Transit Station Improvements**

   An area has been identified for the future addition of a transit station in downtown Isanti. This has been included to identify the general area that the station would be located.

7. **West Frontage Road Improvements from Golden Way to Heritage Boulevard**

   This project would consist of construction of a 40-foot wide frontage road system between Cajima Street NE and Heritage Boulevard. It is planned that this street segment would include sidewalks on both sides of the corridor to further expand the existing sidewalk network. The improvements will also include new public utilities along the entire length of the project to serve the adjacent properties.

8. **Wendover Street NE/ 6th Avenue NE Improvements**

   This improvement has already received preliminary approval of its conceptual layout for street and utilities. This project will supplement and provide an additional link in the existing transportation and utility systems on the east side of TH 65.

9. **West Collector Road Improvements from Cajima to 301st Avenue**

This project would include the installation a 40-foot wide frontage road system from Cajima Street to 301st Avenue. It is planned that this street segment would include sidewalks on both sides of the corridor to further expand the existing sidewalk network. The improvements will also include new public utilities along the entire length of the project to serve the adjacent properties.

10. **East Collector Road Improvements from 8th Avenue to CSAH 5**

This project would include the installation a 40-foot wide collector roadway to further expand the transportation system on the east side of TH 65. It is planned that this street segment would include a trail along one side of the roadway to allow for extension further east into Isanti County in the future. The improvements will also include new public utilities along the entire length of the project to serve the adjacent properties.

B. Street System Management Plan

The following is a list of street rehabilitation and enhancement projects that have been included for completion over the life of the plan. A visual inspection and rating of the street segments in the City was completed in the preparation of this plan. The street segments were evaluated based on their condition and the age and condition of the underlying utilities. The following projects, which are identified in Figure No. 2 in the appendix, are recommended to effectively preserve and enhance the existing street system:

1. **Street Surface Rehabilitation in Brookview South 1-4 Additions**

This project would include the repaving of the streets in the Brookview South 1-4 Additions. The condition of the pavement on these streets is in need of more than a conventional seal coat to preserve the life of the improvements.

2. **6th Avenue SW Rehabilitation**

This project would include the repaving of 6th Avenue from South Brookview Lane SW to 200 feet south of Dogwood Street SW. The condition of the pavement on this street is in need of more than a conventional seal coat to preserve the life of the improvements.

3. **Main Street W Reconstruction**

This project would include the reconstruction of Main Street W from South 4th Avenue to Whiskey Road. The condition of the pavement on this street is in need of more than a conventional seal coat to preserve the life of the improvements. The side walk and curb & gutter are in need of repair as well.

© Bolton & Menk, Inc. 2018, All Rights Reserved

4. **Street Surface Rehabilitation in Isanti Hills Phase 1, 3 & 4**

   This project would include the repaving of the streets in the Isanti Hills Phases 1, 3 & 4. The condition of the pavement on these streets is in need of more than a conventional seal coat to preserve the life of the improvements.

5. **Railroad Avenue SE Reconstruction**

   This project would include the reconstruction of Railroad Avenue SE from Palomino Road SE to Main Street E. The condition of the pavement on this street is in need of more than a conventional seal coat to preserve the life of the improvements. The east curb line would be shifted west to add a concrete sidewalk along the east side of the roadway.

6. **Mill and Overlay East Dual Blvd from Heritage Blvd to WTF Entrance**

   Edge mill and overlay this segment to establish a more consistent crown to the roadway.

7. **Towns Edge Road SE Reconstruction**

   This project would include the reconstruction of the rural roadway from Railroad Avenue to TH 65. Sanitary sewer and watermain would also be extended into this area to provide service to the parcels along this roadway. A lift station would be constructed near the Pond Street & Railroad Avenue intersection, with a discharge forcemain running north along Railroad Avenue to the existing sanitary sewer located at Palomino Road.

8. **Traffic Sign Evaluation and Replacement**

   This project includes evaluating and replacing traffic signs throughout the City to meet new State retroreflectivity requirements. This rule requires that all signs within the City be evaluated for effective retroreflectivity. A 5 year inspection rotation is recommended to maintain retroreflectivity standards. Those signs that do not have the proper reflective sheeting material should be replaced as discovered.

9. **Railroad Crossing at 301st Avenue**

   This improvement would be considered in part with the construction of the Rail Road Industrial Park.

10. **Yearly Pavement Maintenance**

    This annual project would consist of performing the pavement maintenance program on a 7-year rotation as laid out in the City Pavement Maintenance Program. Figure No. 4 identifies the current plan that is in place.

11. Yearly Storm System Maintenance

This annual project would have yearly maintenance performed on stormwater ponds, outlets and waterways following the storm sewer and pond maintenance plan shown in Figure No. 5. This maintenance would include dredging of ponding and waterway areas, cleaning of outlets, cutting of vegetation, repairing washouts and establishing vegetation.

12. Traffic System Upgrade at TH 65 and Cajima Street NE

This project would include the installation of a Reduced Conflict Intersection (RCI) at the intersection of TH 65 and Cajima Street NE. MnDOT is installing RCIs along the Highway 65 Corridor as part of their master planning. MnDOT will install three RCIs in 2018 and four more are scheduled for 2019.

13. Traffic Signal System Upgrade at Heritage Boulevard and 8th Avenue NE

This project would include the installation of a traffic signal system at the intersection of Heritage Boulevard and 8th Avenue NE. This project would be initiated when traffic warrants for the signal system have been reached.

14. Traffic Signal System Upgrade at Heritage Boulevard and 3th Avenue NW

This project would include the installation of a traffic signal system at the intersection of Heritage Boulevard and 3rdAvenue NW. This project would be initiated when traffic warrants for the signal system have been reached.

15. Tyler Street SE Reconstruction

This project would include the construction of a new paved, curb & gutter urban street section from South Passage to Railroad Avenue including the extension of sewer and water services to the adjacent parcels. Land acquisition or a permanent easement would be needed for a storm sewer infiltration basin. The gravity sanitary sewer would run south to South Passage and then west to the existing lift station at Deerhaven Drive. Multiple homes may require grinder pumps to lift their sewer service up to the depth of the new sewer main. The watermain would be looped along Tyler Street to connect into Railroad Avenue and South Passage.

16. 4th Avenue SW Reconstruction

This project would include the construction of a new paved, curb & gutter urban street section from South Passage to the south including the extension of sewer and water services to the adjacent parcels. Land acquisition or a permanent easement would be needed for a storm sewer infiltration basin. The gravity sanitary sewer would run north to South Passage where a new lift station would pump the sewer into the existing system in South Passage. The watermain would be extended to the south with a ultimate future loop planned to connect back to Carson Drive SW.

17. **Pave Elim Lane and Viola Street**

    This project would include paving the existing gravel roadways.

18. **Pave Gravel Alleys**

    This project would include paving the existing gravel alleys

19. **Pond Street Reconstruction**

    This project would include the construction of a new paved, curb & gutter urban street section from Railroad Avenue to the west where the existing gravel ends. This project would include the extension of sewer and water services to the adjacent parcels as well. The gravity sanitary sewer would run east to the lift station proposed with the Towns Edge Road Reconstruction project. The watermain would be extended to the west. No storm sewer is anticipated for this project.

C. Sanitary Sewer Collection and Treatment System

The following is a list of sanitary sewer collection, treatment, rehabilitation and enhancement projects that have been included for completion over the life of the plan. Properties currently on private septic systems will not be forced to hook up to the City sanitary sewer system until the septic system is found to be out of compliance or scheduled for replacement.

The following projects, which are identified in Figure No. 3 in the appendix, are recommended to effectively preserve and enhance the existing sanitary sewer system:

1. **Add Sanitary Sewer Service Along Heritage Boulevard**

   This improvement would be constructed to allow for sanitary sewer service to un-sewered properties along Heritage Boulevard between the Elementary School and Hillock Court.

2. **Clarifier Rehabilitation**

   This improvement would include the full rebuilding of the existing clarifier.

3. **Convert the WWTF to a Full Mechanical Plant**

   This improvement would be considered in part with the construction of the Rail Road Industrial Park.

4. **Towns Edge Road Sanitary Sewer and Railroad Avenue Forcemain**

   This improvement would be constructed to allow for sanitary sewer service to un-sewered properties along Towns Edge Road. A lift station would be constructed near the Pond Street & Railroad Avenue intersection, with a discharge forcemain running

© Bolton & Menk, Inc. 2018, All Rights Reserved

north along Railroad Avenue to the existing sanitary sewer located at Palomino Road. This work is included in the Towns Edge Road street improvement project cost.

5. **Tyler Street Sanitary Sewer**

This improvement would include the construction of a new sanitary sewer main to provide service to the parcels along this road segment. The gravity sanitary sewer would run south to South Passage and then west to the existing lift station at Deerhaven Drive. Multiple homes may require grinder pumps to lift their sewer service up to the depth of the new sewer main. This work is included in the Tyler Street Reconstruction project cost.

6. **4th Avenue Sanitary Sewer**

This improvement would include the construction of a new sanitary sewer along 4th Avenue south of South Passage to provide service to the parcels along this road segment. A lift station would be constructed near south passage to provide the required depth to service the existing homes. This work is included in the 4th Avenue Street Reconstruction project cost.

7. **Pond Street Sanitary Sewer**

This improvement would include the construction of sanitary sewer along Pond Street to provide service to the parcels along this road segment. This project would require the lift station and forcemain proposed with the Towns Edge Road project to be completed in advance to provide a discharge point. This work is included in the Pond Street Reconstruction project cost.

D. Water Supply and Distribution System

The following is a list of water supply and distribution system improvements projects that have been included for completion over the life of the plan. Properties currently on private wells will not be forced to hook up to the City water system until the well is found to be out of compliance or scheduled for replacement.

The following projects, which are identified in Figure No. 3 in the appendix, are recommended to effectively preserve and enhance the existing system:

1. **Filter Rehabilitation**

This improvement would include the full rebuilding of the four existing filters.

2. **Water Tower Coating Rehabilitation**

This improvement would include the rehabilitation of the coatings on the water tower. The existing coatings are beginning to peel off of the surfaces and should be redone to preserve the life of the equipment.

3. Towns Edge Road Watermain

This improvement would include the construction of a new watermain along Towns Edge Road to provide service to the parcels along this road segment. This work is included in the Towns Edge Road street reconstruction project cost.

4. Tyler Street Watermain Loop

This improvement would include the construction of a new watermain to provide service to the parcels along this road segment. The watermain would be looped along Tyler Street to connect into Railroad Avenue and South Passage. This work is included in the Tyler Street Reconstruction project cost.

5. 4th Avenue Watermain

This improvement would include the construction of a new watermain along 4th Avenue to provide service to the parcels along this road segment. This work is included in the 4th Avenue Street Reconstruction project cost.

6. Pond Street Watermain

This improvement would include the construction of watermain along Pond Street to provide service to the parcels along this road segment. This work is included in the Pond Street Reconstruction project cost.

III. ESTIMATED COSTS AND SCHEDULE

The costs shown below are estimated project costs based on 2018 construction prices with an inflation factor of 3% per year to the year it is planned to be constructed.

A. Multi Modal and Transportation Corridor Enhancements

Project	Estimated Project Cost (with 3% Inflation)	Year to be Completed*
1 Downtown Parking Improvements - Eagle Park	$93,000	2020
2 Heritage Boulevard Walk Improvements - Hillock Ct - 3rd Ave NW	$121,000	2021

IV. FINANCIAL PLAN

The total costs from various funds have been summarized in the following table based on the expenditures for the entire plan. The costs include an inflation factor for the year the improvement is to be completed. A detailed financial plan is included in the Appendix.

Proposed Funding Source	Total Fund Expendature
Street General	$6,964,000
TIF	$93,000
Special Assessments	$1,084,000
Signal	$940,000
Water	$2,372,000
Sanitary Sewer	$2,024,000
Storm Sewer	$1,102,000
Park Dedication	$1,619,000
State Aid	$1,852,000
State & County	$871,000
Federal	$2,544,000
Total Plan	$21,465,000

Include in the appendix of this Plan is the detailed breakdown of all costs and associated funding sources for all improvements detailed above.

V. APPROVAL

This Capital Improvement plan has been completed with input from City Staff and various planning committees. It includes all anticipated projects for a 10-year period. This plan has been reviewed and recommended for approval by the Isanti Finance Committee.

20 -Year Capital Improvement Plan
Capital Improvement Plan (20 year) - Development of a comprehensive 20-year Capital Improvement Plan that identifies capital maintenance and replacement needs as well as capital project needs. Gain broad understanding of revenue sources for both types of capital needs.

CDD/EDD Staffing Plan
Consideration of restructuring Community Development and Economic Development Departments.

City Website
With the understanding that prospective residents and businesses are likely to first go to our website for information about the City of Isanti, it has been determined that a complete redesign of the City's website is a priority. An updated website will improve our online presence (which is often the important first impression for those unfamiliar with the City), improve the experience of site visitors searching for permit applications, utility bill payments, and other critical information, and increase efficiency for City staff making frequent updates to website content.

Legacy Park Access

The access to Legacy Park is changing with the development of Legacy Pines. Park visitors will now access the park from the extension of Bellaire Boulevard. Staff are requesting City Council discussion on the following items:

- Legacy Park includes an area at its south east corner that was planned to be a parking area at such a time that the surrounding area was developed. Staff is expecting the extension of the road to be completed in 2019. As a point of reference, the parking lot at River Bluff Preserve was about $40,000 in construction and engineering fees.
- The signage for Legacy Park was taken down when work began in Fall 2018. Staff is seeking direction about where and when to reinstall the park signs.
- Because the official park entrance had been so remote up until now, there has not been a portable restroom on site at Legacy Park in the past. All other park locations have portables from April through October each year. Our current contract is $95/month for accessible units at the parks ($665 per season).

Policy Updating

It is recommended to update all policies as needed to assure compliance and offer guidance for circumstances that occur. This process is time consuming as it extends to all departments and employees, however, is in the best interest of the City. Each Department's polices will need to be examined and cross-referenced with any applicable union contracts for more clarity and avoid any contradictions.

MEMORANDUM

Date: January 25, 2019

To: Josi Wood, City Administrator

From: Bradley C. DeWolf, P.E.
City Engineer

Subject: 2018 & 2019 Street & Utility Project Summary
City of Isanti, MN
Project No.: R13.117985

2018 Street Project Summary:

In 2017 the Pavement Management Plan was updated to reflect revisions to the anticipated project costs for improvements, and the maintenance plan concept map was updated.

The 2018 Pavement Management project was completed to follow the 2017 maintenance plan updated schedule. This included sealcoating the designated streets in the NW region of the City.

The Palomino Road Improvements project was completed in the spring of 2018 with the construction of the pavement wear course and surface restoration.

The 2018 Street & Utility Improvements Project was also completed in 2018. This included the extension of 5th Avenue from the existing cul-de-sac to Main Street, as well as the construction of Richard Avenue from Main Street to Broadway Street.

2019 Street & Utility Project Summary:

The 10-year Capital Improvement Plan (CIP) for street & utility work was updated in September, 2018 to forecast out to 2028.

To follow this plan adopted by the City Council, the 2019 Pavement Maintenance Project is scheduled to sealcoat the SE region of the City, and Overlay a portion of 8th Avenue NE from Heritage Boulevard to Brookview Lane SE. Attached is the Pavement Maintenance Schedule figure included in the 2018 CIP.

The traffic system upgrade at the intersection of TH 65 and Cajima Street is also included in the 2018 CIP update. This includes the construction of an RCUT increase safety and reduce wait times during rush hours. MnDOT has agreed to pay $450,000 of the construction cost and 8% of that cost in engineering fees. This project is scheduled to be completed in 2019 as well. A figure of the proposed RCUT layout is attached.

Also included in the 2018 CIP is the Storm Sewer & Pond Maintenance Plan. This plan schedules the storm apron and pond maintenance required to follow the MS4 standards. The 2019 work includes a large region of the southern and eastern regions of the City. Attached is the Storm Sewer and Pond Maintenance plan

Bolton & Menk is an equal opportunity employer.

included in the 2018 CIP. This plan includes the addition of the originally scheduled 2017 and 2018 Storm System Improvements projects that were not constructed in the previous 2 years.

2019 Project Costs:

2019 Pavement Maintenance Project	$298,000
TH 65 & Cajima Street RCUT Improvements	$750,000
MnDOT Funds	($486,000)
2019 Storm System Maintenance Project	$340,000
Total 2019 Street & Utility Project Costs to City:	$902,000

Subject: Comprehensive Plan Update

In 2019, the City will be reviewing and update its City Comprehensive Land Use Plan. As a part of this, the City Council needs to provide input whether City staff will work directly with the Planning Commission on this update, or whether the City Council desires that a Citizen Advisory Panel will be formed to review plan sections that are prepared by staff. Recommendations from the Citizen Advisory Panel meetings would then be brought to the Planning Commission for their review. If it is decided that the Planning Commission will be the reviewing board regarding work on the update, the Public could still be invited to those Comp Plan review meetings to solicit input. Please be aware that a public hearing on the draft Comprehensive Plan Update will be needed prior to its adoption.

Staff will review these public input options further with you at Goal Setting.

1. City Administrator Transition
   a. Resolution 2019-020 Approving Contract for City Administrator Position

A motion was made by Collison, seconded by Lundeen to approve City Administrator contract. Councilmember Lorinser questioned if contracts were able to be discussed in an open session. City employees Josi Wood and Don Lorsung questioned if they were opposed to their contracts being discussed in an open session meeting. Don Lorsung and Josi Wood both agreed to allow their employee contracts to be discussed in an open session. Council Member Lorinser addressed concerns to Josi Wood's City Administrator contract including salary, vacation time and if the cost of the car allowance should be included in Mrs. Wood's annual salary. Josi Wood shared that other than her family, the needs of the City will be her priority. Council Member Bergley asked if there was an advantage for the City or for Josi Wood with having the car allowance. Council Member Lorinser stated that the advantage to the City when Don Lorsung was City Administrator was that it lowered Don's annual salary and gave him extra money where there would not be a pay equity issue. Council Member Collison questioned if the money is pre-taxed. Don Lorsung responded informing Council that the money is pre-taxed. Council Member Collison shared that other cities either offer a company car or a car allowance. Subsequently, to discussion a motion was made by Lundeen, seconded by Lorinser to approve City Administrator Contract with the modification to add $4,200.00 car allowance into Mrs. Wood's annual salary. Motion carried.

b. Resolution 2019-0231 Approving Contract for Assistant City Administrator/ Special Projects Position

Don Lorsung shared that he considers this position to be a great opportunity for him to continue to serve the City. Mr. Lorsung continued to share that he will be updating Comprehensive Plans, review and update City codes, assist in orientation of new Community Development Director, and assist City Administrator as needed. Councilmember Lorinser addressed concerns to Don Lorsung's Assistant City Administrator/ Special Projects contract including severance package if the City were to terminate Mr. Lorsung the City is responsible to pay Mr. Lorsung a 6 months' severance package and varying the contract's end term June 2020. Subsequently, to discussion of Don Lorsung's Assistant City Administrator/ Special Projects contract, a motion was made by Collison, second by Bergley to approve contract with the modification of the contract term ending June 31, 2020. Motion passed 4-1 with Lorinser voting nay.

2. Appointments to Committees and Boards- Tabled Appointments

Mayor Johnson shared that the second alternate appointee for Fire Board and ICICLE were tabled at the last City Council Meeting. Councilmember Bergley expressed that he would like to be removed as the alternate for Fire District and that he would like to appoint Mayor Johnson as the alternate. Mayor Johnson questioned if City Administrator and Councilor Bergley should both attend ICICLE Meetings. Don Lorsung suggested Bergley and Wood attend and they can report back if they shall both continue to attend. Councilmember Lorinser questioned why he was not included and Mayor Johnson stated that the committee appointees remained the same as 2018 with the exception of Fire Board and ICICLE. Councilmember Lorinser requested to be on the Bike Isanti Committee as well as the C-I Bike/Walk Trail Committee. City Attorney Clark Joslin informed City Council that if a

meeting is open then it is fine for Councilor Lorinser and Mayor Johnson to both attend the meetings. Clark Joslin continued to share that C-I Bike/Trail and Bike Isanti both meet the open meeting requirements allowing both to attend.
Motion by Lundeen, second by Bergley to approve. Motion carried.

~~3. 2019 City Council Goal Setting Meeting- Request Review of Date~~

3. Resolution 2019-022 Approving a Special Event Request for the 2019 Downtown Street Dances
Motion by Lundeen, second by Lorinser to approve resolution as presented. Motion carried.

RESOLUTION NO. 2018-195

A RESOLUTION APPROVING SNOW PLOWING POLICY AND OPERATIONAL GUIDELINES

I. PERSONNEL

All Department of Public Works personnel shall be available for all snow plowing operations, unless on approved leave or unable to respond due to a medical condition.

II. PROCEDURES

A. Alert and Call Out

During normal working hours, the Public Services Director or designee shall be responsible for monitoring street and weather conditions and initiation of snow and ice control procedures.
After hours, on weekends, and during holidays the Police Department shall notify the Public Works On-Call or designee when snow and ice conditions warrant crew alert. Snowplows will not be sent out in situations that may be hazardous due to severely restricted visibility.

B. Salting and Sanding

The City shall consider in order the following factors when establishing application rates and locations for application of salt and/or sand. The City shall use salt as the primary treatment. Sand may be used if there is a traction issue or if weather conditions deem it effective either combined with salt or as a separate treatment.

1) Safety of the Motoring Public
2) Environmental impact of salt usage
3) Cost

Salt or sand shall be applied to the street surface in such quantities so as to provide a level of skid resistance that is consistent with standards normally experienced on city streets throughout the State of Minnesota. It is recognized that a bare pavement policy is not possible at all times during winter.

Streets shall be spot salted (or sanded) to provide skid resistance and traction consistent with area standards in accordance with the following priorities:

1) All controlled intersections along Main Street, Heritage Blvd, County Road 23 and all curves.
2) School zones
3) Commercial and industrial streets
4) Residential – blanket sanding of general snow pack on residential streets will not be done.
5) In rare instances, when ice accumulation renders the streets unsafe to drive, the Public Services Director may authorize blanket sanding of city streets to restore vehicle traction.

C. Snow Plowing

The City will plow all storms of over 2 inches. During the season, snowfall of less than 2 inches may be removed depending on road conditions. Snow plowing shall normally begin when accumulation reaches a point where functional traffic flow is inhibited. Typical plow start time is 3:00 a.m. Plowing may start earlier in the prior evening, or delayed after 3:00 a.m., or may start during the daytime if conditions warrant. Plowing shall begin as close as practicable to the time snowfall ceases and will continue as visibility and operator safety permit. Work periods shall not exceed safe limits that operators can continue without rest.

Snow removal operations shall proceed as rapidly as possible in accordance with the following priorities:

1) Fire Hall Access Area
2) Police Department Access Area
3) Snow Emergency Routes - These routes (listed in this resolution) are typically first plowed. In extreme snowfalls, these routes shall be plowed to maintain the driving lanes in a passable condition until normal snow plowing activities resume.
4) 2" or more snow event, Downtown sidewalks from the Railroad Tracks on the east and traveling west to the intersection of Main and 2nd Avenue.
5) Sidewalk Routes to Schools – First day sidewalks listed in this resolution.
6) Residential Streets
7) City Downtown Parking Lot, City Hall Parking lot and Isanti Community Center Lot
8) Municipal Liquor Store Parking Lot
9) Alleys
10) Eagle Park Parking Lot
11) Isanti Indoor Arena
12) All Other Sidewalks – Second day sidewalks (except exempt sidewalks)
13) River Bluff Preserve and Bluebird Park Parking Lots
14) Ice Skating Rink

For a storm of roughly 6 to 10 inches, it shall be the goal of the City to have all streets plowed curb-to-curb within 12 hours after snowfall stops. Storms of larger magnitude or extremely wet snow will take longer depending on severity. Extreme snowfalls may warrant the opening of two lanes in the middle of the street initially with full width plowing to follow at a later time.

It shall be the policy of the City that the opening of driveways will not be the responsibility of the City. Property owners shall be responsible for clearing driveways, and walkways. For a 2"or more snow event, the City shall clean all sidewalks and trails that provide direct access to the Primary, Intermediate and Middle Schools.

D. **Snow Hauling**

Snow will be hauled from the following streets:

1) Main Street between 3rd Avenue and Elim Lane.

Late spring and early fall snowfalls may be left on roadways if melting is determined to be imminent or if substantial damage will be caused to the pavement structure. Clearing of intersection snow banks will be accomplished when needed on collector streets and near schools.

Snow hauling could begin as early as 3:00 a.m. or 1 hour following the beginning of snow removal operations. Hauling will continue for as many nights as is necessary. Snow pickup shall be accomplished using such personnel, equipment and methods appropriate to maintaining a reasonable and safe passage of vehicles and pedestrians at all times. Traffic may be restricted by the Police Chief or his designee as emergency conditions may dictate.

E. Snow Plowing Alleys

Alleys will be opened in the aforementioned priority to provide functional traffic movement.

F. Snow Plowing Cul-de-Sacs

During snow events, the snowplow may complete only a portion of the cul-de-sacs during the first pass. The major portion of the cul-de-sacs shall be plowed during the usual time guidelines for snowplowing but specialized equipment will return for further clearing. Main city streets are cleared first with large snowplows before the smaller equipment begins clearing cul-de-sacs. There will be an effort made to distribute the snow evenly as the snowplow clears snow.

G. Wingbacks

During planned City-wide wingbacks, resident notification will be made on the City Website and by News Blasts. The Public Services Director, Designee or route driver will determine that areas may need wingbacks more often due to drifting snow or other conditions at the time, in these instances notice may not be given.

The Public Works Department will try to minimize impact to driveways and sidewalks but some snow removal may be required by the homeowner.

H. Complaints

Complaints concerning snow and ice removal will be handled in the following manner:

1) All complaints shall be referred to the Public Services Director or designee.
2) Slippery Street and sidewalk complaints shall be listed and given to Public Works for investigation and possible action.
3) All other complaints shall be given to Administration for investigation and possible action.

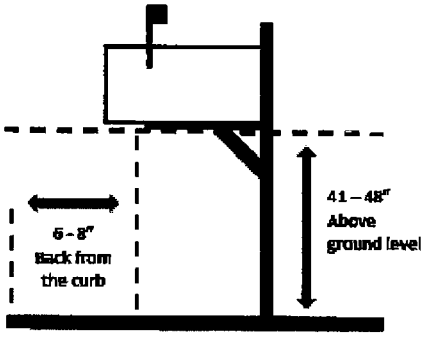
I. Property Damage

It is recognized by the City that on occasion private property is damaged during snow and ice control operations. Where this happens, it shall be the policy of the City to handle damages in the following manner:

1) **Mailboxes** – Where mailboxes are placed adjacent to the street it shall be the policy of the City that snow shall be plowed to the curb to allow for passage

of traffic and mail delivery. It shall be the responsibility of the property owner to keep piled snow away from mailboxes so mail can be delivered.

Where damage to the mailbox occurs, such damage shall be investigated by the Public Services Director or Designee. If it is determined that the weight of the snow movement caused the damage, the City will not assume responsibility for repair of the mailbox. Per USPS guidelines, mailboxes, as well as any accessory paper boxes, must be mounted at a minimum height of 41 inches above the street level to reduce the possibility of damage during winter snowplowing operations. USPS guidelines also state the post be installed 6-8 inches behind the grass/concrete curb edge and the front of the mailbox should be installed behind the back edge of the concrete curb. If the mailbox was built according to ~~Isanti County~~ these USPS ~~specifications~~guidelines or as directed by the Post Master, and was struck directly by the plow, the City will repair or replace the mailbox in kind, not to exceed $100.00.



2) **Boulevard Damage** – The City will repair physical damage to boulevard areas and may replace sod in extreme cases as determined by the Public Services Director. Typical repairs will be with dirt and seed. The City will not repair winter kill or salt damaged lawn areas. The City will not replace or repair sprinkler/ irrigation systems, landscaping or other structures in the boulevard or right-of-way area.

3) **Curbs** – Concrete curbs will not be replaced unless the curb back is broken.

4) **Driveway Ramps** – Damage caused to driveway ramps or fillets where mountable curb is in place will not be repaired by the City unless authorized by the Public Services Director.

5) **Garbage Receptacles** – Garbage receptacles are not to be placed in the street section or beyond the grass/concrete curb edge. The City is not responsible for damage of receptacles or clean-up of waste.

J. **Snow Emergency Routes**

The following routes are designated as Snow Emergency Routes and shall be marked by signage:

Cajima Street - T.H. 65 to 8th Ave NE

8th Ave NE - Cajima Street to Heritage Blvd

III. POST PLOWING OPERATIONS

Once plowing is completed from curb to curb, post plowing operations will begin in the following priority:

A. Fire Hydrants

Fire hydrants on public streets serving commercial/industrial areas, high density residential units and school facilities shall be plowed or shoveled out so as to be readily accessible for use.

B. Intersections

If in the discretion of staff, snow piles at busy intersections are of such height as to create unsafe conditions, the piles will be pushed back at those intersections on the following streets:

1) County Road 5
2) Main Street
3) County Road 23

IV. EMERGENCY ASSISTANCE

At the discretion of the City Administrator, the Public Services Department can hire either additional equipment or drivers for assistance with snow removal.

V. ADMINISTRATION

A. Council Review

The City Council's Public Works Committee shall annually review the City's Snow Removal Policy and Operational Guidelines, prior to the next year's snow season and make any recommendations for amendments to the City Council.

VI. REPEAL

This resolution repeals all previous snow plowing policies.

This Resolution was duly adopted by the Isanti City Council this 21st day of August, 2018.

Subject: Consider Resolution Approving a Special Event Permit Application for Art and Science Academy 5K Color Run

---

Background:
The City received a special event application from the Art and Science Academy looking to host The Force 5K Color Run on Saturday, May 4, 2019. The event is anticipated to be six (6) hours. The 5K will start and end at the south end of the Cambridge-Isanti Bike/Walk Trail with a color blast station. The color used will be a mixture of corn starch and food coloring that should wash away with any rain. Fees will be collected for race participation; all race proceeds will go to the Arts and Science Academy. Some additional activities will take place at Bluebird Park (games, photo booth, crafts). Volunteers and school staff will aid with clean-up after the event is completed. The applicant has submitted the $100 clean up deposit. Parking for the event will take place in the lots at Bluebird Park, and if necessary at the Isanti Soccer Complex, with permission from the Cambridge-Isanti Soccer Club. Portable restroom facilities are available at Bluebird Park and the Isanti Soccer Complex for event participants.

All scheduled events occurring on the Cambridge-Isanti Bike/Walk Trail require approval by both the City of Isanti and the City of Cambridge, per the Joint Powers Agreement. The City of Cambridge confirmed availability for this date as well.

An additional Special Event Temporary Sign Permit will need to be filed if any signs will be posted for the event.

A copy of the application and department approval has been attached for City Council review.

RESOLUTION 2019-

A RESOLUTION APPROVING A SPECIAL EVENT PERMIT APPLICATION FOR THE ART AND SCIENCE ACADEMY 5K COLOR RUN

WHEREAS, Art and Science Academy will be holding The Force 5K color run on Saturday, May 4, 2019; and,

WHEREAS, the estimated number of participants 300; and,

WHEREAS, the 5K color run route will be an out-and-back on the Cambridge-Isanti Bike/Walk Trail starting and finishing at the south end of the trail at Isanti Parkway and 3rd Avenue; and,

WHEREAS, availability of the trail has been confirmed with the City of Cambridge as required by the Joint Powers Agreement; and,

WHEREAS, additional activities including games and a photo booth will take place in Bluebird Park; and,

WHEREAS, volunteers and school staff will clean-up after the event, and the organizers have submitted the $100 clean up deposit; and,

WHEREAS, event parking will take place at Bluebird Park and the Isanti Soccer Complex, with permission from the Cambridge-Isanti Soccer Club; and,

WHEREAS, the existing portable restrooms at Bluebird Park and the Isanti Soccer Complex are anticipated to be adequate for the event;

NOW, THEREFORE, IT IS HEREBY RESOLVED by the City Council of the City of Isanti, Minnesota, to hereby approve the application for The Force 5K Color Run to be held on May 4, 2019 by the Art and Science Academy with the following conditions:

- Any event signs will require a Special Event Temporary Sign Permit and fee.
- Approval for use of the Cambridge-Isanti Bike/Walk Trail is given by City of Cambridge as required by the Joint Powers Agreement.

BE IT FURTHER RESOLVED by the City Council of the City of Isanti, Minnesota that this Resolution is hereby the 'Permit' for the above stated Special Event.

Good afternoon!

I haven't gotten around to making a form for events to use the trail yet... maybe soon! We have an event looking to host a 5K on May 4th (8:00-2:00), it looks like it will be an out and back on the south half of the trail. Do you have any conflicts with that day?

Thanks!

MEMORANDUM

TO: Mayor Jeff Johnson
Members of the Isanti City Council
FROM: Ryan Kernosky, Contract City Planner
DATE: February 5, 2019

RE: FINAL PLAT OF HERITAGE ESTATES SUBDIVISION

Request: Final Plat approval from Level Contracting, LLC for Heritage Estates Subdivision, located on Outlots A, B, & D, Sun Prairie First Addition, Isanti County, Minnesota.

Background: Level Contracting, LLC ("applicant") has submitted and paid all applicable fees for the development of a 50-lot subdivision located on Outlots A, B, & D of the Sun Prairie First Addition. This development is located along Cherrywood Ln NE and 9th Ave NE. The City Planning Commission has had the opportunity to review this project on several occasions, including during the public hearings held on the Preliminary Plat and Planned Unit Development (PUD), both done in November 2018. Both the Preliminary Plat and PUD have also been reviewed and approved by the City Council.

This area was originally developed for 61 attached townhomes, but due to a number of factors, that project was never completed. The proposed development will be 30 detached townhomes and 20 split or rambler homes.

Unique Characteristics: Because this development was slated for townhomes with private roads and private sewer and water lines, public sewer and water mains have been installed (at the time of the original development) within the aforementioned roadways. There are no public laterals from the water and sewer mains. Because of that, the developer is proposing to have private utility lines that would be in the front yards of the homes and have laterals from those lines into the homes off of the private lines.

Comprehensive Plan: This area is identified as "Medium Density Residential" in the 2008 Comprehensive Plan of the City of Isanti. I believe that this development is consistent with the future land use plan of this area.

Preliminary Plat: Commissioners and the City Council reviewed the Preliminary Plat in November 2018. At that time, the City required the following conditions:

1) The developer must enter into a development agreement with the City of Isanti

2) Final plat must have a 30' wide utility easement along both sides of Cherrywood Ln NE, 8th Ave NE, and the west-side of 9th Ave NE
3) Developer must address all items in the letter dated October 25, 2018 from the City Engineer and City Planner
4) Developer must provide proof of ownership prior to the final platting of the property
5) Developer must provide additional right-of-way to Isanti County for future intersection improvements at Heritage Blvd (CSAH 5) and 8th Ave NE.

The developer has satisfied conditions 2, 3, 4, and 5 of the resolution. Condition 1 will be addressed at a later date and will come to the City Council for final approval.

Planning Commission Review: The City Planning Commission met on January 15, 2019 to review this request. As a result, the Planning Commission has recommended **APPROVAL** to the City Council with the conditions stipulated in the attached Resolution.

City Engineer Review: The City Engineer has reviewed the Final Plat submittal, and has recommended approval with the conditions addressed in the attached memo.

City Planner Review: I have reviewed the Final Plat for compliance with the directives and conditions of the City Planning Commission and City Council. I believe the Final Plat meets or exceeds the requirements set forth by the decision-making authorities.

Certification of Taxes Paid: Heritage Builders, LLC (a subsidiary of Level Contracting, LLC) has paid the 2018 taxes for this parcel. Prior to the Final Plat being submitted, I believe that the 2019 taxes on all parcels must be paid.

City Planner Recommendation: I recommend **APPROVAL** of the Final Plat with the following conditions:

1) The developer must enter into a development agreement with the City of Isanti
2) The developer must pay any outstanding taxes on all parcels subject to development
3) The developer must pay all outstanding development fees prior to Final Platting, as described in the development agreement
4) The developer must provide three full-sized mylars and one 11"x17" mylar to the City within 120 days of final approval of the Final Plat

MEMORANDUM

Date: December 20, 2018

To: Ryan Kernosky, Community Development Director

From: Bradley C. DeWolf, P.E.
City Engineer

Jason W. Cook, P.E.
Assistant City Engineer

Subject: Heritage Estates – Final Plat & Plan Review
City of Isanti, MN
Project No.: R13.115547

We have reviewed the Final Plat entitled "Heritage Estates" stamped "Preliminary Copy Unrecorded as of 12/17/2018" and received on 12/19/2018 for review. We have also reviewed the preliminary utility plans dated 10/18/208 and submitted on 12/19/2018.

The site is located on the south side of Heritage Boulevard, along Cherrywood Lane NE, 8th Avenue NE and 9th Avenue NE.

The final plat includes 50 parcels for single family homes along existing roadways. Sanitary sewer, watermain and services are proposed as private utilities outside the City right of way and within a utility easement.

The following comments have not been addressed from the October 24, 2018 Preliminary Plat review memo:

1. Submit figure showing subcatchments and ponding areas used in the HydroCAD model.
2. Use a minimum 0.32% slope on 12-inch dual walled HDPE storm sewer pipe. (FES5, CB4)

We have reviewed the Final Plat and have the following comments:

1. Block 1, Lot 17 will need an extended easement area for curb stop access
2. Block 2, Lot 1 will need an extended easement area for curb stop access
3. The temporary cul-de-sac will need an easement description written to cover its foot print with langue stating it will expire when the road is extended and the cul-de-sac is removed.

We have reviewed the submitted plans and have the following comments:

1. After evaluating the water system for stagnant water and flushing we have the following comments:
    a. Reduce proposed watermain pipes to 6-inch diameter
    b. Add Flushing Hydrants near mid-point of each looped watermain on all 3 blocks.
2. At approx. STA 4+50 keep fire hydrant on City owned watermain. Install bends to relocate hydrant as needed for proposed layout. Do not move it onto the new looped watermain.

3. Shift all curb stops to fall on the utility easement line.
4. The sidewalk along 8th Avenue from Cherrywood Lane to Heritage Boulevard (CSAH 5) will need to be removed and replaced. Submit plans and typical sections.
5. The temporary cul-de-sac will be impacted due to the watermain connection. Submit plans and typical sections to replace.
6. Submit erosion control plan.

We recommend approval of the Final Plat and construction plans once the above items are addressed.

WHEREAS, Level Contracting, LLC has made application for Final Plat approval for Heritage Estates Subdivision, legally described as Outlots A, B, & D, Sun Prairie First Addition, Isanti County, Minnesota; and,

WHEREAS, the Planning Commission of the City of Isanti held a public hearing during a Special Planning Commission meeting on November 2, 2018 for the Preliminary Plat of Heritage Estates and has recommended the Preliminary Plat approval; and,

WHEREAS, the City Council of the City of Isanti considered the Preliminary Plat on November 20, 2018 and approved said Preliminary Plat with conditions stipulated in associated Resolution; and,

WHEREAS, the City Planning Commission considered the Final Plat of Heritage Estates Subdivision during a regularly scheduled meeting on January 15, 2019 and has recommended approval with conditions.

NOW, THEREFORE, BE IT RESOLVED by the City of Isanti, Minnesota that it hereby adopts the Findings of Fact and Conclusion related to the requested Final Plat for Heritage Estates Subdivision and **BE IT FURTHER RESOLVED** that the requested Final Plat for Heritage Estates Subdivision be **APPROVED WITH CONDITIONS** as follows:

1) The developer must enter into a development agreement with the City of Isanti
2) The developer must pay any outstanding taxes on all parcels subject to development
3) The developer must pay all outstanding development fees prior to Final Platting, as described in the development agreement
4) The developer must provide three full-sized mylars and one 11"x17" mylar to the City within 120 days of final approval of the Final Plat

Adopted by the Isanti City Council this 5th day of February, 2019.

ATTEST

Mayor Jeff Johnson

Katie Brooks
City Clerk/Human Resources

FINDINGS OF FACT AND CONCLUSION

REQUEST: Request from Level Contracting, LLC for Final Plat approval of the Plat of Heritage Estates Subdivision, legally described as Outlots A, B, & D, Sun Prairie First Addition, Isanti County, Minnesota.

FINDINGS OF FACT: The City Council of the City of Isanti identifies the following Findings of Fact to be true and accurate.

1) Level Contracting, LLC ("applicant") has made application for the Final Plat approval of Heritage Estates Subdivision.
2) Heritage Estates Subdivision is a development of single-family homes on the parcels legally described as Outlots A, B, & D, Sun Prairie First Addition, Isanti County, Minnesota.
3) The applicant is requesting a Final Plat for the creation of a 50-lot single-family residential development.
4) The property is zoned "R-3B" Medium-density multiple-family residential, with a more restrictive overlay zoning district "PUD" Planned Unit Development
5) The aforementioned PUD was approved through Resolution No. 2018-284 by the City Council of the City of Isanti for the purposes of the development of the Heritage Estates Subdivision.
6) The City Planning Commission and the City Council of the City of Isanti have reviewed and recommended approval of the Preliminary Plat of Heritage Estates Subdivision, with final approval of said Preliminary Plat occurring on November 20, 2018 per Resolution No. 2018-257.
    a. The City Planning Commission held a public hearing pursuant to Ordinance 536 (Subdivision Code) of the Isanti City Ordinances on November 2, 2018.
    b. All property owners within 350 feet of the subject parcels were notified of said public hearing, notice of public hearing was also published in the *Isanti County News.*
7) The Planning Commission has reviewed the Final Plat for consistency with the previously approved Preliminary Plat with conditions on January 15, 2019.
8) The Planning Commission has recommended approval of the Final Plat of Heritage Estates Subdivision to the City Council of the City of Isanti.

CONCLUSIONS: The City Council of the City of Isanti adopts the following conclusions of the Final Plat of Heritage Estates Subdivision.

1) The platting of the properties meet the lot and zoning requirements set forth in the Planned Unit Development of Heritage Estates Subdivision approved through Resolution No. 2018-284 and that of Ordinance 536 of the Isanti Code of Ordinances.

DECISION: The City Council of the City of Isanti considered this item at the **February 5, 2019** regularly scheduled meeting. The meeting minutes, staff memo, and exhibits will be made part of the Findings of Fact and Conclusion.

PLANNING COMMISSION RECOMMENDATION:

Motioned by Collison, Seconded by Simon to recommend approval of the request from Level Contracting, LLC for Final Plat approval of Heritage Estates Subdivision, legally described as Outlots A, B, and D, Sun Prairie First Addition, Isanti County, Minnesota based on the Findings of Fact and Conclusion and staff conditions as presented. **Motion Unanimously Approved.**

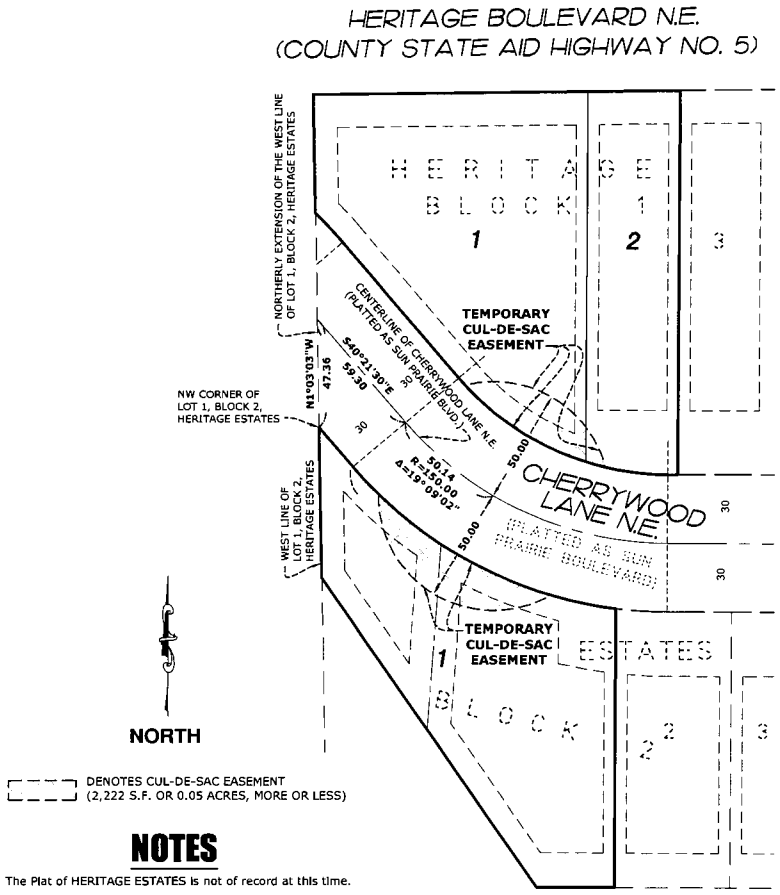
FOR CHERRYWOOD LANE N.E.
~for~ HERITAGE ESTATES



NOTES

The Plat of HERITAGE ESTATES is not of record at this time.

DESCRIPTION OF TEMPORARY CUL-DE-SAC EASEMENT FOR CHERRYWOOD LANE N.E.

A temporary easement for cul-de-sac purposes over, under and across those parts of Lots 1 and 2, Block 1, and Lot 1, Block 2, all in HERITAGE ESTATES, Isanti County, Minnesota, which lie within the circumference of a circle having a radius of 50.00 feet. The center of said circle is described as follows:

Commencing at the northwest corner of said Lot 1, Block 2; thence on an assumed bearing of North 01 degrees 03 minutes 03 seconds West, along the northerly extension of the west line of said Lot 1, Block 2, a distance of 47.36 feet to the centerline of Cherrywood Lane N.E. (Formerly known as Sun Prairie Boulevard per the plat of SUN PRAIRIE FIRST ADDITION.); thence South 40 degrees 21 minutes 30 seconds East, along said centerline, a distance of 59.30 feet; thence southeasterly a distance of 50.14 feet along said centerline and a tangential curve concave to the northeast, having a radius of 150.00 feet and a central angle of 19 degrees 09 minutes 02 seconds to the center of said circle.

Said temporary easement to expire once Cherrywood Lane N.E. is extended, all restoration is completed and the easement is no longer needed.

I hereby certify that this plan, survey or report was prepared by me or under my direct supervision and that I am a duly Licensed Land Surveyor under the laws of the State of Minnesota.

Request for City Council Action

To: **Mayor Johnson and Members City Council**
From: Josi Wood, City Administrator / Public Services Director
Date: February 5, 2019
Subject: Consider Resolution Authorizing the Purchase for SCADA Service Upgrades

---

Background:
The 2019 budget included a SCADA Upgrade which will update our current and outdated SCADA software from FSView-32 to Factory Talk View-64. It will also include a secondary monitoring system so there is complete redundancy for reliability should there be a computer/software failure. The budget includes funds for our IT contractor to assist in the connection and firewall installation. There was only one complete quote obtained. Due to the integration of our current system, Staff recommends to use Total Control Systems, Inc. for services to maintain system continuity and for future support services.

Funding source is identified as 50 % Water and 50% Sewer for a total amount budgeted of $55,000.00

Council Committee of the Whole Recommendation:
The Council Committee discussed this item on January 15, 2019 and recommends its approval and quote by Total Control Systems, Inc.

Request:
Staff is requesting action on this item.

Request for City Council Action- MEMO

To: **Mayor Johnson and Members of City Council**

From: Katie Everett, Parks, Recreation, and Culture Manager

Date: February 5, 2019

Subject: Consider Resolution Authorizing City Staff to Move Forward with Dog Park Development

---

Background:
The 2019 budget includes $25,000 (in Park Reserves – 920-45300-501) to develop a dog park. The City Council has designated the area east of the Isanti Indoor Arena, within Bluebird Park, for this purpose.

Staff has drafted the site plan, anticipated project timeline, and rules for the dog park.

At its January 22, 2019 meeting, the Parks, Recreation, and Culture Board reviewed plans for the project, and recommends moving forward with the following considerations:

- If funds allow, provide a portable restroom on site
- Consider the addition of obstacles/training elements

A project summary is attached for Council review.

Request:
It is requested that City Council discuss the dog park development and authorize staff to move forward with the dog park development.

Attachment:

- Dog Park Project Summary
- Resolution 2019-XXX

RESOLUTION NO. 2019-XXX

RESOLUTION AUTHORIZING CITY STAFF TO MOVE FORWARD WITH DOG PARK DEVELOPMENT

WHEREAS, the Isanti City Council has identified an area east of the Isanti Indoor Arena within Bluebird Park for development of a dog park; and,

WHEREAS, the 2019 Park Reserves (920-45300-501) budget includes $25,000 for the first phase of this project; and,

WHEREAS, the Parks, Recreation, and Culture Board reviewed the plans at its January 22, 2019 meeting and recommends moving forward with development; and,

WHEREAS, any bids for construction on the dog park site will be presented to the City Council for its approval prior to acceptance;

NOW, THEREFORE, IT IS HEREBY RESOLVED by the City Council of the City of Isanti, Minnesota to authorize City staff to move forward with development of the dog park located within Bluebird Park.

This resolution was duly adopted by the Isanti City Council this 5th day of February, 2019.

CITY OF ISANTI
PARKS, RECREATION, AND CULTURE BOARD
MEETING MINUTES
November 27, 2018
City Council Chambers

1. Meeting Opening.

A. Call to Order.
Zdon called the meeting to order at 6:00 p.m.

B. Pledge of Allegiance.
Everyone stood for the Pledge of Allegiance.

C. Roll Call.
Members Present: Jennifer Garvey, Jeff Johnson, James Witte, Aaron Zdon, and Mayor Wimmer
Staff Present: Katie Everett, Parks, Recreation, and Culture Manager

D. Agenda Modifications.
Zdon asked if there were any agenda modifications; there were none. Motion by Johnson, second by Witte to approve the agenda for the November 27, 2018 Parks, Recreation, and Culture Board Meeting.

2. Approval of Minutes from October 23, 2018 Parks, Recreation, and Culture Board Meeting

Motion by Witte; second by Johnson. Minutes were unanimously approved.

3. Pleasure Rink Location Discussion (Jennifer Garvey)

Garvey said she wanted to bring up an idea for future years since it's too late for this year to think about moving the pleasure rink from the grass onto the south side of where the skate park is now. It will probably be about the same size as what it is now. Zdon asked if to clarify if she meant moving it to the concrete, and if that makes it easier to make ice. Garvey said she thinks it does. That we wouldn't have to worry about the ground freezing first and it's flatter. If it was on the concrete it would need some pieces of wood to contain the water. It is a little bit closer to the warming house too. Zdon said we had talked previously about moving it to where the wake park used to be, but there's not lighting there, and it would still be on dirt. Garvey agreed, and the concrete does have the lighting already because the rink used to be there. As a pleasure rink, she thinks it would be a sufficient size. Zdon said we can bring it back and look at it next year in the spring.

4. Unity Park Tree Planting Proposal

Everett reminded the board that there had been discussion about taking the wooden bollards out that have been falling down, and the board expressed interest in replacing them with something. She did some brief research on replacement permanent bollards, and because the parking lot is so long getting bollards for every four feet or so looked like it was going to be a pretty expensive venture. She also added that the aesthetics of what that would look like with Unity Park didn't make a lot of sense. Instead she looked into some landscaping options. She included a mock up in the packet of what it might look like with trees. She stated she doesn't think a whole lot of trees will be needed to make that distinction of park versus parking lot. Staff really hasn't noticed any damage from people parking where they shouldn't be, so it's not like we're combatting a serious issue over there. Trees are a reasonable solution. There are already two or three varieties of trees behind the ballfield already, so we might want to match those or maybe plant something different that will do well in that area. If the board is okay with it, staff will move forward with it. We'd want to get some substantial trees to make sure they survive. Witte asked what is the proposed spacing between the trees. Everett said 45 feet from trunk to trunk. Zdon added that it looked like about 30 foot trees once they're fully grown. Everett added she looked at a listing of trees that do well in Minnesota and most were 20 to 30 foot canopies, with some that are bigger. We'll also want to find something that isn't really messy. Zdon stated that it would look a lot better than the old bollards. Witte asked if there's any concern for people parking between trees. Zdon said that typically when people see that natural barrier they don't. There may be some that creep up a little bit though. Everett added that as it is, people could be parked there and

we haven't noticed them doing that. Garvey asked if this was the first summer that we've had the bollards out. Everett said they have been falling down for years and there hasn't been any real barrier there for a long time. Johnson asked if it was feasible within the budget. Everett stated that for the sake of time she put a placeholder in the budget for the project, and if the board decides not to spend that money that's okay too. Johnson asked if putting six or seven trees will be good enough. Everett said she thinks so. Johnson stated that he likes it. Zdon said he thinks it's way better than the bollards and will provide some shade. Johnson made a motion to approve the trees, Garvey approved. Motion to replace the bollards with trees as per the design in item four was unanimously approved.

5. Farmers' Market Rules Updates

Everett stated that she reviewed the rules after the season with having more vendors coming. One of the biggest issues with more vendors is during setting to make sure that everyone can get in and out on time and that it is safe. Everett highlighted the changes. The second point under Eligibility, she added that they need to have their applications in a week ahead of time so we know that people are coming ahead of time. If someone comes the day of, there is room in there to allow them in if there's space. There was also some redundancy in that section with the information about vendors finding their own licensing so that has been reordered. What is now number three in that section used to say that full season vendors have to attend the first four days. There's really no way to enforce that, and we're really not in a position to kick people out if they don't do that. Everett switched it out so there is an incentive instead; those who do come for the first four days will get a priority spot. The reason we have that rule at all is to establish the market early in the season, but some people just don't have anything to sell early on and aren't willing to sit there with nothing. Under number 10 vendor agreements, review and jurying, staff added language. Because we have vendors who have duplicate products and we have a limited space, we need to be able to say that we already have enough of something for sale and need to have room for something else. She checked with other markets and found that to be common practice. The rule now states that vendors need to be contributing to the mission as stated, and because the space is limited, the market manager has to evaluate applications according to value added to the market mission by providing high quality, in-demand products. That gives us some space to make sure the market is offering the best that we can for the community. That section was really brief before, and if people technically weren't breaking and rules they were in, so this helps to ensure the market's success. Another change is to 12B; some vendors want to have two booths. Again, as we get more vendors, eventually it might not make sense to allow people to have double booths, but this rule allows it as long as there is space and states that the full booth fee still applies.

The next change is under 13 – Vendor Expectations, which is where the safety piece really comes in. For 13B, the rule used to be that we could reassign their spot ten minutes before the market, but at point all of the vendors are already set up and wouldn't want to have to move. It now states that if they aren't there thirty minutes ahead of time, their booth will be reassigned. That helps the vendor look fuller so we don't end up with holes, but it also makes sure that people aren't coming in and out of the middle when customers are showing up. Most market days, there are people there by 1:45, and often by 1:30. We really need to control when cars are moving around in that tight space. The next point is it enforce when cars are arriving. If they're not there by 1:45, they won't be allowed to drive up at all. Vendor parking is still very close, so they'll just have to unload from their cars. It is a safety issue and is kind of non-negotiable. Johnson asked for clarification if that would pertain to the ice cream truck. Everett said they'll still be allowed because they're parked. Garvey asked if most booths are set up between 1:00 and 1:30. Everett said that about half of the booths probably are, but there have been a handful of vendors that are always late that are just going to have to adjust. Garvey wondered if 30 minutes was really a sufficient time. Everett stated that she thinks it is. The next rule is that what people really should be doing is driving up, dropping their stuff off, and then parking – in which case, half an hour is plenty of time. Most of vendors do several markets a week and set up very quickly. Everett did consider making the set up time longer, but for many vendors getting there earlier than 1:00 is really difficult. That said, there are a couple of vendors who set up early so they're out of the way, and she lets them do that. Garvey stated that the biggest point really is the safety with cars coming in and out with people walking around or waiting, so wanted to make sure there's ample time. Everett stated that customer traffic before 1:30 is pretty light, and those people are more aware that everyone is still setting up. Everett will plan to send out a letter to returning vendors informing them of this change, and will really take some enforcement the first couple of weeks.

Everett stated that there were a couple of other minor changes. Under 15 – Food Safety, she added that we have a hand washing station that people can request to use. There are people who give samples, and the state is very strict on how that should go. The market doesn't get shut down if someone is doing that wrong, their booth does. For us, we don't want that to happen, but it's ultimately their responsibility. Under Community Booths, Everett explained that there were groups that were doing fundraisers this year, but to her it makes sense that anyone selling anything should be paying the booth fee that everyone else. If they're just giving information, they fit under the community booth we already have. Zdon and Witte stated that they agreed. Garvey asked if vendors get information that the handwashing stations are available for them. Everett stated that they do, and she has done demonstrations for them at the preseason meeting as well. Garvey asked if there was a fee to do that. Everett said there is not, but she believes we got all of the equipment through a grant because there are labels on it. Zdon asked if a motion was needed. Everett said she didn't think so, but the rules and application will get approved by Council.

6. 2018 Parks Project Review

Everett stated that she provided the list that was created following the park visits in the spring. Public Works has done most of those things. She added that GameTime finally sent a little can of spray paint, but now it will have to wait. Everett also reviewed a list of the budgeted projects for 2018. Zdon stated that he'd like to discuss pet waste receptacles next year, especially with access to Legacy getting easier with the development, and maybe along the Bike/Walk Trail. Everett asked for clarification about where Zdon was thinking for the Bike/Walk Trail. Wimmer added that anything on the trail has to go through the Bike/Walk Trail Committee, and Everett added that they meet once a year in January. Zdon said that in that case, there may be not any on the trail in the next year, but we could discuss getting them in our parks. He said it would be a nice thing to have, and a lot of cities have them on their trails and in the parks. Garvey said the biggest things will be the cost and the upkeep. Zdon agreed, and said the upkeep will probably be even more than initial cost.

7. Parks Updates

Everett said that movie nights have been going really well, there were 64 people for November. The Boy Scouts came back to host. The December movie night is still open, and the Girl Scouts are looking into helping. If there are other groups interested, whoever gets their application in first will get to do it. She also included a note that the budget gets approved in December, and after that she'll start getting things moving for next year.

Everett added a quick reminder that there is no December meeting.

8. Adjournment

Motion by Johnson, second by Witte to adjourn the November 27, 2018 meeting of the Parks, Recreation, and Culture Board. Motion was approved.

The meeting adjourned at 6:25 p.m.

Dated at Isanti, Minnesota this 27th day of November, 2018.

Subject: Squad Car Purchase

Background:

The City Council passed the budget for 2019 to include the purchase of a new vehicle for the Police Department and to have it equipped in the amount of $44,700.00. The vehicle that is being replaced is a 2006 Chevrolet Silverado 4x4 that was forfeited from a drunk driver. The 2006 Chevrolet will be sold at public auction and the proceeds from that sale would be required to be deposited into the Isanti PD Forfeiture Fund per §169A.63.

At the January 15, 2019 Committee of the Whole Meeting, there was discussion on the type of vehicle to be ordered. After the discussion and comparison of available vehicles, the vehicle to be ordered is a 2019 Dodge Durango Pursuit AWD.

2019 Dodge Durango Pursuit AWD		$29,110.00
Graffix Shopee – ghost graphics		900.00
Armrest Printer		400.00
Panasonic Tough Book Computer		3700.00
Emergency Automotive		9,865.83
	Total	$43,975.83

The Committee of the Whole has reviewed this item and recommends to the council to approve the purchase with 2019 capital improvement purchase funds.

Action:

To approve the purchase of a 2019 Dodge Durango AWD Pursuit and to equip such vehicle. Also, to declare the 2006 Chevrolet Silverado 1500 Crew Cab Truck surplus property and to sell the vehicle at public auction at Wayne Pike Auction Services in Princeton, Mn. as council has approved in the past. The sale proceeds will be deposited into the Isanti Police Forfeiture Fund.

Thank you for your consideration,
Chief Gene C. Hill

MEMORANDUM

TO: Mayor Jeff Johnson
City Council of the City of Isanti

FROM: Ryan Kernosky, Contract City Planner

DATE: February 5, 2019

RE: CONSIDERATION OF: REDUCTION IN LETTER OF CREDIT – LEGACY PINES SUBDIVISION

Request: A reduction in the letter of credit for Legacy Pines Subdivision.

Background: Legacy Pines Subdivision is a 49-lot subdivision currently under construction near Legacy Park. Odyssey Homes, Inc (developer) has requested that the City reduce the letter of credit from $1,572,491.14 to $968,510.65 (a reduction of $603,980.49).

On January 7, 2019 the City Council authorized a reduction in the letter of credit from the original amount of $2,133,889.51 to $1,572,497.14.

Other Considerations: The development agreement between the City of Isanti and Odyssey Homes, Inc (approved November 7, 2018) allows the developer to request a reduction in the letter of credit, provided that the total letter of credit does not fall below 20 percent of the estimated cost of the developer installed municipal improvements. The requested letter of credit reduction reduces the letter of credit from 70.63 percent to 45.39 percent, above the 20 percent rule within the development agreement.

The developer must still install other municipal improvements such as curb, gutter, sidewalk, and bituminous lifts.

Recommendation: The City's contracted City Planner and City Engineers have reviewed the request and recommend **APPROVAL** as presented.

RESOLUTION NO. 2019-XXX

A RESOLUTION AUTHORIZING A REDUCTION IN THE LETTER OF CREDIT FOR LEGACY PINES SUBDIVISION PHASE ONE

WHEREAS, Odyssey Homes, Inc (developer) has submitted a written request for a reduction in the letter of credit as described in the development agreement between the developer and the City of Isanti; and,

WHEREAS, the developer has requested a reduction in the letter of credit from $1,572,497.14 to $968,510.65, a reduction of $603,980.49; and,

WHEREAS, the developer has successfully installed municipal water and sewer improvements; and,

WHEREAS, the development agreement allows for the reduction in the letter of credit down to twenty (20) percent; and,

WHEREAS, the City Council, on January 7, 2019, approved a reduction in the letter of credit from $2,133,889.51 (100 percent of the letter of credit) to $1,572,497.14 (70.63 percent of the letter of credit); and,

WHEREAS, the requested reduction in the letter of credit is within the twenty (20) percent rule identified in the development agreement between the developer and the City of Isanti; and,

WHEREAS, the City's contracted City Planner and City Engineer have reviewed the request and recommended approval.

NOW, THEREFORE, BE IT RESOLVED by the City Council of the City of Isanti that the requested reduction in the letter of credit be hereby **APPROVED** as requested, **BE IT FURTHER RESOLVED** that the City Council of the City of Isanti authorizes City Staff to execute said reduction.

This Resolution is adopted this 5th day of February, 2019.

MEMORANDUM

Date: January 29, 2018

To: Ryan Kernosky, Contract City Planner

From: Bradley C. DeWolf, P.E.
City Engineer

Jason W. Cook, P.E.
Assistant City Engineer

Subject: Legacy Pines – Developer Requested Letter of Credit Reduction No 2
City of Isanti, MN
Project No.: R13.117438

Odyssey Homes, the developer of Legacy Pines, has requested a reduction of $603,980.49 to the Letter of Credit for the Legacy Pines development.

They have paid Kuekle Underground $603,980.49 as Pay Estimate No 2 for work completed to date, including the installation of all sewer and water services and mains planned for Phase 1 of this development.

The work has been found to be in compliance with City standards and all tests have passed to date.

We recommend approving the reduction of the Letter of Credit in the amount of $603,980.49 for work completed to date.

The remaining balance of the Letter of Credit is anticipated to be sufficient to complete the project as proposed while covering all incurred overhead costs including testing, inspection, and contract administration.

Please contact us if you have any questions.

Bolton & Menk is an equal opportunity employer.

RE: Legacy Pines Subdivision
Letter of Credit Reduction Request

Dear Ryan:

Given the completion of certain improvements in the Legacy Pines Subdivision, at this time I am requesting a reduction in the amount of Irrevocable Letter of Credit No. 2400 that was provided to the City of Isanti in connection with this development. The Letter of Credit obligation as previously reduced stands at $1,572,497.14. We are seeking a reduction in this amount by the amount of the enclosed payment and support. The reduction requested is $603,980.49.

I have attached the amount paid and approved by Hakanson Anderson and the applicable lien waiver from Kuechle Underground, Inc. for the amount requested and paid.

I would like to request that the City process this request as soon as possible.

If you have any questions or need any further information, please don't hesitate to contact me. Thank you for your assistance in processing this request.

Sincerely,

ODYSSEY HOMES, INC.

CITY OF ISANTI
PARKS, RECREATION, AND CULTURE BOARD
MEETING MINUTES
January 22, 2019
City Council Chambers

1. Meeting Opening

A. Call to Order.
Everett called the meeting to order at 6:00 p.m.

B. Pledge of Allegiance.
Everyone stood for the Pledge of Allegiance.

C. Roll Call.
Members Present: Jennifer Garvey, James Witte, Aaron Zdon, and Mayor Johnson
Staff Present: Katie Everett, Parks, Recreation, and Culture Manager

D. Agenda Modifications.
Everett asked if there were any agenda modifications; there were none. Motion by Zdon, second by Witte to approve the agenda for the January 22, 2019 Parks, Recreation, and Culture Board Meeting.

2. Organization of Advisory Bodies as per Chapter 8 of the City Code

A. Oath of Office for New Parks, Recreation & Culture Board Members
a. James Witte read the Oath of Office

B. Chair of Parks, Recreation & Culture Board
Johnson nominated Zdon, Witte provided a second. Zdon was unanimously approved as Chair.

C. Vice-Chair of Parks, Recreation & Culture Board
Witte nominated Garvey, second by Johnson. Garvey was unanimously approved as Vice-Chair.

D. Secretary of Parks, Recreation & Culture Board
Everett will continue as City staff to serve as Secretary.

E. Approve Parks, Recreation & Culture Board Meeting Dates
Meeting dates were omitted from the packet. The Board tentatively approve all 4th Tuesdays with no meeting in December. The dates will be included in the February agenda packet.

F. Review of Conflict of Interest Policy – Resolution 2019-010
Attorney Joslin reviewed Conflict of Interest Policy with the board. He reminded that the board that this applies to members of the Council and commissions, and City staff and contracted officials. The main focus is to make sure that decisions made are done with an open mind with the best interest of the City at heart, and to avoid any situation that interferes with ability to do so. Conflicts are most often financial, and for this board are not frequent but could include acquiring property or investing in particular things that might result in a personal financial benefit. In that case, members should recuse themselves from that discussion. Joslin reminded the members that they can consult him if they have any questions come up.

Joslin also reviewed the Open Meeting Law with the members. Park meetings must be open, posted, and records kept. Board business is to be conducted at the meetings openly and transparently so that citizens can see how decisions are made. Serial or daisy-chain communications to conduct business outside of a meeting are not allowed.

3. Approval of Minutes from November 27, 2018 Parks, Recreation, and Culture Board Meeting

Motion by Garvey; second by Witte. Minutes were unanimously approved.

4. Overview of 2019 Projects

Everett stated that she put together a basic list of some of the bigger projects this year. The list includes Bluebird Park refurbishment which will involve taking apart the playground, getting all of the metal pieces repainted, and then putting it back together. We're hoping to not have to replace the plastic parts since many have been replaced as they've broken. Because it's such a big project, we will go out for quotes for it. Everett is putting together the Request for Proposal to go through Council.

The list also included marketing items for this year. Everett included the parks calendar for this year. She made substitutions on the inside panels this year; she took out the community garden and replaced it with Family Day, and traded Curious Creatures in for Movie Nights. The "other events" includes rodeo and National Night Out. We currently don't have anything organized for National Night Out, but a lot of people ask about it. Johnson asked if Park and Rec would be responsible for National Night Out. Everett responded that in a lot of places it's the Police Department, but she doesn't think it has to be that way. Johnson said he'd like to see that happen here. Everett said that one challenge is that Celebrate Isanti is right around the same time; that doesn't mean that we can't do something. Zdon asked what day the parade will be since the rodeo is after the 4th. Everett stated that it will be on July 11th, and rodeo will just do Friday/Saturday because they dropped Sunday again this year. Zdon asked if we should list the parade separately; Everett said that she will add it to the list. Everett also provided options for photos at the top of the calendar; the board discussed and said they liked the nature option (Legacy Park) best. The other marketing piece is to update the square park brochure; there are just some quick edits with contact information and that sort of thing and then we can get a bunch more printed for the year, and hopefully be able to use them for a couple of years. There isn't as much of a deadline for those.

Another project on the list for this year is getting a curb cut done at the farmers' market. We have been hauling around a wooden ramp for the last couple of years, and some of the lower sedans and things still couldn't get out so we end up having people drive all over the place. This project will help get the one-way traffic we want to keep everyone safe. We're hoping to get it done before the market opens. Everett is working with the engineer to get the drawing so we can bid it out separately. If it comes back too expensive, we'll roll it into other pavement management projects for the year. The challenge with including it that way is that we don't know when we'll be able to get it done.

Everett stated that there is also money budgeted to put some trees in at Unity. She has gotten some species recommendations from a tree expert. She will take a look at those and bring them back to the board for their input.

Everett also included information about this year's events. Street Dance bands have been booked. Hitchville is coming back; they were a big hit for us last year so we're excited to have them back. Audio Circus is new this year, but they play a lot down at Maxx so they should have a local draw as well. Good for Gary is well known around here, and the Facebook event already has a lot of interest. Celebrate Isanti is August 17; the car show is planning to be part of the event again, and we have time to work out some of the other details. The farmers' market will start May 31st; that's another event that is a little bit later this year, the last Friday is after Memorial Day. There won't be a market on July 5th – we tried it one year and no one came, and the vendors should get that day off too. Everett scheduled Earth Day Clean Up for Monday, April 22. Last year it was on a Saturday, and was not on Earth Day, so this year we'll try it on Earth Day in the evening and maybe we can get some of the scout groups and things to join us. The Citywide Clean up is still on the weekend. Passport to Parks is scheduled again; Everett will bring it back for discussion about ways to boost participation this year. Family Day was successful last year, so she has scheduled that again for the same weekend. Curious Creatures is continuing and Everett booked Council Chambers for rain days if needed. Hopefully the consistency will get more people involved. There were seven kids for the January one at Bluebird Park, and the kids were really excited to get outside in winter. Cambridge-Isanti Early Childhood's Facebook page shared that information too. Everett asked for board discussion about Movie Nights. They are in the fifth season, and they're not hugely popular but are also not that much work. She is okay with continuing them next season, but it may be worth it to shorten the season from October through April to November through March. That still covers the winter months and maybe that will make it easier to get enough volunteer groups. The goal of those was more than just showing a movie as something to do, it was to have some events that could support our community groups. The board approved the shortened season for 2019-2020.

Garvey asked if any of the bands we have do advertising on their own. Everett stated that most of their websites have tour dates and they list street dances there, and they usually have active Facebook pages as well. On our events, they've been invited to co-host so essentially their whole audience sees our events.

5. Dog Park Development Timeline

Everett stated that after the board's discussion, the next step is to bring the plans to Council. She talked with the engineer earlier and he said there wasn't a problem with doing a survey with some snow on the ground, so we should be able to get things moving. The concept was also included in the packet for board review, and shows where it is planned to sit on the site. The biggest questions right now are where the utilities run along the road – with the location of the trees, Everett is guessing we'll be about twenty feet of the road anyway, so hopefully there isn't an issue – and on the eastern boundary, we just have to make sure we don't come up against any issues with railroad property. We will make it as big as we can in the space that we have. We'll go as far south as that first building. The fence is planned to be 4' coated chain link with a maintenance strip, and will have kind of a vestibule area to enter without letting all of the other dogs out. If that is located on the southwest corner, it can still be utilized when and if the dog park is expanded. We will have a sign with rules, and Everett figured putting that near the parking lot would make sense since that's where most people will come in from. The doggy bag dispenser is in the budget as well. Public Works has asked that there's a big enough entrance for them to get in with the mowers. There is a rough timeline, which might have to change since there are things that have to be done before we can do anything else. Throughout the process, she plans to do some media blasts so people know that it's happening to create some excitement about it to hopefully get it used as soon as it's open. Everett would like to do some kind of Grand Opening, and believes June 27 is reasonable, but it will depend when frost goes out and that kind of thing. Zdon agreed that should be plenty of time. Everett asked the board for comments. Garvey said that entrance location also makes sense in case a dog does get out, that is furthest away from the road. She also stated that the park sign combined with rules is too far off the road, and it would make sense to have something right on the road. Garvey said it would probably need to be two separate signs. Everett stated that sign with rules was designed as 4' x 4', and the little sign at VFW and Unity are 2'x 4'. She asked if that kind of sign that just says "Dog Park" would work. Garvey thought that would work, and the Dog Park sign could be attached right to the fence. Zdon agreed that would be a good idea, where ever there's a high visibility spot. Witte asked if there were plans to put any sort of obstacles or anything in. Everett said that it isn't budgeted yet. Zdon stated that long term we had talked about adding it in. Everett said that if someone wanted to donate them this year, we could probably work them in. It is a little less than an acre space, so she wasn't sure how much "stuff" you'd want in there either. Zdon said a couple things would probably be good. Witte said maybe even a drain tube. Garvey recommended checking with Public Works to see if we already have anything laying around that we could use. Everett added that we can also wait to see where the bids for fences come in, and if there did end up being extra money we could think about using that too. Zdon stated that once there's some more knowledge out there that this is coming, some dog trainers and other people might reach out to us too. Garvey stated that there are at least a couple of dog groomers in town too, and that might be a good way for them to put their name out there. Everett stated she does have money for a bench in the budget, but there is a resident who said they're interested in donating one so that might also be a source of savings.

Another point of discussion was whether or not to have a portable bathroom on site. Everett said this wasn't originally considered in the budget. There are bathrooms at the south side of BMX, but they're kind of far away so what to do they do with their dogs while they're gone? She wasn't sure if people will be there long enough that they'll need a bathroom, that may be the case. They are $95 per month for an accessible unit. Typically in the parks they're just there from April to October, she's not sure if people would use one there in the winter or not. Zdon and Garvey thought they would. Everett stated that there might be money to cover it under the contingency built into the budget, but since it wasn't originally included she wanted to bring it up for discussion. Zdon stated that it's a "nice to have" not a "need to have" but the other bathrooms are pretty far away. Johnson asked if we utilize the one in Mattson Park. Everett said that we do. Johnson said that he thought about moving one. Everett said that it's hard to tell how often some of the neighborhood park ones get used, but we have them in most of the other parks. Johnson asked if we could get a deal with all of these; Everett stated that she thinks we are and our contractor has been really great to work with. Zdon summarized by saying we'll wait until bids come in after the survey and we should do it if there's money. Garvey said her only other thing was to make sure there was a bench. Everett said that we will have a bench, whether we pay for it or we get one donated. Zdon said that it wouldn't even hurt to have two if someone wanted to donate one and we had money to buy another. Garvey said even a picnic table might be nice.

The last point of discussion was the rules. Everett explained that these came from a combination of many other dog parks. She said some of them were really particular about dogs being licensed in that City. Because of where this is going, Everett said she could see a lot of visitors from out of town using it, so that might not make sense here. Most of the other rules were common across dog parks. Everett said there is time before we need to get that made, so we can revisit it later if needed too. Johnson asked about what is declared a dangerous dog. Everett said that she checked in with Chief Hill about that because a lot of places used that very specific language. There is a State statute that if police have declared a dog dangerous, that dog has to microchipped, vaccinated, and wear a muzzle in public. Those dogs aren't typically taken to a dog park, so it shouldn't really be a problem but it's just one of those things that should be said. Witte asked if there is a limit of dogs in the park at once. Everett said she didn't see any rules that addressed that, but we could add one if we wanted. She would guess that most dog owners would probably just come back later if they got there and it was really busy. She wasn't sure how she would enforce that.

The board discussed that Cambridge has a dog park next to their community garden and across from their outdoor rinks, but no one was sure how much use it was getting. Johnson asked if anyone had noticed how nice of shape our rink was in; Zdon commented that we've had good conditions to make ice. Garvey asked where the light switch was and if it was now connected to the timer. Everett said that we had been instructed to make sure those lights were off at all times, so the might not be coming on right now. Everett stated that she will look into it, but she's not sure. Zdon asked if we are sticking with no lights, because it's dark around 5:00 and that's when everyone gets home from work. Johnson said that we should be able to have the lights on at least until the park closes. Everett agreed that makes sense at least for the pleasure rink. Zdon agreed and then mentioned that we can talk about the skate park lights too, but that's mostly in the summer. The board also discussed the location of the rink, and Everett said that she has it in her notes to bring next winter's rink up before budgeting this year.

6. Parks Updates

Everett said that there are lots of applications out right now. The community garden applications are out and have been sent to last year's gardeners. Registration officially opens in February. The Street Dance vendor applications are out too. We are currently taking advertisements for the Isantian as well, those are due by February 1st. We have had ads for local organizations in the past as well. Everett added that the Spring Isantian is being put together with help from the department heads. Event information will go in there as well. Farmers' Market applications are also available, we have received a couple back, including a new farm. Everything is on the website, and they are available at City Hall.

Movie Nights continue. Last week was super cold, but we still had a few families show up; there were 13 people total. The February movie The Princess Bride and we still need a volunteer group. We also don't have anyone signed up for March, but the Ambassadors are signed up for April.

Witte asked if there is a fee for street dance vendors. Everett stated that it is $50 for food vendors and $25 for non-food vendors. The board discussed the ice cream trucks that we had last year since there were a couple of different ones. Everett explained that she's been telling all of the vendors that we'll take applications and make a decision about who gets in. We have to weigh lots of factors to make sure that vendors are happy and that we have enough of them to serve attendees.

7. Adjournment

Motion by Witte, second by Johnson to adjourn the January 22, 2019 meeting of the Parks, Recreation, and Culture Board. Motion was approved.

The meeting adjourned at 6:55 p.m.
Dated at Isanti, Minnesota this 22nd day of January, 2019.

H. Council Committee Reports

Councilmember Lorinser questioned the status of the deferred Annexations and how the City is proceeding to collect on them. Assistant City Administrator/ Special Projects Don Lorsung responded by advising the City Council that it needs to be reviewed and that it has not been discussed this year and that it should be brought to Committee of the Whole meeting. Ross Lorinser added that one of the properties was a Church and it no longer is and asked if it could be looked into to make sure tax dollars are being collected from the property.

I. Public Hearings

None.

J. Business Items

1. Snow Plowing Policy- Discussion (*Ross Lorinser*)
   Councilmember Lorinser questioned what is being done differently than previous years. City Administrator Josi Wood responded by informing City Council that she is very diligent with following the Snow Plowing Policy and no significant changes with the plowing done by Public Works this year than any of the other 3 years Josi has been an employee of the City. However, Josi shared that the City does have additional equipment that allows pre-treatment process that the City did not have prior to this Winter season in which Public Works has tried to utilize that because it comes at a cheaper cost. Josi Wood continued to share that we this Winter there have been far more ice storms than any of the prior 3 years she has been with the City and that Public Works has tried to combat the ice storms to the best of their abilities. Mayor Johnson questioned that the review of Snow Plowing Policy as well as the ice on sidewalks is an item on the Committee of the Whole meeting and Josi Wood assured that it is.

City Administrator Josi Wood

1. Resolution 2019-030 Approving a Special Event Permit Application for Art and Science Academy 5K Color Run (*Lori Kenison*)

City Administrator Josi Wood shared that Parks, Recreation and Culture Manager Katie Everett has previously worked with Lori Kenison and has been held before and there is no cause for concern for the event.

Motion to approve resolution as presented by Lorinser, second by Lundeen. Motion carried.

2. Resolution 2019-031 Final Plat of Heritage Estates Subdivision (*Don Lorsung*)

Assistant City Administrator/ Special Projects Don Lorsung shared that this is the Final Plat approval for Heritage Estates Subdivision, located on Outlots A, B, and D, Sun Prairie First Addition, Isanti County, Minnesota. He further shared that Level Contracting, LLC has submitted and paid all applicable fees for the development.

Motion to approve resolution with conditions by Lundeen, second by Lorinser. Motion carried.

Request for City Council Action

To: **Mayor Johnson and Members City Council**
From: Dusten Noreen, Interim Police Chief
Date: February 19, 2019
Subject: Consider Resolutions Authorizing the Purchase for Two Police Squad Vehicles

---

Background:
Two squads were approved for purchase by Council at the February 5th, 2019 City Council meeting. In the absence of Chief Hill Staff was not able to replicate or verify the quotes previously presented, Staff has outlined specifications and equipment with accompany quotations.

The options and quotes for squad #1 are as follows:

Vendor	Item	Quote
Dodge of Burnsville	2019 Dodge Durango AWD V8	$30,886.00
Emergency Automotive Tech. Inc.	Lighting Accessories	$10,928.48
CDWG	Printer	$320.98
Stalker Radar Applied Concepts, Inc.	Radar	$2,966.00
Grafix Shoppe	Graphics	$925.00
	Total	$46,026.46

The 2019 budget included $44,700.00 from funding source 101-42110-500. The total cost of the unit and accessories is $46,347.44; therefore, an increase would be needed to the expenditure line from the General Fund (Fund 101) in the amount of $1,326.46.

The options and quotes for squad #2 are as follows:

Vendor	Item	Quote
Dodge of Burnsville	2019 Dodge Durango AWD V8	$30,886.00
Emergency Automotive Tech. Inc.	Lighting Accessories	$10,928.48
CDWG	Printer	$320.98
Xpres2	Tough Book	$3,329.00
Grafix Shoppe	Ghost Graphics	$575.00
	Total	$46,039.46

Funding source is identified as the Capital Maintenance and Replacement Fund 920 (920-42100-500)

Request:
Staff is requesting action on this item.

MEMORANDUM

TO: Mayor Johnson & City Council

FROM: Matt Lindholm, Planner

DATE: February 19, 2019

SUBJECT: RESOLUTION 2019-XXX – RFQ, NUSANCE AND WEED ABATEMENT MOWING

As per last year, in order to receive more quotes for contract nuisance weed and grass abatement, Staff would like to request quotes now rather than closer to the spring, as Contractors are lining up their summer work.

Staff is asking for City Council's consideration of the attached Resolution to request quotes.

Attachments:

- RESOLUTION 2019-XXX: RESOLUTION AUTHORIZING STAFF TO REQUEST QUOTES ON CONTRACTORS FOR NUISANCE WEED/GRASS ABATEMENT 2019 SEASON

RESOLUTION NO. 2019-XXX

RESOLUTION AUTHORIZING STAFF TO REQUEST QUOTES FOR CONTRACTORS FOR NUISANCE WEED/GRASS ABATEMENT 2019 SEASON

WHEREAS, the City of Isanti adopted Resolution 2009-115 which determined that is in the City's best interest of the City to accept quotes for the outsourcing of mowing services for nuisance weed/grass abatement lots located within the city; and

WHEREAS, during the 2018 mowing season, City Staff determined that seeking quotes during the months prior to the season may encourage more contractors to quote the requested mowing services; and,

WHEREAS, City Staff is seeking authorization to request quotes for mowing contractors for nuisance weed/grass abatement in 2019.

NOW, THEREFORE, IT IS HEREBY RESOLVED by the City Council of the City of Isanti, Minnesota authorizes the City Staff of Isanti to request quotes for nuisance weed/ grass abatement lots, **AND BE IT FURTHER RESOLVED** that City Staff submit received quotes to the City Council for review and approval once an adequate number of quotes has been received.

This Resolution is hereby approved by the Isanti City Council this 19th day of February 2019.

City of Isanti, MN – Website Update Proposal
Attn Katie Everett
PO Box 428
Isanti, MN 55040

Introduction

The City of Isanti, Minnesota is a vibrant and growing community located along the MN Highway 65 corridor north of the Twin Cities metropolitan area. The City's small-town feel and proximity to employment opportunities within the Twin Cities metropolitan area offers our residents a unique and valuable place to call home. Our population has grown significantly since 1990, and continues to grow with affordable new home prices and an expanding commercial and industrial business base.

The City recognizes that over the last several years prospective residents and businesses will first look at our website to gather information on whether or not to relocate or expand in our community. With this realization, we have decided to seek proposals for a complete overhaul of the City website. We are seeking qualified website design firms to provide us with an interactive, contemporary website that is easy to use for residents, developers, and City staff.

Proposal

The City's current website, www.cityofisanti.us was design in 2008, and needs a redesign. The City is seeking a website that is interactive, contemporary and is easy to use for residents, developers, and City staff. Department Heads and other administrative staff are delegated to update the information relating to their content, as such, the City will need to have a hosting platform that is easily learnable and intuitive for all users.

A minimally sufficient proposal will include the following:

1) Official business name and contact name for the respondent
2) Mailing address, email address and telephone number for the respondent
3) Provide a description of your understanding of the scope and the approach to be used, including timeline for completion.
4) Identify key personnel who will work on the project, identifying project managers and their qualifications.
5) Describe how you intend to work with City staff and elected officials to gather their input on the creation and design of the website
6) Questions or comments about the criteria and/or current site submitted by the date set within this document
7) URL's of several relevant samples of your work for our review
8) Description of your qualifications and experience
9) List of references (including contact name and telephone number) of at least three (3) completed or current projects within the last three years of this size and nature, including website examples for each. The City reserves the right to contact references without prior notification.

10) Costs for website redesign, training, etc. Please note that the City expects this to be a "not to exceed" price. All costs are to be stated in exact amounts. No additional charges (e.g. sales tax, transportation, installation, out-of-pocket expenses, etc) will be allowed unless so specified in the proposal.

The City seeks the following website updates from qualified firms:

1) That will work with the City to create a new design that gives the site a professional, attractive, and contemporary design that is simple for residents of all ages to use.
2) That will build a website that meets or exceeds current website functionality
3) That identifies the optimum server platform and development language for the new website, considering both functionality and cost
4) That migrates the current, relevant website content to the new design, create, update, and build appropriate content as needed
5) That builds a site that the City can maintain in-house with minimal assistance from a web developer. Staff functions should be easy to perform. The build should be flexible enough so that staff can edit content and update the site as needed. The developer should avoid custom-generated code as much as possible to help ensure the sustainability of the website
6) That incorporates already established and maintained City social media platforms
7) That will allow easy access to City meeting agendas and minutes
8) That builds a website to include Google Analytics or another similar platform for data that tracks number of website visitors and other pertinent data points
9) That builds a website that is logically organized
10) That builds a website that is accessible to all of our users, including mobile device users, with a responsive design that will adjust to any screen
11) That finds a balance between simplicity and relevant information to be provided to our residents and visitors, and has the capacity to host high resolution photos and videos
12) That has a strong understanding of how to build municipal websites

Proposal Selection

City staff and elected officials will review all proposals after the deadline outlined in this document. Points will be provided to all proposals based on experience, understanding of the scope of proposal, cost, references, and past municipal projects. The review team will then invite the top contenders to interview and present demo sites that either reflect the City of Isanti's desires or to show work done for municipalities in the past. The City reserves the right to ask for additional information or clarification of the submission from any or all Proposers.

Once a proposal is accepted, the City may enter into contract and budget negotiations with chosen firm. Please note that the City reserves the right to reject any Proposer response.

1. Sidewalk Ice Removal (*Ross Lorinser- Discussion*)
   City Council discussed whether an outside company shall be hired to make sure the sidewalks are up to par and free of ice to prevent slips and falls. Councilmember Lorinser made a motion to assess the sidewalks and hire a company or add to Public Works workload. City Council continued to discuss ice removal where Josi Wood shared that Public Works does not have the manpower or equipment to do the work in house. Councilmember Ross Lorinser made a motion to hire a contractor to remove ice on the sidewalks this year. There was no second. Staff was directed to bring a draft notification letter and cost to mail out the letter to the next Council meeting.

2. Police Presence at all Meetings Involving City Council (*Ross Lorinser- Discussion*)
   Councilmember Ross Lorinser requested police presence at all meetings including Committee of the Whole, City Council, Special meetings, and Closed Session meetings. Councilmember Lorinser motioned to have police presence at every meeting. Councilmember Collison motioned to make it City policy to have police presence at every Council meeting, second by Lorinser. Motion carried.

3. Video Recording of City Council Meeting (*Ross Lorinser- Discussion)*
   Councilmember Lorinser requested that all meetings be recorded on the City's iPad and uploaded to the City's YouTube page. Human Resources/ City Clerk Katie Brooks informed council that viewing meetings via YouTube is more entertaining but is time consuming. Councilmember Lorinser made a motion to add video recording to the RFP for the new website and post audio online for every meeting that involves City Council. Councilmember Bergley motioned to research video recording and bring it back to Committee as a Whole, seconded by Councilor Collison. Motion carried.

4. Process of Deferred Assessments (*Ross Lorinser- Discussion*)
   a. Resolution 2019-054 For Payment of 1991 and 1993 Deferred Assessments

   Finance Director Mike Betker shared that there are a list of assessments that become effective with the annexation on 1/1/2019 and those that are inside the 30 year statute for repayment will go onto the roles as prescribed in the original resolution. There are some from 1991 and 1993 that are bumping up to the 30-year statute for final payment on installments and council will need to consider how the deferred assessments will be proceeded. Motion by Councilor Lorinser to move assessments to a respective 3-5-year collection schedule for the full balance, seconded by Collison. Motion carried.

<u>City Administrator Josi Wood</u>

5. Squad Car Purchases
   a. Resolution 2019-046 Approving the Purchase of A 2019 Dodge Durango AWD Pursuit and Equipment
   b. Resolution 2019-047 Approving the Purchase of A 2019 Dodge Durango AWD Pursuit and Equipment

   Motion to approve squad car resolutions by Collison, seconded by Bergley. Motion carried.

6. Resolution 2019-048 Approving Ice Dam Removal at Isanti Indoor Arena
   City Administrator Josi Wood shared that City staff is recommending the removal from the bottom portion of the building where ice dams have built up from the thawing and refreezing causing safety concern as well as to prevent from future more costly issues. Motion by Lorinser to approve as well as research recommendations to prevent this in the future, seconded by Bergley. Motion carried.

CITY OF ISANTI
PLANNING COMMISSION
MEETING MINUTES
FEBRUARY 19, 2019

1. Meeting Opening.

A. Call to Order.

Chairman Johnson called the meeting to order at 8:00 p.m.

B. Pledge of Allegiance.

Everyone rose for the pledge of allegiance.

C. Roll Call.

Members Present: Jeff Johnson, Dan Collison, Ross Lorinser, and Paul Bergley.

Members Absent: Steve Lundeen and Arissya Simon

Staff Present: City Administrator Josi Wood, City Clerk/Human Resources Katie Brooks, Contracted City Planner Ryan Kernosky

Others Present: George Hemen.

D. Agenda Modifications.

Kernosky stated there were none.

2. Approval of Minutes from December 4, 2018 Planning Commission Meeting.

Motion by Collison, second by Bergley to approve the January 15, 2019 Planning Commission Meeting Minutes. Motion was unanimously approved.

3. Public Hearings

A. None

4. Other Business.

Kernosky introduced Mr. Pete Jesh, developer of a proposed 103 unit Senior Housing Project. The project would have 32 memory care units and 71 assisted living units. It would require a Conditional Use Permit and Site Plan Review. It meets setback requirements and is proposed as a 3 story building. The parking requirements as proposed, will meet City requirements. Mr. Jesh continued the presentation, stating the facility will have independent, as well assisted and memory care units. They plan to develop in phases, with 80 units in the first phase. Their facility in Cambridge filled up in the first year. The Commission asked questions concerning generational outlook, other facilities they developed, sites looked at and on-site amenities. Mr. Jesh indicated that they looked at 20-40 year generational span, and that this would be the 9th facility they have built. They looked at other sites in Isanti, but with the Clinic and Hotel, this is the best site. They would offer transportation to other Isanti facilities and he reviewed on-site amenities, including those open to the public including dining and a senior gym.

They are the developer and owner, and partner with Walker Methodist to operate the facility. The developer discussed the need for public assistance for the project, due to the rental rates for seniors with low incomes. Public financing options were discussed and Kernosky explained how TIF would work for the project. With it being planned as a 50 year building, the City would receive property taxes for a number of years once the TIF obligation was completed. The plan would be for "pay as you go" TIF, with the Developer constructing the project and the City reimbursing a portion of the property taxes for a specified number of years. The Commission further discussed the need for the project, public financing and next steps. The Commission indicated support for this project, as it addressed a definite need in the City. With that expression of support, the Developer to continue due diligence work regarding feasibility for the project and if they proceed, they will be in contact with the City on next steps.

CITY OF ISANTI
PARKS, RECREATION, AND CULTURE BOARD
MEETING MINUTES
January 22, 2019
City Council Chambers

1. Meeting Opening

A. Call to Order.
Everett called the meeting to order at 6:00 p.m.

B. Pledge of Allegiance.
Everyone stood for the Pledge of Allegiance.

C. Roll Call.
Members Present: Jennifer Garvey, James Witte, Aaron Zdon, and Mayor Johnson
Staff Present: Katie Everett, Parks, Recreation, and Culture Manager

D. Agenda Modifications.
Everett asked if there were any agenda modifications; there were none. Motion by Zdon, second by Witte to approve the agenda for the January 22, 2019 Parks, Recreation, and Culture Board Meeting.

2. Organization of Advisory Bodies as per Chapter 8 of the City Code

A. Oath of Office for New Parks, Recreation & Culture Board Members
a. James Witte read the Oath of Office

B. Chair of Parks, Recreation & Culture Board
Johnson nominated Zdon, Witte provided a second. Zdon was unanimously approved as Chair.

C. Vice-Chair of Parks, Recreation & Culture Board
Witte nominated Garvey, second by Johnson. Garvey was unanimously approved as Vice-Chair.

D. Secretary of Parks, Recreation & Culture Board
Everett will continue as City staff to serve as Secretary.

E. Approve Parks, Recreation & Culture Board Meeting Dates
Meeting dates were omitted from the packet. The Board tentatively approve all 4th Tuesdays with no meeting in December. The dates will be included in the February agenda packet.

F. Review of Conflict of Interest Policy – Resolution 2019-010
Attorney Joslin reviewed Conflict of Interest Policy with the board. He reminded that the board that this applies to members of the Council and commissions, and City staff and contracted officials. The main focus is to make sure that decisions made are done with an open mind with the best interest of the City at heart, and to avoid any situation that interferes with ability to do so. Conflicts are most often financial, and for this board are not frequent but could include acquiring property or investing in particular things that might result in a personal financial benefit. In that case, members should recuse themselves from that discussion. Joslin reminded the members that they can consult him if they have any questions come up.

Joslin also reviewed the Open Meeting Law with the members. Park meetings must be open, posted, and records kept. Board business is to be conducted at the meetings openly and transparently so that citizens can see how decisions are made. Serial or daisy-chain communications to conduct business outside of a meeting are not allowed.

3. Approval of Minutes from November 27, 2018 Parks, Recreation, and Culture Board Meeting

Motion by Garvey; second by Witte. Minutes were unanimously approved.

4. Overview of 2019 Projects

Everett stated that she put together a basic list of some of the bigger projects this year. The list includes Bluebird Park refurbishment which will involve taking apart the playground, getting all of the metal pieces repainted, and then putting it back together. We're hoping to not have to replace the plastic parts since many have been replaced as they've broken. Because it's such a big project, we will go out for quotes for it. Everett is putting together the Request for Proposal to go through Council.

The list also included marketing items for this year. Everett included the parks calendar for this year. She made substitutions on the inside panels this year; she took out the community garden and replaced it with Family Day, and traded Curious Creatures in for Movie Nights. The "other events" includes rodeo and National Night Out. We currently don't have anything organized for National Night Out, but a lot of people ask about it. Johnson asked if Park and Rec would be responsible for National Night Out. Everett responded that in a lot of places it's the Police Department, but she doesn't think it has to be that way. Johnson said he'd like to see that happen here. Everett said that one challenge is that Celebrate Isanti is right around the same time; that doesn't mean that we can't do something. Zdon asked what day the parade will be since the rodeo is after the 4th. Everett stated that it will be on July 11th, and rodeo will just do Friday/Saturday because they dropped Sunday again this year. Zdon asked if we should list the parade separately; Everett said that she will add it to the list. Everett also provided options for photos at the top of the calendar; the board discussed and said they liked the nature option (Legacy Park) best. The other marketing piece is to update the square park brochure; there are just some quick edits with contact information and that sort of thing and then we can get a bunch more printed for the year, and hopefully be able to use them for a couple of years. There isn't as much of a deadline for those.

Another project on the list for this year is getting a curb cut done at the farmers' market. We have been hauling around a wooden ramp for the last couple of years, and some of the lower sedans and things still couldn't get out so we end up having people drive all over the place. This project will help get the one-way traffic we want to keep everyone safe. We're hoping to get it done before the market opens. Everett is working with the engineer to get the drawing so we can bid it out separately. If it comes back too expensive, we'll roll it into other pavement management projects for the year. The challenge with including it that way is that we don't know when we'll be able to get it done.

Everett stated that there is also money budgeted to put some trees in at Unity. She has gotten some species recommendations from a tree expert. She will take a look at those and bring them back to the board for their input.

Everett also included information about this year's events. Street Dance bands have been booked. Hitchville is coming back; they were a big hit for us last year so we're excited to have them back. Audio Circus is new this year, but they play a lot down at Maxx so they should have a local draw as well. Good for Gary is well known around here, and the Facebook event already has a lot of interest. Celebrate Isanti is August 17; the car show is planning to be part of the event again, and we have time to work out some of the other details. The farmers' market will start May 31st; that's another event that is a little bit later this year, the last Friday is after Memorial Day. There won't be a market on July 5th – we tried it one year and no one came, and the vendors should get that day off too. Everett scheduled Earth Day Clean Up for Monday, April 22. Last year it was on a Saturday, and was not on Earth Day, so this year we'll try it on Earth Day in the evening and maybe we can get some of the scout groups and things to join us. The Citywide Clean up is still on the weekend. Passport to Parks is scheduled again; Everett will bring it back for discussion about ways to boost participation this year. Family Day was successful last year, so she has scheduled that again for the same weekend. Curious Creatures is continuing and Everett booked Council Chambers for rain days if needed. Hopefully the consistency will get more people involved. There were seven kids for the January one at Bluebird Park, and the kids were really excited to get outside in winter. Cambridge-Isanti Early Childhood's Facebook page shared that information too. Everett asked for board discussion about Movie Nights. They are in the fifth season, and they're not hugely popular but are also not that much work. She is okay with continuing them next season, but it may be worth it to shorten the season from October through April to November through March. That still covers the winter months and maybe that will make it easier to get enough volunteer groups. The goal of those was more than just showing a movie as something to do, it was to have some events that could support our community groups. The board approved the shortened season for 2019-2020.

Garvey asked if any of the bands we have do advertising on their own. Everett stated that most of their websites have tour dates and they list street dances there, and they usually have active Facebook pages as well. On our events, they've been invited to co-host so essentially their whole audience sees our events.

5. Dog Park Development Timeline

Everett stated that after the board's discussion, the next step is to bring the plans to Council. She talked with the engineer earlier and he said there wasn't a problem with doing a survey with some snow on the ground, so we should be able to get things moving. The concept was also included in the packet for board review, and shows where it is planned to sit on the site. The biggest questions right now are where the utilities run along the road – with the location of the trees, Everett is guessing we'll be about twenty feet of the road anyway, so hopefully there isn't an issue – and on the eastern boundary, we just have to make sure we don't come up against any issues with railroad property. We will make it as big as we can in the space that we have. We'll go as far south as that first building. The fence is planned to be 4' coated chain link with a maintenance strip, and will have kind of a vestibule area to enter without letting all of the other dogs out. If that is located on the southwest corner, it can still be utilized when and if the dog park is expanded. We will have a sign with rules, and Everett figured putting that near the parking lot would make sense since that's where most people will come in from. The doggy bag dispenser is in the budget as well. Public Works has asked that there's a big enough entrance for them to get in with the mowers. There is a rough timeline, which might have to change since there are things that have to be done before we can do anything else. Throughout the process, she plans to do some media blasts so people know that it's happening to create some excitement about it to hopefully get it used as soon as it's open. Everett would like to do some kind of Grand Opening, and believes June 27 is reasonable, but it will depend when frost goes out and that kind of thing. Zdon agreed that should be plenty of time. Everett asked the board for comments. Garvey said that entrance location also makes sense in case a dog does get out, that is furthest away from the road. She also stated that the park sign combined with rules is too far off the road, and it would make sense to have something right on the road. Garvey said it would probably need to be two separate signs. Everett stated that sign with rules was designed as 4' x 4', and the little sign at VFW and Unity are 2'x 4'. She asked if that kind of sign that just says "Dog Park" would work. Garvey thought that would work, and the Dog Park sign could be attached right to the fence. Zdon agreed that would be a good idea, where ever there's a high visibility spot. Witte asked if there were plans to put any sort of obstacles or anything in. Everett said that it isn't budgeted yet. Zdon stated that long term we had talked about adding it in. Everett said that if someone wanted to donate them this year, we could probably work them in. It is a little less than an acre space, so she wasn't sure how much "stuff" you'd want in there either. Zdon said a couple things would probably be good. Witte said maybe even a drain tube. Garvey recommended checking with Public Works to see if we already have anything laying around that we could use. Everett added that we can also wait to see where the bids for fences come in, and if there did end up being extra money we could think about using that too. Zdon stated that once there's some more knowledge out there that this is coming, some dog trainers and other people might reach out to us too. Garvey stated that there are at least a couple of dog groomers in town too, and that might be a good way for them to put their name out there. Everett stated she does have money for a bench in the budget, but there is a resident who said they're interested in donating one so that might also be a source of savings.

Another point of discussion was whether or not to have a portable bathroom on site. Everett said this wasn't originally considered in the budget. There are bathrooms at the south side of BMX, but they're kind of far away so what to do they do with their dogs while they're gone? She wasn't sure if people will be there long enough that they'll need a bathroom, that may be the case. They are $95 per month for an accessible unit. Typically in the parks they're just there from April to October, she's not sure if people would use one there in the winter or not. Zdon and Garvey thought they would. Everett stated that there might be money to cover it under the contingency built into the budget, but since it wasn't originally included she wanted to bring it up for discussion. Zdon stated that it's a "nice to have" not a "need to have" but the other bathrooms are pretty far away. Johnson asked if we utilize the one in Mattson Park. Everett said that we do. Johnson said that he thought about moving one. Everett said that it's hard to tell how often some of the neighborhood park ones get used, but we have them in most of the other parks. Johnson asked if we could get a deal with all of these; Everett stated that she thinks we are and our contractor has been really great to work with. Zdon summarized by saying we'll wait until bids come in after the survey and we should do it if there's money. Garvey said her only other thing was to make sure there was a bench. Everett said that we will have a bench, whether we pay for it or we get one donated. Zdon said that it wouldn't even hurt to have two if someone wanted to donate one and we had money to buy another. Garvey said even a picnic table might be nice.

The last point of discussion was the rules. Everett explained that these came from a combination of many other dog parks. She said some of them were really particular about dogs being licensed in that City. Because of where this is going, Everett said she could see a lot of visitors from out of town using it, so that might not make sense here. Most of the other rules were common across dog parks. Everett said there is time before we need to get that made, so we can revisit it later if needed too. Johnson asked about what is declared a dangerous dog. Everett said that she checked in with Chief Hill about that because a lot of places used that very specific language. There is a State statute that if police have declared a dog dangerous, that dog has to microchipped, vaccinated, and wear a muzzle in public. Those dogs aren't typically taken to a dog park, so it shouldn't really be a problem but it's just one of those things that should be said. Witte asked if there is a limit of dogs in the park at once. Everett said she didn't see any rules that addressed that, but we could add one if we wanted. She would guess that most dog owners would probably just come back later if they got there and it was really busy. She wasn't sure how she would enforce that.

The board discussed that Cambridge has a dog park next to their community garden and across from their outdoor rinks, but no one was sure how much use it was getting. Johnson asked if anyone had noticed how nice of shape our rink was in; Zdon commented that we've had good conditions to make ice. Garvey asked where the light switch was and if it was now connected to the timer. Everett said that we had been instructed to make sure those lights were off at all times, so the might not be coming on right now. Everett stated that she will look into it, but she's not sure. Zdon asked if we are sticking with no lights, because it's dark around 5:00 and that's when everyone gets home from work. Johnson said that we should be able to have the lights on at least until the park closes. Everett agreed that makes sense at least for the pleasure rink. Zdon agreed and then mentioned that we can talk about the skate park lights too, but that's mostly in the summer. The board also discussed the location of the rink, and Everett said that she has it in her notes to bring next winter's rink up before budgeting this year.

6. Parks Updates

Everett said that there are lots of applications out right now. The community garden applications are out and have been sent to last year's gardeners. Registration officially opens in February. The Street Dance vendor applications are out too. We are currently taking advertisements for the Isantian as well, those are due by February 1st. We have had ads for local organizations in the past as well. Everett added that the Spring Isantian is being put together with help from the department heads. Event information will go in there as well. Farmers' Market applications are also available, we have received a couple back, including a new farm. Everything is on the website, and they are available at City Hall.

Movie Nights continue. Last week was super cold, but we still had a few families show up; there were 13 people total. The February movie The Princess Bride and we still need a volunteer group. We also don't have anyone signed up for March, but the Ambassadors are signed up for April.

Witte asked if there is a fee for street dance vendors. Everett stated that it is $50 for food vendors and $25 for non-food vendors. The board discussed the ice cream trucks that we had last year since there were a couple of different ones. Everett explained that she's been telling all of the vendors that we'll take applications and make a decision about who gets in. We have to weigh lots of factors to make sure that vendors are happy and that we have enough of them to serve attendees.

7. Adjournment

Motion by Witte, second by Johnson to adjourn the January 22, 2019 meeting of the Parks, Recreation, and Culture Board. Motion was approved.

Educational and/or Knowledge that will be useful to the board:

I have obtained extensive knowledge in the development of leadership and organization from my many years of service in the United States Military. As far as professional education is concerned, I hold a BA in Criminal Justice, AA in law enforcement as well as Emergency Medicine and firefighting. In looking at much of my career, my background consists of public service as apposed to that of business development, however I would like to add that much of this "public service" training and education allows for a greater knowledge in interpersonal communication. In my career I have worked with a variety of organizations both governments based and privately owned. I believe this gives me the advantage of being able to look at situations from all angles while taking into consideration the goals of the given organization.

In looking at my military career, I have been taught valuable skills as it pertains to decision making processes as well as general planning fundamentals. With any given situation, there must be a clear and concise approach to the situation presented in a well detailed and organized plan. From start to finish, there needs to be continued review and evaluation of the process and its overall outcomes. A fundamental acronym used by the military is "AAR". An AAR is an After-Action Review. Whether we are conducting training on first aid or performing a live fire exercise, there is always an AAR conducted. This allows for the situation to be reviewed and critiqued by all members of that given situation. We ask what the intended plan was, what happened, what should be sustained in the future, and what could be improved for an improved outcome. This process along with implementing a decision-making process, all aspects of a given plan can be improved for improved performance in the future.

While looking at my education and knowledge, I do feel that it is critical for this committee to embrace my communication skills and dovetail these skills into the overall picture with other members also providing their given talents and skillsets.

Why are you interested in being on the Board?

First and foremost, I am honored to live in this community. I have lived in Isanti for many years now and I find that this is my home. I am interested in how to develop our community for the betterment of its citizens while providing for growth in the future. I feel that having a solid foundation of support and information is crucial to the development of our community and if I can somehow provide support, knowledge, or information, I feel it will benefit the city. The key to continued success in Isanti is that of proper planning combined with solid research to support the proposed development. Isanti has shown a positive move toward improvements over the years. I would be honored to continue in our journey as a community for the betterment of all of our citizens, businesses, and visitors.

What is your vision of Isanti?

I have been associated with the community for almost 20 years. In this time, I have witnessed many successes and sadly some failures with the growth of our city. We have grown from being a small bedroom community for people as they work in the metro area to that of a place where people not only live but also work. In this growth, we have not forgotten about our main priority, the citizens. I wish to see this continue for our next generation to enjoy.

I would like to see an increase in mid-level commercial development. With the addition of a new Kwik Trip fuel station, we are opening our community to be a stopping point for commercial drivers that would have otherwise continued to another community that can accommodate their vehicle needs. We are also opening a new hotel, which will uniquely dovetail with the growth in our new BMX facility as well as other seasonal activities. Now is the time to expand on this growth to include other restaurants and shopping facilities. I would like to see our city to begin to offer other recreational services as well as developing a strong tax base for additional growth in future years.

Our community is at a point where we need to begin thinking outside the box to stay competitive with our neighboring communities. We need to provide a larger variety in lodging, retail, recreation, and even industrial manufacturing. By encouraging this growth, we are developing a solid image of our community to others in the sense that Isanti has so much more to offer. Isanti in my vision is simply a comfortable home town with many options for people to experience. I cannot express my vision of Isanti in one or two things. I can only express my vision as being that of continued growth for citizens to enjoy for many years to come.

RESOLUTION NO. 2019-010

CITY OF ISANTI
CONFLICTS OF INTEREST POLICY

Purpose

The City Council of the City of Isanti confirms its determination that ethical standards among the Mayor and Council Members and members of the various Boards and Commissions and employees of the City (Public Officials) are essential to the proper conduct of City affairs. By eliminating conflicts of interest and providing a guide for conduct in City matters, the City Council strives to promote the faith and confidence of the citizens of the City in their government. The following standards of conduct are intended to serve as a guideline for Public Officials in carrying out their responsibilities. This Policy is in addition to any statutory requirements, Attorney General Opinions or court rulings, which prescribe allowable actions for Public Officials.

Definition

Public Officials shall be defined as follows:

Mayor
City Council
Planning Commission
Economic Development Authority
Parks, Recreation, and Culture Board
City Administrator
Human Resources / City Clerk
Finance Director / Treasurer
Economic Development Director
Community Development Director
Public Services Director / Assistant City Administrator
Chief of Police
Liquor Store Manager
Building Official
City Attorney
City Engineer
Other employees of the City of Isanti

Standards of Conduct

1. Public Officials, City employees, and Police Reserve members:

   a) Shall not use their positions to secure special privileges or exemptions for themselves or others to intentionally jeopardize the position of employment of others;

   b) Shall not engage in, solicit, negotiate for, or promise to accept private employment nor shall they render services for private interests or conduct a private business when

such employment, service, or business creates a conflict with or impairs the proper discharge of their official duties;

c) Shall not participate in deliberations in any matter before the Council, Board or Commission, which affects that Public Official's, Public Official's spouse or minor child's financial interests directly or indirectly or those of a business, profession or occupation with which the Public Official is associated. Whenever such conflict is recognized, the affected Public Officials shall disclose in writing such interest prior to any discussion or vote and disqualify themselves from any further involvement pertaining to the issue;

d) Shall not act as agent or attorney for another in any matter before the Council or any Board or Commission or before any court or administrative board in any matter in which the City is a party;

e) Shall not directly or indirectly receive, or agree to receive, any compensation, gift or reward or gratuity as an inducement to support or influence any matter or proceeding connected with, or related to, the duties of the office; The following types of gifts are permitted under exceptions to the law:

1) Lawful campaign contributions.

2) Services to assist an official in the performance of official duties.

3) Services of insignificant monetary value.

4) A plaque or similar item.

5) A trinket or item of insignificant monetary value.

6) Informational material of unexceptional value.

7) Food or beverage given at a reception, meal, or meeting by an organization before whom the recipient makes a speech or answers questions as part of a program (this exception is only available if the location of the reception, meal, or meeting is away from the recipient's place of work).

8) Gifts given because of the recipient's membership in a group.

9) Gifts between family members.

f) Shall not disclose to others or use to further their personal interest confidential information acquired by them in the course of their official duties.

2. Any Public Official who is an officer, director, partner, agent, proprietor or employee of any firm or has a proprietary interest of 10 percent (10%) or more in any company, business, enterprise or corporation, partnership, labor union or association doing business

with the City shall make known that interest in writing as provided in the disclosure section of this Policy.

3. No Public Official nor business entity that the Public Official has a financial interest in, in excess of 10 percent (10%), shall enter into any contract with the City unless otherwise authorized by law.

4. Public Officials shall disclose to the governing body any relationship to another person or entity in any instance where there is a conflict of interest or could be the appearance of a conflict of interest.

5. Public Officials shall not have a personal financial interest in any sales, lease, or contract that they are authorized to make in their official capacities.

6. A Public Official shall not hold two positions if the positions' functions are incompatible with one another.

Disclosures

Public Officials, elected or appointed and employees serving as Department Heads or Supervisors, shall, no later than thirty (30) days following election or appointment to office and each year thereafter by February 1, complete the Disclosure Form and return it to the City Administrator. All subsequent applicants for appointment on Boards and Commissions shall file a completed Disclosure Form together with the application form. Within thirty (30) days after the acquisition or sale of any property, each Public Official shall file as a public record with the City Administrator, a list of all real property in the City owned by such person, that person's spouse, or minor child, or in which the Public Official has a beneficial interest, disclosing each individual item held, and by whom. Homestead shall be excluded from the above disclosure. Each Public Official shall disclose all positions as officer, director, partner, agent, proprietor or employee of any firm in which such Public Official has a proprietary interest of ten percent (10%) or more in any company, business, enterprise, corporation, partnership, labor union or association doing business with the City, and indicate with respect to each such relationship whether services are gratuitous or for compensation.

Disclosure Form

The disclosure information required by this Policy shall be set forth on a form which shall be made available by the City Administrator and is part of this Policy.

Discipline

Upon a signed written complaint of any person questioning adherence to this Policy or on the Council's own volition, the Council shall refer the matter to the City Attorney for investigation and the City Attorney shall report the results of the investigation to the Council within forty-five (45) days thereafter. A copy of such report shall be furnished to the person complained against. Such person may request a hearing on this matter before the Council which request shall be filed with the City Administrator not later than ten (10) days following receipt by such person of the City Attorney's report.

Upon receipt of the City Attorney's report and at the conclusion of any hearing on the matter, the Council by majority vote may dismiss the complaint as having no merit, may adopt a resolution of censure, or with respect to members of Boards and Commissions, the Council may remove a member from such Board or Commission. In the event the complaint is against a member of the Council, such member shall not participate in the Council's deliberations or vote on the issue.

Violations

Any Public Official who violates the Conflict of Interest Law can be found guilty of a gross misdemeanor, be fined up to $3,000, and imprisoned for up to one year. Any contract that has been made illegally is void.

This Resolution is hereby approved by the Isanti City Council this 7th day of January, 2019.

City Council Memo

To: **Mayor Johnson and Members City Council**
From: Josi Wood, City Administrator
Date: March 5, 2019
Subject: New Information Regarding 1991 Deferred Assessment on PID 16.032.1200

Background:
Friday, February 22, Staff received new information, letter correspondence attached, regarding PID 16.032.1200, property of Mr. George Hemen, and the 1991 deferred assessment associated with this parcel. The letter dated 9/23/91 from the former City Administrator states Mr. Hemen would be given a hearing when annexed into the City.

City Attorney, Clark Joslin, will review the letters with Council during the meeting.

Dear Mr. Heman:

This letter is to explain to you the accompanying notice on the proposed assessment for Palomino Road. Because your property is not within Isanti City limits, the assessment on your property will be deferred until such time as your property is annexed into the City. When your property is annexed, the assessment listed on the accompanying notice will be due. At that time, you or whoever owns the land may choose between paying all of the assessment or spreading the payments across 15 years at the same interest rate received by everyone else on the Palomino Road Improvement.

If you have any questions please give me a call at Isanti City Hall, 444-5512.

Sincerely,

Michael Robertson

Dear Mr. Heman:

The enclosed Resolution adopting the Palomino Road Improvement and terms of payment was adopted by the Isanti City Council on September 17, 1991.

Your assessment, which has been deferred until such time as your property is annexed into the City of Isanti, amounts to $10,007.23. The legal description of your property is PT N 1/2 of NE 1/4 of NW 1/4, Township 32N, Range 24, Section 32, Isanti County, Minnesota.

If your property is annexed some time in the future, the City of Isanti must hold an assessment hearing before you could be assessed for your portion of the Palomino Road improvement. This hearing would be the place where you could exercise your legal right to oppose your assessment.

Sincerely,

Michael Robertson

Re: Special Assessments - George Heman

Dear Mr. Blomquist:

As per your letter of September 25, 1991, Items 1 and 2 were sent to Mr. Heman in a letter dated September 23, 1991. I have enclosed a copy of the City Engineers' Basis of Assessment, which should take care of Item 3.

I told Mr. Heman in person, and will repeat to you, that should you wish to challenge the assessment I will be willing to waive the 30 day requirement since Mr. Heman did not receive the notice of assessment letter in time to make the public hearing.

If you need any further assistance, please give me a call.

Please Remember to Maintain Your Sidewalk!

It's City Code

Many people, including children, seniors, and those using wheelchairs and strollers, depend on sidewalks all year long.

Let's make Isanti SAFE FOR ALL GENERATIONS!

City sidewalks are cleared by the Public Works Department after the initial snowfall. They are cleared according to the schedule, primary or secondary, established by City Council through the Snow Plowing Policy. Further removal of nuisance snow and/or ice is the responsibility of the adjacent property owner. In the event of ice formation, please remove ice as is reasonably possible and treat icy areas difficult to clear with ice removal materials. Traction on slippery surfaces can be improved by application of sand, chicken grit, or clean cat litter. Please be advised that snow and ice should be removed in a timely manner (48 hours after a weather event as defined "timely" in City Code).

Did you Know?

Clearing fire hydrants within residential areas is the responsibility of the resident(s) to ensure they are readily accessible. Please make sure that snow is removed to allow easy access to your local fire hydrants for routine maintenance and emergencies.

We thank you for your cooperation.

Subject: Resolution Approving a Special Event Application for BMX 2019 Race for Life and DK Gold Cup Qualifier

---

Background

The City has received an application for the upcoming special event planned for the Rum River BMX Association. The Race for Life and DK Gold Cup Qualifier weekend is scheduled for April 13-14, 2019. Hours of the event are 10:00 am to 6:00 pm on Saturday, April 14 and 7:00 am to 5:00 pm Sunday, April 15. Rum River BMX estimates the number of individuals in attendance is 800 per day. Portable restroom facilities will be provided by the Association for the event, and the organization is responsible for clean-up of the outside areas. The Association is planning for parking to take place at the Indoor Arena and within the Bluebird Park lots – no parking will be allowed on the grass for this event. Team canopies may be put up on the grass outside the arena; the Association will notify participants to not use stakes to protect the irrigation lines. The standard public addressing system would be used throughout the event. Association is not requesting that any roads be closed. A portion of the race fees collected on Saturday will benefit the Cancer Society.

Subject: Special Event Permit Application - BMX Race for Life

Good morning Al,

We've received a Special Event Permit application from Rum River BMX for their Race for Life/Gold Cup Qualifier coming up on April 13 and 14. They're anticipating about 800 people per day, and haven't requested any additional services from Isanti Fire. Please review the application and respond with your comments or approval when you get a chance.

Thanks!

Subject: Resolution Providing Approval from City of Isanti to Purchase Blower for Cambridge-Isanti Bike/Walk Trail Maintenance

---

Background:
At its annual meeting January 24, 2019, the Cambridge-Isanti Bike/Walk Trail Committee discussed purchase of pull-behind blower equipment to help mitigate recurring issues with pine needles and sand on the trail. The City of Cambridge will maintain and store the equipment, and it will be made available for use on other trails as well. The purchase will be funded through the Cambridge-Isanti Bike/Walk Trail Capital Fund (to which the City of Isanti and City of Cambridge contribute annually according to the Joint Powers Agreement), and is anticipated to not exceed $8,450.00. The equipment quote and specifications are attached to this memo for Council review.

At its February 26, 2019 meeting, the Parks, Recreation, and Culture Board recommended that City Council approve the purchase.

Request:
It is requested that the Isanti City Council approve purchase of a blower for the Cambridge-Isanti Bike/Walk Trail through the C-I Bike/Walk Trail Capital Fund, in the amount not to exceed $8,450.00.

RESOLUTION NO. 2019-XXX

RESOLUTION PROVIDING APPROVAL FROM CITY OF ISANTI TO PURCHASE BLOWER FOR CAMBRIDGE-ISANTI BIKE/WALK TRAIL MAINTENANCE

WHEREAS, at its January 24, 2019 meeting, the Cambridge-Isanti Bike/Walk Trail Committee requested authorization to purchase a trail blower to aid in clearing pine needles and sand from problem areas; and,

WHEREAS, the purchase will not exceed $8,450.00 and is to be funded through the Cambridge-Isanti Bike/Walk Trail Capital Fund; and,

WHEREAS, in accordance with the Joint Powers Agreement, the Cities of Isanti and Cambridge make annual contributions to the Cambridge-Isanti Bike/Walk Trail Capital and Operating Funds to support ongoing and future maintenance costs; and,

WHEREAS, the City of Cambridge will be responsible for storing and maintaining the equipment, and it will be available for use on other trails in both communities as needed; and,

WHEREAS, at its February 26, 2019 meeting, the Parks, Recreation, and Culture Board recommended approval of the purchase;

NOW, THEREFORE, IT IS HEREBY RESOLVED by the City Council of the City of Isanti, Minnesota to approve the purchase of the blower for maintenance of the Cambridge-Isanti Bike/Walk Trail through the Cambridge-Isanti Bike/Walk Trail Capital Fund, in the amount not to exceed $8,4500.00 with the following conditions:

1. The City of Cambridge will perform all necessary maintenance on the equipment, and will be responsible for its storage.

2. The equipment will be made available to both communities for use on other trails as needed, and staff from both cities are authorized to coordinate the use schedule.

This resolution was duly adopted by the Isanti City Council this 5th day of March, 2019.

RESOLUTION 2019-XXX

RESOLUTION AUTHORIZING AN ON-SALE 3.2 PERCENT MALT LIQUOR LICENSE TO PATLOK DESIGN INC DBA SANBROOK GOLF COURSE

WHEREAS, Minnesota Statute provides for the licensing of 3.2 Percent Malt Liquor Licenses; and

WHEREAS, City Code Chapter 76, Article IV provides for the licensing of 3.2 Percent Malt Liquor; and

WHEREAS, said licenses would be considered a renewal of their 3.2 Percent Malt Liquor License which is valid for all days of the week and does not require a separate license for Sunday sales; and,

WHEREAS, the applicant has completed the renewal application for the City of Isanti and for the State of Minnesota and submitted proof of liquor liability and workers' compensation insurance; and

WHEREAS, all taxes and assessments against the property are current; and

WHEREAS, the applicant has no delinquent City fees; and

WHEREAS, the applicant has passed a police activity review; and,

WHEREAS, the Police Department has reviewed the renewal application and that the applicant has not been cited during the past five years for any state/local liquor law violations.

NOW, THEREFORE, IT IS HEREBY RESOLVED by the City Council of the City of Isanti, Minnesota as follows:

1. The renewal of a 3.2 Percent Malt Liquor On-Sale license valid on all days of the week including Sundays for the period from April 1, 2019 to March 31, 2020 to Patlok Design, Inc. doing business under the assumed trade name of Sanbrook Golf Course, located at 1260 County Road 5 NE, Isanti Minnesota 55040, is hereby approved.

2. An on-sale 3.2 Percent Malt Liquor On-Sale license valid on all days of the week including Sundays is hereby granted, subject to and condition upon compliance by the licensee with all conditions applicable to such licensees under the laws of the State of Minnesota and City Ordinance.

3. Staff shall forward all necessary information to the State of Minnesota to complete the 3.2 Percent Malt Liquor On-Sale

license process.

4. That the Mayor and City Clerk are hereby authorized to sign all required documents to provide for the issuance of the on-sale 3.2 Percent Malt Liquor On-Sale license in accordance with the provisions hereof.

This Resolution is hereby approved by the Isanti City Council this 5th day of March, 2019.

Request for City Council Action

To: Mayor Johnson and Members of the City Council
From: Josi Wood, City Administrator
Date: March 5th, 2019
Subject: Consider Resolution Approving Revisions to the Snow Plowing Policy

---

Staff recommends the following revisions to the Snow Plowing Policy. The underlined recommended changes for the Snow Plowing Policy are as follows:

C. Snow Plowing

5) Sidewalk Routes to Schools –Primary sidewalks listed in this resolution.

12) All Other Sidewalks –Secondary sidewalks (except exempt sidewalks)

D. Snow Hauling

Snow may be hauled from streets where snow accumulation has created limited visibility near intersections. Snow may be hauled away in areas, such as cul-de-sacs, where there is limited space to wing back snow to accommodate more snow accumulation.

I. 5) **Garbage Receptacles** – Garbage or recycling receptacles are not to be placed in the street section or beyond the grass/concrete curb edge. Receptacles are also not to be placed on the sidewalk. The City is not responsible for damage of receptacles or clean-up of waste.

V. ADMINISTRATION

A. Council Review

The City Council's Committee of the Whole shall annually review the City's Snow Removal Policy and Operational Guidelines, prior to the next year's snow season and make any recommendations for amendments to the City Council.

Request:
Staff is requesting action on this item.

Attachment:

- Res 2019-XXX – Resolution Approving Snow Plowing Policy and Operational Guidelines

RESOLUTION NO. 2019-XXX

A RESOLUTION APPROVING SNOW PLOWING POLICY AND OPERATIONAL GUIDELINES

I. PERSONNEL

All Department of Public Works personnel shall be available for all snow plowing operations, unless on approved leave or unable to respond due to a medical condition.

II. PROCEDURES

A. Alert and Call Out

During normal working hours, the Public Services Director or designee shall be responsible for monitoring street and weather conditions and initiation of snow and ice control procedures.
After hours, on weekends, and during holidays the Police Department shall notify the Public Works On-Call or designee when snow and ice conditions warrant crew alert. Snowplows will not be sent out in situations that may be hazardous due to severely restricted visibility.

B. Salting and Sanding

The City shall consider in order the following factors when establishing application rates and locations for application of salt and/or sand. The City shall use salt as the primary treatment. Sand may be used if there is a traction issue or if weather conditions deem it effective either combined with salt or as a separate treatment.

1) Safety of the Motoring Public
2) Environmental impact of salt usage
3) Cost

Salt or sand shall be applied to the street surface in such quantities so as to provide a level of skid resistance that is consistent with standards normally experienced on city streets throughout the State of Minnesota. It is recognized that a bare pavement policy is not possible at all times during winter.

Streets shall be spot salted (or sanded) to provide skid resistance and traction consistent with area standards in accordance with the following priorities:

1) All controlled intersections along Main Street, Heritage Blvd, County Road 23 and all curves.
2) School zones
3) Commercial and industrial streets
4) Residential – blanket sanding of general snow pack on residential streets will not be done.
5) In rare instances, when ice accumulation renders the streets unsafe to drive, the Public Services Director may authorize blanket sanding of city streets to restore vehicle traction.

C. Snow Plowing

The City will plow all storms of over 2 inches. During the season, snowfall of less than 2 inches may be removed depending on road conditions. Snow plowing shall normally begin when accumulation reaches a point where functional traffic flow is inhibited. Typical plow start time is 3:00 a.m. Plowing may start earlier in the prior evening, or delayed after 3:00 a.m., or may start during the daytime if conditions warrant. Plowing shall begin as close as practicable to the time snowfall ceases and will continue as visibility and operator safety permit. Work periods shall not exceed safe limits that operators can continue without rest.

Snow removal operations shall proceed as rapidly as possible in accordance with the following priorities:

1) Fire Hall Access Area

2) Police Department Access Area

3) Snow Emergency Routes - These routes (listed in this resolution) are typically first plowed. In extreme snowfalls, these routes shall be plowed to maintain the driving lanes in a passable condition until normal snow plowing activities resume.

4) 2" or more snow event, Downtown sidewalks from the Railroad Tracks on the east and traveling west to the intersection of Main and 2nd Avenue.

5) Sidewalk Routes to Schools ~~First day~~ Primary sidewalks listed in this resolution.

6) Residential Streets

7) City Downtown Parking Lot, City Hall Parking lot and Isanti Community Center Lot

8) Municipal Liquor Store Parking Lot

9) Alleys

10) Eagle Park Parking Lot

11) Isanti Indoor Arena

12) All Other Sidewalks ~~Second day~~ Secondary sidewalks (except exempt sidewalks)

13) River Bluff Preserve and Bluebird Park Parking Lots

14) Ice Skating Rink

For a storm of roughly 6 to 10 inches, it shall be the goal of the City to have all streets plowed curb-to-curb within 12 hours after snowfall stops. Storms of larger magnitude or extremely wet snow will take longer depending on severity. Extreme snowfalls may warrant the opening of two lanes in the middle of the street initially with full width plowing to follow at a later time.

It shall be the policy of the City that the opening of driveways will not be the responsibility of the City. Property owners shall be responsible for clearing driveways, and walkways. For a 2"or more snow event, the City shall clean all sidewalks and trails that provide direct access to the Primary, Intermediate and Middle Schools.

D. **Snow Hauling**

Snow may be hauled from streets where snow accumulation has created limited visibility near intersections. Snow may be hauled away in areas, such as cul-de-sacs, where there is limited space to wing back snow to accommodate for more snow accumulation. Snow will be hauled from the following streets:

1) Main Street between 3rd Avenue and Elim Lane.

Late spring and early fall snowfalls may be left on roadways if melting is determined to be imminent or if substantial damage will be caused to the pavement structure. Clearing of intersection snow banks will be accomplished when needed on collector streets and near schools.

Snow hauling could begin as early as 3:00 a.m. or 1 hour following the beginning of snow removal operations. Hauling will continue for as many nights as is necessary. Snow pickup shall be accomplished using such personnel, equipment and methods appropriate to maintaining a reasonable and safe passage of vehicles and pedestrians at all times. Traffic may be restricted by the Police Chief or his designee as emergency conditions may dictate.

E. Snow Plowing Alleys

Alleys will be opened in the aforementioned priority to provide functional traffic movement.

F. Snow Plowing Cul-de-Sacs

During snow events, the snowplow may complete only a portion of the cul-de-sacs during the first pass. The major portion of the cul-de-sacs shall be plowed during the usual time guidelines for snowplowing but specialized equipment will return for further clearing. Main city streets are cleared first with large snowplows before the smaller equipment begins clearing cul-de-sacs. There will be an effort made to distribute the snow evenly as the snowplow clears snow.

G. Wingbacks

During planned City-wide wingbacks, resident notification will be made on the City Website and by News Blasts. The Public Services Director, Designee or route driver will determine that areas may need wingbacks more often due to drifting snow or other conditions at the time, in these instances notice may not be given.

The Public Works Department will try to minimize impact to driveways and sidewalks but some snow removal may be required by the homeowner.

H. Complaints

Complaints concerning snow and ice removal will be handled in the following manner:

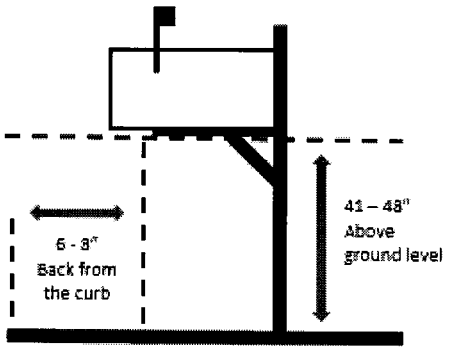
1) All complaints shall be referred to the Public Services Director or designee.
2) Slippery Street and sidewalk complaints shall be listed and given to Public Works for investigation and possible action.
3) All other complaints shall be given to Administration for investigation and possible action.

I. Property Damage

It is recognized by the City that on occasion private property is damaged during snow and ice control operations. Where this happens, it shall be the policy of the City to handle damages in the following manner:

1) **Mailboxes** – Where mailboxes are placed adjacent to the street it shall be the policy of the City that snow shall be plowed to the curb to allow for passage of traffic and mail delivery. It shall be the responsibility of the property owner to keep piled snow away from mailboxes so mail can be delivered.

   Where damage to the mailbox occurs, such damage shall be investigated by the Public Services Director or Designee. If it is determined that the weight of the snow movement caused the damage, the City will not assume responsibility for repair of the mailbox. Per USPS guidelines, mailboxes, as well as any accessory paper boxes, must be mounted at a minimum height of 41 inches above the street level to reduce the possibility of damage during winter snowplowing operations. USPS guidelines also state the post be installed 6-8 inches behind the grass/concrete curb edge and the front of the mailbox should be installed behind the back edge of the concrete curb. If the mailbox was built according to these USPS guidelines or as directed by the Post Master, and was struck directly by the plow, the City will repair or replace the mailbox in kind, not to exceed $100.00.



2) **Boulevard Damage** – The City will repair physical damage to boulevard areas and may replace sod in extreme cases as determined by the Public Services Director. Typical repairs will be with dirt and seed. The City will not repair winter kill or salt damaged lawn areas. The City will not replace or repair sprinkler/ irrigation systems, landscaping or other structures in the boulevard or right-of-way area.

3) **Curbs** – Concrete curbs will not be replaced unless the curb back is broken.

4) **Driveway Ramps** – Damage caused to driveway ramps or fillets where mountable curb is in place will not be repaired by the City unless authorized by the Public Services Director.

5) **Garbage Receptacles** – Garbage or recycling receptacles are not to be placed in the street section or beyond the grass/concrete curb edge. Receptacles are also not to be placed on the sidewalk. The City is not responsible for damage of receptacles or clean-up of waste.

J. Snow Emergency Routes

The following routes are designated as Snow Emergency Routes and shall be marked by signage:

III. POST PLOWING OPERATIONS

Once plowing is completed from curb to curb, post plowing operations will begin in the following priority:

A. Fire Hydrants

Fire hydrants on public streets serving commercial/industrial areas, high density residential units and school facilities shall be plowed or shoveled out so as to be readily accessible for use.

B. Intersections

If in the discretion of staff, snow piles at busy intersections are of such height as to create unsafe conditions, the piles will be pushed back at those intersections on the following streets:

1) County Road 5

2) Main Street
3) County Road 23

IV. EMERGENCY ASSISTANCE

At the discretion of the City Administrator, the Public Services Department can hire either additional equipment or drivers for assistance with snow removal.

V. ADMINISTRATION

A. Council Review

The City Council's Committee of the Whole shall annually review the City's Snow Removal Policy and Operational Guidelines, prior to the next year's snow season and make any recommendations for amendments to the City Council.

VI. REPEAL

This resolution repeals all previous snow plow policies.

This Resolution was duly adopted by the Isanti City Council this 5th day of March, 2019.

MEMO

To: **Mayor Johnson and City Council Members**

From: Don Lorsung, Assistant City Administrator/Special Projects

Date: February 28, 2019

Subject: Resolution Awarding Cleaning Services

Quotes were accepted and opened on Wednesday, February 27, 2019 as advertised for cleaning services for City Hall, Police Department, Community Center floor waxing/carpet shampooing and window washing for City Hall, Police Department, Community Center and Liquor Store.

Cleaning Services

The following quote was/were received for cleaning services. (No other quotes were received.)

BIDDER	**Municipal Building & Police Department** (cleaning weekly)	**Community Center / Liquor Store** (ICC cleaning once quarterly)
Bill's Quality Cleaning	Cleaning: $ 446/mo - $ 5,352/yr Strip & Wax Floors: $ 100/time	Strip & Wax Floors - ICC: $ 200/time Shampoo Carpets - ICC $ 100/time Strip & Wax Floors – L.S. $300/time

The low quote received for all cleaning services for City Hall and the Police Department was received from Bill's Quality Cleaning at $ 446/mo or $ 5,352/yr and $ 100/per time for stripping and waxing tile at the Police Department. The low quote received for cleaning services for the Community Center was received from Bill's Quality Cleaning for $ 200/time for stripping and waxing the floor, and $ 100/time for carpet shampooing. We had also requested a quote for stripping and waxing the Liquor Store floor which was quoted at $300.00/time. The quote received for cleaning is in-line with the prior 2017 quote from the service vendor.

Combined with the Cleaning Services quote was window washing services. The window washing quote received was $ 1,500.00 for annual services for window washing services at City Hall, the Police Department, Community Center and Liquor Store. This is up 12.3% from the prior 2017 quote at $1,335/yr from the service vendor.

Council Action:

Staff recommendation: Award quote for cleaning services to Bill's Quality Cleaning for cleaning and window washing services for the Municipal Building, Police Department, Community Center and Liquor Store. Attached is a resolution for your consideration.

Everyone stood for the Pledge of Allegiance.

C. Roll Call.
Members Present: Jennifer Garvey, James Witte, Aaron Zdon, and Mayor Johnson
Staff Present: Katie Everett, Parks, Recreation, and Culture Manager

D. Agenda Modifications.
Zdon asked if there were any agenda modifications, there were none. Motion by Garvey, second by Witte to approve the agenda for the February 26, 2019 Parks, Recreation, and Culture Board Meeting.

2. Approval of Minutes from January 22, 2019 Parks, Recreation, and Culture Board Meeting

Motion by Witte second by Garvey. Minutes were unanimously approved.

3. 2019 Meeting Dates

Meeting dates for 2019 had been omitted from the January packet. Motion from Witte, second by Garvey to approve all meetings dates. Dates were unanimously approved.

4. Equipment for Cambridge-Isanti Bike/Walk Trail

Everett explained that the proposed is a pull-behind piece of equipment that can be used on the Cambridge-Isanti Bike/Walk Trail. The Cities of Cambridge and Isanti contribute to that fund, and there is plenty of money in it. Cambridge will store it and maintain it, and if there are other uses that we have in town, we can use it. Zdon asked for clarification that we will be able to use it; Everett stated yes, as other trail needs arise both communities will be able to use it. Zdon asked to make sure that is clear in the final verbiage. Garvey asked if it states the specifics about future maintenance and how that will be handled. Everett explained that Cambridge will maintain the equipment once it is purchased. The board discussed that there will be routine maintenance involved. Everett explained that she said it would be used especially for the pine needles on the north end and sand on our end. The process from here is if the Board gives the recommendation, that is brought to Council and then we give them the go ahead to purchase it. Witte asked if this is just to be used for that trail. Everett said no; it will be purchased for that, but it will be available for other trails if needed. Garvey made a motion to recommend Council approval of the purchase, Witte made a second; the motion passed.

5. Dog Park Update

Everett gave a recap of the Council discussion. She made the change to have a separate sign on the fence for the dog park and the rules near the parking lot. She provided the updated signs in the packet. The Dog Park Rules sign was clarified to say "dogs *formally* declared dangerous" because there had been some confusion about what a dangerous dog was.

She added that during the Council discussion, a Councilmember was concerned that area dog parks have a lot of issues with people cleaning up after their dogs, and really wanted it to be clear to people that it's a privilege to have the park and if it's not maintained that the City doesn't have to provide this. In Everett's experience with signs at parks, it's more effective to be encouraging than threatening to get people to do what you want. It can be most effective to build some community ownership of the dog park in other ways, but posting some signs might

also help. She provided some options for types of signs, and stated there are many versions already out there. The doggie bag dispenser option that we're including will come with a sign, and we could potentially post more inside the fence as well. Option 1 in the packet is a little more straightforward without being threatening, and Option 2 is more friendly and a reminder that it's a community park. Johnson stated that he would prefer to go about this in a more friendly manner as well; right away he liked number 2, and number 1 is a little stern but right to the point. Everett added that there's also something about people that when they are feeling threatened, they just want to do the opposite. Zdon stated that either option is okay, and he prefers number 1 because it is a little more direct. He also stated that these are not a huge investment, so we could even put a couple on each side if we needed. Johnson asked if there was any different in price. Everett said that the pre-made signs are all pretty comparable, they range from $20-40 each. Witte wondered if we could take Option 1's verbiage and Option 2's image. Zdon asked if we need to decide on a specific sign now since we have time. Everett said that we do not. She added that there is the line of thinking that if our approach is "if this doesn't get clean up, we're taking it away," then why spend that money in the first place? Public Works has recognized the additional maintenance time and staff are prepared to keep it open. Zdon stated that tons of cities do this and that isn't going to happen. Everett added that the whole Council voted to move it forward as well; Johnson confirmed. Zdon added that it is a valid concerned; Everett agreed and said that planning ways to head that off is a good thing to do.

Garvey asked if we have any of these clean up signs at any of the parks now. Zdon stated that there's one at the beginning of the bike/walk trail, but no bags. Garvey said she just wanted to make sure there was not something we were already using other places. She said that her opinion is that we do not need to put these signs everywhere. The have one way to enter and they'll see the sign there; if you put up too many signs, people stop reading signs. They're in a fenced in area and not going anywhere. Everett agreed that probably by the time people have passed the signs on the way in, they either are or they aren't going to pick up after their dogs. It might just be based more on whether there are other people there to watch them do it. Garvey added that it opens up an opportunity for some kind of adopt-a-park program. Everett stated that we do actually have a program, it just has sat idle for a long time and we don't currently have anyone participating. Garvey said this a prime opportunity for a group to be in charge of that, or maybe a business that wants to volunteer. Zdon asked if Everett could provide details at the next meeting about the Adopt-A-Park Program. Everett said that she can provide some general information now and then will bring it back. It's a basic agreement that they'll clean it up, she thinks three times per year. It would be worth looking at for possible updates. It's possible people thought there were too many requirements or something so they didn't go through with it.

Witte asked if the board needs to decide how many signs are going into the park now. Everett said from here she would like to get and idea of what their philosophy for addressing the issue is; if they have an idea of some options she can put together an idea of what that might look like too. Witte stated that he thinks two is enough. Johnson agreed that one on each side is too many. Everett stated that the dispensers she has seen typically have a sign and the dispenser itself also has some sort of reminder language on it. Many of those places also have separate signs without the dispensers if we just want something that matches. Zdon also stated that when we order the dispenser for the dog park we can talk about ordering more for other locations as well, because we might get a better price. Garvey agreed that she would like to order at least a few in case we need to replace them and have that option to put them in other places, if there is a price reduction. Johnson asked if we would want two of them at the dog park. Everett stated since the dispenser will go right at the entrance, it's probably not necessary to put one inside as well. She added that the rules sign does indicate that if for some reason that box is empty, people still need to clean up after themselves. She has also seen people at other dog parks that will bring extra plastic bags and leave them there for others to use, which is a great way to build that community ownership too. Garvey said that it might also be helpful to customize a sign with something directing people to call or email if the box is empty. Everett asked for clarification about whether the additional reminder signs are necessary with the dispenser and rules sign. Zdon said he thinks we should get a couple of reminder signs. Garvey stated that if we do get additional signs, it would make sense to put them right on the fence. The Board agreed. Everett asked for clarification if they would like to see another sign option that combines these options. Garvey added at that sign with color sign is current now, but in 10 years it will probably look outdated. Everett stated that by then, we will likely need to replace the signs anyway.

Everett added that otherwise the project is on hold until the snow melts; she has sent the plans to Bolton and Menk so they will be prepared to do a survey.

6. Parks Updates

Everett shared that community garden registrations continue to come in. Last year, we took out the table style raised beds because they were falling apart and no one reserved them. Someone has requested that option this year, so we are asking Public Works to build a new one for us. We have had requests for raised beds, so we will add the last two that we got through a grant. We will also add another row of plots this year. Before the garden opens, we will add all new mulch. It was all tilled under last year due to the weeds. We did some field tests on some organic herbicide options so hopefully we can stay on top of that better. That will open mid-May.

We have gotten some recommendations for types of trees that will work over at Unity. There are quite a few, so she will filter through them and make a recommendation about what might look nice and will be easy to take care of. The Spring Isantian and pocket calendars should be arriving very soon. They will come in a big envelope this time around. Movie attendance has been down. It sounded like there was something going on at the Middle School maybe, or some other community event at the same time. The next Movie Night is in March, we're showing The Emoji Movie and still need a volunteer group.

Farmers' Market vendor applications are starting to come back as well. Everett has checked in with most of last year's vendors and most are planning to come back. There are a few who won't be able to return this year for various reasons, but no one has said that they're not coming back because they're dissatisfied about anything. We can take applications all season as spaces are available. There is also a pre-season meeting that people can attend if they have questions about what they need to do to join.

Everett also has received applications from both ice cream vendors for the street dances and asked the board for their opinion about whether we should allow both in for this year. She said that we try not to duplicate products for sale, but there may be an argument that those are different things. Johnson said that he thought we could do both and put them on opposite ends. Zdon said it will affect both of their businesses some. Garvey asked if they know that each of them would be there. Everett stated that she has talked with The Parlor before, and the competition does not particularly bother them, but they would probably prefer to be the only one for the sake of their business. She does not think they will leave if we let the other one in. She has not yet spoken to Scoops about this yet. Garvey said that she thinks it is worth trying it on a trial basis for this year and let both know that we will want their feedback at the end of the year so we know for next year if we need to only let one in. Everett added that we are starting to book bigger bands as well, so we are hoping for bigger crows which should also help. Garvey also agreed that they are kind of different products. Zdon agreed to do the trial, but to let them both know, and if there is a problem that The Parlor has priority since they have been participating for so long. Garvey said that as long as everyone knows it's a trial basis and not a permanent decision that we should be okay going forward and will make a different decision next year if we need to. Garvey added that whoever got their information in first should maybe get their preference for where they want to be located. Everett stated that we can do that.

7. Adjournment

Motion by Witte, second by Johnson to adjourn the February 26, 2019 meeting of the Parks, Recreation, and Culture Board. Motion was approved.

H. Council Committee Reports

Mayor Johnson updated City Council that Park board would like to put up two signs and a trash receptacle at the entrance of the dog park. Councilmember Lorinser addressed that a sign that the dog park is a privilege and citizens must clean up after their dog should also be discussed at the park board meeting.

I. Public Hearings

None

J. Business Items

1. Interview Applicant for Vacant Economic Development Authority Board Seat and Vacant Planning Commission Board Seat

a. Resolution 2019-055 to Appoint Candidate to Fill Vacant Economic Development Authority Seat

Applicant Rod Barrows was interviewed by Mayor Johnson for the open Economic Development Authority seat. Mr. Barrows was asked questions specific to Economic Development Authority.
Motion by Bergley, second by Lundeen to approve and appoint the applicant to the seat. Motion passed 4-1 with Lorinser voting nay. Motion carried.

2. Deferred Assessment Discussion (Mayor Johnson)

City Council, George Hemen and City Attorney Clark Joslin discussed letters and documentation that was received regarding PID Deferred Assessment on PID 16.032.01200.
Motion by Bergley, second by Collison to abate the assessment from the February 19, 2019 City Council meeting and move forward with a reassessment procedure. Motion passed 5-0. Motion carried.

3. Snow Storage Discussion (Ross Lorinser)

Councilmember Lorinser shared that a resident had shared concern about snow storage and the lack of room left. City Administrator Wood shared that she has received phone calls from contractors and other businesses in the past questioning if the City has a site for snow storage. Mrs. Wood continued to share that this particular item had been brought to a previous committee and did not move forward. City Council continued to discuss this matter and potential places for storage and the cleanup that a snow storage site would entail.

City Administrator Josi Wood

4. Resolution 2019-056 New Information Regarding 1991 Deferred Assessment on PID 16.032.1200

City Administrator Josi Wood shared that this is the same item that was discussed and voted on previously in J.2.

5. Informational Letter to Residents with Abutting Sidewalks

City Administrator Wood shared that this is being brought back to Council. She continued to share that staff has worked to create an informational letter that included hydrant clearing because the City receives a fair number of calls regarding this as well. There are approximately 804 parcels/ properties that are abutting sidewalk. The estimated cost including paper, postage, envelopes and printing would be $638.94 to send to the 804 parcels. Administrator Wood said an alternative would be to send the information to get out to everyone potentially in the Isantian, newsletters and place on the website. Councilmember Collison questioned the cost of getting the information out in this manner and asked about the cost of going to a full-page utility bill to put the information on. Administrator Wood responded that Finance Director Betker would need to speak to that but her recollection was that the approximate estimation was $1,700.
Motion by Bergley, second by Collison to send out informational letter to residents. Motion passed 4-0. Motion carried.

6. Resolution 2019-057 Approving a Special Event Application for BMX 2019 Race for Life and DK Gold Cup Qualifier
Larry Merchlewitz shared that all the proceeds from Race for Life will be donated to leukemia and lymphoma to help find a cure. Larry continued to share that the Gold Cup Qualifier is a qualifying race with an approximation of 850 attendees and people traveling to Isanti from other states to try and qualify for the gold cup.
Motion by Bergley, second by Lorinser to approve Special Event Permit. Motion passed 4-0. Motion carried.

7. Resolution 2019-058 Providing Approval from City of Isanti to Purchase Blower for Cambridge-Isanti Bike/Walk Trail Maintenance
Motion by Collison, second by Bergley to approve resolution. Motion passed 4-0. Motion carried.

8. Resolution 2019-059 Authorizing Advertisements for Bids for the Refurbishment of the Bluebird Park Playground
City Administrator Josi Wood shared that this is to have the structure at Bluebird Park disassembled, stripped down, and re-powder coated. Administrator Wood continued to share that this is to revive the structure and is a less costly alternative to buying a brand-new structure.
Motion by Bergley, second by Collison to approve resolution. Motion passed 4-0. Motion carried.

9. Resolution 2019-060 Approving Pawnshop License Renewal to Northern Pawn, Inc.
On-Sale and Sunday Liquor License Renewals

- **a.** Resolution 2019-061 Approving a Liquor License Renewal for Junction Bowl and Whistle Stop Bar & Grill

- **d.** Resolution 2019-064 Approving a 3.2 Malt Liquor License for Patlok Design Inc. DBA Sanbrook Golf Course

Motion by Lorinser, second by Collison to approve license renewals. Motion passed 4-0. Motion carried.

10. Resolution 2019-065 Authorizing Staff to Obtain Proposals for Community Development Director Recruitment Search
City Administrator Josi Wood shared that the Economic Development Director position has been vacant since August 2018 and the Community Development Director position has been vacant since January 2019. Administrator Wood continued to share that it is on Council Agenda tonight to combine both positions with revised pay scale and revised job description. City staff will be posting the position again as the position was not successfully filled and getting proposals for a recruiting agency is an alternative option if the position were to go unsuccessfully filled again.
Motion by Lorinser, second by Bergley to approve resolution. Motion passed 4-0. Motion carried.

K. Approve Consent Agenda

1. Consider Accounts Payable in the Amount of $275,327.24 and Payroll in the Amount of $ 96,261.71

Request for City Council Action- MEMO

To: **Mayor Johnson and Members of City Council**

From: Katie Everett, Parks, Recreation, and Culture Manager

Date: March 19, 2019

Subject: Resolution Approving Revision to Rum River BMX Association Temporary Vendor Policy

---

Background:

Under the current lease agreement, Rum River BMX Association may allow temporary vendor use at the Isanti Indoor Arena:

> *13. Assignment or Subletting*
>
> *C. Tenant may have vendors present at special events as long as the use of the Premises by vendors does not affect the current bond status of the Premises. Each vendor may only be allowed use of the Premises for a total of 50 days prior to February 2, 2030. All vendors must be a charged a fair market price for use of the Premises.*

The Association has requested approval of changes to their Temporary Vendor Policy including the following:

- Temporary vendors may only conduct business at the Isanti Indoor Arena 8 days in a given calendar year.
- Rental rate changes for standard rentals from $100/hour or 10% to $150/day or 10% up to $300/day
- Rental rate changes for non-standard rentals from $64/hour or 10% to $75/day or 10% up to $300/day

City staff have received Bond Council response to the request. Briggs and Morgan Professional Association has advised that the 50-day rule must be adhered to, and vendor uses need to be tracked, reported, and reviewed on an annual basis. They also stated that the proposed change in rates does not appear to affect the status of the bond. The full response is attached for Council review.

Rum River BMX Association further revised the policy as attached to include:

- Temporary vendors may only conduct business at the Isanti Indoor Arena 8 days in a given calendar year, and a total of 50 days, prior to 2 February 2030.

Considering the above information, the changes to the Temporary Vendor Policy fall within the allowances of the lease. It should also be noted that the lease does require Rum River BMX Association to submit all financials to the City of Isanti by May 1 of each year.

Request:
It is requested that City Council approve the resolution to accept Rum River BMX Association's revised Temporary Vendor Policy.

MEMORANDUM

TO: Katie Everett

FROM: Daniel F. Burns

DATE: February 18, 2019

RE: **Rum River BMX—Temporary Vendor Policy Review**

I. Introduction

The City of Isanti (the "City"), in 2014, issued tax-exempt bonds (the "Bonds"), the proceeds of which were used to construct an indoor BMX track facility (the "Project"). The Project is leased to Rum River BMX Association (the "Lessee"), which is a 501(c)(3) organization. Therefore, the Bonds were issued as qualified 501(c)(3) private activity bonds which allows unlimited use of the facility by 501(c)(3) entities acting within their tax-exempt purposes. Tax-exempt qualified 501(c)(3) private activity bonds are treated as taxable private activity bonds if more than 5% of the facility is used by, and more than 5% of the payments on the bonds are derived from, any non-governmental entities other than the general public or non-profit 501(c)(3) entities. Bonds structured as qualified 501(c)(3) private activity bonds allow the City to be able to enter into contracts for use of the Project with non-profit 501(c)(3) sports associations, like the Lessee.

The Lessee wishes to make changes to its "Temporary Vendor Policy" (the "Policy") which provides guidelines for certain subleases and other arrangements with entities that are non-governmental and non-501(c)(3) entities. The Policy changes must be evaluated by the private use test to determine how such arrangements potentially impact the tax-exempt status of the Bonds.

II. Previous Advice Regarding Private Activity and Use

In a memorandum dated December 13, 2016, regarding the *City of Isanti – Private Use of BMX Facility* (the "Previous Memo"), Briggs and Morgan, P.A. advised the City that up to 5% of bond proceeds were allowed for private activity. However, the 2% of bond proceeds used for the costs of issuance had counted against the allowable 5% for private activity. Therefore, the City only had 3% of the proceeds of the Bonds remaining to allocate to the allowable private activity limit.

The Previous Memo explained that any special legal entitlement such as vending contracts for the right to provide food services or selling concessions at the Project would constitute private use, but that there were exceptions. Specifically, incidental use of a project that did not exceed

2.5% of the Bonds (e.g. vending machines), or contracts for services that are incidental to the primary function of the facility (e.g. janitorial service) are not treated as private use. Use of the facility by the general public and certain short-term uses by an entity engaged in a trade or business are also exceptions to the private business use restrictions.

Without having much information regarding incidental use or short-term use of the Project, we suggested that the Lessee is probably limited to relying on the 50-day arrangement exception regarding temporary vendors. An arrangement for the use of bond-financed property by a non-governmental/501(c)(3) person will be permitted for a period of up to 50 days, including renewal options, if the arrangement is negotiated on an arm's length basis, the compensation is at fair market value, and the property was not financed for the purpose of the providing the property to that non-governmental/501(c)(3) person. The 50 days is **an absolute limit, not a per-year limit.** If, for example, a particular vendor would be using the Project for 10 days a year, that means that after 5 years, the vendor would no longer be able to use the Project as proposed. Once a particular vendor has used the Project for a total of 50 days, any usage beyond that, which causes the total private use to exceed 3%, could jeopardize the tax-exempt status of the Bonds.

III. Proposed Policy Changes

A. Number of days permitted for a temporary vendor.

The Lessee proposes to make changes to the existing Policy. The first change would be to increase the total number of days a temporary vendor may conduct business on the Project, from no more than 50 days (based on our previous advice) prior to February 2, 2030 (the "Final Maturity Date" of the Bonds) to no more than 8 days per year. It is important to remember that the measurement period begins on the later of the issue date or the date the property is placed in service and ends on the earlier of the last day of the reasonably expected economic life of the facility or the last maturity date of any bond financing the property. There are 11 years remaining until the Final Maturity Date. Therefore, this change to the Policy would increase the potential number of days a temporary vendor uses the Project to 88 days before the Final Maturity Date (8 days per year multiplied by 11 years), which is outside the *50-day arrangement exception.*

However, these temporary vendor situations may fall within the *incidental use exception*, as long as **all incidental uses** do not exceed 2.5% of the proceeds of the Bonds. We do not have any information regarding how many vendors have actually used the space, or how often. We do know that the standard square footage to be used by an "Off-Track Vendor" is 100 square feet. In isolation, one standard "Off-Track Vendor" will probably not jeopardize the tax-exempt status of the Bonds, given that the Project is 75,000 square feet. However, incidental use is calculated in the aggregate. Therefore, the Lessee must monitor and annually review all incidental use, and other private use of the Project over the life of the Bonds.

Another exception that these temporary vendor situations may fall into is the *short-term use arrangements exception*. In order to qualify for the short-term use arrangements exception, the arrangement:

- cannot result in ownership;
- the term of the arrangement (including all renewal options) cannot be more than 100 days;
- the use would otherwise be "general public use" except that the Project is not available to nonbusiness members of the general public because generally applicable and uniformly applied rates are not available for such persons; and
- the financing is not for the principal purpose of providing the property to the nongovernmental person.

B. Change in rental rates.

The second proposed change is to the rental rates of "On-Track Vendors." Specifically, the "standard rental rate" would be changed from $100 per hour or 10% of sales, to $150 per day or 10% of sales, whichever is greater, up to a $300 daily cap. Similarly, the "non-standard rental rate" would be changed from $65 per hour or 10% of sales, to $75 per day or 10% of sales, whichever is greater, up to a $300 daily cap. This change does not appear to affect the tax-exempt status of the Bonds.

IV. Summary

Private use does not include use by the general public, incidental uses, contracts for maintenance services, or short-term use for special events. Any special legal entitlements such as contracts or leases are considered private use. The proposed Policy changes are more risky for purposes of falling within the 50-day arrangement exception. However, these temporary vendor situations could still fall into other exceptions. What is important to keep in mind is that the Policy alone does not determine private use, but how the Project is actually used. That is why any private use must be reviewed annually and monitored over the life of the tax-exempt bonds.

RESOLUTION NO. 2019-XXX

RESOLUTION APPROVING REVISION TO THE RUM RIVER BMX ASSOCIATION TEMPORARY VENDOR POLICY

WHEREAS, the Tenant, Rum River BMX Association, and the City of Isanti entered into a Lease Agreement dated as of October 27, 2014 (the "Lease"); and,

WHEREAS, the Tenant has requested approval of revisions to their Temporary Vendor Policy; and,

WHEREAS, temporary vendors are allowed with certain restrictions as detailed in the Lease Agreement, Section 13. Assignment or Subletting; and,

WHEREAS, the terms of the Temporary Vendor Policy fall within the terms of the Lease; and,

WHEREAS, any action taken by Rum River BMX Association that impacts the terms of the bond will result in the Association being responsible for payment of any resulting taxes and fees; and,

WHEREAS, Rum River BMX Association will be responsible for continuing to track and annually report vendor use and financials to the City of Isanti by May 1 as detailed in the Operating Policy (Exhibit D of the Lease Agreement),

NOW, THEREFORE, IT IS HEREBY RESOLVED by the City Council of the City of Isanti, Minnesota to approve Rum River BMX Association's revised Temporary Vendor Policy as attached to this resolution as 'Appendix I.'

This resolution was duly adopted by the Isanti City Council this 19th day of March, 2019.

Appendix I

Rum River BMX - Temporary Vendor Policy

- Scope
- Responsibilities of All Vendors
- Vendor Types
    - Off-Track Vendors
    - On-Track Vendors
        - Standard Rental
        - Non-Standard Rental

Scope

This policy covers all temporary vendors at the Isanti Indoor Arena. Not-for-profit rentals, such as BMX Race team rentals and private rentals, are not covered under this policy.

Responsibilities of All Vendors

All vendors are subject to the all Federal, State and Local laws. It is each vendor's responsibility to obtain and maintain any required licenses, insurances, and/or permits. Additionally, all vendors are responsible for the collection and payment of all applicable sales taxes. All vendors must be approved by both the Track Operator and The Rum River BMX Association Board. Temporary vendors may only conduct business at the Isanti Indoor Arena 8 days in a given calendar year, and a total of 50 days, prior to 2 February 2030. These are actual calendar days- *not events*. For example: an event running Saturday and Sunday would be considered two days. All vendors are responsible to leave the rented space in the same condition in which it was provided to them. The full cost of repair for any damages will be the sole responsibility of the vendor.

Vendor Types

For the purpose of this policy, there will be two types of vendors: **Off-Track** and **On-Track** vendors.

Off-Track Vendors

An Off-Track Vendor is defined as any vendor whose services *do not* require exclusive use of the facility, or interfere with the the operation of normal events. These Off-Track Vendors would most likely be supporting the primary event that at which they are vending.

A standard Off-Track Vendor will have a designated 10'x10' area within the Isanti Indoor Arena, in which they will be able to conduct their business. Any vendor requiring more space or other special consideration will incur a higher rental rate, to be agreed upon prior to the event. Rum River BMX Association will collect a fee of 10% of sales or $200 per day (whichever is greater) from any standard Off-Track Vendor. All Off-Track Vendors must also provide all necessary information to Rum River BMX Association for reporting as required by the City of Isanti.

On-Track Vendors

On-Track Vendors are defined as any vendor whose services *do* require exclusive use of the facility. Use of the facility by these On-Track Vendors would preclude use of the arena for other normally activities.

On-Track Vendors will have exclusive use of the Isanti Indoor Arena for the purpose of conducting their business, with the exception of:

- Registration Offices
- Concessions
- Maintenance areas
- Permanent vendor-maintained areas

During this time, representatives of Rum River BMX Association may be present, but will not interfere with the normal business operation of the On Track Vendor. On-Track Vendors are considered either standard or non-standard based on the time and duration of their rental of the facility.

Any On-Track Vendor offering coaching services must be currently certified as a USA BMX Coach, or be subject to additional fees for Rum River BMX to have a USA BMX Coach on site. These coaching requirements are spelled out in the USA BMX manual, and we must adhere to them.

Standard Rental

A standard rental is defined as use of the Isanti Indoor Arena for up to three hours during the four hours directly before or after any scheduled event. The rates for standard rental are 10% of sales or $150 per day (whichever is greater), up to a daily cap of $300.

Non-Standard Rental

A non-standard rental is use of the facility for for greater than four hours on any non-event day or other rental of the facility that is not defined as a standard rental. Non-standard rental rates are 10% of sales or $100 per day (whichever is greater), up to a daily cap of $300.

Subject: Resolution Revising the City of Isanti Rain Garden Incentive Program Policy

---

Background:
The City of Isanti adopted the Rain Garden Incentive Program on September 20, 2016. Due to the absence of participation in the program, staff have evaluated the steps of the program to simplify the process for property owners, while ensuring that projects receiving reimbursements will be beneficial to the City's stormwater management practices. The original, worksheet-style application may be deterring those who are otherwise interested. Under the proposed changes, property owners will now simply need to contact City staff with their interest in the program, and City staff (mainly the MS4 Tech) will make a site visit to determine eligibility in the process. The Isanti Soil and Water Conservation District is also willing to assist property owners with garden design and cost estimates.

Another proposed change to the program is to expand eligibility to include all property owners – the original language restricted the program to residential property owners. The value of rain gardens may be magnified in the more densely developed commercial/industrial areas, and this program may encourage those property owners to incorporate rain gardens as well.

There are no proposed changes to the reimbursement amounts. The program will continue to award reimbursements of 50% of actual project costs, up to $500. There are funds budgeted for this program again in 2019.

All revised program documents and the revised Rain Garden Incentive Program policy are attached for Council Review. If the program changes are approved as presented, City staff will make applications available at City Hall and on our website.

Request:
It is requested that City Council approve the changes to the Rain Garden Incentive Program.

RESOLUTION NO. 2019-XXX

RESOLUTION REVISING THE CITY OF ISANTI RAIN GARDEN INCENTIVE PROGRAM POLICY

WHEREAS, the Isanti City Council approved the Rain Garden Incentive Program Policy on September 20, 2016; and

WHEREAS, staff have made changes to the program in an effort to increase participation, including expanding eligibility to all property owners; and,

WHEREAS, staff recommend that the Rain Garden Incentive Program Policy is amended as attached as "Exhibit A"

NOW, THEREFORE, IT IS HEREBY RESOLVED by the City Council of the City of Isanti, Minnesota to amend the Rain Garden Incentive Program Policy as attached as "Exhibit A."

This resolution was duly adopted by the Isanti City Council this 19th day of March, 2019.

Rain Garden Incentive Program

Purpose

To encourage ~~resident~~ property owner involvement in stormwater management practices through implementation of ~~residential~~ rain gardens.

Policy

The City of Isanti Rain Garden Incentive Program encourages ~~residents~~ property owners to install rain gardens on their property and supplies resources and monetary assistance to help with the process.

Procedure for Awarding Incentives

The following procedure should be followed when applying to the Rain Garden Incentive Program:

- Interested residents may request an application from the City of Isanti or download it from the City's website.
- Applicants will need to evaluate their property and determine if a rain garden is appropriate, and whether they have the time and resources to commit to installing and maintaining the garden.
- Complete applications can be returned to City Hall, mailed to City of Isanti, PO Box 428, Isanti, MN 55040, or emailed to isantiparks@cityofisanti.us.
- Applications will be reviewed by city staff for completeness and compliance to all program guidelines.
- Incentives will be awarded on a first-come basis, and applicants will receive reimbursements upon completing installation of the rain garden and submitting all necessary paperwork and receipts.

Program Eligibility

All City of Isanti property owners are eligible to apply. Each parcel will be considered only once (multiple rain gardens may be installed on a parcel, but only one application should be submitted). Applicants must commit to maintaining the garden for 5 years and allow the City of Isanti to share rain garden site and related materials with the public.

Projects demonstrating adequate benefit to the City's stormwater management system will be accepted for the Rain Garden Incentive Program, and will be processed in the order they are received until annual funding runs out. Projects must meet a **minimum of 60 points** in the assessment below.

Stormwater Impact

1. Area of impervious surface drainage to be captured:

- ☐ <500 ft² +5 points
- ☐ 500-2,000 ft² +10 points
- ☐ >2,000 ft² +15 points

2. Proposed rain garden size*

- ☐ 100-200 ft² +5 points
- ☐ 201-300 ft² +10 points
- ☐ >300 ft² +15 points

*Multiply area in question on by the soil factor to determine the ideal garden size:
sandy soil x 0.2, loam x 0.3-0.35, clay x 0.4-0.45
For gardens larger than 300 ft², consider dividing into 2 or more gardens

3. Do any of the following apply to the area of the proposed project?

	No	Yes
☐ Does the street have storm drains?	+15 points	+5 points
☐ Are there storm ponds in the neighborhood?	+15 points	+5 points
☐ Obvious signs of stormwater runoff or erosion from the proposed project location?	0 points	+15 points
☐ Signs of stormwater runoff from other properties onto proposed project location?	0 points	+15 points
☐ Are there signs of drainage issues at the project location? (Ex: pooling/standing water)	0 points	+15 points

Total Stormwater Impact Points: _____

Habitat Benefit

4. Which of the following apply to the proposed plantings?

- ☐ All plants are native to central Minnesota *(Required)* +15 points
- ☐ >3 plant species will be planted +10 points
- ☐ At least one flowering species will bloom each season (spring, summer, fall) +10 points

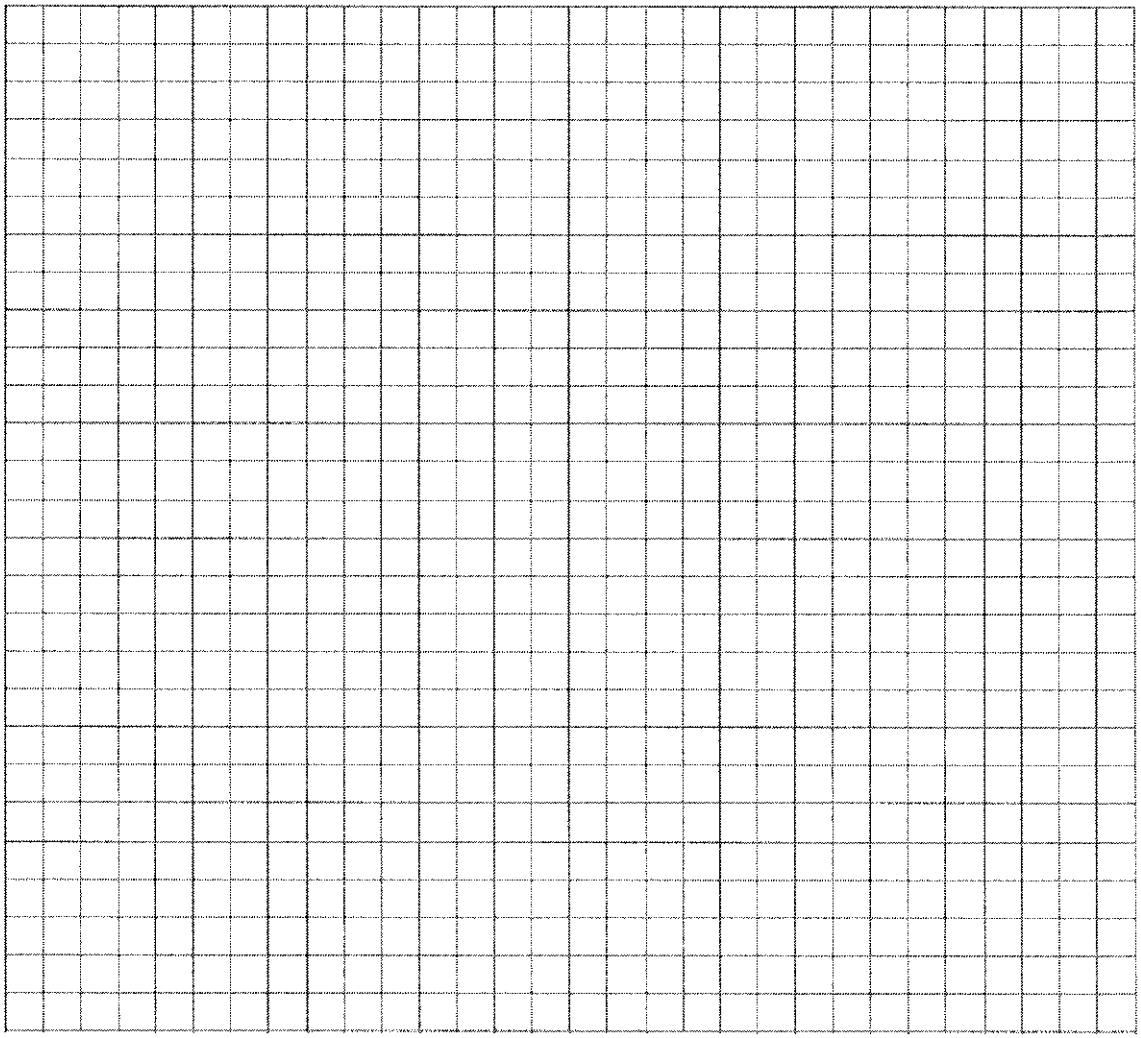
Project plans and cost estimates must be submitted for City reviewed before any work on the rain garden is initiated. The City of Isanti will inform you of the maximum reimbursement amount approved for your project. No reimbursements will be issued for costs incurred prior to this notification being sent.

Part 1

Sketch your property including buildings, driveways, sidewalks, street, gutters/downspouts, and the proposed location of the rain garden. Include total square footage of proposed rain garden. Rain gardens should be at least 10 ft away from all buildings, including those on neighboring property. Locations on steep slopes and above buried utility lines are not recommended. Recommended locations are existing low spots in the yard, places where water collects, and areas near downspouts.

Rear Property Line



Front Property Line

Use the following tables to estimate the total cost of installing your proposed rain garden. These tables are meant as a guide, and may not include every expense that is needed for every situation.

Estimate the number of plants you intend to purchase for your rain garden using the spacing guidelines below. Please include only native plant species or their cultivars that originate in Minnesota – special exception will be considered on a case-by-case basis. Consult Blue Thumb (www.blue-thumb.org) for a comprehensive list of rain garden plants. Feel free to attach additional pages for your plant estimates.

Spacing Guidelines	
Plugs	12"-15" spacing (therefore, ~100 plants/100 square feet of garden)
2"-4" pots	15"-18" spacing (therefore, ~56 plants/100 square feet of garden)
6"+ pots	Spacing depends on species
Shrubs	Spacing depends on species

Plant Species	Number of Plants	Price Each	Price Total

Plant Total = $ _____

My rain garden will be installed by (check one): _____Me _____A Contractor

Materials estimates: please estimate the materials costs using both tables below:

Material	Unit Costs	Size (ft^2)	Cost per ft^2	Multiplier	Total
Soil amendment, if needed (compost, sand, and peat moss mixture)	\$0.15 per ft^2 at a depth of 1 inch		\$	Depth of amendment in inches =	\$
Shredded hardwood mulch	\$0.25 per ft^2		\$	1.0	\$

Material Subtotal A = \$ _____

Method for Water to Enter the Garden (Check those that apply)	Materials and Amount (Give size and quantity)	Cost
Extended downspout		\$
Buried or overland pipe or drain tile		\$
Across lawn	N/A	\$
Dry creek (rock, no plastic liner)		\$
Stone or concrete spillway		\$
Other (list):		\$

Material Subtotal B = \$ _____

Total Materials (Subtotal A + Subtotal B) = \$ _____

Please add all materials totals to determine the total anticipated cost of your rain garden project. Reimbursements will be based on actual costs, as verified by receipts, not to exceed the amount confirmed through the application process.

Cost Totals	Total
Plants	\$
Materials	\$
Total Cost	**\$**

Please note: every rain garden is unique. You may encounter further expenses not included in these tables. Those may also be considered for reimbursement, but are subject to approval by city staff. Only expenses approved through this application process will be eligible for reimbursement upon project completion. Include any other expected expenses not included in these tables on the "Additional Information" page at the end of the application.

Additional Information:

If there are any further details about your rain garden project you wish to be considered in the review of your application, please list them here. Be specific:

MEMO

To: **Mayor Johnson and City Council Members**

From: Don Lorsung, Assistant City Administrator/Special Projects

Date: March 11, 2019

Subject: Resolution Awarding Fire Extinguisher Services

As per our regular Services contracts, quotes were requested for Fire Extinguisher services. Two quotes were received that include: servicing of city fire extinguishers, annual inspection of City fire extinguishers, and servicing of public fire extinguishers. The contract is for a 2 year time period that extends from April 1, 2019 to March 31, 2021.

Fire Extinguisher Services

One quote was from the current provider, Summit Companies and the other was from LVC Companies. LVC Companies provided what appears to be the lowest service cost quote, however, they are non-compliant in providing an acceptable quote. In reviewing this matter with LVC, their proposal does not meet the required minimum public service frequency of 2 stops monthly at City Hall to service public fire extinguishers. They also did not provide an acceptable reference for a local government unit where they service public extinguishers on a frequency or schedule that meets our minimum standards. The quote submitted from Summit Companies is compliant to the specifications.

Council Action:

Staff recommendation: After a review of the quotes received, staff is recommending accepting the quote from Summit Companies for fire extinguisher services for the next contract period. Attached is a resolution for your consideration.

Subject: Resolution Approving Use of Isanti Community Garden by Isanti County Master Gardeners

---

Background

One of the goals for the Isanti Community Garden is to provide space for educational programming that will benefit the community; to support this goal, the City of Isanti has offered open space in the garden for groups that have committed to maintaining the garden for the whole season, and has waived garden rental fees for such use.

The Isanti County Master Gardeners have planned a Community Education course that will classroom sessions and planting sessions. Participants will pay a fee for the class which will go toward Community Education and program supplies. There is still space reserved for educational programs in the northeast section of the community garden.

Staff Request

City staff is requesting that Council approve the Isanti County Master Gardeners' use of the Isanti Community Garden and to waive the reservation fees for the 2019 garden season.

6th Annual MMBA "Help Our Local Animals" Supplies Drive

In an effort to help members Promote the Community Value of their Municipal Liquor Operation, MMBA, in partnership with Miller Lite, is coordinating the *Sixth Annual Municipal "Help Our Local Animals" Supplies Drive* **benefiting your local animal shelter or other related animal cause.**

This is an effort to support animals in need. We'll be raising both supplies and funds. You in turn will donate everything to the local animal program of your choice.

Participating individual cities will be randomly drawn to win one of ten $200 donations to your local animal shelter from MillerCoors and MMBA.

So, everyone has a chance to win!

Here are additional details:

- The Supplies Drive will run from April 1 – April 30, 2019.
- Each participating MMBA member will collect money and / or pet supplies (food, blankets, leashes, kennels, etc) for donation to your local shelter or animal cause of choice. Please reach out to your local animal causes and discuss items of need and anything they can do to help publicize this event
- At the end of the event (May 1), please take the collected supplies and cash to the recipient. (Contact the MMBA office if you need assistance locating your local cause.)

- Miller Lite POS to help Support the event

    - Signage from your Miller Distributor - One 3x5 banner - One 1x2 foot sign – Please contact them and discuss the info you would like on your custom sign.

    - 100 donation cards (with scannable UPC) will be created and provided by your Miller Lite distributor.

    - Bucket for collection of cash if you do not want to scan

    - Additional signage and donation cards can be obtained by contacting your Miller Lite Distributor. Get creative!

    - Materials will arrive the end of March.

Here are some successful ideas to promote the event:

- ✓ Product discount for those donating supplies
- ✓ Stapling a flyer to carry-out bags
- ✓ Photo's of animals from your local shelter / cause that need adoption or help
- ✓ Displaying the donated supplies in the front of the store to catch customer eyes
- ✓ Reference or total focus in advertising mediums
- ✓ Miller Lite wholesaler could build a platform of Miller Lite cases for the supplies to display on, or a wall of cases around an area where donations will be placed.
- ✓ Local newspaper story
- ✓ Collect contributions by participating in other community events

Any and all additional display/feature consideration for Miller Lite is greatly appreciated!

If you would like to participate in this event, contact the MMBA Office at:

Phone: 763-572-0222 or 866-938-3925
Email: kaspszak@visi.com

If you have questions about POS, please address with your local Miller Distributor.

If you have any issues contacting your local distributor, please contact Jon Chance

Phone: 612-718-6862

Subject: Consider Resolution Extending Dell Server Support Warranty

---

Background:
The current warranty for the Dell Hyper-V Server expires in April of 2019. Extending the warranty guarantees that Dell will maintain stock of replacement parts and have them available if needed, within 4 hours. Without this warranty, replacement parts will become increasingly difficult to procure the further into the future we go and may take weeks to acquire if the parts are found thru a 3rd party vendor. The server is reasonably expected to maintain useful service for at least the remaining 4 years of an extended warranty. Funding would come from Technology fund 614.

Request:
Consider resolution approving 4 year renewal of support warranty

H. Council Committee Reports

Councilmember Lorinser shared that he had received a call from a resident that had a fire and received a bill from the Fire District. City Council further discussed this matter.

I. Public Hearings

None

J. Business Items

1. Lexipol Discussion *(Jeff Johnson)*

Lieutenant Muyres shared that Lexipol is a service that provides policy procedure that is updated. He further shared that it is a policy manual as a whole with daily training for every policy. Councilmember Lorinser questioned Lieutenant Muyres on his opinion of Lexipol. Lieutenant Muyres stated he has worked under Lexipol and it is slightly time consuming but it gives officers the guidelines of what should and should not be done. Councilmember Lorinser stated he works under Lexipol in his personal career and it is to protect the administration and not the officers and that it is very clear in their guidelines that it is to protect the administration from lawsuits. Councilmember Lorinser further suggested poling officers individually to see if Lexipol is something they would want.
Motion by Mayor Johnson to table discussion and bring back to a future City Council meeting for further review, seconded by Bergley.

2. Parking on West Side of Dahlin Avenue NE *(Jeff Johnson)*

Mayor Johnson shared that he has had a numerous number of phone calls in regards to Dahlin street that if a snow plow, fire truck, ambulance, etc. tries to get through it is difficult because people are parking on both sides of the street. Mayor Johnson further shared that this location is by Federated Co-Op and Rendezvous Coffee shop. Mayor Johnson suggested no parking on Federated Co-Ops side of the road. Councilmember Bergley questioned if this pertained just to Winter months. Mayor Johnson stated he would like to see it year-round because he is still worried about the fire truck needing to pass through.
Motion to table to further review impact with nearby businesses.

3. Resolution 2019-076 Continued Discussion of Employee Options

Motion by Mayor Johnson to allow Labor Attorney Susan Hansen to continue to discuss and negotiate employee options with employee's attorney, second by Bergley. Councilmember Lorinser questioned what Chief Hill has been doing since he has been reinstated. City Administrator Josi Wood stated that Gene Hill is on paid administrative leave at this time as it was not concluded as to what Gene Hill was demoted to. Motion passed 5-0. Motion carried.

City Administrator Josi Wood

4. Resolution 2019-077 Approving Revision to Rum River BMX Association Temporary Vendor Policy

City Administrator Josi Wood shared that this is an annual review and the Rum River BMX Association would like to add in additional language into their temporary vendor policy of adding 8 days in a calendar year.
Motion by Lundeen, second by Bergley to approve resolution as presented. Motion passed 5-0. Motion carried.

5. Resolution 2019-078 Revising the City of Isanti Rain Garden Incentive Program Policy

City Administrator shared that this is an awesome incentive program and that to make it less restrictive revisions have been made to include property owners not just residents because it has been recognized that there may be businesses that may also want to partake in the great opportunity. Wood further shared that it

has also been provided project assessment to help staff aid business owners who want more information about getting involved with this incentive program.
Motion by Lundeen, second by Collison to approve the resolution as presented. Motion passed 5-0. Motion carried.

6. Resolution 2019- 079 Discontinuing Interim Chief
City Administrator Josi Wood shared Lieutenant Muyres has within his job description acting Chief in his/her absence. At this time staff has recommended to discontinue interim Chief duties with Officer Dusten Noreen and appoint Lieutenant Muyres as acting chief as it is lined out in his job description. City Council applauded Dusten Noreen for the time he did under a difficult situation.
Motion by Lundeen, second by Collison to approve resolution as presented. Motion passed 5-0. Motion carried.

Assistant City Engineer Jason Cook
7. Resolution 2019-080 Storm System Maintenance Award Recommendation
Assistant City Engineer Jason Cook shared that this is a rebid of the previous two years of a Storm Maintenance along with the 2019 work. Jason Cook further shared that it is the three years grouped together and was bided earlier in the season than in the past. Jason Cook stated that only two bids were received. However, they are favorable with the lowest bid $72,000 below budget with staff recommendation of awarding the project to Dirtworks, Inc in the amount of $216,094.00.
Motion by Bergley, second by Lorinser to approve resolution as presented. Motion passed 5-0. Motion carried.

8. Resolution 2019-081 Pavement Management Project Award Recommendation
Assistant City Engineer Jason Cook shared that this is for the program 2019 Pavement Maintenance work that is part of the Capital Improvement Plan where two bids were received with the low bid being over $25,000 below budget with staff recommendation to award the project to AZTECH Corp in the amount of $221,862.86.
Motion by Lundeen, second by Lorinser to approve resolution as presented. Motion passed 5-0. Motion carried.

9. Resolution 2019-082 Authorizing the Purchase of Squad Camera and Body Camera Equipment
City Administrator Josi Wood shared that this is for the squad camera and body camera equipment update. Wood continued to share that this item was discussed at Committee of the Whole meeting prior to City Council meeting. The funding for this would be funding 920 with the amount not to exceed $65,000 total.
Motion by Lundeen, second by Lorinser to approve as presented. Motion passed 5-0. Motion carried.

2. Approval of Minutes from February 19, 2019 Planning Commission Meeting.

Motion by Collison, second by Bergley to approve the February 19, 2019 Planning Commission Meeting Minutes. Motion was approved 6-0.

3. Public Hearings

A. Request from Dollar General, Inc. for approval of a Site Plan Review per Ordinance 445, Section 18, Subd. 2(A) for construction of a general retail establishment on PID 16.029.0900

Chairman Johnson opened the public hearing at 8:12 p.m. Kernosky presented the staff report, commenting that this is a permitted use and that the project meets requirements. He discussed the flexible design standards (regarding the 15% building size requirement),a modified landscaping plan to add more buffer on the west property line and moving the loading doors, which are covered in the conditions prepared by staff. George Hemen, 323 Palomino Rd SE, presented a statement and concerns that the project was against City growth strategy and would cause economic distress. Other concerns regarded the building size in relation to the lot size, outdoor lighting concerns, and street and Hwy 65 traffic. Dollar General representative Brian Bass, BJ Baas Builders, reviewed the project, orientation of the building and traffic access. He shared that they have built a number of stores for Dollar General. With no further public input, the public hearing was closed at 8:17 p.m.

The Commission reviewed the request. Questions were asked concerning the location of the parking area, signage and possibility of other development on the lot. Kernosky shared that Dollar General required that no other retail development could be built on the lot for 20 years. Lorinser discussed that the lot area was designed for a strip mall or additional commercial use and that the Overlay District was to allow flexible building standards that would increase use and tax value of City commercial property on Hwy 65. Discussion of development of the lot continued. Kernosky shared that the lot could be subdivided to allow for additional use and that was shared with the developer. Simon asked about development of the north lot and asked if this project was approved, would it apply to other lots. Kernosky shared that no, each development is reviewed on its own merits. Discussion by the Commission continued.

A motion was made by Lorinser to approve the project to meet the 15 % building size with a lot split and conditions as recommended by staff. The motion was not seconded.

There was further discussion on options/next steps.

Motion by Lorinser, seconded by Bergley, to table the request and have staff advise the applicant that they need to meet the 15% building size to lot size requirement. Motion passed 6-0.

CITY OF ISANTI
PARKS, RECREATION, AND CULTURE BOARD
MEETING MINUTES
February 26, 2019
City Council Chambers

1. Meeting Opening.

A. Call to Order.
Zdon called the meeting to order at 6:00 p.m.

B. Pledge of Allegiance.
Everyone stood for the Pledge of Allegiance.

C. Roll Call.
Members Present: Jennifer Garvey, James Witte, Aaron Zdon, and Mayor Johnson
Staff Present: Katie Everett, Parks, Recreation, and Culture Manager

D. Agenda Modifications.
Zdon asked if there were any agenda modifications, there were none. Motion by Garvey, second by Witte to approve the agenda for the February 26, 2019 Parks, Recreation, and Culture Board Meeting.

2. Approval of Minutes from January 22, 2019 Parks, Recreation, and Culture Board Meeting

Motion by Witte second by Garvey. Minutes were unanimously approved.

3. 2019 Meeting Dates

Meeting dates for 2019 had been omitted from the January packet. Motion from Witte, second by Garvey to approve all meetings dates. Dates were unanimously approved.

4. Equipment for Cambridge-Isanti Bike/Walk Trail

Everett explained that the proposed is a pull-behind piece of equipment that can be used on the Cambridge-Isanti Bike/Walk Trail. The Cities of Cambridge and Isanti contribute to that fund, and there is plenty of money in it. Cambridge will store it and maintain it, and if there are other uses that we have in town, we can use it. Zdon asked for clarification that we will be able to use it; Everett stated yes, as other trail needs arise both communities will be able to use it. Zdon asked to make sure that is clear in the final verbiage. Garvey asked if it states the specifics about future maintenance and how that will be handled. Everett explained that Cambridge will maintain the equipment once it is purchased. The board discussed that there will be routine maintenance involved. Everett explained that she said it would be used especially for the pine needles on the north end and sand on our end. The process from here is if the Board gives the recommendation, that is brought to Council and then we give them the go ahead to purchase it. Witte asked if this is just to be used for that trail. Everett said no; it will be purchased for that, but it will be available for other trails if needed. Garvey made a motion to recommend Council approval of the purchase, Witte made a second; the motion passed.

5. Dog Park Update

Everett gave a recap of the Council discussion. She made the change to have a separate sign on the fence for the dog park and the rules near the parking lot. She provided the updated signs in the packet. The Dog Park Rules sign was clarified to say "dogs *formally* declared dangerous" because there had been some confusion about what a dangerous dog was.

She added that during the Council discussion, a Councilmember was concerned that area dog parks have a lot of issues with people cleaning up after their dogs, and really wanted it to be clear to people that it's a privilege to have the park and if it's not maintained that the City doesn't have to provide this. In Everett's experience with signs at parks, it's more effective to be encouraging than threatening to get people to do what you want. It can be most effective to build some community ownership of the dog park in other ways, but posting some signs might

also help. She provided some options for types of signs, and stated there are many versions already out there. The doggie bag dispenser option that we're including will come with a sign, and we could potentially post more inside the fence as well. Option 1 in the packet is a little more straightforward without being threatening, and Option 2 is more friendly and a reminder that it's a community park. Johnson stated that he would prefer to go about this in a more friendly manner as well; right away he liked number 2, and number 1 is a little stern but right to the point. Everett added that there's also something about people that when they are feeling threatened, they just want to do the opposite. Zdon stated that either option is okay, and he prefers number 1 because it is a little more direct. He also stated that these are not a huge investment, so we could even put a couple on each side if we needed. Johnson asked if there was any different in price. Everett said that the pre-made signs are all pretty comparable, they range from $20-40 each. Witte wondered if we could take Option 1's verbiage and Option 2's image. Zdon asked if we need to decide on a specific sign now since we have time. Everett said that we do not. She added that there is the line of thinking that if our approach is "if this doesn't get clean up, we're taking it away," then why spend that money in the first place? Public Works has recognized the additional maintenance time and staff are prepared to keep it open. Zdon stated that tons of cities do this and that isn't going to happen. Everett added that the whole Council voted to move it forward as well; Johnson confirmed. Zdon added that it is a valid concerned; Everett agreed and said that planning ways to head that off is a good thing to do.

Garvey asked if we have any of these clean up signs at any of the parks now. Zdon stated that there's one at the beginning of the bike/walk trail, but no bags. Garvey said she just wanted to make sure there was not something we were already using other places. She said that her opinion is that we do not need to put these signs everywhere. The have one way to enter and they'll see the sign there; if you put up too many signs, people stop reading signs. They're in a fenced in area and not going anywhere. Everett agreed that probably by the time people have passed the signs on the way in, they either are or they aren't going to pick up after their dogs. It might just be based more on whether there are other people there to watch them do it. Garvey added that it opens up an opportunity for some kind of adopt-a-park program. Everett stated that we do actually have a program, it just has sat idle for a long time and we don't currently have anyone participating. Garvey said this a prime opportunity for a group to be in charge of that, or maybe a business that wants to volunteer. Zdon asked if Everett could provide details at the next meeting about the Adopt-A-Park Program. Everett said that she can provide some general information now and then will bring it back. It's a basic agreement that they'll clean it up, she thinks three times per year. It would be worth looking at for possible updates. It's possible people thought there were too many requirements or something so they didn't go through with it.

Witte asked if the board needs to decide how many signs are going into the park now. Everett said from here she would like to get and idea of what their philosophy for addressing the issue is; if they have an idea of some options she can put together an idea of what that might look like too. Witte stated that he thinks two is enough. Johnson agreed that one on each side is too many. Everett stated that the dispensers she has seen typically have a sign and the dispenser itself also has some sort of reminder language on it. Many of those places also have separate signs without the dispensers if we just want something that matches. Zdon also stated that when we order the dispenser for the dog park we can talk about ordering more for other locations as well, because we might get a better price. Garvey agreed that she would like to order at least a few in case we need to replace them and have that option to put them in other places, if there is a price reduction. Johnson asked if we would want two of them at the dog park. Everett stated since the dispenser will go right at the entrance, it's probably not necessary to put one inside as well. She added that the rules sign does indicate that if for some reason that box is empty, people still need to clean up after themselves. She has also seen people at other dog parks that will bring extra plastic bags and leave them there for others to use, which is a great way to build that community ownership too. Garvey said that it might also be helpful to customize a sign with something directing people to call or email if the box is empty. Everett asked for clarification about whether the additional reminder signs are necessary with the dispenser and rules sign. Zdon said he thinks we should get a couple of reminder signs. Garvey stated that if we do get additional signs, it would make sense to put them right on the fence. The Board agreed. Everett asked for clarification if they would like to see another sign option that combines these options. Garvey added at that sign with color sign is current now, but in 10 years it will probably look outdated. Everett stated that by then, we will likely need to replace the signs anyway.

Everett added that otherwise the project is on hold until the snow melts; she has sent the plans to Bolton and Menk so they will be prepared to do a survey.

6. Parks Updates

Everett shared that community garden registrations continue to come in. Last year, we took out the table style raised beds because they were falling apart and no one reserved them. Someone has requested that option this year, so we are asking Public Works to build a new one for us. We have had requests for raised beds, so we will add the last two that we got through a grant. We will also add another row of plots this year. Before the garden opens, we will add all new mulch. It was all tilled under last year due to the weeds. We did some field tests on some organic herbicide options so hopefully we can stay on top of that better. That will open mid-May.

We have gotten some recommendations for types of trees that will work over at Unity. There are quite a few, so she will filter through them and make a recommendation about what might look nice and will be easy to take care of. The Spring Isantian and pocket calendars should be arriving very soon. They will come in a big envelope this time around. Movie attendance has been down. It sounded like there was something going on at the Middle School maybe, or some other community event at the same time. The next Movie Night is in March, we're showing The Emoji Movie and still need a volunteer group.

Farmers' Market vendor applications are starting to come back as well. Everett has checked in with most of last year's vendors and most are planning to come back. There are a few who won't be able to return this year for various reasons, but no one has said that they're not coming back because they're dissatisfied about anything. We can take applications all season as spaces are available. There is also a pre-season meeting that people can attend if they have questions about what they need to do to join.

Everett also has received applications from both ice cream vendors for the street dances and asked the board for their opinion about whether we should allow both in for this year. She said that we try not to duplicate products for sale, but there may be an argument that those are different things. Johnson said that he thought we could do both and put them on opposite ends. Zdon said it will affect both of their businesses some. Garvey asked if they know that each of them would be there. Everett stated that she has talked with The Parlor before, and the competition does not particularly bother them, but they would probably prefer to be the only one for the sake of their business. She does not think they will leave if we let the other one in. She has not yet spoken to Scoops about this yet. Garvey said that she thinks it is worth trying it on a trial basis for this year and let both know that we will want their feedback at the end of the year so we know for next year if we need to only let one in. Everett added that we are starting to book bigger bands as well, so we are hoping for bigger crows which should also help. Garvey also agreed that they are kind of different products. Zdon agreed to do the trial, but to let them both know, and if there is a problem that The Parlor has priority since they have been participating for so long. Garvey said that as long as everyone knows it's a trial basis and not a permanent decision that we should be okay going forward and will make a different decision next year if we need to. Garvey added that whoever got their information in first should maybe get their preference for where they want to be located. Everett stated that we can do that.

Memo for City Council

To: **Mayor Johnson and Members of the City Council**
From: Josi Wood, City Administrator
Date: April 2, 2019
Subject: Continued Discussion on Dahlin Ave – No Parking on One Side of Street

---

Per Council direction given on 3/19/2019, Staff reached out to three businesses along Dahlin Ave: Rendezvous Coffee, Federated Coop, and New Hope Church.

- One business was "all in favor" of no parking on the West side of Dahlin Ave for mobility of vehicles. They feel it is too tight.
- One business has the following concerns:
    - Why wasn't this issue addressed in the past when curb and gutter were added in (approx. 2004).
    - Asked if there were complaints or problems that have occurred. If this is to be pre-emptive, all streets in the city with the same width should also be signed no parking on one side.
    - The county uses Dahlin as an alternate route.
        - Staff inquired on this and Dahlin is not controlled by the County, however, the County did ask permission to route a detour down Dahlin street in the past.
- One business would be in favor of limiting parking to one side, however, only to post no parking on the West side.

Thoughts from Al Jankovich, Fire Chief:

- New roads, per Fire Code, should be 26' to allow for maneuverability.
    - Dahlin is 34' Back-Back of curb
- There are often times when Dahlin only has one-way traffic.

MEMO

To: **Mayor Johnson and Members of the City Council**
From: Katie Brooks, Human Resources / City Clerk
Date: April 2, 2019
Subject: LEXIPOL Discussion

Per direction from the City Council, Human Resource, Brooks, was directed to ask all IPD Officers their opinion about utilizing LEXIPOL for policy updating.

Findings:
The consensus was not heavily weighted in one direction as some officers currently use LEXIPOL at other jobs, and other officers have never used the program. Officers are aware that IPD policies need updating.

Many officers felt the decision to purchase LEXIPOL should be determined when Isanti hires a new Chief, as the Chief will likely be the administrator to the program to tailor polices to fit with IPD.

LEXIPOL	Numbers of Officers
Yes	8
No	3
Unsure	4

Comments of concern:

- Purchase price is expensive
- Excessive time spent on daily/monthly training modules in conjunction with current trainings
- Doing trainings that are duplicate from other agencies who already use Lexipol
- Hearing other agencies having problems with LEXIPOL
- Some counties have 600-800 pages of polices

Comments in favor:

- Consistent with the other Counties as most use LEXIPOL
- Abel to be modified so the content is not as cumbersome as larger agencies, less pages and counties
- Easy to use, can complete trainings quickly
- Probably cheaper than paying attorneys to update policy manual
- Quick access to look up polices that fit the IPD department

MEMO

To: **Mayor Johnson and Members of the City Council**
From: Katie Brooks, Human Resources / City Clerk
Date: April 2, 2019
Subject: Draft Policy for Video Recording City Council Meetings- Continued

Beginning January 15, 2019 all regularly scheduled City Council meetings have been video recorded and put on to YouTube for viewing as discussed in 2018 in personnel committee. However, no formal policy or resolution was adopted on this subject.

Currently, the day following each City Council meeting staff have to crop and/or edit the meeting from starting the recording too early or ending it too late -as staff does not sit next to the iPad. Editing the video and trying to upload the videos (which consistently fail) the process takes typically 3-4 hours depending on the length of the video and how well YouTube wants to cooperate. The conversion of audio uploads to the website and typing minutes takes an additional 3-5 hours a week, not including other meetings outside of regular city Council meetings.

State Statute requires minutes to be written after meetings as official record. The City has gone above the requirements by having secondary transparency options to post the minutes and audio on our website, and video record regular City Council meetings on YouTube.

After City Council meetings take place the process can ultimately take 6-9 hours of processing just the audio, video and typing minutes. It is staff's recommendation to only video record regular city council meetings as most other cities currently practice.

Draft Policy:
The City of Isanti will video record all regularly scheduled City Council meetings and upload to YouTube at the earliest convenience. All other meetings will have minutes or minutes and audio recordings for meetings.

Subject: A Resolution Approving a Special Event Permit Application for the Walk for Life Event

---

Background

The City received a special event application from the Pregnancy Resource Center/Lex Specialty Clinic looking to host a Walk for Life event on Saturday, May 18, 2019. The event is scheduled from 9:00 am – noon and is open to the public. The event will include a 2-mile walk on the Cambridge-Isanti Bike/Walk Trail with registration at the Bluebird Park pavilion. The event is a fundraiser; participants raise pledges prior to the event. Event organizers will clean-up after the event is completed. The applicant will submit the $100 clean up deposit and Certificate of Liability Insurance. Parking for the event is expected to be contained within the Bluebird Park lots; the portable bathrooms typically at Bluebird Park and the public restrooms on the south end of the Isanti Indoor Arena should be sufficient for this event.

The Bluebird Park shelter reservation form has also been submitted for this event. An additional Special Event Temporary Sign Permit will need to be filed if any signs will be posted for the event.

A copy of the application and department approval has been attached for City Council review.

-EVENT SPONSOR-
RELEASE AND INDEMNIFICATION AGREEMENT

City of Isanti

THIS IS A RELEASE OF LIABILITY INDEMNIFICATION AGREEMENT. SPECIAL EVENTS HOLDER MUST READ CAREFULLY BEFORE SIGNING.

In consideration for being permitted to engage in the following special event activities on property owned by the City of Isanti:
The Pregnancy Resource Center 2019 Walk for Life. A 2 mile walk through Bluebird park & down the street. This is a family fundraising event and we expect around 75 [tops] participants. This will be followed by a small grillout with the remaining participants.

Special Events Holder hereby acknowledges, represents, and agrees as follows:

A. We understand that the above described activities are or may be dangerous and do or may involve risks of injury, loss, or damage to us and/or third parties. We further acknowledge that such risks may include but not be limited to bodily injury, personal injury, sickness, disease, death, and property loss or damage, arising from the following circumstances, among others:
We will be walking as a group, adults and children, down the sidewalk.

(Special Events Holder Initials Here) KLL

B. If required by this paragraph, we agree to require each participant to our special event to execute a **RELEASE AND INDEMNIFICATION AGREEMENT** for ourselves and for the City of Isanti, on a form approved by the City of Isanti.

Participant Release and Indemnification required? YES ☑ NO ☐

(Special Events Holder Initials Here) KLL

C. We agree to procure, keep in force, and pay for special event insurance coverage, from an insurer acceptable to the City of Isanti, for the duration of the above described activities.

(Special Events Holder Initials Here) KLL

D. By signing this **RELEASE AND INDEMNIFICATION AGREEMENT,** we hereby expressly assume all such risks of injury, loss, or damage to us or any related third party, arising out of or in any way related to the above described activities,

whether or not caused by the act, omission, negligence, or other fault of the City of Isanti, its officers, its employees, or by any other cause.

(Special Event Holder Initials Here) KLL

E. By signing this **RELEASE AND INDEMNIFICATION AGREEMENT,** we further hereby exempt, release and discharge the City of Isanti, its officers, and its employees from any and all claims, demands, and actions for such injury, loss or damage to us or to any third party, arising out of or in any way related to the above described activities, whether or not caused by the act, omission, negligence, or other fault of the City of Isanti, its officers, its employees, or by any other cause.

(Special Event Holder Initials Here) KLL

F. We further agree to defend, indemnify and hold harmless the City of Isanti, its officers, employees, insurers, and self insurance pool, from and against all liability, claims, and demands, court costs and attorney fees, including those arising from any third party claim asserted against the City of Isanti, its officers, employees, insurers or self insurance pool, on account of injury, loss or damage, including without limitation claims arising from bodily injury, personal injury, sickness, disease, death, property damage or loss, or any other loss of any kind whatsoever, which arise out of or are in any way related to the above described activities, whether or not caused by our act, omission, negligence, or other fault of the City of Isanti, its officers, its employees, or by any other cause.

(Special Event Holder Initials Here) KLL

G. By signing this **RELEASE AND INDEMNIFICATION AGREEMENT,** we hereby acknowledge and agree that said Agreement extends to all acts omissions, negligence, or other fault of the City of Isanti, its officers, and/or its employees, and that said Agreement is intended to be as broad and inclusive as is permitted by the laws of the State of Minnesota. If any portion thereof is held invalid, it is further agreed that the balance shall, notwithstanding, continue in full legal force and effect.

(Special Event Holder Initials Here) KLL

H. We understand and agree that this **RELEASE AND INDEMNIFICATION AGREEMENT** shall be governed by the laws of the State of Minnesota and that jurisdiction and venue for any suit or cause of action under this agreement shall lie in the courts.

(Special Event Holder Initials Here) KLL

I. This **RELEASE AND INDEMNIFICATION AGREEMENT** shall be effective as of the date or dates of the applicable special event, shall continue in full force until our responsibilities hereunder are fully discharged, and shall be binding upon us, or successors, representatives, heirs, executors, assigns, and transferees.

(Special Event Holder Initials Here) KLL

IN WITNESS THEREOF, THIS RELEASE AND INDEMNIFICATION AGREEMENT is executed by the special event holder, acting by and through the undersigned, who represents that he or she is property authorized to bind the Special Events Holder hereto.

MEMORANDUM

Date: March 6, 2019

To: Honorable Mayor Johnson and Members of the City Council

From: Bradley C. DeWolf, P.E., City Engineer

Jason W. Cook, P.E., Assistant City Engineer

Subject: 2019 Annex Service Feasibility Fee Proposal
City of Isanti, MN

Bolton & Menk, Inc. is pleased to present this proposal to provide engineering services to evaluate the feasibility of providing sewer and water service to the 17 annexed parcels designated as having immediate access to a service.

It is our understanding the scope of work to be completed for the 2019 Annexed Service Feasibility Report is as follows:

- Determine the feasibility of providing service stubs to the 17 annexed properties that were designated as having immediate access to either sanitary sewer service or water service.
- Create an Opinion of Probable Cost to extend each service to each parcel right of way line.
- Create an Opinion of Probable Cost for each resident to connect their house to the proposed service stub.
- Survey building pads and sanitary manholes where the depth of the gravity sewer may be in question.
- Determine right of way locations at each parcel in question.
- Provide a figure showing the proposed layout of the service stubs at each location.
- Provide a Feasibility Report incorporating the above items.

Bolton & Menk proposes to complete the above engineering services for an hourly, not-to-exceed fee of $4,950.00.

Attached is a figure showing the locations of the parcels to be included in this feasibility report.

Please contact us at (763) 433-2851 if you have any questions or need additional information.

Bolton & Menk is an equal opportunity employer.

MEMO

To: **Mayor Johnson and Members of the City Council**
From: Josi Wood, City Administrator
Date: April 2, 2019
Subject: Resolution to Approve an Amendment to the City of Isanti Personnel Policy, Section 6

Information was brought to Committee of the Whole on February 19th and March 19th regarding reinstating compensatory time for exempt employees. It was also discussed to dissolve the Administrative Leave Banks as this time did not adequately reflect seasonal changes and meetings attended by all exempt employees.

The following Resolution and attached revised Personnel Policy, section 6 describes the recommendations by Committee of the Whole.

RESOLUTION NO. 2019-

RESOLUTION APPROVING AN AMENDMENT TO THE CITY OF ISANTI PERSONNEL POLICY, SECTION 6, COMPENSATION, OVERTIME/ COMPENSATORY TIME, EXEMPT EMPLOYEES FOR ADDITION OF COMPENSATORY TIME AND REMOVAL OF ADMINISTRATIVE LEAVE FOR EXEMPT EMPLOYEES

WHEREAS, compensatory time for exempt employees was removed from the Personnel Policy in 2015; and,

WHEREAS, there was discussion March 19th at Committee of the Whole to amend the Personnel Policy to allow compensatory time for exempt employees which could increase morale and employee retention; and,

WHEREAS, there was also discussion to remove the Administrative Leave Bank hours for exempt employees as it does not sufficiently reflect positions who may have heavier seasonal workload or attend meetings outside of the regular work schedule; and,

WHEREAS, from reviewing this matter with exempt employees, and the current Personnel Policy, the Committee of the Whole recommends the addition of compensatory time for exempt employees and removal of the Administrative Leave time;

NOW, THEREFORE, IT IS HEREBY RESOLVED by the City Council of the City of Isanti, Minnesota that the following policy change 'Exhibit A' is approved for exempt employees as outlined below and as amended in the attached Personnel Policy, Section 6, Compensation, Overtime/ Compensatory Time/ Exempt Employees:

1. New employees as of April 3, 2019 can track and accrue compensatory hours.
2. Current exempt employees who received administrative leave bank hours in 2019 will be allowed to track their compensatory time starting April 3, 2019 but may not accrue compensatory time until 48 hours have been tracked and approved by the City Administrator. Employees are to turn in their tracked hours to the City Administrator with their timesheet for approval.
3. New hire exempt employees will not receive administrative leave bank hours.
4. Current exempt employees who have administrative leave time in 2019 will be allowed to use those hours. Any hours not used at the end of the year will be forfeited.
5. Remaining administrative leave bank hours will not be paid out when an employee leaves the City.
6. The attached Personnel Policy amendment is approved and will be in effect as of April 3, 2019.

Adopted by the Isanti City Council on this 2nd day of April, 2019.

'Exhibit A'

City of Isanti Personnel Policy
Section 6, Compensation
Overtime/ Compensatory Time

The City of Isanti has established this overtime policy to comply with applicable state and federal laws governing accrual and use of overtime. Each employee position shall be classed as "exempt" or "non-exempt" from earning overtime. In general, employees in executive, administrative and professional job classes are exempt; all others are non-exempt.

All employees, in all departments, are required to work overtime as requested by their supervisors as a condition of continued employment. Refusal to work overtime may result in disciplinary action. Supervisors will make reasonable efforts to balance the personal needs of their employees when assigning overtime work.

The employee's supervisor must approve overtime hours in advance. An employee who works overtime without prior approval may be subject to disciplinary action.

A non-exempt employee may accrue compensatory time to a maximum of eighty (80) hours at any time. After a non-exempt employee accrues the maximum amount of compensatory time, they will receive overtime pay. All compensatory time will be marked as such on official timesheets, both when it is earned and when it is used. The Finance Department will maintain compensatory time records.

Unless defined in a bargaining agreement, overtime earned will be recorded as accrued compensatory time at the rate of time and one-half unless holiday pay. (See Section 9. Holidays) Employees may request and use compensatory time off in the same manner as other leave requests.

All compensatory time accrued will be paid out when the employee leaves city employment at the hourly pay rate the employee is earning at that time.

Non-Exempt (Overtime-eligible) Employees:
All overtime-eligible employees will be compensated at the rate of time and one-half for all hours worked over forty (40) in one workweek. Vacation, sick leave and paid holidays do not count toward "hours worked". Compensatory time shall be taken as approved by the Department Head.

Employees to whom the Federal Fair Labor Standards Act (FLSA) Police Employees (Police Officers) applies shall be compensated for overtime work at one and one-half times their regular rate of pay to be given only in compensatory time except where precluded by law or policy. Unless defined in a contract, overtime hours are calculated on the basis of eighty (80) hours worked in a two (2) week pay period with the two (2) week period established from Sunday at 12:00 a.m. for a period of fourteen (14) days and ending on a Saturday at 11:59 p.m.

Exempt (non-overtime-eligible) Employees:

Exempt employees are expected to work the hours necessary to meet the performance expectations outlined by their supervisors. Generally, to meet these expectations, and for reasons of public accountancy, an exempt employee will need to work forty (40) or more hours per week. Exempt employees do not receive extra pay for the hours worked over forty (40) in one workweek.

Exempt employees are paid on a salary basis. This means that they receive a predetermined amount of pay each pay period and are not paid by the hour. Their pay does not vary based on the quality or quantity of work performed, and they receive their full weekly salary for any week in which any work is performed.

Exempt employees are eligible for compensatory time at straight time for hours worked in excess of forty (40) hours in a work week under the policy as set out in the next paragraph. However, exempt employees forfeit any compensatory time accrued in excess of eighty (80) hours, measured pay period to pay period. Upon termination from employment, either voluntarily or involuntarily, exempt employees forfeit any accumulated compensatory time without payment.

The maximum time allowed to accumulate in an exempt employee's compensatory time bank shall not exceed eighty (80) hours at the end of a pay period, unless a lower amount is established by the City Administrator. The maximum hours in the compensatory time bank shall be measured pay period to pay period. Exempt employees may request and use compensatory time off in one hour increments, in the same manner as other leave requests.

The City of Isanti will only make deductions from the weekly salary of an exempt employee in the following situations:

- The employee is in a position that does not earn vacation or personal leave and is absent for a day or more for personal reasons other than sickness or accident and has no compensatory time ~~administrative~~ banked ~~leave banked~~.
- The employee is in a position that earns sick leave, receives workers' compensation wage loss benefits and is absent for a full day due to sickness or disability, but he/she is either not yet qualified to use the paid leave or he/she has exhausted all of his/her paid leave and has no ~~administrative leave~~ compensatory time banked.
- The employee is absent for a full workweek and, for whatever reason, the absence is not charged to paid leave (for example, a situation where the employee has exhausted all of his/her paid leave or a situation where the employee does not earn paid leave).
- The very first workweek or the very last workweek of employment with the City in which the employee does not work a full week. In this case, the City will prorate the employee's salary based on the time actually worked.
- The employee is in a position that earns paid leave and is absent for a partial day due to personal reasons, illness or injury, but:
    - Paid leave has not been requested or has been denied;
    - Paid leave is exhausted;
    - ~~o~~ Compensatory time ~~administrative leave~~ has been exhausted;
    - The employee has specifically requested unpaid leave;
- The employee is suspended without pay for a full day or more for disciplinary reasons for violations of any written policy that is applied to all employees.

- The City of Isanti may for budgetary reasons implement a voluntary or involuntary unpaid leave program and, under this program, make deductions from the weekly salary of an exempt employee. In this case, the employee will be treated as non-exempt for any workweek in which the budget-related deductions are made.

The City of Isanti will not make deductions from pay due to exempt employees being absent for jury duty or attendance as a witness but will require the employee to pay back to the City any amounts received by the employee as jury fees or witness fees.

If the City inadvertently makes an improper deduction to the weekly salary of an exempt employee, the City will reimburse the employee and make appropriate changes to comply in the future.

Leave Policy for Exempt Employees

Exempt employees are required to work the number of hours necessary to fulfill their responsibilities including evening meetings and/or on-call hours. The normal hours of business for exempt employees are Monday through Friday, 8 a.m. to 4:30 p.m., plus evening meetings as necessary.

Exempt employees are required to use paid ~~or administrative~~ leave when on personal business or away from the office for two (2) hours or more, on a given day.

Absences of less than two (2) hours do not require use of paid leave as it is presumed that the staff member regularly puts in work hours above and beyond the normal 8 a.m. to 4:30 p.m. Monday through Friday requirement. Exempt employees must communicate their absence to the city administrator or his/her designee.

If one of the above employees regularly absents themselves from work under this policy and it is found that there is excessive time away from work which is not justified, the situation will be handled as a performance issue. If it appears that less than forty (40) hours per week is needed to fulfill the position's responsibilities, the position will be reviewed to determine whether a part-time position will meet the needs of the City. Additional notification and approval requirements may be adopted by the City Administrator for specific situations as determined necessary.

~~**Administrative Leave Banks for Exempt Employees**~~

~~In recognition of additional hours that exempt employees put in throughout the year, exempt employees will have an additional leave bank called an administrative leave bank. On January 1st of each year, all exempt employees will have 48 hours of leave placed in their banks. Employees have the opportunity to burn down these banks each year. Any unused leave on December 31st of each year will be forfeited. Administrative leave hours will not be paid out when employees leave the City.~~

MEMO for Council Action

To: **Mayor Johnson and Members of the City Council**
From: Josi Wood, City Administrator
Date: April 2, 2019
Subject: Consider Resolution Approving City Social Media Facebook Pages

---

As discussed in Goal Setting 2019, social media is a great way to provide City information to our residents in a timely and efficient manner. The current city social media sites are the Isanti Family Farmers Market FB page and the Isanti Events and Community Center FB page. There was discussion at Goal Setting to add a City Hall, Liquor and Police Department Facebook Page.

Committee of the Whole discussed the City's need for Facebook sites and recommends the attached Resolution and document referenced as "Exhibit A" for direction and posting clarification.

RESOLUTION NO. 2019-

RESOLUTION APPROVING CITY SOCIAL MEDIA FACEBOOK PAGES

WHEREAS, City Council met on January 29, 2019 to establish goals for year 2019 and having a presence on social media sites such as Facebook was an established goal; and,

WHEREAS, Staff presented information regarding city Facebook pages to Committee of the Whole on March 19, 2019; and,

WHEREAS, the City currently has a social media policy as defined in the Personnel Policy and further social media guidelines were established as outlined per this Resolution and 'Exhibit A';

NOW, THEREFORE, IT IS HEREBY RESOLVED by the City Council of the City of Isanti, Minnesota to approve the city having Facebook presence with a Liquor Store page, Police Department page, Official City page which includes Isanti events and community center information, and an Isanti Family Farmers Market page. The City Administrator or designee will manage the following:

1. A Site Administrator shall be assigned for each page to ensure quality and timeliness of posts.
2. The Site Administrator has the authority to post content that fits within the City's policy on social media. Posts should be directed to the City Administrator or his/her designee for approval if the Site Administrator needs direction or clarification.
3. Comments will not be allowed on any FB pages except for the Isanti Family Farmers Market. This may be re-evaluated at a later date.
4. Only City content will be allowed to be posted. This may be re-evaluated at a later date.
5. Information such as Overview, Demographics, History, Etc. should be written by the Site Administrator.
6. Layouts of banners should include the City of Isanti logo.

This resolution was duly adopted by the Isanti City Council this 2nd day of April, 2019

Subject: 2019 Nuisance Weed Abatement – Quotes for Service

The City received 3 quotes for 2019 nuisance residential and large tract weed/grass abatement (lot mowing). The low quote for mowing services was submitted by Duff Companies, LLC. The quote for residential lot abatement is for $50.00 per residential lot and $25.00 mobilization charge (if the owner has already cut their grass). The quote for large tract abatement is a $25.00 base charge per property and $25.00 per hour of mowing.

As a part of this, Staff further recommends that the 2019 fee to be charged for properties abated using a private vendor would be the actual cost charged by the vendor to the City for the service and the $25.00 non-compliance fee as designated in City Fee Schedule.

Attached for your consideration is a resolution accepting the quote for nuisance weed/grass abatement services.

RESOLUTION 2019-XXX

RESOLUTION AWARDING QUOTE FOR OUTSOURCING THE MOWING OF NUISANCE WEED/GRASS ABATEMENT LOTS

WHEREAS, the City of Isanti has determined that is in the City's best interest to accept quotes for the outsourcing of mowing services for nuisance weed/grass abatement lots located within the city; and

WHEREAS, a request for quotes for the services was published in the City's official newspaper; and

WHEREAS, quotes were received and a tally of the quotes is provided on the attached 'Exhibit A';

NOW, THEREFORE, IT IS HEREBY RESOLVED by the City Council of the City of Isanti, Minnesota as follows:

1. To hereby award the low quote for mowing services for nuisance residential weed/grass abatement lots as provided within the specifications so posted and published to **Duff Companies, LLC** for the 2019 mowing season.
2. To hereby award the low quote for mowing services for nuisance large tract weed/grass abatement as provided within the specifications so posted and published to **Duff Companies, LLC** for the 2019 mowing season.
3. That **Duff Companies, LLC** provides a Certificate of Compliance as required under the Minnesota Workers' Compensation Law (if required).
4. That **Duff Companies, LLC** provides a copy of their liability insurance and names the City as an 'additional insured'.
5. That the quotation as signed by the vendor for the 2019 Growing Season constitutes a contract with the City of Isanti for said services. Mowing rates are listed in Attachment A.
6. That City staff is authorized to charge the administrative fee for billing of properties abated as designated in the City Fee Schedule; with the administrative fee, rate charge and any applicable sales tax charged to the responsible party.

This Resolution is hereby approved by the Isanti City Council this 2nd day of April, 2019.

CITY OF ISANTI
ISANTI COUNTY, MINNESOTA
DEVELOPMENT AGREEMENT
HERITAGE ESTATES

THIS AGREEMENT (the "Agreement"), is made and entered into this ____ day of _____, 2019, between the **CITY OF ISANTI,** a Minnesota municipality organized under the laws of the State of Minnesota (hereinafter referred to as "City") and **Level Contracting, LLC.**, a Minnesota limited liability corporation (hereinafter referred to as "Developer").

RECITALS:

WHEREAS, the City Council of the City has, by Resolution No. 2018-___, on November 20, 2018 approved a Preliminary Plat, known as "Heritage Estates ("The Preliminary Plat"). As to the real property covered by the Preliminary Plat, this Development Agreement is in conformance with the Development Agreement, Sun Prairie, dated April 27, 2005, as filed with the County Recorder of Isanti County, Minnesota, as Document No. 349096 (the "Existing Agreement"). In cases where there is variance between the two Development Agreements, the terms of this agreement supersedes the Existing Agreement; and

WHEREAS, the Final Plat of Heritage Estates, contemplates development of approximately 9.20 acres of real property legally described as set forth in Exhibit A as attached hereto and made a part hereof, into 50 residential housing units ("Lots"); and

WHEREAS, it is the policy of the City to enter into development contracts as contemplated in Minnesota Statutes 462.358, Subd. 2(a); and

WHEREAS, the City and Developer desire to set forth their respective rights and obligations in this Agreement.

NOW, THEREFORE, in consideration of the Recitals, the premises and of the mutual promises and conditions contained herein, it is agreed by the City and the Developer as follows:

1. Development Agreement Provisions. Subject to such changes as may be agreed between the City and the Developer(s), the Preliminary Plat and all subsequent Final Plats to follow shall include the following provisions:

2. Escrow for City Costs and Fees. Developer shall, contemporaneously with execution of the Development Agreement, deposit with the City an escrow of $5,000.00 to cover the cost of legal fees, engineering fees, administrative expenses and other costs related to the Development. A separate escrow will be established with the Developer for the Final Plat. All fees and costs incurred by the City in connection with the Final Plat of the Development shall be charged against said escrow account which shall remain in effect until the completion of the Development Phase. Any funds remaining in the escrow account after the completion of the applicable Final Plat and development shall be refunded to the Developer. During the development process, in the event that the escrow account is depleted, the Developer shall post additional sums of money to replenish the account to a maximum of $5,000.00 to cover projected City costs as determined by the City. The escrow account shall always have a balance of no less than $1,000.00. The Developer shall be entitled, upon request, to an itemized statement of all costs and fees charged against the Developer's escrow account.

3. Road System. The Developer will be using the existing City road system consisting of the following roads:

1. Cherrywood Lane NE
2. 8th Avenue NE
3. 9th Avenue NE

4. Developer Installed Improvements. The Developer shall construct the following described improvements for the Development, which are hereinafter collectively called "Developer Installed Improvements." These improvements, once installed, shall be privately maintained though a Homeowner's Association. The Developer Installed Improvements shall be constructed at the Developer's expense and in accordance with City requirements and specifications. The Developer shall engage at its own expense a registered professional civil engineer to prepare plans and specifications for the Developer Installed Improvements. These plans shall be submitted to the City for review and be approved by the City Engineer. The Developer agrees to City inspection of all Developer Installed Improvements and payment for said inspection services.

a. The Developer shall construct and/or be responsible for the installation of sanitary sewer, water mains, storm sewer systems, street lights, sidewalks and trails in accordance with City standards. Watermain systems shall be looped in accordance with City requirements.

b. The Developer is responsible for all repairs required due to the installation of improvements on existing bituminous streets. This includes curb and gutter and road signage systems.

c. The Developer shall provide adequate off-street parking on all lots abutting on temporary cul-de-sacs, or termination turnarounds, so that the City can prohibit on-street parking if necessary for safety and maintenance purposes.

d. Where grading is required, soils inspection and compaction testing shall be conducted by a registered professional engineer on all areas where soil has been disturbed. All grading shall be done in accordance with a Grading Plan approved by the City Engineer. A minimum of one (1) compaction test shall be obtained for every two (2) foot increment of fill that is placed. A summary of all

inspections and compaction tests shall be provided to the City upon completion of the grading. The Developer shall provide a 79G, final compaction report for each lot that has more than two (2) feet of fill. It is recognized that the property may have been rough graded prior to the date of the Development Agreement.

e. All utilities, including electricity, telephone, cable and natural gas, shall be installed underground where possible within platted utility easements or roadway rights-of-way.

5. Erosion Control. Soil stabilization shall be employed throughout each Plat as required to insure the integrity of the soils. The Developer shall use topsoil, mulching, seeding, silt fence, and other such means as are approved by the City to prevent erosion of the soils. An erosion control plan shall be submitted by the Developer and approved by the City Engineer before a grading permit is issued for the Development. Before any grading is started on site, all erosion control measures, as shown on the erosion control plan approved by the City, shall be installed. The Developer shall be responsible for compliance with the approved erosion control plan. The Developer will be given a telephone notice when an unsatisfactory condition exists that is determined to be the Developer's responsibility. Work to correct said unsatisfactory condition shall commence within forty-eight (48) hours from the time of the telephone notice. If said work is not commenced within forty-eight (48) hours of said telephone notice, the City is hereby given the right to enter upon the property and to proceed to do the required work at the expense of the Developer. If it is determined that the unsatisfactory condition could result in degradation of downstream water quality, the Developer shall, upon telephone notice, immediately proceed to correct said unsatisfactory condition. If the Developer does not immediately respond to said unsatisfactory condition, the City is hereby given the right to enter upon the property and correct said condition at the expense of the Developer. The City shall be entitled to all of its reasonable costs and expenses associated with correction work done under this paragraph, including, but not limited to legal, fiscal and engineering costs. The City may at its option invoice the said costs for direct payment from the Developer or proceed to draw on the Developer's escrow established under paragraph 2 or the financial guarantee provided under paragraph 14.

The erosion control plan shall be in accordance with the Minnesota Pollution Control Agency's NPDES Phase II requirements.

6. Street Cleaning: The Developer shall contract with a street cleaning firm to provide street cleaning services within and immediately adjacent to the Development. A copy of said contract shall be submitted to and approved by the City, in its discretion, prior to the issuance of a grading permit. This contract shall name the City as an authorized agent to order street cleaning services, as the City deems necessary. The Developer shall pay for the cost of the street cleaning under the contract. During development of the Plat, the Developer shall keep the streets adjoining its Development free of dirt and debris caused by its Development. In the event dirt and/or debris has accumulated on streets within or adjacent to the Development, the City is hereby authorized to immediately commence street cleaning operations if the streets are not cleaned by the Developer by 3:30 p.m. the day after the day of the violation. If conditions are such that street cleaning operations are immediately necessary, the City may perform the necessary street cleaning. The City will then bill the Developer for all associated street cleaning costs. Failure to reimburse the City for street cleaning costs within ten (10) days of such billing will result in the City drawing funds from the Developer's escrow established under paragraph 2 or the financial guarantee provided under paragraph 14.

7. Stormwater: The Developer shall construct storm sewer, swales, and/or such other storm water drainage devices as shall be necessary to control drainage within the Plat. A storm water drainage plan must be submitted to the City and approved by the City and the City's Engineer before any work is done within the Plat. Storm water systems shall be designed based on 100 year high water levels. No storm water retention or pond areas shall be constructed on residential lots. Drainage easements shall be given so as to cover storm water conveyance needs. The Developer shall construct any required drainage and retention ponds in Outlot areas and shall convey title to the Outlots upon which the ponds are constructed to the City. Said conveyance shall be free and clear of any taxes due and, if recorded after the county cut off period for converting property to tax exempt status, the Developer shall be responsible for all taxes the following year. The Developer shall

maintain all drainage area easements on each Lot and no improvements, landscaping or grading shall be permitted in drainage area easements which would interfere with drainage.

8. Sidewalks/Trails: The Developer shall build all required sidewalks and trails located within the Development according to the approved plans associated with the Development. These improvements, once the warranty period has expired, shall be accepted by the City of Isanti.

9. Street Lights: Street lights shall be installed within the Plat according to a lighting plan, which will first be approved by the City Engineer. The Developer shall also submit a street lighting plan to Connexus Energy for its review, comment and approval. The installation of the street lights shall be coordinated with Connexus Energy so that the street light system is installed, constructed and operated in such a manner as will harmoniously exist with other street lights within the area. Lights shall be placed on 8th Avenue NE, 9th Avenue NE and Cherrywood Lane NE. Street lights must be installed prior to acceptance of the municipal improvements and the beginning of the warranty period.

10. Street Repair: It is anticipated that heavy construction equipment will be using City and County roads to access the Plat, including, but not limited to, 8th Avenue NE, 9th Avenue SE, and Marion Street SE. The Developer shall be responsible for the reconstruction and/or repair of said street(s) identified as damaged by the City of Isanti following completion of construction within the Plat. Said reconstruction shall return the street(s) to an equal or better condition than existed prior to commencement of the Development. Plans for such work shall be approved by the City Engineer prior to commencement of reconstruction or repair work. The Developer shall instruct all construction crews to ensure that the properties adjacent to this Plat have access to their property at all times during construction.

11. Schedule: All work for the Developer Installed Improvements, including street, sanitary sewer, storm sewer, and municipal water, shall be done subject to the approval of the City in accordance with City standards and requirements. All Developer Installed Improvements shall be fully completed to the reasonable satisfaction and approval of the City by the target date, which will be set for each Final Plat of the Development, subject to unavoidable delays. For the purposes of each Development Agreement, "unavoidable delays" means delays which are the direct result of acts of God, unforeseen adverse weather conditions, strikes, other labor troubles, fires or other casualty to the Developer Installed Improvements, litigation commenced by third parties which by injunction or other similar judicial action that directly results in delays, or acts of any Federal, State or local government unit that results in delays, or any unforeseen circumstances beyond the Developer's reasonable control.

12. Notice to Proceed: The Developer agrees not to commence any grading, utility or street work within the Development until first receiving a written "Notice to Proceed" from the City Engineer.

13. Warranty of Improvements: The Developer represents and warrants that all of the Developer Installed Improvements made shall be guaranteed to be properly functioning as designed for a period of two (2) years following approval by the City of the Developer Installed Improvements ("Warranty Period"). In the case of any material or labor that is supplied and that is reasonably rejected by the City as defective or unsuitable, then the rejected materials shall be removed and replaced with approved material, and the rejected labor shall be done anew to the reasonable satisfaction and approval of the City at the sole cost and expense of the Developer. In any event, none of the Warranty Periods identified herein shall begin to run until all of the Developer Installed Improvements have been approved by the City. If the Developer does not proceed to correct or repair improvements under this section once notified by the City, it shall be considered an Event of Default under the Development Agreement. The Developer shall post a letter of credit to guarantee completion of warranty items.

14. Financial Guarantee: The Developer shall provide a financial guarantee to the City, in the form of a cash escrow or irrevocable letter of credit in the amount equal to one hundred twenty five percent (125%) of the estimated amount of the required Developer Installed Improvements to be completed in the Development. Such financial guarantee shall be subject to the City's approval as to the documentation evidencing the guarantee. Any letter of credit shall be from a FDIC insured financial institution approved by the City. The City's Engineer shall calculate the estimated cost of completion of the Developer Installed Improvements for the Development. One hundred twenty five percent of that amount will be required as a financial guarantee. Except as hereinafter provided, the City shall have the right to retain the financial guarantee until the Developer Installed Improvements have been completed to the satisfaction of the City. The Developer may request reduction of the escrow or letter of credit amount as work on the Developer Installed Improvements progresses. When making any such request, the Developer shall send a written request to the City's Engineer for a specific reduction in the amount of the escrow or letter of credit. The City Engineer shall review that request and make a recommendation to the City as to whether or not the escrow or letter of credit should be reduced and if so, to what amount. The City shall then decide whether or not to reduce the escrow or letter of credit. The City, however, will not reduce the escrow or letter of credit, below 20% of the estimated cost of the Developer Installed Improvements until after submittal of record plan documents as required by paragraph 25, or below ten percent (10%) of the total construction cost of the Developer Installed Improvements until two (2) years following expiration of the warranty for the Developer Installed Improvements. At that point, the escrow or letter of credit shall be released or refunded, as the case may be, assuming no warranty work remains to be done.

15. Signs, Signals, & Markings. All costs associated with said markings, signs and signals are to be borne by the Developer. Placement of signage, whether on a temporary basis for construction, or on a permanent basis as part of the Development, shall be as directed by the City Engineer.

16. Lowest Floor Elevations. No building shall be constructed on any of the Lots herein unless the lowest floor elevation is at least two (2) feet above the 100-year flood elevation or two (2) feet above the high groundwater elevation, whichever is greater, for the subject property. Additionally, the lowest floor elevation shall be specifically referenced and designated, for each Lot, on a certificate of survey, which survey shall be provided to the City before any building permits are issued.

17. House Sizes and Locations – Planned Unit Development. The house sizes and locations for those houses shall be in accordance with the Housing Size Location Plan, as approved in the Planned Unit Development.

18. Park Fee. The City has a policy to build up a capital account for future park acquisition and/or development by means of a park dedication fee. For the Final Plat the Developer agrees to pay a park dedication fee based on the number of residential units. Park Fees for Final Plats approved shall be as per the City Fee Schedule. Fees shall be paid before the City signs the Final Plat.

19. Signal Light Fee: The Developer shall contribute a signal light fee based on the number of residential units (Lots). Signal Light fees for Final Plats approved after that date shall be as per the City Fee Schedule. Fees shall be paid before the City signs the Final Plat.

20. Trunk Utility Charge: The Developer shall pay a utility trunk charge based on the number of residential units (Lots) as per the City Fee Schedule. Trunk Utility fees for Final Plats approved after that date shall be as per the City Fee Schedule. Fees shall be paid before the City signs the Final Plat.

21. Agency Approval. The Developer agrees to submit the utility plans, or any portions thereof, to all appropriate federal, state, county or local governing agencies or bodies for their written approval.

22. Plat Conditions. All general and special conditions, plans, special provisions, proposals, specifications and contracts for the Plat shall be and hereby are made apart of this Agreement by reference as if fully set out herein in full.

23. Miscellaneous Provisions. The Developer specifically understands that approval for Heritage Estates is given subject to the following requirements:

a. The Final Plat must be submitted by the Developer to the City for recording (and the Mylar "hard shells" must be fully executed) within one hundred twenty (120) days of the Council motion giving Final Plat approval or else said approval shall be null and void. The Developer will pay for all costs pertaining to Plat recording. The Developer shall also submit the Final Plat and "as constructed street and utility plans" in electronic format. The electronic format shall be the most current version of AUTOCAD in NAD 83 Isanti County Coordinates for mapping purposes.

b. Final Plat approval shall be contingent upon compliance with grading, storm water drainage, and utility plan approval by the City.

c. All applicable conditions of Plat approval must be met before any deeds are stamped for recording and prior to the recording of the Final Plat at the Isanti County Recorder's Office.

d. No building or other permits shall be issued, until the Final Plat has been recorded with the Isanti County Recorder; all street signs have been erected by the Developer (as determined by the City); and curb, gutter and the bituminous base course has been placed. This provision specifically requires that the surface water drainage system must be completed and functioning to the satisfaction of the City.

e. Each Single Family structure in future Phases shall meet the square footage requirements for the home and garage, and setback requirements per the Planned Unit Development and all applicable City Code and Ordinance requirements

f. The Developer shall pay all fees relating to this subdivision, including the cost of recording documents relating to Developer's responsibilities hereunder with Isanti County.

g. Exterior lighting or advertising activities on the site shall comply with City ordinance regarding same.

h. Drainage and erosion control methods for this development shall be completed prior to the City accepting the roadway or approving the Developer Installed Improvements. All work shall be inspected by the City to insure that it complies with City standards. The Developer is responsible for complying with the provisions of the MPCA's NPDES Stormwater Permit. Where the MPCA and City requirements differ, the more stringent or restrictive requirement shall govern.

i. The Developer shall permit access to the land herein for periodic inspection to assure conformance with the conditions herein.

j. The Developer shall remove all temporary soil stabilization and erosion control devices, such as silt fencing, before the escrow held by the City is returned to the Developer.

k. No material deviations from the approved Final Plat and or construction plans shall be allowed unless approved in writing by the City.

l. The Developer shall dedicate all required street and utility easements.

m. The Developer shall dedicate temporary cul-de-sac easements and install a temporary bituminous cul-de-sac at the end of Phase 1 paved roads, built to City standards.

n. The Developer shall provide the City with accurate and complete legal descriptions of all parcels of land that are to be subdivided as a part of this project.

o. A certificate of survey shall be provided by the builder to the Building Inspector for each Lot at the time a building permit is requested for that Lot. The Developer shall also provide to the City a certificate indicating that all Lots in the Development are graded as per the grading plan submitted.

p. The Developer shall provide on-site a sufficient number of portable outhouses to be available for the persons who will be working on-site.

q. During the installation of the Developer Installed Improvements, Developer shall remove all tree waste; junk, miscellaneous debris, junk vehicles, and any

other personal property from land still owned by Developer pursuant to the City Code and shall seal wells as directed by the State of Minnesota.

r. Deed restriction shall advise owners of all lots of the requirements of this Development Agreement as follows: THE LAND WITHIN THIS PLAT, INCLUDING THE LAND CONVEYED HEREIN, IS BOUND BY RESTRICTIONS IN A DEVELOPMENT AGREEMENT. SAID DEVELOPMENT AGREEMENT IS ON FILE AT THE OFFICE OF THE ISANTI COUNTY RECORDER FILED AS DOCUMENT NO. _____.

s. The Developer is responsible for the installation of mailboxes according to the United Stated Postal Service regulations. The Developer shall work with the local Postmaster to identify mailbox locations. The mailboxes must be installed before a Certificate of Occupancy is issued.

24. Special Provisions. The following shall apply:

a. Tree Preservation Plan – As applicable, a Tree Preservation Plan shall be prepared by the Developer and approved by the City for portions of the Development that have significant or specimen tree stands. Such plan shall show the location of homes and grading of those Lots, so as to protect as many of these trees as possible.

b. Planned Unit Development – The Development is approved by the City as a Planned Unit Development, in which the conditions of such approval, authorized in City Council Resolution 2018- 284, shall apply.

c. Homeowners Association – As a condition of approval, the Developer agrees to form a homeowner's association in which membership is mandatory for the owners of all housing units within the Development. The homeowner's association shall be solely responsible for operation, maintenance and repair of all Development Installed Improvements, including sanitary sewer, watermain and water services, and storm water improvements. All Developer Installed Improvements shall be maintained in accordance with all City Code, City Engineering and Public Works standards. The Developer agrees to provide a copy of all homeowner's association documents to the City, with approval subject

to review of the City Attorney. The City shall have no responsibility for any improvements or utilities located within platted easements or easements in favor of the Association.

d. The Developer agrees to pay liquidated damages to the City if any Lot, upon which a home has been built, has a real estate closing to an individual intending to use such home as a residence before a certificate of occupancy has been issued for that Lot and/or before all Developer Installed Improvements within the Plat are certified as being substantially completed by the City. Specifically, the Developer agrees to immediately pay to the City liquidated damages in the amount of one thousand dollars ($1000.00) for each such closing which occurs in violation of this paragraph. The City shall be authorized to retain an appropriate percentage of the financial guarantee referred to in paragraph 14 as security for payment of any liquidated damages owed to the City and to withdraw any such liquidated damages from said financial guarantee. The City reserves the right to withhold issuance of a Certificate of Occupancy in addition to liquidated damages until all Developer Installed Improvements are certified as being substantially complete.

e. The Developer agrees to pay liquidated damages to the City, in the amount of five hundred dollars ($500.00), if the Developer encroaches upon any City road right-of-way or utility easement without first obtaining a written permit from the City expressly authorizing said encroachment. The City shall be authorized to retain an appropriate percentage of the financial guarantee referred to above as security for payment of any liquidated damages owed to the City and to withdraw any such liquidated damages from said financial guarantee.

f. Sodding and Seeding Requirements. All boulevards, public areas, and storm water drainage areas shall be initially seeded and stabilized at completion of mass grading operation by the developer. Prior to issuance of a certificate of occupancy of a single-family residence, it shall be the responsibility of the builder or home owner to install sodding in all lot front yards, side yards, and back yards per City Zoning Ordinance. Said sodding shall be complete, established and growing within sixty (60) days of issuance of a Certificate of Occupancy, except that, if the Certificate of Occupancy is issued between the dates of October 1 and May 1,

then the sodding required herein shall be complete, established and growing no later than July 1 with the appropriate escrow established for the lot.

(1) All Lots shall receive four (4) inches of premium top soil (as defined by MNDOT, from a source approved by the City Engineer) prior to sodding, in accordance with City Ordinance 445, Zoning Ordinance.

(2) All seeded areas in the development shall be tilled to loosen compacted soils and receive 4 inches of topsoil. MNDOT #25 seed mix shall be used for all constructed storm water ponds and replacement areas.

25. Record Information Requirements. Following completion of all development activities, the Developer shall provide to the City "as-built" plans for all Developer Installed Improvements and land within the Plat. This information shall be provided to the City by two (2) printed copies, one (1) mylar "hardshell" and one (1) in an electronic GIS file format acceptable to the City Engineer. Such record drawings shall be submitted by the Developer and approved by the City Engineer, prior to the City approving the Developer Installed Improvements and starting the warranty period. As-built information shall include:

a. Topography in two-foot contour intervals.

b. Water System facility information, including:

(1) Location, size and depth of all mains;

(2) Location and type of all valves; and,

(3) Location of all hydrants.

c. Sanitary sewer facilities information, including:

(1) Location, size and depth of all mains;

(2) Location and invert elevations of all manholes; and,

(3) Location, size and depth of all lift stations.

d. Storm sewer facilities information, including:

(1) Location, size and depth of all storm sewers;

(2) Location and invert elevations of all manholes; and,

(3) Location, type and outflow elevations of all storm water control structures.

e. Flood plain boundaries.

f. Ordinary high water elevation for all water bodies.

g. Location of all easements and restrictive covenants.

h. Location of all road rights-of-way.

i. Location of all streets, sidewalks and trails.

j. Location and description of all surveying monuments.

k. The Developer shall also provide such other information regarding the Plat as is reasonably requested by the City.

26. Warranty of Title. The Developer warrants and represents to the City that it is the fee owner of the land described in the Plat and that it has authority to execute the Development Agreement and agree to the conditions hereof. The Developer also represents and warrants that the use for which this Development is sought will not violate any restrictive covenants applying to the property.

27. Lien Waivers – Copies of signed and recorded lien waivers are required from each of the Developer's Contractors and Subcontractors. The Lien Waivers shall be submitted to and approved by the City Engineer prior to accepting the Developer Installed Improvements and starting the warranty period.

28. Binding Effect. This Agreement shall be deemed to be a restrictive covenant and the terms and conditions hereof shall run with the land described herein and be binding upon and inure to the benefit of the heirs, representatives and assigns of the parties hereto, and shall be binding upon all future owners of all or any part of the subdivision, and shall be deemed covenants running with the land. Reference herein to the Developers, if there be more than one, shall mean each and all of them. This Agreement shall be placed of record so as to give notice hereof to subsequent purchasers and successor owners. The cost of said recording shall be borne by the Developer

29. Restrictions on Transfer/Indemnification.

a. Indemnification. The Developer agrees to defend and hold the City, and its officials, employees and agents, harmless against any and all claims, demands, lawsuits, judgments, damages, penalties, costs and expenses, including reasonable attorney's fees, arising out of actions or omissions by the Developer, its employees and agents, in connection with the Development.

b. Enforcement by City; Damages. The Developer acknowledges the right of the City to enforce the terms of the Development Agreement against the Developer, by action for specific performance or damages, or both, or by any other legally authorized means. The Developer also acknowledges that its failure to perform any or all of its obligations under the Development Agreement may result in substantial damages to the City; that in the event of default by the Developer, the City may commence legal action to recover all damages, losses and expenses sustained by the City; and that such expenses may include, but are not limited to, the reasonable fees of legal counsel employed with respect to the enforcement of the Development Agreement.

30. Hold Harmless Agreement. The Developer acknowledges that its failure to control erosion in accordance with the plans and exhibits as contained herein may cause flooding and/or damage to adjoining property owners. In such event, the Developer agrees to hold the City harmless and indemnify the City from claims of all third parties or the Developer for damages arising out of such flooding and/or damages.

Further, in the event the City undertakes any corrective actions to prevent or minimize any such flooding and/or damage, the Developer agrees to hold the City harmless and indemnify the City from claims of all third parties for damages arising out of said corrective action by the City, and agrees to reimburse the City for all out of pocket expenses incurred by the City arising out of the corrective action including, but not limited to, any cost necessary to re-landscape disrupted soils located within the Development.

31. Insurance. The Developer will provide and maintain or cause to be maintained at all times during the process of construction of the Developer Installed Improvements until six (6) months after acceptance of all Developer Installed Improvements and, from time to time at the request of the City, furnish with proof of payment of premiums on:

a. Comprehensive general liability insurance (including operations, contingent liability, operations of subcontractors, completed operations and contractual liability insurance) together with an Owner's Contractor's Policy with limits against bodily injury, including death, and property damage (to include, but not be limited to damages caused by erosion or flooding) which may arise out of the Developer's work or work of any of its subcontractors. Limits for bodily injury or death shall not be less than $1,000,000.00 for one person and $2,000,000.00 for each occurrence; limits for property damage shall not be less than $500,000.00 for each occurrence. The City, City Engineer, and Developer's Engineer shall be additional named insureds on said policy. The Developer shall file a copy of the insurance coverage with the City.

b. Worker's compensation insurance as required by statute.

32. Events of Default.

a. Events of Default Defined. The following shall be "Events of Default" under the Development Agreement and the term "Event of Default" shall mean, whenever it is used in the Development Agreement, any one or more of the following events:

(1) Subject to unavoidable delays, failure by the Developer to commence and complete construction of the Developer Installed Improvements pursuant to the terms, conditions and limitations of the Development Agreement. For purposes of this Agreement, "unavoidable delays" means delays which are the direct result of acts of God, unforeseen adverse weather conditions, strikes, other labor troubles, fire or other casualty to the Improvements, litigation commenced by third parties which, by injunction or other similar judicial action, directly results in delays, or acts

of any federal, state or local governmental unit, and which directly results in delays

(2) Failure by the Developer or Homeowner's Association to observe or perform any covenant, condition, obligation or agreement on its part to be observed or performed under the Development Agreement.

b. Remedies on Default. Whenever any Event of Default occurs, the City may take any one or more of the following:

(1) The City may suspend its performance under the Development Agreement until it receives assurances from the Developer, deemed adequate by the City, that the Developer will cure its default and continue its performance under the Development Agreement. Suspension of performance includes the right of the City to withhold permits including, but not limited to, building permits.

(2) The City may initiate such action, including legal, equitable or administrative action, as is necessary for the City to secure performance of any provision of the Development Agreement or recover any amounts due under the Development Agreement from the Developer, or immediately draw on the financial guarantees provided by the Developer pursuant to the Development Agreement.

(3) The City may draw upon any escrow or financial guarantee established pursuant to this Agreement.

(4) The Developer agrees that if the escrow or financial guarantee is insufficient or terminates, the City has the right in its sole discretion, but shall have no obligation, to use the special assessment process under Minnesota Statute, Chapter 429, to construct and pay for uncompleted Developer Installed Improvements or to correct and repair any non-compliant improvements under warranty, or to cure any default in performance of any obligations of the Developer or the Homeowner's Association under the terms of this agreement. This constitutes a petition by all current and future owners of lots within the development to

undertake such public improvements under Minnesota Statutes, Chapter 429.

33. Notice and Demands. Except as otherwise expressly provided in the Development Agreement, a notice, demand or other communication under this Agreement by either party to the other shall be sufficiently given or delivered if it is dispatched by registered or certified mail, postage prepaid, return receipt requested, or delivered personally; to the addresses as follows:

a. Developer — Level Construction, LLC
20891 145th Street NW
Elk River, MN 53330

b. City — City of Isanti
City Administrator
P.O. Box 428
Isanti, MN 55040

Either party may designate an additional or another address upon giving notice to the other party pursuant to this paragraph.

34. Disclaimer of Relationship. Nothing contained in this Agreement or any Development Agreement nor any act by the City or the Developer shall be deemed or construed by any person to create any relationship of a third-party beneficiary, principal and agent, limited or general partner, or joint venture among the City, the Developer, and/or any third party.

35. Receipt Acknowledgment. The City shall acknowledge receipt of the funds received at the time the Development Agreement is signed.

36. Other Provisions

a. Modifications. The Development Agreement may be modified solely through written amendments hereto executed by the Developer and the City.

b. Counterparts. The Development Agreement may be executed in any number of counterparts, each one of which shall constitute one and the same instrument.

c. Judicial Interpretation. Should any provision of the Development Agreement require judicial interpretation, the court interpreting or construing the same shall not apply a presumption that the terms hereof shall be more strictly construed against one party by reason of the rule of construction that a document is to be construed more strictly against the party who itself of through its agent or attorney prepared the same, it being agreed that the agents and/or attorneys of both parties have participated in the preparation thereof.

d. Governing Law. The Development Agreement shall be construed under the laws of the State of Minnesota.

e. Severable Provisions. If any word, phrase, clause or part of this Agreement is found unenforceable, the balance of the Agreement shall remain in full force and effect.

The Remainder of this page is left intentionally blank.

IN WITNESS WHEREOF, the City and Developer have caused this Agreement to be duly executed on the day and year first above written.

CITY OF ISANTI
PARKS, RECREATION, AND CULTURE BOARD
MEETING MINUTES
March 26, 2019
City Council Chambers

1. Meeting Opening.

A. Call to Order.
Zdon called the meeting to order at 6:00 p.m.

B. Pledge of Allegiance.
Everyone stood for the Pledge of Allegiance.

C. Roll Call.
Members Present: Jennifer Garvey, James Witte, Aaron Zdon, and Mayor Johnson
Staff Present: Josi Wood, City Administrator

D. Agenda Modifications.
Zdon asked if there were any agenda modifications, Wood stated there was one agenda modification for discussion of sign and lettering for Isanti Indoor Arena. Motion from Witte, second by Johnson; the motion passed.

2. Approval of Minutes from February 26, 2019 Parks, Recreation, and Culture Board Meeting

Motion by Witte second by Garvey. Minutes were unanimously approved.

3. Adopt A Park Program

Wood shared that it was requested by Park Board that this come back for discussion. She continued to share that she had updated the program back in 2013 or 2014 but have not had anyone partake in this. Zdon shared that Park Board was not aware of it. Wood stated that it has been part of the brochure and parks website with no interest. Witte asked if it is promoted on the Facebook. Wood stated that she was unsure if Katie ever shared it on Facebook. Garvey suggested that if it were changed to a one-year commitment it may get more people participating. Garvey suggested removal of the language pertaining to Mondays following a busy weekend or days directly following holidays and avoid areas where hazardous conditions may exist. Garvey continued to explain that the parking lot may be a place where it should be picked up as well. Wood suggested revising the language to say use caution in the area versus avoiding the area. Wood further suggested taking out the language of Public Works Department will provide tools and equipment required to perform tasks and have the groups responsible to provide the tools and equipment instead in order to prevent liability issues. Garvey suggested the language change to tools recommended. Johnson stated that the program should be reviewed. Wood shared that she should would review it for changes. Zdon stated that it could be looked at again in May.

4. 2019 Park Visits

Wood shared that last year everyone divvied up the parks and questioned the Board if that is how they wanted 2019 Parks. Wood continued to share that in previous years it seemed there was not enough time in one evening to get to all the Parks resulting in some Parks not getting looked at. Johnson questioned if the Board wanted to look at it as a group. Zdon stated that it takes hours and last year it was raining and cold. Zdon suggested divvying up the Parks again and everyone reporting back to the board. Johnson stated that one person is vacant and he would gladly take on the Parks of the vacant board member. Witte stated he would take River Bluff Park and Johnson agreed and said he would gladly take Legacy Park.

Wood questioned the Board if Katie Everett emailed out Park Ambassador Checklists ahead of time. Garvey stated that it was a good helpful guide with Johnson in agreeance. Garvey shared that the sooner the checklists were sent out the better. Wood said that she would email out the checklist.

5. Parks Updates

Wood shared that March movie night attendance was about 20 for the Emoji Movie with another movie coming up called Guardians of the Galaxy. Wood continued to share that the Isanti Ambassadors are volunteering and that she would be doing that movie night.

Wood further shared that Committee of the Whole had discussed the Dog Park rules and they did recommend that it be included in City Code by Ordinance. Wood stated that City Code has other park rules, skate park rules and will have a separate article 3 that will include Dog Park rules.

Wood stated that Earth Day Cleanup is coming up and that she has all the materials. Wood shared that a few groups have expressed interest but have not committed yet.

The Farmers' Market pre-season meeting is on April 26 at the Community Center. There have been a lot of great vendors coming in but are still looking for a few more.

Wood stated that Katie Everett's last day was March 20th. City staff are interviewing this week with a lot of applicants some applicable and some not.

Wood shared that Facebook pages were discussed at Goal Setting and also discussed at Committee of the Whole. It is planned to go to City Council meeting on April 2nd to have different Facebook pages where a lot of great information can get to residents and community members. Wood further shared that due to staff capacity, to make sure there is not too many sites. The plan is to combine the official City of Isanti Facebook page with Isanti Events and Community Center.

6. CICB Request to Use Unity Ballfield- More information shared at meeting

Wood shared the Cambridge-Isanti Competitive Baseball Association has reached out and had interest in Unity Ballfield. In the past there have been church leagues that have taken part in using that ballfield but not a lot. Last year there was only one church league that took advantage of the ballfield. Wood continued to share that a few years ago the field had a revamp where Public Works took bumps out of the field. Cambridge-Isanti Competitive Baseball Association has requested a flat season rate versus per day. Josh DeLeeuw from Cambridge-Isanti Competitive Associate shared that they use a number of fields in Cambridge for their baseball program and use a lot of the school fields through Community Education as well. He further shared that they would use the field for practice and make-up games. Josh stated that it would be a good asset to the baseball association as well as the City because the City is paying for the field to be maintained to sit empty. Josh DeLeeuw stated that the association pays $250 a year for the permit and the association is looking for something similar. Wood questioned what days the association is looking to use the ballfield. Josh DeLeeuw stated they are looking to use the park Monday, Wednesday and Thursdays starting April 15th until June 20th. Committee discussed that since they are renting for a number of days possibly a discount in price. Josh DeLeeuw stated that the association is Cambridge-Isanti Competitive Baseball so it would be nice to have it here in Isanti too. It was agreed by the PRC Board to have CICB rent the field at the regular rate but may consider a discount next year with more notice to discuss the matter.

6. B. Sign and Lettering- Isanti Indoor Arena

Wood stated that we have the monument sign at the Isanti Indoor Arena that is used for advertising, evening meetings for BMX and State Finals. In the past it was directed that staff would keep those letters and do all the changing of the sign. Wood stated that she would like to request to give the letters over to BMX and allow them to be able to change words on the sign. With the frequency that BMX wants to change the sign, staff does not have the capacity. BMX may have the time to fine tune it to what can and cannot be put on the sign and abbreviate it as needed. Wood further stated that it may be something that stay with the facility and can be drafted by letter as an understanding between the City and BMX that if the letters are lost, broken or want more letters than what they have, BMX can do so at their cost. Motion by Johnson to approve moving forward with Isanti Indoor Arena sign changing taken over by Rum River BMX. Motion by Johnson, second byWitte. Motion passed unanimously.

7. Adjournment

Motion by Johnson, second by Witte to adjourn the March 26, 2019 meeting of the Parks, Recreation, and Culture Board. Motion was approved.

The meeting adjourned at 6:36 p.m.

Dated at Isanti, Minnesota this 26th day of March, 2019.

Respectfully submitted,

J. Business Items

1. Fire Chief Al Jankovich Annual Update *(Jeff Johnson)*

Fire Chief Al Jankovich presented the Annual Fire District Report to the City Council. Jankovich shared a list of all current firefighters as well as the total years of service at the end of last year being 140 years with the average number of years between all members of 6 years. Al Jankovich stated that the fire district had responded to 979 phone calls in 2018. Athens Township with 110, Bradford Township with 162, City of Isanti with 451 [and other calls from neighboring townships].14 calls were mutual aid through assisting neighboring fire departments. Al Jankovich reported run count history starting with 724 runs in 2011 and slowly rising up to the 979 calls last year. Jankovich further shared the incident types- district wide- with 56 fires and 738 rescues. Jankovich stated that the Fire Districts budget for 2018 was $606,793.00 with a great year for grants last year with a large grant from FEMA which allowed for new breathing packs for fire fighting totaling $251,072.00 as well as money for training from the State of Minnesota, East Central Energy and Minnesota State Fire Department Association. Jankovich further shared that is was a great year for donations as well totaling $18,553.13 with $17,753.13 from the Fire Fighters Rodeo Association, $650.00 from Long Lake Lutheran Church and $150.00 from Miscellaneous donations. Jankovich shared that between different Fire District bank accounts there is an approximate $500,000.00 to purchase a new fire engine. Councilmember Lorinser asked if there was a way to collect on bills that are sent out to people. Chief Jankovich stated that the fire district currently invoices in- house for collections. Jankovich shared that the budget for 2019 is $605,500 with the City paying $57,811.56 Quarterly. City Council further commended the Isanti Fire District for doing a great job.

2. Dahlin Street Discussion Continued (*Jeff Johnson*)

City Administrator Josi Wood shared that she had reached out to the businesses on Dahlin Street to address any concerns to traffic as well as parking to only one side of the street. Council member Lorinser asked what businesses were in favor. Wood stated that Federated Co-op was in favor of parking only on one side of the street. Lorinser asked what Rendezvous Coffee's opinion was. Wood stated that Rendezvous Coffee wanted to know why it had not been addressed when there was curb and gutter put into the street approximately in 2004. Wood further stated that Rendezvous Coffee wanted to know if there were any complaints or issues in the past and also wanted to know if streets in the City with the same width will be looked into as well. Wood informed the council that Rendezvous Coffee did not state whether they were for or against parking only on one side. Council member Lundeen stated that there is a definite problem there and that it is only a one-way street. Council member Lorinser questioned what the width is on Dahlin Street. Wood stated that it is 34 feet. Lorinser asked what the width needs to be to have parking on both sides of the street. Assistant City Engineer Jason Cook stated that 38 feet for parking on both sides. Consensus from City Council is to continue discussion at Committee of the Whole meeting.

3. Lexipol Discussion Continued *(Jeff Johnson)*

Human Resources/ City Clerk Katie Brooks shared that she asked all Police Officers their opinion on this item and that many of the officers that had not experienced Lexipol had lots of questions as to how the implementation would work and how it would be tailored for City of Isanti. Brooks further shared that there are a lot of unanswered questions and if there were clear answers for the officers it would be more of a unanimous decision. Mayor Johnson shared that there were 8 officers that had said yes, 3 officers that had said no and 4 officers that were unsure. Brooks further stated that the officers recommended waiting on a Lexipol decision until a chief is in place.
Motion by Johnson, second by Collison to place Lexipol in the budget for 2020 and bring to Committee of a Whole meeting for further discussion. Motion passed 3-1 with Lorinser voting nay. Motion carried.

4. Resolution 2019-093 Policy for Video Recording City Council Meetings Discussion Continued (*Jeff Johnson*)

City Administrator Josi Wood shared that this was an item that was discussed at Committee of the Whole meeting on March 19th, 2019 and it was discussed on what is currently being done which is YouTube at regular City Council meetings, minutes that are required by state statute and audio on the City website. Wood shared there is nothing in policy in regards to recordings and YouTube. Lorinser stated that he believes that Committee of the Whole meetings should be recorded on YouTube. A motion was made to leave the video recording as is. There was no second. Lundeen stated that he agreed with Lorinser and did not see the big deal to video record Committee of the Whole meetings. Mayor Johnson stated that we do not have the staff capacity to do it. Lorinser stated if it was live, we do. Council further discussed this matter.
A motion by Collison, second by Lundeen to continued video recording regular City Council meetings and begin recording Committee of the Whole meetings. Motion passed 3-1 with Johnson voting nay. Motion carried.

City Administrator Josi Wood

5. Resolution 2019-094 Approving a Special Event Permit Application for the Walk for Life Event

City Administrator shared that this event is being hosted by the Pregnancy Resource Center and the Lex Specialty Clinic. Wood shared the event will be held at Bluebird Park with the event open to the public. Wood continued to share that the submission of all applicable forms and payments have been received for the event as well as a sign permit, cleanup deposit fee and reservation of the Bluebird Park shelter.
Motion by Lundeen, second by Collison to approve resolution as presented. Motion passed 4-0. Motion carried.

MEMO

To: Mayor Wimmer and City Council

From: Josi Wood, City Administrator

Date: April 10, 2019

Subject: Public Hearing on Special Assessment – 1990-91 Palomino Road Improvement

---

Purpose:

Pursuant to City Resolution 2019-056 (see attached), a Public Hearing is being held to consider a proposed Special Assessment from the 1990-91 Palomino Road Improvement Project for the property located at 323 Palomino Road SE. Per City Code and in accordance with State Statute, notices have been published and sent to the property owner regarding the Public Hearing.

Proposed Special Assessment:

The proposed amount to be assessed is $10,007.23. The assessment amount was adopted in the approved Assessment Roll for the project in 1991 (see attached). The proposed terms would be the same as was approved at the time, with a repayment term 15 years and interest charged for un-paid balances at 8.5%.

Council Action:

For your consideration, a Resolution is attached that adopts the Special Assessment and terms as proposed.

RESOLUTION NO. 2019-xxx

RESOLUTION ADOPTING ASSESSMENT FOR THE 1990-91 PALOMINO ROAD IMPROVEMENT PROJECT

WHEREAS, pursuant to proper notice duly given as required by law, the City Council has met, heard and considered any and all objections to the proposed assessment for the 1990-91 Palomino Road Improvement Project, consisting of the improvement of: Palomino Road SE, from the intersection of Railroad Avenue SE to the intersection of State Highway 65. Said improvement consisted of: street construction, storm sewer, sanitary sewer and watermain.

NOW, THEREFORE, IT IS HEREBY RESOLVED by the City Council of the City of Isanti, Minnesota:

1. The proposed assessment for 323 Palomino Road SE, per the excerpt of the 1990-91 Palomino Road Improvements Assessment Roll (Pt. N ½ of NE ¼ of NW ¼), $10,007.23, a copy of which is attached hereto and made a part hereof, is hereby accepted and shall constitute the special assessment against the lands named therein, and each tract of land therein included is hereby found to be benefited by the proposed improvement in the amount of the assessment levied against it.

2. Such assessment shall be payable in equal annual installments extending over a period of fifteen (15) years, the first of the installments to be payable on or before May 15, 2020, and shall bear interest at the rate of 8.5 percent per annum from the date of the adoption of the assessment resolution. To the first installment shall be added interest on the entire assessment from January 1, 2020 until December 31, 2020. To each subsequent installment when due shall be added interest for one year on all unpaid installments.

3. The owner of any property so assessed may, at any time prior to certification of the assessment to the County Auditor, pay the whole of the assessment on such property, with interest accrued to the date of payment, to the City Treasurer, except that no interest shall be charged if the entire assessment is paid within 30 days and may, at any time thereafter, pay to the City Treasurer the entire amount of the assessment remaining unpaid, with interest accrued to December 31 of the year in which such payment is made. Such payment must be made before November 15 or interest will be charged through December 31 of the next succeeding year.

4. The City Clerk shall forthwith transmit a certified duplicate of this assessment to the County Auditor to be extended on the property tax lists of the county. Such assessments shall be collected and paid over in the same manner as other municipal taxes.

This resolution is hereby adopted by the City Council of Isanti, Minnesota this 16th day of April, 2019.

RESOLUTION NO. 2019-056

RESOLUTION FOR ABATEMENT AND RE-ASSESSMENT OF 1991 DEFERRED ASSESSMENT

WHEREAS, at the February 19, 2019 City Council Meeting the City Council approved implementation of a deferred assessment on PID 16.032.1200 and other parcels as per City Resolution 2019-054, and;

WHEREAS, at the March 5, 2019 City Council Meeting a letter from the City of Isanti to the property owner dated September 23, 1991 regarding need for a Public Hearing for application of said deferred assessment on PID 16.032.1200 was reviewed:

NOW THEREFORE BE IT RESOLVED BY THE CITY COUNCIL OF THE CITY OF ISANTI, MINNESOTA:

1. The action pursuant to City Resolution 2019-054 as it solely pertains to parcel PID 16.032.1200 is hereby rescinded and the assessment on said parcel is abated.

2. A Public Hearing on the proposed special assessment for PID 16.032.1200 in the amount of $10,007.23 from City Resolution 2019-054, with reference to City Resolution 1991-28 shall be held. Notice to the property owner of said proposed re-assessment of said the Special Assessment, and Public Hearing shall be given in accordance with City Code and applicable State law.

This resolution was duly adopted by the Isanti City Council this 5th day of March, 2019.

RESOLUTION NO. 91-28

RESOLUTION ADOPTING ASSESSMENT

WHEREAS, pursuant to proper notice duly given as required by law, the Council has met and heard and passed upon all objections to the proposed assessment for the improvement of Palomino Road between the line of State Highway 65 on the east and Railroad Avenue on the west, and has amended such proposed assessment as it deems just,

NOW THEREFORE, BE IT RESOLVED BY THE CITY COUNCIL OF ISANTI, MINNESOTA:

1. Such proposed assessment, as amended, a copy of which is attached hereto and made a part hereof, is hereby accepted and shall constitute the special assessment against the lands named therein, and each tract of land therein included is hereby found to be benefited by the proposed improvement in the amount of the assessment levied against it.

a. A deferment shall be made for that part of sanitary sewer line, sanitary services, and water services that are not currently connected to the City sewer system for Sec 31 Twp 35 Rg 23, Pt NE 1/4 of NE 1/4 - Kathryn C Grimm property. Such deferment shall be in effect until the extension of the Southeast Sanitary Sewer trunk line is extended to the area and these services are then connected to the City sewer system.

b. A one year deferment with interest accumulating shall be made to those benefiting property owners with undeveloped, unplatted land, on the assessment of the watermain, water services, sanitary sewer, and sanitary sewer stubs.

c. The deferment of those properties that are not currently in the City of Isanti. The deferment shall be until such time as those properties are

annexed into the City.

2. Such assessment shall be payable in equal annual installments extending over a period of 15 years, the first of the installments to be payable on or before May 15, 1992 and shall bear interest at the rate of 8.5 per cent per annum from January 1, 1992. To the first installment shall be added interest on the entire assessment from January 1, 1992 until December 31, 1992. To each subsequent installment when due shall be added interest for one year on all unpaid installments.

3. The owner of any property so assessed may, at any time prior to certification of the assessment to the County Auditor, pay the whole of the assessment on such property, with interest accrued to the date of payment, to the City Treasurer, except that no interest shall be charged if the entire assessment is paid by December 31, 1991; and he may, at any time thereafter, pay to the City Treasurer the entire amount of the assessment remaining unpaid, with interest accrued to December 31 of the year in which such payment is made. Such payment must be made before November 15 or interest will be charged through December 31 of the next succeeding year.

4. The Clerk shall forthwith transmit a certified duplicate of this assessment to the County Auditor to be extended on the property tax lists of the County. Such assessments shall be collected and paid over in the same manner as other municipal taxes.

Adopted by the Council this 17th day of September, 1991.

INDEPENDENT AUDITOR'S REPORT

Honorable Mayor and City Council
City of Isanti, Minnesota

Report on the Financial Statements

We have audited the accompanying financial statements of the governmental activities, the business-type activities, each major fund and the aggregate remaining fund information of the City of Isanti, Minnesota (the City), as of and for the year ended December 31, 2018, and the related notes to the financial statements, which collectively comprise the City's basic financial statements as listed in the table of contents.

Management's Responsibility for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of the financial statements that are free from material misstatement, whether due to fraud or error.

Auditor's Responsibility

Our responsibility is to express opinions on these financial statements based on our audit. We conducted our audit in accordance with auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free of material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the financial statements. The procedures selected depend on the auditor's judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error. In making those risk assessments, the auditor considers internal control relevant to the City's preparation and fair presentation of the financial statements in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the City's internal control. Accordingly, we express no such opinion. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluating the overall presentation of the financial statements.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinions.

Opinions

In our opinion, the financial statements referred to above present fairly, in all material respects, the respective financial position of the governmental activities, the business-type activities, each major fund and the aggregate remaining fund information of the City as of December 31, 2018, and the respective changes in financial position and, where applicable, cash flows thereof and the respective budgetary comparison for the General fund for the year then ended in accordance with accounting principles generally accepted in the United States of America.

Change in Accounting Standards

As described in Note 7 to the financial statements, the City adopted the provisions of Governmental Accounting Standard Board (GASB) Statement No. 75, Accounting and Financial Reporting for Postemployment Benefits Other Than Pensions, for the year ended December 31, 2018. Adoption of the provisions of these statements results in significant change to the classifications of the components of the financial statements.

Other Matters

Required Supplementary Information

Accounting principles generally accepted in the United States of America require that the Management's Discussion and Analysis starting on page 17 and the Schedules of Employer's Share of the Net Pension Liability and the Schedules of Employer's Contributions, the related note disclosures, and the Schedule of Changes in the City's OPEB Liability and Related Ratios, on page 80 be presented to supplement the basic financial statements. Such information, although not a part of the basic financial statements, is required by the Governmental Accounting Standards Board, who considers it to be an essential part of financial reporting for placing the basic financial statements in an appropriate operational, economic, or historical context. We have applied certain limited procedures to the required supplementary information in accordance with auditing standards generally accepted in the United States of America, which consisted of inquires of management about the methods of preparing the information and comparing the information for consistency with management's responses to our inquires, the basic financial statements, and other knowledge we obtained during our audit of the basic financial statements. We do not express an opinion or provide any assurance on the information because the limited procedures do not provide us with sufficient evidence to express an opinion or provide any assurance.

Other Information

Our audit was conducted for the purpose of forming opinions on the financial statements that collectively comprise the City's basic financial statements. The introductory section and combining and individual fund financial statements and schedules are presented for purposes of additional analysis and are not a required part of the financial statements.

The combining and individual fund financial statements and schedules are the responsibility of management and were derived from and relate directly to the underlying accounting and other records used to prepare the basic financial statements. Such information has been subjected to the auditing procedures applied in the audit of the basic financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the basic financial statements or to basic the financial statements themselves, and other additional procedures in accordance with auditing standards generally accepted in the United States of America. In our opinion, the combining and individual fund financial statements and schedules are fairly stated in all material respects in relation to the basic financial statements as a whole.

The introductory section has not been subjected to the auditing procedures applied in the audit of the basic financial statements, and accordingly, we do not express an opinion or provide any assurance on it.

Other Reporting Required by *Government Auditing Standards*

In accordance with *Government Auditing Standards*, we have also issued our report dated NEED DATE on our consideration of the City's internal control over financial reporting and our tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements and other matters. The purpose of that report is solely to describe the scope of our testing of internal control over financial reporting and compliance and the results of that testing, and not to provide an opinion on the effectiveness of internal control over financial reporting or on compliance. That report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering the City's internal control over financial reporting and compliance.

Management's Discussion and Analysis

As management of the City of Isanti, Minnesota, (the City), we offer readers of the City's financial statements this narrative overview and analysis of the financial activities of the City for the fiscal year ended December 31, 2018.

Financial Highlights

- The assets and deferred outflows of the City exceeded its liabilities and deferred inflows of resources at the close of the most recent fiscal year by $44,573,393. Of this amount, $6,539,712 (unrestricted net position) may be used to meet the City's ongoing obligations to citizens and creditors.

- The City's total net position increased by $453,461. This was largely a result of operating income within business-type activities of $953,391 as well as capital contributions of $566,517 from connection fees.

- As of the close of the current fiscal year, the City's governmental funds reported combined ending fund balances of $4,074,744, a decrease of $286,736, in comparison with the prior year.

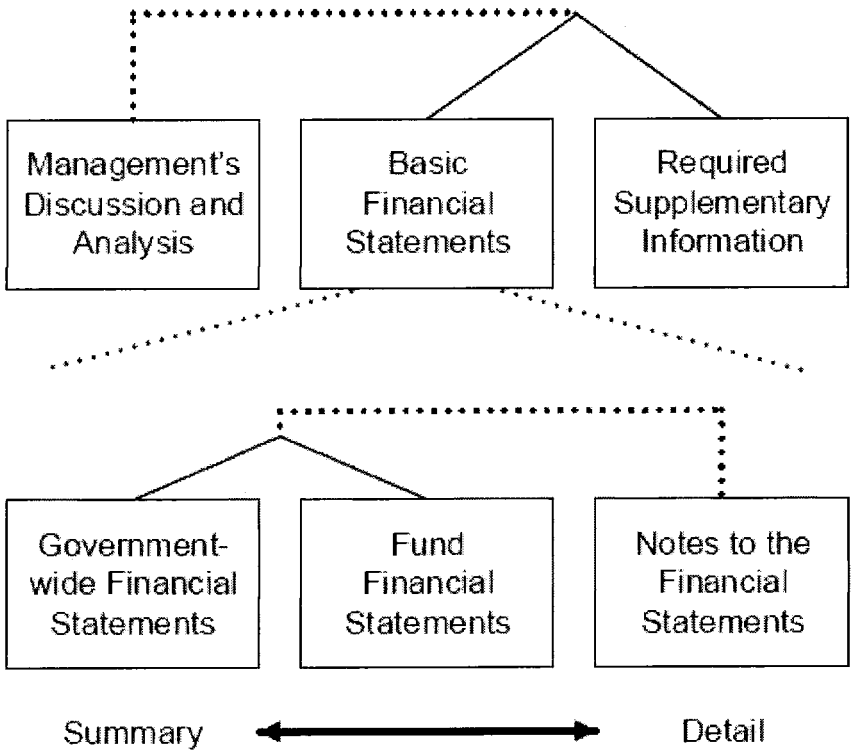
- At the end of the current fiscal year, unassigned fund balance for the General fund was $1,400,273, or 29.7 percent of 2018 expenditures and transfers out.

Overview of the Financial Statements

This discussion and analysis is intended to serve as an introduction to the City's basic financial statements. The City's basic financial statements comprise three components: 1) government-wide financial statements, 2) fund financial statements, and 3) notes to the financial statements. This report also contains other supplemental information in addition to the basic financial statements themselves.

The following chart shows how the required parts of this annual report are arranged and relate to one another. In addition to these required elements, we have included a section with combining and individual fund financial statements and schedules that provide details about nonmajor governmental funds, which are added together and presented in single columns in the basic financial statements.

Organization of the City's Annual Financial Report



The following chart summarizes the major features of the City's financial statements, including the portion of the City's activities they cover and the types of information they contain. The remainder of this overview section of management's discussion and analysis explains the structure and contents of each of the statements.

Major Features of the Government-wide and Fund Financial Statements

		Fund Financial Statements		
	Government-wide Statements	**Governmental Funds**	**Proprietary Funds**	**Fiduciary Funds**
Scope	Entire City government (except fiduciary funds) and the City's component units	The activities of the City that are not proprietary or fiduciary, such as police, fire and parks	Activities the City operates similar to private businesses, such as the water and sewer system	Instances in which the City administers resources on behalf of someone else, such as developers
Required financial statements	• Statement of Net Position • Statement of Activities	• Balance Sheet • Statement of Revenues, Expenditures and Changes in Fund Balances	• Statements of Net Position • Statements of Revenues, Expenses and Changes in Fund Net Position • Statements of Cash Flows	• Statement of fiduciary net position
Accounting basis and measurement focus	Accrual accounting and economic resources focus	Modified accrual accounting and current financial resources focus	Accrual accounting and economic resources focus	Accrual accounting and economic resources focus
Type of asset/liability information	All assets and liabilities, both financial and capital, and short-term and long-term	Only assets expected to be used up and liabilities that come due during the year or soon thereafter; no capital assets included	All assets and liabilities, both financial and capital, and short-term and long-term	All assets and liabilities, both short-term and long-term; fund do not currently contain capital assets, although they can
Type of deferred outflows/inflows of resources information	All deferred outflows/inflows of resources, regardless of when cash is received or paid	Only deferred outflows of resources expected to be used up and deferred inflows of resources that come due during the year or soon thereafter; no capital assets included	All deferred outflows/inflows of resources, regardless of when cash is received or paid	
Type of inflow/out flow information	All revenues and expenses during year, regardless of when cash is received or paid	Revenues for which cash is received during or soon after the end of the year; expenditures when goods or services have been received and the related liability is due and payable	All revenues and expenses during the year, regardless of when cash is received or paid	All additions and deductions during the year, regardless of when cash is received or paid

Government-wide Financial Statements. The *government-wide financial statements* are designed to provide readers with a broad overview of the City's finances, in a manner similar to a private-sector business.

The *statement of net position* presents information on all of the City's assets and deferred inflows and liabilities and deferred outflows, with the difference between the four reported as *net position*. Over time, increases or decreases in net position may serve as a useful indicator of whether the financial position of the City is improving or deteriorating.

The *statement of activities* presents information showing how the City's net position changed during the most recent fiscal year. All changes in net position are reported as soon as the underlying event giving rise to the change occurs, *regardless of the timing of related cash flows*. Thus, revenues and expenses are reported in this statement for some items that will only result in cash flows in future fiscal periods (e.g., uncollected taxes and earned but unused vacation leave).

Both of the government-wide financial statements distinguish functions of the City that are principally supported by taxes and intergovernmental revenue (*governmental activities*) from other functions that are intended to recover all or a significant portion of their costs through user fees and charges (*business-type activities*). The governmental activities of the City include general government, public safety, public works, culture and recreation, economic development and interest on long-term debt. The business-type activities of the City include water, sewer, storm water and a liquor store.

The government-wide financial statements start on page 31 of this report.

Fund Financial Statements. A *fund* is a grouping of related accounts that is used to maintain control over resources that have been segregated for specific activities or objectives. The City, like other state and local governments, uses fund accounting to ensure and demonstrate compliance with finance-related legal requirements. All of the funds of the City can be divided into three categories: governmental funds, proprietary funds and the fiduciary fund.

Governmental Funds. *Governmental funds* are used to account for essentially the same functions reported as *governmental activities* in the government-wide financial statements. However, unlike the government-wide financial statements, governmental fund financial statements focus on *near-term inflows and outflows of spendable resources*, as well as on *balances of spendable resources* available at the end of the fiscal year. Such information may be useful in evaluating a City's near-term financing requirements.

Because the focus of governmental funds is narrower than that of the government-wide financial statements, it is useful to compare the information presented for *governmental funds* with similar information presented for *governmental activities* in the government-wide financial statements. By doing so, readers may better understand the long-term impact by the City's near-term financing decisions. Both the governmental fund balance sheet and the governmental fund statement of revenues, expenditures and changes in fund balances provide a reconciliation to facilitate this comparison between *governmental funds* and *governmental activities*.

The City maintains 35 individual governmental funds, 7 of which are Debt Service funds. Information is presented separately in the governmental fund balance sheet and in the governmental fund statement of revenues, expenditures and changes in fund balances for the General fund and Debt Service fund, both of which are considered to be major funds. Data from the other governmental funds are combined into a single, aggregated presentation. Individual fund data for each of these nonmajor governmental funds is provided in the form of *combining statements or schedules* elsewhere in this report.

The City adopts an annual appropriated budget for its General fund. A budgetary comparison statement has been provided for the General fund to demonstrate compliance with this budget.

The basic governmental fund financial statements start on page 36 of this report.

Proprietary Funds. The City maintains one type of proprietary fund. *Enterprise funds* are used to report the same functions presented as *business-type activities* in the government-wide financial statements. The City uses enterprise funds to account for its water, sewer, liquor store, and storm water.

Proprietary funds provide the same type of information as the government-wide financial statements, only in more detail. The proprietary fund financial statements provide separate information for each of the enterprise funds, all of which are considered to be major funds of the City.

The basic proprietary fund financial statements start on page 42 of this report.

Fiduciary Fund. The fiduciary fund is used to account for resources held for the benefit of parties outside the City. The fiduciary fund is *not* reflected in the government-wide financial statements because the resources of this fund are not available to support the City's own programs.

The basic fiduciary fund financial statement can be found on page 48 of this report.

Notes to the Financial Statements. The notes provide additional information that is essential to a full understanding of the data provided in the government-wide and fund financial statements. The notes to the financial statements start on page 49 of this report.

Other Information. In addition to the basic financial statements and accompanying notes, this report also presents *required supplementary information* concerning the City's progress in funding its obligation to provide pension benefits to its employees. Required supplementary information can be found on page 80 of this report.

The combining statements referred to earlier in connection with nonmajor governmental funds are presented following the notes to the financial statements. Combining and individual fund financial statements and schedules start on page 86 of this report.

Government-wide Financial Analysis

As noted earlier, net position may serve over time as a useful indicator of a government's financial position. In the case of the City, assets and deferred outflows exceeded liabilities and deferred inflows of resources by $44,573,393 at the close of the most recent fiscal year.

By far, the largest portion of the City's net position (79.0 percent) reflects its investment in capital assets (e.g., land, buildings, machinery and equipment); less any related debt used to acquire those assets that is still outstanding. The City uses these capital assets to provide services to citizens; consequently, these assets are not available for future spending. Although the City's investment in its capital assets is reported net of related debt, it should be noted that the resources needed to repay this debt must be provided from other sources, since the capital assets themselves cannot be used to liquidate these liabilities.

An additional portion of the City's net position (6.3 percent) represents resources that are subject to external restrictions on how they may be used. The remaining balance of *unrestricted net position,* $6,539,712, may be used to meet the City's ongoing obligations to citizens and creditors.

At the end of the current fiscal year, the City is able to report positive balances in all three categories of net position, both for the City as a whole, as well as for its separate governmental and business-type activities.

Governmental Activities. The City's net position increased $453,461 during the current fiscal year. Governmental activities decreased the City's net position by $533,411. Significant changes from the prior year are noted below:

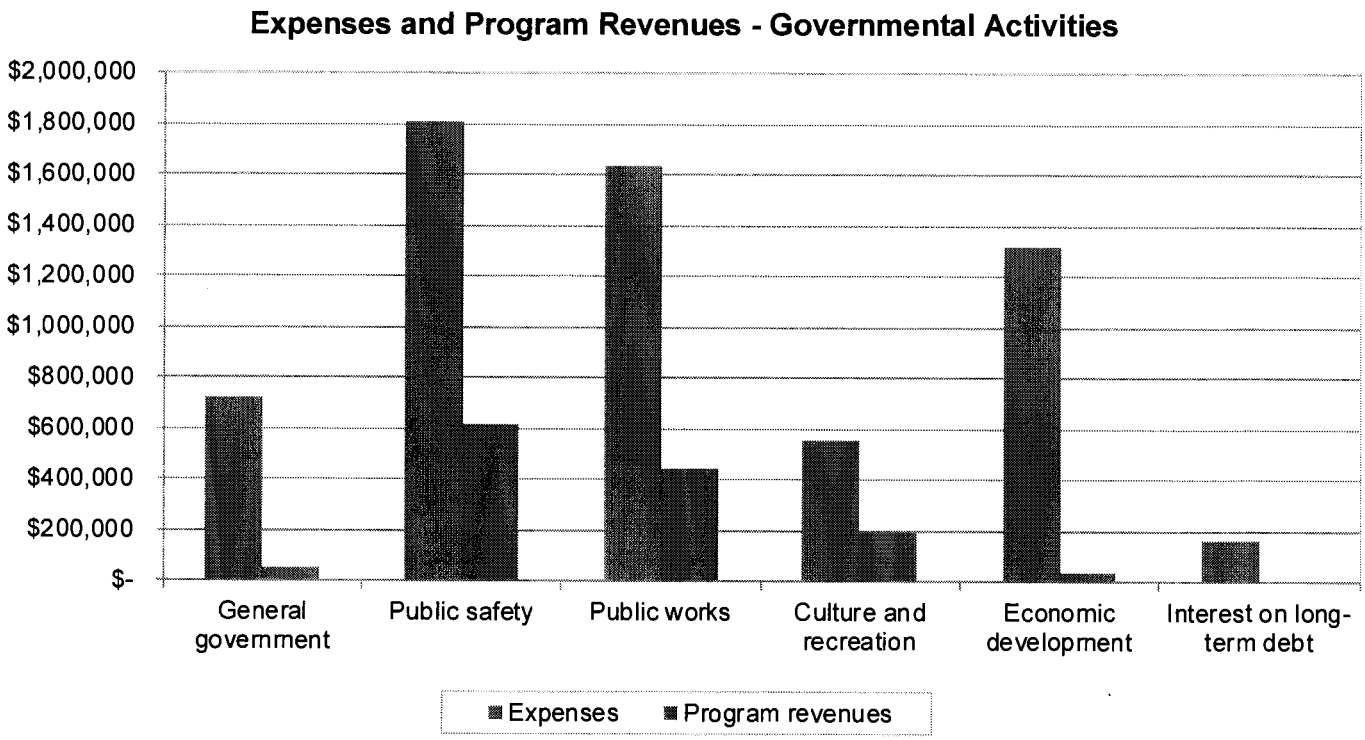
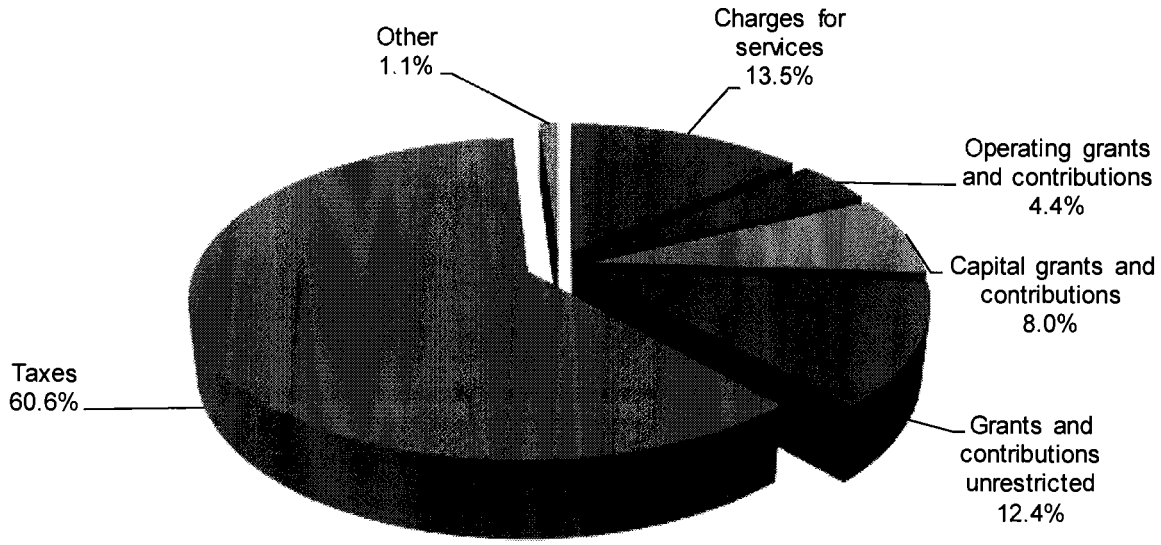
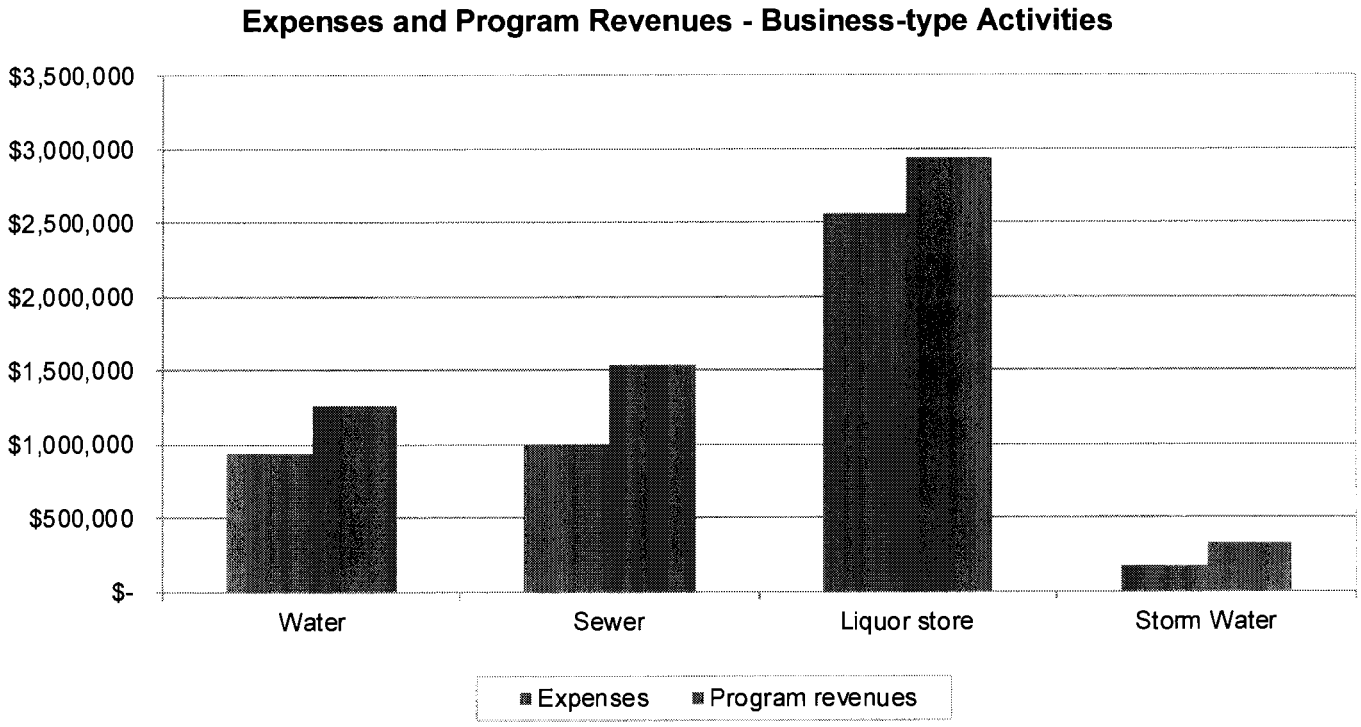
- Property taxes increased $221,506 from the prior year in line with the City's budget and capital improvement plan.
- Economic development expenses increased $1,055,178 during the year due to a business subsidy agreement. The City also recognized a loss on land sold during the year.

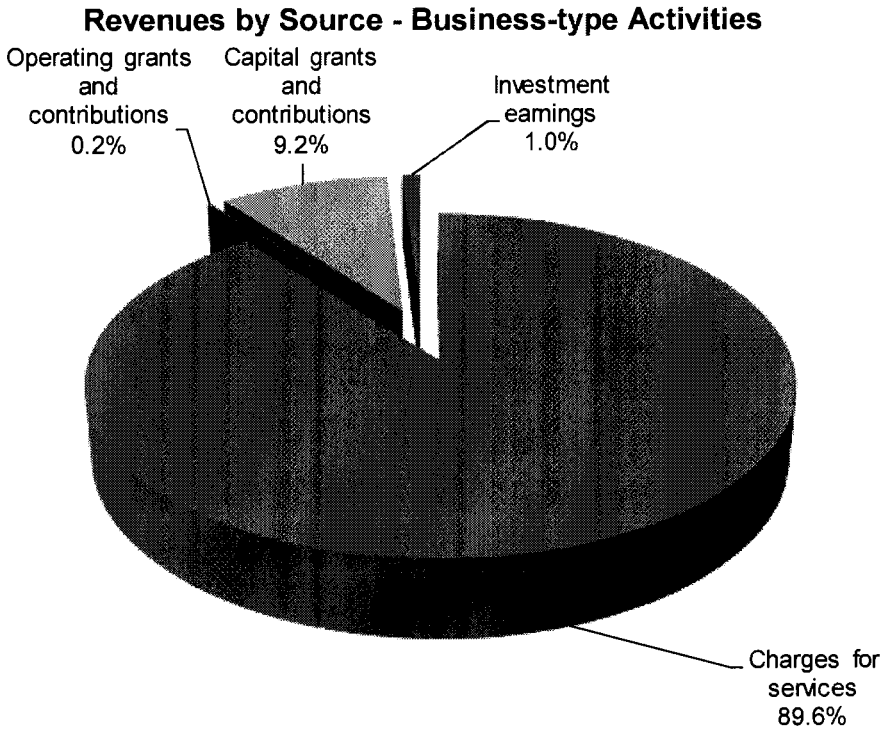
The following graph depicts various governmental activities and shows the revenues and expenses directly related to those activities.





Business-type Activities. Business-type activities increased the City's net position by $986,872. The main reason for the increase was charges for services increased $457,369 from the prior year. Additional information noted below:





Financial Analysis of the City's Funds

As noted earlier, the City uses fund accounting to ensure and demonstrate compliance with finance-related legal requirements.

Governmental Funds. The focus of the City's *governmental funds* is to provide information on near-term inflows, outflows and balances of *spendable* resources. Such information is useful in assessing the City's financing requirements. In particular, *unassigned fund balance* may serve as a useful measure of a government's net resources available for spending at the end of the fiscal year.

As of the end of the current fiscal year, the City's governmental funds reported combined ending fund balances of $4,074,744, a decrease of $286,736 in comparison with the prior year. Of this total amount, 15.0 percent, or $612,611, constitutes unassigned fund balance, which is available for spending at the City's discretion. The remainder of fund balance of $3,462,133 is not available for new spending because it is either 1) nonspendable ($11,333), 2) restricted ($1,561,719), or 3) committed ($1,889,081). For further classification, refer to Note 3F on page 68 of this report.

The General fund is the chief operating fund of the City. As a measure of the General fund's liquidity, it may be useful to compare fund balance to total fund expenditures and transfers out. Fund balance represents 34.0 percent of budgeted 2019 expenditures and transfers out. Of the fund balance, $1,400,273 is unassigned and will be used for cash flow for general operations and will be used to support operations until funds are received in June from the first tax settlement.

The debt service funds decreased $13,325 during the year mainly due to regularly scheduled principal and interest payments exceeding sources during the year.

Proprietary Funds. The City's proprietary funds provide the same type of information found in the government-wide financial statements, but in more detail. Unrestricted net position of the enterprise funds at the end of the year amounted to $6,164,236. Other factors concerning the finances of this fund have already been addressed in the discussion of the City's business-type activities.

General Fund Budgetary Highlights

The City's original General fund budget was amended during the year, increasing expenditures $41,553 and increasing revenues $125,000 with a budget to increase fund balance by $254,202. Revenues were $135,140 over budget. This is primarily due to licenses and permits being more than budgeted by $50,821. Expenditures were over budget by $803,587. The largest variance in the general fund expenditures is due to economic development which was $962,453 over budget. The budget variance is due to recognizing a loss on sold land and business subsidy payments.

Capital Assets and Debt Administration

Capital Assets. The City's investment in capital assets for its governmental and business type activities as of December 31, 2018, amounts to $46,959,912 (net of accumulated depreciation). This investment in capital assets includes land, structures, improvements, machinery and equipment, park facilities, roads and highways.

Major capital asset events during the current fiscal year included the following:

- The Wastewater Treatment Improvement Project was finalized in 2018.
- 2018 Pavement Management Project
- 2018 Street Improvements
- Water Chlorination System
- City purchased 2019 Silverado
- Tennis Court re-surfacing

Additional information on the City's capital assets can be found in Note 3D starting on page 62 of this report.

Long-term Debt. At the end of the current fiscal year, the City had total bonded debt outstanding of $11,643,056. While all of the City's bonds have revenue streams, they are all backed by the full faith and credit of the City.

Minnesota statutes limit the amount of net general obligation debt a City may issue to three percent of the market value of taxable property within the City. Net debt is payable solely from ad valorem taxes and, therefore, excludes debt financed partially or entirely by special assessments, enterprise fund revenues, or tax increments. As of December 31, 2018, the City is under the legal debt margin.

Additional information on the City's long-term debt can be found in Note 3E starting on page 64 of this report.

Economic Factors and Next Year's Budgets and Rates

- Property tax valuations within the City increased in 2018 and have continued to increase for 2019.
- The 2019 budget includes a property tax levy of $2,414,591 which is 12.51% lower than the 2018 levy.
- The 2019 budget includes an amount for Local Government Aid in the amount of $635,435.
- Franchise fees were implemented in 2016 to offset capital improvements, specifically pavement management costs.
- Isanti County has an average unemployment rate for 2018 of 3.8%. This compares with unemployment rates of 2.9% for the State of Minnesota and 3.9% for the United States.

All of these factors were considered in preparing the City's budget for the 2019 fiscal year.

Requests for Information

This financial report is designed to provide a general overview of the City's finances for all those with an interest in the City's finances. Questions concerning any of the information provided in this report or requests for additional financial information should be addressed to the Finance Director, City of Isanti, 110 1st Avenue Northwest, PO Box 428, Isanti, Minnesota 55040.

Reconciliation of the Statement of Revenues, Expenditures and
Changes in Fund Balances to the Statement of Activities
Governmental Funds
For the Year Ended December 31, 2018

Amounts reported for governmental activities in the statement of activities are different because

Total Net Change in Fund Balances - Governmental Funds	$ (286,736)
Capital outlays are reported in governmental funds as expenditures. However, in the statement of activities, the cost of those assets is allocated over the estimated useful lives as depreciation expense.	
Capital outlays	712,158
Depreciation expense	(1,360,449)
Governmental funds report a gain (loss) on sale of capital assets to the extent of cash exchanged, whereas the disposition of the assets book value is included in the total gain (loss) in the statement of activities.	
Gain on trade in	(2,412)
Governmental fund report projects in capital project funds. Some of the capital assets constructed in the project will be maintained from business-type activity funds. The assets are reported as a transfer from the government-activities to the business-type activities.	(261,542)
The issuance of long-term debt provides current financial resources to governmental funds, while the repayment of principal of long-term debt consumes the current financial resources of governmental funds. Neither transaction, however, has any effect on net position.	
Principal repayments	560,000
Amortization of bond premium	3,502
Interest on long-term debt in the statement of activities differs from the amount reported in the governmental funds because interest is recognized as an expenditure in the funds when it is due, and thus requires the use of current financial resources. In the statement of activities, however, interest expense is recognized as the interest accrues, regardless of when it is due.	(3,761)
Long-term pension activity is not reported in governmental funds.	
Pension expense	79,280
OPEB expense	(14,760)
Pension other revenue	11,483
Certain revenues are recognized as soon as they are earned. Under the modified accrual basis of accounting, certain revenues cannot be recognized until they are available to liquidate liabilities of the current period.	
Property taxes	54,603
Special assessments	(20,037)
Some expenses reported in the statement of activities do not require the use of current financial resources and, therefore, are not reported as expenditures in the governmental funds.	
Compensated absences	(4,740)
Change in Net Position - Governmental Activities	$ (533,411)

Note 1: Summary of Significant Accounting Policies

A. Reporting Entity

The City of Isanti, Minnesota (the City) operates under "Optional Plan A" form of government as defined in the State of Minnesota statutes. The City is governed by an elected Mayor and four-member City Council. The City Council exercises legislative authority and determines all matters of policy. The City Council appoints personnel responsible for the proper administration of all affairs relating to the City.

The City has considered all potential units for which it is financially accountable, and other organizations for which the nature and significance of their relationship with the City are such that exclusion would cause the City's financial statements to be misleading or incomplete. The Governmental Accounting Standards Board (GASB) has set forth criteria to be considered in determining financial accountability. These criteria include appointing a voting majority of an organization's governing body, and (1) the ability of the primary government to impose its will on that organization or (2) the potential for the organization to provide specific benefits to, or impose specific financial burdens on the primary government. The blended component units, although legally separate entities are, in substance, part of the City's operations and so data from these units are combined with data of the City. The City has the following component unit:

Blended Component Unit. The Economic Development Authority (EDA) of the City was created pursuant to Minnesota statutes 469.090 through 469.108 to carry out economic and industrial development and redevelopment consistent with policies established by the City Council. The City has the authority to approve and modify the EDA's budget, and the City Council has the ability to veto, overrule, or modify the decisions of the EDA Board of Commissioners. The EDA is governed by a total of seven commissioners, two of which are residents and five are City Council members. The EDA activities are blended and reported as a special revenue fund due to substantively the same governing board and due to the City having operation responsibility. Separate financial statements are not issued for this component unit.

B. Government-wide and Fund Financial Statements

The government-wide financial statements (i.e., the statement of net position and the statement of activities) report information on all of the nonfiduciary activities of the primary government. *Governmental activities,* which normally are supported by taxes and intergovernmental revenues, are reported separately from *business-type activities,* which rely to a significant extent on fees and charges for support.

The statement of activities demonstrates the degree to which the direct expenses of a given function or segment are offset by program revenues. *Direct expenses* are those that are clearly identifiable with a specific function or segment. Amounts reported as *program revenues* include 1) charges to customers or applicants who purchase, use, or directly benefit from goods, services, or privileges provided by a given function or segment and 2) grants and contributions that are restricted to meeting the operational or capital requirements of a particular function or segment. Taxes and other items not properly included among program revenues are reported instead as *general revenues.*

Separate financial statements are provided for governmental funds, proprietary funds, and the fiduciary fund, even though the latter are excluded from the government-wide financial statements. Major individual governmental funds and major individual enterprise funds are reported as separate columns in the fund financial statements.

C. Measurement Focus, Basis of Accounting, and Financial Statement Presentation

The government-wide financial statements are reported using the *economic resources measurement focus* and the *accrual basis of accounting,* as are the proprietary fund financial statements. Revenues are recorded when earned and expenses are recorded when a liability is incurred, regardless of the timing of related cash flows. Property taxes are recognized as revenues in the year for which they are levied. Grants and similar items are recognized as revenue as soon as all eligibility requirements imposed by the provider have been met.

Note 1: Summary of Significant Accounting Policies (Continued)

Governmental fund financial statements are reported using the *current financial resources measurement focus* and the *modified accrual basis of accounting.* Revenues are recognized as soon as they are both measurable and available. Revenues are considered to be *available* when they are collectible within the current period or soon enough thereafter to pay liabilities of the current period. For this purpose, the City considers revenues to be available if they are collected within 60 days of the end of the current fiscal period. Expenditures generally are recorded when a liability is incurred, as under accrual accounting. However, debt service expenditures, as well as expenditures related to compensated absences, and claims and judgments, are recorded only when payment is due.

Property taxes, franchise taxes, licenses and interest associated with the current fiscal period are all considered to be susceptible to accrual and so have been recognized as revenues of the current fiscal period. Only the portion of special assessments receivable due within the current fiscal period is considered to be susceptible to accrual as revenue of the current period. All other revenue items are considered to be measurable and available only when cash is received by the City.

Revenue resulting from exchange transactions, in which each party gives and receives essentially equal value, is recorded on the accrual basis when the exchange takes place. On a modified accrual basis, revenue is recorded in the year in which the resources are measurable and become available.

Non-exchange transactions, in which the City receives value without directly giving equal value in return, include property taxes, grants, entitlement and donations. On an accrual basis, revenue from property taxes is recognized in the year for which the tax is levied. Revenue from grants, entitlements and donations is recognized in the year in which all eligibility requirements have been satisfied. Eligibility requirements include timing requirements, which specify the year when the resources are required to be used or the year when use is first permitted, matching requirements, in which the City must provide local resources to be used for a specified purpose, and expenditure requirements, in which the resources are provided to the City on a reimbursement basis. On a modified accrual basis, revenue from non-exchange transactions must also be available before it can be recognized.

Unearned revenue arises when assets are recognized before revenue recognition criteria have been satisfied. Grants and entitlements received before eligibility requirements are met are also recorded as unearned revenue.

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect certain reported amounts and disclosures. Accordingly, actual results could differ from those estimates.

The City reports the following major governmental funds:

The *General fund* is the City's primary operating fund. It accounts for all financial resources of the general government, except those required to be accounted for in another fund.

The *Debt Service funds* accounts for the accumulation of resources and payment of general obligation bond principal and interest from governmental resources and special assessment bond principal and interest from special assessment levies when the City is obligated in some manner for the payment.

The City reports the following major proprietary funds:

The *Water fund* accounts for the costs associated with the City's water system and ensure that user charges are sufficient to pay for those costs.

The *Sewer fund* accounts for the costs associated with the City's sewer system and ensure that user charges are sufficient to pay for those costs.

The *Liquor Store fund* accounts for the costs associated with the City's liquor operations.

Note 1: Summary of Significant Accounting Policies (Continued)

Additionally, the City reports the following fund types:

Fiduciary fund accounts for assets held by the City in a trustee capacity or as an agent on behalf of others.

The *agency fund* is custodial in nature and does not present results of operations or have a measurement focus. Agency funds are accounted for using the modified accrual basis of accounting. This fund is used to account for assets that the City holds for others in an agency capacity.

As a general rule the effect of interfund activity has been eliminated from government-wide financial statements.

Proprietary funds distinguish *operating* revenues and expenses from *nonoperating* items. Operating revenues and expenses generally result from providing services and producing and delivering goods in connection with a proprietary fund's principal ongoing operations. The principal operating revenues of the City's enterprise funds are charges to customers for sales and services. The City also recognizes as operating revenue the portion of tap fees intended to recover the cost of connecting new customers to the system. Operating expenses for enterprise funds include the cost of sales and services, administrative expenses, and depreciation on capital assets. All revenues and expenses not meeting this definition are reported as nonoperating revenues and expenses.

D. Assets, Deferred Outflows of Resources, Liabilities, Deferred Inflows of Resources, and Net Position/Fund Balance

Deposits and Investments

The City's cash and cash equivalents are considered to be cash on hand, demand deposits and short-term investments with original maturities of three months or less from the date of acquisition. The proprietary funds' portion in the government-wide cash and temporary investments pool is considered to be cash and cash equivalents for purposes of the statement of cash flows.

Cash balances from all funds are pooled and invested, to the extent available, in certificates of deposit and other authorized investments. It is the City's policy to refrain from investing in banks, savings and loan associations or credit unions whose equity to asset ratio is less than 10 percent. Earnings from such investments are allocated on the basis of applicable participation by each of the funds.

The City categorizes its fair value measurements within the fair value hierarchy established by generally accepted accounting principles. The hierarchy is based on the valuation inputs used to measure the fair value of the asset. Level 1 inputs are quoted prices in active markets for identical assets; Level 2 inputs are significant other observable inputs; Level 3 inputs are significant unobservable inputs. The City's recurring fair value measurements are listed in detail on page 59.

The City has the following recurring fair value measurements as of December 31, 2018:

- US Treasury securities of $1,397,330 are valued using quoted market prices (Level 1 inputs)
- Negotiable certificates of deposit of $4,566,440 are valued using a matrix pricing model (Level 2 inputs)

Note 1: Summary of Significant Accounting Policies (Continued)

The City may invest idle funds as authorized by Minnesota statutes, as follows:

1. Direct obligations or obligations guaranteed by the United States or its agencies.

2. Shares of investment companies registered under the Federal Investment Company Act of 1940 and received the highest credit rating, rated in one of the two highest rating categories by a statistical rating agency, and have a final maturity of thirteen months or less.

3. General obligations of a state or local government with taxing powers rated "A" or better; revenue obligations rated "AA" or better.

4. General obligations of the Minnesota Housing Finance Agency rated "A" or better.

5. Obligation of a school district with an original maturity not exceeding 13 months and (i) rated in the highest category by a national bond rating service or (ii) enrolled in the credit enhancement program pursuant to statute section 126C.55.

6. Bankers' acceptances of United States banks eligible for purchase by the Federal Reserve System.

7. Commercial paper issued by United States banks corporations or their Canadian subsidiaries, of highest quality category by at least two nationally recognized rating agencies, and maturing in 270 days or less.

8. Repurchase or reverse repurchase agreements and securities lending agreements with financial institutions qualified as a "depository" by the government entity, with banks that are members of the Federal Reserve System with capitalization exceeding $10,000,000, a primary reporting dealer in U.S. government securities to the Federal Reserve Bank of New York, or certain Minnesota securities broker-dealers.

9. Guaranteed investment contracts (GIC's) issued or guaranteed by a United States commercial bank, a domestic branch of a foreign bank, a United States insurance company, or its Canadian subsidiary, whose similar debt obligations were rated in one of the top two rating categories by a nationally recognized rating agency.

Investment Policy

The City's investment policy incorporates Minnesota statutes as described above which reduces the City's exposure to credit, custodial credit and interest rate risks. Specific risk information for the City is as follows:

- *Credit Risk* is the risk that an issuer or other counterparty to an investment will not fulfill its obligations. Ratings provided by various credit rating agencies where applicable indicate associated credit risk. The City's investments in Government Agencies are fully backed by the U.S. Government and are rated AAA.

- *Custodial Credit Risk* for investments is the risk that, in the event of the failure of the counterparty to a transaction, a government will not be able to recover the value of investment or collateral securities that are in the possession of an outside party. The City limits its exposure to custodial credit risk by purchasing insured or registered investments. It is the City's policy to refrain from investing in banks, savings and loan associations or credit unions whose equity to asset ratio is less than 10%.

- *Concentration of Credit Risk.* Concentration of credit risk is the risk of loss attributed to the magnitude of a government's investment in a single issuer. The City limits investments in any one institution to 5%. The City has invested more than 5 percent of investments in the following issuers: Federal Home Loan Mortgage Corporation (8.056%).

- *Interest Rate Risk* is the risk that changes in interest rates will adversely affect the fair value of an investment. Using the segmented time distribution method, the interest rate risk of these investments ranges from less than 6 months to more than 3 years.

Note 1: Summary of Significant Accounting Policies (Continued)

Property Taxes

The City Council annually adopts a tax levy in December and certifies it to the County for collection in the following year. The County is responsible for collecting all property taxes for the City. These taxes attach an enforceable lien on taxable property within the City on January 1 and are payable by the property owners in two installments. The taxes are collected by the County Auditor and tax settlements are made to the City during January, July and December each year.

Delinquent taxes receivable include the past six years' uncollected taxes. Delinquent taxes have been offset by a deferred inflow of resources for taxes not received within 60 days after year end in the governmental fund financial statements.

Accounts Receivable

Accounts receivable include amounts billed for services provided before year end. Unbilled utility enterprise fund receivables are also included for services provided in 2018. The City annually certifies delinquent water and sewer accounts to the County for collection in the following year. Therefore, there has been no allowance for doubtful accounts established.

Special Assessments

Special assessments represent the financing for public improvements paid for by benefiting property owners. These assessments are recorded as receivables upon certification to the County. Special assessments are recognized as revenue when they are received in cash or within 60 days after year end. All special assessments receivable are offset by a deferred inflow of resources in the governmental fund financial statements.

Interfund Receivables and Payables

Activity between funds that are representative of lending/borrowing arrangements outstanding at the end of the fiscal year are referred to as either "due to/from other funds" (i.e., the current portion of interfund loans) or "advances to/from other funds" (i.e., the non-current portion of interfund loans). All other outstanding balances between funds are reported as "due to/from other funds." Any residual balances outstanding between the governmental activities and business-type activities are reported in the government-wide financial statements as "internal balances."

Inventories and Prepaid Items

Inventories are valued at lower of cost or market, using the first-in, first-out (FIFO) method. Inventories of governmental funds are recorded as expenditures when consumed rather than when purchased.

Certain payments to vendors reflect costs applicable to future accounting periods and are recorded as prepaid items in both government-wide and fund financial statements.

Land Held for Resale

Land held for resale is valued at the lower of the cost or the market value of the property.

Note 1: Summary of Significant Accounting Policies (Continued)

Capital Assets

Capital assets, which include property, plant, equipment and infrastructure assets (e.g., roads, bridges, sidewalks, and similar items) are reported in the applicable governmental or business-type activities columns in the government-wide financial statements. Capital assets are defined by the City as assets with an initial, individual cost of more than $5,000 (amount not rounded) and an estimated useful life in excess of one year.

In the case of initial capitalization of general infrastructure assets (i.e., those reported by governmental activities) the City chose to include items dating back to June 30, 1980. The City was able to estimate the historical cost for the initial reporting of these assets through backtrending (i.e., estimating the current replacement cost of the infrastructure to be capitalized and using an appropriate price-level index to deflate the cost to the acquisition year or estimated acquisition year). As the City constructs or acquires capital assets each period, including infrastructure assets, they are capitalized and reported at historical cost. The reported value excludes normal maintenance and repairs which are essentially amounts spent in relation to capital assets that do not increase the capacity or efficiency of the item or extend its useful life beyond the original estimate. In the case of donations the City values these capital assets at the acquisition value of the item at the date of its donation.

Property, plant and equipment are depreciated using the straight-line method over the following estimated useful lives:

Assets	Useful Lives in Years
Buildings and Structures	40
Infrastructure	10 to 50
Furniture and Equipment	3 to 20
Improvements other than Buildings	10 to 20

Deferred Outflows of Resources

In addition to assets, the statement of net position will sometimes report a separate section for deferred outflows of resources. This separate financial statement element, deferred outflows of resources, represents a consumption of net position that applies to a future period(s) and so will not be recognized as an outflow of resources (expense/expenditure) until then. The City has two items which qualify for reporting in this category. Accordingly, the items, deferred pension resources and deferred other postemployment benefit resources, are reported only in the statement of net position. These items result from actuarial calculations and current year pension contributions and OPEB contributions made subsequent to the measurement dates.

Pensions

For purposes of measuring the net pension liability, deferred outflows/inflows of resources, and pension expense, information about the fiduciary net position of the Public Employees Retirement Association (PERA) and additions to/deductions from PERA's fiduciary net position have been determined on the same basis as they are reported by PERA except that PERA's fiscal year end is June 30. For this purpose, plan contributions are recognized as of employer payroll paid dates and benefit payments and refunds are recognized when due and payable in accordance with the benefit terms. Investments are reported at fair value. The General fund is typically used to liquidate the governmental net pension liability.

Compensated Absences

It is the City's policy to permit employees to accumulate a limited amount of earned but unused vacation, which is paid to the employee upon separation. A portion of unused sick leave may also be paid upon separation from City service. In governmental fund types the cost of these benefits is recognized when payments are made to the employees. The General fund is typically used to liquidate governmental compensated absences payable.

Note 1: Summary of Significant Accounting Policies (Continued)

Postemployment Benefits other than Pensions

Under Minnesota statue 471.61, subdivision 2b., public employers must allow retirees and their dependents to continue coverage indefinitely in an employer-sponsored health care plan, under the following conditions: 1) Retirees must be receiving (or eligible to receive) an annuity from a Minnesota public pension plan, 2) Coverage must continue in a group plan until age 65, and retirees must pay no more than the group premium, and 3) Retirees may obtain dependent coverage immediately before retirement. All premiums are funded on a pay-as-you-go basis. The liability was actuarially determined, in accordance with GASB 75, at January 1, 2018. The General fund is typically used to liquidate governmental other postemployment benefits payable.

Long-term Obligations

In the government-wide financial statements, and proprietary fund types in the fund financial statements, long-term debt and other long-term obligations are reported as liabilities in the applicable governmental activities, business-type activities, or proprietary fund type statement of net position. The recognition of bond premiums and discounts are amortized over the life of the bonds using the straight-line method. Bonds payable are reported net of the applicable bond premium or discount. Bond issuance costs are reported as an expense in the period incurred.

In the fund financial statements, governmental fund types recognized bond premiums and discounts, as well as bond issuance costs, during the current period. The face amount of debt issued is reported as other financing sources. Premiums received on debt issuances are reported as other financing sources while discounts on debt issuances are reported as other financing uses. Issuance costs, whether or not withheld from the actual debt proceeds received, are reported as debt service expenditures.

Deferred Inflows of Resources

In addition to liabilities, the statement of net position and fund financial statements will sometimes report a separate section for deferred inflows of resources. This separate financial statement element, *deferred inflows of resources,* represents an acquisition of net position that applies to a future period(s) and so will not be recognized as an inflow of resources (revenue) until that time. The City has three types of items, *unavailable revenue* and *resources received in advance,* and *deferred pension resources.*

- *Unavailable revenue* arises only under a modified accrual basis of accounting that qualifies as needing to be reported in this category. Accordingly, the item, *unavailable revenue,* is reported only in the governmental funds balance sheet. The governmental funds report unavailable revenues from two sources: property taxes and special assessments. These amounts are deferred and recognized as an inflow of resources in the period that the amounts become available.

- *Resources received in advance* is reported in both the governmental fund financial statements and within the government-wide financial statements. This item is reported for amounts that have been received before time requirements are met, but after all other eligibility requirements have been met.

- *Deferred pension resources* is reported only in the statements of net position and results from actuarial calculations.

The City has an additional item which qualifies for reporting in this category. The item, deferred pension resources, is reported only in the statements of net position and results from actuarial calculations.

Furthermore, the City has additional items which qualify for reporting in this category on the statement of net position. The items, deferred pension resources and deferred other postemployment benefit resources, are reported only in the statement of net position and results from actuarial calculations involving net differences between projected and actual earnings on plan investments and changes in proportions.

Note 1: Summary of Significant Accounting Policies (Continued)

Fund Balance

In the fund financial statements, fund balance is divided into five classifications based primarily on the extent to which the City is bound to observe constraints imposed upon the use of resources reported in the governmental funds. These classifications are defined as follows:

Nonspendable - Amounts that cannot be spent because they are not in spendable form, such as prepaid items.

Restricted - Amounts related to externally imposed constraints established by creditors, grantors or contributors; or constraints imposed by state statutory provisions.

Committed - Amounts constrained for specific purposes that are internally imposed by formal action (resolution) of the City Council, which is the City's highest level of decision-making authority. Committed amounts cannot be used for any other purpose unless the City Council modifies or rescinds the commitment by resolution.

Assigned - Amounts constrained for specific purposes that are internally imposed. In governmental funds other than the General fund, assigned fund balance represents all remaining amounts that are not classified as nonspendable and are neither restricted nor committed. In the General fund, assigned amounts represent intended uses established by the City Council itself or by an official to which the governing body delegates the authority. The City Council has adopted a fund balance policy which delegates the authority to assign amounts for specific purposes to the Finance Committee.

Unassigned - The residual classification for the General fund and also negative residual amounts in other funds.

The City considers restricted amounts to be spent first when both restricted and unrestricted fund balance is available. Additionally, the City would first use committed, then assigned, and lastly unassigned amounts of unrestricted fund balance when expenditures are made. The City has formally adopted a fund balance policy for the General fund. The City's policy is to maintain a minimum unassigned fund balance of 50 percent of the following year's budgeted expenditures and transfers out.

Net Position

Net position represents the difference between assets and deferred outflows of resources and liabilities and deferred inflows of resources. Net position is displayed in three components:

a. Net investment in capital assets - Consists of capital assets, net of accumulated depreciation reduced by any outstanding debt attributable to acquire capital assets.

b. Restricted net position - Consists of net position balances restricted when there are limitations imposed on their use through external restrictions imposed by creditors, grantors, laws or regulations of other governments.

c. Unrestricted net position - All other net position balances that do not meet the definition of "restricted" or "net investment in capital assets".

When both restricted and unrestricted resources are available for use, it is the City's policy to use restricted resources first, then unrestricted resources as they are needed.

Note 2: Stewardship, Compliance and Accountability

A. Budgetary Information

Annual budgets are adopted on a basis consistent with accounting principles generally accepted in the United States of America for the following funds:

- General
- Economic Development Authority
- Water
- Sewer
- Storm Water
- Liquor

All annual appropriations lapse at year end. The City does not use encumbrance accounting.

In May of each year, all departments of the City submit requests for appropriations to the City Administrator so that a budget may be prepared. Before September 30th, the proposed budget is presented to the City Council for review. The City Council holds public hearings and a final budget is prepared and adopted in early December.

The appropriated budget is prepared by fund, function and department. The City's department heads may make transfers of appropriations within a department. Transfers of appropriations between departments require the approval of the City Council. The legal level of budgetary control is the department level. The original budget was amended in 2018 increasing revenues $125,000 and increasing expenditures $41,553 for a total budgeted increase in fund balance of $254,202.

B. Excess of Expenditures Over Appropriations

For the year ended December 31, 2018, expenditures exceeded appropriations in the following fund:

Fund	Budget	Actual	Excess of Expenditures Over Appropriations
General	$ 3,513,971	$ 4,317,558	$ 803,587

C. Deficit Fund Equity

The following funds had deficit fund equity at December 31, 2018.

Fund	Amount
Nonmajor	
Isanti Indoor Arena	$ 178,172
2013 Railroad Avenue & Walk Improvements	5,316
City Parking Improvements	74,687
2017 Palomino Road Southeast Improvements	479,515
Highway 64 and Cajima	42,486

These deficits will be eliminated with future state aid, franchise taxes, and transfers from other funds.

Note 3: Detailed Notes on All Funds

A. Deposits and Investments

Deposits

Custodial credit risk for deposits and investments is the risk that in the event of a bank failure, the City's deposits and investments may not be returned or the City will not be able to recover collateral securities in the possession of an outside party. In accordance with Minnesota statutes and as authorized by the City Council, the City maintains deposits at those depository banks, all of which are members of the Federal Reserve System.

Minnesota statutes require that all City deposits be protected by insurance, surety bond or collateral. The market value of collateral pledged must equal 110 percent of the deposits not covered by insurance, bonds, or irrevocable standby letters of credit from Federal Home Loan Banks. Authorized collateral in lieu of a corporate surety bond includes:

- United States government Treasury bills, Treasury notes, Treasury bonds;
- Issues of United States government agencies and instrumentalities as quoted by a recognized industry quotation service available to the government entity;
- General obligation securities of any state or local government with taxing powers which is rated "A" or better by a national bond rating service, or revenue obligation securities of any state or local government with taxing powers which is rated "AA" or better by a national bond rating service;
- General obligation securities of a local government with taxing powers may be pledged as collateral against funds deposited by that same local government entity;
- Irrevocable standby letters of credit issued by Federal Home Loan Banks to a municipality accompanied by written evidence that the bank's public debt is rated "AA" or better by Moody's Investors Service, Inc., or Standard & Poor's Corporation; and
- Time deposits that are fully insured by any federal agency.

Minnesota statutes require that all collateral shall be placed in safekeeping in a restricted account at a Federal Reserve Bank, or in an account at a trust department of a commercial bank or other financial institution that is not owned or controlled by the financial institution furnishing the collateral. The selection should be approved by the City.

At year end, the City's carrying amount of deposits was $4,552,328 and the bank balance was $5,177,415. Note 4: Defined Benefit Pension Plans - Statewide

A. Plan Description

The City participates in the following cost-sharing multiple-employer defined benefit pension plans administered by the Public Employees Retirement Association of Minnesota (PERA). PERA's defined benefit pension plans are established and administered in accordance with Minnesota statutes, chapters 353 and 356. PERA's defined benefit pension plans are tax qualified plans under Section 401(a) of the Internal Revenue Code.

General Employees Retirement Fund (GERF)

All full-time and certain part-time employees of the City are covered by the General Employees Retirement Fund (GERF). GERF members belong to the Coordinated Plan. Coordinated Plan members are covered by Social Security.

Public Employees Police and Fire Fund (PEPFF)

The PEPFF, originally established for police officers and firefighters not covered by a local relief association, now covers all police officers and firefighters hired since 1980. Effective July 1, 1999, the PEPFF also covers police officers and firefighters belonging to a local relief association that elected to merge with and transfer assets and administration to PERA.

Note 4: Defined Benefit Pension Plans - Statewide (Continued)

B. Benefits Provided

PERA provides retirement, disability and death benefits. Benefit provisions are established by Minnesota statute and can only be modified by the state legislature. Vested, terminated employees who are entitled to benefits but are not receiving them yet are bound by the provisions in effect at the time they last terminated their public service.

GERF Benefits

Benefits are based on a member's highest average salary for any five successive years of allowable service, age, and years of credit at termination of service. Two methods are used to compute benefits for PERA's Coordinated ~~and Basic~~ Plan members. Members hired prior to July 1, 1989 receive the higher of Method 1 or Method 2 formulas. Only Method 2 is used for members hired after June 30, 1989. Under Method 1, the accrual rate for Coordinated members is 1.2 percent of average salary for each of the first 10 years of service and 1.7 percent of average salary for each additional year. Under Method 2, the accrual rate for Coordinated members is 1.7 percent for average salary for all years of service. For members hired prior to July 1, 1989 a full annuity is available when age plus years of service equal 90 and normal retirement age is 65. For members hired on or after July 1, 1989 normal retirement age is the age for unreduced Social Security benefits capped at 66.

Benefit increases are provided to benefit recipients each January. Increases are related to the funding ratio of the plan. If the General Employees Plan is at least 90 percent funded for two consecutive years, benefit recipients are given a 2.5 percent increase. If the plan has not exceeded 90 percent funded, or have fallen below 80 percent, benefit recipients are given a one percent increase. A benefit recipient who has been receiving a benefit for at least 12 full months as of June 30 will receive a full increase. Members receiving benefits for at least one month but less than 12 full months as of June 30 will receive a pro rata increase.

PEPFF Benefits

Benefits for the PEPFF members first hired after June 30, 2010, but before July 1, 2014, vest on a prorated basis from 50 percent after five years up to 100 percent after ten years of credited service. Benefits for PEPFF members first hired after June 30, 2014 vest on a prorated basis from 50 percent after ten years up to 100 percent after twenty years of credited service. The annuity accrual rate is 3.0 percent of average salary for each year of service. A full, unreduced pension is earned when members are age 55 and vested, or for members who were first hired prior to July 1, 1989, when age plus years of service equal at least 90.

Benefit increases are provided to benefit recipients each January. Police and Fire Plan benefit recipients receive a future annual 1.0 percent increase. An annual adjustment will equal 2.5 percent any time the plan exceeds a 90 percent funded ratio for two consecutive years. If the adjustment is increased to 2.5 percent and the funded ratio falls below 80 percent for one year or 85 percent for two consecutive years, the post-retirement benefit increase will be lowered to one percent. A benefit recipient who has been receiving a benefit for at least 12 full months as of June 30 will receive a full increase. Members receiving benefits for at least one month but less than 12 full months as of June 30 will receive a pro rata increase. For retirements after May 31, 2014, the first increase will be delayed two years.

C. Contributions

Minnesota statutes chapter 353 sets the rates for employer and employee contributions. Contribution rates can only be modified by the state legislature.

GERF Contributions

Plan members were required to contribute 6.50 percent of their annual covered salary and the City was required to contribute 7.50 percent of pay for Coordinated Plan members in fiscal year 2018. The City's contributions to the GERF for the years ending December 31, 2018, 2017 and 2016 were $108,556, $104,864 and $105,054, respectively. The City's contributions were equal to the required contributions for each year as set by Minnesota statute.

Note 4: Defined Benefit Pension Plans - Statewide (Continued)

PEPFF Contributions

Plan members were required to contribute 10.80 percent of their annual covered salary in calendar year 2018. The City was required to contribute 16.20 percent of pay for PEPFF members in calendar year 2018. The City's contributions to the PEPFF for the years ending December 31, 2018, 2017 and 2016 were $104,266, $113,975 and $110,692, respectively. The City's contributions were equal to the required contributions for each year as set by Minnesota statute.

D. Pension Costs

GERF Pension Costs

At December 31, 2018, the City reported a liability of $1,209,375 for its proportionate share of the GERF's net pension liability. The City's net pension liability reflected a reduction due to the State of Minnesota's contribution of $16 million to the fund in 2016. The State of Minnesota is considered a non-employer contributing entity and the State's contribution meets the definition of a special funding situation. The State of Minnesota's proportionate share of the net pension liability associated with the City totaled $39,643. The net pension liability was measured as of June 30, 2018, and the total pension liability used to calculate the net pension liability was determined by an actuarial valuation as of that date. The City's proportionate share of the net pension liability was based on the City's contributions received by PERA during the measurement period for employer payroll paid dates from July 1, 2017 through June 30, 2018 relative to the total employer contributions received from all of PERA's participating employers. At June 30, 2018, the City's proportionate share was 0.0218 percent which was an increase of 0.0002 percent from its proportion measured as of June 30, 2017.

For the year ended December 31, 2018, the City recognized pension expense of $166,403 for its proportionate share of GERF's pension expense. In addition, the City recognized an additional $9,245 as pension expense (and grant revenue) for its proportionate share of the State of Minnesota's contribution of $16 million to the GERF.

At December 31, 2018, the City reported its proportionate share of GERF's deferred outflows of resources and deferred inflows of resources, and its contributions subsequent to the measurement date, from the following sources:

	Deferred Outflows of Resources	Deferred Inflows of Resources
Differences between Expected and Actual Economic Experience	$ 32,051	$ 37,066
Changes in Actuarial Assumptions	116,149	135,886
Net Difference between Projected and Actual Earnings on Plan Investments	-	123,124
Changes in Proportion	24,904	11,070
Contributions to GERF Subsequent to the Measurement Date	53,803	-
Total	$ 226,907	$ 307,146

Note 4: Defined Benefit Pension Plans - Statewide (Continued)

Deferred outflows of resources totaling $53,803 related to pensions resulting from the City's contributions to GERF subsequent to the measurement date will be recognized as a reduction of the net pension liability in the year ended December 31, 2019. Other amounts reported as deferred outflows and inflows of resources related to GERF pensions will be recognized in pension expense as follows:

2019	$ 40,064
2019	(54,847)
2020	(94,010)
2021	(25,249)

PEPFF Pension Costs

At December 31, 2018, the City reported a liability of $657,658 for its proportionate share of the PEPFF's net pension liability. The net pension liability was measured as of June 30, 2018, and the total pension liability used to calculate the net pension liability was determined by an actuarial valuation as of that date. The City's proportion of the net pension liability was based on the City's contributions received by PERA during the measurement period for employer payroll paid dates from July 1, 2017 through June 30, 2018 relative to the total employer contributions received from all of PERA's participating employers. At June 30, 2018, the City's proportionate share was 0.0617 percent which was a decrease of 0.0002 percent from its proportion measured as of June 30, 2017.

For the year ended December 31, 2018, the City recognized pension expense of $86,114 for its proportionate share of PEPFF's pension expense. The City also recognized $5,553 for the year ended December 31, 2018, as pension revenue for its proportionate share of the State of Minnesota's on-behalf contributions to the PEPFF. Legislation passed in 2013 required the State of Minnesota to begin contributing $9 million to the PEPFF each year, starting in fiscal year 2014.

At December 31, 2018, the City reported its proportionate share of PEPFF's deferred outflows of resources and deferred inflows of resources, and its contributions subsequent to the measurement date, from the following sources:

	Deferred Outflows of Resources	Deferred Inflows of Resources
Differences between Expected and Actual Economic Experience	$ 26,699	$ 145,132
Changes in Actuarial Assumptions	843,944	968,159
Net Difference between Projected and Actual Earnings on Plan Investments	-	156,470
Changes in Proportion	72,930	131,462
Contributions to PEPFF Subsequent to the Measurement Date	55,721	-
Total	$ 999,294	$ 1,401,223

Note 4: Defined Benefit Pension Plans - Statewide (Continued)

Deferred outflows of resources totaling $55,721 related to pensions resulting from the City's contributions to PEPFF subsequent to the measurement date will be recognized as a reduction of the net pension liability in the year ended December 31, 2019. Other amounts reported as deferred outflows and inflows of resources related to GERF pensions will be recognized in pension expense as follows:

2019	$ 16,360
2020	(48,123)
2021	(99,654)
2022	(298,664)

Total Pension Expense

The total pension expense for all plans recognized by the City for the year ended December 31, 2018, was $175,648.

E. Actuarial Assumptions

The total pension liability in the June 30, 2018 actuarial valuation was determined using the following actuarial assumptions:

Inflation	2.50% per year
Active Member Payroll Growth	3.25% per year
Investment Rate of Return	7.50%

Salary increases were based on a service-related table. Mortality rates for active members, retirees, survivors and disabilitants were based on RP-2014 tables for all plans for males or females, as appropriate, with slight adjustments to fit PERA's experience. Cost of living benefit increases for retirees are assumed to be: 1 percent per year for the GERF through 2044 and PEPFF through 2064 and then 2.5 percent thereafter for both plans.

Actuarial assumptions used in the June 30, 2018 valuation were based on the results of actuarial experience studies. The most recent four-year experience study in the GERF was completed in 2015. The most recent five-year experience study for PEPFF was completed in 2016.

The following changes in actuarial assumptions occurred in 2018:

GERF

- The mortality projection scale was changed from MP-2015 to MP-2017.
- The assumed benefit increase was changed from 1.0 percent per year through 2044 and 2.50 percent per year thereafter to 1.25 percent per year.

PEPFF

- The mortality projection scale was changed from MP-2016 to MP-2017.
- As set by statute, the assumed post-retirement benefit increase was changed from 1.0 percent per year through 2064 and 2.5 percent per year, thereafter, to 1.0 percent for all years, with no trigger.

Note 4: Defined Benefit Pension Plans - Statewide (Continued)

The State Board of Investment, which manages the investments of PERA, prepares an analysis of the reasonableness on a regular basis of the long-term expected rate of return using a building-block method in which best-estimate ranges of expected future rates of return are developed for each major asset class. These ranges are combined to produce an expected long-term rate of return by weighting the expected future rates of return by the target asset allocation percentages. The target allocation and best estimates of geometric real rates of return for each major asset class are summarized in the following table:

Asset Class	Target Allocation	Long-term Expected Real Rate of Return
Domestic Stocks	36.00 %	5.10 %
International Stocks	17.00	5.30
Bonds (Fixed Income)	20.00	0.75
Alternative Assets (Private Markets)	25.00	5.90
Cash	2.00	-
Total	100.00 %	

F. Discount Rate

The discount rate used to measure the total pension liability in 2018 was 7.50 percent. The projection of cash flows used to determine the discount rate assumed that contributions from plan members and employers will be made at rates set in Minnesota statutes. Based on these assumptions, the fiduciary net position of the GERF and PEPFF were projected to be available to make all projected future benefit payments of current plan members. Therefore, the long-term expected rate of return on pension plan investments was applied to all periods of projected benefit payments to determine the total pension liability.

G. Pension Liability Sensitivity

The following presents the City's proportionate share of the net pension liability for all plans it participates in, calculated using the discount rate disclosed in the preceding paragraph, as well as what the City's proportionate share of the net pension liability would be if it were calculated using a discount rate 1 percentage point lower or 1 percentage point higher than the current discount rate:

	1 Percent Decrease (6.50%)	Current (7.50%)	1 Percent Increase (8.50%)
GERF	$ 1,965,389	$ 1,209,375	$ 585,307
PEPFF	1,410,061	657,658	35,453

H. Pension Plan Fiduciary Net Position

Detailed information about each pension plan's fiduciary net position is available in a separately-issued PERA financial report that includes financial statements and required supplementary information. That report may be obtained on the Internet at www.mnpera.org.

Note 5: Postemployment Benefits other than Pensions

A. Plan Description

The City operates a single-employer retiree benefit plan ("the Plan") that provides health, life and dental insurance to eligible employees and their families through the City's health insurance plan. The full cost of the benefits is covered by the plan. Benefit and eligibility provisions are established through negotiations between the City and various unions representing City employees and are renegotiated each two-year bargaining period. The Plan does not issue a publicly available report. At December 31, 2018, the 31 active plan members/employees were covered by the benefit terms.

B. Funding Policy

OPEB benefits have historically been funded on a pay-as-you-go basis (PAYGO). Plan sponsors may set up a trust and pre-fund the benefits. There is no requirement to pre-fund benefit. However, continuing on a PAYGO basis will create a Total OPEB Liability (TOL) on the balance sheet. Results throughout the report assume continued funding under PAYGO. The overall single discount rate is 3.30%.

C. Actuarial Methods and Assumptions

The City's total OPEB liability of $275,219 was measured as of December 31, 2018, and the total OPEB liability used to calculate the total OPEB liability was determined by an actuarial valuation as of January 1, 2018. Roll forward procedures were used to roll forward the total OPEB liability to the measurement date.

The total OPEB liability in the January 1, 2018 actuarial valuation was determined using the following actuarial assumptions, applied to all periods included in the measurement, unless otherwise specified:

Discount Rate	3.30%
20-Year Municpal Bond Yield	3.30%
Inflation Rate	2.50%
Salary Increases	3.00%
Medical Trend Rate	6.50% as of January 1, 2018 grading to 5.00% over 6 y

The discount rate is based on the estimated yield of 20-Year AA-rated municipal bonds. The overall single discount rate is 3.30%. Mortality rates were based on the RP-2014 White Collar Mortality Tables with MP-2017 Generational Improvement Scale. The actuarial assumptions used in the December 31, 2018 valuation were based on input from a variety of published sources of historical and projected future financial data. Each assumption was reviewed for reasonableness with the source information as well as for consistency with the other economic assumptions.

D. Changes in the Total OPEB Liability

	Total OPEB Liability (a)
Balances at December 31, 2017	$ 238,311
Changes for the Year:	
Service cost	28,117
Interset	8,791
Benefit payments	-
Net Changes	36,908
Balances at December 31, 2018	$ 275,219

Due to this being the first valuation, there are no assumption changes.

Note 5: Postemployment Benefits other than Pensions (Continued)

E. Sensitivity of the Total OPEB Liability

The following presents the total OPEB liability of the City, as well as what the City's total OPEB liability would be if it were calculated using a discount rate that is 1-percentage point lower (2.30 percent) or 1-percentage-point higher (4.30 percent) than the current discount rate:

1 Percent Decrease (2.3%)	Current (3.3%)	1 Percent Increase (4.3%)
$ 301,141	$ 275,219	$ 251,032

The following presents the total OPEB liability of the City, as well as what the City's total OPEB liability would be if it were calculated using a Healthcare Cost Trent Rates that is 1-percentage point lower (5.50 percent decreasing to 4.00 percent) or 1-percentage-point higher (7.50 percent increasing to 6.00 percent) than the current discount rate:

1 Percent Decrease (5.5% Decreasing to 4%)	Healthcare Cost Trend Rates (6.5% Decreasing to 5%)	1 Percent Increase (7.5% Decreasing to 6%)
$ 239,343	$ 275,219	$ 317,370

F. OPEB Expense

For the year ended December 31, 2018, the City recognized OPEB expense of $36,908. There are no deferred inflows or outflows associated with the OPEB plan.

Note 6: Other Information

A. Legal Debt Margin

In accordance with Minnesota statutes, the City may not incur or be subject to net debt in excess of three percent of the estimated market value of taxable property within the City. Net debt is payable solely from ad valorem taxes and, therefore, excludes debt financed partially or entirely by special assessments, enterprise fund revenues, or tax increments. As of December 31, 2018, the City is under the legal debt margin.

B. Risk Management

The City is exposed to various risks of loss related to torts; theft of, damage to and destruction of assets; errors and omissions; injuries to employees; and natural disasters for which the City carries insurance. The City obtains insurance through participation in the League of Minnesota Cities Insurance Trust (LMCIT), which is a risk sharing pool with approximately 800 other governmental units. The City pays an annual premium to LMCIT for its workers compensation and property and casualty insurance. The LMCIT is self-sustaining through member premiums and will reinsure for claims above a prescribed dollar amount for each insurance event. Settled claims have not exceeded the City's coverage in any of the past three fiscal years.

Liabilities are reported when it is probable that a loss has occurred and the amount of the loss can be reasonably estimated. Liabilities, if any, include an amount for claims that have been incurred but not reported (IBNRs). The City's management is not aware of any incurred but not reported claims.

C. Isanti Area Joint Operating Fire Board District

In October of 2002, the City and the towns of Athens, Bradford, Isanti, Oxford, Spencer Brook and Stanford, entered a joint powers agreement to acquire and pay for new fire department substations in the townships. The City shall deposit in advance quarterly contributions with the treasurer of the Isanti Area Joint Operating Fire fund. The amount of the quarterly contributions to the fund shall be according to the proportions established in the fire protection contract. Upon termination of the agreement, any real property or buildings owned by the Board shall become the sole property of the City or Township in which the property lies. The City contributed $224,513 to the Board in 2018. The City's equity interest and its share of the net income (loss) of the District is not measurable and it is not explicit; therefore, no equity interest is reported in the government-wide financial statements.

D. Cambridge-Isanti Bike-Walk Trail

On September 8, 2008, the City entered into a joint and cooperative agreement with Isanti County, Isanti Township, and the City of Cambridge for the construction, operation, and maintenance of a bike-walk trail that connects the cities of Cambridge and Isanti. The trail was constructed with Federal and State grants received by Isanti County and the City of Cambridge. Isanti is responsible for maintaining and operating the part of the trail lying south of the centerline of the right of way of 301st Avenue. The agreement will terminate after 20 years. The City contributed $7,500 to the cooperative during 2018.

E. North Trunk Highway 65 Corridor Coalition

On September 19, 2006, the City of Isanti joined the North Trunk Highway 65 Corridor Coalition. The Coalition consists of cities, counties, and towns from Highway 10 in Blaine to the northern reaches of Kanabec County. The agreement states that the City must support the preservation and upgrade of the corridor to meet future transportation needs for various modes including, but not limited to, highway improvements, bus improvements, commuter, freight rail, multi-use paths, and Intelligent Transportation Systems (ITS).

Note 7: Commitments and Contingencies

A. Concentrations

The City receives a significant amount of its annual General fund revenue from the State of Minnesota from the Local Government Aid (LGA). The amount received in 2018 was $631,811 for LGA. This accounted for 17.2 percent of General fund revenues.

B. Tax Increment Districts

The City's tax increment districts are subject to review by the State of Minnesota Office of the State Auditor (OSA). Any disallowed claims or misuse of tax increments could become a liability of the applicable fund. Management has indicated that they are not aware of any instances of noncompliance which would have a material effect on the financial statements.

Note 8: Change in Accounting Principle

During fiscal year 2018, the City implemented a new accounting pronouncement issued by the Government Accounting Standards Board (GASB), Statement No. 75, *Accounting and Financial Reporting for Postemployment Benefits Other Than Pensions*. These standards required a retroactive implementation which resulted in the restatement of beginning balances in the December 31, 2018 financial statements. Changes related to these standards are reflected in the financial statements and schedules and related disclosures are included in Note 1.

As a result of the restatement of beginning balances, the following schedule reconciles the previously reported December 31, 2017 balances to the December 31, 2018 financial statements:

	December 31, 2018		
Fund	Net Position January 1, 2018 as Previously Reported	Prior Period Restatement	Net Position January 1, 2018 as Restated
Governmental Activities	$ 18,018,076	$ (169,004)	$ 17,849,072

Notes to the Required Supplementary Information - General Employee Retirement Fund

Changes in Actuarial Assumptions

2018 - The mortality projection scale was changed from MP-2015 to MP-2017. The assumed benefit increase was changed from 1.00 percent per year through 2044 and 2.50 percent per year thereafter to 1.25 percent per year.

2017 - The Combined Service Annuity (CSA) loads were changed from 0.8 percent for active members and 60 percent for vested and non-vested deferred members. The revised CSA loads are now 0.0 percent for active member liability, 15.0 percent for vested deferred member liability and 3.0 percent for non-vested deferred member liability. The assumed post-retirement benefit increase rate was changed from 1.0 percent per year for all years to 1.0 percent per year through 2044 and 2.5 percent per year thereafter.

2016 - The assumed post-retirement benefit increase rate was changed from 1.0 percent per year through 2035 and 2.5 percent per year thereafter to 1.0 percent per year for all future years. The assumed investment return was changed from 7.9 percent to 7.5 percent. The single discount rate was changed from 7.9 percent to 7.5 percent. Other assumptions were changed pursuant to the experience study dated June 30, 2015. The assumed future salary increases, payroll growth and inflation were decreased by 0.25 percent to 3.25 percent for payroll growth and 2.50 percent for inflation.

2015 - The assumed post-retirement benefit increase rate was changed from 1.0 percent per year through 2030 and 2.5 percent per year thereafter to 1.0 percent per year through 2035 and 2.5 percent per year thereafter.

Changes in Plan Provisions

2017 - The State's special funding contribution increased from $6 million to $16 million.

2015 - On January 1, 2015, the Minneapolis Employees Retirement Fund was merged into the General Employees Fund, which increased the total pension liability by $1.1 billion and increased the fiduciary plan net position by $892 million. Upon consolidation, state and employer contributions were revised.

Changes in Actuarial Assumptions

2018 - The mortality projection scale was changed from MP-2016 to MP-2017. As set by statute, the assumed post-retirement benefit increase was changed from 1.0 percent per year through 2064 and 2.5 percent per year, thereafter, to 1.0 percent for all years, with no trigger.

2017 - Assumed salary increases were changed as recommended in the June 30, 2016 experience study. The net effect is proposed rates that average 0.34 percent lower than the previous rates. Assumed rates of retirement were changed, resulting in fewer retirements. The Combined Service Annuity (CSA) load was 30 percent for vested and non-vested deferred members. The CSA has been changed to 33 percent for vested members and 2 percent for non-vested members. The base mortality table for healthy annuitants was changed from the RP-2000 fully generational table to the RP-2014 fully generational table (with a base year of 2006), with male rates adjusted by a factor of 0.96. The mortality improvement scale was changed from Scale AA to Scale MP-2016. The base mortality table for disabled annuitants was changed from the RP-2000 disabled mortality table to the mortality tables assumed for healthy retirees. Assumed termination rates were decreased to 3.0 percent for the first three years of service. Rates beyond the select period of three years were adjusted, resulting in more expected terminations overall. Assumed percentage of married female members was decreased from 65 percent to 60 percent. Assumed age difference was changed from separate assumptions for male members (wives assumed to be three years younger) and female members (husbands assumed to be four years older) to the assumption that males are two years older than females. The assumed percentage of female members electing joint and survivor annuities was increased. The assumed post-retirement benefit increase rate was changed from 1.00 percent for all years to 1.00 percent per year through 2064 and 2.50 percent thereafter. The single discount rate was changed from 5.6 percent to 7.5 percent.

2016 - The assumed post-retirement benefit increase rate was changed from 1.0 percent per year through 2037 and 2.5 percent per year thereafter to 1.0 percent per year for all future years. The assumed investment return was changed from 7.9 percent to 7.5 percent. The single discount rate was changed from 7.9 percent to 5.6 percent. The assumed future salary increases, payroll growth and inflation were decreased by 0.25 percent to 3.25 percent for payroll growth and 2.50 percent for inflation.

2015 - The assumed post-retirement benefit increase rate was changed from 1.0 percent per year through 2030 and 2.5 percent per year thereafter to 1.0 percent per year through 2037 and 2.5 percent per year thereafter.

Changes in Plan Provisions

2015 - The post-retirement benefit increase to be paid after attainment of the 90 percent funding threshold was changed, from inflation up to 2.5 percent, to a fixed rate of 2.5 percent.

INDEPENDENT AUDITOR'S REPORT
ON MINNESOTA LEGAL COMPLIANCE

Honorable Mayor and City Council
City of Isanti, Minnesota

We have audited, in accordance with auditing standards generally accepted in the United States of America, and the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States, the financial statements of the governmental activities, the business-type activities, each major fund and the aggregate remaining fund information of the City of Isanti, Minnesota (the City) as of and for the year ended December 31, 2018, and the related notes to the financial statements, and have issued our report thereon dated NEED DATE.

The *Minnesota Legal Compliance Audit Guide for Cities*, promulgated by the State Auditor pursuant to Minnesota Statute §6.65, contains seven categories of compliance to be tested: contracting and bidding, deposits and investments, conflicts of interest, public indebtedness, claims and disbursements, miscellaneous provisions, and tax increment financing. Our audit considered all of the listed categories.

In connection with our audit, nothing came to our attention that caused us to believe that the City failed to comply with the provisions of the *Minnesota Legal Compliance Audit Guide for Cities,* except as noted on the Schedule of Findings and Responses as findings 2018-001. However, our audit was not directed primarily toward procedures, other matters may have come to our attention regarding the City's noncompliance with the above referenced provisions. Accordingly, had we performed additional procedures, other matters may have come to our attention regarding the City's noncompliance with the above referenced provisions.

The City's responses to the findings identified in our audit are described in the accompanying Schedule of Findings and Responses. The City's responses were not subjected to the auditing procedures applied in the audit of the financial statements and, accordingly, we express no opinion on them.

This report is intended solely for the information and use of the City Council, management of the City, and the Minnesota Office of the State Auditor and is not intended to be and should not be used by anyone other than these specified parties.

INDEPENDENT AUDITOR'S REPORT ON INTERNAL CONTROL OVER FINANCIAL REPORTING AND ON COMPLIANCE AND OTHER MATTERS BASED ON AN AUDIT OF FINANCIAL STATEMENTS PERFORMED IN ACCORDANCE WITH *GOVERNMENT AUDITING STANDARDS*

Honorable Mayor and City Council
City of Isanti, Minnesota

We have audited, in accordance with the auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards* issued by the Comptroller General of the United States, the financial statements of the governmental activities, the business-type activities, each major fund and the aggregate remaining fund information of the City of Isanti, Minnesota (the City), as of and for the year ended December 31, 2018, and the related notes to the financial statements, which collectively comprise the City's basic financial statements and have issued our report thereon dated NEED DATE.

Internal Control Over Financial Reporting

In planning and performing our audit of the financial statements, we considered the City's internal control over financial reporting (internal control) to determine the audit procedures that are appropriate in the circumstances for the purpose of expressing our opinions on the financial statements, but not for the purpose of expressing an opinion on the effectiveness of the City's internal control. Accordingly, we do not express an opinion on the effectiveness of the City's internal control.

Our consideration of internal control was for the limited purpose described in the preceding paragraph and was not designed to identify all deficiencies in internal control that might be material weaknesses or significant deficiencies and therefore, material weaknesses or significant deficiencies may exist that were not identified However, as described in the accompanying Schedule of Findings and Responses, we identified certain deficiencies in internal control that we consider to be a material weakness and a significant deficiency.

A deficiency in internal control exists when the design or operation of a control does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct, misstatements on a timely basis. A material weakness is a deficiency, or a combination of deficiencies, in internal control such that there is a reasonable possibility that a material misstatement of the entity's financial statements will not be prevented, or detected and corrected on a timely basis. We consider the deficiency described in the accompanying Schedule of Findings and responses as item 2018-002 to be a material weakness.

A significant deficiency is a deficiency, or a combination of deficiencies, in internal control that is less severe than a material weakness, yet important enough to merit attention by those charged with governance. We consider the deficiency described in the accompanying Schedule of Findings and Responses as item 2018-001 to be a significant deficiency.

5201 Eden Avenue, Suite 250
Edina, MN 55436
952.835.9090 | Fax 952.835.3261

Compliance and Other Matters

As part of obtaining reasonable assurance about whether the City's financial statements are free from material misstatement, we performed tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements, noncompliance with which could have a direct and material effect on the determination of financial statement amounts. However, providing an opinion on compliance with those provisions was not an objective of our audit, and accordingly, we do not express such an opinion. The results of our tests disclosed one instance of noncompliance as item 2018-003 and identified no other matters that are required to be reported under *Government Auditing Standards.*

The City's Response to the Finding

The City's response to the finding identified in our audit are described in the accompanying Schedule of Findings and Responses. The City's response was not subjected to the auditing procedures applied in the audit of the financial statements and, accordingly, we express no opinion on them.

Purpose of this Report

The purpose of this report is solely to describe the scope of our testing of internal control and compliance and the results of that testing, and not to provide an opinion on the effectiveness of the City's internal control or on compliance. This report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering the City's internal control and compliance. Accordingly, this communication is not suitable for any other purpose.

City of Isanti, Minnesota
Schedule of Findings and Responses
For the Year Ended December 31, 2018

Finding	Description
2018-001	**Preparation of Financial Statements**
Condition:	As in prior years, we were requested to draft the audited financial statements and related footnote disclosures as part of our regular audit services. Recent auditing standards require auditors to communicate this situation to the City Council as an internal control deficiency. Ultimately, it is management's responsibility to provide for the preparation of your statements and footnotes, and the responsibility of the auditor to determine the fairness of presentation of those statements. It is our responsibility to inform you that this deficiency could result in a material misstatement to the financial statements that could have been prevented or detected by your management. Essentially, the auditors cannot be part of your internal control process.
Criteria:	Internal controls should be in place to provide reasonable assurance over the reliability of financial records and reporting.
Cause:	From a practical standpoint, we both prepare your statements and determine the fairness of that presentation at the same time in connection with our audit. This is not unusual for us to do with organizations of your size.
Effect:	The effectiveness of the internal control system relies on enforcement by management. The effect of deficiencies in internal controls can result in undetected errors in financial reporting. We have instructed management to review a draft of the auditor prepared financials in detail for accuracy; we have answered any questions that management might have, and have encouraged research of any accounting guidance in connection with the adequacy and appropriateness of classification of disclosures in your statements. We are satisfied that the appropriate steps have been taken to provide you with the completed financial statements.
Recommendation:	Under these circumstances, the most effective controls lie in management's knowledge of the City's financial operations. It is the responsibility of management and those charged with governance to make the decision whether to accept the degree of risk associated with this condition because of cost and other considerations. Regarding the specific situations listed above, we would offer the following specific recommendations: 1) Utilize a disclosure checklist to ensure all required disclosures are present and agree to work papers, and 2) Agree your accounting information from your accounting software to the amounts reported in the financial statements.

Management Response:

For now, the City accepts the degree of risk associated with this condition and thoroughly reviews a draft of the financial statements.

City of Isanti, Minnesota
Schedule of Findings and Responses
For the Year Ended December 31, 2018

Finding	Description
2018-002	**Material Audit Adjustments**
Condition:	During our audit, a material audit adjustment was necessary to reclassify business subsidy payments as expenses.
Criteria:	The financial statements are the responsibility of the City's management; therefore, the City must be able to prevent or detect a material misstatement in the financial statements including footnote disclosures.
Cause:	The year-end trial balance and supporting work papers did not reflect all necessary accounting entries.
Effect:	This indicates that a misstatement has occurred and was not detected by the City's system of internal control.
Recommendation:	We recommend that management review the final audit work paper and related journal entries, obtain an understanding of why the entries were necessary and modify current procedures to ensure that future corrections are not needed.

Management Response:

Management understands the finding, and concurs that complete reconciliations of all accounts, including journal entries to adjust balances to these reconciliations needs to be done prior to the start of the audit. Staff strives to make sure this is done.

2018-003	**Collateral Coverage**
Condition:	Auditing of legal compliance requires a review of the City's deposits and investments. Our testing indicated an instance of non-compliance that we believe is required to be remedied.
Criteria:	In accordance with Minnesota statute, section 118A.03, the City is required to have pledged collateral equal to 110 percent of the deposit not covered with insurance.
Cause:	The City had $467,538 of deposits uncollateralized on December 31, 2018, which calculates to the City being $677,647 under collateralized. The Minnesota Statute requires deposits over FDIC coverage to be collateralized at 110%. In the past, the City's cash has not exceeded the amount covered by Federal Depository Insurance.
Effect:	At year end, the City did not have sufficient collateral pledged and therefore was not in compliance with state statute.
Recommendation:	We recommend that the City reviews collateral coverage each month when completing the bank reconciliation and when planning for cash flow. This will not result in any additional cost and will ensure that the City complies with the applicable statue.

Management Response:

The Finance Director has taken the appropriate action to ensure that City's deposits are sufficiently covered by collateral throughout the entire year on a monthly basis.

NEED DATE

Management, Honorable Mayor and City Council
City of Isanti, Minnesota

We have audited the financial statements of the governmental activities, the business-type activities, each major fund and the aggregate remaining fund information of the City of Isanti, Minnesota (the City) for the year ended December 31, 2018. Professional standards require that we provide you with information about our responsibilities under generally accepted auditing standards, *Government Auditing Standards*, as well as certain information related to the planned scope and timing of our audit. We have communicated such information in our letter to you dated October 10, 2018. Professional standards also require that we communicate to you the following information related to our audit.

Our Responsibility Under Auditing Standards Generally Accepted in the United States of America and *Government Auditing Standards*

As stated in our engagement letter, our responsibility, as described by professional standards, is to express opinions about whether the financial statements prepared by management with your oversight are fairly presented, in all material respects, in conformity with accounting principles generally accepted in the United States of America. Our audit of the financial statements does not relieve you or management of your responsibilities.

Our responsibility is to plan and perform the audit to obtain reasonable, but not absolute, assurance that the financial statements are free of material misstatement. As part of our audit, we considered the internal control over financial reporting (internal control) of the City. Such considerations were solely for the purpose of determining our audit procedures and not to provide any assurance concerning such internal control. We are responsible for communicating significant matters related to the audit that are, in our professional judgment, relevant to your responsibilities in overseeing the financial reporting process. However, we are not required to design procedures specifically to identify such matters.

Significant Audit Findings

In planning and performing our audit of the financial statements, we considered the City's internal control to determine the audit procedures that are appropriate in the circumstances for the purpose of expressing our opinions on the financial statements, but not for the purpose of expressing an opinion on the effectiveness of the City's internal control. Accordingly, we do not express an opinion on the effectiveness of the City's internal control.

Our consideration of internal control was for the limited purpose described in the preceding paragraph and was not designed to identify all deficiencies in internal control that might be material weaknesses or significant deficiencies and therefore, material weaknesses or significant deficiencies may exist that were not identified given these limitations, during our audit we did not identify any deficiencies in internal control that we consider to be material weaknesses. However, material weaknesses may exist that have not been identified.

A deficiency in internal control exists when the design or operation of a control does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct, misstatements on a timely basis. A material weakness is a deficiency, or a combination of deficiencies, in internal control such that there is a reasonable possibility that a material misstatement of the entity's financial statements will not be prevented, or detected and corrected on a timely basis. We consider the deficiency described on the following pages as 2018-002 to be a material weakness.

A significant deficiency is a deficiency, or a combination of deficiencies, in internal control that is less severe than a material weakness, yet important enough to merit attention by those charged with governance. We consider the deficiency described on the following pages as item 2018-001 to be a significant deficiency.

2018-002 **Material Audit Adjustments**

Condition: During our audit, a material audit adjustment was necessary recognize expense activity for transactions during the year.

Criteria: The financial statements are the responsibility of the City's management; therefore, the City must be able to prevent or detect a material misstatement in the financial statements including footnote disclosures.

Cause: The year-end trial balance and supporting work papers did not reflect all necessary accounting entries.

Management Response:

Management understands the finding, and concurs that complete reconciliations of all accounts, including journal entries to adjust balances to these reconciliations needs to be done prior to the start of the audit. Staff strives to make sure this is done.

Compliance and Other Matters

As part of obtaining reasonable assurance about whether the City's financial statements are free of material misstatement, we performed tests of its compliance with certain provisions of laws, regulations, contracts and grant agreements, noncompliance with which could have a direct and material effect on the determination of financial statement amounts. However, providing an opinion on compliance with those provisions was not an objective of our audit, and accordingly, we do not express such an opinion. While our audit provides a reasonable basis for our opinion, it does not provide a legal determination on the City's compliance with those requirements. The results of our tests disclosed one instance of noncompliance or other matters that is required to be reported in accordance with Minnesota statutes detailed as item 2018-003 as follows.

2018-003 **Collateral Coverage**

Condition: Auditing of legal compliance requires a review of the City's deposits and investments. Our study indicated an instance of non-compliance that we believe is required to be remedied.

Criteria: In accordance with Minnesota Statute, section 118A.03, the City is required to have pledged collateral equal to 110 percent of the deposit not covered with insurance.

Cause: The City had $467,538 of deposits uncollateralized on December 31, 2018, which calculates to the City being $677,647 under collateralized. Qualitative Aspects of Accounting Practices

Management is responsible for the selection and use of appropriate accounting policies. The significant accounting policies used by the City are described in Note 1 to the financial statements. The City changed accounting policies during 2018 related to accounting and financial reporting for other postemployment benefits (GASB 75). We noted no transactions entered into by the City during the year for which there is a lack of authoritative guidance or consensus. All significant transactions have been recognized in the financial statements in the proper period.

Accounting estimates are an integral part of the financial statements prepared by management and are based on management's knowledge and experience about past and current events and assumptions about future events. Certain accounting estimates are particularly sensitive because of their significance to the financial statements and because of the possibility that future events affecting them may differ significantly from those expected. The most sensitive estimates affecting the financial statements were depreciation on capital assets, allocation of payroll and compensated absences, liability for other post-employment benefit, and the liability of the City's pensions.

- Management's estimate of depreciation is based on estimated useful lives of the assets. Depreciation is calculated using the straight-line method.

- Allocations of gross wages and payroll benefits are approved by City Council within the City's budget and are derived from each employee's estimated time to be spent servicing the respective functions of the City. These allocations are also used in allocating accrued compensated absences payable.

- The City's liability for other post-employment benefits was estimated to be zero primarily based on the assumption that employees, whom participate in the health insurance plan, will retire after the age of 65 and not continue to participate in the plan following retirement.

- Management's estimate of its pension liability is based on several factors including, but not limited to, anticipated investment return rate, retirement age for active employees, life expectancy, salary increases and form of annuity payment upon retirement.

We evaluated the key factors and assumptions used to develop these estimates in determining that they are reasonable in relation to the financial statements taken as a whole. The disclosures in the financial statements are neutral, consistent, and clear. Certain financial statement disclosures are particularly sensitive because of their significance to financial statement users.

Difficulties Encountered in Performing the Audit

We encountered no significant difficulties in dealing with management in performing and completing our audit.

Corrected and Uncorrected Misstatements

Professional standards require us to accumulate all known and likely misstatements identified during the audit, other than those that are trivial, and communicate them to the appropriate level of management. Management has corrected all such misstatements. The following material misstatements detected as a result of audit procedures were corrected by management: Recognizing expense activity for business subsidy payments.

We also assisted in preparing a number of year end accounting entries. These were necessary to adjust the City's records at year end to correct ending balances. The City should establish more detailed processes and procedures to reduce the total number of entries in each category. The City will receive better and timelier information if the preparation of year end entries is completed internally.

Disagreements with Management

For purposes of this letter, professional standards define a disagreement with management as a financial accounting, reporting, or auditing matter, whether or not resolved to our satisfaction, that could be significant to the financial statements or the auditor's report. We are pleased to report that no such disagreements arose during the course of our audit.

People + Process
Going Beyond the Numbers

Management Representations

We have requested certain representations from management that are included in the management representation letter dated NEED DATE.

Management Consultations with Other Independent Accountants

In some cases, management may decide to consult with other accountants about auditing and accounting matters, similar to obtaining a "second opinion" on certain situations. If a consultation involves application of an accounting principle to the City's financial statements or determination of the type of auditor's opinion that may be expressed on those statements, our professional standards require the consulting accountant to check with us to determine that the consultant has all the relevant facts. To our knowledge, there were no such consultations with other accountants.

Other Matters

We applied certain limited procedures to the required supplementary information (RSI) (Management's Discussion and Analysis, the Schedules of Employer's Share of the Net Pension Liability and the Schedules of Employer's Contributions, and the Schedule of changes in the City's OPEB Liability), which is information that supplements the basic financial statements. Our procedures consisted of inquiries of management regarding the methods of preparing the information and comparing the information for consistency with management's responses to our inquiries, the basic financial statements, and other knowledge we obtained during our audit of the basic financial statements. We did not audit the RSI and do not express an opinion or provide any assurance on the RSI.

We were engaged to report on the supplementary information (combining and individual fund financial statements and schedules), which accompany the financial statements but are not RSI. With respect to this supplementary information, we made certain inquiries of management and evaluated the form, content, and methods of preparing the information to determine that the information complies with accounting principles generally accepted in the United States of America, the method of preparing it has not changed from the prior period, and the information is appropriate and complete in relation to our audit of the financial statements. We compared and reconciled the supplementary information to the underlying accounting records used to prepare the financial statements or to the financial statements themselves.

We were not engaged to report on the introductory section, which accompanies the financial statements but is not RSI. We did not audit or perform other procedures on this other information and we do not express an opinion or provide any assurance on it.

Other Audit Findings or Issues

We generally discuss a variety of matters, including the application of accounting principles and auditing standards, with management each year prior to retention as the City's auditors. However, these discussions occurred in the normal course of our professional relationship and our responses were not a condition to our retention.

Future Accounting Standard Changes

The following Governmental Accounting Standards Board (GASB) Statements have been issued and may have an impact on future City financial statements: [1]

GASB Statement No. 83 - *Certain Asset Retirement Obligations*

Summary

This Statement addresses accounting and financial reporting for certain asset retirement obligations (AROs). An ARO is a legally enforceable liability associated with the retirement of a tangible capital asset. A government that has legal obligations to perform future asset retirement activities related to its tangible capital assets should recognize a liability based on the guidance in this Statement.

This Statement establishes criteria for determining the timing and pattern of recognition of a liability and a corresponding deferred outflow of resources for AROs. This Statement requires that recognition occur when the liability is both incurred and reasonably estimable. The determination of when the liability is incurred should be based on the occurrence of external laws, regulations, contracts, or court judgments, together with the occurrence of an internal event that obligates a government to perform asset retirement activities. Laws and regulations may require governments to take specific actions to retire certain tangible capital assets at the end of the useful lives of those capital assets, such as decommissioning nuclear reactors and dismantling and removing sewage treatment plants. Other obligations to retire tangible capital assets may arise from contracts or court judgments. Internal obligating events include the occurrence of contamination, placing into operation a tangible capital asset that is required to be retired, abandoning a tangible capital asset before it is placed into operation, or acquiring a tangible capital asset that has an existing ARO.

This Statement requires the measurement of an ARO to be based on the best estimate of the current value of outlays expected to be incurred. The best estimate should include probability weighting of all potential outcomes, when such information is available or can be obtained at reasonable cost. If probability weighting is not feasible at reasonable cost, the most likely amount should be used. This Statement requires that a deferred outflow of resources associated with an ARO be measured at the amount of the corresponding liability upon initial measurement.

This Statement requires the current value of a government's AROs to be adjusted for the effects of general inflation or deflation at least annually. In addition, it requires a government to evaluate all relevant factors at least annually to determine whether the effects of one or more of the factors are expected to significantly change the estimated asset retirement outlays. A government should remeasure an ARO only when the result of the evaluation indicates there is a significant change in the estimated outlays. The deferred outflows of resources should be reduced and recognized as outflows of resources (for example, as an expense) in a systematic and rational manner over the estimated useful life of the tangible capital asset.

A government may have a minority share (less than 50 percent) of ownership interest in a jointly owned tangible capital asset in which a nongovernmental entity is the majority owner and reports its ARO in accordance with the guidance of another recognized accounting standards setter. Additionally, a government may have a minority share of ownership interest in a jointly owned tangible capital asset in which no joint owner has a majority ownership, and a nongovernmental joint owner that has operational responsibility for the jointly owned tangible capital asset reports the associated ARO in accordance with the guidance of another recognized accounting standards setter. In both situations, the government's minority share of an ARO should be reported using the measurement produced by the nongovernmental majority owner or the nongovernmental minority owner that has operational responsibility, without adjustment to conform to the liability measurement and recognition requirements of this Statement.

In some cases, governments are legally required to provide funding or other financial assurance for their performance of asset retirement activities. This Statement requires disclosure of how those funding and assurance requirements are being met by a government, as well as the amount of any assets restricted for payment of the government's AROs, if not separately displayed in the financial statements.

This Statement also requires disclosure of information about the nature of a government's AROs, the methods and assumptions used for the estimates of the liabilities, and the estimated remaining useful life of the associated tangible capital assets. If an ARO (or portions thereof) has been incurred by a government but is not yet recognized because it is not reasonably estimable, the government is required to disclose that fact and the reasons therefor. This Statement requires similar disclosures for a government's minority shares of AROs.

Future Accounting Standard Changes (Continued)

Effective Date

The requirements of this Statement are effective for reporting periods beginning after June 15, 2018. Earlier application is encouraged.

How the Changes in This Statement Will Improve Financial Reporting

This Statement will enhance comparability of financial statements among governments by establishing uniform criteria for governments to recognize and measure certain AROs, including obligations that may not have been previously reported. This Statement also will enhance the decision-usefulness of the information provided to financial statement users by requiring disclosures related to those AROs.

GASB Statement No. 84 - *Fiduciary Activities*

Summary

The objective of this Statement is to improve guidance regarding the identification of fiduciary activities for accounting and financial reporting purposes and how those activities should be reported.

This Statement establishes criteria for identifying fiduciary activities of all state and local governments. The focus of the criteria generally is on (1) whether a government is controlling the assets of the fiduciary activity and (2) the beneficiaries with whom a fiduciary relationship exists. Separate criteria are included to identify fiduciary component units and postemployment benefit arrangements that are fiduciary activities.

An activity meeting the criteria should be reported in a fiduciary fund in the basic financial statements. Governments with activities meeting the criteria should present a statement of fiduciary net position and a statement of changes in fiduciary net position. An exception to that requirement is provided for a business-type activity that normally expects to hold custodial assets for three months or less.

This Statement describes four fiduciary funds that should be reported, if applicable: (1) pension (and other employee benefit) trust funds, (2) investment trust funds, (3) private-purpose trust funds, and (4) custodial funds. Custodial funds generally should report fiduciary activities that are not held in a trust or equivalent arrangement that meets specific criteria.

A fiduciary component unit, when reported in the fiduciary fund financial statements of a primary government, should combine its information with its component units that are fiduciary component units and aggregate that combined information with the primary government's fiduciary funds.

This Statement also provides for recognition of a liability to the beneficiaries in a fiduciary fund when an event has occurred that compels the government to disburse fiduciary resources. Events that compel a government to disburse fiduciary resources occur when a demand for the resources has been made or when no further action, approval, or condition is required to be taken or met by the beneficiary to release the assets.

Effective Date

The requirements of this Statement are effective for reporting periods beginning after December 15, 2018. Earlier application is encouraged.

How the Changes in This Statement Will Improve Financial Reporting

The requirements of this Statement will enhance consistency and comparability by (1) establishing specific criteria for identifying activities that should be reported as fiduciary activities and (2) clarifying whether and how business-type activities should report their fiduciary activities. Greater consistency and comparability enhances the value provided by the information reported in financial statements for assessing government accountability and stewardship.

Future Accounting Standard Changes (Continued)

GASB Statement No. 87 - *Leases*

Summary

The objective of this Statement is to better meet the information needs of financial statement users by improving accounting and financial reporting for leases by governments. This Statement increases the usefulness of governments' financial statements by requiring recognition of certain lease assets and liabilities for leases that previously were classified as operating leases and recognized as inflows of resources or outflows of resources based on the payment provisions of the contract. It establishes a single model for lease accounting based on the foundational principle that leases are financings of the right to use an underlying asset. Under this Statement, a lessee is required to recognize a lease liability and an intangible right-to-use lease asset, and a lessor is required to recognize a lease receivable and a deferred inflow of resources, thereby enhancing the relevance and consistency of information about governments' leasing activities.

Effective Date and Transition

The requirements of this Statement are effective for reporting periods beginning after December 15, 2019. Earlier application is encouraged.

Leases should be recognized and measured using the facts and circumstances that exist at the beginning of the period of implementation (or, if applied to earlier periods, the beginning of the earliest period restated). However, lessors should not restate the assets underlying their existing sales-type or direct financing leases. Any residual assets for those leases become the carrying values of the underlying assets.

How the Changes in This Statement Will Improve Accounting and Financial Reporting

This Statement will increase the usefulness of governments' financial statements by requiring reporting of certain lease liabilities that currently are not reported. It will enhance comparability of financial statements among governments by requiring lessees and lessors to report leases under a single model. This Statement also will enhance the decision-usefulness of the information provided to financial statement users by requiring notes to financial statements related to the timing, significance, and purpose of a government's leasing arrangements.

GASB Statement No. 88 - *Certain Disclosures Related to Debt, including Direct Borrowings and Direct Placements*

Summary

The primary objective of this Statement is to improve the information that is disclosed in notes to government financial statements related to debt, including direct borrowings and direct placements. It also clarifies which liabilities governments should include when disclosing information related to debt.

This Statement defines debt for purposes of disclosure in notes to financial statements as a liability that arises from a contractual obligation to pay cash (or other assets that may be used in lieu of cash) in one or more payments to settle an amount that is fixed at the date the contractual obligation is established.

This Statement requires that additional essential information related to debt be disclosed in notes to financial statements, including unused lines of credit; assets pledged as collateral for the debt; and terms specified in debt agreements related to significant events of default with finance-related consequences, significant termination events with finance-related consequences, and significant subjective acceleration clauses.

For notes to financial statements related to debt, this Statement also requires that existing and additional information be provided for direct borrowings and direct placements of debt separately from other debt.

Effective Date and Transition

The requirements of this Statement are effective for reporting periods beginning after June 15, 2018. Earlier application is encouraged.

Future Accounting Standard Changes (Continued)

How the Changes in This Statement Will Improve Accounting and Financial Reporting

The requirements of this Statement will improve financial reporting by providing users of financial statements with essential information that currently is not consistently provided. In addition, information about resources to liquidate debt and the risks associated with changes in terms associated with debt will be disclosed. As a result, users will have better information to understand the effects of debt on a government's future resource flows.

GASB Statement No. 89 - *Accounting for Interest Cost Incurred before the End of a Construction Period*

Summary

The objectives of this Statement are (1) to enhance the relevance and comparability of information about capital assets and the cost of borrowing for a reporting period and (2) to simplify accounting for interest cost incurred before the end of a construction period.

This Statement establishes accounting requirements for interest cost incurred before the end of a construction period. Such interest cost includes all interest that previously was accounted for in accordance with the requirements of paragraphs 5–22 of Statement No. 62, Codification of Accounting and Financial Reporting Guidance Contained in Pre-November 30, 1989 FASB and AICPA Pronouncements, which are superseded by this Statement. This Statement requires that interest cost incurred before the end of a construction period be recognized as an expense in the period in which the cost is incurred for financial statements prepared using the economic resources measurement focus. As a result, interest cost incurred before the end of a construction period will not be included in the historical cost of a capital asset reported in a business-type activity or enterprise fund.

This Statement also reiterates that in financial statements prepared using the current financial resources measurement focus, interest cost incurred before the end of a construction period should be recognized as an expenditure on a basis consistent with governmental fund accounting principles.

Effective Date and Transition

The requirements of this Statement are effective for reporting periods beginning after December 15, 2019. Earlier application is encouraged. The requirements of this Statement should be applied prospectively.

How the Changes in This Statement Will Improve Accounting and Financial Reporting

The requirements of this Statement will improve financial reporting by providing users of financial statements with more relevant information about capital assets and the cost of borrowing for a reporting period. The resulting information also will enhance the comparability of information about capital assets and the cost of borrowing for a reporting period for both governmental activities and business-type activities.

GASB Statement No. 90 - *Majority Equity Interests*

Summary

The primary objectives of this Statement are to improve the consistency and comparability of reporting a government's majority equity interest in a legally separate organization and to improve the relevance of financial statement information for certain component units. It defines a majority equity interest and specifies that a majority equity interest in a legally separate organization should be reported as an investment if a government's holding of the equity interest meets the definition of an investment. A majority equity interest that meets the definition of an investment should be measured using the equity method, unless it is held by a special-purpose government engaged only in fiduciary activities, a fiduciary fund, or an endowment (including permanent and term endowments) or permanent fund. Those governments and funds should measure the majority equity interest at fair value.

For all other holdings of a majority equity interest in a legally separate organization, a government should report the legally separate organization as a component unit, and the government or fund that holds the equity interest should report an asset related to the majority equity interest using the equity method. This Statement establishes that ownership of a majority equity interest in a legally separate organization results in the government being financially accountable for the legally separate organization and, therefore, the government should report that organization as a component unit.

People + Process
Going Beyond the Numbers

Future Accounting Standard Changes (Continued)

This Statement also requires that a component unit in which a government has a 100 percent equity interest account for its assets, deferred outflows of resources, liabilities, and deferred inflows of resources at acquisition value at the date the government acquired a 100 percent equity interest in the component unit. Transactions presented in flows statements of the component unit in that circumstance should include only transactions that occurred subsequent to the acquisition.

Effective Date and Transition

The requirements of this Statement are effective for reporting periods beginning after December 15, 2018. Earlier application is encouraged. The requirements should be applied retroactively, except for the provisions related to (1) reporting a majority equity interest in a component unit and (2) reporting a component unit if the government acquires a 100 percent equity interest. Those provisions should be applied on a prospective basis.

How the Changes in This Statement Will Improve Accounting and Financial Reporting

The requirements of this Statement will improve financial reporting by providing users of financial statements with essential information related to presentation of majority equity interests in legally separate organizations that previously was reported inconsistently. In addition, requiring reporting of information about component units if the government acquires a 100 percent equity interest provides information about the cost of services to be provided by the component unit in relation to the consideration provided to acquire the component unit.

Subject: Application for Brewers Off Sale, Brewers Tap Room and Sunday Liquor License – First Draft Brewery

---

Background:

First Draft Brewery Inc. has applied for a Brewers Off Sale, Brewers Tap Room and Sunday Liquor License for a Brewery/Tap Room located at 2 Enterprise Avenue NE, Suite A3. The company is in the process of procuring their State license for the facility. The City had previously issued a Conditional Use Permit for this facility. The company and its owners are current with taxes/assessments and has no delinquent City accounts. The applicant has passed a background check.

Council Action:

For your consideration, a Resolution is attached that approves issuance of the Liquor License pending State issuance of a Brewers License and any required ancillary State license/permits.

RESOLUTION NO. 2019-xxx

APPROVING THE BREWER OFF SALE, BREWERS TAP ROOM AND SUNDAY LIQUOR LICENSE APPLICATION FOR FIRST DRAFT BREWERY

WHEREAS, pursuant to City Code the applicant has filed an application for a Brewers Off Sale Malt Liquor, Brewers Tap Room and Sunday Sales License and has submitted proof of liquor liability insurance and paid all applicable local fees; and,

WHEREAS, the applicant is in process of receiving a Brewers License from the State of Minnesota; and,

WHEREAS, a Conditional Use Permit has been approved and issued for the proposed use; and,

WHEREAS, all taxes and assessments against the property are current; and,

WHEREAS, the applicant has no delinquent City fees; and,

WHEREAS, the applicant has passed a background check;

NOW, THEREFORE, IT IS HEREBY RESOLVED by the City Council of the City of Isanti, Minnesota, that:

1. First Draft Brewery's Brewers Off Sale Malt Liquor, Brewer's Tap Room and Sunday Liquor License is approved contingent on issuance of a Brewer's License and any ancillary license/permits as may be required by the State of Minnesota. The effective date of this license is the date that the State license and any ancillary permits are effective. Proof of State licensure and any ancillary license/permits shall be provided to the City.
2. The license shall be effective for the annual term of State licensure.
3. Staff shall forward all necessary information to the State of Minnesota to complete the liquor license process as required.

This Resolution is hereby approved by the Isanti City Council this 16th day of April, 2019.

8. No more than 75% of the building sides visible from Highway 65 may be constructed of decorative concrete block, pre-cast concrete or stucco.
9. The exterior of the building shall have varied and interesting detailing. Large unadorned walls shall be prohibited (50' or more). All large walls viewable from Highway 65 must be relieved by architectural detailing, such as change in materials, change in color, offsets, or other significant visual relief provided in a manner or at intervals in keeping with the size, mass and scale of the wall and its views from the public right-of-way.
10. Exterior building material colors shall be complimentary of other buildings within the district.
11. Exterior elevations of all sides of a proposed building noting the material and color of each component, to include exterior building materials, awnings, mechanical screening material, fencing and the like, shall be submitted with the site plan for determination of compliance with the above requirements.
12. Mechanical equipment
    a. Ground equipment shall be screened per Section 14, Subdivision 4 Mechanical Equipment.
    b. Rooftop mechanical equipment, and head-houses for elevators and stairs, shall be concealed from public view.

B. All subsequent additions and accessory buildings constructed after the erection of the original building or buildings, shall be constructed with exterior finishes comprised of the same materials as the original structure(s).

Subdivision 12: Building Orientation

Building shall be oriented towards Highway 65 or, at a minimum, give the appearance of having a front facing Highway 65 (second front).

Subdivision 13: Parking and Driveways

Parking, driveways, and driving areas shall meet the requirements of Section 17 of this Ordinance, subject to the following additional requirements, exceptions, and modifications as set forth:

A. Parking lots and drive aisles shall be setback a minimum of ten (10) feet from front, rear, and side yards.

B. When abutting a residentially zoned district, parking and drive aisles shall be setback a minimum of twenty (20) feet.

C. Loading Spaces, Overhead Doors and Service Areas.

1. Loading spaces, overhead doors and service areas cannot face Highway 65 and must be located in designated rear yards.
2. Loading and service areas must be separated from visitor and employee parking areas and general traffic circulation.
3. Loading spaces, overhead doors and service areas must be designed to be compatible with the principal building. Architectural techniques, color, and landscaping must be employed to eliminate visual impacts from adjacent properties and roadways.

Subdivision 14: Lighting

Any lighting used to illuminate off-street parking areas, signage, or buildings shall be directed away from residential properties and shall meet the standards as stipulated within Section 14 of this Ordinance.

Subdivision 15: Screening and Landscaping

Screening and Landscaping within the Highway 65 Overlay District shall be provided in accordance with the requirements as stipulated within Section 15 of this Ordinance. On lots adjacent to a residential district, a minimum twenty (20) foot landscaped buffer strip shall be planted. Landscaping plans shall be submitted and approved at the same time as the site plan.

Subject: Draft Policy for Police Officer Presence at Meetings

---

The City of Isanti has historically had Police Officer presence at City Council meetings. Staff was directed to clarify which meetings IPD should be present. Staff has put together a policy addressing the details.

Draft Policy:

Police presence will be required to attend meetings involving City Staff, City Council, Board Members and the public to ensure public safety and proper behavior. Typically, these meetings occur after normal business hours. If this creates a hardship to IPD staffing, the city administrator may ask for officers from other agencies who are available or dismiss Police attendance entirely. To maintain safety standards of public meetings, the City of Isanti will require, within reason, Police Officer presence at the following meetings:

Regular City Council Meetings
Committee of the Whole
Closed/Special Meetings
Planning Commission
Economic Development Authority
Goal Setting
Park, Rec and Culture Meetings

RESOLUTION NO. 2019-XXX

A RESOLUTION ADOPTING A POLICY FOR POLICE PRESENCE AT MEETINGS

WHEREAS, historically staff has asked a Police Officer to attend City Council meetings to ensure safety for staff, elected officials and attendees; and,

WHEREAS, the City Council determined it was in the best interest of the City to have a policy requiring Police Officer presence at all meetings that are open to the public; and,

WHEREAS, the policy has been created to reflect the consensus from the April 2nd, 2019 City Council Meeting and the April 16th 2019 Committee of the Whole meeting; and,

WHEREAS, policy to reflect such action is as follows:

Police presence will be required to attend meetings involving City Staff, City Council, Board Members and the public to ensure public safety and proper behavior. Typically, these meetings occur after normal business hours. If this creates a hardship to IPD staffing, the city administrator may ask for officers from other agencies who are available or dismiss Police attendance entirely. To maintain safety standards of public meetings, the City of Isanti will require, within reason, Police Officer presence at the following meetings:

- *Regular City Council Meetings*
- *Committee of the Whole*
- *Closed/Special Meetings*
- *Planning Commission*
- *Economic Development Authority*
- *Goal Setting*
- *Park, Rec and Culture Meetings*

NOW, THEREFORE, IT IS HEREBY RESOLVED by the City Council of the City of Isanti, Minnesota that the City of Isanti Police Officer Presence at Meeting policy is, as outlined above, per this Resolution is hereby approved.

Request for City Council Action

To: **Mayor Johnson and Members City Council**
From: Josi Wood, City Administrator
Date: April 16, 2019
Subject: Consider Resolution Approving Fence Installation and Amenities for the City Dog Park

Background:
The 2019 budget includes $25,000 (in Park Reserves – 920-45300-501) to develop a dog park. The City Council has designated the area east of the Isanti Indoor Arena, within Bluebird Park, for this purpose.

The site plan, rules, and project details were approved on the February 5th City Council meeting.

Quotes received for the fence are as follows:

Fence Vendor	Quotation
Town & Country Fence	$13,490.00
Century Fence	$15,445.00
Arrow Fence	$15,220.00

Staff is recommending Town & Country Fence install the perimeter fence. The dog park will include concrete base beneath the fence installed by Public Works, dog amenities, park bench, doggie cleanup station, garbage cans, and signage for a total amount, not to exceed, $25,000.00.

Request:
Staff is requesting action on this item.

RESOLUTION NO. 2019-XXX

RESOLUTION APPROVING FENCE INSTALLATION AND AMENITIES FOR THE CITY DOG PARK

WHEREAS, the City Council has identified an area east of the Isanti Indoor Arena within Bluebird Park for development of a dog park; and,

WHEREAS, the 2019 Park Reserves (920-45300-501) budget includes $25,000.00 for the first phase of this project; and,

WHEREAS, the City Council approved the site layout, rules and amenities at the February 5, 2019 City Council meeting; and,

WHEREAS, Staff solicited bids for the fence and the quotations were:

Fence Vendor	Quotation
Town & Country Fence	$13,490.00
Century Fence	$15,445.00
Arrow Fence	$15,220.00

WHEREAS, it is in the best interest of the City to accept the quotation by Town & Country Fence in the amount of $13,490.00; and,

WHEREAS, the dog park will include concrete base beneath the fence installed by Public Works, dog amenities, park bench, doggie cleanup station, garbage cans, and signage;

NOW, THEREFORE, IT IS HEREBY RESOLVED by the City Council of the City of Isanti, Minnesota to authorize acceptance of the quotation from Town & Country Fence in the amount of $13,490.00 and dog park features, not to exceed, a total amount of $25,000.00.

This resolution was duly adopted by the Isanti City Council this 16th day of April, 2019.

RESOLUTION NO. 2019-XXX

RESOLUTION AUTHORIZING ADVERTISEMENT FOR BIDS FOR TH 65 & CAJIMA STREET RCUT IMPROVEMENTS PROJECT WITHIN THE CITY OF ISANTI

WHEREAS, the City of Isanti has identified the need to provide a safer, more efficient intersection at the intersection of Highway 65 and Cajima Street NE; and

WHEREAS, the City has entered into an agreement with MnDOT to share the cost to construct the project; and,

WHEREAS, MnDOT has agreed to pay $450,000 of the construction cost and 8% of that cost in additional engineering services; and,

WHEREAS, the plans and specifications have been completed for these improvements in accordance with direction from MnDOT and City staff.

EMPLOYMENT AGREEMENT

THIS AGREEMENT made and entered into on April 16, 2019 by and between the City of Isanti, Minnesota, a municipal corporation, herein called EMPLOYER, and Matthew Sylvester, herein called EMPLOYEE. This Agreement shall become effective on the EMPLOYEE'S first day of employment of April 19, 2019.

EMPLOYER desires to employ the services of Matthew Sylvester as Public Services Director for the City of Isanti as provided by applicable Minnesota law and applicable ordinances of the City of Isanti, Minnesota.

It is the desire of the EMPLOYER to employ the EMPLOYEE and it is the EMPLOYEE's desire to accept employment from the EMPLOYER on the terms and conditions as set forth herein.

NOW THEREFORE IN CONSIDERATION OF THE MUTUAL COVENANTS HEREIN CONTAINED, THE EMPLOYER AND EMPLOYEE AGREE AS FOLLOWS:

1. Duties. As authorized pursuant to the provisions of Minnesota Statutes Section §412.111, the EMPLOYER hereby agrees to employ EMPLOYEE as Public Services Director of the City of Isanti to perform the functions and duties as specified in the job description for the position of Public Services Director of the City of Isanti, as approved by the City Council, and as the same may be amended from time to time.

2. Term. The EMPLOYEE's employment shall be for an indefinite term at the will of the EMPLOYER. The terms of this contract shall be applicable from April 17, 2019 and until termination of the employment relationship, or until amended by subsequent agreement approved by action of the City Council of the City of Isanti and signed by both EMPLOYER and EMPLOYEE.

3. Employment at Will. The EMPLOYEE is employed at the will of the EMPLOYER, and therefore may be terminated at any time with or without cause upon, except as hereinafter provided, not less than 30 days' written notice from EMPLOYER to EMPLOYEE. EMPLOYER may however, in EMPLOYER's sole discretion, terminate the EMPLOYEE without any prior notice for misconduct, defined as follows:

A. Conduct by the EMPLOYEE resulting in criminal charges against the EMPLOYEE (except for petty misdemeanor traffic violations); or

B. EMPLOYEE's refusal to obey a lawful directive of EMPLOYER; or

C. Acts by the EMPLOYEE intended to cause injury to the EMPLOYER.

The EMPLOYEES probationary period shall be six (6) months, unless extended for a specified period not to exceed six (6) additional months. Notwithstanding the provision for thirty (30) days' notice prior to termination, the EMPLOYER shall have the right to terminate employment with the EMPLOYEE with or without cause at any time during the EMPLOYEES probationary period without the requirement that said thirty (30) days' notice be given.

4. Salary. EMPLOYER agrees to pay EMPLOYEE for services rendered pursuant to this contract wages calculated on an annual base salary of $82,631.92 payable in installments at the same time as other payroll employees of the EMPLOYER are paid. Subsequent annual step salary increases, as applicable, shall be contingent upon on a satisfactory annual performance review. Cost of living salary adjustments, if any, shall be subject to approval by the City Council.

5. Vacation, Sick Leave and Insurance Benefits. The EMPLOYEE shall be entitled to earn vacation at an accrual rate equivalent to EMPLOYEE'S years of service

with the City of Isanti at a rate of 216 hours per year as prescribed by the EMPLOYER's personnel policy.

Sick leave shall be provided as prescribed by the EMPLOYER's personnel policy. Insurance and other employee benefits shall be provided as prescribed by the EMPLOYER's personnel policy.

6. Performance Appraisal. The City Administrator, or in absence of the City Administrator, the Mayor and Council shall review and evaluate the performance of EMPLOYEE at least once annually, preferably prior to November 1st of each year. Following completion of each such performance appraisal the EMPLOYEE shall be given a summary thereof. In the first year of employment the EMPLOYEE shall be subject to a probationary performance review after three and six months of employment as per the EMPLOYER's personnel policy.

7. Retirement Benefits. The EMPLOYEE shall be entitled to participate in the accrual of retirement benefit contributions as prescribed for public employees under PERA, and/or under any other retirement program, if any, which may now or hereafter be available pursuant to and consistent with any applicable state or federal laws and EMPLOYER's personnel policy.

8. Personnel Policy. Except where specifically abridged or modified by this Agreement, the EMPLOYEE shall be subject to all terms and provisions of the EMPLOYER's personnel policies as set forth in the EMPLOYER's personnel policy manual. If any provision of this manual conflicts with a provision in this contract, then the contractual provision shall prevail.

9. Professional Development. The EMPLOYER agrees, subject to annual budget approval and subject to preauthorization of the City Administrator and/or City Council, to

pay all necessary and reasonable expenses of EMPLOYEE for short courses, institutes and seminars that are, in the opinion of both EMPLOYER and EMPLOYEE necessary for professional development of EMPLOYEE. EMPLOYER shall pay for EMPLOYEE's attendance at necessary conferences to maintain Water and Wastewater Operator Licensures and regional meetings including two state conferences as reviewed and approved by the City Administrator. The EMPLOYER will pay costs for training fees, travel and lodging, and meals, as per the EMPLOYER's personnel policy manual. The EMPLOYER shall pay for publications for the EMPLOYEE to assist in performance of their job duties. Such publications shall be approved by the EMPLOYER.

10. Professional Membership. During the term of employment, EMPLOYER will pay EMPLOYEE's annual regular membership dues for EMPLOYEE's ongoing membership in the MRWA, APWA, MWOA, NRPA and MPWA as the same become due and payable.

11. Severability. Should any provision of this agreement be held unlawful by a Court of competent jurisdiction; all other provisions of this agreement shall remain in force for the duration of the agreement.

12. Notices. Notices pursuant to this agreement shall be given by deposit in the custody of the United States Postal Service, postage prepaid, and addressed as follows:

EMPLOYER	EMPLOYEE
Mayor of City of Isanti 110 First Ave. NW P.O. Box 428 Isanti, MN 55040	Matthew Sylvester

Alternatively, notices required pursuant to this agreement may be personally served as prescribed by the Minnesota Rules of Civil Procedure. Notice shall be deemed given as

of the date of personal service or as of the date of deposit of such written notice in the United States mail.

13. Council Approval. This Employment Agreement is subject to approval by the City Council of the City of Isanti, Minnesota.

IN WITNESS WHEREOF, the EMPLOYER has caused this agreement to be signed and executed on its behalf by the Mayor and City Administrator, and the EMPLOYEE has signed and executed this agreement as of the day and year first above written.

Request for City Council Action

To: Mayor Johnson and Members of the City Council
From: Josi Wood, City Administrator
Date: April 30th, 2019
Subject: Consider Resolution Declaring a Vacancy on City Council

---

Per notice received by City Staff on April 19th, 2019 Councilmember Ross Lorinser has resigned from his seat on City Council. Staff has provided a resolution and requirements to fill the vacancy per City Code Chapter 18.

City Code Chapter 18, Sections 6 – 9 are below for reference:

§ 18-6 Statutory Authority.

A. Under Minn. Stat. § 205.10, Subd. 2, statutory cities may hold special elections in conjunction with the municipal general election to fill vacancies in elective City offices. Minn. Stat. § 412.02, Subd. 2a, provides for the procedure in filling these vacancies.

B. If the vacancy occurs before the first day to file affidavits of candidacy for the next regular City election and more than two years remain in the unexpired term, a special election shall be held at or before the next regular City election and the appointed person shall serve until the qualification of a successor elected at a special election to fill the unexpired portion of the term. (Minn. Stat. § 412.02, Subd. 2a)

C. If the vacancy occurs on or after the first day to file affidavits of candidacy for the regular City election or when less than two years remain in the unexpired term, there need not be a special election to fill the vacancy and the appointed person shall serve until the qualification of a successor. (Minn. Stat. § 412.02. Subd. 2a)

D. The Council must specify by ordinance under what circumstances it will hold a special election to fill a vacancy other than a special election held at the same time as the regular City election. (Minn. Stat. § 412.02. Subd. 2a)

§ 18-7 Vacancies in Council.

A. When, for any reason, a vacancy should occur in the City Council or office of the Mayor, the City Council must publicly declare such vacancy and specify the date of occurrence of the vacancy within 15 days of its occurrence. Notice of the vacancy shall be posted at City Hall and sent to the official City newspaper on the next business day. The Mayor or Council member shall forfeit the office for:

(1) Lack at any time during the term of office of any qualification for the office prescribed by law.

(2) Conviction of a crime involving moral turpitude.

(3) Failure to attend three consecutive regular meetings of the Council without being excused by the Council.

(4) Departure of residence from the City.

B. If the unexpired term of the Council vacancy is less than two years from the date of the occurrence of the vacancy, the Council by a majority vote of all its remaining members shall appoint a qualified person to fill the vacancy and the appointed person shall serve until the qualification of a successor at the next general election. If the unexpired term of the Council vacancy is two years or longer, a special election shall be called by the Council. Notice of the vacancy, with a description setting forth the minimum set of legal qualifications to hold public office, shall be posted at City Hall and sent to the official City newspaper on the next business day.

§ 18-8 Procedures to fill Council vacancies by special election.

A. If the unexpired term of the Council vacancy is two years or longer, a special election shall be called by the Council.

B. When such a vacancy occurs the Council must appoint someone to fill the office temporarily until a special election can be held. The process for such appointment shall follow the same procedures as set forth in § 18-9 below. The appointed person will remain in the office until the successor, elected at the special election, takes the oath of office. (Minn. Stat. § 412.02, Subd. 2a)

C. The City of Isanti hereby provides the following procedure in filling the vacancy:

(1) The Council must appoint someone to fill the office. The appointee shall serve for the duration of the term or until such time as the seat is filled through the process of a special election.

(2) A special election shall be called by the City Council if the unexpired term of the council vacancy is two years or longer.

(3) If a special election is required to fill a City Council vacancy, the City of Isanti hereby provides the following procedure:

(a) The City Council must by resolution order a special election and provide all means for holding it.

(b) The special election will be held at the earliest date deemed reasonably practicable by the City Council . The date designated by the City Council for special election shall comply with all applicable time frames under state law.

(c) If more than two candidates file for the unexpired term, a primary election shall be held.

(d) At least two weeks of weekly published notice of a special election shall be given in the official newspaper.

(e) The procedure at such election shall conform as nearly as possible to that prescribed for regular municipal elections.

(f) Candidates must file with payment of the required filing fee of $2 to the Clerk; the Clerk shall place the name of the candidate upon the special primary election ballot without partisan designation.

§ 18-9 Procedures to fill Council vacancies by Council appointment.

If the unexpired term of the Council vacancy is less than two years, the Council by majority vote of all its remaining members may appoint a qualified person to fill the vacancy. Notice of the vacancy, with a description setting forth the minimum set of legal qualifications to hold the subject public office shall be posted at City Hall and sent to the official City newspaper on the next business day and shall include the following description of the application and appointment process, which shall be followed by the City Council:

A. Uniform applications in a form approved by the City Council must be received by the City Clerk, not later than 21 days from the date of the declared vacancy. Application forms submitted by the applicants are public documents. Applications shall request, at a minimum, all information required by Minnesota Statutes of candidates filing for the office. Additional information forms may be adopted by the City Council and shall be required of each applicant uniformly. The applicant may submit a resume, in addition to the uniform application forms.
B. Tentative interview scheduling shall be completed and posted at City Hall not later than 25 days from the declared vacancy. Applicants shall be responsible for requesting schedule changes.
C. The interview process shall not start earlier than 28 days from the declared vacancy.

(1) Applicants shall be interviewed by the Council, in accordance with the State of Minnesota open meeting laws.

(2) A uniform list of initial questions to be asked of all applicants shall be made available to the public and the applicants in advance of interviews. To the extent reasonably practicable, questions asked of all applicants at the interviews shall be uniform.

D. Selection process. Upon completion of the interview process, the Council may call for a vote to appoint an applicant. Each Council member may cast only one vote for a preferred applicant on each called-for vote to appoint. No vote, which does not result in a majority vote for one candidate, shall result in elimination from consideration of any candidate. Written ballots listing the applicant(s) shall be used. Each Council member's vote shall be recorded. A simple majority of the Council votes shall appoint that applicant to the City Council. In the event of a tie vote of the Council, the Mayor (or Mayor pro tem if the vacancy is in the office of Mayor) shall make the appointment.
E. If the Council pursues the appointment process but then fails to fill a vacancy within 45 days from the occurrence of the vacancy, the City Clerk shall call a special election to fill the vacancy. The special election will be held as soon as reasonably practicable following such occurrence, and the procedure shall be otherwise governed by the provisions of § 18-8 above. If more than two candidates file for the unexpired term, a primary election shall be held.

RESOLUTION NO. 2019-xxx

A RESOLUTION DECLARING
A VACANCY ON THE CITY COUNCIL

WHEREAS, Councilor Ross Lorinser's seat on the City Council runs through year 2020; and

WHEREAS, Councilor Lorinser has submitted a letter of resignation from his seat on City Council effective April 19, 2019; and

WHEREAS, with Councilor Lorinser's resignation, a vacancy on the City Council has occurred; and

WHEREAS, this resignation leaves a Council vacancy with less than two years remaining on an unexpired term; and

WHEREAS, City Code Chapter 18, Article III and applicable Minn. Statutes set forth the procedure for filling vacancies on the City Council:

NOW, THEREFORE, IT IS HEREBY RESOLVED by the City Council of Isanti, Minnesota, as follows:

1. Councilor Ross Lorinser's letter of resignation from his seat on City Council on April 19, 2019 has been received by the City Council.

2. The City Council declares that a vacancy has occurred on the City Council on April 19, 2019.

3. That the vacancy shall be filled by Council Appointment according to the provisions within City Code Chapter 18, Article III, Paragraphs 18-7 and 18-9, and applicable Minnesota law as follows:

    a) Notice of the vacancy shall be posted at City Hall and sent to the official City newspaper on May 1, 2019.
    b) A uniform application is hereby attached (as Exhibit A) and approved by the City Council. Applications shall be accepted for no later than 21 days from the date of declared occurrence of vacancy at City Hall, by end of business day, May 10, 2019.
    c) Tentative interview scheduling shall be completed and posted at City Hall not later than 25 days from the date of declared occurrence of vacancy (therefore on or before May 14, 2019)
    d) The interview process shall not start earlier than 28 days from the occurrence of vacancy (therefore no earlier than May 17, 2019)
        1. Applicants shall be interviewed by the Council, in accordance with the State of Minnesota open meeting laws
        2. A uniform list of initial questions to be asked of all applicants shall be made available to the public and the applicants in advance of interviews. To the extent reasonably practicable, questions asked of all applicants at the interviews shall be uniform
    e) Upon completion of the interview process, the Council may call for a vote to temporarily appoint an applicant. The appointment to fill the vacant Council seat will remain active until a successor elected at the Regular Election (November 3, 2020) takes the oath of

office.

f) If the Council pursues the appointment process but then fails to fill a vacancy within 45 days from the occurrence of the vacancy, the City Clerk shall call a special election to fill the vacancy.

This Resolution was duly adopted by the Isanti City Council this 30th day of April, 2019.

Business Items

1. Resolution 2019-116 Declaring a Vacancy on the City Council
City Administrator Josi Wood shared that the City received a written letter of resignation from Councilmember Ross Lorinser effective on April 19, 2019. Wood continued to share that per City Code Chapter 18 section 6 it gives statutory authority to fill the vacancy if it is less than 2 years remaining in the term. There does not need to be a special election held to fill the vacancy. Wood stated the resolution outlines the dates and process current with state statute to declare a vacancy as well as to post for the vacancy and the dates that follow for accepting applications until May 10, 2019. Where the interview process should not be any later than 28 days from the occurrence of vacancy and no earlier than May 17, 2019 as staff plans to put it on May 21, 2019 City Council agenda. Councilor Steve Lundeen stated that goal always will be to be transparent for the city. However, if it was not so costly and staff time involved, he would ask for a special election, but the citizens do not need anymore further debt. Councilmember Dan Collison questioned if it would still be considered a special election if council waited until November. Wood stated if council fails to fill the vacancy within 45 days of the posting it would be declared as a special election and it would be gone through prior to the election year. Council further discussed this matter.
Motion by Lundeen, second by Bergley to declare the vacancy. Motion passed 4-0. Motion carried.

2. Resolution 2019-117 Removing a City Councilor from City Boards and Commissions
Motion by Lundeen, second by Collison to approve resolution as presented. Motion passed 4-0. Motion carried.

I. Public Hearings

1. Resolution 2019-105 Adopting Assessment for 1990-91 Palomino Road Improvement *(Clark Joslin)*

City Attorney Clark Joslin stated the purpose of the public hearing which was for an assessment for improvements that occurred in 1990-1991 which was in the amount of $10,007.23. Joslin stated that at the March 5, 2019 meeting upon review of the information it was appropriate to grant a hearing in order to consider implementing these assessments. Joslin shared that the hearing was set for this evening and the documentation has been reviewed and indicates that the assessments were based on the front footage of the property. The formula that was in place for levying the assessments on each of the benefited properties was followed and the information is set forth in the assessment. Joslin further shared that the City Engineer has reviewed and appears to be a reasonable determination based upon the appropriate amount of the assessment based on the policies that were in place at that time. The original assessment was to be spread over 15 years and the current resolution before the council being considered would also spread the assessment over 15 years with interest accrual beginning now and not back in 1991 with interest accruing at the same rate.

Mayor Johnson opened up the hearing at 7:08 p.m. George Hemen stated that the procedure for special assessment was done incorrectly in 1991 where he was informed incorrectly. Hemen further shared that he received the notice that he was going to be assessed the day his 30-day appeal was over at 8:30 p.m. Hemen further shared that he did not receive paperwork from the 1991 file until the night of the hearing. He stated that he cannot even argue the amount of his assessment tonight because he has not even had time to look over it. Hemen continued to share that the resolution abating the taxes did not have a time limit. Hemen stated that if council decides to assess he would like the opportunity to argue the set price of the assessment. Mayor Johnson closed the Public Hearing at 7:40 p.m.

After the hearing was closed, Council held discussions regarding the assessment.

Lorinser stated that he will not make a motion on this tonight. A motion was made by Bergley, second by Lorinser to assess 1990-1991 Palomino Road Improvement. Motion passed 5-0. Motion carried.

J. <u>Business Items</u>

1. Resolution 2019-106 Accepting the 2018 Audit and Financial Statement and Presentation of 2018 Annual Financial Report and Management Letter (AEM, LLP *(Steve McDonald/ Justin Nilson)*)

Steve McDonald shared a presentation of the 2018 audit and Financial Statement to the City Council. The Council Members were provided with hard copies of the full audit to review. Mr. McDonald shared that there was one finding for legal compliance and that was there is a requirement for pledge collateral for City's deposits and at the end of December it was out of compliance.

Mr. McDonald shared that the City's General Fund balance had gone down in 2018. McDonald continued to share that the expenditures were over budget by approximately $803,000 in the General Fund. Mayor Johnson asked if the General Fund balance drops significantly due to $850,000 business subsidy to the hotel using water and sewer funds that is set to be repaid through taxes over the next 10 years. McDonald agreed and stated that is his understanding. Mayor Johnson stated that this is a huge problem. Fortunately, there is ways to fix this. City Council further discussed this matter.

Mr. McDonald continued with the Enterprise Fund, made up of the Water, Sewer, Storm Water, and Liquor Funds. McDonald further shared that both the Water and Sewer funds have healthy cash balances

and good operating margins. McDonald continued with Storm Water has grown over the past 4 years and has improved each year. McDonald stated that the Liquor store does well and when looking at the gross profit margin. The surpasses state wide average of 25% with the City Liquor store achieving 27.6%.
Motion by Lorinser, second by Lundeen to approve and accept the resolution as presented. Motion passed 5-0. Motion carried.

2. Resolution 2019-107 Approving Brewer Off Sale, Brewer Tap Room and Sunday Liquor License Application for First Draft Brewery *(Warren Thunstrom)*
Councilmember Lorinser asked Thunstrom when the first time he appeared at a City Council meeting for this matter was for conditional use permits. Thunstrom stated that it was a year ago in November. Lorinser asked if that is when Thunstrom started this process with the state. Thunstrom stated that you have to have a lease or building with a permanently legal address before you can start the proceedings with the state.
Motion by Lundeen, second by Lorinser to approve the resolution as presented. Motion passed 5-0. Motion carried.

3. Overlay District Zoning and Ordinance Discussion *(Paul Bergley)*
4. Resolution 2019-108 Policy for Police Officer Presence at Meetings
Motion to approve resolution with the removal of Park, Recreation and Culture meeting by Lundeen, seconded by Bergley. Motion passed 5-0. Motion carried.
5. Resolution 2019-109 Approving Employee Demotion
Mayor Johnson shared that upon further review of the findings in the investigation he personally felt that the position of Police Officer is not an appropriate position for this individual. He continued to share that the City does not have any positions within the police department that would be appropriate. The findings of the investigation include status as Brady/Giglio and improper release of evidence contrary to the BCA's directive. Mayor Johnson made a motion to rescind the prior motion taken on March 5, 2019 to discipline by demotion, seconded by Bergley. Motion passed 4-1 with Lorinser voting Nay. Mayor Johnson motioned to give a 30-day notice with intent to terminate, second by Bergley. Motion passed 4-1 with Lorinser voting Nay. Motion carried.

City Administrator Josi Wood

6. Resolution 2019-110 Approving a Special Event Permit Application for 2019 Minnesota State Series Qualifying Race
City Administrator Wood shared that this is a special event permit for Rum River BMX for Minnesota State Qualifier Race. CITY OF ISANTI
PARKS, RECREATION, AND CULTURE BOARD
MEETING MINUTES
March 26, 2019
City Council Chambers

1. Meeting Opening.

A. Call to Order.
Zdon called the meeting to order at 6:00 p.m.

B. Pledge of Allegiance.
Everyone stood for the Pledge of Allegiance.

C. Roll Call.
Members Present: Jennifer Garvey, James Witte, Aaron Zdon, and Mayor Johnson
Staff Present: Josi Wood, City Administrator

D. Agenda Modifications.
Zdon asked if there were any agenda modifications, Wood stated there was one agenda modification for discussion of sign and lettering for Isanti Indoor Arena. Motion from Witte, second by Johnson; the motion passed.

2. Approval of Minutes from February 26, 2019 Parks, Recreation, and Culture Board Meeting

Motion by Witte second by Garvey. Minutes were unanimously approved.

3. Adopt A Park Program

Wood shared that it was requested by Park Board that this come back for discussion. She continued to share that she had updated the program back in 2013 or 2014 but have not had anyone partake in this. Zdon shared that Park Board was not aware of it. Wood stated that it has been part of the brochure and parks website with no interest. Witte asked if it is promoted on the Facebook. Wood stated that she was unsure if Katie ever shared it on Facebook. Garvey suggested that if it were changed to a one-year commitment it may get more people participating. Garvey suggested removal of the language pertaining to Mondays following a busy weekend or days directly following holidays and avoid areas where hazardous conditions may exist. Garvey continued to explain that the parking lot may be a place where it should be picked up as well. Wood suggested revising the language to say use caution in the area versus avoiding the area. Wood further suggested taking out the language of Public Works Department will provide tools and equipment required to perform tasks and have the groups responsible to provide the tools and equipment instead in order to prevent liability issues. Garvey suggested the language change to tools recommended. Johnson stated that the program should be reviewed. Wood shared that she should would review it for changes. Zdon stated that it could be looked at again in May.

4. 2019 Park Visits

Wood shared that last year everyone divvied up the parks and questioned the Board if that is how they wanted 2019 Parks. Wood continued to share that in previous years it seemed there was not enough time in one evening to get to all the Parks resulting in some Parks not getting looked at. Johnson questioned if the Board wanted to look at it as a group. Zdon stated that it takes hours and last year it was raining and cold. Zdon suggested divvying up the Parks again and everyone reporting back to the board. Johnson stated that one person is vacant and he would gladly take on the Parks of the vacant board member. Witte stated he would take River Bluff Park and Johnson agreed and said he would gladly take Legacy Park.

Wood questioned the Board if Katie Everett emailed out Park Ambassador Checklists ahead of time. Garvey stated that it was a good helpful guide with Johnson in agreeance. Garvey shared that the sooner the checklists were sent out the better. Wood said that she would email out the checklist.

5. Parks Updates

Wood shared that March movie night attendance was about 20 for the Emoji Movie with another movie coming up called Guardians of the Galaxy. Wood continued to share that the Isanti Ambassadors are volunteering and that she would be doing that movie night.

Wood further shared that Committee of the Whole had discussed the Dog Park rules and they did recommend that it be included in City Code by Ordinance. Wood stated that City Code has other park rules, skate park rules and will have a separate article 3 that will include Dog Park rules.

Wood stated that Earth Day Cleanup is coming up and that she has all the materials. Wood shared that a few groups have expressed interest but have not committed yet.

The Farmers' Market pre-season meeting is on April 26 at the Community Center. There have been a lot of great vendors coming in but are still looking for a few more.

Wood stated that Katie Everett's last day was March 20th. City staff are interviewing this week with a lot of applicants some applicable and some not.

Wood shared that Facebook pages were discussed at Goal Setting and also discussed at Committee of the Whole. It is planned to go to City Council meeting on April 2nd to have different Facebook pages where a lot of great information can get to residents and community members. Wood further shared that due to staff capacity, to make sure there is not too many sites. The plan is to combine the official City of Isanti Facebook page with Isanti Events and Community Center.

6. CICB Request to Use Unity Ballfield- More information shared at meeting

Wood shared the Cambridge-Isanti Competitive Baseball Association has reached out and had interest in Unity Ballfield. In the past there have been church leagues that have taken part in using that ballfield but not a lot. Last year there was only one church league that took advantage of the ballfield. Wood continued to share that a few years ago the field had a revamp where Public Works took bumps out of the field. Cambridge-Isanti Competitive Baseball Association has requested a flat season rate versus per day. Josh DeLeeuw from Cambridge-Isanti Competitive Associate shared that they use a number of fields in Cambridge for their baseball program and use a lot of the school fields through Community Education as well. He further shared that they would use the field for practice and make-up games. Josh stated that it would be a good asset to the baseball association as well as the City because the City is paying for the field to be maintained to sit empty. Josh DeLeeuw stated that the association pays $250 a year for the permit and the association is looking for something similar. Wood questioned what days the association is looking to use the ballfield. Josh DeLeeuw stated they are looking to use the park Monday, Wednesday and Thursdays starting April 15th until June 20th. Committee discussed that since they are renting for a number of days possibly a discount in price. Josh DeLeeuw stated that the association is Cambridge-Isanti Competitive Baseball so it would be nice to have it here in Isanti too. It was agreed by the PRC Board to have CICB rent the field at the regular rate but may consider a discount next year with more notice to discuss the matter.

6. B. Sign and Lettering- Isanti Indoor Arena

Wood stated that we have the monument sign at the Isanti Indoor Arena that is used for advertising, evening meetings for BMX and State Finals. In the past it was directed that staff would keep those letters and do all the changing of the sign. Wood stated that she would like to request to give the letters over to BMX and allow them to be able to change words on the sign. With the frequency that BMX wants to change the sign, staff does not have the capacity. BMX may have the time to fine tune it to what can and cannot be put on the sign and abbreviate it as needed. Wood further stated that it may be something that stay with the facility and can be drafted by letter as an understanding between the City and BMX that if the letters are lost, broken or want more letters than what they have, BMX can do so at their cost. Motion by Johnson to approve moving forward with Isanti Indoor Arena sign changing taken over by Rum River BMX. Motion by Johnson, second byWitte. Motion passed unanimously.

7. Adjournment

Motion by Johnson, second by Witte to adjourn the March 26, 2019 meeting of the Parks, Recreation, and Culture Board. Motion was approved.

The meeting adjourned at 6:36 p.m.

Dated at Isanti, Minnesota this 26th day of March, 2019.

TERMS OF SALE

Your purchase of goods from Digital Ally, Inc., a Nevada corporation ("Digital Ally") will be governed by the following terms of sale ("Terms"). You will be referred to throughout these Terms as **"you".**

1. Exclusion of Other Terms; Entire Agreement. Additional or different terms or conditions proposed by you (including any additional or different terms provided in a purchase order) will be void and of no effect unless specifically accepted in writing by Digital Ally. Digital Ally's sales invoice, the limited warranty accompanying the Goods, these Terms, and any special conditions agreed to in writing and signed by you and Digital Ally are incorporated and collectively referred to herein as the "Order", which supersedes and cancels all prior communications between us, whether verbal or written, and constitutes the entire agreement between us unless modified in writing and signed by each of us. In the event of a conflict between these Terms and the terms of any special conditions agreed to in writing and signed by you and Digital ("Additional Agreement(s)"), the terms of those Additional Agreements shall take precedence over these Terms but only with respect to the product or specific purchase to which such Additional Agreement

applies, except as otherwise provided in such Additional Agreement. If your purchase includes a license or licenses to permit you to use Digital Ally software, the terms of the software license(s) provided to you by Digital Ally shall apply to such software.

2. Payment. Payment terms are cash on delivery, except where credit has been established and maintained to Digital Ally's satisfaction. If you have established credit, payment terms are net 30 days from date of shipment. Any invoice that you fail to pay when due will bear interest at the rate of 1-1/2% per month or the highest rate then permitted by law, whichever is less.

3. Unpaid Charges. You will be responsible for all costs Digital Ally incurs in connection with the collection of unpaid amounts, including court costs, reasonable attorneys' fees, collection agency fees and any other associated costs.

4. Security Interest. You hereby grant Digital Ally a security interest in the Goods to secure your payment obligation to Digital Ally under this sale, pursuant to these Terms. You hereby authorize Digital Ally to file such UCC financing statements in such jurisdictions as Digital Ally deems appropriate to perfect the security interest granted hereby.

5. Taxes. In addition to the purchase price, you must pay any sales, excise or similar taxes applicable to the transaction, unless you provide Digital Ally with a valid tax exemption certificate. You must pay use taxes, if applicable to the transaction, directly to the appropriate taxing authority.

6. Shipment. Digital Ally will use commercially reasonable efforts to comply with your shipping instructions. You must prepay all transportation and insurance charges prior to shipment. Unless otherwise stated by Digital Ally, all shipments will be F.O.B. (free on board) Digital Ally's facility in Lenexa, Kansas.

7. Force Majeure. DIGITAL ALLY WILL NOT BE LIABLE TO YOU FOR ANY LOSS, DAMAGE, DELAY, OR FAILURE OF DELIVERY RESULTING FROM CAUSES THAT ARE BEYOND DIGITAL ALLY'S REASONABLE CONTROL, INCLUDING WITHOUT LIMITATION, THOSE DELAYS ARISING FROM EQUIPMENT MANUFACTURE AND SHIPPING (EACH, A "FORCE MAJEURE"). DIGITAL ALLY WILL NOT BE LIABLE FOR ANY LOST PROFITS, LOSS OF REVENUE, OR LOSS OF USE, INCIDENTAL, CONSEQUENTIAL, PUNITIVE, EXEMPLARY, OR SPECIAL DAMAGES FROM ANY FORCE MAJEURE DELAY WHATSOEVER.

8. Limitation of Liability. YOU EXPRESSLY UNDERSTAND AND AGREE THAT, TO THE MAXIMUM EXTENT PERMITTED BY APPLICABLE LAW, DIGITAL ALLY AND ITS SUBSIDIARIES AND AFFILIATES (COLLECTIVELY, "DIGITAL ALLY PARTIES") WILL NOT BE LIABLE TO YOU UNDER ANY THEORY OF LIABILITY (WHETHER CONTRACT, TORT (INCLUDING NEGLIGENCE), OR OTHERWISE) FOR ANY LOST PROFITS OR LOST REVENUE, LOSS OF USE, LOSS OF DATA, OR ANY INDIRECT, INCIDENTAL, SPECIAL, PUNITIVE, CONSEQUENTIAL OR EXEMPLARY DAMAGES THAT MAY BE INCURRED BY YOU ARISING FROM OR RELATING TO THE ORDER, THE GOODS, OR THESE TERMS, WHETHER OR NOT A DIGITAL ALLY PARTY OR ITS REPRESENTATIVES HAVE BEEN ADVISED OF OR SHOULD HAVE BEEN AWARE OF THE POSSIBILITY OF ANY SUCH LOSSES ARISING. YOU EXPRESSLY UNDERSTAND AND AGREE THAT, TO THE MAXIMUM EXTENT PERMITTED BY APPLICABLE LAW, THE DIGITAL ALLY PARTIES' CUMULATIVE LIABILITY IN CONNECTION WITH THE ORDER, THE GOODS, AND/OR THESE TERMS WILL NOT EXCEED THE AMOUNT ACTUALLY PAID BY YOU TO DIGITAL ALLY FOR THE SPECIFIC GOODS IN CONTROVERSY. EACH CLAUSE OF THIS PARAGRAPH IS SEPARATE FROM THE OTHERS AND FROM THE REMEDY LIMITATIONS AND EXCLUSIONS ELSEWHERE IN THIS AGREEMENT, AND EACH WILL APPLY NOTWITHSTANDING ANY FAILURE OF ESSENTIAL PURPOSE OF A REMEDY OR TERMINATION OF THIS AGREEMENT. 9. Warranty; Limitations on Remedies. Digital Ally's repair or replacement warranty on the goods provided under the Order is set out in a separate statement (the "Limited Warranty"), which

sets forth the only warranty applicable to the goods sold under this Order. THAT LIMITED WARRANTY IS GIVEN IN LIEU OF ALL OTHER WARRANTIES. THERE ARE NO WARRANTIES, WHETHER EXPRESS OR IMPLIED, THAT EXTEND BEYOND DIGITAL ALLY'S LIMITED WARRANTY STATEMENT. OTHER THAN THE LIMITED WARRANTY, ALL EXPRESS AND IMPLIED WARRANTIES ARE DISCLAIMED, INCLUDING, WITHOUT LIMITATION, WARRANTIES OF MERCHANTABILITY, NONINFRINGEMENT, FITNESS FOR A PARTICULAR PURPOSE, AND WARRANTIES IMPLIED FROM A COURSE OF DEALING, COURSE OF PERFORMANCE OR USAGE OF TRADE. DIGITAL ALLY DOES NOT WARRANT THAT THE GOODS OR ANY DELIVERABLES WILL OPERATE UNINTERRUPTED OR ERROR FREE. YOU'RE SOLE AND EXCLUSIVE REMEDY FOR A WARRANTY CLAIM ARISING FROM OR RELATING TO THE ORDER WILL BE THE REPAIR OR REPLACEMENT OF THE GOODS. The Limited Warranty applicable to the Goods is posted on the Digital Ally website at the following website address:
http://www.digitalallyinc.com/documents/txdirWarrantyPolicy.pdf The Limited Warranty provides you with warranty support from our offices in Lenexa, Kansas. You agree to appoint an Administrator (in accordance with Paragraph 17 of these Terms) at the place where the Goods are located to install and test all fixes, updates, products that we repair or replace, and to perform other actions reasonably requested by Digital Ally. Failure to properly maintain the Goods may void the Limited Warranty.

10. Third Party Claim Indemnification. You will indemnify, defend, and hold harmless Digital Ally, its managers, agents, employees, successors and assigns (collectively, the "Indemnified Parties"), from and against any claims, damages, losses, costs, and expenses (including reasonable attorneys' fees and other costs of legal defense, whether direct or indirect) arising out of or relating to any third party claim concerning (i) your use of the Goods under this Order, (ii) breach of these Terms, or (iii) violation of applicable law by you. This indemnification will survive the expiration or termination of this Order.

11. Risk of Loss. Risk of loss to goods purchased will pass to you at the earlier of the time the Goods are (a) duly delivered to the carrier, or (b) duly tendered to you for delivery.

12. Acceptance; Claims for Shortage or Non-Conformity. Delivered Goods will be deemed accepted upon the earlier of your formal acceptance of the Goods or the expiration of 30 days from delivery of the Goods ("Acceptance of the Goods"). If you discover upon initial inspection of the Goods that (a) some or all of the Goods are defective or (b) that the goods delivered do not conform to your Order, you must promptly notify Digital Ally of your rejection of the goods within 30 days from the delivery date, after which Digital Ally shall have a reasonable opportunity to cure any non-conformance with the Order. Digital Ally is not responsible for Goods lost or damaged in transit. You are solely responsible for filing claims against the carrier for any loss or damage. Digital Ally will furnish all available information and give any other reasonable assistance requested to assist you in filing a claim for deliver damage. Claims for shortages in shipment not chargeable against the carrier will not be considered unless written notice is given to Digital Ally within 10 days from date of receipt of the Goods.

13. Compliance with Laws. You will comply with all laws and regulations applicable to you, including those dealing with the use, purchase and distribution of the Goods purchased under these Terms. You will further keep Digital Ally informed of any laws, regulations, governmental orders, or requirements, which affect the ordering, shipment, importation, sale, marketing, or distribution of the Goods within your jurisdiction and will, in all cases, refrain from engaging in any activities or conduct, which would cause Digital Ally to be in violation of the laws of any jurisdiction. You agree at all times to comply with all United States laws or regulations, as they may exist from time to time, regarding export licenses or the control or regulation of exportation or reexportation of products or technical data sold or supplied to you. Without

limiting the generality of the foregoing, you specifically agree not to resell any Goods purchased under these Terms to any party, if such a sale would constitute a violation of any laws or regulations of the United States. In conformity with the FCPA, you represent and warrant that neither you, nor any of your directors or any of your members, managers, officers, employees, or agents is an official agent, or employee of any foreign government or governmental agency or political party. You agree to promptly notify Digital Ally of the occurrence of any event which would render the foregoing representation and warranty incorrect or misleading. In addition, you will at all times comply with all applicable laws of the United States concerning foreign corrupt practices or which in any manner prohibits the giving of anything of value to any official, agents or employee of any government, governmental agency, political party or any officer, employee, or agent thereof.

14. Changes to the Terms. The Terms in effect at the time you place your Order for the goods sold hereunder will apply to such Order and goods. Digital Ally reserves the right to make changes to these Terms from time to time, and any such changes will take effect immediately, except that changes with respect to your rights and obligations relating to payments, shipments, cancelled orders and/or returns, warranty, and limitations on remedies will only apply to future orders.

15. Governing Law; Jurisdiction and Venue. This Order and all disputes arising under this Order shall be governed by and construed in accordance with the law of the State of Kansas, without regard to its choice of law rules. Any action claim arising out of or relating to this Order, the Goods, or these Terms must be brought in the District Court of Johnson County, Kansas (and its appellate courts) or in the U.S. District Court for the District of Kansas (and its appellate courts), and the parties hereby irrevocably consent to the exclusive jurisdiction of, and venue in, such courts.

16. Authority. You warrant and represent to Digital Ally that you have all authority and capacity necessary to enter into this agreement and agree to these Terms. If you are entering into this agreement on behalf of a company, a government entity, or other legal entity, you represent and warrant that you are an authorized representative of the entity with the authority to bind the entity to these Terms, and that you agree to these Terms on the entity's behalf.

17. Administrator. You agree to appoint a primary administrator ("Primary Administrator") with the technical knowledge necessary to install and perform routine maintenance on the Goods, to make firmware updates and fixes, and to perform component upgrades for and basic troubleshooting on the Goods.

18. Trade-ins. (a) Traded Equipment. If, as part of your Order, Digital Ally agrees in writing to accept a trade-in from you ("Trade-In") and offers you a discount on a new Order for an equipment trade-in ("Trade-In Program"), or if Digital Ally otherwise accepts a Trade-In from you at any other time or upgrades or replaces any products or equipment ("Trade-In Offer"), the Trade-In Program or Trade-In Offer is subject to the following additional rules. You expressly understand, accept and agree that: (i) you are solely responsible for both the removal and preservation of the data previously stored on, or gathered in connection with, the products and equipment being traded ("Traded Equipment"); (ii) you will follow all Digital Ally and carrier shipping rules in returning the Traded Equipment to Digital Ally; (iii) the trade-in transaction is final and that by your accepting the Trade-In Program or Trade-In Offer, ownership of Traded Equipment is transferred irrevocably to Digital Ally immediately, the Traded Equipment will not be returned to you under any circumstances, and you are irrevocably transferring the Traded Equipment to

Digital Ally with no possibility of return; (iv) you are giving Digital Ally permission to destroy, utilize, re-sell, lease, or dispose of the Traded Equipment in Digital Ally's sole discretion; and (v) if the Traded Equipment is not returned to Digital Ally so as to be received by Digital Ally within thirty (30) days of the date of delivery of the new equipment you have received from Digital Ally as a replacement for the Traded Equipment, you will lose your discount pursuant to the Trade-In Program, and, whether pursuant to the TradeIn Program or Trade-In Offer, you will not receive any credit, refund, or value for the Traded Equipment. When returning the Traded Equipment, you must return all parts and accessories comprising of the Traded Equipment, exclusive of wiring, or you will not receive full credit for the Traded Equipment, which will be reduced pro-rata in accordance with the value that Digital Ally in its discretion assigns to the parts and accessories not returned. (b) Limitation of liability. YOU EXPRESSLY UNDERSTAND AND AGREE THAT, TO THE MAXIMUM EXTENT PERMITTED BY APPLICABLE LAW, THE THEORY OF LIABILITY (WHETHER CONTRACT, TORT (INCLUDING NEGLIGENCE) OR OTHERWISE) FOR ANY LOST PROFITS OR REVENUE, LOSS OF USE, LOSS OF DATA, OR ANY INDIRECT, INCIDENTAL, SPECIAL, PUNITIVE, CONSEQUENTIAL OR EXEMPLARY DAMAGES THAT MAY BE INCURRED BY YOU ARISING FROM OR RELATING TO THE TRADE-IN PROGRAM, WHETHER OR NOT A DIGITAL ALLY PARTY OR ITS REPRESENTATIVES HAVE BEEN ADVISED OF OR SHOULD HAVE BEEN AWARE OF THE POSSIBILITY OF ANY SUCH LOSSES ARISING. YOU EXPRESSLY UNDERSTAND AND AGREE THAT, TO THE MAXIMUM EXTENT PERMITTED BY APPLICABLE LAW, THE DIGITAL ALLY PARTIES' TOTAL LIABILITY IN CONNECTION WITH THE TRADE-IN PROGRAM OR TRADE-IN OFFER WILL NOT EXCEED THE AMOUNT OF TEN DOLLARS ($10.00).

19. Advance Exchange Program. (a) Replaced Goods. If your Order includes participation in Digital Ally's Advance Exchange Program, offered in conjunction with Digital Ally's Limited Warranty, Digital Ally will send you the replacement for Goods replaced pursuant to the terms of the applicable Digital Ally Limited Warranty in advance of receiving the Goods Digital Ally has agreed in writing to replace for you ("Replaced Goods"). In such case, you expressly understand, accept and agree that: (i) you are solely responsible for both the removal and preservation of the data previously stored on, or gathered in connection with, the Replaced Goods; (ii) you will follow all Digital Ally and carrier shipping rules in returning the Replaced Goods to Digital Ally; (iii) the return of Goods is final and that by participating in the Advance Exchange Program, ownership of the Replaced Goods is transferred irrevocably to Digital Ally immediately, the Replaced Goods will not be returned to you under any circumstances, and you are irrevocably transferring the Replaced Goods to Digital Ally with no possibility of return; (iv) you are giving Digital Ally permission to destroy, utilize, re-sell, lease, or dispose of the Replaced Goods in Digital Ally's sole; and (v) you will ship the Replaced Goods back to Digital Ally within thirty (30) days of your receiving your replacement. If you fail to return the Replaced Goods to Digital Ally within such thirty (30) day period, Digital Ally may, in its sole discretion, immediately suspend your participation in the Advance Exchange Program for such breach, until you either: (i) return the Replaced Goods to Digital Ally; or (ii) pay to Digital Ally the original purchase price of the Replaced Goods. If you fail to return the Replaced Goods to Digital Ally for a period exceeding ninety (90) days, Digital Ally may, in its sole discretion, immediately terminate your participation in the Advance Exchange Program, with no further opportunity to cure the breach, and you will be immediately responsible for paying to Digital Ally an amount equal to the original purchase price of the Replaced Goods. When returning the Replaced Goods, you must return all parts and accessories comprising of the Replaced Goods, exclusive of wiring, or you will be responsible for payment of that part of the Replaced Goods not returned, which will be charged on a pro-rata basis in accordance with the value that Digital

Ally in its discretion assigns to the parts and accessories not returned.(b) Limitation of liability. YOU EXPRESSLY UNDERSTAND AND AGREE THAT, TO THE MAXIMUM EXTENT PERMITTED BY APPLICABLE LAW, THE DIGITAL ALLY PARTIES WILL NOT BE LIABLE TO YOU UNDER ANY THEORY OF LIABILITY (WHETHER CONTRACT, TORT (INCLUDING NEGLIGENCE) OR OTHERWISE) FOR ANY LOST PROFITS OR REVENUE, LOSS OF USE, LOSS OF DATA, OR ANY INDIRECT, INCIDENTAL, SPECIAL, PUNITIVE, CONSEQUENTIAL OR EXEMPLARY DAMAGES THAT MAY BE INCURRED BY YOU ARISING FROM OR RELATING TO THE ORDER ANY INDIRECT, INCIDENTAL, SPECIAL, CONSEQUENTIAL OR EXEMPLARY DAMAGES THAT MAY BE INCURRED BY YOU ARISING FROM OR RELATING TO THE ADVANCE EXCHANGE PROGRAM, WHETHER OR NOT A DIGITAL ALLY PARTY OR ITS REPRESENTATIVES HAVE BEEN ADVISED OF OR SHOULD HAVE BEEN AWARE OF THE POSSIBILITY OF ANY SUCH LOSSES ARISING. YOU EXPRESSLY UNDERSTAND AND AGREE THAT, TO THE MAXIMUM EXTENT PERMITTED BY APPLICABLE LAW, THE DIGITAL ALLY PARTIES' TOTAL LIABILITY IN CONNECTION WITH THE ADVANCE EXCHANGE PROGRAM WILL NOT EXCEED THE AMOUNT OF TEN DOLLARS ($10.00).

Subject: Ordinance to Amend City Code Chapter 295, Tobacco and Related Delivery Products

---

Staff and City Attorney Joslin have reviewed City Code Chapter 295, Tobacco and Related Delivery Products in light of the changes to the Isanti County Ordinance. The proposed ordinance would raise the age from 18 to 21 for those allowed in Tobacco Product Shops. This has been reviewed at City Council Committee of the Whole and has been posted as a pending ordinance.

Attached for your consideration is the proposed Ordinance that would amend our City Code to be in compliance with the County Ordinance.

ORDINANCE NO. ____

Subject: Ordinance to Amend City Code Chapter 290, Tattooing and Body Piercing

---

With the expansion of Tattoo /Body Arts facilities in the area in 2006, the City adopted an Ordinance to set standards and regulate these businesses. Recently, the City was approached by a representative of such a business that plans to pursue opening a facility in Isanti. Staff contacted the LMC to see if standards had changed since we had adopted the ordinance. Through LMC Attorneys we found out that in 2011 the State of Minnesota had pre-empted the licensing of Body Art Technicians and had adopted regulations to license the facilities. Cities that had ordinances in place prior to 2011 to regulate such facilities could keep their local licensing, but City standards have to match or exceed the State requirements.

In reviewing State standards and requirements, and in consultation with the City Attorney, staff is recommending amending our City Code to repeal the current requirements and conform the City Code to State requirements and licensing for body art facilities. A draft ordinance to amend City Code Chapter 290 has been prepared and was reviewed at the City Council Committee of the Whole meeting. The ordinance has been posted as a pending ordinance.

Attached for your consideration is the proposed Ordinance.

ORDINANCE NO. xxx

AN ORDINANCE AMENDING CITY CODE CHAPTER 290 TATTOOING AND BODY PIERCING

290-1 Repealer

The current Isanti City Code Chapter 290, Tattooing and Body Piercing, adopted by City Ordinance 376, October 17, 2006 is hereby repealed and is replaced with the following sections for the regulating of Tattooing, Body Piercing and Body Art.

290-2 Adoption of state law by reference

The provisions of Minn. Stat. Chp. 146B, as they may be amended from time to time, with reference to the definition of terms, conditions of operation, licensing, provision of operations and all other matters pertaining to tattooing, body piercing and body art regarding State regulation are hereby adopted by reference and are made a part of this Chapter as if set out in full. It is the intention of the City Council that all future amendments of Minn. Stat. Chp. 146B are hereby adopted by reference or referenced as if they had been in existence at the time this chapter was adopted.

290-3 Local Operations

Pursuant to Minn. Stat. Chp. 146B.02 Subd. 3 (c) and 146B.09, all such operations shall be in compliance with City Code Chapter 111 Building Construction, City Code Chapter 216, Nuisances and City Ordinance 445, Zoning Ordinance.

290-4 Violations and Penalties

A violation of any of the provisions of this Ordinance will be considered a misdemeanor under Minnesota Law.

290-5 Severability

If any section, sub-section, sentence, clause or phrase of this Ordinance is for any reason held to be invalid or unconstitutional, such decision shall not affect the validity of the remaining portions of the Ordinance which are intended to remain in full force and effect.

290-6 Effective Date

This Ordinance shall take effect and be in force from and after its passage and publication.

Adopted by the Isanti City Council this 7th day of May 2019.

Request for City Council Action- MEMO

To. **Mayor Johnson and Members of City Council**

From: **Matt Sylvester, Public Services Director**

Date: May 7th, 2019

Subject: Consider Resolution to Declare Metal as Scrap and Authorize Its' Disposal

---

Public Works has accumulated miscellaneous items that need to be disposed of. These items are as follows:

Scrap

Iron and Steel leftover from repairs
Old Signs
Old Sign Posts
Old Meter Bodies

Per policy, Resolution 2009-078, based on current pricing, Public Services Director obtained quotes and recommends taking the scrap metal to Northern Metal Recycling in St. Cloud for the best prices on scrap metals. Any items that cannot be taken as scrap will be disposed of.

Request:
It is requested that City Council review and take action on this item.

Attachment:

- Resolution 2019-XXX – Resolution to Declare Metal as Scrap and Authorize Its' Disposal

RESOLUTION NO. 2019-XXX

A RESOLUTION TO DECLARE METAL AS SCRAP AND AUTHORIZE ITS' DISPOSAL

WHEREAS, it has been determined that the Public Works Department has scrap metal that is of no use to the City; and,

WHEREAS, Resolution No. 2009-078 provides guidelines for the disposal of scrap metal; and,

WHEREAS, among solicited quotations, current pricing yields highest with Northern Metal Recycling in St. Cloud;

NOW, THEREFORE, IT IS HEREBY RESOLVED by the City of Isanti, Minnesota, to hereby authorize the following:

1. To declare scrap metal which includes but not limited to: old iron from repairs, aluminum signs, steel signs and old meter parts, located at the Public Works Facility as surplus property and authorize for its disposal.
2. The Public Services Director shall have the authority to sign all necessary paperwork to allow for the process for the disposal of scrap metal identified per this Resolution.

This Resolution was duly adopted by the Isanti City Council the 7th day of May, 2019.

Subject: Consider Resolution Re-Approving a Special Event Permit Application for 2019 Minnesota State Series Qualifier Race

---

Background

On April 16th, 2019 City Council approved resolution no. 2019-110 for the Rum River BMX Association to host the MN State Series qualifying race on June 1-2, 2019 from 1:00 am to 6:00 pm on Saturday and 9:00 am to 5:00 pm on Sunday.

After passing the resolution, Staff had omitted a few items that need to be added to the resolution.

The estimated number of individuals in attendance is 800-950. Parking for the event will take place on in Isanti Indoor Arena lot, with overflow at Bluebird Park at the northeast and south parking lots. Pop-up canopies may be set up east and south of the Indoor Arena; Rum River BMX will be responsible for any damages to grass or the irrigation system. Updated information includes that RV camping/parking will be in the grass area to the south of the Isanti Indoor Arena and follow the fee schedule of $5/day for cars and trucks and $25 per weekend for Rv's and the main lot will be reserved for team canopies and event activities.

Restroom facilities will be provided by the Association for the event through Absolute Portables. The Association will be responsible for upkeep of all restroom facilities over the course of the event, including those on the south end of the Isanti Indoor Arena. The Association will be responsible for clean-up of the outside areas; the $100 clean up deposit is on file, and should Public Works need to clean the grounds for any reason, this check may be cashed. The standard public addressing system will be used throughout the event.

Special Event Permit application materials, including an UPDATED event map, have been included for Council review.

Request

Requesting City Council to approve the Special Event Permit application for the 2019 Minnesota State Series Qualifier Race.

RESOLUTION APPROVING A SPECIAL EVENT PERMIT APPLICATION FOR 2019 MINNESOTA STATE SERIES QUALIFYING RACE

WHEREAS, Rum River BMX Association submitted a Special Event application requesting approval to host the 2019 MN State Series Qualifying Race; and,

WHEREAS, the event is scheduled to take place on Saturday, June 1, 2019 from 1:00 p.m.- 6:00 p.m. and on Sunday, June 2, 2019 from 9:00 a.m. to 5:00 p.m. at the Isanti Indoor Arena located at 101 Isanti Parkway NW; and,

WHEREAS, the estimated number of people to be in attendance is 800-950; and,

WHEREAS, the applicant would be required to provide additional portable restroom facilities for the event, in which the applicant will be contacting its current supplier to do so prior to the event; and,

WHEREAS, parking for volunteers, spectators, and participants will be at the Isanti Indoor Arena parking lot with overflow at Bluebird Park parking lots and Soccer field parking lots; and,

WHEREAS, event parking will occur on the grass south of the Isanti Indoor Arena, per the Special Event Paid Parking Agreement, and the fees for this event will be $5/day for cars and trucks and $25/weekend for RVs; and,

WHEREAS, the east parking lot at Isanti Indoor Arena will be reserved for team canopies and event activities; and,

WHEREAS, this Resolution supersedes;

NOW, THEREFORE, IT IS HEREBY RESOLVED by the City Council of the City Of Isanti, Minnesota to approve the special event request for the June 1-2, 2019 Minnesota State Series Qualifying Race event with the following conditions:

- No signage shall be posted for the event, unless allowed under Zoning Ordinance section 16, or a Temporary Sign Permit Application and fee are submitted.
- City staff recommends that tent stakes not be allowed in the irrigated area east of the Indoor Arena; if any irrigation lines are damaged, Rum River BMX Association will be billed for their repair.

AND FURTHERMORE, IT IS HEREBY RESOLVED by the City Council of the City of Isanti, Minnesota that this Resolution is hereby the "Permit" for the above stated Special Event.

Adopted by the Isanti City Council this 7th day of May, 2019.

CITY OF ISANTI
PARKS, RECREATION, AND CULTURE BOARD
MEETING MINUTES
April 23, 2019
City Council Chambers

1. Meeting Opening.

A. Call to Order.

B. Pledge of Allegiance
Everyone stood for the Pledge of Allegiance

C. Roll Call
Members Present: James Witte, Aaron Zdon, and Mayor Johnson
Staff Present: Jenny Garvey, Parks, Recreation and Culture Manager, Josi Wood, City Administrator

Zdon stated that Garvey is no longer board member, and is now city staff. Wood stated that the city is advertising for the open vacancies of additional board members. Garvey was vice chair of the board. Wood continued that if a board member is going to be absent, please notify staff as soon as possible, as we will not be able to hold a board meeting with less than three people because there will not be a quorum.

D. Agenda Modifications
Zdon asked if there were any agenda modifications, Wood stated there was one agenda modification for nominating a new vice chair to the board. Motion by Johnson, seconded by Witte; the motion passed.

2. Approval of Minutes from March 26, 2019, Parks, Recreation, and Culture Board Meeting
Motion by Johnson and second by Witte. Minutes were unanimously approved.

3. Park Visits Summary
Garvey reported on - Bluebird, Riverside, and Unity Parks. Garvey shared that Bluebird colors are fading. Garvey noted that the north wheel on the north side of park; appears that there is a bolt that needs tightening, mulch looked good, trail looks good. Garvey continued that the curb along the drive by the basketball court is in very rough shape and will need some concrete work. Wood added that the city will be doing curb side repair for the Farmers Markets, will do this repair at the same time. Garvey further shared the pavilion looks good and that the basketball court needs new lines painted on. The skate park equipment looked good. Garvey noted that there is a lot of debris that needs to be taken care. Need to let city maintenance aware of the debris and they will take care of it. Wood noted that we have a box for the lights at the skate park have been continually broken into. We are having a new box put in and up higher on the pole so that kids can't break into it. Lights in the park automatically go off at 10 PM. Need to

the check to see if lights are on timer for winter or summer hours. The control box for the timer is control by the electrician or public works. Garvey further discussed Riverside Park with an overall rating of a 4. Garvey noted that a couple of items for maintenance, one is the swing step. It has a bracket that appears to be off or twisted. Garvey further shared that the tot area where the fish piece is appears to have some moss growing on it, needs to be pressure washed. The mulch looks good, but in some spots it appears that too much mulch was used under tot car. Garvey mentioned that the trail looked good, and asked about the green gate that has access to the river, do we need to put up a sign stating city property ends here. Garvey finished with Unity Park and noted that the infield for the ball field has just been done and is ready the season, but the grass area is in rough shape. Garvey reported that the two small pavilions; one has shingles on the roof and are holding up and one has wood shingles. The large pavilion, roof appears to be in good shape. Once the snow is gone, people are parking on the grass when picking up their kids. Maybe we need to put up a sign stating no parking on grass. Garvey noted that the bleachers need a bit of leveling and repair. Wood shared that these are the property of the Rodeo, and the board should look at this item for future use/purchase and the Park Board may need to look into compliance with liability issues. Garvey noted that we should add to our equipment box the city of Isanti name to it. Garvey noted that there has been a porta potty put in the one spot that is helping with parking on the grass.

Mayor Johnson reported on Mattson, VFW, and Legacy Parks. Johnson reported that Mattson's overall appearance looked fantastic and rated it a 5. The playground is in good shape and had adequate mulch, however the trails and sidewalks are in need of some repair. Wood noted that the sidewalks are city property. Johnson continued that the pavilion looks fine, the tennis courts are in great shape and the picnic table looks great. VFW with overall appearance was rated a 4 plus. The swing posts look rusty. It was discussed that the posts could be sprayed with a galvanized coating to help with the rust and to let public works decide at their discretion as to how best to proceed. The playground mulch is sufficient and no obstruction in the park. Trails are good. The park is mainly city sidewalks. No pavilion in this park. Johnson continued with reviewing Legacy Park which has no playground equipment, no safety concerns and no mulch. Wood notated that we use lime ag on the trail, and we have budgeted some money for this year to spot update along trails and the cost of $20,000 to $30,000 to re lime ag the whole trail. The paths are becoming narrow because of erosion. It is on public works radar for this year to spot check areas that need attention. Johnson continued with his update of no pavilion and rated Legacy at a 5, all equipment in the park look great. Discussion continued with that in the past there have been problems with the picnic tables, but these problems have gone away. Discussion continued about the parking lot for this park as to when it will be done. Wood noted that it will probably be done during the second phase of construction. The city will probably be working with the construction company in regards to the paving of the parking lot. The board discussed steps and that there are apparently a couple of loose steps that are in need of repair. Wood noted she had noticed during a recent trip she had to the park that the area around the steps need to be filled in the lime ag.

Witte reported on Rum River Bluff Preserve, Isanti Hills, and Rum River Meadow Parks. Witte shared that Rum River Bluff Preserve was rated a 5. The bike racks look great and that is there is no playground mulch in this park. Witte noted that the steps are in of some repairs, with loose anchor bolts that need to be pounded down. The railing on the staircase are in good shape. Witte continued that the trails look good, however the trails are flooded in both directions. Witte noted that the stairs need to be clear of debris and the fishing pier has not been put in as of yet because the river is high. Wood noted that when she was there she noticed that there were a lot of golf balls in the park, this needs to be addressed in the future. Witte continued with Isanti Hills and an overall rating a 4. Witte noted that profanity has been engraved into the bench in the southeast corner of the park and also there is profanity on one the swings further to the south. The colors on the bouncy animals are fading and the slides have streak marks on them from boots. Witte noted that the grounds look good, but add some mulch around the swing set and bouncy animals. The pavilion and benches look fine. An update to the equipment is needed. Wood noted we can't find the replacement parts for this playground equipment. This playground equipment might be grandfather in but if you start doing improvements, it would need to be brought up to code and doesn't meet ADA code and safety compliance. The playground equipment would have to be replaced and not updated. Witte finished with reviewing Rum River Meadows and gave it an overall rating of a 5. Witte noted that the barrier around the perimeter of the park, plastic curbing, on the southwest corner, is coming up and needs to be pushed back down as some of the bolts are working their way up. Wood added that concrete edging is to be put in this year, depending on budget. The two parks that are left to have this done are Rum River Meadows and Riverside. Witte continued that the rock wall the handles are good. There is small hole at the bottom of the volleyball net. The picnic tables look fine. Witte observed that kids are playing with the cover that goes over the irrigation system. Wood noted that she has seen some others have a concrete slab to lock it in place and something we can look into. An ongoing problem within the park is dog feces issue. Public works has spent a lot of time at this park picking up dog feces. Possible solution would be to a fence around the playground area.

Wood asked if the board was aware of the project that is budgeted this year for a fence over at River Bluff Preserve, for a property to the north of the parking lot. Wood wasn't sure if this was brought to this board in the past. Jenny will be working on the project and will update the board at the next month meeting.

Zdon reported on Academy and Whisper Ridge Parks Zdon rated Academy a 5. Zdon reported that this is a new park as of last year and this park is also used by the school as a playground. The mulch needs to be raking this year as it has matted down, especially under the swings. Wood noted that mulch was added last year. Zdon noted that he saw no safety or maintenance issues, the trails look good and no obstructions. Zdon continued with his observation of Whisper Ridge and gave it an overall rating a 2. Zdon noted these safety issues - gate needs a new latch, possibly remove the gate. Half tennis court and basketball court. Zdon stated the trails are a 3 and are cracking and heaving. There are no obstructions, no pavilion and no mulch at this park.

Zdon reported that this park is at a 2, the board will need to decide if we fix the park or get rid of it. Zdon continued with do we resurface it as it does get some use. The surface is in bad shape. Wood added that the resurface of Mattson Park tennis courts cost approximately $15,000 and awhile back had looked at doing Whisper Ridge at that time and the cost would be close to $40,000. Discussion followed about what possibilities we could do, take out the court and replace with green space or just put in the basketball court.

Johnson noted that the concrete edging were put in Mattson park. Wood followed up that she did a cost analysis on concrete vs the plastic edging. The plastic is not cheap and has to be replaced every couple of years. The two remaining parks will have the concrete edging done this year as budgets allow.

4. Park Updates –
Wood shared that Earth Day cleanup on Monday, April 22nd. The groups this year included the: Cub scouts, Flagship Bank, C-I Middle School National Honor Society, Boy Scouts, Isanti Ambassadors and the Girls Scouts who will be out on Thursday, April 25th. Wood continued that this year we had every park covered and also included was the ditch along Cajima by Knife River. The National Honor Society they hit south passage and river bluff and walked down the street along the ditch, which was really full of debris.

Wood further shared that the Farmers' Market pre-season meeting is scheduled for Friday, April 26th at the Community Center. We have a numerous vendors interested this year. The market open May 31st and runs through September 27th every Friday from 2 PM to 6 PM.

Wood noted that the Adopt-A-Park program will be brought back to the board at another meeting.

Wood continued that the Bluebird Park refurbish project received two quotes. What the city received were different than the RFP that was stated. Wood shared that the city found out after reviewing the bids that it is not a good idea to completely dismantle an old park, powder coat it and put it back together because of stability issues. It is recommended that we to do electric static painting on site, which would not require that equipment to be dismantled. Jenny and Matt will take a look at the different parks that have been done. The two vendors have done this before, one of them we have never used before and staff will check out the quality of each vendor. Wood discussed that included at tonight's meeting for the board to review are pictures of colors that are being suggested to go along with the teal color on the slides are sand and royal blue. The swing set would be royal blue. It was felt the sand or beige would stand the test of time with fading. The board members noted that they liked the color scheme. The Clifford playground or tot playground within Bluebird park, will not be included in the refurbish, as this piece is obsolete with replacement pieces and when items break we will not be able to replace them and we will have to take that piece down. Wood noted that the bids that came in were between $8,000 and $9,000, under budget. This is a project is in capital improvement plan and the balance would stay there and staff is recommending the funds to stay there to be used for

another project and board agreed. Wood shared that this will need to go the council for final approval and also noted that a small slide is being replaced at Bluebird park.

Wood shared that the dog park received three quotes from fence companies. Council approved using Town & Country Fencing. Public works will be putting in the edging. Town & Country will come back to put in the rest of the fencing. This will all be done in the next 3 to 4 weeks. There are funds available for benches, porta potty, dog clean up area station, and one to two elements for dogs. A grand opening date is tentative for June.

5. Additional Item to Agenda

New Vice Chair for PRC board, with vacancy of Garvey, new vice chair to be nominated to board is Witte.
Motion by Johnson, second by Zdon. Motion passed. James Witte accepted the nomination.

Two more members are needed and are advertised as open.

Councilmember Bergley stated he would like to see reports from Public Works, Police Department and Liquor store for updates quarterly. City Council further discussed this matter being brought to Committee of a Whole for further discussion.

I. Public Hearings

Isanti Police Department Body Worn Camera Draft Policy for Public Input (*Clark Joslin*)
Mayor Johnson opened up the hearing at 7:04 p.m. Rodrick Barrows stated that as a retired officer for the Isanti Police Department he believes the department needs to stay current on these policies. He continued to shared that this needs to be strongly supported and enforced in the community.

Lundeen asked if a draft policy had been made yet. Joslin stated that the draft has been prepared and reviewed by Labor Attorney Susan Hansen. Joslin further stated that Hansen and her office have expertise in regard to the body camera legislation. Joslin stated he believes the policy to be appropriate. Request for City Council Action

To: Mayor Johnson and City Council Members

From: Mike Betker, Finance Director

Date: May 15, 2019

Subject: Website Redesign Proposals

Background:

The 2019 budget includes $30,000 for website redevelopment from the following sources

$20,000	General Fund
$ 2,500	Water Fund
$ 2,500	Sewer Fund
$ 2,500	Stormwater Fund
$ 2,500	Liquor Fund

Per Resolution 2019-050, directed staff to publish a Notice of the Request for Proposals and distribution to seek proposals for such services from qualified design firms. Staff has reviewed the proposals received, viewed demonstrations from 2 vendors and is recommending the Council consider a draft contract with CivicPlus (aka CivicCMS).

Proposals Received

Staff received proposals from 4 vendors. The vendors and costs associated with each proposal are listed below.

				IF SPECIFIED			TOTAL 1 YEAR	TOTAL 2 YEAR
VENDOR	OPTION	YEAR 1	YEAR 2	YEAR 3	YEAR 4	YEAR 5	COST	COST
REVIZE		$ 29,700	$ 5,900				$ 29,700	$ 35,600
GRANICUS	A	$ 15,000	$ 4,000	$ 4,200	$ 4,410	$ 4,631	$ 15,000	$ 19,000
CIVICCMS		$ 13,350	$ 2,250				$ 13,350	$ 15,600
GRANICUS	B	$ 7,500	$ 4,000	$ 4,200	$ 4,410	$ 4,631	$ 7,500	$ 11,500
TOWN WEB		$ 2,562	$ 1,548				$ 2,562	$ 4,110

Granicus did submit 2 proposals, at different cost and service levels. Upon review, of the 2 proposals Granicus submitted, option "A" as noted above, was identified as the better fit for the City's needs. Granicus and CivicPlus (CivicCMS) were selected to provide hour long demonstrations. Either would provide a significant upgrade to our current website, both in terms of the resident or outside user experience but also from the perspective of staff updating the site, and ease with which that could be done.

Staff Recommendation

Staff carefully considered both vendors and their proposals. Ultimately staff concluded that the two proposals were exceptionally competitive, with unique strengths to each. However the significantly lower ongoing support/maintenance fees associated with the CivicPlus proposal led in large part to staff recommending that the City move forward with CivicPlus as their proposal appears to provide the best overall value to the City of Isanti.

License and Service Agreement

Date: May 6, 2019

Client: City of Isanti

Client Address: 110 First Avenue, NW, Isanti, MN 55040

Phone: (763) 444-5512

This License and Service Agreement ("Agreement") sets forth the agreed upon terms and conditions under which CivicPlus, Inc ("CivicPlus") will provide the Services, as outlined and defined in the attached Exhibit A – Statement of Work ("SOW").

Term and Termination

1. This agreement shall be for a one-year period, starting at signing, and shall automatically renew, year-to-year, unless terminated by either party.
2. Either party may terminate the Services by providing the other party with at least 60 days written notice prior to the renewal date.
3. Client may terminate this Agreement at any time if CivicPlus is found in default of any obligation defined within this Agreement which has not been cured within thirty days after receipt of written notice of such default.
4. Notwithstanding the above, in the event this Agreement and the Services are terminated, any outstanding invoices for Services performed shall become due in full and any outstanding fees for annual services shall be prorated from the beginning of the renewal term to the date of termination.

Intellectual Property & Ownership

5. This Agreement is not a sale of CivicCMS Content Management System (the "CMS") and its associated applications and modules. CivicPlus provides a right of use to the Client during the period of this Agreement. Rights are non-transferable.
6. The Client will own the graphic designs and web content that are incorporated into the CMS; ownership assumes all invoices for development have been paid by the Client. Upon completion and delivery of the website to Client, Client will assume full responsibility of the content maintenance and administration. Client, not CivicPlus, shall have sole responsibility for the accuracy, quality, integrity, legality, reliability, appropriateness, and intellectual property ownership or right to use of all Client Content.
7. Regarding the CMS, Client may not: a) license, sublicense or in any way commercially exploit or make it available to any third party, b) make derivative works based upon it, c) reverse engineer or access it in order to build a similar product, copy features or functions, or share it with third parties, or d) copy any ideas, features, functions or graphics.
8. The CivicPlus name, the CivicPlus and CivicCMS logo, and the products and modules associated with these services provided are trademarks of CivicPlus, and no right or license is granted to use them.

Billing & Payment Terms

9. The project charges include the one-time development costs ($11,100) and the annual services ($2,250) as detailed on Exhibit A. The client will be invoiced as follows:
   a. 50% ($6,675) will be invoiced 30 days after the signing of this agreement.
   b. 50% ($6,675) will be invoiced 90 days after the signing of this agreement.
10. Annual services, including but not limited to hosting, support and maintenance services, shall be subject to a 5% annual increase beginning in Year 3 of service.
11. The Client shall only pay those expenses which are specifically defined in this Agreement or defined in writing and approved as an addendum to this Agreement.
12. If the Client's account exceeds 90 days past due, the web service may be temporarily removed from service until the Client's account is made current. Client will be given 30 days' notice prior to any removal of the website for non-payment.
13. The Client will be invoiced electronically through email. Upon request CivicPlus will mail invoices and the Client will be charged a $5.00 convenience fee.

Taxes

14. It is CivicPlus' policy to pass through sales tax in those jurisdictions where such tax is required. If the Client is tax-exempt, the Client must provide CivicPlus proof of their tax-exempt status, within fifteen (15) days of contract signing, and this Agreement will not be taxed. If the Client's state taxation laws change, the Client will begin to be charged sales tax in accordance with their jurisdiction's tax requirements and CivicPlus has the right to collect payment from the Client for past due taxes

Marketing

15. Client allows CivicPlus to display a "Government Websites by CivicPlus" insignia, and web link at the bottom of their web pages.
16. Client agrees to allow CivicPlus to include a reference(s) to the Client's website on the CivicPlus corporate website. This may include a mention of the Client, a picture of the Client's home page, and/or a case study of the Client's project.

Liability

17. CivicPlus will not be liable for any act, omission of act, negligence or defect in the quality of service of any underlying carrier or other service provider whose facilities or services are used in furnishing any portion of the service received by the Client.
18. CivicPlus will not be liable for any failure of performance that is caused by or the result of any act or omission by Client or any entity employed/contracted on the Client's behalf
19. Client agrees that it is solely responsible for any solicitation, collection, storage, or other use of end-users' Personal Data on any website or online service provided by CivicPlus. Client further agrees that CivicPlus has no responsibility for the use or storage of end-users' Personal Data in connection with the website or the

consequences of the solicitation, collection, storage, or other use by Client or by any third party of Personal Data.

20. To the extent it may apply to any service or deliverable of any SOW, user logins are for designated individuals chosen by Client ("Users") and cannot be shared or used by more than one User. Client will be responsible for the confidentiality and use of User's passwords and user names. Client will also be responsible for all Electronic Communications, including those containing business information, account registration, account holder information, financial information, Client Data, and all other data of any kind contained within emails or otherwise entered electronically through any CivicPlus Property or under Client's account. CivicPlus will act as though Client will have sent any Electronic Communications it receives under Client's passwords, user name, and/or account number. Client shall use commercially reasonable efforts to prevent unauthorized access to or use of any CivicPlus Property and shall promptly notify CivicPlus of any unauthorized access or use ofany CivicPlus Property and any loss or theft or unauthorized use of any User's password or name and/or user personal information.
21. Client shall comply with all applicable local, state, and federal laws, treaties, regulations, and conventions in connection with its use of any CivicPlus Property.

Indemnification

22. To the extent allowed by law, CivicPlus agrees to indemnify and hold Client harmless from any and all claims for bodily injury, death, personal injury and property damage and for any other expenses (including attorney's fees) which arise out of the negligent actions or omissions of CivicPlus during the performance of this Agreements.

Force Majeure

23. Neither party will be liable to the other for any failure or delay in rendering performance arising out of causes beyond its control and without its fault or negligence. Such causes may include, but not be limited to, acts of God or the public enemy, freight embargoes, power outages, and unusually severe weather; but the failure or delay must be beyond its control and without its fault or negligence and shall only be for the period causing the delay.

Miscellaneous

24. At all times and for all purposes hereunder, CivicPlus is an independent contractor and not an employee of the Client.
25. Any and all modifications of the services and/or terms of this agreement, shall be accomplished by an amendment, which must be approved in writing by both parties.
26. The invalidity, in whole or in part, of any provision of this Agreement shall not void or affect the validity of any other provision of this Agreement.
27. Each person signing this Agreement represents and warrants that he or she is duly authorized and has legal capacity to execute and deliver this Agreement. Each party represents and warrants to the other that the execution and delivery of the Agreement and the performance of such party's obligations hereunder have been duly authorized

and that the Agreement is a valid and legal agreement binding on such party and enforceable in accordance with its terms.

Acceptance

We, the undersigned, agreeing to the conditions specified in this document, understand and consent to the terms & conditions of this Agreement.

MEMO for Council Action

To: **Mayor Johnson and Members of the City Council**
From: Josi Wood, City Administrator
Date: May 21, 2019
Subject: Consider New Resolution Approving City Social Media Facebook Pages allowing comments

---

Council approved the City utilizing social media Facebook sites to share information with the community by creating a City Hall, Liquor and Police Department Pages on April 2nd, 2019.

After further review, there is not an option to prohibit comments to be posted. There are only filters that can be put in place. Staff is recommending we do allow comments with the following guidelines:

> The City of Isanti reserves the right to not publish comments, questions, or postings containing: profane language or content; personal attacks, harassments, or threats against any individual or organization; discrimination against race, creed, color, age, gender, sexual orientation, physical or mental disability, etc.; copyright infringements or other illegal activity; sexual content, or links to sexual content.

It is also recommended that the Police Department have a separate policy for their Facebook Page due to their content being different than the other City Facebook pages. That draft policy for Council review will be brought at a later time.

Subject: A Resolution Approving a Special Event Permit Application for BMC British Auto Car Show

---

Background

The City received a special event application from BMC British Auto which will be hosting a car show on their premises at 444 East Dual Blvd on Saturday, June 1, 2019 from 10:00 am to 3:00 pm. Organizers are expecting 75 – 100 people for the event. Show cars will be parked on the premises; spectators will park along both sides of East Dual Blvd. Organizers have also received permission from Metal Coatings to use their property for additional show car parking; permission email is attached. Event organizers anticipate their onsite restrooms to be adequate for the event. Their staff and volunteers will clean up after the event; the $100 clean up deposit has been submitted. Organizers have notified area businesses of the event as well.

Event organizers have indicated that they will be putting out ground signs the day of the event at the intersection of Heritage Blvd and East Dual Blvd; this use is allowed under City Code without a permit.

A copy of the application and department approval has been attached for City Council review.

MEMO

J.5.

To: **Mayor Johnson and City Council Members**

From: Don Lorsung, Assistant City Administrator/Special Projects

Date: May 16, 2019

Subject: Animal Control & Kennel Services

A request for quotes was placed in the Official Newspaper and posted for Animal Control and Kennel Services for the City. Contracted services shall run from June 1, 2019 through March 31, 2022. The City received two quotes/proposals for animal control services. The proposals were submitted by our interim animal control/kennel provider, On-line Retrievers and Gratitude Farms. Their proposals are attached.

Staff Review:

The proposal from our interim provider, On-line Retrievers, Ogilvie, MN is structured the same as their current contract. They would charge and retain a flat fee per dog (with mileage) for animal control services, and a daily charge for kenneling. These charges would be paid by the Owner when the dog is released. The costs to the City would be for animal control fees/mileage and kenneling for dogs (that are not redeemed or adopted out), charges for cancelled calls and vet/rabies situations. There is not a set monthly or annual cost to the City. To date in 2019, the City has incurred charges of $390.48 for their services. The Police Department has indicated that satisfactory services have been provided by On-line Retrievers during the interim time period.

The proposal from Gratitude Farms is similar in that animal control and kennel fees are charged to the Owner and retained by the provider. Under their proposal, a monthly service fee of $250.00 ($3,000.00 annually) would be charged. The fee is all inclusive of animal control/kenneling services, and there would be no other charges to the City. Staff has checked their references with two area cities and they have provided good service to those communities.

Staff Recommendation:

From a cost to the City perspective, the proposal from On-line Retrievers is less expensive annually since there is not a monthly service fee. Comparatively for the resident, if the dog is impounded and boarded for the total 5 day period, Gratitude Farms would be $210.00, and On-line Retrievers would be $290.60. Distance for the citizen to re-claim a dog is further to On-line Kennels (Ogilvie) versus Gratitude Farms (East Bethel). Staff requests that the City Council further discusses this matter, as there are both Cost and Citizen Service (distance/cost) considerations. A resolution that can award to either vendor is attached.

RESOLUTION NO. 2019-xxx

RESOLUTION ACCEPTING QUOTE FOR ANIMAL CONTROL AND KENNEL SERVICES

WHEREAS, the City of Isanti has requested quotes for Animal Control and Kennel Services; and

WHEREAS, staff has received quotations for Animal Control and Kennel Services from On-line Retrievers and Gratitude Farms; and

WHEREAS, both vendors are qualified service providers and their proposals are as follows:

QUOTER			Comments
Gratitude Farms	$85 Impound Fee	$25/day Boarding Fee	$250 monthly all-inclusive fee to City. Vendor keeps all fees charged.
On-line Retrievers	$100 Impound Fee, plus mileage/ IRS rate	$30/day Boarding Fee, $15/Day City Boarding Fee	No monthly City fee, $100.00 response for a complaint / response plus Mileage. Rabies U/M quarantine (10 day boarding - $250) plus $100 fee and mileage/IRS rate for transport. Vendor keeps all fees charged.

NOW THEREFORE BE IT RESOLVED by the City Council of the City of Isanti, Minnesota as follows:

1. The City Council hereby accepts the quote from _____ for Animal Control and Kennel Services

2. That the City Administrator is hereby authorized to complete and enter into the City Animal Control and Kennel services contracts for the provision of Animal Control and Kennel Services with _____.

This resolution was duly adopted by the Isanti City Council this 21st day of May, 2019.

City of Isanti Staff,

This cover letter will help explain my quote for Animal Control and Kennel Services for the City of Isanti. Cities that I do Animal Control for I charge a monthly fee for On Call 24 hours a day 7 days a week service. For the City of Isanti, I would charge $250 per month, that would include all Dog pick up, transport, all food, water and exercising, insurance, any cancellations and everything included for Animal Control Services for Dogs not claimed in the City after 5 days. This fee is firm regardless of number of dogs picked up per month.

For Dogs that are picked up, I charge a fine to the owner/person:

Impound fee (includes administrative and pick-up) $85

Boarding (any portion of the day is boarded) $25/day

The City is <u>not</u> responsible for these charges if dog is not claimed.

These are the fees charged to Cambridge residents, I am willing to change any of these to assist with your Cities Price Schedule if you have one.

Thank you for your consideration.

CITY OF ISANTI

KENNEL SERVICES
INDEPENDENT CONTRACTOR AGREEMENT

THIS AGREEMENT between the **City of Isanti** (hereinafter "**City**"), whose principal office is located at 110 First Avenue NW, City of Isanti, State of Minnesota, and _____, (hereinafter "**Contractor**"), is made and entered into on the ____ day of May, 2019.

A. Period of Agreement.

City hereby agrees to hire Contractor to render temporary services as a dog care provider (kennel services), and Contractor faithfully agrees to diligently perform such duties for the period from June 1, 2019 through March 31, 2022.

B. Nature of Services.

Contractor shall perform the services contemplated by this Agreement in a discreet, humane manner. Contractor is retained as an independent contractor to assist with the dog care for unleashed dogs picked up by Isanti City's Animal Control Officer and/or law enforcement within the City of Isanti. It is specifically made part of this Agreement that the nature of services to be provided by Contractor shall include the provision of a place for each dog to stay; together with the provision of food, water and walking/exercising the dogs. The Contractor will be responsible to contact the rescue party i.e. animal shelter, human society, etc. for pick-up, or shall transport all dogs to the vet at the end of the five (5) days each unclaimed dog is to be held pursuant to City Ordinance and State Statute. If a dog that has bitten a person is impounded, that dog must be kept apart from other animals and observed for a period of ten (10) days pursuant to City Ordinance and State Statute, during which time the Contractor shall notify the City of signs of any transmittable diseases.

In the event of a dog bite, Contractor shall hold for ten (10) days pursuant to City Ordinance and State Statute; unless a release signed by the owner of the dog(s) is received authorizing euthanasia or disposal of the dog(s); and the owner has provided payment of all fees relating to the impoundment and kenneling of the dog(s).

It is understood, pursuant to this Agreement, that the Animal Control Officer shall bring all dogs caught directly to Contractor. Contractor will provide services for the City of Isanti seven days a week, twenty-four hours per day.

C. Compensation

Contractor shall receive _____ per day per City dog and _____ per day for Owner dog (plus sales tax) for the provision of food, water and walking/exercising. The Contractor shall keep fees for kenneling from the Owner of the dog. All fees must be paid by the Owner at the time the dog is picked up from the Kennel. If the dog is unlicensed and released to the owner after payment of all fees, the Contractor shall notify the Police Department. Contractor shall also receive _____ for the transportation of a dog kept pursuant to this Agreement to the rescue party, shelter or Veterinarian at the end of five (5) working days pursuant to City Ordinance and State Statute; or in the case of a dog bite to the veterinarian after ten (10) working days. Contractor shall also be

reimbursed the cost of medication for animal boarding services. Contractor shall provide proof of purchase of any said medication and verify which impounded dog received said medication. Contractor shall receive no other benefits than the above referenced dollar amounts or items stated in this contract.

D. **Licensing and Certification.**
Contractor hereby agrees to maintain all Professional Licensing and Certification required by local, state and federal law, and/or Associations for Dog Catchers and Dog Kennels.

E. **Relationship of Parties**
The parties intend that an independent contractor relationship will be created by this Agreement. The City is interested only in the results to be achieved, specifically; the caring for dogs not restrained with City limits, and the conduct and control of the work will lay solely with the Contractor. Contractor is not to be considered an agent or employee of the City for any purpose, and the employees of the Contractor, if any, are not to be considered employees of the City, and are not entitled to any of the benefits that the City provides its employees. It is further understood that Contractor may perform services for other entities, as long as such relationship does not impede, or prohibit, the provision of services for City pursuant to this Agreement.

F. **Liability Insurance and Indemnification.**
The services to be performed by Contractor pursuant to this Agreement will be performed entirely at Contractor's risk, and Contractor assumes all responsibility for the use and condition of tools and equipment used in the performance of Contractor's duties, efforts and work as dog care provider. Contractor shall be solely responsible for obtaining, at contractor's expense, liability insurance coverage naming the **City of Isanti** as additional insured, in an amount of not less than $1,000,000.00 insuring against personal injury or property damage for liability to third parties. Contractor further agrees to indemnify City for any and all liability or loss arising in any way out of the performance of this Agreement, including costs and attorney's fees.

G. **Termination.**
City and Contractor may terminate this Agreement at any time by providing written notice of not less than sixty (60) days. Such notice shall be given to City at City offices. Such notice shall be given to Contractor at its place of business.

H **Facilities and Equipment.**
Contractor shall be responsible for providing all tools and equipment necessary to perform the duties of dog care provider. The City will not provide office space to Contractor for services as dog care provider. Contractor shall also provide appropriate kennels for the retention of dogs caught by Contractor until appropriate disposition can be made for each such dog retained.

I. **Accounting and Billing.**
Contractor agrees to provide to City at the end of each month a summary of all dogs cared for, and an itemization of any charges to the City for each such dog cared for by Contractor. City agrees to pay for such services each month and within thirty (30) days of its receipt of each month's billing from Contractor. City shall be responsible for collecting payments from any individual, or individuals, for retrieving their dog.

J. **Business Records.**

At all times during the course of the Agreement, and upon termination of this Agreement by either party, all files, documents and records relating to performance of dog caring by Contractor shall remain the property of City, and shall be provided to City at any time upon its request to Contractor.

K. **Entire Agreement.**

This Agreement constitutes the entire agreement of the parties with respect to the subject matter hereof and supersedes all other agreements or representations, whether written or oral.

L. **Headings**

Headings are for convenience only and are not a part of this Agreement.

MEMORANDUM

Date: May 15, 2019

To: Honorable Mayor Johnson and Members of the City Council

From: Jason W. Cook, P.E.
Assistant City Engineer

Subject: Bid Opening Results – Revised Construction Completion Date
TH 65 & Cajima Street RCUT Improvements
City of Isanti, MN
BMI Project No.: R13.112908

A bid opening was held May 14, 2019 for the TH 65 & Cajima Street RCUT Improvements. No bids were received.

We contacted the plan holders to determine the reason for not bidding the project. The majority of the responses were that they couldn't line up all the sub-contractors they need to complete the project this fall.

All of the plan holders said they expected the City would receive bids and lower pricing if they allowed an alternate construction schedule that would all the project to be constructed in the spring of 2020.

Following are the two alternate construction schedules we propose to allow for the TH 65 & Cajima Street Improvements Project:

Original Schedule:

Commence Construction	After July 8, 2019
Substantial Completion of Construction	Before November 22, 2019

Alternate Schedule:

Commence Construction	After May 1, 2020
Substantial Completion of Construction	Before July 31, 2020

The contractor would be able to choose which construction schedule works the best with their schedule and would provide the lowest cost to the City.

We are requesting that the City Council approve the addition of the alternate construction completion date of July 31, 2020 and authorize re-advertisement for bids.

Please contact me with any questions or if you would like any additional information prior to the meeting as well.

RESOLUTION 2019-XXX

RESOLUTION AUTHORIZING CHANGE IN CONSTRUCTION SCHEDULE FOR TH 65 & CAJIMA STREET RCUT IMPROVEMENTS PROJECT WITHIN THE CITY OF ISANTI

WHEREAS, the City of Isanti held a bid opening on May 14, 2019 for the TH 65 & Cajima Street RCUT Improvements Project; and,

WHEREAS, the City did not receive any bids; and,

WHEREAS, an alternative construction schedule to allow the project to either be completed in the fall of 2019 or in the spring of 2020 may increase bidding interest; and,

WHEREAS, work would either be substantially completed by November 22, 2019 or work would not begin until after May 1, 2020 with a substantial completion date of July 31, 2020; and,

WHEREAS, MnDOT has agreed to pay $450,000 of the construction cost and 8% of that cost in additional engineering services; and,

WHEREAS, the plans and specifications have been completed for these improvements in accordance with direction from MnDOT and City staff; and,

WHEREAS, the project will be re-advertised following state requirements to receive new bids.

NOW, THEREFORE, IT IS HEREBY RESOLVED by the City Council of the City of Isanti, Minnesota, as follows:

1) That the City shall approve the alternative construction completion schedule for the "TH 65 & Cajima Street RCUT Improvements".

2) That the City shall authorize the re-advertisement for bids.

This resolution was duly approved by the Isanti City Council this 21st day of May, 2019.

MEMORANDUM

Date: May 10, 2019

To: Sheila Sellman, Community Development Director

From: Jason W. Cook, P.E.
Assistant City Engineer

Subject: Heritage Estates – Developer Requested Letter of Credit Reduction
City of Isanti, MN
Project No.: R13.118416

Level Contracting, LLC, the developer of Heritage Estates, has requested a reduction of $311,310.85 to the Letter of Credit for the Heritage Estates development.

They have paid C.W. Houle, Inc $311,310.85 for work completed to date, including the installation of all sewer and water services and mains planned for this development.

The work has been found to be in compliance with City standards and all tests have passed to date.

We recommend approving the reduction of the Letter of Credit in the amount of $311,310.85 for work completed to date.

The remaining balance of the Letter of Credit is anticipated to be sufficient to complete the project as proposed while covering all incurred overhead costs including testing, inspection, and contract administration.

Attached is the request for the reduction as well and the invoice paid and the lien waiver from C.W. Houle, Inc for work completed to date.

Please contact me if you have any questions.

Bolton & Menk is an equal opportunity employer.

RE: Heritage Estates Subdivision
Request for Reduction of Financial Guarantee

Dear Jason:

Given the completion of certain improvements in the Heritage Estates Subdivision, at this time I am requesting a reduction in the amount of the Financial Guarantee that was provided to the City of Isanti in connection with this development. The reduction requested is $311,310.65.

I have attached the amount paid and the applicable lien waiver from C.W. Houle, Inc. for the amount requested and paid.

I would like to request that the City process this request as soon as possible. The reduction in the deposit being held by the City should be released according to the terms outlined in the Deposit Agreement for Heritage Estates.

If you have any questions or need any further information, please don't hesitate to contact me. Thank you for your assistance in processing this request.

Sincerely,

CITY OF ISANTI
COOPERATIVE CONSTRUCTION
AGREEMENT

State Project Number (S.P.): **3003-49**
Trunk Highway Number (T.H.): **65=005**
Lighting System Feed Point No.: **"A"**

Original Amount Encumbered
$486,000.00

This Agreement is between the State of Minnesota, acting through its Commissioner of Transportation ("State") and the City of Isanti acting through its City Council ("City").

Recitals

1. The City will perform grading, aggregate base, plant mixed bituminous pavement, concrete curb and gutter, storm sewer, ADA improvements, street lighting, and erosion control construction and other associated construction upon, along, and adjacent to Trunk Highway No. 65 from 980 feet south of Cajima Street Northeast to 1,190 feet north of Cajima Street Northeast according to City-prepared plans, specifications, and special provisions designated by the City and by the State as State Project No. 3003-49 (T.H. 65=005) ("Project"); and
2. The City requests the State participate in the costs of the Restricted Crossing U-Turn ("RCUT") construction and the State is willing to participate in the costs of said construction and associated construction engineering; and
3. Minnesota Statutes § 161.20, subdivision 2 authorizes the Commissioner of Transportation to make arrangements with and cooperate with any governmental authority for the purposes of constructing, maintaining, and improving the trunk highway system.

Agreement

1. Term of Agreement; Survival of Terms; Plans; Incorporation of Exhibits

1.1. ***Effective Date.*** This Agreement will be effective on the date the State obtains all signatures required by Minnesota Statutes § 16C.05, subdivision 2.

1.2. ***Expiration Date.*** This Agreement will expire when all obligations have been satisfactorily fulfilled.

1.3. ***Survival of Terms.*** All clauses which impose obligations continuing in their nature and which must survive in order to give effect to their meaning will survive the expiration or termination of this Agreement, including, without limitation, the following clauses: 2.4. State Ownership of Improvements; 5. Maintenance by the City; 10. Liability; Worker Compensation Claims; Insurance; 12. State Audits; 13. Government Data Practices; 14. Governing Law; Jurisdiction; Venue; and 16. Force Majeure.

1.4. ***Plans, Specifications, and Special Provisions.*** State-approved City plans, specifications, and special provisions designated by the City and by the State as State Project No. 3003-49 (T.H. 65=005) are on file in the office of the City's Administrator and incorporated into this Agreement by reference ("Project Plans").

1.5. ***Exhibits.*** Preliminary Schedule "I" is attached and incorporated into this Agreement.

2. Right-of-Way Use

2.1. ***Limited Right to Occupy.*** The State grants to the City (and its contractors and consultants) the right to occupy Trunk Highway Right-of-Way as necessary to perform the work described in the Project Plans. This right is limited to the purpose of constructing the project, and administering such construction, and may be revoked by the State at any time, with or without cause. Cause for revoking this right of occupancy includes, but is not limited to, breaching the terms of this or any other agreement (relevant to this project) with the State, failing to provide adequate traffic control or other safety measures, failing to perform the construction properly and in a timely manner, and failing to observe applicable environmental laws or terms of applicable permits. The State will have no liability to the City (or its contractors or consultants) for revoking this right of occupancy.

2.2. ***State Access; Suspension of Work; Remedial Measures.*** The State's District Engineer or assigned representative retains the right to enter and inspect the Trunk Highway Right-of-Way (including the construction being performed on such right-of-way) at any time and without notice to the City or its contractor. If the State determines (in its sole discretion) that the construction is not being performed in a proper or timely manner, or that environmental laws (or the terms of permits) are not being complied with, or that traffic control or other necessary safety measures are not being properly implemented, then the State may direct the City (and its contractor) to take such remedial measures as the State deems necessary. The State may require the City (and its contractors and consultants) to suspend their operations until suitable remedial action plans are approved and implemented. The State will have no liability to the City (or its contractors or consultants) for exercising its rights under this provision.

2.3. ***Traffic Control; Worker Safety.*** While the City (and its contractors and consultants) are occupying the State's Right-of-Way, they must comply with the approved traffic control plan, and with applicable provisions of the Work Zone Field Handbook (*http://www.dot.state.mn.us/trafficeng/workzone/index.html*). All City, contractor, and consultant personnel occupying the State's Right-of-Way must be provided with required reflective clothing and hats.

2.4. ***State Ownership of Improvements.*** The State will retain ownership of its Trunk Highway Right-of-Way, including any improvements made to such right-of-way under this Agreement, unless otherwise noted. The warranties and guarantees made by the City's contractor with respect to such improvements (if any) will flow to the State. The City will assist the State, as necessary, to enforce such warranties and guarantees, and to obtain recovery from the City's consultants, and contractor (including its sureties) for non-performance of contract work, for design errors and omissions, and for defects in materials and workmanship. Upon request of the State, the City will undertake such actions as are reasonably necessary to transfer or assign contract rights to the State and to permit subrogation by the State with respect to claims against the City's consultants and contractors.

3. Contract Award and Construction

3.1. ***Bids and Award.*** The City will receive bids and award a construction contract to the lowest responsible bidder (or best value proposer), subject to concurrence by the State in that award, according to the Project Plans. The contract construction will be performed according to the Project Plans.

3.2. ***Bid Documents Furnished by the City.*** The City will, within 7 days of opening bids for the construction contract, submit to the State's District Engineer a copy of the low bid and an abstract of all bids together with the City's request for concurrence by the State in the award of the construction contract. The City will not award the construction contract until the State advises the City in writing of its concurrence.

3.3. ***Rejection of Bids.*** The City may reject and the State may require the City to reject any or all bids for the construction contract. The party rejecting or requiring the rejection of bids must provide the other party

written notice of that rejection or requirement for rejection no later than 30 days after opening bids. Upon the rejection of all bids, a party may request, in writing, that the bidding process be repeated. Upon the other party's written approval of such request, the City will repeat the bidding process in a reasonable period of time, without cost or expense to the State.

3.4. ***Contract Terms.*** The City's contract with its construction contractor(s) must include the following terms:

A. A clause making the State of Minnesota, acting through its Commissioner of Transportation, an intended third-party beneficiary of the contract with respect to the portion of work performed on the State's Right-of-Way; and

B. A clause requiring the State to be named as an additional insured on any insurance coverage which the contractor is required to provide; and

C. A clause stating that any warranties provided by the contractor, for the work performed on the trunk highway, will flow to, and be enforceable by, the State as the owner of such improvements.

3.5. ***Direction, Supervision, and Inspection of Construction.***

A. The contract construction will be under the direction of the City and under the supervision of a registered professional engineer; however, the State participation construction covered under this Agreement will be open to inspection by the State District Engineer's authorized representatives. The City will give the District Engineer at Brainerd five days notice of its intention to start the contract construction.

B. Responsibility for the control of materials for the contract construction will be on the City and its contractor and will be carried out according to Specifications No. 1601 through and including No. 1609 in the State's current "Standard Specifications for Construction".

3.6. ***Contaminated Soils and Groundwater within the State's Cost Participation Limits.***

A. ***24 Hour Notification.*** The City will notify the State District Engineer's authorized representative a minimum of 24 hours prior to the contractor beginning the excavation and removal of any contaminated soils that have been identified within the Project limits.

B. ***Immediate Notification.*** The City will notify the State District Engineer's authorized representative immediately upon the contractor encountering contaminated soils and/or groundwater in areas that are within the Project limits. The City will confer with the State as to the handling, disposal, and any other issues related to contaminated materials found on State Right-of-Way or import of materials onto State Right-of-Way.

C. ***Environmental Consultant.*** The City will provide for an Environmental Consultant to be on site to observe and document the excavation, handling and disposal of contaminated soils that have been identified within the Project limits. If the contractor encounters contaminated materials in areas not previously identified and upon notification by the City to MnDOT, the City hired Environmental Consultant will be provided to collect and analyze soil and/or groundwater samples to determine contaminant levels, work with the landfill for disposal of the soil waste, and provide oversight of any soil and groundwater handling and disposal. The City will not allow the contractor to excavate any contaminated soil unless the Environmental Consultant is present.

3.7. ***Completion of Construction.*** The City will cause the contract construction to be started and completed according to the time schedule in the construction contract special provisions. The completion date for the contract construction may be extended, by an exchange of letters between the appropriate City official

and the State District Engineer's authorized representative, for unavoidable delays encountered in the performance of the contract construction.

3.8. ***Plan Changes.*** All changes in the Project Plans and all addenda, change orders, supplemental agreements, and work orders entered into by the City and its contractor for contract construction must be approved in writing by the State District Engineer's authorized representative.

3.9. ***Compliance with Laws, Ordinances, and Regulations.*** The City will comply and cause its contractor to comply with all Federal, State, and Local laws, and all applicable ordinances and regulations. With respect only to that portion of work performed on the State's Trunk Highway Right-of-Way, the City will not require the contractor to follow local ordinances or to obtain local permits.

3.10. ***Construction Documents Furnished by the City.*** The City will keep records and accounts that enable it to provide the State, when requested, with the following:

A. Copies of the City contractor's invoice(s) covering all contract construction.

B. Copies of the endorsed and canceled City warrant(s) or check(s) paying for final contract construction, or computer documentation of the warrant(s) issued, certified by an appropriate City official that final construction contract payment has been made.

C. Copies of all construction contract change orders, supplemental agreements, and work orders.

D. A certification form, provided by the State, signed by the City's Engineer in charge of the contract construction attesting to the following:

i. Satisfactory performance and completion of all contract construction according to the Project Plans.

ii. Acceptance and approval of all materials furnished for the contract construction relative to compliance of those materials to the State's current "Standard Specifications for Construction".

iii. Full payment by the City to its contractor for all contract construction.

E. Copies, certified by the City's Engineer, of material sampling reports and of material testing results for the materials furnished for the contract construction.

F. A copy of the "as built" plan sent to the District Engineer.

4. Right-of-Way; Easements; Permits

4.1. The City will obtain all rights-of-way, easements, construction permits, and any other permits and sanctions that may be required in connection with the local and trunk highway portions of the contract construction. Before payment by the State, the City will furnish the State with certified copies of the documents for rights-of-way and easements, construction permits, and other permits and sanctions required for State participation construction covered under this Agreement.

4.2. The City will convey to the State by quit claim deed, all newly acquired rights needed for the continuing operation and maintenance of the Trunk Highway, if any, upon completion of the Project, at no cost or expense to the State.

4.3. The City will comply with Minnesota Statutes § 216D.04, subdivision 1(a), for identification, notification, design meetings, and depiction of utilities affected by the contract construction.

5. Maintenance by the City

Upon completion of the Project, the City will provide the following without cost or expense to the State:

5.1. ***Lighting.*** Maintenance and ownership of any lighting facilities construction. Maintenance of electrical lighting systems includes everything within the system, from the point of attachment to the power source or utility, to the last light on the feed point, including but not limited to re-lamping of lighting units or replacing of LED luminaires, repair or replacement of all damaged luminaire glassware, loose connections, luminaires when damaged or when ballasts fail, photoelectric control on luminaires, defective starter boards or drivers, damaged fuse holders, blown fuses, knocked down poles including wiring within the poles, damaged poles, pullboxes, underground wire, damaged foundations, equipment pad, installation of approved splices or replacement of wires, repair or extending of conduit, lighting cabinet maintenance including photoelectric cell, electrical distribution system, Gopher State One Call (GSOC) locates, and painting of poles and other equipment. The City will be responsible for the hook up cost and application to secure an adequate power supply to the service pad or pole and will pay all monthly electrical service expenses necessary to operate the lighting facility.

5.2. ***Additional Drainage.*** No party to this Agreement will drain any additional drainage volume into the storm sewer facilities constructed under the construction contract that was not included in the drainage for which the storm sewer facilities were designed, without first obtaining written permission to do so from the other party.

6. Basis of State Cost

6.1. ***Schedule "I".*** The Preliminary Schedule "I" includes all anticipated State participation construction items and the construction engineering cost share covered under this Agreement.

6.2. ***State Participation Construction.*** The State will participate in the following at the percentages indicated. The construction includes the State's proportionate share of item costs for mobilization and traffic control.

A. 100 Percent will be the State's rate of cost participation in all of the RCUT construction up to the capped amount.

6.3. ***Construction Engineering Costs.*** The State will pay a construction engineering charge equal to 8 percent of the total capped State participation construction covered under this Agreement.

6.4. ***Capped Funds.*** The State's cost participation for the Project will not exceed **$450,000.00** for construction and **$36,000.00** for construction engineering for a total State cost participation of **$486,000.00**.

7. State Cost and Payment by the State

7.1. ***State Cost.*** **$486,000.00** is the State's estimated share of the costs of the contract construction, which includes the 8 percent construction engineering cost share, and a **$0.00** contingency amount as shown in the Preliminary Schedule "I". The Preliminary Schedule "I" was prepared using estimated quantities and unit prices, and may include any credits or lump sum costs. Upon review of the construction contract bid documents described in Article 3.2., the State will decide whether to concur in the City's award of the construction contract and, if so, prepare a Revised Schedule "I" based on construction contract unit prices, which will replace and supersede the Preliminary Schedule "I" as part of this Agreement. The contingency amount is provided to cover increased State cost in order to prepare the Revised Schedule "I" with contract unit prices.

7.2. ***Conditions of Payment.*** The State will pay the City the full and complete lump sum amount as shown in the Revised Schedule "I", after the following conditions have been met:

A. Encumbrance by the State of the State's full and complete State funded lump sum cost share as shown in the Revised Schedule "I".

B. Approval by the State's Land Management Director at St. Paul of certified documentation, submitted by the City, for all right-of-way and easement acquisitions required for the contract construction.

C. Execution of this Agreement and transmittal to the City, including a letter advising of the State's concurrence in the award of the construction contract.

D. The State's receipt of a written request from the City for the advancement of funds. The request will include certification by the City that all necessary parties have executed the construction contract.

7.3. ***Limitations of State Payment; No State Payment to Contractor.*** The State's participation in the contract construction is limited to the lump sum amount shown in Article 7.1, and the State's participation will not change except by a mutually agreed written amendment to this Agreement. The State's payment obligation extends only to the City. The City's contractor is not intended to be and will not be deemed to be a third party beneficiary of this Agreement. The City's contractor will have no right to receive payment from the State. The State will have no responsibility for claims asserted against the City by the City's contractor.

8. Authorized Representatives

Each party's Authorized Representative is responsible for administering this Agreement and is authorized to give and receive any notice or demand required or permitted by this Agreement.

8.1. The State's Authorized Representative will be:

Name, Title:	Malaki Ruranika, Cooperative Agreements Engineer (or successor)
Address:	395 John Ireland Boulevard, Mailstop 682, St. Paul, MN 55155
Telephone:	(651) 366-4634
E-Mail:	malaki.ruranika@state.mn.us

8.2. The City's Authorized Representative will be:

Name, Title:	Josi Wood, City Administrator (or successor)
Address:	110 First Avenue Northwest, Isanti, MN 55040
Telephone:	(763) 444-5512
E-Mail:	jwood@cityofisanti.us

9. Assignment; Amendments; Waiver; Contract Complete

9.1. ***Assignment.*** No party may assign or transfer any rights or obligations under this Agreement without the prior consent of the other party and a written assignment agreement, executed and approved by the same parties who executed and approved this Agreement, or their successors in office.

9.2. ***Amendments.*** Any amendment to this Agreement must be in writing and will not be effective until it has been executed and approved by the same parties who executed and approved the original Agreement, or their successors in office.

9.3. ***Waiver.*** If a party fails to enforce any provision of this Agreement, that failure does not waive the provision or the party's right to subsequently enforce it.

9.4. ***Contract Complete.*** This Agreement contains all prior negotiations and agreements between the State and the City. No other understanding regarding this Agreement, whether written or oral, may be used to bind either party.

10. Liability; Worker Compensation Claims; Insurance

10.1. Each party is responsible for its own acts, omissions and the results thereof to the extent authorized by law and will not be responsible for the acts and omissions of others and the results thereof. Minnesota Statutes § 3.736 and other applicable law govern liability of the State. Minnesota Statutes Chapter 466 and other applicable law govern liability of the City. Notwithstanding the foregoing, the City will indemnify, hold harmless, and defend (to the extent permitted by the Minnesota Attorney General) the State against any claims, causes of actions, damages, costs (including reasonable attorneys fees), and expenses arising in connection with the project covered by this Agreement, regardless of whether such claims are asserted by the City's contractor(s) or consultant(s) or by a third party because of an act or omission by the City or its contractor(s) or consultant(s).

10.2. Each party is responsible for its own employees for any claims arising under the Workers Compensation Act.

10.3. The City may require its contractor to carry insurance to cover claims for damages asserted against the City's contractor.

11. Nondiscrimination

Provisions of Minnesota Statutes § 181.59 and of any applicable law relating to civil rights and discrimination are considered part of this Agreement.

12. State Audits

Under Minnesota Statutes § 16C.05, subdivision 5, the City's books, records, documents, and accounting procedures and practices relevant to this Agreement are subject to examination by the State and the State Auditor or Legislative Auditor, as appropriate, for a minimum of six years from the end of this Agreement.

13. Government Data Practices

The City and State must comply with the Minnesota Government Data Practices Act, Minnesota Statutes Chapter 13, as it applies to all data provided by the State under this Agreement, and as it applies to all data created, collected, received, stored, used, maintained, or disseminated by the City under this Agreement. The civil remedies of Minnesota Statutes §13.08 apply to the release of the data referred to in this clause by either the City or the State.

14. Governing Law; Jurisdiction; Venue

Minnesota law governs the validity, interpretation and enforcement of this Agreement. Venue for all legal proceedings arising out of this Agreement, or its breach, must be in the appropriate state or federal court with competent jurisdiction in Ramsey County, Minnesota.

15. Termination; Suspension

15.1. ***By Mutual Agreement.*** This Agreement may be terminated by mutual agreement of the parties or by the State for insufficient funding as described below.

15.2. ***Termination for Insufficient Funding.*** The State may immediately terminate this Agreement if it does not obtain funding from the Minnesota Legislature, or other funding source; or if funding cannot be continued at a level sufficient to allow for the payment of the services covered here. Termination must be by written or fax notice to the City. The State is not obligated to pay for any services that are provided after notice and effective date of termination. However, the City will be entitled to payment, determined on a pro rata basis, for services satisfactorily performed to the extent that funds are available. The State will not be

assessed any penalty if this Agreement is terminated because of the decision of the Minnesota Legislature, or other funding source, not to appropriate funds.

15.3. ***Suspension.*** In the event of a total or partial government shutdown, the State may suspend this Agreement and all work, activities, performance and payments authorized through this Agreement. Any work performed during a period of suspension will be considered unauthorized work and will be undertaken at the risk of non-payment.

16. Force Majeure

No party will be responsible to the other for a failure to perform under this Agreement (or a delay in performance), if such failure or delay is due to a force majeure event. A force majeure event is an event beyond a party's reasonable control, including but not limited to, unusually severe weather, fire, floods, other acts of God, labor disputes, acts of war or terrorism, or public health emergencies.

Subject: Consider Resolution Extending SonicWall Firewall Subscription License

---

Background:
The current subscription license for the SonicWall Comprehensive Gateway Security Suite (Firewall) expires in June of 2019. Extending the subscription license is imperative to protect City network infrastructure against cyber threats. Funding would come from Technology fund 614. The one year cost of renewal for City Hall, Police Department and Public Works building is $1,581. While the three year renewal rate is $2,994. Staff is recommending the 3 year package which has the lowest annual cost.

Request:
Consider resolution approving 3 year SonicWall Comprehensive Gateway Security Suite

Attachment:

RESOLUTION NO. 2019-XXX

A RESOLUTION APPROVING EXTENSION OF THE SONICWALL COMPREHENSIVE GATEWAY SECURITY SUITE TO JUNE 2022

WHEREAS, the comprehensive gateway security suite for the City's SonicWall firewall will expire in June of 2019; and,

WHEREAS, the useful life of the SonicWall hardware is expected to be at least 3 additional years; and,

WHEREAS, the City's IT consultant, recommends the purchase of the comprehensive gateway security suite to protect the City's network infrastructure; and,

WHEREAS, the purchase is unbudgeted, the funding source would be from the Technology Fund (Fund 614) fund balance, increasing budgeted expenditures to 614-49845-500 (Capital Outlay).

NOW, THEREFORE, BE IT RESOLVED by the City Council of the City of Isanti, Minnesota hereby approving extending the SonicWall comprehensive gateway security suite to June of 2022, and authorize the Finance Director to make the necessary budget adjustment.

This resolution was duly adopted by the Isanti City Council this 21st day of May 2019.

Request for City Council Action

To: Mayor Johnson and Members City Council
From: Sheila Sellman, Community Development Director
Date: May 21, 2019
Subject: **RESOLUTION NO. 2019-XXX AUTHORIZING THE EXECUTION OF REPAYMENT AGREEMENT ON LOTS 1 BLOCK 1, SUN PRAIRIE FOURTH ADDITION WITH J ROBINSON CONSTRUCTION, INC**

Background:
On December 19, 2017 the City Council amended and extended a SAC and WAC deferral program through Resolution 2017-304 to continue to spur development activity and in 2018, the City Council extended the program to December 31, 2019 by Resolution 2018-268. J Robinson Construction, Inc. has requested that the City execute a Repayment Agreement for three new lots legally described as Lot 1-3, Block 1, Sun Prairie Fourth Addition, for the construction of three homes. The business is in 'good standing' upon review of the MN Secretary of State Office as of May 14, 2019.

The form of the Repayment Agreement is consistent with the form approved by the City Council on December 19, 2017. The Repayment Agreement will be dated as of the date that the Building Permit is paid for by the Developer.

Request
Staff is requesting that the City Council adopt the attached Resolution.

REPAYMENT AGREEMENT; STATUTORY SHORT FORM MORTGAGE; AND DEED RESTRICTIONS

THIS REPAYMENT AGREEMENT; STATUTORY SHORT FORM MORTGAGE; AND DEED RESTRICTIONS ("AGREEMENT"), made on or as of the ____ day of _____, 2019, by and between the City of Isanti, Minnesota, a Minnesota municipal corporation (hereinafter referred to as the "City") having its principal office at 110 First Avenue N.W. PO Box 428, Isanti, Minnesota 55040, and J Robinson Construction, Inc. , a corporation under the laws of the State of Minnesota (hereinafter referred to as the "Developer"), having its principal office at 27178 Tamarack St NW, Isanti, MN 55040.

WITNESSETH:

WHEREAS, the Developer intends to construct three single family homes (the "Improvements") on certain real property (the "Property") in the City; and

WHEREAS, in connection with the construction of the Improvements there are certain water and sanitary sewer charges that are payable by the Developer to the City; and

WHEREAS, the Developer has demonstrated to the satisfaction of the City that the Developer is unable to pay the full amount of the charges now and has asked the City to defer such charges and make them payable at a future point in time; and

WHEREAS, the City believes that the development of the Improvements by the Developer is in the best interests of the City and, therefore, it is willing to defer the charges if doing so will facilitate the development and viability of the Improvements.

NOW, THEREFORE, in consideration of the premises and the mutual obligations of the parties hereto, each of them does hereby covenant and agree with the other as follows:

ARTICLE I
Definitions

Section 1.1. Definitions. In this Agreement, unless a different meaning clearly appears from the context:

"Agreement" means this Agreement, as the same may be from time to time modified, amended, or supplemented.

"City" means the City of Isanti, Minnesota, its successors and assigns.

"County" means Isanti County, Minnesota.

"Deferred Charges" means the utility charges described in Section 3.1 of this Agreement being deferred by the City and which the Developer is obligated to pay in accordance with this Agreement.

"Developer" means J Robinson Construction, Inc, a Minnesota Corporation, its successors and assigns.

"Event of Default" means an action by the Developer listed in Article IV of this Agreement.

"Improvements" means the single-family home to be constructed by the Developer on the Property.

"Property" means the real property described on the attached Schedule A to this Agreement.

"State" means the State of Minnesota.

ARTICLE II
Representations

Section 2.1. Representations by the City. The City makes the following representations as the basis for the undertaking on its part herein contained:

(a) The City is a statutory city duly organized and existing under the laws of the State. Under State law, the City has the power to enter into this Agreement and to perform its obligations hereunder.

Section 2.2. Representations by the Developer. The Developer represents that:

(a) The Developer is a corporation duly organized and authorized to transact business in the State, is not in violation of any provisions of its Bylaws or the laws of the State, has power to enter into this Agreement and has duly authorized the execution, delivery and performance of this Agreement by proper action of its Board of Directors.

ARTICLE III
Deferred Charges, Payment and Security

Section 3.1. Deferred Charges. The Developer owes to the City the sum of **$ 5,894.00** in deferred utility charges ("Deferred Charges"). The Deferred Charges consist of **$ 2,613.00** in Water Availability Charges and **$ 3,281.00** in Sewer Availability Charges. The City has agreed to defer the payment of the Deferred Charges as described in this Agreement.

Section 3.2. Payment of the Deferred Charges. The Developer covenants and agrees that it will pay the Deferred Charges to the City on the earliest to occur of the following:

(a) on the date that is one hundred and twenty (120) days after the date of this Agreement;

(b) on the date that the Developer sells or transfers the Property or Improvements, or any portion thereof; or

(c) on the date that the City issues a certificate of occupancy for the Improvements.

Interest shall accrue on the Deferred Charges at the rate of zero percent (0%) from the date hereof and continuing until the Deferred Charges and all accrued interest have been paid in full.

Section 3.3. Payment of Costs.

(a) The Developer shall pay all costs for title work and recording of this Agreement.

(b) The Developer shall pay all costs incurred by the City in connection with the preparation and implementation of this Agreement and related documents, including, without limitation, fees of attorneys related the preparation of this Agreement and related documents, if the Developer fails to complete construction of the Improvements within one hundred and twenty (120) days after the date of this Agreement.

Section 3.4 Security. As security for Developer's obligation of repayment of the Deferred Charges and Costs identified in Sections 3.1 and 3.3, Developer hereby grants and the City shall and hereby does have, a lien on the Property in the full amount necessary to satisfy any repayment obligation of the fees and charges identified in Sections 3.1 and 3.3 under this Agreement and the cost including reasonable attorney's fees, of collecting the same.

Section 3.5 Notice. At least 10 days before the date of any sale, cash out refinance, transfer or other conveyance of the Property or, in the event of a sale by contract for deed, Developer or their heirs, executors or representatives, shall give the City notice thereof.

Section 3.6 Mortgage. To secure any such repayment of the Deferred Charges under Section 3.1 and 3.3 as may become due under the provisions of this Article, the Developer hereby

grants to the City a Statutory Short Form Mortgage pursuant to the provisions of Minnesota Statutes Section 507.15 (2016) as follows:

UNIFORM SHORT FORM MORTGAGE

This statutory mortgage, made this ___ day of _____, 2019 between the City of Isanti, a Minnesota Municipal having its principal office at 110 First Avenue N.W. PO Box 428, Isanti, Minnesota 55040 (the "Mortgagor"), and J Robinson Construction, Inc., a corporation under the laws of the State of Minnesota having its principal office at 27178 Tamarack St NW, Isanti, MN 55040 (the "Mortgagee"),

Witnesseth, that to secure the payment of the Deferred Charges by the Mortgagee to the Mortgagor of $5,894.00 as described in Article 3 of this Agreement (the "Indebtedness") the Mortgagor, hereby mortgages to the mortgagee and grants a security interest in the real property located at 301 9th Ave SE, in the City of Isanti, Isanti County, Minnesota, as legally described and set forth in "Schedule A" attached hereto and made a part hereof ("Property"), subject only to any liens or encumbrances of record thereon as of the date hereof.

And Mortgagor agrees and covenants with the Mortgagee the following statutory covenants;

1. To warrant the title to the Property, subject only to prior encumbrances of record as of the date hereof.
2. To pay the indebtedness as herein provided.
3. To pay all taxes.
4. To keep the buildings located on the Property insured against fire, windstorm and extended coverage for their full insurable value for the protection of the Mortgagee.
5. That the Property shall be kept in repair and no waste shall be committed.
6. That the whole of the principal sum shall become due after default, in the payment of any installment of principal or interest, or of any tax, or in the performance of any other covenant, at the option of the Mortgagee.

If default be made in any payment or covenant herein, the mortgagee shall have the statutory power of sale, and on foreclosure may retain statutory costs and attorney's fees.

Section 3.7. In the event Mortgagor or their heirs, executors or representatives shall fail or refuse to make a required repayment of the Indebtedness within the limited period set forth herein, the Mortgagee may, with or without notice to Mortgagor foreclose said lien in the same manner as provided pursuant an action for the foreclosure of mortgage upon said Property, as by statute provided, or may at its option proceed with foreclosure by advertisement pursuant to the statutory power of sale which the Mortgagor grants to the Mortgagee provided under this Mortgage, in accordance with applicable law. In the event of default by Mortgagor on any of Mortgagor's obligations under the terms of this Mortgage, Mortgagee shall also have the right to pursue any remedy available to it at law or in equity.

ARTICLE IV
Events of Default

Section 4.1. Events of Default Defined. The following shall be "Events of Default" under this Agreement and the term "Event of Default" shall mean, whenever it is used in this Agreement (unless the context otherwise provides), any one or more of the following events:

(a) Failure by the Developer to pay when due any payments required to be paid under this Agreement.

(b) The Developer of the following: (i) file any petition in bankruptcy or for any reorganization, arrangement, composition, readjustment, liquidation, dissolution, or similar relief under United States Bankruptcy Laws or any similar Federal or State Laws; or (ii) make an assignment for the benefit of its creditors; or (iii) admits, in writing, its inability to pay its debts generally as they become due; or (iv) be adjudicated, bankrupt or insolvent.

Section 4.2. City's Remedies on Default. Whenever any Event of Default by Developer referred to in Section 4.1 of this Agreement occurs, the City may take any one or more of the following actions after providing ten (10) days written notice to the Developer of the Event of Default, but only if the Event of Default has not been cured within said ten (10) days:

(a) Declare the entire outstanding balance of the Deferred Charges immediately due and payable;

(b) Terminate this Agreement;

(c) Deny issuance of certificates of occupancy or temporary certificates of occupancy;

(c) Take whatever action, including legal, equitable or administrative action, which may appear necessary or desirable to the City to collect any payments due under this Agreement, or to enforce performance and observance of any obligation, agreement, or covenant of the Developer under this Agreement, including the remedies provided under Article 3.

Section 4.3. No Remedy Exclusive. No remedy herein conferred upon or reserved to the City or Developer is intended to be exclusive of any other available remedy or remedies, but each and every such remedy shall be cumulative and shall be in addition to every other remedy given under this Agreement or now or hereafter existing at law or in equity or by statute. No delay or omission to exercise any right or power accruing upon any default shall impair any such right or power or shall be construed to be a waiver thereof, but any such right and power may be exercised from time to time and as often as may be deemed expedient. In order to entitle the City or the Developer to exercise any remedy reserved to it, it shall not be necessary to give notice, other than such notice as may be required in this Article IV.

Section 4.4. No Additional Waiver Implied by One Waiver. In the event any agreement contained in this Agreement should be breached by either party and thereafter waived by the other

party, such waiver shall be limited to the particular breach so waived and shall not be deemed to waive any other concurrent, previous or subsequent breach hereunder.

Section 4.5. Costs of Enforcement. Whenever any Event of Default occurs and the City shall employ attorneys or incur other expenses for the collection of payments due or to become due or for the enforcement of performance or observance of any obligation or agreement on the part of the Developer under this Agreement, the Developer agrees that it shall, within ten (10) days of written demand by the City, pay to the City the reasonable fees of such attorneys and such other expenses so incurred by the City.

Section 4.6. Certificate of Occupancy. The City may deny a certificate of occupancy or temporary certificate of occupancy for the Property until all amounts owed to the City under the terms of this Agreement have been paid by Developer.

ARTICLE V
Additional Provisions

Section 5.1. Representatives Not Individually Liable. No member, official, or employee of the City shall be personally liable to the Developer, or any successor in interest, in the event of any default or breach or for any amount which may become due to Developer or successor in interest or on any obligations under the terms of this Agreement.

Section 5.2. Titles of Articles and Sections. Any titles of the several parts, Articles, and Sections of the Agreement are inserted for convenience of reference only and shall be disregarded in construing or interpreting any of its provisions.

Section 5.3. Notices and Demands. Except as otherwise expressly provided in this Agreement, a notice, demand, or other communication under the Agreement by either party to the other shall be sufficiently given or delivered if it is dispatched by registered or certified mail, postage prepaid, return receipt requested, or delivered personally; and

(a) in the case of the Developer, is addressed to or delivered personally to J Robinson Construction, Inc. 27178 Tamarack St NW, Isanti, MN 55040; and

(b) in the case of the City, is addressed to or delivered personally to the City at 110 First Avenue N.W., P.O. Box 428, Isanti, Minnesota 55040,

or at such other address with respect to either such party as that party may, from time to time, designate in writing and forward to the other as provided in this Section.

Section 5.4. Disclaimer of Relationships. The Developer acknowledges that nothing contained in this Agreement nor any act by the City or the Developer shall be deemed or construed by the Developer or by any third person to create any relationship of third-party beneficiary, principal and agent, limited or general partner, or joint venture between the City and the Developer or any third party.

Section 5.5. Release. Upon payment of all fees and charges under Article III in accordance with the provisions of this Agreement, the City will furnish Developer with a Release of Mortgage for the Property within a reasonable period of time following the request. Developer shall be responsible for recording the Release of Mortgage.

Section 5.6. Modifications. This Agreement may be modified solely through written amendments hereto executed by the Developer and the City.

Section 5.7. Counterparts. This Agreement may be executed in any number of counterparts, each of which shall constitute one and the same instrument.

Section 5.8. Judicial Interpretation. Should any provision of this Agreement require judicial interpretation, the court interpreting or construing the same shall not apply a presumption that the terms hereof shall be more strictly construed against one party by reason of the rule of construction that a document is to be construed more strictly against the party who itself or through its agent or attorney prepared the same, it being agreed that the agents and attorneys of both parties have participated in the preparation hereof.

Section 5.9. Run with the Land. This Agreement may be recorded against the Property and shall run with the aforesaid Property and shall inure to the benefit of and be binding upon the parties hereto and their respective heirs, executors, representatives, successors and assigns.

IN WITNESS WHEREOF, the City has caused this Agreement to be duly executed in its name and behalf and the Developer has caused this Agreement to be duly executed in its name and behalf on or as of the date first above written.

(b) The Developer shall pay all costs incurred by the City in connection with the preparation and implementation of this Agreement and related documents, including, without limitation, fees of attorneys related the preparation of this Agreement and related documents, if the Developer fails to complete construction of the Improvements within one hundred and twenty (120) days after the date of this Agreement.

Section 3.4 Security. As security for Developer's obligation of repayment of the Deferred Charges and Costs identified in Sections 3.1 and 3.3, Developer hereby grants and the City shall and hereby does have, a lien on the Property in the full amount necessary to satisfy any repayment obligation of the fees and charges identified in Sections 3.1 and 3.3 under this Agreement and the cost including reasonable attorney's fees, of collecting the same.

Section 3.5 Notice. At least 10 days before the date of any sale, cash out refinance, transfer or other conveyance of the Property or, in the event of a sale by contract for deed, Developer or their heirs, executors or representatives, shall give the City notice thereof.

Section 3.6 Mortgage. To secure any such repayment of the Deferred Charges under Section 3.1 and 3.3 as may become due under the provisions of this Article, the Developer hereby

grants to the City a Statutory Short Form Mortgage pursuant to the provisions of Minnesota Statutes Section 507.15 (2016) as follows:

UNIFORM SHORT FORM MORTGAGE

This statutory mortgage, made this ___ day of _____, 2019 between the City of Isanti, a Minnesota Municipal having its principal office at 110 First Avenue N.W. PO Box 428, Isanti, Minnesota 55040 (the "Mortgagor"), and J Robinson Construction, Inc., a corporation under the laws of the State of Minnesota having its principal office at 27178 Tamarack St NW, Isanti, MN 55040 (the "Mortgagee"),

Witnesseth, that to secure the payment of the Deferred Charges by the Mortgagee to the Mortgagor of $5,894.00 as described in Article 3 of this Agreement (the "Indebtedness") the Mortgagor, hereby mortgages to the mortgagee and grants a security interest in the real property located at 207 9th Ave, in the City of Isanti, Isanti County, Minnesota, as legally described and set forth in "Schedule A" attached hereto and made a part hereof ("Property"), subject only to any liens or encumbrances of record thereon as of the date hereof.

And Mortgagor agrees and covenants with the Mortgagee the following statutory covenants;

1. To warrant the title to the Property, subject only to prior encumbrances of record as of the date hereof.
2. To pay the indebtedness as herein provided.
3. To pay all taxes.
4. To keep the buildings located on the Property insured against fire, windstorm and extended coverage for their full insurable value for the protection of the Mortgagee.
5. That the Property shall be kept in repair and no waste shall be committed.
6. That the whole of the principal sum shall become due after default, in the payment of any installment of principal or interest, or of any tax, or in the performance of any other covenant, at the option of the Mortgagee.

If default be made in any payment or covenant herein, the mortgagee shall have the statutory power of sale, and on foreclosure may retain statutory costs and attorney's fees.

Section 3.7. In the event Mortgagor or their heirs, executors or representatives shall fail or refuse to make a required repayment of the Indebtedness within the limited period set forth herein, the Mortgagee may, with or without notice to Mortgagor foreclose said lien in the same manner as provided pursuant an action for the foreclosure of mortgage upon said Property, as by statute provided, or may at its option proceed with foreclosure by advertisement pursuant to the statutory power of sale which the Mortgagor grants to the Mortgagee provided under this Mortgage, in accordance with applicable law. In the event of default by Mortgagor on any of Mortgagor's obligations under the terms of this Mortgage, Mortgagee shall also have the right to pursue any remedy available to it at law or in equity.

ARTICLE IV
Events of Default

Section 4.1. Events of Default Defined. The following shall be "Events of Default" under this Agreement and the term "Event of Default" shall mean, whenever it is used in this Agreement (unless the context otherwise provides), any one or more of the following events:

(a) Failure by the Developer to pay when due any payments required to be paid under this Agreement.

(b) The Developer of the following: (i) file any petition in bankruptcy or for any reorganization, arrangement, composition, readjustment, liquidation, dissolution, or similar relief under United States Bankruptcy Laws or any similar Federal or State Laws; or (ii) make an assignment for the benefit of its creditors; or (iii) admits, in writing, its inability to pay its debts generally as they become due; or (iv) be adjudicated, bankrupt or insolvent.

Section 4.2. City's Remedies on Default. Whenever any Event of Default by Developer referred to in Section 4.1 of this Agreement occurs, the City may take any one or more of the following actions after providing ten (10) days written notice to the Developer of the Event of Default, but only if the Event of Default has not been cured within said ten (10) days:

(a) Declare the entire outstanding balance of the Deferred Charges immediately due and payable;

(b) Terminate this Agreement;

(c) Deny issuance of certificates of occupancy or temporary certificates of occupancy;

(c) Take whatever action, including legal, equitable or administrative action, which may appear necessary or desirable to the City to collect any payments due under this Agreement, or to enforce performance and observance of any obligation, agreement, or covenant of the Developer under this Agreement, including the remedies provided under Article 3.

Section 4.3. No Remedy Exclusive. No remedy herein conferred upon or reserved to the City or Developer is intended to be exclusive of any other available remedy or remedies, but each and every such remedy shall be cumulative and shall be in addition to every other remedy given under this Agreement or now or hereafter existing at law or in equity or by statute. No delay or omission to exercise any right or power accruing upon any default shall impair any such right or power or shall be construed to be a waiver thereof, but any such right and power may be exercised from time to time and as often as may be deemed expedient. In order to entitle the City or the Developer to exercise any remedy reserved to it, it shall not be necessary to give notice, other than such notice as may be required in this Article IV.

Section 4.4. No Additional Waiver Implied by One Waiver. In the event any agreement contained in this Agreement should be breached by either party and thereafter waived by the other

party, such waiver shall be limited to the particular breach so waived and shall not be deemed to waive any other concurrent, previous or subsequent breach hereunder.

Section 4.5. Costs of Enforcement. Whenever any Event of Default occurs and the City shall employ attorneys or incur other expenses for the collection of payments due or to become due or for the enforcement of performance or observance of any obligation or agreement on the part of the Developer under this Agreement, the Developer agrees that it shall, within ten (10) days of written demand by the City, pay to the City the reasonable fees of such attorneys and such other expenses so incurred by the City.

Section 4.6. Certificate of Occupancy. The City may deny a certificate of occupancy or temporary certificate of occupancy for the Property until all amounts owed to the City under the terms of this Agreement have been paid by Developer.

ARTICLE V
Additional Provisions

Section 5.1. Representatives Not Individually Liable. No member, official, or employee of the City shall be personally liable to the Developer, or any successor in interest, in the event of any default or breach or for any amount which may become due to Developer or successor in interest or on any obligations under the terms of this Agreement.

Section 5.2. Titles of Articles and Sections. Any titles of the several parts, Articles, and Sections of the Agreement are inserted for convenience of reference only and shall be disregarded in construing or interpreting any of its provisions.

Section 5.3. Notices and Demands. Except as otherwise expressly provided in this Agreement, a notice, demand, or other communication under the Agreement by either party to the other shall be sufficiently given or delivered if it is dispatched by registered or certified mail, postage prepaid, return receipt requested, or delivered personally; and

(a) in the case of the Developer, is addressed to or delivered personally to J Robinson Construction, Inc. 27178 Tamarack St NW, Isanti, MN 55040; and

(b) in the case of the City, is addressed to or delivered personally to the City at 110 First Avenue N.W., P.O. Box 428, Isanti, Minnesota 55040,

or at such other address with respect to either such party as that party may, from time to time, designate in writing and forward to the other as provided in this Section.

Section 5.4. Disclaimer of Relationships. The Developer acknowledges that nothing contained in this Agreement nor any act by the City or the Developer shall be deemed or construed by the Developer or by any third person to create any relationship of third-party beneficiary, principal and agent, limited or general partner, or joint venture between the City and the Developer or any third party.

Section 5.5. Release. Upon payment of all fees and charges under Article III in accordance with the provisions of this Agreement, the City will furnish Developer with a Release of Mortgage for the Property within a reasonable period of time following the request. Developer shall be responsible for recording the Release of Mortgage.

Section 5.6. Modifications. This Agreement may be modified solely through written amendments hereto executed by the Developer and the City.

Section 5.7. Counterparts. This Agreement may be executed in any number of counterparts, each of which shall constitute one and the same instrument.

Section 5.8. Judicial Interpretation. Should any provision of this Agreement require judicial interpretation, the court interpreting or construing the same shall not apply a presumption that the terms hereof shall be more strictly construed against one party by reason of the rule of construction that a document is to be construed more strictly against the party who itself or through its agent or attorney prepared the same, it being agreed that the agents and attorneys of both parties have participated in the preparation hereof.

Section 5.9. Run with the Land. This Agreement may be recorded against the Property and shall run with the aforesaid Property and shall inure to the benefit of and be binding upon the parties hereto and their respective heirs, executors, representatives, successors and assigns.

IN WITNESS WHEREOF, the City has caused this Agreement to be duly executed in its name and behalf and the Developer has caused this Agreement to be duly executed in its name and behalf on or as of the date first above written.

Request for City Council Action

To: Mayor Johnson and Members City Council
From: Sheila Sellman, Community Development Director
Date: May 21, 2019
Subject: **RESOLUTION NO. 2019-XXX AUTHORIZING THE EXECUTION OF REPAYMENT AGREEMENT ON LOT 3, BLOCK 1, SUN PRAIRIE FOURTH ADDITION WITH J ROBINSON CONSTRUCTION, INC**

Background:
On December 19, 2017 the City Council amended and extended a SAC and WAC deferral program through Resolution 2017-304 to continue to spur development activity and in 2018, the City Council extended the program to December 31, 2019 by Resolution 2018-268. J Robinson Construction, Inc. has requested that the City execute a Repayment Agreement for three new lots legally described as Lot 1-3, Block 1, Sun Prairie Fourth Addition, for the construction of three homes. The business is in 'good standing' upon review of the MN Secretary of State Office as of May 14, 2019.

The form of the Repayment Agreement is consistent with the form approved by the City Council on December 19, 2017. The Repayment Agreement will be dated as of the date that the Building Permit is paid for by the Developer.

Request
Staff is requesting that the City Council adopt the attached Resolution.

REPAYMENT AGREEMENT; STATUTORY SHORT FORM MORTGAGE; AND DEED RESTRICTIONS

THIS REPAYMENT AGREEMENT; STATUTORY SHORT FORM MORTGAGE; AND DEED RESTRICTIONS ("AGREEMENT"), made on or as of the ____ day of _____, 2019, by and between the City of Isanti, Minnesota, a Minnesota municipal corporation (hereinafter referred to as the "City") having its principal office at 110 First Avenue N.W. PO Box 428, Isanti, Minnesota 55040, and J Robinson Construction, Inc. , a corporation under the laws of the State of Minnesota (hereinafter referred to as the "Developer"), having its principal office at 27178 Tamarack St NW, Isanti, MN 55040.

WITNESSETH:

WHEREAS, the Developer intends to construct three single family homes (the "Improvements") on certain real property (the "Property") in the City; and

WHEREAS, in connection with the construction of the Improvements there are certain water and sanitary sewer charges that are payable by the Developer to the City; and

WHEREAS, the Developer has demonstrated to the satisfaction of the City that the Developer is unable to pay the full amount of the charges now and has asked the City to defer such charges and make them payable at a future point in time; and

WHEREAS, the City believes that the development of the Improvements by the Developer is in the best interests of the City and, therefore, it is willing to defer the charges if doing so will facilitate the development and viability of the Improvements.

NOW, THEREFORE, in consideration of the premises and the mutual obligations of the parties hereto, each of them does hereby covenant and agree with the other as follows:

ARTICLE I
Definitions

Section 1.1. Definitions. In this Agreement, unless a different meaning clearly appears from the context:

"Agreement" means this Agreement, as the same may be from time to time modified, amended, or supplemented.

"City" means the City of Isanti, Minnesota, its successors and assigns.

"County" means Isanti County, Minnesota.

"Deferred Charges" means the utility charges described in Section 3.1 of this Agreement being deferred by the City and which the Developer is obligated to pay in accordance with this Agreement.

"Developer" means J Robinson Construction, Inc, a Minnesota Corporation, its successors and assigns.

"Event of Default" means an action by the Developer listed in Article IV of this Agreement.

"Improvements" means the single-family home to be constructed by the Developer on the Property.

"Property" means the real property described on the attached Schedule A to this Agreement.

"State" means the State of Minnesota.

ARTICLE II
Representations

Section 2.1. Representations by the City. The City makes the following representations as the basis for the undertaking on its part herein contained:

(a) The City is a statutory city duly organized and existing under the laws of the State. Under State law, the City has the power to enter into this Agreement and to perform its obligations hereunder.

Section 2.2. Representations by the Developer. The Developer represents that:

(a) The Developer is a corporation duly organized and authorized to transact business in the State, is not in violation of any provisions of its Bylaws or the laws of the State, has power to enter into this Agreement and has duly authorized the execution, delivery and performance of this Agreement by proper action of its Board of Directors.

ARTICLE III
Deferred Charges, Payment and Security

Section 3.1. Deferred Charges. The Developer owes to the City the sum of **$ 5,894.00** in deferred utility charges ("Deferred Charges"). The Deferred Charges consist of **$ 2,613.00** in Water Availability Charges and **$ 3,281.00** in Sewer Availability Charges. The City has agreed to defer the payment of the Deferred Charges as described in this Agreement.

Section 3.2. Payment of the Deferred Charges. The Developer covenants and agrees that it will pay the Deferred Charges to the City on the earliest to occur of the following:

(a) on the date that is one hundred and twenty (120) days after the date of this Agreement;

(b) on the date that the Developer sells or transfers the Property or Improvements, or any portion thereof; or

(c) on the date that the City issues a certificate of occupancy for the Improvements.

Interest shall accrue on the Deferred Charges at the rate of zero percent (0%) from the date hereof and continuing until the Deferred Charges and all accrued interest have been paid in full.

Section 3.3. Payment of Costs.

(a) The Developer shall pay all costs for title work and recording of this Agreement.

(b) The Developer shall pay all costs incurred by the City in connection with the preparation and implementation of this Agreement and related documents, including, without limitation, fees of attorneys related the preparation of this Agreement and related documents, if the Developer fails to complete construction of the Improvements within one hundred and twenty (120) days after the date of this Agreement.

Section 3.4 Security. As security for Developer's obligation of repayment of the Deferred Charges and Costs identified in Sections 3.1 and 3.3, Developer hereby grants and the City shall and hereby does have, a lien on the Property in the full amount necessary to satisfy any repayment obligation of the fees and charges identified in Sections 3.1 and 3.3 under this Agreement and the cost including reasonable attorney's fees, of collecting the same.

Section 3.5 Notice. At least 10 days before the date of any sale, cash out refinance, transfer or other conveyance of the Property or, in the event of a sale by contract for deed, Developer or their heirs, executors or representatives, shall give the City notice thereof.

Section 3.6 Mortgage. To secure any such repayment of the Deferred Charges under Section 3.1 and 3.3 as may become due under the provisions of this Article, the Developer hereby

grants to the City a Statutory Short Form Mortgage pursuant to the provisions of Minnesota Statutes Section 507.15 (2016) as follows:

UNIFORM SHORT FORM MORTGAGE

This statutory mortgage, made this ___ day of _____, 2019 between the City of Isanti, a Minnesota Municipal having its principal office at 110 First Avenue N.W. PO Box 428, Isanti, Minnesota 55040 (the "Mortgagor"), and J Robinson Construction, Inc., a corporation under the laws of the State of Minnesota having its principal office at 27178 Tamarack St NW, Isanti, MN 55040 (the "Mortgagee"),

Witnesseth, that to secure the payment of the Deferred Charges by the Mortgagee to the Mortgagor of $5,894.00 as described in Article 3 of this Agreement (the "Indebtedness") the Mortgagor, hereby mortgages to the mortgagee and grants a security interest in the real property located at 205 9th Ave SE, in the City of Isanti, Isanti County, Minnesota, as legally described and set forth in "Schedule A" attached hereto and made a part hereof ("Property"), subject only to any liens or encumbrances of record thereon as of the date hereof.

And Mortgagor agrees and covenants with the Mortgagee the following statutory covenants;

1. To warrant the title to the Property, subject only to prior encumbrances of record as of the date hereof.
2. To pay the indebtedness as herein provided.
3. To pay all taxes.
4. To keep the buildings located on the Property insured against fire, windstorm and extended coverage for their full insurable value for the protection of the Mortgagee.
5. That the Property shall be kept in repair and no waste shall be committed.
6. That the whole of the principal sum shall become due after default, in the payment of any installment of principal or interest, or of any tax, or in the performance of any other covenant, at the option of the Mortgagee.

If default be made in any payment or covenant herein, the mortgagee shall have the statutory power of sale, and on foreclosure may retain statutory costs and attorney's fees.

Section 3.7. In the event Mortgagor or their heirs, executors or representatives shall fail or refuse to make a required repayment of the Indebtedness within the limited period set forth herein, the Mortgagee may, with or without notice to Mortgagor foreclose said lien in the same manner as provided pursuant an action for the foreclosure of mortgage upon said Property, as by statute provided, or may at its option proceed with foreclosure by advertisement pursuant to the statutory power of sale which the Mortgagor grants to the Mortgagee provided under this Mortgage, in accordance with applicable law. In the event of default by Mortgagor on any of Mortgagor's obligations under the terms of this Mortgage, Mortgagee shall also have the right to pursue any remedy available to it at law or in equity.

ARTICLE IV
Events of Default

Section 4.1. Events of Default Defined. The following shall be "Events of Default" under this Agreement and the term "Event of Default" shall mean, whenever it is used in this Agreement (unless the context otherwise provides), any one or more of the following events:

(a) Failure by the Developer to pay when due any payments required to be paid under this Agreement.

(b) The Developer of the following: (i) file any petition in bankruptcy or for any reorganization, arrangement, composition, readjustment, liquidation, dissolution, or similar relief under United States Bankruptcy Laws or any similar Federal or State Laws; or (ii) make an assignment for the benefit of its creditors; or (iii) admits, in writing, its inability to pay its debts generally as they become due; or (iv) be adjudicated, bankrupt or insolvent.

Section 4.2. City's Remedies on Default. Whenever any Event of Default by Developer referred to in Section 4.1 of this Agreement occurs, the City may take any one or more of the following actions after providing ten (10) days written notice to the Developer of the Event of Default, but only if the Event of Default has not been cured within said ten (10) days:

(a) Declare the entire outstanding balance of the Deferred Charges immediately due and payable;

(b) Terminate this Agreement;

(c) Deny issuance of certificates of occupancy or temporary certificates of occupancy;

(c) Take whatever action, including legal, equitable or administrative action, which may appear necessary or desirable to the City to collect any payments due under this Agreement, or to enforce performance and observance of any obligation, agreement, or covenant of the Developer under this Agreement, including the remedies provided under Article 3.

Section 4.3. No Remedy Exclusive. No remedy herein conferred upon or reserved to the City or Developer is intended to be exclusive of any other available remedy or remedies, but each and every such remedy shall be cumulative and shall be in addition to every other remedy given under this Agreement or now or hereafter existing at law or in equity or by statute. No delay or omission to exercise any right or power accruing upon any default shall impair any such right or power or shall be construed to be a waiver thereof, but any such right and power may be exercised from time to time and as often as may be deemed expedient. In order to entitle the City or the Developer to exercise any remedy reserved to it, it shall not be necessary to give notice, other than such notice as may be required in this Article IV.

Section 4.4. No Additional Waiver Implied by One Waiver. In the event any agreement contained in this Agreement should be breached by either party and thereafter waived by the other

party, such waiver shall be limited to the particular breach so waived and shall not be deemed to waive any other concurrent, previous or subsequent breach hereunder.

Section 4.5. Costs of Enforcement. Whenever any Event of Default occurs and the City shall employ attorneys or incur other expenses for the collection of payments due or to become due or for the enforcement of performance or observance of any obligation or agreement on the part of the Developer under this Agreement, the Developer agrees that it shall, within ten (10) days of written demand by the City, pay to the City the reasonable fees of such attorneys and such other expenses so incurred by the City.

Section 4.6. Certificate of Occupancy. The City may deny a certificate of occupancy or temporary certificate of occupancy for the Property until all amounts owed to the City under the terms of this Agreement have been paid by Developer.

ARTICLE V
Additional Provisions

Section 5.1. Representatives Not Individually Liable. No member, official, or employee of the City shall be personally liable to the Developer, or any successor in interest, in the event of any default or breach or for any amount which may become due to Developer or successor in interest or on any obligations under the terms of this Agreement.

Section 5.2. Titles of Articles and Sections. Any titles of the several parts, Articles, and Sections of the Agreement are inserted for convenience of reference only and shall be disregarded in construing or interpreting any of its provisions.

Section 5.3. Notices and Demands. Except as otherwise expressly provided in this Agreement, a notice, demand, or other communication under the Agreement by either party to the other shall be sufficiently given or delivered if it is dispatched by registered or certified mail, postage prepaid, return receipt requested, or delivered personally; and

(a) in the case of the Developer, is addressed to or delivered personally to J Robinson Construction, Inc. 27178 Tamarack St NW, Isanti, MN 55040; and

(b) in the case of the City, is addressed to or delivered personally to the City at 110 First Avenue N.W., P.O. Box 428, Isanti, Minnesota 55040,

or at such other address with respect to either such party as that party may, from time to time, designate in writing and forward to the other as provided in this Section.

Section 5.4. Disclaimer of Relationships. The Developer acknowledges that nothing contained in this Agreement nor any act by the City or the Developer shall be deemed or construed by the Developer or by any third person to create any relationship of third-party beneficiary, principal and agent, limited or general partner, or joint venture between the City and the Developer or any third party.

Section 5.5. Release. Upon payment of all fees and charges under Article III in accordance with the provisions of this Agreement, the City will furnish Developer with a Release of Mortgage for the Property within a reasonable period of time following the request. Developer shall be responsible for recording the Release of Mortgage.

Section 5.6. Modifications. This Agreement may be modified solely through written amendments hereto executed by the Developer and the City.

Section 5.7. Counterparts. This Agreement may be executed in any number of counterparts, each of which shall constitute one and the same instrument.

Section 5.8. Judicial Interpretation. Should any provision of this Agreement require judicial interpretation, the court interpreting or construing the same shall not apply a presumption that the terms hereof shall be more strictly construed against one party by reason of the rule of construction that a document is to be construed more strictly against the party who itself or through its agent or attorney prepared the same, it being agreed that the agents and attorneys of both parties have participated in the preparation hereof.

Section 5.9. Run with the Land. This Agreement may be recorded against the Property and shall run with the aforesaid Property and shall inure to the benefit of and be binding upon the parties hereto and their respective heirs, executors, representatives, successors and assigns.

IN WITNESS WHEREOF, the City has caused this Agreement to be duly executed in its name and behalf and the Developer has caused this Agreement to be duly executed in its name and behalf on or as of the date first above written.

Letter of Introduction

Katie Everett
Parks, Recreation & Culture Manager
110 First Avenue NW
P.O. Box 428
Isanti, MN 55040

April 5, 2019

Dear Katie,

I am delighted to submit this Proposal for a website redesign for the City of Isanti.

CivicPlus is the leading developer of municipal websites in the United States, with over 3,500 clients. Our sole focus is the municipal sector, including counties, cities, townships, villages, boroughs ,special districts and municipal related associations.

As you consider your options, I did want to highlight the following:

- We have numerous municipal clients throughout the state of MN—three references are included.
- You will receive a custom new design and layout, built in Responsive Design, to accommodate the various sizes of mobile and tablet devices currently in use.
- This proposal includes full content development, migrating existing pages and building out new content, as provided.
- We offer two-way integration with Social Media.
- Our CMS is very intuitive and we believe the easiest to use in the industry.
- We can also provide optional software for a variety of online services such as Emergency Notifications and Recreation Registration.

I look forward to having the opportunity to present our services and demo our application in the weeks ahead.

Sincerely,

Jordan Cairns
Minnesota Sales Representative

Executive Summary

The following is a brief overview of what we feel are our key differentiators and what has led to our national success serving the municipal sector.

Created to Meet Your Needs

Developing your new website under the Open Source Initiative provides CivicCMS with the flexibility to develop new features and modules to help you meet your goals and vision.

Our Drupal Platform

CivicPlus will develop your site on one of the industry's most trusted open source platforms, Drupal. It is the platform of choice by national, state, and local governments all over the world.

We Build Long-Term Relationships

Our partnership with you is only beginning at go-live! We provide ongoing customer support and our Account Management team will work with you to help you evolve your web environment throughout your relationship with CivicPlus.

Easiest System for Updating & Adding New Content

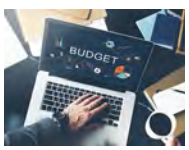
Your new CivicCMS website will be specifically designed for ease-of-use so your staff, regardless of their technical skill level, can maintain and update your new website easily and efficiently.

Custom & Responsive Design

Your custom-designed website will be fully responsive on multiple devices including smart phones, tablets and wide screen monitors.

Useful & Relevant Modules

CivicCMS is flexible and scalable to grow with your web environment at your speed and need without extra features and functionalities that are not as relevant.



Affordable Cost, Flexible Payments

We understand the fiscal challenges municipalities face on a daily basis, so CivicPlus offers payment options to meet your budgeting needs.

Security and Protection—Priority One!

Our Tier IV secure hosting facilities are monitored 24/7 and your website is backed up daily off-site. We deploy state-of-the-art hardware and software to prevent DDoS and hacking attacks to protect your investment.

CivicPlus Company Profile

CivicPlus is the leading national provider of local municipal websites—the most innovative, user-friendly and comprehensive source for engaging constituents online. Our clients' solutions are based on the latest in web coding technologies. They function across all major browsers, platforms (including mobile) and incorporate engaging features such as social media integration.

CivicPlus was founded over 20 years ago. Today, we have 265 staff members and continue to implement new technologies and services to maintain the highest standards of excellence and efficiency for our more than 3,500 clients and over 70,000 users. Our commitment to setting the standard in website design, management and government communication has been instrumental in making CivicPlus a leader in web design, communication programming and hosting.

Your new website will convey a sense of place for your community, be visually appealing and utilize the latest technology to provide a convenient source of information to communicate and engage your community so they can find the information they need, when they want it.

Why should the City of Isanti choose CivicPlus to achieve its vision?

- We are driven by client service, not billings. Our goal is to become your trusted partner and deliver what you need.
- We set the industry standard and have the reputation to back it up, for helping governments better connect with citizens and constituents and we will bring that same expertise to your project.
- We deliver in-house professional services to provide direction for your vision, alignment, consistency and peace of mind knowing your website will be what you need today and tomorrow.

CivicPlus Company Profile

- We develop highly-usable, mobile responsive sites so your website is available anywhere at any time.
- We create a website specific to how you and your citizens will use it and design it to be both end-user and maintenance friendly. We securely host your site in our state-of-the-art facilities – keeping it safe. We exceed industry standards maintaining over 99.9% up time for our clients' websites!
- Our proven step-by-step implementation process has been effective for clients throughout the United States, Canada and Australia.

Since our inception nearly 20 years ago, our focus has been and continues to be, helping local governments work better and that involves knowing what you need to be successful in your procurement process. From the RFP process and finalization interviews to contract negotiation and approval to accounting and billing, CivicPlus brings the experience and familiarity with procurement processes to help keep your project moving forward and moving smoothly.

In the last four years, CivicPlus clients have been honored with more than 290 top website awards. With a concentrated focus on e-government, transparency, usability, functionality, unique design and Web 2.0 technologies, your municipality cannot only receive the rewards that come from a seamless communications platform, but also the honor of industry and peers.

Through the implementation of strategic website solutions CivicPlus clients have won top awards from the nation's premier government associations.

- City-County Communications & Marketing Association (3CMA)
- National Association of Government Webmasters (NAGW)
- National Association of County Information Officers (NACIO)
- California Association of Public Information Officials (CAPIO)
- Center for Digital Government Digital Counties Survey
- Public Technology Institute
- Best of the Web Awards

Your Project Team

The following personnel would comprise the Deployment Team for this project.

Bill Letsky, Account Director

Area of Responsibility: Account Manager

Bill has over 12 years of direct account management supervision and over 15 years of related industry experience. Bill has broad experience in customer support, content development, user training and sales solutions. He has also created annual regional user group meetings. Bill has an M.B.A. in marketing from the College of William and Mary and an undergraduate degree in Economics.

Dave Casaceli, Client Service Director

Area of Responsibility: Implementation, Quality Control, Hosting

Dave is part of the Management Committee and has been an employee since 2007. His prior work experience includes technical management positions with Lycos, Stratus, and Intrinsix.

Tom Peacock, Senior Customer Service Manager

Area of Responsibility: Training, User Support

Tom is our lead trainer and also manages a staff of 4 Customer Service Representatives. Tom has worked for us since 2006, and has an extensive background in content management systems and related applications.

Miriam Gross, Lead Developer

Area of Responsibility: Content Development

Miriam has been with us since 2008 and would be the lead content developer on this project. Miriam is well versed in Drupal systems, as well as many other our of applications.

Phil Peacock, Systems Administrator

Area of Responsibility: Implementation, Drupal Back-End

Phil has been with us for five years and is a network administrator for our content management systems. Phil knows the technical capabilities of our Drupal CMS and works directly with our software developers on custom requirements, platform enhancements, and any bugs that may arise.

Your Project Team

Lisa Shuster, Project Manager

Area of Responsibility: Implementation

Lisa has been with us for three years and has assisted in the implementation of dozens of municipal websites. Lisa is especially adept at working with clients to maximize their website content and to make sure our clients follow through on each of our checkpoints prior to a new site launch.

Tom Rose, Senior Graphic Designer

Area of Responsibility: Website Design

Tom is our lead designer and has been designing websites for cities, towns, public schools, libraries and other municipal entities since 2001. Tom has a keen understanding of the user experience and keeps up to date with emerging trends and technologies such as Responsive Design, HTML5 and CSS3.

Implementation Plan & Timeline

Phase 1 – Strategy Session & Discovery

CivicPlus will conduct an online meeting with staff to clearly define your objectives and better understand the culture and stakeholder components. Once we have a clear assessment of objectives, we will undertake a strategic design session to discuss design elements, layouts, and preferences. We aim to make design options that evoke these elements while also providing visitors quick and easy access to the information they are looking for. This design meeting will serve as the basis for rendering initial prototypes. Your design will be revised until you are completely satisfied will all elements. You are not picking a template; all designs are custom and you are not limited to designs CivicPlus has previously created.

Phase 2 – Design & Architecture

Responsive Design

Your site will be designed to be "Responsive" in order to maximize the viewing experience. This means it will reshape itself depending on the screen size of the device a visitor is using to access the website. Compared to a traditional computer layout, the site would expand if viewed on a large screen monitor and reshape its layout when viewed on tablets and/or smart phones.

Navigation and Layout

Visitors to municipal websites are usually not surfing the site but looking for specific information. Generally they want to find their information within a couple of clicks or they may lose patience and give up. It is CRUCIAL that a municipal website have multiple ways for visitors to find what they are looking for and for the paths to be easy and obvious**.**

A. Search Engines: We utilize robust search engines that allow for advanced features and search ability within PDF documents.

B. Online Document Center: Forms, applications, documents and permits are created at the dept/board level and can also appear in an aggregate file center.

C. Views & Taxonomy: Our websites have the ability to auto-link content in multiple places while the content is being created. Visitors gain quick access in multiple locations and changes only need to done once. These would include modules such as FAQs, Services A-Z, Residents, Businesses, Visitors and Newcomers.

D. Home Page Navigation: We also utilize Cascading Navigation, Mega-Menus, and Help Centers to provide easy access to core information right from the home page.

Our Project Plan

Phase 3- Site Implementation

Once the design has been finalized and approved, we implement it into our content management system. All landing pages for your departments and boards are also created. The result is a shell of your new site ready for content.

Phase 4 - Content Development

Clients will identify existing content to be moved. New content may be submitted electronically to us anytime during this development phase up until the site goes live. We will also use online surveys to help us identify content. There is no limit to the number of pages we will create during this phase until you go live.

Phase 5 - User Training & Initial Support

CMS Training Plan

Our content management system is very intuitive and documentation is built into each form. All staff training will be conducted online. Training will be a combination of small group sessions and individual instruction. There will be a separate session for site administrators. We are not limiting the number of hours of training required to get each fully up to speed. We will also supply training manuals for those preferring written documentation.

CivicPlus also offers an online video library and no-cost monthly online webinars for any other employees or board members designated to maintain part of the website. Each webinar session is 30 minutes long and every month includes a basic session for new employees/new users along with some specialized topics. Staff can take the sessions at their workstations and interact with the trainer via phone.

Customer Support

Once the new website is live, staff will be responsible for updating the content. As part of this proposal, CivicPlus will provide unlimited, ongoing support for your core staff members. Each member can contact us via phone or email Mon-Fri, 8:00 a.m. to 5:00 p.m., PST for any type of assistance building or editing content. This is no limit to the amount of assistance we would provide. (Note we are not limiting the number of content editors you may have, just the number of users able to access direct support).

Phase 6 - Website Deployment & GO LIVE

Once all content has been built and all staff has been trained, you will decide on a Go Live date. CivicPlus will perform various QA tasks prior to going live and activate any remaining modules. DNS and SEO related activities will be performed at this time.

Typical Project Timeline

The support has been amazing from day one. We worked closely with your employees during initial setup stages, creating the webpage, training, and for follow-up. Your team of employees know what the City was looking for and created it with ease.

Felicia B., Aberdeen, MD

Design creation, accessibility, usability guidance, content optimization, training - CivicPlus delivers all of this and more during the development of your CivicCMS new website. Your exact project timeline can vary based on determined project scope, project enhancements purchased, your availability for meeting coordination, action item return and completion, approval dates kept, and other factors. Based on our experience, the estimated timeline for the successful completion of your CivicCMS project is approximately 12-15 weeks.

Implementation Phase	Timeframe	Deliverables
Phase 1 Strategy Sessions & Discovery	1 Week	• Define Core Objectives • Needs Assessment
Phase 2 Design & Architecture	3-4 Weeks	• Design Meeting with Client Website Committee • Homepage Options & Layout • Subpage Design and Layout • Finalize Design (once you are completely satisfied)
Phase 3 Site Implementation	2-3Weeks	• Identify Global and Cascading Navigation (and related links) • Implement Design within CivicCMS
Phase 4 Content Development	4-5 Weeks	• Migrate Agreed Existing Content
Phase 5 Training & Education	1 Week	• Sessions for Content Editors and Site Administrators • Group and Individual Sessions
Phase 6 Deployment & Go-Live	1Week	• Final Quality Check of Website • Install and Activate Selected Modules • DNS & SEO Activities

Content Management System (CMS)

Our exclusive ***CivicCMS*** software has been built using the open source Drupal platform and has been customized solely for municipal use. We have created unique content types and modified dozens of modules to conform to the needs of local governments.

Drupal is the most common website platform in use by national, state and local governments all over the world. Many large cities (such as San Francisco, Boston, and Los Angeles), and hundreds of towns have committed to migrating their websites to Drupal. Recently, the state of Massachusetts upgraded all of their websites onto the Drupal platform. Other Drupal websites include the White House, Homeland Security, FEMA, dozens of other Federal Departments, and the States of Georgia and North Carolina.

Please view the next two pages for examples of our features and modules.

Interactivity

Our CMS comes equipped with numerous tools and modules to maximize the interactive experience between visitors and your website content. Examples include:

I. Email Broadcast of New Content

Email notification lists are managed within the Drupal platform, allowing our clients to create lists for visitors to sign up (i.e., News & Notices, Urgent Alerts, Board Minutes, etc). There is no limit to the number of lists you can create; our CMS maintains each list individually. Postings can be made from any computer/ mobile device and can be scheduled in advanced. We can bulk load any current lists into our CMS.

II. Social Media Integration

Our CMS is integrated with both Twitter and Facebook. Posting something like a news item or notice to the website could also be sent out as a Twitter feed and/or post to a Facebook page. Conversely, we often use I -Frames to display your Twitter and/or Facebook feeds right into your website page. Our web pages also come equipped with built-in YouTube Video Players.

III. Text Messaging

Our system allows clients to send out text messages for city alerts and news items at no additional cost

IV. Webforms Module

Incorporated into our CMS is a webforms application that allows clients to create fillable forms and surveys for a variety of needs. Every online submission goes into immediately into a database and may be routed to one or more email accounts simultaneously.

ADA Compliance

CivicPlus is committed to making our client websites as compliant with Section 508 and the ADA guidelines as possible. We guarantee there will be no ADA errors when your website goes live.

When it comes to compliance, websites need to consider both the back-end (platform) and the front-end (theme & design).

The Drupal platform, upon which our CMS is based, supports web accessibility (it should be noted that thousands of government sites, including the White House and Homeland Security, have been built with Drupal). Our CMS will require any images uploaded to any part of the website to provide an ALT TAG to help special needs screen readers to define what that image is.

The front end can vary site-to-site, depending upon the specific theming, design, CSS and content. Our goal in each case is to make sure there is appropriate text to background contrasts, suitable font usage, and readable font sizes.

We can provide guidelines to help you to keep your website in compliance. We also partner with Audio Eye, an application which takes a proactive role in helping clients keep sites in compliance. Audio Eye is further discussed within the section “Optional Services”.

Support, Maintenance & Hosting

Our proposal is to train your staff to maintain the website once it is fully built out and to provide ongoing support to them as needed. Our content management system is very intuitive and documentation is built into each form. Staff training is conducted online and will be a combination of small group sessions and individual instruction. There will be a separate session for site administrators. CivicPlus will also supply training manuals for those preferring written documentation.

Our proposal also includes the ongoing hosting of the website in a secure environment.

Support & Maintenance

Once the new website is live, staff will be responsible for updating the content. As part of this proposal, we will provide unlimited, ongoing customer support for your core staff members. Each member can contact us via phone or email Monday-Friday, 8:00 a.m. to 5:00 p.m. EST or any type of assistance building or editing content. This is no limit to the amount of assistance we would provide.

We also offer an **Online Support Center** which includes a variety of short online videos, quick reference guides, webform examples and useful tips. CivicPlus also provides no-cost monthly online webinars for any other employees or board members designated to maintain part of the website. Each webinar session is 30 minutes long and every month includes a basic session for new employees/new users along with some specialized topics. Staff can take the sessions at their workstations and interact with the trainer via phone.

CivicPlus is responsible for all ongoing maintenance. This includes various security and other patches provided by the greater Drupal community, as well as any module updates provided by the module maintainers, We also provide ongoing development of our CMS with releases of new functionalities and features usually on a quarterly basis. We encourage our clients to submit suggestions. These will be added to our development roadmap and addressed if both appropriate and possible. We have yet to charge any of our clients for the implementation of their suggestions, as long as they can be used across our client base.

Support, Maintenance & Hosting

Our clients do not host their website internally. All of our websites are hosted by us in conjunction with a third party managed solution, Contegix, a national hosting provider specializing in the Drupal Platform (www.contegix.com). This will allow us to maintain strict control over hacking attempts and DDoS attacks and provide an easy pathway for us to implement feature upgrades and service patches.

Your website would be hosted at their Reston, VA data center. This is a state-of-the-art, Tier 4 facility, with N+2 power, cooling, generators, armed guards and manned 24/7/365. The systems have redundant power supplies and disk arrays with a hardware RAID card. For hosting we utilize an OpenStock based cloud that is fully redundant. The server that would host your site is a dedicated VTS server that utilizes 12 webheads and a load balancer to account for traffic surges as needed. It is a multitenant server, all municipalities utilizing the same CMS. Your website is backed up daily to a Contegix data center in Las Vegas, Nevada.

We are committed to 99.9% uptime and rapid response to any technical issues that may arise. For any technical issues or needs, clients have 24/7 access to our support team.

Occasionally our clients encounter natural disasters such as tornadoes or tropical storms, and man-made crises (Newtown, CT, Parkland, FL). In all cases, our staff is committed to take on an active webmaster role as needed at no cost to our clients.

Dear Selection Committee Members,

Thank you for the opportunity to submit a proposal for the upgrade of Isanti's website. Based on our conversations and the thoroughness of your RFP, we feel our comprehensive offering will enable you to transform your web presence into a true "Digital City Hall."

Granicus is uniquely positioned to help you serve, engage and reach – residents, visitors and businesses in Isanti. Here is how we can help you:

- Serve. Like most government organizations, you are looking to bring more services online. We'll help you transform your website into a true service portal. We'll start by identifying the top tasks users perform on your website – like paying a ticket – and make it easy for visitors to find and complete those tasks.
- Engage. Connect with your citizens in a whole new way. With Granicus govAccess you can gather input on important issues, conduct polls, and aggregate and analyze data to inform public policy.
- Protect. Keep critical data safe by working with a vendor serving federal agencies that require the highest levels of security. At a time when ransomware attacks are growing in local government, you can never be too careful. We are here to help!
- Mobilize. With nearly 50 percent of traffic to local government websites coming from a mobile device, responsive design is no longer enough. Granicus offers the tools to truly optimize the mobile experience for your users.

We see tremendous potential for your website and would welcome the opportunity to help you achieve it. I look forward to talking with you soon about what's next for Isanti.

Respectfully submitted,

Will Trost

Executive Summary

Better Serve Your Citizens

Your citizens approach their digital interactions with government in the same manner they do elsewhere on the web – as customers. Whether they are looking for information on a consumer website or a government website, they expect to find clear and understandable answers to their questions, quickly, in plain language they understand, at any time of day and via the device of their choice. Increasingly, that device is a mobile one, which requires additional thought to ensure this emerging group of site visitors can easily navigate your site.

The Granicus Experience

Granicus has partnered with more than 800 leading local government agencies to design, develop and host their websites. Through these partnerships we continuously evolve our processes and technology to put our government clients at the forefront of innovation in digital government. Everything we do contributes to our mission to help YOU create a superior digital customer experiences including:

*"I've never worked with a **vendor that has been more** invested in our success."*

Robert Rasmussen
Assistant IT Director
Amarillo, TX

A citizens-focused project approach that starts with research into how your website visitors want to engage with you and what services and information is most important to them. We'll also interview internal stakeholder to understand your goals. This research informs the design, content structure and development of your website – ultimately helping you deliver a superior digital CX.

Ongoing support and continuous improvement that helps ensure your website evolves with customer expectations. The Granicus team conducts an annual analysis of your website using proprietary data and makes recommendations to improve your customer experience leveraging our flexible CMS. You'll also benefit from a guaranteed free redesign.

A CMS that powers superior digital citizen experiences. After we hand over your new website, our CMS solution is there to help you carry on the superior digital citizen experience mission. The casual user can easily update the website with fresh content and visuals, while the power user can monitor, manage, analyze and optimize the website over time.

About Granicus

Meet Granicus

Granicus provides technology and services that empowers government organizations to create seamless digital experiences for the people they serve. Offering the industry's leading cloud-based solutions for communications, content management, meeting and agenda management, and digital services to more than 4,000 public sector organizations, Granicus helps turn government missions into quantifiable realities.

Granicus acquired Vision in 2018, the national leader in government website design, development and hosting. Granicus was impressed by the evolution of the Vision CMS to meet the changing needs of government and the people they serve. They were equally impressed by the process the team perfected to design and develop award-winning government websites.

Project Development Approach

Project Promise

Over the last 20-plus years, Granicus has created hundreds of award-winning local government websites. We'll bring this expertise to your project, while also working to meet and exceed your unique goals. Here are a few things you can expect from your partnership with Granicus.

Your Goals	The Granicus Difference
A digital city hall experience that promotes self-service across all departments.	Granicus believes your website should truly serve citizens, making it easy to find and complete common tasks, like paying a ticket. Our data-driven approach will help us identify top services and tasks so we can optimize the online customer journey.
Encourage civic participation.	Connect with your citizens in a whole new way. With Granicus govAccess you can gather input on important issues, conduct polls, and aggregate and analyze data. You may also want to consider govDelivery, enabling you to publish content to our network of 150M people.
A citizen-centric design, release early, iterate often.	With our public beta site offering we can launch early, gather feedback and iterate to ensure we deliver a website that truly meets the needs of your citizens.
Data-driven approach to the website redesign.	Our process takes the guesswork out of your website redesign by basing key project decisions on the data we collect about your website, not on opinions. As a result, your team will be informed and aligned.
A unified web presence with apps used by the city seamlessly integrated.	Extend the impact of your website with the Granicus platform – publish content to our network of 150M+ citizens, simplify agenda creation, stream meetings to video, and much more. You can also choose from an extensive list of pre-built integrations with best-in-class apps like Laserfiche, NeoGov, Esri, SiteImprove, Twitter, Facebook and more.

GRANICUS

Timeline + Development Plan

GRANICUS

1 Research

GOAL
Gain alignment on website goals, design, branding, functionality, and layout – guided by best practices.

Deliverables
- Library of Best Practice Wireframe templates

Toolkits
- Project Kick-off Kit

Your Role
- Identify web team
- Complete Stakeholder Survey
- Signoff on wireframe

1-3 weeks

Granicus' primary objective is to develop a website that makes it easy for people to get things done online. In order to achieve this mission, our process begins with an analysis of your current website and future needs.

- Needs Analysis: Through a series of exercises and meetings we will work to better understand how your website is working for you today and where you'd like to improve it.
- Stakeholder Survey: This process will include a stakeholder survey with questions designed to help define overall project goals.
- Wireframe: You will be presented with several best practices wireframe options based on the needs analysis and stakeholder survey.

2 Design

GOAL
Create a website design to meet the needs of your community, based on the selected best-practice template.

Deliverables
- Color Palette
- Graphic Design Comp

Your Role
- Share any existing brand guidelines
- Gather any photos + logos + video to be used in your website design
- Sign-off on color palette and design comp

2-4 weeks

During the design phase we leverage best practices to balance aesthetics with usability, mobility and accessibility principles to ensure the final result is a combination of beauty and function.

- Navigation: To ensure visitors to your site can easily find the services and information they seek, we provide you with a navigation recommendation for your new website that is based on our years of experience and your unique engagement goals.
- Color Palette: We will also collaborate with your team to ensure the color palette for the new website reflects the tone you are looking for.
- Graphic Design Comp: Your project team will present your layout, functionality and design.

GRANICUS

3 Site Development

GOAL
Program the website, prepare content for migration, train content contributors on the CMS.

Deliverables
- Sitemap Recommendations
- Web-based content training
- 50 Pages of Migrated Content
- Program Website

Toolkits
- Work Plan Template
- Pre-Launch Preparation
- Content Migration Guide
- "How Do I..." Menu Guide

Your Role
- Supply list of all 3rd party apps used w/ site
- Sign-off on site map
- Collaborate with your PM to map current pages to new site map / identify redirects
- Attend writing for the web / accessibility training
- Edit existing content / create content for new pages (we offer additional content writing + editing services)

8-10 weeks

Content Should Enable a Customer Mission

"The writing for the web training was critical for helping our staff think about our customer and what they're trying to accomplish in every decision we make about content."

Abbot Chambers
Librarian/Director Comms
City of Sausalito

The site development phase has two major components: the actual technical programming of the website and finalization of content that will be added to your site. While our development team is busy, our content strategy experts will work with your staff to finalize the sitemap and migrate and refine content.

- Sitemap Consultation: At this stage we will finalize the site map, consulting with you to make sure all navigation is organized and labeled in an effective manner to accomplish your goals.

- Work Plan: To help your team lead communicate project goals, deliverables, and deadlines, we provide a Work Plan Template. This template includes a project introduction, breakdown of individual project-related tasks and timeline for completion.

- Communication Cadence: Communication templates and a recommended cadence around tasks and deadlines, meetings and agendas are also provided. These tools not only ensure a smoother project, they will help your team lead establish credibility.

- Writing for the Web Training: Even the most visually stunning website will not be effective if information is difficult to find and understand. To help, we will conduct a web-based training workshop to introduce overall best practices for creating great, action-oriented content. Following the session, we'll provide resources to help reinforce the concepts learned with your content editors.

- Content Migration: We'll help begin the process of populating your new website with content by migrating 50 pages. Once the migration is complete, you'll be given access to the development website in order to review and refine the information.

4 Launch

GOAL
Transfer site to production environment, train team on CMS, and bring the new site live to the public.

Deliverables
- Staging Site
- CMS Training
- UAT Kick-Off Meeting

Toolkits
- User Setup Guide
- UAT Guide
- Launch Planning Guide

Your Role
- Attend CMS training
- Conduct User Acceptance Testing (UAT)
- Create marketing plan for website launch
- Final sign-off prior to go live

2-4 weeks

After extensive quality assurance testing, our developers will hand over the site to your team in a staging environment. This major milestone typically brings excitement and anxiety – with extensive activity and coordination needed across the organization before your site is ready to launch. To help, Granicus has perfected the process to ensure everything on your site functions as expected and internal signoff is complete before your site goes live.

- Granicus Quality Assurance Testing - The Granicus team will conduct testing to identify broken links, accessibility violations and general issues. Any issues will be flagged for your team to check before the site goes live.
- CMS Training – While our team is conducting final QA testing, our trainers will work with your team to teach them about the new tools they will be able to leverage in the CMS. All users will go through Basic CMS Training, to fully prepare them to review, add and edit content. Your super users will gain a deeper understanding of specific departmental functionality and how to set up roles, permissions and workflow/approval cycles.
- Staging Site – Our technical team transfers your site to a production environment in Rackspace.
- User Acceptance Testing (UAT) - While our team has already conducted a quality assurance process against the approved design specifications and Granicus migrated content, you will have the opportunity to conduct your own review during the UAT process.
- Launch Planning Meeting – Prior to your go-live date we will conduct a launch planning meeting to prepare your team and the Granicus team for pre- and post-launch configuration activities that can only occur once the site has gone live (Granicus Search & SSL set up, for example).
- Final Signoff - Once UAT has been completed and all stakeholders are comfortable, we'll flip the switch, and your new site will make its debut.

Project Experience & References

GRANICUS

PROJECT EXPERIENCE

City of Reno, NV

Population: 245,000 Launch: 2018
www.reno.gov

With citizen experience in mind, the City of Reno sought to provide customers with a service-centric digital portal where they can quickly find information and complete tasks.

The new site features:

- A **powerful search tool with "hot searches"** listed for quicker access to the most requested information
- A Chat box for faster service and help
- Most popular online tasks featured directly on the homepage
- Spotlight content area in the main banner to keep citizens informed of the latest news and events in the community

Town of Nashville, NC

Population: 5,500 Launch: 2018
www.townofnashville.com

The Town of Nashville, NC sought to develop an online hub for its customers. Information and services that were not previously available on the old website are now easily accessible on the new site, including job applications, business directory, service directory and eNotifications.

The new site features:

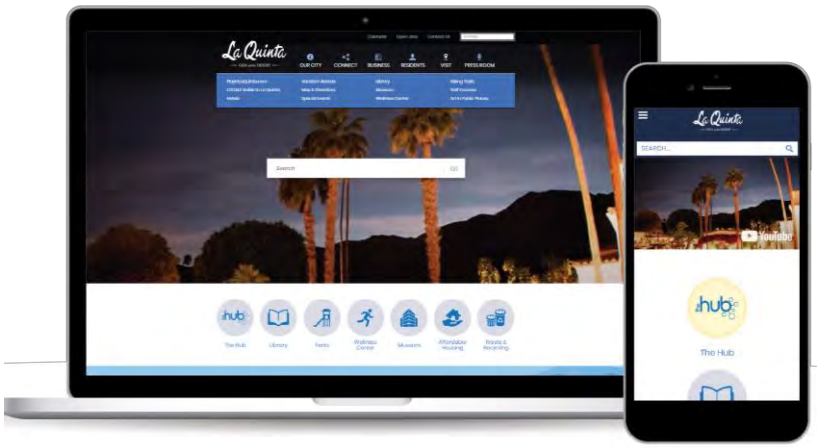
- Rotating homepage collage with images from around the community
- Intuitive navigation hierarchy to make it easy for visitors to find and access the most requested services and information
- Spotlight content area in the main banner to keep citizens informed of the latest news and events in the community

GRANICUS

PROJECT EXPERIENCE

City of La Quinta, CA

Population: 38,000 Launch: 2017
www.laquintaca.gov



With younger families moving in and a growing number of visitors coming to town for music festivals, the City of La Quinta realized it had to find new ways to serve this evolving demographic. The new website is now a one-stop-shop to help guide users to discover what the city has to offer and to find important community.

The new site features:

- A homepage video background to showcase things to do in La Quinta
- **"The Hub"** to help residents easily locate and apply for permits online
- The city decreased their page count by 3,000+ before launching providing visitors with more concise information.
- A Google and Amazon inspired navigation that helps users quickly find what they're looking for

City of Sioux City, IA

Population: 82,000 Launch: 2017
www.sioux-city.org

As a hub for business, tourism and residents, The City of Sioux revamped its website to better serve its diverse community.

The new site features:

- Intuitive homepage navigation that links to frequently visited pages, including online bill payments, job openings, and license and permit applications
- Elegant news and calendar widgets to notify users of planned city projects and events
- **An "I Want To..." menu** that allows users to access the most popular city services

PROJECT EXPERIENCE

City of Millbrae, CA

Population: 21,000 Launch: 2016
www.ci.Millbrae.ca.us

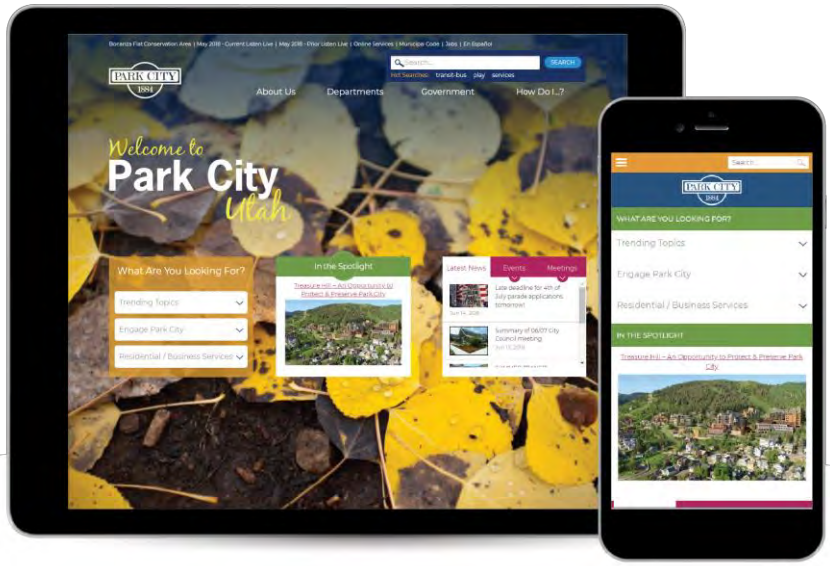
Because of its proximity to San Francisco and Silicon Valley, the City of Millbrae is a desirable home for young professionals and families in the area. The city underwent a complete overhaul of its website in order to make it a more interactive source of information to appeal to it's tech-savvy community.

The new site features:

- Prominent search allowing users to search for exactly what they are looking for quickly
- Unique news and event widget that is prominently featured in the main banner connecting users to topical content quickly
- A single-screen desktop view with several navigational paths including popular services, an "I want to..." menu and more

City of Park City, UT

Population: 9,000 Launch: 2015
www.parkcity.org



World-renowned as a skiers' paradise, Olympic venue and home of the Sundance Film Festival, Park City, UT boasts many natural and cultural attractions. When considering their redesign, Park City wanted to modernize their design to showcase their community's year-round beauty, while still making it easy to find important information.

The new site features:

- A single-screen desktop view that gives users all the information they need without having to scroll
- A service finder, allowing users to access trending topics and popular resident and business services
- News, Meetings and Events widget, providing visitors with up-to-date community information

Identifying Your Website Team

While the Granicus team will guide the process, we will depend on the dedication of staff and resources by the County to achieve the best result. Based on our experience, we recommend assigning staff into the following roles:

Project Manager

You should assign a dedicated project manager, who will serve as the main point of contact to interface with Granicus throughout the development of your website. This person will work closely with your Granicus project manager at each stage should be empowered to make final decisions on behalf of the County.

Core Project Team (3-5 people)

To help guide decisions, you should form a core project team. This group will work closely with your designated Project Manager in helping to gather input from your staff and guiding key decisions through the course of the project. Commonly this team includes staff from the following departments:

- Communications
- Administration
- IT

Steering Committee (varies)

To help build buy-in across your organization, we recommend forming a steering committee. This larger team should include representatives from across all of your departments. They will be included in larger surveys and potentially provide input at key decision points. Gathering this group early helps engage the organization in the development, gaining buy-in for the project and providing alignment for decisions.

WHAT CUSTOMERS SAID

Above and Beyond

"The Granicus Team went above and beyond. They were as invested in the website as we were, and we truly appreciated that!"

Subsites to meet your unique audience needs

Are you looking to better convert or engage visitors from a heavily visited webpage, capture more revenue or just stand out. Whatever your goals, Granicus can help. We have a variety of subsite packages ranging from simple department-specific color changes to a completely unique design.

To accommodate your needs, Granicus offers three subsite packages:

- Branded Subsite – This package allows a department to customize their pages with a unique color scheme and branding while still utilizing the framework of the main website. The consistency of the page layout and menus makes navigating the site intuitive, while still allowing for a distinct look and feel.

- Independent Subsite – Looking for a completely different look and independence from the parent website? This package offers custom design, the ability to set up separate top-level navigation and a unique URL. You will also have the option to leverage available departmental functionality and plugins. These design changes allow the department or division to truly differentiate itself.

- Specialty Subsite – This package is intended to serve the needs of larger and often revenue-generating departments that have either maintained their own separate website in the past, or would like to develop one as part of this project. Any department that purchases this package will receive comprehensive services, including one-on-one consultation to define unique goals, analyze audience behavior and demographics, and ultimately create a structure, navigation and site design that serves the unique audience of the department.

Dear Katie Everett and City of Isanti Website Selection Committee

Thank you for considering Revize as your web development partner. For nearly two decades, Revize has been a leader in providing high quality, government-compliant web solutions. A myriad of industry awards and hundreds of satisfied clients stand as testament to the quality and value of our work.

Every member of the Revize team understands that your website is more than a website. It's a valuable resource that can help you build a better community.

Visitors are drawn to websites that are appealing yet functional, user friendly with a plethora of services, and accessible on a wide range of devices. A Revize website will allow your residents and businesses to easily fill out and submit documents, review and pay bills and taxes, perform searches to answer frequently asked questions and perform a suite of other tasks that would otherwise require staff assistance. What's more, a Revize website will enable you to increase staff productivity and decrease costs by reducing off-line departmental operations.

Some of our great clients in include:

- City of Woodbury, MN www.woodburymn.gov
- City of Columbia Heights, MN www.columbiaheightsmn.gov
- City of Wilmar, MN www.willmarmn.gov
- Kanabec County, MN www.kanabeccounty.org
- Association of MN Counties, MN www.mncounties.org
- City of Logan, UT www.loganutah.org
- The City of Seguin, TX www.seguintexas.gov
- Flagler County, FL www.flaglercounty.org
- The City of St. Petersburg, FL www.stpete.org
- The City of Cedar Rapids, IA www.cedar-rapids.org
- And Many More!

We will work closely with you to design and develop a dynamic, functional and easy to navigate website that will perfectly fit your community. Then we empower you to control your digital presence with the industry's best administrative management applications. Revize training ensures that your team has the skills needed to expertly update and manage website content and delivery.

Government clients select Revize because we can help them

- Effectively engage residents.
- Enhance their web presence and build an online communications center.
- Empower non-technical web content editors and administrators to easily execute changes.
- Implement a scalable solution that allows them to affordably grow their web presence for the long term.

"Revize Websites build engagement with your constituents."

We have worked hard to establish a reputation for creating online community websites that engage, inform, and increase participation of your community. With our help, your community's website can serve your residents better, inspire them more, and get them actively involved in your government.

Please contact me if you have any questions at all.

Sincerely,

Executive Summary

Thank you for considering Revize Software Systems for your new website project. We understand the importance of this undertaking and know how motivated your government/community is to selecting the right vendor; one who will work with you through all the steps required to build the perfect website featuring a plethora of high quality online services that your constituents will want to use regularly.
In more than two decades of working with government leaders, as well as through nationwide surveys, we have learned that the key to choosing a website vendor is finding the right balance between the total cost of the solution and the quality of the design, online apps and user functionality. In simpler terms, you need a solution that works for you and serves your constituents.

About Us

With more than 1,500 government clients nationwide, Revize Software Systems is one of the industry's leading providers. We credit our rapid growth to our 20-year track record of building award-winning government websites and content management systems. When you work with Revize, you're not just a client, you become part of the Revize family and will receive the service and support you need and expect! We are among the most highly respected government website experts in the United States and we proudly stand by our work.

Our Innovative Responsive Web Design (RWD) and Web Apps

Revize has been a pioneer in implementing the latest trends in design by using Responsive Web Design (RWD). This technology ensures that site visitors have an optimal viewing experience — easy reading and navigation with a minimum of resizing, panning, and scrolling — across a wide range of devices, from desktop monitors to mobile phones. RWD provides flexible and fluid website layouts that adapt to almost any screen. When you implement a dynamic new website powered by Revize, you will not only get an outstanding look, layout and navigation, but you also receive 24/7 access to our Government Communication Center for residents, business and visitors.

Here you will find the communication tools you need such as

- Public Service Request App
- Calendar of Events
- E-Notification Modules
- On-Line Payment Portal
- Facilities Reservations
- News Center with Facebook/Twitter Integration
- Emergency Alerts
- Online Forms / Survey Tools
- E-Newsletter Applications
- Job Posting and Tracking Module
- Public Records Request Track

Our Award-Winning Government CMS

Revize is renowned as a leader in providing practical, high-value, easy to use content management software Government CMS. This simple-to-use yet powerful solution enables clients to manage their online presence with high functionality and style. With applications such as an online document center, public service request app, public records request tracker, agendas and minutes, frequently asked questions and more, Revize ensures that our clients have the tools they need to make information and services available for website users at the click of a mouse.

Quick Deployment, Personalized Training and Support

Revize addresses time concerns by completing websites in considerably less time than our competitors. And because our software is so easy to use, we are also able to effectively train our clients in less than half the time it takes our competitors. Our training program is customized based on each client's needs, and we provide hands on training the way you want it - either onsite or off site through web conferencing tools. We pride ourselves on the skills of our support staff, who are responsive, knowledgeable and helpful. Our online support portal is available 24X7X365 for issue tracking and management. We also provide phone and email support during regular business hours.

Company Profile

FOUNDED	HEADQUARTERS	PHONE	WEB SITE
1995	1890 Crooks Road, Troy, MI 48084	248-269-9263	www.revize.com

Revize Software Systems was founded in June, 1995 as a "new media" development company specializing in the creation of interactive web design, multimedia content delivered on CD-ROM, and video production. Since then, Revize has made an unsurpassed name for itself in the web/internet industry as THE master of government website design, which remains our specialty. We now boast more than 1200 clients in North America and have created acclaimed website designs for hundreds of municipalities and counties, as well as government departments and agencies. In September, 1996 as the Internet was becoming a world-wide reality, Revize began developing a Web Content Management System (CMS) for the government market to enable non-technical contributors to quickly and easily update content on their websites. The result was the creation of our state-of-the-art Revize Government CMS. Our mission has always been to enhance the communications of government organizations nationwide with their varied and valued audiences. This is based on our vision statement, which reads:

"The empowerment of people through simplified information management technologies."

Focused exclusively on creative web design, government web apps and content management technologies, Revize continues to invest in its technology, continually adding new capabilities and features that manifest our vision. While many municipalities choose Revize to develop and cost-effectively manage their website

content, clients also use Revize as an information-sharing platform. Our suite of Revize Government web-based solutions has proven valuable as a powerful technology that empowers clients to build and maintain sophisticated web sites, all while using the Internet and internal Intranets/Extranets to acquire, analyze, process, summarize and share information – ensuring that the right people always have the right information at the right time.

"We are proud of our award winning web designs, technologies, continued innovations to build government centric modules and apps, web content management, training and support capabilities. We are especially proud of being recognized as one of the industry's top government website experts and innovators. We are committed to pursuing the continued evolution of all our services to provide increased value to our government clients."

Government Project Experience

The City of Logan, Utah

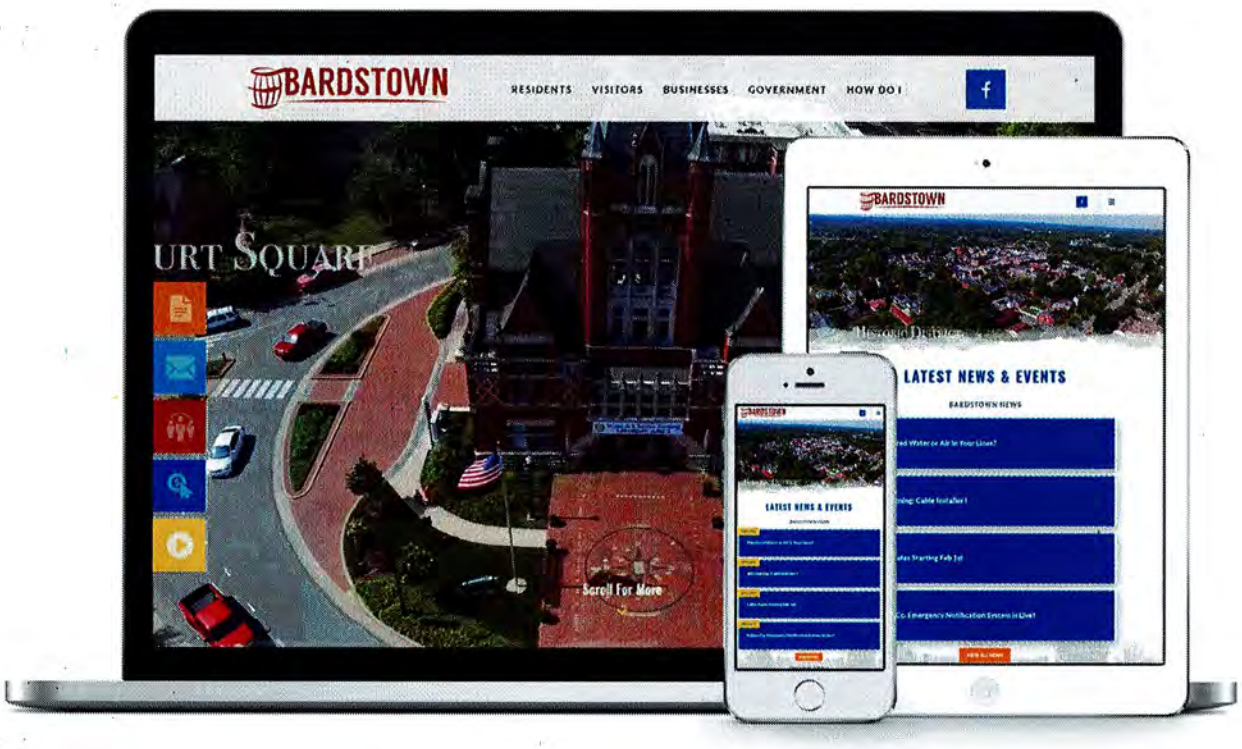
www.loganutah.org

Details:

Logan, Utah wanted a design unlike any City out there. With this design we pushed the limit of what people think when they see a City website. We integrated a video that plays on the full width homepage. In addition, this site features more scrolling than you may notice on more traditional websites. That is a good thing! Users are now, more than ever, viewing websites on their hand-held devices. Some estimates say this is as high as 60% of all internet usage! With more scrolling we are able to give the user a lot of information, without having to squeeze it into such a small space. We use images, icons, and interactive features to create an experience for the user. This type of design also allows us to extend the City's brand in a way that is unmatched in the industry!

Bardstown, Kentucky

www.cityofbardstown.org



Details:

Previously named "The Most Beautiful Small Town in America" by *USA Today,* The City of Bardstown has a unique place in American history. Bardstown lays claim to the title of "Bourbon Capital of the World." When you surf to this website you immediately see a beautiful drone video of the City. Because of the way we integrate this video, the website does not get slowed down! Clean and well laid out mega menus make this large site seem refreshingly easy to navigate. This website includes many of Revize's top features including the easy to find document center. This feature allows all documents to be posted in one area and then linked directly from other pages. This prevents multiple versions of the same document being posted. It also has a search feature that allows for quick find of documents by users who do not necessarily know which document belongs to which department. This website is the perfect mix of functionality and design!

The Village of Glencoe, Ilinois

www.villageofglenceo.org

Details:

The Village of Glencoe is beautiful community on the shores of Lake Michigan just north of Chicago. This website brings together an amazing design with a full suite of web apps to engage Village residents. Smooth transitions from the home page to interior pages of this website allow users to find exactly what they are looking for easily. The Revize Public Service Request App, Village Manager's Blog, fillable online form database, and a high traffic featured news and headlines area round out this website!

The City of St. Petersburg, Florida

www.stpete.org

Details:

As Florida's 5th largest, St. Petersburg is an iconic City with something to offer everyone. Because St. Pete is a longtime Revize client, their team worked very closely with ours and actually provided their own design concepts. We did the integration/pre-launch work and their staff was with us every step of the way. Inner pages are flexible to allow departments to have dedicated pages with a cohesive feel across all pages. Social media feeds from Instagram, Flickr, Facebook, Twitter, and YouTube all on the homepage! St. Petersburg also users the Revize API to develop their own templates. This website is an elite representation of the power and beauty of the Revize process.

The City of Seguin, Texas

www.seguintexas.gov

Details:

The City of Seguin, Texas is a clear example of how we adapt to our clients' needs and custom tailor our process. During our on-site discovery meeting in Seguin, we determined that, in addition to the city website, there were some overarching goals of economic development and increasing the library's presence online. Therefore, instead of "shoehorning" those departments in the main City website, we built a new City website, EDC website, Visitors website, and Library website, all with a similar brand but a unique design. Our focus is to help achieve the goals of our clients. While we cannot guarantee this type of addition, we are always looking for ways to deliver more than our clients expect!

- www.seguintexas.gov

Flagler County, Florida

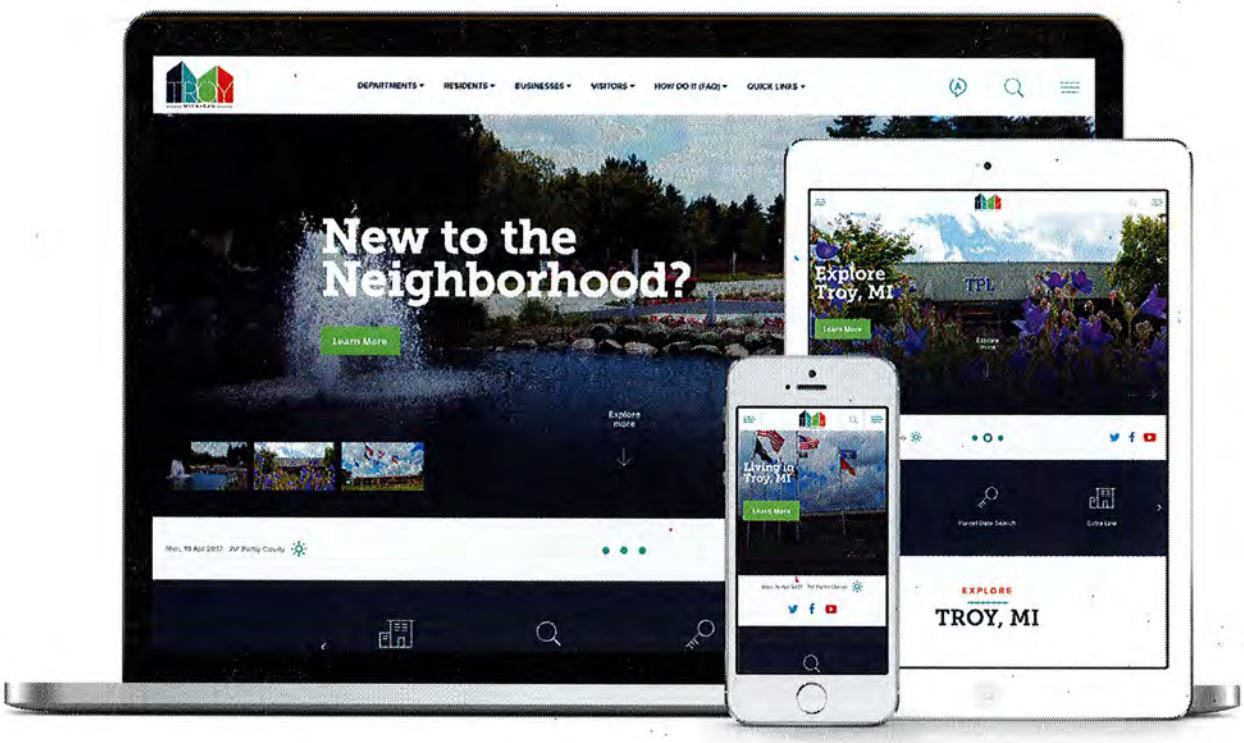
www.FlaglerCounty.org

Details:

Flagler County is a County of over 100,000 residents about 24 miles north of Daytona Beach. Flagler has many departments with varying levels of needs on the website. The success of any county or large city website relies on balancing these departmental needs, whilst showcasing a unified vision. In this website, we did just that. While respecting the County's history, we also designed the site to towards innovation. Users will notice that they can easily find the most important online services without having to search through line after line of text. Also, the Revize HR application was added into this website for a seamless hiring process. All 3rd party applications are integrated in a way that was right for each particular department. This website is the perfect mix of functionality and design!

The City of Troy, Michigan

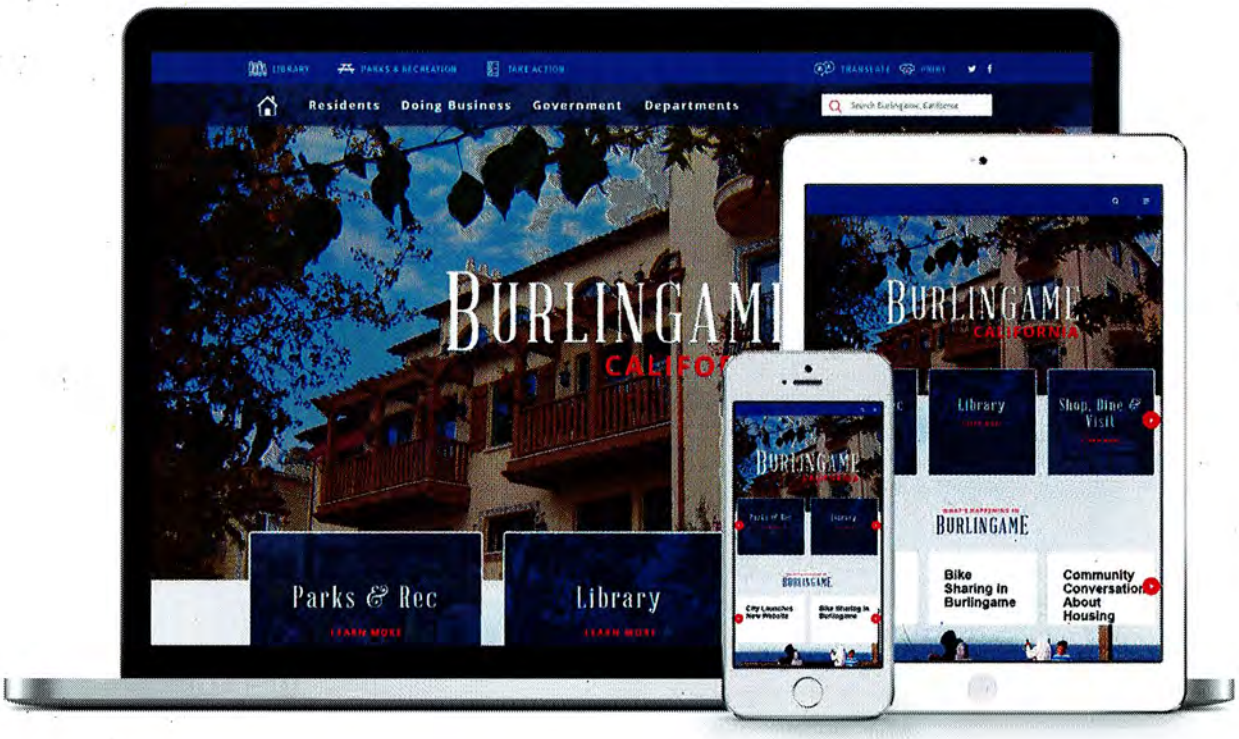
www.troymi.gov



Details:

The City of Troy wanted a website to increase ease of communication to all of their audiences. In addition, the city has been experiencing an economic resurgence particularly in the technology sector. In fact, Revize headquarters are in the City of Troy! This project included custom designs for The City, Library, and Recreation Department. Integration with the City's existing 3rd party software was a major linchpin of this project. Included is a live-searchable "How Do I" section that narrows down results as the user is typing. This allows any user to easily find what they are looking for regardless of which department it exists under.

The City of Burlingame, California



Details:

The City of Burlingame came to Revize after a previous website redevelopment project was stalled. We were able to get their project started quickly and live within the proposed timeframe. In fact, it was three websites. One for the City, one for the Parks and Recreation Department, and one for the Library. Sites include specialized page types built specifically for the needs of each department.

Why Choose Revize?

We Have Government Specific Experience and Outstanding Client Testimonials

You can rely on Revize and our 20 years of experience building and maintaining websites for municipal, county and government agencies of all sizes throughout North America, to deliver a customized site design that improves layout, navigation, usability and content. Using Revize ensures that your website will be reliable, W3C and ADA compliant, and allow for easy integration with existing or future web applications and third-party software. But there's no need to take our word for it -- we encourage you to peruse our massive file of testimonials from our many satisfied clients.

We Will Build a Government Communication Center that Works for Your Community!

The Revize website design, Government CMS and interactive tool sets have been developed exclusively for our government clients to help them effectively communicate with their key target audiences such as residents, businesses and visitors. Some of our most popular website and Government applications and modules include: a new and improved Online Calendar, the comprehensive Forms Center, our News Center with real-time social media connectivity, Emergency Alerts, E-Notifications, Citizen Request Tracker, Parks & Shelter Reservations System, Document Center, and Online Payment Portal.

"We Build Superior Technology into Every Website with CMS Performance & Reliability That's Second to None."

What sets Revize apart from other companies? Revize's superior technical architecture, unsurpassed staff expertise and highly effective publishing engine provide our government clients with the most reliable website solutions in the industry today. By ensuring our client's data security and providing redundant server architecture and back-up data centers, Revize has a nearly 100% up-time rate. Plus, our clients never have to worry about data loss or data corruption because of our instantaneous back-up process and our data center's tape back-up processes. Revize believes that investing a higher percentage of our profits into our technology and security makes us the best choice for the short and long term for governments seeking the best value for their community's website.

"We Always Provide Knowledgeable, Friendly and Responsive Service!"

All this, and a reliable IT partner too! Our website development is superior, and our Government CMS and suite of online apps is easy to learn and administer, but our 24/7 technical support will also be there for you to help you get over the hurdles! Our technical support team is widely considered to be among the industry's best. We also provide a sophisticated backup infrastructure which allows us to guarantee 99.99 percent uptime. Plus regular updates and improvements to ensure that your site will remain current with industry standards and keep running smoothly for years to come. The Client Owns the CMS License and the Code!

We often hear the question: "What happens if we want to move the website to another vendor? Do we lose all access or any of our website data?" The answer is 100% NO! As our client, you own the template source code, the CMS, and any data that you put onto the website. We understand that clients may come and they go, but we always make sure they know they are just as important to us at the end of our tenure as they were at the beginning. If you decide to run the CMS in your own server, we can transfer the CMS license and software to your server as you own the license and you can run it from your server as long as you want.

The Revize Solution

Project Planning and Setup

What makes Revize unique in its project approach and experience is our thorough preparation for each individual community combined with the range of website deployments and creative, customized fit we implement for each client. From small to large, rural to urban, the Revize project management process guarantees a perfect fit between the concept of the deployment and the expectations of the client's level of engagement preferences.

We don't use a "one size fits all" approach because it doesn't make sense.

However we do use a standard, proven effective process methodology. Each client is unique and we tailor our process to fit their unique needs. For as long as you are our client you will have staff dedicated to your account and access to an on-line portal for communication, design process and on-going support.

Dedicated Accounts Manager: Your dedicated Account Manager will handle all issues related to your contract, pricing, future product add-ons, and general account satisfaction. During the initial kick-off meeting, your Account Manager will introduce you to the team, explain roles and responsibilities, and place you in the very capable hands of your Dedicated Project Manager and Designer.

Dedicated Project Manager: Your dedicated Project Manager will handle all issues related to the website design, development, navigation, content, training, timelines and deliverables, as well as ensuring that feedback and communication occurs promptly in order to keep the project on-track. Also, the dedicated project manager will be the point of contact for any future technical support or issues that need to be addressed during the deployment and post deployment of the site.

24/7/365 Project Portal Access: From day one, your project and on-going support is tracked in the Revize On-line Project Portal. The main point of contact you select for the project will receive an invitation to register, including setting up a secure user name and password. The Project Portal serves as a communication tool for any matter pertaining to your website design, development and on-going support even after your website is launched.

"We guarantee the best support in the industry that's 24/7 365 by the trained developers & technicians"

Revize Project Life Cycle

Phase 1: Initial Meeting, Communication Strategy, SOW

Your Revize Account Manager will set up the initial internal project planning meeting where we will talk about the overall management of your project, establish a timeline, and devise a Revize-Client Communication Strategy that will keep everyone engaged and up-to-date on the progress of the project. We will also discuss specific technical requirements of the project and determine the phases through which those requirements will be addressed. In addition, Revize will address the content strategy of the new site, any new content that needs to be written and how to fit the existing content into the new site, Additionally, as an optional item, Revize will discuss the process of conducting online surveys to gather feedback from your constituents for the new website layout and requirements. After this meeting, Revize will develop a Statement of Work and provide it to the client for review and approval.
Prior to the design kick-off meeting, you will receive our questionnaire to complete with various answers that will help our designers gather information regarding your needs and preferences. Our team will also brainstorm ideas and suggestions with you during the meeting.

The questionnaire addresses various issues such as:

- As a result of a new website design and navigation, what are the main improvements you hope to achieve?
- What are some key points and areas you may want featured on the Home Page?
- Do you need help with logo design? Image? Marketing & branding?
- What key modules do you want featured in your web site, like Document Center, Report a Request, News & Events, Events Calendar etc.
- Do you need social media features need to be highlighted in the new site? etc..

Phase 2: Discovery & Design

If there is client approval, we will collect feedback from the residents on the new design layout by setting up an online survey with a set of standard questions. The survey questions need to be approved by the client prior to our adding a link from your current website. This link can also be distributed through other channels like email, newsletter or any other form of communications you might be using to stay in touch with your residents. Usually there is a 1- to 2-week survey period.

Once survey results have been tabulated and your needs have been determined, you and your Revize team will participate in a Design Kick-Off Meeting. A senior designer and team will conduct an in-depth interview, and brainstorm ideas with you about your vision for the look and feel of your custom website. Our efforts on this project will extend far beyond placement of provided information within a stunning design. It's about uncovering how your audience wants to be informed, and applying our 20+ years of web design and development expertise to create the most effective ways of displaying that information and getting users to access and use your website. We always strive for nothing less than an award winning design!

Revize Design Principles

The Revize Web Application Developers are not only responsible for the look, functionality, and performance of your website. They are also responsible for the security of the web content and web-based applications they create. They ensure that the code supports secure authentication and authorization, and provides access control mechanisms as required.

Good design principles are always based on readability, taking into consideration appropriate font type and size for headlines and text area, as well as line height – ensuring all page elements are balanced. Our designers also pay meticulous attention to their use of shadows and gradients. To the layman's eye there may not appear to be a shadow, however on the website the font will appear sharper (or maybe softer depending on the amount of shadow used).

Of course color cannot be overlooked. Our designers first take the client's preferences, official logo colors, and pictures into consideration to create a color scheme consisting of no more than three colors. We then use variants and hues to create visual appeal, contrast, eye-catching allure and invoke the overall feeling that the client desires.

Last but not least is effective use of page elements such as call to action buttons, social sharing icons, email newsletter sign-up, and promotion areas. The ultimate goal is to provide an easy to navigate webpage that is informative without being overwhelming. Therefore, it is the designer's job to guide the client in making appropriate placement choices for needed items.

Revize Design Trends

There are some exciting new design trends, and Revize is always on the cutting edge, implementing the best of these innovations in our websites. We are especially pleased at how effectively they are proving to be in increasing engagement in government websites.

#1 Responsive Web Design – The most important development in website design in years, Responsive Web Design (RWD) automatically conforms and optimizes websites for any screen size. With the substantial increase in smartphone and tablet users today, people are going online using a vast number of devices with wildly different screen sizes. Our websites offer this very important feature of easily and cleanly conforming to computer, tablet and mobile device screens.

#2 Liquified Content – This is another important trend that address the fact that information is no longer static or concrete. Instead, content is specifically customized for each unique user. Liquidity of content enhances the immediacy and flexibility of content. The more liquid your community's content, the easier it is for residents and businesses to access this information in ways and via the channels of their choice: fixed or mobile, interactive and live. Revize is able to effectively make your content liquid. This will make it adaptable to various situations and, therefore, easy to reuse in different contexts distributed for a variety of display formats and communication channels.

#3 Image Tiles – This is a trend that enables developers to display content in a pin board style of display. Revize now offers this feature, which creates a very visually appealing display of content, such as pictures or social streams. Image tiles also help promote engagement by encouraging site visitors to comment or reply to items from directly within the image tile. This is an especially useful option for web pages promoting tourism.

#4 Parallax Scrolling – This is a highly advanced, innovative design technique for sophisticated websites. Parallax Scrolling allows Revize to build websites in multiple layers, with content that moves across the screen at different speeds as visitors scroll. This unique design technique is very visually engaging and can help improve time-on-site metrics.

#5 Innovative Typography – This plays a very important role in website design, image and branding, and is especially important for maximizing the look and feel of the website when accessing it from mobile devices. Our designers are experts in effective typography and take many factors into consideration when selecting the type of fonts, font sizes, and colors to be used for a website.

#6 Social Feeds – With the proven ability to strengthen and deepen interpersonal connections, social networks present a wonderful opportunity for government organizations to increase community engagement and make governments more accessible to the people they serve. One method already mentioned for improving social activity is using pin boards; another is creating a social area or social wall that combines activity from multiple social networks, like Facebook, LinkedIn, YouTube and Pinterest. Revize offers a comprehensive line of popular social media applications and networking.

"Over the past 20 years, Revize has mastered the art of designing government websites."

Key Phase Objectives & Deliverables:

The following steps are followed while designing new sites

- **Establish Needs and Creative Direction:** Understand your objectives and requirements, and provide recommendations for effective online branding pertinent to your requirements, existing branding and your web audience's needs. The Revize designer will also conduct his own research in order to capture the character and "feel" of your area, which will inspire ideas for the overall design direction of the website.

- **Main Menu Navigation & Home Page Wireframes:** Work with you to establish a main-level navigational architecture and identify key items accessible from your home page. This establishes a baseline for the navigational structure, as well as the preferred content structure (wireframe*) for the home page.

- **Page Layout and module placement:** We will follow all the best practices to layout the different features and modules so that they can be easily accessed by your residents. For example, on the home page there will be sliding picture gallery and quick link buttons for Notify Me, Report a Concern, Document Center, FAQs etc. Also the news and announcements module and events calendar would be integrated into the website, along with the Social Media Center.

Please Note: The home page "wireframe" will simply serve as a realistic guideline in terms of content placement, but will not include the final text nor final imagery for this phase. Please see a sample wireframe to concept development snapshot in the next page.

Did you know?

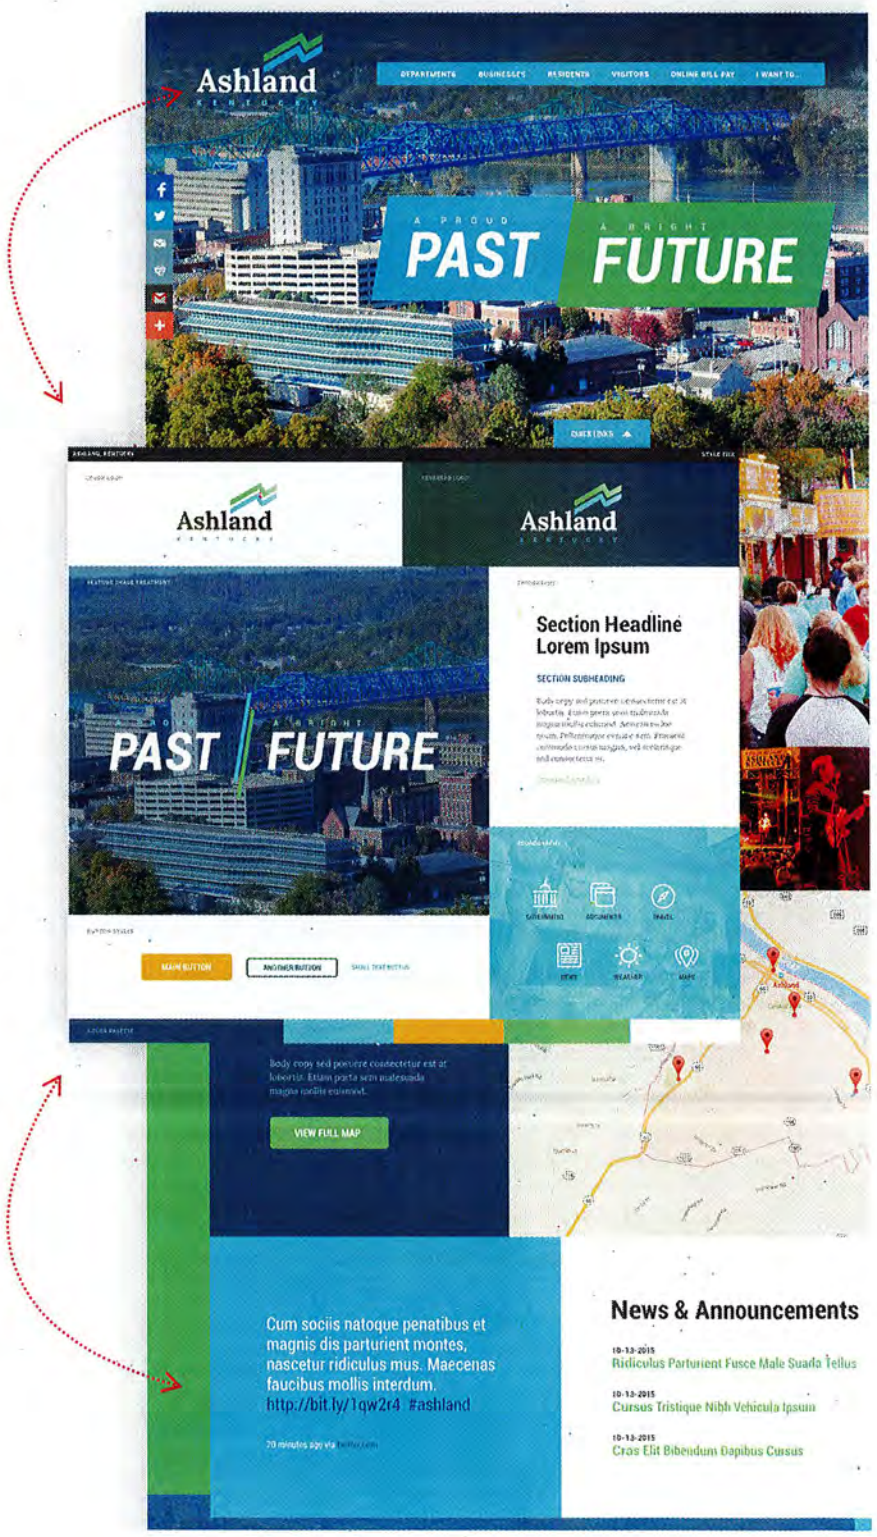
Revize will provide a 100% from scratch design with a satisfaction guarantee!

Wire Frame to Concept

- **Design Deliverable:** The design concepts for this phase will be based on one or possibly two home page layouts. The client will review and provide design feedback to the designer for changes. Revize asks that clients have no more than three iterations of changes up to the point that the final concept is approved.

- **Final Home Page Sign Off:** When all changes have been made, Revize will present your final home page design and layout for approval. Customer approval is required to proceed to the next phase, the inner pages of the website, and the process repeats itself before the actual HTML & CSS is written.

- **Final Inner Page Sign Off:** When all changes have been made, Revize will present your final inner page designs and layouts for approval. Customer approval is required to proceed to the next phase, when the actual HTML & CSS is written.



Phase 3: Template Development, CMS Integration

First, the Revize development team will transform the approved designs from mere pictures into fully-functioning HTML/CSS and Revize Smart Tag enabled web page templates using the Revize Dreamweaver Extension. The Revize Smart Tags are fully customizable and allow customers to expand functionality as needed. To maximize this extensibility, the full Revize Java API is provided to clients with our Advanced Training Program.

Phase 4: CMS Modules Setup

In this phase, all of the features and modules the client has requested will be set up, e.g. calendar, document center, picture galleries, alert center, e-Notify, etc. are all brought to life and made functional while also being tested in the Revize CMS. Revize enhances current modules and adds new modules continuously, and you will receive all future updates to modules at no additional cost.

Phase 5: Custom Functionality Development

In this phase and according to your specifications, custom functionality of existing CMS modules, database scripting and programming, as well as any custom application development will be executed. The Revize development team will be interfacing directly with your technical staff to obtain information and test information exchange and application functionality. This phase may overlap phases 2 - 4.

Phase 6: Quality Assurance Testing

In our testing phase, we ensure that your website meets functionality, performance and security standards. Our QA team uses mock data to test navigation and interfaces of the templates, along with any custom developed applications or modules. Additionally, through a series of tests, we perform input validation to ensure that security mechanisms cannot be bypassed if anybody tampers with data he or she sends to the application, including HTTP requests, headers, query strings, cookies, and form fields. We also ensure that when errors do occur, they are processed in a secure manner to reduce or eliminate exposure of sensitive implementation information.

Phase 7: Content Development / Content Migration

Revize will develop all of the pages for your site to make the initial content available upon site deployment. Our content development and migration experts use the latest standard formatting practices to develop the navigation and create the most effective content possible for your website. This includes spelling and style corrections into the new website.

There are no limits to the number of pages you can create after you have gone through training.

Revize will implement an effective website architecture with the latest technology and usability trends so your website visitors can find information in an instant. We will also assess your current website content and incorporate what you currently have with additional content to maximize interest and excitement for your readers. Our content experts are educated in proper writing and terminology, and will use correct grammar, spelling and punctuation.

Our web designers use creative typography which makes the website more visually appealing and also plays a role in defining the hierarchy of content to be placed on the web page. Variations in size and color are used, as well as strategic placement on the page to highlight certain site areas so the visitors can easily navigate the site. Effective typography also ensures that your website will look good on desktop, laptop, mobile and tablet devices.

Phase 8: Training Your Staff (in-person or web based training)

Once your website is ready for you to begin editing, you will be able to easily revise your content as often as needed. Revize will train you on how to operate the Administrative and Content Editor functions so you can manage your website. We typically provide this training on-site; however, we can also provide on-line training for your staff if you prefer. For your convenience, training materials can be downloaded from the Revize website. After training, our friendly and responsive support staff is always here to answer questions and provide training refreshers as needed.

Hosting Service

Revize has four state-of-the-art physical data centers located in Chicago, Detroit, San Diego and Houston with around-the-clock (24/7/365) monitoring of all server activities. Remote data backups are scheduled nightly with Carbonite data backup service. Additionally, Revize utilizes multiple Tier 1 bandwidth providers such as Level 3, Wiltel, and Cogent for redundancy and continuous connectivity. These procedures provide our clients with up to 500Mbps of fast fiber optic up-stream connectivity.

Revize hosts your web services on redundant (1TB Hard Drive, 3.2 GHz CPU and 32 GB RAM) servers in order to provide enhanced performance, as well as accurate security and data restoration for your website. The Revize technology architecture physically separates the CMS from the website in order to provide another layer of redundancy. With this model, we keep an up-to-the-minute exact duplicate of your website in the event your site must be restored. Revize support staff will simply republish your site within a guaranteed two hours (as opposed to the several hours or days timeframe our competitors offer).

"Revize provides clients with unlimited data storage server space for each website."

Revize will host both your Extranet and Intranet; your Intranet is secure and only accessible by authorized users through a login system.

There are no special software requirements to run a Revize hosted website and CMS solution. We make it all very simple. All you need is an internet connection and a browser. We also provide complete maintenance of your website, which includes but is not limited to: OS patches, intrusion prevention, antivirus, and software upgrades.

Final Phase: You Go Live!

At last, your website content is complete and your staff is sufficiently trained! The final phase in the process is to redirect your website domain name from your old site to your beautiful new one. Once this is completed, Revize will closely monitor the transfer for the first 24 hours to ensure that everything is working properly. Any issues that arise will be immediately resolved.

Marketing & Ongoing Consultation

Revize seizes on every effort to make our clients' sites highly visible. We draft press releases for posting on our website and for distribution locally, and will continuously monitor your site after it goes live so that you can take advantage of all marketing opportunities. We also look to submit your site for different awards and recognition competitions to further maximize your site's exposure.

Search Engine Registration and Marketing

Revize will input all the targeted keywords to make your web pages search engine friendly, thus enabling users to find targeted information when they do a Google, Yahoo or any other search on your site.

Security

Revize takes website security very seriously and we provide our clients with the very best website protection protocols. Our data centers are located on secure premises equipped with card-reader access, security cameras and guards on duty 24/7 to ensure the physical protection from unauthorized entry.

Our web and network administrators monitor network activity 24-hours-a-day to ensure system integrity and protection against threats such as Denial of Service (DoS) attacks that could corrupt your website or block user access. Maintaining the secure configuration of our web servers is managed through application of appropriate patches and upgrades, security testing, vulnerability scans, monitoring of logs, and backups of data and OS.

Security Controls, SSL, and Active Directory (LDAP)

- Anti-malware software such as antivirus software, anti-spyware software, and rootkit detectors
- Shield Plus Security Bundle to prevent DDoS attacks
- Intrusion detection and prevention software (such as file integrity checking software)
- Host-based firewalls to protect CMS servers from unauthorized access
- Patch management software
- Security and Authentication Gateways
- Content filters, which can monitor traffic to and from the web server for potentially sensitive or inappropriate data and take action as necessary
- HTTPS (Hypertext Transfer Protocol over SSL), which provides encryption and decryption for user page requests that require more secure online transactions
- SSL (Secure Socket Layer) provides an encrypted end-to-end data path between a client and a server regardless of platform or OS
- If you have an existing SSL Certificate we can transfer it to the new website. Otherwise, if included, we will install a new SSL Certificate upon go live.
- Active Directory (LDAP) is compatable with the Revize CMS. It can be set up in a variety of configurations. As part of the process we will work with you to determine which configuration will best meet your needs.

Application Security Authentication

- Role-Based Security: Role-based authentication to add individual user accounts and assign them system roles like Editor, Developer, Administrator, Workflow Approvers, etc., or department roles and empower the department to assign specific roles to users.
- Permission-Based Security: Ability to set up Content Owners/Editors and restrict which site pages they are authorized to update
    - Global & Department Workflow Management: Create workflow management and approval processes where authorized department personnel become approvers

Payment Options

Revize provides a free website redesign during year four of service!

"Pay as we Build"

The "Pay as we Build" payment option is our most requested payment method. This option does not require any payment up front whatsoever. You only pay after we complete certain phases of the project. Revize will invoice for 1/3rd of the project cost after the completion of phase 3; The next third after the completion of phase 6; And the final third before the go live of the website. This option allows you to pay upon the completion of work by Revize, instead of up front. Invoices are Net 30.

Optional Payment Plan – The Revize Client First Plan

The Revize Client First Plan offers local governments an alternative payment plan that makes it easier to purchase a new website on your budget and spreads the one-time project design and development costs over a longer period of time.

Through a minimum three-year contract, The Revize Client First Plan dramatically lowers the one-time project development and start-up costs of launching a new website. What Revize does is combine the one-time and recurring fees and spreading them over the life of the contract. And because we value our continuing relationships with our customers, those who extend their contract beyond the three-year minimum will receive a redesign at the end of their fourth year with Revize Free of Charge.

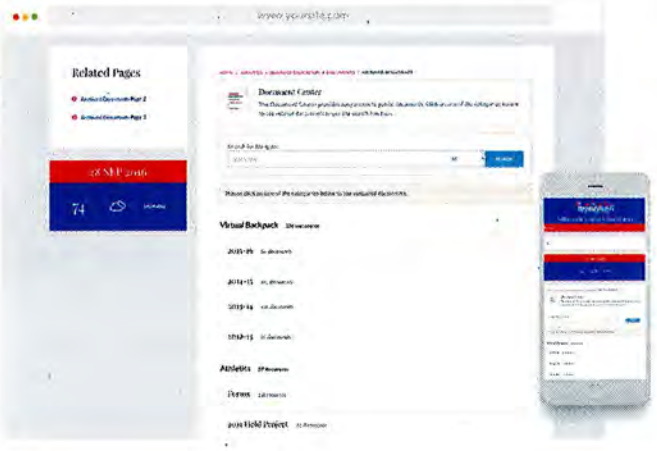
Revize updates your Content Management System an average of 4 times per year!

Citizen's Communication Center Apps

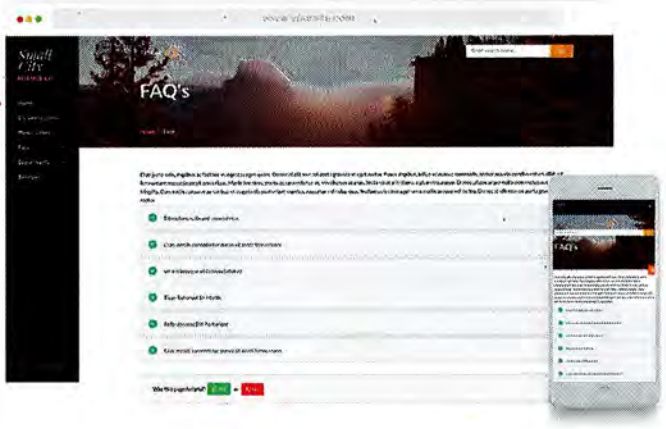
DOCUMENT CENTER APP

Revize helps clients save thousands of dollars each year in employee time and resources with our Document Management Center. Using this module you can create and archive the documents your site visitors need: applications, brochures, manuals, policy and data sheets, research papers, meeting minutes, and more. By providing all of your documents online, your site visitors can access them 24/7 – usually within two clicks -- and you won't incur any printing or postage costs.



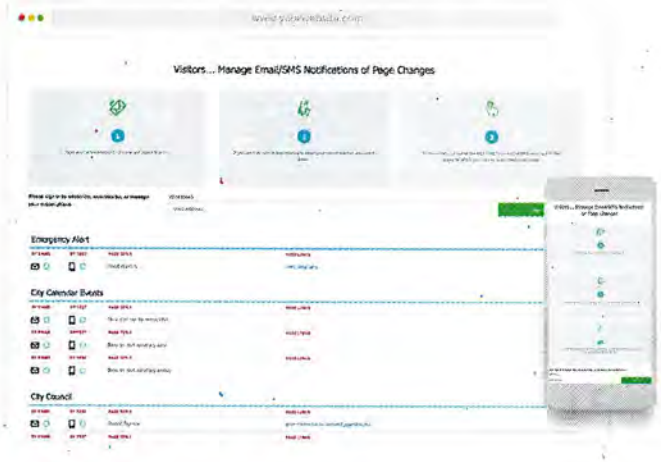
FAQ

FAQ's make it easy for site visitors to find answers to common questions and will greatly decrease the number of calls coming into your switchboard each day. In fact, within six weeks of a Revize website launch, our clients typically experience a significant decrease in the number of daily phone calls... some by as much as 23%!



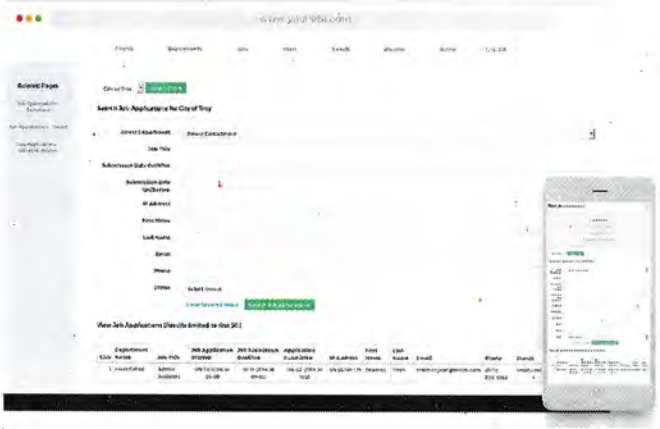
E-NOTIFY

Many of our municipal clients include an email/text notification option on their Meeting Minutes and Meeting Agendas pages so that interested citizens can sign up for automatic updates anytime there is a new posting.



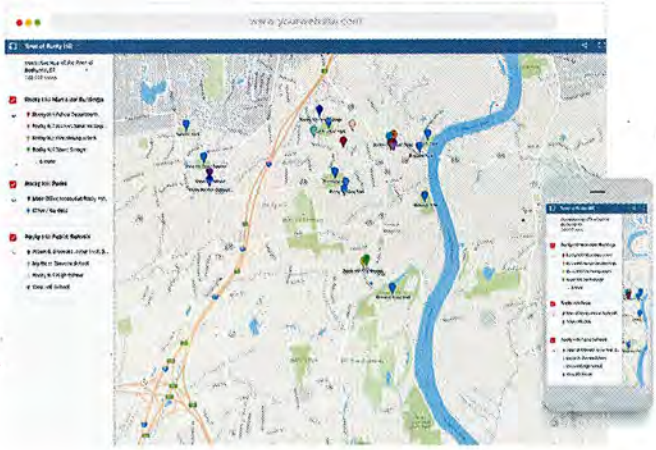
JOB POSTING

Revize's job postings app allows your site visitors to view and apply for open positions online. Postings are removed automatically based on the job expiration date input by your HR personnel. You can provide as much detail as you like and link to or upload any number of files that fully describe the job position. Best of all, with the form fill interface, new openings can be posted in minutes by non-technical staff.



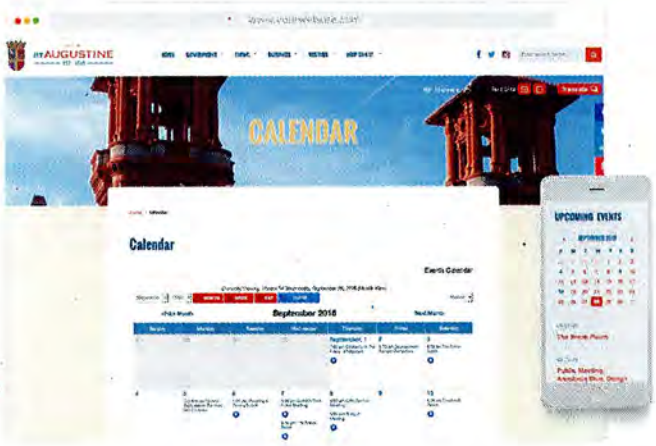
INTERACTIVE MAP

Not only does the Revize CMS ensure that your site is easy for visitors to navigate, we've made it even easier for them navigate the real world surrounding your location. Specific buildings, parks, bike paths, mass transit stations, nearby businesses, tourist attractions, parking lots, voter polling locations, and more are incredibly easy to identify with the familiar Google Maps highlighted with Pins.



CALENDAR APP

The Master/Sub Calendar provides an easy-to-use tool to enhance usability and encourage the communication of events both internally and externally. It provides visibility and transparency into activities, meetings, and events with a visually appealing display and easy to find event contact information. The ability to insert recurring events saves time by allowing you to create the event once then repeat automatically; great for Board and City Council meetings.



NOTIFICATION CENTER

You can't fool or control Mother Nature. But you can protect members of your community from her wrath. Posting e
mergency notifications on your home page, any other page, or throughout your site, this module allows your content editor to accurately explain the situation and instruct members of your community on the next steps to take.

BID POSTING

The Bid Postings App provides a simple and easy-to-use method for organizing and presenting bids, RFPs and RFQs online for vendors or local contractors interested in providing products and services to your community.

BUSINESS DIRECTORY

Ideal for municipalities, chambers of commerce or any membership organization, this module allows you to easily create and maintain a searchable directory for either members or businesses within the website. Listings can be added, removed and categorized by non-technical staff in a simple table interface.

NEWS CENTER WITH FACEBOOK INTEGRATION

Many of our municipal clients include an email/text notification option on their Meeting Minutes and Meeting Agendas pages so that interested citizens can sign up for automatic updates anytime there is a new posting.

ONLINE FORMS

Using this module, you can create -- from scratch -- an unlimited number of online forms on any page of your site using various field options such as long answers, radio buttons, drop-down lists, multiple choice, etc. Having online web forms provides a quick and easy alternative for users to communicate with you and provide important feedback, opinions or complete tasks online. These forms can be used to have web visitors contact you with questions, comments and requests, give feedback, volunteer, or to sign-up for various events, activities or programs.

QUICK LINKS

The Quick Links module allows site visitors to navigate to their areas of interest, much like FAQs. Examples for users: Where do I... Get Registered for Summer Camp Where do I... Get a Marriage License.

SHARING APP

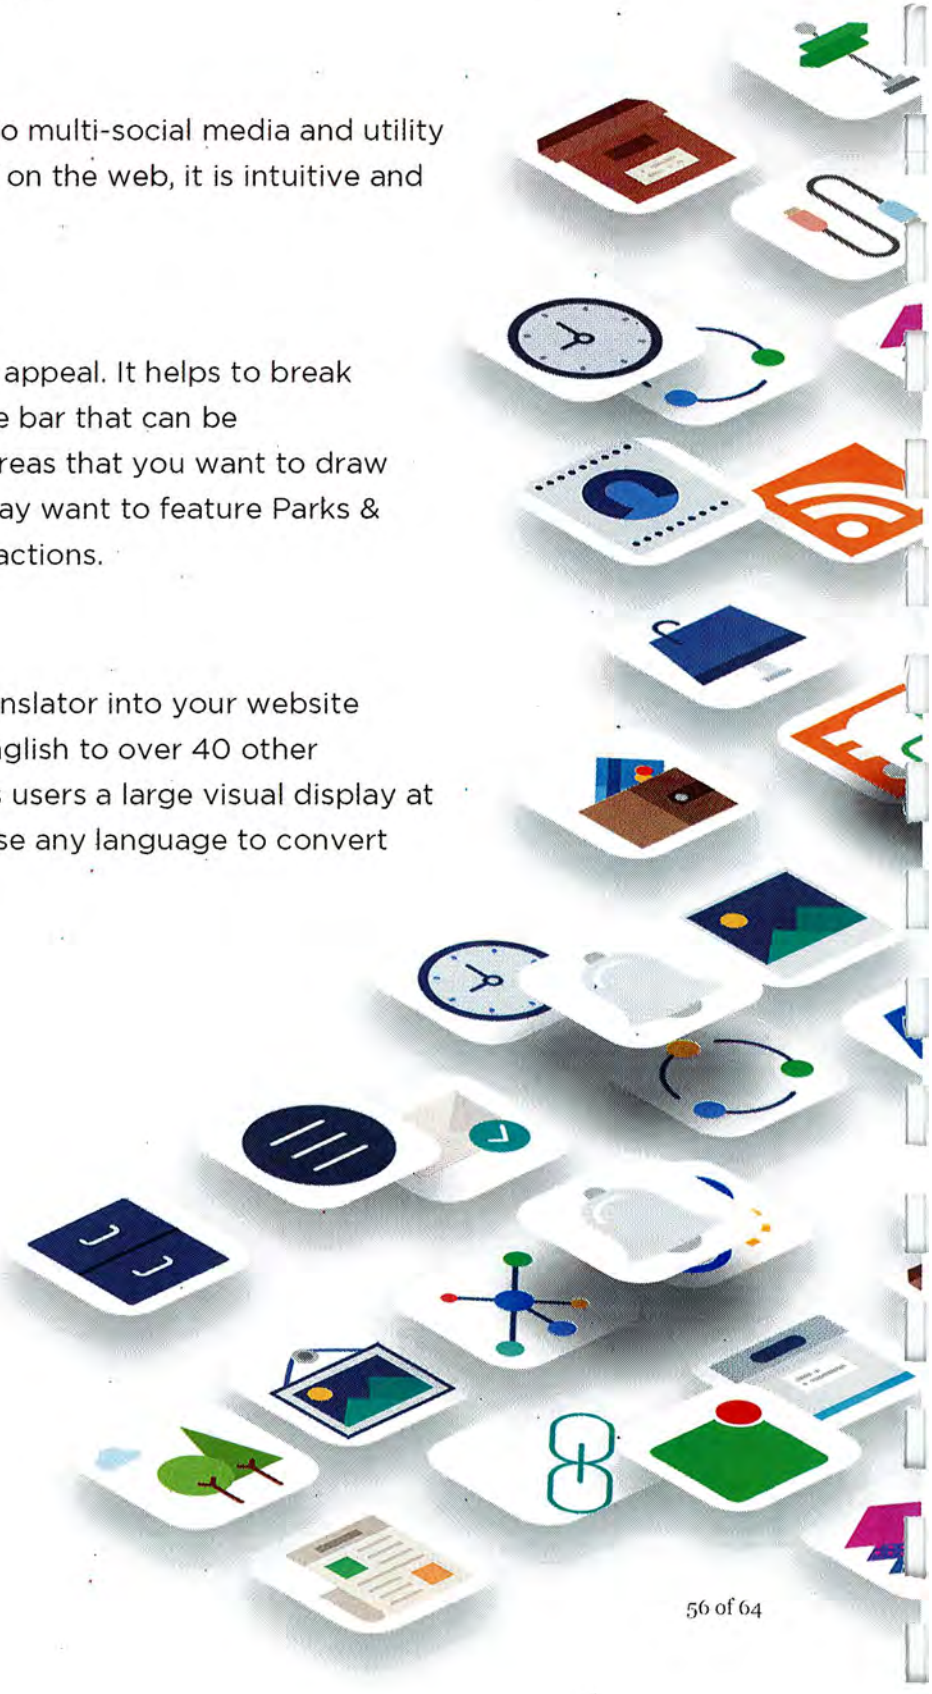
Provides a one click drop down to multi-social media and utility buttons. A common widget used on the web, it is intuitive and easy to use.

SLIDING FEATURE BAR

This feature is a mainly for visual appeal. It helps to break up pages with an interesting slide bar that can be populated with any subjects or areas that you want to draw attention to. For example, you may want to feature Parks & Rec, Landmarks and Tourist Attractions.

TRANSLATOR

Revize integrates the Google Translator into your website templates and translates from English to over 40 other international languages. Provides users a large visual display at the top of the web page to choose any language to convert the text into.



Citizen's Engagement Center Apps

PUBLIC SERVICE REQUEST APP

This app allows residents to submit requests based on a map view. Each time an issue is submitted, a staff member will receive an email notification. From there they are able to respond directly to the requests. Photo submission, automatic esclation, mobile app integration, and archived reporting make this one of our most powerful features!

CITIZEN REQUEST CENTER

This app allows customers, residents, participants, students, or any website visitor to post requests online. By the use of a drop down menu, individuals can forward the request, idea, or comment to the party of interest. That item is then forwarded via email to the proper recipient. You can add or delete department names as well as individuals in the drop down menu at any time. Captcha is integrated to ensure each request is genuine and not a spam.

PUBLIC RECORDS REQUEST TRACKER

This app allows public to order copies of the public records maintained by a municipality. The request is routed to the record custodian within a department and automated response is generated with a unique tracking number. The system allows the full tracking, correspondence and online handling of all types of public record request. The record request form is very flexible and customizable for every municipality.

CITIZEN CONNECT

This app helps open up the lines of communication between administrators and their constiuents, increasing transparency and contiuent interaction. It is a blog that features the option to allow constiuent comments for feedback (comments can be moderated before being published to the website).

PARKS RESERVATION

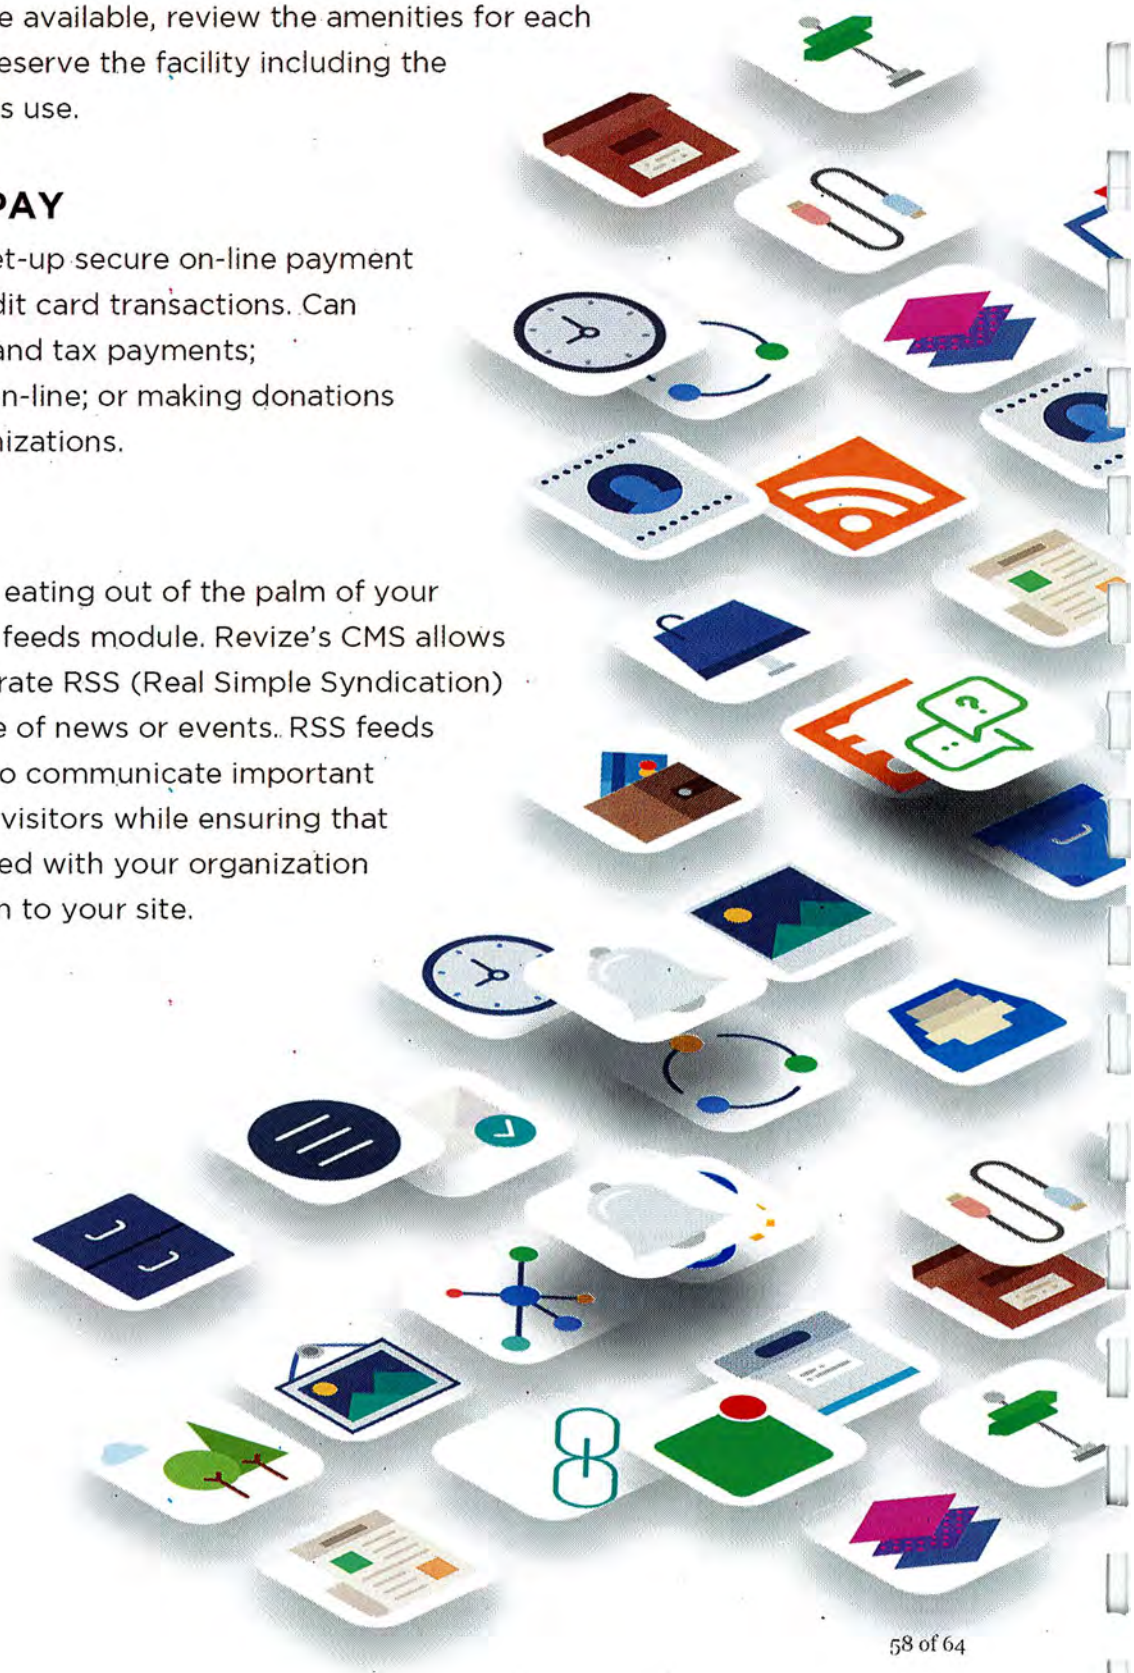
This app allows the display of parks shelters and their amenities and to manage their availability to the public. A website visitor can search for facilities by type available, review the amenities for each facility and easily reserve the facility including the option to pay for its use.

ONLINE BILL PAY

Allows clients to set-up secure on-line payment processing for credit card transactions. Can be used for utility and tax payments; Purchasing items on-line; or making donations to non-profit organizations.

RSS FEED

Site visitors will be eating out of the palm of your hand with our RSS feeds module. Revize's CMS allows customers to generate RSS (Real Simple Syndication) feeds for any genre of news or events. RSS feeds are a trusted way to communicate important information to site visitors while ensuring that they remain engaged with your organization and regularly return to your site.



Staff Productivity Apps

AGENDA POSTING CENTER

Using this app, you can upload agendas, meeting packets, meeting minutes, proposals for review, and more, all into one area on your website for easy access and review before, during, or after each meeting. Old meeting agendas and information are archived per meeting for quick access at any time.

JOB POSTING APP

This app allows you to post a job and receive resume submissions online. Candidates can fill in all the fields and submit the job application online. Once the job application is submitted, a link to the filled in application form will be emailed to the responsible HR person which they can view, print and file for their records.

IMAGE MANAGER

Allows approved staff to upload images from their computer or network folders. This very simple interface allows you to upload new pictures and stores uploaded pictures for reuse. Each department can create their own image folders and organize image libraries by department. Also, obsolete images can be deleted from the image library.

INTRANET

Provides a Dynamic CMS-enabled area with secure login to build out an entire Intranet for employee specific information only. It benefits your employees to have an internal organization landing page that can be updated with news, events, alerts and many of the same modules used on the extranet.

LINK CHECKER

When a new link is created, the Revize system checks if the URL (link) is valid or not. If not, an error message will be displayed. This benefits the Content Editor by double checking bad links before they are saved on your website.

MENU MANAGER

Allows approved content editors to add or edit site-wide top navigation, department or section specific links (e.g. left or right navigation). This feature gives you control to change and update the Navigation menus of your website for continuous improvement.

NEWS LETTER APP

The system allows non-technical staff to build attractive, informative newsletters and disseminate them with one click to everyone on your distribution list. Activity metrics include emails sent successfully to help you validate email addresses. The application provides the ability to import contact lists, upload images, add groups, assign contact lists to groups, as well as export lists.

ONLINE FORM BUILDER

Having online web forms provides a quick and easy alternative for users to communicate with you and provide important feedback, or complete tasks online. These forms can be used to have web visitors contact you with questions, comments and requests, give feedback, volunteer, or to sign-up for various events, activities or programs.

WEB CONTENT ARCHIVE

Your site history will never be a mystery because all content edits for your site are archived on the Revize CMS database. Your content editors can click on the History button to view previous versions of a particular page or content block from your site.

WEB CONTENT SCHEDULE

This feature eliminates the possibility of having dated or past events being promoted on your site AFTER the event has passed, thus potentially undermining the perceived accuracy and currency of the site's content in the minds of your audience.

AUDIT TRAIL

This is a powerful administrative tracking tool that provides reports on the content change activities of any webpage within the system. The administrator can gauge how often the site is updated, which departments are most active; and also use the audit trail for recovery of data if necessary.

AUTO SITEMAP TOOL

Revize CMS provides this tool to automatically generate a sitemap. Anytime a new page is added or deleted from the system, the sitemap will republish to show the change. An up-to-date sitemap is very critical to boost the ranking of your website in different search engines.

HISTORY LOG

Administrators can view all the archived versions of any web page and restore any old/archived page. It is a very useful feature for referring to any archived legal documents or press releases.

ROLES/PERMISSION SETUP

Our CMS uses a role based authentication system where you can add individual user accounts and assign them system roles like Editor, Developer, Administrator, Workflow Approvers etc., or you can add roles for each department and assign department-specific roles to each user.

SECURE SITE GATEWAY

Provides a secure login area for either users of an intranet or users to access information not available to the general public. Once users are set-up with a secure login ID, they can manage their own password changes as necessary.

WEBSITE STATISTICS

Revize integrates Google's Web Analytics tool to track number of site visits, website traffic sources, etc. Your website administrator can run various reports to collect important data on the usage of your website.

WORKFLOWS BY DEPARTMENT

Provides a method for Supervisory Oversight of content updates. The process allows an authorized "approver" to compare the current page with the proposed new page content (side-by-side) for easy review and comparison.

"Our innovative solutions are custom-tailored to meet the needs of each individual client."

Revize installs new features into your content management system on a rolling basis!

Mobile Device and Accessibility Apps

ALT-TAGS

Use of alt tags for images, a required part of the Revize CMS image manager feature, allows vision impaired individuals to understand the content of the image.

FONT SIZE ADJUSTMENT

Provides the ability for users to change font size by clicking button to reach their desired size. Helps those with low vision to easily read information on your website.

RESPONSIVE WEB DESIGN

Revize uses pixel rendering Responsive Web Design to accommodate better viewing of text and graphics for any size screen, i.e., smart phones, tablets, iPads and iPhones.

The Last Website Your City Will Ever Need.

Web Design Proposal

Prepared for
CITY OF ISANTI

TOWN WEB

City of Isanti
PO Box 428
Isanti, Minnesota 55040

Dear Katie,

At Town Web Design, we are committed to making sure that your new website will be the last one that the City of Isanti will ever need. We back this up with our no-cost website redesign every three years. Additionally, you would also receive 24x7 technical support, website monitoring, security updates and performance optimization as part of our hosting and maintenance package.

One of the biggest challenges facing municipalities is the need to keep up with changing technology. Our solution of a no-cost website redesign every three years would mean that your residents, tourist and visitors will never say your website looks outdated!

We have 11 years experience designing, hosting and supporting over 500 municipal websites just like yours. All our customers love the fact that we offer fixed pricing where your **annual costs do not go up**!

The City of Isanti will benefit from an **affordable solution** where you get "all-you-can-eat" service from us. Whenever you have a question or issue you can call, email or chat with us. We think our sites are super easy to edit, but if you're just too busy to do it on your own, give us a call. For no additional charge, our superstar support team will make edits or post documents on your behalf.

I invite you and your committee to check out all the benefits we offer so that you can get started with a fantastic new website that will be the last website the City of Isanti will ever need!

Sincerely,

Dustin Overbeck

RFP Answers

Below are our answers to each of your individual questions to your RFP

Minimally sufficient proposals.
1. Our official business name is Town Web Design, LLC. My name is Dustin Overbeck, President/ Owner.

2. 1360 Regent Street, #355, Madison, Wisconsin 53715. Telephone: 920-645-2823 or Toll Free: 877-995-TOWN (8696). Email: dustin@townweb.com

3. I have read and understand the scope of your municipal project. My company is one of the largest providers of municipal websites in the Midwest, and therefore could provide you all the things you need to make the website successful in your community.

Timeline to launch your site is four weeks:
Week 1. Signing of Quote
Week 1. Onboarding Meeting with Account Manager & Project Manager
Week 2. Build out site structure on the staged site
Week 2. Migration of content from old site to staged site
Week 2. Graphic designing and color scheme customized to staged site
Week 3. Schedule site reveal of staged site
Week 3. Punch list execution / pre-launch phase
Week 4. Site launch
Week 4. Training

4. Key Personnel:
Account Manager - Liz Swanson. liz@townweb.com
Project Manager - Jerrica Wagner. jerrica@townweb.com
Training Manager - Jeremy Ogden. jeremy@townweb.com

Liz will work directly with you and your staff as a customer advocate. She ensures that all your wants and needs are met. She will schedule and lead the Onboarding meeting and lead you through the project from start until launch. She also works as a liaison between you and Jerrica, who manages the building and design of your new website.

Jerrica will work as your project manager. She will be in charge of executing on all the technical areas of building the site, coordinating custom programming, managing the data migration, working with the graphic artist, and handling all the back-end technical details.

Once your site is live, Jeremy will guide you and your staff on the training and maintenance of your new site.

5. We collaborate with you, your staff and elected officials on the Onboarding meeting. Immediately after a contract is signed, we schedule an Onboarding meeting using Zoom, a very easy to use screen sharing software. During the Onboarding meeting we guide you through all aspects of the site design, site structure, graphics, and site content. We have a very thorough process to ensure that we collect all the wants/needs of your staff so that we can efficiently build out your new municipal website. During the Onboarding meeting, we also assign tasks to individuals who are responsible for delivering follow-up content that was not able to be collected on the call.

6. We offer two different design options, as described further down in this proposal. The standard option is the "base" price for developing a new site for your municipality using an existing template from our Template Library as a starting point. This project would take approximately four weeks to build and launch, based on the timeline listed above.

A more customer solution is the Platinum Web Design option, which is an add-on that you and your stakeholders might be interested in. It is a completely custom design that we do for you, which includes Wireframe Mockups and Photoshop Mockups. The timeline for the Platinum Design option is an extra four weeks for the build process. Therefore the timeline for your site to launch with the Platinum Web Design would be about eight weeks.

7. Further down in this quote we have several other examples in or portfolio. Here attached are URLs that are relevant examples of our work:
City of Belleville, MI. https://belleville.mi.us/
Town of Wausau, WI. http://townofwausau.com/
City of Minonk, IL. https://cityofminonk.com/

8. Several of the following pages describe our services in more details. When I ask our municipal customers about the benefits they value most from what we offer, here are three that stick out:

- We are specialists when it comes to municipal web design. When you need surgery, call a surgeon, not a generalist. We can guide you through your web design journey based on the knowledge we've collected from building and supporting more than 500 other municipal websites and their staff.
- We provide you with an affordable and comprehensive service. We handle everything you need from web design, web support, software upgrades, site backups and training for one low monthly fixed fee. This service is available to you and your staff 24x7.
- You get a communications platform in addition to a website. Your residents can subscribe to your new website and get email/text message notifications whenever new things are posted. This means your residents stay informed without having to visit the website to see what is new.

9. References
City of Belleville: http://belleville.mi.us/
City Number: (734) 697-9323
Sherri Scharf, City Clerk/Treasurer, clerk@belleville.mi.us

The City of Belleville is a project that shows our efforts working on a project that started to become more and more complex due to input and approval needed from a variety of different departments, each of which had different expectations. Our Project Management Team re-focused our efforts to collaborate with our main point of contact (Sherri). In doing so, we were able to get the various departments to prioritize their needs and to send us their finalized punch lists. We executed each of these punch lists to get all the departments to agree for making the new site live. This is a project used as a reference to show how we "herded cats".

Village of Ontonagon: https://villageofontonagon.org/
Village Number: (906) 884-2305
Kori Weisinger, Clerk/Treasurer, ontclerk@jamadots.com
Sarah Hopper, Council Member, srhopper21@gmail.com

The Village of Ontonagon engagement is primarily interesting for several reasons. We were contacted by the Village around Christmas time (Dec 2018) and they needed to find a vendor who was a specialist in their industry and who could also accomplish the project very quickly. The reason for a very fast timeline was due to their old web design company going out of business and they did not want their municipal website to go down. The time from contract signing to site launch was only 10 days, which is extremely fast and efficient. We had also immediately and proactively transferred their old website to our servers as preventative measure in case their existing hosting company's servers went down earlier than expected. This is a project used as a reference to show our dedication to working with a brand new client who needed a thorough job done quickly and efficiently, and it shows how easy it was for the client to engage with Town Web on this project.

Town of Delta: https://townofdelta.com/
Town Number: (715) 372-4747
Thomas Erickson, Clerks/Treasurer, deltatown@cheqnet.net

The Town of Delta has been a municipal customers of ours for several years and recently they went through a web design upgrade process with us. The clerk was simply delighted with our work and said it was a pleasure working with our Account Manager and Project Manager to get his new site upgraded.

10. All the cost details are on the Pricing page of this proposal. Each cost is a fixed price and also "not to exceed".

Setup Fee: $999/one time fee
Hosting Fee: $129/mo ($1,548/yr)
Platinum Design Package (optional): $2,250/one time fee

Total Cost Year 1, which is the Design package plus Hosting:
$2,547 (Base Package)
or
$4,797 (with Platinum Design Package)

Total Cost Year 2:
$1,548

Total Cost Year 3:
$1,548

Why People Like Working With Us

Reason 1: Over a Decade of Experience

Town Web Design has created and hosted municipal websites before the iPhone came out and before Facebook existed. This mobile revolution has changed the website industry and we have embraced these changes so that your website will be relevant to the ever changing needs in technology and in your residents. In 2007, most boards & councils were worried if their municipal site would work on dial-up. Now in 2019, they want sites that load fast, are mobile-responsive and are American Disability Act 508 compliance. We deliver on all of these.

Reason 2: Understanding Needs of Cities in the Midwest

We are not a typical web design agency that you would find in any medium-sized city in America. We do not do commercial website design. We only do website design for towns, villages, cities, and boroughs. **We are specialists in municipal web site design**. This specialization is the key reason why we can provide affordable, fixed-price service to municipalities like the City of Isanti and also why we can launch your website in as little as two weeks.

Reason 3: No-Cost Redesign Every 3 Years

As far as we know, Town Web is the only municipal web design, hosting and support company who provides customers with a no-cost website redesign every three years. The residents, tourists and visitors at the City of Isanti will never say your site looks outdated when you select us to design your website. Your town will enjoy this redesign benefit for as long as your hosting is with us.

Reason 4: 24x7 Monitoring & Security

Your municipal site is **protected against accidental or malicious data loss**. Security threats and hacking attempts are always occurring and we have your back. We provide 24x7 monitoring and have systems in place to keep the bad guys out. Furthermore, we do daily backups of your site and store them indefinitely. If anything major were to happen to your site, we restore it for you at no cost.

Reason 5: Fixed Pricing - No Cost Increases

Every municipal web design customer at Town Web has a **fixed annual cost** and it's easy to budget for. This means that you won't need to rely on expensive third-party IT services to manage and maintain your website or wonder who to call. Everything is done for you by the Town Web team.

Reason 6: Clerk-tested, Board-approved

About 500 other boards and councils currently work with Town Web as their approved web design, hosting and support vendor. Websites built by us represents a **sound investment in quality, performance and dependability**. We are your low risk, highly experienced municipal web technology partner.

Reason 7: 80+ Decade Long Customers

A decade ago over 80 boards selected Town Web as their website provider. Now in 2018, they still consider that a **great decision**. Each municipal continues to enjoy an easy to use website at a predictable and affordable cost.

Reason 8: 24x7 Service & Support

Municipal Clerks and Staff Members love having Town Web as their website provider because they can **rely on us for anything** related to their website. All it takes is a call, email or chat message (including Facebook Messenger) and we can post or edit something on their page for no additional costs. Furthermore, we resolve many issues as quickly as possible and most issues are resolved by the end of each 8-hour shift.

If you are an Administrator to your municipal website, you will receive free one-on-one training so that you are empowered to make updates on your own. If you find yourself busy and tied up with other things, you can just email us a request. **We are happy to post it to the website on their behalf**, which is included for no extra charge.

Our support is like an "all-you-can-eat buffet." You get as much as you want for a fixed fee with no surprises and without extra billing. Our goal at Town Web is to make sure that the Clerk and Staff Members can do their job fast and efficiently.

Reason 9: We Meet Face-to-Face

All new customers get to meet with your **Dedicated Account Manager and Project Manager** in a Face to Face meeting over Zoom (an online video conferencing service that doesn't require you to download anything in order to use). There are typically two meetings with you:

Meeting #1: Onboarding:
We work with you to find the design, style, content and layout you want to have for your site. After we collect 90% of your new site's content, we immediate start to build out the design of your new site. We create new graphics based on the design brief of that meeting. About 3-7 business days from your Onboarding Meeting, we send you a link to a staged version of your website. We ask you to check out the new site design, take notes about any changes you want to see, and to book another face to face meeting in our shared online calendar.

Meeting #2: Punch list:
During this meeting we will gather any needed changes or edits required in order to make your new site live. We do the tweaks, edits and adjustments so that you're happy with the new design. With these two face to face meetings, we can typically have your site launched within two weeks!

Reason 10: Your Site Launched in 2 Weeks

We understand that board & council members and staff are busy. Busy with elections. Busy with tax payments. Busy with the day-to-day community management. This is why we built an efficient, caring process to make designing and launching your new municipal website a pleasant, successful collaboration.

We can work efficiently with you because we only work on websites for municipalities. We don't take on commercial websites. We are specialists in municipal web design, which means that within as little as two weeks, we can provide your municipality with a really great looking website at an **affordable price**.

You Get a Communications Platform for your Residents

Residents can subscribe to your website

Your residents would be able to subscribe to your new website. They can simply drop in their email address (or their cell phone number) and pick and choose the topics to subscribe to.

They get instant notifications (email/text)

Your residents will get instant notifications whenever categories that they've subscribed to have new items posted in it. It works so well that your residents don't even have to visit your website to read these notifications. They'll all be sent to them via email (or text message).

Your residents gain 100% transparency

With the Town Web Communication Platform, your residents can gain 100% transparency into meeting discussions by the elected officials. Residents to the important notifications to the categories that they've subscribed to.

We also syndicate these notices to Facebook

We can push out these notifications to your Facebook page too, if you have one! It's all included with the Communication Platform that you would get as a Town Web customer.

You Get "White Glove" Service from Us

It's easy to contact us for service & support!

We provide you with one single phone number for contacting us with support & service. It's a toll free number: **877-995-TOWN (8696)**. You also get one single email address to use when you want to email us. **support@townweb.com**. We make it easy for you to ask us for help.

Support is 24x7 and "all-you-can-eat"

Other agencies charge you a per-incident fee or a per-hour fee for technical support. Not at Town Web. You get technical support and training FREE with your hosting contract and we got you covered 24x7 with our support team.

Many other agencies only offer 30 minutes of support free each month. Some sell support packages that include an hour or two of tech support each month for $89/month extra! Not us. We want you to be successful when it comes to maintaining your website. You can contact us as often as you like for tech support. There is no charge. It is truly "All-You-Can-Eat"!

You get free training & retraining

After we launch your site, you get access to training materials on how to manage your new website. You can watch our training videos and download PDFs which describe in detail the things you want to do. You can even schedule training or retraining with one of our staff members.

We will even upload files for you!

We provide our municipal customers with an easy-to-use Admin section. It is extremely user-friendly and only takes 20 seconds to post something new. However some of our municipal customers don't ever upload new files or make new posts to their websites themselves. They instead email us their files and ask us to post it on their behalf.

This is a service that you get for no charge as part of our **White Glove Service** to you! Think of us as your web design "butler". We're at your beck and call. We make your life easier.

What You Get with TownCMS v5

We promise that TownCMS v5 will be **The Last Website You'll Ever Need**. It is a comprehensive platform which provides you with all everything listed here below.

Comprehensive Website Hosting

We ensure your hosting and site always have at least 99.9% uptime.

Daily Backups

Every municipality gets full daily backups which are stored off-site. Never worry about having your site go down again.

Guaranteed 99.9% Uptime

We can provide an SLA (Service Level Agreement) for your hosting uptime.

Website Restores

Should your website ever go down for unexpected reasons, we can take care of restoring your site in a short time.

SSL Security

All municipalities get SSL (Secure Socket Layer) so your site run securely on HTTPS

Hack-Proof Websites

Your site will be hack-proof to prevent unauthorized access from logging in your site.

Document Management

All your government documents are stored to allow residents a way to quickly search and find the documents they need access to.

Residents Can Subscribe To Notices

Residents can subscribe to get updates via email and/or text messages when something new is posted.

Emergency Alerts

When there is an urgent message or notifications, it will be displayed prominently on your homepage, and also sent to all subscribers (via email/text message) and posted to your Facebook page.

Instant Notification to Subscribers

People who subscribe to your website can get instant notifications via email and/or text message. The message content links directly to the posted notice. Residents can 1-click unsubscribe whenever they want.

Accept Credit Card Payments

We offer a **NO COST** system for you where your residents can pay for things like dog license, permits/applications and even tax payments online.

ADA 508 Compliance

All sites are ADA (Americans Disability Act) 508 Compliant, which allows people with disabilities to access to the content and files on your website.

Mobile Friendly Web Design

Many of our municipal customers are having 20-50% of their daily visitors coming to their site from mobile browsers. We design our sites to be 100% mobile responsive for both iOS and Android.

24x7 Technical Support

We are probably the **only municipal web design company** that offers our customers 24x7 technical support.

Call/Email/Chat with us for Support

We make it easy and convenient for you to contact us for support. You can call us toll free, email us, or send us a chat message through Facebook or your Admin area.

Free Feature Upgrades & Updates

Another unique thing about us is that your website gets better over time. We are constantly adding new features, enhancements and rolling out bug fixes. You get this automatically so that your site will be the last one you'll ever need!

Our Team of Specialists is Here to Help

We are dedicated to your success

We are dedicated to your success, and it shows based on our staff. Nearly half of our team members are focused solely on Support. There is no other municipal web design company that puts as much emphasis on customers support than Town Web. As a new municipal customer, you would receive "white glove" service and 24x7 support from our team!

Branded Emails (Optional)

Town Web can be your "One Stop Shop" for all your IT needs. We can offer you different Branded Email Addresses along with your email service.

We offer several different email options like **Microsoft Office 365** (with or without desktop Microsoft Office applications), or just **Enterprise Emails**. Each plan can also include Email Archiving to ensure that you organization is compliant with Email Retention requirements.

Microsoft Office 365 Plans

Business Essential comes with email address and online versions of of Word, Excel and PowerPoint. Business Premium also includes Desktop Versions of MS Office.

MICROSOFT OFFICE 365 PLANS	BUSINESS ESSENTIALS	BUSINESS PREMIUM
Description	Exchange email, instant messaging, SharePoint & Office Online	All the features of Business Essentials, plus Office suite
Cost	$8.50/mo per user	$16.00/mo per user
Office Online Use Word, Excel and PowerPoint as online versions (through your browser)	Yes	Yes
Office Applications Install MS Office on up to 5 PCs/Macs, 5 tablets and 5 phones per user	No	
Exchange Email Storage Enjoy business-class email, contacts and calendar	50 GB per Mailbox	50 GB per Mailbox
Email Archiving Unlimited, enterprise-class email storage and retention	+$3.25/mo per user	+$3.25/mo per user

Enterprise Emails

Enterprise Emails are less expensive but still very robust, offering 25 GB mailboxes that allow 50 MB attachments. Emails can be set up for your computer/laptop, mobile devices, and it also includes web-based email. It's just like Office 365, but without the Office Applications. It's just email.
Also available is email archiving which gives you unlimited storage and where you can be compliant with Email Retention requirements.

ENTERPRISE EMAIL ADDRESSES	ENTERPRISE EMAIL	
Description	Enterprise-level hosted email service, includes IMAP, POP, SMTP	
Cost The cost is based on total amount of users (not a stepped amount).	$5.00/mo per user $4.00/mo per user $3.50/mo per user $3.00/mo per user	For 1-5 users For 6-10 users For 11-15 users For 16-20 users
Email Storage	25 GB per Mailbox 50 MB attachments	
Email Archiving Unlimited, enterprise-class email storage and retention	+$3.25/mo per user	

Notes About Email Service & Billing

The emails can be billed separately from the annual web hosting if needed. Municipalities will typically pre-pay for a full year of email service when paying for just one or two email accounts. When municipalities have more accounts, they typically pay for it monthly with a credit card.

If you already have Office 365 or branded emails with another provider, and you wish to stay with them, no problem! You can keep your service with them uninterrupted even when we design and host your new website.

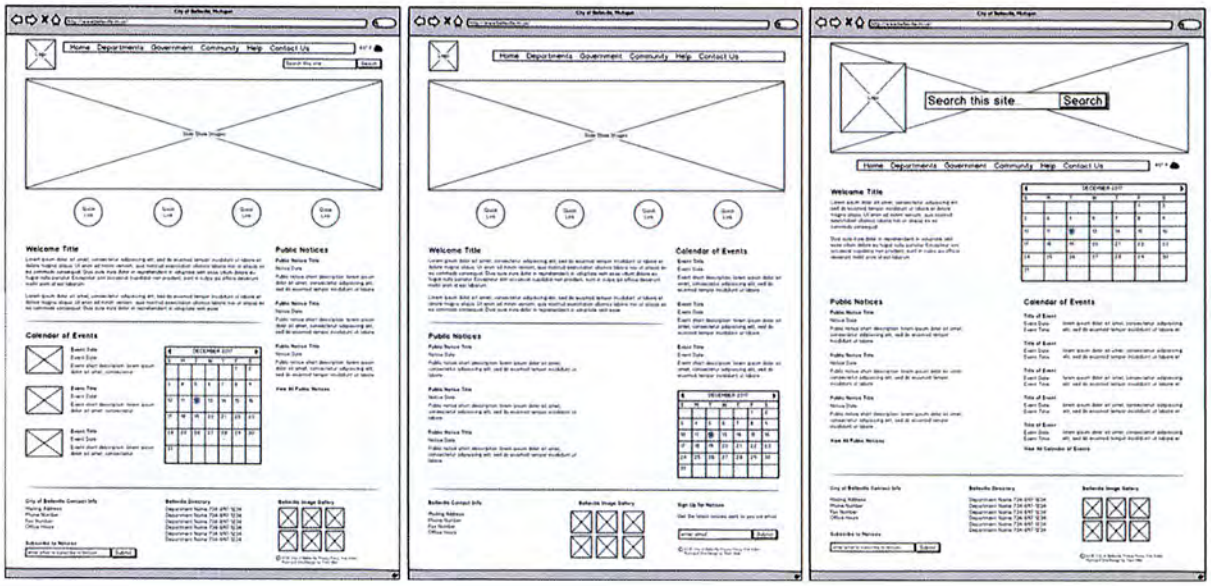
Platinum Web Design (Optional)

Municipalities that want a 100% unique and 100% custom design can choose our optional Platinum Package

Town Web can offer the City of Isanti a Platinum Design Package as an optional upgrade to your new website design project. This is only meant for municipalities who want something truly unique with a spectacular design.

Together we would go through a formal and thorough design and branding process.

- We start with a formal Kick-off & Branding Meeting
- We discuss in detail comparative sites you like inside the municipal web design industry and talk about current and upcoming trends.
- Also included is a branding interview, so come prepared with your committees thoughts, ideas and goals for your municipality long-range plans.
- After completion of this meeting, we will deliver three (3) wireframe mockups (low fidelity). This usually happens a week after the formal kick off meeting.



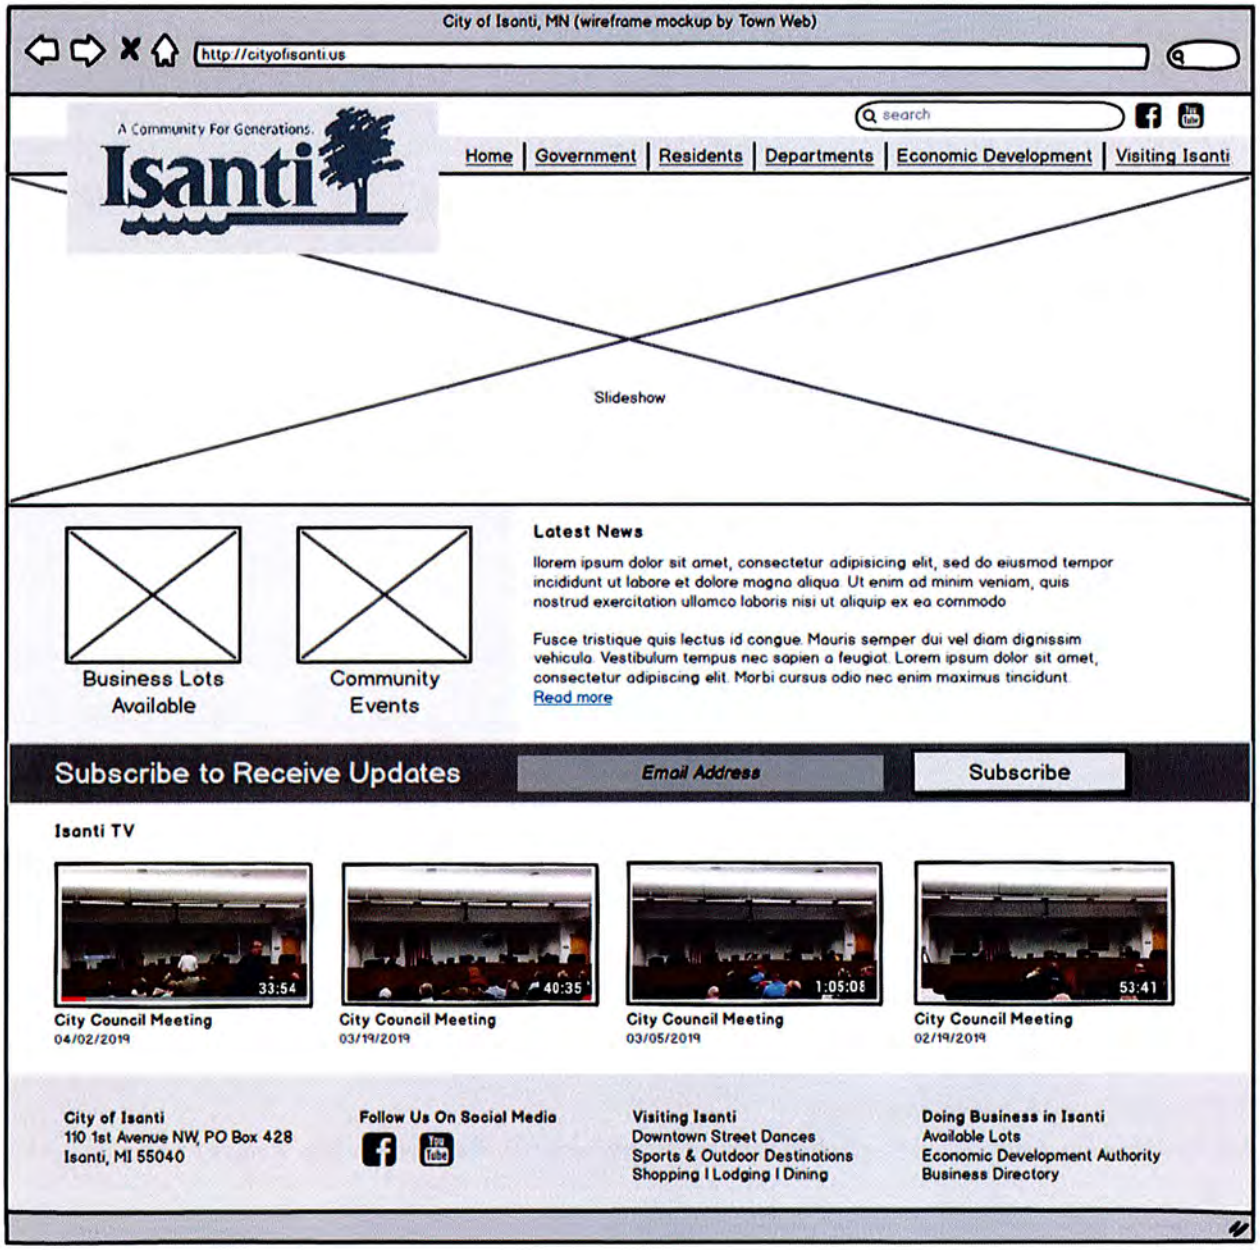
Delivery of Low Fidelity Mockups

In the examples on the previous page you might notice that two design are similar to one another. This is by design. These two wireframe concepts are based on the results from the formal kick off meeting and will closely correlate to what your committee will have discussed.

The third wireframe we deliver is to explore the creative design a bit further. It's meant to show a design that goes a little bit toward further on the creative end.

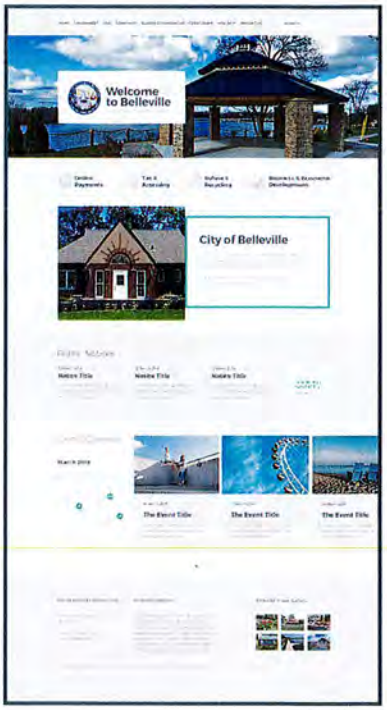
Your committee will then have an opportunity to select which of the three homepage designs you like best. That will be the base layout for the next phase of the project: Photoshop Mockups (high Fidelity)

To show my enthusiasm in bidding on your project, I wanted to show you a sample wireframe mockup design that you might like for the City of Isanti.



Delivery of a High Fidelity Photoshop Mockup

After one of the wireframe mockups is selected by your committee, our design team starts working on a Photoshop file of your homepage. We will incorporate the ideas, photographs, colors and typography that was discussed in the branding interview.



This Photoshop file will be "pixel-perfect". This means that what you see in the Photoshop mockup will be exactly what you will see when the site launched (barring any design changes).

You do get five (5) rounds of small design changes to make the homepage look perfect. We work on the design, layout, the typography, and colors to ensure a beautiful design.

The example to the right is the Photoshop Mockup design we created for one of the Platinum projects.

Once a Photoshop mockup (high fidelity) is approved, we design a custom Wordpress theme based on the design.

Custom Wordpress Theming

This is the stage where we hand over the Photoshop files to the development team. They will slice the design into the elements needed to create a custom Wordpress theme.

The theme will be designed with several break points. These break points are markers of how the site will look when scaled down. The scaled versions of the site are for tablet devices and mobile phones. Each break point will consider these different mobile devices held in different ways (vertical and horizontal). This means you'll get a theme design that is encompasses all variations of a user's experience.

Additionally internal pages will also be designed based on the homepage style. Generally these inside pages share the same top navigational menu, background style and portions of the page footer.

We then do theme-testing to make sure that the design works across all platforms, devices and browser types.

Web Design Pricing

Web Design & Setup Fee

The setup is a one-time fee. It is the cost to build your site and is discounted with a three year hosting agreement.

You will work with an Account Manager and Project Manager in real time for the design of your new municipal website. During the Onboarding Meeting, you will be shown all of our pre-built municipal themes from our design library. You get to select one, which we customize for you. We will customize the menu items, the quick links, and will custom design a banner based on photographs you provide.

Also included are the following benefits:

- We migrate over all your old website's content (if you have an existing site to migrate from)
- You collaborate in real time with a dedicated Account Manager & Project Manager
- You can have unlimited pages & menu items
- Mobile-responsive design
- Face-to-face meetings over Zoom, our easy to use video conferencing service
- Your new site launched in about two weeks from your Onboarding Meeting

Hosting, Maintenance & Support Package

- Get a zero-cost website redesign every three years!
- You get 24x7 technical support that is "All-You-Can-Eat"
- You can send us content and we will upload it for you for no charge
- You will get your own login & password so you can make updates to the site on your own
- 24x7 website monitoring
- Technical & security updates, applied automatically
- Nightly website backups that are stored off-site
- Immediate website restores (if ever needed)
- Includes one-on-one training
- Access to our free training and support library

Web Design Pricing

Description	Price	Qty	Price
Web Design & Setup Fee (one-time) Normal price is $1,499. Save $500 with a 3 yr contract if quote is signed by May 09, 2019			$999
Hosting, Maintenance & Support Package Get a no-cost website redesign every 3 years!	$129	12	$1,548 / year
Domain Name	$15	1	$15 / year
Options (you can check/uncheck them in the online version of this quote)			
☐ **Branded Email Addresses (optional)** See Email Services section for all the details and pricing tiers			varies
☐ **Platinum Web Design Package (optional)** See Platinum Web Design section for all the details			$2,250
TOTAL			**$2,562**

The term of the contract is for three years. The 1st year's total fee would be $2,562.00. This is paid in Year 1. The 2nd year's fee is just $1,548 plus domain renewal, billed 12 months after site goes live. The 3rd year's fee is the same as 2nd year's fee.

City of Isanti may renew the agreement, on a year to year basis, subsequent to completion of the first term. The "hosting, maintenance, and support" fees paid for each subsequent year may be increased, on an annual basis, to match the cost of inflation, as determined in each January (for the preceding year) by the US Department of Labor.

At Town Web Design, we want to make sure that the City of Isanti's new website will be the **last municipal site that you'll ever need.** You can be proud that your residents, tourists and visitors will never say your website looks outdated.

By signing this quote, you will get everything listed on the Pricing Page.
The three big benefits to you include:

1. **A No-Cost Website Redesign Every Three Years.**
   Prior to your third year of hosting with us, we'll schedule a meeting with you to discuss new ideas for your site's new design. We will incorporate the latest & greatest design standards that have evolved over the next following three years so that your new site three years from today will be modern, practical and up-to-date.
2. **24x7 Technical Support that is "All-You-Can-Eat"**
   Your municipal staff at City of Isanti will love having us as your website provider because they will be able to rely on us for anything related to your website. All it takes is a call, email or chat message (including Facebook Messenger) and we can help them with their question or issue, and for no additional charges, we can even post or edit something on their behalf. This type of support will save you and your staff time and money.
3. **Substantial Discount with a Three Year Commitment**
   If the City of Isanti signs this page of the quote on or before May 09, 2019, you will get a substantial discount off your set-up fee. This is a huge savings for your community. Furthermore, the three year commitment locks in your annual pricing, which means no price increases whatsoever during the next three years.

Mayor's Proclamation

City of Isanti

Whereas Employers and Employees are a dynamic part of the City of Isanti's and Minnesota's economy; and,

Whereas The promotion of our Employer's and their talented Staff showcase the strength and success which is an integral part of the City of Isanti's economic development strategy; and,

Whereas All Isanti employers located within the City of Isanti provide jobs which significantly contribute to the City of Isanti's standard of living and economic vitality; and,

Whereas The City of Isanti has approximately 1,928 people that are employed within its corporate limits; and,

Whereas Employees contribute to the economic success of Isanti businesses by buying local and supporting other Isanti businesses; and,

Whereas The City EDA is sponsoring an appreciation luncheon to the Employers and their Employees on June 18, 2019 highlighting certain businesses with milestone Isanti anniversaries.

Now, therefore, I, Jeff Johnson, Mayor of the City of Isanti, do hereby proclaim that the day of June 18, 2019 shall be observed as:

Mayor's Employer Celebration Day

in the City of Isanti on this 4th day of June, Two Thousand Nineteen.

J. <u>Business Items</u>
1. Interview Candidates for Interim Appointment to Vacant City Council Seat

a. Resolution 2019-133 Appointing Candidate to Fill the Vacant City Council Seat on the Isanti City Council for the Remainder of the Term Until the Next Election

Six uniform applications from City residents Dave Apitz, Luke Merrill, James Gordon, Rodrick Barrows, Walter Hanson and Leroy Johnson were received for the interim appointment to the vacant City Council seat.

All candidates, except Walter Hanson who withdrew his application, were present and uniform questions relating to the City Council seat were asked of each of them.

Voting ballots were passed out to the Mayor and Council, completed, and collected by City Clerk, Katie Brooks. Once all ballots were received, Katie Brooks announced 3 votes for James Gordon and 1 vote for Leroy Johnson.

Mr. Gordon was given the oath of office and sworn in by City Clerk Katie Brooks.

Mr. Gordon took his seat among the Council for the remainder of the meeting.

City Administrator Josi Wood

2. Resolution 2019-134 Approving Website Redesign with CivicPlus

City Administrator Josi Wood shared that there were 4 vendors for the RFP for the City's website. Wood continued to share that Staff is recommending to go with CivicPlus as it is the one with the least amount of annual fees and less cost to the City on an ongoing basis.

Motion by Lundeen, second by Collison to approve resolution as presented. Motion passed 5-0. Motion carried.

3. Resolution 2019-135 Approving City Social Media Facebook Pages Allowing Comments

City Administrator Wood shared that previous discussion included Facebook pages for the Liquor Store, City Hall and Police Department. Wood continued to share that at the time it was approved in April it was to not have comments. However, upon looking at it further there is no way to automatically turn off every comment. Upon further examination with the League of Minnesota Cities, other City's and Policies it is recommended that the pages open up for comments. However, the City will reserve the right to not publish comments, questions or postings containing: profane language or content, personal attacks, harassment, or threats against any individual or organization; discrimination against race, creed, color, age, gender, sexual orientation, physical or mental disability, etc.; copyright infringements or other illegal activity; sexual content, or links to sexual content.

Motion by Lundeen, second by Bergley to approve resolution as presented. Motion passed 5-0. Motion carried.

4. Resolution 2019-136 Approving a Special Event Permit for the BMC British Auto Car Show

Brian McCullough, from BMC British Auto Car Show shared that this will be the 4th year in Isanti and 2nd car show. This year the Jaguar Club is putting on the car show. Mr. McCullough continued to share that all of the proceeds from the show will be going to the Cancer Resource Center in Cambridge to help families and patients in need.

Motion by Lundeen, second by Bergley to approve resolution as presented. Motion passed 5-0. Motion carried.

5. Resolution 2019-137 Accepting Quote for Animal Control Services

Assistant City Administrator/ Special Projects Don Lorsung shared that the City received two quotes for Animal Control Services. Lorsung continued to share that the proposals were submitted by the Interim Kennel Provider On-Line Retrievers and Gratitude Farms. The current Interim Provider, On-Line Retrievers, proposal is the Interim contract that is in place right now charging and retaining a flat fee per dog, a daily charge for animal control services and a charge for daily kenneling where the charges will be paid by owner when the dog is released. The cost to the City would be mileage, fees, kenneling for dogs that are not redeemed, charges for cancelled calls and vet rabies situations. There is not a set fee or set monthly charge. Lorsung shared Gratitude Farms proposal would charge impound fee and kennel fee that would be collected from owner when they receive their dog. The cost to the City would be a monthly service fee of $250 totaling $3,000 annually. Staff recommended Gratitude Farms due to shorter distance as it is located in East Bethel and On-Online Retrievers is located in Ogilvie. City Council further discussed this matter.

Motion by Bergley, second by Collison to approve Gratitude Farms for Animal Control Services. Motion passed 5-0. Motion carried.

6. Resolution 2019-138 Amending Resolution 2019-119 Designating Committees and Representatives for City Commissions and Advisory Boards for Year 2019

Mayor Johnson stated that a Councilmember needs to be chosen for ICICLE. Johnson further stated that he would like to be the alternate if Bergley is unable to attend to meeting.

Motion by Lundeen, second by Collison to approve designating Bergley to ICICLE with Mayor Johnson as an alternate. Motion passed 5-0. Motion carried.

Councilmember Lundeen stated that previous Councilmember Lorinser was designated to attend Cambridge-Isanti Bike/Walk Trail Committee and suggested that Mr. Gordon shall begin attending those meetings.

Assistant City Engineer Jason Cook

7. Resolution for 2019-139 Bid Opening Results- Revised Construction Completion Date

Assistant City Engineer Jason Cook shared that the City went out for bids for Cajima Street improvements. The bid opening was scheduled for May 14, 2019 and 2 p.m. However, there were no bids received. Mr. Cook continued to share that he contacted the five prime plan holders and inquired the reasoning and the majority of the response is because there is not enough subs to complete the work this fall and that this is to rebid but with the alternate schedule of either starting construction this fall and completing it this fall or starting this spring and completing it by July 31, 2020. Mr. Cook further stated that upon communication with MN DOT they had no conflicts with future work projects next season and having the alternate schedule would allow to work more subcontractors into work schedules in order to get better pricing and more bids.

Motion by Lundeen, second by Bergley to approve Resolution as presented. Motion passed 5-0. Motion carried.

K. Consent Agenda
