In no event, however, shall the Tenant be liable under this Article XII for Rental Payments (or the equivalent thereof) in excess of the moneys appropriated by it on a yearly basis (other than for any additional Rental Payments due if the Tenant occupies the Project after termination of this Lease pursuant to Section 4.3).

Section 12.3. Return of Project. Upon the termination of this Lease prior to the payment of all Rental Payments in accordance with Exhibit B, Tenant, shall vacate the Project in the condition, repair, appearance and working order required in Section 7.2, reasonable wear and tear, damage by the elements and insured damage excepted in the following manner as may be specified by Landlord; (i) by executing such documents as Landlord reasonably deems necessary to transfer all of Tenant's right, title and interest under this Lease in and to the Project to Landlord and (ii) by paying all reasonable costs and expenses whether incurred by the Landlord or Trustee (including attorneys fees) with respect to such transfer of the Property; provided that nothing herein shall limit the rights of the City as fee owner of the Land subject to the rights of the Landlord under the Ground Lease. If Tenant refuses to return the Project in the manner designated, Landlord may repossess the Project and charge to Tenant the costs of such repossession or pursue any remedy described in Section 12.2.

Section 12.4. No Remedy Exclusive. No remedy conferred upon or reserved to Landlord by this Article is intended to be exclusive and every such remedy shall be cumulative and shall be in addition to every other remedy given under this Lease. No delay or omission to exercise any right or power accruing upon any default shall impair any such right or power or shall be construed to be a waiver thereof but any such right and power may be exercised from time to time and as often as may be deemed expedient by Landlord or the Trustee.

Section 12.5. Agreement to Pay Attorneys' Fees and Expenses. In the event either party to this Lease should default under any of the provisions hereof and the non-defaulting party or Trustee should employ attorneys and/or incur other expenses for the collection of moneys or for the enforcement of performance or observance of any obligation or agreement on the part of the defaulting party herein contained, the defaulting party agrees that it will on demand therefor pay to the non-defaulting party or Trustee, as the case may be, the reasonable fees and expenses of such attorneys and/or such other reasonable expenses so incurred by the non-defaulting party or Trustee.

Section 12.6. Late Charge. Whenever any event of default referred to in Section 12.1, clause (i), hereof shall have happened and be continuing with respect to the Project, Landlord shall have the right, at its option and without any further demand or notice, to require a late payment charge equal to four percent of the delinquent amount or such lesser amount as may be permitted by Minnesota law if four percent exceeds the applicable limit under Minnesota law, and Tenant shall be obligated to pay the same immediately upon receipt of Landlord's written invoice therefor; provided, however, that this section shall not be applicable if or to the extent that the application thereof would affect the validity of this Lease.

Section 12.7. Effect of Waiver. In the event any agreement contained in this Agreement should be breached by either party and thereafter waived by the other party, such waiver shall be limited to the particular breach so waived and shall not be deemed to waive any other breach hereunder.

ARTICLE XIII

ADMINISTRATIVE PROVISIONS

Section 13.1. Notices. All notices, certificates, legal opinions or other communications hereunder shall be sufficiently given and shall be deemed given if personally delivered or if telecopied or delivered by overnight express mail, with a copy to be sent by first class U.S. mail, postage prepaid, to the addresses specified in Section 13.07 of the Indenture; provided that Landlord and Tenant, by notice given hereunder, may designate different addresses to which subsequent notices, certificates, legal opinions or other communications will be sent.

Section 13.2. Financial Information. Tenant shall annually provide Landlord with current financial statements and budgets, and such other financial information relating to the ability of Tenant to continue this Lease as may be requested by Landlord.

Section 13.3. Binding Effect. This Lease shall inure to the benefit of and shall be binding upon Landlord and Tenant and their respective successors and assigns.

Section 13.4. Severability. In the event any provision of this Lease shall be held invalid or unenforceable by any court of competent jurisdiction, such holding shall not invalidate or render unenforceable any other provision hereof.

Section 13.5. Amendments, Changes and Modifications. This Lease may be amended or any of its terms modified only by written document duly authorized, executed and delivered by Landlord and Tenant.

Section 13.6. Captions. The captions or headings in this Lease are for convenience only and in no way define, limit or describe the scope or intent of any provision, Article, Section or Clause of this Lease.

Section 13.7. Further Assurances and Corrective Instruments. Landlord and Tenant agree that they will, from time to time, execute, acknowledge and deliver, or cause to be executed, acknowledged and delivered, such supplements hereto and such further instruments as may reasonably be required for correcting any inadequate or incorrect description of the Project hereby leased or intended so to be, or for otherwise carrying out the expressed intention of this Lease.

Section 13.8. Execution In Counterparts. This Lease may be simultaneously executed in several counterparts, each of which shall be an original and all of which shall constitute but one and the same instrument.

Section 13.9. Applicable Law. This Lease shall be governed by and construed in accordance with the laws of the State.

IN WITNESS WHEREOF, Landlord and Tenant have respectively caused this Lease to be duly executed in their names and on their behalf by their duly authorized representatives.

T R U S T I N D E N T U R E

THIS TRUST INDENTURE, dated as of June 1, 2021, is by and between the Economic Development Authority of the City of Isanti , Minnesota, a public body corporate and politic of the State of Minnesota (herein sometimes called the "Issuer"), and U.S. Bank National Association, a national banking association having its main corporate office and principal place of business in St. Paul, Minnesota (herein sometimes called the "Trustee"):

WITNESSETH:

WHEREAS, the Issuer is authorized under the laws of Minnesota, including Minnesota Statutes, Sections 469.090 through 469.1082, and the powers conferred on the Issuer therein (collectively, the "Issuer Powers Act") to issue revenue bonds in aid of certain projects; and

WHEREAS, the City of Isanti, Minnesota (the "City") is authorized under Minnesota Statutes, Section 465.71 and 469.041 as amended (the "City Powers Act"), to acquire the interest in real and personal property pursuant to a Lease Agreement, dated as of June 1, 2021 (the "Lease"), and

WHEREAS, the Issuer has agreed to issue its $3,280,000 Public Project Lease Revenue Bonds, Series 2021A (City of Isanti, Minnesota, Lease with Option to Purchase Project), dated as of the Date of Original Issuance as hereinafter defined (the "Series 2021A Bonds"), the proceeds of which will be used to finance the cost of construction of a municipal liquor store (the "Project") in the City under the Issuer Powers Act; and

WHEREAS, the Issuer has deemed it advisable to enter into this Indenture and has duly authorized the issuance of the Series 2021A Bonds as provided herein; and

WHEREAS, the proceeds of the Series 2021A Bonds, together with any other required funds, will be used for the specific authorized purpose of providing funds to pay Project Costs; and

WHEREAS, the Lease requires that, from and after the date hereof, the City make Rental Payments thereunder in amounts and at times sufficient to pay the principal of, premium, if any, and interest on the Series 2021A Bonds, when due; and

WHEREAS, the execution and delivery of this Indenture and the Lease and the issuance of the Series 2021A Bonds have been authorized by the Board of Commissioners, the governing body, of the Issuer pursuant to a resolution adopted by the Board of Commissioners on May 18, 2021 (the "Bond Resolution"); and

WHEREAS, the Project is essential to the operations of the Issuer and the City; and

WHEREAS, the form of the Series 2021A Bonds, is in substantially the form attached hereto as Exhibit B; and

WHEREAS, the Trustee hereby accepts the trust created by this Indenture and in evidence thereof has joined in the execution hereof;

NOW, THEREFORE, THIS INDENTURE WITNESSETH:

GRANTING CLAUSES

That the Issuer in order to secure the payment of the principal of and interest on the Bonds issued under this Indenture according to their tenor and effect and the performance and observance of each and all of the covenants and conditions herein and therein contained, and for and in consideration of the premises and of the purchase and acceptance of the Bonds by the respective purchaser or purchasers and Holders thereof, and for other good and valuable considerations, the receipt whereof is hereby acknowledged, has executed and delivered this Indenture and has granted, bargained, sold, assigned, transferred, conveyed, warranted, pledged and set over, and by these presents does hereby grant, bargain, sell, assign, transfer, convey, warrant, pledge and set over, unto the Trustee (which the Trustee does hereby accept and assume) and to its successor or successors in the trust hereby created and to its or their assigns forever:

I.

All of the rights, title and interests and privileges of the Issuer in, to and under the (i) Lease except for the rights of the Issuer under Sections 5.3(c), 6.5, 12.5 and 12.6 of the Lease, and (ii) the Ground Lease.

II.

A first lien on and pledge of (i) the moneys and investments in the Bond Fund and Reserve Fund covenanted to be created and maintained under this Indenture and (ii) moneys and investments in the Construction Fund not used to pay Project Costs.

III.

The option and any and all other property of every name and nature from time to time hereafter by delivery or by writing of any kind conveyed, assigned or transferred, or in which a security interest is granted, by the Issuer or the City or by anyone on behalf of them or with their written consent, to the Trustee, which is hereby authorized to receive any and all such property at any and all times and to hold and apply the same to the terms hereof, and all insurance proceeds and condemnation awards or other moneys represented by "Trust Moneys" (as defined in Section 5.01).

TO HAVE AND TO HOLD all and singular the said property hereby conveyed and assigned, or agreed or intended so to be, to the Trustee, its successor or successors in trust and its and their assigns, FOREVER.

IN TRUST NEVERTHELESS, upon the terms and trust herein set forth, for the equal and proportionate benefit, security and protection of all Holders of the Bonds issued or to be issued under and secured by this Indenture, without preference, priority or distinction as to lien or otherwise of any of the Bonds over any of the others.

PROVIDED, HOWEVER, that if the Issuer, its successors or assigns, shall well and truly pay or cause to be paid the principal of the Bonds and the premium (if any) and interest due or to become due thereon, at the times and in the manner mentioned in the Bonds, according to the true intent and meaning thereof, or shall provide, as permitted hereby, for the payment thereof by depositing with the Trustee sums sufficient to pay the entire amount due or to become due thereon, and shall well and truly keep, perform and observe all the covenants and conditions pursuant to the terms of this Indenture to be kept, performed and observed by it and shall pay to the Trustee all sums of money due or to become due to it in accordance with the terms and provisions hereof; then upon such final payment this Indenture and the rights hereby granted, including the estate, right and interest of the Trust Estate (as herein defined) shall cease, determine and be void; otherwise, this Indenture to be and remain in full force and effect.

THIS INDENTURE FURTHER WITNESSETH, and it is expressly declared that, all Bonds issued and secured hereunder are to be issued, authenticated and delivered and all property hereby assigned or pledged is to be dealt with and disposed of under, upon and subject to the terms, conditions, stipulations, covenants, agreements, trusts, uses and purposes as hereinafter expressed, and the Issuer does hereby agree and covenant with the Trustee and with the respective Holders from time to time, of the Bonds, as follows:

Trust Estate: the property and funds described in the granting clauses of this Indenture, including the Trust Funds.

Section 1.02 Additional Provisions as to Interpretation. All references herein to "articles", "sections" and other subdivisions are to the corresponding articles, sections or subdivisions of this Indenture; and the words "herein", "hereof", "hereunder" and other words of similar import refer to this Indenture as a whole and not to any particular Article, Section or subdivision hereof. The terms defined in this article shall include the plural as well as the singular.

Whenever in this Indenture it is provided or permitted that there be deposited with or held in trust by the Trustee money or funds in the necessary amount to pay or redeem any Bonds, the amount so to be deposited or held shall be the principal amount of such Bonds and all unpaid interest thereon to maturity, except that in the case of Bonds which are to be redeemed prior to maturity and in respect of which there shall have been furnished to the Trustee proof satisfactory to it that notice of such redemption on a specified redemption date has been duly given or provision satisfactory to the Trustee shall be made for such notice, the amount so to be deposited or held shall be the principal amount of such Bonds and interest thereon to the redemption date, together with the redemption premium, if any.

Any terms defined in the Lease but not defined herein shall have the same meaning herein unless the context hereof clearly requires otherwise.

This Indenture is governed by and shall be construed in accordance with the laws of the State of Minnesota.

IT IS THE SPECIFIC PURPOSE AND INTENT OF THIS INDENTURE, AND ANY OTHERS ANCILLARY HERETO, THAT THE ISSUER SHALL UNDERGO NO EXPENSE OF WHATEVER NATURE, KIND OR VARIETY. THE TRUSTEE AND THE ISSUER (AND THE CITY) DO SPECIFICALLY AGREE THAT THE CITY SHALL PAY ANY AND ALL EXPENSES AND FEES OF THE TRUSTEE RELATING DIRECTLY OR INDIRECTLY TO THE PROJECT IN ANY FASHION WHATEVER. IN THE EVENT ANY CONFLICT OF LANGUAGE SHALL BE NOW OR SUBSEQUENTLY DETERMINED, THIS PROVISION SHALL IN ALL RESPECTS GOVERN THE FISCAL RESPONSIBILITIES OF BOTH THE ISSUER AND THE CITY.

ARTICLE II

FORM, EXECUTION AND REGISTRATION OF BONDS

Section 2.01 Form, Maturities and Denomination of Series 2021A Bonds. The Series 2021A Bonds shall be designated "Economic Development Authority of the City of Isanti, Minnesota, $3,280,000 Public Project Lease Revenue Bonds, Series 2021A (City of Isanti, Minnesota, Lease With Option to Purchase Project)". The form of the Series 2021A Bonds shall be substantially in the form set forth in Exhibit B. The Series 2021A Bonds shall be in printed form in the denomination of $5,000, or any integral multiple thereof, initially numbered R-1 and upwards or in such other manner as the Trustee may determine, and shall be dated the Date of Original Issuance. The Series 2021A Bonds issued in exchange for or transfer of other Series 2021A Bonds shall bear interest from the date to which interest has been paid on the Series 2021A Bonds being surrendered for exchange on transfer. The Series 2021A Bonds shall bear interest payable semiannually on December 15 and June 15 of each year, commencing June 15, 2022 (each and "Interest Payment Date"). The principal or redemption price (if applicable) of the Series 2021A Bonds shall be payable to the Holder upon presentation and surrender at the office of the Trustee, except as otherwise provided in Section 2.09. The Series 2021A Bonds shall be payable in such coin or currency of the United States of America as may at the time be legal tender for the payment of public and private debts, and interest on Series 2021A Bonds shall be paid by check or draft mailed to the Holder at the Holder's address. The Regular Record Date for the payment of interest on the Series 2021A Bonds payable on any Interest Payment Date shall be the first day (whether or not a Business Day) of the calendar month of such Interest Payment Date. The Series 2021A Bonds shall be in the aggregate principal amount of $3,280,000, shall mature on December 15 in the years and amounts and shall bear interest at the rates per annum, according to years of maturity, as follows:

Year	Amount	Interest Rate	Year	Amount	Interest Rate
2022	$	%	2030	$	%
2023			2031		
2024			2032		
2025			2033		
2026			2034		
2027			2035		
2028			2036		
2029					

Section 2.02 Execution of Bonds. The Bonds shall be executed in the name of the Issuer by the manual or facsimile signatures of the President and Secretary of the Issuer, and each Bond shall be authenticated by the manually executed signature of a Responsible Officer of the Trustee, which is hereby designated and appointed as authenticating agent, paying agent, registrar, and transfer agent for the Bonds. The official seal of the Issuer shall be omitted from the Bonds, as permitted by law. In the event that any of the officers who shall have signed any of the Bonds shall cease to be officers of the Issuer before the Bonds shall have been authenticated or delivered by the Trustee, issued by the Issuer, or transferred or exchanged, such Bonds may nevertheless be authenticated, delivered, and issued, and upon such authentication, shall be binding upon the

Issuer as though those officers who signed and sealed (if not omitted) the same had continued to be such officers of the Issuer; and, also, any Bond may be (but shall not be required to be) signed on behalf of the Issuer by such person who, at the actual date of execution of such Bond, shall be the proper officer of the Issuer, notwithstanding that on the date of such Bond such person shall not have been such an officer of the Issuer. Upon the execution and delivery of this Indenture, the Issuer shall execute and deliver the Series 2021A Bonds to the Trustee for authentication.

Section 2.03 Authentication of Bonds. No Bond shall be valid or obligatory for any purpose or shall be entitled to any right or benefit hereunder unless a Responsible Officer of the Trustee shall manually endorse and execute on such Bond a certificate of authentication substantially in the form of the Trustee's certificate set forth in Exhibit B hereto. Such Trustee's certificate upon any Bond executed on behalf of the Issuer shall be conclusive evidence that the Bond so authenticated has been duly issued under this Indenture and that the Holder thereof is entitled to the benefits of this Indenture.

No Bonds shall be authenticated by the Trustee except in accordance with this article.

The Trustee shall not be required to authenticate any Bond or Bonds unless provided with the documents referred to in Section 2.08.

Section 2.04 Registration, Transfers and Exchange. As long as any of the Bonds issued hereunder shall remain outstanding, the Trustee shall, on behalf of the Issuer, maintain and keep at the office of the Trustee, acting in its capacity as paying agent and registrar for Bonds, records for the payment of the principal of and interest on such Bonds, as in this Indenture provided, and for the registration and transfer of such Bonds, and shall also keep at said office of the Trustee books for such registration and transfer.

Upon surrender for transfer of any fully registered Bond at the office of the Trustee with a written instrument of transfer or authorization for exchange, in form and with guaranty of signature satisfactory to the Trustee, duly executed by the Holder or the Holder's duly authorized attorney, and upon payment of any tax, fee or other governmental charge required to be paid with respect to such transfer, the Issuer shall execute and the Trustee shall authenticate and deliver, in the name of the designated transferee or transferees, one or more fully registered Bonds of the same series, of any authorized denominations and of a like aggregate principal amount, interest rate and maturity; provided that until termination of the book-entry only system pursuant to Section 2.10, the Bonds may only be registered in the name of DTC or its nominee. The execution by the Issuer of any Bond of any denomination shall constitute full and due authorization of such denomination and the Trustee shall thereby be authorized to authenticate and deliver such Bond.

Except as the right of exchange may be limited as to Bonds of any series, fully registered Bonds, upon surrender thereof at the office of the Trustee, may, at the option of the Holder thereof, be exchanged for an equal aggregate principal amount of fully registered Bonds of the same series, maturity and interest rate of any authorized denominations.

In all cases in which the privilege of exchanging Bonds or transferring fully registered Bonds is exercised, the Issuer shall execute and the Trustee shall authenticate and deliver Bonds

in accordance with the provisions of this Indenture. For every such exchange or transfer of Bonds, whether temporary or definitive, the Issuer or the Trustee may make a charge sufficient to reimburse it for any tax, fee or other governmental charge required to be paid with respect to such exchange or transfer, which sum or sums shall be paid by the person requesting such exchange or transfer as a condition precedent to the exercise of the privilege of making such exchange or transfer. Notwithstanding any other provision of this Indenture, the cost of preparing each new Bond upon each exchange or transfer, and any other expenses of the Issuer or the Trustee incurred in connection therewith (except any applicable tax, fee or other governmental charge) shall be paid by the City pursuant to the Lease. The Issuer and the Trustee shall not be obligated to make any such exchange or transfer of Bonds during the fifteen days next preceding the date of the first publication or the mailing (if there is no publication) of notice of redemption in the case of a proposed redemption of Bonds. The Issuer and Trustee shall not be required to make any transfer or exchange of any Bonds called for redemption.

Transfers are subject to the requirements of the Depository as long as the Bonds are held in Book-Entry Form. Neither the Trustee nor any agent shall have any responsibility or liability for any actions taken or not taken by the Depository.

Section 2.05 Payment of Interest on Series 2021A Bonds; Interest Rights Preserved. Interest on the Bonds which is payable on any Interest Payment Date shall be paid to the person in whose name that Bond is registered at the close of business on the first day (whether or not a Business Day) of the month of said Interest Payment Date (the "Regular Record Date").

Any interest on a Bond which is payable, but which is not punctually paid or duly provided for, on any Interest Payment Date ("Defaulted Interest") shall forthwith cease to be payable to the Holder thereof as of the relevant Regular Record Date and shall instead be paid by the Issuer as provided below:

The Issuer may elect to make payment of any Defaulted Interest on Bonds to the persons in whose names such Bonds are registered at the close of business on a Special Record Date for the payment of such Defaulted Interest, which shall be fixed in the following manner. The Issuer shall notify the Trustee in writing of the amount of Defaulted Interest proposed to be paid on each Bond and the date of the proposed payment (which date shall be such as will enable the Trustee to comply with the next sentence hereof), and at the same time the Issuer shall deposit with the Trustee an amount of money equal to the aggregate amount proposed to be paid in respect of such Defaulted Interest or shall make arrangements satisfactory to the Trustee for such deposit prior to the date of the proposed payment, such money when deposited to be held in trust for the benefit of the persons entitled to such Defaulted Interest as in this Section provided and not otherwise to be deemed part of the Trust Estate. Thereupon the Trustee shall fix a Special Record Date for the payment of such Defaulted Interest, which shall be not more than fifteen or less than ten days prior to the date of the proposed payment and not less than ten days after the receipt by the Trustee of the notice of the proposed payment. The Trustee shall promptly notify the Issuer of such Special Record Date and, in the name of the Issuer, shall cause notice of the proposed payment of such Defaulted Interest and the Special Record Date therefor to be mailed, first class postage prepaid, to each Holder of a Bond affected thereby at the Holder's address, as it appears in the registration books, not less than ten days prior to such Special Record Date. Notice of the proposed payment of such Defaulted Interest and the Special Record Date therefor

having been mailed as aforesaid, such Defaulted Interest shall be paid to the persons in whose names the affected Bonds are registered on such Special Record Date.

Subject to the foregoing provisions of this section, each Bond delivered under this Indenture upon transfer of or in exchange for or in lieu of any other Bond shall carry all the rights to interest accrued and unpaid, and to accrue, which were carried by such other Bond and each such Bond shall bear interest from such date, and neither gain nor loss in interest shall result from such transfer, exchange or substitution.

Section 2.06 Ownership of Bonds. The Issuer and the Trustee and their respective successors may deem and treat the person in whose name any Bond shall be registered as the absolute owner thereof for all purposes, and neither the Issuer nor the Trustee shall be affected by any notice to the contrary. Payment of or on account of the principal of and interest on any such Bond shall be made only to or upon the order of the registered owner thereof (subject to the provisions hereof respecting the Regular Record Date and, if applicable, any Special Record Date), but such registration may be changed as above provided.

Section 2.07 Replacement of Mutilated, Destroyed, Stolen or Lost Bonds. In case any Outstanding Bond shall become mutilated, destroyed, stolen or lost, the Issuer shall execute and the Trustee shall authenticate and deliver in exchange therefor or replacement thereof a new Bond of like tenor, number and amount as the Bond so mutilated, destroyed, stolen or lost, upon surrender of such Bond, if mutilated, or in lieu of and substitution for the Bond destroyed, stolen or lost, upon filing with the Trustee evidence satisfactory to the Trustee that such Bond has been destroyed, stolen or lost and proof of ownership thereof, and upon furnishing the Trustee and the Issuer with indemnity satisfactory to it and paying such reasonable expenses as the Trustee and the Issuer may incur in connection therewith. In the event any such Bond shall have matured, instead of issuing a new Bond, the Issuer may pay the same without surrender thereof.

Section 2.08 Conditions for Authentication of Series 2021A Bonds. The Trustee shall not authenticate and deliver the Series 2021A Bonds unless there shall have been delivered to the Trustee the following:

(a) A certified copy of the Bond Resolution authorizing the issuance of the Series 2021A Bonds and the execution and delivery by the Issuer of this Indenture, the Lease and the Ground Lease.

(b) Executed counterparts of this Indenture, the Lease, the Continuing Disclosure Undertaking and the Ground Lease.

(c) A certified copy of the resolution of the City Council of the City authorizing the execution and delivery of the Lease and the Ground Lease, and approving the terms of this Indenture.

(d) The manually signed approving opinion of Taft Stettinius & Hollister LLP, Minneapolis, Minnesota, as Bond Counsel for the Issuer, concerning the validity and legality of the Series 2021A Bonds and exemption of interest thereon from federal income taxation under the Internal Revenue Code and exemption from State of Minnesota income taxation under Minnesota Statutes.

(e) Such further certifications, documents and Opinions of Counsel as the Issuer, the Purchaser, or Bond Counsel may require, the satisfaction of such requirements to be conclusively evidenced by the delivery of the opinion of Bond Counsel referred to in paragraph (d) above.

Section 2.09 Book-Entry Only System. DTC will act as securities depository for the Bonds. The Bonds shall be issued in the form of a separate single fully registered bond for each separate maturity of the Bonds. Upon initial issuance the ownership of the Bonds shall be registered in the Bond Register in the name of Cede & Co., as the nominee of DTC.

With respect to Bonds registered in the Bond Register in the name of Cede & Co., as nominee of DTC, neither the Issuer, the Borrower nor the Trustee shall have any responsibility or obligation to any DTC Participant or to any Beneficial Owner. Without limiting the immediately preceding sentence, neither the Issuer, nor the Trustee shall have any responsibility or obligation with respect to (i) the accuracy of the records of DTC, Cede & Co., or any DTC Participant with respect to any ownership interest in the Bonds, (ii) the delivery to any DTC Participant, any Beneficial Owner or any other person, other than DTC, of any notice with respect to the Bonds, including any notice of redemption, (iii) the payment to any DTC Participant, any Beneficial Owner or any other person, other than DTC, of any amount with respect to the principal of or premium, if any, or interest on the Bonds, or (iv) the failure of DTC to provide any information or notification on behalf of any DTC Participant or Beneficial Owner.

The Issuer and the Trustee may treat as and deem DTC to be the absolute owner of each Bond for the purpose of payment of the principal of and premium and interest on such Bond, for the purpose of giving notices of redemption and other matters with respect to such Bond, for the purpose of registering transfers with respect to such Bonds, and for all other purposes whatsoever (except for the giving of certain Bondholder consents). The Trustee shall pay all principal of and premium, if any, and interest on the Bonds only to or upon the order of the Bondholders as shown on the Bond Register, and all such payments shall be valid and effective to fully satisfy and discharge the Issuer's obligations with respect to the principal of and premium, if any, and interest on the Bonds to the extent of the sum or sums so paid.

Upon delivery by DTC to the Trustee of written notice to the effect that DTC has determined to substitute a new nominee in place of Cede & Co., and subject to the transfer provisions in Section 2.04, references to "Cede & Co." in this section shall refer to such new nominee of DTC.

Notwithstanding the provisions of this Indenture to the contrary (including without limitation surrender of Bonds, registration thereof, and authorized denominations), as long as the Bonds are in book-entry form, full effect shall be given to the Representation Letter and the procedures and practices of DTC thereunder.

Section 2.10 Termination of Book-Entry Only System. DTC may determine to discontinue providing its services with respect to the Bonds at any time by giving written notice to the Issuer and discharging its responsibilities with respect thereto under applicable law. The Issuer may terminate the services of DTC with respect to the Bonds if it determines that DTC is no longer able to carry out its functions as security depository as contemplated herein.

Upon the termination of the services of DTC as provided in the preceding paragraph, the Issuer shall take all reasonable and diligent steps as may be necessary to find an alternate book-entry depository, but if (and only if) no such substitute securities depository willing to undertake the functions of DTC hereunder can be found which, in the opinion of the Issuer, is willing and able to undertake such functions upon reasonable or customary terms, then the Bonds shall no longer be restricted to being registered in the Bond Register in the name of Cede & Co., as nominee of DTC, but may be registered in whatever name or names the Bondholders shall designate at that time, in accordance with Section 2.04. To the extent that the Beneficial Owners are designated as the transferee by the Bondholders, in accordance with Section 2.04 the Bonds will be delivered in appropriate form, content and authorized denomination to the Beneficial Owners.

Notwithstanding any other provision of this Indenture to the contrary, so long as any Bond is registered in the name of Cede & Co., as nominee of DTC, all payments with respect to the principal of and premium, if any, and interest on such Bond and all notices with respect to such Bond shall be made and given, respectively, to DTC as provided in the Representation Letter.

Section 2.11 Issuance of Additional Bonds. After the delivery of the Series 2021A Bonds, the Issuer and the Tenant may from time to time, upon the conditions stated in this section, agree upon and approve the issuance and delivery of Additional Bonds for completing, improving, expanding or modifying the Project, including the refunding of any Bonds, payable equally and ratably from the revenues of the Project pledged and appropriated hereunder with the Bonds, but bearing such date or dates and interest rate or rates and with such maturities and redemption dates and premiums as may be agreed upon. Every series of such Additional Bonds shall be authorized by an amendment to the Lease and a supplement to this Indenture, establishing the terms thereof, providing for any additional facilities to be financed by the Additional Bonds as part of the Project, and providing for Additional Rental Payments sufficient to pay the interest when due for such Additional Bonds, and to pay and redeem all such Additional Bonds at or before maturity as provided in such supplement to this Indenture. Each series of Additional Bonds shall be executed, authenticated and delivered as provided in this Article Two upon filing with the Issuer original executed counterparts of the supplement to the Indenture and the amendment to the Lease, together with such additional certificates, opinions and other documents described in Section 2.08 as Bond Counsel determines to be applicable. No such Additional Bonds, however, shall be issued unless the following conditions are met:

(a) The Lease shall be in effect, and no "event of default", as such term is defined in the Lease, shall exist thereunder; and

(b) The Issuer shall have been furnished an opinion of Bond Counsel to the effect that the issuance of the Additional Bonds will not impair the tax exempt status of the interest on the Bonds; and

(c) There shall have been furnished to the Issuer a supplement to the Lease providing for additional Rental Payments sufficient to pay the principal of and interest on the Additional Bonds when due; and

(d) There shall have been furnished to the Issuer a certificate of a Tenant Representative to the effect that the proceeds of the Additional Bonds, together with any additional funds supplied or to be supplied by the Tenant will be sufficient to complete the cost of the improvement, expansion or modification of the Project or the cost of the refunding, as the case may be; and

(e) Funds are deposited in the Reserve Fund to bring the sums on deposit in the Reserve Fund to the Reserve Requirement.

ARTICLE III

REDEMPTION OF BONDS

Section 3.01 Redemption of Series 2021A Bonds.

(a) Optional Redemption. The Series 2021A Bonds maturing on December 15, 2030, and thereafter, are subject to prior redemption at the option of the Issuer, upon direction of the City, on December 15, 2029, and on any date thereafter, at a redemption price equal to par plus accrued interest to date of redemption. Redemption may be in whole or in part, and if in part, the Issuer shall determine the amount of Bonds of each maturity to be prepaid; and if only part of the Bonds having a common maturity date are called for prepayment, the Bonds of that maturity shall be chosen by lot by the Trustee.

(b) Mandatory Redemption. Bonds maturing on December 15, 20 and 20___, (the "Term Bonds") shall be redeemed by lot on December 15 in the following years and principal amounts, at their principal amount, without any premium, plus accrued interest thereon to such redemption date (after any credits are made as provided below):

Mandatory Redemption Schedule

December 15, 20____ Term Bond (inclusive)

Year	Principal Amount
	$
(maturity)	

Mandatory Redemption Schedule

December 15, 20____ Term Bond (inclusive)

Year	Principal Amount
	$
(maturity)	

or, if less than such amount is then outstanding, an amount equal to the aggregate principal amount of the Bonds then outstanding.

The Issuer may, at its option to be exercised on or before the thirtieth day next preceding any date specified in the Mandatory Redemption Schedule above, deliver to the Bond Registrar written notice, which shall (i) specify a principal amount of such Term Bonds previously redeemed (otherwise than pursuant to the above Mandatory Redemption Schedule) or purchased

and cancelled by the Bond Registrar and not theretofore applied as a credit against any redemption of Bonds pursuant to the above Mandatory Redemption Schedule, and (ii) instruct the Bond Registrar to apply the principal amount of such Term Bonds so delivered or previously redeemed or purchased and cancelled for credit against the principal installments to be prepaid pursuant to the Mandatory Redemption Schedule and selected by the Issuer. Each such Term Bond so delivered or previously redeemed or purchased and cancelled shall be credited by the Bond Registrar against the principal installments to be prepaid pursuant to the Mandatory Redemption Schedule and selected by the Issuer.

(c) Calamity Redemption. All Bonds, in whole but not in part, are subject to redemption and prior payment at the option of the Issuer, at the principal amount thereof plus accrued interest on any date in the event of damage to or destruction of the Project or any part thereof to the extent provided in Section 6.6 of the Lease.

(d) Notice of Redemption. Notice of any such redemption shall be mailed as provided in Sections 3.02 and 3.03. On or prior to the date fixed for redemption, funds shall be deposited with the Trustee sufficient to pay the Bonds called and accrued interest thereon. Upon the happening of the above conditions, any Bonds thus called shall not bear interest after the call date, and except for the purpose of payment by application of the funds so deposited, shall no longer be protected by the Indenture.

Section 3.02 Written Notice to Trustee. If the Bonds are to be redeemed pursuant to Section 3.01, and notice of an election to redeem Bonds shall have been given by the Issuer to the Trustee, at least forty-five to sixty days prior to the redemption date, the Trustee shall prepare a notice in the name of the Issuer describing the outstanding Bonds to be redeemed, the date of redemption, the redemption price and such additional information as the Trustee or the Issuer shall deem appropriate.

Section 3.03 Mailing of Notice. Notice of redemption shall be mailed by the Trustee, not less than thirty days and not more than sixty days before the redemption date, by first class mail to the Holders of all Bonds which are to be redeemed, at their last addresses appearing upon the Bond Register.

Section 3.04 Deposit for Redemption. On or prior to the date fixed for redemption, there shall be deposited with the Trustee in cash an aggregate amount which shall be sufficient to pay the redemption price on the Bonds to be redeemed, and interest thereon to the redemption date; and there shall be deposited, or arrangements shall be made with the Trustee to deposit, with the Trustee a sum sufficient to pay the proper expenses and charges of the Trustee in connection with such redemption. Upon deposit with the Trustee of the aggregate amount of such redemption price and interest pursuant to this section, such moneys shall be set aside by the Trustee and held by it for the account of the respective Holders of the Bonds being redeemed.

Section 3.05 Payment of Redeemed Bonds. After notice of redemption shall have been given as provided in Section 3.03, the Bonds specified in such notice shall become due and payable on the redemption date. Payment of the redemption price thereof shall be made to or upon order of the Holder, upon the surrender of the Bonds. Any installment of interest maturing on or prior to the redemption date shall be payable to the Holders of Bonds registered as such on

the relevant Regular Record Dates according to the terms of such Bonds and the provisions of Section 2.05, and the notice of redemption herein provided for may so state. If redemption moneys are available for the payment of all of the Bonds duly called for redemption on the redemption date, the Bonds so called shall cease to draw interest after the redemption date, and such Bonds shall not be deemed to be Outstanding hereunder for any purpose, except that the Holders thereof, on presentation, as herein provided, shall be entitled to receive payment of the redemption price thereof from the moneys set aside by the Trustee as aforesaid.

Section 3.06 Cancellation of Redeemed Bonds. All Bonds so redeemed, shall forthwith be cancelled and destroyed by the Trustee in accordance with the customary practices of the Trustee and applicable record retention requirements; and no further Bonds shall be executed or authenticated or issued hereunder in exchange or substitution therefor.

Section 3.07 Partial Redemption of Bonds. If less than all of the Bonds of a particular maturity at the time Outstanding are to be called for prior redemption, the amount of Bonds or portions thereof of such maturity to be redeemed shall be selected by the Issuer at the direction of the City, provided that within any particular maturity, the Bonds to be redeemed shall be selected by the Trustee by lot. The Trustee shall call for redemption in accordance with the foregoing provisions as many Bonds or portions thereof as will, as nearly as practicable, exhaust the moneys available therefor. Particular Bonds or portions thereof shall be redeemed only in integral multiples of principal amount of $5,000.

In the case of Bonds of denominations greater than $5,000, if less than all of such Bonds of a given stated maturity then Outstanding are to be called for redemption, then for all purposes in connection with redemption each $5,000 of principal amount of such Bonds shall be treated as though it were a separate Bond of the denomination of $5,000 bearing one of the numbers borne by such Bond. If it is determined that one or more, but not all of the $5,000 units of principal amount represented by any such Bond is to be called for redemption, then upon notice of intention to redeem such $5,000 unit or units, the Holder of such Bond shall surrender such Bond to the Trustee (1) for payment of the redemption price (including the redemption premium, if any, and interest to date fixed for redemption) of the $5,000 unit or units of principal amount called for redemption and (2) exchange for a new Bond or Bonds of the aggregate principal amount of the unredeemed balance of the principal amount of such Bond, which shall be executed, authenticated and delivered to the Holder thereof without charge therefor. If the Holder of any such Bond of a denomination greater than $5,000 shall fail to present such Bond to the Trustee for payment and exchange as aforesaid, such Bond shall nevertheless become due and payable on the date fixed for redemption to the extent of the $5,000 unit or units of principal amount called for redemption (and to that extent only). Interest shall cease to accrue on the portion of the principal amount of such Bond represented by such $5,000 unit or units of principal amount on and after the date fixed for redemption, provided that funds sufficient for the payment of the redemption price shall have been deposited with the Trustee and shall be available for the redemption of said $5,000 unit or units on the date fixed for redemption, and in such event, such Bond shall not be entitled to the benefit or security of this Indenture to the extent of the portion of its principal amount (and accrued interest thereon to the date fixed for redemption and applicable premium, if any) represented by such $5,000 unit or units of principal amount.

Section 3.08 Conditional Redemption of Bonds. Notwithstanding any provisions in this article to the contrary, the Issuer may condition redemption of Bonds on receipt of sufficient monies no later than the Business Day next preceding the redemption date. This condition shall be stated in the notice of redemption, and if for any reason the monies are not received by such Business Day, the redemption shall be automatically cancelled, interest shall continue to accrue and be entitled to the benefits of this Indenture on and after the date on which the Bonds were to be redeemed and the Trustee shall promptly mail notice of said cancellation by first class mail to the Holders of all Bonds which were to be redeemed, at their last address appearing upon the Bond Register, and return to the Holders any Bonds surrendered by them for redemption.

ARTICLE IV

BOND PROCEEDS; CONSTRUCTION FUND

Section 4.01 Deposit of Series 2021A Bond Proceeds. The Issuer shall deposit, or shall direct the Purchaser to deposit, the net proceeds of the sale of the Series 2021A Bonds:

(a) with the Trustee to the credit of the Bond Fund from the net proceeds of the sale of the Series 2021A Bonds, the sum of $_____; and

(b) with the Trustee to the credit of the Reserve Fund from the net proceeds of the sale of the Series 2021A Bonds, the sum of $_____; and

(c) with the Trustee to the credit of the Construction Fund the sum of $_____, being the balance of the net proceeds of the Series 2021A Bonds.

Section 4.02 Establishment of Construction Fund. The Issuer hereby establishes a trust account with the Trustee designated the Construction Fund and there shall be deposited with the Trustee to the credit of the Construction Fund those proceeds of the Series 2021A Bonds described in Section 4.01(c). As provided in Section 4.05, Construction Period income and profit from the investment of moneys in the Construction Fund shall be credited to the Construction Fund. The Issuer has no obligation hereunder or under the Act to deposit any moneys in the Construction Fund or apply moneys to Project Costs except proceeds of Bonds or funds made available therefor by the City.

The moneys in the Construction Fund shall be held in trust by the Trustee and applied to the payment of the Project Costs in accordance with and subject to the provisions of this article and the applicable provisions of the Lease, and pending such application shall be subject to a lien and charge in favor of the Holders of the Bonds issued and Outstanding under this Indenture and shall be held for the further security of such Holders until paid out as herein provided. In the event the moneys in the Bond Fund or Reserve Fund shall be insufficient on any Interest Payment Date to pay principal of, premium (if any) or interest on the Bonds due on such date, the Trustee shall use any moneys then on deposit to the credit of the Construction Fund, to the extent needed, to pay such principal, premium and interest.

Section 4.03 Project Costs Defined. For the purposes of this article, the Project Costs shall include, without intending thereby to limit or restrict any proper definition of such cost under any applicable laws or sound accounting practice, the Project Costs as defined in the Lease and as further described in Section 3.3 of the Lease.

Section 4.04 Payments from Construction Fund. Payments shall be made by the Trustee from the Construction Fund to the Issuer or its order, as the case may be, upon receipt of the statements set forth in Section 3.3 of the Lease and the Draw Request Certificate attached to the Lease as Exhibit C, which may be submitted by fax or email in a PDF format. All payments made from the Construction Fund shall be presumed by the Trustee to be made for the purposes certified in said statement, and the Trustee shall not be required to see to the application of any payments made from the Construction Fund. Such written requests shall be submitted no more often than twice a month.

None of the funds in the Construction Fund shall be used for any purposes other than the payment or reimbursement of Project Costs and, if authorized hereby and applicable, the payment of principal of, premium (if any) on and interest on the Bonds.

The Trustee shall not be bound to make an investigation into the facts or matters stated in any Draw Request Certificate of the Issuer. The Trustee shall not be responsible for determining whether the funds on hand in the Construction Fund are sufficient to complete the Project. The Trustee shall not be responsible to collect lien waivers.

Section 4.05 Deposit and Investment of Excess Moneys. The Trustee shall invest the moneys on deposit in the Construction Fund, at the written direction of the Issuer, in Qualified Investments. In the absence of written direction delivered to the Trustee from the Issuer, the Trustee shall hold such amounts uninvested without liability of interest. The Trustee shall, from time to time, if required to make payments pursuant to a Draw Request Certificate at the direction of the Issuer, cause any such investments to be sold or otherwise be converted into cash, whereupon the proceeds derived from such sale or conversion shall be deposited into the Construction Fund. Any interest or profit derived from investments shall be credited to the Construction Fund, for application thereunder. The Trustee shall have no liability whatsoever for any loss, fee, tax or other charge incurred in connection with any investment, reinvestment, sale or liquidation of an investment hereunder. Investments permitted under this section may be purchased from the Trustee or from any of its affiliates. The Issuer shall not direct any portion of the Construction Fund representing proceeds of the Bonds to be invested or used in such manner that any of the Bonds would be "arbitrage bonds" under Section 148 of the Internal Revenue Code and regulations thereunder; provided that the Trustee has no duty to monitor the yield on any directed investment or any obligation to limit the yield on any investment the Issuer directs the Trustee to make. Neither the Trustee nor the Issuer shall be liable for any loss resulting from any such investment, nor from failure to preserve rights against endorsers or other prior parties to instruments evidencing any such investment.

The Trustee shall be entitled to conclusively rely on the written investment direction of the Issuer as to the legality and the suitability of such directed investments. The Trustee shall have no responsibility whatsoever to determine whether any investments made pursuant to this Indenture are or continue to be Qualified Investments.

Section 4.06 Application of Balance in Construction Fund. When a Certificate of the Issuer Representative prepared pursuant to Section 3.5 of the Lease shall have been furnished to the Trustee, any balance in the Construction Fund (after reserving such amount as the Issuer Representative shall deem necessary for the payment of any remaining amounts due or to become due for Project Costs, and after returning to the Issuer any contingent funds which may have been deposited by the Issuer into the Construction Fund as additional funds to finance the total Project Costs and found to be unnecessary for such purpose) shall be deposited in the Bond Fund and shall be credited against the next Rental Payments due under the Lease.

ARTICLE V

DISPOSITION OF TRUST MONEYS

Section 5.01 "Trust Moneys" Defined. All moneys received by the Trustee,

(a) upon the release of property from the lien of this Indenture, or

(b) as compensation for, or proceeds of sale of, any part of the Trust Estate taken by eminent domain or purchased by, or sold pursuant to an order of, a governmental authority or otherwise disposed of, or

(c) as proceeds of insurance upon any part of the Trust Estate, or

(d) as elsewhere herein provided to be held and applied under this article, or required to be paid to the Trustee and whose disposition is not elsewhere herein otherwise specifically provided for, including, but not limited to the investment income of all Trust Funds and accounts held by the Trustee under this Indenture (other than the Rebate Fund), or

(e) as proceeds from the sale of the Series 2021A Bonds, or

(f) as Rental Payments, or as otherwise payable under the Lease,

(all such moneys being herein sometimes called "Trust Moneys") shall be held by the Trustee as a part of the Trust Estate, and, upon the exercise by the Trustee of any remedy specified in Article VIII, such Trust Moneys shall be applied in accordance with Section 7.04, except to the extent that the Trustee is holding in trust, moneys and/or Government Obligations for the payment of any Bonds which are no longer deemed to be Outstanding under the provisions of Article X, which moneys and/or Government Obligations shall be applied only as provided in Article X. Prior to the exercise of any such remedy, all or any part of the Trust Moneys shall be held, invested, withdrawn, paid or applied by the Trustee, from time to time, as provided in this article and in Article X.

Section 5.02 Bond Fund. The Issuer hereby establishes with the Trustee and shall maintain, so long as any of the Bonds are Outstanding, with the Trustee a separate trust account to be designated "Public Project Lease Revenue Bond Fund" (the "Bond Fund") into which the following deposits shall be made:

(a) All payments by the City as Rental Payments under Section 5.1 of the Lease.

(b) All other moneys received by the Trustee from the City when accompanied by directions of the City that such moneys are to be paid into the Bond Fund or used for purposes for which moneys in the Bond Fund may be used. If the City so directs, such monies shall be credited against Rental Payments due or to become due.

(c) All other moneys required to be deposited in the Bond Fund pursuant to any provision of this Indenture or the Lease.

The moneys and investments in the Bond Fund are irrevocably pledged to and shall be used by the Trustee, from time to time, to the extent required, for the payment of principal of, and interest on the Bonds, as and when such principal and interest shall become due and payable.

Section 5.03 Reserve Fund.

(a) The Issuer hereby establishes with the Trustee a separate trust account to be designated "Public Project Lease Revenue Bond Reserve Fund" (the "Reserve Fund"), into which $_____ of proceeds of the Series 2021A Bonds shall be deposited.

(b) The Reserve Fund shall be maintained at the "Reserve Requirement" which is defined as the lesser of (i) ten percent of the principal amount of the Bonds, (ii) one hundred twenty five percent of the average annual debt service requirements of the Bonds, or (iii) the maximum annual debt service on the Bonds. The Reserve Requirement shall be $_____ for the Series 2021A Bonds. The Trustee shall calculate the balance in the Reserve Fund on an annual basis as provided in section 5.06, and upon making such calculation the Trustee shall transfer to the Bond Fund any sums held in the Reserve Fund in excess of the Reserve Requirement.

(c) Subject to the provisions of section 7.04, amounts on hand in the Reserve Fund shall be transferred by the trustee to the Bond Fund if, on any Interest Payment Date, the amount then on hand in the Bond Fund is not sufficient to pay the principal, if any, and interest then due on the Bonds.

(d) If on any date the amount in the Reserve Fund is less than the Reserve Requirement, as a result of either (i) a revaluation in accordance with Section 5.06, or (ii) a transfer of sums to the Bond Fund under subsection (c) above; the Trustee shall notify the Issuer of the amount of such deficiency and request that the Issuer immediately deposit from legally available funds an amount equal to the amount of such deficiency.

(e) Earnings on sums in the Reserve Fund shall, upon receipt, be credited to the Bond Fund, if and to the extent that, after giving effect to the transfer, the Reserve Fund Requirement is maintained. Investments should be valued at fair market value and marked to market at least twice per year. Investments may not have maturities extending beyond ten years.

(f) At such time, if any, as the amounts on hand in the Reserve Fund equal or exceed the total amount of principal, interest and premium (if any) remaining to be paid on all Outstanding Bonds, the Trustee shall transfer such amounts from the Reserve Fund to the Bond Fund and use the same for such debt service purposes, as and when due.

(g) If any rebate of arbitrage is required under Section 6.07 and Issuer fails to satisfy that requirement, Trustee may disburse funds from the Reserve Fund for that purpose.

Section 5.04 Investment of Funds. Any moneys held as a part of the Construction Fund, Bond Fund or Reserve Fund shall be invested or reinvested by the Trustee upon the written request and direction of the Issuer Representative in any Qualified Investment, subject to the restrictions for investment of money held in the Reserve Fund set forth in Section 5.03 (e). In the

absence of written direction delivered to the Trustee from the Issuer, the Trustee shall hold such amounts uninvested. The type, amount and maturity of Qualified Investments shall conform to the instructions, if any, in the request of the Issuer Representative. Investments permitted under this section may be purchased from the Trustee or from any of its affiliates. Obligations so purchased shall be deemed at all times to be a part of the Construction Fund or Bond Fund, or Reserve Fund, as applicable, but may from time to time be sold or otherwise converted into cash for application thereunder, whereupon the proceeds derived from such sale or conversion shall be credited to the Construction Fund, or Bond Fund or Reserve Fund, as the case may be. Any interest accruing on and any profit realized from such investment shall be credited to the Bond Fund from which the investment has been made (except as otherwise provided in Section 5.03(f)). The Trustee shall redeem or sell, at the best price obtainable, any obligations so purchased, whenever it shall be necessary to do so in order to provide moneys to meet any payment from the Trust Fund. Neither the Trustee nor the Issuer shall be liable for any loss, fee, tax or other charge incurred in connection with any such investment, nor from failure to preserve rights against endorsers or other prior parties to instruments evidencing any such investment

Monies credited to any account or fund maintained hereunder, including the Construction Fund, which are uninvested pending disbursement or receipt of proper investment directions or as directed herein, may be deposited to and held in a non-interest bearing demand deposit account established with the Commercial Banking Department of the Trustee or with any bank affiliated with the Trustee, without the pledge of securities to or other collateralization of such deposit accounts.

The Trustee shall be entitled to conclusively rely on the written investment direction of the City as to the legality and the suitability of such directed investment and such written direction shall be deemed to be a certification that such directed investments constitute Qualified Investments. The Trustee shall have no responsibility whatsoever to determine whether any investments made pursuant to this Indenture are or continue to be Qualified Investments. The Issuer acknowledges that regulations of the Comptroller of the Currency grant the Issuer the right to receive brokerage confirmations of the security transactions as they occur. The Issuer specifically waives such notification to the extent permitted by law and will receive periodic cash transaction statements that will detail all investment transactions.

Section 5.05 Return on Investments.

(a) In directing investments pursuant to Section 3.8 of the Lease and this Indenture, the Issuer Representative will not instruct the Trustee to use the proceeds of the Bonds or other sums pledged to the payment of the Bonds, directly or indirectly, to acquire any securities or obligations the acquisition of which would cause any of the Bonds to be an "arbitrage bond" as defined in Section 148 of the Code, and for this purpose the Issuer, in order to restrict yield on investments, may direct investment in SLGS. The Trustee has no duty to monitor the yield on any directed investment or any obligation to limit the yield on any investment the Issuer directs the Trustee to make. The Trustee shall be fully protected in relying on the written direction of the Issuer with respect to whether the acquisition of any securities or obligations would have the effect prohibited by this section.

(b) The Issuer acknowledges that it will not direct the Trustee to invest moneys in any Trust Funds which would cause the Bonds to be "federally guaranteed" within the meaning of Section 149(b) of the Code. If at any time the moneys in all Trust Funds exceed, (i) amounts invested for an initial temporary period until the moneys are needed for the purpose for which the Bonds were issued, (ii) investments of a bona fide debt service fund, and (iii) investments of a reserve which meet the requirement of Section 148(d)(1) of the Code, then moneys in excess of such amounts shall be invested at the direction of the Issuer pursuant to Section 3.8 of the Lease in Qualified Investments consisting of (A) bonds issued by the United States Treasury, (B) other investments permitted under regulations, or (C) obligations which are (a) not issued by, or guaranteed by, or insured by, the United States or any agency or instrumentality thereof or (b) not federally insured deposits or accounts, all within the meaning of Section 149(b) of the Code. The Trustee shall be fully protected in relying on the written investment directions of the Issuer and shall only make investments as so directed.

Section 5.06 Computation of Balances in Trust Fund. In computing the assets of any Trust Fund established hereunder, investments and accrued but unpaid interest thereon shall be deemed a part thereof, and such investments, other than in the Reserve Fund, shall be valued at par value, or at the redemption price thereof, if then redeemable at the option of the holder. Investments held in the Reserve Fund shall be valued at market value which shall be calculated annually as of June 15, commencing June 15, 2022.

ARTICLE VI

PARTICULAR COVENANTS OF THE ISSUER

The Issuer covenants and agrees, so long as the Bonds shall be Outstanding and subject to the limitations on its obligations herein set forth, that:

Section 6.01 Payment of Bonds. The Issuer will faithfully perform at all times any and all covenants, undertakings, stipulations and provisions contained in this Indenture and the Bond Resolution and in each and every Bond executed, authenticated and delivered hereunder; will pay or cause to be paid, from payments of Rental Payments by the City and other amounts received in respect of the Project or available under this Indenture, the principal of, premium (if any) on and interest on every Bond issued hereunder on the dates, at the places and in the manner prescribed in the Bonds in any coin or currency which, on the respective dates of payment of such principal and interest, is legal tender for the payment of public and private debts; and other than as provided in Section 3.04, will cause such amounts received to be deposited with the Trustee fifteen days prior to the due date of each installment of principal and interest and prior to the maturity of any Bond in amounts sufficient to pay such installment, to the end that the Trustee may cause to be placed in any other bank the payment specified herein and in the Bonds, on time, money required for payment of principal and interest; provided, however, that the principal of and interest on any Bond is not and shall not be deemed to represent a debt or pledge the full faith or credit of the Issuer or the City or grant to the Holder of any Bond any right to have the Issuer or the City levy any taxes or appropriate any funds to the payment of principal of or interest on the Bonds, such payment to be made solely and only out of the moneys received pursuant to the Lease and this Indenture, including the funds and accounts established and maintained with the Trustee pursuant to the requirements of this Indenture and appropriated to the payment of the Bonds by the Indenture.

Section 6.02 Extensions of Payments of Bonds. The Issuer shall not directly or indirectly extend or assent to the extension of the maturity of any of the Bonds, or the time of payment of any claims for interest by the purchase or refunding of such Bonds or claims for interest or by any other arrangement; and in case the maturity of any of the Bonds, or the time for payment of any such claims for interest shall be extended, such Bonds or claims for interest shall not be entitled in case of any Default hereunder to the benefit of the Indenture or to any payment out of any assets of the Issuer or the funds (except funds held in trust by the Trustee for the payment of particular Bonds or claims for interest pursuant to this Indenture) held by the Trustee except subject to the prior payment of the principal of all Bonds issued and Outstanding hereunder, the maturity of which Bonds or principal installments has not been extended, and of such portion of the accrued interest on the Bonds as shall not be represented by such extended claims for interest. Nothing in this section shall, however, be deemed to limit the right of the Issuer to fund or refund at one time all of such Bonds and claims for interest.

Section 6.03 Authority of the Issuer. The Issuer is duly authorized under the Constitution and laws of the State of Minnesota to issue the Bonds, to finance the acquisition and betterment of the Project, to execute this Indenture and assign and pledge to the Trustee the Trust Estate, including the Project and the Rental Payments, and to make the covenants as herein provided.

Section 6.04 Concerning the Lease. The Issuer will cause and permit the Trustee to take such action as may be necessary or advisable to enforce the covenants, terms and conditions of the Lease if such action shall, in the Trustee's discretion and upon consultation with counsel as provided in Section 8.02 hereof, be deemed to be in the best interest of the Bondholders. The Issuer shall do or cause to be done all things on its part to be performed under the Lease so that the obligations of the City thereunder shall not be impaired or excused.

Section 6.05 To Observe All Covenants and Terms; Limitations on Issuer's Obligations. The Issuer will not issue or permit to be issued any Bonds hereunder in any manner other than in accordance with the provisions of this Indenture and the agreements in that behalf herein contained, and will not suffer or permit any Default to occur under the Indenture, but will faithfully observe and perform all the conditions, covenants and requirements hereof. Under the Act, and it is expressly agreed that, the Issuer has no obligation to levy taxes for, or make any advance or payment or incur any expense or liability from its general funds in performing, any of the conditions, covenants or requirements of the Bonds or this Indenture or from any funds other than revenues and income received pursuant to the Lease or moneys in the funds and accounts provided for herein.

Section 6.06 Liens. Other than conveyances allowed by the provisions of Sections 8.6 and 8.7 of the Lease, the Issuer agrees it will not mortgage, sell or otherwise encumber its interests in the Project during the term of the Lease, except as such liens may constitute Permitted Encumbrances (as defined in the Lease).

Section 6.07 Rebate. The Issuer shall comply with requirements necessary under the Code to establish and maintain the exclusion from gross income under Section 103 of the Code of the interest on the Bonds, including without limitation (i) requirements relating to temporary periods for investments, (ii) limitations on amounts invested at a yield greater than the yield on the Bonds, and (iii) the rebate of excess investment earnings to the United States if the Bonds (together with other obligations reasonably expected to be issued and outstanding at one time in this calendar year) exceed the small issuer exception amount of $5,000,000. For purposes of qualifying the Bonds for the small issuer exception to the federal arbitrage rebate requirements, the Issuer hereby finds, determines and declares that (i) pursuant to Section 148(f)(4)(D)(iv) of the Code and a certain resolution adopted by the City of Isanti City Council allocating to the Issuer $3,280,000 of the City's $5,000,000 "small issuer" amount for calendar year 2021, the Bonds are treated as issued by a governmental unit with general taxing powers, (ii) the Bonds are not private activity bonds, (iii) ninety-five percent (95%) or more of the net proceeds of the Bonds are to be used for local governmental activities and essential public purposes and functions of the Issuer (or of a governmental unit the jurisdiction of which is entirely within the jurisdiction of the Issuer), and (iv) the aggregate face amount of all tax-exempt obligations (other than private activity bonds) issued by the Issuer (and all entities subordinate to, or treated as one issuer with, the Issuer) during the 2021 calendar year is not reasonably expected to exceed $5,000,000, all within the meaning of Section 148(f)(4)(D) of the Code.

ARTICLE VII

EVENTS OF DEFAULT; REMEDIES

Section 7.01 Events of Default. Each of the following events is hereby defined as, and is declared to be and to constitute, an "Event of Default" (whatever the reason for such Event of Default and whether it shall be voluntary or involuntary or be effected by operation of law or pursuant to any decree or order of any court or any order, rule or regulation of any administrative or governmental body):

(a) if payment of the principal of any of the Bonds, when the same shall become due and payable, whether at maturity or by proceedings for redemption (by redemption, declaration or otherwise), shall not be made; or

(b) if payment of any interest on the Bonds when the same shall become due and payable (in which case interest shall be payable to the extent permitted by law on any overdue installments of interest, in each case at the interest rate borne by the Bonds in respect of which such interest is overdue) shall not be made; or

(c) if the Issuer should default in the performance, or breach, any covenant or warranty of the Issuer contained in this Indenture (other than a covenant or warranty a default in whose performance or whose breach is elsewhere in this section specifically dealt with), and continuance of such default or breach (i) for a period of thirty days after there has been given, by registered or certified mail, to the Issuer by the Trustee, or to the Issuer and the Trustee by the Holder or Holders of at least twenty-five percent in aggregate principal amount of the Bonds then Outstanding, a written notice specifying such default or breach and requiring it to be remedied provided that if such default cannot be cured within such thirty (30) day period through the exercise of diligence but can be wholly cured, the failure of the Issuer to remedy such default within such thirty (30) day period shall not constitute an event of default hereunder if the Issuer shall immediately upon receipt of such notice commence with due diligence and dispatch the curing of such default and, having so commenced the curing of such default, shall thereafter prosecute and complete the same with due diligence and dispatch and provides the Trustee with a certification to that effect; or

(d) if an event of default shall occur under Section 12.1 of the Lease; or

(e) if any Non-appropriation should occur under the Lease.

Section 7.02 Enforcement of Covenants and Conditions. Upon the occurrence and continuation of an event of default (which has not been cured or waived), the Trustee shall exercise such of the rights and powers vested in it by this Indenture and use the same degree of care and skill in their exercise as a prudent person would exercise and use in the circumstances in the conduct of their own affairs. The Trustee shall not be liable for any action taken or omitted by it in the performance of its duties under this Indenture except for its own negligence or willful misconduct.

Upon the occurrence of an Event of Default, the Trustee may, and shall upon the written request of the Holders of a majority in aggregate principal amount of Outstanding Bonds, by

written notice to the Issuer, declare the principal of the Bonds to be immediately due and payable, whereupon that portion of the principal of the Bonds thereby coming due and the interest thereon accrued to the date of payment shall, without further action, become and be immediately due and payable, notwithstanding anything in this Indenture or in the Bonds to the contrary.

At any time after such a declaration of acceleration has been made, but before the Trustee has exercised any other remedy specified herein or in the Lease, the Holders of a majority in aggregate principal amount of the Bonds then Outstanding, by written notice to the Issuer and the Trustee, may rescind and annul such declaration and its consequences if:

(a) there has been paid to or deposited with the Trustee by or for the account of the Issuer, or provision satisfactory to the Trustee has been made for the payment of, a sum sufficient to pay

(1) all overdue installments of interest on all Bonds,

(2) the principal of (and premium, if any, on) any Bonds which have become due otherwise than by such declaration of acceleration and interest thereon at the rate borne by the Bonds,

(3) to the extent that payment of such interest is lawful, interest upon overdue installments of interest at the rate borne by the Bonds, and

(4) all sums paid or advanced by the Trustee hereunder and the reasonable compensation, expenses, disbursements and advances of the Trustee, its agents and counsel; and

(b) all Events of Default, other than the non-payment of the principal of Bonds which have become due solely by such acceleration, have been cured or waived as provided herein.

No such rescission shall affect any subsequent default or impair any right consequent thereon.

Upon the happening and continuance of an Event of Default, in addition to the acceleration of the Bonds, the Trustee may (subject to the provisions of Section 8.06 hereof), and shall upon the written request by registered or certified mail to the Trustee of the Holders of a majority in aggregate principal amount of outstanding Bonds:

(c) proceed to protect and enforce its rights by a suit or suits in equity or at law, either for the specific performance of any covenant or agreement contained herein or in the Lease or the Bonds, or in aid of the execution of any power herein or therein granted, or for the enforcement of any other appropriate legal or equitable remedy;

(d) with respect to the Project Equipment, exercise any remedies available to a secured party under the Uniform Commercial Code as then in effect in the State of Minnesota;

(e) exercise any remedies available to the Trustee under the Lease or any other Collateral Document.

In the event of a sale under this Lease, whether by virtue of judicial proceedings or advertisement or otherwise, the Trust Estate may, at the option of the Trustee, be sold as one parcel and as an entirety or in such parcels, manner and order as the Trustee in its sole discretion may elect.

Notwithstanding the foregoing, the Trustee need not proceed upon any such written request of the Bondholders, as aforesaid, unless such Bondholders shall have offered to the Trustee security and indemnity satisfactory to it against the costs, expenses and liabilities to be incurred therein or thereby.

Section 7.03 Trustee May File Proofs of Claims. In case of the pendency of any receivership, insolvency, liquidation, bankruptcy, reorganization, arrangement, adjustment, composition or other judicial proceeding relative to the Issuer or the City or the property of the Issuer or the City, the Trustee (irrespective of whether the principal of the Bonds shall then be due and payable as therein expressed or by declaration or otherwise and irrespective of whether the Trustee shall have made any demand on the Issuer and/or the City for the payment of overdue principal or interest) shall be entitled and empowered, by intervention in such proceeding or otherwise,

(a) to file and prove a claim for the whole amount of principal, premium, if any, and interest owing and unpaid in respect of the Bonds then Outstanding and to file such other papers or documents as may be necessary or advisable in order to have the claims of the Trustee (including any claim for the reasonable compensation, expenses, disbursements and advances of the Trustee, its agents and counsel) and of the Bondholders allowed in such judicial proceedings, and

(b) to collect and receive any moneys or other property payable or deliverable on any such claims and to distribute the same;

and any receiver, assignee, trustee, liquidator, sequestrator or other similar official in any such judicial proceeding is hereby authorized by each Bondholder to make such payments to the Trustee, and, in the event that the Trustee shall consent to the making of such payments directly to the Bondholders, to pay to the Trustee any amount due to it for the reasonable compensation, expenses, disbursements, and advances of the Trustee, its agents and counsel.

Section 7.04 Application of Moneys. All moneys received by the Trustee pursuant to any right given or action taken under the provisions of this Indenture or any Collateral Document, shall, after payment of the cost and expenses of the proceedings resulting in the collection of such moneys, including any proceedings undertaken by the Issuer, and of the fees, expenses, liabilities and advances incurred or made by the Trustee or Issuer, and after such funds shall have been applied as may be specifically required pursuant to this Indenture or any Collateral Document (e.g., to the restoration and replacement of any portion of the Project following casualty thereto or other loss thereof, as described in Section 6.6 of the Lease), and after payment of all taxes, assessments or liens prior to the lien of this Indenture (including reasonable fees and disbursements of the Trustee), except any taxes, assessments or liens subject to which any sale or other disposition of the Trust Estate or part thereof shall have been made, be deposited in the

Bond Fund, and all moneys in the Bond Fund maintained with the Trustee shall be applied as follows:

(a) Unless the principal of all the Bonds shall have become due and payable, all such moneys shall be applied:

First: To the payment to the Bondholders entitled thereto of all installments of interest then due on the Bonds, in the order of the maturity of the installments of such interest, and, if the amount available shall not be sufficient to pay in full any particular installment, then to the payment ratably, according to the amounts due on such installment, to the Bondholders entitled thereto, without any discrimination or privilege; and

Second: To the payment to the Bondholders entitled thereto of the unpaid principal of any of the Bonds which shall have become due (other than Bonds called for redemption for the payment of which moneys are held pursuant to the provisions of this Indenture), in the order of their due dates, and, if the amount available shall not be sufficient to pay in full Bonds due on any particular date, then to the payment ratably, according to the amount of principal due on such date, to the Bondholders entitled thereto without any discrimination or privilege.

(b) If the principal of all the Bonds shall have become due, all such moneys shall be applied to the payment of the principal and interest then due and unpaid upon the Bonds, without preference or priority of principal over interest or of interest over principal, or of any installment of interest over any other installment of interest, or of any Bond over any other Bond, ratably, according to the amounts due respectively for principal and interest, to the Bondholders entitled thereto without any discrimination or privilege.

Whenever moneys are to be applied by the Trustee pursuant to the provisions of this section, such moneys shall be applied by it at such times, and from time to time, and upon such advice as the Trustee shall determine, having due regard to the amount of such moneys available for application and the likelihood of additional moneys becoming available for such application in the future. Whenever the Trustee shall apply such funds, it shall fix the date (which shall be an Interest Payment Date unless it shall deem another date more suitable) upon which such application is to be made and upon such date interest on the amounts of principal to be paid on such dates shall cease to accrue. The Trustee shall give such notice as it may deem appropriate of the deposit with it of any such moneys and of the fixing of any such date, and shall not be required to make payment to the Holder of any Bond until such Bond shall be presented to the Trustee for appropriate endorsement or for cancellation if fully paid.

Whenever all Bonds and interest thereon have been paid under the provisions of this section and all expenses and charges of the Trustee have been paid, any balance remaining shall be paid to the persons entitled to receive the same; if no other person shall be entitled thereto, then the balance shall be paid to the City.

Section 7.05 Right of Trustee to Act Without Possession of Bonds. All rights of action (including the right to file proof of claim) under this Indenture, the Lease, or under any of the Bonds, may be enforced by the Trustee without the possession of any of the Bonds or the production thereof in any trial or other proceeding relating thereto, and any such suit or

proceeding instituted by the Trustee shall be brought in its name as Trustee, without the necessity of joining as plaintiffs or defendants any Holders of the Bonds hereby secured, and any recovery of judgment shall be for the equal benefit of the Holders of the Outstanding Bonds, subject to the provisions of Section 6.02 with respect to extended Bonds and claims for interest.

Section 7.06 Control by Bondholders. The Holders of a majority in aggregate principal amount of the Bonds at the time Outstanding shall have the right, during the continuance of an Event of Default,

(a) to require the Trustee to proceed to enforce this Indenture or any Collateral Document, either by judicial proceedings for the enforcement of the payment of the Bonds or the foreclosure of this Indenture or the enforcement of any other remedy; and

(b) to direct the time, method and place of conducting any proceeding for any remedy available to the Trustee, or exercising any trust or power conferred upon the Trustee hereunder, or under any Collateral Document; provided that

(1) such direction shall not be in conflict with any rule of law or with this Indenture,

(2) the Trustee shall not determine that the action so directed would be unjustly prejudicial to the Holders not taking part in such direction,

(3) the Trustee may take any other action deemed proper by the Trustee which is not inconsistent with such direction, and

(4) the Trustee shall be indemnified as provided in Section 8.06.

Section 7.07 Limitation on Suits by Bondholders. No Holder of any Bond shall have any right to institute any suit, action or proceeding in equity or at law for the enforcement of this Indenture or for the execution of any trust hereof or for any other remedy hereunder, unless a Default has occurred of which a Responsible Officer has been notified; nor unless also such Default shall have become an Event of Default and the Holders of not less than a majority in aggregate principal amount of Bonds Outstanding hereunder shall have made written request to the Trustee and shall have offered it reasonable opportunity either to proceed to exercise the powers hereinbefore granted or to institute such action, suit or proceeding in its own name; nor unless also they shall have offered to the Trustee indemnity as provided hereinafter; and such notification, request and offer of indemnity are hereby declared in every such case to be conditions precedent to the execution of the powers and trusts of this Indenture, and to any action or cause of action for enforcement or for any other remedy hereunder; it being understood and intended that no one or more Holders of the Bonds shall have any right in any manner whatsoever to affect, disturb, or prejudice the lien of this Indenture by the Holder's action or to enforce any right hereunder except in the manner herein provided, and that all proceedings at law or in equity shall be instituted, had and maintained in the manner herein provided and for the equal benefit of the Holders of all Bonds outstanding hereunder. Nothing in this Indenture contained shall, however, affect or impair the right of any Bondholder, which is absolute and unconditional, to enforce and bring suit for the payment of the principal of and interest on any Bond at and after the maturity thereof or to pay the principal of and interest on each of the Bonds issued hereunder to

the respective Holders thereof at the time and place in said Bonds expressed, in accordance with the terms of the Bonds.

Section 7.08 Waiver by Bondholders. The Trustee, upon the written request of the Holders of a majority in aggregate principal amount of the Bonds at the time Outstanding hereunder, shall waive any Default hereunder and its consequences, except a Default in the payment of the principal of the Bonds at the date of maturity specified therein; provided, however, that a Default in the payment of interest on the Bonds shall not be waived unless, prior to such waiver, all arrears of interest and all expenses of the Trustee shall have been paid or shall have been provided for by deposit with the Trustee of a sum sufficient to pay the same. In case of any such waiver, the Issuer, the Trustee and the Holders of the Bonds shall be restored to their former positions and rights hereunder respectively. No such waiver shall extend to any subsequent or other Default or impair any right consequent thereon.

Section 7.09 Remedies Cumulative, Delay Not To Constitute Waiver. No remedy by the terms of this Indenture or the Lease, conferred upon or reserved to the Trustee (or to the Bondholders) is intended to be exclusive of any other remedy, but each and every such remedy shall be cumulative and shall be in addition to any other remedy given hereunder or now or hereafter existing at law or in equity or by statute.

No delay or omission to exercise any right or power accruing upon any Default or Event of Default shall impair any such right or power or shall be construed to be a waiver of any such Default or Event of Default or acquiescence therein, and every such right and power may be exercised from time to time and as often as may be deemed expedient.

No waiver of any Default or Event of Default hereunder, whether by the Trustee or by the Bondholders, shall extend to or shall affect any subsequent Default or Event of Default or shall impair any rights or remedies consequent thereon.

Section 7.10 Restoration of Rights Upon Discontinuance of Proceedings. In case the Trustee or Bondholders shall have proceeded to enforce any right under this Indenture and such proceedings shall have been discontinued or abandoned for any reason, or shall have been determined adversely to the Trustee or Bondholders, then and in every such case the Issuer, the City, the Trustee and the Bondholders shall be restored to their former positions and rights hereunder with respect to the Trust Estate, and all rights, remedies and powers of the Trustee and the Bondholders shall continue as if no such proceedings had been taken.

Section 7.11 Suits to Protect the Trust Estate and Other Property. Subject to Section 8.06, the Trustee shall have the power, but shall not be required, to institute and to maintain such proceedings as it may deem expedient to prevent any impairment of the Trust Estate by any acts which may be unlawful or in violation of this Indenture, the Lease or any other Collateral Document, and such suits and proceedings as the Trustee may deem expedient to protect its interests and the interests of the Bondholders in the Trust Estate and in the issues, profits, revenues and other income arising therefrom, including power to institute and maintain proceedings to restrain the enforcement of or compliance with any governmental enactment, rule or order that may be unconstitutional or otherwise invalid, if the enforcement of, or compliance

with, such enactment, rule or order would impair the security hereunder or thereunder or be prejudicial to the interest of the Bondholders or the Trustee.

ARTICLE VIII

CONCERNING THE TRUSTEE

Section 8.01 Acceptance of Trust and Prudent Performance Thereof. The Trustee undertakes to perform such duties and only such duties as are specifically set forth in this Indenture and no duties shall be implied. The Trustee shall, during the existence of any Event of Default which has not been cured, exercise such of the rights and powers vested in it by this Indenture, and use the same degree of care and skill in their exercise, as a prudent person would exercise or use under the circumstances in the conduct of their own affairs.

The Trustee shall not be required to take notice or be deemed to have notice of any Default hereunder, except Default in the deposits or payments specified herein, unless the a Responsible Officer of the Trustee shall be specifically notified in writing of such Default by the City, by the Issuer or by the Holders of a majority in aggregate principal amount of Bonds Outstanding hereunder, and all notices or other instruments required by this Indenture to be delivered to the Trustee must, in order to be effective, be delivered at the designated corporate trust office of the Trustee, and in the absence of such notice so delivered, the Trustee may conclusively assume that there is no Default, except as aforesaid.

No provision of this Indenture shall be construed to relieve the Trustee from liability for its own negligent action, its own negligent failure to act, or its own willful misconduct, except that

(a) prior to such an Event of Default hereunder, and after the curing of all such Events of Default which may have occurred:

(1) the duties and obligations of the Trustee shall be determined solely by the express provisions of this Indenture, and the Trustee shall not be liable except for the performance of such duties and obligations as are specifically set forth in this Indenture, and no implied covenants or obligations shall be read into this Indenture against the Trustee, and

(2) in the absence of bad faith on the part of the Trustee, the Trustee may conclusively rely, as to the truth of the statements and to the correctness of the opinions expressed therein, and shall be protected in acting, upon any certificate or opinion furnished to the Trustee conforming to the requirements of this Indenture; but in the case of any such certificate or opinion which by any provision hereof is specifically required to be furnished to the Trustee, the Trustee shall be under a duty to examine the same to determine whether or not it conforms in form to the requirements of this Indenture; and

(b) at all times, regardless of whether or not any such Event of Default shall exist:

(1) the Trustee shall not be liable for any error of judgment made in good faith by a Responsible Officer or Officers of the Trustee unless it shall be proved that the Trustee was negligent in ascertaining the pertinent facts, and

(2) the Trustee shall not be liable with respect to any action taken or omitted to be taken by it in good faith in accordance with the direction of the Holders of not less than a majority in aggregate principal amount of all the Bonds at the time outstanding relating to the time, method and place of conducting any proceeding for any remedy available to the Trustee, or exercising any trust or power conferred upon the Trustee under this Indenture.

None of the provisions contained in this Indenture shall require the Trustee to expend or risk its own funds or otherwise to incur individual financial liability in the performance of any of its duties or in the exercise of any of its rights or powers, if it shall have reasonable grounds for believing that repayment of such funds or adequate indemnity against such risk or liability is not reasonably assured to it.

Section 8.02 Trustee May Rely Upon Certain Documents and Opinions. Except as otherwise provided in Section 8.01:

(a) the Trustee may rely and shall be protected in acting upon any resolution, certificate, statement, instrument, opinion, report, notice, request, consent, order, bond or other paper or document believed by it to be genuine and to have been signed or presented by the proper party or parties and the Trustee shall be under no duty to make any investigation or inquiry into any statements contained or matters referred to in any such instrument;

(b) any request, direction, election, order, certification or demand of the Issuer or the City shall be sufficiently evidenced by an instrument signed by an Issuer Representative or a City Representative, as the case may be (unless otherwise in this Indenture specifically prescribed), and any resolution of the Issuer may be evidenced to the Trustee by a Certified Resolution;

(c) the Trustee may consult with counsel (who may be counsel for the Issuer or the City) and the advice or opinion of such counsel shall be full and complete authorization and protection in respect of any action taken or suffered by it hereunder in good faith and in accordance with the opinion of such counsel; and

(d) whenever, in the administration of the trusts of this Indenture, the Trustee shall deem it necessary or desirable that a matter be proved or established prior to taking or suffering any action hereunder, such matter (unless other evidence in respect thereof be herein specifically prescribed) may, in the absence of negligence or bad faith on the part of the Trustee, be deemed to be conclusively proved and established by a Certificate of the Issuer and such Certificate of the Issuer shall, in the absence of negligence or bad faith on the part of the Trustee, be full warrant to the Trustee for any action taken or suffered by it under the provisions of this Indenture upon the faith thereof

(e) The Trustee shall have the right to accept and act upon instructions or directions pursuant to this Indenture sent in the form of a manually signed document by unsecured e-mail, facsimile transmission or other similar unsecured electronic methods, provided, however, that the Issuer shall provide to the Trustee an incumbency certificate listing designated persons with the authority to provide such instructions and containing specimen signatures of such designated

persons, which incumbency certificate shall be amended whenever a person is to be added or deleted from the listing. If the Issuer elects to give the Trustee e-mail or facsimile instructions (or instructions by a similar electronic method) and the Trustee in its discretion elects to act upon such instructions, the Trustee's understanding of such instructions shall be deemed controlling. The Trustee shall not be liable for any losses, costs or expenses arising directly or indirectly from the trustee's reliance upon and compliance with such instructions notwithstanding that such instructions conflict or are inconsistent with a subsequent written instruction. The Issuer agrees to assume all risks arising out of the use of such electronic methods to submit instructions and directions to the Trustee, including, without limitation, the risk of the Trustee acting on unauthorized instructions, and the risk of interception and misuse by third parties.

Section 8.03 Trustee Not Responsible for Indenture Statements, Validity. The Trustee shall not be responsible for any recital or statement herein, or in the Bonds (except in respect of the certificate of the Trustee endorsed on such Bonds), or for the validity of the execution by the Issuer of this Indenture or the validity or execution of the Lease or the Bond Resolution, or of any supplemental instrument, or for the sufficiency of the security of the Bonds issued hereunder or intended to be secured hereby, or for the value of or title to any of the Trust Estate, or otherwise as to the maintenance or the security hereof; and the Trustee shall not be bound to ascertain or inquire as to the performance or observance of any covenant, condition or agreement on the part of the Issuer or the City except as herein set forth, but the Trustee may require of the Issuer and the City full information and advice as to the performance of the covenants, conditions and agreements aforesaid and of the condition of the physical property included in the Trust Estate. The Trustee shall not be accountable for the use of any Bonds authenticated or delivered hereunder.

The Trustee shall not be responsible for and makes not representation as to the legality, effectiveness or sufficiency of any security document or for the creation, perfection, priority or protection of any lien securing the bonds. The Trustee shall not be responsible for filing any financing or continuation statement or recording any documents or instruments in any public office at any time or otherwise for perfecting or maintaining the perfection of any lien or security interest in the trust estate it being understood that the Issuer shall be obligated to make such filings on behalf of the Trustee.

Section 8.04 Limits on Duties and Liabilities of Trustee. The permissive right of the Trustee to do things enumerated in this Indenture shall not be construed as a duty of the Trustee and the Trustee shall be answerable only for its own negligence or willful misconduct. The Trustee shall not be required to give any bond or surety in respect of the execution of the said trusts and powers or otherwise in respect of the premises.

In no event shall the Trustee be liable for incidental, special, indirect, consequential or punitive damages or penalties (including but not limited to lost profits), even if the Trustee has been advised of the likelihood of such damages or penalty regardless of the form of action.

Section 8.05 Money Held in Trust. Money held by the Trustee hereunder is held in trust but need not be segregated from other funds except to the extent required by law. The Trustee shall be under no liability for interest on any money received by it hereunder except as specifically provided herein.

Section 8.06 Obligation of Trustee. The permissive right of the Trustee to do things enumerated in this Indenture shall not be construed as a duty. The Trustee shall be under no obligation to institute any suit, exercise the option, or to take any proceeding under this Indenture, or to enter any appearance or in any way defend in any suit in which it may be defendant, or to take any steps in the execution of the trusts hereby created or in the enforcement of any rights and powers hereunder, until it shall be indemnified to its satisfaction against any and all costs and expenses, outlays and counsel fees and other anticipated disbursements and against all liability except to the extent determined by a court of competent jurisdiction to have been caused solely by its own gross negligence or willful misconduct ; the Trustee may, nevertheless, begin suit, or appear in and defend suit, or do anything else in its judgment proper to be done by it as such Trustee, without indemnity, and in such case the Trustee shall be reimbursed for all costs and expenses, outlays and counsel fees and other reasonable disbursements properly incurred in connection therewith. If the Issuer shall fail to make such reimbursement from funds provided by the City, the Trustee may reimburse itself from any moneys in its possession under the provisions of this Indenture (other than moneys used to discharge Bonds under Article X) and shall be entitled to a preference therefor over any of the Bonds or claims for interest Outstanding hereunder.

Section 8.07 Notice to Bondholders. The Trustee shall give to the Holders of the Bonds whose names and addresses are known to it written notice of all Defaults known to the Trustee by virtue of actual knowledge of a Responsible Officer, within thirty days after the occurrence of an Event of Default unless such Default shall have been cured before the giving of such notice; provided that, except in the case of Default in the payment of principal and interest on any of the Bonds; and further provided that no such notice shall be given unless and until any such Default becomes an Event of Default.

Section 8.08 Intervention in Judicial Proceedings. In any judicial proceeding to which the Issuer or the City is a party and which in the opinion of the Trustee has a substantial bearing on the interest of owners of Bonds issued hereunder, the Trustee may intervene on behalf of Bondholders and shall do so if requested in writing by the owners of at least fifty-one percent in the aggregate principal amount of Bonds outstanding hereunder. The rights and obligations of the Trustee under this Section are subject to the approval of the court having jurisdiction in the premises.

Section 8.09 Further Investigation by Trustee. The resolutions, opinions, certificates and other instruments provided for in this Indenture may be accepted by the Trustee as conclusive evidence of the facts and conclusions stated therein and shall be in full warrant, protection and authority to the Trustee for its actions hereunder; but the Trustee may, in its unrestricted discretion, and shall, if requested in writing so to do by the Holders of not less than fifty-one percent in aggregate principal amount of Bonds Outstanding hereunder, cause to be made such independent investigation as it may see fit, and in that event may decline to release any property, or pay over cash, or take other action unless satisfied by such investigation of the truth and accuracy of the matters so investigated. The expense of such investigation shall be paid by the Issuer from funds provided by the City, or, if paid by the Trustee, shall be repaid to it with interest at the lesser of seven percent per annum or the maximum rate permitted by law, by the Issuer from funds provided by the City or from the Trust Estate.

Section 8.10 Trustee to Retain Financial Records. The Trustee shall retain all financial statements furnished by the Issuer or the City in accordance with this Indenture so long as any of the Bonds shall be Outstanding. The Trustee shall have no duty to review or analyze any such financial records. The Trustee shall not be deemed to have notice of any information contained therein or event of default which may be disclosed in any manner therein.

Section 8.11 Compensation of Trustee. All advances, counsel fees and other expenses reasonably made or incurred by the Trustee in and about the execution of the trust hereby created and reasonable compensation to the Trustee for its services in the premises shall be paid by the Issuer, from funds provided by the City. The compensation of the Trustee shall not be limited to or by any provision of law in regard to the compensation of trustees of an express trust. If not paid by the Issuer from funds provided by the City, the Trustee shall have a first lien on moneys in its possession (other than money used to discharge Bonds under Article X), with right of payment prior to payment on account of interest or principal of any Bond issued hereunder, for reasonable compensation, expenses, advances and counsel fees incurred in and about the execution of the trusts hereby created and exercise and performance of the powers and duties of the Trustee hereunder and the cost and expense incurred in defending against any liability in the premises of any character whatsoever (unless such liability is adjudicated to have resulted from the gross negligence or willful default of the Trustee).

Section 8.12 Trustee May Hold Bonds. The Trustee and its officers and directors may acquire and hold, or become the pledgee of, Bonds and otherwise deal with the Issuer or the City in the same manner and to the same extent and with like effect as though it were not Trustee hereunder.

Section 8.13 Appointment of Trustee. There shall at all times be a trustee hereunder which shall be an association or corporation organized and doing business under the laws of the United States or any State thereof, authorized under such laws to exercise corporate trust powers, having a combined capital and surplus of at least $50,000,000, and subject to supervision or examination by Federal or State authority. If such association or corporation publishes reports of condition at least annually, pursuant to law or to the requirements of any supervising or examining authority above referred to, then for the purposes of this section the combined capital and surplus of such association or corporation shall be deemed to be its combined capital and surplus as set forth in its most recent report of condition so published. In case at any time the Trustee shall cease to be eligible in accordance with the provisions of this section, and another association or corporation is eligible, the Trustee shall resign immediately in the manner and with the effect specified in Section 8.16.

Section 8.14 Merger of Trustee. Any corporation or association into which the Trustee may be converted or merged, or with which it may be consolidated, or to which it may sell or transfer its trust business and assets as a whole or substantially as a whole, or any corporation or association, resulting from any such conversion, sale, merger, consolidation or transfer to which it is a party, ipso facto, shall be and become successor trustee hereunder and vested with all of the title to the Trust Estate and all the trusts, powers, discretions, immunities, privileges and all other matters as was its predecessor, without the execution or filing of any instrument or any further act, deed or conveyance on the part of any of the parties hereto, anything herein to the contrary notwithstanding.

Section 8.15 Resignation or Removal of Trustee. The Trustee may resign and be discharged from the trusts created by this Indenture by giving to the Issuer thirty days' notice in writing, and to the Bondholders thirty days' notice by first class mail at its, her or his address as set forth on the registration books of such resignation, specifying a date when such resignation shall take effect. Such resignation shall take effect on the day specified in such notice, unless previously a successor trustee shall have been appointed by the Bondholders as hereinafter provided, in which event such resignation shall take effect immediately on the appointment of such successor trustee.

Any Trustee hereunder may be removed at any time upon thirty days' notice and by an instrument or instruments in writing, appointing a successor to the Trustee so removed, filed with the Trustee and executed by the Issuer or the Holders of a majority in aggregate principal amount of the Bonds hereby secured and then Outstanding.

Section 8.16 Appointment of Successor Trustee. In case at any time the Trustee shall resign or shall be removed or otherwise shall become incapable of acting, or shall be adjudged as bankrupt or insolvent, or if a receiver of the Trustee or of its property shall be appointed, or if a public supervisory office shall take charge or control of the Trustee or of its property or affairs, a vacancy shall forthwith and ipso facto be created in the office of such Trustee hereunder, and a successor may be appointed, by the Issuer or the Holders of a majority in aggregate principal amount of the said Bonds hereby secured and then Outstanding, by an instrument or instruments in writing filed with the Trustee and executed by the Issuer or such Bondholders, notification thereof being given to the Issuer, but in the event the Trustee is removed by the Bondholders, until a new Trustee shall be appointed by the Bondholders as herein authorized, the Issuer may, subject to the provisions hereof, appoint a Trustee to fill such vacancy. After any such appointment by the Issuer, the Trustee so appointed shall cause notice of its appointment to be mailed within thirty days of such appointment to the registered Holders of the Bonds, but any new Trustee so appointed by the Issuer shall immediately and without further act be superseded by a Trustee appointed in the manner above provided by the Holders of a majority in aggregate principal amount of the Bonds whenever such appointment by the Bondholders shall be made.

If, in a proper case, no appointment of a successor Trustee shall be made pursuant to the foregoing provisions of this section within forty-five (45) days after a vacancy shall have occurred in the office of Trustee, the Holder of any Bond hereby secured or any retiring Trustee may apply to any court of competent jurisdiction to appoint a successor trustee. Said court may thereupon, after such notice, if any, as such court may deem proper and prescribe, appoint a successor trustee. Every such Trustee appointed pursuant to the provisions of this section shall be a trust company or bank having trust powers and having a reported capital and surplus not less than $50,000,000, if there be such an institution willing, qualified and able to accept the trust upon reasonable or customary terms.

Section 8.17 Transfer of Rights and Property to Successor Trustee. Every successor Trustee appointed hereunder shall execute, acknowledge and deliver to its predecessor and also to the Issuer an instrument in writing accepting such appointment hereunder, and thereupon such successor, without any further act, deed or conveyance, shall become fully vested with all the estates, properties, rights, powers, trusts, duties and obligations of its predecessor; but such predecessor shall, nevertheless, on the written request of the Issuer or of its successor execute and

deliver an instrument transferring to such successor all the estate, properties, rights, powers and trusts of such predecessor hereunder, and every predecessor Trustee shall deliver all securities and moneys held by it as Trustee hereunder to its successor. Should any assignment, conveyance or instrument in writing from the Issuer be required by any successor Trustee for more fully and certainly vesting in such successor trustee the estates, rights, powers and duties hereby vested or intended to be vested in the predecessor Trustee, any and all such assignments, conveyances and instruments in writing shall, on request, be executed, acknowledged and delivered by the Issuer. The resignation of any Trustee and the instrument or instruments removing any Trustee and appointing a successor hereunder, together with all assignments, conveyances and other instruments provided for in this article shall, at the expense of the City, be forthwith filed and/or recorded by the successor Trustee in each recording office where the Indenture shall have been filed and/or recorded.

Section 8.18 Co-Trustee.

(a) At any time or times, for the purpose of meeting any legal requirements of any jurisdiction in which any part of the Trust Estate may at the time be located, the Issuer and the Trustee shall have power to appoint one or more persons approved by the Trustee either to act as Co-Trustee or Co-Trustees, jointly with the Trustee of all or any part of the Trust Estate, or to act as separate Trustee or separate Trustees of all or any part of the Trust Estate, and to vest in such person or persons, in such capacity, such title to the Trust Estate or any part thereof, and such rights, powers, duties, trusts or obligations as the Issuer and the Trustee may consider necessary or desirable, subject to the remaining provisions of this section.

(b) Upon the request of the Trustee or of the Holders of at least twenty-five percent in aggregate principal amount of Bonds outstanding hereunder, the Issuer shall for such purpose join with the Trustee in the execution, delivery and performance of all instruments and agreements necessary or proper to appoint the Co-Trustee. If the Issuer shall not have joined in such appointment within fifteen days after the receipt by it of a request so to do, or in case an Event of Default shall have occurred and be continuing, the Trustee alone shall have power to make such appointment.

(c) The Issuer shall execute, acknowledge and deliver all such instruments as may be required by any such Co-Trustee or separate trustee for more fully confirming such title, rights, powers, trusts, duties and obligations to such Co-Trustee or separate Trustee.

(d) Every Co-Trustee appointed hereunder shall act subject to the following conditions and provisions, namely:

(1) The Bonds shall be authenticated and delivered and all rights, powers, trusts, duties and obligations by this Indenture conferred upon the Trustee in respect of the custody, control or management of moneys, papers, securities and other personal property shall be exercised, solely by the Trustee.

(2) All rights, powers, trusts, duties and obligations conferred or imposed upon the Trustee hereunder shall be conferred or imposed upon and exercised or performed by the Trustee, or by the Trustee and Co-Trustee or by a separate Trustee or

separate Trustees jointly, if so provided in any instrument appointing such Co-Trustee or separate Trustee or Trustees, except to the extent that, under the law of any jurisdiction in which any particular act or acts are to be performed, the Trustee shall be incompetent or unqualified to perform such act or acts or incompetent to bring suit to enforce the Lease, in which event such act or acts shall be performed by the Co-Trustee or separate Trustee or Trustees.

(3) Any request in writing by the Trustee to any Co-Trustee or separate Trustee to take or to refrain from taking any action hereunder shall be sufficient warrant for the taking, or the refraining from taking, of such action by the Co-Trustee or separate Trustee.

(4) Any Co-Trustee or separate Trustee may delegate to the Trustee the exercise of any right, power, trust, duty or obligation, discretionary or otherwise.

(5) The Trustee at any time, by an instrument in writing, with the concurrence of the Issuer, may accept the resignation of or remove any Co-Trustee or separate Trustee appointed under this section and in case an Event of Default shall have occurred and be continuing, the Trustee shall have power to accept the resignation of, or remove, any such Co-Trustee or separate Trustee without the concurrence of the Issuer. Upon the request of the Trustee, the Issuer shall join with the Trustee in the execution, delivery and performance of all instruments and agreements necessary or proper to effectuate such resignation or removal.

(6) No Trustee hereunder shall be personally liable by reason of any act or omission of any other Trustee hereunder.

(7) Any demand, request, direction, appointment, removal, notice, consent, waiver or other action in writing delivered to the Trustee shall be deemed to have been delivered to each such Co-Trustee or separate Trustee.

(8) Any moneys, papers, securities or other items of personal property received by any such Co-Trustee or separate Trustee hereunder shall forthwith, so far as may be permitted by law, be turned over to the Trustee.

(e) Upon the acceptance in writing of such appointment by any Co-Trustee or any separate Trustee, the Co-Trustee or separate Trustee shall be vested with such title to the Trust Estate or any part thereof, and with such rights, powers, duties and obligations, as shall be specified in any instrument of appointment jointly with the Trustee (except insofar as local law makes it necessary for any such Co-Trustee or separate Trustee to act alone) subject to all the terms of this Indenture. Every such acceptance shall be filed with the Trustee. Any Co-Trustee or separate Trustee may, at any time by an instrument in writing, constitute the Trustee, such Co-Trustee's or separate Trustee's attorney-in-fact and agent, with full power and authority to do all acts and things and to exercise all discretion on such Co-Trustee's or separate Trustee's behalf and in such Co-Trustee's or separate Trustee's name.

(f) In case any Co-Trustee or separate Trustee shall die, become incapable of acting, resign or be removed, the title to the Trust Estate, and all rights, powers, trusts, duties and

obligations of said Co-Trustee or separate Trustee shall, so far as permitted by law, vest in and be exercised by the Trustee unless and until a successor Co-Trustee or separate Trustee shall be appointed in the manner herein provided.

Section 8.19 Appointment of Successor or Alternate Paying Agents. In the event the initial Trustee shall also have been appointed paying agent for the Bonds, a successor Trustee shall become successor paying agent with respect to such Bonds unless otherwise provided in the instrument appointing such successor Trustee. If any paying agent other than the initial Trustee shall resign or become incapable of acting, or shall be removed under a supplemental indenture entered into pursuant to the terms hereof, the Trustee may appoint a successor paying agent which is a bank or trust company qualified to act as paying agent under the Act and which is willing to accept the office on reasonable and customary terms approved by an Authorized Issuer Representative. The Trustee may appoint successor paying agents. "Paying Agent" as used in this section refers to the bank or trust company named in the form of Bond provided for the Bonds in Exhibit B hereto, where principal of and interest on Bonds may be paid.

ARTICLE IX

CONCERNING THE BONDHOLDERS

Section 9.01 Execution of Instruments by Bondholders. Any request, direction, consent or other instrument in writing required by this Indenture to be signed or executed by Bondholders may be in any number of concurrent instruments of similar tenor and may be signed or executed by such Bondholders in person or by agent duly appointed by an instrument in writing. Proof of the execution of any such instrument and of the ownership of Bonds shall be sufficient for any purpose of this Indenture and shall be conclusive in favor of the Trustee with regard to any action taken by it under such instrument if made in the following manner:

(a) The fact and date of the execution by any person of any such instrument may be proved by the certificate of any officer in any jurisdiction who, by the laws thereof, has power to take acknowledgments of deeds to be recorded within such jurisdiction, to the effect that the person signing such instrument acknowledged to him or her the execution thereof, or by an affidavit of a witness to such execution.

(b) The ownership of Bonds shall be proved by the registration books kept under the provisions of this Indenture.

Nothing contained in this article shall be construed as limiting the Trustee to the proof above specified, it being intended that the Trustee may accept any other evidence of the matters herein stated which to it may seem sufficient.

Section 9.02 Waiver of Notice. Any notice or other communication required by this Indenture to be given by delivery, publication or otherwise to the Bondholders or any one or more thereof may be waived, at any time before such notice or communication is so required to be given, in writing mailed or delivered to the Trustee by the Holder or Holders of all of the Bonds entitled to such notice or communication.

Section 9.03 Determination of Bondholder Concurrence. In determining whether the Holders of the requisite aggregate principal amount of Bonds have concurred in any demand, request, direction, consent or waiver under this Indenture, Bonds which are owned by the Issuer or the City shall be disregarded and deemed not to be Outstanding for the purpose of any such determination; provided, that for the purpose of determining whether the Trustee shall be protected in relying on any such demand, request, direction, consent or waiver only Bonds which the Trustee actually knows to be so owned shall be disregarded. Bonds so owned which have been pledged in good faith may be regarded as Outstanding for the purposes of this Section if the pledgee shall establish to the satisfaction of the Trustee the pledgee's right to vote such Bonds and that the pledgee is not a person directly or indirectly controlling or controlled by or under common control with the Issuer or the City. In case of a dispute as to such right, any decision by the Trustee taken upon the advice of counsel shall be full protection to the Trustee.

Section 9.04 Bondholders' Meeting. A meeting of the Bondholders may be called at any time and from time to time for any of the following purposes:

(a) to give any notice to the Issuer, the City, or the Trustee, or to give any direction to the Trustee, or to make any request of the Trustee, or to consent to the waiving of any default hereunder and its consequences, or to take any other action authorized to be taken by Bondholders pursuant to any of the provisions of Article VII;

(b) to remove the Trustee or appoint a successor Trustee pursuant to the provisions of Article VIII;

(c) subject to Article XI, to consent to the execution of an indenture or indentures supplemental hereto;

(d) subject to Article XII, to consent to any amendment of the Lease or to any instrument supplemental to the Lease; or

(e) to take any other action authorized to be taken by or on behalf of the Holders of any percentage of the Outstanding Bonds under any other provisions of this Indenture or under applicable law.

Any Bondholders' meeting may be called and held as follows:

(a) A meeting of Bondholders may be held at such place within the City or in the city where the Trustee has its principal office as the Trustee or, in case of its failure to act, the City or Bondholders calling the meeting shall prescribe.

(b) Notice of every meeting of Bondholders, setting forth the time and place of such meeting and in general terms the action proposed to be taken at such meeting, shall be mailed, postage prepaid, not less than twenty nor more than one hundred eighty days prior to the date fixed for the meeting, to each owner of Bonds. Any failure of the Trustee to mail such notice, or any defect therein shall not, however, in any way impair or affect the validity of any such meeting.

(c) In case at any time the Issuer, pursuant to a Certified Resolution, or the Holders of at least ten percent in aggregate principal amount of the Bonds then Outstanding, shall have requested the Trustee to call a meeting of the Bondholders, by written request setting forth in reasonable detail the action proposed to be taken at the meeting, and the Trustee shall not have given the notice of such meeting within twenty days after receipt of such request, then the Issuer or the Holders of Bonds in the amount above specified may call such meeting to take any action authorized in this Section by giving notice thereof as provided in paragraph (b) of this section.

(d) Only a Holder of one or more Bonds or a person appointed as proxy by an instrument in writing of such Holder shall be entitled to vote at or to participate with their counsel and the representatives of the Trustee or the Issuer in such meeting. Each Holder shall be entitled to one vote for each $5,000 in principal amount of Outstanding Bonds held.

(e) The Trustee or, in case of its failure to act, the Issuer or Bondholders calling or requesting the meeting, may make such reasonable regulations as it may deem advisable for any meeting of Bondholders in regard to proof of the holding of Bonds and of the appointment of proxies and in regard to the appointment and duties of inspectors of votes, the submission and

examination of proxies, certificates and other evidence of the right to vote, determination of presiding and recording officers, and such other matters concerning the conduct of the meeting as it shall deem appropriate.

(f) At any meeting of Bondholders, the presence of persons owning Bonds in an aggregate principal amount sufficient under the appropriate provision of this Indenture to take action upon the business for the transaction of which such meeting was called shall constitute a quorum. Any meeting of Bondholders duly called pursuant to this section may be adjourned from time to time by vote of the Holders (or proxies for the Holders) of a majority in aggregate principal amount of the Bonds represented at the meeting and entitled to vote, whether or not a quorum shall be present; and the meeting may be held as so adjourned without further notice.

(g) The vote upon any resolution submitted to any meeting of Bondholders shall be by written ballots on which shall be subscribed the signatures of the Holders of Bonds or of their representatives by proxy and the serial number or numbers of the Bonds held or represented by them. The president of the meeting shall appoint two inspectors of votes who shall count all votes cast at the meeting for or against any resolution and who shall make and file with the secretary of the meeting their verified written reports in duplicate of all votes cast at the meeting. A record, at least in duplicate, of the proceedings of each meeting of Bondholders shall be prepared by the secretary of the meeting and there shall be attached to said record the original reports of the inspectors of votes on any vote by ballot taken thereat and affidavits by one or more persons having knowledge of the facts setting forth a copy of the notice of the meeting and showing that said notice was mailed as provided in paragraph (b). Each copy shall be signed and verified by the affidavits of the president and secretary of the meeting and one such copy shall be delivered to the Issuer and the City and another to the Trustee to be preserved by the Trustee, the latter to have attached thereto the ballots voted at the meeting. Any record so signed and verified shall be conclusive evidence of the matters therein stated.

Section 9.05 Revocation by Bondholders. At any time prior to (but not after) the evidencing to the Trustee of the taking of any action by the Holders of the percentage in aggregate principal amount of the Bonds specified in this Indenture in connection with such action, any Holder of a Bond may, by filing written notice with the Trustee at its principal office, revoke any consent given by such Holder or the predecessor Holder of such Bond. Except as aforesaid, any such consent given by the Holder of any Bond shall be conclusive and binding upon such Holder and upon all future Holders and owners of such Bond and of any Bond issued in exchange therefor or in lieu thereof, irrespective of whether or not any notation in regard thereto is made upon such Bond. Any action taken by the Holders of the percentage in aggregate principal amount of the Bonds specified in this Indenture in connection with such action shall be conclusively binding upon the Issuer, the City, the Trustee and the Holders of all the Outstanding Bonds.

ARTICLE X

PAYMENT, DEFEASANCE AND RELEASE

Section 10.01 Payment and Discharge of Indenture. If the Issuer, its successors or assigns, shall:

(a) pay or cause to be paid the principal of and premium, if any, and interest on the Bonds at the time and in the manner stipulated therein and herein, or

(b) provide for the payment of principal and premium, if any, of the Bonds and interest thereon by depositing with the Trustee at or at any time before maturity amounts sufficient either in cash or in direct obligations of or obligations the principal of and interest on which is fully guaranteed by the United States of America the principal and interest on which when due and payable (or redeemable at the option of the Holder thereof) and without consideration of any reinvestment thereof shall be sufficient to pay the entire amount due or to become due thereon for principal and premium, if any, and interest to maturity of all the Bonds Outstanding, or

(c) deliver to the Trustee (1) proof satisfactory to the Trustee that notice of redemption of all of the Outstanding callable Bonds not surrendered or to be surrendered to it for cancellation has been given or waived as provided in Article III, or that arrangements satisfactory to the Trustee have been made insuring that such notice will be given or waived, or (2) a written instrument executed by the Issuer under its official seal (if required by law) and expressed to be irrevocable, authorizing the Trustee to give such notice for and on behalf of the Issuer, or (3) file with the Trustee a waiver of such notice of redemption signed by the Holders of all of such Outstanding Bonds, and in any such case, deposit with the Trustee before the date on which such Bonds are to be redeemed, as provided in Article III, the entire amount of the redemption price, including accrued interest, and premium, if any, either in cash or direct obligations of or obligations the principal of and interest on which is fully guaranteed by the United States of America (which do not permit the redemption thereof at the option of the issuer) in such aggregate face amount, bearing interest at such rates and maturing at such dates as shall be sufficient to provide for the payment of such redemption price on the date such Bonds are to be redeemed, and on such prior dates when principal of and interest on the Outstanding callable Bonds is due and payable, or

(d) surrender to the Trustee for cancellation all Bonds for which payment is not so provided, and shall also pay all other sums due and payable hereunder by the Issuer, then and in that case, the Trustee shall deliver to the Issuer or the City such release from the lien of the Indenture as the Issuer or City may reasonably request, and all the Trust Estate shall revert to the Issuer and the City as their interests may appear, and the entire estate, right, title and interest of the Trustee and of the owners of the Bonds shall thereupon cease, determine and become void and the Trustee in such case, upon the cancellation of all Bonds for the payment of which cash or securities shall not have been deposited in accordance with the provisions of this Indenture, shall, upon receipt of a written request of the Issuer and of a Certificate of the Issuer and an Opinion of Counsel as to compliance with conditions precedent, and at City's cost and expense, execute to the Issuer, or its order, proper instruments acknowledging satisfaction of this Indenture and

surrender to the Issuer and the City, as their interests appear, all cash and deposited securities, if any (other than cash or securities for the payment of the Bonds and interest thereon), which shall then be held hereunder as a part of the Trust Estate.

In case of any discharge of the lien of the Indenture pursuant to paragraphs (b) or (c) there shall be submitted to the Trustee an Opinion of Counsel, which opinion may be based upon a ruling or rulings of the Internal Revenue Service, to the effect that the interest on the Bonds being discharged will not be subject to federal income taxation under Section 103 of the Internal Revenue Code, notwithstanding the discharge of the Indenture.

Some but not all Outstanding Bonds may be discharged by any of the methods set forth in clauses (a), (b), (c) or (d) as if such Bonds constituted the entire series of Outstanding Bonds.

Section 10.02 Bonds Deemed Not Outstanding After Deposits. When there shall have been deposited at any time with the Trustee in trust for the purpose of discharging the Bonds as provided in Section 10.01, cash or direct obligations of or obligations fully guaranteed by the United States of America the principal and interest on which shall be sufficient to pay the principal of any Bonds (and premium, if any) when the same become due, either at maturity or otherwise, or at the date fixed for the redemption thereof and to pay all interest with respect thereto at the due dates for such interest or to the date fixed for redemption, for the use and benefit of the Holders thereof, then upon such deposit all Bonds shall cease to be entitled to any lien, benefit or security of this Indenture except the right to receive the funds so deposited, and Bonds shall be deemed not to be Outstanding hereunder; and it shall be the duty of the Trustee to hold the cash and securities so deposited for the benefit of the Holders of the Bonds, and from and after such date, redemption date or maturity, interest on Bonds thereof called for redemption shall cease to accrue.

Section 10.03 Unclaimed Money to be Returned. Any moneys deposited with the Trustee pursuant to the terms of this Indenture, for the payment or redemption of Bonds which remain unclaimed by the Holders of the Bonds for a period of two years and eleven months after the due date or the date fixed for redemption of the same, as the case may be, shall, upon the written request of the City, and if the Issuer or any successor to the obligations of the Issuer under the Indenture and the Bonds shall not at the time, to the knowledge of the Trustee, be in default with respect to any of the terms and conditions contained in the Indenture or in the Bonds, be paid to the City, and the Holders of the Bonds shall thereafter look only to the City for payment and then only to the extent of the amounts so received without interest thereon; provided, however, that within thirty days prior to the expiration of said period, the Trustee, before being required to make any such repayment, may, at the expense of the City, cause to be published in a suitable Financial Newspaper, a notice that after a date named therein said moneys will be returned to the City.

ARTICLE XI

SUPPLEMENTAL INDENTURES

Section 11.01 Purposes for Which Supplemental Indentures May be Executed. The Issuer, upon resolution, and the Trustee from time to time and at any time, subject to the conditions and restrictions in this Indenture contained, may enter into such indentures supplemental hereto as may, or shall by them, be deemed necessary or desirable without notice to or the consent of any Bondholder for any one or more of the following purposes:

(a) To correct or amplify the description of the Trust Estate, or to assign, convey, pledge or transfer and set over unto the Trustee, subject to such liens or other encumbrances as shall be therein specifically described, additional property or properties for the equal and proportional benefit and security of the Holders and owners of all Bonds at any time issued and Outstanding under this Indenture;

(b) To add to the covenants and agreements of the Issuer in this Indenture contained other covenants and agreements thereafter to be observed, or to surrender any right or power reserved to or conferred upon the Issuer or to or upon any successor;

(c) To evidence the succession or successive successions of any other department, agency, body or corporation to the Issuer and the assumption by such successor of the covenants, agreements and obligations of the Issuer in the Bonds hereby secured and in this Indenture and in any and every supplemental indenture contained or the succession, removal or appointment of any trustee or paying agent hereunder;

(d) To cure any ambiguity or to correct or supplement any provision contained herein or in any supplemental indenture which may be defective or inconsistent with any other provision contained herein or in any supplemental indenture, or to make such other provisions in regard to matters or questions arising under this Indenture or any supplemental indenture as the Issuer may deem necessary or desirable and which shall not be inconsistent with the provisions of this Indenture or any supplemental indenture and which shall not impair the security of the same;

(e) To modify, eliminate and/or add to the provisions of this Indenture to such extent as shall be necessary to effect the qualification of this Indenture under the Trust Indenture Act of 1939, as then amended, or under any similar Federal statute hereafter enacted, and to add to this Indenture such other provisions as may be expressly permitted by said Trust Indenture Act of 1939, excluding, however, the provisions referred to in Section 316(a)(2) of said Trust Indenture Act of 1939;

(f) To make any other change which in the good faith judgment of the Trustee is not materially prejudicial to the Holders of any Bonds affected thereby;

(g) To permit the issuance of Additional Bonds as provided in Section 2.11;

(h) To revise the legal description of the Land in connection with an easement, utility access, or release of unimproved Land permitted under Sections 8.6 and 8.7 of the Lease.

The Trustee may conclusively rely on an opinion of Bond Counsel or Independent Counsel regarding whether a supplemental indenture under this Section 11.01 is permissible hereunder or does not materially prejudice the Holders of the Bonds.

Section 11.02 Execution of Supplemental Indenture. The Trustee is authorized to join with the Issuer in the execution of any such supplemental indenture, to make the further agreements and stipulations which may be therein contained, and accept the conveyance, transfer and assignment of any property thereunder, but the Trustee shall not be obligated to enter into any such supplemental indenture which affects its rights, duties or immunities under this Indenture.

Section 11.03 Rights of Trustee. In executing any amendment or supplemental indenture, the Trustee shall receive and will be fully protected in conclusively relying upon a certificate and an opinion of counsel stating that the execution of such amendment of supplemental indenture is authorized and permitted by this Indenture and is the legal, valid and binding obligation of the Issuer enforceable against it in accordance with its terms. The Trustee may, but shall not be obligated to, enter into any such supplemental indenture which affects the trustee's own rights, duties or immunities under this indenture or otherwise.

Section 11.04 Modification of Indenture with Consent of Bondholders. Subject to the terms and provisions contained in this section and in Section 11.01, the Holders of not less than a majority in aggregate principal amount of the Bonds then Outstanding shall have the right, from time to time, to consent to and approve the execution by the Issuer and the Trustee of such indenture or indentures supplemental hereto as shall be deemed necessary or desirable by the Issuer for the purpose of modifying, altering, amending, adding to or rescinding in any particular, any of the terms or provisions contained in this Indenture or in any supplemental indenture; provided, however, that, notwithstanding any other provision of this Indenture, nothing herein contained shall permit or be construed as permitting, without the consent of the Holders of all Outstanding Bonds, (a) an extension of the maturity of any Bond issued hereunder, or (b) a reduction in the principal amount of any Bond or the redemption premium or the rate of interest thereon, or (c) other than Additional Bonds authorized under Section 2.11 hereof, the creation of a lien upon or a pledge of revenues ranking prior to or on a parity with the lien or pledge created by this Indenture, or (d) a preference or priority of any Bond or Bonds over any other Bond or Bonds, or (e) a reduction in the aggregate principal amount of the Bonds required to consent to supplemental indentures or amendments to the Lease or any other Collateral Document, or (f) a reduction in the aggregate principal amount of the Bonds required to waive an Event of Default.

Whenever the Issuer shall deliver to the Trustee a resolution of Bondholders adopted at a Bondholders' meeting approved by, or an instrument or instruments purporting to be executed by, the Holders of not less than a majority in aggregate principal amount of the Bonds then Outstanding, which resolution or instrument or instruments shall refer to the proposed supplemental indenture and shall specifically consent to and approve the execution thereof, thereupon, the Issuer and the Trustee may execute such supplemental indenture without liability or responsibility to any Holder of any Bond, whether or not such Holder shall have consented thereto.

If the Holders of not less than a majority in aggregate principal amount of the Bonds Outstanding at the time of the execution of such supplemental indenture shall have consented to

and approved the execution thereof as herein provided, no Holder of any Bond shall have any right to object to the execution of such supplemental indenture, or to object to any of the terms and provisions contained therein or the operation thereof, or in any manner to question the propriety of the execution thereof, or to enjoin or restrain the Trustee or the Issuer from executing the same or from taking any action pursuant to the provisions thereof.

Section 11.05 Supplemental Indentures to be Part of Indenture. Any supplemental indenture executed in accordance with any of the provisions of this article shall thereafter form a part of this Indenture; and all the terms and conditions contained in any such supplemental indenture as to any provisions authorized to be contained therein shall be and be deemed to be part of the terms and conditions of this Indenture for any and all purposes, and the respective rights, duties and obligations under this Indenture of the Issuer, the Trustee and all Holders of Bonds then Outstanding shall thereafter be determined, exercised and enforced hereunder, subject in all respects to such modifications and amendments. If deemed necessary or desirable by the Trustee, reference to any such supplemental indenture or any of such terms or conditions thereof may be set forth in reasonable and customary manner in the text of the Bonds or in a legend stamped on the Bonds.

Section 11.06 Rights of City Unaffected. Anything herein to the contrary notwithstanding, a supplemental indenture under this article which adversely affects the rights of the City under the Lease, so long as the Lease is in effect, shall not become effective unless and until the City consents to the execution and delivery of such supplemental indenture. The Trustee shall cause notice of the proposed execution and delivery of any such supplemental indenture to the execution and delivery of which the City has not already consented, together with a copy of the proposed supplemental indenture, to be mailed to the City at least thirty days prior to the proposed date of execution and delivery of any such supplemental indenture.

Section 11.07 Rights of Issuer. The Issuer has no duty or obligation to consent to any supplemental indenture or other instrument amending the terms hereof and may, at the expense of the City, request and receive an opinion of such counsel as the Issuer may select in connection with any matter relating to a proposed amendment to this Indenture.

ARTICLE XII

AMENDMENTS TO THE LEASE OR OTHER COLLATERAL DOCUMENT

Section 12.01 Amendments to the Lease or Ground Lease Not Requiring Consent of Bondholders. The Issuer and the Trustee may, without the consent of or notice to the Bondholders, consent to any amendment, change or modification of the Lease or other Collateral Document as may be required (i) by the provisions of the Collateral Document and this Indenture, (ii) in connection with the financing of any additions or expansions of the Project so long as such amendments do not affect the obligation of the City to make Rental Payments, as they become due and payable thereunder or otherwise materially adversely affect the rights of the existing Bondholders, (iii) for the purpose of curing any ambiguity or formal defect or omission, (iv) for the issuance of Additional Bonds as provided in Section 2.11, (v) to revise the legal description of the Land in connection with an easement, utility access, or release of unimproved Land permitted under Sections 8.6 and 8.7 of the Lease or (vi) in connection with any other change therein which, in the good faith judgment of the Trustee, is not to the material prejudice of the Holders of the Bonds. The Trustee may rely on an opinion of Bond Counsel or Independent Counsel regarding whether an amendment to the Lease or other Collateral Documents under this Section 12.01 is permissible hereunder or does not materially prejudice the Holders of the Bonds.

Section 12.02 Amendments to Lease or Ground Lease Requiring Consent of Bondholders. Except for the amendments, changes or modifications as provided in Section 12.01, neither the Issuer nor the Trustee shall consent to any other amendment, change or modification of the Lease or any other Collateral Document without the written approval or consent of the Holders of not less than a majority in aggregate principal amount of the Bonds at the time Outstanding given and procured as in this section provided, however, that no such amendment, change or modification shall ever affect the obligation of the City to make payments of Rental Payments as they become due and payable. If the Holders of not less than a majority in aggregate principal amount of the Bonds Outstanding hereunder at the time of the execution of any such amendment, change or modification shall have consented to and approved the execution thereof as herein provided, no Holder of any Bond shall have any right to object to any of the terms and provisions contained therein, or in the operation thereof, or in any manner to question the propriety of the execution thereof, or to enjoin or restrain the Trustee, the Issuer or the City from executing the same or from taking any action pursuant to the provisions thereof.

Section 12.03 No Amendment May Reduce Rental Payments. Under no circumstances shall any amendment to the Lease reduce the Rental Payments thereunder without the consent of the Holders of all the Bonds Outstanding.

Section 12.04 Rights of Issuer and City. The Issuer has no duty or obligation to consent to any proposed amendment to the Lease and may, at the expense of the City request and receive an opinion of such counsel as the Issuer may select in connection with any matter relating to a proposed amendment to the Lease. Any consents required of the City hereunder shall be of no further force and effect if the Lease is not in full force and effect.

ARTICLE XIII

MISCELLANEOUS

Section 13.01 Covenants of Issuer Bind Successors and Assigns. All the covenants, stipulations, promises and agreements in this Indenture contained, by or in behalf of the Issuer, shall bind and inure to the benefit of its successors and assigns, whether so expressed or not.

Section 13.02 Immunity of Officers. No recourse for the payment of any part of the principal of or interest on any Bond or for the satisfaction of any liability arising from, founded upon or existing by reason of the issue, purchase or ownership of the Bonds shall be had against any officer, member or agent of the Issuer or its Board, the City or its governing body, as such, all such liability being hereby expressly released and waived as a condition of and as a part of the consideration for the execution of this Indenture and the issuance of the Bonds.

Section 13.03 No Benefits to Outside Parties. Nothing in this Indenture, express or implied, is intended or shall be construed to confer upon or to give to any person or corporation, other than the City, the parties hereto and the Holders of the Bonds issued hereunder, any right, remedy or claim under or by reason of this Indenture or covenant, condition or stipulation thereof; and the covenants, stipulations and agreements in this Indenture contained are and shall be for sole and exclusive benefit of the City, the parties hereto, their successors and assigns, and the Holders of the Bonds.

Section 13.04 Separability of Indenture Provisions. In case any one or more of the provisions contained in this Indenture or in the Bonds shall for any reason be held to be invalid, illegal or unenforceable in any respect, such invalidity, illegality or unenforceability shall not affect any other provisions of this Indenture, but this Indenture shall be construed as if such invalid or illegal or unenforceable provision had never been contained herein.

Section 13.05 Execution of Indenture in Counterparts. This Indenture may be simultaneously executed in several counterparts, each of which, when so executed, shall be deemed to be an original, and such counterparts shall together constitute one and the same instrument. The exchange of copies of this Indenture and of signature pages by facsimile or PDF transmission shall constitute effective execution and delivery of this Indenture as to the parties hereto and may be used in lieu of the original Indenture and signature pages for all purposes.

Section 13.06 Headings Not Controlling. The headings of the several Articles and Sections hereof are inserted for the convenience of reference only and shall not control or affect the meaning or construction of any of the provisions hereof.

Section 13.07 Notices etc., to Trustee, Issuer and City. Any request, demand, authorization, direction, notice, consent of Bondholders or other document provided or permitted by this Indenture shall be sufficient for any purpose under this Indenture or the Lease when personally delivered, delivered by overnight express mail, or mailed by first class mail, postage prepaid, or by electronic means which produces receipt of transmission (except as otherwise provided in this Indenture) at the following addresses (or such other address as may be provided

by any party by notice), or telecopied, to be followed immediately by first class mail, and shall be deemed to be effective upon receipt:

To the Issuer:	Economic Development Authority of the City of Isanti 110 1st Ave NW Isanti, Minnesota 55040-7372
To the Trustee:	U.S. Bank National Association 60 Livingston Avenue St. Paul, Minnesota 55107 Attn: Corporate Trust Department
To the City:	City of Isanti 110 1st Ave NW Isanti, Minnesota 55040-7372

IN WITNESS WHEREOF, the Issuer has caused this Indenture to be executed in its name by its President and Secretary, and the Trustee, to evidence its acceptance of the trust hereby created, has caused this Indenture to be executed in its name by authorized officer(s) of the Trustee, all as of the day and year first above written.

PUBLIC PROJECT LEASE REVENUE BOND, SERIES 2021A
(CITY OF ISANTI, MINNESOTA, LEASE WITH OPTION TO PURCHASE PROJECT)

Interest Rate	Maturity Date	Date of Original Issue	CUSIP
__%	December 15,	June 16, 2021	

REGISTERED OWNER: CEDE & CO.

PRINCIPAL AMOUNT:

THE ECONOMIC DEVELOPMENT AUTHORITY OF THE CITY OF ISANTI , MINNESOTA, a public body politic and corporate of the State of Minnesota (the "Issuer"), for value received, hereby promises to pay from its Public Project Lease Revenue Bond Fund to the registered owner named above, or registered assigns, the principal sum stated above on the maturity date specified above (unless subject to and duly called for earlier redemption) upon the presentation and surrender hereof and to pay to the registered owner hereof interest on such principal sum, until paid, from such Fund at the interest rate specified above from the Date of Original Issue specified above, or from the most recent Interest Payment Date to which interest has been paid or duly provided for, as specified below, semiannually on each December 15 and June 15 commencing June 15, 2022 (each, an "Interest Payment Date"). Principal and interest are payable in lawful money of the United States of America by U.S. Bank National Association, in St. Paul, Minnesota, or its successor as Trustee under the Indenture hereinafter described. Interest shall be based on a 360-day year consisting of twelve months of thirty days each and shall be paid on each Interest Payment Date by check or draft mailed to the person in whose name this Bond is registered (the "Holder") at the close of business on the first day (whether or not a Business Day) of the calendar month of such Interest Payment Date at the address set forth on the registration books maintained by the Trustee, as registrar for the Bonds. Any such interest not punctually paid or provided for will cease to be payable on such regular record dates and such defaulted interest shall be paid to the person in whose name this Bond shall be registered at the close of business on a special record date for the payment of such defaulted interest established by the Trustee pursuant to the Indenture. Each capitalized term which is used but not otherwise defined in this Bond shall have the meaning given to that term pursuant to the Indenture or the Lease.

So long as this Bond is immobilized in global book-entry form registered in the name of the nominee of DTC, as defined in the Indenture, payments of principal of, premium, if any, and interest on this Bond shall be made as provided in the Representation Letter, as defined in the Indenture, and surrender of this Bond shall not be required for payment of the redemption price upon a partial redemption of this Bond or for optional or mandatory purchases of this Bond or portions thereof. Until termination of the book-entry only system pursuant to the Indenture, Bonds may be registered only in the name of DTC or its nominee, and notwithstanding express provisions of this Bond providing other or contrary results, the Representation Letter (which includes the applicable practices and procedures of DTC) shall apply to this Bond.

This Bond is issued pursuant to Minnesota Statutes, Sections 469.090 through 469.1082 and in conformity with the provisions, restrictions and limitations thereof, in aid of financing a certain project thereunder. This Bond does not constitute an indebtedness of the Issuer, within the meaning of any constitutional or statutory limitation, does not give rise to a charge against the general credit, properties or taxing powers of the Issuer or the City of Isanti, Minnesota (the "City") and does not grant to the Holder any right to have the Issuer or the City levy any taxes or appropriate any funds for the payment of the principal hereof or interest hereon. This Bond is payable solely from the moneys received under the Lease hereinafter described, or held by the Trustee in a Fund appropriated to the payment of the Bonds under the Indenture, including payments of Rental Payments to be made by the City under the Lease.

This Bond is one of an issue in the aggregate principal amount of $3,280,000, each in the denomination of $5,000, or an integral multiple thereof, and numbered from R-1 upwards, all of like tenor, except as to number, denomination, interest rate, maturity and redemption privilege, and all issued for the purpose of financing the costs of the construction of a municipal liquor store (the "Project"). The land on which the Project is located is to be ground leased to the Issuer under a Ground Lease Agreement from the City (the "Ground Lease"). The Project is to be leased to the City by the Issuer pursuant to a Lease Agreement, dated as of June 1, 2021 (the "Lease"). Pursuant to an Indenture of Trust, dated as of June 1, 2021 (the "Indenture"), executed and delivered by the Issuer and the Trustee, the Issuer has assigned to the Trustee its rights and interests in the Lease, including its rights to rental payments from the City but excluding certain rights to payment of expenses and indemnification. Reference is made to the Lease, the Ground Lease and the Indenture, copies of which are on file with the Trustee, for a complete description of the agreements and covenants contained therein.

The Bonds are issued pursuant to a resolution ("the Bond Resolution") adopted by the governing body of the Issuer on May 18, 2021, and the Indenture. The Bonds are equally and ratably secured by the Lease, the Indenture, and the Bond Resolution. The obligation of the City under the Lease to make Rental Payments sufficient to pay the principal of and interest on the Bonds, when due, is a limited obligation of the City which can be terminated, by non-appropriation, at the end of any fiscal year of the City. More specifically, the City has the right to cancel and terminate the Lease at the end of any fiscal year of the City if the City Council, the governing body of the City, determines not to appropriate moneys sufficient to pay the Rental Payments coming due in the next fiscal year.

All the Bonds maturing on December 15, 2030, and thereafter, are subject to prior redemption at the option of the Issuer, upon direction of the City, on December 15, 2029, and on

any date thereafter, at a redemption price equal to par plus accrued interest to date of redemption. Redemption may be in whole or in part, and if in part, the Issuer shall determine the amount of Bonds of each maturity to be prepaid; and if only part of the Bonds having a common maturity date are called for prepayment, the Bonds of that maturity shall be chosen by lot by the Trustee.

Bonds maturing on December 15, 20____ and 20___, (the "Term Bonds") shall be redeemed by lot on December 15 in the following years and principal amounts, at their principal amount, without any premium, plus accrued interest thereon to such redemption date (after any credits are made as provided below):

Mandatory Redemption Schedule

December 15, 20____ Term Bond (inclusive)

Year	Principal Amount
	$
(maturity)	

Mandatory Redemption Schedule

December 15, 20____ Term Bond (inclusive)

Year	Principal Amount
	$
(maturity)	

or, if less than such amount is then outstanding, an amount equal to the aggregate principal amount of the Bonds then outstanding.

The Issuer may, at its option to be exercised on or before the thirtieth day next preceding any date specified in the Mandatory Redemption Schedule above, deliver to the Bond Registrar written notice, which shall (i) specify a principal amount of such Term Bonds previously redeemed (otherwise than pursuant to the above Mandatory Redemption Schedule) or purchased and cancelled by the Bond Registrar and not theretofore applied as a credit against any redemption of Bonds pursuant to the above Mandatory Redemption Schedule, and (ii) instruct the Bond Registrar to apply the principal amount of such Term Bonds so delivered or previously redeemed or purchased and cancelled for credit against the principal installments to be prepaid pursuant to the Mandatory Redemption Schedule and selected by the Issuer. Each such Term Bond so delivered or previously redeemed or purchased and cancelled shall be credited by the Bond Registrar against the principal installments to be prepaid pursuant to the Mandatory Redemption Schedule and selected by the Issuer.

Prior to the date on which any Bond or Bonds are directed by the Issuer to be redeemed in advance of maturity, the Issuer will cause notice of the call thereof for redemption identifying the Bonds to be redeemed to be mailed to the Bond Registrar and all Bondholders, at the addresses shown on the Bond Register. All Bonds so called for redemption will cease to bear interest on the specified redemption date, provided funds for their redemption have been duly deposited.

Notice of any such redemption shall be given to the Holder of each Bond called by first class mail, addressed to the Holder at the Holder's address as it appears on the registration books maintained by the Trustee, not earlier than sixty days and not later than thirty days prior to the date fixed for redemption. Prior to the date fixed for redemption, there are required to be deposited with the Trustee sufficient funds to pay the Bonds to be redeemed. Upon the happening of the above conditions, Bonds thus called for redemption shall not bear interest after the call date and, except for the purpose of payment from the funds so deposited, shall no longer be protected by the Indenture.

To effect a partial redemption of Bonds having a common maturity date, the Trustee shall select, using such method of selection set forth in the Indenture, an amount equal the principal amount of such Bonds to be redeemed. If a Bond is to be redeemed only in part, it shall be surrendered to the Trustee (with, if the Trustee so requires, a written instrument of transfer in form satisfactory to the Trustee duly executed by the Holder thereof or by the Holder's attorney, duly authorized in writing) and the Issuer shall execute (if necessary) and the Trustee shall authenticate and deliver to the Holder of such Bond, without service charge, a new Bond or Bonds of the same series having the same stated maturity and interest rate and of any authorized denomination or denominations, as requested by such Holder, in aggregate principal amount equal to and in exchange for the unredeemed portion of the principal of the Bond so surrendered.

This Bond is transferable, as provided in the Indenture, only upon books of the Issuer kept at the office of the Trustee by the Holder hereof in person or by the Holder's duly authorized attorney, upon surrender of this Bond for transfer at the office of the Trustee, duly endorsed or accompanied by a written instrument of transfer in form satisfactory to the Trustee duly executed by the Holder hereof or the Holder's duly authorized attorney, and, upon payment of any tax, fee or other governmental charge required to be paid with respect to such transfer, one or more fully registered Bonds of the same principal amount and interest rate will be issued to the designated transferee or transferees.

The Bonds may become subject to acceleration and prepayment upon the occurrence of an Event of Default or upon the occurrence of a Non-appropriation resulting in a termination of the Lease.

The Bonds are issuable only in fully registered form without interest coupons in denominations of $5,000 or any integral multiple thereof. As provided in the Indenture and subject to certain limitations therein set forth, the Bonds of are exchangeable for a like aggregate principal amount of Bonds of a different authorized denomination, as requested by the Holder or the Holder's duly authorized attorney upon surrender thereof to the Trustee.

The Bonds have been designated by the Issuer as "qualified tax-exempt obligations" for purposes of Section 265(b)(3) of the Internal Revenue Code of 1986, as amended.

It is hereby certified and recited that the issuance of the Bonds and the acquisition and construction of the Project will promote the public welfare and carry out the purposes of the Issuer Powers Act; that all acts, conditions and things required to be done precedent to and in the issuance of this Bond and the issue of which it is a part have been properly done, have happened and have been performed in regular and due time, form and manner as required by law; and that this Bond and the issue of which it is a part do not constitute a debt of the Issuer or the City within the meaning of any constitutional or statutory limitation, except insofar as this Bond shall be payable from revenues derived from the Lease or as may otherwise be available for such purposes pursuant to the Indenture.

This Bond shall not be valid or become obligatory for any purpose until it shall have been authenticated by the manual execution of the Trustee's Certificate of Authentication.

IN WITNESS WHEREOF, the Economic Development Authority of the City of Isanti , Minnesota, by its Board of Commissioners, has caused this Bond to be executed in its name by the facsimile signatures of its President and Secretary, the seal of the Issuer having been intentionally omitted as permitted by law, all as of the Date of Original Issue specified above.

CITY OF ISANTI

ELECTRICAL SERVICES
INDEPENDENT CONTRACTOR AGREEMENT

THIS AGREEMENT between the **City of Isanti** (hereinafter "**City**"), whose principal office is located at 110 First Avenue North, City of Isanti, State of Minnesota, and **Isanti Electric Inc.**, 277th Lane NW, Isanti, Minnesota, 55040 **(**hereinafter "**Contractor**"), is made and entered into on the ____ day of _____, 2021.

A. Period of Agreement.
City hereby agrees to hire Contractor on an as needed basis and Contractor faithfully agrees to diligently perform such duties for the period from June 1, 2021 to May 31, 2026.

B. Nature of Services.
Services shall be provided as per the attached Specifications for Contractor Services for services during weekdays and in emergency circumstances (after hours). The contractor recognizes the right of the City to use electrical contractors for specialized service work regarding City Utilities and related operating facilities. The City also reserves the right to use other contractors on an emergency basis if the contractor is not available or cannot be contacted.

C. Compensation
Contractor shall receive compensation based on the rates submitted in their proposal for services. Material costs shall be reimbursed as per the Specifications for Contractor Services. Labor rates shall be as follows: $75.00 per hour (regular hours), $75.00 per hour (after hours) and $75.00 per hour (weekends and holidays).

D. Licensing and Certification.
Contractor hereby agrees to requirements as outlined in the Specifications for Contractor Services.

E. Relationship of Parties
The parties intend that an independent contractor relationship will be created by this Agreement. The City is interested only in the results to be achieved and the conduct and control of the work will lay solely with the Contractor. Contractor is not to be considered an agent or employee of the City for any purpose, and the employees of the Contractor, if any, are not to be considered employees of the City, and are not entitled to any of the benefits that the City provides its employees. It is further understood that Contractor may perform services for other entities, as long as such relationship does not impede, or prohibit, the provision of services for City pursuant to this Agreement.

F. Liability Insurance and Indemnification.
The services to be performed by Contractor pursuant to this Agreement will be performed entirely at Contractor's risk, and Contractor assumes all responsibility for the use and condition of tools and equipment used in the performance of Contractor's duties, efforts and work. Contractor shall be solely responsible for obtaining, at contractor's expense, automobile and general liability insurance coverage in the amount of $1,000,000 and Workers Compensation (if required) in the statutory amounts. The City of Isanti shall be listed as an additional insured on the Certificate. Contractor further agrees to indemnify City for any and all liability or loss arising in any way out of the performance of this Agreement, including costs and attorney's fees.

Independent contractors carrying on a trade or business as sole proprietors must present an Independent Contractor Exemption Certificate (ICEC).

G. Termination.

City and Contractor may terminate this Agreement at any time by providing written notice of not less than sixty (60) days. Such notice shall be given to City at City offices. Such notice shall be given to Contractor at its place of business.

H Facilities and Equipment.

Contractor shall be responsible for providing all tools and equipment necessary to perform electrical maintenance services. The Contractor shall provide their own office facilities and related equipment.

I. Accounting and Billing.

Contractor will bill the City on a monthly basis for services and materials provided as per the Specifications for Contractor Services.

J. Entire Agreement.

This Agreement, the attached Specifications for Contractor Services, and City Resolution constitutes the entire agreement of the parties with respect to the subject matter hereof and supersedes all other agreements or representations, whether written or oral.

K. Headings

Headings are for convenience only and are not a part of this Agreement.

CITY OF ISANTI
SPECIFICATIONS FOR CONTRACTOR SERVICES

Section 1. Electrical Maintenance Work

The City is accepting proposals to perform electrical maintenance work on an "as-needed basis" for City buildings and facilities. The work may be indoor or outside. This work includes tasks ranging from maintenance of building lighting and electrical systems to small projects in City Parks. Work to be performed under direction of a state licensed Master Electrician. This proposer should list experience, examples of project work, list individual(s) to perform the work, their qualifications and contractor references. A completed Doing Business with the City of Isanti form should be provided with the proposal.

Acceptance of the proposal is for a "first call" basis, and if the contractor is not available or cannot respond in a timely manner, the City reserves the right to contact another vendor. Specialty equipment in city utility and liquor store facilities is not covered under this contract.

Section 2. Contract / Term of Contract

The successful proposer will enter into a contract with the City to provide services. The contact shall be for a five-year time period.

Section 3. Insurance /Independent Contractor

The Successful Contractor will need to provide to the City a Certificate of Insurance with General and Automobile Liability Insurance in the amount of $1,000,000 and Workers Compensation Insurance in the statutory amounts. The City of Isanti shall be listed on the Certificate as an additional insured.

Independent contractors carrying on a trade or business as sole proprietors must present an Independent Contractor Exemption Certificate (ICEC) when submitting a quote for the above services.

Section 4. Material Costs / Invoice Required – For approved materials that need to be ordered for City projects that cost more than $50.00 dollars either individually or in total cost (multiple items), a copy of the vendor invoice that shows the cost to the Contractor for materials needs to be submitted with any request for reimbursement. With the use of materials purchased wholesale, the wholesale cost of the materials needs to be reported and a copy of the vendor receipt provided. In no case shall the contractor's mark-up exceed 10% of the wholesale cost (excluding any sales tax). The City also requires that any rebates be reported and those amounts must be deducted from the cost of materials on the Contractor's bill to the City.

Memo for Council Action

To: Mayor Johnson and City Council Members

From: Keith Lusk, Interim Liquor Store Manager

Date: May 18, 2021

Subject: Resolution 2021-XXX Approving Donation Box at Liquor Store

---

Background:
Each year the MMBA supports a Troops Drive for the sole purpose of raising funds as well as supplying donations to help support local troops and veterans. We are requesting approval to promote this program in-store via signage and a donation box. Customers can donate supply items or cash donations in any amount. The Support Our Troops Supplies Drive runs May 17th through July 7th, 2021.

While the MMBA is asking for donations to be forwarded to them to distribute to "Folds of Honor", we would like approval to send all donations received to Isanti County Beyond the Yellow Ribbon. While Folds of Honor is a great organization, ICBYR serves veterans in Isanti County, which means that the donations that we receive will have a direct impact on veterans in the local community. Folds of Honor will still be receiving $1 for every case of Budweiser sold throughout the Troops Supplies Drive through the MMBA and Anheuser-Busch.

Request:
Staff is requesting City Council action on this item.

Memo for Council Action

To: Mayor Johnson and Members of the City Council
From: Finance Director Betker
Date: May 18th 2021
Subject: MOU for School Resource Officer Program

Background:
Attached is the updated MOU for the SRO program renewing the terms for an additional 3 school years (2021/2022 thru 2023/2024). Aside from the applicable school years 3 minor changes to language were made from the current MOU. There are as follows:

1. B.5. (added) "The District agrees that the SRO shall act as an agent of the District."

2. D.11.(amended) Currently reads "The SRO shall not be used as a school disciplinarian…". Amended to read "The SRO shall not be involved in determining consequences for school policy violations…"

3. D.13. (removed) "The SRO cannot enforce school rules and policies."

Recommendation:
These changes have been reviewed by Chief Muyres, Administrator Wood, and Finance Director Betker. Staff is recommending approval of the MOU.

Action Required:
If the Council concurs, it should by motion, approve the attached resolution.

MEMORANDUM OF UNDERSTANDING

Between the
City of Isanti and Cambridge-Isanti Schools, District 911
Regarding the School Resource Officer Program

This agreement made and entered into this _____ day of _____, 2021, by and between the City of Isanti and Cambridge-Isanti Schools, District 911. For purposed of this agreement, all references to a school resource officer refers to the acting school resource officer (SRO).

A. Goals and Objectives

1. Establish a positive working relationship in a cooperative effort to prevent juvenile delinquency and assist in student development.

2. Maintain a safe and secure environment at all Cambridge-Isanti schools, creating an atmosphere conducive to learning.

3. Prevent juvenile delinquency through education and enforcement.

4. Assist in student development by providing learning opportunities and presentations.

5. Assist in district Positive Behavioral Intervention Strategies (PBIS) structures in our schools to support a positive school environment.

6. Promote positive attitudes regarding the police role in society and to inform students of their rights and responsibilities as lawful citizens.

B. Employment and Assignment of School Resource Officer (SRO)

1. The Isanti Police Department agrees to provide a School Resource Officer to the following schools:

   a. Isanti Middle School
   b. Isanti Intermediate School
   c. Isanti Primary School

2. The Isanti Police Department shall select the School Resource Officer and assign the officer as appropriate.

3. In the event the SRO is absent from work, the SRO shall notify his supervisor at the police department and the principal at the school to which he is assigned. The Isanti Police Chief will make reasonable attempts to fill those hours with another available officer at the Chief's discretion. In the event that no replacement is available the District will still be obligated to pay costs associated with those hours.

4. The School Resource Officer shall remain an employee of the City of Isanti and is not an employee of the Cambridge-Isanti School District. The School District and the City of Isanti acknowledge that the School Resource Officer must remain responsive to both entities.

5. The District agrees that the SRO shall act as an agent of the District.

C. Hours and Special Events

1. The SRO is assigned to the school on an hourly basis based on the funding agreed to in section R of the document. During regular school hours, the SRO may be off campus performing such tasks as may be required by his/her assignment.

2. When school is not in session due to holidays, workshops, snow days or other events, the SRO will be expected to report for uniformed patrol duty at the police department unless otherwise directed by the Chief of Police.

3. The assignment of police personnel for all school sponsored off-duty events shall be the responsibility of the Isanti Police Department upon written request by a Cambridge-Isanti Schools administrator (Superintendent, Director, Principal, or Assistant Principal). All overtime compensation shall be paid by the requesting entity.

4. The School Resource Officer shall wear his/her uniform and carry his/her duty weapon while at school unless an alternative uniform or clothing is approved by the Chief of Police.

D. Duties of the School Resource Officer (SRO)

I. The SRO shall assist the principal in developing plans and strategies to prevent and/or minimize dangerous situations that may occur on campus.

2. The SRO shall present programs on various topics to students. Subjects shall include a basic understanding of law, the role of law enforcement, drug awareness, anger management, and the mission of law enforcement.

3. The SRO is encouraged to interact with students on an individual basis and in small groups.

4. The SRO shall make themselves available for conferences involving teachers, parents, and faculty.

5. The SRO shall be familiar with agencies and resources that offer assistance to youth and their families and make referrals to agencies when necessary.

6. The SRO shall take law enforcement action when necessary.

7. The SRO shall contact the principal of the school about his/her actions to make them aware of arrest or crime situations.

8. The SRO shall notify the principal or his designee before removing a student from school.

9. At the Principal's request the SRO may take law enforcement action against intruders and unwanted guests who appear on school property. This includes the utilization of the building security monitoring system.

10. The SRO shall conduct investigations of crimes, which occur at his/her assigned schools and use other resources if needed for follow-up investigations.

11. The SRO shall not be involved in determining consequences for school policy violations. However, if the principal believes an incident is a violation of the law, they may contact the

SRO to see if law enforcement action is needed.

12. The SRO may be present when a principal or other school administrator conducts a search if requested or if school personnel fear for their safety.

13. The SRO shall follow the policies of the Isanti Police Department when confiscating drugs from a student on school property.

14. The SRO shall conduct all investigations, interviews, and searches in accordance with the policies of the Isanti Police Department and the laws of the State of Minnesota.

15. Reference attached SRO Position Description.

16. The SRO shall investigate and coordinate mandatory reporting investigations involving child abuse in cooperation with school and county social workers.

17. The SRO shall work closely with school administration, counselors, chemical health advisors, human rights officers, student assistance teams and others as appropriate to assist in the identification of pre-delinquent children, and attempt to eliminate delinquency-producing factors. Accept assignments and follow-up referrals requested by school staff members.

18. The SRO shall attend school staff meetings, when requested by the administration, as a resource person in developing and adopting procedures that will contribute to the prevention of juvenile delinquency.

19. The SRO must have knowledge of the practices and philosophy of the school district and the police department concerning the handling of troubled youth.

20. The SRO is to consult, on a regular basis, with the School Administrators in order to determine any special concerns or needs.

21. The SRO shall maintain regular communications with building administrators and follow appropriate chain of command for school-related issues.

E. **Assignment of School Resource Officers.** The City will assign one full-time licensed SRO to perform SRO duties on a full-time basis during each scheduled school day (see section R for determining scheduled days). Although stationed at a particular school, the SRO is expected to perform SRO duties at the District's other schools, as needed.

1. **Absences.** If the SRO is absent for more than 10 consecutive school days, the City will undertake reasonable efforts to assign another licensed peace officer to serve as a temporary replacement and perform the regular SRO's duties during any additional absences.

2. **Vehicles, Equipment, and Training.** The City is responsible for providing the SRO with a vehicle and all necessary law enforcement equipment, including any necessary electronic devices except as outlined in section P. The City is also responsible for providing training and education to provide services pursuant to this Agreement.

3. **Objections to Personnel.** A District representative will sit on the interview panel that interviews peace officers who apply for an SRO assignment. Although the final hiring decision lies with the City, the City will undertake reasonable efforts to assign peace officers who are acceptable to the District. The District will notify the Isanti Chief of Police of any concerns related to the performance

of an SRO. If the concern relates to the officer's performance, the District will notify the Isanti Chief of Police. Any request for reassignment of a SRO that is based on work-related concerns must be made in writing to the Isanti Chief of Police. The City will have thirty (30) calendar days to demonstrate to the District's satisfaction that the concern has been addressed.

F. **Relationship of the Parties.** Nothing in this Agreement may be construed to create a partnership or joint venture between the District and the City. Neither party has any authority or power to take any unilateral action that could legally bind the other party. For purposes of the Minnesota Government Data Practices Act, each party is considered to be an independent contractor relative to the other party.

G. **Liability and Indemnification.** Each party is solely responsible for the act(s) and omission(s) of its own officers, employees, officials, agents, and representatives. To the extent permitted by law, each party agrees to indemnify the other party from any and all damages, liability, judgments, claims, expenses, attorney fees, and costs resulting from any act or omission of any of its officers, employees, officials, agents, or representatives. Each party's liability, if any, is limited under Minnesota Statutes Chapter 466, and nothing in this Agreement may be deemed to constitute a waiver of those limits.

H. **Prohibited Actions.** In the absence of exigent circumstances, a school resource officer who is employed by the City may not interview a student on school property about criminal activity or potential criminal activity unless: (a) the officer is conducting a maltreatment of minor investigation; or (b) the crime has occurred, is alleged to have occurred, may have occurred, is occurring, or is reasonably expected to occur in the near future on school property or at a school sponsored event or activity; or (c) the officer has obtained permission from the building principal and from the student's parent or guardian if feasible and/or practical and would not jeopardize the investigation or put the student in any further harm if parent permission was obtained prior to interviewing them; or the student, if the student is eighteen (18) years of age or older. In addition, a school resource officer may not participate in recommending or determining student discipline or in investigating incidents of student discipline which do not involve potential criminal activity.

I. **Execution of Arrest Warrants.** When executing an arrest warrant for a student on school property, a school resource officer must make reasonable efforts to protect other students and staff members who are present and to avoid undue embarrassment to the student who is being arrested. This paragraph is not intended to prevent an officer from taking immediate action to arrest a student who is fleeing or who presents an imminent and substantial risk of harm to self, others, or property.

J. **Data Practices.** All government data that are collected, created, received, or maintained as a result of this Agreement will be handled in accordance with all applicable federal and state laws, including, but not limited to, the Minnesota Government Data Practices Act ("MGDPA"). The parties recognize that educational data maintained by the District are protected under the MGDPA and under the Family Educational Rights Privacy Act ("FERPA"), including its implementing regulations at 34 C.F.R. part 99. The parties acknowledge that unless a statutory exception applies, the District may not disclose private educational data to a SRO without the written consent of the student's parent or guardian (or the written consent of the student if the student is eighteen (18) years of age or older); a lawfully issued subpoena; or a court order. Nothing in this Agreement may be construed to modify the responsibilities of either party under the MGDPA or the District's responsibilities under FERPA

K. **No Unlawful Discrimination.** The District and the City each agree to provide equal employment opportunities to all employees and applicants for employment in accordance with all applicable federal, state, and local laws. No person may be excluded from full employment rights in, participation in, be denied the benefits of, or be otherwise subjected to discrimination in any program, service, or activity based on race, color, religion, age, sex, disability, marital status, sexual preference, HIV status, public assistance status, creed, or national origin. In addition, the District and the City each specifically agree

not to discriminate unlawfully against any student in any program, service, activity, or decision based on race, color, religion, age, sex, disability, marital status, sexual preference, HIV status, public assistance status, creed, or national origin.

L. **Waiver and Enforcement.** The failure to insist on compliance with any term, covenant, or condition contained in this Agreement must not be deemed to be a waiver of that term, covenant, or condition, nor will any waiver or relinquishment of any right or power contained in this Agreement at any time be deemed to be a waiver or relinquishment of any right or power at any other time. Each party is to be responsible for its own costs, expenses, and any attorneys' fees associated with this Agreement and any related matters, including enforcement of this Agreement.

M. **Equal Drafting.** In the event that either party asserts that a provision of this Agreement is ambiguous, this Agreement must be construed to have been drafted equally by the Parties.

N. **Choice of Law, Forum and Severability.** This Agreement is governed by the laws of the State of Minnesota. The parties agree that the Minnesota state and federal courts will have exclusive jurisdiction over any dispute arising out of this Agreement. If a court determines that any part of this Agreement is unlawful or unenforceable, the remaining portions of the Agreement will remain in full force and effect.

O. **Entire Agreement, Changes, and Effect.** This Agreement constitutes the entire agreement between the District and the City regarding SRO duties and additional services. This Agreement supersedes any inconsistent statements or promises made by either party. This Agreement also supersedes and terminates any prior or existing agreements or contracts regarding the same or any similar subject matter. Neither party has relied upon any statements, promises, agreements, or representations that are not stated in this Agreement. No changes to this Agreement are valid unless they are in writing and signed by both parties. A copy of this Agreement has the same legal effect as the original.

P. **Rights and Duties of the School Board.** The school board shall provide the following materials and facilities which are deemed necessary to perform the duties of the SRO:

1. Access to an air conditioned and properly lighted private office containing a telephone line to be used for general business purposes.

2. A desk with drawers, a chair, and a filing cabinet which can be locked and secured.

3. Access to a computer terminal or computer hookup.

4. Provide the SRO with a cell phone with a voice and data plan and pay the actual costs associated with such service. The will allow for immediate access and enhanced communications between school officials, the SRO and the police department and will allow the SRO to be part of the district's alert system.

Q. **Termination of Contract.** Either party may end this agreement within 30 days after reasonable attempts have been made to resolve any disputes. The 30 day timeline will begin upon receipt of written notification of such intent. Attempts to resolve disputes should occur within that 30 day period.

R. **SRO Funding.**

Reimbursement by the Cambridge-Isanti School District to the City of Isanti for the 2021-2022, 2022-2023, and 2023-2024 school years will be calculated as follows:

District will pay a percentage of total annual SRO compensation based on the following calculation:

(School/Service Days X Hours Per Day) / 2080 = Percent of Total Compensation

Total Compensation = salary + all employee benefits

Mutual agreement on the number of School/Service days will be made prior to the start of each school year, with consideration to the Year Round and Traditional school calendars. The School District will be invoiced quarterly, with payroll detail, and agrees to reimburse the City within 20 days of the invoice date. The School District will be invoiced for the actual cost of the School Resource Officer's actual days worked during the quarter being invoiced.

Hours of service for each scheduled day shall not exceed 8 hours and scheduled days per year shall not exceed 179 (172 student days, 2 days to attend meetings prior to the first day of school, and 5 days to attend the year-round programs once a week prior to the traditional calendar start). The School District will also cover the cost of half of the School Resource Officer's vacation time, not to exceed 15 days. If vacation time is taken during the scheduled days, that time will be included in that quarterly invoice. If not all school district covered vacation days are taken during the scheduled days, the remainder of vacation days will be billed on the last quarter of the school year invoice. Hours of service for each school year are thirty (30) minutes prior to the start of school and thirty (30) minutes after the school's dismissal for scheduled school days. Funding and hours of service are subject to annual review upon request by either the City of Isanti or the School District.

S. Duration

This Memorandum of Understanding is effective for the 2021-2022, 2022-2023, and 2023-2024 school years. This Memorandum of Understanding may be reviewed upon request by the City of Isanti and the Cambridge-Isanti School District.

Memo for City Council

To: **Mayor Johnson and Members of the City Council**
From: Alyssa Olson, Parks, Recreation & Events Coordinator
Date: May 18, 2021
Subject: Resolution 2021-XXX Approving Painting of a Pickleball Court at Mattson Park

---

Background

On multiple occasions, the Parks, Recreation & Culture Board has been approached by members of the community regarding the addition of a pickleball court in Isanti. Upon discussion, the Parks, Recreation & Culture Board has recommended a pickleball court be added to an existing City park. On review of the current park plans, staff has identified Mattson Park as the optimal location for a court as it is highly visible and provides ample street parking for park users.

Staff has determined that a pickleball court can be painted within the existing tennis court using a different colored paint than the existing lines to as not create confusion for either sports' players. Staff would use an existing supply of yellow traffic paint for these lines so there would not be an additional cost to creating this court.

Request

Staff is requesting approval to paint lines on the Mattson Park tennis court to create a pickleball court for the community.

RE: Conduit Revenue Bonds for Art and Science Academy Project

Request for Council Action:

MOTION _____, SECOND _____, TO WAIVE THE READING AND APPROVE RESOLUTION NO. _____ CALLING FOR A PUBLIC HEARING ON THE ISSUANCE OF A CONDUIT REVENUE NOTE AND AUTHORIZING THE PUBLICATION OF A NOTICE OF HEARING (ART AND SCIENCE ACADEMY PROJECT).

Background:

ABC Building Services (the "Borrower") has requested that the City of Isanti, Minnesota ("Isanti") issue up to $5,600,000 of a tax-exempt, a conduit charter school lease revenue bond or note in one or more series in 2021 (collectively, the "Note") to (i) finance the acquisition, renovation and improvement of the existing Art and Science Academy campus located at 903 6th Ave Court NE and 1005 7th Ave NE in the City (the "School Facility"); (ii) fund a debt service reserve fund, if necessary; (iii) pay a portion of the interest on the Note, if necessary; and (iv) pay the costs of issuing the Note, if necessary (the "Project"). The School Facility will be owned by the Borrower and leased to and operated by Art and Science Academy, Inc., a Minnesota nonprofit corporation and public charter school (the "School") as a kindergarten through 8th grade school facility with plans for expansion through 12th grade (collectively, the "Project Facilities").

Under the Internal Revenue Code of 1986, as amended (the "Tax Code"), conduit revenue bonds or notes give the borrower access to tax exempt financing so the borrower realizes lower interest costs and the City achieves a public purpose, in this case the preservation of existing public charter school educational facilities.

If issuance of the Note is authorized by the City Council, the Note will be issued as a conduit revenue note payable solely from the revenues derived from a loan agreement (the "Loan Agreement") to be executed by Isanti and the Borrower under which the Borrower agrees to make all payments due on the Note. The Borrower will also pledge other revenues and provide a Mortgage against the Project Facilities as security for the payment of the Note. The lender (who is also the bondholder) provides the funds for the loan, directly to the Borrower, and Isanti assigns its rights and obligations under the Loan Agreement to the lender. No money actually flows through Isanti. No money or assets of Isanti would ever be pledged or available to pay the Note.

The Note will not constitute a general or moral obligation of Isanti and will not be secured by or payable from any property or assets of Isanti and will not be payable from any city taxes or

revenues or secured by any taxing power of Isanti. The Note will not affect any debt limitation imposed on Isanti and the issuance of the Note will not have any adverse impact on Isanti's credit rating, even in the event that Borrower encounters financial difficulties with respect to the Project Facilities to be financed with the proceeds of the Note. If a default did occur, the lender would work with the Borrower to develop a work-out strategy for the payment of the conduit bonds or could foreclose the Mortgage and recover payment from the security pledged by the Borrower.

The Note is proposed to be issued as a tax-exempt obligation, the interest on which is excluded from gross income for federal income tax purposes. Because the Project Facilities will be owned by a non-profit owner, the Note can be designated as "qualified tax-exempt obligations" for purposes of Section 265(b)(3) of the Internal Revenue Code of 1986, as amended (the "Code") which relates to a deduction available to banks and other financial institutions (sometimes referred to as "bank-qualified bonds") and the Borrower has requested that designation for the Note. In order to issue bank-qualified bonds, the issuer of the conduit bonds must not expect to issue more than $10,000,000 of bonds in the calendar year, including its own general obligation bonds. Isanti has indicated that it intends to issue general obligation bonds this year in an amount less than $4,400,000; therefore, the total amount of Isanti's governmental purpose bonds and the Note will not exceed $10,000,000. As a result, both Isanti's governmental purpose bonds and the Note can be designated as "bank-qualified bonds". The Note will have no impact on Isanti's ability to issue bank-qualified bonds in future years.

Before issuing the Note, Isanti will need to hold a public hearing, adopt a resolution authorizing the issuance of the Note, and execute various related documents, including the Note and the Loan Agreement. The Borrower is requesting that the City Council hold a public hearing and consider approval of the Note on July 20, 2021.

Kennedy and Graven, as bond counsel, will provide forms of resolutions and all the necessary documents and handle publication of the hearing notice in Isanti's official newspaper. The Borrower will be required to pay all the expenses of paid or incurred by Isanti with respect to the Note and will be required to indemnify Isanti for any potential liability incurred by Isanti with respect to the Note, the Project Facilities, and granting necessary approvals.

RESOLUTION NO._____

RESOLUTION CALLING FOR A PUBLIC HEARING ON
THE ISSUANCE OF A CONDUIT REVENUE NOTE AND
AUTHORIZING THE PUBLICATION OF A NOTICE OF HEARING
(ART AND SCIENCE ACADEMY PROJECT)

WHEREAS, Minnesota Statutes, Sections 469.152 through 469.1655, relating to municipal industrial development (the "Act"), gives municipalities the power to issue revenue obligations for the purpose of promoting the welfare of the state by the active attraction and encouragement and development of economically sound industry and commerce to prevent so far as possible the emergence of blighted and marginal lands and areas of chronic unemployment; and

WHEREAS, the City of Isanti, Minnesota (the "City"), has received from ABC Building Services, a Minnesota nonprofit corporation and 501(c)(3) organization (the "Borrower"), a proposal that the City assist in financing a Project hereinafter described, through the issuance of a conduit revenue note or obligations (in one or more series) (the "Note") pursuant to the Act; and

WHEREAS, before proceeding with consideration of the request of the Borrower it is necessary for the City to hold a public hearing on the proposal pursuant to the Act:

NOW, THEREFORE, BE IT RESOLVED by the City Council of the City of Isanti, Minnesota, as follows:

1. A public hearing on the proposal of the Borrower will be held at the time and place set forth in the form of Notice of Public Hearing attached hereto as **Exhibit A** or on a date to be determined by the City Administrator in order to meet publication requirements in accordance with applicable law. The general nature of the Project and an estimate of the aggregate principal amount of revenue bonds or other obligations to be issued to finance the proposal are described in the Notice of Public Hearing.

2. The City Administrator of the City is hereby authorized and directed to cause notice of the hearing to be given one publication in the official newspaper of the City and a newspaper

of general circulation available in the City, not less than 14 days nor more than 30 days prior to the date fixed for the hearing, substantially in the form of the attached Notice of Public Hearing.

The motion for the adoption of the foregoing resolution was duly seconded by member _____, and after full discussion thereof and upon vote being taken thereon, the following voted in favor thereof:

and the following voted against the same:

whereupon said resolution was declared duly passed and adopted.

STATE OF MINNESOTA
COUNTY OF ISANTI
CITY OF ISANTI

I, the undersigned, being the duly qualified and acting City Administrator of the City of Isanti, Minnesota, DO HEREBY CERTIFY that I have compared the attached and foregoing extract of minutes with the original thereof on file in my office, and that the same is a full, true and complete transcript of the minutes of a meeting of the City Council of said City duly called and held on the date therein indicated, insofar as such minutes relate to calling for a public hearing on the issuance of a conduit revenue note to finance the acquisition, construction and improvements to the existing charter school facilities for Art and Science Academy, Inc.

WITNESS my hand this ____ day of _____, 2021.

EXHIBIT A

NOTICE OF PUBLIC HEARING ON A PROPOSAL
FOR ISSUANCE OF A CONDUIT CHARTER SCHOOL LEASE REVENUE
NOTE (ART AND SCIENCE ACADEMY PROJECT)

Notice is hereby given that a public hearing shall be conducted by the City Council of the City of Isanti, Minnesota (the "City") on Tuesday, July 20, 2021 at 7:00 P.M. at the City Hall located at 110 1st Avenue NW, Isanti, Minnesota, to consider the proposal for the issuance by the City of a conduit revenue bond in one or more series (the "Note") pursuant to Minnesota Statutes, Sections 469.152-469.1655, as amended (the "Act"). The proceeds of the Note will be loaned to ABC Building Services, a Minnesota nonprofit corporation (the "Borrower"), to (i) finance the acquisition, renovation and improvement of the existing Art and Science Academy campus located at 903 6th Ave Court NE and 1005 7th Ave NE in the City (the "School Facility"); (ii) fund a debt service reserve fund, if necessary; (iii) pay a portion of the interest on the Note, if necessary; and (iv) pay the costs of issuing the Note, if necessary (the "Project"). The School Facility will be owned by the Borrower and leased to and operated by Art and Science Academy, Inc., a Minnesota nonprofit corporation and public charter school (the "School") as a kindergarten through 8th grade school facility with plans for expansion through 12th grade.

Following the public hearing, the City will consider adopting a resolution approving the Project and the issuance of the Note to finance the Project. The aggregate face amount of the Note proposed to be issued is presently estimated not to exceed $5,600,000. The Note if and when issued will not constitute a charge, lien or encumbrance upon any property of the City except its interest in the Project and revenues to be paid by the Borrower. Such Note will be a special, limited revenue obligation of the City payable solely from the revenues expressly pledged to the payment thereof, and will not constitute a general or moral obligation of the City, and will not be a charge against the City's general credit or taxing powers, but will be payable solely from revenues or collateral to be paid or provided by the Borrower pursuant to a revenue agreement.

A draft copy of the proposed application to the Commissioner of the Department of Employment and Economic Development, State of Minnesota, for approval of the Project, together with all attachments and exhibits thereto, is available for public inspection during normal business hours, Monday through Friday, at the City Hall in the City.

At the time and place fixed for the public hearing, the City will give all persons who appear at the hearing an opportunity to express their views with respect to the proposal. In addition, interested persons may file written comments respecting the proposal with the City Administrator at or prior to the public hearing.

YOUR COMPANY
CONDUIT FINANCING PROPOSAL

OVERVIEW

Your Company is pleased to submit this conduit financing proposal to the City of Isanti. This provides an overview for the nature of the request and a primer on the financials of the project.

The Objective

- Complete a proposed acquisition of properties for the Art and Science Academy (ASA) school complex to meet the needs for an increased student population to include a 9-12 high school.
- To partner with the City of Isanti in a tax conduit bank financing issue to lower costs for the school to finance the acquisition or alternatively for the City of Isanti to provide host approval for another city to be the sponsor of the tax conduit issuance.

Location Analysis

Currently both properties of Art and Science Academy are owned by the Charter School Development Corporation (CSDC) but will shortly become properties of ABCBS. ABCBS will become the long-term owner and lease manager of the properties for Art and Science. The two current properties operate under a P&Z conditional use permit that is allowed for public schools to operate in various zoning areas. The school currently leases use of the Elementary building to Grace Gospel Church for Sunday services and the school also leases a portion of the unused property north of the Middle School to a local farmer. This provides additional income streams to pay against the lease cost to CDSC, the remainder of the balance is paid through lease aid through the state and general funding from the school.

The Cambridge-Isanti area is growing at a substantial rate which includes over 50 housing permits in Isanti just in the past year and a similar amount in Cambridge nearby. With this growth comes additional families to the area which will increase the educational needs of this area for the foreseeable future. ASA and ABCBS see this as potential for steady growth in the area without the need to compete with the local school district for enrollment. Currently, ASA serves Cambridge, Isanti, and the immediate surrounding area in grades K-8.

Development Plan

ASA and ABCBS would be working together to implement the following plan:

- Step 1: Formation of an affiliated building corporation as the legal instrument to operating a charter school buildings per MN law. – Complete.
- Step 2: Line up financing and contact CDSC for purchase price of existing buildings. – In Progress.
- Step 3: Acquire buildings. Conclude business with CDSC. – On Hold, pending Step 2.
- Step 4: Once school fund balance reaches level for financial bonding (approx. 2-4 years), start the process to bond for building expansion of the Middle School into a 5-12 combined building. Bonding would roll over conduit loan for the acquisition of buildings into the bonding price for a single payment of long-term debt.
- Step 5: Commence construction of high school expansion and open to the public for school services.

Conduit Revenue Bond and Process

ABCBS wants to pursue this option for purchasing the properties because of the lower rates associated with tax exempt bonds vs conventional financing. Schools work within tight margins, so any way to reduce costs translates

into more funds to be able to turn back into programs and opportunities for students. Since ABCBS is representing a charter school, they do not have access to some of the bonding options that traditional districts have access to such as referendum-based tax obligation which require tax levy authority. However, as a 501(c)3 non-profit that provides services to the community, we do qualify for opportunities like the tax conduit bank financing as being outlined in this proposal. To that end, we are seeking City of Isanti approval to move ahead with this proposal or alternatively for the city to provide host approval so that we can approach another city that has loan capacity remaining.

ABCBS retains Jay Squires of Rupp, Anderson, Squires & Waldspurger for the school's real estate counsel. Jay has substantial experience representing schools for real estate transactions and is a certified Real Property Specialist in MN. ABCBS is fine with working with Northland Securities as the city's bond counsel. Alternatively, Kennedy&Graven or Fryberger of Duluth are acceptable as replacement bond counsel if needed. We understand there are associated costs as outlined in the conduit bond policy of the city and have attached our escrow agreement to this proposal.

ABCBS understands that a tax conduit bank financing requires the non-profit to assume all the risk of the debt payments and that the city cannot be held liable or responsible if any debt is issued. We are confident there would be no issues with this requirement as the school has been on time with its payments for years and as of the most recent financial audit had no significant findings or material issues.

Financials

ABCBS was created specifically for this purpose as the legal entity for ownership of the school properties (per MN law regarding ownership of charter school buildings). As such ABCBS does not have a financial history. Instead, listed below are the basic financials of ASA, which would be the tenant of the properties and who would be paying the lease to cover the associated costs. For a charter school seven years into operations, ASA is within the normal range financially. Typically, it is recommended by non-profit industry standards that charter schools maintain a fund balance in the 20-30% range.

	2019-20	2020-21 (est)	2021-22 (est)	2022-23 (est)
Enrollment	382	347	357	370
Revenues	$4,957,804	$5,697,253	$4,882,691	$5,103,004
Expenditures	$4,515,393	$4,958,576	$5,028,709	$5,171,978
Fund Balance	$751,390	$1,490,067	$1,344,049	$1,275,075
Fund Balance %	16.6%	30.1%	26.7%	24.7%

The current financing plan would be as follows:

	Funding	Costs	Total
Acquisition Costs (est)		$6,378,976	
Conduit Financing (80%)	$5,103,180.80		
Secondary Financing (20%)	$1,275,795.20		
Total			$6,378,976

ASA pays on a yearly lease with CSDC of approximately $642k which includes a roughly 20% overhead for CSDC's costs. We anticipate that this overhead will make it essentially revenue/expenditure neutral in the new financing arrangement. Any additional costs beyond what is listed above would be paid for through school funds. The terms of the conduit financing would be looking at a ten-to-twenty-year term with the likelihood of it being rolled into a

long-term bond at approximately year six or seven. The bank ran an estimate on a 3% rate and came up with $447,617 per year for the 80% conduit portion. The remaining 20% portion would generate an approximately $111,904 yearly cost for a combined total of $559,521. This is well within the current lease payments.

Projected Timeline

Key project dates are outlined below. Dates are best-guess estimates and are subject to change until a contract is executed.

Description	Start Date	End Date	Duration
Project Start	2019	NA	Approx 3-7 years
Formation of ABC	2019	2020	Complete
Acquisition of Properties	2020	2021	In Progress
Fund Balance for Bonding	2021	2023 or 2024	Pending
Financing of Expansion and Design	2024	2025	Approx 1 yr
Construction	2024 or 2025	2025 or 2026	Approx 8-15 mths
Opening	2025 or 2026	NA	

EXPECTED RESULTS

We expect that our proposed development plan will produce the following benefits:

Financial Benefits

- Increased land value around the school due to land improvements.
- Increased opportunity for growth in the area due to increased educational opportunities.
- More visible development in the town to spark additional interest in the area, especially the north side of town.
- A stable return/low risk since funding comes from school enrollment/state funding.
- The sponsoring city usually collects a fee for approving a resolution for the bond which brings in additional revenue with no financial risk.
- Lower financial costs for the school which translates into more funds being able to be turned back into educational programs.

Social Benefits

- Increased educational opportunities for the community.
- Increased social programs for students in the community.
- Increased avenues for access to social services (meals programs, family services, etc)

CONCLUSION

We look forward to hearing feedback regarding this proposal.

If you have questions on this proposal, feel free to contact Kevin Fitton at your convenience by email at kevin.fitton@asa.k12.mn.us or by phone at 763-444-0342.

MARIE RIDGEWAY LICSW LLC

THERAPY AND CONSULTING SERVICES AGREEMENT

This Agreement is made this ___ day of _____, 2021 ("**Effective Date**") by and between **MARIE RIDGEWAY LICSW LLC, d/b/a Marie Ridgeway & Associates and Ridgeway & Associates**, a Minnesota limited liability company ("**Service Provider**") and **Isanti Police Department/ City of Isanti in** the State of Minnesota ("**Customer**").

RECITALS

A. Service Provider is engaged in the business of providing professional mental health services to law enforcement officers and consulting with law enforcement agencies on mental health wellness topics.

B. Customer, for the benefit of its officers, their families, and the community, desires to obtain mental health services for its law enforcement officers.

C. Customer desires to engage Service Provider to provide the mental health services described in this Agreement and Service Provider is willing to provide such mental health services on the terms and conditions in this Agreement.

NOW, THEREFORE, in consideration of the terms and conditions expressed in this Agreement, the Service Provider and Customer agree as follows:

AGREEMENT

1. **Services to be Provided.** Service Provider agrees to provide Customer with professional mental health and consulting services as described in Exhibit A attached hereto (the "**Services**"). Service Provider will provide all Services in a manner consistent with the level of care and skill ordinarily exercised by professionals providing similar services. Service Provider will at all times be free to exercise professional judgment and discretion regarding the provision of professional mental health services.

2. **Qualifications.** Service Provider's owner, Marie Ridgeway, LICSW, is licensed as a Licensed Independent Clinical Social Worker in the State of Minnesota. Ms. Ridgeway also holds an Advanced Certification in Accelerated Resolution Therapy and she and her staff may use this type of eye movement therapy for the treatment of trauma, anxiety, panic attacks, and other mental health concerns.

3. **Compensation.** As compensation for the Services, Customer will pay Service Provider the compensation set forth in Exhibit B attached hereto ("**Compensation**"). Service Provider will provide Customer with at least 30 days' written notice prior to the effective date of any fee changes.

4. **Invoices and Payment.** Service Provider will provide invoices to Customer by e-mail on the last day of each month or the first business day of the following month for payment. Service Provider's invoices will contain a description of the services provided, hours, rates, and amounts undertaken by the Service Provider during that billing period. Invoices will use a unique anonymous code known only to Service Provider for each officer to protect individual officers' identity. Service Provider will maintain client confidentiality at all times and nothing in this paragraph mandates disclosure of confidential or private data.

   Customer will make payment to Service Provider via direct deposit whenever possible, within ten (10) days of receipt of the invoice. Credit card or check are also accepted when direct deposit is not an option. If Customer fails to pay any invoice within thirty (30) days of the date the invoice is issued, Service Provider may impose an eight percent (8%) late fee.

5. **Term.** The term of this Agreement will begin on the Effective Date and last for a period of one (1) year. This Agreement will automatically renew for subsequent one (1) year terms unless either party gives the other party sixty (60) days notice of nonrenewal.

6. **Termination.** This Agreement may be terminated as follows:

   a. Service Provider may terminate this Agreement in the event Customer fails to comply with any material term of this Agreement effective thirty (30) days after notice by Service Provider that Customer is not in compliance with such material term.
   b. Customer may terminate this Agreement in the event Service Provider fails to comply with any material term of this Agreement effective thirty (30) days after notice by Customer that Service Provider is not in compliance with such material term.
   c. Either party may terminate this Agreement without cause upon sixty (60) days prior written notice to the other party.

   In the event of a termination, Customer shall pay Service Provider for Services performed to the date of termination and for all costs or other expenses incurred prior to the date of termination.

7. **Work Products and Ownership of Documents.** All records, information, materials and other work products, including, but not limited to completed reports, drawings, plans, and specifications prepared and developed specifically at the request of Customer in direct connection with the provision of Services pursuant to this Agreement will become the property of Customer, but reproductions of such records, information, materials and other work products in whole or in part may be retained by Service Provider. Any and all records, information, materials and other work products, including, but not limited to reports, drawings, plans, and specifications developed by Service Provider for general use with Service Provider's clients or in Service Provider's business shall be and remain the property of Service Provider, regardless of whether they are used by Service Provider in fulfilling Service Provider's obligations under this Agreement. Further, nothing in this paragraph shall cause any professional therapy records, notes, or other related documents to become the property of Customer and all such documents shall remain the property of Service Provider or individual Clients. These obligations survive the termination of this Agreement.

8. **Publicity**. Each party must not use the other party's logo or state that the other party endorses its services without the other party's advanced written approval. If one party wishes to use the other party's logo or state that the other party endorses its services, Customer and Service Provider will develop mutually agreed upon language to use when discussing the Services. Both parties agree that any publicity including, but not limited to, press releases, social media postings, and written or oral statements to members of the news media, regarding the Services or the subject matter of this Agreement must not be released unless they comply with this mutually agreed upon language. Both parties acknowledge and agree that due to the nature of the Services, publicity associated with the Services may have a detrimental effect on Service Provider's ability to effectively provide Services and achieve the desired officer wellness goals. These obligations survive the termination of this Agreement.

9. **Records/Inspection.** Pursuant to Minnesota Statute § 16C.05, subd. 5, Service Provider agrees that the books, financial records, financial documents, and accounting procedures and practices of Service Provider that are relevant to the contract or transaction are subject to examination by the Customer and the state auditor or legislative auditor for a minimum of six years. Service Provider shall maintain such records for a minimum of six years after final payment. These obligations survive the termination of this Agreement.

10. **Data Practices Act and Data Privacy Compliance.** Customer does not intend by this Agreement to delegate a government function to Service Provider and Service Provider agrees that it is not performing a government function. Service Provider agrees to administer any and all data provided to the Service Provider or created, collected, received, stored, used, maintained, or disseminated by Service Provider in fulfillment of this Agreement in accordance with all applicable laws, which may include the Minnesota Government Data Practices Act, Minnesota Statutes, Chapter 13 ("**MGDPA**"), the Health Insurance Portability and Accountability Act ("**HIPAA**"), and the mandatory reporting obligations of Service Provider's licensed mental health professionals. Service Provider agrees to notify the Customer within five (5) business days if it receives a request for data under the MGDPA. This paragraph does not create a duty on the part of Service Provider to provide public access to data unless required under the provisions of an applicable law. These obligations survive the termination of this Agreement.

11. **Insurance.** Service Provider will maintain commercially reasonable insurance coverage, including commercial general liability insurance, professional liability insurance, and workers' compensation insurance, throughout this Agreement. Service Provider will provide Customer with copies of current certificates of insurance upon request.

12. **Subcontracting.** Customer acknowledges and agrees that Service Provider may provide Services through such independent consultants, associates, and subcontractors as it may deem appropriate to assist it in the performance of Services required by this Agreement. Service Provider will ensure that all professional mental health services are provided by individuals holding appropriate professional licenses in the State of Minnesota.

13. **Payment of Subcontractors.** Service Provider agrees that it must pay any subcontractor within ten (10) days of its receipt of payment from the Customer for undisputed services

provided by the subcontractor. Service Provider agrees that it must pay interest of 1-1/2 percent per month or any part of a month to the subcontractor on any undisputed amount not paid on time to the subcontractor. The minimum monthly interest penalty payment for an unpaid balance of $100 or more is $10. For an unpaid balance of less than $100, the prime contractor shall pay the actual penalty due to the subcontractor. A subcontractor who prevails in a civil action to collect interest penalties from Service Provider must be awarded its costs and disbursements, including attorney's fees, incurred in bringing the action.

14. **Compliance with Laws.** Service Provider will exercise due professional care to provide Services in accordance with applicable federal, state and local laws, rules, ordinances and regulations in effect from time to time.

15. **No Discrimination**. Service Provider agrees not to discriminate in providing products and services under this Agreement on the basis of race, color, sex, creed, national origin, disability, age, sexual orientation, status with regard to public assistance, or religion.

16. **Exclusive Agreement.** Customer agrees that it is retaining Service Provider as the sole mental health care provider for its law enforcement officers for the duration of this Agreement. All employer-paid check-ins, therapy sessions, and mental health care will be provided by Service Provider. Any and all fitness for duty or other evaluations will be sought elsewhere as Service Provider is a care provider and does not provide fitness for duty evaluations.

17. **Relationship of the Parties.** For the purpose of this Agreement, the relationship of a party and its employees, agents and servants to the other party and its respective employees, agents and servants will be that of independent contractors. Nothing in this Agreement will be construed, implied, or deemed to create any other relationship between the parties, including one of employment, agency, joint venture, association, partnership, or any other form of separate legal entity or organization.

18. **Authority.** The parties represent and warrant that, upon its execution, this Agreement will be binding upon each of them and enforceable in accordance with its terms.

19. **No Third Party Beneficiaries.** Nothing in this Agreement, express or implied, is intended to confer any rights or remedies under, or by reason of, this Agreement on any person or entities other than the signatories hereto.

20. **Entire Agreement.** This Agreement, including any schedules, exhibits, amendments or attachments thereto, constitutes the entire agreement between the parties with respect to the subject matter hereof.

21. **Severability.** If any term, provision or condition contained in this Agreement is deemed or declared unenforceable, invalid or void, the same will not impair or invalidate any of the other provisions contained herein, which will remain in full force and effect.

22. **Governing Law.** This Agreement and the rights of the parties hereunder will be governed and interpreted in accordance with the laws of the State of Minnesota.

23. **Notices.** Any notices required to be given hereunder will be in writing and may be either emailed, delivered personally or sent by mail:

Service Provider:	Marie Ridgeway LICSW, LLC Attn: Marie Ridgeway, LICSW 3550 Lexington Avenue N, Suite 303, Shoreview, MN 55126 marieridgeway@gmail.com
Customer:	Isanti Police Department Attn: Chief Travis Muyres 401 1st Avenue NW Isanti, MN 55040

24. **Waiver.** Waiver by a party of a breach of any provision of this Agreement will not operate as or be construed to be a waiver of any subsequent breach.

25. **Amendment.** This Agreement may be amended only by mutual agreement in writing executed by the parties.

26. **Headings**. The headings contained in this Agreement have been inserted for convenience of reference only and will in no way define, limit or affect the scope and intent of this Agreement.

27. **Counterparts.** This Agreement may be executed in multiple counterparts, each of which shall be deemed to be an original and all of which taken together shall constitute a single instrument.

IN WITNESS WHEREOF, Service Provider and Customer have caused this Agreement to be executed by their duly authorized representatives on the respective dates indicated below.

SCOPE OF SERVICES

1. **Services.** Service Provider and Customer agree that the primary purpose and spirit of these Services are to address personnel mental wellness and to reduce barriers, including lack of access to culturally competent care providers, to mental health care for law enforcement officers. In furtherance of this goal, Service Provider will provide the following Services:

    a. Therapy Sessions. Service Provider will provide individual mental health therapy sessions ("**Therapy Sessions**") to law enforcement officers employed by Customer ("**Clients**").
        i. *Number of Sessions*. Clients are eligible to receive up to six (6) Therapy Sessions per calendar year. If authorized by the Customer, Service Provider may provide more than six (6) Therapy Sessions when doing so will provide a significant benefit to the Client. Service Provider will request authorization for additional Therapy Sessions from Customer without sharing any identifying Client information.
        ii. *Couples/Family Therapy Sessions*. If Service Provider and Client determine that it would be helpful to the Client to include the Client's significant other and/or household family members in a Therapy Session, Service Provider may invite such individuals to join Client in the Therapy Session. In Service Provider's sole discretion, Service Provider may speak with Client's significant other individually as part of the Therapy Session.

    b. Individual Critical Incident Follow Up Sessions. Upon request of Customer, Service Provider will provide individual mental health therapy to Clients following critical incidents ("**CI Sessions**"). Customer will notify Service Provider of all Clients required to complete a CI Check-In. Service Provider will confirm Client attendance at CI Sessions but CI Sessions are otherwise strictly confidential and Service Provider will not share any substantive information with Customer. CI Sessions are not fitness for duty evaluations.

    c. Mandatory Mental Health Check-Ins. Service Provider will provide a mental health check-in ("**MH Check-Ins**") for each member of Customer's staff on an **annual** basis. Service Provider will also provide a mental health check-in to each of Customer's new hires. MH Check-Ins are opportunities for one-on-one consultation and education and are not mental health therapy. Service Provider will confirm Client attendance at MH Check-Ins but MH Check-Ins are otherwise strictly confidential and Service Provider will not share any substantive information with Customer.

    d. On-Site and Consulting Services. Service Provider will provide the following services as requested by Customer:
        i. Telephone or in-person consultation services regarding mental health and wellness.

ii. Attendance at roll calls at the start of the program and as needed to introduce the program, answer questions, and provide information.
iii. Participation in ride-alongs as appropriate to be a familiar resource and support to the Customer and Clients.
iv. Attendance at critical incident defusings or debriefings, when possible.
v. In-person or remote presentations on mental health and wellness topics.

e. Therapy Dog. Service Provider owns a therapy dog in training (a male German Shepherd) and may bring the dog on-site when appropriate as mutually agreed upon by Customer and Service Provider.

2. **Logistics**.

a. Contact Information. Customer will e-mail Service Provider's contact information to all Clients. Customer will also post Service Provider's contact information in conspicuous locations within the department.

b. Appointment Scheduling. Customer will inform all Clients that they may call, text, or e-mail Service Provider directly to schedule appointments. Appointments will be scheduled during normal business hours as mutually agreed by Service Provider and Clients. For purposes of this Agreement, normal business hours shall mean between the hours of 9:00 a.m. and 5:00 p.m., Monday to Friday. Evening and weekend appointments are available weekly, depending on therapist schedules.

c. Location. Unless otherwise agreed by Service Provider and Customer, Therapy Sessions, CI Check-Ins, and MH Check-Ins will occur at Service Provider's office.

d. Urgent Requests. Service Provider will use best efforts to accommodate urgent requests for appointments and other services provided under this Agreement as necessary to serve Client needs. Customer agrees that Services provided on an urgent basis (less than five (5) business days notice) or outside of normal business hours will incur an additional fee specified in Exhibit B.

Request for City Council Action

To: Mayor Johnson and Members of City Council
From: Sheila Sellman, Community Development Director
Date: May 18, 2021
Subject: Approve Contract for Short-term Inspection Services

Background:
At the April Committee of the Whole meeting the Council discussed the need for backup services. The RFP went out for backup and interim services, proposals are being accepted until May 24, 2021. The current Building Official will be out of the office May 20th to May 26th with his last day on May 29th. Since he will be out of the office, we will need to fill in that time, and this gap is before the RFP is due; therefore, staff suggest entering into a short-term contract with Rum River Construction Consultants to fill in during his absence and on June 1, 2021. The contract recommendations for backup and interim services based on the RFP will be brought forward to Council at the June 1, 2021 meeting.

Request: Consider approving the agreement

AGREEMENT FOR BUILDING OFFICIAL SERVICES

This Agreement for Building Official Services (the "Agreement") is entered into on this_____ day of _____, 2021, by and between the City of Isanti (the "Municipality") and Rum River Ventures, LLC DBA Rum River Construction Consultants (the "Contractor").

RECITALS

WHEREAS, the Municipality is in need of professional services to fulfill the needs of their building inspection services pursuant to Minn. Stat. § 326B.133; and

WHEREAS, Contractor has substantial experience as a Building Official and providing building department inspection services implementing the State Building Code and is otherwise qualified to assist the Municipality on an as needed basis for the same; and

WHEREAS, the Municipality desires to contract with Contractor to act as a Building Official and/or provide building inspection services for the Municipality; and

WHEREAS, Contractor is engaged in an independent business and has complied with all federal, state, and local laws regarding business permits and licenses of any kind that may be required to carry out said business and the tasks as set forth in this Agreement; and

WHEREAS, Contractor is an independent contractor and may be engaged to perform the same or similar activities for other municipalities during the term of this Agreement, and that Contractor shall not work solely on behalf of Municipality.

NOW, THEREFORE, for the reasons set forth above, and in consideration of the mutual promises and covenants made herein, it is agreed as follows:

I. Services. Contractor shall provide services to the Municipality on an as requested basis for the prices set forth on Exhibit A attached hereto (the "Services"). Contractor shall perform the Services in the capacity of a Certified Building Official, at the direction of the Chief Building Official, under Minn. Stat. § 326B.133, in accordance with the Minnesota State Building Code, applicable Municipality Ordinances, and applicable Minnesota law. The Municipality understands that all transportation expenses incurred in the course of performing the Services shall be the responsibility of the Contractor. Contractor reserves the right to change the prices and services offered on Exhibit A from time to time, and shall provide the Municipality 30 days written notice in advance of any such changes. Municipality agrees that in the course of performing the Services, Contractor is acting as a public official on the Municipality's behalf.

II. Term. This Agreement shall commence on the date first written above and shall continue for a period of one year therefrom, at which time the Agreement shall automatically renew on a yearly basis until or unless terminated as specified below.

III. Performance. Contractor shall maintain licenses by the State of Minnesota as a Certified Building Official and by the Minnesota Pollution Control Agency as a Certified Inspector for on-site septic systems. Contractor shall perform the Services in a manner consistent with that of a reasonable and prudent Building Official. Contractor shall maintain an adequate set of records in Municipality property files of all dates, types, and results of permits as required when inspecting permitted work. If any work is requested outside of the scope of the services set forth in Exhibit A, such work shall not commence until Contractor and the Municipality agree to the terms, scope, price, and other details in writing (including via electronic mail). Such additional work shall still be subject to the terms and conditions of this Agreement.

IV. Duties and Powers of Building Official. As provided by Minnesota Administrative rules 1300.0110, the Municipality and Building Official hereby appoint Rum River Construction Consultants and its employees as Subd. 2. Deputies, and extend the Duties and Powers of Building Official while providing services for the City of Andover.

V. Independent Contractor. Contractor shall perform the Services as an independent contractor and agent of the Municipality, and not as an employee. No withholdings or deductions shall be made from payments due to Contractor. Contractor shall not be eligible for benefits, workers compensation, or unemployment benefits. To the extent allowable by law, Contractor may subcontract the performance of certain administrative or other duties under the Agreement.

VI. Insurance. During the entire term of this Agreement, Contractor shall maintain the following insurances and will provide the Municipality of evidence of the same upon request: (1) Commercial general liability insurance coverage with a policy limit of at least $1,500,000 per occurrence; (2) Business automobile liability coverage with a total liability limits of at least $1,500,000; and (3) Workers' compensation insurance. If Contractor is not required by law to carry workers' compensation insurance, in place of proof of workers' compensation insurance, Contractor may provide a written statement of exemption specifying the particular provision of Minn. Stat. § 176.041 that exempts Contractor from having to carry such coverage. If Contractor is required by law to carry workers' compensation insurance, Contractor shall, at the time of execution of this Agreement, furnish evidence satisfactory to the Municipality that Contractor maintains or is exempt from maintaining insurance coverage pursuant to the terms of this Agreement.

VII. Amendments. Any alterations, variations, modifications, or changes of any provisions of this Agreement shall only be valid when they have been reduced to writing and signed by Municipality and Contractor.

VIII. Regulatory Compliance. Contractor shall abide by all federal, state, and local laws, statutes, ordinances, rules, and regulations now in effect or hereinafter adopted pertaining

to this Agreement or to the facilities, programs, and staff for which Contractor is responsible. Contractor shall procure, at Contractor's expense, all permits, licenses, or other rights required for the provision of the Services. Any violation of federal, state, or local laws, statutes, ordinances, rules or regulations, as well as loss of any applicable license, permit, or certification by Contractor shall constitute a material breach of this Agreement, regardless of the reason and whether or not intentional, and shall entitle Municipality to terminate this Agreement effective as of the date of such violation, failure, or loss.

IX. Data Practices Compliance. Contractor will have access to data collected or maintained by the Municipality to the extent necessary to perform Contractor's obligations under this Agreement. Contractor agrees to maintain all data obtained from the Municipality in the same manner as the Municipality is required under the Minnesota Government Data Practices Act, Minnesota Statutes Chapter 13. Contractor will not release or disclose the contents of data classified as not public to any person except at the written direction of the Municipality. Upon termination of this Agreement, Contractor agrees to return all data pertaining to Municipality business within 30 days of Agreement termination.

X. Termination. Either party may terminate this Agreement by providing written notice to the other party 60 days prior to the termination. In the event of a material breach by either party, the Agreement may be terminated with 10 days written notice to the other party. In the event Municipality elects to terminate based upon an alleged material breach of the Agreement by Contractor, Contractor shall have 10 days (or the least amount of time reasonably necessary if longer than 10 days) to cure the breach.

XI. Billing and Payment. Invoices shall be submitted periodically (customarily on a monthly basis) and are due and payable within 30 days of receipt by Municipality. Past due balances shall accrue interest at a rate of 1.0% per month (or the maximum rate of interest permitted by law, if less).

XII. Choice of Law and Venue. This Agreement is being executed in and is intended to be performed in the State of Minnesota, and shall be construed and enforced in accordance with Minnesota law. The parties hereto consent and agree that any legal action arising from or related to the Agreement shall be venued in Anoka County District Court, State of Minnesota.

XIII. Severability. The provisions of this Agreement shall be deemed severable. If any part of this Agreement is rendered void, invalid, or otherwise unenforceable, such rendering shall not affect the validity and enforceability of the remainder of this Agreement.

XIV. Merger. The Parties acknowledge and represent that no promise or representation not contained in this Agreement has been made to them, and acknowledge and represent that this Agreement contains the entire understanding between the Parties and contains all terms and conditions between them.

XV. Counterparts. This Agreement may be executed in one or more counterparts, each of which shall be deemed an original but all of which shall constitute one and the same

instrument. For purposes of this Agreement, the use of facsimile, email, or other electronic medium shall have the same force and effect as an original signature.

IN WITNESS WHEREOF, the parties hereto have signed and executed this Agreement, both in duplicate, on the day and year first above written.

Warranty Statement

In all cases, unless otherwise noted, equipment manufacturer's warranties will apply and be honored by SCR and it is the customer's responsibility to be aware of warranty time periods and start dates. Food product is the customer's responsibility and is not covered under any warranty.

- New equipment:__90 days_____Labor__1 year_____Parts

Per manufacturer - typical 1 year parts

- Refurbished equipment:_____Labor_____Parts
- Existing and owner provided equipment - No warranty
- 90 day SCR warranty on LED labor, 5 yr. Innovative Lighting manufacturer's warranty on parts

Notes:

- Electrical information or plan is not an engineered design, it is provided in good faith and is for electrical contractor to design, not for bidding or building purposes
- Lost product/business due to any refrigeration malfunction is the owner"s responsibility as temp checks are owner's responsibility.
- Installation prices can vary depending upon what equipment is purchased.
- Any alteration or deviation from above specifications involving extra costs will be above the estimate.
- Installation is also dependent upon contractor being ready at job site upon our arrival. This correlates closely with electricians, plumbers, and carpenters.
- All work to be completed in a workmanlike manner according to standard practices.
- This agreement is contingent upon accidents or delays beyond our control.
- Owner is to carry necessary construction insurance.

All manufacturers have strict guidelines on how to operate and maintain their equipment. It is very important the owner/operator familiarizes themselves with the manufacturer's owner's manuals that are provided with the equipment when delivered. If the owner/operator need s additional information or is unclear on use of equipment SCR will assist with this or provide additional training. Manufacturer's warranties will be void if owner/operator use equipment in a manner that is inconsistent with operation manual. When dealing with equipment that is not serviced by SCR, it is up to the owner/operator to contact manufacturer to get an approved service agent for equipment in question. Warranty claims need to be handled between end user and manufacturer for proper coverage of warranty. SCR is not responsible for manufacturer warranty policies.

***All freight delivered to site must be checked in by owner or owner's representative. Any damage must be noted on the bill of lading. After receipt all equipment becomes the owner's full responsibility.**

***By accepting this proposal, owner accepts financial liability for engineering, drawings, cancellation fees and any other costs incurred in the project process.**

***Pricing is valid for 30 days from date of quote.**

Hello,

Please note our current promotion. We are extending you a $5,000.00 Discount on this quote if you send in an approved purchase order or prepay by check or EFT. The discount will be removed if a credit card is used.

We can only hold the price for 30 days at a time. The price has already gone up several times this year due to raw material shortages and prices going up. I know you said you do not need this until November but we can not hold the price until then. The price may not change by then but we don't have anyway of knowing. I am sorry.

The shipping cost for basic delivery is $2,900.00 which reflects this being delivered by truck to a business address. Customer is responsible for unloading the merchandise off the truck and bringing them inside. If you would like to add a lift gate or inside delivery please let me know, before the order is processed, as these services do cost extra.

Please let us know if we can assist you further and thank you for considering Allen Display.

To: Honorable Mayor Johnson and Members of the City Council

From: Jason W Cook, P.E.
City Engineer

Subject: Project Status Report
Project No.: 0R1.123310, Isanti, MN

Please find listed below a status report of the current projects in the City of Isanti:

1) Liquor Store Site

Sewer, water, and storm sewer will be completed by May 14, 2021. Building footings will be constructed this month.

2) Main Street Reconstruction

The project bid opening is scheduled for June 1, 2021.

3) Eagle Park Parking Lot Reconstruction

We have added this as an alternate to the Main Street Reconstruction bid package to be evaluated after bids are received.

4) Heritage Walk Improvements

We have added this as an alternate to the Main Street Reconstruction bid package to be evaluated after bids are received.

5) 2021 Pavement Management Project

The project bid opening is scheduled for June 1, 2021.

6) 2021 Storm System Management Project

This project has been awarded to DW Companies. They are scheduled to begin work on Whiskey Road later this month.

7) 6th Avenue Rehabilitation

Punchlist items will be completed this spring. Sod will be maintained by the contractor through May 15, 2021.

8) Legacy Pines 2nd & 3rd Additions

Punchlist items will be addressed in the spring on 2nd Addition. Sidewalks and final pavement surfaces will be completed in the spring on 3rd Addition Phases 1 & 2. 3rd Addition Phase 3 has installed the underground utilities and will complete Eagle Street construction this summer.

Bolton & Menk is an equal opportunity employer.

9) Fairway Greens South Development

A new development is proposed to extend Wendover Street NE. The project is planned for construction this summer/fall.

10) Fairway Greens North Development

A new development is proposed to extend to the NE along 7th Avenue from Cajima Street near the Arts & Science Academy. The first phase is planned for construction this summer.

11) Caribou Coffee

The Caribou Coffee project at the intersection of 5th Avenue NE & Main Street is scheduled to begin construction this month.

12) MS4 Implementation

We assisted the City with completing the MS4 permit application and will continue to assist the City as requested to meet MS4 requirements.

Please contact me if you have any questions.

Request for City Council Action

To: Mayor Johnson and Members of City Council
From: Sheila Sellman, Community Development Director
Date: June 1, 2021
Subject: Resolution 2021-XXX Approving the Development Agreement for Fairway Greens North Phase I

Background:
On April 6, 2021 the City approved the final plat for Fairway Greens North (Phase I). As part of the development process a development agreement is required. The applicant has reviewed the agreement and would like to discuss the escrow. Staff is requesting a $30,000 escrow based on expenditures in developments this size and based on the amount of Engineering time for inspections and the amount of time that has already been spent on this development.

Park dedication fees are to be determined as staff is working with the City Attorney and applicant on the actual dedication of land and fees.

Request:
Approve the Development Agreement for Fairway Greens North Phase I

RECITALS

WHEREAS, the City Council, by Resolution No. 2021-021, on February 2, 2021, approved Preliminary Plat known as "Fairway Greens North" (the Plat); and,

WHEREAS, the Plat, which is the first phase of the overall Fairway Greens North development, contemplates development of real property into 167 residential housing units ("Lots") to be built in phases (Phase One – 56 lots), each of which is subject to this Agreement and their own subsequent agreement; and

WHEREAS, the City Council, by Resolution No. 2021-058, on April 6, 2021, approved Final Plat for Fairway Greens North Phase I; and,

WHEREAS, it is the policy of the City to enter into development contracts as contemplated in Minnesota Statutes 462.358, subd. 2(a); and

WHEREAS, the City and Developer desire to set forth their respective rights and obligations in this Agreement.

NOW, THEREFORE, in consideration of the Recitals, the premises and of the mutual

promises and conditions contained herein, it is agreed by the City and the Developer as follows:

1. **Development Agreement Provisions.** Subject to such changes as may be agreed between the City and the Developer(s), development of the Plat shall adhere to the provisions set forth herein.

2. **Escrow for City Costs and Fees.** Developer shall, contemporaneously with execution of this Agreement, deposit with the City an escrow of $30,000, to cover the cost of legal fees, engineering fees, administrative expenses and other costs related to the Development. A separate escrow of the same amount will be established with the Developer for each Phase. All fees and costs incurred by the City in connection with each Phase of the Development shall be charged against said escrow account which shall remain in effect until the completion of the Development Phase. Any funds remaining in the escrow account(s) after the completion of the applicable Phase shall be refunded to the Developer. In the event the escrow account is depleted, the Developer shall post additional sums of money to replenish the account in increments of $10,000 to cover projected City costs as determined by the City. The escrow account shall always have a balance of no less than $1,000.00. The Developer shall be entitled, upon request, to an itemized statement of all costs and fees charged against the Developer's escrow account.

3. **Developer Installed Municipal Improvements.** The Developer shall construct the following described municipal improvements for the Development, which are hereinafter collectively called "Developer Installed Municipal Improvements." The Developer Installed Municipal Improvements shall be constructed at the Developer's expense and in accordance with City requirements and specifications. The Developer shall engage at its own expense a registered professional civil engineer to prepare plans and specifications for the Developer Installed Municipal Improvements. These plans shall be submitted to the City for review and be approved by the City Engineer. The Developer agrees to City inspection of all Developer Installed Municipal Improvements and payment for said inspection services.

    a. The Developer shall construct and/or be responsible for the installation of sanitary sewer, water mains, storm sewer systems, and bituminous streets, with concrete curb and gutter, streetlights, sidewalks and trails.

b. The Developer shall provide adequate off-street parking on all lots abutting on cul-de-sacs, or termination turnarounds, so that the City can prohibit on-street parking, if necessary, for safety and maintenance purposes.

c. Where grading is required, soils inspection and compaction testing shall be conducted by a registered professional engineer on all areas where soil has been disturbed. All grading shall be done in accordance with a Grading Plan approved by the City Engineer. A minimum of one (1) compaction test shall be obtained for every two (2) foot increment of fill that is placed. A summary of all inspections and compaction tests shall be provided to the City upon completion of the grading. The Developer shall provide a 79G, final compaction report for each lot that has more than two (2) feet of fill.

d. All utilities, including electricity, telephone, cable and natural gas, shall be installed underground within platted utility easements or road rights-of-way.

4. **Erosion Control.** Soil stabilization shall be employed throughout each Plat as required to ensure the integrity of the soils. The Developer shall use topsoil, mulching, seeding, silt fence, and other such means as are approved by the City to prevent erosion of the soils. An erosion control plan shall be submitted by the Developer and approved by the City Engineer before a grading permit is issued for the Development. Before any grading is started on site, all erosion control measures, as shown on the erosion control plan approved by the City, shall be installed. The Developer shall be responsible for compliance with the approved erosion control plan. The Developer will be given a telephone notice when an unsatisfactory condition exists that is determined to be the Developer's responsibility. Work to correct said unsatisfactory condition shall commence within 48 hours from the time of the telephone notice. If said work is not commenced within 48 hours of said telephone notice, the City is hereby given the right to enter upon the property and to proceed to do the required work at the expense of the Developer. If it is determined that the unsatisfactory condition could result in degradation of downstream water quality, the Developer shall, upon telephone notice, immediately proceed to correct said unsatisfactory condition. If the Developer does not immediately respond to said unsatisfactory condition, the City is hereby given the right to enter upon the property and correct said condition at the expense of the Developer. The City shall be entitled to all its reasonable costs and expenses associated with

correction work done under this paragraph, including, but not limited to legal, fiscal and engineering costs. The City may at its option invoice the said costs for direct payment from the Developer or proceed to draw on the Developer's escrow established under paragraph 2 or the financial guarantee provided under paragraph 13. The erosion control plan shall be in accordance with the Minnesota Pollution Control Agency's NPDES Phase II requirements.

5. **Street Cleaning.** The Developer shall contract with a street cleaning firm to provide street cleaning services within and immediately adjacent to the Development. A copy of said contract shall be submitted to and approved by the City, in its discretion, prior to the issuance of a grading permit. This contract shall be submitted to and approved by the City prior to the issuance of a grading permit. This contract shall name the City as an authorized agent to order street cleaning services, as the City deems necessary. The Developer shall pay for the cost of the street cleaning under the contract. During development of the Plat, the Developer shall keep the streets adjoining its Development free of dirt and debris caused by its Development. In the event dirt and/or debris has accumulated on streets within or adjacent to the Development, the City is hereby authorized to immediately commence street cleaning operations if the streets are not cleaned by the Developer by 3:30 p.m. the day after the violation. If conditions are such that street cleaning operations are immediately necessary, the City may perform the necessary street cleaning. The City will then bill the Developer for all associated street cleaning costs. Failure to reimburse the City for street cleaning costs within ten days of such billing will result in the City drawing funds from the Developer's escrow established under paragraph 2 or the financial guarantee provided under paragraph 13.

6. **Stormwater.** The Developer shall construct storm sewer, swales, and/or such other storm water drainage devices as shall be necessary to control drainage within the Plat per the approved plan. Storm water systems shall be designed based on 100-year high water levels. No storm water retention or pond areas shall be constructed on residential lots. Drainage easements shall be given to cover storm water conveyance needs. The Developer shall maintain all drainage area easements on each Lot and no improvements, landscaping or grading shall be permitted in drainage area easements that would interfere with drainage.

7. **Sidewalks/Trails.** The Developer shall build all required sidewalks and trails located within the Development according to the approved plans associated with the

Development.

8. **Streetlights.** Streetlights shall be installed within the Plat according to a lighting plan, which will first be approved by the City Engineer. The Developer shall also submit a street lighting plan to Connexus Energy for its review, comment and approval. The installation of the streetlights shall be coordinated with Connexus Energy so that the street light system is installed, constructed and operated in such a manner as will harmoniously exist with other street lights within the area. Street lights must be installed prior to acceptance of the municipal improvements and the beginning of the warranty period.

9. **Street Repair.** It is anticipated that heavy construction equipment will be using City and County roads to access the Plat. The Developer shall be responsible for the reconstruction and/or repair of said street(s) identified as damaged by the City of Isanti following completion of construction within the Plat. Said reconstruction shall return the street(s) to an equal or better condition than existed prior to commencement of the Development. Plans for such work shall be approved by the City Engineer prior to commencement of reconstruction or repair work. The Developer shall instruct all construction crews to ensure that the properties adjacent to this Plat have access to their property at all times during construction.

10. **Schedule.** All work for the Developer Installed Municipal Improvements, including street, sanitary sewer, storm sewer, and municipal water, shall be done subject to the approval of the City in accordance with City standards and requirements. All Developer Installed Municipal Improvements shall be fully completed to the reasonable satisfaction and approval of the City by the target date, which will be set for each Phase of the Development, subject to unavoidable delays. “Unavoidable delays” means delays which are the direct result of acts of God, unforeseen adverse weather conditions, strikes, other labor troubles, fires or other casualty to the Developer Installed Municipal Improvements, litigation commenced by third parties which by injunction or other similar judicial action that directly results in delays, or acts of any Federal, State or local government unit that results in delays, or any unforeseen circumstances beyond the Developer’s reasonable control.

11. **Notice to Proceed.** The Developer agrees not to commence any grading, utility or street work within the Development until first receiving a written “Notice to Proceed” from the City Engineer.

12. **Warranty of Improvements.** The Developer represents and warrants that all the Developer Installed Municipal Improvements made shall be guaranteed to be properly functioning as designed for a period of two years following acceptance by the City of the Developer Installed Municipal Improvements ("Warranty Period"). In the case of any material or labor that is supplied and that is reasonably rejected by the City as defective or unsuitable, then the rejected materials shall be removed and replaced with approved material, and the rejected labor shall be done anew to the reasonable satisfaction and approval of the City at the sole cost and expense of the Developer. In any event, none of the Warranty Periods identified herein shall begin to run until all the Developer Installed Municipal Improvements have been approved and accepted by the City. If the Developer does not proceed to correct or repair improvements under this section once notified by the City, it shall be considered an Event of Default under the Development Agreement. The Developer shall post a warranty bond to guarantee completion of warranty items.

13. **Financial Guarantee.** The Developer shall provide a financial guarantee to the City, in the form of a cash escrow or irrevocable letter of credit in the amount equal to one hundred twenty five percent (125%) of the estimated amount of the required Developer Installed Municipal Improvements to be completed in the Phase(s) of the Development. The form of such financial guarantee shall be at the option of the Developer subject to the City's approval of the documentation evidencing the guarantee. Any letter of credit shall be from a FDIC insured financial institution approved by the City. The City's Engineer shall calculate the estimated cost of completion of the Developer Installed Municipal Improvements for each Phase of the Development. One hundred twenty five percent of that amount will be required as a financial guarantee. Except as hereinafter provided, the City shall have the right to retain the financial guarantee until the Developer Installed Municipal Improvements have been completed to the satisfaction of the City. The Developer has a right to request reduction of the escrow, or letter of credit amount as work on the Developer Installed Municipal Improvements progresses. Specifically, the Developer shall send a written request to the City's Community Development Director for a specific reduction in the amount of the escrow, or letter of credit. City staff shall review that request and make a recommendation to the City Council as to whether the escrow, or letter of credit should be reduced and if so, to what amount. The City Council shall then decide whether to reduce the escrow, or letter of credit. The City, however, will not reduce the escrow, or letter of credit, below 20% of the estimated cost of the Developer Installed

Municipal Improvements until after submittal of record plan documents as required by paragraph 23, or below 10% of the total construction cost of the Developer Installed Municipal Improvements until two years following acceptance of the Developer Installed Municipal Improvements. At that point, the escrow, or letter of credit shall be released or refunded, as applicable, if no warranty work remains to be done.

14. **Signs, Signals, & Markings.** All costs associated with markings and signs are to be borne by the Developer. Placement of signage, whether on a temporary basis for construction, or on a permanent basis as part of the Development, shall be as directed by the City Engineer.

15. **Lowest Floor Elevations.** No building shall be constructed on any of the Lots herein unless the lowest floor elevation is at least two feet above the 100-year flood elevation or two feet above the high groundwater elevation, whichever is greater, for the subject property. Additionally, the lowest floor elevation shall be specifically referenced and designated, for each Lot, on a certificate of survey, which survey shall be provided to the City before any building permits are issued. The developer shall provide written notice to buyers whose lots are located in the 100 year floodplain at the time a purchase agreement is executed.

16. **Park Fee.** The City has a policy to build up a capital account for future park acquisition and development by means of a park dedication fee. For each Phase the Developer agrees to pay the current park dedication fee based on the number of residential units. Park Fees for Final Plats approved shall be as per the City Fee Schedule. Park dedication fees for Phase one are to be determined, recognizing that some of the park dedication fees may be accepted in land dedication.

17. **Signal Light Fee.** For each Phase of the Development, the Developer shall contribute a signal light fee based on the number of residential units (Lots). Signal Light fees for shall be as per the City Fee Schedule. Fees are to be paid before any work on a Phase may begin. The fees current as of the date of this Agreement and applicable to Phase One are set forth in Exhibit B.

18. **Trunk Utility Charge.** For each Phase of the Development, the Developer shall pay a utility trunk charge based on the number of residential units (Lots) as per the City Fee Schedule. Fees are to be paid before any work on a Phase may begin. The fees current as of the date of this Agreement and applicable to Phase One are set

forth in Exhibit B.

19. **Agency Approval.** The Developer agrees to submit the utility plans, or any portions thereof, to all appropriate federal, state, county or local governing agencies or bodies for their written approval. This includes any permits or agreements for construction on/over the gas easement.

20. **Plat Conditions.** All general and special conditions, plans, special provisions, proposals, specifications and contracts for the Plat shall be and hereby are made apart of this Agreement by reference as if fully set out herein in full.

21. **Miscellaneous Provisions.** The Developer specifically understands that approval for Fairway Greens North is given subject to the following requirements:

a. The Final Plat must be submitted by the Developer to the City for signatures (and the Mylar "hard shells" must be fully executed) within 120 days of the Council approval of the Final Plat or said approval shall be null and void. The Developer will pay for all costs pertaining to Plat recording and submit to the County for recording. The Developer shall also submit the Final Plat and "as constructed street and utility plans" in electronic format. The electronic format shall be the most current version of AUTOCAD in NAD 83 Isanti County Coordinates for mapping purposes.

b. All applicable conditions of Plat approval must be met before any deeds are stamped for recording and prior to the recording of the Final Plat at the Isanti County Recorder's Office.

c. No building or other permits shall be issued until the Final Plat has been recorded with the Isanti County Recorder; all street signs have been erected by the Developer (as determined by the City); and curb, gutter and the bituminous base course has been placed. This provision specifically requires that the surface water drainage system must be completed and functioning to the satisfaction of the City.

d. Each Single-Family structure in future Phases shall meet the square footage requirements for the home and garage, and setback requirements per the Planned Unit Development and all applicable City Code and Ordinance requirements. The following setbacks shall apply:

Front setback: 30 feet
Side yard setback: 8 feet
Street side yard setback: 20 feet
Rear yard setback: 20 feet
Accessory structure setback: 5 feet

e. The Developer shall pay all fees relating to this subdivision, including the cost of recording documents relating to Developer's responsibilities hereunder with Isanti County.

f. Exterior lighting or advertising activities on the site shall comply with City ordinance regarding same.

g. Drainage and erosion control methods for this development shall be completed prior to the City accepting the roadways or the Developer Installed Municipal Improvements. All work shall be inspected by the City to ensure that it complies with City standards. The Developer is responsible for complying with the provisions of the MPCA's NPDES Stormwater Permit. Where the MPCA and City requirements differ, the more stringent or restrictive requirement shall govern.

h. The Developer shall permit access to the land herein for periodic inspection to assure conformance with the conditions herein.

i. The Developer shall remove all temporary soil stabilization and erosion control devices, such as silt fencing, before the escrow held by the City is returned to the Developer.

j. No material deviations from the approved Final Plat and or construction plans shall be allowed unless approved in writing by the City.

k. The Developer shall provide the City with legal descriptions of all parcels of land that are to be subdivided as a part of this project.

l. A certificate of survey shall be provided by the builder to the Building Inspector for each Lot at the time a building permit is requested for that Lot. The Developer shall also provide to the City a certificate indicating that all Lots in the Development are graded as per the grading plan submitted.

m. The Developer shall provide on-site a sufficient number of portable outhouses to be available for the persons who will be working on-site.

n. During the installation of the Developer Installed Municipal Improvements, Developer shall remove all tree waste; junk, miscellaneous debris, junk vehicles, and any other personal property from land still owned by Developer pursuant to the City Code and shall seal wells as directed by the State of Minnesota.

o. The Developer is responsible for the installation of mailboxes according to the United Stated Postal Service regulations. The Developer shall work with the local Postmaster to identify mailbox locations. The mailboxes must be installed before a Certificate of Occupancy is issued.

p. The bituminous wear-course shall not be placed until the following construction season from when the sanitary sewer and watermain were installed unless approved by the City Engineer.

22. **Special Provisions.** The following shall apply:

a. **Planned Unit Development** - The Development is approved by the City as a Planned Unit Development, in which the conditions of such approval, authorized in City Council Resolution 2021-021, shall apply.

b. **Liquidated Damages.**

i. Developer Installed Municipal Improvements within the Plat are certified as being substantially completed by the City. Specifically, the Developer agrees to immediately pay to the City liquidated damages in the amount of $1000.00 for each such closing that occurs in violation of this paragraph. The City shall be authorized to retain an appropriate percentage of the financial guarantee referred to in paragraph 13 as security for payment of any liquidated damages owed to the City. The City reserves the right to not issue a Certificate of Occupancy in addition to liquidated damages until all Developer Installed Municipal Improvements are certified as being substantially complete.

ii. The Developer agrees to pay liquidated damages to the City in the amount of $500.00 if the Developer encroaches upon any City Road right-of-way or utility easement without first obtaining a written permit from the City expressly authorizing said encroachment. The City shall be authorized to retain an appropriate percentage of the financial guarantee referred to above as security for payment of any liquidated damages owed to the City. Liquidated damages for encroachment are not an exclusive remedy and do not preclude the City from objecting to the encroachment, demanding removal of the encroachment, or initiating legal action to remove the encroachment. In the event

c. **Sodding and Seeding Requirements.** All boulevards, public areas, and storm water drainage areas shall be initially seeded and stabilized at completion of mass grading operation by the developer. Prior to issuance of a certificate of occupancy of a single-family residence.

23. **Record Information Requirements.** Following completion of all development activities for each Phase, the Developer shall provide to the City "as-built" plans for all Developer Installed Municipal Improvements and land within the Plat. This information shall be provided to the City by two printed copies, one mylar "hardshell" and one in an electronic GIS file format acceptable to the City Engineer. Such record drawings shall be submitted by the Developer and approved by the City Engineer, prior to the City accepting the Developer Installed Municipal Improvements and starting the warranty period. As-built information shall include:

    a. Topography in two-foot contour intervals.

    b. Water System facility information, including:

        i. Location, size and depth of all mains and services;

        ii. Location and type of all valves and,

        iii. Location of all hydrants.

    c. Sanitary sewer facilities information, including:

        i. Location, size and depth of all mains and services;

ii. Location and invert elevations of all manholes; and,

iii. Location, size and depth of all lift stations.

d. Storm sewer facilities information, including:

i. Location, size and depth of all storm sewers;

ii. Location and invert elevations of all manholes; and,

iii. Location, type and outflow elevations of all storm water control structures.

e. Flood plain boundaries.

f. Ordinary high-water elevation for all water bodies.

g. Location of all easements.

h. Location of all road rights-of-way.

i. Location of all streets, sidewalks and trails.

j. Location and description of all surveying monuments.

k. The Developer shall also provide such other information regarding the Plat as is reasonably requested by the City.

24. **Warranty of Title.** The Developer warrants and represents to the City that it is the fee owner of the land described in the Plat and that it has authority to execute this Agreement and agree to the conditions hereof.

25. **Lien Waivers.** Copies of signed and recorded lien waivers are required from each of the Developer's Contractors and Subcontractors. The Lien Waivers shall be submitted to and approved by the City Engineer prior to accepting the Developer Installed Municipal Improvements and starting the warranty period.

26. **Binding Effect.** This Agreement shall be deemed to be a restrictive covenant and the terms and conditions hereof shall run with the land described herein and be binding on and inure to the benefit of the heirs, representatives and assigns of the parties hereto, and shall be binding upon all future owners of all or any part of the subdivision, and

shall be deemed covenants running with the land. Reference herein to the Developers, if there be more than one, shall mean each and all of them. This Agreement shall be placed of record to give notice hereof to subsequent purchasers and successor owners. The cost of said recording shall be borne by the Developer.

27. **Restrictions on Transfer/Indemnification.**

    a. **Indemnification.** The Developer agrees to defend and hold the City, and its officials, employees and agents, harmless against any and all claims, demands, lawsuits, judgments, damages, penalties, costs and expenses, including reasonable attorney's fees, arising out of actions or omissions by the Developer, its employees and agents, in connection with the Development.

    b. **Enforcement by City; Damages.** The Developer acknowledges the right of the City to enforce the terms of the Development Agreement against the Developer, by action for specific performance or damages, or both, and by any other legally authorized means. The Developer also acknowledges that its failure to perform any or all of its obligations under the Development Agreement may result in substantial damages to the City; that in the event of default by the Developer, the City may commence legal action to recover all damages, losses and expenses sustained by the City; and that such expenses may include, but are not limited to, the reasonable fees of legal counsel employed with respect to the enforcement of the Development Agreement.

28. **Hold Harmless Agreement.** The Developer acknowledges that its failure to control erosion in accordance with the plans and exhibits as contained herein may cause flooding and/or damage to adjoining property owners. In such event, the Developer agrees to hold the City harmless and indemnify the City from claims of all third parties or the Developer for damages arising out of such flooding and/or damages. Further, in the event the City undertakes any corrective actions to prevent or minimize any such flooding and/or damage, the Developer agrees to hold the City harmless and indemnify the City from claims of all third parties for damages arising out of said corrective action by the City, and agrees to reimburse the City for all out of pocket expenses incurred by the City arising out of the corrective action including, but not limited to, any cost necessary to re-landscape disrupted soils located within the Development.

29. **Insurance.** The Developer will provide and maintain or cause to be maintained at all times during the process of construction of the Developer Installed Municipal Improvements until six months after acceptance of all Developer Installed Municipal Improvements and, from time to time at the request of the City, furnish with proof of payment of premiums on:

    a. Comprehensive general liability insurance (including operations, contingent liability, operations of subcontractors, completed operations and contractual liability insurance) together with an Owner's Contractor's Policy with limits against bodily injury, including death, and property damage (to include, but not be limited to damages caused by erosion or flooding) which may arise out of the Developer's work or work of any of its subcontractors. Limits for bodily injury or death shall not be less than $500,000.00 for one person and $1,000,000.00 for each occurrence; limits for property damage shall not be less than $200,000.00 for each occurrence. The City, City Engineer, and Developer's Engineer shall be additional named insureds on said policy. The Developer shall file a copy of the insurance coverage with the City.

    b. Worker's compensation insurance as required by statute.

30. **Events of Default.**

    a. **Events of Default Defined.** The following shall be "Events of Default" under the Development Agreement and the term "Event of Default" shall mean, whenever it is used in the Development Agreement, any one or more of the following events:

        i. Subject to unavoidable delays, failure by the Developer to commence and complete construction of the Developer Installed Municipal Improvements pursuant to the terms, conditions and limitations of the Development Agreement. For purposes of this Agreement, "unavoidable delays" means delays which are the direct result of acts of God, unforeseen adverse weather conditions, strikes, other labor troubles, fire or other casualty to the Municipal Improvements, litigation commenced by third parties which, by injunction or other similar judicial action, directly results in delays, or acts of any federal, state or local governmental unit, and which directly results in delays.

ii. Failure by the Developer to observe or perform any covenant, condition, obligation or agreement on its part to be observed or performed under the Development Agreement.

b. **Remedies on Default.** Whenever any Event of Default occurs, the City may undertake any one or more of the following:

i. The City may suspend its performance under the Development Agreement until it receives assurances from the Developer, deemed adequate by the City, that the Developer will cure its default and continue its performance under the Development Agreement. Suspension of performance includes the right of the City to withhold permits including, but not limited to, building permits.

ii. The City may initiate such action, including legal, equitable or administrative action, as is necessary for the City to secure performance of any provision of the Development Agreement or recover any amounts due under the Development Agreement from the Developer, or immediately draw on the financial guarantees provided by the Developer pursuant to the Development Agreement.

iii. The City may draw upon any escrow or financial guarantee established pursuant to this Agreement.

iv. The Developer agrees that if the escrow or financial guarantee is insufficient or terminates, the City has the right to use the special assessment process under Minnesota Statutes chapter 429 to construct and pay for uncompleted Developer Installed Municipal Improvements or to correct and repair any improvements under warranty. This constitutes a petition to undertake such public improvements under Minnesota Statutes chapter 429, and waiver of any all rights to notices, hearings and appeal under said chapter.

31. **Notice and Demands.** A notice, demand or other communication under this Agreement by either party to the other shall be sufficiently given or delivered if it is dispatched by registered or certified mail, postage prepaid, return receipt requested, or delivered personally; to the addresses as follows:

a. Developer: HomePride Inc
3495 Northdale Blvd Suite 200
Coon Rapids MN 55011

b. City: City of Isanti
City Administrator
P.O. Box 428
Isanti, MN 55040

Either party may designate an additional or another address upon giving notice to the other party pursuant to this paragraph.

32. **Disclaimer of Relationship.** Nothing contained in this Agreement or any Development Agreement nor any act by the City or the Developer shall be deemed or construed by any person to create any relationship of a third-party beneficiary, principal and agent, limited or general partner, or joint venture among the City, the Developer, and/or any third party.

33. **Receipt Acknowledgment.** The City shall acknowledge receipt of the funds received at the time the Development Agreement is signed.

34. **Other Provisions.**

a. **Modifications.** The Development Agreement may be modified solely through written amendments hereto executed by the Developer and the City.

b. **Counterparts.** The Development Agreement may be executed in any number of counterparts, each one of which shall constitute one and the same instrument.

c. **Judicial Interpretation.** Should any provision of the Development Agreement require judicial interpretation, the court interpreting or construing the same shall not apply a presumption that the terms hereof shall be more strictly construed against one party by reason of the rule of construction that a document is to be construed more strictly against the party who itself of through its agent or attorney prepared the same, it being agreed that the agents and attorneys of both parties have participated in the preparation thereof.

d. **Governing Law.** The Development Agreement shall be construed under the laws of the State of Minnesota.

e. **Severable Provisions.** If any word, phrase, clause or part of this Agreement is found unenforceable, the balance of the Agreement shall remain in full force and effect.

The Remainder of this page is left intentionally blank.

IN WITNESS WHEREOF, the City and Developer have caused this Agreement to be duly executed on the day and year first above written.

Memo for City Council

To: Mayor Johnson and Members of the City Council
From: Alyssa Olson, Parks, Recreation & Events Coordinator
Date: June 1, 2021
Subject: Bluebird Park Performance Center

Background:
In April 2021, it was decided at Committee of the Whole to move approval for building the Performance Center in Bluebird Park to the City Council. The original estimated budget allocated for this project was $248,230, however increased materials and labor costs will require an increased budget for this project.

Staff received another round of updated prices on the preferred design by Cedar Forest Products labeled Band Shell #3 Kit. The unit will cost $159,628 to purchase with shipping. This cost does not include groundwork or construction. The estimate on installation by Jeff Busby Enterprises, LLC is $72,500. Extending electrical to the unit will cost an estimated $15,000. Inspection, grading, and testing is estimated at $20,500. A sidewalk will need to be installed along the perimeter of the Performance Center for ADA-accessibility. Public Works can install this sidewalk with an estimated cost of materials at $3,300.

The revised total estimated cost to build the Performance Center is $267,628. The estimated costs to add two lights near the sledding hill to illuminate the basin in front of the Performance Center is $25,956, bringing the total projected cost to $296,884. Additional funds can be allocated from Fund 920 to cover these increased costs. There is also an option to delay the sidewalk and lighting installation until next year. A temporary sidewalk would be created for accessibility until the permanent walk could be installed.

Performance Center Estimated Costs		
Band Shell #3 Kit	$159,628	
Site Work and Structure Fabrication	72,500	
Electrical Service	15,000	
Inspection, Grading & Testing	20,500	
Initial Project Costs		**$267,628**
Park Lighting	25,956	
Walk Installation	3,300	
Optional Delay Project Costs		**$29,256**
TOTAL Performance Center Estimated Cost		**$296,884**

Request:
Staff would like direction on the following for the Performance Center:

- Approval to increase the budget limit to account for increased material and labor costs.
- Direction on project scope for which items to include in the initial project installation.
- Approval to move forward with building of the preferred design.

Memo for COW

To: Mayor Johnson and Members of the City Council
From: Alyssa Olson, Parks, Recreation & Events Coordinator
Date: April 20, 2021
Subject: Bluebird Park Performance Center Discussion

Background:

In January 2020 the Council approved updated plans to move forward with the Amphitheater/Performance Center project in Bluebird Park. The estimated budget allocated for this project is $248,230.

Staff recently received updated pricing on the preferred design by Cedar Forest Products labeled Band Shell #3 Kit. The unit would cost $139,430 to purchase with shipping. This cost does not include groundwork or construction. The estimate on Site Work and Structure Fabrication by Minnesota/Wisconsin Playground is $106,632. Electrical Service, Inspection, Walk & Testing estimated costs are $20,500.

Staff would also recommend updates to the pre-fabricated structure plans: install a window in one of the dressing rooms to utilize the space for a rentable meeting room at an estimated cost of $5,000 and install a centralized air unit to provide air conditioning and heat at an estimated cost of $1,500. The total estimated cost to build the Performance Center is $273,062.

The proposed site plan was developed to include the Performance Center, Restrooms (see attached Bolton & Menk January 10, 2020 Memorandum), and the future Splash Pad for foresight into how all facilities will work together within the Bluebird Park footprint. Staff recommends the design of each of these facilities be considered to create a cohesive look in the park and would like to recommend installing a maroon-colored roof, painting the pavilion roof to match and ensuring all future facilities match as well.

Lighting will also need to be installed at the Performance Center and at the Sledding Hill and would cost approximately $15,000.00. This would be by installing two lights: one on each side of the sledding hill to match the lighting already in place in Bluebird Park. The recommendation from the Council in February 2021 was to wait to install lighting at the Sledding Hill until the Amphitheater was completed and both could be installed together.

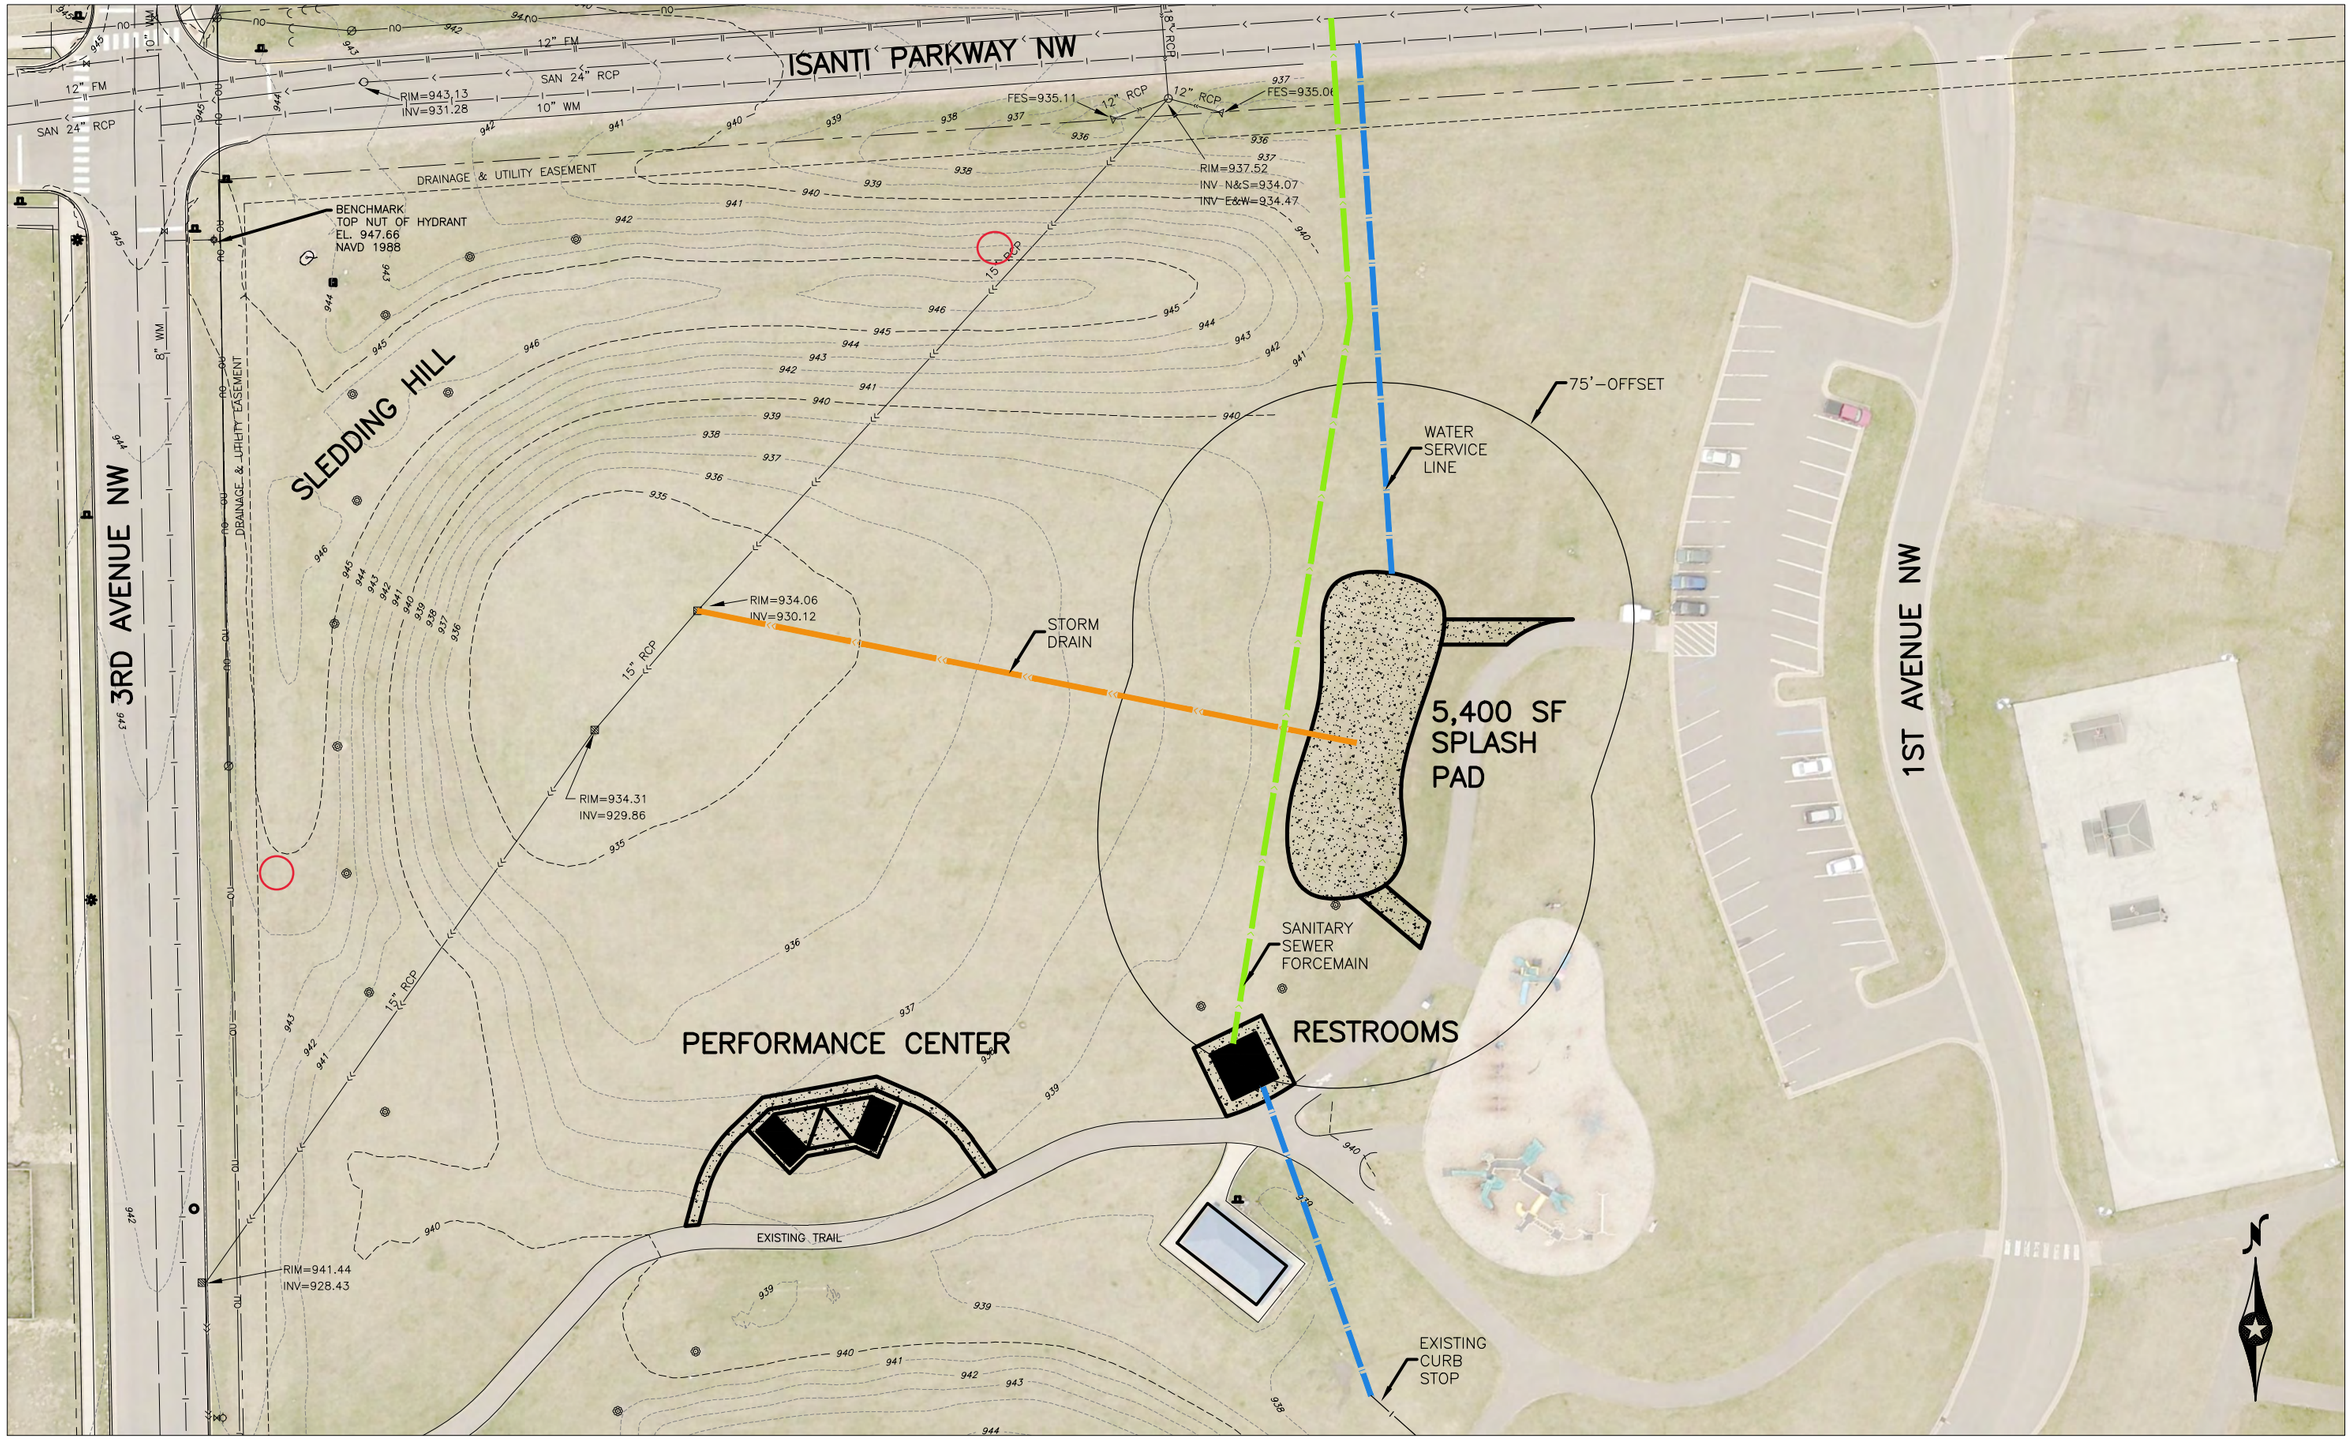
Performance Center Estimated Costs	
Band Shell #3 Kit	$139,430
Site Work and Structure Fabrication	106,632
Electrical Service, Inspection, Walk & Testing	20,500
Meeting Room Window	5,000
Centralized Air Unit	1,500
Performance Center Estimated Cost	**$273,062**
Bluebird Park Lighting Estimated Cost	**$15,000**

Restroom Estimated Costs

Option #1		***Option #2***	
Prefab Double Restroom Structure w/Concession Stand	$125,000	Alternate Single Vault Latrine	$50,000
		Convert Dressing Room to Concession Stand	5,000
Grading & Utility Extensions w/Grinder Pump	75,000		
Restroom Estimated Cost	**$200,000**		**$55,000**

Request:

Staff would like direction on the following for the Performance Center:



- Confirmation of positioning and location (revised Site Plan will be provided at meeting).
- Converting one dressing room into a functional meeting space for future rentals.
- Confirmation of color of stain and roofing.
- Installation of lighting around Amphitheater and Sledding Hill.
- Approval to increase the budget limit to account for increased material costs.
- Approval to move forward with building of the preferred design this calendar year.

Staff would like direction on the following for Restrooms:

- Confirmation of structure style.
- Confirmation with or without attached concession stand.

RESOLUTION 2021-XXX

APPROVING THE OFFER FOR THE POSITION OF PERMIT TECHNICIAN TO CANDY CONRAD

WHEREAS, the City Council of Isanti is required to approve hiring of all employees; and,

WHEREAS, hiring panel selected and made a conditional offer of employment to Candy Conrad as the most qualified candidate for the position; and,

WHEREAS, Candy Conrad's offer is contingent on successfully passing a background investigation and reference check required by the City of Isanti;

NOW, THEREFORE, IT IS HEREBY RESOLVED by the City Council of the City of Isanti, Minnesota, as follows:

1. That Human Resources has offered the Permit Technician position to Candy Conrad and that she is eligible to start in that position after June 1st, 2021.
2. This position is part-time and not eligible for benefits.
3. That Candy Conrad must meet the conditions of employment.
4. That Candy Conrad shall start at Step 2 of the wage scale at $24.34 hourly.
5. That Human Resources is directed to complete all required documentation for the completion of employment offer and place a copy of this resolution in the employee's personnel file for future reference.

This resolution is hereby approved by the City Council this 1th day of June 2021.

13. **Resolution 2021-116** Offering the Position of Building Official to Matthew Small

Councilmember Bergley asked how Covid effected the MOU for the School Resource Officer and if they fee was reduced.

City Administrator Josi Wood responded that Cambridge-Isanti School District made the request for last years season to end early because of distance learning. The way that the contract is structured is that they only pay for days that the SRO is in the school facility.

Bergley asked who the SRO is.

Mayor Johnson responded Chris Morgan is the SRO.

Bergley asked if the SRO is part-time or full-time.

Wood responded that the school district pays for what they use so during the school year he is full-time at the schools and during the summer he does fill in with other shifts.

Motion by Lundeen, second by Bergley to approve consent agenda. Motion passed 4-0. Motion carried.

Members Present: Mayor Jeff Johnson, Councilors: Jimmy Gordon, Paul Bergley and Steve Lundeen

Members Absent: Dan Collison

Staff Present: City Administrator Josi Wood, City Clerk Jaden Strand, Parks, Recreation and Events Coordinator Alyssa Olson, Public Services Director Matt Sylvester, Interim Liquor Store Manager Keith Lusk, Chief of Police Travis Muyres, Community Development Director Sheila Sellman and Finance Director Mike Betker

Others Present: William Snelling, Sharon Snelling and Brandon Heaton

D. Public Comment
None

E. Committee Meeting Items

1. City Council Agenda Request *(William and Sharon Snelling)*
- A request was made for relief of water bill due to Covid-19 illnesses and hardships.
- Consensus from Committee is to pay average billing amount and waive the rest of the bill.

2. Police Updates
- A contingent offer has been made for employment of the last grant officer position.
- The requested speed sign arrived at the end of last week and has been set up at South Passage.
- The capital squad was ordered in January and the end of May is when it is going to ship from Chrysler.
- Two officers have been out for defensive tactics instructor course and by the end of this year the Police Department will have all inhouse instructor pool.
- June 1st City Council meeting will include a resolution for the Joint Powers SRT Team as Lieutenant McCarty was appointed Commander and Chief Muyres was appointed Board Chair.

3. Liquor Updates
- Gross Profit for the months of January-April was 26.96%.

- Total sales for the months of January-April were $1,155,968.00 in 2021. January-April sales for 2020 was $1,112,210.00 and 2019 was $867,512.00, respectively.
- With Covid, sales in 2020 were up 28% over 2019 while customer count in 2020 increase by 9.5%. Thus far in 2021 the liquor store has managed to stay ahead of the 2020 sales pace despite March of 2020 showing a 42% increase in sales over March of 2019.
- Interim Liquor Store Manager Keith Lusk will be meeting with Louella Polzin at the end of June for a history lesson on Isanti and Isanti Liquor, and to find out what she would like to see in reference to naming part of the new store for Bozo.

4. Turkeys and Ducks Discussion
- There has been interest by residents in the city to keep certain animals, specifically turkeys and ducks.
- The request would be to allow these domestic fowl in residential areas.
- Surrounding cities do not allow domestic fowl to be kept in residential areas.
- Some cities allow turkeys and ducks to be kept only in areas that are zoned agricultural and are considered farm animals by definition.
- Isanti's zoning district equivalent to agricultural land would be the R-1A Residential Rural District. This zoning district has a minimum lot size of 1 acre.
- Recommendation from Committee is for Community Development Specialist Ryan Saltis to research ducks and bring back to Committee of the Whole for further discussion.

5. VFW Park Lease Termination Discussion
- On May 19, 1987, Resolution #98-82 was passed by the City Council, entering into an agreement with the Veterans of Foreign Wars (VFW) Board of Directors of Rum River Post No. 2735 for the City of Isanti to lease and operate a portion of VFW property for the established VFW Park at a cost of $1.00.00 per year.
- In previous and ongoing discussions, the Parks, Recreation and Culture Board and the City Council have addressed opportunities to reduce the number of parks operation by the City.
- Staff has identified the VFW Park as a dated property that receives minimal use and requires continued maintenance and is a viable park to discontinue managing in order to meet these goals.
- In review of the leasing agreement, the City may terminate this agreement at any time if the use is deemed incompatible with future goals by giving reasonable notice to the leasing party (VFW).
- Recommendation from Committee is to terminate lease agreement and donate the playground equipment to the VFW if they are willing to accept it.

6. Wind Turbine Discussion
- A request was made by Brandon Heaton to discuss wind turbines in residential areas. The request is to specifically change Subdivision 21 of Section 13 to include low voltage turbines in residential areas.

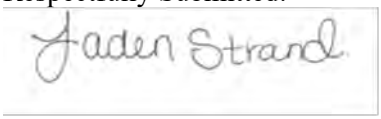
- According to Heaton the motor is smaller than a football and this would be mounted to his roof.
- The size of the wind turbine is roughly the size of a boot.
- The noise that would be produced from a small wind turbine of this size would be 40 decibels at the turbines top speed, similar to a running refrigerator.
- Recommendation from Committee is to amend ordinance to allow wind turbine and require a permit.

7. Well II Sand Discussion
- During the Well II Rehab work, there was approximately 300 yards of sand removed from the Mt Simon Aquifer. The sand removed is very fine and provides limited use as it is not compactable.
- To have the sand hauled away it would cost about $10.00 a yard.
- Residents and non-residents have requested to purchase the sand.
- Recommendation from Committee is to sell the sand per the surplus policy.

8. Liquor Store Plaque Discussion
- At new city facilities a bronze plaque is typically done.
- The cost is approximately $525.00
- Majority recommendation is to move forward with purchasing bronze plaque for the new liquor store.

9. EDA Purchasing Old Liquor Store Discussion
- Committee discussed the option of the EDA purchasing the old liquor store.
- Selling City property needs to be done through the EDA.
- Consensus from Committee is to wait until the appraisal of the liquor store is completed and if that location is the most cost effective for the police dept.
- Committee had no further recommendations.

10. Liquor Store Signage Discussion
- Committee was presented with two different options for signage at the new liquor store.
- Options A & B were images of the front. Option A presented a lit Isanti Liquor logo with the tree and river and option B presented “Isanti Liquor” with sconces.
- Options C & D were images of the side. Option C is lit and option D is not lit with sconces.
- Options E & F were for curbside pickup. Option E is lit and option F is not lit with sconces.
- Committee was presented with an example of a potential option of “beer”, “wine” and “spirits” signs in the windows of the new liquor store.
- Majority consensus from Committee is to move forward with options A, D and F and proceed with research prices for “beer”, “wine” and “spirits” signs in the windows of the new liquor store.



11. Veteran Discount at Liquor Store

- Committee discussed allowing for veteran discount 7 days a week at the liquor store.
- Recommendation from Committee is to continue veteran discount 7 days a week and bring formal resolution to Council June 1st for approval.

F. Adjournment

Meeting was adjourned at 6:03 p.m.

PLANNING COMMISSION MEETING

TUESDAY, March 16, 2021

Immediately following the 7:00 P.M City Council Meeting;

1. **Meeting Opening**
   - A. Call to Order: Chair Johnson called the meeting to order at 7:44 p.m.
   - B. Pledge of Allegiance
   - C. Roll Call: Members present: Jeff Johnson, Dan Collison, Steve Lundeen, Jimmy Gordan, Paul Bergley, Alexander Collins, Arissya Simon.
     Members Absent: None
     Staff present: Community Development Director Sheila Sellman, Community Development Specialist Ryan Saltis, City Administrator Josi Wood
   - D. Agenda Modifications: None

2. **Meeting Minutes**

   A. Approval of Minutes from the January 19, 2021 Planning Commission Meeting and the March 2, 2021 Special Planning Commission Meeting motion by Lundeen, second by Collison, motion passes 7-0.

3. **Public Hearing**

   A. Request by Coffee Holdings, LLC for approval of Site Plans under City Ordinance 445 Section 10 and Conditional Use Permit under City Ordinance 445, Section 13, Article 2, Subd 4, said request is for a Caribou Coffee building with a drive-thru located at PID 16.029.0500.

   The Community Development Specialist presented the site plans for a proposed Caribou Coffee building with drive-thru facilities located at 260 5th Ave NE. There was one representative present at the meeting from Coffee Holdings LLC, Jon Fahning the applicant who was available for questioning from the Planning Commission. The Planning Commission discussed access to the site from Main St and 5th Ave NE and the width of the drive-thru lane not being able to accommodate a fire truck per request of the Fire Chief. The applicant discussed other areas on site where a fire truck would be accessible to both the building and drive-thru lanes without the truck needing to pass through these service lanes. The Planning Commission agreed that a Fire Truck would be able to access the building and service lanes by other locations on site. The Planning Commission reviewed the exterior signage on the building and approved all signs on the exterior of the building concluding that the signage plan presented is the signature look for this size of building. The freestanding signs on site will have to apply for a separate sign permit and are not included with the site plans. The applicant was also asked questions regarding employee numbers, other locations in the state with this size of building, and future development plans for the north end of the site. Jimmy Gordon pointed out that the Planning Commission should be aware of the Highway 65 zoning district regulations and how other businesses in the district were also held to higher

standards. Conditions listed in the staff report included lighting design, outdoor patio layout, wall sign placement and entering into a minor development agreement. The Planning Commission discussed with the applicant whether conditions listed in the staff report were reasonable. The applicant was aware of the conditions for approval and concluded that they would be able to accommodate these conditions. There was no one present from the public to speak at the public hearing. Motion for approval of site plans and Conditional Use Permit for drive-thru facilities with conditions listed in the Community Development Specialist staff report dated March 16, 2021 and City Engineer's report dated February 23, 2021 by Lundeen, 2nd by Gordon, motion passes 7-0.

B. Request by Paradise Homes for a Variance under City Ordinance 445, Section 21, Article 2, said request is to construct a four-season porch within the 30-foot rear setback requirement of Legacy Pines Second Addition PUD, located at 511 Blue Bird Ct, PID 16.155.0080.

Sellman presented the variance request to construct a four-season porch within the 30-foot rear setback. The encroachment of the porch would be roughly 4 feet into the 30-foot rear setback. Sellman explained how the variance request does not meet criteria listed for practical difficulties and recommended denial of the variance. Sellman noted that if the Planning Commission would like to approve the variance, they will need to indicate the reasoning and how it meets practical difficulties. The applicant, Bob Straus of Paradise Homes was present at the meeting and available for questions from the Planning Commission. Lundeen asked why the plans for the house or the porch couldn't be altered. The applicant explained how the dimensions of the porch would make it functional, if it had to follow the 30-foot setback requirements, the size of the porch would not be functional. The applicant explained that there is a large outlot behind the property, and that encroaching 4 ft into the rear setback would not impact surrounding properties. Planning Commissioner Simon reminded the Commission that there was a similar variance request for rear setback encroachment for a house that backed up to an outlot and that this request was passed by the Planning Commission. Collison explained that a request like this should be considered on a case-by-case basis and they are not looking to set a precedent. There was no one from the public who spoke at the public hearing. Planning Commission members discussed the reasons for approval and included that there was a similar case approved, there is not a utility easement where the porch will be placed and that the lot backed up to an outlot. Motion for approval of the Variance by Gordon, 2nd by Simon, motion passes 6-1.

4. **Other Business:** None
5. **Discussion Item:** None
6. **Adjournment:** Motion by Bergley, 2nd by Collison to adjourn, motion passed 7-0 meeting adjourned at 8:27 p.m.

Respectfully submitted by Ryan Saltis, Community Development Specialist

Memo for Council Action

To: **Mayor Johnson and Members of the City Council**
From: Alyssa Olson, Parks, Recreation & Events Coordinator
Date: June 1, 2021
Subject: Resolution 2021-XXX Approving a Special Event Permit Application for the CISC Recreational Soccer Tournament

---

Background

The Cambridge-Isanti Soccer Club (CISC), has submitted an application requesting a Special Event Permit for the CISC Recreational Soccer Tournament. The event is scheduled for June 26, 2021 and will take place on the Cambridge-Isanti Soccer Complex grounds at 950 3rd Avenue N. The club is anticipating about 350 people at the event. The event will include Tournament games and some food trucks on the property.

Tournament activities will remain on Complex grounds with the exception of overflow parking at Bluebird Park (201 Isanti Parkway NW). CISC is not requesting that any roads be closed for the event.

CISC will utilize existing portable restrooms onsite. The portable restrooms provided during the event should be adequate for the estimated daily attendance. CISC will be responsible for cleaning up all parking areas after the event.

In addition to the Special Event Permit, CISC will need to submit a list of vendors as a Peddler ahead of the event, as applicable.

Special Event Permit application materials, including an event map, have been included for Council review.

Staff Request

City staff are requesting City Council's approval of the Special Event Permit application for the CISC Recreational Soccer Tournament.

ACCIDENT MEDICAL EXPENSE BENEFITS & ACCIDENTAL DEATH AND DISMEMBERMENT BENEFITS
Explanation of Coverage
Term of Insurance: September 1, 2020 to September 1, 2021

Who is Covered?

Insured persons include all registered team members, those players participating in approved try-outs, coaches, managers, referees, officials, and volunteers of the teams, leagues or of the association.

Covered Activities

Insured persons are covered for injuries resulting directly and independently of all other causes from accidents occurring while participating in the following covered activities:

- Scheduled games, team practice sessions, tryouts or sponsored activities provided they are under the direct supervision of a team official; or sanctioned local or national tournaments as a member of a contestant team.
- Organized and supervised group travel as authorized by the Policyholder directly to and from a covered event.

What Is Not Covered?

The plan does not provide coverage for: ➢ intentionally self-inflicted injury ➢ air travel except as a fare-paying passenger on a regularly scheduled airline on a scheduled flight ➢ injuries resulting from other than covered activities ➢ loss resulting from sickness or disease, except bacterial infection which occurs through an accidental wound

Accident Medical Policy Limits

For reasonable necessary medical expenses, our youth accident medical policy pays up to $200,000 for injuries sustained in a covered accident. Dental injuries are treated like any other injury. Payment will not be made for any expenses incurred after 52 weeks from the date of injury. An expense is considered incurred on the date the medical care is rendered. A $1,000 Deductible applies to each covered accident.

Minnesota Youth Soccer Association excess accident medical insurance policy is secondary insurance. Failure to follow the rules of your primary healthcare coverage will result in a benefit reduction of eligible expenses to 50% of the amount otherwise payable.

"Injury" means bodily injury of an Insured Person resulting directly and independently of all other causes from an accident which occurs while he or she is participating in a covered activity. Sickness or disease (except pus forming infections which occur through an accidental cut or wound) of any kind will not be considered as bodily injury.

Reasonable Expenses means usual and customary charges.

Accidental Death and Dismemberment Benefits

The plan pays:

- $5,000 for loss of life or loss of two or more members, which results from injuries sustained in an accident which occurred while participating in a covered activity.
- $2,500 for loss of one member (hand, foot or eye), which results from injuries sustained in an accident which occurred while participating in a covered activity.
- Such payment shall be in addition to any other indemnity payable to the date of loss, but only one amount, the larger amount applicable shall be payable for all such losses resulting from any one accident.
- "LOSS" shall mean, with respect to hands and feet, physical separation through or above the wrist or ankle joint; with respect to the eyes, entire and irrecoverable loss of sight.

Excess Coverage

The participant accident medical expense insurance is provided on an "excess" basis. This means that after the insured player or coach has been reimbursed for medical expenses by other insurance programs, and after the deductible has been satisfied, the Youth Soccer Accident Medical Expense plan will pay up to the maximum Medical Expense benefit for remaining treatment, service and supply expenses. These other programs include group, blanket or franchise health insurance coverage, group hospital or medical service plans, and prepayment coverage; any coverage under labor-management trustee plans, union welfare plans, employer organization plans, and coverage under any governmental programs, coverage required or provided by any statute, and automobile reparations insurance (no-fault) coverage.

Claim Procedures

For AD&D and Accident Medical Expense Claims, claim forms are available through your State Association, League or Club Offices. Detailed Accident Medical Expense claim instructions can be found on each claim form. In the event of injury requiring medical treatment, you should:

- Fully complete a claim form verified by a witness and submit it to your State Soccer Association for verification. Youth Soccer Accident Medical Coverage is provided on an "excess basis", therefore, charges must first be submitted to any other medical insurance carrier available to the participant.

THIS OUTLINE IS ONLY FOR GENERAL INFORMATION AND NONE OF THE ABOVE SHALL AMEND OR ALTER THE INSURANCE CONTRACTS.
THE WORDING OF THE POLICIES CONSTITUTES THE ONLY AGREEMENT BETWEEN THE INSURED AND THE INSURANCE COMPANY. CONSULT YOUR POLICIES FOR COVERAGE EXCLUSIONS.

Memo for Council Action

To: **Mayor Johnson and Members of the City Council**
From: Alyssa Olson, Parks, Recreation & Events Coordinator
Date: June 1, 2021
Subject: Resolution 2021-XXX Approving a Special Event Permit Application for the 2021 Isanti Firefighters PRCA Rodeo

---

Background

The Isanti Firefighter Rodeo Association (IFRA), has submitted an application requesting a Special Event Permit for the 2021 Isanti Firefighters PRCA Rodeo. The event is scheduled for July 7 through July 11, 2021 and will take place on the Rodeo grounds at 500 3rd Ave NW. The association is anticipating about 11,000 people over the 2-day event. The event will include live entertainment using public addressing systems and amplifiers during the daily events and dances following the Friday and Saturday rodeo performances.

The IFRA is requesting the use of several areas for parking for spectators. Property belonging to the City of Isanti includes Unity Park (420 3rd Ave NW). City staff will designate entrance and exit areas for City of Isanti lots; IFRA will be responsible for enforcing spectator parking and for any damages caused to sidewalks, curbing, trails, etc. as a result of rodeo parking. Other parking areas owned by other entities include Isanti Primary School parking lot and grass (301 Heritage Blvd NW), Cambridge-Isanti bus garage on 1st Ave NW (PID 160400970), Isanti Civic Arena (600 1st Ave NW). Letters of permission from property owners other than the City of Isanti are on file for all parking areas requested. Parking on the grass in other areas of Bluebird Park is prohibited. IFRA is requesting the lights in the ballfield to be left on overnight Friday and Saturday at Unity Park for security/safety.

The IFRA is not requesting that any roads be closed for the event, but have indicated that they may place signage indicating pedestrian crossings on 3rd Avenue and 1st Avenue, and on 3rd Ave between Isanti Primary School and Unity Park.

The IFRA will provide additional portable restrooms as needed for the event. The portable restrooms provided during the event should be adequate for the estimated daily attendance. The association will be responsible for cleaning up all parking areas after the event.

In addition to the Special Event Permit and attached Temporary Sign Permit, the IFRA must file a Liquor License, as applicable for the event.

Special Event Permit application materials, including an event map, have been included for Council review.

Staff Request

City staff are requesting City Council's approval of the Special Event Permit application for the 2021 Isanti Firefighters PRCA Rodeo.

RESOLUTION 2021-XXX

APPROVING A SPECIAL EVENT PERMIT APPLICATION FOR THE 2021 ISANTI FIREFIGHTERS PRCA RODEO

WHEREAS, Isanti Firefighter Rodeo Association (IFRA), has submitted a Special Event application requesting a permit to host the 2021 Isanti Firefighters PRCA Rodeo on the Isanti Rodeo Grounds; and,

WHEREAS, the event is scheduled for July 7 through July 11, 2021; and,

WHEREAS, the estimated number of people to be in attendance over that time period is 11,000; and,

WHEREAS, IFRA is requesting parking to be allowed at City of Isanti owned and privately owned properties; and,

WHEREAS, City of Isanti property requested for parking use is Unity Park (420 3rd Ave NW), including the ballfield and grass area outside of the ballfield; and,

WHEREAS, City of Isanti will turn on Unity Park lights in the ballfield for overnight use on Friday, July 9th and Saturday, July 10th from sunset to sunrise for security/safety; and,

WHEREAS, all parking on the grass at Bluebird Park is prohibited; and,

WHEREAS, additional lots will be used for spectator parking including the Isanti Primary School, the Cambridge-Isanti bus lot, and Isanti Civic Arena; the IFRA has on file letters from each property owner granting permission to use the lots; and,

WHEREAS, throughout the event, public addressing systems and amplifiers will be used, including dances following the rodeo performances on Friday and Saturday; and,

WHEREAS, the applicant will be required to provide additional restrooms for the event and will bring additional units to parking areas; and,

WHEREAS, a liquor license may be required for this event and will be submitted separately; and,

WHEREAS, the Special Event Permit application requires a $100 clean up deposit, and the associated Temporary Sign Permit requires a $50 fee which the organizers have requested be waived for this event; and,

NOW, THEREFORE, IT IS HEREBY RESOLVED by the City Council of the City of Isanti, Minnesota, to hereby approve the special event permit for the 2021 Isanti Firefighters PRCA Rodeo with the following conditions:

- A $100 Cleanup Deposit Fee and $50 Sign Permit Fee are waived for the event.
- A Certificate of Insurance is submitted prior to the event and will list the City of Isanti as

the additionally insured.

- IFRA will be responsible for repairing any damage to grass, trails, sidewalks, or curbing due to parking, or other event activities.

BE IT FURTHER RESOLVED, by the City Council of the City of Isanti, Minnesota, that this Resolution is hereby the "Permit" for the above stated Special Event.

This Resolution is hereby approved by the Isanti City Council this 1st day of June 2021.

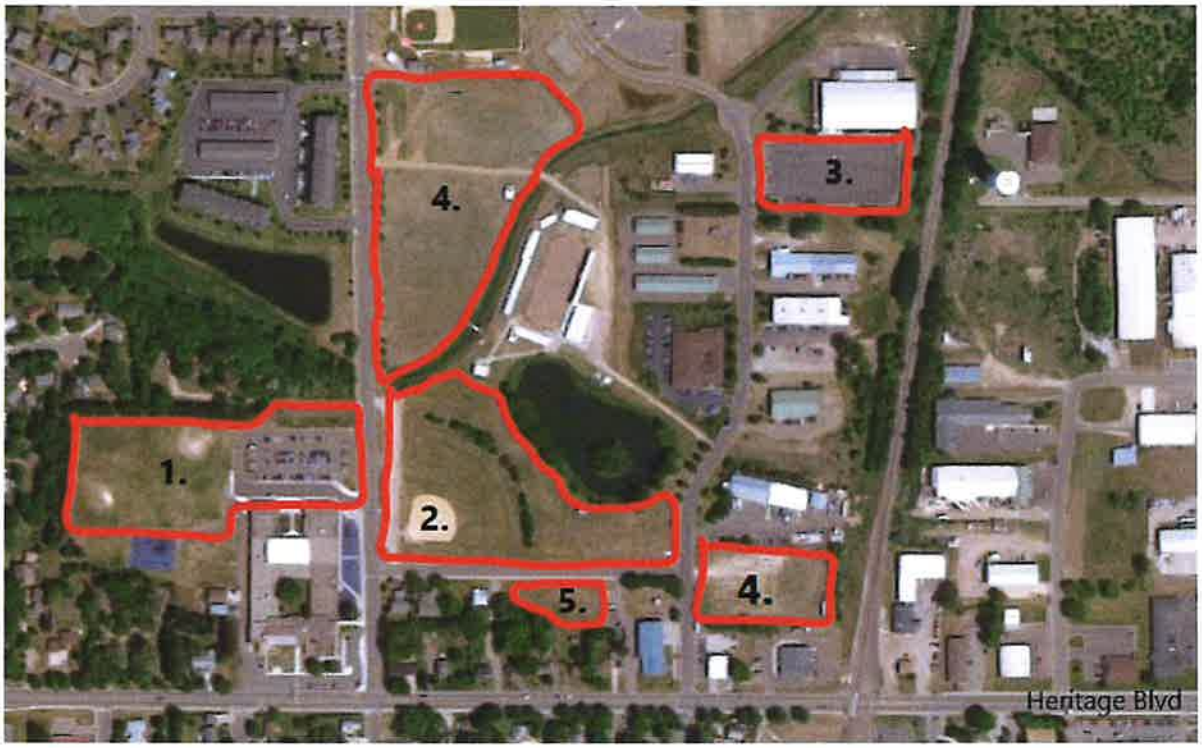
Parking Impact

Parking locations are outlined on the map provided on the second page. IFRA graciously requests the use of Unity Park, the baseball field at Unity Park, along with the west side of the police/fire station on the grass for spectator parking. We will also be parking vehicles on the west side parking lot of the rodeo grounds, east rodeo grounds lot (old bus lot), Isanti primary school, and the Isanti Civic Arena. Permission letters are provided. We expect heavy traffic as past years.



Our priority is to keep traffic flowing from Heritage Boulevard on to 3rd avenue & 1st Avenue into parking lots keeping the traffic from stopping on Heritage Boulevard before the rodeo starts. We will also have parking lot attendants in the parking areas after the rodeo performance to help push as much traffic north on 3rd avenue to Isanti Parkway towards Hwy 65 for a speedy exit of the parking areas.

IFRA requests for the City of Isanti:

1) IFRA graciously seeks to have all the fees the City of Isanti charges for the special permits waived, along with the task of handing out the "notice of the event" to all property owners around IFRA grounds. We will be advertising the event on our website, Facebook, paper flyers, FM radio stations, parade trucks, & signs.

2) We would like to request Unity Park baseball field lights to stay on all Friday and Saturday night of the rodeo performances for safety/security reasons (as we did last year with the testing completed prior to). Preferably from sunset to sunrise the next morning.

Temporary Sign Permit Site Plan

We would like to place signs along roadways at the starred intersections shown in the map below.

We would also like to place a sign (not shown on map) at the intersection of 3rd Ave NW and Isanti Parkway in Blue Bird Park, this would be a directional sign to Hwy 65 for Northbound Exit post Rodeo.

Sign Examples

Most signs are made up of wood/plastic board with vinyl lettering.

Signs will be located along roadways at intersections.

Sign sizes vary from approximately 1ft by 2ft to 2ft by 3ft

Memo for Council Action

To: **Mayor Johnson and Members of the City Council**
From: Alyssa Olson, Parks, Recreation & Events Coordinator
Date: June 1, 2021
Subject: Resolution 2021-XXX Approving a Special Event Permit Application for Isanti Rodeo Jubilee Days

---

Background

The North 65 Chamber of Commerce has submitted an application requesting a Special Event Permit for the 2021 Isanti Rodeo Jubilee Days. The event is scheduled for July 8, 2021 from 3-10pm and July 10, 2021 from 7am-4pm and will take place on City property throughout downtown Isanti. The parade, being held on July 8, 2021, will utilize City streets and require multiple approved road closures between Centennial Dr and Hwy 65. A map of the proposed route and the requested closures is included in the Special Event Permit application. The Kids Day event on July 10, 2021 will run along Main Street and use both public and private property. Permission has been granted from all private properties and are enclosed in the Special Event Permit application packet.

The applicant is anticipating about 10,000 people in attendance at the parade, and about 3,000 in attendance for Kids Day activities. The event will include a parade, games, music, outhouse races, vendor booths and food trucks onsite.

Portable restrooms will be added along the event maps to adequately account for event attendance needs. The applicant and event volunteers will be responsible for cleaning up all event areas after the event. Public Works will assist in clearing the streets after the parade.

In addition to the Special Event Permit, the applicant will submit a list of vendors as a Peddler ahead of the event, as applicable. A draft public notice letter has also been included with the application and will need to be sent to area businesses and residents ahead of the event.

Special Event Permit application materials, including event maps, have been included for Council review.

Staff Request

City staff are requesting City Council's approval of the Special Event Permit application for the Isanti Rodeo Jubilee Days.

RESOLUTION 2021-XXX

APPROVING A SPECIAL EVENT PERMIT APPLICATION FOR 2021 JUBILEE DAYS

WHEREAS, the North 65 Chamber of Commerce has submitted a Special Event application requesting a permit to host Jubilee Days; and,

WHEREAS, a parade is scheduled to take place Thursday, July 8 from 3:00 pm to 10:00 pm and will use a route through Downtown Isanti neighborhoods; and,

WHEREAS, Kids Day is scheduled for Saturday, July 10 from 7:00 am to 4:00 pm in Downtown Isanti; and,

WHEREAS, the estimated number of people to be in attendance at the parade is 10,000 and the estimated number of people in attendance for Kids Day is 3,000; and,

WHEREAS, the applicant will be required to provide additional restrooms for the event and has provided a list of portable restroom locations; and,

WHEREAS, parking during the event will be restricted as follows: no parking along the parade route on July 8, or on Main Street from 2nd Ave to west of the railroad tracks from 6:00 am to 4:30 pm on July 11; and,

WHEREAS, the applicant has requested assistance from the City of Isanti for road closures, traffic control, utility locates, and signage, and has submitted a complete request with the application materials; and,

WHEREAS, public addressing systems and live entertainment will be utilized during the event; and,

WHEREAS, the application submittal does require a $100 clean-up deposit fee and a $25 Peddler Permit fee, which are on file with the City of Isanti; and,

WHEREAS, posting of temporary signage and rental of the Isanti Community Center requires a permit application and fee, and the applicant has requested these fees be waived;

NOW, THEREFORE, IT IS HEREBY RESOLVED by the City Council of the City of Isanti, Minnesota to hereby approve the special event permit application for Jubilee Days with the following condition(s):

1. Coordinate all necessary activities with Isanti Police Department, Isanti Fire District, and Isanti Public Works.
2. A $50 signage permit fee and a $295 Community Center rental fee be waived for the event.

AND FURTHERMORE, IT IS HEREBY RESOLVED by the City Council of the City of Isanti, Minnesota that this Resolution is hereby the "Permit" for the above stated Special Event.

This Resolution is hereby approved by the Isanti City Council this 1st day of June 2021.

Hi Melissa,
Best Western Plus Isanti consents to allow you to utilize a section of the parking lot (northwest side) for a food vendor on Thursday July 8th.

Let me know if there is anything else you need from me.
Have a great week!

Thank you,
Charity

Hello Charity,

We are happy to be moving forward with the Isanti Rodeo Jubilee Days festivities in Isanti.

Thank you for allowing us to place a vendor in the Best Western Plus hotel parking lot. Would you please acknowledge your consent by responding to this email or attaching a letter that we will include with our special event permit? As we discussed, I will provide you with a certificate of insurance prior to the event.

On behalf of the North 65 Chamber of Commerce and the Isanti Rodeo Jubilee Days committee, I am requesting use of your property located at 409 Main St E on Thursday, July 8 for the Isanti Rodeo Jubilee Days parade.

Please let me know if you have any questions.

Thank you,
Melissa

Afternoon Melissa
You have my ok to use the corner lot for your days you need it for.
Just a heads up if you would want to know our dog uses it and if you wanted someone to clean up before use that might be a good idea.
Thanks
Lon

Isanti Rodeo Jubilee Days will be July 8 through July 11, 2021.

This letter is to inform you, the business owner and/or resident of the City of Isanti of the use of public streets and/or land for the events of Jubilee Days as follows:

Thursday, July 8, 2021
Parade beginning at Main Street and 5th Avenue, traveling east along Main Street, then south on 4th Ave, east on Elizabeth, North on 2nd Ave, east on Main Street ending at Credit Union Drive. Parade begins at 6:30pm.

The first section of the parade will line up on Main Street between 5th Ave and Whiskey rd. Also there are floats lining up on Brookview Court and on Rosewood. See map below. No parking signs will be put up in these areas the morning of the parade. Lineup will start by 5:00 P.M.

Main Street will be one way from West to East (Co Rd 23 to 5th Ave and will be closed to non-parade and non-resident traffic at 5:00 P.M. (Residents can still get through **from the West,** but as it gets closer to parade time it will be very difficult to get into this area.

Please try to have visitors come early to beat the congestion. **It will be very difficult to get into this area after 5:00 P.M. and impossible to travel Westbound past 5th Ave until the parade is over.**

Thank you for your cooperation and patience!

Saturday, July 10, 2021
Main Street from 2nd Ave east to 1st Ave will be closed from 7:00am until 4:30pm. A craft/vendor fair will be held at this location from 9am to 3pm. Main Street from 1st Ave to just west of the railroad tracks will be closed from 6:00am until 4:30pm. Numerous activities will be held such as a run /walk, presentations, turtle races, kid's games, outhouse races.

There will be no parking available in the City Hall parking lot from 7am until 4pm. The City Hall/Community Center parking lot and the area east of City Hall to the tracks, north to the Community Center and south including the alley will be utilized for kids games, food and misc. vendors, exhibits by the Fire and Police Departments, wellness screening, etc.

We invite you to join us for this annual community festival.

Request for City Council Action

To: Mayor Johnson and Members of City Council
From: Sheila Sellman, Community Development Director
Date: June 1, 2021
Subject: Resolution 2021-XXX Approving a Preliminary and Final Plat Fairway Greens South

---

Background:
The Planning Commission held a public hearing to consider the preliminary and final plat of Fairway Greens South. In 2014, a preliminary plat for Fairway Greens Phase Seven was approved, the same plat configuration that is under consideration. In 2017 a final plat was approved for Fairway Greens Phase nine that platted the subject site into Outlot A Fairway Greens Phase Nine. The subject site is part of a Planned Unit that approved one master plan for development and permitted the plats to be done in phases. No changes are proposed to what has been previously approved. The proposal meets city code requirements and the conditions of the PUD.

At the public hearing a letter was read to the commission in opposition of the development and two people in the audience spoke on this item. They expressed concern about the additional traffic and asked that another road outlet be installed with the plat not just the stub road as shown. Staff explained that the city can't require them to develop on property they don't own. The Planning Commission had a vote of 3-3 to approve, therefore their recommendation is a tie. Staff recommends approval with the conditions listed in the resolution.

Request: Consider adopting the resolution

RESOLUTION 2021-XXX

APPROVING THE PRELIMINARY AND PLAT FOR FAIRWAY GREENS SOUTH

WHEREAS, Anthony Hanson has made application for Preliminary and Final Plat approval for Fairway Greens South, PID 16.142.0020and,

WHEREAS, the City of Isanti Planning Commission conducted a public hearing on the Preliminary and Final Plat on May 18, 2021; and,

WHEREAS, the Planning Commission had a split vote of 3-3 voicing concerns about an additional outlet; and,

WHEREAS, all required notices regarding the public hearing were posted and sent to property owners within 350' of the subject parcels;

NOW, THEREFORE, BE IT RESOLVED by the City Council of the City of Isanti, Minnesota that hereby approves the Preliminary and Final Plat of Fairway Greens South with the with the following conditions:

1. The developer must enter into a Development Agreement with the City of Isanti, which will outline the general terms of the development. Development fees will be charged to the developer based upon the City Fee Schedule.

2. The developer shall be responsible for any and all permits and approvals that may be necessary from other applicable governmental agencies. These permits and approvals shall be submitted to the City of Isanti and/or other governmental jurisdictions that may require said permits prior to development.

3. Any and all costs associated with the recording and processing of any agreements and Plat shall be assumed by the developer.

4. The setback requirements are as follows:

Front yard setback:	Thirty (30) feet; however, when adjoining principal buildings existing at the time of construction on a vacant lot, the required front yard setback for the new structure shall not be greater than the average front yard setbacks of the building on either side of the vacant lot.
Side yard setback:	Ten (10) feet
Street side yard setback:	Twenty (20) feet
Rear yard setback:	Thirty (30) feet
Accessory Structure:	Five (5) feet

5. Trees and landscaping shall be planted on each lot according to Section 15 of the City Zoning Ordinance.

6. Dedication, if required, of utility and access easements are granted to the City of Isanti.

7. The developer, at their cost must install sidewalks consistent with City Codes and Ordinances.

8. Address items/conditions identified in the Memorandum from City Engineer Jason Cook dated May 7, 2021 to Community Development Director Sheila Sellman.

Adopted by the City of Isanti City Council this 1st day of June 2021.

MEMORANDUM

TO: Planning Commission

FROM: Sheila Sellman, Community Development Director

DATE: May 18, 2021

SUBJECT: Request by Anthony Hanson for approval for a Preliminary and Final Plat under City Ordinance 536, said request is for a development labeled Fairway Greens South located at PID 16.142.0020.

Request: The applicant is requesting Preliminary and Final Plat for Fairway Greens South for 45 single family lots.

Overview/Background: In 2014, a preliminary plat for Fairway Greens Phase Seven was approved, the same plat configuration that is under consideration. In 2017 a final plat was approved for Fairway Greens Phase nine that platted the subject site into Outlot A Fairway Greens Phase Nine. The applicant is requesting approval of the preliminary plat that was approved in 2014 and final plat. Since this site had a preliminary plat approved in 2014 and haven't made any changes Council can consider both preliminary and final at the same time. They will still need to enter into a development agreement and receive approval of said agreement through City Council.

Analysis of Application

The subject site is part of Fairway Greens Planned Unit Development, with many phases. The PUD has allowed for varying house sizes and lot sizes.

Zoning-The subject site is zoned R-1/PUD. The PUD Master Plan sets the parameters for lot size, setbacks, house size etc. Minimum requirements not spelled out in the PUD Master Plan will divert back to the Zoning Code for R-1. As proposed the plat is generally consistent with the PUD. The lot sizes range from 8,698 square feet to 30,021 square feet, these sizes are consistent with the PUD. Section 15 of the zoning code requires all residential lots to have two (2) trees per lot. lots that are 8,000 square feet or larger must provide three (3) trees and corner lots 12,000 square feet or larger require four (4) trees.

Comprehensive Plan – This proposal is consistent with the City's 2020 Comprehensive Plan Future Land-Use Map, which identifies this parcel as low density residential for future development.
City Engineer Comments – The City Engineer's memo is attached. With revisions laid out in the report Engineering is recommending approval.

Staff Recommendation:
Staff recommends approval of the Preliminary and Final Plat subject to the following conditions:

1. The developer must enter into a Development Agreement with the City of Isanti, which will outline the general terms of the development. Development fees will be charged to the developer based upon the City Fee Schedule.

2. The developer shall be responsible for any and all permits and approvals that may be necessary from other applicable governmental agencies. These permits and approvals shall be submitted to the City of Isanti and/or other governmental jurisdictions that may require said permits prior to development.

3. Any and all costs associated with the recording and processing of any agreements and Plat shall be assumed by the developer.

4. The setback requirements are as follows:

Front yard setback:	Thirty (30) feet; however, when adjoining principal buildings existing at the time of construction on a vacant lot, the required front yard setback for the new structure shall not be greater than the average front yard setbacks of the building on either side of the vacant lot.
Side yard setback:	Ten (10) feet
Street side yard setback:	Twenty (20) feet
Rear yard setback:	Thirty (30) feet
Accessory Structure:	Five (5) feet

5. Trees and landscaping shall be planted on each lot according to Section 15 of the City Zoning Ordinance.

6. Dedication, if required, of utility and access easements are granted to the City of Isanti.

7. The developer, at their cost must install sidewalks consistent with City Codes and Ordinances.

8. Address items/conditions identified in the Memorandum from City Engineer Jason Cook dated May 7,2021 to Community Development Director Sheila Sellman.

MEMORANDUM

Date: May 7, 2021

To: Sheila Sellman, Community Development Director

From: Jason W Cook, P.E.
City Engineer

Subject: Fairway Greens South – Site Plan Review
City of Isanti, MN
Project No.: 0R1.123130

We have reviewed the Site Plan entitled "Fairway Greens South" with a signature date of April 13, 2021.

The site includes the construction of 45 single family lots. The submitted plan set includes the extension of city streets and utilities as well as site and storm water pond grading.

Also submitted was a stormwater management plan and modeling dated April 14, 2021.

We have reviewed the submitted documents and have the following comments:

Stormwater Management Plan:

1. Model the existing and proposed 2, 10, and 100yr pond bounce elevations and show in a table.
2. Verify the pond bounce will not rise outside the easements on the existing parcels on the south side of the pond.

Plan Set:

1. Sheet V002:
    a. Widen utility easement between lots 10 and 11 where sewer and water will be stubbed to the County Road.
    b. Verify the 100 yr pond elevation will stay within drainage easements along Block 1 lots.
    c. Change Wendover Street NE name to 12th Avenue NE at midpoint of curve.
    d. Create new street name for cul-de-sac north of Country Club Road.
    e. Add NE to Country Club Road name.
2. Sheet C202:
    a. 100-yr pond elevation appears to spread onto lots 2 and 3 block 1. Revise grading on all lots to hold 100-yr event in easements.
    b. Show grading on east side of Lots 5-10 Block 2 to prevent stormwater runoff from draining directly into buildings.

3. Sheet C303:
    a. The end sanitary manhole PSMH-14 shall have a minimum cover over the pipe of 8-feet. Lower the run from Club House Road to the end.
        i. Verify the new sewer depth does not have sewer service conflicts with the watermain.
4. Sheet C304:
    a. Extend the watermain to 10 feet from the property line and place temp hydrant on end.
    b. Move proposed hydrant from STA 21+84 to intersection at approx. STA 20+30.
    c. Install an invert to the east on SSMH 15 and stub a pipe to 10' from the property line and plug.
5. Sheet C305:
    a. Stub the trunk 12" sanitary pipe out to the county road along the Lot 10 and 11 property line. Place a manhole in the County Road with a 12-inch plugged invert to the NE. It can reduce down to an 8-inch through the rest of the development, however, it will need to continue to maintain maximum depth to the end of Club House Road NE.
    b. The existing watermain is a 12-inch. Extend the 12-inch size to the watermain stub out to the county road along the lot 10 and 11 property line. It can reduce down to an 8-inch through the rest of the development.
    c. Place a hydrant on the end of the stub in the County Road ROW.
6. Sheet C402:
    a. Add a street sign at the property line of lots 9 and 10 block 2 changing the street name from Wendover Street NE to 12th Avenue NE.
    b. Extend the existing bituminous trail along CR 5 to the eastern limits of the plat.
7. Sheet C403:
    a. Add ped ramp into the end cul-de-sac.
    b. Add cross walk blocks at pedestrian crossing.
        i. Add advanced crosswalk signage for north bound and south bound traffic for this crossing.
    c. Add stop bar at stop sign.
    d. Add No Outlet sign to north of Club House Road NE intersection for permanent cul-de-sac.
    e. Add street name signs at Club House Road NE intersection as follows:
        i. 12th Avenue NE with an arrow to the south.

FAIRWAY GREENS SOUTH PLAN REVIEW

Isanti Fire District reviewed the proposed design of Fairway Greens South, in the City of Isanti. Concerns listed below are referenced to applicable Minnesota State Fire Code (MSFC).

1) Fire apparatus access is currently limited to one street.
    a. **D107.1 One- or two-family dwelling residential developments.**
    Developments of one- or two-family dwellings where the number of dwelling units exceeds 30 shall be provided with two separate and approved fire apparatus access roads, and shall meet the requirements of Section D104.3.
    b. **D104.3 Remoteness.**
    Where two fire apparatus access roads are required, they shall be placed a distance apart equal to not less than one half of the length of the maximum overall diagonal dimension of the lot or area to be served, measured in a straight line between accesses.

Thank you for your attention to these life safety concerns.

Memo for City Council

To: **Mayor Johnson and Members of the City Council**
From: Alyssa Olson, Parks, Recreation & Events Coordinator
Date: June 1, 2021
Subject: Resolution 2021-XXX Approving a Neighborhood Park Survey

---

Background
In the April 2021 Parks, Recreation & Culture Board meeting during a discussion on park upgrades and inspections, it was determined that a survey was needed in order to assess the usage rate and preferences of the Isanti Hills Neighborhood Park, and the Rum River Meadows Park. That survey would be provided to approximately 225 total area residents via a physical mailing and would be returned to City Hall for review. A survey notice will be posted to the City website and Facebook page for additional response.

Feedback collected will be used by the Board and staff to determine next steps and potential future updates to the parks.

The attached survey includes a letter from the PRC Board to residents and would include a postage paid mailing envelope for easy return by respondents. An online survey option will also be provided.

Surveys will be distributed the first week of June with responses requested by June 30th, giving nearly a month for residents to return their feedback.

Request
Staff is requesting approval to distribute and collect survey responses from these neighborhood residents for future planning efforts.

City Clerk

Dear Community Member,

The City of Isanti and the Parks, Recreation and Culture Board are conducting research on City parks to determine how often residents of your neighborhood utilize your local park, what features are utilized most often, and if there are features the neighborhood wishes to see incorporated into future park plans.

As an Isanti resident, your feedback is highly valuable to the development and enhancement of our parks and trails. Your input on the attached survey will help ensure that our neighborhood parks continue to serve the needs and interests of our community members.

This survey is anonymous and your remarks will be used by the Parks, Recreation and Culture Board and City staff to gain a better understanding of the needs and interests of your neighborhood as we develop future plans for community development.

If you wish to provide additional feedback or be a part of future focus groups, please include your contact information at the end of the survey. Additionally, you can contact IsantiParks@CityofIsanti.us at any time with questions or to provide additional feedback regarding community parks, trails, programs and events.

We appreciate you taking the time to complete this brief survey and for supporting our efforts to create a desirable neighborhood for you and your family!

Thank you!

Parks, Recreation & Culture Board
City of Isanti

763-762-5754

Memo for Council Action

To: **Mayor Johnson and Members of the City Council**
From: Alyssa Olson - Parks, Recreation, and Events Coordinator
Date: June 15, 2021
Subject: Resolution 2021-XXX Approving a Special Event Request for the 2021 Splish Splash Summer Bash

Background

City staff has submitted a special event permit application to host the Splish Splash Summer Bash kids' day event at Bluebird Park on Friday, July 9, 2021. The event will take place from 11am to 3pm and will feature water slides, onstage entertainment, food trucks, and kid-focused activities run by community organizations.

The estimated number of people to be in attendance is 250 people. The event will be free to the public. Event parking will utilize the Bluebird Park parking lots. No major roadways will be closed for the event, however, a small portion of the road between parking lots in Bluebird Park will be closed for safety of attendees as they navigate through activities.

The event will utilize existing portable restrooms and trash receptacles with 1-2 portables being added to the event space. The city contracted portable restrooms company will provide restroom facilities for the event. City staff will clean up after the event. There will be a public addressing system and sound amplification provided outside by the group on stage. Public Works will be providing assistance with the event.

Should the weather not cooperate for any of the events, the event will be cancelled. Any cancellations will be posted to the City's website and the City of Isanti Facebook page as early as possible.

The attached site plan shows the location of components for the event. The complete application as well as departmental review are attached.

Hi Guys,
Attached is a permit application for our kids day event on July 9 in Bluebird Park. I need to get this into next week's agenda so if you could get me approval back ASAP that would be appreciated.

On a similar note, if you are able and interested in participating again this year, let me know! I know Jubilee Days & the rodeo probably have you pretty tied up, but I can set aside space for some vehicles and/or an activity if you're interested.

Thank you!

From: Alyssa Olson - Parks, Recreation, and Events Coordinator
Date: June 15, 2021
Subject: Resolution 2021-XXX Approving a Special Event Request for the 2021 City Fireworks

Background

City staff has submitted a special event permit application to host fireworks at Bluebird Park on Thursday, July 8, 2021. The fireworks will begin at 10pm with a 15-minute display. Food trucks may also be available onsite.

The estimated number of people to be in attendance is 1,500 people. The event will be free to the public. Event parking will utilize the Bluebird Park parking lots. Parking may overflow into neighborhood lots and permission has been received by BMX Indoor Arena, CISC, Isanti Civic Arena, and Redbirds to utilize those lots. No major roadways will be closed for the event. A 350' diameter safety perimeter will be blocked off by Public Works surrounding the fireworks launch area and access to the Dog Park parking lot and back entrance to the Isanti Civic Arena will be blocked.

The event will utilize existing portable restrooms and trash receptacles, as well as restrooms being added to the vicinity for Jubilee Days and IFRA Rodeo activities. City staff, the fireworks provider, and vendors will clean up after the event. Public Works and Isanti Fire District will be providing assistance with the event.

Should the weather not cooperate for the event, the event will be cancelled. Any cancellations will be posted to the City's website and the City of Isanti Facebook page as early as possible.

Hi Guys,
Attached is the SEP for the fireworks on July 8. If you could get me approval/concerns back ASAP that would be great so I can get this into next week's agenda. Apologies, again, for the urgency.

Thank you!

Alyssa,
That would be fine. We will be closed the 8th.
There will be some cars in the lot from riders that were in the parade.
Thank you.
Larry.

Hi Larry,
I wanted to let you know that the City will be hosting fireworks at Bluebird Park on July 8 following the Jubilee Days parade. We will be launching from the grass area south of the arena and will be blocking off the full grass area that day for any public access. Is it alright if attendees overflow from the park into your lot?

Thanks!

Hello,

I wanted to send you a quick note to let you know that the City will be hosting a fireworks display following the Jubilee Days parade on July 8. The fireworks will be launched from the grass area south of the BMX arena, and just north of your facility.

As the Bluebird Park parking lots may fill quickly, is it alright if event attendees overflow into your lot or would you need us to block the entrance?

Thank you,

Alyssa Olson

Alyssa,
Yes, that will be fine with us. I'm copying this to Dave Englund so that we remember to rope off the grass area. Thanks for keeping us informed!

Is it alright if attendee parking overflows from the park into your lot? I assume that folks who come out to your games will naturally park in the same area, so want to make sure that is alright.

Thanks!

City Administrator Josi Wood

1. **Resolution 2021-117** Approving a Special Event Permit Application for the CISC Recreational Soccer Tournament

   City Administrator Josi Wood shared that this is a special event permit request for the Cambridge-Isanti Soccer Club for recreational soccer tournament on June 26th at the Soccer Complex. They are expecting approximately 300 people to attend along with food trucks and games. They have submitted all applicable documents and staff is recommending approval.

   A motion was made by Bergley, seconded by Collison to approve resolution as presented. Motion passed 5-0. Motion carried.

2. **Resolution 2021-118** Approving a Special Event Permit Application for the 2021 Isanti Firefighters PRCA Rodeo

   City Administrator Josi Wood shared that this is a special event permit request for the Isanti Firefighters Rodeo Association for the annual rodeo on July 7th through July 11th. They are expecting approximately 11,000 people to attend. They have submitted all applicable documents and staff is recommending approval.

   A motion was made by Lundeen, seconded by Collison to approve resolution as presented. Motion passed 5-0. Motion carried.

3. **Resolution 2021-119** Approving a Special Event Permit Application for the 2021 Jubilee Days
City Administrator Josi Wood shared that this is a special event permit request for the North 65 Chamber of Commerce for an event on July 8th from 3:00 p.m. to 10:00 p.m. and July 10th from 7:00 a.m. to 4:00 p.m. They are expecting approximately 10,000 people to attend the parade and approximately 3,000 people to attend for Kid's Day activities. They have submitted all applicable documents and staff is recommending approval.

Mayor Johnson asked if the fireworks will follow the parade.

Wood confirmed that the fireworks will follow the parade at 10:00 p.m. that day.

A motion was made by Lundeen, seconded by Bergley to approve resolution as presented. Motion passed 5-0. Motion carried.

Community Development Director Sheila Sellman

4. **Resolution 2021-120** Approving the Preliminary and Final Plat Fairway Greens South

Community Development Director shared that this is to approve a preliminary and final plat for Fairway Greens South. The Planning Commission held a public hearing regarding this matter at the last Planning Commission meeting. In 2014, a preliminary plat for Fairway Greens Phase Seven was approved, the same plat configuration that is under consideration now. In 2017, a final plat was approved for Fairway Greens Phase Nine that platted the subject site into Outlot A Fairway Greens Phase Nine. No changes are proposed to what was previously approved. The proposal meets city code requirements and the conditions of the PUD. The County Engineer stated that this plat has restricted access along County Road 5 so a second access will not be able to be done. A petition was received from those who would like a second access for the development. 54 people signed the petition with 26 that are not in Isanti and 5 people that did not provide an address.

Mayor Johnson asked how many residents are in the development.

Sellman stated there are 24 lots.

Fairway Greens Developer Anthony Hanson shared that he purchased the site to develop as previously approved.

Luke Merrill, 223 Broadway, shared that he was in favor of a second access for the development.

Malinda Gahm, 1000 Wendover ST, shared that the development will jeopardize the wildlife she sees in her backyard, create significant amount of traffic for the street and will change the character of the development.

Anthony Byington, 912 Wendover ST, shared that the development will bring in high speeds to the area.

Councilor Collison suggested for citizens to go to the County Board meeting to address concerns to allow another access for the development onto County Road 5.

Zach Wendover, 1000 Wendover ST, shared that the development will bring in a large amount of traffic and asked Council to postpone until the concerned residents can address the County about another access for the development.

Collison asked City Engineer Jason Cook what lots he thought the County would use to make another access road.

City Engineer Jason Cook responded with lots 10, 11 and 12.

Michelle Sanders, 915 Wendover ST, shared her concerns with the potential traffic that will be brought in and safety concerns for her granddaughter when she visits.

Steve Siedlecki, 900 Wendover ST, shared that he was in favor of sectioning off the three lots for an additional access.

Tim Fairbanks, 1006 Wendover ST, shared that he bought his house because he was on a cul-de-sac and wishes to keep it that way.

Alexander Byington, 912 Wendover ST, shared his concerns regarding playing with his friends in a potentially high traffic area.

A motion was made by Mayor Johnson to postpone to the July 6th City Council meeting. There was no second.

A motion was made by Councilor Gordon to approve resolution as presented. There was no second.

A motion was made to approve resolution with a First Right Refusal with the City for lots 10, 11 and 12 for possible road connection and for staff to draft agreement between the City and the developer by Collison, seconded by Bergley. Motion passed 5-0. Motion carried.

5. Resolution 2021-121 Approving the Development Agreement for Fairway Greens North

Community Development Director Sheila Sellman shared that on April 6th, 2021 the City approved the final plat for Fairway Greens North (Phase I.) Staff is still working with the developer and City Attorney about park dedication fees. In this phase they are dedicating a 3+ acre park. Also, in the agreement staff is requesting a $30,000.00 escrow based on the size of the development and expenditures in time that has already been spent on this development. The developer has reviewed the agreement and would like to discuss the escrow amount.

Fairway Greens North Developer Josh Savageau shared his concerns regarding the escrow amount requirement of $30,000.00

A motion was made by Lundeen, seconded by Collison to approve resolution as presented. Motion passed 5-0. Motion carried.

Parks, Recreation and Events Coordinator Alyssa Olson

6. Bluebird Park Performance Center
   - **a. Resolution 2021-122** Approving Bluebird Park Lighting and Sidewalk
   - **b. Resolution 2021-123** Approving Bluebird Park Performance Center

Parks, Recreation and Events Coordinator Alyssa Olson shared that staff has received revised estimates in regards to the amphitheater. The allocated budget in the CIP plan is $248,230.00, however increased materials and labor costs will require an increased budget for this project. The unit cost will be $159,628.00 to purchase with shipping. This cost does not include groundwork or construction. The estimate for installation by Jeff Busby Enterprises, LLC is $74,500.00. Electrical costs are estimated at $15,000.00. Inspection, grading and testing is estimated at $20,500.00. The revised total estimated cost to build the Performance Center is $269,628.00 A sidewalk will need to be installed along the perimeter of the Performance Center for ADA-accessibility. Public Works can install this sidewalk with an estimated cost of materials of $3,300.00. The estimated costs to add two lights near the sledding hill to illuminate the basin in front of the Performance Center is $25,956.00, bringing the total projected cost to $298,884.00. There is an option to delay lighting and walk to next year if needed but a temporary sidewalk would need to be created for accessibility until the permanent walk can be installed. The additional funds can be allocated from Fund 920 to cover these increased costs.

A motion was made by Lundeen, seconded by Collison to approve resolution as presented. Motion passed 3-2 with Bergley and Gordon voting nay. Motion carried.

Education and/or Knowledge that will be useful to the Board:

I currently hold a bachelor of science - social science degree from the University of Northwestern, Roseville, MN. Upon graduation in 2004, I was hired by the Department of Corrections as a Corrections Agent. In 2010, I began a Hearing Officer with the Department of Corrections and promoted to Senior Hearing Officer in 2012 in which I still hold this current position. This education and experience have allow me to develop exceptional prioritization and organizational skills amid a change oriented, deadline driven environment which allows me to manage multiple complex projects at once. My highly developed communication skills enhance my ability to foster relationships and collaborate between internal and external stakeholders. Using creative problem solving analysis and techniques, I can trouble shoot issues as they arise while focusing on community needs and mission.

Why you are interested on being on the Board?

I am eager to be more engaged in my community and take an active role in the planning and development of our parks and local activities. The local events and parks are a pillar of our community. The parks provide a safe place for our community to congregate and play. Maintaining and enhancing these pieces are my desire for the community.

Memo for Council

To: Mayor Johnson and Members of the City Council
From: City Administrator Josi Wood
Date: June 15, 2021
Subject: Resolution 2021-XXX Accepting Quote for New Liquor Store Signage

---

Background:

Staff solicited quotes for signage of the new liquor store; two were received. The breakdown on the two quotes is provided below.

The recommendation from Committee of the whole was to have an illuminated large sign above the entrance and non-lit signs on the sides of the facility that are illuminated with sconces above. Prices for lit side signs was also included below for reference.

The cost per sconce is $546 plus installation. Three (3) sconces would be required above each "Isanti Liquor" and "Curbside Pickup" sign which would cost a total of $3,276.00 (not including installation).

	Scenic Sign Corp.	Crosstown Sign
Entrance: "Isanti Liquor"	$5225.00	
North Side: "Isanti Liquor" 24"	$1995.00 *($4225 lit)*	
South Side: "Curbside Pickup" 18"	$1895.00 *($4380 lit)*	
TOTAL	**$9,115.00**	**$9,605.00**
Optional		
Windows: "Beer" "Wine" "Spirits"	$6,400.00	$2,785.000

Request:
Staff is requesting discussion to determine the following:

- Are non-lit signs with sconces still preferred on the sides of the facility?
- The recommendation for the static non-lit letters is blue (or black) due to the light color of the siding. The blue would be similar to the blue lettering on the front.
- Due to zoning sign requirements, there can only be two sides that have exterior signage. Does Council want to place illuminated signage for "Beer" "Wine" "Spirits" from the inside to caste out through the windows (optional cost above)?

RESOLUTION 2021-XXX

ACCEPTING QUOTE FOR LIQUOR STORE SIGNAGE

WHEREAS, the Liquor Store Project will require signage to be provided by the City; and,

WHEREAS, staff solicited quotes and Scenic Sign was found to have the lowest sign costs for the exterior and is in the best interest of the City; and,

WHEREAS, the approved exterior sign designs are as follows:

- Front Sign - Back lit white letters with blue river and tree logo
- Side Signs - Blue non-lit letters lit by sconces; and,

WHEREAS, the total cost including 5% contingency is $9,570.75 which does not include electrical;

NOW, THEREFORE, IT IS HEREBY RESOLVED by the City Council of the City of Isanti, Minnesota, to accept exterior signage by Scenic Sign in a total amount, not to exceed, $9,570.75 with funding from the 2021A bond issue and to authorize staff to enter into an agreement for such service.

This resolution was duly adopted by the Isanti City Council this 15th day of June 2021.

RESOLUTION 2021-XXX

AWARDING THE BID FOR THE 2021 PAVEMENT MANAGEMENT PROJECT

WHEREAS, the City has planned for the 2021 Pavement Management Project; and,

WHEREAS, the plans and specifications have been completed for these improvements; and,

WHEREAS, a public bid opening was held on June 3rd, 2021; and,

WHEREAS, two bids were received; and,

WHEREAS, ASTECH Corporation was the responsible low bidder with a bid of $289,825.17; and,

WHEREAS, this bid price is within the anticipated budget range;

NOW, THEREFORE, IT IS HEREBY RESOLVED by the City Council of the City of Isanti, Minnesota, as follows:

1) That the City shall award the project entitled "2021 Pavement Management Project" to ASTECH Corporation in the amount of $289,825.17.

RE: Award Recommendation – 2021 Pavement Management Project
City of Isanti, Minnesota
BMI Project No. 0R1.123133

Honorable Mayor Johnson and Members of the City Council:

Six bids were received on June 3, 2021 for the Main Street Reconstruction Project. This project included one base bid for the Main Street reconstruction work and two alternate bids, one for the Heritage Walk Improvements and another for the Eagle Park Improvements. The bids were checked and tabulated and the final results are summarized as follows:

Bidder	Base Bid: Main Street	Alternate 1: Heritage Walk	Alternate 2: Eagle Park	Base Bid + Alternate 1 and 2
North Valley, Inc.	$406,786.65	$105,790.25	$54,991.63	$567,568.53
Douglas-Kerr Underground, LLC.	$414,740.77	$120,124.75	$45,370.00	$580,235.52
Meyer Contracting	$426,718.37	$121,648.58	$55,768.87	$604,135.82
New Look Contracting	$441,704.25	$110,019.25	$58,497.55	$610,221.05
ASTECH Corp.	$470,067.71	$115,773.40	$66,118.45	$651,959.56
Dresel Contracting	$472,571.03	$127,863.44	$71,794.03	$672,228.50
Engineer's Estimate	*$467,000.00*	*$97,000.00*	*$57,000.00*	*$621,000.00*

The Main Street assessments are estimated to be reduced approximately 11% based on the low bid received.

The Council may elect to award the Base bid with any combination of the alternates. North Valley, Inc is the low responsible bidder for all combinations of bids with the exception of one scenario. If only Eagle Park is awarded with the Main Street Reconstruction, then Douglas-Kerr Underground would be the low bidder at $460,110.77.

We recommend award of the base bid with both alternates to North Valley, Inc. in the amount of $567,568.53.

If you have any questions, please contact me.

Sincerely,

Jason W Cook, P.E.
City Engineer

RESOLUTION 2021-XXX

AWARDING QUOTE FOR OUTSOURCING THE MOWING OF NUISANCE WEED/GRASS ABATEMENT LOTS

WHEREAS, the City of Isanti has determined that is in the City's best interest to accept quotes for the outsourcing of mowing services for nuisance weed/grass abatement lots located within the city; and,

WHEREAS, a request for quotes for the services was published in the City's official newspaper; and,

WHEREAS, only one quote was received;

NOW, THEREFORE, IT IS HEREBY RESOLVED by the City Council of the City of Isanti, Minnesota as follows:

1. To hereby award the low quote for mowing services for nuisance residential weed/grass abatement lots as provided within the specifications so posted and published to **First Rate Outdoors LLC** for the 2021 mowing season.
2. To hereby award the low quote for mowing services for nuisance large tract weed/grass abatement as provided within the specifications so posted and published to **First Rate Outdoors LLC** for the 2021 mowing season.
3. That **First Rate Outdoors LLC** provides a Certificate of Compliance as required under the Minnesota Workers' Compensation Law (if required).
4. That **First Rate Outdoors LLC** provides a copy of their liability insurance and names the City as an 'additional insured'.
5. That the quotation as signed by the vendor for the 2021 Growing Season constitutes a contract with the City of Isanti for said services. Mowing rates are listed in Attached Quotation.
6. That City staff is authorized to charge the administrative fee for billing of properties abated as designated in the City Fee Schedule; with the administrative fee, rate charge and any applicable sales tax charged to the responsible party.

This Resolution is hereby approved by the Isanti City Council this 15th day of June 2021.

2021 REQUEST FOR QUOTATION
For Nuisance Weed Abatement on Private Property

Company Name/Address:

First-Rate Outdoors LLC

[redacted]

Phone: [redacted] Email address: [redacted]

Quotations will be received until 12:00 pm on Friday, MAY 28th, 2021. Quotations are requested from commercial mowing firms for furnishing labor and equipment for the abatement/cutting of weeds and tall grass on developed and vacant residential lots within the City of Isanti. Also requested is a base fee plus an hourly mowing rate for large tracts. The City reserves the right to consider the large tract rate fee quote separately from the residential lot mowing fee quote. The properties for which services are being requested will be in violation of the City's weed nuisance ordinance. Generally grass and weeds will be 8" or more in height. The City reserves the right to accept or reject quotes received for these services.

THIS CONTRACT IS FOR THE 2021 GROWING SEASON.

Requirements – Minimum:

A. Performance

- The cost per site will include the following: mowing and trimming around structures, posts, fences and objects. Ancillary clearing of loose paper/cardboard debris prior to mowing. Care shall be taken not to damage trees and shrubs.
- Areas must be cut within two working days of date of City request via e-mail Note: There will be a $25 penalty fee for each site not mowed within the two working days (week days), unless there is approval by the Public Works Director to extend this period due to weather or extenuating circumstances.
- In the event the selected contractor cannot mow in the time specified, the City has the right to contact alternate mowing contractors to perform the work.
- Streets, sidewalks and driveways must be free of cutting debris. Bagging and removal of clippings is not required.
- Weeds and grass must be cut and trimmed to 3" height.
- Insurance – must carry a $1 million liability coverage policy and workers compensation insurance (if required). A certificate of insurance with the City of Isanti named as an additional insured will be required. Service providers shall meet all City requirements prior to providing services to the City.

- In the event of non-performance or at the City's discretion, services from the vendor may be terminated by written notice from the City.
- Regarding Large Lot mowing, a 50 foot perimeter is to be mowed around the property where it abuts a street or property line of a developed area. The contractor must have equipment capable of mowing rough larger multi-acre areas. These areas may have weeds, brush and small trees (up to 2 inches) that will need to be removed. It is the contractor's responsibility to check areas prior to mowing for rocks and debris that may damage their equipment. Care should be taken not to mow over the extension of water curb boxes, wood stakes or other property markers. The Contractor should consult with City officials concerning whether only perimeter mowing of the areas is required or if the entire site needs to be mowed.
- Mowing contractors must be available for the entire mowing season which could start as early as April and extend as late as the end of October.
- The selected mowing contractor will meet with City staff prior to the start of the mowing season and shortly after mowing has started to ensure an efficient process.

B. Communication and Billing
- The City will e-mail the address of lots/sites that will require mowing to the contractor.
- The contractor will have two full business days after the date the e-mail is sent to complete the work.
- Once the work is completed on a property, the contractor will notify the City by e-mail that the service has been completed (on the day of service).
- Invoices must be submitted for payment with specific dates that services were performed. At the end of each month, the contractor will submit a statement reflecting all invoices previously submitted for payment. Payment will only be made from invoices.

C. Equipment Required: Please list this equipment below.
- Commercial grade self-propelled walk or rider mower and weed trimmers.
- For Large Lot Mowing – commercial grade equipment capable of mowing rough areas, brush and small trees.

Quote For Services / Other Required Information

D. Amount for Service (includes all transportation and travel time)

THIS AGREEMENT made and entered into on July 6, 2021 by and between the City of Isanti, Minnesota, a municipal corporation, herein called EMPLOYER, and Kevin Morelli, herein called EMPLOYEE. This Agreement shall become effective on the EMPLOYEE'S first day of employment of July 6, 2021.

EMPLOYER desires to employ the services of Kevin Morelli as Liquor Store Manager for the City of Isanti as provided by applicable Minnesota law and applicable ordinances of the City of Isanti, Minnesota.

It is the desire of the EMPLOYER to employ the EMPLOYEE and it is the EMPLOYEE's desire to accept employment from the EMPLOYER on the terms and conditions as set forth herein.

NOW THEREFORE IN CONSIDERATION OF THE MUTUAL COVENANTS HEREIN CONTAINED, THE EMPLOYER AND EMPLOYEE AGREE AS FOLLOWS:

1. Duties. As authorized pursuant to the provisions of Minnesota Statutes Section §412.111, the EMPLOYER hereby agrees to employ EMPLOYEE as Liquor Store Manager of the City of Isanti to perform the functions and duties as specified in the job description for the position of Liquor Store Manager of the City of Isanti, as approved by the City Council, and as the same may be amended from time to time.

2. Term. The EMPLOYEE's employment shall be for an indefinite term at the will of the EMPLOYER. The terms of this contract shall be applicable from July 6, 2021 and until termination of the employment relationship, or until amended by subsequent agreement approved by action of the City Council of the City of Isanti and signed by both EMPLOYER and EMPLOYEE.

3. Employment at Will. The EMPLOYEE is employed at the will of the EMPLOYER, and therefore may be terminated at any time with or without cause upon, except as hereinafter provided, not less than 30 days' written notice from EMPLOYER to EMPLOYEE. EMPLOYER may however, in EMPLOYER's sole discretion, terminate the EMPLOYEE without any prior notice for misconduct, defined as follows:

A. Conduct by the EMPLOYEE resulting in criminal charges against the EMPLOYEE (except for petty misdemeanor traffic violations); or

B. EMPLOYEE's refusal to obey a lawful directive of EMPLOYER; or

C. Acts by the EMPLOYEE intended to cause injury to the EMPLOYER.

The EMPLOYEES probationary period shall be six (6) months, unless extended for a specified period not to exceed six (6) additional months. Notwithstanding the provision for thirty (30) day notice prior to termination, the EMPLOYER shall have the right to terminate employment with the EMPLOYEE with or without cause at any time during the EMPLOYEES probationary period without the requirement that said thirty (30) days' notice be given.

4. Salary. EMPLOYER agrees to pay EMPLOYEE for services rendered pursuant to this contract wages calculated on an annual base salary of step 7 in the amount of $81,325.50 payable in installments at the same time as other payroll employees of the EMPLOYER are paid. Subsequent annual step salary increases, as applicable, shall be contingent upon on a satisfactory annual performance review and current personnel policy. Cost of living salary adjustments, if any, shall be subject to approval by the City Council.

5. Vacation, Sick Leave and Insurance Benefits. The EMPLOYEE shall be entitled to 80 hours of vacation banked that is ineligible for payout in the event of separation in the first year of employment by either the EMPLOYEE or the EMPLOYER effective one year from the date of this agreement. The EMPLOYEE shall earn vacation at an accrual rate equivalent to 96 hours per year (two-year rate).

Sick leave, insurance and other employee benefits shall be provided as prescribed by the EMPLOYER's current personnel policy.

6. Performance Appraisal. The City Administrator, shall review and evaluate the performance of EMPLOYEE at least once annually per current personnel policy, preferably prior to November 1st of each year. Following completion of each such performance appraisal the EMPLOYEE shall be given a summary thereof.

7. Retirement Benefits. The EMPLOYEE shall be entitled to participate in the accrual of retirement benefit contributions as prescribed for public employees under PERA, and/or under any other retirement program, if any, which may now or hereafter be available pursuant to and consistent with any applicable state or federal laws and EMPLOYER's personnel policy.

8. Personnel Policy. Except where specifically abridged or modified by this Agreement, the EMPLOYEE shall be subject to all terms and provisions of the EMPLOYER's personnel policies as set forth in the EMPLOYER's personnel policy manual. If any provision of this manual conflicts with a provision in this contract, then the contractual provision shall prevail.

9. Professional Development. The EMPLOYER agrees, subject to annual budget approval and subject to preauthorization of the City Administrator and/or City Council, to pay all necessary and reasonable expenses of EMPLOYEE for short courses, institutes and seminars that are, in the opinion of both EMPLOYER and EMPLOYEE necessary for professional development of EMPLOYEE.

10. Professional Membership. During the term of employment, EMPLOYER will pay EMPLOYEE's annual regular membership dues for EMPLOYEE's ongoing membership in the Minnesota Municipal Beverage Association as the same become due and payable.

11. Severability. Should any provision of this agreement be held unlawful by a Court of competent jurisdiction; all other provisions of this agreement shall remain in force for the duration of the agreement.

12. Notices. Notices pursuant to this agreement shall be given by deposit in the custody of the United States Postal Service, postage prepaid, and addressed as follows:

EMPLOYER	EMPLOYEE
City of Isanti 110 First Ave. NW P.O. Box 428 Isanti, MN 55040	Kevin Morelli [redacted] [redacted]

Alternatively, notices required pursuant to this agreement may be personally served as prescribed by the Minnesota Rules of Civil Procedure. Notice shall be deemed given as of the date of personal service or as of the date of deposit of such written notice in the United States mail.

13. Council Approval. This Employment Agreement is subject to approval by the City Council of the City of Isanti, Minnesota.

IN WITNESS WHEREOF, the EMPLOYER has caused this agreement to be signed and executed on its behalf by the Mayor and City Administrator, and the EMPLOYEE has signed and executed this agreement as of the day and year first above written.

RESOLUTION 2021-XXX

APPROVING A MUTUAL AID AGREEMENT BETWEEN THE CITY OF ISANTI AND THE CITY OF NORTH BRANCH FOR THE SHARING OF EQUIPMENT AND PERSONNEL RESOURCES

WHEREAS, an agreement has been developed pursuant to Minnesota Statutes 471.59 that authorizes the joint and cooperative exercise of powers common to contracting parties; and,

WHEREAS, the intent of the agreement is to make equipment, personnel and other resources available to a political subdivision from another political subdivision; said political subdivisions being the City of Isanti and the City of North Branch;

NOW, THEREFORE, BE IT RESOLVED by the City Council of the City of Isanti, Minnesota, as follows:

1. That the Mutual Aid Agreement Between the City of Isanti and the City of North Branch attached as 'Exhibit A' is approved.

2. The fee chart provided by North Branch for the term of the agreement is approved.

3. Mayor and City Administrator are hereby authorized to execute said document.

This resolution was duly adopted by the Isanti City Council this 15th day of June 2021.

Mutual Aid Agreement

Purpose
This Agreement is made pursuant to Minnesota Statutes, Section 471.59 which authorizes the joint and cooperative exercise of powers common to contracting parties. The intent of this Agreement is to make equipment, personnel and other resources available to governmental units from other governmental units.

Definitions

"Party" means a governmental unit as defined by Minnesota Statues, Section 471.59, subd. 1.

"Parties" shall collectively mean more than one Party.

"Requesting Official" means the person designated by a Party who is responsible for requesting Assistance from other Parties.

"Requesting Party" means a Party that requests Assistance from other Parties.

"Responding Official" means the person designated by a Party who is responsible to determine whether and to what extent that Party should provide Assistance to a Requesting Party.

"Responding Party" means a Party that provides Assistance to a Requesting Party.

"Assistance" means (Check the type of assistance that will be provided):

✓Public works personnel and equipment:
✓Law enforcement personnel and equipment:
✓Utility personnel and equipment:
✓Other personnel and equipment as listed below:
Building Inspectors, Administration, Finance, or Public Information Officer

Procedure

1. **Request for Assistance**. Whenever, in the opinion of a Requesting Official, there is a need for Assistance from other Parties, the Requesting Official may call upon the Responding Official of any other Party to furnish Assistance.

2. **Response to Request**. Upon the request for Assistance from a Requesting Party, the Responding Official may authorize and direct that Party's personnel to provide Assistance to the Requesting Party. This decision will be made after considering the needs of the Responding Party and the availability of resources.

3. **Recall of Assistance**. The Responding Official may at any time recall such Assistance when in his or her best judgment or by an order from the governing body of the Responding Party, it is considered to be in the best interests of the Responding Party to do so.

4. **Command of Scene.** The Requesting Party shall be in command of the mutual aid scene. The personnel and equipment of the Responding Party shall be under the direction and control of the Requesting Party until the Responding Official withdraws Assistance.

Workers' compensation
Each Party shall be responsible for injuries or death of its own personnel. Each Party will maintain workers' compensation insurance or self-insurance coverage, covering its own personnel while they are providing Assistance pursuant to this Agreement. Each Party waives the right to sue any other Party for any workers' compensation benefits paid to its own employees or volunteer or their dependents, even if the injuries were caused wholly or partially by the negligence of any other Party or its officers, employees, or volunteers.

Damage to equipment
Each Party shall be responsible for damages to or loss of its own equipment. Each Party waives the right to sue any other Party for any damages to or loss of its equipment, even if the damages or losses were caused wholly or partially by the negligence of any other Party or its officers, employees, or volunteers.

Liability

1. For the purposes of the Minnesota Municipal Tort Liability Act (Minn. Stat. Ch. 466), the employees and officers of the Responding Party are deemed to be employees (as defined in Minn. Stat. § 466.01, subd. 6) of the Requesting Party.

2. The Requesting Party agrees to defend and indemnify the Responding Party against any claims brought or actions filed against the Responding Party or any officer, employee, or volunteer of the Responding Party for injury to, death of, or damage to the property of any third person or persons, arising from the performance and provision of Assistance in responding to a request for Assistance by the Requesting Party pursuant to this Agreement.

3. For purposes of determining total liability for damages pursuant to Minn. Stat. § 471.59, subd. 1a(b), the Parties are considered a single governmental unit and the total liability of the Parties shall not exceed the limits on governmental liability for a single governmental unit as specified in Minn. Stat. § 466.04, subd. 1.

4. The intent of this subdivision is to impose on each Requesting Party a duty to defend and indemnify a Responding Party for claims arising within the Requesting Party's jurisdiction subject to the limits of liability under Minnesota Statutes, Chapter 466. The purpose of creating this duty to defend and indemnify is to simplify the defense of claims by eliminating conflicts among defendants, and to permit liability claims against multiple defendants from a single occurrence to be defended by a single attorney.

5. No party to this Agreement nor any officer of any Party shall be liable to any other Party or to any other person for failure of any Party to furnish Assistance to any other Party, or for recalling Assistance, both as described in this Agreement.

Charges to the Requesting Party

1. No charges will be levied by a Responding Party to this Agreement for Assistance rendered to a Requesting Party under the terms of this Agreement unless that Assistance continues for a period of more than 48 hours. If Assistance provided under this Agreement continues for more than 48 hours, the Responding Party will submit to the Requesting Party an itemized bill for the actual cost of any Assistance provided after the initial 8-hour period, including salaries, overtime, materials and supplies and other necessary expenses. The Requesting Party will reimburse the Party providing the Assistance for that amount.

2. Such charges are not contingent upon the availability of federal or state government funds.

Duration

This Agreement will be in force for a period of five years from the date of execution. Any Party may withdraw from this Agreement upon thirty (30) days written notice to the other Party or Parties to the Agreement. (Expiration Date: June 30, 2026)

Execution
Each party hereto has read, agreed to and executed this Mutual Aid Agreement on the date indicated.

K. Business Items
1. **Resolution 2021-131** Interview Applicant for Vacant Parks, Recreation and Culture Board Seat
Applicant Zachary Gahm was interviewed by Mayor Johnson for one of the vacant Parks, Recreation and Culture Board seats. Johnson asked questions specific to Parks, Recreation and Culture.

A motion was made by Lundeen, seconded by Gordon to approve resolution as presented. Motion passed 5-0. Motion carried.

City Administrator Josi Wood

2. **Resolution 2021-132** Accepting New Liquor Store Signage
City Administrator Josi Wood shared quotes were solicited from two different vendors for signage at the new liquor store. The recommendation from Committee of the Whole was to have an illuminated large sign above the entrance and non-lit signs on the sides of the facility that are illuminated with sconces above. The cost per sconce is $546.00 plus installation with three needed per side. Staff is recommending to go with Scenic Sign as they were slightly lower than the other vendor by approximately $500.00. Staff is also recommending to work with the beer vendors for the "Beer", "Wine", "Spirits" signs.

A motion was made by Lundeen, seconded by Gordon for the design of the front sign to be back lit, white letters with blue and tree logo and side signs to include blue non-lit letters lit by sconces. Motion passed 5-0. Motion carried.

3. **Resolution 2021-133** Approving a Special Event Permit Application for Splish Splash Summer Bash
City Administrator Josi Wood shared that this is a special event permit request for the Splish Splash Summer Bash on July 9th. This event started last year and the Parks Coordinator is looking to grow it this year. The estimated number of people to be in attendance is 250 people.

A motion was made by Lundeen, seconded by Bergley to approve resolution as presented. Motion Passed 5-0. Motion carried.

4. **Resolution 2021-134** Approving a Special Event Permit Application for a Fireworks Display
City Administrator Josi Wood shared that this is a special event request for the 2nd annual fireworks event in Bluebird Park on Thursday, July 8, 2021. The fireworks will begin at approximately 10:00 p.m. with a 15-minute display. The estimated number of people is 1,500 people. The different from this year and last year is that there will be food trucks in attendance.

A motion was made by Lundeen, seconded by Gordon to approve resolution as presented. Motion passed 5-0. Motion carried.

City Engineer Jason Cook

5. **Resolution 2021-135** Awarding the Bid for the 2021 Pavement Management Project
City Engineer Jason Cook shared bids were received on June 3rd for the 2021 Pavement Management Project. This project includes the Bluebird Park parking lot, street and trails, 3rd Ave, Isanti Parkway, Mainstreet East of the train tracks, Dahlin Ave and Credit Union Drive. Two bids were received from

ASTECH, Corp and Allied Blacktop Co. ASTECH, Corp is the responsible low bidder in the amount of $289,825.17 and is within the anticipated budget.

A motion was made by Collison, seconded by Bergley to award the bid to ASTECH, Corp. Motion passed 5-0. Motion carried.

6. **Resolution 2021-136** Awarding the Bid for the Main Street Reconstruction Project
City Engineer Jason Cook shared that six bids were received on June 3rd for the Main Street Reconstruction Project. This project included one base bid for the Main Street reconstruction work and two alternate bids, one for the Heritage Walk Improvements and another for the Eagle Park Improvements. North Valley, Inc is the low responsible bidder for all combinations of bids with the exception of one scenario. If only Eagle Park is awarded with the Main Street Reconstruction, then Douglas-Kerr Underground would be the low bidder. Recommendation from the City Engineer is to award the base bid with both alternates to North Valley, Inc in the amount of $567,568.53.

   A motion was made by Lundeen, seconded by Collison to award base bid with both alternates to North Valley, Inc. Motion passed 5-0. Motion carried.

L. Approve Consent Agenda

E. Committee Meeting Items

1. Public Works Updates
- Staff began fogging for mosquitos last week.
- Staff has been busy spraying for weeds in bike paths and parking lots.
- Hot patching has been completed for now.
- Street painting has begun. This year Public Works will be painting the Parade Route and high traffic areas.
- An early spring has left Public Works with 400 tons of leftover salt that will be able to be used next year.
- Staff received some odor complaints that were coming from the Wastewater Treatment Plant. Although it is normal to have odors in the spring as the ponds turn over these lingered longer than normal. The odors were coming from pond 1. It is likely a shock was received from somewhere in the system that pond 1 could not keep up with. Staff responded by taking the pond out of service. Valve adjustments were done to give the pond more oxygen to help it recover. A pump was also out of service for about two weeks and is now back to normal operation.
- New pumps were installed at the 8th Ave lift station.
- There have been record setting pumping levels at the Water Treatment Plant with the warm weather.
- 1.558 million gallons were pumped in a single day last week which is an all-time high.
- For the month of June, it is averaging 1.28 million gallons per day. Last year in June it was averaged 1.07 million gallons per day.
- The Well II Rehab work was completed on schedule and in time for Water Main Flushing.
- The Farmers Market opened on May 28.
- New Bleachers have been installed at Unity Park.
- Curious Creatures was held at Bluebird Park that day.

2. American Rescue Funds Discussion
- The City of Isanti is planned to receive approximately $700,000.00 in American Rescue Funds from the Federal Government.

- The funds have treasury guidance but slightly different than the Cares Act Funding.
- The American Rescue Funds will be able to be more widely divided for other City focuses which include impacts to the economic portions of the pandemic but also infrastructure needs.
- The funds do not need to be spent until 2024.
- Recommendation from Committee is to use funds for infrastructure needs and consider other uses at the next Committee meeting.

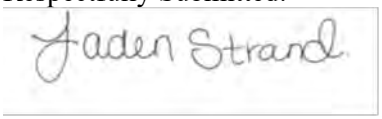
3. Small Small Business Request *(Steve Fredlund)*
- Steve Fredlund from Small Small Business shared that the difference between the Cares Act Funding and the American Rescue Funds is that there are some opportunities to help some of the small businesses beyond the economic relief such as technical assistance and business coaching and asked for consideration of that.
- Recommendation from Committee is to add American Rescue Funds Discussion to the July 20th Committee of the Whole meeting for further discussion.

4. Park Archery Range *(Councilmember Gordon)*
- Councilmember Gordon suggested a possible archery range in River Bluff Park.
- Parks, Recreation and Events Coordinator Alyssa Olson suggested fencing and mesh for backstop so arrows are not going through.
- City Code would need to be amended as it does restrict bows, arrows and slingshots in the park.
- City Administrator Josi Wood suggested the Compost Site as a possible location for the archery range.
- Recommendation from Committee is to look into possibly having the range at the Compost Site and bring back to Committee of the Whole for further discussion.

5. Editorial and Legal Analysis Review and Modifications to Ordinances
- Staff has continued to review City Code for the following:
    - Correct and updated MN statute references
    - Consistencies of terminology within the Chapters and among the Chapters
    - Legal analysis for compliance
    - Inserting policies by Resolution that should be within Ordinance
- As a part of the City Code project update that was initiated in 2020, General Code went through all the codified Chapters for an Editorial and Legal analysis. The purpose of the Editorial and Legal Analysis is to give City officials an overview of the codification project and to give an in-depth chapter-by-chapter review of the City's Code. It is a guide to help facilitate areas of question and give an opportunity to have the City make revisions to legislation, if desired.
- Recommendation from Committee is to move forward and publish Editorial and Legal Analysis overview document and bring to City Council for consideration.

6. Speed Limit Sign and Crosswalk on 3rd Avenue Discussion *(Mayor Johnson)*
- Mayor Johnson has received concerns of the speed by the Soccer Complex.
- Residents have requested a sign stating beginning speed and ending speed sign in the area.
- Recommendation from Committee is to move forward with beginning and end signs to be put up in the area.

7. Ducks Discussion



- There has been interest by residents in the city to keep certain animals, specifically ducks. The request would be to allow these domestic fowl in residential areas.
- Surrounding cities do not allow domestic fowl to be kept in residential areas.
- Some cities allow ducks to be kept only in areas that are zoned agricultural land would be the R-1A Residential Rural District. This zoning district has a minimum lot size of 1 acre.
- Recommendation from Committee is to move forward with allowing 2 ducks for less than 3 acres and 4 ducks for more than 3 acres with clipped wings and bring to City Council for consideration.

8. Sewer Extension on Heritage Blvd
- City Engineer Jason Cook received an email from a resident with concerns.
- The sewer extension on Heritage Blvd was removed from the project because the cost per property was too high and the assessments for residents would be considerable.
-
- All the homes along this run could elect to drill across under the County Road to the nearest sewer and make a connection. The estimated amount to do so is less than what the residents would be assessed.
- Committee had no further recommendation.

9. Fairway Greens First Right of Refusal Discussion
- The County does not want to allow for another access for the development from County Road 5.
- Recommendation from Committee is to not have attorney draft agreement in regards to the City having a first right of refusal for the lots.

F. Adjournment
Meeting was adjourned at 6:28 p.m.

Respectfully Submitted.

PLANNING COMMISSION MEETING

TUESDAY, May 18, 2021

Immediately following the 7:00 P.M City Council Meeting;

1. **Meeting Opening**
   - A. Call to Order: Chair Johnson called the meeting to order at 7:12 p.m.
   - B. Pledge of Allegiance
   - C. Roll Call: Members present: Jeff Johnson, Steve Lundeen, Jimmy Gordan, Paul Bergley, Alexander Collins, Arissya Simon.
     Members Absent: Dan Collison
     Staff present: Community Development Director Sheila Sellman, Community Development Specialist Ryan Saltis, City Administrator Josi Wood
   - D. Agenda Modifications: None

2. **Meeting Minutes**
   - A. Approval of Minutes from the March 16, 2021 Planning Commission Meeting motion by Bergley, second by Collins motion passes 6-0.

3. **Public Hearing**

   - A. Request by Anthony Hanson for approval for a Preliminary and Final Plat under City Ordinance 536, said request is for a development labeled Fairway Greens South located at PID 16.142.0020. Sellman presented the preliminary and final plans for a proposed single family residential housing development called Fairway Greens South. Representatives of the proposed development were present at the meeting and available for questions, Anthony Hanson the land owner and the engineer of the development from LHB Inc. There was a letter that was submitted to City Staff, in which Mayor Johnson read at the meeting that expressed concerns for the development only having one access and the increased amount of traffic that these new houses would bring to the neighborhood. Traffic and safety concerns were also presented by other members of the neighborhood at the public hearing and fire truck access was discussed. The applicant, Anthony Hanson explained that this development extending into a cul-de-sac was already part of the master plans for the Fairway Greens development, and he is simply carrying out these plans for what was already approved. The Planning Commission asked if it was possible to add another street from County Road 5 that would connect to Wendover St NE to possibly mitigate traffic and give an additional access to these houses. Hanson expressed that a lot or two would have to be taken out of the plans to create this road and the development is under a tight budget as it stands. Hanson explained that he would be open to possibly creating a temporary road until the current through road gets completed in the future and then develop these lots. Motion for approval of the preliminary and final plat for Fairway Greens South by Gordon, 2nd by Lundeen,

motion tied 3-3. Members of the audience requested for a reopening of the public hearing due to added responses by the applicant after public hearing was closed. Motion to reopen the public hearing by Gordon, 2nd by Bergley, motion passes 6-0. Two more members of the audience spoke at the public hearing, regarding traffic concerns and future street issues. They asked the Planning Commission to look at the development as a whole in regards to potential numbers of vehicles traveling on the one road. Planning Commission members agreed that they need to consider finding a balance between people's safety, and profit for developers and the community. The motion for a 3-3 tie vote stood with Gordon, Lundeen and Simon voting yay and Johnson, Collison and Bergley voting nay. This motion will be brought to the following City Council Meeting on June 1st, 2021.

B. Request by Isanti Self-Storage for approval of Site Plans under City Ordinance 445 Section 18 and Conditional Use Permit under City Ordinance 445, Section 21, Article 2, said request is for self-storage facilities located at 515 1st Ave NW. Saltis presented the Site Plans and Conditional Use Permit for Isanti Self-Storage. The applicants representing Isanti Self-Storage were present at the meeting and available for questions from the Planning Commission members. Larry Kuechle, the property owner to the south of Isanti Self-Storage, explained that he is worried about his property values decreasing, the quality of the units that were built, and that the storage units do not meet setbacks. The applicant, Jon Taxdahl of Isanti Self-Storage explained that they were unaware that they would need building permits for the additional units added around the perimeter of the site and that they were attempting to meet the storage demand for residents in the city. The Planning Commission asked if the drive aisle widths in between storage units would suffice for a fire truck turn around. The applicant explained that it would be able to access the units with a hose but that the drive aisle widths are tight. Luke Merrill also spoke at the public hearing and explained that the self-storage facility is an asset to the community and seems like the structures are built well even if they are temporary. Another representative of Isanti Self-Storage spoke at the public hearing and explained that these units were built with quality materials, and the community is appreciative that the additional units are available. Mayor Johnson closed the public hearing and reiterated that there are not definitive measurements of where the units are located, and could possibly be encroaching on neighboring properties. City Staff told the Planning Commission that they recommend denial for the additional units but would be open to approving a Conditional Use Permit for Self-Storage on site. Variances would be needed at a later time for the location of the units encroaching into the setbacks of the I-1 Zoning District, and for exceeding the 75% impervious surface maximum in the district. Motion to deny the site plans by Lundeen, 2nd by Johnson. This motion was denied with a 2-4 vote. Motion to accept the property as self-storage by Lundeen, 2nd by Bergley, motion carried 6-0. Motion to approve the site plans with a condition to provide a site survey for units on the west side of the property and stay at least 2 ft off the west property line and remove the units on the south side of the property by Gordon, 2nd by Bergley, motion passes 4-2.

5. **Other Business:** None
6. **Discussion Item:** None
7. **Adjournment:** Motion by Bergley, 2nd by Lundeen to adjourn, motion passed 6-0 meeting adjourned at 8:57 p.m.

PARKS, RECREATION, AND CULTURE BOARD MEETING MINUTES

April 27,2021

Call to Order: Aaron Zdon called the meeting to order at 6:02 p.m.

Roll Call: Members Present: James Witte, Aaron Zdon and Council Member Jimmy Gordon, Staff Present: Alyssa Olson, Parks, Recreation & Events Coordinator and Matt Sylvester, Public Services Director

Agenda/Modifications: Zdon asked that February Minutes be added to the agenda. Sylvester added it to the Agenda with motion by Witte; second by Gordon.

2. Meeting Minutes: Motion by Witte; second by Gordon to approve meeting Minutes from March 23, 2021. Motion passed 3-0.

3. Park Visit Summary: Zdon gave update on Legacy Park with notes of minor knife marks, but overall everything is nicely maintained. Recommended adding a dog waste station, to replace trail maps and set a note for future discussion on allowing bikes on the path. Whisper Ridge is in bad shape with large cracks in court surface. Recommended filling cracks and restriping, and discussing possibility for turning the court into a pickle ball court per resident requests and previous discussions. Mentioned it does get a lot of use, just needs to be better maintained. Zdon also noted that previous discussions suggested the future park at South Passage be turned into pickle ball courts. Olson to look at previous minutes on pickle ball discussion to assess viability. Academy Park in great condition with no visible safety issue. Recommended moving the portable so it is ADA accessible and connected to the trail instead of at the curb; then looking into connecting the trail to the cul de sac. Witte gave update on Rum River Meadows with notes of light graffiti and mulch throw; a lot of trash was onsite – Sylvester noted that Public Works had slowed down pick up to prepare for Earth Day Clean-Up but the crew would be picking back up on that maintenance this week. River Bluff Preserve had debris on trail – Sylvester noted that was likely due to the river water levels and would send crew through once the water level is down. Witte recommended expanding rock layer around Community Garden instead of stopping partially through. Isanti Hills Neighborhood Park was in okay condition as a park with presumed minimal use with some knife marks and wearing equipment. Mattson Park had light graffiti and limited trash as Earth Day Clean-up crew had cleaned the park that week. Gordon gave update on VFW park and noted it was in good shape, but the gate is chained up and looks like the park is closed although it isn't. Sylvester mentioned the gate could be opened consistently to minimize that perception. Gordon noted the bleachers at Unity Park need replacing – Olson noted new bleachers were recently purchased and will be replaced in the coming weeks. Witte noted the field contains a few bumps that could be dangerous for players. Bluebird Park is in great shape, but there remains to be a garbage issue at the skate park. Sylvester noted it's a consistent problem with the park users not using the receptacles and the Public Works crew knows to check that area frequently during their clean up. Noted the grass is starting to grow on the sledding hill and will hopefully cover in the next few weeks as it gets summer. Discussion was had on the hopscotch stencil with no confirmation if we own one or borrowed from Academy Park; Olson and Sylvester will look into to confirm. Riverside Park is well maintained, but the equipment appears to be dirty consistently. Zdon mentioned it may be because of the tree cover and may just need pressure washing. Mulch needs replacing under swings, but is otherwise well maintained.

Olson requested the Board's opinions on turning underused parks into green space or transitional park spaces. Witte noted the volleyball court doesn't appear to be used and could be moved to replace with more active recreation. Gordon would like to see us move towards replacing some parks with green space, but there's no rush to do so as long as they are being used and maintenance of equipment is not a burden. Zdon noted it doesn't make sense to spend resources to tear a park out while money is being spent to upkeep the area. Olson asked if there are any thoughts about transitioning elements of those parks as equipment needs replacing, but not all at the same time. Zdon mentioned liking the natural parks like Winona where dirt is used with slides and log structures built into the space, but noted they are likely expensive. Olson pondered if adding more recreation for adults would be useful, i.e. adding fitness structures or equipment that could be used by older residents. Witte noted it would be helpful to poll the community through a survey on how much they use the park and what they would like to see there. Olson will look into surveying options and put together a draft for the May Board meeting.

4. Department Updates

Olson shared updates from March events: Movie Night had 6 people attend and noted that the program should be reviewed as Fall programs are considered; April Curious Creatures had 10 kids attend that all seemed to enjoy the program and wish to return; Earth Day Clean-up had lighter support than previous years, but Olson noted is likely due to COVID impacting businesses that would have supported previously. Community Garden is full and will open on May 6; Farmers' Market vendors are filling space as well with each week having approx.. 12 vendors and more applying each day; Kids Day planning is ongoing and fireworks have been booked for Thursday night. Olson is working with North 65 Chamber to ensure proper cross-promotion and support of the event. Olson shared the approval to move forward with the Performance Center in Bluebird Park, pending Council final approval at end of May. Zdon requested to see the blueprint for the Performance Center and site plan, which will Olson will provide at the May meeting. Olson prompted the Board to send any ideas for events, parks, programs, etc. her way to research as needed for future potential.

Adjournment: Motion by Witte, second by Gordon to adjourn the April 27, 2021 meeting of the Parks, Recreation, and Culture Board. Motion passed 3-0, meeting adjourned at 6:43 p.m.

Respectfully Submitted

Education and/or Knowledge that will be useful to the Board:

Produced my own Street Dance in Duluth for eight years. It was part of my festival that I founded in 2011.
Also was president of my community club. 2012 - 2016

Why you are interested on being on the Board?

*It's important to me to be of service to my community
*I like knowing I am working to improve the place I live
*I love working with people to get something done.

What is your vision of Isanti?

To continue being a great place to live, visit and do business.

Any other pertinent information that might to be taken into consideration. You may attach additional pages.

I grew up in a City owned Ice Arena. My first job was keeping score @ youth hockey games. My father always showed us to be of service to your community. At 22 years old, I founded "FarWestfest", it was a community celebration in the neighborhood I was raised in. Crafters, food, Music, Carnival, Street Dance and more. That event ran until 2018. In 2012, I was elected president of my community club. We did fundrasers, picnics, breakfasts etc. To raise funds for local causes. We oversaw the maintainence of the community Christmas Tree as well as Street post flags. My wife and I own a production company that promotes and produces stand up comedy shows. We moved to Isanti in November 2020. We love it here.

Memo for Council Action

To: **Mayor Johnson and Members of the City Council**
From: Alyssa Olson, Parks, Recreation & Events Coordinator
Date: July 6, 2021
Subject: Resolution 2021-XXX Approving a Special Event Permit Application for Ally's Walk for Kleefstra

---

Background

A local resident has submitted an application requesting a Special Event Permit for Ally's Walk for Kleefstra. The event is scheduled for July 24, 2021 from 9:00am to 3:00pm. The walk/run event will begin at the soccer complex and travel along the Cambridge-Isanti Bike/Walk Trail for 1.5 miles. The event will conclude at Bluebird Park. Estimated event attendance is 50-75. Parking will be utilized at the soccer complex and Bluebird Park with potential overflow to the Isanti Indoor Arena.

No road closures are being requested and additional restrooms will not need to be provided. Event volunteers will be responsible for cleaning up all utilized areas after the event.

A microphone and speakers will be utilized for announcements at Bluebird Park during the event. Donations will be collected for this event and will support a caregivers group that works with patients with Kleefstra Syndrome.

Staff Request

City staff are requesting City Council's approval of the Special Event Permit application for Ally's Walk for Kleefstra.

Hi there!
We spoke previously about an event I have going on July 24th from 9am-3pm at the latest. I know you have evening soccer going on, but I was wondering if during my event if we could utilize the soccer parking if needed? As part of my permit for the city they need a written approval for any parking I utilize from you, via email is fine. I am not sure that we will need it but would like it avail if needed.
Thank you
Tina Neubauer

Request for City Council Action

TO: Mayor Johnson and Members of City Council

FROM: Ryan Saltis, Community Development Specialist

DATE: July 6, 2021

SUBJECT: Resolution 2021-XXX a resolution approving the site plans for a manufacturing building for BP Metals at 825 East Dual Blvd.

Background: A presentation was given at the June 24, 2021 Planning Commission Meeting by the City's Community Development Specialist in regards to the site plans for the proposed manufacturing building for BP Metals located at 825 East Dual Blvd NE. Discussion was had between Planning Commission members regarding number of employees and if the other location of BP Metals in Blaine will be operating in addition to this proposed Isanti location. Blake Pendzimas from BP Metals explained that they are looking to keep the Blaine location for the time being, with potential to expand the Isanti location in the future and move the operations entirely to Isanti. The applicant explained that there would be three shifts of fifteen or more employees per shift and the facility will be open 24 hours per day. There was no one from the public present at the public hearing to speak on this item.

The Planning Commission approved the Site Plans for a manufacturing building with conditions at the June 15, 2021 Planning Commission meeting. Motion for approval passed 6-0.

Request: Consider adopting the resolution and findings of fact.

RESOLUTION 2021-XXX

APPROVING THE SITE PLANS FOR A MANUFACTURING BUILDING FOR BP METALS LOCATED AT 825 EAST DUAL BLVD NE

WHEREAS, Image Contracting, LLC (applicant) has requested approval for site plans of a manufacturing building for BP Metals at 825 East Dual Blvd NE in the City of Isanti (PID 16.137.0010); and,

WHEREAS, the property is located in the "I-1" Industrial Park District, in which *Light Manufacturing* is a permitted use; and,

WHEREAS, under Isanti Zoning Code Section 18, Subd.2(A) the construction of a new building is required to obtain approval of the Site Plan/Building Appearance; and,

WHEREAS, the City of Isanti has entered into a development agreement with BP Metals on March 4, 2020; and,

WHEREAS, the City of Isanti Planning Commission recommended approval of Site Plans for a light manufacturing building on June 15, 2021; and,

WHEREAS, the City of Isanti City Council reviewed the requested Site Plans at its regularly scheduled meeting on July 6, 2021;

NOW, THEREFORE, BE IT RESOLVED by the City Council of the City of Isanti, that it adopts the Findings of Fact and Conclusion related to the requested Site Plans for a manufacturing building;

BE IT FURTHER RESOLVED that the requested Site Plans be hereby APPROVED subject to the following conditions:

1. Location of freestanding light poles shall be shown on site plans and approved by staff
2. Mechanical equipment shall be screened from public right-of-way
3. Trash receptacle shall be enclosed and illuminated
4. All signs shall require a sign permit when applicable to determine dimensions and locations and shall follow Section 16 of the City's Zoning Ordinances
5. Applicant shall apply for all permits associated with the building including but not limited to a building permit, mechanical permit, plumbing permit, electrical permit, and sewer and water hookup.
6. All conditions/comments listed in the City Engineer's memo dated 6/2/2021 shall be addressed

This Resolution is hereby approved by the Isanti City Council this 6th day of July 2021.

FINDINGS OF FACT AND CONCLUSION

Request

Request by Image Contracting, LLC for Site Plan Approval for a manufacturing building located at 825 East Dual Blvd NE.

Findings of Fact

1. The applicant Image Contracting LLC, submitted an application for Site Plan Review for a manufacturing building located at 825 East Dual Blvd NE, PID 16.137.0010
2. The Property is zoned I-1, Industrial Park District. In which the use is permitted.
3. A public hearing on the matter was held before the City of Isanti Planning Commission on June 15, 2021 at 7:00 p.m. at City Hall within the City Council Chambers.
4. Notice of the Site Plan Review request was published within the *County Star* on June 2, 2021. Notices were sent to all property owners located within 350 feet of the subject property.

Conclusions

1. In review of the standards established in Section 18, Subdivision 7, the following conclusions have been made (*conclusions to each requirement are shown in underlined italics)*:
   A. Consistency with the elements and objectives of the City's development guides, including the Comprehensive Plan.
   The proposal would appear to be consistent with the elements and objectives of the City's development guides and the Comprehensive Plan in that it creates employment opportunities in the Industrial Park District.

   B. Consistency with City Codes.
   A review of the proposal against zoning ordinance requirements has been completed. The requirements would appear to have been met by the proposal as presented for the site plan review.

   C. Preservation of the site in its natural state to the extent practicable by minimizing tree and soil removal and designing grade changes to be in keeping with the general appearance of neighboring developed or developing areas.
   The site will be preserved to the fullest extent possible. There are a minimal number of existing trees that are in the middle of the site which will be removed to construct the building. However, trees will be added to the site.

   D. The amount and location of open space and landscaping.

The amount of landscaping will meet code and open space requirements will be met. Sod and irrigation are required on all disturbed areas of the lot, except where prairie/natural plantings are located.

E. Vehicular and pedestrian circulation, including walkways, interior drives, and parking in terms of location and number of access points to the public streets, width of interior drives and access points, general interior circulation, separation of pedestrian and vehicular traffic and arrangement and amount of parking.
Site Plans shall be altered to determine parking stall dimensions and driveway widths for traffic circulation. This condition is listed in the conditions for approval in the staff memo for the Planning Commission dated 6-15-2021. All other regulations in Section 17 of Isanti's Zoning Ordinances for Off-Street Parking and Loading will be met.

F. Protection of adjacent and neighboring properties through reasonable provision of surface water drainage, sound and light buffers, preservation of views, lights, and air and those aspects of design not adequately covered by other regulations which may have substantial effects on neighboring land uses.
The drainage/grading have been reviewed by the City Engineer. The location of proposed lights on the property will not disrupt neighboring properties.

G. Consistency with the City's Engineering and Design standards as adopted by Resolution of the City Council.
The plans have been reviewed by the City Engineer, and plans shall be modified to reflect design standards.

Decision

The Planning Commission reviewed the request in a public hearing held on June 15, 2021. The staff memo, and attachments shall be made part of the Findings of Fact and Conclusion.

Planning Commission Recommendation:

Motion by Lundeen, second by Gordon to recommend approval of the site plan as presented for a manufacturing building at 825 East Dual Blvd NE, PID 16.137.0010 with the following conditions:

1. Location of freestanding light poles shall be shown on site plans and approved by staff
2. Mechanical equipment shall be screened from public right-of-way
3. Trash receptacle shall be enclosed and illuminated
4. All signs shall require a sign permit when applicable to determine dimensions and locations and shall follow Section 16 of the City's Zoning Ordinances
5. Applicant shall apply for all permits associated with the building including but not limited to a building permit, mechanical permit, plumbing permit, electrical permit, and sewer and water hookup.

6. All conditions/comments listed in the City Engineer's memo dated 6/2/2021 shall be addressed

Motion Carried unanimously 6-0.

MEMORANDUM

TO: Planning Commission

FROM: Ryan Saltis, Community Development Specialist

DATE: June 15, 2021

SUBJECT: Site Plan Review for a proposed manufacturing building located at 825 East Dual Blvd NE (BP Metals)

Request: The applicant, Image Contracting LLC is requesting site plan approval for a proposed manufacturing building located at 825 East Dual Blvd NE for BP Metals.

Overview/Background: The applicant proposes to construct a manufacturing building on a 4.86-acre vacant lot located in the Industrial Park District at 825 East Dual Blvd NE. As proposed the building will be on the southeast portion of the parcel while allowing for potential future expansion north and west of the proposed building location. This parcel is currently zoned I-1 Industrial Park District in which "light manufacturing" is a permitted use.

The building is intended to provide custom sheet metal fabrication services in a warehouse setting. The building is proposed to be roughly 9,600 square feet and comprised of an office space of 692 square feet, two bathrooms and open warehouse space of 8,611 square feet. Twenty-six parking stalls are displayed on the site plans, with three of these stalls are designated as handicap accessible.

Analysis of Application: The site plan for the building shall comply with the following requirements for the I-1 Industrial Park District:

Lot Requirements

- Lot Size Minimum .5 acre
- Minimum Width of Lot at ROW 100 ft
- Minimum landscaping 25% of total lot area

The area of the parcel is roughly 4.86 acres in size and exceeds the lot size minimum. The site will meet the minimum width of lot at the Right of Way and minimum landscaping requirements.

Setbacks – Principal Building

- Front Yard Setback 30 feet
- Side Yard Setback 15 feet
- Rear Yard Setback 30 feet

The proposed building will be located roughly 100 ft from the east property lines near East Dual Blvd NE and will meet all required setbacks for the I-1 zoning district.

Impervious Surface Coverage

There shall be a required minimum of twenty-five percent (25%) reservation of the total lot area for landscaping use. A landscaping plan must be submitted to and be approved by the Planning Commission or its designee.

Impervious surfaces on site will include the building, paved asphalt parking lot and driveway surfaces. The landscaping requirement of 25% of the total lot area as green space will be met

Surfacing

All areas devoted for parking space and driveways shall be surfaced with asphalt, concrete, or other surface materials, as approved by the City Engineer, suitable to control dust and drainage. All parking areas shall be designed to control surface runoff to adjacent properties either with curbing or grading techniques.

The parking areas are proposed to be surfaced with standard duty asphalt. There is a proposed temporary gravel driveway around the rear of the building that intends to connect the paved asphalt parking lot and a separate curb cut on East Dual Blvd NE. The gravel driveway is subject to comments from the City Engineer's report dated June 2, 2021. The site plan shows potential future phases (which are not being considered in this review) if the proposed third phase isn't built then the temporary driveway shall be paved.

Curbing

Except for single-family dwellings, two-family dwellings, and townhouses, all parking areas located in the R-1, R-2, R-3, and R-4 as well as B-1, B-2, B-3, CBT, RC, I-1, or S-1 zoning districts must have curb and gutter around the perimeter of the parking lot.

Concrete curbing and gutters will extend around the entire perimeter of the parking lot and paved area on site.

Striping

All parking stalls shall be marked with either yellow or white painted lines not less than four (4) inches wide.

Four-inch-wide yellow striping will be used across the site for designated parking stalls. Two stalls will be striped to indicate no parking for handicap access stalls.

Parking Lot Setbacks

- Front Yard Setback 10 feet
- Rear Yard Setback 10 feet
- Street Side Yard Setback 10 feet
- Side Yard Setback 10 feet

Parking areas on site will meet the required 10-foot setbacks from property lines.

Parking Standards

Number of Required Parking Spaces

The following minimum number of off-street parking and loading spaces shall be provided and maintained:

Industrial Uses

Manufacturing 1.25 spaces for each employee on the major shift or 1 space for each 500 sq/ft whichever is greater

Based on the proposed use 19 parking spaces are required in which one stall be designated as handicap accessible. The site plans show 26 parking stalls, in which three parking stalls are designated as handicap accessible. The site plans meet the required number of parking spaces for the proposed use.

Stall, Aisle and Driveway Design

A. Except in the case of single-family dwellings, two-family dwellings, and townhouses, parking areas shall be designed so that circulation between parking aisles or driveways occurs within the designated parking lot and does not depend upon a public street or alley, and such design does not require backing into the public street.

B. Except in the case of single family and two-family dwellings, and townhouses, parking areas shall comply with the following standards

TABLE 9: Parking Lot and Parking Stall Dimensions

Angle of Parking	Stall Width	Curb Length Per Car	Stall Length	Aisle Width One Way	Aisle Width Two Way
90 degrees	9 feet	9 feet	19 feet	26 feet	26 feet

The site features 90-degree parking stalls and will have two-way traffic. Stall dimensions and drive aisle width is not shown on site plans and shall be a condition for site plan approval. The site will have to follow the required stall dimensions of 9 feet in width and 19 feet in length. The drive aisle widths shall be at least 26 feet and meet the requirement for two-way vehicle circulation.

Lighting

Any lighting used to illuminate off-street parking areas, signage, or buildings shall be directed away from residential properties and shall meet the standards as stipulated within Section 14 of this Ordinance.

Outdoor Lighting Standards

A. Prohibited Lighting: No use or structure shall be operated or occupied as to create light or glare in such an amount or to such a degree or intensity as to constitute a hazardous condition, or as to unreasonably interfere with the use and enjoyment of property with by any person or normal sensitivities, or otherwise as to create a public nuisance.

B. Minimum Standards: All uses shall comply with the following standards except as otherwise provided in this section:

1. Lighting fixtures shall be effectively shielded and arranged so as not to shine directly on any residential property. Lighting fixtures not of a cutoff type shall be subject to the following:

   a. Maximum initial lumens generated by each fixture shall not exceed two thousand (2,000) lumens (equivalent to a one hundred fifty (150) watt incandescent bulb).

   b. Mounting heights of such fixtures shall not exceed fifteen (15) feet.

2. Lighting shall not create a sensation of brightness that is substantially greater than ambient lighting conditions so as to create annoyance, discomfort, or decreased visual performance or visibility.

3. Lighting shall not directly or indirectly cause illumination or glare in excess of one-half (1/2) foot candle measured at the closest residential property line and five (5) foot-candles measured at the street curb line or non-residential property line nearest the light source.

4. Lighting shall not create a hazard for vehicular or pedestrian traffic.

5. Lighting of building facades or roofs shall be located, aimed, and shielded so that light is directed only onto the façade or roof.

6. Lighting shall be maintained stationery and constant in intensity and color, and not be of a flashing, moving, or intermittent type.

7. Business and industrial zoned property must light the trash enclosure areas for the safety of their employees.

An exterior lighting plan was submitted that showed lighting types that are proposed on site and include freestanding light poles and wall mounted sconces. All lighting types proposed are

downlit and are designed to reduce glare. These light sources will meet all criteria listed in Section 14 of the City Zoning Ordinance. Freestanding light poles shall be illustrated on site plans to determine their location to ensure that the foot candles near property lines are being met.

Curb Cuts

There are two curb cuts proposed along East Dual Blvd NE. The curb cut on the south side of the parcel will be paved with asphalt and will direct vehicles into the parking area. There is also a curb cut proposed on the north side of the parcel and will be a temporary gravel driveway that leads vehicles from East Dual Blvd NE around the west side of the building and connects to the paved parking area. These two proposed curb cuts are spaced an adequate distance from each other and comply with City Standards.

Building Design and Construction

A. The design and location of the buildings constructed on a lot shall be attractive and shall complement existing structures and the surrounding natural features and topography with respect to height, design finish, color, size and location.

B. Load bearing structural components shall be steel or structural concrete. Other materials of greater strength may be used if expressly allowed by the City Council.

C. Architecturally and aesthetically suitable building materials shall be applied to, or used on, all sides of all buildings that are adjacent to other existing or future structures or roads. Exterior walls of iron, aluminum, or wood will be permitted only with the specific written approval of the City Council. Exterior walls of masonry, concrete and glass are encouraged. Colors shall be harmonious and compatible with colors of the natural surroundings and other adjacent buildings.

D. All exterior wall finishes on any building shall be comprised of any one or a combination of the following materials:

1. Face brick
2. Natural stone
3. Glass
4. Specially designed pre-cast concrete units, if the surfaces have been integrally treated with an applied decorative material or texture.
5. Factory fabricated, finished 26 Ga. Metal panel
6. Decorative concrete block approved by the City Council.
7. Architectural metal accent panels, generally with a value greater than pre-cast concrete units, and as specifically approved by the City Council.

8. When material noted in (5) above is used, there shall be a wainscot of material noted in (1), (2.) or (6) above, Wainscot shall be located across a minimum of 50% of the linear perimeter of the building and shall be located where most visible from streets and as specifically approved by the City Council. Minimum wainscot height shall be one-third of the sidewalk height and/or specifically approved by the City Council.

9. Other materials as approved by the City Council and in conformance with existing design and character of the Property.

Exterior building materials include steel roof and siding, and stone around the base of the South and East sides of the building. The exterior siding and stone will be a neutral tan color and will be consistent with will surrounding buildings in the Industrial Park District.

Screening, and Landscaping

A. Fencing and Screening. Fencing and screening of the following shall be in accordance with Section 15 of this Ordinance.

1. The ground level view of mechanical utilities shall be completely screened from adjacent properties and streets, or designed to be compatible with the architectural treatment of the principal structure.

   Mechanical equipment is not displayed on site plans. If mechanical equipment is on the exterior of the building, site plans shall be altered to show the location of the equipment.

2. External loading and service areas shall be completely screened from the ground level view of adjacent residential and commercial properties, and adjacent streets.

   There are no loading and service areas displayed on site plans. A building of this size (under 100,000 square ft) does not require a designated loading area.

3. When abutting or directly across the street from a Residential District, a fencing and/or screening is required.

   The site does not abut a residential area.

5. Light from automobile headlights and other sources shall be screened when adjacent to a residential district.

   Site does not surround a residential area. Small shrubs are proposed around the whole perimeter of the parking areas to screen vehicle headlights.

Landscaping

Non-Residential Requirements: In addition to the general requirements noted, properties located within non-residential districts, shall be subject to the following regulations:

Minimum Landscaping Requirements. All open areas of a lot which are not used or improved for required building areas, parking areas, building expansion areas, drives, sidewalks, storage, or similar hard surface materials shall be landscaped with a combination of sod, overstory trees, understory trees, shrubs, flowers, ground cover materials and/or other similar site design features or materials in a quantity acceptable to the City.

Maintenance of Landscaping. The owner, tenant, and their respective agents shall be responsible for the maintenance of all landscaping provided on the parcel(s) in a condition presenting a healthy, neat, and orderly appearance; free from refuse and debris. Plants and ground cover that are required by an approved site or landscape plan and which have died shall be replaced within three (3) months from receipt of notification by the City. The time for compliance may be extended to nine (9) months, due to seasonal weather conditions.

Soil Requirements. A minimum of four (4) inches of topsoil shall be provided upon all lots.

Turf Requirements. All areas disturbed by new construction or not covered by established lawn or turf shall be sodded. Those areas to be maintained as natural areas as provided for within a developer's agreement or any wetlands that may be located on the property are exempt from this provision. The Building Official may waive this requirement upon inspection of the property.

Tree Requirements.

a. Landscaping shall provide for an appropriate mix of plantings around the exterior footprint of all buildings. Landscaping shall improve the appearance of the structure and break up large unadorned building elevations. Plantings are not intended to obscure views of the building or accessory signage.

b. Where undeveloped or open areas of a site are located adjacent to a public right-of-way, the plan shall provide for deciduous trees. A minimum of one (1) tree per fifty (50) feet of street frontage is required. The City may approve an alternative if such alternative appears to meet the intent of this article.

c. In addition to deciduous and coniferous trees; shrubs, ornamental trees, perennials and annual flowers and bulbs as well as ornamental grasses and ground cover shall be used to compliment the landscape plan.

d. Trees shall be of varying species and shall be in accordance with the City Tree Lists, as presented within the Section. If four (4) or more trees are used, the trees shall be of at least three (3) different species. If seven (7) or more trees are planted, trees shall be of at least four (4) different species. Other types of trees not listed on the City Tree Lists may be permitted at the discretion of City Staff.

   The landscaping plan proposes to include small plantings along the perimeter of the proposed parking area. Twenty-four (24) overstory trees are proposed around the entire parcel. The City Landscaping Ordinance requires that the site have at least 9 trees based on the lot frontage calculation (1 tree per 50 ft of lot frontage) and the proposed amount of 24 trees will meet this standard. There are no tree and planting species listed on the

plans, any trees or plantings installed on the site shall be consistent with the City Tree List. Sod shall be planted on all areas not disturbed by new construction or not already covered by established lawn or turf.

Refuse and Trash Receptacle Enclosures

B. Trash Dumpsters and Garbage Receptacles Required: All new uses and buildings in all zoning districts, with the exception of the "R-1", "R-2", and "R-3A" Districts; shall have trash dumpsters or garbage receptacles provided on the parcel or lot and be adequately screened and enclosed. The location of trash dumpsters and garage receptacles shall be approved during the site plan approval process.

C. Standards for Trash Enclosures: Trash dumpsters and garbage receptacles shall be screened from all lot lines and public roadways, in accordance with the following provisions:

1. The screening devices shall be designed so that they are architecturally harmonious with the principal structures on the site and shall meet the requirements as specified in Section 15 of this Ordinance.

2. Trash enclosures shall be lit.

3. Trash enclosures shall be of an adequate size to accommodate all refuse and recyclables.

D. Enclosure and Receptacle Maintenance Required: Fencing and landscaping for trash dumpsters and garbage receptacles shall be maintained in good condition and shall be kept litter-free at all times.

The trash receptacle is proposed to be located in the parking area near the four parking stalls to the southwest of the building. The receptacle does not appear to be enclosed, fenced or screened. The trash receptacle/enclosure shall follow the regulations set in Section 14, Subdivision 3 of the City's Zoning Ordinances and shall be enclosed. The trash enclosure shall also be illuminated for the safety of employees.

Signs

Signs will need to be applied for separately from the site plans. All signs will need to follow criteria listed in Section 16 of the City's Zoning Ordinances. Permits will be needed for approval of location and dimensions determined at a later date.

Staff Recommendation: Staff recommends approval of the proposed BP Metals manufacturing building located at 825 East Dual Blvd NE with the following conditions:

1. Location of freestanding light poles shall be shown on site plans and approved by staff
2. Mechanical equipment shall be screened from public right-of-way
3. Trash receptacle shall be enclosed and illuminated

MEMORANDUM

Date: June 2, 2021

To: Sheila Sellman, Community Development Director

From: Jason W Cook, P.E.
City Engineer

Subject: BP Metals – Site Plan Review
City of Isanti, MN
Project No.: 0R1.123130

We have reviewed the Site Plan and supporting documents entitled "BP Metals" with a date of May 19, 2021.

The plan includes the construction of a new building, parking lot, pond, and storm sewer system.

An existing and proposed stormwater model was also submitted.

We have reviewed the submitted documents and have the following comments:

Site Plan:

1. Sheet C3 Erosion & Sediment Control Plan:
    a. Add inlet protection at the next 2 downstream catch basins along the street.
    b. Change the silt fence line type so it can be clearly seen vs the property line.
    c. Show construction limits, and turf restoration plan.
    d. There are 24 circles that appear to be manholes around the south, west and north sides of the site. What are these? They show up on multiple pages.
    e. Submit SWPPP as over 1 acre of surface will be disturbed.
    f. No plantings allowed in the infiltration basin.
2. Sheet C5 – Civil Site Plan:
    a. No future layout linework will be reviewed as submitted. Those expansions will need to be submitted in the future for full plan review.
    b. Temp gravel driveway appears to go through existing telephone pedestal and existing catch basin.
    c. The gravel driveway will need a 5-foot concrete apron with wings if this is allowed to be installed.
    d. Construct valley gutter through both proposed entrances.
    e. Label stall depth, width, and drive lane width. Meet city standards.

f. The street patch section if needed shall be:
   i. 1.5-inches of bituminous wear course
   ii. 2-inches of bituminous non-wear course
   iii. 8-inches of aggregate base class 5

3. Sheet C6 – Grading Plan:
   a. It appears water will be trapped on the west side of the grading limits.
   b. What is the plan with the hole created in the NE corner of the property? Why is this not the pond location?
   c. All proposed infiltration basins need to have 3 feet of separation from the pond bottom to the ground water level. The outlet apron on the east side of East Dual Boulevard is under water at elevation 934.23 so the pond bottom most likely won't be able to be below 938.
   d. All proposed infiltration basins will need to have a soil boring to determine the water table, and a percolation test to determine infiltration rate.
   e. Show the EOF spot elevation for the proposed pond.
   f. Show spot elevations on the proposed curb, with grades, and gutter in or out designations.
   g. Show percent slope on the pavement surface and sidewalk.
   h. Show spot elevation in the pavement at highpoint between inlets. This highpoint cannot be above 939.8 to allow 1 foot freeboard to building finished floor. It appears it is currently above 940.
   i. A 939 contour on the south side of the site appears to be missing. Verify no water will be trapped on the south property line.
   j. Submit pond maintenance plan.
4. Sheet C7 – Utility Plan:
   a. A 6" PVC sanitary sewer service is already stubbed to the property line. See attached record drawing. Connect to this service, as opposed to cutting into the street.
   b. The storm sewer inverts appear to be at or near the groundwater level. This does not allow room for infiltration.
   c. The detail on the outlet control structure is hard to read. Please provide a clearer detail and specifically a detail on the outlet control trap shown in the detail.

<u>Stormwater Modeling:</u>

1. Submit subcatchment maps for the existing and proposed models.
2. Use Atlas-14 storm event modeling. Revise and resubmit.
3. Existing subcatchment areas are not defined by property lines. Include off site runoff draining onto the site. This cannot be blocked off and must be included in the modeling.

4. Existing runoff does not appear to leave the site. From historical records it appears the site was originally supposed to discharge into a regional 18" culvert that has since been blocked off from the north. Given this pipe capacity and percentage of the drainage area going to this location, we can allow the 100-yr storm event to discharge **2.27 cfs** into the existing CB proposed to be connected to. The model currently appears to show 6.12 cfs.
5. Verify ground water will be over 3-feet below the bottom of all proposed infiltration basins. Provide geotechnical report showing this and have percolation tests completed to determine infiltration rate. Revise model as needed. Correct soil to not exceed maximum allowed infiltration rates.

We recommend approval of the site plan once the above items are addressed.

Please contact me if you have any questions.

GENERAL NOTES:

1. Plant materials shall be guaranteed for a period of one (1) year – one time replacement.
2. All planting beds for shrubbery shall be bordered with "Minnesota Valley" black polyvinyl grass edging–properly staked in place at 4'-0" o.c. Beds shall receive 4" min. pea rock on 6 mil. Poly weed mat.
3. Contact Gopher State for U. G. utility locates prior to starting construction.
4. Install new weed mat and mulch in all new planting areas as required.
5. Note that all existing plants which are noted to be removed, shall be relocated on site and shall be transplanted in the areas designated for the new planters or plant locations. Verify all plants and areas designated for replacing with the field supervisor on site, prior to performing this work.
6. Expose plant flare & set at grade. Remove burlap & ropes from top 1/3rd of the root-ball, cut wire basket down to 2nd horizontal wire from the bottom (dispose off-site).
7. Landscaping Contractor shall maintain trees in a plumb vertical position throughout the required maintenance period.

Height: 3.0" (7.6 cm) Main Body 7.2" (18.4 cm) Arm

Weight (SPA mount): 22.0 lbs (10.0 kg)

Introduction

The new RSX LED Area family delivers maximum value by providing significant energy savings, long life and outstanding photometric performance at an affordable price. The RSX1 delivers 7,000 to 17,000 lumens allowing it to replace 70W to 400W HID luminaires.

The RSX features an integral universal mounting mechanism that allows the luminaire to be mounted on most existing drill hole patterns. This "no-drill" solution provides significant labor savings. An easy-access door on the bottom of mounting arm allows for wiring without opening the electrical compartment. A mast arm adaptor, adjustable integral slipfitter and other mounting configurations are available.

NOTES
1. Any Type 5 distribution, is not available with WBA.
2. MVOLT driver operates on any line voltage from 120-277V (50/60 Hz).
3. HVOLT driver operates on any line voltage from 347-480V (50/60 Hz).
4. XVOLT driver not available with P1 or P2. XVOLT driver operates on any line voltage from 277V-480V (50/60 Hz). XVOLT not available with fusing (SF or DF) and not available with PE or PEX.
5. Single fuse (SF) requires 120V, 277V or 347V. Double fuse (DF) requires 208V, 240V or 480V.
6. Maximum tilt is 90° above horizontal.
7. It may be ordered as an accessory.
8. Requires MVOLT or 347V.
9. Not available in combination with other light sensing control options (following options cannot be combined: PE, PEX, PER7, FAO, DMG, PIRHN).
10. Requires 120V, 208V, 240V or 277V.
11. Twistlock photocell ordered and shipped as a separate line item from Acuity Brands Controls. See accessories. Shorting Cap included. Dimming leads capped for future use.
12. For units with option PER7, the mounting must be restricted to +/- 45° from horizontal aim per ANSI C136.10-2010.
13. Two or more of the following options cannot be combined including DMG, PER7, FAO and PIRHN.
14. Must be ordered with PIRHN.
15. Requires MVOLT or HVOLT.
16. Must be ordered with NLTAIR2. For additional information on PIRHN visit here.
17. Must be ordered with fixture for factory pre-drilling.
18. Requires luminaire to be specified with PER7 option. Ordered and shipped as a separate line item from Acuity Brands Controls.

FEATURES & SPECIFICATIONS

INTENDED USE
The RSX LED area family is designed to provide a long-lasting, energy-efficient solution for the one-for-one replacement of existing metal halide or high pressure sodium lighting. The RSX1 delivers 7,000 to 17,000 lumens and is ideal for replacing 70W to 400W HID pole-mounted luminaires in parking lots and other area lighting applications.

CONSTRUCTION
The RSX LED area luminaire features a rugged die-cast aluminum main body that uses heat-dissipating fins and flow-through venting to provide optimal thermal management that both enhances LED performance and extends component life. Integral "no drill" mounting arm allows the luminaire to be mounted on existing pole drillings, greatly reducing installation labor. The light engines and housing are sealed against moisture and environmental contaminants to IP66. The low-profile design results in a low EPA, allowing pole optimization. All mountings are rated for minimum 1.5 G vibration load per ANSI C136.31. 3G Mountings: Include SPA, RPA, MA, IS, AASP, and AARP rated for 3G vibration. 1.5G Mountings: Include WBA, WBASC, AAWB and AAWSC rated for 1.5G vibration.

FINISH
Exterior parts are protected by a zinc-infused Super Durable TGIC thermoset powder coat finish that provides superior resistance to corrosion and weathering. A tightly controlled multi-stage process ensures superior adhesion as well as a minimum finish thickness of 3 mils. The result is a high-quality finish that is warrantied not to crack or peel.

OPTICS
Precision acrylic refractive lenses are engineered for superior application efficiency, distributing the light to where it is needed most. Available in short and wide pattern distributions including Type 2, Type 3, Type 3S, Type 4, Type 4S, Type 5, Type 5S, AFR (Automotive Front Row), and AFR rotated AFRR90 and ARFL90.

ELECTRICAL
Light engine(s) configurations consist of high-efficacy LEDs mounted on metal-core circuit boards and aluminum heat sinks to maximize heat dissipation. Light engines are IP66 rated. LED lumen maintenance is >L92/100,000 hours. CCT's of 3000K, 4000K and 5000K (minimum 70 CRI) are available. Class 1 electronic drivers ensure system power factor >90% and THD <20%. Easily serviceable 10kV surge protection device meets a minimum Category C Low operation (per ANSI/IEEE C62.41.2).

STANDARD CONTROLS
The RSX LED area luminaire has a wide assortment of control options. Dusk to dawn controls include MVOLT and 347V button-type photocells and NEMA twist-lock photocell receptacles.

nLIGHT AIR CONTROLS
The RSX LED area luminaire is also available with nLight® AIR for the ultimate in wireless control. This powerful controls platform provides out-of-the-box basic motion sensing with photocontrol functionality and is suitable for mounting heights up to 40 feet. No commissioning is required when using factory default settings that provide basic stand-alone motion occupancy dimming that is switched on and off with a built-in photocell. See chart above for motion sensor default out-of-box settings. For more advanced wireless functionality, such as group dimming, nLight AIR can be commissioned using a smartphone and the easy-to-use CLAIRITY app. nLight AIR equipped luminaries can be grouped, resulting in motion sensor and photocell group response without the need for additional equipment. Scheduled dimming with motion sensor over-ride can be achieved when used with the nLight Eclypse. Additional information about nLight Air can be found here.

INSTALLATION
Integral "no-drill" mounting arm allows for fast, easy mounting using existing pole drillings. Select the "SPA" option for square poles and the "RPA" option to mount to round poles. Note, the RPA mount can also be used for mounting to square poles by omitting the RPA adapter plate. Select the "MA" option to attach the luminaire to a 2 3/8" horizontal mast arm or the "IS" option for an adjustable slipfitter that mounts on a 2 3/8" OD tenon. The adjustable slipfitter has an integral junction box and offers easy installation. Can be tilted up to 90° above horizontal. Additional mountings are available including a wall bracket, adjustable tilt arm for direct-to-pole and wall and a surface conduit box for wall mount applications.

LISTINGS
CSA Certified to meet U.S. and Canadian standards. Suitable for wet locations. Rated for -40°C minimum ambient. DesignLights Consortium® (DLC) Premium qualified product and DLC qualified product. Not all versions of this product may be DLC Premium qualified or DLC qualified. Please check the DLC Qualified Products List at www.designlights.org/QPL to confirm which versions are qualified.
International Dark-Sky Association (IDA) Fixture Seal of Approval (FSA) is available for all products on this page utilizing 3000K color temperature only.

WARRANTY
5-year limited warranty. Complete warranty terms located at:

LITHONIA LIGHTING®

FEATURES & SPECIFICATIONS

INTENDED USE — These specifications are for USA standards only. Square Straight Steel is a general purpose light pole for up to 39-foot mounting heights. This pole provides a robust yet cost effective option for mounting area lights and floodlights.

CONSTRUCTION — Pole Shaft: The pole shaft is of uniform dimension and wall thickness and is made of a weldable-grade, hot-rolled, commercial-quality steel tubing with a minimum yield of 55 KSI (11-gauge, .1196"), or 50 KSI (7-gauge, .1793"). Shaft is one-piece with a full-length longitudinal high-frequency electric resistance weld. Uniformly square in cross-section with flat sides, small corner radii and excellent torsional qualities. Available shaft widths are 4", 5" and 6".

Pole Top: A flush non-metalic black top cap is provided for all poles that will receive drilling patterns for side-mount luminaire arm assemblies or when ordered with PT option.

Handhole: A reinforced handhole with grounding provision is provided at 18" from the base on side A. Positioning the handhole lower may not be possible and requires engineering review; consult Tech Support-Outdoor for further information. Every handhole includes a cover and cover attachment hardware. The handhole has a nominal dimension of 2.5" x 5".

Base Cover: A durable ABS plastic two-piece full base cover, finished to match the pole, is provided with each pole assembly. Additional base cover options are available upon request.

Anchor Base/ Bolts: Anchor base is fabricated from steel that meets ASTM A36 standards and can be altered to match existing foundations; consult factory for modifications. Anchor bolts are manufactured to ASTM F1554 Standards grade 55, (55 KSI minimum yield strength and tensile strength of 75-95 KSI). Top threaded portion (nominal 12") is hot-dipped galvanized per ASTM A-153.

HARDWARE – All structural fasteners are high-strength galvanized carbon steel. All non-structural fasteners are galvanized or zinc-plated carbon steel or stainless steel.

FINISH – Extra durable standard powder-coat finishes include Dark Bronze, White, Black, Medium Bronze and Natural Aluminum colors. Classic finishes include Sandstone, Charcoal Gray, Tennis Green, Bright Red and Steel Blue colors. Architectural Colors and Special Finishes are available by quote and include, but are not limited to Hot-dipped Galvanized, Paint over Hot-dipped Galvanized, RAL Colors, Custom Colors and Extended Warranty Finishes. Factory-applied primer paint finish is available for customer field-paint applications.

WARRANTY — 1-year limited warranty. Complete warranty terms located at:

NOTES:

1. Wall thickness will be signified with a "C" (11 Gauge) or a "G" (7-Gauge) in nomenclature. "C" - 0.1196" | "G" - 0.1793".
2. PT open top poles include top cap. When ordering tenon mounting and drill mounting for the same pole, follow this example: DM28/T20. The combination includes a required extra handhole.
3. Refer to the fixture spec sheet for the correct drilling template pattern and orientation compatibility.
4. Insert "1" or "2" to designate fixture size; e.g. DM19AST**2**.
5. Specify location and orientation when ordering option.
   For "x": Specify the height above the base of pole in feet or feet and inches; separate feet and inches with a "-".
   Example: 5ft = 5 and 20ft 3in = 20-3
   For "y": Specify orientation from handhole (A,B,C,D)
   Refer to the Handhole Orientation diagram below.
   Example: 1/2" coupling at 5' 8", orientation C = CPL12/5-8C
6. Horizontal arm is 18" x 2-3/8" O.D. tenon standard, with radius curve providing 12" rise and 2-3/8" O.D. If ordering two horizontal arm at the same height, specify with HAxy y. Example: HA20BD.
7. Combination of tenon-top and drill mount includes extra handhole.
8. Must add original order number of existing pole(s).
9. Use when mill certifications are required.
10. Provides enhanced corrosion resistance.
11. Additional colors available; see www.lithonia.com/archcolors or Architectural Colors brochure (Form No. 794.3). Available by formal quote only, consult factory for details.

IMPORTANT INSTALLATION NOTES:

- **Do not** erect poles without having fixtures installed.
- Factory-supplied templates must be used when setting anchor bolts. Lithonia Lighting will not accept claim for incorrect anchorage placement due to failure to use Lithonia Lighting factory templates.
- If poles are stored outside, all protective wrapping must be removed immediately upon delivery to prevent finish damage.
- Lithonia Lighting is not responsible for the foundation design.

Introduction

The WPX LED wall packs are energy-efficient, cost-effective, and aesthetically appealing solutions for both HID wall pack replacement and new construction opportunities. Available in three sizes, the WPX family delivers 1,550 to 9,200 lumens with a wide, uniform distribution.

The WPX full cut-off solutions fully cover the footprint of the HID glass wall packs that they replace, providing a neat installation and an upgraded appearance. Reliable IP66 construction and excellent LED lumen maintenance ensure a long service life. Photocell and emergency egress battery options make WPX ideal for every wall mounted lighting application.

WPX3 LED	9,200 Lumens, 69W					PE	Photocell[3]	Note : For other options, consult factory.	

Note: The lumen output and input power shown in the ordering tree are average representations of all configuration options. Specific values are available on request.

NOTES

1. All WPX wall packs come with 6kV surge protection standard, except WPX1 LED P1 package which comes with 2.5kV surge protection standard. Add SPD6KV option to get WPX1 LED P1 with 6kV surge protection.
   Sample nomenclature: WPX1 LED P1 40K MVOLT SPD6KV DDBXD
2. Battery pack options only available on WPX1 and WPX2.
3. Battery pack options not available with 347V and PE options.

FEATURES & SPECIFICATIONS

INTENDED USE
The WPX LED wall packs are designed to provide a cost-effective, energy-efficient solution for the one-for-one replacement of existing HID wall packs. The WPX1, WPX2 and WPX3 are ideal for replacing up to 150W, 250W, and 400W HID luminaires respectively. WPX luminaires deliver a uniform, wide distribution.

CONSTRUCTION
WPX feature a die-cast aluminum main body with optimal thermal management that both enhances LED efficacy and extends component life. The luminaires are IP66 rated, and sealed against moisture or environmental contaminants.

ELECTRICAL
Light engine(s) configurations consist of high-efficacy LEDs and LED lumen maintenance of L90/100,000 hours. Color temperature (CCT) options of 3000K, 4000K and 5000K with minimum CRI of 70. Electronic drivers ensure system power factor >90% and THD <20%. All luminaires have 6kV surge protection (Note: WPX1 LED P1 package comes with a standard surge protection rating of 2.5kV. It can be ordered with an optional 6kV surge protection).
All photocell (PE) operate on MVOLT (120V - 277V) input.

Note: The standard WPX LED wall pack luminaires come with field-adjustable drive current feature. This feature allows tuning the output current of the LED drivers to adjust the lumen output (to dim the luminaire).

INSTALLATION
WPX can be mounted directly over a standard electrical junction box. Three 1/2 inch conduit ports on three sides allow for surface conduit wiring. A port on the back surface allows poke-through conduit wiring on surfaces that don't have an electrical junction box. Wiring can be made in the integral wiring compartment in all cases. WPX is only recommended for installations with LEDs facing downwards.

LISTINGS
CSA Certified to meet U.S. and Canadian standards. Suitable for wet locations. IP66 Rated. DesignLights Consortium® (DLC) qualified product. Not all versions of this product may be DLC qualified. Please check the DLC Qualified Products List at www.designlights.org/QPL to confirm which versions are qualified. International Dark Sky Association (IDA) Fixture Seal of Approval (FSA) is available for all products on this page utilizing 3000K color temperature only.

WARRANTY
5-year limited warranty. Complete warranty terms located at:

Date: July 6, 2021
Subject: Ordinance Amending the City Zoning Ordinance, Section 13, Article 2, Subdivision 21: Wind Energy Conversion Systems

---

Overview/Background: At the May 18th Committee of the Whole the Council directed staff to draft an ordinance to allow small Wind Energy Conservation Systems (WECS) in residential zoning districts. Currently, this Ordinance only allows for WECS in the B-2, I-1, T1-B, and T1-I zoning districts. At COW the Committee discussed the size of the wind energy conversion system, noise levels they produce, and energy output. This item was brought to the Planning Commission Meeting on June 15th and passed with a 6-0 vote.

Request:
Consider adoption of the ordinance amending City Zoning Ordinances Section 13, Article 2, Subdivision 21: Wind Energy Conversion Systems

Subject: Ordinance Amendment to Chapter 87, Keeping of Certain Animals to Allow Ducks

---

Overview/Background: The Committee of the Whole discussed regulations for keeping ducks in residential areas at the May 18th and June 1st, 2021 meetings, and directed staff to draft an ordinance amendment.

Analysis of Application: The proposed amendment is to add ducks to be allowed in residential districts. The proposed ordinance amendment is similar to the existing regulations for chickens and reflects similar language. The Committee of the Whole recommended that ducks have their wings clipped, and that the maximum number of ducks allowed by lot size will be 2 for lots under 3 acres and have a maximum of 4 ducks for lots 3 acres or larger.

Request:
Consider adoption of the ordinance amending city code Chapter 87 Article 1, Keeping of Certain Animals to allow for ducks to be kept on properties zoned R-1A, R-1, R-2, R-3A, and R-3B.

ORDINANCE NO._____

AN ORDINANCE AMENDING ORDINANCE NO. 70, ADOPTED APRIL 15, 1975 AND ORDINANCE NO. 506 ADOPTED APRIL 19, 2011 AND TITLED KEEPING OF CERTAIN ANIMALS

THE CITY COUNCIL OF THE CITY OF ISANTI DOES ORDAIN:

Section 1 – Amendment. Ordinance 70 and 506, titled Keeping of Certain Animals, codified in Chapter 87 of the City Code, are hereby amended as follows:

§ 87-1.4 **Ducks.**
The City allows the keeping of ducks on residential properties in the R-1A, R-1, R-2, R-3A, and R-3B Zoning Districts, subject to the following requirements:

A. Ducks shall not be kept inside the principal structure.
B. Ducks shall not be kept in such a manner as to constitute a public nuisance as defined by the City.
C. Coops or enclosures are required and shall:
    (1) Meet all setback requirements for the zoning district of the property.
    (2) Be at least 10 feet from a side or rear property line.
    (3) Not be located in a drainage or utility easement or in a shoreland protection area or in a wetland setback area.
    (4) Shall be at least 30 feet from any residential dwelling on any adjacent property.
D. The owner must keep the ducks in a coop or fenced in area and shall be contained within the owner's parcel at all times.
E. Duck wings shall be clipped to avoid flight.
F. The property owner shall maintain the coop or enclosures such that they are in good shape, not unsightly and free from major defects.
G. The property owner shall properly store all animal feed such to ensure that it does not attract insect or rodents.
H. The property owner shall dispose of all animal waste in an appropriate manner on a weekly basis.
I. Ducks are prohibited in multifamily structures and/or homes.
J. Sale of eggs commercially is prohibited in residential districts.
K. All coops or enclosures shall be kept at least 10 feet or further from any primary structure.
L. The maximum total number of ducks allowed on properties are as follows:

Lot Size (Acres)	Maximum Number Allowed
Less than 3 acres	2 ducks
More than 3 acres	4 ducks

Request for City Council Action

To: Mayor Johnson and Members of City Council
From: Sheila Sellman, Community Development Director
Date: July 6, 2021
Subject: Development Agreement Fairway Greens South

Background: On June 1, 2021 the City Council approved the preliminary and final plat for Fairway Greens South. As part of the development process a development agreement is required. The applicant has reviewed the draft agreement and would like to discuss the Letter of Credit.

In the financial guarantee section of the development agreement, we require cash or a Letter of Credit (LOC) to cover 125% of the development costs. The developer asked staff about the agreement and asked if it would be similar to a previous agreement that was done in 2014. Staff told the developer it would generally be the same but the fees and amounts will be different. Each development agreement is negotiated per that specific development with some standard language.

The developer states in his request that staff told him his development would follow the same terms as the old agreement, simply put that is not true. Staff said the agreement would be similar and the fees and costs will be different. Regardless it doesn't matter what the 2014 agreement said, it was not with him nor was it for his site. In that 2014 agreement his site was platted as an outlot. Each agreement is tailored to the development and negotiated out. This developer applied for the subdivision without meeting with staff prior to submittal, there was no conversation at all about the development with Community Development Staff. The developer didn't ask any questions about the financial section of the DA until he received the draft. Finance Director Betker explains why we do not accept surety bonds below:

Because letters of credit are independent from the underlying transactions, they are often more attractive to beneficiaries because there is no need to prove a breach of the underlying contract or the extent to which the beneficiary suffered damages. Further, traditional defenses and claims in contract law do not apply to letter-of-credit transactions because a letter of credit is governed by its own set of legal principles. Thus, from the point of view of a beneficiary, letters of credit are enforceable against an issuer regardless of the bankruptcy of the applicant.
Unlike a letter of credit, a surety bond attaches to the underlying contract and thus must be interpreted consistently with the underlying contract. The surety bond operates like a guaranty where a guarantor's obligation is secondary. This means that the surety's obligation does not mature until the principal obligor defaults on the underlying contract. In contrast, the obligation of an issuer in a letter-of-credit transaction is primary.
In the end our primary obligation is to mitigate risk to the 6k+ residents of Isanti. An LOC does that more effectively than a surety bond. I have a professional and moral obligation to pursue, and insist on, that risk mitigation.

Request: Consider the developers request to allow a surety bond instead of a letter of credit. Staff does not support a surety bond.

Subject: Re: CC request

Hello,

I would like to request to have a surety bond as an option along with LOC and cash escrow. I had planned to use a surety bond for the final phase of the development that was acceptable in prior phases and was told that we would be following the same terms as prior phases in the new developers agreement. The change to exclude it has a significant impact on the development. It has a huge negative financial impact for me to change now and being that it is getting later in the year it could push the development off to next year or make it too risky to start with fear that it could not get completed this year if there are starting delays. I want to move forward with the surety bond to get started right away and keep moving forward.

Thank you,

Tony Hanson

MEMORANDUM

Date: June 30, 2021

To: Honorable Mayor Johnson and Members of the City Council

From: Jason W Cook, P.E.
City Engineer

Subject: 3rd Avenue Crosswalk Evaluation
Project No.: 0R1.123133

As requested at the June 15, 2021 Committee of a Whole meeting, we have evaluated the installation of crosswalks across 3rd Avenue at the new Bluebird Court and Eagle Street intersections. These would be crossings at uncontrolled intersections where vehicles do not stop. The existing boulevard on the east side of 3rd Avenue is steeper than the allowed maximum slope for ADA pedestrian ramps. Attached is a figure showing the proposed crossing improvements.

Bluebird Court:
At Bluebird Court the recommended improvement would be to remove approximately 100 feet of trail to raise the surface up 1.5 feet ramping up to the new ped ramp location and then ramping back down to the existing trail elevation. We would recommend constructing a concrete ped ramp in the boulevard between the trail and 3rd Avenue. Considering this is an uncontrolled crossing, we also recommend installing cross walk signs on either side of the crossing, and striping crosswalk blocks as well.

Eagle Street:
At Eagle Street the recommended improvement would be to have the contractor installing the sidewalk along Eagle Street to shift the walk to the south similar to how they installed the walk along Bluebird Court. This would more closely align the crossing with the parking lot entrance on the east side of 3rd Avenue. Considering this is an uncontrolled crossing, we recommend installing cross walk signs on either side of the crossing, and striping crosswalk blocks as well. These blocks could be staggered to direct the pedestrians to the parking lot entrance initially, and if it is found to be necessary in the future, we could construct a concrete ped ramp in the boulevard north of the parking lot entrance.

Due to the dip in the road north of Eagle Street, site distance for south bound vehicles is obstructed and makes the crossing at Eagle Street difficult to see in advance. Therefore, we recommend installing one advance crosswalk sign in the low point to warn south bound drivers of the crossing ahead.

The 2021 Street Improvements project is scheduled to sealcoat this section of 3rd Avenue this summer. We recommend adding the above listed work to this project as the scope of work is similar to other tasks within the contract. Based on the bid prices received, we estimate the above improvements to cost approximately $7,500. Public works may be able to install the signs or paint the crossings to further reduce the added cost.

I will be at the July 5, 2021 Council meeting to answer any questions you may have. Please contact me with any questions or comments you may have prior to the meeting.

RESOLUTION 2021-XXX

APPROVING THE ADDITION OF CROSSWALKS ON 3RD AVENUE NW

WHEREAS, Committee of the Whole discussed the addition of crosswalks on 3rd Avenue NW; and,

WHEREAS, the additional crosswalks would be at the intersections of Bluebird Court NW and Eagle Street NW crossing 3rd Avenue NW; and,

WHEREAS, at the Bluebird Court intersection approximately 100' of trail would need to be removed and raised up 1.5' to meet ADA Requirements for the crosswalk; and,

WHEREAS, a concrete pedestrian ramp would be installed between 3rd Avenue NW and the trail at the intersection of Bluebird Court; and,

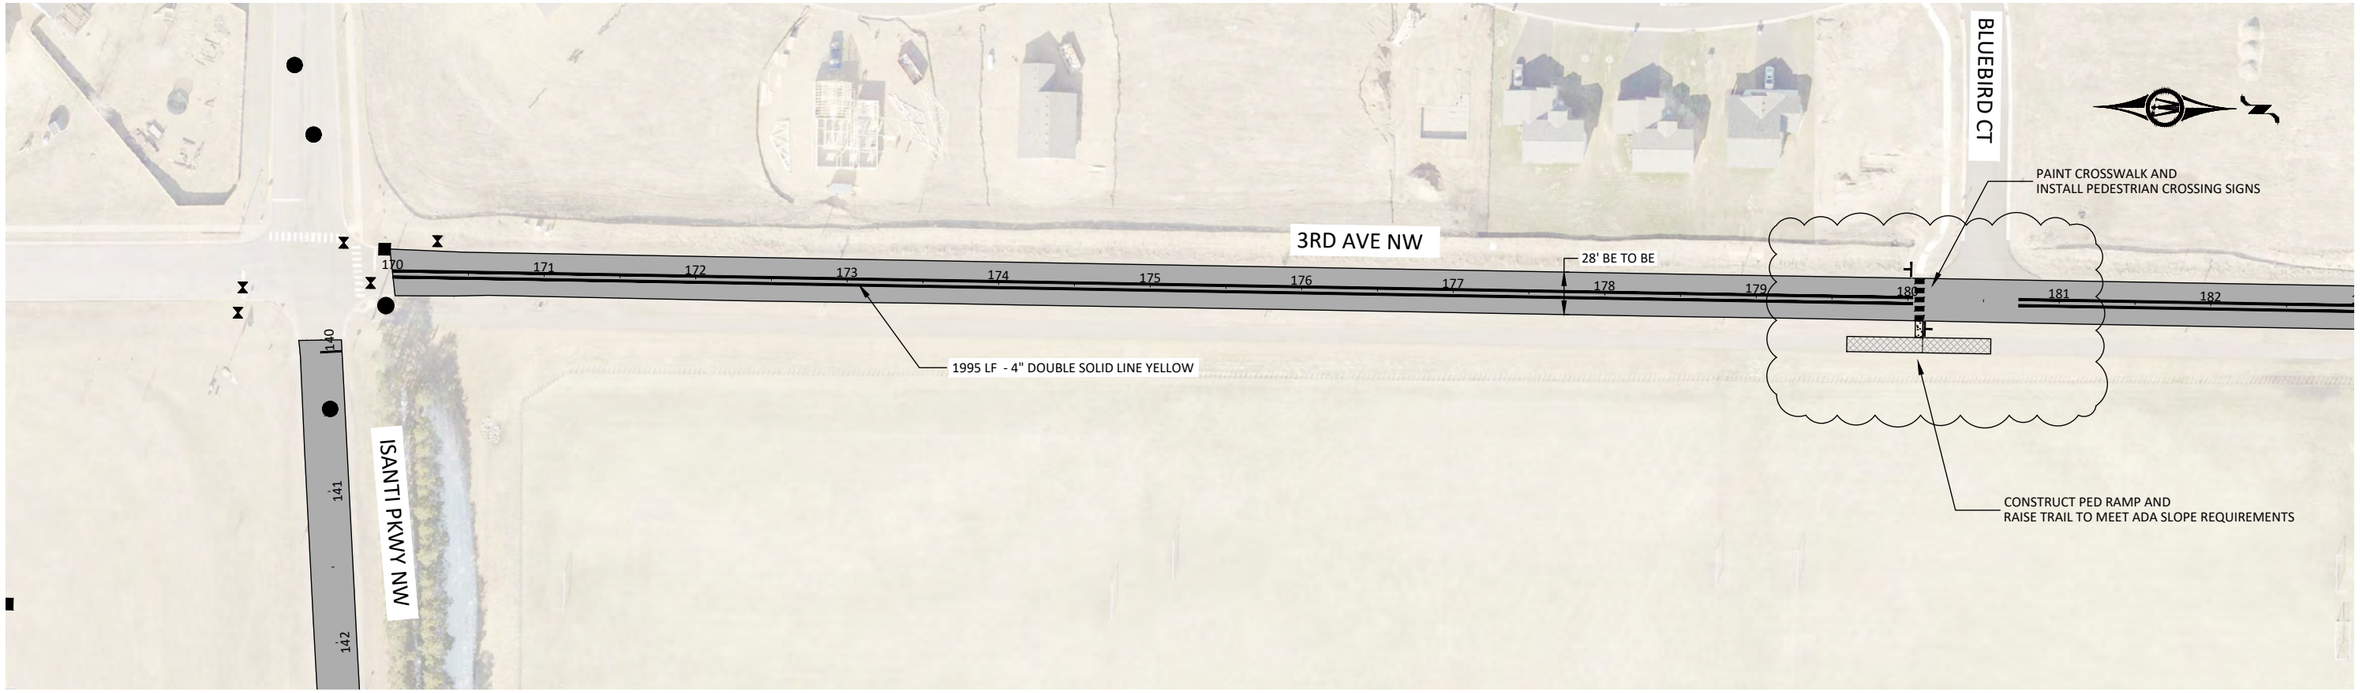
WHEREAS, the sidewalk along Eagle Street would shift to the south similar to Bluebird Court allowing it to closely line up with the parking lot entrance on the east side of 3rd Avenue; and,

WHEREAS, the additional crosswalks will have signs on each side of the crosswalk and striping crosswalk blocks; and,

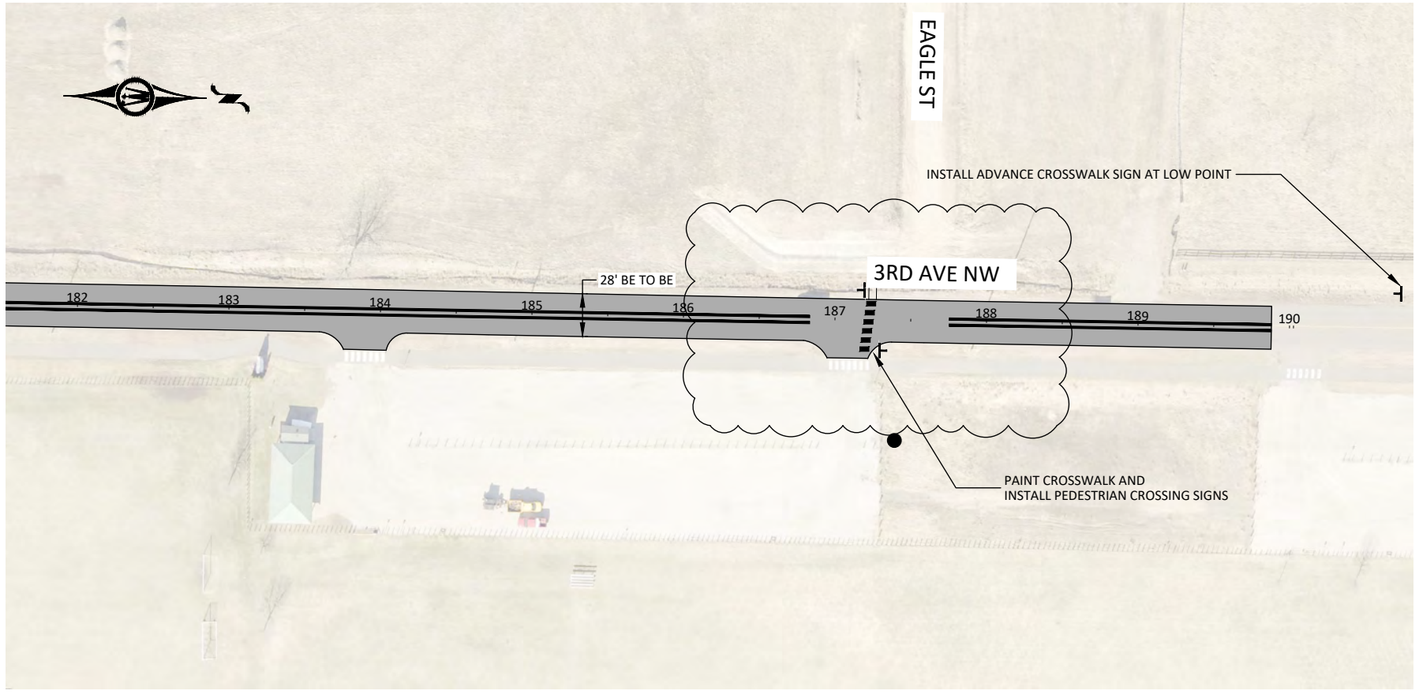
WHEREAS, a crosswalk ahead sign will be placed north of Eagle Street for southbound traffic because of a dip in the road; and,

WHEREAS, the crosswalk additions will cost approximately $7500.00 and will be part of the 2021 Street Improvement Project that is taking place on 3rd Avenue; and,

WHEREAS, Public Works will be able to paint the crosswalk blocks and install the signs to help reduce the costs;



NOW, THEREFORE, IT IS HEREBY RESOLVED by the City Council of the City of Isanti, Minnesota as follows:



1) Add additional crosswalks at the intersections of Bluebird Ct NW and Eagle Street NW crossing 3rd Avenue NW
2) Remove and raise approximately 100' of trail at the Bluebird Court intersection to meet ADA Requirements for the pedestrian ramp
3) Additional signage and crosswalk block striping placed at each crosswalk
4) The crosswalk additions would cost approximately $7,500.00 and would be part of the 2021 Street Improvement Project taking place on 3rd Avenue

This resolution was duly adopted by the Isanti City Council this 6th day of July 2021.

Exhibit A

City of Princeton and City of Isanti, Minnesota
Mutual Aid Agreement

Purpose
This Agreement is made pursuant to Minnesota Statutes, Section 471.59 which authorizes the joint and cooperative exercise of powers common to contracting parties. The intent of this Agreement is to make equipment, personnel and other resources available to governmental units from other governmental units.

Definitions

"Party" means a governmental unit as defined by Minnesota Statues, Section 471.59, subd. 1.

"Parties" shall collectively mean more than one Party.

"Requesting Official" means the person designated by a Party who is responsible for requesting Assistance from other Parties.

"Requesting Party" means a Party that requests Assistance from other Parties.

"Responding Official" means the person designated by a Party who is responsible to determine whether and to what extent that Party should provide Assistance to a Requesting Party.

"Responding Party" means a Party that provides Assistance to a Requesting Party.

"Assistance" means (Check the type of assistance that will be provided):

✓Public works personnel and equipment:
✓Law enforcement personnel and equipment:
✓Utility personnel and equipment:
✓Other personnel and equipment as listed below:
Building Inspectors, Administration, Finance, or Public Information Officer

Procedure

1. **Request for Assistance**. Whenever, in the opinion of a Requesting Official, there is a need for Assistance from other Parties, the Requesting Official may call upon the Responding Official of any other Party to furnish Assistance.

2. **Response to Request**. Upon the request for Assistance from a Requesting Party, the Responding Official may authorize and direct that Party's personnel to provide Assistance to the Requesting Party. This decision will be made after considering the needs of the Responding Party and the availability of resources.

3. **Recall of Assistance**. The Responding Official may at any time recall such Assistance when in his or her best judgment or by an order from the governing body of the Responding Party, it is considered to be in the best interests of the Responding Party to do so.

4. **Command of Scene.** The Requesting Party shall be in command of the mutual aid scene. The personnel and equipment of the Responding Party shall be under the direction and control of the Requesting Party until the Responding Official withdraws Assistance.

Workers' compensation
Each Party shall be responsible for injuries or death of its own personnel. Each Party will maintain workers' compensation insurance or self-insurance coverage, covering its own personnel while they are providing Assistance pursuant to this Agreement. Each Party waives the right to sue any other Party for any workers' compensation benefits paid to its own employees or volunteer or their dependents, even if the injuries were caused wholly or partially by the negligence of any other Party or its officers, employees, or volunteers.

Damage to equipment
Each Party shall be responsible for damages to or loss of its own equipment. Each Party waives the right to sue any other Party for any damages to or loss of its equipment, even if the damages or losses were caused wholly or partially by the negligence of any other Party or its officers, employees, or volunteers.

Liability

1. For the purposes of the Minnesota Municipal Tort Liability Act (Minn. Stat. Ch. 466), the employees and officers of the Responding Party are deemed to be employees (as defined in Minn. Stat. § 466.01, subd. 6) of the Requesting Party.

2. The Requesting Party agrees to defend and indemnify the Responding Party against any claims brought or actions filed against the Responding Party or any officer, employee, or volunteer of the Responding Party for injury to, death of, or damage to the property of any third person or persons, arising from the performance and provision of Assistance in responding to a request for Assistance by the Requesting Party pursuant to this Agreement.

3. For purposes of determining total liability for damages pursuant to Minn. Stat. § 471.59, subd. 1a(b), the Parties are considered a single governmental unit and the total liability of the Parties shall not exceed the limits on governmental liability for a single governmental unit as specified in Minn. Stat. § 466.04, subd. 1.

4. The intent of this subdivision is to impose on each Requesting Party a duty to defend and indemnify a Responding Party for claims arising within the Requesting Party's jurisdiction subject to the limits of liability under Minnesota Statutes, Chapter 466. The purpose of creating this duty to defend and indemnify is to simplify the defense of claims by eliminating conflicts among defendants, and to permit liability claims against multiple defendants from a single occurrence to be defended by a single attorney.

5. No party to this Agreement nor any officer of any Party shall be liable to any other Party or to any other person for failure of any Party to furnish Assistance to any other Party, or for recalling Assistance, both as described in this Agreement.

Charges to the Requesting Party

1. No charges will be levied by a Responding Party to this Agreement for Assistance rendered to a Requesting Party under the terms of this Agreement unless that Assistance continues for a period of more than 48 hours. If Assistance provided under this Agreement continues for more than 48 hours, the Responding Party will submit to the Requesting Party an itemized bill for the actual cost of any Assistance provided after the initial 8-hour period, including salaries, overtime, materials and supplies and other necessary expenses. The Requesting Party will reimburse the Party providing the Assistance for that amount.

2. Such charges are not contingent upon the availability of federal or state government funds.

Duration

This Agreement will be in force for a period of five years from the date of execution. Any Party may withdraw from this Agreement upon thirty (30) days written notice to the other Party or Parties to the Agreement. (Expiration Date: June 30, 2026)

Execution
Each party hereto has read, agreed to and executed this Mutual Aid Agreement on the date indicated.

Exhibit A

DONATION OF SURPLUS PROPERTY POLICY

PURPOSE
The purpose of this Policy is to establish procedures for the donation of Surplus Equipment by the City to a Nonprofit Organization as required by Minnesota Statue § 471.3459.

SCOPE
This policy applies to all City departments that generate Surplus Equipment and governs the actions of all City employees and officials.

DEFINITIONS

"City" means the City of Isanti, Minnesota.

"City Council" means the governing body of the City.

"Donation" means to contribute, donate or give Surplus Equipment at no cost to a Nonprofit Organization that serves a public purpose and benefits its community as a whole.

"Eligible Organization" means a Nonprofit Organization serving one or more of the following functions: cultural, historical, educational, safety, social services, environmental or economic.

"Fair Market Value" means the price at which property would change hands between a willing buyer and a willing seller, neither being under any compulsion to buy or to sell and both having reasonable knowledge of all relevant facts.

"Nonprofit Organization" means an organization formed under Section 501(c)(3) of the Internal Revenue Code.

"Policy" means this Policy adopted by the City Council.

"Surplus Equipment" means equipment used by the City's public works department, and cellular phones and emergency medical and firefighting equipment that is no longer needed by the City because it does not meet industry standards for emergency medical services, police, or fire departments or has minimal or no resale value.

"Surplus Equipment Form" means the form attached as Exhibit I to this Policy that must be filled out by a Nonprofit Organization requesting a Donation of Surplus Equipment.

PROCEDURE
The City shall determine all Surplus Equipment and may offer it for Donation in conformance with the following guidelines:

1. Identify Surplus Equipment. Department supervisors are responsible for monitoring their equipment and shall identify and report all Surplus Equipment to the City Finance Director on at least an annual basis.

2. Determine the Fair Market Value of Surplus Equipment. The City Finance Director shall work with City staff to determine the Fair Market Value of the Surplus Equipment.

3. City Council Declaration. The City Finance Director will forward a list of the Surplus Equipment with each item's Fair Market Value to the City Council who shall approve or deny the Surplus Equipment as eligible for Donation. The City has no obligation to make a Donation of Surplus Equipment. Surplus Equipment that is not donated may be sold, recycled or discarded in the discretion of the City Administrator.

4. Donation. After the City Council has determined the Surplus Equipment is eligible for Donation, the City Finance Director is responsible for coordinating the Donation of the Surplus Equipment in accordance with the terms of this Policy.

5. Transfer between Departments. All Surplus Equipment must first be considered for transfer between departments for the benefit of the City.

6. Advertisement. Surplus Equipment shall be posted as eligible for Donation on the City's website. The City may also use other reasonable means to notify Eligible Organizations about the availability of Surplus Equipment. The City shall wait at least 30 days after advertising Surplus Equipment before approving any Donation.

7. Surplus Equipment Form. Eligible Organizations interested in Surplus Equipment shall fill out a Surplus Equipment Form and submit the form to the City Finance Director.

8. Approval of Donation. If the Surplus Equipment has a Fair Market Value less than $500, the City Department Director shall approve the Donation to an Eligible Organization, subject to review by the City Council. If the Surplus Equipment has a Fair Market Value greater than $500, the City Council must approve the donation by a majority vote of the City Council.

9. Prioritization of Donations. If more than one Eligible Organizations requests a Donation for the same Surplus Equipment, the City shall consider factors it deems relevant including how the Surplus Equipment will be used, the benefit to the Eligible Organization, the impact on the City, how the Donation will accomplish goals of the City Council, and any previous Donation to the Eligible Organization.

10. Conflict of Interest. All City employees and officials are prohibited from taking possession of any Surplus Equipment on behalf of an Eligible Organization.

11. As Is. A Donation of Surplus Equipment is made "as is" with no warranty, guarantee or representation of any kind, express or implied, as to the condition, utility, or usability of the Surplus Equipment offered. The Surplus Equipment may be defective and cannot be relied up for safety purposes.

12. Title. The City Finance Director or Police Chief, if police department equipment, shall cause any title or other ownership documents to be transferred to the Eligible Organization at the time

of transfer. Any fees required to transfer the Surplus Equipment are the responsibility of the Eligible Organization.

13. Transportation. In the Surplus Equipment Form, the Eligible Organization must provide a detailed plan for transporting the Surplus Equipment from the City to the Eligible Organization. The Eligible Organization must pay all expenses associated with the transportation of the Surplus Equipment.

14. Delegation. The City Administrator may delegate specific responsibilities for implementing this Policy.

15. Documentation. The City Finance Director shall document the Donation of all Surplus Equipment and shall keep such records in accordance with the City's Records Retention Schedule.

16. Review of Policy. The City Finance Director is responsible for maintaining and reviewing this Policy. Any changes to this Policy must be approved by the City Council.

Date: July 6, 2021
Subject: Resolution 2021-XXX Accepting Quote for New Liquor Store Point of Sale Software

---

Background:
Staff solicited three quotes for Point of Sale (POS) Software for the new liquor store; two were received:

	RITE	Cybertill
Total	**$11,310.00**	**$12,200.67**

Recommendation:
Staff recommends RITE for the following reasons:

- Overall cost is less with more services provided
- Liquor specific POS software – specialized
- Ability to get stock information / pictures of beers/wines/spirits for ecommerce site
- Integrated customer loyalty program

RESOLUTION 2021-XXX

ACCEPTING QUOTE FOR LIQUOR STORE POINT OF SALE SOFTWARE

WHEREAS, the Liquor Store requires upgrades to the Point of Sale (POS) software and hardware that will be installed at the new store; and,

WHEREAS, staff evaluated multiple platforms and solicited quotes from RITE-Cloud Retailer, Cybertill and EPOS; and,

WHEREAS, RITE-Cloud Retailer was found to be in the best interest of the City based upon having the lowest overall cost while providing additional modules such as ecommerce and a customer loyalty program; and,

WHEREAS, the new liquor store will have two stationary POS and one additional mobile for curbside sales as well as an online e-commerce portal;

NOW, THEREFORE, IT IS HEREBY RESOLVED by the City Council of the City of Isanti, Minnesota, to approve the following:

1. Accept Point of Sale software by Rite including 5% contingency in the total amount, not to exceed, $11,875.50.
2. Funding identified as the 2021A bond issue.
3. Authorize staff to enter into an agreement for such service including ongoing monthly costs for service.

This resolution was duly adopted by the Isanti City Council this 6th day of July 2021.

RITE Proven Process

RITE uses our "Proven Process" to deploy systems to new customers. This is a process that has been refined over more than a decade of experience working with retailers like you and we consider it the **best in the industry**.

This is a time tested process that emphasizes two very simple ideas:

ONE: An ounce of prevention is worth a pound of cure.

Time spent preparing for go-live is time well spent. If the stakeholders don't take the time, it becomes a debt that always gets paid. **If all parties don't do the work up front the debt will get paid, during go-live - and with a tidy amount of interest.** A training issue, as an example, is easy to address early before it becomes a "hair on fire" event on the first day of go-live if people are not prepared.

TWO: Getting the project done quickly = best results for customer

As you learn more about our process you'll notice the emphasis on us moving quickly, and our expectation that the client does the same. There are many benefits, including:

- The sooner we deploy, the sooner you reap the benefits of your new system. If the new system will help you sell $X more or save $X per month, the sooner you start the sooner that happens.
- Many things we do during the deployment are like an ice cream cake, they melt with time. If we train you today and we wait a month to go-live you know the knowledge will dissipate without use. If we import your data, the longer we wait the more inaccurate the data becomes. The list goes on and on.

Understanding our process is critical as we base our proposal pricing on the fact that we can apply these tactics to your project More details can be found in the "RITE Proven Process" document online which was sent as an additional attachment to the email containing this quote – you should review it before accepting the proposal to ensure you're comfortable with the process.

If you are serious about your business and making the most out of this investment **you'll love this process** but, no doubt, it is a commitment on your part.

*Although we use the word quickly to describe the pace of the project, deploying the RITE way generally takes 4-6 weeks from the time the proposal is signed and deposit received. Please note that with the growth of the Cloud Retailer product we are quite busy so following these processes is critical to a successful deployment.

Summary of proposed software, services, and equipment

Cloud Retailer POS subscription / upfront Costs

Cloud Retailer standard pricing is $50 per month fee per POS + $500 per POS upfront license cost.

The Cloud Retailer monthly fee includes 2GB of database space per POS. 2GB of space typically equates to approximately $8M in sales history and $4M in purchase order history for a retailer where the average price of product is $25. The system does include the ability to archive old data.

Included support / premium services

There is a basic level of service included in the Cloud Retailer subscription fee – see the Cloud Retailer Wiki site for the terms of this service here:

http://wiki.cloudretailer.com/tech-articles/other/support-covered-by-subscription-fee

Subject to change, with notice given.

Premium services are used by customers to cover services not included in the base level of service, things like deeper level training, support for hardware, networks, customization of reports, etc. The majority of our customers buy a block of time and use it as they desire. The block quoted with your system is included below:

5 hour bundle - $595
10 hour bundle - $1,090
25 hour bundle - $2,475
50 hour bundle - $4,725

Packages must be purchased up front to utilize premium services.

"It's unwise to pay too much, but it's worse to pay too little. When you pay too little, you sometimes lose everything, because the thing you bought was incapable of doing the thing it was bought to do"

Initial_____

Installation & training

Cloud Retailer includes a full fledged complement of software components in the price of the base software. In order for us to make operational, configure, train, and enhance your use of those functionalities, there is an additional cost. *If you intend to utilize a specific module make sure the "Included" column below says YES or it will not be deployed.*

The price below includes:

- Time for our staff to enable a given functionality, including initial configuration that may be needed.
- Access to training materials and consulting time. Some training will be self-guided, some one-on-one, and much of this service is conducted through "system review". Which of these methods is utilized depends on the module. We will send **(2)TWO** individuals through the training process for the price stated.
    - See details for each module on our wiki site. https://wiki.cloudretailer.com/training
    - We employ a "train the trainer" approach and us training two users is a sweet spot. One person doesn't allow for enough feedback about the business and is also risky (what if that person moves to another job). Three or more can make our conversations unfocused and have more overhead. If you'd us to train more or less than two people make sure that is listed in the special requirements section of this document.
- Supportability of your system. While all of these functionalities are generally accessible in the system if you do not have two staff members trained on how to use them – we will not provide support on the functionality. You can schedule additional training at any time post go-live.

Software modules to deploy

Level	Module / Service	Included	Cost
100	Basic install & training + POS basics and back office basics	YES	$450
125	End of day reconciliation	YES	$75
150	Back office reporting	YES	$100
175	Shelf tag printing	YES	$75
200	Age verification	YES	$50
225	Gift card creation and processing	YES	$50
250	Employee time clock	YES	$75
275	Setting up basic promotions	YES	$50
300	Rentals / kegs *dymo label printer required for tag printing	NO	$100
325	Inventory – including purchase orders, inventory transfers, physical inventory counting	YES	$450
350	Introduction to configuring Taskpads (buttons at POS)	YES	$150
375	Creating and managing orders (work orders, layaways, special orders, web orders)	NO	$200
400	Orders training which can cover topics like full page invoicing, wholesale pricing, accounts receivable statements, etc. If you use any of these concepts it requires “orders 375” training as precursor.	NO	$350
425	Customer loyalty programs	YES	$450
450	Basic product importing	YES	$150
475	Supplier purchase planning	YES	$350
500	Configuring dynamic attribute sets	NO	$150
575	Formula based, advanced promotions. Multi layered, quantity/volume discount schemes, price levels, etc... *requires Basic Promotions 275 training as precursor	YES	$400
NA	Base costs / POS and back office spin up - always required	YES	$75

Our objective is to train you on how to execute a majority of the functionality you need to ensure you can wield the system to your maximum benefit and keep your support costs low. Taskpad training (the buttons you use at the POS) is a great example. The system comes with a default configuration and we will train you how to adjust as needed. If you want us to perform services like configure your taskpad for you instead of being trained to do so yourself, we will happily do so utilizing premium service package time. If you need many specialized buttons set up (10+ buttons) or you require some specialized button workflow make sure that you discuss it with your sales rep **and** that they list this in the “Customer Special Requirements” section of this document. **Do not accept the proposal unless ALL special requests are listed there.**

Add-on modules

Cloud Retailer includes a number of software Add-On integrations and features that are *not* included in the price of the base software. In order for us to deploy, configure, train, and support your use of those functionalities, there is an additional upfront and ongoing cost. *If you are going to utilize a specific module make sure the "Included" column says YES for each module you intend on deploying.*

Module	Setup/ training	Monthly	Unit	Comments	Included
Eset Antivirus - Standard	$10	$4	Per device	STRONGLY recommended for ALL computers!	0
Cloud Retailer Mobile	$1,695	$19	Per device	Includes Android based inventory scanning device, installation, training. Requires wifi infrastructure with solid coverage throughout building.	0
Supplier Integration (Fintech)	$400	$50	Per store	Other file formats supported but there are additional costs. A Fintech account is required and does have additional fees.	NO
Accounting integration	$450	$20	Per store	We can integrate to Quickooks on premise, online, or create a comma separated flat file. Our standard integration assumes that the data will be imported into the accounting system via GL buckets for each department and tender type. Custom mappings are an option however they come with an additional cost. See our wiki site for additional details.	NO
Base email alert configuration	$50	$0	Per alert	Assumes the report that would execute the alert already exists. Does not include time to design custom reports that may be needed.	YES
Uncorked Commerce	$850	$180	Per Store	Credit card processing fees: 2.69% + 25 cents per transaction E-commerce card processing is more expensive than in-store rates as they are higher risk transactions (no physical card is present).	YES
Drizly integration	$110	$10	Per store		NO
City Hive integration	$275	$20	Per store		NO
Thirstie integration	$275	$20	Per store		NO
Reserve Bar integration	$275	$20	Per store		NO
BottleCapps integration	TBD	$20	Per store		NO

More detailed information about the software and add-on modules for Cloud Retailer can be found on our Wiki Page at: http://wiki.cloudretailer.com/rite-proven-process-rpp/cloud-retailer-module-list

Initial_____

(0) CloudRetailer RITE Handheld ($1,695 per + $19 per month)
This includes a one-time license cost for the CloudRetailer Mobile Manager software, which is a tool to create and receive purchase orders, create and receive inventory transfers, perform physical inventory counts, print labels, and manage item properties. It also includes a RITE handheld running Android OS, with 1D scanner, charging dock, and charging cable.*$19 per month software maintenance charge is required.

Cloud Retailer credit card processing module

Cloud Retailer includes the ability to process credit cards using some of the most secure technology available and can be utilized through multiple payment processors. There is an ongoing hard cost for RITE in supporting these solutions, maintaining and verifying the security required for these solutions and therefore there is a charge to utilizing this technology.

Please choose one of the following options:

- ❑ I am not processing credit cards or will be using a non-integrated payment terminal ($0)
- ❑ NAB signed *through* RITE (NAB preferred – therefore $10 per month with payment terminals with NAB **lifetime warranty**). Account must be signed via RITE.
- ❑ I am bringing my existing payment processing account with First Data, Heartland, TSYS (NON-RITE) account- $10 per month per POS

If you are processing credit cards through someone else and interested in processing with NAB via RITE, NAB can usually beat most rates. Assuming you would switch, provided they meet or beat your current terms), and they cannot meet or beat your current pricing (2 months statements required), RITE will credit your CardDefender $10 per month maintenance fees **for one year** under current processor, AND give you a free month of Cloud Retailer subscription services. If you're in a contract with another provider very often these contracts are "bought out" by NAB to allow you to open an account with them. See contract terms and conditions for details.

Typically, the payment processor sources the payment terminals (PAX S300 is supported) however if you require RITE to provide the terminals let us know. We REQUIRE that the retailer use a Tailwind mounting stand as it enhances the longevity of the device.

If using your existing payment provider please provide Processor contact information here:

Existing hardware evaluation / deployment

If RITE will not be providing hardware to the customer, all existing hardware must meet our minimum standards and be well prepared for use with the new system. See our website for details and a list of supported barcode scanners, receipt printers, and other peripherals: http://wiki.cloudretailer.com/tech-articles/other/hardware-requirements-for-cloud-retailer

- CloudRetailer does NOT support old school green character customer facing pole displays.
- Cloud Retailer ONLY supports ZPL (Zebra programming language) label printers
- Changes in state Driver's License technology may require upgrading to 2D barcode scanner in order to interact with DL (age verification and/or setting customer to transaction)

Under no circumstances do we *support* off brand POS hardware. Typically we're able to make most products work, though they may not be able to utilize the entire Cloud Retailer feature set. RITE makes no guarantee that it can make a specific device work, at which point we will apply a credit for the amount paid to make the hardware work against the purchase of new equipment from RITE.

There is a maximum amount of time RITE will invest in the attempt. This is calculated by taking the charge for the device divided by $50. For a barcode scanner we would invest a maximum of 2 hours before we would require the user to purchase new equipment.

If you believe you've received an exemption to these standards, it must be stated in writing here (space below). TM88V receipt printers, ELO touch screens, Windows 10 cpu i5 w/ 8 GB Ram and 2.90 GHz.

POS Hardware included in proposal

Below are the hardware components that WILL be purchased through RITE. ****We may need to provide and have your permission to provide "reasonable substitutions" due to COVID shortages AND this also may delay system deployment as chip shortages have delayed all hardware.**

(3) POS Station components ($539 per register)
Datalogic QD2430 2D Barcode Scanner
APG Cash Drawer (19 X 15 inches)

(1) Retail-Ready Business Class mini NUC (Intel processor with a Passmark speed score of at least 3200, 4GB of RAM, 128GB solid state hard drive, and Windows 10 Professional.
Includes RITE's Pure POS retail image for Windows. Includes 3-year warranty

Initial_____

(1) Datalogic QD2430 WIRELESS 2D Barcode Scanner $549
A responsive and economical barcode scanner that is Omni-directional (easier point and shoot to scan) and is a MUST if you plan on scanning ID's like the "Real ID" that utilize 2D barcode technology, or if scanning QR codes. 2D scanners also scan barcode images on phones.

(1) Zebra ZD410 Direct Thermal Label Printer ($420)
The ZD410 has a 2" printing width and can print 3.5 inches per second. A great compact label printer for shelf tags or item labels. This is a thermal barcode label/shelf tag label printer and includes a roll of 2.25 x 1.25 sticky labels.

(2) Card Defender S300 Payment Terminal SOURCED BY PROCESSOR
The Card Defender S300 is a fully featured customer-facing, payment device which offers retailers an innovative branding channel. Combining high-security payment, outstanding durability, PCI compliance, and NFC capabilities (apple pay, google wallet etc...) the S300 features a responsive capacitive touch screen and electrostatic pen to enable electronic signature capture and excellent finger touch responsiveness.

(2) Card Defender S300 Mounting Bracket ($68 per terminal)
A mounting bracket that allows you to bolt the unit to your countertop and have it nicely presented to customers. It also enhances the longevity of the payment terminal.

Additional Hardware Options (not included on proposal)

Logic Controls LV4000 – (8.4" LCD Net Display) **$349 per**

Standard and custom reporting

This proposal assumes that the Cloud Retailer factory reports, receipt templates, and labels will work in a satisfactory way for the end user. In order to view a gallery of our most common templates go to this address:
http://wiki.cloudretailer.com/tech-articles/module---labels/standard-templates

If you are a user of another system and have critical reports and you are not 100% positive the equivalent data is included in a Cloud Retailer report, provide them to us and make sure they are listed below in the "Customer Special Requirements" section. We very likely have them or something similar or can create a report for you (as a premium service).

Initial_____

User acceptance testing hardware

As per the RITE Proven Process, we have your team do “user acceptance testing”. This is to ensure that you are very well trained and comfortable prior to go-live. In order to do this properly we need your team to have hardware that can be configured with Cloud Retailer to get the full effect of your new system. We typically cannot configure the hardware to work with both your old POS and your new one. Please choose from one of the following options.

- ✓ I am buying a new POS station and can set this up out of the way somewhere for cashiers to train/test on.

- ❑ I have a spare barcode scanner that is compatible with Cloud Retailer. I am ok with having two scanners plugged into one of my POS stations temporarily. One that can be used with my existing POS software and the other will be used with Cloud Retailer (as the configurations are incompatible).

- ❑ I am buying a new barcode scanner *as part of this proposal* and it will be shipped early on to me so I can plug it into an existing POS station. I am ok with having two scanners plugged into one of my POS stations temporarily. One that can be used with my existing POS software and the other will be used with Cloud Retailer (as the configurations are incompatible).

Data conversion

This proposal includes (choose one):

- ❑ I am starting from scratch – no import – I will manually enter data or import it myself (requires import training module)

- ❑ I am starting from scratch – but using a template product DB provided by RITE. Please see terms of use / data ownership agreement for more details: http://wiki.cloudretailer.com/tech-articles/other/template-database-usage

- ✓ Conversion using Excel spreadsheets provided by the merchant to import customers, products, prices, gift cards, and suppliers. This option does NOT include importing historical data. You can download the Excel template here https://tinyurl.com/yayqcm3h.

PLEASE ADD ANY IMPORTANT DETAILS ABOUT YOUR IMPORT HERE

LPOS/LBOSS import

Here is a link to a very important article with considerations about data conversions – please review carefully.

http://wiki.cloudretailer.com/tech-articles/other/database-conversion-considerations

Initial_____

As stated in the article, garbage in, garbage out. We strongly recommend prior to providing your database that the data is clean and has been translated where needed. Our quoted price does not include any truncating, massaging, manipulation, cleansing, deduplication, transformation, or translation of data unless explicitly stated in the comments above.

We DO offer these services at an additional cost to our standard data import costs as it is often a time-consuming process but can definitely be worth the time for some users.

APIs, custom scripts, data exports / imports.

Integration processes are a functionality of the system to import, export, or update data in an automated fashion. API's are functionalities that allow for 3rd party apps to integrate with Cloud Retailer. None of these are provided unless specified.

If you do not see something that meets your requirements or have questions please ask *prior* to approving this proposal. If a requirement is not listed in this proposal then it is not included. Any special requests need to be notated in the "Customer Special Requirements" section of this document. If you're unsure, please ask – we're happy to add notes in the special requirements section to make sure everyone is clear on the requirements of the project.

Customer special requirements / notes

*Customer may add any notations here that were previously discussed with their Sales Rep that should be highlighted. This is a solely a project notes section and not a place to add or request new features.

The customer has no other special requirements. All CR factory standard reporting, receipts, and labels are sufficient. We can create CloudRetailer compatible label(s) if provided a sample of what you require via support package time. These samples should be provided **before** the proposal is signed.

Purchase agreement

Prices guaranteed on this quotation for sixty (60) days from the date of proposal

All rendered services are non-refundable (50% of installation fees are used prior to installation and are therefore non-refundable.) There is a 25% restocking fee on all standard hardware - any special order hardware is non-refundable.

Any pricing information included herein is for quotation purposes only and is not an order or offer to sell. All prices and descriptions are subject to change without notice. All products are subject to availability from the manufacturer. This price may not include any applicable taxes, tariffs, or shipping costs. We strive to properly calculate these items but if we do not we reserve the right to collect these at any point in time if it was not calculated properly initially. All billing and support notices will be performed via email to the address listed below.

billing@rite.us
support@rite.us
Please make sure these are in your “safe email” list.

IMPORTANT DETAILS

- ❏ Important: **Cloud Retailer subscriptions start 45 days** after the kick off meeting occurs, **regardless of go-live date**. Please make sure any special notes about your timeline are listed above. If the deployment is completed in less than 45 days you will receive the subscription days prior to that for free. If you go-live later than 45 days, the subscription charges will have automatically started on the 45 day mark.
- ❏ RITE desires the client to provide “always on” remote access to POS stations, at a minimum during the deployment stage but preferably long term. Stores will be sent “invite codes” and will be required to run a process to invite us to each POS station. The client authorizes this activity.
- ❏ The proposal includes OFFSITE installation and remote training. This means you will be responsible for the physical plugging in of equipment and mounting of the units. Once they are connected to electricity and the network and securely mounted we will work with you to finalize the installation. Configuring the equipment one time is included in the scope of this project. If equipment has to be configured multiple times that would be out of scope.
- ❏ The customer is aware that the Cloud Retailer subscription includes base services only with the option to purchase premium support services, which bear an additional cost. See Cloud Retailer support terms and conditions for more details on definition for base services versus premium services:

  http://wiki.cloudretailer.com/tech-articles/other/support-covered-by-subscription-fee

- ❏ The premium support packages offered by RITE (blocks of time) provide the customer with a discounted price that is lower than the standard hourly rate. If the customer opts not to choose one at this time they acknowledge that any premium service executed by RITE will be done at their current hourly rate billed in 15-minute increments and subject to their standard support agreement.
- ❏ All products and services that are to be delivered as per this quote need to be explicitly included in writing in this quote. We want to make sure you know exactly what you're getting and that we understand your expectations to ensure the highest level of customer satisfaction. If something is not explicitly listed on the proposal, it’s not included. Please make sure any and all special requests or special circumstances are well documented on this contract.
- ❏ By signing this document you are agreeing to Cloud Retailers Data Ownership, Privacy Policy, and Terms of Service. Details can be found here:

  http://wiki.cloudretailer.com/tech-articles/other/privacy-policy-azure

If any of these options are not acceptable or desirable PLEASE discuss alternatives with us *prior* to executing this proposal.

MONTHLY SUBSCRIPTION CANCELLATION POLICY

We fully expect the Cloud Retailer product to earn your continued patronage each and every month. If we are not living up to your expectations you are free to cancel your service at any time with the following considerations:

- If more than the current month's fees have already been paid (i.e. a yearly subscription paid in full), a prorated refund will be issued after the thirty (30) day data retention period, less any discounts that were previously applied.
- All licensed POS Devices that have been active for at least one (1) day during the current month will be billed for the entire month. For example, if you wanted to activate service so that you could have additional registers for Christmas, a minimum of one month would be billed.
- Written notice of termination is sent to billing@rite.us at least ten (10) business days prior to the end of the current month. Notices sent after this period will end during the next month.
- All outstanding or past due balances with RITE have been paid in full (or appropriate arrangements made with the billing department).
- Access to the POS terminals and back office will cease at the end of the current month's service. All data required should be exported prior to sending the cancellation notice as data will be removed at this time and will no longer be recoverable.
- Cloud Retailer "core" fees represent the cost associated with the service of initially setting up and turning on your Cloud Retailer software. It does not include costs for installation of the point of sale software. It is non-refundable.

UPTIME GUARANTEE. Cloud Retailer has a guaranteed uptime of 99% on all *hosted* services.

- The back office application viewed through a browser is considered the "hosted" service. The point of sale/cash register application is reliant on the user's hardware and is not wholly reliant on the hosted back office services. Therefore, the uptime of this functionality is based on the end users responsibility to maintain their equipment and is therefore excluded from this guarantee.
- RITE Enterprises Inc. is responsible for the uptime of its "cloud" (servers, network, etc). If a user loses access to hosted services due to a network, the internet, or computer issues on their end it would not be counted as downtime.
- Measurement of the uptime excludes time between 1 AM and 3 AM Eastern Standard Time (nightly) as this is a maintenance window for the application.
- If Cloud Retailer does not meet this uptime guarantee then the user can submit notice of times they suspect as qualifying as downtime at which point they will be compared to internal records. If valid the user would be credited for that downtime that is in excess of the 1% downtime allowed. This credit will be prorated to their bill based on the percentage of downtime that occurred. This credit cannot exceed the monthly subscription cost of the software for any given month.
- Downtime is defined as a problem with the software that inhibits the user from being able to perform more than 80% of the normal functions in any reasonable capacity. The user must report these issues within 15 minutes of the occurrence taking place for them to be logged as downtime.

DEFECT. For purposes of support, this agreement defines a defect as a problem with the software or systems not operating in accordance with how the software was originally designed (which may or may not be in agreement with what any given user would prefer).

LICENSE. RITE Enterprises Inc. shall retain the ownership of the provided copy of Cloud Retailer software and the documentation provided therewith (referred to as a single entity, or as components, as "the Licensed Software") which is licensed on a non-exclusive basis for use under the following conditions.

Initial_____

PERMITTED USES. Subject to the terms hereunder, RITE hereby grants to Licensee a limited, non-exclusive, non-transferable, revocable license, without the right to sub-license, to install and operate the Licensed Software and to operate an account on the RITE website and related applications solely for the benefit of Licensee and not for any third party, until the termination of this Agreement. Any rights not expressly granted hereunder are reserved. There are no implied rights of any kind. To the extent that the Licensed Software includes intellectual property rights of any third party ("Third Party Rights"), the license granted is to the extent that RITE is able to license such Third Party Rights.

PROHIBITED USES. Licensee shall not (a) make copies of or further distribute the Licensed Software, including copying onto any other medium, (b) distribute, rent, sublicense, lease, resell, or assign the Licensed Software, (c) alter, modify or adapt the Licensed Software or the RITE Services, including but not limited to, translating, decompiling, disassembling, reverse engineering, or creating derivative works, (d) export the Licensed Software without the appropriate foreign government licenses and without RITE prior written approval, (e) resell, rent or otherwise provide access to the RITE services to a third party or (f) take any action in an attempt to obtain any other RITE user's data, cause malfunction, crash, tamper with or otherwise impair the RITE website and related applications, and their services. Any rights not expressly granted hereunder are reserved by RITE.

No rights in the Licensed Software or RITE Services are granted, whether expressly or by implication, including, without limitation, any rights in any patents, copyrights, trademarks or trade secrets embodied therein, except in connection with the permitted uses expressly described herein.

ARBITRATION. The validity of any controversy or claim arising out of or in connection with this Agreement shall be subject to Arbitration by a single arbitrator under the auspices of the American Arbitration Association ("AAA") pursuant to its Commercial Arbitration Rules. Notice of the hearing is to be given to the parties in writing by registered mail, return receipt requested, addressed to said parties at the addresses herein set forth. All arbitration proceedings shall be conducted in accordance with the rules of the AAA at the branch of the AAA closest to the Vendor's principal place of

TAXES. Customer hereby agrees to be responsible for and to pay any and all sales taxes levied by federal, state or local governments, and such taxes shall be collected by Vendor pursuant to Paragraph 3 above; and, in addition, the Customer shall indemnify and hold Vendor harmless from payment of any taxes, including but not limited to sales, use, or personal property taxes when and if Vendor is required to pay such tax based on this Agreement.

LIMITATION OF REMEDY. Customer's exclusive remedy and vendor's entire liability in contract, tort or otherwise, in the event that vendor, exercising reasonable diligence and having made repeated efforts, is unable to comply with the requirements as set forth herein, shall be the payment of actual damages incurred, but not to exceed the actual contract price for the item as specified herein.

INDEMNIFICATION. You agree to indemnify, defend, and hold harmless RITE Enterprises Inc., its officers, directors, employees, agents, and third parties for any losses, costs, liabilities, and expenses (including reasonable attorneys' fees) relating to or arising out of the use or the ability to use the Site or services, any user posting made by you, your violation of any terms of this Agreement or your violation of any rights of a third party, or your violation of any applicable laws, rules or regulations.

RESOLUTION 2021-XXX

AUTHORIZING REQUEST FOR PROPOSALS FOR AUDITING SERVICES

WHEREAS, the City of Isanti is required by statute to have an annual financial audit; and,

WHEREAS, the City of Isanti seeks to procure the services of an audit firm to perform annual financial audits.

NOW, THEREFORE, IT IS HEREBY RESOLVED by the City Council of the City of Isanti, Minnesota:

1. Approval of the Request for Proposals for Municipal Auditing Services, attached as Exhibit "A".

2. Publication of notice of the Request for Proposals and distribution to seek proposals for such services from qualified consultants and firms.

This Resolution hereby approved by the Isanti City Council this 6th day of July 2021.

Attest: _____
Mayor Jeff Johnson

_____
Jaden Strand
City Clerk

Exhibit A

CITY OF ISANTI
REQUEST FOR PROPOSALS
MUNICIPAL AUDITING SERVICES

STATEMENT OF PURPOSE:

The City of Isanti is requesting proposals from qualified firms to audit its financial statements for five consecutive years beginning with audit work to be competed in 2022 for the fiscal year ending December 31, 2021.

These audits are to be performed in accordance with auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in Government Auditing Standards, issued by the Comptroller General of the United States, as well as the provisions of the Minnesota Legal Compliance Audit Guide for Local Government and requirements of the Office of State Auditor.

There is no expressed or implied obligation for the City of Isanti to reimburse responding firms for any expenses incurred in preparing proposals in response to this request.

DESCRIPTION OF THE GOVERNMENT:

The City of Isanti operates under "Optional Plan A" form of government as defined by the State of Minnesota statutes. The Council consists of a Mayor and four Council members. For 2021, the City has approximately 30 full time employees, and a General Fund budget of just over $4 million. City enterprise funds include water, sewer, stormwater and an off-sale liquor store. Inventory audit procedures will be required for liquor store operations. More information, including past financial audit reports can be obtained at www.cityofisanti.us.

RFP TIMELINE;

The following timeline is anticipated in the RFP process:

Council Approval of RFP	July 6th 2021
Advertise RFP	July 7th 2021
Deadline to submit proposals	4:30 p.m. August 4th 2021
City Council consideration	August 17th 2021

AUDIT PROCESS:

The City of Isanti will be ready for fieldwork beginning the final week of February. The City of Isanti will be flexible in the scheduling of audit fieldwork, however the final audit report and management letter should be presented to City Council at the second meeting in April, which is always the third Tuesday of the month.

Finance Staff will work the audit firm to ensure that mutual expectations are met prior to the commencement of annual audit fieldwork. The City of Isanti will provide audit firm staff a reasonable work area within City Hall while fieldwork is progressing.

Two to three hard copies and one electronic file (pdf format) of the audit report and management letter are to be provided. Drafting of the audit report is not completed by City staff but is to be included as part of the audit proposal and fee.

WORK PAPERS:

The audit firm shall provide digital copies of all work papers, journal entries, and adjusted trial balances no later than the delivery of the final audit report. The auditors will also make available all work papers as requested by any subsequent audit firm.

OTHER REQUIRED SERVICES:

Other services may be requested as necessary and will be billed at hourly rates of the individuals performing requested duties. These services may include, but are not limited to the following:

- Office of State Auditor Annual City Financial Reporting Form
- Preparation of Tax Increment Financing Annual Reports
- Technical assistance in tax increment and audit issues
- Other financial assistance as requested

EVALUATION PROCEDURES:

Proposals will be evaluated holistically, considering but not limited to the following criteria: Experience, Technical Expertise, and Price. The City of Isanti intends ultimately to choose an audit firm based exclusively on the best interests of the City of Isanti.

The City Council will select a firm with consideration for staff recommendations. It is anticipated a firm will be selected on August 17th 2021. Firms may be requested to make oral presentations.

The City reserves the right to reject any or all proposals.

TERMS OF CONTRACT:

Firms submitting a proposal should extend not to exceed pricing for the following audit years:

2022 Audit for Year-end 12-31-2021	$ _____
2023 Audit for Year-end 12-31-2022	$ _____
2024 Audit for Year-end 12-31-2023	$ _____
2025 Audit for Year-end 12-31-2024	$ _____
2026 Audit for Year-end 12-31-2025	$ _____

The City of Isanti requests that the proposal include the staff assigned to the audit as well as title, profile, and normal hourly billing rate.

Either party may terminate the contract at any time with 120 days written notice.

PROPOSAL SUBMISSION:

All proposals should be clearly identified as Municipal Auditing Services Proposals and must be received by 4:30 PM on August 4th 2021. Hardcopy proposals will be accepted but digital submissions are preferred.

Please mail hardcopy proposals to:

City of Isanti
110 1st Ave NW, PO Box 428
Isanti, MN 55040

Please email digital proposals to:

MBetker@cityofisanti.us

Questions concerning the proposal may be submitted to Finance Director Betker at MBetker@cityofisanti.us or by telephone at 763-762-5758.

RESOLUTION 2021-XXX

APPROVING THE RE-HIRE OF PART-TIME PUBLIC WORKS SEASONAL GENE WEST

WHEREAS, the City Council of the City of Isanti is required to approve all new employees; and,

WHEREAS, the City Council approved to advertise and accept applications to fill a Seasonal position for part time employment; and,

WHEREAS, Gene West is selected as the most qualified candidate for the open Seasonal position. Gene West is a Seasonal re-hire from 2020;

NOW, THEREFORE, IT IS HEREBY RESOLVED by the City Council of the City of Isanti, Minnesota, as follows:

1. That Human Resources is hereby directed to offer the Public Works Seasonal position to Gene West for the City of Isanti and shall be eligible to start on or after April 7th, 2021.
2. Gene West shall start at the wage scale of $15.70 per hour.
3. Seasonal hires shall not work more than 100 days per the Union Contact in the position of the Public Works Seasonal position effective through Fall 2021.
4. That Human Resources is directed to complete all required documentation for the completion of the employment offers.
5. That Human Resources is directed to forward an executed copy of this resolution to the employee and place a copy in the employee's personnel file for future reference.

This Resolution is hereby approved by the Isanti City Council this 6th day of July 2021.

Memo for Council

To: Mayor Johnson and Members of the City Council
From: City Administrator Josi Wood
Date: July 6, 2021
Subject: Resolution 2021-XXX Accepting Quote for New Liquor Store Security System

---

Background:
Staff solicited quotes for security for the new liquor store. There will be security on all access entrance points with an alarm system that is connected to a phone line/internet to call out if there is unauthorized entry. There will be security cameras placed throughout the store on the interior to deter theft and aid in the safety of all staff. There will be security cameras placed on the perimeter of the exterior and parking lot of the store as well.

Cameras from the current liquor store will be utilized to save on cost. The DVR at the old store will not be utilized as the functions are limited. It will be retained as an emergency back up if needed.

Recommendation:
Staff recommends entering into an agreement with Legacy Security as they are in the best interest of the City.

Request:
Staff is requesting action on this item.

RESOLUTION 2021-XXX

ACCEPTING QUOTE FOR LIQUOR STORE SECURITY SYSTEM

WHEREAS, the Liquor Store requires security software and hardware that will be installed on the interior and exterior of the new store as well as access entry points; and,

WHEREAS, the security system at the current liquor store will be utilized at the new store plus additional hardware and upgrades due to the size of the facility; and,

WHEREAS, staff solicited quotes from two vendors and found Legacy Security to be in the best interest of the City; and,

WHEREAS, the cost for access alarm is $3,122.49 and cost for security camera software and hardware is $14,551.97;

NOW, THEREFORE, IT IS HEREBY RESOLVED by the City Council of the City of Isanti, Minnesota, to approve the following:

1. Accept security equipment quotes by Legacy Security with additional $1,000.00 for specific camera angles if necessary, in the total amount, not to exceed, $18,674.46.
2. Funding identified as the 2021A bond issue.
3. Authorize staff to enter into an agreement for security services with Legacy Security including on-going annual costs.

CITY OF ISANTI
PARKS, RECREATION, AND CULTURE BOARD MEETING MINUTES
June 22,2021

Call to Order: Aaron Zdon called the meeting to order at 6:00 p.m.

Roll Call: Members Present: James Witte, Aaron Zdon, Zachary Gahm and Council Member Jimmy Gordon
Staff Present: Alyssa Olson, Parks, Recreation & Events Coordinator, Maizy Burk, Parks, Recreation & Culture Intern, and Mayor Jeff Johnson

Agenda/Modifications: None

2. Meeting Minutes: Motion by Gordon; second by Witte to approve meeting Minutes from April 27, 2021. Motion passed 4-0.

3. Oath of Office: New member Zachary Gahm pronounced the Oath of Office and was officially welcomed to the Board.

4. VFW Park Lease Termination: Olson shared an update on the VFW Park lease termination conversation with the VFW. She relayed that a discussion has taken place with the incoming VFW President who has brought the position to the Post members. Olson is awaiting the decision from the VFW on whether they wish to receive and maintain the playground equipment as a donation or if they would like the City to dismantle the property in terminating the lease agreement.

5. Department Updates: Olson shared updates from May and June events, which have been well-attended. An Adopt-A-Park application has been received and accepted for the Rotary of Cambridge and Isanti. They will begin maintaining Rum River Meadows Park beginning in June through the end of the Park season. New bleachers have been installed at Unity Park. Community Center maintenance was completed and the Isanti Lions are working on getting the oven up to code. Pickleball court has been painted at Mattson Park. The park survey has been distributed to 100+ residents surrounding both Rum River Meadows Park and Isanti Hills Neighborhood Park. Responses are coming in and Maizy is collecting results to be analyzed after the June 30 deadline. Zdon noted the previous survey didn't receive many results so the 50+ received so far is a good improvement.
The Farmers' Market has welcomed a good assortment of vendors, featuring 18-20 through the rest of the season. Attendance has been low, but office staff are taking measures to increase promotion of the weekly markets. First Street Dance was a hit and welcomed an estimated 3000 attendees. The band had a short sound issue at the beginning, but recovered quickly. 8 vendors were onsite and all sold out of most items; they were very pleased with attendance and excited for the next event. Trash was excessive and there was a large number of unsupervised youth in attendance so increased safety and waste measures will be added to the upcoming dates. Medallion Hunt will take place again this year. Maizy is managing the project and coming up with clues and hiding location. She is also connecting with area businesses to secure prizes with a goal of a $500 value. Olson confirmed they are taking measures to extend the hunt period this year and make the medallion more difficult to find. Fireworks have been scheduled for July 8 following the Jubilee Days parade and 4 food trucks will be present onsite. Splish Splash Summer Bash will take place at Bluebird Park on July 9. This year will feature Kids Dance, a waterslide, slip 'n slide, food trucks, pop bottle rockets, face painting and additional water-based activities. Gahm inquired about having community organizations involved. Olson noted she had connected with a few, but it may not be viable for them to participate this year. The goal is to continue to grow the event for future years and include more participation from local businesses and groups.
Olson shared that the Committee of the Whole, prompted by Councilmember Gordon, has requested research on adding an archery range to the Isanti park offerings. Olson will be looking into options and considerations to share at the July COW meeting, and for the PRC Board in July. The Board had a number of questions regarding safety measures and staffing options, to which Olson will be including in her research.
Olson shared that the Performance Center and lighting project in Bluebird Park was approved by the City Council and should be completed in mid-August/early September. Olson noted the goal is to move the September 11 Street Dance to the park, but will depend on construction timeline. Members of the Board had a number of questions regarding the decision to move the Street Dances to the park. Mayor Johnson provided some background on that decision and that it would help with safety measures and event logistics

to be able to use the park instead of the downtown streets. The Board shared concerns about the Street Dances losing their appeal by not being in the street, and that the downtown businesses would not benefit from the move. Olson noted that the businesses downtown don't currently engage in the event and all are closed during it. Zdon shared that bands will want an elevated stage and that should be considered in the height of the Performance Center. Olson noted that the Performance Center was scoped as an amphitheater, which assumes a downward view, but would clarify the height of the cement base. Witte asked about the splash pad plans and if those were to move forward. Olson noted the restrooms and splash pad projects had been postponed, per the Council, and she would be researching those projects more moving into 2022. Mayor Johnson provided some insights into the project from his initial research and stated it is slated to be completed in 2024.

Adjournment: Motion by Witte, second by Gordon to adjourn the June 22, 2021 meeting of the Parks, Recreation, and Culture Board. Motion passed 4-0, meeting adjourned at 6:48 p.m.

Respectfully Submitted
Alyssa Olson
Parks, Recreation & Events Coordinator

Request for City Council Action

To: **Mayor Johnson and Members of City Council**
From: Matt Sylvester, Public Services Director
Date: July 20, 2021
Subject: Resolution 2021-XXX Declaring a Critical Water Deficiency

---

Background:

City Code 325-17 Lawn sprinkling, watering and irrigation states that as an annual restriction during the period from May 1 thru September 1annually all lawns with addresses ending in an odd number may be watered on odd numbered days and addresses ending in an even number may be watered on even numbered days but will not be allowed between 12:00 – 6:00 pm.

With the lack of rain and the high temps we are receiving this summer the Department of Natural Resources (DNR) has declared that the state is in a "Drought Warning Phase" meaning that they are asking communities over 1,000 people to reduce their water usage. As part of our Water Supply Plan and City Code Chapter 325-15 Water Conservation Restrictions, Critical Water Deficiency, that in order to restrict our water usage the Governor, and / or Mayor would need to declare a "Critical Water Deficiency. To declare a "Critical Water Deficiency" is not mandatory at this time but it would need to be declared in order to further restrict and enforce water usage.

It should be known that last year at this time we averaged 1.072 million gallons of water per day and at this time we are averaging 1.3 million gallons per day. That is an increase of 228,000 gallons per day.

Request:
Staff would action on to declare a "Critical Water Deficiency" and to what extent would we ask that residents further reduce their water usage.

§ 325-15. Intent.

This article establishes water conservation restrictions, and the plan will be in effect at any time the Governor, and/or Mayor, declares by executive order a critical water deficiency, pursuant to Minn. Stat. § 103G.291. This article also regulates lawn sprinkling and irrigation to conserve water resources and prevent harmful and wasteful effects on water resources by limiting lawn sprinkling, lawn watering and irrigation during mid-day hours.

§ 325-16. Water conservation restrictions, critical water deficiency.

A. Application.

(1) This article applies to all customers of public water suppliers who own or control water use on any premises.

(2) No owner or person shall make, cause, use, or permit the use of water received from a public water supply for residential, commercial, industrial, governmental, or any other purpose in any manner contrary to any provision in this article.

(3) Mandatory emergency conservation measures shall be implemented based upon the declaration of a critical water emergency by the Governor and/or Mayor.

B. Waste of water prohibited.

(1) Customers or owners shall maintain taps, faucets, valves and other waste facilities so that water waste is eliminated from seeps, dripping faucets, etc.

(2) No owner or person shall waste water deliberately by allowing irrigation or sprinkling water to run off onto the street or into the drains.

(3) Water may be ran through approved water taps during specified time periods to keep service lines from freezing in accordance with the water tap policy, as adopted by resolution of the City Council.

C. Declaration of critical water deficiency. Upon the declaration of a critical water deficiency by the Governor and/or Mayor, the public water supplier shall immediately post notice of the emergency declaration at the usual meeting place of the City Council, or the official City bulletin board. The City shall provide notification to the public as quickly as possible or through established water supply plans, emergency response plans, or procedures.

D. Mandatory emergency water conservation measures. Upon declaration of a water emergency and notification to the public, the following mandatory restrictions upon nonessential water use shall be enforced:

(1) Outdoor irrigation of yards, gardens, golf courses, parklands, and other nonagricultural land, except for those areas irrigated with reclaimed water, is prohibited.

(2) Washing or spraying of sidewalks, driveways, parking areas, tennis courts, patios, or other paved areas with water from any pressurized source, including garden hoses, except to alleviate immediate health or safety hazards, is prohibited.

(3) The outdoor use of any water-based play apparatus connected to a pressurized source is prohibited.

(4) Restaurants and other food service establishments are prohibited from serving water to their customers, unless water is specifically requested by the customer.

(5) Operation of outdoor misting systems used to cool public areas is prohibited.

(6) The filling of swimming pools, fountains, spas, or other exterior water features is prohibited.

(7) The washing of automobiles, trucks, trailers, and other types of mobile equipment is prohibited, except at facilities equipped with wash water recirculation systems, and for vehicles requiring frequent washing to protect public health, safety, and welfare.

E. Variances. The City Administrator, or his/her designee, is authorized to grant variances to this article where strict application of its provisions would result in serious hardship to a customer. A variance may be granted only for reasons involving health or safety. An applicant may appeal the denial of a variance within five days of the decision by submitting a written appeal to the City Administrator. The City Council shall hear the appeal at the next City Council meeting. The decision of the City Council is final.

F. Violations.

(1) Violations shall be determined and cited by the City Administrator or his/her designee.

(2) Upon discovery of a first violation, the violator shall be issued, either personally or by mail, a warning letter that sets forth the violation and describes the remedy and fines for future violations.

(3) Upon subsequent violations at the same location, the violator shall be issued, either personally or by mail, an administrative citation that sets forth the violation and shall describe the remedy. The City reserves the right to charge the violation as a misdemeanor violation, as per Article V of this chapter.

(4) A violator may appeal the citation within five days of its issuance by submitting a written appeal to the City. The City Council shall hear the appeal at the next City Council meeting. The decision of the City Council is final. Violators may be granted an administrative waiver if evidence is provided that equipment failure was the cause of the violation. A letter from a qualified vendor or invoice for equipment repair will be required to show proof of equipment failure.

G. Severability. If any provision of this article or the application of any provision to a particular situation is held to be invalid by a court of competent jurisdiction, the remaining portions of the article and the application of the article to any other situation shall not be invalidated.

§ 325-17. Lawn sprinkling, watering and irrigation.

A. Use and regulation. The use of the municipal water system or any private well or other source of water for lawn sprinkling, lawn watering or lawn irrigation purposes shall be regulated as provided in this article. In the event the City Administrator determines that a water shortage exists, the City Administrator is authorized to restrict the sprinkling, watering or irrigation of lawns within the City by posting a notice at City Hall setting forth the restrictions and providing notification to the public. Such restrictions may include a limitation as to which days of the week, dates of the months, or hours of the day during which lawn sprinkling, lawn watering and lawn irrigation is prohibited. In addition, the City Administrator may declare a total lawn sprinkling, lawn watering and lawn irrigation ban if the City Administrator determines that a water shortage of such magnitude as to threaten the public health or safety exists or will likely exist if such ban is not imposed.

B. Use of private wells. The use of any private well or source of water other than the City's water system for lawn sprinkling, lawn watering, or lawn irrigation purposes, shall be exempt from any restrictions and the annual watering restrictions imposed pursuant to this section if the owner has registered the private well or other source of water to be used for such purposes with the Public Works Department of the City of Isanti, obtained a water appropriation permit, if required under any applicable state or federal law or regulation, and posted a sign provided by the Public Works Department that clearly informs the public of the alternative water source. If any owner claims the privilege of exemption from the restrictions otherwise applicable under this section, a representative of the City may inspect the subject property during reasonable times to ensure compliance with this provision.

C. Annual restrictions. During the period from May 1 through September 1 annually, all lawns on all property with addresses that end with an odd number may be sprinkled, watered or irrigated only on odd-numbered days, and all lawns on property with addresses that end with an even number may be sprinkled, watered or irrigated only on even-numbered days; provided, however, that during this time period, no lawn sprinkling, lawn watering nor lawn irrigation shall be allowed

from 12:00 noon to 6:00 p.m. each day. This provision shall automatically apply unless superseded by action of the City Administrator as provided in this section above imposing more restrictive measures. Notwithstanding the provisions of this section, the City Administrator or his/her designee may, upon request of an owner, authorize daily sprinkling, watering or irrigation of newly seeded or sodded lawn areas provided that such permission will not increase the risk of a water shortage of such magnitude as to threaten the public health or safety.

City Administrator Josi Wood

2. **Resolution 2021-145** Approving a Special Event Permit Application for Rum River BMX MN State Series Finals
City Administrator Josi Wood shared that this is a special event permit request for the State Series Finals which is scheduled for August 27th-29th. The hours for the event are Friday from 4:00 p.m. to 9:00 p.m., Saturday from 1:00 p.m. to 6:00 p.m. and Sunday from 9:00 a.m. to 5:00 p.m. The estimated number of people to be in attendance is 1,000-1,200 per day.

   A motion was made by Collison, seconded by Lundeen to approve resolution as presented. Motion passed 5-0. Motion carried.

3. **Resolution 2021-146** Approving a Special Event Permit Application for Ally's Walk for Kleefstra
City Administrator Josi Wood shared that this is a special event permit request for Ally's Walk for Kleefstra which is scheduled for July 24, 2021 from 9:00 a.m. to 3:00 p.m. The walk/run event will begin at the soccer complex and travel along the Cambridge-Isanti Bike/Walk Trail for 1.5 miles where it will conclude at Bluebird Park. The estimated number of people in attendance is 50-75 people.

   A motion was made by Lundeen, seconded by Bergley to approve resolution as presented. Motion passed 5-0. Motion carried.

4. **Resolution 2021-147** Approving a Special Event Permit Application for Rum River BMX MN State Qualifier Event
City Administrator Josi Wood shared that this is a special event permit request for the MN State Qualifier which is scheduled for August 15th from 7:00 a.m. to 5:00 p.m. The estimated number of people in attendance is 800-1,000 people.

   A motion was made by Lundeen, seconded by Collison to approve resolution as presented. Motion passed 5-0. Motion carried.

5. **Resolution 2021-148** A Resolution Approving the Site Plans for a Manufacturing Building for BP Metals at 825 East Dual Blvd NE

City Administrator Josi Wood shared that this was presented at the June 24, 2021 Planning Commission meeting and is for a custom sheet metal fabrication shop located at 825 East Dual Blvd NE. The Planning Commission has recommended approval for the site plan with the conditions that were mentioned at the June 15th Planning Commission meeting.

A motion was made by Lundeen, seconded by Bergley to approve resolution as presented. Motion passed 5-0. Motion carried.

6. **Ordinance-756** Amending the City Zoning Ordinance, Section 13, Article 2, Subdivision 210: Wind Energy Conversion Systems
City Administrator Josi Wood shared that this was discussed at the May 18th Committee of the Whole meeting where staff was directed to draft an ordinance to allow small Wind Energy Conservation Systems in residential zoning districts. Committee of the Whole recommended approval as well as Planning Commission with a 6-0 vote.

A motion was made by Lundeen, seconded by Bergley to approve ordinance as presented. Motion passed 5-0. Motion carried.

7. **Ordinance-757** Amending Chapter 87, Keeping of Certain Animals to Allow Ducks
City Administrator Josi Wood shared that this was discussed at the May 18th and June 15th Committee of the Whole meetings where staff was directed to draft an ordinance amendment. The proposed ordinance amendment is similar to existing regulations for chickens and reflects similar language. The Committee of the Whole recommended that ducks shall have their wings clipped, and that the maximum number of ducks allowed will be 2 for lots under 3 acres and a maximum of 4 ducks for lots 3 acres or larger.

A motion was made by Bergley, seconded by Lundeen to approve ordinance as presented. Motion passed 5-0. Motion carried.

8. Development Agreement Fairway Greens South Discussion
City Administrator Josi Wood shared that on June 1st the City Council approved the preliminary and final plat for Fairway Greens South. As part of the development process a development agreement is required. The applicant has reviewed the draft agreement and would like to discuss the Letter of Credit. In the financial guarantee section of the development agreement, cash or a Letter of Credit to cover 125% of the development costs. The developer asked staff about the agreement and asked if it would be similar to a previous agreement that was done in 2014. Staff told the developer it would generally be the same but the fees and amounts will be different. Each development agreement is negotiated per that specific development with some standard language. The 2014 agreement was not for the applicant nor was it for his site. Each agreement is tailored to the development and negotiated out. This developer applied for the subdivision without meeting with staff prior to submittal, there was no conversation at all about the development with Community Development Staff.

Finance Director Mike Betker shared the risks of surety bonds and why they are generally not accepted.

Developer Anthony Hanson shared his concerns on why he feels a surety bond shall be acceptable for the financial guarantee portion of the agreement.

A motion was made to deny the request for the surety bond as an acceptable financial guarantee of the development agreement, seconded by Collison. Motion passed 5-0. Motion carried.

City Engineer Jason Cook

9. **Resolution 2021-149** Approving the Addition of Sidewalks on 3rd Ave NW
   City Engineer Jason Cook shared that at the June 15, 2021 it was requested to evaluate the installation of crosswalks across 3rd Avenue at the new Bluebird Court and Eagle Street intersections. These would be crossings at uncontrolled intersections where vehicles do not stop. The existing boulevard on the east side of 3rd Avenue is steeper than the allowed maximum slope for ADA pedestrian ramps. At Bluebird Park the recommended improvement would be to remove approximately 100 feet of trail to raise the surface up 1.5 feet ramping up to the new ped ramp location and then ramping back down to the existing trail elevation. It is also recommended constructing a concrete ped ramp in the boulevard between the trail and 3rd Avenue. Considering this is an uncontrolled crossing, it is also recommended to install cross walk signs on either side of the crossing, and striping crosswalk blocks as well.

   Cook further shared that at Eagle Street the recommended improvement would be to have the contractor installing the sidewalk along Eagle Street to shift the walk to the south similar to how they installed the walk along Bluebird Court. This would more closely align the crossing with the parking lot entrance on the east side of 3rd Avenue. Considering this is also an uncontrolled crossing, it is recommended to install cross walk signs on either side of the crossing and striping crosswalk blocks as well. These blocks could be staggered to direct the pedestrians to the parking lot entrance initially, and if it is found to be necessary in the future a concrete ped ramp could be constructed in the boulevard north of the parking lot entrance. Due to the dip in the road north of Eagle Street, site distance for south bound vehicles is obstructed and makes the crossing at Eagle Street difficult to see in advance. Therefore, it is recommended installation of one advance crosswalk sign in the low point to warn south bound drivers of the crossing ahead. The 2021 Street Improvements project is scheduled to sealcoat this section of 3rd Avenue this summer. It is recommended to add the above-described listed work to this project as the scope of work similar to other tasks within the contract. Based on the bid prices received, the described improvements will cost approximately $7,500.00. Public Works may install signs and paint the crossing to further reduce the cost by approximately $500.00 to $700.00.

   A motion was made by Lundeen, seconded by Collison to approve resolution as presented. Motion passed 5-0. Motion carried.

10. Support for Rum River BMX Hosting the 2022 National Event at Isanti Indoor Arena
    City Administrator Josi Wood shared that Rum River BMX has made a request for the City's support for hosting the 2022 National Event. They need a letter written stating support of the event on their behalf to go for their application.

    Mayor Johnson stated that this was done two years ago and the Council was on board.

    Motion by Lundeen, seconded by Collison to approve a letter being written in support of the event. Motion passed 5-0. Motion carried.

PLANNING COMMISSION MEETING

TUESDAY, May 18, 2021

Immediately following the 7:00 P.M City Council Meeting;

1. **Meeting Opening**
   - A. Call to Order: Chair Johnson called the meeting to order at 7:12 p.m.
   - B. Pledge of Allegiance
   - C. Roll Call: Members present: Jeff Johnson, Steve Lundeen, Jimmy Gordan, Paul Bergley, Alexander Collins, Arissya Simon.
     Members Absent: Dan Collison
     Staff present: Community Development Director Sheila Sellman, Community Development Specialist Ryan Saltis, City Administrator Josi Wood
   - D. Agenda Modifications: None

2. **Meeting Minutes**
   - A. Approval of Minutes from the March 16, 2021 Planning Commission Meeting motion by Bergley, second by Collins motion passes 6-0.

3. **Public Hearing**

   - A. Request by Anthony Hanson for approval for a Preliminary and Final Plat under City Ordinance 536, said request is for a development labeled Fairway Greens South located at PID 16.142.0020. Sellman presented the preliminary and final plans for a proposed single family residential housing development called Fairway Greens South. Representatives of the proposed development were present at the meeting and available for questions, Anthony Hanson the land owner and the engineer of the development from LHB Inc. There was a letter that was submitted to City Staff, in which Mayor Johnson read at the meeting that expressed concerns for the development only having one access and the increased amount of traffic that these new houses would bring to the neighborhood. Traffic and safety concerns were also presented by other members of the neighborhood at the public hearing and fire truck access was discussed. The applicant, Anthony Hanson explained that this development extending into a cul-de-sac was already part of the master plans for the Fairway Greens development, and he is simply carrying out these plans for what was already approved. The Planning Commission asked if it was possible to add another street from County Road 5 that would connect to Wendover St NE to possibly mitigate traffic and give an additional access to these houses. Hanson expressed that a lot or two would have to be taken out of the plans to create this road and the development is under a tight budget as it stands. Hanson explained that he would be open to possibly creating a temporary road until the current through road gets completed in the future and then develop these lots. Motion for approval of the preliminary and final plat for Fairway Greens South by Gordon, 2nd by Lundeen,

motion tied 3-3. Members of the audience requested for a reopening of the public hearing due to added responses by the applicant after public hearing was closed. Motion to reopen the public hearing by Gordon, 2nd by Bergley, motion passes 6-0. Two more members of the audience spoke at the public hearing, regarding traffic concerns and future street issues. They asked the Planning Commission to look at the development as a whole in regards to potential numbers of vehicles traveling on the one road. Planning Commission members agreed that they need to consider finding a balance between people's safety, and profit for developers and the community. The motion for a 3-3 tie vote stood with Gordon, Lundeen and Simon voting yay and Johnson, Collison and Bergley voting nay. This motion will be brought to the following City Council Meeting on June 1st, 2021.

B. Request by Isanti Self-Storage for approval of Site Plans under City Ordinance 445 Section 18 and Conditional Use Permit under City Ordinance 445, Section 21, Article 2, said request is for self-storage facilities located at 515 1st Ave NW. Saltis presented the Site Plans and Conditional Use Permit for Isanti Self-Storage. The applicants representing Isanti Self-Storage were present at the meeting and available for questions from the Planning Commission members. Larry Kuechle, the property owner to the south of Isanti Self-Storage, explained that he is worried about his property values decreasing, the quality of the units that were built, and that the storage units do not meet setbacks. The applicant, Jon Taxdahl of Isanti Self-Storage explained that they were unaware that they would need building permits for the additional units added around the perimeter of the site and that they were attempting to meet the storage demand for residents in the city. The Planning Commission asked if the drive aisle widths in between storage units would suffice for a fire truck turn around. The applicant explained that it would be able to access the units with a hose but that the drive aisle widths are tight. Luke Merrill also spoke at the public hearing and explained that the self-storage facility is an asset to the community and seems like the structures are built well even if they are temporary. Another representative of Isanti Self-Storage spoke at the public hearing and explained that these units were built with quality materials, and the community is appreciative that the additional units are available. Mayor Johnson closed the public hearing and reiterated that there are not definitive measurements of where the units are located, and could possibly be encroaching on neighboring properties. City Staff told the Planning Commission that they recommend denial for the additional units but would be open to approving a Conditional Use Permit for Self-Storage on site. Variances would be needed at a later time for the location of the units encroaching into the setbacks of the I-1 Zoning District, and for exceeding the 75% impervious surface maximum in the district. Motion to deny the site plans by Lundeen, 2nd by Johnson. This motion was denied with a 2-4 vote. Motion to accept the property as self-storage by Lundeen, 2nd by Bergley, motion carried 6-0. Motion to approve the site plans with a condition to provide a site survey for units on the west side of the property and stay at least 2 ft off the west property line and remove the units on the south side of the property by Gordon, 2nd by Bergley, motion passes 4-2.

5. **Other Business:** None
6. **Discussion Item:** None
7. **Adjournment:** Motion by Bergley, 2nd by Lundeen to adjourn, motion passed 6-0 meeting adjourned at 8:57 p.m.

Respectfully submitted by Ryan Saltis, Community Development Specialist

CITY OF ISANTI, MINNESOTA

RESOLUTION NO. _____

RESOLUTION AUTHORIZING THE ISSUANCE, SALE, AND DELIVERY OF AN EDUCATIONAL FACILITIES REVENUE NOTE AND APPROVING THE FORM OF AND AUTHORIZING THE EXECUTION AND DELIVERY OF THE NOTE AND RELATED DOCUMENTS

WHEREAS, the City is a statutory city and political subdivision duly organized and existing under the Constitution and laws of the State of Minnesota. Pursuant to Minnesota Statutes, Sections 469.152 through 469.1655, as amended (the "Act"), the City is authorized to issue revenue obligations to finance, in whole or in part, the cost of the acquisition, construction, reconstruction, improvement, betterment, or extension of a "project," defined in the Act, in part, as any properties, real or personal, used or useful in connection with a revenue producing enterprise , whether or not operated for profit;

WHEREAS, ABC Building Services, a Minnesota nonprofit corporation (the "Company"), proposes to acquire, renovate and improve the existing school campus located at 903 6th Ave Court NE and 1005 7th Ave NE in the City (the "School Facility") for educational purposes and lease the School Facility to Art and Science Academy, Inc., a Minnesota nonprofit corporation (the "School") pursuant to a Lease Agreement to be entered between the Company and the School, for the operation of a kindergarten through 8th grade school public charter facility with plans for expansion through 12th grade, and to lease the School Facility to the School;

WHEREAS, the Company has requested that the City issue one or more series of conduit revenue bonds to be designated as the Educational Facilities Revenue Note (Art and Science Academy Project), Series 2021A (the "Note"), in the original aggregate principal amount not to exceed $5,600,000, and loan the proceeds derived from the sale of the Note to the Company pursuant to a Loan Agreement, to be dated on or after August 1, 2021 (the "Loan Agreement"), between the City and the Company, to (i) finance the acquisition, renovation and improvement of the School Facility; (ii) fund a debt service reserve fund, if necessary; (iii) pay a portion of the interest on the Note, if necessary; and (iv) pay the costs of issuing the Note, if necessary (the "Project"). The Note is proposed to be purchased by First Bank & Trust (the "Lender");

WHEREAS, the Company and the School have both represented to the City that they are exempt from federal income taxation under Section 501(a) of the Internal Revenue Code of 1986, as amended (the "Code"), as a result of the application of Section 501(c)(3) of the Code;

WHEREAS, the loan repayments to be made by the Company under the Loan Agreement will be fixed so as to produce revenue sufficient to pay the principal of, premium, if any, and interest on the Note when due. The City will assign its rights to the basic payments and certain other rights under the Loan Agreement to the Lender (not including certain unassigned rights of the City, including those related to indemnification and reimbursement for costs and expenses), pursuant to the terms of an Assignment of Loan Agreement, to be dated on or after August 1, 2021

(the "Assignment of Loan Agreement"), between the City, the Company, and the Lender. The Company's obligation to make loan repayments under the Loan Agreement will be secured by: (i) a Combination Mortgage, Security Agreement, Assignment of Rents and Fixture Financing Statement from the Company to the Lender, to be dated on or after August 1, 2021 (the "Mortgage"), relating to the Note; (ii) an Assignment of Lease, to be dated on or after August 1, 2021 (the "Assignment of Lease"), from the Company to the Lender and consented to by the School; (iii) a Pledge and Covenant Agreement, to be dated on or after August 1, 2021 (the "Pledge Agreement"), between the School and the Lender, pledging certain revenues of the School, including money due to the School from the State of Minnesota Lease Aid Payment Program; (iv) a Debt Service Reserve Account Agreement dated on or after August 1, 2021 (the "Debt Service Reserve Agreement"), by and between the Company and the Lender; and (v) other security provided or arranged by the Company or the School;

WHEREAS, the proceeds of the Note will be disbursed by the Lender to the Company pursuant to the Loan Agreement;

WHEREAS, forms of the following documents have been submitted to the City and are now on file with the City: (i) the form of the Note; (ii) the Loan Agreement; (iii) the Assignment of Loan Agreement; (iv) the Mortgage; (v) the Assignment of Lease; and (vi) the Debt Service Reserve Agreement;

WHEREAS, pursuant to Section 147(f) of the Internal Revenue Code of 1986, as amended (the "Code"), and regulations promulgated thereunder, the Note may not be issued as tax-exempt bonds unless the City Council approves the Note after conducting a public hearing thereon and Section 469.154, subdivision 4 of the Act requires that prior to submitting an application to the Minnesota Department of Employment and Economic Development ("DEED") for approval of the Project, the Council must conduct a public hearing on the proposal to undertake projects authorized to be financed under the terms of the Act;

WHEREAS, the notice of public hearing (the "Public Notice") was published in the *Isanti-Chisago County Star*, the official newspaper and a newspaper of general circulation in the City, with respect to (i) the required public hearing under Section 147(f) of the Code; (ii) the required public hearing under Section 469.154, subdivision 4 of the Act; and (iii) the approval of the issuance of the Note. The Public Notice was published at least 14 days prior to the date of the public hearing. On the date hereof, the Council conducted a public hearing at which a reasonable opportunity was provide for interested individuals to express their views, both orally and in writing, with respect to the proposed issuance of the Note and the location and nature of the Project.

NOW THEREFORE BE IT RESOLVED by the City Council (the "Council") of the City of Isanti, Minnesota (the "City") as follows:

Section 1. Issuance of the Note.

1.01. Findings. The Council hereby finds, determines, and declares that:

(a) The issuance and sale of the Note, the execution and delivery by the City of the Note, the Loan Agreement, and the Assignment of Loan Agreement, and the performance of all covenants and agreements of the City contained in the Loan Agreement and the Assignment of Loan Agreement are undertaken pursuant to the Act.

(b) The acquisition, renovation and improvement of the School Facility, furthers the economic development purposes stated in Section 469.152 of the Act, constitutes a revenue producing "project," as defined in Section 469.153, subdivision 2(b) of the Act.

(c) In accordance with Section 469.154, subdivision 7, of the Act, the officers, employees, and agents of the City are hereby authorized and directed to encourage the Company and the School to provide employment opportunities to economically disadvantaged or unemployed individuals. Such individuals may be identified by such mechanisms as are available to the Company and the School, such as a first source agreement in which the Company and the School agrees to use a designated State employment office as a first source for employment recruitment, referral, and placement.

(d) The loan repayments to be made by the Company under the Loan Agreement are fixed to produce revenues sufficient to provide for the prompt payment of principal of, premium, if any, and interest on the Note issued under this resolution when due, and the Loan Agreement also provides that the Company is required to pay all expenses of the operation and maintenance of the School Facility, including, but without limitation, adequate insurance thereon and insurance against all liability for injury to persons or property arising from the operation thereof, and all lawfully imposed taxes and special assessments levied upon or with respect to the School Facility and payable during the term of the Loan Agreement.

(e) As provided in the Loan Agreement, the Note shall not be payable from nor charged upon any funds other than the revenues pledged to its payment, nor shall the City be subject to any liability thereon, except as otherwise provided in this paragraph. No holder of the Note shall ever have the right to compel any exercise by the City of its taxing powers to pay the Note or the interest or premium thereon, or to enforce payment thereof against any property of the City except the interests of the City in the Loan Agreement and the revenues and assets thereunder (except for certain unassigned rights of the City, including those related to indemnification and reimbursement for certain costs and expenses), which will be assigned to the Lender under the Assignment of Loan Agreement. The Note shall not constitute a charge, lien, or encumbrance, legal or equitable, upon any property of the City, except the interests of the City in the Loan Agreement, and the revenues and assets thereunder (except for the unassigned rights of the City referenced above), which will be assigned to the Lender under the Assignment of Loan Agreement. The Note shall recite that the Note is issued pursuant to the Act, and that the Note, including interest and premium, if any, thereon, is payable solely from the revenues and assets pledged to the payment thereof, and the Note shall not constitute a debt of the City within the meaning of any constitutional or statutory limitations.

1.02. Issuance and Sale of the Note. The City hereby authorizes the issuance of the Note in the aggregate principal amount not to exceed $5,600,000, in one or more series, in the form, and with the terms set forth in the form of the Note now on file with the City. The aggregate principal amount of the Note, the interest rate of the Note, the terms for adjustment of the interest rate on the Note, the date of the documents referenced in this resolution and the Note, and the terms of redemption of the Note may be established or modified with the approval of the City. The execution and delivery of the Note shall be conclusive evidence that the City has approved such terms as subsequently established or modified. The offer of the Lender to purchase the Note at the price of par plus accrued interest, if any, to the date of delivery at the interest rate or rates specified in the Note is hereby accepted. Upon approval of the Project by DEED, the Mayor and the City Administrator of the City (the "City Officials") are authorized and directed to prepare and execute the Note as prescribed in the Loan Agreement and the Note shall be delivered to the Lender. The City Officials are hereby authorized to execute and deliver any agreements with any depository institution, including any representation letter or amendment to any existing representation letter, in the event the City and the Lender elect to register the Note in book-entry form.

1.03. Special, Limited Obligation of City. The Note shall be a special, limited obligation of the City, and the principal of, premium, if any, and interest on the Note shall be payable solely from the proceeds of the Note, the revenues derived from the Company pursuant to the Loan Agreement, and the security provided by the Company in accordance with the terms of the Loan Agreement, the Mortgage, the Assignment of Loan Agreement, the Assignment of Lease, the Pledge Agreement, the Debt Service Reserve Agreement and any and all other security of any kind or nature provided by the Company to the Lender. The Note will be subject to the provisions of a Tax Certificate, to be dated on or after August 1, 2021 (the "Tax Certificate"), by the Company and the School, and endorsed by the City.

1.04. Approval of Documents. The City Officials are hereby authorized and directed to execute and deliver the Loan Agreement, the Note, the Assignment of Loan Agreement, and such other documents as bond counsel considers appropriate in connection with the issuance of the Note (collectively, the "City Documents"). The forms of the City Documents and all other documents listed in the recitals hereof and exhibits thereto, and any consents and such other documents as are necessary or appropriate in connection with the issuance, sale, and delivery of the Note, including without limitation various certificates of the City, the Information Return for Tax-Exempt Private Activity Bond Issues, Form 8038, a certificate as to arbitrage and rebate, and similar documents (collectively, the "Financing Documents") are approved substantially in the forms on file with the City Administrator. The City Documents, in substantially the forms submitted, are directed to be executed in the name and on behalf of the City by the City Officials. The Note is to be executed in the name of and on behalf of the City by the City Officials and delivered to the Lender. Any other Financing Documents and certificates necessary to the transaction described above may be executed by one or more appropriate officers of the City. All of the provisions of the Financing Documents, when executed as authorized herein, shall be deemed to be a part of this resolution as fully and to the same extent as if incorporated verbatim herein and shall be in full force and effect from the date of execution and delivery thereof.

The approval hereby given to the various Financing Documents referred to above includes approval of such additional details therein as may be necessary and appropriate and such

modifications thereof, deletions therefrom and additions thereto as may be necessary and appropriate and approved by bond counsel to the City, the appropriate City staff person, or by the officers authorized herein to execute or accept, as the case may be, said documents prior to their execution; and said officers or staff members are hereby authorized to approve said changes on behalf of the City. The execution of any instrument by the appropriate officer or officers of the City herein authorized shall be conclusive evidence of the approval of such document in accordance with the terms hereof.

1.05. Certifications of the City. The Mayor, City Administrator, and Finance Director of the City and other officers, employees, and agents of the City are hereby authorized and directed to prepare and furnish to bond counsel and the Lender certified copies of all proceedings and records of the City relating to the issuance of the Note, including a certification of this resolution. Such officers, employees, and agents are hereby authorized to execute and deliver, on behalf of the City, all other certificates, instruments, and other written documents that may be requested by bond counsel, the Lender, or other persons or entities in conjunction with the issuance of the Note. Without imposing any limitation on the scope of the preceding sentence, such officers, employees, and agents are specifically authorized to execute and deliver one or more certificates of the City, an endorsement of the City to the Tax Certificate, an Information Return for Tax-Exempt Private Activity Bond Issues, Form 8038, and all other documents and certificates as shall be necessary and appropriate in connection with the issuance, sale, and delivery of the Note. The City hereby authorizes Kennedy & Graven, Chartered, acting as bond counsel, to prepare, execute, and deliver its approving legal opinion with respect to the Note.

1.06. Security for the Note. The City hereby authorizes the Company to provide such security for payment of the Company's obligations under the Loan Agreement and for payment of the Note, including the Mortgage, the Assignment of Lease, the Debt Service Reserve Agreement and the Pledge Agreement, as is agreed upon by the Company and the Lender, and the City hereby approves the execution and delivery of such security.

1.07. DEED Application. As required by the terms of Section 469.154 of the Act, the employees, officers, and agents of the City are hereby authorized and directed to submit an application to DEED for approval of the Project and the issuance of the Note.

1.08. Bank Qualification Designation. The City hereby designates the Note as a "qualified tax-exempt obligation" pursuant to Section 265(b)(3) of the Code.

1.09 Registration of Transfer. The City will cause to be kept at the office of the City Administrator a Note Register in which, subject to such reasonable regulations as it may prescribe, the City shall provide for the registration of transfers of ownership of the Note. The Note shall be initially registered in the name of the Lender and, subject to Section 1.12, shall be transferable upon the Note Register by the Lender in person or by its agent duly authorized in writing, upon surrender of the Note together with a written instrument of transfer satisfactory to the City Administrator, duly executed by the Lender or its duly authorized agent. The following form of assignment shall be sufficient for said purpose.

For value received _____ hereby sells, assigns and transfers unto _____ the within Note of the City of Isanti, Minnesota, and does hereby irrevocably constitute and appoint _____ attorney to transfer said Note on the books of said City with full power of substitution in the premises. The undersigned certifies that the transfer is made in accordance with the provisions of Sections 1.09 through 1.12 of the Resolution authorizing the issuance of the Note.

Dated: _____

By: _____
Registered Owner

Upon such transfer the City Administrator shall note the date of registration and the name and address of the new Lender in the applicable Note Register and in the registration blank appearing on the Note; subject to receipt of a purchaser letter or certification as required by Section 1.12 hereof.

1.10 Mutilated, Lost or Destroyed Note. In case the Note issued hereunder shall become mutilated or be destroyed or lost, the City shall, if not then prohibited by law, cause to be executed and delivered, a new Note of like outstanding principal amount, number and tenor in exchange and substitution for and upon cancellation of such mutilated Note, or in lieu of and in substitution for such Note destroyed or lost, upon the payment by the Lender of the reasonable expenses and charges of the City in connection therewith, and in the case of a Note destroyed or lost, the filing with the City of evidence satisfactory to the City with indemnity satisfactory to it. If the mutilated, destroyed or lost Note has already matured or been called for redemption in accordance with its terms it shall not be necessary to issue a new Note prior to payment.

1.11 Ownership of Note. The City may deem and treat the person in whose name the Note is last registered in the Note Register and by notation on the Note whether or not such Note shall be overdue, as the absolute owner of such Note for the purpose of receiving payment of or on account of the principal balance, redemption price or interest and for all other purposes whatsoever, and the City shall not be affected by any notice to the contrary.

1.12 Limitation on Note Transfers. The Note will be issued to a "qualified institutional buyer" or an "accredited investor" (i.e. the Lender) and without registration under state or other securities laws, pursuant to an exemption for such issuance; and accordingly the Note may not be assigned or transferred in whole or part, nor may a participation interest in the Note be given pursuant to any participation agreement, except to another "qualified institutional buyer" or "accredited investor" in accordance with an applicable exemption from such registration requirements and with full and accurate disclosure of all material facts to the prospective purchaser(s) or transferee(s). The City will require, as a precondition to any transfer, that the transferee provide to the City a written letter or certificate in a form satisfactory to the City and other evidence satisfactory to the City that the transferee is a qualified institutional buyer or other accredited investor under the securities laws.

1.13 Issuance of a New Note. Subject to the provisions of Section 1.12, the City shall, at the request and expense of the Lender, issue a new note, in aggregate outstanding principal amount equal to that of the Note surrendered, and of like tenor except as to number, principal

amount, and the amount of the periodic installments payable thereunder, and registered in the name of the Lender or such transferee as may be designated by the Lender.

Section 2. Miscellaneous.

2.01. Agreements Binding. All agreements, covenants, and obligations of the City contained in this resolution and in the above-referenced documents shall be deemed to be the agreements, covenants, and obligations of the City to the full extent authorized or permitted by law, and all such agreements, covenants, and obligations shall be binding on the City and enforceable in accordance with their terms. No agreement, covenant, or obligation contained in this resolution or in the above-referenced documents shall be deemed to be an agreement, covenant, or obligation of any member of the Council, or of any officer, employee, or agent of the City in that person's individual capacity. Neither the members of the Council nor any officer executing the Note shall be liable personally on the Note or be subject to any personal liability or accountability by reason of the issuance of the Note.

2.02. Rights Conferred. Except as herein otherwise expressly provided, nothing in this resolution or in the Loan Agreement, expressed or implied, is intended or shall be construed to confer upon any person, firm, or corporation other than the City and the registered and beneficial owners of the Note, any right, remedy, or claim, legal or equitable, under and by reason of this resolution or any provision hereof or of the Loan Agreement or any provision thereof; this resolution, the Loan Agreement and all of their provisions being intended to be, and being for the sole and exclusive benefit of the City and the registered and beneficial owners of the Note issued under the provisions of this resolution and the Loan Agreement, and the Company to the extent expressly provided in the Loan Agreement.

No provision, covenant, or agreement contained in the Financing Documents, the Note or in any other document relating to the Note, and no obligation therein or herein imposed upon the City or the breach thereof, shall constitute or give rise to any pecuniary liability of the City or any charge upon its general credit or taxing powers. In making the agreements, provisions, covenants, and representations set forth in such documents, the City has not obligated itself to pay or remit any funds or revenues, other than funds and revenues derived from the Loan Agreement which are to be applied to the payment of the Note, as provided therein and in the Financing Documents.

2.03. Validity. In case any one or more of the provisions of this resolution, or of the documents mentioned herein, or of the Note issued hereunder shall for any reason be held to be illegal or invalid, such illegality or invalidity shall not affect any other provision of this resolution, or of the aforementioned documents, or of the Note, but this resolution, the aforementioned documents, and the Note shall be construed and endorsed as if such illegal or invalid provisions had not been contained therein. If for any reason the Mayor or the City Administrator, or any other officers, employees, or agents of the City authorized to execute certificates, instruments, or other written documents on behalf of the City, shall for any reason cease to be an officer, employee, or agent of the City after the execution by such person of any certificate, instrument, or other written document, such fact shall not affect the validity or enforceability of such certificate, instrument, or other written document. If for any reason the Mayor or the City Administrator is unable to execute and deliver the documents referred to in this resolution, such documents may be executed

by any member of the City Council or any officer of the City delegated the duties of the Mayor or the City Administrator with the same force and effect as if such documents were executed and delivered by the Mayor or the City Administrator.

2.04. Costs. The Company will pay the administrative fees of the City and pay, or, upon demand, reimburse the City for payment of, any and all costs incurred by the City in connection with financing the Project and issuing the Note, whether or not the Note is issued. The Company shall indemnify the City against all liabilities, losses, damages, costs, and expenses (including attorney's fees and expenses incurred by the City) arising with respect to the Project or the Note, as further provided for in the Loan Agreement

2.05. Governmental Program. The City has established a governmental program of acquiring purpose investments for qualified 501(c)(3) organizations' projects. The governmental program is one in which the following requirements of §1.148-1(b) of the federal regulations relating to tax-exempt obligations shall be met:

(a) the program involves the origination or acquisition of purpose investments;

(b) at least 95% of the cost of the purpose investments acquired under the program represents one or more loans to a substantial number of persons representing the general public, states or political subdivisions, 501(c)(3) organizations, persons who provide housing and related facilities, or any combination of the foregoing;

(c) at least 95% of the receipts from the purpose investments are used to pay principal, interest, or redemption prices on issues that financed the program, to pay or reimburse administrative costs of those issues or of the program, to pay or reimburse anticipated future losses directly related to the program, to finance additional purpose investments for the same general purposes of the program, or to redeem and retire governmental obligations at the next earliest possible date of redemption;

(d) the program documents prohibit any obligor on a purpose investment financed by the program or any related party to that obligor from purchasing bonds of an issue that finances the program in an amount related to the amount of the purpose investment acquired from that obligor; and.

2.06. Effective Date. This resolution shall be in full force and effect from and after its approval. The approvals contained in the resolution are effective for one year after the date hereof.

Subject: Editorial and Legal Analysis Review and Modifications to Ordinances

---

Background:

Staff has reviewed City Code Chapters for the following:

- Correct and updated MN Statute references
- Consistencies of terminology within the Chapters and among the Chapters
- Legal analysis for compliance
- Inserting policies by Resolution that should be within Ordinance

As a part of the City Code project update that was initiated in 2020, General Code went through all the codified Chapters for an Editorial and Legal analysis (E & L). The purpose of the Editorial and Legal Analysis is to give City officials an overview of the codification project and to give an in-depth, chapter -by- chapter review of the City's Code. It is a guide to help facilitate areas of question and give an opportunity to have the City make revisions to legislation, if desired. This was presented to Committee of the Whole at the June 15, 2021 meeting with recommended approval.

Request:

- Staff is requesting the following recommendations:
  - Remove Chapter 29, Newsletter, as it is not necessary and no longer applicable.
  - Uncodify Chapter A343, Gas Distribution Franchise, to a stand-alone Chapter (similar to other franchise agreements)
  - Repeal and Replace Chapter 256; Property Maintenance Standards
  - Repeal and Replace Chapter 257; Right-of-Way Management
  - Amend Chapter 160; Fees
  - Amend Chapter 312; Unclaimed Property
  - Amend Chapter 111; Building Construction
  - Amend Chapters as Presented in the Editorial and Legal Analysis summary

WATER CLOSET

A toilet, with a bowl and trap made in one piece, which is connected to the City water and sewer system or other approved water supply and sewer system.

§ 256-2 **Findings.**

It is hereby found and declared that impaired structures contain conditions that may be dangerous or result in property blight and deterioration and impairment of property values, which adversely affect the public health, safety, and general welfare of the citizens of the City. It is found that impaired structures exist within the City due to, but not limited to, faulty design or construction, failure to keep them in a proper state of repair, lack of adequate lighting or ventilation, inability to properly heat, improper management, and/or a combination of these factors. It is declared that the improvement of impaired structures and the prevention of existence of impaired structures in the future is in the best interest of the citizens of the City.

§ 256-3 **Purpose.**

The City Council recognizes that improperly maintained structures and premises and the unreasonable overcrowding of dwellings has an adverse affect on the public health, safety, morals, and general welfare of the citizens of this community and, further, that such conditions contribute to the unnecessary, excessive, and disproportionate expenditures of public funds for public health, public safety, crime prevention, fire protection, and other public services. In order to address those and other, similar concerns, the City Council finds that the following objectives are important in achieving the goal of maintaining a safe and healthy community:

(1)To protect the character and stability of all buildings and property within the City.

(2)To correct and prevent conditions that adversely affect or are likely to adversely affect the life, safety, general welfare, and health, including the physical, mental, and social well being of persons occupying buildings within the City.

(3)To provide minimum standards for heating, sanitation, ventilation, light, and maintenance necessary to the health and safety of occupants of buildings.

(4)To prevent, to the extent reasonably possible, the overcrowding of dwellings by providing minimum space standards per occupant for each dwelling unit.

(5)To provide minimum standards for the maintenance of existing buildings and thus prevent slums and blight.

(6)To preserve the value of land and buildings throughout the City.

The City Council further finds that the enactment of this Chapter is essential to the public interest and it is intended that this Chapter be liberally construed to effectuate its purposes as stated herein.

§ 256-4 **Scope.**

This Chapter applies to all residential and nonresidential structures and premises in the City, occupied or unoccupied, and constitutes the minimum standards for safe and sanitary occupancy and maintenance.

§256-5 **Construction and Application**

(1) This Chapter applies to all matters affecting or relating to the maintenance and occupancy of structures and premises in the City, provided, where the provisions of this Chapter conflict with other provisions of this Code, the most restrictive provisions govern. These provisions apply to all existing structures and premises unless otherwise specifically provided herein.

(2) Meaning of Certain Words. Whenever words such as "dwelling," "dwelling unit," "premises," "building," "facility," or "structure" are used in this Chapter, they are to be construed as though they were followed by the words "or any part thereof."

(3) Maintenance Requirement. Whenever this Chapter requires construction, reconstruction, modification, or repair to occur, it must be accomplished and maintained in accordance with all applicable building and occupancy codes.

(4) Responsibility for Performance. The owner of the property is responsible for performance under this code; provided, other jointly responsible parties include, but are not limited to:

(a) With respect to violations concerning the maintenance of common areas within a common interest facility, the association of that facility;

(b) With respect to violations concerning fixtures on the property, the owner or installer of those fixtures;

(c) With respect to violations concerning personal items on the property, the owner or any person in actual or legal control of those items;

(d) With respect to violations concerning specific areas or parts of the property under an occupant's or other person's exclusive control, that occupant or person.

(5) Violations a Misdemeanor. In addition to other civil penalties specified herein, a person who violates any provision of this Chapter is guilty of a misdemeanor. Each day of each violation constitutes a separate punishable offense.

Article II
Administration and Enforcement

§ 256-6 **Inspections.**

A. Administration and enforcement. The City Inspector or the City Inspector's designate agents shall administer and enforce the provisions of this chapter, and they are hereby authorized to cause

inspections on a scheduled basis or when reason exists to believe that a violation of this chapter has been or is being committed.

B. Authority. When a City Inspector determines a violation, the Inspector's written evaluation of deficiencies shall be considered prima facie evidence in any subsequent litigation of a violation under this chapter.

C. Inspection access. If any owner, occupant, or other person in charge of a dwelling, dwelling unit or manufactured home fails or refuses to permit free access and entry to the structure or premises under that person's control for an inspection pursuant to this chapter, the City Inspector may seek a court order authorizing such inspection.

§ 256-6 **Licensing of rental units.**

A. Required; period; renewal; enforcing against owner-occupant. To allow for the systematic enforcement of this chapter upon all dwellings, including rental dwellings, no person shall, after the enactment of this chapter, operate a rental dwelling without first having obtained a license to do so from the City, as provided in Chapter **253**, Rental Dwellings, of the Isanti City Code of Ordinances. Each such operating license shall be issued every two years and shall expire on December 31 of every other year. License renewals shall be filed at least 60 days prior to the license expiration date. If impairment should occur in an owner-occupied dwelling that threatens the health, safety, and welfare of the occupants or surrounding neighbors and property owners/renters, the City is empowered to enforce this chapter.

B. Posting of license. Every licensee of a rental dwelling shall cause to be conspicuously posted in the main entryway or other conspicuous location therein the current license for the respective dwelling unit.

§ 256-7 **Compliance and enforcement.; violations and penalties.**

A. Compliance order. Whenever the City Inspector determines that any rental dwelling or unit fails to meet the provisions of this chapter, or if any owner-occupied dwelling fails to meet provisions, the City may issue a compliance order setting forth the violations of the chapter and ordering the owner or agent to correct such violations. This compliance order shall:

(1) Be in writing;

(2) Describe the location and nature of violations of this chapter;

(3) Establish a reasonable time for the correction of such violations; and

(4) Be served upon the owner or agent. Such notice shall be deemed to be properly served upon such owner or agent, if a copy thereof is:

(a) Served upon such person;

(b) Sent by registered mail to the last known address; or

(c) Upon failure to effect notice through Subsection **A(4)(a)** or **(b)**, as set out in this section, posted at a conspicuous place in or about the dwelling which is affected by the notice.

B. Penalty for violation of chapter. Failure to meet the requirements of the compliance order is a violation of this chapter and a misdemeanor and is subject to all penalties provided for such violation under the provisions of this Code of ordinances.

C. Emergency cases. When a violation constitutes an imminent peril to life, health, or property, the City Inspector may require immediate compliance, and if necessary, take appropriate action to protect that life, health, or property.

D. Unfit for human habitation.

(1) Declaration. Any building, dwelling, dwelling unit, or rooming unit or manufactured home, which is damaged, decayed, dilapidated, unsanitary, unsafe, vermin- or rodent-infested, or which lacks provision for illumination, ventilation, or sanitary facilities to the extent that the defects create a hazard to the healthy, safety, or welfare of the occupants or of the public may be declared unfit for human habitation. Whenever and dwelling, dwelling unit, rooming unit or manufactured home has been declared unfit for human habitation, the City Inspector shall order same vacated within a reasonable time and shall post a placard on same indicating that it is unfit for human habitation, and any operating license previously issued for such dwelling shall be revoked.

(2) Vacated building. It shall be unlawful for a vacant building, dwelling, dwelling unit, rooming unit or manufactured home which has been declared unfit for human habitation to be used for human habitation until the defective conditions have been corrected and written approval has been issued by the City Inspector. It shall be unlawful for any person to deface or remove the declaration placard from any such dwelling, dwelling unit, rooming unit or manufactured home.

(3) Securing unfit and vacated dwellings and buildings. The owner of any building, dwelling, dwelling unit, rooming unit, or manufactured home which has been declared unfit for human habitation, or which is otherwise vacant for a period of 60 days or more, shall make same safe and secure so that it is not hazardous to the health, safety, and welfare of the public and does not constitute a public nuisance. Any vacant dwelling or building with open at doors, windows, garage doors, or hatchways if unguarded, shall be deemed to be a hazard to the health, safety, and welfare of the public and a public nuisance within the meaning of this chapter and under the provisions § **216-2**, Public nuisances affecting health, of the Code of the City of Isanti.

(4) Hazardous building declaration. If a building or dwelling has been declared unfit for human habitation and the owner has not remedied the defects within a prescribed reasonable time, the dwelling may be declared a hazardous building and treated consistent with the provisions of Minnesota statute.

E. Execution of compliance orders by public authority. Upon failure to comply with a compliance order within the time set and no appeal having been taken, the Council may, by resolution, cause the cited deficiency to be remedied as set forth in the compliance order. The cost of such remedy shall be placed against the subject property and may be levied and collected as a special assessment in the manner provided by Minnesota statute.

F. Right of appeal. When it is alleged by any person to whom a compliance order is directed that such compliance order is based upon erroneous interpretation of this chapter, such person may appeal the compliance order to the Council as a Board of Appeals. The filing of an appeal shall stay all proceedings, unless such a stay would cause imminent peril to life, health or property.

G. Liability of ownership transferee. Anyone securing an interest in the dwelling, dwelling unit, rooming unit, or manufactured home which has received a violation tag or compliance order shall be bound by same without further service of notice upon such person and shall be subject to all penalties and procedures prescribed by this chapter.

Article III
Minimum Standards

§ 256-9 **Basic requirements for maintenance of properties.**

A. Responsibility of owners. The owner of a dwelling shall be responsible for the maintenance of that structure and for the meeting the provisions of this chapter. Those responsibilities may not be abrogated by a private agreement.

B. Removal of basic equipment or facilities. No owner, operator, or occupant shall cause any facility or equipment which is required under this chapter to be removed from or shut off from any occupied building or dwelling unit, except for such temporary interruptions as may be necessary while actual repairs or alterations are in progress or during temporary emergencies.

(1) Foundations, Exterior Walls, Roofs. The foundation, exterior walls, and exterior roof must be substantially water tight and in sound condition and repair. The foundation must adequately support the building at all points. Every exterior wall must be free of deterioration, holes, breaks, loose or rotting boards or timbers, and any other condition that might admit rain or dampness to the interior portion of the walls or to the exterior spaces of the building. Exterior walls must be free of graffiti. All exterior wood surfaces must be protected from the elements by a protective covering or treatment. If 25 percent or more of the exterior surface is unprotected or the covering is blistered or peeling, the affected surface must be restored with a compatible protective covering or treatment. If the exterior surface of the pointing of any brick, block, or stone wall is loose or has fallen out, the surface must be repaired.

(2) Grading and Drainage. Except for wetland and approved ponds, every yard, court, walkway, driveway, and other portions of the premises on which a building stands must be graded and drained so as to be free of standing water. The water must not be drained onto adjacent properties except as provided in legally recorded easements or other documents.

(3) Windows, Doors, and Screens. Every window, exterior door, and other exterior opening must be substantially tight and in sound condition and repair. Every window, other than a fixed window or storm window, must be capable of being easily opened. Every window, door, and frame must be constructed and maintained in such relation to the adjacent wall construction as to exclude rain, wind, and pests from entering the building. Every openable window in a rental facility or unit must be supplied with screens of not less than 16 mesh per inch during the insect season. Every openable window in a residential rental unit must be equipped with an approved lock if located less than six feet above the adjacent grade.

(4) Landings at Doors. There must be a floor or a landing on each side of a door having a width not less than the width of the door or, in the case of a sliding door or atrium door, a width not less than six feet, and a length measured in the direction of travel of not less than 36 inches for residential facilities and 44 inches for nonresidential facilities. Landing surfaces more than 30 inches above the grade below must include a guardrail complying with the Minnesota State Building Code.

(5) Floors, Interior Walls, and Ceilings. Every floor, interior wall, and ceiling must be kept in sound condition and good repair. Every floor must be free of loose, warped, protruding, or rotting floor materials. Every interior wall and ceiling must be free of holes, cracks, and loose plaster and must be maintained in a tight, waterproof condition. Paints with a lasting toxic effect must not be used. The floor of every toilet room, bathroom, and kitchen must have a smooth, hard, nonabsorbent surface capable of being easily maintained in a clean and sanitary condition. Nothing herein prevents the use of carpeting in such rooms provided that the underlying floor complies with the requirements of this subsection.

(6) Heating. No person is allowed to occupy, or permit another person to occupy, any building or any part thereof that does not have heating facilities which are properly installed, which are maintained in safe and good working condition, and capable of safely and adequately heating all habitable rooms, bathrooms, and water closet compartments in every dwelling unit located therein to a temperature of at least 68 degrees Fahrenheit, at a distance of three feet above floor level and three feet from exterior walls from October through May. Gas or electric appliances designed primarily for cooking or water heating purposes are not heating facilities within the meaning of this subsection. Portable heating equipment employing flame and the use of liquid fuel does not meet the requirements of this subsection and is prohibited. No owner or occupant is allowed to install, operate, or use a space heater employing a flame that is not vented outside the structure in an approved manner.

(A) No fuel-burning heater shall be of a portable type.

(B) Every fuel-burning heather shall have a fire-resistant panel beneath it.

(C) Every fuel-burning heater shall be properly vented to a chimney or duct leading to outdoor space.

(D) Every heater located within three feet of a wall shall be equipped with insulation sufficient to prevent overheating of the wall during periods of maximum operation.

(E) Every heater smoke pipe shall be equipped with guards properly constructed of nonflammable material at the point where the pipe goes through a wall, ceiling, or partition.

(7) Fire Extinguisher. All rental units shall be equipped with a fire extinguisher with a minimum rating of 2A 10BC. The extinguisher shall be located within the individual dwelling unit or common hallway or corridor within 75 feet of the dwelling unit door.

(A) Fire extinguishers will be checked to ensure proper servicing at least every two years as a requirement of obtaining a rental license. A tag with the name of the servicing company and the service date shall be affixed to the extinguisher and shall remain affixed unit the next servicing.

(8) Carbon monoxide detectors. Carbon monoxide detectors shall be installed and maintained per MN State Statutes §299F.51.

(9) Electrical Service in Dwellings. Every dwelling unit and all public and common areas must be supplied with electric service, functioning over current protection devices, electric outlets, and electric fixtures which are properly installed, maintained in safe and good working condition in compliance with the edition of the National Electric Code in effect as of the date of construction or improvements thereto, and connected to a source of electric power in a manner prescribed by State and local laws, ordinances, rules, and regulations.

(10) Light and Ventilation. No person is allowed to occupy, or permit another person to occupy, any dwelling or dwelling unit which does not comply with the following:

(a) Habitable Room Light and Ventilation. Except where there is supplied some other device affording adequate ventilation and approved by the Compliance Official, every habitable room must have at least one window facing directly outdoors which can be opened easily. The minimum total of openable window area in every habitable room is the greater of 10 percent of the floor area of the room or 10 square feet. At least one half of the required window area must be openable.

(b) Non-habitable Room Ventilation. Every bathroom and water closet compartment and every laundry and utility room shall contain at least 50 percent of the ventilation required for habitable rooms contained in paragraph (a) above, except that no windows are required if such rooms are equipped with a ventilation system which is approved by the Compliance Official.

(c) Public Corridor and Stairway Light. Every public corridor and stairway in every common interest or rental facility must be adequately lighted by natural or electric light at all times at one foot-candle at floor level. Every public corridor and stairway in structures containing not more than two dwelling units must be supplied with conveniently located light switches controlling the adequate lighting system which may be turned on when needed, instead of full time lighting.

(11) Door Locks. No person is allowed to occupy, or permit another person to occupy, any dwelling or dwelling unit unless all exterior/exit doors of the dwelling or dwelling unit are equipped with safe, functioning locking devices. Residential common interest and rental facilities with common entrances must be furnished with door locks as follows:

(a) Every door that is designed to provide ingress or egress for a dwelling unit within a common interest or rental facility must be equipped with an approved lock that has a dead locking bolt that cannot be retracted by end pressure provided, such door must be openable from the inside without the use of a key or any special knowledge or effort.

(b) All multiunit rental structures with a central entrance lobby shall have a Fire Department lock box installed as one of the requirements for issuing a rental license.

(12) Kitchen. Every dwelling unit must have a room, or portion of a room, in which food may be prepared or cooked, which has an adequate circulation area, and is equipped with the following:

(a) A kitchen sink in good working condition and properly connected to an approved water supply system, which provides at all times an adequate amount of heated and unheated running water under pressure, and which is connected to an approved sewer system.

(b) Cabinets or shelves for the storage of eating, drinking, and cooking equipment and utensils, and for food that does not require refrigeration for safe keeping, and a counter or table for food preparation. Such cabinets or shelves and counter or table must be adequate for the permissible occupancy of the dwelling unit, and of sound construction furnished with surfaces that are easily cleanable and that will not impart any toxic or deleterious effect to food.

(c) A stove or similar device for cooking food and a refrigerator for the safe storage of food at or below 40 degrees Fahrenheit, which are properly installed with all necessary connections for safe, sanitary, and efficient operation.

(13) Toilet Facilities. Within every dwelling unit there must be a non-habitable room equipped with a flush water closet in good working condition.

(14) Lavatory Sink. Within every dwelling unit there must be a lavatory sink. Such lavatory sink may be in the same room as the flush water closet or, if located in another room, the lavatory sink must be located in close proximity to the door leading directly into the room in which the flush water closet is located.

(15) Bathtub or Shower. Within every dwelling unit there must be a non-habitable room equipped with a bathtub or shower in good working condition having an entrance door which affords privacy, unless the facilities are accessed only through a bedroom which does have such an entrance door.

(16) Bedrooms. All areas used for sleeping must be habitable rooms, and provided with an emergency escape/rescue window meeting the Minnesota State Fire Code.

(17) Stairways, Porches, and Balconies. Every stairway, inside or outside of a dwelling, and every porch, balcony, and deck must be kept in safe and structurally sound condition. Stairs, guardrails, and handrails must conform and comply with the edition of the to the Minnesota State Building Code in effect as of the date of construction or improvements thereto. Every porch, balcony, and deck 30 inches or more above grade must have a guardrail that conforms to the edition of the Minnesota State Building Code in effect as of the date of construction or improvements thereto. Except in a single occupancy residential facility, stairways having two or more risers must be provided with handrails on both sides.

(18) Access. Access to or egress from each dwelling unit may not pass through any other dwelling unit.

(19) Exterior Lighting. Exterior parking areas and walkways must be illuminated a minimum of one foot-candle at grade level. This provision does not apply to areas accessory to single-family and two-family dwellings.

(20) Yards. Every yard on improved property must provide lawn or combined ground cover of vegetation, garden, hedges, shrubbery, and related ground cover meeting Section 15 of the Zoning Code.

(21) Discontinuance of Service or Facilities. No owner, association, operator, or occupant may allow any service, facility, equipment, or utility required under this Code to be removed from or shut off from or discontinued for any occupied building or portion thereof, except for such temporary interruptions as may be necessary while actual repairs or alterations are in process, or during temporary emergencies, or in accordance with State and local laws and ordinances.

(22) Site Plans and Building Permits. All buildings, structures, and premises subject to the provisions of this Section must comply with the provisions and conditions of any approved site plan and building permit.

§256-10 Pests.

(1) Harborage. All structures and exterior property must be free from rodent harborage and infestation. Boxes, lumber, scrap metal, and similar materials that can provide shelter to pests may not be allowed to accumulate either in or outside a structure in a manner that attracts pests. Materials permitted and approved for exterior storage must be neatly stacked.

(2) Food Source. Any materials that may serve as a food source for pests, whether within a structure or on the premises, must be appropriately stored so as not to attract pests.

(3) Structures. All openings with a diameter of one-half inch or more in the exterior surfaces of a structure must be sealed.

§256-11 Garbage, Rubbish, and Recyclable Materials.

(1) Storage and Disposal. Garbage, rubbish, and recyclable materials must be stored and disposed of in a clean, sanitary, and safe manner.

§256-12 Maintenance Requirements.

(1) Screens and Storm Windows. For residential rental facilities, screens and storm windows as required by law must be installed in season.

(2) Sanitary Fixtures. Fixtures within the building must be maintained in a clean and sanitary condition.

(3) Accessory Structures. Accessory structures or buildings must be structurally sound, and be maintained in good repair and appearance. The exterior of such structures must be made weather resistant through the use of decay resistant materials such as paint or other preservatives. Paint must be maintained.

(4) Safe Building. Every foundation, roof, floor, exterior and interior wall, ceiling, inside and outside stairs, porch and balcony, and every appurtenance thereto, must be safe to use and capable of supporting loads required by the occupancy.

(5) Facilities to Function. Every supplied facility, fixture, piece of equipment, or utility required under this Code and every chimney and flue must be installed, maintained, and must function effectively in a safe, sound, and working condition.

§256-13 Minimum Requirements for Dwellings and Dwelling Units.

No person is allowed to occupy, or permit another person to occupy, any dwelling or dwelling unit for the purpose of living therein that does not comply with the following:

(1) Permissible Occupancy of Rental Dwelling Unit. Except for families as defined in this ordinance the number of occupants of a rental dwelling unit must not exceed two times the number of bedrooms in the dwelling unit.

(2) One Family Per Dwelling Unit. No more than one family is allowed to occupy a dwelling unit for the purpose of living therein.

256-14 Securing and Monitoring of Premises and Buildings.

(1) The Chief Building Official, the Fire Chief, the Chief of Police, and their designees, are authorized to order the immediate evacuation of a building or premises that poses an immediate threat to health and safety. Once evacuated, unsecured buildings or premises posing an immediate danger of sustaining property damage or threat to health and safety may be ordered immediately secured and placarded. Unauthorized entry onto placarded premises or into a placarded building, or the removal or defacing of a placard, is a misdemeanor. In all other cases, a vacant building that remains unsecured for a period of 48 hours or more is deemed a public nuisance and must be secured. City officials or their designees are authorized to enter private property and use reasonable force to enforce this clause.

(2) Manner of Securing Buildings. Boarding must be done with sound materials securely fastened to the building and painted with a color consistent with the adjacent surfaces, except that openings on walls facing street frontages must be covered with clear acrylic plastic sheets only. Nonresidential building exterior signage on the vacant portions must be removed, except signage used for sale or lease of the building as allowed by Section 16 of the Zoning Code.

(3) The premises of a vacant building must be maintained in an appropriate manner including, but not limited to, mowing of yard areas; removal of weeds from parking areas, drives, medians, and landscaping; collection and removal of debris; and watering and maintaining landscaping and yard.

§ 257-1
Findings, purpose, and intent.

A. To provide for the health, safety, and welfare of its citizens, and to ensure the integrity of its streets and the appropriate use of the rights-of-way, the City of Isanti strives to keep its rights-of-way in a state of good repair and free from unnecessary encumbrances.

B. ~~Accordingly, t~~The City of Isanti hereby enacts this ~~new~~ chapter of this code relating to right-of-way and small cell wireless permits and administration. This chapter imposes reasonable regulation on the placement and maintenance of facilities and equipment currently within its rights-of-way or to be placed therein at some future time. It is intended to complement the regulatory roles of state and federal agencies. Under this chapter, persons constructing, excavating and obstructing the rights-of-way will bear financial responsibility for their work. Finally, this chapter provides for recovery of out-of-pocket and projected costs from persons using the public rights-of-way.

C. This chapter shall be interpreted consistently with 1997 Session Laws, Chapter 123, substantially codified in Minn. Stat. §§ 237.16, 237.162, 237.163, 237.79, 237.81, and 238.086 (the "Act") and 2017 Minnesota Laws, Chapter 94, Article 9, amending the Act, and the other laws governing applicable rights of the City and users of the right-of-way. This chapter shall also be interpreted consistent with Minnesota Rules 7819.0050 - 7819.9950 and Minnesota Rules, Chapter 7560 where possible. To the extent any provision of this chapter cannot be interpreted consistently with the Minnesota Rules, that interpretation most consistent with the Act and other applicable statutory and case law is intended. This chapter shall not be interpreted to limit the regulatory and police powers of the City to adopt and enforce general ordinances necessary to protect the health, safety, and welfare of the public.

§ 257-2
Election to manage public rights-of-way.
Pursuant to the authority granted to the City under state and federal statutory, administrative and common law, the City hereby elects, pursuant to Minn. Stat. § 237.163 Subdivision 2(b), to manage rights-of-way within its jurisdiction.

§ 257-3
Definitions.

The following definitions apply in this chapter. References hereafter to "sections" are, unless otherwise specified, references to sections in this chapter. Defined terms remain defined terms, whether or not capitalized.

ABANDONED FACILITY
A facility no longer in service or physically disconnected from a portion of the operating facility, or from any other facility, that is in use or still carries service. A facility is not abandoned unless declared so by the right-of-way user.

APPLICANT
Any person requesting permission to excavate or obstruct a right-of-way or requesting permission to collocate a small cell wireless facility.

CITY
The City of Isanti, Minnesota. For purposes of § 257-29, "City" also means the City's elected officials, officers, employees, and agents.

COL-LOCATE OR COL-LOCATION
To install, mount, maintain, modify, operate, or replace a small wireless facility on, under, within, or adjacent to an existing wireless support structure or utility pole that is owned privately, or by the City or other governmental unit.

COMMISSION
The State of Minnesota Public Utilities Commission.

CONGESTED RIGHT-OF-WAY
A crowded condition in the subsurface of the public right-of-way that occurs when the maximum lateral spacing between existing underground facilities does not allow for construction of new underground facilities without using hand digging to expose the existing lateral facilities in conformance with Minn. Stat. § 216D.04, Subdivision 3, over a continuous length in excess of 500 feet.

CONSTRUCTION PERFORMANCE BOND
Any of the following forms of security provided at permittee's option and approved by the City:

- **A.** Individual project bond;
- **B.** Cash deposit;
- **C.** Security of a form listed or approved under Minn. Stat. § 15.73, Subdivision 3;
- **D.** Letter of credit, in a form acceptable to the City;
- **E.** Self-insurance, in a form acceptable to the City;
- **F.** A blanket bond for projects within the City, or other form of construction bond, for a time specified and in a form acceptable to the City.

DELAY PENALTY
The penalty imposed as a result of unreasonable delays in right-of-way excavation, obstruction, patching, or restoration as established by permit.

DEPARTMENT
The Public Works or Engineering Department of the City of Isanti.

~~**DIRECTOR**~~

B. Requires immediate repair or replacement of facilities in order to restore service to a customer.

EQUIPMENT
Any tangible asset used to install, repair, or maintain facilities in any right-of-way.

EXCAVATE
To dig into or in any way remove or physically disturb or penetrate any part of a right-of-way.

~~**EXCAVATION PERMIT**~~
~~The permit which, pursuant to this chapter, must be obtained before a person may excavate in a right-of-way. An excavation permit allows the holder to excavate that part of the right-of-way described in such permit.~~

~~**EXCAVATION PERMIT FEE**~~
~~Money paid to the City by an applicant to cover the costs as provided in § 257.13.~~

FACILITY or FACILITIES
Any tangible asset in the right-of-way required to provide utility service.

FIVE-YEAR PROJECT PLAN
Shows projects adopted by the City for construction within the next five years.

HIGH DENSITY CORRIDOR
A designated portion of the public right-of-way within which telecommunications right-of-way users having multiple and competing facilities may be required to build and install facilities in a common conduit system or other common structure.

HOLE
An excavation in the pavement, with the excavation having a length less than the width of the pavement.

LOCAL REPRESENTATIVE
A local person or persons, or designee of such person or persons, authorized by an applicant or permittee ~~registrant~~ to accept service and to make decisions for that ~~registrant~~ applicant or permittee regarding all matters within the scope of this chapter.

MANAGEMENT COSTS
The actual costs the City incurs in managing its rights-of-way, including such costs, if incurred, as those associated with registering applicants; issuing, processing, and verifying right-of-way or small wireless facility permit applications; inspecting job sites and

restoration projects; maintaining, supporting, protecting, or moving user facilities during right-of-way work; determining the adequacy of right-of-way restoration; restoring work inadequately performed after providing notice and the opportunity to correct the work; and revoking right-of-way or small wireless facility permits. Management costs do not include payment by a telecommunications right-of-way user for the use of the right-of-way, unreasonable fees of a third-party contractor used by the City including fees tied to or based on customer counts, access lines, or revenues generated by the right-of-way or for the City, the fees and cost of litigation relating to the interpretation of Minnesota Session Laws 1997, Chapter 123; Minn. Stat. § 237.162 or 237.163; or any ordinance enacted under those sections, or the City fees and costs related to appeals taken pursuant to § 257-31 of this chapter.

OBSTRUCT
To place any tangible object in a right-of-way so as to hinder free and open passage over that or any part of the right-of-way.

~~**OBSTRUCTION PERMIT**~~
~~The permit which, pursuant to this chapter, must be obtained before a person may obstruct a right-of-way, allowing the holder to hinder free and open passage over the specified portion of that right-of-way, for the duration specified therein.~~

~~**OBSTRUCTION PERMIT FEE**~~
~~Money paid to the City by a permittee to cover the costs as provided in § 257-13.~~

PATCH or PATCHING
A method of pavement replacement that is temporary in nature. A patch consists of the compaction of the subbase and aggregate base, and the replacement, in kind, of the existing pavement for a minimum of two feet beyond the edges of the excavation in all directions. A patch is considered full restoration only when the pavement is included in the City's five-year project plan.

PAVEMENT
Any type of improved surface that is within the public right-of-way and that is paved or otherwise constructed with bituminous, concrete, aggregate, or gravel.

PERMIT
~~Has the meaning given "right-of-way permit" in Minn. Stat § 237.162.~~The permit which, pursuant to this chapter, must be obtained before a person may excavate or obstruct in a right-of-way or collocate a small cell wireless facility. An permit allows the permittee to work in that part of the right-of-way and do such work described and approved in such permit.

PERMIT FEE
Money paid to the City by an applicant to cover the costs as provided in § 257-11.

PERMITTEE
Any person to whom a permit to excavate, ~~or~~ obstruct or collocatein the ~~a~~ right-of-way has been granted by the City under this chapter.

PERSON
An individual or entity subject to the laws and rules of this state, however organized, whether public or private, whether domestic or foreign, whether for profit or nonprofit, and whether natural, corporate, or political.

PROBATION
The status of a person that has not complied with the conditions of this chapter.

PROBATIONARY PERIOD
One year from the date that a person has been notified, in writing, that they have been put on probation.

PUBLIC RIGHT-OF-WAY or RIGHT-OF-WAY
The area on, below, or above a public roadway, highway, street, alley, bicycle path, or public sidewalk in which the City has an interest, including other dedicated rights-of-way for travel purposes and utility easements of the City. This includes all public grounds. A right-of-way does not include the airwaves above a right-of-way or public grounds with regard to cellular or other non-wire telecommunications or broadcast service.

~~**REGISTRANT**~~
~~Any person who:~~
- ~~**A.** Has or seeks to have its equipment or facilities located in any right-of-way; or~~
- ~~**B.** In any way occupies or uses, or seeks to occupy or use, the right-of-way or place its facilities or equipment in the right-of-way.~~

RESTORATION COST
The amount of money paid to the City by a permittee to achieve the level of restoration according to plates 1 to 13 of Minnesota Public Utilities Commission Rules.

RESTORE or RESTORATION
The process by which an excavated right-of-way and surrounding area, including pavement and foundation, is returned to the same condition and life expectancy that existed before excavation.

RIGHT-OF-WAY PERMIT
Either the excavation permit or the obstruction permit, or small wireless facility, depending on the context, required by this chapter.

RIGHT-OF-WAY USER
- **A.** A telecommunications right-of-way user as defined by Minn. Stat., § 237.162, Subdivision 4; or
- **B.** A person owning or controlling a facility in the right-of-way that is used or intended to be used for providing utility service, and who has a right under law, franchise, or ordinance to use the public right-of-way.

SERVICE LATERAL
An underground facility that is used to transmit, distribute or furnish natural gas, electricity, communications, and water from a common source to an end-use customer. A service

lateral is also an underground facility that is used in the removal of wastewater from a customer's premises.

SERVICE or UTILITY SERVICE
Includes:

A. Those services provided by a public utility as defined in Minn. Stat. § 216B.02, Subdivision 4 and 6;

B. Services of a telecommunications right-of-way user, including transporting of voice or data information;

C. Services of a cable communications systems as defined in Minn. Stat. Chapter 238;

D. Natural gas or electric energy or telecommunications services provided by the City;

E. Services provided by a cooperative electric association organized under Minn. Stat. Chapter 308A; and

F. Water and sewer, including service laterals, steam, cooling, or heating services.

SMALL WIRELESS FACILITY
A wireless facility that meets both of the following qualifications:

A. Each antenna is located inside an enclosure of no more than six cubic feet in volume or could fit within such an enclosure; and

B. All other wireless equipment associated with the small wireless facility excluding ~~provided such equipment is, in aggregate, no more than 28 cubic feet in volume, not including~~ electric meters, concealment elements, telecommunications demarcation boxes, battery backup power systems, grounding equipment, power transfer switches, cutoff switches, cable, conduit, vertical cable runs for the connection of power and other services, and any equipment concealed from public view within or behind an existing structure or concealment, is in aggregate no more than 28 cubic feet in volume.

SUPPLEMENTARY APPLICATION
An application made to excavate or obstruct more of the right-of-way than allowed in, or to extend, a permit that had already been issued.

TELECOMMUNICATIONS RIGHT-OF-WAY USER
A person owning or controlling a facility in the right-of-way, or seeking to own or control a facility in the right-of-way that is used or is intended to be used for providing wireless service, or transporting telecommunication or other voice or data information. For purposes of this chapter, a cable communication system defined and regulated under Minn. Stat. Chapter 238 and telecommunication activities related to providing natural gas or electric energy services, a public utility as defined in Minn. Stat. § 216B.02, a municipality, a municipal gas or power agency organized under Minn. Stat. Chapter 453 and 453A, or a cooperative electric association organized under Minn. Stat. Chapter 308A are not

telecommunications right-of-way users for purposes of this chapter except to the extent such entity is offering wireless service.

TEMPORARY SURFACE
The compaction of subbase and aggregate base and replacement, in kind, of the existing pavement only to the edges of the excavation. It is temporary in nature except when the replacement is of pavement included in the City's two-year plan, in which case it is considered full restoration.

TRENCH
An excavation in the pavement, with the excavation having a length equal to or greater than the width of the pavement.

TWO YEAR PROJECT PLAN
Shows projects adopted by the City for construction within the next two years.

UTILITY POLE
A pole that is used in whole or in part to facilitate telecommunications or electric service.

WIRELESS FACILITY
Equipment at a fixed location that enables the provision of wireless services between user equipment and a wireless service network, including equipment associated with wireless service, a radio transceiver, antenna, coaxial or fiber-optic cable, regular and backup power supplies, and a small wireless facility, but not including wireless support structures, wireline backhaul facilities, or cables between utility poles or wireless support structures, or not otherwise immediately adjacent to and directly associated with a specific antenna.

WIRELESS SERVICE
Any service using licensed or unlicensed wireless spectrum, including the use of Wi-Fi, whether at a fixed location or by means of a mobile device, that is provided using wireless facilities. Wireless service does not include services regulated under Title VI of the Federal Communications Act of 1934, as amended, including cable service.

WIRELESS SUPPORT STRUCTURE
A new or existing structure in a right-of-way designed to support or capable of supporting small wireless facilities, as reasonably determined by the City. Also referred to as a pole.

§ 257-4
Administration.
The City Administrator or her/his designee is the principal City official responsible for the administration of the rights-of-way, right-of-way permits, small cell wireless permits and the ordinances related thereto. The City Administrator or her/his designee may delegate any or all of the duties hereunder.

~~**§ 257-5**~~
~~**Registration and right-of-way occupancy.**~~
~~**A.** Registration. Each person who occupies or uses, or seeks to occupy or use, the right-of-way or place any equipment or facilities in or on the right-of-way, including persons with installation and maintenance responsibilities by lease,~~

sublease, or assignment, must register with the City. Registration will consist of providing application information.

B. Registration prior to work. No person may construct, install, repair, remove, relocate, or perform any other work on, or use any facilities or any part thereof, in any right-of-way without first being registered with the City.

C. Exceptions. Nothing herein shall be construed to repeal or amend the provisions of a City Code permitting persons to plant or maintain boulevard plantings or gardens in the area of the right-of-way between their property and the street curb, in conformance with the Zoning Ordinance. However, nothing herein relieves a person from complying with the provisions of the Minn. Stat. Chapter 216D, Gopher One Call Law.

§ 257-6
Registration information.

A. Information required. The information provided to the City at the time of registration shall include, but not be limited to:

(1) Each registrant's name, Gopher One-Call registration certificate number, address and email address, if applicable, and telephone and facsimile numbers.

(2) The name, address, and email address, if applicable, and telephone and facsimile numbers of a local representative. The local representative or designee shall be available at all times. Current information regarding how to contact the local representative in an emergency shall be provided at the time of registration.

(3) Certificate of insurance.

a) A certificate of insurance or self-insurance:

1. Verifying that an insurance policy has been issued to the registrant by an insurance company licensed to do business in the state of Minnesota, or a form of self-insurance acceptable to the City;

2. Verifying that the registrant is insured against claims for personal injury, including death, as well as claims for property damage arising out of the use and occupancy of the right-of-way by the registrant, its officers, agents, employees, and permittees, and placement and use of facilities and equipment in the right-of-way by the registrant, its officers, agents, employees, and permittees, including, but not limited to, protection against liability arising from completed operations, damage of underground facilities, and collapse of property;

3. Naming the City as an additional insured as to whom the coverages required herein are in force and applicable and for whom defense will be provided as to all such coverages;

4. Requiring that the City be notified 30 days in advance of cancellation of the policy or material modification of a coverage term; and

5. Indicating comprehensive liability coverage, automobile liability coverage, workers' compensation and umbrella coverage established by the City in amounts sufficient to protect the City and the public and to carry out the purposes and policies of this chapter.

b) The City may require a copy of the actual insurance policies.

c) If the person is a corporation, a copy of the certificate is required to be filed under Minn. Stat. § 300.06 as recorded and certified to by the secretary of state.

d) A copy of the person's order granting a certificate of authority from the Minnesota Public Utilities Commission or other authorization or approval from the applicable state or federal agency to lawfully operate, where the person is lawfully required to have such authorization or approval from said commission or other state or federal agency.

B. Notice of changes. The registrant shall keep all of the information listed above current at all times by providing to the City information as to changes within 15 days following the date on which the registrant has knowledge of any change.

§ 257-7
Reporting obligations.

A. Operations.

(1) Each registrant shall, at the time of registration and by December 1 of each year, file a construction and major maintenance plan for underground facilities with the City. Such plan shall be submitted using a format designated by the City and shall contain the information determined by the City to be necessary to facilitate the coordination and reduction in the frequency of excavations and obstructions of rights-of-way. The plan shall include, but not be limited to, the following information:

a) The locations and the estimated beginning and ending dates of all projects to be commenced during the next calendar year (in this section, a "next-year project"); and

b) To the extent known, the tentative locations and estimated beginning and ending dates for all projects contemplated for the five years following the next calendar year (in this section, a "five-year project").

(2) The term "project" in this section shall include both next-year projects and five-year projects.

(3) By January 1 of each year, the City will have available for inspection in the City's office a composite list of all projects of which the City has been informed of the annual plans. All registrants are responsible for keeping themselves informed of the current status of this list.

~~(4) Thereafter, by February 1, each registrant may change any project in its list of next-year projects, and must notify the City and all other registrants of all such changes in said list. Notwithstanding the foregoing, a registrant may at any time join in a next-year project of another registrant listed by the other registrant.~~

~~**B.** Additional next-year projects. Notwithstanding the foregoing, the City will not deny an application for a right-of-way permit for failure to include a project in a plan submitted to the City if the registrant has used commercially reasonable efforts to anticipate and plan for the project.~~

§ 257-~~5~~58
Permit requirement.

A. ~~Right-of-way work p~~Permit required. Except as otherwise provided in this code, no person may obstruct or excavate any right-of-way, or install or place facilities in the right-of-way, without first having obtained the appropriate right-of-way work or small cell wireless permit from the City to do so.

~~A.~~**B.** Right-of-way work permits cover the following activities:

(1) Excavation. A right-of-way permit is required by a registrant to excavate that part of the right-of-way described in such permit and to hinder free and open passage over the specified portion of the right-of-way by placing facilities described therein, to the extent and for the duration specified therein.

(2) Obstruction. A right-of-way permit is required by a registrant to hinder free and open passage over the specified portion of right-of-way by placing equipment described therein on the right-of-way, to the extent and for the duration specified therein. An additional permit for obstruction is not required if a person already possesses a valid right-of-way permit for excavation with the same project.

~~(3) Small wireless facility. A right-of-way permit is required by a registrant to erect or install a wireless support structure, to co-locate a small wireless facility, or to otherwise install a small wireless facility in the specified portion or the right-of-way, to the extent specified therein, provided that such permit shall remain in effect for the length of time the facility is in use, unless lawfully revoked.~~

C. Small cell wireless/pole attachment permits cover the following activity:

(1) A Small cell wireless/pole attachment permit is required by a registrant to erect or install a wireless support structure, to co-locate a small wireless facility, or to otherwise install a small wireless facility in the specified portion or the right-of-way, to the extent specified therein, provided that such permit shall remain in effect for the length of time the facility is in use, unless lawfully revoked.

Formatted: Indent: Left: 0.5", No bullets or numbering

~~B.~~**D.** Permit extensions. No person may excavate or obstruct the right-of-way beyond the date or dates specified in the permit unless such person makes a supplementary application for another right-of-way permit before the expiration of the initial permit, and a new permit or permit extension is granted.

~~C.~~E. Delay penalty. In accordance with Minnesota Rules 7819.1000, Subpart 3, and notwithstanding Subsection B of this section, the City shall establish and impose a delay penalty for unreasonable delays in right-of-way excavation, obstruction, patching, or restoration. The delay penalty shall be established from time to time by City Council resolution.

~~D.~~F. Permit display. Permits issued under this chapter shall be conspicuously displayed or otherwise available at all times at the indicated work site and shall be available for inspection by the City.

§ 257-~~6~~9
Right-of-Way Permit applications.
Application for a permit is made to the City. Right-of-way permit applications shall contain, and will be considered complete only upon compliance with, the requirements of the following provisions:

~~A. Registration with the City pursuant to this chapter.~~

~~B.~~A. Submission of a completed permit application form, including all required attachments, and scaled drawings showing the location and area of the proposed project and the location of all known existing and proposed facilities.

~~C.~~B. Payment of money due the City for:

(1) Permit fees, estimated restoration costs, and other management costs;

(2) Prior obstructions or excavations;

(3) Any undisputed loss, damage, or expense suffered by the City because of applicant's prior excavations or obstructions of the rights-of-way or any emergency actions taken by the City;

(4) Franchise fees or other charges, if applicable.

~~D.~~C. Payment of disputed amounts due to the City by posting security or depositing in an escrow account. Escrow amount determined in the City Fee Schedule. ~~an amount equal to at least 110% of the amount owing~~.

~~E.~~D. Posting an additional or larger construction performance bond for additional facilities when applicant requests an excavation permit to install additional facilities and the City deems the existing construction performance bond inadequate under applicable standards.

§ 257-7 Small Cell Wireless Permit Applications.
Prior to placing, installing, modifying, relocating or removing a small wireless facility or wireless support structure in the ROW, or to collocating a wireless facility on an existing wireless support structure in the ROW, the operator shall apply for and receive a permit from the City. The City may require additional information as reasonably necessary to

evaluate the application and the impact of the proposed installation(s) on the public health, safety and welfare or on use or management of the ROW.

A. Proof of agent designation (if applicable). If the applicant is serving as an agent of a small wireless operator, the applicant must provide written documentation of the agent designation signed by the operator.

B. Map. The applicant must include an aerial map showing the location of the proposed or existing support structure to which the small wireless facility is proposed to be attached, or from which a small wireless facility is proposed to be removed.

C. Photo simulations. For all applications to locate small wireless facilities in the ROW, the applicant shall provide photo simulations from at least two reasonable line-of-site locations near the proposed project site. The photo simulations must be taken from the viewpoints of the greatest pedestrian or vehicular traffic.

D. Consolidated applications. An applicant seeking to construct, modify, collocate or replace more than one small wireless facility or more than one wireless support structure within the City may file a consolidated application for multiple small wireless facility requests or wireless support structure requests; provided the requests grouped on a consolidated application only address substantially the same type of small wireless facilities or substantially the same type of wireless support structures. (Note: The City may treat each request individually during application review and processing and when issuing a determination or applying these guidelines.)

E. Site and other plans and structural calculations. The applicant must include fully dimensioned site plans, elevation drawings and structural calculations that depict any known existing wireless facilities with all existing transmission equipment and other improvements, the proposed facility with all proposed transmission equipment and other improvements, and the legal boundaries of the existing right-of-way and any associated access and utility easements. Fully dimensioned site plans shall indicate the spacing from existing curb, driveways, sidewalks, light poles and any other poles or appurtenances.

F. Full description of number and dimensions of facilities and/or structures to be installed. The applicant must include a full description of the number and dimensions of all small wireless facilities proposed to be installed and the wireless support structure, either new or existing, to be utilized for each small wireless facility. For all equipment proposed to be installed, the applicant must include: (1) the manufacturer's name and model number; (2) physical dimensions, including without limitation, height, width, depth and weight with mounts and other necessary hardware; and (3) the ambient noise level generated from the equipment, if any.

G. Owner's authorization. For any application to attach a small wireless facility to a wireless support structure that is not owned by the City, the applicant must submit evidence sufficient to show that either: (1) applicant owns the proposed support structure; or (2) applicant has obtained the owner's written authorization to file the application.

A. Deadline for action. The City shall approve or deny a small wireless facility permit application within 90 days after filing of such application. The small wireless facility permit, and any associated building permit application, shall be deemed approved if the City fails to approve or deny the application within the review periods established in this section.

B. Consolidated applications.

(1) An applicant may file a consolidated small wireless facility permit application addressing the proposed co-location of up to 15 small wireless facilities, or a greater number if agreed to by a local government unit, provided that all small wireless facilities in the application:

a) Are located within a two-mile radius;

b) Consist of substantially similar equipment; and

c) Are to be placed on similar types of wireless support structures.

(2) In rendering a decision on a consolidated permit application, the City may approve some small wireless facilities and deny others, but may not use denial of one or more permits as a basis to deny all small wireless facilities in the application.

C. Tolling of deadline. The ninety-day deadline for action on a small wireless facility permit application may be tolled if:

(1) The City receives applications from one or more applicants seeking approval of permits for more than 30 small wireless facilities within a seven-day period. In such case, the City may extend the deadline for all such applications by 30 days by informing the affected applicants, in writing, of such extension.

(2) The applicant fails to submit all required documents or information and the City provides written notice of incompleteness to the applicant within 30 days of receipt the application. Upon submission of additional documents or information, the City shall have 10 days to notify the applicant, in writing, of any still-missing information.

(3) The City and a small wireless facility applicant agree, in writing, to toll the review period.

§ 257-~~910~~

Issuance of permit; conditions.

A. Permit issuance. If the applicant has satisfied the requirements of this chapter, the City shall issue a permit.

B. Conditions. The City may impose reasonable conditions upon the issuance of the permit and the performance of the applicant thereunder to protect the health, safety, and welfare or when necessary to protect the right-of-way and its current use. In addition, a permittee shall comply with all requirements of local, state, and federal laws, including but not limited to Minn. Stat. §§ 216D.01 to 216D.09 (Gopher One Call Excavation Notice System) and Minnesota Rules Chapter 7560.

C. Small wireless facility conditions. In addition to Subsection B, the erection or installation of a wireless support structure, the co-location of a small wireless facility, or other installation of a small wireless facility in the right-of-way, shall be subject to the following conditions:

(1) A small wireless facility shall only be co-located on the particular wireless support structure, under those attachment specifications, and at the height indicated in the applicable permit application.

(2) No new wireless support structure installed within the right-of-way shall exceed 50 feet in height without the City's written authorization, provided that the City may impose a lower height limit in the applicable permit to protect the public health, safety and welfare or to protect the right-of-way and its current use, and further provided that a registrant may replace an existing wireless support structure exceeding 50 feet in height with a structure of the same height subject to such conditions or requirements as may be imposed in the applicable permit.

(3) No wireless facility may extend more than 10 feet above its wireless support structure.

(4) Where an applicant proposes to install a new wireless support structure in the right-of-way, the City may impose separation requirements between such structure and any existing wireless support structure or other facilities in and around the right-of-way.

(5) Where an applicant proposes co-location on a decorative wireless support structure, sign or other structure not intended to support small wireless facilities, the City may impose reasonable requirements to accommodate the particular design, appearance or intended purpose of such structure.

(6) Where an applicant proposes to replace a wireless support structure, the City may impose reasonable restocking, replacement, or relocation requirements on the replacement of such structure.

D. Limitations. While the City fully intends to apply the guidelines established in Chapter 257 uniformly to all small wireless facility applications, there may be circumstances where not every specific guideline may be met. In this case, City staff will use its reasonable discretion in approving small wireless facilities permit applications that deviate from the strict application of this Chapter.

~~**D.**~~ **§ 257-10. Small wireless facility agreement.**

Formatted: Font: Bold

Formatted: Normal, No bullets or numbering

A. A small cell wireless facility shall only be co-located on a small wireless support structure owned or controlled by the City, or any other City asset in the right-of-way, after the applicant has executed a standard small wireless facility co-location

agreement with the City. ~~The City shall collect rental, maintenance and electrical service fees as per the City Fee Resolution.~~

B. The standard co~~l~~-location agreement shall be in addition to, and not in lieu of, the required small cell wireless ~~facility~~ permit; provided, however, that the applicant shall not be additionally required to obtain a license or franchise in order to co-locate. Issuance of a small cell wireless ~~facility~~ permit does not supersede, alter or affect any then-existing agreement between the City and applicant.

~~**§ 257-11**~~

~~**Action on small wireless facility permit applications.**~~

~~**A.** Deadline for action. The City shall approve or deny a small wireless facility permit application within 90 days after filing of such application. The small wireless facility permit, and any associated building permit application, shall be deemed approved if the City fails to approve or deny the application within the review periods established in this section.~~

~~**B.** Consolidated applications.~~

~~(1) An applicant may file a consolidated small wireless facility permit application addressing the proposed co-location of up to 15 small wireless facilities, or a greater number if agreed to by a local government unit, provided that all small wireless facilities in the application:~~

~~a) Are located within a two-mile radius;~~

~~b) Consist of substantially similar equipment; and~~

~~c) Are to be placed on similar types of wireless support structures.~~

~~(2) In rendering a decision on a consolidated permit application, the City may approve some small wireless facilities and deny others, but may not use denial of one or more permits as a basis to deny all small wireless facilities in the application.~~

~~**C.** Tolling of deadline. The ninety-day deadline for action on a small wireless facility permit application may be tolled if:~~

~~(1) The City receives applications from one or more applicants seeking approval of permits for more than 30 small wireless facilities within a seven-day period. In such case, the City may extend the deadline for all such applications by 30 days by informing the affected applicants, in writing, of such extension.~~

~~(2) The applicant fails to submit all required documents or information and the City provides written notice of incompleteness to the applicant within 30 days of receipt the application. Upon submission of additional documents or information, the City shall have 10 days to notify the applicant, in writing, of any still-missing information.~~

~~(3) The City and a small wireless facility applicant agree, in writing, to toll the review period.~~

§ 257-1~~1~~2~~

Right-of-way work and small cell wireless permit fees.

A. Excavation. The City shall impose a right-of-way work permit fee in an amount sufficient to recover City management costs for excavations. The fee shall be per the City fee schedule.

B. Obstruction. The City shall impose a right-of-way work permit fee in an amount sufficient to recover City management costs for obstructions (unless combined with a permit for excavations).

~~**B.**~~**C.** Street Cutting. The City shall impose fees for street cutting and an escrow in addition to the right-of-way work permit per the City Fee Schedule.

~~**C.**~~**D.** Small wireless facility. The City shall impose a ~~right-of-way work~~small cell wireless permit fee for a small wireless facility in an amount sufficient to recover:

(1) Management costs; and

(2) City engineering, make-ready, and construction costs associated with co-location of small wireless facilities.

~~(2)~~(3) Engineering fees are calculated on actual engineering staff time. Additional time necessary to review based upon complexity of application may be billed to the applicant.

~~**D.**~~**E.** Payment of permit fees. No excavation permit or obstruction permit shall be issued without payment of excavation or obstruction permit fees. The City may allow applicant to pay such fees within 30 days of billing.

~~**E.**~~**F.** Nonrefundable. Permit fees that were paid for a permit that the City has revoked for a breach as stated in § 257-2~~3~~1 are not refundable.

~~**F.**~~**G.** Application to franchises. Unless otherwise agreed to in a franchise, management costs may be charged separately from and in addition to the franchise fees imposed on a right-of-way user in the franchise.

§ 257-12~~3~~

Right-of-way patching and restoration.

A. Timing. The work to be done under the excavation permit, and the patching and restoration of the right-of-way as required herein, must be completed within the dates specified in the permit, increased by as many days as work could not be done because of circumstances beyond the control of the permittee or when work was prohibited as unseasonal or unreasonable under § 257-16~~7~~.

Formatted: Not Highlight

B. Patch and restoration. The permittee shall patch its own work. The City may choose either to have the permittee restore the right-of-way or to restore the right-of-way itself.

(1) City restoration. If the City restores the right-of-way, permittee shall pay the costs thereof within 30 days of billing. If, following such restoration, the pavement settles due to permittee's improper backfilling, the permittee shall

pay to the City, within 30 days of billing, all costs associated with correcting the defective work.

(2) Permittee restoration. If the permittee restores the right-of-way itself, it shall at the time of application for an excavation permit post a construction performance bond in accordance with the provisions of Minnesota Rules 7819.3000.

C. Standards. The permittee shall perform excavation, backfilling, patching, and restoration according to the standards and with the materials specified by the City and shall comply with Minnesota Rules 7819.1100.

D. Duty to correct defects. The permittee shall correct defects in patching or restoration performed by permittee or its agents. The permittee upon notification from the City, shall correct all restoration work to the extent necessary, using the method required by the City. Said work shall be completed within five calendar days of the receipt of the notice from the City, not including days during which work cannot be done because of circumstances constituting force majeure or days when work is prohibited as unseasonable or unreasonable under § 257-1~~7~~6.

E. Failure to restore. If the permittee fails to restore the right-of-way in the manner and to the condition required by the City, or fails to satisfactorily and timely complete all restoration required by the City, the City at its option may do such work. In that event the permittee shall pay to the City, within 30 days of billing, the cost of restoring the right-of-way. If the permittee fails to pay as required, the City may exercise its rights under the construction performance bond.

§ 257-134
Joint applications.

A. Joint application. ~~Registrants~~ Applicants may jointly apply for permits to excavate or obstruct the right-of-way at the same place and time.

B. Shared fees. Applicants ~~Registrants~~ who apply for permits for the same obstruction or excavation, which the City does not perform, may share in the payment of the obstruction or excavation permit fee. In order to obtain a joint permit, Applicants ~~registrants~~ must agree among themselves as to the portion each will pay and indicate the same on their applications.

C. With City projects. Applicants ~~Registrants~~ who join in a scheduled obstruction or excavation performed by the City, whether or not it is a joint application by two or more registrants or a single application, are not required to pay the excavation or obstruction and degradation portions of the permit fee, but a permit would still be required.

§ 257-145
Supplementary applications.

A. Limitation on area. A right-of-way or small cell wireless permit is valid only for the area of the right-of-way specified in the permit. No permittee may do any work outside the area specified in the permit, except as provided herein. Any

permittee which determines that an area greater than that specified in the permit must be obstructed or excavated must, before working in that greater area, make application for a permit extension and pay any additional fees required thereby, and be granted a new permit or permit extension.

B. Limitation on dates. A right-of-way or small cell wireless permit is valid only for the dates specified in the permit. No permittee may begin its work before the permit start date or, except as provided herein, continue working after the end date. If a permittee does not finish the work by the permit end date, it must apply for a new permit for the additional time it needs, and receive the new permit or an extension of the old permit before working after the end date of the previous permit. This supplementary application must be submitted before the permit end date.

§ 257-156
Other obligations.

A. Compliance with other laws. Obtaining a right-of-way or small cell wireless permit does not relieve the permittee of its duty to obtain all other necessary permits, licenses, and authority and to pay all fees required by the City or other applicable rule, law or regulation. A permittee shall comply with all requirements of local, state and federal laws, including but not limited to Minn. Stat. §§ 216D.01 to 216D.09 (Gopher One Call Excavation Notice System) and Minnesota Rules Chapter 7560. A permittee shall perform all work in conformance with all applicable codes and established rules and regulations, and is responsible for all work done in the right-of-way pursuant to its permit, regardless of who does the work.

B. Prohibited work. Except in an emergency, and with the approval of the City, no right-of-way obstruction or excavation may be done when seasonally prohibited or when conditions are unreasonable for such work.

C. Interference with right-of-way. A permittee shall not so obstruct a right-of-way that the natural free and clear passage of water through the gutters or other waterways shall be interfered with. Private vehicles of those doing work in the right-of-way may not be parked within or next to a permit area, unless parked in conformance with City parking regulations. The loading or unloading of trucks must be done solely within the defined permit area unless specifically authorized by the permit.

D. Trenchless excavation. As a condition of all applicable permits, permittees employing trenchless excavation methods, including but not limited to horizontal directional drilling, shall follow all requirements set forth in Minn. Stat. Chapter 216D and Minnesota Rules Chapter 7560 and shall require potholing or open cutting over existing underground utilities before excavating, as determined by the Director.

§ 257-167
Denial or revocation of permit.

A. Reasons for denial. The City may deny a permit for failure to meet the requirements and conditions of this chapter or if the City determines that the denial is necessary to protect the health, safety, and welfare of the public or when necessary to protect the right-of-way and its current use.

B. Procedural requirements. The denial or revocation of a permit must be made in writing and must document the basis for the denial. The City must notify the applicant or right-of-way user, in writing, within three business days of the decision to deny or revoke a permit. If an application is denied, the right-of-way user may address the reasons for denial identified by the City and resubmit its application. If the application is resubmitted within 30 days of receipt of the notice of denial, no additional application fee shall be imposed. The City must approve or deny the resubmitted application within 30 days after submission.

§ 257-178
Installation requirements.
The excavation, backfilling, patching and restoration, and all other work performed in the right-of-way shall be done in conformance with Minnesota Rules 7819.1100 and 7819.5000 and other applicable local requirements, in so far as they are not inconsistent with the Minn. Stat. §§ 237.162 and 237.163. Installation of service laterals shall be performed in accordance with Minnesota Rules Chapter 7560 and these ordinances. Service lateral installation is further subject to those requirements and conditions set forth by the City in the applicable permits and/or agreements referenced in § 257-23B of this chapter.

§ 257-189
Inspection.

A. Notice of completion. When the work under any permit hereunder is completed, the permittee shall furnish a completion certificate in accordance Minnesota Rules 7819.1300 if requested by the City.

B. Site inspection. The permittee shall make the work site available to the City and to all others as authorized by law for inspection at all reasonable times during the execution of and upon completion of the work if requested by the City.

C. Authority of ~~Director~~City.

(1) At the time of inspection, the ~~Director~~ City Administrator or Designee may order the immediate cessation of any work which poses a serious threat to the life, health, safety, or well-being of the public.

(2) The City Administrator or Designee ~~Director~~ may issue an order to the permittee for any work that does not conform to the terms of the permit or other applicable standards, conditions, or codes. The order shall state that failure to correct the violation will be cause for revocation of the permit. Within 10 days after issuance of the order, the permittee shall present proof to the Director that the violation has been corrected. If such proof has not been presented within the required time, the City Administrator or Designee ~~Director~~ may revoke the permit pursuant to § 257-213.

§ 257-1920
Work done without permit.

A. Emergency situations.

(1) Each ~~registrant~~ applicant shall immediately notify the City Administrator or Designee ~~Director~~ of any event regarding its facilities that it considers to be an emergency. The registrant may proceed to take whatever actions are necessary to respond to the emergency. Excavators' notification to Gopher State One Call regarding an emergency situation does not fulfill this requirement. Within two business days after the occurrence of the emergency, the registrant shall apply for the necessary permits, pay the fees associated therewith, and fulfill the rest of the requirements necessary to bring itself into compliance with this chapter for the actions it took in response to the emergency.

(2) If the City becomes aware of an emergency regarding a ~~registrant's~~ applicant's facilities, the City will attempt to contact the local representative of each ~~registrant~~ applicant affected, or potentially affected, by the emergency. In any event, the City may take whatever action it deems necessary to respond to the emergency, the cost of which shall be borne by the ~~registrant~~ applicant whose facilities occasioned the emergency.

B. Nonemergency situations. Except in an emergency, any person who, without first having obtained the necessary permit, obstructs or excavates a right-of-way must subsequently obtain a permit and, as a penalty, pay additional fees ~~double the normal fee for said permit, pay double all the other fees~~ required by the City determined in the City ~~Code~~Fee Schedule, Chapter 160, deposit with the City the fees necessary to correct any damage to the right-of-way, and comply with all of the requirements of this chapter.

§ 257-201
Supplementary notification.

If the obstruction or excavation of the right-of-way begins later or ends sooner than the date given on the permit, the permittee shall notify the City of the accurate information as soon as this information is known.

§ 257-212
Revocation of permits.

A. Substantial breach. The City reserves its right, as provided herein, to revoke any right-of-way permit without a fee refund, if there is a substantial breach of the terms and conditions of any statute, ordinance, rule or regulation, or any material condition of the permit. A substantial breach by the permittee shall include, but shall not be limited to, the following:

(1) The violation of any material provision of the right-of-way permit.

(2) An evasion or attempt to evade any material provision of the right-of-way permit, or the perpetration or attempt to perpetrate any fraud or deceit upon the City or its citizens.

Commented [JW1]: Not sure if this is the correct terminology for this section

(3) Any material misrepresentation of fact in the application for a right-of-way permit.

(4) The failure to complete the work in a timely manner, unless a permit extension is obtained or unless the failure to complete work is due to reasons beyond the permittee's control.

(5) The failure to correct, in a timely manner, work that does not conform to a condition indicated on an order issued pursuant to § 257-1920.

Formatted: Not Highlight

B. Written notice of breach. If the City determines that the permittee has committed a substantial breach of a term or condition of any statute, ordinance, rule, regulation, or any condition of the permit, the City shall make a written demand upon the permittee to remedy such violation. The demand shall state that continued violations may be cause for revocation of the permit. A substantial breach, as stated above, will allow the City, at its discretion, to place additional or revised conditions on the permit to mitigate and remedy the breach.

C. Response to notice of breach. Within 24 hours of receiving notification of the breach, the permittee shall provide the City with a plan, acceptable to the City, that will cure the breach. The permittee's failure to so contact the City, or the permittee's failure to timely submit an acceptable plan, or the permittee's failure to reasonably implement the approved plan shall be cause for immediate revocation of the permit. Further, the permittee's failure to so contact the City, or the permittee's failure to submit an acceptable plan, or the permittee's failure to reasonably implement the approved plan shall automatically place the permittee on probation for one full year.

D. Cause for probation. From time to time, the City may establish a list of conditions of the permit, which if breached will automatically place the permittee on probation for one full year, such as, but not limited to, working out of the allotted time period or working on right-of-way grossly outside of the permit authorization.

E. Automatic revocation. If a permittee, while on probation, commits a breach as outlined above, the permittee's permit will automatically be revoked and the permittee will not be allowed further permits for one full year, except for emergency repairs.

F. Reimbursement of City costs. If a permit is revoked, the permittee shall also reimburse the City for the City's reasonable costs, including restoration costs and the costs of collection and reasonable attorneys' fees incurred in connection with such revocation.

§ 257-2223
Mapping data.

A. Information required. Each ~~registrant and~~ permittee shall provide mapping information required by the City in accordance with Minnesota Rules 7819.4000

and 7819.4100. ~~Within 90 days f~~Following completion of any work pursuant to a permit, the permittee shall provide the City Administrator or Designee ~~Director~~ accurate maps and drawings certifying the "as-built" location of all equipment installed, owned, and maintained by the permittee upon request. Such maps and drawings shall include the horizontal and vertical location of all facilities and equipment and shall be provided consistent with the City's electronic mapping system, when practical or as a condition imposed by the City Administrator or Designee~~Director~~. Failure to provide maps and drawings pursuant to this subsection ~~shall~~ may be grounds for ~~revoking the permit holder's registration~~denying future permit applications.

B. Service laterals. All permits issued for the installation or repair of service laterals, other than minor repairs as defined in Minnesota Rules 7560.0150, Subpart 2, shall require the permittee's use of appropriate means of establishing the horizontal locations of installed service laterals and the service lateral vertical locations in those cases where the City Administrator or Designee ~~Director~~ reasonably requires it. Permittees or their subcontractors shall submit to the City Administrator or Designee ~~Director~~ evidence satisfactory to the City Administrator or Designee ~~Director~~ of the installed service lateral locations. Compliance with this subsection and with applicable Gopher State One Call law and Minnesota Rules governing service laterals installed after December 31, 2005, shall be a condition of any City approval necessary for:

(1) Payments to contractors working on a public improvement project, including those under Minn. Stat. Chapter 429; and

(2) City approval under development agreements or other subdivision or site plan approval under Minn. Stat. Chapter 462. The City Administrator or Designee ~~Director~~ shall reasonably determine the appropriate method of providing such information to the City. Failure to provide prompt and accurate information on the service laterals installed may result in the revocation of the permit issued for the work or the denial of future permits to the offending permittee or its subcontractors.

§ 257-234

Right-of-way Location and relocation of facilities.

A. Placement, location, and relocation of facilities must comply with the Act, with other applicable law, and with Minnesota Rules 7819.3100, 7819.5000, and 7819.5100, to the extent the rules do not limit authority otherwise available to the City.

B. Corridors.

(1) The City may assign a specific area within the right-of-way, or any particular segment thereof as may be necessary, for each type of facility that is or, pursuant to current technology, the City expects will someday be located within the right-of-way. All excavation, obstruction, or other permits issued by the City involving the installation or replacement of facilities shall designate the proper corridor for the facilities at issue.

(2) Any ~~registrant~~ permittee who has facilities in the right-of-way in a position at variance with the corridors established by the City shall, no later than at the time of the next reconstruction or excavation of the area where the facilities are located, move the facilities to the assigned position within the right-of-way, unless this requirement is waived by the City for good cause shown, upon consideration of such factors as the remaining economic life of the facilities, public safety, customer service needs, and hardship to the ~~registrant~~permittee.

~~C. Nuisance. One year after the passage of this chapter, any facilities found in a right-of-way that have not been registered shall be deemed to be a nuisance. The City may exercise any remedies or rights it has at law or in equity, including, but not limited to, abating the nuisance or taking possession of the facilities and restoring the right-of-way to a useable condition.~~

~~D.~~C. Limitation of space. To protect the health, safety, and welfare of the public, or when necessary to protect the right-of-way and its current use, the City shall have the power to prohibit or limit the placement of new or additional facilities within the right-of-way. In making such decisions, the City shall strive to the extent possible to accommodate all existing and potential users of the right-of-way, but shall be guided primarily by considerations of the public interest, the public's needs for the particular utility service, the condition of the right-of-way, the time of year with respect to essential utilities, the protection of existing facilities in the right-of-way, and future City plans for public improvements and development projects which have been determined to be in the public interest.

§ 257-24~~5~~
Pre-excavation facilities location.
In addition to complying with the requirements of Minn. Stat. §§ 216D.01 to 216D.09 ("One Call Excavation Notice System"), before the start date of any right-of-way excavation, each ~~registrant~~ permittee who has facilities or equipment in the area to be excavated shall mark the horizontal and vertical placement of all said facilities. Any ~~registrant~~ permittee whose facilities are less than 20 inches below a concrete or asphalt surface shall notify and work closely with the excavation contractor to establish the exact location of its facilities and the best procedure for excavation.

§ 257-25 Small cell location requirements

A. Most preferable locations.

The following are the most preferred areas for new small wireless facilities in the order of preference (1 being most preferable):

(1) *Industrial Districts* if not adjacent to a park, residential district or historic district.
(2) *Highway Rights of Way* areas if not adjacent to a park, or residential district.
(3) *Commercial Districts* if not adjacent to a park, or residential district.

Formatted: Normal, Right: 0.44"

Formatted: List Paragraph

B. Collocation preference. It is the City's strong preference that whenever an applicant proposes to place a new small wireless facility that the applicant collocate the same on existing wireless support structures.

Formatted: Numbered + Level: 2 + Numbering Style: A, B, C, ... + Start at: 1 + Alignment: Left + Aligned at: 0.32" + Indent at: 0.57"

C. Least preferable locations. The following are the least preferred areas for new small wireless facilities in the order of preference (2 being least preferable).

(1) Residential Districts
(2) Parks

D. Consideration of alternate locations. The City reserves the right to propose an alternate location for a small wireless facility and/or wireless support structure to the location proposed in the application within one hundred feet of the proposed location or within a distance that is equivalent to the width of the ROW in or on which the small wireless facility and/or wireless support structure is proposed, whichever is greater, which the operator shall use if it has the right to use the alternate location on reasonable terms and conditions and the alternate location does not impose technical limits or additional costs.

Formatted: Space Before: 0.4 pt, Numbered + Level: 2 + Numbering Style: A, B, C, ... + Start at: 1 + Alignment: Left + Aligned at: 0.32" + Indent at: 0.57", Tab stops: 0.57", Left

E. Guidelines on placement. The City desires to promote cleanly organized and streamlined facilities using the smallest and least intrusive means available to provide wireless services to the community. Generally, a small wireless facility and/or wireless support structure shall match and be consistent with the materials and finish of the wireless support structure, adjacent City poles, and of the surrounding area adjacent to their location. In the absence of adjacent City poles, the wireless support structure shall match the materials and finish of the adjacent utility poles.

Formatted: Space Before: 0.5 pt, Numbered + Level: 2 + Numbering Style: A, B, C, ... + Start at: 1 + Alignment: Left + Aligned at: 0.32" + Indent at: 0.57", Tab stops: 0.57", Left

The following additional guidelines on placement shall apply:

(1) Small wireless facilities and wireless support structures shall be located no closer than 150 feet away, radially, from another small wireless facility and wireless support structure.

(2) A combination wireless support structure and streetlight pole should only be located where an existing pole (usually Connexus Energy or East Central Energy) can be removed and replaced, or at a new location where it has been identified that a streetlight is necessary.

(3) Small wireless facilities and wireless support structures shall be located in a manner that does not impede, obstruct, or hinder usual public pedestrian or vehicular travel or public safety on a ROW.

(4) Small wireless facilities and wireless support structures shall be

located in a manner that does not obstruct the legal use of a ROW by a utility provider.

(5) Small wireless facilities and wireless support structures shall be located in a manner that does not violate the federal Americans with Disabilities Act.

(6) Small wireless facilities and wireless support structures shall be located in a manner that does not negatively impact the structural integrity of the associated wireless support structure.

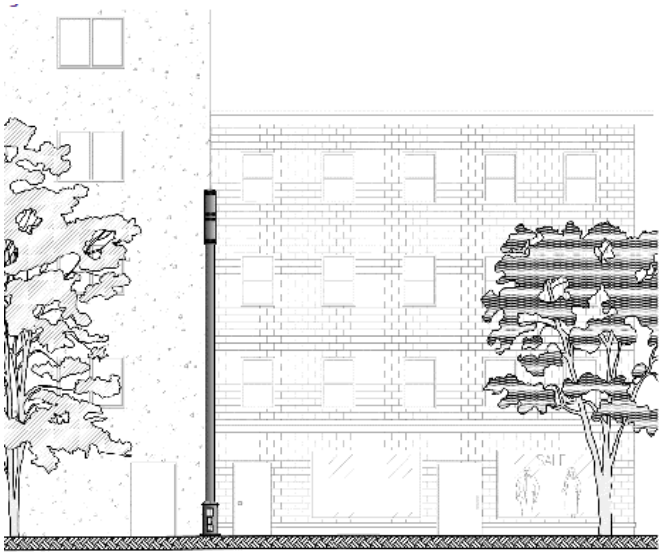
(7) Small wireless facilities and wireless support structures shall be located in alignment with existing trees to the extent there are Blvd trees to be in alignment with, utility poles, and streetlights.

(8) Small wireless facilities and wireless support structures shall be located equal distance between trees when possible, with a minimum of 15 feet separation such that no proposed disturbance shall occur within the critical root zone of any tree.

(9) Small wireless facilities and wireless support structures shall be located with applicable clearance from existing utilities.

(10) Small wireless facilities and wireless support structures shall be located so as not to be located along the frontage of any building deemed to be of historic significance on a federal, state, or local level.

(11) Small wireless facilities and wireless support structures shall not be located within vision triangles at street intersections.



(12) New wireless poles shall not be located directly in front of any existing residential, commercial or industrial structure. (Figure 1)

(13) To the greatest extent possible, new wireless poles shall be located in line with existing lot lines or an equidistance from any two existing structures. In areas of the City where multiple poles abut each other and/or where no side lot setback requirements exist, new wireless poles shall not be located directly in front of an entrance or window of any existing structure. (Figure 2)

Figure 2 – Example of Acceptable Location Between Commercial Buildings:

F. **Limitations.** While the City fully intends to apply the guidelines established in this policy uniformly to all small wireless facility applications, there may be circumstances where not every specific guideline may be met. In these case, City staff will use its reasonable discretion in approving small wireless facilities permit applications that deviate from the strict application of this policy.

§ 257-26 Aesthetic requirements for small cell wireless facilities

A. Antennas

(1) Each small wireless antenna shall be located entirely within a shroud or canister type enclosure.

(2) The diameter of the antenna enclosure at its widest point should not be wider than two times the diameter of the top of the wireless support structure. The enclosure shall not exceed six cubic feet in volume.

(3) All antenna enclosures shall either be mounted to the top of the wireless support structure pole and aligned with the centerline of the wireless support structure, or mounted to the side of the wireless support structure such that the vertical centerline of the antenna enclosure shall be parallel with the wireless support structure with the height of the side mounted antenna being at a location on the wireless support structure noted in the application and approved by the City, but at least 10 feet above ground level at its lowest point. Antennas must not exceed the building height requirements in their respective zoning district by more than ten 10' feet, with a maximum height of 50' feet.

(4) Tree "topping" or the improper pruning of trees is prohibited. Any proposed pruning or removal of trees, shrubs or other landscaping already existing in the ROW must be noted in the application and must be approved by the City.

B. Cables and wires. All cables, wires and connectors related to the small wireless facility must be fully concealed on the wireless support structure and shall match the color of the wireless support structure. There shall be no external cables and wires related to the small wireless facility hanging off or otherwise exposed on the wireless support structure.

C. Colors. All colors shall match the background of any wireless support structure that the facilities are located upon, including equipment cabinets. Notwithstanding the foregoing, in the case of existing wood utility poles, finishes of conduit shall be zinc, aluminum or stainless steel, or colored to match those metal finishes, and equipment cabinets shall be the color of brushed aluminum.

D. Equipment enclosures/ concealment/ maintenance.

(1) Equipment enclosures, including electric meters, shall be as small as possible, but in no event larger than 28 cubic feet in volume. Ground-mounted equipment shall incorporate concealment elements into the proposed design matching color and materials of the wireless support structure, unless other materials or colors are approved by the City. Concealment may include, but shall not be limited to, landscaping, strategic

E. Signage/ logos/ lights/ decals/ cooling fans.

(1) Signage. The small wireless facility permittee shall post its name, location identifying information, and emergency telephone number in an area on the cabinet of the small wireless facility that is visible to the public. Signage required under this section shall not exceed 4 inches by 6 inches, unless otherwise required by law (e.g. radio-frequency (RF) ground notification signs) or the City. If no cabinet exists, the signage shall be placed at the base of the pole.

(3) Logos/ Decals. The small wireless facility operator/permittee shall remove or paint over unnecessary equipment manufacturer decals. The color shall match or shall be as approved by the City. Small wireless facilities and wireless support structures shall not include advertisements and may only display information required by a federal, state or local agency. The small wireless facility operator/permittee shall utilize the smallest and lowest visibility RF warning sticker required by government or electric utility regulations. Placement of the RF sticker shall be as close to the antenna as possible.

operator/permittee shall use a passive cooling system. In the event that a fan is needed, the small wireless facility operator/permittee shall use a cooling fan with a low noise profile.

§ 257-2~~6~~
Damage to other facilities.
When the City does work in the right-of-way and finds it necessary to maintain, support, or move a ~~registrant's~~ permittees facilities to protect it, the City shall notify the local representative as early as is reasonably possible. The costs associated therewith will be billed to that ~~registrant~~ permittee and must be paid within 30 days from the date of billing. Each ~~registrant~~ permittee shall be responsible for the cost of repairing any facilities in the right-of-way which it or its facilities damage. Each ~~registrant~~ permittee shall be responsible for the cost of repairing any damage to the facilities of another ~~registrant~~ permittee caused during the City's response to an emergency occasioned by that ~~registrant's~~ permittee's facilities.

§ 257-2~~8~~7
Right-of-way vacation.
Reservation of right. If the City vacates a right-of-way that contains the facilities of a ~~registrant~~permittee, the ~~registrant's~~ permittee's rights in the vacated right-of-way are governed by Minnesota Rules 7819.3200.

§ 257-2~~9~~8
Indemnification and liability.
By ~~registering with the City, or by~~ accepting a permit under this chapter, a ~~registrant or~~ permittee agrees to defend and indemnify the City in accordance with the provisions of Minnesota Rules 7819.1250.

§ 257-30~~29~~
Abandoned and unusable facilities.

A. Discontinued operations. A ~~registrant~~ permittee who has determined to discontinue all or a portion of its operations in the City must provide information satisfactory to the City that the ~~registrant's~~ permittee's obligations for its facilities in the right-of-way under this chapter have been lawfully assumed by another ~~registrant~~permittee.

B. Removal. Any ~~registrant~~ permittee who has abandoned facilities in any right-of-way shall remove it from that right-of-way if required in conjunction with other right-of-way repair, excavation, or construction, unless this requirement is waived by the City.

§ 257-3~~1~~0
Appeal.
An applicant or permittee ~~right-of-way user~~ that has been denied ~~registration; has been denied~~ a permit; has had a permit revoked; believes that the fees imposed are not in conformity with Minn. Stat. § 237.163, Subdivision 6; or disputes a determination of the Director regarding § 257-24B of this chapter may have the denial, revocation, fee

imposition, or decision reviewed, upon written request, by the City Council. The City Council shall act on a timely written request at its next regularly scheduled meeting, provided the right-of-way user has submitted its appeal with sufficient time to include the appeal as a regular agenda item. A decision by the City Council affirming the denial, revocation, or fee imposition will be in writing and supported by written findings establishing the reasonableness of the decision.

§ 257-321
Reservation of regulatory and police powers.
A permittee's rights are subject to the regulatory and police powers of the City to adopt and enforce general ordinances as necessary to protect the health, safety, and welfare of the public.

ORDINANCE NO. XXX

AN ORDINANCE AMENDING ORDINANCE NO. 146, ADOPTED ON JANUARY 17, 1989 AND TITLED UNCLAIMED PROPERTY

THE CITY COUNCIL OF ISANTI DOES ORDAIN:

Section 1 – Repealer. Ordinances 146, titled Unclaimed Property, codified in Chapter 312 of the City Code, are hereby repealed in their entirety and replaced with the ordinance set forth below.

Section 2 – Ordinance. The following Chapter 312 is hereby adopted:

Chapter 312
Unclaimed Property

§ 312-1 **Custody of Property.**
§ 312-2 **Disposition of Property.**
§ 312-3 **Summary Disposal.**
§ 312-4 **Disposition of Funds.**
§ 312-5 **Special Provisions: Police Department.**
§ 312-6 **Disposition of Abandoned Motor Vehicles.**

§ 312-1 Custody of Property.

The chief of police or designee will take custody of all personal property, including lost money, lawfully coming into the possession of the city and city employees in the course of municipal operations and remaining unclaimed by the owner. The chief of police or designee must retain the property in a safe place for a period of at least 90 days, unless claimed by the true owner with satisfactory proof of ownership. The chief or designee must keep a record of the property, including its disposition.

§ 312-2 Disposition of Property.

Property held in custody by the chief of police or designee and not claimed by the true owner within 90 days will be deemed abandoned. The chief of police or designee may dispose of abandoned property in one of the following ways:

A. sell the property at public sale following 10 days published notice in the official newspaper;

B. return lost property to its finder;

C. convert usable property to city use; or

D. donate the property to a tax-exempt, non-profit organization.

Property not purchased at a sale may then be disposed of by the chief or designee in any reasonable manner.

§ 312-3 **Summary Disposal.**
The chief of police or designee may dispose of unclaimed property without notice and in a summary manner when he/she believes this to be in the public interest and if he/she determines that the property:

A. is of a dangerous or perishable nature;

B. is contraband;

C. has no resale value; or

D. cannot be legally or safely sold at public sale.

§ 312-4 **Disposition of Funds.**
Together with found money that has been held for three months, the chief of police or designee must deliver all money that was received from the sale of abandoned property to the finance director. If no claim has been made by the former owner with satisfactory proof of ownership, found money may be returned to the finder; otherwise, the money will revert to the city's general fund.

§ 312-5 **Special Provisions: Police Department.**
Money and other property lawfully seized by, or voluntarily surrendered to, the city at the scene of a crime or during an official police investigation must be retained by the chief of police or designee in a safe place for at least 90 days. If not lawfully claimed by the true owner with adequate proof of ownership during that time, non-monetary property may be sold at public sale after 10 days published notice, converted to city use, or given to a tax-exempt, non-profit organization. Sale proceeds and seized money may then be deposited in the police department forfeiture and seizure account to be used only for law enforcement purposes.

§ 312-6 **Disposition of Abandoned Motor Vehicles.**
The chief of police or designee must dispose of abandoned motor vehicles by following the procedure in Minn. Stat. § 168B.01 through §168B.101.

Request for City Council Action

To: **Mayor Johnson and Members City Council**
From: Matt Sylvester, Public Services Director
Date: July 20, 2021
Subject: Consider Resolution Approving Wellhead Protection Area Perimeter Signs

---

Background:
As part of the Wellhead Protection Plan, signs are required to be placed along the perimeter of the Wellhead Protection Area. The signs are required so that the traveling public is aware of the Wellhead Protection Area limits. The signs would be placed along the main entry points leading into the Wellhead Protection Area. This would require 5 signs to be placed throughout the city.

Request for City Council Action

To: Mayor Johnson and Members of City Council

From: Sheila Sellman, Community Development Director

Date:

Subject: Resolution 2021-XXX Authorizing Engineering Services for the Minor Subdivision of the Liquor Store Lot at 10 6th Ave SE

Background:

At the July 6, 2021 City Council meeting the council directed staff to sell the northern portion of the new liquor store lot. In order to sell that lot it needs to be subdivided off from the liquor store lot. A minor subdivision will be required, this will produce a plat and create the new lot. This action will take a preliminary and final plat to the planning commission and city council at the same time. Bolton & Menk have provided a quote of $6,700 to prepare the preliminary and final plat.

Request: Consider adopting the resolution authorizing Bolton & Menk to complete the minor subdivision

EDA Fund Operating Budget Summary (108)

	Title / Detail	PROPOSED 2022 BUDGET
TOTAL	**EDA REVENUES**	**111,448**
TOTAL	**EDA EXPENDITURES**	**111,448**
NET INCOME / (LOSS)		**0**

Primary revenue source is EDA Levy. This is a calculated amount limited by State Statute. Statute reads in part:

469.107 CITY MAY LEVY TAXES FOR ECONOMIC DEVELOPMENT AUTHORITY.
Subdivision 1.City tax levy. A city may, at the request of the authority, levy a tax in any year for the benefit of the authority. The tax must be not more than 0.01813 percent of estimated market value.

The single largest expenditure increase ($4,500) is in engineering fees. Increased interest in Shovel-Ready industrial sites have corresponded to an increase in expenditures. Staff is recommending that those likely expenses be budgeted for, even if they are not a certainty.

Water Fund Operating Budget Summary (601)

	Title / Detail	PROPOSED 2022 BUDGET
TOTAL	**WATER FUND REVENUES**	**1,503,794**
TOTAL	**WATER FUND EXPENDITURES**	**2,191,218**
NET INCOME / (LOSS)		**(687,424)**
NET CASH FLOW / (LOSS)		**(282,424)**

Water Sales of $1,209,832 is projected for 2022, based on our recently completed and approved rate study.

Capital Expenditures are included in the above listed total expenditures. That amount is based on the previously approved 2021 capital improvement plan. Adjustments to that number, if any will be presented at the August budget work session.

Expenditures include $434,000 in principal and $87,819 in interest payments toward debt service. The Water Fund currently makes payments on the 5 Debt Issues listed below.

Debt Issue	Final Debt Payment
2007 GO Revenue Note, PFA	August 2026
2008 GO Revenue Note, PFA	August 2028
2010A GO Utility Revenue Bonds - Water	November 2024
2011 GO Water Revenue Bonds, PFA	August 2031
2013A GO Refunding - Water	November 2028

Net Cash Flow differs from Net Income in that Net Cash Flow excludes non-cash items that are otherwise budgeted and represented in the listed Net Income. Non-Cash expenses excluded to arrive at Net Cash Flow include, Pension Expense (601-49400-129), OPEB Expense (601-49400-150), Depreciation (601-49400-405) and Amortization of Bond Discount (601-49400-630).

Sewer Fund Budget Summary (602)

TOTAL	**SEWER FUND EXPENDITURES**	**1,924,744**
NET INCOME / (LOSS)		**(188,915)**
NET CASH FLOW / (LOSS)		**380,067**

Sewer Sales of $1,354,659 is projected for 2022, based on our recently completed and approved rate study.

Capital Expenditures are included in the above listed total expenditures. That amount is based on the previously approved 2021 capital improvement plan. Adjustments to that number, if any will be presented at the August budget work session.

Expenditures include $375,000 in principal and $51,973 in interest payments toward debt service. The Sewer Fund currently makes payments on the 3 Debt Issues listed below.

Debt Issue	Final Debt Payment
2010A GO Utility Revenue Bonds - Sewer	November 2024
2014B GO Bonds - Sewer	November 2025
2016A GO Sewer Revenue Bonds, PFA	August 2029

Net Cash Flow differs from Net Income in that Net Cash Flow excludes non-cash items that are otherwise budgeted and represented in the listed Net Income. Non-Cash expenses excluded to arrive at Net Cash Flow include, Pension Expense (602-49450-129), OPEB Expense (602-49450-150), Depreciation (602-49450-405) and Amortization of Bond Discount (602-49450-630).

Storm Water Fund Budget Summary (603)

	Title / Detail	PROPOSED 2022 BUDGET
TOTAL	**STORM WATER FUND REVENUES**	**404,800**
TOTAL	**STORM WATER FUND EXPENDITURES**	**211,198**
NET INCOME / (LOSS)		**193,602**
NET CASH FLOW / (LOSS)		**263,602**

Storm Water Sales of $402,000 is projected for 2022 based on the observed trendline for 2021 revenues and adding a 5% premium. It is also worth noting that Storm Water is due for a rate study. The results of the study would go into effect for 2022 and hence he budgeted revenues may be revised based on the outcome of that rate study.

Capital Expenditures are included in the above listed total expenditures. That amount is based on the previously approved 2021 capital improvement plan. Adjustments to that number, if any will be presented at the August budget work session.

Net Cash Flow differs from Net Income in that Net Cash Flow excludes non-cash items that are otherwise budgeted and represented in the listed Net Income. Non-Cash expenses excluded to arrive at Net Cash Flow include, Pension Expense (603-49500-129), OPEB Expense (603-49500-150) and Depreciation (603-49500-405).

Municipal Liquor Fund Budget Summary (609)

	Title / Detail	PROPOSED 2022 BUDGET
TOTAL	**MUNICIPAL LIQUOR FUND REVENUES**	**4,386,054**
TOTAL	**MUNICIPAL LIQUOR FUND EXPENDITURES**	**4,405,846**
NET INCOME / (LOSS)		**(19,792)**
NET CASH FLOW / (LOSS)		**208**

Sales of $4,360,789 and Cost of Goods Sold of 3,168,400 is based on our original project projections, which in turn were informed by the two market studies that were completed over the past 13 years. The annual transfer to the General Fund to help reduce the tax rate remains at $350,000.

No Capital Expenditures are included in the above listed total expenditures. An entirely new Capital Improvement Plan will be created upon completion of the new liquor store that will reflect actual materials and prices in construction. I do not anticipate presenting the new Capital Improvement Plan for the 2022 budget. Said plan should be ready for consideration and approval during the 2023 budget process.

Expenditures include $155,000 in principal and $94,774 in interest payments toward debt service. The Liquor Fund currently makes payments on the one Debt Issue listed below.

Debt Issue	Final Debt Payment
2021A EDA Lease Revenue Bonds	December 2036

Net Cash Flow differs from Net Income in that Net Cash Flow excludes non-cash items that are otherwise budgeted and represented in the listed Net Income. Non-Cash expenses excluded to arrive at Net Cash Flow include, Pension Expense (609-49750-129), OPEB Expense (609-49750-150) and Depreciation (609-49750-405).

Mayor's Proclamation

City of Isanti

WHEREAS, Team USA's Grace McCallum won an Olympic silver medal on Sunday, July 25, 2021, in the Tokyo Olympics Gymnastics women's artistic team all-around competition;

WHEREAS, 18-year-old McCallum is the first Isanti resident to compete in the Olympics;

WHEREAS, McCallum and her teammates have trained through unprecedented adversity, including the COVID-19 pandemic and competing in venues without fans or a live audience;

WHEREAS, McCallum has made our City, state, and country proud by adding her name to the extraordinary list of USA Olympians that have won a medal at the Summer Games;

WHEREAS, the City of Isanti recognizes the hard work and dedication of Grace McCallum to her sport and representing the USA with honor.

Now, Therefore I, Jeff Johnson, Mayor of the City of Isanti, do hereby proclaim that August 7th, 2021 shall be observed as:

Grace McCallum Day

_____

Jeff Johnson, Mayor

Memo for Council Action

To: **Mayor Johnson and Members of the City Council**
From: Alyssa Olson - Parks, Recreation, and Events Coordinator
Date: August 4, 2021
Subject: Resolution 2021-XXX Approving a Special Event Request for the Grace McCallum Welcome Home Event

---

Background

Grace McCallum will be returning to Minnesota from the Tokyo Olympics where she and Team USA won a silver medal in the Gymnastics women's team all-round competition. The North 65 Chamber, community residents and City staff would like to welcome her back to Isanti with a celebration during the Street Dance on August 7, 2021.

A firetruck will be positioned behind the Street Dance stage to draw attention to the presentation. The celebration will include the reading of a proclamation by Mayor Johnson and brief congratulatory sentiments from McCallum's former gymnastics coaches and friends.

Event attendance is expected to increase slightly from the existing Street Dance audience. No additional restrooms will be needed. Existing stage and amplification systems will be used for the presentation.

Staff Request

City staff is requesting approval of the Special Event Permit application and attachments for this celebration.

"Fire truck will transport Grace from the city hall parking lot to the stage with sirens and lights."

If this is the permit then I would request additional IFD members to be "spotters" for the moving truck thru the event

Other than that approved

J. Public Hearings

1. **Resolution 2021-162** Consider the Issuance, Sale, and Delivery of an Educational Facilities Revenue Note

Finance Director Mike Betker shared that the proposed loan is a loan from the bank to a tax-exempt organization and in this case, a school. Unlike normal bonds such as EDA Revenue Bonds, this loan will not be secured by the credit of the City, the City is not pledging any collateral, the City is not responsible for any of the payments on the loan, the financing will not affect the City's credit rating and there are no tax payor funds involved in the loan payments. The City's Bond Counsel Mary Ippel from Taft Law has reviewed the documents and found them to be satisfactory. The documents contain adequate indemnification and reimbursement provisions for the City and protect the City from risk. In the end, the City is issuing conduit debt so the school receives tax-exempt status on the loan which is a benefit for the charter school where they can use the proceeds to buyout two leases on the buildings they have and benefit from the difference in those prices.

Mayor Johnson opened the public hearing at 7:08 p.m.

Mayor Johnson asked if the Art and Science Academy will be building a high school.

Art and Science Academy Executive Director Kevin Fitton shared that eventually they will be building a high school but the first step is to purchase their buildings. Under Minnesota law, a charter cannot own its building directly so there is a workaround which is called an Affiliated Building Corporation where a second organization is formed (legal entity) who will own the buildings and then the school leases it from the entity. Fitton further shared that by buying their buildings not only gives them direct control over their properties but it also saves them on the lease costs.

With no further comments from the public, Mayor Johnson closed the public hearing at 7:11 p.m.

Motion by Lundeen, seconded by Gordon to approve resolution as presented. Motion passed 4-0. Motion carried.

K. Business Items

<u>City Administrator Josi Wood</u>

1. Editorial and Legal Analysis Review and Modifications to Ordinances
    - **a. ORD-758** An Ordinance to Repeal and Replace Chapter 256; Property Maintenance Standards
    - **b. ORD-759** An Ordinance to Repeal and Replace Chapter 257; Right-of-Way Management
    - **c. ORD-760** An Ordinance Amending Chapter 160; Fees
    - **d. ORD-761** An Ordinance Amending Chapter 312; Unclaimed Property
    - **e. ORD-762** An Ordinance Amending Chapter 111; Building Construction
    - **f. ORD-763** An Ordinance Amending Chapters as Presented in the Editorial and Legal Analysis Summary

City Administrator Josi Wood shared all the ordinances for modification that were done for the legal and editorial analysis, were either a repeal and replace or an amendment. Some of the ordinances were minor amendments where a state statute needed to be updated, language clarified or misspelling were all taken into consideration to ensure city code is current. All these were discussed

at Committee of the Whole meeting on June 15th and have been posted for the required 10 days. The only ordinance that was not at the June 15th meeting was the final version of Chapter 256; Property Maintenance Standards however, as discussed at the meeting it was to include all buildings and not just residential in the chapter.

Motion by Lundeen to approve K.1. a. through K.1. f. as presented, seconded by Collison. Motion passed 4-0. Motion carried.

2. Resolution 2021-XXX Declaring a Critical Water Deficiency

City Administrator Josi Wood shared that Minnesota is facing drought conditions and the City received a notification from the Department of Natural Resources who holds the City's water appropriations permit that Minnesota has entered into a drought warning phase which means that they are asking communities over 1,000 people to reduce their water usage with restrictive bans. City Code 325-17 Lawn Sprinkling, Watering and Irrigation states that as an annual restriction during the period from May 1 through September 1 all lawns with addresses ending in an odd number may be watered on odd numbered days and addresses ending in an even number may be watered on even numbered days but will not be allowed between 12:00pm-6:00 p.m. Wood continued to share that as part of the City's Water Supply Plan and City Code Chapter 325-15 Water Conservation Restrictions, Critical Water Deficiency, that in order to restrict water usage the Governor, and/or Mayor would need to declare a "Critical Water Deficiency." Declaring a "Critical Water Deficiency" is not mandatory at this time but it would need to be declared in order to further restrict and enforce water usage.

Recommendation from Council is to share an informational post on City's Facebook page and website reminding residents to only water during their adequate time and inform that if a state of emergency is declared there will be further restriction on water usage.

A motion was made by Lundeen to remove the resolution and do nothing further seconded by Gordon. Motion passed 4-0. Motion carried.

E. Committee Meeting Items

1. Police Updates
- The police department is fully staffed.
- The charger that was ordered in January has arrived and should be out patrolling in approximately 4 weeks.
- The speed sign was taken down off of 3rd Avenue and Chief Muyres is working with the vendor as there has been some issues with data extraction.
- The battery life of the speed sign is approximately 2 weeks.
- Two officers will be assigned to street dances for the remainder of the year.
- Nite to Unite will be on August 3rd.

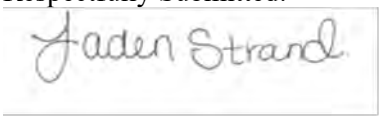
2. TIF Discussion
- A property owner on the East side of Highway 65 that owns 28 acres asked if the City was interested in purchasing the property.
- The property has a couple issues such as no utilities, needs infrastructure and roads put in, a couple wetlands and part of the gas line runs through it.
- Community Development Director Sheila Sellman shared that if the property was created into a TIF District the realtor can advertise incentives for a potential restaurant and if the Council wishes to purchase the property it would have to be discussed at closed session.
- Consensus from Committee is to support a TIF District once a development plan is put into place by the owner or potential developer.

3. American Rescue Funds Discussion
   - The City will receive approximately $700,000.00 in American Relief Funds.
   - Staff is looking for authorization to identify water and sewer infrastructure projects to utilize the ARPA funds and cue the projects up in 2022.
   - Consensus from Committee is to use funds for water and sewer infrastructure projects.

4. Archery Range Discussion
   - Upon request from Council member Gordon to add an archery range to the Isanti Parks amenities, staff has conducted research on the subject and has identified two suitable options for developing an archery range within City limits.
   - Option 1: Utilizing available space to the South of the Dog Park. Total estimated cost of $19,000.00.
   - Option 2: Incorporating a range into the fenced-in compost site along the Northern fence line on the property. At this location, the range would only be available for use during operational hours on select Sundays, Tuesdays, Thursdays and Saturdays from April to November. The Compost Site attendant would be able to monitor use of the range. The total estimated cost of $14,500.00.
   - Recommendation from Committee is for the archery range location to be at the dog park with a 6 ft fencing around the location, the project to be budgeted for 2022 and for staff to look into what fencing is available at the Public Works shop to possibly help save on some of the cost.

5. North 65 Chamber of Commerce Collaboration
   - The North 65 Chamber of Commerce has asked the Community Development Director to periodically attend their board meeting in order to share new developments or happenings within the City.
   - Community Development Director asked the Board if they were doing anything in the business community to celebrate Grace McCullum's Olympic Journey.
   - The board was not aware of anything but would like to do something to show their support.
   - Community Development Director mentioned to the board that she had seen a sign at Kwik Trip and suggested that the Chamber and City partner to provide supportive signs to the businesses in Isanti.
   - The Chamber said they would print them and then we can work together on handing them out to businesses and have some at City Hall in case other people wanted them, and they would have some at the Chamber office as well.
   - Recommendation from Committee is to partner with the Chamber to collaborate support signs.

6. Carnival Event
   - Council member Lundeen suggested a carnival event in Isanti and wanted to discuss with the Committee.



- Parks, Recreation and Events Coordinator Alyssa Olson shared that with this type of event a carnival company is hired. It involves bringing in a third party to run the carnival and attach volunteers or somebody to run it.
- Recommendation from Committee is for staff to look at possible cost of having such an event and bring back to Committee of the Whole for further discussion.

7. Holiday Lighting Display
   - Parks, Recreation and Events Coordinator Alyssa Olson shared that there are production costs that go into a lighting display. There is room for sponsorship but the City will need to put some budget forward for initial costs.
   - Recommendation from Committee is for staff to continue to look into options and possible cost for such an event and bring to August Committee of the Whole meeting for further discussion.

   - C. Roll Call: Members present: Jeff Johnson, Steve Lundeen, Jimmy Gordan, Paul Bergley, Dan Collison, Arissya Simon.
     Members Absent: Alexander Collins
     Staff present: Community Development Director Sheila Sellman, Community Development Specialist Ryan Saltis
   - D. Agenda Modifications: None
   - E. Adopt the Agenda
     Motion to adopt the agenda by Lundeen, second by Collison motion passes 6-0.

2. **Meeting Minutes**
   - A. Approval of Minutes from the May 18, 2021 Planning Commission Meeting motion by Lundeen, second by Simon motion passes 6-0.

3. **Public Hearing**

   A. <u>An amendment to City Ordinance 445, Section 13, Article 2, Subd. 21, said request is to allow small wind energy conversion systems in residential zoning districts.</u> Sellman explained the ordinance amendment request to allow for small wind energy conversion systems in the R-1A, R-1, R-2, R-3A, and R-3B zoning districts. Currently wind energy conversion systems are allowed only in the B-2, I-1, T1-B, and T1-I Districts as a Conditional Use. Staff requested that these small wind energy conversion systems be allowed as an accessory use in residential zoning districts without a conditional use permit. There was no one from the public present at the public hearing to speak on the topic. Motion for approval of the ordinance amendment by Lundeen, second by Bergley, motion passed 6-0.

   B. <u>Request by Image Contracting, LLC for approval of Site Plans under City Ordinance 445 Section 18, said request is for a BP Metals manufacturing and office building located at 825 East Dual Blvd NE.</u> Saltis presented the Site Plans for a proposed BP Metals Manufacturing Building in the Isanti Industrial Park. The applicants representing BP Metals and Image Contracting were present at the meeting and available for questions from the Planning Commission members. The Planning Commission asked if BP Metals was planning to keep their Blaine location in addition to this proposed Isanti location. Blake Pendzimas from BP Metals explained that they are looking to keep their Blaine location for the time being, with potential to

expand the Isanti location in the future. The Planning Commission also asked about the number of employees that would be working at the facility in which the applicant explained that there would be 3 shifts of 15 or more employees per shift and the facility will be open 24 hours per day. There was no one from the public present at the public hearing to speak on this item. Motion to approve the site plans with conditions listed in the staff report and City Engineer's Memo dated 6-2-2021 by Lundeen, 2nd by Simon, motion passes 6-0.

5. **Other Business:** None

6. **Discussion Items:**

   A. **Zoning Code Update** Community Development Director Sellman explained to the Planning Commission that staff will be working on updating the City's Zoning Ordinances in a full review. Changes made to the Zoning Ordinances will be brought to a future Planning Commission meeting for approval.

7. **Adjournment:** Motion by Lundeen, 2nd by Bergley to adjourn, motion passed 6-0 meeting adjourned at 7:42 p.m.

CITY OF ISANTI
PARKS, RECREATION, AND CULTURE BOARD MEETING MINUTES
June 22,2021

Call to Order: Aaron Zdon called the meeting to order at 6:00 p.m.

Roll Call: Members Present: James Witte, Aaron Zdon, Zachary Gahm and Council Member Jimmy Gordon
Staff Present: Alyssa Olson, Parks, Recreation & Events Coordinator, Maizy Burk, Parks, Recreation & Culture Intern, and Mayor Jeff Johnson

Agenda/Modifications: None

2. Meeting Minutes: Motion by Gordon; second by Witte to approve meeting Minutes from April 27, 2021. Motion passed 4-0.

3. Oath of Office: New member Zachary Gahm pronounced the Oath of Office and was officially welcomed to the Board.

4. VFW Park Lease Termination: Olson shared an update on the VFW Park lease termination conversation with the VFW. She relayed that a discussion has taken place with the incoming VFW President who has brought the position to the Post members. Olson is awaiting the decision from the VFW on whether they wish to receive and maintain the playground equipment as a donation or if they would like the City to dismantle the property in terminating the lease agreement.

5. Department Updates: Olson shared updates from May and June events, which have been well-attended. An Adopt-A-Park application has been received and accepted for the Rotary of Cambridge and Isanti. They will begin maintaining Rum River Meadows Park beginning in June through the end of the Park season. New bleachers have been installed at Unity Park. Community Center maintenance was completed and the Isanti Lions are working on getting the oven up to code. Pickleball court has been painted at Mattson Park. The park survey has been distributed to 100+ residents surrounding both Rum River Meadows Park and Isanti Hills Neighborhood Park. Responses are coming in and Maizy is collecting results to be analyzed after the June 30 deadline. Zdon noted the previous survey didn't receive many results so the 50+ received so far is a good improvement.
The Farmers' Market has welcomed a good assortment of vendors, featuring 18-20 through the rest of the season. Attendance has been low, but office staff are taking measures to increase promotion of the weekly markets. First Street Dance was a hit and welcomed an estimated 3000 attendees. The band had a short sound issue at the beginning, but recovered quickly. 8 vendors were onsite and all sold out of most items; they were very pleased with attendance and excited for the next event. Trash was excessive and there was a large number of unsupervised youth in attendance so increased safety and waste measures will be added to the upcoming dates. Medallion Hunt will take place again this year. Maizy is managing the project and coming up with clues and hiding location. She is also connecting with area businesses to secure prizes with a goal of a $500 value. Olson confirmed they are taking measures to extend the hunt period this year and make the medallion more difficult to find. Fireworks have been scheduled for July 8 following the Jubilee Days parade and 4 food trucks will be present onsite. Splish Splash Summer Bash will take place at Bluebird Park on July 9. This year will feature Kids Dance, a waterslide, slip 'n slide, food trucks, pop bottle rockets, face painting and additional water-based activities. Gahm inquired about having community organizations involved. Olson noted she had connected with a few, but it may not be viable for them to participate this year. The goal is to continue to grow the event for future years and include more participation from local businesses and groups.
Olson shared that the Committee of the Whole, prompted by Councilmember Gordon, has requested research on adding an archery range to the Isanti park offerings. Olson will be looking into options and considerations to share at the July COW meeting, and for the PRC Board in July. The Board had a number of questions regarding safety measures and staffing options, to which Olson will be including in her research.
Olson shared that the Performance Center and lighting project in Bluebird Park was approved by the City Council and should be completed in mid-August/early September. Olson noted the goal is to move the September 11 Street Dance to the park, but will depend on construction timeline. Members of the Board had a number of questions regarding the decision to move the Street Dances to the park. Mayor Johnson provided some background on that decision and that it would help with safety measures and event logistics

to be able to use the park instead of the downtown streets. The Board shared concerns about the Street Dances losing their appeal by not being in the street, and that the downtown businesses would not benefit from the move. Olson noted that the businesses downtown don't currently engage in the event and all are closed during it. Zdon shared that bands will want an elevated stage and that should be considered in the height of the Performance Center. Olson noted that the Performance Center was scoped as an amphitheater, which assumes a downward view, but would clarify the height of the cement base. Witte asked about the splash pad plans and if those were to move forward. Olson noted the restrooms and splash pad projects had been postponed, per the Council, and she would be researching those projects more moving into 2022. Mayor Johnson provided some insights into the project from his initial research and stated it is slated to be completed in 2024.

Adjournment: Motion by Witte, second by Gordon to adjourn the June 22, 2021 meeting of the Parks, Recreation, and Culture Board. Motion passed 4-0, meeting adjourned at 6:48 p.m.

Respectfully Submitted

Request for City Council Action

To: Mayor Johnson and Members of City Council
From: Ryan Saltis, Community Development Specialist
Date: August 4, 2021
Subject: Resolution 2021-XXX Approving the Site Plan Review for Wolf River Electric Co.

Overview/Background:
Site Plans were submitted for an office-warehouse building for Wolf River Electric Co. and this item was discussed at the July 20, 2021 Planning Commission Meeting. Topics of discussion included the phasing for the development, exterior building materials, photometrics plans, road accesses and trash enclosure plans. It was explained that the site plans submitted are only for one building and any future phasing will have to go through a separate site plan review for approval. A representative for Wolf River Electric Co. attended the meeting and was available for questions from the Planning Commission. Mayor Johnson asked the representative if the conditions listed in the PC Staff Report and City Engineer's Memo could be met and if they are reasonable. The representative said that the conditions were reasonable and could be met. The Planning Commission made a motion to approve site plans with conditions listed in the July 20, 2021 staff report and City Engineer's Memo dated July 12, 2021, the motion passed 5-0.

Request:
Approval of Site Plans for an office-warehouse building located at 687 E Dual Blvd NE for Wolf River Electric Co.

FINDINGS OF FACT AND CONCLUSION
WOLF RIVER ELECTRIC SITE PLAN

Request

Request by Wolf River Electric Co. for Site Plan Approval for an office-warehouse building located at 687 East Dual Blvd NE.

Findings of Fact

1. The applicant is requesting approval of Site Plans for an office-warehouse building located at 687 East Dual Blvd NE.
2. The Property is zoned I-1, Industrial Park District.
3. A public hearing on the matter was scheduled before the City of Isanti Planning Commission on July 20, 2021 at 7:00 p.m. at City Hall within the City Council Chambers.
4. Notice of the Site Plan application was published with the *County Star* on July 7, 2021. Notices were sent to all property owners located within 350 feet of the aforementioned address.

Conclusions

1. In review of the standards established in Section 18, Subdivision 7; the following conclusions have been made (*conclusions to each requirement are shown in italics):*

   A. Consistency with the elements and objectives of the City's development guides, including the comprehensive plan.
   The office-warehouse building will provide employment opportunities in Isanti within the Industrial District. Office-warehouse is a permitted use in the Industrial District and is guided Industrial in the comprehensive Plan.

   B. Consistency with City Codes.
   The proposed development meets all current City Codes established.

   C. Preservation of the site in its natural state to the extent practicable by minimizing tree and soil removal and designing grade changes to be in keeping with the general appearance of neighboring developed or developing areas.
   There are existing trees on site that will need to be removed for the development of the office-warehouse building. The landscaping plan proposes roughly 20 new trees and other various plantings around the site which will make up for the removal of existing trees on site.

D. The amount and location of open space and landscaping.
The proposed site exceeds minimum requirements for open space and landscaping.

E. Vehicular and pedestrian circulation, including walkways, interior drives, and parking in terms of location and number of access points to the public streets, width of interior drives and access points, general interior circulation, separation of pedestrian and vehicular traffic and arrangement and amount of parking.
Interior vehicular and pedestrian circulation, access points to the public streets, and all other requirements have been met.

F. Protection of adjacent and neighboring properties through reasonable provision for surface water drainage, sound and sight buffers, preservation of views, light, and air and those aspects of design not adequately covered by other regulations which may have substantial effects on neighboring land uses.
The site will be properly shielded with landscaping from neighboring properties. The development of the office-warehouse building is consistent with other buildings in the Industrial Park District and will not have a negative impact on surrounding properties.

G. Consistency with the City's Engineering Design standards as adopted by Resolution of the City Council
The proposed development has been reviewed by the City Engineer. Engineer comments have been or will be incorporated into the development.

Decision

The City of Isanti Planning Commission reviewed the request after a public hearing was held on July 20, 2021. The staff memo, and attachments shall be made part of the Findings of Fact and Conclusion.

Planning Commission Recommendation: Motion by Collison, seconded by Lundeen to recommend approval of site plans for an office-warehouse building located at 687 East Dual Blvd NE. Motion passed 5-0.

MEMORANDUM

TO: Planning Commission

FROM: Ryan Saltis, Community Development Specialist

DATE: July 20, 2021

SUBJECT: Site Plan Review for a proposed office warehouse building located at 687 East Dual Blvd. PID 16.157.0020 (Wolf River Electric)

Request: The applicant, Wolf River Electric is requesting site plan approval for a proposed office warehouse building located at 687 East Dual Blvd (PID 16.157.0020).

Overview/Background: The applicant proposes to construct an office warehouse building on a vacant lot located in the Industrial Park District and legally described as Lot 2 Block 1, Isanti Centennial Complex 7th Rearrangement (PID 16.157.0020) with potential future expansion on the north lot. Any future expansions will need to be submitted separately and are not included in this site plan review.

This parcel is currently zoned I-1 Industrial Park District in which "Office-Warehouse" is a permitted use. The building is intended to provide offices and storage space for electric equipment in a warehouse setting. The building is proposed to be roughly 16,125 square feet and provide forty-one parking stalls with two of these stalls designated as handicap accessible.

Analysis of Application: The site plan for the building shall comply with the following requirements for the I-1 Industrial Park District:

Lot Requirements

- Lot Size Minimum .5 acre
- Minimum Width of Lot at ROW 100 ft
- Minimum landscaping 25% of total lot area

The area of the parcel is roughly 5.01 acres in size and exceeds the lot size minimum.

Setbacks – Principal Building

- Front Yard Setback 30 feet
- Side Yard Setback 15 feet
- Rear Yard Setback 30 feet

The proposed building will be located roughly 100 ft from the east property lines near East Dual Blvd NE and will meet all required setbacks for the I-1 zoning district.

Impervious Surface Coverage

There shall be a required minimum of twenty-five percent (25%) reservation of the total lot area for landscaping use. A landscaping plan must be submitted to and be approved by the Planning Commission or its designee.

Impervious surfaces on site will include the building, paved asphalt parking lot and driveway surfaces. The landscaping requirement of 25% of the total lot area as green space will be met.

Surfacing

All areas devoted for parking space and driveways shall be surfaced with asphalt, concrete, or other surface materials, as approved by the City Engineer, suitable to control dust and drainage. All parking areas shall be designed to control surface runoff to adjacent properties either with curbing or grading techniques.

The parking areas and truck court are proposed to be surfaced with standard duty asphalt. Concrete sidewalks are proposed around the perimeter of the building.

Curbing

Except for single-family dwellings, two-family dwellings, and townhouses, all parking areas located in the R-1, R-2, R-3, and R-4 as well as B-1, B-2, B-3, CBT, RC, I-1, or S-1 zoning districts must have curb and gutter around the perimeter of the parking lot.

Concrete curbing and gutters will extend around the entire perimeter of the parking lot and paved area on site. Valley gutters shall be installed through both proposed entrances.

Striping

All parking stalls shall be marked with either yellow or white painted lines not less than four (4) inches wide.

Four-inch-wide yellow or white striping will be used across the site for designated parking stalls. Two stalls will be striped to indicate no parking for handicap access stalls.

Parking Lot Setbacks

- Front Yard Setback 10 feet
- Rear Yard Setback 10 feet
- Street Side Yard Setback 10 feet
- Side Yard Setback 10 feet

Parking areas on site will meet the required 10-foot setbacks from property lines.

Parking Standards

Number of Required Parking Spaces

The following minimum number of off-street parking and loading spaces shall be provided and maintained:

Industrial Uses

Warehouse / Storage	1 space per 1,500 square feet of floor area *(Ord. No. 617)*

Based on the proposed use and square footage of the proposed building, 11 parking spaces are required in which one stall shall be designated as handicap accessible. The site plans show 41 parking stalls, in which two parking stalls are designated as handicap accessible. The site plans meet the required number of parking spaces for the proposed use.

Stall, Aisle and Driveway Design

. Except in the case of single family and two-family dwellings, and townhouses, parking areas shall comply with the following standards

TABLE 9: Parking Lot and Parking Stall Dimensions

Angle of Parking	Stall Width	Curb Length Per Car	Stall Length	Aisle Width One Way	Aisle Width Two Way
90 degrees	9 feet	9 feet	19 feet	26 feet	26 feet

The site features 90-degree parking stalls and will have two-way traffic. Stall dimensions are shown as 9 feet in width and 19 feet in length and follow this requirement. The drive aisle widths are proposed for at least 26 feet and meet the requirement for two-way vehicle circulation.

Lighting

Any lighting used to illuminate off-street parking areas, signage, or buildings shall be directed away from residential properties and shall meet the standards as stipulated within Section 14 of this Ordinance.

Outdoor Lighting s

A.

An exterior lighting plan shall be submitted that shows lighting types that are proposed on site and include freestanding light poles and wall mounted sconces. All lighting types proposed shall be downlit and designed to reduce glare. These light sources shall meet all criteria listed in Section 14 of the City Zoning Ordinances. Freestanding light poles shall be illustrated on site plans to determine their location to ensure that the foot candles near property lines are being met.

Curb Cuts

There are two curb cuts proposed along East Dual Blvd NE. These two proposed curb cuts are spaced 242 feet apart and are an adequate distance from each other complying with City Standards. The curb cut on the north access to the site is proposed at 30 feet in width and the south access is proposed at 26 feet in width.

Building Design and Construction

A. The design and location of the buildings constructed on a lot shall be attractive and shall complement existing structures and the surrounding natural features and topography with respect to height, design finish, color, size and location.

B. Load bearing structural components shall be steel or structural concrete. Other materials of greater strength may be used if expressly allowed by the City Council.

C. Architecturally and aesthetically suitable building materials shall be applied to, or used on, all sides of all buildings that are adjacent to other existing or future structures or roads. Exterior walls of iron, aluminum, or wood will be permitted only with the specific written approval of the City Council. Exterior walls of masonry, concrete and glass are encouraged. Colors shall be harmonious and compatible with colors of the natural surroundings and other adjacent buildings.

D. All exterior wall finishes on any building shall be comprised of any one or a combination of the following materials:

1. Face brick
2. Natural stone
3. Glass
4. Specially designed pre-cast concrete units, if the surfaces have been integrally treated with an applied decorative material or texture.
5. Factory fabricated, finished 26 Ga. Metal panel
6. Decorative concrete block approved by the City Council.

7. Architectural metal accent panels, generally with a value greater than pre-cast concrete units, and as specifically approved by the City Council.

8. When material noted in (5) above is used, there shall be a wainscot of material noted in (1), (2.) or (6) above, Wainscot shall be located across a minimum of 50% of the linear perimeter of the building and shall be located where most visible from streets and as specifically approved by the City Council. Minimum wainscot height shall be one-third of the sidewalk height and/or specifically approved by the City Council.

9. Other materials as approved by the City Council and in conformance with existing design and character of the Property.

Exterior building materials include rock-faced concrete block and other various types of concrete blocks in two neutral colors, a prefinished metal canopy, metal flashing and aluminum windows and door frames. As proposed, this meets the design standards.

Screening, and Landscaping

A. Fencing and Screening. Fencing and screening of the following shall be in accordance with Section 15 of this Ordinance.

1. The ground level view of mechanical utilities shall be completely screened from adjacent properties and streets, or designed to be compatible with the architectural treatment of the principal structure.

   Mechanical equipment is not displayed on site plans. If mechanical equipment is on the exterior of the building, site plans shall be altered to show the location of the equipment.

2. External loading and service areas shall be completely screened from the ground level view of adjacent residential and commercial properties, and adjacent streets.

   There are no loading and service areas displayed on site plans. A building of this size (under 100,000 square ft) does not require a designated loading area.

3. When abutting or directly across the street from a Residential District, a fencing and/or screening is required.

   The site does not abut a residential area.

5. Light from automobile headlights and other sources shall be screened when adjacent to a residential district.

   Site does not surround a residential area. The landscape plan shows privacy trees and plantings around the twenty-five parking stalls facing East Dual Blvd NE to shield from automobile headlights.

Landscaping

Non-Residential Requirements: In addition to the general requirements noted, properties located within non-residential districts, shall be subject to the following regulations:

Minimum Landscaping Requirements. All open areas of a lot which are not used or improved for required building areas, parking areas, building expansion areas, drives, sidewalks, storage, or similar hard surface materials shall be landscaped with a combination of sod, overstory trees, understory trees, shrubs, flowers, ground cover materials and/or other similar site design features or materials in a quantity acceptable to the City.

Maintenance of Landscaping. The owner, tenant, and their respective agents shall be responsible for the maintenance of all landscaping provided on the parcel(s) in a condition presenting a healthy, neat, and orderly appearance; free from refuse and debris. Plants and ground cover that are required by an approved site or landscape plan and which have died shall be replaced within three (3) months from receipt of notification by the City. The time for compliance may be extended to nine (9) months, due to seasonal weather conditions.

Soil Requirements. A minimum of four (4) inches of topsoil shall be provided upon all lots.

Turf Requirements. All areas disturbed by new construction or not covered by established lawn or turf shall be sodded. Those areas to be maintained as natural areas as provided for within a developer's agreement or any wetlands that may be located on the property are exempt from this provision. The Building Official may waive this requirement upon inspection of the property.

Tree Requirements.

a. Landscaping shall provide for an appropriate mix of plantings around the exterior footprint of all buildings. Landscaping shall improve the appearance of the structure and break up large unadorned building elevations. Plantings are not intended to obscure views of the building or accessory signage.

b. Where undeveloped or open areas of a site are located adjacent to a public right-of-way, the plan shall provide for deciduous trees. A minimum of one (1) tree per fifty (50) feet of street frontage is required. The city may approve an alternative if such alternative appears to meet the intent of this article.

c. In addition to deciduous and coniferous trees; shrubs, ornamental trees, perennials and annual flowers and bulbs as well as ornamental grasses and ground cover shall be used to compliment the landscape plan.

d. Trees shall be of varying species and shall be in accordance with the City Tree Lists, as presented within the Section. If four (4) or more trees are used, the trees shall be of at least three (3) different species. If seven (7) or more trees are planted, trees shall be of at least four (4) different species. Other types of trees not listed on the City Tree Lists may be permitted at the discretion of City Staff.

The landscaping plan proposes to include small plantings and a mix of ornamental and overstory trees in between the proposed parking area and the East Dual Blvd NE. Small shrubs and plantings will be placed in planting beds and sod will surround the parking

area curbing. The City Landscaping Ordinance requires that the site have at least 7 trees based on the lot frontage calculation (1 tree per 50 ft of lot frontage) and the proposed amount of 19 trees will meet this standard.

Refuse and Trash Receptacle Enclosures

B. Trash Dumpsters and Garbage Receptacles Required: All new uses and buildings in all zoning districts, with the exception of the "R-1", "R-2", and "R-3A" Districts; shall have trash dumpsters or garbage receptacles provided on the parcel or lot and be adequately screened and enclosed. The location of trash dumpsters and garage receptacles shall be approved during the site plan approval process.

C. Standards for Trash Enclosures: Trash dumpsters and garbage receptacles shall be screened from all lot lines and public roadways, in accordance with the following provisions:

1. The screening devices shall be designed so that they are architecturally harmonious with the principal structures on the site and shall meet the requirements as specified in Section 15 of this Ordinance.

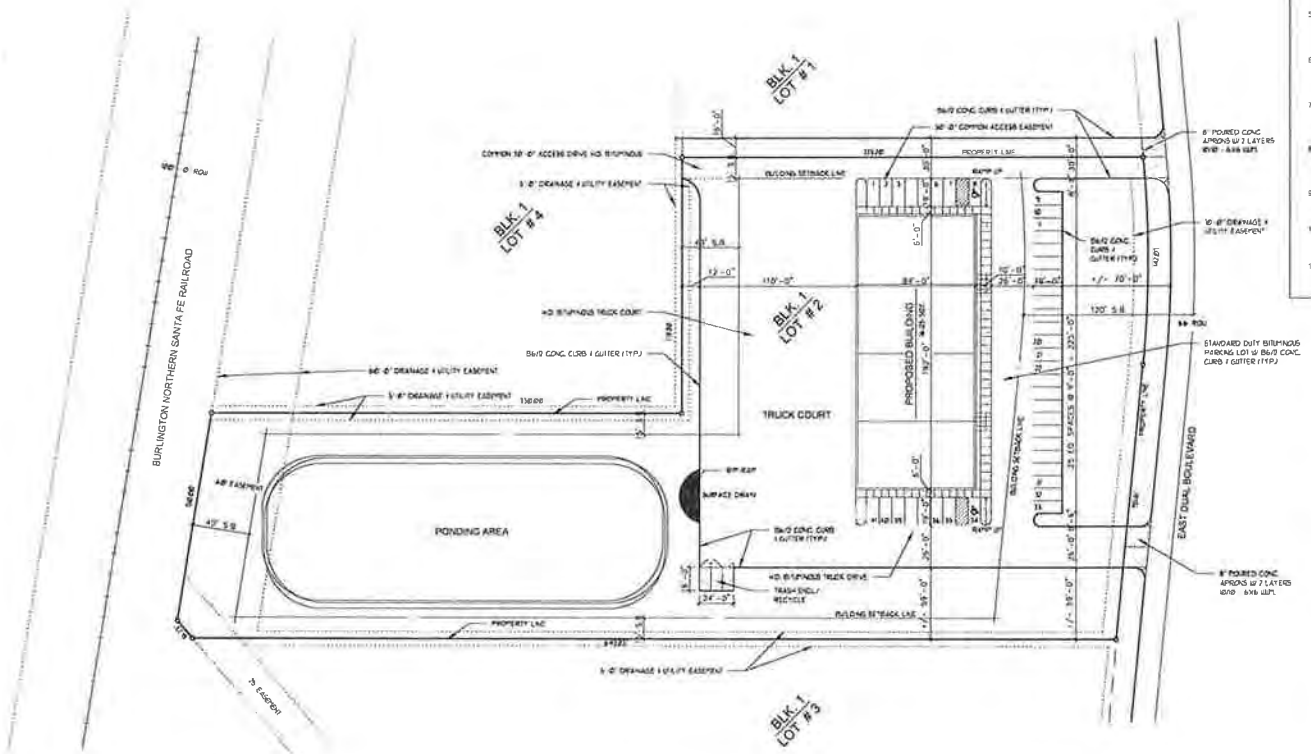
2. Trash enclosures shall be lit.

3. Trash enclosures shall be of an adequate size to accommodate all refuse and recyclables.

D. Enclosure and Receptacle Maintenance Required: Fencing and landscaping for trash dumpsters and garbage receptacles shall be maintained in good condition and shall be kept litter-free at all times.

The trash receptacle is proposed to be located in the parking area near the proposed stormwater pond. The trash enclosure on the site plan shows that it will be 16 ft in width and 24 ft in length. The appearance and materials of the trash enclosure have not been shown on submitted plans, the enclosure shall follow the regulations set in Section 14, Subdivision 3 of the City's Zoning Ordinances and shall be enclosed. The trash enclosure shall also be illuminated for the safety of employees. The landscape plan shows three black hills spruce trees proposed around the trash enclosure for shielding from surrounding properties.

Signs



Sign permits will need to be applied for separately from the site plans. All signs will need to follow criteria listed in Section 16 of the City's Zoning Ordinances. Permits will be needed for approval of location and dimensions determined at a later date.

Staff Recommendation: Staff recommends approval of the proposed Wolf River Electric office warehouse building located at 687 East Dual Blvd PID 16.157.0020 with the following conditions:

1. Location of freestanding light poles and exterior building lighting shall be shown on site plans and approved by staff prior to applying for a building permit
2. Trash enclosure plans shall be submitted for staff review and approval prior to applying for a building permit
3. A photometrics plan shall be submitted to review lighting types and foot candle readings prior to applying for a building permit
4. All signs shall require a sign permit when applicable to determine dimensions and locations and shall follow Section 16 of the City's Zoning Ordinances
5. Applicant shall apply for all permits associated with the building including but not limited to a building permit, mechanical permit, plumbing permit, electrical permit, and sewer and water hookup.
6. All conditions/comments listed in the City Engineer's memo dated 7/12/2021 shall be addressed

MEMORANDUM

Date: July 12, 2021

To: Sheila Sellman, Community Development Director

From: Jason W Cook, P.E.
City Engineer

Subject: Wolf River Electric – Site Plan Review
City of Isanti, MN
Project No.: 0R1.123130

We have reviewed the Site Plan and supporting documents entitled "Wolf River Electric" with a date of June 20, 2021.

The plan includes the construction of a new building, parking lot and pond.

An existing and proposed stormwater model was also submitted.

A future concept layout of a three lot subdivision was also included. We have not reviewed the other concept layouts at this time, however, we have verified the lot width at East Dual Boulevard is based on the currently platted lot lines.

We have reviewed the submitted documents and have the following comments:

Site Plan:

1. Sheet C3 Erosion & Sediment Control Plan:
    a. Submit SWPPP to City prior to beginning work as over 1 acre of surface will be disturbed.
2. Sheet C5 – Civil Site Plan:
    a. No future layout linework will be reviewed as submitted. Those expansions will need to be submitted in the future for full plan review.
    b. Construct valley gutter through both proposed entrances.
    c. Obtain ingress/egress easement from Lot 1 and give one to Lot 1.
3. Sheet C6 – Grading Plan:
    a. Provide slope percent labels along curb and in pavement.
    b. Show the handicap stall areas do not exceed 2%, and show the ped ramps onto the sidewalk.
    c. The proposed infiltration basin needs to have 3 feet of separation from the pond bottom to the ground water level.

d. The proposed infiltration basin will need to have a soil boring to determine the water table, and a percolation test to determine infiltration rate.

e. Show the EOF spot elevation for the proposed pond.

f. Submit pond maintenance plan.

4. Sheet C7 – Utility Plan:

a. Provide a outlet structure for the proposed pond.

b. A sanitary sewer service and water service are already stubbed to the property line. See attached record drawing. Connect to these services, as opposed to cutting into the street if possible.

c. The storm sewer inverts appear to be at or near the groundwater level. This does not allow room for infiltration.

Stormwater Modeling:

1. Submit subcatchment maps for the existing and proposed models.
2. Use Atlas-14 storm event modeling.
3. Submit summary table of 2, 10, and 100 year storm event flow rates pre and post development.
4. Verify ground water will be over 3-feet below the bottom of the proposed infiltration basin. Provide geotechnical report showing this and have percolation tests completed to determine infiltration rate. Revise model as needed. Correct soil to not exceed maximum allowed infiltration rates.

We recommend approval of the site plan once the above items are addressed.

Please contact me if you have any questions.

Request for City Council Action

To: Mayor Johnson and Members of City Council
From: Sheila Sellman, Community Development Director
Date: August 4, 2021
Subject: Consideration of a Conditional Use Permit, Variance and Site Plan for Isanti Self-Storage

---

Background:
In April, staff was notified that additional storage units were added around the outside perimeter of the subject site, no permits were applied for prior to construction. Upon further research of the history of the site and original approvals, the units added were not part of the original site plans for the facility. City staff determined that since the site has been altered, a site plan review for the new units is necessary. Self-Storage is a conditional use in the I-1 Industrial Park District, the site does not currently have a Conditional Use Permit (CUP) for the three original buildings. Adding the new units increases the intensity of the site trigger the CUP requirement.

The applicant has applied for a CUP for the use, a variance to the impervious surface maximum, a variance to the rear yard setback and site plan approval. At the May 18, 2021 Planning Commission, the Commission recommended approval of the CUP for the use and directed the applicant to apply for the variances. The Planning Commission held a public hearing on July 20, 2021 for the variance requests. The Planning Commission recommends denial of the rear yard setback variance and denial of the site plan. The Planning Commission also recommends approval of the CUP and the variance to the impervious surface requirement.

If the City Council approves the variance for the setback requirements findings of fact of approval will need to be made at the Council meeting. Staff does not support he setback variance. The Planning Commission recommended a deadline of September 30, 2021 for the additional units to be removed, this will be incorporated in the CUP approvals.

If the Council approves the variance to allow the additional storage units staff suggests the following Conditions:

1. A building permit for each structure shall be applied for
2. The units along the southern lot line shall be removed by September 30, 2021
3. The units shall be moved out of the drainage and utility easement
4. The owner shall address runoff issues as identified by the City Engineer
5. The variance is limited to the 9 units shown on the site plan
6. The applicant shall record the variance with the County

Request: Consider adopting the resolution and findings of fact for the Conditional Use permit and variance to impervious surface and denying the site plan and variance to setbacks.

FINDINGS OF FACT AND CONCLUSION
Isanti Self-Storage Conditional Use Permit

Request

Request from Isanti Self-Storage for a Conditional Use Permit to operate a self-storage facility at the property located at 515 1st Avenue NW, PID 16.058.0051 in the City of Isanti.

Findings of Fact

1. The applicant is requesting approval of a Conditional Use Permit for the property described under 'Request.'
2. The property is zoned Industrial Park District.
3. A public hearing on the matter was scheduled before the City of Isanti Planning Commission on May 18, 2021 at 7:00 p.m. at City Hall within the City Council Chambers Virtually.
4. Notice of the Conditional Use Permit application was published with the *County Star* on May 6, 2021. Notices were sent to all property owners located within 350 feet of the aforementioned address.
5. Section 21, Article 2: Conditional Use Permits, Subdivision 3(D) of the Zoning Ordinance establishes factors that the judgement of the Planning Commission shall be based upon when reviewing a Conditional Use Permit request as well as Section 21, Article 2: Conditional Use Permits, Subdivision 4 General Performance Standards of the Zoning Ordinance establishes additional general standards that shall be used to evaluate any proposed Conditional Use Permit request.

Conclusions

1. In review of the standards established in Section 21, Article 2, Conditional Use (D); the following conclusions have been made (*conclusions to each requirement are shown in italics):*

   A. The proposed action has been considered in relation to the specific policies and provisions of and has been found to be consistent with the goals and objectives of the Comprehensive Plan, including public facilities and capital improvement plans.
   The site is guided Industrial and Self-storage is consistent with industrial development.

   B. The proposed action meets the purpose and intent of this Ordinance and the underlying zoning district. *The site is currently being used as a self-storage facility, granting the CUP will bring that portion of the use into conformance which is the intent.*

   C. The establishment, maintenance or operation of the conditional use will promote and enhance the general public welfare and will not be detrimental or endanger the public health, safety, morals, or comfort. *The establishment will not be detrimental or endanger the public. The site has been established as a self-storage facility.*

   D. The conditional use will not be injurious to the use and enjoyment of other property within the immediate vicinity for the purposes already permitted; nor substantially diminish or

impair property values within the neighborhood. *The use is a continuation of what has been there and will not diminish or impair property values.*

E. The establishment of the conditional use will not impede the normal and orderly development and improvement of surrounding property for uses permitted in the district. *The site is already established as a self-storage facility, conditional use will not impede on the normal and orderly development and improvement of surrounding property.*

F. Adequate public facilities and services are available or can be reasonably provided to accommodate the use which is proposed. *This is an existing use and adequate facilities have been established.*

G. The conditional use shall, in all other respects, conform to the applicable regulations of the district in which it is located. *The use meets this requirement with the exception of the impervious surface maximum coverage allowed in the Industrial Park District, the applicant has applied for a variance to this requirement.*

H. The conditional use complies with the general and specific performance standards as specified by within this Article. *The use meets this requirement with the exception of the impervious surface maximum coverage allowed, a variance has been applied for.*

2. Section 21, Article 2, Subd. 4 addresses performance standards for Conditional Use Permit. The standards and staff responses *(italicized)* are below:

    A. The use and the site in question shall be served by a street of sufficient capacity to accommodate the type and volume of traffic which would be generated an adequate public right-of-way shall be provided.
    Staff believes that the existing street is of sufficient capacity to accommodate the type and volume of traffic as a result of this development.

    B. The site design for access and parking shall minimize internal as well as external traffic conflicts and shall be in compliance with Section 17 of this Ordinance.
    The proposed CUP will be in an existing building that already is designed for access and parking. All parking is met under Section 17 of this Ordinance.

    C. If applicable, a pedestrian circulation system shall be clearly defined and appropriate provisions made to protect such areas from encroachment by parked or moving vehicles.
    Parking for this development does not impact pedestrian circulation.

    D. Adequate off-street parking and off-street loading shall be provided in compliance with Section 17 of this Ordinance.
    Adequate off-street parking and off-street loading is provided in accordance with section 17 of this ordinance.

    E. Loading areas and drive-thru facilities shall be positioned so as to minimize internal site access problems and maneuvering conflicts, to avoid visual or noise impacts

on any adjacent residential use or district, and provided in compliance with Section 17 of this Ordinance.
This section is met.

F. Whenever a non-residential use is adjacent to a residential use or district, a buffer area with screening and landscaping shall be provided in accordance with the provisions of Section 15 of this Ordinance.
This area is surrounded by other industrial uses. This section is met.

G. General site screening and landscaping shall be provided in compliance with Section 15 of this Ordinance.
The site is already developed. This section is met.

H. All exterior lighting shall be directed so as not to cast glare toward or onto the public right-of-way or neighboring residential uses or districts, and shall be in compliance with Section 14 of this Ordinance.
Existing lighting complies with our zoning code. This section is met.

I. The site drainage system shall be subject to the review and approval of the City Engineer.
This is an already developed site.

J. The architectural appearance and functional design of the building and site shall not be so dissimilar to the existing and potential buildings and area so as to cause a blighting influence. All sides of the principal and accessory structures are to have essentially the same or coordinated, harmonious exterior finish materials and treatment.
The building already exists, and as such, is compliant with our zoning code.

K. Provisions shall be made for daily litter control, an interior location for recycling and trash handling and storage or an outdoor, enclosed receptacle area shall be provided in compliance with Section 14 of this Ordinance.
Existing garbage facilities will be used for trash and recycling purposes.

L. All signs and informational or visual communication devices shall be in compliance with Section 16 of this Ordinance.
The applicant will need to submit a sign permit for review and approval prior to any signage associated with this development being installed.

M. The use and site shall be in compliance with any federal, state, or county laws or regulations that are applicable and any related permits shall be obtained and documented to the City.
The applicant will be required to obtain all proper licensing from the City, State, County, and Federal Governments as deemed necessary.

N. Any applicable business licenses mandated by City Code are approved and obtained.
The applicant may be required to obtain proper licensing from the City, State, County, and Federal Government as deemed necessary.

O. The hours of operation may be restricted when there is judged to be an incompatibility with a residential use or district. *This requirement is met as proposed.*

P. The use complies with the applicable performance standards of the zoning district in which it is located and where applicable, any non-conformities shall be eliminated.
This use complies with the performance standards of the zoning district except the impervious surface requirement, a variance has been applied for.

Q. Additional Stipulations. All conditions pertaining to a specific site are subject to change when the City Council, upon investigation in relation to a formal request, finds that the general public health, safety, and welfare, can be served as well or better by modifying or expanding the conditions set forth herein.
Any additional stipulations will be included in the Conditional Use Permit approved by the City Council.

Decision

The City of Isanti Planning Commission reviewed the request after a public hearing was held on May 18, 2021. The staff memo, and attachments shall be made part of the Findings of Fact and Conclusion.

Planning Commission Recommendation: Motion by Lundeen, seconded by Bergley to recommend approval of the Conditional Use Permit with conditions. Motion passed unanimously.

FINDINGS OF FACT AND CONCLUSION
Variance to Impervious Surface Isanti Self-Storage

Request

Request from Isanti Self-Storage for a variance to the impervious surface maximum for property located at 515 1st Avenue NW, PID 16.058.0051 in the City of Isanti.

Findings of Fact

1. The applicant is requesting approval of a Variance to the impervious surface maximum in the Industrial Park District.
2. The property is zoned Industrial Park District.
3. A public hearing on the matter was scheduled before the City of Isanti Planning Commission on July 20, 2021 at 7:00 p.m. at City Hall within the City Council Chambers Virtually.
4. Notice of the Variance application was published with the *County Star* on July 8, 2021. Notices were sent to all property owners located within 350 feet of the aforementioned address.

Conclusions

An application for a variance shall not be approved unless the variance, if permitted, is in harmony with the general purposes and intent of the ordinance and is consistent with the Comprehensive Plan and findings are made that failure to grant the variance would result in practical difficulties on the applicant. Practical difficulties used in connection with the granting of a variance, means that the property owner meets all of the following criteria:

A. The property owner proposes to use the property in a reasonable manner not permitted by the zoning ordinance. *Self-storage has been established on this property and is permitted by a CUP. In obtaining the CUP it was discovered the site is over on impervious this is not something the owner did, the lot was over when they purchased.*
B. The plight of the landowner is due to circumstances unique to the property and has not been caused by the landowner. *Exceeding impervious coverage is not unique. The landowner did not create the need for an impervious surface variance the site was already developed and they are requesting the variance to bring the site into compliance.*
C. A variance, if granted, will not alter the essential character of the locality. *The site is already developed.*
D. Practical difficulties include but are not limited to, inadequate access to direct sunlight for solar energy systems. *NA*
E. Economic considerations alone do not constitute practical difficulties. *The impervious surface was an existing condition when the applicant purchased the property.*

Decision

The Planning Commission reviewed the request in a public hearing on July 20, 2021. The meeting minutes, staff memo, and attachments shall be made a part of the Findings of Fact and Conclusion.

Planning Commission Recommendation:
Motion by Lundeen, second by Collison to recommend approval of the variance to impervious surface motion passed 4-1, Commissioner Gordon voted Nay.

FINDINGS OF FACT AND CONCLUSION
Variance to Rear Yard Setback Isanti Self-Storage

Request

Request from Isanti Self-Storage for a variance to the rear yard setbacks for additional storage units at the property located at 515 1st Avenue NW, PID 16.058.0051 in the City of Isanti.

Findings of Fact

1. The applicant is requesting approval of a Variance to the rear yard setback of 30 feet for additional storage units.
2. The property is zoned Industrial Park District.
3. A public hearing on the matter was scheduled before the City of Isanti Planning Commission on July 20, 2021 at 7:00 p.m. at City Hall within the City Council Chambers Virtually.
4. Notice of the Variance application was published with the *County Star* on July 8, 2021. Notices were sent to all property owners located within 350 feet of the aforementioned address.

Conclusions

An application for a variance shall not be approved unless the variance, if permitted, is in harmony with the general purposes and intent of the ordinance and is consistent with the Comprehensive Plan and findings are made that failure to grant the variance would result in practical difficulties on the applicant. Practical difficulties used in connection with the granting of a variance, means that the property owner meets all of the following criteria:

A. The property owner proposes to use the property in a reasonable manner not permitted by the zoning ordinance. *Self-storage facilities are a Conditional Use in the Industrial Park zoning district. The subject site does not currently have a Conditional Use Permit (CUP) and is considered legally non-conforming for that use. A CUP has been applied for and has been approved for the use, not the site plan and not for the increased storage units. The site is maxed out with the existing storage facilities and is over on impervious already. The proposed addition of 9 more units is not reasonable use of the property as stated it is already maxed out with the existing structures.*

B. The plight of the landowner is due to circumstances unique to the property and has not been caused by the landowner. *This property is not unique and the circumstances are directly caused by the owners.*

C. A variance, if granted, will not alter the essential character of the locality.

Granting a variance for setbacks does alter the essential character of the locality. The additional units are out of place and inconsistent with the area's greenspace and impervious coverage.

D. Practical difficulties include but are not limited to, inadequate access to direct sunlight for solar energy systems.

There are no practical difficulties.

E. Economic considerations alone do not constitute practical difficulties.

Economic considerations alone are the only reason for this variance request. The applicant has not demonstrated any other hardship, the need is purely for their economic gain.

Decision

The Planning Commission reviewed the request in a public hearing on July 20, 2021. The meeting minutes, staff memo, and attachments shall be made a part of the Findings of Fact and Conclusion.

FINDINGS OF FACT AND CONCLUSION
Site Plan Isanti Self-Storage

Request

Request from Isanti Self-Storage for site plan approval for additional storage units at the property located at 515 1st Avenue NW, PID 16.058.0051 in the City of Isanti.

Findings of Fact

1. The applicant is requesting approval of a site plan for additional storage units.
2. The property is zoned Industrial Park District.
3. A public hearing on the matter was scheduled before the City of Isanti Planning Commission on May 18, 2021 at 7:00 p.m. at City Hall within the City Council Chambers Virtually.
4. Notice of the Variance application was published with the *County Star* on May 6, 2021. Notices were sent to all property owners located within 350 feet of the aforementioned address.

Conclusions

In review of the standards established in Section 18, Subdivision 7, the following conclusions have been made (*conclusions to each requirement are shown in underlined italics)*:

A. Consistency with the elements and objectives of the City's development guides, including the Comprehensive Plan.
The proposed additional storage units are not consistent with the elements and objectives of the City's development guides and the Comprehensive Plan in that the additional units do meet code requirements.

B. Consistency with City Codes.
As proposed the additional storage units do not meet setbacks and impervious surface coverage. Adding the storage units impedes run off from the site.

C. Preservation of the site in its natural state to the extent practicable by minimizing tree and soil removal and designing grade changes to be in keeping with the general appearance of neighboring developed or developing areas.
The site is fully developed with 3 large storage facilities.

D. The amount and location of open space and landscaping.
Currently the site does not meet the open space or landscaping requirements adding more units increases this disparity.

E. Vehicular and pedestrian circulation, including walkways, interior drives, and parking in terms of location and number of access points to the public streets, width of interior drives and access points, general interior circulation, separation of pedestrian and vehicular traffic and arrangement and amount of parking.
Adding additional units will impede vehicular traffic and parking.

F. Protection of adjacent and neighboring properties through reasonable provision of surface water drainage, sound and light buffers, preservation of views, lights, and air and those aspects of design not adequately covered by other regulations which may have substantial effects on neighboring land uses.

The proposed additional units impede the drainage from this stie.

G. Consistency with the City's Engineering and Design standards as adopted by Resolution of the City Council.
The City Engineer has reviewed the site plan and is recommending the additional units be removed

Decision

The Planning Commission reviewed the request in a public hearing on May 18, 2021. The meeting minutes, staff memo, and attachments shall be made a part of the Findings of Fact and Conclusion.

Planning Commission Recommendation:

Motion by Lundeen, second by Johnson to recommend denial of the site plan motion failed. Motion by Gordon to approve the site plan with a condition a site survey for units on the west side and stay at least 2 feet off the west property line and remove units on the south side of the property, second by Bergley, motion passed 4-2.

Request for City Council Action

To: Mayor Johnson and Members of City Council
From: Sheila Sellman, Community Development Director
Date: August 4, 2021
Subject: Resolution 2021-XXX Denying an Alternative LOC Payment for Fairway Greens North Phase I

Background:
At the January 19, 2021 City Council meeting, the Council approved the Preliminary Plat and Planned Unit Development for Fairway Greens North with conditions. The Final Plat for Phase I was approved on April 6, 2021 for 56 lots. On June 1, 2021the Development Agreement was approved with the standard LOC language. Prior to approval of the Development Agreement the applicant requested Council lower the escrow from $30,000 to $10,000. Based on staff recommendations the Council did not lower that amount.

The developer is requesting the city accept and alternative to the LOC payment. As outlined by Falcon Bank they want to do the LOC in a form of a loan "so basically as we advance for the payment of bills the letter of credit amount available reduces. We would use a title company for all draws and we could have you review payment up front and be part of the approval process so that before we advance you already had the reduction approved."

Recommendation from Finance Director Betker "probably doesn't move things along any faster than our standard procedure where Council first reviews all Letter of Credit reduction requests based on the City Engineer's recommendation. The proposed process might move slightly faster if the Council were willing to relinquish their approval to staff, however I would NOT recommend that. It would seem to me that if the Council relinquishes its oversight authority, the Council and hence Isanti taxpayers take additional risk with little to no additional benefit.

I would recommend continuing with our current directed procedure which requires either a cash escrow or Letter of Credit and prior Council consideration and approval being required before the Letter of Credit or cash escrow can be reduced."

If the Council approves the alternative to the LOC the Development Agreement will need to be amended and the City Attorney will need to review the alternative documents and Development Agreement Amendment.

Request: Consider adopting Resolution 2021-XXX denying the request

APPROVING A MUTUAL AID AGREEMENT BETWEEN THE CITY OF ISANTI AND THE CAMBRIDGE-ISANTI SCHOOL DISTRICT FOR THE SHARING OF EQUIPMENT AND PERSONNEL RESOURCES

WHEREAS, an agreement has been developed pursuant to Minnesota Statutes 471.59 that authorizes the joint and cooperative exercise of powers common to contracting parties; and,

WHEREAS, the intent of the agreement is to make equipment, personnel and other resources available to a government entity from another government entity; said entities being the City of Isanti and the Cambridge-Isanti School District;

NOW, THEREFORE, BE IT RESOLVED by the City Council of the City of Isanti, Minnesota, as follows:

1. That the Mutual Aid Agreement Between the City of Isanti and the Cambridge-Isanti School District attached as 'Exhibit A' is approved.

2. Mayor and City Administrator are hereby authorized to execute said document.

This resolution was duly adopted by the Isanti City Council this 4th day of August 2021.

Exhibit A

Cambridge-Isanti School District, ISD 911, and City of Isanti, Minnesota
Mutual Aid Agreement

Purpose
This Agreement is made pursuant to Minnesota Statutes, Section 471.59 which authorizes the joint and cooperative exercise of powers common to contracting parties. The intent of this Agreement is to make equipment, personnel and other resources available to governmental units from other governmental units.

Definitions

"Party" means a governmental unit as defined by Minnesota Statues, Section 471.59, subd. 1.

"Parties" shall collectively mean more than one Party.

"Requesting Official" means the person designated by a Party who is responsible for requesting Assistance from other Parties.

"Requesting Party" means a Party that requests Assistance from other Parties.

"Responding Official" means the person designated by a Party who is responsible to determine whether and to what extent that Party should provide Assistance to a Requesting Party.

"Responding Party" means a Party that provides Assistance to a Requesting Party.

"Assistance" means (Check the type of assistance that will be provided):

✓Public works / maintenance personnel and equipment:
✓Other personnel and equipment as may be needed to effectively respond to a natural disaster or other emergency (e.g. school buses for transportation, schools for shelters, or volunteer coordination centers, staff for EOC operations, etc.).

Procedure

1. **Request for Assistance**. Whenever, in the opinion of a Requesting Official, there is a need for Assistance from other Parties, the Requesting Official may call upon the Responding Official of any other Party to furnish Assistance.

2. **Response to Request**. Upon the request for Assistance from a Requesting Party, the Responding Official may authorize and direct that Party's personnel to provide Assistance to the Requesting Party. This decision will be made after considering the needs of the Responding Party and the availability of resources.

3. **Recall of Assistance**. The Responding Official may at any time recall such Assistance when in his or her best judgment or by an order from the governing body of the Responding Party, it is considered to be in the best interests of the Responding Party to do so.

4. **Command of Scene.** The Requesting Party shall be in command of the mutual aid scene. The personnel and equipment of the Responding Party shall be under the direction and control of the Requesting Party until the Responding Official withdraws Assistance.

Workers' compensation
Each Party shall be responsible for injuries or death of its own personnel. Each Party will maintain workers' compensation insurance or self-insurance coverage, covering its own personnel while they are providing Assistance pursuant to this Agreement. Each Party waives the right to sue any other Party for any workers' compensation benefits paid to its own employees or volunteer or their dependents, even if the injuries were caused wholly or partially by the negligence of any other Party or its officers, employees, or volunteers.

Damage to equipment
Each Party shall be responsible for damages to or loss of its own equipment. Each Party waives the right to sue any other Party for any damages to or loss of its equipment, even if the damages or losses were caused wholly or partially by the negligence of any other Party or its officers, employees, or volunteers.

Liability

1. For the purposes of the Minnesota Municipal Tort Liability Act (Minn. Stat. Ch. 466), the employees and officers of the Responding Party are deemed to be employees (as defined in Minn. Stat. § 466.01, subd. 6) of the Requesting Party.

2. The Requesting Party agrees to defend and indemnify the Responding Party against any claims brought or actions filed against the Responding Party or any officer, employee, or volunteer of the Responding Party for injury to, death of, or damage to the property of any third person or persons, arising from the performance and provision of Assistance in responding to a request for Assistance by the Requesting Party pursuant to this Agreement.

3. For purposes of determining total liability for damages pursuant to Minn. Stat. § 471.59, subd. 1a(b), the Parties are considered a single governmental unit and the total liability of the Parties shall not exceed the limits on governmental liability for a single governmental unit as specified in Minn. Stat. § 466.04, subd. 1.

4. The intent of this subdivision is to impose on each Requesting Party a duty to defend and indemnify a Responding Party for claims arising within the Requesting Party's jurisdiction subject to the limits of liability under Minnesota Statutes, Chapter 466. The purpose of creating this duty to defend and indemnify is to simplify the defense of claims by eliminating conflicts among defendants, and to permit liability claims against multiple defendants from a single occurrence to be defended by a single attorney.

5. No party to this Agreement nor any officer of any Party shall be liable to any other Party or to any other person for failure of any Party to furnish Assistance to any other Party, or for recalling Assistance, both as described in this Agreement.

Charges to the Requesting Party

1. No charges will be levied by a Responding Party to this Agreement for Assistance rendered to a Requesting Party under the terms of this Agreement unless that Assistance continues for a period of more than 48 hours. If Assistance provided under this Agreement continues for more than 48 hours, the Responding Party will submit to the Requesting Party an itemized bill for the actual cost of any Assistance provided after the initial 8-hour period, including salaries, overtime, materials and supplies and other necessary expenses. The Requesting Party will reimburse the Party providing the Assistance for that amount.

2. Charges for mutual aid responses for acts of terrorism, natural disasters, or arson shall be at the following rates, which will be subject to annual adjustments over the term of this agreement:

School Bus with Driver	$85.00 per hour
EOC Finance Personnel	$60.00 per hour
EOC Transportation Personnel	$39.00 per hour
EOC Facilitates Personnel	$45.00 per hour

3. Such charges are not contingent upon the availability of federal or state government funds.

Duration
This Agreement will be in force for a period of five years from the date of execution. Any Party may withdraw from this Agreement upon thirty (30) days written notice to the other Party or Parties to the Agreement. (Expiration Date: June 30, 2026)

Execution
Each party hereto has read, agreed to and executed this Mutual Aid Agreement on the date indicated.

CITY OF ISANTI
PARKS, RECREATION, AND CULTURE BOARD MEETING MINUTES
July 27,2021

Call to Order: James Witte called the meeting to order at 6:02 p.m.

Roll Call: Members Present: James Witte, Zachary Gahm, Dan HinnenKamp and Council Member Jimmy Gordon
Staff Present: Alyssa Olson, Parks, Recreation & Events Coordinator, Maizy Burk, Parks, Recreation & Culture Intern

Agenda/Modifications: None

2. Oath of Office: New member Dan HinnenKamp pronounced the Oath of Office and was officially welcomed to the Board.

3. Meeting Minutes: Motion by HinnenKamp; second by Gordon to approve meeting Minutes from June 22, 2021. Motion passed 4-0.

4. Neighborhood Park Survey: Olson shared results from the neighborhood park surveys. 30% of nearby residents returned surveys with feedback. Residents near Isanti Hills have younger children that use the park weekly to monthly. Main playground features used are the slide, swingset and jungle gym, as well as park benches and shelter. The bouncing characters and dirt diggers are least often used. Respondents identified adding sports equipment, recreational elements and fitness equipment or Early Childhood Learning features as enhancements that would increase park use. Respondents identified rowdy teenagers, playground features that aren't appropriate for toddlers, outdated equipment and accessibility issues as deterrents to park use.
Residents near Rum River Meadows Park have children under 3 or over 11, missing core ages in elementary school. Most respondents use the park either daily or weekly. Swingset and slide are the most used features, along with park benches and open recreational space. Volleyball net does get some use, but minimal. Most respondents identified adding sports equipment, recreational elements and natural elements to the park would increase use. Rowdy teenagers, absence of shade and absence of activities for both young kids and teenagers/adults as deterrents to park use. This neighborhood also noted that they gather often and could benefit from a communal space at the park.
Gahm asked about costs and logistics of adding shade structures and of requesting more patrolling from Isanti PD of these parks at night. Olson will look into options and connect with Chief Muyres on safety recommendations.

5. Department Updates: Olson shared updates from July events, which have been well-attended.
Medallion was found after 1 day at Legacy Park. The boys that won took home $430 in prizes. Will work to create harder clues and a more difficult hiding space next year.
Fireworks had about 1000 people in attendance. Gap in time after the parade likely deterred audience from sticking around.
Splish Splash Summer Bash went well. Kids enjoyed the pop bottle rockets, face painting, Kids Dance and the inflatables. ICF presentation was unnecessary and will be eliminated in future years, just keeping DJ entertainment on stage. Food vendors were limited due to a last-minute vendor drop out. Olson will work to incorporate more vendors in the future. Attendance was similar to last year, with possible slight increase, but they stayed onsite longer with more activities. Gahm asked about adding more activities next year and Olson noted she has requested budget for this event in 2022. If approved, that will help to add more inflatables, face painters and activities to the event. Olson will also look for a face painter that focuses on smaller designs that take less time to complete and can get more kids through.
Street Dance had lighter attendance, but still around 2,000 attendees. Food vendors seemed light because there was more room, but had same 8 vendors as the first month. August and September will have 11-12 vendors onsite, which should help with lines and options for guests. Gahm asked how the vendors do and Olson noted most sold out of product in June and many sold out of individual items in July.
Passport to Parks is currently running with first 50 winners getting a prize. All correct answers will be added to the grand prize, which will be drawn at the August Street Dance. The prize is a Family Fun Pack that includes passes from area attractions.

Farmers' Market is still going well with 18-21 vendors each week. Due to this season's weather issues, only one vendor has been able to provide a variety of produce, but the other products onsite have provided shoppers with unique items to try. Traffic has picked up and is reasonably consistent week after week. Gahm asked if the vendors are now satisfied with the attendance. Olson noted that the complaints have stopped, so if there are issues, they are not being relayed to staff. Weather continues to play a role in attendance so hopefully attendance will pick up as we get towards the Fall.
Performance Center is moving forward and just waiting on shipping date. The field lights will be installed in the next couple weeks.
Olson shared that the Archery Range has been requested to move forward to Council. The Council decided on the Dog Park location and Olson will be gathering more concrete costs and logistics for installing the range in the Spring so that budget will be used in 2022.
In the July COW meeting, Council member Lundeen requested Olson research options to add a carnival to City events in 2022. The thought was to add the carnival to one of the Street Dances, presumably the Fall date as an endcap. Gahm asked where that would be and Olson noted that a location would depend on if the Street Dances remain on Main Street or if they move to Bluebird Park. Olson will be looking into those logistics and costs, with the help of HinnenKamp, who has ample experience in the area. Gordon and Witte mentioned not wanting the Street Dances to move to Bluebird. Gahm mentioned the Street Dances being geared towards adults and a carnival being for kids. Olson noted that the Street Dances have a rather large youth attendance and that moving these events could reduce the amount of damage caused during the events. It is also easier to contain bad activities in an open space where there aren't alleyways to hide in. HinnenKamp mentioned the carnival being its own event and that it wouldn't compete with any other area events. HinnenKamp also noted that a carnival would want to run for longer than one day to be beneficial. Olson requested insight about the importance of having the Street Dances in the street and if the community cares where it takes place. She also noted the businesses don't get engaged, which was the initial intention. Witte noted it may be posing a greater risk to these businesses if the dances are causing damage to their properties. Gordon noted the atmosphere of being in the street is appealing and didn't know if another street would be an option. Gahm mentioned we may need to give it a try and see how it goes in the park, to use the performance center. Olson noted maybe slowly migrating in order to test the appeal.
The Council also requested that Olson develop a plan for the holiday lights event. Olson has pulled together a proposal for that event that will be shared at the August COW meeting.

Adjournment: Motion by Gahm, second by HinnenKamp to adjourn the July 27, 2021 meeting of the Parks, Recreation, and Culture Board. Motion passed 4-0, meeting adjourned at 6:36 p.m.

Respectfully Submitted

Community Development Director Sheila Sellman

1. **Resolution 2021-166** Approving the Site Plan Review for Wolf River Electric Co.
   Community Development Director Sheila Sellman shared Wolf River Electric is seeking site plan review for their office/ warehouse that will be located at 687 E Dual Blvd NE. The property was an EDA property that was sold to Wolf River Electric. There was no comment from the public regarding the site plan and Staff as well as Planning Commission have recommended approval.

   Motion by Lundeen, seconded by Bergley to approve resolution as presented. Motion passed 4-0. Motion carried.

2. Consideration of a Conditional Use Permit, Variances and Site Plan for Isanti Self-Storage
   a. **Resolution 2021-167** Approving the Conditional Use Permit Application for a Self-Storage Facility at 515 1st Ave NW
      Community Development Director Sheila Sellman shared that the Conditional Use Permit is to approve the storage unit at the location. Currently, they are a legal non-conforming use because they do not have a CUP. Planning Commission recommends approval of the self-storage.

      Motion by Lundeen, seconded by Bergley to approve resolution as presented. Motion passed 4-0. Motion carried.

   b. **Resolution 2021-168** Approving a Variance to Impervious Surface Coverage at Isanti Self-Storage at 515 1st Ave NW PID 16.058.0051
      Community Development Director Sheila Sellman shared this is to approve a variance to impervious surface coverage for the self-storage. Gravel and blacktop was added by the previous owner and Isanti Self-Storage purchased the property that way. The only way to get

them into compliance is to grant the variance or have them tear out approximately half of the blacktop. Planning Commission recommends approval of the variance.

Motion by Lundeen, seconded by Bergley to approve resolution as presented. Motion passed 4-0. Motion carried.

c. Resolution 2021-169 Denying Variance Request to Rear Yard Setback Requirements for Additional Storage Units at 515 1st Ave NW
Community Development Director Sheila Sellman shared this is a variance request for rear yard setback. Staff recommends denial and Planning Commission also recommends denial minus 1 vote. Isanti Self-Storage is looking to do an approximate 10-foot setback to the rear yard which abuts the Fire District and Rodeo Association's land. A public hearing was held and where a couple members of the public spoke. One from the Fire District and the other was from ATS in opposition of the variance. They do not meet any of the criteria for granting the variance.

Motion by Lundeen, seconded by Bergley to approve resolution as presented and deny variance. Motion passed 3-1 with Gordon voting nay. Motion carried.

d. Resolution 2021-170 Denying the Site Plans for Additional Self-Storage Units at Isanti Self-Storage Located at 515 1st Ave NW
Community Development Director shared this is for additional self-storage units at Isanti Self-Storage. Isanti Self-Storage does not meet the requirements to allow the additional self-storage units nor do they meet the requirements of the site plan approval. As the variance was just denied therefore, the site plan cannot be approved. Staff recommends denial and Planning Commission recommends denial.

Motion by Lundeen, seconded by Bergley to approve resolution as presented and deny the site plan for additional self-storage units at Isanti Self-Storage. Motion passed 3-1 with Gordon voting nay. Motion carried.

3. **Resolution 2021-171** Approving a Special Event Request for the Grace McCallum Welcome Home Event
Parks, Recreation and Events Coordinator Alyssa Olson shared that this is a Special Event Permit request for the Grace McCallum Welcome Home Event. The event will be added to the street dance on Saturday with a presentation. The North 65 Chamber of Commerce in partnership with the City and community members will be putting on a celebration on stage during the first break of the bands performance that will include some of McCallum's past coaches and Mayor Johnson giving the Proclamation to Grace.

Motion by Lundeen, seconded by Bergley to approve resolution as presented. Motion passed 4-0. Motion carried.

a. Pledge of Allegiance

b. Roll Call: Members present: Jeff Johnson, Steve Lundeen, Dan Collison, Jimmy Gordon, Paul Bergley, Luke Merrill, and Justin Nielson. Staff present: Community Development Director Sheila Sellman.

c. Agenda Modifications: None

d. Adopt Agenda: Motion by Lundeen, second by Merrill, motion passed 7-0 to approve the agenda.

2. Approve Minutes of the May 4,2021 meeting and the May 18, 2021Special Meeting: Motion by Merrill, second by Lundeen to approve, motion passed 7-0.

3. Business Items

A. Purchase Agreement with Coyote Creek Industries, LLC for the sale of EDA owned land legally described as Lot 1, Block 1, Isanti Centennial Complex 7th Rearrangement

B. Purchase agreement with Wolf River Industries, LLC for the sale of EDA owned land legally described as Lot 2, Block 1, Isanti Centennial Complex 7th Rearrangement

Business items A and B were discussed together. The EDA has a purchase agreement to sell both of these properties to Wolf River Electric. They are financing their project with SBA loans and are required to put the land into different entities. The name change requires new purchase agreements, the terms of the agreements have not changed. Motion by Lundeen and second by Merrill to approve both development agreements. Motion passed 6-0, with Nielson abstaining.

4. Other Business / Updates / Communications

5. Adjournment : Motion by Bergley, second by Collison, motion passed to adjourn at 9:23pm.

Respectfully submitted Sheila Sellman, Community Development Director/Secretary

Subject: Third Amendment to Development Subsidy Agreement for BP Metals

---

Background:
In March 2020, the EDA entered into a Development Subsidy Agreement with BP Metals for development of an EDA Shovel Ready Site. The sale has been completed and the site plan has been approved for a manufacturing facility at 825 East Dual. Now that the site plan has been approved this agreement needs to be amended to match the development. There are minor changes to the escrow language and the remainder of the agreement is in place as originally approved and amended. The EDA approved the amendment at the August 4, 2021 meeting.

Request: Consider approving the amendment

CITY OF ISANTI

THIRD AMENDMENT TO THE DEVELOPMENT SUBSIDYAGREEMENT FOR B.P. Metals, LLC

This Amendment is by and between the City of Isanti, a Minnesota municipal corporation, and B. P. Metals, LLC, a Minnesota limited liability company (the Developer), and amends the Development and Subsidy Agreement dated March 4, 2020, as amended August 18, 2020.

Recitals

A. Sections 4, 5, 6 and 7 of the original Agreement set forth terms relating to private improvements and certain financial guarantees.

B. Due to the recently approved site plan an escrow for development inspections is required rather than the financial guarantee as outlined.

Agreement

In consideration of the mutual promises set forth below, and other good and valuable consideration the receipt of which is acknowledged, the parties agree as follows:

1. The above recitals are incorporated herein as if fully set forth.

2. The City accepts the site plan as approved per Resolution 2021-148.

3. Sections 4,5,6 and 7 of the Agreement are hereby modified by replacing those paragraphs with the following:

   Developer shall, contemporaneously with execution of this Agreement, deposit with the City an escrow of $5,000 to cover the cost of legal fees, engineering fees, administrative expenses and other costs related to the Development. Any funds remaining in the escrow account(s) after the completion of the Development shall be refunded to the Developer. In the event the escrow account balance is reduced to $1,000 or less, the Developer shall post additional sums of money to replenish the account to a maximum of $2,000 to cover projected City costs as determined by the City. The escrow account shall always have a balance of no less than $1,000.00. The Developer shall be entitled, upon request, to an itemized statement of all costs and fees charged against the Developer's escrow account.

4. This amendment is effective _____ day of August 2021.

5. All other terms of the Development Agreement, as previously amended, not modified by this Second Amendment shall remain in effect as originally stated.

2025 Audit for Year End 12-31-2024	$ 34,700	$ 30,300	$ 29,000	$ 44,850	$ 28,750
2026 Audit for Year End 12-31-2025	$ 36,450	$ 30,900	$ 30,000	$ 46,500	$ 29,500
	$ 165,725	**$ 148,500**	**$ 140,000**	**$ 215,900**	**$ 142,250**

Recommendation:
Given how close the 2 lowest bidders were in overall cost and understanding that switching audit firms will have nonmonetary costs associated with the transition, including staff time and reduced efficiency for at least the first year, staff is recommending that Council approve the bid from Abdo Eick & Meyers. Staff does not feel that an annual savings of $450 is sufficient to justify switching firms, and that remaining with Abdo Eick & Meyers is in the best interests of the City of Isanti.

Action Required:
If the Council concurs, it should by motion, approve the presented resolution.

RESOLUTION 2021-XXX

ACCEPTING PROPOSAL FOR AUDIT SERVICES

WHEREAS, Resolution 2021-158 authorized a request for proposals for financial audit services; and,

WHEREAS, the City received proposals from 5 qualified bidders; and,

WHEREAS, Staff has reviewed the proposals and found Redpath & Company and Abdo, Eick & Meyers to be the low bidders; and,

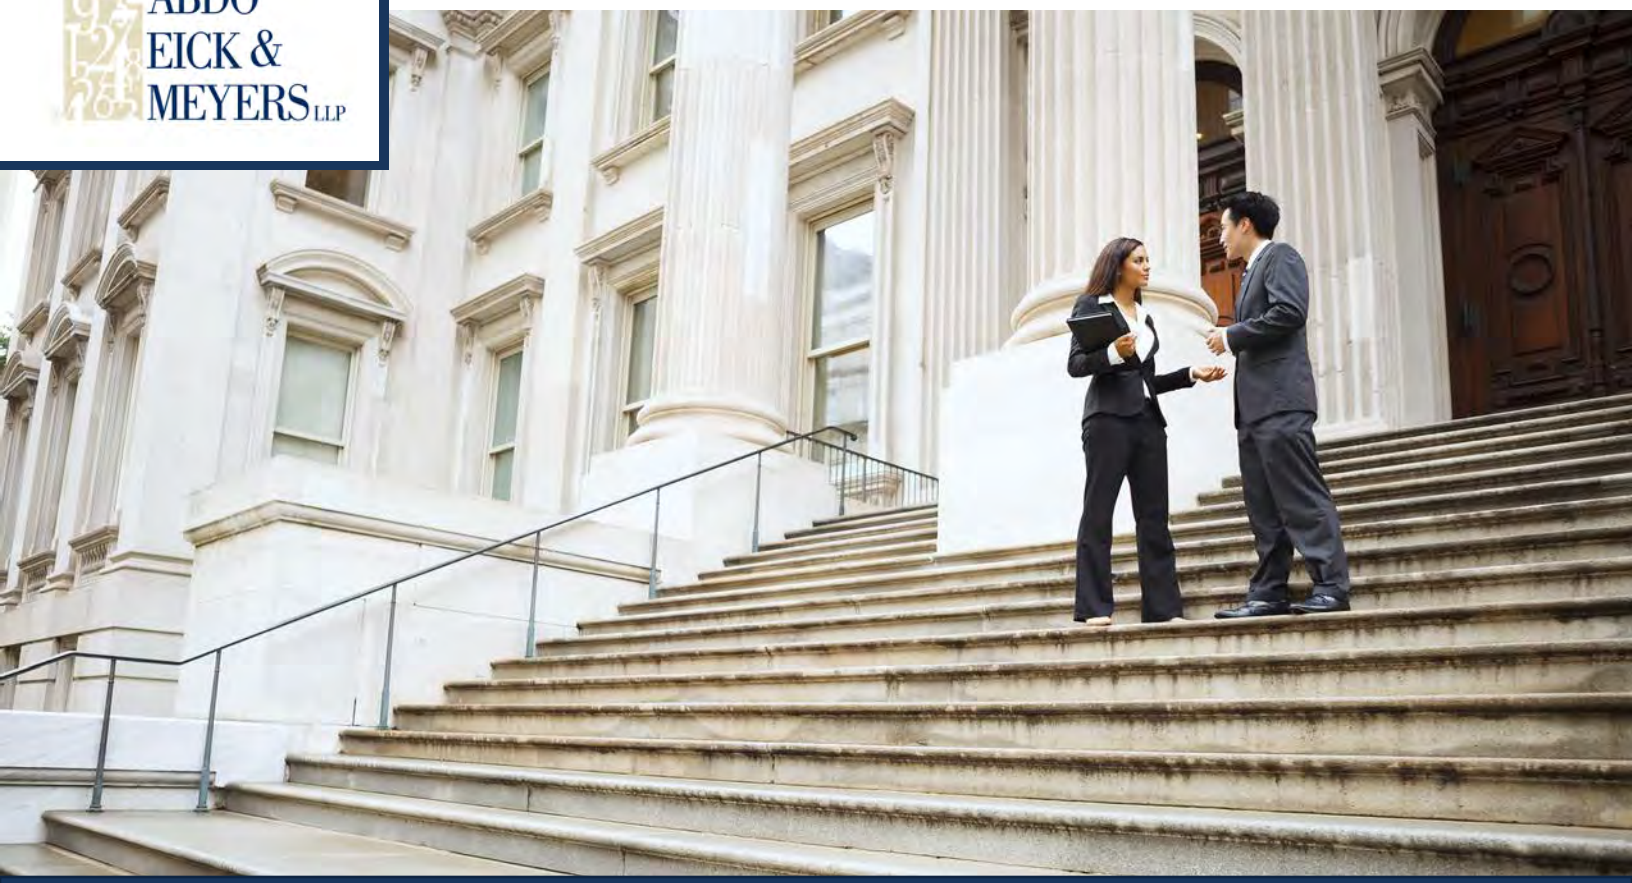
WHEREAS, Abdo Eick & Meyers' proposal was $2,250 more over 5 years than the low bidder; and,

WHEREAS, the City recognizes there would be nonmonetary costs associated with switching audit firms including but not limited to additional staff time to facilitate the transition; and,

WHEREAS, the City does not believe the annual savings of $450 is sufficient to justify selecting the Redpath and Company, and that remaining with Abdo Eick & Meyers is in the best interest of the City;

NOW, THEREFORE, IT IS HEREBY RESOLVED by the City Council of the City of Isanti, Minnesota, to hereby approve as follows:

The 5-year proposal for Audit Services from Abdo Eick & Meyers is approved.



This Resolution is hereby approved by the Isanti City Council this 17th day of August 2021.

Dear Mike,

Thank you for the opportunity to submit this proposal to the City of Isanti (the City) for audit services. We appreciate the opportunity to continue working with you. We have partnered together for years, and we are confident that Abdo, Eick & Meyers, LLP (the Firm) is still a great fit for the City.

We work hard for those who matter most - clients, employees, family, and community - and celebrate their successes as our own. Our success has been driven by our philosophy of going beyond the numbers for our clients. This belief is represented through our commitment to people and knowledge, process and you. We will utilize staff that is experienced and dedicated in the area of government. Our process is centered on meeting your needs, exceeding your expectations, and incorporating technology to deliver unparalleled solutions. This includes delivering prompt and effective service of the highest quality to you. The quality of our service allows us an opportunity to be an integral part of your finance team. We believe this investment should make a difference for you, our valued client. We focus on the challenges and needs that are relevant to your City, which allows us to be thoughtful in our approach in providing you with the best solutions, and leaves you assured in the value of our deliverable.

The attached proposal will demonstrate to you that we will be a great service provider and partner for your City. We look forward to meeting with you to discuss our proposal and appreciate this opportunity to present our firm for your consideration. We will follow up with you within two weeks to answer any questions or concerns you may have and to provide any further information you may need.

Sincerely,

Abdo, Eick & Meyers, LLP

Executive Summary

We are pleased to present our proposal for audit services to the City of Isanti. We have prepared our proposal based on our understanding of your organization from our prior experience as the City's audit firm. We have also had conversations with Josi and Mike, during which we were provided with additional information to deliver our proposal.

We understand that the key requirements you have of your selected advisors include:

- Access to partners and staff for assistance in answering questions throughout the year
- Provide references from surrounding City's in order to feel comfortable with our firm
- Demonstrate familiarity, knowledge and experience in the industry
- Deliver both concise and informative information to the Council
- Provide a timely and efficient audit completed in time to be presented to the Council the second meeting in April

We understand that the requested work to be completed includes the following services:

- Annual Financial Statement Audit
- Single Audit (If applicable)
- Management Letter
- Presentation to the Council

Based on our work with more than 100 local governments similar to yours, we confidently believe we can meet your requirements and exceed your expectations for the reasons listed below and referenced in our proposal.

- We provide timely services and currently adhere to an 18-day turnaround time from fieldwork for the delivery of draft financial statements to the client.
- Our Council presentation uses ratios and comparisons of trends that give snapshots of metrics for your Organization through graphs and charts.
- We have a dedicated team of 40 partners, managers and staff that serve governments exclusively.
- Our government experience extends beyond just audit and compliance. We also provide the following services to government organizations.
  - Human Resource solutions
  - Long-term financial planning
  - One-on-one personalized and group-focused training opportunities
  - Process improvement- lean process and process evaluation
- Integral to our mission is a philosophy that we help organizations reach their maximum potential through open communications and teamwork. **We enjoy answering questions any time of the year, and at no cost!**

We commit to providing an excellent level of client service and helping you move beyond the numbers through communication, support and customized guidance. As you review the details of this proposal, please do not hesitate to contact us with questions or for clarification. We look forward to partnering with the City.

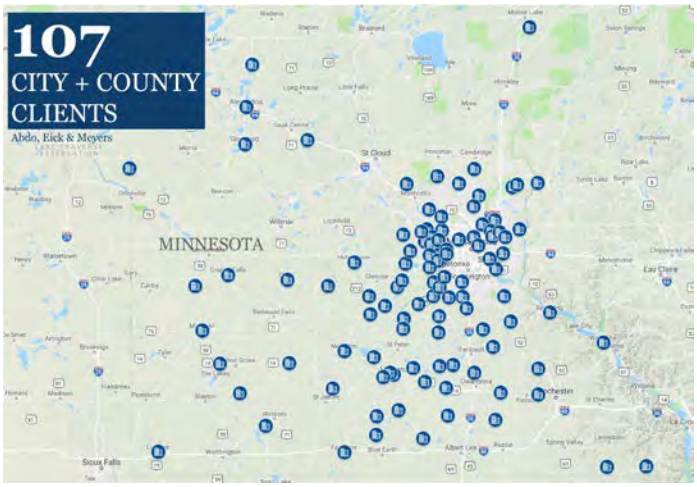
Government Experience

You can have confidence in our 57 years of quality auditing services and partnership in the government space. Since 1963, we've served cities just like yours. With an unwavering commitment to streamlining processes, training staff, and finding technology-based solutions, we proudly offer excellence in city auditing.

Out of our 160-strong, talented staff, over 40 team members are 100% focused on government clients, including services for over 100 cities and various municipalities. By serving cities across Minnesota, we have become experts in the nuances of how to best support your city.

Our expertise affords you an audit experience that's painless. We do this by communicating up front, coming better prepared, and being available throughout the year to support you.



Process

Our methods are centered around incorporating technology to deliver unparalleled solutions for government organizations. In addition to our audit experience, our firm expertly performs outsourcing for governments giving us a wealth of experience in a finance director role. We don't believe in a one-size-fits-all mentality, so together we'll focus on the needs that are relevant to your city and provide the right services to meet them with a tailored audit approach. We're focused on efficiency and deliver the audit draft within 3 weeks of completing fieldwork is completed bringing you accuracy and value.

Focus

Through continuous training and growth opportunities, we've established an environment with a focus on serving local governments. We spend more than 100 hours training and onboarding to ensure success for our clients.

We truly hope that you allow us to be your partner. Together, we'll go beyond the numbers to best support your city.

Our Qualifications

- GFOA and MnGFOA Association members
- We speak and train on government accounting and auditing topics
- Audit services for over 100 cities
- We've assisted many cities in preparing for the GFOA's Certificate of Achievement for Excellence awards in financial reporting
- Our clients represent top tier governments with 19 municipal clients receiving the GFOA's Certificate of Achievement for Excellence in Financial Reporting
- Audit services for EDA's and HRA's

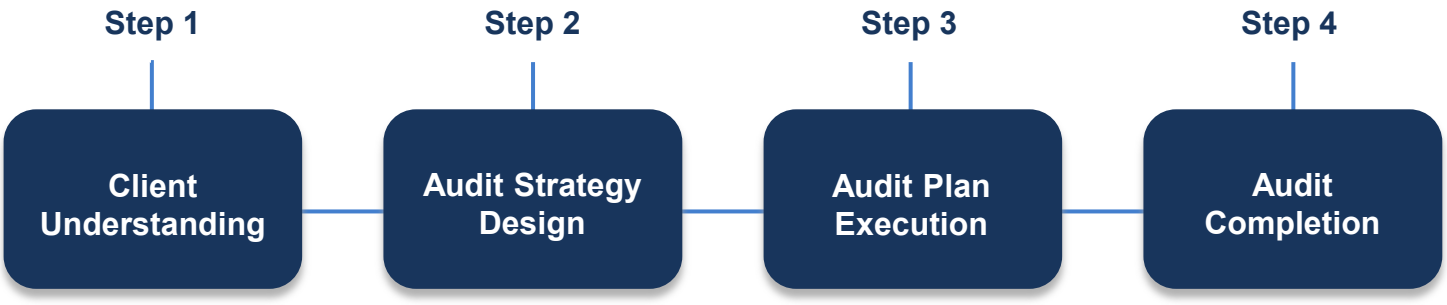
Audit Approach

Audit Services That Move the City of Isanti Beyond the Numbers

We deliver auditing services that are more than just a compliance service. We exceed what's considered "standard audit support," placing a strong emphasis on a relationship-driven approach that facilitates a partnership with your City. We work together to ensure we have a clear understanding of your City's needs, challenges and financial information. Together with your City's team, we'll help to leverage this information to increase efficiency and effectiveness.

Partnership

Integral to our mission is a philosophy that we help cities reach their maximum potential through open communication and teamwork. We enjoy answering questions any time of the year, and at no cost! We also believe in:



- Consistent, clear, proactive communication that offers suggestions and makes your work easier.
- Returning phone calls and questions promptly.
- Gathering information through dialog, not checklists.
- Conducting listening calls with you outside of the engagement to understand your City, build a long-term relationship with you and learn how we can improve.

People

Our value comes from our experience and the education we can provide. Our professionals go beyond the required standards to make sure we have a clear understanding of your City. We work with your management team to leverage this information to increase efficiency and profitability. You can learn more about your audit team in the team section.

Process

While we will audit the financial statements of your City for the year ended December 31, 2021, 2022, 2023, 2024 and 2025 in accordance with the applicable regulatory standards, our process is designed to go far beyond that. Our process enables us to gain a thorough understanding of the processes, procedures, and general operations of your City.

© Abdo, Eick & Meyers, LLP | July 29, 2021

Client Understanding

Your leadership team plays an important role in your financial reporting. We always begin our process with a face-to-face conversation to gain a thorough understanding of your City, internal controls, processes and procedures. Our experience with cities like yours allows us to develop a customized audit and communications plan. We will prepare an audit timeline detailing significant steps in the audit process from beginning to end.

Audit Strategy Design

Your City is unique and therefore your audit plan will be tailored to your operations and will include the relevant and appropriate standards. Your audit strategy is based on our understanding of your City. It will also encompass:

- Leadership concerns and expectations
- Risk Assessment
- Testing
- Understanding of internal controls

Audit Plan Execution

Our execution of your audit strategy begins with fieldwork and ends with a presentation of your draft financial statements. Your team, including partners and managers, will be present during fieldwork and we'll be in continuous communication with your staff.

Fieldwork is where we document internal controls, conduct walkthroughs, and obtain audit evidence to support financial statement amounts and disclosures. Our paperless audit approach allows us to do much of the fieldwork from our office. We will discuss your preference for the amount of onsite work and agree on a mutually beneficial schedule.

During fieldwork, we will discuss any potential audit adjustments with your staff to ensure we agree on the need for the audit adjustment and amount. We will also address any potential internal control deficiencies to verify our understanding and discuss potential solutions. We want to be problem solvers, not problem reporters.

After reviewing the financial statements, notes and supplementary schedules, if any, we prepare a draft of the financial statements for your review and approval. We will also send a list of audit adjustments noting the reasons for each adjustment.

© Abdo, Eick & Meyers, LLP | July 29, 2021

Audit Completion

After the previous segments mentioned are complete, we will be ready to finalize the audit. We will report the results of your audit to the finance committee. We will also deliver a management letter that identifies critical financial trends and recommendations for improvement, provides required communications, and discusses changes in the environment in which your City operates.

During this stage we will also complete the following procedures:

- Complete subsequent events review procedures and review legal and representation letters
- Complete final overall analytical review procedures
- Communicate significant deficiencies and material weaknesses
- Conduct an exit conference
- Issue an audit opinion

Additional Approach Details

Analytical Procedures

Analytical procedures are defined in Statement on Auditing Standards No. 56, “Analytical Procedures” as evaluations of financial information made by a study of plausible relationships around both financial and non-financial data. They are required in the planning and final review stage, but our firm encourages staff to use in substantive testing where possible. Our firm management directs the use of analytical procedures as follows:

Planning
The objective for analytical procedures at this stage is to direct attention to likely misstatements. We use trend analysis to meet our objective in planning. Examples of trend analysis would be a comparison to the budget for funds that adopt a budget and/or comparison to prior year. We also may consider a comparison among three to five years. Additional testing may result if the expectations established at the start of the trend analysis are not met.

Substantive Testing
The objective of analytical procedures at this stage is to support or refute financial statement account balances. We have found that analytical procedures are more efficient and can be more effective than tests of details. Depending on the make-up of the account, we will use trend analysis, ratio analysis and/or modeling.

Final Review
The objective is to review the reasonableness of financial statement account balances. We use trend analysis to meet our objectives. This trend analysis is completed on final audited amounts.

Additional Approach Details *(continued)*

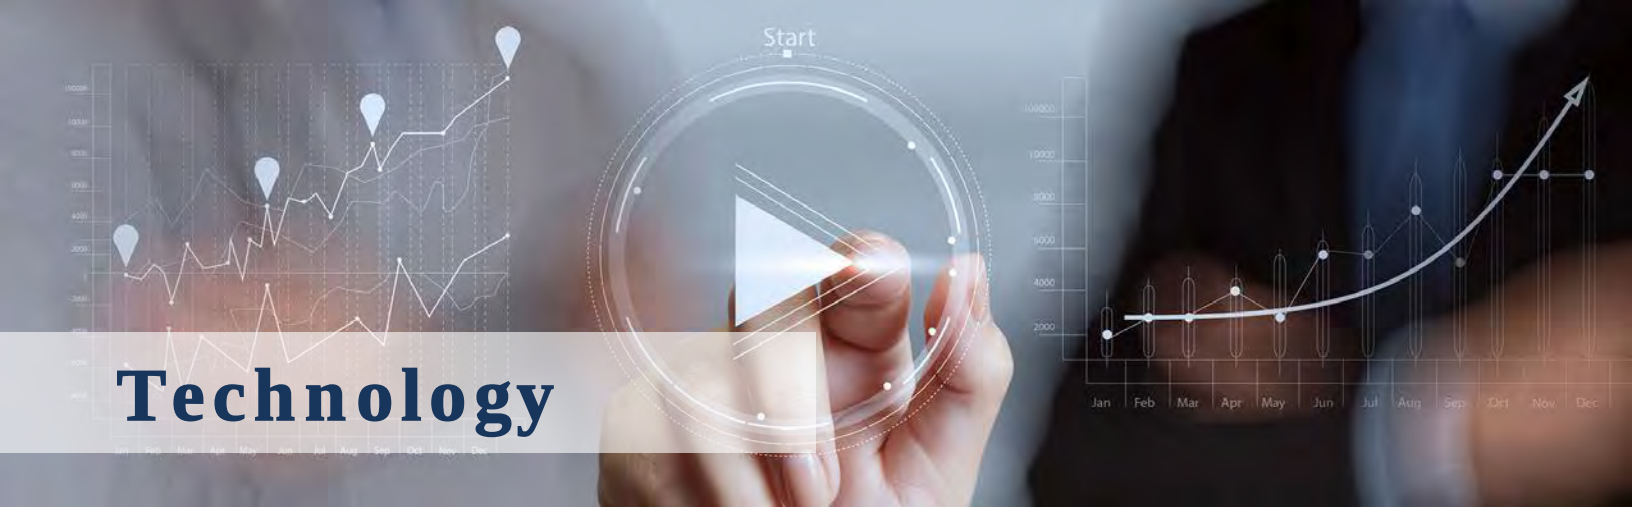
Approach to be Taken to Gain and Document an Understanding of the Organization's Internal Control Structure

Our goal in preliminary fieldwork is to gain a thorough understanding of your internal controls, processes, and procedures. The completion of these elements allows us to minimize the fieldwork required to complete the audit.

Approach to be Taken in Determining Laws and Regulations Subject to Audit Test Work

We are required to obtain an understanding of the possible financial statement effect of laws and regulations that have a direct and material effect on the determination of financial statement amounts. The determination of laws and regulations are addressed in the planning stage through reading available grant documentation, client inquiries, and a preliminary review of finance system accounts and search of the City Council minutes. We also have a working knowledge of the types of laws and regulations Minnesota governments operate under. Further discussion is provided in the section Firm Qualifications and Experience. In addition, we obtain further information about federal laws and regulations through the Catalog of Federal Domestic Assistance (CFDA) and the U.S. Office of Management and Budget (OMB) Compliance Supplement.

Approach to be Taken in Drawing Audit Samples for Purposes of Tests of Compliance



Since each program or grant agreement is different, we use a variety of statistical designs in our compliance testing. The size of the sample considers many program factors; size, maturity, complexity, level of oversight and prior audit findings. Ultimately, our professional judgment determines that a representative number of transactions have been selected. You can be confident in our judgment because only senior level (partner, president, manager, and supervisor) staff makes decisions on planned compliance testing.

Identification of Anticipated Potential Audit Problems

At this time, we do not anticipate any potential audit problems. If problems did arise, we carefully work with the Organization to resolve the matter.

© Abdo, Eick & Meyers, LLP | July 29, 2021

Technology

We believe technology should enhance our service offerings, making our work less intrusive, our time with you more productive and everyone's data more secure. The use of technology in our audit services enables us to streamline our processes and helps to automate certain functions of our work so we are able to spend more time analyzing our results and working directly with you.

Through the outbreak of COVID-19, our team has been able to seamlessly move to a completely remote work environment with no loss of productivity, cooperation, or communication. Since March 17, 2020, our staff has been successfully conducting remote audits using the latest video conferencing and secure file sharing technology. Through Zoom, Microsoft Teams, or whatever technology your organization may use, our team will continue to work through normal procedures, including regular meetings with you during the fieldwork phase to ensure effective collaboration with your team.

We take the security of our client's data - and our own - very seriously. A number of systems are in place to ensure the safety of your City's data. We operate in a completely remote hosted environment. This not only allows our staff to securely work from any computer, anywhere, any time, but also provides large-scale, cutting edge technology and security for your data. Your data is housed in a secure data warehouse, not on laptops or local servers which could be stolen or misplaced

It also means:

- All firm staff use dual authentication to ensure that every login to our remote environment is secure and authorized.
- All data is saved on redundant servers so if one server fails, another immediately takes over with no data lost.
- All data is backed up continually which means we always have an extra copy for safe-keeping.
- All incoming emails and embedded links are scanned for viruses prior to landing in our inbox, which allows us to operate with more protection from phishing emails, malware attacks, and other digital threats.

Our remote host vendor works exclusively with public accounting firms like ours and their client base includes approximately 300 firms. They maintain a Service Organization Control 2 (SOC 2) report covering their organizational controls over security, processing integrity, etc. This report is available for your review upon request.

© Abdo, Eick & Meyers, LLP | July 29, 2021

Service Timeline

We prepare a timeline each year for our audits. Timelines are based on when the City is able to complete their necessary year-end work. Please see below for an anticipated timeline that identifies what you can expect, and when. Once hired we will work with you on an exact timeline that fits your needs. This is an example of a typical timeline. Additionally, the table below outlines our proposed segmentation of the engagement.

November	December	March	April
Client Understanding	**Planning & Interim Fieldwork**	**Year-end Audit & Fieldwork**	**Reporting**
Together, we mutually agree with management on a timeline to perform the audit.	We will select our sample and provide information requests to management. We estimate being on-site or remote for one day.	The team will complete fieldwork in a hybrid method of on-site and remote work using our outlined audit approach. We estimate dedicating 3-4 days on audit fieldwork.	We will provide drafted materials by April 1st and meet with the City Administrator and Finance Director the second week of April, followed by a report presented to the Council at the second meeting in April.

Value

We at AEM help our clients improve their city and achieve their financial goals. We heard you say that the following factors were important in our relationship:

- Completing work in advance of due dates by creating a schedule of work agreed upon by AEM and the City.
- Providing excellent communication and insights on consulting matters that fall outside the scope of your traditional accounting services
- Meeting regularly throughout the year to stay on top of industry trends and work together to achieve your goals
- Having great managers and partners you can reach out to if any questions come up throughout the year

We will provide services that deliver on these factors that are important to you.

Our fees range from $100 to $385 per hour based upon the experience and level of the individuals to be assigned to perform the audit. Fees are also based on the assumption that your City's staff will be assisting us whenever possible with audit schedules. We will provide a detailed audit plan and prepare a list of requested schedules upon proposal acceptance.

We do not believe in charging for phone calls, emails, or routine communications. Instead, we *encourage* clients to call us for questions, advice, or just update us on what is happening in their organization throughout the year. We want to be a resource for you – without any worry about whether or not the meter is running. When our communications identify additional service needs, we'll discuss these needs with you and provide an additional fee range as needed.

We have not anticipated any additional hours for new audit or accounting standards. Accounting or audit standard changes may result in increased hours.

A complete summary of professional fees can be found on the following page.

License & Independence

Licensed to Practice in Minnesota

The Firm and its entire CPA staff hold licenses to practice in the state of Minnesota. All licenses are in good standing. The Firm and several partners and staff are licensed in other states and also are in good standing. The Firm's CPAs are all members in good standing with the Minnesota Society of CPAs and the AICPA. Our professional staff and membership in professional associations indicates that the services we provide to your City will be of the highest quality.

Independence

Our standards require that we be without bias with respect to your operations. The Firm is independent of the City as defined by auditing standards generally accepted in the United States of America.

The Firm has not been engaged by the City or any of its agencies, component units or oversight units for the past five years. Because the Firm is required to follow GAO independence standards mentioned in the previous paragraph, any prior relationships would not constitute any conflicts of interest relative to performing the proposed audits. Also, the Firm shall give the City written notice of any relevant professional relationships entered into during the period of this agreement.

The Firm is a member of the American Institute of Certified Public Accountants Division of Firms and has received an unmodified opinion on its Peer Review. Our Peer Review was completed in 2020 and resulted in a pass rating. A copy of this letter can be found in Appendix B.

The Firm has not had any federal or state desk reviews or field reviews of its audits in the last three years. We have had no disciplinary action taken or pending against the Firm during the past three years with state regulatory bodies or professional organizations.

We maintain library facilities which include current professional literature and specific information for the industries that we serve. The Firm library is also reviewed as part of the external quality review program. The Firm has in-house training programs specific to the industries we serve in order to maintain a knowledge-base relevant to our unique clients. We also perform auditing and accounting updates for our clients that are organized by our staff. These practices ensure the quality of our staff over the term of engagement.

Diversity, Equity & Inclusion

At Abdo, Eick & Meyers, LLP, we recognize the need for continuous improvement in diversity, equity and inclusion initiatives throughout our firm and the accounting industry at large. We believe that when we understand each other better, we grow better together. Through our annual Affirmative Action reporting, we identify areas where improvement is needed and take steps to address these areas.

Over the past year, we have increased our efforts to promote diversity, equity, and inclusion within our firm and community through implicit/unconscious bias, anti-harassment, and interview training. In 2021, our Diversity, Equity, and Inclusion Committee looks forward to implementing a full scope of ideas, projects, and initiatives to move our firm forward through learning, understanding, and improving on these issues.

We have increased our number of women at the highest leadership level in recent years, with the last four additions to our partner group being female. We strive for continued growth in our ability to attract and retain women and people of color within our firm and we are working towards greater equity and diversity for all within our industry.

In order to build a more inclusive work environment, the firm has implemented diversity and inclusion education and have required all employees to attend a series of monthly sessions provided by the Greater Mankato Diversity Council. A video training resource on the topic of empathy is also being developed for further employee education and awareness. Additional DEI initiatives are listed on the following page. Please let us know if you have any questions or concerns regarding our DEI activity or have additional ideas on how we can improve diversity, equity, and inclusion at Abdo, Eick & Meyers.

Diversity, Equity & Inclusion – Additional Initiatives

In 2020, the firm applied to be a co-sponsor for the ***AICPA PCPS George Willie Ethnically Diverse Student Scholarship & Internship***, which allows 10 ethnically diverse accounting students the opportunity to be awarded internships with a firm that has been selected by the AICPA as co-sponsors of the program. Earlier this year, we found out that we were one of 10 firms in the nation to be selected as a co-sponsor for 2022. As a co-sponsor, we will host an ethnic minority accounting student to work alongside our CPAs and advisors during the 2022 internship season.

We are committed to the continued support and advancement of women in our firm and in our communities and one of the ways we do this is through partnership with YWCA Mankato, an organization that is continually empowering women in our communities to enhance their individual strengths and build leadership skills. In 2020, we were proud to be a sponsor of the **Elizabeth Kearney Women's Leadership Program** and we continue to be an annual attendee of the Women's Leadership Conference – which was held virtually last year with great success!

For years, Minnesota State University, Mankato has been the primary university we recruit from for our summer program participants and interns. Recently, we met with the leaders of the newly formed ***National Association of Black Accountants chapter at Minnesota State University, Mankato*** and elected to be a sponsor for the 2021-2022 academic year. We believe this partnership is a starting point towards increasing the diversity of our future summer program participants and interns.

In 2021, we celebrated International Women's Day with the Edina Chamber of Commerce as the sponsor of the Healing & Moving Forward Together webinar - part of their **Women Inspiring Leadership & Learning (W.I.L.L.)** series. Attendees heard from Jasmine Stringer - speaker, lifestyle expert, and author - as she guided us through how to communicate, be a better ally, and become connected, informed and engaged in support of our colleagues of color within the workplace and the community.

REPORT ON THE FIRM'S SYSTEM OF QUALITY CONTROL

November 10, 2020

To the Partners of
Abdo, Eick and Meyers, LLP
and the Peer Review Committee of the Nevada Society
of Certified Public Accountants

We have reviewed the system of quality control for the accounting and auditing practice of Abdo, Eick and Meyers, LLP (the firm) in effect for the year ended May 31, 2020. Our peer review was conducted in accordance with the Standards for Performing and Reporting on Peer Reviews established by the Peer Review Board of the American Institute of Certified Public Accountants (Standards).

A summary of the nature, objectives, scope, limitations of, and the procedures performed in a System Review as described in the Standards may be found at www.aicpa.org/prsummary. The summary also includes an explanation of how engagements identified as not performed or reported in conformity with applicable professional standards, if any, are evaluated by a peer reviewer to determine a peer review rating.

Firm's Responsibility

The firm is responsible for designing a system of quality control and complying with it to provide the firm with reasonable assurance of performing and reporting in conformity with applicable professional standards in all material respects. The firm is also responsible for evaluating actions to promptly remediate engagements deemed as not performed or reported in conformity with professional standards, when appropriate, and for remediating weaknesses in its system of quality control, if any.

Peer Reviewer's Responsibility

Our responsibility is to express an opinion on the design of the system of quality control and the firm's compliance therewith based on our review.

Required Selections and Considerations

Engagements selected for review included engagements performed under *Government Auditing Standards*, including a compliance audit under the Single Audit Act; audits of employee benefit plans, and an audit performed under FDICIA.

As a part of our peer review, we considered reviews by regulatory entities as communicated by the firm, if applicable, in determining the nature and extent of our procedures.

Opinion

In our opinion, the system of quality control for the accounting and auditing practice of Abdo, Eick and Meyers, LLP in effect for the year ended May 31, 2020, has been suitably designed and complied with to provide the firm with reasonable assurance of performing and reporting in conformity with applicable professional standards in all material respects. Firms can receive a rating of *pass*, *pass with deficiency(ies)* or *fail*. Abdo, Eick and Meyers, LLP has received a peer review rating of *pass*.

MEMO for Council

To: **Mayor and City Council**

From: Finance Director Betker

Date: August 17, 2021

Subject: Resolution 2021-XXX Accepting the Coronavirus Local Fiscal Recovery Fund Established Under the American Rescue Plan Act

---

Background:
The American Rescue Plan Act of 2021, also called the COVID-19 Stimulus Package or American Rescue Plan was signed into law on March 11, 2021. In part, the Act provides funding to local governments. Among the eligible uses for local governments identified by the Department of the Treasury (31CFR Part 35, RIN 1505-AC77) is water and sewer infrastructure. The Treasury Guidance States in part:

"The ARPA provides funds to State, local, and Tribal governments to make necessary investments in water and sewer infrastructure. (Section 602(c)(1)(D), 603(c)(1)(D) of the Act) By permitting funds to be used for water and sewer infrastructure needs, Congress recognized the critical role that clean drinking water and services for the collection and treatment of wastewater and stormwater play in protecting public health. Understanding that State, local, and Tribal governments have a broad range of water and sewer infrastructure needs, the interim final rule provides these governments with wide latitude to identify investments in water and sewer infrastructure that are of the highest priority for their own communities, which may include projects on privately-owned infrastructure."

Recommendation:
As was shared at the July 20th Committee of the Whole meeting, investments in water and sewer infrastructure are critical and necessary. An investment in water and sewer infrastructure provides a broad and enduring benefit to all within City limits. Using ARPA funding to make such an investment will have long term impact on utility rates and potentially tax rates. The recommendation from the Committee is to utilize all ARPA funds for identified upcoming water and sewer infrastructure projects.

Request:
Staff is seeking approval.

- Resolution 2021-XXX

RESOLUTION 2021-XXX

ACCEPTING THE CORONAVIRUS LOCAL FISCAL RECOVERY FUND ESTABLISHED UNDER THE AMERICAN RESCUE PLAN ACT

WHEREAS, Congress adopted the American Rescue Plan Act in March 2021 ("ARPA") which included $65 billion in recovery funds for cities across the country; and,

WHEREAS, ARPA funds are intended to provide support to state, local, and tribal governments in responding to the impact of COVID-19 and in their efforts to contain COVID-19 in their communities, residents, and businesses; and,

WHEREAS, $647,600.18 has been allocated to the City of Isanti ("City") pursuant to the ARPA ("Allocation"); and,

WHEREAS, the United States Department of Treasury has adopted guidance regarding the use of ARPA funds; and,

WHEREAS, the State of Minnesota will distribute ARPA funds to the City because its population is less than 50,000; and,

WHEREAS, the City, intends to utilize ARPA funds on water and sewer infrastructure projects, to the benefit of all taxpayers, and in accordance with Treasury guidance which was discussed at the July 20th Committee of the Whole meeting; and,

NOW, THEREFORE, IT IS HEREBY RESOLVED by the City Council of the City of Isanti, Minnesota, to approve the following:

1. The City intends to collect its share of ARPA funds from the State of Minnesota to use in a manner consistent with the Department of Treasury's guidance.

2. City staff are hereby authorized to take any actions necessary to receive the City's share of ARPA funds from the State of Minnesota.

3. City staff are hereby authorized to facilitate the planning and completion of water and sewer infrastructure projects identified in the 2022 budget that will be reimbursed with ARPA funds.

This resolution was duly adopted by the Isanti City Council this 17th day of August 2021.

Request for City Council Action

To: Mayor Johnson and Members of City Council
From: Sheila Sellman, Community Development Director
Date: September 7, 2021
Subject: Resolution 2021-XXX Approving the Extension of Recording the Final Plat for Fairway Greens South

---

Background:
At the June 1, 2021 City Council meeting the Council approved the preliminary and final plat for Fairway Greens North. City code requires final plats to be recorded within 90 days. As part of the development agreement process the developer has requested a discussion on utility oversizing that we are requiring. The next COW meeting is on September 21, 2021; therefore, he can't record the plat within in the 90-day timeline. Staff suggested he ask for an extension to record and he has since made that request.

Request:
Consider resolution 2021- XXX approving an extension of recording the final plat for Fairway Greens South for 90 days.

RESOLUTION 2021 - XXX

APPROVING THE EXTENSION OF RECORDING THE FINAL PLAT FOR FAIRWAY GREENS SOUTH

WHEREAS, the developer has an approved final plat known as Fairway Greens South consisting of 45 residential lots; and,

WHEREAS, a Development Agreement for Fairway Greens South has been drafted and will be discussed at Committee of the Whole on September 21, 2021; and,

WHEREAS, Subdivision Ordinance 536, Article 6, Subdivision 1 (I) requires all plats shall be recorded with the County Recorder's Office within ninety days after the date of approval;

NOW, THEREFORE, BE IT RESOLVED by the City Council of the City of Isanti, Minnesota hereby approves the extension for 90 days to record the plat.

This Resolution hereby approved by the City Council of the City of Isanti this 7th day of September 2021.

RESOLUTION 2021-XXX

APPROVING THE OFFER TO KEITH LUSK FOR THE POSITION OF LIQUOR STORE MANAGER

WHEREAS, the City Council of the City of Isanti is required to approve all new hires as vacancies occur; and,

WHEREAS, the hiring panel determined that it was in the best interest of the City to promote within the organization to fill an open full-time, exempt, Liquor Store Manager position with full benefits package; and,

WHEREAS, Keith Lusk has been selected as the most qualified candidate for the Liquor Store Manager position; and,

WHEREAS, the Employment Agreement is attached in EXHIBIT A; and,

WHEREAS, the offer does not have pending contingencies as Keith Lusk is a current employee in good standing;

NOW, THEREFORE, IT IS HEREBY RESOLVED by the City Council of the City of Isanti, Minnesota, as follows:

1. That Human Resources has offered the Liquor Manager position to Keith Lusk and who is eligible to start in that position on September 11, 2021.

2. That Keith Lusk shall start at Step 1 of the wage scale $68,128.32 annually, $32.7540 per hour.

3. That Keith Lusk will keep current leave banks and accrual and continue to accrue vacation, sick and compensatory time based on current personnel policy as an exempt status employee.

4. That Keith Lusk will be on probation per current personnel policy.

5. That Human Resources is directed to complete all/any required documentation for the completion of employment offer and place a copy of this resolution in the employee's personnel file for future reference.

This Resolution is hereby approved by the Isanti City Council this 7th day of September 2021.

Attest: Mayor Jeff Johnson

EXHIBIT A

EMPLOYMENT AGREEMENT

THIS AGREEMENT made and entered into on September 11, 2021 by and between the City of Isanti, Minnesota, a municipal corporation, herein called EMPLOYER, and Keith Lusk, herein called EMPLOYEE. This Agreement shall become effective on the EMPLOYEE'S first day of employment of September 11, 2021.

EMPLOYER desires to employ the services of Keith Lusk as Liquor Store Manager for the City of Isanti as provided by applicable Minnesota law and applicable ordinances of the City of Isanti, Minnesota.

It is the desire of the EMPLOYER to employ the EMPLOYEE and it is the EMPLOYEE's desire to accept employment from the EMPLOYER on the terms and conditions as set forth herein.

NOW THEREFORE IN CONSIDERATION OF THE MUTUAL COVENANTS HEREIN CONTAINED, THE EMPLOYER AND EMPLOYEE AGREE AS FOLLOWS:

1. Duties. As authorized pursuant to the provisions of Minnesota Statutes Section §412.111, the EMPLOYER hereby agrees to employ EMPLOYEE as Liquor Store Manager of the City of Isanti to perform the functions and duties as specified in the job description for the position of Liquor Store Manager of the City of Isanti, as approved by the City Council, and as the same may be amended from time to time.

2. Term. The EMPLOYEE's employment shall be for an indefinite term at the will of the EMPLOYER. The terms of this contract shall be applicable from September 11, 2021 and until termination of the employment relationship, or until amended by subsequent agreement approved by action of the City Council of the City of Isanti and signed by both EMPLOYER and EMPLOYEE.

3. Employment at Will. The EMPLOYEE is employed at the will of the EMPLOYER, and therefore may be terminated at any time with or without cause upon, except as hereinafter provided, not less than 30 days' written notice from EMPLOYER to EMPLOYEE. EMPLOYER may however, in EMPLOYER's sole discretion, terminate the EMPLOYEE without any prior notice for misconduct, defined as follows:

A. Conduct by the EMPLOYEE resulting in criminal charges against the EMPLOYEE (except for petty misdemeanor traffic violations); or

B. EMPLOYEE's refusal to obey a lawful directive of EMPLOYER; or

C. Acts by the EMPLOYEE intended to cause injury to the EMPLOYER.

The EMPLOYEES probationary period shall be six (6) months, unless extended for a specified period not to exceed six (6) additional months. Notwithstanding the provision for thirty (30) day notice prior to termination, the EMPLOYER shall have the right to terminate employment with the EMPLOYEE with or without cause at any time during the EMPLOYEES probationary period without the requirement that said thirty (30) days' notice be given.

4. Salary. EMPLOYER agrees to pay EMPLOYEE for services rendered pursuant to this contract wages calculated on an annual base salary of step 1 in the amount of $68,128.32 payable in installments at the same time as other payroll employees of the EMPLOYER are paid. Subsequent annual step salary increases, as applicable, shall be contingent upon on a satisfactory annual performance review and current personnel policy. Cost of living salary adjustments, if any, shall be subject to approval by the City Council.

5. Vacation, Sick Leave and Insurance Benefits. The EMPLOYEE shall be entitled to carry over current banked hours of vacation and sick. The EMPLOYEE shall earn vacation at an accrual rate equivalent to 96 hours per year (two-fifth year rate). Sick leave, insurance and other employee benefits shall be provided as prescribed by the EMPLOYER's current personnel policy.

6. Performance Appraisal. The City Administrator, shall review and evaluate the performance of EMPLOYEE at least once annually per current personnel policy, preferably prior to yearly EMPLOYEE'S anniversary of each year. Following completion of each such performance appraisal the EMPLOYEE shall be given a summary thereof.

7. Retirement Benefits. The EMPLOYEE shall be entitled to participate in the accrual of retirement benefit contributions as prescribed for public employees under PERA, and/or under any other retirement program, if any, which may now or hereafter be available pursuant to and consistent with any applicable state or federal laws and EMPLOYER's personnel policy.

8. Personnel Policy. Except where specifically abridged or modified by this Agreement, the EMPLOYEE shall be subject to all terms and provisions of the EMPLOYER's personnel policies as set forth in the EMPLOYER's personnel policy manual. If any provision of this manual conflicts with a provision in this contract, then the contractual provision shall prevail.

9. Professional Development. The EMPLOYER agrees, subject to annual budget approval and subject to preauthorization of the City Administrator and/or City Council, to pay all necessary and reasonable expenses of EMPLOYEE for short courses, institutes and seminars that are, in the opinion of both EMPLOYER and EMPLOYEE necessary for professional development of EMPLOYEE.

10. Professional Membership. During the term of employment, EMPLOYER will pay EMPLOYEE's annual regular membership dues for EMPLOYEE's ongoing membership in the Minnesota Municipal Beverage Association as the same become due and payable.

11. Severability. Should any provision of this agreement be held unlawful by a Court of competent jurisdiction; all other provisions of this agreement shall remain in force for the duration of the agreement.

12. Notices. Notices pursuant to this agreement shall be given by deposit in the custody of the United States Postal Service, postage prepaid, and addressed as follows:

EMPLOYER	EMPLOYEE
City of Isanti 110 First Ave. NW P.O. Box 428 Isanti, MN 55040	Keith Lusk [redacted]

Alternatively, notices required pursuant to this agreement may be personally served as prescribed by the Minnesota Rules of Civil Procedure. Notice shall be deemed given as of the date of personal service or as of the date of deposit of such written notice in the United States mail.

13. Council Approval. This Employment Agreement is subject to approval by the City Council of the City of Isanti, Minnesota.

IN WITNESS WHEREOF, the EMPLOYER has caused this agreement to be signed and executed on its behalf by the Mayor and City Administrator, and the EMPLOYEE has signed and executed this agreement as of the day and year first above written.

E. Committee Meeting Items

1. Liquor Updates

- Liquor Store Manager Kevin Morelli introduced himself and shared with Committee his 28 years of experience in the liquor industry.
- Sales for May, June and July 2021 versus same time period in 2020 are -$38,699.88.
- Sales for the year through July are -$8,928.78 compared to the same time period in 2020.
- Daily sales have increased lately due to a neighboring Municipal Liquor store going through a remodeling project.
- Slower moving product (mostly wine) is being run down in preparation for moving to the new store.
- Gravity shelving is being prepared for dismantling inside the reach-in cooler by moving some product to the beer cave.

2. Permit Penalty Discussion *(Councilmember Gordon)*

- Councilmember Gordon requested staff provide information on penalties for not properly applying for permits.
- A few of the recent issues of working without permits have been caught after the work was complete or started and have required variances.

- Staff shared it is a challenge to make findings for practical difficulties for the majority of variances and even harder on something that is already built without any approvals.
- State statute 462.357. Sub 2 regulates variances "Variances may be granted when the applicant for the variance establishes that there are practical difficulties in complying with the zoning ordinance. "Practical difficulties" as used in connection with the granting of a variance, means that the property owner proposes to use the property in a reasonable manner not permitted by the zoning ordinance; the plight of the landowner is due to circumstances unique to the property and not created by the landowner; and the variance if not constitute practical difficulties. Practical difficulties include, but are not limited to, inadequate access to direct sunlight for solar energy systems."
- The intent of the code is to charge an "investigative fee" that is proportionate to the level of resources that staff would use to determine and solve the violation(s) that occurred.
- According to the fee schedule the investigation fee is 100% of permit fee, which is essentially a double fee.
- There was further discussion however Committee had no recommendation as to proceed further with any changes to current process.
-

3. Councilmember Request *(Councilmember Bergley)*

- Councilmember Bergley shared a resolution from a nearby City in regards to recognizing a mask mandate if one were to be put into place.
- Recommendation from Committee is for City Attorney Joe Langel to attend September 21st Committee of the Whole meeting for further information.

4. Garden Park Resident Request

- Leroy Johnson, 510 Main ST W and Elaine Fischer, 507 Main ST W expressed interest in entering into a 20-year lease program with the City for $1 per year to rent a portion of Mattson park that was adjacent to their property for a flower garden area.
- The garden would include a storage shed for gardening equipment.
- There would be an easement from Mattson Park to access the garden.
- The public would be allowed to view and walk through the garden area.
- Staff shared some difficulties in leasing a portion of a park to a resident that would need to be explored further.
- Recommendation from Committee is for staff to look into how the land was obtained and possible options in regards to a garden at the location.

5. Main Street Curbing

- The original plan with the Main Street reconstruction project is to leave the curbing that was installed approximately 12 years ago between Rosewood and Whiskey Road.
- The edge of the walkway is in poor shape and ground up mostly from plows.

- Committee discussed if the curbing shall be replaced now since the rest of the street is already being redone.
- Consensus from Committee is to replace the curbing.

6. Main Street Project Update
- Bolten & Menk sent letters and door knocked each house to advise residents that they will not be able to drive up their driveways until next week.

7. Holiday Lights Update
- Holiday light options will be brought forward at the next Committee of the Whole meeting.

   - C. Roll Call: Members present: Jeff Johnson, Steve Lundeen, Jimmy Gordan, Paul Bergley, Dan Collison, Arissya Simon.
     Members Absent: Alexander Collins
     Staff present: Community Development Director Sheila Sellman, Community Development Specialist Ryan Saltis
   - D. Agenda Modifications: None
   - E. Adopt the Agenda
     Motion to adopt the agenda by Lundeen, second by Collison motion passes 6-0.

2. **Meeting Minutes**
   - A. Approval of Minutes from the May 18, 2021 Planning Commission Meeting motion by Lundeen, second by Simon motion passes 6-0.

3. **Public Hearing**

   A. An amendment to City Ordinance 445, Section 13, Article 2, Subd. 21, said request is to allow small wind energy conversion systems in residential zoning districts. Sellman explained the ordinance amendment request to allow for small wind energy conversion systems in the R-1A, R-1, R-2, R-3A, and R-3B zoning districts. Currently wind energy conversion systems are allowed only in the B-2, I-1, T1-B, and T1-I Districts as a Conditional Use. Staff requested that these small wind energy conversion systems be allowed as an accessory use in residential zoning districts without a conditional use permit. There was no one from the public present at the public hearing to speak on the topic. Motion for approval of the ordinance amendment by Lundeen, second by Bergley, motion passed 6-0.

   B. Request by Image Contracting, LLC for approval of Site Plans under City Ordinance 445 Section 18, said request is for a BP Metals manufacturing and office building located at 825 East Dual Blvd NE. Saltis presented the Site Plans for a proposed BP Metals Manufacturing Building in the Isanti Industrial Park. The applicants representing BP Metals and Image Contracting were present at the meeting and available for questions from the Planning Commission members. The Planning Commission asked if BP Metals was planning to keep their Blaine location in addition to this proposed Isanti location. Blake Pendzimas from BP Metals explained that they are looking to keep their Blaine location for the time being, with potential to

expand the Isanti location in the future. The Planning Commission also asked about the number of employees that would be working at the facility in which the applicant explained that there would be 3 shifts of 15 or more employees per shift and the facility will be open 24 hours per day. There was no one from the public present at the public hearing to speak on this item. Motion to approve the site plans with conditions listed in the staff report and City Engineer's Memo dated 6-2-2021 by Lundeen, 2nd by Simon, motion passes 6-0.

5. **Other Business:** None

6. **Discussion Items:**

   A. **Zoning Code Update** Community Development Director Sellman explained to the Planning Commission that staff will be working on updating the City's Zoning Ordinances in a full review. Changes made to the Zoning Ordinances will be brought to a future Planning Commission meeting for approval.

7. **Adjournment:** Motion by Lundeen, 2nd by Bergley to adjourn, motion passed 6-0 meeting adjourned at 7:42 p.m.

Respectfully submitted by Ryan Saltis, Community Development Specialist

CITY OF ISANTI
PARKS, RECREATION, AND CULTURE BOARD MEETING MINUTES
July 27,2021

Call to Order: James Witte called the meeting to order at 6:02 p.m.

Roll Call: Members Present: James Witte, Zachary Gahm, Dan HinnenKamp and Council Member Jimmy Gordon
Staff Present: Alyssa Olson, Parks, Recreation & Events Coordinator, Maizy Burk, Parks, Recreation & Culture Intern

Agenda/Modifications: None

2. Oath of Office: New member Dan HinnenKamp pronounced the Oath of Office and was officially welcomed to the Board.

3. Meeting Minutes: Motion by HinnenKamp; second by Gordon to approve meeting Minutes from June 22, 2021. Motion passed 4-0.

4. Neighborhood Park Survey: Olson shared results from the neighborhood park surveys. 30% of nearby residents returned surveys with feedback. Residents near Isanti Hills have younger children that use the park weekly to monthly. Main playground features used are the slide, swingset and jungle gym, as well as park benches and shelter. The bouncing characters and dirt diggers are least often used. Respondents identified adding sports equipment, recreational elements and fitness equipment or Early Childhood Learning features as enhancements that would increase park use. Respondents identified rowdy teenagers, playground features that aren't appropriate for toddlers, outdated equipment and accessibility issues as deterrents to park use.
Residents near Rum River Meadows Park have children under 3 or over 11, missing core ages in elementary school. Most respondents use the park either daily or weekly. Swingset and slide are the most used features, along with park benches and open recreational space. Volleyball net does get some use, but minimal. Most respondents identified adding sports equipment, recreational elements and natural elements to the park would increase use. Rowdy teenagers, absence of shade and absence of activities for both young kids and teenagers/adults as deterrents to park use. This neighborhood also noted that they gather often and could benefit from a communal space at the park.
Gahm asked about costs and logistics of adding shade structures and of requesting more patrolling from Isanti PD of these parks at night. Olson will look into options and connect with Chief Muyres on safety recommendations.

5. Department Updates: Olson shared updates from July events, which have been well-attended.
Medallion was found after 1 day at Legacy Park. The boys that won took home $430 in prizes. Will work to create harder clues and a more difficult hiding space next year.
Fireworks had about 1000 people in attendance. Gap in time after the parade likely deterred audience from sticking around.
Splish Splash Summer Bash went well. Kids enjoyed the pop bottle rockets, face painting, Kids Dance and the inflatables. ICF presentation was unnecessary and will be eliminated in future years, just keeping DJ entertainment on stage. Food vendors were limited due to a last-minute vendor drop out. Olson will work to incorporate more vendors in the future. Attendance was similar to last year, with possible slight increase, but they stayed onsite longer with more activities. Gahm asked about adding more activities next year and Olson noted she has requested budget for this event in 2022. If approved, that will help to add more inflatables, face painters and activities to the event. Olson will also look for a face painter that focuses on smaller designs that take less time to complete and can get more kids through.
Street Dance had lighter attendance, but still around 2,000 attendees. Food vendors seemed light because there was more room, but had same 8 vendors as the first month. August and September will have 11-12 vendors onsite, which should help with lines and options for guests. Gahm asked how the vendors do and Olson noted most sold out of product in June and many sold out of individual items in July.
Passport to Parks is currently running with first 50 winners getting a prize. All correct answers will be added to the grand prize, which will be drawn at the August Street Dance. The prize is a Family Fun Pack that includes passes from area attractions.

Farmers' Market is still going well with 18-21 vendors each week. Due to this season's weather issues, only one vendor has been able to provide a variety of produce, but the other products onsite have provided shoppers with unique items to try. Traffic has picked up and is reasonably consistent week after week. Gahm asked if the vendors are now satisfied with the attendance. Olson noted that the complaints have stopped, so if there are issues, they are not being relayed to staff. Weather continues to play a role in attendance so hopefully attendance will pick up as we get towards the Fall.
Performance Center is moving forward and just waiting on shipping date. The field lights will be installed in the next couple weeks.
Olson shared that the Archery Range has been requested to move forward to Council. The Council decided on the Dog Park location and Olson will be gathering more concrete costs and logistics for installing the range in the Spring so that budget will be used in 2022.
In the July COW meeting, Council member Lundeen requested Olson research options to add a carnival to City events in 2022. The thought was to add the carnival to one of the Street Dances, presumably the Fall date as an endcap. Gahm asked where that would be and Olson noted that a location would depend on if the Street Dances remain on Main Street or if they move to Bluebird Park. Olson will be looking into those logistics and costs, with the help of HinnenKamp, who has ample experience in the area. Gordon and Witte mentioned not wanting the Street Dances to move to Bluebird. Gahm mentioned the Street Dances being geared towards adults and a carnival being for kids. Olson noted that the Street Dances have a rather large youth attendance and that moving these events could reduce the amount of damage caused during the events. It is also easier to contain bad activities in an open space where there aren't alleyways to hide in. HinnenKamp mentioned the carnival being its own event and that it wouldn't compete with any other area events. HinnenKamp also noted that a carnival would want to run for longer than one day to be beneficial. Olson requested insight about the importance of having the Street Dances in the street and if the community cares where it takes place. She also noted the businesses don't get engaged, which was the initial intention. Witte noted it may be posing a greater risk to these businesses if the dances are causing damage to their properties. Gordon noted the atmosphere of being in the street is appealing and didn't know if another street would be an option. Gahm mentioned we may need to give it a try and see how it goes in the park, to use the performance center. Olson noted maybe slowly migrating in order to test the appeal.
The Council also requested that Olson develop a plan for the holiday lights event. Olson has pulled together a proposal for that event that will be shared at the August COW meeting.

Adjournment: Motion by Gahm, second by HinnenKamp to adjourn the July 27, 2021 meeting of the Parks, Recreation, and Culture Board. Motion passed 4-0, meeting adjourned at 6:36 p.m.

Subject: Resolution 2021-XXX approval of the Conditional Use Permit for a Microbrewery at 801 Hwy 65 NE

Overview/Background:
A Conditional Use Permit application was submitted for a Microbrewery at 801 Hwy 65 NE for Thunder Brothers Brewery. This item was discussed at the August 17, 2021 Planning Commission Meeting. Representatives for Thunder Brothers Brewery attended the meeting and were available for questions from the Planning Commission. The Planning Commission asked if Thunder Brothers was planning to move their entire brewing operations over to the new location or keep both locations. The applicants said that they are looking to bring all equipment and operations to the new location. The applicant said that they were looking to move into the leased building to gain square footage and provide visibility from Highway 65. It was explained that the microbrewery would have to apply for all building permits applicable to the change of use for the building, and was made a condition of approval for the CUP. The Planning Commission made a motion to approve the Conditional Use Permit for a Microbrewery with conditions listed in the August 17, 2021 staff report, the motion passed 7-0.

MEMORANDUM

TO: Planning Commission

FROM: Ryan Saltis, Community Development Specialist

DATE: August 17, 2021

SUBJECT: Request by Thunder Brothers Brewery for a Conditional Use Permit under City Ordinance 445, Section 11, Article 5, Subd 4. said request is for a Microbrewery at 801 Highway 65 PID 16.020.1100

Request
Request by Thunder Brothers Brewery for a Conditional Use Permit for a Microbrewery at 801 Highway 65.

Overview/Background
Thunder Brothers Brewery would like to move their brewing operations from the current site on Enterprise Ave to a new location at 801 Highway 65 NE. The subject site is zoned B-2 General Business with the Highway 65 Overlay. In the Highway 65 Overlay district a microbrewery requires a Conditional Use Permit (CUP). The existing building is owned by the CBD Joint and the microbrewery would be a leased space of this building. A microbrewery would be considered a change of use for the building and would need to apply for any permits associated with this new use.

The Planning Commission shall hold a public hearing and consider possible adverse effects of the proposed Conditional Use. The judgment of the Planning Commission shall be based upon, but is not limited to the following factors:

1. The proposed action has been considered in relation to the specific policies and provisions of and has been found to be consistent with the goals and objectives of the Comprehensive Plan, including public facilities and capital improvement plans.
   The property is guided commercial and is in line with the Comp Plan.

2. The proposed action meets the purpose and intent of this Ordinance and the underlying zoning district.
   The overlay district allows for Microbreweries as a Conditional Use and the requirements are met as proposed.

3. The establishment, maintenance or operation of the conditional use will promote and enhance the general public welfare and will not be detrimental or endanger the public health, safety, morals, or comfort.

The Microbrewery will not be detrimental or endanger the public.

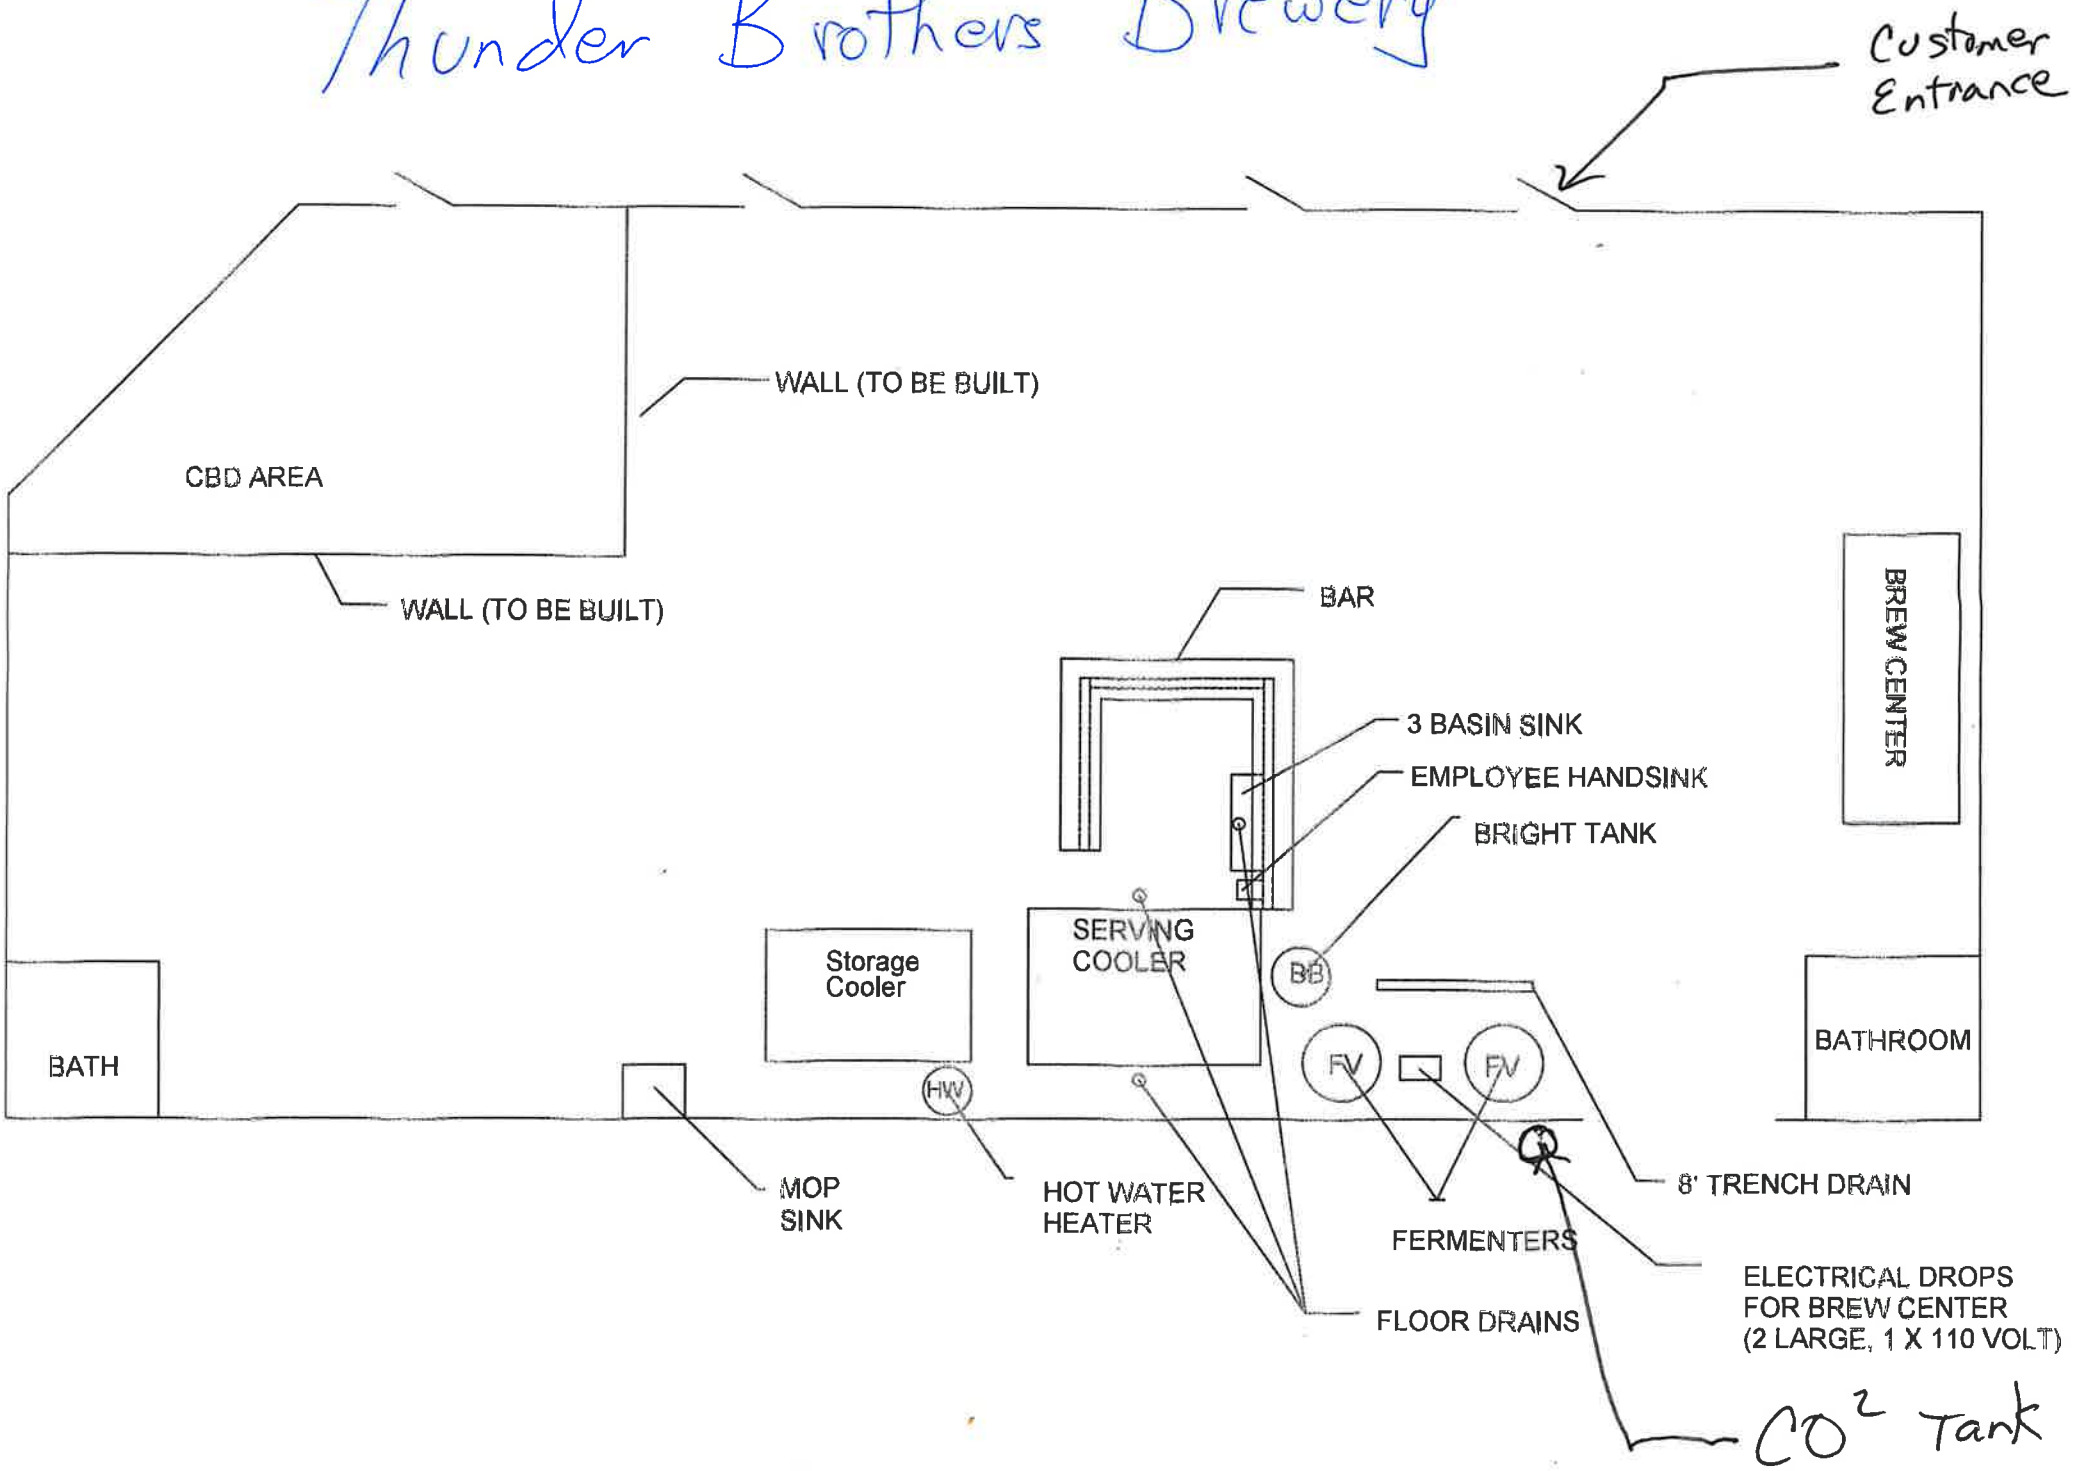
4. The conditional use will not be injurious to the use and enjoyment of other property within the immediate vicinity for the purposes already permitted; nor substantially diminish or impair property values within the neighborhood.
   The microbrewery is a new use in an existing building in the B-2 General Business District, it is not anticipated to diminish or impair nearby property values.

5. The establishment of the conditional use will not impede the normal and orderly development and improvement of surrounding property for uses permitted in the district.
   The microbrewery will be located in an existing building and will not impede on the normal and orderly development and improvement of surrounding property.

6. Adequate public facilities and services are available or can be reasonably provided to accommodate the use which is proposed.
   The proposed microbrewery will be located in an existing building that has already been planned for public services and will not require additional public facilities.

7. The conditional use shall, in all other respects, conform to the applicable regulations of the district in which it is located.
   The use meets this requirement.

8. The conditional use complies with the general and specific performance standards as specified by within this Article.
   The use meets this requirement.



Staff Recommendation:
Staff recommends approval with the following conditions:

1. Applicant shall apply for all building permits associated with the new use of the building.
2. The Conditional Use Permit shall be recorded by the applicant and proof of recording submitted to the City.

Subject: Resolution 2021-XXX approving the Site Plan Review for a Dental Clinic and Commercial Tenant Building at 401 Cherrywood St NE

Overview/Background:
Site Plans were submitted for a dental clinic and commercial tenant building for Isanti Dental. This item was discussed at the August 17, 2021 Planning Commission Meeting. Topics of discussion included moving the trash enclosure location, widening the drive aisle on the west side of the building from 18 to 20 feet, outdoor patio configuration, the drive-thru lane, one way circulation, and potential commercial tenants. It was explained that the drive-thru lane would need a separate Conditional Use Permit application submitted to approve the location, dimensions, and vehicle stacking requirements are met. Representatives for Isanti Dental attended the meeting and were available for questions from the Planning Commission. Mayor Johnson asked the representative if the conditions listed in the PC Staff Report and City Engineer's Memo could be met and if they are reasonable. The representative said that the conditions were reasonable and could be met. The Planning Commission made a motion to approve site plans with conditions listed in the August 17, 2021 staff report and City Engineer's Memo dated July 29, 2021, the motion passed 7-0.

Due to the conditions of approval requested for the site, the applicants have modified their plans to reflect these required changes. The updated plans show a new location for the curb cut, a reverse floor plan of the dental offices and commercial tenant space, a parking area on the east of the building, a new location of the trash enclosure and the drive-thru lane being removed. Vehicle circulation was simplified on the site without the use of the drive-thru lane and the drive aisles were widened to 24 feet to accommodate a fire truck. The new entrance location is proposed to be on the cul-de-sac bulb similar to the nearby businesses. This proposed location of the entrance will work for traffic circulation in the area, granted that there will be stop signs for all businesses on the cul-de-sac. Conditions of approval have been modified to reflect the updated plans:

1. Location of freestanding light poles and exterior building lighting shall be shown on site plans and approved by staff prior to applying for a building permit
2. The outdoor patio area shall be shown on site plans with configurations of tables and chairs if they will be used on site and follow all requirements listed in Section 13 Subdivision 14 of the City Zoning Ordinances
3. Trash enclosure architectural plans shall be submitted for staff approval prior to applying for a building permit

4. All signs shall require a sign permit when applicable to determine dimensions and locations and shall follow Section 16 of the City's Zoning Ordinances
5. Applicant shall apply for all permits associated with the building including but not limited to a building permit, mechanical permit, plumbing permit, electrical permit, and sewer and water hookup
6. The applicant shall enter into a minor development agreement with the city
7. All conditions/comments listed in the City Engineer's memo shall be addressed

FINDINGS OF FACT AND CONCLUSION
ISANTI DENTAL SITE PLAN

Request

Request by Isanti Dental for Site Plan Approval for a proposed dental clinic and commercial tenant building located at 401 Cherrywood St NE.

Findings of Fact

1. The applicant is requesting approval of Site Plans for a dental clinic and commercial tenant building located at 401 Cherrywood St NE.
2. The Property is zoned B-2, General Business District.
3. A public hearing on the matter was scheduled before the City of Isanti Planning Commission on August 17, 2021 at 7:00 p.m. at City Hall within the City Council Chambers.
4. Notice of the Site Plan application was published with the *County Star* on July 30, 2021. Notices were sent to all property owners located within 350 feet of the aforementioned address.
5. Section 18 of the Zoning Ordinance establishes factors that the judgement of the Planning Commission shall be based upon when reviewing a Site Plan request.

Conclusions

1. In review of the standards established in Section 18, Subdivision 7; the following conclusions have been made (*conclusions to each requirement are shown in italics):*

   A. Consistency with the elements and objectives of the City's development guides, including the comprehensive plan.
   The dental clinic and commercial tenant building will provide employment opportunities in Isanti. Health Care Clinic is a permitted use in the General Business District and is guided General Business in the Comprehensive Plan.

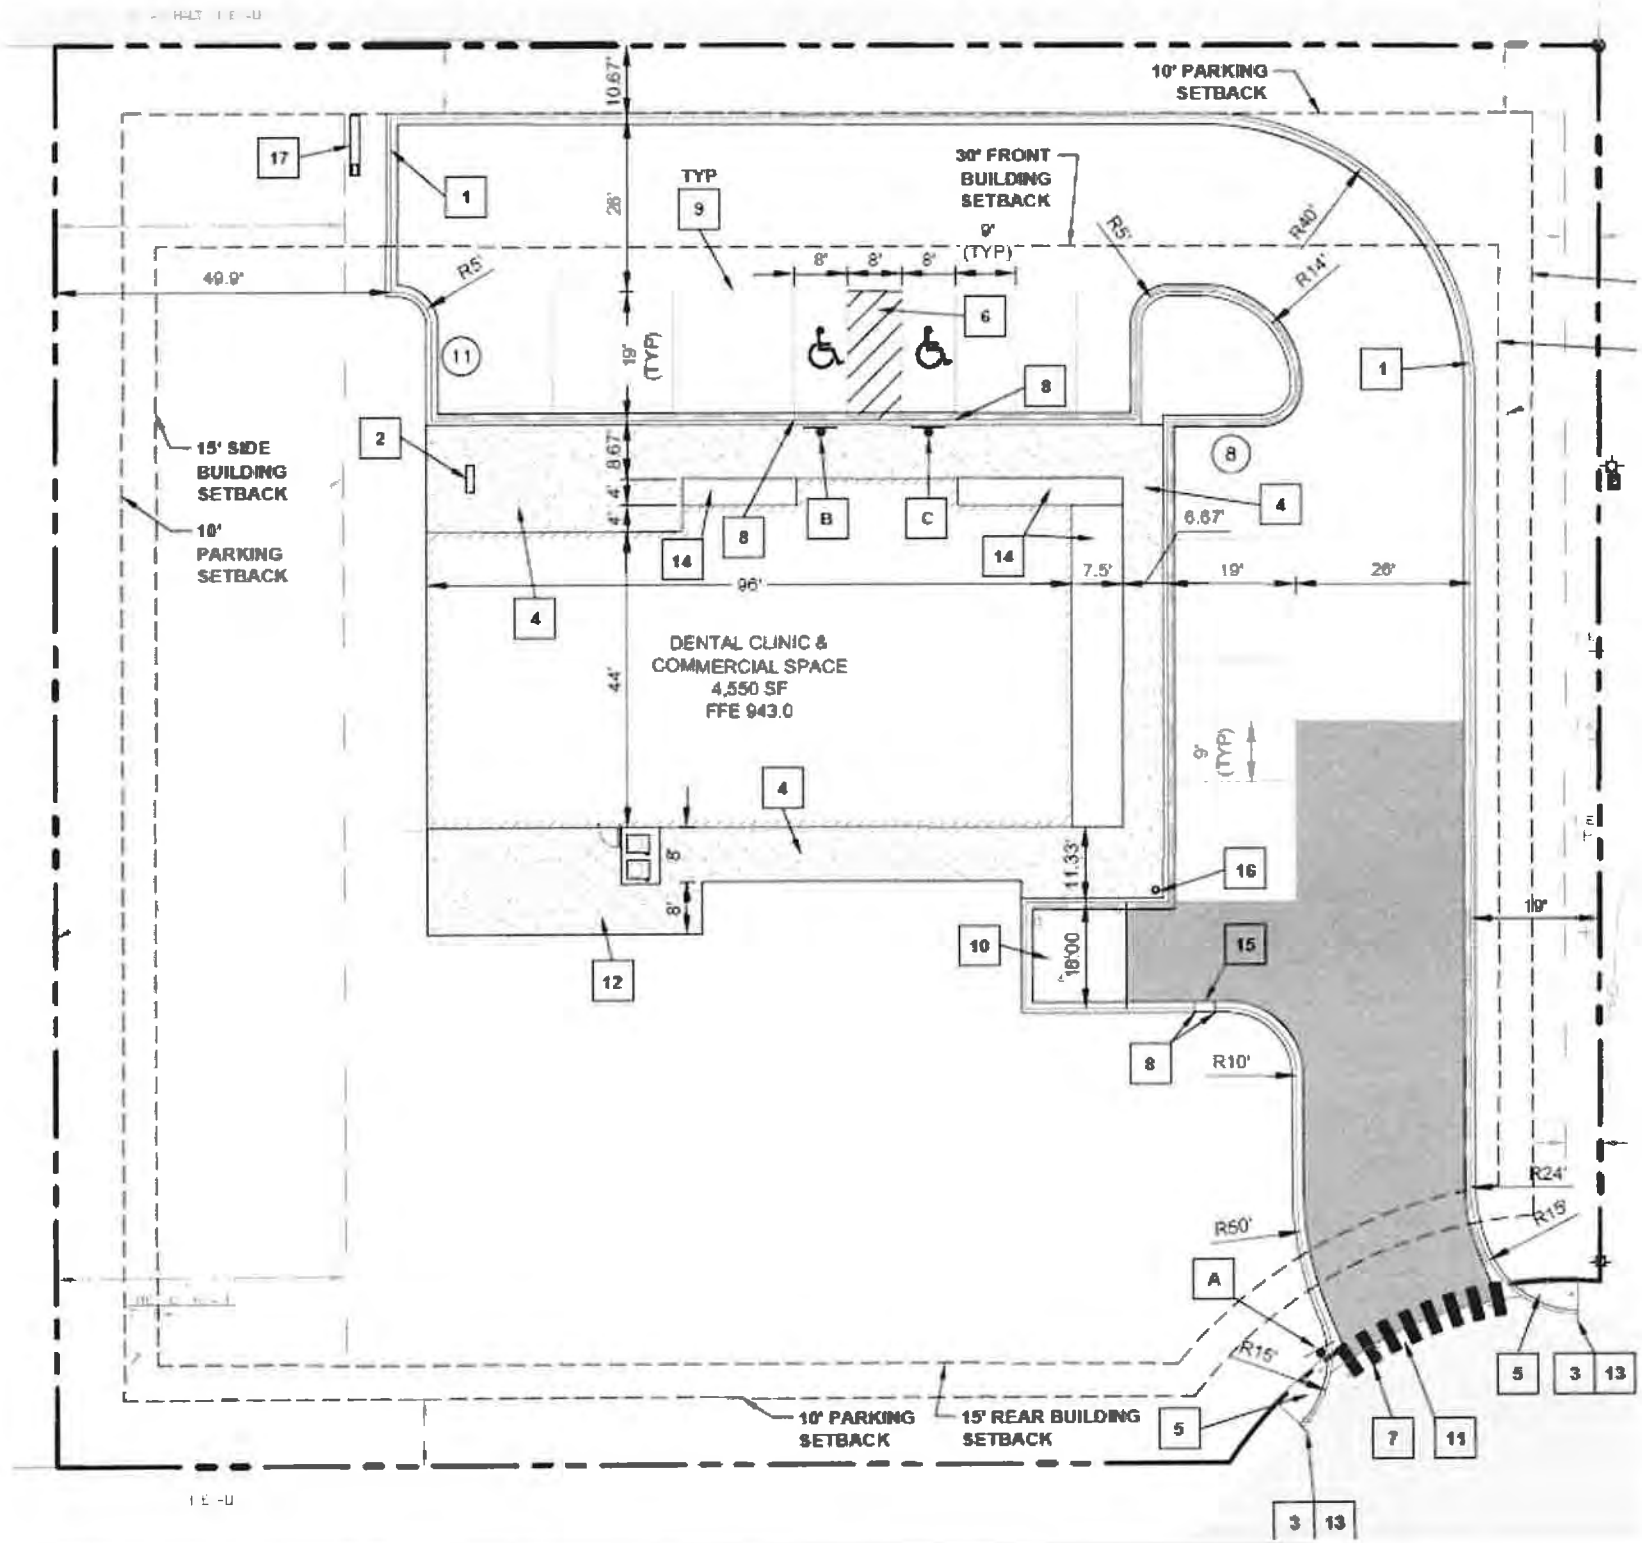
   B. Consistency with City Codes.
   The proposed development meets all current City Codes established.

   C. Preservation of the site in its natural state to the extent practicable by minimizing tree and soil removal and designing grade changes to be in keeping with the general appearance of neighboring developed or developing areas.

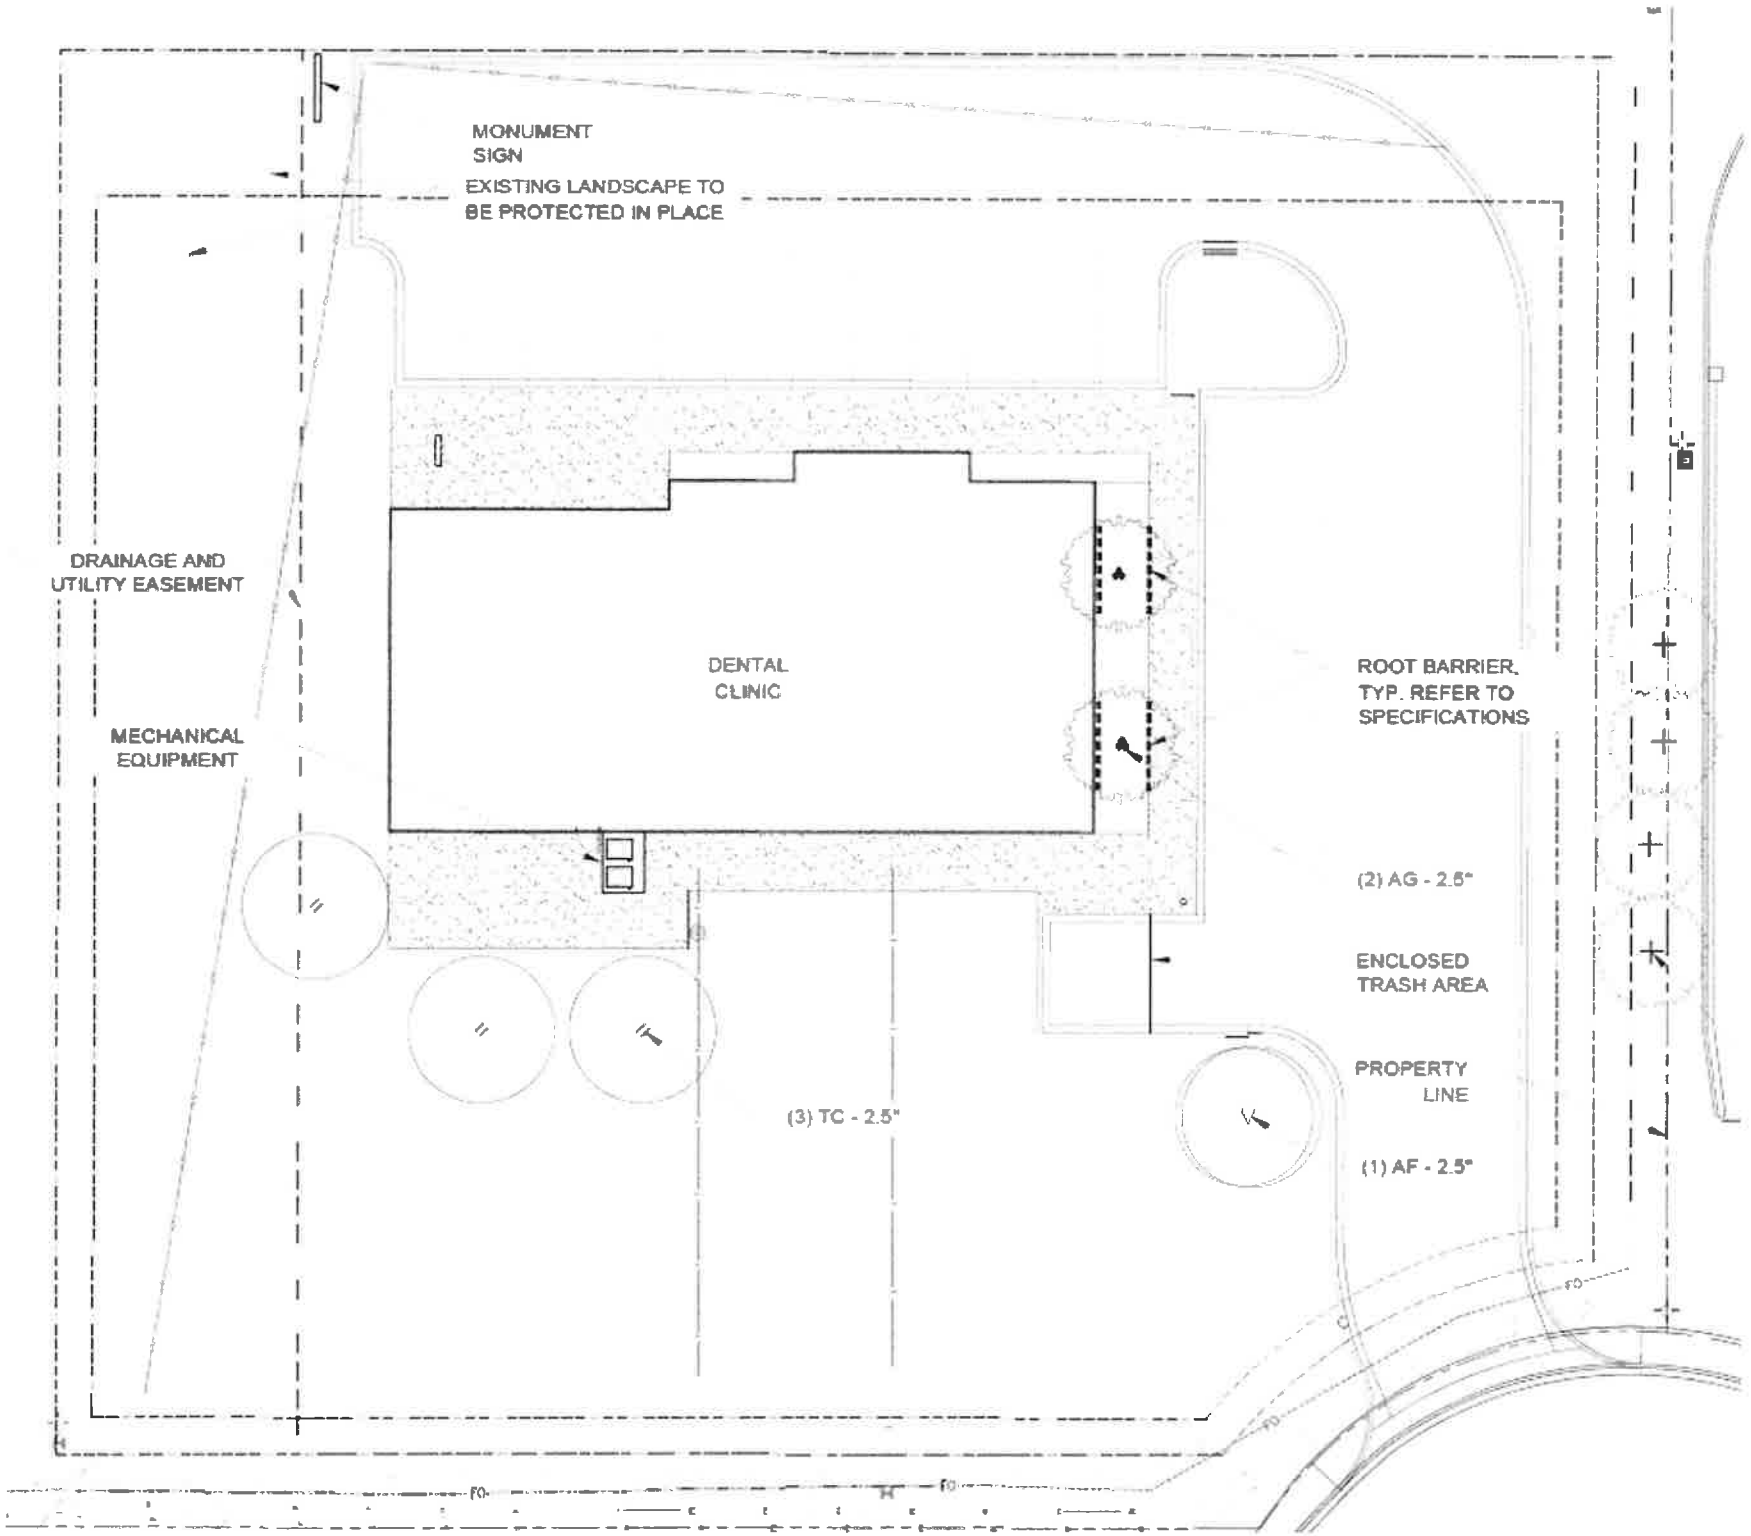
There are no existing trees on site that will need to be removed for the development of the dental office and commercial tenant building. The landscaping plan proposes 6 new trees in addition to four existing trees along the site's eastern property lines.

D. The amount and location of open space and landscaping.
The proposed site exceeds minimum requirements for open space and landscaping.

E. Vehicular and pedestrian circulation, including walkways, interior drives, and parking in terms of location and number of access points to the public streets, width of interior drives and access points, general interior circulation, separation of pedestrian and vehicular traffic and arrangement and amount of parking.
Interior vehicular and pedestrian circulation, access points to the public streets, and all other requirements have been met.



F. Protection of adjacent and neighboring properties through reasonable provision for surface water drainage, sound and sight buffers, preservation of views, light, and air and those aspects of design not adequately covered by other regulations which may have substantial effects on neighboring land uses.
The site will be properly shielded from neighboring properties by existing and future landscaping. The development of a dental office and commercial building is consistent with other buildings in the area near Heritage Blvd and will not have a negative impact on surrounding properties.



G. Consistency with the City's Engineering Design standards as adopted by Resolution of the City Council
The proposed development has been reviewed by the City Engineer. Engineer comments have been or will be incorporated into the development.

Decision

The City of Isanti Planning Commission reviewed the request after a public hearing was held on August 17, 2021. Planning Commission Recommendation: Motion by Lundeen, seconded by Collison to recommend approval of site plans for a dental clinic building located at 401 Cherrywood St NE. Motion passed 7-0.

The staff memo, and attachments shall be made part of the Findings of Fact and Conclusion.

Request for City Council Action

To: Mayor Johnson and Members of City Council
From: Sheila Sellman, Community Development Director
Date: September 7, 2021
Subject: Resolution 2021-XXX Approving the Preliminary and Final Plat For Isanti Liquor Store

---

Background: The City Council directed staff to subdivide the "new liquor store site" into two parcels. The Planning Commission held a public hearing on the preliminary and final subdivision at their August 17, 2021 meeting. No one from the public commented on the item. The Planning Commission recommended approval.

The subject site is zoned B-2, General Business this district does not have a minimum lot size but does have setback requirements. As proposed the liquor store site would be located on Lot 1 which will be 3.96 acres and Lot 2 will be .67 acres. The liquor store building and parking meets all zoning requirements with this subdivision. Lot 2 will have many existing easements restricting the buildable area. Depending on what develops on Lot 2 a shared parking agreement may be necessary.

Request: Consider adopting the resolution

MEMORANDUM

Date: July 23, 2021

To: Sheila Sellman, Community Development Director

From: Jason W Cook, P.E.
City Engineer

Subject: Legacy Pines and Heritage Estates Letter of Credit Adjustments
City of Isanti, MN
Project No.: R13.117438

The developer of Legacy Pines and Heritage Estates has requested reductions in the letter of credit held on all additions and phases of the Legacy Pines development and the Heritage Estates development.

Remaining work on Legacy Pines 3rd Addition Phase 3 include wear course, signage, striping and turf establishment. Final turf establishment is still needed on Legacy Pines 2nd and 3rd Additions.

Heritage Estates and Legacy Pines 3rd Addition Phase 2 Utility should not be reduced to 10% until As-Builts and all lien waivers are received.

We have calculated the required balances for each Letter of Credit based on the current development agreements and recommend holding the following balances:

Development	Completed Work 10% Held	Non-Accepted Work 20% Held	Remaining Work 125% Held	Total Held
Heritage Estates	$41,500	$0	$0	Need AsBuilt & Lien Waivers 1st $41,500
Legacy Pines				
- 1st Addition	Warranty Bond	$0	$0	Warranty Bond
- 2nd Addition	$35,064.74	$0	$1,479.55	$36,544.29
- 3rd Add - Phase 1	$39,435.57	$0	$3,437.50	$42,873.07
- 3rd Add - Phase 2 - Utility	$17,714.06	$0	$0	Need AsBuilt 1st $17,714.06
- 3rd Add - Phase 2 - Street	$22,082.36	$0	$4,550.00	$26,632.36
- 3rd Add - Phase 3	$40,839.22	$5,417.75	$58,237.81	$104,494.78

The remaining balances of the Letters of Credit are anticipated to be sufficient to complete the project as proposed while covering any incurred overhead costs including testing, inspection, and contract administration. These should not be reduced until all engineering invoices are paid or subtracted off the current letter of credit balance.

Please contact me if you have any questions.

Memo for City Council

To: **Mayor Johnson and Members of the City Council**
From: Alyssa Olson, Parks, Recreation & Events Coordinator
Date: September 7, 2021
Subject: Resolution 2021-XXX Approving Terminating VFW Park Lease Agreement

---

Background:
In the May 18, 2021 Committee of the Whole meeting, Council discussed the City's standing lease agreement with the VFW for maintaining the playground on their property. The Council elected to terminate the lease agreement and offer the park and playground equipment to the VFW as a donation.

Upon discussion with the VFW, they have opted to decline the donation offer and would like the City to remove the equipment from their property. In early October, Public Works staff will remove all equipment and fencing from the VFW Park. All intact items will be placed in auction for public sale.

Request:
Staff is requesting approval to terminate the lease agreement for the VFW Park, effective at the end of the 2021 park season, and to remove all equipment from the park for public auction.

Attachments:
- Resolution 2021-XXX

RESOLUTION 2021-XXX

APPROVING TERMINATION OF VFW PARK LEASE AGREEMENT

WHEREAS, the City of Isanti has elected to discontinue maintenance of the VFW Park at the end of the 2021 season; and,

WHEREAS, the City of Isanti will terminate the lease agreement under Resolution #98-82 for the VFW Park property with the VFW Post 2735; and,

WHEREAS, the City of Isanti will remove all park and playground equipment, including fencing, benches, tables, grills and playground equipment; and,

WHEREAS, the City of Isanti will terminate insurance coverage on the property; and,

WHEREAS, the City of Isanti will terminate waste and portable restroom services; and,

WHEREAS, the City of Isanti will place all usable items for sale to the public upon removal;

NOW, THEREFORE, BE IT RESOLVED by the City Council of the City of Isanti, Minnesota to hereby approve the termination of the VFW Park lease agreement and removal of all park equipment, effective September 7th, 2021.

This resolution was duly adopted by the Isanti City Council this 7th day of September 2021.

MEMO

To: **Mayor Johnson & City Council Members**
From: Finance Director Betker
Date: September 7th 2021
Subject: 2022 Preliminary Budget and Levy Adoption

Background:

The proposed preliminary property tax levy is $3,281,851 and reflects an increase in the preliminary taxable market value for 2022 of 10.83%. The city will receive updated property tax values from the County in December.

The proposed preliminary property tax rate is 58.48%. A decrease of 3.17% from 2021. The 15-year average tax rate from 2007 thru 2021 is 67.08%

As discussed in prior work sessions, other non-levy General Fund revenue sources have been adjusted to reflect prior year trends, rates per the fee schedule, and known agreements.

General Fund expenditures have been adjusted based on prior year actual costs, current year expenditures thru June, actual maintenance agreements and contracted costs. All wages include a 3% COLA for 2022 and include the necessary step increases, where applicable. Dental Insurance, Worker's Compensation, Property/Liability/Volunteer Insurance, and Life/AD&D Insurance have all been adjusted to reflect premiums paid in 2021 and any necessary inflationary factor was applied. Health Insurance is projected to increase 22.5%. Final renewal numbers on Health Insurance scheduled to be available early October.

Current Action:
Consider Resolution Setting the 2022 Final Budget and Levy Meeting
Consider Resolution Approving the 2022 Preliminary General Fund Budget for the City of Isanti
Consider Resolution Adopting the Proposed 2021 Tax Levy Collectible in 2022 for the City of Isanti

Memo for Council Action

To: Mayor Johnson and Members of the City Council
From: Liquor Store Manager Kevin Morelli
Date: September 7th 2021
Subject: Credit Card Processing

Background:
Our current Credit card processing company is no longer meeting the needs of the Liquor Operation due to rising fees, outdated equipment and lack of support. Liquor Store Staff has accepted and reviewed three proposals and recommend accepting Ameta Payment Solutions proposal as this proposal saves the Liquor Store the greatest amount of money, provides updated equipment and a local contact for support.

Recommendation:
Staff is recommending acceptance of the proposal from Ameta Payment Solutions.

Action Required:
If the Council concurs, it should by motion, take the following actions:

1. Approve attached resolution as written.

CITY OF ISANTI
PARKS, RECREATION, AND CULTURE BOARD MEETING MINUTES
August 24,2021

Call to Order: Aaron Zdon called the meeting to order at 6:00 p.m.

Roll Call: Members Present: Zachary Gahm, Dan HinnenKamp and Mayor Jeff Johnson
Staff Present: Alyssa Olson, Parks, Recreation & Events Coordinator

Agenda/Modifications: None

2. Meeting Minutes: Motion by Gahm; second by HinnenKamp to approve meeting Minutes from July 27, 2021. Motion passed 4-0.

3. Movie Nights Plan: Olson shared the list of movies and dates that have been selected and secured for the 2021/2022 City Movie Night calendar. Olson requested the Board's ideas on how to improve attendance at these events after poor attendance and multiple cancellations in the last season. Zdon mentioned reaching out to previous organizations that have 'hosted' nights in the past to see if they would be interested in doing so again. Gahm recommended reaching out to the local area schools and putting a flyer in kids' bags to promote the events. Olson will be reaching out to both groups to garner interest.

4. Amphitheater Naming: Olson shared that the new bandshell in Bluebird Park will not be ready for the September 11 Street Dance as anticipated. Board members recommended creating a Fall-style festival as a grand opening celebration that would prelude a potential larger Fall event next year. Notes were made to include vendors and a possible performance and dedication. Olson noted that any dollars spent would need to come from current budget. On naming, Johnson suggested a name in recognition of Council member Lundeen's efforts to forward this project. Zdon mentioned requesting the schools enter names for the Council to approve, similar to how the resting areas in Legacy Park were named. Names would be gathered in September and brought to the next Board meeting to discuss. Olson will reach out to the area schools for name suggestions and will bring all options back to the Board and Council for consideration in September.

5. Eagle Park Updates: Olson shared an update on the Main Street Improvement project that impacts Eagle Park, expanding the park footprint. Olson noted additions like removing mulch perimeter, adding another seating area, adding perennial plants and flower beds and adding permanent game elements. Olson mentioned any upgrades should be minimal cost and minimal maintenance. HinnenKamp mentioned creating a "Railroad Viewing Park" that would include a viewing platform and schedule for trains. Board agreed that would be an interesting idea and would be unique to our area. HinnenKamp noted a similar location he visited attracted a lot of visitors. Olson and HinnenKamp will research this idea to see if it would be a viable option and bring value to the community.

6. Tree Plan: Olson shared that a number of trees have been removed from both Bluebird and Mattson Parks that need to be replaced. There are also a number of vacant areas throughout the City's parks that need shade cover or beautification. Olson will be putting together a tree plan in the Fall for next year and requested direction on types of trees or styles the Board would like to see included. Olson also noted that any trees not on the current zoning approval list would just need approval from the Council. Zdon recommended looking at the past tree plan to view previous placement suggestions. Johnson mentioned we applied for a state grant and Olson shared details of what that would allow us to accomplish, should we be approved. The funding would allow for 15-20 trees to be added in the next 3 years under that program. Of the list provided, the Board identified 6 trees – Cedar, Eastern Red; Hickory, Bitternut; Ironwood; Japanese Lilac Tree; Serviceberry, Allegheny; and Linden, American – that would be preferred to include in future tree plans. Gahm mentioned Bluebird needing large shade trees for coverage and the CISC complex is in need of shade coverage as well and should be considered as the tree plan develops.

7. Department Updates: Olson shared updates on August events, including Curious Creatures, Farmers Market and Street Dance. The Street Dance having a celebration for Grace McCallum went well despite morning rain. Gahm noted he really enjoyed the event and the band. Olson mentioned the band is on the short list for next year as they had the best crowd response yet. Olson shared the event was picked up by

both local, state and inter/national media. Olson shared she is working on incorporating a 9/11 tribute at the September event. Johnson requested the fire truck from the Fire District. Gahm suggested connecting with the Cambridge recruiting center. Olson noted she has requested presence and ideas from local first responder and veteran groups to enhance a tribute. HinnenKamp recommended asking vendors to incorporate a patriotic element to their offerings. Zdon mentioned having the VFW present the flag or the National Anthem with their color guard.

Olson shared the Farmers Market vendors are still hit or miss on satisfaction. Olson noted the new vendors are doing very well, whereas some of the returning vendors have not done as well this year, especially the ones selling soaps, jams/jellies and salsas. Specialty products and produce appear to be doing the best onsite. Olson shared the goal is to move the Farmers Market to the new liquor store location and she will be looking at the feasibility of that and those options in the coming months. Johnson suggested bringing food trucks onsite to which Olson noted that is an option she has looked at and will be looking to incorporate next year.

Holiday Lights event options will be presented to the City Council during Septembers COW meeting. Olson described briefly the 4 tiers of options that will be presented, from a free open festival to enclosed ticketed events. Suggestions to include local businesses and sponsors in the event were noted and Olson confirmed that each option would include sponsorship opportunities. HinnenKamp suggested that we pave our own path with a new event to eliminate some comparisons to other events. Gahm noted disliking the standard drive-thru option, which the Board agreed was not the ideal direction. He also mentioned people aren't likely going to want to attend if it's just a 5-minute drive-thru with nothing to do afterwards. HinnenKamp shared his hesitation to charge for a Christmas event, but that fees do hinder unfavorable attendees and offer opportunities to take cost burden off of taxpayers.

Olson shared that Family Day plans are underway. Zdon noted that two years ago attendance was good. Olson noted she has assumed the same from signup lists, but doesn't have any recorded attendance. Olson will work with the schools to give flyers to students as the event gets closer.

Adjournment: Motion by Johnson, second by Gahm to adjourn the August 24, 2021 meeting of the Parks, Recreation, and Culture Board. Motion passed 4-0, meeting adjourned at 7:13 p.m.

Respectfully Submitted

Community Development Director Sheila Sellman

1. **Resolution 2021-183** Approving a Conditional Use Permit For a Microbrewery Located at 801 Hwy 65 NE

   Community Development Director Sheila Sellman shared that a Conditional Use Permit was submitted for a Microbrewery at 801 Hwy 65 NE for Thunder Brothers Brewery. This item was discussed at the August 17th, 2021 Planning Commission meeting. The Planning Commission recommended approval with two conditions. They will be moving current operations to the new location.

   Motion by Lundeen, seconded by Collison to approve resolution as presented. Motion passed 4-0. Motion carried.

2. **Resolution 2021-184** Approval of a Site Plan for a Dental Clinic and Commercial Tenant building located at 401 Cherrywood St NE

   Community Development Director Sheila Sellman shared that site plans were submitted for a dental clinic and commercial tenant building for Isanti Dental. This item was discussed at the August 17th, 2021 Planning Commission meeting. The Planning Commission recommended approval with conditions. Since the Planning Commission meeting, the applicant has taken the conditions into consideration and revised their site plan accordingly. The updated site plan shows a new location for the curb cut, a reverse floor plan of the dental offices and commercial tenant space, a parking area on the east of the building, a new location of the trash enclosure and the drive-thru lane removed and the drive aisles widened to 24 feet to accommodate a fire truck.

   Motion by Lundeen, seconded by Bergley to approve resolution as presented. Motion passed 4-0. Motion carried.

3. **Resolution 2021-185** Approving the Preliminary and Final Plat For Isanti Liquor Store

   Community Development Director Sheila Sellman shared that the City Council directed staff to subdivide the "new liquor store site" into two parcels. The Planning Commission held a public hearing on the preliminary and final subdivision at their August 17th, 2021 meeting. No one from the public commented on the item and Planning Commission recommended approval.

Motion by Lundeen, seconded by Bergley to approve resolution as presented. Motion passed 4-0. Motion carried.

4. **Resolution 2021-186** Approval to List Lot 2, Block 1, Isanti Liquor Store For Sale

   Community Development Director Sheila Sellman shared that the City has subdivided the new liquor store site into 2 lots. The new liquor store is located on Lot 1 and Lot 2 is vacant. The appraisal for Lot 1 came back at $70,000.00 for the vacant lot. Staff is requesting to list it and for direction of what the lot price shall be listed.

   Motion by Lundeen, seconded by Bergley to approve the resolution as presented with listing Lot 1 for $70,000.00. Motion passed 4-0. Motion carried.

5. **Resolution 2021-187** Approving Letter of Credit Adjustments for Legacy Pines 1st, 2nd and 3rd Addition

   Community Development Director Sheila Sellman shared that the developer of Legacy Pines has requested reductions in their Letter of Credit (LOC) on all the additions and phases of Legacy Pines. Based on the remaining work the City Engineer has calculated the required balances for that remaining work. The recommendation is as follows:

Development	Completed Work 10% Held	Non-Accepted Work 20% Held	Remaining Work 125% Held	Total Held
Heritage Estates	$41,500	$0	$0	Need As-built & Lien Waivers 1st $41,500
Legacy Pines - 1st Addition	Warranty Bond	$0	$0	Warranty Bond
- 2nd Addition	$35,064.74	$0	$1,479.55	$36,544.29
- 3rd Add - Phase 1	$39,435.57	$0	$3,437.50	$42,873.07
- 3rd Add - Phase 2 - Utility	$17,714.06	$0	$0	Need As-built 1st $17,714.06
- 3rd Add - Phase 2 - Street	$22,082.36	$0	$4,550.00	$26,632.36
- 3rd Add - Phase 3	$40,839.22	$5,417.75	$58,237.81	$104,494.78

   Motion by Lundeen, seconded by Bergley to approve resolution as presented. Motion passed 4-0. Motion carried.

City Administrator Josi Wood

6. **Resolution 2021-188** Interview Applicant for Vacant Parks, Recreation and Culture Board Seat

   Applicant Tressa Hunting was interviewed by Mayor Johnson for the vacant Parks, Recreation and Culture Board seat. Johnson asked questions specific to Parks, Recreation and Culture.

A motion was made by Lundeen, seconded by Collison to appoint Tressa Hunting to the Parks, Recreation and Culture Board. Motion passed 4-0. Motion carried.

7. **Resolution 2021-189** Approving the Brewer Off-Sale and Tap Room On-Sale Sunday License Application for Thunder Brothers Microbrewery at 801 Hwy 65 NE

   City Administrator Josi Wood shared that Thunder Brothers Brewery has informed the City that they would be moving to a new location at 801 Hwy 65 NE. They have submitted all the required documentation for the change of their location and how it effects their liquor license. They previously received their renewal license on March 2nd of this year. Planning Commission reviewed the applicants' materials on August 17th, 2021 and recommended approval.

   Motion by Collison, seconded by Bergley to approve resolution as presented. Motion passed 4-0. Motion carried.

Parks, Recreation and Events Coordinator Alyssa Olson

8. **Resolution 2021-190** Approving Termination of VFW Park Lease Agreement

   Parks, Recreation and Events Coordinator Alyssa Olson shared that at the May 18th, 2021 Committee of the Whole meeting, Council discussed the City's standing lease agreement with the VFW for maintaining the playground on their property. The Council elected to terminate the lease agreement and offer the park and playground equipment to the VFW as a donation.

   Upon discussion with the VFW, the VFW has opted to decline the donation offer and would like the City to remove the equipment from their property. In early October, Public Works staff will remove all equipment and fencing from the VFW Park. All intact items will be placed in auction for public sale.

   Motion by Lundeen, seconded by Bergley to approve the resolution as presented. Motion passed 4-0. Motion carried.

Finance Director Mike Betker

Finance Director Mike Betker shared that the proposed preliminary property tax levy is $3,281,851.00 and reflects an increase in the preliminary taxable market value for 2022 of 10.83% The City will receive updated property tax values from the County in December. The proposed preliminary property tax rate is 58.48%. A decrease of 3.17% from 2021. The 15-year average tax rate from 2007 through 2021 is 67.08%. Other non-levy General Fund revenue sources have been adjusted to reflect prior year trends, rates per the fee schedule and known agreements as discussed in prior work sessions.

General Fund expenditures have been adjusted based on prior year actual costs, current year expenditures through June, actual maintenance agreements and contracts costs. All wages include a 3% COLA for 2022 and include the necessary step increases, where applicable. Dental Insurance, Worker's Compensation, Property/ Liability/ Volunteer Insurance and Life/ AD&D Insurance have all been adjusted to reflect premiums paid in 2021 and any necessary inflationary factor was applied. Health Insurance is projected to increase 22.5%. Final renewal numbers on Health Insurance are scheduled to be available early October.

2. **Meeting Minutes**
   A. Approval of Minutes from the July 20, 2021 Planning Commission Meeting motion by Lundeen, second by Collison motion passes 7-0.

3. **Public Hearing**

   A. Request by Thunder Brothers Brewery for approval of a Conditional Use Permit under City Ordinance 445, Section 21, Article 2, said request is for a Microbrewery in the General Business District, Highway 65 Overlay located at 801 Highway 65 NE. Saltis explained the Conditional Use Permit request to allow for a Microbrewery in the B-2 General Business zoning district. Thunder Brothers is planning to move all of their brewing operations into a leased-out space in the building located at 801 Highway 65 NE owned by the CBD Joint. The change of use for the building will require the applicants to apply for any building permits related to the new use, subject to review by City Staff. Representatives from Thunder Brothers Brewery were present at the meeting and available for questions. The Planning Commission asked why they are planning to move locations for the brewery. The representatives of Thunder Brothers said that they will move into the new space to gain more square footage and provide visibility from Highway 65. There was no one else from the public present at the public hearing to speak on the topic. Motion for approval of the Microbrewery with conditions by Lundeen, second by Gordon, motion passed 7-0.

   B. Request by BA Development, LLC for approval of Site Plans under City Ordinance 445 Section 18, said request is for a Dental Clinic and Commercial Tenant building located at 401 Cherrywood St NE. Saltis presented the Site Plans for a proposed dental clinic and commercial tenant building located on a vacant parcel at 401

Cherrywood St NE. The plans included a drive thru lane for the commercial tenant side of the building in which the applicants would have to apply for a Conditional Use Permit in the General Business District. Conditions for approval listed in the Staff Report included identifying on the site plans where there will be lighting, the configuration of the outdoor patio area, a new trash enclosure location, a widened drive aisle on the west of the building, and City Engineer's comments. A representative from Isanti Dental was present for the meeting and available for questioning. The Planning Commission asked if the conditions for approval were reasonable and could be met. The representative said that she is able to meet all of the conditions for approval. There was no one else from the public present at the public hearing to speak on this item. Motion to approve the site plans with conditions listed in the staff report and City Engineer's Memo dated 7-29-2021 by Lundeen, 2nd by Collison, motion passes 7-0.

C. Request by City of Isanti for Preliminary and Final Plat under City Ordinance 536, to create two lots located at 10 6th Ave SE. Sellman presented the proposed subdivision of the liquor store site into two parcels. The current site is five acres in size and is looking to be split with Lot 1 consisting of 3.96 acres and Lot 2 consisting of .67 acres. Lot 1 is the liquor store site; Lot 2 would be a buildable lot for a future business which may need a shared parking agreement with the liquor store. The planning commission asked the potential size of a building on lot 2 in which Jason Cook responded by saying that there would be room for a building roughly 1,500 to 2,000 square feet, depending on what is configured around the ponding. There was no one from the public present at the public hearing to speak on this item. Motion to approve the Preliminary and Final Plat to create two lots by Collision, 2nd by Collins, motion passes 7-0.

5. **Other Business:** None
6. **Discussion Items:** None
7. **Adjournment:** Motion by Bergley, 2nd by Collison to adjourn, motion passed 7-0 meeting adjourned at 8:45 p.m.

Respectfully submitted by Ryan Saltis, Community Development Specialist
